HUMAN DEVELOPMENT

Section 1. APPROPRIATION REDUCTIONS: SUMMARY

The sums set forth in the column marked "1991 APPROPRIATIONS BY

FUND” are added to appropriations from the general fund or any other fund named, to the agencies and programs specified. Sums shown in parentheses are reduced from the general fund appropriations, or from other named appropriations, to the specified agencies in Laws 1989, chapter 282, article 1, sections 2 to 10, as amended by Laws 1990, chapter 568, article 1, sections 2 to 8; Laws 1989, chapter 335, article 1, section 27, as amended by Laws 1990, chapter 594, article 1, section 25; and Laws 1990, chapter 568, article 6, for the fiscal year ending June 30, 1991.

**SUMMARY (General Fund Only)**

**1991 APPROPRIATIONS BY FUND**

TRANSFERS FROM OTHER FUNDS	5,430,000
APPROPRIATION REDUCTIONS	(18,230,000)
DEFICIENCY APPROPRIATION	125,412,000
<b>Sec. 2. HUMAN SERVICES</b>	
Subdivision 1. Social Services	(8,175,000)

\$5,000,000 is transferred from the consolidated chemical dependency treatment fund to the general fund. This is the balance that is projected to exist in the fund on June 30, 1991. Notwithstanding Minnesota Statutes, sections 254B.02, subdivision 4, and 254B.09, all money remaining in the consolidated chemical dependency treatment fund after all services provided in fiscal year 1991 are reimbursed cancels. This applies to state money remaining in county allocations, the reserve account, tribal allocations, the tribal reserve account, and the non-reservation Indian reserve account.

For the biennium ending June 30, 1991, and notwithstanding Minnesota Statutes, section 254B.03, subdivision 4, the commissioner may refuse to pay for services to persons not entitled to chemical dependency fund services under Minnesota Statutes, section 254B.04, subdivision 1, paragraph (a), and the state is not financially liable for payment of services to nonentitled persons. \$3,000,000 is the estimated amount saved if chemical dependency fund services are provided only to persons entitled to treatment under Minnesota Statutes.

New federal child care money received on or after October 1, 1990, under Section 5081 of the federal Omnibus Budget Reconciliation Act of 1990, which amends the Social Security Act adding section 402(1), providing child care to

low income families, is appropriated to the commissioner of human services.

Subd. 2. Mental Health

(500,000)

Subd. 3. Family Support Programs

(1,919,000)

After the effective date of this act until June 30, 1991, counties may not enter into agreements for new general assistance or Minnesota supplemental aid negotiated rate beds except under the following two circumstances, both of which are limited to existing funding caps: limited adult foster care development needed to ensure census reduction targets for developmentally disabled persons at regional treatment centers; and development to ensure compliance with the federal Omnibus Budget Reconciliation Act of 1990 alternative disposition plan requirements for inappropriately placed developmentally disabled persons. It is estimated that this paragraph will save \$93,000.

For the biennium ending June 30, 1991, and notwithstanding Minnesota Statutes, section 256D.051, the commissioner shall identify groups of nonexempt work readiness registrants receiving food stamps who must participate in the work readiness employment and training program as a condition of eligibility for work readiness assistance and shall allow participation only of the number of persons that is necessary to meet federal performance requirements for the Food Stamp Employment and Training Program. All other nonexempt registrants must be deferred from participation in the Work Readiness Employment and Training Program. The notice and disqualification provisions of Minnesota Statutes, section 256D.101, remain in effect. The commissioner shall increase the number of registrants who must participate if necessary to meet federal participation requirements or if sufficient funds are available to expand program operations. Counties must provide ongoing employment and training services to all registrants in the county who have been identified by the commissioner for participation. It is estimated that this paragraph will save \$1,000,000.

For the biennium ending June 30, 1991, and notwithstanding Minnesota Statutes, sections 256D.01 to 256D.21, an applicant's eligibility for work readiness assistance begins the first day of the calendar month following the date of application for assistance. The initial date of eligibility for emergency assistance under Minnesota Statutes, section 256D.051, subdivision 1, is not affected. Notwithstanding Minnesota Statutes, section 256D.051, subdivision 1b, counties shall not provide special payments prorated to cover an initial certification period. It is estimated that this paragraph will save \$500,000.

Notwithstanding Minnesota Statutes, chapter 256D, from March 1, 1991, to June 30, 1991, a person who is enrolled at least half-time in an institution of higher education, according to the definitions of the federal Food Stamp Program, is ineligible to receive payments or services from the Work Readiness Program. It is estimated that this paragraph will save \$124,000.

\$100,000 of this reduction is from the appropriation in Laws 1989, chapter 282, article 1, section 2, subdivision 6, to reimburse local agencies for the costs of providing transportation for work readiness literacy training. The commissioner shall reimburse counties for these purposes up to the amount of this appropriation, and state financial liability does not extend beyond the appropriation amount.

Subd. 4. Health Care

(5,143,000)

If the 1991 appropriation for the 180-day portion of the alternative care grant program is insufficient to fund payments to counties for services provided through June 30, 1991, based on each county's fiscal year 1991 allocation, the commissioner may transfer up to \$3,500,000 from the department's nongrant accounts to fund these payments.

Subd. 5. State Residential Facilities

(813,000)

Subd. 6. Total Forecast Adjustment

125,412,000

Sec. 3. VETERANS NURSING HOMES BOARD

(950,000)

Sec. 4. DEPARTMENT OF JOBS AND TRAINING

(230,000)

Notwithstanding Minnesota Statutes, section 268.022, subdivision 2, the commissioner of finance shall transfer \$4,780,000 of the money collected through the special assessment established in Minnesota Statutes, section 268.022, subdivision 1, from the dislocated worker fund to the general fund.

Sec. 5. CORRECTIONS

(500,000)

This reduction is in the general fund appropriation in Laws 1989, chapter 282, article 1, section 6, subdivision 2, as amended by Laws 1990, chapter 568, article 1, section 5, subdivision 2.

Sec. 6. HEALTH

Any balance remaining in the asbestos abatement fund is transferred to the general fund on June 30, 1991. The balance on June 30, 1991, is estimated to be \$791,000. \$141,000 of this amount was recognized in the November 1990 forecast and \$650,000 is recognized in this act.

Sec. 7. Laws 1990, chapter 568, article 2, section 104, subdivision 3, is amended as follows:

Subd. 3. [CHEMICAL DEPENDENCY.] Sections 57, 58, 60, 90, and 91 are effective the day following final enactment. Section 59 is effective ~~July 1, 1991~~ February 1, 1991.

a park under certain circumstances; amending Minnesota Statutes 1990, section 327C.095, by adding subdivisions; proposing coding for new law in Minnesota Statutes, chapter 327C.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1990, section 327C.095, subdivision 1, is amended to read:

Subdivision 1. [CONVERSION OF USE; MINIMUM NOTICE.] At least nine months before the conversion of all or a portion of a manufactured home park to another use, or before closure of a manufactured home park or cessation of use of the land as a manufactured home park, the park owner must prepare a closure statement and provide a copy to the local planning agency and a copy to a resident of each manufactured home *where the residential use is being converted*. A resident may not be required to vacate until 60 days after the conclusion of the public hearing required under subdivision 4. If a lot is available in another section of the park that will continue to be operated as a park, the park owner must allow the resident to relocate the home to that lot unless the home, because of its size or local ordinance, is not compatible with that lot.

Sec. 2. Minnesota Statutes 1990, section 327C.095, is amended by adding a subdivision to read:

*Subd. 6. [INTENT TO CONVERT USE OF PARK AT TIME OF PURCHASE.] Before the execution of an agreement to purchase a manufactured home park, the purchaser must notify the park owner, in writing, if the purchaser intends to close the manufactured home park or convert it to another use within one year of the execution of the agreement. The park owner shall provide a resident of each manufactured home with a written notice of the purchaser's intent to close the park or convert it to another use. The notice must be sent by first class mail to a resident of each manufactured home in the park. The notice period begins on the postmark date affixed to the notice and ends 45 days after it begins. All of the residents or a nonprofit organization which has the written permission of 51 percent of the residents to represent them in the acquisition of the park shall have 45 days to meet the cash price and to execute an agreement to purchase the park for the purposes of keeping the park as a manufactured housing community. The park owner must accept the offer if it meets the cash price and the same terms and conditions set forth in the purchaser's offer except that the seller is not obligated to provide owner financing. For purposes of this section, cash price means the cash price offer or equivalent cash offer as defined in section 500.24, subdivision 6, paragraph (d).*

Sec. 3. Minnesota Statutes 1990, section 327C.095, is amended by adding a subdivision to read:

*Subd. 7. [INTENT TO CONVERT USE OF PARK AFTER PURCHASE.] If the purchaser of a manufactured home park decides to convert the park to another use within one year after the purchase of the park, the purchaser must offer the park for purchase by the residents of the park. The purchaser must provide the residents with a written notice of the intent to close the park and all of the residents or a nonprofit organization which has the written permission of 51 percent of the residents to represent them in the acquisition of the park shall have 45 days to execute an agreement for the*

*purchase of the park at a price equal to the original purchase price paid by the purchaser plus any documented expenses relating to the acquisition and improvement of the park property, together with any increase in value due to appreciation of the park. The purchaser must execute the purchase agreement at the price specified in this subdivision. The notice must be sent by first class mail to a resident of each manufactured home in the park. The notice period begins on the postmark date affixed to the notice and ends 45 days after it begins. Subdivision 6 and this subdivision do not apply in the case of a taking by eminent domain.*

Sec. 4. Minnesota Statutes 1990, section 327C.095, is amended by adding a subdivision to read:

*Subd. 8. [EFFECT OF NONCOMPLIANCE.] If a manufactured home park is sold or converted to another use in violation of subdivision 6 or 7, the residents do not have any continuing right to purchase the park as a result of that sale or conversion. Any violation of subdivision 6 or 7 shall be subject to section 8.31, subdivision 1, except that relief shall be limited so that questions of marketability of title shall not be affected.*

Sec. 5. [327C.096] [NOTICE OF SALE.]

*When a park owner offers to sell a manufactured home park to the public through advertising in a newspaper or by listing the park with a realtor licensed by the department of commerce, the owner must provide concurrent written notice to a resident of each manufactured home in the park that the park is being offered for sale. The notice provided by the park owner to a resident of each manufactured home does not grant any property rights in the park. This section does not apply in the case of a taking by eminent domain, a transfer by a corporation to an affiliate, a transfer by a partnership to one of its partners, or a sale or transfer to a person who would be an heir of the owner if the owner were to die intestate. If at any time a manufactured home park owner receives an unsolicited bona fide offer to purchase the park that the owner intends to consider or make counter offer to, the owner is under no obligation to notify the residents as required under this section."*

Delete the title and insert:

*Subd. 2. [DUTIES.] The technology and benefits advisory committee is responsible for periodically reviewing, analyzing, and evaluating health care technology, benefits, and coverage and making recommendations to the commissioner and the legislature. The committee's recommendations must be based on the following principles: (1) universal and equitable access to health care procedures and technologies; (2) maintenance of an appropriate balance between expenditures for primary and preventive care, and expenditures for high-cost cases; (3) promotion of high quality and cost-effective health care; and (4) adherence to budget targets. The committee shall solicit comments and recommendations from interested persons during its deliberations. The committee is responsible for reviewing, analyzing, and making recommendations concerning at least the following:*

- (i) the universal basic benefit set;
- (ii) the intermediate benefit set;
- (iii) the supplemental benefit set;
- (iv) the minimum insurance benefit set;
- (v) coverage for new procedures and technologies;
- (vi) state mandated benefits applicable to insurers and other health plan companies;
- (vii) benefit levels in other state health coverage programs; and
- (viii) coverage and health care standards for cases subject to the reinsurance pool in article 6, section 12, which would be binding on the reinsurance pool.

Sec. 8. [62J.07] [HEALTH CARE EXPENDITURES ADVISORY COMMITTEE.]

*Subdivision 1. [MEMBERSHIP.] The health care expenditures advisory committee is a permanent committee whose members are appointed by the governor. Committee members include representatives of health insurers, health maintenance organizations, and other health plan companies; state agencies that administer government health programs; health care providers; labor; business; and consumer groups. The commissioner of health care access shall make recommendations to the governor regarding appointments to the committee. The governor shall ensure that appointments result in a balance of interests on the committee. The committee is governed by section 15.059, except that it does not expire.*

*Subd. 2. [DUTIES.] The health care expenditures advisory committee shall make recommendations to the commissioner for an overall statewide limit on total public and private health care spending in Minnesota and limits on annual health care spending increases.*

*Subd. 3. [STAFF AND SUPPLIES.] The commissioner of health care access shall provide the advisory committee with staff support and supplies.*

Sec. 9. [62J.08] [IMPLEMENTATION.]

*Subdivision 1. [NEW PROGRAM PLANNING AND DEVELOPMENT.] The commissioner shall begin planning and development for the state plan July 1, 1991. The commissioner shall use an implementation schedule that will lead to enrollment of eligible individuals, families, and employee groups statewide beginning July 1, 1992. Planning and development activities include:*

- (1) development of outreach, enrollment, and eligibility determination procedures;
- (2) commencement of outreach activities;
- (3) planning, development, and acquisition of necessary computer systems, including forms, software, and training;
- (4) development of health plan contractor specifications and issuance of requests for proposals;
- (5) negotiating and executing health plan contracts;
- (6) planning, development, and preparation of systems for direct health

*care delivery management by the state or planning for the use of existing administrative systems in the department of human services, as necessary;*

*(7) preparations, requests for proposals, contract negotiations, and other activities relating to the reinsurance pool; and*

*(8) other appropriate planning and development activities.*

*Subd. 2. [TERMS OF PROGRAM CONSOLIDATION.] In carrying out the merger, transfer, or reconfiguration of existing health care and health coverage programs, as described in this section, the commissioner shall:*

*(1) ensure that health care benefits will not be diminished for enrollees and clients of current programs;*

*(2) assist current program enrollees and clients with the procedures necessary to maintain comparable health care benefits;*

*(3) ensure that financial obligations for public hospitals and other health care providers that serve the enrollees and clients of current programs will not increase as a result of the merger or transfer; and*

*(4) ensure coordination between the state plan, local public health departments, public hospitals, and other health care providers that serve the enrollees and clients of current programs in the areas of outreach, patient education, case management, and related services.*

*Subd. 3. [SHORT-TERM PROGRAM MERGERS.] By July 1, 1993, or one year after the state plan begins statewide enrollment, whichever is later, the commissioner of health care access, with assistance from the commissioner of human services, shall take action necessary to merge the following programs into the state plan: the children's health plan, and the general assistance medical care program.*

*Subd. 4. [SHORT-TERM PROGRAM TRANSFERS.] By July 1, 1993, or one year after the state plan begins statewide enrollment, whichever is later, the commissioner of health care access, with assistance from the commissioners of human services and health, shall take action necessary to transfer part of the responsibilities and functions of the following programs to the state plan, to the extent that the state plan provides or will provide duplicate services: the services for children with handicaps program, the maternal and child health program, and the consolidated chemical dependency treatment fund. For chemical dependency coverage under the state plan, the commissioner shall:*

*(1) adopt the consolidated chemical dependency treatment fund's process for patient evaluation and referral, to the extent possible within the state plan's managed care arrangements; and*

*(2) coordinate services with the consolidated chemical dependency treatment fund to ensure nonduplication of services and ease of transfer between the programs.*

*Subd. 5. [MINNESOTA COMPREHENSIVE HEALTH ASSOCIATION.] Effective July 1, 1992, or when the state plan begins statewide enrollment, whichever is later, no additional enrollments are permitted in the Minnesota comprehensive health association; and current enrollees may remain enrolled in the Minnesota comprehensive health association, may enroll in the state plan, or may obtain health care coverage in the private market. Enrollees in the state plan may choose the intermediate benefit set or both the intermediate and the supplemental benefit sets. The commissioner*

*of health care access, with assistance from the commissioner of commerce, shall determine whether or not to include the Minnesota comprehensive health association in longer-term program transfers as stated in subdivision 7, after evaluating the rate of disenrollment from the Minnesota comprehensive health association. If the commissioner recommends merger, transfer, reconfiguration, or other changes to the Minnesota comprehensive health association, the changes must be made consistent with the requirements in subdivision 2.*

*Subd. 6. [MEDICAL ASSISTANCE.] By July 1, 1995, the commissioner of health care access, with assistance from the commissioners of human services and health, shall take action necessary to merge all or part of the medical assistance program into the state plan, to the extent that a merger is permitted by federal waivers and will improve the cost-effectiveness of public health care purchasing and streamline and consolidate government health care programs.*

*Subd. 7. [LONGER-TERM PROGRAM TRANSFERS.] By July 1, 1995, the commissioner of health care access, with assistance from the commissioners of employee relations, corrections, and other affected agencies, shall take action necessary to transfer part of the responsibilities and functions of the following programs to the state plan: state and local government employee health benefits programs, corrections system health programs, the health care component of the Minnesota crime victims reparations board program, and other health care and health coverage programs sponsored by state or local government. The transfers must be limited to responsibilities and functions that the state plan provides or will provide, and to transfers that will improve the cost-effectiveness of public health care purchasing and streamline and consolidate government health care programs.*

*Subd. 8. [LONGER-TERM PROGRAM RECONFIGURATION.] By July 1, 1995, the commissioner of health care access, with assistance from the commissioners of labor and industry, commerce, and other affected agencies, shall take action necessary to reconfigure the following programs: the health care component of workers' compensation coverage, and the health care component of motor vehicle and motorcycle coverage. The program reconfigurations must be carried out in a way that significantly improves the cost-effectiveness of public and private health care purchasing and streamlines and consolidates public and private health care programs.*

*Subd. 9. [LEGISLATION.] If the commissioner determines that additional legislation is necessary to fully implement the Minnesotans' health care plan and other activities and requirements established in this chapter, the commissioner shall submit proposed legislation to the legislature by the dates indicated. The proposed legislation must include, but is not limited to, technical changes necessary to:*

*(1) merge into the state plan the children's health plan and the general assistance medical care program, to be submitted by January 1, 1992;*

*(2) transfer to the state plan part of the responsibilities and functions of the services for children with handicaps program, the maternal and child health program, and the consolidated chemical dependency treatment fund, to be submitted by January 1, 1992;*

*(3) enforce the spending limits established under section 6, subdivision 2, clause (9), to be submitted by January 1, 1992;*

(4) transfer to the department of health care access part of the responsibilities and functions of state and local government employee health benefits programs, corrections system health programs, the health care component of the Minnesota crime victims reparations board program, and other health care and health coverage programs sponsored by state and local government, to be submitted by January 1, 1994;

(5) reconfigure the health care components of the workers' compensation coverage and motor vehicle coverage, as described in subdivision 8, to be submitted by January 1, 1994;

(6) transfer to the department of health care access all or part of the responsibilities and functions of the medical assistance program, and to support the state's efforts to secure waivers of federal requirements for federally subsidized health care programs, to be submitted by January 1, 1994; and

(7) establish the content of and procedures for conversion to the universal basic benefit set, to be submitted by January 1, 1994.

Subd. 10. [ASSISTANCE FROM OTHER AGENCIES.] *At the request of the commissioner of health care access, the commissioners of health, commerce, state planning, human services, employee relations, labor and industry, corrections, finance, and other affected agencies shall provide assistance in planning, development, and implementation.*

Sec. 10. [STUDIES AND REPORTS.]

Subdivision 1. [HEALTH CARE DELIVERY SYSTEM REFORM.] *The health care expenditures advisory committee shall study and make recommendations regarding further reforms to the health care delivery system in Minnesota. The advisory committee shall solicit the comments, advice, and participation from communities with an interest in accessible, affordable health care. The commissioner shall submit a report on the recommendations of the advisory committee to the legislature by January 1, 1993.*

Subd. 2. [HEALTH PLAN REGULATION.] *The commissioner of health and the commissioner of commerce shall develop a plan for the functional division of regulatory authority over health plans. This plan must be presented to the legislature by January 1, 1992. The plan must allow each commissioner to exercise independent authority to the greatest extent possible and must minimize jurisdictional overlaps. The plan must provide the commissioner of commerce with primary authority for regulating the financial integrity and corporate structure of health plans and must provide the commissioner of health with primary authority for regulating health care delivery and health care quality.*

Subd. 3. [STANDARD CLAIM FORMS AND UTILIZATION REVIEW PROCEDURES.] *The commissioner of health care access shall recommend to the legislature a standard claim form for ambulatory care by January 1, 1993, and standards for certain types of utilization review procedures by January 1, 1994. These recommendations must not have the effect of limiting innovation and improvement in health care delivery management, or compromising the purposes for which information is collected.*

Sec. 11. [APPROPRIATIONS.]

Subdivision 1. [HUMAN SERVICES.] *§ . . . . . is appropriated from the general fund to the commissioner of human services for purposes of sections 1 to 10, to be available until June 30, 1993.*

*Subd. 2. [COMMERCE.] § . . . . . is appropriated from the general fund to the commissioner of commerce for purposes of section 9 and section 10, subdivision 2, to be available until June 30, 1993.*

*Subd. 3. [HEALTH.] § . . . . . is appropriated from the general fund to the commissioner of health for purposes of section 9 and section 10, subdivision 2, to be available until June 30, 1993.*

*Subd. 4. [LABOR AND INDUSTRY.] § . . . . . is appropriated from the general fund to the commissioner of labor and industry for purposes of section 9, to be available until June 30, 1993.*

**Sec. 12. [REPEALER.]**

*Subdivision 1. [CHEPP.] Minnesota Statutes, sections 62E.51, 62E.52, 62E.53, 62E.531, 62E.54, and 62E.55, relating to the catastrophic health expense protection program, are repealed.*

*Subd. 2. [BUREAU OF HEALTH CARE ACCESS.] Section 5 is repealed effective July 1, 1993.*

**Sec. 13. [EFFECTIVE DATES.]**

*Subdivision 1. [CREATION OF THE BUREAU OF HEALTH CARE ACCESS AND THE HEALTH CARE EXPENDITURES ADVISORY COMMITTEE.] Sections 5 and 8 are effective July 1, 1991.*

*Subd. 2. [CREATION OF THE DEPARTMENT OF HEALTH CARE ACCESS.] The department of health care access is established effective July 1, 1993.*

*Subd. 3. [TECHNOLOGY AND BENEFITS ADVISORY COMMITTEE.] Section 7 is effective January 1, 1992.*

*Subd. 4. [STATE CONTRACTORS.] Section 2 is effective July 1, 1992, and applies to contracts entered into or renewed, or goods or services provided, after that date.*

**ARTICLE 2**

**MINNESOTANS' HEALTH CARE PLAN**

**Section 1. [62J.09] [CREATION.]**

*The Minnesotans' health care plan is created to provide health coverage to individuals, families, and employers who do not have access to other affordable health coverage.*

**Sec. 2. [62J.10] [COVERAGE REQUIRED FOR MINNESOTA RESIDENTS.]**

*All Minnesota residents must obtain health coverage equal to or greater than the intermediate benefit set or the minimum insurance benefit set. Coverage may be obtained through the state plan, an employer, an individual policy with a private health plan company, or any other source of coverage. Minnesota residents must provide proof of coverage in the manner required by the commissioner of health care access.*

**Sec. 3. [62J.11] [ELIGIBILITY OF INDIVIDUALS AND FAMILIES.]**

*To be eligible to obtain coverage through the state plan, individuals and families must be Minnesota residents and have no other source of health coverage or must have coverage that primarily supplements, rather than duplicates, the intermediate benefit set. A Minnesota resident individual or*

*family may switch from private health coverage to the state plan provided the transfer does not result in simultaneous coverage under both the state plan and another health care plan. The individual or family must contribute to the cost of health coverage as provided in section 4.*

**Sec. 4. [62J.12] [INDIVIDUAL AND FAMILY PREMIUMS.]**

*Subdivision 1. [SLIDING SCALE.] Each individual and family unit enrolled in the state plan shall pay a premium set in relation to gross income and family size. The commissioner shall establish a sliding scale to determine the amount of the premium each individual or family must pay to obtain health coverage through the state plan. The sliding scale must use the federal poverty guidelines as the primary unit of measurement, and must be based on an individual's or family's federal adjusted gross income as shown on the federal income tax return. If the family files separate returns, the federal adjusted gross income from the returns must be combined for purposes of computing the family's federal adjusted gross income. If coverage provided through the state plan is equivalent to the intermediate benefit set described in article 3, sections 2 to 11, the sliding scale must be designed so that individuals and families with incomes less than 25 percent of the federal poverty level pay 1.08 percent of their gross income, and those with incomes between 250 percent and 275 percent of the federal poverty level pay 6.5 percent of their gross income. Individuals and families with gross incomes over 275 percent of the federal poverty guideline or \$40,000, whichever is less, are not eligible for a subsidized premium and must pay 100 percent of the cost of coverage through the state plan. For coverage that differs significantly from the intermediate benefit set, the sliding scale must be adjusted to reflect the differences in coverage. In addition to payments under the sliding scale, enrollees may be required to make greater payments depending on the health plan chosen. The commissioner shall pass differences in premiums between health plans on to enrollees, except that the commissioner may limit differences in charges to enrollees if necessary to prevent enrollment that exceeds the capacity of certain plans.*

*Subd. 2. [ADJUSTMENTS TO THE INCOME LIMIT AND SLIDING SCALE.] The commissioner shall adjust the sliding scale and the maximum income limit for subsidized coverage to reflect changes in prevailing income levels, health coverage costs, and benefit levels.*

*Subd. 3. [MUST NOT HAVE ACCESS TO EMPLOYER-SUBSIDIZED COVERAGE.] To be eligible for subsidized coverage, an individual or family must not have access to subsidized health coverage through an employer, unless the amount of employer subsidy toward the cost of coverage is less than an amount determined by the commissioner of health care access. Children are eligible for employer-subsidized coverage through either parent, including the noncustodial parent. The commissioner must treat employer contributions to Internal Revenue Code Section 125 plans as qualified employer subsidies toward the cost of health coverage for employees for purposes of this section.*

*Subd. 4. [NO SUBSIDY AVAILABLE FOR MEDICARE SUPPLEMENT COVERAGE.] An individual eligible for Medicare benefits must pay 100 percent of the cost of obtaining Medicare supplement coverage through the state plan, regardless of income.*

*Subd. 5. [COVERAGE MUST NOT DISPLACE FEDERALLY SUBSIDIZED HEALTH COVERAGE.] Subsidized state plan coverage must not displace subsidized health coverage through a federally supported health*

program. The commissioner shall establish procedures and requirements to allow coordinated, limited or supplemental participation in the Minnesotans' health care plan, including limited subsidies, of participants in federally supported health programs to the extent necessary to provide coverage comparable to coverage provided to other state plan enrollees without displacing federal benefits.

