A year of service by a qualified person after the person elects to participate in the plan, or after January 1, 1992, whichever is later, is equal to two units. If a qualified person has service that would have qualified before the date of election of participation or January 1, 1992, whichever is later, the person must receive an additional one-fifth of a unit per year of that service for a maximum of five years, except that the person cannot receive credit for any year in which contributions were made by an ambulance service on the person's behalf under sections 353D.03 and 353D.04.*

*Subd. 3. [ALLOCATION.] The money available for allocation must be divided by the total number of units associated with qualified personnel to determine the dollar value of a unit. A qualified person is entitled to have deposited on the person's behalf in the person's individual account an amount equal to the dollar value of a unit multiplied by the person's number of units credited for that year under subdivision 2, paragraph (d).*

Sec. 9. Minnesota Statutes 1990, section 353D.05, is amended to read:  
353D.05 [INVESTMENT OF FUNDS.]

Subdivision 1. [INVESTMENT.] Employing unit contributions under section 353D.03, and ambulance service personnel incentive allocations under section 8, after the deduction of an amount for administrative

expenses, and individual participant contributions must be remitted to the state board of investment for investment in the Minnesota supplemental investment fund established by section 11A.17.

Subd. 2. [INVESTMENT OPTIONS.] (a) An individual participant may elect to purchase shares in the income share account, the growth share account, the money market account, the bond market account, the guaranteed return account, or the common stock index account established by section 11A.17, or a combination of those accounts. The participant may elect to purchase shares in a combination of those accounts by specifying the percentage of the *total contributions and ambulance service personnel incentive allocation* to be used to purchase shares in each of the accounts.

(b) Twice in a calendar year, a participant may indicate in writing a choice of options for subsequent purchases of shares. After a choice is made, until the participant makes a different written indication, the executive director of the association shall purchase shares in the supplemental investment fund or funds specified by the participant. If no initial option is indicated by a participant, the executive director shall invest all contributions made by or on behalf of a participant in the income share account. A choice of investment options is effective no later than the first pay date occurring more than 30 days after receipt of the written choice of options.

(c) One month before the start of a new guaranteed investment contract, a participant may elect to transfer all or a portion of the participant's shares previously purchased in the income share, growth share, common stock index, bond market, or money market accounts to the new guaranteed investment contract in the guaranteed return account. If a partial transfer is made, a minimum of \$200 must be transferred and a minimum balance of \$200 must remain in the previously selected investment options. Upon expiration of a guaranteed investment contract, the participant's shares attributable to that contract must be transferred to a new guaranteed investment contract unless the executive director is otherwise directed by the participant. Shares in the guaranteed return account may not be withdrawn from the fund or transferred to another account until the guaranteed investment contract has expired, unless the participant qualifies for a benefit payment under section 353D.07.

(d) Twice in a calendar year, a participant or former participant may also change the investment options selected for all or a portion of the individual's previously purchased shares in accounts other than the guaranteed return account. If a partial transfer of previously purchased shares is selected, a minimum of \$200 must be transferred and a minimum balance of \$200 must remain in the previously selected investment option. A change under this paragraph is effective as soon as cash flow to an account permits, but not later than six months from the requested change.

Subd. 3. [ADMINISTRATIVE EXPENSES.] The public employees retirement association may deduct an amount, ~~set annually by the executive director of the association, but not to exceed two percent of the employing unit contributions to the plan,~~ to defray the expenses of the association in administering the plan. *The amount must be set annually by the executive director of the association, but not to exceed two percent of the total amount of the employing unit contributions to the plan and the ambulance service personnel incentive allocation received by the plan.*

Sec. 10. [353D.051] [VESTING FOR INCENTIVE ASSOCIATIONS.]

(a) Sixty months of service credit, accumulated after the date on which the person elects to participate in the plan, are required for vesting of retirement benefits under section 353D.07, other than on account of death, that are derived from ambulance service personnel incentive allocations under section 8. These 60 months must be accumulated within 120 months of the first month of service credit earned after the date on which the person elects to participate in the plan. No minimum period of service is required for vesting of benefits under section 353D.07, on account of death, that are derived from ambulance service personnel incentive allocations under section 8, once the person has elected to participate in the plan. Upon completion of 60 months of service under the plan with one or more participating ambulance services, a participant terminating active service is entitled to receive the value of the participant's individual account as provided in section 353D.07.

(b) Amounts derived from ambulance service personnel incentive allocations under section 8 that are credited to a person's account are forfeited at the end of the 120th month after the first month of service credit earned after the date on which the person elects to participate in the plan, if the person does not have 60 months of service credit at that time. Funds forfeited must be added to the emergency medical services personnel account for the subsequent January 1 allocation under section 8.

Sec. 11. Minnesota Statutes 1990, section 353D.06, is amended to read:

**353D.06 [REPORTING.]**

The executive director of the public employees retirement association shall prescribe the reporting forms required from employing units and the election forms required from participants. Reporting forms must contain names, identification numbers, amount of contribution by and on behalf of each participant, and such other data as is required to keep an accurate record of the account value of each participant and to determine eligibility for aid allocations of ambulance service personnel incentive amounts under chapter 353D.

**Sec. 12. [353D.091] [FEDERAL REQUIREMENTS.]**

*Subdivision 1. *Subd. 2. [REPORT TO LEGISLATURE.] The executive director shall immediately report the results of each determination to the chairs of the senate governmental operations committee, house of representatives governmental operations committee, and legislative commission on pensions and retirement.*

*Subd. 3. [IMPLEMENTATION DELAY.] The association shall not credit*

*participants with service units nor transfer money from the emergency medical services personnel account under section 8, subdivision 1, into individual accounts unless written notification is received from:*

*(1) the Internal Revenue Service that implementation of the incentive program does not jeopardize the tax-exempt status of the defined contribution plan or a public pension plan under section 356.30, subdivision 3; and*

*(2) the United States Department of Labor that the incentive program need not comply with federal ERISA requirements, including any requirements for tax-deferred treatment of contributions and interest earned on contributions.*

Sec. 13. [EFFECTIVE DATE.]

*If the requirements under section 12 are met by June 1992, sections 1 to 7 and 11 are effective July 1, 1992, and section 8 is effective January 1, 1993. If not, sections 1 to 12 are inoperative."*

[FAMILY FARM.] “Family farm” means any farm operation which (1) pays or is obligated to pay less than ~~\$8,000~~ \$20,000 in cash wages, exclusive of machine hire, to farm laborers for services rendered during the preceding calendar year, and (2) has total liability and medical payment coverage equal to \$300,000 and \$5,000, respectively, under a farm liability insurance policy. For purposes of this subdivision, farm laborer does not include any spouse, parent or child, regardless of age, of a farmer employed by the farmer, or any executive officer of a family farm corporation as defined in section 500.24, subdivision 2, or any spouse, parent or child, regardless of age, of such an officer employed by that family farm corporation, or other farmers in the same community or members of their families exchanging work with the employer. Notwithstanding any law to the contrary, a farm laborer shall not be considered as an independent contractor for the purposes of this chapter; provided that a commercial baler or commercial thresher shall be considered an independent contractor.

Sec. 2. Minnesota Statutes 1990, section 176.041, subdivision 1a, is amended to read:

Subd. 1a. [ELECTION OF COVERAGE.] The persons, partnerships and corporations described in this subdivision may elect to provide the insurance coverage required by this chapter.

(a) An owner or owners of a business or farm may elect coverage for themselves.

(b) A partnership owning a business or farm may elect coverage for any partner.

(c) A family farm corporation as defined in section 500.24, subdivision 2, clause (c), may elect coverage for any executive officer.

(d) A closely held corporation which had less than 22,880 hours of payroll in the previous calendar year may elect coverage for any executive officer if that executive officer is also an owner of at least 25 percent of the stock of the corporation.

(e) A person, partnership, or corporation that receives the services of a voluntary uncompensated worker who is not required to be covered under this chapter may elect to provide coverage for that worker.

(f) A person, partnership, or corporation hiring an independent contractor, as defined by rules adopted by the commissioner, may elect to provide coverage for that independent contractor. A person, partnership, or corporation may charge the independent contractor a fee for providing the coverage only if the independent contractor (1) elects in writing to be covered, (2) is issued an endorsement setting forth the terms of the coverage, the name of the independent contractors, and the fee and how it is calculated.

The persons, partnerships, and corporations described in this subdivision may also elect coverage for an employee who is a spouse, parent, or child, regardless of age, of an owner, partner, or executive officer, who is eligible

for coverage under this subdivision. Coverage may be elected for a spouse, parent, or child whether or not coverage is elected for the related owner, partner, or executive director and whether or not the person, partnership, or corporation employs any other person to perform a service for hire. Any person for whom coverage is elected pursuant to this subdivision shall be included within the meaning of the term employee for the purposes of this chapter.

Notice of election of coverage or of termination of election under this subdivision shall be provided in writing to the insurer. Coverage or termination of coverage is effective the day following receipt of notice by the insurer or at a subsequent date if so indicated in the notice. The insurance policy shall be endorsed to indicate the names of those persons for whom coverage has been elected or terminated under this subdivision. An election of coverage under this subdivision shall continue in effect as long as a policy or renewal policy of the same insurer is in effect.

Nothing in this subdivision shall be construed to limit the responsibilities of owners, partnerships, or corporations to provide coverage for their employees, if any, as required under this chapter.

Sec. 3. Minnesota Statutes 1990, section 176.183, subdivision 1, is amended to read:

Subdivision 1. When any employee sustains an injury arising out of and in the course of employment while in the employ of an employer, other than the state or its political subdivisions, not insured or self-insured as provided for in this chapter, the employee or the employee's dependents shall nevertheless receive benefits as provided for in this chapter from the special compensation fund, and the commissioner has a cause of action against the employer for reimbursement for all moneys paid out or to be paid out, and, in the discretion of the court, as punitive damages an additional amount not exceeding ~~50~~ 60 percent of all moneys paid out or to be paid out. As used in this subdivision, "employer" includes officers of corporations who have legal control, either individually or jointly with another or others, of the payment of wages. An action to recover the moneys shall be instituted unless the commissioner determines that no recovery is possible. All moneys recovered shall be deposited in the general fund. There shall be no payment from the special compensation fund if there is liability for the injury under the provisions of section 176.215, by an insurer or self-insurer.

Sec. 4. Minnesota Statutes 1990, section 176.215, is amended by adding a subdivision to read:

*Subd. 1a. [EXCLUSIVE REMEDY.] The liability of a general contractor, intermediate contractor, or subcontractor who pays compensation pursuant to subdivision 1, to an injured individual who is not an employee of the general contractor, intermediate contractor, or subcontractor is exclusive and in the place of any other liability to the individual, the individual's personal representative, surviving spouse, parent, any child, dependent, next of kin, or other person entitled to recover damages on account of the individual's injury or death.*

Sec. 5. [EFFECTIVE DATE.]

*Section 1 is effective January 1, 1992. Sections 2 to 4 are effective the day following final enactment.*

ARTICLE 2  
COMPENSATION BENEFITS

Section 1. Minnesota Statutes 1990, section 176.011, subdivision 3, is amended to read:

Subd. 3. [DAILY WAGE.] "Daily wage" means the daily wage of the employee in the employment engaged in at the time of injury but does not include tips and gratuities paid directly to an employee by a customer of the employer and not accounted for by the employee to the employer. If the amount of the daily wage received or to be received by the employee in the employment engaged in at the time of injury was irregular or difficult to determine, or if the employment was part time, the daily wage shall be computed by dividing the total amount the employee actually earned in such employment in the last 26 weeks, by the total number of days in which the employee actually performed any of the duties of such employment, provided further, that in the case of the construction industry, mining industry, or other industry where the hours of work are affected by seasonal conditions, the weekly wage shall not be less than five times the daily wage. Where board or allowances other than tips and gratuities are made to an employee in addition to wages as a part of the wage contract they are deemed a part of earnings and computed at their value to the employee. In the case of persons performing services for municipal corporations in the case of emergency, then the normal working day shall be considered and computed as eight hours, and in cases where such services are performed gratis or without fixed compensation the daily wage of the person injured shall, for the purpose of calculating compensation payable under this chapter, be taken to be the usual going wage paid for similar services in municipalities where such services are performed by paid employees. If, at the time of injury, the employee was regularly employed by two or more employers, the employee's earnings in all such employments shall be included in the computation of daily wage. *Holiday pay and vacation pay shall not be included in the calculation of daily wage.*

Sec. 2. Minnesota Statutes 1990, section 176.011, subdivision 18, is amended to read:

Subd. 18. [WEEKLY WAGE.] "Weekly wage" is arrived at by multiplying the daily wage by the number of days and fractional days normally worked in the business of the employer for the employment involved. If the employee normally works less than five days per week or works an irregular number of days per week, the number of days normally worked shall be computed by dividing the total number of days in which the employee actually performed any of the duties of employment in the last 26 weeks by the number of weeks in which the employee actually performed such duties, provided that the weekly wage for part time employment during a period of seasonal or temporary layoff shall be computed on the number of days and fractional days normally worked in the business of the employer for the employment involved. If, at the time of the injury, the employee was regularly employed by two or more employers, the employee's days of work for all such employments shall be included in the computation of weekly wage. Occasional overtime is not to be considered in computing the weekly wage, but if overtime is regular or frequent throughout the year it shall be taken into consideration. *Holiday pay and vacation pay shall not be included in the calculation of weekly wage.* The maximum weekly compensation payable to an employee, or to the employee's dependents in the event of death, shall

not exceed ~~66 2/3~~ 80 percent of the product of the daily wage times the number of days normally worked employee's after-tax weekly wage, provided that the compensation payable for permanent partial disability under section 176.101, subdivision 3, and for permanent total disability under section 176.101, subdivision 4, or death under section 176.111, shall not be computed on less than the number of hours normally worked in the employment or industry in which the injury was sustained, subject also to such maximums as are specifically otherwise provided.

Sec. 3. Minnesota Statutes 1990, section 176.011, is amended by adding a subdivision to read:

*Subd. 18a. [AFTER-TAX WEEKLY WAGE.] "After-tax weekly wage" means the weekly wage reduced by the amounts required to be withheld by the Federal Insurance Contributions Act, United States Code, title 16, sections 3101 to 3126, but without regard to the yearly maximum, and by state and federal income tax laws using as the number of allowances the number of exemptions that the employee is entitled to under federal law for the employee and the employee's dependents and without additional allowances. The after-tax weekly wage must be determined as of the date of injury, and changes in dependents after that date may not be considered.*

Sec. 4. Minnesota Statutes 1990, section 176.021, subdivision 3, is amended to read:

**Subd. 3. [COMPENSATION, COMMENCEMENT OF PAYMENT.]** All employers shall commence payment of compensation at the time and in the manner prescribed by this chapter without the necessity of any agreement or any order of the division. Except for medical, burial, and other non-periodic benefits, payments shall be made as nearly as possible at the intervals when the wage was payable, provided, however, that payments for permanent partial disability shall be governed by section 176.101, *subdivision 3*. If doubt exists as to the eventual permanent partial disability, payment for the economic recovery compensation or impairment compensation, whichever is due, pursuant to section 176.101, shall be then made when due for the minimum permanent partial disability ascertainable, and further payment shall be made upon any later ascertainment of greater permanent partial disability. Prior to or at the time of commencement of the payment of economic recovery compensation or lump sum or periodic payment of impairment permanent partial disability compensation, the employee and employer shall be furnished with a copy of the medical report upon which the payment is based and all other medical reports which the insurer has that indicate a permanent partial disability rating, together with a statement by the insurer as to whether the tendered payment is for minimum permanent partial disability or final and eventual disability. After receipt of all reports available to the insurer that indicate a permanent partial disability rating, the employee shall make available or permit the insurer to obtain any medical report that the employee has or has knowledge of that contains a permanent partial disability rating which the insurer does not already have. Economic recovery compensation or impairment compensation pursuant to section 176.101 is payable in addition to but not concurrently with compensation for temporary total disability but is payable pursuant to section 176.101. Impairment compensation is payable concurrently and in addition to compensation for permanent total disability pursuant to section 176.101. Economic recovery compensation or impairment compensation pursuant to section 176.101 shall be withheld pending completion of payment for temporary total disability, and no credit shall be taken for payment of

~~economic recovery compensation or impairment compensation against liability for temporary total or future permanent total disability. Liability on the part of an employer or the insurer for disability of a temporary total, temporary partial, and permanent total nature shall be considered as a continuing product and part of the employee's inability to earn or reduction in earning capacity due to injury or occupational disease and compensation is payable accordingly, subject to section 176.101. Economic recovery compensation or impairment compensation is payable for functional loss of use or impairment of function, permanent in nature, and payment therefore shall be separate, distinct, and in addition to payment for any other compensation, subject to section 176.101. The right to receive temporary total, temporary partial, or permanent total disability payments vests in the injured employee or the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained and the right is not abrogated by the employee's death prior to the making of the payment.~~

~~The right to receive economic recovery compensation or impairment permanent partial compensation vests in an injured employee or in the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained, provided that the employee lives for at least 30 days beyond the date of the injury. Upon the death of an employee who is receiving economic recovery compensation or impairment compensation, further compensation is payable pursuant to section 176.101. Impairment compensation is payable under this paragraph if vesting has occurred, the employee dies prior to reaching maximum medical improvement, and the requirements and conditions under section 176.101, subdivision 3e, are not met.~~

~~Disability ratings for permanent partial disability shall be based on objective medical evidence. The right is not abrogated by the employee's death prior to the making of the payment.~~

Sec. 5. Minnesota Statutes 1990, section 176.061, subdivision 10, is amended to read:

Subd. 10. [INDEMNITY.] Notwithstanding the provisions of chapter 65B or any other law to the contrary, an employer has a right of indemnity for any compensation paid or payable pursuant to this chapter, including temporary total compensation, temporary partial compensation, permanent partial disability, ~~economic recovery compensation, impairment compensation,~~ medical compensation, rehabilitation, death, and permanent total compensation.

Sec. 6. Minnesota Statutes 1990, section 176.101, subdivision 1, is amended to read:

Subdivision 1. [TEMPORARY TOTAL DISABILITY.] (a) For an injury producing temporary total disability, the compensation is ~~66-2/3~~ 80 percent of the after-tax weekly wage at the time of injury.

(1) ~~provided that~~ (b) During the year commencing on October 1, 1979 1991, and each year thereafter, commencing on October 1, the maximum weekly compensation payable is 105 percent of the statewide average weekly wage for the period ending December 31, of the preceding year.

(2) (c) The minimum weekly compensation ~~benefits for temporary total disability shall be not less than 50 payable is~~ 20 percent of the statewide average weekly wage or the injured employee's actual after-tax weekly wage, whichever is less. ~~In no case shall a weekly benefit be less than 20 percent~~

of the statewide average weekly wage:

~~Subject to subdivisions 3a to 3u this~~ (d) Temporary total compensation shall be paid during the period of disability, ~~payment to be made at the intervals when the wage was payable, as nearly as may be, and shall cease whenever any one of the following occurs:~~

- (1) the disability ends;
- (2) the employee returns to work;
- (3) the employee retires by withdrawing from the labor market;
- (4) the employee fails to diligently search for appropriate work;

(5) the employee refuses an offer of work that is consistent with a plan of rehabilitation filed with the commissioner which meets the requirements of section 176.102, subdivision 1, or, if no plan has been filed, the employee refuses an offer of work that the employee can do in the employee's physical condition; or

(6) 90 days pass after the employee has reached maximum medical improvement, except as provided in section 176.102, subdivision 11, paragraph (b).

(e) For purposes of this subdivision, the 90-day period after maximum medical improvement commences on the earlier of:

(1) the date that the employee receives a written medical report indicating that the employee has reached maximum medical improvement; or

(2) the date that the employer or insurer serves the report on the employee and the employee's attorney, if any, and files a copy with the division.

(f) Once temporary total disability compensation has ceased under paragraph (d), clause (1), (2), (3), or (4), it may be recommenced prior to 90 days after maximum medical improvement only as follows:

(1) if temporary total disability compensation ceased under paragraph (d), clause (1), it may be recommenced if the employee again becomes disabled as a result of the work-related injury;

(2) if temporary total disability compensation ceased under paragraph (d), clause (2), it may be recommenced if the employee is laid off or terminated for reasons other than misconduct or is medically unable to continue at the job;

(3) if temporary total disability compensation ceased under paragraph (d), clause (3), but the employee subsequently returned to work, it may be recommenced in accordance with paragraph (f), clause (2); or

(4) if temporary total disability compensation ceased under paragraph (d), clause (4), it may be recommenced if the employee begins diligently searching for appropriate work. Temporary total disability compensation recommenced under this paragraph is subject to cessation under paragraph (d).

Recommenced temporary total disability compensation may not be paid beyond 90 days after the employee reaches maximum medical improvement, except as provided under section 176.102, subdivision 11, paragraph (b).

(g) Once temporary total disability compensation has ceased under paragraph (d), clauses (5) and (6), it may not be recommenced at a later date

*except as provided under section 176.102, subdivision 11, paragraph (b).*

Sec. 7. Minnesota Statutes 1990, section 176.101, subdivision 2, is amended to read:

Subd. 2. [TEMPORARY PARTIAL DISABILITY.] (a) In all cases of temporary partial disability the compensation shall be ~~66-2/3 percent of the difference between the weekly wage of the employee at the time of injury and the wage the employee is able to earn in the employee's partially disabled condition.~~ 80 percent of the difference between the after-tax weekly wage of the employee at the time of injury and the after-tax weekly wage the employee is able to earn in the employee's partially disabled condition.

(b) ~~This Temporary partial compensation shall be paid during the period of disability except as provided in this section, payment to be made at the intervals when the wage was payable, as nearly as may be, and subject to a maximum compensation equal to the statewide average weekly wage when the employee is working, earning less than the employee's weekly wage at the time of the injury, and the reduction in the wage the employee is able to earn in the employee's partially disabled condition is due to the injury. Except as provided in section 176.102, subdivision 11, paragraph (b), temporary partial compensation may not be paid after the employee has returned to work for 156 weeks, including weeks in which the employee has no wage loss, or after 350 weeks after the date of injury, whichever occurs first.~~

(c) *Temporary partial compensation may not exceed the maximum rate for temporary total compensation and must be reduced to the extent that the wage the employee is able to earn in the employee's partially disabled condition plus the temporary partial disability payment otherwise payable under this subdivision exceeds 300 percent of the statewide average weekly wage.*

Sec. 8. Minnesota Statutes 1990, section 176.101, is amended by adding a subdivision to read:

Subd. 3. [PERMANENT PARTIAL DISABILITY.] (a) *Compensation for permanent partial disability is as provided in this subdivision. Permanent partial disability must be rated as a percentage of the whole body in accordance with rules adopted by the commissioner under section 176.105. The percentage determined pursuant to the rules must be multiplied by the corresponding amount in the following table:*

Percent of Disability	Amount
0-25	\$ 75,000
26-30	80,000
31-35	85,000
36-40	90,000
41-45	95,000
46-50	100,000
51-55	120,000
56-60	140,000
61-65	160,000
66-70	180,000
71-75	200,000
76-80	240,000
81-85	280,000
86-90	320,000

91-95	360,000
96-100	400,000

*An employee may not receive compensation for more than a 100 percent disability of the whole body, even if the employee sustains disability to two or more body parts.*

*(b) Permanent partial disability is payable upon cessation of temporary total disability under subdivision 1. If the employee is not working, the compensation is payable in installments at the same intervals and in the same amount as the initial temporary total disability rate. If the employee returns to work, the remaining compensation is payable in a lump sum 30 days after the employee returned to work, provided the employment has not been substantially interrupted by the injury for any part of the 30 days and the employee is still employed at the job at the end of the period. Permanent partial disability is not payable while temporary total compensation is being paid. Permanent partial disability is payable to permanently totally disabled employees in a lump sum at the time the disability can be ascertained.*

Sec. 9. Minnesota Statutes 1990, section 176.101, subdivision 4, is amended to read:

Subd. 4. [PERMANENT TOTAL DISABILITY.] For permanent total disability, as defined in subdivision 5, the compensation shall be ~~66-2/3~~ 80 percent of the ~~daily~~ after-tax weekly wage at the time of the injury, subject to a ~~maximum weekly compensation equal to the maximum weekly compensation for a temporary total disability and a minimum weekly compensation equal to the minimum weekly compensation rates for a temporary total disability.~~ This compensation shall be paid during the permanent total disability of the injured employee but after a total of \$25,000 of weekly compensation has been paid, the amount of the weekly compensation benefits being paid by the employer shall be reduced by the amount of any disability benefits being paid by any government disability benefit program if the disability benefits are occasioned by the same injury or injuries which give rise to payments under this subdivision. This reduction shall also apply to any old age and survivor insurance benefits. *Permanent total disability payments shall cease at retirement.* Payments shall be made at the intervals when the wage was payable, as nearly as may be. In case an employee who is permanently and totally disabled becomes an inmate of a public institution, no compensation shall be payable during the period of confinement in the institution, unless there is wholly dependent on the employee for support some person named in section 176.111, subdivision 1, 2 or 3, in which case the compensation provided for in section 176.111, during the period of confinement, shall be paid for the benefit of the dependent person during dependency. The dependency of this person shall be determined as though the employee were deceased.

Sec. 10. Minnesota Statutes 1990, section 176.101, subdivision 5, is amended to read:

Subd. 5. [TOTAL DISABILITY DEFINITION.] *(a) For purposes of subdivision 4, permanent total disability means only:*

*(1) the total and permanent loss of the sight of both eyes, the loss of both arms at the shoulder, the loss of both legs so close to the hips that no effective artificial members can be used, complete and permanent paralysis, total and permanent loss of mental faculties; or*

(2) any other injury which totally and permanently incapacitates the employee from working at an occupation which brings the employee an income constitutes total disability.

(b) For purposes of paragraph (a), clause (2), "totally and permanently incapacitated" means that the employee's physical disability, in combination with the employee's age, education and training, and experience, causes the employee to be unable to secure anything more than sporadic employment resulting in an insubstantial income. Local labor market conditions may not be considered in making the total and permanent incapacitation determination.

Sec. 11. Minnesota Statutes 1990, section 176.101, subdivision 6, is amended to read:

Subd. 6. [MINORS.] If any employee entitled to the benefits of this chapter is a minor or is an apprentice of any age and sustains a personal injury arising out of and in the course of employment resulting in permanent total or a compensable permanent partial disability, for the purpose of computing the compensation to which the employee is entitled for the injury, the compensation rate for temporary total, temporary partial, a permanent total disability or economic recovery compensation shall be 105 percent of the statewide average weekly wage.

Sec. 12. Minnesota Statutes 1990, section 176.101, is amended by adding a subdivision to read:

Subd. 9. [MOVING EXPENSES.] An injured employee who has reached maximum medical improvement and who is unable to find suitable gainful employment consistent with the individual's physical disability, in combination with the individual's age, education and training, and experience, due to local labor market conditions is eligible to receive up to \$5,000 for moving expenses, provided:

(1) 90 days have passed after the individual has reached maximum medical improvement;

(2) the individual has actually moved in order to take a new job which constitutes suitable gainful employment; and

(3) the new job is located at a distance greater than 35 miles from the individual's current residence.

Sec. 13. Minnesota Statutes 1990, section 176.102, subdivision 11, is amended to read:

Subd. 11. [RETRAINING; COMPENSATION.] (a) Retraining is limited to 156 weeks. An employee who has been approved for retraining may petition the commissioner for additional compensation not to exceed 25 percent of the compensation otherwise payable. If the commissioner or compensation judge determines that this additional compensation is warranted due to unusual or unique circumstances of the employee's retraining plan, the commissioner or compensation judge may award additional compensation in an amount the commissioner determines is appropriate, not to exceed the employee's request. This additional compensation shall cease at any time the commissioner or compensation judge determines the special circumstances are no longer present.

(b) If the employee is not working during a retraining plan that has been specifically approved under this section, temporary total compensation is

*payable for up to 90 days after the end of the retraining plan; except that, payment during the 90-day period is subject to cessation in accordance with section 176.101, subdivision 1, paragraph (d), clauses (1) to (5). If the employee is working during the retraining plan but earning less than at the time of injury, temporary partial compensation is payable at the rate of 80 percent of the difference between the employee's after-tax weekly wage at the time of injury and the after-tax weekly wage the employee is able to earn in the employee's partially disabled condition, subject to the maximum rate for temporary total compensation. Temporary partial compensation is not subject to either the 156-week or the 350-week limitation provided by section 176.101, subdivision 2, during the retraining plan, but is subject to those limitations before and after the plan.*

*(c) Retraining may not be approved if the employee has refused suitable gainful employment, as defined by rule.*

Sec. 14. Minnesota Statutes 1990, section 176.105, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE; RULES.] *(a) The commissioner of labor and industry shall by rule establish a schedule of degrees of disability resulting from different kinds of injuries. Disability ratings under the schedule for permanent partial disability must be based on objective medical evidence. The commissioner, in consultation with the medical services review board, shall periodically review the rules adopted under this paragraph to determine whether any injuries omitted from the schedule should be compensable and amend the rules accordingly.*

*(b) No permanent partial disability compensation shall be payable except in accordance with the disability ratings established under this subdivision. The schedule may provide that minor impairments receive a zero rating.*

Sec. 15. Minnesota Statutes 1990, section 176.105, subdivision 4, is amended to read:

Subd. 4. [LEGISLATIVE INTENT; RULES; LOSS OF MORE THAN ONE BODY PART.] *(a) For the purpose of establishing a disability schedule pursuant to clause (b), the legislature declares its intent that the commissioner establish a disability schedule which, assuming the same number and distribution of severity of injuries, the aggregate total of impairment compensation and economic recovery compensation benefits under section 176.101, subdivisions 3a to 3u be approximately equal to the total aggregate amount payable for permanent partial disabilities under section 176.101, subdivision 3, provided, however, that awards for specific injuries under the proposed schedule need not be the same as they were for the same injuries under the schedule pursuant to section 176.101, subdivision 3. The schedule shall be determined by sound actuarial evaluation and shall be based on the benefit level which exists on January 1, 1983.*

*(b) The commissioner shall by rulemaking adopt procedures setting forth rules for the evaluation and rating of functional disability and the schedule for permanent partial disability and to determine the percentage of loss of function of a part of the body based on the body as a whole, including internal organs, described in section 176.101, subdivision 3, and any other body part not listed in section 176.101, subdivision 3, which the commissioner deems appropriate.*

The rules shall promote objectivity and consistency in the evaluation of

permanent functional impairment due to personal injury and in the assignment of a numerical rating to the functional impairment.

Prior to adoption of rules the commissioner shall conduct an analysis of the current permanent partial disability schedule for the purpose of determining the number and distribution of permanent partial disabilities and the average compensation for various permanent partial disabilities. The commissioner shall consider setting the compensation under the proposed schedule for the most serious conditions higher in comparison to the current schedule and shall consider decreasing awards for minor conditions in comparison to the current schedule.

The commissioner may consider, among other factors, and shall not be limited to the following factors in developing rules for the evaluation and rating of functional disability and the schedule for permanent partial disability benefits:

(1) the workability and simplicity of the procedures with respect to the evaluation of functional disability;

(2) the consistency of the procedures with accepted medical standards;

(3) rules, guidelines, and schedules that exist in other states that are related to the evaluation of permanent partial disability or to a schedule of benefits for functional disability provided that the commissioner is not bound by the degree of disability in these sources but shall adjust the relative degree of disability to conform to the expressed intent of clause (a);

(4) rules, guidelines, and schedules that have been developed by associations of health care providers or organizations provided that the commissioner is not bound by the degree of disability in these sources but shall adjust the relative degree of disability to conform to the expressed intent of clause (a);

(5) the effect the rules may have on reducing litigation;

(6) the treatment of preexisting disabilities with respect to the evaluation of permanent functional disability provided that any preexisting disabilities must be objectively determined by medical evidence; and

(7) symptomatology and loss of function and use of the injured member.

The factors in paragraphs (1) to (7) shall not be used in any individual or specific workers' compensation claim under this chapter but shall be used only in the adoption of rules pursuant to this section.

Nothing listed in paragraphs (1) to (7) shall be used to dispute or challenge a disability rating given to a part of the body so long as the whole schedule conforms with the expressed intent of clause (a).

(c) If an employee suffers a permanent functional disability of more than one body part due to a personal injury incurred in a single occurrence, the percent of the whole body which is permanently partially disabled shall be determined by the following formula so as to ensure that the percentage for all functional disability combined does not exceed the total for the whole body:

$$A + B (1 - A)$$

where: A is the greater percentage whole body loss of the first body part; and B is the lesser percentage whole body loss otherwise payable for the second body part.  $A + B (1 - A)$  is equivalent to  $A + B - AB$ .

For permanent partial disabilities to three body parts due to a single occurrence or as the result of an occupational disease, the above formula shall be applied, providing that A equals the result obtained from application of the formula to the first two body parts and B equals the percentage for the third body part. For permanent partial disability to four or more body parts incurred as described above, A equals the result obtained from the prior application of the formula, and B equals the percentage for the fourth body part or more in arithmetic progressions.

Sec. 16. Minnesota Statutes 1990, section 176.111, subdivision 6, is amended to read:

Subd. 6. [SPOUSE, NO DEPENDENT CHILD.] If the deceased employee leaves a dependent surviving spouse and no dependent child, there shall be paid to the spouse weekly workers' compensation benefits at ~~50~~ 80 percent of the *after-tax* weekly wage at the time of the injury for a period of ten years, including adjustments as provided in section 176.645.

Sec. 17. Minnesota Statutes 1990, section 176.111, subdivision 7, is amended to read:

Subd. 7. Regardless of the number of weeks of total disability, no totally disabled person is ineligible for supplementary benefits after four years have elapsed since the first date of the total disability, ~~except as provided by clause (b),~~ provided that all periods of disability are caused by the same injury.

(b) An employee who has suffered personal injury after October 1, 1983, and before October 1, 1987, is eligible to receive supplementary benefits after the employee has been receiving temporary total or permanent total benefits for 208 weeks. *(2) 50 percent of the statewide average weekly wage, as computed annually.*

(b) In the event an eligible recipient is currently receiving no compensation or is receiving a reduced level of compensation because of a credit being applied as the result of a third party liability or damages, the employer or insurer shall compute the offset credit as if the individual were entitled to the actual benefit or 65 50 percent of the statewide average weekly wage as computed annually, whichever is greater. If this results in the use of a higher credit than otherwise would have been applied and the employer or insurer becomes liable for compensation benefits which would otherwise not have been paid, the additional benefits resulting shall be handled according to this section.

(c) In the event an eligible recipient is receiving no compensation or is receiving a reduced level of compensation because of a valid agreement in settlement of a claim, no supplementary benefit shall be payable under this section. When the eligible individual is not currently receiving benefits because the total paid has reached the maximum prescribed by law the employer and insurer shall, nevertheless, pay the supplementary benefits that are prescribed by law. The employer or insurer paying the supplementary benefit shall have the right of full reimbursement from the special compensation fund for the amount of such benefits paid.

