*(f) In selecting the demonstration projects, the commissioner may give preference to proposals submitted by two or more counties.*

*(i) The demonstration projects must be completed by July 1, 1995.*

*(j) The legislative auditor shall evaluate the results of the demonstration projects.*

*(k) If the results of the demonstration projects indicate that the needs the administrative rule requirements were developed to address can be met by means that are less costly and less prescriptive, and that give counties greater flexibility when providing social services, the commissioner may amend or repeal the appropriate social services rule requirement under chapter 14. If the requirement is specified in statute, the commissioner shall recommend legislative changes in the biennial state plan under section 256E.04, subdivision 1.*

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1990, section 125.12, subdivision 4, is amended to read:

Subd. 4. [TERMINATION OF CONTRACT AFTER PROBATIONARY PERIOD.] A teacher who has completed a probationary period in any school district, and who has not been discharged or advised of a refusal to renew the teacher's contract pursuant to subdivision 3, shall have a continuing contract with such district. Thereafter, the teacher's contract shall remain in full force and effect, except as modified by mutual consent of the board and the teacher, until terminated by a majority roll call vote of the full membership of the board prior to April 1 upon one of the grounds specified in subdivision 6 or prior to June 1 upon one of the grounds specified in subdivision 6a or 6b, or until the teacher is discharged pursuant to subdivision 8, or by the written resignation of the teacher submitted prior to April 1; provided, however, that if an agreement as to the terms and conditions of employment for the succeeding school year has not been adopted pursuant to the provisions of sections 179A.01 to 179A.25 prior to March 1, the teacher's right of resignation shall be extended to the 30th calendar day following the adoption of said contract in compliance with section 179A.20, subdivision 5. Such written resignation by the teacher shall be effective as of June 30 if submitted prior to that date and the teachers' right of resignation for the school year then beginning shall cease on July 15. Before a teacher's contract is terminated by the board, the board shall notify the teacher in writing and state its ground for the proposed termination in reasonable detail together with a statement that the teacher may make a written request for a hearing before the board within 14 days after receipt of such notification. *If the grounds are those specified in subdivision 6 or 8, the notice must also state a teacher may request arbitration under section 2.* Within 14 days after receipt of this notification the teacher may make a written request for a hearing before the board or an arbitrator and it shall be granted upon reasonable notice to the teacher of the date set for hearing, before final action is taken. If no hearing is requested within such period, it shall be deemed acquiescence by the teacher to the board's action. Such termination shall take effect at the close of the school year in which the contract is terminated in the manner aforesaid. Such contract may be terminated at any time by mutual consent of the board and the teacher and this section shall not affect the powers of a board to suspend, discharge, or demote a teacher under and pursuant to other provisions of law.

Sec. 2. Minnesota Statutes 1990, section 125.12, is amended by adding a subdivision to read:

Subd. 9a. [HEARING AND DETERMINATION BY ARBITRATOR.] *A teacher whose termination is proposed under subdivision 4 on grounds specified in subdivision 6, or whose discharge is proposed under subdivision 8, may elect a hearing before an arbitrator instead of the school board. The hearing is governed by this subdivision.*

*(a) The teacher must make a written request for a hearing before an arbitrator within 14 days after receiving notification of proposed termination on grounds specified in subdivision 6 or within ten days of receiving notification of proposed discharge under subdivision 8. If a request for a hearing does not specify that the hearing be before an arbitrator, it shall be considered to be a request for a hearing before the school board.*

*(b) If the teacher and the school board are unable to mutually agree on an arbitrator, the school board shall request from the bureau of mediation services a list of five persons to serve as an arbitrator. If the matter to be heard is a proposed termination on grounds specified in subdivision 6, arbitrators on the list must be available to hear the matter and make a decision within a time frame that will allow the school board to comply with all statutory timelines relating to termination. If the teacher and the school board are unable to mutually agree on an arbitrator from the list provided, the parties shall alternately strike names from the list until the name of one arbitrator remains. The person remaining after the striking procedure shall be the arbitrator. If the parties are unable to agree on who shall strike the first name, the question must be decided by a flip of a coin. The teacher and the school board shall share equally the costs and fees of the arbitrator.*

*(c) The arbitrator shall determine, by a preponderance of the evidence, whether the grounds for termination or discharge specified in subdivision 6 or 8 exist to support the proposed termination or discharge. A lesser penalty than termination or discharge may be imposed by the arbitrator only to the extent that either party proposes such lesser penalty in the proceeding. In making the determination, the arbitration proceeding is governed by sections 572.11 to 572.17 and by the collective bargaining agreement applicable to the teacher.*

*(d) An arbitration hearing conducted under this subdivision is a meeting for preliminary consideration of allegations or charges within the meaning of section 471.705, subdivision 1d, clause (c), and shall be closed, unless the teacher requests it to be open.*

*(e) The arbitrator's award is final and binding on the parties, subject to sections 572.18 to 572.26.*

Sec. 3. Minnesota Statutes 1990, section 125.17, subdivision 5, is amended to read:

Subd. 5. [HEARING OF CHARGES AGAINST TEACHER.] The charges against a teacher shall be in writing and signed by the person making the same and then filed with the secretary or clerk of the school board having charge of the school in which the teacher is employed. Such school board before discharging or demoting a teacher shall then accord the teacher against whom such charges have been filed a full hearing and give to the teacher at least ten days' notice in writing of the time and place of such hearing; such notice may be served personally or sent by certified mail addressed to such teacher at the teacher's last known post office address; provided, that if the charge be made by any person not in connection with the school system the charge may be disregarded by such school board. *If the grounds are those specified in subdivision 4, clause (1), (2), (3), or (4), the notice must also state a teacher may request arbitration under section 4.* Upon such hearing being held such school board or an arbitrator shall hear all evidence that may be adduced in support of the charges and for the teacher's defense thereto. Either party shall have the right to have a written record of the hearing at the expense of the board and to have witnesses subpoenaed and all witnesses so subpoenaed shall be examined under oath. Any member of the school board conducting such a hearing shall have authority to issue subpoenas and to administer oaths to witnesses.

Sec. 4. Minnesota Statutes 1990, section 125.17, is amended by adding a subdivision to read:

*Subd. 10a. [HEARING AND DETERMINATION BY ARBITRATOR.] A teacher against whom charges have been filed alleging any cause for discharge or demotion specified in subdivision 4, clause (1), (2), (3), or (4), may elect a hearing before an arbitrator instead of the school board. The hearing is governed by this subdivision.*

*(a) The teacher must make a written request for a hearing before an arbitrator within ten days after receiving a written notice of the filing of charges required by subdivision 5. Failure to request a hearing before an arbitrator during this period is considered acquiescence to a hearing before the board.*

*(b) If the teacher and the school board are unable to mutually agree on an arbitrator, the school board shall request from the bureau of mediation services a list of five persons to serve as an arbitrator. If the teacher and the school board are unable to mutually agree on an arbitrator from the list provided, the parties shall alternately strike names from the list until the name of one arbitrator remains. The person remaining after the striking procedure shall be the arbitrator. If the parties are unable to agree on who shall strike the first name, the question must be decided by a flip of a coin. The teacher and the school board shall share equally the costs and fees of the arbitrator.*

*(c) The arbitrator shall determine, by a preponderance of the evidence, whether the causes specified in subdivision 4, clause (1), (2), (3), or (4), exist to support the proposed discharge or demotion. A lesser penalty than discharge or demotion may be imposed by the arbitrator only to the extent that either party proposes such lesser penalty in the proceeding. In making the determination, the arbitration proceeding is governed by sections 572.11 to 572.17 and by the collective bargaining agreement applicable to the teacher.*

*(d) An arbitration hearing conducted under this subdivision is a meeting for preliminary consideration of allegations or charges within the meaning of section 471.705, subdivision 1d, clause (c), and shall be closed, unless the teacher requests it to be open.*

*(e) The arbitrator's decision is final and binding on the parties, subject to sections 572.18 to 572.26.*

Sec. 5. Minnesota Statutes 1990, section 179A.04, subdivision 3, is amended to read:

Subd. 3. [OTHER DUTIES.] The commissioner shall:

(a) provide mediation services as requested by the parties until the parties reach agreement. The commissioner may continue to assist parties after they have submitted their final positions for interest arbitration;

Subd. 4. [GRIEVANCE PROCEDURE.] (a) All contracts must include a grievance procedure providing for compulsory binding arbitration of grievances including all written disciplinary actions. If the parties cannot agree on the grievance procedure, they are subject to the grievance procedure promulgated by the commissioner under section 179A.04, subdivision 3, clause (h).

(b) Notwithstanding any home rule charter to the contrary, after the probationary period of employment, any disciplinary action, ~~other than the termination of a teacher contract or the discharge of a teacher under section 125.12 or 125.17,~~ is subject to the grievance procedure and compulsory

If any member of the Joint Convention is called to order for offensive words in debate, the member calling him to order shall report the words to which exception is taken and the Secretary shall record them. No member may be called to order for any language used in debate if exception is not taken before any other member has spoken or any other business has taken place. A member called to order shall immediately sit down unless another member moves to permit him to explain. In any case, the Joint Convention, if appealed to, shall decide without debate. Only if the decision is in favor of the member called to order shall he be at liberty to proceed.

### **CALL OF THE CONVENTION**

Rule 1.07. Five members may demand a call of the Convention at any time except after voting has commenced. When such a call is demanded, the doors shall be closed, the roll shall be called, the absent members shall be sent for, and no member may be permitted to leave the Chamber, unless excused by the President, until the call is lifted. Proceedings under the roll call may be suspended by a majority vote of all the members of the Convention. A call of the Convention may be lifted by a majority vote of all the members of the Convention.

**ELECTIONS**

Rule 1.08. In all elections by the Joint Convention, members shall vote viva voce and the roll of Senate members shall be called first. Whenever there is an election of any officer in Joint Convention, the result shall be certified by the President of the Senate and the Speaker of the House and announced by them to their respective houses. The result shall be entered on the Journal of each house and communicated to the Governor by the Secretary of the Convention.

**NO SMOKING**

Rule 1.09. No person is permitted to smoke in the Chamber or in the gallery during a Joint Convention.

**PARLIAMENTARY PROCEDURE**

Rule 1.10. The rules of the House shall be the Rules of the Joint Convention of both houses in all cases in which the foregoing rules are not applicable.

**ARTICLE II: BILLS**

**FORM**

Rule 2.01. The title of each bill shall clearly state its subject and briefly state its purpose. When a bill amends or repeals an existing act, the title shall refer to the chapter, section or subdivision.

Reference shall be made to Minnesota Statutes for the provisions appearing therein unless reference to previous session laws is required for some special reason.

Bills shall refer to Minnesota Statutes as follows:

“Minnesota Statutes . . . . ., section . . . . .”

Bills shall refer to the session laws as follows:

“Laws . . . . ., chapter . . . . ., section . . . . .”

A bill for the amendment of a statute shall contain the full text of the section or subdivision to be amended as it appears in the latest edition of Minnesota Statutes unless it has been amended, in which event it shall contain the full text as amended.

The words and characters constituting the amending matter shall be inserted in the proper place in the text and underscored. The words and characters to be eliminated by the amendment shall be stricken by drawing a line through them. The text of a new section or subdivision shall also be underscored when a bill amends an existing chapter or section by adding a new section or subdivision. In the omnibus appropriation bills required by Joint Rule 2.02, sections making an appropriation or transfer and not amending a statute or session law need not have new material underscored. Before a committee favorably reports upon a bill, the chairman of the committee shall see that the bill conforms to this rule. When a bill is printed in the Journal, the new matter shall be in italics or underscored and the matter to be eliminated shall be capitalized and in parentheses or stricken by drawing a line through it. A bill drafted by the Revisor of Statutes for the purposes of correcting

errors in Minnesota Statutes need not comply with the provisions of this paragraph if the bill is labeled "REVISOR'S BILL" immediately below the title, and if there is attached thereto a memorandum of information explaining the reasons for the bill.

If the bill is for an original law and not for an amendment of an existing law, the sections and subdivisions shall be arranged, subdivided, and numbered in like manner as Minnesota Statutes. If such a bill assigns to the sections thereof headnotes or identification by the decimal system of numbering used in Minnesota Statutes, such headnotes and decimal identification may be submitted by standing committee chairmen to the Revisor of Statutes for examination. Any such headnotes shall be capital letters enclosed in brackets, and shall be subject to the provisions of Minnesota Statutes, section 648.36.

All numbers in titles shall be expressed in figures. All numbers of section or chapter of law shall be in figures. In the body of a bill numbers in excess of ten shall be in figures, except for a special reason they may be written, but when written they shall not be followed by numbers or parentheses.

### APPROPRIATING MONEY

Rule 2.02. The same bill shall not appropriate public money or property to more than one local or private purpose.

No clause appropriating money for a local or private purpose shall be contained in a bill appropriating money for the State government or public institutions. All resolutions authorizing the issuing of abstracts by the Secretary of the Senate or the Chief Clerk of the House for the payment of money shall be upon the call of "yeas" and "nays."

In odd-numbered years, at least ~~twenty~~ *eighteen* calendar days prior to the last day the Legislature can meet in regular session [Thursday, May 2, 1991], the Committee on Finance of the Senate and the Committee on Appropriations of the House shall report to their respective houses, unless directed by concurrent resolution to report different appropriation bills, ~~five~~ separate appropriation bills *for the two succeeding fiscal years* as follows:

against the State of Minnesota which may have been allowed by the Finance Committee of the Senate or the Appropriations Committee of the House;

~~(e) A bill covering all appropriations made for agriculture, transportation, and semi-state activities.~~

No other appropriations shall be contained in any of said bills but all other appropriations shall be contained in separate bills.

### DEADLINES

Rule 2.03. (a) In odd-numbered years, committee reports on bills favorably acted upon by a committee in the house of origin after ~~April 14, 1989~~ *April 12, 1991*, and committee reports on bills originating in the other house favorably acted upon by a committee after ~~April 26, 1989~~ *April 24, 1991*, shall be referred in the Senate to the Committee on Rules and Administration, and in the House of Representatives to the Committee on Rules and Legislative Administration for disposition. Referral is not required when a committee after the earlier date and by the later date set by this paragraph acts on a bill that is a companion to a bill that has met the earlier deadline in the other house. This rule does not apply to the Senate Committees on Finance and on Taxes and Tax Laws, and the House Committees on Appropriations and on Taxes.

Conference committees on the major appropriation bills specified in Joint Rule 2.02 shall have their reports on the members' desks by the last Thursday on which the Legislature can meet in regular session [*May 16, 1991*]. ~~After the last Friday on which the Legislature can meet in regular session [May 17, 1991], neither house shall act on bills other than those contained in:~~

### AMENDING BILLS ORIGINATING IN OTHER HOUSE

Rule 2.04. Either house shall have the power to amend any bill, memorial, or resolution passed by the other house.

### RECEDING FROM POSITION

Rule 2.05. Prior to a Conference Committee on any matter, either house may recede from its position on any difference existing between the two houses. In order to recede, and if the matter is not in the possession of a house, that house shall request return of the matter from the other house. To recede, a majority of a house shall govern, except in cases otherwise provided in the Constitution. If the question is put and lost, it shall not be put again on the same day. A reconsideration of the question shall in all respects be regulated by the rules of that house.

### CONFERENCE COMMITTEES

Rule 2.06. In all cases of disagreement between the Senate and House on amendments adopted by either house to a bill, memorial or resolution passed by the other house, a Conference Committee consisting of not less than three members nor more than five members from each house may be requested by either house. The other house shall appoint a similar committee.

The manner of procedure shall be as follows: The house of origin passes a bill and transmits it to the other body. If the other body adopts an amendment to the bill and passes it as amended, it shall return the bill with a record of its actions to the house of origin. If the house of origin refuses to concur in the amendment, it shall ask for a Conference Committee, appoint such a committee on its part, and transmit the bill with a record of its action to the other house. If the other house adheres to its amendment, it shall appoint a like committee and return the bill to the house of origin.

All Conference Committees shall be open to the public.

As much as practical, meetings of Conference Committees shall be announced as far in advance as possible and actions taken shall be agreed upon in an open meeting. At an agreed upon hour the Conference Committee shall meet. The members from each house shall state to the members from the other house, orally or in writing, the reason for their respective positions. The members shall confer thereon and shall report to their respective houses the agreement they have reached, or, if none, the fact of a disagreement.

If an agreement is reported, the house of origin shall act first upon the report. A Conference Committee report must be limited to provisions that are germane to the bill and amendments that were referred to the Conference Committee. A provision is not germane if it relates to a substantially different subject or is intended to accomplish a substantially different purpose from that of the bill and amendment that were referred to the Conference Committee. If the report is adopted and repassed as amended by the Conference Committee by the house of origin, the report, the bill and a record of its action shall be transmitted to the other house.

Except after the last Thursday on which the Legislature can meet in regular session in odd-numbered years [May 16, 1991], and after the last Thursday on which the Legislature intended, when it adopted the concurrent resolution required by Rule 2.03, paragraph (b), to meet in regular session in even-numbered years, a written copy of a report of a Conference Committee shall be placed on the desk of each member of a house twelve hours before action on the report by that house. If the report has been reprinted in the Journal of either house for a preceding day and is available to the members, the Journal copy shall serve as the written report. The member presenting the Conference Committee report to the body shall disclose, either in writing or orally, the substantial changes from the bill or the amendment as they were last before the body.

### ENROLLMENT AND SIGNATURE

Rule 2.07. After a bill or memorial has been passed by both houses, it shall be carefully and properly enrolled by the Revisor of Statutes under the direction of the Secretary of the Senate for a matter originating in the Senate or the Chief Clerk of the House for a matter originating in the House. The Revisor of Statutes shall obtain the signatures and certificates of the proper officers to the enrolled copy of the bill or memorial and present it

to the Governor for his approval.

A bill or memorial may be prepared for presentation to the Governor on good quality paper approximately 8 1/2" x 14" in size and may be produced by means of a copying machine. An enrolled bill shall be labeled "An Act" and it shall be identical to the bill passed by the Legislature. An enrolled bill which is amendatory of any existing law or constitutional provision shall indicate deletions and additions in the manner provided in Rule 2.01 for printed bills.

A brief summary of the recommendations of the commission or committee shall appear first and be clearly separated from its findings, discussions, and exhibits. If the report contains legislative recommendations, a copy of any proposed legislation, particularly if extensive in character, shall if possible be attached as an exhibit at the end of the report.

By May 7 of each odd-numbered year, *or at a date agreed to by concurrent resolution* a joint committee shall meet to recommend nominees for regent of the University of Minnesota to be presented to a Joint Convention of the legislature. The members of the joint committee are the members of the senate and house committees on education and the members

The joint committee shall determine the number of persons, and the person or persons to be recommended for each open seat.

Each person recommended by the regent candidate advisory council is considered to be nominated. Other persons may be nominated by a member of the committee at the meeting. Nominations may be made by committee members only. Nominations must be made for a specified congressional or student seat, or for any at-large seat.

The roll shall be called *viva voce* on the recommendation of regents. A majority vote of the members of the joint committee is required for a candidate to be recommended.

### JOINT CONVENTION

Rule 4.02. At the Joint Convention of the senate and house of representatives called to elect regents, the joint committee shall report the name of the person or persons recommended for each seat. These persons are considered to be nominated. Any member of the legislature may submit additional nominations. If there is more than one at-large seat to be filled, all candidates for an at-large seat run for any of the at-large seats.

The roll shall be called *viva voce* on the election of regents. The roll must be called first on congressional district seats until they are filled, then on the student seat, and then on the at-large seats. The candidate for each seat receiving a majority of the votes cast must be declared elected. If no candidate receives a majority of the votes cast for a seat, on each succeeding ballot the candidate with the fewest votes must be dropped from consideration and the votes cast again until a majority vote is achieved. Section 1. Minnesota Statutes 1990, section 216B.16, subdivision 6b, is amended to read:

Subd. 6b. [ENERGY CONSERVATION IMPROVEMENTS.] All investments and expenses of a public utility as defined in section 216B.241, subdivision (4) 1, ~~clause (e) paragraph (d)~~, incurred in connection with energy conservation improvements shall be recognized and included by the commission in the determination of just and reasonable rates as if the investments and expenses were directly made or incurred by the utility in furnishing utility service.

Sec. 2. Minnesota Statutes 1990, section 216B.241, is amended to read:

216B.241 [ENERGY CONSERVATION IMPROVEMENTS.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms

defined in this subdivision ~~shall~~ have the meanings given them:

(a) "Commission" means the public utilities commission, ~~department of public service~~;

(b) "Commissioner" means the commissioner of public service.

(c) "Department" means the department of public service.

~~(e)~~ (d) "Energy conservation improvement" means the purchase or installation of ~~any~~ a device, method, or material that *reduces energy consumption* or increases the efficiency in the use of electricity or natural gas, including, but not limited to:

- (1) insulation and ventilation;
- (2) storm or thermal doors or windows;
- (3) caulking and weatherstripping;
- (4) furnace efficiency modifications;
- (5) thermostat or lighting controls;
- (6) awnings; or

(7) systems to turn off or vary the delivery of energy. The term "energy conservation improvement" includes ~~any~~ a device or method ~~which~~ that creates, converts, or actively uses energy from renewable sources such as solar, wind, and biomass, ~~providing such~~ *provided that the device or method conforms with national or state performance and quality standards whenever applicable.*

~~(d)~~ (e) "Investments and expenses of a public utility" includes the investments and expenses incurred by a public utility in connection with an energy conservation improvement including, but not limited to:

(1) the differential in interest cost between the market rate and the rate charged on a no interest or below market interest loan made by a public utility to a customer for the purchase or installation of an energy conservation improvement;

(2) the difference between the utility's cost of purchase or installation of energy conservation improvements and any price charged by a public utility to a customer for such improvements.

~~(e) "Public utility" has the same meaning as given that term in section 216B.02, subdivision 4. For the purposes of this section, "public utility" shall not include cooperative electric associations that become subject to rate regulation after April 16, 1980.~~

*Subd. 1a. [INVESTMENTS, EXPENDITURES, AND CONTRIBUTIONS; REGULATED UTILITIES.] For purposes of this subdivision and subdivision 2, "public utility" has the meaning given it in section 216B.02, subdivision 4. The commissioner shall by rule require each public utility to spend and invest a significant amount of its gross operating revenues for energy conservation improvements under subdivision 2 and to contribute a significant amount of its gross operating revenues to the low-income energy and conservation account established by subdivision 2a. The commissioner shall determine what constitutes a significant amount for each utility, but, at a minimum, the amount spent, invested, and contributed under this paragraph must equal the lesser of:*

(1) .5 percent of its Minnesota jurisdictional gross retail operating revenues for a utility furnishing gas service;

(2) 1.5 percent of its Minnesota jurisdictional gross retail operating revenues for a utility furnishing electric service; or

(3) 140 percent of the amount committed by the utility under this section in the previous year.

In determining what constitutes a significant amount for a utility, the commissioner shall consider the utility's long-range energy demand forecasts, overall state energy needs, the effect of conservation programs on long-term energy demand, and any other factors the commissioner might consider relevant.

Using the information collected under section 216C.02, subdivision 1, paragraph (b), the commissioner shall determine for each utility how much of the total amount required under this subdivision must be devoted to expenditures and investments for energy conservation programs and how much must be contributed to the account established by subdivision 2a.

*Subd. 1b. [CONTRIBUTIONS: COOPERATIVES; MUNICIPALITIES.] This subdivision applies to:*

(1) a cooperative electric association that generates and transmits electricity to associations that provide electricity at retail;

(2) a municipality with gross operating revenues in excess of \$5,000,000 from sales of electricity to retail customers, unless the municipality purchases more than 85 percent of its electricity from a cooperative electric association governed by this subdivision;

(3) a municipality with gross operating revenues in excess of \$5,000,000 from sales of natural gas to retail customers; and

(4) a municipality not governed by clause (2) or (3), but with gross operating revenues in excess of \$7,500,000 from combined sales of electricity and natural gas to retail customers, unless the municipality purchases more than 85 percent of its electricity from a cooperative electric association governed by this subdivision.

The commissioner shall by rule require each municipality and each cooperative electric association to contribute a significant amount of its gross operating revenues to the low-income energy and conservation account established by subdivision 2a. The commissioner shall determine what constitutes a significant amount for each municipality and cooperative association, but, at a minimum, the amount contributed under this subdivision must equal one percent of a municipality's gross operating revenues from the sale of electricity and .5 percent of its gross operating revenues from the sale of natural gas or one percent of a cooperative association's Minnesota jurisdictional gross operating revenues. In determining what constitutes a significant amount for a municipality or cooperative association, the commissioner shall consider the municipality's or association's long-range energy demand forecasts, overall state energy needs, the effect of conservation programs on long-term energy demand, and any other factors the commissioner might consider relevant.

This section does not prevent a municipality or an association from voluntarily spending or investing a portion of its gross revenues on energy conservation improvements or load management, but the amount spent or

*invested for those purposes may not be considered part of the amount required to meet the requirements of this subdivision.*

Subd. 2. [PROGRAMS.] The ~~department~~ commissioner may by rule require public utilities to make investments and expenditures in energy conservation improvements, explicitly setting forth the interest rates, prices, and terms under which the improvements must be offered to the customers. The required programs must cover a two-year period. The ~~department~~ commissioner shall require at least one public utility to establish a pilot program to make investments in and expenditures for energy from renewable resources such as solar, wind, or biomass *and shall give special consideration and encouragement to programs that bring about significant net savings through the use of energy-efficient lighting.* The ~~department~~ commissioner shall evaluate the program on the basis of cost-effectiveness and the reliability of technologies employed. The rules of the department must provide to the extent practicable for a free choice, by consumers participating in the program, of the device, method, or material constituting the energy conservation improvement and for a free choice of the seller, installer, or contractor of the energy conservation improvement, provided that the device, method, material, seller, installer, or contractor is duly licensed, certified, approved, or qualified, including under the residential conservation services program, where applicable. The ~~department~~ commissioner may require a utility to make an energy conservation improvement investment or expenditure whenever the ~~department~~ commissioner finds that the improvement will result in energy savings at a total cost to the utility less than the cost to the utility to produce or purchase an equivalent amount of new supply of energy. The ~~department~~ commissioner shall nevertheless ensure that every public utility operate one or more programs, under periodic review by the department, ~~that make significant investments in and expenditures for energy conservation improvements.~~ The ~~department~~ commissioner shall consider and may require a utility to undertake a program suggested by an outside source, including a political subdivision or a nonprofit or community organization. The department shall ensure that at least half the money spent on residential programs is devoted to programs that directly address the needs of renters and low-income families and individuals unless an insufficient number of appropriate programs are available. For purposes of this section, "low income" means an income less than 185 percent of the federal poverty level. ~~Investments and expenditures made under this subdivision must be treated for ratemaking purposes in the manner prescribed in section 246B-16, subdivision 6b. No utility shall~~ *may* make an energy conservation improvement ~~pursuant to~~ *under* this section to a building envelope unless:

(1) it is the primary supplier of energy used for either space heating or cooling in the building ~~or unless~~;

(2) the ~~department~~ commissioner determines that special circumstances, which would unduly restrict the availability of conservation programs, warrant otherwise; *or*

(3) *the utility has been awarded a contract under subdivision 2a.*

A utility, a political subdivision, or a nonprofit or community organization that has suggested a program, or the attorney general acting on behalf of consumers and small business interests, may petition the commission to modify or revoke a department decision to require a program under this subdivision, and the commission may do so if it determines that the program

is ineffective, ~~does not adequately address the needs of renters and low-income families and individuals,~~ or is otherwise not in the public interest. The person petitioning for commission review has the burden of proof. The commission shall reject a petition that, on its face, fails to make a reasonable argument that a program is not in the public interest.

*Subd. 2a. [LOW-INCOME ENERGY AND CONSERVATION ACCOUNT.] The commissioner shall deposit money contributed under subdivisions 1a and 1b in the low-income energy and conservation account in the general fund. Money in the account is appropriated to the department for programs designed to meet the energy needs of low-income persons and to make energy conservation improvements in areas not adequately served under subdivision 2. Interest on money in the account is appropriated to the department for administrative expenses related to the programs. Using information collected under section 216C.02, subdivision 1, paragraph (b), the commissioner shall, to the extent possible, allocate enough money to energy-assistance programs for low-income persons to ensure that their needs are being adequately addressed. The commissioner shall transfer money from the account to the department of jobs and training for energy-assistance and weatherization programs carried out by that agency for low-income persons. In establishing conservation improvement programs, the commissioner shall consult political subdivisions and nonprofit and community organizations, especially organizations engaged in providing energy and weatherization assistance to low-income persons. At least one program must address the need for energy conservation improvements in areas in which a high percentage of residents use fuel oil or propane to fuel their source of home heating. The commissioner may contract with a political subdivision, a nonprofit or community organization, a public utility, or a cooperative electric association to implement its conservation improvement programs.*

*Subd. 2b. [RECOVERY OF EXPENSES; TAXES.] The commission shall allow a utility to recover expenses resulting from a conservation improvement program required by the department unless the recovery would be inconsistent with a financial incentive proposal approved by the commission. In addition, if a utility makes the expenditures, investments, and contributions required by the department under subdivision 1a, the commission shall adjust the utility's rates annually to reflect any changes in taxes paid on real or personal property in Minnesota or in fees or permits required by a local, state, or federal government or government agency unless the commission finds, after receiving comments from interested parties, that there are significant questions as to the prudence or level of the fees or permits and that the issue of recovery should be deferred for consideration in a rate case.*

*Subd. 3. [OWNERSHIP OF ENERGY CONSERVATION IMPROVEMENTS.] ~~Any~~ An energy conservation improvement made to or installed in ~~any~~ a building pursuant to in accordance with this section, except systems owned by the utility and designed to turn off, limit, or vary the delivery of energy, ~~shall be~~ are the exclusive property of the owner of the building except ~~insofar as it to the extent that the improvement is subjected to a security interest in favor of the utility in case of a loan to the building owner. The utility shall have~~ has no liability for loss, damage or injury caused directly or indirectly by ~~any~~ an energy conservation improvement except for negligence by the utility in purchase, installation, or modification of the product.*

Subd. 4. [FEDERAL LAW PROHIBITIONS.] If investments by public utilities in energy conservation improvements are in any manner prohibited or restricted by federal law and there is a provision under which ~~such~~ *the* prohibition or restriction may be waived, then the commission, the governor, or any other necessary state agency or officer shall take all necessary and appropriate steps to secure a waiver with respect to those public utility investments in energy conservation improvements included in this section.

Subd. 5. [RULES.] *The commissioner may adopt emergency and permanent rules to implement this section.*

Sec. 3. Minnesota Statutes 1990, section 216C.02, subdivision 1, is amended to read:

Subdivision 1. [POWERS.] (a) The commissioner may:

(1) apply for, receive, and spend money received from federal, municipal, county, regional, and other government agencies and private sources;

(2) apply for, accept, and disburse grants and other aids from public and private sources;

(3) contract for professional services if work or services required or authorized to be carried out by the commissioner cannot be satisfactorily performed by employees of the department or by another state agency;

(4) enter into interstate compacts to carry out research and planning jointly with other states or the federal government when appropriate;

(5) upon reasonable request, distribute informational material at no cost to the public; and

(6) enter into contracts for the performance of the commissioner's duties with federal, state, regional, metropolitan, local, and other agencies or units of government and educational institutions, including the University of Minnesota, without regard to the competitive bidding requirements of chapters 16A and 16B.

(b) The commissioner shall collect information on conservation and other energy-related programs carried on by other agencies, by public utilities, by cooperative electric associations, by municipal power agencies, by other fuel suppliers, by political subdivisions, and by private organizations. Other agencies, cooperative electric associations, municipal power agencies, and political subdivisions shall cooperate with the commissioner by providing information requested by the commissioner. The commissioner may by rule require the submission of information by other program operators. The commissioner shall make the information available to other agencies and to the public and, as necessary, shall recommend to the legislature changes in the laws governing conservation and other energy-related programs to ensure that:

(1) expenditures on the programs are adequate to meet identified needs;

(2) the needs of low-income energy users are being adequately addressed;

(3) duplication of effort is avoided or eliminated;

(4) a program that is ineffective is improved or eliminated; and

(5) voluntary efforts are encouraged through incentives for their operators.

The commissioner shall appoint an advisory task force to help evaluate the information collected and formulate recommendations to the legislature.

The task force must include low-income energy users as defined in section 216B.241, subdivision 2.

(c) By January 15 of each year, the commissioner shall report to the legislature on the projected amount of federal money likely to be available to the state during the next fiscal year, including grant money and money received by the state as a result of litigation or settlements of alleged violations of federal petroleum pricing regulations. The report must also estimate the amount of money projected as needed during the next fiscal year to finance a level of conservation and other energy-related programs adequate to meet projected needs, particularly the needs of low-income persons and households, and must recommend the amount of state appropriations needed to cover the difference between the projected availability of federal money and the projected needs.

## ARTICLE 2

### COLD WEATHER RULE

Section 1. Minnesota Statutes 1990, section 216B.095, is amended to read:

#### 216B.095 [DISCONNECTION DURING COLD WEATHER.]

(a) For purposes of this section and of rules adopted by the commission in accordance with this section, the term "residential utility" includes:

- (1) a public utility as defined in section 216B.02, subdivision 4; and
- (2) a municipality and a cooperative electric association that has not voluntarily adopted and that adheres to a policy governing disconnections during cold weather that is substantially similar to the policy established by this section.

*A municipality or cooperative electric association that is not considered a residential utility for purposes of this section because it has voluntarily adopted and adheres to a policy governing disconnection during cold weather shall, by July 1 of each year, report to the commission on the number of residential units disconnected during the previous heating season, the number of those units that were occupied, and the duration of the disconnection.*

(b) The commission shall amend its rules governing disconnection of residential utility customers who are unable to pay for utility service during cold weather to include the following:

- (1) coverage of customers whose household income is less than 185 percent of the federal poverty level;
- (2) a requirement that a customer who pays the utility at least ten percent of the customer's income or the full amount of the utility bill, whichever is less, in a cold weather month cannot be disconnected during that month;
- (3) that the ten percent figure in clause (2) must be prorated between energy providers proportionate to each provider's share of the customer's total energy costs where the customer receives service from more than one provider;
- (4) that a customer's household income does not include any amount received for energy assistance;
- (5) verification of income by the local energy assistance provider, unless

the customer is automatically eligible as a recipient of any form of public assistance, including energy assistance, that uses income eligibility in an amount at or below the income eligibility in clause (1); and

(6) a requirement that the customer receive, from the local energy assistance provider or other entity, budget counseling and referral to weatherization, conservation, or other programs likely to reduce the customer's consumption of energy.

For the purpose of clause (2), the "customer's income" means the actual monthly income of the customer except for a customer who is normally employed only on a seasonal basis and whose annual income is over 135 percent of the federal poverty level, in which case the customer's income is the average monthly income of the customer computed on an annual calendar year basis.

#### Sec. 2. [ADOPTION AND APPROVAL OF VOLUNTARY PLANS.]

*A municipality or cooperative electric association is considered a "residential utility" for purposes of section 1 unless:*

*(1) it notifies the public utilities commission by July 1, 1991, of its intention voluntarily to adopt and adhere to a policy governing disconnection of its heating customers during cold weather that is substantially similar to the policy established by section 1; and*

*(2) it has submitted its policy to the commission and has begun to implement the policy by November 1, 1991.*

*The public utilities commission shall, by February 1, 1992, report to the legislature on the number of municipalities and cooperative electric associations that have elected to adopt policies under this section, on the effectiveness of voluntarily adopted policies, and on whether, in the commission's opinion, all municipalities and cooperative electric associations should be governed by section 1.*

#### Sec. 3. [EFFECTIVE DATE.]

*Sections 1 and 2 are effective the day following final enactment.*

### ARTICLE 3

#### ENERGY-EFFICIENT LIGHTING

Section 1. Minnesota Statutes 1990, section 16B.61, subdivision 3, is amended to read:

Subd. 3. [SPECIAL REQUIREMENTS.] (a) [SPACE FOR COMMUTER VANS.] The code must require that any parking ramp or other parking facility constructed in accordance with the code include an appropriate number of spaces suitable for the parking of motor vehicles having a capacity of seven to 16 persons and which are principally used to provide prearranged commuter transportation of employees to or from their place of employment or to or from a transit stop authorized by a local transit authority.

(b) [SMOKE DETECTION DEVICES.] The code must require that all dwellings, lodging houses, apartment houses, and hotels as defined in section 299F.362 comply with the provisions of section 299F.362.

(c) [DOORS IN NURSING HOMES AND HOSPITALS.] The state building code may not require that each door entering a sleeping or patient's room from a corridor in a nursing home or hospital with an approved

complete standard automatic fire extinguishing system be constructed or maintained as self-closing or automatically closing.

(d) [CHILD CARE FACILITIES IN CHURCHES.] A licensed day care center serving fewer than 30 preschool age persons and which is located in a below ground space in a church building is exempt from the state building code requirement for a ground level exit when the center has more than two stairways to the ground level and its exit.

(e) [FAMILY AND GROUP FAMILY DAY CARE.] The commissioner of administration shall establish a task force to determine occupancy standards specific and appropriate to family and group family day care homes and to examine hindrances to establishing day care facilities in rural Minnesota. The task force must include representatives from rural and urban building code inspectors, rural and urban fire code inspectors, rural and urban county day care licensing units, rural and urban family and group family day care providers and consumers, child care advocacy groups, and the departments of administration, human services, and public safety.

By January 1, 1989, the commissioner of administration shall report the task force findings and recommendations to the appropriate legislative committees together with proposals for legislative action on the recommendations.

Until the legislature enacts legislation specifying appropriate standards, the definition of Group R-3 occupancies in the state building code applies to family and group family day care homes licensed by the department of human services under Minnesota Rules, chapter 9502.

(f) [MINED UNDERGROUND SPACE.] Nothing in the state building codes shall prevent cities from adopting rules governing the excavation, construction, reconstruction, alteration, and repair of mined underground space pursuant to sections 469.135 to 469.141, or of associated facilities in the space once the space has been created, provided the intent of the building code to establish reasonable safeguards for health, safety, welfare, comfort, and security is maintained.

(g) [ENCLOSED STAIRWAYS.] No provision of the code or any appendix chapter of the code may require stairways of existing multiple dwelling buildings of two stories or less to be enclosed.

(h) [DOUBLE CYLINDER DEAD BOLT LOCKS.] No provision of the code or appendix chapter of the code may prohibit double cylinder dead bolt locks in existing single-family homes, townhouses, and first floor duplexes used exclusively as a residential dwelling. Any recommendation or promotion of double cylinder dead bolt locks must include a warning about their potential fire danger and procedures to minimize the danger.

(i) [RELOCATED RESIDENTIAL BUILDINGS.] A residential building relocated within or into a political subdivision of the state need not comply with the state energy code or section 326.371 provided that, where available, an energy audit is conducted on the relocated building.

(j) [AUTOMATIC GARAGE DOOR OPENING SYSTEMS.] The code must require all residential buildings as defined in section 325F.82 to comply with the provisions of sections 325F.82 and 325F.83.

(k) [EXIT SIGN ILLUMINATION.] *The code must prohibit the use of incandescent bulbs in internally illuminated exit signs.*

Sec. 2. Minnesota Statutes 1990, section 299F.011, is amended by adding a subdivision to read:

*Subd. 4c. [EXIT SIGN ILLUMINATION.] The uniform fire code must prohibit the use of incandescent bulbs in internally illuminated exit signs.*

Sec. 3. [EFFECTIVE DATE.]

*Sections 1 and 2 are effective January 1, 1994, and apply to all internally illuminated exit signs in use on or after that date.*

#### ARTICLE 4

##### CERTIFICATE OF NEED PROCESS

Section 1. Minnesota Statutes 1990, section 216B.243, is amended by adding a subdivision to read:

*Subd. 3a. [USE OF RENEWABLE RESOURCES.] The commission may not issue a certificate of need under this section for a large energy facility that generates electric power by consuming a nonrenewable energy source, or that transmits electric power generated by a nonrenewable energy source to add to an applicant's total electrical capacity in Minnesota, unless the applicant for the certificate has demonstrated to the commission's satisfaction that it has explored the possibility of the generation of power by means of renewable energy sources and has demonstrated that the alternative selected is less expensive (including environmental costs) than power generated by a renewable energy source. For purposes of this subdivision, "renewable energy source" includes wind, solar, and geothermal energy and the use of trees or other vegetation as fuel.*

Sec. 2. [LANDFILL GAS RECOVERY.]

*The public utilities commission shall examine the economic and technical aspects of the process by which a qualified facility could use methane gas from qualified landfills to produce electricity for sale to electric utilities under Minnesota Statutes, section 216B.164. If the commission determines that use of that technology should be encouraged, but that changes in relevant statutes are necessary to accomplish that end, it shall recommend appropriate statutory changes to the legislature by January 15, 1992.*

#### ARTICLE 5

##### ENERGY CONSERVATION: BUILDINGS

Section 1. Minnesota Statutes 1990, section 16A.28, subdivision 3, is amended to read:

*Subd. 3. [PERMANENT IMPROVEMENTS.] An appropriation for permanent improvements, including the acquisition of real property and acquisition of energy conservation equipment, does not lapse until the purposes of the appropriation are determined by the commissioner, after consultation with the affected agencies, to be accomplished or abandoned.*

*That part of an agency's appropriation budgeted to energy costs that remains unexpended at the end of the fiscal year and is attributable to savings from energy conservation actions does not lapse and is available to the agency in succeeding fiscal years for additional energy conservation activities or energy efficiency loan repayment. In the event that all cost-effective energy efficiency projects have been fully implemented, savings may be used for other agency purposes. Savings attributable to energy conservation must be determined by the affected agencies in consultation*

with the commissioner of administration.

**Sec. 2. [16A.86] [STATE BUILDING ENERGY EFFICIENCY LOAN ACCOUNT.]**

*Subdivision 1. [ACCOUNT; USE.] The state building energy efficiency loan account is a separate account within the state treasury and may be used only for the purposes provided in subdivision 5.*

*Subd. 2. [COMMITTEE.] The state building energy efficiency loan committee consists of the commissioners of administration, public service, and finance. The commissioner of administration shall serve as committee chair. The committee shall establish all eligibility criteria and loan procedures.*

*Subd. 3. [REPAYMENT.] The commissioner of finance shall administer all financial transactions within the account. A department, agency, commission, or board receiving a loan under this section must repay the loan according to the terms of the loan agreement. The principle and interest must be paid to the commissioner of finance, who shall deposit all loan repayments in the state building energy efficiency loan account. Repayment term of a loan may not exceed ten years. For leased facilities, the repayment term of the loan may be no greater than the term of the lease.*

*Subd. 4. [REVENUE SOURCES.] Revenue from the following sources must be deposited in the state building energy efficiency loan account:*

*(1) legislative appropriations to the account;*

*(2) loan repayments;*

*(3) gifts, grants, interest-free loans, or other reimbursements from any source that are provided for the purposes set out in subdivision 5; and*

*(4) any interest earned on unexpended funds within the account.*

*Subd. 5. [PURPOSE.] Money from this account must be loaned to state departments, agencies, commissions, and boards to improve the energy efficiency of state-owned and state-leased buildings. Money from the account may also be loaned to utilize renewable energy resources in state-owned and state-leased buildings. Projects funded by the account must have a payback of ten years or less.*

*Subd. 6. [REPORT.] The committee shall submit a report to the governor and the chairs of the house of representatives energy committee and senate committee on energy and public utilities by January 15 of each odd-numbered year. This report must include the number, amount, and condition of any loans issued, estimated energy savings, and other matters concerning the operation of the fund and program.*

**Sec. 3. [16B.293] [ENERGY REBATES.]**

*Rebates on the purchase of energy efficient equipment made by an energy supplier are appropriated to the state department, agency, commission, or board purchasing the energy efficient equipment for any purposes of that state agency.*

**Sec. 4. Minnesota Statutes 1990, section 16B.32, is amended to read:**

**16B.32 [ALTERNATIVE ENERGY SOURCES USE.]**

*Subdivision 1. [ALTERNATIVE ENERGY SOURCES.] Plans prepared by the commissioner for a new building or for a renovation of 50 percent or more of an existing building, or its a modification of a building's energy*

systems must include ~~designs which~~ design options that use active and passive solar energy systems, earth sheltered construction, and biomass, wind, or other alternative energy sources where feasible. At the design phase of all such projects, an energy consumption analysis that identifies and quantifies all feasible energy efficiency measures must also be completed. All energy efficiency measures or alternative energy sources with a payback of ten years or less must be incorporated into the final project design and construction.

*Subd. 2. [ENERGY CONSERVATION GOALS.] (a) The commissioner shall implement this section to achieve the following goals:*

*(1) a 25 percent increase in electrical energy efficiency of state-owned buildings over the five-year period beginning on the effective date of this section;*

*(2) a 15 percent increase in energy efficiency of fuel use in state-owned buildings over the five-year period beginning on the effective date of this section;*

*(3) a 15 percent increase in the electrical energy efficiency of state-leased buildings over the five-year period beginning on the effective date of this section;*

*(4) a ten percent increase in the energy efficiency of fuel use in state-leased buildings over the five-year period beginning on the effective date of this section;*

*(5) consideration of energy use in selecting the sites for state buildings; and*

*(6) a commitment by the state to work toward minimizing the environmental impacts of energy use by state-owned and state-leased buildings.*

*(b) The commissioner may exclude from the requirements of paragraph (a) a building in which "energy conservation measures" are carried out. "Energy conservation measures" means measures that are applied to a state building that improve energy efficiency and have a simple return of investment in ten years and involve energy conservation, conservation facilities, renewable energy sources, improvements in operations and maintenance efficiencies, or retrofit activities.*

#### **Sec. 5. [BUILDING CODE REVIEW.]**

*The commissioner of public service, in cooperation with the commissioner of administration, shall review the state building code and the energy conservation standards for public buildings in view of the state's projected long-range energy needs, the effect of conservation programs on those needs, and advances in technology with respect to weatherization and energy efficiency. The commissioner shall report to the energy and public utilities committee of the senate and the energy committee of the house of representatives by January 15, 1992, on the results of the review. The report must include:*

*(1) any recommendations for changes in the building code and the energy conservation standards to achieve greater conservation of energy;*

*(2) the direct effect of implementing the changes on the cost of construction and remodeling; and*

(3) *an estimate of energy savings that would result in the changes, including an estimate of net costs when savings are deducted from any increased construction and remodeling costs.*

**Sec. 6. [PILOT PROGRAM.]**

*The commissioner of public service, in cooperation with Northern States Power Company, shall conduct a pilot shared-savings program involving ten state-owned buildings. The company shall contract with appropriate state agencies to make energy-efficient improvements in buildings occupied by the agencies. A contract must require the company to fund all improvements that meet a ten-year payback criterion and must provide for the company to be repaid from savings that occur as a result of the improvements. The commissioner, in cooperation with the commissioner of administration, shall report to the governor and the legislature on the results of the pilot project by January 1, 1993.*

**Sec. 7. [ENERGY CODE AMENDMENTS; COMMERCIAL BUILDINGS.]**

*Subdivision 1. [COMMISSIONER TO ADOPT.] Not later than January 1, 1993, the commissioner of public service shall report to the commissioner of administration on energy efficiency standards that must be incorporated into the energy code portion of the Minnesota building code applicable to new commercial buildings. The commissioner of public service shall adopt amendments to the Minnesota building code not later than September 1, 1993, pursuant to the report of the commissioner of public service.*

*Subd. 2. [ADOPTION OF ASHRAE/IES 90.1 STANDARD.] The standards reported and adopted under subdivision 1 must require energy efficiency at least as stringent as:*

*(1) the "minimum performance" standards for opaque building envelopes; and*

*(2) the January 1, 1993, standards for heating, ventilating and air conditioning, and water heating as proposed in ASHRAE/IES standard 90.1.*

*Subd. 3. [LIGHTING STANDARDS.] The standards reported under subdivision 1 must be at least as stringent as lighting standards for new federal buildings (for 1993) in title 10 of the Code of Federal Regulations, part 435.103.*

**Sec. 8. [EFFECTIVE DATE.]**

*Section 4 is effective May 1, 1991.*

**ARTICLE 6**

**FINANCIAL INCENTIVES**

Section 1. Minnesota Statutes 1990, section 216B.16, is amended by adding a subdivision to read:

*Subd. 6c. [INCENTIVE PLANS FOR ENERGY CONSERVATION IMPROVEMENTS.] (a) The commission may order public utilities to develop and submit for commission approval incentive plans that describe the method of recovery and accounting for utility conservation expenditures and savings. In developing the incentive plans the commission shall ensure the effective involvement of interested parties.*

*In approving incentive plans, the commission shall consider:*

(1) whether the plan is likely to increase utility investment in cost-effective energy conservation;

(2) whether the plan is compatible with the interest of utility ratepayers and other interested parties;

(3) whether the plan links the incentive to the utility's performance in achieving cost-effective conservation; and

(4) whether the plan is in conflict with other provisions of this chapter.

(b) The commission may set rates to encourage the vigorous and effective implementation of utility conservation programs. The commission may:

(1) increase or decrease any otherwise allowed rate of return on net investment based upon the utility's skill, efforts, and success in conserving energy;

- (5) costs related to the routine maintenance, repair, or operation of a commercial navigation facility;*
- (6) costs of dredging to maintain an existing channel; and*
- (7) costs for a project that involves only dredging.*

*Subd. 3. [INSURANCE; LIABILITY.] The recipient must provide a comprehensive general liability insurance policy that names the commissioner and officers, employees, and agents of the department as additional insureds and saves and holds the commissioner harmless from and against all liability, damage, loss, claims, demands, and actions related to the project.*

*Subd. 4. [PERFORMANCE AND PAYMENT BONDS.] A recipient must provide evidence of performance and payment bonds satisfying all applicable legal requirements for the full amount of all construction contracts let in connection with the project.*

*Subd. 5. [REPAYMENT.] An assistance agreement must require the recipient to repay all or part of any money received, as determined by the commissioner, if the project is not completed according to the terms of the assistance agreement or the project is converted, during the period of time specified in the assistance agreement, to a use that is inconsistent with the purposes of this chapter or with the terms of the assistance agreement or is not approved in writing by the commissioner.*

Sec. 5. [457A.05] [RULES.]

*The commissioner may adopt rules governing applications for assistance under this chapter including:*

*(1) procedures for establishing application deadlines and for notifying potential applicants of the deadlines;*

*(2) project eligibility criteria;*

*(3) information required to be submitted with applications;*

*(4) contents of assistance agreements; and*

*(5) any other requirement the commissioner deems necessary for the administration of this chapter.*

Sec. 6. [457A.06] [REVOLVING FUND.]

*Sections 1 to 6 are effective July 1, 1991.*

ARTICLE 4

LOCAL HIGHWAYS

Section 1. [162.021] [NATURAL PRESERVATION ROUTES.]

*Subdivision 1. [ESTABLISHMENT.] (a) The commissioner shall establish a natural preservation routes category within the county state-aid highway system.*

*(b) Natural preservation routes include those routes that possess particular scenic, environmental, or historical characteristics, such as routes along lakes or through forests, wetlands, or flood plains, that would be harmed by construction or reconstruction meeting the engineering standards under section 162.07 or the rules adopted under that section.*

*(c) The commissioner shall adopt rules establishing minimum construction and reconstruction standards that address public safety and reflect the function, reduced traffic volume, and slower speed on natural preservation routes. The rules may not establish standards for natural preservation routes that are higher than the standards for national forest highways within national forests and state park access roads within state parks. Design standards specifying the width of vehicle recovery areas on forest highways, forest and park roads, and on natural preservation routes must minimize harmful environmental impact.*

*Subd. 2. [SIGNS.] Signs must be posted at entry points to and at regular intervals along natural preservation routes. Signs posted must conform to the commissioner's manual of uniform traffic devices. Properly posted signs are prima facie evidence that adequate notice of a natural preservation route has been given to the motoring public.*

*Subd. 3. [LIABILITY.] Where a county state-aid highway has been designated a natural preservation route and signs have been posted under subdivision 2, the state and the county with jurisdiction over the road and their officers and employees are exempt from liability for any tort claim for injury to persons or property arising from travel on the highway and related to its design standards for construction or reconstruction.*

*Subd. 4. [PUBLIC INFORMATION.] A county proposing a project on a county state-aid highway that requires removal of the entire surface of the highway shall send to owners of property abutting the highway a written notice that describes the project and different design and construction alternatives available to the county. The county shall hold a public meeting to discuss design and construction alternatives.*

*Subd. 5. [DESIGNATION OF ROUTE.] A county state-aid highway may be designated as a natural preservation route only by resolution of the county board. A county board may designate a natural preservation route notwithstanding whether construction or reconstruction is proposed for the highway.*

**Sec. 2. [160.82] [STREETS AND HIGHWAYS WITHIN PARKS.]**

*Subdivision 1. [DEFINITION.] "Park road" means that portion of a street or highway located entirely within the park boundaries of a city, county, regional, or state park.*

*Subd. 2. [RESTRICTIONS.] A road authority may not make changes in the width, grade, or alignment of a park road, except changes required to permit the safe travel of vehicles at the speed lawfully designated for that park road, that would affect the wildlife habitat or aesthetic characteristics of the park road or its adjacent vegetation or terrain. A road authority may not make changes in the width, grade, or alignment of a park road that is a county state-aid highway or municipal state-aid street, except changes required by the minimum state-aid standard applicable to that road, that would affect the wildlife habitat or aesthetic characteristics of the park road or its adjacent vegetation or terrain.*

*Subd. 3. [LIABILITY.] A road authority making changes in a park road described in subdivision 1, and its officers and employees, are exempt from liability for any tort claim for injury to persons or property arising from travel on that park road and related to the design of that park road, where the design has been adopted to conform to this section.*

**Sec. 3. [160.83] [RUSTIC ROADS PROGRAM.]**

*Subdivision 1. [DEFINITION.] A "rustic road" is a road that is not on the state-aid system that has the following characteristics: outstanding natural features or scenic beauty; an average daily traffic volume of less than 150 vehicles per day; year-round use as a local access road; and maximum allowable speed of 45 miles per hour.*

*Subd. 2. [LOCAL AUTHORITY.] A road authority other than the commissioner may, by resolution, designate a road or highway under its jurisdiction a rustic road and the road authority may designate the type and character of vehicles that may be operated on the rustic road; designate the road or a portion of the road as a pedestrian way or bicycle way, or both; and establish priority of right-of-way, paint lines, and construct dividers to physically separate vehicular, bicycle, or pedestrian traffic.*

*Subd. 3. [JOINT DESIGNATION.] Two or more road authorities may*

*jointly designate a rustic road along a common boundary or into or through their jurisdictions. The road authorities may enter into agreements to divide the costs and responsibility for maintaining the rustic road.*

*Subd. 4. [COSTS.] A rustic road must be maintained by the road authority having jurisdiction over the road and is not eligible for state-aid funding. State money must not be spent to construct, reconstruct, maintain, or improve a rustic road.*

**Sec. 4. [161.361] [ADVANCE FUNDING FOR TRUNK HIGHWAY PROJECTS.]**

*Subdivision 1. [ADVANCE FUNDING.] A road authority other than the commissioner may by agreement with the commissioner make advances from any available funds to the commissioner to expedite construction of all or part of a trunk highway. Money may be advanced under this section only for projects already included in the commissioner's highway work program.*

*Subd. 2. [REPAYMENT.] Subject to the availability of state money, the commissioner shall repay without interest the amount advanced under subdivision 1, up to the state's share of project costs, at the time the project is scheduled for completion in the highway work program. The total amount of annual repayment to road authorities under this section must never exceed the amount stated in the department's debt management policy or \$10 million, whichever is less.*

**Sec. 5. Minnesota Statutes 1990, section 162.02, subdivision 3a, is amended to read:**

**Subd. 3a. [VARIANCES, RULES AND ENGINEERING STANDARDS.]** The commissioner may grant variances from the rules and from the engineering standards developed pursuant to section 162.021 or 162.07, subdivision 2. A political subdivision in which a county state-aid highway is located or is proposed to be located may submit a written request to the commissioner for a variance for that highway. The commissioner shall publish notice of the request in the state register and give notice to all persons known to the commissioner to have an interest in the matter. The commissioner may grant or deny the variance within 30 days of providing notice of the request. If a written objection to the request is received within 20 days of providing notice, the variance shall be granted or denied only after a contested case hearing has been held on the request. If no timely objection is received and the variance is denied without hearing, the political subdivision may request, within 30 days of receiving notice of denial, and shall be granted a contested case hearing. *For purposes of this subdivision, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park authority.*

**Sec. 6. Minnesota Statutes 1990, section 162.09, subdivision 3a, is amended to read:**

**Subd. 3a. [VARIANCES, RULES AND ENGINEERING STANDARDS.]** The commissioner may grant variances from the rules and from the engineering standards developed pursuant to section 162.13, subdivision 2. A political subdivision in which a municipal state-aid street is located or is proposed to be located may submit a written request to the commissioner for a variance for that street. The commissioner shall publish notice of the request in the state register and give notice to all persons known to the commissioner to have an interest in the matter. The commissioner may grant or deny the variance within 30 days of providing notice of the request. If

a written objection to the request is received within 20 days of providing notice, the variance shall be granted or denied only after a contested case hearing has been held on the request. If no timely objection is received and the variance is denied without hearing, the political subdivision may request, within 30 days of receiving notice of denial, and shall be granted a contested case hearing. *For purposes of this subdivision, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park authority.*

Sec. 7. Minnesota Statutes 1990, section 162.14, subdivision 6, is amended to read:

Subd. 6. [ADVANCES.] Any such city, except cities of the first class, may make advances from any funds available to it for the purpose of expediting the construction, reconstruction, improvement, or maintenance of its municipal state-aid street system; provided that such advances shall not exceed ~~40 percent of its last apportionment~~ *the city's total estimated apportionment for the three years following the year the advance is made.* Advances made by any such city shall be repaid out of subsequent apportionments made to such city in accordance with the commissioner's rules.

Sec. 8. Minnesota Statutes 1990, section 169.14, is amended by adding a subdivision to read:

*Subd. 5e. [SPEED LIMIT ON PARK ROADS.] A political subdivision may establish a speed limit on a park road within its boundaries except that a speed limit on a park road located entirely within a regional park may only be established by a county. A speed limit established under this subdivision must not be lower than 20 miles per hour, and no speed limit established under this subdivision may reduce existing speed limits by more than 15 miles per hour. A speed limit established under this subdivision is effective on the erection of appropriate signs designating the speed limit and indicating the beginning and end of the reduced speed zone. Any speed in excess of the posted speed is unlawful.*

Sec. 9. [444.30] [TRANSPORTATION UTILITY.]

