ARTICLE 13

TECHNICAL CHANGES

FOR SCHOOL DISTRICT PROPERTY TAXES

Section 1. Minnesota Statutes 1988, section 124.2131, subdivision 1, is amended to read:

Subdivision 1. [ADJUSTED GROSS TAX CAPACITY.] (a) [COMPUTATION.] The department of revenue shall annually conduct an assessment/sales ratio study of the taxable property in each school district in accordance with the procedures ~~referenced~~ in paragraphs (b) and (c). Based upon the results of this assessment/sales ratio study, the department of revenue shall determine an aggregate equalized gross tax capacity *and an aggregate equalized net tax capacity* for the various ~~strata~~ *classes* of taxable property in each school district, which tax capacity shall be designated as the adjusted gross tax capacity *and the adjusted net tax capacity, respectively*. The department of revenue ~~shall take such steps as are necessary in the performance of that duty and~~ may incur ~~such~~ *the* expense ~~as is~~ necessary

~~therefor~~ *to make the determinations*. The commissioner of revenue ~~is authorized to~~ *may* reimburse any county or governmental official for requested services performed in ascertaining ~~such~~ *the* adjusted gross tax capacity *and the adjusted net tax capacity*. On or before March 15 annually, the department of revenue shall file with the chair of the tax committee of the house of representatives and the chair of the committee on taxes and tax laws of the senate a report of adjusted gross tax capacities *and adjusted net tax capacities*. On or before June 15~~,~~ annually, the department of revenue shall file its final report on the *adjusted* gross tax capacities *and adjusted net tax capacities* established by the previous year's assessment with the commissioner of education and each county auditor for those school districts for which the auditor has the responsibility for determination of ~~mill~~ *tax capacity* rates. A copy of the ~~adjusted gross tax capacity~~ *report* so filed shall be ~~forthwith~~ mailed to the clerk of each district involved and to the county assessor or supervisor of assessments of the county or counties in which each district is located.

(b) [METHODOLOGY.] In making its annual assessment/sales ratio studies, the department of revenue shall use a methodology consistent with the most recent Standard on Assessment Ratio Studies published by the assessment standards committee of the International Association of Assessing Officers. The commissioner of revenue shall supplement this general methodology with specific procedures necessary for ~~proper~~ execution of the study in accordance with other Minnesota laws impacting the assessment/sales ratio study. The commissioner shall document these specific procedures in writing and shall publish the procedures in the State Register, but these procedures will not be considered "rules" pursuant to the Minnesota administrative procedure act. ~~By January 15, 1985, the commissioner shall report to the chairs of the house tax committee and the senate committee on taxes and tax laws the results of a study which the commissioner shall prepare comparing the 1983 sales ratio study based upon the original 1983 assessment/sales ratio study methodology with the new methodology as provided in clause (b). The 1984 adjusted assessed values which are certified to the commissioner of education shall be computed using the 1983 assessment/sales ratio study methodology unless the 1985 legislature directs otherwise.~~

(c) [AGRICULTURAL LANDS.] For purposes of determining the adjusted gross tax capacity *and adjusted net tax capacity* of agricultural lands for the calculation of ~~1987~~ adjusted gross tax capacities and ~~thereafter~~ *adjusted net tax capacities*, the market value of agricultural lands shall be the price for which the property would sell in an arms length transaction.

Sec. 2. Minnesota Statutes 1988, section 124.38, subdivision 7, is amended to read:

Subd. 7. [MAXIMUM EFFORT DEBT SERVICE LEVY.] "Maximum effort debt service levy" means the lesser of:

(1) A levy in whichever of the following amounts is applicable:

(a) In any school district granted a debt service loan after July 31, 1981 or granted a capital loan which is approved after July 31, 1981, a levy in a total dollar amount computed as ~~16 mills~~ *a gross tax capacity rate of 13.08 percent* on the adjusted gross tax capacity *for taxes payable in 1990 or a net tax capacity rate of 16.27 percent on the adjusted net tax capacity for taxes payable in 1991 and thereafter*;

(b) In any school district granted a debt service loan before August 1, 1981 or granted a capital loan which was approved before August 1, 1981, a levy in a total dollar amount computed as ~~15 mills~~ *a gross tax capacity rate of 12.26 percent* on the adjusted gross tax capacity *for taxes payable in 1990 or a net tax capacity rate of 15.26 percent on the net tax capacity for taxes payable in 1991 and thereafter*, until and unless the district receives an additional loan; or

(2) A levy in whichever of the following amounts is applicable:

(a) In any school district which received a debt service or capital loan from the state before January 1, 1965, a levy in a total dollar amount computed as 4.10 mills on the market value in each year, unless the district applies or has applied for an additional loan subsequent to January 1, 1965, or issues or has issued bonds on the public market, other than bonds refunding state loans, subsequent to January 1, 1967;

(b) In any school district granted a debt service or capital loan between January 1, 1965, and July 1, 1969, a levy in a total dollar amount computed as 5-1/2 mills on the market value in each year, until and unless the district receives an additional loan;

(c) In any school district granted a debt service or capital loan between July 1, 1969 and July 1, 1975, a levy in a total dollar amount computed as 6.3 mills on market value in each year until and unless the district has received an additional loan;

(d) In any school district for which a capital loan was approved prior to August 1, 1981, a levy in a total dollar amount equal to the sum of the amount of the required debt service levy and an amount which when levied annually will in the opinion of the commissioner be sufficient to retire the remaining interest and principal on any outstanding loans from the state within 30 years of the original date when the capital loan was granted; provided, that the school board in any district affected by the provisions of clause (2)(d) may elect instead to determine the amount of its levy according to the provisions of clause (1); provided further that if a district's capital loan is not paid within 30 years because it elects to determine the amount of its levy according to the provisions of clause (2)(d), the liability of the district for the amount of the difference between the amount it levied under clause (2)(d) and the amount it would have levied under clause (1), and for interest on the amount of that difference, shall not be satisfied and discharged pursuant to section 124.43, subdivision 4.

Sec. 3. Minnesota Statutes 1988, section 124.43, subdivision 1, is amended to read:

Subdivision 1. [REVIEW BY COMMISSIONER.] (a) The commissioner may, after review and a favorable recommendation by the state board of education, recommend to the legislature capital loans to school districts. Proceeds of the loans shall be used only for sites for school buildings and for acquiring, bettering, furnishing, or equipping school buildings under contracts to be entered into within 12 months from and after the date on which each loan is granted.

(b) Any school board that intends to submit an application for a capital loan shall submit a proposal to the commissioner for review and comment pursuant to section 121.15 by September 1 of any year, and the commissioner shall prepare a review and comment on the proposed facility, regardless of the amount of the capital expenditure required to construct the

facility. The state board shall not make a favorable recommendation on an application for a capital loan for any facility unless:

(1) the facility receives a positive review and comment pursuant to section 121.15; and

(2) the state board determines that

(A) the facilities are needed to replace facilities dangerous to the health and safety of pupils, or to provide for pupils for whom no adequate facilities exist;

(B) the facilities could not be made available through dissolution and attachment of the district to another district or through pairing, interdistrict cooperation, or consolidation with another district, or through the purchase or lease of facilities from existing institutions within the area. The preference of the school district regarding reorganization shall not be a criterion used by the state board in determining whether the facilities could be made available through reorganization;

(C) the facilities are comparable in size and quality to facilities recently constructed in other districts of similar enrollment; and

(D) the district's need for the facilities is comparable to needs that comparable districts are meeting through local bond issues.

The state board may recommend that the loan be approved in a reduced amount in order to meet the foregoing criteria. If the state board recommends that a loan not be approved, the commissioner shall not recommend approval of the loan. If the state board recommends that the loan be approved in a reduced amount, the commissioner shall not recommend approval of a loan larger than that recommended by the state board.

(c) As part of reviewing an application for a capital loan, the commissioner of education shall prepare estimated yearly repayments by the school district and the estimated amount of principal and interest that may be forgiven after the term of the loan. These estimates shall assume no growth in gross tax capacity over the term of the loan, shall assume a levy equal to ~~16 mills~~ *a gross tax capacity rate of 13.08 percent* times the adjusted gross tax capacity *for taxes payable in 1990 or a net tax capacity rate of 16.27 percent for taxes payable in 1991 and thereafter*, and shall be prepared using a methodology approved by the commissioner of finance. The commissioner of education shall use a discount factor provided by the commissioner of finance in determining the present value of the estimated amount of interest and principal which may be forgiven after the term of the loan.

(d) No loan shall be recommended for approval for any district exceeding an amount computed as follows:

(1) The amount requested by the district under subdivision 2;

(2) Plus the aggregate principal amount of general obligation bonds of the district outstanding on June 30 of the year following the year the application was received, not exceeding the limitation on net debt of the district in section 475.53, subdivision 4, or ~~24 percent of the adjusted gross tax capacity,~~ *the following amount:*

*(i) for the period October 1, 1988, to September 30, 1989, 197 percent of its adjusted gross tax capacity,*

*(ii) for any 12-month period beginning October 1 of any year after 1988, 245 percent of its adjusted net tax capacity as most recently determined,* whichever is less;

(3) Less the maximum net debt permissible for the district on December 1 of the year the application is received, under the limitation in section 475.53, subdivision 4, or ~~24 percent of the most recent adjusted gross tax capacity available at the time of application.~~ *the following amount:*

*(i) for the period October 1, 1988, to September 30, 1989, 197 percent of its adjusted gross tax capacity,*

*(ii) for any 12-month period beginning October 1 of any year after 1988, 245 percent of its adjusted net tax capacity as most recently determined,* whichever is less; and

(4) Less any amount by which the amount voted exceeds the total cost of the facilities for which the loan is granted, as estimated in accordance with subdivision 4, provided that the loan may be approved in an amount computed as provided in clauses (1) to (3), subject to subsequent reduction in accordance with this clause.

Sec. 4. Minnesota Statutes 1988, section 124.82, subdivision 3, is amended to read:

Subd. 3. [FACILITIES DOWN PAYMENT LEVY REFERENDUM.] A district may levy the tax capacity rate approved by a majority of the electors voting on the question to provide funds for a down payment for an approved project. The election must take place no more than five years before the estimated date of commencement of the project. The referendum must be held on a date set by the school board. A referendum for a project not receiving a positive review and comment by the commissioner under section 121.15 must be approved by at least 60 percent of the voters at the election. The referendum may be called by the school board and may be held:

(1) separately, before an election for the issuance of obligations for the project under chapter 475; or

(2) in conjunction with an election for the issuance of obligations for the project under chapter 475; or

(3) notwithstanding section 475.59, as a conjunctive question authorizing both the down payment levy and the issuance of obligations for the project under chapter 475. Any obligations authorized for a project may be issued within five years of the date of the election.

The ballot must provide a general description of the proposed project, state the estimated total cost of the project, state whether the project has received a positive or negative review and comment from the commissioner of education, state the maximum amount of the down payment levy ~~in mills~~ *as a percentage of net tax capacity*, state the amount that will be raised by that tax capacity rate in the first year it is to be levied, and state the maximum number of years that the levy authorization will apply.

The ballot must contain a textual portion with the information required in this section and a question stating substantially the following:

"Shall the down payment levy proposed by the board of . . . . . School District No. . . . . be approved?"

If approved, the amount provided by the approved tax capacity rate applied

to ~~each year's gross~~ *the net* tax capacity *for the year preceding the year the levy is certified* may be certified for the number of years approved.

In the event a conjunctive question proposes to authorize both the down payment levy and the issuance of obligations for the project, appropriate language authorizing the issuance of obligations must also be included in the question.

The district must notify the commissioner of education of the results of the referendum.

Sec. 5. Minnesota Statutes 1988, section 134.33, subdivision 1, is amended to read:

Subdivision 1. An establishment grant as described in section 134.32, subdivision 2, shall be made to any regional public library system for the first two state fiscal years after a board of county commissioners has contracted to join that system and has agreed that the county will provide the levels of support for public library service specified in this section. In ~~the first year of participation~~ *1990*, the county shall provide an amount of support equivalent to ~~.3 mill times~~ *0.25 percent of* the adjusted gross tax capacity of the taxable property of the county as determined by the commissioner of revenue for the second year preceding that calendar year or two-thirds of the per capita amount established under the provisions of section 134.34, subdivision 1, whichever amount is less. In ~~the second year of participation~~ *1991* and in each year thereafter, the county shall provide an amount of support equivalent to ~~.4 mill times~~ *0.41 percent of* the adjusted ~~gross~~ *net* tax capacity of the taxable property of the county as determined by the commissioner of revenue for the second year preceding that calendar year or the per capita amount established under the provisions of section 134.34, subdivision 1, whichever is less. The minimum level of support shall be certified annually to the county by the department of education. In no event shall the department of education require any county to provide a higher level of support than the level of support specified in this section in order for a system to qualify for an establishment grant. This section shall not be construed to prohibit any county from providing a higher level of support for public libraries than the level of support specified in this section.

Sec. 6. Minnesota Statutes 1988, section 134.34, subdivision 1, is amended to read:

Subdivision 1. [LOCAL SUPPORT LEVELS.] A regional library basic system support grant shall be made to any regional public library system where there are at least three participating counties and where each participating city and county, except in the first year of participation as provided in section 134.33, is providing for public library service support the lesser of (a) an amount equivalent to ~~.4 mill times~~ *0.33 percent of* the adjusted gross tax capacity of the taxable property of that city or county, as determined by the commissioner of revenue for the second year preceding that calendar year *in 1990 and an amount equivalent to .41 percent of the net tax capacity of the taxable property of that city or county, as determined by the commissioner of revenue for the second year preceding that calendar year in 1991 and later years* or (b) a per capita amount calculated under the provisions of this subdivision. The per capita amount is established for calendar year ~~1980~~ *1990* as ~~$3~~ *$3.62*. In succeeding calendar years, the per capita amount shall be increased by a percentage equal to one-half of the percentage by which the total state adjusted ~~gross~~ *net* tax capacity of property as determined by the commissioner of revenue for the second year preceding that calendar year

increases over that total adjusted ~~gross~~ *net* tax capacity for the third year preceding that calendar year. The minimum level of support shall be certified annually to the participating cities and counties by the department of education. A city which is a part of a regional public library system shall not be required to provide this level of support if the property of that city is already taxable by the county for the support of that regional public library system. In no event shall the department of education require any city or county to provide a higher level of support than the level of support specified in this section in order for a system to qualify for a regional library basic system support grant. This section shall not be construed to prohibit a city or county from providing a higher level of support for public libraries than the level of support specified in this section.

Sec. 7. Minnesota Statutes 1988, section 273.1102, subdivision 3, is amended to read:

Subd. 3. [1988 ADJUSTMENT.] ~~For~~ School ~~districts~~ *district* levy limitations or authorities expressed in terms of mills and adjusted assessed value~~, their levy limitations~~ *in any special law that is not codified in Minnesota Statutes* shall be converted by the department of education to ~~"~~equalized *gross* tax capacity rates~~."~~ *for taxes payable in 1989 and 1990 and equalized net tax capacity rates for taxes payable in 1991 and thereafter.* For purposes of this calculation, the 1987 adjusted assessed values of the district shall be converted to "adjusted gross tax capacities" by multiplying the equalized market values by class of property by the gross tax capacity rates provided in section 273.13. Each county assessor and the city assessors of Minneapolis, Duluth, and St. Cloud shall furnish the commissioner of revenue the 1987 market value for taxes payable in 1988 for any new classes of property established in this article. The commissioner shall use those values, and estimate values where needed, in developing the 1987 tax capacity for each school district under this section. The requirements of section 124.2131, subdivisions 1, paragraph (c), and 2 and 3, shall remain in effect.

Sec. 8. Minnesota Statutes 1988, section 275.011, subdivision 1, is amended to read:

Subdivision 1. The property tax levied for any purpose *under a special law that is not codified in Minnesota Statutes or a city charter provision and that is* subject to a mill rate limitation imposed by ~~statute or~~ *the* special law, excluding levies subject to mill rate limitations that use adjusted assessed values determined by the commissioner of revenue under section 124.2131, must not exceed the following amount for the years specified:

(a) for taxes payable in 1988, the product of the applicable mill rate limitation imposed by statute or special law multiplied by the total assessed valuation of all taxable property subject to the tax as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

(b) for taxes payable in 1989, the product of (1) the property tax levy limitation for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property subject to the tax divided by the assessment year 1987 total market valuation of all taxable property subject to the tax; and

(c) for taxes payable in 1990 and subsequent years, the product of (1) the property tax levy limitation for the previous year determined pursuant to this

subdivision multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property subject to the tax for the current assessment year divided by the total market valuation of all taxable property subject to the tax for the previous assessment year.

For the purpose of determining the property tax levy limitation for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property subject to the tax without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

Sec. 9. Minnesota Statutes 1988, section 275.125, subdivision 6e, is amended to read:

Subd. 6e. [DESEGREGATION LEVY.] Each year, *independent* school district No. 625, St. Paul, may levy an amount not to exceed ~~one mill~~ *a gross tax capacity rate of .80 percent* times the adjusted gross tax capacity *of the district for taxes payable in 1990 or a net tax capacity rate of 1.0 percent times the adjusted net tax capacity* of the district *for taxes payable in 1991 and thereafter*. Notwithstanding section 121.904, the entire amount of this levy shall be recognized as revenue for the fiscal year in which the levy is certified. This levy shall not be considered in computing the aid reduction under section 124.155.

Sec. 10. Minnesota Statutes 1988, section 275.125, subdivision 6h, is amended to read:

Subd. 6h. [MINNEAPOLIS HEALTH INSURANCE SUBSIDY LEVY.] Each year special school district No. 1, Minneapolis, may make an additional levy not to exceed the amount raised by ~~.1 mill~~ *a gross tax capacity rate of .08 percent* times the adjusted gross tax capacity *for taxes payable in 1990 or a net tax capacity rate of .11 percent times the adjusted net tax capacity for taxes payable in 1991 and thereafter* of the property in the district for the preceding year. ~~In addition, in 1987 the district may levy an amount not to exceed the amount raised by .1 mill times the adjusted gross tax capacity of the property in the district for the preceding year for health insurance subsidies for fiscal year 1988.~~ The proceeds may be used only to subsidize health insurance costs for eligible teachers as provided in this section.

"Eligible teacher" means a retired teacher who was a basic member of the Minneapolis teachers retirement fund association, who retired before May 1, 1974, and who is not eligible to receive the hospital insurance benefits of the federal Medicare program of the Social Security Act without payment of a monthly premium. The district shall notify eligible teachers that a subsidy is available. An eligible teacher may submit to the school district a copy of receipts for health insurance premiums paid during the previous 12-month period. The school district shall disburse the health insurance premium subsidy to each eligible teacher in a timely and efficient manner. An eligible teacher may receive a subsidy up to an amount equal to the lesser of 90 percent of the cost of the eligible teacher's health insurance or up to 90 percent of the cost of the number two qualified plan of health coverage for individual policies made available by the Minnesota comprehensive health association under chapter 62E.

If funds remaining from the previous year's health insurance subsidy levy, minus the previous year's required subsidy amount, are sufficient to pay the estimated current year subsidy, the levy must be discontinued until the

remaining funds are estimated by the school board to be insufficient to pay the subsidy.

Sec. 11. Minnesota Statutes 1988, section 275.125, subdivision 6i, is amended to read:

Subd. 6i. [RULE COMPLIANCE LEVY.] Each year a district that is required to implement a plan according to the requirements of Minnesota Rules, parts 3535.0200 to 3535.2200, may levy an amount not to exceed ~~one mill~~ *a gross tax capacity rate of .80 percent* times the adjusted gross tax capacity *of the district for taxes payable in 1990 or a net tax capacity rate of 1.0 percent times the adjusted net tax capacity* of the district *for taxes payable in 1991 and thereafter*. Independent school district No. 625, St. Paul, may levy according to this subdivision and subdivision 6e. Notwithstanding section 121.904, the entire amount of this levy shall be recognized as revenue for the fiscal year in which the levy is certified. This levy shall not be considered in computing the aid reduction under section 124.155.

Sec. 12. Minnesota Statutes 1988, section 275.125, subdivision 8b, is amended to read:

Subd. 8b. [EARLY CHILDHOOD FAMILY EDUCATION LEVY.] A district may levy for its early childhood family education program. The amount levied shall not exceed the lesser of:

(a) ~~.5 mill~~ *a gross tax capacity rate of .4 percent* times the adjusted gross tax capacity *for taxes payable in 1990 or a net tax capacity rate of .49 percent times the adjusted net tax capacity for taxes payable in 1991 and thereafter* of the district for the year preceding the year the levy is certified, or

(b) the maximum revenue as defined in section 124.2711, subdivision 1, for the school year for which the levy is attributable.

Sec. 13. Minnesota Statutes 1988, section 275.125, subdivision 9, is amended to read:

Subd. 9. [LEVY REDUCTIONS; TACONITE.] (1) Reductions in levies pursuant to subdivision 10, and section 273.138, shall be made prior to the reductions in clause (2).

(2) Notwithstanding any other law to the contrary, districts which received payments pursuant to sections 298.018; 298.23 to 298.28, except an amount distributed under section 298.28, subdivision 4, paragraph (c), clause (ii); 298.34 to 298.39; 298.391 to 298.396; 298.405; and any law imposing a tax upon severed mineral values, or recognized revenue pursuant to section 477A.15; shall not include a portion of these aids in their permissible levies pursuant to those sections, but instead shall reduce the permissible levies authorized by this section and chapters 124 and 124A by the greater of the following:

(a) an amount equal to 50 percent of the total dollar amount of the payments received pursuant to those sections or revenue recognized pursuant to section 477A.15 in the previous fiscal year; or

(b) an amount equal to the total dollar amount of the payments received pursuant to those sections or revenue recognized pursuant to section 477A.15 in the previous fiscal year less the product of the same dollar amount of payments or revenue times the ratio of the maximum levy allowed the district under Minnesota Statutes 1986, sections 124A.03, subdivision 2, 124A.06, subdivision 3a, 124A.08, subdivision 3a, 124A.10, subdivision 3a, 124A.12,

subdivision 3a, and 124A.14, subdivision 5a, to the total levy allowed the district under this section and Minnesota Statutes 1986, sections 124A.03, 124A.06, subdivision 3a, 124A.08, subdivision 3a, 124A.10, subdivision 3a, 124A.12, subdivision 3a, 124A.14, subdivision 5a, and 124A.20, subdivision 2, for levies certified in 1986.

(3) No reduction pursuant to this subdivision shall reduce the levy made by the district pursuant to section 124A.23, to an amount less than the amount raised by a levy of ~~12.5 mills~~ *a gross tax capacity rate of 10.22 percent* times the adjusted gross tax capacity *for taxes payable in 1990 or a net tax capacity rate of 12.71 percent times the adjusted net tax capacity for taxes payable in 1991 and thereafter* of that district for the preceding year as determined by the commissioner. The amount of any increased levy authorized by referendum pursuant to section 124A.03, subdivision 2, shall not be reduced pursuant to this subdivision. The amount of any levy authorized by subdivision 4, to make payments for bonds issued and for interest thereon, shall not be reduced pursuant to this subdivision.

(4) Before computing the reduction pursuant to this subdivision of the capital expenditure levy authorized by section 124.244, subdivision 2, and subdivisions 11c, 12, and 12a, and the community education levy authorized by subdivisions 8 and 8b, the commissioner shall ascertain from each affected school district the amount it proposes to levy for capital expenditures pursuant to section 124.244, subdivision 2, and subdivisions 11c, 12, and 12a, and for community education pursuant to subdivisions 8 and 8b. The reduction of the capital expenditure levy and the community education levy shall be computed on the basis of the amount so ascertained.

(5) Notwithstanding any law to the contrary, any amounts received by districts in any fiscal year pursuant to sections 298.018; 298.23 to 298.28; 298.34 to 298.39; 298.391 to 298.396; 298.405; or any law imposing a tax on severed mineral values; and not deducted from general education aid pursuant to section 124A.035, subdivision 5, clause (2), and not applied to reduce levies pursuant to this subdivision shall be paid by the district to the St. Louis county auditor in the following amount by March 15 of each year, the amount required to be subtracted from the previous fiscal year's general education aid pursuant to section 124A.035, subdivision 5, which is in excess of the general education aid earned for that fiscal year. The county auditor shall deposit any amounts received pursuant to this clause in the St. Louis county treasury for purposes of paying the taconite homestead credit as provided in section 273.135.

Sec. 14. Minnesota Statutes 1988, section 275.125, subdivision 9a, is amended to read:

Subd. 9a. [STATUTORY OPERATING DEBT LEVY.] (1) In ~~1978 and~~ each year ~~thereafter~~ in which so required by this subdivision, a district shall make an additional levy to eliminate its statutory operating debt, determined as of June 30, 1977 and certified and adjusted by the commissioner. This levy shall not be made in more than 20 successive years and each year before it is made, it must be approved by the commissioner and the approval shall specify its amount. This levy shall ~~in each year~~ be an amount which is equal to the amount raised by a levy of ~~1.5 mills~~ *a gross tax capacity rate of 1.20 percent* times the adjusted gross tax capacity *of the district for the preceding year for taxes payable in 1990 or a net tax capacity rate of 1.50 percent times the adjusted net tax capacity* of the district for the preceding year *for taxes payable in 1991 and thereafter*; provided that in the last year in which

the district is required to make this levy, it shall levy an amount not to exceed the amount raised by a levy of ~~1.5 mills~~ *a gross tax capacity rate of 1.20 percent* times the adjusted gross tax capacity of the district *for the preceding year for taxes payable in 1990 or a net tax capacity rate of 1.50 percent times the adjusted net tax capacity of the district* for the preceding year *for taxes payable in 1991 and thereafter*. When the sum of the cumulative levies made pursuant to this subdivision and transfers made according to section 121.912, subdivision 4 equals an amount equal to the statutory operating debt of the district, the levy shall be discontinued.

(2) The district shall establish a special account in the general fund which shall be designated "appropriated fund balance reserve account for purposes of reducing statutory operating debt" on its books and records. This account shall reflect the levy authorized pursuant to this subdivision. We, the undersigned conferees for H.F. No. 1155, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H.F. No. 1155 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 45.025, subdivision 8, is amended to read:

Subd. 8. [CIVIL REMEDY.] A person violating this section is liable to

a purchaser of the investment product. The purchaser may sue either in equity for rescission upon tender of the investment product or at law for damages if the purchaser no longer owns the investment product. In an action for rescission, the purchaser is entitled to recover the consideration paid for the investment product, together with interest at the legal rate, costs, and reasonable attorney fees, less the amount of any income received on the investment product. In an action at law, damages are the consideration paid for the investment product together with interest at the legal rate to the date of disposition, costs, and reasonable attorney fees, less the value of the investment product at the date of disposition. *Subject to the exceptions in subdivision 3,* if the advertisement advertises an investment product whose interest rate varies according to the earnings or income of the issuer and if the advertisement projects the accumulated earnings for a period longer than one year, the issuer and agent are jointly and severally liable to the purchaser for the difference in the principal and interest received by the purchaser and the principal and interest as projected in the advertisement.

Sec. 2. Minnesota Statutes 1988, section 45.027, subdivision 7, is amended to read:

Subd. 7. [ACTIONS AGAINST LICENSEES.] In addition to any other actions authorized by this section, the commissioner may, by order, deny, suspend, or revoke the authority or license of a person subject to chapters 45 to 83, *155A,* 309, or 332, or censure that person if the commissioner finds that:

(1) the order is in the public interest; ~~or~~ *and*

(2) the person has violated chapters 45 to 83, *155A,* 309, or 332.

Sec. 3. Minnesota Statutes 1988, section 45.028, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT.] *(a)* When a person, including any nonresident of this state, engages in conduct prohibited or made actionable by chapters 45 to 83, *155A,* 309, and 332, or any rule or order under those chapters, and the person has not filed a consent to service of process under chapters 45 to 83, *155A,* 309, and 332, that conduct is equivalent to an appointment of the commissioner as the person's attorney to receive service of process in any noncriminal suit, action, or proceeding against the person which is based on that conduct and is brought under chapters 45 to 83, *155A,* 309, and 332, or any rule or order under those chapters.

*(b) Subdivision 2 also applies in all other cases under chapters 45 to 83, 155A, 309, and 332, or any rule or order under those chapters, in which a person, including a nonresident of this state, has filed a consent to service of process. This paragraph supersedes any inconsistent provision of law.*

Sec. 4. Minnesota Statutes 1988, section 61A.011, subdivision 1, is amended to read:

Subdivision 1. Notwithstanding any other provision of law when any insurer, *including a fraternal benefit society,* admitted to transact life insurance in this state pays the proceeds of or payments under any policy of life insurance, individual or group, such insurer shall pay interest at a rate not less than the then current rate of interest on death proceeds left on deposit with the insurer, computed from the insured's death until the date of payment, on any such proceeds or payments payable to a beneficiary

residing in this state, or to a beneficiary under a policy issued in this state or to a beneficiary under a policy insuring a person resident in this state at the time of death. If the insurer has no established current rate of interest for death proceeds left on deposit with the insurer, then the rate of interest to be paid under this subdivision shall be the rate of interest charged by the insurer to policy holders for loans under the insurer's policies.

Sec. 5. Minnesota Statutes 1988, section 61A.09, is amended by adding a subdivision to read:

*Subd. 3. Group life insurance policies may be issued to cover groups of not less than ten debtors of a creditor written under a master policy issued to a creditor to insure its debtors in connection with real estate mortgage loans, in an amount not to exceed the actual or scheduled amount of their indebtedness. Each application for group mortgage insurance offered prior to or at the time of loan closing shall contain a clear and conspicuous notice that the insurance is optional and is not a condition for obtaining the loan. Each person insured under a group insurance policy issued under this subdivision shall be furnished a certificate of insurance which conforms to the requirements of section 62B.06, subdivision 2, and which includes a conversion privilege permitting an insured debtor to convert, without evidence of insurability, to an individual policy of decreasing term insurance within 30 days of the date the insured debtor's group coverage is terminated for any reason other than the nonpayment of premiums. The initial amount of coverage under the individual policy shall be an amount equal to the amount of coverage terminated under the group policy and shall decrease over a term that corresponds with the scheduled term of the insured debtor's mortgage loan. The premium for the individual policy shall be the same premium the insured debtor was paying under the group policy.*

Sec. 6. Minnesota Statutes 1988, section 61A.092, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF OPTIONS.] Upon termination of or layoff from employment of a covered employee, the employer shall inform the employee of:

(3) the manner in which and the office of the employer to which the payment to the employer must be made; and

(4) the time by which the payments to the employer must be made to retain coverage.

The employee has 60 days within which to elect coverage. The 60-day period shall begin to run on the date coverage would otherwise terminate or on the date upon which notice of the right to coverage is received, whichever is later.

Notice must be in writing and sent by first class ~~certified~~ mail to the employee's last known address which the employee has provided to the employer.

A notice in substantially the following form is sufficient: "As a terminated

or laid off employee, the law authorizes you to maintain your group insurance benefits for a period of up to 18 months. To do so, you must notify your former employer within 60 days of your receipt of this notice that you intend to retain this coverage and must make a monthly payment of $ . . . . . at . . . . . by the . . . . . of each month."

Sec. 7. Minnesota Statutes 1988, section 61B.03, subdivision 6, is amended to read:

Sec. 8. Minnesota Statutes 1988, section 62A.01, is amended to read:

62A.01 [POLICY OF ACCIDENT AND SICKNESS INSURANCE ~~DEFINED~~.]

*Subdivision 1.* [DEFINITION.] The term "policy of accident and sickness insurance" as used herein includes any policy covering the kind of insurance described in section 60A.06, subdivision 1, clause (5)(a).

*Subd. 2.* [EQUAL PROTECTION.] *A certificate of insurance or similar evidence of coverage issued to a Minnesota resident shall provide coverage for all benefits required to be covered in group policies in Minnesota by chapters 62A and 62E.*

*This subdivision supersedes any inconsistent provision of chapters 62A and 62E.*

*A policy of accident and sickness insurance that is issued or delivered in this state and that covers a person residing in another state may provide coverage or contain provisions that are less favorable to that person than required by chapters 62A and 62E. Less favorable coverages or provisions must meet the requirements that the state in which the person resides would have required had the policy been issued or delivered in that state.*

*Subd. 3.* [EXCLUSIONS.] *Subdivision 2 does not apply to certificates issued in regard to a master policy issued outside the state of Minnesota if all of the following are true:*

*(1) the policyholder or certificate holder exists primarily for purposes other than to obtain insurance;*

*(2) the policyholder or certificate holder is not a Minnesota corporation and does not have its principal office in Minnesota;*

*(3) the policy or certificate covers fewer than 25 employees who are residents of Minnesota and the Minnesota employees represent less than 25 percent of all covered employees; and*

*(4) on request of the commissioner, the issuer files with the commissioner a copy of the policy and a copy of each form of certificate.*

*This subdivision applies to employers who are not corporations if they are policyholders or certificate holders providing coverage to employees through the certificate or policy.*

*Subd. 4.* [APPLICATION OF OTHER LAWS.] *Section 60A.08, subdivision 4, shall not be construed as requiring a certificate of insurance or similar evidence of insurance that meets the conditions of subdivision 3 to comply with chapter 62A or 62E.*

Sec. 9. Minnesota Statutes 1988, section 62A.041, is amended to read:

62A.041 [MATERNITY BENEFITS.]

*Subdivision 1.* [DISCRIMINATION PROHIBITED AGAINST UNMARRIED WOMEN.] Each group policy of accident and health insurance and each group health maintenance contract shall provide the same coverage for maternity benefits to unmarried women and minor female dependents that it provides to married women including the wives of employees choosing dependent family coverage. If an unmarried insured or an unmarried enrollee is a parent of a dependent child, each group policy and each group contract shall provide the same coverage for that child as that provided for the child of a married employee choosing dependent family coverage if the insured or the enrollee elects dependent family coverage.

Each individual policy of accident and health insurance and each individual health maintenance contract shall provide the same coverage for maternity benefits to unmarried women and minor female dependents as that provided for married women. If an unmarried insured or an unmarried enrollee is a parent of a dependent child, each individual policy and each individual contract shall also provide the same coverage for that child as that provided for the child of a married insured or a married enrollee choosing dependent family coverage if the insured or the enrollee elects dependent family coverage.

*Subd. 2.* [LIMITATION ON COVERAGE PROHIBITED.] *Each group policy of accident and health insurance,* except for policies which only provide coverage for specified diseases, *or* each group subscriber contract of accident and health insurance or health maintenance contract, issued or renewed after August 1, 1987, shall include maternity benefits in the same manner as any other illness covered under the policy or contract.

*Subd. 3.* [ABORTION.] For the purposes of this section, the term "maternity benefits" shall not include elective, induced abortion whether performed in a hospital, other abortion facility, or the office of a physician.

This section applies to policies and contracts issued, delivered, or renewed after August 1, 1985, that cover Minnesota residents.

Sec. 10. [62A.049] [LIMITATION ON PREAUTHORIZATIONS.]

*No policy of accident and sickness insurance or group subscriber contract regulated under chapter 62C issued or renewed in this state may contain a provision that makes an insured person ineligible to receive full benefits because of the insured's failure to obtain preauthorization, if that failure occurs because of the need for emergency confinement or emergency treatment. The insured or an authorized representative of the insured shall notify the insurer as soon after the beginning of emergency confinement or emergency treatment as reasonably possible. However, to the extent that the insurer suffers actual prejudice caused by the failure to obtain preauthorization, the insured may be denied all or part of the insured's benefits. This provision does not apply to admissions for treatment of chemical dependency and nervous and mental disorders.*

Sec. 11. Minnesota Statutes 1988, section 62A.08, is amended to read:

62A.08 [COVERAGE OF POLICY, CONTINUANCE IN FORCE.]

If any such policy contains a provision establishing, as an age limit or otherwise, a date after which the coverage provided by the policy will not be effective, and if such date falls within a period for which premium is accepted

by the insurer or if the insurer accepts a premium after such date, the coverage provided by the policy will continue in force subject to any right of cancellation until the end of the period for which premium has been accepted. In the event the age of the insured has been misstated and if, according to the correct age of the insured, ~~the coverage provided by the policy would not have become effective, or would have ceased prior to the acceptance of such premium or premiums, then the liability of the insurer shall be limited to the refund, upon request, of all premiums paid for the period not covered by the policy.~~ *the policy would not have been issued, the insurer may, within 90 days of discovering the misstatement, limit its liability to a refund of all premiums paid. In all other instances the insurer may either adjust the premium to reflect the actual age of the insured or adjust the benefits to reflect the actual age and the premium.*

Sec. 12. Minnesota Statutes 1988, section 62A.09, is amended to read:

62A.09 [LIMITATION.]

Nothing in sections 62A.01 ~~to~~, *62A.02, 62A.03, 62A.04, 62A.05, 62A.06, 62A.07, and* 62A.08 shall apply to or affect:

(1) any policy of workers' compensation insurance or any policy of casualty or fire and allied lines insurance with or without supplementary coverage therein; or

(2) any policy or contract of reinsurance; or

(3) any ~~blanket or~~ group policy of insurance, *except when specifically referred to*; or

(4) life insurance, endowment or annuity contracts, or contracts supplemental thereto which contain only such provisions relating to accident and sickness insurance as (a) provide additional benefits in case of death or dismemberment or loss of sight by accident, or as (b) operate to safeguard such contracts against lapse or to give a special surrender value or special benefit or an annuity in the event that the insured or annuitant shall become totally and permanently disabled, as defined by the contract or supplemental contract.

