Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a

new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983, or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules;

(f) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration;

(g) to license or certify beds in a new facility constructed to replace a

facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:

(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

(h) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed ten percent of the appraised value of the facility or $200,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed ten percent of the appraised value of the facility or $200,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project recommended for approval by the interagency board for quality assurance under section 144A.073;

(k) to license nursing home beds in a hospital facility that are relocated from a different hospital facility under common ownership or affiliation, provided: (1) the hospital in which the nursing home beds were originally located ceases to function as an acute care facility, or necessary support services for nursing homes as required for licensure under sections 144A.02 to 144A.10, such as dietary service, physical plant, housekeeping, physical therapy, occupational therapy, and administration, are no longer available from the original hospital site; and (2) the nursing home beds are not certified for participation in the medical assistance program;

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings, from a hospital-attached nursing home to the hospital building, or from a separate nursing home to a building formerly used as a hospital, provided the original nursing home building will no longer be operated as a nursing home and the building to which the beds are moved will no longer be operated as a hospital. As a condition of receiving a license or certification under this

clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation. At the time of the licensure and certification of the nursing home beds, the commissioner of health shall delicense the same number of acute care beds within the existing complex of hospital buildings or building. Relocation of nursing home beds under this clause is subject to the limitations in section 144A.073, subdivision 5;

(m) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds;

(n) to license new nursing home beds in a continuing care retirement community affiliated with a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its residents from outside the state for the purpose of meeting contractual obligations to residents of the retirement community, provided the facility makes a written commitment to the commissioner of human services that it will not seek medical assistance certification for the new beds;

Mr. Frederick then moved to amend H.F. No. 723, as amended by the Senate May 20, 1989, as follows:

(The text of the amended House File is identical to S.F. No. 272.)

Page 1, after line 10, insert:

"Section 1. Minnesota Statutes 1988, section 144A.071, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983, or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules;

~~(f) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration;~~

~~(g)~~ to license or certify beds in a new facility constructed to replace a facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:

(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

~~(h)~~ *(g)* to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed ten percent of the appraised value of the facility or $200,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed ten percent of the appraised value of the facility or $200,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek

to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

~~(i)~~ *(h)* to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

~~(j)~~ *(i)* to license or certify beds in a project recommended for approval by the interagency board for quality assurance under section 144A.073;

~~(k)~~ *(j)* to license nursing home beds in a hospital facility that are relocated from a different hospital facility under common ownership or affiliation, provided: (1) the hospital in which the nursing home beds were originally located ceases to function as an acute care facility, or necessary support services for nursing homes as required for licensure under sections 144A.02 to 144A.10, such as dietary service, physical plant, housekeeping, physical therapy, occupational therapy, and administration, are no longer available from the original hospital site; and (2) the nursing home beds are not certified for participation in the medical assistance program;

~~(l)~~ *(k)* to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings, from a hospital-attached nursing home to the hospital building, or from a separate nursing home to a building formerly used as a hospital, provided the original nursing home building will no longer be operated as a nursing home and the building to which the beds are moved will no longer be operated as a hospital. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation. At the time of the licensure and certification of the nursing home beds, the commissioner of health shall delicense the same number of acute care beds within the existing complex of hospital buildings or building. Relocation of nursing home beds under this clause is subject to the limitations in section 144A.073, subdivision 5;

~~(m)~~ *(l)* to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds;

~~(n)~~ *(m)* to license new nursing home beds in a continuing care retirement community affiliated with a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its residents from outside the state for the purpose of meeting contractual obligations to residents of the retirement community, provided the facility makes a written commitment to the commissioner of human services that it will not seek medical assistance certification for the new beds;

~~(o)~~ *(n)* to certify or license new beds in a new facility on the Red Lake Indian reservation for which payments will be made under the Indian Health Care Improvement Act, Public Law Number 94-437, at the rates specified in United States Code, title 42, section 1396d(b);

~~(p)~~ *(o)* to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing

home licensure and if the cost of any remodeling of the facility does not exceed ten percent of the appraised value of the facility or $200,000, whichever is less. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase in the future. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements; or

~~(q)~~ *(p)* license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of Saint Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this clause."

May 19, 1989

The Honorable Jerome M. Hughes
President of the Senate

The Honorable Robert Vanasek
Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 180, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that S.F. No. 180 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [5.22] [CONTEST OF REGISTRATION OF NAME.]

*Subdivision 1.* [NOTICE OF CONTEST; DEPOSIT.] *A person doing business in this state may contest the subsequent registration of a name with the office of the secretary of state by filing an acknowledged notice of contest with the secretary of state and sending a copy of the notice of contest to the person who subsequently registered the contested name. The notice to the secretary of state must be accompanied by a $100 deposit, which the secretary of state shall award to the prevailing party in the contest.*

*Subd. 2.* [PROCEDURE.] *(a) Upon receipt of a notice of contest, the secretary of state shall ask each party to the contest to submit within 30 days an affidavit setting forth the facts, opinions, and arguments for or against the retention of the contested name on the records of the secretary of state. The secretary of state shall review the affidavits and shall make a decision or order a hearing to be held within 30 days.*

*(b) If a hearing is ordered, the parties shall meet with the secretary of state before the hearing and attempt to settle the contest.*

*(c) If a settlement is not reached, the secretary of state shall hold a hearing. At the hearing, the secretary of state may consider evidence presented by the parties relating to the factual or legal issues raised by the contest. A record of the hearing is not required. The hearing is not a contested case hearing under chapter 14.*

*Subd. 3.* [STANDARD OF REVIEW.] *The secretary of state may order that the contested name be changed on the records of the secretary of state if it is likely that the use of the names will cause confusion, mistake, or deception among the public when applied to the goods or services provided by the businesses. In determining whether confusion, mistake, or deception is likely, the secretary of state shall consider:*

*(1) the strength or unique nature of the names;*

*(2) the similarity of sound, appearance, or meaning of the names;*

*(3) the intent of the parties;*

*(4) the type of businesses engaged in or to be engaged in by the parties;*

*(5) the geographic market areas served by each party and the manner of distribution and marketing used in those areas;*

*(6) the nature and quality of goods or services provided by the parties;*

*(7) the level of sophistication of potential purchasers of goods or services offered by the parties;*

*(8) whether the party contesting the subsequent registration of a name failed to make a timely objection or acquiesced to the use of the name so that it would be inequitable to prohibit its registration; and*

*(9) whether the names in question are in fair use, have been abandoned, or are parodies of other names.*

*Subd. 4.* [DECISION; ENFORCEMENT.] *The secretary of state shall make a decision for one of the parties within ten days of the hearing and may order that the contested name be changed on the records of the office of the secretary of state and the relevant documents be amended by the secretary of state in a manner that results in a new name that is not the same as or deceptively similar to another name registered with the office of the secretary of state.*

*Subd. 5.* [APPEAL.] *A party may appeal the decision of the secretary of state to the district court within 20 days. The district court shall consider the factual and legal issues without reference to the decision of the secretary of state.*

*Subd. 6.* [LIABILITY.] *The office of the secretary of state is not liable for damages incurred as a result of the registration of a name found to be the same or deceptively similar to another name already registered with the office of the secretary of state. The office of the secretary of state is not liable for damages that arise from the decision of the secretary of state in a contest under this section.*

Sec. 2. Minnesota Statutes 1988, section 300.025, is amended to read:

*(3) establish, through innovative cost and quality control programs including, to the extent feasible, programs providing for the use of health care outcomes and other data in the choice and regulation of health care services, mechanisms to ensure that cost controls do not have a significant negative impact on the access to services or the quality or effectiveness of health care services actually provided to enrollees; and*

*(4)* ~~to~~ promote the public health and welfare of the state of Minnesota ~~with~~.

*(c) The* membership ~~consisting~~ of ~~all~~ *the comprehensive health association consists of* insurers, self-insurers, fraternals, and health maintenance organizations licensed or authorized to do business in this state.

*(d)* In approving directors of the board, the commissioner shall consider, among other things, whether all types of members are fairly represented. Insurer directors may be reimbursed from the money of the association for expenses incurred by them as directors, but shall not otherwise be compensated by the association for their services. The costs of conducting meetings of the association and its board of directors shall be borne by members of the association.

Sec. 4. Minnesota Statutes 1988, section 62E.10, subdivision 2a, is amended to read:

If the internal grievance process is not concluded within 45 days after it is commenced, the person may appeal to the commissioner before the internal process has been exhausted.*

(1) Individual qualified plans, excluding group conversions;

(2) Group conversions;

(3) Group qualified plans with fewer than 50 employees or members; and

(4) Major medical coverage.

A separate election may be made for each category of coverage. A member electing to reinsure risks of a category of coverage shall enter into a contract with the association establishing a reinsurance plan for the risks. This contract may include provision for the pooling of members' risks reinsured through the association and it may provide for assessment of each member reinsuring risks for losses and operating and administrative expenses incurred, or estimated to be incurred in the operation of the reinsurance plan. This reinsurance plan shall be approved by the commissioner before it is effective. Members electing to administer the risks which are reinsured in the association shall comply with the benefit determination guidelines and accounting procedures established by the association. The fee for the administration shall not be less than 110 percent of the total anticipated expenses incurred by the association for the administration;

*(g) Notwithstanding the usual and customary charge requirement under section 62E.06, subdivision 1, establish a fee schedule for payments for services covered by the comprehensive health insurance plan according to section 7;*

*(h) Provide for the assignment of benefits on the terms and subject to the conditions the association determines are appropriate; and*

*(i) Provide for the development of new methods to allow the enrollee to participate in the choice and regulation of the enrollee's own health care in accordance with the principle that participation by the health care consumer in decisions affecting care is an effective means of ensuring that*

*the health care services actually rendered are necessary, low in cost, and reasonably effective.*

Sec. 6. Minnesota Statutes 1988, section 62E.10, subdivision 9, is amended to read:

Subd. 9. [*STUDIES, DEMONSTRATION PROJECTS, AND* EXPERIMENTAL DELIVERY ~~METHOD~~ *SYSTEMS.*] ~~The association may petition the commissioner of commerce for a waiver to allow the experimental use of alternative means of health care delivery. The commissioner may waive any of the requirements of this chapter and chapters 60A, 62A, and 62D in granting the waiver. The commissioner may also grant to the association any additional powers as are necessary to facilitate the specific waiver, including the power to implement a provider payment schedule.~~

~~This subdivision is effective until August 1, 1990.~~

~~The commissioner of commerce in consultation with the governor's commission on health plan regulatory reform shall study and report to the legislature by January 15, 1989, on the current means utilized to finance the annual operating deficits incurred under the association. In conducting the study, the commissioner shall analyze any negative financial impacts which the current deficits are having on the contributing members of the association and recommend alternative sources of funding or other approaches which could be utilized to finance the operating deficit. The study shall also address the current association funding inequities between employers which self-insure for employee health benefit coverage and those employers which have health coverage subject to state regulation.~~ *The association shall conduct studies, demonstration projects, and experimental delivery systems the association considers appropriate to give effect to the principles in section 62E.10, subdivisions 1, paragraph (b), and 7, paragraph (i). The studies, demonstration projects, and experimental delivery systems may be administered by the writing carrier or by third parties the association in its discretion considers most likely to achieve its purposes. The writing carrier, as a condition of its acceptance of a contract to provide comprehensive health insurance, shall agree to provide data and information for studies and demonstration projects and other experimental delivery systems the association considers appropriate in discharging its obligations under this section. The association may petition the commissioner of commerce for, and the commissioner may grant, a waiver of any of the requirements of this chapter and chapters 60A, 62A, and 62D, to allow the experimental use of alternative health delivery systems.*

Sec. 7. Minnesota Statutes 1988, section 62E.10, is amended by adding a subdivision to read:

*Subd. 10.* [FEE SCHEDULE.] *(a) The association shall establish a fee schedule for payments for services and articles covered by the comprehensive health insurance plan, subject to applicable copayments and deductibles. The fee schedule must be designed to reduce the amount paid for services rendered under the plan without substantially reducing the access to services or quality of services. The fee schedule must be established no later than January 1, 1990. In determining the fee schedule, the association must consider, in addition to other relevant factors, a weighted average of the following payments made to providers in the seven-county Minneapolis-St. Paul metropolitan area:*

Following the public hearing and comment period, the final fee schedule must be published in the State Register and is effective 30 days after publication.*

*(c) The association and the writing carrier must not reduce payments for services below approved plan benefit provisions prior to the establishment of a fee schedule under this section.*

*(d) Information provided for purposes of establishing a fee schedule under paragraph (a) is nonpublic, trade secret information as defined in section 13.37, subdivision 1, paragraph (b), and shall be provided directly to an agent selected by the association for the purposes of determining the fee schedule required under paragraph (a). The detailed payment information used in developing the fee schedule shall not be disclosed by the agent unless directed by a unanimous vote of the association board of directors. When the fee schedule has been determined by the association, the payment information shall be destroyed or returned to the entity which provided the information, if so requested. The association or its agent may not disclose any information, formulas, or calculations relating to the fee schedule that would result in the direct or indirect release of the information described in paragraph (a), clause (3).*

*(e) As a condition of receiving a payment from the association or enrollee for services or articles covered by the plan, a provider shall be deemed to have agreed not to charge to or collect from the enrollee any amount in excess of the fee schedule.*

May 19, 1989

The Honorable Jerome M. Hughes
President of the Senate

The Honorable Robert Vanasek
Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 299, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that S.F. No. 299 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 97A.065, is amended by adding a subdivision to read:

*Subd. 5.* [RESTITUTION FOR WILD ANIMALS.] *Money collected from restitution under section 2 for wild animals killed, injured, or possessed in violation of the game and fish laws must be used by the commissioner for replacement, propagation, or protection of wild animals.*

Sec. 2. [97A.341] [RESTITUTION FOR WILD ANIMALS ILLEGALLY TAKEN.]

*Subdivision 1.* [LIABILITY FOR RESTITUTION.] *A person who kills, injures, or possesses a wild animal in violation of the game and fish laws is liable to the state for the value of the wild animal as provided in this section. Species afforded protection include members of the following groups as defined by statute or rule: game fish, game birds, big game, small game, fur-bearing animals, minnows, and threatened and endangered animal species. Other animal species may be added by order of the commissioner as determined after public meetings and notification of the chairs of the environment and natural resources committees in the senate and house of representatives.*

*Subd. 2.* [ARREST AND CHARGING PROCEDURE.] *(a) An enforcement officer who arrests a person for killing, injuring, or possessing a wild animal in violation of the game and fish laws must describe the number, species, and restitution value of wild animals illegally killed, injured, or possessed on the warrant or the notice to appear in court.*

*(b) As part of the charge against a person arrested for killing, injuring,*

*or possessing a wild animal in violation of the game and fish laws, the prosecuting attorney must include a demand that restitution be made to the state for the value of the wild animal killed, injured, or possessed. The demand for restitution is in addition to the criminal penalties otherwise provided for the violation.*

*Subd. 3.* [SENTENCING PROCEDURE.] *If a person is convicted of or pleads guilty to killing, injuring, or possessing a wild animal in violation of the game and fish laws, the court must require the person to pay restitution to the state for replacement of the wild animal as part of the sentence or state in writing why restitution was not imposed. The court may consider the economic circumstances of the person and, in lieu of monetary restitution, order the person to perform conservation work representing the amount of restitution that will aid the propagation of wild animals. If the court does not order a person to pay restitution, the court administrator must send a copy of the court order to the commissioner.*

*Subd. 4.* [AMOUNT OF RESTITUTION.] *The amount of restitution shall be determined by the court by a preponderance of the evidence. In determining the amount of restitution, the court must consider the value of the wild animal under section 3.*

*Subd. 5.* [RESTITUTION CREDITED TO GAME AND FISH FUND.] *The court administrator shall forward restitution collected under this section to the commissioner of finance and the commissioner shall credit all money forwarded to the game and fish fund in the state treasury.*

Sec. 3. [97A.345] [RESTITUTION VALUE OF WILD ANIMALS.]

*(a) The commissioner may, by rules adopted under chapter 14, prescribe the dollar value to the state of species of wild animals. The value may reflect the value to other persons to legally take the wild animal, the replacement cost, or the intrinsic value to the state of the wild animals. Species of wild animals with similar values may be grouped together.*

*(b) The value of a wild animal under the rules adopted by the commissioner is prima facie evidence of a wild animal's value under section 2.*

*(c) The commissioner shall report annually to the legislature the amount of restitution collected under section 2 and the manner in which the funds were expended.*

Sec. 4. [EFFECTIVE DATE.]

*Sections 1 and 2 are effective November 1, 1989, and apply to game and fish law violations committed on or after that date. Section 3 is effective the day after final enactment.*"

May 18, 1989

The Honorable Robert Vanasek
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H.F. No. 1423, report that we have agreed upon the items in dispute and recommend as follows:

That the House concur in the Senate amendments and that H.F. No. 1423 be further amended as follows:

Page 6, after line 30, insert:

"Sec. 5. Minnesota Statutes 1988, section 260.015, subdivision 2a, is amended to read:

Subd. 2a. [CHILD IN NEED OF PROTECTION OR SERVICES.] "Child in need of protection or services" means a child who is in need of protection or services because the child:

(1) is abandoned or without parent, guardian, or custodian;

(2) has been a victim of physical or sexual abuse or resides with a victim of domestic child abuse as defined in subdivision 24, *or is a victim of emotional maltreatment as defined in section 260.015, subdivision 5a*;

(3) is without necessary food, clothing, shelter, education, or other required care for the child's physical or mental health or morals because the child's

parent, guardian, or custodian is unable or unwilling to provide that care;

(4) is without the special care made necessary by a physical, mental, or emotional condition because the child's parent, guardian, or custodian is unable or unwilling to provide that care;

(5) is medically neglected, which includes, but is not limited to, the withholding of medically indicated treatment from a disabled infant with a life-threatening condition. The term "withholding of medically indicated treatment" means the failure to respond to the infant's life-threatening conditions by providing treatment, including appropriate nutrition, hydration, and medication which, in the treating physician's or physicians' reasonable medical judgment, will be most likely to be effective in ameliorating or correcting all conditions, except that the term does not include the failure to provide treatment other than appropriate nutrition, hydration, or medication to an infant when, in the treating physician's or physicians' reasonable medical judgment:

(i) the infant is chronically and irreversibly comatose;

(ii) the provision of the treatment would merely prolong dying, not be effective in ameliorating or correcting all of the infant's life-threatening conditions, or otherwise be futile in terms of the survival of the infant; or

(iii) the provision of the treatment would be virtually futile in terms of the survival of the infant and the treatment itself under the circumstances would be inhumane;

(6) is one whose parent, guardian, or other custodian for good cause desires to be relieved of the child's care and custody;

(7) has been placed for adoption or care in violation of law;

(8) is without proper parental care because of the emotional, mental, or physical disability, or state of immaturity of the child's parent, guardian, or other custodian;

(9) is one whose occupation, behavior, condition, environment, or associations are such as to be injurious or dangerous to the child or others;

(10) has committed a delinquent act before becoming ten years old;

(11) is a runaway; or

(12) is an habitual truant.

Sec. 6. Minnesota Statutes 1988, section 260.015, is amended by adding a subdivision to read:

*Subd. 5a.* [EMOTIONAL MALTREATMENT.] *"Emotional maltreatment" means the consistent, deliberate infliction of mental harm on a child by a person responsible for the child's care, that has an observable, sustained, and adverse effect on the child's physical, mental, or emotional development. "Emotional maltreatment" does not include reasonable training or discipline administered by the person responsible for the child's care or the reasonable exercise of authority by that person."*

Estimates of federal money that will be earned by the various accounts of the department of human services and deposited in the general fund are detailed on the worksheets of the conferees of the senate and house of representatives, a true copy of which is on file in the office of the commissioner of finance. If federal money anticipated is less than that shown on the official worksheets, the commissioner of finance shall reduce the amount available from the direct appropriation a corresponding amount. The commissioner of human services, with the approval of the commissioner

of finance and by direction of the governor after consulting with the legislative advisory commission, may transfer unencumbered appropriation balances among the aid to families with dependent children, general assistance, general assistance medical care, medical assistance, Minnesota supplemental aid, and work readiness programs and between fiscal years of the biennium.

For the biennium ending June 30, 1991, information system project appropriations for development and federal receipts for the alien verification entitlement system must be deposited in the special systems account authorized in Minnesota Statutes, section 256.014. Money appropriated for computer projects approved by the Information Policy Office, funded by the legislature, and approved by the commissioner of finance may be transferred from one project to another and from development to operations as the commissioner considers necessary. Any unexpended balance in the appropriation for these projects does not cancel in the first year but is available in the second year of the biennium.

During the biennium ending June 30, 1991, the commissioner of finance shall forward to the chairs of the house health and human services appropriations committee and the senate health and human services finance committee all reports of

If no deficiency funding recommendations are made by the governor, the commissioner shall notify the legislature of any projected deficiencies by February 1 of each year.

For the governor's recommended budget for fiscal year 1992 and fiscal year 1993, in those instances where the governor recommends funding for a change request but at a level different from the agency request, the commissioner of finance shall include in the governor's recommendation detail information commensurate with that provided by the agency. This includes a breakout of spending items if more than one provision is included in the request and rationale for the request. The commissioner of finance shall also adjust the long range implications expenditure projections to coincide with the revised governor's recommendation.

Sec. 12. TRANSFERS OF MONEY

Subdivision 1. Governor's Approval Required

For the biennium ending June 30, 1991, the commissioners of human services, corrections, jobs and training, and health and the veterans nursing homes board shall not transfer money to or from the object of expenditure "personal services" to or from the object of expenditure "grants and aid," as shown on the official worksheets of the conferees of the senate and house of representatives, a true copy of which is on file in the office of the commissioner of finance, except upon the written approval of the governor after consulting with the legislative advisory commission. Notwithstanding this limitation, money may be transferred to "grants and aid" without approval of the governor in the following programs: services for the blind, basic

client rehabilitation services, and rehabilitation services for workers' compensation recipients.

Subd. 2. Transfers of Unencumbered Appropriations

For the biennium ending June 30, 1991, the commissioners of human services, corrections, health, and jobs and training by direction of the governor after consulting with the legislative advisory commission may transfer unencumbered appropriation balances and positions among all programs.

Sec. 13. PROJECT LABOR

For human services and corrections institutions, wages for project labor may be paid if the employee is to be engaged in a construction or repair project of short-term and nonrecurring nature. Minnesota Statutes, section 43A.25, does not prevent the payment of the prevailing wage rate, as defined in Minnesota Statutes, section 177.42, subdivision 6, to a person hired to work on a project, whether or not the person is working under a contract.

Sec. 14. PROVISIONS

For the biennium ending June 30, 1991, money appropriated to the commissioner of corrections and the commissioner of human services in this act for the purchase of provisions within the item "current expense" must be used solely for that purpose. Money provided and not used for purchase of provisions must be canceled into the fund from which appropriated, except that money provided and not used for the purchase of provisions because of population decreases may be transferred and used for the purchase of medical and hospital supplies with the written approval of the governor after consulting with the legislative advisory commission.

The allowance for food may be adjusted annually according to the United States Department of Labor, Bureau of Labor Statistics publication, producer price index, with the approval of the commissioner of finance. Adjustments for fiscal year 1990 and fiscal year 1991 must be

based on the June 1989 and June 1990 producer price index respectively, but the adjustment must be prorated if the wholesale food price index adjustment would require money in excess of this appropriation.

Sec. 15. PUBLIC HEALTH FUND

Any balance remaining in the public health fund at the close of fiscal year 1989, regardless of any dedicated purpose, shall be transferred to the general fund.

Sec. 16. Minnesota Statutes 1988, section 144.122, is amended to read:

144.122 [LICENSE AND PERMIT FEES.]

Fees may include application and examination fees and a penalty fee for renewal applications submitted after the expiration date of the previously issued permit, license, registration, and certification. The commissioner may also prescribe, by rule, reduced fees for permits, licenses, registrations, and certifications when the application therefor is submitted during the last three months of the permit, license, registration, or certification period. Fees proposed to be prescribed in the rules shall be first approved by the department of finance. All fees proposed to be prescribed in rules shall be reasonable. The fees shall be in an amount so that the total fees collected by the commissioner will, where practical, approximate the cost to the commissioner in administering the program. All fees collected shall be deposited in the state treasury and credited to the general fund unless otherwise specifically appropriated by law for specific purposes.

(b) The commissioner may charge a fee for voluntary certification of medical laboratories and environmental laboratories, and for environmental and medical laboratory services provided by the department, without complying with subdivision 1 or chapter 14. Fees charged for environment and medical laboratory services provided by the department must be approximately equal to the costs of providing the services.

*(c) The commissioner may develop a schedule of fees for diagnostic evaluations conducted at clinics held by the services for children with handicaps program. All receipts generated by the program are annually appropriated to the commissioner for use in the maternal and child health program.*

Subdivision 1. [LICENSE REQUIRED.] (a) A home care provider may not operate in the state without a current license issued by the commissioner of health.

(b) Within ten days after receiving an application for a license, the commissioner shall acknowledge receipt of the application in writing. The

acknowledgment must indicate whether the application appears to be complete or whether additional information is required before the application will be considered complete. Within 90 days after receiving a complete application, the commissioner shall either grant or deny the license. If an applicant is not granted or denied a license within 90 days after submitting a complete application, the license must be deemed granted. An applicant whose license has been deemed granted must provide written notice to the commissioner before providing a home care service.

*(c) Each application for a home care provider license, or for a renewal of a license, shall be accompanied by a fee to be set by the commissioner under section 144.122.*

Subd. 2. [EXEMPTIONS.] The following individuals or organizations are exempt from the requirement to obtain a home care provider license:

An exemption under this subdivision does not excuse the individual from complying with applicable provisions of the home care bill of rights.

Subd. 3. [ENFORCEMENT.] The commissioner may refuse to grant or renew a license, or may suspend or revoke a license, for violation of statutes or rules relating to home care services or for conduct detrimental to the welfare of the consumer. In addition to any other remedy provided by law, the commissioner may, without a prior contested case hearing, temporarily suspend a license or prohibit delivery of services by a provider for not more than 60 days if the commissioner determines that the health or safety of a consumer is in imminent danger, provided (1) advance notice is given to the provider; (2) after notice, the provider fails to correct the problem; (3) the commissioner has reason to believe that other administrative remedies are not likely to be effective; and (4) there is an opportunity for a contested case hearing within the 60 days. The

process of suspending or revoking a license must include a plan for transferring affected clients to other providers.

*Subd. 3a.* [INJUNCTIVE RELIEF] *In addition to any other remedy provided by law, the commissioner may bring an action in district court to enjoin a person who is involved in the management, operation, or control of a home care provider, or an employee of the home care provider from illegally engaging in activities regulated by sections 144A.43 to 144A.48. The commissioner may bring an action under this subdivision in the district court in Ramsey county or in the district in which a home care provider is providing services. The court may grant a temporary restraining order in the proceeding if continued activity by the person who is involved in the management, operation, or control of a home care provider, or by an employee of the home care provider, would create an imminent risk of harm to a recipient of home care services.*

*Subd. 3b.* [SUBPOENA.] *In matters pending before the commissioner under sections 144A.43 to 144A.48, the commissioner may issue subpoenas and compel the attendance of witnesses and the production of all necessary papers, books, records, documents, and other evidentiary material. If a person fails or refuses to comply with a subpoena or order of the commissioner to appear or testify regarding any matter about which the person may be lawfully questioned or to produce any papers, books, records, documents, or evidentiary materials in the matter to be heard, the commissioner may apply to the district court in any district, and the court shall order the person to comply with the commissioner's order or subpoena. The commissioner of health may administer oaths to witnesses, or take their affirmation. Depositions may be taken in or outside the state in the manner provided by law for the taking of depositions in civil actions. A subpoena or other process or paper may be served upon a named person anywhere within the state by an officer authorized to serve subpoenas in civil actions, with the same fees and mileage and in the same manner as prescribed by law for process issued out of a district court. A person subpoenaed under this subdivision shall receive the same fees, mileage, and other costs that are paid in proceedings in district court.*

Subd. 4. [RELATION TO OTHER REGULATORY PROGRAMS.] In the exercise of the authority granted under sections 144A.43 to 144A.49, the commissioner shall not duplicate or replace standards and requirements imposed under another state regulatory program. The commissioner shall not impose additional training or education requirements upon members of a licensed or registered occupation or profession, except as necessary to address or prevent problems that are unique to the delivery of services in the home or to enforce and protect the rights of consumers listed in section 144A.44. For home care providers certified under the Medicare program, the state standards must not be inconsistent with the Medicare standards for Medicare services. To the extent possible, the commissioner shall coordinate the inspections required under sections 144A.45 to 144A.48 with the health facility licensure inspections required under sections 144.50 to 144.58 or 144A.10 when the health care facility is also licensed under the provisions of Laws 1987, chapter 378.

Subd. 5. [PRIOR CRIMINAL CONVICTIONS.] An applicant for a home care provider license shall disclose to the commissioner all criminal convictions of persons involved in the management, operation, or control of the provider. A home care provider shall require employees of the provider

and applicants for employment *in positions that involve contact with recipients of home care services* to disclose all criminal convictions. *The commissioner may adopt rules that may require a person who must disclose criminal convictions under this subdivision to provide fingerprints and releases that authorize law enforcement agencies, including the bureau of criminal apprehension and the federal bureau of investigation, to release information about the person's criminal convictions to the commissioner and home care providers. The bureau of criminal apprehension, county sheriffs, and local chiefs of police shall, if requested, provide the commissioner with criminal conviction data available from local, state, and national criminal record repositories, including the criminal justice data communications network.* No person may be employed by a home care provider ~~or~~ *in a position that involves contact with recipients of home care services nor may any person be* involved in the management, operation, or control of a provider, if the person has been convicted of a crime that relates to the provision of home care services or to the position, duties, or responsibilities undertaken by that person in the operation of the home care provider, unless the person can provide sufficient evidence of rehabilitation. The commissioner shall adopt rules for determining *what types of employment positions, including volunteer positions, involve contact with recipients of home care services, and* whether a crime relates to home care services and what constitutes sufficient evidence of rehabilitation. The rules must require consideration of the nature and seriousness of the crime; the relationship of the crime to the purposes of home care licensure and regulation; the relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of the person's position; mitigating circumstances or social conditions surrounding the commission of the crime; the length of time elapsed since the crime was committed; the seriousness of the risk to the home care client's person or property; and other factors the commissioner considers appropriate. Data collected under this subdivision shall be classified as private data under section 13.02, subdivision 12.

Sec. 27. [144A.465] [LICENSURE; PENALTY.]

Sec. 70. Minnesota Statutes 1988, section 245A.04, subdivision 3, is amended to read:

Subd. 3. [STUDY OF THE APPLICANT.] (a) Before ~~issuing~~ *the commissioner issues* a license, the commissioner shall conduct a study of the ~~applicant~~ *individuals specified in clauses (1) to (4) according to rules of the commissioner*. The applicant, *license holder*, the bureau of criminal apprehension, ~~county attorneys, county sheriffs,~~ *and* county agencies, ~~and local chiefs of police,~~ after *written* notice to the *individual who is the* subject of the ~~data~~ *study*, shall help with the study by giving the commissioner criminal conviction data~~, arrest information,~~ *and* reports about abuse or neglect of ~~children or~~ adults~~, and investigation results available from local, state, and national criminal record repositories, including the criminal justice data communications network, about~~ *substantiated under section 626.557 and the maltreatment of minors substantiated under section 626.556. (3) *current* employees or contractors of the applicant who will have direct contact with persons served by the program; and

~~The commissioner and agencies required to help conduct the study may charge the applicant or the subject of the data a reasonable fee for conducting the study.~~

*For purposes of this subdivision, "direct contact" means providing face-to-face care, training, supervision, counseling, consultation, or medication assistance to persons served by a program. For purposes of this subdivision, "directly supervised" means an individual listed in clause (1) or (3) is within sight or hearing of a volunteer to the extent that the individual listed in clause (1) or (3) is capable at all times of intervening to protect the health and safety of the persons served by the program who have direct contact with the volunteer.*

*A study of an individual in clauses (1) to (4) shall be conducted on at least an annual basis. No applicant, license holder, or individual who is the subject of the study shall pay any fees required to conduct the study.*

(b) *The individual who is the subject of the study must provide the applicant or license holder with sufficient information to ensure an accurate study including the individual's first, middle, and last name; home address, city, county, and state of residence; zip code; sex; date of birth; and driver's license number. The applicant or license holder shall provide this information about an individual in paragraph (a), clauses (1) to (4), on forms prescribed by the commissioner. The commissioner may request additional information of the individual, which shall be optional for the individual to provide, such as the individual's social security number or race.*

*The commissioner may also review arrest and investigative information from the bureau of criminal apprehension, a county attorney, county sheriff, county agency, local chief of police, other states, the courts, or a national criminal record repository if the commissioner has reasonable cause to believe the information is pertinent to the disqualification of an individual listed in paragraph (a), clauses (1) to (4).*

~~(c)~~ *(d)* An applicant's *or license holder's* failure or refusal to cooperate with the commissioner is reasonable cause to deny an application or *immediately suspend, suspend, or* revoke ~~or suspend~~ a license. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the

license holder's license to be immediately suspended, suspended, or revoked.

~~(d)~~ *(e)* The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

*(i) The commissioner may establish records to fulfill the requirements of this section. The information contained in the records is only available to the commissioner for the purpose authorized in this section.*

Sec. 71. Minnesota Statutes 1988, section 245A.04, is amended by adding a subdivision to read:

*Subd. 3a.* [NOTIFICATION TO SUBJECT OF STUDY RESULTS.] *The commissioner shall notify the applicant or license holder and the individual who is the subject of the study, in writing, of the results of the study. When the study is completed, a notice that the study was undertaken and completed shall be maintained in the personnel files of the program.*

*The commissioner shall notify the individual studied if the information contained in the study could cause disqualification from direct contact with persons served by the program. The commissioner shall disclose the information to the individual studied. An applicant or license holder who is not the subject of the study shall be informed that the commissioner has found information that could cause disqualification of the subject from direct contact with persons served by the program. However, the applicant or license holder shall not be told what that information is unless the data practices act provides for release of the information and the individual studied authorizes the release of the information.*

Sec. 72. Minnesota Statutes 1988, section 245A.04, is amended by adding a subdivision to read:

*Subd. 3b.* [RECONSIDERATION OF DISQUALIFICATION.] *(a) Within 30 days after receiving notice of possible disqualification under subdivision 3a, the individual who is the subject of the study may request reconsideration of the notice of possible disqualification. The individual must submit the request for reconsideration to the commissioner in writing. The individual must present information to show that:*

*(1) the information the commissioner relied upon is incorrect; or*

*(2) the subject of the study does not pose a risk of harm to any person served by the applicant or license holder.*

*(b) The commissioner may set aside the disqualification if the commissioner finds that the information the commissioner relied upon is incorrect*

*or the individual does not pose a risk of harm to any person served by the applicant or license holder and rules adopted by the commissioner do not preclude reconsideration. The commissioner shall review the consequences of the event or events that could lead to disqualification, the vulnerability of the victim at the time of the event, the time elapsed without a repeat of the same or similar event, and documentation of successful completion by the individual studied of training or rehabilitation pertinent to the event.*

*(c) The commissioner shall respond in writing to all reconsideration requests within 15 working days after receiving the request for reconsideration. If the disqualification is set aside, the commissioner shall notify the applicant or license holder in writing of the decision.*

*(d) Except as provided in subdivision 3c, the commissioner's decision to grant or deny a reconsideration of disqualification under this subdivision, or to set aside or uphold the results of the study under subdivision 3, is the final administrative agency action.*

Sec. 73. Minnesota Statutes 1988, section 245A.04, is amended by adding a subdivision to read:

*Subd. 3c.* [CONTESTED CASE.] *If a disqualification is not set aside, a person who, on or after the effective date of rules adopted under subdivision 3, paragraph (i), is an employee of an employer, as defined in section 179A.03, subdivision 15, may request a contested case hearing under chapter 14. Rules adopted under this chapter may not preclude an employee in a contested case hearing for disqualification from submitting evidence concerning information gathered under subdivision 3, paragraph (e).*

Sec. 74. Minnesota Statutes 1988, section 245A.04, subdivision 5, is amended to read:

Subd. 5. The commissioner must be given access without prior notice and as often as the commissioner considers necessary if the commissioner is conducting an investigation of allegations of abuse, neglect, *maltreatment,* or other violation of applicable laws or rules. In conducting inspections, the commissioner may request and shall receive assistance from other state, county, and municipal governmental agencies and departments. The applicant or license holder shall allow the commissioner to photocopy, photograph, and make audio and video tape recordings during the inspection of the program at the commissioner's expense. The commissioner shall obtain a court order or the consent of the subject of the records or the parents or legal guardian of the subject before photocopying hospital medical records.

Persons served by the program have the right to refuse to consent to be interviewed, photographed, or audio or videotaped. Failure or refusal of an applicant or license holder to fully comply with this subdivision is reasonable cause for the commissioner to deny the application or immediately suspend or revoke the license.

Sec. 75. Minnesota Statutes 1988, section 245A.04, subdivision 6, is amended to read:

Subd. 6. [COMMISSIONER'S EVALUATION.] Before granting, suspending, revoking, or making probationary a license, the commissioner shall evaluate information gathered under this section. The commissioner's evaluation shall consider facts, conditions, or circumstances concerning the program's operation, the well-being of persons served by the program, consumer evaluations of the program, and information about the character and qualifications of the personnel employed by the applicant or license holder.

The commissioner shall evaluate the results of the study required in subdivision 3 and determine whether a risk of harm to the persons served by the program exists. In conducting this evaluation, the commissioner shall apply the disqualification standards set forth in rules adopted under this chapter. If any rule currently does not include these disqualification standards, the commissioner shall apply the standards in section 364.03, subdivision ~~2~~ *3*, until the rule is revised to include disqualification standards. The commissioner shall revise all rules authorized by this chapter to include disqualification standards. *Prior to the adoption of rules establishing disqualification standards, the commissioner shall forward the proposed rules to the commissioner of human rights for review and recommendation concerning the protection of individual rights. The recommendation of the commissioner of human rights is not binding on the commissioner of human services.* The provisions of chapter 364 do not apply to applicants or license holders governed by sections 245A.01 to 245A.16 except as provided in this subdivision.

Sec. 76. Minnesota Statutes 1988, section 245A.04, subdivision 7, is amended to read:

All licenses expire at 12:01 a.m. on the day after the expiration date stated on the license. The correction order must state:

Subd. 5. [FORFEITURE OF FINES.] The license holder shall pay the fines assessed ~~within 15 calendar days of receipt of notice of~~ *on or before the payment date specified in* the commissioner's order. If the license holder fails to fully comply with the order, the commissioner shall suspend the license until the license holder complies. Sec. 79. Minnesota Statutes 1988, section 245A.06, is amended by adding a subdivision to read:

*Subd. 5a.* [ACCRUAL OF FINES.] *A license holder shall promptly notify the commissioner of human services, in writing, when a violation specified in an order to forfeit is corrected. A fine assessed for a violation shall stop accruing when the commissioner receives the written notice. The commissioner shall reinspect the program within three working days after receiving the notice. If upon reinspection the commissioner determines that a violation has not been corrected as indicated*

*by the order to forfeit, accrual of the daily fine resumes on the date of reinspection and the amount of fines that otherwise would have accrued between the date the commissioner received the notice and date of the reinspection is added to the total assessment due from the license holder. The commissioner shall notify the license holder by certified mail that accrual of the fine has resumed. The license holder may challenge the resumption in a contested case under chapter 14 by written request within 15 days after receipt of the notice of resumption. Recovery of the resumed*

*fine must be stayed if a controlling individual or a legal representative on behalf of the license holder makes a written request for a hearing. The request for hearing, however, may not stay accrual of the daily fine for violations that have not been corrected. The cost of reinspection conducted under this subdivision for uncorrected violations must be added to the total amount of accrued fines due from the license holder.*

Sec. 80. Minnesota Statutes 1988, section 245A.07, subdivision 2, is amended to read:

Subd. 2. [IMMEDIATE SUSPENSION IN CASES OF IMMINENT DANGER TO HEALTH, SAFETY, OR RIGHTS.] If the license holder's failure to comply with applicable law or rule has placed the health, safety, or rights of persons served by the program in imminent danger, the commissioner shall act immediately to suspend the license. No state funds shall be made available or be expended by any agency or department of state, county, or municipal government for use by a license holder regulated under sections 245A.01 to 245A.16 while a license is under immediate suspension. A notice stating the reasons for the immediate suspension and informing the license holder of the right to a contested case hearing under chapter 14 must be delivered by personal service to the address shown on the application or the last known address of the license holder. The license holder may appeal an order immediately suspending a license by notifying the commissioner in writing by certified mail within five calendar days after receiving notice that the license has been immediately suspended. Subd. 5. [NOTICE OF THE COMMISSIONER'S FINAL ORDER.] After considering the findings of fact, conclusions, and recommendations of the administrative law judge, the commissioner shall issue a final order. The commissioner shall consider, but shall not be bound by, the recommendations of the administrative law judge. The appellant must be notified of the commissioner's final order as required by chapter 14. The notice must also contain information about the appellant's rights under chapter 14. The institution of proceedings for judicial review of the commissioner's final order shall not stay the enforcement of the final order except as provided in section 14.65. A license holder *and each controlling individual of a license holder* whose license has been revoked because of noncompliance with applicable law or rule must not be granted a license for five years following the revocation.

Sec. 82. Minnesota Statutes 1988, section 245A.12, is amended to read:

245A.12 [VOLUNTARY RECEIVERSHIP FOR RESIDENTIAL ~~FACILITIES~~ *PROGRAMS*.]

A majority of controlling ~~persons~~ *individuals* of a residential program may at any time ask the commissioner to assume operation of the residential program through appointment of a receiver. On receiving the request for a receiver, the commissioner may enter into an agreement with a majority of controlling ~~persons~~ *individuals* and provide for the appointment of a receiver to operate the residential program under conditions acceptable to

both the commissioner and the majority of controlling persons. The agreement must specify the terms and conditions of the receivership and preserve the rights of the persons being served by the residential program. A receivership set up under this section terminates at the time specified by the parties to the agreement or 30 days after either of the parties gives written notice to the other party of termination of the receivership agreement.

Sec. 83. Minnesota Statutes 1988, section 245A.13, is amended to read:

245A.13 [INVOLUNTARY RECEIVERSHIP FOR RESIDENTIAL ~~FACILITIES~~ *PROGRAMS.*]

Subdivision 1. [APPLICATION.] *In addition to any other remedy provided by law,* the commissioner may petition the district court in the county where the residential program is located for an order directing the controlling ~~persons~~ *individuals* of the residential program to show cause why the commissioner or the commissioner's designated representative should not be appointed receiver to operate the residential program. The petition to the district court must contain proof by affidavit: *(1)* that the commissioner has either begun license suspension or revocation proceedings, suspended or revoked a license, or *has* decided to deny an application for licensure of the residential program; *or (2) it appears to the commissioner that the health, safety, or rights of the residents may be in jeopardy because of the manner in which the residential program may close, the residential program's financial condition, or violations committed by the residential program of federal or state laws or rules.* If the license holder ~~or~~, applicant, *or controlling individual* operates more than one residential program, the commissioner's petition must specify and be limited to the residential program for which ~~the commissioner has either begun license suspension or revocation proceedings, suspended or revoked a license, or has decided to deny an application for licensure of the residential program~~ *it seeks receivership. The affidavit submitted by the commissioner must set forth alternatives to receivership that have been considered, including rate adjustments.* The order to show cause is returnable not less than five days after service is completed and must provide for personal service of a copy to the residential program administrator and to the persons designated as agents by the controlling ~~persons~~ *individuals* to accept service on their behalf.

Subd. 2. [APPOINTMENT OF RECEIVER; RENTAL.] If the court finds that involuntary receivership is necessary as a means of protecting the health, safety, or rights of persons being served by the residential program, the court shall appoint ~~the commissioner or the commissioner's designated representative as~~ a receiver to operate the residential program. *In the event that no receiver can be found who meets the conditions of this section, the commissioner or commissioner's designated representative may serve as the receiver.* The court shall determine a fair monthly rental for the physical plant, taking into account all relevant factors ~~including~~ *necessary to meet required arms-length obligations of controlling individuals such as mortgage payments, real estate taxes, special assessments, and* the conditions of the physical plant. The rental fee must be paid by the receiver to the appropriate controlling ~~persons~~ *individuals* for each month that the receivership remains in effect. No payment made to a controlling ~~person~~ *individual* by the receiver or any state agency during a period of involuntary receivership shall include any allowance for profit or be based on any formula that includes an allowance for profit.

Subd. 3. [POWERS AND DUTIES OF THE RECEIVER.] Within ~~18~~ *36*

months after the receivership order, a receiver appointed to operate a residential program during a period of involuntary receivership shall provide for the orderly transfer of the persons served by the residential program to other residential programs or make other provisions to protect their health, safety, and rights. The receiver shall correct or eliminate deficiencies in the residential program that the commissioner determines endanger the health, safety, or welfare of the persons being served by the residential program unless the correction or elimination of deficiencies involves major alteration in the structure of the physical plant. If the correction or elimination of the deficiencies requires major alterations in the structure of the physical plant, the receiver shall take actions designed to result in the immediate transfer of persons served by the residential program. During the period of the receivership, the receiver shall operate the residential program in a manner designed to ~~guarantee~~ *preserve* the health, safety, rights, adequate care, and supervision of the persons served by the residential program. The receiver may make contracts and incur lawful expenses. The receiver shall collect incoming payments from all sources and apply them to the cost incurred in the performance of the receiver's functions including the receiver's fee set under subdivision 4. No security interest in any real or personal property comprising the residential program or contained within it, or in any fixture of the physical plant, shall be impaired or diminished in priority by the receiver. The receiver shall pay all valid obligations of the residential program and may deduct these expenses, if necessary, from rental payments owed to any controlling ~~person~~ *individual* by virtue of the receivership.

Subd. 4. [RECEIVER'S FEE; LIABILITY; ASSISTANCE FROM THE COMMISSIONER.] A receiver appointed under an involuntary receivership is entitled to a reasonable receiver's fee as determined by the court. *The receiver's fee is governed by section 256B.495.* The receiver is liable only in an official capacity for injury to person and property by reason of the conditions of the residential program. The receiver is not personally liable, except for gross negligence and intentional acts.

Subd. 5. [TERMINATION.] An involuntary receivership terminates ~~12~~ *36* months after the date on which it was ordered or at any other time designated by the court or when any of the following events occurs:

(1) the commissioner determines that the residential program's license application should be granted or should not be suspended or revoked;

(2) a new license is granted to the residential program; or

(3) the commissioner determines that all persons residing in the residential program have been provided with alternative residential programs.

*Subd. 6.* [EMERGENCY PROCEDURE.] *If it appears from the petition filed under subdivision 1, from an affidavit or affidavits filed with the petition, or from testimony of witnesses under oath if the court determines it necessary, that there is probable cause to believe that an emergency exists in a residential program, the court shall issue a temporary order for appointment of a receiver within five days after receipt of the petition. Notice of the petition must be served on the residential program administrator and on the persons designated as agents by the controlling individuals to accept service on their behalf. A hearing on the petition must be held within five days after notice is served unless the administrator or designated agent consents to a later date. After the hearing, the court may continue, modify, or terminate the temporary order.*

*Subd. 7.* [RATE RECOMMENDATION.] *The commissioner of human services may review rates of a residential program participating in the medical assistance program which is in involuntary receivership and that has needs or deficiencies documented by the department of health or the department of human services. If the commissioner of human services determines that a review of the rate established under section 256B.501 is needed, the commissioner shall:*

*(1) review the order or determination that cites the deficiencies or needs; and*

*(2) determine the need for additional staff, additional annual hours by type of employee, and additional consultants, services, supplies, equipment, repairs, or capital assets necessary to satisfy the needs or deficiencies.*

*Subd. 8.* [ADJUSTMENT TO THE RATE.] *Upon review of rates under subdivision 7, the commissioner may adjust the residential program's payment rate. The commissioner shall review the circumstances, together with the residential program cost report, to determine whether or not the deficiencies or needs can be corrected or met by reallocating residential program staff, costs revenues, or other resources including any investments, efficiency incentives, or allowances. If the commissioner determines that any deficiency cannot be corrected or the need cannot be met, the commissioner shall determine the payment rate adjustment by dividing the additional annual costs established during the commissioner's review by the residential program's actual resident days from the most recent desk-audited cost report or the estimated resident days in the projected receivership period. The payment rate adjustment must meet the conditions in Minnesota Rules, parts 9553.0010 to 9553.0080, and remains in effect during the period of the receivership or until another date set by the commissioner. Upon the subsequent sale or transfer of the residential program, the commissioner may recover amounts that were paid as payment rate adjustments under this subdivision. The buyer or transferee shall repay this amount to the commissioner within 60 days after the commissioner notifies the buyer or transferee of the obligation to repay. This provision does not limit the liability of the seller to the commissioner pursuant to section 256B.0641.*

Sec. 84. Minnesota Statutes 1988, section 245A.14, subdivision 3, is amended to read:

Subd. 3. [CONDITIONAL LICENSE.] Until such time as the commissioner adopts appropriate rules for conditional licenses, no license holder or applicant for a family or group family day care license is required to spend more than $100 to meet fire safety rules in excess of those required to meet Group "R" occupancies under the Uniform Building Code, chapter 12, as incorporated by reference in Minnesota Rules, part 1305.0100.

When the commissioner determines that an applicant or license holder of a family or group family day care license would be required to spend over $100 for physical changes to ensure fire safety, the commissioner may issue a conditional license when all of the following conditions have been met:

(a) The commissioner shall notify the ~~provider~~ *license holder* or applicant in writing of the fire safety deficiencies.

(b) The commissioner shall notify the ~~provider~~ *license holder* or applicant

in writing of alternative compliance standards that would correct deficiencies, if available.

(c) The ~~provider~~ *license holder* or applicant agrees in writing to notify each parent, on a form prescribed by the commissioner that requires the signature of the parent, of the fire safety deficiencies, and the existence of the conditional license.

Sec. 85. Minnesota Statutes 1988, section 245A.14, is amended by adding a subdivision to read:

*Subd. 5a.* [DROP-IN CHILD CARE PROGRAMS.] *Except as expressly set forth in this subdivision, drop-in child care programs must be licensed as a drop-in program under the rules governing child care programs operated in a center. Drop-in child care programs are exempt from the requirements in Minnesota Rules, parts 9503.0040; 9503.0045, subpart 1, items F and G; 9503.0050, subpart 6, except for children less than two and one-half years old; one-half the requirements of 9503.0060, subpart 4, item A, subitems (2), (5), and (8), subpart 5, item A, subitems (2), (3), and (7), and subpart 6, item A, subitems (3) and (6); 9507.0070; and 9503.0090, subpart 2. A drop-in child care program must be operated under the supervision of a person qualified as a director and a teacher. A drop-in child care program must maintain a minimum staff ratio for children age two and one-half or greater of one staff person for each ten children, except that there must be at least two persons on staff whenever the program is operating. If the program has additional staff who are on call as a mandatory condition of their employment, the minimum ratio may be exceeded only for children age two and one-half or greater, by a maximum of four children, for no more than 20 minutes while additional staff are in transit. The minimum staff-to-child ratio for infants up to 16 months of age is one staff person for every four infants. The minimum staff-to-child ratio for children age 17 months to 30 months is one staff for every seven children. In drop-in care programs that serve both infants and older children, children up to age two and one-half may be supervised by assistant teachers, as long as other staff are present in appropriate ratios. The minimum staff distribution pattern for a drop-in child care program serving children age two and one-half or greater is: the first staff member must be a teacher; the second, third, and fourth staff members must have at least the qualifications of a child care aide; the fifth staff member must have at least the qualifications of an assistant teacher; the sixth, seventh, and eighth staff members must have at least the qualifications of a child care aide; and the ninth staff person must have at least the qualifications of an assistant teacher. A drop-in child care program serving children less than two and one-half years of age must serve these children in an area separated from older children. Children age two and one-half and older may be cared for in the same child care group.*

The county shall not be entitled to reimbursement from the patient or resident, the patient's or resident's estate, or from the patient's or resident's relatives, except as provided in section 246.53. [RATES FOR CALENDAR YEARS ~~1988 AND~~ 1989 *AND 1990.*] Payment rates to vendors, except regional centers, for county-funded day training and habilitation services and transportation provided to persons receiving day training and habilitation services established by a county board for calendar years ~~1988 and~~ 1989 *and 1990* are governed by subdivisions 2 to 10.

"Payment rate" as used in subdivisions 2 to 10 refers to three kinds of payment rates: a full-day service rate for persons who receive at least six service hours a day, including the time it takes to transport the person to and from the service site; a partial-day service rate that must not exceed 75 percent of the full-day service rate for persons who receive less than a full day of service; and a transportation rate for providing, or arranging and paying for, transportation of a person to and from the person's residence to the service site.

Sec. 94. Minnesota Statutes 1988, section 252.46, subdivision 2, is amended to read:

Subd. 2. [~~1988 AND~~ 1989 *AND 1990* MINIMUM.] Unless a variance is granted under subdivision 6, the minimum payment rates set by a county board for each vendor for calendar years ~~1988 and~~ 1989 *and 1990* must be equal to the payment rates approved by the commissioner for that vendor in effect January 1, ~~1987~~ *1988*, and January 1, ~~1988~~ *1989*, respectively.

Sec. 95. Minnesota Statutes 1988, section 252.46, subdivision 3, is amended to read:

Subd. 3. [~~1988 AND~~ 1989 *AND 1990* MAXIMUM.] Unless a variance is granted under subdivision 6, the maximum payment rates for each vendor for calendar years ~~1988 and~~ 1989 *and 1990* must be equal to the payment rates approved by the commissioner for that vendor in effect December 1, ~~1987~~ *1988*, and December 1, ~~1988~~ *1989*, respectively, increased by no more than the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year.

Sec. 96. Minnesota Statutes 1988, section 252.46, subdivision 4, is amended to read:

Subd. 4. [NEW VENDORS.] Payment rates established by a county for calendar years ~~1988 and~~ 1989 *and 1990*, for a new vendor for which there were no previous rates must not exceed 125 percent of the average payment rates in the regional development commission district under sections 462.381 to 462.396 in which the new vendor is located.