When the payments have been made to a person who is entitled to receive further payments of compensation for the same injury, the mistaken compensation may be taken as a full credit against future lump sum benefit entitlement and as a partial credit against future weekly benefits. The credit applied against further payments of temporary total disability, temporary partial disability, permanent total disability, retraining benefits, death benefits, or weekly payments of ~~economic recovery or impairment permanent~~

*partial compensation shall not exceed 20 percent of the amount that would otherwise be payable.*

The credit may be up to 100 percent of the amount of monetary benefits otherwise payable. For purposes of this section, a payment is not received in good faith if it is obtained through fraud, or if the employee knew or should have known that the compensation was paid under mistake of fact or law, and the employee has not refunded the mistaken compensation.*

*affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of books, papers, correspondence, memoranda, agreements, or other documents or records that the commissioner considers relevant or material to the inquiry.*

*Subd. 3. [COURT ORDERS.] In case of a refusal to appear or a refusal to obey a subpoena issued to any person, the district court, upon application by the commissioner, may issue to any person an order directing that person to appear before the commissioner, or the officer designated by the commissioner, to produce documentary evidence if so ordered or to give evidence relating to the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.*

*Subd. 4. [SCOPE OF PRIVILEGE.] No person is excused from attending and testifying or from producing any document or record before the commissioner, or from obedience to the subpoena of the commissioner or any officer designated by the commissioner or in a proceeding instituted by the commissioner, on the ground that the testimony or evidence required may tend to incriminate that person or subject that person to a penalty or forfeiture. No person may be prosecuted or subjected to a penalty or forfeiture for a transaction, matter, or thing concerning which the person is compelled, after claiming the privilege against self-incrimination, to testify or produce documentary or other evidence except that the individual is not exempt from prosecution and punishment for perjury or contempt committed in testifying.*

*Subd. 5. [LEGAL ACTIONS; INJUNCTIONS; CEASE AND DESIST ORDERS.] (a) Whenever it appears to the commissioner that any person has engaged in or is about to engage in any act or practice constituting a violation of this chapter, or any rule or order adopted under this chapter, the commissioner has the powers indicated under paragraphs (b) and (c).*

*(b) The commissioner may bring an action in the name of the state in the district court of the appropriate county to enjoin the acts or practices and to enforce compliance with this chapter, or any rule or order adopted or issued under this chapter, or the commissioner may refer the matter to the attorney general or the county attorney of the appropriate county. Upon a proper showing, a permanent or temporary injunction, restraining order, or other appropriate relief must be granted.*

*(c) The commissioner may issue and serve an order requiring a person to cease and desist from violations of this chapter, or any rule or order adopted or issued under this chapter. The order must give reasonable notice of the rights of the person to request a hearing and must state the reasons for the entry of the order. A hearing must be held not later than seven days after the request for the hearing is received by the commissioner. Within 20 days after receiving the administrative law judge's report, the commissioner shall issue a further order vacating the cease and desist order or making it permanent as the facts require. If no hearing is requested within 30 days of service of the order, the order will become final and will remain in effect until it is modified or vacated by the commissioner. Unless otherwise provided, all hearings must be conducted in accordance with chapter 14. If a person to whom a cease and desist order is issued fails to appear at the hearing after being duly notified, the person is in default, and the proceeding may be determined against that person upon consideration of the cease and desist order, the allegations of which may be considered to be true. The commissioner may adopt rules of procedure concerning all proceedings conducted under this paragraph.*

*Subd. 6. [VIOLATIONS AND PENALTIES.] The commissioner may impose a civil penalty not to exceed \$2,000 per violation upon a person who violates this chapter, unless a different penalty is specified under this chapter.*

*Subd. 7. [ACTIONS AGAINST LICENSEES.] In addition to any other actions authorized by this section, the commissioner may, by order, deny, suspend, or revoke the authority or license of a person subject to this chapter, or censure that person if the commissioner finds that the order is in the public interest or the person has violated this chapter.*

*Subd. 8. [POWERS ADDITIONAL.] The powers contained in subdivisions 1 to 8 are in addition to all other powers of the commissioner.*

**Sec. 17. [79.75] [ACCESS TO INSURER.]**

*The commissioner, or the designated person, shall have free access during normal business hours to all books, records, securities, documents, and any or all papers relating to the property, assets, business, and affairs of any company, applicant, association, or person that may be examined pursuant to this chapter for the purpose of ascertaining, appraising, and evaluating the assets, conditions, affairs, operations, ability to fulfill obligations, and compliance with all the provisions of law of the company or person insofar as any of the above pertain to the business of insurance of a person, organization, or corporation transacting, having transacted, or being organized to transact business in this state. Every company or person being examined including officers, directors, and agents, shall provide to the commissioner or the designated person convenient and free access at all reasonable hours at its office to all books, records, securities, documents, and any or all papers relating to the property, assets, business, and affairs of the company or person. The officers, directors, and agents of the company or person shall facilitate the examination and aid in the examination so far as it is in their power to do so.*

**Sec. 18.** Minnesota Statutes 1990, section 176A.03, is amended by adding a subdivision to read:

*Subd. 3. [COVERAGE OUTSIDE STATE.] Policies issued by the fund pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The fund may apply for and obtain any licensure required in any other state in order to issue the coverage.*

**Sec. 19.** Minnesota Statutes 1990, section 221.141, subdivision 1, is amended to read:

**Subdivision 1. [FINANCIAL RESPONSIBILITY OF CERTAIN CARRIERS.]** No motor carrier and no interstate carrier shall operate a vehicle until it has obtained and has in effect the minimum amount of financial responsibility required by this section. Policies of insurance, surety bonds, other types of security, and endorsements must be continuously in effect and must remain in effect until canceled. Before providing transportation, the motor carrier or interstate carrier shall secure and cause to be filed with the commissioner and maintain in full effect, *both* a certificate of insurance in a form required by the commissioner, evidencing public liability insurance in the amount prescribed, *and acceptable evidences of compliance with the workers' compensation insurance coverage requirements of section 176.181, subdivision 2, by providing the name of the insurance company, the policy number, and the dates of coverage, or the permit to self-insure.* The insurance

must cover injuries and damage to persons or property resulting from the operation or use of motor vehicles, regardless of whether each vehicle is specifically described in the policy. This insurance does not apply to injuries or death to the employees of the motor carrier or to property being transported by the carrier. The commissioner shall require cargo insurance for certificated carriers, except those carrying passengers exclusively. The commissioner may require a permit carrier to file cargo insurance when the commissioner deems necessary to protect the users of the service.

**Sec. 20. [NOTICE OF INTENT TO CHALLENGE RATE LEVEL CHANGE.]**

*Notwithstanding Minnesota Statutes, section 79.56, subdivision 5, the commissioner shall have an additional 90 days to give notice of intent to hold a hearing pursuant to that section. This section applies only to challenges to an insurer's change in existing rate levels or rating plan filed between the date the 1992 report required under Minnesota Statutes, section 79.60, is approved by the commissioner of commerce and six months thereafter.*

**Sec. 21. [MANDATED REDUCTIONS.]**

*(a) As a result of the workers' compensation law changes in articles 1 to 4 and the resulting savings to the costs of Minnesota's workers' compensation system, an insurer's approved schedule of rates in effect on October 1, 1991, must be reduced by 17 percent and applied by the insurer to all policies issued, renewed, or outstanding on or after that date. An insurer may not adjust its filed rating plan to recoup the 17 percent mandated rate reduction under this section. The reduction must be computed on the basis of a 17 percent premium reduction prorated to the expiration of that policy. An insurer shall provide a written notice by November 1, 1991, to all employers having an outstanding policy with the insurer as of October 1, 1991, that reads as follows: "As a result of the changes in the workers' compensation insurance system enacted by the 1991 legislature, you are entitled to a credit or refund to your current premium in an amount of \$ . . . . . which reflects a 17 percent mandated premium reduction prorated to the expiration of your policy."*

*(b) No rate increases may be filed between April 1, 1991, and January 1, 1992.*

*(c) The commissioner of labor and industry shall survey Minnesota employers to determine if the mandated workers' compensation insurance rate reductions required under this section have been implemented by insurers, both as to amount and in a manner that is uniform and nondiscriminatory between employers having similar risks with respect to a particular occupational classification. The commissioner shall present a report detailing the findings and conclusions to the legislature by March 1, 1992.*

**Sec. 22. [ADJUSTMENT.]**

*Within 60 days of final enactment of this legislation, the board shall determine whether any adjustment in the assigned risk rates in effect as of the date of enactment are required by this section.*

**Sec. 23. [REPEALER.]**

*Minnesota Statutes 1990, sections 79.54; 79.57; and 79.58, subdivision 1, are repealed.*

## Sec. 24. [EFFECTIVE DATE.]

*This article is effective January 1, 1992; except that section 21, paragraphs (a) and (c), are effective October 1, 1991; and section 21, paragraph (b), is effective the day following final enactment.*

"ARTICLE 7  
SELF-INSURANCE

Section 1. Minnesota Statutes 1990, section 79A.02, subdivision 2, is amended to read:

Subd. 2. [ADVICE TO COMMISSIONER.] ~~At the request of the commissioner,~~ The committee shall ~~meet~~ review all new applications for self-insurance or group self-insurance, including each applicant's financial data, and shall advise the commissioner with respect to whether or not an applicant to become a private self-insurer in the state of Minnesota has met the statutory requirements to self-insure. The committee shall advise the commissioner if it has any information that any private self-insurer may become insolvent.

Sec. 2. Minnesota Statutes 1990, section 79A.02, is amended by adding a subdivision to read:

*Subd. 3. [RECOMMENDATIONS TO COMMISSIONER REGARDING RENEWAL.] After five years from the date each individual and group self-insurer becomes certified to self-insure, the committee shall review all relevant financial data filed with the department of commerce and make a recommendation to the commissioner about whether each self-insurer's certificate should be revoked.*

Sec. 3. Minnesota Statutes 1990, section 79A.03, subdivision 3, is amended to read:

Subd. 3. [NET WORTH.] Each individual self-insurer shall have and maintain a net worth at least equal to the greater of ten times the retention limit selected with the workers' compensation reinsurance association or one-third the amount of the self-insurer's current annual modified premium. ~~The requirements of this subdivision shall be modified if the self-insurer can demonstrate through a reinsurance program, other than coverage provided by the workers' compensation reinsurance association, that it can pay expected losses without endangering the financial stability of the company.~~

Sec. 4. Minnesota Statutes 1990, section 79A.03, subdivision 7, is amended to read:

Subd. 7. [FINANCIAL STANDARDS.] A group proposing to self-insure shall have and maintain:

(a) A combined net worth of all of the members of an amount at least equal to the greater of ten times the retention selected with the workers' compensation reinsurance association or one-third of the current annual modified premium of the members. ~~The requirements of this paragraph shall be modified if the self-insurer can demonstrate that through excess insurance,~~

~~other than coverage provided by the workers' compensation reinsurance association; it can pay expected losses.~~

(b) Sufficient assets, net worth, and liquidity to promptly and completely meet all obligations of its members under chapter 176 or this chapter. In determining whether a group is in sound financial condition, consideration shall be given to the combined net worth of the member companies; the consolidated long-term and short-term debt to equity ratios of the member companies; any excess insurance other than reinsurance with the workers' compensation reinsurance association, purchased by the group from an insurer licensed in Minnesota or from an authorized surplus line carrier; other financial data requested by the commissioner or submitted by the group; and the combined workers' compensation experience of the group for the last four years.

Sec. 5. Minnesota Statutes 1990, section 79A.03, subdivision 9, is amended to read:

Subd. 9. [FILING REPORTS.] (a) Incurred losses, paid and unpaid, specifying indemnity and medical losses by classification, payroll by classification, and current estimated outstanding liability for workers' compensation shall be reported to the commissioner by each self-insurer on a calendar year basis, in a manner and on forms available from the commissioner. Payroll information must be filed by April 1 of the following year, and loss information and total workers' compensation liability must be filed by August 1 of the following year.

(b) Each self-insurer shall, under oath, attest to the accuracy of each report submitted pursuant to paragraph (a). Upon sufficient cause, the commissioner shall require the self-insurer to submit a certified audit of payroll and claim records conducted by an independent auditor approved by the commissioner, based on generally accepted accounting principles and generally accepted auditing standards, and supported by an actuarial review and opinion of the future contingent liabilities. The basis for sufficient cause shall include the following factors: where the losses reported appear significantly different from similar types of businesses; where major changes in the reports exist from year to year, which are not solely attributable to economic factors; or where the commissioner has reason to believe that the losses and payroll in the report do not accurately reflect the losses and payroll of that employer. If any discrepancy is found, the commissioner shall require changes in the self-insurer's or workers' compensation service company record keeping practices.

(c) With the annual loss report due August 1, each self-insurer shall report to the commissioner any workers' compensation claim from the previous year where the full, undiscounted value is estimated to exceed \$50,000, in a manner and on forms prescribed by the commissioner.

(d) Each individual self-insurer shall, within four months after the end of its fiscal year, annually file with the commissioner its latest 10K report required by the Securities and Exchange Commission. If an individual self-insurer does not prepare a 10K report, it shall file an annual certified financial statement, together with such other financial information as the commissioner may require to substantiate data in the financial statement.

(e) Each group self-insurer shall, within ~~four~~ six months after the end of the fiscal year for that group, annually file a statement showing the combined net worth of its members based upon an accounting review performed by

a certified public accountant, together with such other financial information the commissioner may require to substantiate data in the group's summary statement.

(f) In addition to the financial statements required by paragraphs (d) and (e), interim financial statements or 10Q reports required by the Securities and Exchange Commission may be required by the commissioner upon an indication that there has been deterioration in the self-insurer's financial condition, including a worsening of current ratio, lessening of net worth, net loss of income, the downgrading of the company's bond rating, or any other significant change that may adversely affect the self-insurer's ability to pay expected losses. Any self-insurer that files an 8K report with the Securities and Exchange Commission shall also file a copy of the report with the commissioner within 30 days of the filing with the Securities and Exchange Commission.

Sec. 6. Minnesota Statutes 1990, section 79A.04, subdivision 2, is amended to read:

Subd. 2. [MINIMUM DEPOSIT.] The minimum deposit is 110 percent of the private self-insurer's estimated future liability. Up to ten percent of that deposit may be used to secure payment of all administrative and legal costs relating to or arising from the employer's self-insuring. As used in this section, "private self-insurers' estimated future liability" means the private self-insurers' total of estimated future liability as determined by a member of the casualty actuarial society ~~every two years for nongroup member private self-insurers, and every year for group member private self-insurers and, for a nongroup member private self-insurer's authority to self-insure, every year for the first five years. After the first five years, the nongroup member's total shall be as determined by a member of the casualty actuarial society every two years, and each such actuarial study shall include a projection of future losses during the two-year period until the next scheduled actuarial study, less payments anticipated to be made during that time.~~ Estimated future liability is determined by first taking the total amount of the self-insured's future liability of workers' compensation claims and then deducting the total amount which is estimated to be returned to the self-insurer from any specific excess insurance coverage, aggregate excess insurance coverage, and any supplementary benefits or second injury benefits which are estimated to be reimbursed by the special compensation fund. Supplementary benefits or second injury benefits will not be reimbursed by the special compensation fund unless the special compensation fund assessment pursuant to section 176.129 is paid and the reports required thereunder are filed with the special compensation fund. In the case of surety bonds, bonds shall secure administrative and legal costs in addition to the liability for payment of compensation reflected on the face of the bond. In no event shall the security be less than the last retention limit selected by the self-insurer with the workers' compensation reinsurance association. The posting or depositing of security pursuant to this section shall release all previously posted or deposited security from any obligations under the posting or depositing and any surety bond so released shall be returned to the surety. Any other security shall be returned to the depositor or the person posting the bond.

Sec. 7. Minnesota Statutes 1990, section 79A.06, subdivision 5, is amended to read:

Subd. 5. [PRIVATE EMPLOYERS WHO HAVE CEASED TO BE SELF-INSURED.] Private employers who have ceased to be private self-insurers shall discharge their continuing obligations to secure the payment of compensation which is accrued during the period of self-insurance, for purposes of Laws 1988, chapter 674, sections 1 to 21, by compliance with all of the following obligations of current certificate holders:

(1) Filing reports with the commissioner to carry out the requirements of this chapter;

(2) Depositing and maintaining a security deposit for accrued liability for the payment of any compensation which may become due, pursuant to chapter 176. However, if a private employer who has ceased to be a private self-insurer purchases an insurance policy from an insurer authorized to transact workers' compensation insurance in this state which provides coverage of all claims for compensation arising out of injuries occurring during the period the employer was self-insured, whether or not reported during that period, the policy will discharge the obligation of the employer to maintain a security deposit for the payment of the claims covered under the policy. The policy may not be issued by an insurer unless it has previously been approved as to form and substance by the commissioner; and

(3) Paying within 30 days all assessments of which notice is sent by the security fund, for a period of seven years from the last day its certificate of self-insurance was in effect. Thereafter, the private employer who has ceased to be a private self-insurer may either: (a) continue to pay within 30 days all assessments of which notice is sent by the security fund until it has no incurred liabilities for the payment of compensation arising out of injuries during the period of self-insurance; or (b) pay the security fund a cash payment equal to four percent of the net present value of all remaining incurred liabilities for the payment of compensation under sections 176.101 and 176.111 as certified by a member of the casualty actuarial society. Assessments shall be based on the benefits paid by the employer during the ~~last full~~ calendar year of self-insurance on claims incurred during that year *immediately preceding the calendar year in which the employer's right to self-insure is terminated or withdrawn.*

In addition to proceedings to establish liabilities and penalties otherwise provided, a failure to comply may be the subject of a proceeding before the commissioner. An appeal from the commissioner's determination may be taken pursuant to the contested case procedures of chapter 14 within 30 days of the commissioner's written determination.

Any current or past member of the self-insurers' security fund is subject to service of process on any claim arising out of chapter 176 or this chapter in the manner provided by section 303.13, subdivision 1, clause (3), or as otherwise provided by law. The issuance of a certificate to self-insure to the private self-insured employer shall be deemed to be the agreement that any process which is served in accordance with this section shall be of the same legal force and effect as if served personally within this state.

#### Sec. 8. [79A.071] [CUSTODIAL ACCOUNTS.]

*Subdivision 1. [DEPOSIT.] All securities shall be deposited with the state treasurer or in a custodial account with a depository institution acceptable to the state treasurer. Surety bonds shall be filed with the commissioner. The commissioner and the state treasurer may sell or collect, in the case of default of the employer or fund, the amount that yields sufficient funds*

*to pay compensation due under the workers' compensation act.*

*Subd. 2. [ASSIGNMENT.] Securities in physical form deposited with the state treasurer must bear the following assignment, which shall be signed by an officer, partner, or owner: "Assigned to the state of Minnesota for the benefit of injured employees of the self-insured employer under the Minnesota workers' compensation act." Any securities held in a custodial account, whether in physical form, book entry, or other form, need not bear the assignment language. The instrument or contract creating and governing any custodial account must contain the following assignment language: "This account is assigned to the state treasurer by the Company to pay compensation and perform the obligations of employers imposed under Minnesota Statutes, chapter 176. A depositor or other party has no right, title, or interest in the security deposited in the account until released by the state."*

*Subd. 3. [CUSTODY.] All securities in physical form on deposit with the state treasurer and surety bonds on deposit shall remain in the custody of the state treasurer or the commissioner for a period of time dictated by the applicable statute of limitations provided in the workers' compensation act. All original instruments and contracts creating and governing custodial accounts shall remain with the state treasurer or the commissioner for a period of time dictated by the applicable statute of limitations provided in the workers' compensation act.*

*Subd. 4. [RELEASE.] No securities in physical form on deposit with the state treasurer or custodial accounts assigned to the state shall be released without an order from the commissioner.*

*Subd. 5. [EXCHANGING OR REPLACING.] Any securities deposited with the state treasurer or with a custodial account assigned to the state treasurer or surety bonds held by the commissioner may be exchanged or replaced by the depositor with other acceptable securities or surety bonds of like amount so long as the market value of the securities of amount of the surety bond equals or exceeds the amount of deposit required. If securities are replaced by a surety bond, the self-insurer must maintain securities on deposit in an amount sufficient to meet all outstanding workers' compensation liability arising during the period covered by the deposit of the replaced securities, subject to the limitations on maximum security deposits established in Minnesota Rules, parts 2780.2600 and 2780.2700.*

**Sec. 9. [REPEALER.]**

*Minnesota Rules, part 2780.0400, subparts 2, 3, 6, and 7, are repealed."*

for each percent of concentration over five percent of such pupils in the district. The percent of concentration shall be rounded down to the nearest whole percent. In a district in which the percent of concentration is less than six, additional pupil units may not be counted for such pupils. A pupil may not be counted as more than .6 additional pupil unit under this subdivision. The weighting in this subdivision is in addition to the weighting provided in subdivision 1.

Sec. 6. Minnesota Statutes 1990, section 124.17, is amended by adding a subdivision to read:

*(2) the number of pupils in average daily membership according to section 7 enrolled in the district.*

*(b) The AFDC pupil weighting factor for a district equals the lesser of one or the quotient obtained by dividing the district's AFDC concentration percentage by 11.5.*

*(c) The AFDC pupil units for a district for fiscal year 1993 and thereafter equals the product of:*

The average daily membership used shall be from the previous school year.*

*(b) For districts that do not meet the requirement of paragraph (a), the number of pupils enrolled in the district from families receiving aid to families with dependent children shall be the average number of pupils on October 1 of the second previous school year and October 1 of the previous school year. The average daily membership used shall be the average number enrolled in the previous school year and the second previous school year.*

Sec. 8. Minnesota Statutes 1990, section 124A.02, subdivision 16, is amended to read:

(c) "Attendance area" means the total surface area of the district, in square miles, divided by the number of high schools in the district.

(d) "Isolation index" for a high school means the square root of one-half the attendance area plus the distance in miles, according to the usually traveled routes, between the high school and the nearest high school.

(e) "Qualifying high school" means a high school that has an isolation index greater than 23 and that has secondary average daily membership of less than 400.

(f) "Qualifying elementary school" means an elementary school that is located ~~20~~ 19 miles or more from the nearest elementary school or from the nearest elementary school within the district and, in either case, has an elementary average daily membership of an average of 20 or fewer per grade.

(g) "Elementary average daily membership" means, for a district that has only one elementary school, the average daily membership of resident pupils in kindergarten through grade 6. For a district that has more than one elementary school, "average daily membership" for each school means the average daily membership of kindergarten through grade 6 multiplied by the ratio of seven to the number of grades in the elementary school.

Sec. 16. Minnesota Statutes 1990, section 124A.22, subdivision 8, is amended to read:

**ARTICLE 2**

**TRANSPORTATION**

**Section 1.** Minnesota Statutes 1990, section 120.062, subdivision 9, is amended to read:

**Subd. 9. [TRANSPORTATION.]** If requested by the parent of a pupil, the nonresident district shall provide transportation within the district. The state shall pay transportation aid to the district according to section 124.225.

The resident district is not required to provide or pay for transportation between the pupil's residence and the border of the nonresident district. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the pupil is from a family whose income is at or below the poverty level, as determined by the federal government. *The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. However, if the nearest post-secondary institution is more than 25 miles from the pupil's resident secondary school, the weekly reimbursement may not exceed the reimbursement rate per mile times the actual distance between the secondary school and the nearest post-secondary institution times ten.*

At the time a nonresident district notifies a parent or guardian that an application has been accepted under subdivision 5 or 6, the nonresident district must provide the parent or guardian with the following information regarding the transportation of nonresident pupils under this section:

(1) a nonresident district may transport a pupil within the pupil's resident district under this section only with the approval of the resident district; and

(2) a parent or guardian of a pupil attending a nonresident district under this section may appeal under section 123.39, subdivision 6, the refusal of the resident district to allow the nonresident district to transport the pupil within the resident district.

Sec. 2. Minnesota Statutes 1990, section 123.3514, subdivision 8, is amended to read:

Subd. 8. [TRANSPORTATION.] A parent or guardian of a pupil enrolled in a course for secondary credit may apply to the pupil's district of residence for reimbursement for transporting the pupil between the secondary school in which the pupil is enrolled and the post-secondary institution that the pupil attends. The state board of education shall establish guidelines for providing state aid to districts to reimburse the parent or guardian for the necessary transportation costs, which shall be based on financial need. *The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. However, if the nearest post-secondary institution is more than 25 miles from the pupil's resident secondary school, the weekly reimbursement may not exceed the reimbursement rate per mile times the actual distance between the secondary school and the nearest post-secondary institution times ten.* The state shall pay aid to the district according to the guidelines established under this subdivision. Chapter 14 does not apply to the guidelines.

Sec. 3. Minnesota Statutes 1990, section 124.223, subdivision 1, is amended to read:

Subdivision 1. [TO AND FROM SCHOOL; BETWEEN SCHOOLS.] (a) State transportation aid is authorized for transportation or board of resident elementary pupils who reside one mile or more from the public schools which they could attend; transportation or board of resident secondary pupils who reside two miles or more from the public schools which they could attend; transportation to and from schools the resident pupils attend according to a program approved by the commissioner of education, or between the schools the resident pupils attend for instructional classes; transportation of resident elementary pupils who reside one mile or more from a nonpublic school actually attended; transportation of resident secondary pupils who reside two miles or more from a nonpublic school actually attended; but with respect to transportation of pupils to nonpublic schools actually attended, only to the extent permitted by sections 123.76 to 123.79; transportation of a pupil who is a custodial parent and that pupil's child between the pupil's home and the child care provider and between the provider and the school, if the home and provider are within the attendance area of the school. *Transportation aid is not authorized for late transportation home from school for pupils involved in after school activities.*

(b) For the purposes of this subdivision, a district may designate a licensed day care facility, respite care facility, the residence of a relative, or the residence of a person chosen by the pupil's parent or guardian as the home of a pupil for part or all of the day, if requested by the pupil's parent or guardian and if that facility or residence is within the attendance area of the school the pupil attends.

(c) State transportation aid is authorized for transportation to and from school of an elementary pupil who moves during the school year within an area designated by the district as a mobility zone, but only for the remainder of the school year. The attendance areas of schools in a mobility zone must be contiguous. To be in a mobility zone, a school must meet both of the following requirements:

(i) more than 50 percent of the pupils enrolled in the school are eligible for free or reduced school lunch; and

(ii) the pupil withdrawal rate for the last year is more than 12 percent.

(ii) the number of pupils enrolled in the school.

(e) The district may establish eligibility requirements for individual pupils to receive transportation in the mobility zone.

Sec. 5. Minnesota Statutes 1990, section 124.225, subdivision 3a, is amended to read:

Subd. 3a. [PREDICTED BASE COST.] A district's predicted base cost ~~for the 1988-1989 base year and later years~~ equals the result of the following computation:

(a) Multiply the transportation formula allowance by the district's sparsity index raised to the one-fourth power. The transportation formula allowance is ~~\$406 for the 1988-1989 base year and~~ \$421 for the 1989-1990 base year ~~and \$434 for the 1990-1991 base year.~~

(b) Multiply the result in clause (a) by the district's density index raised to the 35/100 power.

Sec. 6. Minnesota Statutes 1990, section 124.225, subdivision 7a, is amended to read:

Subd. 7a. [BASE YEAR SOFTENING FORMULA.] ~~Each district's predicted base cost determined for the 1986-1987 and 1987-1988 base years according to subdivision 3 shall be adjusted as provided in this subdivision to determine the district's adjusted authorized predicted cost per FTE for that year.~~

(a) ~~If the base cost of the district is within five percent of the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to the base cost.~~

(b) ~~If the base cost of the district is more than five percent greater than the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to 105 percent of the predicted base cost, plus 40 percent of the difference between (i) the base cost, and (ii) 105 percent of the predicted base cost. However, in no case shall a district's adjusted authorized predicted cost per FTE be less than 80 percent of base cost.~~

(c) ~~If the base cost of the district is more than five percent less than the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to 95 percent of the predicted base cost, minus 40 percent of the difference between (i) 95 percent of predicted base cost, and (ii) the base cost. However, in no case shall a district's adjusted authorized predicted cost per FTE be more than 120 percent of base cost.~~

(d) ~~For the 1988-1989 base year and later years, Each district's predicted base cost determined according to subdivision 3a must be adjusted as provided in this subdivision to determine the district's adjusted predicted base cost for that year. The adjusted predicted base cost equals 50 percent of the district's base cost plus 50 percent of the district's predicted base cost, but the adjusted predicted base cost cannot be less than 80 percent, nor more than 110 105 percent, of the base cost.~~

Sec. 7. Minnesota Statutes 1990, section 124.225, subdivision 7b, is amended to read:

Subd. 7b. [INFLATION FACTORS.] ~~The adjusted authorized predicted cost per FTE determined for a district under subdivision 7a for the base year shall be increased by 4.1 percent to determine the district's regular transportation allowance for the 1988-1989 school year and by 5.8 percent to determine the district's regular transportation allowance for the 1989-1990 school year.~~

The adjusted predicted base cost determined for a district under subdivision 7a for the base year must be increased by ~~5.4~~ *four* percent to determine the district's regular transportation allowance for the ~~1990-1991~~ *1991-1992* school year *and by two percent to determine the district's regular transportation allowance for the 1992-1993 school year*, but the regular transportation allowance for a district cannot be less than the district's minimum regular transportation allowance according to *Minnesota Statutes 1990, section 124.225, subdivision 1, paragraph (t)*.

Sec. 8. Minnesota Statutes 1990, section 124.225, subdivision 7d, is amended to read:

Subd. 7d. [TRANSPORTATION REVENUE.] ~~Beginning in the 1990-1991 school year~~. The transportation revenue for each district equals the sum of the district's regular transportation revenue and the district's nonregular transportation revenue.

(a) The regular transportation revenue for each district equals the district's regular transportation allowance according to subdivision 7b times the sum of the number of FTE's transported by the district in the regular ~~and~~, *desegregation, and handicapped* categories in the current school year.

(b) The nonregular transportation revenue for each district ~~for the 1991-1992 school year~~ *equals the lesser of the district's actual cost in the 1991-1992 school year for nonregular transportation services or the sum of: (i) the product of the district's actual cost in the current 1990-1991 school year for nonregular transportation services, as defined for the 1991-1992 school year in subdivision 1, paragraph (c), excluding desegregation transportation, times the ratio of the district's average daily membership for the 1991-1992 school year to the district's average daily membership for the 1990-1991 school year according to section 124.17, subdivision 2, times 1.01; plus (ii) the district's actual cost in the 1991-1992 school year for desegregation transportation; minus (iii) the amount of regular transportation revenue attributable to FTE's transported in the desegregation category and handicapped categories in the current school year; plus (iv) the excess nonregular transportation revenue for the 1991-1992 school year according to section 9.*

*For the 1992-1993 and later school years, the nonregular transportation revenue for each district equals the lesser of the district's actual cost in the current school year for nonregular transportation services or the sum of: (i) the product of the district's actual cost in the base year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), excluding desegregation transportation, times the ratio of the district's average daily membership for the current year to the district's average daily membership for the base year according to section 124.17, subdivision 2, increased by the percentage used in computing the regular transportation allowance for the current year under subdivision 7b; plus (ii) the district's actual cost in the current school year for desegregation transportation; minus (iii) the amount of regular transportation revenue attributable to FTE's transported in the desegregation and handicapped categories in the current school year; plus (iv) the excess nonregular transportation revenue for the current year according to section 9.*

Sec. 9. Minnesota Statutes 1990, section 124.225, is amended by adding a subdivision to read:

Subd. 7e. [EXCESS NONREGULAR TRANSPORTATION REVENUE.]

*(a) A district's excess nonregular transportation revenue for the 1991-1992 school year equals an amount equal to 80 percent of the difference between:*

*(1) the district's actual cost in the 1991-1992 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), excluding desegregation transportation, and*

*(2) the product of the district's actual cost in the 1990-1991 school year for nonregular transportation services as defined for the 1991-1992 school year, excluding desegregation transportation, times 1.15, times the ratio of the district's average daily membership for the 1991-1992 school year to the district's average daily membership for the 1990-1991 school year.*

*(b) A district's excess nonregular transportation revenue for the 1992-1993 school year and later school years equals an amount equal to 80 percent of the difference between:*

*(1) the district's actual cost in the current year for nonregular transportation services as defined for the current year, excluding desegregation transportation, and*

*(2) the product of the district's actual cost in the base year for nonregular transportation services as defined for the current year, excluding desegregation transportation, times 1.30, times the ratio of the district's average daily membership for the current year to the district's average daily membership for the base year.*

*(c) The state total excess nonregular transportation revenue may not exceed \$2,000,000 for the 1991-1992 school year and \$2,000,000 for the 1992-1993 school year. If the state total revenue according to paragraph (a) or (b) exceeds the limit established in this paragraph, the excess nonregular transportation revenue for each district equals the district's revenue according to paragraph (a) or (b), times the ratio of the limitation set in this paragraph to the state total revenue according to paragraph (a) or (b).*

Sec. 10. Minnesota Statutes 1990, section 124.225, subdivision 8a, is amended to read:

~~Subd. 8a. [TRANSPORTATION AID.] (a) For the 1988-1989 and 1989-1990 school years, a district's transportation aid is equal to the sum of its basic transportation aid under subdivision 8b, its nonregular transportation aid under subdivision 8i, and its nonregular transportation levy equalization aid under subdivision 8j, minus its contracted services aid reduction under subdivision 8k and minus its basic transportation levy limitation for the levy attributable to that school year under section 275.125, subdivision 5.~~

~~(b) For 1990-1991 and later school years, A district's transportation aid equals the product of:~~

~~(1) the difference between the transportation revenue and the sum of:~~

~~(i) the maximum basic transportation levy for that school year under section 275.125, subdivision 5, plus~~

~~(ii) the maximum nonregular transportation levy for that school year under section 275.125, subdivision 5c, plus~~

~~(iii) the contracted services aid reduction under subdivision 8k,~~

~~(2) times the ratio of the sum of the actual amounts levied under section 275.125, subdivisions 5 and 5c, to the sum of the permitted maximum levies under section 275.125, subdivisions 5 and 5c.~~

(e) (b) If the total appropriation for transportation aid for any fiscal year is insufficient to pay all districts the full amount of aid earned, the department of education shall reduce each district's aid in proportion to the number of resident pupils in average daily membership in the district to the state total average daily membership, and shall reduce the transportation levy of off-formula districts in the same proportion.

Sec. 11. Minnesota Statutes 1990, section 124.225, subdivision 8k, is amended to read:

Subd. 8k. [CONTRACTED SERVICES AID REDUCTION.] (a) Each year, a district's transportation aid shall be reduced according to the provisions of this subdivision, if the district contracted for some or all of the transportation services provided in the regular category.

(b) For the 1988-1989 and 1989-1990 school years, the department of education shall compute this subtraction by conducting the multiple regression analysis specified in subdivision 3 and computing the district's aid under two circumstances, once including the coefficient of the factor specified in subdivision 4b, clause (3), and once excluding the coefficient of that factor. The aid subtraction shall equal the difference between the district's aid computed under these two circumstances.

(e) For 1990-1991 and later school years, The department of education shall determine the subtraction by computing the district's regular transportation revenue, excluding revenue based on the *district's* minimum regular transportation allowance according to Minnesota Statutes 1990, section 124.225, subdivision 1, paragraph (t), under two circumstances, once including the factor specified in subdivision 3a, clause (c), and once excluding the factor. The aid subtraction equals the difference between the district's revenue computed under the two circumstances.

Sec. 12. Minnesota Statutes 1990, section 124.225, subdivision 10, is amended to read:

Subd. 10. [DEPRECIATION.] Any school district that owns school buses or mobile units shall transfer annually from the undesignated fund balance account in its transportation fund to the reserved fund balance account for bus purchases in its transportation fund at least an amount equal to 12-1/2 percent of the original cost of each type one or type two bus or mobile unit until the original cost of each type one or type two bus or mobile unit is fully amortized, plus 20 percent of the original cost of each type three bus included in the district's authorized cost under the provisions of subdivision 1, paragraph (b), clause (4), until the original cost of each type three bus is fully amortized, plus 33-1/3 percent of the cost to the district as of July 1 of each year for school bus reconditioning done by the department of corrections until the cost of the reconditioning is fully amortized; provided, if the district's transportation aid or levy is reduced pursuant to subdivision 8a because the appropriation for that year is insufficient, this amount shall be reduced in proportion to the reduction pursuant to subdivision 8a as a percentage of the district's transportation revenue under subdivision 7e 7d.

Sec. 13. Minnesota Statutes 1990, section 275.125, subdivision 5, is amended to read:

Subd. 5. [BASIC TRANSPORTATION LEVY.] Each year, a school district may levy for school transportation services an amount not to exceed the amount raised by the basic transportation tax rate times the adjusted

net tax capacity of the district for the preceding year. ~~The basic transportation tax rate for fiscal year 1991 is 2.04 percent. Beginning in 1990,~~ The commissioner of revenue shall establish the basic transportation tax rate and certify it to the commissioner of education by July 1 of each year for levies payable in the following year. The basic transportation tax rate shall be a rate, rounded up to the nearest hundredth of a percent, that, when applied to the adjusted net tax capacity of taxable property for all districts, raises the amount specified in this subdivision. The basic transportation tax rate for transportation shall be the rate that raises ~~\$66,700,000~~ *\$64,700,000 for fiscal year 1993 and \$68,000,000 for fiscal year 1992 1994* and subsequent fiscal years. The basic transportation tax rate certified by the commissioner of revenue must not be changed due to changes or corrections made to a district's adjusted net tax capacity after the tax rate has been certified.

Sec. 14. Minnesota Statutes 1990, section 275.125, subdivision 5b, is amended to read:

Subd. 5b. [TRANSPORTATION LEVY OFF-FORMULA ADJUSTMENT.] ~~(a) In the 1989 and 1990 fiscal years, if the basic transportation levy under subdivision 5 in a district attributable to the fiscal year exceeds the transportation aid computation under section 124.225, subdivisions 8b, 8i, 8j, and 8k, the district's levy limitation shall be adjusted as provided in this subdivision. In the second year following each fiscal year, the district's transportation levy shall be reduced by an amount equal to the difference between (1) the amount of the basic transportation levy under subdivision 5, and (2) the sum of the district's transportation aid computation pursuant to section 124.225, subdivisions 8b, 8i, 8j, and 8k, and the amount of any subtraction made from special state aids pursuant to section 124.2138, subdivision 2, less the amount of any aid reduction due to an insufficient appropriation as provided in section 124.225, subdivision 8a.~~

~~(b) For 1991 and later fiscal years, In a district if the basic transportation levy under subdivision 5 attributable to that fiscal year is more than the difference between (1) the district's transportation revenue under section 124.225, subdivision 7e 7d, and (2) the sum of the district's maximum nonregular levy under subdivision 5c and the district's contracted services aid reduction under section 124.225, subdivision 8k, and the amount of any reduction due to insufficient appropriation under section 124.225, subdivision 8a, the district's transportation levy in the second year following each fiscal year must be reduced by the amount of the excess.~~

Sec. 15. Minnesota Statutes 1990, section 275.125, subdivision 5c, is amended to read:

Subd. 5c. [NONREGULAR TRANSPORTATION LEVY.] A school district may also make a levy for unreimbursed nonregular transportation costs pursuant to this subdivision. The amount of the levy shall be the result of the following computation:

(a) multiply

(1) the amount of the district's nonregular transportation revenue under section 124.225, subdivision 7e 7d, that is more than the product of ~~\$30~~ *\$60* times the district's ~~actual pupil units~~ *average daily membership*, by

(2) ~~60~~ *50* percent;

(b) subtract the result in clause (a) from the district's total nonregular transportation revenue;

(c) multiply the result in clause (b) by the lesser of one or the ratio of (i) the quotient derived by dividing the adjusted net tax capacity of the district for the year before the year the levy is certified by the ~~actual pupil units average daily membership~~ in the district for the school year to which the levy is attributable, to (ii) ~~\$7,258~~ \$8,000.