*Subdivision 1. [DEFINITIONS.] For purposes of this section, the term "municipality" means a home rule charter or statutory city or a town. The term "governing body" means the town board with respect to towns.*

*Subd. 2. [AUTHORIZATION.] Any municipality may build, construct, reconstruct, repair, enlarge, improve, maintain, or in any other manner obtain transportation utilities, including grading, base construction, surfacing construction, curb and gutter, striping, signing, signalization, lighting, sidewalks, pedestrian pathways, landscaping, boulevard restoration, and other appurtenances and related facilities for the collection, transport, and disbursement of traffic, all hereinafter called facilities, and maintain and operate the facilities inside its corporate limits, and acquire by gift, purchase, lease, condemnation, or otherwise any and all land and easements required for that purpose. The authority hereby granted is in addition to all other powers with reference to the facilities otherwise granted by the laws of this state or by charter of any municipality.*

*Subd. 3. [FINANCING.] For the purpose of paying the cost of building, constructing, reconstructing, repairing, enlarging, improving, maintaining, or in other manner obtaining the facilities or any portion of them, a municipality may issue and sell its general obligations, which may be made payable primarily from taxes or from special assessments to be levied to*

pay the cost of the facilities or from net revenues derived from transportation charges or from other nontax revenues pledged for their payment under charter or other statutory authority, or from two or more of the sources; or it may issue special obligations, payable solely from taxes or special assessments or from revenues, or from two or more of the sources. Real estate tax revenues should be used only, and then on a temporary basis, to pay general or special obligations when the other revenues are insufficient to meet the obligations. All obligations shall be issued and sold in accordance with chapter 475. When special assessments are pledged for the payment of the obligations, they shall be authorized and issued in accordance with the provisions of chapter 429, or of the city's charter if it authorizes these obligations and the governing body determines to proceed under the charter. When net revenues are pledged to the payment of the obligations, together with or apart from taxes and special assessments, the pledge shall be made in accordance with the provisions of subdivision 4.

Subd. 4. [CHARGES; NET REVENUES.] To pay for the construction, reconstruction, repair, enlargement, improvement, or other obtainment and the maintenance, operation, and use of the facilities, the governing body of a municipality may impose just and equitable charges for the use and for the availability of the facilities and for connections with them and make contracts for the charges as provided in this section. Charges shall be as nearly as possible proportionate to the cost of transportation systems and may be fixed on the basis of traffic generated or by reference to a reasonable classification of the types of premises to which service is furnished, or by reference to the quantity, type, and loading of the traffic generated, or on any other equitable basis including, but without limitation, any combination of those referred to above. The governing body may make the charges a charge against the owner, lessee, occupant, or all of them and may provide and covenant for certifying unpaid charges to the county auditor with taxes against the property served for collection as other taxes are collected. In determining the reasonableness of the charges to be imposed, the governing body may give consideration to all costs of the establishment, operation, maintenance, depreciation, and necessary replacements of the system, and of improvements, enlargements, and extensions necessary to serve adequately the territory of the municipality including the principal and interest to become due on obligations issued or to be issued. When net revenues have been appropriated to the payment of the cost of the establishment, or of any specified replacement, improvement, enlargement, or extension, or to pay the principal and interest due on obligations to be issued for such purpose, no charges imposed to produce net revenues adequate for the purpose shall be deemed unreasonable by virtue of the fact that the project to be financed has not been commenced or completed, if proceedings for it are taken with reasonable dispatch and the project, when completed, may be expected to make service available to the premises charged which will have a value reasonably commensurate with the charges. All charges, when collected, and all moneys received from the sale of any facilities or equipment or any by-products, shall be placed in a separate fund, and used first to pay the normal, reasonable, and current costs of operating and maintaining the facilities. The net revenues received in excess of the costs may be pledged by resolutions of the governing body, or may be used though not so pledged, for the payment of principal and interest on obligations issued as provided in subdivision 3, or to pay the portion of the principal and interest as may be directed in the resolutions, and net revenues derived from any facilities whether or not financed by the issuance of the obligations, may be pledged

*or used to pay obligations issued for other facilities of the same types. In resolutions authorizing the issuance of either general or special obligations and pledging net revenues to them, the governing body may make covenants for the protection of holders of the obligations and taxpayers of the municipality as it deems necessary, including, but without limitation, a covenant that the municipality will impose and collect charges of the nature authorized by this section at the times and in the amounts required to produce, together with any taxes or special assessments designated as a primary source of payment of the obligations, net revenues adequate to pay all principal and interest when due on the obligations and to create and maintain reserves securing the payments as may be provided in the resolutions. When a covenant is made it shall be enforceable by appropriate action on the part of any holder of the obligations or any taxpayer of the municipality in a court of competent jurisdiction, and the obligations shall be deemed to be payable wholly from the income of the system whose revenues are so pledged, within the meaning of sections 475.51 and 475.58.*

*Subd. 5. [LEVY ASSESSMENTS.] The governing body of a municipality may also levy assessments against property within the municipal limits benefited by the transportation system under the procedure authorized by law or charter with reference to other assessments for benefits of local improvements, may transfer and use for the purposes hereof surplus funds of the municipality not specifically dedicated to another purpose, and may levy taxes on property within the municipal limits for the purposes hereof.*

## ARTICLE 5

### TOLL FACILITIES

#### Section 1. [160.83] [DEFINITIONS.]

*Subdivision 1. [SCOPE.] The terms used in sections 1 to 6 have the meanings given them in this section and section 160.02.*

*Subd. 2. [BOT FACILITY.] "BOT facility" means a build-operate-transfer toll facility constructed, improved, or rehabilitated and operated by a private operator that holds title to the facility subject to a development agreement that provides that title will be transferred to the road authority on expiration of an agreed term.*

*Subd. 3. [BTO FACILITY.] "BTO facility" means a build-transfer-operate toll facility constructed, improved, or rehabilitated by a private operator who: (1) transfers any interest it may have in the toll facility to the road authority before operation begins; and (2) operates the toll facility for an agreed term under a lease, management, or toll-concession agreement.*

*Subd. 4. [COMMISSIONER.] "Commissioner" means the commissioner of the department of transportation.*

*Subd. 5. [DEVELOPMENT AGREEMENT.] "Development agreement" means a written agreement between a road authority and a private operator that provides for the construction, improvement, rehabilitation, ownership, and operation of a toll facility.*

*Subd. 6. [PRIVATE OPERATOR.] "Private operator" means an individual, a corporation, a partnership, a cooperative or unincorporated association, a joint venture, or a consortium that constructs, improves, rehabilitates, owns, leases, operates, or manages a toll facility subject to sections 1 to 6.*

*Subd. 7. [ROAD AUTHORITY.] "Road authority" has the meaning given it in section 160.02, subdivision 9, and also refers to a joint powers authority formed under section 6.*

*Subd. 8. [TOLL FACILITY.] "Toll facility" means a bridge, causeway, or tunnel, and its approaches; a road, street, or highway; an appurtenant building, structure, or other improvement; land lying within applicable rights-of-way; and other appurtenant rights or hereditaments that together comprise a project for which a private operator is authorized to operate and impose tolls under sections 1 to 6.*

**Sec. 2. [160.84] [AUTHORITY.]**

*Subdivision 1. [ROAD AUTHORITY.] A road authority may solicit or accept proposals from and enter into development agreements with private operators for constructing, improving, rehabilitating, operating, and managing toll facilities wholly or partly within the road authority's jurisdiction. A road authority soliciting toll facility proposals must publish a notice of solicitation in the State Register.*

*Subd. 2. [PRIVATE OPERATORS.] Private operators are authorized to construct, improve, rehabilitate, own, lease, manage, and operate toll facilities subject to the terms of sections 1 to 6. Private operators may mortgage, grant security interests in, and pledge their interests in: (1) toll facilities and their components; (2) development, lease, toll concessions, and other related agreements; and (3) income, profits, and proceeds of the toll facility.*

*Subd. 3. [APPROVAL.] No road authority and private operator may enter into a development agreement without the prior approval of the commissioner and the governing body of each county and municipality through which the facility is to pass. A road authority and private operator in the metropolitan area, as defined in section 473.121, subdivision 2, must obtain the council approval required in section 473.167, subdivision 1.*

*Subd. 4. [DEVELOPMENT AGREEMENT.] (a) A development agreement for toll facilities may provide for any mode of ownership or operation approved by the road authority, including ownership by the private operator without reversion of title, operation of the facilities under leases or management contracts, or BOT or BTO facilities.*

*(b) A development agreement may permit the private operator to assemble funds from any available source, including federal, state, and local grants, bond proceeds, contributions, and pledges and to incorporate an existing road or highway, a bridge, and approach structures, and related improvements into the toll facility. The private operator shall pay the road authority the fair market value of any property incorporated into the facility or shall adjust toll charges to the public to reflect the value of the incorporated property.*

*(c) A development agreement may include grants of title, easements, rights-of-way, and leasehold estates necessary to the toll facility.*

*(d) A development agreement may authorize the private operator to charge variable rate tolls based on time of day, vehicle characteristics, or other factors approved by the road authority.*

*(e) A development agreement may include authorization by the road authority to the private operator to exercise powers possessed by the road authority with respect to similar facilities.*

*Subd. 5. [RIGHT-OF-WAY ACQUISITION.] A private operator may acquire right-of-way by donation, lease, or purchase. A road authority may acquire right-of-way by eminent domain and may donate, sell, or lease a right-of-way to a private operator.*

*Subd. 6. [RESTRICTION.] No toll facility may be used for any purpose other than the transportation purposes specified in the development agreement for the term of the agreement.*

*Subd. 7. [TOLL FACILITY ACQUIRED BY ROAD AUTHORITY.] A development agreement that requires transfer or reversion of a toll facility to a road authority must provide that the transfer be at no cost to the road authority. The private operator shall establish an escrow account with sufficient funds to ensure that the facility meets applicable construction and maintenance standards of the road authority upon reversion.*

*Subd. 8. [APPLICATION OF OTHER LAW.] A private operator must obtain all environmental, navigational, design, or safety approvals required if the toll facility were constructed or operated by a road authority.*

**Sec. 3. [DEVELOPMENT AGREEMENTS; MANDATORY PROVISIONS.]**

*A development agreement must include the following provisions:*

*(a) The toll facility must meet the road authority's standards of design and construction for roads and bridges of the same functional classification and must be constructed by contractors on the department's list of eligible contractors.*

*(b) The commissioner must review and approve the location and design of a bridge over navigable waters as if the bridge were constructed by a road authority. This does not diminish the private operator's responsibility for bridge safety.*

*(c) The private operator shall manage and operate the toll facility in cooperation with the road authority and subject to the development agreement.*

*(d) The toll facility is subject to regular inspections by the road authority and the commissioner.*

*(e) The road authority shall provide maintenance, snow removal, and police services to the toll facility and the private operator shall pay the road authority the cost of services provided.*

**Sec. 4. [COST RECOVERY.]**

*Subdivision 1. [USE OF TOLL REVENUES.] Toll revenues must be applied to repayment of indebtedness incurred for the toll facility; lease or toll concessions payments; costs of operation, administration, rehabilitation, and maintenance necessary to meet applicable standards of the commissioner; and reasonable reserves for future capital outlays. The enumeration of uses in this subdivision does not state priorities for the use of these revenues.*

*Subd. 2. [RESIDUAL TOLL REVENUES.] Residual toll revenues belong to the private operator, except for payments to a road authority under the development agreement or a related toll concession agreement.*

*Subd. 3. [CONTINUATION OF TOLLS.] After expiration of a lease for a BTO facility, or after title has reverted for a BOT facility, the road authority*

*may continue to charge tolls for the facility.*

*Subd. 4. [TOLLS PRESCRIBED.] A road authority may prescribe tolls on a toll facility only if the road authority reasonably determines that no feasible alternative to the toll facility exists to serve the traffic that uses the facility. Tolls prescribed by a road authority for a facility must permit the operator a reasonable return on both investment and capital.*

**Sec. 5. [LAW ENFORCEMENT.]**

*State and local law enforcement authorities have the same powers and authority on a toll facility within their respective jurisdictions as they have on any other highway, road, or street within their jurisdiction. Law enforcement officers have free access to the toll facility at any time to exercise such powers as though it were a public right-of-way. State and local traffic and motor vehicle laws apply to persons driving or occupying motor vehicles on the toll facility.*

**Sec. 6. [JOINT AUTHORITY.]**

*(a) Two or more road authorities with jurisdiction over a toll facility may enter into a joint powers agreement under Minnesota Statutes, section 471.59, to exercise the powers, duties, and functions of the road authorities related to the toll facility, including negotiation and administration of the development agreement and related lease and toll concession agreements. If all road authorities with jurisdiction over a toll facility concur, title to or authority over the facility may be tendered to the commissioner who may accept the title or authority pursuant to the development agreement and this section.*

*(b) If a facility is located within the jurisdiction of more than one road authority, a road authority may prescribe tolls only under a joint agreement entered into under paragraph (a). Tolls may be prescribed under a joint agreement only if all road authorities with jurisdiction over the facility are parties to the agreement.*

**Sec. 7. [TOLL FACILITY REPLACEMENT PROJECTS.]**

*When a highway project in the metropolitan area, as defined in Minnesota Statutes, section 473.121, subdivision 2, has been scheduled in the department's six-year work program but is designated as a toll facility, the commissioner shall substitute in the work program a similar highway project in the metropolitan area.*

**ARTICLE 6**

**TRANSPORTATION SERVICES FUND**

**Section 1. [161.041] [TRANSPORTATION SERVICES FUND.]**

*Subdivision 1. [FUND CREATED.] A transportation services fund is created in the state treasury. The fund consists of all money required or made available by law to be deposited in the fund.*

*Subd. 2. [USES OF FUND.] Money in the transportation services fund may be expended by appropriation for any transportation purpose.*

**Sec. 2.** Minnesota Statutes 1990, section 168.54, subdivision 5, is amended to read:

**Subd. 5.** The proceeds of the fee imposed under the provisions of this section shall be collected by the commissioner of public safety and paid

into the ~~general~~ *transportation services* fund.

Sec. 3. Minnesota Statutes 1990, section 168.54, subdivision 6, is amended to read:

Subd. 6. The unobligated balances in excess of \$4,000 in said revolving fund as of June 30 of each fiscal year shall be canceled into the ~~general~~ *transportation services* fund.

Sec. 4. Minnesota Statutes 1990, section 169.09, subdivision 13, is amended to read:

Subd. 13. [ACCIDENT REPORTS CONFIDENTIAL.] All written reports and supplemental reports required under this section to be provided to the department of public safety shall be without prejudice to the individual so reporting and shall be for the confidential use of the department of public safety and other appropriate state, federal, county, and municipal governmental agencies for accident analysis purposes, except that the department of public safety or any law enforcement department of any municipality or county in this state shall, upon written request of any person involved in an accident or upon written request of the representative of the person's estate, surviving spouse, or one or more surviving next of kin, or a trustee appointed pursuant to section 573.02, disclose to the requester, the requester's legal counsel or a representative of the requester's insurer any information contained therein except the parties' version of the accident as set out in the written report filed by the parties or may disclose identity of a person involved in an accident when the identity is not otherwise known or when the person denies presence at the accident. No report shall be used as evidence in any trial, civil or criminal, arising out of an accident, except that the department of public safety shall furnish upon the demand of any person who has, or claims to have, made a report, or, upon demand of any court, a certificate showing that a specified accident report has or has not been made to the department of public safety solely to prove a compliance or a failure to comply with the requirements that the report be made to the department of public safety. Disclosing any information contained in any accident report, except as provided herein, is unlawful and a misdemeanor.

Nothing herein shall be construed to prevent any person who has made a report pursuant to this chapter from providing information to any persons involved in an accident or their representatives or from testifying in any trial, civil or criminal, arising out of an accident, as to facts within the person's knowledge. It is intended by this subdivision to render privileged the reports required but it is not intended to prohibit proof of the facts to which the reports relate. Legally qualified newspaper publications and licensed radio and television stations shall upon request to a law enforcement agency be given an oral statement covering only the time and place of the accident, the names, addresses, and dates of birth of the parties involved, whether a citation was issued, and if so, what it was for, and whether the parties involved were wearing seat belts, and a general statement as to how the accident happened without attempting to fix liability upon anyone, but said legally qualified newspaper publications and licensed radio and television stations shall not be given access to the hereinbefore mentioned confidential reports, nor shall any such statements or information so orally given be used as evidence in any court proceeding, but shall merely be used for the purpose of a proper publication or broadcast of the news.

When these reports are released for accident analysis purposes the identity of any involved person shall not be revealed. Data contained in these reports

shall only be used for accident analysis purposes, except as otherwise provided by this subdivision. Accident reports and data contained therein which may be in the possession or control of departments or agencies other than the department of public safety shall not be discoverable under any provision of law or rule of court.

Notwithstanding other provisions of this subdivision to the contrary, the commissioner of public safety shall give to the commissioner of transportation the name and address of a carrier subject to section 221.031 that is named in an accident report filed under subdivision 7 or 8. The commissioner of transportation may not release the name and address to any person. The commissioner shall use this information to enforce accident report requirements under chapter 221. In addition the commissioner of public safety may give to the United States Department of Transportation commercial vehicle accident information in connection with federal grant programs relating to safety.

The ~~department~~ commissioner of public safety may charge authorized persons a \$5 fee for a copy of an accident report. *Proceeds from the fee must be deposited into the transportation services fund.*

Sec. 5. Minnesota Statutes 1990, section 170.23, is amended to read:  
170.23 [ABSTRACTS; FEE; ADMISSIBLE IN EVIDENCE.]

The commissioner shall upon request furnish any person a certified abstract of the operating record of any person subject to the provisions of this chapter, and, if there shall be no record of any conviction of such person of violating any law relating to the operation of a motor vehicle or of any injury or damage caused by such person, the commissioner shall so certify. Such abstracts shall not be admissible as evidence in any action for damages or criminal proceedings arising out of a motor vehicle accident. A fee of \$5 shall be paid for each such abstract. The commissioner shall permit a person to inquire into the operating record of any person by means of the inquiring person's own computer facilities for a fee to be determined by the commissioner of at least \$2 for each inquiry. The commissioner shall furnish an abstract that is not certified for a fee to be determined by the commissioner in an amount less than the fee for a certified abstract but more than the fee for an inquiry by computer. Fees collected under this section must be paid into the state treasury with 90 percent of the money credited to the ~~trunk highway~~ transportation services fund and ten percent credited to the general fund.

Sec. 6. Minnesota Statutes 1990, section 171.185, is amended to read:

171.185 [COSTS PAID FROM ~~TRUNK HIGHWAY TRANSPORTATION SERVICES FUND.~~]

All costs incurred by the commissioner in carrying out the provisions of sections 171.182 to 171.184 shall be paid from the ~~trunk highway~~ transportation services fund.

Sec. 7. Minnesota Statutes 1990, section 171.26, is amended to read:

171.26 [MONEY CREDITED TO ~~TRUNK HIGHWAY TRANSPORTATION SERVICES FUND AND TO GENERAL FUND.~~]

All money received under the provisions of this chapter shall be paid into the state treasury with 90 percent of such money credited to the ~~trunk highway~~ transportation services fund, and ten percent credited to the general

fund, except as provided in section 171.29, subdivision 2.

Sec. 8. Minnesota Statutes 1990, section 171.36, is amended to read:

(2) preliminary plans for intermodal coordination with bus operations and routes; ridership; capital costs; operating costs and revenues; *and funding for final design, construction, and operation; and an implementation method.*

Sec. 6. Minnesota Statutes 1990, section 473.3993, is amended by adding a subdivision to read:

Subd. 2a. [PRELIMINARY ENGINEERING PLAN.] “*Preliminary engineering plan*” means a light rail transit engineering plan that includes plans for the physical design of the facilities at approximately the 30 percent engineering level; a funding plan for final design, construction, and operation; and an implementation method.

Sec. 7. Minnesota Statutes 1990, section 473.3993, subdivision 3, is amended to read:

Subd. 3. [FINAL DESIGN PLAN.] “Final design plan” means a light rail transit plan that includes the items in the preliminary design *and preliminary*

The final design plan must be stated with sufficient particularity and detail to allow the proposer to begin the acquisition and construction of operable facilities. If a turn-key implementation method is proposed, instead of civil engineering plans the final design plan must state detailed design criteria and performance standards for the facilities.

Sec. 8. Minnesota Statutes 1990, section 473.3994, is amended to read:  
473.3994 [LIGHT RAIL TRANSIT; ~~DESIGN FACILITY PLANS.~~]

*Subd. 1a.* [PRELIMINARY DESIGN PLANS.] *The regional transit board, in consultation with the joint light rail transit advisory committee, shall establish a procedure for preparing preliminary design plans for light rail transit facilities. The procedure must ensure that preliminary design plans implement the board's regional transit plan and qualify for federal funds in accordance with the board's plan, and that proposals for engineering and construction projects are prepared in a timely and cost-effective manner.*

*Subd. 2.* [PRELIMINARY DESIGN AND ENGINEERING PLANS; PUBLIC HEARING.] ~~Before preparing final design plans for a light rail transit facility, the~~ A political subdivision ~~proposing the~~ that has prepared preliminary design and preliminary engineering plans for a proposed facility must hold a public hearing on the physical design component of the preliminary design plans and the preliminary engineering plans. The proposer must provide appropriate public notice of the hearing and publicity to ensure that affected parties have an opportunity to present their views at the hearing.

*Subd. 3.* [PRELIMINARY DESIGN AND PRELIMINARY ENGINEERING PLANS; LOCAL APPROVAL.] At least 30 days before the hearing under subdivision 2, the proposer shall submit the ~~physical design component of the preliminary design~~ plans to the governing body of each statutory and home rule charter city, county, and town in which the route is proposed to be located. The city, county, or town shall hold a public hearing, except that a county board need not hold a hearing if the county board membership is identical to the membership of the regional railroad authority submitting the plan for review. Within 45 days after the hearing under subdivision 2, the city, county, or town shall review and approve or disapprove the plans for the route to be located in the city, county, or town. A local unit of government that disapproves the plans shall describe specific amendments to the plans that, if adopted, would cause the local unit to withdraw its disapproval. Failure to approve or disapprove the plans in writing within 45 days after the hearing is deemed to be approval, unless an extension of time is agreed to by the city, county, or town and the proposer.

Subd. 4. [PRELIMINARY DESIGN AND PRELIMINARY ENGINEERING PLANS; REGIONAL TRANSIT BOARD REFERRAL.] If the governing body of one or more cities, counties, or towns disapproves the preliminary design or preliminary engineering plans within the period allowed under subdivision 3, the proposer may refer the plans, along with any comments of local jurisdictions, to the regional transit board. The board shall hold a hearing on the plans, giving the proposer, any disapproving local governmental units, and other persons an opportunity to present their views on the plans. The board may conduct independent study as it deems desirable and may mediate and attempt to resolve disagreements about the plans. Within 90 days after the referral, the board shall review the plans submitted by the proposer and may recommend amended plans to accommodate the objections presented by the disapproving local governmental units.

Subd. 5. [FINAL DESIGN PLANS.] (a) Before beginning construction, the proposer shall submit the physical design component of final design plans to the governing body of each statutory and home rule city, county, and town in which the route is proposed to be located. Within 60 days after the submission of the plans, the city, county, or town shall review and approve or disapprove the plans for the route located in the city, county, or town. A local unit of government that disapproves the plans shall describe specific amendments to the plans that, if adopted, would cause the local unit to withdraw its disapproval. Failure to approve or disapprove the plans in writing within the time period is deemed to be approval, unless an extension is agreed to by the city, county, or town and the proposer.

(b) If the governing body of one or more cities, counties, or towns disapproves the plans within the period allowed under paragraph (a), the proposer may refer the plans, along with any comments of local jurisdictions, to the regional transit board. The board shall review the final design plans under the same procedure and with the same effect as provided in subdivision 4 for preliminary design plans.

Subd. 6. [COUNTY APPROVAL.] The proposer of a light rail transit facility in the metropolitan area ~~must~~ shall submit the preliminary and final design plans for the facility to the governing board of the county in which the route is proposed to be located for approval or disapproval. The proposer of the facility may not proceed with construction of the facility without the approval of the county.

Subd. 7. [COUNCIL REVIEW.] Before proceeding with construction of a light rail transit facility, ~~a regional rail authority established under chapter 398A~~ must the proposer of the facility shall submit preliminary design plans, preliminary engineering plans, and final design plans to the metropolitan council. The council ~~must~~ shall review the plans for consistency with the council's development guide and comment on the plans.

Subd. 8. [METROPOLITAN SIGNIFICANCE.] This section does not diminish or replace the authority of the council under section 473.173.

473.3996 [LIGHT RAIL TRANSIT FACILITY DESIGN PLANS;  
REVIEW BY BOARD.]

Subdivision 1. [PRELIMINARY DESIGN AND ENGINEERING PLANS;  
BOARD REVIEW.] Before submitting the physical design component of final design plans of a light rail transit facility for local review under section

473.3994, subdivision 5, the proposer shall submit preliminary design *and preliminary engineering* plans to the regional transit board for review. The board shall review the ~~preliminary design~~ plans to determine the compatibility of the plans with other light rail transit plans and facilities in the metropolitan area, *the adequacy of the plans for operation and maintenance of facilities*, the adequacy of the plans for handicapped accessibility, and the conformity of the plans with the *council's transportation policy plan and the board's regional light rail transit plan* prepared under section 473.399. *The board shall submit the plans to the metropolitan transit commission for recommendations on specifications and other matters affecting operation and maintenance of facilities. The board shall submit the plans to the council for recommendations on the conformity of the plans with the council's transportation policy plan.* The board may comment on any aspect of the plans. The board has 90 days to complete its review, unless an extension of time is agreed to by the proposer. If the board determines that the plans do not satisfy the standards stated in this subdivision, the board shall recommend modifications in the plans that are necessary in order to satisfy the board. After adopting or amending the regional plan required by section 473.399, the board may again review any previously reviewed preliminary design plans and recommend modifications that are necessary to satisfy the board.

Subd. 2. [FINAL DESIGN PLANS; BOARD APPROVAL.] Before acquiring or constructing light rail transit facilities, other than land for right of way, the proposer shall submit final design plans to the regional transit board for review. The board shall review the final design plans under the same *procedure and schedule* and according to the same standards as provided for its review of preliminary design plans. The board shall either approve the plans, or if it determines that the plans do not satisfy the standards, disapprove the plans, in whole or in part, and recommend modifications in the plans that are necessary to secure approval. A proposer may not proceed with acquisition or construction of a light rail transit facility, other than land for right of way, unless the final design plans for the facility have been approved by the board. ~~Following approval of final design plans by the board, if a regional railroad authority wishes to select a bid or a response to a request for proposal that is more than ten percent higher than the capital costs indicated in the final design plans for the facility, the authority may not proceed with construction until it has resubmitted the final design plans to the transit board for further review and approval or disapproval. The board has ten working days to review and approve or disapprove and recommend modification, unless an extension of time is agreed to by the authority.~~

#### Sec. 10. [LIGHT RAIL FUNDING.]

*If funds are appropriated by the legislature or received from the proceeds of a metropolitan sales tax provided by section 2 for construction of light rail transit facilities, the funds must be used first for construction of the central corridor in accordance with section 11. The referendum may be called by the education district board or must be called by the education district board upon written petition of qualified voters of the education district. The referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased levy as a percentage of net tax capacity, the amount that will be raised by that local tax rate in the first year it is to be levied, and that the local tax rate must be used to finance school operations. The ballot shall designate a specific number of years for which the referendum authorization applies. The ballot may contain a text with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the levy proposed by (petition to) the board of . . . . ., Education District No. . . . ., be approved?"

(b) If approved, the amount provided by the approved local tax rate applied to the net tax capacity for the year before the year the levy is certified is

(c) The education district board shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the election to each taxpayer at the address listed on each member district's current year's assessment roll, a notice of the referendum and the proposed levy increase. (d) The notice must include the following statement: "In 1989, the legislature reduced property taxes for education by increasing the state share of funding for education. However, state aid for cities and townships was reduced by a corresponding amount. As a result, property taxes for cities and townships may increase. Passage of this referendum will result in an increase in your property taxes."

(e) A referendum on the question of revoking or reducing the increased levy amount authorized under paragraph (a) may be called by the education district board and must be called by the education district board upon the written petition of qualified voters of the education district. A levy approved by the voters of the education district under paragraph (a) must be made at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one election may be held to revoke or reduce a levy for any specific year and for later years.

(f) A petition authorized by paragraph (a) or (e) shall be effective if signed by a number of qualified voters in excess of 15 percent of the average number of voters at the two most recent districtwide school elections in all the member school districts. A referendum invoked by petition must be held on the day specified in paragraph (a).

The unrequested leave shall be effective at the close of the school year. In placing teachers on unrequested leave, the board shall be governed by the following provisions:

(a) The board may place probationary teachers on unrequested leave first in the inverse order of their employment. No teacher who has acquired continuing contract rights shall be placed on unrequested leave of absence while probationary teachers are retained in positions for which the teacher who has acquired continuing contract rights is licensed;

(b) Teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are licensed in the inverse order in which they were employed by the school district. In the case of equal seniority, the order in which teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are licensed shall be negotiable;

(c) Notwithstanding the provisions of clause (b), no teacher shall be entitled to exercise any seniority when that exercise results in that teacher being retained by the district in a field for which the teacher holds only a provisional license, as defined by the board of teaching, unless that exercise of seniority results in the placement on unrequested leave of absence of another teacher who also holds a provisional license in the same field. The provisions of this clause shall not apply to vocational education licenses;

(d) Notwithstanding clauses (a), (b) and (c), if the placing of a probationary teacher on unrequested leave before a teacher who has acquired continuing rights, the placing of a teacher who has acquired continuing contract rights on unrequested leave before another teacher who has acquired continuing contract rights but who has greater seniority, or the restriction imposed by the provisions of clause (c) would place the district in violation of its affirmative action program, the district may retain the probationary teacher, the teacher with less seniority, or the provisionally licensed teacher;

(e) Teachers placed on unrequested leave of absence shall be reinstated to the positions from which they have been given leaves of absence or, if not available, to other available positions in the school district in fields in which they are licensed. Reinstatement shall be in the inverse order of placement on leave of absence. No teacher shall be reinstated to a position in a field in which the teacher holds only a provisional license, other than a vocational education license, while another teacher who holds a nonprovisional license in the same field remains on unrequested leave. The order of reinstatement of teachers who have equal seniority and who are placed on unrequested leave in the same school year shall be negotiable;

(f) No appointment of a new teacher shall be made while there is available, on unrequested leave, a teacher who is properly licensed to fill such vacancy, unless the teacher fails to advise the school board within 30 days of the date of notification that a position is available to that teacher who may return to employment and assume the duties of the position to which appointed on a future date determined by the board;

(g) A teacher placed on unrequested leave of absence may engage in teaching or any other occupation during the period of this leave;

(h) The unrequested leave of absence shall not impair the continuing contract rights of a teacher or result in a loss of credit for previous years of service;

(i) ~~The unrequested leave of absence of a teacher who is placed on unrequested leave of absence prior to January 1, 1978 and who is not reinstated shall continue for a period of two years after which the right to reinstatement shall terminate. The unrequested leave of absence of a teacher who is placed on unrequested leave of absence on or after January 1, 1978 and who is not reinstated shall continue for a period of five years, after which the right to reinstatement shall terminate; provided the teacher's right to reinstatement shall also terminate if the teacher fails to file with the board by April 1 of any year a written statement requesting reinstatement;~~

(j) The same provisions applicable to terminations of probationary or continuing contracts in subdivisions 3 and 4 shall apply to placement on unrequested leave of absence;

(k) (j) Nothing in this subdivision shall be construed to impair the rights of teachers placed on unrequested leave of absence to receive unemployment compensation if otherwise eligible.

Sec. 23. Minnesota Statutes 1990, section 125.60, subdivision 3, is amended to read:

[REINSTATEMENT.] Except as provided in subdivisions 6a and 6b, a teacher on an extended leave of absence pursuant to this section shall have the right to be reinstated to a position for which the teacher is licensed at the beginning of any school year which immediately follows a year of the

Sec. 12. Minnesota Statutes 1990, section 256D.05, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] (a) Each person or family whose income and resources are less than the standard of assistance established by the commissioner and who is a resident of the state shall be eligible for and entitled to general assistance if the person or family is:

(1) a person who is suffering from a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(2) a person whose presence in the home on a substantially continuous basis is required because of the professionally certified illness, injury, incapacity, or the age of another member of the household;

(3) a person who has been placed in, and is residing in, a licensed or certified facility for purposes of physical or mental health or rehabilitation, or in an approved chemical dependency domiciliary facility, if the placement is based on illness or incapacity and is pursuant to a plan developed or approved by the county agency through its director or designated representative;

(4) a person who resides in a shelter facility described in subdivision 3;

(5) a person not described in clause (1) or (3) who is diagnosed by a licensed physician, licensed psychologist, or other qualified professional, as mentally retarded or mentally ill, and that condition prevents the person from obtaining or retaining employment;

(6) ~~a person who has an application pending for the social security disability program or the program of supplemental security income for the aged, blind, and disabled; provided that within 60 days of the initial denial of the application by the social security administration, the person produces medical evidence in support of the person's application; or a person who has been terminated from either program and has an appeal from that termination pending. A person whose benefits are terminated for failure to produce any medical evidence within 60 days of the denial of the application, is eligible as soon as medical evidence in support of the application for the social security disability program or the program of supplemental security income for the aged, blind, and disabled is produced. Except for a person whose application is based in whole or in part on mental illness or chemical dependency, a person whose application for either program is denied and who does not pursue an appeal is eligible under this paragraph based on a new application only if the new application concerns a different disability or alleges new or aggravated symptoms of the original disability~~ *a person who has an application pending for, or is appealing termination of benefits from, the social security disability program or the program of supplemental security income for the aged, blind, and disabled, provided the person has a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;*

(7) a person who is unable to obtain or retain employment because advanced age significantly affects the person's ability to seek or engage in substantial work;

(8) ~~a person who has been assessed by a qualified professional or a vocational specialist as not being likely to obtain permanent employment. The assessment must consider the recipient's age, physical and mental health, education, trainability, prior work experience, and the local labor market, following participation in the work readiness program, completion of an individualized employability assessment by the work readiness service provider, and consultation between the county agency and the work readiness~~

*service provider, the county agency determines is not employable. For purposes of this item, a person is considered employable if the county agency determines that there exist positions of employment in the local labor market, regardless of the current availability of openings for those positions, that the person is capable of performing. Eligibility under this category must be reassessed at least annually by the county agency and must be based upon the results of a new individualized employability assessment completed by the work readiness service provider. The recipient shall, if otherwise eligible, continue to receive general assistance while the annual individualized employability assessment is completed by the work readiness service provider, rather than receive work readiness payments under section 256D.051. Subsequent eligibility for general assistance is dependent upon the county agency determining, following consultation with the work readiness service provider, that the person is not employable, or the person meeting the requirements of another general assistance category of eligibility;*

(9) a person who is determined by the county agency, in accordance with emergency and permanent rules adopted by the commissioner, to be learning disabled, *provided that if a rehabilitation plan for the person is developed or approved by the county agency, the person is following the plan;*

(10) a child under the age of 18 who is not living with a parent, stepparent, or legal custodian, but only if: the child is legally emancipated or living with an adult with the consent of an agency acting as a legal custodian; the child is at least 16 years of age and the general assistance grant is approved by the director of the county agency or a designated representative as a component of a social services case plan for the child; or the child is living with an adult with the consent of the child's legal custodian and the county agency. *For purposes of this clause, "legally emancipated" means a person under the age of 18 years who: (i) has been married; (ii) is on active duty in the uniformed services of the United States; (iii) has been emancipated by a court of competent jurisdiction; or (iv) is otherwise considered emancipated under Minnesota law, and for whom county social services has not determined that a social services case plan is necessary, for reasons other than that the child has failed or refuses to cooperate with the county agency in developing the plan;*

(11) a woman in the last trimester of pregnancy who does not qualify for aid to families with dependent children. A woman who is in the last trimester of pregnancy who is currently receiving aid to families with dependent children may be granted emergency general assistance to meet emergency needs;

(12) a person ~~whose need for general assistance will not exceed 30 days~~ *who is eligible for displaced homemaker services, programs, or assistance under section 268.96, but only if that person is enrolled as a full-time student;*

(13) a person who lives more than two hours round-trip traveling time from any potential suitable employment; and

(14) a person who is involved with protective or court-ordered services that prevent the applicant or recipient from working at least four hours per day-; and

(15) a family as defined in section 256D.02, subdivision 5, which is ineligible for the aid to families with dependent children program. *If all children in the family are six years of age or older, or if suitable child care*

*is available for children under age six at no cost to the family, all the adult members of the family must register for and cooperate in the work readiness program under section 256D.051. If one or more of the children is under the age of six and suitable child care is not available without cost to the family, all the adult members except one adult member must register for and cooperate with the work readiness program under section 256D.051. The adult member who must participate in the work readiness program is the one having earned the greater of the incomes, excluding in-kind income, during the 24-month period immediately preceding the month of application for assistance. When there are no earnings or when earnings are identical for each adult, the applicant must designate the adult who must participate in work readiness and that designation must not be transferred or changed after program eligibility is determined as long as program eligibility continues without an interruption of 30 days or more. The adult members required to register for and cooperate with the work readiness program are not eligible for financial assistance under section 256D.051, except as provided in section 256D.051, subdivision 6, and shall be included in the general assistance grant. If an adult member fails to cooperate with requirements of section 256D.051, the local agency shall not take that member's needs into account in making the grant determination as provided by the termination provisions of section 256D.051, subdivision 1a, paragraph (b). The time limits of section 256D.051, subdivision 1, do not apply to persons eligible under this clause.*

(b) Persons or families who are not state residents but who are otherwise eligible for general assistance may receive emergency general assistance to meet emergency needs.

(c) *As a condition of eligibility under paragraph (a), clauses (1), (3), (5), (8), and (9), the recipient must complete an interim assistance agreement and must apply for other maintenance benefits as specified in section 256D.06, subdivision 5, and must comply with efforts to determine the recipient's eligibility for those other maintenance benefits.*

(d) *The burden of providing documentation for a county agency to use to verify eligibility for general assistance or work readiness is upon the applicant or recipient. The county agency shall use documents already in its possession to verify eligibility, and shall help the applicant or recipient obtain other existing verification necessary to determine eligibility which the applicant or recipient does not have and is unable to obtain.*

Sec. 13. Minnesota Statutes 1990, section 256D.05, subdivision 2, is amended to read:

Subd. 2. [USE OF FEDERAL FUNDS.] Notwithstanding any law to the contrary, if any person otherwise eligible for general assistance would, but for state statutory restriction or limitation, be eligible for a *funded* federally aided assistance program providing benefits equal to or greater than those of general assistance, the person shall be eligible for that federally aided program and ineligible for general assistance; provided, however, that (a) nothing in this section shall be construed to extend eligibility for federally aided programs to persons not otherwise eligible for general assistance; (b) this section shall not be effective to the extent that federal law or regulation require new eligibility for federal programs to persons not otherwise eligible for general assistance; and (c) nothing in this section shall deny general assistance to a person otherwise eligible who is determined ineligible for a substitute federally aided program.

Sec. 14. Minnesota Statutes 1990, section 256D.05, subdivision 6, is amended to read:

Subd. 6. [ASSISTANCE FOR PERSONS WITHOUT A VERIFIED RESIDENCE.] (a) For applicants or recipients of general assistance, emergency general assistance, or work readiness assistance who do not have a verified residence address, the county agency may provide assistance using one or more of the following methods:

(1) the county agency may provide assistance in the form of vouchers or vendor payments and provide separate vouchers or vendor payments for food, shelter, and other needs;

(2) the county agency may divide the monthly assistance standard into weekly payments, whether in cash or by voucher or vendor payment; ~~or, if actual need is greater than the standards of assistance established under section 256D.01, subdivision 1a, issue assistance based on actual need.~~ Nothing in this clause prevents the county agency from issuing voucher or vendor payments for emergency general assistance in an amount less than the standards of assistance; and

(3) the county agency may determine eligibility and provide assistance on a weekly basis. Weekly assistance can be issued in cash or by voucher or vendor payment and can be determined either on the basis of actual need or by prorating the monthly assistance standard.

(b) An individual may verify a residence address by providing a driver's license; a state identification card; a statement by the landlord, apartment manager, or homeowner verifying that the individual is residing at the address; or other written documentation approved by the commissioner.

(c) If the county agency elects to provide assistance on a weekly basis, the agency may not provide assistance for a period during which no need is claimed by the individual. The individual must be notified, each time weekly assistance is provided, that subsequent weekly assistance will not be issued unless the individual claims need. The advance notice required under section 256D.10 does not apply to weekly assistance issued under this paragraph.

(d) The county agency may not issue assistance on a weekly basis to an applicant or recipient who has professionally certified mental illness or mental retardation or a related condition, or to an assistance unit that includes minor children, unless requested by the assistance unit.

Sec. 15. Minnesota Statutes 1990, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) ~~A person, family, or married couple~~ *Except as provided in this subdivision, persons who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not categorically eligible under section 256D.05, subdivision 1, are eligible for the work readiness program for a maximum period of three consecutive calendar months during any 12 consecutive calendar month period, subject to the provisions of paragraph (d) and subdivision 3. The person's three-month eligibility period begins on the first day of the calendar month following the date of application for assistance or following the date all eligibility factors are met, whichever is later, and ends on the last day of the third consecutive calendar month, whether or not the person has received benefits*

*for all three months. The person is not eligible to receive work readiness benefits during the nine calendar months immediately following the three-month eligibility period; however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of benefits to complete the provisions of the person's employability development plan. Prior to terminating work readiness assistance the county agency must assess the person's eligibility for general assistance under section 256D.05 to the extent possible, using information in the case file, and determine the person's eligibility for general assistance. A determination that the person is not eligible for general assistance must be stated in the notice of termination of work readiness benefits.*

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

(c) *Except for family members who must participate in work readiness services under the provisions of section 256D.05, subdivision 1, clause (14), any person who would be defined for purposes of the food stamp program as being enrolled at least half-time in an institution of higher education is ineligible for the work readiness program.*

(d) *The commissioner shall, at the beginning of the third quarter of each fiscal year, review the amount spent for work readiness assistance and increase the period of eligibility specified in paragraph (a) accordingly. If the amount of funding available for the remaining two quarters of the fiscal year is sufficient to provide a maximum of four or more months of assistance to all current recipients and four or more months of assistance to all new recipients projected to need assistance during the final two quarters, the commissioner shall increase the period of eligibility in paragraph (a) for current and new recipients to four or more months so that the maximum possible available funding is expended. The commissioner shall increase the number of months of assistance by whole months only.*

(e) *Notwithstanding the provisions of sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits due to exhaustion of the period of eligibility specified in paragraph (a) or (d).*

Sec. 16. Minnesota Statutes 1990, section 256D.051, subdivision 1a, is amended to read:

Subd. 1a. [WORK READINESS PAYMENTS.] (a) *Except as provided in this subdivision, grants of work readiness shall be determined using the standards of assistance, exclusions, disregards, and procedures which are used in the general assistance program. Work readiness shall be granted in an amount that, when added to the nonexempt income actually available to the assistance unit, the total amount equals the applicable standard of assistance.*

(b) ~~Work readiness payments must be provided to persons determined eligible for the work readiness program as provided in this subdivision except when the special payment provisions in subdivision 1b are utilized. The initial payment must be prorated to provide assistance for the period beginning with the date the completed application is received by the county agency or the date the assistance unit meets all work readiness eligibility factors, whichever is later, and ending on the final day of that month. The amount of the first~~

payment must be determined by dividing the number of days to be covered under the payment by the number of days in the month, to determine the percentage of days in the month that are covered by the payment, and multiplying the monthly payment amount by this percentage. Subsequent payments must be paid monthly on the first day of each month. Except as provided in section 256D.05, subdivision 6, work readiness assistance must be paid on the first day of each month.

At the time the county agency notifies the assistance unit that it is eligible for family general assistance or work readiness assistance and by the first day of each month of services, the county agency must inform all mandatory registrants in the assistance unit that they must attend an orientation within 30 days comply with all work readiness requirements that month, and that work readiness eligibility will end at the end of the month in which the orientation is scheduled unless the registrants attend orientation comply with work readiness requirements specified in the notice. A registrant who fails, without good cause, to comply with requirements during this time period, including attendance at orientation, will lose family general assistance or work readiness eligibility without notice under section 256D.101, subdivision 1, paragraph (b). The registrant shall, however, be sent a notice, on or before the date that no later than five days after eligibility ends, which informs the registrant that family general assistance or work readiness eligibility has ended in accordance with this section for failure to comply with work readiness requirements. The notice shall set forth the factual basis for such determination and advises advise the registrant of the right to reinstate eligibility upon a showing of good cause for the failure to meet the requirements. Subsequent assistance must not be issued unless the person completes an application, is determined eligible, and attends an orientation complies with the work readiness requirements that had not been complied with, or demonstrates that the person had good cause for failing to comply with the requirement. The time during which the person is ineligible under these provisions is counted as part of the person's period of eligibility under subdivision 1.

(c) Notwithstanding the provisions of section 256D.01, subdivision 1a, paragraph (d), when one member of a married couple has exhausted the three months of work readiness eligibility in a 12-month period and the other member has one or more months of eligibility remaining within the same 12-month period, the standard of assistance applicable to the member who remains eligible is the first adult standard in the aid to families with dependent children program.

(d) Notwithstanding sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits under paragraph (b).

Sec. 17. Minnesota Statutes 1990, section 256D.051, subdivision 2, is amended to read:

(3) referral to available accredited remedial or skills training programs designed to address registrant's barriers to employment;

(4) referral to available programs including the Minnesota employment and economic development program;

(5) a job search program, including job seeking skills training; and

(6) other activities, to the extent of available resources designed by the county agency to prepare the registrant for permanent employment.

The work readiness program may include a public sector or nonprofit work experience component only if the component is established according to section 268.90.

In order to allow time for job search, the county agency may not require an individual to participate in the work readiness program for more than 32 hours a week. The county agency shall require an individual to spend at least eight hours a week in job search or other work readiness program activities.

(b) The county agency shall prepare an annual plan for the operation of its work readiness program. The plan must be submitted to and approved by the commissioner of jobs and training. The plan must include:

(1) a description of the services to be offered by the county agency;

Sec. 24. Minnesota Statutes 1990, section 256D.07, is amended to read:

## 256D.07 [TIME OF PAYMENT OF ASSISTANCE.]

An applicant for general assistance or general assistance medical care authorized by section 256D.03, subdivision 3, shall be deemed eligible if the application and the verification of the statement on that application demonstrate that the applicant is within the eligibility criteria established by sections 256D.01 to 256D.21 and any applicable rules of the commissioner. Any person requesting general assistance or general assistance medical care shall be permitted by the county agency to make an application for assistance as soon as administratively possible and in no event later than the fourth day following the date on which assistance is first requested, and no county agency shall require that a person requesting assistance appear at the offices of the county agency more than once prior to the date on which the person is permitted to make the application. The application shall be in writing in the manner and upon the form prescribed by the commissioner and attested to by the oath of the applicant or in lieu thereof shall contain the following declaration which shall be signed by the applicant: "I declare that this application has been examined by me and to the best of my knowledge and belief is a true and correct statement of every material point." On the date that general assistance is first requested, the county agency shall inquire and determine whether the person requesting assistance is in immediate need of food, shelter, clothing, assistance for necessary transportation, or other emergency assistance pursuant to section 256D.06, subdivision 2. A person in need of emergency assistance shall be granted emergency assistance immediately, and necessary emergency assistance shall continue ~~until either the person is determined to be ineligible for general assistance or the first grant of general assistance is paid to the person for up to 30 days following the date of application.~~ A determination of an applicant's eligibility for general assistance shall be made by the county agency as soon as the required verifications are received by the county agency and in no event later than 30 days following the date that the application is made. Any verifications required of the applicant shall be reasonable, and the commissioner shall by rule establish reasonable verifications. General assistance shall be granted to an eligible applicant without the necessity of first securing action by the board of the county agency. The first month's grant must be computed to cover the time period starting with the date a signed application form is received by the county agency or from the date that the applicant meets all eligibility factors, whichever occurs later. ~~The first grant may be reduced by the amount of emergency general assistance provided to the applicant.~~

If upon verification and due investigation it appears that the applicant provided false information and the false information materially affected the applicant's eligibility for general assistance or general assistance medical care provided pursuant to section 256D.03, subdivision 3, or the amount of the applicant's general assistance grant, the county agency may refer the matter to the county attorney. The county attorney may commence a criminal prosecution or a civil action for the recovery of any general assistance wrongfully received, or both.

Sec. 25. Minnesota Statutes 1990, section 256D.10, is amended to read:

256D.10 [HEARINGS PRIOR TO REDUCTION; TERMINATION; SUSPENSION OF GENERAL ASSISTANCE GRANTS.]

*paragraph (b)*; or 256D.08, subdivision 2, shall be reduced, terminated or suspended unless the recipient receives notice and is afforded an opportunity to be heard prior to any action by the county agency.

Nothing herein shall deprive a recipient of the right to full administrative and judicial review of an order or determination of a county agency as provided for in section 256.045 subsequent to any action taken by a county agency after a prior hearing.

Sec. 26. Minnesota Statutes 1990, section 256D.101, subdivision 1, is amended to read:

(b) ~~If after the initial certification period the county agency determines that a registrant has failed to comply with work readiness requirements, the county agency shall notify the registrant of the determination. Notice must be hand delivered or mailed to the registrant within three days after the agency makes the determination but no later than the date work readiness pay was scheduled to be paid. For a recipient who has failed to provide the county agency with a mailing address, the recipient must be assigned a schedule by which a recipient is to visit the agency to pick up any notices. For a recipient without a mailing address, notices must be deemed delivered on the date of the registrant's next scheduled visit with the county agency. The notification shall be in writing and shall state the facts that support the county agency's determination. For the first time in a six-month period that the registrant has failed without good cause to comply with program requirements, the notification shall inform the registrant that the registrant may lose eligibility for work readiness pay and must specify the particular actions that must be taken by the registrant to achieve compliance and reinstate work readiness payments. The notice must state that the recipient must take the specified actions by a date certain, which must be at least five working days following the date the notification is mailed or delivered to the registrant; must explain the ramifications of the registrant's failure to take the required actions by the specified date; and must advise the registrant that the registrant may request and have a conference with the county agency to discuss the notification. A registrant who fails without good cause to comply with requirements of the program more than once in a six-month period must be notified of termination.~~

Sec. 27. Minnesota Statutes 1990, section 256D.101, subdivision 3, is amended to read:

Subd. 3. [BENEFITS AFTER NOTIFICATION.] Assistance payments otherwise due to the registrant under section 256D.051 may not be paid after the notification required in subdivision 1 has been provided to the registrant unless, before the date stated in the notification, the registrant takes the specified action necessary to achieve compliance ~~or, within five days after the effective date stated in the notice, files an appeal of the grant reduction, suspension, or termination. If, by the required date, the registrant does take the specified action necessary to achieve compliance, both the notification required by subdivision 1 and the notice required by subdivision 2 shall be canceled and all benefits due to the registrant shall be paid promptly. If, by the required date, the registrant files an appeal of the grant termination, benefits otherwise due to the registrant shall be continued pending the outcome of the appeal. An appeal of a proposed termination shall be brought under section 256.045, except that the timelines specified in this section shall apply, notwithstanding the requirements of section 256.045, subdivision 3. Appeals of proposed terminations from the work readiness program shall be heard within 30 days of the date that the appeal was filed.~~

#### HUMAN SERVICES BUDGET CHANGES

Section 1. Minnesota Statutes 1990, section 254B.04, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] (a) Persons eligible for benefits under Code of Federal Regulations, title 25, part 20, persons eligible for medical assistance benefits under sections 256B.055 and 256B.056 or who meet the income standards of section 256B.056, subdivision 4, and persons eligible for general assistance medical care under section 256D.03, subdivision 3, are entitled to chemical dependency fund services. *State money appropriated for this paragraph must be placed in a separate account established for this purpose.*

(b) A person not entitled to services under paragraph (a), but with family income that is less than 60 percent of the state median income for a family of like size and composition, shall be eligible to receive chemical dependency fund services within the limit of funds available after persons entitled to services under paragraph (a) have been served. A county may spend money from its own sources to serve persons under this paragraph. *State money appropriated for this paragraph must be placed in a separate account established for this purpose.*

(c) Persons whose income is between 60 percent and 115 percent of the state median income shall be eligible for chemical dependency services on a sliding fee basis, within the limit of funds available, after persons entitled to services under paragraph (a) and persons eligible for services under paragraph (b) have been served. Persons eligible under this paragraph must contribute to the cost of services according to the sliding fee scale established under subdivision 3. A county may spend money from its own sources to provide services to persons under this paragraph. *State money appropriated for this paragraph must be placed in a separate account established for this purpose.*

(d) *Notwithstanding paragraphs (b) and (c), state money appropriated to serve persons who are not entitled to services under paragraph (a) must be expended for chemical dependency treatment services for persons who are eligible for services but not entitled to services under paragraph (a) and who have children in their household, are pregnant, or are younger than 19 years old. These persons may have household incomes up to 115 percent of the state median income. State money appropriated for this paragraph must be placed in a separate account established for this purpose. Any money in addition to the amounts necessary to serve the persons identified in this paragraph must be expended according to the provisions of paragraphs (b) and (c).*

Sec. 2. Minnesota Statutes 1990, section 256B.501, subdivision 11, is amended to read:

Subd. 11. [INVESTMENT PER BED LIMITS, INTEREST EXPENSE LIMITATIONS, AND ARMS-LENGTH LEASES.] (a) The provisions of Minnesota Rules, part 9553.0075, except as modified under this subdivision, shall apply to newly constructed or established facilities that are certified for medical assistance on or after May 1, 1990.

(b) For purposes of establishing payment rates under this subdivision and Minnesota Rules, parts 9553.0010 to 9553.0080, the term "newly constructed or newly established" means a facility (1) for which a need determination has been approved by the commissioner under sections 252.28 and 252.291; (2) whose program is newly licensed under Minnesota Rules, parts 9525.0215 to 9525.0355, and certified under Code of Federal Regulations, title 42, section 442.400, et seq.; and (3) that is part of a proposal that meets the requirements of section 252.291, subdivision 2, paragraph (2). The term does not include a facility for which a need determination was granted solely for other reasons such as the relocation of a facility; a change in the facility's name, program, number of beds, type of beds, or ownership; or the sale of a facility, unless the relocation of a facility to one or more service sites is the result of a closure of a facility under section 252.292, in which case clause (3) shall not apply. The term does include a facility that converts more than 50 percent of its licensed beds from class A to class B residential or class B institutional to serve persons discharged from state regional treatment centers on or after May 1, 1990, in which case clause (3) does not apply.

(c) Newly constructed or newly established facilities that are certified for medical assistance on or after May 1, 1990, shall be allowed the capital asset investment per bed limits as provided in clauses (1) to (4).

(1) The 1990 calendar year investment per bed limit for a facility's land must not exceed \$5,700 per bed for newly constructed or newly established facilities in Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, Carver, Chisago, Isanti, Wright, Benton, Sherburne, Stearns, St. Louis, Clay, and Olmsted counties, and must not exceed \$3,000 per bed for newly constructed or newly established facilities in other counties.

(2) The 1990 calendar year investment per bed limit for a facility's depreciable capital assets must not exceed \$44,800 for class B residential beds, and \$45,200 for class B institutional beds.

(3) The investment per bed limit in clause (2) must not be used in determining the three-year average percentage increase adjustment in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (4), for facilities that were newly constructed or newly established before May 1, 1990.

(4) The investment per bed limits in clause (2) shall be adjusted annually beginning January 1, 1991, and each January 1 following, as provided in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (2).

(d) A newly constructed or newly established facility's interest expense limitation as provided for in Minnesota Rules, part 9553.0060, subpart 3, item F, on capital debt for capital assets acquired during the interim or settle-up period, shall be increased by 2.5 percentage points for each full .25 percentage points that the facility's interest rate on its mortgage is below the maximum interest rate as established in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2). For all following rate periods, the interest expense limitation on capital debt in Minnesota Rules, part 9553.0060, subpart 3, item F, shall apply to the facility's capital assets

acquired, leased, or constructed after the interim or settle-up period. If a newly constructed or newly established facility is acquired by the state, the limitations of this paragraph and Minnesota Rules, part 9553.0060, subpart 3, item F, shall not apply.

(e) If a newly constructed or newly established facility is leased with an arms-length lease as provided for in Minnesota Rules, part 9553.0060, subpart 7, the lease agreement shall be subject to the following conditions:

(1) the term of the lease, including option periods, must not be less than 20 years;

(2) the maximum interest rate used in determining the present value of the lease must not exceed the lesser of the interest rate limitation in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2), or 16 percent; and

(3) the residual value used in determining the net present value of the lease must be established using the provisions of Minnesota Rules, part 9553.0060.

(f) All leases of the physical plant of an intermediate care facility for the mentally retarded shall contain a clause that requires the owner to give the commissioner notice of any requests or orders to vacate the premises 90 days before such vacation of the premises is to take place. In the case of unlawful detainer actions, the owner shall notify the commissioner within three days of notice of an unlawful detainer action being served upon the tenant. The only exception to this notice requirement is in the case of emergencies where immediate vacation of the premises is necessary to assure the safety and welfare of the residents. In such an emergency situation, the owner shall give the commissioner notice of the request to vacate at the time the owner of the property is aware that the vacating of the premises is necessary. This section applies to all leases entered into after May 1, 1990. Rentals set in leases entered into after that date that do not contain this clause are not allowable costs for purposes of medical assistance reimbursement.

(g) A newly constructed or newly established facility's preopening costs are subject to the provisions of Minnesota Rules, part 9553.0035, subpart 12, and must be limited to only those costs incurred during one of the following periods, whichever is shorter:

(1) between the date the commissioner approves the facility's need determination and 30 days before the date the facility is certified for medical assistance; or

(2) the 12-month period immediately preceding the 30 days before the date the facility is certified for medical assistance.