Sec. 97. Minnesota Statutes 1988, section 252.46, subdivision 6, is amended to read:

Subd. 6. [VARIANCES.] A variance from the minimum or maximum payment rates in subdivisions 2 and 3 may be granted by the commissioner when the vendor requests and the county board submits to the commissioner a written variance request with the recommended payment rates. *The commissioner shall develop by October 1, 1989, a uniform format for submission of documentation for the variance requests. This format shall be used by each vendor requesting a variance. The form shall be developed by the commissioner and shall be reviewed by representatives of advocacy and provider groups and counties.* A variance may be utilized for costs associated with compliance with state administrative rules, compliance with court orders, *capital costs required for continued licensure,* increased insurance costs, start-up and conversion costs for supported employment, direct service staff salaries *and benefits*, and transportation. The county board shall review all vendors' payment rates that are ten or more than ten percent lower than the statewide median payment rates. If the county determines that the payment rates do not provide sufficient revenue to the vendor for authorized service delivery the county must recommend a variance under this section. When the county board contracts for increased services from any vendor for some or all individuals receiving services from the vendor, the county board shall review the vendor's payment rates to determine whether the increase requires that a variance to the minimum rates be recommended under this section to reflect the vendor's lower per unit fixed costs. The written variance request must include documentation that all the following criteria have been met:

(1) The commissioner and the county board have both conducted a review and have identified a need for a change in the payment rates *and recommended an effective date for the change in the rate*.

(2) The proposed changes are required for the vendor to deliver authorized individual services in an effective and efficient manner.

(3) The proposed changes are necessary to demonstrate compliance with minimum licensing standards~~.~~, *or to provide community-integrated and supported employment services after a change in the vendor's existing services has been approved as provided in section 252.28*.

(4) The vendor documents that the changes cannot be achieved by reallocating current staff or by reallocating financial resources.

(5) The county board submits evidence that the need for additional staff cannot be met by using temporary special needs rate exceptions under Minnesota Rules, parts 9510.1020 to 9510.1140.

(6) The county board submits a description of the nature and cost of the proposed changes, and how the county will monitor the use of money by the vendor to make necessary changes in services.

(7) The county board's recommended payment rates do not exceed 125 percent of the current calendar year's statewide median payment rates.

*The commissioner shall have 60 calendar days from the date of the receipt of the complete request to accept or reject it, or the request shall be deemed to have been granted. If the commissioner rejects the request, the commissioner shall state in writing the specific objections to the request and the reasons for its rejection.*

Sec. 98. Minnesota Statutes 1988, section 252.46, subdivision 12, is amended to read:

Subd. 12. [RATES ESTABLISHED AFTER ~~1989~~ *1990.*] Payment rates established by a county board to be paid to a vendor on or after January 1, ~~1990~~ *1991*, must be determined under permanent rules adopted by the commissioner. No county shall pay a rate that is less than the minimum rate determined by the commissioner.

In developing procedures for setting minimum payment rates and procedures for establishing payment rates, the commissioner shall consider the following factors:

(1) a vendor's payment rate and historical cost in the previous year;

(2) current economic trends and conditions;

(3) costs that a vendor must incur to operate efficiently, effectively and economically and still provide training and habilitation services that comply with quality standards required by state and federal regulations;

(4) increased liability insurance costs;

(5) costs incurred for the development and continuation of supported employment services;

(6) cost variations in providing services to people with different needs;

(7) the adequacy of reimbursement rates that are more than 15 percent below the statewide average; and

(8) other appropriate factors.

The commissioner may develop procedures to establish differing hourly rates that take into account variations in the number of clients per staff hour, to assess the need for day training and habilitation services, and to control the utilization of services.

In developing procedures for setting transportation rates, the commissioner may consider allowing the county board to set those rates or may consider developing a uniform standard.

Medical assistance rates for home and community-based services provided under section 256B.501 by licensed vendors of day training and habilitation services must not be greater than the rates for the same services established by counties under sections 252.40 to 252.47.

Sec. 99. Minnesota Statutes 1988, section 252.47, is amended to read:

252.47 [RULES.]

To implement sections 252.40 to 252.47, the commissioner shall adopt permanent rules under sections 14.01 to 14.38. The rules may include a plan for phasing in implementation of the procedures and rates established by the rules. The phase-in may occur prior to calendar year ~~1990~~ *1991*. The commissioner shall establish an advisory task force to advise and make recommendations to the commissioner during the rulemaking process. The

advisory task force must include legislators, vendors, residential service providers, counties, consumers, department personnel, and others as determined by the commissioner.

(1) the patient does not object to or refuse the medication;

(2) a guardian ad litem appointed by the court with authority to consent to neuroleptic medications gives written, informed consent to the administration of the neuroleptic medication; and

(3) a multidisciplinary treatment review panel composed of persons who are not engaged in providing direct care to the patient gives written approval to administration of the neuroleptic medication.

(d) A person who consents to treatment pursuant to this subdivision is not civilly or criminally liable for the performance of or the manner of performing the treatment. A person is not liable for performing treatment without consent if written, informed consent was given pursuant to this subdivision. This provision does not affect any other liability that may result from the manner in which the treatment is performed.

*(e) The court may allow and order paid to a guardian ad litem a reasonable fee for services provided under paragraph (c), or the court may appoint a volunteer guardian ad litem.*

For individuals identified as inhalant abusers, case managers shall make referrals to services otherwise offered in the community. The case manager shall also monitor the progress of the individuals referred.*

*As part of this project, the commissioner of human services shall work with other agencies that provide services to youth and children, including education agencies and other drug treatment and counseling agencies, to increase public awareness concerning inhalant abuse among youth and children.*

Subdivision 1. [CHEMICAL DEPENDENCY TREATMENT ALLOCATION.] The chemical dependency funds appropriated for allocation shall be placed in a special revenue account. For the fiscal year beginning July 1, 1987, funds shall be transferred to operate the vendor payment, invoice processing, and collections system for one year. The commissioner shall annually transfer funds from the chemical dependency fund to pay for operation of the drug and alcohol abuse normative evaluation system and to pay for all costs incurred by adding two positions for licensing of chemical dependency treatment and rehabilitation programs located in hospitals for which funds are not otherwise appropriated. The commissioner shall annually divide the money available in the chemical dependency fund that is not held in reserve by counties from a previous allocation. Twelve percent of the remaining money must be reserved for treatment of American Indians by eligible vendors under section 254B.05. The remainder of the money must be allocated among the counties according to the following formula, using state demographer data and other data sources determined by the commissioner:

(a) The county non-Indian and over age 14 per capita-months of eligibility for aid to families with dependent children, general assistance, and medical assistance is divided by the total state non-Indian and over age 14 per capita-months of eligibility to determine the caseload factor for each county.

(b) The average median ~~family~~ *married couple* income for the previous three years for the state is divided by the average median ~~family~~ *married couple* income for the previous three years for each county to determine the income factor.

(c) The non-Indian and over age 14 population of the county is multiplied by the sum of the income factor and the caseload factor to determine the adjusted population.

(d) $15,000 shall be allocated to each county.

(e) The remaining funds shall be allocated proportional to the county adjusted population.

Sec. 104. Minnesota Statutes 1988, section 254B.03, subdivision 1, is amended to read:

Subdivision 1. [LOCAL AGENCY DUTIES.] (a) Every local agency

shall provide chemical dependency services to persons residing within its jurisdiction who meet criteria established by the commissioner for placement in a chemical dependency residential or nonresidential treatment service. Chemical dependency money must be administered by the local agencies according to law and rules adopted by the commissioner under sections 14.01 to 14.69.

(b) In order to contain costs, the county board shall, with the approval of the commissioner of human services, select eligible vendors of chemical dependency services who can provide economical and appropriate treatment. Unless the local agency is a social services department directly administered by a county or human services board, the local agency shall not be an eligible vendor under section 254B.05. The commissioner may approve proposals from county boards to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. If a county implements a demonstration or experimental medical services funding plan, the commissioner shall transfer the money as appropriate. If a county selects a vendor located in another state, the county shall ensure that the vendor is in compliance with the rules governing licensure of programs located in the state.

*(c) A culturally specific vendor that provides assessments under a variance under Minnesota Rules, part 9530.6610, shall be allowed to provide assessment services to persons not covered by the variance.*

Sec. 105. Minnesota Statutes 1988, section 254B.03, subdivision 4, is amended to read:

Subd. 4. [DIVISION OF COSTS.] *Except for services provided by a county under section 254B.09, subdivision 1,* the county shall, out of local money, pay the state for 15 percent of the cost of chemical dependency services. Counties may use the indigent hospitalization levy for treatment and hospital payments made under this section. Fifteen percent of any state collections from private or third-party pay, less 15 percent of the cost of payment and collections, must be distributed to the county that paid for a portion of the treatment under this section. If all funds allocated according to section 254B.02 are exhausted by a county and the county has met or exceeded the base level of expenditures under section 254B.02, subdivision 3, the county shall pay the state for 15 percent of the costs paid by the state under this section. The commissioner may refuse to pay state funds for services to persons not eligible under section 254B.04, subdivision 1, if the county financially responsible for the persons has exhausted its allocation.

Sec. 106. Minnesota Statutes 1988, section 254B.04, is amended by adding a subdivision to read:

*Subd. 2a.* [AMOUNT OF CONTRIBUTION.] *The commissioner shall adopt a sliding fee scale to determine the amount of contribution to be required from persons whose income is greater than the standard of assistance under sections 256B.055, 256B.056, 256B.06, and 256D.01 to 256D.21. The commissioner may adopt rules to amend existing fee scales. The commissioner may establish a separate fee scale for recipients of chemical dependency transitional and extended care rehabilitation services that provides for the collection of fees for board and lodging expenses. The fee schedule shall ensure that employed persons are allowed the income disregards and savings accounts that are allowed residents of community mental illness facilities under section 256D.06, subdivisions 1 and 1b. The*

*fee scale must not provide assistance to persons whose income is more than 115 percent of the state median income. Payments of liabilities under this section are medical expenses for purposes of determining spend-down under sections 256B.055, 256B.056, 256B.06, and 256D.01 to 256D.21. The required amount of contribution established by the fee scale in this subdivision is also the cost of care responsibility subject to collection under section 254B.06, subdivision 1.*

Sec. 107. Minnesota Statutes 1988, section 254B.06, subdivision 1, is amended to read:

Subdivision 1. [STATE COLLECTIONS.] The commissioner is responsible for all collections from persons determined to be partially responsible for the cost of care of an eligible person receiving services under Laws 1986, chapter 394, sections 8 to 20. The commissioner *may initiate, or request the attorney general to initiate, necessary civil action to recover the unpaid cost of care. The commissioner* may collect all third-party payments for chemical dependency services provided under Laws 1986, chapter 394, sections 8 to 20, including private insurance and federal medicaid and medicare financial participation. The commissioner shall deposit in a dedicated account a percentage of collections to pay for the cost of operating the chemical dependency consolidated treatment fund invoice processing and vendor payment system, billing, and collections. The remaining receipts must be deposited in the chemical dependency fund.

Sec. 109. Minnesota Statutes 1988, section 254B.09, subdivision 4, is amended to read:

The commissioner may refuse to make reserve payments for persons not eligible under section 254B.04, subdivision 1, if the tribal governing body responsible for treatment placement has exhausted its allocation. Money must be allocated as invoices are received.

Sec. 111. Minnesota Statutes 1988, section 256.01, subdivision 2, is amended to read:

Subd. 2. [SPECIFIC POWERS.] Subject to the provisions of section 241.021, subdivision 2, the commissioner of human services shall:

(1) Administer and supervise all forms of public assistance provided for by state law and other welfare activities or services as are vested in the commissioner. (5) Assist and actively cooperate with other departments, agencies and institutions, local, state, and federal, by performing services in conformity with the purposes of Laws 1939, chapter 431.

(6) Act as the agent of and cooperate with the federal government in matters of mutual concern relative to and in conformity with the provisions of Laws 1939, chapter 431, including the administration of any federal funds granted to the state to aid in the performance of any functions of the commissioner as specified in Laws 1939, chapter 431, and including the promulgation of rules making uniformly available medical care benefits to all recipients of public assistance, at such times as the federal government increases its participation in assistance expenditures for medical care to recipients of public assistance, the cost thereof to be borne in the same proportion as are grants of aid to said recipients.

(7) Establish and maintain any administrative units reasonably necessary for the performance of administrative functions common to all divisions of the department.

(8) ~~The commissioner is~~ *Act as* designated ~~as~~ guardian of both the estate and the person of all the wards of the state of Minnesota, whether by operation of law or by an order of court, without any further act or proceeding whatever, except as to persons committed as mentally retarded.

(12) Have the authority to conduct and administer experimental projects to test methods and procedures of administering assistance and services to recipients or potential recipients of public welfare. To carry out such experimental projects, it is further provided that the commissioner of human services is authorized to waive the enforcement of existing specific statutory program requirements, rules, and standards in one or more counties. The order establishing the waiver shall provide alternative methods and procedures of administration, shall not be in conflict with the basic purposes, coverage, or benefits provided by law, and in no event shall the duration of a project exceed four years. It is further provided that no order establishing an experimental project as authorized by the provisions of this section shall become effective until the following conditions have been met:

(a) The proposed comprehensive plan including estimated project costs

and the proposed order establishing the waiver shall be filed with the secretary of the senate and chief clerk of the house of representatives at least 60 days prior to its effective date.

(b) The secretary of health, education, and welfare of the United States has agreed, for the same project, to waive state plan requirements relative to statewide uniformity.

(13) In accordance with federal requirements establish procedures to be followed by local welfare boards in creating citizen advisory committees, including procedures for selection of committee members.

(14) Allocate federal fiscal disallowances or sanctions which are based on quality control error rates for the aid to families with dependent children, medical assistance, or food stamp program in the following manner:

(a) One-half of the total amount of the disallowance shall be borne by the county boards responsible for administering the programs. For the medical assistance and AFDC programs, disallowances shall be shared by each county board in the same proportion as that county's expenditures for the sanctioned program are to the total of all counties' expenditures for the AFDC and medical assistance programs. For the food stamp program, sanctions shall be shared by each county board, with 50 percent of the sanction being distributed to each county in the same proportion as that county's administrative costs for food stamps are to the total of all food stamp administrative costs for all counties, and 50 percent of the sanctions being distributed to each county in the same proportion as that county's value of food stamp benefits issued are to the total of all benefits issued for all counties. Each county shall pay its share of the disallowance to the state of Minnesota. When a county fails to pay the amount due hereunder, the commissioner may deduct the amount from reimbursement otherwise due the county, or the attorney general, upon the request of the commissioner, may institute civil action to recover the amount due.

(b) Notwithstanding the provisions of paragraph (a), if the disallowance results from knowing noncompliance by one or more counties with a specific program instruction, and that knowing noncompliance is a matter of official county board record, the commissioner may require payment or recover from the county or counties, in the manner prescribed in paragraph (a), an amount equal to the portion of the total disallowance which resulted from the noncompliance, and may distribute the balance of the disallowance according to paragraph (a).

(15) Develop and implement special projects that maximize reimbursements and result in the recovery of money to the state. For the purpose of recovering state money, the commissioner may enter into contracts with third parties. Any recoveries that result from projects or contracts entered into under this paragraph shall be deposited in the state treasury and credited to a special account until the balance in the account reaches $400,000. When the balance in the account exceeds $400,000, the excess shall be transferred and credited to the general fund. All money in the account is appropriated to the commissioner for the purposes of this paragraph.

(16) Have the authority to make direct payments to facilities providing

Upon the written request of a shelter facility that has been denied payments under section 256.05, subdivision 3, the commissioner shall review all relevant evidence and make a determination within 30 days of the request for review regarding issuance of direct payments to the shelter facility. Failure to act within 30 days shall be considered a determination not to issue direct payments.

*(17) Allocate federal fiscal disallowances or sanctions for audit exceptions when federal fiscal disallowances or sanctions are based on a statewide random sample for the foster care program under title IV-E of the Social Security Act, United States Code, title 42, in direct proportion to each county's title IV-E foster care maintenance claim for that period.*

Sec. 112. Minnesota Statutes 1988, section 256.01, is amended by adding a subdivision to read:

*Subd. 12.* [CHILD MORTALITY REVIEW PANEL.] *(a) The commissioner shall establish a child mortality review panel for reviewing deaths of children in Minnesota, including deaths attributed to maltreatment or in which maltreatment may be a contributing cause. The commissioners of health, education, and public safety and the attorney general shall each designate a representative to the child mortality review panel. Other panel members shall be appointed by the commissioner, including a board-certified pathologist and a physician who is a coroner or a medical examiner. The purpose of the panel shall be to make recommendations to the state and to local agencies for improving the child protection system, including modifications in statute, rule, policy, and procedure.*

*(b) The commissioner may require a local agency to establish a local child mortality review panel. The commissioner may establish procedures for conducting local reviews and may require that all professionals with knowledge of a child mortality case participate in the local review. In this section, "professional" means a person licensed to perform or a person performing a specific service in the child protective service system. "Professional" includes law enforcement personnel, social service agency attorneys, educators, and social service, health care, and mental health care providers.*

*(c) If the commissioner of human services has reason to believe that a child's death was caused by maltreatment or that maltreatment was a contributing cause, the commissioner has access to not public data under chapter 13 maintained by state agencies, statewide systems, or political subdivisions that are related to the child's death or circumstances surrounding the care of the child. The commissioner shall also have access to records of private hospitals as necessary to carry out the duties prescribed by this section. Access to data under this paragraph is limited to police investigative data; autopsy records and coroner or medical examiner investigative data; hospital, public health, or other medical records of the child; hospital and other medical records of the child's parent that relate to prenatal care; and records created by social service agencies that provided services to the child or family within three years preceding the child's death. A state agency, statewide system, or political subdivision shall provide the data upon request of the commissioner. Not public data may be shared with members of the state or local child mortality review panel in connection with an individual case.*

*other agency, data acquired by a local or state child mortality review panel in the exercise of its duties is protected nonpublic or confidential data as defined in section 13.02, but may be disclosed as necessary to carry out the purposes of the review panel. The data is not subject to subpoena or discovery. The commissioner may disclose conclusions of the review panel, but shall not disclose data that was classified as confidential or private data on decedents, under section 13.10, or private, confidential, or protected nonpublic data in the disseminating agency.*

*(e) A person attending a child mortality review panel meeting shall not disclose what transpired at the meeting, except to carry out the purposes of the mortality review panel. The proceedings and records of the mortality review panel are protected nonpublic data as defined in section 13.02, subdivision 13, and are not subject to discovery or introduction into evidence in a civil or criminal action against a professional, the state or a local agency, arising out of the matters the panel is reviewing. Information, documents, and records otherwise available from other sources are not immune from discovery or use in a civil or criminal action solely because they were presented during proceedings of the review panel. A person who presented information before the review panel or who is a member of the panel shall not be prevented from testifying about matters within the person's knowledge. However, in a civil or criminal proceeding a person shall not be questioned about the person's presentation of information to the review panel or opinions formed by the person as a result of the review meetings.*

The post-secondary educational systems shall allocate their money among institutions under their authority based on the number of students with dependent children enrolled in each institution in the last fiscal year. For the purposes of this subdivision, "students with dependent children" means the sum of all Minnesota residents enrolled in public post-secondary institutions who report dependents on their applications to the state scholarship and grant program. The commissioner shall transfer the allocation for each post-secondary institution to the county board of the county in which the institution is located, to be held in an account for students found eligible for child care sliding fee assistance and attending~~

~~the institution.~~ *The higher education coordinating board will administer the non-AFDC post-secondary child care program utilizing the sliding fee scale developed by the department of human services. The board will determine eligibility for the child care subsidy based on family income and family size. For purposes of this determination, "income" means the income amount used to calculate eligibility for state scholarships and grants under section 136A.121. "Family size" means the family size used to calculate eligibility for state scholarships and grants under section 136A.121.*

*Students receiving subsidies shall:*

*(1) choose providers utilizing a licensed or legal unlicensed provider that meets the needs of their family;*

*(2) continue to receive a subsidy as long as they are eligible, to the limit of the allocation; and*

*(3) receive a subsidy to cover all eligible hours of education and employment.*

*The higher education coordinating board shall consult with the commissioner to ensure a program comparable to the child care subsidy program administered by the commissioner.*

Sec. 145. Minnesota Statutes 1988, section 256H.08, is amended to read:

256H.08 [USE OF MONEY.]

Money for persons listed in ~~section 256H.04, subdivision 1,~~

~~clauses (2) and (3)~~ *sections 256H.03, subdivision 2a, and 256H.05, subdivision 1b*, shall be used to reduce the costs of child care for students, including the costs of child care for students while employed if enrolled in an eligible education program at the same time and making satisfactory progress towards completion of the program. ~~The county may plan for and provide child care assistance to persons listed in section 256H.04, subdivision 1, clauses (2) and (3), from the regular sliding fee fund to supplement the set-aside funds.~~ *Counties may not limit the duration of child care subsidies for a person in an employment or educational program, except when the person is found to be ineligible under the child care fund eligibility standards. Any limitation must be based on a person's employability plan in the case of an AFDC recipient, and county policies included in the child care allocation plan.* Financially eligible students who have received child care assistance for one academic year shall be provided child care assistance in the following academic year if funds allocated under ~~section 256H.06 or 256H.07 are available~~ *sections 256H.03 and 256H.05. If a student who is receiving AFDC child care assistance under this chapter moves to another county as specified in their employability plan, continues to be enrolled in a post-secondary institution, and continues to be eligible for AFDC child care assistance under this chapter, the student must receive continued child care assistance from their county of origin without interruption to the limit of the county's allocation.*

Sec. 146. Minnesota Statutes 1988, section 256H.09, is amended to read:

256H.09 [REPORTING AND PAYMENTS.]

Subdivision 1. [QUARTERLY REPORTS.] Counties ~~and post-secondary~~

~~educational systems~~ shall submit on forms prescribed by the commissioner a quarterly financial and program activity report which is due 20 calendar days after the end of each quarter. *The failure to submit a complete report by the end of the quarter in which the report is due may result in a reduction of child care fund allocations equal to the next quarter's allocation.* The financial and program activity report must include:

(1) a detailed accounting of the expenditures and revenues for the program during the preceding quarter by funding source and by eligibility group;

(2) a description of activities and concomitant expenditures that are federally reimbursable under the AFDC employment special needs program *and other federal reimbursement programs*;

(3) a description of activities and concomitant expenditures of ~~set-aside~~ *child care* money;

(4) information on money encumbered at the quarter's end but not yet reimbursable, for use in adjusting allocations as provided in ~~section~~ *sections 256H.03, subdivision 3, and* 256H.05, subdivision 4 *1a*; ~~256H.06, subdivision 3; and 256H.07, subdivision 3;~~ and

(5) other data the commissioner considers necessary to account for the program or to evaluate its effectiveness in preventing and reducing participants' dependence on public assistance and in providing other benefits, including improvement in the care provided to children.

Subd. 2. [QUARTERLY PAYMENTS.] ~~The commissioner shall make payments to each county in quarterly installments. The commissioner may certify an advance for the first quarter of the fiscal year. Later payments must be based on actual expenditures as reported in the quarterly financial and program activity report.~~ *The commissioner may make payments to each county in quarterly installments. The commissioner may certify an advance up to 25 percent of the allocation. Subsequent payments shall be made on a reimbursement basis for reported expenditures, and may be adjusted for anticipated spending patterns. Payments may be withheld if quarterly reports are incomplete or untimely.*

Subd. 3. [CHILD CARE FUND PLAN.] *Effective January 1, 1992, the county will include the plan required under this subdivision in its biennial community social services plan required in this section, for the group described in section 256E.03, subdivision 2, paragraph (h). For the period July 1, 1989, to December 31, 1991, the county shall submit separate child care fund plans required under this subdivision for the periods July 1, 1989, to June 30, 1990; and July 1, 1990, to December 31, 1991. The commissioner shall establish the dates by which the county must submit these plans. The county and designated administering agency shall submit to the commissioner an annual child care fund allocation plan. The plan shall include:*

*(1) a narrative of the total program for child care services, including all policies and procedures that affect eligible families and are used to administer the child care funds;*

*(2) the number of families that requested a child care subsidy in the previous year, the number of families receiving child care assistance, the number of families on a waiting list, and the number of families projected to be served during the fiscal year;*

*(7) other information as requested by the department to insure compliance with the child care fund statutes and rules promulgated by the commissioner.*

*The commissioner shall notify counties within 60 days of the date the plan is submitted whether the plan is approved or the corrections or information needed to approve the plan. The commissioner shall withhold a county's allocation until it has an approved plan. Plans not approved by the end of the second quarter after the plan is due may result in a 25 percent reduction in allocation. Plans not approved by the end of the third quarter after the plan is due may result in a 100 percent reduction in the allocation to the county. Counties are to maintain services despite any reduction in their allocation due to plans not being approved.*

*Subd. 4.* [TERMINATION OF ALLOCATION.] The commissioner may withhold, reduce, or terminate the allocation of any county ~~or post-secondary educational system~~ that does not meet the reporting or other requirements of this program. The commissioner shall reallocate to other counties ~~or post-secondary educational systems~~ money so reduced or terminated.

Sec. 147. Minnesota Statutes 1988, section 256H.10, subdivision 3, is amended to read:

Subd. 3. [PRIORITIES; ALLOCATIONS.] If ~~a disproportionate amount~~ *more than 75 percent* of the available money is provided to any one of the groups described in ~~subdivision 1~~ *section 256H.03 or 256H.05*, the county board shall document to the commissioner the reason the group received a disproportionate share *unless approved in the plan*. If a county projects that its child care allocation is insufficient to meet the needs of all eligible groups, it may prioritize among the groups *that remain* to be served *after the county has complied with the priority requirements of sections 256H.03 and 256H.05*. ~~Counties shall assure that a person receiving child care assistance from the sliding fee program prior to July 1, 1987, continues to receive assistance, providing the person meets all other eligibility criteria. Set aside money must be prioritized by the state, and counties do not have discretion over the use of this money.~~ *Counties that have established a priority must submit the policy in the annual allocation plan.*

Counties shall make resources available to parents in choosing quality child care services. Counties may require a parent to sign a release stating their knowledge and responsibilities in choosing a legal provider described under section 256H.01, subdivision 12. When a county knows that a particular provider is unsafe, or that the circumstances of the child care arrangement chosen by the parent are unsafe, the county*

*may deny a child care subsidy. A county may not restrict access to a general category of provider allowed under section 256H.01, subdivision 12.*

Sec. 149. Minnesota Statutes 1988, section 256H.11, is amended to read:

The commissioner shall recover *funds* from the county as necessary to bring county expenditures into compliance with this subdivision.

Subd. 2. [FEDERAL MONEY; STATE RECOVERY.] The commissioner shall recover from counties any state or federal money *that was spent for persons* found to be ineligible. If a federal audit exception is taken based on a percentage of federal earnings, all counties shall pay a share proportional to their respective federal earnings during the period in question.

Subd. 3. [~~OTHER SOURCES MUST BE MAINTAINED~~ *MAINTENANCE OF FUNDING EFFORT.*] To receive money through this program, each county shall certify, *in its annual plan* to the commissioner, that the county has not reduced allocations from other federal, state, and county sources, which, in the absence of *the* child care ~~sliding fee or wage subsidy money~~ *fund*, would have been available for child care ~~services~~ *assistance*.

Sec. 151. Minnesota Statutes 1988, section 256H.15, is amended to read:

rate *in that county* for like care arrangements ~~in that county~~ *for all types of care, including special needs and handicapped care, as determined by the commissioner. The maximum state payment is 125 percent of the median provider rate. If the county has not set a maximum provider rate and the provider rate is greater than 125 percent of the median provider rate in the county, the county shall pay the amount in excess of 125 percent of the median provider rate from county funding sources. Sec. 161. Minnesota Statutes 1988, section 257.55, subdivision 1, is amended to read:

Subdivision 1. [PRESUMPTION.] A man is presumed to be the biological father of a child if:

(a) He and the child's biological mother are or have been married to each other and the child is born during the marriage, or within 280 days after the marriage is terminated by death, annulment, declaration of invalidity, dissolution, or divorce, or after a decree of legal separation is entered by a court;

(b) Before the child's birth, he and the child's biological mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared void, voidable, or otherwise invalid, and,

(1) if the attempted marriage could be declared invalid only by a court, the child is born during the attempted marriage, or within 280 days after its termination by death, annulment, declaration of invalidity, dissolution or divorce; or

(2) if the attempted marriage is invalid without a court order, the child is born within 280 days after the termination of cohabitation;

(c) After the child's birth, he and the child's biological mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared void, voidable, or otherwise invalid, and,

(1) he has acknowledged his paternity of the child in writing filed with the state registrar of vital statistics;

(2) with his consent, he is named as the child's father on the child's birth certificate; or

(e) He and the child's biological mother acknowledge his paternity of the child in a writing signed by both of them under section 257.34 and filed with the state registrar of vital statistics. If another man is presumed under this clause to be the child's father, acknowledgment may be effected only with the written consent of the presumed father or after the presumption has been rebutted.

*(f) Evidence of statistical probability of paternity based on blood testing establishes that the likelihood that the man is the father of the child, calculated with a prior probability of no more than 0.5 (50 percent), is 99 percent or greater.*

Sec. 162. Minnesota Statutes 1988, section 257.57, subdivision 1, is amended to read:

Subdivision 1. A child, the child's biological mother, or a man presumed to be the child's father under section 257.55, subdivision 1, clause (a), (b), or (c) may bring an action:

(b) *Within three years after the child's birth* for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, clause (a), (b), or (c) ~~only if the action is brought~~

~~within a reasonable time after the person bringing the action has obtained knowledge of relevant facts, but in no event later than three years after the child's birth~~. *However, if the presumed father was divorced from the child's mother after service by publication, and, if, on or before the 280th day after the judgment and decree of divorce or dissolution became final, he did not know that the child was born during the marriage or within 280 days after the marriage was terminated, the action is not barred until one year after the child reaches the age of majority.* After the presumption has been rebutted, paternity of the child by another man may be determined in the same action, if he has been made a party.

Sec. 163. Minnesota Statutes 1988, section 257.62, subdivision 5, is amended to read:

Subd. 5. [POSITIVE TEST RESULTS.] *(a)* If the results of ~~the~~ blood tests *completed in a laboratory accredited by the American Association of Blood Banks* indicate that the likelihood of the alleged father's paternity, *calculated with a prior probability of no more than 0.5 (50 percent),* is ~~more than~~ 92 percent *or greater*, upon motion the court shall order the alleged father to pay temporary child support determined according to chapter 518. The alleged father shall pay the support money into court pursuant to the rules of civil procedure to await the results of the paternity proceedings.

*(b) If the results of blood tests completed in a laboratory accredited by the American Association of Blood Banks indicate that likelihood of the alleged father's paternity, calculated with a prior probability of no more than 0.5 (50 percent), is 99 percent or greater, the alleged father is presumed to be the parent and the party opposing the establishment of the alleged father's paternity has the burden of proving by clear and convincing evidence that the alleged father is not the father of the child.*

Sec. 164. [259.44] [REIMBURSEMENT OF NONRECURRING ADOPTION EXPENSES.]

*The commissioner of human services shall provide reimbursement of up to $2,000 to the adoptive parent or parents for costs incurred in adopting a child with special needs. *Subd. 3.* [CERTIFICATION STATEMENT.] *The local social service agency shall certify a child's eligibility for a postadoption service grant in writing to the commissioner. The certification statement shall include:*

*Subd. 4.* [COMMISSIONER REVIEW.] *The commissioner shall review the facts upon which eligibility is based and shall award postadoption service grants to eligible adoptive parents to the extent funds are appropriated consistent with subdivision 5.*

*Subd. 5.* [GRANT PAYMENTS.] *The amount of the postadoption service grant payment shall be based on the special needs of the child and the determination that other resources to meet those special needs are not available. The amount of any grant payments shall be based on the severity of the child's disability and the effect of the disability on the family and must not exceed $10,000 annually.*

*Permissible expenses that may be paid from grants shall be limited to:*

*(1) medical expenses not covered by the family's health insurance or medical assistance;*

Sec. 167. Minnesota Statutes 1988, section 259.49, subdivision 2, is amended to read:

259.49 [ACCESS TO ~~ADOPTION RECORDS~~ *ORIGINAL BIRTH CERTIFICATE INFORMATION.*]

Subd. 2. [SEARCH.] Within six months after receiving notice of the request of the adopted person, the commissioner of human services shall make complete and reasonable efforts to notify each parent identified on the original birth certificate of the adopted person. The commissioner, *the commissioner's agents, and licensed child-placing agencies* may charge a reasonable fee to the adopted person for the cost of making a search pursuant to this subdivision. Every licensed child placing agency in the state shall cooperate with the commissioner of human services in efforts to notify an identified parent. All communications under this subdivision are confidential pursuant to section 13.02, subdivision 3.

For purposes of this subdivision, "notify" means a personal and confidential contact with the genetic parents named on the original birth certificate of the adopted person. The contact shall not be by mail and shall be by an employee or agent of the licensed child placing agency which processed the pertinent adoption or some other licensed child placing agency designated by the commissioner of human services. The contact shall be evidenced by filing with the commissioner of health an affidavit of notification executed by the person who notified each parent certifying that each parent was given the following information:

(a) The nature of the information requested by the adopted person;

(b) The date of the request of the adopted person;

(c) The right of the parent to file, within 120 days of receipt of the notice, an affidavit with the commissioner of health stating that the information on the original birth certificate should not be disclosed;

Sec. 168. Minnesota Statutes 1988, section 260.251, subdivision 1, is amended to read:

Subdivision 1. [CARE, EXAMINATION, OR TREATMENT.] (a) Except where parental rights are terminated,

(1) whenever legal custody of a child is transferred by the court to a county welfare board, or

(2) whenever legal custody is transferred to a person other than the county welfare board, but under the supervision of the county welfare board,

(3) whenever a child is given physical or mental examinations or treatment under order of the court, and no provision is otherwise made by law for payment for the care, examination, or treatment of the child, these costs are a charge upon the welfare funds of the county in which proceedings are held upon certification of the judge of juvenile court.

(b) The court shall order, *and the county welfare board shall require,* the parents or custodian of a child, while the child is under the age of 18, to use the total income and resources attributable to the child for the period of care, examination, or treatment, except for clothing and personal needs

allowance as provided in section 256B.35, to reimburse the county for the cost of care, examination, or treatment. Income and resources attributable to the child include, but are not limited to, social security benefits, supplemental security income (SSI), veterans benefits, railroad retirement benefits and child support. When the child is over the age of 18, and continues to receive care, examination, or treatment, the court shall order, *and the county welfare board shall require, reimbursement from* the child ~~to reimburse the county~~ for the cost of care, examination, or treatment from the income and resources attributable to the child less the clothing and personal needs allowance.

(c) If the income and resources attributable to the child are not enough to reimburse the county for the full cost of the care, examination, or treatment, the court shall inquire into the ability of the parents to support the child and, after giving the parents a reasonable opportunity to be heard, *the court* shall order, *and the county welfare board shall require,* the parents to ~~reimburse the county, in the manner and to whom the court may direct, such sums as will cover in whole or in part~~ *contribute to* the cost of care, examination, or treatment of the child. *When determining the amount to be contributed by the parents, the court shall use a fee schedule based upon ability to pay that is established by the county welfare board and approved by the commissioner of human services. The income of a stepparent who has not adopted a child shall be excluded in calculating the parental contribution under this section.*

(d) The court shall order the amount of reimbursement attributable to the parents or custodian, or attributable to the child, or attributable to both sources, withheld under chapter 518 from the income of the parents or the custodian of the child. A parent or custodian ~~or child over the age of 18~~ who fails to pay ~~this sum~~ without good reason may be proceeded against for contempt, or the court may inform the county attorney, who shall proceed ~~against any of them~~ to collect the unpaid sums, or both procedures may be used.

*(e) If the court orders a physical or mental examination for a child, the examination is a medically necessary service for purposes of determining whether the service is covered by a health insurance policy, health maintenance contract, or other health coverage plan. Court-ordered treatment shall be subject to policy, contract, or plan requirements for medical necessity. Nothing in this paragraph changes or eliminates benefit limits, conditions of coverage, copayments or deductibles, provider restrictions, or other requirements in the policy, contract, or plan that relate to coverage of other medically necessary services.*

Sec. 169. Minnesota Statutes 1988, section 268.08, subdivision 1, is amended to read:

An individual serving as a juror shall be considered as available for work and actively seeking work on each day the individual is on jury duty; and

(4) has been unemployed for a waiting period of one week during which the individual is otherwise eligible for benefits under sections 268.03 to 268.24. *Subd. 2.* [NOTICE.] *The commissioner shall encourage those business establishments considering a decision to effect a plant closing, substantial layoff or relocation of operations located in this state to give notice of that decision as early as possible to the commissioner, the employees of the affected establishment, any employee organization representing the employees, and the local government unit in which the affected establishment is located. This notice shall be in addition to any notice required under the Worker Adjustment and Retraining Notification Act, United States Code, title 29, section 2101.*

*Subd. 3.* [EMPLOYER RESPONSIBILITY.] *An employer providing notice of a plant closing, substantial layoff, or relocation of operations under the Worker Adjustment and Retraining Notification Act, United States Code, title 29, section 2101, or under subdivision 2 must report to the commissioner the names, addresses, and occupations of the employees who will be or have been terminated.*

Sec. 179. [268.977] [RAPID RESPONSE PROGRAM.]

*Subdivision 1.* [PROGRAM ESTABLISHMENT.] *(a) The commissioner shall establish a rapid response program to assist employees, employers, business organizations or associations, labor organizations, local government units, and community organizations to quickly and effectively respond to announced or actual plant closings and substantial layoffs.*

*(b) The program must include or address at least the following:*

*(1) within five working days after becoming aware of an announced or actual plant closing or substantial layoff, establish on-site contact with the employer, employees, labor organizations if there is one representing the employees, and leaders of the local government units and community organizations to provide coordination of efforts to formulate a communitywide response to the plant closing or substantial layoff, provide information on the public and private service and programs that might be available, inform the affected parties of the prefeasibility study grants under section 268.978, and collect any information required by the commissioner to assist in responding to the plant closing or substantial layoff;*

*(2) provide ongoing technical assistance to employers, employees, business organizations or associations, labor organizations, local government units, and community organizations to assist them in reacting to or developing responses to plant closings or substantial layoffs;*

*(3) establish and administer the prefeasibility study grant program under section 268.978 to provide an initial assessment of the feasibility of alternatives to plant closings or substantial layoffs;*

*(4) work with employment and training service providers, employers, business organizations or associations, labor organizations, local government units, and community organizations in providing training, education, community support service, job search programs, job clubs, and other services to address the needs of potential or actual dislocated workers;*

*(5) coordinate with providers of economic development related financial and technical assistance services so that communities that are experiencing plant closings or substantial layoffs have immediate access to economic development related services; and*

*(6) collect and make available information on programs that might assist dislocated workers and the communities affected by plant closings or substantial layoffs.*

*Subd. 2.* [APPLICABILITY.] *Notwithstanding section 268.975, subdivisions 6 and 8, the commissioner may waive the threshold requirements for finding a plant closing or substantial layoff in special cases where the governor's job training council recommends waiver to the commissioner following a finding by the council that the number of workers dislocated as a result of a plant closing or substantial layoff would have a substantial impact on the community or labor market where the closure or layoff occurs and, in the absence of intervention through the rapid response program, would overwhelm the capacity of other programs to provide effective assistance.*

Sec. 180. [268.978] [PREFEASIBILITY STUDIES.]

*Subdivision 1.* [PREFEASIBILITY STUDY GRANTS.] *(a) The commissioner may make grants for up to $10,000 to eligible organizations to provide an initial assessment of the feasibility of alternatives to plant closings or substantial layoffs. The alternatives may include employee*

*ownership, other new ownership, new products or production processes, or public financial or technical assistance to keep a plant open. Two or more eligible organizations may jointly apply for a grant under this section.*

*(b) Interested organizations shall apply to the commissioner for the grants. As part of the application process, applicants must provide a statement of need for a grant, information relating to the workforce at the plant, the area's unemployment rate, the community's and surrounding area's labor market characteristics, information of efforts to coordinate the community's response to the plant closing or substantial layoff, a timetable of the prefeasibility study, a description of the organization applying for the grant, a description of the qualifications of persons conducting the study, and other information required by the commissioner.*

*(c) The commissioner shall respond to the applicant within five working days of receiving the organization's application. The commissioner shall inform each organization that applied for but did not receive a grant the reasons for the grant not being awarded. The commissioner may request further information from those organizations that did not receive a grant, and the organization may reapply for the grant.*

*Subd. 2.* [PREFEASIBILITY STUDY.] *(a) The prefeasibility study must explore the current and potential viability, profitability, and productivity of the plant that may close or experience a substantial layoff and alternative uses for the plant. The study is not intended to be a major examination of each possible alternative, but rather is meant to quickly determine if further action or examination is feasible and should be fully explored.*

*(b) The prefeasibility study must contain:*

*(1) a description of the plant's present products, production techniques, management structure, and history;*

*(2) a brief discussion of the feasibility of the various alternatives for ownership, production technique, and products;*

*(3) an estimate of the financing required to keep the plant open and the potential sources of that financing;*

*(4) a description of the employer's, employees', and community's efforts to maintain the operation of the plant; and*

*(5) other information the commissioner may require.*

*Subd. 3.* [REPORTS.] *(a) The commissioner shall report monthly to the program subcommittee of the governor's job training council on the grants made and studies completed during the previous month.*

*(b) The commissioner shall provide an annual report to the governor, legislature, and the governor's job training council on the administration of the prefeasibility study grant program. The report must also include details of actions taken as a result of a grant.*

Sec. 181. [268.979] [DISLOCATED WORKER COORDINATION.]

*The commissioner shall coordinate the actions taken by state agencies and public post-secondary educational institutions to respond to or address the specific needs of dislocated workers and to provide services to dislocated workers including education and retraining. The commissioner shall also assist local government units, community groups, business associations or organizations, labor organizations, and others in coordinating*

*their efforts in providing services to dislocated workers.*

Sec. 182. [268.98] [PERFORMANCE STANDARDS.]

*The commissioner shall establish performance standards for the programs and activities administered or funded through the rapid response program under section 268.977. The commissioner may use existing federal performance standards or, if the commissioner determines that the federal standards are inadequate or not suitable, may formulate new performance standards to ensure that the programs and activities of the rapid response program are effectively administered.*

Sec. 183. Minnesota Statutes 1988, section 326.78, subdivision 2, is amended to read:

Subd. 2. [ISSUANCE OF LICENSES AND CERTIFICATES.] The commissioner may issue licenses to employers ~~and certificates to employees~~ who meet the criteria in sections 326.70 to 326.82 and the commissioner's rules. Sec. 184. Minnesota Statutes 1988, section 327C.02, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION OF RULES.] The park owner must give the resident at least 60 days notice in writing of any rule change. A rule adopted or amended after the resident initially enters into a rental agreement may be enforced against that resident only if the new or amended rule is reasonable and is not a substantial modification of the original agreement. *Any security deposit increase is a substantial modification of the rental agreement.* A reasonable rent increase made in compliance with section 327C.06 is not a substantial modification of the rental agreement and is not considered to be a rule for purposes of section 327C.01, subdivision 8. A rule change necessitated by government action is not a substantial modification of the rental agreement. A rule change requiring all residents to maintain their homes, sheds and other appurtenances in good repair and safe condition shall not be deemed a substantial modification of a rental agreement. If a part of a resident's home, shed or other appurtenance becomes so dilapidated that repair is impractical and total replacement is necessary, the park owner may require the resident to make the replacement in conformity with a generally applicable rule adopted after the resident initially entered into a rental agreement with the park owner.

In any action in which a rule change is alleged to be a substantial modification of the rental agreement, a court may consider the following factors in limitation of the criteria set forth in section 327C.01, subdivision 11:

(a) any significant changes in circumstances which have occurred since the original rule was adopted and which necessitate the rule change; and

(b) any compensating benefits which the rule change will produce for the residents.

Sec. 185. Minnesota Statutes 1988, section 357.021, subdivision 2, is amended to read:

Subd. 2. [FEE AMOUNTS.] The fees to be charged and collected by the court administrator shall be as follows:

The defendant or other adverse or intervening party, or any one or more of several defendants or other adverse or intervening parties appearing separately from the others, shall pay, when the first paper is filed for that party in said action, a fee of $30.

The party requesting a trial by jury shall pay $30.

The fees above stated shall be the full trial fee chargeable to said parties irrespective of whether trial be to the court alone, to the court and jury, or disposed of without trial, and shall include the entry of judgment in the action, but does not include copies or certified copies of any papers so filed or proceedings under sections 106A.005 to 106A.811, except the provisions therein as to appeals.

(2) Certified copy of any instrument from a civil or criminal proceeding $5, plus 25 cents per page after the first page and $3.50, plus 25 cents per page after the first page for an uncertified copy.

(3) Issuing a subpoena $3 for each name.

(4) Issuing an execution and filing the return thereof; issuing a writ of attachment, injunction, habeas corpus, mandamus, quo warranto, certiorari, or other writs not specifically mentioned, $5.

(9) For the filing of each partial, final, or annual account in all trusteeships, $10.

(10) All other services required by law for which no fee is provided such fee as compares favorably with those herein provided, or such as may be fixed by rule or order of the court.

Sec. 186. Minnesota Statutes 1988, section 357.021, subdivision 2a, is amended to read:

Subd. 2a. [CERTAIN FEE PURPOSES.] Of the marriage dissolution fee collected pursuant to subdivision 1, the court administrator shall pay ~~$35~~ *$55* to the state treasurer to be deposited in the special revenue fund to be used as follows: ~~$15~~ *$35* for the purposes of funding grant programs for emergency shelter services and support services to battered women under sections 611A.31 to 611A.36 and for administering displaced homemaker programs established under section 268.96; and $20 is appropriated to the commissioner of corrections for the purpose of funding emergency shelter services and support services to battered women, on a matching basis with local money for 20 percent of the costs and state money for 80 percent. Of

the ~~$15~~ *$35* for the purposes of funding grant programs for emergency shelter services and support services to battered women under sections 611A.31 to 611A.36 and for administering displaced homemaker programs established under section 268.96, ~~$6.75~~ *$16.75* is appropriated to the commissioner of corrections and ~~$8.25~~ *$18.25* is appropriated to the commissioner of jobs and training. If at the expiration of a five-day period, on being satisfied that there is no legal impediment to it, the court administrator shall issue the license, containing the full names of the parties before and after marriage, and county and state of residence, with the district court seal attached, and make a record of the date of issuance. The license shall be valid for a period of six months. In case of emergency or extraordinary circumstances, a judge of the county court or a judge of the district court of the county in which the application is made, may authorize the license to be issued at any time before the expiration of the five days. The court administrator shall collect from the applicant a fee of ~~$45~~ *$65* for administering

the oath, issuing, recording, and filing all papers required, and preparing and transmitting to the state registrar of vital statistics the reports of marriage required by this section. If the license should not be used within the period of six months due to illness or other extenuating circumstances, it may be surrendered to the court administrator for cancellation, and in that case a new license shall issue upon request of the parties of the original license without fee. A court administrator who knowingly issues or signs a marriage license in any manner other than as provided in this section shall pay to the parties aggrieved an amount not to exceed $1,000.

Sec. 188. Minnesota Statutes 1988, section 517.08, subdivision 1c, is amended to read:

Subd. 1c. [DISPOSITION OF LICENSE FEE.] Of the marriage license fee collected pursuant to subdivision 1b, the court administrator shall pay ~~$30~~ *$50* to the state treasurer to be deposited in the special revenue fund to be used as follows: ~~$6.75~~ *$16.75* is appropriated to the commissioner of corrections for the purposes of funding grant programs for emergency shelter services and support services to battered women under sections 611A.31 to 611A.36, and ~~$23.25~~ *$33.25* is appropriated to the commissioner of jobs and training for displaced homemaker programs under section 268.96. *Subd. 5a.* [ORDER FOR COMMUNITY SERVICES.] *If the court finds that the obligor earns $400 or less per month and does not have the ability to provide support based on the guidelines and factors under subdivision 5, the court may order the obligor to perform community services to fulfill the obligor's support obligation. In ordering community services under this subdivision, the court shall consider whether the obligor has the physical capability of performing community services, and shall order community services that are appropriate for the obligor's abilities.*

Withholding must begin no later than the first pay period that occurs after 14 days following the date of the notice. An employer or other payor of funds in this state is required to withhold income according to court orders for withholding issued by other states or territories. The payor shall withhold from the income payable to the obligor the amount specified in the order and amounts required under subdivision 2, paragraph (b) and section 518.613 and shall remit, within ten days of the date the obligor is paid the remainder of the income, the amounts withheld to the public authority. *The payor shall identify on the remittance information the date the obligor is paid the remainder of the income.* Employers may combine all amounts withheld from one pay period into one payment to each public authority, but shall separately identify each obligor making payment. Amounts received by the public authority which are in excess of public assistance expended for the party or for a child shall be remitted to the party. An employer shall not

discharge, or refuse to hire, or otherwise discipline an employee as a result of a wage or salary withholding authorized by this section. The employer or other payor of funds shall be liable to the obligee for any amounts required to be withheld.

Sec. 193. Minnesota Statutes 1988, section 518.613, subdivision 1, is amended to read:

Subdivision 1. Sec. 197. Minnesota Statutes 1988, section 518.613, is amended by adding a subdivision to read:

*Subd. 7.* [WAIVER.] *(a) The court may waive the requirements of this section if the court finds that there is no arrearage in child support or maintenance as of the date of the hearing, that it would not be contrary to the best interests of the child, and: (1) one party demonstrates and the court finds that there is good cause to waive the requirements of this section or to terminate automatic income withholding on an order previously entered under this section; or (2) all parties reach a written agreement that provides for an alternative payment arrangement and the agreement is approved by the court after a finding that the agreement is likely to result in regular and timely payments. If the court waives the requirements of this section:*

*(1) in all cases where the obligor is at least 30 days in arrears, withholding must be carried out pursuant to section 518.611;*

*(2) the obligee may at any time and without cause request the court to issue an order for automatic income withholding under this section; and*

*(3) the obligor may at any time request the public authority to begin withholding pursuant to this section, by serving upon the public authority the request and a copy of the order for child support or maintenance. The public authority shall notify the court that withholding has begun at the request of the obligor pursuant to this clause.*

*(b) For purposes of this subdivision, "parties" includes the public authority in cases when it is a party pursuant to section 518.551, subdivision 9.*

540.08 [INJURY TO CHILD OR WARD; SUIT BY PARENT OR GUARDIAN.]

A parent may maintain an action for the injury of a minor son or daughter. A general guardian may maintain an action for an injury to the ward. A guardian of a dependent, neglected, or delinquent child, appointed by a court having jurisdiction, may maintain an action for the injury of the child. If no action is brought by the father or mother, an action for the injury may be brought by a guardian ad litem, either before or after the death of the parent. Before a parent receives property as a result of the action, the parent shall file a bond as the court prescribes and approves as security therefor. In lieu of this bond, upon petition of the parent, the court may order that the property received be invested in securities issued by the United States, which shall be deposited pursuant to the order of the court, or that the property be invested in a savings account, savings certificate, or certificate of deposit, in a bank, savings and loan association, or trust company, or an annuity or other form of structured settlement, subject to the order of the court. A copy of the court's order and the evidence of the deposit shall be filed with the court administrator. *Money or assets in an account established by the court under this section are not available to the minor child or the child's parent or guardian until released by the court to the child*

Sec. 199. Minnesota Statutes 1988, section 609.378, is amended to read:

609.378 [NEGLECT *OR ENDANGERMENT* OF A CHILD.]

*Subdivision 1.* [PERSONS GUILTY OF NEGLECT OR ENDANGERMENT.] *The following people are guilty of neglect or endangerment of a child and may be sentenced to imprisonment for not more than one year or to payment of a fine of not more than $3,000, or both.*

(a) [NEGLECT.] *(1)* A parent, legal guardian, or caretaker who willfully deprives a child of necessary food, clothing, shelter, health care, or supervision appropriate to the child's age, when the parent, guardian, or caretaker is reasonably able to make the necessary provisions and ~~which~~ *the* deprivation substantially harms the child's physical or emotional health ~~or (b)~~ *is guilty of neglect of a child. If a parent, guardian, or caretaker responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, this treatment or care is "health care," for purposes of this clause.*

*(2)* A parent, legal guardian, or ~~foster parent~~ *caretaker* who knowingly permits the continuing physical or sexual abuse of a child~~,~~ is guilty of neglect of a child ~~and may be sentenced to imprisonment for not more than one year or to payment of a fine of not more than $3,000, or both~~.

*(b)* [ENDANGERMENT.] *A parent, legal guardian, or caretaker who endangers the child's person or health by intentionally causing or permitting a child to be placed in a situation likely to substantially harm the child's physical or mental health or cause the child's death is guilty of child endangerment. This paragraph does not prevent a parent, legal guardian, or caretaker from causing or permitting a child to engage in activities that are appropriate to the child's age, stage of development, and experience, or from selecting health care as defined in subdivision 1, paragraph (a).*

*Subd. 2.* [DEFENSES.] It is a defense to a prosecution under ~~clause (b)~~ *subdivision 1, paragraph (a), clause (2), or paragraph (b),* that at the time of the neglect *or endangerment* there was a reasonable apprehension in the mind of the defendant that acting to stop or prevent the neglect *or endangerment* would result in substantial bodily harm to the defendant or the child in retaliation.

~~If a parent, guardian, or caretaker responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, this treatment shall constitute "health care" as used in clause (a).~~

Sec. 200. Minnesota Statutes 1988, section 626.556, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] As used in this section, the following terms have the meanings given them unless the specific content indicates otherwise:

(a) "Sexual abuse" means the subjection by a person responsible for the child's care, or by a person in a position of authority, as defined in section 609.341, subdivision 10, to any act which constitutes a violation of section 609.342, 609.343, 609.344, or 609.345. Sexual abuse also includes any act which involves a minor which constitutes a violation of sections 609.321

to 609.324 or 617.246.

(b) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(c) "Neglect" means failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter or medical care when reasonably able to do so or failure to protect a child from conditions or actions which imminently and seriously endanger the child's physical or mental health when reasonably able to do so. Nothing in this section shall be construed to ~~(1)~~ mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child~~, or (2)~~ *in lieu of medical care; except that there is a duty to report if a lack of medical care may cause imminent and serious danger to the child's health. This section does not* impose upon persons, not otherwise legally responsible for providing a child with necessary food, clothing, shelter, or medical care, a duty to provide that care. Neglect also means "medical neglect" as defined in section 260.015, subdivision ~~10~~ *2a*, clause ~~(c)~~ *(5)*.

(d) "Physical abuse" means any physical injury inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical injury that cannot reasonably be explained by the child's history of injuries, or any aversive and deprivation procedures that have not been authorized under section 245.825.