Sec. 16. [LEVY ADJUSTMENT.]

*The department of education shall adjust the 1991 levy for each school district by the amount of the change in the district's nonregular transportation levy for fiscal year 1992 according to Minnesota Statutes, section 275.125, subdivision 5c, resulting from the changes to nonregular transportation revenue and levy under sections 4, 8, 9, and 15. Notwithstanding Minnesota Statutes, section 121.904, the entire amount of this levy shall be recognized as revenue for fiscal year 1992.*

Subd. 2. [REFERENDUM LEVY.] (a) The amount of general education revenue certified by an education district board under section 124B.10 may be increased in any amount that is approved by the voters of the education district at a referendum called for the purpose. The referendum may be called by the education district board or must be called by the education district board upon written petition of qualified voters of the education district. The referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased levy as a percentage of net tax capacity, the amount that will be raised by that local tax rate in the first year it is to be levied, and that the local tax rate must be used to finance school operations. The ballot shall designate a specific number of years for which the referendum authorization applies. The ballot may contain a text with the information required in this subdivision and a question stating substantially the following:

“Shall the increase in the levy proposed by (petition to) the board of . . . . ., Education District No. . . . ., be approved?”

(b) If approved, the amount provided by the approved local tax rate applied to the net tax capacity for the year before the year the levy is certified is authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the education district at a later referendum.

(c) The education district board shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the election to each taxpayer at the address listed on each member district’s current year’s assessment roll, a notice of the referendum and the proposed levy increase. For the purpose of giving mailed notice under this subdivision, owners shall

be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of increase in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the education district.

(d) The notice must include the following statement: "In 1989, the legislature reduced property taxes for education by increasing the state share of funding for education. However, state aid for cities and townships was reduced by a corresponding amount. As a result, property taxes for cities and townships may increase. Passage of this referendum will result in an increase in your property taxes."

(e) A referendum on the question of revoking or reducing the increased levy amount authorized under paragraph (a) may be called by the education district board and must be called by the education district board upon the written petition of qualified voters of the education district. A levy approved by the voters of the education district under paragraph (a) must be made at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one election may be held to revoke or reduce a levy for any specific year and for later years.

(f) A petition authorized by paragraph (a) or (e) shall be effective if signed by a number of qualified voters in excess of 15 percent of the average number of voters at the two most recent districtwide school elections in all the member school districts. A referendum invoked by petition must be held on the day specified in paragraph (a).

(g) The approval of 50 percent plus one of those voting on the question is required to pass a referendum.

(h) Within 30 days after the education district holds a referendum according to this subdivision, the education district shall notify the commissioner of education of the results of the referendum.

(i) The department shall allocate the amount certified by the education district board under paragraph (a) or subdivision 1 proportionately among the member districts based on net tax capacity. The member districts shall *may* levy an amount up to the amount allocated.

[GRANT APPLICATION.] Any regional public library system which qualifies according to the provisions of section 134.34 may apply for an annual grant for regional library basic system support. The amount of each grant for each fiscal year shall be calculated as provided in this section.

Subd. 2. *Sixty Fifty-seven and one-half* percent of the available grant funds shall be distributed to provide all qualifying systems an equal amount per capita. Each system's allocation pursuant to this subdivision shall be based on the population it serves.

Subd. 3. *Fifteen Twelve and one-half* percent of the available grant funds shall be distributed to provide all qualifying systems an equal amount per square mile. Each system's allocation pursuant to this subdivision shall be based on the area it serves.

Subd. 4. *Seven and one-half Five* percent of the available grant funds shall be paid to each system as a base grant for basic system services.

Subd. 5. *Seventeen and one-half Twenty-five* percent of the available grant funds shall be distributed to regional public library systems ~~which contain counties whose based upon the adjusted net tax capacity per capita were below the state average adjusted net tax capacity per capita for each member county or participating portion of a county as calculated~~ for the second year preceding the fiscal year for which the grant is made. Each system's entitlement shall be calculated as follows:

(a) ~~subtract the adjusted net tax capacity per capita for each eligible county or participating portion of a county from the statewide average adjusted net tax capacity per capita;~~

(b) ~~multiply the difference obtained in clause (a) for each eligible county or participating portion of a county by the population of that eligible county or participating portion of a county;~~

(c) ~~for each regional public library system; determine the sum of the results of the computation in clause (b) for all eligible counties or portions thereof in that system;~~

(d) ~~determine the sum of the result of the computation in clause (b) for all eligible counties or portions thereof in all regional public library systems in the state;~~

(e) ~~for each system; divide the result of the computation in clause (c) by the result of the computation in clause (d) to obtain the allocation factor for that system;~~

(f) ~~multiply the allocation factor for each system as determined in clause (e) times the amount of the remaining grant funds to determine each system's dollar allocation pursuant to this subdivision.~~

(a) *Multiply the adjusted net tax capacity per capita for each county or participating portion of a county by .0082.*

(b) *Add sufficient grant funds that are available under this subdivision to raise the amount of the county or participating portion of a county with the lowest value calculated according to paragraph (a) to the amount of the county or participating portion of a county with the next highest value calculated according to paragraph (a). Multiply the amount of the additional*

grant funds by the population of the county or participating portion of a county.

(c) Continue the process described in paragraph (b) by adding sufficient grant funds that are available under this subdivision to the amount of a county or participating portion of a county with the next highest value calculated in paragraph (a) to raise it and the amount of counties and participating portions of counties with lower values calculated in paragraph (a) up to the amount of the county or participating portion of a county with the next highest value, until reaching an amount where funds available under this subdivision are no longer sufficient to raise the amount of a county or participating portion of a county and the amount of counties and participating portions of counties with lower values up to the amount of the next highest county or participating portion of a county.

(d) If the point is reached using the process in paragraphs (b) and (c) at which the remaining grant funds under this subdivision are not adequate for raising the amount of a county or participating portion of a county and all counties and participating portions of counties with amounts of lower value to the amount of the county or participating portion of a county with the next highest value, those funds are to be divided on a per capita basis for all counties or participating portions of counties that received grant funds under the calculation in paragraphs (b) and (c).

Subd. 6. [POPULATION DETERMINATION.] Population shall be determined according to section 275.14.

Sec. 5. [APPROPRIATIONS.]

Pages 1 to 4, delete section 1 and insert:

"Section 1. Minnesota Statutes 1990, section 325E.0681, is amended by adding a subdivision to read:

*Subd. 3. [OBLIGATION TO REPURCHASE.] If a dealership agreement is terminated, canceled, or discontinued, the equipment manufacturer shall*

pay to the dealer, or credit to the dealer's account if the dealer has an outstanding amount owed to the manufacturer, an amount equal to 100 percent of the net cost of all unused heavy and utility equipment in new condition that has been purchased by the dealer from the manufacturer within the 24 months immediately preceding notification by either party of intent to terminate, cancel, or discontinue the agreement. This amount must include transportation charges that have been paid by the dealer, or invoiced to the dealer's account by the manufacturer. The dealer may elect to keep the merchandise instead of receiving payment, if the contract gives the dealer this right.

Sec. 2. Minnesota Statutes 1990, section 325E.0681, is amended by adding a subdivision to read:

*Subd. 4. [REPAIR PARTS.] (a) The manufacturer shall pay the dealer, or credit to the dealer's account if the dealer has an outstanding amount owed to the manufacturer, the following:*

*(1) 85 percent of the current net prices on repair parts, including superseded parts listed in current price lists or catalogs in use by the manufacturer on the date of the termination, cancellation, or discontinuance of the agreement;*

*(2) as to any parts not listed in current price lists or catalogs, 100 percent of the invoiced price of the repair part for which the dealer has an invoice if the parts had previously been purchased by the dealer from the manufacturer and are held by the dealer on the date of the termination, cancellation, or discontinuance of the agreement or received by the dealer from the manufacturer after that date; and*

*(3) 50 percent of the most recently published price of all other parts if the price list or catalog is not more than ten years old as of the date of the termination, cancellation, or discontinuance of the agreement.*

*(b) The manufacturer shall pay the dealer, or credit to the dealer's account, if the dealer has an outstanding amount owed to the manufacturer, an amount equal to five percent of the prices required to be paid or credited by this subdivision for all parts returned for the handling, packing, and loading of the parts back to the manufacturer unless the manufacturer elects to perform inventorying, packing, and loading of the parts itself. Upon the payment or allowance of credit to the dealer's account of the sum required by this subdivision, the title to and right to possess the heavy and utility equipment passes to the manufacturer. However, this section does not affect any security interest that the manufacturer may have in the inventory of the dealer.*

Sec. 3. Minnesota Statutes 1990, section 325E.0681, is amended by adding a subdivision to read:

*Subd. 5. [PAYMENT; INTEREST.] Payment required to be made under this section must be made not later than 90 days from the date the heavy and utility equipment is returned by the dealer, and if not by then paid, the amount payable by the manufacturer bears interest at the rate of 1-1/2 percent per month from the date the agreement was terminated, canceled, or discontinued until the date payment is received by the dealer.*

Sec. 4. Minnesota Statutes 1990, section 325E.0681, is amended by adding a subdivision to read:

*Subd. 6. [NOTICE OF INTENT TO RETURN.] In lieu of returning the*

*heavy and utility equipment to the manufacturer, the dealer may advise the manufacturer that the dealer has heavy and utility equipment that the dealer intends to return. The notice of the dealer's intention to return must be in writing, sworn to before a notary public as to the accuracy of the listing of heavy and utility equipment and that all of the items are in usable condition. The notice must include the name and business address of the person or business who has possession and custody of them and where they may be inspected. The list may be verified by the manufacturer. The notice must also state the name and business address of the person or business who has the authority to serve as the escrow agent of the dealer, to accept payment or a credit to the dealer's account on behalf of the dealer, and to release the heavy and utility equipment to the manufacturer. The notice constitutes the appointment of the escrow agent to act on the dealer's behalf.*

Sec. 5. Minnesota Statutes 1990, section 325E.0681, is amended by adding a subdivision to read:

*Subd. 7. [MANUFACTURER INSPECTION.] (a) The manufacturer has 30 days from the date of the mailing of the notice under subdivision 6, which must be by certified mail, in which to inspect the heavy and utility equipment and verify the accuracy of the dealer's list.*

*(b) The manufacturer shall, within ten days after inspection:*

*(1) pay the escrow agent;*

*(2) give evidence that a credit to the account of the dealer has been made if the dealer has an outstanding amount due the manufacturer; or*

*(3) send to the escrow agent a "dummy credit list" and shipping labels for the return of the heavy and utility equipment to the manufacturer that are acceptable as returns.*

Sec. 6. Minnesota Statutes 1990, section 325E.0681, is amended by adding a subdivision to read:

*Subd. 8. [PAYMENT OR CREDIT REQUIREMENTS.] If the manufacturer sends a credit list as provided under subdivision 7 to the escrow agent, payment or a credit against the dealer's indebtedness in accordance with this subdivision for the acceptable returns must accompany the credit list. On the receipt of the payment, evidence of a credit to the account of the dealer, or the credit list with payment, the title to and the right to possess the heavy and utility equipment acceptable as returns passes to the manufacturer. The escrow agent shall ship or cause to be shipped the heavy and utility equipment acceptable as returns to the manufacturer unless the manufacturer elects to personally perform the inventorying, packing, and loading of the heavy and utility equipment. When they have been received by the manufacturer, notice of their receipt shall be sent by certified mail to the escrow agent who shall then disburse 90 percent of the payment it has received, less its actual expenses and a reasonable fee for its services, to the dealer. The escrow agent shall keep the balance of the funds in the dealer's escrow account until it is notified that an agreement has been reached as to the nonreturnables. After being notified of the agreement, the escrow agent shall disburse the remaining funds and dispose of any remaining heavy and utility equipment as provided in the agreement. If no agreement is reached in a reasonable time, the escrow agent may refer the matter to an arbitrator who has authority to resolve all unsettled issues in the dispute."*

The commissioner of revenue shall:

(1) have and exercise general supervision over the administration of the assessment and taxation laws of the state, over assessors, town, county, and city boards of review and equalization, and all other assessing officers in the performance of their duties, to the end that all assessments of property be made relatively just and equal in compliance with the laws of the state;

(2) confer with, advise, and give the necessary instructions and directions to local assessors and local boards of review throughout the state as to their duties under the laws of the state;

(3) direct proceedings, actions, and prosecutions to be instituted to enforce

(4) require county attorneys to assist in the commencement of prosecutions in actions or proceedings for removal, forfeiture and punishment for violation of the laws of this state in respect to the assessment and taxation of property in their respective districts or counties;

(5) require town, city, county, and other public officers to report information as to the assessment of property, collection of taxes received from licenses and other sources, and such other information as may be needful in the work of the department of revenue, in such form and upon such blanks as the commissioner may prescribe;

(6) require individuals, copartnerships, companies, associations, and corporations to furnish information concerning their capital, funded or other debt, current assets and liabilities, earnings, operating expenses, taxes, as well as all other statements now required by law for taxation purposes;

(7) summon witnesses, at a time and place reasonable under the circumstances, to appear and give testimony, and to produce books, records, papers and documents relating to any tax matter which the commissioner may have authority to investigate or determine. Provided, that any summons which does not identify the person or persons with respect to whose tax liability the summons is issued may be served only if (a) the summons relates to the investigation of a particular person or ascertainable group or class of persons, (b) there is a reasonable basis for believing that such person or group or class of persons may fail or may have failed to comply with any tax law administered by the commissioner, (c) the information sought to be obtained from the examination of the records (and the identity of the person or persons with respect to whose liability the summons is issued) is not readily available from other sources, (d) the summons is clear and specific as to the information sought to be obtained, and (e) the information sought to be obtained is limited solely to the scope of the investigation. Provided further that the party served with a summons which does not identify the person or persons with respect to whose tax liability the summons is issued shall have the right, within 20 days after service of the summons, to petition the district court for the judicial district in which lies the county in which that party is located for a determination as to whether the commissioner of revenue has complied with all the requirements in (a) to (e), and thus, whether the summons is enforceable. If no such petition is made by the party served within the time prescribed, the summons shall have the force and effect of a court order;

(8) cause the deposition of witnesses residing within or without the state, or absent therefrom, to be taken, upon notice to the interested party, if any, in like manner that depositions of witnesses are taken in civil actions in the district court, in any matter which the commissioner may have authority to investigate or determine;

(9) investigate the tax laws of other states and countries and to formulate and submit to the legislature such legislation as the commissioner may deem expedient to prevent evasions of assessment and taxing laws, and secure

just and equal taxation and improvement in the system of assessment and taxation in this state;

(10) consult and confer with the governor upon the subject of taxation, the administration of the laws in regard thereto, and the progress of the work of the department of revenue, and furnish the governor, from time to time, such assistance and information as the governor may require relating to tax matters;

(11) transmit to the governor, on or before the third Monday in December of each even-numbered year, and to each member of the legislature, on or before November 15 of each even-numbered year, the report of the department of revenue for the preceding years, showing all the taxable property in the state and the value of the same, in tabulated form;

(12) inquire into the methods of assessment and taxation and ascertain whether the assessors faithfully discharge their duties, particularly as to their compliance with the laws requiring the assessment of all property not exempt from taxation;

(13) administer and enforce the assessment and collection of state taxes and, from time to time, make, publish, and distribute rules for the administration and enforcement of state tax laws. The rules have the force of law;

This clause does not curtail the rights of individuals to appear in their own behalf or partners or corporations' officers to appear in behalf of their respective partnerships or corporations;

(16) appoint agents as the commissioner considers necessary to make examinations and determinations. The agents have the rights and powers conferred on the commissioner to examine books, records, papers, or memoranda, subpoena witnesses, administer oaths and affirmations, and take testimony. Upon demand of an agent, the clerk or court administrator of any court shall issue a subpoena for the attendance of a witness or the production of books, papers, records, or memoranda before the agent. The commissioner may also issue subpoenas. Disobedience of subpoenas issued under this chapter shall be punished by the district court of the district in which the subpoena is issued, or in the case of a subpoena issued by the commissioner, by the district court of the district in which the party served with the subpoena is located, in the same manner as contempt of the district court;

(17) appoint and employ additional help, purchase supplies or materials,

or incur other expenditures in the enforcement of state tax laws as considered necessary. The salaries of all agents and employees provided for in this chapter shall be fixed by the appointing authority, subject to the approval of the commissioner of administration;

**144A.31 [INTERAGENCY BOARD FOR QUALITY ASSURANCE LONG-TERM CARE PLANNING COMMITTEE.]**

Subdivision 1. [INTERAGENCY BOARD LONG-TERM CARE PLANNING COMMITTEE.] The commissioners of health and human services shall establish, by July 1, 1983, an interagency board committee of managerial employees of their respective departments who are knowledgeable and employed in the areas of long-term care, geriatric care, community services for the elderly, long-term care facility inspection, or quality of care assurance. The number of interagency board committee members shall not exceed ~~eight~~ *twelve*; ~~three~~ *four* members each to represent the commissioners of health and human services and one member each to represent the commissioners of state planning and, housing finance, *finance, and the chair of the Minnesota board on aging.* The board shall identify long-term care issues requiring coordinated interagency policies and shall conduct analyses, coordinate policy development, and make recommendations to the commissioners for effective implementation of these policies. The commissioner of human services and the commissioner of health or their designees shall annually alternate chairing and convening the board committee. The board committee may utilize the expertise and time of other individuals employed by either each department as needed. The board committee may recommend that the commissioners contract for services as needed. The board committee shall meet as often as necessary to accomplish its duties, but at least quarterly. The board committee shall establish procedures, including public hearings, for allowing regular opportunities for input from residents, nursing homes consumers of long-term care services, advocates, trade associations, facility administrators, county agency administrators, and other interested persons.

Subd. 2. [INSPECTIONS.] No later than January 1, 1988, the board shall develop and recommend implementation and enforcement of an effective system to ensure quality of care in each nursing home in the state. Quality of care includes evaluating, using the resident's care plan, whether the resident's ability to function is optimized and should not be measured solely by the number or amount of services provided.

The board shall assist the commissioner of health in developing methods to ensure that inspections and reinspections of nursing homes are conducted with a frequency and in a manner calculated to most effectively and appropriately fulfill its quality assurance responsibilities and achieve the greatest benefit to nursing home residents. The board shall identify and recommend criteria and methods for identifying those nursing homes that present the most serious concerns with respect to resident health, treatment, comfort, safety, and well-being. The commissioner of health shall require a higher frequency and extent of inspections with respect to those nursing homes that present the most serious concerns with respect to resident health, treatment, comfort, safety, and well-being. These concerns include but are not limited to: complaints about care, safety, or rights; situations where previous inspections or reinspections have resulted in correction orders related to care, safety, or rights; instances of frequent change in administration in excess of normal turnover rates; and situations where persons involved in ownership or administration of the nursing home have been convicted of engaging in criminal

activity. A nursing home that presents none of these concerns or any other concern or condition recommended by the board and established by the commissioner that poses a risk to resident care, safety, or rights shall be inspected once every two years for compliance with key requirements as determined by the board.

The board shall develop and recommend to the commissioners mechanisms beyond the inspection process to protect resident care, safety, and rights, including but not limited to coordination with the office of health facility complaints and the nursing home ombudsman program.

**Subd. 3. [METHODS FOR DETERMINING RESIDENT CARE NEEDS.]** The board shall develop and recommend to the commissioners definitions for levels of care and methods for determining resident care needs for implementation on July 1, 1985, in order to adjust payments for resident care based on the mix of resident needs in a nursing home. The methods for determining resident care needs shall include assessments of ability to perform activities of daily living and assessments of medical and therapeutic needs.

*Subd. 2a. [DUTIES.] The interagency committee shall identify long-term care issues requiring coordinated interagency policies and shall conduct analyses, coordinate policy development, and make recommendations to the commissioners for effective implementation of these policies. The committee shall refine state long-term goals, establish performance indicators, and develop other methods or measures to evaluate program performance, including client outcomes. The committee shall review the effectiveness of programs in meeting their objectives. The committee shall also:*

*(1) facilitate the development of regional and local bodies to plan and coordinate regional and local services;*

*(2) recommend a single regional or local point of access for persons seeking information on long-term care services;*

*(3) recommend changes in state funding and administrative policies that are necessary to maximize the use of home and community-based care and that promote the use of the least costly alternative without sacrificing quality of care; and*

*(4) develop methods of identifying and serving seniors who need minimal services to remain independent but who are likely to develop a need for more extensive services in the absence of these minimal services.*

**Subd. 2b. [GOALS OF THE COMMITTEE.]** *The long-term goals of the committee are:*

*(1) to achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;*

*(2) to develop a statewide system of information and assistance to enable easy access to long-term care services;*

*(3) to develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care; and*

*(4) to maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly served in institutional settings.*

*These goals are designed to create a new community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and*

*human resources.*

Subd. 4. [ENFORCEMENT.] The ~~board~~ *committee* shall develop and recommend for implementation effective methods of enforcing quality of care standards. The ~~board~~ *committee* shall develop and monitor, and the commissioner of human services shall implement, a resident relocation plan that instructs a county in which a nursing home or certified boarding care home is located of procedures to ensure that the needs of residents in nursing homes or certified boarding care homes about to be closed are met. The duties of a county under the relocation plan also apply when residents are to be discharged from a nursing home or certified boarding care home as a result of a change in certification, closure, or loss or termination of the facility's medical assistance provider agreement. The resident relocation plans and county duties required in this subdivision apply to the voluntary or involuntary closure, or reduction in services or size of, an intermediate care facility for the mentally retarded. The relocation plan for intermediate care facilities for the mentally retarded must conform to Minnesota Rules, parts 4655.6810 to 4655.6830, 9525.0015 to 9525.0165, and 9546.0010 to 9546.0060, or their successors. The commissioners of health and human services may waive a portion of existing rules that the commissioners determine does not apply to persons with mental retardation or related conditions. The county shall ensure appropriate placement of residents in licensed and certified facilities or other alternative care such as home health care and foster care placement. In preparing for relocation, the ~~board~~ *committee* shall ensure that residents and their families or guardians are involved in planning the relocation.

Subd. 5. [REPORTS.] The ~~board~~ *committee* shall prepare a *biennial* report and the commissioners of health and human services shall deliver this report to the legislature ~~no later than January 15, 1984, on the board's proposals and progress on implementation of the methods beginning January 31, 1993, listing progress, achievements, and current goals and objectives as required under subdivision 2.~~ The commissioners shall recommend changes in or additions to legislation necessary or desirable to fulfill their responsibilities. ~~The board shall prepare an annual report and the commissioners shall deliver this report annually to the legislature, beginning in January 1985, on the implementation of the provisions of this section.~~

Subd. 6. [DATA.] The interagency ~~board~~ *may committee* shall have access to data from the commissioners of health, human services, ~~and public safety housing finance, and state planning~~ for carrying out its duties under this section. The commissioner of health and the commissioner of human services may each have access to data on persons, including data on vendors of services, from the other to carry out the purposes of this section. If the interagency ~~board~~ *committee*, the commissioner of health, or the commissioner of human services receives data on persons, including data on vendors of services, that is collected, maintained, used or disseminated in an investigation, authorized by statute and relating to enforcement of rules or law, the ~~board~~ *committee* or the commissioner shall not disclose that information except:

The committee shall make recommendations to state agencies and other public and private agencies for methods of improving coordination of existing data, develop data needed for long-term care research, and promote new research activities. Research and data activities must be designed to:*

*(1) improve the validity and reliability of existing data and research information;*

*(2) identify sources of funding and potential uses of funding sources;*

*(3) evaluate the effectiveness and client outcomes of existing programs; and*

*(4) identify and plan for future changes in the number, level, and type of services needed by seniors.*

Sec. 2. Minnesota Statutes 1990, section 144A.46, subdivision 4, is amended to read:

The commissioner shall not impose additional training or education requirements upon members of a licensed or registered occupation or profession, except as necessary to address or prevent problems that are unique to the delivery of services in the home or to enforce and protect the rights of consumers listed in section 144A.44. ~~For home care providers certified under the Medicare program, the state standards must not be inconsistent with the Medicare standards for Medicare services.~~ The commissioner of health shall not require a home care provider certified under the Medicare program to comply with a rule adopted under section 144A.45 if the home care provider is required to comply with any equivalent federal law or regulation relating to the same subject matter. The commissioner of health shall specify in the rules those provisions that are not applicable to certified home care providers. To the extent possible, the commissioner shall coordinate the inspections required under sections 144A.45 to 144A.48 with the health facility licensure inspections required under sections 144.50 to 144.58 or 144A.10 when the health care facility is also licensed under the provisions of Laws 1987, chapter 378.*

(2) that agencies employ or contract with a qualified applicant that a qualified recipient proposes to the agency as the recipient's choice of assistant;

(3) that agencies bill the medical assistance program for a personal care service by a personal care assistant and supervision by the registered nurse supervising the personal care assistant;

(5) that agencies have a quality assurance program.

~~(b) For personal care assistants under contract with an agency under paragraph (a), the provision of training and supervision by the agency does not create an employment relationship.~~ The commissioner may waive the requirement for the provision of personal care services through an agency in a particular county, when there are less than two agencies providing services in that county.

*less than nursing facility care.*

*The screening shall be conducted within ten working days after the date of referral or, for those approved for transfer from an acute care facility to a certified nursing facility, within ten working days after admission to the nursing facility. For persons who are eligible for medical assistance or who would be eligible within 180 days of admission to a nursing facility and who are admitted to a nursing facility, the nursing facility must include the screening team or the case manager in the discharge planning process for those individuals who the team has determined have discharge potential. The screening team or the case manager must ensure a smooth transition and follow-up for the individual's return to the community.*

*Local screening teams shall cooperate with other public and private agencies in the community, in order to offer a variety of cost-effective services to the disabled and elderly. The screening team shall encourage the use of volunteers from families, religious organizations, social clubs, and similar civic and service organizations to provide services.*

*Subd. 5. [SIMPLIFICATION OF FORMS.] The commissioner shall minimize the number of forms required in the preadmission screening process and shall limit the screening document to items necessary for care plan approval, reimbursement, program planning, evaluation, and policy development.*

*Subd. 6. [REIMBURSEMENT FOR PREADMISSION SCREENING.] (a) The total screening cost for each county must be paid monthly by certified nursing facilities in the county. The monthly amount to be paid by each nursing facility for each fiscal year must be determined by dividing the county's estimate of the total annual cost of screenings allowed in the county for the following rate year by 12 to determine the monthly cost estimate and allocating the monthly cost estimate to each nursing facility based on the number of licensed beds in the nursing facility.*

*(b) The rate allowed for a screening where two team members are present shall be the actual costs up to \$195. The rate allowed for a screening where only one team member is present shall be the actual costs up to \$117. Annually on July 1, the commissioner shall adjust the rate up to the percentage change forecast in the fourth quarter of the prior calendar year by the Home Health Agency Market Basket of Operating Costs, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc.*

*(c) The monthly cost estimate for each certified nursing facility must be submitted to the state by the county no later than February 15 of each year for inclusion in the nursing facility's payment rate on the following rate year. The commissioner shall include the reported annual estimated cost of screenings for each nursing facility as an operating cost of that nursing facility in accordance with section 256B.431, subdivision 2b, paragraph (g). The monthly cost estimates approved by the commissioner must be sent to the nursing facility by the county no later than April 15 of each year.*

*(d) If in more than ten percent of the total number of screenings performed by a county in a fiscal year for all individuals regardless of payment source, the screening timelines were not met because a county was late in screening the individual, the county is solely responsible for paying the cost of those delayed screenings that exceed ten percent.*

(e) *Notwithstanding section 256B.0641, overpayments attributable to payment of the screening costs under the medical assistance program may not be recovered from a facility.*

(f) *The commissioner of human services shall amend the Minnesota medical assistance plan to include reimbursement for the local screening teams.*

**Subd. 7. [REIMBURSEMENT FOR CERTIFIED NURSING FACILITIES.]** *Medical assistance reimbursement for nursing facilities shall be authorized for a medical assistance recipient only if a preadmission screening has been conducted or the local county agency has authorized an exemption. Medical assistance reimbursement for nursing facilities shall not be provided for any recipient who the local screening team has determined does not meet the level of care criteria for nursing facility placement.*

*An individual has a choice and makes the final decision between nursing facility placement and community placement after the screening team's recommendation. However, the local county mental health authority or the local mental retardation authority under Public Law Numbers 100-203 and 101-508 may prohibit admission to a nursing facility, if the individual does not meet the nursing facility level of care criteria or does need active treatment as defined in Public Law Numbers 100-203 and 101-508.*

*Appeals from the screening team's recommendation or the county agency's final decision shall be made according to section 256.045, subdivision 3.*

**Subd. 8. [ADVISORY COMMITTEE.]** *The commissioner shall appoint an advisory committee to advise the commissioner on the preadmission screening program, the alternative care program under section 256B.0913, and the home and community-based services waiver programs for the elderly and the disabled. The advisory committee shall review policies and procedures and provide advice and technical assistance to the commissioner regarding the effectiveness and the efficient administration of the programs. The advisory committee must consist of not more than 20 people appointed by the commissioner and must be comprised of representatives from public agencies, public and private service providers, and consumers from all areas of the state. Members of the advisory committee must not be compensated for service.*

**Sec. 11. [256B.0913] [ALTERNATIVE CARE PROGRAM.]**

**Subdivision 1. [PURPOSE AND GOALS.]** *The purpose of the alternative care program is to provide funding for or access to home and community-based services for frail elderly persons, in order to limit nursing facility placements. The program is designed to support frail elderly persons in their desire to remain in the community as independently and as long as possible and to support informal caregivers in their efforts to provide care for frail elderly people. Further, the goals of the program are:*

(1) *to contain medical assistance expenditures by providing care in the community at a cost the same or less than nursing facility costs; and*

(2) *to maintain the moratorium on new construction of nursing home beds.*

**Subd. 2. [ELIGIBILITY FOR SERVICES.]** *Alternative care services are available to all frail older Minnesotans. This includes:*

(1) *persons who are receiving medical assistance and served under the medical assistance program or the Medicaid waiver program;*

(2) *persons who would be eligible for medical assistance within 180 days*

*of admission to a nursing facility and served under subdivisions 4 to 13; and*

*(3) persons who are paying for their services out-of-pocket.*

*Subd. 3. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR MEDICAL ASSISTANCE RECIPIENTS.] Funding for services for persons who are eligible for medical assistance is available under section 256B.0627, governing home care services, or 256B.0915, governing the Medicaid waiver for home and community-based services.*

*Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NONMEDICAL ASSISTANCE RECIPIENTS.] (a) Funding for services under the alternative care program is available to persons who meet the following criteria:*

*(1) the person has been screened by the county screening team or, if previously screened and served under the alternative care program, assessed by the local county social worker or public health nurse;*

*(2) the person is age 65 or older;*

*(3) the person would be eligible for medical assistance within 180 days of admission to a nursing facility;*

*(4) the screening team would recommend nursing facility admission or continued stay for the person if alternative care services were not available;*

*(5) the person needs services that are not available at that time in the county through other county, state, or federal funding sources; and*

*(6) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the regional average monthly medical assistance payment for nursing facility care at the individual's case mix classification to which the individual would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059.*

*(b) Individuals who meet the criteria in paragraph (a) and who have been approved for alternative care funding are called 180-day eligible clients.*

*(c) The regional payment for nursing facility care is the monthly average nursing facility rate for the applicable nursing home geographic group in effect on July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing facility residents who are age 65 or older and who are medical assistance recipients in the month of March of the previous fiscal year. This monthly limit does not prohibit the 180-day eligible client from paying for additional services needed or desired.*

*(d) In determining the total costs of alternative care services for one month, the costs of all services funded by the alternative care program, including supplies and equipment, must be included.*

*(e) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spend-down if the person applied, unless authorized by the commissioner.*

*(f) Alternative care funding is not available for a person who resides in a licensed nursing home or boarding care home, except for case management services which are being provided in support of the discharge planning process.*

*Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:*

- (1) adult foster care;*
- (2) adult day care;*
- (3) home health aide;*
- (4) homemaker services;*
- (5) personal care;*
- (6) case management;*
- (7) respite care;*
- (8) assisted living; and*
- (9) care-related supplies and equipment.*

*(b) The county agency may use up to ten percent of the annual allocation of alternative care funding for payment of costs of meals delivered to the home, transportation, skilled nursing, chore services, companion services, nutrition services, and training for direct informal caregivers. The commissioner shall determine the impact on alternative care costs of allowing these additional services to be provided and shall report the findings to the legislature by February 15, 1993, including any recommendations regarding provision of the additional services.*

*(c) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs.*

*(d) These services must be provided by a licensed provider, a home health agency certified for reimbursement under Titles XVIII and XIX of the Social Security Act, or by persons or agencies employed by or contracted with the county agency or the public health nursing agency of the local board of health.*

*(e) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board.*

*(f) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.*

*(g) Costs for supplies and equipment that exceed \$150 per item per month must have prior approval from the commissioner.*

*(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to two or more alternative care grant clients who reside in the same apartment building of ten or more units. These services may include care coordination, the costs of preparing one or more nutritionally balanced meals per day, general oversight, and other supportive services which the vendor is licensed to provide according to sections 144A.43 to 144A.49, and which would otherwise be available to individual alternative care grant clients. Reimbursement from the lead agency shall be made to the vendor as a monthly capitated rate negotiated with the county agency. The capitated rate shall not exceed the state share of the average monthly medical assistance nursing facility payment rate of*

*the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The capitated rate may not cover rent and direct food costs. A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.*

*(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage, or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.*

*(j) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.*

*Subd. 6. [ALTERNATIVE CARE PROGRAM ADMINISTRATION.] The alternative care program is administered by the county agency. This agency is the lead agency responsible for the local administration of the alternative care program as described in this section. However, it may contract with the public health nursing service to be the lead agency.*

*Subd. 7. [CASE MANAGEMENT.] The lead agency shall appoint a social worker from the county agency or a registered nurse from the county public health nursing service of the local board of health to be the case manager for any person receiving services funded by the alternative care program. The case manager must ensure the health and safety of the individual client and is responsible for the cost effectiveness of the alternative care individual care plan.*

*Subd. 8. [REQUIREMENTS FOR INDIVIDUAL CARE PLAN.] The case manager shall implement the plan of care for each 180-day eligible client and ensure that a client's service needs and eligibility are reassessed at least every six months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held*

*harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation liability. The lead agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program. The lead agency shall provide documentation in each individual's plan of care and to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private.*

*Subd. 9. [CONTRACTING PROVISIONS FOR PROVIDERS.] The lead agency shall document to the commissioner that the agency made reasonable efforts to inform potential providers of the anticipated need for services under the alternative care program, including a minimum of 14 days' written advance notice of the opportunity to be selected as a service provider and an annual public meeting with providers to explain and review the criteria for selection. The lead agency shall also document to the commissioner that the agency allowed potential providers an opportunity to be selected to contract with the county agency. Funds reimbursed to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.*

*The lead agency must select providers for contracts or agreements using the following criteria and other criteria established by the county:*

- (1) the need for the particular services offered by the provider;*
- (2) the population to be served, including the number of clients, the length of time services will be provided, and the medical condition of clients;*
- (3) the geographic area to be served;*
- (4) quality assurance methods, including appropriate licensure, certification, or standards, and supervision of employees when needed;*
- (5) rates for each service and unit of service exclusive of county administrative costs;*
- (6) evaluation of services previously delivered by the provider; and*
- (7) contract or agreement conditions, including billing requirements, cancellation, and indemnification.*

*The county must evaluate its own agency services under the criteria established for other providers. The county shall provide a written statement of the reasons for not selecting providers.*

*Subd. 10. [ALLOCATION FORMULA.] (a) The alternative care appropriation for fiscal years 1992 and beyond shall cover only 180-day eligible clients.*

*(b) Prior to July 1 of each year, the commissioner shall allocate to county agencies the state funds available for alternative care for persons eligible under subdivision 2. The allocation for fiscal year 1992 shall be calculated using a base that is adjusted to exclude the medical assistance share of alternative care expenditures. The adjusted base is calculated by multiplying each county's allocation for fiscal year 1991 by the percentage of county alternative care expenditures for 180-day eligible clients. The percentage is determined based on expenditures for services rendered in fiscal year 1989 or calendar year 1989, whichever is greater.*

(c) *If the county expenditures for 180-day eligible clients are 95 percent or more of its adjusted base allocation, the allocation for the next fiscal year is 100 percent of the adjusted base, plus inflation to the extent that inflation is included in the state budget.*

(d) *If the county expenditures for 180-day eligible clients are less than 95 percent of its adjusted base allocation, the allocation for the next fiscal year is the adjusted base allocation less the amount of unspent funds below the 95 percent level.*

(e) *For fiscal year 1992 only, a county under paragraph (d) may receive an increased allocation if annualized service costs for the month of May 1991 for 180-day eligible clients are greater than the allocation otherwise determined. A county may apply for this increase by reporting projected expenditures for May to the commissioner by June 1, 1991. The amount of the allocation may exceed the amount calculated in paragraph (c). The projected expenditures for May must be based on actual 180-day eligible client caseload and the individual cost of clients' care plans. If a county does not report its expenditures for May, the amount in paragraph (d) shall be used.*

(f) *Calculations for paragraphs (c) and (d) are to be made as follows: for each county, the determination of expenditures shall be based on payments for services rendered from April 1 through March 31 in the base year, to the extent that claims have been submitted by June 1 of that year.*

*Subd. 11. [TARGETED FUNDING.] (a) The purpose of targeted funding is to make additional money available to counties with the greatest need. Targeted funds are not intended to be distributed equitably among all counties, but rather, allocated to those with long-term care strategies that meet state goals.*

(b) *The funds available for targeted funding shall be the total appropriation for each fiscal year minus county allocations determined under subdivision 10 as adjusted for any inflation increases provided in appropriations for the biennium.*

(c) *The commissioner shall allocate targeted funds to counties that demonstrate to the satisfaction of the commissioner that they have developed feasible plans to increase alternative care grant spending. In making targeted funding allocations, the commissioner shall use the following priorities:*

(1) *counties that received a lower allocation in fiscal year 1991 than in fiscal year 1990. Counties remain in this priority until they have been restored to their fiscal year 1990 level plus inflation;*

(2) *counties that sustain a base allocation reduction for failure to spend 95 percent of the allocation if they demonstrate that the base reduction should be restored;*

(3) *counties that propose projects to divert community residents from nursing home placement or convert nursing home residents to community living; and*

(4) *counties that can otherwise justify program growth by demonstrating the existence of waiting lists, demographically justified needs, or other unmet needs.*

(d) *Counties that would receive targeted funds according to paragraph*

(c) must demonstrate to the commissioner's satisfaction that the funds would be appropriately spent by showing how the funds would be used to further the state's alternative care goals as described in subdivision 1, and that the county has the administrative and service delivery capability to use them.