*(h) The development of any newly constructed or newly established facility as defined in this subdivision and projected to be operational after July 1, 1991, by the commissioner of human services shall be delayed until July 1, 1993, except for: (1) those facilities authorized by the commissioner as a result of a closure of a facility according to section 252.292 prior to January 1, 1991; (2) those facilities developed as a result of a receivership of a facility according to section 245A.12; or (3) facilities other than those specified in clauses (1) and (2), provided and to the extent that the total state cost of the newly constructed or newly established facilities does not exceed \$ . . . . . for the biennium ending June 30, 1993, including*

*\$ . . . . . for new state-operated community facilities and \$ . . . . . for other new facilities. When approving development of new facilities under clause (3), the commissioner shall give equal consideration to facilities without regard to bed capacity. This paragraph does not apply to state-operated community facilities authorized in section 252.50.*

Sec. 3. Minnesota Statutes 1990, section 256I.04, is amended by adding a subdivision to read:

*Subd. 3. [MORATORIUM ON THE DEVELOPMENT OF NEGOTIATED RATE BEDS.] County agencies shall not enter into agreements for new general assistance or Minnesota supplemental aid negotiated rate beds except for: (1) adult foster homes licensed by the commissioner of human services under Minnesota Rules, parts 9555.5105 to 9555.6265, or facilities licensed under Minnesota Rules, parts 9525.0215 to 9525.0355, provided the foster home or facility is needed to meet the census reduction targets for persons with mental retardation or related conditions at regional treatment centers; (2) to ensure compliance with the federal Omnibus Budget Reconciliation Act alternative disposition plan requirements for inappropriately placed persons with mental retardation or related conditions or mental illness; (3) facilities other than those allowed under clauses (1) and (2), provided and to the extent that the total state cost of the new negotiated rate facility agreements does not exceed \$ . . . . . for the new negotiated rate facility agreements; or (4) to allow up to eight additional general assistance or Minnesota supplemental aid negotiated rate facility beds for adult foster homes licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, to enable the commissioner to comply with the terms of a settlement offer made by the commissioner prior to January 1, 1991. Agreements for new beds are subject to the approval of the commissioner. This moratorium expires June 30, 1993.*

Sec. 4. Minnesota Statutes 1990, section 256I.05, is amended by adding a subdivision to read:

*Subd. 1a. [RATES FOR UNCERTIFIED BOARDING CARE HOMES.] Effective July 1, 1992, the maximum rate for a boarding care home not certified to receive medical assistance is equal to 47 percent of the average nursing home level "A" rate in effect for the geographic area in which the boarding care home is located. This is effective until June 30, 1993. A noncertified boarding care home licensed under Minnesota Rules, parts 9520.0500 to 9520.0690, is exempt from this rate limit. The commissioner shall study the numbers of facilities and residents that will be affected by the limit in this subdivision, the number of facilities likely to close because of the limit, the available alternatives for affected residents, methods of relocating or securing alternative placements for residents, and other effects of the limit. The commissioner shall provide a report to the legislature by January 1, 1992, on the commissioner's findings and recommendations relating to the rate limit.*

Sec. 5. Minnesota Statutes 1990, section 256I.05, subdivision 2, is amended to read:

*Subd. 2. [MONTHLY RATES; EXEMPTIONS.] (a) The maximum negotiated rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, and licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690. For residences in this clause that have less than five percent of their licensed boarding care capacity reimbursed by the medical assistance*

program, rate increases shall be provided according to section 256B.431, subdivision 4, paragraph (c).

(b) The maximum negotiated rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of human services under Minnesota Rules, parts 9525.0520 to 9525.0660, but funded as a negotiated rate residence under general assistance or Minnesota supplemental aid. Rate increases for these residences are subject to the provisions of subdivision 7.

(c) ~~The following residences are exempt from the limit on negotiated rates and must be reimbursed for documented actual costs, until an alternative reimbursement system covering services excluding room and board maintenance services is developed by the commissioner:~~

~~(1) a residence that is not certified to participate in the medical assistance program, that was licensed as a boarding care facility by March 1, 1985, and does not receive supplemental program funding under Minnesota Rules, parts 9535.2000 to 9535.3000 or 9553.0010 to 9553.0080;~~

(2) A residence certified to participate in the medical assistance program, licensed as a boarding care facility or a nursing home, and declared to be an institution for mental disease by January 1, 1989, *residences are exempt from the limit on negotiated rates and must be reimbursed for documented actual costs, until an alternative reimbursement system covering services excluding room and board maintenance services is developed by the commissioner.* Effective January 1, 1989, the actual documented cost for these residences is the individual's appropriate medical assistance case mix rate until the commissioner develops a comprehensive system of rates and payments for persons in all negotiated rate residences. The exclusion from the rate limit for residences under this clause expires July 1, 1991. The commissioner of human services, in consultation with the counties in which these residences are located, shall review the status of each certified nursing home and board and care facility declared to be an institution for mental disease. This review shall include the cost effectiveness of continued payment for residents through general assistance or Minnesota supplemental aid; the appropriateness of placement of general assistance or supplemental aid clients in these facilities; the effects of Public Law Number 100-203 on these facilities; and the role of these facilities in the mental health service delivery system. The commissioner shall make recommendations to the legislature by January 1, 1990, regarding the need to continue the exclusion of these facilities from the negotiated rate maximum and the future role of these facilities in serving persons with mental illness.

#### Sec. 6. [DEMONSTRATION PROJECTS.]

*The commissioner shall demonstrate the development of family foster care services for persons with developmental disabilities in order to achieve regional treatment center census reduction or to develop alternative placements for persons inappropriately placed in nursing homes. For all persons participating in this demonstration that receive services funded by the enhanced waived services fund, the costs of waived services shall not exceed an average of \$120 per person per day in fiscal year 1993.*

*The commissioner shall demonstrate a family choice option for 100 persons with developmental disabilities and their families in fiscal year 1992 and for 200 persons and their families in fiscal year 1993. For all persons authorized by the commissioner to receive services under the family choice*

*option, the cost of services funded by the Title XIX home- and community-based waiver are limited to an average of \$35 per person per day in fiscal year 1992 with annual cost adjustments as authorized by the legislature.*

**Sec. 7. [STUDY OF UNMET NEEDS OF PERSONS WITH PRADER-WILLI SYNDROME.]**

*The commissioner of human services shall study the special needs of persons with Prader-Willi syndrome, the adequacy of the existing system of services to meet the needs, and alternative methods of addressing unmet needs and improving existing services. Among other appropriate issues, the commissioner shall consider whether there is a need for new specialized residential programs, or specialized respite care services for clients living with relatives or in other community settings, or both. The commissioner shall provide a report to the legislature by December 1, 1991, that contains the results of the study, including recommendations for agency and legislative action the commissioner determines is needed to address unmet needs and improve services."*

Section 1. [462A.30] [DEFINITIONS.]

*Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 1 to 7.*

*Subd. 2. [AGENCY.] “Agency” means the Minnesota housing finance agency.*

*Subd. 3. [NEIGHBORHOOD LAND TRUST.] “Neighborhood land trust” means a nonprofit corporation organized under chapter 317A that complies with section 2 and that qualifies for tax exempt status under United States Code, title 26, section 501(c)(3), and meets all other criteria for a neighborhood land trust set by the agency.*

*Subd. 4. [FIRST OPTION TO PURCHASE.] “First option to purchase” means a right of a neighborhood land trust or the agency to purchase all or any portion of the improvements and leasehold interest of a lessee, sub-lessee, or other resident of property subject to a ground lease, prior to the rights of any other party and at a limited equity price.*

*Subd. 5. [GROUND LEASE.] “Ground lease” means a lease of real property in which the lease does not include buildings or other improvements.*

*Subd. 6. [LEASEHOLD INTEREST.] “Leasehold interest” means the real property interest of a lessee in a ground lease in which the neighborhood land trust is the lessor.*

*Subd. 7. [LIMITED EQUITY FORMULA.] “Limited equity formula” means a method, to be determined by rule adopted by the agency, for calculation of the limited equity price, designed to maintain the affordability of the housing and the public subsidy.*

*Subd. 8. [LIMITED EQUITY PRICE.] “Limited equity price” means a price for the sale of any building or other improvement located on land owned by a neighborhood land trust determined by means of the limited equity formula.*

*Subd. 9. [PERSONS AND FAMILIES OF LOW AND MODERATE INCOME.] “Persons and families of low and moderate income” has the meaning specified in section 462A.03, subdivision 10.*

Sec. 2. [462A.31] [NEIGHBORHOOD LAND TRUSTS.]

*Subdivision 1. [PURPOSES.] A neighborhood land trust must have as one of its purposes the holding of land and the leasing of land for the purpose of preserving the affordability of housing on that land for persons and families of low and moderate income.*

*Subd. 2. [POWERS.] A neighborhood land trust may have any or all of the powers permitted to a nonprofit corporation under chapter 317A, except that a neighborhood land trust must have the power to buy and sell land, to mortgage and otherwise encumber land, and to negotiate and enter into ground leases with an initial term of up to 99 years.*

*Subd. 3. [BYLAWS.] The bylaws of a neighborhood land trust must provide that:*

(1) members of the general public who support the neighborhood land trust's purposes may become members of the trust;

(2) no more than 30 percent of the members may reside outside of the geographical area in which the neighborhood land trust operates, as specified in the bylaws;

(3) the membership has the power to elect a specified percentage of not less than 51 percent of the members of the governing board of the neighborhood land trust;

(4) lessees, residents of housing located on land owned by the neighborhood land trust, or representatives of either must constitute no less than 25 percent nor more than 40 percent of the membership of the governing board;

(5) remaining members of the governing board, if any, may be appointed by the neighborhood land trust board, to the extent specified in the bylaws; and

(6) the neighborhood land trust has the power to operate only within a geographical area specified in the bylaws.

### Sec. 3. [462A.32] [LEASES.]

*Subd. 2. [RENT.] A neighborhood land trust may charge rent to the lessee, in an amount to be determined by a method specified in the lease. The rent may include, but need not be limited to, land acquisition costs, real estate taxes, special assessments, an administrative charge, and a land use fee. The rent charged must take into account any homestead real estate tax status granted to the property.*

*Subd. 3. [RESTRICTIONS.] A ground lease in which a neighborhood land trust is the lessor must contain provisions designed to preserve the affordability of housing on the land. Each ground lease must reserve to the neighborhood land trust the first option to purchase any building or improvement on the land, or any condominium or cooperative unit located in a building on the land, at a limited equity price specified in the ground lease. Each ground lease must grant to the Minnesota housing finance agency the right to exercise that first option to purchase if the neighborhood land trust does not, for any reason, exercise the first option. Each ground lease must exempt sales to persons and families of low and moderate income from the provisions granting the first option to purchase to the neighborhood land trust and to the Minnesota housing finance agency. Sales to persons and families of low and moderate income are not exempt from the limited equity price. A ground lease may also contain appropriate restrictions on:*

(2) construction and renovation of buildings and other improvements; and

(3) sale of buildings and improvements.

*Subd. 4. [MORTGAGES.] (a) A ground lease with a neighborhood land trust must prohibit the lessee from mortgaging the lessee's interest in the lease or in buildings or other improvements without the consent of the*

*neighborhood land trust. A ground lease may obligate a neighborhood land trust as lessor and fee title holder to consent to, join in, or subordinate its interest to, a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for construction or renovation of housing on the land. A lease provision so obligating a neighborhood land trust must specify that the mortgage must provide to the neighborhood land trust the right to receive from the mortgagee prompt notice of default in the mortgage and the right to cure the default or to purchase the mortgagee's interest in the mortgage. The limited equity price and provisions in subdivision 3 do not apply if the lessee or the neighborhood land trust fail to cure the default or purchase the mortgagee's interest in the mortgage.*

*(b) A ground lease with a neighborhood land trust must provide that the neighborhood land trust will not, during the term of the lease, mortgage, or otherwise encumber its interest in the property or permit any liens on its interest in the property to exist. This prohibition does not apply to mortgages that require the mortgagee to subordinate the lien of its mortgage to a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for construction or renovation of housing on the land.*

*Subd. 5. [RIGHTS OF HEIRS.] A ground lease with a neighborhood land trust must provide that the heirs of the lessee may assume the lease, if the heirs agree to occupy the lease property as their homestead. For purposes of this subdivision, "the heirs" means the heirs at law of a lessee who dies intestate or the devisees of a lessee who dies testate.*

**Sec. 4. [462A.33] [NOTICE OF LEASE.]**

*A ground lease with a neighborhood land trust must be in recordable form and may, but need not be, recorded in the office of the county recorder or filed in the office of the county registrar of titles. If the lease is not recorded or filed, the lessee shall record or file a notice of lease, on a form to be prepared and made available by the agency. The notice of lease must state the names and addresses of the lessor and lessee, the beginning date and initial term of the lease, and a legal description of the property. The notice of lease must state that the lease is entered into pursuant to this chapter, must be signed by the lessor and lessee, and must be in recordable form.*

**Sec. 5. [462A.35] [DISSOLUTION.]**

*If a neighborhood land trust is dissolved, the procedure is governed by chapter 317A, except as otherwise provided in this section. If a receiver is to be appointed, the agency has priority to be appointed or to designate the appointee. The agency need not exercise its priority.*

**Sec. 6. [462A.36] [MORTGAGE SECURING LOANS TO TRUST.]**

*A neighborhood land trust may grant a mortgage on real estate to secure repayment of loans obtained from the state, any of its agencies or subdivisions, or any other entity, for the purpose of purchase, construction, or renovation of that real estate. Any such mortgage must comply with section 462A.32, subdivision 4, paragraph (b).*

**Sec. 7. [462A.37] [CITY OR HRA MAY ACT AS LAND TRUST.]**

*Any home rule charter or statutory city, except cities of the first class, or any housing and redevelopment authority as defined by chapter 469 may exercise all of the powers granted in this chapter to neighborhood land trusts, subject to the city's or housing and redevelopment authority's ongoing*

*compliance with all of the requirements of this chapter, except to the extent that compliance with this chapter clearly conflicts with other law governing cities or housing and redevelopment authorities.*

*Subd. 11. It is further declared that it is in the best interests of the citizens of the state of Minnesota that public moneys used for the purposes of this chapter be used in a manner that best assures the long-term affordability of housing to low- and moderate-income citizens. To achieve that public purpose, the agency shall consider, in the making of grants and loans and other uses of agency resources, the degree to which such grants, loans, and other uses will assure the long-term affordability of the housing, by use of the neighborhood land trust model or other techniques.*

[LOW-INCOME HOUSING.] The agency may, in consultation with the advisory committee, use money from the housing trust fund account to provide loans or grants for projects for the development, construction, acquisition, preservation, and rehabilitation of low-income rental and limited equity cooperative housing units and homes for ownership. Projects funded under this subdivision may involve property owned by a neighborhood land trust. No more than 20 percent of available funds may be used for home ownership projects. At least 75 percent of the rental and cooperative units, and 100 percent of the homes for ownership, must be rented to or cooperatively owned, or owned by persons and families whose income does not exceed 30 percent of the median family income for the metropolitan area as defined in section 473.121, subdivision 2. Neighborhood land trusts are eligible for both home ownership project funds and rental project funds. In making the grants, the agency shall determine the terms and conditions of repayment and the appropriate security, if any, should repayment be required. To promote the geographic distribution of grants and loans, the agency may designate a portion of the grant or loan awards to be set aside for projects located in specified congressional districts or other geographical regions specified by the agency. The agency may adopt emergency and permanent rules for awarding grants and loans under this subdivision. The emergency rules are effective for 180 days or until the permanent rules are adopted, whichever occurs first.*

Sec. 10. Minnesota Statutes 1990, section 60A.09, subdivision 5, is amended to read:

**Subd. 5. [REINSURANCE.] (1) [DEFINITIONS.]** For the purposes of this subdivision, the word "insurer" shall be deemed to include the word "reinsurer," and the words "issue policies of insurance" shall be deemed to include the words "make contracts of reinsurance."

**(2) [CONDITIONS AND REQUIREMENTS.]** Every insurer authorized to issue policies in this state may reinsure in any other insurer any part or all of any risk or risks assumed by it; but such reinsurance, unless effected (1) with an insurer authorized to issue policies in this state, or (2) with an insurer similarly authorized in another state, territory, or district of the United States, and showing the same standards of solvency and meeting the same statutory and departmental rules which would be required of or prescribed for such insurer were it at the time of such reinsurance authorized in this state to issue policies covering risks of the same kind or kinds as those reinsured, shall not reduce the reserve or other liability to be charged to the ceding insurer;

provided, that nothing in this subdivision shall be construed to permit to a ceding insurer any reduction of reserve or liability through reinsurance effected with an unauthorized insurer. In case such reinsurance effected with an insurer so authorized or so recognized for reinsurance in this state, the ceding insurer shall thereafter be charged on the gross premium basis with an unearned premium liability representing the proportion of such obligation retained by it; and the insurer to which the business is ceded shall be charged with an unearned premium liability representing the proportion of such obligation ceded to it, calculated in the same way. The two parties to the transaction shall together carry the same reserve as the ceding insurer would have carried had it retained the risk.

(3) [REINSURANCE OF MORE THAN 75 PERCENT OF INSURANCE LIABILITIES.] Any contract of reinsurance whereby an insurer cedes more than 75 percent of the total of its outstanding insurance liabilities shall, if such insurer is incorporated by or, if an insurer of a foreign country, has its principal office in this state, be subject to the approval, in writing, by the commissioner.

(4) (3) ACTUAL UNEARNED PREMIUM RESERVE TO BE CARRIED AS LIABILITY.] Nothing in this subdivision shall be deemed to permit the ceding insurer to receive, through the cession of the whole of any risk or risks, any advantage in respect to its unearned premium reserve that would reduce the same below the actual amount thereof.

(5) (4) (AIRCRAFT RISKS.) An insurer authorized to transact the business specified in section 60A.06, subdivision 1, clauses (4) and (5)(a), may through reinsurance assume any risk arising from, related to, or incident to the manufacture, ownership, or operation of aircraft and may retrocede any portion thereof; provided, however, that no insurer may undertake any such reinsurance business without the prior approval of the commissioner and such reinsurance business shall be subject to any regulations which may be promulgated by the commissioner. Any such reinsurance business may be provided through pooling arrangements with other insurers for purposes of spreading the insurance risk.

Sec. 11. [60A.091] [QUALIFIED UNITED STATES FINANCIAL INSTITUTION.]

*For purposes of sections 12 and 13, "qualified United States financial institution" means an institution that:*

(1) *is organized or, in the case of a United States office of a foreign banking organization, licensed, under the laws of the United States or any state;*

(2) *is regulated, supervised, and examined by federal or state authorities having regulatory authority over banks and trust companies; and*

(3) *is guaranteed by the Federal Deposit Insurance Corporation, or the National Credit Union Administration.*

Sec. 12. [60A.092] [REINSURANCE CREDIT ALLOWED A DOMESTIC CEDING INSURER.]

*Subdivision 1. [CREDIT ALLOWED.] Credit for reinsurance shall be allowed a domestic ceding insurer as either an asset or a deduction from liability on account of reinsurance ceded only when the reinsurance is ceded to an assuming insurer which meets the requirements specified under this section.*

*Subd. 2. [LICENSED ASSUMING INSURER.] Reinsurance is ceded to an assuming insurer if the assuming insurer is licensed to transact insurance or reinsurance in this state.*

*Subd. 3. [ACCREDITED ASSUMING INSURER.] (a) Reinsurance is ceded to an assuming insurer if the assuming insurer is accredited as a reinsurer in this state. An accredited reinsurer is one which:*

*(1) files with the commissioner evidence of its submission to this state's jurisdiction;*

*(2) submits to this state's authority to examine its books and records;*

*(3) is licensed to transact insurance or reinsurance in at least one state, or in the case of a United States branch of an alien assuming insurer is entered through and licensed to transact insurance or reinsurance in at least one state;*

*(4) files annually with the commissioner a copy of its annual statement filed with the insurance department of its state of domicile and a copy of its most recent audited financial statement; and*

*(5)(i) maintains a surplus as regards policyholders in an amount not less than \$20,000,000 and whose accreditation has not been denied by the commissioner within 90 days of its submission, or maintains a surplus as regards policyholders in an amount less than \$20,000,000 and whose accreditation has been approved by the commissioner; or*

*(ii) maintains a surplus as regards policyholders in an amount not less than \$50,000,000 for long-tail casualty reinsurers. For purposes of this section, "long-tail casualty reinsurance" means insurance for medical or legal malpractice, pollution liability, directors and officers liability, and products liability. The commissioner may determine that an assuming insurer that maintains a surplus as regards policyholders in an amount not less than \$20,000,000 is accredited as a reinsurer if there is no detriment to policyholders and the interest of the public, and to not allow accrediting would be a hardship or detriment to the reinsurer. The commissioner shall report to the legislature on any determination to allow accrediting to a long-term casualty reinsurer maintaining a surplus in an amount less than \$50,000,000.*

*(b) No credit shall be allowed or continue to be allowed a domestic ceding insurer if the assuming insurer's accreditation has been revoked by the commissioner after receipt of a cease and desist order pursuant to section 45.027, subdivision 5.*

*Subd. 4. [SIMILAR STATE STANDARDS.] Reinsurance is ceded to an assuming insurer if the assuming insurer is domiciled and licensed in, or in the case of a United States branch of an alien assuming insurer is entered through, a state which employs standards regarding credit for reinsurance substantially similar to those applicable under this chapter and the assuming insurer or United States branch of an alien assuming insurer (1) maintains a surplus as regards policyholders in an amount not less than \$20,000,000 or maintains a surplus as regards policyholders in an amount not less than \$50,000,000 for long-tail casualty reinsurers as provided under subdivision 3, paragraph (a), clause (5), and (2) submits to the authority of this state to examine its books and records.*

*Clause (1) does not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company*

system.

*Subd. 5. [TRUST FUND MAINTAINED.] The reinsurance is ceded to an assuming insurer if the assuming insurer maintains a trust fund in a qualified United States financial institution for the payment of the valid claims, as determined by the commissioner for the purpose of determining the sufficiency of the trust fund, of its United States policyholders and ceding insurers, their assigns and successors in interest. The assuming insurer shall report annually to the commissioner information substantially the same as that required to be reported on the National Association of Insurance Commissioners annual statement form by licensed insurers to enable the commissioner to determine the sufficiency of the trust fund.*

*Subd. 6. [SINGLE ASSUMING INSURER; TRUST FUND REQUIREMENTS.] In the case of a single assuming insurer, the trust shall consist of a trustee account representing the assuming insurer's liabilities attributable to business written in the United States and, in addition, the assuming insurer shall maintain a trustee surplus of not less than \$20,000,000 or maintain a surplus as regards policyholders in an amount not less than \$50,000,000 for long-tail casualty reinsurers as provided under subdivision 3, paragraph (a), clause (5).*

*Subd. 7. [INDIVIDUAL UNINCORPORATED UNDERWRITERS GROUP; TRUST FUND REQUIREMENTS.] In the case of a group of individual unincorporated underwriters, the trust shall consist of a trustee account representing the group's liabilities attributable to business written in the United States. The group shall maintain a trustee surplus of which \$100,000,000 shall be held jointly for the benefit of United States ceding insurers of any member of the group. The group shall make available to the commissioner an annual certification by the group's domiciliary regulator and its independent public accountants of the solvency of each underwriter.*

*Subd. 8. [INCORPORATED INSURERS GROUP; TRUST FUND REQUIREMENTS.] A group of incorporated insurers under common administration must:*

- (1) comply with the filing requirements specified in subdivision 7;*
- (2) be under the supervision of the Department of Trade and Industry of the United Kingdom;*
- (3) submit to this state's authority to examine its books and records;*
- (4) bear the expense of the examination;*
- (5) maintain an aggregate policyholders' surplus of \$10,000,000,000;*
- (6) maintain the trust in an amount equal to the group's several liabilities attributable to business written in the United States; and*
- (7) maintain a joint trustee surplus of which \$100,000,000 must be held jointly for the benefit of United States ceding insurers of any member of the group.*

*Each member of the group shall make available to the commissioner an annual certification by the member's domiciliary regulator and its independent accountant of the member's solvency.*

*Subd. 9. [TRUST FUND GENERAL REQUIREMENTS.] (a) The trust must be established in a form approved by the commissioner of commerce. The trust instrument shall provide that contested claims shall be valid and*

*enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in the trustees of the trust for its United States policyholders and ceding insurers, their assigns and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the commissioner. The trust must remain in effect for as long as the assuming insurer shall have outstanding obligations due under the reinsurance agreements subject to the trust.*

*(b) No later than February 28 of each year the trustees of the trust shall report to the commissioner in writing setting forth the balance of the trust and listing the trust's investments at the preceding year end and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the next following December 31.*

*Subd. 10. [OTHER JURISDICTIONS.] The reinsurance is ceded to an assuming insurer not meeting the requirements of subdivision 2, 3, 4, or 5, but only with respect to the insurance of risks located in jurisdictions where the reinsurance is required by applicable law or regulation of that jurisdiction.*

*Subd. 11. [REINSURANCE AGREEMENT REQUIREMENTS.] (a) If the assuming insurer is not licensed or accredited to transact insurance or reinsurance in this state, the credit authorized under subdivisions 4 and 5 shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:*

*(1) that in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer shall submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, comply with all requirements necessary to give the court jurisdiction, and abide by the final decision of the court or of any appellate court in the event of an appeal; and*

*(2) to designate the commissioner or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding instituted by or on behalf of the ceding company.*

*(b) Paragraph (a) is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if an obligation to do so is created in the agreement.*

**Sec. 13. [60A.093] [REDUCTION FROM LIABILITY FOR REINSURANCE CEDED BY A DOMESTIC INSURER TO AN ASSUMING INSURER.]**

*Subdivision 1. [REDUCTION ALLOWED.] A reduction from liability for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of section 12 shall be allowed in an amount not exceeding the liabilities carried by the ceding insurer. Such reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer, as security for the payment of obligations under the reinsurance contract with the assuming insurer. Such security must be held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer; or, in the case of a trust, held in a qualified United States financial institution. The funds held as security may be in any form of security acceptable to the commissioner or in the form of:*

(1) cash;

(2) securities listed by the securities valuation office of the National Association of Insurance Commissioners and qualifying as admitted assets and, with the exception of United States treasury notes, readily marketable over a national exchange or NASDAQ with maturity dates within one year; or

(3) clean, irrevocable, unconditional letters of credit issued or confirmed by a qualified United States financial institution no later than December 31 in respect of the year for which filing is being made, and in the possession of the ceding company on or before the filing date of its annual statement. The financial institution must meet the standards of financial condition and standing considered necessary and appropriate to regulate the quality of financial institutions as determined by either the commissioner or the securities valuation office of the National Association of Insurance Commissioners, and the financial institution's letters of credit must be acceptable to the commissioner.

Subd. 2. [LETTERS OF CREDIT CONTINUED ACCEPTANCE.] Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance or confirmation must, notwithstanding the issuing or confirming institution's subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security unless the issuing or confirming institution fails the following standards:

(1) fails to maintain a minimum ratio of three percent tier I capital to total risk adjusted assets, leverage ratio, as required by the Federal Reserve System as disclosed by the bank in any call report required by state or federal regulatory authority and available to the ceding insurer; or

(2) has its long-term deposit rating or long-term debt rating lowered to a rating below Aa2 as found in the current monthly publication of Moody's credit opinions or its equivalent.

The letter of credit of an institution failing these standards continues to be acceptable for no more than 30 days.

Sec. 14. [60A.094] [RULES.]

The commissioner may adopt rules implementing the provisions of sections 11 to 13.

Sec. 15. [60A.095] [REINSURANCE AGREEMENTS AFFECTED.]

ARTICLE 3  
STANDARDS AND COMMISSIONER'S AUTHORITY  
FOR COMPANIES CONSIDERED TO BE IN  
HAZARDOUS FINANCIAL CONDITION

Section 1. [60G.20] [STANDARDS.]

*Subdivision 1. [HAZARDOUS CONSIDERATION.] The following standards, either singly or a combination of two or more, may be considered by the commissioner to determine whether the continued operation of any insurer, whether domestic, foreign, or alien, transacting an insurance business in this state may be considered hazardous to the policyholders, creditors or the general public. The commissioner may consider:*

*(1) an adverse finding reported in financial condition and market conduct examination reports;*

*(2) the National Association of Insurance Commissioners insurance regulatory information system and its related reports;*

*(3) the ratios of commission expense, general insurance expense, policy benefits, and reserve increases as to annual premium and net investment income which may lead to an impairment of capital and surplus;*

*(4) whether the insurer's asset portfolio when viewed in light of current economic conditions is not of sufficient value, liquidity, or diversity to assure the company's ability to meet its outstanding obligations as they mature;*

*(5) the ability of an assuming reinsurer to perform and whether the insurer's reinsurance program provides sufficient protection for the company's remaining surplus after taking into account the insurer's cash flow and the classes of business written as well as the financial condition of the assuming reinsurer;*

*(6) whether the insurer's operating loss in the last 12-month period or any shorter period of time, including, but not limited to, net capital gain or loss, change in nonadmitted assets, and cash dividends paid to shareholders, is greater than 50 percent of the insurer's remaining surplus as regards policyholders in excess of the minimum required;*

*(7) whether any affiliate, subsidiary, or reinsurer is insolvent, threatened with insolvency, or delinquent in payment of its monetary or other obligations;*

*(8) contingent liabilities, pledges, or guaranties which either individually or collectively involve a total amount which in the opinion of the commissioner may affect the solvency of the insurer;*

*(9) whether any "controlling person" of an insurer is delinquent in the transmitting to, or payment of, net premiums to the insurer;*

*(10) the age and collectability of receivables;*

*(11) whether the management of an insurer, including officers, directors, or any other person who directly or indirectly controls the operation of the insurer, fails to possess and demonstrate the competence, fitness, and reputation necessary to serve the insurer in the position;*

*(12) whether management of an insurer has failed to respond to inquiries relative to the condition of the insurer or has furnished false and misleading*

*information concerning an inquiry;*

*(13) whether management of an insurer either has filed a false or misleading sworn financial statement, or has released a false or misleading financial statement to lending institutions or to the general public, or has made a false or misleading entry, or has omitted an entry of material amount in the books of the insurer;*

*(14) whether the insurer has grown so rapidly and to such an extent that it lacks adequate financial and administrative capacity to meet its obligations in a timely manner; or*

*(15) whether the company has experienced or will experience in the foreseeable future cash flow or liquidity problems.*

*Subd. 2. [COMMISSIONER'S AUTHORITY.] For the purposes of making a determination of an insurer's financial condition under subdivision 1, the commissioner may:*

*(1) disregard any credit or amount receivable resulting from transactions with a reinsurer which is insolvent, impaired, or otherwise subject to a delinquency proceeding;*

*(2) make appropriate adjustments to asset values attributable to investments in or transactions with the corporation's parents, subsidiaries, or affiliates;*

*(3) refuse to recognize the stated value of accounts receivable if the ability to collect receivables is highly speculative in view of the age of the account or the financial condition of the debtor; or*

*(4) increase the insurer's liability in an amount equal to any contingent liability, pledge, or guarantee not otherwise included if there is a substantial risk that the insurer will be called upon to meet the obligation undertaken within the next 12-month period.*

*Sec. 2. [60G.21] [COMMISSIONER'S ORDER.]*

*Subdivision 1. [AUTHORIZATION.] If the commissioner determines that the continued operation of the insurer licensed to transact business in this state may be hazardous to the policyholders or the general public, then the commissioner may, upon the commissioner's determination, issue an order requiring the insurer to:*

*(1) reduce the total amount of present and potential liability for policy benefits by reinsurance;*

*(2) reduce, suspend, or limit the volume of business being accepted or renewed;*

*(3) reduce general insurance and commission expenses by methods specified by the commissioner;*

*(4) increase the insurer's capital and surplus;*

*(5) suspend or limit the declaration and payment of dividend by an insurer to its stockholders or to its policyholders;*

*(6) file reports in a form acceptable to the commissioner concerning the market value of an insurer's assets;*

*(7) limit or withdraw from certain investments or discontinue certain investment practices to the extent the commissioner considers necessary;*

(8) document the adequacy of premium rates in relation to the risks insured; or

(9) file, in addition to regular annual statements, interim financial reports on the form adopted by the National Association of Insurance Commissioners or in the format adopted by the commissioner.

*Subd. 2. [REVIEW.] An insurer subject to an order under subdivision 1 may request a hearing as provided under chapter 14 to review that order. All hearings conducted under this section are closed and private.*

Subd. 3. [REQUIREMENTS.] *The commissioner may require a bond in an amount acceptable for the protection of the insurer. The commissioner may require the managing general agent to maintain an errors and omissions policy.*

Sec. 4. [60H.04] [REQUIRED CONTRACT PROVISIONS.]

*No person, firm, association, or corporation acting in the capacity of a managing general agent shall place business with an insurer unless there is in force a written contract between the parties. The contract must specify the responsibilities of each party and, where both parties share responsibility for a particular function, must specify the division of the responsibilities. The contract must include the following minimum provisions:*

(a) *The insurer may terminate the contract for cause upon written notice to the managing general agent. The insurer may suspend the underwriting authority of the managing general agent during the pendency of any dispute regarding the cause for termination.*

(b) *The managing general agent must give accounts to the insurer detailing all transactions and remit all funds due under the contract to the insurer on not less than a monthly basis.*

A managing general agent shall deposit only trust funds in a trust account and shall not commingle personal funds or other funds in a trust account, except that a managing general agent may deposit and maintain a sum in a trust account from personal funds, which sum shall be specifically identified and used to pay service charges or satisfy the minimum balance requirements relating to the trust account.*

The managing general agent shall have reasonable access to and the right to copy the files on a timely basis.*

*(4) Any settlement authority granted to the managing general agent may be terminated for cause upon the insurer's written notice to the managing general agent or upon the termination of the contract. The insurer may suspend the settlement authority during the pendency of any dispute regarding the cause for termination.*

*(h) Where electronic claims files are in existence, the contract must address the timely transmission of the data.*

*(i) If the contract provides for a sharing of interim profits by the managing general agent, and the managing general agent has the authority to determine the amount of the interim profits by establishing loss reserves or controlling claim payments, or in any other manner, interim profits will not be paid to*

*(4) without prior approval of the insurer, pay or commit the insurer to pay a claim over a specified amount, net of reinsurance, which shall not exceed one percent of the insurer's policyholder's surplus as of December 31 of the last completed calendar year;*

*(5) collect any payment from a reinsurer or commit the insurer to any claim settlement with a reinsurer, without prior approval of the insurer. If prior approval is given, a report must be promptly forwarded to the insurer;*

*(6) permit its subagent to serve on the insurer's board of directors;*

*(7) jointly employ an individual who is employed with the insurer; or*

*(8) appoint a submanaging general agent.*

*Subd. 2. [ACTUARY OPINION.] If a managing general agent establishes loss reserves, the insurer shall annually obtain the opinion of an actuary attesting to the adequacy of loss reserves established for losses incurred and outstanding on business produced by the managing general agent. This is in addition to any other required loss reserve certification.*

*Subd. 3. [ON-SITE REVIEW.] The insurer shall periodically, at least semiannually, conduct an on-site review of the underwriting and claims processing operation of the managing general agent and maintain on its records the results of that review.*

*Subd. 4. [OFFICER OF INSURER.] Except as authorized under section 4, paragraph (j), clause (1), binding authority for all reinsurance contracts or participation in insurance or reinsurance syndicates shall rest with an officer of the insurer not affiliated with the managing general agent.*

*Subd. 5. [WRITTEN NOTIFICATION.] Within 30 days of entering into or termination of a contract with a managing general agent, the insurer shall provide written notification of the appointment or termination to the commissioner. Notices of appointment of a managing general agent must include a statement of duties which the managing general agent is expected to perform on behalf of the insurer, the lines of insurance for which the managing general agent is to be authorized to act, and any other information the commissioner may request.*

*Subd. 6. [REVIEW OF BOOKS AND RECORDS.] An insurer shall review its books and records each quarter to determine if a licensed agent has become a managing general agent as defined in section 2, subdivision 4. If the insurer determines that an agent has become a managing general agent, the insurer shall promptly notify the agent and the commissioner of the determination and the insurer and agent must fully comply with this chapter within 30 days.*

*Subd. 7. [PROHIBITED APPOINTMENTS.] An insurer shall not appoint to its board of directors an officer, director, employee, subagent, or controlling shareholder of its managing general agents. This section does not apply to relationships governed by the Insurance Holding Company Act, chapter 60D, or, if applicable, the Producer Controlled Insurer Act.*

*A managing general agent may be examined as if it were the insurer.*

**Sec. 7. [60H.07] [ACTS OF MANAGING GENERAL AGENT.]**

**Sec. 8. [60H.08] [PENALTIES AND LIABILITIES.]**

*Subdivision 1. [COMMISSIONER'S AUTHORITY.] If the commissioner finds pursuant to the procedural requirements of section 45.027 that a person has violated a provision of this chapter, the commissioner may take any action authorized under that section.*

*Subd. 2. [ADDITIONAL PENALTY.] In addition to authority granted by section 45.027 for each separate violation, the commissioner may impose a penalty of up to \$10,000 for each day the violation continues and order the managing general agent to reimburse the insurer, rehabilitator, or liquidator of the insurer for any losses incurred by the insurer caused by a violation of this chapter committed by the managing general agent.*

## ARTICLE 5

## LIFE AND HEALTH GUARANTY ASSOCIATION

Section 1. Minnesota Statutes 1990, section 60B.25, is amended to read:

## 60B.25 [POWERS OF LIQUIDATOR.]

The liquidator shall report to the court monthly, or at other intervals specified by the court, on the progress of the liquidation in whatever detail the court orders. The liquidator shall coordinate *activities with those of each guaranty association* having an interest in the liquidation and shall submit a report detailing how coordination will be achieved to the court for its approval within 30 days following appointment, or within the time which the court, in its discretion, may establish. Subject to the court's control, the liquidator may:

(1) Appoint a special deputy to act under sections 60B.01 to 60B.61 and determine the deputy's compensation. The special deputy shall have all powers of the liquidator granted by this section. The special deputy shall serve at the pleasure of the liquidator.

(2) Appoint or engage employees and agents, actuaries, accountants, appraisers, consultants, and other personnel deemed necessary to assist in the liquidation without regard to chapter 14.

(3) Fix the compensation of persons under clause (2), subject to the control of the court.

(4) Defray all expenses of taking possession of, conserving, conducting, liquidating, disposing of, or otherwise dealing with the business and property of the insurer. If the property of the insurer does not contain sufficient cash or liquid assets to defray the costs incurred, the liquidator may advance the costs so incurred out of the appropriation made to the department of commerce. Any amounts so paid shall be deemed expense of administration and shall be repaid for the credit of the department of commerce out of the first available money of the insurer.

(5) Hold hearings, subpoena witnesses and compel their attendance, administer oaths, examine any person under oath and compel any person to subscribe to testimony after it has been correctly reduced to writing, and in connection therewith require the production of any books, papers, records, or other documents which the liquidator deems relevant to the inquiry.

(6) Collect all debts and money due and claims belonging to the insurer, wherever located, and for this purpose institute timely action in other jurisdictions, in order to forestall garnishment and attachment proceedings against such debts; do such other acts as are necessary or expedient to collect, conserve, or protect its assets or property, including sell, compound, compromise, or assign for purposes of collection, upon such terms and conditions as the liquidator deems best, any bad or doubtful debts; and pursue any creditor's remedies available to enforce claims.

(7) Conduct public and private sales of the property of the insurer in a manner prescribed by the court.

(8) Use assets of the estate to transfer coverage obligations to a solvent assuming insurer, if the transfer can be arranged without prejudice to applicable priorities under section 60B.44.

(9) Acquire, hypothecate, encumber, lease, improve, sell, transfer, abandon, or otherwise dispose of or deal with any property of the insurer at its market value or upon such terms and conditions as are fair and reasonable, except that no transaction involving property the market value of which exceeds \$10,000 shall be concluded without express permission of the court. The liquidator may also execute, acknowledge, and deliver any deeds, assignments, releases, and other instruments necessary or proper to effectuate any sale of property or other transaction in connection with the liquidation. In cases where real property sold by the liquidator is located other than in the county where the liquidation is pending, the liquidator shall cause to be filed with the county recorder for the county in which the property is located a certified copy of the order of appointment.

(10) Borrow money on the security of the insurer's assets or without security and execute and deliver all documents necessary to that transaction for the purpose of facilitating the liquidation.

(11) Enter into such contracts as are necessary to carry out the order to liquidate, and affirm or disallow any contracts to which the insurer is a party.

(12) Continue to prosecute and institute in the name of the insurer or in the liquidator's own name any suits and other legal proceedings, in this state or elsewhere, and abandon the prosecution of claims the liquidator deems unprofitable to pursue further. If the insurer is dissolved under section 60B.23, the liquidator may apply to any court in this state or elsewhere for leave to be substituted for the insurer as plaintiff.

(13) Prosecute any action which may exist in behalf of the creditors, members, policyholders, or shareholders of the insurer against any officer of the insurer, or any other person.

(14) Remove any records and property of the insurer to the offices of the commissioner or to such other place as is convenient for the purposes of efficient and orderly execution of the liquidation.

(15) Deposit in one or more banks in this state such sums as are required for meeting current administration expenses and dividend distributions.

(16) Deposit with the state board of investment for investment pursuant to section 11A.24, all sums not currently needed, unless the court orders otherwise.

(17) File any necessary documents for record in the office of any county recorder or record office in this state or elsewhere where property of the insurer is located.

(18) Assert all defenses available to the insurer as against third persons, including statutes of limitations, statutes of frauds, and the defense of usury. A waiver of any defense by the insurer after a petition for liquidation has been filed shall not bind the liquidator.

(19) Exercise and enforce all the rights, remedies, and powers of any creditor, shareholder, policyholder, or member, including any power to avoid

any transfer or lien that may be given by law and that is not included within sections 60B.30 and 60B.32.

(20) Intervene in any proceeding wherever instituted that might lead to the appointment of a receiver or trustee, and act as the receiver or trustee whenever the appointment is offered.

(21) Enter into agreements with any receiver or commissioner of any other state relating to the rehabilitation, liquidation, conservation, or dissolution of an insurer doing business in both states.

(22) Exercise all powers now held or hereafter conferred upon receivers by the laws of this state not inconsistent with sections 60B.01 to 60B.61.

(23) The enumeration in this section of the powers and authority of the liquidator is not a limitation, nor does it exclude the right to do such other acts not herein specifically enumerated or otherwise provided for as are necessary or expedient for the accomplishment of or in aid of the purpose of liquidation.

(24) The power of the liquidator of a health maintenance organization includes the power to transfer coverage obligations to a solvent and voluntary health maintenance organization, insurer, or nonprofit health service plan, and to assign provider contracts of the insolvent health maintenance organization to an assuming health maintenance organization, insurer, or nonprofit health service plan permitted to enter into such agreements. The liquidator is not required to meet the notice requirements of section 62D.121. Transferees of coverage obligations or provider contracts shall have no liability to creditors or obligees of the health maintenance organization except those liabilities expressly assumed.

Sec. 2. [61B.18] [CITATION.]

*Sections 61B.18 to 61B.32 may be cited as the Minnesota life and health insurance guaranty association act.*

Sec. 3. [61B.19] [PURPOSE; SCOPE; LIMITATION OF COVERAGE; LIMITATION OF BENEFITS; CONSTRUCTION.]

*Subdivision 1. [PURPOSE.] (a) The purpose of sections 61B.18 to 61B.32 is to protect, subject to certain limitations, the persons specified in subdivision 2 against failure in the performance of contractual obligations, under life insurance policies, health insurance policies, annuity contracts, and supplemental contracts specified in subdivision 2, because of the impairment or insolvency of the member insurer that issued the policies or contracts where the impairment or insolvency occurs on or after the effective date of sections 61B.18 to 61B.32.*

*(b) To provide this protection, an association of insurers has been created and exists to pay benefits and to continue coverages, as limited in sections 61B.18 to 61B.32. Members of the association are subject to assessment to provide funds to carry out the purpose of sections 61B.18 to 61B.32.*

*Subd. 2. [SCOPE.] (a) Sections 61B.18 to 61B.32 provide coverage for the policies and contracts specified in paragraph (b) to:*

*(1) persons who are owners of or certificate holders under these policies or contracts, or, in the case of unallocated annuity contracts, to the persons who are the contract holders, and who*

*(i) are residents; or*

*(ii) are not residents, but only under all of the following conditions: the insurers that issued the policies or contracts are domiciled in the state of Minnesota; those insurers never held a license or certificate of authority in the states in which those persons reside; those states have associations similar to the association created by sections 61B.18 to 61B.32; and those persons are not eligible for coverage by those associations; and*

*(2) persons who, regardless of where they reside (except for nonresident certificate holders under group policies or contracts), are the beneficiaries, assignees, or payees of the persons covered under clause (1).*

*(b) Sections 61B.18 to 61B.32 provide coverage to the persons specified in paragraph (a) for direct, nongroup life, health, annuity, and supplemental policies or contracts, for subscriber contracts issued by a nonprofit health service plan corporation operating under chapter 62C, for certificates under direct group policies and contracts, and for unallocated annuity contracts issued by member insurers, except as limited by sections 61B.18 to 61B.32. Except as expressly excluded under subdivision 3, annuity contracts and certificates under group annuity contracts include guaranteed investment contracts, deposit administration contracts, unallocated funding agreements, allocated funding agreements, structured settlement agreements, lottery contracts, and any immediate or deferred annuity contracts.*

*Subd. 3. [LIMITATION OF COVERAGE.] Sections 61B.18 to 61B.32 do not provide coverage for:*

*(1) a portion of a policy or contract under which the investment risk is borne by the policy or contract holder;*

*(2) a policy or contract of reinsurance, unless assumption certificates have been issued;*

*(3) a policy or contract issued by an assessment benefit association operating under section 61A.39, or a fraternal benefit society operating under chapter 64B;*

*(4) a health insurance policy issued by a person other than a person authorized to write life insurance in this state or other than a person whose corporate charter would permit the writing of life insurance but who is authorized to write only health insurance in this state;*

*(5) for policies or contracts issued five or less years before the insolvency, (a) for the two-year period prior to insolvency, for other than participating or indeterminate premium policies or contracts, the portion of a policy's or contract's value equal to the cash value attributable to rates of interest which exceed the minimum rate of interest guaranteed by the insurer for the life of the policy or contract when it was issued;*

*(b) on and after the date on which the association becomes obligated with respect to such policy or contract, the portion of a policy's or contract's value attributable to rates of interest which exceed the minimum rate of interest guaranteed by the insurer for the life of the policy or contract when it was issued;*

*(6) an annuity contract issued in connection with and for the purpose of funding a structured settlement of a liability claim, owned by the liability insurer, and on which the liability insurer remains liable under the contract;*

*(7) a portion of an unallocated annuity contract which is not issued to or in connection with a specific employee, union, or association of natural*

persons benefit plan or a governmental lottery;

(8) a plan or program of an employer, association, or similar entity to provide life, health, or annuity benefits to its employees or members but only to the extent that the plan or program is self-funded or uninsured, including benefits payable by an employer, association, or similar entity under:

(i) a Multiple Employer Welfare Arrangement as defined in the Employee Retirement Income Security Act of 1974, United States Code, title 29, section 1002(40)(A), as amended through December 31, 1990;

(ii) a minimum premium group insurance plan;

(iii) a stop-loss group insurance plan; or

(iv) an administrative services only contract.

Nothing in this clause excludes coverage for stop-loss or run-off insurance policies if otherwise covered under sections 61B.18 to 61B.32;

(9) an unallocated annuity contract issued to an employee benefit plan protected under the federal Pension Benefit Guaranty Corporation; and

(10) a portion of a policy or contract to the extent that it provides dividends or experience rating credits, or provides that a fee or allowance be paid to a person, including the policy or contract holder, in connection with the service to, or administration of, the policy or contract.

*Subd. 4. [LIMITATION OF BENEFITS.]* The benefits for which the association may become liable shall in no event exceed the lesser of:

(1) the contractual obligations for which the insurer is liable or would have been liable if it were not an impaired or insolvent insurer; or

(2) subject to the limitation in clause (4), with respect to any one life, regardless of the number of policies or contracts:

(i) \$300,000 in life insurance death benefits, but not more than \$100,000 in net cash surrender and net cash withdrawal values for life insurance;

(ii) \$300,000 in health insurance benefits, including any net cash surrender and net cash withdrawal values;

(iii) \$300,000 for annuity benefits, but no more than \$100,000 in net cash surrender and net cash withdrawal values; or

(3) subject to the limitation in clause (4), with respect to each individual participating in a retirement plan established under section 401, 403(b), or 457 of the Internal Revenue Code of 1986, as amended through December 31, 1990, covered by an unallocated annuity contract, or the beneficiaries of each such individual if deceased, in the aggregate, \$300,000 in present value annuity benefits, including net cash surrender and net cash withdrawal values; or

(4) in no event shall the association be liable to expend more than \$300,000 in the aggregate with respect to any one life under clause (2), items (i), (ii), and (iii), and any one individual under clause (3); or

(5) with respect to a contract holder covered by an unallocated annuity contract, \$5,000,000 in benefits, not including any amounts covered in clause (3), irrespective of the number of those contracts held by that contract

holder.

*Subd. 5. [LIMITED LIABILITY.] The liability of the association is strictly limited by the express terms of the covered policies and contracts and by the provisions of sections 61B.18 to 61B.32 and is not affected by the contents of any brochures, illustrations, advertisements, or oral statements by agents, brokers, or others used or made in connection with their sale. This limitation on liability does not prevent an insured from proving liability that is greater than the express terms of the covered policy or contract. The insured must bring an action to claim the greater liability within one year of entry of an order of rehabilitation, conservation, or liquidation. The association is not liable for any extra-contractual, exemplary, or punitive damages. The association is not liable for attorney fees or interest other than as provided for by the terms of the policies or contracts, subject to the other limits of sections 61B.18 to 61B.32.*

*Subd. 6. [CONSTRUCTION.] Sections 61B.18 to 61B.32 shall be liberally construed to effect the purpose of sections 61B.18 to 61B.32. Subdivision 1 is an aid and guide to interpretation.*

A person may be a resident of only one state, which in the case of a person other than a natural person is its principal place of business.

**Subd. 16. [SUPPLEMENTAL CONTRACT.]** "Supplemental contract" means an agreement entered into for the distribution of policy or contract proceeds.

**Subd. 17. [UNALLOCATED ANNUITY CONTRACT.]** "Unallocated annuity contract" means an annuity contract or group annuity certificate that is not issued to and owned by an individual, except to the extent of annuity benefits guaranteed to an individual by an insurer under the contract

or certificate.

**Sec. 5. [61B.21] [MINNESOTA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION.]**

*Subdivision 1. [FUNCTIONS.] The Minnesota life and health insurance guaranty association shall perform its functions under the plan of operation established and approved under section 61B.25, and shall exercise its powers through a board of directors. The association is not a state agency for purposes of chapters 14, 16A, 16B, or 43A. For purposes of administration and assessment, the association shall establish and maintain two accounts:*

*(1) the life insurance and annuity account which includes the following subaccounts:*

*(i) life insurance account;*

*(ii) annuity account, which shall include a governmental retirement plan established under section 401, 403(b), or 457 of the Internal Revenue Code of 1986, as amended through December 31, 1990; and*

*(iii) unallocated annuity account; and*

*(2) the health insurance account.*

*Subd. 2. [SUPERVISION BY COMMISSIONER OF COMMERCE.] The association is under the immediate supervision of the commissioner and is subject to the applicable provisions of the insurance laws of this state.*

**Sec. 6. [61B.22] [BOARD OF DIRECTORS.]**

*Subdivision 1. [MEMBERS.] The board of directors of the association consists of nine members serving terms as established in the plan of operation under section 61B.25. Members of the board must be elected by member insurers, subject to the approval of the commissioner, for the terms of office specified in their nominations. Vacancies on the board shall be filled for the remaining period of the term by a majority vote of the remaining board members, subject to approval of the commissioner. In approving selections or in appointing members to the board, the commissioner shall consider whether all member insurers are fairly represented.*

*Subd. 2. [EXPENSES.] Members of the board may be reimbursed from the assets of the association for reasonable and necessary expenses incurred by them as members of the board, but shall not otherwise be compensated by the association for their services.*

*Subd. 3. [COMMITTEES AND MEETINGS.] Except as otherwise required under the plan of operation:*

*(a) The board of directors may, by unanimous affirmative action of the entire board, designate three or more directors as an executive committee, which, to the extent determined by unanimous affirmative action of the entire board, has and shall exercise the authority of the board in the management of the business of the association. This executive committee shall act only in the interval between meetings of the board, and is subject at all times to the control and direction of the board.*

*(b) The board of directors may, by unanimous affirmative action of the entire board, create additional committees, which have and shall exercise the specific authority and responsibility as determined by the unanimous affirmative action of the entire board.*

(c) Any action that may be taken at a meeting of the board of directors or of a lawfully constituted executive committee may be taken without a meeting if authorized by a writing or writings signed by all the directors or by all of the members of the committee, as the case may be. This action is effective on the date on which the last signature is placed on the writing or writings, or on an earlier effective date established in the writing or writings.

(d) Members of the board of directors or of a lawfully constituted executive committee may participate in a meeting of the board or committee by means of conference telephone or similar communications equipment through which all persons participating in the meeting can hear each other. Participation in a meeting as provided in this clause constitutes presence in person at the meeting.

Subd. 4. [OPEN MEETINGS.] Board meetings are subject to section 471.705, except when private or nonpublic data as described in this subdivision is discussed. Discussions of lawsuits and member insurer assessments and business records of an impaired or insolvent insurer are classified as private data with regard to data on individuals under section 13.02, subdivision 12, or as nonpublic data with regard to data not on individuals under section 13.02, subdivision 9, whichever is applicable.

Sec. 7. [61B.23] [POWERS AND DUTIES OF THE ASSOCIATION.]

Subdivision 1. [IMPAIRED DOMESTIC INSURER.] If a member insurer is an impaired domestic insurer, the association may, in its discretion, and subject to any conditions imposed by the association that do not impair the contractual obligations of the impaired insurer and that are approved by the commissioner, and that are, except in cases of court ordered conservation or rehabilitation, also approved by the impaired insurer:

(1) guarantee, assume, or reinsure, or cause to be guaranteed, assumed, or reinsured, any or all of the policies or contracts of the impaired insurer;

(2) provide money, pledges, notes, guarantees, or other means as are proper to exercise the power granted in clause (1) and assure prompt payment of the contractual obligations of the impaired insurer pending action under clause (1); or

(3) loan money to the impaired insurer.

Subd. 2. [IMPAIRED INSURER NOT PAYING CLAIMS.] If the commissioner determines that a member insurer, whether domestic, foreign, or alien, is an impaired insurer and is not paying claims in a timely manner, the commissioner, after suspending the right of the impaired insurer to write new business in this state, shall direct the association to make or cause to be made prompt payment of all contractual obligations that are or become due and owing by the impaired insurer. The association shall endeavor to obtain access to those records of the impaired insurer as are needed for the association to discharge its obligations and, if requested by the association, the commissioner will assist the association in obtaining access to those records. If the association is not given access to the necessary records, the association shall be relieved of its responsibility to make benefit payments and hardship or emergency withdrawals until such time as it is given access to those records.

In addition, the association may, in its discretion, either take any of the

actions specified in subdivision 1, subject to the conditions in that subdivision, or provide substitute benefits in lieu of the contractual obligations of the impaired insurer solely for: health benefit claims, periodic annuity benefit payments, death benefits, supplemental benefits, and cash withdrawals for resident policy or contract owners who petition therefor under claims of emergency or hardship in accordance with standards proposed by the association and approved by the commissioner. No insurer may be reinstated until all payments of or on account of the impaired insurer's contractual obligations by the guaranty association, along with all expenses thereof and interest on all such payments and expenses, shall have been repaid to the guaranty association or a plan of repayment by the impaired insurer shall have been approved by the commissioner.

*Subd. 3. [INSOLVENT INSURER.]* If a member insurer is an insolvent insurer then, subject to any conditions imposed by the association and approved by the commissioner, the association shall make or cause to be made prompt payment of the contractual obligations of the impaired insurer which are or become due and owing. In addition, the association shall, in its discretion:

(1) guarantee, assume, or reinsure, or cause to be guaranteed, assumed, or reinsured, the policies or contracts of the insolvent insurer so as to assure prompt payment of the obligations of the insolvent insurer as they become due and owing;

(2) promptly assure payment of the contractual obligations of the insolvent insurer as they become due and owing;

(3) promptly provide money, pledges, guarantees, or other means as are reasonably necessary to discharge its duties; or

(4) with respect only to life and health insurance policies, provide benefits and coverages in accordance with subdivision 4.

*Subd. 4. [PAYMENTS; ALTERNATIVE POLICIES.]* When proceeding under this section, the association shall, with respect to only life and health insurance policies:

(a) Assure payment of benefits for premiums identical to the premiums and benefits, except for terms of conversion and renewability, that would have been payable under the policies of the impaired or insolvent insurer, for claims incurred:

(1) with respect to group policies, not later than the earlier of the next renewal date under those policies or contracts or 45 days, but in no event less than 30 days, after the date on which the association becomes obligated with respect to those policies; or

(2) with respect to individual policies, not later than the earlier of the next renewal date, if any, under those policies or one year, but in no event less than 30 days, from the date on which the association becomes obligated with respect to those policies.

(b) Make diligent efforts to provide all known insureds or group policyholders with respect to group policies 30 days' notice of the termination of the benefits provided.