Sec. 13. Minnesota Statutes 1988, section 62A.15, subdivision 3a, is amended to read:

Subd. 3a. [NURSING SERVICES.] All benefits provided by a policy or contract referred to in subdivision 1, relating to expenses incurred for medical treatment or services of a duly licensed physician must include services provided by a registered nurse who is licensed pursuant to section 148.171 and who is certified by the profession to engage in advanced nursing practice. "Advanced nursing practice" means the performance of health services by professional nurses who have gained additional knowledge and skills through an organized program of study and clinical experience preparing nurses for advanced practice roles as nurse anesthetists, nurse midwives, nurse practitioners, or clinical specialists in psychiatric or mental health nursing. The program of study must be beyond the education required for registered nurse licensure and must meet criteria established by the professional nursing organization having authority to certify the registered nurse in advanced nursing practice~~, and appear on a list established and maintained by the board of nursing through rulemaking~~. *For the purposes of this subdivision, the board of nursing shall, by rule, adopt a list of professional nursing organizations which have the authority to certify nurses in advanced nursing practice.*

This subdivision is intended to provide payment of benefits for treatment and services by a licensed registered nurse certified in advanced nursing practice as defined in this subdivision and is not intended to add to the benefits provided for in these policies or contracts.

Sec. 14. Minnesota Statutes 1988, section 62A.15, subdivision 4, is amended to read:

Subd. 4. [DENIAL OF BENEFITS.] (a) No carrier referred to in subdivision 1 may, in the payment of claims to employees in this state, deny benefits payable for services covered by the policy or contract if the services are lawfully performed by a licensed chiropractor, licensed optometrist, or a registered nurse meeting the requirements of subdivision 3a.

(b) When carriers referred to in subdivision 1 make claim determinations concerning the appropriateness, quality, or utilization of chiropractic health care for Minnesotans, any of these determinations that are made by health care professionals must be made by, or under the direction of, or subject to the review of *licensed* doctors of chiropractic ~~licensed under the provisions of sections 148.01 to 148.104~~.

Sec. 15. Minnesota Statutes 1988, section 62A.152, subdivision 2, is amended to read:

Subd. 2. [MINIMUM BENEFITS.] (a) All group policies and all group subscriber contracts providing benefits for mental or nervous disorder treatments in a hospital shall also provide coverage on the same basis as coverage for other benefits for at least 80 percent of the cost of the usual and customary charges of the first ten hours of treatment incurred over a 12-month benefit period, for mental or nervous disorder consultation, diagnosis and treatment services delivered while the insured person is not a bed patient in a hospital, and at least 75 percent of the cost of the usual and customary charges for any additional hours of treatment during the same 12-month benefit period for serious or persistent mental or nervous disorders, if the services are furnished by (1) a licensed or accredited hospital, (2) a community mental health center or mental health clinic approved or licensed by the commissioner of human services or other authorized state agency, ~~or~~ (3) *a licensed psychologist licensed under the provisions of sections 148.88 to 148.98, (4)* a licensed consulting psychologist licensed under the provisions of sections 148.88 to 148.98, or *(5)* a psychiatrist licensed under chapter 147. Prior authorization from an accident and health insurance company, or a nonprofit health service corporation, shall be required for an extension of coverage beyond ten hours of treatment. This prior authorization must be based upon the severity of the disorder, the patient's risk of deterioration without ongoing treatment and maintenance, degree of functional impairment, and a concise treatment plan. Authorization for extended treatment may be limited to a maximum of 30 visit hours during any 12-month benefit period.

(b) For purposes of this section, covered treatment for a minor includes treatment for the family if family therapy is recommended by a provider listed in paragraph (a)~~, item (1), (2), or (3)~~. For purposes of determining benefits under this section, "hours of treatment" means treatment rendered on an individual or single-family basis. If treatment is rendered on a group basis, the hours of covered group treatment must be provided at a ratio of no less than two group treatment sessions to one individual treatment hour.

Sec. 16. Minnesota Statutes 1988, section 62A.152, subdivision 3, is amended to read:

Subd. 3. [PROVIDER DISCRIMINATION PROHIBITED.] All group policies and group subscriber contracts that provide benefits for mental or nervous disorder treatments in a hospital must provide direct reimbursement for those services if performed by a *licensed psychologist or a* licensed consulting psychologist to the extent that the services and treatment are within the scope of *licensed psychologist or* licensed consulting psychologist licensure. The order of the physician requesting the services of the *licensed psychologist or* licensed consulting psychologist may be required to be submitted with the claim for payment.

This subdivision is intended to provide payment of benefits for mental or nervous disorder treatments performed by a *licensed psychologist or a* licensed consulting psychologist in a hospital and is not intended to change or add benefits for those services provided in policies or contracts to which this subdivision applies.

Sec. 17. Minnesota Statutes 1988, section 62A.17, subdivision 2, is amended to read:

Subd. 2. [RESPONSIBILITY OF EMPLOYEE.] Every covered employee electing to continue coverage shall pay the former employer, on a monthly basis, the cost of the continued coverage. If the policy, contract, or health care plan is administered by a trust, every covered employee electing to continue coverage shall pay the trust the cost of continued coverage according to the eligibility rules established by the trust. In no event shall the amount of premium charged exceed 102 percent of the cost to the plan for such period of coverage for similarly situated employees with respect to whom neither termination nor layoff has occurred, without regard to whether such cost is paid by the employer or employee. The employee shall be eligible to continue the coverage until the employee becomes covered under another group health plan, or for a period of 18 months after the termination of or lay off from employment, whichever is shorter. *If the employee becomes covered under another group policy, contract, or health plan and the new group policy, contract, or health plan contains any preexisting condition limitations, the employee may, subject to the 18-month maximum continuation limit, continue coverage with the former employer until the preexisting condition limitations have been satisfied. The new policy, contract, or health plan is primary except as to the preexisting condition. In the case of a newborn child who is a dependent of the employee, the new policy, contract, or health plan is primary upon the date of birth of the child, regardless of which policy, contract, or health plan coverage is deemed primary for the mother of the child.*

Sec. 18. Minnesota Statutes 1988, section 62A.46, is amended by adding a subdivision to read:

*Subd. 12.* [HOMEBOUND OR HOUSE CONFINED.] *"Homebound or house confined" means that a person is physically unable to leave the home without another person's aid because the person has lost the capacity of independent transportation or is disoriented.*

Sec. 19. Minnesota Statutes 1988, section 62A.48, subdivision 1, is amended to read:

Subdivision 1. [POLICY REQUIREMENTS.] No individual or group policy, certificate, subscriber contract, or other evidence of coverage of nursing home care or other long-term care services shall be offered, issued, delivered, or renewed in this state, whether or not the policy is issued in this state,

unless the policy is offered, issued, delivered, or renewed by a qualified insurer and the policy satisfies the requirements of sections 62A.46 to 62A.56. A long-term care policy must cover medically prescribed long-term care in nursing facilities and at least the medically prescribed long-term home care services in section 62A.46, subdivision 4, clauses (1) to (5), provided by a home health agency. Coverage under a long-term care policy AA must include: a maximum lifetime benefit limit of at least $100,000 for services, and nursing facility and home care coverages must not be subject to separate lifetime maximums~~, and a requirement of prior hospitalization for up to one day may be imposed only for long-term care in a nursing facility~~. Coverage under a long-term care policy A must include: a maximum lifetime benefit limit of at least $50,000 for services, *and* nursing facility and home care coverages must not be subject to separate lifetime maximums~~, and a requirement of prior hospitalization for up to three days may be imposed for long-term care in a nursing facility or home care services. If long-term care policies require the policyholder to be admitted to a nursing facility or begin home care services within a specified period after discharge from a hospital, that period may be no less than 30 days~~. *Prior hospitalization may not be required under a long-term care policy.*

Coverage under either policy designation must cover preexisting conditions during the first six months of coverage if the insured was not diagnosed or treated for the particular condition during the 90 days immediately preceding the effective date of coverage. Coverage under either policy designation may include a waiting period of up to 90 days before benefits are paid, but there must be no more than one waiting period per benefit period. No policy may exclude coverage for mental or nervous disorders which have a demonstrable organic cause, such as Alzheimer's and related dementias. No policy may require the insured to ~~meet a prior hospitalization test more than once during a single benefit period~~ *be homebound or house confined to receive home care services*. The policy must include a provision that the plan will not be canceled or renewal refused except on the grounds of nonpayment of the premium, provided that the insurer may change the premium rate on a class basis on any policy anniversary date. A provision that the policyholder may elect to have the premium paid in full at age 65 by payment of a higher premium up to age 65 may be offered. A provision that the premium would be waived during any period in which benefits are being paid to the insured during confinement in a nursing facility must be included. A nongroup policyholder may return a policy within 30 days of its delivery and have the premium refunded in full, less any benefits paid under the policy, if the policyholder is not satisfied for any reason.

Sec. 20. [62A.60] [RETROACTIVE DENIAL OF EXPENSES.]

*In cases where the subscriber or insured is liable for costs beyond applicable copayments or deductibles, no insurer may retroactively deny payment to a person who is covered when the services are provided for health care services that are otherwise covered, if the insurer or its representative failed to provide prior or concurrent review or authorization for the expenses when required to do so under the policy, plan, or certificate. If prior or concurrent review or authorization was provided by the insurer or its representative, the insurer may not deny payment for the authorized service or time period except in cases where fraud or substantive misrepresentation occurred.*

Insurance shall not be subject to the provisions of sections 62B.01 to 62B.14 where its issuance is an isolated transaction on the part of the insurer not related to an agreement or a plan for insuring debtors of the creditor. Credit life and accident and health insurance provided at no additional cost to the borrower shall not be subject to the provisions of sections 62B.01 to 62B.14.

Sec. 22. Minnesota Statutes 1988, section 62B.04, subdivision 1, is amended to read:

Subdivision 1. [CREDIT LIFE INSURANCE.] (1) The initial amount of credit life insurance shall not exceed the ~~total~~ amount *of principal* repayable under the contract of indebtedness. Thereafter, if the indebtedness is repayable in substantially equal installments *according to a predetermined schedule*, the amount of insurance shall not exceed the scheduled or actual amount of indebtedness, whichever is greater.

*(2) Notwithstanding clause (1), the amount of credit life insurance written in connection with credit transactions repayable over a specified term exceeding 63 months shall not exceed: (i) the actual amount of unpaid indebtedness as it exists from time to time; or (ii) where an indebtedness is repayable in substantially equal installments according to a predetermined schedule, the scheduled amount of unpaid indebtedness, less any unearned interest or finance charges, plus an amount equal to two monthly payments.*

*(3)* Notwithstanding ~~clause~~ *clauses* (1) *and (2)*, insurance on educational, agricultural and horticultural credit transaction commitments may be written on a nondecreasing or level term plan for the amount of the loan commitment.

(a) the name which the arrangement intends to use and its business address;

(b) the name, address, and nature of any separate organization which administers the arrangement on the behalf of the insurers; and

Sec. 29. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

*If the named insured is not the policy or subscriber contract owner, the notice required by this subdivision must be sent to the insured's last known address, if any, and to the owner's last known address.*

Sec. 31. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

*Subd. 22.* [LOSS EXPERIENCE.] *An insurer shall without cost to the insured provide an insured with the loss or claims experience of that insured*

*for the current policy period and for the two policy periods preceding the current one for which the insurer has provided coverage, within 30 days of a request for the information by the policyholder. The insurer shall not be responsible for providing information without cost more often than once in a 12-month period. The insurer is not required to provide the information if the policy covers the employee of more than one employer and the information is not maintained separately for each employer and not all employers request the data.*

*An insurer, health maintenance organization, or a third-party administrator may not request more than three years of loss or claims experience as a condition of submitting an application or providing coverage.*

*This subdivision does not apply to individual life and health insurance policies or personal automobile or homeowner's insurance policies.*

Sec. 32. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

*Subd. 23.* [SOLICITATIONS AND SALES OF INSURANCE PRODUCTS TO BORROWERS.] *(a) A loan officer, a loan representative, or other person involved in taking or processing a loan may not solicit an insurance product, except for credit life and disability or mortgage life, mortgage accidental death, or mortgage disability, and except for life insurance when offered in lieu of credit life insurance, from the completion of the initial loan application, as defined in the federal Equal Credit Opportunity Act, United States Code, title 15, sections 1691 to 1691f, and any regulations adopted under those sections, until after the closing of the loan transaction.*

*(b) This subdivision applies only to loan transactions covered by the federal Truth-in-Lending Act, United States Code, title 15, sections 1601 to 1666j, and any regulations adopted under those sections.*

*(c) This subdivision does not apply to sales of title insurance, homeowner's insurance, a package homeowner's-automobile insurance product, automobile insurance, or a similar insurance product, required to perfect title to, or protect, property for which a security interest will be taken if the product is required as a condition of the loan.*

*(d) Nothing in this subdivision prohibits the solicitation or sale of any insurance product by means of mass communication.*

Sec. 33. [72A.205] [PROHIBITED PROVISIONS AND COVERAGES.]

*No policy of insurance paying a death benefit that returns premiums or premiums plus interest, or multiples of less than four times the premiums or premiums plus interest, in lieu of benefits may be issued in this state. This section does not prohibit the return of premiums or premiums plus interest in connection with a voluntary or judicially ordered rescission of the policy, nor in accordance with the terms of exclusions from coverage for suicides, aviation, or war risk.*

Sec. 34. [72A.327] [HEALTH CLAIMS; RIGHTS OF APPEAL.]

*(a) An insured whose claim for medical benefits under chapter 65B is denied because the treatment or services for which the claim is made is claimed to be experimental, investigative, not medically necessary, or otherwise not generally accepted by licensed health care providers and for which the insured has financial responsibility in excess of applicable copayments and deductibles may appeal the denial to the commissioner.*

*(b) This section does not apply to claims for health benefits which have been arbitrated under section 65B.525, subdivision 1.*

*(c) A three-member panel shall review the denial of the claim and report to the commissioner. The commissioner shall establish a list of qualified individuals who are eligible to serve on the panel. In establishing the list, the commissioner shall consult with representatives of the contributing members as defined in section 65B.01, subdivision 2, and professional societies. Each panel must include: one person with medical expertise as identified by the contributing members; one person with medical expertise as identified by the professional societies; and one public member. The commissioner, upon initiation of an arbitration, shall select from each list three potential arbitrators and shall notify the issuer and the claimant of the selection. Each party shall strike one of the potential arbitrators and an arbitrator shall be selected by the commissioner from the remaining names of potential arbitrators if more than one potential arbitrator is left. In the event of multiparty arbitration, the commissioner may increase the number of potential arbitrators and divide the strikes so as to afford an equal number of strikes to each adverse interest. If the selected arbitrator is unable or unwilling to serve for any reason, the commissioner may appoint an arbitrator, which will be subject to challenge only for cause. The party that denied the coverage has the burden of proving that the services or treatment are experimental, investigative, not medically necessary, or not generally accepted by licensed health care professionals. In determining whether the burden has been met, the panel may consider expert testimony, medical literature, and any other relevant sources. If the party fails to sustain its burden, the commissioner may order the immediate payment of the claim. All proceedings of the panel and any documents received or developed by the review process are nonpublic.*

*(d) A person aggrieved by an order under this section may appeal the order. The appeal shall be pursuant to section 65B.525 where appropriate, or to the district court for a trial de novo, in all other cases. In nonemergency situations, if the insurer has an internal grievance or appeal process, the insured must exhaust that process before the external appeal. In no event shall the internal grievance process exceed the time limits described in section 72A.201, subdivision 4a.*

*(e) If prior authorization is required before services or treatment can be rendered, an appeal of the denial of prior authorization may be made as provided in this section.*

*(f) The commissioner shall adopt procedural rules for the conduct of appeals.*

*(g) The permanent rulemaking authority granted in this section is effective the day following final enactment of the section regardless of the actual effective date of the section.*

Sec. 35. Minnesota Statutes 1988, section 149.11, is amended to read:

149.11 [PREARRANGED FUNERAL PLANS; CONTRACTS; TRUST FUNDS.]

(a) When prior to the death of any person, that person or another enters into any transaction, makes a contract, or any series or combination of transactions or contracts with another person, partnership, association or corporation, other than an insurance company licensed to do business in the state of Minnesota, by the terms of which, certain personal property

related to the funeral services or the burial, cremation, or other disposition of human remains will be used upon the death of the person for whom the property is to be used, or when the professional services of a funeral director or embalmer will then be furnished, or both, then the total of all money paid by the terms of the transaction, contract or series or combination of transactions or contracts shall be held in trust for the purpose for which it has been paid until the death of the person for whose benefit the money was paid, or refunded to the person who made the payment or payments, upon demand. *A prearranged funeral or burial contract buyer may, at the buyer's option, declare the funeral or burial trust to be irrevocable up to an amount equivalent to the current allowable supplemental security income asset exclusion used for determining eligibility for public assistance. The contract buyer may, at the buyer's option, also declare the interest to be irrevocable to the extent permitted by federal laws and rules governing public assistance. The buyer of either a revocable or an irrevocable prearranged funeral or burial contract retains the right to designate as trustee a different funeral establishment at any time before the death of the person for whose benefit the money was paid. Upon the death of that person, the next of kin or other legal representative of that person's estate retains the right to designate as trustee a different funeral establishment.* Accruals of interest or dividends declared upon the sum of money held in trust are subject to the same trust. The person, partnership, association or corporation holding the money in trust shall inform the person on whose behalf the money is held that all money paid plus all accrued earnings will be held in trust until the death of that person or until a request for a refund is made if made prior to death, *except for a prearranged funeral or burial trust declared irrevocable by the buyer under this section.* The location of the trust account including the name and address of the institution in which the money is being held and any identifying account numbers, and any subsequent changes in that information must be disclosed in writing to the person on whose behalf the money is being held, at the time the funds are deposited into the trust account and at the time of any subsequent changes in the information. The personal property shall include but not be limited to a casket, burial vault not interred in a grave, combination casket-vault or other receptacle not described in paragraph (b) for the internment, entombment, cremation, or other disposition of human remains.

(b) Nothing in this section shall prevent the sale and delivery of cemetery lots, graves, burial vaults preinterred in a grave, cremation urns, crypt spaces, niches, or grave or lot markers or monuments before their use is required. Nothing in this section prevents the preconstruction sale of crypt spaces to be permanently installed except that any seller of mausoleum space or columbarium space, selling burial space in a mausoleum or columbarium that is not completely constructed and usable, must comply with section 306.90.

(c) It is the intent of the legislature that the provisions of this section shall be construed as a limitation upon the manner in which a person or legal entity is permitted to accept funds in prepayment of funeral services to be performed in the future or in prepayment of funeral or burial goods to be used in connection with the funeral or final disposition of human remains. It is further intended to allow members of the public to arrange and pay for funerals, final dispositions, funeral services, and funeral and burial goods for themselves and their families in advance of need while at the same time providing all possible safeguards so that the prepaid funds cannot be dissipated, whether intentionally or not, so as to be available for

the payment of the services and goods selected.

Sec. 36. [REVISOR'S INSTRUCTION.]

*The revisor of statutes shall, as part of the regular process of statutory revision, prepare a bill for introduction that amends Minnesota Statutes to reflect the intent of the legislature as expressed in section 3 to make uniform the service of process provisions in Minnesota Statutes, chapters 45 to 83, 155A, 309, and 332.*

Sec. 37. [REPEALER.]

*Minnesota Statutes 1988, sections 60A.23, subdivision 7; and 72A.13, subdivision 2, are repealed.*

Sec. 38. [EFFECTIVE DATE.]

*Sections 1 to 3, 5, 6, 8, 9, 11 to 14, 18, 23 to 25, 28, 30, 32, 33, 36, and 37 are effective the day following final enactment. Sections 4, 7, 10, 17, 20, 27, 29, 31, and 35 are effective August 1, 1989. Sections 15, 16, 19, 21, and 22 are effective for policies, plans, or contracts issued or renewed on or after August 1, 1989.*

*Sections 26 and 34 are effective January 1, 1990."*

## CONFERENCE COMMITTEE REPORT ON H.F. NO. 723

A bill for an act relating to veterans; providing for establishment of a veterans home in Luverne; requiring a study; appropriating money; proposing coding for new law in Minnesota Statutes, chapter 198.

May 22, 1989

The Honorable Robert Vanasek
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H.F. No. 723, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 723 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 256B.056, is amended by adding a subdivision to read:

*Subd. 3a.* [ASSET LIMITATIONS FOR VETERANS.] *(a) Notwithstanding subdivision 3, the income and asset limitations for a veteran who is otherwise eligible for medical assistance are the income and asset limitations established by the board of directors of the Minnesota nursing homes for veterans applying for admission to a veterans home. The provisions concerning transfers of property in section 256B.17 do not apply to a veteran. For purposes of this subdivision, "veteran" has the meaning given in section 197.447.*

*(b) Paragraph (a) is effective only to the extent allowed by federal medical assistance laws and regulations and only if the federal health care financing agency approves the necessary amendments to the state medical assistance plan. The commissioner shall seek waivers of federal requirements to the extent necessary to implement paragraph (a).*

Sec. 2. [VETERANS HOMES SITING STUDY.]

*Subdivision 1.* [STUDY AUTHORIZED.] *The commissioner of administration, in cooperation with the veterans home board of directors and the interagency board for quality assurance, must, by February 1, 1990, complete a study that will assist the legislature to determine:*

*(1) if additional veterans homes should be established in any health systems agencies regions of the state not currently served by a veterans home; and*

*(2) in which communities homes should be sited if the study determines additional homes are necessary.*

*Subd. 2.* [NEED FOR ADDITIONAL VETERANS HOMES.] *In analyzing whether additional veterans homes should be established in the state, the study should consider the following factors:*

*(1) the number of veterans that are projected to need nursing home care in the state and in each health systems agencies region of the state;*

*(2) the availability and feasibility of other long-term care alternatives for veterans;*

*(3) the impact of additional veterans homes on existing community nursing homes;*

*(4) the availability of federal funding for construction and operation of additional veterans homes and the impact of other federal regulations;*

*(5) the overall cost to the state of a veterans home in each studied health systems agencies region; and*

*(6) the veterans home board of directors' long-term plan for veterans health care.*

*Based on these factors, the study shall recommend in which health systems agencies regions of the state, if any, not currently served by a veterans home, additional veterans homes should be established.*

*Subd. 3.* [ANALYSIS OF SITING ALTERNATIVES.] *If the commissioner of administration recommends that additional veterans homes should be established in one or more health systems agencies regions of the state not currently serviced by a veterans nursing care facility, the study must analyze various potential sites for veterans homes based on the following factors:*

*(1) proximity to a veterans administration medical center;*

*(2) proximity to other medical services in the community;*

*(3) availability of staff to operate a home;*

*(4) construction costs;*

*(5) operating costs through the first full year of operation;*

*(6) local financial contributions toward construction costs through the first full year of operation;*

*(7) physical features of a site;*

*(8) the number of veterans needing nursing care in the area; and*

*(9) availability of shared services with state operated human services facilities.*

*The commissioner shall allow a local community in an affected health systems agencies region to submit a proposal for veterans nursing care facilities, unless the community is in region 2, 5, or 6. No one of the factors listed in this subdivision may be an overriding factor in the analysis or recommendation of siting alternatives. The study must recommend, in rank order within each affected health systems agencies region, sites for new veterans nursing care facilities. Two or more contiguous health systems agencies regions may be combined for study and recommendation purposes. Previously studied communities in health systems agencies region 3 must be included in this study.*

Sec. 3. [VETERANS HOME; LUVERNE.]

*Subdivision 1. The legislature has reviewed department of administration study and report of February 1989, and has determined that the Minnesota veterans home board shall establish a veterans nursing care facility in Luverne to provide at least 60 beds for skilled nursing care to health systems agencies region 6 in conformance with licensing rules of the department*

*of health.*

*Subd. 2.* [FUNDING.] *The home must be purchased and built with funds, 65 percent of which must be provided by the federal government, and 35 percent by other nonstate sources, including local units of government, veterans organizations, and corporations or other business entities. Contracts made by the board for the purposes of this section are subject to chapter 16B.*

*Subd. 3.* [LACK OF FEDERAL FUNDING.] *If the funds to be provided by the federal government are not approved by December 1, 1989, the future authorization of the siting of a veterans nursing care facility in Luverne must be considered in the study provided by section 3. If the need for a veterans home is found to exist in southwest Minnesota, the site of the home must be in Luverne.*

Sec. 4. [APPROPRIATION.]

*$200,000 is appropriated from the general fund to the commissioner of administration to conduct the study required by section 2.*

Sec. 5. [EFFECTIVE DATE.]

*Sections 1 to 3 are effective the day following final enactment. Section 4 is effective July 1, 1989.*"

Delete the title and insert:

"A bill for an act relating to veterans; changing medical assistance income and asset limitations for veterans in community nursing homes to conform with those used for the veterans nursing homes; authorizing the commissioner of administration to conduct a study of the need for additional veterans homes in the state; establishing a veterans home in Luverne; appropriating money; amending Minnesota Statutes 1988, section 256B.056, by adding a subdivision."

(c) [PREFERENCE FOR CERTAIN BUILDINGS.] For needs beyond those which can be accommodated in state-owned buildings, the commissioner shall acquire and utilize space in suitable buildings of historical, architectural, or cultural significance for the purposes of this subdivision unless use of that space is not feasible, prudent and cost effective compared with available alternatives. Buildings are of historical, architectural, or cultural significance if they are listed on the national register of historic places, designated by a state or county historical society, or designated by

a municipal preservation commission.

(d) [RECYCLING SPACE.] Leases for space of 30 days or more for 5,000 square feet or more must require that space be provided for recyclable materials.

Sec. 63. Minnesota Statutes 1988, section 16B.41, subdivision 2, is amended to read:

Subd. 2. [RESPONSIBILITIES.] The office has the following duties:

(a) The office must develop and establish a state information architecture to ensure that further state agency development and purchase of information systems equipment and software is directed in such a manner that individual agency information systems complement and do not needlessly duplicate or needlessly conflict with the systems of other agencies. *In those instances where state agencies have need for the same or similar computer data, the commissioner shall ensure that the most efficient and cost-effective method of producing and storing data for or sharing data between those agencies is used.* The development of this information architecture must include the establishment of standards and guidelines to be followed by state agencies. The commissioner of administration must establish interim standards and guidelines by August 1, 1987. The office must establish permanent standards and guidelines by July 1, 1988. On January 1, 1988, and every six months thereafter, any state agency that has purchased information systems equipment or software in the past six months, or that is contemplating purchasing this equipment or software in the next six months, must report to the office and to the chairs of the house appropriations committee and the senate finance committee on how the purchases or proposed purchases comply with the applicable standards and guidelines.

(b) The office shall assist state agencies in the planning and management of information systems so that an individual information system reflects and supports the state agency's and the state's mission, requirements, and functions.

(c) Beginning July 1, 1988, the office must review and approve all agency requests for legislative appropriations for the development or purchase of information systems equipment or software. Requests may not be included in the governor's budget submitted to the legislature, beginning with the budget submitted in January 1989, unless the office has approved the request.

(d) Each biennium the office must rank in order of priority agency requests for new appropriations for development or purchase of information systems equipment or software. The office must submit this ranking to the legislature at the same time, or no later than 14 days after, the governor submits the budget message to the legislature.

(e) Beginning July 1, 1989, the office must define, review, and approve major purchases of information systems equipment to (1) ensure that the equipment follows the standards and guidelines of the state information architecture; (2) ensure that the equipment is consistent with the information management principles adopted by the information policy council; (3) evaluate whether or not the agency's proposed purchase reflects a cost-effective policy regarding volume purchasing; and (4) ensure the equipment is consistent with other systems in other state agencies so that data can be shared among agencies, unless the office determines that the agency purchasing the equipment has special needs justifying the inconsistency. The

commissioner of finance may not allot funds appropriated for major purchases of information systems equipment until the office reviews and approves the proposed purchase.

(f) The office shall review the operation of information systems by state agencies and provide advice and assistance so that these systems are operated efficiently and continually meet the standards and guidelines established by the office.

Sec. 64. [16B.465] [STATEWIDE TELECOMMUNICATIONS ACCESS ROUTING SYSTEM.]

*Subdivision 1.* [CREATION.] *The statewide telecommunications access routing system provides voice, data, video, and other telecommunications transmission services to state agencies, educational institutions, public corporations, and state political subdivisions. It is not a telephone company for purposes of chapter 237. It shall not resell or sublease any services or facilities to nonpublic entities. The commissioner has the responsibility for planning, development, and operations of a statewide telecommunications access routing system in order to provide cost-effective telecommunications transmission services to system users.*

*Subd. 2.* [ADVISORY COUNCIL.] *The statewide telecommunications access routing system is managed by the commissioner. Subject to section 15.059, subdivisions 1 to 4, the commissioner shall appoint an advisory council to provide assistance in implementing a statewide telecommunications access routing system. *(3) manage vendor relationships, network function, and capacity planning in order to be responsive to the needs of the system users;*

*(4) set rates and fees for services;*

*(5) approve contracts relating to the system;*

*(6) develop the system plan, including plans for the phasing of its implementation and maintenance of the initial system, and the annual program and fiscal plans for the system; and*

*(7) develop a plan for interconnection of the network with private colleges in the state.*

*Subd. 4.* [PROGRAM PARTICIPATION.] *The commissioner may require the participation of state agencies and the governing boards of the state universities, the community colleges, and the technical institutes, and may request the participation of the board of regents of the University of Minnesota, in the planning and implementation of the network to provide interconnective technologies. The commissioner shall establish reimbursement rates in cooperation with the commissioner of finance to be billed to participating agencies and educational institutions sufficient to cover the operating, maintenance, and administrative costs of the system.*

*Subd. 5.* [RULES.] *The commissioner shall adopt rules for the operation of this program. The rules must require participation of state agencies in the network to provide interconnective technologies. The rules may require the participation of the governing boards of the state universities, the community colleges, and the technical institutes, and may request the participation of the board of regents of the University of Minnesota, in the planning of the program. The commissioner shall establish reimbursement rates in cooperation with the commissioner of the department of finance to be billed to participating agencies and educational institutions sufficient to cover the operating, maintenance, and administrative costs of the system.*

*Subd. 6.* [REVOLVING ACCOUNT.] *The statewide telecommunications access routing system revolving account is a separate account for the department of administration in the state treasury for the receipt of and payment of funds for the statewide telecommunications access routing system established in subdivision 1. Money appropriated to the account and fees for communications services provided by the statewide telecommunications access routing system must be deposited in the account. Money in the account is appropriated annually to the commissioner to operate the statewide telecommunications access routing system.*

*Subd. 7.* [EXEMPTION.] *The system is exempt from the five-year limitation on contracts set by section 16B.07, subdivision 2.*

Sec. 65. Minnesota Statutes 1988, section 16B.61, subdivision 5, is amended to read:

Subd. 5. [ACCESSIBILITY.] (a) [PUBLIC BUILDINGS.] The code must provide for making public buildings constructed or remodeled after July 1, 1963, accessible to and usable by physically handicapped persons, although this does not require the remodeling of public buildings solely to provide accessibility and usability to the physically handicapped when remodeling would not otherwise be undertaken.

(b) [LEASED SPACE.] No agency of the state may lease space for agency operations in a non-state-owned building unless the building satisfies the requirements of the state building code for accessibility by the physically handicapped, or is eligible to display the state symbol of accessibility. This limitation applies to leases of 30 days or more for space of at least 1,000 square feet.

(c) [MEETINGS OR CONFERENCES.] Meetings or conferences for the public or for state employees which are sponsored in whole or in part by a state agency must be held in buildings that meet the state building code requirements relating to accessibility for physically handicapped persons.

This subdivision does not apply to any classes, seminars, or training programs offered by a state university, the University of Minnesota, or a state community college. Meetings or conferences intended for specific individuals none of whom need the accessibility features for handicapped persons specified in the state building code need not comply with this subdivision unless a handicapped person gives reasonable advance notice of an intent to attend the meeting or conference. When sign language interpreters will be provided, meetings or conference sites must be chosen which allow hearing impaired participants to see their signing clearly.

(d) [EXEMPTIONS.] The commissioner may grant an exemption from the requirements of paragraphs (b) and (c) in advance if an agency has demonstrated that reasonable efforts were made to secure facilities which complied with those requirements and if the selected facilities are the best available for access for handicapped persons. Exemptions shall be granted using criteria developed by the commissioner in consultation with the council on disability.

(e) [SYMBOL INDICATING ACCESS.] The wheelchair symbol adopted by Rehabilitation International's Eleventh World Congress is the state symbol indicating buildings, facilities, and grounds which are accessible to and usable by handicapped persons. In the interests of uniformity, this symbol in its white on blue format is the sole symbol for display in or on all public or private buildings, facilities, and grounds which qualify for its use. The secretary of state shall obtain the symbol and keep it on file. No building, facility, or grounds may display the symbol unless it is in compliance with the rules adopted by the commissioner under subdivision 1. Before any rules are proposed for adoption under this paragraph, the commissioner shall consult with the council on disability. Rules adopted under this paragraph must be enforced in the same way as other accessibility rules of the state building code.

(f) [MUNICIPAL ENFORCEMENT.] Municipalities which have not adopted the state building code may enforce the building code requirements for handicapped persons by either entering into a joint powers agreement for enforcement with another municipality which has adopted the state building code; or contracting for enforcement with an individual certified under section 16B.65, subdivision 3, to enforce the state building code.

*(g)* [EQUIPMENT ALLOWED.] *The code must allow the use of vertical wheelchair lifts and inclined stairway wheelchair lifts in public buildings. An inclined stairway wheelchair lift must be equipped with light or sound signaling device for use during operation of the lift. The stairway or ramp shall be marked in a bright color that clearly indicates the outside edge of the lift when in operation. The code shall not require a guardrail between the lift and the stairway or ramp. Compliance with this provision by itself does not mean other handicap accessibility requirements have been met.*

Sec. 66. Minnesota Statutes 1988, section 84.025, is amended by adding a subdivision to read:

*Subd. 9.* [PROFESSIONAL SERVICES SUPPORT ACCOUNT.] *The commissioner of natural resources may bill the various programs carried out by the commissioner for the costs of providing them with professional support services. Receipts must be credited to a special account in the state treasury and are appropriated to the commissioner to pay the costs for which the billings were made.*

*The commissioner of natural resources shall submit to the commissioner of finance before the start of each fiscal year a work plan showing the estimated work to be done during the coming year, the estimated cost of doing the work, and the positions and fees that will be necessary. This account is exempted from statewide and agency indirect cost payments.*

Sec. 67. Minnesota Statutes 1988, section 84.0272, is amended to read:

84.0272 [PROCEDURE IN ACQUIRING LANDS.]

When the commissioner of natural resources is authorized to acquire lands or interests in lands the procedure set forth in this section shall apply. The commissioner of natural resources shall first prepare a fact sheet showing the lands to be acquired, the legal authority for their acquisition, and the qualities of the land that make it a desirable acquisition. The commissioner of natural resources shall cause the lands to be appraised. An appraiser shall before entering upon the duties of office take and subscribe an oath to faithfully and impartially discharge the duties as appraiser according to the best of the appraiser's ability and that the appraiser is not interested directly or indirectly in any of the lands to be appraised or the timber or improvements thereon or in the sale thereof and has entered into no agreement or combination to purchase the same or any part thereof, which oath shall be attached to the report of the appraisal. The commissioner of natural resources *may pay less than the appraised value, but* shall not agree to pay more than *ten percent above* the appraised value, *except that if the commissioner pays less than the appraised value for a parcel of land, the difference between the purchase price and the appraised value may be used to apply to purchases at more than the appraised value. The sum of accumulated differences between appraised amounts and purchases for more than the appraised amount may not exceed the sum of accumulated differences between appraised amounts and purchases for less than the appraised amount.* New appraisals may be made at the discretion of the commissioner of natural resources.

Sec. 68. Minnesota Statutes 1988, section 84.0274, is amended by adding a subdivision to read:

*Subd. 8.* [EXCEPTION FOR RAILROAD RIGHT-OF-WAY ACQUISITIONS.] *When the commissioner of natural resources acquires abandoned railroad right-of-way from a railroad, railroad holding company, or similar entity, any or all of the provisions of this section may be waived by mutual agreement of the commissioner and the landowner.*

Sec. 69. [84.0921] [EURASIAN WATER MILFOIL EDUCATION AND MANAGEMENT.]