(e) If the commissioner does not approve a county's application for targeted funds, the funds shall be reallocated to the next ranking county according to paragraph (c), clause (2), that has not yet received funds. Counties that receive such reallocated funds must comply with this section.

(f) The commissioner shall request applications by June 1 each year, for county agencies to apply for targeted funds. The counties selected for targeted funds shall be notified of the amount of their additional funding by August 1 of each year. Targeted funds allocated to a county agency in one year shall be treated as part of the county's base allocation for that year in determining allocations for subsequent years. No reallocations between counties shall be made.

(g) The allocation for each year after fiscal year 1992 shall be determined using the previous fiscal year's allocation, including any targeted funds, as the base and then applying the criteria under subdivision 10, paragraphs (c), (d), and (f), to the current year's expenditures.

**Subd. 12. [CLIENT PREMIUMS.]** A premium is required for all 180-day eligible clients to help pay for the cost of participating in the program. The county agency must collect the premium from the client and forward the amounts collected to the commissioner in the manner and at the times prescribed by the commissioner. The commissioner shall establish a premium schedule ranging from \$25 to \$75 per month based on the client's income and assets. Until July 1, 1993, the schedule is not subject to chapter 14. The commissioner shall publish the schedule and any later changes in the State Register and allow a period of 20 working days from the publication date for interested persons to comment before adopting the schedule in final form. The commissioner shall adopt a permanent rule governing client premiums by July 1, 1993, including criteria for determining when services to a client must be terminated due to failure to pay a premium.

**Subd. 13. [COUNTY ALTERNATIVE CARE BIENNIAL PLAN.]** The commissioner shall establish by rule, in accordance with chapter 14, procedures for the submittal and approval of a biennial county plan for the administration of the alternative care program and the coordination with other planning processes for the older adult. In addition to the procedures in rule, this county biennial plan shall also include:

(1) information on the administration of the preadmission screening program;

(2) information on the administration of the home and community-based services waiver under section 256B.0915;

(3) an application for targeted funds under subdivision 11; and

(4) an optional notice of intent to apply to participate in the long-term care projects under section 256B.0917.

**Subd. 14. [REIMBURSEMENT AND RATE ADJUSTMENTS.]** (a) Reimbursement for expenditures for the alternative care services shall be through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. To receive reimbursement, the county or vendor must

*submit invoices within 120 days following the month of service. The county agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.*

*(b) If a county collects less than 50 percent of the client premiums due under subdivision 12, the commissioner may withhold up to three percent of the county's final alternative care program allocation determined under subdivisions 10 and 11.*

*(c) Beginning July 1, 1991, the state will reimburse counties, up to the limits of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.*

*(d) Annually on July 1, the commissioner must adjust the rates allowed for alternative care services by the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.*

**Sec. 12. [256B.0915] [MEDICAID WAIVER FOR HOME AND COMMUNITY-BASED SERVICES.]**

*Subdivision 1. [AUTHORITY.] The commissioner is authorized to apply for a home and community-based services waiver for the elderly, authorized under section 1915(c) of the Social Security Act, in order to obtain federal financial participation to expand the availability of services for persons who are eligible for medical assistance. The commissioner may apply for additional waivers or pursue other federal financial participation which is advantageous to the state for funding home care services for the frail elderly who are eligible for medical assistance. The provision of waived services to medical assistance recipients must comply with the criteria approved in the waiver.*

*Subd. 2. [SPOUSAL IMPOVERISHMENT POLICIES.] The commissioner shall seek to amend the federal waiver and the medical assistance state plan to allow spousal impoverishment criteria as authorized in Code of Federal Regulations, title 42, section 435.726(1924), and as implemented in sections 256B.0575, 256B.058, and 256B.059 to be applied to persons who are served on the home and community-based services waiver.*

*Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.*

*(b) The monthly limit for the cost of waived services to an individual waiver client shall be the regional average payment rate of the case mix resident class to which the waiver client would be assigned under medical assistance case mix reimbursement system, for the applicable nursing home geographic group. The regional average payment rate is calculated by determining the monthly average nursing home rate for the applicable nursing home geographic group in effect on July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home*

residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year. The following costs must be included in determining the total monthly costs for the waiver client:

(1) cost of all waived services, including extended medical supplies and equipment; and

(2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

(c) Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(d) Expenditures for extended medical supplies and equipment that cost over \$150 per month must have the commissioner's prior approval.

(e) Annually on July 1, the commissioner must adjust the rates allowed for services by the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

(f) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

(g) Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 13. [256B.0917] [SENIORS AGENDA FOR INDEPENDENT LIVING (SAIL) PROJECTS FOR A NEW LONG-TERM CARE STRATEGY.]

Subdivision 1. [PURPOSE, MISSION, GOALS, AND OBJECTIVES.]  
(a) The purpose of implementing SAIL projects under this section is to demonstrate a new cooperative strategy for the long-term care system in the state of Minnesota. The projects are part of the initial biennial plan for a 20-year strategy. The mission of the 20-year strategy is to create a new community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and human resources. The goals for the 20-year strategy are to:

(1) achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;

(2) develop a statewide system of information and assistance to enable easy access to long-term care services;

(3) develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care; and

(4) maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly served in institutional settings.

(b) The objective for the fiscal years 1992 and 1993 biennial plan is to implement at least four but not more than six projects in anticipation of a statewide program. These projects will begin the process of implementing: (1) a coordinated planning and administrative process; (2) a refocused function of the preadmission screening program; (3) the development of additional home, community, and residential alternatives to nursing homes; (4) a program to support the informal caregivers for elderly persons; and (5) programs to strengthen the use of volunteers. This is done in conjunction with an expanded role of the interagency long-term care planning committee as described in section 144A.31. The services offered through these projects will be available to those who have their own funds to pay for services, as well as to persons who are eligible for medical assistance and to persons who are 180-day eligible clients to the extent authorized in this section.

Subd. 2. [DESIGN OF SAIL PROJECTS; LOCAL LONG-TERM CARE COORDINATING TEAM.] (a) The commissioner of human services shall establish SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.

(b) To be selected for the project, the county social service agencies, public health nursing service agencies, local boards of health, and the area agencies on aging in a geographic area must establish a local long-term care coordinating team which is responsible for:

(1) developing a local long-term care strategy consistent with state goals and objectives;

(2) submitting an application to be selected as a project;

(3) coordinating planning for funds to provide services to elderly persons, including funds received under Title III of the Social Security Act, Community Social Services Act, Title XX of the Social Security Act and the Local Public Health Act;

(4) ensuring efficient services provision and nonduplication of funding; and

(5) designating a local lead agency and cooperating agencies to implement the local strategy. For purposes of this section, the local lead agency shall be a county agency, a public health nursing service under the local board of health, or an area agency on aging. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must evaluate the success of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(c) The local long-term care coordinating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order

to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(d) The local long-term care coordinating team shall apply to be selected as a project. Once the team is selected as a project, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(e) Projects shall be selected according to the following conditions:

(1) No project may be selected unless it demonstrates that:

(i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;

(ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;

(iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;

(iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least four counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation with consumers and other agencies and organizations, both public and private, in planning for service delivery.

(2) If only two projects are selected, at least one of them must be from a metropolitan statistical area as determined by the United States Census Bureau; if three or four projects are selected, at least one but not more than two projects must be from a metropolitan statistical area; and if more than four projects are selected, at least two but not more than three projects must be from a metropolitan statistical area.

(3) Counties or groups of counties that submit a proposal for a project shall be assigned to types defined by institutional utilization rate and population growth rate in the following manner:

(i) Each county or group of counties shall be measured by the utilization rate of nursing homes and boarding care homes and by the projected growth rate of its population aged 85 and over between 1990 and 2000. For the purposes of this section, "utilization rate" means the proportion of the seniors aged 65 or older in the county or group of counties who reside in a licensed nursing home or boarding care home as determined by the most recent census of residents available from the department of health and the population estimates of the state demographer or the census, whichever is more recent. The "projected growth rate" is the rate of change in the county or group of counties of the population group aged 85 or older between 1990 and 2000 according to the projections of the state demographer.

(ii) The institutional utilization rate of a county or group of counties shall be converted to a category by assigning a "high utilization" category if the rate is above the median rate of all counties, and a "low utilization" category

*otherwise. The projected growth rate of a county or group of counties shall be converted to a category by assigning a score of "high growth" category if the rate is above the median rate of all counties, and a "low growth" category otherwise.*

*(iii) Types of areas shall be defined by the four combinations of the scores defined in item (ii): type 1 is low utilization - high growth, type 2 is high utilization - high growth, type 3 is high utilization - low growth, and type 4 is low utilization - low growth. Each county or group of counties making a proposal shall be assigned to one of these types.*

*(4) Projects shall be selected from each of the types in the order that the types are listed in paragraph 3, item (iii), with available funding allocated to projects until it is exhausted, with no more than 30 percent of available funding allocated to any one project. Available funding includes state administrative funds which have been appropriated for screening functions in subdivision 4, paragraph (b), clause (3), and for service developers and incentive grants in subdivision 5.*

*(5) If more than one county or group of counties within one of the types defined by paragraph (3) proposes a special project that meets all of the other conditions in paragraphs (1) and (2), the project that demonstrates the most cost-effective proposals in terms of the number of nursing home placements that can be expected to be diverted or converted to alternative care services per unit of cost shall be selected.*

*Subd. 3. [LOCAL LONG-TERM CARE STRATEGY.] The local long-term care strategy must list performance outcomes and indicators which meet the state's objectives. The local strategy must provide for:*

*(1) accessible information, assessment, and preadmission screening activities as described in subdivision 4;*

*(2) an application for expansion of alternative care targeted funds under section 256B.0913, for serving 180-day eligible clients, including those who are relocated from nursing homes;*

*(3) the development of additional services such as adult family foster care homes; family adult day care; assisted living projects and congregate housing service projects in apartment buildings; expanded home care services for evenings and weekends; expanded volunteer services; and caregiver support and respite care projects; and*

*(4) development and implementation of strategies for advocating, promoting, and developing long-term care insurance and encouraging insurance companies to offer long-term care insurance policies that are affordable and offer a wide range of benefits.*

*The county or groups of counties selected for the projects shall be required to comply with federal regulations, alternative care funding policies in section 256B.0913, and the federal waiver programs' policies in section 256B.0915. The requirements for preadmission screening as defined in section 256B.0911, subdivisions 1 to 6, are waived for those counties selected as part of a long-term care strategy project. For persons who are eligible for medical assistance or who are 180-day eligible clients and who are screened after nursing facility admission, the nursing facility must include a screener in the discharge planning process for those individuals who the screener has determined have discharge potential. The agency responsible for the screening function in subdivision 4 must ensure a smooth*

*transition and follow-up for the individual's return to the community. Requirements for an access, screening, and assessment function replace the preadmission screening requirements and are defined in subdivision 4. Requirements for the service development and service provision are defined in subdivision 5.*

*Subd. 4. [ACCESSIBLE INFORMATION, SCREENING, AND ASSESSMENT FUNCTION.] (a) The projects selected by and under contract with the commissioner shall establish an accessible information, screening, and assessment function for persons who need assistance and information regarding long-term care. This accessible information, screening, and assessment activity shall include information and referral, early intervention, follow-up contacts, telephone triage as defined in paragraph (f), home visits, assessments, preadmission screening, and relocation case management for the frail elderly and their caregivers in the area served by the county or counties. The purpose is to ensure that information and help is provided to elderly persons and their families in a timely fashion, when they are making decisions about long-term care. These functions may be split among various agencies, but must be coordinated by the local long-term care coordinating team.*

*(b) Accessible information, screening, and assessment functions shall be reimbursed as follows:*

*(1) The screenings of all persons entering nursing homes shall be reimbursed by the nursing homes in the counties of the project, through the same policy that is in place in fiscal year 1992 as established in section 256B.0911. The amount a nursing home pays to the county agency is that amount identified and approved in the February 15, 1991, estimated number of screenings and associated expenditures. This amount remains the same for fiscal year 1993;*

*(2) The level I screenings and the level II assessments required by Public Law Numbers 100-203 and 101-508 (OBRA) for persons with mental illness, mental retardation, or related conditions, are reimbursed through administrative funds with 75 percent federal funds and 25 percent state funds, as allowed by federal regulations and established in the contract; and*

*(3) Additional state administrative funds shall be available for the access, screening, and assessment activities that are not reimbursed under clauses (1) and (2). This amount shall not exceed the amount authorized in the guidelines and in instructions for the application and must be within the amount appropriated for this activity.*

*(c) The amounts available under paragraph (b) are available to the county or counties involved in the project to cover staff salaries and expenses to provide the services in this subdivision. The lead agency shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide the services listed in this subdivision.*

*(d) Any information and referral functions funded by other sources, such as Title III and Title XX of the Social Security Act and the Community Social Services Act, shall be considered by the local long-term care coordinating team in establishing this function to avoid duplication and to ensure access to information for persons needing help and information regarding long-term care.*

*(e) The staffing for the screening and assessment function must include, but is not limited to, a county social worker and a county public health*

*nurse. The social worker and public health nurse are responsible for all assessments that are required to be completed by a professional. However, only one of these professionals is required to be present for the assessment.*

*(f) All persons entering a Medicaid certified nursing home or boarding care home must be screened through an assessment process, although the decision to conduct a face-to-face interview is left with the county social worker and the county public health nurse. All applicants to nursing homes must be screened and approved for admission by the county social worker or the county public health nurse named by the lead agency or the agencies which are under contract with the lead agency to manage the access, screening, and assessment functions. For applicants who have a diagnosis of mental illness, mental retardation, or a related condition, and are subject to the provisions of Public Law Numbers 100-203 and 101-508, their admission must be approved by the local mental health authority or the local developmental disabilities case manager. The commissioner shall develop instructions and assessment forms for telephone triage and on-site screenings to ensure that federal regulations and waiver provisions are met. For purposes of this section, the term "telephone triage" refers to a telephone or face-to-face consultation between health care and social service professionals during which the clients' circumstances are reviewed and the county agency professional sorts the individual into categories: (1) needs no screening, (2) needs an immediate screening, or (3) needs a screening after admission to a nursing home or after a return home. The county agency professional shall authorize admission to a nursing home according to the provisions in section 256B.0911, subdivision 7.*

*(g) The requirements for case mix assessments by a preadmission screening team may be waived and the nursing home shall complete the case mix assessments which are not conducted by the county public health nurse according to the procedures established under Minnesota Rules, part 9549.0059. The appropriate county or the lead agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.*

*(h) The lead agency or the agencies under contract with the lead agency which are responsible for the accessible information, screening, and assessment function must complete the forms and reports required by the commissioner as specified in the contract.*

*Subd. 5. [SERVICE DEVELOPMENT AND SERVICE DELIVERY.] (a) In addition to the access, screening, and assessment activity, each local strategy may include provisions for the following:*

*(1) expansion of alternative care to serve an increased caseload, over the fiscal year 1991 average caseload, of at least 100 persons each year who are assessed prior to nursing home admission and persons who are relocated from nursing homes, which results in a reduction of the medical assistance nursing home caseload;*

*(2) the addition of a full-time staff person who is responsible to develop the following services and recruit providers as established in the contract:*

*(i) additional adult family foster care homes;*

*(ii) family adult day care providers as defined in section 256B.0919, subdivision 2;*

*(iii) an assisted living program in an apartment;*

(iv) a congregate housing service project in a subsidized housing project; and

(v) the expansion of evening and weekend coverage of home care services as deemed necessary by the local strategic plan;

(3) small incentive grants to new adult family care providers for renovations needed to meet licensure requirements;

(4) a plan to apply for a congregate housing service project as identified in section 256.9751, authorized by the Minnesota board on aging, to the extent that funds are available;

(5) a plan to divert new applicants to nursing homes and to relocate a targeted population from nursing homes, using the individual's own resources or the funding available for services;

(6) one or more caregiver support and respite care projects, as described in subdivision 6; and

(7) an expansion of local volunteer efforts and the organization of a local committee in a selected community for the purpose of developing a community care manager program. For purposes of this paragraph, a community care manager program is a community-based project which hires a registered nurse or social worker to coordinate the volunteers and services for the frail older residents within a neighborhood or community. The project must demonstrate the support of local community organizations, churches, and service agencies.

(b) The expansion of alternative care clients under paragraph (a) shall be accomplished with the funds provided under section 256B.0913, and includes the allocation of targeted funds. The funding for all participating counties must be coordinated by the local long-term care coordinating team and must be part of the local long-term care strategy. Each county retains responsibility for reimbursement as defined in section 256B.0913, subdivision 14. All other requirements for the alternative care program must be met unless an exception is provided in this section. The commissioner may establish by contract a reimbursement mechanism for alternative care that does not require invoice processing through the medical assistance management information system (MMIS). The commissioner and local agencies must assure that the same client and reimbursement data is obtained as is available under MMIS.

(c) The administration of these components is the responsibility of the agencies selected by the local coordinating team and under contract with the local lead agency. However, administrative funds for paragraph (a), clauses (2) to (5), and grant funds for paragraph (a), clauses (6) and (7), shall be granted to the local lead agency. The funding available for each component is based on the plan submitted and the amount negotiated in the contract.

**Subd. 6. [STATEWIDE CAREGIVER SUPPORT AND RESPITE CARE RESOURCE CENTER; CAREGIVER SUPPORT AND RESPITE CARE PROJECTS.]** (a) The commissioner shall establish and maintain a statewide resource center for caregiver support and respite care. The resource center shall:

(1) provide information, technical assistance, and training statewide to county agencies and organizations on direct service models of caregiver support and respite care services;

*(2) identify and address issues, concerns, and gaps in the statewide network for caregiver support and respite care;*

*(3) maintain a statewide caregiver support and respite care directory;*

*(4) educate caregivers on the availability and use of caregiver and respite care services;*

*(5) promote and expand caregiver training and support groups using existing networks when possible; and*

*(6) apply for and manage grants related to caregiver support and respite care.*

*(b) The commissioner shall establish up to 36 projects to expand the respite care network in the state and to support caregivers in their responsibilities for care. The purpose of each project shall be to:*

*(1) establish a local coordinated network of volunteer and paid respite workers;*

*(2) coordinate assignment of respite workers to clients and care receivers and ensure the health and safety of the client; and*

*(3) provide training for caregivers and ensure that support groups are available in the community.*

*(c) The caregiver support and respite care funds shall be available to the four to six local long-term care strategy projects designated in subdivisions 1 to 5.*

*(d) The commissioner shall publish a notice in the state register to solicit proposals from public or private nonprofit agencies for the projects not included in the four to six local long-term care strategy projects defined in subdivision 2. A county agency may, alone or in combination with other county agencies, apply for caregiver support and respite care project funds. A public or nonprofit agency may apply for project funds if the agency has a letter of agreement with the county or counties in which services will be developed, stating the intention of the county or counties to coordinate their activities with the agency requesting a grant.*

*(e) The commissioner shall select grantees based on the following criteria:*

*(1) the ability of the proposal to demonstrate need in the area served, as evidenced by a community needs assessment or other demographic data;*

*(2) the ability of the proposal to clearly describe how the project will achieve the purpose defined in paragraph (b);*

*(3) the ability of the proposal to reach underserved populations;*

*(4) the ability of the proposal to demonstrate community commitment to the project, as evidenced by letters of support and cooperation as well as formation of a community task force;*

*(5) the ability of the proposal to clearly describe the process for recruiting, training, and retraining volunteers; and*

*(6) the inclusion in the proposal of the plan to promote the project in the community, including outreach to persons needing the services.*

*(f) Funds for all projects under this subdivision may be used to:*

*(1) hire a coordinator to develop a coordinated network of volunteer and*

*paid respite care services and assign workers to clients;*

- (2) recruit and train volunteer providers;*
  - (3) train caregivers;*
  - (4) ensure the development of support groups for caregivers;*
  - (5) advertise the availability of the caregiver support and respite care project; and*
  - (6) purchase equipment to maintain a system of assigning workers to clients.*
- (g) Project funds may not be used to supplant existing funding sources.*

*(h) An advisory committee shall be appointed to advise the caregiver support project on the development and implementation of the caregiver support and respite care services projects. The advisory committee shall review procedures and provide advice and technical assistance to the caregiver support project regarding the grant program established under this section. The advisory committee shall consist of not more than 12 people appointed by the commissioner and shall be comprised of representatives from public and private agencies, service providers, and consumers from all areas of the state. Members of the advisory committee shall not be compensated for service.*

*Subd. 7. [EVALUATION AND EXPANSION.] The commissioner shall evaluate the success of the projects against the objective stated in subdivision 1, paragraph (b), and recommend to the legislature the continuation or expansion of the long-term care strategy by February 15, 1993.*

*Subd. 8. [PUBLIC AWARENESS CAMPAIGN.] The commissioner, with assistance from the commissioner of health and with the advice of the long-term care planning committee, shall contract for a public awareness campaign to educate the general public, seniors, consumers, caregivers, and professionals about the aging process, the long-term care system, and alternatives available including alternative care and residential alternatives. Particular emphasis will be given to informing consumers on how to access the alternatives and obtain information on the long-term care system. The commissioner shall pursue the development of new names for preadmission screening, alternative care, and foster care.*

**Sec. 14. [256B.0919] [ADULT FOSTER CARE AND FAMILY ADULT DAY CARE.]**

*Subdivision 1. [ADULT FOSTER CARE LICENSURE CAPACITY.] Notwithstanding contrary provisions of the human services licensing act and rules adopted under it, an adult foster care license holder may care for five adults age 60 years or older who do not have serious and persistent mental illness or a developmental disability. The license holder under this section shall not be a corporate business which operates more than two facilities.*

*Subd. 2. [ADULT FOSTER CARE; FAMILY ADULT DAY CARE.] An adult foster care license holder may also provide family adult day care for adults age 60 years or older who do not have serious and persistent mental illness or a developmental disability. The maximum combined license capacity for adult foster care and family adult day care is five adults. A separate license is not required to provide family adult day care under this subdivision. Foster care homes providing services to five adults shall not be subject to licensure by the commissioner of health under the provisions of*

*chapter 144, 144A, 157, or any other law requiring facility licensure by the commissioner of health.*

**Subd. 3. [COUNTY CERTIFICATION OF PERSONS PROVIDING ADULT FOSTER CARE TO RELATED PERSONS.]** *A person exempt from licensure under section 245A.03, subdivision 2, who provides adult foster care to a related individual age 65 and older, and who meets the requirements in Minnesota Rules, parts 9555.5105 to 9555.6265, may be certified by the county to provide adult foster care. A person certified by the county to provide adult foster care may be reimbursed for services provided and eligible for funding under sections 256B.0913 and 256B.0915, if the relative would suffer a financial hardship as a result of providing care. For purposes of this subdivision, financial hardship refers to a situation in which a relative incurs a substantial reduction in income because he or she resigns from a full-time job or takes a leave of absence without pay from a full-time job to care for the client.*

A ventilator-dependent recipient of medical assistance who has been receiving the services of a private duty nurse or personal care assistant in the recipient's home may continue to have a private duty nurse or personal care assistant present upon admission to a hospital licensed under chapter 144. The personal care assistant or private duty nurse shall perform only the services of communicator or interpreter for the ventilator-dependent patient during a transition period of up to 120 hours to assure adequate training of the hospital staff to communicate with the patient and to understand the unique comfort, safety, and personal care needs of the patient.

If continued service is necessary and appropriate, the physician must certify this need to the commissioner of human services in order for payments to continue. Within 36 hours of the end of the 120-hour transition period, an assessment may be made by the ventilator-dependent recipient, the attending physician, and the hospital staff caring for the recipient. If the persons making the assessment determine that additional communicator or interpreter services are medically necessary, the hospital must contact the commissioner 24 hours prior to the end of the 120-hour transition period and submit the assessment information to the commissioner. The commissioner shall review the request and determine if it is medically necessary to continue the interpreter services or if the hospital staff has had sufficient opportunity to adequately determine the needs of the patient. The commissioner shall determine if continued service is necessary and appropriate and whether or not payments shall continue. The commissioner may not authorize services beyond the limits of the available appropriations for this section. The commissioner may adopt rules necessary to implement this section. *Subd. 7. [RATE LIMITATION; WAIVERED SERVICES ELIGIBILITY.] If a current negotiated rate for a foster care placement is for an individual who is eligible for the home and community-based services waiver for the elderly, the negotiated rate must include only the room and board portion of the rate. The room and board portion of the negotiated rate is an amount equal to the difference between the medical assistance income limit for a single disabled or aged adult minus the amount of the medical assistance personal needs allowance for persons residing in a nursing facility.*

Sec. 18. Laws 1988, chapter 689, article 2, section 256, subdivision 1, is amended to read:

Subdivision 1. [SELECTION OF PROJECTS.] The commissioner of human services shall establish pilot projects to demonstrate the feasibility and cost-effectiveness of alternatives to nursing home care that involve providing coordinated alternative care grant services for all eligible residents in an identified apartment building or complex or other congregate residential setting. The commissioner shall solicit proposals from counties and shall select up to four counties to participate, including at least one metropolitan county and one county in greater Minnesota. The commissioner shall select counties for participation based on the extent to which a proposed project is likely to:

- (1) meet the needs of low-income, frail elderly;
- (2) enable clients to live as independently as possible;

(3) result in cost-savings by reducing the per person cost of alternative care grant services through the efficiencies of coordinated services; and

(4) facilitate the discharge of elderly persons from nursing homes to less restrictive settings or delay their entry into nursing homes.

Participating counties shall use existing alternative care grant allocations to pay for pilot project services. The counties must contract with a medical assistance-certified home care agency to coordinate and deliver services and must demonstrate to the commissioner that quality assurance and auditing systems have been established. Notwithstanding Minnesota Statutes, section 256B.091, and rules of the commissioner of human services relating to the alternative care grants program, the commissioner may authorize pilot projects to use a monthly pre-capitated rates rate up to 75 percent of the regional monthly average nursing facility payment rate as defined in Minnesota Statutes, section 256B.0913; to provide expanded services such as chore services, activities, and meal planning, preparation, and serving; and to waive freedom of choice of vendor to the extent necessary to allow one vendor to provide services to all eligible persons in a residence or building. The commissioner may apply for a waiver of federal requirements as necessary to implement the pilot projects.

Sec. 19. [APPROPRIATION.]

*\$ . . . . . is appropriated from the general fund to the Minnesota board on aging for the biennium ending June 30, 1993, for the congregate housing services demonstration projects in section 3.*

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until

the debt will be fully paid.

(d) Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

(e) Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

(f) Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(g) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

~~(e) The above guidelines are binding in each case unless the court makes express findings of fact as to the reason for departure below or above the guidelines.~~ (h) *The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the reasons for the deviation and shall specifically address the criteria in paragraph (b) and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.*

Sec. 2. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

*Subd. 5b. [DETERMINATION OF INCOME.] (a) The parties shall timely serve and file documentation of income. When there is a prehearing conference, the court must receive the documentation of income at least ten days prior to the prehearing conference. Documentation of income includes, but is not limited to, pay stubs for the most recent three months, employer statements, or statement of receipts and expenses if self-employed. Documentation of income also includes copies of each parent's most recent federal tax returns, including W-2 forms, 1099 forms, unemployment compensation statements, workers' compensation statements, and all other documents evidencing income as received that provide verification of income over a longer period.*

*(b) If a parent under the jurisdiction of the court does not appear at a court hearing after proper notice of the time and place of the hearing, the court shall set income for that parent based on credible evidence before the court or in accordance with paragraph (c). Credible evidence may include documentation of current or recent income, testimony of the other parent concerning recent income levels, and the parent's wage reports filed with*

*the Minnesota department of jobs and training under section 268.121.*

*(c) If the court finds that a parent is voluntarily unemployed or underemployed, child support shall be calculated based on a determination of imputed income. A parent is not considered voluntarily unemployed or underemployed upon a showing by the parent that the parent has made a good faith effort to seek suitable employment or that the unemployment or underemployment is: (1) temporary and will ultimately lead to an increase in income; or (2) represents a bona fide career change that outweighs the adverse effect of that parent's diminished income on the child. Imputed income means the estimated earning ability of a parent based on the parent's prior earnings history, education, and job skills, and on availability of jobs within the community for an individual with the parent's qualifications. If the court is unable to determine or estimate the earning ability of a parent, the court may calculate child support based on full-time employment of 40 hours per week at the federal minimum wage or the Minnesota minimum wage, whichever is higher. If a parent is physically or mentally incapacitated, it shall be presumed that the parent is not voluntarily unemployed or underemployed.*

Sec. 3. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

*Subd. 5c. [CHILD SUPPORT GUIDELINES TO BE REVIEWED EVERY FOUR YEARS.] No later than 1994 and every four years after that, the department of human services shall conduct a review of the child support guidelines.*

Sec. 4. Minnesota Statutes 1990, section 518.64, is amended to read:

518.64 [MODIFICATION OF ORDERS OR DECREES.]

Subdivision 1. After an order for maintenance or support money, temporary or permanent, or for the appointment of trustees to receive property awarded as maintenance or support money, the court may from time to time, on ~~petition~~ motion of either of the parties, a copy of which is served on the public authority responsible for child support enforcement if payments are made through it, or on ~~petition~~ motion of the public authority responsible for support enforcement, modify the order respecting the amount of maintenance or support money, and the payment of it, and also respecting the appropriation and payment of the principal and income of property held in trust, and may make an order respecting these matters which it might have made in the original proceeding, except as herein otherwise provided.

Subd. 2. [MODIFICATION.] (a) The terms of a ~~decree~~ *an order* respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party *or the child or children that are the subject of these proceedings*; (3) receipt of assistance under sections 256.72 to 256.87; or (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair.

*The terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least \$50 per month higher or lower than the current support order. If the current support order represents a deviation from the guidelines which is supported*

*by written findings giving the reasons for the deviation, and the reasons given continue to apply to the current circumstances of the parties, then the current support order will only be presumed to be unreasonable and unfair if the application of the guidelines to the current circumstances of the parties results in a calculation that is at least 20 percent and at least \$50 per month higher or lower than the amount that would have been calculated had guidelines been applied at the time the current support order was established.*

(b) On a motion for modification of maintenance, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

~~(1) shall take into consideration the needs of the children apply section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and~~

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability ~~or~~, a material misrepresentation of another party, *or fraud upon the court* and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

Subd. 3. Unless otherwise agreed in writing or expressly provided in the decree, the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

Subd. 4. Unless otherwise agreed in writing or expressly provided in the ~~decree~~ order, provisions for the support of a child are terminated by emancipation of the child but not by the death of a parent obligated to support the child. When a parent obligated to pay support dies, the amount of support may be modified, revoked, or commuted to a lump sum payment, to the extent just and appropriate in the circumstances.

Subd. 5. [FORM.] The department of human services shall prepare and make available to courts, obligors and persons to whom child support is owed a form to be submitted by the obligor or the person to whom child support is owed in support of a motion for a modification of an order ~~pursuant to this section or section 256.87 for support or maintenance~~. The rulemaking provisions of chapter 14 shall not apply to the preparation of the form.

Subd. 6. [EXPEDITED PROCEDURE.] (a) *The public authority may seek a modification of the child support order in accordance with the rules of civil procedure or under the expedited procedures in this subdivision.*

(b) *The public authority may serve the following documents upon the obligor either by certified mail or in the manner provided for service of a summons under the rules of civil procedure:*

(i) *a notice of its application for modification of the obligor's support order stating the amount and effective date of the proposed modification which date shall be no sooner than 30 days from the date of service;*

(ii) *an affidavit setting out the basis for the modification under subdivision 2, including evidence of the current income of the parties;*

(iii) *any other documents the public authority intends to file with the court in support of the modification;*

(iv) *the proposed order;*

(v) *notice to the obligor that if the obligor fails to move the court and request a hearing on the issue of modification of the support order within 30 days of service of the notice of application for modification, the public authority will likely obtain an order, ex parte, modifying the support order; and*

(vi) *an explanation to the obligor of how a hearing can be requested, together with a motion for review form that the obligor can complete and file with the court to request a hearing.*

(c) *If the obligor moves the court for a hearing, any modification must be stayed until the court has had the opportunity to determine the issue. Any modification ordered by the court is effective on the date set out in the notice of application for modification, but no earlier than 30 days following the date the obligor was served.*

(d) *If the obligor fails to move the court for hearing within 30 days of service of the notice, the public authority shall file with the court a copy of the notice served on the obligor as well as all documents served on the obligor, proof of service, and a proposed order modifying support.*

(e) *If, following judicial review, the court determines that the procedures*

*provided for in this subdivision have been followed and the requested modification is appropriate, the order shall be signed ex parte and entered.*

*(f) Failure of the court to enter an order under this subdivision does not prejudice the right of the public authority or either party to seek modification in accordance with the rules of civil procedure.*

*(g) The supreme court shall develop standard forms for the notice of application of modification of the support order, the supporting affidavit, the obligor's responsive motion, and proposed order granting the modification.*

### CHILD SUPPORT ENFORCEMENT

#### Section 1. [214.101] [CHILD SUPPORT; SUSPENSION OF LICENSE.]

*Subdivision 1. [COURT ORDER; HEARING ON SUSPENSION.] If a licensing board receives an order from a court under section 518.551, subdivision 12, dealing with suspension of a license of a person found by the court to be in arrears in child support payments, the board shall, within 30 days of receipt of the court order, provide notice to the licensee and hold a hearing. If the board finds that the person is licensed by the board and evidence of full payment of arrearages found to be due by the court is not presented at the hearing, the board shall suspend the license unless it determines that probation is appropriate under subdivision 2. The only issues to be determined by the board are whether the person named in the court order is a licensee, whether the arrearages have been paid, and whether suspension or probation is appropriate. The board may not consider evidence with respect to the appropriateness of the court order or the ability of the person to comply with the order. The board may not lift the suspension until the licensee files with the board proof showing that the licensee is current in child support payments.*

*Subd. 2. [PROBATION.] If the board determines that the suspension of the license would create an extreme hardship to either the licensee or to persons whom the licensee serves, the board may, in lieu of suspension, allow the licensee to continue to practice the occupation on probation. Probation must be conditioned upon full compliance with the court order that referred the matter to the board. The probation period may not exceed two years, and the terms of probation must provide for automatic suspension of the license if the licensee does not provide monthly proof to the board of full compliance with the court order that referred the matter to the board or a further court order if the original order is modified by the court.*

*Subd. 3. [REVOCATION OR REINSTATEMENT OF PROBATION.] If the licensee has a modification petition pending before the court, the board may, without a hearing, defer a revocation of probation and institution of suspension until receipt of the court's ruling on the modification order. A licensee who was placed on probation and then automatically suspended may be automatically reinstated upon providing proof to the board that the licensee is currently in compliance with the court order.*

*Subd. 4. [VERIFICATION OF PAYMENTS.] Before a board may terminate probation, remove a suspension, issue, or renew a license of a person who has been suspended or placed on probation under this section, it shall contact the court that referred the matter to the board to determine that the applicant is not in arrears for child support. The board may not issue or*

*renew a license until the applicant proves to the board's satisfaction that the applicant is current in support payments.*

*Subd. 5. [APPLICATION.] This section applies to support obligations ordered by any state, territory, or district of the United States.*

Sec. 2. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

*Subd. 12. [OCCUPATIONAL LICENSE SUSPENSION.] Upon petition of an obligee or public agency responsible for child support enforcement, if the court finds that the obligor is or may be licensed by a licensing board listed in section 214.01 and the obligor is in arrears in court-ordered child support payments, the court may direct the licensing board to conduct a hearing under section 1 concerning suspension of the obligor's license. If the obligor is a licensed attorney, the court may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct. The remedy under this subdivision is in addition to any other enforcement remedy available to the court.*

Sec. 3. [EFFECTIVE DATE.]