(c) With respect to individual policies, make available to each known insured, or owner if other than the insured, and with respect to an individual formerly insured under a group policy who is not eligible for replacement

*group coverage, make available substitute coverage on an individual basis in accordance with subdivision 4a, if the insureds had a right under law or the terminated policy to convert coverage to individual coverage or to continue an individual policy in force until a specified age or for a specified time, during which the insurer had no right unilaterally to make changes in any provision of the policy or had a right only to make changes in premium by class.*

**Subd. 4a. [ALTERNATIVE OR REISSUED POLICY REQUIREMENTS.]** *(a) In providing the substitute coverage required under subdivision 4, paragraph (c), the association may offer either to reissue the terminated coverage or to issue an alternative policy. Alternative or reissued policies must be offered without requiring evidence of insurability, and must not provide for any waiting period or exclusion that would not have applied under the terminated policy. The association may reinsure any alternative or reissued policy.*

*(b)(1) Alternative policies adopted by the association are subject to the approval of the commissioner. The association may adopt alternative policies of various types for future issuance without regard to any particular impairment or insolvency.*

*(2) Alternative policies must provide benefits that are not unreasonable in relation to the premium charged. The association shall set the premium in accordance with a table of rates which it shall adopt. The premium must reflect the amount of insurance to be provided and the age and class of risk of each insured, but must not reflect any changes in the health of the insured after the original policy was last underwritten.*

*(3) Any alternative policy issued by the association must provide coverage of a type similar to that of the policy issued by the impaired or insolvent insurer, as determined by the association.*

*(c) If the association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy, the premium must be set by the association in accordance with the amount of insurance provided and the age and class of risk, subject to approval of the commissioner or by a court of competent jurisdiction.*

*(d) The association's obligations with respect to coverage under any policy of the impaired or insolvent insurer or under any reissued or alternative policy ceases on the date the coverage or policy is replaced by another similar policy by the policyholder, the insured, or the association and the preexisting condition limitations have been satisfied.*

**Subd. 5. [PAYMENT; CREDITING OF INTEREST.]** *When proceeding under this section with respect to any policy or contract carrying guaranteed minimum interest rates, the association shall assure the payment or crediting of a rate of interest consistent with section 61B.19, subdivision 3, clause (5).*

**Subd. 6. [OBLIGATIONS TERMINATED.]** *Nonpayment of all unpaid premiums within 31 days after the date required under the terms of a guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage terminates the association's obligations under the policy, contract, or coverage under sections 61B.18 to 61B.32 with respect to the policy, contract, or coverage, except with respect to claims incurred or net cash surrender value that may be due in accordance with sections 61B.18 to 61B.32. The obligations of the association terminate 31 days after the*

*association sends a written cancellation notice by first class mail to the insured's last known address.*

*Subd. 7. [POSTLIQUIDATION PREMIUMS.] Premiums due for coverage after entry of any order of liquidation of an insolvent insurer belong to and are payable at the direction of the association, and the association is liable for unearned premiums due policy or contract owners arising after the entry of the order.*

*Subd. 8. [COVERAGE BY ANOTHER STATE.] The association has no liability under this section for a covered policy of a foreign or alien insurer whose domiciliary jurisdiction or state of entry provides protection, by statutes or rule, for residents of this state, which protection is substantially similar to that provided by sections 61B.18 to 61B.32, for residents of other states. Recovery provided for under sections 61B.18 to 61B.32 is reduced by the amount of recovery under the coverage provided by another state or jurisdiction.*

*Subd. 9. [LIENS.] (a) In carrying out its duties under subdivision 2 or 3, the association may request that there be imposed policy liens, contract liens, moratoriums on payments, or other similar means. The liens, moratoriums, or similar means may be imposed if the commissioner:*

*(1) finds that the amounts that can be assessed under sections 61B.18 to 61B.32 are less than the amounts necessary to assure full and prompt performance of the impaired insurer's contractual obligations, or that economic or financial conditions as they affect member insurers are sufficiently adverse to cause the imposition of policy or contract liens, moratoriums, or similar means to be in the public interest; and*

*(2) approves the specific policy liens, contract liens, moratoriums, or similar means to be used.*

*(b) Before being obligated under subdivision 2 or 3, the association may request that there be imposed temporary moratoriums or liens on payments of cash values and policy loans. The temporary moratoriums and liens may be imposed if approved by the commissioner.*

*Subd. 10. [FAILURE TO ACT.] If the association fails to act within a reasonable period of time as provided in subdivision 2, 3, or 4, the commissioner has the powers and duties of the association with respect to impaired or insolvent insurers.*

*Subd. 11. [ASSISTANCE TO COMMISSIONER.] The association may give assistance and advice to the commissioner, upon request, concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of an impaired or insolvent insurer.*

*Subd. 12. [STANDING IN COURT.] The association has standing to appear before any court in this state with jurisdiction over an impaired or insolvent insurer concerning which the association is or may become obligated under sections 61B.18 to 61B.32. This standing extends to all matters germane to the powers and duties of the association, including proposals for reinsuring, modifying, or guaranteeing the policies or contracts of the impaired or insolvent insurer and the determination of the policies or contracts and contractual obligations. The association may appear or intervene before a court in another state with jurisdiction over an impaired or insolvent insurer for which the association is or may become obligated or with jurisdiction over a third party against whom the association may have rights*

*through subrogation of the insurer's policyholders.*

*Subd. 13. [ASSIGNMENTS; SUBROGATION RIGHTS.] (a) A person receiving benefits under sections 61B.18 to 61B.32 shall be considered to have assigned the rights under, and any causes of action relating to, the covered policy or contract to the association to the extent of the benefits received because of sections 61B.18 to 61B.32, whether the benefits are payments of or on account of contractual obligations, continuation of coverage, or provision of substitute or alternative coverages. The association may require an assignment to it of those rights and causes of action by a payee, policy or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of rights or benefits conferred by sections 61B.18 to 61B.32 upon that person.*

*(b) The subrogation rights of the association under this subdivision have the same priority against the assets of the impaired or insolvent insurer as that possessed by the person entitled to receive benefits under sections 61B.18 to 61B.32.*

*(c) In addition to paragraphs (a) and (b), the association has all common law rights of subrogation and other equitable or legal remedies that would have been available to the impaired or insolvent insurer or holder of a policy or contract with respect to that policy or contract.*

*Subd. 14. [PERMISSIVE POWERS.] The association may:*

*(1) enter into contracts as are necessary or proper to carry out the provisions and purposes of sections 61B.18 to 61B.32;*

*(2) sue or be sued, including taking any legal actions necessary or proper to recover any unpaid assessments under section 61B.26 and to settle claims or potential claims against it;*

*(3) borrow money to effect the purposes of sections 61B.18 to 61B.32, and any notes or other evidence of indebtedness of the association not in default are legal investments for domestic insurers and may be carried as admitted assets;*

*(4) employ or retain persons as are necessary to handle the financial transactions of the association, and to perform other functions as the association considers necessary or proper under sections 61B.18 to 61B.32;*

*(5) enter into arbitration or take legal action as may be necessary to avoid payment of improper claims;*

*(6) exercise, for the purposes of sections 61B.18 to 61B.32 and to the extent approved by the commissioner, the powers of a domestic life or health insurer, but in no case may the association issue insurance policies or annuity contracts other than those issued to perform its obligations under sections 61B.18 to 61B.32;*

*(7) join an organization of one or more other state associations of similar purposes, to further the purposes and administer the powers and duties of the association; and*

*(8) negotiate and contract with any liquidator, rehabilitator, conservator, or ancillary receiver to carry out the powers and duties of the association.*

**Sec. 8. [61B.24] [ASSESSMENTS.]**

*Subdivision 1. [PURPOSE.] For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of*

*directors shall assess the member insurers, separately for each account or subaccount, at the times and for the amounts as the board finds necessary. Assessments are due not less than 30 days after prior written notice to the member insurers and accrue interest on and after the due date at the then applicable rate determined under section 549.09, subdivision 1, paragraph (c).*

*Subd. 2. [CLASSES OF ASSESSMENTS.] There are two classes of assessments, as follows:*

*(a) Class A assessments may be made for the purpose of meeting administrative and legal costs and other expenses and examinations conducted under the authority of section 61B.27. Class A assessments may be made whether or not related to a particular impaired or insolvent insurer.*

*(b) Class B assessments may be made to the extent necessary to carry out the powers and duties of the association under section 61B.23 with regard to an impaired or an insolvent insurer.*

*Subd. 3. [FORMULA FOR DETERMINATION.] (a) The amount of a class A assessment shall be determined by the board and may be made on a pro rata or non-pro rata basis. If pro rata, the board may provide that it be credited against future class B assessments. A non-pro rata assessment shall not exceed \$250 per member insurer in any one calendar year.*

*(b) The amount of any class B assessment must be allocated for assessment purposes among the accounts or subaccounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard considered by the board in its sole discretion as being fair and reasonable under the circumstances.*

*(c) Class B assessments against member insurers for each subaccount or account must be in the proportion that the average annual premiums received on business in this state by each assessed member insurer on policies or contracts covered by each subaccount or account for the three most recent calendar years for which information is available preceding the calendar year in which the insurer became impaired or insolvent, as the case may be, bears to the average annual premiums received on business in this state by all assessed member insurers on policies or contracts covered by that subaccount or account for those same calendar years.*

*(d) Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer must not be made until necessary to implement the purposes of sections 61B.18 to 61B.32. Classification of assessments under subdivision 2 and computation of assessments under this subdivision must be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.*

*Subd. 4. [ABATEMENT OR DEFERMENT.] The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which the assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments as provided in this section.*

*Subd. 5. [MAXIMUM ASSESSMENT.] (a) The total of all assessments*

upon a member insurer for the life and annuity account and for each subaccount of the life and annuity account shall not in any one calendar year exceed two percent of that member insurer's average annual premiums on policies or contracts covered by that account or subaccount. In addition, if the board of directors determines that a one percent assessment for any subaccount of the life and annuity account in any one calendar year will not provide an amount sufficient to carry out the responsibilities of the association, then pursuant to subdivision 3, the board of directors shall make a one percent assessment for the affected subaccount or subaccounts and assess the remaining necessary amount against all three subaccounts on a pro rata basis; provided that if the maximum annual two percent assessment limit would be exceeded in a subaccount by the assessment, then the other subaccounts will be assessed for the balance of any remaining necessary amount up to the maximum annual two percent limit in those other subaccounts.

(b) The total of all assessments upon a member insurer for the health account shall not in any one calendar year exceed two percent of that member insurer's average annual premiums on policies or contracts covered by that account.

(c) If the maximum assessment for an account, together with the other assets of the association in that account, does not provide in any one calendar year in that account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds must be assessed as soon as permitted by sections 61B.18 to 61B.32.

(d) The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

*Subd. 6. [REFUND.]* The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account or subaccount, the amount by which the assets of the account or subaccount exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account or subaccount, including assets accruing from assignment, subrogation, net realized gains, and income from investments. A reasonable amount may be retained in any account or subaccount to provide funds for the continuing expenses of the association and for future losses.

*Subd. 7. [PREMIUM RATES AND DIVIDENDS.]* A member insurer may, in determining its premium rates and policyowner dividends as to any kind of insurance within the scope of sections 61B.18 to 61B.32, consider the amount reasonably necessary to meet its assessment obligations under sections 61B.18 to 61B.32.

*Subd. 8. [CERTIFICATE OF CONTRIBUTION.]* The association shall issue to each insurer paying an assessment under sections 61B.18 to 61B.32, other than a class A assessment, a certificate of contribution, in a form prescribed by the commissioner, for the amount of the assessment so paid. All outstanding certificates must be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in the form and for the amount, if any, and period of time as the commissioner may approve.

*Subd. 9. [SURVIVAL OF OBLIGATION.] An insurer's membership obligations under this chapter shall survive any merger, consolidation, restructuring, incorporation, or reincorporation and shall become the obligations of the survivor organization.*

**Sec. 9. [61B.25] [PLAN OF OPERATION.]**

*Subdivision 1. [ADOPTION AND AMENDMENT.] The purpose of the plan of operation is to assure the fair, reasonable, and equitable administration of the association under sections 61B.18 to 61B.32. Amendments to the plan of operation must be submitted to the commissioner and become effective upon the commissioner's written approval or 30 days after submission if the commissioner has not disapproved. If the association fails to submit suitable amendments to the plan, the commissioner shall, after notice and hearing, adopt reasonable rules necessary or advisable to implement sections 61B.18 to 61B.32. The rules shall continue in force until modified by the commissioner or superseded by amendments submitted by the association and approved by the commissioner.*

*Subd. 2. [COMPLIANCE.] All member insurers shall comply with the plan of operation.*

*Subd. 3. [CONTENTS.] The plan of operation must, in addition to requirements specified in sections 61B.18 to 61B.32:*

- (1) establish procedures for handling the assets of the association;*
- (2) establish the amount and method of reimbursing members of the board of directors under section 61B.22;*
- (3) establish regular places and times for meetings including telephone conference calls of the board of directors or of the executive committee;*
- (4) establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors;*
- (5) establish procedures for selecting the board of directors;*
- (6) establish any additional procedures for assessments under section 61B.24; and*
- (7) contain additional provisions necessary or proper for the execution of the powers and duties of the association.*

*Subd. 4. [DELEGATION OF POWERS AND DUTIES.] The plan of operation may provide that any or all powers and duties of the association, except those under sections 61B.23, subdivision 14, clause (3), and 61B.24, are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this association, or its equivalent, in two or more states. The corporation, association, or organization shall be reimbursed for any payments made on behalf of the association and shall be paid for its performance of any function of the association. A delegation under this subdivision shall take effect only with the approval of both the board of directors and the commissioner, and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by sections 61B.18 to 61B.32.*

**Sec. 10. [61B.26] [DUTIES AND POWERS OF THE COMMISSIONER.]**

- (a) In addition to other duties and powers in sections 61B.18 to 61B.32,*

*the commissioner may:*

*(1) notify the board of directors of the existence of an impaired or insolvent insurer within three days after a determination of impairment or insolvency is made or the commissioner receives notice of impairment or insolvency;*

*(2) upon request of the board of directors, provide the association with a statement of the premiums in this and any other appropriate states for each member insurer;*

*(3) when an impairment is declared and the amount of the impairment is determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time; notice to the impaired insurer shall constitute notice to its shareholders, if any; the failure of the insurer to promptly comply with the commissioner's demand shall not excuse the association from the performance of its powers and duties under sections 61B.18 to 61B.32; and*

*(4) in a liquidation or rehabilitation proceeding involving a domestic insurer, be appointed as the liquidator or rehabilitator.*

*(b) The commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative, the commissioner may levy a forfeiture on any member insurer which fails to pay an assessment when due. A forfeiture shall not exceed five percent of the unpaid assessment per month, but no forfeiture shall be less than \$100 per month.*

*(c) An action of the board of directors or the association may be appealed to the commissioner if the appeal is taken within 30 days of the occurrence of the action being appealed. If a member company is appealing an assessment, the amount assessed must be paid to the association and be available to meet association obligations during the pendency of an appeal. If the appeal on the assessment is upheld, the amount paid in error or excess must be returned to the member company. Any final action or order of the commissioner is subject to judicial review in a court of competent jurisdiction, in the manner provided by chapter 14.*

*(d) The liquidator, rehabilitator, or conservator of an impaired insurer may notify all interested persons of the effect of sections 61B.18 to 61B.32.*

*(e) For the purposes of sections 61B.18 to 61B.32, the commissioner may delegate any of the powers conferred by law.*

#### Sec. 11. [61B.27] [PREVENTION OF INSOLVENCIES.]

*(a) To aid in the detection and prevention of insurer insolvencies or impairments the commissioner shall notify the commissioners of insurance of all the other states, territories of the United States, and the District of Columbia when the commissioner takes one of the following actions against a member insurer:*

*(i) revocation of license; or*

*(ii) suspension of license.*

*The notice must be mailed to all commissioners within 30 days following the action.*

*(b) If the commissioner deems it appropriate, the commissioner may:*

(1) report to the board of directors when the commissioner has taken one of the actions specified in paragraph (a) or has received a report from another commissioner indicating that an action specified in paragraph (a) has been taken in another state. The report to the board of directors must contain all significant details of the action taken or the report received from another commissioner.

(2) report to the board of directors when the commissioner has reasonable cause to believe from an examination, whether completed or in process, of a member company that the company may be an impaired or insolvent insurer.

(3) furnish to the board of directors the National Association of Insurance Commissioners Insurance Regulatory Information System ratios and listings of companies not included in the ratios developed by the National Association of Insurance Commissioners, and the board may use the information in carrying out its duties and responsibilities under this section. The report and the information contained in it must be kept confidential by the board of directors until it has been made public by the commissioner or other lawful authority.

(c) The commissioner may seek the advice and recommendations of the board of directors concerning any matter affecting the commissioner's duties and responsibilities regarding the financial condition of member insurers and of companies seeking admission to transact insurance business in this state.

(d) The board of directors may, upon majority vote, make reports and recommendations to the commissioner upon matters germane to the solvency, liquidation, rehabilitation, or conservation of any member insurer or germane to the solvency of a company seeking to do an insurance business in this state. Those reports and recommendations shall not be considered public documents.

(e) The board of directors, upon majority vote, shall notify the commissioner of information indicating that a member insurer may be an impaired or insolvent insurer.

(f) The board of directors may, upon majority vote, request that the commissioner order an examination of a member insurer which the board in good faith believes may be an impaired or insolvent insurer. Within 30 days of the receipt of the request, if the commissioner believes that adequate evidence has been presented to justify an examination, the commissioner shall begin the examination. The examination may be conducted as a National Association of Insurance Commissioners examination or may be conducted by those persons designated by the commissioner. The cost of the examination must be paid by the association and the examination report must be treated as are other examination reports. In no event shall an examination report be released to the board of directors prior to its release to the public, but this shall not preclude the commissioner from complying with paragraph (a).

The commissioner shall notify the board of directors when the examination is completed. The request for an examination must be kept on file by the commissioner but it shall not be open to public inspection prior to the release of the examination report to the public.

(g) The board of directors may, upon majority vote, make recommendations to the commissioner for the detection and prevention of insurer

*insolvencies.*

*(h) The board of directors may, at the conclusion of an insurer insolvency in which the association was obligated to pay covered claims, prepare a report to the commissioner containing the information it may have in its possession bearing on the history and causes of the insolvency. The board shall cooperate with the boards of directors of guaranty associations in other states in preparing a report on the history and causes of insolvency of a particular insurer, and may adopt by reference any report prepared by those other associations.*

**Sec. 12. [61B.28] [MISCELLANEOUS PROVISIONS.]**

*Subdivision 1. [RECORDS.] Records must be kept of all negotiations and meetings in which the association or its representatives are involved to discuss the activities of the association in carrying out its powers and duties under section 61B.23. Records of negotiations or meetings shall be made public only upon the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, upon the termination of the impairment or insolvency of the insurer, or upon the order of a court of competent jurisdiction. Nothing in this subdivision limits the duty of the association to report its activities under section 61B.27.*

*Subd. 2. [REPORTS.] (a) A report, recommendation, or notification by the association, its board of directors, or officers to the commissioner concerning a member insurer, together with statements or documents furnished to the commissioner with, or subsequent to, a report, recommendation, or notification, is confidential and a privileged communication. Reports, recommendations, notifications, statements, and documents furnished to the commissioner are not admissible in whole or in part for any purpose in an action or proceeding against:*

*(1) the association or its member insurers, officers, employees, or representatives submitting or providing the report, recommendation, notification, statement, or document; or*

*(2) a person, firm, or entity who in good faith furnishes to the association the information or document upon which the association has relied in making its report, recommendation, or notification to the commissioner.*

*(b) Notwithstanding the provisions of section 13.71, the commissioner may release to the association's board of directors any or all nonpublic data collected and maintained by the commissioner on a member insurer or a potential member insurer. Information furnished to the board of directors is private.*

*Subd. 3. [ASSOCIATION AS CREDITOR.] For the purpose of carrying out its obligations under sections 61B.18 to 61B.32, the association is considered to be a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies, reduced by amounts to which the association is entitled as subrogee under section 61B.23, subdivision 13. Assets of the impaired or insolvent insurer attributable to covered policies must be used to continue all covered policies and pay all contractual obligations of the impaired or insolvent insurer as required by sections 61B.18 to 61B.32. Assets attributable to covered policies, as used in this subdivision, are that proportion of the assets which the reserves that should have been established for those policies bear to the reserves that should have been established for all policies of insurance written by the impaired or insolvent insurer.*

*Subd. 4. [PROHIBITED SALES PRACTICE.] No person, including an insurer, agent, or affiliate of an insurer, shall make, publish, disseminate, circulate, or place before the public, or cause directly or indirectly to be made, published, disseminated, circulated, or placed before the public, in any newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio station or television station, or in any other way, an advertisement, announcement, or statement, written or oral, which uses the existence of the Minnesota Life and Health Insurance Guaranty Association for the purpose of sales, solicitation, or inducement to purchase any form of insurance covered by sections 61B.18 to 61B.32, providing the notice required by subdivision 5 is not a violation of this subdivision. This subdivision does not apply to the Life and Health Insurance Guaranty Association or an entity that does not sell or solicit insurance. A person violating this section is guilty of a misdemeanor.*

*Subd. 5. [NOTICE CONCERNING LIMITATIONS AND EXCLUSIONS.] On and after January 1, 1992, no person, including an insurer, agent, or affiliate of an insurer or agent, shall offer for sale in this state a covered life insurance, annuity, or health insurance policy or contract without delivering at the time of application for that policy or contract a notice in the form the commissioner from time to time may approve for use in this state relating to coverage provided by the Minnesota Life and Health Insurance Guaranty Association. If the commissioner fails to act, the following notice must be used until the commissioner approves another form of notice:*

**“NOTICE CONCERNING LIMITATIONS AND  
EXCLUSIONS UNDER THE MINNESOTA LIFE AND  
HEALTH INSURANCE GUARANTY  
ASSOCIATION LAW**

*Residents of Minnesota who purchase life insurance, annuities, or health insurance from life insurance companies authorized to do business in Minnesota are protected, SUBJECT TO LIMITS AND EXCLUSIONS, in the event the insurer becomes financially impaired or insolvent. This protection is provided by the Minnesota Life and Health Insurance Guaranty Association.*

**INVESTMENT PORTIONS OF INSURANCE CONTRACTS MAY NOT BE FULLY PROTECTED.** *Interest earnings will be covered by the guaranty association only up to a minimum rate of interest.*

*The maximum amount the guaranty association will pay for all policies issued on one life by the same insurer is limited to \$300,000. Subject to this \$300,000 limit, the guaranty association will pay up to \$100,000 in life insurance cash surrender values, \$100,000 in present values of annuities, \$300,000 in health insurance benefits, and \$300,000 in life insurance death benefits. Coverage by the guaranty association is subject to other substantial limitations and exclusions, and requires continued residency in Minnesota. For example, the cash value and/or death benefit of your policy could be reduced to the minimums guaranteed by the insurer when the policy was issued. THE COVERAGE PROVIDED BY THE GUARANTY ASSOCIATION IS NOT A SUBSTITUTE FOR USING CARE IN SELECTING INSURANCE COMPANIES THAT ARE WELL MANAGED AND FINANCIALLY STABLE. IN SELECTING AN INSURANCE COMPANY OR POLICY, YOU ARE ADVISED NOT TO RELY ON COVERAGE BY THE GUARANTY ASSOCIATION.”*

*Subd. 6. [EFFECT OF NOTICE.] The distribution, delivery, or contents of interpretation of the notice described in subdivision 5 shall not mean that either the policy or contract, or the owner or holder thereof, would be covered in the event of the impairment or insolvency of a member insurer if coverage is not otherwise provided by sections 61B.18 to 61B.32. Failure to receive the notice does not give the policyholder, contract holder, certificate holder, insured, owner, beneficiaries, assignees, or payees any greater rights than those provided by sections 61B.18 to 61B.32.*

*Subd. 7. [DISTRIBUTION TO STOCKHOLDERS.] No distribution to stockholders of an impaired domiciliary insurer shall be made until the total amount of assessments levied by the association with respect to the insurer have been fully recovered by the association.*

**Sec. 13. [61B.29] [EXAMINATION OF THE ASSOCIATION; ANNUAL REPORT.]**

*The association is subject to examination and regulation by the commissioner. The board of directors shall submit to the commissioner, before May 1 each year, a financial report in a form approved by the commissioner and a report of its activities during the association's preceding fiscal year.*

*Subd. 2. [FEDERAL AND FOREIGN STATE TAXES.] The association may seek exemption from payment of all fees and taxes levied by the federal or any other state government or its subdivisions.*

**Sec. 15. [61B.31] [INDEMNIFICATION.]**

*The association has authority to indemnify certain persons against certain expenses and liabilities as provided in section 300.083 including the power to purchase and maintain insurance on behalf of these persons as provided by section 300.083, subdivision 7. In applying section 300.083 for this purpose, the term "member insurers" shall be substituted for the terms "shareholders" and "stockholders" and the term "association" shall be substituted for the term "corporation."*

**Sec. 16. [61B.32] [STAY OF PROCEEDINGS; REOPENING DEFAULT JUDGMENTS.]**

*All proceedings in which the insolvent insurer is a party in a court in this state must be stayed 60 days from the date an order of liquidation, rehabilitation, or conservation is final to permit proper legal action by the association on matters germane to its powers or duties. As to judgment under a decision, order, verdict, or finding based on default, the association may apply to have the judgment set aside by the same court that made the judgment and may defend against the suit on the merits.*

**Sec. 17. [CONTINUATION OF ASSOCIATION.]**

*Subdivision 1. [ASSOCIATION.] The nonprofit legal entity known as the Minnesota life and health insurance guaranty association established under Minnesota Statutes 1990, section 61B.04, subdivision 1, shall continue to exist under sections 2 to 16. All member insurers shall be and remain members of the association as a condition of their authority to transact insurance in this state.*

[BOARD OF DIRECTORS.] Those persons who, as of the effective date of sections 2 to 16, are serving on the board of directors of the association pursuant to Minnesota Statutes 1990, section 61B.05, continue to serve on the board established by this section for their remaining terms of office. As those terms expire, members of the board shall be elected by member insurers, subject to the approval of the commissioner of commerce, for the terms of office specified in their nominations.*

*Subd. 3. [PLAN OF OPERATION.] The association's existing plan of operation established under Minnesota Statutes 1990, section 61B.08, shall continue in existence under sections 2 to 16, subject to amendments and modifications, until a new plan of operation is submitted to and approved by the commissioner of commerce. If the association fails to submit a plan of operation within 120 days following the effective date of sections 2 to 16, the commissioner shall, after notice and hearing, adopt reasonable rules necessary or advisable to implement sections 2 to 16. The rules are effective until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner.*

(iii) the insured has not purchased other insurance which applies to the claim; and

### STANDARD VALUATION LAW

Section 1. Minnesota Statutes 1990, section 61A.25, is amended by adding a subdivision to read:

*Subd. 2a. [ACTUARIAL OPINION OF RESERVES; GENERAL.] (a) Unless exempted by the commissioner, every life insurance company doing*

*business in this state shall annually submit the opinion of a qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the commissioner by regulation are computed appropriately, are based on assumptions which satisfy contractual provisions, are consistent with prior reported amounts, and comply with applicable laws of this state. The commissioner may by rule define the specifics of this opinion and add any other items considered to be necessary to its scope. The opinion must be included in the company's annual statement.*

*(b) The requirement to annually submit the opinion of a qualified actuary applies to service plan corporations licensed under chapter 62C, to legal service plans licensed under chapter 62G, and to all fraternal beneficiary associations except those associations paying only sick benefits not exceeding \$250 in any one year, or paying funeral benefits of not more than \$350, or aiding those dependent on a member not more than \$350, nor any subordinate lodge or council which is, or whose members are, assessed for benefits which are payable by a grand body.*

*(c) The opinion applies to all business in force, including individual and group health insurance plans, and must be based on standards adopted by the Actuarial Standards Board. The opinion must be acceptable to the commissioner in both form and substance.*

*(d) In the case of an opinion required to be submitted by a foreign or alien company, the commissioner may accept the opinion filed by that company with the insurance supervisory official of another state if the commissioner determines that the opinion reasonably meets the requirements applicable to a company domiciled in this state.*

*(e) For the purposes of this section, "qualified actuary" means a member in good standing of the American Academy of Actuaries who meets the requirements specified in the regulations.*

*(f) The board of directors of every insurer subject to this section shall appoint a qualified actuary to sign its actuarial opinion. The appointment of the qualified actuary shall be approved by the commissioner. The qualified actuary so appointed may be an employee of the insurer. Notice of the appointment, including a copy of the board of directors' resolution, and the date of appointment shall be filed with the commissioner. The notice may be filed before or at the time the actuarial opinion is submitted. The notice shall state the qualifications of the actuary. If the board appoints a new actuary to sign actuarial opinions during the year, the commissioner shall be notified of the new appointment and the reason for change.*

*(g) Except in cases of fraud or willful misconduct, the qualified actuary is not liable for damages to any person, other than the insurance company and the commissioner, for any act, error, omission, decision, or conduct with respect to the actuary's opinion.*

*(h) A memorandum, in form and substance acceptable to the commissioner based on standards adopted by the Actuarial Standards Board and on additional standards as the commissioner may by rule prescribe, must be prepared to support each actuarial opinion.*

*(i) If the insurance company fails to provide a supporting memorandum at the request of the commissioner within a period specified by the commissioner, or the commissioner determines that the supporting memorandum provided by the insurance company fails to meet the standards based on standards adopted by the Actuarial Standards Board and on additional*

*standards as the commissioner may by rule prescribe or is otherwise unacceptable to the commissioner, the commissioner may engage a qualified actuary at the expense of the company to review the opinion and the basis for the opinion and prepare the required supporting memorandum.*

*(j) Any memorandum in support of the opinion, and any other material provided by the company to the commissioner in connection with the memorandum, must be kept confidential by the commissioner and must not be made public and is not subject to subpoena, other than for the purpose of defending an action seeking damages from any person by reason of any action required by this section or by rules promulgated under this section. The memorandum or other material may otherwise be released by the commissioner (1) with the written consent of the company or (2) to the American Academy of Actuaries upon request stating that the memorandum or other material is required for the purpose of professional disciplinary proceedings and setting forth procedures satisfactory to the commissioner for preserving the confidentiality of the memorandum or other material. Once any portion of the confidential memorandum is cited by the company in its marketing or is cited before any governmental agency other than a state insurance department or is released by the company to the news media, all portions of the confidential memorandum are no longer confidential.*

Sec. 2. Minnesota Statutes 1990, section 61A.25, is amended by adding a subdivision to read:

*Subd. 2b. [ACTUARIAL ANALYSIS.] (a) Every life insurance company, except as exempted by or pursuant to regulation, shall also annually include in the opinion required under subdivision 2a, paragraph (a), an opinion of the same qualified actuary as to whether the reserves and related actuarial items, including page 3, line 10, of the annual statement, held in support of the policies and contracts specified by the commissioner, when considered in light of the assets held by the company with respect to the reserves and related actuarial items, including but not limited to the investment earnings on the assets and the considerations anticipated to be received and retained under the policies and contracts, make adequate provision for the company's obligations under the policies and contracts, including but not limited to the benefits under and expenses associated with the policies and contracts.*

*(b) The commissioner may provide by regulation for a transition period for establishing any higher reserves which the qualified actuary may consider necessary in order to give the opinion required under section 1.*

Sec. 3. Minnesota Statutes 1990, section 61A.25, subdivision 5, is amended to read:

*Subd. 5. [MINIMUM AGGREGATE RESERVES.] A company's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, issued on or after the operative date of Laws 1947, chapter 182, shall not be less than the aggregate reserves calculated in accordance with the methods set forth in subdivisions 4, 4a, 7, and 8, and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for the policies.*

*In no event shall the aggregate reserves for all policies, contracts, and benefits be less than the aggregate reserves determined by the qualified actuary to be necessary to render the opinion required under section 1.*

Sec. 4. Minnesota Statutes 1990, section 61A.25, subdivision 6, is amended to read:

Subd. 6. [CALCULATION OF RESERVES.] (1) Reserves for all policies and contracts issued prior to the operative date of Laws 1947, chapter 182, may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by the laws in effect immediately prior to such date.

(2) Reserves for any category of policies, contracts or benefits as established by the commissioner, issued on or after the operative date of Laws 1947, chapter 182, may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used for policies and contracts, other than annuity and pure endowment contracts, shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein.

(3) Any such company which at any time shall have adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard herein provided may, with the approval of the commissioner, adopt any lower standard of valuation, but not lower than the minimum herein provided. *For purposes of this section, the holding of additional reserves previously determined by a qualified actuary to be necessary to give the opinion required under section 1 shall not be considered the adoption of a higher standard of valuation.*

Sec. 5. Minnesota Statutes 1990, section 61A.25, is amended by adding a subdivision to read:

*Subd. 9. [MINIMUM STANDARDS FOR HEALTH, DISABILITY, ACCIDENT, AND SICKNESS PLANS.] The commissioner may adopt a rule containing the minimum standards applicable to the valuation of health, disability, accident, and sickness plans.*

Sec. 6. [REPORT.]

*The commissioner of commerce shall review the standards for the appointment of qualified actuaries under sections 1 and 2 and submit a report to the legislature relating to the effectiveness of the standards by January 1, 1993.*

Sec. 7. [COMPLEMENT.]

*The complement of the department of commerce is increased by one position in the classified service for the purpose of reviewing actuarial opinions and analysis submitted under sections 1 and 2.*

Sec. 8. [EFFECTIVE DATE.]

*Sections 1 to 5 are effective for reports submitted for 1992 as required under section 60A.13.*

Sec. 3. Minnesota Statutes 1990, section 61A.28, subdivision 3, is amended to read:

Also loans secured by mortgage, upon leasehold estates in improved real property where at the date of investment the lease has an unexpired term of at least five years longer than the term of the loan secured thereby, and where the leasehold estate is unencumbered except by the lien reserved in the lease for the payment of rentals and the observance of the other covenants, terms and conditions of the lease and where the mortgagee, upon default, is entitled to be subrogated to, or to exercise, all the rights and to perform all the covenants of the lessee, provided that no loan on the leasehold estate may exceed (a)  $66\frac{2}{3}$  percent of the market value thereof at the time of the loan, or (b) 80 percent of the market value thereof at the time of the loan if the loan is to be fully amortized by installment payments of principal which begin within five years from the date of the loan if the leasehold estate is to be used for commercial purposes, interest is payable at least annually over the period of the loan which may not exceed 40 years and the market value of the leasehold estate is shown by the sworn certificate of a competent appraiser, or (c) 90 percent of the market value of the leasehold estate at the time of the loan if the loan is secured by a purchase money mortgage made in connection with the disposition of real estate acquired pursuant to section 61A.31, subdivision 1. In calculating the ratio of the amount of the loan to the value of the leasehold estate, no part of the amount of any loan is to be included which the United States or any agency or instrumentality thereof or other mortgage insurer approved by the commissioner has insured or guaranteed or made a commitment to insure or guarantee; provided, in no event may the loan exceed the market value of the leasehold estate. Also loans secured by mortgage, which the United States or any agency or instrumentality thereof or other mortgage insurer approved by the commissioner has insured or guaranteed or made a commitment to insure or guarantee. Also loans secured by second mortgage on improved or unimproved real estate used, or to be used, for commercial purposes; provided, that if unimproved real

estate there exists a definite plan for commencement of development within not more than five years, in the United States or the Dominion of Canada under the following conditions: (a) the amount of the loan secured by the second mortgage is equal to the sum of the amount disbursed by the company and the then outstanding indebtedness under the first mortgage loan; and (b) the company has control over the payments under the first mortgage indebtedness; and (c) the total amount of the loan does not exceed 66-2/3 percent of the market value of the real estate at the date of the loan or, when the note or bond is to be fully amortized by installment payments of principal, beginning not more than five years from the date of the loan, and interest at least annually over a period of not to exceed 40 years, the amount of the loan does not exceed 80 percent of the market value of the real estate at the date of the loan.

Thereafter, the commissioner may open the report for public inspection if a court of competent jurisdiction has not stayed its publication.*

(2) *Nothing contained in this subdivision prevents or shall be construed as prohibiting the commissioner from disclosing the content of an examination report, preliminary examination report or results, or any matter relating to the reports, to the commerce department or the insurance department of another state or country, or to law enforcement officials of this or another state or agency of the federal government at any time, if the agency or office receiving the report or matters relating to the report agrees in writing to hold it confidential and in a manner consistent with this subdivision.*

Failure of an insurer to maintain funds as ordered by the commissioner is grounds for suspension or revocation of the insurer's certificate of authority.*

for the development and administration of programs for the investment of the assets of domestic companies. These standards and the investment programs developed by companies must take into account the safety of company's principal, investment yield and growth, stability in the value of the investment, the liquidity necessary to meet the company's expected business needs, and investment diversification;

(c) All financial terms relating to insurance companies have the meanings assigned to them under statutory accounting methods. All financial terms relating to noninsurance companies have the meanings assigned to them under generally accepted accounting principles;

(d) Investments must be valued in accordance with the valuation procedures established by the National Association of Insurance Commissioners, unless the commissioner requires or finds another method of valuation reasonable under the circumstances. *Other invested assets must be valued according to the procedures promulgated by the National Association of Insurance Commissioners' financial condition Ex 4 subcommittee, if not addressed in another section, unless the commissioner requires or finds another method of valuation reasonable under the circumstances;*

(e) A company may elect to hold an investment which qualifies under more than one subdivision, under the subdivision of its choice. Nothing herein prevents a company from electing to hold an investment under a subdivision different from the one in which it previously held the investment; and

(f) An investment which qualifies under any provision of the law governing investments of insurance companies when acquired will continue to be a qualified investment for as long as it is held by the insurance company.

Sec. 14. Minnesota Statutes 1990, section 60A.13, subdivision 1, is amended to read:

Subdivision 1. The statement may be limited to the insurer's business and condition in the United States unless the commissioner finds that the business conducted outside the United States may detrimentally affect the interests of policyholders in this state. The statements shall also contain a verified schedule showing all details required by law for assessment and taxation. The statement or schedules shall be in the form and shall contain all matters the commissioner may prescribe, and it may be varied as to different types of insurers so as to elicit a true exhibit of the condition of each insurer.

If, at the end of 90 45 days, the default has not been corrected, the company shall be given ten days in which to show cause to the commissioner why its license should not be suspended. If the company has not made the requisite showing within the ten-day period, the license and authority of the company may, at the discretion of the commissioner, be suspended during the time the company is in default.

Any insurance company, including fraternal, reciprocals, and township mutuals, willfully making a false annual or other required statement shall pay a penalty to the state not to exceed \$5,000. (b) The plans shall include an estimate of the land disposal capacity in acre-feet which will be needed through the year 2000, on the basis of current and projected waste generation practices. In assessing the need for additional capacity for resource recovery or land disposal, the plans shall take into account the characteristics of waste stream components and shall give priority to waste reduction, separation, and recycling.

(c) The plans shall require the most feasible and prudent reduction of the need for and practice of land disposal of mixed municipal solid waste.

(d) The plans shall address at least waste reduction, separation, recycling, and other resource recovery options, and shall include specific and quantifiable objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste and for the implementation of feasible and prudent reduction, separation, recycling, and other resource recovery options. These objectives shall be consistent with statewide objectives as identified in statute. The plans shall describe methods for identifying the portions of the waste stream such as leaves, grass, clippings, tree and plant residue, and paper for application and mixing into the soil and use in agricultural practices. The plans shall describe specific functions to be performed and activities to be undertaken to achieve the abatement, reduction, separation, recycling, and other resource recovery objectives and shall describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The plans shall describe proposed mechanisms for complying with the recycling requirements of section 115A.551. *The plans must include the problem materials management plan as required under section 115A.956, subdivision 3, and the household hazardous waste management requirements of plan as required under section 115A.96, subdivision 6.*

(e) The plans shall include a comparison of the costs of the activities to be undertaken, including capital and operating costs, and the effects of the activities on the cost to generators and on persons currently providing solid waste collection, processing, and disposal services. The plans shall include alternatives which could be used to achieve the abatement objectives if the proposed functions and activities are not established.

(f) The plans shall designate how public education shall be accomplished. The plans shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations issued by a public agency, the plans shall include criteria and standards to protect comparable private and public facilities already existing in the area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan.

(g) The plans shall establish a siting procedure and development program to assure the orderly location, development, and financing of new or

expanded solid waste facilities and services sufficient for a prospective ten-year period, including estimated costs and implementation schedules, proposed procedures for operation and maintenance, estimated annual costs and gross revenues, and proposals for the use of facilities after they are no longer needed or usable.

(h) The plans shall describe existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste management and shall describe existing and proposed regulation and enforcement procedures.

If the court finds that the safety of the victim or the children will be jeopardized by unsupervised or unrestricted visitation, the court shall condition or restrict visitation as to time, place, duration, or supervision, or deny visitation entirely, as needed to guard the safety of the victim and the children. The court's deliberation under this subdivision shall in no way delay the issuance of an order for protection granting other reliefs provided for in Laws 1985, chapter 195;
- (4) on the same basis as is provided in chapter 518, establish temporary support for minor children or a spouse, and order the withholding of support from the income of the person obligated to pay the support according to chapter 518;
- (5) provide upon request of the petitioner counseling or other social services for the parties, if married, or if there are minor children;
- (6) order the abusing party to participate in treatment or counseling services;
- (7) award temporary use and possession of property and restrain one or both parties from transferring, encumbering, concealing, or disposing of property except in the usual course of business or for the necessities of life, and to account to the court for all such transfers, encumbrances, dispositions, and expenditures made after the order is served or communicated to the party restrained in open court;
- (8) exclude the abusing party from the place of employment of the petitioner, or otherwise limit access to the petitioner by the abusing party at the petitioner's place of employment; and
- (9) order, in its discretion, other relief as it deems necessary for the protection of a family or household member, including orders or directives to the sheriff or constable, as provided by this section.

(b) Any relief granted by the order for protection shall be for a fixed period not to exceed one year, except when the court determines a longer fixed period is appropriate.

(c) An order granting the relief authorized in paragraph (a), clause (1), may not be vacated or modified in a proceeding for dissolution of marriage

or legal separation, except that the court may hear a motion for modification of an order for protection concurrently with a proceeding for dissolution of marriage upon notice of motion and motion. The notice required by court rule shall not be waived. If the proceedings are consolidated and the motion to modify is granted, a separate order for modification of an order for protection shall be issued.

(d) An order granting the relief authorized in paragraph (a), clause (2), is not voided by the admittance of the abusing party into the dwelling from which the abusing party is excluded.

*(e) If a proceeding for dissolution of marriage or legal separation is pending between the parties, the court shall provide a copy of the order for protection to the court with jurisdiction over the dissolution or separation proceeding for inclusion in its file."*

Subd. 2. [JUDICIAL REVIEW; RELEASE; BAIL.] (a) The judge before whom the arrested person is brought shall review the facts surrounding the arrest and detention. The arrested person must be ordered released pending trial or hearing on the person's personal recognizance or on an order to appear or upon the execution of an unsecured bond in a specified amount unless the judge determines that release (1) will be inimical to public safety, (2) will create a threat of bodily harm to the arrested person, the victim of the alleged assault, or another, or (3) will not reasonably assure the appearance of the arrested person at subsequent proceedings.

(b) If the judge determines release is not advisable, the judge may impose any conditions of release that will reasonably assure the appearance of the person for subsequent proceedings, or will protect the victim of the alleged assault, or may fix the amount of money bail without other conditions upon which the arrested person may obtain release. If conditions of release are imposed, the judge shall issue a written order for conditional release. The court administrator shall immediately distribute a copy of the order for conditional release to the agency having custody of the arrested person and shall provide the agency having custody of the arrested person with any available information on the location of the victim in a manner that protects

the victim's safety. Either the court or its designee or the agency having custody of the arrested person shall serve upon the defendant a copy of the order. Failure to serve the arrested person with a copy of the order for conditional release does not invalidate the conditions of release.

*(c) If the judge imposes as a condition of release a requirement that the person have no contact with the victim of the alleged assault, the judge may also, on its own motion or that of the prosecutor or on request of the victim, issue an ex parte temporary order for protection under section 518B.01, subdivision 7."*

(1) the captured tax capacity of a new or the expanded part of an existing economic development or soils condition tax increment financing district, other than a manufacturing district, for which certification was requested

after April 30, 1990; and

(2) the captured tax capacity of a *new or the expanded part of an existing mined underground space development tax increment financing district, other than an economic development or soils condition district*, for which certification was requested after April 30, 1990, multiplied by the following percentage based on the number of years that have elapsed since the district was first certified (measured from January 2 immediately preceding certification of the original tax capacity). In no case may the final amounts be less than zero or greater than the total captured tax capacity of the district.

~~In the case of a hazardous substance subdistrict, the number of years must be measured from the date of certification of the subdistrict for purposes of the additional captured tax capacity resulting from the reduction in the subdistrict's or site's original tax capacity.~~

(b) The terms defined in section 469.174 have the meanings given in that section.

Sec. 2. Minnesota Statutes 1990, section 273.1399, subdivision 3, is amended to read:

Subd. 3. [CALCULATION OF EDUCATION AIDS.] For each school district containing qualifying captured tax capacity, the commissioner of education shall compute a hypothetical state aid amount that would be paid to the school district if the qualifying captured tax capacity were divided by the sales ratio and included in the school district's adjusted tax capacity for purposes of calculating *equalized levies as defined in section 273.1398, subdivision 2a, and associated state aids*. The commissioner of education shall notify the commissioner of revenue of the difference between the actual aid paid and the hypothetical aid amounts calculated for each school district, broken down by the municipality that approved the tax increment financing district containing the qualifying captured tax capacity. The resulting amount is the reduction in state tax increment financing aid.

Sec. 3. Minnesota Statutes 1990, section 276.131, is amended to read:  
276.131 [DISTRIBUTION OF PENALTIES, INTEREST, AND COSTS.]

The penalties, interest, and costs collected on special assessments and real and personal property taxes must be distributed as follows:

(1) all penalties and interest collected on special assessments against real or personal property must be distributed to the taxing jurisdiction that levied the assessment;

(2) ~~50 percent of~~ *except as provided in clause (3), all penalties and interest collected on real and personal property taxes must be distributed to the county taxing jurisdictions in which the property is located, and the other 50 percent must be distributed to the school district in which the property is located in the proportion that the local tax rate of each taxing jurisdiction in the year of collection bears to the total local tax rates of all the taxing jurisdictions.* The distribution to the school district must be in accordance with the provisions of section 124.10; ~~and~~

(3) *penalties and interest collected on real and personal property taxes from real and personal property located within a tax increment financing district must be allocated between the original net tax capacity and the captured net tax capacity of the real and personal property in the same proportion that each bears to the total tax capacity of the real and personal property and distributed as follows:*

*(i) the penalties and interest allocated to the original net tax capacity must be distributed in accordance with the provisions of clause (2);*

*(ii) the penalties and interest allocated to the captured net tax capacity must be distributed to the authority that created the tax increment financing district; and*

*(iii) the terms "original net tax capacity," "captured net tax capacity," and "authority" have the meanings given in section 469.174. The term "tax increment financing district" has the meaning given in section 469.175; and*

(4) all costs collected by the county on special assessments and on delinquent real and personal property taxes must be distributed to the county in which the property is located.

Sec. 4. Minnesota Statutes 1990, section 469.012, subdivision 8, is amended to read:

Subd. 8. [INTEREST REDUCTION PROGRAM; LIMITATIONS.] In developing the interest reduction program authorized by subdivision 7 the authority shall consider:

(1) the availability and affordability of other governmental programs;

(2) the availability and affordability of private market financing; and

(3) the need for additional affordable mortgage credit to encourage the construction and enable the purchase of housing units within the jurisdiction of the authority.

The authority shall adopt rules for the interest reduction program. Interest reduction assistance shall not be provided if the authority determines that financing for the purchase of a housing unit or for the construction or rehabilitation of housing units is otherwise available from private lenders

upon terms and conditions that are affordable by the applicant, as provided by the authority in its rules.

For the purposes of this subdivision an "assisted housing unit" is a housing unit which is rented or to be rented and which is a part of a rental housing development where the financing for the rental housing development is assisted with interest reduction assistance provided by the authority during the calendar year. If interest reduction assistance is provided for construction period interest for a rental housing development, the housing units in the housing development shall be considered assisted housing units for a period after occupancy of the housing units which is equal to the period during which interest reduction assistance is provided to assist the construction financing of the rental housing development. In any calendar year when an authority provides interest reduction assistance for assisted housing units (1) at least 20 percent of the total assisted housing units within the jurisdiction of the authority shall be held available for rental to families or individuals with an adjusted gross income which is equal to or less than 80 percent of the median family income, and (2) at least an additional 55 percent of the total assisted housing units within the jurisdiction of the authority shall be held available for rental to individuals or families with an annual adjusted gross income which is equal to or less than 66 times 120 percent of the monthly fair market rent for the unit established by the United States Department of Housing and Urban Development. At least 80 percent of the aggregate dollar amount of funds appropriated by an authority within any calendar year to provide interest reduction assistance for financing of construction, rehabilitation, or purchase of single family housing, as that term is defined in section 462C.02, subdivision 4, shall be appropriated for housing units that are to be sold to or occupied by families or individuals with an adjusted gross income which is equal to or less than 110 percent of median family income. For the purposes of this subdivision, "median family income" means the median family income established by the United States Department of Housing and Urban Development for the nonmetropolitan county or the standard metropolitan statistical area, as the case may be. The adjusted gross income ~~may~~ must be adjusted by the authority for family size. The limitations imposed upon assisted housing units by this subdivision do not apply to interest reduction assistance for a rental housing development located in a targeted area as defined in section 462C.02. An authority that establishes a program pursuant to this subdivision shall by January 2 each year report to the commissioner of trade and economic development a description of the program established and a description of the recipients of interest reduction assistance.

Sec. 5. Minnesota Statutes 1990, section 469.174, subdivision 10, is amended to read:

Subd. 10. [REDEVELOPMENT DISTRICT.] (a) "Redevelopment district" means a type of tax increment financing district consisting of a project, or portions of a project, within which the authority finds by resolution that one of the following conditions, reasonably distributed throughout the district, exists:

(1) parcels consisting of 70 percent of the area of the district are occupied by buildings, streets, utilities, or other improvements and more than 50 percent of the buildings, not including outbuildings, are structurally substandard to a degree requiring substantial renovation or clearance; or

(2) the property consists of vacant, unused, underused, inappropriately

used, or infrequently used railyards, rail storage facilities, or excessive or vacated railroad rights-of-way.

(b) For purposes of this subdivision, "structurally substandard" shall mean containing defects in structural elements or a combination of deficiencies in essential utilities and facilities, light and ventilation, fire protection including adequate egress, layout and condition of interior partitions, or similar factors, which defects or deficiencies are of sufficient total significance to justify substantial renovation or clearance.

A building is not structurally substandard if it is in compliance with the building code applicable to new buildings or could be modified to satisfy the building code at a cost of less than 15 percent of the cost of constructing a new structure of the same square footage and type on the site. The municipality may find that a building is not disqualified as structurally substandard under the preceding sentence on the basis of reasonably available evidence, such as the size, type, and age of the building, the average cost of plumbing, electrical, or structural repairs, or other similar reliable evidence. If the evidence supports a reasonable conclusion that the building is not disqualified as structurally substandard, the municipality may make such a determination without an interior inspection or an independent, expert appraisal of the cost of repair and rehabilitation of the building.

*For purposes of this subdivision, a parcel is considered to be occupied by structurally substandard buildings if:*

*(1) the parcel was occupied by structurally substandard buildings within the seven years prior to the creation of the district;*

*(2) prior to the demolition and clearance of the parcel the authority found by resolution that the parcel was occupied by structurally substandard buildings and that after demolition and clearance the parcel would be included within a district; and*

*(3) upon filing the request for certification of the tax capacity of the parcel as part of a district, the authority notifies the county auditor that the original tax capacity of the parcel must be adjusted as provided by section 469.177, subdivision 1, paragraph (h).*

(c) For purposes of this subdivision, a parcel is not occupied by buildings, streets, utilities, or other improvements unless 15 percent of the area of the parcel contains improvements.

(d) For districts consisting of two or more noncontiguous areas, each area must qualify as a redevelopment district under paragraph (a), clauses (1) to (3), to be included in the district, and the entire area of the district must satisfy paragraph (a).

Sec. 6. Minnesota Statutes 1990, section 469.174, is amended by adding a subdivision to read:

*Subd. 22. [MANUFACTURING DISTRICT.] "Manufacturing district" means a tax increment financing district that is an economic development district in which at least 70 percent of the buildings and facilities, determined on the basis of square footage, are used for any of the following purposes:*

*(1) the manufacturing or production of tangible personal property, including processing resulting in the change in condition of the property;*

*(2) warehousing, storage, and distribution of property, but excluding retail sales; or*

(3) *research and development.*

Sec. 7. Minnesota Statutes 1990, section 469.175, subdivision 1, is amended to read:

Subdivision 1. [TAX INCREMENT FINANCING PLAN.] A tax increment financing plan shall contain:

- (1) a statement of objectives of an authority for the improvement of a project;
- (2) a statement as to the development program for the project, including the property within the project, if any, that the authority intends to acquire;
- (3) a list of any development activities that the plan proposes to take place within the project, for which contracts have been entered into at the time of the preparation of the plan, including the names of the parties to the contract, the activity governed by the contract, the cost stated in the contract, and the expected date of completion of that activity;
- (4) identification or description of the type of any other specific development reasonably expected to take place within the project, and the date when the development is likely to occur;
- (5) estimates of the following:
  - (i) cost of the project, including administration expenses;
  - (ii) amount of bonded indebtedness to be incurred;
  - (iii) sources of revenue to finance or otherwise pay public costs;
  - (iv) the most recent net tax capacity of taxable real property within the tax increment financing district;
  - (v) the estimated captured net tax capacity of the tax increment financing district at completion; and
  - (vi) the duration of the tax increment financing district's existence;
- (6) statements of the authority's alternate estimates of the impact of tax increment financing on the net tax capacities of all taxing jurisdictions in which the tax increment financing district is located in whole or in part. For purposes of one statement, the authority shall assume that the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district, and for purposes of the second statement, the authority shall assume that none of the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district;
- (7) identification and description of studies and analyses used to make the determination set forth in subdivision 3, clause (2); ~~and~~
- (8) identification of all parcels to be included in the district; *and*
- (9) *the election, if any, as to the first year in which the initial receipt of tax increment from the district occurs, which shall not be later than the year in which the fifth anniversary of the date of certification of any parcel in the district occurs.*

Sec. 8. Minnesota Statutes 1990, section 469.176, subdivision 1, is amended to read:

Subdivision 1. [DURATION OF TAX INCREMENT FINANCING DISTRICTS.] (a) Subject to the limitations contained in paragraphs (b) to (g), any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as the bonds continue to be outstanding. The municipality may, at the time of approval of the initial tax increment financing plan, provide for a shorter maximum duration limit than specified in paragraphs (b) to (g). The specified limit applies in place of the otherwise applicable limit.

(b) The tax increment pledged to the payment of the bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to the maturity or redemption date.

(c) For bonds issued pursuant to section 469.178, subdivisions 2 and 3, the full faith and credit and any taxing powers of the municipality or authority shall continue to be pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full.

(d) No tax increment shall be paid to an authority for a tax increment financing district after three years from the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor or after August 1, 1982, for tax increment financing districts authorized prior to August 1, 1979, unless within the three-year period (1) bonds have been issued pursuant to section 469.178, or in aid of a project pursuant to any other law, except revenue bonds issued pursuant to sections 469.152 to 469.165, prior to August 1, 1979, or (2) the authority has acquired property within the district, or (3) the authority has constructed or caused to be constructed public improvements within the district.

(e) No tax increment shall in any event be paid to the authority (1) after 25 years from date of receipt by the authority of the first tax increment for a mined underground space development district, redevelopment district, or housing district, (2) after 15 years after receipt by the authority of the first increment for a renewal and renovation district, (3) after 12 years from approval of the tax increment financing plan for a soils condition district, and (4) after eight years from the date of the receipt, or ten years from approval of the tax increment financing plan, whichever is less, for an economic development district *other than a manufacturing district under section 469.174, subdivision 22. If the tax increment financing district is a manufacturing district under section 469.174, subdivision 22, no increment may be paid to the authority after 15 years from the date of receipt by the authority of the first tax increment.*

For tax increment financing districts created prior to August 1, 1979, no tax increment shall be paid to the authority after April 1, 2001, or the term of a nondefeased bond or obligation outstanding on April 1, 1990, secured by increments from the district or project area, whichever time is greater, provided that in no case will a tax increment be paid to an authority after August 1, 2009, from such a district. If a district's termination date is extended beyond April 1, 2001, because bonds were outstanding on April 1, 1990, with maturities extending beyond April 1, 2001, the following restrictions apply. No increment collected from the district may be expended after April 1, 2001, except to pay or defease (i) bonds issued before April

1, 1990, or (ii) bonds issued to refund the principal of the outstanding bonds and pay associated issuance costs, provided the average maturity of the refunding bonds does not exceed the bonds refunded.

(f) Modification of a tax increment financing plan pursuant to section 469.175, subdivision 4, shall not extend the durational limitations of this subdivision.

(g) If a parcel of a district is part of a designated hazardous substance site or a hazardous substance subdistrict, tax increment may be paid to the authority from the parcel for longer than the period otherwise provided by this subdivision. The extended period for collection of tax increment begins on the date of receipt of the first tax increment from the parcel that is more than any tax increment received from the parcel before the date of the certification under section 469.175, subdivision 7, paragraph (b), and received after the date of certification to the county auditor described in section 469.175, subdivision 7, paragraph (b). The extended period for collection of tax increment is the lesser of: (1) 25 years from the date of commencement of the extended period; or (2) the period necessary to recover the costs of removal actions or remedial actions specified in a development response action plan.

*(h) If property taxes on a parcel in a district are delinquent on the date tax increment can no longer be paid to the authority from the district under paragraph (e), the portion of the property taxes that would have been paid to the authority as tax increment except for the application of paragraph (e) are considered to be tax increment and must be paid to the authority, notwithstanding paragraph (e), if the tax increment would have been applied to the payment of the principal of or interest on bonds and the principal or interest was paid from sources other than tax increment. The authority shall provide the county auditor with any information necessary to administer this paragraph.*

Sec. 9. Minnesota Statutes 1990, section 469.1763, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the following terms have the meanings given.

(b) "Activities" means any purpose for which tax increment may be lawfully expended, including acquisition of property, clearing of land, site preparation, soils correction, removal of hazardous waste or pollution, installation of utilities, construction of public or private improvements, and other similar activities, but only to the extent that tax increment revenues may be spent for such purposes under other law. ~~Activities do not include allocated administrative expenses, but do include engineering, architectural, and similar costs of the improvements in the district.~~

(c) "Third party" means an entity other than (1) the person receiving the benefit of assistance financed with tax increments, or (2) the municipality or the development authority or other person substantially under the control of the municipality.