(e) "Report" means any report received by the local welfare agency, police department, or county sheriff pursuant to this section.

(f) "Facility" means a day care facility, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed pursuant to sections 144.50 to 144.58, 241.021, or 245.781 to 245.812.

Sec. 201. Minnesota Statutes 1988, section 626.556, subdivision 10e, is amended to read:

Subd. 10e. [DETERMINATIONS.] Upon the conclusion of every assessment or investigation it conducts, the local welfare agency shall make two determinations: first, whether maltreatment has occurred; and second, whether child protective services are needed.

(a) For the purposes of this subdivision, "maltreatment" means any of the following acts or omissions committed by a person responsible for the child's care:

(1) an assault, as defined in section 609.02, subdivision 10, or any physical contact not exempted by section 609.379, where the assault or physical contact is either severe or recurring and causes either injury or significant risk of injury to the child;

(2) neglect as defined in subdivision 2, paragraph (c); or

(3) sexual abuse as defined in subdivision 2, paragraph (a).

(b) For the purposes of this subdivision, a determination that child protective services are needed means that the local welfare agency has documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individuals responsible for the child's care have not taken or are not likely to take actions to protect the child from maltreatment or risk of maltreatment.

*(c) This subdivision does not mean that maltreatment has occurred solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, in lieu of medical care. However, if lack of medical care may result in imminent and serious danger to the child's health, the local welfare agency may ensure that necessary medical services are provided to the child.*

Sec. 202. Minnesota Statutes 1988, section 626.558, is amended to read:

626.558 [MULTIDISCIPLINARY CHILD PROTECTION TEAM.]

Subd. 2a. [JUVENILE PROSTITUTION OUTREACH PROGRAM.] A multidisciplinary child protection team may assist the local welfare agency, local law enforcement agency, or an appropriate private organization in developing a program of outreach services for juveniles who are engaging in prostitution. For the purposes of this subdivision, at least one representative of a youth intervention program or, where this type of program is unavailable, one representative of a nonprofit agency serving youth in crisis, shall be appointed to and serve on the multidisciplinary child protection team in addition to the standing members of the team. These services may include counseling, medical care, short-term shelter, alternative living arrangements, and drop-in centers. The county may finance these services by means of the penalty assessment authorized by section 609.3241. A juvenile's receipt of intervention services under this subdivision may not be conditioned upon the juvenile providing any evidence or testimony.

Subd. 3. [INFORMATION SHARING.] *(a)* The local welfare agency may make available to the case consultation committee ~~of the team~~ *or subcommittee*, all records collected and maintained by the agency under section 626.556 and in connection with case consultation. ~~Any member of the~~ *A* case consultation committee *or subcommittee member* may share information acquired in the member's professional capacity with the committee *or subcommittee* to assist ~~the committee~~ in ~~its function~~ *case consultation*.

The proceedings and records of the case consultation meeting are not subject to discovery, and may not be introduced into evidence in any civil or criminal action against a professional or local welfare agency arising out of the matter or matters which are the subject of consideration of the case consultation meeting. Information, documents, or records otherwise available from original sources are not immune from discovery or use in any civil or criminal action merely because they were presented during a case consultation meeting. Any person who presented information before the consultation committee or subcommittee or who is a member shall not be prevented from testifying as to matters within the person's knowledge. However, in a civil or criminal proceeding a person shall not be questioned about the person's presentation of information before the case consultation committee or subcommittee or about opinions formed as a result of the case consultation meetings.*

The peer review program shall examine agency assessments of maltreatment reports and delivery of child protection services in at least two counties. The commissioner shall designate the local agencies to be reviewed, and shall appoint a peer review panel composed of child protection workers, as defined in section 626.559, and law enforcement personnel who are responsible for investigating reports of child maltreatment under section 626.556, subdivision 10, within the designated counties.*

(4) a project exempted from certificate of need requirements by Laws 1981, chapter 200, section 2;

*Notwithstanding any law to the contrary, when a person covered under a policy of accident and sickness insurance, risk management plan, nonprofit health service plan, health maintenance organization, or self-insured plan receives medical benefits according to any statute listed in this section, payment for covered services or notice of denial for services billed by the provider must be issued directly to the provider. If a person was receiving medical benefits through the department of human services at the time a service was provided, the provider must indicate this benefit coverage on any claim forms submitted by the provider to the insurer for those services. If the commissioner of human services notifies the insurer that the commissioner has made payments to the provider, payment for benefits or notices of denials issued by the insurer must be issued directly to the*

*commissioner. Submission by the department to the insurer of the claim on a department of human services claim form is proper notice and shall be considered proof of payment of the claim to the provider, and supersedes any contract requirements of the insurer relating to the form of submission. Sec. 2. Minnesota Statutes 1988, section 62A.046, is amended to read:

62A.046 [COORDINATION OF BENEFITS.]

(1) No group contract providing coverage for hospital and medical treatment or expenses issued or renewed after August 1, 1984, which is responsible for secondary coverage for services provided, may deny coverage or payment of the amount it owes as a secondary payor solely on the basis of the failure of another group contract, which is responsible for primary coverage, to pay for those services.

(2) A group contract which provides coverage of a claimant as a dependent of a parent who has legal responsibility for the dependent's medical care pursuant to a court order under section 518.171 must make payments directly to the provider of care. In such cases, liability to the insured is satisfied to the extent of benefit payments made to the provider.

(3) This section applies to an insurer, a vendor of risk management services regulated under section 60A.23, a nonprofit health service plan corporation regulated under chapter 62C and a health maintenance organization regulated under chapter 62D. Nothing in this section shall require a secondary payor to pay the obligations of the primary payor nor shall it prevent the secondary payor from recovering from the primary payor the amount of any obligation of the primary payor that the secondary payor elects to pay.

*(4) Payments made by an enrollee or by the commissioner on behalf of an enrollee in the children's health plan under section 256.936, or a person receiving benefits under chapter 256B or 256D, for services that are covered by the policy or plan of health insurance shall, for purposes of the deductible, be treated as if made by the insured.*

*(5) The commissioner of human services shall recover payments made by the children's health plan from the responsible insurer, for services provided by the children's health plan and covered by the policy or plan of health insurance.*

Sec. 3. [144.0723] [CLIENT REIMBURSEMENT CLASSIFICATIONS; PROCEDURES FOR RECONSIDERATION.]

*Subdivision 1.* [CLIENT REIMBURSEMENT CLASSIFICATIONS.] *The commissioner of health shall establish reimbursement classifications based upon the assessment of each client in intermediate care facilities for the mentally retarded conducted after December 31, 1988, under section 256B.501, subdivision 3g, or under rules established by the commissioner of human services under section 256B.501, subdivision 3j. The reimbursement classifications established by the commissioner must conform to the rules established by the commissioner of human services to set payment rates for intermediate care facilities for the mentally retarded beginning on or after October 1, 1990.*

*Subd. 2.* [NOTICE OF CLIENT REIMBURSEMENT CLASSIFICATION.] *The commissioner of health shall notify each client and intermediate care facility for the mentally retarded in which the client resides of the reimbursement classification established under subdivision 1. The notice must inform the client of the classification that was assigned, the opportunity to review the documentation supporting the classification, the opportunity to obtain clarification from the commissioner, and the opportunity to request a reconsideration of the classification. The notice of classification must be sent by first-class mail. The individual client notices may be sent to the client's intermediate care facility for the mentally retarded for distribution to the client. The facility must distribute the notice to the client's case manager and to the client or to the client's representative. This notice must be distributed within three working days after the facility receives the notices from the department. For the purposes of this section, "representative" includes the client's legal representative as defined in Minnesota Rules, part 9525.0015, subpart 18, the person authorized to pay the client's facility expenses, or any other individual designated by the client.*

*Subd. 3.* [REQUEST FOR RECONSIDERATION.] *The client, client's representative, or the intermediate care facility for the mentally retarded may request that the commissioner reconsider the assigned classification. The request for reconsideration must be submitted in writing to the commissioner within 30 days after the receipt of the notice of client classification. The request for reconsideration must include the name of the client, the name and address of the facility in which the client resides, the reasons for the reconsideration, the requested classification changes, and documentation supporting the requested classification. The documentation accompanying the reconsideration request is limited to documentation establishing that the needs of the client at the time of the assessment resulting in the disputed classification justify a change of classification.*

*Subd. 4.* [ACCESS TO INFORMATION.] *Upon written request, the intermediate care facility for the mentally retarded must give the client's case manager, the client, or the client's representative a copy of the assessment form and the other documentation that was given to the department to support the assessment findings. The facility shall also provide access to and a copy of other information from the client's record that has been requested by or on behalf of the client to support a client's reconsideration request. A copy of any requested material must be provided within three working days after the facility receives a written request for the information. If the facility fails to provide the material within this time, it is subject to the issuance of a correction order and penalty assessment. Notwithstanding this section, any order issued by the commissioner under this subdivision must require that the facility immediately comply with the request for information and that as of the date the order is issued, the facility shall forfeit to the state a $100 fine the first day of noncompliance, and an increase in the $100 fine by $50 increments for each day the noncompliance continues.*

*Subd. 5.* [FACILITY'S REQUEST FOR RECONSIDERATION.] *(a) In addition to the information required in subdivision 3, a reconsideration request from an intermediate care facility for the mentally retarded must contain the following information:*

*(1) the date the reimbursement classification notices were received by the facility;*

*(2) the date the classification notices were distributed to the client's case manager and to the client or to the client's representative; and*

*(3) a copy of a notice sent to the client's case manager, and to the client or client's representative that tells the client or the client's representative (i) that a reconsideration of the client's reimbursement classification is being requested; (ii) the reason for the request; (iii) that the client's rate may change if the request is approved by the department; (iv) that copies of the facility's request and supporting documentation are available for review; and (v) that the client also has the right to request a reconsideration.*

*(b) If the facility fails to provide this information with the reconsideration request, the request must be denied, and the facility may not make further reconsideration requests on that specific reimbursement classification.*

*Subd. 6.* [RECONSIDERATION.] *The commissioner's reconsideration must be made by individuals not involved in reviewing the assessment that established the disputed classification. The reconsideration must be based upon the initial assessment and upon the information provided to the commissioner under subdivisions 3 and 5. If necessary for evaluating the reconsideration request, the commissioner may conduct on-site reviews. At the commissioner's discretion, the commissioner may review the reimbursement classifications assigned to all clients in the facility. Within 15 working days after receiving the request for reconsideration, the commissioner shall affirm or modify the original client classification. The original classification must be modified if the commissioner determines that the assessment resulting in the classification did not accurately reflect the status of the client at the time of the assessment. The client and the intermediate care facility for the mentally retarded shall be notified within five working days after the decision is made. The commissioner's decision under this subdivision is the final administrative decision of the agency.*

*Subd. 7.* [AUDIT AUTHORITY.] *The department of health may audit assessments of clients in intermediate care facilities for the mentally retarded. The audits may be conducted at the facility, and the department may conduct the audits on an unannounced basis.*

*Subd. 8.* [RULEMAKING.] *The commissioner of health shall adopt rules necessary to implement these provisions.*

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983, or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

(h) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed ten percent of the appraised value of the facility or $200,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed ten percent of the appraised value of the facility or $200,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project recommended for approval by the interagency board for quality assurance under section 144A.073;

(k) to license nursing home beds in a hospital facility that are relocated from a different hospital facility under common ownership or affiliation, provided: (1) ~~the hospital in which the nursing home beds were originally located ceases to function as an acute care facility, or necessary support services for nursing homes as required for licensure under sections 144A.02 to 144A.10, such as dietary service, physical plant, housekeeping, physical therapy, occupational therapy, and administration, are no longer available from the original hospital site; and (2)~~ the nursing home beds are not certified for participation in the medical assistance program; *and (2) the relocation of nursing home beds under this clause should not exceed a radius of six miles;*

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings, from a hospital-attached nursing home to the hospital building, or from a separate nursing home to a building formerly used as a hospital, provided the original nursing home building will no longer be operated as a nursing home and the building to which the beds are moved will no longer be operated as a hospital. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation. At the time of the licensure and certification of the nursing home beds, the commissioner of health shall delicense the same number of acute care beds within the existing complex of hospital buildings or building. Relocation of nursing home beds under this clause is subject to the limitations in section 144A.073, subdivision 5;

(m) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds;

(n) to license new nursing home beds in a continuing care retirement community affiliated with a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its residents from outside the state for the purpose of meeting contractual obligations to residents of the retirement community, provided the facility makes a written commitment to the commissioner of human services that it will not seek medical assistance certification for the new beds;

(o) to certify or license new beds in a new facility on the Red Lake Indian reservation for which payments will be made under the Indian Health Care Improvement Act, Public Law Number 94-437, at the rates specified in United States Code, title 42, section 1396d(b);

If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase in the future. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements; ~~or~~

(q) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the

city of Saint Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this clause; *or*

*(r) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or $200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The commissioner may, in the aggregate, prospectively reduce payment rates to avoid reduced federal financial participation resulting from rates that are in excess of the medicare limitations.*

Sec. 37. [256.9686] [DEFINITIONS.]

*Subdivision 1.* [SCOPE.] *For purposes of this section and sections 256.9685, 256.969, and 256.9695, the following terms and phrases have the meanings given.*

Subdivision 1. [~~ANNUAL~~ *HOSPITAL* COST INDEX.] ~~The commissioner of human services shall develop a prospective payment system for inpatient hospital service under the medical assistance and general assistance medical care programs. Rates established for licensed hospitals for rate years beginning during the fiscal biennium ending June 30, 1987, shall not exceed an annual hospital cost index for the final rate allowed to the hospital for the preceding year not to exceed five percent in any event.~~ The ~~annual~~ hospital cost index shall be obtained from an independent source ~~representing~~ *and shall represent* a ~~statewide~~ *weighted* average of ~~inflation~~ *historical and projected cost change* estimates determined for expense categories to include *wages and* salaries, employee benefits, medical *and professional* fees, raw food, ~~medical supplies, pharmaceuticals,~~ utilities, ~~repairs and maintenance,~~ insurance ~~other than~~ *including* malpractice insurance, and other applicable expenses as determined by the commissioner. Individual indices shall be specific to Minnesota if the commissioner determines that sufficient accuracy of the hospital cost index is achieved. The hospital cost index shall be used to adjust the base year operating payment rate through the rate year on an annually compounded basis.*

Subd. 2. [~~RATES FOR INPATIENT HOSPITALS~~ *DIAGNOSTIC CATEGORIES.*] ~~On July 1, 1984,~~ The commissioner shall ~~begin to utilize~~ *use* to the extent possible existing *diagnostic* classification systems, including *the system used by the* Medicare *program to determine the relative values of inpatient services and case mix indices.* ~~The commissioner may incorporate the grouping of hospitals with similar characteristics for uniform rates upon the development and implementation of the diagnostic classification system. Prior to implementation of the diagnostic classification system, the commissioner shall report the proposed grouping of hospitals to the senate health and human services committee and the house health and welfare committee.~~ *The commissioner may combine diagnostic classifications into diagnostic categories and may establish separate categories and numbers of categories based on program eligibility or hospital peer group. Relative values shall be recalculated when the base year is changed and shall not be determined on a hospital specific basis. Relative value determinations shall include paid claims for admissions during each hospital's base year. The commissioner may extend the time period forward to obtain sufficiently valid information to establish relative values. Relative*

*value determinations shall not include property cost data, Medicare crossover data, and data from the transferring hospital on transfer discharges, except data on transfer discharges with a burn diagnostic classification or data on transfer discharges for the patient's convenience that have been reported by the hospital to the commissioner by the October 1 preceding the rate year.* The computation of the base year cost per admission ~~and the computation of the relative values of the diagnostic categories~~ must include identified outlier cases and their weighted costs up to the point that they become outlier cases, but must exclude costs ~~and days~~ *recognized in outlier payments* beyond that point. ~~Claims paid for care provided on or after August 1, 1985, shall be adjusted to reflect a recomputation of rates, unless disapproved by the federal Health Care Financing Administration. The state shall pay the state share of the adjustment for care provided on or after August 1, 1985, up to and including June 30, 1987, whether or not the adjustment is approved by the federal Health Care Financing Administration.~~ The commissioner may ~~reconstitute~~ *recategorize* the diagnostic ~~categories~~ *classifications and recalculate relative values and case mix indices* to reflect actual hospital practices, the specific character of specialty hospitals, or to reduce variances within the diagnostic categories after notice in the State Register and a 30-day comment period. ~~After May 1, 1986, acute care hospital billings under the medical assistance and general assistance medical care programs must not be submitted until the recipient is discharged. However, the commissioner shall establish monthly interim payments with inpatient hospitals that have individual patient lengths of stay in excess of 30 days regardless of diagnosis-related group. For purposes of establishing interim rates, the commissioner is exempt from the requirements of chapter 14. Medical assistance and general assistance medical care reimbursement for treatment of mental illness shall be reimbursed based upon diagnosis classifications. The commissioner may selectively contract with hospitals for services within the diagnostic classifications relating to mental illness and chemical dependency under competitive bidding when reasonable geographic access by recipients can be assured. No physician shall be denied the privilege of treating a recipient required to utilize a hospital under contract with the commissioner, as long as the physician meets credentialing standards of the individual hospital. Effective July 1, 1988, the commissioner shall limit the annual increase in pass-through cost payments for depreciation, rents and leases, and interest expense to the annual growth in the hospital cost index described in subdivision 1. When computing budgeted pass-through cost payments, the commissioner shall use the annual increase in the hospital cost index forecasted by Data Resources, Inc. consistent with the quarter of the hospital's fiscal year end. In final settlement of pass-through cost payments, the commissioner shall use the hospital cost index for the month in which the hospital's fiscal year ends compared to the same month one year earlier.~~

~~Subd. 2a. [AUDIT ADJUSTMENTS TO INPATIENT HOSPITAL RATES.] Inpatient hospital rates established under subdivision 2 using 1981 historical medicare cost report data may be adjusted based on the findings of audits of hospital billings and patient records performed by the commissioner that identify billings for services that were not delivered or never ordered. The audit findings may be based on a statistically valid sample of billings of the hospital. After the audits are complete, the commissioner shall adjust rates paid in subsequent years to reflect the audit findings and recover payments in excess of the adjusted rates or reimburse hospitals when audit findings indicate that underpayments were made to~~

~~the hospital.~~

*Subd. 2b.* [OPERATING PAYMENT RATES.] *In determining operating payment rates for admissions occurring on or after the rate year beginning January 1, 1991, and every two years after, or more frequently as determined by the commissioner, the commissioner shall obtain operating data from an updated base year and establish operating payment rates per admission for each hospital based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year. The base year operating payment rate per admission is standardized by the case mix index and adjusted by the hospital cost index, relative values, and disproportionate population adjustment. The cost and charge data used to establish operating rates shall only reflect inpatient services covered by medical assistance and shall not include property cost information and costs recognized in outlier payments.*

*Subd. 2c.* [PROPERTY PAYMENT RATES.] *For each hospital's first two consecutive fiscal years beginning on or after July 1, 1988, the commissioner shall limit the annual increase in property payment rates for depreciation, rents and leases, and interest expense to the annual growth in the hospital cost index derived from the methodology in effect on the day before the effective date of this section. When computing budgeted and settlement property payment rates, the commissioner shall use the annual increase in the hospital cost index forecasted by Data Resources, Inc., consistent with the quarter of the hospital's fiscal year end. For admissions occurring on or after January 1, 1991, the commissioner shall obtain property data from an updated base year and establish property payment rates per admission for each hospital. Property payment rates shall be derived from data from the same base year that is used to establish operating payment rates. The property information shall include cost categories not subject to the hospital cost index and shall reflect the cost-finding methods and allowable costs of the Medicare program in effect during the base year.*

*The property payment rate per admission shall be adjusted for positive percentage change differences in the net book value of hospital property and equipment by increasing the property payment rate per admission 85 percent of the percentage change from the base year through the most recent year ending prior to the rate year for which required information is available. The percentage change shall be derived from equivalent audited information in both years and shall be adjusted to account for changes in generally accepted accounting principles, reclassification of assets, allocations to non-hospital areas, and fiscal years. The cost, audit, and charge data used to establish property rates shall only reflect inpatient services covered by medical assistance and shall not include operating cost information. To be eligible for the property payment rate per admission adjustment, the hospital must provide the necessary information to the commissioner, in a format specified by the commissioner, by the October 1 preceding the rate year. The commissioner shall adjust rates for the rate year beginning January 1, 1991, to ensure that all hospitals are subject to the hospital cost index limitation for two complete years.*

~~Subd. 3. [SPECIAL CONSIDERATIONS.] (a) In determining the rate the commissioner of human services will take into consideration whether the following circumstances exist:~~

~~(1) minimal medical assistance and general assistance medical care~~

~~utilization;~~

~~(2) unusual length of stay experience; and~~

~~(3) disproportionate numbers of low-income patients served.~~

~~(b) To the extent of available appropriations, the commissioner shall provide supplemental grants directly to a hospital described in section 256B.031, subdivision 10, paragraph (a), that receives medical assistance payments through a county-managed health plan that serves only residents of the county. The payments must be designed to compensate for actuarially demonstrated higher health care costs within the county, for the population served by the plan, that are not reflected in the plan's rates under section 256B.031, subdivision 4.~~

~~(c) The computation of each hospital's payment rate and the relative values of the diagnostic categories are not subject to the routine service cost limitation imposed under the Medicare program.~~

~~(d) Indian health service facilities are exempt from the rate establishment methods required by this section and section 256D.03, subdivision 4, and shall be reimbursed at the facility's usual and customary charges to the general public.~~

~~(e) Out-of-state hospitals that are located within a Minnesota local trade area shall have rates established using the same procedures and methods that apply to Minnesota hospitals. Hospitals that are not required by law to file information in a format necessary to establish rates shall have rates established based on the commissioner's estimates of the information. Relative values of the diagnostic categories shall not be redetermined under this paragraph until required by rule and hospitals affected by this paragraph shall then be included in determining relative values. However, hospitals that have rates established based upon the commissioner's estimates of information shall not be included in determining relative values. This paragraph is effective for hospital fiscal years beginning on or after July 1, 1988. A hospital shall provide the information necessary to establish rates under this paragraph at least 90 days before the start of the hospital's fiscal year.~~

~~(f) Hospitals that are not located within Minnesota or a Minnesota local trade area shall have rates established as provided in paragraph (e) or, at the commissioner's discretion, at an amount negotiated by the commissioner. Relative values shall not be affected by negotiated rates.~~

~~(g) For inpatient hospital originally paid admissions, excluding Medicare cross-overs, provided from July 1, 1988, through June 30, 1989, hospitals with 100 or fewer medical assistance annualized paid admissions, excluding Medicare cross-overs, that were paid by March 1, 1988, for admissions paid during the period January 1, 1987, to June 30, 1987, shall have medical assistance inpatient payments increased 30 percent. Hospitals with more than 100 but fewer than 250 medical assistance annualized paid admissions, excluding Medicare cross-overs, that were paid by March 1, 1988, for admissions paid during the period January 1, 1987, to June 30, 1987, shall have medical assistance inpatient payments increased 20 percent for inpatient hospital originally paid admissions, excluding Medicare cross-overs, provided from July 1, 1988, through June 30, 1989. This provision applies only to hospitals that have 100 or fewer licensed beds on March 1, 1988.~~

*Subd. 3a.* [PAYMENTS.] *Acute care hospital billings under the medical assistance program must not be submitted until the recipient is discharged. However, the commissioner shall establish monthly interim payments for inpatient hospitals that have individual patient lengths of stay over 30 days regardless of diagnostic category. To establish interim rates, the commissioner is exempt from the requirements of chapter 14. Medical assistance reimbursement for treatment of mental illness shall be reimbursed based on diagnostic classifications. The commissioner may selectively contract with hospitals for services within the diagnostic categories relating to mental illness and chemical dependency under competitive bidding when reasonable geographic access by recipients can be assured. No physician shall be denied the privilege of treating a recipient required to use a hospital under contract with the commissioner, as long as the physician meets credentialing standards of the individual hospital. Individual hospital payments established under this section and sections 256.9685, 256.9686, and 256.9695, in addition to third party liability, for admissions occurring during the rate year shall not exceed, in aggregate, the charges for the medical assistance covered inpatient services paid for the same period of time to the hospital. This payment limitation is not applicable and shall not be calculated to include general assistance medical care services. Services that have rates established under subdivision 6a, paragraph (a), clause (5) or (6), must be limited separately from other services. After consulting with the affected hospitals, the commissioner may consider related hospitals one entity and may merge the payment rates while maintaining separate provider numbers. The operating and property base rates per admission or per day shall be derived from the best Medicare and claims data available when rates are established. The commissioner shall determine the best Medicare and claims data, taking into consideration variables of recency of the data, audit disposition, settlement status, and the ability to set rates in a timely manner. The commissioner shall notify hospitals of payment rates by December 1 of the year preceding the rate year. The rate setting data must reflect the admissions data used to establish relative values. Base year changes from 1981 to the base year established for the rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited to the limits ending June 30, 1987, on the maximum rate of increase under subdivision 1. The commissioner may adjust base year cost, relative value, and case mix index data to exclude the costs of services that have been discontinued by the October 1 of the year preceding the rate year or that are paid separately from inpatient services. Inpatient stays that encompass portions of two or more rate years shall have payments established based on payment rates in effect at the time of admission unless the date of admission preceded the rate year in effect by six months or more. In this case, operating payment rates for services rendered during the rate year in effect and established based on the date of admission shall be adjusted to the rate year in effect by the hospital cost index.*

~~Subd. 4. [APPEALS BOARD.] An appeals board shall be established for purposes of hearing reports for changes in the rate per admission. The appeals board shall consist of two public representatives, two representatives of the hospital industry, and one representative of the business or consumer community. The appeals board shall advise the commissioner on adjustments to hospital rates under this section.~~

*Subd. 4a.* [REPORTS.] *If, under this section or section 256.9685, 256.9686, or 256.9695, a hospital is required to report information to the commissioner by a specified date, the hospital must report the information on*

*time. If the hospital does not report the information on time, the commissioner may determine the information that will be used and may disregard the information that is reported late. If the Medicare program does not require or does not audit information that is needed to establish medical assistance rates, the commissioner may, after consulting the affected hospitals, require reports to be provided, in a format specified by the commissioner, that are based on allowable costs and cost-finding methods of the Medicare program in effect during the base year. The commissioner may require any information that is necessary to implement this section and sections 256.9685, 256.9686, and 256.9695 to be provided by a hospital within a reasonable time period.*

~~Subd. 5. [APPEAL RIGHTS.] Nothing in this section supersedes the contested case provisions of chapter 14, the administrative procedure act.~~

*Subd. 5a.* [AUDITS AND ADJUSTMENTS.] *Inpatient hospital rates and payments must be established under this section and sections 256.9685, 256.9686, and 256.9695. The commissioner may adjust rates and payments based on the findings of audits of payments to hospitals, hospital billings, costs, statistical information, charges, or patient records performed by the commissioner or the Medicare program that identify billings, costs, statistical information, or charges for services that were not delivered, never ordered, in excess of limits, not covered by the medical assistance program, paid separately from rates established under this section and sections 256.9685, 256.9686, and 256.9695, or for charges that are not consistent with other payor billings. Charges to the medical assistance program must be less than or equal to charges to the general public. Charges to the medical assistance program must not exceed the lowest charge to any other payor. The audit findings may be based on a statistically valid sample of hospital information that is needed to complete the audit. If the information the commissioner uses to establish rates or payments is not audited by the Medicare program, the commissioner may require an audit using Medicare principles and may adjust rates and payments to reflect any subsequent audit.*

~~Subd. 6. [RULES.] The commissioner of human services shall promulgate emergency and permanent rules to implement a system of prospective payment for inpatient hospital services pursuant to chapter 14, the administrative procedure act. Notwithstanding section 14.53, emergency rule authority authorized by Laws 1983, chapter 312, article 5, section 9, subdivision 6, shall extend to August 1, 1985.~~

*Subd. 6a.* [SPECIAL CONSIDERATIONS.] *(a) In determining the payment rates, the commissioner shall consider whether the following circumstances exist:*

*(1)* [MINIMAL MEDICAL ASSISTANCE USE.] *Minnesota hospitals with 30 or fewer annualized admissions of Minnesota medical assistance recipients in the base year, excluding Medicare crossover admissions, may have the base year operating rates, as adjusted by the case mix index, and property payment rates established at the 70th percentile of hospitals in the peer group in effect during the base year as established by the Minnesota department of health for use by the rate review program. Rates within a peer group shall be adjusted for differences in fiscal years and outlier percentage payments before establishing the 70th percentile. The operating payment rate portion of the 70th percentile shall be adjusted by the hospital cost index. To have rates established under this paragraph,*

*the hospital must notify the commissioner in writing by November 1 of the year preceding the rate year. This paragraph shall be applied to all payment rates of the affected hospital.*

*(2)* [UNUSUAL COST OR LENGTH OF STAY EXPERIENCE.] *The commissioner shall establish day and cost outlier thresholds for each diagnostic category established under subdivision 2 at two standard deviations beyond the geometric mean length of stay or allowable cost. Payment for the days and cost beyond the outlier threshold shall be in addition to the operating and property payment rates per admission established under subdivisions 2, 2b and 2c. Payment for outliers shall be at 70 percent of the allowable operating cost calculated by dividing the operating payment rate per admission, after adjustment by the case mix index, hospital cost index, relative values and the disproportionate population adjustment, by the arithmetic mean length of stay for the diagnostic category. The outlier threshold for neonatal and burn diagnostic categories shall be established at one standard deviation beyond the geometric mean length of stay or allowable cost, and payment shall be at 90 percent of allowable operating cost calculated in the same manner as other outliers. A hospital may choose an alternative percentage outlier payment to a minimum of 60 percent and a maximum of 80 percent if the commissioner is notified in writing of the request by October 1 of the year preceding the rate year. The chosen percentage applies to all diagnostic categories except burns and neonates. The percentage of allowable cost that is unrecognized by the outlier payment shall be added back to the base year operating payment rate per admission. Cost outliers shall be calculated using hospital specific allowable cost data. If a stay is both a day and a cost outlier, outlier payments shall be based on the higher outlier payment.*

*(3)* [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] *For admissions occurring on or after July 1, 1989, the medical assistance disproportionate population adjustment shall comply with federal law at fully implemented rates. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For admissions occurring on or after January 1, 1991, the disproportionate population adjustment shall be derived from base year Medicare cost report data and may be adjusted by data reflecting actual claims paid by the department.*

*(4)* [SEPARATE BILLING BY CERTIFIED REGISTERED NURSE ANESTHETISTS.] *Hospitals may exclude certified registered nurse anesthetist costs from the operating payment rate as allowed by section 256B.0625, subdivision 11. To be eligible, a hospital must notify the commissioner in writing by October 1 of the year preceding the rate year of the request to exclude certified registered nurse anesthetist costs. The hospital must agree that all hospital claims for the cost and charges of certified registered nurse anesthetist services will not be included as part of the rates for inpatient services provided during the rate year. In this case, the operating payment rate shall be adjusted to exclude the cost of certified registered nurse anesthetist services. Payments made through separate claims for certified registered nurse anesthetist services shall not be paid directly through the hospital provider number or indirectly by the certified registered nurse anesthetist to the hospital or related organizations.*

*(5)* [SPECIAL RATES.] *The commissioner may establish special rate-setting methodologies, including a per day operating and property payment system, for hospice, ventilator dependent, and other services on a hospital*

*and recipient specific basis taking into consideration such variables as federal designation, program size, and admission from a medical assistance waiver or home care program. The data and rate calculation method shall conform to the requirements of paragraph (7), except that hospice rates shall not exceed the amount allowed under federal law and payment shall be secondary to any other medical assistance hospice program. Rates and payments established under this paragraph must meet the requirements of section 256.9685, subdivisions 1 and 2, and must not exceed payments that would otherwise be made to a hospital in total for rate year admissions under subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The cost and charges used to establish rates shall only reflect inpatient medical assistance covered services. Hospital and claims data that are used to establish rates under this paragraph shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5, and 6.*

*(6)* [REHABILITATION DISTINCT PARTS.] *Units of hospitals that are recognized as rehabilitation distinct parts by the Medicare program shall have separate provider numbers under the medical assistance program for rate establishment and billing purposes only. These units shall also have operating and property payment rates and the disproportionate population adjustment established separately from other inpatient hospital services, based on the methods of subdivisions 2, 2b, 2c, 3, 4, 5, and 6. The commissioner may establish separate relative values under subdivision 2 for rehabilitation hospitals and distinct parts as defined by the Medicare program. For individual hospitals that did not have separate medical assistance rehabilitation provider numbers or rehabilitation distinct parts in the base year, hospitals shall provide the information needed to separate rehabilitation distinct part cost and claims data from other inpatient service data.*

*(7)* [NEONATAL TRANSFERS.] *For admissions occurring on or after July 1, 1989, neonatal diagnostic category transfers shall have operating and property payment rates established at receiving hospitals which have neonatal intensive care units on a per day payment system that is based on the cost finding methods and allowable costs of the Medicare program during the base year. Other neonatal diagnostic category transfers shall have rates established according to paragraph (8). The rate per day for the neonatal service setting within the hospital shall be determined by dividing base year neonatal allowable costs by neonatal patient days. The operating payment rate portion of the rate shall be adjusted by the hospital cost index and the disproportionate population adjustment. The cost and charges used to establish rates shall only reflect inpatient services covered by medical assistance. Hospital and claims data used to establish rates under this paragraph shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, 3, 4, 5, and 6.*

*(8)* [TRANSFERS.] *Except as provided in paragraphs (5) and (7), operating and property payment rates for admissions that result in transfers and transfers shall be established on a per day payment system. The per day payment rate shall be the sum of the adjusted operating and property payment rates determined in subdivisions 2b and 2c, divided by the arithmetic mean length of stay for the diagnostic category. Each admission that results in a transfer and each transfer is considered a separate admission to each hospital, and the total of the admission and transfer payments to each hospital must not exceed the total per admission payment that would otherwise be made to each hospital under paragraph (2) and subdivisions*

*2b and 2c.*

*(b) The computation of each hospital's payment rate and the relative values of the diagnostic categories are not subject to the routine service cost limitation imposed under the Medicare program.*

*(c) Indian health service facilities are exempt from the rate establishment methods required by this section and shall be reimbursed at the facility's usual and customary charges to the general public. This exemption is not effective for payments under general assistance medical care.*

*(d) Except as provided in paragraph (a), clauses (1) and (3), out-of-state hospitals that are located within a Minnesota local trade area shall have rates established using the same procedures and methods that apply to Minnesota hospitals. Hospitals that are not required by law to file information in a format necessary to establish rates shall have rates established based on the commissioner's estimates of the information. Relative values of the diagnostic categories shall not be redetermined under this paragraph until required by rule. Hospitals affected by this paragraph shall then be included in determining relative values. However, hospitals that have rates established based upon the commissioner's estimates of information shall not be included in determining relative values. This paragraph is effective for hospital fiscal years beginning on or after July 1, 1988. A hospital shall provide the information necessary to establish rates under this paragraph at least 90 days before the start of the hospital's fiscal year.*

*(e) Hospitals that are not located within Minnesota or a Minnesota local trade area shall have operating and property rates established at the average of statewide and local trade area rates or, at the commissioner's discretion, at an amount negotiated by the commissioner. Relative values shall not include data from hospitals that have rates established under this paragraph. Payments, including third party liability, established under this paragraph may not exceed the charges on a claim specific basis for inpatient services that are covered by medical assistance.*

*(f) Medical assistance inpatient payment rates must include the cost incurred by hospitals to pay the department of health for metabolic disorder testing of newborns who are medical assistance recipients, if the cost is not recognized by another payment source.*

*(g) Medical assistance inpatient payments shall increase 20 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had 100 or fewer Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988 for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.*

*(h) Medical assistance inpatient payments shall increase 15 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had more than 100 but fewer than 250 Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988 for the period January 1, 1987, to June*

*30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.*

Sec. 39. [256.9695] [APPEALS OF RATES; PROHIBITED PRACTICES FOR HOSPITALS; TRANSITION RATES.]

*Subdivision 1.* [APPEALS.] *A hospital may appeal a decision arising from the application of standards or methods under section 256.9685, 256.9686, or 256.969, if an appeal would result in a change to the hospital's payment rate or payments. Both overpayments and underpayments that result from the submission of appeals shall be implemented. Regardless of any appeal outcome, relative values shall not be recalculated. The appeal shall be heard by an administrative law judge according to sections 14.48 to 14.56, or upon agreement by both parties, according to a modified appeals procedure established by the commissioner and the office of administrative hearings. In any proceeding under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner's determination is incorrect or not according to law.*

*(a) To appeal a payment rate or payment determination or a determination made from base year information, the hospital shall file a written appeal request to the commissioner within 60 days of the date the payment rate determination was mailed. The appeal request shall specify: (i) the disputed items; (ii) the authority in federal or state statute or rule upon which the hospital relies for each disputed item; and (iii) the name and address of the person to contact regarding the appeal. A change to a payment rate or payments that results from a successful appeal to the Medicare program of the base year information establishing rates for the rate year beginning in 1991 and after is a prospective adjustment to subsequent rate years. After December 31, 1990, payment rates shall not be adjusted for appeals of base year information that affect years prior to the rate year beginning January 1, 1991. Facts to be considered in any appeal of base year information are limited to those in existence at the time the payment rates of the first rate year were established from the base year information. In the case of Medicare settled appeals, the 60-day appeal period shall begin on the mailing date of the notice by the Medicare program or the date the medical assistance payment rate determination notice is mailed, whichever is later.*

*(b) To appeal a payment rate or payment change that results from a difference in case mix between the base year and a rate year, the procedures and requirements of paragraph (a) apply. However, the appeal must be filed with the commissioner within 60 days after the end of a rate year. A case mix appeal must apply to the cost of services to all medical assistance patients that received inpatient services from the hospital during the rate year appealed. For this paragraph, hospital means a facility holding the provider number as an inpatient service facility.*

*Subd. 2.* [PROHIBITED PRACTICES.] *(a) Hospitals that have a provider agreement with the department may not limit medical assistance admissions to percentages of certified capacity or to quotas unless patients from all payors are limited in the same manner. This requirement does not apply to certified capacity that is unavailable due to contracts with payors for specific occupancy levels.*

*(b) Hospitals may not transfer medical assistance patients to or cause medical assistance patients to be admitted to other hospitals without the explicit consent of the receiving hospital when service needs of the patient are available and within the scope of the transferring hospital. The transferring hospital is liable to the receiving hospital for patient charges and ambulance services without regard to medical assistance payments plus the receiving hospital's reasonable attorney fees if found in violation of this prohibition.*

*Subd. 3.* [TRANSITION.] *Except as provided in section 256.969, subdivision 6a, paragraph (a), clause (3), the commissioner shall establish a transition period for the calculation of payment rates from the effective date of this section to December 31, 1990, as follows:*

*(a) Changes resulting from section 256.969, subdivision 6a, paragraph (a), clauses (1), (2), (4), (5), (6), and (8), shall not be implemented.*

*(b) Rates established for hospital fiscal years beginning on or after July 1, 1989, shall not be adjusted for the one percent technology factor included in the hospital cost index.*

*(c) Operating payment rates shall be indexed from the hospital's most recent fiscal year ending prior to January 1, 1991, by prorating the hospital cost index methodology in effect on January 1, 1989. Payments made for admissions occurring after July 1, 1990, shall not include the one percent technology factor.*

*(d) Property and pass-through payment rates shall be maintained at the most recent payment rate effective for June 1, 1990. However, all hospitals are subject to the hospital cost index limitation of subdivision 2c, for two complete fiscal years. Property and pass-through costs shall be retroactively settled through December 31, 1990. The laws in effect on the day before the effective date of this section apply to the retroactive settlement from the effective date of this section to December 31, 1990.*

*Subd. 4.* [STUDY.] *The commissioner shall contract for an evaluation of the inpatient and outpatient hospital payment systems. The study shall include recommendations concerning:*

*(1) more effective methods of assigning operating and property payment rates to specific services or diagnoses;*

*(2) effective methods of cost control and containment;*

*(3) fiscal impacts of alternative payment systems;*

*(4) the relationships of the use of and payment for inpatient and outpatient hospital services;*

*(5) methods to relate reimbursement levels to the efficient provision of services; and*

*(6) methods to adjust reimbursement levels to reflect cost differences between geographic areas.*

*The commissioner shall report the findings to the legislature by January 15, 1991, along with recommendations for implementation.*

*Subd. 5.* [RULES.] *The commissioner of human services shall adopt permanent rules to implement this section and sections 256.9685, 256.9686, and 256.969 under chapter 14, the administrative procedure act.*

Sec. 40. Minnesota Statutes 1988, section 256B.031, subdivision 5, is amended to read:

Subd. 5. [FREE CHOICE LIMITED.] (a) The commissioner may require recipients of aid to families with dependent children to enroll in a prepaid health plan and receive services from or through the prepaid health plan, with the following exceptions:

(1) recipients who are refugees and whose health services are reimbursed 100 percent by the federal government ~~for the first 24 months after entry into the United States~~; and

(2) recipients who are placed in a foster home or facility. If placement occurs before the seventh day prior to the end of any month, the recipient will be disenrolled from the recipient's prepaid health plan effective the first day of the following month. If placement occurs after the seventh day before the end of any month, that recipient will be disenrolled from the prepaid health plan on the first day of the second month following placement. The prepaid health plan must provide all services set forth in subdivision 2 during the interim period.

Enrollment in a prepaid health plan is mandatory only when recipients have a choice of at least two prepaid health plans.

(b) Recipients who become eligible on or after December 1, 1987, must choose a health plan within 30 days of the date eligibility is determined. At the time of application, the local agency shall ask the recipient whether the recipient has a primary health care provider. If the recipient has not chosen a health plan within 30 days but has provided the local agency with the name of a primary health care provider, the local agency shall determine whether the provider participates in a prepaid health plan available to the recipient and, if so, the local agency shall select that plan on the recipient's behalf. If the recipient has not provided the name of a primary health care provider who participates in an available prepaid health plan, commissioner shall randomly assign the recipient to a health plan.

(c) If possible, the local agency shall ask whether the recipient has a primary health care provider and the procedures under paragraph (b) shall apply. If a recipient does not choose a prepaid health plan by this date, the commissioner shall randomly assign the recipient to a health plan.

(d) The commissioner shall request a waiver from the federal Health Care Financing Administration to limit a recipient's ability to change health plans to once every six or 12 months. If such a waiver is obtained, each recipient must be enrolled in the health plan for a minimum of six or 12 months. A recipient may change health plans once within the first 60 days after initial enrollment.

(e) Women who are receiving medical assistance due to pregnancy and later become eligible for aid to families with dependent children are not required to choose a prepaid health plan until 60 days postpartum. An infant born as a result of that pregnancy must be enrolled in a prepaid health plan at the same time as the mother.

(f) If third-party coverage is available to a recipient through enrollment in a prepaid health plan through employment, through coverage by the former spouse, or if a duty of support has been imposed by law, order, decree, or judgment of a court under section 518.551, the obligee or recipient shall participate in the prepaid health plan in which the obligee has

enrolled provided that the commissioner has contracted with the plan.

Sec. 41. Minnesota Statutes 1988, section 256B.04, subdivision 14, is amended to read:

Subd. 14. [COMPETITIVE BIDDING.] *When determined to be effective, economical, and feasible,* the commissioner ~~shall~~ *may* utilize volume purchase through competitive bidding *and negotiation* under the provisions of chapter ~~16~~ *16B*, to provide ~~the following~~ items *under the medical assistance program including but not limited to the following*:

(1) eyeglasses;

(2) oxygen. The commissioner shall provide for oxygen needed in an emergency situation on a short-term basis, until the vendor can obtain the necessary supply from the contract dealer;

(3) hearing aids and supplies; and

(4) durable medical equipment, including but not limited to:

(a) hospital beds;

(b) commodes;

(c) glide-about chairs;

(d) patient lift apparatus;

(e) wheelchairs and accessories;

(f) oxygen administration equipment;

However, in the case of families and children ~~who meet the categorical eligibility requirements for aid to families with dependent children~~, the methodology for calculating assets shall be as specified in section 256.73, subdivision 2, except that the exclusion for an automobile shall be as in subdivision 3, clause (g), as long as acceptable to the health care financing administration, and the methodology for calculating deductions from earnings for child care and work expenses shall be as specified in section 256.74, subdivision 1.

Sec. 45. Minnesota Statutes 1988, section 256B.056, subdivision 3, is amended to read:

Sec. 46. Minnesota Statutes 1988, section 256B.056, subdivision 4, is amended to read:

Subd. 4. [INCOME.] To be eligible for medical assistance, a person must not have, or anticipate receiving, semiannual income in excess of ~~115~~ *120* percent of the income standards by family size used in the aid to families with dependent children program, except that families and children may have an income up to 133-1/3 percent of the AFDC income standard. Notwithstanding any laws or rules to the contrary, in computing income to determine eligibility of persons who are not residents of long-term care facilities, the commissioner shall disregard increases in income as required by Public Law Numbers 94-566, section 503; 99-272; and 99-509.

Sec. 47. Minnesota Statutes 1988, section 256B.056, subdivision 5, is amended to read:

Subd. 5. [EXCESS INCOME.] A person who has excess income is eligible for medical assistance if the person has expenses for medical care that are more than the amount of the person's excess income, computed by deducting incurred medical expenses from the excess income to reduce the excess to the income standard specified in subdivision 4. The person shall elect to have the medical expenses deducted ~~monthly~~ *at the beginning of a one-month budget period* or at the beginning of ~~the~~ *a six-month* budget period~~; or who is a pregnant woman or infant up to one year of age who meets the requirements of section 256B.055, subdivisions 1 to 9, except that her anticipated income is in excess of the income standards by family size used in the aid to families with dependent children program, but is equal to or less than 185 percent of the federal poverty guideline for the same family size. Eligibility for a pregnant woman or infant up to one year of age with respect to this clause shall be without regard to the asset standards specified in subdivisions 2 and 4. For persons who reside in~~

~~licensed nursing homes, regional treatment centers, or medical institutions, the income over and above that required in section 256B.35 for personal needs allowance is to be applied to the cost of institutional care. In addition, income may be retained by an institutionalized person (a) to support dependents in the amount that, together with the income of the spouse and child under age 18, would provide net income equal to the medical assistance standard for the family size of the dependents excluding the person residing in the facility; or (b) for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if the person was not living together with a spouse or child under age 21 at the time the person entered a long-term care facility, if the person has expenses of maintaining a residence in the community, and if a physician certifies that the person is expected to reside in the long-term care facility on a short-term basis. For purposes of this section, persons are determined to be residing in licensed nursing homes, regional treatment centers, or medical institutions if the persons are expected to remain for a period expected to last longer than three months. The commissioner of human services may establish a schedule of contributions to be made by the spouse of a nursing home resident to the cost of care.~~ *The commissioner shall seek applicable waivers from the Secretary of Health and Human Services to allow persons eligible for assistance on a spend-down basis under this subdivision to elect to pay the monthly spend-down amount to the local agency in order to maintain eligibility on a continuous basis for medical assistance and to simplify payment to health care providers. If the local agency has not received payment of the spend-down amount by the 15th day of the month, the recipient is ineligible for this option for the following month. The commissioner may seek a waiver of the requirement of the Social Security Act that all requirements be uniform statewide, to phase in this option over a six-month period.*

Sec. 48. [256B.057] [ELIGIBILITY; INCOME AND ASSET LIMITATIONS FOR SPECIAL CATEGORIES.]

*Subdivision 1.* [PREGNANT WOMEN AND INFANTS.] *An infant less than one year of age or a pregnant woman, as certified in writing by a physician or nurse midwife, is eligible for medical assistance if countable family income is equal to or less than 185 percent of the federal poverty guideline for the same family size. Eligibility for a pregnant woman or infant less than one year of age under this subdivision must be determined without regard to asset standards established in section 256B.056, subdivision 3. Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the changes.*

*Subd. 2.* [CHILDREN.] *A child one through seven years of age in a family whose countable income is less than 100 percent of the federal poverty guidelines for the same family size is eligible for medical assistance. Eligibility for children under this subdivision must be determined without regard to asset standards established in section 256B.056, subdivision 3. Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the changes.*

*Subd. 3.* [QUALIFIED MEDICARE BENEFICIARIES.] *A person who is entitled to Part A Medicare benefits, whose income is equal to or less than 85 percent of the federal poverty guidelines, and whose assets are no*

*more than twice the asset limit used to determine eligibility for the supplemental security income program, is eligible for medical assistance reimbursement of Part A and Part B premiums, Part A and Part B coinsurance and deductibles, and cost-effective premiums for enrollment with a health maintenance organization or a competitive medical plan under section 1876 of the Social Security Act. The income limit shall be increased to 90 percent of the federal poverty guidelines on January 1, 1990; to 95 percent on January 1, 1991; and to 100 percent on January 1, 1992. Reimbursement of the Medicare coinsurance and deductibles, when added to the amount paid by Medicare, must not exceed the total rate the provider would have received for the same service or services if the person were a medical assistance recipient with Medicare coverage. Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the changes.*

Sec. 49. [256B.0575] [AVAILABILITY OF INCOME FOR INSTITUTIONALIZED PERSONS.]

*When an institutionalized person is determined eligible for medical assistance, the income that exceeds the deductions in paragraphs (a) and (b) must be applied to the cost of institutional care.*

*(a) The following amounts must be deducted from the institutionalized person's income in the following order:*

*(1) the personal needs allowance under section 256B.35;*

*(2) the personal allowance for disabled individuals under section 256B.36;*

*(3) if the institutionalized person has a legally-appointed guardian or conservator, five percent of the recipient's gross monthly income up to $100 as reimbursement for guardianship or conservatorship services;*

*(4) a monthly income allowance determined under section 256B.058, subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;*

*(5) a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member; and*

*(6) amounts for reasonable expenses incurred for necessary medical or remedial care for the institutionalized spouse that are not medical assistance covered expenses and that are not subject to payment by a third party.*

*For purposes of clause (5), family member includes only minor or dependent children, dependent parents, or dependent siblings of the institutionalized or community spouse if the sibling resides with the community spouse.*

*(b) Income shall be allocated to an institutionalized person for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if:*

*(1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;*

*(2) if the person has expenses of maintaining a residence in the community; and*

*(3) if one of the following circumstances apply:*

*(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or*

*(ii) the person and the person's spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.*

*For purposes of this paragraph, a person is determined to be residing in a licensed nursing home, regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.*

Sec. 50. [256B.058] [TREATMENT OF INCOME OF INSTITUTIONALIZED SPOUSE.]

*Subdivision 1.* [INCOME NOT AVAILABLE.] *The income described in subdivisions 2 and 3 shall be deducted from an institutionalized spouse's monthly income and is not considered available for payment of the monthly costs of an institutionalized person in the institution after the person has been determined eligible for medical assistance.*

*Subd. 2.* [MONTHLY INCOME ALLOWANCE FOR COMMUNITY SPOUSE.] *(a) For an institutionalized spouse with a spouse residing in the community, monthly income may be allocated to the community spouse as a monthly income allowance for the community spouse. Beginning with the first full calendar month the institutionalized spouse is in the institution, the monthly income allowance is not considered available to the institutionalized spouse for monthly payment of costs of care in the institution as long as the income is made available to the community spouse.*

*(b) The monthly income allowance is the amount by which the community spouse's monthly maintenance needs allowance under paragraphs (c) and (d) exceeds the amount of monthly income otherwise available to the community spouse.*

*(c) The community spouse's monthly maintenance needs allowance is the lesser of $1,500 or 122 percent of the monthly federal poverty guideline for a family of two plus an excess shelter allowance. The excess shelter allowance is for the amount of shelter expenses that exceed 30 percent of 122 percent of the federal poverty guideline line for a family of two. Shelter expenses are the community spouse's expenses for rent, mortgage payments including principal and interest, taxes, insurance, required maintenance charges for a cooperative or condominium that is the community spouse's principal residence, and the standard utility allowance under section 5(e) of the federal Food Stamp Act of 1977. If the community spouse has a required maintenance charge for a cooperative or condominium, the standard utility allowance must be reduced by the amount of utility expenses included in the required maintenance charge.*

*If the community or institutionalized spouse establishes that the community spouse needs income greater than the monthly maintenance needs allowance determined in this paragraph due to exceptional circumstances resulting in significant financial duress, the monthly maintenance needs allowance may be increased to an amount that provides needed additional income.*

*(d) The percentage of the federal poverty guideline used to determine*

*the monthly maintenance needs allowance in paragraph (c) is increased to 133 percent on July 1, 1991, and to 150 percent on July 1, 1992. Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the annual changes. The $1,500 maximum must be adjusted January 1, 1990, and every January 1 after that by the same percentage increase in the consumer price index for all urban consumers (all items; United States city average) between the two previous Septembers.*

*(e) If a court has entered an order against an institutionalized spouse for monthly income for support of the community spouse, the community spouse's monthly income allowance under this subdivision shall not be less than the amount of the monthly income ordered.*

*Subd. 3.* [FAMILY ALLOWANCE.] *(a) A family allowance determined under paragraph (b) is not considered available to the institutionalized spouse for monthly payment of costs of care in the institution.*

*(b) The family allowance is equal to one-third of the amount by which 122 percent of the monthly federal poverty guideline for a family of two exceeds the monthly income for that family member.*

*(c) For purposes of this subdivision, the term family member only includes a minor or dependent child, dependent parent, or dependent sibling of the institutionalized or community spouse if the sibling resides with the community spouse.*

*(d) The percentage of the federal poverty guideline used to determine the family allowance in paragraph (b) is increased to 133 percent on July 1, 1991, and to 150 percent on July 1, 1992. Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the annual changes.*

*Subd. 4.* [TREATMENT OF INCOME.] *(a) No income of the community spouse will be considered available to an eligible institutionalized spouse, beginning the first full calendar month of institutionalization, except as provided in this subdivision.*

*(b) In determining the income of an institutionalized spouse or community spouse, after the institutionalized spouse has been determined eligible for medical assistance, the following rules apply.*

*(1) For income that is not from a trust, availability is determined according to items (i) to (v), unless the instrument providing the income otherwise specifically provides:*

*(i) if payment is made solely in the name of one spouse, the income is considered available only to that spouse;*

*(ii) if payment is made in the names of both spouses, one-half of the income is considered available to each;*

*(iii) if payment is made in the names of one or both spouses together with one or more other persons, the income is considered available to each spouse according to the spouse's interest, or one-half of the joint interest is considered available to each spouse if each spouse's interest is not specified;*

*(iv) if there is no instrument that establishes ownership, one-half of the income is considered available to each spouse; and*

*(v) either spouse may rebut the determination of availability of income by showing by a preponderance of the evidence that ownership interests are different than provided above.*

*(2) For income from a trust, income is considered available to each spouse as provided in the trust. If the trust does not specify an amount available to either or both spouses, availability will be determined according to items (i) to (iii):*

*(i) if payment of income is made only to one spouse, the income is considered available only to that spouse;*

*(ii) if payment of income is made to both spouses, one-half is considered available to each; and*

*(iii) if payment is made to either or both spouses and one or more other persons, the income is considered available to each spouse in proportion to each spouse's interest, or if no such interest is specified, one-half of the joint interest is considered available to each spouse.*

Sec. 51. [256B.059] [TREATMENT OF ASSETS WHEN A SPOUSE IS INSTITUTIONALIZED.]