*Subd. 6. [MUST BE A PERMANENT MINNESOTA RESIDENT.] To be eligible for a subsidy, individuals and families must be permanent residents of Minnesota. A permanent Minnesota resident is a Minnesota resident who considers Minnesota to be the person's principal place of residence and intends to remain in the state permanently or for a long period of time and not as a temporary or short-term resident. An individual or family that moved to Minnesota primarily to obtain medical treatment or health coverage for a preexisting condition is not a permanent resident and is not entitled to subsidized coverage through the state plan.*

**Sec. 5. [62J.13] [ELIGIBILITY OF EMPLOYERS.]**

*Subdivision 1. [GROUP COVERAGE.] An employer is eligible to enroll its employees in the state plan as a group in order to offer its employees health coverage under the Minnesotans' health care plan. To be eligible to participate, an employer must pay Minnesota unemployment insurance premiums and have two or more covered employees, including the owner, or, if a sole proprietor, have at least one employee covered by unemployment insurance and include himself/herself in the group for purposes of health coverage. A self-employed person with no employees may not participate as an employer but may participate as an individual or family. The employer must collect employees' share of premiums and remit them to the commissioner along with the employer's contribution. Sliding scale premium subsidies as described in section 4 do not apply to group coverage. The commissioner shall establish conditions for enrollment of employer groups. Conditions may include, but are not limited to, minimum employer contributions toward coverage for employees and their families, minimum standards for employee eligibility, and eligibility waiting periods for new employees. The commissioner may establish special conditions and procedures for employers who are health care providers participating in state health care programs after considering the impact of article 1, section 2, and of different levels of employer contributions toward employee health coverage, on state health care program reimbursement rates and obligations. The commissioner shall make use of administrative systems for group coverage for employers that will identify and enroll enrollees in a manner comparable to individual, nongroup enrollment in order to enhance the portability of coverage to an individual policy or to another employer covered through the state plan, and to minimize administrative costs associated with frequent reissuing of policies.*

*Subd. 2. [COVERAGE OF PART-TIME AND SEASONAL EMPLOYEES.] The commissioner shall establish conditions, procedures, and a special accounting mechanism to allow employers to defray the cost of coverage for part-time and seasonal employees through the state plan without including these employees in the employer's health benefits program. This is the only circumstance under which an employer subsidy toward the cost of employee health coverage and a state subsidy for health coverage through the state plan may be combined. Employers that have terminated health benefits for part-time or seasonal employees within the three years before application are not eligible to participate in the part-time or seasonal*

*employee enrollment system. Part-time or seasonal employees on whose behalf employer contributions have been submitted must obtain coverage through the state plan as individuals or families rather than as an employee group. The employer contributions must be used to reduce the premium that the employee would otherwise have owed, and will be in addition to any individual premium subsidy to which the employee would otherwise be entitled. The commissioner shall establish definitions and standards for part-time and seasonal employees as necessary to implement this subdivision.*

**Sec. 6. [62J.14] [COVERAGE.]**

*Subdivision 1. [INTERMEDIATE BENEFIT SET.] Individuals, families, and groups with two to five employees or members may purchase the intermediate benefit set described in article 3, sections 2 to 11, through the state plan.*

*Subd. 2. [SUPPLEMENTAL BENEFIT SET.] Individuals, families, and groups covered by the intermediate benefit set may purchase at their own expense the supplemental benefit set as described in article 3, section 15, through the state plan. Groups with more than five employees or members that participate in the state plan must purchase the supplemental benefit set and the intermediate benefit set.*

**PROGRAM ADMINISTRATION**

**Sec. 7. [62J.15] [PROVISION OF HEALTH CARE SERVICES; MANAGED CARE.]**

*In areas of the state where managed care health plans operate, the commissioner must deliver health care through contracts with managed care health plans. In order to qualify for participation in the state plan, a managed care health plan must meet the specifications in this section.*

*(a) The health plan must demonstrate to the satisfaction of the commissioner that it is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees.*

*(b) The health plan must have sufficient provider network capacity to adequately serve enrollees and prospective enrollees.*

*(c) The health plan must have established procedures adequate to manage the delivery of health care. The procedures must incorporate clear standards of practice or protocols where they exist. The procedures must also require enrollees to register with a specific primary care clinic which will coordinate referrals, hospitalizations, and other health care delivery. A plan that has not established these procedures may participate in the program if the plan demonstrates to the satisfaction of the commissioner that an alternative, comparably effective system of case management has been established. A managed care health plan that has not established procedures satisfactory to the commissioner may participate in the program if the plan agrees to implement satisfactory procedures within three years from the date it is accepted for participation by the commissioner.*

*(d) The health plan must demonstrate a long-term commitment to improving the quality and efficiency of health care.*

*(e) The health plan must have established programs to educate enrollees about appropriate use of the health care system. The programs may include*

*self-care education, telephone nurse access, encouragement of healthy lifestyles, and encouragement of conformance to prescribed courses of treatment.*

*(f) Health plans must notify enrollees by mail when coverage limits under the intermediate benefit set have been reached and explain that payment for future services in excess of the coverage limits are the responsibility of the patient.*

*(g) The health plan must include appropriate use of non-physician providers within its overall framework of managed care.*

**Sec. 8. [62J.16] [AREAS WITHOUT SATISFACTORY MANAGED CARE HEALTH PLANS.]**

*In areas of the state where the commissioner determines satisfactory managed care health plans are not available, the commissioner shall make health care available using one or more of the options specified in this section.*

*(a) The commissioner may recruit or encourage managed care health plans to serve the area.*

*(b) The commissioner may establish managed care health plans through direct contracts with existing clinics or other health care providers in the area consistent with the specifications and objectives of the state plan.*

*(c) The commissioner may pay providers on a fee-for-service basis, using the department of human services claims processing system, health care utilization review system, and other managed care procedures. When developing the payment system, the commissioner shall investigate the proposed Medicare resource-based relative value scale as the basis for a new fee schedule and the possibility of collective bargaining with health care providers. Participating providers must be required to operate under the department's managed care standards and procedures. Payment will be based on a fee schedule to be established by the commissioner with payments established at a level to ensure that program costs in the area are lower than under a managed care system. Providers must be required to accept program enrollees as a condition of serving patients covered by any health coverage program financed by state or local government, including public employee health benefit programs. Providers must be prohibited from billing enrollees for any portion of health care charges not reimbursed by the commissioner, except to collect copayments and deductibles or to charge for services that exceed coverage limits, to the extent these are specified in the state plan.*

*(d) The commissioner may establish health care clinics to provide services using managed care procedures.*

**Sec. 9. [62J.17] [ENCOURAGEMENT OF PARTICIPATION OF PROVIDERS SERVING LOW-INCOME PERSONS.]**

*The commissioner shall encourage expansion or development of health plans that include providers currently serving low-income, uninsured state residents, including nonprofit community clinics, public health departments, and public hospitals. The commissioner's managed care specifications must apply to these providers when serving program enrollees.*

**Sec. 10. [62J.18] [HEALTH PLAN COMPENSATION; GENERAL.]**

*The commissioner shall establish health plan payment arrangements in order to create financial incentives to improve the effectiveness and efficiency*

*of health care delivery. Health plans under contract with the state plan may not vary the benefits included in the intermediate benefit set in order to reduce the cost of premiums. Participating health plans must assume responsibility for health care delivery and must assume financial risk, subject to the limits established through the reinsurance pool. To prevent uncertainty regarding the mix and cost of enrollees from resulting in higher charges in the state plan during the first three years, the commissioner may share risk above or below the health plan's expected costs for state plan enrollees, to the extent that such risk sharing would reduce charges in the state plan. The risk sharing must not alter the community-rated basis for health plans premiums as specified in article 6, section 5. The commissioner shall establish a reserve fund or take other appropriate action to ensure that state funding will be available to fully satisfy the state's payment and risk-sharing obligations in the event the costs of coverage through the state plan are higher than expected. The commissioner is responsible for collecting premium payments from individuals, families, and employers and health plan reimbursement may not be linked to collection of premium payments.*

**Sec. 11. [62J.19] [OUTREACH ACTIVITIES.]**

*Subdivision 1. [OUTREACH TO INDIVIDUALS.] The commissioner shall establish outreach activities to inform state residents about public and private sources of health coverage and to assist them in obtaining coverage. Outreach activities must include the following:*

*(1) health coverage information and counseling services provided throughout the state and through a toll-free telephone number; and*

*(2) ongoing publicity and advertising activities.*

*Subd. 2. [OUTREACH TO EMPLOYERS.] The commissioner shall establish outreach activities to inform employers about the Minnesotans' health care plan and other sources of health care coverage and to assist them to obtain or expand coverage for their employees. Outreach activities must be directed at the types of employers determined by the commissioner to be most interested in joining the state plan.*

**Sec. 12. [62J.20] [ENROLLMENT EDUCATION AND ASSISTANCE.]**

*The commissioner shall provide enrollment education and assistance to state residents. The assistance may include written materials, workshops, and individual assistance. Educational programs and assistance must be designed to serve persons who are not proficient in English or who have special communication needs. The program must provide information on the following topics in addition to information provided at the discretion of the commissioner:*

*(1) basic and supplemental coverage offered by the state plan;*

*(2) features of specific health plans offered by the state plan, including information on obtaining health care within health plans and descriptions of provider networks;*

*(3) differences between individual and group coverage;*

*(4) premiums associated with each plan and premium payment procedures and obligations; and*

*(5) actions enrollees must take if eligibility status changes.*

**Sec. 13. [62J.21] [APPLICATION FORMS AND PROCEDURES.]**

*Subdivision 1. [PROCEDURES.] The commissioner shall accept application forms submitted by mail or in person. Applicants must include payment equal to one month of premium costs with the completed application. Applicants who are employed full-time by an employer who participates in the state plan must apply through the employer. Part-time and seasonal employees of an employer who participates in the state plan may participate on an individual basis as provided in section 5, subdivision 2.*

*Subd. 2. [FORMS.] Application must be made on forms supplied by the commissioner. The commissioner shall design the form in order to collect the minimum amount of information necessary to administer the program. A more detailed form may be designed for use by applicants potentially eligible for federally subsidized health care programs and other state programs.*

*Subd. 3. [AVAILABILITY OF FORMS.] The commissioner shall make application forms available throughout Minnesota at state government offices; at hospitals, clinics, and other health care provider offices, especially where large numbers of low-income persons are served; with individual income tax forms; with applications for a driver's license, state identification card, or motor vehicle registration; with school and college registration materials; at food shelves; at the offices of insurers, health maintenance organizations, and other health plan companies; at school district offices; at public and private elementary schools; at community health offices; and at women, infants, and children (WIC) program sites.*

#### Sec. 14. [62J.22] [ELIGIBILITY DETERMINATION.]

*Subdivision 1. [ELIGIBILITY VERIFICATION.] The emphasis of eligibility verification procedures must be on achieving enrollment and coverage as soon after application as possible. To this end, confirmation of income and other information provided by the applicant shall occur primarily through use of personal data that the state gathers, such as income tax records, for other purposes. The commissioner may use individuals' social security numbers as identifiers for purposes of administering the plan.*

*Subd. 2. [APPLICANT INFORMATION.] Applicants shall submit evidence of family income, earned and unearned, for use in determining the amount of the premium and eligibility for a subsidy. Enrollees shall report changes in eligibility status as they occur.*

*Subd. 3. [FRAUD.] If subsequent to enrollment an enrollee in the state plan is found to have provided fraudulent information, the commissioner may disenroll the enrollee if the enrollee has sufficient, alternate coverage, but must maintain enrollment for those without alternate coverage. In all cases, the commissioner may recover premiums not paid due to fraud through the means listed in section 20, subdivision 3.*

*Subd. 4. [REVERIFICATION.] Eligibility for the state plan must be redetermined annually. The commissioner must use mail and other, simple means of obtaining information from enrollees, then engage in random checkups of the accuracy of information provided.*

#### Sec. 15. [62J.23] [ENROLLMENT.]

*Subdivision 1. [COVERAGE EFFECTIVE DATE.] Coverage becomes effective on the next first or 15th of a month, whichever comes first, after the commissioner transfers enrollment information to the health plan selected by the applicant. The transfer to the health plan must occur no later than*

*two weeks after the commissioner receives a completed application and payment of one month of premium costs.*

*Subd. 2. [ENROLLMENT CONFIRMATION.] No more than two weeks shall elapse between the time the commissioner receives a completed application and the applicant is notified of acceptance, rejection, or unusual delay and the reasons why. Refusal to provide a health history will not disqualify an applicant from the state plan. The commissioner shall operate a toll-free telephone service to confirm individual enrollment in the state plan. The service must be available to assist enrollees, health plans, and providers.*

**Sec. 16. [62J.24] [OPEN ENROLLMENT.]**

*The commissioner shall establish an annual open enrollment period during which enrollees must be allowed to transfer between health plans. Enrollees may not transfer between plans during other periods unless their place of residence changes and their current plan does not provide coverage in the new location.*

**Sec. 17. [62J.25] [PREMIUM PAYMENTS; APPLICATION.]**

*The premium payment procedures established in sections 18 and 19 apply to coverage purchased through the Minnesotans' health care plan by an individual or an employer.*

**Sec. 18. [62J.26] [PAYMENTS FROM INDIVIDUALS.]**

*Subdivision 1. [AUTOMATIC PAYMENTS.] The commissioner shall establish an automatic premium payment system and shall require enrollees not receiving group coverage through an employer to make payments through the automatic system whenever practical. The system may include automatic payment through:*

- (1) automatic bank account debiting;*
- (2) automatic income withholding for employees, modeled after the system used for child support enforcement;*
- (3) automatic collections through the state income tax system, including automatic deductions for employees and estimated payments for self-employed enrollees;*
- (4) automatic deductions from unemployment compensation benefits; or*
- (5) other methods developed by the commissioner.*

*Subd. 2. [MANUAL PAYMENTS.] The commissioner may allow manual payments directly from enrollees to the commissioner for enrollees:*

- (1) making their initial premium payment with their application form;*
- (2) expected to remain on the program for a short period of time; or*
- (3) for whom automatic payments are impractical.*

*Subd. 3. [PAYMENT PERIODS.] Premiums shall be paid on a monthly basis. The commissioner shall encourage enrollees to make premium payments covering longer periods of time whenever practical.*

**Sec. 19. [62J.27] [EMPLOYER ENROLLMENT.]**

UNIVERSAL BASIC BENEFIT PLAN

Sec. 12. [62J.40] [UNIVERSAL BASIC BENEFIT SET.]

*Subdivision 1. [CONTENT OF THE UNIVERSAL BASIC BENEFIT*

SET.] *The universal basic benefit set is a uniform standard of health coverage that will be available to all Minnesotans. The commissioner shall determine the content of the universal basic benefit set, with the advice of the technology and benefits advisory committee. The universal basic benefit set must include:*

*(1) the benefits contained in the intermediate benefit set, including but not limited to full coverage for prenatal care, immunizations, and other preventive care as currently mandated for health maintenance organizations; and*

*(2) all or part of the mandated benefits currently required under chapters 60A, 62A, 62C, 62D, and 62E, as appropriate, based on an analysis of the requirements using the principles stated in article 1, section 7, subdivision 2.*

**Subd. 2. [CONVERSION TO THE UNIVERSAL BASIC BENEFIT SET.]**  
*The following changes will occur on July 1, 1995:*

*(1) the universal basic benefit set will replace the intermediate benefit set as the benefit set made available on a subsidized basis through the state plan;*

*(2) the supplemental benefit set will no longer be available through the state plan;*

*(3) the state plan may make available optional coverage that exceeds the universal basic benefit set;*

*(4) the intermediate benefit set will no longer be available in the private market;*

*(5) the universal basic benefit set will replace the mandated benefits currently required under chapters 60A, 62A, 62C, 62D, and 62E; and*

**Sec. 13. [62J.41] [AVAILABILITY OF INTERMEDIATE BENEFIT SET.]**

**Sec. 14. [62J.42] [MINIMUM INSURANCE BENEFIT SET.]**

*For all health plan companies except those governed by chapter 62D, the minimum insurance benefit set is a number two qualified plan, as defined in section 62E.06, subdivision 2. For the purposes of this requirement, actuarial equivalence must not be used. For health plan companies governed by chapter 62D, the minimum insurance benefit set is the set of benefits required under chapter 62D. Except as provided in section 13, no health coverage may be offered, sold, issued, or renewed to any Minnesota resident or to any group in Minnesota unless the coverage meets or exceeds the requirements of the minimum insurance benefit set.*

**Sec. 15. [62J.43] [SUPPLEMENTAL BENEFIT SET.]**

*The supplemental benefit set includes the benefits commonly included in*

group health coverage offered by health maintenance organizations operating under chapter 62D that are not included in the intermediate benefit set. The commissioner of health care access shall establish, by rule, uniform provisions for the supplemental benefit set. The state plan and health plan companies participating in the state plan must make the supplemental benefit set available as an option to any individual or group covered by the intermediate benefit set. For groups too large to qualify for the intermediate benefit set, the intermediate benefit set combined with the supplemental benefit set will be the only benefit set available through the state plan.

Sec. 16. [EFFECTIVE DATE.]

Sections 1 to 15 are effective on July 1, 1992.

#### RESEARCH AND DATA COLLECTION

Section 1. [62J.44] [HEALTH CARE ANALYSIS UNIT.]

*Subdivision 1. [ESTABLISHMENT.] The commissioner shall establish a health care analysis unit to conduct data and research initiatives in order to improve the efficiency and effectiveness of health care in Minnesota.*

*Subd. 2. [GENERAL DUTIES; IMPLEMENTATION DATE.] The commissioner, through the health care analysis unit, shall:*

*(1) conduct applied research using existing and newly established health care data bases, and promote applications based on existing research;*

*(2) establish the condition-specific data base required under section 2;*

*(4) work closely with health plans and health care providers under contract with the commissioner of health care access to promote improvements in health care efficiency and effectiveness;*

*(6) regularly prepare estimates, specific to Minnesota, of total health service expenditures and sources of payment;*

*(7) participate as a partner or sponsor of private sector initiatives that promote publicly disseminated applied research on health care delivery, outcomes, costs, quality, and management;*

*(8) conduct periodic surveys, including those required by section 4; and*

*(9) provide technical assistance to health plan and health care purchasers, as required by section 5.*

*The commissioner shall begin implementation of these data collection and research initiatives by July 1, 1992.*

*Subd. 3. [CRITERIA FOR UNIT INITIATIVES.] Data and research initiatives by the health care analysis unit must:*

*(1) serve the needs of the general public, public sector health care programs, employers and other purchasers of health care, health care providers, including providers serving large numbers of low-income people, and health*

*plan companies;*

*(2) promote a significantly accelerated pace of publicly disseminated, applied research on health care delivery, outcomes, costs, quality, and management;*

*(3) conduct research and promote health care applications based on scientifically sound and statistically valid methods;*

*(4) be statewide in scope, in order to benefit health care purchasers and providers in all parts of Minnesota and to ensure a broad and representative data base for research, comparisons, and applications;*

*(5) emphasize data that is useful, relevant, and nonredundant of existing data. The initiatives may duplicate existing private activities, if this is necessary to ensure that the data collected will be in the public domain;*

*(6) be structured to minimize the administrative burden on health plans, health care providers, and the health care delivery system; and*

*(7) promote continuous improvement in the efficiency and effectiveness of health care delivery.*

**Subd. 4. [CRITERIA FOR PUBLIC SECTOR HEALTH CARE PROGRAMS.]** *Data and research initiatives related to public sector health care programs must:*

*(1) assist the state's current health care financing and delivery programs, and the state plan, to deliver and purchase health care in a manner that promotes improvements in health care efficiency and effectiveness;*

**Subd. 5. [DATA COLLECTION PROCEDURES.]** *The health care analysis unit shall collect data from health care providers, health plan companies, and individuals in the most cost-effective manner. The unit may require health care providers and health plan companies to collect and provide patient health data, provide mailing lists of patients, and cooperate in other ways with the data collection process. All patient-identifying information is classified as private data. The health care analysis unit may assign, or require health care providers and health plan companies to assign, a unique identification number to each patient to safeguard patient identity.*

**Subd. 6. [DATA IN PUBLIC DOMAIN.]** *Data collected through the research initiatives and activities of the health care analysis unit are classified as public data under section 13.03, except that any patient-identifying information is private data. When appropriate, the unit shall allow health care providers and health plan companies an opportunity to respond to findings prior to public dissemination of data. Initial findings shall be made available to the public by January 1, 1994.*

**Sec. 2. [62J.45] [LARGE-SCALE DATA BASES.]**

*The health care analysis unit shall establish a large-scale data base for*

*a limited number of health conditions. This initiative must meet the following requirements:*

*(1) the data collected must be for specific health conditions, rather than specific procedures, types of health care providers, or services;*

*(2) the data collected must include information on health outcomes, including information on mortality, patient functional status and quality of life, symptoms, and patient satisfaction;*

*(3) the data collected must include information necessary to measure and make adjustments for differences in severity of patient condition across different health care providers, and may include data obtained directly from the patient or from patient medical records;*

*(4) the initiative must emphasize conditions that account for significant total costs, when considering both the frequency of a condition and the unit cost of treatment. The initial emphasis must be on the study of conditions commonly treated in hospitals on an inpatient or outpatient basis, or in freestanding outpatient surgical centers. As improved data collection and evaluation techniques are incorporated, this emphasis shall be expanded to include entire episodes of care for a given condition, whether or not treatment includes use of a hospital or a freestanding outpatient surgical center;*

*(5) the data must be collected in a manner that allows comparisons to be made between providers, health plan companies, public programs, and other entities; and*

*(6) data collection for any one condition must continue for a sufficient time to permit adequate analysis, feedback to providers, and monitoring for changes in practice patterns.*

### Sec. 3. [62J.46] [USE OF EXISTING PUBLIC SECTOR DATA BASES.]

*The health care analysis unit shall use existing public sector data bases, such as those existing for medical assistance and Medicare, to the greatest extent possible. The unit shall establish linkages between existing public sector data bases, and consider and implement methods to streamline public sector data collection in order to reduce public and private sector administrative costs.*

### Sec. 4. [62J.47] [SURVEY RESEARCH.]

*The health care analysis unit shall conduct periodic surveys to accomplish the data and research goals listed in section 1. These surveys shall include, but are not limited to:*

*(1) surveys of enrollee satisfaction with health plans and health care providers;*

*(2) surveys to monitor changes over time in financial and geographic access and sources of health coverage;*

Sec. 5. [62J.48] [TECHNICAL ASSISTANCE FOR PURCHASERS.]

*The health care analysis unit shall provide technical assistance to health plan and health care purchasers. The unit shall collect information about:*

*(1) premiums, benefit levels, managed care procedures, health care outcomes, and other features of popular health plans and health plan companies; and*

*(2) prices, outcomes, provider experience, and other information for services less commonly covered by insurance or for which patients commonly face significant out-of-pocket expenses.*

*The commissioner shall publicize this information in an easily understandable format.*

Sec. 6. [STUDY OF ADMINISTRATIVE COSTS.]

*The health care analysis unit shall study costs and requirements incurred by health plan companies and health care providers that are related to the collection and submission of information to the state and federal government, insurers, and other third parties. The unit shall recommend to the commissioner by January 1, 1993, any reforms that may reduce these costs without compromising the purposes for which the information is collected.*

Sec. 7. [APPROPRIATION.]