*Subdivision 1.* [DEFINITION.] *For the purpose of this section, "Eurasian water milfoil" means myriophyllum spicatum.*

Sec. 127. Minnesota Statutes 1988, section 115.03, subdivision 1, is amended to read:

Subdivision 1. The agency is hereby given and charged with the following powers and duties:

(a) To administer and enforce all laws relating to the pollution of any of the waters of the state;

(b) To investigate the extent, character, and effect of the pollution of the waters of this state and to gather data and information necessary or desirable in the administration or enforcement of pollution laws, and to make such classification of the waters of the state as it may deem advisable;

(c) To establish and alter such reasonable pollution standards for any waters of the state in relation to the public use to which they are or may

be put as it shall deem necessary for the purposes of this chapter and, with respect to the pollution of waters of the state, chapter 116;

(d) To encourage waste treatment, including advanced waste treatment, instead of stream low-flow augmentation for dilution purposes to control and prevent pollution;

(e) To adopt, issue, reissue, modify, deny, or revoke, enter into or enforce reasonable orders, permits, variances, standards, rules, schedules of compliance, and stipulation agreements, under such conditions as it may prescribe, in order to prevent, control or abate water pollution, or for the installation or operation of disposal systems or parts thereof, or for other equipment and facilities;

(1) Requiring the discontinuance of the discharge of sewage, industrial waste or other wastes into any waters of the state resulting in pollution in excess of the applicable pollution standard established under this chapter;

(2) Prohibiting or directing the abatement of any discharge of sewage, industrial waste, or other wastes, into any waters of the state or the deposit thereof or the discharge into any municipal disposal system where the same is likely to get into any waters of the state in violation of this chapter and, with respect to the pollution of waters of the state, chapter 116, or standards or rules promulgated or permits issued pursuant thereto, and specifying the schedule of compliance within which such prohibition or abatement must be accomplished;

(3) Prohibiting the storage of any liquid or solid substance or other pollutant in a manner which does not reasonably assure proper retention against entry into any waters of the state that would be likely to pollute any waters of the state;

(4) Requiring the construction, installation, maintenance, and operation by any person of any disposal system or any part thereof, or other equipment and facilities, or the reconstruction, alteration, or enlargement of its existing disposal system or any part thereof, or the adoption of other remedial measures to prevent, control or abate any discharge or deposit of sewage, industrial waste or other wastes by any person;

(5) Establishing, and from time to time revising, standards of performance for new sources taking into consideration, among other things, classes, types, sizes, and categories of sources, processes, pollution control technology, cost of achieving such effluent reduction, and any nonwater quality environmental impact and energy requirements. Said standards of performance for new sources shall encompass those standards for the control of the discharge of pollutants which reflect the greatest degree of effluent reduction which the agency determines to be achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, where practicable, a standard permitting no discharge of pollutants. New sources shall encompass buildings, structures, facilities, or installations from which there is or may be the discharge of pollutants, the construction of which is commenced after the publication by the agency of proposed rules prescribing a standard of performance which will be applicable to such source. Notwithstanding any other provision of the law of this state, any point source the construction of which is commenced after May 20, 1973 and which is so constructed as to meet all applicable standards of performance for new sources shall, consistent with and subject to the provisions of section 306(d) of the

Amendments of 1972 to the Federal Water Pollution Control Act, not be subject to any more stringent standard of performance for new sources during a ten-year period beginning on the date of completion of such construction or during the period of depreciation or amortization of such facility for the purposes of section 167 or 169, or both, of the Federal Internal Revenue Code of 1954, whichever period ends first. Construction shall encompass any placement, assembly, or installation of facilities or equipment, including contractual obligations to purchase such facilities or equipment, at the premises where such equipment will be used, including preparation work at such premises;

(6) Establishing and revising pretreatment standards to prevent or abate the discharge of any pollutant into any publicly owned disposal system, which pollutant interferes with, passes through, or otherwise is incompatible with such disposal system;

(7) Requiring the owner or operator of any disposal system or any point source to establish and maintain such records, make such reports, install, use, and maintain such monitoring equipment or methods, including where appropriate biological monitoring methods, sample such effluents in accordance with such methods, at such locations, at such intervals, and in such a manner as the agency shall prescribe, and providing such other information as the agency may reasonably require;

(8) Notwithstanding any other provision of this chapter, and with respect to the pollution of waters of the state, chapter 116, requiring the achievement of more stringent limitations than otherwise imposed by effluent limitations in order to meet any applicable water quality standard by establishing new effluent limitations, based upon section 115.01, subdivision 5, clause (b), including alternative effluent control strategies for any point source or group of point sources to insure the integrity of water quality classifications, whenever the agency determines that discharges of pollutants from such point source or sources, with the application of effluent limitations required to comply with any standard of best available technology, would interfere with the attainment or maintenance of the water quality classification in a specific portion of the waters of the state. Prior to establishment of any such effluent limitation, the agency shall hold a public hearing to determine the relationship of the economic and social costs of achieving such limitation or limitations, including any economic or social dislocation in the affected community or communities, to the social and economic benefits to be obtained and to determine whether or not such effluent limitation can be implemented with available technology or other alternative control strategies. If a person affected by such limitation demonstrates at such hearing that, whether or not such technology or other alternative control strategies are available, there is no reasonable relationship between the economic and social costs and the benefits to be obtained, such limitation shall not become effective and shall be adjusted as it applies to such person;

(9) Modifying, in its discretion, any requirement or limitation based upon best available technology with respect to any point source for which a permit application is filed after July 1, 1977 upon a showing by the owner or operator of such point source satisfactory to the agency that such modified requirements will represent the maximum use of technology within the economic capability of the owner or operator and will result in reasonable further progress toward the elimination of the discharge of pollutants;

(f) To require to be submitted and to approve plans and specifications for disposal systems or point sources, or any part thereof and to inspect the construction thereof for compliance with the approved plans and specifications thereof;

(g) To prescribe and alter rules, not inconsistent with law, for the conduct of the agency and other matters within the scope of the powers granted to and imposed upon it by this chapter and, with respect to pollution of waters of the state, in chapter 116, provided that every rule affecting any other department or agency of the state or any person other than a member or employee of the agency shall be filed with the secretary of state;

(h) To conduct such investigations, issue such notices, public and otherwise, and hold such hearings as are necessary or which it may deem advisable for the discharge of its duties under this chapter and, with respect to the pollution of waters of the state, under chapter 116, including, but not limited to, the issuance of permits, and to authorize any member, employee, or agent appointed by it to conduct such investigations or, issue such notices and hold such hearings;

(i) For the purpose of water pollution control planning by the state and pursuant to the Federal Water Pollution Control Act, as amended, to establish and revise planning areas, adopt plans and programs and continuing planning processes, including, but not limited to, basin plans and areawide waste treatment management plans, and to provide for the implementation of any such plans by means of, including, but not limited to, standards, plan elements, procedures for revision, intergovernmental cooperation, residual treatment process waste controls, and needs inventory and ranking for construction of disposal systems;

(j) To train water pollution control personnel, and charge such fees therefor as are necessary to cover the agency's costs. All such fees received shall be paid into the state treasury and credited to the water pollution control training fund of the agency, from which the agency shall have the power to make disbursements to pay expenses relating to such training;

(k) To impose as additional conditions in permits to publicly owned disposal systems appropriate measures to insure compliance by industrial and other users with any pretreatment standard, including, but not limited to, those related to toxic pollutants, and any system of user charges ratably as is hereby required under state law or said Federal Water Pollution Control Act, as amended, or any regulations or guidelines promulgated thereunder;

*(n) To train individual sewage treatment system personnel, including persons who design, construct, install, inspect, service, and operate individual sewage treatment systems, and charge fees as necessary to pay the agency's costs. All fees received must be paid into the state treasury and credited to the agency's training account. Money in the account is appropriated to the agency to pay expenses related to training.*

Sec. 147. [116J.8761] [CAPITAL ACCESS PROGRAM; CREATION; ADMINISTRATION.]

*A capital access program is created in the department of trade and economic development. The purpose of the capital access program is to provide capital to businesses, particularly small and medium sized businesses, to foster economic development. Loans made under this program are to be slightly riskier than conventional loans, but still offer a high degree of soundness in connection with the capital access program.*

*The commissioner has the power to administer the program, enter into contracts, and take action reasonably necessary to ensure compliance with the program. The lender shall provide the commissioner with information regarding its participation in the program as the commissioner may reasonably require. Upon notice to the lender, the commissioner may inspect the files of the lender relating to any loans enrolled under the program during normal business hours of the lender.*

*A lender is eligible to participate in the program upon entering into an agreement with the commissioner governing the duties of the commissioner and the lender under the program.*

Sec. 148. [116J.8762] [COMMISSIONER; DUTIES.]

*Subdivision 1.* [DUTIES.] *The commissioner must:*

*(1) market the capital access program to businesses and other persons in the state in cooperation with financial institutions and statewide associations representing financial institutions;*

*(2) establish a reservation or allocation system so that lenders may reserve an allocation of funds in the account before or after the lender enters into a loan agreement or contract with a borrower; and*

*(3) develop the program, in cooperation with financial institutions and statewide associations representing financial institutions, so that the degree of flexibility for the commissioner and the participating lenders is maximized and the state oversight of individual loans is minimized, and the fiscal integrity of the program is maintained.*

*Subd. 2.* [INTERESTS OF COMMISSIONER.] *Except upon the exercise of the commissioner's right of subrogation under section 153, the commissioner has no legal or equitable interest in any collateral, security, or other right of recovery in connection with any loan enrolled in the program, and the commissioner's consent is not necessary for any amendment to the lender's loan documents.*

Sec. 149. [116J.8763] [ELIGIBLE LOANS.]

*Subdivision 1.* [LOAN TYPES.] *Eligible loans may include:*

*(1) loans made for industrial, commercial, or agricultural purposes;*

*(2) refinancing of loans made for the purposes in clause (1); and*

*(3) lines of credit agreements established between the lender and borrower which are used for the purposes in clause (1).*

*Subd. 2.* [LOAN RESTRICTIONS.] *Eligible loans must meet the following criteria:*

*(1) the lender has not made the loan in order to enroll in the program prior debt which is not covered under the program and which is or was owed by the borrower to the lender;*

*(2) the proceeds of the loan will not be used for that portion of a project or development devoted to housing;*

*(3) the proceeds of the loan will not be used to finance passive real estate ownership; and*

*(4) the proceeds of the loan will be used to finance a project or enterprise located within this state which will foster economic development in Minnesota.*

*Subd. 3.* [LOAN PROVISIONS.] *An eligible loan may provide for an interest rate, fees, and other terms and conditions as the lender and borrower may agree. If the loan amount to be borrowed is determined by a commitment agreement that establishes a line of credit, the amount of the loan is the maximum amount available to the borrower under the agreement.*

Sec. 150. [116J.8764] [ENROLLMENT OF LOANS IN PROGRAM.]

*Subdivision 1.* [FILING REQUIREMENTS.] *(a) To enroll a loan under this program, the lender must file a completed loan enrollment form with the commissioner. The lender must also certify the following to the commissioner as part of the filing:*

*(1) the lender has no substantial reason to believe that the loan is being made to a borrower who does not meet the requirements of section 146, subdivision 3;*

*(2) that the lender has received from the borrower a written representation, warranty, pledge, and waiver stating that the borrower has no legal, beneficial, or equitable interest in the nonrefundable premium charges or any other funds credited to the reserve fund established to cover losses sustained by the lender on enrolled loans;*

*(3) the loan being filed for enrollment is an eligible loan under section 149; and*

*(4) premium changes required of the borrower and lender under this section have been deposited in the reserve fund.*

*(b) The lender shall file the loan enrollment form within ten business days after the lender makes the loan. The date on which the lender makes a loan is the date on which the lender first disburses proceeds of the loan to the borrower or an earlier date on which the loan documents have been executed and the lender has obligated itself to disburse proceeds of the loan. The filing date of a loan enrollment form is the date on which the lender delivers the required documentation to the commissioner, delivers it to a professional courier service for delivery to the commissioner, or mails it to the commissioner by certified mail.*

*Subd. 2.* [COMMISSIONER ENROLLMENT; ACKNOWLEDGMENT.]

*When the commissioner receives the loan enrollment form, the commissioner shall enroll the loan, unless the information provided under subdivision 1 indicates that the loan is not an eligible loan, and shall deliver to the lender within five business days of receipt an acknowledgment of enrollment, signed by the commissioner or designee, including documentation of the amount being transferred by the commissioner into the reserve fund under this section.*

*Subd. 3.* [AMOUNT COVERED.] *When filing a loan enrollment form, the lender may specify an amount to be covered under the program. The amount may be less than the total amount of the loan. Unless the context clearly requires otherwise, when used in connection with a loan or loans, the words "amount" and "proceeds" refer only to the amount covered under the agreement.*

*Subd. 4.* [AMOUNT COVERED IN REFINANCINGS.] *(a) In the case of a loan to refinance a loan previously made to the borrower by the lender that was not enrolled under the program, the lender may obtain coverage under the program for an amount not exceeding the amount of additional financing.*

*(b) If an enrolled loan is refinanced and the total amount to be covered under the program does not exceed the covered amount of the loan as previously enrolled, the refinanced loan may continue as an enrolled loan without payment of additional premium charges or transfers by the commissioner to the reserve fund.*

*(c) If an enrolled loan is refinanced in an amount exceeding the amount of the loan as previously enrolled, the lender may obtain coverage of the amount of the refinanced loan that exceeds the amount covered when the loan was previously enrolled by refiling the loan for enrollment under subdivision 1.*

*(d) Fluctuations in the outstanding balance of a line of credit, without increasing the enrolled amount under the program, are not a refinancing of the loan.*

*Subd. 5.* [TERMINATION OF ENROLLMENT.] *If the outstanding balance of an enrolled loan which is not a line of credit is reduced to zero, the loan is no longer an enrolled loan. If an enrolled loan which is a line of credit has an outstanding balance of zero for a 12-month period, the line of credit is no longer an enrolled loan, unless, before the expiration of the 12-month period, the lender reaffirms in writing to the borrower that the line of credit will remain open and the borrower acknowledges the reaffirmation in writing.*

Sec. 151. [116J.8765] [RESERVE FUND; PREMIUMS.]

*Subdivision 1.* [CREATION.] *Upon execution of an agreement between the lender and the commissioner, the commissioner shall establish a reserve fund account with the lender in the name of the commissioner for the purpose of receiving all required premium charges to be paid by the lender and the borrower and transfers made by the commissioner under sections 146 to 155.*

*Subd. 2.* [PREMIUM PAYMENTS AND TRANSFERS TO RESERVE FUND.] *The premium charges payable to the reserve fund by the lender and the borrower in connection with a loan filed for enrollment are determined by the lender. The premium paid by the borrower may not be less*

*than 1.5 percent nor greater than 3.5 percent of the amount of the loan. The premium paid by the lender shall be equal to the amount of the premium paid by the borrower. The lender may recover from the borrower the cost of the lender's premium payment, in any manner in which the lender and borrower agree. When enrolling a loan, the commissioner shall transfer into the reserve fund from the account premium amounts determined as follows:*

*(a) If the amount of any loan, plus the amount of loans previously enrolled by the lender, is less than $2,000,000, the premium amount transferred must be equal to 150 percent of the combined premiums paid into the reserve fund by the borrower and the lender for each enrolled loan.*

*(b) If, prior to the enrollment of the loan, the amount of loans previously enrolled by the lender equals or exceeds $2,000,000, the premium amount transferred must be equal to the combined premiums paid into the reserve fund by the borrower and the lender for each enrolled loan.*

*(c) If the amount of loans previously enrolled by the lender is less than $2,000,000, but the enrollment of a loan will cause the aggregate amount of all enrolled loans made by the lender to exceed $2,000,000, the premium amount transferred must be equal to a percentage of the combined amount paid by the lender and the borrower. The percentage must be determined by (1) multiplying by 150 that portion of the loan which when added to the amount of all previously enrolled loans totals $2,000,000, (2) multiplying the balance of the loan by 100, and (3) adding the products of the two amounts and dividing the sum by the total amount of the loan.*

*Subd. 3.* [LIMITATION OF TRANSFERS.] *A maximum premium amount of $150,000 may be transferred into the reserve funds of all lenders participating in the program by the commissioner over any three-year period in connection with any one borrower or any group of borrowers among which a common enterprise exists. This maximum premium amount may be exceeded upon the written request by a lender only if the commissioner approves in writing the transfer of an amount in excess of $150,000. For the purpose of this subdivision, the term "common enterprise" has the meaning given it in Code of Federal Regulations, title 12, section 32, as amended.*

*Subd. 4.* [CONTROL AND INVESTMENT OF RESERVE FUND.] *(a) All money credited to the reserve fund is under the exclusive control of the commissioner. The commissioner may not withdraw money from the reserve fund except as specifically provided in this subdivision and sections 152 and 154.*

*(b) Money in the reserve fund must be deposited by the commissioner in an account with the lender unless the commissioner determines that the lender is not in substantial compliance with the requirements of the agreement. If money in the reserve fund is not deposited by the commissioner in an account with the lender, it must be invested or reinvested by the commissioner in (1) direct obligations of the United States or the state of Minnesota or in obligations the principal and interest of which are unconditionally guaranteed by the United States or the state of Minnesota, or (2) a deposit account at a depository institution whose deposits are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation.*

*(c) Interest or income earned on the money credited to the reserve fund*

*is part of the reserve fund. The commissioner may withdraw at any time from the reserve fund 50 percent of all interest or income that has been credited to the reserve fund, except that after the first withdrawal the commissioner may not withdraw more than 50 percent of all interest or income that has been credited to the reserve fund since the time of the last withdrawal. Any withdrawal made under this subdivision may be made prior to paying any claim. None of the amounts withdrawn need to be transferred back to the reserve fund. Any withdrawal under this subdivision must be credited in the capital access account.*

*Subd. 5.* [PLEDGE OF THE RESERVE FUND.] *The commissioner shall pledge to the lender that the money in the reserve fund will be available to pay claims under section 152, that the lender will have a first security interest in the money in the reserve fund to pay the claims, and that the commissioner will not encumber or pledge the money to any other party.*

*Subd. 6.* [QUARTERLY REPORTS; INSPECTIONS.] *(a) If the reserve fund is not maintained with the lender, the commissioner shall provide to the lender quarterly transaction reports indicating the balance in the reserve fund, payments and transfers into the reserve fund, withdrawals from the reserve fund, and interest or income earned on money credited to the reserve fund.*

*(b) The records of the commissioner with respect to all payments and transfers into the reserve fund, withdrawals from the reserve fund, and interest or income earned on the money credited to the reserve fund, are available to the lender at the offices of the commissioner during normal business hours.*

Sec. 152. [116J.8766] [CLAIMS BY LENDER TO RESERVE FUND.]

*Subdivision 1.* [CLAIM PROCESS.] *(a) If the lender charges off all or part of an enrolled loan, the lender may file a claim with the commissioner. The claim must be filed contemporaneously with the charge-off.*

*(b) The lender's claim may include, in addition to the amount of principal charged off plus accrued interest, one-half of the documented out-of-pocket expenses incurred in pursuing its collection efforts, including preservation of collateral. The amount of principal and accrued interest included in the claim may not exceed the principal amount covered under the program upon enrollment, plus accrued interest attributable to the covered principal amount.*

*(c) The lender shall determine when and how much to charge off on an enrolled loan in a manner consistent with its normal method for making these determinations on similar loans which are not enrolled loans.*

*(d) If the lender files two or more claims contemporaneously and there are insufficient funds in its reserve fund at that time to cover the entire amount of the claims, the lender may designate the order of priority in which the commissioner shall pay the claims.*

*Subd. 2.* [DISBURSEMENT OF RESERVE FUND.] *(a) Upon receipt by the commissioner of a claim filed by the lender, the commissioner shall, within ten business days, pay or authorize the lender to withdraw from the reserve fund the amount of the claim as submitted, unless the information provided by the lender was known by the lender to be false at the time the loan was filed for enrollment. No other violation of sections 146 to 155 or the agreement is grounds for denial of a claim.*

*(b) If there is insufficient money in the reserve fund to cover the entire amount of the lender's claim, the commissioner shall pay to the lender or authorize the lender to withdraw an amount equal to the current balance in the reserve fund and the following shall apply:*

*(1) If the enrolled loan for which the claim has been filed is not an early loan, the payment fully satisfies the claim, and the lender has no right to receive any further amount from the reserve fund with respect to that claim.*

*(2) If the loan is an early loan, the partial payment does not satisfy the lender's claim, and at any time that the remaining balance of the claim is not greater than 75 percent of the balance in the reserve fund at the time of the loss, the commissioner, upon request of the lender, shall pay the remaining balance of the claim.*

*Subd. 3.* [RECOVERY BY LENDER SUBSEQUENT TO CLAIM.] *If, subsequent to payment of a claim by the commissioner, the lender recovers from a borrower any amount for which payment of the claim was made, the lender shall promptly pay to the commissioner for deposit in the reserve fund the amount recovered, less one-half of any documented out-of-pocket expenses incurred. The lender need pay to the commissioner for deposit in the reserve fund only amounts in excess of the amount of recovery needed to fully cover the lender's loss on an enrolled loan.*

*For the purposes of this subdivision and section 153, the lender's loss on an enrolled loan includes any losses on the loan including principal, accrued interest, and one-half of the documented out-of-pocket expenses attributable to principal amounts in excess of the amount covered under the program or the principal amount included in the claim.*

Sec. 153. [116J.8767] [SUBROGATION OF CLAIMS.]

*Subdivision 1.* [LIMITATION.] *The commissioner may exercise the right of subrogation under this section if the commissioner determines, in the commissioner's discretion, that the lender has not exercised reasonable care and diligence in its collection activities with respect to the loan or that there is a reasonable basis for believing that the lender will not exercise reasonable care and diligence in the future with respect to the collection activities.*

*Subd. 2.* [ASSIGNMENT OF RIGHTS.] *If the payment of a claim has fully covered the lender's loss on an enrolled loan, or if the payment of a claim when combined with any recovery from the borrower has fully covered the lender's loss, the commissioner, upon request, is subrogated to the rights of the lender with respect to any collateral, security, or other right of recovery in connection with the loan that has not been realized by the lender. The lender thereafter shall assign to the commissioner any right, title, or interest to any collateral, security, or other right of recovery in connection with the loan.*

*Subd. 3.* [LENDER OBLIGATIONS.] *If an assignment has been made, the commissioner is not required to undertake any obligations of the lender under its loan documents, except for any obligations directly related to the commissioner's assigned rights of recovery in connection with the loan. The lender shall fulfill any other obligations it may have under the loan documents in the same manner and to the same degree as required had the assignment not been made. The lender shall provide the commissioner with all reasonable assistance the commissioner requests in proceeding with respect to any collateral, security, or other right of recovery, except*

*that the lender need not incur any out-of-pocket expenses.*

*Subd. 4.* [PAYMENT OF LENDER'S LOSS.] *If the commissioner decides to exercise the right of subrogation in connection with an enrolled loan and would be entitled to exercise the right except for the fact that the lender's loss has not been fully covered, the commissioner may pay from money in the reserve fund an amount sufficient to fully cover the lender's loss even though the payment may cover a principal amount not covered under the program or not included in the lender's claim. Upon making the payment, the commissioner is subrogated to the rights of the lender.*

*Subd. 5.* [RECOVERED FUNDS.] *Any money received by the commissioner as a result of enforcement actions taken with respect to any collateral, security, or other rights of recovery must be promptly deposited by the commissioner in the reserve fund, less any out-of-pocket expenses incurred by the commissioner in taking such enforcement actions.*

Sec. 154. [116J.8768] [EXCESS RESERVE FUNDS.]

*Subdivision 1.* [REPORTS.] *The lender shall file quarterly reports with the commissioner indicating the number and aggregate outstanding balance of all enrolled loans as of the end of each quarter. A quarterly report is not required for any quarter that ends with a balance in the reserve fund of zero, except that a calendar year-end report must be filed. In computing the aggregate outstanding balance of all enrolled loans, the balance of any loan may not be greater than the covered amount of the loan as enrolled.*

*Subd. 2.* [WITHDRAWAL OF EXCESS RESERVE FUNDS.] *(a) If reports filed under this section indicate that for the immediately preceding 24-month period the balance in the reserve fund continually exceeded the aggregate outstanding balance of all enrolled loans, the commissioner may withdraw from the reserve fund, on or before the last day of the month for which a report is due, an amount not greater than the amount by which the reserve fund balance exceeded the aggregate outstanding balance of all enrolled loans as of the most recent report, unless the lender has provided to the commissioner adequate documentation that at some time during that 24-month period the aggregate outstanding balance of all enrolled loans exceeded the balance then in the reserve fund. Any amounts withdrawn from the reserve fund must be transferred to the account.*

336.9-403 [WHAT CONSTITUTES FILING; DURATION OF FILING; EFFECT OF LAPSED FILING; DUTIES OF FILING OFFICER.]

(1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this article.

(2) Except as provided in subsection (6) a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period, whichever occurs later regardless of whether the financing statement filed as to that security interest is destroyed by the filing officer pursuant to subsection (3). Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six months prior to the expiration of the five-year period specified in subsection (2). Any such continuation statement must be signed by the secured party, set forth the name and address of the debtor and secured party as those items appear on the original financing statement or the most recently filed amendment, identify the original statement by file number and filing date, and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 336.9-405, including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if the officer has retained a microfilm or other photographic record, or in other cases after one year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if the officer physically destroys the financing statements of a period more than five years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained. If insolvency proceedings are commenced by or against the debtor, the secured party shall notify the filing officer both upon commencement and termination of the proceedings, and the filing officer shall not destroy any financing statements filed with respect to the debtor until termination of the insolvency proceedings. The security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period, whichever occurs later.

(4) Except as provided in subsection (7) a filing officer shall mark each

statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5) The secretary of state shall prescribe uniform forms for statements and samples thereof shall be furnished to all filing officers in the state. The uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement or for a continuation statement shall be ~~$5~~ *$7* if the statement is in the standard form prescribed by the secretary of state and otherwise shall be $10, plus in each case, if the financing statement is subject to subsection (5) of section 336.9-402, $5. An additional fee of ~~$5~~ *$7* shall be collected if more than one name is required to be indexed or if the secured party chooses to show a trade name for any debtor listed. ~~There shall be no~~ *The uniform* fee collected for the filing of an amendment to a financing statement if the amendment is in the standard form prescribed by the secretary of state and does not add additional debtor names to the financing statement *shall be $7*. The fee for an amendment adding additional debtor names shall be ~~$5~~ *$14* if the amendment is in the form prescribed by the secretary of state and, if otherwise, ~~$10~~ *$17*. The fee for an amendment which is not in the form prescribed by the secretary of state but which does not add additional names shall be ~~$5~~ *$10*.

The secretary of state shall adopt rules for filing, amendment, continuation, termination, removal, and destruction of financing statements.

(6) If the debtor is a transmitting utility (subsection (5) of section 336.9-401) and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under subsection (6) of section 336.9-402 remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 336.9-103, or is filed as a fixture filing, it shall be filed for record and the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if the secured party were the mortgagee thereunder, or, for filing offices other than the secretary of state, where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described. If requested of the filing officer on the financing statement, a financing statement filed for record as a fixture filing in the same office where nonfixture filings are made is effective, without a dual filing, as to collateral listed thereon for which filing is required in such office pursuant to section 336.9-401 (1) (a); in such case, the filing officer shall also index the recorded statement in accordance with subsection (4) using the recording data in lieu of a file number.

(8) The fees provided for in this article shall supersede the fees for similar services otherwise provided for by law except in the case of security interests filed in connection with a certificate of title on a motor vehicle.

Sec. 216. Minnesota Statutes 1988, section 336.9-405, is amended to read:

336.9-405 [ASSIGNMENT OF SECURITY INTEREST; DUTIES OF FILING OFFICER; FEES.]

(1) A financing statement may disclose an assignment of a security interest in the collateral described in the financing statement by indication in the financing statement of the name and address of the assignee or by an assignment itself or a copy thereof on the face of the statement. On presentation to the filing officer of such a financing statement the filing officer shall mark the same as provided in section 336.9-403(4). The uniform fee for filing, indexing, and furnishing filing data for a financing statement so indicating an assignment shall be the same as the fee prescribed in section 336.9-403, clause (5).

(2) A secured party of record may record an assignment of all or a part of the secured party's rights under a financing statement by the filing in the place where the original financing statement was filed of a separate written statement of assignment signed by the secured party of record, setting forth the name and address of the secured party of record and the debtor as those items appear on the original financing statement or the most recently filed amendment, identifying the file number and the date of filing of the financing statement, giving the name and address of the assignee and containing a description of the collateral assigned. A copy of the assignment is sufficient as a separate statement if it complies with the preceding sentence. On presentation to the filing officer of such a separate statement, the filing officer shall mark such separate statement with the date and hour of the filing. The filing officer shall note the assignment on the index of the financing statement, or in the case of a fixture filing, or a filing covering timber to be cut, or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 336.9-103. The filing officer shall also index the assignment under the name of the assignor as grantor and, to the extent that the law of this state provides for indexing the assignment of a mortgage under the name of the assignee, index the assignment of the financing statement under the name of the assignee. The uniform fee for filing, indexing, and furnishing filing data about such a separate statement of assignment shall be ~~$5~~ *$7* if the statement is in the standard form prescribed by the secretary of state and otherwise shall be $10, plus in each case, if the original financing statement was subject to subsection (5) of section 336.9-402, the fee prescribed by section 357.18, subdivision 1, clause (1). An additional fee of ~~$5~~ *$7* shall be charged if there is more than one name against which the statement of assignment is required to be indexed. Notwithstanding the provisions of this subsection, an assignment of record of a security interest in a fixture contained in a mortgage effective as a fixture filing (subsection (6) of section 336.9-402) may be made only by an assignment of the mortgage in the manner provided by the law of this state other than Laws 1976, chapter 135.

(3) After the disclosure or filing of an assignment under this section, the assignee is the secured party of record.

Sec. 217. Minnesota Statutes 1988, section 336.9-406, is amended to read:

336.9-406 [RELEASE OF COLLATERAL; DUTIES OF FILING OFFICER; FEES.]

A secured party of record may by signed statement release all or a part of any collateral described in a filed financing statement. The statement of release is sufficient if it contains a description of the collateral being released, the name and address of the debtor and secured party as those items appear on the original financing statement or the most recently filed amendment, and identifies the original financing statement by file number and filing date. A statement of release signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 336.9-405, including payment of the required fee. Upon being presented with such a statement of release the filing officer shall mark the statement with the hour and date of filing and shall note the same upon the margin of the index of the filing of the financing statement. ~~There shall be no~~ *The uniform* fee for filing and noting such a statement of release *shall be $7* if the statement is in the standard form prescribed by the secretary of state and otherwise shall be ~~$5~~ *$10*, plus in each case, if the original financing statement was subject to subsection (5) of section 336.9-402, the fee prescribed by section 357.18, subdivision 1, clause (1).

Sec. 218. Minnesota Statutes 1988, section 336.9-407, is amended to read:

336.9-407 [INFORMATION FROM FILING OFFICER.]

(1) If the person filing any financing statement, termination statement, statement of assignment, or statement of release, furnishes the filing officer a copy thereof, the filing officer shall upon request note upon the copy the file number and date and hour of the filing of the original and deliver or send the copy to such person.

(2) Upon request of any person, the filing officer shall conduct a search of the statewide computerized uniform commercial code data base for any effective financing statements naming a particular debtor and any statement of assignment thereof. The filing officer shall report the findings as of that date and hour by issuing:

(a) a certificate listing the file number, date, and hour of each filing and the names and addresses of each secured party therein;

(b) photocopies of those original documents on file and located in the office of the filing officer; or

(c) upon request, both the certificate and the photocopies referred to in (b).

The uniform fee for conducting the search and for preparing a certificate showing up to five listed filings or for preparing up to five photocopies of original documents, or any combination of up to five listed filings and photocopies, shall be ~~$5~~ *$7* if the request is in the standard form prescribed by the secretary of state and otherwise shall be $10. Another fee, at the same rate, shall also be charged for conducting a search and preparing a certificate showing federal and state tax liens on file with the filing officer naming a particular debtor. There shall be an additional fee of 50 cents for each financing statement and each statement of assignment or tax lien listed on the certificate and for each photocopy prepared in excess of the first five. Notwithstanding the fees set in this section, a natural person who is the subject of data must, upon the person's request, be shown the data without charge, and upon request be provided with photocopies of the data

upon payment of no more than the actual cost of making the copies.

Sec. 219. Minnesota Statutes 1988, section 336.9-413, is amended to read:

336.9-413 [UNIFORM COMMERCIAL CODE ACCOUNT.]

(a) The uniform commercial code account is established as an account in the state treasury.

(b) The filing officer with whom a financing statement, *amendment,* assignment, *statement of release,* or continuation statement is filed, or to whom a request for search is made, shall collect a ~~$2~~ *$3* surcharge on each filing or search. By the 15th day following the end of each fiscal quarter, each county recorder shall forward the receipts from the surcharge accumulated during that fiscal quarter to the secretary of state. The surcharge does not apply to a search request made by a natural person who is the subject of the data to be searched except when a certificate is requested as a part of the search.

(c) The surcharge amounts received from county recorders and the surcharge amounts collected by the secretary of state's office must be deposited in the state treasury and credited to the uniform commercial code account.

(d) Fees that are not expressly set by statute but are charged by the secretary of state to offset the costs of providing a service under sections 336.9-411 to 336.9-413 must be deposited in the state treasury and credited to the uniform commercial code account.

(e) Fees that are not expressly set by statute but are charged by the secretary of state to offset the costs of providing information contained in the computerized records maintained by the secretary of state must be deposited in the state treasury and credited to the uniform commercial code account.

(f) Money in the uniform commercial code account is continuously appropriated to the secretary of state to implement and maintain the computerized uniform commercial code filing system under section 336.9-411 and to provide electronic-view-only access to other computerized records maintained by the secretary of state.

Sec. 220. Minnesota Statutes 1988, section 349.213, subdivision 1, is amended to read:

Subdivision 1. [LOCAL REGULATION.] A statutory or home rule city or county has the authority to adopt more stringent regulation of any form of lawful gambling within its jurisdiction, including the prohibition of any form of lawful gambling, and may require a permit for the conduct of gambling exempt from licensing under section 349.214. The fee for a permit issued under this subdivision may not exceed $100. The authority granted by this subdivision does not include the authority to require a license or permit to conduct gambling by organizations or sales by distributors licensed by the board. The authority granted by this subdivision does not include the authority to require an organization to make specific expenditures of more than ten percent from its net profits derived from lawful gambling. For the purposes of this subdivision, net profits are profits less amounts expended for allowable expenses. A statutory or home rule charter city or a county may not require an organization conducting lawful gambling within its jurisdiction to make an expenditure to the city or county as a condition to operate within that city or county, except as authorized under section

349.16, subdivision 4, or section 349.212.; *provided, however, that an ordinance requirement that such organizations must contribute ten percent of their net profits derived from lawful gambling to a fund administered and regulated by the responsible local unit of government without cost to such fund, for disbursement by the responsible local unit of government of the receipts for lawful purposes, is not considered an expenditure to the city or county nor a tax under section 349.212, and is valid and lawful.*

Sec. 221. Minnesota Statutes 1988, section 361.03, is amended by adding a subdivision to read:

*Subd. 3a.* [WATERCRAFT SURCHARGE.] *A surcharge of $2 is placed on each watercraft licensed under subdivision 3, that is 17 feet in length or longer, for management of purple loosestrife and Eurasian water milfoil according to law.*

*(6) other information required by the commissioner.*

*Subd. 3.* [SALE OF NEW WATERCRAFT.] *A dealer selling or exchanging a new titled watercraft, before delivering the watercraft to a purchaser, shall apply to the commissioner for a new title in the name of the purchaser. The application must contain the name and address of any secured party holding a security interest created or reserved at the time of sale and the date of the security agreement and must be accompanied by a manufacturer's or importer's certificate of origin. The application must be signed by the dealer and the owner, and the dealer shall promptly mail or deliver the application to the commissioner or a deputy registrar.*

*Subd. 4.* [USED WATERCRAFT ACQUIRED FOR RESALE.] *(a) If a dealer buys or acquires a used titled watercraft for resale, the dealer must apply to the commissioner or deputy registrar and obtain a title number before selling or exchanging the watercraft in the same manner as a new watercraft on forms the commissioner provides or apply for and obtain a certificate of title.*

*(b) If a dealer acquires a used titled watercraft for resale and the watercraft is covered by a certificate of title that is surrendered to the dealer by the owner at the time of delivery of the watercraft, the dealer need not send the certificate of title to the commissioner. Upon transferring the watercraft to another person, the dealer must promptly execute the assignment, showing the name and address of the person to whom the watercraft is transferred and forward the certificate to the commissioner or deputy registrar with the application for a new certificate of title.*

*Subd. 5.* [WATERCRAFT WITH FOREIGN REGISTRATION.] *(a) Except as provided in paragraph (b), an application for a certificate of title for a watercraft last registered in another state or foreign country must contain or be accompanied by:*

*(1) a certificate of title or registration issued by the other state or foreign country; and*

*(1) a proper bill of sale or sworn statement of ownership, certificate of registration, or evidence of ownership as required by the law of the state or foreign country; and*

*(2) any other information or documents the commissioner requires to establish the ownership of the watercraft and the existence or nonexistence of security interests.*

Sec. 226. [361A.05] [TRANSFER BY OWNER.]

Section 1. [STATEMENT OF PURPOSE.]

*During recent years the state of Minnesota has experienced a significant increase in the number of special revenue accounts and funds that has created a large base of nongeneral fund budget activities. The resulting structure is complicated and at best difficult for the legislature to exercise adequate legislative oversight of. Executive branch agencies are also being faced with increased administrative costs and programmatic restrictions because of the growing number of special revenue funds and accounts. This article is an attempt to simplify the existing accounting structure and develop an accounting organizational structure that is reflective of agency functional organizations.*

*The consolidations in this article are not intended to restructure programs within agencies by reducing the number of special revenue accounts and funds. Fund consolidation in this article shall not be accomplished at the expense of those user groups who pay fees to the current special revenue accounts and funds. Fees currently being paid shall continue to be used for the purposes for which the fees were created.*

Sec. 2. Minnesota Statutes 1988, section 6.48, is amended to read:

6.48 [EXAMINATION OF COUNTIES; COST, FEES.]