*Subdivision 1.* [DEFINITIONS.] *(a) For purposes of this section, the terms defined in this subdivision have the meanings given them.*

*(b) "Community spouse" means the spouse of an institutionalized person.*

*(c) "Spousal share" means one-half of the total value of all assets, to the extent that either the institutionalized spouse or the community spouse had an ownership interest at the time of institutionalization.*

*(d) "Assets otherwise available to the community spouse" means assets individually or jointly owned by the community spouse, other than assets excluded by subdivision 5, paragraph (c).*

*(e) "Community spouse asset allowance" is the value of assets that can be transferred under subdivision 3.*

*Subd. 2.* [ASSESSMENT OF SPOUSAL SHARE.] *At the beginning of a continuous period of institutionalization of a person, at the request of either the institutionalized spouse or the community spouse, or upon application for medical assistance, the total value of assets in which either the institutionalized spouse or the community spouse had an interest at the time of institutionalization shall be assessed and documented and the spousal share shall be assessed and documented.*

*Subd. 3.* [COMMUNITY SPOUSE ASSET ALLOWANCE.] *(a) An institutionalized spouse may transfer assets to the community spouse solely for the benefit of the community spouse. Except for increased amounts allowable under subdivision 4, the maximum amount of assets allowed to be transferred is the amount which, when added to the assets otherwise available to the community spouse, is the greater of:*

*(1) $12,000;*

*(2) the lesser of the spousal share or $60,000; or*

*(3) the amount required by court order to be paid to the community spouse.*

*If the assets available to the community spouse are already at the limit permissible under this section, or the higher limit attributable to increases*

*under subdivision 4, no assets may be transferred from the institutionalized spouse to the community spouse. The transfer must be made as soon as practicable after the date the institutionalized spouse is determined eligible for medical assistance, or within the amount of time needed for any court order required for the transfer. On January 1, 1990, and every January 1 thereafter, the $12,000 and $60,000 limits shall be adjusted by the same percentage change in the consumer price index for all urban consumers (all items; United States city average) between the two previous Septembers. These adjustments shall also be applied to the $12,000 and $60,000 limits in subdivision 5.*

*Subd. 4.* [INCREASED COMMUNITY SPOUSE ASSET ALLOWANCE; WHEN ALLOWED.] *(a) If either the institutionalized spouse or community spouse establishes that the community spouse asset allowance under subdivision 3 (in relation to the amount of income generated by such an allowance) is not sufficient to raise the community spouse's income to the minimum monthly maintenance needs allowance in section 256B.058, subdivision 2, paragraph (c), there shall be substituted for the amount allowed to be transferred an amount sufficient, when combined with the monthly income otherwise available to the spouse, to provide the minimum monthly maintenance needs allowance.*

*(b) The community spouse asset allowance under subdivision 3 can be increased by court order or hearing that complies with the requirements of United States Code, title 42, section 1924.*

*Subd. 5.* [ASSET AVAILABILITY.] *(a) At the time of application for medical assistance benefits, assets considered available to the institutionalized spouse shall be the total value of all assets in which either spouse has an ownership interest, reduced by the greater of:*

*(1) $12,000; or*

*(2) the lesser of the spousal share or $60,000; or*

*(3) the amount required by court order to be paid to the community spouse. If the community spouse asset allowance has been increased under subdivision 4, then the assets considered available to the institutionalized spouse under this subdivision shall be further reduced by the value of additional amounts allowed under subdivision 4.*

*(b) After the month in which the institutionalized spouse is determined eligible for medical assistance, during the continuous period of institutionalization, no assets of the community spouse are considered available to the institutionalized spouse.*

*(c) For purposes of this section, assets do not include assets excluded under section 256B.056, without regard to the limitations on total value in that section.*

Sec. 52. [256B.0595] [PROHIBITIONS ON TRANSFER; EXCEPTIONS.]

*Subdivision 1.* [PROHIBITED TRANSFERS.] *If an institutionalized person has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under section 256B.056, subdivision 3, within 30 months of the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months of the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long-term care*

*services for the period of time determined under subdivision 2. For purposes of this section, long-term care services include nursing facility services, and home and community-based services provided pursuant to section 256B.491. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility, or who is receiving home and community-based services under section 256B.491.*

*Subd. 2.* [PERIOD OF INELIGIBILITY.] *For any uncompensated transfer, the number of months of ineligibility for long-term care services shall be the lesser of 30 months, or the uncompensated transfer amount divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.*

*Subd. 3.* [HOMESTEAD EXCEPTION TO TRANSFER PROHIBITION.] *(a) An institutionalized person is not ineligible for long-term care services due to a transfer of assets for less than fair market value if the asset transferred was a homestead and:*

*(1) title to the homestead was transferred to the individual's*

*(i) spouse;*

*(ii) child who is under age 21;*

*(iii) blind or permanently and totally disabled child as defined in the supplemental security income program;*

*(iv) sibling who has equity interest in the home and who was residing in the home for a period of at least one year immediately before the date of the individual's admission to the facility; or*

*(v) son or daughter who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the facility, and who provided care to the individual that permitted the individual to reside at home rather than in an institution or facility;*

*(2) a satisfactory showing is made that the individual intended to dispose of the homestead at fair market value or for other valuable consideration; or*

*(3) the local agency grants a waiver of the excess resources created by the uncompensated transfer because denial of eligibility would cause undue hardship for the individual, based on imminent threat to the individual's health and well-being.*

*(b) When a waiver is granted under paragraph (a), clause (3), a cause of action exists against the person to whom the homestead was transferred for that portion of long-term care services granted within 30 months of the transfer or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.*

*Subd. 4.* [OTHER EXCEPTIONS TO TRANSFER PROHIBITION.] *An institutionalized person receiving medical assistance on the date of institutionalization who has transferred assets for less than fair market value within the 30 months immediately before the date of institutionalization or an institutionalized person who was not receiving medical assistance on the date of institutionalization and who has transferred assets for less than fair market value within 30 months immediately before the month of application is not ineligible for long-term care services if one of the following conditions apply:*

*(1) the assets were transferred to the community spouse, as defined in section 256B.059; or*

*(2) the institutionalized spouse, prior to being institutionalized, transferred assets to his or her spouse, provided that the spouse to whom the assets were transferred does not then transfer those assets to another person for less than fair market value. (At the time when one spouse is institutionalized, assets must be allocated between the spouses as provided under section 256B.059); or*

*(3) the assets were transferred to the individual's child who is blind or permanently and totally disabled as determined in the supplemental security income program; or*

*(4) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or*

*(5) the local agency determines that denial of eligibility for long-term care services would work an undue hardship, and grants a waiver of excess assets. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of long-term care services granted within 30 months of the transfer, or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256B.*

Sec. 53. Minnesota Statutes 1988, section 256B.062, is amended to read:

256B.062 [CONTINUED ELIGIBILITY.]

~~Subdivision 1. Any family which was eligible for aid to families with dependent children in at least three of the six months immediately preceding the month in which the family became ineligible for aid to families with dependent children because of increased income from employment shall, while a member of the family is employed, remain eligible for medical assistance for four calendar months following the month in which the family would otherwise be determined to be ineligible due to the income and resources limitations of this chapter.~~

~~Subd. 2. A family whose eligibility for aid to families with dependent children is terminated because of the loss of the $30, or the $30 and one-third earned income disregard is eligible for medical assistance for 12 calendar months following the month in which the family loses medical assistance eligibility as an aid to families with dependent children recipient.~~ *Medical assistance may be paid for persons who received aid to families with dependent children in at least three of the six months preceding the*

*month in which the person became ineligible for aid to families with dependent children, if the ineligibility was due to an increase in hours of employment or employment income or due to the loss of an earned income disregard. A person who is eligible for extended medical assistance is entitled to six months of assistance without reapplication, unless the assistance unit ceases to include a dependent child. For a person under 21 years of age, medical assistance may not be discontinued within the six-month period of extended eligibility until it has been determined that the person is not otherwise eligible for medical assistance. Medical assistance may be continued for an additional six months if the person meets all requirements for the additional six months, according to Title XIX of the Social Security Act, as amended by section 303 of the Family Support Act of 1988, Public Law Number 100-485.*

Sec. 54. Minnesota Statutes 1988, section 256B.0625, subdivision 2, is amended to read:

Subd. 2. [SKILLED AND INTERMEDIATE NURSING CARE.] Medical assistance covers skilled nursing home services and services of intermediate care facilities, including training and habilitation services, as defined in section 252.41, subdivision 3, for persons with mental retardation or related conditions who are residing in intermediate care facilities for persons with mental retardation or related conditions. Medical assistance must not be used to pay the costs of nursing care provided to a patient in a swing bed as defined in section 144.562~~, unless (a) the facility in which the swing bed is located is eligible as a sole community provider, as defined in Code of Federal Regulations, title 42, section 412.92, or the facility is a public hospital owned by a governmental entity with 15 or fewer licensed acute care beds; (b) the health care financing administration approves the necessary state plan amendments; (c) the patient was screened as provided in section 256B.091; (d) the patient no longer requires acute care services; and (e) no nursing home beds are available within 25 miles of the facility. The daily medical assistance payment for nursing care for the patient in the swing bed is the statewide average medical assistance skilled nursing care per diem as computed annually by the commissioner on July 1 of each year~~.

Sec. 55. Minnesota Statutes 1988, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner. The commissioner shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner may establish a drug formulary. Its establishment and publication

shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. Prior authorization may be required by the commissioner, with the consent of the drug formulary committee, before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, ~~prenatal vitamins,~~ and vitamins for children under the age of seven *and pregnant or nursing women*; or any other over-the-counter drug identified by the commissioner, in consultation with the appropriate professional consultants under contract with or employed by the state agency, as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of $.30 may be added to the dispensing fee paid to pharmacists for prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless

the prescriber specifically indicates "dispense as written" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

Sec. 56. Minnesota Statutes 1988, section 256B.0625, subdivision 17, is amended to read:

Subd. 17. [TRANSPORTATION COSTS.] *(a)* Medical assistance covers transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by nonambulatory persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the purpose of this subdivision, a person who is incapable of transport by taxicab or bus shall be considered to be nonambulatory.

*(b) Special transportation, as defined in Minnesota Rules, part 9505.0315, subpart 1, item F, provided to nonambulatory persons who do not need a wheelchair lift van or stretcher-equipped vehicle, may be reimbursed at a lower rate than special transportation provided to persons who need a wheelchair lift van or stretcher-equipped vehicle.*

Sec. 57. Minnesota Statutes 1988, section 256B.0625, is amended by adding a subdivision to read:

*Subd. 26.* [SPECIAL EDUCATION SERVICES.] *Medical assistance covers medical services identified in a recipient's individualized education plan and covered under the medical assistance state plan. The services may be provided by a Minnesota school district that is enrolled as a medical assistance provider or its subcontractor, and only if the services meet all the requirements otherwise applicable if the service had been provided by a provider other than a school district, in the following areas: medical necessity, physician's orders, documentation, personnel qualifications, and prior authorization requirements. Medical assistance coverage for medically necessary services provided under other subdivisions in this section may not be denied solely on the basis that the same or similar services are covered under this subdivision.*

Sec. 58. Minnesota Statutes 1988, section 256B.0625, is amended by adding a subdivision to read:

*Subd. 27.* [ORGAN AND TISSUE TRANSPLANTS.] *Medical assistance coverage for organ and tissue transplant procedures is limited to those procedures covered by the Medicare program, provided those procedures comply with all applicable laws, rules, and regulations governing (1) coverage by the Medicare program, (2) federal financial participation by the Medicaid program, and (3) coverage by the Minnesota medical assistance program.*

Sec. 59. [256B.0642] [FEDERAL FINANCIAL PARTICIPATION.]

*The commissioner may, in the aggregate, prospectively reduce payment rates for medical assistance providers receiving federal funds to avoid reduced federal financial participation resulting from rates that are in excess of the Medicare limitations.*

Sec. 60. Minnesota Statutes 1988, section 256B.091, subdivision 3, is

amended to read:

Subd. 3. [SCREENING TEAM; DUTIES.] Local screening teams shall seek cooperation from other public and private agencies in the community which offer services to the disabled and elderly. The responsibilities of the agency responsible for screening shall include:

(a) Provision of information and education to the general public regarding availability of the screening program;

(b) Acceptance of referrals from individuals, families, human service professionals and nursing home personnel of the community agencies;

(c) Assessment of health and social needs of referred individuals and identification of services needed to maintain these persons in the least restrictive environments;

(d) Identification of available noninstitutional services to meet the needs of individuals referred;

(e) Recommendations for individuals screened regarding:

(1) Nursing home or boarding care home admission; and

(2) Maintenance in the community with specific service plans and referrals and designation of a lead agency to implement each individual's plan of care;

(f) *Assessment of active treatment needs:*

*(1) in cooperation with a qualified mental health professional for persons with a primary or secondary diagnosis of mental illness; and*

*(2) in cooperation with a qualified mental retardation professional for persons with a primary or secondary diagnosis of mental retardation or related conditions.*

*For purposes of this subdivision, a qualified mental retardation professional must meet the standards for a qualified mental retardation professional in Code of Federal Regulations, title 42, section 483.430;*

*(g)* Provision of follow up services as needed; and

~~(g)~~ *(h)* Preparation of reports which may be required by the commissioner of human services.

Sec. 61. Minnesota Statutes 1988, section 256B.092, subdivision 7, is amended to read:

Subd. 7. [SCREENING TEAMS ESTABLISHED.] Each county agency shall establish a screening team which, under the direction of the county case manager, shall make an evaluation of need for home and community-based services of persons who are entitled to the level of care provided by an intermediate care facility for persons with mental retardation or related conditions or for whom there is a reasonable indication that they might require the level of care provided by an intermediate care facility. The screening team shall make an evaluation of need within 15 working days of the date that the assessment is completed or within 60 working days of a request for service by a person with mental retardation or related conditions, whichever is the earlier, and within five working days of an emergency admission of an individual to an intermediate care facility for persons with mental retardation or related conditions. The screening team shall consist of the case manager, the client, a parent or guardian, *and* a qualified

mental retardation professional, as defined in the Code of Federal Regulations, title 42, section ~~442.401~~ *483.430*, as amended through ~~December 31, 1987.~~ *June 3, 1988. The case manager may also act as the qualified mental retardation professional if the case manager meets the federal definition. County social service agencies may contract with a public or private agency or individual who is not a service provider for the person for the public guardianship representation required by the screening or individual service and habilitation planning process. The contract shall be limited to public guardianship representation for the screening and individual service and habilitation planning activities. The contract shall require compliance with the commissioner's instructions, and may be for paid or voluntary services.* For individuals determined to have overriding health care needs, a registered nurse must be designated as either the case manager or the qualified mental retardation professional. The case manager shall consult with the client's physician, other health professionals or other persons as necessary to make this evaluation. The case manager, with the concurrence of the client or the client's legal representative, may invite other persons to attend meetings of the screening team. No member of the screening team shall have any direct or indirect service provider interest in the case.

Sec. 62. [256B.093] [SERVICES FOR PERSONS WITH BRAIN INJURIES.]

*Subdivision 1.* [STATE COORDINATOR.] *The commissioner of human services shall designate a full-time position within the long-term care management division of the department of human services to supervise and coordinate services for persons with brain injuries.*

*Subd. 2.* [ELIGIBILITY.] *The commissioner may contract with qualified agencies or persons to provide case management services to medical assistance recipients who are at risk of institutionalization and meet one of the following criteria:*

*(a) The person has a brain injury.*

*(b) The person is receiving home care services or is in an institution and has a discharge plan requiring the provision of home care services and meets one of the following criteria:*

*(1) the person suffers from a brain abnormality or degenerative brain disease resulting in significant destruction of brain tissue and loss of brain function that requires extensive services over an extended period of time;*

*(2) the person is unable to direct the person's own care;*

*(3) the person has medical home care costs that exceed thresholds established by the commissioner under Minnesota Rules, parts 9505.0170 to 9505.0475;*

*(4) the person is eligible for medical assistance under the option for certain disabled children in section 134 of the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA);*

*(5) the person receives home care from two or more providers who are unable to effectively coordinate the services; or*

*(6) the person has received or will receive home care services for longer than six months.*

*Subd. 3.* [CASE MANAGEMENT DUTIES.] *The department shall fund*

*the case management contracts using medical assistance administrative funds. The contractor must:*

*(1) assess the person's individual needs for services required to prevent institutionalization;*

*(2) assure that a care plan that meets the person's needs is developed by the appropriate agency or individual;*

*(3) assist the person in obtaining services necessary to allow the person to remain in the community;*

*(4) coordinate home care services with other medical assistance services under section 256B.0625;*

*(5) assure cost effectiveness of medical assistance services;*

*(6) make recommendations to the commissioner on the approval or denial of the use of medical assistance funds to pay for home care services when home care services exceed thresholds established by the commissioner under Minnesota Rules, parts 9505.0170 to 9505.0475;*

*(7) assist the person with problems related to the provision of home care services;*

*(8) assure the quality of home care services; and*

*(9) reassess the person's need for and level of home care services at a frequency determined by the commissioner.*

*Subd. 4.* [DEFINITIONS.] *For purposes of this section, the following definitions apply:*

*(a) "Brain injury" means a sudden insult or damage to the brain or its coverings, not of a degenerative nature. The insult or damage may produce an altered state of consciousness or a decrease in mental, cognitive, behavioral, or physical functioning resulting in partial or total disability.*

*(b) "Home care services" means medical assistance home care services defined under section 256B.0625, subdivisions 6, 7, and 19.*

Sec. 63. Minnesota Statutes 1988, section 256B.14, is amended to read:

256B.14 [RELATIVE'S RESPONSIBILITY.]

Subdivision 1. [IN GENERAL.] Subject to the provisions of sections 256B.055, 256B.056, and 256B.06, responsible relative means the ~~spouse of a medical assistance recipient or~~ parent of a minor recipient of medical assistance.

Subd. 2. [ACTIONS TO OBTAIN PAYMENT.] The state agency shall promulgate rules to determine the ability of responsible relatives to contribute partial or complete repayment of medical assistance furnished to recipients for whom they are responsible. ~~No resource contribution is required of a spouse at the time of the first approved medical assistance application.~~ These rules shall not require repayment when payment would cause undue hardship to the responsible relative or that relative's immediate family. These rules shall be consistent with the requirements of section 252.27, subdivision 2, for parents of children whose eligibility for medical assistance was determined without deeming of the parents' resources and income. For parents of children receiving services under a federal medical assistance waiver or under section 134 of the Tax Equity and Fiscal Responsibility Act of 1982, United States Code, title 42, section 1396a(e)(3), while living

in their natural home, including in-home family support services, respite care, homemaker services, and minor adaptations to the home, the state agency shall take into account the room, board, and services provided by the parents in determining the parental contribution to the cost of care. The county agency shall give the responsible relative notice of the amount of the repayment. If the state agency or county agency finds that notice of the payment obligation was given to the responsible relative, but that the relative failed or refused to pay, a cause of action exists against the responsible relative for that portion of medical assistance granted after notice was given to the responsible relative, which the relative was determined to be able to pay.

The action may be brought by the state agency or the county agency in the county where assistance was granted, for the assistance, together with the costs of disbursements incurred due to the action.

In addition to granting the county or state agency a money judgment, the court may, upon a motion or order to show cause, order continuing contributions by a responsible relative found able to repay the county or state agency. The order shall be effective only for the period of time during which the recipient receives medical assistance from the county or state agency.

Sec. 64. Minnesota Statutes 1988, section 256B.25, is amended by adding a subdivision to read:

*Subd. 4.* [PAYMENT DURING SUSPENDED ADMISSIONS.] *A nursing home or boarding care home that has received a notice to suspend admissions under section 144A.10, subdivision 4a, shall be ineligible to receive payment for admissions that occur during the effective dates of the suspension. Upon termination of the suspension by the commissioner of health, payments may be made for eligible persons, beginning with the day after the suspension ends.*

Sec. 65. Minnesota Statutes 1988, section 256B.421, subdivision 14, is amended to read:

Subd. 14. [FRINGE BENEFITS.] "Fringe benefits" means workers' compensation insurance, group health or dental insurance, group life insurance, retirement benefits or plans, *except for public employee retirement act contributions,* and uniform allowances.

Sec. 66. Minnesota Statutes 1988, section 256B.431, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

(b) The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.

(c) The commissioner shall analyze and evaluate each nursing home's cost report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective.

(d) The commissioner shall establish limits on actual allowable historical

operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, size of the nursing home, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing home. In developing the geographic groups for purposes of reimbursement under this section, the commissioner shall ensure that nursing homes in any county contiguous to the Minneapolis-St. Paul seven-county metropolitan area are included in the same geographic group. The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. For rate years beginning on or after July 1, 1987, or until the new base period is established, facilities located in geographic group I as described in Minnesota Rules, part 9549.0052 (Emergency), on January 1, 1987, may choose to have the commissioner apply either the care related limits or the other operating cost limits calculated for facilities located in geographic group II, or both, if either of the limits calculated for the group II facilities is higher. The efficiency incentive for geographic group I nursing homes must be calculated based on geographic group I limits. The phase-in must be established utilizing the chosen limits. For purposes of these exceptions to the geographic grouping requirements, the definitions in Minnesota Rules, parts 9549.0050 to 9549.0059 (Emergency), and 9549.0010 to 9549.0080, apply. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining allowable historical operating cost per diems for purposes of setting limits and nursing home payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing home is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories. For the rate year beginning on July 1, 1985, the commissioner shall:

(1) allow nursing homes that have an average length of stay of 180 days or less in their skilled nursing level of care, 125 percent of the care related limit and 105 percent of the other operating cost limit established by rule; and

(2) exempt nursing homes licensed on July 1, 1983, by the commissioner to provide residential services for the physically handicapped under Minnesota Rules, parts 9570.2000 to 9570.3600, from the care related limits and allow 105 percent of the other operating cost limit established by rule.

For the purpose of calculating the other operating cost efficiency incentive for nursing homes referred to in clause (1) or (2), the commissioner shall use the other operating cost limit established by rule before application

of the 105 percent.

(e) The commissioner shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.

(f) Each nursing home shall receive an operating cost payment rate equal to the sum of the nursing home's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing home's historical operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability or payments in lieu of real estate tax of each nursing home as an operating cost of that nursing home. Allowable costs under this subdivision for payments made by a nonprofit nursing home that are in lieu of real estate taxes shall not exceed the amount which the nursing home would have paid to a city or township and county for fire, police, sanitation services, and road maintenance costs had real estate taxes been levied on that property for those purposes. For rate years beginning on or after July 1, 1987, the reported actual real estate tax liability or payments in lieu of real estate tax of nursing homes shall be adjusted to include an amount equal to one-half of the dollar change in real estate taxes from the prior year. The commissioner shall include a reported actual special assessment, and reported actual license fees required by the Minnesota department of health, for each nursing home as an operating cost of that nursing home. *For rate years beginning on or after July 1, 1989, the commissioner shall include a nursing home's reported public employee retirement act contribution for the reporting year as apportioned to the care-related operating cost categories and other operating cost categories multiplied by the appropriate composite index or indices established pursuant to paragraph (e) as costs under this paragraph.* Total adjusted real estate tax liability, payments in lieu of real estate tax, actual special assessments paid, *the indexed public employee retirement act contribution,* and license fees paid as required by the Minnesota department of health, for each nursing home (1) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (2) shall not be used to compute the ~~60th percentile~~ *care-related operating cost limits* or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices established pursuant to paragraph (e), *unless otherwise indicated in this paragraph.*

(h) For rate years beginning on or after July 1, 1987, the commissioner shall adjust the rates of a nursing home that meets the criteria for the special dietary needs of its residents as specified in section 144A.071, subdivision 3, clause (c), and the requirements in section 31.651. The adjustment for raw food cost shall be the difference between the nursing home's allowable historical raw food cost per diem and 115 percent of the median historical allowable raw food cost per diem of the corresponding geographic group.

The rate adjustment shall be reduced by the applicable phase-in percentage as provided under subdivision 2h.

Sec. 67. Minnesota Statutes 1988, section 256B.431, subdivision 2e, is amended to read:

Subd. 2e. [CONTRACTS FOR SERVICES FOR VENTILATOR DEPENDENT PERSONS.] The commissioner may contract with a nursing home eligible to receive medical assistance payments to provide services to a ventilator dependent person identified by the commissioner according to criteria developed by the commissioner, including:

(1) nursing home care has been recommended for the person by a preadmission screening team;

(2) the person has been assessed at case mix classification K;

(3) the person has been hospitalized for at least six months and no longer requires inpatient acute care hospital services; and

(4) the commissioner has determined that necessary services for the person cannot be provided under existing nursing home rates.

The commissioner may issue a request for proposals to provide services to a ventilator dependent person to nursing homes eligible to receive medical assistance payments and shall select nursing homes from among respondents according to criteria developed by the commissioner, including:

(1) the cost effectiveness and appropriateness of services;

(2) the nursing home's compliance with federal and state licensing and certification standards; and

(3) the proximity of the nursing home to a ventilator dependent person identified by the commissioner who requires nursing home placement.

The commissioner may negotiate an adjustment to the operating cost payment rate for a nursing home selected by the commissioner from among respondents to the request for proposals. The negotiated adjustment must reflect only the actual additional cost of meeting the specialized care needs of a ventilator dependent person identified by the commissioner for whom necessary services cannot be provided under existing nursing home rates and which are not otherwise covered under Minnesota Rules, parts 9549.0010 to 9549.0080 or 9505.0170 to 9505.0475. *The negotiated payment rate must not exceed 200 percent of the highest multiple bedroom payment rate for a Minnesota nursing home, as initially established by the commissioner for the rate year for case mix classification K.* The negotiated adjustment shall not affect the payment rate charged to private paying residents under the provisions of section 256B.48, subdivision 1. The negotiated adjustment paid pursuant to this paragraph is specifically exempt from the definition of "rule" and the rulemaking procedures required by chapter 14 and section 256B.502.

Sec. 68. Minnesota Statutes 1988, section 256B.431, subdivision 2i, is amended to read:

Subd. 2i. [OPERATING COSTS AFTER JULY 1, 1988.] (a) [OTHER OPERATING COST LIMITS.] For the rate year beginning July 1, 1988, the commissioner shall increase the other operating cost limits established in Minnesota Rules, part 9549.0055, subpart 2, item E, to 110 percent of the median of the array of allowable historical other operating cost per

diems and index these limits as in Minnesota Rules, part 9549.0056, subparts 3 and 4. The limits must be established in accordance with subdivision 2b, paragraph (d). For rate years beginning on or after July 1, 1989, the adjusted other operating cost limits must be indexed as in Minnesota Rules, part 9549.0056, subparts 3 and 4.

(b) [CARE-RELATED OPERATING COST LIMITS.] For the rate year beginning July 1, 1988, the commissioner shall increase the care-related operating cost limits established in Minnesota Rules, part 9549.0055, subpart 2, items A and B, to 125 percent of the median of the array of the allowable historical case mix operating cost standardized per diems and the allowable historical other care-related operating cost per diems and index those limits as in Minnesota Rules, part 9549.0056, subparts 1 and 2. The limits must be established in accordance with subdivision 2b, paragraph (d). For rate years beginning on or after July 1, 1989, the adjusted care-related limits must be indexed as in Minnesota Rules, part 9549.0056, subparts 1 and 2.

(c) [SALARY ADJUSTMENT PER DIEM.] For the rate period October 1, 1988, to June 30, 1990, the commissioner shall add the appropriate salary adjustment per diem calculated in clause (1) or (2) to the total operating cost payment rate of each nursing home. The salary adjustment per diem for each nursing home must be determined as follows:

(1) for each nursing home that reports salaries for registered nurses, licensed practical nurses, and aides, orderlies and attendants separately, the commissioner shall determine the salary adjustment per diem by multiplying the total salaries, payroll taxes, and fringe benefits allowed in each operating cost category, except management fees and administrator and central office salaries and the related payroll taxes and fringe benefits, by 3.5 percent and then dividing the resulting amount by the nursing home's actual resident days; and

(2) for each nursing home that does not report salaries for registered nurses, licensed practical nurses, aides, orderlies, and attendants separately, the salary adjustment per diem is the weighted average salary adjustment per diem increase determined under clause (1).

Each nursing home that receives a salary adjustment per diem pursuant to this subdivision shall adjust nursing home employee salaries by a minimum of the amount determined in clause (1) or (2). The commissioner shall review allowable salary costs, including payroll taxes and fringe benefits, for the reporting year ending September 30, 1989, to determine whether or not each nursing home complied with this requirement. The commissioner shall report the extent to which each nursing home complied with the legislative commission on long-term care by August 1, 1990.

(d) ~~[PENSION CONTRIBUTIONS.] For rate years beginning on or after July 1, 1989, the commissioner shall exempt allowable employee pension contributions separately reported by a nursing home on its annual cost report from the care-related operating cost limits and the other operating cost limits. Hospital-attached homes that provide allowable employee pension contributions may report the costs that are allocated to nursing home operations independently for verification by the commissioner. For rate years beginning on or after July 1, 1989, amounts verified as allowable employee pension contributions are exempt from care-related operating cost limits and other operating cost limits. For purposes of this paragraph, "employee pension contributions" means contributions required under the~~

~~Public Employee Retirement Act and contributions to other employee pension plans if the pension plan existed on March 1, 1988.~~

~~(c)~~ [NEW BASE YEAR.] ~~The commissioner shall establish the reporting year ending September 30, 1989, as a new base year.~~ *The commissioner shall establish new base years for both the reporting year ending September 30, 1989, and the reporting year ending September 30, 1990. In establishing new base years, the commissioner must take into account:*

*(1) statutory changes made in geographic groups;*

*(2) redefinitions of cost categories; and*

*(3) reclassification, pass-through, or exemption of certain costs such as public employee retirement act contributions.*

Sec. 69. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

*Subd. 2j.* [HOSPITAL-ATTACHED NURSING HOME STATUS.] *(a) For the purpose of setting rates under Minnesota Rules, parts 9549.0010 to 9549.0080, for rate years beginning after June 30, 1989, a hospital-attached nursing home means a nursing home recognized by the federal Medicare program to be a hospital-based nursing facility for purposes of being subject to*

*higher cost limits accorded hospital-based nursing facilities under the Medicare program, or, prior to June 30, 1983, was classified as a hospital-attached nursing home under Minnesota Rules, parts 9510.0010 to 9510.0480, provided that the nursing home's cost report filed under Minnesota Rules, parts 9549.0010 to 9549.0080, shall use the same cost allocation principles and methods used in the reports filed for the Medicare program.*

*(b) For rate years beginning after June 30, 1989, a nursing home and hospital, which have applied for hospital-based nursing facility status under the federal Medicare program during the reporting year or the nine-month period following the nursing home's reporting year, shall be considered a hospital-attached nursing home for purposes of setting payment rates under Minnesota Rules, parts 9549.0010 to 9549.0080, for the rate year following the reporting year or the nine-month period in which the facility made its Medicare application. The nursing home must file its cost report or an amended cost report for that reporting year before the following rate year using Medicare principles and Medicare's recommended cost allocation methods had the Medicare program's hospital-based nursing facility status been granted to the nursing home. For each subsequent rate year, the nursing home must meet the definition requirements in paragraph (a). If the nursing home is denied hospital-based nursing facility status under the Medicare program, the nursing home's payment rates for the rate years the nursing home was considered to be a hospital-attached nursing home pursuant to this paragraph shall be recalculated treating the nursing home as a non-hospital-attached nursing home.*

Sec. 70. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

*Subd. 2k.* [OPERATING COSTS AFTER JULY 1, 1989.] *For rate years beginning on or after July 1, 1989, a nursing home that is exempt under subdivision 2b, paragraph (d), clause (2); whose total number of licensed*

*beds are licensed under Minnesota Rules, parts 9570.2000 to 9570.3600; and that maintains an average length of stay of less than 365 days during each reporting year, is limited to 140 percent of the other-operating-cost limit for hospital-attached nursing homes as established by Minnesota Rules, part 9549.0055, subpart 2, item E, subitem (2), as modified by subdivision 2i, paragraph (a). For purposes of this subdivision, the nursing home's average length of stay must be computed by dividing the nursing home's actual resident days for the reporting year by the nursing home's total discharges for that reporting year.*

Sec. 71. Minnesota Statutes 1988, section 256B.431, subdivision 3a, is amended to read:

Subd. 3a. [PROPERTY-RELATED COSTS AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner, by permanent rule, shall reimburse nursing home providers that are vendors in the medical assistance program for the rental use of real estate and depreciable equipment. "Real estate" means land improvements, buildings, and attached fixtures used directly for resident care. "Depreciable equipment" means the standard movable resident care equipment and support service equipment generally used in long-term care facilities.

(b) In developing the method for determining payment rates for the rental use of nursing homes, the commissioner shall consider factors designed to:

(1) simplify the administrative procedures for determining payment rates for property-related costs;

(2) minimize discretionary or appealable decisions;

(3) eliminate any incentives to sell nursing homes;

(4) recognize legitimate costs of preserving and replacing property;

(5) recognize the existing costs of outstanding indebtedness allowable under the statutes and rules in effect on May 1, 1983;

(6) address the current value of, if used directly for patient care, land improvements, buildings, attached fixtures, and equipment;

(7) establish an investment per bed limitation;

(8) reward efficient management of capital assets;

(9) provide equitable treatment of facilities;

(10) consider a variable rate; and

(11) phase-in implementation of the rental reimbursement method.

(c) No later than January 1, 1984, the commissioner shall report to the legislature on any further action necessary or desirable in order to implement the purposes and provisions of this subdivision.

(d) For rate years beginning on or after July 1, 1987, a nursing home which has reduced licensed bed capacity after January 1, 1986, shall be allowed to:

(1) aggregate the applicable investment per bed limits based on the number of beds licensed prior to the reduction; and

(2) establish capacity days for each rate year following the licensure reduction based on the number of beds licensed on the previous April 1 if the commissioner is notified of the change by April 4. The notification

must include a copy of the delicensure request that has been submitted to the commissioner of health.

(e) Until the rental reimbursement method is fully phased in, a nursing home whose final property-related payment rate is the rental rate shall continue to have its property-related payment rates established based on the rental reimbursement method.

*(f) For rate years beginning on or after July 1, 1989, the interest expense that results from a refinancing of a nursing home's demand call loan, when the loan that must be refinanced was incurred before May 22, 1983, is an allowable interest expense if:*

*(1) the demand call loan or any part of it was in the form of a loan that was callable at the demand of the lender;*

*(2) the demand call loan or any part of it was called by the lender through no fault of the nursing home;*

*(3) the demand call loan or any part of it was made by a government agency operating under a statutory or regulatory loan program;*

*(4) the refinanced debt does not exceed the sum of the allowable remaining balance of the demand call loan at the time of payment on the demand call loan and refinancing costs;*

*(5) the term of the refinanced debt does not exceed the remaining term of the demand call loan, had the debt not been subject to an on-call payment demand; and*

*(6) the refinanced debt is not a debt between related organizations as defined in Minnesota Rules, part 9549.0020, subpart 38.*

Sec. 72. Minnesota Statutes 1988, section 256B.431, subdivision 3f, is amended to read:

Subd. 3f. [PROPERTY COSTS AFTER JULY 1, 1988.] (a) [INVESTMENT PER BED LIMIT.] For the rate year beginning July 1, 1988, the replacement-cost-new per bed limit must be $32,571 per licensed bed in multiple bedrooms and $48,857 per licensed bed in a single bedroom. *For the rate year beginning July 1, 1989, the replacement-cost-new per bed limit for a single bedroom must be $49,907 adjusted according to Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1).* Beginning January 1, ~~1989~~ *1990*, the replacement-cost-new per bed limits must be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1).

(b) [RENTAL FACTOR.] For the rate year beginning July 1, 1988, the commissioner shall increase the rental factor as established in Minnesota Rules, part 9549.0060, subpart 8, item A, by 6.2 percent rounded to the nearest 100th percent for the purpose of reimbursing nursing homes for soft costs and entrepreneurial profits not included in the cost valuation services used by the state's contracted appraisers. For rate years beginning on or after July 1, 1989, the rental factor is the amount determined under this paragraph for the rate year beginning July 1, 1988.

(c) [OCCUPANCY FACTOR.] For rate years beginning on or after July 1, 1988, in order to determine property-related payment rates under Minnesota Rules, part 9549.0060, for all nursing homes except those whose average length of stay in a skilled level of care within a nursing home is 180 days or less, the commissioner shall use 95 percent of capacity days.

For a nursing home whose average length of stay in a skilled level of care within a nursing home is 180 days or less, the commissioner shall use the greater of resident days or 80 percent of capacity days but in no event shall the divisor exceed 95 percent of capacity days.

(d) [EQUIPMENT ALLOWANCE.] For rate years beginning on July 1, 1988, and July 1, 1989, the commissioner shall add ten cents per resident per day to each nursing home's property-related payment rate. The ten-cent property-related payment rate increase is not cumulative from rate year to rate year. For the rate year beginning July 1, 1990, the commissioner shall increase each nursing home's equipment allowance as established in Minnesota Rules, part 9549.0060, subpart 10, by ten cents per resident per day. For rate years beginning on or after July 1, 1991, the adjusted equipment allowance must be adjusted annually for inflation as in Minnesota Rules, part 9549.0060, subpart 10, item E.

~~(e) [REFINANCING.] If a nursing home is refinanced, the commissioner shall adjust the nursing home's property-related payment rate for the savings that result from refinancing. The adjustment to the property-related payment rate must be as follows:~~

~~(1) The commissioner shall recalculate the nursing home's rental per diem by substituting the new allowable annual principle and interest payments for those of the refinanced debt.~~

~~(2) The nursing home's property-related payment rate must be decreased by the difference between the nursing home's current rental per diem and the rental per diem determined under clause (1).~~

~~If a nursing home payment rate is adjusted according to this paragraph, the adjusted payment rate is effective the first of the month following the date of the refinancing for both medical assistance and private paying residents. The nursing home's adjusted property-related payment rate is effective until June 30, 1990.~~

*(e)* [POST CHAPTER 199 RELATED-ORGANIZATION DEBTS AND INTEREST EXPENSE.] *For rate years beginning on or after July 1, 1990, Minnesota Rules, part 9549.0060, subpart 5, item E, shall not apply to outstanding related organization debt incurred prior to May 23, 1983, provided that the debt was an allowable debt under Minnesota Rules, parts 9510.0010 to 9510.0480, the debt is subject to repayment through annual principal payments, and the nursing home demonstrates to the commissioner's satisfaction that the interest rate on the debt was less than market interest rates for similar arms-length transactions at the time the debt was incurred. If the debt was incurred due to a sale between family members, the nursing home must also demonstrate that the seller no longer participates in the management or operation of the nursing home. Debts meeting the conditions of this paragraph are subject to all other provisions of Minnesota Rules, parts 9549.0010 to 9549.0080.*

*(f)* [BUILDING CAPITAL ALLOWANCE FOR NURSING HOMES WITH OPERATING LEASES.] *For rate years beginning on or after July 1, 1990, a nursing home with operating lease costs incurred for the nursing home's buildings shall receive its building capital allowance computed in accordance with Minnesota Rules, part 9549.0060, subpart 8.*

Sec. 73. Minnesota Statutes 1988, section 256B.431, subdivision 3g, is amended to read:

Subd. 3g. [PROPERTY COSTS AFTER JULY 1, 1990, FOR CERTAIN FACILITIES.] For rate years beginning on or after July 1, 1990, ~~non-hospital-attached~~ nursing homes that, on or after January 1, 1976, but prior to ~~December 31, 1985~~ *January 1, 1987*, were newly licensed after new construction, or increased their licensed beds by a minimum of 35 percent through new construction, and whose building capital allowance is less than their allowable annual principal and interest on allowable debt prior to the application of the replacement-cost-new per bed limit and whose remaining weighted average debt amortization schedule as of January 1, 1988, exceeded 15 years, must receive a property-related payment rate equal to the greater of their rental per diem or their annual allowable principal and allowable interest without application of the replacement-cost-new per bed limit *divided by their capacity days as determined under Minnesota Rules, part 9549.0060, subpart 11, as modified by subdivision 3f, paragraph (c), from the preceding reporting year,* plus their equipment allowance. A nursing home that is eligible for a property-related payment rate under this subdivision and whose property-related payment rate in a subsequent rate year is its rental per diem must continue to have its property-related payment rates established for all future rate years based on the rental reimbursement method in Minnesota Rules, part 9549.0060.

The commissioner may require the nursing home to apply for refinancing as a condition of receiving special rate treatment under this subdivision.

Sec. 74. Minnesota Statutes 1988, section 256B.431, subdivision 4, is amended to read:

Subd. 4. [SPECIAL RATES.] (a) For the rate years beginning July 1, 1983, and July 1, 1984, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property-related costs calculated pursuant to the statutes and rules in effect on May 1, 1983, and for operating costs negotiated by the commissioner based upon the 60th percentile established for the appropriate group under subdivision 2a, to be effective from the first day a medical assistance recipient resides in the home or for the added beds. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2f, the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be in effect for more than 17 months. The commissioner shall establish, by emergency and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. Until procedures determining operating cost payment rates according to mix of resident needs are established, the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.

(b) For the rate years beginning on or after July 1, 1985, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property related costs, operating costs, and real estate taxes and special assessments calculated under rules promulgated by the commissioner.

(c) For rate years beginning on or after July 1, 1983, the commissioner may exclude from a provision of 12 MCAR S 2.050 any facility that is licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, is licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690, and has less than five percent of its licensed boarding care capacity reimbursed by the medical assistance program. Until a permanent rule to establish the payment rates for facilities meeting these criteria is promulgated, the commissioner shall establish the medical assistance payment rate as follows:

(1) The desk audited payment rate in effect on June 30, 1983, remains in effect until the end of the facility's fiscal year. The commissioner shall not allow any amendments to the cost report on which this desk audited payment rate is based.

(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited operating cost payment rate determined in clause (1) at an annual rate of five percent.

(3) For fiscal years beginning on or after July 1, 1985, but before January 1, 1988, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.

(4) For the fiscal year beginning on January 1, 1988, the facility's payment rate must be established using the following method: The commissioner shall divide the real estate taxes and special assessments payable as stated in the facility's current property tax statement by actual resident days to compute a real estate tax and special assessment per diem. Next, the prior year's payment rate must be adjusted by the higher of (1) the percentage change in the consumer price index (CPI-U U.S. city average) as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100), or (2) 2.5 percent, to determine an adjusted payment rate. The facility's payment rate is the adjusted prior year's payment rate plus the real estate tax and special assessment per diem.

(5) For fiscal years beginning on or after January 1, 1989, the facility's payment rate must be established using the following method: The commissioner shall divide the real estate taxes and special assessments payable as stated in the facility's current property tax statement by actual resident days to compute a real estate tax and special assessment per diem. Next, the prior year's payment rate less the real estate tax and special assessment per diem must be adjusted by the higher of (1) the percentage change in the consumer price index (CPI-U U.S. city average) as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100), or (2) 2.5 percent, to determine an adjusted payment rate. The facility's payment rate is the adjusted payment rate plus the real estate tax and special assessment per diem.

(6) For the purpose of establishing payment rates under this paragraph, the facility's rate and reporting years coincide with the facility's fiscal year.

(d) A facility that meets the criteria of paragraph (c) shall submit annual cost reports on forms prescribed by the commissioner.

(e) For the rate year beginning July 1, 1985, each nursing home total payment rate must be effective two calendar months from the first day of

the month after the commissioner issues the rate notice to the nursing home. From July 1, 1985, until the total payment rate becomes effective, the commissioner shall make payments to each nursing home at a temporary rate that is the prior rate year's operating cost payment rate increased by 2.6 percent plus the prior rate year's property-related payment rate and the prior rate year's real estate taxes and special assessments payment rate. The commissioner shall retroactively adjust the property-related payment rate and the real estate taxes and special assessments payment rate to July 1, 1985, but must not retroactively adjust the operating cost payment rate.

(f) For the purposes of Minnesota Rules, part 9549.0060, subpart 13, item F, the following types of transactions shall not be considered a sale or reorganization of a provider entity:

(1) the sale or transfer of a nursing home upon death of an owner;

(2) the sale or transfer of a nursing home due to serious illness or disability of an owner as defined under the social security act;

(3) the sale or transfer of the nursing home upon retirement of an owner at 62 years of age or older;

(4) any transaction in which a partner, owner, or shareholder acquires an interest or share of another partner, owner, or shareholder in a nursing home business provided the acquiring partner, owner, or shareholder has less than 50 percent ownership after the acquisition;

(5) a sale and leaseback to the same licensee which does not constitute a change in facility license;

(6) a transfer of an interest to a trust;

(7) gifts or other transfers for no consideration;

(8) a merger of two or more related organizations;

(9) a transfer of interest in a facility held in receivership;

(10) a change in the legal form of doing business other than a publicly held organization which becomes privately held or vice versa;

(11) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing home or the issuance of stock; or

(12) an involuntary transfer including foreclosure, bankruptcy, or assignment for the benefit of creditors.

Any increase in allowable debt or allowable interest expense or other cost incurred as a result of the foregoing transactions shall be a nonallowable cost for purposes of reimbursement under Minnesota Rules, parts 9549.0010 to 9549.0080.

(g) ~~For rate years beginning on or after July 1, 1986, the commissioner may exclude from a provision of Minnesota Rules, parts 9549.0010 to 9549.0080, any facility that is certified by the commissioner of health as an intermediate care facility, licensed by the commissioner of human services as a chemical dependency treatment program, and enrolled in the medical assistance program as an institution for mental disease. The commissioner of human services shall establish a medical assistance payment rate for these facilities. Chapter 14 does not apply to the procedures and criteria used to establish the ratesetting structure. The ratesetting method is not appealable.~~ *Upon receiving a recommendation from the commissioner*

*of health for a review of rates under section 144A.15, subdivision 6, the commissioner may grant an adjustment to the nursing home's payment rate. The commissioner shall review the recommendation of the commissioner of health, together with the nursing home's cost report to determine whether or not the deficiency or need can be corrected or met by reallocating nursing home staff, costs, revenues, or other resources including any investments, efficiency incentives, or allowances. If the commissioner determines that the deficiency cannot be corrected or the need cannot be met, the commissioner shall determine the payment rate adjustment by dividing the additional annual costs established during the commissioner's review by the nursing home's actual resident days from the most recent desk-audited cost report. The payment rate adjustment must meet the conditions in section 256B.47, subdivision 2, and shall remain in effect until the receivership under section 144A.15 ends, or until another date the commissioner sets.*

*Upon the subsequent sale or transfer of the nursing home, the commissioner may recover amounts paid through payment rate adjustments under this paragraph. The buyer or transferee shall repay this amount to the commissioner within 60 days after the commissioner notifies the buyer or transferee of the obligation to repay. The buyer or transferee must also repay the private-pay resident the amount the private-pay resident paid through payment rate adjustment.*

Sec. 75. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

*Subd. 7.* [ONE-TIME ADJUSTMENT TO NURSING HOME PAYMENT RATES TO COMPLY WITH OMNIBUS BUDGET RECONCILIATION ACT.] *The commissioner shall determine a one-time nursing staff adjustment to the payment rate to adjust payment rates to upgrade certain nursing homes' professional nursing staff complement to meet the minimum standards of 1987 Public Law Number 100-203. The adjustments to the payment rates determined under this subdivision cover cost increases to meet minimum standards for professional nursing staff. For a nursing home to be eligible for the payment rate adjustment, a nursing home must have all of its current licensed beds certified solely for the intermediate level of care. When the commissioner establishes that it is not cost effective to upgrade an eligible nursing home to the new minimum staff standards, the commissioner may exclude the nursing home if it is either an institution for mental disease or a nursing home that would have been determined to be an institution for mental disease, but for the fact that it has 16 or fewer licensed beds.*

*(a) The increased cost of professional nursing for an eligible nursing home shall be determined according to clauses (1) to (4):*

*(1) subtract from the number 8760 the compensated hours for professional nurses, both employed and contracted, and, if the result is greater than zero, then multiply the result by $4.55;*

*(2) subtract from the number 2920 the compensated hours for registered nurses, both employed and contracted, and, if the result is greater than zero, then multiply the result by $9.30;*

*(3) if an eligible nursing home has less than 61 licensed beds, the director of nurses' compensated hours must be included in the compensated hours for professional nurses in clause (1). If the director of nurses is also a*

*registered nurse, the director of nurses' hours must be included in the compensated hours for registered nurses in clause (2); and*

*(4) the one-time nursing staff adjustment to the payment rate shall be the sum of clauses (1) and (2) as adjusted by clause (3), if appropriate, and then divided by the nursing home's actual resident days for the reporting year ending September 30, 1988.*

*(b) The one-time nursing staff adjustment to the payment rate is effective from January 1, 1990, to June 30, 1991.*

*(c) If a nursing home is granted a waiver to the minimum professional nursing staff standards under Public Law Number 100-203 for either the professional nurse adjustment referred to in clause (1), or the registered nurse adjustment in clause (2), the commissioner must recover the portion of the nursing home's payment rate that relates to a one-time nursing staff adjustment granted under this subdivision. The amount to be recovered shall be based on the type and extent of the waiver granted.*

Sec. 76. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

*Subd. 8.* [ONETIME PER DIEM RATE ADJUSTMENT FOR INCREASED COSTS UNDER THE OMNIBUS BUDGET RECONCILIATION ACT.] *For the rate period January 1, 1990, through June 30, 1991, the commissioner shall add 30 cents per resident per day to the nursing home's payment rate. The adjustment must not be paid to freestanding boarding care homes.*

Sec. 77. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

*Subd. 9.* [ONETIME ADJUSTMENT FOR FREESTANDING BOARDING CARE HOMES TO COVER INCREASED COSTS UNDER THE OMNIBUS BUDGET RECONCILIATION ACT.] *(a) The commissioner shall determine a onetime adjustment to the payment rate of a freestanding boarding care home necessary for that home to comply with the provisions of Public Law Number 100-203 except those requirements outlined in subdivision 7. The adjustment to the payment rate determined under this subdivision covers increased costs for a medical director, nurse aide training for newly hired aides, ongoing in-service training for nurses aides, and other requirements identified by the commissioner that are required because of the Omnibus Budget Reconciliation Act of 1987. These costs will only be reimbursed if they are required in the final regulations pertaining to Public Law Number 100-203.*

*(b) Each facility eligible for this adjustment shall submit to the commissioner a detailed estimate of the cost increases the facility will incur for these costs.*

*(c) The costs that are determined by the commissioner to be reasonable and necessary for a freestanding boarding care home to comply with Public Law Number 100-203, except those costs outlined in subdivision 7, must be included in the calculation of the adjustment.*

*(d) The maximum allowable annual adjustment per bed is $300.*

*(e) The onetime adjustment is the cost allowed in paragraph (c), subject to the limits in paragraph (d), divided by the nursing home's actual resident days for the reporting year that ended September 30, 1988.*

*(f) The onetime adjustment determined is effective from January 1, 1990, to June 30, 1991.*

Sec. 78. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

*Subd. 10.* [APPRAISAL SAMPLE STABILIZATION AND SPECIAL REAPPRAISALS.] *(a) The percentage change in appraised values for nursing homes in the sample used for routine updating of appraised values under Minnesota Rules, part 9549.0060, subpart 2, shall be stabilized by eliminating from the sample of nursing home those appraisals that represent the five highest and the five lowest deviations from those nursing homes' previously established appraised values.*

*(b) A special reappraisal request must be submitted to the commissioner within 60 days after the project's completion date to be considered eligible for a special reappraisal. If a project has multiple completion dates or involves multiple projects, only projects or parts of projects with completion dates within one year of the completion date associated with a special reappraisal request can be included for the purpose of establishing the nursing home's eligibility for a special reappraisal. A facility which is eligible to request, has requested, or has received a special reappraisal during the calendar year must not be included in the random sample process used to determine the average percentage change in appraised value of nursing homes in the sample.*

Sec. 79. Minnesota Statutes 1988, section 256B.47, subdivision 3, is amended to read:

Subd. 3. [ALLOCATION OF COSTS.] To ensure the avoidance of double payments as required by section 256B.433, the direct and indirect reporting year costs of providing residents of nursing homes that are not hospital attached with therapy services that are billed separately from the nursing home payment rate or according to Minnesota Rules, parts 9500.0750 to 9500.1080, must be determined and deducted from the appropriate cost categories of the annual cost report as follows:

(a) The costs of wages and salaries for employees providing or participating in providing and consultants providing services shall be allocated to the therapy service based on direct identification.

(b) The costs of fringe benefits and payroll taxes relating to the costs in paragraph (a) must be allocated to the therapy service based on direct identification or the ratio of total costs in paragraph (a) to the sum of total allowable salaries and the costs in paragraph (a).

(c) The costs of housekeeping, plant operations and maintenance, real estate taxes, special assessments, ~~property~~ and insurance, other than the amounts classified as a fringe benefit, must be allocated to the therapy service based on the ratio of service area square footage to total facility square footage.

(d) The costs of bookkeeping and medical records must be allocated to the therapy service either by the method in paragraph (e) or based on direct identification. Direct identification may be used if adequate documentation is provided to, and accepted by, the commissioner.

(e) The costs of administrators, bookkeeping, and medical records salaries, except as provided in paragraph (d), must be allocated to the therapy service based on the ratio of the total costs in paragraphs (a) to (d) to the

sum of total allowable nursing home costs and the costs in paragraphs (a) to (d).