*§ . . . . . is appropriated from the general fund to the commissioner of human services to establish a health care analysis unit and implement the initiative required by sections 1 to 6.*

**ARTICLE 6**

**HEALTH COVERAGE; UNDERWRITING AND PREMIUMS;  
REINSURANCE POOL**

**Section 1. [62J.52] [PROVISION OF COVERAGE.]**

*No health plan company may deny an application for health coverage submitted to it by an individual, small group, or medium-sized group, if the health plan company offers, sells, issues, or renews health coverage to entities of the same category as the entity that submitted the application.*

**Sec. 2. [62J.53] [CANCELLATION.]**

*No health plan company may cancel or fail to renew health coverage that it provides to an individual, small group, or medium-sized group, except for nonpayment of a legally permitted premium or copayment, fraud or misrepresentation, noncompliance with plan provisions, or failure to maintain legally permitted participation requirements.*

**Sec. 3. [62J.54] [PREEXISTING CONDITIONS.]**

*Subdivision 1. [BASIC COVERAGE.] No health plan company may limit basic coverage provided to an individual, small group, or medium-sized group on the basis of the past or present health status, disability, health care utilization, occupation, or any other characteristic of any person, except as allowed in this section. Limitations on coverage include, but are not limited to, waiting periods, excluded or restricted conditions or types of coverage, and similar restrictions. For the purposes of this requirement,*

*“basic coverage” means the minimum insurance benefit set or the intermediate benefit set.*

*Subd. 2. [OPTIONAL COVERAGE.] For optional coverage, a health plan company may require a waiting period of up to 12 months for coverage of preexisting health conditions. This waiting period may not be used for optional coverage purchased at the time of an individual's initial enrollment in the state plan or when an individual's or group's optional coverage is substantially similar to coverage currently in force with another health plan company. For the purposes of this requirement, “optional coverage” means any coverage in excess of the minimum insurance benefit set or the intermediate benefit set.*

*Subd. 3. [RECENT ARRIVALS IN MINNESOTA.] A health plan company may require a waiting period of up to 12 months for coverage of preexisting health conditions for persons who recently relocated to the state. The waiting period cannot exceed 12 months from the time the person became a permanent Minnesota resident, except that if the individual or family moved to Minnesota primarily to obtain medical treatment or health coverage for a preexisting condition, the health plan may exclude coverage of that preexisting condition for up to 36 months.*

**Sec. 4. [62J.55] [LEVEL COMMISSIONS.]**

*No health plan company may pay commissions or other compensation to an agent or broker, with respect to the sale of health coverage, unless payment of the commissions is spread evenly over a period of at least five years from the date of purchase of the coverage.*

**Sec. 5. [62J.56] [COMMUNITY RATING REQUIRED.]**

*Subdivision 1. [COMMUNITY RATING.] No health plan company may offer, sell, issue, or renew health coverage to any individual or small group, unless the premium charged for the coverage is community rated. If the health plan company participates in the state plan, the community rate charged in the private market must equal the rate charged in the state plan. For individual and small group health coverage, health plan companies must use the following three rate cells only: (1) one person; (2) a two-person family; and (3) a family of three or more persons.*

*Subd. 2. [LIMITATIONS.] The community rating may not take into account the age, sex, health status, disability, occupation, geographical location, or any other factors except the following:*

*(1) differences in benefit levels;*

*(2) differences in family size, except that family members in excess of three must be disregarded;*

*(3) actual differences in acquisition and administration costs between individuals as a whole and small groups as a whole; and*

*(4) premium reductions of no more than four percent for individuals or small groups that engage in activities or practices intended to promote the health of the covered persons.*

**Sec. 6. [62J.57] [COMPENSATION OF AGENTS.]**

*Subdivision 1. [COMPENSATION; PRIVATE MARKET.] No health plan company shall, with respect to health coverage provided in the private market:*

(1) make the amount of its compensation of an agent, broker, or employee depend in any way, directly or indirectly, upon the loss ratio or any other underwriting performance of health coverage written through the agent, broker, or employee; or

(2) cancel, terminate, or fail to renew an agency, brokerage, or employment contract or arrangement, or reduce or restrict underwriting authority on the basis of the loss ratio, or any other underwriting performance of health coverage written through an agent, broker, or employee.

*Subd. 2. [COMPENSATION; STATE PLAN.] No health plan company shall, with respect to health coverage provided through the state plan, pay agent commissions.*

**Sec. 7. [62J.58] [COMMUNITY RATING; MEDICARE SUPPLEMENTAL.]**

*Health plan companies that sell Medicare supplemental coverage must establish a separate community rate, as described in section 5, for that coverage. The community rate must be the same in the private market as in the state plan, for health plan companies that sell that coverage through the state plan.*

**Sec. 8. [62J.59] [BIASED SELECTION ADJUSTMENT.]**

*Subdivision 1. [REPORT.] Each health plan company must annually provide the commissioner of health care access with a report of the number of males and females that it insured in the individual and small group market for the past calendar year, together with data showing the age distribution of the insureds, separately for males and females. A person insured by that company for only a portion of the year counts on a pro rata basis, based upon the closest whole number of months during which that person was covered. For each age-sex combination, the total cost incurred must be shown. Data must be shown separately for Medicare supplemental coverage and for coverage provided through the state plan and through the private market. The commissioner may also require the report to contain other information necessary to administration of the biased selection adjustment, including but not limited to: (1) coverage levels; (2) reinsurance pool premiums; and (3) managed care activities that affect costs.*

*Subd. 2. [ASSESSMENTS AND PAYMENTS.] Each company must pay an assessment or receive a reimbursement, based upon the extent to which that company's age-sex distribution of insureds differs from the statewide average for the entire individual and small group market. The commissioner of health care access shall adopt rules specifying a procedure for determining the amount of the reimbursement or assessment with respect to individual companies. The rules for determining the amounts of reimbursements to and assessments on individual health plan companies must take into account differences in coverage levels, reinsurance pool premiums, and managed care activities that affect costs. Health plan companies whose inefficient managed care activities result in higher costs must not be compensated for those higher costs by this biased selection adjustment, to the extent possible given the information available to the commissioner about the characteristics and activities of different companies that affect their efficiency.*

*Subd. 3. [TRUST FUND.] Payment of assessments must be made to the commissioner of health care access and maintained in a separate trust fund, out of which the reimbursements required by this section will be paid.*

*Reimbursements will be made only out of this trust fund and only to the extent of assessments received. Any shortfall in assessment payments received result in pro rata adjustments in reimbursements made to health plan companies.*

**Sec. 9. [62J.60] [MEDIUM-SIZED GROUPS.]**

*Each health plan company that offers, sells, issues, or renews health coverage for medium-sized groups in this state must determine a single base community rate for medium-sized groups, to be used both in the private market and in the state plan if the health plan company participates in the state plan. The base community rate may be adjusted to reflect differences in benefit levels or other product differences. Each health plan company participating in the medium-sized group market may offer premium rates to particular medium-sized groups that are no more than 30 percent above and no more than 30 percent below that base community rate. These premium differences may be based upon any underwriting criteria permitted by law. No health plan company may increase the premium it charges to a medium-sized group for which it provides coverage if the increase would exceed the increase in that health plan company's base community rate plus 15 percent per year. Each health plan company must provide the commissioner of commerce with a detailed description of its rating methodology, including actuarial justifications for its base community rate and for premiums that deviate from it, except that health plan companies operating under chapter 62D must provide the descriptions and justifications to the commissioner of health.*

**Sec. 10. [62J.61] [MINIMUM LOSS RATIOS.]**

*All health coverage sold by health plan companies in this state must have loss ratios no lower than those specified by rule by the commissioner of health for health plan companies operating under chapter 62D and by the commissioner of commerce for all other health plan companies. The minimum loss ratios may differ between the individual, small group, medium-sized group, and large group market. The commissioner of commerce and the commissioner of health shall coordinate their efforts to ensure consistency between their respective loss ratio standards. The commissioner of commerce and the commissioner of health shall take action to ensure that loss ratio rules are in force by January 1, 1993, including adoption of emergency rules, if necessary.*

**Sec. 11. [62J.62] [ENFORCEMENT AUTHORITY.]**

*The commissioner of commerce and commissioner of health have the responsibility and authority to enforce sections 1 to 7, 9, 10, and 16, with respect to the health plan companies that they respectively regulate, and have all of the powers otherwise granted to them by statute for use in carrying out their respective responsibilities under this chapter.*

**Sec. 12. [62J.63] [REINSURANCE POOL.]**

*(a) All health plan companies selling health coverage to individuals, small groups, or medium-sized groups in this state, including coverage provided through the state plan, must participate in the Minnesota health reinsurance pool, which the commissioner of health care access shall administer. This reinsurance pool must provide reinsurance to participating health plan companies for:*

*(1) 85 percent of costs incurred for any case, to the extent that the costs*

of care exceed \$30,000;

(2) 85 percent of the cost of cases assigned to the reinsurance pool pursuant to section 15; and

(3) 100 percent of that portion of the costs incurred for any case that exceeds \$100,000.

(b) For the purposes of sections 12 to 15, a "case" qualifies for reinsurance coverage if a specific patient receives \$30,000 or more in covered services for a specific cause or spell of illness in a period of 12 or fewer consecutive months. The reinsurance benefit period continues until the end of 12 consecutive months in which the patient receives less than \$10,000 in covered services for that cause or spell of illness.

Sec. 13. [62J.64] [ASSIGNMENT OF HIGH-RISK CASES.]

The commissioner shall establish procedures to identify cases and medical conditions that involve a high probability that health care costs in excess of \$30,000 will be incurred for a specific cause or spell of illness during a 12-month period. For these cases and conditions, the commissioner may require a determination by a qualified health professional as to whether a particular case is likely to exceed the \$30,000 threshold. If the qualified health professional certifies that the case is likely to exceed the \$30,000 threshold, the commissioner shall assign the case to the reinsurance pool. If the condition exists at the time of initial enrollment, financial responsibility for the case must be assigned to the reinsurance pool by the commissioner upon receipt of a request from the health plan company providing coverage for the person, along with any documentation reasonably required by the commissioner.

Sec. 14. [62J.65] [CASE MANAGEMENT.]

The commissioner of health care access shall contract for case management services designed to provide cost-effective treatment of cases assigned to the reinsurance pool.

Sec. 15. [62J.66] [REINSURANCE POOL PREMIUMS.]

Each health plan company participating in the Minnesota health reinsurance pool must pay premiums for the reinsurance coverage in the amounts and at the times specified by the commissioner of health care access. The reinsurance premiums must be determined on a community-rated basis, except that adjustments may be made to reflect differences in managed care systems.

Sec. 16. [APPROPRIATION.]

“Section 1. [LEGISLATIVE FINDINGS; INTENT.]

*The legislature finds that the number of complaints by school bus drivers regarding violations by motorists of traffic safety laws concerning the boarding and disembarking of children on and from school buses is increasing at an alarming rate; that the number of injuries to school children because of these violations is increasing; that these injuries to children are due to an increasing number of motorists violating these traffic safety laws; that continuing increases in these violations can only result in serious consequences to our children; that not all licensed drivers and law enforcement personnel are thoroughly familiar with the traffic laws enacted for the safety of school children; that increased education of motorists and peace officers will increase compliance with these laws; that cooperative, persistent, and strict enforcement and prosecution of these laws will lead to reduced violations and reduced injuries to school children; and that increased civil and criminal penalties, strictly imposed by the judicial branch, will increase compliance by motorists and reduce injuries to school children.*

*The legislature intends by enacting this act that a thorough knowledge of the traffic safety laws regarding school buses and children be imparted to drivers and law enforcement personnel; that cooperative and diligent efforts by appropriate school personnel, law enforcement, and prosecuting attorneys be exerted to enforce this act; that the judicial branch should consistently and vigorously punish violators with a view to prevent and deter future violations; and that this act be broadly interpreted as public policy to promote, enhance, and protect the safety of our school children.*

Sec. 2. Minnesota Statutes 1990, section 169.01, subdivision 6, is amended to read:

Subd. 6. [SCHOOL BUS.] “School bus” means a motor vehicle used to transport pupils to or from a school defined in section 120.101, or to or from school-related activities, by the school or a school district, or by someone under an agreement with the school or a school district. A school bus includes vehicles used after August 1, 2001, to transport students under Public Law Number 99-425, the Head Start Act. A school bus does not include a motor vehicle transporting children to or from school for which parents or guardians receive direct compensation from a school district, a motor coach operating under charter carrier authority, or a transit bus providing services as defined in section 174.22, subdivision 7. A school bus may be type I, type II, or type III as follows:

(a) A “type I school bus” means a school bus of more than 10,000 pounds gross vehicle weight rating, designed for carrying more than ten persons. [MN Rules, part 3520.3701, subp 1]

(b) A “type II school bus” is a bus with a gross vehicle weight rating of 10,000 pounds or less, designed for carrying more than ten persons. It must be outwardly equipped and identified as a school bus. [MN Rules, part 3520.3701, subp 2]

(c) Type III school buses are restricted to passenger cars, station wagons, vans, and buses having a maximum manufacturer’s rated seating capacity of ten people, including the driver, and a gross vehicle weight rating of 10,000 pounds or less. In this subdivision, “gross vehicle weight rating” means the value specified by the manufacturer as the loaded weight of a single vehicle. A “type III school bus” must not be outwardly equipped and

identified as a school bus. [169.44, subd 15]

Sec. 3. [169.441] [SCHOOL BUS IDENTIFICATION.]

*Subdivision 1. [IDENTIFICATION AND SIGNAL REQUIREMENTS, GENERALLY.] For purposes of sections 169.441 to 169.448, school bus means a motor vehicle that is outwardly equipped and identified as a school bus. A motor vehicle that satisfies the identification requirements of this section and the signal equipment requirements of section 169.442 is considered outwardly equipped and identified as a school bus. [169.44, subd 1a]*

*Subd. 2. [COLOR REQUIREMENTS.] (a) A new school bus must be painted national school bus glossy yellow if it (1) is purchased for delivery after June 1, 1973, (2) is to be used in Minnesota as a school bus, and (3) can seat more than ten people, including the driver.*

*The sign must be removed or covered when the vehicle is being used as other than a school bus. [169.44, subd 3]*

*Subd. 4. ["MN" DESIGNATION IN BUS BODY SERIAL NUMBER.] School bus bodies manufactured after January 1, 1986, and used on streets and highways in Minnesota must bear the designation "MN" in the bus body identification number. The manufacturer of the school bus body certifies by the "MN" designation that the bus body has been manufactured to meet the minimum standards required of school bus bodies by law. A school bus body manufactured before January 2, 1986, that does not bear a current inspection sticker on July 1, 1987, may not be used on streets and highways in Minnesota after July 1, 1987, unless its manufacturer recertifies that the school bus body meets minimum standards required of school bus bodies by law. [169.44, subd 17]*

*Subd. 5. [OPTIONAL MARKINGS; RULES.] A school district or technical college may elect to show on the front and rear of the school buses that it owns or contracts for, a plainly visible, summary message explaining section 169.444, subdivisions 1 and 2. If the school district or technical college elects to display the message, it must conform with the rules of the commissioner of education. The commissioner shall adopt rules governing the size, type, design, display, and content of the summary message that may be shown.*

The lamp may be used only as provided in this subdivision.*

*The strobe lamp must be of a double flash type certified to the commissioner of public safety by the manufacturer as being weatherproof and having a minimum effective light output of 200 candelas as measured by the Blondel-Rey formula. The lamp must be permanently mounted on the longitudinal center line of the bus roof not less than two feet nor more than seven feet forward of the rear roof edge. It must operate from a separate switch containing an indicator lamp to show when the strobe lamp is in use.*

*The strobe lamp may be lighted only when atmospheric conditions or terrain restrict the visibility of school bus lamps and signals so as to require use of the bright strobe lamp to alert motorists to the presence of the school bus. A strobe lamp may not be lighted unless the school bus is actually being used as a school bus. [169.64, subd 7]*

**Sec. 5. [169.443] [SAFETY OF SCHOOL CHILDREN; BUS DRIVER'S DUTIES.]**

*Subdivision 1. [USING BUS SIGNALS.] A driver of a school bus shall activate the prewarning flashing amber signals of the bus before stopping to load or unload school children. Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [268.55] [FOODSHELF ACCOUNT.]

*Subdivision 1. [ESTABLISHMENT.] A foodshelf account is established in the state general fund to receive contributions designated on income tax returns and property tax refund forms. The state treasurer shall credit all interest earned on the money to the account.*

*Subd. 2. [DISTRIBUTION OF MONEY.] The statewide grantee designated by the legislature shall periodically distribute money in the account to qualifying foodshelf programs. A foodshelf program qualifies under this section if it is a nonprofit corporation, or is affiliated with a nonprofit corporation, as defined under section 501(c)(3) of the Internal Revenue Code of 1986, and distributes a standard food order without charge to needy individuals. The standard food order must consist of, at least, a two-day supply or six pounds per person of nutritionally balanced food items. A qualifying foodshelf program may not limit food distributions to individuals of a particular religious affiliation, race, or other criteria unrelated to need or to requirements necessary to administration of a fair and orderly distribution system. A qualifying foodshelf program may not use the money received or the food distribution program to foster or advance religious or political views. A qualifying foodshelf must have a stable address and directly serve individuals in a defined geographic area that is not also served in substantial part by another foodshelf. The statewide grantee shall resolve questions of whether two foodshelves are serving in substantial part the same area.*

*Subd. 3. [APPLICATION.] In order to receive money from the foodshelf account, a program must apply to the statewide grantee. The application must be in a form prescribed by the statewide grantee and must contain information specified by the statewide grantee to verify that the applicant is a qualifying foodshelf program and the amount the applicant is entitled to receive under subdivision 4. Applications must be filed at the times and for the periods determined by the statewide grantee.*

*Subd. 4. [DISTRIBUTION FORMULA.] The statewide grantee shall distribute the foodshelf account money to qualifying foodshelf programs either (1) in proportion to the number of individuals served by the program during the prior period of its operation or (2) in proportion to the share of contributions to the foodshelf account from taxpayers who reside in the geographic service area of the foodshelf. The statewide grantee shall gather*

*data from applications or other appropriate sources to determine the proportionate amount each qualifying program is entitled to receive. The statewide grantee may increase or decrease the qualifying program's proportionate amount if it determines the increase or decrease is necessary or appropriate to meet changing needs or demands.*

*Subd. 5. [USE OF MONEY.] Money distributed to foodshelf programs under this section must be used to provide client services to needy individuals and families. Qualified expenditures include purchases of food or personal care items, expenditures for vouchers for those items, and expenditures for transportation of food. None of the money expended may be used to pay for other expenses, such as rent, salaries, and other administrative expenses. Recipients must retain records documenting expenditure of the money for a three-year period and comply with any additional requirements imposed by the statewide grantee.*

*Subd. 6. [ENFORCEMENT.] The statewide grantee may undertake any reasonable actions, including but not limited to on-site inspections and auditing of accounts and records, to assure that recipients of money under this section comply with the requirements of the law. The statewide grantee may contract with an outside organization to audit or otherwise oversee recipients' use of the money. If ineligible expenditures are made by a recipient, the amount must be repaid to the statewide grantee and deposited in the foodshelf account.*

*Subd. 7. [APPROPRIATION.] (a) The money deposited in the foodshelf account is appropriated to the commissioner of jobs and training, to be awarded to a statewide grantee designated by the legislature, provided the grantee agrees to comply with the requirements in this section, to be distributed to foodshelf programs under this section and for administration of the distribution. None of the money may be retained by the commissioner for administrative expenses or other purposes.*

*(b) For each fiscal year, the statewide grantee may estimate the amounts that will be received during the year by the foodshelf account and may distribute the estimated receipts evenly over the fiscal year even though the contributions are not received until the second half of the year.*

Sec. 2. Minnesota Statutes 1990, section 290.431, is amended to read:

**290.431 [NONGAME WILDLIFE CHECKOFF AND FOODSHELF CHECKOFFS.]**

*Subdivision 1. [CHECKOFF AUTHORIZED.] Every individual who files an income tax return or property tax refund claim form may designate on their original return that \$1 or more shall be added to the tax or deducted from the refund that would otherwise be payable by or to that individual and paid either into an account to be established for the management of nongame wildlife or into the foodshelf account, or both. The commissioner of revenue shall, on the income tax return and the property tax refund claim form, notify filers of their right to designate that a portion of their tax or refund shall be paid into either the nongame wildlife management account or the foodshelf account, or both.*

*Subd. 2. [DEPOSIT OF MONEY.] The sum of the amounts so designated to be paid shall be credited to the nongame wildlife management account for use by the nongame program of the section of wildlife in the department of natural resources and to the foodshelf account established under section 1.*

*Subd. 3. [NONGAME WILDLIFE ACCOUNT.] All interest earned on money accrued in the nongame wildlife management account shall be credited to the account by the state treasurer. The commissioner of natural resources shall submit a work program for each fiscal year and semiannual progress reports to the legislative commission on Minnesota resources in the form determined by the commission. None of the money provided in this section may be expended unless the commission has approved the work program.*

*Subd. 4. [STATE PLEDGE.] The state pledges and agrees with all contributors to the nongame wildlife management account to use the funds contributed solely for the management of nongame wildlife projects and further agrees that it will not impose additional conditions or restrictions that will limit or otherwise restrict the ability of the commissioner of natural resources to use the available funds for the most efficient and effective management of nongame wildlife.*

*The state further pledges that all money given to the foodshelf programs will be used for foodshelf programs for needy people in Minnesota.*

*Subd. 5. [INFORMATION ON SOURCE.] The commissioner shall annually report to the commissioner of jobs and training the amount of the contributions to that account designated on the tax returns of residents of each county.*

*Subd. 6. [LIMITATIONS ON CHECKOFFS.] (a) No more than two tax checkoffs may be included on income tax returns and property tax refund forms for any taxable year.*

*(b) Beginning with the third taxable year when a tax checkoff for contributions for a specific purpose is included on the tax form, if the contributions designated for a tax year equal less than \$300,000, the checkoff program for that purpose will terminate and that checkoff will no longer be included on the income tax returns and property tax refund forms for subsequent years.*

### Sec. 3. [STATEWIDE GRANTEE.]

*The statewide grantee for the fiscal year ending June 30, 1992, and subsequent years until changed by the legislature is the Minnesota foodshelf association.*

### Sec. 4. [EFFECTIVE DATE.]

*Sections 1 to 3 are effective for taxable years beginning after December 31, 1990."*

Referred to the Committee on Rules and Administration.

Mr. Moe, R.D. introduced—

Senate Resolution No. 40: A Senate resolution adopting permanent rules of the Senate.

The Permanent Rules of the Senate for the 77th Legislature shall read as follows:

## **“PERMANENT RULES OF THE SENATE**

### **PARLIAMENTARY REFERENCE**

1. The rules of parliamentary practice comprised in Mason's Manual of Legislative Procedure shall govern the Senate in all cases in which they are applicable, and in which they are not inconsistent with these rules and orders of the Senate and the joint rules and orders of the Senate and House of Representatives.

### **HOUR OF CONVENING**

2. The Senate shall convene on days of meeting at 2 o'clock p.m. unless the Senate directs otherwise.

### **PRESIDENT**

3. The President shall take the chair at the hour to which the Senate adjourned. He shall immediately call the members to order and, on the appearance of a quorum, shall proceed with the regular order of business. He shall preserve order and decorum, may speak on points of order in preference to members, and shall also decide all questions of order, subject to an appeal to the Senate by a member. An appeal is decided by a majority vote of those present and voting. Upon an appeal from the decision of the President, the question is, “Shall the decision of the President be the judgment of the Senate?”

### **SUBSTITUTES FOR THE PRESIDENT**

4. The President may call a member to preside. In the absence of the President the Chair of the Committee on Rules and Administration, or his designee, shall preside over the Senate. In the absence of the President and the Chair, a member may be selected by the Senate to perform the duties of the President. Substitutions do not extend beyond adjournment.

### **ABSENCE OF MEMBERS**

5. No member or officer of the Senate shall be absent from a session of the Senate unless excused by the Senate.

### **DECORUM DURING BUSINESS**

6. When the President puts a question, or addresses the Senate, no one shall walk out of or cross the Chamber. When a member is speaking, no one shall pass between the member speaking and the President. No member, or other person, shall proceed to or remain by the Secretary's desk while the yeas and nays are being called or counted. No member may speak

without using a microphone.

### **ORDER OF BUSINESS**

7. The order of business is as follows:
  1. Petitions, letters, remonstrances.
  2. Executive and official communications.
  3. Messages from the House of Representatives.
  4. First reading of House bills.
  5. Reports of committees.
    - (a) From standing committees.
    - (b) From select committees.
  6. Second reading of Senate bills.
  7. Second reading of House bills.
  8. Motions and Resolutions.
  9. Calendar.
  10. Consent Calendar.
  11. General Orders.
  12. Introduction and first reading of Senate bills.
  13. Announcements of Senate interest.

Under the order of business of Motions and Resolutions the Senate may by a majority vote of the whole Senate temporarily revert or proceed to any other order of business.

### **CALENDAR**

8. The Secretary shall make a Calendar of all bills, resolutions and other matters coming before the Senate for final action. He shall place them on the Calendar in the order in which they have been acted upon in Committee of the Whole. The Calendar shall be printed and placed upon the members' desks at least one calendar day before the matters on it are considered.

### **CONSENT CALENDAR**

9. If a committee determines that a bill it recommends to pass is of a routine nature or otherwise of a nature which likely will not be opposed, it may in its report recommend that the bill be placed on the Consent Calendar. If the report is adopted, the bill shall be printed and placed on the Consent Calendar after its second reading. On the question of adoption of the report the question of accepting the recommendation that the bill be placed on the Consent Calendar may be divided from the question of adopting the report in other respects.

A majority of the whole Senate, or the Chair of the Committee on Rules and Administration, may order a bill on General Orders to be placed on the Consent Calendar.

The Consent Calendar consists of bills placed on it. Senate bills shall be positioned ahead of House bills. The Consent Calendar shall be printed and placed on the members' desks at least one calendar day before the matters on it are considered.

If a member objects to consideration of a bill on the Consent Calendar at any time during its consideration in the Senate before the question on final passage is put, and that objection is supported by at least two other members, the bill shall be referred to the Committee of the Whole, and

shall be placed at the bottom of General Orders subject to Rule 11, except that it need not lie over one calendar day before consideration in the Committee of the Whole.

### **SPECIAL ORDER**

10. The Chair of the Committee on Rules and Administration may designate a special order for a bill that has been given its second reading.

A special order shall provide that the bill be considered immediately, at a time certain, or after specific other business is completed.

During consideration of a special order, Rule 20 is suspended. As nearly as applicable, debate on the bill and all proceedings including amendments and substitutions shall be that of the Committee of the Whole.