All the powers and duties conferred and imposed upon the state auditor shall be exercised and performed by the state auditor in respect to the offices, institutions, public property, and improvements of several counties of the state. At least once in each year, if funds and personnel permit, the state auditor shall visit, without previous notice, each county and make a thorough examination of all accounts and records relating to the receipt and disbursement of the public funds and the custody of the public funds, including the game and fish funds, and other property. The state auditor shall prescribe and install systems of accounts and financial reports that shall be uniform, so far as practicable, for the same class of offices. A copy of the report of such examination shall be filed and be subject to public inspection in the office of the state auditor and another copy in the office of the auditor of the county thus examined. The state auditor may accept the records and audit, or any part thereof, of the department of human services in lieu of examination of the county social welfare funds, if such audit has been made within any period covered by the state auditor's audit of the other records of the county. If any such examination shall disclose malfeasance, misfeasance, or nonfeasance in any office of such county, such report shall be filed with the county attorney of the county, and the county attorney shall institute such civil and criminal proceedings as the law and the protection of the public interests shall require.

The county receiving such examination, and the division of game and fish of the department of natural resources of the state of Minnesota, in the case of the examination of the game and fish funds, shall pay to the state ~~auditor's revolving~~ *general* fund, notwithstanding the provisions of section 16A.125, the total cost and expenses of such examinations, including the salaries paid to the examiners while actually engaged in making such examination. The state auditor on deeming it advisable may bill counties, having a population of 200,000 or over, monthly for services rendered and the officials responsible for approving and paying claims shall cause said bill to be promptly paid. The ~~revolving~~ *general* fund ~~of the state auditor~~ shall be credited with all collections made for any such examinations.

Sec. 3. Minnesota Statutes 1988, section 6.56, is amended to read:

6.56 [COST OF EXAMINATION, PAYMENT.]

Upon the examination of the books, records, accounts, and affairs of any county, city, town, or school district, as provided by law, such county, city, town, or school district shall be liable to the state for the total cost and expenses of such examination, including the salaries paid to the examiners while actually engaged in making such examination. The state auditor may bill such county, city, town, or school district monthly for service rendered and the officials responsible for approving and paying claims are authorized to pay said bill promptly. Said payments shall be without prejudice to any defense against said claims that may exist or be asserted. The ~~revolving~~ *general* fund ~~of the state auditor~~ shall be credited with all collections made for any such examinations.

Sec. 4. Minnesota Statutes 1988, section 6.58, is amended to read:

6.58 [~~REVOLVING~~ *GENERAL* FUND.]

The ~~revolving~~ *general* fund ~~established by Laws 1947, chapter 634, section 24,~~ shall be used to provide personnel, pay other expenses, and for the acquisition of equipment used in connection with reimbursable examinations and other duties pursuant to law. When full-time personnel are not available, the state auditor may contract with private persons, firms, or corporations for accounting and other technical services. Notwithstanding any law to the contrary, the acquisition of equipment may include duplicating equipment to be used in producing the reports issued by the department. All receipts from such reimbursable examinations shall be deposited in the *general* fund ~~and are hereby reappropriated to that purpose~~. The state auditor is directed to adjust the schedule of charges for such examinations to provide that such charges shall be sufficient to cover all costs of such examinations and that the aggregate charges collected shall be sufficient to pay all salaries and other expenses including charges for the use of the equipment used in connection with such reimbursable examinations and including the cost of contracting for accounting and other technical services. The schedule of charges shall be based upon an estimate of the cost of performing reimbursable examinations including, but not limited to, salaries, office overhead, equipment, authorized contracts, and other expenses. The state auditor may allocate a proportionate part of the total costs to an hourly or daily charge for each person or class of persons engaged in the performance of an examination. The schedule of charges shall reflect an equitable charge for the expenses incurred in the performance of any given examination. The state auditor shall review and adjust the schedule of charges for such examinations at least annually and have all schedules of charges approved by the commissioner of finance before

they are adopted so as to insure that the amount collected shall be sufficient to pay all the costs connected with such examinations during the fiscal year ~~and that the unobligated balance, including accounts receivable, in the revolving fund at the end of each fiscal year shall not be less than $315,000. The unobligated balance in the revolving fund in excess of $350,000, as of June 30 of each fiscal year, shall be canceled into the general fund~~.

Sec. 5. Minnesota Statutes 1988, section 8.31, subdivision 2c, is amended to read:

Subd. 2c. [CONSUMER EDUCATION ~~ACCOUNT~~ *FUND.*] If a court of competent jurisdiction finds that a sum recovered under this section for the benefit of injured persons cannot reasonably be distributed to the victims, because the victims cannot readily be located or identified, or because the cost of distributing the money would outweigh the benefit to the victims, then the court may order that the money be paid into ~~a consumer education account~~ *the general fund*. All sums recovered must be deposited into the state treasury and credited to the ~~consumer education account~~ *general fund*. ~~The money credited to the account may be expended only as appropriated by law for the following purposes:~~

Subd. 3. [INJUNCTIVE RELIEF.] In addition to the penalties provided by law for violation of the laws referred to in subdivision 1, specifically and generally, whether or not injunctive relief is otherwise provided by law, the courts of this state are vested with jurisdiction to prevent and restrain violations of those laws, to require the payment of civil penalties, to require payment into ~~a consumer education account~~ *the general fund*, and to appoint administrators as provided in subdivision 3C. On becoming satisfied that any of those laws has been or is being violated, or is about to be violated, the attorney general shall be entitled, on behalf of the state; (a) to sue for and have injunctive relief in any court of competent jurisdiction against any such violation or threatened violation without abridging the penalties provided by law; and (b) to sue for and recover for the state, from any person who is found to have violated any of the laws referred to in subdivision 1, a civil penalty, in an amount to be determined by the court, not in excess of $25,000. All sums recovered by the attorney general under this section shall be deposited in the general fund ~~of the state treasury, but sums recovered and deposited pursuant to subdivision 2C must be credited to a consumer education account as provided in subdivision 2C~~.

Said standards of performance for new sources shall encompass those standards for the control of the discharge of pollutants which reflect the greatest degree of effluent reduction which the agency determines to be achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, where practicable, a standard permitting no discharge of pollutants. New sources shall encompass buildings, structures, facilities, or installations from which there is or may be the discharge of pollutants, the construction of which is commenced after the publication by the agency of proposed rules prescribing a standard of performance which will be applicable to such source. Notwithstanding any other provision of the law of this state, any point source the construction of which is commenced after May 20, 1973 and which is so constructed as to meet all applicable standards of performance for new sources shall, consistent with and subject to the provisions of section 306(d) of the Amendments of 1972 to the Federal Water Pollution Control Act, not be subject to any more stringent standard of performance for new sources during a ten-year period beginning on the date of completion of such construction or during the period of depreciation or amortization of such facility for the purposes of section 167 or 169, or both, of the Federal Internal Revenue Code of 1954, whichever period ends first. Prior to establishment of any such effluent limitation, the agency shall hold a public hearing to determine the relationship of the economic and social costs of achieving such limitation or limitations, including any economic or social dislocation in the affected community or communities, to the social and economic benefits to be obtained and to determine whether or

not such effluent limitation can be implemented with availabie technology or other alternative control strategies. If a person affected by such limitation demonstrates at such hearing that, whether or not such technology or other alternative control strategies are available, there is no reasonable relationship between the economic and social costs and the benefits to be obtained, such limitation shall not become effective and shall be adjusted as it applies to such person;

(9) Modifying, in its discretion, any requirement or limitation based upon best available technology with respect to any point source for which a permit application is filed after July 1, 1977 upon a showing by the owner or operator of such point source satisfactory to the agency that such modified requirements will represent the maximum use of technology within the economic capability of the owner or operator and will result in reasonable further progress toward the elimination of the discharge of pollutants;

Sec. 99. Minnesota Statutes 1988, section 609.101, is amended to read:

609.101 [SURCHARGE ON FINES, ASSESSMENTS; MINIMUM FINES.]

Subdivision 1. [SURCHARGES AND ASSESSMENTS.] When a court sentences a person convicted of a felony, gross misdemeanor, or misdemeanor, other than a petty misdemeanor such as a traffic or parking violation, and if the sentence does not include payment of a fine, the court shall impose an assessment of not less than $25 nor more than $50. If the sentence for the felony, gross misdemeanor, or misdemeanor includes payment of a fine of any amount, including a fine of less than $100, the court shall impose a surcharge on the fine of ten percent of the fine. This section applies whether or not the person is sentenced to imprisonment and when the sentence is suspended. The court may not waive payment or authorize payment of the assessment or surcharge in installments unless it makes written findings on the record that the convicted person is indigent or that the assessment or surcharge would create undue hardship for the convicted person or that person's immediate family. If the court fails to waive or impose an assessment required by this section, the court administrator shall correct the record to show imposition of an assessment of $25 if the sentence does not include payment of a fine, or if the sentence includes a fine, to show an imposition of a surcharge of ten percent of the fine.

Except for assessments and surcharges imposed on persons convicted of violations described in section 97A.065, subdivision 2, the court shall collect and forward to the commissioner of finance the total amount of the assessment or surcharge and the commissioner shall credit all money so forwarded to ~~a crime victim and witness account, which is established as a special account in the state treasury~~ *the general fund.*

~~Money credited to the crime victim and witness account may be appropriated for but is not limited to the following purposes:~~

~~(1) use for crime victim reparations under sections 611A.51 to 611A.68;~~

~~(2) use by the crime victim and witness advisory council established under section 611A.71; and~~

~~(3) to supplement the federally funded activities of the crime victim ombudsman under section 611A.74.~~

If the convicted person is sentenced to imprisonment, the chief executive officer of the correctional facility in which the convicted person is incarcerated may collect the assessment or surcharge from any earnings the inmate accrues for work performed in the correctional facility and forward the amount to the commissioner of finance, indicating the part that was imposed for violations described in section 97A.065, subdivision 2, which must be credited to the game and fish fund.

Subd. 2. [MINIMUM FINES.] Notwithstanding any other law:

(1) when a court sentences a person convicted of violating section 609.221, 609.267, or 609.342, it must impose a fine of not less than $500 nor more than the maximum fine authorized by law;

(2) when a court sentences a person convicted of violating section 609.222, 609.223, 609.2671, 609.343, 609.344, or 609.345, it must impose a fine of not less than $300 nor more than the maximum fine authorized by law; and

(3) when a court sentences a person convicted of violating section 609.2231, 609.224, or 609.2672, it must impose a fine of not less than $100 nor more than the maximum fine authorized by law.

The court may not waive payment of the fine or authorize payment of it in installments unless the court makes written findings on the record that the convicted person is indigent or that the fine would create undue hardship for the convicted person or that person's immediate family.

The court shall collect the minimum fine mandated by this subdivision and forward 70 percent of it to a local victim assistance program that provides services locally in the county in which the crime was committed. The court shall forward the remaining 30 percent to the commissioner of finance to be credited to the ~~crime victim and witness account established in subdivision 1~~ *general fund*. If more than one victim assistance program serves the county in which the crime was committed, the court may designate on a case-by-case basis which program will receive the fine proceeds, giving consideration to the nature of the crime committed, the types of victims served by the program, and the funding needs of the program. If no victim assistance program serves that county, the court shall forward 100 percent of the fine proceeds to the commissioner of finance to be credited to the ~~crime victim and witness account~~ *general fund*. Fine proceeds received by a local victim assistance program must be used to provide direct services to crime victims. ~~Fine proceeds credited to the crime victim and witness account may be appropriated to the crime victim and witness advisory council, and the council may use all or part of the proceeds for the purpose of providing grants to establish new victim assistance programs.~~

The minimum fine required by this subdivision is in addition to the surcharge or assessment required by subdivision 1 and is in addition to any term of imprisonment or restitution imposed or ordered by the court.

As used in this subdivision, "victim assistance program" means victim witness programs within county attorney offices or any of the following programs approved by the department of corrections: crime victim crisis centers, victim-witness programs, battered women shelters and nonshelter programs, and sexual assault programs.

The remaining ten percent of the money or proceeds must be forwarded

within 60 days after resolution of the forfeiture to the state treasury and credited to the ~~crime victim and witness account established under section 609.101~~ *general fund*. Any local police relief association organized under chapter 423, which received or was entitled to receive the proceeds of any sale made under this section before the effective date of Laws 1988, chapter 665, sections 1 to 17, shall continue to receive and retain the proceeds of these sales.

Sec. 102. Minnesota Statutes 1988, section 626.861, subdivision 3, is amended to read:

Subd. 3. [COLLECTION BY COURT.] After a determination by the court of the amount of the fine or penalty assessment due, the court administrator shall collect the appropriate penalty assessment and transmit it to the county treasurer separately with designation of its origin as a penalty assessment, but with the same frequency as fines are transmitted. Amounts collected under this subdivision shall then be transmitted to the state treasurer for deposit in the general fund ~~for peace officers training, in the same manner as fines collected for the state by a county~~. The state treasurer shall identify and report to the commissioner of finance all amounts deposited in the general fund under this section.

Sec. 103. Minnesota Statutes 1988, section 626.861, subdivision 4, is amended to read:

*of the eligible cost for municipalities with populations of 25,000 or less. Financial assistance may be provided by the public facilities authority through a combination of low interest loans under the state revolving fund under chapter 446A, independent state grants, and other financial assistance available to the municipality.* The ~~Minnesota~~ public facilities authority may award independent grants for projects certified by the state pollution control commissioner for ~~50~~ *35* percent or, if the population of the municipality is 25,000 or less, ~~80~~ *65* percent of the eligible cost of construction. These grants may be awarded in separate steps for planning and design in addition to actual construction. ~~Until December 31, 1990,~~ Not more than ~~20 percent~~ *$2,000,000* of the total amount of grants awarded under this subdivision in any single fiscal year may be awarded to a single grantee.

(b) Up to ~~ten percent~~ *$1,000,000* of the money to be awarded as grants under this subdivision in any single fiscal year shall be set aside for municipalities having substantial economic development projects that cannot come to fruition without municipal wastewater treatment improvements. The agency shall forward its municipal needs list to the authority at the beginning of each fiscal year, and the authority shall review the list and identify those municipalities having substantial economic development projects. After the ~~first 90 percent of the total~~ available money is allocated to municipalities in accordance with agency priorities, the set-aside shall be used by the authority to award grants to remaining municipalities that have been identified.

(c) Grants may also be awarded under this subdivision to reimburse municipalities willing to proceed with projects and be reimbursed in a subsequent year ~~conditioned upon appropriation of sufficient money under subdivision 1 for that year~~ *at the grant percentage determined in paragraph (a).*

(d) ~~A municipality that applies for a state independent grant to be reimbursed for a project must receive an additional five percent of the total eligible cost of construction beyond the normal percentage to which the municipality is entitled under paragraph (a).~~ *Municipalities that entered into an intent to award agreement with the agency under paragraph (c), in the state fiscal years 1985 to 1988, will be reimbursed at 55 percent or, if the population of the municipality is 25,000 or less, 85 percent of the eligible cost of construction.*

Federal and state eligibility requirements for determining the amount of grant dollars to be awarded to a municipality are not applicable to municipalities awarded capital cost component grants. Sec. 4. Minnesota Statutes 1988, section 469.152, is amended to read:

469.152 [PURPOSES.]

The welfare of the state requires the active promotion, attraction, encouragement, and development of economically sound industry and commerce through governmental action for the purpose of preventing the emergence of blighted and marginal lands and areas of chronic unemployment. It is the policy of the state to facilitate and encourage action by local government units to prevent the economic deterioration of such areas to the point where the process can be reversed only by total redevelopment through the use of local, state, and federal funds derived from taxation, necessitating relocating displaced persons and duplicating public services in other areas. By the use of the powers and procedures described in sections 469.152 to 469.165, local government units and their agencies and authorities responsible for redevelopment and economic development may prevent occurrence of conditions requiring redevelopment, or aid in the redevelopment of existing areas of blight, marginal land, and avoidance of substantial and persistent unemployment.

The welfare of the state further requires the provision of necessary health care facilities, so that adequate health care services are available to residents of the state at reasonable cost. The welfare of the state further requires the provision of county jail facilities for the purpose of providing adequately for the care, control, and safeguarding of civil rights of prisoners. The welfare of the state requires that, whenever feasible, employment opportunities made available in part by sections 469.152 to 469.165 or other state law providing for similar financing mechanisms should be offered to individuals who are unemployed or who are economically disadvantaged.

*The welfare of the state further requires that, whenever feasible, action should be taken to reduce the cost of borrowing by local governments for public purposes.*

The certificates or notes shall be payable in not more than five years and shall be issued on such terms and in such manner as the council may determine, and for this purpose the council may secure payment of the certificates or notes by resolution or by trust indenture entered into by the council with a corporate trustee within or outside the state, and by a mortgage in the equipment financed. The total principal amount of the notes or certificates issued in a fiscal year should not exceed one-half of one percent of the tax capacity of the metropolitan area for that year. The full faith and credit of the council shall be pledged to the payment of the certificates or notes, and a tax levy shall be made for the payment of the principal and interest on the certificates or notes, in accordance with section 475.61, as in the case of bonds issued by a municipality. The proceeds of the bonds may be used to pay credit enhancement fees.*

*(b) The bonds may be secured by a bond resolution, or a trust indenture entered into by the council with a corporate trustee within or outside the state, which shall define the revenues and bond proceeds pledged for the payment and security of the bonds. The pledge shall be a valid charge on the revenues received under section 473.517. No mortgage of or security interest in any tangible real or personal property shall be granted to the bondholders or the trustee, but they shall have a valid security interest in the revenues and bond proceeds received by the council and pledged to the payment of the bonds as against the claims of all persons in tort, contract, or otherwise, irrespective of whether such parties have notice thereof and without possession or filing as provided in the uniform commercial code or any other law, subject, however, to the rights of the holders of any general obligation bonds issued under subdivision 3. In the bond resolution or trust indenture, the council may make such covenants as it determines to be reasonable for the protection of the bondholders, including a covenant to issue general obligation bonds to refund the revenue bonds if and to the extent required to pay principal and interest on the bonds and to certify a deficiency tax levy as provided in section 473.521, subdivision 4.*

*(c) Neither the council, nor any council member, officer, employee, or agent of the council, nor any person executing the bonds shall be liable personally on the bonds by reason of their issuance. Taxes levied for the payment of the bonds and interest shall not reduce the amounts of other taxes which the county is authorized by law to levy. The proceeds of the bonds may be used in part to establish a reserve as further security for the payment of the principal and interest of the bonds when due. ~~Revenue~~ Bonds issued pursuant to this section may be sold at public or private sale upon such conditions as the county board shall determine, but any bonds *issued after May 22, 1991,* to which the full faith and credit and taxing powers of the county are pledged shall be sold in accordance with the provisions of chapter 475. Notice of the call of any prepayable obligation shall be published in a daily or weekly periodical published in a Minnesota city of the first class, or its metropolitan area, which circulates throughout the state and furnishes financial news as a part of its service; *provided that published notice of the call need not be given if the obligation is in registered form and notice has been mailed to the registered holder*

*of the obligation.* When any such obligation has been validly called for redemption in accordance with its terms, and the principal thereof and all interest thereon to the date of redemption have been paid or deposited with the paying agent, interest thereon shall cease; provided that no obligation issued subsequent to July 1, 1967, shall be deemed validly called for redemption unless the notice herein required has been published *or so mailed* prior to the date fixed for its redemption. *If actual notice of the call has been given through a different means of communication, the holder of an obligation may waive published or mailed notice.*

For purposes of chapter 475, the outstanding amount of the municipality's obligations payable in a foreign currency is the principal component of all remaining payments to be made by the municipality in United States currency under the agreement and the amount or rate of interest on the obligations is the interest component of the payments.*

Sec. 6. [40.46] [RESERVATION OF MARGINAL LAND AND WETLANDS.]

*Subdivision 1.* [RESERVATION OF MARGINAL LAND AND WETLANDS.] *Notwithstanding any other law, marginal land and wetlands are withdrawn from sale by the state unless use of the marginal land or wetland is restricted by a conservation easement as provided in this section. *Subd. 2.* [DELINEATION OF WETLAND OR MARGINAL LAND.] *(a) Before state land is sold, the land must be submitted to the board of water and soil resources to determine and delineate the marginal land and wetlands to be reserved or restricted by a conservation easement. The delineation of the reservation or conservation easement need not be by legal description and may be a description in general terms that identifies the marginal land or wetlands.*

*(b) Marginal land and wetlands may not be sold unless restricted by a conservation easement with the restrictions provided in section 40.43, subdivision 4, paragraphs (a) and (c), and other restrictions determined necessary by the board of water and soil resources.*

*Subd. 3.* [SCHOOL TRUST LAND.] *If the sale of school trust land as defined in section 92.025 is restricted by a conservation easement and the restriction results in a reduction of the amount received from the sale, the commissioner of natural resources must determine the amount of the reduction. The amount of the reduction in sale price must be paid from appropriations to acquire conservation easements and shall be credited to the account to which the proceeds from the sale are credited.*

*Subd. 4.* [RELEASE AND ALTERATION OF CONSERVATION EASEMENT.] *The board of water and soil resources may alter, release, or terminate a conservation easement created under this section after consultation with the commissioners of agriculture and natural resources. The authority having jurisdiction over the timber on any such lands may sell the timber as otherwise provided by law for cutting and removal under such conditions as the authority may prescribe in accordance with approved, sustained yield forestry practices. May 22, 1989

The Honorable Robert Vanasek
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H.F. No. 1532, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 1532 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [216B.095] [DISCONNECTION DURING COLD WEATHER.]

*The commission shall amend its rules governing disconnection of residential utility customers who are unable to pay for utility service during*

*cold weather to include the following:*

*(1) coverage of customers whose household income is less than 185 percent of the federal poverty level;*

*(2) a requirement that a customer who pays the utility at least ten percent of the customer's income or the full amount of the utility bill, whichever is less, in a cold weather month cannot be disconnected during that month;*

*(3) that the ten percent figure in clause (2) must be prorated between energy providers proportionate to each provider's share of the customer's total heating energy costs where the customer receives service from more than one provider;*

*(4) that a customer's household income does not include any amount received for energy assistance;*

*(5) verification of income by the local energy assistance provider, unless the customer is automatically eligible as a recipient of any form of public assistance, including energy assistance, that uses income eligibility in an amount at or below the income eligibility in clause (1); and*

*(6) a requirement that the customer receive, from the local energy assistance provider or other entity, budget counseling and referral to weatherization, conservation, or other programs likely to reduce the customer's consumption of energy.*

*For the purpose of clause (2), the "customer's income" means the actual monthly income of the customer except for a customer who is normally employed only on a seasonal basis and whose annual income is over 135 percent of the federal poverty level, in which case the customer's income is the average monthly income of the customer computed on an annual calendar year basis.*

Sec. 2. Minnesota Statutes 1988, section 216B.241, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision shall have the meanings given them:

(a) "Commission" means the public utilities commission, department of public service;

(b) *"Department" means the department of public service;*

*(c)* "Energy conservation improvement" means the purchase or installation of any device, method or material that increases the efficiency in the use of electricity or natural gas including, but not limited to:

(1) insulation and ventilation;

(2) storm or thermal doors or windows;

(3) caulking and weatherstripping;

(4) furnace efficiency modifications;

(5) thermostat or lighting controls;

(6) awnings; or

(7) systems to turn off or vary the delivery of energy. The term "energy conservation improvement" includes any device or method which creates, converts or actively uses energy from renewable sources such as solar, wind

and biomass providing such device or method conforms with national or state performance and quality standards whenever applicable.

~~(c)~~ *(d)* "Investments and expenses of a public utility" includes the investments and expenses incurred by a public utility in connection with an energy conservation improvement including, but not limited to:

(1) the differential in interest cost between the market rate and the rate charged on a no interest or below market interest loan made by a public utility to a customer for the purchase or installation of an energy conservation improvement;

(2) the difference between the utility's cost of purchase or installation of energy conservation improvements and any price charged by a public utility to a customer for such improvements.

~~(d)~~ *(e)* "Public utility" has the same meaning as given that term in section 216B.02, subdivision 4. For the purposes of this section, "public utility" shall not include cooperative electric associations that become subject to rate regulation after April 16, 1980.

Sec. 3. Minnesota Statutes 1988, section 216B.241, subdivision 2, is amended to read:

Subd. 2. [PROGRAMS.] The ~~commission~~ *department* may ~~order~~ *by rule require* public utilities to make investments and expenditures in energy conservation improvements, explicitly setting forth the interest rates, prices, and terms under which the improvements ~~shall~~ *must* be offered to the customers. *The required programs must cover a two-year period.* The ~~commission~~ *department* shall ~~order~~ *require* at least one public utility to establish a pilot program to make investments in and expenditures for energy from renewable resources such as solar, wind, or biomass. The ~~commission~~ *department* shall evaluate the program on the basis of cost-effectiveness and the reliability of technologies employed. The ~~order~~ *rules* of the ~~commission shall~~ *department must* provide to the extent practicable for a free choice, by consumers participating in the program, of the device, method, or material constituting the energy conservation improvement and for a free choice of the seller, installer, or contractor of the energy conservation improvement, provided that the device, method, material, seller, installer, or contractor is duly licensed, certified, approved, or qualified, including under the residential conservation services program, where applicable. The ~~commission~~ *department* may ~~order~~ *require* a utility to make an energy conservation improvement investment or expenditure whenever the ~~commission~~ *department* finds that the improvement will result in energy savings at a total cost to the utility less than the cost to the utility to produce or purchase an equivalent amount of new supply of energy. The ~~commission~~ *department* shall nevertheless insure that every public utility ~~with operating revenues in excess of $50,000,000~~ operate one or more programs, under periodic review by the ~~commission~~ *department*, ~~which~~ *that* make significant investments in and expenditures for energy conservation improvements. *The department shall consider and may require a utility to undertake a program suggested by an outside source, including a political subdivision or a nonprofit or community organization.* The ~~commission~~ *department* shall ~~give special consideration to~~ *ensure that at least half the money spent on residential programs is devoted to programs that directly address* the needs of renters and low income families and individuals *unless an insufficient number of appropriate programs are available.* ~~Provisions of the previous sentences shall expire on January 1, 1993.~~ *For purposes of this*

*section, "low income" means an income less than 185 percent of the federal poverty level.* Investments and expenditures made ~~pursuant to an order shall~~ *under this subdivision must* be treated for ratemaking purposes in the manner prescribed in section 216B.16, subdivision 6b. No utility shall make an energy conservation improvement pursuant to this section to a building envelope unless it is the primary supplier of energy used for either space heating or cooling in the building *or unless the department determines that special circumstances, which would unduly restrict the availability of conservation programs, warrant otherwise. A utility, a political subdivision, or a nonprofit or community organization that has suggested a program, or the attorney general acting on behalf of consumers and small business interests, may petition the commission to modify or revoke a department decision to require a program under this subdivision, and the commission may do so if it determines that the program is ineffective, does not adequately address the needs of renters and low-income families and individuals, or is otherwise not in the public interest. The person petitioning for commission review has the burden of proof. The commission shall reject a petition that, on its face, fails to make a reasonable argument that a program is not in the public interest.*

*The commission shall allow a utility to recover expenses resulting from a conservation improvement program required by the department.*

Sec. 4. Minnesota Statutes 1988, section 216C.02, subdivision 1, is amended to read:

Subdivision 1. [POWERS.] *(a)* The commissioner may:

(1) apply for, receive, and spend money received from federal, municipal, county, regional, and other government agencies and private sources;

(2) apply for, accept, and disburse grants and other aids from public and private sources;

(3) contract for professional services if work or services required or authorized to be carried out by the commissioner cannot be satisfactorily performed by employees of the department or by another state agency;

(5) upon reasonable request, distribute informational material at no cost to the public; and

Other agencies, cooperative electric associations, municipal power agencies, and political subdivisions shall cooperate with the commissioner by providing information requested by the commissioner. The commissioner may by rule require the submission of information by other program operators. The commissioner shall make the information available to other agencies and to the public and, as necessary, shall recommend to*

*the legislature changes in the laws governing conservation and other energy-related programs to ensure that:*

*(1) expenditures on the programs are adequate to meet identified needs;*

*(2) the needs of low-income energy users are being adequately addressed;*

*(3) duplication of effort is avoided or eliminated;*

*(4) a program that is ineffective is improved or eliminated; and*

*(5) voluntary efforts are encouraged through incentives for their operators.*

*The commissioner shall appoint an advisory task force to help evaluate the information collected and formulate recommendations to the legislature. The task force must include low-income energy users as defined in section 216B.241, subdivision 2.*

*(c) By January 15 of each year, the commissioner shall report to the legislature on the projected amount of federal money likely to be available to the state during the next fiscal year, including grant money and money received by the state as a result of litigation or settlements of alleged violations of federal petroleum pricing regulations. The report must also estimate the amount of money projected as needed during the next fiscal year to finance a level of conservation and other energy-related programs adequate to meet projected needs, particularly the needs of low-income persons and households, and must recommend the amount of state appropriations needed to cover the difference between the projected availability of federal money and the projected needs.*

*Notwithstanding any other law, the commissioner is designated the state agent to apply for, receive, and accept federal or other funds made available to the state for the purposes of sections 216C.05 to 216C.30.*

The city, county, or town ~~must~~ *shall* hold a public hearing, *except that a county board need not hold a hearing if the county board membership is identical to the membership of the regional railroad authority submitting the plan for review.* Within 45 days after the hearing under subdivision 2, the city, county, or town ~~must~~ *shall* review and approve or disapprove the plans for the route to be located in the city, county, or town. *A local unit of government that disapproves the plans shall describe specific amendments to the plans that, if adopted, would cause the local unit to withdraw its disapproval.* Failure to approve or disapprove the plans in writing within 45 days after the hearing is deemed to be approval, unless an extension of time is agreed to by the city, county, or town and the proposer. ~~If the preliminary design~~

~~plans are approved by each city, county, and town in which the route is proposed to be located, the proposer may proceed with final design plans under subdivision 5.~~

Sec. 5. Minnesota Statutes 1988, section 473.169, subdivision 4, is amended to read:

Subd. 13. [FINANCIAL ASSISTANCE.] The board may provide financial assistance to the commission and other providers as provided in sections 473.371 to 473.449 in furtherance of and in conformance with the implementation plan of the board. *The board may not use the proceeds of bonds issued by the council under section 473.39 to provide capital assistance to private, for-profit operators of public transit.*

Sec. 11. [473.385] [TRANSIT SERVICE AREAS.]

*Subdivision 1.* [DEFINITIONS.] *(a) "Fully developed service area" means the fully developed area, as defined in the metropolitan council's development investment framework, plus the cities of Mendota Heights, Maplewood, North St. Paul, and Little Canada.*

*(b) "Regular route transit" has the meaning given it in section 174.22, subdivision 8, except that, for purposes of this section, the term does not include services on fixed routes and schedules that are primarily intended to provide circulator service within a community or adjacent communities rather than feeder service to the system of metropolitan regular route transit operated by the commission.*

*Subd. 2.* [SERVICE AREAS.] *The regional transit board may provide financial assistance (whether directly or through another entity) to private, for-profit operators of public transit only for the following services:*

*(1) services that are not regular route services;*

*(2) regular route services provided on the effective date of this section by a private for-profit operator under contract with the board or under a certificate of convenience and necessity issued by the transportation regulation board;*

*(3) regular route services outside of the fully developed service area that are not operated on the effective date of this section by the commission;*

*(4) regular route services provided under section 473.388;*

*(6) regular route services that the board and the commission agree are not or will not be operated for a reasonable subsidy by the commission.*

Sec. 12. [473.399] [LIGHT RAIL TRANSIT; REGIONAL PLAN.]

*Subdivision 1.* [GENERAL REQUIREMENTS.] *(a) The transit board shall adopt a regional light rail transit plan, as provided in this section, to ensure that light rail transit facilities in the metropolitan area will be acquired, developed, owned, and capable of operation in an efficient, cost-effective and coordinated manner as an integrated and unified system on a multicounty basis in coordination with buses and other transportation modes and facilities. To the extent practicable the board shall incorporate into its plan appropriate elements of the plans of regional railroad authorities in order to avoid duplication of effort.*

*(b) The regional plan required by this section must be adopted by the board before any regional railroad authority may begin construction of light rail transit facilities and before any authority is eligible for state financial assistance for constructing light rail transit facilities. Following*

*adoption of the regional plan, each regional railroad authority or other developer of light rail transit in the metropolitan area shall act in conformity with the plan. Each authority or proposer shall prepare or amend its comprehensive plan and preliminary and final design plans as necessary to make the plans consistent with the regional plan.*

*(c) Throughout the development and implementation of the plan, the board shall contract for or otherwise obtain engineering services to assure that the plan adequately addresses the technical aspects of light rail transit.*

*Subd. 2.* [DEVELOPMENT AND FINANCIAL PLAN.] *(a) The board shall adopt a regional development and financial plan for light rail transit composed of the following elements:*

*(1) a staged development plan of light rail transit corridors;*

*(2) a statement of needs, objectives, and priorities for capital development and service for a prospective ten-year period, considering service needs, ridership projections, and other relevant factors for the various segments of the system, along with a statement of the fiscal implications of these objectives and priorities, and policies and recommendations for long term capital financing;*

*(3) a capital investment component for a five-year period following the commencement of construction of facilities, with policies and recommendations for ownership of facilities and for financing capital and operating costs;*

*(b) For any segments of rail line that may be constructed below the surface elevation, the plan must estimate the additional capital costs, debt service, and subsidy level that are attributable to the below grade construction. The plan must include a method of financing the operation of light rail transit that depends on property tax revenue for no more than 35 percent of the operations cost.*

*(c) The board shall prepare the plan in consultation with its light rail transit advisory committee. The board shall submit the plan and amendments to the plan to the metropolitan council for review and approval or disapproval, for conformity with the council's transportation plan. The council has 90 days to complete its review.*

*Subd. 3.* [COORDINATION PLAN.] *(a) The board shall adopt a regional coordination plan for light rail transit. The plan must include:*

*(1) a method for organizing and coordinating acquisition, construction, ownership, and operation of light rail transit facilities, including in particular, coordination of vehicle specifications, provisions for a single light rail transit operator for the system, and the organization and coordination method required if a turn-key approach to facility acquisition is used by a regional railroad authority;*

*(2) specifications and standards to ensure joint or coordinated procurement of rights-of-way, track, vehicles, electrification, communications and ticketing facilities, yards and shops, stations, and other facilities that must be or should be operated on a systemwide basis;*

*(3) systemwide operating and performance specifications and standards;*

*(4) bus and park-and-ride coordination policies, standards, and plans to assure maximum use of light rail transit and the widest possible access to light rail transit in both urban and suburban areas;*

*(5) a method for ensuring ongoing coordination of development, design, and operational plans for light rail facilities;*

*(6) provision for the operation of light rail transit by the metropolitan transit commission; and*

*(7) other matters that the board deems prudent and necessary to ensure that light rail transit facilities are acquired, developed, owned, and capable of operation in an efficient, cost-effective and coordinated manner as an integrated and unified system on a multicounty basis in coordination with buses and other transportation modes and facilities.*

*(b) The joint light rail transit advisory committee shall prepare and recommend the plan to the board. The board shall review the plan within 90 days and either adopt it or disapprove it and return it to the committee with the modifications that the board recommends before adoption of the plan. The committee shall take into consideration the board's recommendations and resubmit the plan to the board for review and adoption or disapproval.*

*(c) The metropolitan council shall review and comment on the plan.*

Sec. 13. [473.3991] [JOINT LIGHT RAIL TRANSIT ADVISORY COMMITTEE.]

*Subdivision 1.* [CREATION; PURPOSE.] *The transit board shall establish a joint light rail transit advisory committee, to assist the board in planning light rail transit facilities and in coordinating the light rail transit activities of the county regional railroad authorities and the transit commission. The committee shall perform the duties specified in sections 12 and 20 and shall otherwise assist the board upon request of the board.*

*Subd. 2.* [MEMBERSHIP] *The committee consists of:*

*(1) two members of the governing board of each regional railroad authority that applies for and receives state funding for preliminary engineering of light rail transit facilities;*

*(2) one member, in addition to those under clause (1), of the governing board of the Hennepin county regional railroad authority;*

*(3) one member of the governing board of each regional railroad authority not represented under clause (1) that applies for and receives state funding for planning of light rail transit facilities;*

*(4) two members of the metropolitan transit commission; and*

*(5) the commissioner of transportation or an employee of the department designated by the commissioner.*

*Appointments under clauses (1) to (3) are made by the respective authorities, and appointments under clause (4) are made by the commission. The regional transit board shall make the appointment for any appointing authority that fails to make the required appointments. Members serve at the pleasure of the agency making the appointment.*

*Subd. 3.* [CHAIR.] *The committee shall annually elect a chair from among its members.*

*Subd. 4.* [ADMINISTRATION.] *The regional transit board shall provide staff and administrative services for the committee. The organizations represented on the committee shall provide information, staff, and technical*

*assistance for the committee as needed.*

Sec. 14. [473.3993] [LIGHT RAIL TRANSIT FACILITY PLANS; DEFINITIONS.]