*(f) The cost of property must be allocated to the therapy service and removed from the rental per diem, based on the ratio of service area square footage to total facility square footage multiplied by the building capital allowance.*

Sec. 80. Minnesota Statutes 1988, section 256B.48, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED PRACTICES.] A nursing home is not eligible to receive medical assistance payments unless it refrains from all of the following:

(a) Charging private paying residents rates for similar services which exceed those which are approved by the state agency for medical assistance recipients as determined by the prospective desk audit rate, except under the following circumstances: the nursing home may (1) charge private paying residents a higher rate for a private room, and (2) charge for special services which are not included in the daily rate if medical assistance residents are charged separately at the same rate for the same services in addition to the daily rate paid by the commissioner. Services covered by the payment rate must be the same regardless of payment source. Special services, if offered, must be ~~offered~~ *available* to all residents *in all areas of the nursing home* and charged separately at the same rate. Residents are free to select or decline special services. Special services must not include services which must be provided by the nursing home in order to comply with licensure or certification standards and that if not provided would result in a deficiency or violation by the nursing home. Services beyond those required to comply with licensure or certification standards must not be charged separately as a special service if they were included in the payment rate for the previous reporting year. A nursing home that charges a private paying resident a rate in violation of this clause is subject to an action by the state of Minnesota or any of its subdivisions or agencies for civil damages. A private paying resident or the resident's legal representative has a cause of action for civil damages against a nursing home that charges the resident rates in violation of this clause. The damages awarded shall include three times the payments that result from the violation, together with costs and disbursements, including reasonable attorneys' fees or their equivalent. A private paying resident or the resident's legal representative, the state, subdivision or agency, or a nursing home may request a hearing to determine the allowed rate or rates at issue in the cause of action. Within 15 calendar days after receiving a request for such a hearing, the commissioner shall request assignment of an administrative law judge under sections 14.48 to 14.56 to conduct the hearing as soon as possible or according to agreement by the parties. The administrative law judge shall issue a report within 15 calendar days following the close of the hearing. The prohibition set forth in this clause shall not apply to facilities licensed as boarding care facilities which are not certified as skilled or intermediate care facilities level I or II for reimbursement through medical assistance.

(b) Requiring an applicant for admission to the home, or the guardian or conservator of the applicant, as a condition of admission, to pay any fee or deposit in excess of $100, loan any money to the nursing home, or promise to leave all or part of the applicant's estate to the home.

(c) Requiring any resident of the nursing home to utilize a vendor of

health care services who is a licensed physician or pharmacist chosen by the nursing home.

(d) Providing differential treatment on the basis of status with regard to public assistance.

(e) Discriminating in admissions, services offered, or room assignment on the basis of status with regard to public assistance *or refusal to purchase special services*. Admissions discrimination shall include, but is not limited to:

(1) basing admissions decisions upon assurance by the applicant to the nursing home, or the applicant's guardian or conservator, that the applicant is neither eligible for nor will seek public assistance for payment of nursing home care costs; and

(2) engaging in preferential selection from waiting lists based on an applicant's ability to pay privately *or an applicant's refusal to pay for a special service*.

The collection and use by a nursing home of financial information of any applicant pursuant to the preadmission screening program established by section 256B.091 shall not raise an inference that the nursing home is utilizing that information for any purpose prohibited by this paragraph.

(f) Requiring any vendor of medical care as defined by section 256B.02, subdivision 7, who is reimbursed by medical assistance under a separate fee schedule, to pay any amount based on utilization or service levels or any portion of the vendor's fee to the nursing home except as payment for renting or leasing space or equipment or purchasing support services from the nursing home as limited by section 256B.433. All agreements must be disclosed to the commissioner upon request of the commissioner. Nursing homes and vendors of ancillary services that are found to be in violation of this provision shall each be subject to an action by the state of Minnesota or any of its subdivisions or agencies for treble civil damages on the portion of the fee in excess of that allowed by this provision and section 256B.433. Damages awarded must include three times the excess payments together with costs and disbursements including reasonable attorney's fees or their equivalent.

(g) Refusing, for more than 24 hours, to accept a resident returning to the same bed or a bed certified for the same level of care, in accordance with a physician's order authorizing transfer, after receiving inpatient hospital services.

The prohibitions set forth in clause (b) shall not apply to a retirement home with more than 325 beds including at least 150 licensed nursing home beds and which:

(1) is owned and operated by an organization tax-exempt under section 290.05, subdivision 1, clause (i); and

(2) accounts for all of the applicant's assets which are required to be assigned to the home so that only expenses for the cost of care of the applicant may be charged against the account; and

(3) agrees in writing at the time of admission to the home to permit the applicant, or the applicant's guardian, or conservator, to examine the records relating to the applicant's account upon request, and to receive an audited statement of the expenditures charged against the applicant's individual

account upon request; and

(4) agrees in writing at the time of admission to the home to permit the applicant to withdraw from the home at any time and to receive, upon withdrawal, the balance of the applicant's individual account.

For a period not to exceed 180 days, the commissioner may continue to make medical assistance payments to a nursing home or boarding care home which is in violation of this section if extreme hardship to the residents would result. In these cases the commissioner shall issue an order requiring the nursing home to correct the violation. The nursing home shall have 20 days from its receipt of the order to correct the violation. If the violation is not corrected within the 20-day period the commissioner may reduce the payment rate to the nursing home by up to 20 percent. The amount of the payment rate reduction shall be related to the severity of the violation, and shall remain in effect until the violation is corrected. The nursing home or boarding care home may appeal the commissioner's action pursuant to the provisions of chapter 14 pertaining to contested cases. An appeal shall be considered timely if written notice of appeal is received by the commissioner within 20 days of notice of the commissioner's proposed action.

In the event that the commissioner determines that a nursing home is not eligible for reimbursement for a resident who is eligible for medical assistance, the commissioner may authorize the nursing home to receive reimbursement on a temporary basis until the resident can be relocated to a participating nursing home.

Certified beds in facilities which do not allow medical assistance intake on July 1, 1984, or after shall be deemed to be decertified for purposes of section 144A.071 only.

Sec. 81. Minnesota Statutes 1988, section 256B.48, subdivision 6, is amended to read:

Subd. 6. [MEDICARE CERTIFICATION.] *(a)* [DEFINITION.] *For purposes of this subdivision, "nursing facility" means a nursing home that is certified as a skilled nursing facility or, after September 30, 1990, a nursing home licensed under chapter 144A that is certified as a nursing facility.*

*(b)* [FULL MEDICARE PARTICIPATION REQUIRED.] All ~~nursing homes certified as skilled~~ nursing facilities ~~under the medical assistance program~~ shall *fully* participate in Medicare part A and part B unless, after submitting an application, Medicare certification is denied by the federal health care financing administration. Medicare review shall be conducted at the time of the annual medical assistance review. Charges for medicare-covered services provided to residents who are simultaneously eligible for medical assistance and Medicare must be billed to Medicare part A or part B before billing medical assistance. Medical assistance may be billed only for charges not reimbursed by Medicare.

~~Until September 30, 1987, the commissioner of health may grant exceptions from this requirement when a nursing home submits a written request for exception and it is determined that there is sufficient participation in the Medicare program to meet the needs of Medicare beneficiaries in that region of the state. For the purposes of this section, the relevant region is the county in which the nursing home is located together with contiguous Minnesota counties. There is sufficient participation in the Medicare program in a particular region when the proportion of skilled resident days paid by the Medicare program is at least equal to the national average~~

~~based on the most recent figure that can be supplied by the federal health care financing administration. A nursing home that is granted an exception under this subdivision must give appropriate notice to all applicants for admission that Medicare coverage is not available in the nursing home and publish this fact in all literature and advertisement related to the nursing home.~~

*(c)* [UNTIL SEPTEMBER 30, 1990.] *Until September 30, 1990, a nursing facility satisfies the requirements of paragraph (b) if: (1) at least 50 percent of the facility's beds that are licensed under section 144A and certified as skilled nursing beds under the medical assistance program are Medicare certified; or (2) if a nursing facility's beds are licensed under section 144A, and some are medical assistance certified as skilled nursing beds and others are Medical assistance certified as intermediate care facility I beds, at least 50 percent of the facility's total skilled nursing beds and intermediate care facility I beds or 100 percent of its skilled nursing beds, whichever is less, are Medicare certified.*

*(d)* [OCTOBER 1, 1990, TO JUNE 30, 1991.] *After September 30, 1990, and until June 30, 1991, a nursing facility satisfies the requirements of paragraph (b) if at least 50 percent of the facility's beds certified as nursing facility beds under the medical assistance program are Medicare certified.*

*(e)* [AFTER JUNE 30, 1991.] *After June 30, 1991, a nursing facility satisfies the requirements of paragraph (b) if 100 percent of the facility's beds that are certified as nursing facility beds under the medical assistance program are Medicare certified.*

*(f)* [PROHIBITED TRANSFERS.] *A resident in a skilled nursing bed or, after September 30, 1990, a resident in any nursing facility bed, who is eligible for medical assistance and who becomes eligible for Medicare has the right to refuse an intrafacility skilled nursing bed transfer if the commissioner approves the exception request based on written documentation submitted by a physician that the transfer would create or contribute to a health problem for the resident. A resident who is occupying a skilled nursing bed or, after September 30, 1990, a nursing facility bed certified by the medical assistance and Medicare programs, has the right to refuse a transfer if the resident's bed is needed for a Medicare-eligible patient or private-pay patient and if the commissioner approves the exception based on written documentation submitted by a physician that the transfer would create or contribute to a health problem for the resident.*

*(g)* [INSTITUTIONS FOR MENTAL DISEASE.] *The commissioner may grant exceptions to the requirements of paragraph (b) for nursing facilities that are designated as institutions for mental disease.*

*(h)* [NOTICE OF RIGHTS.] *The commissioner shall inform recipients of their rights under this subdivision and section 144.651, subdivision 29.*

Sec. 82. Minnesota Statutes 1988, section 256B.48, subdivision 8, is amended to read:

Subd. 8. [NOTIFICATION TO A SPOUSE.] When a private pay resident who has not yet been screened by the preadmission screening team is admitted to a nursing home or boarding care facility, the nursing home or boarding care facility must notify the resident and the resident's spouse of the following:

(1) their right to retain certain resources under sections 256B.14, subdivision 2, and 256B.17; and

(2) that the federal Medicare hospital insurance benefits program covers posthospital extended care services in a qualified skilled nursing facility for up to ~~100~~ *150* days and that there are several limitations on this benefit. The resident and the resident's family must be informed about all mechanisms to appeal limitations imposed under this federal benefit program.

This notice may be included in the nursing home's or boarding care facility's admission agreement and must clearly explain what resources the resident and spouse may retain if the resident applies for medical assistance. The department of human services must notify nursing homes and boarding care facilities of changes in the determination of medical assistance eligibility that relate to resources retained by a resident and the resident's spouse.

The preadmission screening team has primary responsibility for informing all private pay applicants to a nursing home or boarding care facility of the resources the resident and spouse may retain.

Sec. 83. [256B.495] [LONG-TERM CARE RECEIVERSHIP FEES.]

*Subdivision 1.* [PAYMENT OF RECEIVERSHIP FEES.] *The commissioner in consultation with the commissioner of health may establish a receivership fee payment that exceeds a long-term care facility payment rate when the commissioner of health determines a long-term care facility is subject to the receivership provisions under section 144A.14 or 144A.15 or the commissioner of human services determines that a facility is subject to the receivership under section 245A.12 or 245A.13. In establishing the receivership fee payment, the commissioner must reduce the receiver's requested receivership fee by amounts that the commissioner determines are included in the long-term care facility's payment rate and that can be used to cover part or all of the receivership fee. Amounts that can be used to reduce the receivership fee shall be determined by reallocating facility staff or costs that were formerly paid by the long-term care facility before the receivership and are no longer required to be paid. The amounts may include any efficiency incentive, allowance, and other amounts not specifically required to be paid for expenditures of the long-term care facility.*

*If the receivership fee cannot be covered by amounts in the long-term care facility's payment rate, a receivership fee payment shall be set according to paragraphs (a) and (b) and payment shall be according to paragraphs (c) to (e).*

*(a) The receivership fee per diem shall be determined by dividing the annual receivership fee payment by the long-term care facility's resident days from the most recent cost report for which the commissioner has established a payment rate or the estimated resident days in the projected receivership fee period.*

*(b) The receivership fee per diem shall be added to the long-term care facility's payment rate.*

*(c) Notification of the payment rate increase must meet the requirements of section 256B.47, subdivision 2.*

*(d) The payment rate in paragraph (b) for a nursing home shall be effective the first day of the month following the receiver's compliance with the notice conditions in paragraph (c). The payment rate in paragraph (b)*

*for an intermediate care facility for the mentally retarded shall be effective on the first day of the rate year in which the receivership fee per diem is determined.*

*(e) The commissioner may elect to make a lump sum payment of a portion of the receivership fee to the receiver. In this case, the commissioner and the receiver shall agree to a repayment plan. Regardless of whether the commissioner makes a lump sum payment under this paragraph, the provisions of paragraphs (a) to (d) and subdivision 2 also apply.*

*Subd. 2.* [DEDUCTION OF RECEIVERSHIP FEE PAYMENTS UPON TERMINATION OF RECEIVERSHIP.] *If the commissioner has established a receivership fee per diem for a long-term care facility in receivership, the commissioner must deduct the receivership fee payments according to paragraphs (a) to (c).*

*(a) The total receivership fee payments shall be the receivership fee per diem multiplied by the number of resident days for the period of the receivership fee payments. If actual resident days for the receivership fee payment period are not made available within two weeks of the commissioner's written request, the commissioner shall compute the resident days by prorating the facility's resident days based on the number of calendar days from each portion of the long-term care facility's reporting years covered by the receivership period.*

*(b) The amount determined in paragraph (a) must be divided by the long-term care facility's resident days for the reporting year in which the receivership period ends.*

*(c) The per diem amount in paragraph (b) shall be subtracted from the long-term care facility's operating cost payment rate for the rate year following the reporting year in which the receivership period ends.*

*Subd. 3.* [REESTABLISHMENT OF RECEIVERSHIP FEE PAYMENT.] *The commissioner of health may request the commissioner to reestablish the receivership fee payment when the original terms of the receivership fee payment have significantly changed with regard to the cost or duration of the receivership agreement. The commissioner, in consultation with the commissioner of health, may reestablish the receivership fee payment when the commissioner determines the cost or duration of the receivership agreement has significantly changed. The provisions of developing a receivership fee payment in subdivisions 1 and 2 apply to the reestablishment process.*

Sec. 84. Minnesota Statutes 1988, section 256B.501, subdivision 3, is amended to read:

Subd. 3. [RATES FOR INTERMEDIATE CARE FACILITIES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.] The commissioner shall establish, by rule, procedures for determining rates for care of residents of intermediate care facilities for persons with mental retardation or related conditions. The procedures shall be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of residents in efficiently and economically operated facilities. In developing the procedures, the commissioner shall include:

(a) cost containment measures that assure efficient and prudent management of capital assets and operating cost increases which do not exceed increases in other sections of the economy;

(b) limits on the amounts of reimbursement for property, general and administration, and new facilities;

(c) requirements to ensure that the accounting practices of the facilities conform to generally accepted accounting principles;

(d) incentives to reward accumulation of equity;

(e) a revaluation on sale *between unrelated organizations* for a facility that, for at least three years before its use as an intermediate care facility, has been used by the seller as a single family home and been claimed by the seller as a homestead, and was not revalued immediately prior to or upon entering the medical assistance program, provided that the facility revaluation not exceed the amount permitted by the Social Security Act, section 1902(a)(13); and

(f) appeals procedures that satisfy the requirements of section 256B.50 for appeals of decisions arising from the application of standards or methods pursuant to Minnesota Rules, parts 9510.0500 to 9510.0890, 9553.0010 to 9553.0080, and 12 MCAR 2.05301 to 2.05315 (temporary).

In establishing rules and procedures for setting rates for care of residents in intermediate care facilities for persons with mental retardation or related conditions, the commissioner shall consider the recommendations contained in the February 11, 1983, Report of the Legislative Auditor on Community Residential Programs for the Mentally Retarded and the recommendations contained in the 1982 Report of the Department of Public Welfare Rule 52 Task Force. Rates paid to supervised living facilities for rate years beginning during the fiscal biennium ending June 30, 1985, shall not exceed the final rate allowed the facility for the previous rate year by more than five percent.

Sec. 85. Minnesota Statutes 1988, section 256B.501, subdivision 3g, is amended to read:

Subd. 3g. [ASSESSMENT OF RESIDENTS.] For rate years beginning on or after October 1, 1990, the commissioner shall establish program operating cost rates for care of residents in facilities that take into consideration service characteristics of residents in those facilities. To establish the service characteristics of residents, the quality assurance and review teams in the department of health shall assess all residents annually beginning January 1, 1989, using a uniform assessment instrument developed by the commissioner. This instrument shall include assessment of the client's behavioral needs, integration into the community, ability to perform activities of daily living, medical and therapeutic needs, and other relevant factors determined by the commissioner. The commissioner may ~~establish procedures to adjust the program operating costs of facilities based on a comparison of client services characteristics, resource needs, and costs.~~ *adjust the program operating cost rates of facilities based on a comparison of client service characteristics, resource needs, and costs. The commissioner may adjust a facility's payment rate during the rate year when accumulated changes in the facility's average service units exceed the minimums established in the rules required by subdivision 3j.*

Sec. 86. Minnesota Statutes 1988, section 256B.501, is amended by adding a subdivision to read:

*Subd. 3k.* [EXPERIMENTAL PROJECT.] *The commissioner of human services may conduct and administer experimental projects to determine*

*the effects of competency-based wage adjustments for direct-care staff on the quality of care and active treatment for persons with mental retardation or related conditions. The commissioner shall authorize one project under the following conditions:*

*(a) One service provider will participate in the project.*

*(b) The vendor must have an existing competency-based training curriculum and a proposed salary schedule that is coordinated with the training package.*

*(c) The University of Minnesota affiliated programs must approve the content of the training package and assist the vendor in studying the impact on service delivery and outcomes for residents under a competency-based salary structure. The study and its conclusions must be presented to the commissioner at the conclusion of the project.*

*(d) The project will last no more than 21 months from its inception.*

*(e) The project will be funded by Title XIX, medical assistance and the costs incurred shall be allowable program operating costs for future rate years under Minnesota Rules, parts 9553.0010 to 9553.0080. The project's total annual cost must not exceed $49,500. The commissioner shall establish an adjustment to the selected facility's per diem by dividing the $49,500 by the facility's actual resident days for the reporting year ending December 31, 1988. The facility's experimental training project per diem shall be effective on October 1, 1989, and shall remain in effect for the 21-month period ending June 30, 1991.*

*(f) Only service vendors who have submitted a determination of need pursuant to Minnesota Rules, parts 9525.0015 to 9525.0165, and Minnesota Statutes, section 252.28, requesting the competency-based training program cost increase are eligible. Furthermore, they are only eligible if their determination of need was approved prior to January 1, 1989, and funds were not available to implement the plan.*

Sec. 87. Minnesota Statutes 1988, section 256B.69, subdivision 4, is amended to read:

Subd. 4. [LIMITATION OF CHOICE.] The commissioner shall develop criteria to determine when limitation of choice may be implemented in the experimental counties. The criteria shall ensure that all eligible individuals in the county have continuing access to the full range of medical assistance services as specified in subdivision 6. The commissioner shall exempt the following persons from participation in the project, in addition to those who do not meet the criteria for limitation of choice: (1) persons eligible for medical assistance according to section 256B.055, subdivision 1, or who are in foster placement; ~~and~~ (2) persons eligible for medical assistance due to blindness or disability as determined by the social security administration or the state medical review team, unless they are 65 years of age or older; *(3) recipients who currently have private coverage through a health maintenance organization; and (4) recipients who are eligible for medical assistance by spending down excess income for medical expenses other than the nursing facility per diem expense*. Before limitation of choice is implemented, eligible individuals shall be notified and after notification, shall be allowed to choose only among demonstration providers. After initially choosing a provider, the recipient is allowed to change that choice only at specified times as allowed by the commissioner. *If a demonstration provider ends participation in the project for any reason, a recipient enrolled*

*with that provider must select a new provider but may change providers without cause once more within the first 60 days after enrollment with the second provider.*

Sec. 88. Minnesota Statutes 1988, section 256B.69, subdivision 5, is amended to read:

Subd. 5. [PROSPECTIVE PER CAPITA PAYMENT.] The ~~project advisory committees with the~~ commissioner shall establish the method and amount of payments for services. The commissioner shall annually contract with demonstration providers to provide services consistent with these established methods and amounts for payment. Notwithstanding section 62D.02, subdivision 1, payments for services rendered as part of the project may be made to providers that are not licensed health maintenance organizations on a risk-based, prepaid capitation basis.

If allowed by the commissioner, a demonstration provider may contract with an insurer, health care provider, nonprofit health service plan corporation, or the commissioner, to provide insurance or similar protection against the cost of care provided by the demonstration provider or to provide coverage against the risks incurred by demonstration providers under this section. The recipients enrolled with a demonstration provider are a permissible group under group insurance laws and chapter 62C, the Nonprofit Health Service Plan Corporations Act. Under this type of contract, the insurer or corporation may make benefit payments to a demonstration provider for services rendered or to be rendered to a recipient. Any insurer or nonprofit health service plan corporation licensed to do business in this state is authorized to provide this insurance or similar protection.

Payments to providers participating in the project are exempt from the requirements of sections 256.966 and 256B.03, subdivision 2. The commissioner shall complete development of capitation rates for payments before delivery of services under this section is begun. *For payments made during calendar year 1990 and later years, the commissioner shall contract with an independent actuary to establish prepayment rates.*

Sec. 89. Minnesota Statutes 1988, section 256B.69, subdivision 11, is amended to read:

Subd. 11. [APPEALS.] A recipient may appeal to the commissioner a demonstration provider's delay or refusal to provide services, *according to section 256.045*. ~~The commissioner shall appoint a panel of health practitioners, including social service practitioners, as necessary to determine the necessity of services provided or refused to a recipient. The deliberations and decisions of the panel replace the administrative review process otherwise available under chapter 256. The panel shall follow the time requirements and other provisions of the Code of Federal Regulations, title 42, sections 431.200 to 431.246. The time requirements shall be expedited based on request by the individual who is appealing for emergency services. If a service is determined to be necessary and is included among the benefits for which a recipient is enrolled, the service must be provided by the demonstration provider as specified in subdivision 5. The panel's decision is a final agency action.~~

Sec. 90. Minnesota Statutes 1988, section 256B.69, is amended by adding a subdivision to read:

*Subd. 17.* [CONTINUATION OF PREPAID MEDICAL ASSISTANCE.] *The commissioner may continue the provisions of this section after June*

*30, 1990, in any or all of the participating counties if necessary federal authority is granted. The commissioner may adopt permanent rules to continue prepaid medical assistance in these areas.*

Sec. 91. Minnesota Statutes 1988, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person:

(1) who is eligible for assistance under section 256D.05 or 256D.051 and is not eligible for medical assistance under chapter 256B; or

(2) *(i)* who is a resident of Minnesota; ~~whose income as calculated under chapter 256B is not in excess of the medical assistance standards or whose excess income is spent down pursuant to chapter 256B;~~ and whose equity in ~~resources~~ *assets* is not in excess of $1,000 per assistance unit. Exempt ~~real and liquid~~ assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B~~.~~*; and*

*(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. The earned income deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except for the disregard of the first $50 of earned income; or*

*(3) who is over age 18 and who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.*

(b) Eligibility is available for the month of application and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care may be paid for a person, regardless of age, who is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, if the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the local agency to meet the requirements of medical assistance.

*(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care,*

*unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired.*

Sec. 92. Minnesota Statutes 1988, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) Reimbursement under the general assistance medical care program shall be limited to the following categories of service: inpatient hospital care, outpatient hospital care, services provided by Medicare certified rehabilitation agencies, prescription drugs, equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level, eyeglasses and eye examinations provided by a physician or optometrist, hearing aids, prosthetic devices, laboratory and X-ray services, physician's services, medical transportation, chiropractic services as covered under the medical assistance program, podiatric services, and dental care. In addition, payments of state aid shall be made for:

(1) outpatient services provided by a mental health center or clinic that is under contract with the county board and is certified under Minnesota Rules, parts ~~9520.0750~~ *9520.0010* to ~~9520.0870~~ *9520.0230*;

(2) day treatment services *for mental illness* provided under contract with the county board; ~~and~~

(3) prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization~~.~~*;*

*(4) case management services for a person with serious and persistent mental illness who would be eligible for medical assistance except that the person resides in an institution for mental diseases;*

*(5) psychological services, medical supplies and equipment, and Medicare premiums, coinsurance and deductible payments for a person who would be eligible for medical assistance except that the person resides in an institution for mental diseases; and*

*(6) equipment not specifically listed in this paragraph when the use of the equipment will prevent the need for costlier services that are reimbursable under this subdivision.*

(b) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary

services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. ~~The rates payable under this section must be calculated according to section 256B.031, subdivision~~ 4 *For payments made during fiscal year 1990 and later years, the commissioner shall contract with an independent actuary to establish prepayment rates.*

(c) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986 to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987 to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987, to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below

the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988, to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(d) Any county may, from its own resources, provide medical ~~$~~ payments for which state payments are not made.

(e) Chemical dependency services that are reimbursed under Laws 1986, chapter 394, sections 8 to 20, must not be reimbursed under general assistance medical care.

(f) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

(b) Mental health data shall be treated as provided in subdivisions 7, 8, and 9, but is not subject to the access provisions of subdivision 10, paragraph (b).

Sec. 2. Minnesota Statutes 1988, section 237.70, subdivision 7, is amended to read:

Subd. 7. [ADMINISTRATION.] The telephone assistance plan must be administered jointly by the commission, the department of human services, and the telephone companies in accordance with the following guidelines:

(a) The commission and the department of human services shall develop an application form that must be completed by the subscriber for the purpose of certifying eligibility for telephone assistance plan credits to the telephone companies. *The application must contain the applicant's social security number. Applications without a social security number will be denied.* Each telephone company shall annually mail a notice of the availability of the telephone assistance plan to each residential subscriber in a regular billing and shall mail the application form to customers when requested.

The notice must state the following:

YOU MAY BE ELIGIBLE FOR ASSISTANCE IN PAYING YOUR TELEPHONE BILL IF YOU MEET CERTAIN HOUSEHOLD INCOME LIMITS, AND YOU ARE 65 YEARS OF AGE OR OLDER OR ARE DISABLED. FOR MORE INFORMATION OR AN APPLICATION FORM PLEASE

CONTACT . . . . . .

(b) The department of human services shall determine the eligibility for telephone assistance plan credits at least annually according to the criteria contained in subdivision 4a.

(c) Each telephone company shall provide telephone assistance plan credits against monthly charges in the earliest possible month following receipt of an application form and shall continue to provide credits unless notified that the subscriber is ineligible. The company shall cease granting credits at the earliest possible billing cycle when notified by the department of human services that the subscriber is ineligible.

(d) The commission shall serve as the coordinator of the telephone assistance plan and be reimbursed for its administrative expenses from the surcharge revenue pool. As the coordinator, the commission shall:

(1) establish a uniform statewide surcharge in accordance with subdivision 6;

(2) establish a uniform statewide level of telephone assistance plan credit that each telephone company shall extend to each eligible household in its service area;

(3) require each telephone company to account to the commission on a periodic basis for surcharge revenues collected by the company, expenses incurred by the company, not to include expenses of collecting surcharges, and credits extended by the company under the telephone assistance plan;

(4) require each telephone company to remit surcharge revenues to the department of administration for deposit in the fund; and

(5) remit to each telephone company from the surcharge revenue pool the amount necessary to compensate the company for expenses, not including expenses of collecting the surcharges, and telephone assistance plan credits. When it appears that the revenue generated by the maximum surcharge permitted under subdivision 6 will be inadequate to fund any particular established level of telephone assistance plan credits, the commission shall reduce the credits to a level that can be adequately funded by the maximum surcharge. Similarly, the commission may increase the level of the telephone assistance plan credit that is available or reduce the surcharge to a level and for a period of time that will prevent an unreasonable overcollection of surcharge revenues.

(e) Each telephone company shall maintain adequate records of surcharge revenues, expenses, and credits related to the telephone assistance plan and shall, as part of its annual report or separately, provide the commission and the department of public service with a financial report of its experience under the telephone assistance plan for the previous year. That report must also be adequate to satisfy the reporting requirements of the federal matching plan.

(f) The department of public service shall investigate complaints against telephone companies with regard to the telephone assistance plan and shall report the results of its investigation to the commission.

Sec. 3. Minnesota Statutes 1988, section 237.701, subdivision 1, is amended to read:

Subdivision 1. [TELEPHONE ASSISTANCE FUND.] The telephone assistance fund is created as a separate account in the state treasury to consist of amounts received by the department of administration representing

the surcharge authorized by section 237.70, subdivision 6, and amounts earned on the fund assets. Money in the fund may be used only for:

(1) reimbursement to telephone companies for expenses and credits allowed in section 237.70, subdivision 7, paragraph (d), clause (5);

(2) reimbursement of the administrative expenses of the department of human services ~~from January 1, 1988, to June 30, 1989,~~ to implement sections 237.69 to 237.71, not to exceed ~~$90,000~~ *$180,000 annually*; and

(3) reimbursement of the administrative expenses of the commission not to exceed $25,000 annually.

Sec. 4. Minnesota Statutes 1988, section 245.771, subdivision 3, is amended to read:

Subd. 3. [EMPLOYMENT AND TRAINING PROGRAMS.] *The commissioner of human services, in consultation with the commissioner of jobs and training, is authorized to implement and allocate money to food stamp employment and training programs in as many counties as is necessary to meet federal participation requirements and comply with federal laws and regulations.* The commissioner of human services may contract with the commissioner of jobs and training to implement and supervise employment and training programs for food stamp recipients that are required by federal regulations.

Sec. 5. Minnesota Statutes 1988, section 256.014, subdivision 1, is amended to read:

Subdivision 1. [ESTABLISHMENT OF SYSTEMS.] The commissioner of human services shall establish and enhance computer systems necessary for the efficient operation of the programs the commissioner supervises, including:

(1) management and administration of the food stamp and income maintenance programs;

(2) ~~the central clearinghouse project for~~ *management and administration of* the child support enforcement program; and

(3) administration of medical assistance and general assistance medical care.

The commissioner shall distribute the nonfederal share of the costs of operating and maintaining the systems to the commissioner and to the counties participating in the system in a manner that reflects actual system usage, *except that the nonfederal share of the costs of the MAXIS computer system and child support enforcement systems shall be born entirely by the commissioner*. Development costs must not be assessed against local agencies.

Sec. 6. [256.031] [MINNESOTA FAMILY INVESTMENT PLAN.]

*Subdivision 1.* [CITATION.] *Sections 256.031 to 256.036 may be cited as the Minnesota family investment plan.*

*Subd. 2.* [LEGISLATIVE FINDINGS.] *The legislature recognizes the need to fundamentally change the way government supports families. The legislature finds that many features of the current system of public assistance do not help families carry out their two basic functions: the economic support of the family unit and the care and nurturing of children. The legislature*

*recognizes that the Minnesota family investment plan is an investment strategy that will support and strengthen the family's social and financial functions. This investment in families will provide long-term benefits through stronger and more independent families.*

*Subd. 3.* [AUTHORIZATION FOR THE DEMONSTRATION.] *The commissioner of human services, in consultation with the commissioners of education, finance, jobs and training, health, and planning, and the directors of the higher education coordinating board and the office of jobs policy, is authorized to proceed with the planning and designing of the Minnesota family investment plan and test policies, methods, and cost impact on an experimental basis by using field trials. Sections 256.031 to 256.033 describe the basic principles of the program. Sections 256.034 to 256.036 provide a basis for congressional action. Using sections 256.031 to 256.036, the commissioner shall seek congressional authority to implement the program in field trials. After obtaining congressional authority to implement the Minnesota family investment plan in field trials, the commissioner shall request specific appropriations from the legislature to implement field trials. The field trials must be conducted for as many years as necessary, and in different geographical settings, to provide reliable instruction about the desirability of expanding the program statewide.*

*Subd. 4.* [GOALS OF THE MINNESOTA FAMILY INVESTMENT PLAN.] *The commissioner shall design the program to meet the following goals:*

*(1) to support families' transition to financial independence by emphasizing options, removing barriers to work and education, providing necessary support services, and building a supportive network of education, employment and training, health, social, counseling, and family-based services;*

*(2) to allow resources to be more effectively and efficiently focused on investing in families by removing the complexity of current rules and procedures and consolidating public assistance programs;*

*(3) to prevent long-term dependence on public assistance through paternity establishment, child support enforcement, emphasis on education and training, and early intervention with minor parents; and*

*(4) to provide families with an opportunity to increase their living standard by rewarding efforts aimed at transition to employment and by allowing families to keep a greater portion of earnings when they become employed.*

*Subd. 5.* [FEDERAL WAIVERS.] *The commissioner of human services shall seek authority from Congress to implement the Minnesota family investment plan on a demonstration basis. If necessary, the commissioner shall seek waivers of compliance with requirements for: aid to families with dependent children under United States Code, title 42, sections 601 to 679a, as amended; medical assistance under United States Code, title 42, sections 1396 to 1396s, as amended; food stamps under United States Code, title 7, sections 2011 to 2030, as amended; and other federal requirements that would inhibit implementation of the Minnesota family investment plan. The commissioner shall seek terms from the federal government that are consistent with the goals of the Minnesota family investment plan. The commissioner shall also seek terms from the federal government that will maximize federal financial participation so that the extra costs to the state of implementing the program are minimized, to the extent that those terms are consistent with*

*the goals of the Minnesota family investment plan. An agreement with the federal government under this section shall provide that the agreements may be canceled by the state or federal government upon six months' notice or immediately upon mutual agreement. If the agreements are canceled, families receiving assistance under the Minnesota family investment plan who are eligible for the aid to families with dependent children, general assistance, medical assistance, general assistance medical care, and the food stamp programs must be placed on those programs.*

Sec. 7. [256.032] [DEFINITIONS.]

*Subdivision 1.* [SCOPE OF DEFINITIONS.] *The terms used in sections 256.031 to 256.036 have the meanings given them unless otherwise provided or indicated by the context.*

*Subd. 2.* [CAREGIVER.] *"Caregiver" means a minor child's natural or adoptive parent or parents who live in the home with the minor child. For purposes of determining eligibility for this program, "caregiver" also means any of the following individuals who live with and provide care and support to a minor child when the minor child's natural or adoptive parent or parents do not reside in the same home: grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle, aunt, first cousin, nephew, niece, persons of preceding generations as denoted by prefixes of "great" or "great-great," or a spouse of any person named in the above groups even after the marriage ends by death or divorce.*

*Subd. 3.* [CASE MANAGEMENT.] *"Case management" means the assessment of family needs and coordination of services necessary to support the family in its social and economic roles, in addition to the services described in section 256.736, subdivision 11.*

*Subd. 4.* [COMMISSIONER.] *"Commissioner" means the commissioner of human services or a designee.*

*Subd. 5.* [CONTRACT.] *"Contract" means a family self-sufficiency plan, described in section 256.035, subdivision 7, based on the case manager's assessment of the family's needs and abilities and developed, together with a parental caregiver, by a county agency or its designee.*

*Subd. 6.* [DEPARTMENT.] *"Department" means the department of human services.*

*Subd. 7.* [FAMILY.] *For purposes of determining eligibility for this program, "family" includes the following individuals who live together: a minor child or a group of minor children related to each other as siblings, half siblings, stepsiblings, or adopted siblings, together with their natural or adoptive parents, or their caregiver as defined in subdivision 2. "Family" also includes a pregnant woman in the third trimester of pregnancy with no children.*

*Subd. 8.* [FAMILY WAGE LEVEL.] *"Family wage level" means 120 percent of the transitional standard, as defined in subdivision 13.*

*Subd. 9.* [ORIENTATION.] *"Orientation" means a presentation that meets the requirements of section 256.736, subdivision 10a, provides information to caregivers about the Minnesota family investment plan, and encourages parental caregivers to engage in activities that will stabilize the family and lead to self-sufficiency.*

*Subd. 10.* [PROGRAM.] *"Program" means the Minnesota family investment plan.*

*Subd. 11.* [SIGNIFICANT CHANGE.] *"Significant change" means a change of ten percent or $50, whichever is less, in monthly gross family earned income, or a change in family composition.*

*Subd. 12.* [TRANSITIONAL STATUS.] *"Transitional status" means the status of caregivers who are independently pursuing self-sufficiency or caregivers who are complying with the terms of a contract with a county agency or its designee.*

*Subd. 13.* [TRANSITIONAL STANDARD.] *"Transitional standard" means the sum of the AFDC standard of assistance and the full cash value of food stamps for a family of the same size and composition in effect when implementation of the Minnesota family investment plan begins. This standard applies to families in which the parental caregiver is in transitional status and to families in which the caregiver is exempt from having a contract or is exempt from complying with the terms of the contract. Full cash value of food stamps is the amount of the cash value of food stamps to which a family of a given size would be entitled for a month, determined by assuming unearned income equal to the AFDC standard for a family of that size and composition and subtracting the standard deduction and maximum shelter deduction from gross family income, as allowed under the Food Stamp Act of 1977, as amended, and Public Law Number 100-435. The assistance standard for a family consisting of a pregnant woman in the third trimester of pregnancy with no children must equal the assistance standard for one adult and one child.*

Sec. 8. [256.033] [ELIGIBILITY FOR THE MINNESOTA FAMILY INVESTMENT PLAN.]

*Subdivision 1.* [ELIGIBILITY CONDITIONS.] *A family is eligible for and entitled to assistance under the Minnesota family investment plan if:*

*(1) the family's net income, after deducting an amount to cover taxes and actual dependent care costs up to the maximum disregarded under United States Code, title 42, section 602(a)(8)(A)(iii), does not exceed the applicable standard of assistance for that family as defined under section 256.032, subdivision 13; and*

*(2) the family's nonexcluded resources do not exceed $2,000.*

*Subd. 2.* [DETERMINATION OF FAMILY INCOME.] *The aid to families with dependent children income exclusions listed in Code of Federal Regulations, title 45, sections 233.20(a)(3) and 233.20(a)(4), must be used when determining a family's available income, except that:*

*(1) the disregard of the first $75 of gross earned income is replaced with a single disregard described in section 256.035, subdivision 4, paragraph (a);*

*(2) all earned income of a minor child receiving assistance through the Minnesota family investment plan is excluded when the child is attending school at least half-time;*

*(3) all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments are excluded in accordance with 42 United States Code, section 602(a)(8)(A)(viii);*

*(4) educational grants and loans as provided in section 256.74, subdivision 1, clause (2), are excluded; and*

*(5) all other income listed in Minnesota Rules, part 9500.2380, subpart 2, is excluded.*

*Subd. 3.* [DETERMINATION OF FAMILY RESOURCES.] *When determining a family's resources, the following are excluded:*

*(1) the family's home, together with the surrounding property not separated from the home by intervening property owned by others;*

*(2) one burial plot for each family member;*

*(3) one prepaid burial contract with an equity value of no more than $1,500 for each member of the family;*

*(4) licensed automobiles, trucks, or vans up to a total equity value of $4,500;*

*(5) the value of personal property needed to produce earned income, including tools, implements, farm animals, and inventory;*

*(6) the entire equity value of a motor vehicle determined to be necessary for the operation of a self-employment business; and*

*(7) clothing, necessary household furniture, equipment, and other basic maintenance items essential for daily living.*

*Subd. 4.* [TREATMENT OF SSI AND MSA.] *The monthly benefits and any other income received through the supplemental security income or Minnesota supplemental aid programs and any real or personal property of a person receiving supplemental security income or Minnesota supplemental aid must be excluded in determining the family's eligibility for the Minnesota family investment plan and the amount of assistance. In determining the amount of assistance to be paid to the family, the needs of the person receiving supplemental security income or Minnesota supplemental aid must not be taken into account.*

*Subd. 5.* [ABILITY TO APPLY FOR FOOD STAMPS.] *A family that is ineligible for assistance through the Minnesota family investment plan due to income or resources may apply for, and if eligible receive, benefits under the food stamp program.*

Sec. 9. [256.034] [PROGRAM SIMPLIFICATION.]

*Subdivision 1.* [CONSOLIDATION OF TYPES OF ASSISTANCE.] ***Under the Minnesota family investment plan, assistance previously provided to families through the AFDC, food stamp, and general assistance programs must be combined into a single cash assistance program. If authorized by Congress, families receiving assistance through the Minnesota family investment plan are automatically eligible for and entitled to medical assistance under chapter 256B. Federal, state, and local funds that would otherwise be allocated for assistance to families under the AFDC, food stamp, and general assistance programs must be transferred to the Minnesota family investment plan. The provisions of the Minnesota family investment plan prevail over any provisions of sections 256.72 to 256.87 or 256D.01 to 256D.21 with which they are irreconcilable. The food stamp, general assistance, and work readiness programs for single persons and couples who are not responsible for the care of children are not replaced by the Minnesota family investment plan.***

*Subd. 2.* [COUPON OPTION.] *Families have the option to receive a portion of their assistance, designated by the commissioner, in the form of food coupons or vendor payments.*

*Subd. 3.* [MODIFICATION OF ELIGIBILITY TESTS.] *(a) A needy family is eligible and entitled to receive assistance under the program even if its children are not found to be deprived of parental support or care by reason of death, continued absence from the home, physical or mental incapacity of a parent, or unemployment of a parent, provided the family's income and resources do not exceed the eligibility requirements in section 256.033. In addition, a family member who is physically and mentally fit, who is between the ages of 18 and 60 years, who is enrolled at least half time in an institution of higher education, and whose family income and resources do not exceed the eligibility requirements in section 256.033, is eligible for assistance under the Minnesota family investment plan even if the conditions for eligibility as prescribed under the federal Food Stamp Act of 1977, as amended, are not met.*

*(b) An applicant for, or a person receiving, assistance under the Minnesota family investment plan is considered to have assigned to the public agency responsible for child support enforcement at the time of application all rights to child support and maintenance from any other person the applicant may have in the applicant's own behalf or on behalf of any other family member for whom application is made under the Minnesota family investment plan. The provisions of section 256.74, subdivision 5, govern the assignment. An applicant for, or a person receiving, assistance under the Minnesota family investment plan shall cooperate with the efforts of the county agency to collect child and spousal support. The county agency is entitled to any child support and maintenance received by or on behalf of the person receiving assistance or another member of the family for which the person receiving assistance is responsible. Failure by an applicant or a person receiving assistance to cooperate with the efforts of the county agency to collect child and spousal support without good cause must be sanctioned according to section 256.035, subdivision 3.*

*(c) An applicant for, or a person receiving, assistance under the Minnesota family investment plan is not required to comply with the employment and training requirements prescribed under sections 256.736, subdivisions 3, 3a, and 14; and 256D.05, subdivision 1; section 402(a)(19) of the Social Security Act; the federal Food Stamp Act of 1977, as amended; Public Law Number 100-485; or any other state or federal employment and training program, unless compliance is specifically required in a contract with the county agency.*

*Subd. 4.* [SIMPLIFICATION OF BUDGETING PROCEDURES.] *The monthly amount of assistance provided by the Minnesota family investment plan must be calculated on a prospective basis taking into account actual income or circumstances that existed in a previous month and other relevant information to predict income and circumstances for the next month or months. When a family has a significant change in circumstances, the budgeting cycle must be interrupted and the amount of assistance for the payment month must be based on the county agency's best estimate of the family's income and circumstances for that month. Families may be required to report their income monthly, but income may be averaged over a period of more than one month.*

*Subd. 5.* [SIMPLIFICATION OF VERIFICATION PROCEDURES.] *Verification procedures must be reduced to the minimum that is workable and consistent with the goals and requirements of the Minnesota family investment plan.*

Sec. 10. [256.035] [INCOME SUPPORT AND TRANSITION.]

*Subdivision 1.* [EXPECTATIONS.] *All families eligible for assistance under the family investment plan are expected to be in transitional status as defined in section 256.032, subdivision 12. To be considered in transitional status, families must meet the following expectations:*

*(a) For a family headed by a single adult parent, the expectation is that the parent will independently pursue self-sufficiency until the family has received assistance for 24 months within the preceding 36 months. Beginning with the 25th month of assistance, the parent must be developing or have a contract and comply with the terms of the contract with the county agency or its designee.*

*(b) For a family with a minor parent, the expectation is that, concurrent with the receipt of assistance, the minor parent must be developing or have a contract with the county agency. The terms of the contract must include compliance with section 256.736, subdivision 3b.*

*(c) For a family with two adult parents, the expectation is that one or both parents will independently pursue self-sufficiency until the family has received assistance for six months within the preceding 12 months. Beginning with the seventh month of assistance, one parent must be developing or have a contract and comply with the terms of the contract with the county agency or its designee.*

*Subd. 2.* [EXEMPTIONS.] *A caregiver is exempt from the requirement of developing a contract and complying with the terms of the contract developed with the county agency, or engaging in transitional activities, if:*

*(1) the caregiver is not the natural or adoptive parent of a minor child; or*

*(2) in the case of a parental caregiver, the county agency determines that:*

*(i) individual circumstances prevent compliance;*

*(ii) support services necessary to enable compliance are not available;*

*(iii) activities identified in the contract are not available; or*

*(iv) a parental caregiver is willing to accept suitable employment but employment is not available.*

*Subd. 3.* [SANCTIONS.] *A family whose parental caregiver is not exempt from the expectations in subdivision 1 and who is not complying with those expectations must have assistance reduced by a value equal to ten percent of the transitional standard as defined in section 256.032, subdivision 13. This reduction continues until the failure to comply ceases. The county agency must notify the parental caregiver of its intent to implement this sanction and the opportunity to have a conciliation conference, upon request, before the sanctions are implemented.*

*Subd. 4.* [TREATMENT OF INCOME.] *To help families during their transition from the Minnesota family investment plan to self-sufficiency, the following income supports are available:*

*(a) The $30 and one-third and $75 disregards allowed under section 256.74,*

*subdivision 1, and the 20 percent earned income deduction allowed under the federal Food Stamp Act of 1977, as amended, are replaced with a single disregard of not less than 35 percent of gross earned income to cover taxes and other work-related expenses and to reward the earning of income. This single disregard is available for the entire time a family receives assistance through the Minnesota family investment plan.*

*(b) The dependent care deduction, as prescribed under section 256.74, subdivision 1, and United States Code, title 7, section 2014(e), is replaced for families with earned income who need assistance with dependent care with an entitlement to a dependent care subsidy from money earmarked for the Minnesota family investment plan.*

*(c) The family wage level, as defined in section 256.032, subdivision 8, allows families to supplement earned income with assistance received through the Minnesota family investment plan. If, after earnings are adjusted according to the disregard described in paragraph (a), earnings have raised family income to a level equal to or greater than the family wage level, the amount of assistance received through the Minnesota family investment plan must be reduced.*

*(d) The first $50 of any timely support payment for a month received by the public agency responsible for child support enforcement shall be paid to the family and disregarded in determining eligibility and the amount of assistance in accordance with United States Code, title 42, sections 602(a)(8)(A)(vi) and 657(b)(1). This paragraph applies regardless of whether the caregiver is in transitional status, is exempt from having or complying with the terms of a contract, or has had a sanction imposed under subdivision 3.*

*Subd. 5.* [ORIENTATION.] *All caregivers receiving assistance through the Minnesota family investment plan must attend orientation.*

*Subd. 6.* [CONTRACT.] *(a) To receive the transitional standard of assistance, a single adult parent who is a member of a family that has received assistance through the Minnesota family investment plan for 24 months within the preceding 36 months, a minor parent receiving assistance through the Minnesota family investment plan, and one parent in a two-parent family that has received assistance through the Minnesota family investment plan for six months within the preceding 12 months, must comply with the terms of a contract with the county agency or its designee unless exempt under subdivision 2. Case management must be provided to a caregiver who is a parent to assist the caregiver in meeting established goals and to monitor the caregiver's progress toward achieving those goals. The parental caregiver and the county agency must finalize the contract as soon as possible, but in any event within a reasonable period of time after the deadline specified in subdivision 1, paragraph (a), (b), or (c), whichever applies.*

*(b) A contract must identify the parental caregiver's employment goal and explain what steps the family must take to pursue self-sufficiency. Activities may include:*

*(1) orientation;*

*(2) employment;*

*(3) employment and training services as defined under section 256.736, subdivision 1a, paragraph (d);*

*(4) preemployment activities;*

*(5) participation in an educational program leading to a high school or general equivalency diploma and post-secondary education programs, excluding postbaccalaureate degrees as provided in section 256.736, subdivision 1a, paragraph (d);*

*(6) case management;*

*(7) social services; or*

*(8) other programs or services leading to self-sufficiency.*

*The contract must also identify the services that the county agency will provide to the family that the family needs to enable the parental caregiver to comply with the contract, including support services such as transportation and child care.*

*Subd. 7.* [EMPLOYMENT BONUS.] *A family leaving the program as a result of increased earnings through employment is entitled to an employment bonus. This bonus is a one-time cash incentive, not more than the family's monthly payment standard, to cover initial expenses incurred by the family leaving the Minnesota family investment plan.*

*Subd. 8.* [CHILD CARE.] *The commissioner shall ensure that each Minnesota family investment plan caregiver who is a parent in transitional status and who needs assistance with child care costs to independently pursue self-sufficiency or comply with the terms of a contract with the county agency receives a child care subsidy through child care money earmarked for the Minnesota family investment plan. The subsidy must cover all actual child care costs for eligible hours up to the maximum rate allowed under sections 256H.15 and 256H.16. A caregiver who is a parent who leaves the program as a result of increased earnings from employment and who needs child care assistance to remain employed is entitled to extended child care assistance as provided under United States Code, title 42, section 602(g)(1)(A)(ii).*

*Subd. 9.* [HEALTH CARE.] *A family leaving the program as a result of increased earnings from employment is eligible for extended medical assistance as provided under Public Law Number 100-485, section 303, as amended.*

Sec. 11. [256.036] [PROTECTIONS.]

*Subdivision 1.* [SUPPORT SERVICES.] *If assistance with child care or transportation is necessary to enable a caregiver who is a parent to work, obtain training or education, attend orientation, or comply with the terms of a contract with the county agency, and the county determines that child care or transportation is not available, the family's applicable standard of assistance continues to be the transitional standard.*

*Subd. 2.* [VOLUNTEERS.] *For caregivers receiving assistance under the Minnesota family investment plan who are independently pursuing self-sufficiency, case management and support services other than child care are available to the extent that resources permit.*

*Subd. 3.* [NOTIFICATION REQUIREMENT.] *The county agency shall contact a family headed by a single adult parent when the family has received assistance through the Minnesota family investment plan for 18 months within the preceding 36 months. The county agency shall remind the family that beginning with the 24th month of assistance, receipt of the*

*transitional standard is contingent upon transitional status. The county agency shall encourage the family to begin preparing for the change in expectations.*

*Subd. 4.* [TIMELY ASSISTANCE.] *Applications must be processed in a timely manner according to the processing standards of the federal Food Stamp Act of 1977, as amended, and no later than 30 days following the date of application, unless the county agency has requested information that the applicant has not yet supplied. Financial assistance must be provided on no less than a monthly basis to eligible families.*

*Subd. 5.* [DUE PROCESS.] *Any family that applies for or receives assistance under the Minnesota family investment plan whose application for assistance is denied or not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid, is entitled, upon request, to a hearing under section 256.045. A parental caregiver may request a conciliation conference, under section 256.736, subdivisions 4a and 11, when the caregiver disputes the contents of a contract developed under the Minnesota family investment plan or disputes a decision regarding failure or refusal to cooperate with the terms of a contract. The disputes are not subject to administrative review under section 256.045, unless they result in a denial, suspension, reduction, or termination, and the parental caregiver complies with section 256.045. *Subd. 8.* [EXPEDITED BENEFITS.] *Provisions for expedited benefits under the Minnesota family investment plan may not be less restrictive than provisions for expedited benefits under the Food Stamp Act of 1977, as amended, and state food stamp policy and include either expediting issuance of a predesignated portion of assistance provided through the Minnesota family investment plan or through the existing food stamp program.*

*Subd. 9.* [SPECIAL RIGHTS OF MIGRANT AND SEASONAL FARM WORKERS AND HOMELESS PEOPLE.] *Federally prescribed procedures, means of applying for and obtaining assistance, reporting and verification requirements, and other similar provisions specifically for migrant and seasonal farmworkers or homeless people under the Food Stamp Act of 1977, as amended, continue to be available to eligible migrant, seasonal farmworker, or homeless families. The commissioner shall comply with the bilingual requirements of United States Code, title 7, section 2020(e)(1)(B).*

Sec. 12. Minnesota Statutes 1988, section 256.045, subdivision 1, is

amended to read:

Subdivision 1. [POWERS OF THE STATE AGENCY.] The commissioner of human services may appoint one or more state human services referees to conduct hearings and recommend orders in accordance with subdivisions 3, *3a,* 4a, and 5. Human services referees designated pursuant to this section may administer oaths and shall be under the control and supervision of the commissioner of human services and shall not be a part of the office of administrative hearings established pursuant to sections 14.48 to 14.56.

Sec. 13. Minnesota Statutes 1988, section 256.045, subdivision 3, is amended to read:

Subd. 3. [STATE AGENCY HEARINGS.] ~~(a)~~ Any person applying for, receiving or having received public assistance or a program of social services granted by *the state agency or* a local agency under sections *252.32, 256.031 to 256.036, and* 256.72 to 256.879, chapters 256B, 256D, 256E, 261, or the federal Food Stamp Act whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid, or any patient or relative aggrieved by an order of the commissioner under section 252.27, or a party aggrieved by a ruling of a prepaid health plan, may contest that action or decision before the state agency by submitting a written request for a hearing to the state agency within 30 days after receiving written notice of the action or decision, or within 90 days of such written notice if the applicant, recipient, patient, or relative shows good cause why the request was not submitted within the 30-day time limit.