*This article is effective May 1, 1992.*

(2) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, clause (e) only if the action is brought within three years after the date of the execution of the declaration; or

(3) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (f), only if the action is brought within three years after the party bringing the action, or the party's attorney of record, has been provided the blood test results.

#### REVENUE RECAPTURE AMENDMENTS

Section 1. Minnesota Statutes 1990, section 270A.04, subdivision 2, is amended to read:

Subd. 2. Any debt owed to a claimant agency shall be submitted by the

agency for collection under the procedure established by sections 270A.01 to 270A.12 unless (a) an alternative means of collection is pending and the debtor is complying with the terms of alternative means of collection, *except that this limitation does not apply to debts owed resulting from a default in payment of child support or maintenance*, (b) the collection attempt would result in a loss of federal funds, or (c) the agency is unable to supply the department with the necessary identifying information required by subdivision 3 or rules promulgated by the commissioner, or (d) the debt is barred by section 541.05.

Sec. 2. Minnesota Statutes 1990, section 270A.08, subdivision 2, is amended to read:

(b) The notice will also advise the debtor that any debt incurred more than six years from the date of the notice to the commissioner under section 270A.07, *except for debts owed resulting from a default in payment of child support or maintenance*, must not be setoff against a refund and will advise the debtor of the right to contest the validity of the claim at a hearing. The debtor must assert this right by written request to the claimant agency, which request the agency must receive within 45 days of the mailing date of the original notice or of the corrected notice, as required by subdivision 1. If the debtor has not received the notice, the 45 days shall not commence until the debtor has received actual notice. The debtor shall have the burden of showing no notice and shall be entitled to a hearing on the issue of notice as well as on the merits."

Mr. Neuville moved to amend S.F. No. 765 as follows:

Page 2, after line 6, insert:

"Sec. 2. Minnesota Statutes 1990, section 168.041, is amended to read:

168.041 [IMPOUNDING REGISTRATION PLATES ~~AND CERTIFICATE~~  
CATES.]

Subdivision 1. [DRIVING AFTER LICENSE INVALIDATED.] When a person is convicted of driving a motor vehicle after the suspension, revocation, or cancellation of the person's driver's license or driving privileges, the court shall require the registration plates ~~and registration certificate~~ of the motor vehicle involved in the violation owned by the person or registered in the person's name to be surrendered to the court. The court shall issue a receipt for the surrendered registration plates ~~and registration certificate~~.

If the violator is not the owner of the motor vehicle, the court shall require

the registration plates and registration certificate of the motor vehicle to be surrendered to the court if the vehicle was used by the violator with the permission of the owner and the owner had knowledge of the fact that the violator's driver's license had been revoked or suspended prior to the commission of the offense.

Subd. 1a. [FAILURE TO PRODUCE PROOF OF INSURANCE.] When an owner is convicted under section 169.791, the court shall require the registration plates of the motor vehicle or motorcycle involved in the violation owned by the person to be surrendered to the court for the longer of the following:

(1) the remainder of the period of revocation to be served under section 169.792; or

(2) until the owner obtains proof of insurance referred to in section 169.792, subdivision 10, satisfactory to the commissioner of public safety.

Subd. 2. [MOVING VIOLATION FOLLOWING PREVIOUS CONVICTION.] If a person is convicted of violating a law or municipal ordinance, except a parking law or ordinance, regulating the operation of motor vehicles on the streets or highways, and the record of the person so convicted shows a previous conviction for driving after suspension or revocation of the person's driver's license or driving privileges, the court may direct the commissioner of public safety to suspend the driver's license of the person for a period not exceeding one year. The court may also require the registration plates and registration certificate of any motor vehicle owned by the violator or registered in the violator's name to be surrendered to the court.

Subd. 3. [OTHER CONVICTIONS.] Except as otherwise provided in section 168.042, if a person is convicted of an offense that makes mandatory the revocation of the person's driver's license, or is convicted of driving a motor vehicle without having a valid driver's license in force, the court may require the registration plates and registration certificate of any motor vehicle owned by the person or any motor vehicle registered in the person's name to be surrendered to the court.

Subd. 4. [IMPOUNDMENT ORDER; PLATES SURRENDERED.] If the court issues an impoundment order, the registration plates and certificates must be surrendered to the court either three days after the order is issued or on the date specified by the court, whichever date is later. ~~The court shall forward surrendered registration certificates to the registrar of motor vehicles within seven days after their surrender.~~ The court may destroy the surrendered registration plates. Except as provided in subdivision 1a, 6, or 7, no new registration plates may be issued to the violator or owner until the driver's license of the violator has been reissued or reinstated. The court shall notify the commissioner of public safety within ten days after issuing an impoundment order.

Subd. 5. [REVOCATION RESCINDED.] If the driver's license revocation that is the basis for an impoundment order is rescinded, the registrar of motor vehicles shall issue new registration plates and a registration certificate for the vehicle at no cost, when the registrar receives an application that includes a copy of the order rescinding the driver's license revocation.

Subd. 6. [SPECIAL SERIES NUMBER PLATES.] (a) A violator or owner may apply to the commissioner for new registration plates, which must bear a special series of numbers or letters so as to be readily identified by traffic law enforcement officers. The commissioner may authorize the issuance of

special plates if a member of the violator's household has a valid driver's license, the violator or owner has a limited license issued under section 171.30, or the owner is not the violator and the owner has a valid or limited license or a member of the owner's household has a valid driver's license. The commissioner may issue the special plates on payment of a \$25 fee for each vehicle for which special plates are requested. The commissioner may not authorize the issuance of special plates unless the court that impounded the vehicle's plates gives written approval for the issuance of the special plates.

(b) Until the driver's license of the violator is reinstated or reissued, the violator shall inform the commissioner that an impoundment order is in effect when requesting any new registration plates.

Subd. 7. [TRANSFERRING VEHICLE WHEN PLATES IMPOUNDED.] A registered owner may not sell a motor vehicle during the time its registration plates ~~and registration certificate~~ have been ordered surrendered or during the time its registration plates bear a special series number, unless the registered owner applies to the court that impounded the plates ~~and certificate~~, for consent to transfer title to the motor vehicle. If the court is satisfied that the proposed sale is in good faith and for a valid consideration, that the registered owner will be deprived of the custody and control of the motor vehicle, and that the sale is not for the purpose of circumventing the provisions of this section, it may certify its consent to the registrar of motor vehicles. The registrar shall then transfer the ~~registration certificate of title~~ to the new owner upon proper application and issue new registration plates. After the registration plates ~~and registration certificate~~ have been ordered surrendered to the court under this section, if the title to the motor vehicle is transferred by the foreclosure of a chattel mortgage, the cancellation of a conditional sales contract, a sale upon execution, or by decree or order of a court of competent jurisdiction, ~~the court shall order the registration certificate surrendered to the new registered owner.~~ the registrar of motor vehicles shall then transfer the ~~registration certificate of title~~ and issue new registration plates to the new registered owner.

Subd. 8. [APPLICATION TO REGISTRATION TAX.] Nothing contained in this section or section 168.042 is intended to change or modify any provision of this chapter, with respect to the taxation of motor vehicles or the time within which motor vehicle taxes must be paid.

Subd. 9. [PENALTY.] A person who fails to surrender any registration plates ~~or a registration certificate~~ to the court upon demand under this section, who operates a motor vehicle on a street or highway at a time when a court has ordered the surrender of its registration plates ~~and registration certificate~~, or who fails to comply with subdivision 6, paragraph (b), is guilty of a misdemeanor.

Subd. 10. [DEFINITION OF RENTAL MOTOR VEHICLE.] "Rental motor vehicle" means a passenger vehicle, truck, motorcycle, or motorized bicycle:

(1) that is leased in the name of the violator, or leased jointly in the name of the violator and the violator's spouse; and

(2) that is one of a fleet of two or more vehicles rented for periods of 30 days or less.

Sec. 3 Minnesota Statutes 1990, section 169.123, subdivision 5b, is amended to read:

Subd. 5b. [ADMINISTRATIVE REVIEW.] At any time during a period of revocation imposed under this section or a period of disqualification imposed under section 171.165, a person may request in writing a review of the order of revocation or disqualification by the commissioner of public safety, unless the person is entitled to review under section 171.166. Upon receiving a request the commissioner or the commissioner's designee shall review the order, the evidence upon which the order was based, and any other material information brought to the attention of the commissioner, and determine whether sufficient cause exists to sustain the order. Within 15 days of receiving the request the commissioner shall report in writing the results of the review. The review provided in this subdivision is not subject to the contested case provisions of the administrative procedure act in sections 14.001 to 14.69.

The availability of administrative review for an order of revocation or disqualification has no effect upon the availability of judicial review under this section.

The court may also increase the amount by more than the cost-of-living adjustment by agreement of the parties or by making further findings. Sec. 10. Minnesota Statutes 1990, section 549.09, subdivision 1, is amended to read:

Subdivision 1. [WHEN OWED; RATE.] (a) When the judgment is for the recovery of money, including a judgment for the recovery of taxes, interest from the time of the verdict or report until judgment is finally entered shall be computed by the court administrator as provided in clause (c) and added to the judgment.

(b) Except as otherwise provided by contract or allowed by law, preverdict or prereport interest on pecuniary damages shall be computed as provided in clause (c) from the time of the commencement of the action, or the time of a written settlement demand, whichever occurs first, except as provided herein. The action must be commenced within 60 days of a written settlement demand for interest to begin to accrue from the time of the demand. If either party serves a written offer of settlement, the other party may serve a written acceptance or a written counteroffer within 60 days. After that time interest on the judgment shall be calculated by the judge in the following manner. The prevailing party shall receive interest on any judgment from the time the action was commenced or a written settlement demand was made, or as to special damages from the time when special damages were incurred, if later, until the time of verdict or report only if the amount of its offer is closer to the judgment than the amount of the opposing party's offer. If the amount of the losing party's offer was closer to the judgment than the prevailing party's offer, the prevailing party shall receive interest only on the amount of the settlement offer or the judgment, whichever is less, and only from the time the action was commenced or a written settlement demand was made, or as to special damages from when the special damages were incurred, if later, until the time the settlement offer was made. Subsequent offers and counteroffers supersede the legal effect of earlier offers and counteroffers. For the purposes of clause (3), the amount of settlement offer must be allocated between past and future damages in the same proportion as determined by the trier of fact. Except as otherwise provided by contract or allowed by law, preverdict or prereport interest shall not be awarded on the following:

(1) judgments, awards, or benefits in workers' compensation cases, but

not including third-party actions;

~~(2) judgments, decrees, or orders in dissolution, annulment, or legal separation actions;~~

~~(3) judgments for future damages;~~

~~(4) (3) punitive damages, fines, or other damages that are noncompensatory in nature;~~

~~(5) (4) judgments not in excess of the amount specified in section 487.30; and~~

~~(6) (5) that portion of any verdict or report which is founded upon interest, or costs, disbursements, attorney fees, or other similar items added by the court.~~

(c) The interest shall be computed as simple interest per annum. The rate of interest shall be based on the secondary market yield of one year United States treasury bills, calculated on a bank discount basis as provided in this section.

On or before the 20th day of December of each year the state court administrator shall determine the rate from the secondary market yield on one year United States treasury bills for the most recent calendar month, reported on a monthly basis in the latest statistical release of the board of governors of the federal reserve system. This yield, rounded to the nearest one percent, shall be the annual interest rate during the succeeding calendar year. The state court administrator shall communicate the interest rates to the court administrators and sheriffs for use in computing the interest on verdicts.

When a judgment creditor, or the judgment creditor's attorney or agent, has received a payment after entry of judgment, whether the payment is made voluntarily by or on behalf of the judgment debtor, or is collected by legal process other than execution levy where a proper return has been filed with the court administrator, the judgment creditor, or the judgment creditor's attorney, before applying to the court administrator for an execution shall file with the court administrator an affidavit of partial satisfaction. The affidavit must state the dates and amounts of payments made upon the judgment after the most recent affidavit of partial satisfaction filed, if any; the part of each payment that is applied to taxable disbursements and to accrued interest and to the unpaid principal balance of the judgment; and the accrued, but the unpaid interest owing, if any, after application of each payment."

Sec. 16. Minnesota Statutes 1990, section 115A.49, is amended to read:

115A.49 [ESTABLISHMENT; PURPOSES AND PRIORITIES.]

There is established a program to encourage and assist cities, counties, solid waste management districts, and sanitary districts in the development and implementation of solid waste management projects and to transfer the knowledge and experience gained from such projects to other communities in the state. The program must be administered to encourage local communities to develop feasible and prudent alternatives to disposal, including waste reduction; waste separation by generators, collectors, and other persons; and waste processing. ~~The director shall administer the program must be administered by the office~~ in accordance with the requirements of sections 115A.49 to 115A.54 and rules promulgated ~~by the office pursuant to~~ under chapter 14. In administering the program, ~~the office~~ director shall give priority to projects in the order of preference ~~of the waste management practices listed in section 115A.02~~. ~~The director shall give special consideration to~~ areas where natural geologic and soil conditions are especially unsuitable for land disposal of solid waste; areas where the capacity of existing solid waste disposal facilities is determined by ~~the office~~ director to be less than five years; and projects serving more than one local government unit.

Sec. 17. Minnesota Statutes 1990, section 115A.53, is amended to read:

115A.53 [WASTE REDUCTION AND SEPARATION PROJECTS.]

*(2) for a metropolitan county, 45 percent of the solid waste generated in the county.*

*Each county will develop and implement or require political subdivisions within the county to develop and implement programs, practices, or methods designed to meet its recycling goal. Nothing in this section or in any other law may be construed to prohibit a county from establishing a higher recycling goal. For the purposes of this subdivision "solid waste" includes all solid waste generated in a county and materials that are separated for recycling, but does not include yard waste.*

Sec. 19. Minnesota Statutes 1990, section 115A.551, subdivision 4, is amended to read:

Sec. 20. Minnesota Statutes 1990, section 115A.552, subdivision 1, is amended to read:

*Subdivision 1. [COUNTY REQUIREMENT.] Counties shall ensure that residents, including residents of single and multifamily dwellings, have an opportunity to recycle. At least one recycling center shall be available in each county. Opportunity to recycle means availability of recycling and curbside pickup or collection centers for recyclable materials at sites that are convenient for persons to use. Counties shall also provide for the recycling of problem materials and major appliances. Counties shall assess the operation of existing and proposed recycling centers and shall give due*

consideration to those centers in ensuring the opportunity to recycle.

Sec. 21. Minnesota Statutes 1990, section 115A.552, subdivision 2, is amended to read:

Subd. 2. [RECYCLING OPPORTUNITIES.] An opportunity to recycle must include:

(2) curbside pickup, centralized drop-off, or a local recycling center for at least four ~~kinds~~ *broad types* of recyclable materials in cities with a population of 5,000 or more persons; and

(3) monthly pickup of at least four *broad types* of recyclable materials in cities of the first and second class and cities with 5,000 or more population in the metropolitan area.

Sec. 22. Minnesota Statutes 1990, section 115A.552, is amended by adding a subdivision to read:

Subd. 4. [NONRESIDENTIAL RECYCLING.] *Each county shall encourage building owners and managers, business owners and managers, and collectors of commercial mixed municipal solid waste to provide appropriate recycling services and opportunities to generators of commercial, industrial, and institutional solid waste in the county. In recognizing appropriate recycling services and opportunities, a county must take into consideration existing technological development of solid waste systems in the county; the limits on markets for materials other than glass, paper, aluminum, and plastic; and the needs of generators in the county.*

Sec. 23. Minnesota Statutes 1990, section 115A.554, is amended to read:

Sec. 27. [115A.715] [SOLID WASTE AUTHORITY.]

*A district has all the authority of a county for solid waste management purposes that is given to counties under this chapter and chapters 400 and 473, except the authority to issue general obligation bonds or to levy property taxes. A district has the authority of a county to issue general obligation bonds and to levy property taxes only if and only to the extent that the governing body of each county that is a member of the district agrees to delegate the authority to the district. The delegation of the authority is irrevocable unless the governing body of each county that is a member of the district agrees to the revocation.*

Sec. 28. Minnesota Statutes 1990, section 115A.83, is amended to read:

115A.83 [EXEMPTION.]

The designation may not apply to or include:

(1) materials that are ~~separated~~ *separate* from solid waste and recovered for reuse in their original form or for use in manufacturing processes; ~~or~~

(2) materials that are processed at a resource recovery facility at the capacity in operation at the time that the designation plan is approved by the reviewing authority; *or*

(3) *materials that are separated at a permitted transfer station located within the boundaries of the designating authority for the purpose of recycling the materials if: (i) the transfer station was in operation on January 1, 1991; or (ii) the materials are not being separated for recycling at the designated facility.*

*For the purposes of this section, "manufacturing processes" does not include the treatment of waste after collection for the purpose of biological modification.*

Sec. 29. [115A.831] [DETERMINATION OF EXEMPTION.]

*The district or county may require a person claiming an exemption under section 115A.83, clause (1), for waste materials generated within the district or county to provide information describing the waste materials; the sources and quantities of the waste materials; the reuse or manufacturing processes and locations, including storage and intermediate processing, products produced, and purchasers of the products; and other information that the district or county may require. The information must be provided within 30 days of the date as of which the exemption is claimed. The district or county may deny the claimed exemption if it determines that, within a reasonable time after collection, the materials will not be recovered for reuse in their original form or for use in manufacturing processes. If the claimed exemption is denied, the designation applies if the materials are mixed municipal solid waste.*

Sec. 30. Minnesota Statutes 1990, section 115A.84, subdivision 2, is amended to read:

Subd. 2. [DESIGNATION; PLAN CONTENTS.] (a) The designation plan must evaluate:

(1) the benefits of the designation, including the public purposes achieved by the conservation and recovery of resources, the furtherance of local and any district or regional waste management plans and policies, and the furtherance of the state policies and purposes expressed in section 115A.02; and

(2) the estimated costs of the designation, including the direct capital, operating, and maintenance costs of the facility designated, the indirect costs, and the long-term effects of the designation.

(b) In particular the designation plan must evaluate:

(1) whether the designation will result in the recovery of resources or energy from materials which would otherwise be wasted;

(2) whether the designation will lessen the demand for and use of indiscriminate land disposal;

(3) whether the designation is necessary for the financial support of the facility;

(4) whether less restrictive methods for ensuring an adequate solid waste supply are available;

(5) other feasible and prudent waste management alternatives for accomplishing the purposes of the proposed designation, the direct and indirect costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators; and

(6) whether the designation takes into account and promotes local, regional, and state waste management goals.

(c) When the plan proposes designation to disposal facilities, the designation plan must also evaluate:

(1) whether the disposal facility is part of an integrated waste management system involving a processing facility and the designation is necessary for the financial support of the processing facility;

(2) whether the designation will better serve to protect public health and safety;

(3) the impacts on other disposal facilities inside and outside the area;

(4) whether the designation is necessary to promote regional waste management programs and cooperation; and

(5) the extent to which the design and operation of the disposal facility protects the environment including whether it is permitted under current agency rules and whether any portion of the facility's site is listed under section 115B.17, subdivision 13.

(d) When the plan proposes designation to a disposal facility, mixed municipal solid waste that is subject to a contract between a hauler and a different facility that is in effect on the date notice is given under section 115A.85, subdivision 2, is not subject to the designation during the contract period *or for one year after the date notice is given, whichever period is*

*shorter.*

Sec. 31. Minnesota Statutes 1990, section 115A.84, is amended by adding a subdivision to read:

*Subd. 5. [EXCLUSION OF MATERIALS SEPARATED AT CERTAIN FACILITIES.] (a) A county or district shall exclude from the designation, subject to approval by the reviewing authority, materials that the county or district determines will be separated for recycling at a transfer station located outside of the area subject to designation if:*

*(1) the transfer station was in operation on January 1, 1991;*

*(2) the materials are collected as part of mixed municipal solid waste from waste generators and delivered to the transfer station by the same person that owns the transfer station;*

*(3) the residual materials left after separation of the recyclable materials are delivered to a facility designated by the county or district;*

*(4) the owner of the transfer station, as a waste collector, is in compliance with each designation ordinance that applies to that collector and has been in compliance for at least six months prior to filing for an exclusion;*

*(5) the materials separated at the transfer station are delivered to a recycler and are actually recycled; and*

*(6) the owner or operator of the transfer station agrees to report and actually reports to the county or district the quantities of materials, by categories to be specified by the county or district, that are recycled by the facility that otherwise would have been subject to designation.*

*(b) In order to qualify for the exclusion in this subdivision, the owner of a transfer station shall file with the county or district a written description of the transfer station, its operation, location, and waste supply sources, the quantity of waste delivered to the transfer station by the owner of the transfer station, the market for the materials separated for recycling, where the recyclable materials are delivered for recycling, and other information the county or district may reasonably require. Information received by the county or district is nonpublic data as defined in section 13.02, subdivision 9.*

*(c) A county or district that grants an exclusion under this subdivision may revoke the exclusion if any of the conditions of paragraph (a) are not being met.*

Sec. 32. Minnesota Statutes 1990, section 115A.86, subdivision 5, is amended to read:

*Subd. 5. [AMENDMENTS.] (a) Except for an amendment authorized under section 115A.86, subdivision 6, amendments to a designation ordinance must be submitted to the reviewing authority for approval. The reviewing authority shall approve the amendment if the amendment is in the public interest and in furtherance of the state policies and purposes expressed in section 115A.02. If the reviewing authority finds that the proposed amendment is a substantive change from the existing designation plan, the reviewing authority may require that the county or solid waste management district submit a revised designation plan to the reviewing authority for approval. After receiving approval for the designation plan amendment from the reviewing authority, the county or district shall follow the procedure outlined in section 115A.85 prior to submitting the amended designation ordinance*

to the reviewing authority for approval. If the reviewing authority does not act within 90 days after receiving the proposed amendment to the designation ordinance, the amendment is approved.

(b) *Except for an amendment authorized under section 115A.86, subdivision 6, prior to amending an ordinance to designate solid waste to a disposal facility, a county or district shall submit an amended designation plan to the reviewing authority for approval, and shall follow the procedures outlined in section 115A.85.*

Sec. 33. Minnesota Statutes 1990, section 115A.86, is amended by adding a subdivision to read:

*Subd. 6. [PENALTIES.] (a) A county may include in its designation ordinance civil and criminal penalties for violation of the ordinance. A civil penalty adopted by the county may not exceed a fine of \$10,000 per day of violation plus the cost of mitigating any damages caused by the violation and the attorney fees and court costs incurred by the county to enforce the ordinance.*

*(b) Subdivision 5 does not govern a designation ordinance amendment adopted under this subdivision.*

Sec. 34. Minnesota Statutes 1990, section 115A.882, is amended to read:

115A.882 [INSPECTION OF RECORDS; INSPECTION.]

*Subdivision 1. [DEFINITIONS.] For the purposes of this section:*

*(1) "origin" means a general geographical description that at a minimum names the local governmental unit within a county from which waste was collected; and*

*(2) "type" means a best estimate of the percentage of each truck load that consists of residential, commercial, industrial, construction, or any other general type of waste.*

*Subd. 2. [RECORDS; COLLECTORS; FACILITIES.] Each person who collects solid waste in a county in which a designation ordinance is in effect shall maintain records regarding the volume or weight, type, and origin of waste collected. Each day, a record of the origin, type, and weight of the waste collected that day and the identity of the waste facility at which that day's collected waste is deposited must be kept on the waste collection vehicle. If the waste is measured by volume at the waste facility at which it is deposited, the record may show the volume rather than the weight of the waste.*

*The owner or operator of a solid waste facility shall maintain records regarding the weight of the waste, or the volume of the waste if the waste is measured by volume; the general type or types of waste; the origin of the waste delivered to the facility; the date and time of delivery; and the name of the waste collector that delivered the waste to the facility.*

*Subd. 3. [INSPECTION.] A person authorized by a county in which a designation ordinance is effective may, upon presentation of identification and without a search warrant, inspect or copy records of an owner or operator of any waste facility in the state that contain information regarding the volume, type, origin, and weight of the waste received by the facility, and the date and time of weighing. A person who fails to open for inspection and copying the records referred to in this section is guilty of a misdemeanor, anywhere in the state:*

(1) upon presentation of identification and without a search warrant, inspect or copy the records required to be kept on a waste collection vehicle under subdivision 2 and inspect the waste on the vehicle at the time of deposit of the waste at a facility;

(2) upon presentation of identification and without a search warrant, inspect or copy the records of an owner or operator of a solid waste facility that are required to be maintained under subdivision 2;

(3) request, in writing, copies of records of a solid waste collector that indicate the type, origin, and weight or, if applicable, the volume of waste collected, the identity of the facility at which the waste was deposited, and the date of deposit at the facility; and

(4) upon presentation of identification and without a search warrant, inspect or copy the records described in clause (3) at the central record-keeping location of the waste collector only if the collector fails to provide copies of the records within 15 days of receipt of a written request for them.

Records or information received, inspected, or copied by a county under this section are classified as nonpublic data as defined in section 13.02, subdivision 9, and may be used by the county solely for enforcement of a designation ordinance. A waste collector or the owner or operator of a waste facility shall maintain business records needed to comply with this section for the same period of time that is required for tax purposes.

Sec. 35. Minnesota Statutes 1990, section 115A.9162, subdivision 2, is amended to read:

Subd. 2. [GRANTS.] The office may make grants to ~~counties~~ local government units for installation of storage tanks to collect used oil. To be eligible for a grant, a ~~county~~ applicant must obtain approval from the commissioner of the agency for the type of tank to be used, the location and installation of the tank, and the proposed ongoing maintenance and monitoring of the collection site. A tank may be located on public or private property and must be made available to the public for used oil disposal. A grant for a single tank may not exceed \$2,500 and a ~~county~~ local government unit may not receive more than \$5,000 in grants for storage tanks.

Sec. 36. Minnesota Statutes 1990, section 115A.919, is amended to read:

115A.919 [COUNTY FEE AUTHORITY.]

Subdivision 1. [FEE.] (a) A county may impose a fee, by cubic yard of waste or its equivalent, on operators of facilities for the disposal of mixed municipal solid waste or construction debris located within the county. The revenue from the fees shall be credited to the county general fund and shall be used only for landfill abatement purposes, or costs of closure, postclosure care, and response actions or for purposes of mitigating and compensating for the local risks, costs, and other adverse effects of facilities.

(b) Fees for construction debris facilities may not exceed 50 cents per cubic yard. Revenues from the fees must offset any financial assurances required by the county for a construction debris facility. The maximum revenue that may be collected for a construction debris facility must be determined by multiplying the total permitted capacity of the facility by 15 cents per cubic yard. Once the maximum revenue has been collected for a facility, the fee may no longer be imposed.

Subd. 2. [ADDITIONAL FEE.] A county may impose a fee, by cubic

*yard or the equivalent of waste collected outside the county, in addition to a fee imposed under subdivision 1, on operators of mixed municipal solid waste disposal facilities located within the county. The fee may not exceed \$2 per cubic yard or the equivalent. The fee does not apply to waste collected by persons licensed to operate solid waste collection services who comply with designation requirements and are referred to another county's solid waste disposal facility due to temporary closure of the designated processing or disposal facility. Revenue generated from the additional fee must be credited to the county general fund and may be used only for the purposes listed in subdivision 1.*

*Subd. 3. [EXEMPTIONS.] (a) Waste residue from recycling facilities at which recyclable materials are separated or processed for the purpose of recycling, or from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse shall be exempt from the any fee imposed by a county under this section if there is at least an 85 percent volume reduction in the solid waste processed. Before any fee is reduced, the verification procedures of section 473.843, subdivision 1, paragraph (c), must be followed and submitted to the appropriate county.*

*(b) A facility permitted for the disposal of construction debris is exempt from 25 percent of a fee imposed under subdivision 1 if the facility has implemented a recycling program approved by the county and 25 percent if the facility contains a liner and leachate collection system approved by the agency.*

Sec. 37. Minnesota Statutes 1990, section 115A.921, is amended to read:

**115A.921 [CITY OR TOWN FEE AUTHORITY.]**

*Subdivision 1. [MIXED MUNICIPAL SOLID WASTE.] A city or town may impose a fee, not to exceed \$1 per cubic yard of waste, or its equivalent, on operators of facilities for the disposal of mixed municipal solid waste located within the city or town. The revenue from the fees must be credited to the city or town general fund. Revenue produced by 25 cents of the fee must be used only for purposes of landfill abatement or for purposes of mitigating and compensating for the local risks, costs, and other adverse effects of facilities. Revenue produced by the balance of the fee may be used for any general fund purpose.*

*Waste residue from recycling facilities at which recyclable materials are separated or processed for the purpose of recycling, or from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse shall be exempt from the fee imposed by a city or town under this section if there is at least an 85 percent volume reduction in the solid waste processed. Before any fee is reduced, the verification procedures of section 473.843, subdivision 1, paragraph (c), must be followed and submitted to the appropriate city or town.*

*Subd. 2. [CONSTRUCTION DEBRIS.] (a) A city or town may impose a fee, not to exceed 50 cents per cubic yard of waste, or its equivalent, on operators of facilities for the disposal of construction debris located within the city or town. The revenue from the fees must be credited to the city or town general fund. Two-thirds of the revenue must be used only for purposes of landfill abatement or for purposes of mitigating and compensating for*

*the local risks, costs, and other adverse effects resulting from the facilities.*

*(b) A facility permitted for the disposal of construction debris is exempt from 25 percent of a fee imposed under this subdivision if the facility has implemented a recycling program that has been approved by the county and 25 percent if the facility contains a liner and leachate collection system approved by the agency.*

*(c) Two-thirds of the revenue from fees collected under this subdivision must offset any financial assurances required by the city or town for a construction debris facility.*

*(d) The maximum revenue that may be collected under this subdivision must be determined by multiplying the total permitted capacity of a facility by 15 cents per cubic yard. Once the maximum revenue has been collected for a facility, the fees in this subdivision may no longer be imposed.*

Sec. 38. Minnesota Statutes 1990, section 115A.923, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT OF FEE.] (a) The operator of a mixed municipal solid waste disposal facility outside of the metropolitan area shall ~~pay~~ charge a fee on solid waste accepted and disposed of at the facility as follows:

(1) a facility that weighs the waste that it accepts must ~~pay~~ charge a fee of \$2 per cubic yard based on equivalent cubic yards of waste accepted at the entrance of the facility;

(2) a facility that does not weigh the waste but that measures the volume of the waste that it accepts must ~~pay~~ charge a fee of \$2 per cubic yard of waste accepted at the entrance of the facility; and

(3) waste residue from recycling facilities at which recyclable materials are separated or processed for the purpose of recycling, or from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse is exempt from the fee imposed by this subdivision if there is at least an 85 percent volume reduction in the solid waste processed.

(b) To qualify for exemption under paragraph (a), clause (3), waste residue must be brought to a disposal facility separately. The commissioner of revenue, with the advice and assistance of the agency, shall prescribe procedures for determining the amount of waste residue qualifying for exemption.

Sec. 39. Minnesota Statutes 1990, section 115A.923, subdivision 1a, is amended to read:

Subd. 1a. [PAYMENT OF THE GREATER MINNESOTA LANDFILL CLEANUP FEE.] The operator of a disposal facility in greater Minnesota shall ~~pay~~ remit the ~~fee~~ ~~required~~ fees collected under subdivision 1 to the county or sanitary district where the facility is located, except that the operator of a facility that is owned by a statutory or home rule city shall ~~pay~~ remit the ~~fee~~ fees to the city that owns the facility. The county, city, or sanitary district may use the revenue from the ~~fee~~ fees only for the purposes specified in section 115A.919.

Sec. 40. Minnesota Statutes 1990, section 115A.93, subdivision 3, is amended to read:

Subd. 3. [LICENSE REQUIREMENTS.] (a) A licensing authority shall require to the extent possible that charges for collection of mixed municipal solid waste vary with the volume or weight of the waste collected.

(b) A licensing authority may impose requirements that are consistent with the county's solid waste policies as a condition of receiving and maintaining a license.

*(c) A licensing authority shall prohibit mixed municipal solid waste collectors from imposing a greater charge on residents who recycle than on residents who do not recycle.*

Sec. 41. Minnesota Statutes 1990, section 115A.93, is amended by adding a subdivision to read:

*Subd. 4. [DATE CERTAIN.] By January 1, 1993, each county shall ensure that each city or town within the county requires each mixed municipal solid waste collector that provides curbside collection service in the city or town to obtain a license under this section or the county shall directly require and issue the licenses. No person may collect mixed municipal solid waste after January 1, 1993, without a license.*

Sec. 42. Minnesota Statutes 1990, section 115A.931, is amended to read:

115A.931 [LAND DISPOSAL OF YARD WASTE PROHIBITION.]

(a) Except as authorized by the agency, in the metropolitan area after January 1, 1990, and outside the metropolitan area after January 1, 1992, a person may not ~~dispose of~~ place yard waste:

- (1) in mixed municipal solid waste;
- (2) in a disposal facility; or
- (3) in a resource recovery facility except for the purposes of composting or co-composting.

(b) Yard waste subject to this subdivision is garden wastes, leaves, lawn cuttings, weeds, and prunings.

Sec. 43. [115A.935] [SOLID WASTE GENERATED OUTSIDE OF MINNESOTA.]

*No person shall transport into or deposit in this state, for the purpose of processing or disposal, solid waste that was generated in another state, unless the waste:*

*(1) meets all the solid waste management regulations of the state in which it was generated; and*

*(2) contains none of the items specifically banned from mixed municipal solid waste in this state, including waste tires, used motor oil, waste lead acid batteries, yard waste, major appliances, and any other item specifically banned from the waste stream under this chapter.*

Sec. 44. Minnesota Statutes 1990, section 115A.94, subdivision 4, is amended to read:

Subd. 4. [CITIES AND TOWNS; NOTICE; PLANNING.] (a) At least 180 days before implementing an ordinance, franchise, license, contract or other means of organizing collection, a city or town, by resolution of the governing body, shall announce its intent to organize collection and invite the participation of interested persons, including persons licensed to operate

solid waste collection services, in planning and establishing the organized collection system.

(b) The resolution of intent must be adopted after a public hearing. The hearing must be held at least two weeks after public notice and mailed notice to persons known by the city or town to be operating solid waste collection services in the city or town. The failure to give mailed notice to persons or defect in the notice does not invalidate the proceedings, provided a bona fide effort to comply with notice requirements has been made.

(c) During a 90-day period following the resolution of intent, the city or town shall develop or supervise the development of plans or proposals for organized collection. During this 90-day planning period, the city or town shall invite and employ the assistance of persons licensed as of the date of the resolution of intent to operate solid waste collection services in the city or town. Failure of a licensed collector to participate in the 90-day planning period, when the city or town has made a bona fide effort to provide the person the opportunity to participate, does not invalidate the planning process.

(d) For 90 days after the date ending the planning period required under paragraph (c), the city or town shall discuss possible organized collection arrangements with all licensed collectors operating in the city or town who have expressed interest. If the city or town is unable to agree on an organized collection arrangement with a majority of the licensed collectors who have expressed interest, or upon expiration of the 90 days, the city or town may propose implementation of an alternate method of organizing collection as authorized in subdivision 3.

(e) The city or town shall make specific findings that:

(1) describe in detail the procedures it used to plan and to attempt implementation of organized collection through an arrangement with collectors who expressed interest; and

(2) evaluate the proposed organized collection method in light of at least the following standards: achieving the stated organized collection goals of the city or town; minimizing displacement of collectors; ensuring participation of all interested parties in the decision-making process; and maximizing efficiency in solid waste collection.

(f) Upon request, the city or town shall provide mailed notice of all proceedings on the organization of collection in the city or town.

*(g) If the city or town and all the persons licensed to operate mixed municipal solid waste collection services and doing business in the city or town agree on the plan, the city or town may implement the plan without regard to the 180-day period specified in paragraph (a).*

Sec. 45. [115A.941] [SOLID WASTE; REQUIRED COLLECTION.]