*Subdivision 1.* [APPLICATION.] *The definitions in this section apply to section 473.169 and section 15.*

*Subd. 2.* [PRELIMINARY DESIGN PLAN.] *"Preliminary design plan" means a light rail transit plan that identifies:*

*(1) preliminary plans for the physical design of facilities, including location, length, and termini of routes; general dimension, elevation, alignment, and character of routes and crossings; whether the track is elevated, on the surface, or below ground; approximate station locations; and related park and ride, parking, and other transportation facilities; and a plan for handicapped access; and*

*(2) preliminary plans for intermodal coordination with bus operations and routes; ridership; capital costs; operating costs and revenues; funding for final design, construction, and operation; and an implementation method.*

*Subd. 3.* [FINAL DESIGN PLAN.] *"Final design plan" means a light rail transit plan that includes the items in the preliminary design plan for the facilities proposed for construction, but with greater detail and specificity. The final design plan must include, at a minimum:*

*(1) final plans for the physical design of facilities, including the right-of-way definition; environmental impacts and mitigation measures; intermodal coordination with bus operations and routes; and civil engineering plans for vehicles, track, stations, parking, and access, including handicapped access; and*

*(2) final plans for civil engineering for electrification, communication, and other similar facilities; operational rules, procedures and strategies; capital costs; ridership; operating costs and revenues; financing for construction and operation; an implementation method; and other similar matters.*

*The final design plan must be stated with sufficient particularity and detail to allow the proposer to begin the acquisition and construction of operable facilities. If a turn-key implementation method is proposed, instead of civil engineering plans the final design plan must state detailed design criteria and performance standards for the facilities.*

Sec. 15. [473.3996] [LIGHT RAIL TRANSIT FACILITY DESIGN PLANS; REVIEW BY BOARD.]

*Subdivision 1.* [PRELIMINARY DESIGN PLANS.] *Before submitting the physical design component of final design plans of a light rail transit facility for local review under section 473.169, subdivision 5, the proposer shall submit preliminary design plans to the regional transit board for review. The board shall review the preliminary design plans to determine the compatibility of the plans with other light rail transit plans and facilities in the metropolitan area, the adequacy of the plans for handicapped accessibility, and the conformity of the plans with the regional light rail transit plan prepared under section 12. The board may comment on any aspect of the plans. The board has 90 days to complete its review, unless an extension of time is agreed to by the proposer. If the board determines that the plans do not satisfy the standards stated in this subdivision, the board*

*shall recommend modifications in the plans that are necessary in order to satisfy the board. After adopting or amending the regional plan required by section 12, the board may again review any previously reviewed preliminary design plans and recommend modifications that are necessary to satisfy the board.*

*Subd. 2.* [FINAL DESIGN PLANS.] *Before acquiring or constructing light rail transit facilities, other than land for right of way, the proposer shall submit final design plans to the regional transit board for review. The board shall review the final design plans under the same schedule and according to the same standards as provided for its review of preliminary design plans. The board shall either approve the plans, or if it determines that the plans do not satisfy the standards, disapprove the plans, in whole or in part, and recommend modifications in the plans that are necessary to secure approval. A proposer may not proceed with acquisition or construction of a light rail transit facility, other than land for right of way, unless the final design plans for the facility have been approved by the board. Following approval of final design plans by the board, if a regional railroad authority wishes to select a bid or a response to a request for proposal that is more than ten percent higher than the capital costs indicated in the final design plans for the facility, the authority may not proceed with construction until it has resubmitted the final design plans to the transit board for further review and approval or disapproval. The board has 10 working days to review and approve or disapprove and recommend modification, unless an extension of time is agreed to by the authority.*

If the regional plan prepared by the transit board under section 12 calls for construction and operation of light rail transit facilities in a jurisdiction whose governing body has chosen not to organize and proceed under chapter 398A, the board may authorize the transit commission to implement the plan in that area.*

Sec. 20. [LIGHT RAIL PLANNING REQUIREMENTS.]

*Subdivision 1.* [DEVELOPMENT AND FINANCIAL PLAN.] *The regional transit board shall complete the initial light rail transit development and financial plan required in section 12, subdivision 2, by January 1, 1990. The Honorable Robert Vanasek
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H.F. No. 306, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 306, the first engrossment, be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

TRUSTS

Section 1. [501B.01] [PURPOSES FOR WHICH EXPRESS TRUSTS MAY BE CREATED.]

*An active express trust may be created for any lawful purpose.*

Sec. 2. [501B.02] [PASSIVE TRUSTS ABOLISHED.]

*Passive express trusts of real or personal property are abolished. An attempt to create a passive trust vests the entire estate granted in the beneficiary.*

Sec. 3. [501B.03] [TERMINATION OF TRUST PURPOSES.]

*If the purposes for which an active express trust is created have been accomplished, or become impossible of accomplishment or illegal, the trust will be terminated.*

Sec. 4. [501B.04] [REVERSION IN GRANTOR.]

*Every legal estate and interest not embraced in an express trust and not otherwise disposed of remains in the grantor.*

Sec. 5. [501B.05] [BONA FIDE PURCHASERS PROTECTED.]

*An express trust not declared in the disposition to the trustee or a constructive or resulting trust does not defeat the title of a purchaser from the trustee for value and without notice of the trust, or the rights of a creditor who extended credit to the trustee in reliance upon the trustee's apparent ownership of the trust property.*

Sec. 6. [501B.06] [MISAPPLICATION OF PAYMENT TO TRUSTEE.]

*A person who actually and in good faith makes a payment to a trustee that the trustee, as such, is authorized to receive, is not responsible for the proper application of the payment according to the trust. No right or title derived by the person from the trustee, in consideration of the payment, may be impeached or called in question because of a misapplication of the payment by the trustee.*

Sec. 7. [501B.07] [PURCHASE MONEY RESULTING TRUSTS.]

*If a transfer of property is made to one person and the purchase price is paid by another, a resulting trust is presumed to arise in favor of the person by whom the purchase price is paid, except:*

*(1) if the person by whom the purchase price is paid manifests a contrary intention, no resulting trust is presumed to arise;*

*(2) if the transferee is a spouse, child, or other natural object of bounty of the payor, a gift in favor of the transferee is presumed and no resulting trust is presumed to arise; and*

*(3) if the transfer is made to accomplish an illegal purpose, no resulting trust is presumed to arise unless it is needed to prevent unjust enrichment of the transferee.*

Sec. 8. [501B.08] [APPOINTMENT OF AND ACQUISITION OF TITLE BY SUCCESSOR TRUSTEES AND CONFIRMATION OF ACTS PERFORMED DURING VACANCIES IN TRUSTEESHIP.]

*If the terms of a trust provide for the appointment of a successor trustee and direct how the successor is to qualify, title to the trust assets vests in the successor trustee upon qualification, unless the terms of the trust expressly provide otherwise.*

*If the terms of a trust do not effectively provide for the appointment of a successor trustee and appointment of a successor is required, or if title to the trust assets does not vest in a successor trustee, the district court may appoint a successor trustee or vest title in a successor trustee.*

*The district court may confirm an act performed by a person in execution of the trust while there was no acting trustee.*

Sec. 9. [501B.09] [SUSPENSION OF THE POWER OF ALIENATION.]

*Subdivision 1.* [SUSPENSION; EXCEPTIONS.] *The power of alienation is suspended if there are no persons in being who, alone or in conjunction with others, can convey an absolute fee in possession or absolute ownership of real property or absolute ownership of personal property.*

*(a) There is no suspension of the power of alienation by the terms of a trust or by interests in property held in trust if there is an unlimited power in one or more persons then in being to terminate the trust, by revocation or otherwise, and to acquire an absolute fee in possession or absolute ownership of the trust property.*

*(b) There is no suspension of the power of alienation by the terms of a trust or by interests in property held in trust if the trustee has power to sell an absolute fee in possession or absolute ownership of the trust property.*

*Subd. 2.* [SUSPENSION FOR 21 YEARS.] *The power of alienation of property held in trust may be suspended, by the terms of the trust, for a period of not more than 21 years. During any period of suspension of the power of alienation of real property, section 38 applies. Notwithstanding any contrary term of a trust, suspension of the power of alienation by the terms of a trust ceases after a period of 21 years, after which the trustee has the power to convey an absolute fee in possession or absolute ownership of the trust property, and to mortgage, pledge, and lease the same. A provision in the terms of a trust for forfeiture of the interest of a trustee or beneficiary if the trustee or beneficiary participates in or seeks to convey, mortgage, pledge, or lease trust property after the expiration of a 21-year period of suspension is void.*

*Subd. 3.* [VOID FUTURE INTERESTS.] *Every future interest in real or personal property not held in trust is void in its creation if it might suspend the power of alienation for a period longer than a life or lives in being plus 21 years.*

Sec. 10. [501B.10] [KINDS OF PROPERTY A TRUSTEE MAY ACQUIRE.]

*Subdivision 1.* [GENERAL PROPERTIES AND INVESTMENTS.] *(a) A trustee may invest in every kind of real or personal property and every kind of investment that a prudent person would invest in having in mind the preservation of the trust estate and the amount and regularity of the income derived. This permission includes, but is not limited to, bonds, debentures, and other individual or corporate obligations, mutual funds, and corporate stocks. In considering an investment, a trustee shall exercise the care, skill, and judgment under the circumstances then prevailing that a person of ordinary prudence would exercise in the management of the person's own property and shall consider the role that the investment plays within the trust's overall portfolio of assets. If the trustee has greater skills than a person of ordinary prudence, the trustee is under a duty to use those skills.*

*(b) Among the factors to be considered by a trustee in determining the prudence of a particular investment are the following:*

*(1) the probable income of the trust and the probable safety of the capital of the trust;*

*(2) the composition of the portfolio of the trust with regard to diversification;*

*(3) the length of the term of investments of the trust;*

*(4) the duration of the trust;*

*(5) the liquidity and current return of the trust's portfolio relative to the anticipated cash requirements of the trust;*

*(6) other assets of the beneficiary or beneficiaries known to the trustees, including earning capacity;*

*(7) the relative interests of income and remainder beneficiaries; and*

*(8) the tax consequences.*

*(c) If a trustee is a national banking association or national trust company or holds a certificate under section 48.37 or if a trustee retains or employs an investment advisor registered under the Investment Advisors Act of 1940, an investment that is otherwise prudent is not imprudent solely because it is in new, unproven, untried, or other enterprises with a potential for significant growth, or in a limited partnership or commingled fund investing in these enterprises.*

*Subd. 2.* [DISPOSAL OF PROPERTY.] *Unless the trust instrument or a court order specifically directs otherwise, a trustee need not dispose of any property, real, personal, or mixed, or any kind of investment, in the trust, however acquired, until the trustee determines in the exercise of a sound discretion that it is advisable to dispose of the property. Nothing in this subdivision excuses the trustee from the duty to exercise discretion at reasonable intervals and to determine at those intervals the advisability of retaining or disposing of property.*

*Subd. 3.* [ALTERATION OF TERMS OF WILL.] *This section does not authorize any departure from or variation of express terms or limitations in a will, agreement, court order, or other instrument creating or defining the trustee's duties and powers, but the terms "authorized securities," "authorized investments," or "legal investments," or words of similar import, as used in a will, agreement, court order, or instrument or in the statutes of this state in relation to the investment of trust funds by corporate or individual trustees, mean every kind of property, real, personal, or mixed, and every kind of investment, that a trustee is authorized to acquire under the terms of subdivision 1.*

*Subd. 4.* [NO LIMITATION ON POWERS OF COURT.] *This section does not restrict the power of a court of proper jurisdiction to permit a trustee to deviate from the terms of a will, agreement, court order, or other instrument relating to the acquisition, investment, reinvestment, exchange, retention, sale, or management of trust property.*

*Subd. 5.* [TRUSTEES DEFINED.] *As used in this section, "trustee" means individual trustees and corporations having trust powers acting under wills, agreements, court orders, and other instruments, whether existing on the effective date of this section or made at a later time.*

*Subd. 6.* [INVESTMENT COMPANIES.] *(a) In the absence of an express prohibition in the trust instrument, the trustee may acquire and retain securities of any open-end or closed-end management type investment company or investment trust registered under the Federal Investment Company Act of 1940.*

*(b) This subdivision does not alter the degree of care and judgment required of trustees by subdivision 1.*

Sec. 11. [501B.11] [EMPLOYEES AND AGENTS OF TRUSTEE.]

*Unless prohibited by the terms of the trust instrument, a trustee may employ attorneys, accountants, investment advisors, agents, or other persons, even if they are associated with the trustee, to advise or assist the trustee in the performance of duties. The trustee may act without independent investigation upon their recommendations or, instead of acting personally, employ one or more agents to perform any act of administration, whether or not discretionary. If the terms of the trust instrument do not address the authority of the trustee to delegate:*

*(1) the trustee may not delegate all of the trustee's duties;*

*(2) the employment does not relieve the trustee of liability for the acts of a person that, if done by the trustee, would result in liability of the trustee; and*

*(3) the employment does not relieve the trustee of the duty to select and retain a person with reasonable care.*

Sec. 12. [501B.12] [GRANTOR AND AGENTS OF GRANTOR.]

*If a trust instrument reserves to the grantor, in a nonfiduciary capacity, the control over any or all investment decisions, the trustee is not responsible for the investment decisions made by the grantor or an agent of the grantor.*

COURT PROCEEDINGS

Sec. 13. [501B.16] [PETITION FOR COURT ORDER.]

*A trustee of an express trust by will or other written instrument or a person interested in the trust may petition the district court for an order:*

*(1) to confirm an action taken by a trustee;*

*(2) upon filing of an account, to settle and allow the account;*

*(3) to determine the persons having an interest in the income or principal of the trust and the nature and extent of their interests;*

*(4) to construe, interpret, or reform the terms of a trust, or authorize a deviation from the terms of a trust, including a proceeding involving section 23;*

*(5) to approve payment of the trustee's fees, attorneys' fees, accountants' fees, or any other fees to be charged against the trust;*

*(6) to confirm the appointment of a trustee;*

*(7) to accept a trustee's resignation and discharge the trustee from the trust;*

*(8) to require a trustee to account;*

*(9) to remove a trustee for cause;*

*(10) to appoint a successor trustee when required by the terms of the trust instrument or when by reason of death, resignation, removal, or other cause there is no acting trustee;*

*(11) to confirm an act performed in execution of the trust by a person while there was no acting trustee;*

*(12) to subject a trust to continuing court supervision under section 20;*

*(13) to remove a trust from continuing court supervision under section 20;*

*(14) to mortgage, lease, sell, or otherwise dispose of real property held by the trustee notwithstanding any contrary provision of the trust instrument;*

*(15) to suspend the powers and duties of a trustee in military service or war service in accordance with section 75 and to order further action authorized in that section;*

*(16) to secure compliance with the provisions of sections 25 to 37, in*

*accordance with section 33;*

*(17) to determine the validity of a disclaimer filed under section 70;*

*(18) to change the situs of a trust;*

*(19) to redress a breach of trust;*

*(20) to terminate a trust; or*

*(21) to instruct the trustee, beneficiaries, and any other interested parties in any matter relating to the administration of the trust and the discharge of the trustee's duties.*

Sec. 14. [501B.17] [VENUE.]

*A petition under section 13 or 19 may be filed:*

*(1) in the case of a trust created by will, in the district court for the county where the will was probated, or in the district court for the county where a trustee having custody of part or all of the trust assets resides or has a main place of business;*

*(2) in the case of a nontestamentary trust, in the district court for the county where a trustee having custody of part or all of the trust assets resides or has a main place of business; or*

*(3) in the case of a trust holding real property, in the district court for any county in which the real estate is situated.*

*In the case of a trust with respect to which there have been prior court proceedings in this state, a petition under section 13 or 19 must be filed in the court in which the prior proceedings were held.*

Sec. 15. [501B.18] [ORDER FOR HEARING.]

*Upon the filing of a petition under section 13, the court shall, by order, fix a time and place for a hearing, unless notice and hearing have been waived in writing by the beneficiaries of the trust then in being. Unless waived, notice of the hearing must be given as follows: (1) by publishing, at least 20 days before the date of the hearing, a copy of the order for hearing one time in a legal newspaper for the county in which the petition is filed; and (2) by mailing, at least 15 days before the date of the hearing, a copy of the order for hearing to those beneficiaries of the trust who are known to or reasonably ascertainable by the petitioner. In the case of a beneficiary who is a minor or an incapacitated person as defined in section 525.54 and for whom a conservator, guardian, or guardian ad litem known to the petitioner has been appointed, notice must be mailed to that fiduciary. Notice may be given in any other manner the court orders.*

Sec. 16. [501B.19] [REPRESENTATION OF PERSONS WHO ARE UNBORN, UNASCERTAINED, UNKNOWN, OR MINORS OR INCAPACITATED PERSONS.]

*If an interested person is a minor or an incapacitated person as defined in section 525.54 and has no guardian or conservator within the state, or if an interested person is unborn, unascertained, or a person whose identity or address is unknown to the petitioner, the court shall represent that person, unless the court, upon the application of the trustee or any other interested person, appoints a guardian ad litem to represent the person.*

Sec. 17. [501B.20] [HOLDER OF A GENERAL POWER.]

*For purposes of giving notice, waiving notice, initiating a proceeding, granting consent or approval, or objecting with regard to any proceedings under this chapter, the sole holder or all coholders of a presently exercisable or testamentary general power of appointment, power of revocation, or unlimited power of withdrawal are deemed to represent the act for beneficiaries to the extent that their interests as objects, takers in default, or otherwise are subject to the power.*

Sec. 18. [501B.21] [ORDER AND APPEAL.]

*Upon hearing a petition filed under section 13, the court shall make an order it considers appropriate. The order is final as to all matters determined by it and binding in rem upon the trust estate and upon the interests of all beneficiaries, vested or contingent, even though unascertained or not in being, except that appeal may be taken under the rules of appellate procedure.*

Sec. 19. [501B.22] [CONFIRMATION OF APPOINTMENT OF TRUSTEE.]

*A person appointed as trustee of an express trust by a will or other written instrument or any interested person may file in the district court an ex parte petition to confirm the appointment of the trustee and specify the manner in which the trustee must qualify. Upon consideration of the petition, the court shall make an order it considers appropriate. A trustee whose appointment is confirmed under this section is subject to section 20.*

Sec. 20. [501B.23] [INVENTORY; ANNUAL ACCOUNT; CONTINUING COURT SUPERVISION.]

*A trustee whose appointment has been confirmed by court order under section 19 or a trustee otherwise subject to continuing court supervision by court order shall file with the court administrator of the district court an inventory containing a list of all property then belonging to the trust. The trustee shall then render to the court at least annually a verified account containing a complete inventory of the trust assets and itemized principal and income accounts. This section does not apply to trusts established in connection with bonds issued under chapter 474.*

Sec. 21. [501B.24] [JURISDICTION.]

*Once a district court has assumed jurisdiction of a trust, the district court has jurisdiction as a proceeding in rem, until jurisdiction is transferred to another court or terminated by court order. This chapter does not limit or abridge the power or jurisdiction of the district court over trusts and trustees.*

Sec. 22. [501B.25] [APPLICATION.]

*Sections 13 to 20 do not apply to trusts in the nature of mortgages or to trusts commonly known as voting trusts. Sections 13 to 20 apply, however, unless otherwise provided in the trust instrument, to trusts established in connection with bonds issued under chapter 474. As used in sections 13 to 20, "person" includes an artificial as well as a natural person, and "beneficiary" includes a bondholder.*

CHARITABLE TRUSTS AND THEIR SUPERVISION

Sec. 23. [501B.31] [CHARITABLE TRUSTS.]

*Subdivision 1.* [VALIDITY AND CONSTRUCTION.] *No charitable trust is invalid because of indefiniteness or uncertainty of the object of the trust or of its beneficiaries designated in the instrument creating the trust or because the trust violates a statute or rule against perpetuities. No charitable trust may prevent or limit the free alienation of the title to any of the trust estate by the trustee in the administration of the trust, except as may be permitted under existing or subsequent statutes.*

*Subd. 2.* [LIBERAL INTERPRETATION; ADMINISTRATION.] *A charitable trust must be liberally construed by the courts so that the intentions of the donor are carried out when possible, and the trust must not fail solely because the donor has imperfectly outlined the purpose and object of the charity or the method of administration. If the district court of the proper county determines that the purpose and object of the donor's charity are imperfectly expressed, the method of administration is incomplete or imperfect, or circumstances have so changed since the execution of the instrument creating the trust as to render impracticable, inexpedient, or impossible a literal compliance with the terms of the instrument, the court may, upon the petition of the trustee under section 13, make an order directing that the trust must be administered or expended in a manner the court determines will, as nearly as possible, accomplish the general purposes of the instrument and the object and intention of the donor without regard to, and free from any specific restriction, limitation, or direction it contains.*

*Subd. 3.* [LAWS NOT AFFECTED.] *Nothing in this section impairs, limits, or abridges the operation and efficacy of the whole or any part of a statute that authorizes the creation of a corporation for charitable purposes or that permits a municipal corporation to act as trustee for a public or charitable purpose. Nothing in subdivisions 1 to 3 of this section applies to a gift, bequest, devise, or trust made, created, or arising by or under the provisions of the will of a person who died before April 15, 1927.*

*Subd. 4.* [DETERMINATION OF TRUST, GIFT, BEQUEST, DEVISE.] *(a) This subdivision applies to a gift or trust made or created by a living person before April 15, 1927, or a gift, bequest, devise, or trust made or created by or under the will of a person who died before April 15, 1927.*

*(b) If a gift, trust, or devise has been made for a charitable, benevolent, educational, religious, or other public use or trust, or upon a condition, limitation, or restriction of any kind, the property given, entrusted, or devised may be used only for that use or trust and in accordance with the condition, limitation, or restriction. The grantee, devisee, trustee, or other holder of property may petition the court under section 13 for determination of the legal rights and relationship of the holder, the public, the grantor, and the grantor's heirs, representatives, or assigns in and to the property.*

*(c) If the court determines that circumstances have so changed since the execution of the instrument as to render impracticable, inexpedient, or impossible a literal compliance with the terms or conditions of the instrument, but the terms and purposes of the instrument may be substantially performed, the court may order that the terms of the instrument be performed and the property be administered or expended in a manner that*

*will, in the judgment of the court, as nearly as possible, accomplish the general purposes of the instrument and the intention of the grantor without regard to, and free from any, specific restriction, limitation, condition, or direction contained in the instrument.*

*Subd. 5.* [ATTORNEY GENERAL.] *In cases arising under this section, the attorney general must be given notice of any court proceedings pursuant to section 15. The attorney general shall represent the beneficial interests in those cases and shall enforce affected trusts.*

Sec. 24. [501B.32] [PRIVATE FOUNDATIONS; CHARITABLE TRUSTS; SPLIT-INTEREST TRUSTS.]

*Subdivision 1.* [INCORPORATED PROVISIONS.] *A will or trust instrument that creates a trust that is: (1) a "private foundation," as defined in section 501(a) of the Internal Revenue Code of 1986; or (2) a "charitable trust," as defined in section 4947(a)(1) of the Internal Revenue Code of 1986; or (3) a "split-interest trust," as defined in section 4947(a)(2) of the Internal Revenue Code of 1986, and any other instrument governing the trustee of one of those trusts or the use, retention, or disposition of any of the income or property of one of those trusts, must be considered to have incorporated within it the provisions in paragraphs (a) to (e) with respect to the trust and its trustee. Except as provided in subdivision 2, paragraphs (a) to (e) govern the administration and distribution of the trust notwithstanding provisions of the governing instrument, statute, or law of this state to the contrary.*

*(a) The trustee shall distribute for each taxable year of the trust amounts at least sufficient to avoid liability for the tax imposed by section 4942(a) of the Internal Revenue Code of 1986.*

*(b) The trustee shall not engage in an act of "self-dealing," as defined in section 4941(d) of the Internal Revenue Code of 1986, which would give rise to liability for the tax imposed by section 4941(a) of the Internal Revenue Code of 1986.*

*(c) The trustee shall not keep "excess business holdings," as defined in section 4943(c) of the Internal Revenue Code of 1986, that would give rise to liability for the tax imposed by section 4943(a) of the Internal Revenue Code of 1986.*

*(d) The trustee shall not make investments that would jeopardize the carrying out of any of the exempt purposes of the trust, within the meaning of section 4944 of the Internal Revenue Code of 1986, so as to give rise to liability for the tax imposed by section 4944(a) of the Internal Revenue Code of 1986.*

*(e) The trustee shall not make a "taxable expenditure," as defined in section 4945(d) of the Internal Revenue Code of 1986, that would give rise to liability for the tax imposed by section 4945(a) of the Internal Revenue Code of 1986.*

*Subd. 2.* [EXCEPTION.] *Subdivision 1 does not apply to the extent that a court of competent jurisdiction determines that application would be contrary to the terms of the will, trust instrument, or other governing instrument described in subdivision 1 and that the will, trust instrument, or other governing instrument may not be changed to conform to subdivision 1.*

*Subd. 3.* [RIGHTS AND POWERS OF COURTS, ATTORNEY GENERAL.] *Nothing in this section impairs the rights and powers of the attorney general or the courts of this state with respect to a trust.*

Sec. 25. [501B.33] [CITATION.]

*Sections 25 to 37 may be cited as the "supervision of charitable trusts and trustees act."*

Sec. 26. [501B.34] [CHARITABLE TRUSTS; SUPERVISION BY ATTORNEY GENERAL.]

*Sections 25 to 37 apply to trustees holding property for charitable purposes. In connection with the supervision, administration, and enforcement of charitable trusts, the attorney general has the rights, duties, and powers in sections 25 to 37, and common law and statutory rights, duties, and powers.*

Sec. 27. [501B.35] [DEFINITIONS.]

*Subdivision 1.* [SCOPE.] *The definitions in this section apply to sections 23 to 37 and do not modify or abridge any law or rule respecting the nature of a charitable trust or the nature and extent of the duties of a trustee except duties imposed by sections 23 to 37.*

*Subd. 2.* [CHARITABLE PURPOSE.] *"Charitable purpose" means an actual or purported charitable, philanthropic, religious, social service, educational, eleemosynary, or other public use or purpose.*

*Subd. 3.* [CHARITABLE TRUST.] *"Charitable trust" means a fiduciary relationship with respect to property that arises as a result of a manifestation of an intention to create it, and that subjects the person by whom the property is held to equitable duties to deal with the property for a charitable purpose.*

*Subd. 4.* [TRUSTEE.] *"Trustee" means a person or group of persons either in an individual or a joint capacity, or a director, officer, or other agent of an association, foundation, trustee corporation, corporation, or other legal entity who is vested with the control or responsibility of administering property held for a charitable purpose.*

Sec. 28. [501B.36] [REGISTRATION AND REPORTING.]

*The registration and reporting provisions of sections 29 and 30 apply to a charitable trust, or an organization with a charitable purpose, that has gross assets of $25,000 or more, except that the provisions do not apply to:*

*(1) a charitable trust administered by the United States or a state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or any of their agencies or subdivisions;*

*(2) a religious association organized under chapter 315 or chapter 317;*

*(3) a charitable trust organized and operated exclusively for religious purposes and administered by a religious association organized under chapter 315 or chapter 317;*

*(4) an organization described in section 509(a)(3) of the Internal Revenue Code of 1986 and operated, supervised, or controlled by or in connection with one or more organizations described in clauses (2) to (5); a pooled income fund as defined in section 642(c)(5) of the Internal Revenue*

*Code of 1986 maintained by an organization described in clauses (2) to (5); or a charitable remainder annuity trust or unitrust, as defined in section 664 of the Internal Revenue Code of 1986;*

*(5) a trust in which the only charitable interest is a contingent interest for which no charitable deduction has been allowed for Minnesota income, inheritance, or gift tax purposes or a trust in which not all of the unexpired interests are devoted to one or more charitable purposes and in which the only charitable interest is an annuity or an income interest with respect to which a charitable deduction is allowed the trust under applicable Minnesota income tax laws;*

*(6) an organization subject to sections 309.50 to 309.61;*

*(8) a charitable gift, bequest, or devise not held and continued by a private express trust or corporation even though the gift, bequest, or devise creates a fiduciary relationship, unless there is no named charitable beneficiary in existence or unless a named charitable beneficiary elects in a writing filed with the attorney general and with the fiduciary to come within the provisions of sections 29 and 30.*

Sec. 29. [501B.37] [REGISTER OF TRUSTS AND TRUSTEES.]

*Subdivision 1.* [ESTABLISHMENT OF REGISTER; TRANSFER TO ATTORNEY GENERAL.] *The attorney general shall establish and maintain a register of charitable trusts and trustees subject to sections 25 to 37.*

*Subd. 2.* [FILING OF INSTRUMENTS.] *A charitable trust subject to sections 25 to 37 must register and file with the attorney general a copy of the instrument that created the charitable trust, including any amendments, within three months after the charitable trust first receives possession or control of property authorized or required to be applied, either at present or in the future, for charitable purposes.*

Sec. 30. [501B.38] [FILING OF ANNUAL REPORTS.]

*Subdivision 1.* [REPORTS REQUIRED; DEADLINES; EXTENSIONS.] *A charitable trust subject to sections 25 to 37 must file with the attorney general written reports containing any information the trust is required to report under sections 6056(b), 6033, 6034, and 6056 of the Internal Revenue Code of 1986. The reports must be filed annually on or before the 15th day of the fifth month following the close of the charitable trust's taxable year as established for federal tax purposes. The time for filing may be extended by application to the attorney general, but no extension may be for more than six months. A charitable trust that files the information required under this subdivision with the attorney general is not required to file the same information with the commissioner of revenue.*

*Subd. 2.* [SUSPENSION OF FILING.] *The attorney general may suspend the filing requirements under subdivision 1 for a particular charitable trust for a reasonable, specifically designated time on written application of the trustee filed with the attorney general. If the filing requirements are suspended, the attorney general shall file in the register of charitable trusts a written statement that the interests of the beneficiaries will not be prejudiced by the suspension and that annual reports are not required for*

*proper supervision by the attorney general's office.*

Sec. 31. [501B.39] [PUBLIC INSPECTION OF RECORDS.]

*The register, copies of instruments, and the reports filed with the attorney general must be open to public inspection.*

*Subdivision 1.* [DISCOVERY.] *The attorney general may conduct investigations that are reasonably necessary for: (1) the administration of sections 25 to 37; or (2) determining whether property held for charitable purposes is properly administered. In connection with an investigation under this section, the attorney general may obtain discovery from an agent, trustee, fiduciary, beneficiary, institution, association, corporation, or other person regarding a matter, fact, or circumstance, not privileged, that is relevant to the subject matter involved in the investigation. The discovery may be obtained without commencement of a civil action and without leave of court, except as expressly required by subdivision 2. The applicable protective provisions of Rules 26.02, 30.02, and 30.04, of the Rules of Civil Procedure for the District Court apply to discovery procedures instituted under this section. The attorney general or a person to whom discovery is directed may apply to and obtain leave of the district court in order to reduce or extend the time requirements of this subdivision, and, upon a showing of good cause, the district court shall order a reduction or extension. In order to obtain discovery, the attorney general may:*

*(1) serve written interrogatories on a person. Within 20 days after service of interrogatories, separate written answers and objections to each interrogatory must be mailed to the attorney general;*

*(2) upon reasonable written notice of no less than 15 days, require a person to produce for inspection and copying documents, papers, books, accounts, letters, photographs, objects, or tangible things in the person's possession, custody, or control; and*

*(3) upon reasonable written notice of no less than 15 days, take the testimony of a person by deposition as to a fact or opinion relevant to the subject matter involved in the pending investigation.*

*Subd. 2.* [ORDER BY COURT.] *If a person fails or refuses to answer interrogatories, produce materials, or be examined under oath, the attorney general may, upon notice to the person, apply to the district court in the county where the person resides or is found, for an order to compel compliance. On a showing of cause by the attorney general, the court may issue an order to compel compliance with the discovery procedures authorized by this section.*

*Subd. 3.* [PUBLIC RECORDS.] *A custodian of records of a court having jurisdiction of probate matters or of charitable trusts, and a custodian of records of a department, agency, or political subdivision of this state shall, upon request, furnish to the attorney general, free of charge, copies of records relating to the subject of sections 25 to 37.*

*Subd. 4.* [REPORT OF APPLICATIONS FOR TAX EXEMPTION.] *Every officer, agency, board, or commission of this state that receives an application for exemption from taxation from a charitable trust subject to sections 25 to 37 shall annually file with the attorney general a list of all applications received during the year and shall notify the attorney general*

*of the suspension or revocation of a tax exempt status previously granted.*

Sec. 33. [501B.41] [BREACH OF TRUST; PROCEEDINGS TO SECURE COMPLIANCE.]

*Subdivision 1.* [ENFORCEMENT POWERS.] *The attorney general may institute appropriate proceedings to obtain compliance with sections 25 to 37 and the proper administration of a charitable trust. The powers and duties of the attorney general in this section are in addition to all other powers and duties.*

*Subd. 2.* [PARTICIPATION BY ATTORNEY GENERAL.] *The attorney general must be notified of, and has the right to participate as a party in, all court proceedings:*

*(2) to modify or depart from the objects or purposes of a charitable trust as contained in the instrument governing the trust, including a proceeding for the application of the doctrine of cy pres;*

*(3) to construe the provisions of an instrument with respect to a charitable trust;*

*(4) to review an accounting of a charitable trust submitted by a trustee; or*

*(5) involving a charitable trust when the interests of the uncertain or indefinite charitable beneficiaries may be affected.*

*Subd. 3.* [EXEMPTION FROM NOTICE REQUIREMENT.] *The attorney general need not be provided with notice under subdivision 2 of a charitable gift, devise, or bequest (1) for which the donor or testator has named as a charitable beneficiary an organization that is then in existence; or (2) that is not held and continued by a private express trust or corporation, whether or not the gift, devise, or bequest creates a fiduciary relationship.*

*This subdivision does not affect any other notice to the attorney general required by this chapter.*

*Subd. 4.* [FAILURE TO GIVE NOTICE.] *If proceedings are commenced without service of process and service of the pleadings upon the attorney general, a judgment or order rendered in the proceedings is voidable, unenforceable, and, upon the attorney general's motion seeking relief, may be set aside. With respect to the proceedings, no compromise, settlement agreement, contract, or judgment agreed to by any or all of the parties having or claiming to have an interest in a charitable trust is valid unless the attorney general was made a party to the proceedings and joined any agreement or the attorney general, in writing, waived the right to participate. The attorney general may enter into a compromise, settlement agreement, contract, or judgment that the attorney general believes is in the best interests of the people of the state and the uncertain or indefinite beneficiaries.*

*Subd. 5.* [WILLS.] *The personal representative shall send to the attorney general a copy of the petition or application for probate together with a copy of the will and any codicils that are being offered for probate:*

*(1) when a will provides for a bequest or devise for a charitable purpose for which there is no named charitable beneficiary or for which there is*

*then in existence no named charitable beneficiary;*

*(2) when a will provides for bequests or devises for charitable purposes in excess of $150,000;*

*(3) when a will provides for a bequest or devise to a named charitable beneficiary that is in receivership; or*

*(4) upon a written request served on the personal representative by a named charitable beneficiary prior to the order allowing the final account or, in unsupervised proceedings, within 30 days after service of the final account on the charitable beneficiary.*

*The personal representative shall serve the documents on the attorney general and file with the appropriate court a copy of the affidavit of service on the attorney general. If the personal representative was requested to notify the attorney general of the probate proceedings according to clause (4), the requesting party shall file with the court a copy of the request and the affidavit of service on the personal representative.*

*If objections are filed to a will or codicil containing any bequest or devise to a charitable trust, the person filing the objections, at least 14 days before the hearing, shall send to the attorney general a copy of the objections, a copy of the petition or application for probate, a copy of the will, and any codicil that has been offered for probate.*

*Any service upon the attorney general under this section must be made personally or by registered or certified mail, return receipt requested. The attorney general may become a party in the estate proceedings.*

*Subd. 6.* [BREACH OF TRUST.] *The failure of a trustee to register under section 29, to file annual reports under section 30, or to administer and manage property held for charitable purposes in accordance with law or consistent with fiduciary obligations constitutes a breach of trust.*

*Subd. 7.* [CIVIL ACTIONS.] *The attorney general may begin a civil action in order to remedy and redress a breach of trust, as described in subdivision 6 or as otherwise provided by law, committed by a trustee subject to sections 25 to 37. If it appears to the attorney general that a breach of trust has been committed, the attorney general may sue for and obtain:*

*(1) injunctive relief against the breach of trust or threatened breach of trust;*

*(2) the removal of a trustee who has committed or is committing a breach of trust;*

*(3) the recovery of damages; and*

*(4) another appropriate remedy.*

Sec. 34. [501B.42] [CONTRARY PROVISIONS OF INSTRUMENT INVALID.]

*Sections 25 to 37 apply regardless of contrary provisions of an instrument.*

Sec. 35. [501B.43] [COST OF INVESTIGATIONS AND PROCEEDINGS; REGISTRATION AND FILING FEES.]

*Subdivision 1.* [EXPENSES PAYABLE.] *In a proceeding brought by the attorney general or in which the attorney general intervenes under sections 25 to 37, the judgment or order may provide that the trustee must pay the*

*reasonable expenses necessarily incurred by the attorney general in the investigation and prosecution of the action, including attorneys' fees, if it is determined in the proceeding that the trustee has been guilty of an intentional or grossly negligent breach of trust.*

*Subd. 2.* [DISPOSITION OF MONEY.] *All money received by the attorney general under this section must be deposited in the state treasury and credited to the general fund.*

Sec. 36. [501B.44] [IMMUNITY OF CHARITABLE TRUSTS.]

*A charitable trust is an "organization" for purposes of section 317.201, and that section applies to charitable trusts.*

Sec. 37. [501B.45] [SALE OF BANKS OWNED BY CHARITABLE TRUSTS.]