~~(b) All prepaid health plans under contract to the commissioner pursuant to chapter 256B or 256D must provide for a complaint system according to section 62D.11. The prepaid health plan must notify the ombudsman within three working days of any formal complaint made under section 62D.11 by persons enrolled in a prepaid health plan under chapter 256B or 256D. At the time a complaint is made, the prepaid health plan must notify the recipient of the name and telephone number of the ombudsman. Recipients may request the assistance of the ombudsman in the complaint system process. The prepaid health plan shall issue a written resolution within 30 days of filing with the prepaid health plan. The ombudsman may waive the requirement that the complaint system procedures be exhausted prior to an appeal if the ombudsman determines that the complaint must be resolved expeditiously in order to provide care in an urgent situation.~~

~~(c) A state human services referee shall conduct a hearing on the matter and shall recommend an order to the commissioner of human services. The commissioner need not grant a hearing if the sole issue raised by an appellant is the commissioner's authority to require mandatory enrollment in a prepaid health plan in a county where prepaid health plans are under contract with the commissioner.~~

~~(d) In a notice of appeal from a ruling of a prepaid health plan, a recipient may request an expedited hearing. The ombudsman, after discussing with the recipient his or her condition and in consultation with a health practitioner who practices in the specialty area of the recipient's primary diagnosis, shall investigate and determine whether an expedited appeal is warranted. In making the determination, the ombudsman shall evaluate whether the medical condition of the recipient, if not expeditiously diagnosed and treated, could cause physical or mental disability, substantial deterioration of physical or mental health, continuation of severe pain, or~~

~~death. The ombudsman may order a second medical opinion from the prepaid health plan or order a second medical opinion from a nonprepaid health plan provider at prepaid health plan expense. If the ombudsman determines that an expedited appeal is warranted, the state welfare referee shall hear the appeal and render a decision within a time commensurate with the level of urgency involved, based on the individual circumstances of the case. In urgent or emergency situations in which a prepaid health plan provider has prescribed treatment, and the prepaid health plan has denied authorization for that treatment, the referee may order the health plan to authorize treatment pending the outcome of the appeal.~~ *Except for a prepaid health plan, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a local agency to provide social services under section 256E.08, subdivision 4, is not a party and may not request a hearing under this section.*

Sec. 14. Minnesota Statutes 1988, section 256.045, is amended by adding a subdivision to read:

*Subd. 3a.* [PREPAID HEALTH PLAN APPEALS.] *(a) All prepaid health plans under contract to the commissioner under chapter 256B or 256D must provide for a complaint system according to section 62D.11. When a prepaid health plan denies, reduces, or terminates a health service, the prepaid health plan must notify the recipient of the right to file a complaint or an appeal. The notice must include the name and telephone number of the ombudsman and notice of the recipient's right to request a hearing under paragraph (b). When a complaint is filed, the prepaid health plan must notify the ombudsman within three working days. Recipients may request the assistance of the ombudsman in the complaint system process. The prepaid health plan must issue a written resolution of the complaint to the recipient within 30 days after the complaint is filed with the prepaid health plan. A recipient is not required to exhaust the complaint system procedures in order to request a hearing under paragraph (b).*

*(b) Recipients enrolled in a prepaid health plan under chapter 256B or 256D may contest a prepaid health plan's denial, reduction, or termination of health services or the prepaid health plan's written resolution of a complaint by submitting a written request for a hearing according to subdivision 3. A state human services referee shall conduct a hearing on the matter and shall recommend an order to the commissioner of human services. The commissioner need not grant a hearing if the sole issue raised by a recipient is the commissioner's authority to require mandatory enrollment in a prepaid health plan in a county where prepaid health plans are under contract with the commissioner. The state human services referee may order a second medical opinion from the prepaid health plan or may order a second medical opinion from a nonprepaid health plan provider at the expense of the prepaid health plan. Recipients may request the assistance of the ombudsman in the appeal process.*

*(c) In the written request for a hearing to appeal from a prepaid health plan's denial, reduction, or termination of a health service or the prepaid health plan's written resolution to a complaint, a recipient may request an expedited hearing. If an expedited appeal is warranted, the state human services referee shall hear the appeal and render a decision within a time commensurate with the level of urgency involved, based on the individual circumstances of the case.*

Sec. 15. Minnesota Statutes 1988, section 256.045, subdivision 4, is

amended to read:

Subd. 4. [CONDUCT OF HEARINGS.] All hearings held pursuant to subdivision 3, *3a*, or 4a shall be conducted according to the provisions of the federal Social Security Act and the regulations implemented in accordance with that act to enable this state to qualify for federal grants-in-aid, and according to the rules and written policies of the commissioner of human services. *Local agencies shall install equipment necessary to conduct telephone hearings. A state human services referee may schedule a telephone conference hearing when the distance or time required to travel to the local agency offices will cause a delay in the issuance of an order, or to promote efficiency, or at the mutual request of the parties. Hearings may be conducted by telephone conferences unless the applicant, recipient, or former recipient objects.* The hearing shall not be held earlier than five days after filing of the required notice with the local or state agency. The state human services referee shall notify all interested persons of the time, date, and location of the hearing at least five days before the date of the hearing. Interested persons may be represented by legal counsel or other representative of their choice at the hearing and may appear personally, testify and offer evidence, and examine and cross-examine witnesses. The applicant, recipient, or former recipient shall have the opportunity to examine the contents of the case file and all documents and records to be used by the local agency at the hearing at a reasonable time before the date of the hearing and during the hearing. *Upon request, the local agency shall provide reimbursement for transportation, child care, photocopying, medical assessment, witness fee, and other necessary and reasonable costs incurred by the applicant, recipient, or former recipient in connection with the appeal.* All evidence, except that privileged by law, commonly accepted by reasonable people in the conduct of their affairs as having probative value with respect to the issues shall be submitted at the hearing and such hearing shall not be "a contested case" within the meaning of section 14.02, subdivision 3.

Sec. 16. Minnesota Statutes 1988, section 256.045, subdivision 4a, is amended to read:

Subd. 4a. [CASE MANAGEMENT APPEALS.] Any recipient of case management services pursuant to section 256B.092, subdivisions 1 to 1b who contests the local agency's action or failure to act in the provision of those services, other than a failure to act with reasonable promptness or a suspension, reduction, denial, or termination of services, must submit a written request for review to the local agency. The local agency shall inform the commissioner of the receipt of a request for review when it is submitted and shall schedule a conciliation conference. The local agency shall notify the recipient, the commissioner, and all interested persons of the time, date, and location of the conciliation conference. The commissioner shall designate a representative to be present at the conciliation conference to assist in the resolution of the dispute without the need for a hearing. Within 30 days, the local agency shall conduct the conciliation conference and inform the recipient in writing of the action the local agency is going to take and when that action will be taken and notify the recipient of the right to a hearing under this subdivision. The conciliation conference shall be conducted in a manner consistent with the procedures for reconsideration of an individual service plan or an individual habilitation plan pursuant to Minnesota Rules, parts 9525.0075, subpart 5 and 9525.0105, subpart 6. If the county fails to conduct the conciliation conference and issue its report

within 30 days, or, at any time up to 90 days after the conciliation conference is held, a recipient may submit to the commissioner a written request for a hearing before a state human services referee to determine whether case management services have been provided in accordance with applicable laws and rules or whether the local agency has assured that the services identified in the recipient's individual service plan have been delivered in accordance with the laws and rules governing the provision of those services. The state human services referee shall recommend an order to the commissioner, who shall, in accordance with the procedure in subdivision 5, issue a final order within 60 days of the receipt of the request for a hearing, unless the commissioner refuses to accept the recommended order, in which event a final order shall issue within 90 days of the receipt of that request. The order may direct the local agency to take those actions necessary to comply with applicable laws or rules. *The commissioner may issue a temporary order prohibiting the demission of a recipient of case management services from a residential or day habilitation program licensed under chapter 245A, while a local agency review process or an appeal brought by a recipient under this subdivision is pending, or for the period of time necessary for the local agency to implement the commissioner's order. The commissioner shall not issue a final order staying the demission of a recipient of case management services from a residential or day habilitation program licensed under chapter 245A.*

Sec. 17. Minnesota Statutes 1988, section 256.045, subdivision 5, is amended to read:

Subd. 5. [ORDERS OF THE COMMISSIONER OF HUMAN SERVICES.] *A state human services referee shall conduct a hearing on the appeal and shall recommend an order to the commissioner of human services. The recommended order must be based on all relevant evidence and must not be limited to a review of the propriety of the state or local agency's action. A referee may take official notice of adjudicative facts.* The commissioner of human services may accept the recommended order of a state human services referee and issue the order to the local agency and the applicant, recipient, ~~or~~ former recipient, *or prepaid health plan*. The commissioner on refusing to accept the recommended order of the state human services referee, shall notify the local agency and the applicant, recipient, ~~or~~ former recipient, *or prepaid health plan* of that fact and shall state reasons therefor and shall allow each party ten days' time to submit additional written argument on the matter. After the expiration of the ten-day period, the commissioner shall issue an order on the matter to the local agency and the applicant, recipient, ~~or~~ former recipient, *or prepaid health plan*.

*A party aggrieved by an order of the commissioner may appeal under subdivision 7, or request reconsideration by the commissioner within 30 days after the date the commissioner issues the order. The commissioner may reconsider an order upon request of any party or on the commissioner's own motion. A request for reconsideration does not stay implementation of the commissioner's order. Upon reconsideration, the commissioner may issue an amended order or an order affirming the original order.*

Any order of the commissioner issued ~~in accordance with~~ *under* this subdivision shall be conclusive upon the parties unless appeal is taken in the manner provided by subdivision 7. *Any order of the commissioner is binding on the parties and must be implemented by the state agency or a local agency until the order is reversed by the district court, or unless the*

*commissioner or a district court orders monthly assistance or aid or services paid or provided under subdivision 10.*

*Except for a prepaid health plan, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a local agency to provide social services under section 256E.08, subdivision 4, is not a party and may not request a hearing or seek judicial review of an order issued under this section.*

Sec. 18. Minnesota Statutes 1988, section 256.045, subdivision 6, is amended to read:

Subd. 6. [ADDITIONAL POWERS OF THE COMMISSIONER; SUBPOENAS.] *(a)* The commissioner of human services may initiate a review of any action or decision of a local agency and direct that the matter be presented to a state human services referee for a hearing held ~~pursuant to~~ *under* subdivision 3, *3a,* or 4a. In all matters dealing with human services committed by law to the discretion of the local agency, the commissioner's judgment may be substituted for that of the local agency. The commissioner may order an independent examination when appropriate.

*(b)* Any party to a hearing held pursuant to subdivision 3, *3a,* or 4a may request that the commissioner issue a subpoena to compel the attendance of witnesses at the hearing. *The issuance, service, and enforcement of subpoenas under this subdivision is governed by section 357.22 and the Minnesota Rules of Civil Procedure.*

*(c) The commissioner may issue a temporary order staying a proposed demission by a residential facility licensed under chapter 245A while an appeal by a recipient under subdivision 3 is pending, or for the period of time necessary for the local agency to implement the commissioner's order.*

Sec. 19. Minnesota Statutes 1988, section 256.045, subdivision 7, is amended to read:

Subd. 7. [JUDICIAL REVIEW.] Any party who is aggrieved by an order of the commissioner of human services may appeal the order to the district court of the county responsible for furnishing assistance by serving a written copy of a notice of appeal upon the commissioner and any adverse party of record within 30 days after the date the commissioner issued the order, *the amended order, or order affirming the original order,* and by filing the original notice and proof of service with the court administrator of the district court. Service may be made personally or by mail; service by mail is complete upon mailing; no filing fee shall be required by the court administrator in appeals taken pursuant to this subdivision. The commissioner may elect to become a party to the proceedings in the district court. Any party may demand that the commissioner furnish all parties to the proceedings with a copy of the decision, and a transcript of any testimony, evidence, or other supporting papers from the hearing held before the human services referee, by serving a written demand upon the commissioner within 30 days after service of the notice of appeal. *Any party aggrieved by the failure of an adverse party to obey an order issued by the commissioner under subdivision 5 may compel performance according to the order in the manner prescribed in sections 586.01 to 586.12.*

The assessment must provide an initial examination of the custodial parent's educational progress and needs, literacy level, child care and supportive service needs, family circumstances, skills,*

For custodial parents who are age 18 or 19, the assessment and employability plan must be completed by the case manager. The social services agency or the case manager shall consult with representatives of educational agencies required to assist in developing educational plans under section 126.235.*

*(d)* [EDUCATION DETERMINED TO BE APPROPRIATE.] *If the case manager or county social services agency identifies an appropriate educational option, it must develop an employability plan in consultation with the custodial parent which reflects the assessment. The plan must specify that participation in an educational activity is required, what school or educational program is most appropriate, the services that will be provided, the activities the parent will take part in including child care and supportive services, the consequences to the custodial parent for failing to participate or comply with the specified requirements, and the right to appeal any adverse action. The employability plan must, to the extent possible, reflect the preferences of the participant.*

*(e)* [EDUCATION DETERMINED TO BE NOT APPROPRIATE.] *If the case manager determines that there is no appropriate educational option for a custodial parent who is age 18 or 19, the case manager shall indicate the reasons for the determination. The case manager shall then notify the county agency which must refer the custodial parent to case management services under subdivision 11 for completion of an employability plan and services. If the custodial parent fails to participate or cooperate with case management services and does not have good cause for the failure, the county agency shall apply the sanctions listed in subdivision 4, beginning with the first payment month after issuance of notice. If the county social services agency determines that school attendance is not appropriate for a custodial parent under age 18, the county agency shall refer the custodial parent to social services for services as provided in section 257.33.*

*(f)* [SCHOOL ATTENDANCE REQUIRED.] Notwithstanding subdivision 3, a ~~minor~~ *custodial* parent must attend school if all of the following apply:

(1) ~~the minor parent has no child living with the parent who is younger than six weeks of age~~ *the custodial parent is less than 20 years of age*;

(2) transportation services needed to enable the ~~minor~~ *custodial* parent to attend school are available;

(3) licensed or legal nonlicensed child care services needed to enable the ~~minor~~ *custodial* parent to attend school are available;

(4) the ~~minor~~ *custodial* parent has not already ~~graduated from high school and has not received a general educational development (GED) diploma~~ *received a high school diploma or its equivalent*; and

(5) the ~~minor~~ *custodial* parent ~~does not have good cause for failing to attend school, as provided in paragraph (d)~~ *is not exempt because the custodial parent:*

*(i) is ill or incapacitated seriously enough to prevent him or her from attending school;*

*(ii) is needed in the home because of the illness or incapacity of another*

*member of the household; this includes a custodial parent of a child who is younger than six weeks of age;*

*(iii) works 30 or more hours a week; or*

*(iv) is pregnant if it has been medically verified that the child's birth is expected in the current month or within the next six months.*

~~(c)~~ *(g)* [ENROLLMENT AND ATTENDANCE.] The ~~minor~~ *custodial* parent must be enrolled in school and meeting the school's attendance requirements. The ~~minor~~ *custodial* parent is considered to be attending when ~~the minor parent~~ *he or she* is enrolled but the school is not in regular session, including during holiday and summer breaks.

~~(d)~~ *(h)* [GOOD CAUSE FOR NOT ATTENDING SCHOOL.] *The local agency shall not impose the sanctions in subdivision 4 if it determines that a custodial parent has good cause for not being enrolled or for not meeting the school's attendance requirements.* The local agency shall determine whether good cause for not attending or not enrolling in school exists, according to this paragraph:

(1) ~~Good cause exists when the minor parent is ill or injured seriously enough to prevent the minor parent from attending school.~~

~~(2) Good cause exists when the minor parent's child is ill or injured and the minor parent's presence in the home is required to care for the child.~~

~~(3)~~ Good cause exists when the local agency has verified that the only available school program requires round trip commuting time from the ~~minor~~ *custodial* parent's residence of more than two hours by available means of transportation, excluding the time necessary to transport children to and from child care.

~~(4) Good cause exists when there is an interruption in availability of child care services.~~

~~(5)~~ *(2)* Good cause exists when the ~~minor~~ *custodial* parent has indicated a desire to attend school, but the public school system is not providing for ~~the minor parent's~~ *his or her* education and alternative programs are not available.

~~(6) Good cause exists when the school does not cooperate with the local agency in providing verification of the minor parent's education or attendance.~~

~~(7) Good cause exists when the minor parent or the minor parent's child has a medical appointment or an appointment with the local welfare agency, is required to appear in court during the minor parent's normal school hours, or has any other obligation consistent with the case management contract.~~

~~(8) For the minor parent of a child between six and 12 weeks of age, good cause exists when child care is not available on the premises of the school, or a medical doctor certifies that it would be better for the health of either the parent or the child for the parent to remain at home with the child for a longer period of time.~~

~~(e)~~ *(i)* [FAILURE TO COMPLY.] *The case manager and social services agency shall establish ongoing contact with appropriate school staff to monitor problems that custodial parents may have in pursuing their educational plan, and shall jointly seek solutions to prevent parents from failing to complete education.* If the school notifies the local agency that the ~~minor~~

*custodial* parent is not enrolled or is not meeting the school's attendance requirements, ~~and the local agency~~ *or appears to be facing barriers to completing education, the information must be conveyed to the case manager for a custodial parent age 18 or 19, or to the social services agency for a custodial parent under age 18. The case manager or social services agency shall reassess the appropriateness of school*

*attendance as specified in paragraph (f). If after consultation, school attendance is still appropriate and the case manager or social services agency* determines that the ~~minor~~ *custodial* parent *has failed to enroll or is not meeting the school's attendance requirements and the custodial parent* does not have good cause, the ~~local agency~~ *case manager or social services agency shall inform the custodial parent's financial worker who* shall apply the sanctions listed in subdivision 4 beginning with the first payment month after issuance of notice.

~~(f)~~ *(j)* [NOTICE AND HEARING.] A right to notice and fair hearing shall be provided in accordance with section 256.045 and the Code of Federal Regulations, title 45, section 205.10.

~~(g)~~ *(k)* [SOCIAL SERVICES.] When a ~~minor~~ *custodial* parent *under the age of 18* has failed to attend school, *is not exempt,* and does not have good cause, the local agency shall refer the ~~minor~~ *custodial* parent to *the* social services *agency* for services, as provided in section 257.33.

~~(h)~~ *(l)* [VERIFICATION.] No less often than quarterly, the ~~local agency~~ *financial worker* must verify that the ~~minor~~ *custodial* parent is meeting the requirements of this subdivision. Notwithstanding section 13.32, subdivision 3, when the local agency notifies the school that a ~~minor~~ *custodial* parent is subject to this subdivision, the school must furnish verification of school enrollment ~~and~~, attendance, *and progress*

to the local agency. *The county agency must not impose the sanctions in paragraph (i) if the school fails to cooperate in providing verification of the minor parent's education, attendance, or progress.*

Sec. 27. Minnesota Statutes 1988, section 256.736, subdivision 4, is amended to read:

Subd. 4. [CONDITIONS OF CERTIFICATION.] The commissioner of human services shall:

(1) Arrange for or provide any caretaker or child required to participate in employment and training services pursuant to this section with child-care services, transportation, and other necessary family services;

~~(3)~~ Provide that in determining a recipient's needs any monthly incentive training payment made to the recipient by the department of jobs and training is disregarded and the additional expenses attributable to participation in a program are taken into account in grant determination to the extent permitted by federal regulation; and

~~(4)~~ *(3)* Provide that the county board shall impose the sanctions in clause ~~(5) or (6)~~ *(4)* when the county board:

~~(a) is notified that a caretaker or child required to participate in employment and training services has been found by the employment and training service provider to have failed without good cause to participate in appropriate employment and training services or to have failed without good cause to accept a bona fide offer of public or other employment;~~

~~(b)~~ determines that a ~~minor~~ *custodial* parent *under the age of 16* who is required to attend school under subdivision 3b has, without good cause, failed to attend school;

~~(d)~~ *(c)* determines that a caretaker has, without good cause, failed to attend orientation.

~~(5)~~ *(4)* To the extent permissible by federal law, *impose* the following sanctions ~~must be imposed~~ for a recipient's failure to participate in required ~~employment and training services,~~ education, orientation, or the requirements of subdivision 3c:

(a) For the first failure, 50 percent of the grant provided to the family for the month following the failure shall be made in the form of protective or vendor payments;

(b) For the second and subsequent failures, the entire grant provided to the family must be made in the form of protective or vendor payments. Assistance provided to the family must be in the form of protective or vendor payments until the recipient complies with the requirement; and

(c) When protective payments are required, the local agency may continue payments to the caretaker if a protective payee cannot reasonably be found.

~~(6) When the sanctions provided by clause (5) are not permissible under federal law, the following sanctions shall be imposed for a recipient's failure to participate in required employment and training services, education, orientation, or the requirements of subdivision 3c~~ *(5) Provide that the county board shall impose the sanctions in clause (6) when the county board:*

*(b) determines that a custodial parent aged 16 to 19 who is required to attend school under subdivision 3b has, without good cause, failed to enroll or attend school.*

*(6) To the extent required by federal law, the following sanctions must be imposed for a recipient's failure to participate in required employment and training services, to accept a bona fide offer of public or other employment, or to enroll or attend school under subdivision 3b.*

(a) ~~If the caretaker fails to participate, the caretaker's~~ *For the first failure,*

*the* needs *of the noncompliant individual* shall not be taken into account in making the grant determination, ~~and aid for any dependent child in the family will be made in the form of protective or vendor payments, except that when protective payments are made, the local agency may continue payments to the caretaker if a protective payee cannot reasonably be found. The standard of assistance for the remaining eligible members of the assistance unit is the standard that is used in other instances in which the caretaker is excluded from the assistance unit for noncompliance with a program requirement~~ *until the individual complies with the requirements.*

(b) *For the second failure, the needs of the noncompliant individual shall not be taken into account in making the grant determination until the individual complies with the requirement or for three consecutive months, whichever is longer.*

*(c) For subsequent failures, the needs of the noncompliant individual shall not be taken into account in making the grant determination until the individual complies with the requirement or for six consecutive months, whichever is longer.*

*(d)* Aid with respect to a dependent child will be denied if a child who fails to participate is the only child receiving aid in the family.

~~(c) If there is more than one child receiving aid in the family, aid for the child who fails to participate will be denied and the child's needs will not be taken into account in making the grant determination.~~

~~(d) If the assistance unit's eligibility is based on the nonexempt principal earner's unemployment and this principal earner fails without good cause to participate or to accept employment, the entire assistance unit is ineligible for benefits under sections 256.72 to 256.87.~~

*(e) If the noncompliant individual is a parent or other relative caretaker, payments of aid for any dependent child in the family must be made in the form of protective or vendor payments. When protective payments are required, the county agency may continue payments to the caretaker if a protective payee cannot reasonably be found. When protective payments are imposed on assistance units whose basis of eligibility is unemployed parent or incapacitated parent, cash payments may continue to the non-sanctioned caretaker in the assistance unit, subject to clause (f). After removing a caretaker's needs from the grant, the standard of assistance applicable to the remaining eligible members of the assistance unit is the standard that is used in other instances in which the caretaker is excluded from the assistance unit for noncompliance with a program requirement.*

*(f) If the noncompliant individual is a parent or other caretaker of a family whose basis of eligibility is the unemployment of a parent and the noncompliant individual's spouse is not participating in an approved employment and training service, the needs of the spouse must not be taken into account in making the grant determination;*

*(7) Request approval from the secretary of health and human services to use vendor payment sanctions for persons listed in paragraph (5), clause (b). If approval is granted, the commissioner must begin using vendor payment sanctions as soon as changes to the state plan are approved.*

Sec. 28. Minnesota Statutes 1988, section 256.736, subdivision 10, is amended to read:

Subd. 10. [COUNTY DUTIES.] *(a)* To the extent of available state appropriations, county boards shall:

(1) refer all priority caretakers required to register under subdivision 3 to an employment and training service provider for participation in employment and training services;

(2) identify to the employment and training service provider caretakers who fall into the priority groups;

(3) provide all caretakers with an orientation which ~~(a) gives information on available employment and training services and support services, and (b) encourages clients to view AFDC as a temporary program providing grants and services to clients who set goals and develop strategies for supporting their families without AFDC assistance~~ *meets the requirements in subdivisions 10a and 10b*;

(4) work with the employment and training service provider to encourage voluntary participation by caretakers in the priority groups;

(5) work with the employment and training service provider to collect data as required by the commissioner;

(6) to the extent permissible under federal law, require all caretakers coming into the AFDC program to attend orientation;

(7) encourage nonpriority caretakers to develop a plan to obtain self-sufficiency;

(9) inform appropriate caretakers of opportunities available through the head start program and encourage caretakers to have their children screened for enrollment in the program where appropriate;

(11) ensure that orientation, employment search, and case management services are made available to appropriate caretakers under this section, except that payment for case management services is governed by subdivision 13; ~~and~~

(12) explain in its local service unit plan under section 268.88 how it will ensure that priority caretakers determined to be in need of social services are provided with such social services. The plan must specify how the case manager and the county social service workers will ensure delivery of needed services~~.~~*;*

*(13) to the extent allowed by federal laws and regulations, provide a job search program as defined in subdivision 14 and at least one of the following employment and training services: community work experience program (CWEP) as defined in section 256.737, grant diversion as defined in section 268.86, on-the-job training as defined in section 256.738, or another work and training program approved by the commissioner and the secretary of the United States Department of Health and Human Services. Planning and approval for employment and training services listed in this clause must be obtained through submission of the local service unit plan*

*as specified under section 268.88. Each county is urged to adopt grant diversion as the second program required under this clause;*

*(14) provide an assessment of each AFDC recipient who is required or volunteers to participate in one of the employment and training services specified in clause (13), including job search, and to recipients who volunteer for participation in case management under subdivision 11. The assessment must include an evaluation of the participant's (i) educational, child care, and other supportive service needs; (ii) skills and prior work experience; and (iii) ability to secure and retain a job which, when wages are added to child support, will support the participant's family. The assessment must also include a*

*review of the results of the early and periodic screening, diagnosis and treatment (EPSDT) screening and preschool screening under chapter 123, if available; the participant's family circumstances; and, in the case of a custodial parent under the age of 18, a review of the effect of a child's development and educational needs on the parent's ability to participate in the program;*

*(15) develop an employability development plan for each recipient for whom an assessment is required under clause (14) which: (i) reflects the assessment required by clause 14; (ii) takes into consideration the recipient's physical capacity, skills, experience, health and safety, family responsibilities, place of residence, proficiency, child care and other supportive service needs; (iii) is based on available resources and local employment opportunities; (iv) specifies the services to be provided by the employment and training service provider; (v) specifies the activities the recipient will participate in; (vi) specifies necessary supportive services such as child care; (vii) to the extent possible, reflects the preferences of the participant; and (viii) specifies the recipient's employment goal; and*

*(16) assure that no work assignment under this section or sections 256.737 and 256.738 results in: (i) termination, layoff, or reduction of the work hours of an employee for the purpose of hiring an individual under this section or sections 256.737 and 256.738; (ii) the hiring of an individual if any other person is on layoff from the same or a substantially equivalent job; (iii) any infringement of the promotional opportunities of any currently employed individual; (iv) the impairment of existing contracts for services or collective bargaining agreements; or (v) a participant filling an established unfilled position vacancy.*

*(b) Funds available under this subdivision may not be used to assist, promote, or deter union organizing.*

*(c)* A county board may provide other employment and training services that it considers necessary to help caretakers obtain self-sufficiency.

*(d) Notwithstanding section 256G.07, when a priority caretaker relocates to another county to implement the provisions of the caretaker's case management contract or other written employability development plan approved by the county human service agency or its case manager, the county that approved the plan is responsible for the costs of case management, child care, and other services required to carry out the plan. The county agency's responsibility for the costs ends when all plan obligations have been met, when the caretaker loses AFDC eligibility for at least 30 days, or when approval of the plan is withdrawn for a reason stated in the*

*plan, whichever occurs first. A county human service agency may pay for the costs of case management, child care, and other services required in an approved employability development plan when the nonpriority caretaker relocates to another county or when a priority caretaker again becomes eligible for AFDC after having been ineligible for at least 30 days.*

Sec. 29. Minnesota Statutes 1988, section 256.736, is amended by adding a subdivision to read:

*Subd. 10a.* [ORIENTATION.] *(a) Each county agency must provide an orientation to all caretakers within its jurisdiction who are determined eligible for AFDC on or after July 1, 1989, and who are required to attend an orientation. The county agency shall require attendance at orientation of all caretakers*

*except those who are:*

*(1) physically disabled, mentally ill, or developmentally disabled and whose condition has or is expected to continue for at least 90 days and will prevent participation in educational programs or employment and training services;*

*(2) aged 60 or older;*

*(3) currently employed in unsubsidized employment that is expected to continue at least 30 days and that provides an average of at least 30 hours of employment per week; or*

*(4) currently employed in subsidized employment that is expected to continue at least 30 days and that provides an average of at least 30 hours of employment per week and is expected to result in full-time permanent employment.*

*(b) The orientation must consist of a presentation that informs caretakers of:*

*(1) the identity, location, and phone numbers of employment and training and support services available in the county;*

*(2) the types and locations of child care services available through the county agency that are accessible to enable a caretaker to participate in educational programs or employment and training services;*

*(3) the availability of assistance for participants to help select appropriate child care services and that, on request, assistance will be provided to select appropriate child care services;*

*(4) the obligations of the county agency and service providers under contract to the county agency;*

*(5) the rights, responsibilities, and obligations of participants;*

*(6) the grounds for exemption from mandatory employment and training services or educational requirements;*

*(7) the consequences for failure to participate in mandatory services or requirements;*

*(8) the method of entering educational programs or employment and training services available through the county; and*

*(9) the availability and the benefits of the early and periodic, screening,*

*diagnosis and treatment (EPSDT) program and preschool screening under chapter 123.*

*(c) Orientation must encourage recipients to view AFDC as a temporary program providing grants and services to individuals who set goals and develop strategies for supporting their families without AFDC assistance. The content of the orientation must not imply that a recipient's eligibility for AFDC is time limited. Orientation may be provided through audio-visual methods, but the caretaker must be given an opportunity for face-to-face interaction with staff of the county agency or the entity providing the orientation, and an opportunity to express the desire to participate in educational programs and employment and training services offered through the county agency.*

*(d) County agencies shall not require caretakers to attend orientation for more than three hours during any period of 12 continuous months. The local agency shall also arrange for or provide needed transportation and child care to enable caretakers to attend.*

Sec. 30. Minnesota Statutes 1988, section 256.736, is amended by adding a subdivision to read:

*Subd. 10b.* [INFORMING.] *Each county agency must provide written information concerning the topics identified in subdivision 10a, paragraph (b), to all AFDC caretakers within the county agency's jurisdiction who are exempt from the requirement to attend orientation, except those under age 16, and to recipients who have good cause for failing to attend orientation as specified in rules adopted by the commissioner. The written materials must tell the individual how the individual may indicate the desire to participate in educational programs and employment and training services offered through the county. The written materials must be mailed or hand delivered to the recipient at the time the recipient is determined to be exempt or have good cause for failing to attend an orientation.*

Sec. 31. Minnesota Statutes 1988, section 256.736, subdivision 11, is amended to read:

Subd. 11. [CASE MANAGEMENT SERVICES.] (a) For clients described in subdivision 2a, the case manager shall:

(1) ~~Assess the education, skills, and ability of the caretaker to secure and retain a job which, when added to child support, will support the caretaker's family.~~ *Provide an assessment as described in subdivision 10, paragraph (a), clause (14). As part of the assessment, the case manager shall inform caretakers of the screenings available through the early periodic screening, diagnosis and treatment (EPSDT) program under chapter 256B and pre-school screening under chapter 123, and encourage caretakers to have their children screened.* The case manager must work with the caretaker in completing this task;

(2) ~~Set goals and develop a timetable for completing education and employment goals.~~ *Develop an employability development plan as described in subdivision 10, paragraph (a), clause (15).* The case manager must work with the caretaker in completing this task. For caretakers who are not literate or who have not completed high school, the first goal for the caretaker ~~must~~ *should* be to complete literacy training or a general ~~education~~ *equivalency* diploma. Caretakers who are literate and have completed high school shall be counseled to set realistic attainable goals, taking into account the long-term needs of both the caretaker and the caretaker's family;

(3) Coordinate services such as child care, transportation, and education assistance necessary to enable the caretaker to work toward the goals developed in clause (2). *The case manager shall refer caretakers to resource and referral services, if available, and shall assist caretakers in securing appropriate child care services.* When a client needs child care services in order to attend a Minnesota public or nonprofit college, university or technical institute, the case manager shall contact the appropriate agency to reserve child care funds for the client. A caretaker who needs child care services in order to complete high school or a general ~~education~~ *equivalency* diploma is eligible for child care under section 268.91;

(4) Develop, execute, and monitor a contract between the local agency and the caretaker. The contract must *be based upon the employability development plan described in subdivision 10, paragraph (a), clause (15), and must* include: (a) specific goals of the caretaker including stated measurements of progress toward each goal; (b) specific services provided by the county agency; and (c) conditions under which the county will withdraw the services provided;

The contract may include other terms as desired or needed by either party. In all cases, however, the case manager must ensure that the caretaker has set forth in the contract realistic goals consistent with the ultimate goal of self-sufficiency for the caretaker's family; and

(5) Develop and refer caretakers to counseling or peer group networks for emotional support while participating in work, education, or training.

(b) In addition to the duties in paragraph (a), for minor parents and pregnant minors, the case manager shall:

(1) Ensure that the contract developed under paragraph (a)(4) considers all factors set forth in section 257.33, subdivision 2;

(2) Assess the housing and support systems needed by the caretaker in order to provide the dependent children with adequate parenting. The case manager shall encourage minor parents and pregnant minors who are not living with friends or relatives to live in a group home or foster care setting. If minor parents and pregnant minors are unwilling to live in a group home or foster care setting or if no group home or foster care setting is available, the case manager shall assess their need for training in parenting and independent living skills and when appropriate shall refer them to available counseling programs designed to teach needed skills; and

(3) Inform minor parents or pregnant minors of, and assist them in evaluating the appropriateness of, the high school graduation incentives program under section 126.22, including post-secondary enrollment options, and the employment-related and community-based instruction programs.

(c) A caretaker may request a conciliation conference to attempt to resolve disputes regarding the contents of a contract developed under this section or a housing and support systems assessment conducted under this section. The caretaker may request a hearing pursuant to section 256.045 to dispute the contents of a contract or assessment developed under this section. The caretaker need not request a conciliation conference in order to request a hearing pursuant to section 256.045.

Sec. 32. Minnesota Statutes 1988, section 256.736, subdivision 14, is amended to read:

Subd. 14. [~~EMPLOYMENT~~ *JOB* SEARCH.] (a) The commissioner of

human services shall establish ~~an employment~~ *a job* search program under ~~United States Code, title 42, section 602(a)(35)~~ *Public Law 100-485*. The principal wage earner in an AFDC-UP assistance unit must ~~participate~~ *be referred to and must begin participation* in the ~~employment~~ *job* search program within four months of being determined eligible for AFDC-UP unless:

(1) the caretaker is already participating in another approved employment and training service;

(2) the caretaker's employability plan specifies other activities; ~~or~~

(3) *the caretaker is exempt from registration under subdivision 3; or*

*(4)* the caretaker is unable to secure employment due to inability to communicate in the English language, *is participating in an English as a second language course, and is making satisfactory progress towards completion of the course. If an English as a second language course is not available to the caretaker, the caretaker is exempt from participation until a course becomes available.*

~~The employment and training service provider shall refer caretakers unable to communicate in the English language to English as a second language courses.~~

(b) The ~~employment~~ *job* search program must provide the following services:

(1) an initial period of up to four weeks of job search activities for not more than 32 hours per week. The employment and training service provider shall specify for each participating caretaker the number of weeks and hours of job search to be conducted and shall report to the county board if the caretaker fails to cooperate with the employment search requirement; and

(2) an additional period of job search following the first period at the discretion of the employment and training service provider. The total of these two periods of job search may not exceed eight weeks *for any 12 consecutive month period beginning with the month of application*.

(c) The employment search program may provide services to non-AFDC-UP caretakers.

Sec. 33. Minnesota Statutes 1988, section 256.736, subdivision 16, is amended to read:

Subd. 16. [ALLOCATION AND USE OF MONEY.] (a) State money appropriated for employment and training services under this section must be allocated to counties as follows:

(1) Forty percent of the state money must be allocated based on the average monthly number of caretakers receiving AFDC in the county who are under age 21 and the average monthly number of AFDC cases open in the county for 24 or more consecutive months and residing in the county for the 12-month period ending ~~March~~ *December* 31 of the previous fiscal year.

(2) Twenty percent of the state money must be allocated based on the average monthly number of nonpriority caretakers receiving AFDC in the county for the period ending ~~March~~ *December* 31 of the previous fiscal year. Funds may be used to develop employability plans for nonpriority

caretakers if resources allow.

(3) Twenty-five percent of the state money must be allocated based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending ~~March~~ *December* 31 of the previous fiscal year.

(4) Fifteen percent of the state money must be allocated at the discretion of the commissioner based on participation levels for priority group members in each county.

(b) No more than 15 percent of the money allocated under paragraph (a) may be used for administrative activities.

(c) Except as provided in paragraph (d), at least 70 percent of the money allocated to counties must be used for case management services and employment and training services for caretakers in the priority groups. Up to 30 percent of the money may be used for employment search activities and employment and training services for nonpriority caretakers.

(d) A county ~~whose proportion of the statewide average monthly AFDC-UP caseload exceeds its proportion of the statewide AFDC caseload~~ *having a high proportion of nonpriority caretakers that interferes with the county's ability to meet the 70 percent spending requirement of paragraph (c)* may, with the approval of the commissioner of human services, use up to 40 percent of the money allocated under this section for ~~employment search activities~~ *orientation* and employment and training services for nonpriority caretakers.

(e) *Money appropriated to cover the nonfederal share of costs for bilingual case management services to refugees for the employment and training programs under this section are allocated to counties based on each county's proportion of the total statewide number of AFDC refugee cases. However, counties with less than one percent of the statewide number of AFDC refugee cases do not receive an allocation.*

*(f)* Counties and the department of jobs and training shall bill the commissioner of human services for any expenditures incurred by the county, the county's employment and training service provider, or the department of jobs and training that may be reimbursed by federal money. The commissioner of human services shall bill the United States Department of Health and Human Services *and the United States Department of Agriculture* for the reimbursement and appropriate the reimbursed money to the county or employment and training service provider that submitted the original bill. The reimbursed money must be used to expand employment and training services.

*(g) The commissioner of human services shall review county expenditures of case management and employment and training block grant money at the end of the fourth quarter of the biennium and each quarter after that, and may reallocate unencumbered or unexpended money allocated under this section to those counties that can demonstrate a need for additional money. Reallocation of funds must be based on the formula set forth in paragraph (a), excluding the counties that have not demonstrated a need for additional funds.*

*commissioner may enter into agreements with any federally recognized Indian tribe with a reservation in the state to provide employment and training programs under this section to members of the Indian tribe receiving AFDC. For purposes of this section, "Indian tribe" means a tribe, band, nation, or other organized group or community of Indians that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians; and for which a reservation exists as is consistent with Public Law Number 100-485, as amended.*

*(b) Agreements entered into under this subdivision must require the governing body of the Indian tribe to fulfill all county responsibilities required under this section in operation of the employment and training services covered by the contract, excluding the county share of costs in subdivision 13 and any county function related to AFDC eligibility determination or grant payment. The commissioner may enter into an agreement with a consortium of Indian tribes providing the governing body of each Indian tribe in the consortium agrees to these conditions.*

*(c) Agreements entered into under this subdivision must require the Indian tribe to operate the employment and training services within a geographic service area not to exceed the counties within which a border of the reservation falls. Indian tribes may also operate services in Hennepin and Ramsey counties or other geographic areas as approved by the commissioner of human services in consultation with the commissioner of jobs and training.*

*(d) Agreements entered into under this section must require the Indian tribe to operate a federal jobs program under Public Law Number 100-485, section 482(i).*

*(e) Agreements entered into under this section must require conformity with section 13.46 and any applicable federal regulations in the use of data about AFDC recipients.*

*(h) Agreements entered into under this section must require the Indian tribe to allow inspection of program operations and records by representatives of the department.*

*(i) Agreements entered into under this subdivision must require the Indian tribe to contract with an employment and training service provider certified by the commissioner of jobs and training for operation of the programs, or become certified itself.*

*(j) Agreements entered into under this subdivision must require the Indian tribe to specify a starting date for each program with a procedure to enable tribal members participating in county-operated employment and training*

*services to make the transition to the program operated by the tribal unit. Programs must begin on the first day of a month specified by the agreement.*

*(k) If the commissioner and Indian tribe enter into an agreement, the commissioner may immediately reallocate county case management and employment and training block grant money from the counties in the Indian tribe's service area to the Indian tribe, prorating each county's annual allocations according to that percentage of the number of tribal unit members receiving AFDC residing in the county compared to the total number of AFDC recipients residing in the county and also prorating the annual allocation according to the month in which the Indian tribe program starts. If the Indian tribe cancels the agreement or fails, in the commissioner's judgment, to fulfill any requirement of the agreement, the commissioner shall reallocate money back to the counties in the Indian tribe's service area.*

*(l) Indian tribe members receiving AFDC and residing in the service area of an Indian tribe operating employment and training services under an agreement with the commissioner must be referred by county agencies in the service area to the Indian tribe for employment and training services.*

256.737 [COMMUNITY WORK EXPERIENCE PROGRAM.]

Subdivision 1. [~~PILOT PROGRAMS~~ *ESTABLISHMENT AND PURPOSE.*] In order that persons receiving aid under this chapter may be assisted in achieving self-sufficiency by enhancing their employability through meaningful work experience and training and the development of job search skills, the commissioner of human services ~~may~~ *shall* continue the pilot community work experience demonstration programs that were approved by January 1, 1984. ~~No new pilot community work experience demonstration programs may be established under this subdivision~~ *The commissioner may establish additional community work experience programs in as many counties as necessary to comply with the participation requirements of the family support act of 1988, Public Law Number 100-485. Programs established on or after July 1, 1989, must be operated on a volunteer basis.*

*Subd. 1a.* [COMMISSIONER'S DUTIES.] The commissioner shall: (a) assist counties in the design~~,~~ and implementation~~, and evaluation~~ of these ~~demonstration~~ programs; (b) promulgate, in accordance with chapter 14, emergency rules necessary for the implementation of this section, except that the time restrictions of section 14.35 shall not apply and the rules may be in effect until ~~the termination of the demonstration programs~~ *June 30, 1990 unless superseded by permanent rules*; ~~and~~ (c) seek any federal waivers necessary for proper implementation of this section in accordance with federal law~~. The commissioner shall~~; *and (d)* prohibit *the* use of participants in the programs to do work that was part or all of the duties or responsibilities of an authorized public employee position established as of January 1, ~~1985~~ *1989*. The exclusive bargaining representative shall be notified no less than 14 days in advance of any placement by the community work

experience program. Concurrence with respect to job duties of persons placed under the community work experience program shall be obtained from the appropriate exclusive bargaining representative. The appropriate oversight committee shall be given monthly lists of all job placements under a community work experience program.

~~As the commissioner phases in case management and other employment and training services under section 256.736, and no later than June 30, 1989, the commissioner may phase out projects under this section.~~

Subd. 2. [~~ADDITIONAL PROGRAMS~~ *PROGRAM REQUIREMENTS.*] ~~In addition to the pilot programs established in subdivision 1, the commissioner may approve the application of up to eight additional counties to enter into a community work experience program. The programs under this subdivision are governed by subdivision 1 except as in paragraphs (a) and (b).~~ *(a) Programs under this section are limited to projects that serve a useful public service such as: health, social service, environmental protection, education, urban and rural development and redevelopment, welfare, recreation, public facilities, public safety and child care. To the extent possible, the prior training, skills, and experience of a recipient must be used in making appropriate work experience assignments.*

~~(a)~~ *(b)* As a condition to placing a person receiving aid to families with dependent children in a program under this subdivision, the county *agency* shall first provide the recipient the opportunity to participate in the following services:

(1) placement in suitable subsidized or unsubsidized employment *through participation in job search under section 256.736, subdivision 14*; or

(2) basic educational or vocational or occupational training for an identifiable job opportunity.

~~(b)~~ *(c)* If the recipient refuses suitable employment and a training program, the county *agency* may, *subject to subdivision 1*, require the recipient to participate in a community work experience program as a condition of eligibility.

*(d) The county agency shall limit the maximum number of hours any participant under this section may be required to work in any month to a number equal to the amount of the aid to families with dependent children payable to the family divided by the greater of the federal minimum wage or the applicable state minimum wage.*

*(e) After a participant has been assigned to a position under this section for nine months, the participant may not be required to continue in that assignment unless the maximum number of hours a participant is required to work is no greater than the amount of the aid to families with dependent children payable with respect to the family divided by the higher of (1) the federal minimum wage or the applicable state minimum wage, whichever is greater, or (2) the rate of pay for individuals employed in the same or similar occupations by the same employer at the same site.*

*(f) After each six months of a recipient's participation in an assignment, and at the conclusion of each assignment under this section. The county agency shall reassess and revise, as appropriate, each participant's employability development plan.*

*(g) The county agency shall apply the grant reduction sanctions specified in section 256.736, subdivision 4, clause (6), when it is determined that*

*a mandatory participant has failed, without good cause, to participate in the program.*

Sec. 36. [256.738] [ON-THE-JOB TRAINING.]

*(a) County agencies may, in accordance with section 256.736, subdivision 10, develop on-the-job training programs that permit voluntary participation by AFDC recipients. A county agency that chooses to provide on-the-job training as one of its optional employment and training services may make payments to employers for on-the-job training costs that, during the period of the training, must not exceed 50 percent of the wages paid by the employer to the participant. The payments are deemed to be in compensation for the extraordinary costs associated with training participants under this section and in compensation for the costs associated with the lower productivity of the participants during training.*

*(b) County agencies shall limit the length of training based on the complexity of the job and the recipient's previous experience and training. Placement in an on-the-job training position with an employer is for the purpose of training and employment with the same employer, who has agreed to retain the person upon satisfactory completion of training.*

*(c) Placement of any recipient in an on-the-job training position must be compatible with the assessment and employability development plan established for the recipient under section 256.736, subdivision 10, paragraph (a), clauses (14) and (15).*

*(d) Provision of an on-the-job training program under the job training partnership act, in and of itself, does not qualify as an on-the-job training program under section 256.736, subdivision 10, paragraph (a), clause (13).*

Sec. 37. Minnesota Statutes 1988, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an assistance unit must be budgeted in the normal retrospective cycle. The number of months of ineligibility is determined by dividing the amount of the lump sum income and all other income, after application of the applicable disregards, by the standard of need for the assistance unit. An amount remaining after this calculation is income in the first month of eligibility. If the total monthly income including the lump sum income is larger than the standard of need for a single month the first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. In making its determination the county agency shall disregard the following from family income:

(1) all of the earned income of each dependent child receiving aid to families with dependent children who is a full-time student or part-time

student, and not a full-time employee, attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment as well as all the earned income derived from the job training and partnership act (JTPA) for a dependent child for six calendar months per year, together with unearned income derived from the job training and partnership act;

(2) all educational grants and loans;

(3) the first ~~$75~~ *$90* of each individual's earned income. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) ~~an amount equal to the actual expenditures but not to exceed $160 for the care of each dependent child or incapacitated individual living in the same home and receiving aid. In the case of a person not engaged in full-time employment or not employed throughout the month, the commissioner shall prescribe by rule a lesser amount to be disregarded;~~

~~(5)~~ thirty dollars plus one-third ~~of the remainder~~ of each individual's earned income ~~not already disregarded~~ for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has: (a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; ~~or~~ (b) refused without good cause to accept an offer of suitable employment; ~~or~~ (c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregard; or (d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services. Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment. The disregard of $30 and one-third ~~of the remainder~~ of earned income ~~described~~ in *this* clause ~~(5)~~ shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of *sub* clauses ~~(5)~~ (a) to ~~(5)~~ (d) shall be considered as one of the four months. An additional $30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined $30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards under *this* clause ~~(d)~~, the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

*(5) an amount equal to the actual expenditures for the care of each dependent child or incapacitated individual living in the same home and receiving aid, not to exceed: (a) $175 for each individual age two and older, and $200 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is employed for 30 or more hours per week; or (b) $174 for each individual age two or older, and $199 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is not employed throughout the month or when employment is less than 30 hours per week. The dependent care disregard must be applied after all other disregards under this subdivision have been applied;*

(6) the first $50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit; ~~and~~. *The first $50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit must be paid to the assistance unit within 15 days after the end of the month in which the collection of the periodic support payments occurred and must be disregarded when determining the amount of assistance;*

(7) that portion of an insurance settlement earmarked and used to pay medical expenses, funeral and burial costs, or to repair or replace insured property; *and*

*(8) all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments by an employer.*

~~The first $50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit shall be paid to the assistance unit within 15 days after the end of the month in which the collection of such periodic support payments occurred and shall be disregarded in determining the amount of assistance.~~

Sec. 38. Minnesota Statutes 1988, section 256.74, subdivision 1a, is amended to read:

Subd. 1a. [STEPPARENT'S INCOME.] In determining income available, the county agency shall take into account the remaining income of the dependent child's stepparent who lives in the same household after disregarding:

(1) the first $75 of the stepparent's gross earned income. ~~The commissioner shall prescribe by rule lesser amounts to be disregarded for stepparents who are not engaged in full-time employment or not employed throughout the month~~;

(2) an amount for support of the stepparent and any other individuals whom the stepparent claims as dependents for *determining federal personal income* tax ~~purposes~~ *liability* and who live in the same household but whose needs are not considered in determining eligibility for assistance under sections 256.72 to 256.87. The amount equals the standard of need for a family of the same composition as the stepparent and these other individuals;

(3) amounts the stepparent actually paid to individuals not living in the same household but whom the stepparent claims as dependents for *determining federal personal income* tax ~~purposes~~ *liability*; and

(4) alimony or child support, or both, paid by the stepparent for individuals not living in the same household.

Sec. 39. Minnesota Statutes 1988, section 256.74, is amended by adding a subdivision to read:

*Subd. 1b.* [REVIEW OF STANDARD OF NEED.] *The commissioner of human services shall develop a household budget sufficient to maintain a family in Minnesota. The budget must be based on a market survey of the cost of items needed by families raising children to the extent these factors are consistent with the requirements of federal regulations. The commissioner shall develop recommendations for an AFDC standard of need and level of payment that are based on the budget. The commissioner shall submit to the legislature by January 1, 1990, a report identifying the methods proposed for the conduct of the market survey, the funds required for the survey, and a timetable for completion of the survey, establishment of a family budget, and recommendation of an AFDC standard of need.*

Sec. 40. Minnesota Statutes 1988, section 256.85, is amended to read:

256.85 [LIBERAL CONSTRUCTION.]

Sections *256.031 to 256.036 and* 256.72 to 256.87 shall be liberally construed with a view to accomplishing their purpose, which is to enable the state and its several counties to cooperate with responsible primary caretakers of children in rearing future citizens, when the cooperation is necessary on account of relatively permanent conditions, in order to keep the family together in the same household, reasonably safeguard the health of the children's primary caretaker and secure personal care and training to the children during their tender years.

Sec. 41. [256.983] [FRAUD PREVENTION INVESTIGATIONS.]

*(a) Within the limits of available appropriations, and to the extent either required or authorized by applicable federal regulations, the commissioner of human services shall select and fund not less than four pilot projects for a two-year period to test the effectiveness of fraud prevention investigations conducted at the point of application for assistance. County agencies must be selected to be involved in the pilot projects based on their response to requests for proposals issued by the commissioner. One of the county agencies selected must be located in either Hennepin or Ramsey county, one must be from a county in the seven-county metropolitan area other than Hennepin and Ramsey counties, and two must be located outside the metropolitan area.*

*(b) If proposals are not submitted, the commissioner may select the county agencies to be involved. The county agencies must be selected from the locations described in paragraph (a).*

Sec. 42. Minnesota Statutes 1988, section 256D.01, subdivision 1, is amended to read:

Subdivision 1. [POLICY.] The objectives of sections 256D.01 to 256D.21 are to provide a sound administrative structure for public assistance programs; to maximize the use of federal money for public assistance purposes; ~~and~~ to provide an integrated public assistance program for all persons in the state without adequate income or resources to maintain a subsistence reasonably compatible with decency and health*; and to provide work readiness services to help employable and potentially employable persons prepare for and attain self-sufficiency and obtain permanent work.*

It is declared to be the policy of this state that persons unable to provide for themselves and not otherwise provided for by law and who meet the eligibility requirements of sections 256D.01 to 256D.21 are entitled to receive grants of general assistance necessary to maintain a subsistence reasonably compatible with decency and health. Providing this assistance is a matter of public concern and a necessity in promoting the public health and welfare.

Sec. 43. Minnesota Statutes 1988, section 256D.01, subdivision 1a, is amended to read:

Subd. 1a. [STANDARDS.] ~~(1)~~ *(a)* A principal objective in providing general assistance is to provide for persons ineligible for federal programs who are unable to provide for themselves. The minimum standard of assistance determines the total amount of the general assistance grant without separate standards for shelter, utilities, or other needs.

~~(2)~~ *(b)* The commissioner shall set the standard of assistance for an assistance unit consisting of an adult recipient who is childless and unmarried or living apart from children and spouse and who does not live with a parent or parents or a legal custodian. When the other standards specified in this subdivision increase, this standard ~~shall~~ *must* also be increased by the same percentage.

~~(3)~~ *(c)* For an assistance unit consisting of a single adult who lives with a parent or parents, the general assistance standard of assistance ~~shall be equal to~~ *is* the amount that the aid to families with dependent children standard of assistance would increase if the recipient were added as an additional minor child to an assistance unit consisting of the recipient's parent and all of that parent's family members, ~~provided~~ *except* that the standard ~~shall~~ *may* not exceed the standard for a general assistance recipient living alone. Benefits received by a responsible relative of the assistance unit under the supplemental security income program, a workers' compensation program, the Minnesota supplemental aid program, or any other program based on the responsible relative's disability, and any benefits received by a responsible relative of the assistance unit under the social security retirement program, ~~shall~~ *may* not be counted in the determination of eligibility or benefit level for the assistance unit. *Except as provided below,* the assistance unit is ineligible for general assistance if the available resources or the countable income of the assistance unit and the parent or parents with whom the assistance unit lives are such that a family consisting of the assistance unit's parent or parents, the parent or parents' other family members and the assistance unit as the only or additional minor child would be financially ineligible for general assistance. For the purposes of calculating the countable income of the assistance unit's parent or parents, ~~use~~ the calculation methods, income deductions, exclusions, and disregards used when calculating the countable income for a single adult or childless couple *must be used.*

~~(4)~~ *(d)* For an assistance unit consisting of a childless couple, the standards of assistance ~~shall be equal to~~ *are the same as* the first and second adult standards of the aid to families with dependent children program. If one member of the couple is not included in the general assistance grant, ~~then~~ the standard of assistance for the other ~~shall be equal to~~ *is* the second adult standard of the aid to families with dependent children program~~, except that, when one member of the couple is not included in the general~~

~~assistance grant because that member is not categorically eligible for general assistance under section 256D.05, subdivision 1, and has exhausted work readiness eligibility under section 256D.051, subdivision 4 or 5, for the period of time covered by the general assistance grant, then the standard of assistance for the remaining member of the couple shall be equal to the first adult standard of the aid to families with dependent children program~~.