*(d) "Polluted property" means property that contains land pollution as defined in section 116.06, or contains a release or threatened release of petroleum, as provided in chapter 115C, or contains a release or threatened release of a pollutant, contaminant, hazardous substance, or hazardous waste as provided in chapter 115B.*

Sec. 10. Minnesota Statutes 1990, section 469.1763, subdivision 2, is amended to read:

Subd. 2. [EXPENDITURES OUTSIDE DISTRICT.] (a) For each tax increment financing district, an amount equal to at least ~~75~~ 70 percent of the revenue derived from tax increments paid by properties in the district must be expended (1) on activities in the district ~~or~~, (2) to pay bonds, to the extent that the proceeds of the bonds were used to finance activities in the district ~~or~~, (3) to pay, or secure payment of, debt service on credit enhanced bonds, or (4) on activities with respect to polluted property in the project. Not more than ~~25~~ 30 percent of the revenue derived from tax increments paid by properties in the district may be expended, through a development fund or otherwise, on activities outside of the district but within the defined geographic area of the project except on activities with respect to polluted property in the project, or to pay, or secure payment of, debt service on credit enhanced bonds. The revenue derived from tax increments for the district that are expended on costs under section 469.176, subdivision 4h, ~~paragraph (b)~~, may be deducted first before calculating the percentages that must be expended within and without the district.

(b) In the case of a housing district, a housing project, as defined in section 469.174, subdivision 11, is an activity in the district.

Sec. 11. Minnesota Statutes 1990, section 469.1763, subdivision 3, is amended to read:

Subd. 3. [FIVE-YEAR RULE.] (a) Revenues derived from tax increments from an economic development district, a manufacturing district, a mined underground space development district, a housing district, or a soils condition district are considered to have been expended on an activity within the district under subdivision 2 only if one of the following occurs:

(1) before or within five years after certification of the district, the revenues are actually paid to a third party with respect to the activity;

(2) bonds, the proceeds of which must be used to finance the activity, are issued and sold to a third party before or within five years after certification ~~and~~, the revenues are spent to repay the bonds, *and the proceeds of the bonds are spent before the end of the later of (i) the five-year period or (ii) a reasonable temporary period within the meaning of the use of that term under section 148(c)(1) of the Internal Revenue Code of 1986, as amended through December 31, 1990;*

(3) binding contracts with a third party are entered into for performance of the activity before or within five years after certification of the district and the revenues are spent under the contractual obligation; ~~or~~

(4) costs with respect to the activity are paid before or within five years after certification of the district and the revenues are spent to reimburse a party for payment of the costs, *including interest on unreimbursed costs;* or

(5) *(i) within five years after the date of receipt of the first tax increment from the district, the authority adopts by resolution an expenditure plan that describes the property in the district to be acquired by the authority (by metes and bounds or plat and parcel description), the clearing, site preparation, and soils correction, hazardous waste or pollution removal or abatement, and utility installation to be undertaken in the district, the public and private improvements to be constructed in the district, and the other*

(2) contracts, as defined in subdivision 3, paragraph (a), clauses (3) and (4);

(3) *credit enhanced bonds to which the revenues derived from tax increments are pledged, but only to the extent that revenues of the district for which the credit enhanced bonds were issued to pay are insufficient to pay the bonds and to the extent that the increments from the unrestricted 30 percent share are insufficient; or*

(4) *administrative costs for activities within the district.*

(b) When the outstanding bonds have been defeased and when sufficient money has been set aside to pay contractual obligations as defined in subdivision 3, paragraph (a), clauses (3) and (4), the district must be decertified and the pledge of tax increment discharged.

Sec. 13. Minnesota Statutes 1990, section 469.1763, is amended by adding a subdivision to read:

Subd. 5. [CREDIT ENHANCED BONDS.] *Except as otherwise provided in this section, revenues derived from tax increments may be used to pay debt service on credit enhanced bonds issued to finance activities outside of the district from which the revenues are derived, regardless of when the district is created.*

Sec. 14. Minnesota Statutes 1990, section 469.177, subdivision 1, is amended to read:

Subdivision 1. [ORIGINAL NET TAX CAPACITY.] (a) Upon or after adoption of a tax increment financing plan, the auditor of any county in which the district is situated shall, upon request of the authority, certify the original net tax capacity of the tax increment financing district as described in the tax increment financing plan and shall certify in each year

thereafter the amount by which the original net tax capacity has increased or decreased as a result of a change in tax exempt status of property within the district, reduction or enlargement of the district or changes pursuant to subdivision 4.

(b) In the case of a mined underground space development district the county auditor shall certify the original net tax capacity as zero, plus the net tax capacity, if any, previously assigned to any subsurface area included in the mined underground space development district pursuant to section 272.04.

(c) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the classification under section 273.13 of property located in a district changes to a classification that has a different assessment ratio, the original net tax capacity of that property must be redetermined at the time when its use is changed as if the property had originally been classified in the same class in which it is classified after its use is changed.

(d) The amount to be added to the original net tax capacity of the district as a result of previously tax exempt real property within the district becoming taxable shall be equal to the net tax capacity of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the net tax capacity assessed by the assessor at the time of the transfer. *If substantial taxable improvements were made to a parcel after certification of the district and if the property became tax exempt, in whole or part, as a result of the authority acquiring the property through foreclosure, forced sale, or conveyance as part of the resolution of a default, the amount to be added to the original net tax capacity of the district if the parcel becomes taxable is the amount of the parcel's value that was included in original net tax capacity when the parcel was first certified.* The amount to be added to the original net tax capacity of the district as a result of enlargements ~~thereof shall be equal to~~ *equals* the net tax capacity of the added real property as most recently certified by the commissioner of revenue as of the date of modification of the tax increment financing plan pursuant to section 469.175, subdivision 4.

(e) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the net tax capacity of a property increases because the property no longer qualifies under the Minnesota agricultural property tax law, section 273.111; the Minnesota open space property tax law, section 273.112; or the metropolitan agricultural preserves act, chapter 473H, or because platted, unimproved property is improved or three years pass after approval of the plat under section 273.11, subdivision 1, the increase in net tax capacity must be added to the original net tax capacity.

(f) Each year the auditor shall also add to the original net tax capacity of each economic development district an amount equal to the original net tax capacity for the preceding year multiplied by the average percentage increase in the net tax capacity of all property included in the economic development district during the five years prior to certification of the district.

(g) The amount to be subtracted from the original net tax capacity of the district as a result of previously taxable real property within the district becoming tax exempt, or a reduction in the geographic area of the district, shall be the amount of original net tax capacity initially attributed to the

property becoming tax exempt or being removed from the district. If the net tax capacity of property located within the tax increment financing district is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor or by order of the commissioner of revenue, the reduction shall be applied to the original net tax capacity of the district when the property upon which the abatement is made has not been improved since the date of certification of the district and to the captured net tax capacity of the district in each year thereafter when the abatement relates to improvements made after the date of certification. The county auditor may specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 469.175, subdivision 4.

*(h) If a parcel of property contained a substantial building that was demolished or removed and if the authority elects to treat the parcel as occupied by a standard building under section 469.174, subdivision 10, paragraph (b), the auditor shall certify the original net tax capacity of the parcel using the greater of (1) the current net tax capacity of the parcel, or (2) the estimated market value of the parcel for the year in which the building was demolished or removed, but applying the class rates for the current year.*

Sec. 15. Minnesota Statutes 1990, section 469.177, subdivision 2, is amended to read:

Subd. 2. [CAPTURED NET TAX CAPACITY.] The county auditor shall certify the amount of the captured net tax capacity to the authority each year, *commencing in the first year in which tax increment is payable to the authority as required by the tax increment financing plan under section 469.175, subdivision 1, clause (9), or as otherwise required by the terms of sections 469.174 to 469.179, together with the proportion that the captured net tax capacity bears to the total net tax capacity of the real property within the tax increment financing district for that year.*

(a) An authority may choose to retain any part or all of the captured net tax capacity for purposes of tax increment financing according to one of the following options:

(1) If the plan provides that all the captured net tax capacity is necessary to finance or otherwise make permissible expenditures under section 469.176, subdivision 4, the authority may retain the full captured net tax capacity.

(2) If the plan provides that only a portion of the captured net tax capacity is necessary to finance or otherwise make permissible expenditures under section 469.176, subdivision 4, only that portion shall be set aside and the remainder shall be distributed among the affected taxing districts by the county auditor.

(b) The portion of captured net tax capacity that an authority intends to use for purposes of tax increment financing must be clearly stated in the tax increment financing plan.

Sec. 16. Minnesota Statutes 1990, section 469.177, subdivision 3, is amended to read:

Subd. 3. [TAX INCREMENT, RELATIONSHIP TO CHAPTER 473F.] (a) Unless the governing body elects pursuant to clause (b) the following method of computation shall apply:

(1) The original net tax capacity and the current net tax capacity shall be determined before the application of the fiscal disparity provisions of chapter 473F. *The first year in which the current net tax capacity of a district is determined, shall be no earlier than the year preceding the first year elected for payment of tax increment to the authority pursuant to section 469.175, subdivision 1, clause (9), or, in the absence of an election, in the year in which the original net tax capacity of the district is certified.* Where the original net tax capacity is equal to or greater than the current net tax capacity, there is no captured net tax capacity and no tax increment determination. Where the original net tax capacity is less than the current net tax capacity, the difference between the original net tax capacity and the current net tax capacity is the captured net tax capacity. This amount less any portion thereof which the authority has designated, in its tax increment financing plan, to share with the local taxing districts is the retained captured net tax capacity of the authority.

(2) The county auditor shall exclude the retained captured net tax capacity of the authority from the net tax capacity of the local taxing districts in determining local taxing district tax rates. The local tax rates so determined are to be extended against the retained captured net tax capacity of the authority as well as the net tax capacity of the local taxing districts. The tax generated by the extension of the lesser of (A) the local taxing district tax rates or (B) the original local tax rate to the retained captured net tax capacity of the authority is the tax increment of the authority.

(b) The governing body may, by resolution approving the tax increment financing plan pursuant to section 469.175, subdivision 3, elect the following method of computation:

(1) The original net tax capacity shall be determined before the application of the fiscal disparity provisions of chapter 473F. *The first year in which the current net tax capacity of a district is determined shall be no earlier than the year preceding the first year elected for payment of tax increment to the authority pursuant to section 469.175, subdivision 1, clause (9), or, in the absence of an election, in the year in which the original net tax capacity of the district is certified.* The current net tax capacity shall exclude any fiscal disparity commercial-industrial net tax capacity increase between the original year and the current year multiplied by the fiscal disparity ratio determined pursuant to section 473F.08, subdivision 6. Where the original net tax capacity is equal to or greater than the current net tax capacity, there is no captured net tax capacity and no tax increment determination. Where the original net tax capacity is less than the current net tax capacity, the difference between the original net tax capacity and the current net tax capacity is the captured net tax capacity. This amount less any portion thereof which the authority has designated, in its tax increment financing plan, to share with the local taxing districts is the retained captured net tax capacity of the authority.

(2) The county auditor shall exclude the retained captured net tax capacity of the authority from the net tax capacity of the local taxing districts in determining local taxing district tax rates. The local tax rates so determined are to be extended against the retained captured net tax capacity of the authority as well as the net tax capacity of the local taxing districts. The tax generated by the extension of the lesser of (A) the local taxing district tax rates or (B) the original local tax rate to the retained captured net tax capacity of the authority is the tax increment of the authority.

(3) An election by the governing body pursuant to paragraph (b) shall be submitted to the county auditor by the authority at the time of the request for certification pursuant to subdivision 1.

(c) The method of computation of tax increment applied to a district pursuant to paragraph (a) or (b) shall remain the same for the duration of the district, except that the governing body may elect to change its election from the method of computation in paragraph (a) to the method in paragraph (b).

Sec. 4. Minnesota Statutes 1990, section 549.09, is amended to read:

## 549.09 [INTEREST ON VERDICTS, AWARDS, AND JUDGMENTS.]

Subdivision 1. [WHEN OWED; RATE.] (a) When ~~the~~ a judgment or award is for the recovery of money, including a judgment for the recovery of taxes, interest from the time of the verdict, award, or report until judgment is finally entered shall be computed by the court administrator or arbitrator as provided in clause (c) and added to the judgment or award.

(b) Except as otherwise provided by contract or allowed by law, preverdict, preaward, or prereport interest on pecuniary damages shall be computed as provided in clause (c) from the time of the commencement of the action or a demand for arbitration, or the time of a written settlement demand, whichever occurs first, except as provided herein. ~~The action must be commenced within 60 days of a written settlement demand for interest to begin to accrue from the time of the demand.~~ If either party serves a written offer of settlement, the other party may serve a written acceptance or a written counteroffer within 60 days. After that time interest on the judgment or award shall be calculated by the judge or arbitrator in the following manner. The prevailing party shall receive interest on any judgment or award from the time of commencement of the action ~~was commenced~~ or a demand for arbitration, ~~or the time of a written settlement demand was made~~, or as to special damages from the time when special damages were incurred, if later, until the time of verdict, award, or report only if the amount of its offer is closer to the judgment or award than the amount of the opposing party's offer. If the amount of the losing party's offer was closer to the judgment or award than the prevailing party's offer, the prevailing party shall receive interest only on the amount of the settlement offer or the judgment or award, whichever is less, and only from the time of commencement of the action ~~was commenced~~ or a demand for arbitration, ~~or the time of a written settlement demand was made~~, or as to special damages from when the special damages were incurred, if later, until the time the settlement offer was made. Subsequent offers and counteroffers supersede the legal effect of earlier offers and counteroffers. For the purposes of clause (3), the amount of settlement offer must be allocated between past and future damages in the same proportion as determined by the trier of fact. Except as otherwise provided by contract or allowed by law, preverdict, preaward, or prereport interest shall not be awarded on the following:

- (1) judgments, awards, or benefits in workers' compensation cases, but not including third-party actions;
- (2) judgments, awards, decrees, or orders in dissolution, annulment, or legal separation actions;
- (3) judgments or awards for future damages;
- (4) punitive damages, fines, or other damages that are noncompensatory in nature;
- (5) judgments or awards not in excess of the amount specified in section 487.30; and
- (6) that portion of any verdict, award, or report which is founded upon interest, or costs, disbursements, attorney fees, or other similar items added by the court or arbitrator.

(c) The interest shall be computed as simple interest per annum. The rate of interest shall be based on the secondary market yield of one year United States treasury bills, calculated on a bank discount basis as provided in this

section.

On or before the 20th day of December of each year the state court administrator shall determine the rate from the secondary market yield on one year United States treasury bills for the most recent calendar month, reported on a monthly basis in the latest statistical release of the board of governors of the federal reserve system. This yield, rounded to the nearest one percent, shall be the annual interest rate during the succeeding calendar year. The state court administrator shall communicate the interest rates to the court administrators and sheriffs for use in computing the interest on verdicts *and shall make the interest rates available to arbitrators.*

When a judgment creditor, or the judgment creditor's attorney or agent, has received a payment after entry of judgment, whether the payment is made voluntarily by or on behalf of the judgment debtor, or is collected by legal process other than execution levy where a proper return has been filed with the court administrator, the judgment creditor, or the judgment creditor's attorney, before applying to the court administrator for an execution shall file with the court administrator an affidavit of partial satisfaction. The affidavit must state the dates and amounts of payments made upon the judgment after the most recent affidavit of partial satisfaction filed, if any; the part of each payment that is applied to taxable disbursements and to accrued interest and to the unpaid principal balance of the judgment; and the accrued, but the unpaid interest owing, if any, after application of each payment.

Subd. 2. [ACCRUAL OF INTEREST.] During each calendar year, interest shall accrue on the unpaid balance of the judgment *or award* from the time that it is entered *or made* until it is paid, at the annual rate provided in subdivision 1. The court administrator shall compute and add the accrued interest to the total amount to be collected when the execution is issued and compute the amount of daily interest accruing during the calendar year. The person authorized by statute to make the levy shall compute and add interest from the date that the writ of execution was issued to the date of service of the writ of execution and shall direct the daily interest to be computed and added from the date of service until any money is collected as a result of the levy.

Subd. 3. [DEDUCTIONS.] If an affidavit is filed pursuant to subdivision 4, a judgment creditor, or the judgment creditor's attorney or agent, is entitled to deduct from any payment made upon a judgment, whether the payment is made voluntarily by or on behalf of the judgment debtor, or is collected by legal process, all disbursements that are made taxable by statute or by rule of court, that have been paid or incurred by the judgment creditor or the judgment creditor's attorney, after the entry of judgment. Any remaining portion of the payment must be applied to the interest that has accrued upon the unpaid principal balance of the judgment before any remaining part is applied to reduce the unpaid principal balance of the judgment.

Subd. 4. [AFFIDAVIT.] A judgment creditor, or the judgment creditor's attorney, may file an affidavit specifying the nature and amount of taxable disbursements paid or incurred by the judgment creditor, or the judgment creditor's attorney, after the entry of judgment. An execution issued by the court administrator must include increased disbursements as are included in the affidavit filed with the court administrator.

(b) An award shall be made within the time fixed therefor by the agreement or, if not so fixed, within such time as the court orders on application of a party. The parties may extend the time in writing either before or after the expiration thereof. A party waives the objection that an award was not made within the time required unless the party notifies the arbitrators of an objection prior to the delivery of the award to the party.

The application shall be made within 20 days after delivery of the award to the applicant. Written notice thereof shall be given forthwith to the opposing party, stating that the opposing party must serve objections thereto, if any, within ten days from the notice. The award so modified or corrected is subject to the provisions of sections 572.18, 572.19 and 572.20.

Sec. 7. Minnesota Statutes 1990, section 572.20, subdivision 1, is amended to read:

(1) There was an evident miscalculation of figures or an evident mistake in the description of any person, thing or property referred to in the award;

(2) The arbitrators have awarded upon a matter not submitted to them and the award may be corrected without affecting the merits of the decision upon the issues submitted; ~~or~~

The bonds are investment securities and negotiable instruments within the meaning of

and for all purposes of the Uniform Commercial Code.

*Subd. 2. [PAYMENT OF BONDS.] Bonds are payable solely and only out of the money, assets, or revenues of the authority and as provided in the agreement with bondholders pledging any particular money, assets, or revenues. Bonds are not an obligation of this state or any political subdivision of this state other than the authority within the meaning of any constitutional or statutory debt limitations, but are special obligations of the authority payable solely and only from the sources provided in this chapter, and the authority shall not pledge the credit or taxing power of this state or any political subdivision of this state other than the authority or make its debts payable out of any money except that of the authority.*

*Subd. 3. [RESOLUTION OF AUTHORITY.] Bonds must be authorized by a resolution of the authority. However, a resolution authorizing the issuance of bonds may delegate to an officer of the authority the power to negotiate and fix the details of an issue of bonds by an appropriate certificate of the authorized officer.*

*Subd. 4. [REQUIREMENTS.] Bonds must:*

*(1) state the date and series of the issue, be consecutively numbered, and state on their face that they are payable both as to principal and interest solely out of the assets of the authority and do not constitute an indebtedness of this state or any political subdivision of this state other than the authority within the meaning of any constitutional or statutory debt limit; and*

*(2) be either registered, registered as to principal only, issued in denominations as the authority prescribes, fully negotiable instruments under the laws of this state, signed on behalf of the authority with the manual or facsimile signature of the chair or vice-chair, attested by the manual or facsimile signature of the secretary, have impressed or imprinted on them the seal of the authority or a facsimile of it, be payable as to interest at rates and at times as the authority determines, be payable as to principal at times over a period not to exceed 50 years from the date of issuance, at places and with reserved rights of prior redemption as the authority prescribes, be sold at prices, at public or private sale, and in a manner as the authority prescribes, and the authority may pay all expenses, premiums, and commissions that it considers necessary or advantageous in connection with the issuance and sale, and be issued under and subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter, as are found to be necessary by the authority for the most advantageous sale.*

*Subd. 5. [REFUNDING.] The authority may issue its bonds for the purpose of refunding any bonds of the authority then outstanding, including the payment of any redemption premiums and any interest accrued or to accrue to the date of redemption of the outstanding bonds. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds are applied to the purchase or retirement of outstanding bonds or the redemption of outstanding bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this chapter. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized*

on the investments may be returned to the authority for use by it in any lawful manner. All refunding bonds shall be issued and secured and are subject to the provisions of this chapter in the same manner and to the same extent as other bonds.

*Subd. 6. [ANTICIPATION NOTES.] The authority may issue negotiable bond anticipation notes and may renew them from time to time, but the maximum maturity of the notes, including renewals, must not exceed ten years from the date of issue of the original notes. Notes are payable from any available money of the authority not otherwise pledged or from the proceeds of the sale of bonds in anticipation of which the notes were issued. Notes may be issued for any corporate purpose of the authority. Notes must be issued in the same manner as bonds and notes and the resolution authorizing them may contain any provisions, conditions, or limitations, not inconsistent with the provisions of this subdivision, which the bonds or a bond resolution of the authority may contain. Notes may be sold at public or private sale. In case of default on its notes or violation of any obligations of the authority to the noteholders, the noteholders have all the remedies provided in this chapter for bondholders. Notes are as fully negotiable as bonds of authority.*

*Subd. 7. [FILING.] A copy of each pledge agreement by or to the authority, including without limitation each bond resolution, indenture of trust or similar agreement, or any revisions or supplements to it, must be filed with the secretary of state and no further filing or other action under article 9 of the Uniform Commercial Code or any other law of the state is required to perfect the security interest in the collateral or any additions to it or substitutions for it; and the lien and trust so created are binding from and after the time made against all parties having claims of any kind in tort, contract, or otherwise against the pledgor.*

*Subd. 8. [PERSONAL LIABILITY LIMITED.] Members of the authority and any person executing its bonds are not liable personally on the bonds or subject to personal liability or accountability by reason of the issuance of the authority's bonds.*

*Subd. 9. [NOTICE.] The authority shall publish a notice of intention to issue bonds in a newspaper published and of general circulation in the state. The notice shall include a statement of the maximum amount of bonds proposed to be issued and, in general, what net revenues will be pledged to pay the bonds and interest on them. An action may not be brought questioning the legality of the bonds or the power of the authority to issue the bonds or the legality of any proceedings in connection with the authorization or issuance of the bonds after 60 days from the date of publication of the notice.*

### Sec. 13. [41C.08] [RESERVE FUNDS AND APPROPRIATIONS.]

*Subdivision 1. [AUTHORITY.] The authority may create and establish one or more special funds, each to be known as a "bond reserve fund," and shall pay into each bond reserve fund any money appropriated and made available by the state for the purpose of the fund, any proceeds of sale of bonds to the extent provided in the resolutions of the authority authorizing their issuance, and any other money that is available to the authority for the purpose of the fund from any other sources. Money held in a bond reserve fund, except as otherwise provided in this chapter, must be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect*

to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.

*Subd. 2. [WITHDRAWALS.] Money in a bond reserve fund may not be withdrawn from it in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this section, except for the purpose of making payment when due of principal, interest, redemption premiums, and the sinking fund payments with respect to the bonds for the payment of which other money of the authority is not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the authority to other funds or accounts of the authority to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for it.*

*Subd. 3. [ISSUANCE OF SECURED BONDS.] The authority may not at any time issue bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the fund, unless the authority at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other sources an amount which, together with the amount then in the fund, will not be less than the bond reserve fund requirement for the fund. For the purposes of this section, the term "bond reserve fund requirement" means, as of any particular date of computation, an amount of money required to be on deposit therein in the bond reserve fund, as provided in the resolutions of the authority authorizing the bonds with respect to which the fund is established.*

*Subd. 4. [MAINTENANCE OF LEVELS.] To assure the continued operation and solvency of the authority for the carrying out of its corporate purposes, provision is made in subdivision 1 for the accumulation in each bond reserve fund of an amount equal to the bond reserve fund requirement for the fund. In order further to assure maintenance of the bond reserve funds, the chair of the authority shall, on or before July 1 of each calendar year, make and deliver to the governor a certificate stating the sum, if any, required to restore each bond reserve fund to its bond reserve fund requirement. Within 30 days after the beginning of the session of the legislature next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including any sum required to restore each bond reserve fund to its bond reserve fund requirement. Sums appropriated by the legislature and paid to the authority under this section must be deposited by the authority in the applicable bond reserve fund.*

*Subd. 5. [REPAYMENT.] Amounts paid over to the authority by the state under this section constitute and must be accounted for as advances by the state to the authority and, subject to the rights of the holders of any bonds of the authority, must be repaid to the state without interest from all available operating revenues of the authority in excess of amounts required for the payment of bonds, the bond reserve fund, and operating expenses.*

*Subd. 6. [ANNUAL REPORT.] The authority shall cause to be delivered to the senate committee on finance and the house of representatives committee on appropriations, within 90 days of the close of its fiscal year, its annual report certified by an independent certified public accountant, who may be the accountant or a member of the firm of accountants who regularly audits the books and accounts of the authority selected by the authority. In the*

*event that the principal amount of any bonds deposited in a bond reserve fund is withdrawn for payment of principal or interest thereby reducing the amount of that fund to less than the bond reserve fund requirement, the authority shall immediately notify the legislature of this event and take steps to restore the fund to its bond reserve fund requirement from any amounts available, other than principal of a bond issue, that are not pledged to the payment of other bonds.*

Sec. 14. [41C.09] [REMEDIES OF BONDHOLDERS.]

*Subdivision 1. [DEFAULT.] If the authority defaults in the payment of principal or interest on an issue of bonds at maturity or upon call for redemption, and the default continues for a period of 30 days, or if the authority fails or refuses to comply with the provisions of this chapter, or defaults in an agreement made with the holders of an issue of bonds, the holders of 25 percent in aggregate principal amount of bonds of the issue then outstanding, by instrument filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of the bonds for the purposes provided in this section.*

*Subd. 2. [ACTIONS.] The authority or any trustee appointed under the indenture under which the bonds are issued may, but upon written request of the holders of 25 percent in aggregate principal amount of the issue of bonds then outstanding shall:*

*(1) enforce all rights of the bondholders including the right to require the authority to carry out its agreements with the holders and to perform its duties under this chapter;*

*(2) bring suit upon the bonds;*

*(3) by action require the authority to account as if it were the trustee of an express trust for the holders;*

*(4) by action enjoin any acts or things which are unlawful or in violation of the rights of the holders; and*

*(5) declare all the bonds due and payable and, if all defaults are made good, with the consent of the holders of 25 percent of the aggregate principal amount of the issue of bonds then outstanding, annul the declaration and its consequences.*

*Subd. 3. [TRUSTEE'S POWERS.] The trustees may exercise functions specifically set forth or incident to the general representation of bondholders in the enforcement and protection of their rights.*

*Subd. 4. [NOTICE.] Before declaring the principal of bonds due and payable, the trustee shall first give 30 days' notice in writing to the governor, to the authority, and to the attorney general of the state.*

*Subd. 5. [JURISDICTION.] The district court has jurisdiction of any action by the trustee on behalf of bondholders. The venue of the action is in the county in which the principal office of the authority is located.*

*The bondholders may, to the extent provided in the resolution to which the bonds were issued or in its agreement with the authority, enforce any of the remedies in subdivision 2, clauses (1) to (5), or the remedies provided in the proceedings or agreements for and on their own behalf.*

## Sec. 15. [41C.10] [BONDS AS LEGAL INVESTMENTS.]

*Bonds are securities in which public officers, state departments and agencies, political subdivisions, insurance companies, and other persons carrying on an insurance business, banks, trust companies, savings and loan associations, investment companies, and other persons carrying on a banking business, administrators, executors, guardians, conservators, trustees, and other fiduciaries and other persons authorized to invest in bonds or other obligations of this state may properly and legally invest funds including capital in their control or belonging to them. The bonds are also securities which may be deposited with and may be received by public officers, state departments and agencies, and political subdivisions for any purpose for which the deposit of bonds or other obligations of this state is authorized.*

## Sec. 16. [41C.11] [CONFLICTS OF INTEREST.]

*If a member or employee of the authority has an interest, either direct or indirect, in a contract to which the authority is or is to be a party or in a mortgage lender requesting a loan from or offering to sell mortgage or secured loans to the authority, the interest must be disclosed to the authority in writing and must be set forth in the minutes of the authority. The member or employee having the interest may not participate in action by the authority with respect to that contract or mortgage lender.*

*The total base level of appropriations and complement currently assigned to the department of finance for purposes of administering the rural finance authority, under chapter 41B, is transferred to the department of agriculture. This transfer is effective July 1, 1991.*

## Sec. 17. [41C.12] [APPLICATION AND ORIGINATION FEE; FUND CREATED.]

*(a) There is created in the general fund a rural finance authority administrative fund. Proceeds from the application and origination fees assessed by the authority under paragraph (b) must be deposited in the dedicated fund. Beginning July 1, 1993, money in the fund is appropriated as needed to the director of the Minnesota rural finance authority for administrative costs of the agricultural development bond beginning farmer and agricultural business enterprise loan program.*

*(b) The authority may impose a reasonable application and origination fee for each loan issued under the beginning farmer and agricultural business enterprise loan program. The fee must be deposited in the rural finance authority administrative fund created in paragraph (a).*

Sec. 18. Minnesota Statutes 1990, section 474A.02, subdivision 13a, is amended to read:

Subd. 13a. [~~MANUFACTURING SMALL ISSUE POOL.~~] "~~Manufacturing Small issue pool~~" means the amount of the annual volume cap allocated under section 474A.061, that is available for the issuance of small issue bonds to finance manufacturing projects, and the agricultural development bond beginning farmer and agricultural business enterprise loan program authorized in sections 6 to 17.

Sec. 19. Minnesota Statutes 1990, section 474A.02, subdivision 23a, is amended to read:

Sec. 20. Minnesota Statutes 1990, section 474A.03, subdivision 1, is amended to read:

Subdivision 1. [ANNUAL VOLUME CAP UNDER FEDERAL TAX LAW; POOL ALLOCATIONS.] At the beginning of each calendar year after December 31, ~~1990~~ 1991, the commissioner shall determine the aggregate dollar amount of the annual volume cap under federal tax law for the calendar year, and of this amount the commissioner shall make the following allocation:

(2) \$46,000,000 to the housing pool;

(4) amounts to be allocated as provided in subdivision 2a.

If the annual volume cap is greater or less than the amount of bonding authority allocated under clauses (1) to (4) and subdivision 2a, paragraph (a), clauses (1) to (3), the allocation must be adjusted so that each adjusted allocation is the same percentage of the annual volume cap as each original allocation is of the total bonding authority originally allocated.

Sec. 21. Minnesota Statutes 1990, section 474A.061, subdivision 1, is amended to read:

Subdivision 1. [APPLICATION.] (a) An issuer may apply for an allocation under this section by submitting to the department an application on forms provided by the department, accompanied by (1) a preliminary resolution, (2) a statement of bond counsel that the proposed issue of obligations requires an allocation under this chapter, (3) the type of qualified bonds to be issued,

(4) an application deposit in the amount of one percent of the requested allocation before the last Monday in August, or in the amount of two percent of the requested allocation on or after the last Monday in August, and (5) a public purpose scoring worksheet for ~~small issue~~ *manufacturing project* applications. The issuer must pay the application deposit by check. The Minnesota housing finance agency *and the Minnesota rural finance authority* may apply for and receive an allocation under this section without submitting an application deposit.

(b) An entitlement issuer may not apply for an allocation from the housing pool or from the public facilities pool unless it has either permanently issued bonds equal to the amount of its entitlement allocation for the current year plus any amount of bonding authority carried forward from previous years or returned for reallocation all of its unused entitlement allocation. For purposes of this subdivision, its entitlement allocation includes an amount obtained under section 474A.04, subdivision 6.

(c) If an application is rejected under this section, the commissioner must notify the applicant and return the application deposit to the applicant within 30 days unless the applicant requests in writing that the application be resubmitted. The granting of an allocation of bonding authority under this section must be evidenced by a certificate of allocation.

Sec. 22. Minnesota Statutes 1990, section 474A.061, subdivision 2b, is amended to read:

Subd. 2b. [~~MANUFACTURING SMALL ISSUE POOL ALLOCATION.~~] From the beginning of the calendar year until the last Monday in August, the commissioner shall allocate available bonding authority from the ~~manufacturing small issue~~ pool on Monday of each week to applications received on or before the Monday of the preceding week. The amount of allocation provided to an issuer for a specific manufacturing project will be based on the number of points received for the proposed project under the scoring system under section 474A.045. Proposed projects that receive 50 points or more are eligible for all of the proposed allocation. Proposed projects that receive less than 50 points are eligible to receive a proportionally reduced share of the proposed authority.

If there are two or more applications for manufacturing projects from the ~~manufacturing small issue~~ pool and there is insufficient bonding authority to provide allocations for all projects in any one week after all eligible bonding authority has been transferred as provided in section 474A.081, the available bonding authority shall be awarded by lot unless otherwise agreed to by the respective issuers.

Sec. 23. Minnesota Statutes 1990, section 474A.061, subdivision 3, is amended to read:

Subd. 3. [ADDITIONAL DEPOSIT.] An issuer which has received an allocation under this section may retain any unused portion of the allocation after the first Tuesday in September only if the issuer has submitted to the department before the first Tuesday in September a letter stating its intent to issue obligations pursuant to the allocation before the end of the calendar year or within the time period permitted by federal tax law and a deposit in addition to that provided under subdivision 1, equal to one percent of the amount of allocation to be retained. The Minnesota housing finance agency *and the Minnesota rural finance authority* may retain an unused portion of an allocation after the first Tuesday in September without submitting an additional

deposit.

Sec. 24. Minnesota Statutes 1990, section 474A.061, subdivision 4, is amended to read:

Subd. 4. [RETURN OF ALLOCATION; DEPOSIT REFUND.] (a) If an issuer that receives an allocation under this section determines that it will not issue obligations equal to all or a portion of the allocation received under this section within 90 days of allocation or within the time period permitted by federal tax law, whichever is less, the issuer must notify the department. If the issuer notifies the department or the 90-day period since allocation has expired prior to the last Monday in August, the amount of allocation is canceled and returned for reallocation through the pool from which it was originally allocated. If the issuer notifies the department or the 90-day period since allocation has expired on or after the last Monday in August, the amount of allocation is canceled and returned for reallocation through the unified pool. If the issuer notifies the department after the last Monday in November, the amount of allocation is canceled and returned for reallocation to the Minnesota housing finance agency.

(b) An issuer that returns for reallocation all or a portion of an allocation received under this section within 90 days of allocation shall receive within 30 days a refund equal to:

(1) one-half of the application deposit for the amount of bonding authority returned within 30 days of receiving allocation;

(2) one-fourth of the application deposit for the amount of bonding authority returned between 31 and 60 days of receiving allocation; and

(3) one-eighth of the application deposit for the amount of bonding authority returned between 61 and 90 days of receiving allocation.

No refund shall be available for allocations returned 90 or more days after receiving the allocation. This subdivision does not apply to the Minnesota housing finance agency or the Minnesota rural finance authority.

Sec. 25. Minnesota Statutes 1990, section 474A.081, is amended to read:  
474A.081 [POOL TRANSFERS.]

Subdivision 1. [AUTHORITY TO TRANSFER BONDING AUTHORITY.] If there is insufficient bonding authority in either the ~~manufacturing~~ *small issue* pool or the multifamily housing pool to provide allocations for applications received in any one week, additional bonding authority for small issue bonds and residential rental project bonds may be obtained under this section.

Subd. 2. [TRANSFER LIMITS.] No transfer of bonding authority may be made from any pool for qualified bonds not eligible to receive allocations from that pool (i) prior to June 30, or (ii) if, on June 30, allocations of bonding authority have been made from that pool equal to or exceeding 50 percent of the annual volume cap originally allocated to that pool. For 1987, the amount considered originally allocated to each of the pools shall be \$80,000,000 for the ~~manufacturing~~ *small issue* pool and \$60,000,000 for the multifamily housing pool.

Subd. 4. [POOL TRANSFERS.] If there is insufficient bonding authority to provide allocations for all small issue bonds or residential rental project

bonds in any one week, applications for small issue bonds may receive bonding authority from the multifamily housing pool or applications for residential rental project bonds may receive bonding authority from the ~~manufacturing small issue~~ pool, except as provided in subdivision 2. If bonding authority is transferred from one pool to the other pool, applications for small issue bonds must receive priority for allocations from the ~~manufacturing small issue~~ pool, and applications for residential rental project bonds must receive priority for allocations from the multifamily housing pool.

Sec. 26. Minnesota Statutes 1990, section 474A.091, is amended to read:  
474A.091 [ALLOCATION OF UNIFIED POOL.]

Subdivision 1. [UNIFIED POOL AMOUNT.] On the day after the last Monday in August any bonding authority remaining unallocated from the ~~manufacturing small issue~~ pool, the housing pool, and the public facilities pool is transferred to the unified pool and must be reallocated as provided in this section.

Subd. 2. [APPLICATION.] ~~An issuer~~ *Issuers other than the Minnesota rural finance authority* may apply for an allocation under this section by submitting to the department an application on forms provided by the department accompanied by (1) a preliminary resolution, (2) a statement of bond counsel that the proposed issue of obligations requires an allocation under this chapter, (3) the type of qualified bonds to be issued, (4) an application deposit in the amount of two percent of the requested allocation, and (5) a public purpose scoring worksheet for ~~small issue manufacturing~~ applications. The issuer must pay the application deposit by check. An entitlement issuer may not apply for an allocation for public facility bonds, residential rental project bonds, or mortgage bonds under this section unless it has either permanently issued bonds equal to the amount of its entitlement allocation for the current year plus any amount carried forward from previous years or returned for reallocation all of its unused entitlement allocation. For purposes of this subdivision, its entitlement allocation includes an amount obtained under section 474A.04, subdivision 6.

*For calendar year 1991, \$5,000,000 must be reserved upon creation of the unified pool for use by the Minnesota rural finance authority for the agricultural development bond program authorized under sections 6 to 17. This reservation remains in effect until the last Monday in November.*

The Minnesota housing finance agency may not apply for an allocation for mortgage bonds under this section until after the last Monday in September. Notwithstanding the restrictions imposed on unified pool allocations after October 1 under subdivision 3, paragraph (c)(2), the Minnesota housing finance agency may be awarded allocations for mortgage bonds from the unified pool after October 1. The Minnesota housing finance agency may apply for and receive an allocation under this section without submitting an application deposit.

Subd. 3. [ALLOCATION PROCEDURE.] (a) The commissioner shall allocate available bonding authority under this section on the Monday of every other week beginning with the first Monday in September through and on the last Monday in November. Applications for allocations must be received by the department by the Monday preceding the Monday on which allocations are to be made. If a Monday falls on a holiday, the allocation will be made or the applications must be received by the next business day after the holiday.

(b) On or before October 1, allocations shall be awarded from the unified pool in the following order of priority:

- (1) applications for small issue bonds;
- (2) applications for residential rental project bonds;
- (3) applications for public facility projects funded by public facility bonds;
- (4) applications for redevelopment bonds;
- (5) applications for mortgage bonds; and
- (6) applications for governmental bonds.

Allocations for residential rental projects may only be made during the first allocation in September. The amount of allocation provided to an issuer for a specific manufacturing project will be based on the number of points received for the proposed project under the scoring system under section 474A.045. Proposed manufacturing projects that receive 50 points or more are eligible for all of the proposed allocation. Proposed manufacturing projects that receive less than 50 points under section 474A.045 are only eligible to receive a proportionally reduced share of the proposed authority. If there are two or more applications for manufacturing projects from the unified pool and there is insufficient bonding authority to provide allocations for all manufacturing projects in any one allocation period, the available bonding authority shall be awarded based on the number of points awarded a project under section 474A.045 with those projects receiving the greatest number of points receiving allocation first.

(c)(1) On the first Monday in October, \$20,000,000 of bonding authority or an amount equal to the total annual amount of bonding authority allocated to the ~~manufacturing~~ *small issue* pool under section 474A.03, subdivision 1, less the amount allocated to issuers from the ~~manufacturing~~ *small issue* pool for that year, whichever is less, is reserved within the unified pool for small issue bonds. On the first Monday in October, \$2,500,000 of bonding authority or an amount equal to the total annual amount of bonding authority allocated to the public facilities pool under section 474A.03, subdivision 1, less the amount allocated to issuers from the public facilities pool for that year, whichever is less, is reserved within the unified pool for public facility bonds. If sufficient bonding authority is not available to reserve the required amounts for both small issue bonds and public facility bonds, seven-eighths of the remaining available bonding authority is reserved for small issue bonds and one-eighth of the remaining available bonding authority is reserved for public facility bonds.

(2) The total amount of allocations for mortgage bonds from the housing pool and the unified pool may not exceed:

- (i) \$10,000,000 for any one city; or
- (ii) \$20,000,000 for any number of cities in any one county.

An allocation for mortgage bonds may be used for mortgage credit certificates.

After October 1, allocations shall be awarded from the unified pool only for the following types of qualified bonds: small issue bonds, public facility bonds, and residential rental project bonds.

(d) If there is insufficient bonding authority to fund all projects within any qualified bond category, allocations shall be awarded by lot unless otherwise

agreed to by the respective issuers. If an application is rejected, the commissioner must notify the applicant and return the application deposit to the applicant within 30 days unless the applicant requests in writing that the application be resubmitted. The granting of an allocation of bonding authority under this section must be evidenced by issuance of a certificate of allocation.

Subd. 4. [MORTGAGE BONDS.] All remaining bonding authority available for allocation under this section on December 1, is allocated to the Minnesota housing finance agency.

Subd. 5. [RETURN OF ALLOCATION; DEPOSIT REFUND.] (a) If an issuer that receives an allocation under this section determines that it will not issue obligations equal to all or a portion of the allocation received under this section within 90 days of the allocation or within the time period permitted by federal tax law, whichever is less, the issuer must notify the department. If the issuer notifies the department or the 90-day period since allocation has expired prior to the last Monday in November, the amount of allocation is canceled and returned for reallocation through the unified pool.

(b) An issuer that returns for reallocation all or a portion of an allocation received under this section within 90 days of the allocation shall receive within 30 days a refund equal to:

(1) one-half of the application deposit for the amount of bonding authority returned within 30 days of receiving the allocation;

(2) one-fourth of the application deposit for the amount of bonding authority returned between 31 and 60 days of receiving the allocation; and

(3) one-eighth of the application deposit for the amount of bonding authority returned between 61 and 90 days of receiving the allocation.

No refund of the application deposit shall be available for allocations returned on or after the last Monday in November. This subdivision does not apply to the Minnesota housing finance agency or the Minnesota rural finance authority.

Subd. 6. [FINAL ALLOCATION; CARRYFORWARD.] Any bonding authority remaining unissued by the Minnesota housing finance agency after the last Monday in December is allocated to the department of finance for reallocation for qualified bonds eligible to be carried forward under federal tax law.

Sec. 27. Minnesota Statutes 1990, section 474A.14, is amended to read:  
474A.14 [NOTICE OF AVAILABLE AUTHORITY.]

The department shall publish in the State Register a notice of the amount of bonding authority in the housing, ~~manufacturing~~ *small issue*, and public facilities pools as soon after January 1 as possible. The commissioner must notify the person to whom the order is directed of the time and place of the hearing at least 20 days before the hearing. The expedited hearing must be held within 30 days after a request for hearing has been filed with the commissioner unless the parties agree to a later date.

(b) All written arguments must be submitted within ten days following the close of the hearing. The hearing shall be conducted under ~~the conference contested case rules of the office of administrative hearings~~ *Minnesota Rules, parts 1400.8510 to 1400.8612*, as modified by this subdivision. (c) The administrative law judge shall issue a report making recommendations about the commissioner's action to the commissioner within 30 days following the close of the record. The administrative law judge may not recommend a change in the amount of the proposed penalty unless the administrative law judge determines that, based on the factors in subdivision 2, the amount of the penalty is unreasonable.

(d) If the administrative law judge makes a finding that the hearing was requested solely for purposes of delay or that the hearing request was frivolous, the commissioner may add to the amount of the penalty the costs charged to the agency by the office of administrative hearings for the hearing.

(e) If a hearing has been held, the commissioner may not issue a final order until at least five days after receipt of the report of the administrative law judge. The person to whom an order is issued may, within those five days, comment to the commissioner on the recommendations and the commissioner will consider the comments. The final order may be appealed in the manner provided in sections 14.63 to 14.69.

(f) If a hearing has been held and a final order issued by the commissioner, the penalty shall be paid by 30 days after the date the final order is received unless review of the final order is requested under sections 14.63 to 14.69.

If review is not requested or the order is reviewed and upheld, the amount due is the penalty, together with interest accruing from 31 days after the original order was received at the rate established in section 549.09.

Sec. 8. Minnesota Statutes 1990, section 116.072, subdivision 10, is amended to read:

[CUMULATIVE REMEDY.] The authority of the agency to issue a corrective order assessing penalties is in addition to other remedies available under statutory or common law, *except that the state may not seek penalties under any other provision of law for the violations covered by the administrative penalty order.* The payment of a penalty does not preclude the use of other enforcement provisions *under which penalties are not assessed* in connection with the violation for which the penalty was assessed.

Sec. 10. [116.90] [CITIZEN REPORTS OF ENVIRONMENTAL VIOLATIONS.]

*The agency shall maintain and publicize a toll-free number to enable citizens to report information about potential environmental violations. The agency may establish a program to pay awards from funds raised from private sources to persons who provide information that leads to the conviction for an environmental crime.*

Sec. 11. [PLAN FOR USE OF ADMINISTRATIVE PENALTY ORDERS.]

*The commissioner shall prepare a plan for using the administrative penalty authority in Minnesota Statutes, section 116.072. The commissioner shall provide a 30-day period for public comment on the plan. The plan must be submitted to the agency for approval by October 1, 1991.*

- (3) the person had information regarding the offense for which the defendant is charged that would lead a reasonable and prudent person in the defendant's position to learn the actual facts.

(c) Knowledge by a corporation may be established by showing that an illegal act was performed by an agent acting on behalf of the corporation within the scope of employment and in furtherance of the corporation's business interest, unless a high managerial person with direct supervisory authority over the agent demonstrated due diligence to prevent the crime's commission.

(4) how watershed plans are to specify the nature of the official controls required to be adopted by the local units of government, including uniform erosion control, stormwater retention, and wetland protection ordinances in the metropolitan area.

Sec. 3. Minnesota Statutes 1990, section 103B.311, subdivision 6, is amended to read:

(8) a procedure for amending the comprehensive water plan.

**Sec. 4. [103G.2363] [WETLAND IDENTIFICATION AND CLASSIFICATION.]**

*Subdivision 1. [IDENTIFICATION.] (a) The commissioner of natural resources and the board of water and soil resources shall identify the wetlands in the state using all available information, including existing maps and information developed by federal and state agencies and local government units. The wetlands must be identified by mapping and digitization and the information must be made available to the public on a county basis.*

*(b) By February 1, 1993, the commissioner of natural resources shall file with the recorder of each county and with each soil and water conservation district a map showing the location of wetlands in the county and shall publish notice of the availability of the map in an official newspaper of general circulation in each county.*

*For purposes of this paragraph, "notice" means the following information in 8-point or larger type:*

**"NOTICE OF AVAILABILITY OF WETLANDS MAPS**

*Maps showing the location of wetlands in (name of county) county are available from the Minnesota Department of Natural Resources. Persons wishing to obtain further information regarding the maps should contact (name, address, and telephone number of regional contact person at the department) or their local soil and water conservation district office. **WETLANDS IDENTIFIED ON THE MAPS ARE SUBJECT TO REGULATION BY THE STATE AND ACTIVITIES AFFECTING THE WETLANDS MAY BE RESTRICTED OR PROHIBITED UNDER RULES TO BE ADOPTED BY THE BOARD OF WATER AND SOIL RESOURCES AND THE DEPARTMENT OF NATURAL RESOURCES.** Persons wishing to participate in the rule-making process should contact (name, address, and telephone number of contact person at the board) or (name, address, and telephone number of contact person at the department).*

*Persons on whose property wetlands are identified on the maps may appeal the identification to their local soil and water conservation district. For further information contact your local soil and water conservation district office."*

*(c) A landowner on whose property wetlands are identified on a map published under this subdivision may appeal the identification to the soil and water conservation district where the wetland is located. The appeal must be in a form prescribed by the soil and water conservation district and must be filed within 60 days after publication of the map. Within 60 days after receiving an appeal, the soil and water conservation district shall notify the landowner and the commissioner of natural resources of the district's decision regarding the wetland identification. With notice to the landowner, the commissioner, and the board, the district may delay its decision regarding the wetland identification for an additional 60 days. The*

commissioner or the landowner may appeal the decision of the soil and water conservation district to the board of water and soil resources. Within 60 days after receiving an appeal, the board shall notify the landowner and the commissioner of its decision on the wetland identification. With notice to the landowner and the commissioner, the board may delay its decision on the wetland identification for an additional 60 days. The board's decision is final.

*Subd. 2. [EFFECT OF WETLAND DESIGNATION.] The designation of waters of this state as wetlands under subdivision 1:*

*(1) does not grant the public additional or greater right of access to the wetlands;*

*(2) does not diminish the right of ownership or usage of the beds underlying the designated wetlands, except as otherwise provided by law;*

*(3) does not affect state law forbidding trespass on private lands; and*

*(4) does not require the commissioner to acquire access to the designated wetlands under section 97A.141.*

*Subd. 3. [PROPERTY OWNER'S USE OF WETLANDS.] (a) A property owner may use the bed of wetlands for pasture or cropland during periods of drought if:*

*(1) dikes, ditches, tile lines, or buildings are not constructed; and*

*(2) the agricultural use does not result in the drainage of the wetlands.*

*(b) A landowner may fill a wetland to accommodate wheeled booms on irrigation devices if the fill does not impede normal drainage.*

*Subd. 4. [PUBLIC VALUE.] (a) The board of water and soil resources, in consultation with the commissioner of natural resources, shall adopt rules establishing criteria to determine the public value of wetlands. The rules must consider the public benefit and use of the wetlands and include:*

*(1) criteria to determine the benefits of wetlands for water quality, including filtering of pollutants to surface and groundwater, utilization of nutrients that would otherwise pollute public waters, trapping of sediments, and utilization of the wetland as a recharge area for groundwater;*

*(2) criteria to determine the benefits of wetlands for floodwater retention, including the potential for flooding in the watershed, the value of property subject to flooding, and the reduction in potential flooding by the wetland;*

*(3) criteria to determine the benefits of wetlands for public recreation, including wildlife habitat, hunting and fishing areas, wildlife breeding areas, wildlife viewing areas, aesthetically enhanced areas, and nature areas;*

*(4) criteria to determine the benefits of wetlands for commercial uses, including wild rice growing and harvesting and aquaculture; and*

*(5) criteria to determine the benefits of wetlands for other public uses.*

*(b) The criteria established under this subdivision must be used to determine the public value of wetlands in the state. The board of water and soil resources, in consultation with the commissioner of natural resources, shall also use the criteria in identifying regions of the state where preservation, enhancement, restoration, and establishment of wetlands would have high*

*public value. Before the criteria are adopted, the commissioner, in consultation with the board, may identify high priority wetland regions using available information relating to the factors listed in paragraph (a). The board shall notify local units of government with water planning authority of these high priority regions.*

*Subd. 5. [CLASSIFICATION OF WETLANDS.] (a) The board of water and soil resources, in consultation with the commissioner of natural resources, shall adopt criteria by rule to classify wetlands according to allowed uses of the wetland, as described in paragraphs (b) to (f). Classes A through D classify wetlands according to their relative public value, with class A wetlands having the highest public value and class D the lowest.*

*(b) Class A wetlands are to be preserved and alternative uses are not allowed. Class A wetlands include calcareous fens.*

*(c) Class B wetlands must be substantially preserved in their present location but alternative uses that do not permanently diminish the public value of the wetlands are allowed.*

*(d) Alternative uses of class C wetlands are allowed, including uses that permanently diminish the public value of the wetlands, but lost public value must be replaced to an extent greater than the loss.*

*(e) Alternative uses of class D wetlands are allowed, including uses that permanently diminish the public value of the wetlands, but lost public value must be replaced to an extent at least equal to the loss.*

*(f) Class E wetlands are wetlands for which the board of water and soil resources is the permitting authority. The board may designate class E wetlands based on the existence of:*

- (1) issues of statewide or regional importance;*
- (2) technical issues of particular complexity; or*
- (3) other factors deemed sufficient by the board.*

*Subd. 6. [RULEMAKING.] In adopting the rules required under subdivisions 4 and 5, the commissioner of natural resources shall comply with subdivision 1, paragraph (b), before publishing the proposed rules in the State Register under chapter 14. Before the rules are adopted and no later than March 1, 1993, the proposed rules and any public comments thereon must be submitted to the agriculture and environment committees of the legislature. The rules must not be adopted earlier than 60 days after submittal to the legislature.*

### ARTICLE 3

#### WETLAND PRESERVATION AREAS

##### Section 1. [103F.6112] [WETLAND PRESERVATION AREAS.]

*Subdivision 1. [DEFINITION.] For purposes of sections 1 to 5, "wetland" has the meaning given in article 6, section 7.*

*Subd. 2. [APPLICATION.] (a) A wetland owner may apply to the county where a wetland is located for designation of a wetland preservation area in a high priority wetland area identified in the county's comprehensive water plan and located within a high priority wetland region designated by the board of water and soil resources. The application must be made on forms provided by the board. If a wetland is located in more than one county,*

*the application must be submitted to the county where the majority of the wetland is located.*

*(b) The application must contain at least the following information and other information the board of soil and water resources requires:*

*(1) legal description of the area to be approved, which must include an upland strip at least 16-1/2 feet in width around the perimeter of wetlands within the area and may include total upland area of up to four acres for each acre of wetland;*

*(2) parcel identification numbers where designated by the county auditor;*

*(3) name and address of the owner;*

*(4) a witnessed signature of the owner covenanting that the land will be preserved as a wetland and will only be used in accordance with conditions prescribed by the board of water and soil resources; and*

*(5) a statement that the restrictive covenant will be binding on the owner and the owner's successors or assigns, and will run with the land.*

*(c) The upland strip required in paragraph (b), clause (1), must be planted with permanent vegetation other than a noxious weed.*

*(d) For registered property, the owner shall submit the owner's duplicate certificate of title with the application.*

*Subd. 3. [REVIEW AND NOTICE.] Upon receipt of an application, the county shall determine if all material required by subdivision 2 has been submitted and, if so, shall determine that the application is complete. The term "date of application" means the date the application is determined to be complete by the county. The county shall send a copy of the application to the county assessor, the regional development commission, where applicable, the board of water and soil resources, and the soil and water conservation district where the land is located. The soil and water conservation district shall prepare an advisory statement of existing and potential preservation problems or conflicts and send the statement to the owner of record and to the county.*

*Subd. 4. [RECORDING.] Within five days of the date of application, the county shall forward the application to the county recorder, with the owner's duplicate certificate of title in the case of registered property. The county recorder shall record the restrictive covenant and return it to the applicant. In the case of registered property, the recorder shall memorialize the restrictive covenant upon the certificate of title and the owner's duplicate certificate of title. The recorder shall notify the county that the covenant has been recorded or memorialized.*

*Subd. 5. [COMMENCEMENT OF WETLAND PRESERVATION AREA.] The wetland is a wetland preservation area commencing 30 days from the date the county determines the application is complete under subdivision 3.*

*Subd. 6. [FEE.] The county may require an application fee, not to exceed \$50.*

*Subd. 7. [MAPS.] The board of water and soil resources shall maintain wetland preservation area maps illustrating land covenanted as wetland preservation areas.*

**Sec. 2. [103F:6113] [DURATION OF WETLAND PRESERVATION**

AREA.]

*Subdivision 1. [GENERAL.] A wetland preservation area continues in existence until the owner initiates expiration as provided in this section. The date of expiration must be at least eight years from the date of notice under this section.*

*Subd. 2. [TERMINATION BY OWNER.] The owner may initiate expiration of a wetland preservation area by notifying the county on a form prepared by the board of water and soil resources and made available in each county. The notice must describe the property involved and must state the date of expiration. The notice may be rescinded by the owner during the first two years following notice.*

*Subd. 3. [NOTICE AND RECORDING; TERMINATION.] When the county receives notice under subdivision 2, the county shall forward the original notice to the county recorder for recording and shall notify the regional development commission, where applicable, the board of water and soil resources, and the county soil and water conservation district of the date of expiration. The benefits and limitations of the wetland preservation area and the restrictive covenant filed with the application cease on the date of expiration. For registered property, the county recorder shall cancel the restrictive covenant upon the certificate of title and the owner's duplicate certificate of title on the effective date of the expiration.*

*Subd. 4. [EARLY EXPIRATION.] A wetland preservation area may be terminated earlier than as provided in this section only in the event of a public emergency upon petition from the owner or county to the governor. The determination of a public emergency must be made by the governor through executive order under section 4.035 and chapter 12. The executive order must identify the wetland preservation area, the reasons requiring the action, and the date of expiration.*

Sec. 3. [103F:6114] [EMINENT DOMAIN ACTIONS.]