On any question a member may call for the yeas and nays which shall be entered in the Journal.

Unless it is otherwise disposed of, after consideration a bill on Special Orders of the Senate shall immediately proceed to its third reading and final passage.

*A bill may not be made a special order if the chief author has declined on three previous occasions to take the bill up after it was designated a special order.*

### **GENERAL ORDERS**

11. The Secretary shall make a list of all bills, resolutions, reports of committees, and other proceedings of the Senate, which are referred to the Committee of the Whole, and which are not made the order of the day, for a particular day, and number them. The lists are called the "General Orders". They shall be taken up in the order in which they are numbered unless otherwise ordered by a majority of the committee.

General Orders, together with all bills included on it required to be printed under the rules or orders of the Senate, shall be printed and placed upon the members' desks at least one calendar day before being considered in Committee of the Whole.

### **MOTIONS**

12. When a motion is made it shall be stated by the President. If it is in writing it shall be handed to the Secretary and read to the members.

13. A motion or amendment shall be written if the President or a member requests. In that case it must identify the member or committee offering it.

14. After a motion is stated by the President, or read by the Secretary, it is in possession of the Senate, but may be withdrawn by the author at any time before decision or amendment.

### **PRECEDENCE OF MOTIONS**

15. When a question is under debate no motion shall be received, except:

1. To adjourn.
2. To recess.

3. To reconsider.
4. To lay on the table.
5. For the previous question.

(Motions numbered 1, 2, 4 and 5 above shall be decided without debate.)

6. To refer.
7. To postpone to a day certain.
8. To amend.
9. To postpone indefinitely.

These several motions have precedence in the foregoing order; but when a motion for the previous question has been seconded, or the main question ordered, a motion to lay on the table is not in order.

A motion to postpone to a day certain, to refer, to postpone indefinitely, or to amend, having been decided, shall not again be put on the same day, nor at the same stage of the bill or proposition.

### **MOTION TO ADJOURN**

16. A motion to adjourn is always in order, and also a motion to adjourn to a time certain. The latter motion is debatable solely as to the time. When either motion is rejected it shall not be renewed until further business has been transacted.

### **AMENDMENTS TO RULES AND SUSPENSION OF RULES**

17. Every proposition to amend a rule of the Senate shall be referred to the Committee on Rules and Administration. The proposition shall not be acted upon until the report of the committee is received by the Senate. A rule shall not be suspended except by at least two-thirds vote of the whole Senate. A motion to suspend the rules for the purpose of advancing a bill shall be made only under the order of business, "Motions and Resolutions".

### **ORDER IN DEBATE**

18. When a member is about to speak in debate, or deliver a matter to the Senate, the member shall rise and respectfully address "Mr. President". The member shall not proceed to speak further until recognized by the President. The member shall speak only to the question under debate and avoid personality. In discussing a resolution, each member is limited to ten minutes.

19. When a member is called to order, he shall be silent until it is determined whether or not he is in order. If a member is called to order for words spoken in debate, the words excepted to shall be taken down in writing by the Secretary immediately.

20. No member shall speak more than twice on the same question on the same day without leave of the Senate.

### **COMMITTEES NOT TO BE ABSENT**

21. Committees shall not be absent from the Senate without permission of the Senate. The names of the members excused shall be printed in the Journal.

### **MEMBERS TO VOTE UNLESS EXCUSED**

22. Every member who is in the Senate Chamber during a roll call shall vote upon the request of another member unless, for special reasons, excused by the Senate.

A motion by a member to be excused from voting shall be made before the question is put. A member wishing to be excused from voting may make a brief statement of the reason for making the request and the question on the motion shall be taken without further debate.

When members have had an opportunity to vote and fail to do so, a majority of all the members of the Senate may, by motion, direct the President to close the roll. The vote on a motion to close the roll shall be taken without debate and no member is required to vote on the motion.

### **CALL OF THE SENATE**

23. A member may impose a call of the Senate requiring the attendance of all members before any further proceedings occur except a motion to adjourn. Upon the imposition of a call, a record of those present shall be obtained upon the request of any member, and the Sergeant at Arms instructed to bring in the absent members. When the Senate has been placed under call, a member may demand that the doors be closed and no member permitted to leave the Chamber until the matter or question, if any, under consideration at the time of the call is disposed of, or until the call is lifted by a majority vote of all the members of the Senate, or until the Senate adjourns. A majority vote of all the members of the Senate may excuse from attendance members not answering the call.

A call cannot be made after voting has commenced.

### **QUESTIONS—HOW STATED AND DECIDED**

24. Questions shall be distinctly put. The President shall declare all votes but if a member rises to question a vote, the President shall order a division.

### **ONLY MEMBERS PRESENT TO VOTE**

25. Upon a division and count of the Senate on a question, only members present in the Senate Chamber shall be counted. No member may vote on a question except at the member's own seat in the Chamber.

### **ANY MEMBER MAY DEMAND YEAS AND NAYS**

26. At any time prior to the start of voting on a question, a member may call for the yeas and nays which shall be entered in the Journal. A call for the yeas and nays cannot be interrupted except as provided in Rule 22.

### **AUTHORIZED ELECTRICAL VOTING DEVICE**

27. Unless otherwise ordered, a vote, except upon elections and upon the overriding of a governor's veto, may be taken by means of the electrical voting system which is under the control of the President.

### **CERTIFICATE FOR MONEY**

28. No certificate authorizing the payment of money appropriated by the Legislature shall be issued by the Secretary by virtue of a motion or resolution, unless the motion or resolution is voted for by a majority of all members of the Senate upon a call of the yeas and nays.

### **THE PREVIOUS QUESTION**

29. Unless the motion for the previous question is made specifically applicable to a subsidiary motion, the previous question shall be in this form:

“Shall the main question now be put?” It shall only be admitted when demanded by a majority of the members present, and its effect is to put an end to all debate, and bring the Senate to a direct vote upon amendments reported by a committee, if any, then upon all pending amendments in their order and then upon the main question.

On a motion for the previous question a call of the Senate is in order before the President submits the question to the Senate.

On a previous question there is no debate. All incidental questions of order, arising after a motion is made for the previous question, and pending the motion, shall be decided, whether on appeal or otherwise, without debate.

### **DIVISION OF QUESTION**

30. A member may call for a division of the question when the question will admit of it. A motion to strike out and insert is indivisible. A motion to strike out being lost does not preclude an amendment nor a motion to strike out and insert.

### **RECONSIDERATION**

31. When a motion or question has been once put and carried in the affirmative or negative, it is in order for a member who voted with the prevailing side to move for reconsideration on the same day on which the vote was taken or within the next two calendar days or, if later, the first day the Senate meets after the vote was taken. The motion takes precedence over all other questions except a motion to adjourn or recess. When a motion to adjourn is adopted prior to the disposition of the motion for reconsideration, a motion for reconsideration shall lie over until the next succeeding day the Senate meets except as provided in this rule. When notice of intention to move reconsideration of the final action of the Senate on a question is given by a member, the Secretary shall retain the subject of the notice until after the expiration of the time during which the motion can be made.

During the six calendar days before the first Tuesday following the third Saturday in May of any year a notice of intention to move for reconsideration is not in order, but a motion to reconsider may be made and have priority over all other business except a motion to adjourn. A motion for reconsideration having been once voted on shall not be put again nor reconsidered.

### INTRODUCTION OF BILLS

32. Bills, memorials, concurrent or joint resolutions may be introduced by a member or by order of the Senate on a report of a committee. An original and three copies are required for introduction. The number of authors shall not exceed five. A member or a committee desiring to introduce a bill, memorial or concurrent or joint resolution shall place it in the hands of the Secretary, and the Secretary shall promptly deliver all the bills, memorials or concurrent or joint resolutions to the President who shall present them to the Senate.

The name of the author or authors shall be prefixed to each bill, memorial or resolution and the name of a committee introducing a bill, memorial or resolution shall be endorsed on it.

### RECESS BILL INTRODUCTIONS

33. During the period between the last day of the session in any odd-numbered year and the first day of the session in the following year, a bill filed with the Secretary for introduction shall be given a file number and may be unofficially referred by the President, with the approval of the Chair of the Committee on Rules and Administration, to an appropriate standing committee of the Senate. All bills filed for introduction during this period shall be presented to the Senate when it reconvenes and shall be referred to the standing committees previously indicated by the President, subject to objection under Rule 35.

### REPORTING OF BILLS

34. Every bill, memorial, order, resolution or vote requiring the approval of the Governor shall be reported to the Senate on three different days previous to its passage. The first report, called the first reading, is made when it has been received for introduction; the second report, called the second reading, is made when it has been considered by all the necessary standing committees and is ready for debate; the third report, called the third reading, is made when it is ready for final passage.

### REFERRING OF BILLS

35. All bills shall be referred by the President without motion to the proper standing committee unless otherwise referred by the Senate. A bill introduced by a committee need not be referred to a standing committee unless a question arises but rather shall lie over one day before being given its second reading. When a question arises concerning the proper reference of a bill during the order of business of first reading on the day of introduction or at the time of report on it by a standing committee to which the bill was previously referred, the bill shall be referred without debate to the Committee on Rules and Administration to report the proper reference, and upon adoption of the report of the Committee on Rules and Administration, it shall be referred accordingly.

All bills appropriating money, or obligating the state to pay or expend money, or establishing a policy which to be effective will require expenditure of money, when referred to and reported by any other than the Committee on Finance, shall, before passage, be referred to the Committee on Finance.

All bills delegating emergency rulemaking to a department or agency of

state government and all bills exempting a department or agency of state government from rulemaking, when referred to and reported by any other than the Committee on Governmental Operations, shall, before passage, be referred to the Committee on Governmental Operations.

36. No bill or resolution shall be referred to committee or amended until it has been given its first reading. No bill or resolution shall be objected to on its introduction.

### **AMENDMENTS TO BE GERMANE**

37. An amendment proposed to the Senate or to the Committee of the Whole that is not germane is out of order. A non-germane amendment includes one that relates to a substantially different subject, or is intended to accomplish a substantially different purpose than that of the original bill to which it is proposed. Whether an amendment is germane is a question to be decided by the President, who may put the question to the body if he chooses.

### **AMENDMENTS TO BILLS**

38. In drawing an amendment to a bill or resolution reference shall be made therein, first to the number of the bill, then to the page, and then to the line or lines from which matter is to be stricken or in which new matter is to be inserted.

### **AMENDMENTS TO TITLE**

39. The title to a bill may be amended at any time during its pendency in the Senate.

### **RECALL FROM COMMITTEE**

40. With the concurrence of the first author of the bill, *before the deadline for committee action on the bill a majority of the Senate and after the deadline for committee action on the bill 60 percent of the Senate may at any time recall a bill from any committee or take a bill from the table and re-refer it to any other committee or place it on General Orders. With the concurrence of the first author of the bill, a majority of the Senate may at any time take a bill from the table and place it on General Orders.*

By a report of the Committee on Rules and Administration adopted by the Senate, the Committee on Rules and Administration, on request of the first author, may remove a bill from committee and re-refer it to any other committee or place it on General Orders.

### **DISTRIBUTION AND PRINTING OF BILLS**

41. To the extent practical the Secretary shall provide a copy of any bill to the public. He may charge a reasonable fee.

Unless otherwise ordered by the Senate, all Senate bills which have been reported upon favorably or without recommendation by a committee shall be printed prior to consideration by the Senate or the Committee of the Whole. A House bill amended by the Senate must be unofficially engrossed and printed when placed on General Orders. A bill may be printed by order of the Secretary when amended after second reading. A bill shall be printed when ordered by a majority vote of the Senate. Action by the Senate on a

bill which has not been printed is a waiver of the printing requirement.

### COMMITTEE OF THE WHOLE

42. All bills, memorials, orders, resolutions and votes requiring the approval of the Governor shall, after a second reading, be considered in Committee of the Whole before they are finally acted upon by the Senate, except as provided for in Rules 9 and 10.

43. The President may call a member to the Chair when the Senate resolves itself into the Committee of the Whole. The rules observed in the Senate govern, as far as practicable, the proceedings of the Committee of the Whole, and the Chair of the Committee of the Whole has the powers of the President, as appropriate. However, a member may speak more than twice on the same subject and a call for the previous question cannot be made. The yeas and nays shall be taken only upon the request of three members, and when taken shall be recorded in the Journal along with the amendment; provided, however, that a member may, with the approval of the Chair of the Committee on Rules and Administration, submit a description of the amendment for printing. In those cases the Secretary shall retain in the minutes of the Committee of the Whole the full text of the amendment.

44. The recommendations of the Committee of the Whole shall be reported to the Senate. If a recommendation contains a proposed amendment of a bill, that amendment shall be noted on a separate piece of paper but when reported need not be read by the President unless required by one or more of the members. The question is on the adoption or rejection of the report, and no other question shall be admitted. The question may be divided to permit separate Senate action on the report as to any bill. On adoption of the report of the Committee of the Whole all bills recommended to pass shall be placed upon the Calendar.

### AMENDMENT ON THIRD READING

45. No amendment is in order on third reading without the unanimous consent of the Senate unless it fills a blank, amends the title as provided by Rule 39, is proposed to the chief author of the bill by the Revisor of Statutes to correct technical defects found by the Revisor while engrossing earlier amendments to the bill, or is proposed to a bill on the Consent Calendar before the bill is given its third reading.

In filling blanks, the largest sum, the longest time and the greatest distance shall be first taken.

### MOTION TO REFER

46. A bill or resolution may be referred to committee at any time prior to its passage, and if an amendment is reported on the referral to any other than the Committee of the Whole, it shall again be read the second time, considered in Committee of the Whole, read the third time and placed on final passage. If the referral is to the Committee of the Whole it shall be placed at the head of General Orders, except when the referral is under Rule 9.

### FINAL PASSAGE

47. The final question upon a bill or other matter requiring action by both Houses after its first and second reading, and after the consideration in Committee of the Whole, is upon its final passage.

### TRANSMITTING OF BILLS TO THE HOUSE

48. Except as provided in Rule 31, immediately after the passage of a bill or other matter in which the concurrence of the House of Representatives is requested, the Secretary shall transmit it to the House. On the concurrence of a bill or other matter of the House by the Senate, or on the concurrence or disagreement in a vote of the House, the Secretary shall notify the House.

### COMPARISON AND SUBSTITUTION OF BILLS

49. Unless there is a motion by the Chair of the Committee on Rules and Administration or objection under Rule 35, a House bill, after its first reading, shall be referred as follows:

(a) If there is no Senate companion bill, the House bill shall be referred to the appropriate standing committee;

(b) If there is a Senate companion bill, the House bill shall be referred to the standing committee possessing the Senate companion;

(c) If the Senate companion bill has been reported to the Senate, the House bill shall be referred to the Committee on Rules and Administration, which shall report whether the House bill is identical to the Senate companion bill. If the bills are identical, the report shall recommend that the House bill be given its second reading and substituted for the Senate companion bill and the Senate companion bill be indefinitely postponed. If the House bill is not identical to the Senate companion bill, the report of the committee shall so state and recommend an amendment to the House bill that when adopted will render the House bill identical to the Senate bill. Upon adoption of a committee report containing the proposed amendment, the House bill as amended shall be given its second reading and substituted for the Senate companion bill and the Senate companion bill shall be indefinitely postponed.

Reports of the Committee on Rules and Administration pursuant to this rule shall be prepared and submitted on behalf of the committee by the Secretary.

A House bill placed on the Calendar by substitution shall not be given its third reading on the same day as the substitution.

### ENGROSSING AND ENROLLING OF BILLS

50. All engrossing and enrolling of bills shall be done at the direction and under authority of the Senate.

Every bill, memorial, order or resolution originating in the Senate shall be carefully engrossed before being transmitted to the House of Representatives for concurrence.

All bills shall be carefully enrolled under the supervision of the Committee on Rules and Administration, which may report to the Senate at any time on the enrollment of bills.

### **DISPOSITION OF BILLS ON ADJOURNMENT**

51. Adjournment of the regular session in an odd-numbered year to a date certain in the following year shall be equivalent to daily adjournment, except that a bill on the Calendar, Consent Calendar, or General Orders shall be returned to the standing committee other than the Committee on Rules and Administration from which it was last reported to the Senate, unless otherwise provided for by motion prior to adjournment. Bills returned to committee pursuant to this rule shall, upon request of the author, be given priority for consideration by the committee ahead of all other bills in the order in which they appeared on the Calendar, Consent Calendar, or General Orders.

### **PETITIONS AND OTHER COMMUNICATIONS**

52. In presenting a petition, memorial, remonstrance or other communication addressed to the Senate, a member shall only state the general purpose of it.

Every petition, memorial, remonstrance, resolution, bill and report of committee, shall have an appropriate title, and the name of the member presenting it written on it.

### **RESOLUTIONS**

53. Memorial resolutions addressed to the President or the Congress of the United States, or a house or member of Congress, or a department or officer of the United States, or a state or foreign government, joint resolutions, and resolutions requiring the signature of the Governor shall follow the same procedure as bills before being adopted.

Upon a member giving notice of intention to debate a resolution not required to follow the same procedure as bills and not offered by the Committee on Rules and Administration, the resolution shall lie over one calendar day without debate or other action. Upon the request of a member, the resolution shall be referred to the proper committee. Whenever a question arises concerning the proper reference the procedure provided by Rule 35 applies.

### **CONFIRMATIONS**

54. Every gubernatorial appointment requiring the advice and consent of the Senate shall be referred by the President to the appropriate committee. If a question arises as to the proper committee, the appointment shall be referred without debate to the Committee on Rules and Administration for a report making the proper reference.

The final question on the appointment is, "Will the Senate, having given its advice, now consent to this appointment?" The question shall not be put the same day the appointment is received or on the day it is reported by committee unless by unanimous consent.

### **SIGNING OF ACTS, RESOLUTIONS**

55. In addition to his duties under Rule 3, the President shall sign all acts, memorials, addresses and resolutions. All writs, warrants and subpoenas issued by the Senate shall be signed by the President and attested

by the Secretary. Upon a finding by the Committee on Rules and Administration that the President refuses or is unable to sign any of the documents described in this rule, the Chair of the Committee on Rules and Administration, or some other member selected by the committee shall assume the duties of the President under this rule until the President is able to sign the documents described or until the Senate elects a new President, whichever occurs first.

### **APPOINTMENT OF COMMITTEES**

56. The majority and minority shall each be represented on all standing committees of the Senate substantially in proportion to their numbers in the Senate. The majority group shall assign the number of positions the minority group will hold on each committee. The minority group shall be given adequate notice about its positions prior to the commencement of the session. Both the majority and minority groups shall appoint their own members to fill the number of positions each group will hold on each committee. The minority group shall transmit notice of its assignments to the majority group within ten calendar days after receipt of the notice of positions available. If the minority group for any reason fails to make its appointments pursuant to this rule, the majority group may make all the committee assignments.

The majority and minority committee assignments are subject to the uniform criteria governing committee assignments applicable to both the majority and minority. The uniform criteria shall be promulgated by the majority group and transmitted to the minority group together with notification of committee positions available to the minority.

Committee assignments as made by the majority and minority groups shall be followed by the Senate in the resolution establishing representation on all Senate standing committees.

After the organization of the Senate, all committees of the Senate and members of commissions to be appointed by the Senate authorized by rule, statute, resolution or otherwise, shall be appointed by the Subcommittee on Committees of the Committee on Rules and Administration, unless otherwise provided, subject to confirmation by the Senate. In the appointment of members of conference committees between the two houses, the Subcommittee on Committees of the Committee on Rules and Administration of the Senate shall appoint those who are in accord with the position of the Senate, and whenever practical, give preference to authors of bills in dispute and to members of standing committees in which the bills were considered.

### **STANDING COMMITTEES**

57. The standing committees of the Senate are as follows:

Agriculture and Rural Development

Commerce

Economic Development and Housing

Education

Elections and Ethics

Employment

Energy and Public Utilities  
Environment and Natural Resources  
Finance  
Gaming Regulation  
Governmental Operations  
Health and Human Services  
Judiciary  
Local Government  
Metropolitan Affairs  
Redistricting  
Rules and Administration  
Taxes and Tax Laws  
Transportation  
Veterans and General Legislation

The Committee on Rules and Administration may constitute a standing Subcommittee on Committees, the report of which within its jurisdiction has the effect of a report of the main Committee on Rules and Administration. The subcommittee shall consist of five members, one of whom shall be a member of the minority group.

Each standing committee of the Senate, including a subcommittee of the committee, is authorized at any time to sit and act, to investigate and take testimony on any matter within its jurisdiction, to report hearings held by it, and to make expenditures as authorized from time to time by the standing Committee on Rules and Administration. A standing committee, but not a subcommittee, may require by subpoena or otherwise the attendance and testimony of witnesses and the production of correspondence, books, papers, and documents, in the manner provided by Minnesota Statutes, Section 3.153.

### COMMITTEE MEETINGS

58. All meetings of the Senate, its committees, *committee divisions*, and subcommittees are open to the public. *A meeting of a caucus of the members of any of those bodies from the same political party need not be open to the public. Notwithstanding Minnesota Statutes, section 3.055, a caucus of the Hennepin county, Ramsey county, or St. Louis county delegation is open to the public. For purposes of this rule, a meeting occurs when a quorum is present and action is taken regarding a matter within the jurisdiction of the body.*

To the extent practical, meetings of all committees shall be announced to the public at least three calendar days prior to convening. The notice shall state the name of the committee, the bill or bills to be considered, the place and time of meeting. The notice shall be posted on all Senate bulletin boards in the Capitol and the State Office Building. A notice shall be sent to the House of Representatives for posting as it deems necessary.

### **QUORUM IN COMMITTEE**

59. A majority of its members constitutes a quorum of a committee.

### **REPORT OF VOTE IN COMMITTEE**

60. Upon the request of a member of a committee or subcommittee to which a bill has been referred, or upon the request of the author of the bill, a record shall be made of the vote on the bill in the committee or subcommittee, including the vote on any amendment or proposed amendment to it, in the committee or subcommittee to which the bill was referred.

Upon request of three members of the committee before the vote is taken, the record of a roll call vote in a standing committee shall accompany the committee report and be printed in the Journal.

### **COMMITTEE ACTION**

61. No report of any committee shall be made to the Senate unless it reports action taken at a regular or special meeting of the committee. A report in violation of this rule is out of order.

### **EMPLOYEES AUTHORIZED IN THE SENATE**

62. The Committee on Rules and Administration shall establish positions, set compensation, appoint employees, and authorize expense reimbursement for employees as it deems proper to carry out the work of the Senate. At the request of any committee member, an action of the committee shall be submitted as a Senate resolution for adoption by the Senate. A roster of all employees of the Senate, including positions and compensation, shall be kept by the Secretary and shall be open for inspection by the public. “Sec. 5. Minnesota Statutes 1990, section 157.03, is amended to read:  
157.03 [LICENSES REQUIRED; FEES.]

Each year every person, firm, or corporation engaged in the business of conducting an hotel, motel, restaurant, lodging house, boarding house, or resort, or place of refreshment, or who shall hereafter engage in conducting any such business, except vending machine operators and grocery and convenience stores licensed under the license provisions of sections 28A.01 to 28A.16, must procure a license for each hotel, motel, restaurant, lodging house, boarding house, or resort, or place of refreshment so conducted. For any hotel, motel, resort, campground, or manufactured home park as defined in section 327.15, in which food, fountain, or bar service is furnished, one license, in addition to the hotel, resort, manufactured home park, or campground license, shall be sufficient for all restaurants and places of refreshment conducted on the same premises and under the same management with the hotel, motel, resort, manufactured home park, or campground. Each license shall expire and be renewed as prescribed by the commissioner pursuant to section 144.122. Any proprietor who operates a place of business after the expiration date without first having made application for a license and without having made payment of the fee thereof shall be deemed to have violated the provisions of this chapter and be subject to prosecution, as provided in this chapter. In addition thereto, a penalty in an amount prescribed by the commissioner pursuant to section 144.122 shall be added to the amount of the license fee and paid by the proprietor, as provided herein, if the application has not reached the office of the state commissioner of health within 30 days following the expiration of license; or, in the case of a new business, 30 days after the opening date of the business. The state commissioner of health shall furnish to any person, firm, or corporation desiring to conduct an hotel, motel, restaurant, lodging house, boarding house, or resort, or place of refreshment an application blank to be filled out by the person, firm, or corporation, for a license therefor, which shall require the applicant to state the full name and address of the owner of the building, structure, or enclosure, the lessee and manager of the hotel, motel, restaurant, lodging house, boarding house, or resort, or place of refreshment, the location of the same, the name under which the business is to be conducted, and any other information as may be required

therein by the state commissioner of health to complete the application for license. The application shall be accompanied by a license fee as hereinafter provided.

For hotels, motels, lodging houses, and resorts, the license fee may be graduated according to the number of sleeping rooms and the amount of the fees shall be prescribed by the state commissioner of health pursuant to section 144.122.

For restaurants, places of refreshment, and boarding houses, the license fee may be based on the average number of employees. If the license fee is so computed, the commissioner shall consider each full-time employee as one employee and each part-time employee as that fraction of one employee as the number of months the employee is employed is to the 12 months of the year. Employees shall include all persons, except children of the licensee under the age of 18, at work in any capacity, either voluntary or paid, and whether or not reported under the labor laws of this state.

If the license fee is based upon the average number of employees, every licensee shall, at the time of application, certify as to the number of employees on forms provided by the state commissioner of health and the state commissioner of health shall have access, on demand, to any and all employment records for purposes of substantiating or correcting numbers of declared employees.

License fees for restaurants, places of refreshment, and boarding houses shall be in an amount prescribed by the state commissioner of health pursuant to section 144.122.