~~(5)~~ *(e)* For an assistance unit consisting of all members of a family, the standards of assistance ~~shall be~~ *are* the same as the standards of assistance ~~applicable~~ *that apply* to a family under the aid to families with dependent children program if that family had the same number of parents and children as the assistance unit under general assistance and if all members of that family were eligible for the aid to families with dependent children program. If one or more members of the family are not included in the assistance unit for general assistance, the standards of assistance for the remaining members ~~shall be equal to~~ *are the same as* the standards of assistance ~~applicable~~ *that apply* to an assistance unit composed of the entire family, less the standards of assistance ~~applicable to~~ *for* a family of the same number of parents and children as those members of the family who are not in the assistance unit for general assistance. ~~Notwithstanding the foregoing~~ *However*, if an assistance unit consists solely of the minor children because their parent or parents have been sanctioned from receiving benefits from the aid to families with dependent children program, the standard for the assistance unit ~~shall be equal to~~ *is the same as* the special child standard of the aid to families with dependent children program. A child ~~shall~~ *may* not be excluded from the assistance unit unless income intended for its benefit is received from a federally aided categorical assistance program or supplemental security income. The income of a child who is excluded from the assistance unit ~~shall~~ *may* not be counted in the determination of eligibility or benefit level for the assistance unit.

Sec. 44. Minnesota Statutes 1988, section 256D.01, subdivision 1b, is amended to read:

Subd. 1b. [RULES.] The commissioner may adopt emergency rules and shall adopt permanent rules to set standards of assistance and methods of calculating payment to conform with subdivision 1a. The minimum standards of assistance shall authorize the payment of rates negotiated by ~~local~~ *county* agencies for recipients living in a room and board arrangement *according to sections 256I.01 to 256I.07*. ~~Except for payments made to a secure crisis shelter under section 256D.05, subdivision 3, monthly general assistance payments for rates negotiated by a local agency on behalf of recipients living in a room and board, boarding care, supervised living, or adult foster care arrangement must not exceed the limits established under the Minnesota supplemental aid program. In order to maximize the use of federal funds, the commissioner shall adopt rules, to the extent permitted by federal law for eligibility for the emergency assistance program under aid to families with dependent children, and under the terms of sections 256D.01 to 256D.21 for general assistance, to require use of the emergency program under aid to families with dependent children as the primary financial resource when available. The commissioner shall provide by rule for eligibility for general assistance of persons with seasonal income, and may attribute seasonal income to other periods not in excess of one year from receipt by an applicant or recipient.~~ *When a recipient is a resident of a regional treatment center, or a residence with a negotiated rate, the recipient is not eligible for a full general assistance standard.*

*The state standard of assistance for those recipients is the personal needs allowance authorized for medical assistance recipients under section 256B.35.*

Sec. 45. Minnesota Statutes 1988, section 256D.01, subdivision 1c, is amended to read:

Subd. 1c. [*GENERAL ASSISTANCE* PAYMENTS ~~TO FACILITIES~~.] *(a)* The commissioner shall ~~make~~ *authorize the payment of rates negotiated by local agencies for recipients living in a room and board arrangement. Except for payments made to a secure crisis shelter under section 256D.05, subdivision 3, monthly general assistance payments for rates negotiated by a local agency on behalf of recipients living in a room and board, boarding care, supervised living, or adult foster care arrangement may not exceed the limits established under the Minnesota supplemental aid program.* No payments under ~~subdivision 1b~~ *this paragraph may be made* to ~~facilities~~ *a facility* licensed after August 1, 1987, ~~which have~~ *that has* more than four residents with a diagnosis of mental illness ~~except for facilities~~ *unless the facility is* specifically licensed to serve persons with mental illness. The commissioner of health shall monitor newly-licensed facilities and shall report to the commissioner of human services facilities that are not in compliance with this section.

*(b) In order to maximize the use of federal funds, the commissioner shall adopt rules, to the extent permitted by federal law, for eligibility for the emergency assistance program under aid to families with dependent children, and under the terms of sections 256D.01 to 256D.21 for general assistance, to require use of the emergency program under aid to families with dependent children as the primary financial resource when available.*

*(c) The commissioner shall adopt rules for eligibility for general assistance of persons with seasonal income, and may attribute seasonal income to other periods not in excess of one year from receipt by an applicant or recipient.*

*(d) General assistance payments may not be made for foster care, child welfare services, or other social services.*

*(e) Vendor payments and vouchers may be issued only as authorized in sections 256D.05, subdivision 6, and 256D.09.*

Sec. 46. Minnesota Statutes 1988, section 256D.02, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] *For purposes of sections 256D.01 to 256D.21,* the terms defined in this section ~~shall~~ have the meanings given them unless otherwise provided or indicated by the context.

Sec. 47. Minnesota Statutes 1988, section 256D.02, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE.] "General assistance" means cash payments to persons unable to provide themselves with a reasonable subsistence compatible with decency and health and who are not otherwise provided for under the laws of this state or the United States. ~~General assistance shall not include payments for foster care, child welfare services, or other social services. Vendor payments and vouchers may be issued only as provided for in section 256D.09.~~

Sec. 48. Minnesota Statutes 1988, section 256D.02, is amended by adding a subdivision to read:

All applicants for these programs are required to demonstrate the requisite intent and can do so in any of the following ways:*

Subsequent payments must be paid monthly on the first day of each month.*

*There shall be an initial certification period which shall begin on the date the completed application is received by the county agency or the date that the assistance unit meets all work readiness eligibility factors, whichever is later, and ending on the date that mandatory registrants in the assistance unit must attend a work readiness orientation. Subsequent payments of work readiness shall be governed by subdivision 1a or section 256D.05, subdivision 6. If one or more mandatory registrants from the assistance unit fail to attend the orientation, those who failed to attend orientation will be removed from the assistance unit without further notice and shall be ineligible for additional assistance. Subsequent assistance to such persons shall be dependent upon the person completing application for assistance and being determined eligible.*

The state standard of assistance for those recipients is the ~~clothing and~~ personal needs allowance for medical assistance recipients under section 256B.35. ~~Minnesota supplemental aid may be paid to negotiated rate facilities at the rates in effect on March 1, 1985, for services provided under the supplemental aid program to residents of the facility, up to the maximum negotiated rate specified in this section. The rate for room and board for a licensed facility must not exceed $800. The maximum negotiated rate does not apply to a facility that, on August 1, 1984, was licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, and licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690 or a facility that, on August 1, 1984, was licensed by the commissioner of human services under Minnesota Rules, parts 9525.0520 to 9525.0660, but funded as a supplemental aid negotiated rate facility under this chapter. The following facilities are exempt from the limit on negotiated rates and must be reimbursed for documented actual costs, until an alternative reimbursement system covering services excluding room and board maintenance services is developed by the commissioner:~~

~~(1) a facility that only provides services to persons with mental retardation; and~~

~~(2) a facility not certified to participate in the medical assistance program that is licensed as a boarding care facility as of March 1, 1985, and does not receive supplemental program funding under Minnesota Rules, parts 9535.2000 to 9535.3000 or 9553.0010 to 9553.0080. Beginning July 1, 1987, the facilities under clause (1) are subject to applicable supplemental aid limits, and must meet all applicable licensing and reimbursement requirements for programs for persons with mental retardation. The negotiated rates may be paid for persons who are placed by the local agency or who elect to reside in a room and board facility or a licensed facility for the purpose of receiving physical, mental health, or rehabilitative care, provided the local agency agrees that this care is needed by the person. When Minnesota supplemental aid is used to pay a negotiated rate, the rate payable to the facility must not exceed the rate paid by an individual not receiving Minnesota supplemental aid. To receive payment for a negotiated rate, the dwelling must comply with applicable laws and rules establishing standards necessary for health, safety, and licensure. The negotiated rate must be adjusted by the annual percentage change in the consumer price index (CPI-U U.S. city average), as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100) or 2.5 percent, whichever is less. From the first of the month in which~~

The county agency must determine an applicant's eligibility for Minnesota supplemental aid as soon as the required verifications are received by the county agency and within 30 days after a signed application is received by the county agency for the aged or blind or within 60 days for the disabled. The amount of the first grant of Minnesota supplemental aid awarded to an applicant must be computed to cover the time period starting with the first day of the month in which the county agency received the signed and dated application or the first day of the month in which all eligibility factors were met, whichever is later.*

Sec. 99. [256D.405] [VERIFICATION AND REPORTING REQUIREMENTS.]

*Subdivision 1.* [VERIFICATION.] *The county agency shall request, and applicants and recipients shall provide and verify, all information necessary to determine initial and continuing eligibility and assistance payment amounts. If necessary, the county agency shall assist the applicant or recipient in obtaining verifications. If the applicant or recipient refuses or fails without good cause to provide the information or verification, the county agency shall deny or terminate assistance.*

Recipients with earned income, and recipients who have income allocated to them from a financially responsible relative with whom the recipient resides, must complete a monthly household report form. If the report form is not received before the end of the month in which it is due, the county agency must terminate assistance. The termination shall be effective on the first day of the month following the month in which the report was due. If a complete report is received within the month the assistance was terminated, the assistance unit is considered to have continued its application for assistance, effective the first day of the month the assistance was terminated.*

A person found eligible by the Social Security Administration for supplemental security income under Title XVI on the basis of age, blindness, or disability meets these requirements. A person who would be eligible for the supplemental security income program except for income that exceeds the limit of that program but that is within the limits of the Minnesota supplemental aid program, must have blindness or disability determined by the state medical review team.*

If an individual has a plan for self-support approved by the Social Security Administration, the county agency shall disregard income and resources in the amount and for the time approved in that plan.*

*Subd. 3.* [APPLICATION FOR FEDERALLY FUNDED BENEFITS.] *Persons for whom the applicant or recipient has financial responsibility and who have unmet needs must apply for and, if eligible, accept AFDC and other federally funded benefits. If the persons are determined potentially eligible for AFDC by the county agency, the applicant or recipient may not allocate earned or unearned income to those persons while an AFDC application is pending, or after the persons are determined eligible for AFDC. If the persons are determined potentially eligible for other federal benefits, the applicant or recipient may only allocate income to those persons until they are determined eligible for those other benefits unless the amount of those benefits is less than the amount in subdivision 4.*

*Subd. 4.* [ALLOCATION OF INCOME.] *The rate of allocation to relatives for whom the applicant or recipient is financially responsible is one-half the individual supplemental security income standard of assistance, except as restricted in subdivision 3.*

*If the applicant or recipient shares a residence with another person who has financial responsibility for the applicant or recipient, the income of that person is considered available to the applicant or recipient after allowing: (1) the deductions in subdivisions 7 and 8; and (2) a deduction for the needs of the financially responsible relative and others in the household for whom that relative is financially responsible. The rate allowed to meet the needs of each of these people is one-half the individual supplemental security income standard.*

*Subd. 5.* [GENERAL INCOME DISREGARD.] *The local agency shall disregard the first $20 of the assistance unit's unearned or earned income from the assistance unit's gross earned income.*

*Subd. 6.* [EARNED INCOME DISREGARDS.] *From the assistance unit's gross earned income, the local agency shall disregard $65 plus one-half of the remaining income.*

*Subd. 8.* [SELF-EMPLOYMENT EARNINGS.] *A local agency must determine gross earned income from self-employment by subtracting business costs from gross receipts.*

*Subd. 9.* [RENTAL PROPERTY.] *Income from rental property is considered self-employment income for each month that the owner of the property who is the assistance unit or a responsible relative of the assistance unit does an average of at least ten hours a week of labor. When no labor is expended, income from rental property is considered unearned income and an additional deduction is allowed for actual, reasonable, and necessary labor costs for upkeep and repair.*

*Subd. 10.* [LUMP SUMS.] *Lump sum payments are considered income in the month received.*

Sec. 103. [256D.44] [STANDARDS OF ASSISTANCE.]

*Subdivision 1.* [USE OF STANDARDS; INCREASES.] *The state standards of assistance for shelter, basic needs, and special need items that establish the total amount of maintenance need for an applicant for or recipient of Minnesota supplemental aid, are used to determine the assistance unit's eligibility for Minnesota supplemental aid. The state standards of assistance for basic needs must increase by an amount equal to the dollar value, rounded up to the nearest dollar, of any cost of living increases in the supplemental security income program.*

*Subd. 2.* [STANDARD OF ASSISTANCE FOR SHELTER.] *The state standard of assistance for shelter provides for the recipient's shelter costs. The monthly state standard of assistance for shelter must be determined according to paragraphs (a) to (c).*

*(a) If the recipient does not reside with another person, the state standard of assistance is the actual cost for shelter items or $124, whichever is less.*

*(b) If the recipient resides with another person, the state standard of assistance is the actual costs for shelter items or $93, whichever is less.*

*(c) Actual shelter costs for applicants or recipients are determined by dividing the total monthly shelter costs by the number of persons who share the residence.*

*Subd. 3.* [STANDARD OF ASSISTANCE FOR BASIC NEEDS.] *The state standard of assistance for basic needs provides for the applicant's or recipient's maintenance needs, other than actual shelter costs. Except as provided in subdivision 4, the monthly state standard of assistance for basic needs is as follows:*

*(a) For an applicant or recipient who does not reside with another person, the state standard of assistance is $305.*

*(b) For an individual who resides with another person or persons, the state standard of assistance is $242.*

*Subd. 4.* [TEMPORARY ABSENCE DUE TO ILLNESS.] *For the purposes of this subdivision, "home" means a residence owned or rented by a recipient or the recipient's spouse. Home does not include a negotiated rate facility. Assistance payments for recipients who are temporarily absent from their home due to hospitalization for illness must continue at the*

*same level of payment during their absence if the following criteria are met:*

*(1) a physician certifies that the absence is not expected to continue for more than three months;*

*(2) a physician certifies that the recipient will be able to return to independent living; and*

*(3) the recipient has expenses associated with maintaining a residence in the community.*

*Subd. 5.* [SPECIAL NEEDS.] *Notwithstanding subdivisions 1 to 4, payments are allowed for the following special needs of recipients of Minnesota supplemental aid:*

*(a) The local agency shall pay a monthly allowance for medically prescribed diets payable under the AFDC program if the cost of those additional dietary needs cannot be met through some other maintenance benefit.*

*(b) Payment for nonrecurring special needs must be allowed for necessary home repairs or necessary repairs or replacement of household furniture and appliances using the payment standard of the AFDC program for these expenses, as long as other funding sources are not available.*

*(c) A fee for guardian or conservator service is allowed at a reasonable rate negotiated by the county or approved by the court. This rate shall not exceed five percent of the assistance unit's gross monthly income up to a maximum of $100 per month. If the guardian or conservator is a member of the county agency staff, no fee is allowed.*

*(d) The county agency shall continue to pay a monthly allowance of $68 for restaurant meals for a person who was receiving a restaurant meal allowance on June 1, 1990, and who eats two or more meals in a restaurant daily. The allowance must continue until the person has not received Minnesota supplemental aid for one full calendar month or until the person's living arrangement changes and the person no longer meets the criteria for the restaurant meal allowance, whichever occurs first.*

*Subd. 6.* [COUNTY AGENCY STANDARDS OF ASSISTANCE.] *The county agency may establish standards of assistance for shelter, basic needs, special needs, clothing and personal needs, and negotiated rates that exceed the corresponding state standards of assistance. State aid is not available for costs above state standards.*

Sec. 104. [256D.45] [PAYMENT PERIOD.]

*Subdivision 1.* [PROSPECTIVE BUDGETING.] *A calendar month is the payment period for Minnesota supplemental aid. The monthly payment to a recipient must be determined prospectively.*

*Subd. 2.* [GROSS INCOME TEST.] *The local agency shall apply a gross income test prospectively for each month of program eligibility. An assistance unit is ineligible when nonexcluded income, before applying any disregards or deductions, exceeds 300 percent of the supplemental security income standard for an individual.*

Sec. 105. [256D.46] [EMERGENCY MINNESOTA SUPPLEMENTAL AID.]

*Subdivision 1.* [ELIGIBILITY.] *Emergency Minnesota supplemental aid must be granted if the recipient is without adequate resources to resolve an emergency that, if unresolved, will threaten the health or safety of the recipient.*

*Subd. 2.* [INCOME AND RESOURCE TEST.] *All income and resources available to the recipient during the month in which the need for emergency Minnesota supplemental aid arises must be considered in determining the recipient's ability to meet the emergency need. Property that can be liquidated in time to resolve the emergency and income that is normally disregarded or excluded under the Minnesota supplemental aid program must be considered available to meet the emergency need.*

*Subd. 3.* [PAYMENT AMOUNT.] *The amount of assistance granted under emergency Minnesota supplemental aid is limited to the amount necessary to resolve the emergency.*

Sec. 106. [256D.47] [PAYMENT METHODS.]

*Minnesota supplemental aid payments must be issued to the recipient, a protective payee, or a conservator or guardian of the recipient's estate in the form of county warrants immediately redeemable in cash, electronic benefits transfer, or by direct deposit into the recipient's account in a financial institution. Minnesota supplemental aid payments must be issued regularly on the first day of the month. The supplemental aid warrants must be mailed only to the address at which the recipient resides, unless another address has been approved in advance by the local agency. Vendor payments must not be issued by the local agency except for nonrecurring emergency need payments; at the request of the recipient; for special needs, other than special diets; or when the agency determines the need for protective payments exist.*

Sec. 107. [256D.48] [PROTECTIVE PAYMENTS.]

*Subdivision 1.* [NEED FOR PROTECTIVE PAYEE.] *The county agency shall determine whether a recipient needs a protective payee when a physical or mental condition renders the recipient unable to manage funds and when payments to the recipient would be contrary to the recipient's welfare. Protective payments must be issued when there is evidence of: (1) repeated inability to plan the use of income to meet necessary expenditures; (2) repeated observation that the recipient is not properly fed or clothed; (3) repeated failure to meet obligations for rent, utilities, food, and other essentials; (4) evictions or a repeated incurrence of debts; or (5) lost or stolen checks. The determination of representative payment by the Social Security Administration for the recipient is sufficient reason for protective payment of Minnesota supplemental aid payments.*

*Subd. 2.* [ESTABLISHING PROTECTIVE PAYMENT.] *When the county agency determines that a recipient needs a protective payee, the county agency shall appoint a payee according to the procedures in paragraphs (a) and (b).*

*(a) The county agency shall consider the recipient's preference of protective payee. The protective payee must have an interest in or concern for the welfare of the recipient. The protective payee must be capable of*

*and willing to provide the required assistance. A vendor of goods or services, including the recipient's landlord, shall not serve as protective payee.*

*(b) The county agency shall reconsider the need for a protective payee at least annually. The criteria used to determine a person's continuing need for a protective payee are the criteria used in the supplemental security income program to determine if a person is incapable of managing or directing the management of the person's money. *Subd. 2.* [UNDERPAYMENT OF MONTHLY GRANTS.] *When the county agency determines that an underpayment of the recipient's monthly payment has occurred, it shall, during that same month, issue a corrective payment. Corrective payments must be excluded when determining the applicant's or recipient's income and resources for the month of payment.*

*Subd. 3.* [OVERPAYMENT OF MONTHLY GRANTS.] *When the county agency determines that an overpayment of the recipient's monthly payment of Minnesota supplemental aid has occurred, it shall issue a notice of overpayment to the recipient. If the person is no longer receiving Minnesota supplemental aid, the county agency may request voluntary repayment or pursue civil recovery. If the person is receiving Minnesota supplemental aid, the county agency shall recover the overpayment by withholding an amount equal to three percent of the standard of assistance for the recipient or the total amount of the monthly grant, whichever is less. Residents of nursing homes, regional treatment centers, and facilities with negotiated rates shall not have overpayments recovered from their personal needs allowance.*

The ten-day notice must be in writing on a form prescribed by the commissioner. The notice must be mailed or given to the recipient not later than ten days before the effective date of the action. The notice must clearly state the action the county agency intends to take, the reasons for the action, the right to appeal the action, and the conditions under which assistance can be continued while an appeal is pending.*

*Subd. 2.* [FIVE-DAY NOTICE.] *Five days' advance notice is sufficient when the county agency has verified and documented that the case facts require termination, suspension, or reduction of the grant for probable fraud by a recipient. If the last day of the five-day period falls on a weekend or holiday, the effective date of the action is the next working day.*

*Subd. 3.* [ADEQUATE NOTICE.] *Notice must be given no later than the effective date of the action when: (1) the county agency has factual information confirming the death of a person included in the grant; (2) the county agency receives a clear written statement, signed by a recipient, that the recipient no longer wishes assistance; (3) the county agency receives a clear statement, signed by a recipient, reporting information that the recipient acknowledges will require termination of or a reduction in the grant; (4) a recipient has been placed in a skilled nursing home, intermediate care, or a long-term hospitalization facility; (5) a recipient has been admitted to or committed to an institution; or (6) a recipient's whereabouts are unknown and the county agency mail to the recipient has been returned by the post office showing no forwarding address.*

*Subd. 2.* [CONTINUATION OF PAYMENT PENDING APPEAL DECISION.] *When assistance is reduced, suspended, or terminated, the client has the right to choose to have the grant continued while an appeal is pending if the appellant files the appeal within ten days after the date the notice is mailed or before the effective date of the proposed action, whichever is later.*

Sec. 111. [256D.52] [FRAUD.]

*(4) establish necessary administrative and fiscal procedures; and*

*(5) allocate money appropriated for Minnesota supplemental aid to county agencies.*

Sec. 113. [256D.54] [APPLICATION FOR OTHER BENEFITS.]

*eligibility for those benefits; and (2) execute an interim assistance authorization agreement on a form as directed by the commissioner.*

*Subd. 2.* [RECOVERY OF SUPPLEMENTAL AID UNDER AN INTERIM ASSISTANCE AGREEMENT.] *If a recipient is eligible for benefits from other sources, and receives a payment from another source for a period during which supplemental aid was also issued, the recipient shall reimburse the county agency for the interim assistance paid. Reimbursement shall not exceed the amount of supplemental aid paid during the time period to which the other maintenance benefits apply. Reimbursement shall not exceed the state standard that applies to that time period. Reimbursement may be sought directly from the other source of maintenance income but remains the primary obligation of the recipient when an interim assistance agreement has been executed.*

*Subd. 3.* [INTERIM ASSISTANCE ADVOCACY INCENTIVE PROGRAM.] *From the amount recovered under an interim assistance agreement, county agencies may retain 25 percent plus actual reasonable fees, costs, and disbursements of appeals, litigation, and advocacy assistance given to the recipient for the recipient's claim for supplemental security income. The money kept under this section is from the state share of the recovery. The county agency may contract with qualified persons to provide the special assistance. The methods by which a county agency identifies, refers, and assists recipients who may be eligible for benefits under federal programs for the aged, blind, or disabled are those methods used by the general assistance interim assistance advocacy incentive program.*

Sec. 114. Minnesota Statutes 1988, section 256G.03, subdivision 1, is amended to read:

Subdivision 1. [STATE RESIDENCE.] For purposes of this chapter, ~~"state residence" is coincidental with residence in a Minnesota county. The establishment of county residence serves as proof of residence in Minnesota~~ *a resident of any Minnesota county is considered a state resident. For purposes of eligibility for general assistance or work readiness, residency must be substantiated according to section 256D.02, subdivision 12a.*

Sec. 115. [256I.01] [CITATION.]

*Sections 256I.01 to 256I.06 shall be cited as the "negotiated rate act."*

Sec. 116. [256I.02] [PURPOSE.]

*The negotiated rate act establishes a comprehensive system of rates and payments for persons who reside in a negotiated rate residence and who meet the eligibility criteria of the general assistance program under sections 256D.01 to 256D.21, or the Minnesota supplemental aid program under sections 256D.33 to 256D.54.*

Sec. 117. [256I.03] [DEFINITIONS.]

*Subdivision 1.* [SCOPE.] *For the purposes of sections 256I.01 to 256I.06, the terms defined in this section have the meanings given them.*

*Subd. 2.* [NEGOTIATED RATE.] *"Negotiated rate" means a monthly rate set for shelter, fuel, food, utilities, household supplies, and other costs necessary to provide room and board for individuals eligible for general assistance under sections 256D.01 to 256D.21 or supplemental aid under sections 256D.33 to 256D.54. Negotiated rate does not include payments*

*for foster care for children who are not blind, child welfare services, medical care, dental care, hospitalization, nursing care, drugs or medical supplies, program costs, or other social services. However, the negotiated rate for recipients living in residences in section 256I.05, subdivision 2, paragraph (c), clause (2), includes all items covered by that residence's medical assistance per diem rate. The rate is negotiated by the county agency or the state according to the provisions of sections 256I.01 to 256I.06.*

*Subd. 3.* [NEGOTIATED RATE RESIDENCE.] *"Negotiated rate residence" means a group living situation that provides at a minimum room and board to unrelated persons who meet the eligibility requirements of section 256I.04. To receive payment for a negotiated rate, the residence must comply with applicable laws and rules establishing standards for health, safety, and licensure. Secure crisis shelters for battered women and their children are not negotiated rate residences.*

*Subd. 4.* [REPRESENTATIVE PAYEE.] *"Representative payee" means a person selected to receive and manage general assistance or Minnesota supplemental aid benefits provided by the county agency on behalf of a general assistance or Minnesota supplemental aid recipient.*

Sec. 118. [256I.04] [ELIGIBILITY FOR NEGOTIATED RATE PAYMENT.]

*Subdivision 1.* [ELIGIBILITY REQUIREMENTS.] *To be eligible for a negotiated rate payment, the individual must be eligible for general assistance under sections 256D.01 to 256D.21, or supplemental aid under sections 256D.33 to 256D.54. If the individual is in the negotiated rate residence due to illness or incapacity, the individual must be in the residence under a plan developed or approved by the county agency. Residence in other negotiated rate residences must be approved by the county agency.*

*Subd. 2.* [DATE OF ELIGIBILITY.] *For a person living in a negotiated rate residence who is eligible for general assistance under sections 256D.01 to 256D.21, payment shall be made from the date a signed application form is received by the county agency or the date the applicant meets all eligibility factors, whichever is later. For a person living in a negotiated rate residence who is eligible for supplemental aid under sections 256D.33 to 256D.54, payment shall be made from the first of the month in which an approved application is received by a county agency.*

Sec. 119. [256I.05] [PAYMENT RATES.]

*Subdivision 1.* [MONTHLY RATES.] *Monthly payments for rates negotiated by a county agency on behalf of a recipient living in a negotiated rate residence may be paid at the rates in effect on March 1, 1985, not to exceed $919.80 in 1989. These rates must be increased annually according to subdivision 7.*

*Subd. 2.* [MONTHLY RATES; EXEMPTIONS.] *(a) The maximum negotiated rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, and licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690. For residences in this clause that have less than five percent of their licensed boarding care capacity reimbursed by the medical assistance program, rate increases shall be provided according to section 256B.431, subdivision 4, paragraph (c).*

*(b) The maximum negotiated rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of human services under Minnesota Rules, parts 9525.0520 to 9525.0660, but funded as a negotiated rate residence under general assistance or Minnesota supplemental aid. Rate increases for these residences are subject to the provisions of subdivision 7.*

*(c) The following residences are exempt from the limit on negotiated rates and must be reimbursed for documented actual costs, until an alternative reimbursement system covering services excluding room and board maintenance services is developed by the commissioner:*

*(1) a residence that is not certified to participate in the medical assistance program, that was licensed as a boarding care facility by March 1, 1985, and does not receive supplemental program funding under Minnesota Rules, parts 9535.2000 to 9535.3000 or 9553.0010 to 9553.0080;*

*(2) a residence certified to participate in the medical assistance program, licensed as a boarding care facility or a nursing home, and declared to be an institution for mental disease by January 1, 1989. Effective January 1, 1989, the actual documented cost for these residences is the individual's appropriate medical assistance case mix rate until the commissioner develops a comprehensive system of rates and payments for persons in all negotiated rate residences. The exclusion from the rate limit for residences under this clause expires July 1, 1991. The commissioner of human services, in consultation with the counties in which these residences are located, shall review the status of each certified nursing home and board and care facility declared to be an institution for mental disease. This review shall include the cost effectiveness of continued payment for residents through general assistance or Minnesota supplemental aid; the appropriateness of placement of general assistance or supplemental aid clients in these facilities; the effects of Public Law Number 100-203 on these facilities; and the role of these facilities in the mental health service delivery system. The commissioner shall make recommendations to the legislature by January 1, 1990, regarding the need to continue the exclusion of these facilities from the negotiated rate maximum and the future role of these facilities in serving persons with mental illness.*

*Subd. 3.* [LIMITS ON RATES.] *When a negotiated rate is used to pay for an individual's room and board, the rate payable to the residence must not exceed the rate paid by an individual not receiving a negotiated rate under this chapter.*

*Subd. 4.* [CERTAIN RESIDENCES NOT ELIGIBLE.] *The commissioner shall make no payments under this section to residences licensed after August 1, 1987, that have more than four residents with a diagnosis of mental illness, except for residences specifically licensed to serve persons with mental illness or residences excluded from licensure under chapter 245A. The commissioner of health shall monitor newly licensed residences and shall report to the commissioner of human services residences that do not comply with this section.*

*Subd. 5.* [ADULT FOSTER CARE RATES.] *The commissioner shall annually establish statewide maintenance and difficulty of care rates for adults in foster care. The commissioner shall adopt rules to implement statewide rates. In adopting rules, the commissioner shall consider existing maintenance and difficulty of care rates so that, to the extent possible, an adult for whom a maintenance or difficulty of care rate is established will*

*not be adversely affected.*

*Subd. 6.* [STATEWIDE RATE SETTING SYSTEM.] *The commissioner shall establish a comprehensive statewide system of rates and payments for recipients who reside in residences with negotiated rates to be effective January 1, 1992, or as soon as possible after that date. The commissioner may adopt rules to establish this rate setting system.*

*Subd. 7.* [RATE INCREASES.] *The negotiated rate must be adjusted by the annual percentage change in the consumer price index (CPI-U U.S. city average), as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100) or 2.5 percent, whichever is less.*

*Subd. 8.* [STATE PARTICIPATION.] *For a resident of a negotiated rate residence who is eligible for general assistance under sections 256D.01 to 256D.21, state participation in the negotiated rate is determined according to section 256D.03, subdivision 2. For a resident of a negotiated rate facility who is eligible under sections 256D.33 to 256D.54, state participation in the negotiated rate is determined according to section 256D.36.*

*Subd. 9.* [PERSONAL NEEDS ALLOWANCE.] *In addition to the negotiated rate paid for the room and board costs, a person residing in a negotiated rate residence shall receive an allowance for clothing and personal needs. The allowance shall not be less than that authorized for a medical assistance recipient in section 256B.35.*

Sec. 120. [256I.06] [PAYMENT METHODS.]

*When a negotiated rate is used to pay the room and board costs of a person eligible under sections 256D.01 to 256D.21, the monthly payment may be issued as a voucher or vendor payment. When a negotiated rate is used to pay the room and board costs of a person eligible under sections 256D.33 to 256D.54, payments must be made to the recipient. If a recipient is not able to manage the recipient's finances, a representative payee must be appointed.*

Sec. 27. [253.018] [PERSONS SERVED.]

*The regional treatment centers shall primarily serve adults. Programs treating children and adolescents who require the clinical support available in a psychiatric hospital may be maintained on present campuses until adequate state-operated alternatives are developed off campus according to the criteria of section 253.28, subdivision 2.*

Sec. 28. [253.28] [STATE-OPERATED, COMMUNITY-BASED PROGRAMS FOR PERSONS WITH MENTAL ILLNESS.]

*Subdivision 1.* [PROGRAMS FOR PERSONS WITH MENTAL ILLNESS.] *Beginning July 1, 1991, the commissioner may establish a system*

*of state-operated, community-based programs for persons with mental illness. For purposes of this section, "state-operated, community-based program" means a program administered by the state to provide treatment and habilitation in community settings to persons with mental illness. Employees of the programs must be state employees under chapters 43A and 179A. The role of state-operated services must be defined within the context of a comprehensive system of services for persons with mental illness. Services may include, but are not limited to, community residential treatment facilities for children and adults.*

*Subd. 2.* [LOCATION OF PROGRAMS FOR PERSONS WITH MENTAL ILLNESS.] *In determining the location of state-operated, community-based programs, the needs of the individual clients shall be paramount. The commissioner shall take into account:*

*(1) the personal preferences of the persons being served and their families;*

*(2) location of the support services needed by the persons being served as established by an individual service plan;*

*(3) the appropriate grouping of the persons served;*

*(4) the availability of qualified staff;*

*(5) the need for state-operated, community-based programs in the geographical region of the state; and*

*(6) a reasonable commuting distance from a regional treatment center or the residences of the program staff.*

*Subd. 3.* [EVALUATION OF COMMUNITY-BASED SERVICES DEVELOPMENT.] *The commissioner shall develop an integrated approach to assessing and improving the quality of community-based services including state-operated programs to persons with mental illness. The commissioner shall evaluate the progress of the development and quality of the community-based services to determine if further development can proceed. The commissioner shall report results of the evaluation to the legislature by January 31, 1993.*

Sec. 29. Minnesota Statutes 1988, section 256B.092, subdivision 7, is amended to read:

Subd. 7. [SCREENING TEAMS ESTABLISHED.] *(a)* Each county agency shall establish a screening team which, under the direction of the county case manager, shall make an evaluation of need for home and community-based services of persons who are entitled to the level of care provided by an intermediate care facility for persons with mental retardation or related conditions or for whom there is a reasonable indication that they might require the level of care provided by an intermediate care facility. The screening team shall make an evaluation of need within 15 working days of the date that the assessment is completed or within 60 working days of a request for service by a person with mental retardation or related conditions, whichever is the earlier, and within five working days of an emergency admission of an individual to an intermediate care facility for persons with mental retardation or related conditions. The screening team shall consist of the case manager, the client, a parent or guardian, a qualified mental retardation professional, as defined in the Code of Federal Regulations, title 42, section 442.401, as amended through December 31, 1987. For individuals determined to have overriding health care needs, a registered nurse must be designated as either the case manager or the qualified mental

retardation professional. The case manager shall consult with the client's physician, other health professionals or other persons as necessary to make this evaluation. The case manager, with the concurrence of the client or the client's legal representative, may invite other persons to attend meetings of the screening team. No member of the screening team shall have any direct or indirect service provider interest in the case.

*(b) In addition to the requirements of paragraph (a), the following conditions apply to the discharge of persons with mental retardation or a related condition from a regional treatment center:*

*(1) For a person under public guardianship, at least two weeks prior to each screening team meeting the case manager must notify in writing parents, near relatives, and the ombudsman established under section 245.92 or a designee, and invite them to attend. The notice to parents and near relatives must include: (i) notice of the provisions of section 252A.03, subdivision 4, regarding assistance to persons interested in assuming private guardianship; (ii) notice of the rights of parents and near relatives to object to a proposed discharge by requesting a review as provided in clause (7); and (iii) information about advocacy services available to assist parents and near relatives of persons with mental retardation or related conditions. In the case of an emergency screening meeting, the notice must be provided as far in advance as practicable.*

*(2) Prior to the discharge, a screening must be conducted under subdivision 8 and a plan developed under subdivision 1a. For a person under public guardianship, the county shall encourage parents and near relatives to participate in the screening team meeting. The screening team shall consider the opinions of parents and near relatives in making its recommendations. The screening team shall determine that the services outlined in the plan are available in the community before recommending a discharge. The case manager shall provide a copy of the plan to the person, legal representative, parents, near relatives, the ombudsman established under section 245.92, and the protection and advocacy system established under United States Code, title 42, section 6042, at least 30 days prior to the date the proposed discharge is to occur. The information provided to parents and near relatives must include notice of the rights of parents and near relatives to object to a proposed discharge by requesting a review as provided in clause (7). If a discharge occurs, the case manager and a staff person from the regional treatment center from which the person was discharged must conduct a monitoring visit as required in Minnesota Rules, part 9525.0115, within 90 days of discharge and provide an evaluation within 15 days of the visit to the person, legal representative, parents, near relatives, ombudsman, and the protection and advocacy system established under United States Code, title 42, section 6042.*

*(3) In order for a discharge or transfer from a regional treatment center to be approved, the concurrence of a majority of the screening team members is required. The screening team shall determine that the services outlined in the discharge plan are available and accessible in the community before the person is discharged. The recommendation of the screening team cannot be changed except by subsequent action of the team and is binding on the county and on the commissioner. If the commissioner or the county determines that the decision of the screening team is not in the best interests of the person, the commissioner or the county may seek judicial review of the screening team recommendation. A person or legal representative may appeal under section 256.045, subdivision 3 or 4a.*

*(4) For persons who have overriding health care needs or behaviors that cause injury to self or others, or cause damage to property that is an immediate threat to the physical safety of the person or others, the following additional conditions must be met:*

*(i) For a person with overriding health care needs, either a registered nurse or a licensed physician shall review the proposed community services to assure that the medical needs of the person have been planned for adequately. For purposes of this paragraph, "overriding health care needs" means a medical condition that requires daily clinical monitoring by a licensed registered nurse.*

*(ii) For a person with behaviors that cause injury to self or others, or cause damage to property that is an immediate threat to the physical safety of the person or others, a qualified mental retardation professional, as defined in paragraph (a), shall review the proposed community services to assure that the behavioral needs of the person have been planned for adequately. The qualified mental retardation professional must have at least one year of experience in the areas of assessment, planning, implementation, and monitoring of individual habilitation plans that have used behavior intervention techniques.*

*(5) No person with mental retardation or a related condition may be discharged from a regional treatment center before an appropriate community placement is available to receive the person.*

*(6) A resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than 15 beds. Effective July 1, 1993, a resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than ten beds.*

*(7) If the person, legal representative, parent, or near relative of the person proposed to be discharged from a regional treatment center objects to the proposed discharge, the individual who objects to the discharge may request a review under section 256.045, subdivision 4a, and may request reimbursement as allowed under section 256.045. The person must not be transferred from a regional treatment center while a review or appeal is pending. Within 30 days of the request for a review, the local agency shall conduct a conciliation conference and inform the individual who requested the review in writing of the action the local agency plans to take. The conciliation conference must be conducted in a manner consistent with section 256.045, subdivision 4a. A person, legal representative, parent, or near relative of the person proposed to be discharged who is not satisfied with the results of the conciliation conference may submit to the commissioner a written request for a hearing before a state human services referee under section 256.045, subdivision 4a. The person, legal representative, parent, or near relative of the person proposed to be discharged may appeal the order to the district court of the county responsible for furnishing assistance by serving a written copy of a notice of appeal on the commissioner and any adverse party of record within 30 days after the day the commissioner issued the order and by filing the original notice and proof of service with the court administrator of the district court. Judicial review must proceed under section 256.045, subdivisions 7 to 10. For a person under public guardianship, the ombudsman established under section 245.92 may object to a proposed discharge by requesting a review or hearing or by appealing to district court as provided in this clause. The*

*person must not be transferred from a regional treatment center while a conciliation conference or appeal of the discharge is pending.*

At any time before the termination of the period of cancellation, the court may, for good cause, recommend to the commissioner of public safety that the child be authorized to apply for a new license, and the commissioner may so authorize.

Any order for a disposition authorized under this section shall contain written findings of fact to support the disposition ordered, and shall also set forth in writing the following information:

*(2) the person's unwillingness or failure to follow treatment recommendations;*

*(3) the person's lack of progress in treatment at the public or private hospital;*

*Subdivision 1.* [SENTENCING AUTHORITY.] *A court may sentence a person to a term of imprisonment of not less than double the presumptive sentence under the sentencing guidelines and not more than the statutory maximum, or if the statutory maximum is less than double the presumptive sentence, to a term of imprisonment equal to the statutory maximum, if:*

*(1) the court is imposing an executed sentence, based on a sentencing guidelines presumptive imprisonment sentence or a dispositional departure for aggravating circumstances or a mandatory minimum sentence, on a person convicted of committing or attempting to commit a violation of section 609.342, 609.343, 609.344, or 609.345, or on a person convicted of committing or attempting to commit any other crime listed in subdivision 2 if it reasonably appears to the court that the crime was motivated by the offender's sexual impulses or was part of a predatory pattern of behavior that had criminal sexual conduct as its goal;*

*(2) the court finds that the offender is a danger to public safety; and*

*(3) the court finds that the offender needs long-term treatment or supervision beyond the presumptive term of imprisonment and supervised release. The finding must be based on a professional assessment by an examiner experienced in evaluating sex offenders that concludes that the offender is a patterned sex offender. The assessment must contain the facts upon which the conclusion is based, with reference to the offense history of the offender or the severity of the current offense, the social history of the offender, and the results of an examination of the offender's mental status. The conclusion may not be based on testing alone. A patterned sex offender is one whose criminal sexual behavior is so engrained that the risk of reoffending is great without intensive psychotherapeutic intervention or other long-term controls.*

*Subd. 2.* [PREDATORY CRIME.] *A predatory crime is a felony violation*

*Subd. 3.* [DANGER TO PUBLIC SAFETY.] *The court shall base its finding that the offender is a danger to public safety on either of the following factors:*

*(1) the crime involved an aggravating factor that would justify a durational departure from the presumptive sentence under the sentencing guidelines; or*

*(2) the offender previously committed or attempted to commit a predatory crime or a violation of section 609.224, including an offense committed as a juvenile that would have been a predatory crime or a violation of section 609.224 if committed by an adult.*

*Subd. 4.* [DEPARTURE FROM GUIDELINES.] *A sentence imposed under subdivision 1 is a departure from the sentencing guidelines.*

*Subd. 5.* [CONDITIONAL RELEASE.] *At the time of sentencing under subdivision 1, the court may provide that after the offender has completed one-half of the full pronounced sentence imposed, without regard to good time, the commissioner of corrections may place the offender on conditional release for the remainder of the statutory maximum period or for ten years, whichever is longer, if the commissioner finds that:*

*(1) the offender is amenable to treatment and has made sufficient progress in a sex offender treatment program available in prison to be released to a sex offender treatment program operated by the department of human services or a community sex offender treatment and reentry program; and*

*(2) the offender has been accepted in a program approved by the commissioner that provides treatment, aftercare, and phased reentry into the community.*

*The conditions of release must include successful completion of treatment and aftercare in a program approved by the commissioner and any other conditions the commissioner considers appropriate. Before the offender is released, the commissioner shall notify the sentencing court, the prosecutor in the jurisdiction where the offender was sentenced and the victim of the offender's crime, where available, of the terms of the offender's conditional release. Release may be revoked and the stayed sentence executed in its entirety less good time if the offender fails to meet any condition of release. May 20, 1989

The Honorable Jerome M. Hughes
President of the Senate

The Honorable Robert Vanasek
Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 738, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that S.F. No. 738 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 169.86, subdivision 5, is amended to read:

Subd. 5. [FEES.] The commissioner, with respect to highways under the commissioner's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) $15 for each single trip permit.

(b) $36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight and dimension.

(c) $60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) refuse compactor vehicles that carry a gross weight up to but not in excess of 22,000 pounds on a single rear axle and not in excess of 38,000 pounds on a tandem rear axle;

(2) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;

(3) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;

(4) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3); *and*

*(5) special pulpwood vehicles described in section 2.*

(d) $120 for an oversize annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) truck cranes;

(2) construction equipment, machinery, and supplies;

(3) manufactured homes;

(4) farm equipment when the movement is not made according to the provisions of section 169.80, subdivision 1, paragraphs (a) to (f);

(5) double-deck buses;

(6) commercial boat hauling.

(e) for vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

Overweight Axle Group Cost Factors

| Weight (pounds) exceeding weight limitations on axles | Cost Per Mile For Each Group Of: Two consecutive axles spaced within 8 feet or less | Three consecutive axles spaced within 9 feet or less | Four consecutive axles spaced within 14 feet or less |
|---|---|---|---|
| 0-2,000 | .100 | .040 | .036 |
| 2,001-4,000 | .124 | .050 | .044 |
| 4,001-6,000 | .150 | .062 | .050 |
| 6,001-8,000 | Not permitted | .078 | .056 |
| 8,001-10,000 | Not permitted | .094 | .070 |
| 10,001-12,000 | Not permitted | .116 | .078 |
| 12,001-14,000 | Not permitted | .140 | .094 |
| 14,001-16,000 | Not permitted | .168 | .106 |

| 18,001-20,000 | Not permitted | Not permitted | .140 |
| 20,001-22,000 | Not permitted | Not permitted | .168 |

The amounts added are rounded to the nearest cent for each axle or axle group. The additional cost does not apply to paragraph (c), clauses (1) and (3).

(f) As an alternative to paragraph (e), an annual permit may be issued for overweight, or oversize and overweight, construction equipment, machinery, and supplies. The fees for the permit are as follows:

| Gross Weight (pounds) of vehicle | Annual Permit Fee |
|---|---|
| 90,000 or less | $200 |
| 90,001 - 100,000 | $300 |
| 100,001 - 110,000 | $400 |
| 110,001 - 120,000 | $500 |

| 130,001 - 140,000 | $700 |
| 140,001 - 145,000 | $800 |

If the gross weight of the vehicle is more than 145,000 pounds the permit fee is determined under paragraph (e).

(g) for vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to $120 added to the amount in paragraph (a) when the permit is issued while seasonal load

The support point of each axle group must be capable of distributing the load equally to each axle of the group with a variance of no more than 3,000 pounds between any two axles of the group.*

*(b) The maximum wheel load may not exceed the tire manufacturer's recommended load or the following weight limits, whichever is less:*

*(2) other single axles, 500 pounds per inch;*

*(3) tandem axles, 450 pounds per inch; and*

*(4) tridem or quad axle groups, 425 pounds per inch.*

*(c) The axle group weights must comply with the limitations of section 169.825, subdivision 10.*

(2) available federal funds allocated for the grade-crossing program established by this section; and

(3) money acquired by the department by gift, grant, or contribution from any source for purposes of this section.

Sec. 4. Minnesota Statutes 1988, section 219.072, is amended to read:

The establishment of all new grade crossings must be approved by the commissioner. When establishment of a new grade crossing is desired, either by the public officials having the necessary authority or by the

railroad company, and the public officials and the railroad company cannot agree as to need, location, or type of warning devices required, either party may file a petition with the commissioner setting forth the facts and submitting the matter for determination. The commissioner, after notice as the commissioner deems reasonable, shall conduct a hearing and issue an order determining the matters submitted. *If the commissioner approves the establishment of a new grade crossing, the commissioner may in the same order direct that the costs, including the costs of the type of warning devices required, be divided between the railroad company and the public authority involved as the parties may agree, or, if they fail to agree, then as determined by the commissioner on the basis of benefit to the users of each. However, the commissioner may defer determination of the division of costs to a subsequent order to be made on the basis of evidence previously taken.*

Sec. 5. Minnesota Statutes 1988, section 222.49, is amended to read:

The terms and conditions for use of money in the fund shall be stipulated in the contract. The contract shall also stipulate a penalty for use of such money in a manner other than as set forth in the contract and require the railroad to report to the department at such times as the commissioner requires, concerning the disbursement of money from the fund and the general status of rail line improvements.~~

Sec. 8. Minnesota Statutes 1988, section 222.50, subdivision 7, is amended to read:

That the House recede from its amendment and that S.F. No. 139 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 168.123, subdivision 1, is amended to read:

Subdivision 1. [GENERAL REQUIREMENTS; FEES.] The registrar shall issue special license plates to an applicant who served in the active military service in a branch of the armed forces of the United States, was discharged under honorable conditions, and is an owner or joint owner of a motor vehicle included within the definition of a passenger automobile *or which is self-propelled recreational equipment*, on payment of a fee of $10 for each set of two plates, payment of the registration tax required by law, and compliance with other laws relating to registration and licensing of motor vehicles and drivers. The additional fee of $10 is payable for each set of plates, is payable only when the plates are issued, and is not payable in a year in which tabs or stickers are issued instead of number plates. An applicant must not be issued more than two sets of plates for vehicles owned or jointly owned by the applicant.

The veteran shall have a certified copy of the veteran's discharge papers, indicating character of discharge, at the time of application.

Sec. 2. Minnesota Statutes 1988, section 168.125, subdivision 1, is amended to read:

Subdivision 1. [ISSUANCE AND DESIGN.] The registrar shall issue special license plates bearing the inscription "EX-POW" to any applicant who is both a former prisoner of war and an owner or joint owner of a motor vehicle upon the applicant's compliance with all the laws of this state relating to the registration and licensing of motor vehicles and drivers. The special license plates shall be of a design and size to be determined by the commissioner. Plates bearing the "EX-POW" inscription may be issued for only one motor vehicle per applicant.

Application for issuance of these plates shall be made at the time of renewal or first application for registration. The application shall include a certification by the commissioner of veterans affairs that the applicant was a member of the military forces of the United States who was captured, separated, and incarcerated by an enemy of the United States during a period of armed conflict.

The applicant shall pay, in addition to the registration tax required by law, a fee for the special license plates issued under this section, in an amount calculated by the commissioner to cover the cost of the license plates. The additional fee is payable only when the plates are issued and no additional fee is payable in any year in which tabs or stickers are issued in lieu of number plates. All fees from the sale of the special license plates shall be paid into the state treasury and credited to the highway user tax distribution fund.

Notwithstanding the provisions of section 168.12, subdivision 1, the special license plates issued under this section may be transferred to another motor vehicle owned or jointly owned by the former prisoner of war upon the payment of a fee of $5. | Subdivision 1. Total Appropriation | $83,593,000 | $96,453,000 |

The amounts that may be spent from this appropriation for each purpose are specified in the following subdivisions.

As part of its next budget request, the board shall report on its method of implementing the base adjustments required in this section.

Subd. 2. Agency Administration
$3,900,000 $2,972,000

(a) The optometry and osteopathy contract program for students who were in the program in the 1986-1987 academic year must be discontinued on June 30, 1990. No new students may be admitted.

(b) As part of its 1991 biennial budget request, the HECB shall report its recommendations for improvements to the SELF program.

(c) Notwithstanding Laws 1987, chapter 401, section 33, the task force on post-secondary quality assessment may continue for the 1989-1991 biennium. The task force membership may be expanded to include public members appointed by the higher education advisory council from nominees submitted by the HECB.

(d) No further funding of the enterprise development centers shall be provided through the HECB. The Greater Minnesota Corporation may provide funding for the centers.

(e) $150,000 for the biennium is for matching grants to post-secondary institutions that submit acceptable proposals for campus community service projects emphasizing students performing as tutors or mentors to their younger peers. Campus community service projects attempt to instill in students the value of civic

involvement and the belief that each student's community service can make a difference in the community. The HECB may award up to 20 grants. To receive a grant, a recipient must match the grant amount from any resources available to the institution. The state grant is for a staff person on each recipient's campus to coordinate student community service involvement. Up to $25,000 of the appropriation may be used for HECB administration, coordination, training, consultation, and evaluation costs. The legislature intends the grant program to be phased out at the end of the biennium to be replaced by 100 percent funding by the recipient institutions from any resources available to the institution.

(f) The HECB shall undertake the second phase of the study of post-secondary needs in the state, as provided in Laws 1988, chapter 703, article 1, section 2, subdivision 3. This phase must concentrate on those parts of the state outside the St. Cloud to Rochester population corridor. The HECB may contract for portions of the study, as necessary, but is not subject to Minnesota Statutes, chapter 16B. Before proceeding with the request for proposals, the HECB shall consult with the post-secondary systems, institutions, and other relevant agencies to locate studies and market analyses that could be used in conducting phase 2. The study must focus on (1) an assessment of the current and future conditions and needs; (2) strategies to meet these needs; (3) costs associated with the strategies; and (4) effects of the strategies on existing institutions, state policies, quality of education, and system and institutional missions.

The study should include consideration of at least the following concerns: the current and projected demographic and participation trends; current levels and types of services available; needs of traditional and nontraditional students; the geographical accessibility of services needed by different types of students; uses of alternative delivery systems, instructional technology, cooperative

efforts, and reciprocity agreements; relationships between post-secondary institutions and business; and the physical capacity of existing institutions. The study shall analyze attendance patterns and may include market surveys. The HECB shall report the findings of the study to the education and finance committees of the senate and the education and appropriations committees of the house by December 1, 1990. By January 1, 1991, the HECB shall review and comment on each of the strategies proposed in the study. In submitting the findings of phase 2, the board shall relate them to the results of phase 1 and their implications for statewide policy.

The study shall serve as the 1990 intersystem plan as required in Minnesota Statutes, section 135A.06, subdivision 2.

(g) The HECB shall analyze and make recommendations on plans submitted for providing undergraduate and practitioner-oriented graduate programs in the seven-county metropolitan area. By February 1, 1990, the HECB shall report on its recommendations to the education and finance committees of the senate and the education and appropriations committees of the house.

If the appropriation in this subdivision for either year is insufficient, the appropriation for the other year is available for it.

During the biennium, the higher education coordinating board may ask the commissioner of finance to loan general fund money to the scholarship and grant account to ease cash flow difficulties. The higher education coordinating board must first certify to the commissioner that there will be adequate refunds to the account to repay the loan. The commissioner shall use the refunds to make repayment to the general fund of the full amount loaned. Money necessary to meet cash flow difficulties in the state scholarship and grant program is appropriated to the commissioner of finance for loans

to the higher education coordinating board.

This appropriation contains money for increasing living allowances for state scholarships and grants to $3,170 for the first year and $3,465 for the second year.

$2,000,000 each year is for child care grants. For the biennium, the board may determine a reasonable percentage of the appropriation to be used for the administrative costs of the agency and the campuses.

The HECB shall report to the education divisions of the house appropriations and senate finance committees on the academic progress and persistence of state scholarship and grant program recipients by February 1, 1990.

The HECB shall examine and make recommendations on the use of post-secondary scholarships and other mechanisms to provide incentives to students to pursue International Baccalaureate degrees. In making its recommendations, the HECB shall include an analysis of the cost of a scholarship program and whether these scholarships would be an appropriate use of state funds.

The HECB may use up to $250,000 of the appropriation in each year to provide grants for Minnesota resident students participating in the Akita program. Grants must be awarded on the same basis as other state grants, except that the cost of attendance shall be adjusted to incorporate the state university tuition level and the Akita fee level. An individual grant must not exceed the state grant maximum award for a student at a four-year private college. The HECB and the state university board shall report on these grants in the 1991 biennial budget document.