*Subdivision 1. [APPLICABILITY.] An agency of the state, a public benefit corporation, a local government, or any other entity with the power of eminent domain under chapter 117, except a public utility as defined in section 216B.02, a municipal electric or gas utility, a municipal power agency, a cooperative electric association organized under chapter 308A, or a pipeline operating under the authority of the Natural Gas Act, United States Code, title 15, sections 717 to 717z, shall follow the procedures in this section before:*

*(1) acquiring land or an easement in land with a total area over ten acres within a wetland preservation area; or*

*(2) advancing a grant, loan, interest subsidy, or other funds for the construction of dwellings, commercial or industrial facilities, or water or sewer facilities that could be used to serve structures in areas that are not for agricultural use, that require an acquisition of land or an easement in a wetland preservation area.*

*Subd. 2. [NOTICE OF INTENT.] At least 60 days before an action described in subdivision 1, notice of intent must be filed with the environmental quality board containing information and in the manner and form required by the environmental quality board. The notice of intent must contain a report justifying the proposed action, including an evaluation of alternatives that would not affect land within a wetland preservation area.*

*Subd. 3. [REVIEW AND ORDER.] The environmental quality board, in consultation with affected local governments, shall review the proposed action to determine its effect on the preservation and enhancement of wetlands and the relationship to local and regional comprehensive plans. If the environmental quality board finds that the proposed action might have an unreasonable effect on a wetland preservation area, the environmental quality board shall issue an order within the 60-day period under subdivision 2 for the party to refrain from the proposed action for an additional 60 days.*

*Subd. 4. [PUBLIC HEARING.] During the additional 60 days, the environmental quality board shall hold a public hearing concerning the proposed action at a place within the affected wetland preservation area or easily accessible to the wetland preservation area. Notice of the hearing must be published in a newspaper having a general circulation within the area. Individual written notice must be given to the local governments with jurisdiction over the wetland preservation area, the agency, corporation or government proposing to take the action, the owner of land in the wetland preservation area, and any public agency having the power of review or approval of the action.*

*Subd. 5. [JOINT REVIEW.] The review process required in this section may be conducted jointly with any other environmental impact review by the environmental quality board.*

*Subd. 6. [SUSPENSION OF ACTION.] The environmental quality board may suspend an eminent domain action for up to one year if it determines that the action is contrary to wetland preservation and that there are feasible and prudent alternatives that may have a less negative impact on the wetland preservation area.*

*Subd. 7. [TERMINATION OF WETLAND PRESERVATION AREA.] The benefits and limitations of a wetland preservation area, including the restrictive covenant for the portion of the wetland preservation area taken, end on the date title and possession of the property is obtained.*

*Subd. 8. [ACTION BY ATTORNEY GENERAL.] The environmental quality board may request the attorney general to bring an action to enjoin an agency, corporation, or government from violating this section.*

*Subd. 9. [EXCEPTION.] This section does not apply to an emergency project that is immediately necessary for the protection of life and property.*

#### Sec. 4. [103F.6115] [LIMITATION ON CERTAIN PUBLIC PROJECTS.]

*Subdivision 1. [PROJECTS AND ASSESSMENTS PROHIBITED; EXCEPTION.] Notwithstanding any other law, construction projects for public sanitary sewer systems, public water systems, and new public drainage systems are prohibited in wetland preservation areas. New connections between land or buildings in a wetland preservation area and public projects are prohibited. Land in a wetland preservation area may not be assessed for public projects built in the vicinity of the wetland preservation area.*

*Subd. 2. [EXCEPTION; OWNER OPTION.] Subdivision 1 does not apply to public projects if the owner of the wetland preservation area elects to use and benefit from a public project.*

#### Sec. 5. [103F.6116] [SOIL CONSERVATION PRACTICES.]

*An owner of a wetland preservation area shall manage the area and*

*surrounding upland areas with sound soil conservation practices that prevent excessive soil loss according to the model ordinance adopted by the board of water and soil resources. The model ordinance and soil loss provisions under sections 103F.401 to 103F.455 relating to soil loss apply to all upland areas within a wetland preservation area and to surrounding upland areas. A sound soil conservation practice prevents excessive soil loss or reduces soil loss to the most practicable extent.*

Sec. 6. Minnesota Statutes 1990, section 272.02, subdivision 1, is amended to read:

Subdivision 1. All property described in this section to the extent herein limited shall be exempt from taxation:

(e) manufactured homes and sectional structures; and

(f) flight property as defined in section 270.071.

(9) Personal property used primarily for the abatement and control of air, water, or land pollution to the extent that it is so used, and real property which is used primarily for abatement and control of air, water, or land pollution as part of an agricultural operation or as part of an electric generation system. For purposes of this clause, personal property includes

ponderous machinery and equipment used in a business or production activity that at common law is considered real property.

Any taxpayer requesting exemption of all or a portion of any equipment or device, or part thereof, operated primarily for the control or abatement of air or water pollution shall file an application with the commissioner of revenue. The equipment or device shall meet standards, rules, or criteria prescribed by the Minnesota pollution control agency, and must be installed or operated in accordance with a permit or order issued by that agency. The Minnesota pollution control agency shall upon request of the commissioner furnish information or advice to the commissioner. On determining that property qualifies for exemption, the commissioner shall issue an order exempting the property from taxation. The equipment or device shall continue to be exempt from taxation as long as the permit issued by the Minnesota pollution control agency remains in effect.

(10) Wetlands. For purposes of this subdivision, "wetlands" means (1) land described in section 103G.005, subdivision 18, or (2) land which is mostly under water, produces little if any income, and has no use except for wildlife or water conservation purposes, provided it is preserved in its natural condition and drainage of it would be legal, feasible, and economically practical for the production of livestock, dairy animals, poultry, fruit, vegetables, forage and grains, except wild rice. "Wetlands" shall include adjacent land which is not suitable for agricultural purposes due to the presence of the wetlands. "Wetlands" shall not include woody swamps containing shrubs or trees, wet meadows, meandered water, streams, rivers, and floodplains or river bottoms in a wetland preservation area under sections 1 to 5. Exemption of wetlands from taxation pursuant to this section shall not grant the public any additional or greater right of access to the wetlands or diminish any right of ownership to the wetlands.

(11) Native prairie. The commissioner of the department of natural resources shall determine lands in the state which are native prairie and shall notify the county assessor of each county in which the lands are located. Pasture land used for livestock grazing purposes shall not be considered native prairie for the purposes of this clause. Upon receipt of an application for the exemption provided in this clause for lands for which the assessor has no determination from the commissioner of natural resources, the assessor shall refer the application to the commissioner of natural resources who shall determine within 30 days whether the land is native prairie and notify the county assessor of the decision. Exemption of native prairie pursuant to this clause shall not grant the public any additional or greater right of access to the native prairie or diminish any right of ownership to it.

(12) Property used in a continuous program to provide emergency shelter for victims of domestic abuse, provided the organization that owns and sponsors the shelter is exempt from federal income taxation pursuant to section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1986, notwithstanding the fact that the sponsoring organization receives funding under section 8 of the United States Housing Act of 1937, as amended.

(13) If approved by the governing body of the municipality in which the property is located, property not exceeding one acre which is owned and operated by any senior citizen group or association of groups that in general limits membership to persons age 55 or older and is organized and operated

exclusively for pleasure, recreation, and other nonprofit purposes, no part of the net earnings of which inures to the benefit of any private shareholders; provided the property is used primarily as a clubhouse, meeting facility, or recreational facility by the group or association and the property is not used for residential purposes on either a temporary or permanent basis.

(14) To the extent provided by section 295.44, real and personal property used or to be used primarily for the production of hydroelectric or hydro-mechanical power on a site owned by the state or a local governmental unit which is developed and operated pursuant to the provisions of section 103G.535.

(15) If approved by the governing body of the municipality in which the property is located, and if construction is commenced after June 30, 1983:

(a) a "direct satellite broadcasting facility" operated by a corporation licensed by the federal communications commission to provide direct satellite broadcasting services using direct broadcast satellites operating in the 12-ghz. band; and

(b) a "fixed satellite regional or national program service facility" operated by a corporation licensed by the federal communications commission to provide fixed satellite-transmitted regularly scheduled broadcasting services using satellites operating in the 6-ghz. band.

An exemption provided by clause (15) shall apply for a period not to exceed five years. When the facility no longer qualifies for exemption, it shall be placed on the assessment rolls as provided in subdivision 4. Before approving a tax exemption pursuant to this paragraph, the governing body of the municipality shall provide an opportunity to the members of the county board of commissioners of the county in which the facility is proposed to be located and the members of the school board of the school district in which the facility is proposed to be located to meet with the governing body. The governing body shall present to the members of those boards its estimate of the fiscal impact of the proposed property tax exemption. The tax exemption shall not be approved by the governing body until the county board of commissioners has presented its written comment on the proposal to the governing body or 30 days has passed from the date of the transmittal by the governing body to the board of the information on the fiscal impact, whichever occurs first.

(16) Real and personal property owned and operated by a private, non-profit corporation exempt from federal income taxation pursuant to United States Code, title 26, section 501(c)(3), primarily used in the generation and distribution of hot water for heating buildings and structures.

(17) Notwithstanding section 273.19, state lands that are leased from the department of natural resources under section 92.46.

(18) Electric power distribution lines and their attachments and appurtenances, that are used primarily for supplying electricity to farmers at retail.

(19) Transitional housing facilities. "Transitional housing facility" means a facility that meets the following requirements. (i) It provides temporary housing to parents and children who are receiving AFDC or parents of children who are temporarily in foster care. (ii) It has the purpose of reuniting families and enabling parents to obtain self-sufficiency, advance their education, get job training, or become employed in jobs that provide a living

wage. (iii) It provides support services such as child care, work readiness training, and career development counseling; and a self-sufficiency program with periodic monitoring of each resident's progress in completing the program's goals. (iv) It provides services to a resident of the facility for at least six months but no longer than three years, except residents enrolled in an educational or vocational institution or job training program. These residents may receive services during the time they are enrolled but in no event longer than four years. (v) It is sponsored by an organization that has received a grant under either section 256.7365 for the biennium ending June 30, 1989, or section 462A.07, subdivision 15, for the biennium ending June 30, 1991, for the purposes of providing the services in items (i) to (iv). (vi) It is sponsored by an organization that is exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1987. This exemption applies notwithstanding the fact that the sponsoring organization receives financing by a direct federal loan or federally insured loan or a loan made by the Minnesota housing finance agency under the provisions of either Title II of the National Housing Act or the Minnesota housing finance agency law of 1971 or rules promulgated by the agency pursuant to it, and notwithstanding the fact that the sponsoring organization receives funding under Section 8 of the United States Housing Act of 1937, as amended.

Sec. 7. [WETLANDS EXEMPTION; REPLACEMENT OF REVENUE.]

*Subdivision 1. [CERTIFICATION.] The total amount of revenue lost as a result of the exemption provided in Minnesota Statutes, section 272.02, subdivision 1, paragraph (10), must be certified by the county auditor to the commissioner of revenue and submitted to the commissioner as part of the abstract of tax lists to be filed with the commissioner under the provisions of Minnesota Statutes, section 275.29. The amount of revenue lost as a result of the exemption must be computed each year by applying the current tax rates of the taxing jurisdictions in which the wetlands are located to the assessed valuation of the wetlands for purposes of taxes levied beginning in 1991. Payment to the county for lost revenue must not be less than the revenue that would have been received in taxes if the wetlands had an assessed value of \$5 per acre. The commissioner of revenue shall review the certification for accuracy and may make necessary changes or return the certification to the county auditor for corrections.*

*Subd. 2. [PAYMENT.] Based on current year tax data reported in the abstracts of tax lists, the commissioner of revenue shall annually determine the taxing district distribution of the amounts certified under subdivision 1. The commissioner shall pay to each taxing district, other than school districts, its total payment for the year in equal installments on or before July 15 and December 15 of each year.*

*Subd. 3. [APPROPRIATION.] There is appropriated from the general fund to the commissioner of revenue the amount necessary to make the payments required in subdivision 2.*

*Subd. 4. *Subd. 2. [PRIORITY PLAN.] By November 1 of each even-numbered year, the commissioners of health, natural resources, and the pollution control agency shall jointly submit a plan to the board of water and soil resources identifying high priority areas for preservation, enhancement, restoration, and establishment of wetlands. The board shall utilize the plan in making allocations of money appropriated from the wetland preservation, enhancement, restoration, and establishment fund.*

*Subd. 3. [APPLICATIONS.] (a) Public and private entities may apply to the board of water and soil resources for grants and cost sharing to preserve, enhance, restore, and establish wetlands. Applications must be made on forms prescribed by the board.*

*(b) The board of water and soil resources shall give preference to applications for projects that would preserve, enhance, restore, or establish wetlands with the highest public value and to assessments by wetland authorities against the state.*

Sec. 2. [103F614] [WETLAND PRESERVATION, ENHANCEMENT, RESTORATION, AND ESTABLISHMENT FUND.]

*Subdivision 1. [ESTABLISHMENT.] A wetland preservation, enhancement, restoration, and establishment fund is established in the state treasury.*

*Subd. 2. [REVENUE SOURCES.] (a) The fund consists of:*

- (1) receipts from the Minnesota environment and natural resources trust fund as provided by law; and*
  - (2) other appropriations and funds designated to be credited to the fund.*

- (2) compensation to landowners for land used to restore or establish wetlands; and*
- (3) preservation, enhancement, restoration, and establishment of wetlands.*

Sec. 3. [116P.14] [WETLAND ACCELERATION.]

*Subdivision 1. [PURPOSE.] Due to the overwhelming public need and support for preservation, enhancement, restoration, and establishment of wetlands, the legislature finds that an acceleration program is necessary and must receive priority funding from the trust fund proceeds and money deposited in the Minnesota future resources fund under section 116P.13.*

*Subd. 2. [TRANSFER TO WETLAND FUND.] Notwithstanding sections 116P.11 and 116P.13, \$15,000,000 each fiscal year until June 30, 2001, must be transferred from the proceeds of the trust fund and the Minnesota future resources fund and credited to the wetland preservation, enhancement, restoration, and establishment fund as follows:*

*(1) the first \$15,000,000 of proceeds available each fiscal year to fund projects under section 116P.11; and*

*(2) from the amount credited to the Minnesota future resources fund under section 116P.13, any additional amount needed so that \$15,000,000 each fiscal year is credited under this section to the wetland preservation, enhancement, restoration, and establishment fund.*

## ARTICLE 5

### WETLAND ESTABLISHMENT AND RESTORATION PROGRAM

#### Section 1. [103F.901] [FINDINGS.]

*The legislature finds that the disappearance of wetlands has caused and will continue to cause adverse effects on the health and general welfare of the people of the state. The establishment and restoration of wetlands: improves public health and potable water by purifying and filtering surface run-off and water that recharges aquifers; is a public benefit by retaining surface water and sediments that would cause downstream flooding, sedimentation, and further soil erosion; and improves the public welfare by providing wildlife habitat and recreational opportunities for the people of this state.*

- (b) The petitioners for a proposed wetland system or the wetland authority may apply to the commissioner for permission to do work in public waters or for the determination of public waters status of a water body or watercourse.*

**Sec. 4. [103F904] [CONSIDERATIONS BEFORE WETLANDS ARE ESTABLISHED.]**

*Subdivision 1. [ENVIRONMENTAL AND LAND USE CRITERIA.] Before establishing a wetland system the wetland authority must consider:*

- (1) private and public benefits and damages of the proposed wetland*

system;

*Subd. 3. [PRIVATE PROPERTY OWNERS.] The wetland authority must consider the effects on private property owners affected by the wetland system.*

#### Sec. 5. [103F905] [BUFFER ZONES.]

*Subdivision 1. [ESTABLISHMENT.] In any proceeding to establish, construct, improve, or do any work affecting a wetland system, the wetland authority shall order that permanent vegetation, other than a noxious weed, be planted on a strip at least 16-1/2 feet in width around the perimeter of the wetland system. The acreage and additional property required for the planting must be acquired by the wetland authority.*

*Subd. 2. [HARVESTING GRASS.] Harvest of the grass from the grass strip in a manner not harmful to the grass or the wetland system is the privilege of the fee owner or assigns. The wetland authority shall establish rules for the fee owner and assigns to harvest the grass.*

*Subd. 3. [AGRICULTURAL PRACTICES PROHIBITED.] Agricultural practices, other than those required for the maintenance of a permanent growth of grass, are not permitted on any portion of the property acquired for planting.*

*Subd. 4. [WORK BY WETLAND AUTHORITY.] If a property owner does not bring an area into compliance with this section, the wetland authority shall issue an order to have the work performed to bring the property into compliance. After the work is completed, the wetland authority shall send a statement of the expenses incurred to bring the property into compliance to the auditor of the county where the property is located and to the property owner.*

*Subd. 5. [COLLECTION OF EXPENSES.] (a) The amount of the expenses*

*to bring an area into compliance with this section is a lien in favor of the wetland authority against the property where the expenses were incurred. The auditor shall certify the expenses and enter the amount in the same manner as drainage liens on the tax list for the following year. The amount must be collected in the same manner as real estate taxes for the property. The provisions of law relating to the collection of real estate taxes shall be used to enforce payment of amounts due under this section. The auditor must include a notice of collection of compliance expenses with the tax statement.*

*(b) The amounts collected under this subdivision must be deposited in the wetland system account.*

**Sec. 6. [103F906] [DEFECTIVE NOTICE.]**

*If notice is required under this chapter and proper notice has been given to some parties but the notice is defective or not given to other parties, the wetland authority has jurisdiction of all parties that received proper notice. The proceedings may be continued by order of the wetland authority for the time necessary to publish, post, or mail a new notice. The new notice need only be given to those not properly notified by the first notice.*

**Sec. 7. [103F907] [PERSONAL SERVICE IN LIEU OF OTHER METHODS OF NOTICE.]**

**Sec. 8. [103F908] [FAILURE OF WETLAND AUTHORITY TO ATTEND HEARINGS.]**

*If an order has been made and notice for a hearing given under this chapter, and the wetland authority does not appear at the time and place specified for any reason, the auditor shall continue the hearing to a date set by the auditor. The auditor shall notify the wetland authority of the continuance and the date of hearing. The jurisdiction is continued until the date set by the auditor.*

**Sec. 9. [103F909] [DEFECTIVE PROCEEDINGS.]**

*(a) A party may not take advantage of an error in a proceeding or an informality, error, or defect appearing in the record of the proceeding or construction, unless the party complaining is directly affected. The modification of the benefits or damages to any property, or the enjoining of collection of any assessment, does not affect any other property or the collection of any assessment on other property.*

*(b) If a wetland system has been established and a contract awarded in good faith, without collusion, and at a reasonable price:*

*(1) a defect or lack of notice in awarding, making, or executing the contract does not affect the enforcement of an assessment; and*

*(2) if the contract is performed in good faith in whole or in part, a defect does not invalidate the contract.*

**Sec. 10. [103F910] [RIGHT OF ENTRY.]**

*In proceedings under this chapter, the wetland authority, the engineer, the engineer's assistants, the appraisers, and the appraisers' assistants may*

*enter any property to make a survey, examine the property, or estimate the benefits and damages.*

**Sec. 11. [103F.911] [ATTORNEY.]**

*(a) An attorney shall represent the wetland authority in all wetland proceedings and related matters.*

*(b) A county attorney, the county attorney's assistant, or any attorney associated with the county attorney in business, may not otherwise appear in a wetland proceeding for an interested person.*

**Sec. 12. [103F.912] [ALTERATION OR DAMAGE OF WETLAND SYSTEM.]**

*Subdivision 1. [NOTIFICATION TO RESPONSIBLE PARTY.] If the wetland authority determines that a wetland system has been altered or damaged, the wetland authority shall notify the person or public authority responsible for the alteration or damage as soon as possible and direct the responsible party to remove the cause of the alteration or damage or show the wetland authority why the cause of the alteration or damage should not be removed. The wetland authority shall set a time and location in the notice for the responsible person to appear before the wetland authority.*

*Subd. 2. [CAUSE OF ALTERATION OR DAMAGE ON PRIVATE PROPERTY.] If the cause of the alteration or damage is on private property, the owner is responsible unless the owner proves otherwise. The owner must be notified by certified mail at least ten days before the hearing.*

*Subd. 3. [CAUSE OF ALTERATION OR DAMAGE HEARING.] The wetland authority shall hear all interested parties and if the wetland authority determines that the wetland system has been altered or damaged by a person or public authority, the wetland authority shall order the cause of the alteration or damage removed by the responsible party within a reasonable time set in the order. If the cause of the alteration or damage is not removed by the prescribed time, the wetland authority shall have the cause of the alteration or damage removed and the auditor shall make a statement of the removal cost. The statement must be filed in the county recorder's office as a lien on the property where the cause of the alteration or damage is located or against the responsible party. The lien must be enforced and collected as liens for wetland repairs under this chapter, except that a lien may not be filed against private property if the wetland authority determines that the owner of the property is not responsible for the obstruction. The lien may be enforced against the responsible party by civil action.*

**Sec. 13. [103F.913] [CRIMES RELATED TO WETLAND SYSTEMS; PENALTIES.]**

*Subdivision 1. [OBSTRUCTION OR DAMAGE OF A WETLAND SYSTEM.] A person may not willfully obstruct or damage a wetland system.*

*Subd. 2. [ALTERING MARKING OF STAKES.] A person may not willfully change the location or alter markings of stakes set by the engineer in a wetland system.*

*Subd. 3. [PENALTY.] Violation of this section is a misdemeanor.*

**Sec. 14. [103F.914] [ENFORCEMENT.]**

*Subdivision 1. [WARRANTS AND ARRESTS.] The commissioner of natural resources, game refuge patrol officers, and conservation officers*

*may execute and serve warrants, and arrest persons detected in actual violation of sections 2 to 63 as provided in sections 97A.205 and 97A.211.*

*Subd. 2. [PROSECUTION.] The county attorney shall prosecute all criminal actions.*

**Sec. 15. [103E915] [APPEALS.]**

*Subdivision 1. [GROUNDS FOR APPEAL.] A party may appeal to the district court from a recorded order of a wetland authority made in a proceeding that determines:*

- (1) the amount of benefits;*
- (2) the amount of damages;*
- (3) fees or expenses allowed; or*
- (4) whether the environmental and land use requirements and criteria are met.*

*Subd. 2. [PROCEDURE FOR APPEALS RELATED TO BENEFITS AND DAMAGES.] (a) A person who appeals the amount of benefits or damages may include benefits and damages affecting property not owned by the appellant. Notice of the appeal must be served to the auditor and to the owner or occupant of property included in the appeal or to the attorney representing the property owner in the proceedings.*

*(b) The appellant must file a notice of appeal with the auditor within 30 days after the order to be appealed is filed. The notice must state the particular benefits or damages appealed and the basis for the appeal. Within 30 days after the notice is filed, the auditor must file the original notice with the court administrator of the district court.*

*Subd. 3. [PROCEDURE FOR APPEAL RELATED TO ALLOWANCE OF FEES OR EXPENSES.] An appeal related to the allowance of fees or expenses may be to the district court of any county where the affected property is located. The appeal must be made within 30 days after the order allowing or disallowing the claim and is governed as applicable by the provisions of subdivision 4.*

*Subd. 4. [APPEAL TRIAL.] (a) The issues in the appeal are entitled to a trial by a jury at the next term of the district court after the appeal is filed that is held within the county where the proceeding was pending.*

*(b) If the appellant requests, the trial must be held at the next term of the district court of the county where the affected property is located. The court administrator of the district court where the appeal is first filed shall make, certify, and file with the court administrator of the district court of the county where the trial is transferred, a transcript of the papers and documents on file in the court administrator's office in the proceedings related to the matters of the appeal. After the final determination of the appeal, the court administrator of the district court that tried the appeal shall certify and return the verdict to the district court of the county where the proceedings were filed.*

*(c) The appeal shall take precedence over all other civil court matters. If there is more than one appeal to be tried in one county, the court may, on its own motion or the motion of an interested party, consolidate two or more appeals and try them together, but the rights of the appellants must be determined separately. If the appellant does not prevail, the cost of the*

*trial must be paid by the appellant.*

*(d) The court administrator of the district court where the appeal is filed shall file a certified copy of the final determination of the appeal with the auditor of the affected counties.*

*Subd. 5. [EFFECT OF DETERMINATION.] For all appeals, the amount awarded by the jury as a determination of the issue appealed shall replace the amount that was appealed.*

**Sec. 16. [103F916] [APPEAL FROM ORDERS DISMISSING OR ESTABLISHING WETLAND SYSTEMS.]**

*Subdivision 1. [NOTICE OF APPEAL.] A party may appeal an order made by the wetland authority that dismisses proceedings or establishes or refuses to establish a wetland system to the district court of the county where the proceedings are pending. The appellant must serve notice of the appeal to the auditor within 30 days after the order is filed. After notice of the appeal is served, the appeal may be brought to trial by the appellant or the drainage authority after notifying the other party at least ten days before the trial date.*

*Subd. 2. [TRIAL.] The appeal must be tried by the court without a jury. The court shall examine the entire proceeding and related matters and receive evidence to determine whether the findings made by the wetland authority can be sustained. At the trial the findings made by the wetland authority are prima facie evidence of the matters stated in the findings, and the wetland authority's order is prima facie reasonable. If the court finds that the order appealed is lawful and reasonable, it shall be affirmed. If the court finds that the order appealed is arbitrary, unlawful, or not supported by the evidence, it shall make an order, justified by the court record, to take the place of the appealed order, or remand the order to the wetland authority for further proceedings. After the appeal has been determined by the court, the wetland authority shall proceed in conformity with the court order.*

*Subd. 3. [DETERMINATION OF BENEFITS AND DAMAGES AFTER COURT ORDER.] If the order establishing a wetland system is appealed, the trial of appeals related to benefits or damages in the proceeding must be stayed until the establishment appeal is determined. If the order establishing the wetland system is affirmed, appeals related to benefits and damages must then be tried.*

*Subd. 4. [PROCEDURE IF APPEAL ORDER ESTABLISHES WETLAND SYSTEM.] If an order refusing to establish a wetland system is appealed, and the court, by order, establishes the wetland system, the auditor shall give notice by publication of the filed order. The notice is sufficient if it refers to the wetland system by number or other descriptive designation, states the meaning of the order, and states the date the court order was filed. A person may appeal the establishment order to the district court as provided in this section.*

*Subd. 5. [APPEAL OF APPELLATE ORDER.] A party aggrieved by a final order or judgment rendered on appeal to the district court may appeal as in other civil cases. The appeal must be made and perfected within 30 days after the filing of the order or entry of judgment.*

**Sec. 17. [103F917] [WETLAND PROCEEDING AND CONSTRUCTION RECORDS.]**

*Subdivision 1. [DOCUMENTS ARE PUBLIC RECORDS.] All maps, plats, charts, drawings, plans, specifications, and other documents that have been filed, received in evidence, or used in connection with a proceeding or construction are subject to the provisions on public records in section 15.17.*

*Subd. 2. [RECORD REQUIREMENTS.] All maps, plats, profiles, plans, and specifications prepared and used in relation to a proceeding must:*

- (1) be uniform;*
- (2) have each sheet bound and marked to identify the proceeding by the wetland system number;*
- (3) show the name of the person preparing the sheet;*
- (4) show the date the sheet was prepared; and*
- (5) conform to rules and standards prescribed by the director of the division of waters.*

*Subd. 3. [INDEX OF PROCEEDINGS AND RECORDS.] The auditor shall keep all orders, exhibits, maps, charts, profiles, plats, plans, specifications, and records of the proceedings. These records may not be removed except when the wetland authority makes a written order to remove them. The auditor shall keep an accurate index of the proceedings and related documents in a bound book.*

*Subd. 4. [DOCUMENTS.] All original plats, profiles, records, and field books made by the engineer during the proceedings or the construction related to a wetland system are public records and the property of the wetland authority. These public records must be filed with the auditor under the direction of the wetland authority when construction is completed or when the engineer stops acting for the wetland system, whichever is earlier.*

*Subd. 5. [FILING AND STORAGE FACILITIES.] County boards shall provide the auditor with necessary filing and storage facilities to protect the files and records of all proceedings. The county boards may provide for the copying and filing of the documents and records of proceedings by photographic devices as provided for public records under section 15.17. In the event of loss of the originals, the photographic copies are originals after authentication by the auditor.*

*Subd. 6. [RECORDS ARE PRIMA FACIE EVIDENCE.] The record of proceedings under this chapter and of orders made by the wetland authority or the district court in the proceedings, or a certified copy of a record or order, is prima facie evidence of the facts stated in the record or order and of the regularity of all proceedings prior to the making of the order.*

## PROCEDURE TO ESTABLISH WETLAND SYSTEMS

### Sec. 18. [103F918] [NEW WETLAND SYSTEMS.]

*Subdivision 1. [PROCEDURE.] To establish a wetland system under sections 1 to 63, the petitioners and wetland authority must proceed according to this section and the provisions applicable to establishment of wetland systems.*

*Subd. 2. [FILING PETITION AND BOND.] A petition for a wetland system and a bond must be filed with the auditor. If a wetland system is within two or more counties, the petition must be filed with the auditor of the county with the greatest area of property to be established as a wetland*

system.

**Subd. 3. [SIGNATURES ON PETITION.]** *(a) The petition must be signed by the wetland authority or 100 owners of affected property within the watershed where the wetland system is to be located and within the jurisdiction of the wetland authority.*

*(b) Before signing a petition, the wetland authority shall first attempt to obtain voluntary establishment of the proposed wetland system under other available programs for establishing and restoring wetlands.*

**Subd. 4. [PETITION REQUIREMENTS.]** *The petition must:*

*(1) describe the property where the proposed wetland system is to be located;*

*(2) describe the general course of the watercourses or water basins affecting the proposed wetland system;*

*(3) state why the proposed wetland system is necessary;*

*(4) state that the proposed wetland system will benefit and be useful to the public and will promote public health;*

*(5) state how the proposed wetland system will be financed; and*

*(6) state that the petitioners will pay all costs of the proceedings, if the proceedings are dismissed or the wetland system is not established and acquired.*

**Subd. 5. [WITHDRAWAL OF A PETITIONER.]** *After a petition has been filed, a petitioner may not withdraw from the petition except with the written consent of all other petitioners on the filed petition.*

**Subd. 6. [NOTICE AND HEARING.]** *(a) When a petition is filed, the auditor shall promptly notify the wetland authority. The wetland authority shall hold a public hearing on the petition within 30 days after the petition is filed. At least ten days before the hearing, the wetland authority shall give notice of the petition and of the time and location of the hearing by:*

*(1) mailing the notice to the petitioners, owners of affected property, and political subdivisions likely to be affected by the proposed wetland system; and*

*(2) publishing the notice in an official newspaper of general circulation in the county.*

*(b) At the hearing, the wetland authority shall describe the petitions and hear comments of interested persons regarding it. Copies of the petition must be made available at the hearing.*

**Sec. 19. [103F:919] [PETITIONER'S BOND.]**

*One or more petitioners must file a bond with the petition for at least \$10,000 that is payable to the county where the petition is filed, or for a petition for a proposed joint county wetland system that is payable to all of the counties named in the petition. The bond must have adequate surety and be approved by the auditor. The bond must be conditioned to pay the costs incurred if the proceedings are dismissed or the wetland system proposed in the petition is not established and acquired.*

**Sec. 20. [103F:920] [EXPENSES NOT TO EXCEED BOND.]**

*The costs incurred before the proposed wetland system is established may*

*not exceed the amount of the petitioner's bond. A claim for expenses greater than the amount of the bond may not be paid unless an additional bond is filed. If the wetland authority determines that the cost of the proceeding will be greater than the petitioner's bond before the proposed wetland system is established, the wetland authority must require an additional bond to cover all costs to be filed within a prescribed time. The proceeding must be stopped until the additional bond prescribed by the wetland authority is filed. If the additional bond is not filed within the time prescribed, the proceeding may be dismissed.*

**Sec. 21. [103F.921] [DISMISSAL OF PROCEEDINGS BY PETITIONERS.]**

*A proceeding under this chapter may be dismissed by a majority of the petitioners. The proceeding may be dismissed at any time before the proposed wetland system is established after payment of the cost of the proceeding. The wetland authority shall determine the cost of the proceeding. After the proceeding is dismissed any other action on the proposed wetland system must begin with a new petition.*

**Sec. 22. [103F.922] [PRELIMINARY SURVEY AND REPORT.]**

*Subdivision 1. [ORDER FOR SURVEY.] Within 30 days after the petition to establish a wetland system is filed, the wetland authority shall, by order, direct the soil and water conservation engineer where the wetland system is located to conduct a preliminary survey of the property where the proposed wetland system is to be located.*

*Subd. 2. [SURVEY.] The engineer shall proceed promptly to:*

- (1) examine the petition and order;*
- (2) make a preliminary survey of the area likely to be affected by the proposed wetland system;*
- (3) determine how the wetland will be affected by the hydrology of the area;*
- (4) examine and gather information related to determining how the proposed wetland system affects private property owners; and*
- (5) if the proposed wetland system requires construction, examine the nature and capacity of the inflow, outlet, and any necessary extension.*

*Subd. 3. [LIMITATION OF SURVEY.] The engineer shall restrict the preliminary survey to the wetland area described in the petition, except that to secure an outlet the engineer may run levels necessary to determine the distance for the proper fall. The preliminary survey must consider the impact of the proposed wetland system on the environmental and land use criteria in section 4. The wetland authority may have other areas surveyed after:*

- (1) giving notice by mail of a hearing to survey additional areas, to be held at least ten days after the notice is mailed, to the petitioners and persons liable on the petitioner's bond;*
- (2) holding the hearing;*
- (3) obtaining consent of the persons liable on the petitioner's bond; and*
- (4) ordering the additional area surveyed by the engineer.*

*Subd. 4. [PRELIMINARY SURVEY REPORT.] The engineer shall report the proposed wetland system plan or recommend a different practical plan.*

*The report must give sufficient information, in detail, to inform the wetland authority on issues related to feasibility, and show changes necessary to make the proposed plan practicable and feasible. If the engineer finds the proposed wetland system in the petition is feasible and complies with the environmental and land use criteria in section 4, the engineer shall include in the preliminary survey report a preliminary plan of the proposed wetland system showing the proposed wetland area to be acquired, the watershed of the wetland system, and the property likely to be affected and its known owners. The plan must show:*

*(1) the controlling elevations of the property likely to be affected referenced to standard sea level datum, if practical;*

*(2) the probable size and character of the construction necessary to make the plan practicable and feasible;*

*(3) the probable cost of the improvements shown on the plan;*

*(4) all other information and data necessary to disclose the practicability, necessity, and feasibility of the proposed wetland system;*

*(5) consideration of the project under the environmental and land use criteria in section 4; and*

*(6) other information as ordered by the wetland authority.*

**Sec. 23. [103F:923] [WETLAND SYSTEM IN TWO OR MORE COUNTIES.]**

*Subdivision 1. [DESIGNATION.] A petition for a proposed wetland system in the jurisdiction of two or more wetland authorities must be designated as a joint wetland system with a number assigned by the auditor of the county with the largest area of property in the wetland system.*

*Subd. 2. [JOINT WETLAND AUTHORITY.] The wetland authority where a petition for a proposed joint wetland system is filed shall notify the wetland authority of each jurisdiction where property is affected by the wetland system and request the wetland authorities to meet jointly and consider the petition. The wetland authorities shall select five of their members at the meeting to be the joint wetland authority. At least one member must be from each county. The wetland authority shall be known as the joint wetland authority with a joint wetland system number. A vacancy in the membership of the joint wetland authority must be filled by joint action of the boards.*

**Sec. 24. [103F:924] [FILING PRELIMINARY SURVEY REPORT.]**

*The engineer shall file the completed preliminary survey report in duplicate with the auditor. The auditor shall send one copy of the report to the director of the division of waters and the director of the division of fish and wildlife. If the proposed wetland system involves a joint wetland system, a copy of the report must be filed with the auditor of each affected county.*

**Sec. 25. [103F:925] [COMMISSIONER'S PRELIMINARY ADVISORY REPORT.]**

*The commissioner shall make a preliminary advisory report to the wetland authority with an opinion about the adequacy of the preliminary survey report. The commissioner shall state any additional investigation and evaluation that should be done, the public value of the wetland system, and the environmental and land use criteria, and shall cite specific portions of the*

*preliminary survey report that are inadequate. The commissioner shall also indicate the potential benefits and damages to fish and wildlife by establishing the wetland system. The commissioner shall file an initial preliminary advisory report with the auditor before the date of the preliminary hearing. The commissioner may request additional time for review and evaluation of the preliminary survey report if additional time is necessary for proper evaluation. A request for additional time for filing the commissioner's preliminary advisory report may not be made more than five days after the date of the notice by the auditor that a date is to be set for the preliminary hearing. An extension of time may not exceed two weeks after the date of the request.*

Sec. 26. [103F:926] [PRELIMINARY HEARING.]

*Subdivision 1. [NOTICE.] When the preliminary survey report is filed, the auditor shall promptly notify the wetland authority. The wetland authority in consultation with the auditor shall set a time, by order, not more than 30 days after the date of the order, for a hearing on the preliminary survey report. At least ten days before the hearing, the wetland authority after consulting with the auditor shall give notice by mail of the time and location of the hearing to the petitioners, owners of property, and political subdivisions likely to be affected by the proposed wetland system in the preliminary survey report.*

*Subd. 2. [HEARING.] The engineer shall attend the preliminary hearing and provide necessary information. The petitioners and all other interested parties may appear and be heard. The commissioner's advisory report on the preliminary plan must be publicly read and included in the record of proceedings.*

*Subd. 3. [SUFFICIENCY OF PETITION.] (a) The wetland authority shall first examine the petition and determine if it meets the legal requirements.*

*(b) If the petition does not meet the legal requirements of this chapter, the hearing shall be adjourned and the petition referred back to the petitioners. The petitioners, by unanimous action, may amend the petition. The petitioners may obtain signatures.*

*(c) If at the adjourned hearing the petition does not meet the legal requirements, the proceedings must be dismissed.*

*Subd. 4. [DISMISSAL.] (a) The wetland authority shall dismiss the proceedings if it determines that:*

*(1) the proposed wetland system is not feasible;*

*(2) the adverse environmental impact is greater than the public benefit and utility after considering the environmental and land use criteria and the engineer has not reported a plan to make the proposed wetland system feasible and acceptable; or*

*(3) the proposed wetland system is not of public benefit or utility.*

*(b) If the proceedings are dismissed, any other action on the proposed wetland system must begin with a new petition.*

*Subd. 5. [FINDINGS AND ORDER.] (a) The wetland authority shall state, by order, its findings, a proposed financing plan, and any changes that must be made in the proposed wetland system from those outlined in the petition, including changes necessary to minimize or mitigate adverse*

*impact on the environment, if it determines that:*

*(1) the proposed wetland system outlined in the petition, or modified and recommended by the engineer, is feasible;*

*(2) there is necessity for the proposed wetland system; and*

*(3) the proposed wetland system will be of public benefit and promote the public health, after considering the environmental and land use criteria.*

*(b) Changes may be stated by describing them in general terms or filing a map that outlines the changes in the proposed wetland system with the order. The order and accompanying documents must be filed with the auditor.*

*Subd. 6. [EFFECT OF FINDINGS.] (a) For all further proceedings, the order modifies the petition and the order must be considered with the petition.*

*(b) The findings and order of the wetland authority at the preliminary hearing are conclusive only for the signatures and legal requirements of the petition, the nature and extent of the proposed plan, and the need for a detailed survey, and only for the persons or parties shown by the preliminary survey report as likely to be affected by the proposed wetland system. All questions related to the practicability and necessity of the proposed wetland system are subject to additional investigation and consideration at the final hearing.*

**Sec. 27. [103F927] [ORDER FOR DETAILED SURVEY AND DETAILED SURVEY REPORT.]**

*When the preliminary hearing order is filed with the auditor, the wetland authority shall order the engineer to make a detailed survey with plans and specifications for the proposed wetland system and submit a detailed survey report to the wetland authority as soon as possible.*

**Sec. 28. [103F928] [DETAILED SURVEY.]**

*Subdivision 1. [SURVEY AND EXAMINATION.] When an order for a detailed survey is filed, the engineer shall proceed to survey the lines of the proposed wetland system in the preliminary hearing order, and survey and examine affected property.*

*Subd. 2. [SURVEY REQUIREMENTS.] All boundary lines must be surveyed in 100-foot stations and elevations must be based on standard sea level datum, if practical. Bench marks must be established on permanent objects along the boundary line, not more than one mile apart. Field notes made by the engineer must be entered in bound field books and preserved by the engineer until they are filed with the auditor.*

**Sec. 29. [103F929] [VARIANCE FROM WETLAND AUTHORITY ORDER.]**

*In planning a proposed wetland system, the engineer may vary from the plan described by the preliminary hearing order if the property likely to be assessed in the proposed wetland system has not been included.*

**Sec. 30. [103F930] [SOIL SURVEY.]**

*The engineer shall make a soil survey if: (1) the wetland authority orders a soil survey; (2) the commissioner requests a soil survey; or (3) the engineer determines a soil survey is necessary. The soil survey must show the nature and character of the soil in the proposed wetland area and include the district board's findings from the soil survey. The report on the soil survey*

*must be included in the detailed survey report or reported and filed separately before the final hearing.*

Sec. 31. [103F931] [DETAILED SURVEY REPORT.]

*Subdivision 1. [REPORT AND INFORMATION REQUIRED.] The engineer shall prepare a detailed survey report that includes the data and information in this section.*

*Subd. 2. [MAP.] A complete map of the proposed wetland system must be drawn to scale, showing:*

- (1) the area to be included in the wetland system;*
- (2) the location and situation of the outlet;*
- (3) the watershed of the proposed wetland system and the subwatershed of wetlands, if any, with the location of existing highway bridges and culverts;*
- (4) all property affected, with the names of the known owners;*
- (5) public roads and railways affected;*
- (6) the outline of any lake basin, wetland, or public water body affected;*
- (7) areas of groundwater recharge affected by the proposed wetland system;*
- (8) areas where flooding will be reduced due to surface water retention by the wetland;*
- (9) areas where fish and wildlife habitat will be improved;*
- (10) areas where water quality will be improved due to the existence of the wetland;*
- (11) areas that use water flowing through the wetland as a potable water supply; and*
- (12) other physical characteristics of the watershed necessary to understand the proposed wetland system.*

Sec. 32. [103F932] [FILING DETAILED SURVEY REPORT.]

*The engineer must file the detailed survey report with the auditor where the proceedings are pending and the auditor must deliver a copy of the detailed survey report to the commissioner. The engineer must also file copies of the detailed survey report with the auditors of any affected counties.*

Sec. 33. [103F933] [REVISION OF DETAILED SURVEY REPORT AFTER ACCEPTANCE.]

*After the final acceptance of the proposed wetland system, the engineer shall revise the plan, profiles, and designs of structures to show the project as actually constructed on the original tracings. The engineer shall file the revised detailed survey report with the auditor. The auditor shall forward the original or a copy to the director as a permanent record.*

Sec. 34. [103F934] [COMMISSIONER'S FINAL ADVISORY REPORT.]

*(a) The commissioner shall examine the detailed survey report and within 30 days of receipt make a final advisory report to the wetland authority. The final advisory report must state whether the commissioner:*

(1) finds the detailed survey report is incomplete and not in accordance with the provisions of this chapter, specifying the incomplete or nonconforming provisions;

(2) approves the detailed survey report as an acceptable plan to establish a wetland system;

(3) does not approve the plan and recommendations for changes;

(4) finds the proposed wetland system is not of public benefit or utility under the environmental and land use criteria, specifying the facts and evidence supporting the findings; or

(5) finds a soil survey is needed, and, if needed, makes a request to the engineer to make a soil survey.

(b) The commissioner shall direct the final advisory report to the wetland authority and file it with the auditor.

### Sec. 35. [103F.935] [ APPRAISERS' APPOINTMENT AND QUALIFICATION.]

*Subdivision 1. [APPOINTMENT.] When the order for a detailed survey is made, the wetland authority shall, by order, appoint appraisers consisting of three disinterested persons knowledgeable in wetland values and benefits, hydrology, floodland protection, water use values, and property values. One of the appraisers must be a member of the soil and water conservation district board.*

*Subd. 2. [AUDITOR'S ORDER FOR FIRST MEETING.] Within five days after the detailed survey report is filed, the auditor shall, by order, designate the time and location for the first meeting of the appraisers, and issue a copy to the appraisers of the auditor's order and a certified copy of the order appointing the appraisers.*

*Subd. 3. [FIRST MEETING.] At the first meeting and before beginning their duties, the appraisers shall subscribe to an oath to faithfully perform their duties. If an appointed appraiser does not qualify for any reason, the auditor shall designate another qualified person to take the disqualified appraiser's place.*

### Sec. 36. [103F.936] [APPRAISERS' DUTIES.]

*The appraisers, with or without the engineer, shall determine the damages and direct benefits to all property and watercourses affected by the proposed wetland system and make an appraisers' report.*

### Sec. 37. [103F.937] [ASSESSMENT OF BENEFITS AND DAMAGES.]

*Subdivision 1. [PRIVATE PROPERTY.] (a) The wetland authority must assess damages and direct benefits to private property in the wetland system. If establishment of the wetland would convert the property to an entirely different use and restrict the owner's use, the damages must be equal to the current market value of the property or the owner may enter into an agreement with the wetland authority to accept replacement land under paragraph (b).*

*(b) If the private property owner enters into an agreement with the wetland authority to accept replacement land, the replacement land must be a functional replacement consisting of land substantially equal in acreage, use, interest, or estate to the private property damaged. If the parties are unable to agree on the designation of the replacement land, the parties may agree*

*to submit to an arbiter or the district court the issue of which replacement land proposed by the parties is a functional replacement for the property damaged.*

*Subd. 2. [FLOODWATER RETENTION.] If the wetland system is designed to retain floodwaters, benefits must be assessed against property protected from flooding.*

*Subd. 3. [PUBLIC VALUE BENEFITS.] The public value benefits of the wetland system must be assessed against the state.*

*Subd. 4. [STATE LAND.] Property owned by the state must have benefits and damages reported in the same manner as other property.*

*Subd. 5. [GOVERNMENT PROPERTY.] The appraisers shall report the benefits and damages to the state, counties, and municipalities from the proposed wetland system.*

*Subd. 6. [PUBLIC ROADS.] If a public road or street is benefited or damaged, the state, county, or political subdivision that is the governmental unit with the legal duty of maintaining the road or street, must be assessed benefits or damages to the road or street, except that benefits and damages for bridges and culverts must be assessed to the governmental unit that has the legal duty to construct and maintain the bridge or culvert.*

*Subd. 7. [RAILWAY AND OTHER UTILITIES.] The appraisers shall report the benefits and damages to railways and other utilities, including benefits and damages to property used for railway or other utility purposes.*

*Subd. 8. [EXTENT OF BENEFITS.] The appraisers shall determine the amount of direct benefits to all property as provided in this section.*

**Sec. 38. [103F938] [APPRAISERS' REPORT.]**

*Subdivision 1. [REQUIREMENTS.] The appraisers' report must show, in tabular form, for each lot, 40-acre tract, and fraction of a lot or tract under separate ownership that is benefited or damaged:*

*(1) a description of the lot or tract, under separate ownership, that is benefited or damaged;*

*(2) the names of the owners as they appear on the current tax records of the county;*

*(3) the number of acres in each tract or lot;*

*(4) the number and value of acres of a tract or lot added by the proposed wetland system;*

*(5) the damage, if any, to riparian rights;*

*(6) the amount that each tract or lot will be benefited or damaged; and*

*(7) the public value benefits based on criteria adopted under article 2, section 4, subdivision 4.*

*Subd. 2. [DISAGREEMENT OF APPRAISERS.] If the appraisers are unable to agree, each appraiser shall separately state findings on the disagreed issue. A majority of the appraisers may perform the required duties under this chapter.*

*Subd. 3. [FILING.] When the appraisers complete their duties, they shall file the appraisers' report with the auditor of each affected county. A detailed statement must be filed with the appraisers' report showing the actual time*

*the appraisers were engaged and the costs incurred. The appraisers shall perform their duties and complete the appraisers' report as soon as possible after their first meeting.*

**Sec. 39. [103F.939] [FINAL HEARING.]**

*Subdivision 1. [TIME.] Promptly after the filing of the appraisers' report and the commissioner's final advisory report, the wetland authority after consulting with the auditor shall set a time and location for the final hearing on the petition, the detailed survey report, and the appraisers' report. The hearing must be set 25 to 50 days after the date of the final hearing notice.*

*Subd. 2. [NOTICE.] (a) The final hearing notice must state:*

*(1) that the petition is pending;*

*(2) that the detailed survey report is filed;*

*(3) that the appraisers' report is filed;*

*(4) the time and place set for the final hearing;*

*(5) a brief description of the proposed wetland system, giving in general terms the location of the wetland system;*

*(6) a description of property benefited and damaged, and the names of the owners of the property; and*

*(7) the municipal and other corporations affected by the proposed wetland system as shown by the detailed survey report and appraisers' report.*

*(b) Names may be listed in a narrative form and property affected may be separately listed in narrative form by governmental sections or otherwise.*

*(c) For a joint county proceeding, separate notice may be prepared for each county affected, showing the portion of the proposed wetland system and the names and descriptions of affected property in the county.*

*Subd. 3. [METHOD OF NOTICE.] The auditor shall notify the wetland authority, auditors of affected counties, and all interested persons of the time and location of the final hearing by publication, posting, and mail. A printed copy of the final hearing notice for each affected county must be posted at least three weeks before the date of the final hearing at the front door of the courthouse in each county. Within one week after the first publication of the notice, the auditor shall give notice by mail of the time and location of the final hearing to the commissioner, all property owners, and others affected by the proposed wetland system and listed in the detailed survey report and the appraisers' report.*

*Subd. 4. [DEFECTIVE NOTICE.] If the final hearing notice is not given or is not legally given, the auditor shall properly publish, post, and mail the notice or provide the notice under the provisions to cure defective notice in section 6.*

**Sec. 40. [103F.940] [PROCEEDINGS AT THE FINAL HEARING.]**

*Subdivision 1. [CONSIDERATION OF PETITION AND REPORTS.] At the time and location for the final hearing specified in the notice, or after the hearing adjourns, the wetland authority shall consider the petition for the wetland system, with all matters pertaining to the detailed survey report, the appraisers' report, and the commissioner's final advisory report. The wetland authority shall hear and consider the testimony presented by all interested parties. The engineer or the engineer's assistant and at least one*

*appraiser shall be present. The commissioner may appear and be heard. If the commissioner does not appear personally, the final advisory report shall be read during the hearing. The final hearing may be adjourned and reconvened as is necessary.*

*Subd. 2. [CHANGES IN WETLAND PLAN.] If the wetland authority determines that the general plan reported by the engineer may be improved by changes, or that the appraisers have made an inequitable assessment of benefits or damages to any property, the wetland authority may amend the detailed survey report or the appraisers' report, and make necessary and proper findings in relation to the reports. The wetland authority may resubmit matters to the engineer or to the appraisers for immediate consideration. The engineer or appraisers shall proceed promptly to reconsider the resubmitted matters and shall make and file the amended findings and reports. The amended reports are a part of the original reports.*

*Subd. 3. [REEXAMINATION.] If the wetland authority determines that property not included in the notice should be included and assessed or that the engineer or appraisers, or both, should reexamine the proposed wetland system or the property benefited or damaged by the system, the wetland authority may resubmit the reports to the engineer and appraisers. If a report is resubmitted, the final hearing may be continued as is necessary to make the reexamination and reexamination report. If the reexamination report includes property not included in the original report, the wetland authority may, by order, adjourn the hearing and direct the auditor to serve or publish, post, and mail a final hearing notice with reference to all property not included in the previous notice. The jurisdiction of the wetland authority continues in the property given proper notice, and new or additional notice is not required for that property.*

**Sec. 41. [103F.941] [WETLAND AUTHORITY FINAL ORDER.]**

*Subdivision 1. [DISMISSAL OF PROCEEDINGS.] The wetland authority must dismiss the proceedings and petition, by order, if it determines that:*

- (1) the benefits of the proposed wetland system including the public value benefits are less than the total cost, including damages awarded;*
  - (2) the proposed wetland system will not be of public benefit and utility;*
  - (3) the proposed wetland system is not practicable after considering the environmental and land use criteria;*
  - (4) the state will pay more than 50 percent of the benefits and the commissioner has recommended against establishment of the wetland system;*
- or*

*(5) written approval for financing the wetland system has not been obtained from counties if bonds are required or from the board of water and soil resources for public value benefits.*

*Subd. 2. [ESTABLISHMENT OF PROPOSED WETLAND SYSTEM.] (a) The wetland authority shall establish, by order, a proposed wetland system if it determines that:*

- (1) the detailed survey report and appraisers' report have been made and other proceedings have been completed under this chapter;*
- (2) the reports made or amended are complete and correct;*
- (3) the damages and benefits have been properly determined;*

(4) the estimated benefits including the public value of the wetland are greater than the total estimated cost, including damages;

(5) the proposed wetland system will be of public utility and benefit, and will promote the public health;

(6) the assessment against the state has been presented to the board of water and soil resources and the board has agreed to pay the assessment;

(7) the proposed wetland system is practicable; and

(8) written approval of counties for issuing bonds or the board of water and soil resources for paying public value benefits has been obtained.

(b) The order must contain the wetland authority's findings, adopt and confirm the appraisers' report as made or amended, and establish the proposed wetland system as reported and amended.

(c) A wetland system established under this section must be included in the wetland inventory established under article 2, section 4, subdivision 1. Establishing a wetland system does not give the public any greater right of access to the wetland system than is provided in section 103G.205.

*Subd. 3. [CONSERVATION EASEMENT.] The owner of land on which a wetland system is established under this section shall convey to the board of water and soil resources a permanent conservation easement, as defined in section 84C.01, paragraph (1). In the easement agreement between the landowner and the board, the landowner shall agree:*

(1) not to drain, burn, fill, or otherwise destroy the wetland character of the wetland system, or to use the wetlands for agricultural purposes, as determined by the board;

(2) not to adopt a practice specified by the board in the easement agreement as a practice that would tend to defeat the purposes of the wetland system and the easement; and

(3) to additional provisions that the commissioner determines are desirable.

#### Sec. 42. [103F.942] [APPORTIONMENT OF COST FOR JOINT WETLAND SYSTEMS.]

*For joint proceedings, the auditor where the petition is filed shall file a certified copy of the appraisers' report with the auditor of each affected county within 20 days after the date of the final order establishing the system. When the final order to establish the wetland system is made, the wetland authority shall determine and order the percentage of the cost of the wetland system to be paid by each affected county. The cost shall be in proportion to the benefits received, unless there is a contrary reason. An auditor of an affected county may petition the wetland authority after the final order is made to determine and order the percentage of costs to be paid by the affected counties. The wetland authority shall hold a hearing five days after giving written notice to the auditor of each affected county. After giving the notice to the auditors of the affected counties, the wetland authority may, at any time that it is necessary, modify an order or make an additional order to allocate the cost among the affected counties.*

#### Sec. 43. [103F.943] [USE OF WETLAND SYSTEM AS AN OUTLET.]

*Subdivision 1. [EXPRESS AUTHORITY NECESSARY.] After the establishment of a wetland system, the property not assessed benefits may not*

*discharge additional flow of water to the wetland system as an outlet without obtaining express authority from the wetland authority of the wetland system proposed to be used as the outlet. This section is applicable to the construction of a public or private drainage system that outlets water into an established wetland system regardless of the actual physical connection.*

*Subd. 2. [PETITION.] A person seeking authority to use an established wetland system as an outlet must petition the wetland authority. When the petition is filed, the wetland authority in consultation with the auditor shall set a time and location for a hearing on the petition and shall give notice by mail and notice by publication of the hearing. The auditor must be paid a fee of \$25 plus 30 cents for each notice mailed in excess of ten.*

*Subd. 3. [HEARING.] At the hearing the wetland authority shall consider the capacity of the wetland system as an outlet. If express authority is given to use the wetland system as an outlet, the wetland authority shall state, by order, the terms and conditions for use of the established wetland system as an outlet and shall set the amount to be paid as an outlet fee. The order must describe the property to be benefited by the wetland system and must state the amount of benefits to the property for the outlet. The property benefited is liable for assessments levied after that time in the wetland system, on the basis of the benefits as if the benefits had been determined in the order establishing the wetland system.*

*Subd. 4. [PAYMENT OF OUTLET FEE.] The outlet fee for a proposed wetland system is a part of the cost of the proposed wetland system and is to be paid by assessment against the property benefited by the proposed wetland system and credited to the account to establish the wetland system.*

**Sec. 44. [103F.944] [WETLAND SYSTEM AS OUTLET FOR MUNICIPALITY.]**

*Subdivision 1. [PETITION.] After a wetland system has been established, a municipality may discharge additional flow of water to a wetland system as an outlet for its municipal drainage system or the overflow from the system under the provisions of this section. The municipality must petition to the wetland authority to use the wetland system. The petition must:*

- (1) show the necessity for the use of the wetland system as an outlet;*
- (2) show that the use of the wetland system will be of public benefit and utility and promote the public health;*
- (3) be accompanied by a plat showing the location of the wetland system and the location of the municipal drainage system; and*
- (4) be accompanied by specifications showing the plan of connection from the municipal drainage system to the wetland system.*

*Subd. 2. [APPROVAL BY POLLUTION CONTROL AGENCY.] The plan for connecting the municipal drainage system to the wetland system must be approved by the pollution control agency.*

*Subd. 3. [FILING; NOTICE.] (a) If proceedings to establish the wetland system to be used as an outlet are pending, the petition must be filed with the auditor. The municipal drainage system petition must be presented to the wetland authority at the final hearing to consider the detailed survey report and appraisers' report. Notice of the municipal drainage system petition must be included in the final hearing notice.*

- (b) If the wetland system to be used as an outlet is established, the*

*municipal drainage system petition must be filed with the auditor. When the petition is filed, the wetland authority in consultation with the auditor shall, by order, set a time and place for hearing on the petition. Notice of the hearing must be given by publication and by mailed notice to the auditor of each affected county.*

*Subd. 4. [HEARING AND ORDER.] (a) At the hearing the wetland authority may receive all evidence of interested parties for or against the granting of the petition. The wetland authority, by order, may authorize the municipality to use the wetland system as an outlet, subject to the conditions that are necessary and proper to protect the rights of the parties and safeguard the interests of the general public, if the wetland authority determines:*

*(1) that a necessity exists for the use of the wetland system as an outlet for the municipal drainage system or the overflow from the system;*

*(2) that use of the wetland system will be of public utility and promote the public health; and*

*(3) that the proposed connection conforms to the requirements of the pollution control agency and provides for the construction and use of proper disposal works.*

*(b) The wetland authority must, by order, make the municipality a party to the proceedings and determine the benefits from using the wetland system as an outlet.*

*Subd. 5. [BENEFITS AND ASSESSMENTS IF WETLAND SYSTEM IS ESTABLISHED.] If the wetland system is established, the wetland authority must determine the amount the municipality must pay for the privilege of using the wetland system as an outlet for additional flow. The amount must be paid to the affected counties and credited to the account of the wetland system used as an outlet. The municipality is liable for all subsequent liens and assessments for the repair and maintenance of the wetland system in proportion to the benefits, as though the benefits were determined in the order establishing the wetland system.*

## CONSTRUCTION OF WETLAND SYSTEM

### Sec. 45. [103F.945] [CONTRACT AND BOND.]

*Subdivision 1. [PREPARATION.] The engineer and the wetland authority attorney shall prepare the contract and bond. The contract and bond must include the provisions required by this chapter and section 574.26 for bonds given by contractors for public works and must be conditioned as provided by section 574.26 for the better security of the contracting counties and parties performing labor and furnishing material in performance of the contract. The prepared contract and bond must be attached and provided to the contractor for execution.*

*Subd. 2. [CONTRACTOR'S BOND.] The contractor shall file a bond with the auditor for an amount not less than 75 percent of the contract price of the work. The bond must have adequate surety and be approved by the auditor. The bond must provide that the surety for the bond is liable for all damages resulting from a failure to perform work under the contract, whether the work is resold or not, and that a person or political subdivision showing damages from the failure to perform work under the contract may maintain an action against the bond in their own names. Actions may be successive in favor of all persons injured, but the aggregate liability of the surety for*

*all the damages may not exceed the amount of the bond. The surety is liable for the tile work guaranteed by the contractor. The contractor is considered a public officer and the bond an official bond within the meaning of section 574.24 construing the official bonds of public officers as security to all persons and providing for actions on the bonds by a party that is damaged.*

*Subd. 3. [CONTRACT.] The contract must contain a specific description of the work to be done, either expressly or by reference to the plans and specifications, and must provide that the work must be done and completed as provided in the plans and specifications and subject to the inspection and approval of the engineer. The contract must provide that time is of the essence of the contract, and that if there is a failure to perform the work according to the terms of the contract within the time given in the original contract or as extended, the contractors shall forfeit and pay counties an amount stated in the contract as liquidated damages. The amount must be fixed by the auditor for each day that the failure of performance continues.*

*Subd. 4. [CONTRACT PROVISIONS FOR CHANGES DURING CONSTRUCTION.] The contract must give the engineer the right, with the consent of the wetland authority, to modify the detailed survey report, plans, and specifications as the work proceeds and as circumstances require. The contract must provide that the increased cost resulting from the changes will be paid by the wetland authority to the contractor at a rate not greater than the amount for similar work in the contract. A change may not be made that will substantially impair the usefulness of any part of the wetland system, substantially alter its original character, or increase its total cost by more than ten percent of the total original contract price. A change may not be made that will cause the cost to exceed the total estimated benefits found by the wetland authority, or that will cause any detrimental effects to the public interest under section 1.*

*Subd. 5. [CONTRACT WITH FEDERAL UNIT.] If any portion of the work is to be done by the United States or an agency of the United States, a bond or contract is not necessary for that portion of the work, except that a contract must be made if the United States or its agencies require a contract with the local governmental units. The contract must contain the terms, conditions, provisions, and guaranties required by the United States or its agencies to proceed with the work.*

*Subd. 6. [MODIFICATION OF CONTRACT BY AGREEMENT.] This chapter does not prevent the persons with property affected by the construction of a wetland system from uniting in a written agreement with the contractor and the surety of the contractor's bond to modify the contract as to the manner or time when any portion of the wetland system is constructed, if the modification is recommended, in writing, by the engineer and approved by the wetland authority.*

**Sec. 46. [103F.946] [AWARDING THE CONSTRUCTION CONTRACT.]**

*Subdivision 1. [AUDITORS AND WETLAND AUTHORITY TO PROCEED.] Thirty days after the order establishing a wetland system is filed, the auditor and the wetland authority or, for a joint wetland system, a majority of the auditors of the affected counties shall proceed to award the contract to construct the wetland system.*

*Subd. 2. [PENDING APPEAL OF BENEFITS AND DAMAGES.] If an appeal regarding the determination of benefits and damages is made within*

30 days after the order establishing the wetland system has been filed, a contract may not be awarded until the appeal has been determined, unless the wetland authority orders the contract awarded. The auditor of an affected county or an interested person may request the wetland authority to make the order. If the request is not made by an affected auditor, the auditors of affected counties must be given notice five days before the hearing on the request.