No school, as defined in sections 120.05 and 120.101, may be required to pay a license fee."

[ACCESS TO NONPUBLIC DATA.] The data made nonpublic by this section are accessible to *the physician who attended the decedent at the time of death*, the legal representative of the decedent's estate, and to the decedent's surviving spouse, parents, children, and siblings and their legal representatives.

Sec. 2. Minnesota Statutes 1990, section 383B.225, subdivision 6, is amended to read:

Subd. 6. [INVESTIGATION PROCEDURE.] (a) Upon notification of the death of any person, as provided in subdivision 5, the county medical examiner or a designee may proceed to the body, take charge of it, and order, when necessary, that there be no interference with the body or the scene of death. Any person violating the order of the examiner is guilty of a misdemeanor. The examiner or the examiner's designee shall make inquiry regarding the cause and manner of death and prepare written findings together with the report of death and its circumstances, which shall be filed in the office of the examiner. When it appears that death may have resulted from a criminal act and that further investigation is advisable, a copy of the report shall be transmitted to the county attorney. The examiner may take possession of all property of the deceased, mark it for identification, and make an inventory. The examiner shall take possession of all articles useful in establishing the cause of death, mark them for identification and retain them securely until they are no longer needed for evidence or investigation. The examiner shall release any property or articles needed for any criminal investigation to law enforcement officers conducting the investigation. When a reasonable basis exists for not releasing property or articles to law enforcement officers, the examiner shall consult with the county attorney. If the county attorney determines that a reasonable basis exists for not releasing the property or articles, the examiner may retain them. The property or articles shall be returned immediately upon completion of

the investigation. When the property or articles are no longer needed for the investigation or as evidence, the examiner shall release the property or articles to the person or persons entitled to them. Notwithstanding any other law to the contrary, when personal property of a decedent has come into the possession of the examiner, and is not used for a criminal investigation or as evidence, and has not been otherwise released as provided in this subdivision, the name of the decedent shall be filed with the probate court, together with a copy of the inventory of the decedent's property. At that time, an examination of the records of the probate court shall be made to determine whether a will has been admitted to probate or an administration has been commenced. Property of a nominal value, including wearing apparel, may be released to the spouse or any blood relative of the decedent or to the person accepting financial responsibility for burial of the decedent. If property has not been released by the examiner and no will has been admitted to probate or administration commenced within six months after death, the examiner shall sell the property at a public auction upon notice and in a manner as the probate court may direct. If the name of the decedent is not known, the examiner shall inventory the property of the decedent and after six months may sell the property at a public auction. The examiner shall be allowed reasonable expenses for the care and sale of the property and shall deposit the net proceeds of the sale with the county administrator, or the administrator's designee, in the name of the decedent, if known. If the decedent is not known, the examiner shall establish a means of identifying the property of the decedent with the unknown decedent and shall deposit the net proceeds of the sale with the county administrator, or a designee, so, that, if the unknown decedent's identity is established within six years, the proceeds can be properly distributed. In either case, duplicate receipts shall be provided to the examiner, one of which shall be filed with the court, the other of which shall be retained in the office of the examiner. If a representative shall qualify within six years from the time of deposit, the county administrator, or a designee, shall pay the amount of the deposit to the representative upon order of the court. If no order is made within six years, the proceeds of the sale shall become a part of the general revenue of the county.

The medical examiner shall pay the reasonable costs of copies of records or data provided to the medical examiner under this section. Notwithstanding section 13.83, subdivisions 4 and 8, data collected or created pursuant to this subdivision relating to any psychiatric, psychological, or mental health consultation with, diagnosis of, or treatment of the decedent whose death is being investigated shall remain confidential or protected nonpublic data, except that the medical examiner's report may contain a summary of such data.*

Subd. 7. [REPORTS.] (a) Deaths of the types described in this section must be promptly reported for investigation to the coroner by the law enforcement officer, attending physician, mortician, person in charge of the public institutions referred to in subdivision 1, or other person with knowledge of the death.

#### ALCOHOL AND DRUG ABUSE PREVENTION PROGRAMS

Section 1. [144.401] [ALCOHOL AND DRUG ABUSE PREVENTION PROGRAMS.]

*The commissioner of health shall:*

*(1) conduct a statewide public information program using mass media to educate targeted high risk populations about the consequences of using and abusing alcohol and other drugs;*

*(2) provide training, technical assistance, and administrative and program support to community health boards and Indian reservations to enable them to develop and administer local alcohol and drug abuse prevention*

programs that are coordinated with the statewide public information program;

(3) conduct evaluations of the statewide public information program and local community prevention programs to determine their impact on attitudes, knowledge, and behaviors related to the use and abuse of alcohol and other drugs, using quantitative and qualitative indicators of the progress and success of the programs developed with the assistance of the office of drug policy, and use the information obtained through the evaluations to improve the programs; and

(4) report to the legislature by November of every even-numbered year with a summary and evaluation of the activities conducted under this section.

Sec. 2. [144.405] [COMMUNITY PREVENTION GRANTS.]

**Subdivision 1. [GRANTS MAY BE AWARDED TO COMMUNITY HEALTH BOARDS AND INDIAN RESERVATIONS.]** Within the limits of funding provided by the legislature, the federal government, or public or private grants, the commissioner shall award grants to community health boards and the federally recognized Indian reservations to plan, develop, and implement community alcohol and drug use and abuse prevention programs. To be considered for a grant, a health board or Indian reservation must submit an application to the commissioner of health that includes a description of the planning process used, a description of community needs and existing resources, a description of the program activities to be implemented with grant money, and a list of the agencies and organizations with whom the board or Indian reservation intends to contract.

**Subd. 2. [LOCAL PLANNING REQUIREMENTS.]** To be eligible for a prevention grant, a community health board or Indian reservation must conduct a communitywide planning process that allows full participation of all agencies, organizations, and individuals interested in alcohol and drug use and abuse issues. This process must include at least an assessment of community needs, an inventory of existing resources, identification of prevention program activities that will be implemented, and a description of how the program will work collaboratively with programs in existence. A health board may comply with the planning requirements of this subdivision by expanding the community needs assessment process used to develop its community health plan under section 145A.10, subdivision 5.

**Subd. 3. [USE OF GRANT MONEY.]** Grant money may be used to plan, develop, and implement communitywide primary prevention programs relating to alcohol and other drug use and abuse. Programs may include specific components to address related health risk behaviors involving use of tobacco, poor nutrition, limited exercise or physical activity, and behaviors that create a risk of serious injury. Grantees may contract with other agencies and organizations to implement the program activities identified in the grant application. Special consideration for contracts must be given to local agencies and organizations with previous experience conducting alcohol and other drug prevention programs. Grant money must not be used for alcohol and other drug testing, treatment, or law enforcement activities. Grant money must not be used to supplant or replace funding provided from other sources.

**Subd. 4. [LOCAL MATCH.]** Prevention grant money provided by the commissioner must not exceed 75 percent of the estimated cost of the eligible prevention program activities for the fiscal year for which the grant is

awarded. Local funding of the remainder of the costs may be provided from the sources specified in section 145A.13, subdivision 2, paragraph (a).

*Subd. 5. [FORMULA FOR DISTRIBUTING GRANTS.] The commissioner of health shall set aside that portion of the available prevention program grant money that is identified by the legislature for distribution to Indian reservations. The remaining grant money must be allocated to community health boards as follows:*

*(1) 25 percent must be allocated based on each community health service area's proportion of the total number of counties and individual cities that comprise community health boards in the state;*

*(2) 25 percent must be allocated based on each community health service area's proportion of the total state population;*

[MANDATED BENEFIT.]** "Mandated benefit" means a health plan benefit required by state law to be included in a health plan offered or issued by a health carrier that requires the coverage of or the offer of coverage of specific diseases, conditions, treatments, or services or the direct reimbursement of services rendered by specific types of health care providers.

**Subd. 27. [MCHA.]** "MCHA" means the Minnesota comprehensive health association established under section 62E.10.

**Subd. 28. [MEDICAL NECESSITY.]** "Medical necessity" means the appropriate and necessary medical and hospital services eligible for payment under a health benefit plan as determined by a health carrier.

**Subd. 29. [MEMBERS.]** "Members" means the health carriers operating in the small employer market who are members of the association.

**Subd. 30. [PREEXISTING CONDITION.]** "Preexisting condition" means a condition manifesting in a manner that causes an ordinarily prudent person to seek medical advice, diagnosis, care, or treatment or for which medical advice, diagnosis, care, or treatment was recommended or received during the six months immediately preceding the effective date of coverage, or as to a pregnancy existing as of the effective date of coverage of a health benefit plan.

**Subd. 31. [RATING PERIOD.]** "Rating period" means the calendar period for which premium rates established by a health carrier are assumed to be in effect, as determined by the health carrier.

**Subd. 32. [SMALL EMPLOYER.]** "Small employer" means a person, firm, corporation, partnership, association, or other entity actively engaged in business who, on at least 50 percent of its working days during the preceding calendar year, employed no less than two nor more than 29 eligible employees. If a small employer has only two eligible employees, one employee must not be the spouse, child, sibling, parent, or grandparent of the other. Entities which are eligible to file a combined tax return for purposes of state tax laws are considered a single employer for purposes of determining the number of eligible employees. Small employer status must be determined on an annual basis as of the renewal date of the health benefit plan. The provisions of this chapter continue to apply to an employer who no longer meets the requirements of this definition until the annual renewal date of the employer's health benefit plan.

**Subd. 33. [SMALL EMPLOYER MARKET.]** "Small employer market" means the market for group health benefit plans for small employers. A health carrier is considered to be participating in the small employer market if the health carrier offers, sells, issues, or renews a health plan to a small employer or the eligible employees of a small employer offering a group health benefit plan.

*Subd. 34. [SMALL EMPLOYER PLAN.] "Small employer plan" means a health benefit plan issued by a health carrier to a small employer for coverage of the medical and hospital benefits described in section 4.*

*Subd. 35. [TRANSITION PERIOD.] "Transition period" means January 1, 1993, through December 31, 1993.*

**Sec. 2. [62K.02] [PARTICIPATION REQUIREMENTS.]**

*Subdivision 1. [CARRIER PARTICIPATION.] Every health carrier shall, as a condition of authority to transact business in this state in the small employer market, offer, sell, issue, and renew a health benefit plan to small employers in accordance with this chapter. Beginning with the transition period, every health carrier participating in the small employer market shall make available a health benefit plan to small employers and shall fully comply with the underwriting and rate restrictions specified in this chapter. A health carrier may cease to transact business in the small employer market as provided under section 8.*

*Subd. 2. [EXCEPTION TO CARRIER PARTICIPATION.] A health carrier transacting business in the small employer market shall not be required to offer a health benefit plan to small employers under this chapter if the commissioner finds that the offer would place the health carrier in a financially impaired condition. A health carrier which does not offer a health benefit plan to small employers under this subdivision shall not offer a health benefit plan to small employers for 180 days following a determination by the commissioner that the health carrier has ceased to be in a financially impaired condition.*

*Subd. 3. [EMPLOYER PARTICIPATION.] Health carriers shall require that:*

*(1) 100 percent of a small employer's eligible employees who have not waived coverage participate in a health benefit plan offered, sold, issued, or renewed by the health carrier; and*

*(2) small employers contribute a minimum of 50 percent of the premium charged by the health carrier for coverage of an eligible employee.*

*Subd. 4. [UNDERWRITING RESTRICTIONS.] Health carriers may apply underwriting restrictions to coverage for health benefit plans for small employers, including any preexisting condition limitations, only as expressly permitted by this chapter. Except as authorized for late entrants, preexisting conditions may be excluded by a health carrier for a period not to exceed 12 months from the effective date of coverage of an eligible employee's or dependent's health benefit plan. When calculating a preexisting condition limitation, a health carrier shall credit the time period an eligible employee or dependent was previously covered by another health benefit plan, provided that the individual maintains continuous coverage. Late entrants may be subject to a preexisting condition limitation not to exceed 18 months from the effective date of coverage of the late entrant. Late entrants may also be excluded from coverage for a period not to exceed 18 months, provided that if a health carrier imposes an exclusion from coverage and a preexisting condition limitation, the combined time period for both the coverage exclusion and preexisting condition limitation shall not exceed 18 months.*

*Subd. 5. [CANCELLATIONS.] No health carrier shall cancel, decline to issue, or fail to renew a health benefit plan as a result of the claim experience or health status of the small employer group. A health carrier*

*may cancel, decline to issue, or fail to renew a health benefit plan:*

*(1) for nonpayment of the required premium or contributions toward premiums by the small employer or eligible employee;*

*(2) for fraud or misrepresentation by the small employer, eligible employee, or dependent with respect to their eligibility for coverage or any other material fact;*

*(3) if eligible employee participation during the preceding calendar year declines to less than 100 percent;*

*(4) for failure of an employer to comply with the health carrier's premium contribution requirements;*

*(5) if a health carrier ceases to do business in the small employer market as provided under section 8;*

*(6) for any other reasons or grounds expressly permitted by the respective licensing laws and regulations governing a health carrier, including but not limited to service area restrictions imposed on health maintenance organizations under section 62D.03, subdivision 4, paragraph (m), and insufficient provider network capacity, as determined by the commissioner, to the extent that these grounds are not expressly inconsistent with this chapter.*

*Subd. 6. [MCHA ENROLLEES.] Health carriers shall offer coverage to an eligible employee or dependent enrolled in MCHA at the time of the health carrier's issuance of a health benefit plan to a small employer. MCHA enrollees shall be enrolled in the small employer's health benefit plan as of the first date of renewal of a health benefit plan occurring after January 1, 1993, or, in the case of a new group, as of the initial effective date of the health benefit plan. Unless otherwise permitted by this chapter, health carriers shall not impose any underwriting restrictions, including any preexisting condition limitations on any eligible employee or dependent previously enrolled in MCHA and transferred to a health benefit plan so long as continuous coverage is maintained.*

### Sec. 3. [62K.03] [TRANSITION PERIOD.]

*Subdivision 1. [APPLICABILITY OF CHAPTER REQUIREMENTS.] Beginning with the transition period, health carriers participating in the small employer market shall offer and make available a health benefit plan to small employers who satisfy the small employer participation requirements specified in section 2, subdivision 3, and shall comply with the underwriting, rating, and other requirements specified in sections 2 to 8. Compliance with these requirements is required as of the first renewal date of any small employer group occurring during the transition period. For new small employer business, compliance is required as of the first date of offering occurring during the transition period.*

*Subd. 2. [NEW CARRIERS.] A health carrier entering the small employer market after the transition period shall begin complying with the requirements of this chapter as of the first date of offering of a health benefit plan to a small employer. A health carrier entering the small employer market after the transition period is considered to be a member of the small employer reinsurance association as of the date of the health carrier's initial offer of a health benefit plan to a small employer.*

### Sec. 4. [62K.04] [SMALL EMPLOYER PLAN BENEFITS.]

*Subdivision 1. [BENEFIT DESIGN.] The minimum benefits of a small*

*employer plan must be equal to 80 percent of the cost of health care services covered under the small employer plan, in excess of an annual deductible which may not exceed \$500 per individual and \$1,000 per family. Coinsurance and deductibles do not apply to prenatal services, as defined by section 62A.047, and medical services and supplies provided to children.*

*Out-of-pocket costs for covered services may not exceed \$3,000 per individual and \$6,000 per family per year. The annual maximum benefit is limited to \$75,000 per person. The maximum lifetime benefit shall not be less than \$500,000.*

*Subd. 2. [MINIMUM BENEFITS.] The medical services and supplies listed in this subdivision are the minimum benefits that must be covered by a small employer plan:*

- (1) inpatient and outpatient hospital services;*
- (2) physician services for the diagnosis or treatment of illnesses, injuries, or conditions;*
- (3) diagnostic X-rays and laboratory tests;*
- (4) ground transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition;*
- (5) services of a home health agency if the services qualify as reimbursable services under Medicare and are directed by a physician;*
- (6) services of a private duty registered nurse if medically necessary, as determined by the health carrier;*
- (7) the rental or purchase, as appropriate, of durable medical equipment, other than eyeglasses and hearing aids;*
- (8) child health supervision services up to age 18, as defined in section 62A.047;*
- (9) maternity and prenatal care services as defined in section 62A.047;*
- (10) mental or nervous disorder consultation, diagnosis, and treatment services as defined in section 62A.152, subdivision 2, or sections 62D.102 and 62D.103 and the provision by a health maintenance organization of inpatient treatment for mental and emotional conditions of at least 30 days in each contract year;*
- (11) treatment of alcoholism, chemical dependency, or drug addiction as defined in section 62A.149 or 62D.103 and the provision by a health maintenance organization of treatment for alcohol and other chemical dependency in a licensed residential primary treatment program or hospital for up to the greater of 28 days or a number of days equivalent to 20 percent of the other inpatient hospital care coverage;*
- (12) treatment of emotionally handicapped children in a residential treatment facility as defined in section 62A.151;*
- (13) chiropractic services for the diagnosis or treatment of illnesses, injuries, or conditions within the chiropractic scope of practice as defined in section 148.01. Examination by, or referral from, a medical physician shall not be a condition of receipt of chiropractic care under this subdivision;*
- (14) drugs requiring a physician's prescription, subject to a \$5 copayment; and*

*(15) services provided by a registered nurse as defined in section 62A.15, subdivision 3a.*

*Subd. 3. [ADDITIONAL BENEFITS.] Health carriers may offer small employers additional benefits not listed in this section.*

*Subd. 4. [BENEFIT EXCLUSIONS.] No medical, hospital, or other health care benefits, services, supplies, or articles not expressly specified in subdivision 2 are required to be included in a health benefit plan. Nothing in subdivision 2 restricts the right of a health carrier to restrict coverage to those services which are medically necessary. Health carriers may exclude a benefit, service, supply, or article not expressly specified in subdivision 2 from a health benefit plan.*

*Subd. 5. [CONTINUATION COVERAGE.] Health benefit plans must include only the continuation of coverage provisions required by the Consolidated Omnibus Reconciliation Act of 1981 (COBRA), Public Law Number 99-272, as amended through December 31, 1990.*

*Subd. 6. [DEPENDENT COVERAGE.] Other state law and rules applicable to health plan coverage of newborn infants, dependent children who do not reside with the eligible employee, handicapped children, and dependents and adopted children apply to a health benefit plan.*

*Subd. 7. [MEDICAL EXPENSE REIMBURSEMENT.] Health carriers may reimburse or pay for medical services provided under a health benefit plan in accordance with the health carrier provider's contract requirements including but not limited to salaried arrangements, capitation, the payment of usual and customary charges, fee schedules, discounts from fee-for-service, per diems, diagnostic-related groups (DRGs), and other payment arrangements. Nothing in this chapter requires a health carrier to develop, implement, or change its provider contract requirements for a health benefit plan. Coinsurance, deductibles, out-of-pocket maximums, and maximum lifetime benefits must be calculated and determined in accordance with each health carrier's standard business practices.*

*Subd. 8. [PLAN DESIGN.] Notwithstanding any other law, regulation, or administrative interpretation to the contrary, health carriers may offer a health benefit plan through any provider arrangement, including but not limited to the use of open, closed, or limited provider networks. Health carriers shall use professionally recognized provider standards of practice when they are available, and may use utilization management practices otherwise permitted by law, including but not limited to second surgical opinions, prior authorization, concurrent and retrospective review, referral authorizations, case management and discharge planning. A health carrier may contract with groups of providers with respect to health care services or benefits, and may negotiate with providers regarding the level or method of reimbursement provided for services rendered under a health benefit plan.*

**Sec. 5. [62K.05] [DISCLOSURE OF UNDERWRITING RATING PRACTICES.]**

*When offering or renewing a health benefit plan, health carriers shall disclose in all solicitation and sales materials:*

*(1) the case characteristic factors used to determine initial and renewal rates, including demographics, claim experience, health status, benefit design, industry of the small employer, or duration of issue;*

*(2) the extent to which premium rates for a small employer are established*

*or adjusted based upon actual or expected variation in claim experience;*

*(3) provisions concerning the health carrier's right to change premium rates and the factors other than claim experience that affect changes in premium rates;*

*(4) a description of the class of business in which a small employer is or will be included, including the applicable grouping of plan;*

*(5) provisions relating to renewability of coverage; and*

*(6) the use and effect of any preexisting condition provisions, if permitted.*

**Sec. 6. [62K.06] [SMALL EMPLOYER REQUIREMENTS.]**

*Subdivision 1. [VERIFICATION OF ELIGIBILITY.] Small employers purchasing a health benefit plan shall maintain information verifying the continuing eligibility of the employer, its employees, and their dependents, and shall provide the information to health carriers on a quarterly basis or as reasonably requested by the health carrier.*

*Subd. 2. [WAIVERS.] Small employers participating in a health benefit plan shall maintain written documentation of a waiver of coverage by an eligible employee or dependent and shall provide the documentation to the health carrier upon reasonable request.*

**Sec. 7. [62K.07] [RESTRICTIONS RELATING TO PREMIUM RATES.]**

*Subdivision 1. [RATE RESTRICTIONS.] Premium rates for all health benefit plans sold or issued to small employers are subject to the restrictions specified in subdivisions 2 to 4.*

*Subd. 2. [INDEX RATE.] Between classes of business, the index rate for a rating period for any class of business must not exceed the index rate for any other class of business by more than 20 percent, adjusted pro rata for periods less than one year.*

*Subd. 3. [PREMIUM VARIATIONS.] Within a class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage, or the rates which could be charged to the employers under the rating system for that class of business, are limited to the index rate, plus or minus 30 percent of the index rate, adjusted pro rata for rating periods of less than one year.*

*Subd. 4. [ANNUAL PREMIUM INCREASE.] The percentage increases in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:*

*(1) the percentage change in the index rate measured from the first day of the prior rating period to the first day of the new rating period;*

*(2) an adjustment, not to exceed 15 percent annually and adjusted pro rata for rating periods of less than one year, due to the claims experience, health status, or duration of issue of the eligible employees or dependents of the small employer as determined from the health carrier's rate manual for the class of business; and*

*(3) any adjustment due to change in coverage, demographic composition, or change in the case characteristics of the small employer as determined from the health carrier's rate manual for the class of business.*

*Subd. 5. [TABLE RATING.] The difference between the highest premium*

rate for all rate tables and the lowest premium rate for all rate tables within a class of business for small employers with similar case characteristics is limited to the average premium rate for all rate tables, plus or minus 30 percent, adjusted pro rata for rating periods of less than one year.

**Subd. 6. [INVOLUNTARY TRANSFERS PROHIBITED.]** A health carrier shall not involuntarily transfer a small employer into or out of a class of business. A health carrier shall not offer to transfer a small employer into or out of a class of business unless the offer is made to transfer all small employers in the class of business without regard to case characteristics, age, sex, claim experience, health status, industry of the employer, or duration of issue.

**Sec. 8. [62K.08] [CESSATION OF SMALL EMPLOYER BUSINESS.]**

**Subdivision 1. [NOTICE TO COMMISSIONER.]** A health carrier electing to cease doing business in the small employer market shall notify the commissioner 180 days prior to the effective date of the cessation. The cessation of business does not include the following activities:

(1) the elimination of a class of business by a health carrier so long as other classes of business are maintained;

(2) the failure of a health carrier to offer or issue new business in the small employer market or continue an existing product line, provided that a health carrier does not terminate, cancel, or fail to renew its current small employer business or other product lines; and

(3) the inability of a health maintenance organization to offer or renew a health benefit plan because it has demonstrated to the satisfaction of the commissioner that it will not have the capacity within its service area to adequately deliver services to the enrollees of health benefit plans because of its obligations to existing large group contract holders and enrollees.

**Subd. 2. [NOTICE TO EMPLOYERS.]** A health carrier electing to cease doing business in the small employer market shall provide 120 days' written notice to each small employer covered by a health benefit plan issued by the health carrier. A health carrier that ceases to write new business in the small employer market shall continue to be governed by this chapter with respect to continuing small employer business conducted by the carrier.

**Subd. 3. [REENTRY PROHIBITION.]** A health carrier that ceases to do business in the small employer market after the effective date of this chapter is prohibited from writing new business in the small employer market in this state for a period of five years from the date of notice to the commissioner. This subdivision applies to any health maintenance organization that ceases to do business in the small employer market in one service area with respect to that service area only.

**Sec. 9. [62K.09] [REINSURANCE ASSOCIATION.]**

**Subdivision 1. [NONPROFIT CORPORATION.]** The small employer reinsurance association is a nonprofit corporation.

**Subd. 2. [PURPOSE.]** The association is established to provide for the fair and equitable transfer of risk associated with participation by a health carrier in the small employer market to a private reinsurance pool created and maintained by the association. The participation by a health carrier in the reinsurance pool is voluntary.