*(a) Except as provided in paragraph (b), each city and town with a population of 10,000 or more shall ensure that every residential household and business in the city or town has solid waste collection service. To comply with this section, a city or town may organize collection, provide collection, or require by ordinance that every household and business has a contract for collection services. An ordinance adopted under this section must provide for enforcement.*

*(b) A city or town with a population of 10,000 or more may exempt a*

*residential household or business in the city or town from the requirement to have solid waste collection service if the household or business ensures that an environmentally sound alternative is used.*

Sec. 46. Minnesota Statutes 1990, section 115A.9561, is amended to read:

*Subdivision 1. [PACKAGING.] (a) As soon as feasible but not later than August 1, 1993, no manufacturer or distributor may sell or offer for sale or for promotional purposes in this state packaging or a product that is contained in packaging if the packaging itself, or any inks, dyes, pigments, adhesives, stabilizers, or any other additives to the packaging contain any lead, cadmium, mercury, or hexavalent chromium that has been intentionally*

*introduced as an element during manufacture or distribution of the packaging. Intentional introduction does not include the incidental presence of any of the prohibited elements.*

*(b) For the purposes of this section, "distributor" means a person who imports packaging or causes packaging to be imported into the state.*

*Subd. 2. [TOTAL TOXICS CONCENTRATION LEVELS.] The total concentration level of lead, cadmium, mercury, and hexavalent chromium added together in any packaging must not exceed the following amounts:*

*Subd. 3. [EXEMPTIONS.] (a) The following packaging is exempt from the requirements of subdivisions 1 and 2:*

*(1) packaging that has been delivered to a manufacturer or distributor prior to August 1, 1993, or packaging that contains a code or other indication of the date of manufacture and that was manufactured prior to August 1, 1993; and*

*(2) until August 1, 1997, packaging that would not exceed the total toxics concentration levels under subdivision 2 but for the addition in the packaging of materials that have fulfilled their intended use and have been discarded by consumers.*

*(b) Packaging to which lead, cadmium, mercury, or hexavalent chromium has been intentionally introduced in the manufacturing process may be exempted from the requirements of subdivisions 1 and 2 by the commissioner of the pollution control agency if:*

*(1) the use of the toxic element in the packaging is required by federal or state health or safety laws; or*

*(2) there is no feasible alternative for the packaging because the toxic element used is essential to the protection, safe handling, or function of the contents of the package.*

*The commissioner may grant an exemption under this paragraph for a period not to exceed two years upon application by the packaging manufacturer that includes documentation showing that the criteria for an exemption are met. Exemptions granted by the commissioner may be renewed upon reapplication every two years.*

*Subd. 4. [CERTIFICATE OF COMPLIANCE.] (a) Beginning August 1, 1993, each manufacturer and distributor of packaging for sale or other distribution in this state shall certify to each of their purchasers or receivers that the packaging purchased or received complies with this section. The certificate of compliance must be in writing and must be signed by an official of the manufacturer or distributor. For packaging that has received an exemption under subdivision 3, the certificate of compliance must list the amount of total toxics concentration in the packaging, the specific toxics present, and the basis for the exemption.*

*(b) The manufacturer or distributor shall keep on file a copy of the certificate of compliance for each type of packaging manufactured or distributed and shall make copies available to the commissioner of the pollution control agency or the attorney general on request, or to any member of the*

*public within 60 days of receipt of a written request that specifies the type of packaging for which the information is requested.*

*(c) Each purchaser or receiver, except a retailer, of packaging shall retain the certificate of compliance for as long as the packaging is in use.*

*(d) If a manufacturer or distributor of packaging reformulates the packaging or creates new packaging, the manufacturer or distributor shall provide an amended or new certificate of compliance to purchasers and receivers for the reformulated or new packaging.*

*Subd. 5. [ENFORCEMENT.] This section may be enforced under sections 115.071 and 116.072. A person who fails to comply with this section is subject to a civil fine of up to \$5,000 per day of violation, court costs and attorney fees, and all costs associated with the separate collection, storage, transfer, and appropriate processing or disposal of nonconforming packaging, to be determined by the true cost of those activities per ton times the approximate actual tonnage of nonconforming packaging sold or otherwise distributed in the state.*

*Subd. 6. [RULES.] The commissioner of the pollution control agency, in consultation with the director of the office of waste management, shall adopt rules to implement this section.*

(3) June 30, ~~1994~~ 1993.

(b) As a special waste, incinerator ash must be stored separately from mixed municipal solid waste with adequate controls to protect the environment as provided in agency permits. For the interim period, the agency, in cooperation with generators of incinerator ash and other interested parties, shall establish a temporary program to test, monitor, and store incinerator ash. The program must include separate testing of fly ash, bottom ash, and combined ash unless the agency determines that because of physical constraints at the facility separate samples of fly ash and bottom ash cannot be reasonably obtained in which case only combined ash must be tested. Incinerator ash stored during the interim is subject to the rules adopted pursuant to subdivision 3 and to the provisions of chapter 115B.

Sec. 50. Minnesota Statutes 1990, section 115B.04, subdivision 4, is amended to read:

Subd. 4. (b) When a political subdivision is liable as an owner or operator of a disposal facility, the liability of each political subdivision is limited to

\$400,000 at each facility unless the facility was owned or operated under a valid joint powers agreement by three or more political subdivisions, in which case the aggregate liability of all political subdivisions that are parties to the joint powers agreement is limited to \$1,200,000.

(c) The limits on the liability of a political subdivision for ownership or operation of a disposal facility apply to the costs of ~~remedial~~ response action incurred between the date a request for response action is issued by the agency and the date one year after the construction certificate of completion is approved by the commissioner, excluding *the costs incurred during of* negotiation of a consent order agreement.

Subd. 4j. [PERMITS; SOLID WASTE FACILITIES.] (a) The agency may not issue a permit for new or additional capacity for a mixed municipal solid waste resource recovery or disposal facility as defined in section 115A.03 unless each county projected in the permit to use the facility has in place a solid waste management plan approved under section 115A.46 or 473.803. The agency shall issue the permit only if the capacity of the facility is consistent with the needs for resource recovery or disposal capacity identified in the approved plan or plans. Consistency must be determined by the metropolitan council for counties in the metropolitan area and by the agency for counties outside the metropolitan area. Plans approved before January 1, 1990, need not be revised if the capacity sought in the permit is consistent with the approved plan or plans.

(b) The agency shall require as part of the permit application for a waste incineration facility identification of preliminary plans for ash management and ash leachate treatment or ash utilization. The permit issued by the agency must include requirements for ash management and ash leachate treatment.

(c) *Within 30 days of receipt by the agency of a permit application for a solid waste facility, the commissioner shall notify the applicant in writing whether the application is complete and if not, what items are needed to make it complete, and shall give an estimate of the time it will take to process the application. Within 180 days of receipt of a completed application, the agency shall approve, disapprove, or delay decision on the application, with*

*(3) the solid fuel fired boiler has a valid permit to operate; and*

*(4) the refuse derived fuel is produced by a facility for which a permit was issued by the agency before June 1, 1991.*

*(b) A facility that produces refuse derived fuel that is sold for use in a solid fuel fired boiler may accept waste for processing only from counties that provide for the removal of household hazardous waste from the waste.*

Sec. 64. Minnesota Statutes 1990, section 473.803, subdivision 1a, is amended to read:

Subd. 1a. [PROPOSED INVENTORY OF DISPOSAL SITES.] By October 15, 1981, a metropolitan county having a population of less than 300,000, as determined by the 1980 United States Census, shall adopt, by resolution of the county governing body, an inventory of at least three proposed sites in the county suitable for mixed municipal solid waste disposal facilities and shall submit the inventory to the council for approval or disapproval. A metropolitan county having a population greater than 300,000, as determined by the 1980 United States Census, shall adopt, by resolution of the county governing body, an inventory of at least four proposed sites in the county that are suitable for mixed municipal solid waste disposal facilities and shall submit the inventory to the council for approval or disapproval. The council shall evaluate and approve or disapprove each proposed site in accordance with the standards set out in this subdivision. Except as otherwise provided in this subdivision, each site shall satisfy the standards and criteria in federal and state regulations and the council's policy plan for solid waste management. In proposing and approving sites for the inventory, the counties and the council shall prefer land which is capable of being returned to its existing use or the use anticipated in a plan of a metropolitan agency, county, or local unit of government use after closure of a disposal facility. Each site shall contain no less than 80 acres and no more than 250 acres. Each proposed site shall be surrounded by a buffer area at least equal to the area of the site. No site shall be adopted by a county or the council as part of an inventory unless the agency certifies its intrinsic suitability for the use intended, based on preliminary environmental analysis and on site surveys and investigations conducted by the county. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of any state agency or political subdivision, no land shall be excluded from consideration for inclusion in the inventory except: (1) land where the agency finds that on-site investigations demonstrate that the travel time of water from the surface to groundwater resources is ten years or less; (2) land in a sensitive area, as identified under section 103H.101, subdivision 2; and (3) other land determined by the agency to be intrinsically unsuitable. Each county shall provide to the agency data relating to the intrinsic suitability of the sites to be proposed for the inventory as soon as available. By July 1, 1981 each county shall propose at least the number of sites required for the inventory, and the director of the agency shall issue a notice indicating which of those sites the director recommends be certified as intrinsically suitable. Notice of hearings on the director's recommendation shall be published in the state register and newspapers of general circulation in the metropolitan area and shall be sent by mail to the metropolitan council and local government units containing a proposed inventory site. A hearing shall be held in each metropolitan county and shall be conducted by the state office of administrative hearings in a manner consistent with the completion of the proceedings and the administrative law judge's report to the agency in the time allowed by this section. The hearing shall afford all interested persons an opportunity to testify and present evidence on the subject of the hearing. The subject of the hearing shall be limited to information submitted by the county and additional information on the proposed sites which is relevant to the agency's decision on intrinsic suitability. The rulemaking and contested case procedures of chapter 14 shall not apply to this hearing. The report of the administrative law judge shall contain findings of fact, conclusions, and recommendations on the subject of the hearing. The agency shall make a final determination as to the intrinsic suitability of each proposed site and shall certify them accordingly within 90 days of the county's proposal of a site. The agency

shall not be required to promulgate rules pursuant to chapter ~~15~~ 14 on criteria and standards to govern its certification of intrinsic suitability under this section. No action of the agency shall be held invalid by reason of the agency's failure to notify any of the entities listed in this subdivision. The council shall evaluate each site with respect to local land use and land use controls, the protection of agriculture and natural resources, existing and future development patterns, transportation facilities and other services and facilities appropriate to land disposal facilities, the quality of other potential sites, and patterns of generation of solid waste. The council shall notify a county of any site proposed by the county which the council disapproves and shall allow the county 60 days to propose an alternative site. If the county fails to propose an alternative acceptable to the council in the time allowed, the council shall propose a site acceptable to it for inclusion in the inventory of sites in that county. If in the council's judgment a county does not contain the requisite number of satisfactory sites, the council may reduce the number of sites required of that county.

Sec. 65. Minnesota Statutes 1990, section 473.803, subdivision 2, is amended to read:

Subd. 2. [COUNCIL REVIEW.] The council shall review each master plan or revision thereof to determine whether it is consistent with the council's policy plan. If it is not consistent, the council shall disapprove and return the plan with its comments to the county for revision and resubmittal. The county shall have 90 days to revise and resubmit the plan for council approval. Any county solid waste plan or report approved by the council prior to April 9, 1976, shall remain in effect until a new master plan is submitted to and approved by the council in accordance with this section.

*The council shall review the household hazardous waste management portion of each county's plan in cooperation with the agency.*

Sec. 66. Minnesota Statutes 1990, section 473.803, subdivision 3, is amended to read:

Subd. 3. [ANNUAL REPORT.] Each metropolitan county shall prepare and submit annually to the council for its approval a report containing information, as the council may prescribe in its policy plan, concerning solid waste generation and management within the county. The report shall include a statement of progress in achieving the land disposal abatement objectives for the county and classes of cities in the county as stated in the council's policy plan and county master plan. The report must list cities that have not satisfied the county performance standards for local abatement required by subdivision 1c. The report must include a schedule of rates and charges in effect or proposed for the use of any solid waste facility owned or operated by or on its behalf, together with a statement of the basis for such charges.

*Each metropolitan city shall prepare and submit an annual report to the county concerning solid waste generation and management within the city and each county shall include in its annual report to the council the information received from cities.*

Sec. 67. Minnesota Statutes 1990, section 473.803, subdivision 4, is amended to read:

Subd. 4. [ADVISORY COMMITTEE.] By July 1, 1984, each county shall establish a solid waste management advisory committee to aid in the

preparation of the county master plan, any revisions thereof, and such additional matters as the county deems appropriate. The committee must consist of citizen representatives, representatives from towns and cities within the county, and representatives from private waste management firms. The committee must include residents of towns or cities within the county containing solid waste disposal facilities and eligible solid waste disposal sites included in the council's disposal site inventory. Members of the council's solid waste advisory committee who reside in the county are ex officio members of the county advisory committee. A representative of the metropolitan council is an ex officio member of the committee.

Sec. 68. Minnesota Statutes 1990, section 473.811, subdivision 1, is amended to read:

Subdivision 1. [COUNTY ACQUISITION OF FACILITIES.] To accomplish the purpose specified in section 473.803, each metropolitan county may acquire by purchase, lease, gift or condemnation as provided by law, upon such terms and conditions as it shall determine, including contracts for deed and conditional sales contracts, solid waste facilities or properties or easements or development rights, as defined in section 473.833, for solid waste facilities which are in accordance with rules adopted by the agency, the policy plan adopted by the council and the county master plan as approved by the council, and may improve or construct improvements on any property or facility so acquired. No metropolitan city, county or town shall own or operate a hazardous waste facility, *except a facility to manage household hazardous waste*. Each metropolitan county is authorized to levy a tax in anticipation of need for expenditure for the acquisition and betterment of solid waste facilities. If a tax is levied in anticipation of need, the purpose must be specified in a resolution of the county directing that the levy and the proceeds of the tax may be used only for that purpose. Until so used, the proceeds shall be retained in a separate fund or invested in the same manner as surplus in a sinking fund may be invested under section 475.66. The right of condemnation shall be exercised in accordance with chapter 117.

*For the purposes of this section "solid waste facility" includes a facility to manage household hazardous waste.*

Sec. 69. Minnesota Statutes 1990, section 473.811, subdivision 1a, is amended to read:

Subd. 1a. [RIGHT OF ACCESS.] Whenever the county or county site selection authority deems it necessary to the evaluation of a waste facility for enforcement purposes or to the evaluation of a site or buffer area for inclusion in the inventory of disposal sites pursuant to section 473.149, subdivision 2b, and section 473.803, subdivision 1a, or for selection or final acquisition under section 473.833, or for the accomplishment of any other purpose under sections 473.149, 473.153, and 473.801 to 473.834, the county, county site selection authority or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and provided that compensation is made for any damage to the property caused by the entrance and activity.

Sec. 70. Minnesota Statutes 1990, section 473.811, subdivision 3, is amended to read:

Subd. 3. [COUNTY OPERATION OF FACILITIES.] Each metropolitan county may operate and maintain solid waste facilities, and for this purpose may employ all necessary personnel, may adopt regulations governing operation, and may establish and collect reasonable, nondiscriminatory rates and charges, *except as authorized under section 115A.919*, for the use of the facilities by any local government unit or person, estimated to be sufficient, with any other moneys appropriated for the purpose, to pay all costs of acquisition, operation and maintenance. Each metropolitan county may use itself or sell all or any part of materials or energy recovered from solid waste to private interests or public agencies for consumption or reuse by them. Section 471.345 and Laws 1951, chapter 556, as amended shall not apply to the sale of the materials or energy.

Sec. 71. Minnesota Statutes 1990, section 473.811, subdivision 4a, is amended to read:

Subd. 4a. [ORDINANCES; GENERAL CONDITIONS; RESTRICTIONS; APPLICATION.] Ordinances of counties and local government units related to or affecting waste management shall embody plans, policies, rules, standards and requirements adopted by any state agency authorized to manage or plan for or regulate the management of waste and the waste management plans adopted by the council and shall be consistent with county master plans approved by the council. Except as provided in this subdivision, ~~a metropolitan county may acquire a site and buffer area for a solid waste disposal facility anywhere within the county without complying with local ordinances, if the action is approved by the council as being taken pursuant to the policy plan and the development schedule adopted under section 473.149, subdivision 2e, and the provisions of section 473.833, and the a~~ county may establish and operate or contract for the establishment or operation of a *solid waste disposal facility at the site* without complying with local ordinances, if the council certifies need under section 473.823, subdivision 6. With the approval of the council, local government units may impose and enforce reasonable conditions respecting the construction, operation, inspection, monitoring, and maintenance of the disposal facilities. No local government unit shall prevent the establishment or operation of any solid waste facility in accordance with the council's decision under section 473.823, subdivision 5, except that, with the approval of the council, the local government unit may impose reasonable conditions respecting the construction, inspection, monitoring, and maintenance of a facility.

Sec. 72. Minnesota Statutes 1990, section 473.811, subdivision 5, is amended to read:

Subd. 5. [ORDINANCES; SOLID WASTE COLLECTION AND TRANSPORTATION.] Each metropolitan county may adopt ordinances governing the collection of solid waste. A county may adopt, but may not be required to adopt, an ordinance that requires the separation from mixed municipal waste, by generators before collection, of materials that can readily be separated for use or reuse as substitutes for raw materials or for transformation into a usable soil amendment. Each local unit of government within the metropolitan area shall adopt an ordinance governing the collection of solid waste within its boundaries. If the county within which it is located has adopted a collection ordinance, the local unit shall adopt either the county ordinance by reference or a more strict ordinance. If the county within which it is located has adopted a separation ordinance, the ordinance applies in all local units within the county that have failed to meet the local abatement performance standards, as stated in the most recent

annual county report. Ordinances of counties and local government units may establish reasonable conditions respecting but shall not prevent the transportation of solid waste by a licensed collector through and between counties and local units, except as required for the enforcement of any designation of a facility by the council pursuant to section 473.827 a county under chapter 115A. A licensed collector or a metropolitan county or local government unit may request review by the council of an ordinance adopted under this subdivision. The council shall approve or disapprove the ordinance within 60 days of the submission of a request for review. The ordinance shall remain in effect unless it is disapproved. Ordinances of counties and local units of government shall provide for the enforcement of any designation of facilities by the council under section 473.827 counties under chapter 115A. Nothing in this subdivision shall be construed to limit the authority of the local government unit to regulate and license collectors of solid waste or to require review or approval by the council for ordinances regulating collection.

Subd. 6. [GRANTS AND LOANS TO COUNTIES.] Each metropolitan county may accept gifts, may apply for and accept grants or loans of money or other property from the United States, the state, the metropolitan council, any local government unit, or any person, to accomplish the purposes specified in sections 473.149, 473.151, 473.801 to 473.823, 473.831, ~~473.833~~, and 473.834, may enter into any agreement required in connection therewith, and may hold, use, and dispose of the money or property in accordance with the terms of the gift, grant, loan or agreement relating thereto.

Sec. 74. Minnesota Statutes 1990, section 473.811, subdivision 7, is amended to read:

Subd. 7. [JOINT ACTION.] Any local governmental unit or metropolitan agency may act together with any county, city, or town within or without the metropolitan area, or with the pollution control agency or the office of waste management under the provisions of section 471.59 or any other appropriate law providing for joint or cooperative action between government units, to accomplish any purpose specified in sections 473.149, 473.151, 473.801 to 473.823, 473.831, ~~473.833~~, 473.834, 116.05 and 115A.06.

Any agreement regarding data processing services relating to the generation, management, identification, labeling, classification, storage, collection, treatment, transportation, processing or disposal of waste and entered into pursuant to section 471.59, or other law authorizing joint or cooperative action may provide that any party to the agreement may agree to defend, indemnify and hold harmless any other party to the agreement providing the services, including its employees, officers or volunteers, against any judgments, expenses, reasonable attorney's fees and amounts paid in settlement actually and reasonably incurred in connection with any third party claim or demand arising out of an alleged act or omission by a party to the agreement, its employees, officers or volunteers occurring in connection with any exchange, retention, storage or processing of data, information or records required by the agreement. Any liability incurred by a party to an agreement under this subdivision shall be subject to the limitations set forth in section 3.736 or 466.04.

Such property may be sold in the manner provided by section 469.065, or may be sold in the manner and on the terms and conditions determined by the county board. Each metropolitan county may convey to or permit the use of any such property by a local government unit, with or without compensation, without submitting the matter to the voters of the county. No real property or property rights acquired pursuant to this section, may be disposed of in any manner unless and until the county shall have submitted to the agency and the metropolitan council for review and comment the terms on and the use for which the property will be disposed of. The agency and the council shall review and comment on the proposed disposition within 60 days after each has received the data relating thereto from the county.

Sec. 76. Minnesota Statutes 1990, section 473.811, subdivision 9, is amended to read:

Subd. 9. [SOLID AND HAZARDOUS WASTE FUND.] All money received by any metropolitan county from any source specified in sections 473.149, 473.151, 473.801 to 473.823, 473.831, ~~473.833~~, and 473.834 shall be paid into the county treasury, placed in a special fund designated as the county solid and hazardous waste fund, and used only for the purposes authorized in those sections, as appropriated by the county board, subject to any lawful restrictions, conditions, or pledges applicable thereto.

Sec. 77. Minnesota Statutes 1990, section 473.823, subdivision 5, is amended to read:

Subd. 5. [REVIEW OF WASTE PROCESSING FACILITIES.] (a) A metropolitan county may establish a waste processing facility within the county without complying with local ordinances, if the action is approved by the council in accordance with the review process established by this subdivision. A county requesting review by the council shall show that:

(1) the required permits for the proposed facility have been or will be issued by the agency; ~~that~~;

(2) the facility is consistent with the council's policy plan and the approved county master plan; and ~~that~~

(b) The council shall meet to commence the review within 90 days of the submission of a request determined by the council to satisfy the requirements for review under this subdivision. At the meeting commencing the review the chair shall recommend and the council establish a scope and procedure, *including criteria*, for its review and final decision on the proposed facility. The procedure shall require the council to make a final

decision on the proposed facility within 120 days following the commencement of review. *For facilities other than waste incineration and mixed municipal solid waste composting facilities, the council shall meet to commence the review within 45 days of submission of the request and shall make a final decision within 75 days following commencement of review.*

(c) The council shall conduct at least one public hearing in the city or town within which the proposed facility would be located. Notice of the hearing shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the hearing. The notice shall describe the proposed facility, its location, the proposed permits, and the council's scope ~~and~~, procedure, *and criteria* for review. The notice shall identify a location or locations within the local government unit and county where the permit applications and the council's scope ~~and~~, procedure, *and criteria* for review are available for review and where copies may be obtained.

(d) In its review and final decision on the proposed facility, the council shall consider at least the following matters:

(a) (1) the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, and the degree to which the risk or effect may be alleviated;

(b) (2) the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(c) (3) the adverse effects of the facility on agriculture and natural resources and opportunities to mitigate or eliminate such adverse effects by additional stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the proposed site;

(d) (4) the need for the proposed facility and the availability of alternative sites;

(e) (5) the consistency of the proposed facility with the county master plan adopted pursuant to section 473.803 and the council's policy plan adopted pursuant to section 473.149;

(f) (6) transportation facilities and distance to points of waste generation.

(e) In its final decision in the review, the council may either approve or disapprove the proposed facility at the proposed site. The council's approval shall embody all terms, conditions, and requirements of the permitting state agencies, provided that the council may require more stringent permit terms, conditions, and requirements respecting the design, construction, operation, inspection, monitoring, and maintenance of the proposed facility at the proposed site.

(f) *A county also may request council review under this subdivision on behalf of a person other than a county seeking to establish a solid waste facility in the county.*

Sec. 78. Minnesota Statutes 1990, section 473.823, subdivision 6, is amended to read:

Subd. 6. [COUNCIL; CERTIFICATION OF NEED.] No new mixed municipal solid waste disposal facility or capacity shall be permitted in the metropolitan area without a certificate of need issued by the council indicating the council's determination that the additional disposal capacity

planned for the facility is needed in the metropolitan area. The council shall amend its policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need that conform to the certification standards stated in this subdivision. The standards and procedures shall be based on the council's disposal abatement plan adopted pursuant to section 473.149, subdivision 2d, the council's solid waste disposal facilities development schedule adopted under section 473.149, subdivision 2e, and the provisions of any master plans of counties that have been approved by the council under section 473.803, subdivision 2, and that are consistent with the council's abatement plan and development schedule. The council shall certify need only to the extent that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural shall not be deemed to be feasible and prudent. Economic considerations alone shall not justify the certification of need or the rejection of alternatives. ~~In its certification the council shall not consider alternatives which have been eliminated from consideration by the adoption of the inventory pursuant to section 473.149, subdivision 2b, or the selection of sites under section 473.833, subdivision 3.~~

Sec. 79. Minnesota Statutes 1990, section 473.845, subdivision 3, is amended to read:

Subd. 3. [EXPENDITURES FROM THE FUND.] Money in the fund may only be appropriated to the agency for expenditure for:

(1) reasonable and necessary expenses for closure and postclosure care of a mixed municipal solid waste disposal facility in the metropolitan area for a 20-year period after closure, if the agency determines that the operator or owner will not take the necessary actions requested by the agency for closure and postclosure in the manner and within the time requested; *and*

(2) reasonable and necessary response and postclosure costs at a mixed municipal solid waste disposal facility in the metropolitan area that has been closed for 20 years in compliance with the closure and postclosure rules of the agency; *or*

~~(3) reasonable and necessary response costs resulting from county actions required under section 473.833, subdivision 2a, when those actions are done under the supervision of the agency.~~

Sec. 80. Minnesota Statutes 1990, section 473.845, subdivision 4, is amended to read:

Subd. 4. [EXPENDITURE NOTIFICATION AND COMMISSION RECOMMENDATION.] (a) The commissioner shall notify the chair and the director of the legislative commission on waste management before making expenditures from the fund.

~~(b) The legislative commission on waste management shall make recommendations to the standing legislative committees on finance and appropriations about appropriations from the fund.~~

Sec. 81. Minnesota Statutes 1990, section 473.848, subdivision 2, is amended to read:

Subd. 2. [COUNTY CERTIFICATION; COUNCIL APPROVAL.] (a) Each county that has not implemented designation of all or a portion of its mixed municipal solid waste to a resource recovery facility shall submit a

semiannual certification report to the council detailing:

(1) the quantity of waste generated in the county that was not processed prior to transfer to a disposal facility during the six months preceding the report;

(2) the reasons the waste was not processed;

(3) a strategy for development of techniques to ensure processing of waste including a specific timeline for implementation of those techniques; and

(4) any progress made by the county in reducing the amount of unprocessed waste.

(b) The council shall approve a county's report if it determines that the county is reducing and will continue to reduce the amount of unprocessed waste, based on the report and the county's progress in development and implementation of techniques to reduce the amount of unprocessed waste transferred to disposal facilities. If the council does not approve a county's report, it shall negotiate with the county to develop and implement specific techniques to reduce unprocessed waste. If the council does not approve three or more consecutive reports from any one county, the council shall develop specific reduction techniques that are designed for the particular needs of the county. The county shall implement those techniques by specific dates to be determined by the council.

Sec. 82. Minnesota Statutes 1990, section 473.848, is amended by adding a subdivision to read:

Sec. 83. [TEMPORARY DEVELOPMENT RIGHTS.]

*If temporary development rights have been purchased by a county under Minnesota Statutes, section 473.806, subdivision 2, the landowner may elect to repurchase the development rights from the county for a price equal to the compensation paid by the county prorated over the remaining period of the development rights.*

Sec. 85. [USE OF BOND PROCEEDS.]

Sec. 86. [ADDITION TO REPORT.]

*The director of the office of waste management shall include in the 1992*

*solid waste management policy report required under Minnesota Statutes, section 115A.411, an analysis of progress made toward the implementation of nationwide labeling of products and packaging to address environmental concerns. Unless implementation of a nationwide uniform labeling system is imminent at that time, the director shall recommend a statewide product and packaging environmental labeling system that is as consistent as possible with proposed or existing labeling programs in other states.*

Sec. 87. [REPEALER.]

*(a) Minnesota Statutes 1990, sections 16B.125; 115A.953; 325E.045; and 473.844, subdivision 3, are repealed. Laws 1989, chapter 325, section 72, subdivision 2, is repealed.*

#### LOCAL GOVERNMENT ELECTION

##### Section 1. [LEGISLATIVE INTENT.]

*It is the intent of this act:*

(1) *to increase public interest and participation in local elections and to draw the attention of the public and the news media to local government issues by requiring local elections for elective office, except in towns, to be held on the Tuesday after the first Monday in November;*

(2) *to encourage more individuals to vote at local elections by permitting voters to cast their ballots in all local election contests, including school district, city, and county elections, at a single, convenient polling place;*

(3) *to encourage more individuals to seek local elective offices by establishing a uniform time for filing for office; and*

(4) to lower the administrative costs of local elections by reducing the frequency and increasing the uniformity of procedures for the election of local officers.

Sec. 2. [205.001] [LOCAL GOVERNMENT ELECTION DATES.]

*Subdivision 1. [ESTABLISHMENT.] Except as otherwise provided by this section, the general election for elective officers in the political subdivisions specified in subdivision 2 must be conducted on the first Tuesday after the first Monday in November of either the odd-numbered or even-numbered year. If the capital improvement is an educational facility, the political subdivision shall certify this emergency finding to the commissioner of education before scheduling the emergency bond issue election. For other capital improvements, the political subdivision shall certify the emergency finding to the secretary of state before scheduling the emergency bond issue election. In addition, a school district may hold an emergency bond issue election on another date if the school district requests and receives certification of the commissioner of education that rapidly expanding enrollment in the district constitutes an emergency that warrants an election on another date.*

*Subd. 4. [PRIMARY.] A primary election must be held by each political subdivision specified in subdivision 2 on the first Tuesday after the second Monday in September of the year in which the political subdivision holds its local government election, to select the nominees for the offices to be filled at the local government election, except for municipal offices in municipalities of less than 2,500 inhabitants.*

*Subd. 8. [WITHDRAWAL OF CANDIDACY.] A candidate for an office to be filled at the local government election may withdraw the candidacy for that office not later than 5:00 p.m. on the day after the close of the filing period. Affidavits of withdrawal must be filed with the officer who receives affidavits of candidacy for that office.*

*Subd. 9. [INTENT; OTHER LAWS AND CHARTERS SUPERSEDED.] It is the intent of this section to establish that the election of all officers described in subdivision 2 must occur at the times and in the manner provided in this section. To the extent inconsistent with this intent, general and special laws and municipal charter provisions providing otherwise are superseded. In all other respects, those laws and charter provisions continue in force and effect.*

*No general or special law enacted after August 1, 1991, may be construed to authorize or require that the election of officers described in subdivision 2 be held at a time or in a manner different from that required by this section, unless that law expressly provides for an exception by specific reference to this section.*

Subd. 3. [DEFICIENT REGISTRATION.] No registration is deficient if it contains the voter's name, address, date of birth, prior registration if any and signature. No eligible voter may be prevented from voting unless the voter's

registration card is deficient or the voter is duly and successfully challenged in accordance with section 201.195 or 204C.12.

(a) Mail the ballots to the voter whose signature appears on the application if the application is submitted by mail; or

(b) Deliver the absentee ballots directly to the voter if the application is submitted in person.

If an application does not indicate the election for which absentee ballots are sought, the county auditor or municipal clerk shall mail or deliver only the ballots for the next election occurring after receipt of the application. Only one set of ballots may be mailed to an applicant for any election.

This subdivision does not apply to applications for absentee ballots received pursuant to sections 203B.04, subdivision 2, and 203B.11. *The auditor or municipal clerk is not required to mail or deliver a school district ballot to an applicant if the auditor or clerk cannot determine the school district in which the applicant resides.*

For a political subdivision that designates the even-numbered year for its local government election or designates annual elections, the first election must be held November 6, 1992, and the first primary to select nominees for the offices to be filled at that election must be held September 14, 1992. For a political subdivision that designates the odd-numbered year for its local government election, the first election must be held November 5, 1993, and the first primary to select nominees for the offices to be filled at that election must be held September 13, 1993.*

(c) *The terms of all elective statutory city officers that would otherwise expire on the first business day of January in 1994 expire instead on the first Monday of January in 1994. The terms of statutory city officers that would otherwise expire on the first business day of January in 1993 expire instead on the first Monday of January in 1994.*

(e) *The governing body of a home rule charter city, by ordinance adopted before December 1, 1991, may extend or reduce the term of an elective city officer whose term ends on a different date to the first Monday of January of an even-numbered year. The governing body shall, in that ordinance, designate a new term of an even number of years for an officer who would otherwise be elected to a term of an odd number of years and may designate a new term of four years for an officer who would otherwise be elected for a term of two years.*

*For a home rule charter city that does not adopt an ordinance as provided in this subdivision before December 1, 1991, the terms of elective city officers must be extended or shortened automatically, effective December 1, 1991, as follows:*

(1) *the term of an officer that ends on a date other than the first Monday in January of an even-numbered year must be extended to the first Monday in January of the even-numbered year first following the date the term would otherwise expire, unless this extension would be more than 13 months. (2) *every term of an odd number of years to which any officer would otherwise be elected must be changed to a term of an even number of years, one year longer than the term otherwise provided.*

(f) *The term of an elective officer of a political subdivision required to hold the general election of its officers at the local government election, which term is not extended or reduced under paragraphs (b) to (e), and which ends on a date different from the first Monday in January of an even-numbered year, is extended or reduced under paragraph (e), clause (1), effective August 1, 1992. **Subd. 3. [TERMS ALTERED; EVEN-NUMBERED YEAR ELECTION.]** (a) *In a political subdivision that designates the even-numbered year for its local government election and that did not hold the general election of its elected officers on the first Tuesday after the first Monday in November of even-numbered years prior to the effective date of this article, the terms of elected officials must be altered as provided by this subdivision.*

*(b) The terms of all elective statutory city officers that would otherwise expire on the first business day of January in 1992 expire instead on the first Monday of January in 1993.*

*(c) The terms of all independent school district board members that would otherwise expire on July 1, 1993, expire instead on the first Monday of January in 1993; terms of members that otherwise expire on July 1, 1994, expire instead on the first Monday of January in 1993; and the terms of members that otherwise would expire on July 1, 1995, expire instead on the first Monday of January in 1995.*

The governing body shall, in that ordinance, designate a new term of an even number of years for an officer who would otherwise be elected to a term of an odd number of years and may designate a new term of four years for an officer who would otherwise be elected for a term of two years.*

*For a home rule charter city that does not adopt an ordinance as provided in this subdivision before December 1, 1991, the terms of elective city officers must be extended or shortened automatically, effective December 1, 1991, as follows:*

*(1) the term of an officer that ends on a date other than the first Monday in January of an odd-numbered year must be extended to the first Monday in January of the odd-numbered year first following the date the term would otherwise expire, unless this extension would be more than 13 months. If the extension would be more than 13 months, the term must be shortened to the first Monday in January of the odd-numbered year first preceding the date the term would otherwise expire; and*

*(2) every term of an odd number of years to which any officer would otherwise be elected must be changed to a term of an even number of years, one year longer than the term otherwise provided.*

[MODIFICATIONS PERMITTED FOR STAGGERED TERMS.] The governing body of a political subdivision required to hold its general election at the local government election, except a county, may provide, by ordinance or resolution adopted at least 30 days before the opening of filings for any affected office, that members of an elected body or other officers of the subdivision may be elected for a different term than is otherwise provided, to achieve staggered terms for the members of that body or other officers. With respect to the members of an elected body, an ordinance or resolution adopted under this subdivision must require that, to the extent mathematically possible, the same number of persons is chosen at each election, exclusive of those chosen to fill vacancies for the unexpired terms. This subdivision is repealed August 1, 1995.*

*Subd. 6. [PURPOSE.] It is the purpose of this section to implement article 3, section 2, by requiring the adjustment of terms, postponement of certain elections, and other procedures. **Sec. 3. [APPROPRIATION.]**

(a) comparable and available replacement automobile, with all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile's license, and other fees incident to the transfer or evidence of ownership of the automobile paid, at no cost to the insured other than the deductible amount as provided in the policy;

(b) a cash settlement based upon the actual cost of purchase of a comparable automobile, including all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile's license, and other fees incident to transfer of evidence of ownership, less the deductible amount as provided in the policy. The costs must be determined by:

(i) the cost of a comparable automobile, adjusted for mileage, condition, and options, in the local market area of the insured, if such an automobile is available in that area; or

(ii) one of two or more quotations obtained from two or more qualified sources located within the local market area when a comparable automobile is not available in the local market area. The insured shall be provided the information contained in all quotations prior to settlement; or

(iii) any settlement or offer of settlement which deviates from the procedure above must be documented and justified in detail. The basis for the settlement or offer of settlement must be explained to the insured;

(2) if an automobile insurance policy provides for the adjustment and

settlement of an automobile partial loss on the basis of repair or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:

(a) to assume all costs, including reasonable towing costs, for the satisfactory repair of the motor vehicle. Satisfactory repair includes repair of both obvious and hidden damage as caused by the claim incident. This assumption of cost may be reduced by applicable policy provision; or

(b) to offer a cash settlement sufficient to pay for satisfactory repair of the vehicle. Satisfactory repair includes repair of obvious and hidden damage caused by the claim incident, and includes reasonable towing costs;

(3) regardless of whether the loss was total or partial, in the event that a damaged vehicle of an insured cannot be safely driven, failing to exercise the right to inspect automobile damage prior to repair within five business days following receipt of notification of claim. In other cases the inspection must be made in 15 days;

(4) regardless of whether the loss was total or partial, requiring unreasonable travel of a claimant or insured to inspect a replacement automobile, to obtain a repair estimate, to allow an insurer to inspect a repair estimate, to allow an insurer to inspect repairs made pursuant to policy requirements, or to have the automobile repaired;

(5) regardless of whether the loss was total or partial, if loss of use coverage exists under the insurance policy, failing to notify an insured at the time of the insurer's acknowledgment of claim, or sooner if inquiry is made, of the fact of the coverage, including the policy terms and conditions affecting the coverage and the manner in which the insured can apply for this coverage;

(6) regardless of whether the loss was total or partial, failing to include the insured's deductible in the insurer's demands under its subrogation rights. Subrogation recovery must be shared at least on a proportionate basis with the insured, unless the deductible amount has been otherwise recovered by the insured, except that when an insurer is recovering directly from an uninsured third party by means of installments, the insured must receive the full deductible share as soon as that amount is collected and before any part of the total recovery is applied to any other use. No deduction for expenses may be made from the deductible recovery unless an attorney is retained to collect the recovery, in which case deduction may be made only for a pro rata share of the cost of retaining the attorney;

(7) requiring as a condition of payment of a claim that repairs to any damaged vehicle must be made by a particular contractor or repair shop or that parts, other than window glass, must be replaced with parts other than original equipment parts;

(8) where liability is reasonably clear, failing to inform the claimant in an automobile property damage liability claim that the claimant may have a claim for loss of use of the vehicle;

(9) failing to make a good faith assignment of comparative negligence percentages in ascertaining the issue of liability;

(10) failing to pay any interest required by statute on overdue payment for an automobile personal injury protection claim;

(11) if an automobile insurance policy contains either or both of the time

limitation provisions as permitted by section 65B.55, subdivisions 1 and 2, failing to notify the insured in writing of those limitations at least 60 days prior to the expiration of that time limitation;

No. 384: A bill for an act relating to employment; regulating disbursements from the dislocated worker fund; extending the special assessment for the dislocated worker fund; amending Minnesota Statutes 1990, section 268.977, subdivision 2; repealing Laws 1990, chapter 568, article 6, section 4.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1990, section 268.977, is amended to read:

Subdivision 1. [PROGRAM ESTABLISHMENT.] (a) The commissioner shall establish a rapid response program to assist employees, employers, business organizations or associations, labor organizations, local government units, and community organizations to quickly and effectively respond to announced or actual plant closings ~~and~~, substantial layoffs, *dislocated workers, and additional dislocated workers*.