By February 15, 1990, the HECB shall report to the education divisions of the senate finance and the house appropriations committees on implementation of procedures to recover overpayment of state scholarship and grant awards. The report shall cover overpayments for the 1988-1989 academic year and shall include at

least the following information for each case for which recovery of an overpayment is sought:

(1) the reason for the overpayment;

(2) the manner in which the overpayment was discovered;

(3) the amount of the overpayment;

(4) the recovery plan proposed by the HECB;

(5) whether the case was brought to court and, if so,

(a) why the case was brought to court,

(b) the cost to the HECB of bringing the case to court, and

(c) whether the HECB recovered costs and attorney fees; and

(6) the disposition, including the amount of the overpayment recovered and the amount of time elapsed from the time the overpayment was discovered to the time a repayment agreement was reached.

The report shall not include any information identifying the students involved.

This appropriation is based on estimated enrollments of 32,000 in 1990 and 33,500 in 1991. If actual enrollments are different from this estimate, the commissioner of finance shall calculate the effect for the general fund due to the difference and include an adjustment in the budget for the next fiscal year.

$4,965,000 the first year and $1,944,000 the second year are for increased enrollments. This is a nonrecurring appropriation and will not be included when calculating the base for the 1991-1993 biennial budget. This appropriation is based on estimated enrollments of 51,735 in 1990 and 51,998 in 1991. If actual enrollments are different from this estimate, the commissioner of finance shall calculate the effect for the general fund due to the difference and include an adjustment in the budget for the next fiscal year.

During the biennium, each outstanding and any future assessment by a local unit of government that is less than five percent of the appropriation for repairs and replacements may be paid when due by the board.

The legislature estimates that $150,000 each year will be spent at Mankato State University for payment of a lease for the Warren Street Building. The appropriation must be discontinued upon expiration of the lease or subsequent lease. The current lease expires in 1993, but may be renegotiated to expire in 2013. The budget request for 1991 must separately identify this item.

Notwithstanding Minnesota Statutes, section 136.09, subdivision 3, or other law to the contrary, during the biennium neither the state university board nor the state university campuses shall plan or develop doctoral level programs or degrees until after they have received the recommendation of the house and senate committees on education, finance, and appropriations.

During the biennium, revenue generated from royalties, patents, licenses, or interests kept by the state university board from the science and technology project at Southwest State University is appropriated to the state university board and must be allocated by the board to Southwest State University for the science and technology resource center.

Subd. 3. Noninstructional Expenditures

The legislature estimates that noninstructional expenditures will be $10,697,000 the first year and $10,897,000 the second year.

During the biennium, notwithstanding any law to the contrary, the state university board may keep money received from successful litigation by or against

the board. Awards made to the state or the board resulting from litigation against or by the board must be kept by the board to the credit of the account from which the litigation was originally funded.

$200,000 each year is for development of the upper division component within the Arrowhead Community College Region through Bemidji State University. The specific location or locations will be determined by the community college and state university boards. The budget request for 1991 must separately identify this program.

$100,000 is for the board to enter into an agreement to lease space on the campus of the College of St. Teresa for the instructional needs of Winona State University. The board shall analyze: (1) the current space use at Winona state; (2) the cost to bring the St. Teresa buildings up to code; (3) the cost to renovate the St. Teresa campus for long-term use; and (4) the comparative costs to operate a split campus. The board shall report its findings and recommendations to the education divisions of the appropriations and finance committees by February 1, 1990.

$170,000 is for the board to provide nursing education outreach programs. The programs must assess and give credit to students for prior learning, provide for part-time enrollment, and be located in regions of the state that demonstrate the greatest need for baccalaureate and masters degree programs. The appropriation for this program shall be nonrecurring. The board shall appoint a task force, including representatives of other postsecondary systems that offer nursing programs, to advise it on the programs. The task force shall study the need for and supply of nurses and the adequacy of access to nursing programs. The task force may seek nonstate grants or gifts to establish a private scholarship program for nurses. The HECB, if requested, shall provide technical advice to the task force on the effects of private scholarships on state financial aid. The task force shall make recommendations to the board on the scholarship program, including

sources of funding, eligibility requirements for recipients, and methods of calculating award amounts. The task force shall make recommendations, as necessary, on other policy matters concerning nursing education. The board shall report on the nursing programs in the 1991 biennial budget document.

Subd. 4. Wood-Fired Boilers

Effective the day after final enactment of this subdivision, no more money may be paid out of the treasury of this state in connection with an agreement under Minnesota Statutes, section 16B.16, to provide a wood-fired boiler heating system at the campus of either Bemidji State University or St. Cloud State University. This prohibition is intended to be permanent.

Minnesota Statutes, section 16B.16, authorizes the commissioner of administration to enter into installment purchase agreements to acquire equipment that will improve the energy efficiency of a state building or facility if, among other things, the entire cost of the contract is a percentage of the resultant savings in energy costs and the state may unilaterally cancel the agreement if the legislature fails to appropriate funds to continue the contract. Section 16B.16 does not authorize the commissioner to commit the state to pay for equipment that does not work nor to pay more for energy as a result of the installment purchase agreement than would be needed without the agreement. If there are no savings in energy costs through use of the equipment, there should be no compensation due under the agreement.

The commissioner of administration acted under Minnesota Statutes, section 16B.16, when entering into installment purchase agreements to install wood-fired boiler heating systems at the campuses of Bemidji State University and St. Cloud State University. The wood-fired boiler heating system installed at the Bemidji campus did not work as promised and the promised energy savings were not achieved. The state refused to make further payments under the agreement for Bemidji and canceled the agreement for

St. Cloud. The state later resumed making payments under the agreement for Bemidji, even though it believed there had been a complete failure of consideration.

The purpose of this subdivision is to make clear to all potential investors in state and local bonds and to financial institutions that the state is not and never has been responsible for financing the wood-fired boiler heating systems at Bemidji and St. Cloud state universities, other than through payment to the vendor of a percentage of the resultant savings in energy costs. Since the equipment and technology chosen by the vendor did not produce savings in energy costs, the entire loss should be borne by the vendor and by the vendor's financial backers, not by the state.

Sec. 6. BOARD OF REGENTS OF THE UNIVERSITY OF MINNESOTA

| | | |
|---|---|---|
| Subdivision 1. Total Appropriation | 437,191,000 | 464,254,000 |

The amounts that may be spent from this appropriation for each purpose are specified in the following subdivisions.

| | | |
|---|---|---|
| Subd. 2. Operations and Maintenance | 355,025,000 | 377,571,000 |

On December 1 each year the president of the University of Minnesota shall report to the senate finance and house appropriations committees and the commissioner of finance any receipts for the previous fiscal year in excess of the estimates on which these appropriations are based, the sources of these receipts, the purposes for which any excess receipts were spent, and the accounts to which the receipts were transferred. The total estimated receipts are $138,842,000 for the first year and $147,367,000 for the second year.

The board of regents is requested to consider adopting a policy of paying per diem to board members for attending a meeting of the board or a committee of the board.

(a) Instructional Expenditures

The legislature estimates that instructional expenditures in this subdivision and subdivision 3, paragraph (d), will

be $388,921,000 the first year and $413,941,000 the second year.

$2,145,000 the first year and $2,086,000 the second year are for equipment purchases. This appropriation must be spent for this purpose only and is nonrecurring. The board shall report on its use in the 1991 biennial budget document.

$8,992,000 in 1990 and $9,345,000 in 1991 are for repair and replacement. The board shall report on its use in the 1991 biennial budget document. The report must include an analysis of the adequacy of the above appropriation in meeting the system's repair and replacement needs.

During the biennium, each outstanding and any future assessment by a local unit of government that is less than five percent of the appropriation for repairs and replacements may be paid when due by the board.

$3,307,000 in 1990 and $5,601,000 in 1991 are for the improvement of instructional programs including, but not limited to: additional sections of required undergraduate courses; expanded undergraduate advising; and enhanced academic computing capabilities. The board shall report its use in the 1991 biennial budget document.

The president of the University of Minnesota is requested to review, during the biennium, the University of Minnesota's institutional support costs and redirect any savings into academic programs.

The regular session enrollment projected for this appropriation is 35,679 full-year equivalent undergraduate students for the first year. For the biennium ending June 30, 1991, tuition income resulting from students in excess of the projections reduces the general fund appropriation by a like dollar amount. The university shall submit progress reports on the attainment of the anticipated enrollments. If the university attains these enrollment goals, the calculation for the average cost funding formula must not reduce the budget base. The University is requested to develop mechanisms to measure progress in achieving the goals of commitment to focus, including

enrollment targets. The University shall report its recommendations to the education divisions of the house appropriations and senate finance committees by December 1, 1989.

During the biennium, the regents are requested to provide fair and equitable funding to each coordinate campus for the additional number of students enrolled above the 1988-1989 academic year enrollment.

(b) Noninstructional Expenditures

The legislature estimates that noninstructional expenditures will be $105,676,000 the first year and $111,836,000 the second year.

$129,000 in 1990 and $167,000 in 1991 are to establish a training program for teaching assistants to improve their communications and teaching skills. The legislature anticipates that the university will allocate matching money internally to support teaching assistant programs. The university shall report on its actions and its use in the 1991 biennial budget document.

Indirect cost recovery money retained by the University of Minnesota must be used exclusively for the direct support of research or the financing of support activities directly contributing to the receipt of indirect cost recovery money. It may not be used for teaching or service.

| | | |
|---|---|---|
| Subd. 3. Special Appropriations | 82,166,000 | 86,683,000 |

The amounts expended for each program in the four categories of special appropriations shall be separately identified in the 1991 biennial budget document.

(a) Agriculture and Extension Service

| | |
|---|---|
| $42,844,000 | $45,002,000 |

This appropriation is for the Agriculture Research and Minnesota Extension Service.

Any salary increases granted by the university to personnel paid from the Minnesota Extension appropriation must not result in a reduction of the county portion of the salary payments.

During the biennium, the university shall

maintain an advisory council system for each experiment station. The advisory councils must be broadly representative of range of size and income distribution of farms and agribusinesses and must not disproportionately represent those from the upper half of the size and income distributions.

This appropriation includes money to improve the programs and resources available to women and to ensure that campuses are in compliance with Title IX of the Educational Amendment Act of 1972 and Minnesota Statutes, section 126.21. The women's athletic program shall be funded by the formula allowance or a minimum of $65,000 per campus per year. Each campus will receive the greater of the two calculations.

Of this appropriation, no less than the

following amounts must be allocated to each campus:

| | | |
|---|---|---|
| Duluth | 540,800 | 551,600 |
| Morris | 65,000 | 66,100 |
| Crookston | 65,000 | 65,000 |
| Waseca | 65,000 | 65,000 |

The legislature estimates that $1,087,000 in 1990 and $1,252,000 in 1991 is for enhanced and expanded graduate programs in Rochester.

Subd. 4. The appropriation in subdivision 3, paragraph (d), for the Southeast Education Center, must be merged with the operations and maintenance funding in subdivision 2 in fiscal years 1990 and 1991.

Subd. 5. University of Minnesota, Waseca

This appropriation provides capitation for 20 Minnesota residents in each of the four classes at Mayo Medical School. The appropriation may be transferred between years of the biennium to accommodate enrollment fluctuations.

The legislature intends that during the biennium the Mayo foundation use the capitation money to increase the number of doctors practicing in rural areas in need of doctors as identified by the higher education coordinating board.

Subd. 3. Family Practice and Graduate Residency Program

$ 281,000 $ 291,000

The state of Minnesota shall pay a capitation of $15,610 the first year and $16,165 the second year for a maximum of 18 students each year.

Sec. 8. POST-SECONDARY SYSTEMS

Subdivision 1. Base Level Adjustments

In preparing budget requests for the 1992-1993 biennium, the commissioner of finance shall make the same categories of base level adjustments, when reasonable and equitable, to the budgets of higher education systems as to the budgets of state agencies. The amounts and the purposes must be delineated in the 1991 biennial budget document.

Subd. 2. Enrollment Growth

Each public post-secondary governing board experiencing or anticipating enrollment growth on one or more of its campuses, or sufficient programmatic growth to result in significant course or space availability problems, shall plan for responding to the growth while maintaining educational quality. These plans shall include an examination of efficient utilization of existing instructional space. The boards shall provide a preliminary report on these plans and on their recruitment plans and expenditures to the education divisions of the house appropriations and senate finance committees by September 1, 1989, and a final report by February 1, 1990.

Subd. 3. BOAST

In order to recognize student talent and the outstanding work of art and art-related departments on campuses of the four public post-secondary systems, the Minnesota House of Representatives intends to begin a program to reward these achievements. The program, entitled Bring Out Art Students' Talent (BOAST), will reward winners of campus art competitions by displaying their art in the state office building. The speaker of the house shall appoint, by July 1, 1989, a select committee to develop procedures

and oversee the process. Before appointing the committee, the speaker shall invite the senate to participate in the process. If the senate chooses to participate, after consultation with the Capitol Area Architectural and Planning Board, and the Minnesota Historical Society, it may determine whether to display any of the art in the state capitol. The heads of each of the public post-secondary systems are requested to consult with the committee and coordinate the efforts of the campuses. Each campus may hold a competition and select the entries that are to be displayed. The campus shall arrange for the delivery, set up, and removal of the displays according to the procedures developed by the select committee.

Subd. 4. Student Progress

The public post-secondary governing boards and the HECB shall study mechanisms to encourage students to complete their educational programs in a timely manner. The governing boards shall study the use of tuition banding and other mechanisms to provide incentives for students to carry full credit loads. The boards shall also study nonfinancial impediments to students completing programs within two or four years. These may include unavailability of courses, expanded programmatic requirements, students' lack of preparation for college, changes in values and attitudes, and other factors identified by the boards. The boards shall examine ways to reduce or eliminate these impediments.

The HECB shall study the fiscal and policy effects of mechanisms to encourage students to carry full course credit loads, to enroll in summer sessions, or to otherwise complete their coursework in a timely manner. The board shall include an examination of: the effects of changing the credit load in the state grant program to define a full-time student as one averaging 15 credits per term each year, and prorating awards on that credit basis; the availability of summer financial aid; and other incentives that it identifies. The governing boards shall report their findings to the HECB for review and comment by January 15, 1990. The HECB

shall report the findings of its study, the governing board findings and the HECB review and comment by March 1, 1990 to the education divisions of the house appropriations and senate finance committees.

Subd. 5. Student Preparation

In order to increase students' academic preparation for higher education, and to decrease the need for remedial work in post-secondary institutions, the state university board, the community college board, and the state board for vocational technical education shall study and make recommendations on the effects of adopting secondary school preparation requirements for incoming students. Each board shall report its findings to the education divisions of the house appropriations and senate finance committees by February 1, 1990.

Subd. 6. Student Placement

The state board for community colleges, the state university board, and private post-secondary occupational and technical institutions that enroll students who receive state financial aid shall develop student placement tracking systems for their technical and occupational programs, or review tracking systems already in place, to enable them to determine the number of students placed successfully in occupations related to their education. The board of regents of the University of Minnesota is requested to develop a similar system, or review its current system, for its technical programs at the Crookston and Waseca campuses. The HECB shall coordinate the development and review of the tracking systems and shall report on them to the education divisions of the house appropriations and senate finance committees and the higher education divisions of the education committees by February 15, 1990.

Sec. 9. Minnesota Statutes 1988, section 121.93, subdivision 2, is amended to read:

Sec. 81. Laws 1988, chapter 703, article 1, section 23, is amended to read:

Sec. 23. [FACULTY EXCHANGE PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] A program of faculty exchange for the ~~1988-1989~~ *1989-1990 and 1990-1991* academic ~~year~~ *years* is established to allow school districts and post-secondary institutions to arrange temporary exchanges between members of their instructional ~~staff~~ *staffs*. These arrangements must be made on a voluntary, cooperative basis between ~~the~~ *a* school district and ~~the~~ *post-secondary* institution *, or between post-secondary institutions. Exchanges between post-secondary institutions may occur between campuses in the same system or in different systems.*

Subd. 2. [USES OF PROGRAM.] Each participating school district and post-secondary institution may determine the way in which the instructional staff member's time is to be used, but it must be in a way that promotes understanding of the needs of each educational system *or institution*. A

public school teacher might be used to teach courses, provide counseling and tutorial services, assist with the preparation of future teachers, or take professional development courses. A post-secondary instructor might teach advanced placement courses or other classes to aid an underserved population at the school district, counsel students about future education plans, or work with teachers to better prepare students for post-secondary education. Participation need not be limited to one school or institution and may involve other groups including educational cooperative service units.

Subd. 3. [SALARIES, BENEFITS, CERTIFICATION.] Exchanges made under the program must not have a negative effect on participants' salaries, seniority, or other benefits. Notwithstanding Minnesota Statutes, sections 123.35, subdivision 6, and 125.04, a member of the instructional staff of a post-secondary institution may teach in an elementary or secondary school or perform a service, agreed upon according to this section, for which a license would otherwise be required without holding the applicable license. In addition, a licensed employee of a school district may teach or perform a service, agreed upon according to this section, at a post-secondary institution without meeting the applicable qualifications of the post-secondary institution. A school district is not subject to Minnesota Statutes, section 124.19, subdivision 3, as a result of entering into an agreement according to this section that enables a post-secondary instructional staff member to teach or provide services in the district. All arrangements and details regarding the exchange must be mutually agreed to by ~~the~~ *each participating* school district and post-secondary institution before implementation.

Subd. 4. [REPORT OF PILOT PROGRAMS.] While these exchanges are voluntary, the legislature intends to maintain oversight to determine the benefits and problems of the program. By February 1, ~~1989~~ *1991*, each post-secondary system shall submit a report about the faculty exchange program to the chairs of the house education, higher education, and appropriations committees and the senate education and finance committees. The report shall contain the number of instructional staff participating in the exchange, areas of instruction, *costs associated with the exchange, use of appropriations,* and other *relevant* issues ~~related to the exchange~~.

Sec. 82. [EXCHANGES BETWEEN EDUCATION FACULTY.]

*Subdivision 1.* [AUTHORITY, LIMITS.] *The state university board and the board of regents of the University of Minnesota may develop programs to exchange faculty between colleges or schools of education and school districts, subject to section 81, subdivision 3.*

*The programs must be used to assist in improving teacher education by involving current teachers in education courses and placing post-secondary faculty in elementary and secondary classrooms. Programs must include exchanges that extend beyond the immediate service area of the institution to address the needs of different types of schools, students, and teachers.*

*Subd. 2.* [COMPENSATION.] *The appropriations provided to the board of regents of the University of Minnesota and the state university board in the omnibus elementary and secondary education finance act, 1989 H.F. No. 654, are to defray the costs of participants in the faculty exchange under this section. They are intended to compensate for expenses that are unavoidable and beyond the normal living expenses exchange participants would incur if they were not involved in this exchange. The state university board, the board of regents of the University of Minnesota, and their respective campuses, in conjunction with the participating school districts,*

*must control costs for all participants as much as possible, through means such as arranging housing exchanges, providing campus housing, and providing university, state, or school district cars for transportation. Additionally the boards and campuses may seek other sources of funding to supplement these appropriations if necessary.*

Sec. 83. [EMERGENCY RULES.]

*The higher education coordinating board may adopt emergency rules, as provided under Minnesota Statutes, sections 14.29 to 14.36, for awarding child care grants for the 1989-1990 academic year. The board shall consult with its financial aid advisory committee and the higher education advisory council before adopting the rules.*

Sec. 84. [TWO-WAY INTERACTIVE TELEVISION SYSTEMS.]

*The information policy office in the department of administration, and the information policy advisory task force, shall consult with representatives of the HECB, the public post-secondary governing boards, private colleges, and the department of education, when developing the communications and technology capabilities, plans, and needs of state government. The criteria developed by the instructional technology task force, as reported to the 1989 legislature, shall be utilized for evaluating any projects or systems. A report shall be submitted on the activities, plans, financial implications, and anticipated outcomes, to the chairs of the finance and appropriation committees by February 15, 1990. Until the report is received by the legislature, the public post-secondary systems may not initiate action to purchase, contract for, or otherwise commit themselves to new two-way interactive television equipment, or to systems or service (other than maintenance agreements), that expand the capacity of two-way interactive television, beyond those which are contracted for prior to enactment of this act.*

Sec. 85. [REPEALER.]

If this results in the use of a higher credit than otherwise would have been applied and the employer or insurer becomes liable for compensation benefits which would otherwise not have been paid, the additional benefits resulting shall be handled according to this section.

(c) In the event an eligible recipient is receiving no compensation or is receiving a reduced level of compensation because of a valid agreement in settlement of a claim, no supplementary benefit shall be payable under this section. Attorney's fees shall be allowed in settlements of claims for supplementary benefits in accordance with this chapter.

(d) In the event an eligible recipient is receiving no compensation or is receiving a reduced level of compensation because of prior limitations in the maximum amount payable for permanent total disability or because of reductions resulting from the simultaneous receipt of old age or disability benefits, the supplementary benefit shall be payable for the difference between the actual amount of compensation currently being paid and 65 percent of the statewide average weekly wage as computed annually.

(e) In the event that an eligible recipient is receiving simultaneous benefits from any government disability program, the amount of supplementary benefits payable under this section shall be reduced by five percent. If the individual does not receive the maximum benefits for which the individual is eligible under other governmental disability programs due to the provisions of United States Code, title 42, section 424a(d), this reduction shall not apply.

*(f) Notwithstanding any other provision in this subdivision to the contrary, if the individual does not receive the maximum benefits for which the individual is eligible under other governmental disability programs due to the provisions of United States Code, title 42, section 424a(d), the calculation of supplementary benefits payable to the individual shall be as provided under this section in Minnesota Statutes 1988.*"

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H.F. No. 1734, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 1734 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

INCOME TAXATION

Section 1. Minnesota Statutes 1988, section 10A.31, subdivision 5, is amended to read:

Subd. 5. In each calendar year the money in the general account shall

be allocated to candidates as follows:

(1) 21 percent for the offices of governor and lieutenant governor together;

(2) 3.6 percent for the office of attorney general;

(3) 1.8 percent each for the offices of secretary of state, state auditor, and state treasurer;

(4) In each calendar year during the period in which state senators serve a four-year term, 23-1/3 percent for the office of state senator and 46-2/3 percent for the office of state representative;

(5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative.

In each calendar year the money in each party account shall be allocated as follows:

(1) 14 percent for the offices of governor and lieutenant governor together;

(2) 2.4 percent for the office of attorney general;

(3) 1.2 percent each for the offices of secretary of state, state auditor, and state treasurer;

(4) In each calendar year during the period in which state senators serve a four-year term, 23-1/3 percent for the office of state senator and 46-2/3 percent for the office of state representative;

(5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative;

(6) ten percent for the state committee of a political party; money allocated to each state committee under this clause must be deposited in a separate account and must be spent for legitimate political party operations, including voter education; the sample ballot; operations of precinct caucuses, county unit conventions, and state conventions; and the maintenance and programming of computers used to provide lists of voters, party workers, party officers, patterns of voting, and other data for use in political party activities; money allocated to a state committee under this clause must be paid to the committee *by the state treasurer as notified by the state ethical practices board* as it is received in the account~~,~~ on a monthly ~~or other~~ basis ~~agreed to between the committee and the board.~~, *with payment on the 15th day of the calendar month following the month in which the tax returns were received, provided that these distributions would be equal to the amount of money indicated in the department of revenue's weekly unedited reports of income tax returns for that month, subject to final annual adjustment and settlement as indicated according to the certification by the commissioner of revenue under subdivision 6. If the amount of total payments received before September 15 is greater than the amount certified by the commissioner of revenue on September 15, the total amount of payments distributed between September 1 and December 31 must be reduced by the amount of the overpayment.*

To assure that moneys will be returned to the counties from which they were collected, and to assure that the distribution of those moneys rationally relates to the support for particular parties or for particular candidates within legislative districts, money from the party accounts for legislative candidates

shall be distributed as follows:

Each candidate for the state senate and state house of representatives whose name is to appear on the ballot in the general election shall receive money from the candidate's party account set aside for candidates of the state senate or state house of representatives, whichever applies, according to the following formula;

For each county within the candidate's district the candidate's share of the dollars allocated in that county to the candidate's party account and set aside for that office shall be:

(a) The sum of the votes cast in the last general election in that part of the county in the candidate's district for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct of the state and (ii) for the state senate and state house of representatives, divided by

(b) The sum of the votes cast in that county in the last general election for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct in the state and (ii) for the state senate and state house of representatives, multiplied by

(c) The amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

The sum of all the county shares calculated in the formula above is the candidate's share of the candidate's party account.

In a year in which an election for the state senate occurs, with respect to votes for candidates for the state senate only, "last general election" means the last general election in which an election for the state senate occurred.

For any party under whose name no candidate's name appeared on the ballot in each voting precinct in the state in the last general election, amounts in the party's account shall be allocated based on (a) the number of people voting in the last general election in that part of the county in the candidate's district, divided by (b) the number of the people voting in that county in the last general election, multiplied by (c) the amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

In a year in which the first election after a legislative reapportionment is held, "the candidate's district" means the newly drawn district, and voting data from the last general election will be applied to the area encompassing the newly drawn district notwithstanding that the area was in a different district in the last general election.

If in a district there was no candidate of a party for the state senate or state house of representatives in the last general election, or if a candidate for the state senate or state house of representatives was unopposed, the vote for that office for that party shall be the average vote of all the remaining candidates of that party in each county of that district whose votes are included in the sums in clauses (a) and (b). The average vote shall be added to the sums in clauses (a) and (b) before the calculation is made for all districts in the county.

Money from a party account not distributed to candidates for state senator

and representative in any election year shall be returned to the general fund of the state. Money from a party account not distributed to candidates for other offices in an election year shall be returned to the party account for reallocation to candidates as provided in clauses (1) to (6) in the following year. Money from the general account refused by any candidate shall be distributed to all other qualifying candidates in proportion to their shares as provided in this subdivision.

Sec. 2. Minnesota Statutes 1988, section 290.015, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] (a) A person is not subject to tax under this chapter if the person is engaged in the business of selling tangible personal property and taxation of that person under this chapter is precluded by Public Law Number 86-272, United States Code, title 15, sections 381 to 384 or would be so precluded except for the fact that the person stored tangible personal property in a state licensed facility under chapter 231.

(b) Ownership of an interest in the following types of property (including those contacts with this state reasonably required to evaluate and complete the acquisition or disposition of the property, the servicing of the property or the income from it, the collection of income from the property, or the acquisition or liquidation of collateral relating to the property) shall not be a factor in determining whether the owner is subject to tax under this chapter:

(1) an interest in a real estate mortgage investment conduit, a real estate investment trust, or a regulated investment company *or a fund of a regulated investment company*, as those terms are defined in the Internal Revenue Code of 1986, as amended through December 31, 1987;

(2) *an interest in money market instruments or securities as defined in section 290.191, subdivision 6, paragraphs (c) and (d);*

*(3)* an interest in a loan-backed, mortgage-backed, or receivable-backed security representing either: (i) ownership in a pool of promissory notes, mortgages, or receivables or certificates of interest or participation in such notes, mortgages, or receivables, or (ii) debt obligations or equity interests which provide for payments in relation to payments or reasonable projections of payments on the notes, mortgages, or receivables~~, and which are issued by a financial institution or by an entity substantially all of whose assets consist of promissory notes, mortgages, receivables, or interests in them~~;

~~(3)~~ *(4)* an interest *acquired from a person* in ~~any~~ assets described in section 290.191, subdivision 11, paragraphs (e) to (l), ~~and in which the payment obligations embodied in such assets were solicited and entered into by persons independent and not acting on behalf of the owner~~ *subject to the provisions of paragraph (c), clause (2)(A)*;

~~(4)~~ *(5)* an interest *acquired from a person* in the right to service, or collect income from any assets described in section 290.191, subdivision 11, paragraphs (e) to (l), ~~and in which the payment obligations embodied in such assets were solicited and entered into by persons independent and not acting on behalf of the owner~~ *subject to the provisions of paragraph (c), clause (2)(A)*;

~~(5)~~ *(6) an interest acquired from a person in a funded or unfunded agreement to extend or guarantee credit whether conditional, mandatory,*

*temporary, standby, secured, or otherwise, subject to the provisions of paragraph (c), clause (2)(A);*

*(7)* an interest of a person other than an individual, estate, or trust, in any intangible, tangible, real, or personal property acquired in satisfaction, whether in whole or in part, of any asset embodying a payment obligation which is in default, whether secured or unsecured, the ownership of an interest in which would be exempt under the preceding provisions of this subdivision, provided the property is disposed of within a reasonable period of time; or

~~(6)~~ *(8)* amounts held in escrow or trust accounts, pursuant to and in accordance with the terms of property described in this subdivision.

~~If the person is a member of the unitary group, paragraph (b) does not apply to an interest acquired from another member of the unitary group.~~

*(c)(1) For purposes of paragraph (b), clauses (4) to (6), an interest in the type of assets or credit agreements described is deemed to exist at the time the owner becomes legally obligated, conditionally or unconditionally, to fund, acquire, renew, extend, amend, or otherwise enter into the credit arrangement.*

*(2)(A) An owner has acquired an interest from a person in paragraph (b), clauses (4) to (6), assets if:*

*(i) the owner at the time of the acquisition of the asset does not own, directly or indirectly, 15 percent or more of the outstanding stock or in the case of a partnership 15 percent or more of the capital or profit interests of the person from whom it acquired the asset;*

*(ii) the person from whom the owner acquired the asset regularly sells, assigns, or transfers interests in paragraph (b), clauses (4) to (6), assets during the 12 calendar months immediately preceding the month of acquisition to three or more persons; and*

*(iii) the person from whom the owner acquired the asset does not sell, assign, or transfer 75 percent or more of its paragraph (b), clauses (4) to (6), assets during the 12 calendar months immediately preceding the month of acquisition to the owner.*

*For purposes of determining indirect ownership under item (i), the owner is deemed to own all stock, capital, or profit interests owned by another person if the owner directly owns 15 percent or more of the stock, capital, or profit interests in the other person. The owner is also deemed to own through any intermediary parties all stock, capital, and profit interests directly owned by a person to the extent there exists a 15 percent or more chain of ownership of stock, capital, or profit interests between the owner, intermediary parties and the person.*

*(B) If the owner of the asset is a member of the unitary group, paragraph (b), clauses (4) to (8), do not apply to an interest acquired from another member of the unitary group. If the interest in the asset was originally acquired from a nonunitary member and at that time qualified as a section 290.015, subdivision 3, paragraph (b), asset, the foregoing limitation does not apply.*

Sec. 3. Minnesota Statutes 1988, section 290.015, subdivision 4, is amended to read:

Subd. 4. [LIMITATIONS.] (a) This section does not subject a trade or business to any regulation, including any tax, of any local unit of government or subdivision of this state if the trade or business does not own or lease tangible or real property located within this state and has no employees or independent contractors present in this state to assist in the carrying on of the business.

(b) The purchase of tangible personal property or intangible property or services by a person that conducts a trade or business with the principal place of business outside of Minnesota, *referred to as* ~~(~~the "non-Minnesota person"~~)~~, from a person within Minnesota shall not be taken into account in determining whether the non-Minnesota person is subject to the taxes imposed by this chapter, except for services involving either the direct solicitation of Minnesota customers or relationships with Minnesota customers after sales are made. *This paragraph is subject to the limitations contained in subdivision 3, paragraph (b), clauses (4) to (6).*

(c) No contact with any Minnesota financial institution by any financial institution with its principal place of business outside Minnesota with respect to transactions described in subdivision 3, or with respect to deposits received from or by a Minnesota financial institution, shall be taken into account in determining whether such a financial institution is subject to the taxes imposed by this chapter. The fact of participation by a Minnesota financial institution in a transaction which also involves a borrower and a financial institution that conducts a trade or business with its principal place of business outside of Minnesota shall not be a factor in determining whether such financial institution is subject to the taxes imposed by this chapter. This paragraph does not apply to transactions between or among members of the same unitary group.

The commissioner shall adjust the rate provided in paragraph (a) so that the amount forecast to be raised by the franchise tax on corporations under this chapter, including the tax under section 290.092, subdivision 5, is equal to the amount of the forecast computed as if the tax under section 290.092, subdivisions 1 to 4, were in effect. The commissioner shall set the rate of the surtax so that the amount forecast*

*to be raised by the surtax (when added to the tax imposed under subdivision 1 and section 290.0921) equals the amount of revenue forecast to be raised if the tax under section 290.092, subdivisions 1 to 4a, were in effect and section 290.0921 did not apply.*

*(c) The rate determined under paragraph (b) applies to taxable years beginning after December 31, 1990.*

Subd. 2. Subd. 2. [INCOME NOT DERIVED FROM CONDUCT OF A TRADE OR BUSINESS.] The income of a taxpayer subject to the allocation rules that is not derived from the conduct of a trade or business must be assigned in accordance with paragraphs (a) to (f):

(a)(1) Subject to paragraphs (a)(2) and (a)(3), income from labor or personal or professional services is assigned to this state if, and to the extent that, the labor or services are performed within it; all other income from such sources is treated as income from sources without this state.

(i) The amount of income to be assigned to Minnesota for an individual who is a nonresident salaried athletic team employee shall be determined by using a fraction in which the denominator contains the total number of days in which the individual is under a duty to perform for the employer, and the numerator is the total number of those days spent in Minnesota; and

(ii) The amount of income to be assigned to Minnesota for an individual who is a nonresident, and who is an athlete or entertainer not listed in clause (i), for that person's athletic or entertainment performance in Minnesota shall be determined by assigning to this state all income from performances or athletic contests in this state.

If more than 50 percent of the value of the partnership's assets consists of intangibles, gain or loss from the sale of the partnership interest is allocated to this state in accordance with the sales factor of the partnership for its first full tax period immediately preceding the tax period of the partnership during which the partnership interest was sold.

Sec. 17. Minnesota Statutes 1988, section 290.191, subdivision 6, is amended to read:

(1) the operation of the property is entirely within the state; or

(2) the operation of the property is in two or more states, but the principal base of operations from which the property is sent out is in the state.

(f) Interest income and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property must be attributed to this state if the security property is located in this state under the principles stated in paragraph (e).

(g) Interest income and other receipts from consumer loans not secured by real or tangible personal property that are made to residents of this state, whether at a place of business, by traveling loan officer, by mail, by telephone or other electronic means, must be attributed to this state.

(h) Interest income and other receipts from commercial loans and installment obligations ~~not secured~~ *that are unsecured* by real or tangible personal property *or secured by intangible property* must be attributed to this state if the proceeds of the loan are to be applied in this state. If it cannot be determined where the funds are to be applied, the income and receipts are attributed to the state in which the office of the borrower from which the application would be made in the regular course of business is located. If

this cannot be determined, the transaction is disregarded in the apportionment formula.

(i) Interest income and other receipts from a participating financial institution's portion of participation loans must be attributed under paragraphs (e) to (h). A participation loan is ~~a loan in which more than one lender is a creditor to a common~~ *an arrangement in which a lender makes a loan to a borrower and then sells, assigns, or otherwise transfers all or a part of the loan to a purchasing financial institution. (k) Merchant discount income derived from financial institution credit card holder transactions with a merchant must be attributed to the state in which the merchant is located. In the case of merchants located within and outside the state, only receipts from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Receipts from the performance of fiduciary and other services must be attributed to the state in which the benefits of the services are consumed. If the benefits are consumed in more than one state, the receipts from those benefits must be apportioned to this state pro rata according to the portion of the benefits consumed in this state. If the extent to which the benefits of services are consumed in this state is not readily determinable, the benefits of the services shall be deemed to be consumed at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the benefits of the services shall be deemed to be consumed at the office of the customer to which the services are billed.

If a financial institution is subject to tax under this chapter, its interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the receipts factor in the same manner as assets in the nature of securities or money market instruments are included under paragraph (n) and subdivision 7.

*The remaining 20 percent of dividends if the dividends received are the stock in an affiliated company transferred in an overall plan of reorganization and the dividend is eliminated in consolidation under Treasury Department Regulation 1.1502-14(a), as amended through December 31, 1988.*

The dividend deduction provided in this subdivision does not apply to a dividend from a corporation which, for the taxable year of the corporation in which the distribution is made or for the next preceding taxable year of the corporation, is a corporation exempt from tax under section 501 of the Internal Revenue Code of 1986, as amended through December 31, 1987.

The dividend deduction provided in this subdivision applies to the amount of regulated investment company dividends only to the extent determined under section 854(b) of the Internal Revenue Code of 1986, as amended through December 31, 1987.

Subdivision 1. [PERSONS MAKING RETURNS.] (a) A taxpayer shall file a return for each taxable year the taxpayer is required to file a return under section 6012 of the Internal Revenue Code of 1986, as amended through December 31, 1987, except that an individual who is not a Minnesota resident for any part of the year is not required to file a Minnesota income tax return if the individual's gross income derived from Minnesota sources under sections 290.081, paragraph (a), and 290.17, is less than the filing requirements for a single individual who is a full year resident of Minnesota.

The decedent's final income tax return, and all other income tax returns for prior years where the decedent had gross income in excess of the minimum amount at which an individual is required to file and did not file, shall be filed by the decedent's personal representative, if any. The return in the case of a corporation must be signed by a person designated by the corporation. The commissioner ~~may~~ *shall* adopt rules for the filing of one return on behalf of the members of an affiliated group of corporations that are required to file a combined report ~~if the affiliated group includes a bank subject to tax under this chapter~~. Members of an affiliated group that elect to file one return on behalf of the members of the group under rules adopted by the commissioner may modify or rescind the election by filing the form required by the commissioner.

The receivers, trustees in bankruptcy, or assignees operating the business or property of a taxpayer shall file a return with respect to the taxable net income of such taxpayer if a return is required.

(c) A partnership required to deduct and withhold tax under this subdivision shall file a return with the commissioner. The tax required to be deducted and withheld during that year must be paid with the return. The return and payment is due on or before the due date specified for filing the partnership return under section 290.42.

(d) A partnership required to withhold and remit tax under this subdivision is liable for payment of the tax to the commissioner, and a person having control of or responsibility for the withholding of the tax or the filing of returns due under this subdivision is personally liable for the tax due. The commissioner may reduce or abate the tax withheld under this subdivision if the partnership had reasonable cause to believe that no tax was due under this section.

(e) Notwithstanding paragraph (a), a partnership is not required to deduct and withhold tax for a nonresident partner if:

(1) the partner elects to have the tax due paid as part of the partnership's composite return under section 290.39, subdivision 5;

(2) the partner has Minnesota assignable federal adjusted gross income from the partnership of less than $1,000; ~~or~~

(3) the partnership is liquidated or terminated, the income was generated by a transaction related to the termination or liquidation, and no cash or other property was distributed in the current or prior taxable year; *or*

*(4) the distributive shares of partnership income are attributable to:*

*(i) income required to be recognized because of discharge of indebtedness;*

*(ii) income recognized because of a sale, exchange, or other disposition of real estate, depreciable property, or property described in section 179 of the Internal Revenue Code of 1986, as amended through December 31, 1988; or*

*(iii) income recognized on the sale, exchange, or other disposition of any property that has been the subject of a basis reduction pursuant to sections 108, 734, 743, 754, or 1017 of the Internal Revenue Code of 1986, as amended through December 31, 1988,*

*to the extent that the income does not include cash received or receivable or, if there is cash received or receivable, to the extent that the cash is required to be used to pay indebtedness by the partnership or a secured debt on partnership property.*

(f) For purposes of subdivisions 6, paragraph (1)(c), 6a, 7, 11, and 15, a partnership is considered an employer.

*(g) To the extent that income is exempt from withholding under paragraph (e), clause (4), the commissioner has a lien in an amount up to the amount that would be required to be withheld with respect to the income of the partner attributable to the partnership interest, but for the application of paragraph (e), clause (4). The lien arises under section 270.69 from the date of assessment of the tax against the partner, and attaches to that partner's share of the profits and any other money due or to become due to that partner in respect of the partnership. Notice of the lien may be sent by mail to the partnership, without the necessity for recording the lien. The notice has the force and effect of a levy under section 270.70, and is enforceable against the partnership in the manner provided by that section.*

*Upon payment in full of the liability subsequent to the notice of lien, the partnership must be notified that the lien has been satisfied.*

Sec. 22. Minnesota Statutes 1988, section 290.92, is amended by adding a subdivision to read:

*Subd. 29.* [LOTTERY PRIZES.] *Eight percent of the payment of Minnesota State lottery winnings which are subject to withholding must be withheld as Minnesota withholding tax. For purposes of this subdivision, the term "winnings which are subject to withholding" has the meaning given in section 3402(q)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1988. For purposes of the provisions of this section, a payment to any person of winnings which are subject to withholding must be treated as if the payment was a wage paid by an employer to an employee. Every individual who is to receive a payment of winnings which are subject to withholding shall furnish the state agency responsible for operating the Minnesota state lottery with a statement, made under the penalties of perjury, containing the name, address, and social security account number of the person receiving the payment. The Minnesota state lottery is liable for the payment of the tax required to be withheld under this subdivision but is not liable to any person for the amount of the payment.*

Sec. 23. Minnesota Statutes 1988, section 290.92, subdivision 21, is amended to read:

Subd. 21. [EXTENSION OF WITHHOLDING TO UNEMPLOYMENT COMPENSATION BENEFITS.] (a) At the time an individual makes a claim for unemployment compensation benefits, the commissioner of jobs and training must notify the individual that the individual's unemployment compensation may be subject to state income taxes depending on the individual's other income and that the individual may elect to have the payments subject to withholding under this section. If the individual ~~so requests~~ *does not notify the commissioner of jobs and training that the individual elects to have the payments not be subject to withholding within five working days of receipt of the notice from the commissioner*, unemployment compensation benefits paid to the individual shall be treated as if it were a payment of wages by an employer to an employee for a payroll period.

(b) For purposes of this section, any supplemental unemployment compensation benefit paid to an individual to the extent includable in such individual's Minnesota gross income, shall be treated as if it were a payment of wages by an employer to an employee for a payroll period.

Sec. 24. Minnesota Statutes 1988, section 290.934, subdivision 3a, is amended to read:

Subd. 3a. [REQUIRED INSTALLMENTS.] (1) Except as otherwise provided in this subdivision, the amount of a required installment is 25 percent of the required annual payment.

(2) Except as otherwise provided in this subdivision, the term "required annual payment" means the lesser of:

(a) 90 percent of the tax shown on the return for the taxable year, or if no return is filed 90 percent of the tax for such year; or

(b) 100 percent of the tax shown on the return of the corporation for the preceding taxable year providing such return was for a full 12-month period, did show a liability, and was filed by the corporation.

(3) Except for determining the first required installment for any taxable year, paragraph (2), clause (b), does not apply in the case of a large corporation. The term "large corporation" means a corporation or any predecessor corporation that had taxable net income of $1,000,000 or more for any taxable year during the testing period. The term "testing period" means the three taxable years immediately preceding the taxable year involved. A reduction allowed to a large corporation for the first installment that is allowed by applying paragraph (2), clause (b), must be recaptured by increasing the next required installment by the amount of the reduction.

(4) In the case of a required installment, if the corporation establishes that the annualized income installment is less than the amount determined in paragraph (1), the amount of the required installment is the annualized income installment and the recapture of previous quarters' reductions allowed by this paragraph must be recovered by increasing subsequent required installments to the extent the reductions have not previously been recovered. ~~A reduction shall be treated as recaptured for purposes of this paragraph if 90 percent of the reduction is recaptured.~~

(5) The "annualized income installment" is the excess, if any, of:

(a) an amount equal to the applicable percentage of the tax for the taxable year computed by placing on an annualized basis the taxable income:

(i) for the first two months of the taxable year, in the case of the first required installment;

(ii) for the first two months or for the first five months of the taxable year, in the case of the second required installment;

(iii) for the first six months or for the first eight months of the taxable year, in the case of the third required installment; and

(iv) for the first nine months or for the first 11 months of the taxable year, in the case of the fourth required installment, over;

(b) the aggregate amount of any prior required installments for the taxable year.

(c) For the purpose of this paragraph, the annualized income shall be computed by placing on an annualized basis the taxable income for the year up to the end of the month preceding the due date for the quarterly payment multiplied by 12 and dividing the resulting amount by the number of months in the taxable year (2, 5, 6, 8, 9, or 11 as the case may be) referred to in clause (a).

(d) The "applicable percentage" used in clause (a) is:

| In the case of the following required installments: | The applicable percentage is: |
|---|---|
| 1st | 22.5 |
| 2nd | 45 |
| 3rd | 67.5 |
| 4th | 90 |

(6)(a) If this paragraph applies, the amount determined for any installment must be determined in the following manner:

(i) take the taxable income for all months during the taxable year preceding the filing month;

(ii) divide that amount by the base period percentage for all months

during the taxable year preceding the filing month;

(iii) determine the tax on the amount determined under item (ii); and

(iv) multiply the tax computed under item (iii) by the base period percentage for the filing month and all months during the taxable year preceding the filing month.

(b) For purposes of this paragraph:

(i) the "base period percentage" for any period of months is the average percent which the taxable income for the corresponding months in each of the three preceding taxable years bears to the taxable income for the three preceding taxable years;

(ii) the term "filing month" means the month in which the installment is required to be paid;

(iii) this paragraph shall only apply if the base period percentage for any six consecutive months of the taxable year equals or exceeds 70 percent; and

(iv) the commissioner may provide by rule for the determination of the base period percentage in the case of reorganizations, new corporations, and other similar circumstances.

(c) In the case of a required installment, determined under this paragraph, if the corporation determines that the installment is less than the amount determined in paragraph (1), the amount of the required installment is the amount determined under this paragraph and the recapture of previous quarters' reductions allowed by this paragraph must be recovered by increasing subsequent required installments to the extent the reductions have not previously been recovered. ~~A reduction shall be treated as recaptured for purposes of this paragraph if 90 percent of the reduction is recaptured.~~

Sec. 25. Minnesota Statutes 1988, section 298.01, is amended by adding a subdivision to read:

*Subd. 3c.* [ALTERNATIVE MINIMUM TAX.] *For purposes of calculating the alternative minimum tax under section 290.0921, Minnesota alternative minimum taxable income must be computed under the provisions of subdivisions 3, 3a, and 3b, and the provisions of section 290.0921, except that:*

The market value as determined pursuant to this section shall be stated such that any amount under $100 is rounded up to $100 and any amount exceeding $100 shall be rounded to the nearest $100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, the fact that such property is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the assessment of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, the gross tax capacity of that lot or any single contiguous lot fronting on the same street shall be eligible for reassessment. All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 8. Minnesota Statutes 1988, section 273.11, is amended by adding a subdivision to read:

*Subd. 11.* [HOMESTEADS; LIMITATION IN MARKET VALUE INCREASES.] *(a) After determining the market value of property classified class 1 or 2a, the assessor shall compare the market value with the market value determined in the preceding assessment. Notwithstanding any law to the contrary, the percentage increase in value entered in the current assessment over the previous year's assessment must not exceed the greater of $15,000 or ten percent.*

*(b) Any increase in value in excess of the amount determined in paragraph (a) must be entered equally in the three subsequent assessment years. An excess amount entered under this paragraph is not subject to the limitation in paragraph (a).*

*(c) This subdivision does not apply to increases in value attributable to improvements made to the property. It does not apply to property becoming subject to taxation since the last assessment.*

*(d) The limitation contained in this subdivision also applies to the local boards of review under section 274.01, the county boards of equalization under section 274.13, and the state board of equalization and the commissioner of revenue under sections 270.11, 270.12, and 270.16. Except for property subject to the provisions of paragraph (c), the cumulative increases made by the assessor, the boards, and the commissioner may not exceed the maximum increase allowed under paragraph (a). Excess increases must be entered in subsequent years under paragraph (b).*

In determining ~~such~~ *the* value for ad valorem tax purposes, the assessor shall *use sales data obtained from agricultural lands located outside the seven metropolitan counties but within the region used for computing the range of values under section 273.11, subdivision 10. The sales shall have similar soil types, number of degree days, and other similar agricultural characteristics as contained in section 273.11, subdivision 10. Furthermore, the assessor shall* not consider any added values resulting from nonagricultural factors.

Sec. 10. Minnesota Statutes 1988, section 273.124, subdivision 6, is amended to read:

(c) to the extent permitted under state or federal law, the cooperative association must have a right under a written agreement with the owner to

purchase the property if the owner proposes to sell it; if the cooperative association does not purchase the property when it is offered for sale, the owner may not subsequently sell the property to another purchaser at a price lower than the price at which it was offered for sale to the cooperative association unless the cooperative association approves the sale; ~~and~~

(d) *the cooperative must meet one of the following criteria with respect to the income of its members: (1) a minimum of 75 percent of members must have incomes at or less than 80 percent of area median income, (2) a minimum of 40 percent of members must have incomes at or less than 60 percent of area median income, or (3) a minimum of 20 percent of members must have incomes at or less than 50 percent of area median income. For purposes of this clause, "member income" means the income of a member when the member acquires cooperative membership, and "median income" means the Saint Paul-Minneapolis metropolitan area median income as determined by the United States Department of Housing and Urban Development;*

*(e)* if a limited partnership owns the property, it must include as the managing general partner ~~either the cooperative association or~~ a nonprofit organization operating under the provisions of chapter 317 *and qualifying under section 501(c)(3) or 501(c)(4) of the Internal Revenue Code of 1986, as amended through December 31, 1988, and the limited partnership agreement must provide that the managing general partner have sufficient powers so that it materially participates in the management and control of the limited partnership;*

*(g) if a dwelling unit of a building was occupied on the 60th day prior to the date on which the unit became leasehold cooperative property described in this subdivision, then (1) the notice described in paragraph (f) must have been sent by first class mail to the occupant of the unit at least 60 days prior to the date on which the unit became leasehold cooperative property, and (2) prior to the mailing of the notice, copies of the documents identified in the notice must have been filed with the secretary of state; and*

*(h) the county attorney of the county in which the property is located must certify to the assessor that the property meets the requirements of this subdivision.* Homestead treatment must be afforded to units occupied by members of the cooperative association and the units must be assessed as provided in subdivision 3, provided that any unit not so occupied shall be classified and assessed pursuant to the appropriate class. No more than three acres of land may, for assessment purposes, be included with each dwelling unit that qualifies for homestead treatment under this subdivision.

Sec. 16. [273.1316] [CLASSIFICATION OF SUBSTANDARD RESIDENTIAL RENTAL PROPERTY.]

*Subdivision 1.* [DENIAL OF RENTAL CLASSIFICATION.] *A building that is classified as residential rental property under section 273.13, subdivision 25, and that is determined to be substandard under this section is assessed as provided in section 273.13, subdivision 25, paragraph (e).*

*Subd. 2.* [DEFINITION.] *"Substandard building" means a building that:*

*(1) has been determined by a state, county, or city agency that is charged by the governing body of the appropriate political subdivision with the responsibility for enforcing health, housing, building, fire prevention, or housing maintenance codes:*

*(i) to materially endanger the health and safety of the occupants; or*

*(ii) if unoccupied, to be a hazardous building within the meaning of section 463.15, subdivision 3; or*

*(iii) to be substantially out of compliance with the basic provisions of the housing and maintenance code of that county or city; and*

*(2) has not been repaired or brought to a condition of compliance within three months after the date of the violation notice to the owner as provided in subdivision 3, or within the time prescribed by the agency in the notice in accordance with applicable state law or local ordinance, whichever period is longer.*

*A building is not substandard under this subdivision if it was rendered substandard solely by reason of a tornado, flood, or other natural disaster.*

*Subd. 3.* [VIOLATION NOTICE.] *The initial notice of violation by the agency to the owner must be written and must contain:*

*(1) the details of the violation;*

*(2) the date by which repairs must be completed or compliance with other requirements must be achieved;*

*(3) a general description of the tax consequences if the violations are not corrected; and*

*(4) information on where and how an appeal may be filed.*

*The agency may extend the compliance date prescribed in the violation notice, for good cause shown, or may determine that good faith efforts at compliance are sufficient to prevent designation as a substandard building.*

*Subd. 4.* [NOTICE OF NONCOMPLIANCE.] *When the period specified in subdivision 3 has expired without compliance and the building has been determined to be substandard as defined in subdivision 2, the agency shall mail to the owner a notice of noncompliance. The notice of noncompliance must be mailed by certified mail, return receipt requested, to the owner of the property at the owner's last known address. The notice must contain:*

*(1) the details of the noncompliance;*

*(2) a statement that the local assessor has been notified of the noncompliance and that the property will be reclassified unless compliance is achieved within 30 days of the mailing of the notice;*

*(3) a general description of the tax consequences resulting from the denial of a residential rental property tax classification; and*

*(4) information on where and how an appeal may be filed.*

*Subd. 5.* [APPEALS TO BOARD.] *Appeals shall be made to the board created under this subdivision. Each county and city, prior to issuance of a violation notice under subdivision 3, must establish a board to hear appeals under this subdivision. The board shall have five members appointed by the governing body. A decision of the appeal board may be appealed to the district court of the county in which the building is located, concerning the violation and determination of material endangerment, hazard, or lack of substantial compliance with the basic provisions of the housing and maintenance code under subdivision 2, and concerning a determination of noncompliance under subdivision 4. An appeal must be made no later than 30 days after receipt of the notice of the action or determination being appealed. If the board determines that the substandard building has been brought to a condition of compliance, the board shall require the agency to mail to the taxpayer a notice of compliance, which shall be in the form and include the information prescribed by the local assessor.*

*Subd. 6.* [TIMING OF PROCESS.] *If a notice of noncompliance is mailed*

*before July 1 of any year, and the property owner has neither (1) successfully appealed the determination, nor (2) brought the property into compliance by October 15 of that year, the property will be assessed under section 273.13, subdivision 25, paragraph (e), for taxes levied in that year and all subsequent years until the agency determines that the property is no longer a substandard building, or the property owner prevails on an appeal of the matter. If a notice of noncompliance is mailed after June 30 of any year, the disqualification would initially be effective for taxes levied in the following year.*

*Subd. 7.* [REFUND UPON APPEAL.] *If the property owner prevails on an appeal at any time after taxes have been paid based on assessment of the property as provided in section 273.13, subdivision 25, paragraph (e), the agency shall notify the property owner concerning the procedures for the filing for a refund. The notice shall be in the form and include the information prescribed by the local tax assessor. The taxpayer may then file for a refund of the difference between the amount of the tax paid and the tax that would have been payable if the property had not been incorrectly assessed under this section, and each governmental subdivision that levied the tax on the property shall refund to the property owner its proportionate share of the refund.*

*Subd. 8.* [SPECIFICATION OF VIOLATIONS.] *A notice of noncompliance shall not be mailed by the agency to the taxpayer until the state or the governing body of the appropriate political subdivision has prescribed by statute or ordinance the nature and types of violations of codes referred to in subdivision 2, that would constitute substantial noncompliance with the basic provisions of the code or material endangerment to the health and safety of occupants of buildings, or that would constitute a hazardous building within the meaning of section 463.15, subdivision 3.*