**Subd. 3. [TASK FORCE.]** The commissioner shall establish a five-member

*task force to develop the rules of participation in and operating guidelines for the reinsurance pool. Each member of the task force must be representative of the member's respective share in the small employer market during the preceding year. One member must be representative of an insurance company licensed under chapter 60A to offer, sell, or issue a policy of accident or sickness insurance. One member must be representative of a nonprofit health service plan corporation regulated under chapter 62C. One member must be representative of a health maintenance organization regulated under chapter 62D.*

*Subd. 4. [APPOINTMENT.] The commissioner shall appoint the members of the task force no later than June 15, 1991.*

*Subd. 5. [REPORT.] The task force shall report to the appropriate committee chairs on their recommendations for operation of the reinsurance association no later than January 15, 1992. The report must include recommendations regarding the transfer of risk to the association, assessments, board composition, and operation of the association. The report must include recommendations regarding statutory changes necessary for implementation of the reinsurance association by January 1, 1993.*

**Sec. 10. [62K.10] [SUPERVISION BY COMMISSIONER.]**

*Subdivision 1. [REPORTS.] Health carriers doing business in the small employer market shall file by April 1 of each year an annual actuarial opinion with the commissioner certifying that the health carrier is in compliance with the underwriting and rating requirements of this chapter and that the rating methods used by the carrier are actuarially sound. A health carrier shall retain a copy of the opinion at its principal place of business.*

*Subd. 2. [RECORDS.] Health carriers doing business in the small employer market shall maintain at their principal place of business a complete and detailed description of their rating practices, including information and documentation which demonstrate that a health carrier's rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.*

*Subd. 3. [SUBMISSIONS TO COMMISSIONER.] The commissioner may request information and documentation from a health carrier describing its rating practices and renewal underwriting practices, including information and documentation that demonstrates that a health carrier's rating methods and practices are in accordance with sound actuarial principles. Information received by the commissioner under this subdivision is nonpublic data as provided under section 13.37.*

**Sec. 11. [62K.11] [PENALTIES AND ENFORCEMENT.]**

*The commissioner may suspend or revoke a health carrier's license or certificate of authority or impose a civil penalty not to exceed \$25,000 for each violation of this chapter. The action must be by order and subject to the notice, hearing, and appeal procedures specified in section 60A.051. The action of the commissioner is subject to judicial review as provided under chapter 14.*

**Sec. 12. [62K.12] [PROHIBITED PRACTICES.]**

*Subdivision 1. [PROHIBITION ON ISSUANCE OF INDIVIDUAL POLICIES.] Health carriers operating in the small employer market shall not offer, issue, or renew an individual policy, subscriber contract, or certificate to an eligible employee or dependent of a small employer who satisfies the*

*employer participation requirements specified in section 2, subdivision 3, except as permitted in subdivision 2.*

*Subd. 2. [EXCEPTIONS.] (a) Health carriers may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage under section 62D.104 as a result of leaving a health maintenance organization's service area.*

*(b) Health carriers may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage as a result of the expiration of any continuation of group coverage required under sections 62A.146, 62A.17, 62A.21, 62C.142, 62D.101, and 62D.105.*

*Subd. 3. [SALE OF OTHER PRODUCTS.] A health carrier shall not condition the offer, sale, issuance, or renewal of a health benefit plan on the purchase by a small employer of other insurance products offered by the health carrier or a subsidiary or affiliate of the health carrier, including but not limited to life, disability, property, and general liability insurance. This prohibition does not apply to insurance products offered as a supplement to a health maintenance organization plan to provide coverage to enrollees for health care services and supplies received from providers who are not employed by, under contract with, or otherwise affiliated with the health maintenance organization.*

**Sec. 13. [62K.13] [MANDATORY REVIEW OF MANDATED BENEFITS.]**

*Subdivision 1. [APPLICATION.] This section applies to amendments or revisions to the minimum benefits specified in section 4 and to newly enacted, amended, or revised benefits applicable to a health plan.*

*Subd. 2. [EVALUATION PROCESS.] A person, association, or organization seeking consideration of a legislative proposal that would mandate a new, revised, or amended minimum benefit or the offering of a new, revised, or amended minimum benefit by a health carrier in a health plan shall submit to the office of the legislative auditor a report which assesses the social and financial impact of the proposed benefit. The appropriate committee chairs shall also refer all legislative proposals for new health plan benefits or amendments to current health plan benefits to the auditor for review and evaluation.*

*Subd. 3. [EVALUATION CRITERIA.] Upon receipt of a legislative proposal, the auditor shall evaluate the social and financial impact of a proposed change, amendment, revision, or addition to a health plan using the following criteria, to the extent that reliable information is available:*

*(1) the extent to which the treatment or service is utilized by a significant portion of the population;*

*(2) the extent to which health plan coverage is currently generally available without a mandate;*

*(3) if coverage is not generally available, the extent to which lack of coverage results in persons being unable to obtain necessary health care;*

*(4) if coverage is not generally available, the extent to which lack of coverage results in unreasonable financial hardship;*

*(5) the level of public demand for the treatment or for health plan coverage of the treatment;*

*(6) the extent to which health plan coverage would increase or decrease the cost of treatment or service;*

*(7) the extent to which health plan coverage may increase the use of the treatment or service;*

*(8) the extent to which the treatment or service may be a substitute or alternative for a more expensive treatment;*

*(9) the extent to which health plan coverage can reasonably be expected to increase or decrease premiums and the administrative expenses of health carriers; and*

*(10) the impact of the proposed mandate on the total cost of health care.*

*The legislative auditor may request the appropriate committee chairs to prioritize the proposals referenced under this section to enable the legislative auditor to evaluate them in order of importance.*

*Subd. 4. [QUALIFIED EXPERTS.] The legislative auditor may contract with qualified experts in the disciplines of biostatistics, epidemiology, health economics, medicine, underwriting, actuarial science, and health sciences research to review the social and financial impact of proposed mandates. Qualified experts under contract to the auditor shall provide a written report of their analysis. The qualified experts shall evaluate the social and financial impact of the proposed mandate using the criteria stated in subdivision 3.*

*Subd. 5. [PUBLIC COMMENT.] The auditor shall publish in the State Register a description of the proposed change in mandated benefits and a notice soliciting public comment on the proposal. The auditor shall receive written public comments from interested persons for 30 days from the date of publication in the State Register. All data or comments submitted to the auditor are public data, unless the provider of the data requests that it be held as trade secret information and maintained as nonpublic data, as defined by section 13.02, subdivision 9. All public comments submitted to the auditor must, to the extent feasible, address the criteria stated in subdivision 3 and must be forwarded to any qualified experts retained by the auditor.*

*Subd. 6. [AUDITOR'S DUTIES.] The auditor shall review reports received from qualified experts and public comments. The auditor shall issue a recommendation in the form of a written report which incorporates the reports of qualified experts and public comments. The report must be issued no later than 120 days after the date of submission under subdivision 2. The auditor shall forward this recommendation to the appropriate committee chairs, the speaker of the house, and the majority leader of the senate.*

**Sec. 14. [APPROPRIATION.]**

*§ . . . . . is appropriated from the general fund to the office of the legislative auditor for purposes of carrying out the auditor's duties under this chapter.*

**Sec. 15. [EFFECTIVE DATES.]**

*Sections 1 and 9 are effective the day following final enactment. The remaining sections are effective January 1, 1993.*

## ARTICLE 2

*The commissioner of health and the commissioner of commerce shall develop a plan for the functional division of regulatory authority over health plans. This plan must be presented to the appropriate committee chairs by November 1, 1991. The plan must provide the commissioner of commerce with primary authority for regulating the financial integrity and corporate structure of health carriers and must provide the commissioner of health with primary authority for regulating health care delivery and health care quality. The functional division of regulatory authority by the departments must begin no later than April 1, 1992."*

Subdivision 1. [POLICY REQUIREMENTS.] No individual or group policy, certificate, subscriber contract or other evidence of accident and health insurance, *the effect or purpose of which is to supplement Medicare coverage*, issued or delivered in this state or offered to a resident of this state shall be sold or issued to an individual age 65 or older covered by Medicare unless the following requirements are met:

(a) The policy must provide a minimum of the coverage set out in subdivision 2;

(b) The policy must cover preexisting conditions during the first six months of coverage if the insured was not diagnosed or treated for the particular condition during the 90 days immediately preceding the effective date of coverage;

(c) The policy must contain a provision that the plan will not be canceled or nonrenewed on the grounds of the deterioration of health of the insured;

(d) Before the policy is sold or issued, an offer of both categories of Medicare supplement insurance has been made to the individual, together with an explanation of both coverages; ~~and~~

(e) An outline of coverage as provided in section 62A.39 must be delivered at the time of application and prior to payment of any premium;

*(f)(1) The policy must provide that benefits and premiums under the policy shall be suspended at the request of the policyholder for the period, not to exceed 24 months, in which the policyholder has applied for and is determined to be entitled to medical assistance under title XIX of the Social Security Act, but only if the policyholder notifies the issuer of the policy within 90 days after the date the individual becomes entitled to the assistance.*

*(2) If suspension occurs and if the policyholder or certificate holder loses entitlement to medical assistance, the policy is automatically reinstated (effective as of the date of termination of the entitlement) as of the termination of the entitlement, if the policyholder provides notice of loss of the entitlement within 90 days after the date of the loss.*

*(3) The policy which is reinstated (i) may not provide for any waiting period with respect to treatment of preexisting conditions, (ii) provides for coverage which is substantially equivalent to coverage in effect before the*

date of the termination, and (iii) provides for classification of premiums on which terms are at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had coverage never terminated;

(g) The written statement required by an application for Medicare supplement insurance under section 62A.43, subdivision 1, shall be made on a form approved by the commissioner that states that counseling services may be available in the state to provide advice concerning the purchase of Medicare supplement policies and enrollment under the Medicaid program;

(h) The policy guarantees renewability;

(i)(1) No insurer may deny or condition the issuance or effectiveness of a Medicaid supplement policy, or discriminate in the pricing of the policy, because of the health status, claims experience, receipt of health care, or medical condition for which an application is submitted during the six-month period beginning with the first month in which an individual first enrolled for benefits under part B of Medicare.

(2) Subject to clause (3), clause (1) shall not be construed as preventing the exclusion of benefits under a policy, during the first six months, based on a preexisting condition for which the policyholder received treatment or was otherwise diagnosed during the 90 days before it became effective.

(3) If a Medicare supplement policy or certificate replaces another policy or certificate which has been in effect for six months or longer, the replacing policy may not provide any time period applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods in the new policy or certificate for similar benefits;

(j) If a Medicare supplement policy replaces another Medicare supplement policy, the issuer of the replacing policy shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods in the new Medicare supplement policy for similar benefits to the extent the time was spent under the original policy; and

If the data submitted does not confirm that the insurer has satisfied the loss ratio requirements of this section, the commissioner shall notify the insurer in writing of the deficiency. The insurer shall have 30 days from the date of the commissioner’s notice to file amended rates that comply with this section. If the insurer fails to file amended rates within the prescribed time, the commissioner shall order that the insurer’s filed rates for the nonconforming

policy be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The insurer's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the insurer from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data *as to premiums and loss ratios for the previous three years* available to the public at a cost not to exceed the cost of copying. *The commissioner shall provide the public with copies of the policies to which the loss ratios and premiums apply.* The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

Sec. 4. Minnesota Statutes 1990, section 62A.43, subdivision 1, is amended to read:

Subdivision 1. [DUPLICATE COVERAGE PROHIBITED.] No agent shall sell a Medicare supplement plan, as defined in section 62A.31, to a person who currently has one plan in effect; however, an agent may sell a replacement plan in accordance with section 62A.40, provided that the second plan is not made effective any sooner than necessary to provide continuous benefits for preexisting conditions. Every application for Medicare supplement insurance shall require a *written statement signed by the applicant listing ~~of~~ all health and accident insurance maintained by the applicant as of the date the application is taken and stating if the applicant is entitled to any medical assistance. The written statement must be accompanied by a written acknowledgment, signed by the seller of the policy, of the request for and receipt of the statement.*

S.F. No. 241: A bill for an act relating to commerce; motor vehicle sales and distribution; regulating franchises; proscribing certain acts; providing remedies; amending Minnesota Statutes 1990, sections 80E.03, subdivision 2; 80E.04, subdivision 1; 80E.05; 80E.06, subdivision 2; 80E.07, subdivision 1; 80E.12; 80E.13; and 80E.14, by adding subdivisions.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1990, section 80E.04, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENTS.] Each new motor vehicle manufacturer shall specify in writing to each of its new motor vehicle dealers licensed in this state the dealer's obligations for preparation, delivery, and warranty service on its products. The manufacturer shall also compensate the new

motor vehicle dealer for warranty service and parts required of the dealer by the manufacturer, and shall provide the dealer the schedule of compensation to be paid the dealer for parts, work, and service in connection with warranty services, and the time allowance for the performance of the work and service. *This section applies to all repair services performed by the dealer for the manufacturer or with the approval of the manufacturer and for which the dealer receives compensation or reimbursement from the manufacturer.*

Sec. 2. Minnesota Statutes 1990, section 80E.04, is amended by adding a subdivision to read:

*Subd. 6. For purposes of this section, the terms "manufacturer" and "dealer" include manufacturers and distributors of motor vehicle engines and their dealers.*

Sec. 3. Minnesota Statutes 1990, section 80E.05, is amended to read:  
80E.05 [INDEMNIFICATION REQUIRED.]

Notwithstanding the terms of any franchise agreement to the contrary, it shall be a violation of sections 80E.01 to 80E.17 for any new motor vehicle manufacturer to fail to indemnify and hold harmless its franchised dealers against any judgment for damages, including, but not limited to, those based on strict liability, negligence, misrepresentation, warranty (express or implied), or revocation of acceptance as is defined in section 336.2-608, where the complaint, claim, or lawsuit relates ~~solely~~ to the alleged defective or negligent manufacture, assembly, or design of new motor vehicles, parts or accessories or other functions by the manufacturer, beyond the control of the dealer. *Indemnification under this section must include court costs, reasonable attorney fees, and expert witness fees incurred by the motor vehicle dealer.*

Sec. 4. Minnesota Statutes 1990, section 80E.06, subdivision 2, is amended to read:

Subd. 2. [CIRCUMSTANCES CONSTITUTING GOOD CAUSE.] Notwithstanding the terms of any franchise agreement or waiver to the contrary, good cause exists for the purposes of a termination, cancellation, or non-renewal, when the new motor vehicle dealer fails to comply with a provision of the franchise which is both reasonable and of material significance to the franchise relationship; provided, that the dealer has been notified in writing of the failure within 180 days after the manufacturer first acquired knowledge of the failure.

If failure by the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales or service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer; provided, that the new motor vehicle dealer was apprised by the manufacturer in writing of the failure; the notification stated that notice was provided for failure of performance pursuant to sections 80E.01 to 80E.17; the new motor vehicle dealer was afforded a reasonable opportunity in no event less than six months to comply with the criteria; and the dealer did not demonstrate substantial progress toward compliance with the manufacturer's performance criteria during the period.

*To rebut allegations of good cause for a proposed termination, a dealer may present evidence including, but not limited to, a showing that the*

*grounds for termination resulted from acts or circumstances beyond the control of the dealer and which were communicated to the manufacturer, or that in evaluating the dealer's compliance with reasonable sales criteria, the manufacturer failed to consider the dealer's sales of factory program vehicles. For the purposes of this subdivision, "factory program vehicle" means a vehicle of the current model year offered for sale and resold by the manufacturer directly or at a factory sponsored or authorized auction and purchased by a dealer holding a current franchise from the manufacturer for that same line make.*

Sec. 5. Minnesota Statutes 1990, section 80E.12, is amended to read:

**80E.12 [UNLAWFUL ACTS BY MANUFACTURERS, DISTRIBUTORS, OR FACTORY BRANCHES.]**

It shall be unlawful for any manufacturer, distributor, or factory branch to require a new motor vehicle dealer to do any of the following:

(a) order or accept delivery of any new motor vehicle, part or accessory thereof, equipment, or any other commodity not required by law which has not been voluntarily ordered by the new motor vehicle dealer, *provided that this paragraph does not modify or supersede reasonable provisions of the franchise requiring the dealer to market a representative line of the new motor vehicles the manufacturer or distributor is publicly advertising;*

(b) order or accept delivery of any new motor vehicle, part or accessory thereof, equipment, or any other commodity not required by law in order for the dealer to obtain delivery of any other motor vehicle ordered by the dealer ~~or to qualify for or participate in any rebate, refund, or similar program offered by the manufacturer;~~

(c) order or accept delivery of any new motor vehicle with special features, accessories, or equipment not included in the list price of the motor vehicles as publicly advertised by the manufacturer or distributor;

(d) participate monetarily in an advertising campaign or contest, or to purchase any promotional materials, showroom, or other display decorations or materials at the expense of the new motor vehicle dealer;

(e) enter into any agreement with the manufacturer or to do any other act prejudicial to the new motor vehicle dealer by threatening to cancel a franchise or any contractual agreement existing between the dealer and the manufacturer. Notice in good faith to any dealer of the dealer's violation of any terms of the franchise agreement shall not constitute a violation of sections 80E.01 to 80E.17;

(f) change the capital structure of the new motor vehicle dealer or the means by or through which the dealer finances the operation of the dealership; provided, that the new motor vehicle dealer at all times meets any reasonable capital standards agreed to by the dealer; and also provided, that no change in the capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor as provided in section 80E.13, paragraph (j);

(g) prevent or attempt to prevent, by contract or otherwise, any motor vehicle dealer from changing the executive management control of the new motor vehicle dealer unless the franchisor proves that the change of executive management will result in executive management control by a person who is not of good moral character or who does not meet the franchisor's existing

reasonable capital standards and, with consideration given to the volume of sales and services of the new motor vehicle dealer, uniformly applied minimum business experience standards in the market area; provided, that where the manufacturer, distributor, or factory branch rejects a proposed change in executive management control, the manufacturer, distributor, or factory branch shall give written notice of its reasons to the dealer;

(h) refrain from participation in the management of, investment in, or the acquisition of, any other line of new motor vehicle or related products; provided, however, that this clause does not apply unless the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, and that the new motor vehicle dealer remains in substantial compliance with the terms and conditions of the franchise and with any reasonable facilities requirements of the manufacturer;

(i) during the course of the agreement, change the location of the new motor vehicle dealership or make any substantial alterations to the dealership premises during the course of the agreement, when to do so would be unreasonable; or

(j) prospectively assent to a release, assignment, novation, waiver, or estoppel whereby a dealer relinquishes any rights under sections 80E.01 to 80E.17, or which would relieve any person from liability imposed by sections 80E.01 to 80E.17 or to require any controversy between a new motor vehicle dealer and a manufacturer, distributor, or factory branch to be referred to any person or tribunal other than the duly constituted courts of this state or the United States, if the referral would be binding upon the new motor vehicle dealer.

Sec. 6. Minnesota Statutes 1990, section 80E.13, is amended to read:

**80E.13 [UNFAIR PRACTICES BY MANUFACTURERS, DISTRIBUTORS, FACTORY BRANCHES.]**

It is unlawful and an unfair practice for a manufacturer, distributor, or factory branch to engage in any of the following practices:

(a) To delay, refuse, or fail to deliver new motor vehicles or new motor vehicle parts or accessories in reasonable time and in reasonable quantity relative to the new motor vehicle dealer's facilities and sales potential in the dealer's relevant market area, after having accepted an order from a new motor vehicle dealer having a franchise for the retail sale of any new motor vehicle sold or distributed by the manufacturer or distributor, if the new motor vehicle or new motor vehicle parts or accessories are publicly advertised as being available for delivery or actually being delivered. This clause is not violated, however, if the failure is caused by acts or causes beyond the control of the manufacturer;

(b) To refuse to disclose to any new motor vehicle dealer handling the same line make, the manner and mode of distribution of that line make within the relevant market area;

(c) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and the other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to, the new motor vehicle dealer;

(d) To increase prices of new motor vehicles which the new motor vehicle dealer had ordered for private retail consumers prior to the dealer's receiving

The commissioner may make grants, or a combination of grants and loans for a project that will serve either or both of the purposes in section 2, subdivision 1, clauses (1) and (2), and that will enhance economic development in and around the commercial navigation facility being assisted.*

*Subd. 3. [STATE PARTICIPATION; LIMITATIONS.] The commissioner shall not provide assistance under this chapter in an amount that exceeds 50 percent of the non-federal share of any project. Assistance provided under this chapter may not be used to match any other state funds. The commissioner shall not assume continuing funding responsibility for any commercial navigation facility project.*

**Sec. 4. [ASSISTANCE AGREEMENTS.]**

*Subdivision 1. [AGREEMENTS REQUIRED.] The commissioner and an eligible recipient shall enter into an assistance agreement that specifies the project costs that will be paid with assistance under this chapter.*

*Subd. 2. [COSTS.] (a) The following costs are eligible for assistance:*

*(1) final engineering costs on a commercial navigation facility project;*

(2) capital improvements to a commercial navigation facility; and  
 (3) costs of dredging necessary to open a new commercial navigation facility project or to dispose of dredged material.

(b) The following costs are ineligible for assistance:

*Subd. 4. [PERFORMANCE AND PAYMENT BONDS.] A recipient must provide evidence of performance and payment bonds, satisfying all applicable legal requirements for the full amount of any and all construction contracts let in connection with the project.*

*Subd. 5. [REPAYMENT.] An assistance agreement must require the recipient to repay all or part of any assistance received, in an amount determined by the commissioner, if the project for which the assistance is provided is not completed according to the terms of the assistance agreement, or is converted, during the period of time specified in the assistance agreement, to a use that is inconsistent with the purposes of this chapter, or inconsistent with the terms of the assistance agreement, or not approved in writing by the commissioner.*

#### ARTICLE 4

#### LOCAL HIGHWAYS

**Section 1. [162.021] [NATURAL PRESERVATION ROUTES.]**

*Subdivision 1. [ESTABLISHMENT.] (a) The commissioner shall establish a natural preservation routes category within the county state-aid highway system.*

*(b) Natural preservation routes include those routes that possess particular scenic, environmental, or historical characteristics, such as routes along lakes or through forests, wetlands, or flood plains, that would be harmed by construction or reconstruction meeting the engineering standards under section 162.07 or the rules adopted under that section.*

*(c) The commissioner shall adopt rules establishing minimum construction and reconstruction standards that recognize public safety and reflect the function, reduced traffic volume, and slower speed on natural preservation routes. The rules may not establish standards for natural preservation routes that are higher than the standards for national forest highways within national forests and state park access roads within state parks. Design standards specifying the width of vehicle recovery areas on forest highways, forest and park roads, and on natural preservation routes must be reduced to minimize environmental impact.*

*Subd. 2. [SIGNS.] Signs must be posted at entry points to and at regular intervals along natural preservation routes. Signs posted must conform to the commissioner's manual of uniform traffic devices. Properly posted signs are prima facie evidence that adequate notice of a natural preservation route has been given to the motoring public.*

*Subd. 3. [LIABILITY.] Where a county state-aid highway has been designated a natural preservation route and signs have been posted under subdivision 2, the state and the county with jurisdiction over the road and their officers and employees are exempt from liability for any tort claim for injury to persons or property arising from travel on the highway and related to its design standards for construction or reconstruction.*

*Subd. 4. [PUBLIC INFORMATION.] A county proposing a project on a county state-aid highway that requires removal of the entire surface of the highway shall send to owners of property abutting the highway a written notice that describes the project and different design and construction alternatives available to the county. The county shall hold a public meeting to discuss design and construction alternatives.*

*Subd. 5. [DESIGNATION OF ROUTE.] A county state-aid highway may be designated as a natural preservation route only by resolution of the*

county board.

Sec. 2. [160.82] [STREETS AND HIGHWAYS WITHIN PARKS.]

*Subdivision 1. [DEFINITION.] "Park road" means that portion of a street or highway located entirely within the park boundaries of or abutting a city, county, regional, or state park.*

*Subd. 2. [RESTRICTIONS.] A road authority may not make any changes in the width, grade, or alignment of a park road, other than a county state-aid highway or municipal state-aid street, that would affect the wildlife habitat or aesthetic characteristics of the park road or its adjacent vegetation or terrain, other than changes required to permit the safe travel of vehicles at the speed lawfully designated for that park road. A road authority may not make any changes in the width, grade, or alignment of a park road that is a county state-aid highway or municipal state-aid street that would affect the wildlife habitat or aesthetic characteristics of the park road or its adjacent vegetation or terrain, other than changes required by the minimum state-aid standard applicable to that road.*

*Subd. 3. [LIABILITY.] A road authority making changes in a park road described in subdivision 1, and its officers and employees, are exempt from liability for any tort claim for injury to persons or property arising from travel on that park road and related to the design of that park road, where the design has been adopted to conform to this section.*

Sec. 3. [160.83] [RUSTIC ROADS PROGRAM.]

*Subdivision 1. [DESIGNATION.] A road authority other than the commissioner may, by resolution, designate a road or highway under its jurisdiction as a rustic road. A rustic road must have the characteristics of outstanding natural features or rustic or scenic beauty; a daily traffic volume of less than 150 vehicles per day; year-round use as a local access road; and maximum allowable speed of 45 miles per hour.*

*Subd. 2. [LOCAL AUTHORITY.] The road authority has the same authority over rustic roads as over other highways and roads under its jurisdiction. The road authority may designate the type and character of vehicles that may be operated on the rustic road; designate a rustic road or portion of the road as a pedestrian way or bicycle way, or both; and establish priority of right-of-way, paint lines, and construct dividers to physically separate vehicular, bicycle, or pedestrian traffic.*

*Subd. 3. [JOINT DESIGNATION.] Two or more road authorities may jointly designate a rustic road along a common boundary or into or through their jurisdictions. The road authorities may enter into agreements to divide the costs and responsibility for maintaining the rustic road.*

*Subd. 4. [COSTS.] A rustic road must be maintained by the road authority having jurisdiction over the road and is not eligible for state-aid funding. State money must not be spent to construct, reconstruct, maintain, or improve a rustic road, except that the commissioner shall pay from the transportation services fund the costs of publishing a map of rustic roads within the state and installing and maintaining signs designating rustic roads.*

Sec. 4. [161.361] [ADVANCE FUNDING FOR TRUNK HIGHWAY PROJECTS.]

*Subdivision 1. [ADVANCE FUNDING.] A road authority other than the commissioner may by agreement with the commissioner make advances from*

any available funds to the commissioner to expedite construction of all or part of a trunk highway. Money may be advanced under this section only for projects already included in the commissioner's highway work program.