(b) The program must include or address at least the following:

(1) within five working days after becoming aware of an announced or actual plant closing or substantial layoff, establish on-site contact with the employer, employees, labor organizations if there is one representing the employees, and leaders of the local government units and community organizations to provide coordination of efforts to formulate a communitywide response to the plant closing or substantial layoff, provide information on the public and private service and programs that might be available, inform the affected parties of the prefeasibility study grants under section 268.978, and collect any information required by the commissioner to assist in responding to the plant closing or substantial layoff;

(2) provide ongoing technical assistance to employers, employees, business organizations or associations, labor organizations, local government

units, and community organizations to assist them in reacting to or developing responses to plant closings or substantial layoffs;

(3) establish and administer the prefeasibility study grant program under section 268.978 to provide an initial assessment of the feasibility of alternatives to plant closings or substantial layoffs;

(4) work with employment and training service providers, employers, business organizations or associations, labor organizations, local government units, dislocated workers, and community organizations in providing training, education, community support service, job search programs, job clubs, and other services to address the needs of potential or actual dislocated workers;

(5) coordinate with providers of economic development related financial and technical assistance services so that communities that are experiencing plant closings or substantial layoffs have immediate access to economic development related services; ~~and~~

(6) collect and make available information on programs that might assist dislocated workers and the communities affected by plant closings or substantial layoffs; *and*

*(7) when they can be provided without adversely affecting delivery of services to dislocated workers, the services under clause (4) shall be available to additional dislocated workers.*

Subd. 2. [APPLICABILITY.] Notwithstanding section 268.975, subdivisions 6 and 8, the commissioner may waive the threshold requirements for finding a plant closing or substantial layoff in special cases where the governor's job training council recommends waiver to the commissioner following a finding by the council that the number of workers dislocated as a result of a plant closing or substantial layoff would have a substantial impact on the community or labor market where the closure or layoff occurs and, in the absence of intervention through the rapid response program, would overwhelm the capacity of other programs to provide effective assistance. *An individual is eligible for the training and other services described in subdivision 1, clause (4), if the only reason the individual is not a "dislocated worker" under section 268.975, subdivision 3, is because the threshold employment loss requirements of section 268.975, subdivisions 6 and 8, have not been met.*

Subd. 3. [RULES.] *The commissioner must adopt rules necessary for the commissioner to evaluate the effectiveness of programs established and grants authorized under sections 268.975 to 268.98. The rules must include reporting requirements for those programs and grants. The commissioner shall report to the legislature annually, by February 1, on the effectiveness of those programs.*

## Sec. 2. [LEGISLATIVE AUDITOR STUDY.]

*The legislative auditor shall evaluate the effectiveness of the dislocated worker program under Minnesota Statutes, sections 268.975 to 268.98, in meeting its objectives and submit the evaluation to the legislature by January 1, 1992.*

## Sec. 3. [REPEALER.]

*Laws 1990, chapter 568, article 6, section 4, is repealed.*

## Sec. 4. [EFFECTIVE DATE.]

*Sections 1 to 3 are effective the day following final enactment."*

The classification shall be based upon the use to which the property was put by the purchaser, or in the event the purchaser has not utilized the property by ~~December 20~~ *July 1*, the intended use of the property, determined by the county assessor, based upon all relevant facts.

(b) Property subject to tax on January 2 that is acquired by a governmental entity, church, or educational institution before ~~August~~ *July 1* of the year is exempt for that assessment year if (1) the property is to be used for an exempt purpose under subdivision 1, clauses (1) to (7), and (2) the property is not subject to the filing requirement under section 272.025.

Sec. 8. Minnesota Statutes 1990, section 272.025, subdivision 1, is amended to read:

(iii) The exclusion provided in clause (i) does not apply to the exterior shell of a structure which constitutes walls, ceilings, roofs, or floors if the shell of the structure has structural, insulation, or temperature control functions or provides protection from the elements. Such an exterior shell is included in the definition of real property even if it also has special functions distinct from that of a building.

Subd. 3. (a) ~~Real estate~~ *Agricultural land as defined in section 273.13, subdivision 23, consisting of ten acres or more or a nursery or greenhouse qualifying for classification as class 1b, 2a, or 2b under section 273.13, subdivision 23, paragraph (d), shall be entitled to valuation and tax deferment under this section only if it is actively and exclusively devoted to agricultural use as defined in subdivision 6 production for sale of agricultural products as defined in section 273.13, subdivision 23, paragraph (e), and either:*

(1) is the homestead of the owner, or of a surviving spouse, child, or sibling of the owner or is real estate which is farmed with the real estate which contains the homestead property; or

(2) has been in possession of the applicant, the applicant's spouse, parent, or sibling, or any combination thereof, for a period of at least seven years prior to application for benefits under the provisions of this section, or is real estate which is farmed with the real estate which qualifies under this clause and is within two townships or cities or combination thereof from the qualifying real estate; or

(3) is the homestead of a shareholder in a family farm corporation as defined in section 500.24, notwithstanding the fact that legal title to the real estate may be held in the name of the family farm corporation; or

(4) is in the possession of a nursery or greenhouse or an entity owned by a proprietor, partnership, or corporation which also owns the nursery or greenhouse operations on the parcel or parcels.

(b) Valuation of real estate under this section is limited to parcels the ownership of which is in noncorporate entities except for:

(1) family farm corporations organized pursuant to section 500.24; and

(2) corporations that derive 80 percent or more of their gross receipts from the wholesale or retail sale of horticultural or nursery stock.

Corporate entities who previously qualified for tax deferment pursuant to this section and who continue to otherwise qualify under subdivisions 3 and 6 for a period of at least three years following the effective date of Laws 1983, chapter 222, section 8, will not be required to make payment of the previously deferred taxes, notwithstanding the provisions of subdivision 9. Sale of the land prior to the expiration of the three-year period shall result in payment of deferred taxes as follows: sale within the first year requires payment of payable 1980, 1981, and 1982 deferred taxes; sale during the second year requires payment of payable 1981 and 1982 taxes deferred; and sale at any time during the third year will require payment of payable 1983 taxes deferred. Deferred taxes shall be paid even if the land qualifies pursuant to subdivision 11a. Special assessments are payable

at the end of the three-year period or at time of sale, whichever comes first.

Sec. 12. Minnesota Statutes 1990, section 273.111, subdivision 6, is amended to read:

Subd. 6. Real property shall be considered to be in agricultural use provided that annually: (1) at least 33 1/3 percent of the total family income of the owner is derived therefrom, or the total production income including rental from the property is \$300 plus \$10 per tillable acre; and (2) it is devoted to the production for sale of ~~livestock, dairy animals, dairy products, poultry and poultry products, fur bearing animals, horticultural and nursery stock which is under sections 18.44 to 18.61, fruit of all kinds, vegetables, forage, grains, bees and apiary products by the owner, slough, wasteland, and woodland contiguous to or surrounded by land described in subdivision 3 shall be considered to be in agricultural use if under the same ownership and management agricultural products as defined in section 273.13, subdivision 23, paragraph (e).~~

Sec. 13. Minnesota Statutes 1990, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] (a) Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

The assessor shall require proof, by affidavit or otherwise, of the facts upon which classification as a homestead may be determined.

(b) For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

(c) In the case of property owned by a married couple in joint tenancy or tenancy in common, the assessor must not deny homestead treatment in whole or in part if only one of the spouses is occupying the property and the other spouse is absent due to divorce or separation, or is a resident of a nursing home or a boarding care facility.

(d) If an individual is purchasing property with the intent of claiming it as a homestead, and is required by the terms of the financing agreement to have ~~one or both parents a relative shown on the deed as coowners a coowner~~, the assessor shall allow a full homestead classification ~~and extend full homestead credit. This provision only applies to first time purchasers, whether married or single, or to a person who had previously been married and is purchasing as a single individual for the first time. The application for~~

homestead benefits must be on a form prescribed by the commissioner and must contain the data necessary for the assessor to determine if full homestead benefits are warranted. For purposes of this paragraph and paragraph (e), "relative" means a parent, stepparent, child, stepchild, grandparent, brother, sister, uncle, or aunt. This relationship may be by blood or marriage.

(e) In the case of property owned and formerly occupied by two or more persons in joint tenancy or tenancy in common and those persons are relatives as defined in paragraph (d), when one or more of the owners ceases to occupy the property, the assessor shall continue to allow a full homestead classification as long as at least one of the owners continues to occupy the property for purposes of a homestead. This paragraph applies only to single family residential property.

Sec. 14. Minnesota Statutes 1990, section 273.124, subdivision 9, is amended to read:

Subd. 9. [HOMESTEAD ESTABLISHED AFTER ASSESSMENT DATE.] Any property that was not used for the purpose of a homestead on the assessment date, but which was used for the purpose of a homestead by June 1 of a year, constitutes class 1 or class 2a.

Any taxpayer meeting the requirements of this subdivision must notify the county assessor, or the assessor who has the powers of the county assessor pursuant to section 273.063, in writing, prior to June 15 of the year of occupancy in order to qualify under this subdivision.

The county assessor and the county auditor may make the necessary changes on their assessment and tax records to provide for proper homestead classification as provided in this subdivision. *To be effective for taxes payable in the following calendar year, a change of homestead classification must be entered on assessment and tax records before July 1.*

The owner of any property qualifying under this subdivision, which has not been accorded the benefits of this subdivision, regardless of whether or not the notification has been timely filed, may be entitled to receive homestead classification by proper application as provided in section 270.07 or 375.192.

The county assessor shall publish in a newspaper of general circulation within the county no later than June 1 of each year a notice informing the public of the requirement to file an application for homestead prior to June 15.

Sec. 15. Minnesota Statutes 1990, section 273.124, subdivision 13, is amended to read:

Subd. 13. [SOCIAL SECURITY NUMBER REQUIRED FOR HOMESTEAD APPLICATION.] Every property owner applying for homestead classification must furnish to the county assessor that owner's social security number. If the social security number is not provided, the county assessor shall classify the property as nonhomestead. The social security numbers of the property owners are private data on individuals as defined by section 13.02, subdivision 12, but, notwithstanding that section, the private data may be disclosed to the commissioner of revenue.

At the request of the commissioner, each county must give the commissioner a list that includes the name and social security number of each property owner applying for homestead classification.

If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead benefits that had been improperly allowed. For the purpose of this section, "homestead benefits" means the tax reduction resulting from the classification as a homestead under section 273.13, ~~the homestead credit under section 273.1398 for taxes payable in 1990 and thereafter,~~ the taconite homestead credit under section 273.135, and the supplemental homestead credit, ~~and the tax reduction resulting from the agricultural credit under section 273.1398 for taxes payable in 1990 and thereafter under section 273.1391.~~ The county auditor shall send a notice to the owners of the affected property, demanding reimbursement of the homestead benefits plus a penalty equal to ~~25~~ 50 percent of the homestead benefits. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county.

If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount to the succeeding year's tax list to be collected as part of the property taxes.

Any amount of homestead benefits recovered from the property owner must be transmitted to the commissioner by the end of each calendar quarter. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The amount of tax reduction resulting from classification as a homestead and the amount of penalty collected must be deposited in the county general fund.

The commissioner will provide suggested homestead applications to each county. If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.

Sec. 16. Minnesota Statutes 1990, section 273.124, subdivision 14, is amended to read:

Subd. 14. [AGRICULTURAL HOMESTEADS; SPECIAL PROVISIONS.] (a) Real estate of less than ten acres that is the homestead of its owner must be classified as class 2a under section 273.13, subdivision 23, paragraph (a), if:

(1) the parcel on which the house is located is contiguous to ~~agricultural land~~ ~~and~~ on at least two sides to (i) agricultural land, (ii) land owned or administered by the United States Fish and Wildlife Service, or (iii) land administered by the department of natural resources on which in lieu taxes are paid under sections 477A.11 to 477A.14;

(2) its owner also owns a noncontiguous parcel of agricultural land that is at least 20 acres;

(3) the noncontiguous land is located not farther than two townships or cities, or a combination of townships or cities from the homestead; and

(4) the agricultural use value of the noncontiguous land and farm buildings is equal to at least 50 percent of the market value of the house, garage, and one acre of land.

Homesteads initially classified as class 2a under the provisions of this subdivision shall remain classified as class 2a, irrespective of subsequent changes in the use of adjoining properties, as long as the homestead remains under the same ownership, the owner owns a noncontiguous parcel of agricultural land that is at least 20 acres, and the agricultural use value qualifies under clause (4).

(b) Noncontiguous land shall be included as part of a homestead under section 273.13, subdivision 23, paragraph (a), only if the homestead is classified as class 2a and the detached land is located in the same township or city, or not farther than two townships or cities or combination thereof from the homestead.

(c) Agricultural land used for purposes of a homestead and actively farmed by a person holding a vested remainder interest in it must be classified as a homestead under section 273.13, subdivision 23, paragraph (a). If agricultural land is classified class 2a, any other dwellings on the land used for purposes of a homestead by persons holding vested remainder interests who are actively engaged in farming the property, and up to one acre of the land surrounding each homestead and reasonably necessary for the use of the dwelling as a home, must also be assessed class 2a.

Sec. 17. Minnesota Statutes 1990, section 273.124, subdivision 15, is amended to read:

Subd. 15. [RESIDENCE OF DISABLED CHILD, PARENT, OR SIBLING OF OWNER.] The principal residence of an individual who has a permanent disability as defined in section 290A.03, subdivision 10, shall be classified as a homestead if the residence is wholly owned by a parent or both parents of the individual, *by a child or children of the individual, or by a sibling or siblings of the individual. This subdivision does not apply to a residence owned by a child of a disabled parent if the property had been the homestead of the parent or parents of the child immediately prior to its acquisition by the child until the first levy year beginning three years after the date of acquisition.* The application for homestead benefits must be on a form prescribed by the commissioner and must contain the information necessary for the assessor to determine whether homestead classification under this subdivision is warranted.

Sec. 18. Minnesota Statutes 1990, section 273.13, subdivision 22, is amended to read:

Subd. 22. [CLASS 1.] (a) Except as provided in subdivision 23, real estate which is residential and used for homestead purposes is class 1. The market value of class 1a property must be determined based upon the value of the house, garage, and land.

The first \$68,000 of market value of class 1a property has a net class rate of one percent of its market value and a gross class rate of 2.17 percent of its market value. The market value of class 1a property that exceeds \$68,000 but does not exceed \$110,000 has a class rate of two percent of its market value. The market value of class 1a property that exceeds

\$110,000 has a class rate of three percent of its market value.

(b) Class 1b property includes real estate or manufactured homes used for the purposes of a homestead by

(1) any blind person, if the blind person is the owner thereof or if the blind person and the blind person's spouse are the sole owners thereof; or

(2) any person, hereinafter referred to as "veteran," who:

(i) served in the active military or naval service of the United States; and

(ii) is entitled to compensation under the laws and regulations of the United States for permanent and total service-connected disability due to the loss, or loss of use, by reason of amputation, ankylosis, progressive muscular dystrophies, or paralysis, of both lower extremities, such as to preclude motion without the aid of braces, crutches, canes, or a wheelchair; and

(iii) ~~with assistance by the administration of veterans affairs~~ has acquired a special housing unit with special fixtures or movable facilities made necessary by the nature of the veteran's disability, or the surviving spouse of the deceased veteran for as long as the surviving spouse retains the special housing unit as a homestead; or

(3) any person who:

(i) is permanently and totally disabled and

(ii) receives 90 percent or more of total income from

(A) aid from any state as a result of that disability; or

(B) supplemental security income for the disabled; or

(C) workers' compensation based on a finding of total and permanent disability; or

(D) social security disability, including the amount of a disability insurance benefit which is converted to an old age insurance benefit and any subsequent cost of living increases; or

(E) aid under the Federal Railroad Retirement Act of 1937, United States Code Annotated, title 45, section 228b(a)5; or

(F) a pension from any local government retirement fund located in the state of Minnesota as a result of that disability; or

~~(iii)~~ (4) any person who is permanently and totally disabled and whose household income as defined in section 290A.03, subdivision 5, is 150 percent or less of the federal poverty level.

*Property is classified and assessed under clause (4) only if the government agency or income-providing source certifies that the owner of the property satisfies the disability requirements of this subdivision.*

Property is classified and assessed pursuant to clause (1) only if the commissioner of jobs and training certifies to the assessor that the owner of the property satisfies the requirements of this subdivision.

Permanently and totally disabled for the purpose of this subdivision means a condition which is permanent in nature and totally incapacitates the person from working at an occupation which brings the person an income. The first \$32,000 market value of class 1b property has a net class rate of .45

percent of its market value and a gross class rate of .87 percent of its market value. The remaining market value of class 1b property has a gross or net class rate using the rates for class 1 or class 2a property, whichever is appropriate, of similar market value.

(c) Class 1c property is commercial use real property that abuts a lakeshore line and is devoted to temporary and seasonal residential occupancy for recreational purposes but not devoted to commercial purposes for more than 225 days in the year preceding the year of assessment, and that includes a portion used as a homestead by the owner, which includes a dwelling occupied as a homestead by a shareholder of a corporation that owns the resort or a partner in a partnership that owns the resort, even if the title to the homestead is held by the corporation or partnership. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property, excluding the portion used exclusively as a homestead, is used or available for use for residential occupancy and a fee is charged for residential occupancy. Class 1c property has a class rate of .4 percent of the first \$32,000 of market value for taxes payable in 1990, .6 percent of the first \$32,000 of market value for taxes payable in 1991, .8 percent of the first \$32,000 of market value for taxes payable in 1992, and one percent of market value in excess of \$32,000 for taxes payable in 1990, 1991, and 1992, and one percent of total market value for taxes payable in 1993 and thereafter with the following limitation: the area of the property must not exceed 100 feet of lakeshore footage for each cabin or campsite located on the property up to a total of 800 feet and 500 feet in depth, measured away from the lakeshore.

Sec. 19. Minnesota Statutes 1990, section 273.13, subdivision 23, is amended to read:

Subd. 23. [CLASS 2.] (a) Class 2a property is agricultural land including any improvements that is homesteaded. The market value of the house and garage and immediately surrounding one acre of land has the same class rates as class 1a property under subdivision 22. If the market value of the house, garage, and surrounding one acre of land is less than \$110,000, the value of the remaining land including improvements equal to the difference between \$110,000 and the market value of the house, garage, and surrounding one acre of land has a net class rate of .45 percent of market value and a gross class rate of 1.75 percent of market value. The remaining value of class 2a property over \$110,000 of market value that does not exceed 320 acres has a net class rate of 1.3 percent of market value for taxes payable in 1990 and thereafter, and a gross class rate of 2.25 percent of market value. The remaining property over the \$110,000 market value in excess of 320 acres has a class rate of 1.7 percent of market value for taxes payable in 1990, and 1.6 percent of market value for taxes payable in 1991, and thereafter, and a gross class rate of 2.25 percent of market value.

(b) Class 2b property is (1) real estate, rural in character and used exclusively for growing trees for timber, lumber, and wood and wood products; and (2) real estate that is nonhomestead agricultural land. Class 2b property has a net class rate of 1.7 percent of market value for taxes payable in 1990, and 1.6 percent of market value for taxes payable in 1991, and thereafter, and a gross class rate of 2.25 percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural ~~use~~ land may include ~~pasture, timber, waste,~~

~~unusable wild land, and slough, wasteland, and woodland contiguous to or surrounded by agricultural land, if under the same ownership and management, and land included in state or federal farm programs. "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products; and includes the commercial boarding of horses if the commercial boarding of horses is done in conjunction with the raising or cultivation of agricultural products.~~

(d) Real estate of less than ten acres used principally for raising ~~poultry, livestock, fruit, vegetables or other agricultural products, including the breeding of fish for sale and consumption if the fish breeding occurs on land zoned for or cultivating agricultural use;~~ products shall be considered as agricultural land, if it is not used primarily for residential purposes.

(e) The term "agricultural products" as used in ~~the preceding sentence means any of the products identified in section 273.111, this subdivision 6, clause (2) includes:~~ (1) livestock, dairy animals, dairy products, poultry and poultry products, fur-bearing animals, horticultural and nursery stock described in sections 18.44 to 18.61, fruit of all kinds, vegetables, forage, grains, bees and apiary products by the owner, (2) fish bred for sale and consumption if the fish breeding occurs on land zoned for agricultural use, and (3) the commercial boarding of horses if the boarding is done in conjunction with the raising or cultivation of agricultural products as defined in clause (1).

(e)(f) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

- (1) wholesale and retail sales;
- (2) processing of raw agricultural products or other goods;
- (3) warehousing or storage of processed goods; and
- (4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3).

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

Sec. 20. Minnesota Statutes 1990, section 276.041, is amended to read:  
276.041 [FILING TO RECEIVE NOTICE OF DELINQUENT TAXES.]

Fee owners, vendees, mortgagees, lienholders, *escrow agents*, and lessees

of real property may file their names and current mailing addresses with the county auditor in the county where the land is located for the purpose of receiving notices affecting the land that are issued under sections 276.04, 281.23, and 279.091. A person filing shall pay a filing fee of \$15 to the county auditor for each parcel. The filing expires after three years. The county auditor shall give a copy of the list of names and addresses to the county treasurer. Taxpayers of record with the county auditor and mortgagees who remit taxes on their behalf shall receive tax statements and other notices and are not required to file and pay fees under this section.

Sec. 21. Minnesota Statutes 1990, section 277.01, is amended to read:  
277.01 [WHEN TAX IS DELINQUENT; PENALTY.]

Subdivision 1. Except as provided in this subdivision and subdivision 3, all unpaid personal property taxes shall be deemed delinquent on May 16 next after they become due or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, and thereupon a penalty of eight percent shall attach and be charged upon all such taxes. In the case of unpaid personal property taxes due and owing under section 272.01, subdivision 2, or 273.19, the first half shall become delinquent if not paid before May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, and thereupon a penalty of eight percent shall attach on the unpaid first half; and the second half shall become delinquent if not paid before October 16, and thereupon a penalty of eight percent shall attach on the unpaid second half. This section shall not apply to ~~class 2a~~ property taxed under section 274.19, subdivision 8, paragraph (c).

A county may provide by resolution that in the case of a property owner that has multiple personal property tax statements with the aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 277.011 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

*Subd. 3. [IMPROVEMENTS TO REAL PROPERTY.] Personal property taxes assessed upon improvements made to real property taxed under section 272.01, subdivision 2, or 273.19, if unpaid, become delinquent on May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later. If the tax against the improvements exceeds \$50, one-half may be paid before May 16 and the remaining one-half must be paid at any time before the following October 16, without penalty. Section 279.01, subdivision 1, otherwise governs imposition of penalties.*

Sec. 22. Minnesota Statutes 1990, section 279.01, subdivision 1, is amended to read:

Subdivision 1. Except as provided in subdivision 3, on May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, a penalty shall accrue and thereafter be charged upon all unpaid taxes on real estate on the current lists in the hands of the county treasurer. The penalty shall be at a rate of three percent on homestead

property and seven percent on nonhomestead property. This penalty shall not accrue until June 1 of each year, or 21 days after the postmark date on the envelope containing the property tax statements, whichever is later, on commercial use real property used for seasonal residential recreational purposes and classified as class 1c or 4c, and on other commercial use real property classified as class 3a, provided that over 60 percent of the gross income earned by the enterprise on the class 3a property is earned during the months of May, June, July, and August. Any property owner of such class 3a property who pays the first half of the tax due on the property after May 15 and before June 1, or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, shall attach an affidavit to the payment attesting to compliance with the income provision of this subdivision. Thereafter, for both homestead and non-homestead property, on the first day of each month, up to and including October 1 following, an additional penalty of one percent for each month shall accrue and be charged on all such unpaid taxes provided that if the due date was extended beyond May 15 as the result of any delay in mailing property tax statements no additional penalty shall accrue if the tax is paid by the extended due date. If the tax is not paid by the extended due date, then all penalties that would have accrued if the due date had been May 15 shall be charged. When the taxes against any tract or lot exceed \$50, one-half thereof may be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later; and, if so paid, no penalty shall attach; the remaining one-half shall be paid at any time prior to October 16 following, without penalty; but, if not so paid, then a penalty of four percent shall accrue thereon for homestead property and a penalty of four percent on nonhomestead property. Thereafter, for homestead property, on the first day of November and December following, an additional penalty of two percent for each month shall accrue and be charged on all such unpaid taxes. Thereafter, for nonhomestead property, on the first day of November and December following, an additional penalty of four percent for each month shall accrue and be charged on all such unpaid taxes. If one-half of such taxes shall not be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, the same may be paid at any time prior to October 16, with accrued penalties to the date of payment added, and thereupon no penalty shall attach to the remaining one-half until October 16 following.

*This section applies to payment of personal property taxes assessed against improvements to leased property, except as provided by section 277.01, subdivision 3.*

A county may provide by resolution that in the case of a property owner that has multiple tracts or parcels with aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 278.03 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

Sec. 23. Minnesota Statutes 1990, section 279.01, subdivision 2, is amended to read:

Subd. 2. ~~In the case of any tax on class 1b, 2a, and 1a homestead property paid within 30 days after the due date specified in this section or after the 30-day extension as specified in subdivision 3,~~ The county board may, with the concurrence of the county treasurer, delegate to the county treasurer the power to abate the penalty provided for late payment of taxes in the current year. Notwithstanding section 270.07, if any county board so elects, the county treasurer may abate the penalty on finding that the imposition of the penalty would be unjust and unreasonable.

Sec. 24. Minnesota Statutes 1990, section 279.06, is amended to read:

Sec. 25. Minnesota Statutes 1990, section 281.17, is amended to read:  
281.17 [PERIOD FOR REDEMPTION.]

The period of redemption for all lands sold to the state at a tax judgment sale shall be three years from the date of sale to the state of Minnesota if the land is within an incorporated area unless it is: (a) nonagricultural homesteaded land as defined in section 273.13, subdivision 22, (b) homesteaded agricultural land as defined in section 273.13, subdivision 23, paragraph (a), or (c) seasonal recreational land as defined in section 273.13, subdivision 22, paragraph (c), or subdivision 25, paragraph ~~(d)~~ ~~(1)~~ ~~or~~ (c) ~~(4)~~, clause (5), in which event the period of redemption is five years from the date of sale to the state of Minnesota.

The period of redemption for homesteaded lands as defined in section

273.13, subdivision 22, located in a targeted neighborhood as defined in Laws 1987, chapter 386, article 6, section 4, and sold to the state at a tax judgment sale is three years from the date of sale. The period of redemption for all lands located in a targeted neighborhood as defined in Laws 1987, chapter 386, article 6, section 4, except homesteaded lands as defined in section 273.13, subdivision 22, and sold to the state at a tax judgment sale is one year from the date of sale.

The period of redemption for all other lands sold to the state at a tax judgment sale shall be five years from the date of sale.

Sec. 26. Minnesota Statutes 1990, section 282.01, subdivision 1, is amended to read:

Subdivision 1. [CLASSIFICATION.] It is the general policy of this state to encourage the best use of tax-forfeited lands, recognizing that some lands in public ownership should be retained and managed for public benefits while other lands should be returned to private ownership. Parcels of land becoming the property of the state in trust under law declaring the forfeiture of lands to the state for taxes shall be classified by the county board of the county in which the parcels lie as conservation or nonconservation. In making the classification the board shall consider the present use of adjacent lands, the productivity of the soil, the character of forest or other growth, accessibility of lands to established roads, schools, and other public services, their peculiar suitability or desirability for particular uses and the suitability of the forest resources on the land for multiple use, sustained yield management. The classification, furthermore, must encourage and foster a mode of land utilization that will facilitate the economical and adequate provision of transportation, roads, water supply, drainage, sanitation, education, and recreation; facilitate reduction of governmental expenditures; conserve and develop the natural resources; and foster and develop agriculture and other industries in the districts and places best suited to them.

In making the classification the county board may use information made available by any office or department of the federal, state, or local governments, or by any other person or agency possessing pertinent information at the time the classification is made. The lands may be reclassified from time to time as the county board may consider necessary or desirable, except for conservation lands held by the state free from any trust in favor of any taxing district.

If the lands are located within the boundaries of an organized town, with taxable valuation in excess of \$20,000, or incorporated municipality, the classification or reclassification and sale must first be approved by the town board of the town or the governing body of the municipality in which the lands are located. The town board of the town or the governing body of the municipality is considered to have approved the classification or reclassification and sale if the county board is not notified of the disapproval of the classification or reclassification and sale within 90 days of the date the request for approval was transmitted to the town board of the town or governing body of the municipality. If the town board or governing body desires to acquire any parcel lying in the town or municipality by procedures authorized in this subdivision, it must file a written application with the county board to withhold the parcel from public sale. The application must be filed within 90 days of the request for classification or reclassification and sale. The county board shall then withhold the parcel from public sale for one year. *A clerical error made by county officials does not serve to*

*eliminate the request of the town board or governing body if the board or governing body has forwarded the application to the county auditor.*

Sec. 27. Minnesota Statutes 1990, section 375.192, subdivision 2, is amended to read:

Subd. 2. Upon written application by the owner of the property, the county board may grant the reduction or abatement of estimated market valuation or taxes and of any costs, penalties, or interest on them as the board deems just and equitable and order the refund in whole or part of any taxes, costs, penalties, or interest which have been erroneously or unjustly paid. *The county board may also grant the abatement of penalties for taxes paid within 30 days of the due date, regardless of the classification of the property.* The application must include the social security number of the applicant. The social security number is private data on individuals as defined by section 13.02, subdivision 12. The application must be approved by the county assessor, or, if the property is located in a city of the first or second class having a city assessor, by the city assessor, and by the county auditor before consideration by the county board. *If the application is for abatement of penalty or interest, the application must be first approved by the county treasurer and county auditor.* No reduction, abatement, or refund of any special assessments made or levied by any municipality for local improvements shall be made unless it is also approved by the board of review or similar taxing authority of the municipality. Before taking action on any reduction or abatement where the reduction of taxes, costs, penalties, and interest exceed \$10,000, the county board shall give 20 days' notice to the school board and the municipality in which the property is located. The notice must describe the property involved, the actual amount of the reduction being sought, and the reason for the reduction. If the school board or the municipality object to the granting of the reduction or abatement, the county board must refer the abatement or reduction to the commissioner of revenue with its recommendation. The commissioner shall consider the abatement or reduction under section 270.07, subdivision 1.

An appeal may not be taken to the tax court from any order of the county board made in the exercise of the discretionary authority granted in this section.

Sec. 28. Minnesota Statutes 1990, section 515A.1-105, subdivision 1, is amended to read:

Subdivision 1. [HOMESTEAD.] (a) Each unit together with its common element interest constitutes for all purposes a separate parcel of real estate.

(b) If a declaration is recorded prior to ~~ten~~ 30 days before any installment of real estate taxes becomes payable, the local taxing authority shall split the taxes so payable on the condominium among the units. Interest and penalties which would otherwise accrue shall not begin to accrue until at least 30 days after the split is accomplished.

(c) A unit used for residential purposes together with not more than two units used for vehicular parking and their common element interests shall be treated the same as any other real estate in determining whether homestead exemptions or classifications shall apply.

### ARTICLE 2

#### PROPERTY TAX TECHNICAL CORRECTIONS

Section 1. Minnesota Statutes 1990, section 18.022, subdivision 2, is amended to read:

Subd. 2. [COST.] (a) To defray the cost of the activities under subdivision 1, the governing body of the political subdivision may levy a tax which, except when levied by a county, must not exceed a ~~gross local tax rate of .55 percent or a net local tax rate of .68~~ *0.01596 percent of taxable market value* in any year in excess of charter ~~local tax rate~~ limitations, but not ~~in any event~~ more than 50 cents per capita, except that the levy for the grasshopper control program under sections 18.0223 to 18.0227 is not subject to the 50 cents per capita limitation. The political subdivision may make the levy, where necessary, separate from the general levy and at any time of the year.

(b) If, because of the prevalence of Dutch elm disease, the governing body of such a political subdivision is unable to defray the cost of control activities authorized by this section within the limits set by this subdivision, the limits set by this subdivision are increased to a ~~gross local tax rate of 4.4 percent or a net local tax rate of 1.36~~ *gross local tax rate of 0.03216 percent of taxable market value, but not in any event more than one dollar per capita.*

Sec. 2. Minnesota Statutes 1990, section 69.011, subdivision 3, is amended to read:

Subd. 3. ~~[FAILURE TO FILE CERTIFICATE DEEMED WAIVER.] If the certificate a certification required by this section is not filed with the commissioner within the time prescribed by this section the municipality or nonprofit fire fighting corporation shall be deemed to have relinquished its rights for the year to the benefits under this chapter by the due date prescribed by this section, the commissioner shall notify the municipality or the nonprofit fire fighting corporation that a portion or all of its current year aid will be forfeited if the certification is not received within ten days. The amount of aid forfeited is equal to the amount of state police aid or state fire aid determined for the municipality or fire fighting corporation for the current year, multiplied by five percent for each week or fraction of a week that this certification is late. The penalty will be computed beginning ten days after the postmark date of the commissioner's notification as required under this subdivision. All forfeited aid amounts revert to the general fund in the state treasury. Failure to receive the certificate form cannot be used as a defense for not filing.~~

Sec. 3. Minnesota Statutes 1990, section 272.67, subdivision 6, is amended to read:

Subd. 6. A certified copy of every ordinance, amendment, and order adopted or entered pursuant to this section shall be filed with the county auditor before it becomes effective. *For the purposes of taxation, if the ordinance, amendment, or order is certified on or before August 1 of a levy year, it may be implemented that same levy year. If the ordinance, amendment, or order is certified after August 1 of a levy year, it may not be implemented until the following levy year.* The amount of taxes levied each year by each city shall be certified to the county auditor in the manner now or hereafter provided by law. Taxes levied for payment of bonds and judgments and interest thereon shall continue to be spread upon all taxable property within the boundaries of the city in proportion to the ~~gross net~~ tax capacity thereof. The remaining amount of the taxes levied each year shall be allocated by the county auditor to the urban service district and the rural service district in amounts proportionate to the current benefit ratio times the current ratio between the market values of all taxable property within the urban service district and all taxable property within the rural service district. Within each district, the amount so allocated shall be spread upon all taxable property in proportion to the net tax capacity thereof.

Sec. 4. Minnesota Statutes 1990, section 273.1398, subdivision 5, is amended to read:

Subd. 5. ~~[ADDITIONAL HOMESTEAD AND AGRICULTURAL CREDIT GUARANTEE.]~~ Beginning with taxes payable in 1990, each unique taxing jurisdiction may receive additional homestead and agricultural credit guarantee payments.