*Subdivision 1.* [DEFINITIONS.] *For the purpose of this section, "charitable trust" means a charitable trust subject to supervision by the attorney general under the supervision of charitable trusts and trustees act, sections 25 to 37, that is required to divest excess business holdings by section 4943 of the Internal Revenue Code of 1986 and that owned 100 percent of a bank holding company on May 26, 1969, the date of enactment of section 4943 of the Internal Revenue Code of 1954.*

*Subd. 2.* [AUTHORIZATION.] *The stock or assets of one or more banks or a bank holding company owned directly or indirectly by a charitable trust may be sold, assigned, merged, or transferred by the charitable trust under the procedures in section 48.93 to a bank holding company, bank, or other qualified entity as permitted by applicable banking laws without regard to whether the entity acquiring the stock or assets is located in a reciprocating state.*

*Subd. 3.* [LEGISLATIVE INTENT.] *It is the express intention of the Minnesota legislature to act pursuant to United States Code, title 12, section 1842(d), to permit certain charitable trusts to sell, assign, or transfer certain financial institutions' assets without regard to whether the entity acquiring the assets of the charitable trust is located outside of this state.*

*Subd. 4.* [ADDITIONAL ACQUISITIONS.] *A bank holding company, other than a reciprocating state bank holding company as defined in section 48.92, subdivision 8, that directly or indirectly acquires control of a bank located in this state under the provisions of this section may acquire additional bank assets through the expenditure of an annual amount not to exceed five percent of the Minnesota assets of the acquired bank holding company as of December 31 of the preceding year. The restrictions within this subdivision apply only until the bank holding company making an acquisition under this section becomes a reciprocating state bank holding company. This section does not prohibit the bank holding company from being granted a charter for a de novo bank or from establishing de novo detached facilities pursuant to Minnesota law.*

SALES AND LEASES OF REAL PROPERTY

Sec. 38. [501B.46] [PETITION FOR COURT ORDER TO SELL, MORTGAGE, OR LEASE REAL PROPERTY HELD IN TRUST.]

*(a) If the assets of an express trust by will or other written instrument include real property in this state that the trustee is not, under the terms*

*of the trust, then permitted to sell, mortgage, or lease, and if section 20 is applicable to the trust, the trustee or a beneficiary of the trust may petition the court then having jurisdiction of the trust for an order directing the trustee to sell, mortgage, or lease the real property or any of the real property.*

*(b) If the assets of an express trust by will or other written instrument include real property in this state that the trustee is not, under the terms of the trust, then permitted to sell, mortgage, or lease, and if section 20 is not applicable to the trust, the trustee or a beneficiary of the trust may petition an appropriate district court under section 13 for an order directing the trustee to sell, mortgage, or lease the real property or a part of the real property.*

Sec. 39. [501B.47] [PETITION BY OWNER OF PRESENT OR FUTURE INTEREST FOR COURT ORDER TO SELL, MORTGAGE, OR LEASE INTERESTS IN REAL PROPERTY.]

*Notwithstanding a contrary provision in the instrument creating the interests, when the ownership of real property situated in this state is divided into one or more possessory interests and one or more future interests, the owner of an interest may petition the district court for the county in which any of the real property is situated for an order directing that the real property or part of the real property be sold, mortgaged, or leased. If an owner is a minor or incapacitated person as defined in section 525.54, the petition may be made on behalf of the owner by a custodian, conservator, or guardian.*

Sec. 40. [501B.48] [WHEN PETITION MAY BE GRANTED.]

*Subdivision 1.* [PETITION UNDER SECTION 38.] *The court to which a petition to sell, mortgage, or lease has been made under section 38 may grant the petition, on terms it considers appropriate, if the court determines that:*

*(1) if the interest in real property were owned in fee simple or absolute ownership by a single individual, a sale or mortgage of the interest would be desirable because total investment returns, including appreciation and the value of any use of the real property by trust beneficiaries, were inadequate; or*

*(2) an order directing a sale or mortgage would be economically advantageous to the trust beneficiaries to whom trust income is distributable or may be distributed and would not be seriously disadvantageous to any trust beneficiary.*

*The court to which a petition to lease has been made under section 38 may grant the petition on terms it considers appropriate, even though the term of the lease may extend beyond the term of the trust, if the court determines that an order directing a lease would be economically advantageous to the trust beneficiaries to whom trust income is distributable or may be distributed and would not be seriously disadvantageous to any trust beneficiary.*

*Subd. 2.* [PETITION UNDER SECTION 39.] *The court to which a petition to sell or mortgage has been made under section 39 may grant the petition on terms it considers appropriate if the court determines that:*

*(1) were the real property held in trust for the owners of the possessory and future interests in the property, retention of the real property by the*

*trustee without the sale or mortgage would be inconsistent with a trustee's common law duty to administer the trust impartially as between the holders of successive interests in income and principal;*

*(2) if the interest in real property were owned in fee simple or absolute ownership by a single individual, a sale or mortgage of the interest would be desirable because total investment returns, including appreciation and the value of any use of the real property by possessory owners, were inadequate; or*

*(3) an order directing a sale or mortgage would be economically advantageous to the owners of possessory interests in the real property and would not be seriously disadvantageous to the owner of any interest in the property.*

*The court to which a petition to lease has been made under section 39 may grant the petition on terms it considers appropriate, even though the term of the lease may extend beyond the duration of the possessory interests in the real property, if the court determines that an order directing a lease would be economically advantageous to the owners of possessory interests in the real property and would not be seriously disadvantageous to the owner of any interest in the property.*

Sec. 41. [501B.49] [NOTICE OF HEARING.]

*Subdivision 1.* [HEARING REQUIRED.] *On the filing of a petition under section 38 or 39, the court shall, by order, fix a time and place for a hearing on the petition unless a hearing has been waived in writing. In the case of a petition under section 38, each beneficiary of the trust then in being must join in the waiver. In the case of a petition under section 39, each person in being who owns an interest in the real property must join in the waiver.*

*Subd. 2.* [NOTICE.] *Notice of hearing must be given by publishing a copy of the order for hearing one time in a legal newspaper for the county in which the petition is filed at least 20 days before the date of the hearing, and by mailing copies of the order for hearing in the manner specified in this subdivision or in another manner ordered by the court. In the case of a petition under section 38, mailed notice must be given by mailing a copy of the order for hearing to those beneficiaries of the trust then in being who are known to or reasonably ascertainable by the petitioner and, in the case of a beneficiary who is a minor or an incapacitated person as defined in section 525.54, to the conservator or guardian, or if none is acting within the state, to the guardian ad litem of the beneficiary, at least 15 days before the date of the hearing. In the case of a petition under section 39, mailed notice must be given by mailing a copy of the order for hearing to those persons owning an interest in the real property then in being who are known to or reasonably ascertainable by the petitioner and, in the case of a person who is a minor or an incapacitated person as defined in section 525.54, to the conservator or guardian, or if none is acting within the state, to the guardian ad litem of the person, at least 15 days before the date of the hearing.*

Sec. 42. [501B.50] [REPRESENTATION OF PERSONS WHO ARE UNBORN, UNASCERTAINED, UNKNOWN, OR MINORS OR INCAPACITATED PERSONS.]

*If an interested person is a minor or an incapacitated person as defined in section 525.54 and does not have a guardian or conservator within the*

*state, the court shall appoint a guardian ad litem for the person. If an interested person is unborn, unascertained, or a person whose identity or address is unknown to the petitioner, the court shall represent the person, but the court may, upon the application of the petitioner or another interested person or on its own motion, appoint a guardian ad litem to represent the person.*

Sec. 43. [501B.51] [ORDER UPON PETITION; EXECUTION OF TRANSACTION.]

*Subdivision 1.* [FORM OF ORDER; CONCLUSIVENESS.] *At a hearing under section 41, the court shall make an order it considers appropriate. If the petition is granted in whole or in part, the order must specify the real property to be sold, mortgaged, or leased and the terms and conditions on which the transaction is to be consummated. The order is final and conclusive as to all matters determined by it and binding in rem on all persons interested in the real property, whether their interests are vested or contingent, even though the person is a minor, incapacitated as defined in section 525.54, unascertained, or not in being, except that appeal may be taken in the manner provided in the rules of appellate procedure.*

*Subd. 2.* [EXECUTION OF ORDER.] *(a) In the case of a petition under section 38, all transactions required by the order must be executed by the trustee.*

*(b) In the case of a petition under section 39, the court shall appoint a suitable person as receiver to act for the court in executing each transaction required by the order. Each required transaction must be executed by the receiver.*

Sec. 44. [501B.52] [REPORT OF AGREEMENT FOR CONFIRMATION.]

*Before a sale, mortgage, or lease is made under an order described in section 43, the trustee or receiver shall enter into an agreement for the sale, mortgage, or lease, subject to the approval of the court, and must report the agreement to the court under oath. At least 15 days before the hearing on the confirmation of the agreement, the trustee or receiver shall mail a copy of the agreement to each interested party to whom mailed notice was given under section 41 and to any interested party who did not receive notice but appeared at the hearing on the petition.*

Sec. 45. [501B.53] [ORDER OF CONFIRMATION; CONTENTS AND SUBSEQUENT PROCEDURES; DISTRIBUTION OF ASSETS.]

*Subdivision 1.* [ORDER TO EXECUTE AGREEMENT.] *If an agreement reported to the court under section 44 is found by the court to conform to the order described in section 43, the court shall make an order approving and confirming the agreement and directing the trustee or receiver to execute and deliver the deed, mortgage, or lease of real property required by the agreement.*

*Subd. 2.* [COSTS; ALLOWANCES.] *The order of confirmation may direct that each participant in the proceeding be paid reasonable costs of the proceeding incurred by the participant. The order of confirmation may make appropriate allowances to persons who have served in the proceeding as receiver, guardian ad litem, or counsel, and may direct the manner of payment of these allowances.*

*Subd. 3.* [SAFEKEEPING, MANAGEMENT, AND DISTRIBUTION OF ASSETS.] *The order of confirmation must include appropriate provisions*

*for the safekeeping, management, and distribution of assets derived from the ordered transaction. In the case of assets derived from a transaction executed by a trustee under section 43, subdivision 2, paragraph (a), distribution must be made to the trustee for administration as trust assets. In the case of assets derived from a transaction executed by a receiver under section 43, subdivision 2, paragraph (b), distribution must be made to the owners, at the time of the sale or mortgage, of present possessory interests in the real property that was sold or mortgaged, and to the owners of leased real property who would be entitled to possession on the present termination of the lease. Notwithstanding any contrary provision in the terms of the instrument creating the interests in real property sold, mortgaged, or leased under this subdivision, the same possessory and future interests exist in the assets distributed as existed in the real property, and any provision in the creating instrument for forfeiture of an interest in real property upon a sale or other assignment must be disregarded by the court in directing distribution or other assignment of interests in the proceeds of a sale.*

*Subd. 4.* [HEARING ON CONFIRMATION ORDER.] *The trustee or receiver shall obtain from the court a time and place for the court's hearing on the confirmation of the agreement and shall give mailed notice of the time and place of the hearing to the interested parties described in section 43 at least 15 days before the date of that hearing. The order of confirmation is final and conclusive as to all matters determined by it and binding in rem on all persons interested in the real property, whether their interests are vested or contingent, even though a person is a minor, incapacitated as defined in section 525.54, unascertained, or not in being, except that appeal may be taken in the manner provided in the rules of appellate procedure.*

*Subd. 5.* [COMBINED PROCEEDINGS.] *In appropriate circumstances, proceedings under this section and section 44 may be combined with proceedings under sections 38 to 43.*

Sec. 46. [501B.54] [LEGAL EFFECT OF DEED, MORTGAGE, OR LEASE MADE UNDER SECTION 45.]

*A deed, mortgage, or lease executed and delivered in accordance with an order of confirmation under section 45 binds the interests of the applicant for the order and of all other persons interested in the real property sold, mortgaged, or leased.*

Sec. 47. [501B.55] [DATE OF CREATION OF INTERESTS AFFECTED BY THE PROCEDURES IN SECTIONS 38 TO 46.]

*The procedures in sections 38 to 46 apply to proceedings initiated after January 1, 1990, with respect to interests created before, on, or after January 1, 1990.*

A trust is so administered with respect to the allocation of receipts and expenditures if a receipt is credited or an expenditure is charged to income or principal or partly to each:*

*(1) in accordance with the terms of the trust instrument, notwithstanding contrary provisions of sections 48 to 65;*

*(2) in the absence of contrary terms of the trust instrument, in accordance with sections 48 to 65;*

*(3) if neither of the preceding rules of administration is applicable, in accordance with what is reasonable and equitable in view of the interests of those entitled to income as well as of those entitled to principal, and in view of the manner in which persons of ordinary prudence, discretion, and judgment would act in the management of their own affairs.*

*Subd. 2.* [TRUSTEE'S DISCRETION.] *If a trust instrument gives the trustee discretion in crediting a receipt or charging an expenditure to income or principal or partly to each, no inference of imprudence or partiality arises from the fact that the trustee has made an allocation contrary to sections 48 to 65.*

Sec. 50. [501B.61] [INCOME; PRINCIPAL; CHARGES.]

*Subdivision 1.* [INCOME DEFINED.] *"Income" means the return in money or property derived from the use of principal, including return received as:*

*(1) rent of real or personal property, including sums received for cancellation or renewal of a lease;*

*(2) interest on money lent, including sums received as consideration for the privilege of prepayment of principal, except as provided in section 54 on bond premium and bond discount;*

Sec. 51. [501B.62] [WHEN RIGHT TO INCOME ARISES; APPORTIONMENT OF INCOME.]

*Subdivision 1.* [GENERAL RULE.] *An income beneficiary is entitled to income from the date specified in the trust instrument or, if none is specified, from the date an asset becomes subject to the trust. In the case of an asset that becomes subject to a trust because of a will, it becomes subject to the trust as of the date of the death of the testator or date of receipt in the estate if acquired after death, even though there is an intervening period of administration of the testator's estate during which the beneficiary may have no right to a distribution of the income.*

*Subd. 2.* [RECEIPTS DUE BUT NOT PAID; PERIODIC PAYMENTS.]

*In the administration of a decedent's estate or an asset that becomes subject to a trust by reason of a will:*

*(1) receipts due but not paid at the date of death of the testator are principal;*

*(2) receipts in the form of periodic payments, other than corporate distributions to stockholders, including rent, interest, or annuities, not due at the date of the death of the testator must be treated as accruing from day to day. That portion of the receipt that accrues before the date of death is principal, and the balance is income.*

*Subd. 3.* [OTHER RECEIPTS.] *In all other cases, any receipt from an income-producing asset is income even though the receipt was earned or accrued in whole or in part before the date when the asset became subject to the trust.*

*Subd. 4.* [TERMINATION OF INCOME INTEREST.] *On termination of an income interest, the income beneficiary whose interest is terminated, or the income beneficiary's estate, is entitled to:*

*(1) income undistributed on the date of termination;*

*(2) income due but not paid to the trustee on the date of termination; and*

*(3) income in the form of periodic payments, other than corporate distributions to stockholders, including rent, interest, or annuities, not due on the date of termination, accrued from day to day.*

*Subd. 5.* [CORPORATE DISTRIBUTIONS TO STOCKHOLDERS.] *Corporate distributions to stockholders must be treated as due on the day fixed by the corporation for determination of stockholders of record entitled to distribution or, if no date is fixed, on the date of declaration of the distribution by the corporation.*

Sec. 52. [501B.63] [INCOME EARNED DURING ADMINISTRATION OF A DECEDENT'S ESTATE.]

*Subdivision 1.* [EXPENSES.] *Unless a will provides otherwise and subject to subdivision 2, all expenses incurred in connection with the settlement of a decedent's estate, including debts, funeral expenses, estate taxes, interest and penalties concerning taxes, family allowances, fees of attorneys and personal representatives, and court costs must be charged against the principal of the estate.*

*Subd. 2.* [INCOME.] *Unless the will provides otherwise, income from the assets of a decedent's estate after the death of the testator and before distribution, including income from property used to discharge liabilities, must be determined in accordance with the rules applicable to a trustee and distributed as follows:*

*(1) to specific devisees, the income from the property devised to them respectively, less property taxes, ordinary repairs, interest, and other expenses of management and operation of the property, and less an appropriate portion of taxes imposed on income, excluding taxes on capital gains, that accrue during the period of administration;*

*(2) to all other devisees, except devisees of pecuniary devises not in trust, the balance of the income, less the balance of property taxes, ordinary repairs, interest, and other expenses of management and operation of all*

*property from which the estate is entitled to income, and taxes imposed on income, excluding taxes on capital gains, that accrue during the period of administration, in proportion to their respective interests in the undistributed assets of the estate computed at times of distribution on the basis of inventory value.*

*Subd. 3.* [INCOME RECEIVED BY TRUSTEE.] *Income received by a trustee under subdivision 2 must be treated as income of the trust.*

Sec. 53. [501B.64] [CORPORATE DISTRIBUTIONS.]

*Subdivision 1.* [SHARES; STOCK SPLITS; STOCK DIVIDENDS; SUBSCRIPTION RIGHTS.] *Distributions of shares of a distributing corporation, including distributions in the form of a stock split or stock dividend, are principal. A shareholder's right to subscribe to shares or other securities of the distributing corporation and the proceeds of any sale of that right are principal.*

*Subd. 2.* [CALL OF SHARES; MERGER; LIQUIDATION.] *Except to the extent that the corporation indicates that some part of a corporate distribution is a settlement of preferred or guaranteed dividends accrued since the trustee became a stockholder or is in lieu of an ordinary cash dividend, a corporate distribution is principal if the distribution is pursuant to:*

*(1) a call of shares;*

*(2) a merger, consolidation, reorganization, or other plan by which assets of the corporation are acquired by another corporation; or*

*(3) a total or partial liquidation of the corporation, including a distribution the corporation indicates is a distribution in total or partial liquidation or distribution of assets, other than cash, pursuant to a court decree or final administrative order by a government agency ordering distribution of the particular assets.*

*Subd. 3.* [REGULATED INVESTMENT COMPANY; REAL ESTATE INVESTMENT TRUST.] *Distributions made from ordinary income by a regulated investment company or by a trust qualifying and electing to be taxed under federal law as a real estate investment trust are income. All other distributions made by the company or trust, including distributions from capital gains, depreciation, or depletion, whether in the form of cash or an option to take new stock or cash or an option to purchase additional shares, are principal.*

*Subd. 4.* [OTHER DISTRIBUTIONS.] *Except as provided in subdivisions 1, 2, and 3, all corporate distributions are income. "Corporate distributions" includes cash dividends, distributions of or rights to subscribe to shares or securities or obligations of corporations other than the distributing corporation, and the proceeds of the rights or property distributions. Except as provided in subdivisions 2 and 3, if the distributing corporation gives a stockholder an option to receive a distribution either in cash or in its own shares, the distribution chosen is income.*

*Subd. 5.* [RELIANCE ON STATEMENTS.] *The trustee may rely on a statement of the distributing corporation as to a fact relevant under a provision of sections 48 to 65 concerning the source or character of dividends or distributions of corporate assets.*

Sec. 54. [501B.65] [BOND PREMIUM AND DISCOUNT.]

*Subdivision 1.* [PRINCIPAL.] *Bonds or other obligations for the payment of money are principal at their inventory value, except as provided in subdivision 2 for discount bonds. No provision may be made for amortization of bond premiums or for accumulation for discount. The proceeds of sale, redemption, or other disposition of the bonds or obligations are principal.*

*Subd. 2.* [INCOME.] *The increment in value of a bond or other obligation for the payment of money payable at a future time in accordance with a fixed schedule of appreciation in excess of the price at which it was issued, is distributable as income. The increment in value is distributable to the beneficiary who was the income beneficiary at the time of increment from the first principal cash available or, if none is available, when realized by sale, redemption, or other disposition. Whenever unrealized increment is distributed as income but out of principal, the principal must be reimbursed for the increment when realized.*

Sec. 55. [501B.66] [BUSINESS AND FARMING OPERATIONS.]

*Subdivision 1.* [BUSINESS INCOME OR LOSSES.] *If a trustee uses part of the principal in the continuance of a business of which the settlor was a sole proprietor or a partner, the net profits of the business, computed in accordance with generally accepted accounting principles for a comparable business, are income. If a loss results in any fiscal or calendar year, the loss falls on principal and must not be carried into any other fiscal or calendar year for purposes of calculating new income.*

*Subd. 2.* [AGRICULTURAL INCOME.] *Generally accepted accounting principles must be used to determine income from an agricultural or farming operation, including the raising of animals or the operation of a nursery.*

Sec. 56. [501B.67] [DISPOSITION OF NATURAL RESOURCES.]

*Subdivision 1.* [ALLOCATION OF RECEIPTS.] *If a part of the principal consists of a right to receive royalties, overriding or limited royalties, working interests, production payments, net profit interests, or other interests in minerals or other natural resources in, on, or under land, the receipts from taking the natural resources from the land must be allocated under paragraphs (a) to (c).*

*(a) If received as rent on a lease or extension payments on a lease, the receipts are income.*

*(b) If received from a production payment carved out of a mineral property, the receipts are income to the extent of a factor for interest or its equivalent provided in the governing instrument or a greater amount determined by the trustee to be reasonable and equitable in view of the interests of those entitled to income as well as those entitled to principal. The receipts not allocated to income are principal.*

*(c) If received as a royalty, overriding or limited royalty, or bonus or from a working, net profit, or other interest in minerals or other natural resources, receipts not provided for in paragraph (a) or (b) must be apportioned on a yearly basis in accordance with this paragraph whether or not any natural resource was being taken from the land at the time the trust was established. The receipts from these properties must be allocated in accordance with what is reasonable and equitable in view of the interests of those entitled to income as well as of those entitled to principal. The amount allocated to principal must be presumed to be reasonable and*

*equitable if it is not less than the amount allowable as a deduction for depletion, amortization, depreciation, or similar costs under the Internal Revenue Code of 1986. Any allocated amount must be added to principal as an allowance for depletion of the asset. The balance of the gross receipts, after payment from the receipts of all direct and indirect expenses, is income.*

*Subd. 2.* [TIMBER EXCEPTED.] *This section does not apply to timber.*

Sec. 57. [501B.68] [TIMBER.]

*If a part of the principal consists of land from which merchantable timber may be removed, the receipts from taking the timber from the land must be allocated in accordance with what is reasonable and equitable in view of the interests of those entitled to income as well as of those entitled to principal. The amount allocated to principal must be presumed to be reasonable and equitable if it is not less than the amount allowable as a deduction for depletion, amortization, depreciation, or similar costs under the Internal Revenue Code of 1986.*

Sec. 58. [501B.69] [OTHER PROPERTY SUBJECT TO DEPLETION.]

*Except as provided in sections 56 and 57, if part of the principal consists of property subject to depletion, including leaseholds, patents, copyrights, royalty rights, and rights to receive payments on a contract for deferred compensation, the receipts from the property must be allocated in accordance with what is reasonable and equitable in view of the interests of those entitled to income as well as of those entitled to principal. The amount allocated to principal is presumed to be reasonable and equitable if it is not less than the amount allowable as a deduction for depletion, amortization, depreciation, or similar costs under the Internal Revenue Code of 1986.*

Sec. 59. [501B.70] [UNDERPRODUCTIVE PROPERTY.]

*Subdivision 1.* [PORTION OF PROCEEDS AS INCOME.] *Except as otherwise provided in this section, a portion of the net proceeds of a sale of a part of the principal that has not produced an average net income of at least one percent per year of its inventory value for more than a year, including as income the value of any beneficial use of the property by the income beneficiary, must be treated as delayed income to which the income beneficiary is entitled as provided in this section. The net proceeds of sale are the gross proceeds received, including the value of property received in substitution for the property disposed of, less the expenses, including capital gains tax, if any, incurred in the disposition and less any carrying charges paid while the property was underproductive.*

*Subd. 2.* [CALCULATION OF DELAYED INCOME.] *The sum allocated as delayed income is the difference between the net proceeds and the amount that would have produced the net proceeds, had it been invested at simple interest at four percent per year while the property was underproductive. This sum, plus any carrying charges and expenses previously charged against income while the property was underproductive, less any income received by the income beneficiary from the property and less the value of any beneficial use of the property by the income beneficiary, is income, and the balance is principal.*

*Subd. 3.* [ACCRUAL OF DELAYED INCOME.] *An income beneficiary or the income beneficiary's estate is entitled to delayed income under this*

*section as if accrued from day to day.*

*Subd. 4.* [DIFFICULT-TO-APPORTION PROPERTY.] *If principal subject to this section is disposed of by conversion into property that cannot be apportioned easily, including, but not limited to, land, mortgages, or realty acquired by or in lieu of foreclosure, the income beneficiary is entitled to the net income from any property or obligation into which the original principal is converted while the substituted property or obligation is held. If within five years after the conversion the substituted property has not been further converted into easily apportionable property, no allocation as provided in this section may be made.*

Sec. 60. [501B.71] [CHARGES AGAINST INCOME AND PRINCIPAL.]

*Subdivision 1.* [INCOME.] *The following charges must be made against income:*

*(1) ordinary expenses incurred in connection with the administration, management, or preservation of the trust property, including regularly recurring taxes assessed against a portion of the principal, water rates, premiums on insurance taken upon the interests of the income beneficiary, remainderperson, or trustee, interest paid by the trustee, and ordinary repairs;*

*(2) a reasonable allowance for depreciation on property subject to depreciation under generally accepted accounting principles, but no allowance may be made for depreciation of that portion of real property used by a beneficiary as a residence or for depreciation of property held by the trustee on January 1, 1970, for which the trustee is not then making an allowance for depreciation;*

*(3) one-half of the court costs, attorneys' fees, and other fees on periodic accountings or judicial proceedings, unless the court directs otherwise;*

*(4) court costs, attorneys' fees, and other fees on other accountings or judicial proceedings if the matter primarily concerns the income interest, unless the court directs otherwise;*

*(5) one-half of the trustee's regular compensation for services performed for the income beneficiary or in the production of income whether based on a percentage of principal or income, and all expenses reasonably incurred for current management of principal and application of income; and*

*(6) any tax levied on receipts defined as income under sections 48 to 65 or the trust instrument and payable by the trustee.*

*Subd. 2.* [UNUSUAL CHARGES.] *If charges against income are of an unusual amount, the trustee may charge them over a reasonable period of time or, by means of reserves or other reasonable means, withhold from distribution sufficient sums to regularize distributions.*

*Subd. 3.* [PRINCIPAL.] *The following charges must be made against principal:*

*(1) trustee's compensation not chargeable to income under subdivision 1, clause (5), special compensation of the trustee, expenses reasonably incurred in connection with principal, court costs and attorneys' fees primarily concerning matters of principal, and trustee's compensation computed on principal as an acceptance, distribution, or termination fee;*

*(2) charges not provided for in subdivision 1, including the cost of*

*investing and reinvesting principal, the payments on principal of an indebtedness, including a mortgage amortized by periodic payments of principal, expenses for preparation of property for rental or sale, and, unless the court directs otherwise, expenses incurred in maintaining or defending any action to construe the trust or protect it or the property or assure the title of any trust property;*

*(3) extraordinary repairs or expenses incurred in making a capital improvement to principal, including special assessments, but a trustee may establish an allowance for depreciation out of income to the extent permitted by subdivision 1, clause (2), and by section 52;*

*(4) any tax levied on profit, gain, or other receipts allocated to principal, even if the taxing authority calls the tax an income tax;*

*(5) any amount apportioned to a trust, including interest and penalties, if an estate or inheritance tax is levied in respect of a trust in which both an income beneficiary and a remainderperson have an interest.*

*Subd. 4.* [REGULAR CHARGES PAYABLE FROM INCOME.] *Regularly recurring charges payable from income must be apportioned to the same extent and in the same manner that income is apportioned under section 51.*

Sec. 61. [501B.72] [NONTRUST ESTATES.]

*Subdivision 1.* [LIMITATIONS.] *Sections 48 to 65 apply to nontrust estates, subject to:*

*(1) agreement of the parties;*

*(2) specific direction in the instrument creating the nontrust estates;*

*(3) subdivision 2; and*

*(4) other applicable statutes.*

*References in sections 48 to 65 to trusts and trustees must be read as applying to nontrust estates and to tenants and remainderpersons as the context requires.*

*Subd. 2.* [APPLICATION.] *In applying sections 48 to 65 to nontrust estates, the rules in paragraphs (a) to (c) must be followed.*

*(a) A legal life tenant or a remainderperson who has incurred a charge for the tenant's or remainderperson's benefit without the consent or agreement of the other, shall pay the charge in full.*

*(b) Costs of an improvement, including special taxes or assessments representing an addition to value of property forming part of the principal that cannot reasonably be expected to outlast the legal life estate, must be paid by the legal life tenant.*

*(c) If the improvement can reasonably be expected to outlast the legal life estate, only a portion of the costs must be paid by the legal life tenant and the balance by the remainderperson.*

*(1) The portion payable by the legal life tenant is that fraction of the total found by dividing the present value of the legal life estate by the present value of an estate of the same form as that of the legal life estate but limited to a period corresponding to the reasonably expected duration of the improvement.*

*(2) The present value of the legal life estate must be computed by applying the federal estate tax regulations for the calculation of the value of life estates under section 2031 of the Internal Revenue Code of 1986. The federal estate tax regulations applied must be those in force on the date when the costs of the improvement are initially determined by assessment, agreement, or otherwise. No other evidence of duration or expectancy may be considered.*

Sec. 62. [501B.73] [APPLICATION.]

*Except as specifically provided in the governing instrument, Minnesota Statutes 1988, sections 501.48 to 501.63, apply to a receipt or expense received or incurred after January 1, 1970, and before January 1, 1990, by any trust or decedent's estate whether established before or after January 1, 1970, and whether the asset involved was acquired by the trustee before or after January 1, 1970.*

*Except as specifically provided in the governing instrument, sections 48 to 65 apply to a receipt or expense received or incurred after December 31, 1989, by a trust or decedent's estate whether established before, on, or after January 1, 1990, and whether the asset involved or legal estate was acquired by the trustee, personal representative, legal life tenant, or remainderperson before, on, or after January 1, 1990.*

Sec. 63. [501B.74] [ASCERTAINMENT OF INCOME OR PRINCIPAL.]

*Sections 48 to 65 do not govern the ascertainment of what constitutes the receipt of income or principal by the estate or trust for income tax purposes.*

Sec. 64. [501B.75] [UNIFORMITY OF INTERPRETATION.]

*Sections 48 to 65 must be so construed as to effectuate their general purpose to make uniform the law of those states that enact them.*

Sec. 65. [501B.76] [SHORT TITLE.]

*Sections 48 to 65 may be cited as the uniform principal and income act.*

MISCELLANEOUS

Sec. 70. [501B.86] [DISCLAIMER OF INTERESTS PASSING BY DEED, ASSIGNMENT, UNDER CERTAIN NONTESTAMENTARY INSTRUMENTS, OR UNDER CERTAIN POWERS OF APPOINTMENT.]

*Subdivision 1.* [DEFINITIONS.] *As used in this section, unless otherwise clearly required by the context:*

*(a) "beneficiary" means a person entitled, but for the person's disclaimer, to take an interest:*

*(1) as grantee;*

*(2) as donee;*

*(3) under an assignment or instrument of conveyance or transfer;*

*(4) by succession to a disclaimed interest, other than by will, intestate succession, or through the exercise or nonexercise of a testamentary power of appointment;*

*(5) as beneficiary of an inter vivos trust or insurance contract;*

*(6) pursuant to the exercise or nonexercise of a nontestamentary power of appointment;*

*(7) as donee of a power of appointment created by a nontestamentary instrument; or*

*(8) otherwise under a nontestamentary instrument;*

*(b) "interest" means:*

*(1) the whole of any property, real or personal, legal or equitable;*

*(2) a fractional part, share, particular portion, or specific assets of property;*

*(3) an estate in property;*

*(4) a power to appoint, consume, apply, or expend property; or*

*(5) any other right, power, privilege, or immunity relating to property; and*

*(c) "disclaimer" means a written instrument that declines, refuses, releases, or disclaims an interest that would otherwise be succeeded to by a beneficiary, if the instrument defines the nature and extent of the interest disclaimed and is signed, witnessed, and acknowledged by the disclaimant in the manner provided for deeds of real estate.*

*Subd. 2.* [WHO MAY DISCLAIM.] *A beneficiary may disclaim an interest in whole or in part, or with reference to specific parts, shares, portions, or assets, by filing a disclaimer in court in the manner provided in this section. A guardian or conservator of the estate of a minor or an incapacitated person under section 525.54, or the personal representative of the estate of a deceased beneficiary may execute and file a disclaimer on behalf of the beneficiary if that representative considers it not detrimental to the best interests of the beneficiary and in the best interests of those interested in the beneficiary's estate and of those who take the beneficiary's interest by virtue of the disclaimer. The representative may file the disclaimer with or without a court order within the time specified in subdivision 3. A beneficiary may file a disclaimer by an attorney or attorney-in-fact.*

*Subd. 3.* [FILING DEADLINE.] *A disclaimer under subdivision 2 may be filed at any time after the creation of the interest, but it must be filed within nine months after the effective date of the nontestamentary instrument creating the interest, or, if the disclaimant is not then finally ascertained as a beneficiary or the disclaimant's interest has not then become indefeasibly fixed both in quality and in quantity, the disclaimer must be filed not later than nine months after the event that would cause the disclaimant to become finally ascertained and the interest to become indefeasibly fixed both in quality and quantity.*

*Subd. 4.* [EFFECTIVE DATE.] *(a) A disclaimer under subdivision 2 is effective on being filed in a district court of the state of Minnesota. A copy of the disclaimer must be delivered or mailed to the trustee of a trust in which the interest disclaimed exists or to any other person who has legal title to, or possession of, the property in which the interest disclaimed exists. The trustee or person is not liable for any otherwise proper distribution or other disposition made without actual notice of the disclaimer.*

*(b) If an interest in or relating to real estate is disclaimed, the original of the disclaimer, or a copy of the disclaimer certified as true and complete by the court administrator of the district court where the disclaimer has been filed, must also be filed with the county recorder or with the registrar of titles, as appropriate, in the county or counties where the real estate is situated. The filed disclaimer is notice to all persons after the time of filing. If title to the real estate has not been registered under chapter 508, the disclaimer or certified copy must be filed with the county recorder. If title to the real estate has been registered under chapter 508, the disclaimer or certified copy must be filed with the registrar of titles.*

*Subd. 5.* [DISTRIBUTION OF DISCLAIMED PROPERTY.] *Unless otherwise provided in the nontestamentary instrument creating the interest with reference to the possibility of a disclaimer by the beneficiary, the interest disclaimed must be distributed or otherwise disposed of in the same manner as if the disclaimant had died immediately preceding the death or other event that causes the disclaimant to become finally ascertained as a beneficiary and the interest to become indefeasibly fixed both in quality and quantity. The disclaimer relates for all purposes to that date, whether filed before or after the death or other event. Unless the disclaimer provides otherwise, a person disclaiming an interest in a nonresiduary gift under a trust instrument or otherwise is not excluded from sharing in a gift of the residue even though, through lapse, the residue includes the assets disclaimed.*

*Subd. 6.* [BARS TO RIGHT TO DISCLAIM.] *The right to disclaim is barred if the beneficiary: (1) is insolvent; (2) assigns or transfers, or contracts to assign or transfer, an interest in the property to be disclaimed; (3) in writing, waives the right to disclaim the succession to an interest in the property; or (4) sells or otherwise disposes of an interest in the property.*

*Subd. 7.* [EFFECT OF RESTRICTIONS.] *The right to disclaim granted by this section exists despite a limitation imposed on the interest of the disclaimant in the nature of an express or implied spendthrift provision or similar restriction. A disclaimer, when filed under this section, or a written waiver of the right to disclaim, is binding on the disclaimant or waiving beneficiary and all parties later claiming by, through, or under the disclaimant or waiving beneficiary, except that a waiving beneficiary may later transfer, assign, or release the waiving beneficiary's interest if it is not prohibited by an express or implied spendthrift provision. If an interest in real estate is disclaimed and the disclaimer is filed in accordance with subdivision 4, the spouse of the disclaimant, if the spouse has consented to the disclaimer in writing, is automatically debarred from the spouse's statutory or common law right or estate by curtesy or in dower or otherwise in the real estate to which the spouse, except for the disclaimer, would have been entitled.*

*Subd. 8.* [OTHER LAW.] *This section does not abridge the right of a person, apart from this section, under an existing or future statute or rule*

*of law, to disclaim an interest or to assign, convey, release, renounce, or otherwise dispose of an interest.*

Sec. 2. Minnesota Statutes 1988, section 16B.189, is amended to read:

16B.189 [CITATION AND PURPOSE.]

Sections 16B.19 to 16B.22 may be cited as the "Minnesota small business procurement act." These sections prescribe procurement practices and procedures to assist in the economic development of small businesses and *economically disadvantaged* small businesses ~~owned and operated by socially or economically disadvantaged persons~~.

Sec. 3. Minnesota Statutes 1988, section 16B.19, is amended to read:

16B.19 [DESIGNATION OF PROCUREMENTS FROM SMALL BUSINESSES.]