*Subd. 2. [REPAYMENT.] Subject to the availability of state money, the commissioner shall repay without interest the amount advanced under subdivision 1, up to the state's share of project costs, at the time the project is scheduled for completion in the highway work program. The total amount of annual repayment to road authorities under this section must never exceed the amount stated in the department's debt management policy or \$10 million, whichever is less.*

Sec. 5. Minnesota Statutes 1990, section 162.02, subdivision 3a, is amended to read:

**Subd. 3a. [VARIANCES, RULES AND ENGINEERING STANDARDS.]** The commissioner may grant variances from the rules and from the engineering standards developed pursuant to section 162.021 or 162.07, subdivision 2. A political subdivision in which a county state-aid highway is located or is proposed to be located may submit a written request to the commissioner for a variance for that highway. The commissioner shall publish notice of the request in the state register and give notice to all persons known to the commissioner to have an interest in the matter. The commissioner may grant or deny the variance within 30 days of providing notice of the request. If a written objection to the request is received within 20 days of providing notice, the variance shall be granted or denied only after a contested case hearing has been held on the request. If no timely objection is received and the variance is denied without hearing, the political subdivision may request, within 30 days of receiving notice of denial, and shall be granted a contested case hearing. *For purposes of this subdivision, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park authority.*

Sec. 6. Minnesota Statutes 1990, section 162.09, subdivision 3a, is amended to read:

**Subd. 3a. [VARIANCES, RULES AND ENGINEERING STANDARDS.]** The commissioner may grant variances from the rules and from the engineering standards developed pursuant to section 162.13, subdivision 2. A political subdivision in which a municipal state-aid street is located or is proposed to be located may submit a written request to the commissioner for a variance for that street. The commissioner shall publish notice of the request in the state register and give notice to all persons known to the commissioner to have an interest in the matter. The commissioner may grant or deny the variance within 30 days of providing notice of the request. If a written objection to the request is received within 20 days of providing notice, the variance shall be granted or denied only after a contested case hearing has been held on the request. If no timely objection is received and the variance is denied without hearing, the political subdivision may request, within 30 days of receiving notice of denial, and shall be granted a contested case hearing. *For purposes of this subdivision, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park authority.*

Sec. 7. Minnesota Statutes 1990, section 162.14, subdivision 6, is amended to read:

**Subd. 6. [ADVANCES.]** Any such city, except cities of the first class,

may make advances from any funds available to it for the purpose of expediting the construction, reconstruction, improvement, or maintenance of its municipal state-aid street system; provided that such advances shall not exceed ~~40 percent of its last apportionment~~ *the city's total estimated apportionment for the three years following the year the advance is made.* Advances made by any such city shall be repaid out of subsequent apportionments made to such city in accordance with the commissioner's rules.

Sec. 8. Minnesota Statutes 1990, section 169.14, is amended by adding a subdivision to read:

*Subd. 5e. [SPEED LIMIT ON PARK ROADS.] A local authority may establish a speed limit on a park road within the local authority's boundaries except that a speed limit on a park road located entirely within a regional park may only be established by a county. A speed limit established under this subdivision must not be lower than 20 miles per hour, and no speed limit established under this subdivision may reduce existing speed limits by more than 15 miles per hour. A speed limit established under this subdivision is effective on the erection of appropriate signs designating the speed limit and indicating the beginning and end of the reduced speed zone. Any speed in excess of the posted speed is unlawful.*

Sec. 9. [444.30] [TRANSPORTATION SYSTEMS.]

*Subdivision 1. [DEFINITIONS.] For purposes of this section, the term "municipality" means a home rule charter or statutory city or a town. The term "governing body" means the town board with respect to towns.*

*Subd. 2. [AUTHORIZATION.] Any municipality may build, construct, reconstruct, repair, enlarge, improve, maintain, or in any other manner obtain transportation systems, including grading, base construction, surfacing construction, curb and gutter, striping, signing, signalization, lighting, sidewalks, pedestrian pathways, landscaping, boulevard restoration, and other appurtenances and related facilities for the collection, transport, and disbursement of traffic, all hereinafter called facilities, and maintain and operate the facilities inside its corporate limits, and acquire by gift, purchase, lease, condemnation, or otherwise any and all land and easements required for that purpose. The authority hereby granted is in addition to all other powers with reference to the facilities otherwise granted by the laws of this state or by charter of any municipality.*

*Subd. 3. [FINANCING.] For the purpose of paying the cost of building, constructing, reconstructing, repairing, enlarging, improving, maintaining, or in other manner obtaining the facilities or any portion of them, a municipality may issue and sell its general obligations, which may be made payable primarily from taxes or from special assessments to be levied to pay the cost of the facilities or from net revenues derived from transportation charges or from other nontax revenues pledged for their payment under charter or other statutory authority, or from two or more of the sources; or it may issue special obligations, payable solely from taxes or special assessments or from revenues, or from two or more of the sources. Real estate tax revenues should be used only, and then on a temporary basis, to pay general or special obligations when the other revenues are insufficient to meet the obligations. All obligations shall be issued and sold in accordance with chapter 475. When special assessments are pledged for the payment of the obligations, they shall be authorized and issued in accordance with the provisions of chapter 429, or of the city's charter if it authorizes these obligations and the governing body determines to proceed under the charter.*

*When net revenues are pledged to the payment of the obligations, together with or apart from taxes and special assessments, the pledge shall be made in accordance with the provisions of subdivision 4.*

*Subd. 4. [CHARGES; NET REVENUES.] To pay for the construction, reconstruction, repair, enlargement, improvement, or other obtainment and the maintenance, operation, and use of the facilities, the governing body of a municipality may impose just and equitable charges for the use and for the availability of the facilities and for connections with them and make contracts for the charges as provided in this section. Charges shall be as nearly as possible proportionate to the cost of transportation systems and may be fixed on the basis of traffic generated or by reference to a reasonable classification of the types of premises to which service is furnished, or by reference to the quantity, type, and loading of the traffic generated, or on any other equitable basis including, but without limitation, any combination of those referred to above. The governing body may make the charges a charge against the owner, lessee, occupant, or all of them and may provide and covenant for certifying unpaid charges to the county auditor with taxes against the property served for collection as other taxes are collected. In determining the reasonableness of the charges to be imposed, the governing body may give consideration to all costs of the establishment, operation, maintenance, depreciation, and necessary replacements of the system, and of improvements, enlargements, and extensions necessary to serve adequately the territory of the municipality including the principal and interest to become due on obligations issued or to be issued. When net revenues have been appropriated to the payment of the cost of the establishment, or of any specified replacement, improvement, enlargement, or extension, or to pay the principal and interest due on obligations to be issued for such purpose, no charges imposed to produce net revenues adequate for the purpose shall be deemed unreasonable by virtue of the fact that the project to be financed has not been commenced or completed, if proceedings for it are taken with reasonable dispatch and the project, when completed, may be expected to make service available to the premises charged which will have a value reasonably commensurate with the charges. All charges, when collected, and all moneys received from the sale of any facilities or equipment or any by-products, shall be placed in a separate fund, and used first to pay the normal, reasonable, and current costs of operating and maintaining the facilities. The net revenues received in excess of the costs may be pledged by resolutions of the governing body, or may be used though not so pledged, for the payment of principal and interest on obligations issued as provided in subdivision 3, or to pay the portion of the principal and interest as may be directed in the resolutions, and net revenues derived from any facilities whether or not financed by the issuance of the obligations, may be pledged or used to pay obligations issued for other facilities of the same types. In resolutions authorizing the issuance of either general or special obligations and pledging net revenues to them, the governing body may make covenants for the protection of holders of the obligations and taxpayers of the municipality as it deems necessary, including, but without limitation, a covenant that the municipality will impose and collect charges of the nature authorized by this section at the times and in the amounts required to produce, together with any taxes or special assessments designated as a primary source of payment of the obligations, net revenues adequate to pay all principal and interest when due on the obligations and to create and maintain reserves securing the payments as may be provided in the resolutions. When a covenant is made it shall be enforceable by appropriate action on the part of*

any holder of the obligations or any taxpayer of the municipality in a court of competent jurisdiction, and the obligations shall be deemed to be payable wholly from the income of the system whose revenues are so pledged, within the meaning of sections 475.51 and 475.58.

*Subd. 5. [LEVY ASSESSMENTS.] The governing body of a municipality may also levy assessments against property within the municipal limits benefited by the transportation system under the procedure authorized by law or charter with reference to other assessments for benefits of local improvements, may transfer and use for the purposes hereof surplus funds of the municipality not specifically dedicated to another purpose, and may levy taxes on property within the municipal limits for the purposes hereof.*

### TOLL FACILITIES

#### Section 1. [160.83] [DEFINITIONS.]

*Subdivision 1. [SCOPE.] The terms used in sections 1 to 6 have the meanings given them in this section and section 160.02.*

*Subd. 2. [BOT FACILITY.] "BOT facility" means a build-operate-transfer toll facility constructed, improved, or rehabilitated and operated by a private operator that holds title to the facility subject to a development agreement that provides that title will be transferred to the road authority on expiration of an agreed term.*

*Subd. 3. [BTO FACILITY.] "BTO facility" means a build-transfer-operate toll facility constructed, improved, or rehabilitated by a private operator who: (1) transfers any interest it may have in the toll facility to the road authority before operation begins; and (2) operates the toll facility for an agreed term under a lease, management, or toll-concession agreement.*

*Subd. 4. [COMMISSIONER.] "Commissioner" means the commissioner of the department of transportation.*

*Subd. 5. [DEVELOPMENT AGREEMENT.] "Development agreement" means a written agreement between a road authority and a private operator that provides for the construction, improvement, rehabilitation, ownership, and operation of a toll facility.*

*Subd. 6. [PRIVATE OPERATOR.] "Private operator" means an individual, a corporation, a partnership, a cooperative or unincorporated association, a joint venture, or a consortium that constructs, improves, rehabilitates, owns, leases, operates, or manages a toll facility subject to sections 1 to 6. The term includes related parties and entities that together perform some or all of these functions for the same toll facility.*

*Subd. 7. [ROAD AUTHORITY.] "Road authority" has the meaning given it in section 160.02, subdivision 9, and also refers to a joint powers authority formed under section 6.*

*Subd. 8. [TOLL FACILITY.] "Toll facility" means a bridge, causeway, or tunnel, and its approaches; a road, street, or highway; an appurtenant building, structure, or other improvement; land lying within applicable rights-of-way; and other appurtenant rights or hereditaments that together comprise a project for which a private operator is authorized to operate and impose tolls under sections 1 to 6.*

#### Sec. 2. [160.84] [AUTHORITY.]

*Subdivision 1. [ROAD AUTHORITY.] A road authority may solicit or accept proposals from and enter into development agreements with private operators for constructing, improving, rehabilitating, operating, and managing toll facilities wholly or partly within the road authority's jurisdiction. A road authority soliciting toll facility proposals must publish a notice of solicitation in the State Register.*

*Subd. 2. [PRIVATE OPERATORS.] Private operators are authorized to construct, improve, rehabilitate, own, lease, manage, and operate toll facilities subject to the terms of sections 1 to 6. Private operators may mortgage, grant security interests in, and pledge their interests in: (1) toll facilities and their components; (2) development, lease, toll concessions, and other related agreements; and (3) income, profits, and proceeds of the toll facility.*

*Subd. 3. [APPROVAL.] No road authority and private operator may enter into a development agreement without the prior approval of the commissioner and the governing body of each county and municipality through which the facility is to pass. A road authority and private operator in the metropolitan area, as defined in section 473.121, subdivision 2, must obtain the council approval required in section 473.167, subdivision 1.*

*Subd. 4. [DEVELOPMENT AGREEMENT.] (a) A development agreement for toll facilities may provide for any mode of ownership or operation approved by the road authority, including ownership by the private operator without reversion of title, operation of the facilities under leases or management contracts, or BOT or BTO facilities.*

*(b) A development agreement may permit the private operator to assemble funds from any available source, including federal, state, and local grants, bond proceeds, contributions, and pledges and to incorporate an existing road or highway, a bridge, and approach structures, and related improvements into the toll facility. The private operator shall pay the road authority the fair market value of any property incorporated into the facility or shall adjust toll charges to the public to reflect the value of the incorporated property.*

*(c) A development agreement may include grants of title, easements, rights-of-way, and leasehold estates necessary to the toll facility.*

*(d) A development agreement may authorize the private operator to charge variable rate tolls based on time of day, vehicle characteristics, or other factors approved by the road authority.*

*(e) A development agreement may include authorization by the road authority to the private operator to exercise powers possessed by the road authority with respect to similar facilities.*

*Subd. 5. [RIGHT-OF-WAY ACQUISITION.] A private operator may acquire right-of-way by donation, lease, or purchase. A road authority may acquire right-of-way by eminent domain and may donate, sell, or lease a right-of-way to a private operator.*

*Subd. 6. [RESTRICTION.] No toll facility may be used for any purpose other than the transportation purposes specified in the development agreement for the term of the agreement.*

*Subd. 7. [TOLL FACILITY ACQUIRED BY ROAD AUTHORITY.] A development agreement that requires transfer or reversion of a toll facility to a road authority must provide that the transfer be at no cost to the road*

*authority. The private operator shall establish an escrow account with sufficient funds to ensure that the facility meets applicable construction and maintenance standards of the road authority upon reversion.*

*Subd. 8. [APPLICATION OF OTHER LAW.] A private operator must obtain all environmental, navigational, design, or safety approvals required if the toll facility were constructed or operated by a road authority.*

**Sec. 3. [DEVELOPMENT AGREEMENTS; MANDATORY PROVISIONS.]**

*A development agreement must include the following provisions:*

*(a) The toll facility must meet the road authority's standards of design and construction for roads and bridges of the same functional classification and must be constructed by contractors on the department's list of eligible contractors.*

*(b) The commissioner must review and approve the location and design of a bridge over navigable waters as if the bridge were constructed by a road authority. This does not diminish the private operator's responsibility for bridge safety.*

*(c) The private operator shall manage and operate the toll facility in cooperation with the applicable road authority and subject to the development agreement and any amendments.*

*(d) The toll facility is subject to regular inspections by the road authority and the commissioner.*

*(e) The road authority shall provide maintenance, snow removal, and police services to the toll facility and the operator shall pay the road authority the cost of services provided.*

**Sec. 4. [COST RECOVERY.]**

*Subdivision 1. [USE OF TOLL REVENUES.] Toll revenues must be applied to repayment of indebtedness incurred for the toll facility; lease or toll concessions payments; costs of operation, administration, rehabilitation, and maintenance necessary to meet applicable standards of the commissioner; and reasonable reserves for future capital outlays. The enumeration of uses in this subdivision does not state priorities for the use of these revenues.*

*Subd. 2. [RESIDUAL TOLL REVENUES.] Residual toll revenues belong to the private operator, except for payments to a road authority under the development agreement or a related toll concession agreement.*

*Subd. 3. [CONTINUATION OF TOLLS.] After expiration of a lease for a BTO facility, or after title has reverted for a BOT facility, the road authority may continue to charge tolls for the facility.*

*Subd. 4. [TOLLS PRESCRIBED.] A road authority may prescribe tolls on a toll facility only if the road authority reasonably determines that no feasible alternative to the toll facility exists to serve the traffic that uses the facility. Tolls prescribed by a road authority for a facility must permit the operator a reasonable return on both investment and capital.*

**Sec. 5. [LAW ENFORCEMENT.]**

*State and local law enforcement authorities have the same powers and authority on a toll facility within their respective jurisdictions as they have*

*on any other highway, road, or street within their jurisdiction. Law enforcement officers have free access to the toll facility at any time to exercise such powers as though it were a public right-of-way. State and local traffic and motor vehicle laws apply to persons driving or occupying motor vehicles on the toll facility.*

Sec. 6. [JOINT AUTHORITY.]

*(a) Two or more road authorities with jurisdiction over a toll facility may enter into a joint powers agreement under Minnesota Statutes, section 471.59, to exercise the powers, duties, and functions of the road authorities related to the toll facility, including negotiation and administration of the development agreement and related lease and toll concession agreements. If all road authorities with jurisdiction over a toll facility concur, title to or authority over the facility may be tendered to the commissioner who may accept the title or authority pursuant to the development agreement and this section.*

*(b) If a facility is located within the jurisdiction of more than one road authority, a road authority may prescribe tolls only under a joint agreement entered into under paragraph (a). Tolls may be prescribed under a joint agreement only if all road authorities with jurisdiction over the facility are parties to the agreement.*

ARTICLE 6

TRANSPORTATION SERVICES FUND

Section 1. [161.041] [TRANSPORTATION SERVICES FUND.]

*Subdivision 1. [FUND CREATED.] A transportation services fund is created in the state treasury. The fund consists of all money required by law to be deposited in the fund, and other money made available to the fund by law.*

*Subd. 2. [USES OF FUND.] Money in the transportation services fund may be expended by appropriation for any transportation purpose.*

Sec. 2. Minnesota Statutes 1990, section 168.54, subdivision 5, is amended to read:

Subd. 5. The proceeds of the fee imposed under the provisions of this section shall be collected by the commissioner of public safety and paid into the ~~general~~ transportation services fund.

Sec. 3. Minnesota Statutes 1990, section 168.54, subdivision 6, is amended to read:

Subd. 6. The unobligated balances in excess of \$4,000 in said revolving fund as of June 30 of each fiscal year shall be canceled into the ~~general~~ transportation services fund.

Sec. 4. Minnesota Statutes 1990, section 169.09, subdivision 13, is amended to read:

Subd. 13. [ACCIDENT REPORTS CONFIDENTIAL.] All written reports and supplemental reports required under this section to be provided to the department of public safety shall be without prejudice to the individual so reporting and shall be for the confidential use of the department of public safety and other appropriate state, federal, county, and municipal governmental agencies for accident analysis purposes, except that the department of public safety or any law enforcement department of any municipality or

county in this state shall, upon written request of any person involved in an accident or upon written request of the representative of the person's estate, surviving spouse, or one or more surviving next of kin, or a trustee appointed pursuant to section 573.02, disclose to the requester, the requester's legal counsel or a representative of the requester's insurer any information contained therein except the parties' version of the accident as set out in the written report filed by the parties or may disclose identity of a person involved in an accident when the identity is not otherwise known or when the person denies presence at the accident. No report shall be used as evidence in any trial, civil or criminal, arising out of an accident, except that the department of public safety shall furnish upon the demand of any person who has, or claims to have, made a report, or, upon demand of any court, a certificate showing that a specified accident report has or has not been made to the department of public safety solely to prove a compliance or a failure to comply with the requirements that the report be made to the department of public safety. Disclosing any information contained in any accident report, except as provided herein, is unlawful and a misdemeanor.

Nothing herein shall be construed to prevent any person who has made a report pursuant to this chapter from providing information to any persons involved in an accident or their representatives or from testifying in any trial, civil or criminal, arising out of an accident, as to facts within the person's knowledge. It is intended by this subdivision to render privileged the reports required but it is not intended to prohibit proof of the facts to which the reports relate. Legally qualified newspaper publications and licensed radio and television stations shall upon request to a law enforcement agency be given an oral statement covering only the time and place of the accident, the names, addresses, and dates of birth of the parties involved, whether a citation was issued, and if so, what it was for, and whether the parties involved were wearing seat belts, and a general statement as to how the accident happened without attempting to fix liability upon anyone, but said legally qualified newspaper publications and licensed radio and television stations shall not be given access to the hereinbefore mentioned confidential reports, nor shall any such statements or information so orally given be used as evidence in any court proceeding, but shall merely be used for the purpose of a proper publication or broadcast of the news.

When these reports are released for accident analysis purposes the identity of any involved person shall not be revealed. Data contained in these reports shall only be used for accident analysis purposes, except as otherwise provided by this subdivision. Accident reports and data contained therein which may be in the possession or control of departments or agencies other than the department of public safety shall not be discoverable under any provision of law or rule of court.

Notwithstanding other provisions of this subdivision to the contrary, the commissioner of public safety shall give to the commissioner of transportation the name and address of a carrier subject to section 221.031 that is named in an accident report filed under subdivision 7 or 8. The commissioner of transportation may not release the name and address to any person. The commissioner shall use this information to enforce accident report requirements under chapter 221. In addition the commissioner of public safety may give to the United States Department of Transportation commercial vehicle accident information in connection with federal grant programs relating to safety.

The final design plan must be stated with sufficient particularity and detail to allow the proposer to begin the acquisition and construction of operable facilities. If a turn-key implementation method is proposed, instead of civil engineering plans the final design plan must state detailed design criteria and performance standards for the facilities.

Sec. 7. Minnesota Statutes 1990, section 473.3994, is amended to read:  
473.3994 [LIGHT RAIL TRANSIT; ~~DESIGN FACILITY PLANS.~~]

*Subd. 1a. [PRELIMINARY DESIGN PLANS.] The regional transit board shall establish a procedure for preparing preliminary design plans for light rail transit facilities in the metropolitan area. The procedure must ensure the completion of preliminary design plans necessary to implement the board's regional transit plan, to qualify for federal funds in accordance with the board's plan, and to prepare proposals for engineering and construction projects in a timely and cost-effective manner. The board shall consult the joint light rail transit advisory committee in establishing the procedure.*

Subd. 2. [PRELIMINARY DESIGN PLANS; PUBLIC HEARING.] ~~Before preparing final design plans for a light rail transit facility, the~~ A political subdivision ~~proposing the~~ that has prepared preliminary design plans for a proposed facility must hold a public hearing on the physical design component of the preliminary design plans. The city, county, or town shall hold a public hearing, except that a county board need not hold a hearing if the county board membership is identical to the membership of the regional railroad authority submitting the plan for review. Within 45 days after the hearing under subdivision 2, the city, county, or town shall review and approve or disapprove the plans for the route to be located in the city, county, or town. A local unit of government that disapproves the plans shall describe specific amendments to the plans that, if adopted, would cause the local unit to withdraw its disapproval. Failure to approve or disapprove the plans in writing within 45 days after the hearing is deemed to be approval, unless an extension of time is agreed to by the city, county, or town and the proposer.

Subd. 4. [PRELIMINARY DESIGN PLANS; REGIONAL TRANSIT BOARD REFERRAL.] If the governing body of one or more cities, counties, or towns disapproves the preliminary design plans within the period allowed under subdivision 3, the proposer may refer the plans, along with any comments of local jurisdictions, to the regional transit board. The board shall hold a hearing on the plans, giving the proposer, any disapproving local governmental units, and other persons an opportunity to present their views on the plans. The board may conduct independent study as it deems desirable and may mediate and attempt to resolve disagreements about the plans. Within 90 days after the referral, the board shall review the plans submitted by the proposer and may recommend amended plans to accommodate the objections presented by the disapproving local governmental units.

*Subd. 4a. [PRELIMINARY ENGINEERING PLANS.] (a) Before beginning final design on a proposed facility, the commissioner shall submit the physical design component of preliminary engineering plans to the governing body of each statutory and home rule city, county, and town in which the route is proposed to be located. Within 60 days after the submission of the plans, the city, county, or town shall review and approve or disapprove the plans for the route located in the city, county, or town. A local unit of government that disapproves the plans shall describe specific amendments to the plans that, if adopted, would cause the local unit to withdraw its disapproval. Failure to approve or disapprove the plans in writing within the time period is considered to be approval, unless an extension is agreed to by the city, county, or town and the commissioner.*

*(b) If the governing body of one or more cities, counties, or towns disapproves the plans within the period allowed under paragraph (a), the commissioner may refer the plans, along with any comments of local jurisdictions, to the regional transit board. The board shall review the preliminary engineering plans under the same procedure and with the same effect as provided in subdivision 4 for preliminary design plans.*

Subd. 5. [FINAL DESIGN PLANS.] (a) Before beginning construction, the ~~proposer~~ commissioner shall submit the physical design component of final design plans to the governing body of each statutory and home rule city, county, and town in which the route is proposed to be located. A local unit of government that disapproves the plans shall

describe specific amendments to the plans that, if adopted, would cause the local unit to withdraw its disapproval. Failure to approve or disapprove the plans in writing within the time period is deemed to be approval, unless an extension is agreed to by the city, county, or town and the ~~proposer~~ *commissioner*.

(b) If the governing body of one or more cities, counties, or towns disapproves the plans within the period allowed under paragraph (a), the ~~proposer~~ *commissioner* may refer the plans, along with any comments of local jurisdictions, to the regional transit board. The board shall review the final design plans under the same procedure and with the same effect as provided in subdivision 4 for preliminary design plans.

504.02 [CANCELLATION OF LEASES IN CERTAIN CASES; ABANDONMENT OR SURRENDER OF POSSESSION.]

*Subdivision 1. If any such lease shall provide that the landlord, after default, shall give more than 30 days' notice in writing to the tenant of the landlord intention to terminate the tenancy by reason of default in terms thereof, then the length of the notice to terminate shall be the same as provided for and required by the lease.*

*(b) As to such leases for a term of more than 20 years, if at any time before the expiration of six months after possession obtained by the plaintiff by abandonment or surrender of possession by the tenant or on recovery in the action, the lessee or a successor in interest as to the whole or part of the property, or any creditor having a lien legal or equitable upon the leased premises or any part thereof, pays to the plaintiff, or brings into court, the amount of rent then in arrears, with interest and the costs of the action, and performs the other covenants on the part of the lessee, the lessee or successor may be restored to the possession and hold the property according to the terms of the original lease. Subd. 2. [PROCEDURE.] When a municipality, utility company, or other company supplying home heating oil, propane, natural gas, electricity, or water to a building has *issued a final notice or has posted the building proposing to disconnect or discontinued the service to the building because an owner who has contracted for the service has failed to pay for it or because an owner is required by law or contract to pay for the service and fails to do so*, a tenant or group of tenants may pay to have the service *continued or reconnected* as provided under this section. Before paying for the service, the tenant or group of tenants shall give oral or written notice to the owner of the tenant's intention to pay after 48 hours, or a shorter period that is reasonable under the circumstances, if the owner has not already paid for the service. In the case of oral notification, written notice shall be mailed or delivered to the owner within 24 hours after oral notice is given.