*Subd. 3. [NOTICE OF CONTRACT AWARDING.]* The auditor of an affected county shall give notice of the awarding of the contract by publication in a newspaper in the county. The notice must state the time and location for awarding the contract. For a joint wetland system the auditors shall award the contract at the office of the auditor where the proceedings are pending. If the estimated cost of construction is more than \$3,000, the auditor shall also place a notice in a construction trade paper. The trade paper notice must state:

- (1) the time and location for awarding the contract;
- (2) the approximate amount of work and its estimated cost;
- (3) that bids may be for the work as one job, or in sections, or separately, for bridges, ditches and open work, tile, or tile construction work, if required or advisable;
- (4) that each bid must be accompanied by a certified check or a bond furnished by an approved surety corporation payable to the auditors of affected counties for ten percent of the bid, as security that the bidder will enter into a contract and give a bond as required by section 45; and
- (5) that the wetland authority reserves the right to reject any and all bids.

*Subd. 4. [ENGINEER SHALL ATTEND AWARDING OF CONTRACT.]* The engineer shall attend the meeting to award the contract. A bid may not be accepted without the engineer's approval of compliance with plans and specifications.

*Subd. 5. [HOW CONTRACT MAY BE AWARDED.]* The contract may be awarded in one job, in sections, or separately for labor and material and must be let to the lowest responsible bidder.

*Subd. 6. [BIDS EXCEEDING 130 PERCENT OF ESTIMATED COST NOT ACCEPTED.]* Bids that in the aggregate exceed the total estimated cost of construction by more than 130 percent may not be accepted.

*Subd. 7. [AFFECTED COUNTIES CONTRACT THROUGH AUDITOR.]* The wetland authority and the auditor of each affected county shall contract, in the names of their respective counties, to construct the wetland system in the time and manner and according to the plans and specifications and the contract provisions in this chapter.

*Subd. 8. [WORK DONE BY FEDERAL GOVERNMENT.]* If any of the wetland work is to be done by the United States or its agencies, a notice of awarding that contract does not need to be published and a contract for that construction is not necessary. Affected municipalities may contract or arrange with the United States or its agencies for cooperation or assistance in constructing, maintaining, and operating the wetland system, for control of waters in the district, or for making a survey and investigation or reports on the wetland system. The municipalities may provide required guaranty and protection to the United States or its agencies.

**Sec. 47. [103F947] [PROCEDURE IF CONTRACT IS NOT AWARDED DUE TO BIDS OR COSTS.]**

*Subdivision 1. [CONDITIONS TO USE PROCEDURE IN THIS SECTION.] The procedure in this section may be used if after a wetland system is established:*

*(1) the only bids received are for more than 30 percent in excess of the engineer's estimated cost, or in excess of the benefits, less damages and other costs; or*

*(2) a contract is awarded, but due to unavoidable delays not caused by the contractor, the contract cannot be completed for an amount equal to or less than the benefits, less damages and other costs.*

*Subd. 2. [PETITION AFTER COST ESTIMATE ERROR OR CHANGE TO LOWER COST.] A person interested in the wetland system may petition the wetland authority if the person determines that the engineer made an error in the estimate of the wetland system cost or that the plans and specifications could be changed in a manner materially affecting the cost of the wetland system without interfering with the efficiency. The petition must state the person's determinations and request that the detailed survey report and appraisers' report be referred back to the engineer and to the appraisers for additional consideration.*

*Subd. 3. [PETITION AFTER EXCESSIVE COST DUE TO INFLATION.] (a) A person interested in the wetland system may petition the wetland authority for an order to reconsider the detailed survey report and appraisers' report if the person determines:*

*(1) that bids were received only for a price more than 30 percent in excess of the detailed survey report estimate because inflation increased the construction cost between the time of the detailed survey cost estimate and the time of awarding the contract; or*

*(2) that after the contract was awarded there was unavoidable delay not caused by the contractor, and between the time of awarding the contract and completion of construction inflation increased construction costs resulting in the contract not being completed for an amount equal to or less than the assessed benefits.*

*(b) The person may request in the petition that the wetland authority reconsider the original cost estimate in the detailed survey report and appraisers' report and adjust the cost estimate consistent with the increased construction cost.*

*Subd. 4. [HEARING ORDERED AFTER RECEIPT OF PETITION.] After receiving a petition, the wetland authority shall order a hearing. The order must designate the time and place of the hearing and direct the auditor to give notice by publication.*

*Subd. 5. [HEARING ON COST PETITION.] (a) At the hearing the wetland authority shall consider the petition and hear all interested parties.*

*(b) The wetland authority may, by order, authorize the engineer to amend the detailed survey report, if the wetland authority determines that:*

*(1) the detailed survey report cost estimate was erroneous and should be corrected;*

*(2) the plans and specifications could be changed in a manner materially*

*affecting the cost of the wetland system without interfering with the efficiency; and*

*(3) with the correction or modification a contract could be awarded within the 30 percent limitation and equal to or less than benefits.*

*(c) If the wetland authority determines that the amended changes affect the amount of benefits or damages to any property or that the benefits should be reexamined because of inflated land values or inflated construction costs, it shall refer the appraisers' report to the appraisers to reexamine the benefits and damages.*

*(d) The wetland authority may, by order, direct the engineer and appraisers to amend their detailed survey report and appraisers' report to consider the inflationary cost increases if the wetland authority determines that:*

*(1) bids were not received; or*

*(2) because of inflationary construction cost increases, construction under the awarded contract cannot be completed for 30 percent or less over the detailed survey cost estimate or in excess of the benefits, less damages and other costs.*

*(e) The wetland authority may continue the hearing to give the engineer or appraisers additional time to amend the reports. The jurisdiction of the wetland authority continues at the adjourned hearing.*

*(f) The wetland authority has full authority to consider the amended reports and make findings and orders. A party may appeal to the district court.*

**Sec. 48. [103F:948] [DAMAGES; PAYMENT.]**

*The wetland authority where the damaged property is located must order the awarded damages to be paid, less any assessment against the property, before the property is entered for construction of the wetland system. If a county or a municipality that is awarded damages requests it, the assessment may not be deducted. If there is an appeal, the damages may not be paid until the final determination. If it is not clear who is entitled to the damages, the wetland authority may pay the damages to the court administrator of the district court of the county. The court shall direct the court administrator, by order, to pay the parties entitled to the damages.*

**Sec. 49. [103F:949] [SUPERVISION OF CONSTRUCTION.]**

*The wetland authority shall require the engineer to supervise and inspect the construction under contract. The wetland authority shall cause the contracts under this chapter to be performed properly.*

**Sec. 50. [103F:950] [EXTENSION OF TIME ON CONTRACTS.]**

*The auditors of affected counties may extend the time for the performance of a contract as provided in this section. The contractor may apply, in writing, for an extension of the contract. Notice of the application must be given to:*

*(1) the engineer and the attorney for the petitioners; and*

*(2) for a joint wetland system, to the auditors of the affected counties. The auditors may grant an extension if sufficient reasons are shown. The extension does not affect a claim for liquidated damages that may arise after the original time expires and before an extension or a claim that may*

arise after the time for the extension expires.

Sec. 51. [103F.951] [REDUCTION OF CONTRACTOR'S BOND.]

*Subdivision 1. [APPLICATION TO WETLAND AUTHORITY.] The contractor, at the end of each season's work and before the contract is completed, may make a verified application to the wetland authority to reduce the contractor's bond and file the application with the auditor. The application must state:*

- (1) the work certified as completed by the engineer;*
- (2) the certified work's value;*
- (3) the amount of money received by the contractor and the amount retained;*
- (4) the amount unpaid by the contractor for labor or material furnished on the contract; and*

*(5) a request for an order to reduce the amount of the contractor's bond.*

*The application must be filed with the auditor.*

*Subd. 2. [NOTICE OF HEARING.] When an application is filed, the auditor, by order, shall set the time and location for a hearing on the application. Ten days before the hearing, notice of the hearing must be published in each affected county and notice by mail given to the engineer, the attorney for the petitioners, and the auditor of each affected county. The contractor must pay the cost of the hearing notice by publication.*

*Subd. 3. [HEARING; REDUCTION OF BOND.] The wetland authority may, by order, reduce the contractor's bond if it determines that the contractor is not in default and that a loss will not result from reducing the bond. The bond may be reduced to an amount sufficient to protect the affected counties from loss and damage, but the reduction:*

- (1) may not be more than 35 percent of the amount already paid to the contractor;*
- (2) may not affect the remaining amount of the bond; and*
- (3) does not affect liability incurred on the bond before the reduction.*

Sec. 52. [103F.952] [CONTRACTOR'S DEFAULT.]

*Subdivision 1. [NOTICE.] If a contractor defaults in the performance of the contract, the auditor shall mail a notice of the default to the contractor, the surety of the contractor's bond, the engineer, and the auditors of the affected counties. The notice must specify the default and state that if the default is not promptly removed and the contract completed, the unfinished portion of the contract will be awarded to another contractor.*

*Subd. 2. [COMPLETION OF CONTRACT BY SURETY.] If the surety of the contractor's bond promptly proceeds with the completion of the contract, the affected auditors may grant an extension of time. If the contract is completed by the surety, the balance due on the contract must be paid to the surety, less damages incurred by the affected counties from the default.*

*Subd. 3. [AWARDING OF CONTRACT; RECOVERY ON BOND.] If the surety of the contractor's bond does not undertake the completion of the contract or does not complete the contract within the time specified or extended, auditors of the affected counties shall advertise for bids to complete*

*the contract in the manner provided in the original awarding of contracts. The wetland authority may recover the increased amounts paid to a subsequent contractor after reselling the work, and damages incurred by affected counties, from the first contractor's bond.*

**Sec. 53. [103F.953] [ACCEPTANCE OF CONTRACT.]**

*Subdivision 1. [ENGINEER'S REPORT AND NOTICE.] When a contract is completed, the engineer shall make a report to the wetland authority showing the contract price, the amount paid on certificates, the unpaid balance, and the work that is completed under the contract. When the report is filed, the auditor shall set a time and location for a hearing on the report. The auditor shall give notice of the hearing by publication or notice by mail at least ten days before the hearing to the owners of affected property. The notice must state that the report is filed, the time and location for the hearing, and that a party objecting to the acceptance of the contract may appear and be heard.*

*Subd. 2. [HEARING.] At the hearing the wetland authority may, by order, direct payment of the balance due if it determines that the contract has been completed in accordance with the plans and specifications. If good cause is shown, the wetland authority may waive any part of the liquidated damages accruing under the contract. When the order is filed, the wetland authority shall pay for the balance due on the contract. For a joint wetland system the auditor shall make an order to the wetland authorities to pay for their proportionate shares of the balance due on the contract. After receiving the order, the wetland authorities shall pay the amount specified in the order.*

**Sec. 54. [103F.954] [WETLAND LIEN STATEMENT.]**

*Subdivision 1. [DETERMINATION OF PROPERTY LIABILITY.] When the contract for the construction of a wetland system is awarded, the auditor of an affected county shall make a statement showing the total cost of the wetland system with the estimated cost of all items required to complete the work. The cost must be prorated to each tract of property affected in direct proportion to the benefits. The cost, less any damages, is the amount of liability for each tract for the wetland system. The property liability must be shown in the tabular statement under subdivision 2, opposite the property owner's name and description of each tract of property. The amount of liability on a tract of property for establishment and construction of a wetland system may not exceed the benefits determined in the proceedings that accrue to the tract.*

*Subd. 2. [WETLAND LIEN STATEMENT.] The auditor of each affected county shall make a lien statement in tabular form showing:*

*(1) the names of the property owners, corporate entities, or political subdivisions of the county benefited or damaged by the construction of the wetland system in the appraisers' report as approved by the final order for establishment;*

*(2) the description of the property in the appraisers' report, and the total number of acres in each tract according to the county tax lists;*

*(3) the number of acres benefited or damaged in each tract shown in the appraisers' report;*

*(4) the amount of benefits and damages to each tract of property as stated in the appraisers' report and confirmed by the final order that established*

*the wetland system unless the order is appealed and a different amount is set; and*

*(5) the amount each tract of property will be liable for and must pay the wetland authority for the establishment and construction of the wetland system.*

*Subd. 3. [SUPPLEMENTAL WETLAND LIEN STATEMENT.] If any items of the cost of the wetland system have been omitted from the original wetland lien statement, a supplemental wetland lien statement with the omitted items must be made and recorded in the same manner provided for a wetland lien statement. The total amount of the original wetland lien and any supplemental wetland liens may not exceed the benefits.*

*Subd. 4. [RECORDING WETLAND LIEN STATEMENT.] The wetland lien statement and supplemental wetland lien statements must be certified by the auditor and recorded by the county recorder of the county where the tract is located. The county recorder's fees for recording must be paid on allowance by the wetland authority. The wetland lien statement and any supplemental wetland lien statements, after recording, must be returned and preserved by the auditor.*

**Sec. 55. [103F.955] [EFFECT OF FILED WETLAND LIEN.]**

*The amount recorded on the wetland lien statement and supplemental wetland lien statements that each tract of property will be liable for, and the interest allowed on that amount, is a wetland lien on the property. The wetland lien is a first and paramount lien until fully paid, and has priority over all mortgages, charges, encumbrances, and other liens unless the county board subordinates the wetland lien to easements of record. The recording of the wetland lien statement or a supplemental wetland lien statement is notice to all parties of the existence of the wetland lien.*

**Sec. 56. [103F.956] [PAYMENT OF WETLAND LIENS AND INTEREST.]**

*Subdivision 1. [PAYMENT OF WETLAND LIEN PRINCIPAL.] (a) Wetland liens against property benefited under this chapter are payable to the treasurer of the county in five or less equal annual installments. The first installment of the principal is due on or before November 1 after the wetland lien statement is recorded, and each subsequent installment is due on or before November 1 of each year afterwards until the principal is paid.*

*(b) The wetland authority may, by order, direct the wetland lien to be paid by one-fifth of the principal on or before five years from November 1 after the lien statement is recorded, and one-fifth on or before November 1 of each year afterwards until the principal is paid.*

*(c) The wetland authority may order that the wetland lien must be paid by one or two installments, notwithstanding paragraphs (a) and (b), if the principal amount of a lien against a lot or tract of property or against a county or municipality is less than \$500.*

*Subd. 2. [INTEREST.] (a) Interest is an additional wetland lien on all property until paid. The interest rate on the wetland lien principal must be set by the county board, but may not exceed seven percent per year from the date the wetland lien statement is recorded.*

*(b) Before the tax lists for the year are given to the county treasurer, the auditor shall compute the interest on the unpaid balance of the wetland lien*

*at the rate set by the county board. The amount of interest must be computed on the entire unpaid principal from the date the wetland lien was recorded to August 15 of the next calendar year, and afterwards from August 15 to August 15 of each year.*

*(c) Interest is due and payable after November 1 of each year the wetland lien principal or interest is due and unpaid.*

*Subd. 3. [COLLECTION OF PAYMENTS.] Interest and any installment due must be entered on the tax lists for the year. The installment and interest must be collected in the same manner as real estate taxes for that year by collecting one-half of the total of the installment and interest with and as a part of the real estate taxes on or before May 15 and one-half on or before October 15 of the next year.*

*Subd. 4. [PREPAYMENT OF INTEREST.] Interest may be paid at any time, computed to the date of payment, except that after the interest is entered on the tax lists for the year, it is due as entered, without a reduction for prepayment.*

*Subd. 5. [PAYMENT OF WETLAND LIENS WITH BONDS.] The county board may direct the county treasurer to accept any outstanding bond that is a legal obligation of the county under this chapter issued on account of a wetland lien in payment of wetland liens under the provisions of this chapter. The bonds must be accepted at their par value plus accrued interest.*

*Subd. 6. [WETLAND LIEN RECORD.] The auditor shall keep a wetland lien record for each wetland system showing the amount of the wetland lien remaining unpaid against each tract of property.*

*Subd. 7. [COLLECTION AND ENFORCEMENT OF WETLAND LIENS.] The provisions of law that exist relating to the collection of real estate taxes are adopted to enforce payment of wetland liens. If there is a default, a penalty may not be added to an installment of principal and interest, but each defaulted payment, principal, and interest draws interest from the date of default until paid at seven percent per year.*

**Sec. 57. [103F:957] [ENFORCEMENT OF ASSESSMENTS.]**

*Subdivision 1. [MUNICIPALITIES.] Assessments filed for benefits to a municipality are a liability of the municipality and are due and payable with interest in installments on November 1 of each year. If the installments and interest are not paid on or before November 1, the amount due with interest added must be extended by the county auditor against all property in the municipality that is liable to taxation. A levy must be made and the amount due must be paid and collected in the same manner and time as other taxes.*

*Subd. 2. [RAILROAD AND UTILITY PROPERTY.] Property owned by a railroad or other utility corporation benefited by a wetland system is liable for the assessments of benefits on the property as other taxable property. From the date the wetland lien is recorded, the amount of the assessment with interest is a lien against all property of the corporation within the county. Upon default the assessment may be collected by civil action or the wetland lien may be foreclosed by action in the same manner as provided by law for the foreclosure of mortgage liens. The county where the wetland lien is filed has the right of action against the corporation to enforce and collect the assessment.*

**Sec. 58. [103F:958] [SATISFACTION OF LIENS.]**

*When a wetland lien with the accumulated interest is fully paid, the auditor shall issue a certificate of payment with the auditor's official seal and record the certificate with the county recorder. The recorded certificate releases and discharges the wetland lien. The auditor may collect 25 cents for each description in the certificate. The auditor's fee and the fee of the county recorder must be paid from the account for the wetland system.*

**Sec. 59. [103F959] [SUBDIVISION BY PLATTING MUST HAVE LIENS APPORTIONED.]**

*A tract of property with a wetland lien that is subdivided by platting is not complete and the plat may not be recorded until the wetland liens against the tracts are apportioned and the apportionment filed with the county recorder of the county where the tract is located.*

**Sec. 60. [103F960] [APPORTIONMENT OF LIENS.]**

*Subdivision 1. [PETITION.] A person who has an interest in property that has a wetland lien attached to it may petition the wetland authority to apportion the lien among specified portions of the tract if the payments of principal and interest on the property are not in default.*

*Subd. 2. [NOTICE.] When the petition is filed, the wetland authority shall, by order, set a time and location for a hearing on the petition. The wetland authority shall give notice of the hearing by personal service to the auditor, the occupants of the tract, and on all parties having an interest in the tract as shown by the records in the county recorder's office. The service must be made at least ten days before the hearing. If personal service cannot be made to all interested persons, notice may be given by publication. The petitioner shall pay the costs for service or publication.*

*Subd. 3. [HEARING.] The wetland authority shall hear all related evidence and, by order, apportion the lien. A certified copy of the order must be recorded in the county recorder's office and filed with the auditor.*

**Sec. 61. [103F961] [WETLAND BOND ISSUES.]**

*Subdivision 1. [AUTHORITY.] After the contract for the construction of a wetland system is awarded, the county board of an affected county may issue the bonds of the county in an amount necessary to pay the cost of establishing and constructing the wetland system.*

*Subd. 2. [SINGLE ISSUE FOR TWO OR MORE WETLAND SYSTEMS.] The county board may include two or more wetland systems in a single wetland bond issue. The total amount of the wetland bond issue may not exceed the total cost, including expenses, to be assessed to pay for the wetland systems. The total cost to be assessed must be determined or estimated by the county board when the wetland bonds are issued.*

*Subd. 3. [SECURITY AND SOURCE OF PAYMENT.] The wetland bonds must be issued in accordance with chapter 475 and must pledge the full faith, credit, and resources of the county for the prompt payment of the principal and interest of the wetland bonds. The wetland bonds are primarily payable from the funds of the wetland systems financed by the bonds or from the common wetland bond redemption fund of the county. The common wetland bond redemption fund may be created by resolution of the county board as a debt redemption fund for the payment of wetland bonds issued under this chapter.*

**Subd. 4. [PAYMENT PERIOD AND INTEREST ON WETLAND**

BONDS.] (a) *The county board shall determine, by resolution:*

*(1) the time of payment for the wetland bonds not exceeding 23 years from their date;*

*(2) the rates of interest for the wetland bonds, with the net average rate of interest over the term of the bonds not to exceed the rate established under section 475.55; and*

*(3) whether the wetland bonds are payable annually or semiannually.*

*(b) The county board shall determine the years and amounts of principal maturities that are necessary by the anticipated collections of the wetland systems assessments, without regard to any limitations on the maturities imposed by section 475.54.*

*Subd. 5. [TEMPORARY WETLAND BONDS MATURING IN TWO YEARS OR LESS.] The county board may issue and sell temporary wetland bonds under this subdivision maturing not more than two years after their date of issue, instead of bonds under subdivision 4. The county shall issue and sell definitive wetland bonds before the maturity of bonds issued under this subdivision and use the proceeds to pay for the temporary wetland bonds and interest to the extent that the temporary bonds are not paid for by assessments collected or other available funds. The holders of temporary wetland bonds and the taxpayers of the county have and may enforce by mandamus or other appropriate proceedings:*

*(1) all rights respecting the levy and collection of assessments sufficient to pay the cost of proceedings and construction financed by the temporary wetland bonds that are granted by law to holders of other wetland bonds, except the right to require levies to be collected before the temporary wetland bonds mature; and*

*(2) the right to require the offering of definitive wetland bonds for sale, or to require the issuance of definitive wetland bonds in exchange for the temporary wetland bonds, on a par for par basis, bearing interest at the rate established under section 475.55 if the definitive wetland bonds have not been sold and delivered before the maturity of the temporary wetland bonds.*

*Subd. 6. [DEFINITIVE WETLAND BONDS.] The definitive wetland bonds issued in exchange for an issue of temporary wetland bonds must be numbered and mature serially at times and in amounts to allow the principal and interest to be paid when due by the collection of assessments levied for the wetland systems financed by the temporary bond issue. The definitive bonds are subject to redemption and prepayment on any interest payment date by the county notifying each definitive bondholder who has registered their name and address with the county treasurer. The bondholders must be notified by mail 30 days before the interest payment date. The definitive bonds must be delivered in order of their serial numbers, lowest numbers first, to the holders of the temporary wetland bonds in order of the serial numbers of the bonds held by them.*

*Subd. 7. [SALE OF DEFINITIVE WETLAND BONDS.] The county board must sell and negotiate the definitive wetland bonds for at least their par value. The definitive bonds must be sold in accordance with section 475.60.*

*Subd. 8. [COUNTY INVESTMENT, PURCHASE, AND SELLING OF TEMPORARY WETLAND BONDS.] (a) Funds of the issuing county may*

*be invested in temporary wetland bonds under sections 471.56 and 475.66, except that the temporary wetland bonds may be:*

*(1) purchased by the county when the temporary wetland bonds are initially issued;*

*(2) purchased only out of funds that the county board determines will not be required for other purposes before the temporary wetland bonds mature; and*

*(3) resold before the temporary wetland bonds mature only if there is an unforeseen emergency.*

*(b) If a temporary wetland bond purchase is made from money held in a sinking fund for other bonds of the county, the holders of the other bonds may enforce the county's obligation to sell definitive bonds at or before the maturity of the temporary wetland bonds, or exchange the other bonds, in the same manner as holders of the temporary wetland bonds.*

**Subd. 9. [DELIVERY OF BONDS AS WETLAND WORK PROCEEDS.]** *The county board may provide in the contract for the sale of wetland bonds, temporary wetland bonds, and definitive wetland bonds, that the bonds are delivered as the wetland work proceeds and the money is needed, and that interest is paid only from the date of delivery.*

**Subd. 10. [BOND RECITAL.]** *Each wetland bond, temporary wetland bond, and definitive wetland bond must contain a recital that it is issued by authority of and in strict accordance with this chapter. The recital is conclusive in favor of the holders of the bonds as against the county, that the wetland system has been properly established, that property within the county is subject to assessment for benefits in an amount not less than the amount of the bonds, and that all proceedings and construction relative to the wetland systems financed by the bonds have been or will be made according to law.*

**Subd. 11. [HOW BONDS MAY BE PAID.]** *The county board may pay wetland bonds, temporary wetland bonds, and definitive wetland bonds issued under this chapter from any available funds in the county treasury if the money in the common wetland bond redemption fund or in the wetland fund for the issued bonds is insufficient. The county treasury funds that money is transferred from must be reimbursed, with interest at a rate of seven percent per year for the time the money is actually needed, from assessments on the wetland systems or from the sale of wetland funding bonds.*

**Sec. 62. [103F.962] [ALLOWANCE AND PAYMENT OF FEES AND EXPENSES.]**

**Subdivision 1. [FEES AND EXPENSES.]** *The fees and expenses in this section are allowed and must be paid for services provided under this chapter.*

**Subd. 2. [ENGINEER, ENGINEER'S ASSISTANTS, AND OTHER EMPLOYEES.]** *The compensation of the engineer, the engineer's assistants, and other employees is on a per diem basis and must be set by order of the wetland authority. The order setting compensation must provide for payment of the actual and necessary expenses of the engineer, the engineer's assistants, and other employees, including the cost of the engineer's bond.*

**Subd. 3. [APPRAISERS.]** *Each appraiser may be paid for every necessary day the appraiser is engaged on a per diem basis and for the appraiser's*

*actual and necessary expenses. The compensation must be set by the wetland authority.*

*Subd. 4. [WETLAND AUTHORITY MEMBERS.] Each member of a wetland authority may be paid a per diem under section 375.055, subdivision 1, and actual and necessary expenses incurred while actually employed in proceedings or construction, or in the inspection of any wetland system if the member is appointed to a committee for that purpose.*

*Subd. 5. [AUDITOR, ATTORNEY, AND OTHER COUNTY OFFICIALS.] The county auditor and the attorney for the petitioners and wetland authority must each be paid reasonable compensation for services actually provided as determined by the wetland authority. The fees and compensation of all county officials in proceedings and construction are in addition to other fees and compensation allowed by law.*

*Subd. 6. [PETITIONERS' BOND.] The cost of the petitioners' bond must be allowed and paid.*

*Subd. 7. [PAYMENT.] The fees and expenses provided for in this chapter for a wetland system in one county must be audited, allowed, and paid by order of the county board or for a wetland system in more than one county must be audited, allowed, and paid by order of the wetland authority after ten days' written notice to each affected county. The notice must be given by the auditor to the auditors of affected counties. The notice must state the time and location of the hearing and that all bills on file with the auditor at the date of the notice must be presented for hearing and allowance.*

#### **Sec. 63. [103F963] [WETLAND SYSTEM ACCOUNT.]**

*Subdivision 1. [FUNDS FOR WETLAND SYSTEM COSTS.] The wetland authority shall provide funds to pay the costs of wetland systems.*

*Subd. 2. [WETLAND SYSTEM ACCOUNT.] The wetland authority shall keep a separate account for each wetland system. The account must be credited with all money from the sale of bonds and bond premiums and all money received from interest, liens, assessments, and other sources for the wetland system. The account must be debited with every item of expense made for the wetland system.*

*Subd. 3. [INVESTMENT OF SURPLUS FUNDS.] If a wetland system account or the common wetland bond redemption fund has a surplus over the amount required for payment of obligations presently due and payable from the account or fund, the county board may invest any part of the surplus in bonds or certificates of indebtedness of the United States or of the state.*

*Subd. 4. [DORMANT WETLAND SYSTEM ACCOUNT TRANSFERRED TO GENERAL REVENUE FUND.] If a surplus has existed in a wetland system account for a period of 20 years or more and there have not been any expenditures from the account during the period, the wetland authority, by a unanimous resolution, may transfer the surplus remaining in the wetland system account to the county general revenue fund of affected counties.*

## **ARTICLE 6**

### **WETLAND USE PERMITS**

Section 1. Minnesota Statutes 1990, section 103G.005, subdivision 15, is amended to read:

Subd. 15. [PUBLIC WATERS.] (a) "Public waters" means:

(1) waterbasins assigned a shoreland management classification by the commissioner under sections 103F.201 to 103F.221, except wetlands less than 80 acres in size that are classified as natural environment lakes;

(2) waters of the state that have been finally determined to be public waters or navigable waters by a court of competent jurisdiction;

(3) meandered lakes, excluding lakes that have been legally drained;

(4) waterbasins previously designated by the commissioner for management for a specific purpose such as trout lakes and game lakes pursuant to applicable laws;

(5) waterbasins designated as scientific and natural areas under section 84.033;

(6) waterbasins located within and totally surrounded by publicly owned lands;

(7) waterbasins where the state of Minnesota or the federal government holds title to any of the beds or shores, unless the owner declares that the water is not necessary for the purposes of the public ownership;

(8) waterbasins where there is a publicly owned and controlled access that is intended to provide for public access to the waterbasin;

(9) natural and altered watercourses with a total drainage area greater than two square miles;

(10) natural and altered watercourses designated by the commissioner as trout streams; and

(11) *public waters* wetlands, unless the statute expressly states otherwise.

(b) Public waters are not determined exclusively by the proprietorship of the underlying, overlying, or surrounding land or by whether it is a body or stream of water that was navigable in fact or susceptible of being used as a highway for commerce at the time this state was admitted to the union.

Sec. 2. Minnesota Statutes 1990, section 103G.005, subdivision 18, is amended to read:

Subd. 18. [PUBLIC WATERS WETLANDS.] "*Public waters* wetlands" means all types 3, 4, and 5 wetlands, as defined in United States Fish and Wildlife Service Circular No. 39 (1971 edition), not included within the definition of public waters, that are ten or more acres in size in unincorporated areas or 2-1/2 or more acres in incorporated areas.

Sec. 3. Minnesota Statutes 1990, section 103G.221, is amended to read:  
103G.221 [DRAINAGE OF PUBLIC WATERS WETLANDS.]

Subdivision 1. [DRAINAGE OF PUBLIC WATERS WETLANDS GENERALLY PROHIBITED WITHOUT REPLACEMENT.] Except as provided in subdivisions 2 and 3, *public waters* wetlands may not be drained, and a permit authorizing drainage of *public waters* wetlands may not be issued, unless the *public waters* wetlands to be drained are replaced by wetlands that will have equal or greater public value.

Subd. 2. [DRAINAGE OF PUBLIC WATERS WETLANDS FOR CROPLAND.] (a) *Public waters* wetlands that are lawful, feasible, and practical to drain and if drained would provide high quality cropland and that is the

projected land use, as determined by the commissioner, may be drained without a permit and without replacement of by wetlands of equal or greater public value if the commissioner does not choose, within 60 days of receiving an application for a permit to drain the *public waters* wetlands to:

(1) place the *public waters* wetlands in the state water bank program under section 103F.601; or

(2) acquire them in fee under section 97A.145.

(b) If the commissioner does not make the offer under paragraph (a), clause (1) or (2), to a person applying for a permit, the *public waters* wetlands may be drained without a permit.

Subd. 3. [PERMIT TO DRAIN *PUBLIC WATERS* WETLANDS TEN YEARS AFTER *PUBLIC WATERS* DESIGNATION.] (a) The owner of property underneath *public waters* wetlands on privately owned property may apply to the commissioner for a permit to drain the *public waters* wetlands after ten years from their original designation as public waters. After receiving the application, the commissioner shall review the status of the *public waters* wetlands and current conditions.

(b) If the commissioner finds that the status of the *public waters* wetlands and the current conditions make it likely that the economic or other benefits from agricultural use to the owner from drainage would exceed the public benefits of maintaining the *public waters* wetlands, the commissioner shall grant the application and issue a drainage permit.

(c) If the application is denied, the owner may not apply again for another ten years.

Sec. 4. Minnesota Statutes 1990, section 103G.225, is amended to read:

103G.225 [STATE WETLANDS AND PUBLIC DRAINAGE SYSTEMS.]

If the state owns *public waters* wetlands on or adjacent to existing public drainage systems, the state shall consider the use of the *public waters* wetlands as part of the drainage system. If the *public waters* wetlands interfere with or prevent the authorized functioning of the public drainage system, the state shall provide for necessary work to allow proper use and maintenance of the drainage system while still preserving the *public waters* wetlands.

Sec. 5. Minnesota Statutes 1990, section 103G.231, is amended to read:

103G.231 [PROPERTY OWNER'S USE OF *PUBLIC WATERS* WETLANDS.]

Subdivision 1. [AGRICULTURAL USE DURING DROUGHT.] A property owner may use the bed of *public waters* wetlands for pasture or cropland during periods of drought if:

(1) dikes, ditches, tile lines, or buildings are not constructed; and

(2) the agricultural use does not result in the drainage of the *public waters* wetlands.

Subd. 2. [FILLING *PUBLIC WATERS* WETLANDS FOR IRRIGATION BOOMS.] A landowner may fill a *public waters* wetland to accommodate wheeled booms on irrigation devices if the fill does not impede normal drainage.

Sec. 6. Minnesota Statutes 1990, section 103G.235, is amended to read:  
103G.235 [RESTRICTIONS ON ACCESS TO PUBLIC WATERS WETLANDS.]

To protect the public health or safety, local units of government may by ordinance restrict public access to *public waters* wetlands from municipality, county, or township roads that abut *public waters* wetlands.

(b) The permitting authority shall provide to the applicant information, including permit application forms, concerning other local, state, and federal permit programs under which the applicant's proposed use may be regulated.

(c) After receiving an application, the permitting authority, where it is not the soil and water conservation district, shall forward a copy of the application to the soil and water conservation district where the wetland is located. The permitting authority shall assign a classification of class A, class B, class C, or class D wetland based on the wetland classification criteria adopted under article 2, section 4, subdivision 4, and shall report the classification to the permitting authority.

(d) The permitting authority shall meet with the applicant and determine whether the alternative use requested in the application is allowed for the particular class of wetland. The permitting authority shall also discuss actions required to replace the public value of the wetland that would be lost as a result of the requested alternative use, and other conditions that may be imposed as a requirement of receiving a permit.

**Subd. 4. [REVIEW.]** (a) If the permitting authority makes a preliminary determination that it will approve the wetland use permit, the permitting authority shall submit the proposed permit with any conditions to the board of water and soil resources and the commissioner of natural resources for review and comment. The commissioner of natural resources and the board of water and soil resources shall review and comment on the proposed wetland use permit by 30 days after it is received from the permitting authority.

(b) The permitting authority must consider the comments of the board of water and soil resources and the commissioner of natural resources and may impose conditions on the permit to reflect their comments.

(c) Notwithstanding paragraph (b), if the board of water and soil resources determines that the wetland should be classified as a class E wetland, the board shall notify the permitting authority and the applicant of this determination. After considering the comments of the commissioner of natural resources, the board of water and soil resources may issue a permit in accordance with subdivision 5.

**Subd. 5. [ISSUANCE.]** (a) For class B, C, or D wetlands, the permitting authority may issue a wetland use permit subject to rules adopted by the board of water and soil resources.

(1) implementation of soil and water conservation practices;

(2) maintenance of buffer strips;

(3) wildlife enhancement projects including improvement of nesting habitat, food sources, and shelter areas;

(4) increased water retention capacity of the wetland; and

(c) The permitting authority must notify the applicant and give public notice whether the wetland use permit is approved or denied by 60 days after the application is received.

(d) The wetland use permit must be issued by 20 days after public notice of approval is given if an appeal is not filed.

(e) The permit must be issued for a time period determined by the permitting authority and may be revoked if the permitting authority determines the public value of the wetland, after taking into account required mitigation, is diminished because of the use allowed under the permit.

Subd. 6. [ACTIVITY PERMITS.] (a) Notwithstanding subdivisions 1 to 5, the board of water and soil resources may issue activity permits by rule. An activity permit may allow certain uses in specified areas or the entire state that do not diminish the long-term public value of wetlands. The board of water and soil resources shall include provisions that protect and enhance the wetland resources of the state and shall require written notice to the appropriate soil and water conservation district at least ten days before a person engages in an activity covered by an activity permit. The board shall review activity permits issued under this section at least every three years.

(b) The board shall issue statewide activity permits under this subdivision for:

(1) placement of water lines to serve a single-family house and the installation of cables for utilities, such as telephone and power cables, provided that the excavated trench is backfilled and appropriate measures are taken to prevent erosion;

(2) normal maintenance and minor repair of structures causing no additional intrusion of an existing structure into the wetland, and maintenance and repair of private crossings, provided that:

(i) erosion control measures are taken to prevent sedimentation of the water; and

(ii) the crossing does not block fish passage in the watercourse;

(3) alteration of a wetland for the purpose of exploring for or mining peat;

(4) alteration of wetlands associated with the construction, operation, maintenance, or repair of an interstate pipeline;

(5) forest management activities, including associated road construction or maintenance, in an existing forested wetland or harvested forested wetland, provided:

(i) any road construction is solely for forest management activities;

(ii) the road is the minimum feasible width and total length consistent with the forest management activities; and

(iii) the road is removed and the site restored to its prior natural condition;

(6) emergency repair and normal maintenance and repair of existing public works, provided that the activity employs erosion control measures

*to prevent sedimentation of surface water, does not block fish passage in a watercourse, and does not result in additional intrusion of the public works into the wetland;*

*(7) aquiculture activities, except building or altering of docks and activities involving the filling of wetlands;*

*(8) wild rice production activities including necessary diking and other activities authorized under a permit issued by the United States Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344;*

*(9) activities associated with routine maintenance of existing public highways, roads, streets, and bridges, provided the activities do not result in additional intrusion into the wetland;*

*(10) duck blinds; and*

*(11) activities associated with routine maintenance of utility right-of-way, provided the activities do not result in additional intrusion into the wetland.*

*(c) In addition to the conditions in paragraphs (a) and (b), the board shall include in each activity permit a condition that the permitted activity be conducted in compliance with all other applicable requirements under state and federal law, including best management practices and water resource protection requirements established under chapter 103H.*

*Subd. 7. [APPEAL.] (a) The applicant, the commissioner of natural resources, or other affected parties may appeal a permitting authority's decision in classifying a wetland, issuing a wetland use permit with conditions, or denying or revoking a permit to the board of water and soil resources under sections 103A.305 to 103A.341. The appeal must be filed within 15 days after public notice is given of the decision to issue, deny, or revoke the permit.*

*(b) On appeal of a permit decision under paragraph (a), the board of water and soil resources may classify the wetland as a class E wetland, and may issue a permit in accordance with the procedures in subdivision 5.*

**Sec. 10. [103G.2365] [COMPENSATION FOR LOSS OF PRIVATE USE.]**

*Subdivision 1. [ELIGIBILITY.] A person who is not allowed to make requested uses of a wetland shall be compensated as provided in this section. A person is eligible for compensation if:*

*(1) the person applies for a wetland use permit;*

*(2) the permit is denied or the permit conditions make the proposed use unworkable or not feasible;*

*(3) the person appeals the permit;*

*(4) the proposed use would otherwise be allowed under federal, state, and local laws, rules, ordinances, and other legal requirements;*

*(5) the person has suffered or will suffer damages;*

*(6) disallowing the proposed use will enhance the public value of the wetland; and*

(7) the person applies to the board of water and soil resources for compensation.

*Subd. 2. [APPLICATION.] An application for compensation must be made on forms prescribed by the board of water and soil resources and include:*

*(1) the location and classification of the wetland where the use was proposed;*

*(2) a description and reason for the proposed wetland use; and*

*(3) the objection to the permitted wetland use, if any.*

[COMPENSATION.] (a) If the applicant's proposed use of the wetland is an agricultural use, as defined in section 40A.02, subdivision 3, the board shall award compensation in an amount equal to 70 percent of the average equalized estimated market value of agricultural property in the township as established by the commissioner of revenue at the time application for compensation is made, minus the total cost of conversion of the wetland to the proposed use.*

*(b) If the applicant's proposed use of the wetland is other than an agricultural use, the board may award compensation not to exceed 70 percent of the estimated fair market value of the wetland minus the total cost of conversion of the wetland to the proposed use.*

*(c) For the purpose of this subdivision, "total cost of conversion" means the sum of all costs of converting the wetland to accomplish the applicant's proposed use, including but not limited to:*

*(1) the cost of draining, burning, or filling the wetland;*

*Subd. 4. [CONSERVATION EASEMENT] (a) In exchange for compensation under subdivision 3, paragraph (a), the applicant shall convey to the board of water and soil resources a permanent conservation easement, as defined in section 84C.01, paragraph (1), on the wetland. In the easement agreement between the landowner and the board, the landowner shall agree:*

*(1) not to drain, burn, fill, or otherwise destroy the wetland character of the wetland system, or to use the wetlands for agricultural purposes, as determined by the board;*

*(2) not to adopt a practice specified by the board in the easement agreement as a practice that would tend to defeat the purposes of the wetland system and the easement; and*

*(3) to additional provisions that the board determines are desirable.*

*(b) In exchange for compensation under subdivision 3, paragraph (b), the board may require appropriate covenants, easements, or other restrictions on the applicant's use of the wetlands, commensurate with the amount of compensation awarded.*

In the order, or by separate order, the commissioner may require:*

- (1) restoration of the wetland;*
- (2) replacement with a wetland of equal or greater value; or*
- (3) payment of the cost of restoring or replacing the wetland, as determined by the commissioner in consultation with the board of water and soil resources.*

## ARTICLE 7

### ECOLOGICALLY SIGNIFICANT PEATLANDS

#### Section 1. [84.0335] [PEATLAND PROTECTION.]

*Subdivision 1. [CITATION.] This section may be cited as the "Minnesota peatland protection act."*

*Subd. 2. [FINDINGS.] The legislature finds that certain Minnesota peatlands possess unique scientific, aesthetic, vegetative, hydrologic, geologic, wildlife, wilderness, and educational values and represent the various peatland ecological types in the state. The legislature finds that it is desirable and appropriate to protect and preserve these patterned peatlands as a peatland management system through establishment and designation of certain peatland core areas as scientific and natural areas.*

*Subd. 3. [DEFINITIONS.] (a) Unless language or context clearly indicates that a different meaning is intended, the following words and terms, for the purposes of section 1, have the meanings given them.*

*(b) "Commissioner" means the commissioner of natural resources.*

*(c) "Winter road" means an access route that may be used by vehicles only when the substrate is frozen.*

*(d) "Corridors of disturbance" means rights-of-way such as ditches, ditch banks, transmission lines, pipelines, permanent roads, winter roads, and recreational trails. The existence of a corridor of disturbance may be demonstrated by physical evidence, a document recorded in the office of a county recorder or the public official, an aerial survey, or other similar evidence.*

*(e) "State land" means land owned by this state and administered by the commissioner.*

*Subd. 4. [DESIGNATION OF PEATLAND SCIENTIFIC AND NATURAL AREAS.] The areas listed in section 3 are hereby established and designated as peatland scientific and natural areas to be preserved and managed by the commissioner in accordance with subdivision 5, and section 86A.05, subdivision 5.*

*Subd. 5. [ACTIVITIES IN PEATLAND SCIENTIFIC AND NATURAL AREAS.] (a) Areas designated in subdivision 4 as peatland scientific and natural areas are subject to the conditions in this subdivision.*

*(b) Except as provided in paragraph (c) of this subdivision, all restrictions otherwise applicable to scientific and natural areas designated under section 86A.05, subdivision 5, apply to the surface use and to any use of the mineral estate that would significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural areas, including but not limited to prohibitions on:*

*(1) construction of a new public drainage system or improvement or repair of an existing public drainage system under chapter 103E or any other*

*alteration of surface water or groundwater levels or flows unless specifically permitted under paragraph (c), clause (5) or (6);*

*(2) removal of peat, sand, gravel, or other industrial minerals;*

*(3) exploratory boring or other exploration for or removal of oil, natural gas, radioactive materials, or metallic minerals that would significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural areas, except in the event of a national emergency declared by Congress;*

*(4) commercial timber harvesting;*

*(5) construction of new corridors of disturbance; and*

*(6) ditching, draining, filling, or any other activities that modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural areas.*

*(c) The following activities are allowed in peatland scientific and natural areas:*

*(1) recreational activities, including hunting, fishing, trapping, cross-country skiing, snowshoeing, nature observation, and other recreational activities permitted in a management plan approved by the commissioner;*

*(2) scientific and educational work and research;*

*(3) maintenance of corridors of disturbance, including survey lines, consistent with protection of the peatland ecosystem;*

*(4) use of corridors of disturbance unless limited by a management plan adopted by the commissioner under subdivision 6;*

*(5) improvements to a public drainage system only for the protection and maintenance of the ecological integrity of the peatland scientific and natural area and when included in a management plan adopted by the commissioner under subdivision 6;*

*(6) repairs to a public drainage system that crosses a peatland scientific and natural area and is used for the purposes of providing a drainage outlet for lands outside of the peatland scientific and natural area, provided that there are no other feasible and prudent alternative means of providing the drainage outlet. The commissioner shall cooperate with the ditch authority in the determination of feasible and prudent alternatives. No repairs that would significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural areas may be made unless approved by the commissioner;*

*(7) motorized uses on corridors of disturbance before the effective date of this act;*

*(8) control of forest insects, disease, and wildfires, as described in a management plan adopted by the commissioner under subdivision 6; and*

*(9) geological and geophysical surveys that do not significantly modify or alter the peatland water levels or flows, peatland water chemistry, plant or animal species or communities, or other natural features of the peatland scientific and natural area.*

*Subd. 6. [MANAGEMENT PLANS.] The commissioner shall develop a management plan for each peatland scientific and natural area designated in subdivision 4 in a manner prescribed by section 86A.09.*

*Subd. 7. [ESTABLISHING BASELINE ECOLOGICAL DATA.] The commissioner shall establish baseline data on the ecology and biological diversity of peatland scientific and natural areas and provide for ongoing long-term ecological monitoring to determine whether changes are occurring in the peatland scientific and natural areas and to identify any changes occurring as a result of permitted activities outside the peatland scientific and natural areas. The baseline data may include, but is not limited to, the history of the peatlands and their geologic origins, plant and animal communities, hydrology, water chemistry, and contaminants introduced from remote sources by atmospheric deposition.*

*Subd. 8. [DITCH ABANDONMENTS.] In order to eliminate repair or improvement to a public drainage system that crosses a peatland scientific and natural area where the repair or improvement adversely affects the area, the commissioner may petition for the abandonment of parts of the public drainage system under section 103E.811. If the public drainage system is necessary as a drainage outlet for lands outside of the peatland scientific and natural area, the commissioner shall cooperate with the ditch authority in the development of feasible and prudent alternative means of providing a drainage outlet that avoids the crossing of and damage to the peatland scientific and natural area. The commissioner may grant flowage easements to the ditch authority for disposal of the outlet water on other state lands. The ditch authority shall approve the abandonment of parts of a public drainage system crossing a peatland scientific and natural area if the portion of the public drainage system crossing the area is not necessary as a drainage outlet for lands outside of the area or if there are feasible and prudent alternative means of providing a drainage outlet without crossing the area. In an abandonment under this subdivision, the commissioner may enter into an agreement with the ditch authority regarding apportionment of costs and, contingent upon appropriations of money for this purpose, may agree to pay a reasonable share of the cost of abandonment.*

*Subd. 9. [COMPENSATION FOR TRUST FUND LANDS.] The commissioner shall acquire by exchange or eminent domain the surface interests, including peat, on trust fund lands contained in peatland scientific and natural areas designated in subdivision 4.*

Sec. 2. Minnesota Statutes 1990, section 103G.231, is amended by adding a subdivision to read:

*Subd. 3. [PEAT MINING.] Peat mining, as defined in section 93.461, is permitted subject to the mine permit and reclamation requirements of sections 93.44 to 93.51, and rules adopted under those sections, except as provided for in section 1.*

Sec. 3. [PEATLAND SCIENTIFIC AND NATURAL AREAS, DESIGNATION.]

*The following scientific and natural areas are established and are composed of all of the core peatland areas identified on maps in the 1984 report by the commissioner of natural resources entitled "Recommendations for the Protection of Ecologically Significant Peatlands in Minnesota" and maps on file at the department of natural resources:*

*(1) Red Lake scientific and natural area in Beltrami, Koochiching, and*

(2) for areas not covered by a map under clause (1), is identified using the "Federal Manual for Identifying and Delineating Jurisdictional Wetlands" (January 1989).

*Subd. 2. [REGULATION AS PUBLIC WATERS WETLANDS.] Except as provided in subdivisions 3 and 4, until the permit requirement in article 6, section 9, subdivision 1, becomes effective, activities in a wetland are regulated as public waters wetlands under chapter 103G, except that section 103G.221, subdivisions 2 and 3, do not apply.*

*Subd. 3. [EXEMPTIONS.] The following activities are exempt from this section:*

(2) activities listed in article 6, section 9, subdivision 2.

*Subd. 4. [REPLACEMENT OF WETLANDS.] (a) Wetlands must not be drained or filled, wholly or partially, unless there are no feasible and prudent alternatives and unless replaced by restoring or creating wetland areas of at least equivalent size, quantity, character, and diversity under a mitigation plan approved under subdivision 5.*

(b) Mitigation or replacement must be within the same watershed or county as the impacted wetlands, except that counties or watersheds in which 80 percent or more of the presettlement wetland acreage is intact may accomplish mitigation in counties or watersheds in which 50 percent or more of the presettlement wetland acreage has been filled, drained, or otherwise degraded.

(c) Mitigation must be in the ratio of two acres of mitigated wetland for each acre of drained or filled wetland, of which from ten to 50 percent must be a buffer zone of permanent vegetative cover.

(d) Wetlands that are restored or created as a result of an approved mitigation plan are subject to the provisions of this section for any subsequent drainage or filling.

*Subd. 5. [MITIGATION PLANS.] (a) Mitigation plans required in subdivision 4 must be approved or disapproved by a five-member review panel within 120 days of application for a permit required in section 103G.245, subdivision 1. The review panel must be composed of the area regional administrator for the department of natural resources, one board member of the local soil and water conservation district or districts within the county or one manager of the watershed district, one member of the local water planning organization who must be appointed by the county board, the commissioner of agriculture or the commissioner's designee, and one landowner within the county appointed by the local water planning organization.*

(b) The review panel shall use the "Minnesota Wetland Evaluation Methodology" as the criteria for ensuring that degraded wetlands are mitigated effectively before a permit is approved.

(c) The review panel shall determine whether avoidance of activities that directly or indirectly impact, destroy, or diminish a wetland is feasible and

*prudent. In cases where the review panel determines that avoidance of activity in a wetland is not feasible and prudent, the panel must be guided by the following principles in approving mitigation plans:*

*(1) minimizing the impact by limiting the degree or magnitude of the wetland activity and its implementation;*

*(2) rectifying the impact by repairing, rehabilitating, or restoring the affected wetland environment;*

*(3) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the activity; and*

*(4) compensating for the impact by replacing or providing substitute wetland resources or environments.*

Sec. 2. [EFFECTIVE DATE.]

*Section 1 is effective the day following final enactment.*

A donation so received shall become state property, be classified as school trust land as defined in section 92.025, and be managed consistent with section 120.85.*

*Subd. 2. [WETLANDS.] The commissioner of natural resources must accept a gift, bequest, devise, or grant of wetlands, as defined in article 6, section 7, subdivision 5, or public waters wetlands, as defined in section 103G.005, subdivision 18, unless:*

*(1) the commissioner determines that the value of the wetland for water quality, floodwater retention, public recreation, wildlife habitat, or other public benefits is minimal;*

*(2) the wetland has been degraded by activities conducted without a required permit by the person offering the wetland and the person has not taken actions determined by the commissioner to be necessary to restore the wetland;*

(4) *the wetland is subject to a lien or other encumbrance; or*

(5) *the commissioner, after reasonable effort, has been unable to obtain an access to the wetland.*

Sec. 2. Minnesota Statutes 1990, section 124.2131, subdivision 1, is amended to read:

Subdivision 1. [ADJUSTED GROSS TAX CAPACITY.] (a) [COMPUTATION.] The department of revenue shall annually conduct an assessment/sales ratio study of the taxable property in each school district in accordance with the procedures in paragraphs (b) and (c). Based upon the results of this assessment/sales ratio study, the department of revenue shall determine an aggregate equalized gross tax capacity and an aggregate equalized net tax capacity for the various classes of taxable property in each school district, which tax capacity shall be designated as the adjusted gross tax capacity and the adjusted net tax capacity, respectively. The department of revenue may incur the expense necessary to make the determinations. The commissioner of revenue may reimburse any county or governmental official for requested services performed in ascertaining the adjusted gross tax capacity and the adjusted net tax capacity. On or before March 15 annually, the department of revenue shall file with the chair of the tax committee of the house of representatives and the chair of the committee on taxes and tax laws of the senate a report of adjusted gross tax capacities and adjusted net tax capacities. On or before April 15 annually, the department of revenue shall file its final report on the adjusted gross tax capacities and adjusted net tax capacities established by the previous year's assessment with the commissioner of education and each county auditor for those school districts for which the auditor has the responsibility for determination of local tax rates. A copy of the report so filed shall be mailed to the clerk of each district involved and to the county assessor or supervisor of assessments of the county or counties in which each district is located.

(b) [METHODOLOGY.] In making its annual assessment/sales ratio studies, the department of revenue shall use a methodology consistent with the most recent Standard on Assessment Ratio Studies published by the assessment standards committee of the International Association of Assessing Officers. The commissioner of revenue shall supplement this general methodology with specific procedures necessary for execution of the study in accordance with other Minnesota laws impacting the assessment/sales ratio study. The commissioner shall document these specific procedures in writing and shall publish the procedures in the State Register, but these procedures will not be considered "rules" pursuant to the Minnesota administrative procedure act.

(c) [AGRICULTURAL LANDS.] For purposes of determining the adjusted gross tax capacity and adjusted net tax capacity of agricultural lands for the calculation of adjusted gross tax capacities and adjusted net tax capacities, the market value of *tillable* agricultural lands shall be ~~the price for which the property would sell in an arms length transaction determined as provided in section 273.11, subdivision 11.~~

Sec. 3. Minnesota Statutes 1990, section 273.11, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] Except as provided in subdivisions 6, 8, ~~and 9, and 11~~ or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section

shall be stated such that any amount under \$100 is rounded up to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. The assessor shall take into account the effect on the market value of property of environmental factors in the vicinity of the property. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, the fact that such property is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the valuation of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, that lot or any single contiguous lot fronting on the same street shall be eligible for revaluation. All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 4. Minnesota Statutes 1990, section 273.11, is amended by adding a subdivision to read:

*Subd. 11. [AGRICULTURAL LAND.] (a) Tillable agricultural land must be valued under this subdivision. The department of revenue shall determine the following data on a per acre basis by soil productivity index, based on moving averages for the most recent five-year period for which statistics are available:*

*(1) gross income, estimated by using yields per acre as assigned to soil productivity indexes, the crop mix for each soil productivity index as determined by the University of Minnesota agricultural extension service, and average prices received by farmers for principal crops as published by the Minnesota crop reporting service;*

*(2) production costs, other than land costs, provided by the University of Minnesota agricultural extension service; and*

*(3) net return to land, which is the difference between clauses (1) and (2).*

*(b) The department of revenue shall certify a proposed agricultural economic value per acre for each soil productivity index, determined by dividing the net return to land as calculated in paragraph (a), clause (3), by the moving average of the federal land bank farmland mortgage interest rate for the same five-year period used in calculating the net return to land.*

*(c) If the crop equivalency rating is not available in a county, the department of revenue shall use rentals or yield records of the United States Department of Agriculture agricultural stabilization and conservation services in determining the net income. The rentals or yield records must be capitalized in the same manner to determine the valuation of the tillable agricultural land.*

*(d) Cropland must be valued at the full amount determined under this subdivision. Permanent pasture must be valued at no less than one-third of the cropland value. Other agricultural land, including wetlands, must be valued at no less than one-sixth of the cropland value.*

Sec. 5. Minnesota Statutes 1990, section 273.111, subdivision 4, is amended to read:

Subd. 4. The value of any real estate described in subdivision 3 shall upon timely application by the owner, in the manner provided in subdivision 8, be determined solely with reference to its appropriate agricultural classification and value notwithstanding sections 272.03, subdivision 8, and 273.11. In determining the value for ad valorem tax purposes, the assessor shall use sales data obtained from agricultural lands located outside the seven metropolitan counties but within the region used for computing the range of values under section 273.11, subdivision 10. ~~The sales shall have similar soil types, number of degree days, and other similar agricultural characteristics as contained in section 273.11, subdivision 10.~~ *The sales data used must be for tillable agricultural land having a corresponding soil productivity index under section 273.11, subdivision 11.* Furthermore, the assessor shall not consider any added values resulting from nonagricultural factors.