Subdivision 1. [SMALL BUSINESS PROCUREMENTS.] The commissioner shall for each fiscal year ensure that small businesses receive at least 25 percent of the value of anticipated total state procurement of goods and services, including printing and construction. The commissioner shall divide the procurements so designated into contract award units of economically feasible production runs in order to facilitate offers or bids from small businesses. In making the annual designation of such procurements the commissioner shall attempt (1) to vary the included procurements so that a variety of goods and services produced by different small businesses are obtained each year, and (2) to designate small business procurements in a manner that will encourage proportional distribution of such awards among the geographical regions of the state. To promote the geographical distribution of set-aside awards, the commissioner may designate a portion of the small business set-aside procurement for award to bidders from a specified congressional district or other geographical region specified by the commissioner. The failure of the commissioner to designate particular procurements shall not be deemed to prohibit or discourage small businesses from seeking the procurement award through the normal solicitation and bidding processes.

*Subd. 1a.* [SMALL BUSINESS.] *For purposes of sections 16B.189 to 16B.22, "small business" means a small business, as defined in section 645.445, with its principal place of business in Minnesota.*

Subd. 2. [CONSULTANT, PROFESSIONAL AND TECHNICAL PROCUREMENTS.] Every state agency shall for each fiscal year designate for awarding to small businesses ~~with their principal place of business in Minnesota~~ at least 25 percent of the value of anticipated procurements of that agency for consultant services or professional and technical services. The set-aside under this subdivision is in addition to that provided by subdivision

1, but shall otherwise comply with section 16B.17. ~~At least six percent of all these procurements for consultant services or professional or technical services shall be set aside for small businesses owned and operated by socially or economically disadvantaged persons.~~

Subd. 3. [NEGOTIATED PRICE OR BID CONTRACT.] The commissioner may elect to use either a negotiated price or bid contract procedure as may be appropriate in the awarding of a procurement contract under the set-aside or preference program established in sections 16B.19 to 16B.22. The amount of an award may not exceed by more than five percent the commissioner's estimated price for the goods or services, if they were to be purchased on the open market and not under this set-aside program. Surety bonds guaranteed by the federal Small Business Administration and second party bonds are acceptable security for a construction award under this section. "Second party bond" means a bond ~~which~~ *that* designates as principal, guarantor, or both, a person or persons in addition to the person to whom the contract is proposed for award.

Subd. 4. [DETERMINATION OF ABILITY TO PERFORM.] Before making an award under the ~~set-aside or~~ preference programs *established in subdivision 5* for *economically disadvantaged* small businesses ~~owned and operated by socially or economically disadvantaged persons~~, the commissioner shall evaluate whether the small business scheduled to receive the award is able to perform the contract. This determination shall include consideration of production and financial capacity and technical competence.

Subd. 5. [CERTAIN SMALL BUSINESS PREFERENCES ~~AND SET-ASIDES~~.) ~~At least nine percent of the value of all procurements shall be awarded, if possible, for award to businesses owned and operated by socially or economically disadvantaged persons as defined in section 645.445 with their principal place of business in Minnesota. The commissioner shall designate set-aside procurements in a manner that will encourage proportional distribution of set-aside awards among the geographical regions of the state. To promote the geographical distribution of set-aside awards, the commissioner may designate a portion of the set-aside for small businesses owned and operated by socially or economically disadvantaged persons for award to bidders from a specified congressional district or other geographical region specified by the commissioner and shall report annually to the governmental operations committees of the house of representatives and the senate on the use and impact of this provision. To reach a goal of nine percent, the commissioner must set aside at least three percent of all procurements for bidding only by small businesses owned and operated by socially or economically disadvantaged persons, may~~ *The commissioner shall* award a five percent preference in the amount bid on ~~selected~~ *all* state procurements to *economically disadvantaged* small businesses ~~owned and operated by socially or economically disadvantaged persons, or may utilize any other bidding process authorized by this chapter~~ *to encourage the participation of economically disadvantaged small businesses in state procurement*. ~~In the event small businesses owned and operated by socially or economically disadvantaged persons are unable to perform at least nine percent of the value of all procurements, the commissioner shall award the remainder to other small businesses.~~ At least ~~50~~ *75* percent of the value of the procurements awarded to *economically disadvantaged small* businesses ~~owned and operated by socially or economically disadvantaged persons shall~~ *must* actually be performed by the business to which the award is made or another *economically disadvantaged small* business ~~owned~~

~~and operated by a socially or economically disadvantaged person or persons. The commissioner may not designate more than 20 percent of any commodity class for set-aside or preference awards to businesses owned and operated by socially or economically disadvantaged persons. A~~ *An economically disadvantaged small* business ~~owned and operated by socially or economically disadvantaged persons~~ that has been awarded more than three-tenths of one percent of the value of the total anticipated procurements for a fiscal year under this subdivision is disqualified from receiving further ~~set-aside or~~ preference advantages for that fiscal year.

Subd. 6. [CONTRACTS IN EXCESS OF $200,000; ~~SET-ASIDE~~ *SUBCONTRACTS.*] The commissioner, as a condition of awarding state procurements for construction contracts or approving contracts for consultant, professional, or technical services ~~pursuant to~~ *under* section 16B.17 in excess of $200,000, ~~shall require that at least ten percent of the contract award to a prime contractor be subcontracted to a business owned and operated by a socially or economically disadvantaged person or persons or that at least ten percent of the contract award be expended in purchasing materials or supplies from said person or persons. If there is no socially or economically disadvantaged person or persons or other small businesses able to perform the subcontract or to provide the supplies or materials, the construction contract or contract for consultant, professional, or technical services may be awarded notwithstanding the ten percent requirement provided that the ten percent requirement is made up in other such contracts awarded or to be awarded by the same agency. Any subcontracting or purchasing of supplies and materials pursuant to this subdivision may not be included in determining the total amount of awards required by subdivisions 1, 2, and 5. In the event small businesses owned and operated by socially and economically disadvantaged persons are unable to perform ten percent of the prime contract award, the commissioner shall require that other small businesses perform at least ten percent of the prime contract award. The commissioner may determine that small businesses owned and operated by socially and economically disadvantaged persons are unable to perform at least ten percent of the prime contract award prior to the advertising for bids~~ *may set goals which require that the prime contractor subcontract a portion of the contract to economically disadvantaged small businesses*. Each construction contractor bidding on a project over $200,000 *on which this subcontracting is required* shall submit with the bid a list of the *economically disadvantaged small* businesses ~~owned and operated by socially or economically disadvantaged persons~~ that are proposed to be utilized on the project with a statement indicating the portion of the total bid to be performed by each business. The commissioner shall reject any bid to which this subdivision applies that does not contain this information. Prime contractors receiving construction contract awards in excess of $200,000 shall furnish to the commissioner the name of each ~~business owned and operated by a socially or~~ economically disadvantaged ~~person or persons or other~~ small business that is performing work or supplying supplies and materials on the prime contract and the dollar amount of the work performed or to be performed or the supplies and materials to be supplied. Once the contract has been awarded, the prime contractor must use the ~~socially and~~ economically disadvantaged *small business* subcontractors proposed to be utilized on the project, unless the subcontractors are unable to perform in accordance with the award.

This subdivision does not apply to prime contractors that are themselves *economically disadvantaged* small businesses ~~owned and operated by socially~~

~~or economically disadvantaged persons~~, as ~~duly~~ certified ~~pursuant to~~ *under* section 16B.22.

~~Subd. 8. [RECOURSE TO OTHER BUSINESSES.] In the event that subdivisions 1 to 6 do not operate to extend a contract award to a small business the award must be placed pursuant to the normal solicitation and award provisions in this chapter. The commissioner shall then designate for small businesses additional state procurements corresponding in approximate value to the contract unable to be awarded pursuant to subdivisions 1 to 6.~~

Subd. 9. [PROCUREMENT PROCEDURES.] All laws and rules pertaining to solicitations, bid evaluations, contract awards, and other procurement matters apply equally to procurements designated for small businesses. In the event of conflict with other rules, section 16B.18 and rules adopted under it govern, if section 16B.18 applies. If it does not apply, sections 16B.19 to 16B.22 and rules adopted under those sections govern.

Subd. 10. [APPLICABILITY.] This section does not apply to construction contracts or contracts for consultant, professional, or technical services ~~pursuant to~~ *under* section 16B.17 ~~which~~ *that* are financed in whole or in part with federal funds and ~~which~~ *that* are subject to federal disadvantaged business enterprise regulations.

Sec. 2. [82B.03] [PROHIBITIONS.]

*Subdivision 1.* [LICENSE REQUIRED.] *(a) It is unlawful for a person to act as a real estate appraiser in this state unless licensed under this chapter.*

*(b) Only persons licensed under this chapter may advertise or represent themselves to be real estate appraisers.*

*(c) No person, other than a licensed real estate appraiser, may assume or use that title or a title, designation, or abbreviation likely to create the impression of licensure as a real estate appraiser by this state.*

*Subd. 2.* [LICENSE NOT REQUIRED.] *(a) An officer or employee of a corporation, partnership, or other business entity may act as a real estate appraiser without obtaining a license under this chapter if the corporation, partnership, or other business entity in which the person is employed or is an officer has an interest in the real estate that is the subject of the appraisal as owners, lenders, investors, or insurers.*

*(b) An appraisal conducted by a person exempt under this subdivision is subject to the guidelines for real estate appraisal policies and review procedures of the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, the Federal Reserve Board, the Farm Credit Administration, or the comptroller of the currency.*

*(c) If a real estate appraisal is made by a person who is exempt from licensing under this subdivision, the person for whom the appraisal is conducted must be given written notice that the appraisal was not conducted by a licensed appraiser, and the appraisal report must clearly state that it was conducted by an interested party and not by a licensed real estate appraiser.*

Sec. 3. [82B.035] [EXEMPTION.]

*Subdivision 1.* [MARKET ANALYSIS.] *This chapter does not apply to a licensed real estate salesperson or broker who, in the ordinary course of the licensee's business, gives a market analysis of the price of real estate, if the market analysis is not referred to or construed as an appraisal.*

Three of the members must be public members, four must be consumers of appraisal services, and eight must be licensed real estate appraisers of whom not less than two members shall be level II. Mere membership in an organization does not make a person the organization's representative on the board.*

*Subd. 2.* [QUALIFICATIONS.] *The real estate appraiser members first appointed to the board must: (1) be members in good standing of a nationally recognized real estate appraisal organization that as of January 1, 1989, required appraisal experience, education, and testing to become a designated member, in addition to adherence to standards of professional practice to keep the designation; or (2) have five years of active appraisal experience.*

*Each real estate appraiser member of the board appointed after January 1, 1991, must be a licensed real estate appraiser.*

*Subd. 3.* [TERMS.] *The term of office for members is three years.*

*Upon expiration of their terms, members of the board shall continue to hold office until the appointment and qualification of their successors. No person may serve as a member of the board for more than two consecutive terms. The commissioner may remove a member for cause.*

*Subd. 4.* [PRACTICE OF PUBLIC MEMBERS PROHIBITED.] *The public members of the board may not be engaged in the practice of real estate appraising.*

*Subd. 5.* [CONDUCT OF MEETINGS.] *Places of regular board meetings must be decided by the vote of members. Written notice must be given to each member of the time and place of each meeting of the board at least ten days before the scheduled date of regular board meetings. The board shall establish procedures for emergency board meetings and other operational procedures, subject to the approval of the commissioner.*

*The members of the board shall elect a chair from among the members to preside at board meetings.*

*A quorum of the board is eight members.*

*The board shall meet at least quarterly, except that a meeting may be canceled, subject to the approval by the commissioner if a majority of the members determine that the meeting is not necessary.*

*The commissioner or a majority of the members may schedule additional meetings as necessary.*

*Subd. 6.* [COMPENSATION.] *Each member of the board is entitled to a per diem allowance of $35 for each meeting of the board at which the member is present and for each day or substantial part of a day actually spent in the conduct of the business of the board, plus all appropriate expenses unless a greater amount is authorized by Minnesota Statutes, section 15.0575.*

Sec. 6. [82B.06] [POWERS OF THE BOARD.]

*The board shall make recommendations to the commissioner as the commissioner requests on:*

*(1) rules with respect to each category of licensed real estate appraiser, the type of educational experience, appraisal experience, and equivalent experience that will meet the requirements of this chapter;*

*(2) examination specifications for each category of licensed real estate appraiser, to assist in providing or obtaining appropriate examination questions and answers, and procedures for grading examinations;*

*(3) rules with respect to each category of licensed real estate appraiser, the continuing education requirements for the renewal of licensing that will meet the requirements provided in this chapter;*

*(4) periodic review of the standards for the development and communication of real estate appraisals provided in this chapter and rules explaining and interpreting the standards; and*

*(5) other matters necessary in carrying out the provisions of this chapter.*

*(f) The application for original licensing, renewal licensing, and examination must specify the classification of licensing being applied for and previously granted.*

*Subd. 4.* [EFFECTIVE DATE OF LICENSE.] *A license issued under this chapter expires on the August 31 next following the issuance of the license.*

*Subd. 5.* [RENEWALS.] *(a) Persons whose applications have been properly and timely filed who have not received notice of denial of renewal are considered to have been approved for renewal and may continue to transact business as a real estate appraiser whether or not the renewed license has been received on or before September 1. Application for renewal of a license is considered to have been timely filed if received by the commissioner by, or mailed with proper postage and postmarked by, August 1 in each year. Applications for renewal are considered properly filed if made upon forms duly executed and sworn to, accompanied by fees prescribed by this chapter and containing information the commissioner requires.*

*(b) Persons who have failed to make a timely application for renewal of a license and who have not received the renewal license as of September 1 are unlicensed until the time the license has been issued by the commissioner and is received.*

*Subd. 6.* [NOTICE.] *Notice in writing must be given to the commissioner by each licensee of any change in personal name, trade name, address or business location not later than ten days after the change. The commissioner shall issue a new license if required for the unexpired period.*

*(4) a fee of $20 for a duplicate license.*

*Subd. 2.* [FORFEITURE.] *All fees must be kept by the commissioner and are nonreturnable, except that an overpayment of a fee shall be refunded upon proper application.*

Sec. 10. [82B.10] [EXAMINATIONS.]

*Subdivision 1.* [GENERALLY.] *An applicant for a license must pass an examination conducted by the commissioner. The examinations must be of sufficient scope to establish the competency of the applicant to act as a real estate appraiser.*

*Subd. 2.* [REEXAMINATIONS.] *An examination must be required before renewal of a license that has been suspended, or before the issuance of a license to a person whose license has been ineffective for a period of two years. No reexamination is required of an individual who has failed to renew an existing license because of absence from the state while on active duty with the armed services of the United States of America.*

*Subd. 3.* [EXAMINATION FREQUENCY.] *The commissioner shall hold examinations at times and places the commissioner determines.*

*Subd. 4.* [PERIOD FOR APPLICATION.] *An applicant who obtains an acceptable score on an examination must file an application and obtain the license within one year of the date of successful completion of the examination or a second examination must be taken to qualify for the license.*

*Subd. 5.* [RENEWAL; EXAMINATION.] *Except as provided in subdivision 2, no examination is required for the renewal of a license. However, a licensee who has been licensed in the state of Minnesota and who fails to renew the license for a period of two years must be required by the commissioner to again take an examination.*

*Subd. 6.* [EXAMINATION ELIGIBILITY; REVOCATION.] *No applicant*

*may take an examination if a license as a real estate appraiser has been revoked in this or another state within two years of the date of the application.*

*Subd. 8.* [FEES.] *The commissioner may assess an examination fee sufficient to recover the actual direct costs of holding the examination.*

Sec. 11. [82B.11] [CLASSES OF LICENSE.]

*Subd. 2.* [LEVEL I.] *The licensed level I residential real estate appraiser is a person meeting the requirements for licensing relating to the appraisal of residential real property or agricultural acreage when a net income capitalization analysis is not required by the uniform standards of professional appraisal practice.*

*Subd. 3.* [LEVEL II.] *The licensed level II real estate appraiser is a person meeting the requirements for licensing relating to the appraisal of all types of real property.*

Sec. 12. [82B.12] [EXAMINATION REQUIREMENT.]

*An original license as a licensed real estate appraiser must be issued to a person who has demonstrated through a written examination process that the appraiser has the following qualifications:*

*(1) appropriate knowledge of technical terms commonly used in or related to real estate appraising, appraisal report writing, and economic concepts applicable to real estate;*

*(2) understanding the principles of land economics, real estate appraisal processes, and problems likely to be encountered in gathering, interpreting, and processing of data in carrying out appraisal disciplines;*

*(6) basic understanding of real estate law; and*

*(7) understanding the types of misconduct and ethical considerations for which disciplinary proceedings may be started against a licensed real estate appraiser.*

Sec. 13. [82B.13] [EXAMINATION PREREQUISITES.]

*Subdivision 1.* [LEVEL I CLASSIFICATION.] *As a prerequisite to taking the examination for licensing as a licensed level I real estate appraiser, an applicant must present evidence satisfactory to the commissioner that the*

*person has successfully completed at least 75 classroom hours of courses. The courses must consist of 60 hours of general real estate appraisal principles and 15 hours related to standards of professional practice and the provisions of this chapter.*

*Subd. 2.* [LEVEL II CLASSIFICATION.] *As a prerequisite to taking the examination for licensing as a licensed general real estate appraiser, an applicant must present evidence satisfactory to the commissioner that the person has successfully completed at least 150 classroom hours of courses in subjects related to real estate appraisal. All applicants shall complete 15 classroom hours related to standards of professional practice and the provisions of this chapter.*

*Subd. 3.* [COMMISSIONER'S APPROVAL; RULES.] *The courses and instruction and procedures of courses must be approved by the commissioner. The commissioner may adopt rules to administer this section. These rules must, to the extent practicable, conform to the rules adopted for real estate and insurance education.*

Sec. 14. [82B.14] [EXPERIENCE REQUIREMENT.]

*(a) An original license as a level II licensed real estate appraiser may not be issued to a person who does not have the equivalent of two years of experience in real property appraisal supported by adequate written reports or file memoranda. This experience, or the equivalent of this experience, must be acquired within a period of five years immediately preceding the filing of the application for licensing.*

*(b) Each applicant for license as a level II licensed real estate appraiser shall give under oath a detailed listing of the real estate appraisal reports or file memoranda for each year for which experience is claimed by the applicant. Upon request, the applicant shall make available to the commissioner for examination, a sample of appraisal reports that the applicant has prepared in the course of appraisal practice.*

Sec. 15. [82B.15] [NONRESIDENT SERVICE OF PROCESS.]

*Subdivision 1.* [APPOINTMENT OF COMMISSIONER.] *A nonresident, before being licensed as a real estate appraiser, shall appoint the commissioner and a successor or successors in office as true and lawful attorney, upon whom may be served all legal process in an action or proceedings against the person, or in which the person may be a party, in relation to or involving a transaction covered by this chapter or a rule or order under this chapter. The appointment is irrevocable. Service upon the attorney is as valid and binding as if due and personal service had been made upon the person. The appointment is effective upon the issuance of the license in connection with which the appointment was filed.*

*Subd. 2.* [EFFECT OF NONAPPOINTMENT.] *The commission of an act constituting a violation of this chapter or rule or order adopted under this chapter by a nonresident person who has not appointed the commissioner as attorney in compliance with subdivision 1, is conclusively considered an irrevocable appointment by the person of the commissioner and a successor or successors in an action or proceedings against the nonresident or in which the nonresident may be a party in relation to or involving the violation. The violation is a signification of agreement that all legal process that is served is as valid and binding upon the nonresident as if due and personal service had been made.*

*Subd. 3.* [PROCEDURE.] *Service of process under this section may be made by filing a copy of the process with the commissioner or a representative, but is not effective unless:*

*(1) the plaintiff, who may be the commissioner in an action or proceeding started by the commissioner, sends notice of the service and a copy of the process by certified mail to the defendant or respondent at the address as shown by the records at the office of the commissioner in the case of service made on the commissioner as attorney by appointment under subdivision 1, and at the defendant's or respondent's last known address in the case of service on the commissioner as attorney by appointment under subdivision 2; and*

*(2) the plaintiff's affidavit of compliance with this subdivision is filed in the action or proceeding on or before the return day of the process, if any, or within any additional time the court or administrative law judge allows.*

Sec. 16. [82B.16] [PRINCIPAL PLACE OF BUSINESS AND NOTICE.]

*A licensed real estate appraiser shall advise the commissioner of the address of the person's principal place of business and all other addresses at which the person is now engaged in the business of preparing real property appraisal reports.*

*When a licensed real estate appraiser changes a place of business, the person shall immediately give written notification of the change to the commissioner and apply for an amended license.*

*A licensed real estate appraiser shall notify the commissioner of the person's current residence address.*

Sec. 17. [82B.17] [LICENSE DESIGNATION.]

*When a licensed real estate appraiser uses the designation real estate appraiser or licensed real estate appraiser in an appraisal report or in a contract or other instrument used by the license holder in conducting real property appraisal activities or in advertisements, the appraiser shall place the person's license number adjacent to or immediately below the designation used and indicate the class of license held.*

Sec. 18. [82B.18] [USE OF TERM.]

*The term "licensed real estate appraiser" may only be used to refer to individuals who hold the license. The term may not be used following or immediately in connection with the name or signature of a firm, partnership, corporation, or group; or in a manner that might cause it to be interpreted as referring to a firm, partnership, corporation, group, or anyone other than an individual holder of the license.*

*No license may be issued under this chapter to a corporation, partnership, firm, or group. This does not prevent a licensed real estate appraiser from signing an appraisal report on behalf of a corporation, partnership, firm, or group practice.*

Sec. 19. [82B.19] [CONTINUING EDUCATION.]

*Subdivision 1.* [LICENSE RENEWALS.] *A licensed real estate appraiser shall present evidence satisfactory to the commissioner of having met the continuing education requirements of this chapter before the commissioner renews a license.*

*The basic continuing education requirement for renewal of a license is the completion by the applicant either as a student or as an instructor, during the immediately preceding term of licensing, of at least 15 classroom hours per year, of instruction in courses or seminars that have received the approval of the commissioner.*

*Subd. 2.* [RULES.] *The commissioner may adopt rules to assure that persons renewing their licenses as licensed real estate appraisers have current knowledge of real property appraisal theories, practices, and techniques that will provide a high degree of service and protection to those members of the public with whom they deal in a professional relationship under authority of their license. The rules must include the following:*

*(1) policies and procedures for obtaining approval of courses of instruction;*

*(2) standards, monitoring methods, and systems for recording attendance to be employed by course sponsors as a prerequisite to approval of courses for credit; and*

*(3) coordination with real estate continuing education requirements so that as the commissioner considers courses or parts of courses appropriate they may be used to satisfy both real estate and appraiser continuing education requirements.*

*Subd. 3.* [REINSTATEMENTS.] *On or after September 1, 1991, a license as a real estate appraiser that has been revoked as a result of disciplinary action by the commissioner may not be reinstated unless the applicant presents evidence of completion of the continuing education required by this chapter. This requirement may not be imposed upon an applicant for reinstatement who has been required to successfully complete the examination for licensed real estate appraiser as a condition to reinstatement of a license.*

Sec. 20. [82B.20] [PROHIBITED PRACTICES.]

*Subdivision 1.* [ENFORCEMENT.] *The license of a licensed real estate appraiser may be denied, revoked, or suspended, or the person may be otherwise disciplined in accordance with this chapter, upon any of the grounds set forth in this section.*

*Subd. 2.* [CONDUCT PROHIBITED.] *No person may:*

*(1) obtain or try to obtain a license under this chapter by knowingly making a false statement, submitting false information, refusing to provide complete information in response to a question in an application for license, or through any form of fraud or misrepresentation;*

*(2) fail to meet the minimum qualifications established by this chapter;*

*(3) be convicted, including a conviction based upon a plea of guilty or nolo contendere, of a crime that is substantially related to the qualifications, functions, and duties of a person developing real estate appraisals and communicating real estate appraisals to others;*

*(4) engage in an act or omission involving dishonesty, fraud, or misrepresentation with the intent to substantially benefit the license holder or another person or with the intent to substantially injure another person;*

*(5) engage in a violation of any of the standards for the development or communication of real estate appraisals as provided in this chapter;*

*(6) fail or refuse without good cause to exercise reasonable diligence in*

*developing an appraisal, preparing an appraisal report, or communicating an appraisal;*

*(7) engage in negligence or incompetence in developing an appraisal, in preparing an appraisal report, or in communicating an appraisal;*

*(8) willfully disregard or violate any of the provisions of this chapter or the rules of the commissioner for the administration and enforcement of the provisions of this chapter;*

*(9) accept an appraisal assignment when the employment itself is contingent upon the appraiser reporting a predetermined estimate, analysis, or opinion, or where the fee to be paid is contingent upon the opinion, conclusion, or valuation reached, or upon the consequences resulting from the appraisal assignment;*

*(10) violate the confidential nature of governmental records to which the person gained access through employment or engagement as an appraiser by a governmental agency;*

*(11) offer, pay, or give, and no person shall accept, any compensation or other thing of value from a real estate appraiser by way of commission-splitting, rebate, finder's fee, or otherwise in connection with a real estate appraisal. This prohibition does not apply to transactions among persons licensed under this chapter if the transactions involve appraisals for which the license is required;*

*(12) engage or authorize a person, except a person licensed under this chapter, to act as a real estate appraiser on the appraiser's behalf;*

*(13) violate standards of professional practice as defined by section 82B.02, subdivision 11;*

*(14) make an oral appraisal report without also making a written report within a reasonable time after the oral report is made;*

*(15) represent a market analysis to be an appraisal report;*

*(16) give an appraisal in any circumstances where the appraiser has a conflict of interest, as determined under rules adopted by the commissioner; or*

*(17) engage in other acts the commissioner by rule prohibits.*

Sec. 21. [82B.21] [CLASSIFICATION OF SERVICES.]

*A client or employer may retain or employ a licensed real estate appraiser to act as a disinterested third party in giving an unbiased estimate of value or analysis. A client or employer may also retain or employ a licensed real estate appraiser to provide a market analysis to facilitate the client's or employer's objectives. In either case, the appraisal and the appraisal report must comply with the provisions of this chapter.*

Sec. 22. [82B.22] [CONTINGENT FEES.]

(4) Unless written notice has been given to the retail buyer of actual or intended assignment of a retail installment contract, payment thereunder or tender thereof made by the retail buyer to the last known holder of such contract shall be binding upon all subsequent holders or assignees.

(5) Upon written request from the retail buyer, the holder of the retail installment contract shall give or forward to the retail buyer a written statement of the dates and amounts of payments and the total amount unpaid under such contract. In lieu of the above clauses, the retail seller may give the retail buyer disclosures which satisfy the requirements of the Federal Truth-In-Lending Act in effect as of the time of the contract, notwithstanding whether or not that act applies to the transaction.

"ARTICLE 1

FEDERAL CROP INSURANCE

Section 1. [FINDING OF PUBLIC PURPOSE.]

*The legislature finds that federal crop insurance represents the lowest cost, most economically feasible mechanism for protecting farm families from severe economic stress caused by drought and other natural disasters. The legislature further finds that costs to the state for rural disaster relief are greatly reduced when a majority of farmers carry federal crop insurance. In order to encourage all farmers to carry federal crop insurance, it is a valid public purpose for state funds to be used to make grants for a portion of the premium costs of the crop insurance.*

Sec. 2. [GRANTS FOR PARTIAL PAYMENT OF FEDERAL CROP INSURANCE.]

*Subdivision 1.* [ELIGIBLE CROPS.] *Crops eligible for partial payment of federal crop insurance are barley, corn, flax, oats, soybeans, sugar beets, canning crops grown under contract, and wheat.*

*Subd. 2.* [ELIGIBILITY.] *A farmer is eligible for state assistance if:*

*(1) the farmer experienced a 65 percent or greater loss in the yield of at least one of the eligible crops grown during the 1988 growing season;*

*(2) the farmer was required to purchase federal crop insurance as a condition for participation in federal agriculture programs for 1989; and*

*(3) the farmer submits an application to the commissioner of agriculture on or before September 1, 1989.*

*Subd. 3.* [APPLICATION.] *To receive reimbursement under this article a farmer must submit an application for reimbursement of federal crop insurance premiums to the commissioner on forms provided by the commissioner. The application must include documentation of crop losses and other factors relevant to eligibility.*

*Subd. 4.* [REIMBURSEMENT RATE AND MAXIMUM.] *From within funds appropriated for this program, the commissioner must not later than December 1, 1989, reimburse an eligible farmer for up to 20 percent of the total premium cost for federal crop insurance on the 1989 crop. The maximum reimbursement to any eligible farmer is $300.*

ARTICLE 2

COMMUNITY NEEDS ASSESSMENT

Section 1. [COMMUNITY NEEDS ASSESSMENT MODEL.]

The commissioner of trade and economic development shall publish in the State Register a request for proposals for the community needs assessment model project. The organization must select five rural communities in 1990 and ten rural communities in 1991 within which to perform community*

*(2) demonstrated expertise in performing needs assessments;*

*(3) ability to develop, test, refine, demonstrate, and implement a community needs assessment process; and*

*(4) experience in gathering, classifying, analyzing, reporting, and interpreting data.*

*Subd. 3.* [MODEL REQUIREMENTS.] *The community needs assessment model must identify community needs in the areas of social services, transportation, housing, education, health care, recreation, employment, public infrastructure, and economic development. In order to identify those needs, information must be collected from the most recent existing statistical data bases, experts, and community residents. After needs are identified, the community needs assessment model must establish priorities, assist the community in analyzing existing resources, develop strategies to meet community needs, and assist the community in considering available options and in deciding what alternatives to act upon.*

*Subd. 4.* [COMMUNITY PARTICIPATION.] *The community needs assessment model must be designed to maximize community involvement and participation in the community needs assessment process. The model must be capable of guiding the community through a strategy of information collection, discussion, refinement, and consensus. To encourage community involvement in this process, the organization may provide incentive grants to assist rural community leaders and residents to implement the model.*

*Subd. 5.* [REPORT.] *The rural development board shall report to the legislature by January 1, 1990, regarding the development and implementation of the model. A second report must be submitted to the legislature by January 1, 1991.*

AGRICULTURAL INTERPRETIVE CENTER

Section 1. [POLICY OF PRESERVING HISTORY OF BASIC INDUSTRIES.]

*Minnesota's historic basic industries are agriculture, mining, and forestry. The history of these great human enterprises reaches back to and beyond the settlement of Minnesota by Minnesotans from other continents. Throughout their long history each has evolved in ways that no single generation could foresee and no individual alone can remember. Their history holds intense fascination for contemporary Minnesotans. It is the policy of the state to preserve and present that history in ways that do justice to its dramatic past and dynamic future. For these reasons the maintenance of a living history agricultural interpretive center is a desirable public purpose.*

ARTICLE 16

MEDIATION AND FIRST REFUSAL

Section 1. Minnesota Statutes 1988, section 500.24, subdivision 6, is amended to read:

Subd. 6. [DISPOSAL OF LAND.] (a) A state or federal agency, limited partnership, or a corporation~~, other than a family farm corporation or an authorized farm corporation,~~ may not lease or sell agricultural land or a farm homestead ~~that was acquired by enforcing a debt against the agricultural land or farm homestead, including foreclosure of a mortgage, accepting a deed in lieu of foreclosure, terminating a contract for deed, or accepting a deed in lieu of terminating a contract for deed,~~ before offering or making a good faith effort to offer the land for sale or lease to the immediately preceding former owner at a price no higher than the highest price offered by a third party that is acceptable to the seller or lessor. The

offer must be made on the notice to offer form under subdivision 7. *The requirements of this subdivision do not apply to a sale or lease by a corporation that is a family farm corporation or an authorized farm corporation. This subdivision applies only to a sale or lease when the seller or lessor acquired the property by enforcing a debt against the agricultural land or farm homestead, including foreclosure of a mortgage, accepting a deed in lieu of foreclosure, terminating a contract for deed, or accepting a deed in lieu of terminating a contract for deed.* Selling or leasing property to a third party at a price is prima facie evidence that the price is acceptable to the seller or lessor. The seller must provide written notice to the immediately preceding former owner that the agricultural land or farm homestead will be offered for sale at least 14 days before the agricultural land or farm homestead is offered for sale.

(b) An immediately preceding former owner is the entity with record legal title to the agricultural land or farm homestead before acquisition by the state or federal agency or corporation except: if the immediately preceding former owner is a bankruptcy estate, the debtor in bankruptcy is the immediately preceding former owner; and if the agricultural land or farm homestead was acquired by termination of a contract for deed or deed in lieu of termination of a contract for deed, the immediately preceding former owner is the purchaser under the contract for deed. *For purposes of this subdivision, only a family farm, family farm corporation, or family farm partnership can be an immediately preceding former owner.*

(c) An immediately preceding former owner may elect to purchase or lease the entire property or an agreed to portion of the property. If the immediately preceding former owner elects to purchase or lease a portion of the property, the election must be reported in writing to the seller or lessor prior to the time the property is first offered for sale or lease. If election is made to purchase or lease a portion of the property, the portion must be contiguous and compact so that it does not unreasonably reduce access to or the value of the remaining property.

(d) For purposes of this subdivision, the term "a price no higher than the highest price offered by a third party" means the acceptable cash price offered by a third party or the acceptable time-price offer made by a third party. A cash price offer is one that involves simultaneous transfer of title for payment of the entire amount of the offer. If the acceptable offer made by a third party is a time-price offer, the seller or lessor must make the same time-price offer or an equivalent cash offer to the immediately preceding former owner. An equivalent cash offer is equal to the total of the payments made over a period of the time-price offer discounted by yield curve of the United States treasury notes and bonds *of similar maturity* on the first business day of the month in which the offer is personally delivered or mailed for time periods similar to the time period covered by the time-price offer, plus 2.0 percent. A time-price offer is an offer that is financed entirely or partially by the seller and includes an offer to purchase under a contract for deed or mortgage. An equivalent cash offer is not required to be made if the state participates in an offer to a third party through the rural finance authority.

(e) This subdivision applies to a seller when the property is sold and to a lessor each time the property is leased, for five years after the agricultural land is acquired except:

(1) an offer to lease to the immediately preceding former owner is required

only until the immediately preceding owner fails to accept an offer to lease the property or the property is sold;

(2) an offer to sell to the immediately preceding former owner is required until the property is sold; and

(3) if the immediately preceding former owner elects to lease or purchase a portion of the property, this subdivision does not apply to the seller with regard to the balance of the property after the election is made under paragraph (c).

(f) The notice of an offer under subdivision 7 that is personally delivered with a signed receipt or sent by certified mail with a receipt of mailing to the immediately preceding former owner's last known address is a good faith offer.

(g) This subdivision does not apply to a sale or lease that occurs after the seller or lessor has held the property for five years or longer.

(h) For purposes of this subdivision, if the immediately preceding former owner is a bankruptcy estate the debtor in the bankruptcy is the immediately preceding owner.

(i) The immediately preceding former owner must exercise the right to lease all or a portion of the agricultural land or a homestead located on agricultural land in writing within 15 days after an offer to lease under this subdivision is mailed with a receipt of mailing or personally delivered. If election is made to lease only the homestead or a portion of the agricultural land, the portion to be leased must be clearly identified in writing. The immediately preceding former owner must exercise the right to buy the agricultural land, a portion of the agricultural land, or a farm homestead located on agricultural land, in writing, within 65 days after an offer to buy under this subdivision is mailed with a receipt of mailing or is personally delivered. Within ten days after exercising the right to lease or buy by accepting the offer, the immediately preceding owner must fully perform according to the terms of the offer including paying the amounts due. A seller may sell and a lessor may lease the agricultural land or farm homestead subject to this subdivision to the third party in accordance with their lease or purchase agreement if:

(1) the immediately preceding former owner does not accept an offer to lease or buy before the offer terminates; or

(2) the immediately preceding former owner does not perform the obligations of the offer, including paying the amounts due, within ten days after accepting the offer.

(j) A certificate indicating whether or not the property contains agricultural land or a farm homestead that is signed by the county assessor where the property is located and recorded in the office of the county recorder or the registrar of titles where the property is located is prima facie evidence of whether the property is agricultural land or a farm homestead.

(k) As prima facie evidence that an offer to sell or lease agricultural land or a farm homestead has terminated, a receipt of mailing the notice under subdivision 7 and an affidavit, signed by a person authorized to act on behalf of a state, federal agency, or corporation selling or leasing the agricultural land or a farm homestead may be filed in the office of the county recorder or registrar of titles of the county where the agricultural land or farm homestead is located. The affidavit must state that:

(1) notice of an offer to buy or lease the agricultural land or farm homestead was provided to the immediately preceding former owner at a price not higher than the highest price offered by a third party that is acceptable;

(2) the time during which the immediately preceding former owner is required to exercise the right to buy or lease the agricultural land or farm homestead has expired;

(3) the immediately preceding former owner has not exercised the right to buy or lease the agricultural land or farm homestead as provided in this subdivision or has accepted an offer and has not fully performed according to the terms of the offer; and

(4) the offer to the immediately preceding former owner has terminated.

(l) The right of an immediately preceding former owner to receive an offer to lease or purchase agricultural land under this subdivision or to lease or purchase at a price no higher than the highest price offered by a third party that is acceptable to the seller or lessor may be extinguished or limited by an express statement signed by the immediately preceding owner that complies with the plain language requirements of section 325G.31. The right may not be extinguished or limited except by:

(1) an express statement in a deed in lieu of foreclosure of the agricultural land;

(2) an express statement in a deed in lieu of a termination of a contract for deed for the agricultural land;

(3) an express statement conveying the right to the state or federal agency or corporation owning the agricultural land that is required to make an offer under this subdivision, however, the preceding former owner may rescind the conveyance by notifying the state or federal agency or corporation in writing within 20 calendar days after signing the express statement;

(4) to cure a title defect, an express statement conveying the right may be made to a person to whom the agricultural land has been transferred by the state or federal agency or corporation; or

(5) an express statement conveying the right to a contract for deed vendee to whom the agricultural land or farm homestead was sold under a contract for deed by the immediately preceding former owner if the express statement and the contract for deed are recorded.