(a) In the case of natural gas, electricity, or water, if the owner has not yet paid the bill by the time of the tenant's intended payment, or if the service remains discontinued, the tenant or tenants may pay the outstanding bill for the most recent billing period, if the utility company or municipality will restore the service for at least one billing period.

(b) In the case of home heating oil or propane, if the owner has not yet paid the bill by the time of the tenant's intended payment, or if the service remains discontinued, the tenant or tenants may order and pay for one month's supply of the proper grade and quality of oil or propane.

After submitting receipts for the payment to the owner, a tenant may deduct the amount of the tenant's payment from the rental payment next paid to the owner. Any amount paid to the municipality, utility company, or other company by a tenant under this subdivision is considered payment of rent to the owner for purposes of section 504.02.

Sec. 5. Minnesota Statutes 1990, section 504.20, subdivision 3, is amended to read:

It shall be sufficient compliance with the time requirement of this subdivision if the deposit or written statement required by this subdivision is placed in the United States mail as first class mail, postage prepaid, in an envelope with a proper return address, correctly addressed according to the mailing address or delivery instructions furnished by the tenant, within the time required by this subdivision. The landlord may withhold from the deposit only amounts reasonably necessary:*

(a) To remedy tenant defaults in the payment of rent or of other funds due to the landlord pursuant to an agreement; or

(b) To restore the premises to their condition at the commencement of the tenancy, ordinary wear and tear excepted.

In any action concerning the deposit, the burden of proving, by a fair preponderance of the evidence, the reason for withholding all or any portion of the deposit shall be on the landlord.

Sec. 6. Minnesota Statutes 1990, section 504.20, subdivision 4, is amended to read:

Subd. 4. Any landlord who fails to provide a written statement within three weeks of termination of the tenancy *or within five days of the date when the tenant leaves the building or dwelling due to the legal condemnation of the building or dwelling in which the tenant lives for reasons not due to willful, malicious, or irresponsible conduct of the tenant, and after receipt of the tenant's mailing address or delivery instructions, as required in subdivision 3, shall be liable to the tenant for damages in an amount equal to the portion of the deposit withheld by the landlord and interest thereon as provided in subdivision 2, as a penalty, in addition to the portion of the deposit wrongfully withheld by the landlord and interest thereon.*

504.27 [REMEDIES ARE ADDITIONAL.]

Pending trial of the action on the merits, the court may make a temporary appointment of a receiver following the procedures applicable to temporary injunctions under the rules of civil procedure. If the motion for temporary appointment of a receiver is denied, the trial of the action on the merits shall be held as early as practicable, but not to exceed 30 days after the motion for temporary appointment of a receiver is heard. The purchaser at foreclosure sale shall have the right, at any time and without limitation as provided in section 582.03, to advance money to the receiver to pay any or all of the expenses which the receiver should otherwise pay if cash were available from the mortgaged premises. Sums so advanced, with interest, shall be a part of the sum required to be paid to redeem from the sale. The sums shall be proved by the affidavit of the purchaser, an agent or attorney, stating the expenses and describing the mortgaged premises. The affidavit must be filed for record with the county recorder or the registrar of titles, and a copy thereof shall be furnished to the sheriff and the receiver at least ten days before the expiration of the period of redemption.

Any sums collected which remain in the possession of the receiver at termination of the receivership shall, in the event the termination of the receivership is due to the reinstatement of the mortgage debt or redemption of the mortgaged premises by the mortgagor, be paid to the mortgagor; and in the event termination of the receivership occurs at the end of the period of redemption without redemption by the mortgagor or any other party entitled to redeem, interest accrued upon the sale price pursuant to section 580.23 or section 581.10 shall be paid to the purchaser at foreclosure sale. Any net sum remaining shall be paid to the mortgagor, except if the receiver was enforcing an assignment of rents which complies with section 559.17, subdivision 2, in which case any net sum remaining shall be paid pursuant to the terms of the assignment.

Real property needed or convenient for a project may be acquired by the authority for the project by condemnation pursuant to this section. This includes any property devoted to a public use, whether or not held in trust, notwithstanding that the property may have been previously acquired by condemnation or is owned by a public utility corporation, because the public use in conformity with the provisions of sections 469.001 to 469.047 shall be deemed a superior public use. Property devoted to a public use may be so acquired only if the governing body of the municipality has approved its acquisition by the authority. An award of compensation shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance or reconstruction, or proposed assembly, clearance or reconstruction for the purposes of sections 469.001 to 469.047 of the real property in an area:

The authority may dispose of the property pursuant to section 469.029, provided that the provisions of section 469.029 requiring conformance to an urban renewal plan shall not apply. The authority may finance these activities by means of the redevelopment project fund or by means of tax increments or tax increment bonds or by the methods of financing provided for in section 469.033 or by means of contributions from the municipality provided for in section 469.041, clause (9), or by any combination of those means. Real property with buildings or improvements thereon shall only be acquired under this clause when the buildings or improvements are substandard. The exercise of the power of eminent domain under this clause shall be limited to real property which contains, *or has contained within the three years immediately preceding the exercise of the power of eminent domain and is currently vacant*, buildings and improvements which are vacated and substandard. For the purpose of this clause, substandard buildings or improvements mean hazardous buildings as defined in section 463.15, subdivision 3, or buildings or improvements that are dilapidated or obsolescent, faultily designed, lack adequate ventilation, light, or sanitary facilities, or any combination of these or other factors that are detrimental to the safety or health of the community:

In making its determination, the authority may consider income levels that may be established by the Department of Housing and Urban Development or a similar or successor federal agency for the purpose of federal loan guarantees or subsidies for persons of low or moderate income. The authority may use that determination as a basis for the maximum amount of income for admissions to housing development projects or housing projects owned or operated by it:

(9) to provide in federally assisted projects any relocation payments and assistance necessary to comply with the requirements of the Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and any amendments or supplements thereto;

The governing body shall agree on behalf of all the applicable governing bodies affected that local cooperation as required by the federal government shall be provided by the local governing body or bodies in whose jurisdiction the project is to be located, at no cost or at no greater cost than the same public services and facilities furnished to other residents;

(11) to cooperate with or act as agent for the federal government, the state or any state public body, or any agency or instrumentality of the foregoing, in carrying out any of the provisions of sections 469.001 to 469.047 or of any other related federal, state, or local legislation; and upon the consent of the governing body of the city to purchase, lease, manage, or otherwise take over any housing project already owned and operated by the federal government;

(12) to make plans for carrying out a program of voluntary repair and rehabilitation of buildings and improvements, and plans for the enforcement of laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements, and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements. The authority may develop, test, and report methods and techniques, and carry out demonstrations and other activities for the prevention and elimination of slums and blight;

(14) to include in any contract for financial assistance with the federal government any conditions that the federal government may attach to its financial aid of a project, not inconsistent with purposes of sections 469.001 to 469.047, including obligating itself (which obligation shall be specifically enforceable and not constitute a mortgage, notwithstanding any other laws) to convey to the federal government the project to which the contract relates upon the occurrence of a substantial default with respect to the covenants or conditions to which the authority is subject; to provide in the contract that, in case of such conveyance, the federal government may complete, operate, manage, lease, convey, or otherwise deal with the project until the defaults are cured if the federal government agrees in the contract to reconvey to the authority the project as then constituted when the defaults have been cured;

(15) to issue bonds for any of its corporate purposes and to secure the bonds by mortgages upon property held or to be held by it or by pledge of its revenues, including grants or contributions;

(16) to invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control or in the

(17) within its area of operation, to determine where blight exists or where there is unsafe, unsanitary, or overcrowded housing;

(18) to carry out studies of the housing and redevelopment needs within its area of operation and of the meeting of those needs. This includes study of data on population and family groups and their distribution according to income groups, the amount and quality of available housing and its distribution according to rentals and sales prices, employment, wages, desirable patterns for land use and community growth, and other factors affecting the local housing and redevelopment needs and the meeting of those needs; to make the results of those studies and analyses available to the public and to building, housing, and supply industries;

(19) if a local public body does not have a planning agency or the planning agency has not produced a comprehensive or general community development plan, to make or cause to be made a plan to be used as a guide in the more detailed planning of housing and redevelopment areas;

**TAXES**

Section 1. Minnesota Statutes 1990, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

The assessor shall require proof, by affidavit or otherwise, of the facts upon which classification as a homestead may be determined.

For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily

for future development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

In the case of property owned by a married couple in joint tenancy or tenancy in common, the assessor must not deny homestead treatment in whole or in part if only one of the spouses is occupying the property and the other spouse is absent due to divorce or separation, or is a resident of a nursing home or a boarding care facility.

*If property is owned in joint tenancy or tenancy in common by parents and children who occupy the property for purposes of a homestead, the assessor must not deny homestead treatment in whole or in part because a parent or a child ceases to occupy the property. For purposes of this paragraph, "parents" and "children" include relationships by marriage.*

If an individual is purchasing property with the intent of claiming it as a homestead, and is required by the terms of the financing agreement to have ~~one or both parents~~ a relative shown on the deed as ~~coowner~~ a coowner, the assessor shall allow a full homestead classification and ~~extend full homestead credit. This provision only applies to first time purchasers, whether married or single, or to a person who had previously been married and is purchasing as a single individual for the first time.~~ For purposes of this paragraph, "relative" means a parent, stepparent, child, stepchild, grandparent, sibling, uncle, or aunt. The relationship may be by blood or marriage. The application for homestead benefits must be on a form prescribed by the commissioner and must contain the data necessary for the assessor to determine if full homestead benefits are warranted.

Sec. 2. Minnesota Statutes 1990, section 273.124, subdivision 11, is amended to read:

Subd. 11. [LIMITATION ON HOMESTEAD CLASSIFICATION.] If the assessor has classified a property as both homestead and nonhomestead, the greater of the value attributable to the portion of the property classified as class 1 or class 2a or the value of the first tier of net class rates provided under section 273.13, subdivision 22, or 23, paragraph (a), is entitled to assessment as a homestead under section 273.13, subdivision 22 or 23. The limitation in this subdivision does not apply to buildings containing fewer than ~~four~~ five residential units or to a single rented or leased dwelling unit located within or attached to a private garage or similar structure owned by the owner of a homestead and located on the premises of that homestead.

If the assessor has classified a property as both homestead and nonhomestead, the homestead credit provided in section 273.13, subdivisions 22 and 23, and the reductions in tax provided under sections 273.135 and 273.1391 apply to the value of both the homestead and the nonhomestead portions of the property.

Subd. 25. Section 1. [LEGISLATIVE INTENT.]

*(3) to encourage more individuals to seek local elective offices by establishing a uniform time for filing for office; and*

*(4) to lower the administrative costs of local elections by reducing the frequency and increasing the uniformity of procedures for the election of local officers.*

Sec. 2. [205.001] [LOCAL GOVERNMENT ELECTION DATES.]

*Subdivision 1. [ESTABLISHMENT.] Except as otherwise provided by this section, the general election for elective officers in the political subdivisions specified in subdivision 2 must be conducted on the first Tuesday after the first Monday in November of either the odd-numbered or even-numbered year. *was rendered unusable through natural disaster or vandalism. If the capital improvement is an educational facility, the political subdivision shall certify this emergency finding to the commissioner of education before scheduling the emergency bond issue election. For other capital improvements, the political subdivision shall certify the emergency finding to the secretary of state before scheduling the emergency bond issue election. In addition, a school district may hold an emergency bond issue election on another date if the school district requests and receives certification of the commissioner of education that rapidly expanding enrollment in the district constitutes an emergency that warrants an election on another date.*

*Subd. 4. [PRIMARY.] A primary election must be held by each political subdivision specified in subdivision 2 on the first Tuesday after the second Monday in September of the year in which the political subdivision holds its local government election, to select the nominees for the offices to be filled at the local government election, except for municipal offices in municipalities of less than 2,500 inhabitants.*

Ballots must be distributed and available so that no voter is required to vote in more than one polling place in order to vote in every election in which the voter is eligible to vote at the local government election.*

*Subd. 6. [HOURS FOR VOTING.] The hours for voting in a precinct in which an election is held under this section must be as provided in section 204C.05 for the state general election and the state primary.*

If no primary is required, the time for filing must commence ten weeks before the local government election and conclude eight weeks before that day.*

*Subd. 8. Affidavits of withdrawal must be filed with the officer who receives affidavits of candidacy for that office.*

*Subd. 9. [INTENT; OTHER LAWS AND CHARTERS SUPERSEDED.] It is the intent of this section to establish that the election of all officers described in subdivision 2 must occur at the times and in the manner provided in this section. To the extent inconsistent with this intent, general and special laws and municipal charter provisions providing otherwise are superseded. In all other respects, those laws and charter provisions continue in force and effect.*

*No general or special law enacted after August 1, 1991, may be construed to authorize or require that the election of officers described in subdivision 2 be held at a time or in a manner different from that required by this*

Subd. 2. [ELECTIONS.] ~~Regular elections~~ *A general election* must be held in each hospital district at the ~~same time~~ *local government election day designated by the hospital board*, in the same election precincts, and at the same polling places as general elections of state and county officers. ~~Alternatively, the hospital board may by resolution fix a date for an election, not later than December 7 just before the expiration of board members' terms. Special elections may be called by the hospital board at any time, *except as otherwise provided by article 2, section 2, subdivision 3, or other law*, to vote on any matter required by law to be submitted to the voters. Special elections must be held within the election precinct or precincts and at the polling place or places designated by the board. In the case of the first election of officers of a new district, precincts and polling places must be set by the governing body of the most populous city or town included in the district.

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1990, section 256H.02, is amended to read:

**256H.02 [DUTIES OF COMMISSIONER.]**

The commissioner shall develop standards for county and human services boards to provide child care services to enable eligible families to participate in employment, training, or education programs. Within the limits of available appropriations, the commissioner shall distribute money to counties to reduce the costs of child care for eligible families. The commissioner shall adopt rules to govern the program in accordance with this section. The rules must establish a sliding schedule of fees for parents receiving child care services. In the rules adopted under this section, county and human services boards shall be authorized to establish policies for payment of child care spaces for absent children, when the payment is required by the child’s regular provider. The rules shall not set a maximum number of days for which absence payments can be made, but instead shall direct the county agency to set limits and pay for absences according to the prevailing market practice in the county. County policies for payment of absences shall be subject to the approval of the commissioner. The commissioner shall maximize the use of federal money under the AFDC employment special needs program in section 256.736, subdivision 8, and other programs that provide federal reimbursement for child care services for recipients of aid to families with dependent children who are in education, training, job search, or other activities allowed under those programs. Money appropriated under this section must be coordinated with the AFDC employment

special needs program and other programs that provide federal reimbursement for child care services to accomplish this purpose. Federal reimbursement obtained must be allocated to the county that spent money for child care that is federally reimbursable under the AFDC employment special needs program or other programs that provide federal reimbursement for child care services. The counties shall use the federal money to expand child care services to AFDC recipients. *The commissioner may adopt rules under chapter 14 to implement and coordinate federal program requirements.*

Sec. 2. Minnesota Statutes 1990, section 256H.03, is amended to read:  
256H.03 [BASIC SLIDING FEE PROGRAM.]

Subdivision 1. [COUNTIES ALLOCATION PERIOD; NOTICE OF ALLOCATION.] *Effective January 1, 1992, the commissioner shall allocate the funds available to the counties for the basic sliding fee program on a calendar year basis. When the commissioner notifies county and human service boards of the forms and instructions they are to follow in the development of their biennial community social services plans required under section 256E.08, the commissioner shall also notify county and human services boards of their estimated child care fund program allocation for the two years covered by the plan. By June September 1 of each the preceding year, the commissioner shall notify all counties of their final initial child care fund program allocation.*

Subd. 1a. [WAITING LIST.] Each county that receives funds under this section and section 256H.05 must keep a written record and report to the commissioner the number of eligible families who have applied for a child care subsidy or have requested child care assistance. Counties shall perform a cursory determination of eligibility when a family requests information about child care assistance. A family that appears to be eligible must be put on a waiting list if funds are not immediately available. The waiting list must identify students in need of child care. When money is available counties shall expedite the processing of student applications during key enrollment periods.

Subd. 2. [ALLOCATION; LIMITATIONS.] *From July 1, 1991, through December 31, 1992, the commissioner shall allocate the money appropriated under the child care fund for the basic sliding fee program and shall allocate those funds between the metropolitan area, comprising the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington, and the area outside the metropolitan area as follows:*

(1) 50 percent of the money shall be allocated among the counties on the basis of the number of families below the poverty level, as determined from the most recent census or special census; and

(2) 50 percent of the money shall be allocated among the counties on the basis of the counties' portion of the AFDC caseload for the preceding state fiscal year.

If, under the preceding formula, either the seven-county metropolitan area consisting of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington counties or the area consisting of counties outside the seven-county metropolitan area is allocated more than 55 percent of the basic sliding fee funds, each county's allocation in that area shall be proportionally reduced until the total for the area is no more than 55 percent of the basic sliding fee funds. The amount of the allocations proportionally reduced

shall be used to proportionally increase each county's allocation in the other area.

Subd. 2a. [ELIGIBLE RECIPIENTS.] Families that meet the eligibility requirements under sections 256H.10, except AFDC recipients and transition year families, and 256H.11 are eligible for child care assistance under the basic sliding fee program. From July 1, 1990, to June 30, 1991, a county may not accept new applications for the basic sliding fee program unless the county can demonstrate that its state money expenditures for the basic sliding fee program for this period will not exceed 95 percent of the county's allocation of state money for the fiscal year ending June 30, 1990. As basic sliding fee program money becomes available to serve new families, eligible families whose benefits were terminated during the fiscal year ending June 30, 1990, for reasons other than loss of eligibility shall be reinstated. Families enrolled in the basic sliding fee program as of July 1, 1990, shall be continued until they are no longer eligible. Counties shall make vendor payments to the child care provider or pay the parent directly for eligible child care expenses on a reimbursement basis.

Subd. 2b. [FUNDING PRIORITY.] (a) First priority for child care assistance under the basic sliding fee program must be given to eligible non-AFDC families who do not have a high school or general equivalency diploma or who need remedial and basic skill courses in order to pursue employment or to pursue education leading to employment. Within this priority, the following subpriorities must be used:

- (1) child care needs of minor parents;
- (2) child care needs of parents under 21 years of age; and
- (3) child care needs of other parents within the priority group described in this paragraph.

(b) Second priority must be given to all other parents who are eligible for the basic sliding fee program.

Subd. 3. [REVIEW OF USE OF FUNDS; REALLOCATION.] After each quarter, the commissioner shall review the use of basic sliding fee program and AFDC child care program allocations by county. The commissioner may reallocate unexpended or unencumbered money among those counties who have expended their full allocation. Any unexpended money from the first year of the biennium may be carried forward to the second year of the biennium.

Subd. 4. [ALLOCATION FORMULA.] *For calendar year 1993 and subsequent calendar years, the basic sliding fee funds shall be allocated according to the following formula:*

(a) *One-half of the funds shall be allocated in proportion to each county's total expenditures for the basic sliding fee child care program reported during the 12-month period ending on June 30 of the preceding calendar year.*

(b) *One-fourth of the funds shall be allocated based on the average unduplicated number of persons who receive AFDC, general assistance, and medical assistance per month during the second preceding calendar year as reported in the average monthly caseload reports required under sections 256.01, 256B.04, and 256D.04, and certified by the commissioner of human services.*

(c) *One-fourth of the funds shall be allocated based on the number of persons residing in the county as determined by the most recent data of the state demographer.*

*Subd. 5. [FORMULA LIMITATION.] The amounts computed under subdivision 4 shall be subject to the following limitation. No county shall be allocated an amount less than its guaranteed floor as provided in subdivision 6. If the amount allocated to a county under subdivision 4 would be less than its guaranteed floor, the shortage shall be recovered proportionally from all counties which would be allocated more than their guaranteed floor.*

*Subd. 6. [GUARANTEED FLOOR.] (a) Each county's guaranteed floor shall equal the lesser of:*

- (1) the county's original allocation in the preceding calendar year; or*
- (2) 110 percent of the county's basic sliding fee child care program state earnings for the 12-month period ending on June 30 of the preceding calendar year. For purposes of this clause, "state earnings" means the reported nonfederal share of direct child care expenditures adjusted for the 15 percent required county match and seven percent administration limit.*

*(b) When the amount of funds available for allocation is less than the amount available in the previous year, each county's previous year allocation shall be reduced in proportion to the reduction in the statewide funding, for the purpose of establishing the guaranteed floor.*

*Subd. 7. [FUND FOR TRANSITION-YEAR FAMILIES.] The commissioner shall establish a separate fund to be used for child care services for transition year families, as defined in section 256H.01, who have completed their transition year and who remain eligible for services under section 256H.10, but for whom no funds are available in the basic sliding fee program. Counties shall use the separate fund to provide funding for child care services for these families while maintaining them on the waiting list for funding under section 256H.03, and shall transfer them to basic sliding fee funding when space is available. Counties are not obligated to spend money for this purpose if the separate fund is not available.*

**Sec. 3. [256H.035] [FEDERAL AT-RISK CHILD CARE PROGRAM.]**

*Subdivision 1. [COMMISSIONER TO ADMINISTER PROGRAM.] The commissioner of human services is authorized and directed to receive, administer, and expend funds available under the at-risk child care program under Public Law Number 101-508 (1).*

*Subd. 2. [RULEMAKING AUTHORITY.] The commissioner may adopt rules under chapter 14 to administer the at-risk child care program.*

**Sec. 4. Minnesota Statutes 1990, section 256H.05, is amended to read: 256H.05 [AFDC CHILD CARE PROGRAM.]**

*Subd. 1b. [ELIGIBLE RECIPIENTS.] Families eligible for guaranteed child care assistance under the AFDC child care program are:*

- (1) persons receiving services under section 256.736;*
- (2) AFDC recipients who are employed; and*
- (3) persons who are members of transition year families under section 256H.01, subdivision 16; and*
- (4) members of the control group for the STRIDE evaluation conducted*

*by the Manpower Demonstration Research Corporation.*

Subd. 1c. [FUNDING WAITING LIST PRIORITY.] AFDC recipients must be put on a waiting list for the basic sliding fee program when they leave AFDC due to their earned income.

Subd. 2. [COOPERATION WITH OTHER PROGRAMS.] The county shall develop cooperative agreements with the employment and training service provider for coordination of child care funding with employment, training, and education programs for all AFDC recipients who receive services under section 256.736. The cooperative agreement shall specify that individuals receiving employment, training, and education services under an employability plan from the employment and training service provider shall be guaranteed child care assistance from the county responsible for the current employability development plan.

Subd. 3. [CONTRACTS; OTHER USES ALLOWED.] Counties may contract for administration of the program or may arrange for or contract for child care funds to be used by other appropriate programs, in accordance with this section and as permitted by federal law and regulations.

Subd. 5. [FEDERAL REIMBURSEMENT.] Counties shall maximize their federal reimbursement under Public Law Number 100-485 or other federal reimbursement programs for money spent for persons ~~listed in this section~~ *eligible under this chapter*. The commissioner shall allocate any federal earnings to the county to be used to expand child care services under ~~these sections~~ *this chapter*.

*Subd. 2. [RULEMAKING AUTHORITY.] The commissioner may adopt rules under chapter 14 to administer the child care development block grant program.*

Sec. 6. Minnesota Statutes 1990, section 256H.09, is amended by adding a subdivision to read:

*Subd. 5. [CARRY FORWARD.] Funds appropriated for the AFDC child care program under section 256H.05 and for the basic sliding fee program under section 256H.03 do not cancel to the general fund and are available for the next fiscal year for child care subsidies to eligible families.*

Sec. 7. Minnesota Statutes 1990, section 256H.15, subdivision 1, is amended to read:

Subdivision 1. [SUBSIDY RESTRICTIONS.] (a) Until June 30, 1991, the maximum child care rate is determined under this paragraph. The county board may limit the subsidy allowed by setting a maximum on the provider child care rate that the county shall subsidize. The maximum rate set by any county shall not be lower than 110 percent or higher than 125 percent of the median rate in that county for like care arrangements for all types of care, including special needs and handicapped care, as determined by the commissioner. If the county sets a maximum rate, it must pay the provider's rate for each child receiving a subsidy, up to the maximum rate

set by the county. If a county does not set a maximum provider rate, it shall pay the provider's rate for every child in care. The maximum state payment is 125 percent of the median provider rate. If the county has not set a maximum provider rate and the provider rate is greater than 125 percent of the median provider rate in the county, the county shall pay the amount in excess of 125 percent of the median provider rate from county funding sources. The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care, including special needs and handicapped care.

(b) Effective July 1, 1991, the maximum rate paid for child care assistance under the child care fund is the maximum rate eligible for federal reimbursement except ~~as that a provider receiving reimbursement under paragraph (a) as of January 1, 1991, shall be paid at a rate no less than the rate of reimbursement received under that paragraph.~~ A rate which includes a provider bonus paid under subdivision 2 or a special needs rate paid under subdivision 3 may be in excess of the maximum rate allowed under this subdivision 2. The department of human services shall monitor the effect of this paragraph on provider rates. The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care, including special needs and handicapped care.

(c) When the provider charge is greater than the maximum provider rate allowed, the parent is responsible for payment of the difference in the rates in addition to any family copayment fee.