Sec. 6. [REPEALER.]

*Minnesota Statutes 1990, section 273.11, subdivision 10, is repealed.*

Sec. 7. [EFFECTIVE DATE.]

*Sections 3 to 6 are effective for assessments in 1992 and subsequent years, for taxes payable in 1993 and subsequent years."*

The seed capital fund may receive contributions from the corporation, as well as from local, state, or federal government, private foundations, or other sources. Total investments by the seed capital fund in seven-county metropolitan area based companies must not exceed 20 percent of the total amount invested. Investments which contribute to the 20 percent metropolitan area limitation are those which will primarily enhance the operations of a metropolitan based facility. Investments that benefit a Greater Minnesota facility of a metropolitan based company are not subject to the limitation. Investments by the seed capital fund must be matched by other sources of capital at a ratio to be determined by the corporation. The seed capital fund shall identify sources of technical, management, and marketing assistance for companies*

*funded by the seed capital program and make appropriate referrals. The seed capital fund shall establish a procedure for liquidating private investments.*

*Subd. 2. [REGIONAL SEED CAPITAL REPORT.] By February 15, the board shall submit to the legislature and governor an annual report on the activities of the seed capital program.*

*Subd. 3. [CREDIT LIMIT.] The sum of the credits for investment in the fund under section 2 may not exceed \$ . . . . million in each fiscal year. The maximum amount of this credit is \$ . . . . .*

*(b) The credit for the taxable year may not exceed the liability for tax. If the amount of the credit exceeds the liability for tax for the taxable year, the balance of the credit is a carryover credit to each of the next three taxable years. The entire amount of the credit shall be a credit carryover to the earliest of the taxable years to which it may be carried and then to each successive year to which the credit may be carried. In no case may the sum of credits allowed in a taxable year exceed the liability for tax.*

*(c) For purposes of this subdivision, the following terms have the meanings given.*

[SUPPLYING SMALL BUSINESS CAPITAL.] Notwithstanding any contrary law, the authority may participate with public or private corporations or other entities, whose purpose is to provide seed or venture capital to small businesses that have facilities located or to be located in the district. For that purpose the authority may use not more than . . . . percent of available annual net income or \$ . . . . annually, whichever is less, to invest in equities or acquire equity-type investments. These investments can be made directly in eligible corporations or entities or acquired through participation in a public or private seed or venture capital fund. The participation by the authority may not exceed in any year 25 percent of the total amount of funds provided for venture or seed capital purposes by all of the participants. The corporation, entity, or fund shall report in writing each six months to the commissioners of the authority all investments and other action taken by it since the last report. Funds contributed to the corporation or entity*

*must be invested pro rata with each contributor of capital taking proportional risks on each investment. As used in this subdivision, the term "small business" has the meaning given it in section 645.445, subdivision 2.*

**Sec. 2. Minnesota Statutes 1990, section 244.16, is amended to read:  
244.16 [DAY-FINES.]**

**Subdivision 1. [MODEL SYSTEM.]** ~~By June 1, 1991, The sentencing guidelines commission shall develop a model day-fine system. Each judicial district must adopt either the model system or its own day-fine system by January 1, 1992. The commission shall report its model system to the legislature by February 1, 1993. Upon request of a judicial district, the commission may establish one pilot project for the development of a day-fine system.~~

**Subd. 2. [COMPONENTS.]** A day-fine system adopted under this section must provide for a two-step sentencing procedure for those receiving a fine as part of a probationary felony, gross misdemeanor, or misdemeanor sentence. In the first step, the court determines how many punishment points a person will receive, taking into account the severity of the offense and the criminal history of the offender. The second step is to multiply the punishment points by a factor that accounts for the offender's financial circumstances. The goal of the system is to provide a fine that is proportional

to the seriousness of the offense and largely equal in impact among offenders with different financial circumstances. The system may provide for community service in lieu of fines for offenders whose means are so limited that the payment of a fine would be unlikely.

- (1) 21 percent for the offices of governor and lieutenant governor together;
- (2) 3.6 percent for the office of attorney general;
- (3) 1.8 percent each for the offices of secretary of state, state auditor, and state treasurer;

(5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative.

(b) In each calendar year the money in each party account shall be allocated as follows:

- (1) 14 percent for the offices of governor and lieutenant governor together;
- (2) 2.4 percent for the office of attorney general;
- (3) 1.2 percent each for the offices of secretary of state, state auditor, and state treasurer;

- (5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative;

(6) ten percent for the state committee of a political party; money allocated to each state committee under this clause must be deposited in a separate account and must be spent for only those items enumerated in section 10A.275; money allocated to a state committee under this clause must be paid to the committee by the state treasurer as notified by the state ethical practices board as it is received in the account on a monthly basis, with payment on the 15th day of the calendar month following the month in which the returns were processed by the department of revenue, provided that these distributions would be equal to 90 percent of the amount of money indicated in the department of revenue's weekly unedited reports of income tax returns and property tax refund returns processed in the month, as notified by the department of revenue to the state ethical practices board. The amounts paid to each state committee are subject to biennial adjustment and settlement at the time of each certification required of the commissioner of revenue under subdivisions 7 and 10. If the total amount of payments received by a state committee for the period reflected on a certification by the department of revenue is different from the amount that should have been received during the

period according to the certification, each subsequent monthly payment must be increased or decreased to the fullest extent possible until the amount of the overpayment is recovered or the underpayment is distributed.

To assure that moneys will be returned to the counties from which they were collected, and to assure that the distribution of those moneys rationally relates to the support for particular parties or for particular candidates within legislative districts, money from the party accounts for legislative candidates shall be distributed as follows:

Each candidate for the state senate and state house of representatives whose name is to appear on the ballot in the general election shall receive money from the candidate's party account set aside for candidates of the state senate or state house of representatives, whichever applies, according to the following formula:

For each county within the candidate's district the candidate's share of the dollars allocated in that county to the candidate's party account and set aside for that office shall be:

(a) The sum of the votes cast in the last general election in that part of the county in the candidate's district for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct of the state and (ii) for the state senate and state house of representatives, divided by

(b) The sum of the votes cast in that county in the last general election for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct in the state and (ii) for the state senate and state house of representatives, multiplied by

(c) The amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

The sum of all the county shares calculated in the formula above is the candidate's share of the candidate's party account.

In a year in which an election for the state senate occurs, with respect to votes for candidates for the state senate only, "last general election" means the last general election in which an election for the state senate occurred.

For any party under whose name no candidate's name appeared on the ballot in each voting precinct in the state in the last general election, amounts in the party's account shall be allocated based on (a) the number of people voting in the last general election in that part of the county in the candidate's district, divided by (b) the number of the people voting in that county in the last general election, multiplied by (c) the amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

In a year in which the first election after a legislative reapportionment is held, "the candidate's district" means the newly drawn district, and voting data from the last general election will be applied to the area encompassing the newly drawn district notwithstanding that the area was in a different district in the last general election.

If in a district there was no candidate of a party for the state senate or state house of representatives in the last general election, or if a candidate for the state senate or state house of representatives was unopposed, the vote for that office for that party shall be the average vote of all the remaining candidates of that party in each county of that district whose votes are included in the sums in

clauses (a) and (b). The average vote shall be added to the sums in clauses (a) and (b) before the calculation is made for all districts in the county.

(c) Money from a party account not distributed to candidates for state senator and representative in any election year shall be returned to the general fund of the state. Money from a party account not distributed to candidates for other offices in an election year shall be returned to the party account for reallocation to candidates as provided in clauses (1) to (6) in the following year. Money from the general account refused by any candidate shall be distributed to all other qualifying candidates in proportion to their shares as provided in this subdivision.”

Sec. 14. Minnesota Statutes 1990, section 171.29, subdivision 1, is amended to read:

Subdivision 1. No person whose ~~drivers~~ driver's license has been revoked by reason of conviction, plea of guilty, or forfeiture of bail not vacated, under section 171.17 or 65B.67, or revoked under section 169.123 or 169.792 shall be issued another license unless and until that person shall have successfully passed an examination as required for an initial license.

Sec. 15. Minnesota Statutes 1990, section 171.30, subdivision 1, is amended to read:

Subdivision 1. [ISSUANCE.] In any case where a person's license has been suspended under section 171.18 or revoked under section 65B.67, 169.121, 169.123, 169.792, or 171.17, the commissioner may issue a limited license to the driver including under the following conditions:

(1) if the driver's livelihood or attendance at a chemical dependency treatment or counseling program depends upon the use of the driver's license;

(2) if the use of a driver's license by a homemaker is necessary to prevent the substantial disruption of the education, medical, or nutritional needs of the family of the homemaker; or

(3) if attendance at a post-secondary institution of education by an enrolled student of that institution depends upon the use of the driver's license.

The commissioner in issuing a limited license may impose such conditions and limitations as in the commissioner's judgment are necessary to the interests of the public safety and welfare including reexamination as to the driver's qualifications. The license may be limited to the operation of particular vehicles, to particular classes and times of operation and to particular conditions of traffic. The commissioner may require that an applicant for a limited license affirmatively demonstrate that use of public transportation or carpooling as an alternative to a limited license would be a significant hardship.

For purposes of this subdivision, "homemaker" refers to the person primarily performing the domestic tasks in a household of residents consisting of at least the person and the person's dependent child or other dependents.

The limited license issued by the commissioner shall clearly indicate the limitations imposed and the driver operating under the limited license shall have the license in possession at all times when operating as a driver.

In determining whether to issue a limited license, the commissioner shall consider the number and the seriousness of prior convictions and the entire driving record of the driver and shall consider the number of miles driven by the driver annually.

If the person's driver's license or permit to drive, or nonresident operating privileges, have been revoked *under section 65B.67 or 169.792*, the commissioner may only issue a limited license to the person after the person has presented an insurance identification card, policy, or written statement indicating that the driver or owner has insurance coverage satisfactory to the commissioner of public safety. Subd. 6. [ADMINISTRATION OF ARBITRATOR ROSTER.] The board shall maintain a list of names of arbitrators qualified by experience and training in the field of labor management negotiations and arbitration. Names on the list may be selected and removed at any time by a majority of the board. In maintaining the list the board shall, to the maximum extent possible, select persons from varying geographical areas of the state. The board shall adopt rules under chapter 14 governing the administration of the arbitration roster, *including rules establishing standards for evaluating the performance of arbitrators. The standards must include, at a minimum, the acceptability of arbitrators to the parties and the arbitrators' management of their cases, including their promptness in holding hearings and issuing awards.*

Sec. 2. Minnesota Statutes 1990, section 179A.16, subdivision 4, is amended to read:

Subd. 4. [CONSTRUCTION OF ARBITRATION PANEL.] The parties may select persons who are members of the arbitration roster maintained by the board to act as the arbitration panel in their dispute by mutual agreement. In the event of a mutual agreement on the members of the arbitration panel, the commissioner shall advise the board in writing of the

selection of the panel members, and the persons selected shall serve as the arbitration panel. If the parties have not mutually agreed upon the panel members by the time the commissioner certifies the matter to the board, the board shall provide the parties to the interest arbitration a list of seven arbitrators. *The board shall mail the list of arbitrators to the parties within five working days.* The parties shall alternately strike names from the list of arbitrators until only a single arbitrator remains, unless the parties request and mutually agree to utilize a panel of three arbitrators. If the parties are unable to agree on who shall strike the first name, the question must be decided by the flip of a coin. The arbitrator or arbitrators remaining after the striking procedure constitute the arbitration panel.

Sec. 3. Minnesota Statutes 1990, section 179A.16, subdivision 6, is amended to read:

Subd. 6. [POWERS OF THE PANEL.] *If the parties are unable to agree on a prompt, mutually acceptable date for an arbitration panel to meet, the panel may propose a series of dates on which to meet. The panel's decision and order shall be final and binding on all parties.

The panel shall render its order within ~~ten~~ 30 days from the date that all arbitration proceedings have concluded. ~~However, the panel must issue its order by the last date the employer is required by statute, charter, ordinance, or resolution to submit its tax levy or budget or certify its taxes voted to the appropriate public officer, agency, public body or office, or by November 1, whichever date is earlier. This deadline may be extended only with the~~

DEFINITIONS

“EARNINGS”: For the purpose of garnishment, “earnings” means compensation paid or payable to an employee for personal services or compensation paid or payable to the producer for the sale of agricultural products; milk or milk products; or fruit or other horticultural products produced when the producer is operating a family farm, a family farm corporation, or an authorized farm corporation, as defined in section 500.24, subdivision 2, whether denominated as wages, salary, commission, bonus, or otherwise, and includes periodic payments pursuant to a pension or retirement.

“DISPOSABLE EARNINGS”: Means that part of the earnings of an individual remaining after the deduction from those earnings of amounts required by law to be withheld. (Amounts required by law to be withheld do not include items such as health insurance, charitable contributions, or other voluntary wage deductions.)

“PAYDAY”: For the purpose of garnishment, “payday(s)” means the date(s) upon which the employer pays earnings to the debtor in the ordinary course of business. If the debtor has no regular payday, payday(s) means the fifteenth and the last day of each month.

THE GARNISHEE MUST ANSWER THE FOLLOWING QUESTIONS:

1. Do you now owe, or within 70 days from the date the garnishment summons was served on you, will you or do you expect to owe money to the debtor for earnings?

Yes ..... No .....

2. Does the debtor earn more than \$ . . . . . per week? (This amount is the federal minimum wage per week.)

Yes ..... No .....

INSTRUCTIONS FOR COMPLETING THE EARNINGS DISCLOSURE

A. If your answer to either question 1 or 2 is “No,” then you must sign the affirmation on Page 2 and return this disclosure to the creditor’s attorney (or the creditor if not represented by an attorney) within 20 days after it was served on you, and you do not need to answer the remaining questions.

B. If your answers to both questions 1 and 2 are “Yes,” you must complete this form and the Earnings Disclosure Worksheet as follows:

For each payday that falls within 70 days from the date the garnishment summons was served on you, YOU MUST calculate the amount of earnings to be retained by completing Steps 3 through 11, and enter the amounts on the Earnings Disclosure Worksheet. UPON REQUEST, THE EMPLOYER MUST PROVIDE THE DEBTOR WITH INFORMATION AS TO HOW THE CALCULATIONS REQUIRED BY THIS DISCLOSURE WERE MADE.

Each payday, you must retain the amount of earnings listed in Column I on the Earnings Disclosure Worksheet.

You must return this Earnings Disclosure Form and the Earnings Disclosure Worksheet to the creditor’s attorney (or the creditor if not represented by an attorney) and deliver a copy to the debtor within ten days after the last payday that falls within the 70-day period.

If the claim is wholly satisfied or if the debtor’s employment ends before the expiration of the 70-day period, your disclosure should be made within ten days after the last payday for which earnings were attached.

For Steps 3 through 11, “Columns” refers to columns on the Earnings Disclosure Worksheet.

- 3. COLUMN A. Enter the date of debtor’s payday.
- 4. COLUMN B. Enter debtor’s gross earnings for each payday.
- 5. COLUMN C. Enter debtor’s disposable earnings for each payday.
- 6. COLUMN D. Enter 25 percent of disposable earnings. (Multiply Column C by .25.)

- 7. COLUMN E. Enter here 40 times the hourly federal minimum wage (\$ . . . . ) times the number of work weeks included in each payday. (Note: If a pay period includes days in excess of whole work weeks, the additional days should be counted as a fraction of a work week equal to the number of work days in excess of a whole work week divided by the number of work days in a normal work week.)
- 8. COLUMN F. Subtract the amount in Column E from the amount in Column C, and enter here.
- 9. COLUMN G. Enter here the lesser of the amount in Column D and the amount in Column F.
- 10. COLUMN H. Enter here any amount claimed by you as a setoff, defense, lien, or claim, or any amount claimed by any other person as an exemption or adverse interest which would reduce the amount of earnings owing to the debtor. (Note: Any indebtedness to you incurred by the debtor within the ten days before the receipt of the first garnishment on a debt may not be set off against amounts otherwise subject to the garnishment. Any assignment of earnings made by the debtor to any party within ten days before the receipt of the first garnishment on a debt is void.)

You must also describe your claim(s) and the claims of others, if known, in the space provided below the worksheet and state the name(s) and address(es) of these persons.

Enter zero in Column H if there are no claims by you or others which would reduce the amount of earnings owing to the debtor.

- 11. COLUMN I. Subtract the amount in Column H from the amount in Column G and enter here. This is the amount of earnings that you must retain for the payday for which the calculations were made.

If there is an active law enforcement investigation of a possible homicide, the data remain confidential or protected nonpublic. However, upon review by the county attorney of the jurisdiction in which the law enforcement investigation is active, the data may be released to persons described in subdivision 8 if the county attorney determines release would not impede the ongoing investigation. When the law enforcement investigation becomes inactive, the data shall become private or nonpublic data.* Nothing in this subdivision shall be construed to make non public the data elements identified in subdivision 2 at any point in the investigation or thereafter.

Sec. 9. Minnesota Statutes 1990, section 13.83, subdivision 8, is amended to read:

**Subd. 13. [ACCIDENT REPORTS CONFIDENTIAL.]** All written reports and supplemental reports required under this section to be provided to the department of public safety shall be without prejudice to the individual so reporting and shall be for the confidential use of the department of public safety and other appropriate state, federal, county, and municipal governmental agencies for accident analysis purposes, except that the department of public safety or any law enforcement department of any municipality or county in this state shall, upon written request of any person involved in an accident or upon written request of the representative of the person's estate, surviving spouse, or one or more surviving next of kin, or a trustee appointed pursuant to section 573.02, disclose to the requester, the requester's legal counsel or a representative of the requester's insurer any information contained therein except the parties' version of the accident as set out in the written report filed by the parties or may disclose identity of a person involved in an accident when the identity is not otherwise known or when the person denies presence at the accident. No report shall be used as evidence in any trial, civil or criminal, arising out of an accident, except that the department of public safety shall furnish upon the demand of any person who has, or claims to have, made a report, or, upon demand of any court, a certificate showing that a specified accident report has or has not been made to the department of public safety solely to prove a compliance or a failure to comply with the requirements that the report be made to the department of public safety. Disclosing any information contained in any accident report, except as provided herein, is unlawful and a misdemeanor.

Nothing herein shall be construed to prevent any person who has made a report pursuant to this chapter from providing information to any persons involved in an accident or their representatives or from testifying in any trial, civil or criminal, arising out of an accident, as to facts within the person's knowledge. It is intended by this subdivision to render privileged

the reports required but it is not intended to prohibit proof of the facts to which the reports relate. ~~Legally qualified newspaper publications and licensed radio and television stations shall upon request to a law enforcement agency be given an oral statement covering only the time and place of the accident, the names, addresses, and dates of birth of the parties involved, whether a citation was issued, and if so, what it was for, and whether the parties involved were wearing seat belts, and a general statement as to how the accident happened without attempting to fix liability upon anyone, but said legally qualified newspaper publications and licensed radio and television stations shall not be given access to the hereinbefore mentioned confidential reports, nor shall any such statements or information so orally given be used as evidence in any court proceeding, but shall merely be used for the purpose of a proper publication or broadcast of the news. Response or incident data may be released pursuant to section 13.82, subdivision 4.~~

When these reports are released for accident analysis purposes the identity of any involved person shall not be revealed. Data contained in these reports shall only be used for accident analysis purposes, except as otherwise provided by this subdivision. Notwithstanding other provisions of this subdivision to the contrary, the commissioner of public safety shall give to the commissioner of transportation the name and address of a carrier subject to section 221.031 that is named in an accident report filed under subdivision 7 or 8. The commissioner of transportation may not release the name and address to any person. The commissioner shall use this information to enforce accident report requirements under chapter 221. (a) *Except for records relating to an offense where proceedings are public under section 260.155, subdivision 1, peace officers' records of children shall be kept separate from records of persons 18 years of age or older and shall not be open to public inspection or their contents disclosed to the public except (1) by order of the juvenile court, (2) as required by section 126.036, (3) as authorized under section 13.82, subdivision 2, or (4) to the child's parent or guardian unless disclosure of a record would interfere with an ongoing investigation; except that traffic investigation reports may be open to inspection by a person who has sustained physical harm or economic loss as a result of the traffic accident, or (5) as provided in paragraph (d).* Except as provided in paragraph (c), no photographs of a child taken into custody may be taken without the consent of the juvenile court unless the child is alleged to have violated section 169.121 or 169.129. Any person violating any of the provisions of this subdivision shall be guilty of a misdemeanor.

(b) Nothing in this subdivision prohibits the exchange of information by law enforcement agencies if the exchanged information is pertinent and

(c) The commissioner of corrections may photograph juveniles whose legal custody is transferred to the commissioner. Photographs of juveniles authorized by this paragraph may be used only for institution management purposes and to assist law enforcement agencies to apprehend juvenile offenders. The commissioner shall maintain photographs of juveniles in the same manner as juvenile court records and names under this section.

*(d) Traffic investigation reports are open to inspection by a person who has sustained physical harm or economic loss as a result of the traffic accident. Identifying information on juveniles who are parties to traffic accidents may be disclosed as authorized under section 13.82, subdivision 4, unless the information would identify a juvenile who was taken into custody or who is suspected of committing an offense that would be a crime if committed by an adult, or would associate a juvenile with the offense, and the offense is not a minor traffic offense under section 260.193.*

Sec. 13. Minnesota Statutes 1990, section 383B.225, subdivision 6, is amended to read:

[INVESTIGATION PROCEDURE.] (a) Upon notification of the death of any person, as provided in subdivision 5, the county medical examiner or a designee may proceed to the body, take charge of it, and order, when necessary, that there be no interference with the body or the scene of death. Any person violating the order of the examiner is guilty of a misdemeanor. The examiner or the examiner's designee shall make inquiry regarding the cause and manner of death and prepare written findings together with the report of death and its circumstances, which shall be filed in the office of the examiner. When it appears that death may have resulted from a criminal act and that further investigation is advisable, a copy of the report shall be transmitted to the county attorney. The examiner may take possession of all property of the deceased, mark it for identification, and make an inventory. The examiner shall take possession of all articles useful in establishing the cause of death, mark them for identification and retain them securely until they are no longer needed for evidence or investigation. The examiner shall release any property or articles needed for any criminal investigation to law enforcement officers conducting the investigation. When a reasonable basis exists for not releasing property or articles to law enforcement officers, the examiner shall consult with the county attorney. If the county attorney determines that a reasonable basis exists for not releasing the property or articles, the examiner may retain them. The property or articles shall be returned immediately upon completion of the investigation. When the property or articles are no longer needed for the investigation or as evidence, the examiner shall release the property or articles to the person or persons entitled to them. Notwithstanding any other law to the contrary, when personal property of a decedent has come into the possession of the examiner, and is not used for a criminal investigation or as evidence, and has not been otherwise released as provided in this subdivision, the name of the decedent shall be filed with the probate court, together with a copy of the inventory of the decedent's property. At that time, an examination of the records of the probate court shall be made to determine whether a will has been admitted to probate or an administration has been commenced. Property of a nominal value, including wearing apparel, may be released to the spouse or any blood relative of the decedent or to the person accepting financial responsibility for burial of the decedent.

If property has not been released by the examiner and no will has been admitted to probate or administration commenced within six months after death, the examiner shall sell the property at a public auction upon notice and in a manner as the probate court may direct. If the name of the decedent is not known, the examiner shall inventory the property of the decedent and after six months may sell the property at a public auction. The examiner shall be allowed reasonable expenses for the care and sale of the property and shall deposit the net proceeds of the sale with the county administrator, or the administrator's designee, in the name of the decedent, if known. If the decedent is not known, the examiner shall establish a means of identifying the property of the decedent with the unknown decedent and shall deposit the net proceeds of the sale with the county administrator, or a designee, so, that, if the unknown decedent's identity is established within six years, the proceeds can be properly distributed. In either case, duplicate receipts shall be provided to the examiner, one of which shall be filed with the court, the other of which shall be retained in the office of the examiner. If a representative shall qualify within six years from the time of deposit, the county administrator, or a designee, shall pay the amount of the deposit to the representative upon order of the court. If no order is made within six years, the proceeds of the sale shall become a part of the general revenue of the county.

#### “ARTICLE 1

Section 1. Minnesota Statutes 1990, section 144A.071, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983, or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, “commenced construction” means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner’s satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the

exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules;

(f) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration;

(g) to license or certify beds in a new facility constructed to replace a facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:

(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

(h) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project recommended for approval by the interagency board for quality assurance under section 144A.073;

(k) to license nursing home beds in a hospital facility that are relocated from a different hospital facility under common ownership or affiliation, provided: (1) the nursing home beds are not certified for participation in the medical assistance program; and (2) the relocation of nursing home beds

under this clause should not exceed a radius of six miles;

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings, from a hospital-attached nursing home to the hospital building, or from a separate nursing home to a building formerly used as a hospital, provided the original nursing home building will no longer be operated as a nursing home and the building to which the beds are moved will no longer be operated as a hospital. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation. At the time of the licensure and certification of the nursing home beds, the commissioner of health shall delicense the same number of acute care beds within the existing complex of hospital buildings or building. Relocation of nursing home beds under this clause is subject to the limitations in section 144A.073, subdivision 5;

(m) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds;

(n) to license new nursing home beds in a continuing care retirement community affiliated with a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its residents from outside the state for the purpose of meeting contractual obligations to residents of the retirement community, provided the facility makes a written commitment to the commissioner of human services that it will not seek medical assistance certification for the new beds;

(o) to certify or license new beds in a new facility on the Red Lake Indian Reservation for which payments will be made under the Indian Health Care Improvement Act, Public Law Number 94-437, at the rates specified in United States Code, title 42, section 1396d(b);

(p) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure and if the cost of any remodeling of the facility does not exceed ten percent of the appraised value of the facility or \$200,000, whichever is less. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase in the future. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(q) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of Saint Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this clause;

(r) to license and certify nursing home beds to replace currently licensed

and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements; or

(s) to license or certify beds that are moved from a nursing home to a separate facility under common ownership or control that was formerly licensed as a hospital and is currently licensed as a nursing facility and that is located within eight miles of the original facility, provided the original nursing home building will no longer be operated as a nursing home. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation; or

*(t) to license and certify as a skilled nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the facility can meet skilled nursing facility licensing standards without an increase in staffing or property costs and the commissioner of human services certifies to the commissioner of health that licensing and certifying the facility as a skilled nursing facility will result in a savings in the medical assistance program.*

Sec. 2. Minnesota Statutes 1990, section 144A.31, subdivision 4, is amended to read:

Subd. 4. [ENFORCEMENT.] (a) The board shall develop and recommend for implementation effective methods of enforcing quality of care standards. The board shall develop and monitor, and the commissioner of human services shall implement, a resident relocation plan that instructs a county in which a nursing home or certified boarding care home is located of procedures to ensure that the needs of residents in nursing homes or certified boarding care homes about to be closed are met. The duties of a county under the relocation plan also apply when residents are to be discharged from a nursing home or certified boarding care home as a result of a change in certification, closure, or loss or termination of the facility's medical assistance provider agreement. The resident relocation plans and county duties required in this subdivision apply to the voluntary or involuntary closure, or reduction in services or size of, an intermediate care facility for the mentally retarded. The relocation plan for intermediate care facilities for the mentally retarded must conform to Minnesota Rules, parts 4655.6810 to 4655.6830, 9525.0015 to 9525.0165, and 9546.0010 to 9546.0060, or their successors. The commissioners of health and human services may waive a portion of existing rules that the commissioners determine does not apply to persons with mental retardation or related conditions. The

county shall ensure appropriate placement of residents in licensed and certified facilities or other alternative care such as home health care and foster care placement. In preparing for relocation, the board shall ensure that residents and their families or guardians are involved in planning the relocation.

*(b) In emergency situations, the commissioner of human services may transfer existing intermediate care facility for persons with mental retardation or related conditions beds, relocate residents, and establish an interim payment rate under the procedures contained in Minnesota Rules, part 9553.0075, for up to two years, as necessary to ensure the replacement of the original services for the residents. The payment rate must be based on projected costs and is subject to settle up. An emergency situation exists when it appears to the commissioner of human services that the health, safety, or welfare of residents may be in jeopardy due to imminent or actual loss of use of the physical plant or damage to the physical plant making it temporarily or permanently uninhabitable. The subsequent rate for a facility providing services for the same resident following the temporary emergency situation must be based upon the costs incurred during the interim period if the residents are permanently placed in the same facility. If the residents need to be relocated for permanent placements, the temporary emergency location must close and the procedures for establishing rates for newly constructed or newly established facilities must be followed. This provision regarding emergency situations does not apply to facilities placed in receivership by the commissioner of human services under section 245A.12 or 245A.13, or facilities that have rates set under section 252.292, subdivision 4, or to relocations of residents to existing facilities.*

Sec. 3. Minnesota Statutes 1990, section 252.46, subdivision 14, is amended to read:

Subd. 14. [PILOT STUDY.] The commissioner may initiate a pilot payment rate system under section 252.47. The pilot project may establish training and demonstration sites. The pilot payment rate system must include actual transfers of funds, not simulated transfers. The pilot payment rate system may involve up to four counties and four vendors representing different geographic regions and rates of reimbursement. Participation in the pilot project is voluntary. Selection of participants by the commissioner is based on the vendor's submission of a complete application form provided by the commissioner. The application must include letters of agreement from the host county, counties of financial responsibility, and residential service providers. Evaluation of the pilot project must include consideration of the effectiveness of procedures governing establishment of equitable payment rates. Implementation of the pilot payment rate system is contingent upon federal approval and systems feasibility. The policies and procedures governing administration, participation, evaluation, service utilization, and payment for services under the pilot payment rate system are not subject to the rulemaking requirements of chapter 14.

Sec. 4. Minnesota Statutes 1990, section 252.478, subdivision 1, is amended to read:

Subdivision 1. [ESTABLISHMENT OF PROGRAM METRO TRANSPORTATION SUPPORT GRANTS.] The commissioner of human services shall establish and operate a metro transportation support grants program to provide reimbursement for client transportation by metro mobility, or cost-effective alternatives, to day training and habilitation services for which

client transportation is a required and funded component, and to maximize use of federal funds for this reimbursement. A metro transportation support grants account shall be established in the department of human services chart of accounts.

Sec. 5. Minnesota Statutes 1990, section 252.478, subdivision 3, is amended to read:

Subd. 3. [COUNTY SHARE.] The county share of the metro transportation support grants program costs will be distributed by the department to all metropolitan counties from the metro transportation support grants account: ~~For state fiscal year 1991, the funds transferred from the regional transit board to this account shall be distributed to: Ramsey county, 48 percent; Hennepin county, 46 percent; Dakota county, five percent; and Anoka county, one percent. For subsequent fiscal years, funds shall be distributed annually based on each county's percentage of total expenses incurred for trips provided on metro mobility to and from day training and habilitation services during the preceding 12-month period. in amounts not to exceed those received by the counties and used for increased expenses incurred for trips provided on metro mobility during fiscal year 1991. Counties must recommend decreases to the payment rates for vendors whose transportation costs decrease with use of cost-effective alternatives.~~ Counties should deposit these funds into the program accounts that will incur the transportation expenses.

Sec. 6. Minnesota Statutes 1990, section 256B.0641, is amended by adding a subdivision to read:

Subd. 3. [EXCEPTION.] *Subdivision 2 does not apply to the change of ownership of a facility to a nonrelated organization while the facility to be sold, transferred, or reorganized is in receivership under section 245A.12 or 245A.13, and the commissioner during the receivership has not determined the need to place residents of the facility into a newly constructed or newly established facility. Nothing in this subdivision limits the liability of a former owner.*

Sec. 7. Minnesota Statutes 1990, section 256B.431, subdivision 21, is amended to read:

Subd. 21. [INFLATION ADJUSTMENTS AFTER JULY 1, 1990.] (a) For rate years beginning on or after July 1, 1990, the forecasted composite price index for a nursing home's allowable operating cost per diems shall be determined using Data Resources, Inc., forecast for change in the Nursing Home Market Basket. The commissioner of human services shall use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the calendar year preceding the rate year.

(b) *For rate years beginning on or after July 1, 1992, the commissioner shall index the prior year's operating cost limits by the percentage change in the Data Resources, Inc., nursing home market basket between the midpoint of the current reporting year and the midpoint of the previous reporting year. The commissioner shall use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the calendar year preceding the rate year.*

Sec. 8. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 2m. [WORKERS' COMPENSATION SAVINGS TO BE USED FOR

**SALARY INCREASE.]** *Any reduction in workers' compensation costs experienced by a nursing home between April 1, 1991, and July 1, 1993, must be used to provide salary increases and related personnel costs for positions below top management. The salary increase must be in addition to salary increases that would be provided using the prospective rate adjustment for inflation in salary and related personnel costs. Any portion of amount of the reduction in a facility's workers' compensation costs that is not accompanied by a corresponding salary increase attributable to that reduction is not an allowable cost in the reporting year.*

Sec. 9. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

**Subd. 2n. [SPECIAL PAYMENT RATES FOR SHORT-STAY FACILITIES.]** *Notwithstanding contrary provisions of this section and rules adopted by the commissioner, for the rate years beginning on and after July 1, 1992, a nursing facility whose average length of stay for the rate year beginning July 1, 1991, is less than 180 days must be reimbursed at 125 percent of the facility's care-related limit and 105 percent of the facility's other-operating-cost limit. The facility continues to receive this rate even if the facility's average length of stay is less than 180 days in rate years subsequent to the rate year beginning July 1, 1991.*

Sec. 10. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

**Subd. 2o. [FACILITIES SPECIALIZING IN THE TREATMENT OF HUNTINGTON'S DISEASE.]** *The commissioner shall reimburse facilities that specialize in the treatment of Huntington's disease using the reimbursement methods that apply to facilities licensed under the department of human services' rules governing residential services for physically handicapped persons.*

Sec. 11. Minnesota Statutes 1990, section 256B.431, subdivision 3f, is amended to read:

**Subd. 3f. [PROPERTY COSTS AFTER JULY 1, 1988.]** (a) **[INVESTMENT PER BED LIMIT.]** *For the rate year beginning July 1, 1988, the replacement-cost-new per bed limit must be \$32,571 per licensed bed in multiple bedrooms and \$48,857 per licensed bed in a single bedroom. For the rate year beginning July 1, 1989, the replacement-cost-new per bed limit for a single bedroom must be \$49,907 adjusted according to Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1). For the rate year beginning July 1, 1991, the replacement-cost-new per bed limit must be \$47,500 per licensed bed in a multiple-bed room and \$71,250 per licensed bed in a single-bed room. Beginning January 1, 1990-1992, the replacement-cost-new per bed limits must be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1), except that the index utilized must be the Bureau of the Census composite fixed-weighted price index as published in the survey of current business.*

(b) **[RENTAL FACTOR.]** *For the rate year beginning July 1, 1988, the commissioner shall increase the rental factor as established in Minnesota Rules, part 9549.0060, subpart 8, item A, by 6.2 percent rounded to the nearest 100th percent for the purpose of reimbursing nursing homes for soft costs and entrepreneurial profits not included in the cost valuation services used by the state's contracted appraisers. For rate years beginning on or after July 1, 1989, the rental factor is the amount determined under this*

paragraph for the rate year beginning July 1, 1988.

(c) [OCCUPANCY FACTOR.] For rate years beginning on or after July 1, 1988, in order to determine property-related payment rates under Minnesota Rules, part 9549.0060, for all nursing homes except those whose average length of stay in a skilled level of care within a nursing home is 180 days or less, the commissioner shall use 95 percent of capacity days. For a nursing home whose average length of stay in a skilled level of care within a nursing home is 180 days or less, the commissioner shall use the greater of resident days or 80 percent of capacity days but in no event shall the divisor exceed 95 percent of capacity days.

(d) [EQUIPMENT ALLOWANCE.] For rate years beginning on July 1, 1988, and July 1, 1989, the commissioner shall add ten cents per resident per day to each nursing home's property-related payment rate. The ten-cent property-related payment rate increase is not cumulative from rate year to rate year. For the rate year beginning July 1, 1990, the commissioner shall increase each nursing home's equipment allowance as established in Minnesota Rules, part 9549.0060, subpart 10, by ten cents per resident per day.

For rate years beginning on or after July 1, 1991, the adjusted equipment allowance must be adjusted annually for inflation as in Minnesota Rules, part 9549.0060, subpart 10, item E.

(e) [POST CHAPTER 199 RELATED-ORGANIZATION DEBTS AND INTEREST EXPENSE.] For rate years beginning on or after July 1, 1990, Minnesota Rules, part 9549.0060, subpart 5, item E, shall not apply to outstanding related organization debt incurred prior to May 23, 1983, provided that the debt was an allowable debt under Minnesota Rules, parts 9510.0010 to 9510.0480, the debt is subject to repayment through annual principal payments, and the nursing home demonstrates to the commissioner's satisfaction that the interest rate on the debt was less than market interest rates for similar arms-length transactions at the time the debt was incurred. If the debt was incurred due to a sale between family members, the nursing home must also demonstrate that the seller no longer participates in the management or operation of the nursing home. Debts meeting the conditions of this paragraph are subject to all other provisions of Minnesota Rules, parts 9549.0010 to 9549.0080.

(f) [BUILDING CAPITAL ALLOWANCE FOR NURSING HOMES WITH OPERATING LEASES.] For rate years beginning on or after July 1, 1990, a nursing home with operating lease costs incurred for the nursing home's buildings shall receive its building capital allowance computed in accordance with Minnesota Rules, part 9549.0060, subpart 8.

(g) [CAPITAL REPLACEMENT PER DIEM.] *For rate years beginning on or after July 1, 1991, the commissioner shall establish a capital replacement per diem for each nursing home which must be added to the property-related per diem rate paid to each provider. The capital replacement per diem shall be determined as follows:*

*(1) The annual capital replacement cost for each nursing home shall be 75 percent of the annual reported depreciation on buildings, attached fixtures, and land improvements used by the nursing home.*

*(2) The annual replacement cost from clause (1) shall be reduced by 50 percent of the excess of the nursing home's annual property-related payments, not including equipment allowance and capital replacement per*

*diems, over the nursing home's annual principal and interest payments on debt allowable for that rate year. The reduced annual replacement cost shall be no greater than \$800 times the number of licensed beds of the nursing home and not less than \$200 times the number of licensed beds of the nursing home. For purposes of this clause, the number of licensed beds shall be the number used to aggregate the applicable investment per bed limits.*

*(3) The capital replacement per diem shall be calculated by dividing the reduced annual capital replacement cost in clause (2) by the occupancy factor determined in paragraph (c).*

*(h) [CAPITAL REPLACEMENT FUND RESTRICTIONS.] The capital replacement per diem and any interest earned on the capital replacement fund must be used for the purchase or financing of new capital assets or the replacement of capital assets or payment of capitalized repairs for the nursing home, and must not be used for the purchase or replacement of movable equipment. A separate capital replacement fund balance must be calculated and reported for each facility. Any amounts received during the cost reporting period as capital replacement per diem not used for the purposes stated above must be allocated to that fund and the fund's balance must be reported on the facility's cost report. If a provider does not allocate and report the required amount in the fund, the provider's capital replacement per diem for the next rate year shall be reduced by the amount necessary to recover the difference between the amount actually allocated to the fund and the required amount. Interest income on the capital replacement fund shall not be offset against the provider's rates. The capital replacement fund and any interest accrued or money earned on the fund shall remain the property of the nursing home regardless of sale, transfer, change of ownership, merger, consolidation, or reorganization. In cases where a dissolution of ownership occurs or the facility discontinues operation as a nursing facility, the fund and any interest accrued or money earned must be paid to the state general fund and deposited in the medical assistance account. For a licensed provider with an operating lease on the nursing home, the capital replacement fund and any interest accrued or money earned shall not be the property of the lessor but shall be the property of the licensed provider for the duration of the operating lease or any renewal or extension of that operating lease.*

Sec. 12. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

*Subd. 3k. [PROPERTY-RELATED PAYMENTS AFTER JUNE 30, 1991.] Notwithstanding Minnesota Rules, part 9549.0060, subparts 5 and 7, this subdivision applies to property-related payments for rate years beginning on or after July 1, 1991.*

*(a) An increase in the amount of a debt and increases in total interest expense as a result of refinancing of capital assets which occurs after May 22, 1983, shall be allowed if the refinancing either lowers the effective annual interest rate or refinances a capital debt with a balloon payment on an otherwise allowable debt. Increases in total interest expenses which result from refinancing of a capital debt with a balloon payment shall be allowed to the extent that:*

*(1) the interest rate on the refinanced debt is within the limit imposed by Minnesota Rules, part 9549.0060, subpart 6, item A;*

*(2) the refinanced debt does not exceed the balloon payment, except to*

*the extent of the costs of refinancing; and*

*(3) the term of the refinanced debt does not exceed the greater of either the term of the original debt computed as though the balloon payment did not exist or the remaining useful life of the asset as measured by the depreciation allowance found in the most recent appraisal.*

*(b) An increase in the amount of total outstanding debt and increases in interest expense on the debt incurred after May 22, 1983, as a result of a change in ownership or reorganization of provider entities shall be allowed. The appraised value determined under Minnesota Rules, part 9549.0060, subpart 5, shall not be increased solely as a result of a change in ownership or reorganization of provider entities.*

*(c) An increase in the amount of total outstanding debt and increases in interest expense incurred after May 22, 1983, shall be allowable for the costs of financing and refinancing, including points, origination fees, financing charges, legal fees, and the amortization of bond premiums or discounts.*

The interest rate on the debt must be within the limit imposed by Minnesota Rules, part 9549.0060, subpart 6, item A.*

*Interest expense on such debt incurred prior to May 22, 1983, shall also be allowable if the project was approved under Minnesota Statutes, sections 145.832 to 145.845, the Minnesota certificate of need act, prior to the effective date of its repeal, to the extent that the debt would have been allowable under the rules and statutes in effect at the time the project was approved, and if the approved project was completed after January 1, 1983.*

*(e) Any portion of the total allowable debt exceeding the appraised value as determined on or after July 1, 1985, under Minnesota Rules, part 9549.0060, subpart 5, shall not be allowed, except to the extent of the debt allowed for movable equipment under paragraph (d). For debt resulting from changes in ownership or reorganization of provider entities occurring after May 22, 1983, and prior to July 1, 1985, total allowable debt shall not exceed the lesser of that allowable under the federal Medicare limits in effect at the time of the change in ownership or reorganization of provider entities or as allowable in the event of change of ownership or reorganization of provider entities under Minnesota Rules, parts 9510.0010 to 9510.0480, at the time of the change in ownership or reorganization of the provider entities, provided that in applying Minnesota Rules, parts 9510.0010 to 9510.0480, a nursing home which has reduced licensed bed capacity after May 22, 1983, shall be allowed to:*

*(1) aggregate the applicable per bed limits based on the number of beds licensed prior to the reduction; and*

*(f) Any portion of the total allowable debt which exceeds the historical cost of the capital asset acquired shall not be allowed, except to the extent*

*of the debt allowed for costs of financing and refinancing under paragraph (c) and for movable equipment under paragraph (d).*

Sec. 13. Minnesota Statutes 1990, section 256B.50, subdivision 1d, is amended to read:

Subd. 1d. [EXPEDITED APPEAL REVIEW PROCESS.] (a) Within 120 days of the date an appeal is due according to subdivision 1b, the department shall review an appealed adjustment equal to or less than \$100 annually per licensed bed of the provider, make a determination concerning the adjustment, and notify the provider of the determination. Except as allowed in paragraph (g), this review does not apply to an appeal of an adjustment made to, or proposed on, an amount already paid to the provider. In this subdivision, an adjustment is each separate disallowance, allocation, or adjustment of a cost item or part of a cost item as submitted by a provider according to forms required by the commissioner.

(b) For an item on which the provider disagrees with the results of the determination of the department made under paragraph (a), the provider may, within 60 days of the date of the review notice, file with *both* the office of administrative hearings and the department its written argument and documents, information, or affidavits in support of its appeal. If the provider fails to make a ~~submission~~ *timely submissions* in accordance with this paragraph, the department's determinations on the disputed items must be upheld.

(c) Within 60 days of the date the department received the provider's submission under paragraph (b), the department may file with the office of administrative hearings and serve upon the provider its written argument and documents, information, and affidavits in support of its determination. If the department fails to make a submission in accordance with this paragraph, the administrative law judge shall proceed pursuant to paragraph (d) based on the provider's submission.

(d) Upon receipt by the office of administrative hearings of the department's submission made under paragraph (c) or upon the expiration of the 60-day filing period, whichever is earlier, the chief administrative law judge shall assign the matter to an administrative law judge. The administrative law judge shall consider the submissions of the parties and all relevant rules, statutes, and case law. The administrative law judge may request additional argument from the parties if it is deemed necessary to reach a final decision, but shall not allow witnesses to be presented or discovery to be made in the proceeding. Within 60 days of receipt by the office of administrative hearings of the department's submission or the expiration of the 60-day filing period in paragraph (c), whichever is earlier, the administrative law judge shall make a final decision on the items in issue, and shall notify the provider and the department by first-class mail of the decision on each item. The decision of the administrative law judge is the final administrative decision, is not appealable, and does not create legal precedent, except that the department may make an adjustment contrary to the decision of the administrative law judge based upon a subsequent cost report amendment or field audit that reveals information relating to the adjustment that was not known to the department at the time of the final decision.

(e) For a disputed item otherwise subject to the review set forth in this subdivision, the department and the provider may mutually agree to bypass the expedited review process and proceed to a contested case hearing at

any time prior to the time for the department's submission under paragraph (c).

(f) When the department determines that ~~the appeals of two or more providers otherwise~~ *an appeal item* subject to the review set forth in this subdivision ~~present presents~~ the same or substantially the same adjustment, ~~presented in another appeal filed pursuant to this chapter,~~ the department may remove the disputed items from the review in this subdivision, and the disputed items shall proceed in accordance with subdivision 1c. The department's decision to remove the appealed adjustments to contested case proceeding is final and is not reviewable.

(g) For a disputed item otherwise subject to the review in this subdivision, the department or a provider may petition the chief administrative law judge to issue an order allowing the petitioning party to bypass the expedited review process. If the petition is granted, the disputed item must proceed in accordance with subdivision 1c. In making the determination, the chief administrative law judge shall consider the potential impact and precedential and monetary value of the disputed item. A petition for removal to contested case hearing must be filed with the chief administrative law judge and the opposing party on or before the date on which its submission is due under paragraph (b) or (c). Within 20 days of receipt of the petition, the opposing party may submit its argument opposing the petition. Within 20 days of receipt of the argument opposing the petition, or if no argument is received, within 20 days of the date on which the argument was due, the chief administrative law judge shall issue a decision granting or denying the petition. If the petition is denied, the petitioning party has 60 days from the date of the denial to make a submission under paragraph (b) or (c).

(h) The department and a provider may mutually agree to use the procedures set forth in this subdivision for any disputed item not otherwise subject to this subdivision.

(i) Nothing shall prevent either party from making its submissions and arguments under this subdivision through a person who is not an attorney.

(j) This subdivision applies to all appeals for rate years beginning after June 30, 1988.

Sec. 14. Minnesota Statutes 1990, section 256B.501, is amended by adding a subdivision to read:

*Subd. 2a. [WORKERS' COMPENSATION SAVINGS TO BE USED FOR SALARY INCREASE.] Any reduction in workers' compensation costs experienced by an intermediate care facility for persons with mental retardation and related conditions between April 1, 1991, and July 1, 1993, must be used to provide salary increases and related personnel costs for positions below top management. The salary increase must be in addition to salary increases that would be provided using the prospective rate adjustment for inflation in salary and related personnel costs. Any portion of amount of the reduction in a facility's workers' compensation costs that is not accompanied by a corresponding salary increase attributable to that reduction is not an allowable cost in the reporting year.*

Sec. 15. Minnesota Statutes 1990, section 256B.501, subdivision 11, is amended to read:

*Subd. 11. [INVESTMENT PER BED LIMITS, INTEREST EXPENSE LIMITATIONS, AND ARMS-LENGTH LEASES.] (a) The provisions of*

Minnesota Rules, part 9553.0075, except as modified under this subdivision, shall apply to newly constructed or established facilities that are certified for medical assistance on or after May 1, 1990.

(b) For purposes of establishing payment rates under this subdivision and Minnesota Rules, parts 9553.0010 to 9553.0080, the term "newly constructed or newly established" means a facility (1) for which a need determination has been approved by the commissioner under sections 252.28 and 252.291; (2) whose program is newly licensed under Minnesota Rules, parts 9525.0215 to 9525.0355, and certified under Code of Federal Regulations, title 42, section 442.400, et seq.; and (3) that is part of a proposal that meets the requirements of section 252.291, subdivision 2, paragraph (2). The term does not include a facility for which a need determination was granted solely for other reasons such as the relocation of a facility; a change in the facility's name, program, number of beds, type of beds, or ownership; or the sale of a facility, unless the relocation of a facility to one or more service sites is the result of a closure of a facility under section 252.292, in which case clause (3) shall not apply. The term does include a facility that converts more than 50 percent of its licensed beds from class A to class B residential or class B institutional to serve persons discharged from state regional treatment centers on or after May 1, 1990, in which case clause (3) does not apply.

(c) Newly constructed or newly established facilities that are certified for medical assistance on or after May 1, 1990, shall be allowed the capital asset investment per bed limits as provided in clauses (1) to (4).

(1) The 1990 calendar year investment per bed limit for a facility's land must not exceed \$5,700 per bed for newly constructed or newly established facilities in Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, Carver, Chisago, Isanti, Wright, Benton, Sherburne, Stearns, St. Louis, Clay, and Olmsted counties, and must not exceed \$3,000 per bed for newly constructed or newly established facilities in other counties.

(2) The 1990 calendar year investment per bed limit for a facility's depreciable capital assets must not exceed \$44,800 for class B residential beds, and \$45,200 for class B institutional beds.

(3) The investment per bed limit in clause (2) must not be used in determining the three-year average percentage increase adjustment in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (4), for facilities that were newly constructed or newly established before May 1, 1990.

(4) The investment per bed limits in clause (2) and Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (2), shall be adjusted annually beginning January 1, 1991, and each January 1 following, as provided in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (2), *except that the index utilized must be the Bureau of Census composite fixed-weighted price index as published in the survey of current business.*

(d) A newly constructed or newly established facility's interest expense limitation as provided for in Minnesota Rules, part 9553.0060, subpart 3, item F, on capital debt for capital assets acquired during the interim or settle-up period, shall be increased by 2.5 percentage points for each full .25 percentage points that the facility's interest rate on its mortgage is below the maximum interest rate as established in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2). For all following rate periods, the interest expense limitation on capital debt in Minnesota Rules, part

9553.0060, subpart 3, item F, shall apply to the facility's capital assets acquired, leased, or constructed after the interim or settle-up period. If a newly constructed or newly established facility is acquired by the state, the limitations of this paragraph and Minnesota Rules, part 9553.0060, subpart 3, item F, shall not apply.

(e) If a newly constructed or newly established facility is leased with an arms-length lease as provided for in Minnesota Rules, part 9553.0060, subpart 7, the lease agreement shall be subject to the following conditions:

(1) the term of the lease, including option periods, must not be less than 20 years;

(2) the maximum interest rate used in determining the present value of the lease must not exceed the lesser of the interest rate limitation in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2), or 16 percent; and

(3) the residual value used in determining the net present value of the lease must be established using the provisions of Minnesota Rules, part 9553.0060.

(f) All leases of the physical plant of an intermediate care facility for the mentally retarded shall contain a clause that requires the owner to give the commissioner notice of any requests or orders to vacate the premises 90 days before such vacation of the premises is to take place. In the case of unlawful detainer actions, the owner shall notify the commissioner within three days of notice of an unlawful detainer action being served upon the tenant. The only exception to this notice requirement is in the case of emergencies where immediate vacation of the premises is necessary to assure the safety and welfare of the residents. In such an emergency situation, the owner shall give the commissioner notice of the request to vacate at the time the owner of the property is aware that the vacating of the premises is necessary. This section applies to all leases entered into after May 1, 1990. Rentals set in leases entered into after that date that do not contain this clause are not allowable costs for purposes of medical assistance reimbursement.

(g) A newly constructed or newly established facility's preopening costs are subject to the provisions of Minnesota Rules, part 9553.0035, subpart 12, and must be limited to only those costs incurred during one of the following periods, whichever is shorter:

(1) between the date the commissioner approves the facility's need determination and 30 days before the date the facility is certified for medical assistance; or

(2) the 12-month period immediately preceding the 30 days before the date the facility is certified for medical assistance.

Subd. 4. [CORRECTION ORDERS.] Whenever a duly authorized representative of the commissioner of health finds upon inspection of a nursing home, that the facility or a controlling person or an employee of the facility is not in compliance with sections 144.651, 144A.01 to 144A.16, or 626.557 or the rules promulgated thereunder, a correction order shall be

issued to the facility. The correction order shall state the deficiency, cite the specific rule or statute violated, state the suggested method of correction, and specify the time allowed for correction. If the commissioner finds that the nursing home had uncorrected or repeated violations which create a risk to resident care, safety, or rights, the commissioner shall notify the commissioner of human services who shall ~~(1) review reimbursement to the nursing home to determine the extent to which the state has paid for substandard care and, (2) furnish the findings and disposition to the commissioner of health within 30 days of notification~~ require the facility to use any efficiency incentive payments received under section 256B.431, subdivision 2b, paragraph (d), to correct the violations and shall require the facility to forfeit incentive payments for failure to correct the violations as provided in section 256B.431, subdivision 2p.

Upon being notified by the commissioner of health of uncorrected or repeated violations, the commissioner of human services shall require the facility to use efficiency incentive payments to correct the violations. The commissioner of human services shall require the facility to forfeit efficiency incentive payments for failure to correct the violations. Any forfeiture shall be limited to the amount necessary to correct the violation.*

### ARTICLE 3

#### Section 1. [DAY TRAINING AND HABILITATION RATE VARIANCES.]

*Notwithstanding Minnesota Statutes, section 252.46, subdivision 6, the commissioner of human services may grant a day training and habilitation rate variance only if the increase is necessary to demonstrate compliance with minimum licensing standards and the request for a variance satisfies all of the criteria in Minnesota Statutes, section 252.46, subdivision 6, other than clause (3). The commissioner shall not grant a variance to provide community integrated and supported employment services.*

#### Sec. 2. [HOSPITAL PEER GROUPS.]

*(a) Paragraph (b) applies to medical assistance payments to hospitals and supercedes any inconsistent provisions of Minnesota Statutes, sections 256.9685 to 256.969.*

*(b) For admissions occurring after the transition period specified in Minnesota Statutes, section 256.9695, subdivision 3, operating payment rates of each hospital shall be limited to the operating payment level within its peer group so that the statewide operating payment level is reduced by 4.5 percent. For subsequent rate years, the limits shall be adjusted by the hospital cost index. The commissioner shall contract for the development of criteria for and the establishment of the peer groups. Peer groups must be established based on variables that affect medical assistance cost such as scope and intensity of services, acuity of patients, location, and capacity. Rates shall be standardized by the case mix index and adjusted, if applicable, for the variable outlier percentage. The peer groups may exclude and have separate limits or be standardized for operating cost differences that are not common to all hospitals in order to establish a minimum number of groups.*

#### Sec. 3. [MEDICAL ASSISTANCE COVERAGE OF DENTAL SERVICES.]

*Notwithstanding Minnesota Statutes, section 256B.0625, subdivision 9, medical assistance only covers dental services for children under age 18, and dental services not to exceed \$150 annually for adults.*

#### Sec. 4. [MEDICAL ASSISTANCE COVERAGE OF SPECIAL TRANSPORTATION.]

*For medical assistance coverage of special transportation under Minnesota Statutes, section 256B.0625, subdivision 17, the commissioner of human services shall establish maximum medical assistance reimbursement rates for special transportation services for persons who need a wheelchair lift van or stretcher-equipped vehicle and for those who do not need a wheelchair lift van or stretcher-equipped vehicle. The average of these two rates must not exceed \$12.50 for the base rate and 60 cents per mile.*

**Sec. 5. [NURSING HOME WORKERS' COMPENSATION COSTS.]**

*Notwithstanding contrary provisions of Minnesota Statutes, section 256B.431, in determining medical assistance payments to nursing facilities, the commissioner must reduce the workers' compensation cost during the reporting year for each nursing facility by 16 percent for the purposes of computing the payment rates for the rate year beginning July 1, 1991, and for the first nine months of the rate year beginning July 1, 1992. For any nursing facility that cannot separately report the workers' compensation costs, the commissioner shall determine the amount of the workers' compensation costs to be reduced by identifying the nursing facility's portion of total workers' compensation costs by applying the individual Medicare stepdowns which the nursing facility used to allocate its payroll taxes and fringe benefits and multiplying that amount by 16 percent.*

**Sec. 6. [NURSING HOME COST LIMITS.]**

*(a) The provisions in paragraphs (b) to (e) apply to medical assistance payments to nursing facilities and supercede any inconsistent provisions in Minnesota Statutes, section 256B.431.*

*(b) [OTHER OPERATING COST LIMITS.] For the rate year beginning July 1, 1991, the commissioner, in conjunction with the rebasing for the reporting year September 30, 1990, shall establish the other-operating-cost limits in Minnesota Rules, part 9549.0055, subpart 2, item E, at 108 percent of the median of the array of allowable historical other-operating-cost per diems. The limits must be established according to Minnesota Statutes, section 256B.431, subdivision 2b, paragraph (d). For rate years beginning on or after July 1, 1992, the adjusted other-operating-cost limits must be indexed as in Minnesota Statutes, section 256B.431, subdivision 2l.*