(m) The right of an immediately preceding former owner to receive an offer to lease or purchase agricultural land under this subdivision may not be assigned or transferred except as provided in paragraph (l), but may be inherited.

(n) An immediately preceding former owner, except a former owner who is actively engaged in farming as defined in subdivision 2, paragraph (a), and who agrees to remain actively engaged in farming on a portion of the agricultural land or farm homestead for at least one year after accepting an offer under this subdivision, may not sell agricultural land acquired by accepting an offer under this subdivision if the arrangement of the sale was negotiated or agreed to prior to the former owner accepting the offer under this subdivision. A person who sells property in violation of this paragraph is liable for damages plus reasonable attorney fees to a person who is damaged by a sale in violation of this paragraph. There is a rebuttable presumption that a sale by an immediately preceding former owner is in

violation of this paragraph if the sale takes place within ~~180~~ *270* days of the former owner accepting the offer under this subdivision. This paragraph does not apply to a sale by an immediately preceding former owner to the owner's spouse, the owner's parents, the owner's sisters and brothers, the owner's spouse's sisters and brothers, or the owner's children.

Sec. 2. Minnesota Statutes 1988, section 550.37, subdivision 4a, is amended to read:

Subd. 4a. [ADJUSTMENT OF DOLLAR AMOUNTS.] (a) *Except for subdivisions 5 and 7,* the dollar amounts in this section shall change periodically as provided in this subdivision to the extent of changes in the implicit price deflator for the gross national product, 1972 = 100, compiled by the United States Department of Commerce, and hereafter referred to as the index. The index for December, 1980, is the reference base index.

(b) The designated dollar amounts shall change on July 1 of each even-numbered year if the percentage of change, calculated to the nearest whole percentage point, between the index for December of the preceding year and the reference base index is ten percent or more. The portion of the percentage change in the index in excess of a multiple of ten percent shall be disregarded and the dollar amounts shall change only in multiples of ten percent of the amounts stated in this section.

(c) If the index is revised, the percentage of change pursuant to this section shall be calculated on the basis of the revised index. If a revision of the index changes the reference base index, a revised reference base index shall be determined by multiplying the reference base index then applicable by the rebasing factor furnished by the department of commerce. If the index is superseded, the index referred to in this section is the one represented by the department of commerce as reflecting most accurately changes in the purchasing power of the dollar for consumers.

(d) The commissioner of commerce shall announce and publish:

(1) on or before April 30 of each year in which dollar amounts are to change, the changes in dollar amounts required by paragraph (b); and

(2) promptly after the changes occur, changes in the index required by paragraph (c) including, if applicable, the numerical equivalent of the reference base index under a revised reference base index and the designation or title of any index superseding the index.

(e) A person does not violate this chapter with respect to a transaction otherwise complying with this chapter if the person relies on dollar amounts either determined according to paragraph (b) or appearing in the last publication of the commissioner announcing the then current dollar amounts.

Sec. 3. Minnesota Statutes 1988, section 550.37, subdivision 5, is amended to read:

Subd. 5. Farm machines and implements used in farming operations by a debtor engaged principally in farming, livestock, farm produce, and standing crops, not exceeding ~~$10,000~~ *$13,000* in value. ~~(b) For purposes of paragraph (a), clause (3), providing a copy of a forbearance policy is considered beginning a proceeding to enforce a debt if the board of an institution has adopted a forbearance policy that provides for deferring or rescheduling payments of principal or interest, renewal or extension of loan terms, reduction in the amount or rate of principal or interest due on a loan, or other similar actions, and requires that the debtor must receive a copy of the policy at least 20 days prior to loan acceleration or debt collection proceedings.~~

(2) Upon condition that any such motor vehicle so operated in this state by any such nonresident shall at all times carry and display all license number plates or like insignia required by the laws of the state, district, territory or possession or foreign country or province of residence.

Sec. 28. [CORRECTION NO. 10.] 1989 H.F. No. 1734, article 1, section 7, if enacted, is amended to read:

Sec. 7. Minnesota Statutes 1988, section 290.06, is amended by adding a subdivision to read:

Subd. 1a. [SURTAX; CORPORATIONS.] (a) In addition to the tax computed under subdivision 1 and section 290.0921, a surtax is imposed upon corporations equal to a percentage of the sum of the corporation's tax under subdivision 1 and section 290.0921.

(b) By May 31, 1990, the commissioner of revenue shall determine the rate of the surtax to be imposed under paragraph (a). The commissioner of revenue shall prepare a forecast of the revenue predicted to be raised for taxable years beginning in calendar years 1990 through 1992 by the franchise tax on corporations under this chapter, including the tax under section 290.092, computed as if the tax were imposed under section 290.092, subdivisions 1 to 4a, and the rate under subdivision 1 were 9.5 percent. The commissioner shall set the rate of the surtax so that the amount forecast to be raised by the surtax (when added to the tax imposed under subdivision 1 and section 290.0921) equals the amount of revenue forecast to be raised if the tax under section 290.092, subdivisions 1 to 4a, were in effect and section 290.0921 did not apply.

(c) The rate determined under paragraph (b) applies to taxable years beginning after December 31, ~~1990~~ *1989*.

(d) If the rate determined under paragraph (b) is held invalid, the surtax rate in effect for taxable years beginning after December 31, ~~1990~~ *1989* is 7.5 percent.

Sec. 29. [CORRECTION NO. 10.] [EFFECTIVE DATE.]

*Section 28 is effective the day following final enactment.*

Sec. 30. [CORRECTION NO. 11.] 1989 H.F. No. 1734, article 1, section 17, if enacted, is amended to read:

Sec. 17. Minnesota Statutes 1988, section 290.191, subdivision 6, is amended to read:

Subd. 6. [DETERMINATION OF RECEIPTS FACTOR FOR FINANCIAL INSTITUTIONS.] (a) For purposes of this section, the rules in this subdivision and subdivisions 7 and 8 apply in determining the receipts factor for financial institutions.

(b) "Receipts" for this purpose means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the taxpayer's trade or business.

(c) "Money market instruments" means federal funds sold and securities purchased under agreements to resell, commercial paper, banker's acceptances, and purchased certificates of deposit and similar instruments to the extent that the instruments are reflected as assets under generally accepted accounting principles.

(d) "Securities" means United States Treasury securities, obligations of United States government agencies and corporations, obligations of state and political subdivisions, corporate stock and other securities, participations in securities backed by mortgages held by United States or state government agencies, loan-backed securities and similar investments to the extent the investments are reflected as assets under generally accepted accounting principles.

(e) Receipts from the lease or rental of real or tangible personal property, including both finance leases and true leases, must be attributed to this state if the property is located in this state. Tangible personal property that is characteristically moving property, such as motor vehicles, rolling stock, aircraft, vessels, mobile equipment, and the like, is considered to be located in a state if:

(1) the operation of the property is entirely within the state; or

(2) the operation of the property is in two or more states, but the principal base of operations from which the property is sent out is in the state.

(f) Interest income and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property must be attributed to this state if the security property is located in this state under the principles stated in paragraph (e).

(g) Interest income and other receipts from consumer loans not secured by real or tangible personal property that are made to residents of this state, whether at a place of business, by traveling loan officer, by mail, by telephone or other electronic means, must be attributed to this state.

(h) Interest income and other receipts from commercial loans and installment obligations that are unsecured by real or tangible personal property or secured by intangible property must be attributed to this state if the proceeds of the loan are to be applied in this state. If it cannot be determined where the funds are to be applied, the income and receipts are attributed to the state in which the office of the borrower from which the application would be made in the regular course of business is located. If this cannot be determined, the transaction is disregarded in the apportionment formula.

(i) Interest income and other receipts from a participating financial institution's portion of participation *and syndication* loans must be attributed under paragraphs (e) to (h). A participation loan is an arrangement in which a lender makes a loan to a borrower and then sells, assigns, or otherwise transfers all or a part of the loan to a purchasing financial institution. A

syndication loan is a multibank loan transaction in which all the lenders are named as parties to the loan documentation, are known to the borrower, and have privity of contract with the borrower.

(j) Interest income and other receipts including service charges from financial institution credit card and travel and entertainment credit card receivables and credit card holders' fees must be attributed to the state to which the card charges and fees are regularly billed.

(k) Merchant discount income derived from financial institution credit card holder transactions with a merchant must be attributed to the state in which the merchant is located. In the case of merchants located within and outside the state, only receipts from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Receipts from the performance of fiduciary and other services must be attributed to the state in which the benefits of the services are consumed. If the benefits are consumed in more than one state, the receipts from those benefits must be apportioned to this state pro rata according to the portion of the benefits consumed in this state. If the extent to which the benefits of services are consumed in this state is not readily determinable, the benefits of the services shall be deemed to be consumed at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the benefits of the services shall be deemed to be consumed at the office of the customer to which the services are billed.

(m) Receipts from the issuance of travelers checks and money orders must be attributed to the state in which the checks and money orders are purchased.

(n) Receipts from investments of a financial institution in securities of this state, its political subdivisions, agencies, and instrumentalities must be attributed to this state.

(o) Receipts from a financial institution's interest in any property described in section 290.015, subdivision 3, paragraph (b), is not included in the numerator or the denominator of the receipts factor provided the financial institution's activities within this state with respect to any interest in the property are limited in the manner provided in section 290.015, subdivision 3, paragraph (b). If a financial institution is subject to tax under this chapter, its interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the receipts factor in the same manner as assets in the nature of securities or money market instruments are included under paragraph (n) and subdivision 7.

Sec. 32. [CORRECTION NO. 12.] 1989 H.F. No. 1734, article 3, section 17, if enacted, is amended to read:

Sec. 17. Minnesota Statutes 1988, section 273.135, subdivision 2, is amended to read:

Subd. 2. For taxes payable in 1990 and subsequent years, the amount of

the reduction authorized by subdivision 1 shall be:

(a) In the case of property located within the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 66 percent of the tax , provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction resulting from this credit be less than $10.

(b) In the case of property located within the boundaries of a school district which qualifies as a tax relief area but which is outside the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 57 percent of the tax , provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction resulting from this credit be less than $10.

(c) The maximum reduction of the tax is $225.40 on property described in clause (a) and $200.10 on property described in clause (b), for taxes payable in 1985. These maximum amounts shall increase by $15 times the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent years.

For the purposes of this subdivision, "homestead credit equivalency percentage" means one minus the ratio of the net tax capacity ~~rate~~ *percentage* to the gross tax capacity ~~rate~~ *percentage* applicable to the first $68,000 of the market value of residential homesteads, "effective tax rate" means tax divided by the market value of a property, and the "base year effective tax rate" means the payable 1988 tax on a property with an identical market value to that of the property receiving the credit in the current year after the application of the credits payable under section 273.13, subdivisions 22 and 23, and this section, divided by the market value of the property.

Sec. 18. Minnesota Statutes 1988, section 273.1391, subdivision 2, is amended to read:

Subd. 2. For taxes payable in ~~1989 only~~ *1990 and subsequent years*, the amount of the reduction authorized by subdivision 1 shall be:

(a) In the case of property located within a school district which does not meet the qualifications of section 273.134 as a tax relief area, but which is located in a county with a population of less than 100,000 in which taconite is mined or quarried and wherein a school district is located which does meet the qualifications of a tax relief area, and provided that at least 90 percent of the area of the school district which does not meet the qualifications of section 273.134 lies within such county, 57 percent of the tax on qualified property located in the school district that does not meet the qualifications of section 273.134, provided that the amount of said reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to the product of 95 percent of the base year

effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction resulting from this credit be less than $10. The reduction provided by this clause shall only be applicable to property located within the boundaries of the county described therein.

(b) In the case of property located within a school district which does not meet the qualifications of section 273.134 as a tax relief area, but which is located in a school district in a county containing a city of the first class and a qualifying municipality, but not in a school district containing a city of the first class or adjacent to a school district containing a city of the first class unless the school district so adjacent contains a qualifying municipality, 57 percent of the tax , but not to exceed the maximums specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction resulting from this credit be less than $10.

(c) The maximum reduction of the tax up to the taconite breakpoint is $200.10 for taxes payable in 1985. This maximum amount shall increase by $15 multiplied by the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent years.

For the purposes of this subdivision, "homestead credit equivalency percentage" means one minus the ratio of the net tax capacity ~~rate~~ *percentage* to the gross tax capacity ~~rate~~ *percentage* applicable to the first $68,000 of the market value of residential homesteads, and "effective tax rate" means tax divided by the market value of a property, and the "base year effective tax rate" means the payable 1988 tax on a property with an identical market value to that of the property receiving the credit in the current year after application of the credits payable under section 273.13, subdivisions 22 and 23, and this section, divided by the market value of the property.

Sec. 41. [CORRECTION NO. 19.] Minnesota Statutes 1988, section 65B.49, subdivision 5a, as amended by 1989 H.F. 1283, section 15, if enacted, is amended to read:

Sec. 15. Minnesota Statutes 1988, section 65B.49, subdivision 5a, is amended to read:

Subd. 5a. [RENTAL VEHICLES.] (a) Every plan of reparation security

insuring a natural person as named insured, covering private passenger vehicles as defined under section 65B.001, subdivision 3, and pickup trucks and vans as defined under section 168.011 must provide that all of the obligation for damage and loss of use to a rented private passenger vehicle, including pickup trucks and vans as defined under section 168.011, *and rented trucks with a registered gross vehicle weight of 26,000 pounds or less* would be covered by the property damage liability portion of the plan. The obligation of the plan must not be contingent on fault or negligence. In all cases where the plan's property damage liability coverage is less than $25,000, the coverage available under the subdivision must be $25,000. Other than as described in this paragraph, nothing in this section amends or alters the provisions of the plan of reparation security as to primacy of the coverages in this section.

(b) A vehicle is rented for purposes of this subdivision if the rate for the use of the vehicle is determined on a weekly or daily basis. A vehicle is not rented for purposes of this subdivision if the rate for the vehicle's use is determined on a monthly or longer period.

(c) The policy or certificate issued by the plan must inform the insured of the application of the plan to private passenger rental vehicles, including pickup trucks and vans as defined under section 168.011, and that the insured may not need to purchase additional coverage from the rental company.

(d) Where an insured has two or more vehicles covered by a plan or plans of reparation security containing the rented motor vehicle coverage required under paragraph (a), the insured may select the plan the insured wishes to collect from and that plan is entitled to a pro rata contribution from the other plan or plans based upon the property damage limits of liability. If the person renting the motor vehicle is also covered by the person's employer's insurance policy or the employer's automobile self-insurance plan, the reparation obligor under the employer's policy or self-insurance plan has primary responsibility to pay claims arising from use of the rented vehicle.

(e) A notice advising the insured of rental vehicle coverage must be given by the reparation obligor to each current insured with the first renewal notice after January 1, 1989. The notice must be approved by the commissioner of commerce. The commissioner may specify the form of the notice.

(f) When a motor vehicle is rented or leased in this state on a weekly or daily basis, there must be attached to the rental contract a separate form containing a written notice in at least 10-point bold type, if printed, or in capital letters, if typewritten, which states:

> Under Minnesota law, a personal automobile insurance policy issued in Minnesota must cover the rental of this motor vehicle against damage to the vehicle and against loss of use of the vehicle. Therefore, purchase of any collision damage waiver or similar insurance affected in this rental contract is not necessary if your policy was issued in Minnesota.

No collision damage waiver or other insurance offered as part of or in conjunction with a rental of a motor vehicle may be sold unless the person renting the vehicle provides a written acknowledgment that the above consumer protection notice has been read and understood.

(g) When damage to a rented vehicle is covered by a plan of reparation

security as provided under paragraph (a), the rental contract must state that payment by the reparation obligor within the time limits of section 72A.201 is acceptable, and prior payment by the renter is not required.

(h) To be compensated for the loss of use of a damaged rented motor vehicle, the car rental company must prove:

(1) that had the vehicle been available, it would have been rented; and

(2) that no other vehicle was available for rental in place of the damaged vehicle.

The standard of proof set forth in this paragraph does not limit the responsibility of a reparation obligor to provide an insured with coverage for any loss of use for which the reparation obligor is otherwise responsible. A car rental company may be compensated for loss of use of a damaged rental motor vehicle only for the period when the damaged car actually would have been rented.

Sec. 42. [CORRECTION NO. 20.] 1989 H.F. No. 1734, article 4, section 14, if enacted, is amended to read:

Sec. 14. Minnesota Statutes 1988, section 275.51, subdivision 3i, is amended to read:

Subd. 3i. [LEVY LIMITATION.] The levy limitation for a governmental subdivision shall be equal to the adjusted levy limit base determined pursuant to subdivision 3h, reduced by:

(1) the local government aid that the governmental subdivision has been certified to receive pursuant to sections 477A.011 to 477A.014, excluding the additional aid distribution received under section ~~477A.013, subdivision 5~~ *477A.0131*; and

(2) taconite aids under sections 298.28 and 298.282 including any aid received in the levy year that was required to be placed in a special fund for expenditure in the next succeeding year.

As provided in section 298.28, one cent per taxable ton of the amount distributed under section 298.28, subdivision 5, paragraph (d), must not be deducted from the levy limit base of a county that receives the aid.

This amount is the amount of property taxes which a governmental subdivision may levy for all purposes other than those for which special levies and special assessments are made.

For taxes levied in 1989 and later years, the levy limit for a county calculated under clause (1) must be decreased by an additional amount equal to the difference between what would have been a county's production year 1986 payable 1987 distribution under Minnesota Statutes 1984, section 298.28, based on 1986 production and its actual distribution for production year 1986, payable 1987.

Section 1. Minnesota Statutes 1988, section 275.07, subdivision 1, is amended to read:

Subdivision 1. The taxes voted by cities, towns, counties, school districts, and special districts shall be certified by the proper authorities to the county auditor on or before October 25 in each year. The taxes certified shall not

be adjusted by the aid received under section 273.1398, subdivisions 2 and 3, and section ~~477A.013, subdivision 5~~ *477A.0131*. If a city, town, county, school district, or special district fails to certify its levy by that date, its levy shall be the amount levied by it for the preceding year. If the local unit notifies the commissioner of revenue before October 25 of its inability to certify its levy by that date, and the commissioner is satisfied that the delay is unavoidable and is not due to the negligence of the local unit's officials or staff, the commissioner shall extend the time within which the local unit shall certify its levy up to 15 calendar days beyond the date of request for extension.

Sec. 44. [CORRECTION NO. 20.] 1989 H.F. No. 1734, article 6, section 2, if enacted, is amended to read:

The excess investment income must be expressed as a dollar amount and may not exceed *one-half of* one percent of the total assets of the fund and does not exist unless the yearly average percentage increase of the time weighted total rate of return of the fund for the previous five years exceeds by two percent the yearly average percentage increase in monthly salary of a top grade patrol officer or top grade firefighter, whichever applies, during the previous five calendar years.

Subd. 3. [DETERMINATION OF EXCESS INVESTMENT INCOME.] The board of trustees of the relief association shall determine by May 1 of each year whether or not the relief association has excess investment income. The amount of excess investment income, if any, must be stated as a dollar amount and reported by the chief administrative officer of the relief association to the mayor and governing body of the city, the state auditor, the commissioner of finance, and the executive director of the legislative commission on pensions and retirement. The dollar amount of excess investment income up to *one-half of* one percent of the assets of the fund must be applied for the purpose specified in subdivision 4. Excess investment income must not be considered as income to or assets of the fund for actuarial valuations of the fund for that year under sections 69.77, 356.215, and 356.216 and the provisions of this section except to offset

the annual postretirement payment. Additional investment income is any realized or unrealized investment income other than the excess investment income and must be included in the actuarial valuations performed under sections 69.77, 356.215, and 356.216 and the provisions of this section.

Sec. 67. 1989 S.F. No. 783, article 19, section 7, subdivision 4, if enacted, is amended to read:

Subd. 4. [AMOUNT OF ANNUAL POSTRETIREMENT PAYMENT.] The amount determined under subdivision 3 must be applied in accordance with this subdivision. The relief association shall apply the first one-half of one percent of excess investment income to the payment of an annual postretirement payment as specified in this subdivision. ~~The second one-half of one percent of excess investment income shall be applied to reduce the state amortization state aid or supplementary amortization state aid payments otherwise due to the relief association under section 423A.02 for the current calendar year.~~ The relief association shall pay an annual postretirement payment to all eligible members in an amount not to exceed one-half of one percent of the assets of the fund. Payment of the annual postretirement payment must be in a lump sum amount on June 1 following the determination date in any year. The total amount of all payments to members may not exceed the amount determined under subdivision 3. Payment to each eligible member must be calculated by dividing the total number of pension units to which eligible members are entitled into the excess investment income available for distribution to members, and then multiplying that result by the number of units to which each eligible member is entitled to determine each eligible member's annual postretirement payment. Payment to each eligible member may not exceed an amount equal to the total monthly benefit that the eligible member was entitled to in the prior year under the terms of the benefit plan of the relief association or each eligible member's proportionate share of the excess investment income, whichever is less.

Sec. 68. 1989 H.F. No. 1532, section 1, if enacted, is amended to read:

than one provider;

(4) that a customer's household income does not include any amount received for energy assistance;

(5) verification of income by the local energy assistance provider, unless the customer is automatically eligible as a recipient of any form of public assistance, including energy assistance, that uses income eligibility in an amount at or below the income eligibility in clause (1); and

(6) a requirement that the customer receive, from the local energy assistance provider or other entity, budget counseling and referral to weatherization, conservation, or other programs likely to reduce the customer's consumption of energy.

For the purpose of clause (2), the "customer's income" means the actual monthly income of the customer except for a customer who is normally employed only on a seasonal basis and whose annual income is over 135 percent of the federal poverty level, in which case the customer's income is the average monthly income of the customer computed on an annual calendar year basis.

(2) the unemployment rate for the entire county was greater than 110 percent of the state average for the 12-month period ending the previous April 30, and 20 percent or more of the county's economy, as determined by the commissioner of jobs and training, is dependent upon agriculture; or

(3) for counties designated for periods beginning after June 30, 1986, but before July 1, 1988, at least 20 percent of the county's economy, as determined by the commissioner of jobs and training, is dependent upon agriculture and the total market value of real and personal property for the entire county for taxes payable in 1986, as determined by the commissioner of revenue, has decreased by at least 22 percent from the total market value of real and personal property for the entire county for taxes payable in 1984.

(b) The commissioner shall designate a portion of a county containing a city of the first class located outside of the metropolitan area as a distressed county if:

(e) The authority to designate counties as distressed expires ~~on June 30,~~ *for designations made effective July 1,* 1988.

Sec. 71. 1989 H.F. No. 1734, article 4, section 11, is amended to read:

Sec. 11. Minnesota Statutes 1988, section 275.50, subdivision 5, is

amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied in 1989 payable in 1990 and subsequent years, "special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. The aggregate amounts levied under this paragraph for the costs of purchase or delivery of social services and income maintenance programs, other than those identified in section 273.1398, subdivision 1, paragraph (j) and paragraph (b) are subject to a maximum increase over the amount levied for the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties. For purposes of this clause, "income maintenance programs" include income maintenance programs in section 273.1398, subdivision 1, to the extent the county provides benefits under those programs over the state mandated minimums. Effective with taxes levied in 1989, the portion of this special levy for the county share levy identified in section 273.1398, subdivision 1, paragraph (k), is limited to the amount calculated under section 273.1398, subdivision 2a;

(b) pay the costs of principal and interest on bonded indebtedness except on bonded indebtedness issued under section 471.981, subdivisions 4 to 4c or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(c) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency; and to pay the cost for certificates of indebtedness issued pursuant to sections 298.28 and 298.282;

(d) fund the payments made to the Minnesota state armory building commission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(e) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(f) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(g) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(h) pay amounts required by law to be paid to pay the interest on and to reduce the unfunded accrued liability of public pension funds in accordance with the actuarial standards and guidelines specified in sections 356.215 and 356.216 reduced by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(i) to compensate the state for the cost of a reassessment ordered by the commissioner of revenue pursuant to section 270.16;

(j) pay the debt service on tax increment financing revenue bonds to the extent that revenue to pay the bonds or to maintain reserves for the bonds is insufficient as a result of the provisions of Laws 1988, chapter 719, article 5;

(k) pay the cost of hospital care under section 261.21;

(l) pay the unreimbursed costs incurred in the previous year to satisfy judgments rendered against the governmental subdivision by a court of competent jurisdiction in any tort action, or to pay the costs of settlements out of court against the governmental subdivision in a tort action when substantiated by a stipulation for the dismissal of the action filed with the court of competent jurisdiction and signed by both the plaintiff and the legal representative of the governmental subdivision, provided that an appeal for the unreimbursed costs under this clause was approved by the commissioner of revenue under section 15;

(m) pay the expenses reasonably and necessarily incurred in preparing for or repairing the effects of natural disaster including the occurrence or threat of widespread or severe damage, injury, or loss of life or property resulting from natural causes such as earthquake, fire, flood, wind storm, wave action, oil spill, water contamination, air contamination, or drought in accordance with standards formulated by the emergency services division of the state department of public safety, provided that an appeal for the expenses incurred under this clause were approved by the commissioner of revenue under section 15;

(n) pay a portion of the losses in tax receipts to a city due to tax abatements or court actions in the year preceding the current levy year, provided that an appeal for the tax losses was approved by the commissioner of revenue under section 15. This special levy is limited to the amount of the losses times the ratio of the nonspecial levies to total levies for taxes payable in the year the abatements were granted. County governments are not authorized to claim this special levy;

(o) pay the operating cost of regional library services authorized under section 134.34, subject to a maximum increase of the greater of (1) 103 percent multiplied by one plus the percentage increase determined for the governmental subdivision under section 275.51, subdivision 3h, clause (b), or (2) six percent. If a governmental subdivision elected to include some or all of its levy for libraries within its adjusted levy limit base in the prior year, but elects to claim the levy as a special levy in the current levy year,

the allowable increase is determined by applying the greater percentage determined under clause (1) or (2) to the total amount levied for libraries in the prior levy year. After levy year 1989, the increase must not be determined using a base amount other than the amount that could have been levied as a special levy in the prior year. In no event shall the special levy be less than the minimum levy required under sections 134.33 and 134.34, subdivisions 1 and 2;

(p) pay the amount of the county building fund levy permitted under section 373.40, subdivision 6;

(q) pay the county's share of the costs levied in 1989, 1990, and 1991 for the Minnesota cooperative soil survey under Minnesota Statutes 1988, section 40.07, subdivision 15; ~~and~~

(r) for taxes levied in 1989, payable in 1990 only, pay the cost incurred for the minimum share required by counties levying for the first time under section 134.34 as required under section 134.341. For taxes levied in 1990, and thereafter, counties levying under this provision must levy under paragraph (o), and their allowable increase must be determined with reference to the amount levied in 1989 under this paragraph*; and*

*(s) for taxes levied in 1989, payable in 1990 only, provide an amount equal to 50 percent of the estimated amount of the reduction in aids to a county under sections 273.1398, subdivision 2, paragraph (d), and 477A.012, subdivision 3, for aids payable in 1990. For taxes levied in 1990, payable in 1991 only, the adjusted levy limit base of a county that imposes a special levy under this paragraph for taxes payable in 1990 shall be decreased by the amount of the special levy that exceeded the actual aid reduction, or increased by the amount of the special levy that was less than the actual aid reduction.*

The term includes any person who has been separated from employment for less than one year. The term does not include an independent contractor.*

*Subd. 3.* [EMPLOYER.] *"Employer" means a person who has 20 or more employees. Employer does not include a state agency, statewide system, political subdivision, or advisory board or commission that is subject to chapter 13.*

*(8) privileged information or information that is not discoverable in a workers' compensation, grievance arbitration, administrative, judicial, or quasi-judicial proceeding;*

*Subd. 2.* [DEFAMATION ACTIONS PROHIBITED.] *(a) No communication by an employee of information obtained through a review of the employee's personnel record may be made the subject of any action by the employee for libel, slander, or defamation, unless the employee requests that the employer comply with subdivision 1 and the employer fails to do so.*

*(b) No communication by an employer of information contained in an employee's personnel record after the employee has exercised the employee's right to review pursuant to section 2 may be made the subject of any common law civil action for libel, slander, or defamation unless:*

*(1) the employee has disputed specific information contained in the personnel record pursuant to subdivision 1;*

*(2) the employer has refused to agree to remove or revise the disputed information;*

*(3) the employee has submitted a written position statement as provided under subdivision 1; and*

*(4) the employer either (i) has refused or negligently failed to include the employee's position statement along with the disputed information or thereafter provide a copy of the statement to other persons as required under subdivision 1, or (ii) thereafter communicated the disputed information with knowledge of its falsity or in reckless disregard of its falsity.*

*(c) A common law civil action for libel, slander, or defamation based upon a communication of disputed information contained in an employee's personnel record is not prohibited if the communication is made after the employer and the employee reach an agreement to remove or revise disputed information and the communication is not consistent with the agreement.*

Sec. 4. [181.963] [USE OF OMITTED PERSONNEL RECORD.]

*Information properly belonging in an employee's personnel record that was omitted from the personnel record provided by an employer to an employee for review pursuant to section 2 may not be used by the employer in an administrative, judicial, or quasi-judicial proceeding, unless the employer did not intentionally omit the information and the employee is given a reasonable opportunity to review the omitted information prior to its use.*

Sec. 6. [181.965] [REMEDIES.]

*Subdivision 1.* [GENERAL.] *In addition to other remedies provided by law, if an employer violates a provision of sections 1 to 5, the employee may bring a civil action to compel compliance and for the following relief:*

*(1) for a violation of sections 1 to 4, actual damages only, plus costs; and*

*(2) for a violation of section 5, actual damages, back pay, and reinstatement or other make-whole, equitable relief, plus reasonable attorney fees.*

*Subd. 2.* [LIMITATIONS PERIOD.] *Any civil action maintained by the employee under this section must be commenced within one year of the actual or constructive discovery of the alleged violation.*

Sec. 7. [181.966] [ADDITIONAL RIGHT OF ACCESS TO RECORDS.]

Sec. 4. Minnesota Statutes 1988, section 290A.04, is amended by adding a subdivision to read:

*Subd. 2i. If the net property taxes payable in 1990 on a seasonal residential and recreational property, not devoted to commercial use, increase more than ten percent over the net property taxes payable in 1989 and if the amount is $40 or more, one claimant who is an owner of the property in both years is allowed a refund equal to 75 percent of the first $250 of the excess of the increase over ten percent. This subdivision does not apply to the portion of an increase in taxes payable that are attributable to improvements to the property.*

*In addition to the other proofs required by this chapter, each claimant under this subdivision shall file with the application a copy of the property tax statement for property taxes payable in 1989 and 1990 and any other documents required by the commissioner.*"

"*It is the intent of the legislature that this act not increase the net cost of rental housing to tenants after taking into consideration the combined effect of the reductions in property tax, rent, and property tax refund. Article 2 will significantly reduce the property tax burden on rental housing. Since the property tax refund for renters is based on the property tax paid on the rental unit, the reductions in article 2 will also reduce the amount of property tax refunds. However, because of conditions in the market for rental housing units in some or many areas, the property tax reductions may not affect the amount of rent the tenant must pay. As a result, the net effect of the provisions of this act may not improve the net cost of housing to some tenants. The property tax refund schedule for renters in this article was increased to partially offset this effect. In order to insure that this act does not adversely affect the net cost of housing to tenants, the department of revenue is directed to study this issue and to prepare a property tax refund schedule for renters that increases the eligibility for and amount of refunds in a manner found necessary to prevent increases in overall rental housing costs resulting from the adoption of article 2 and this article, as compared with prior law. This schedule must be submitted to the 1990 legislature along with the governor's recommendations required by this section.*

"Sec. 15. Minnesota Statutes 1989 Supplement, section 290.06, subdivision 2c, is amended to read:

Subd. 2c. [SCHEDULES OF RATES FOR INDIVIDUALS, ESTATES, AND TRUSTS.] (a) The income taxes imposed by this chapter upon married individuals filing joint returns and surviving spouses as defined in section 2(a) of the Internal Revenue Code of 1986 as amended through December 31, 1987, must be computed by applying to their taxable net income the following schedule of rates:

| if taxable income is: | the tax is: |
|---|---|
| not over $19,000 | 6 percent |
| over $19,000 | $1,140 plus 8 percent of the excess over $19,000 |

plus an amount computed using the following schedule of rates:

| if taxable income is: | the tax is: |
|---|---|
| over $75,500, but not over $165,000 | 0.5 percent of the excess over $75,500 |
| over $165,000 | $447.50. |

Married individuals filing separate returns, estates, and trusts must compute their income tax by applying the above rates to their taxable income, except that the income brackets will be one-half of the above amounts. In the case of married individuals filing separately, the additional 0.5 percent tax provided in this subdivision shall be applied to taxable income over $37,750, but not over $127,500.

(b) The income taxes imposed by this chapter upon unmarried individuals must be computed by applying to taxable net income the following schedule of rates:

| if taxable income is: | the tax is: |
|---|---|
| not over $13,000 | 6 percent |
| over $13,000 | $780 plus 8 percent of the excess over $13,000 |

plus an amount computed using the following schedule of rates:

| if taxable income is: | the tax is: |
|---|---|
| over $42,700, but not over $93,000 | 0.5 percent of the excess over $42,700 |
| over $93,000 | $251.50. |

(c) The income taxes imposed by this chapter upon unmarried individuals qualifying as a head of household as defined in section 2(b) of the Internal Revenue Code of 1986, as amended through December 31, 1987, must be computed by applying to taxable net income the following schedule of rates:

| if taxable income is: | the tax is: |
|---|---|
| not over $16,000 | 6 percent |
| over $16,000 | $960 plus 8 percent of the excess over $16,000 |

plus an amount computed using the following schedule of rates:

| if taxable income is: | the tax is: |
|---|---|
| over $64,300, but not over $135,000 | 0.5 percent of the excess over $64,300 |
| over $135,000 | $353.50. |

(d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than $100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to $1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this

subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) The numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1987, after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1987, increased by the addition required for interest income from non-Minnesota state and municipal bonds under section 290.01, subdivision 19a, clause (1).

~~(f) Any individual who has income which is included in the computation of federal adjusted gross income but is not subject to tax by Minnesota other than income specifically allowed as a subtraction under section 290.01, subdivision 19b, shall compute the tax in the same manner described in paragraph (e). The numerator of the fraction under paragraph (e) is the individual's Minnesota source federal adjusted gross income reduced by the income not subject to Minnesota tax and the denominator is the federal adjusted gross income.~~"

The first $32,000 market value of class 1b property has a net ~~tax capacity~~ *class rate* of .4 percent of its market value and a gross ~~tax capacity~~ *class rate* of .87 percent of its market value. The market value of the house and garage and immediately surrounding one acre of land ~~that does not exceed $65,000 has a net tax capacity of .805 percent of market value and a gross tax capacity of 1.75 percent of market value. The excess market value over $65,000 has a tax capacity of 2.2 percent~~ *has the same class rates as class 1a property under subdivision 22*. If the market value of the house, garage, and surrounding one acre of land is less than ~~$65,000~~ *$100,000*, the value of the remaining land including improvements equal to the difference between ~~$65,000~~ *$100,000* and the market value of the house, garage, and surrounding one acre of land has a net ~~tax capacity~~ *class rate* of ~~1.12~~ *.4* percent of market value ~~and a gross tax capacity of 1.75 percent of market value for the first 320 acres of land and the remaining value over 320 acres has a net tax capacity of 1.295 percent of market value~~ and a gross ~~tax capacity~~ *class rate* of 1.75 percent of market value. The remaining value of class 2a property over ~~the $65,000~~ *$100,000 of* market value that does not exceed 320 acres has a net ~~tax capacity~~ *class rate* of ~~1.44~~ *1.3* percent of market value and a gross ~~tax capacity~~ *class rate* of 2.25 percent of market value. The remaining property over the ~~$65,000~~ *$100,000* market value in excess of 320 acres has a ~~net tax capacity~~ *class rate* of ~~1.665~~ *1.5* percent of market value and a gross ~~tax capacity~~ *class rate* of 2.25 percent of market value.

(b) Class 2b property is (1) real estate, rural in character and used exclusively for growing trees for timber, lumber, and wood and wood products; and (2) real estate that is nonhomestead agricultural land. Class 2b property has a net ~~tax capacity~~ *class rate* of ~~1.665~~ *1.7* percent of market value *for taxes payable in 1990, 1.6 percent of market value for taxes payable in 1991, and 1.5 percent of market value for taxes payable in 1992 and thereafter,* and a gross ~~tax capacity~~ *class rate* of 2.25 percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural use may include pasture, timber, waste, unusable wild land, and land included in federal farm programs.

(d) Real estate of less than ten acres used principally for raising poultry, livestock, fruit, vegetables or other agricultural products, including the breeding of fish for sale and consumption if the fish breeding occurs on land zoned for agricultural use, shall be considered as agricultural land, if it is not used primarily for residential purposes. The term "agricultural products" as used in the preceding sentence means any of the products identified in section 273.111, subdivision 6, clause (2). "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products.

(e) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

(1) wholesale and retail sales;

(2) processing of raw agricultural products or other goods;

(3) warehousing or storage of processed goods; and

(4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3),

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.