(1) ~~Each year In 1990, the commissioner shall determine the total education aids paid under chapters 124 and 124A, homestead and agricultural credit aid and disparity reduction aid paid under this section, local government aid to cities, counties, and towns paid under chapter 477A, and human services aids, including for aids paid in 1991 and thereafter, the amount paid under subdivision 5b, paid to counties for each taxing jurisdiction. The commissioner shall apportion each local government's aids to the unique taxing jurisdiction based upon the proportion that the unique taxing jurisdiction's tax capacity bears to the total tax capacity of the local government.~~

(2) ~~Each year In 1990, the commissioner will compute a gross local tax rate for each taxing jurisdiction equal to its total levy divided by its gross tax capacity under Minnesota Statutes 1988, section 273.13. For each unique taxing jurisdiction, a total gross local tax rate will be determined. This total gross local tax rate will be applied against the gross tax capacity of property that would have been eligible for the homestead credit or the agricultural credit for taxes payable in 1989. An estimated homestead and agricultural credit amount will be determined for all qualifying parcels based upon the credit rate structure in effect for taxes payable in 1989. The resulting credit amounts will be summed for all parcels in the unique taxing jurisdiction.~~

If the amount determined in clause (2) is greater than the amount determined in clause (1), the difference will be additional homestead and agricultural credit guarantee payments for the unique taxing jurisdiction. The additional credit amount shall proportionately reduce the local tax rates of all local governments levying taxes within the unique taxing jurisdiction in the following year for taxes payable in 1991 as provided in subdivision 3, clause (b). The commissioner shall certify the amounts of additional credits determined under this subdivision to the county auditor at the time provided in subdivision 6.

(3) *For taxes payable in 1992 and subsequent years, the additional homestead and agricultural credit guarantee shall be determined in accordance with the provisions of subdivision 3.*

Sec. 5. Minnesota Statutes 1990, section 273.1398, subdivision 6, is amended to read:

Subd. 6. [PAYMENT.] The commissioner shall certify the aids provided in subdivisions 2, 2b, 3, and 5 before December 1, 1989, and October 1 thereafter of the year preceding the distribution year to the county auditor of the affected local government and pay them. *The aids provided in subdivisions 2, 2b, 3, and 5 must be paid to local governments other than school districts at the times provided in section 477A.015 for payment of local government aid to taxing jurisdictions, except that the first one-half payment of disparity reduction aid provided in subdivision 3 must be paid on or before August 31. The disparity reduction credit provided in subdivision 4 must be paid to taxing jurisdictions other than school districts at the time provided in section 473H.10, subdivision 3. Aids and credit reimbursements to school districts must be certified to the commissioner of education and paid under section 273.1392. Except for education districts and secondary cooperatives that receive revenue according to section 124.2721 or 124.575, payment shall not be made to any taxing jurisdiction that has ceased to levy a property tax.*

Sec. 6. Minnesota Statutes 1990, section 477A.014, subdivision 1, is amended to read:

Subdivision 1. [CALCULATIONS AND PAYMENTS.] The commissioner of revenue shall make all necessary calculations and make payments pursuant to sections 477A.012, 477A.013, and 477A.03 directly to the affected taxing authorities annually. In addition, the commissioner shall notify the authorities of their aid amounts, as well as the computational factors used in making the calculations for their authority, and those state-wide total figures that are pertinent, before August 15 of the year preceding the aid distribution year; ~~except that for aid payable in 1990 the commissioner of revenue must notify the authorities of their aid amounts as well as the computational factors used in the calculation before October 23, 1989.~~

Sec. 7. [REPEALER.]

*Laws 1989, chapter 277, article 4, section 2, is repealed.*

Sec. 8. [EFFECTIVE DATES.]

*Sections 1 and 7 are effective on the day following final enactment. Sections 2, 3, 5, and 6 are effective for aids payable in 1992. Section 4 is effective for aids payable in 1991.*

### ARTICLE 3

#### REVERSE MORTGAGES

Section 1. Minnesota Statutes 1990, section 47.58, subdivision 6, is amended to read:

Subd. 6. [TAXES; INSURANCE.] The borrower shall pay real estate taxes, assessments and insurance premiums on the property securing the loan, and the lender may require the borrower to provide evidence of payment. *Mortgage registry tax required under sections 287.01 to 287.12 must be paid at the time of the recording or registering of the original reverse mortgage.* If the borrower does not make timely payment the lender may pay taxes, assessments, insurance premiums and other similar charges for the protection of the property securing its loan and may add these payments to the outstanding loan balance if not repaid by the borrower within 60 days after the borrower receives notice that the lender has made the payment.

Sec. 2. Minnesota Statutes 1990, section 287.05, is amended to read:

287.05 [TAX ON RECORDATION OR REGISTRATION; SUPPLEMENTAL MORTGAGES.]

Subdivision 1. [TAX IMPOSED.] A tax of 23 cents is imposed upon each \$100, or fraction thereof, of the principal debt or obligation which is or may be secured by any mortgage of real property situated within the state executed, delivered, and recorded or registered; provided, however, that the tax shall be imposed but once upon any mortgage and extension thereof. If the mortgage describes real estate situated outside of this state, the tax shall be imposed upon that proportion of the whole debt secured thereby as the value of the real estate therein described situated in this state bears to the value of the whole of the real estate described therein. The tax imposed by this section shall not apply to a contract for the conveyance of any interest in real estate.

Subd. 2. [SUPPLEMENTAL MORTGAGES.] Any supplemental mortgage, *not including revisions to a reverse mortgage as described under subdivision 6,* securing a portion or all of the same indebtedness, whether or not additional security is included, shall be taxed in the following manner:

(a) Any additional indebtedness shall be taxed on the ratio that the value of the real estate therein described in this state bears to the value of the whole of the real estate described therein.

(b) If there is no additional indebtedness but the percentage of the Minnesota real estate as compared to the total real estate secured by the previous mortgage is increased, the tax shall be recomputed and paid on the remaining indebtedness multiplied by the difference between that percentage of Minnesota real estate included in the supplemental mortgage and that percentage included in any previous mortgage.

(c) In the event of both an increase in the indebtedness and a change in the Minnesota percentage of real estate given as security, the tax shall be recomputed on the portion representing new indebtedness in the manner provided in (a) and in the event of an increase in the percentage of Minnesota property included as security, the tax shall be computed on the remaining portion of the indebtedness as provided in (b).

Subd. 3. [REVOLVING LINES OF CREDIT.] When a mortgage, *including a reverse mortgage*, secures a revolving line of credit under which advances, payments, and readvances may be made from time to time, the tax imposed under subdivision 1 shall be paid on the maximum amount of the line of credit which may be secured at any one time, as expressed in the mortgage, regardless of the time or amount of advances, payments, or readvances.

Subd. 4. [ADVANCES BY MORTGAGEE.] No tax under subdivision 1 shall be paid on the indeterminate amount which may be advanced by the mortgagee in protection of the mortgaged premises or the mortgage, including taxes, assessments, charges, claims, fines, impositions, insurance premiums, amounts due upon prior or superior mortgages and other prior or superior liens, encumbrances and interests, and legal expenses and attorneys' fees.

Subd. 5. [INDETERMINATE AMOUNTS.] When a mortgage secures an indeterminate amount other than those described in subdivision 3 or 4, or 6, no tax shall be paid at the time the mortgage is recorded or registered, but the tax must be paid at the time of recording or filing an affidavit stating the amount and time of the actual advance.

Subd. 6. [REVERSE MORTGAGES.] *If real property secures a reverse mortgage, the principal debt or obligation to which mortgage registry tax applies is the expected total disbursements or cash equivalent to be made under the terms of the loan. Interest accruing on the disbursements made is not subject to mortgage registry tax. In the case of periodic payments made for an indefinite length of time, the expected total disbursements must equal the product of the periodic payment amounts and the number of payments and, if applicable, the amount of cash distribution or its equivalent. The number of payments must be based upon the life expectancy assumption used in determining the payment amount. In the case of reverse mortgages made as part of the Housing and Community Development Act of 1987, section 255 of the National Housing Act, and administered by the Department of Housing and Urban Development (HUD), mortgage registry tax must not be assessed on Federal Housing Administration mortgage insurance premiums, monthly lender service fees, or payments to be distributed to the borrower by HUD.*

Sec. 3. [EFFECTIVE DATE.]

*Sections 1 and 2 are effective the day following final enactment.*

For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;

Section 1. Minnesota Statutes 1990, section 336.2A-103, is amended to read:

336.2A-103 [DEFINITIONS AND INDEX OF DEFINITIONS.]

(1) In this article unless the context otherwise requires:

(a) "Buyer in ordinary course of business" means a person who in good faith and without knowledge that the sale is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods, buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. "Buying" may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a preexisting contract for sale but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(b) "Cancellation" occurs when either party puts an end to the lease contract for default by the other party.

(c) "Commercial unit" means a unit of goods that by commercial usage is a single whole for purposes of lease and division of which materially impairs its character or value on the market or in use. (d) "Conforming" goods or performance under a lease contract means goods or performance that are in accordance with the obligations under the lease contract.

(e) "Consumer lease" means a lease that a lessor regularly engaged in the business of leasing or selling makes to a lessee, ~~except an organization,~~ who is an individual and who takes under the lease primarily for a personal, family, or household purpose, if the total payments to be made under the lease contract, excluding payments for options to renew or buy, do not exceed \$25,000.

(f) "Fault" means wrongful act, omission, breach, or default.

(g) "Finance lease" means a lease in which

(1) the lessor does not select, manufacture, or supply the goods,

(2) the lessor acquires the goods or the right to possession and use of the goods in connection with the lease, and

(3) either

(i) the lessee receives a copy of the contract evidencing the lessor's purchase of the goods or a disclaimer statement on or before signing the lease contract, or

(ii) the lessee's approval of the contract evidencing the lessor's purchase of the goods or a disclaimer statement is a condition to effectiveness of the lease contract.

"Disclaimer statement" means a written statement that is part of or separate from the lease contract that discloses all warranties and other rights provided to the lessee by the lessor and supplier in connection with the lease contract and informs the lessee in a conspicuous manner that there are no warranties or other rights provided to the lessee by the lessor and supplier other than those disclosed in the statement.

(h) "Goods" means all things that are movable at the time of identification to the lease contract, or are fixtures (section 336.2A-309), but the term does not include money, documents, instruments, accounts, chattel paper, general intangibles, or minerals or the like, including oil and gas, before extraction. The term also includes the unborn young of animals.

(i) "Installment lease contract" means a lease contract that authorizes or requires the delivery of goods in separate lots to be separately accepted, even though the lease contract contains a clause "each delivery is a separate lease" or its equivalent.

(j) "Lease" means a transfer of the right to possession and use of goods for a term in return for consideration, but a sale, including a sale on approval or a sale or return, or retention or creation of a security interest is not a lease. Unless the context clearly indicates otherwise, the term includes a sublease.

(k) "Lease agreement" means the bargain, with respect to the lease, of the lessor and the lessee in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this article. (p) "Lessor" means a person who transfers the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessor.

(q) "Lessor's residual interest" means the lessor's interest in the goods after expiration, termination, or cancellation of the lease contract.

(r) "Lien" means a charge against or interest in goods to secure payment of a debt or performance of an obligation, but the term does not include a security interest.

(s) "Lot" means a parcel or a single article that is the subject matter of a separate lease or delivery, whether or not it is sufficient to perform the lease contract.

(t) "Merchant lessee" means a lessee that is a merchant with respect to goods of the kind subject to the lease.

(u) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate was not manifestly unreasonable at the time the transaction was entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.

(v) "Purchase" includes taking by sale, lease, mortgage, security interest, pledge, gift, or any other voluntary transaction creating an interest in goods.

(w) "Sublease" means a lease of goods the right to possession and use of which was acquired by the lessor as a lessee under an existing lease.

Sec. 2. Minnesota Statutes 1990, section 336.2A-209, is amended to read:

**336.2A-209 [LESSEE UNDER FINANCE LEASE AS BENEFICIARY OF SUPPLY CONTRACT.]**

(1) The benefit of ~~the~~ *a* supplier's promises to the lessor under the supply contract and of all warranties, whether express or implied, ~~under including those of any third party provided in connection with or as part of the supply contract,~~ extends to the lessee to the extent of the lessee's leasehold interest under a finance lease related to the supply contract, but *is* subject to the terms of the *warranty and of the supply contract* and all of ~~the supplier's~~ defenses or claims arising from the supply contract.

(2) The extension of the benefit of ~~the~~ *a* supplier's promises and of warranties to the lessee (section 336.2A-209(1)) does not: ~~(a)~~ *(i)* modify the rights and obligations of the parties to the supply contract, whether arising from the supply contract or otherwise, or ~~(b)~~ *(ii)* impose any duty or liability under the supply contract on the lessee.

(3) Any modification or rescission of the supply contract by the supplier and the lessor is effective ~~against~~ *between the supplier and the lessee unless, prior to before* the modification or rescission, the supplier has received notice that the lessee has entered into a finance lease related to the supply contract. ~~If the supply contract is modified or rescinded after the lessee enters the finance lease, the lessee has a cause of action against the lessor, and against the supplier if the supplier has notice of the lessee's entering the finance lease when the supply contract is modified or rescinded. The lessee's~~

recovery from such action shall put the lessee in as good a position as if the modification or rescission had not occurred. If the modification or rescission is effective between the supplier and the lessee, the lessor is deemed to have assumed, in addition to the obligations of the lessor to the lessee under the lease contract, promises of the supplier to the lessor and warranties that were so modified or rescinded as they existed and were available to the lessee before modification or rescission.

(4) In addition to the extension of the benefit of the supplier's promises and of warranties to the lessee under subsection (1), the lessee retains all rights that the lessee may have against the supplier that arise from an agreement between the lessee and the supplier or under other law.

Sec. 3. Minnesota Statutes 1990, section 336.2A-303, is amended to read:

336.2A-303 [ALIENABILITY OF PARTY'S INTEREST UNDER LEASE CONTRACT OR OF LESSOR'S RESIDUAL INTEREST IN GOODS; DELEGATION OF PERFORMANCE; ASSIGNMENT TRANSFER OF RIGHTS.]

(1) Any interest of a party under a lease contract and the lessor's residual interest in the goods may be transferred unless

(a) the transfer is voluntary and the lease contract prohibits the transfer; or

(b) the transfer materially changes the duty of or materially increases the burden or risk imposed on the other party to the lease contract, and within a reasonable time after notice of the transfer the other party demands that the transferee comply with subsection (2) and the transferee fails to comply.

(2) Within a reasonable time after demand pursuant to subsection (1)(b), the transferee shall:

(a) cure or provide adequate assurance that the transferee will promptly cure any default other than one arising from the transfer;

(b) compensate or provide adequate assurance that the transferee will promptly compensate the other party to the lease contract and any other person holding an interest in the lease contract, except the party whose interest is being transferred, for any loss to that party resulting from the transfer;

(c) provide adequate assurance of future due performance under the lease contract; and

(d) assume the lease contract.

(3) Demand pursuant to subsection (1)(b) is without prejudice to the other party's rights against the transferee and the party whose interest is transferred.

(1) As used in this section, "creation of a security interest" includes the sale of a lease contract that is subject to article 9, secured transactions, by reason of section 336.9-102(1)(b).

(2) Except as provided in subsections (3) and (4), a provision in a lease agreement that (i) prohibits the voluntary or involuntary transfer, including a transfer by sale, sublease, creation or enforcement of a security interest, or attachment, levy, or other judicial process, of an interest of a party under the lease contract or of the lessor's residual interest in the goods, or (ii) makes the transfer an event of default, gives rise to the rights and remedies provided in subsection (5), but a transfer that is prohibited or is an event of default under the lease agreement is otherwise effective.

(3) A provision in a lease agreement that (i) prohibits the creation or enforcement of a security interest in an interest of a party under the lease contract or in the lessor's residual interest in the goods, or (ii) makes the transfer an event of default, is not enforceable unless, and then only to the extent that, there is an actual transfer by the lessee of the lessee's right of possession or use of the goods in violation of the provision or an actual delegation of a material performance of either party to the lease contract in violation of the provision. Neither the granting nor the enforcement of a security interest in (i) the lessor's interest under the lease contract or (ii) the lessor's residual interest in the goods is a transfer that materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the lessee within the purview of subsection (5) unless, and then only to the extent that, there is an actual delegation of a material performance of the lessor.

(4) An assignment of "the lease" or of "all my rights under the lease" or an assignment in similar general terms is a transfer of rights, and unless the language or the circumstances, as in an assignment for security, indicate the contrary, the assignment is a delegation of duties by the assignor to the assignee and acceptance by the assignee constitutes a promise by the assignee to perform those duties. This promise is enforceable by either the assignor or the other party to the lease contract. A provision in a lease agreement that (i) prohibits a transfer of a right to damages for default with respect to the whole lease contract or of a right to payment arising out of the transferor's due performance of the transferor's entire obligation, or (ii) makes the transfer an event of default, is not enforceable, and the transfer is not a transfer that materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the other party to the lease contract within the purview of subsection (5).

(5) Subject to subsections (3) and (4):

(a) if a transfer is made that is made an event of default under a lease agreement, the party to the lease contract not making the transfer, unless that party waives the default or otherwise agrees, has the rights and remedies described in section 336.2A-501(2);

(b) if paragraph (a) is not applicable and if a transfer is made that (i) is prohibited under a lease agreement or (ii) materially impairs the prospect of obtaining return performance by, materially changes the duty of, or materially increases the burden or risk imposed on, the other party to the lease contract, unless the party not making the transfer agrees at any time to the transfer in the lease contract or otherwise, then, except as limited by contract, (i) the transferor is liable to the party not making the transfer for damages caused by the transfer to the extent that the damages could not reasonably be prevented by the party not making the transfer and (ii) a court having jurisdiction may grant other appropriate relief, including cancellation of the lease contract or an injunction against the transfer.

(6) A transfer of "the lease" or of "all my rights under the lease," or a transfer in similar general terms, is a transfer of rights and, unless the language or the circumstances, as in a transfer for security, indicate the contrary, the transfer is a delegation of duties by the transferor to the transferee. Acceptance by the transferee constitutes a promise by the transferee to perform those duties. The promise is enforceable by either the transferor or the other party to the lease contract.

~~(5) (7) Unless otherwise agreed by the lessor and the lessee, no a delegation of performance ~~relieves does not relieve~~ the assignor or transferor as against the other party of any duty to perform or of any liability for default.~~

~~(6) A right to damages for default with respect to the whole lease contract or a right arising out of the assignor's due performance of the assignor's entire obligation can be assigned despite agreement otherwise.~~

~~(7) (8) In a consumer lease, to prohibit the transfer of an interest of a party under a the lease contract or to make a transfer an event of default, the language of prohibition must be specific, by a writing, and conspicuous.~~

Sec. 4. Minnesota Statutes 1990, section 336.2A-304, is amended to read:

#### 336.2A-304 [SUBSEQUENT LEASE OF GOODS BY LESSOR.]

(1) Subject to ~~the provisions of~~ section 336.2A-303, a subsequent lessee from a lessor of goods under an existing lease contract obtains, to the extent of the leasehold interest transferred, the leasehold interest in the goods that the lessor had or had power to transfer, and except as provided in subsection (2) and section 336.2A-527(4), takes subject to the existing lease contract. A lessor with voidable title has power to transfer a good leasehold interest to a good faith subsequent lessee for value but only to the extent set forth in the preceding sentence. ~~When~~ *If* goods have been delivered under a transaction of purchase, the lessor has that power even though:

- (a) the lessor's transferor was deceived as to the identity of the lessor;
- (b) the delivery was in exchange for a check which is later dishonored;
- (c) it was agreed that the transaction was to be a "cash sale"; or
- (d) the delivery was procured through fraud punishable as larcenous under the criminal law.

(2) If a lessee has entrusted leased goods to the lessee's lessor who is a merchant dealing in goods of that kind, a subsequent lessee from that lessor under a lease entered into after the entrustment and in the ordinary course of business takes those goods free of the existing lease contract and obtains, to the extent of the leasehold interest transferred, all of the lessor's and the earlier lessee's rights to the goods.

(3) A subsequent lessee from the lessor of goods that are subject to an existing lease contract and are covered by a certificate of title issued under a statute of this state or of another jurisdiction takes no greater rights than those provided both by this section and by the certificate of title statute.

Sec. 5. Minnesota Statutes 1990, section 336.2A-307, is amended to read:

#### 336.2A-307 [PRIORITY OF LIENS ARISING BY ATTACHMENT OR LEVY ON, SECURITY INTERESTS IN, AND OTHER CLAIMS TO GOODS.]

(1) Except as otherwise provided in section 336.2A-306, a creditor of a lessee takes subject to the lease contract.

(2) Except as otherwise provided in subsections (3) and (4) and in sections 336.2A-306 and 336.2A-308, a creditor of a lessor takes subject to the lease contract *unless*:

- (a) ~~unless~~ the creditor holds a lien that attached to the goods before the

lease contract became enforceable, or;

(b) ~~unless the creditor holds a security interest in the goods that under the article on secured transactions (article 9) would have priority over any other security interest in the goods perfected by a filing covering the goods and made at the time the lease contract became enforceable, whether or not any other security interest existed- and the lessee did not give value and receive delivery of the goods without knowledge of the security interest; or~~

(c) ~~the creditor holds a security interest in the goods which was perfected (section 336.9-303) before the lease contract became enforceable.~~

(3) A lessee in the ordinary course of business takes the leasehold interest free of a security interest in the goods created by the lessor even though the security interest is perfected (section 336.9-303) and the lessee knows of its existence.

(4) A lessee other than a lessee in the ordinary course of business takes the leasehold interest free of a security interest to the extent that it secures future advances made after the secured party acquires knowledge of the lease or more than 45 days after the lease contract becomes enforceable, whichever first occurs, unless the future advances are made pursuant to a commitment entered into without knowledge of the lease and before the expiration of the 45-day period.

Sec. 6. Minnesota Statutes 1990, section 336.2A-309, is amended to read:

**336.2A-309 [LESSOR'S AND LESSEE'S RIGHTS WHEN GOODS BECOME FIXTURES.]**

(1) In this section:

(a) goods are "fixtures" when they become so related to particular real estate that an interest in them arises under real estate law;

(b) a "fixture filing" is the filing, in the office where a mortgage on the real estate would be ~~filed or recorded or registered~~, of a financing statement ~~concerning covering~~ goods that are or are to become fixtures and conforming to the requirements of ~~subsection (5) of section 336.9-402~~ 336.9-402(5);

(c) a lease is a "purchase money lease" unless the lessee has possession or use of the goods or the right to possession or use of the goods before the lease agreement is enforceable;

(d) a mortgage is a "construction mortgage" to the extent it secures an obligation incurred for the construction of an improvement on land including the acquisition cost of the land, if the recorded writing so indicates; and

(e) "encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests.

(2) Under this article a lease may be of goods that are fixtures or may continue in goods that become fixtures, but no lease exists under this article of ordinary building materials incorporated into an improvement on land.

(3) This article does not prevent creation of a lease of fixtures pursuant to real estate law.

(4) The perfected interest of a lessor of fixtures has priority over a conflicting interest of an encumbrancer or owner of the real estate if:

(a) the lease is a purchase money lease, the conflicting interest of the

encumbrancer or owner arises before the goods become fixtures, the interest of the lessor is perfected by a fixture filing before the goods become fixtures or within ten days after that, and the lessee has an interest of record in the real estate or is in possession of the real estate; or

(b) the interest of the lessor is perfected by a fixture filing before the interest of the encumbrancer or owner is of record, the lessor's interest has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner, and the lessee has an interest of record in the real estate or is in possession of the real estate.

(5) The interest of a lessor of fixtures, whether or not perfected, has priority over the conflicting interest of an encumbrancer or owner of the real estate if:

(a) the fixtures are readily removable factory or office machines, readily removable equipment that is not primarily used or leased for use in the operation of the real estate, or readily removable replacements of domestic appliances that are goods subject to a consumer lease, and before the goods become fixtures the lease contract is enforceable; or

(b) the conflicting interest is a lien on the real estate obtained by legal or equitable proceedings after the lease contract is enforceable; or

(c) the encumbrancer or owner has consented in writing to the lease or has disclaimed an interest in the goods as fixtures; or

(d) the lessee has a right to remove the goods as against the encumbrancer or owner. If the lessee's right to remove terminates, the priority of the interest of the lessor continues for a reasonable time.

(6) Notwithstanding ~~paragraph (a) of subsection (4) (4)(a)~~ but otherwise subject to subsections (4) and (5), the interest of a lessor of fixtures, including the lessor's residual interest, is subordinate to the conflicting interest of an encumbrancer of the real estate under a construction mortgage recorded before the goods become fixtures if the goods become fixtures before the completion of the construction. To the extent given to refinance a construction mortgage, the conflicting interest of an encumbrancer of the real estate under a mortgage has this priority to the same extent as the encumbrancer of the real estate under the construction mortgage.

(7) In cases not within the preceding subsections, priority between the interest of a lessor of fixtures, including the lessor's residual interest, and the conflicting interest of an encumbrancer or owner of the real estate who is not the lessee is determined by the priority rules governing conflicting interests in real estate.

(8) If the interest of a lessor of fixtures, including the lessor's residual interest, has priority over all conflicting interests of all owners and encumbrancers of the real estate, the lessor or the lessee may: ~~(a)~~ (i) on default, expiration, termination, or cancellation of the lease agreement by the other party but subject to the provisions of the lease agreement and this article, or ~~(b)~~ (ii) if necessary to enforce the lessor's or lessee's other rights and remedies under this article; remove the goods from the real estate, free and clear of all conflicting interests of all owners and encumbrancers of the real estate, but the lessor or lessee must reimburse any encumbrancer or owner of the real estate who is not the lessee and who has not otherwise agreed for the cost of repair of any physical injury, but not for any diminution in value of the real estate caused by the absence of the goods removed or by

any necessity of replacing them. A person entitled to reimbursement may refuse permission to remove until the party seeking removal gives adequate security for the performance of this obligation.

(9) Even though the lease agreement does not create a security interest, the interest of a lessor of fixtures, *including the lessor's residual interest*, is perfected by filing a financing statement as a fixture filing for leased goods that are or are to become fixtures in accordance with the relevant provisions of the Article on Secured Transactions (article 9).

Sec. 7. [336.2A-311] [PRIORITY SUBJECT TO SUBORDINATION.]

*Nothing in this article prevents subordination by agreement by any person entitled to priority.*

Sec. 8. Minnesota Statutes 1990, section 336.2A-407, is amended to read:

336.2A-407 [IRREVOCABLE PROMISES: FINANCE LEASES.]

(1) In the case of a finance lease, the lessee's promises under the lease contract become irrevocable and independent upon the lessee's acceptance of the goods.

(2) A promise that has become irrevocable and independent under subsection (1):

(a) is effective and enforceable between the parties, and by or against third parties including assignees of the parties; and

(b) is not subject to cancellation, termination, modification, repudiation, excuse, or substitution without the consent of the party to whom the promise runs.

*(3) This section does not affect the validity under any other law of a covenant in any lease contract making the lessee's promises irrevocable and independent upon the lessee's acceptance of the goods.*

Sec. 9. Minnesota Statutes 1990, section 336.2A-501, is amended to read:

336.2A-501 [DEFAULT: PROCEDURE.]

(1) Whether the lessor or the lessee is in default under a lease contract is determined by the lease agreement and this article.

(2) If the lessor or the lessee is in default under the lease contract, the party seeking enforcement has rights and remedies as provided in this article and, except as limited by this article, as provided in the lease agreement.

(3) If the lessor or the lessee is in default under the lease contract, the party seeking enforcement may reduce the party's claim to judgment, or otherwise enforce the lease contract by self-help or any available judicial procedure or nonjudicial procedure, including administrative proceeding, arbitration, or the like, in accordance with this article.

(4) Except as otherwise provided in *section 336.1-106(1)* or this article or the lease agreement, the rights and remedies referred to in subsections (2) and (3) are cumulative.

(5) If the lease agreement covers both real property and goods, the party seeking enforcement may proceed under this part as to the goods, or under other applicable law as to both the real property and the goods in accordance

with ~~the~~ *that* party's rights and remedies in respect of the real property, in which case this part does not apply.

Sec. 10. Minnesota Statutes 1990, section 336.2A-503, is amended to read:

**336.2A-503 [MODIFICATION OR IMPAIRMENT OF RIGHTS AND REMEDIES.]**

(1) Except as otherwise provided in this article, the lease agreement may include rights and remedies for default in addition to or in substitution for those provided in this article and may limit or alter the measure of damages recoverable under this article.

(2) Resort to a remedy provided under this article or in the lease agreement is optional unless the remedy is expressly agreed to be exclusive. If circumstances cause an exclusive or limited remedy to fail of its essential purpose, or provision for an exclusive remedy is unconscionable, remedy may be had as provided in this article.

(3) Consequential damages may be liquidated under section 336.2A-504, or may otherwise be limited, altered, or excluded unless the limitation, alteration, or exclusion is unconscionable. Limitation, *alteration, or exclusion* of consequential damages for injury to the person in the case of consumer goods is *prima facie* unconscionable but limitation, *alteration, or exclusion* of damages where the loss is commercial is not *prima facie* unconscionable.

(4) Rights and remedies on default by the lessor or the lessee with respect to any obligation or promise collateral or ancillary to the lease contract are not impaired by this article.

Sec. 11. Minnesota Statutes 1990, section 336.2A-507, is amended to read:

**336.2A-507 [PROOF OF MARKET RENT: TIME AND PLACE.]**

(1) Damages based on market rent (section 336.2A-519 or 336.2A-528) are determined according to the rent for the use of the goods concerned for a lease term identical to the remaining lease term of the original lease agreement and prevailing at the ~~time of the default~~ *times specified in sections 336.2A-519 and 336.2A-528.*

(2) If evidence of rent for the use of the goods concerned for a lease term identical to the remaining lease term of the original lease agreement and prevailing at the times or places described in this article is not readily available, the rent prevailing within any reasonable time before or after the time described or at any other place or for a different lease term which in commercial judgment or under usage of trade would serve as a reasonable substitute for the one described may be used, making any proper allowance for the difference, including the cost of transporting the goods to or from the other place.

(3) Evidence of a relevant rent prevailing at a time or place or for a lease term other than the one described in this article offered by one party is not admissible unless and until the party has given the other party notice the court finds sufficient to prevent unfair surprise.

(4) If the prevailing rent or value of any goods regularly leased in any established market is in issue, reports in official publications or trade journals or in newspapers or periodicals of general circulation published as the

reports of that market are admissible in evidence. The circumstances of the preparation of the report may be shown to affect its weight but not its admissibility.

Sec. 12. Minnesota Statutes 1990, section 336.2A-508, is amended to read:

336.2A-508 [LESSEE'S REMEDIES.]

(1) If a lessor fails to deliver the goods in conformity to the lease contract (section 336.2A-509) or repudiates the lease contract (section 336.2A-402), or a lessee rightfully rejects the goods (section 336.2A-509) or justifiably revokes acceptance of the goods (section 336.2A-517), then with respect to any goods involved, and with respect to all of the goods if under an installment lease contract the value of the whole lease contract is substantially impaired (section 336.2A-510), the lessor is in default under the lease contract and the lessee may pursue any or all of the following remedies:

(a) cancel the lease contract (section 336.2A-505(1));

(b) recover so much of the rent and security as has been paid, ~~but in the case of an installment lease contract the recovery is that which~~ and is just under the circumstances;

(c) cover and recover damages as to all goods affected whether or not they have been identified to the lease contract (sections 336.2A-518 and 336.2A-520), or recover damages for nondelivery (sections 336.2A-519 and 336.2A-520);

*(d) exercise any other rights or pursue any other remedies provided in the lease contract.*

(2) If a lessor fails to deliver the goods in conformity to the lease contract or repudiates the lease contract, the lessee may also:

(a) if the goods have been identified, recover them (section 336.2A-522);  
or

(b) in a proper case, obtain specific performance or replevy the goods (section 336.2A-521).

(3) If a lessor is otherwise in default under a lease contract, the lessee may exercise the rights and *pursue the* remedies provided in the lease contract, *which may include a right to cancel the lease, and this article in section 336.2A-519(3).*

(4) If a lessor has breached a warranty, whether express or implied, the lessee may recover damages (section 336.2A-519(4)).

(5) On rightful rejection or justifiable revocation of acceptance, a lessee has a security interest in goods in the lessee's possession or control for any rent and security that has been paid and any expenses reasonably incurred in their inspection, receipt, transportation, and care and custody and may hold those goods and dispose of them in good faith and in a commercially reasonable manner, subject to ~~the provisions of~~ section 336.2A-527(5).

(6) Subject to the provisions of section 336.2A-407, a lessee, on notifying the lessor of the lessee's intention to do so, may deduct all or any part of the damages resulting from any default under the lease contract from any part of the rent still due under the same lease contract.

Sec. 13. Minnesota Statutes 1990, section 336.2A-516, is amended to

read:

336.2A-516 [EFFECT OF ACCEPTANCE OF GOODS; NOTICE OF DEFAULT; BURDEN OF ESTABLISHING DEFAULT AFTER ACCEPTANCE; NOTICE OF CLAIM OR LITIGATION TO PERSON ANSWERABLE OVER.]

(1) A lessee must pay rent for any goods accepted in accordance with the lease contract, with due allowance for goods rightfully rejected or not delivered.

(2) A lessee's acceptance of goods precludes rejection of the goods accepted. In the case of a finance lease, if made with knowledge of a nonconformity, acceptance cannot be revoked because of it. In any other case, if made with knowledge of a nonconformity, acceptance cannot be revoked because of it unless the acceptance was on the reasonable assumption that the nonconformity would be seasonably cured. Acceptance does not of itself impair any other remedy provided by this article or the lease agreement for nonconformity.

(3) If a tender has been accepted:

(a) within a reasonable time after the lessee discovers or should have discovered any default, the lessee shall notify the lessor and the supplier, if any, or be barred from any remedy *against the party not notified*;

(b) except in the case of a consumer lease, within a reasonable time after the lessee receives notice of litigation for infringement or the like (section 336.2A-211) the lessee shall notify the lessor or be barred from any remedy over for liability established by the litigation; and

(c) the burden is on the lessee to establish any default.

(4) If a lessee is sued for breach of a warranty or other obligation for which a lessor or a supplier is answerable over *the following apply*:

(a) The lessee may give the lessor or the supplier, *or both*, written notice of the litigation. If the notice states that the ~~lessor or the supplier~~ *person notified* may come in and defend and that if the ~~lessor or the supplier~~ *person notified* does not do so ~~the lessor or supplier~~ *that person* will be bound in any action against ~~the lessor or supplier~~ *that person* by the lessee by any determination of fact common to the two litigations, then unless the ~~lessor or the supplier~~ *person notified* after seasonable receipt of the notice does come in and defend ~~the lessor or supplier~~ *that person* is so bound.

(b) The lessor or the supplier may demand in writing that the lessee turn over control of the litigation including settlement if the claim is one for infringement or the like (section 336.2A-211) or else be barred from any remedy over. If the demand states that the lessor or the supplier agrees to bear all expense and to satisfy any adverse judgment, then unless the lessee after seasonable receipt of the demand does turn over control the lessee is so barred.

(5) ~~The provisions of Subsections (3) and (4) apply to any obligation of a lessee to hold the lessor or the supplier harmless against infringement or the like (section 336.2A-211).~~

Sec. 14. Minnesota Statutes 1990, section 336.2A-517, is amended to read:

336.2A-517 [REVOCAION OF ACCEPTANCE OF GOODS.]

(1) A lessee may revoke acceptance of a lot or commercial unit whose nonconformity substantially impairs its value to the lessee if the lessee has accepted it:

(a) except in the case of a finance lease, on the reasonable assumption that its nonconformity would be cured and it has not been seasonably cured; or

(b) without discovery of the nonconformity if the lessee's acceptance was reasonably induced either by the lessor's assurances or, except in the case of a finance lease, by the difficulty of discovery before acceptance.

(2) *Except in the case of a finance lease, a lessee may revoke acceptance of a lot or commercial unit if the lessor defaults under the lease contract and the default substantially impairs the value of that lot or commercial unit to the lessee.*

(3) *If the lease agreement so provides, the lessee may revoke acceptance of a lot or commercial unit because of other defaults by the lessor.*

(4) Revocation of acceptance must occur within a reasonable time after the lessee discovers or should have discovered the ground for it and before any substantial change in condition of the goods which is not caused by the nonconformity. Revocation is not effective until the lessee notifies the lessor.

~~(3)~~ (5) A lessee who so revokes has the same rights and duties with regard to the goods involved as if the lessee had rejected them.

Sec. 15. Minnesota Statutes 1990, section 336.2A-518, is amended to read:

336.2A-518 [COVER; SUBSTITUTE GOODS.]

(1) After a default by a lessor under the lease contract ~~of the type described in section 336.2A-508(1)~~, or, if agreed, after other default by the lessor, the lessee may cover by making any purchase or lease of or contract to purchase or lease goods in substitution for those due from the lessor.

(2) Except as otherwise provided with respect to damages liquidated in the lease agreement (section 336.2A-504) or otherwise determined by pursuant to agreement of the parties (~~section sections~~ 336.1-102(3) and 336.2A-503), if a lessee's cover is by a lease agreement substantially similar to the original lease agreement and the new lease agreement is made in good faith and in a commercially reasonable manner, the lessee may recover from the lessor as damages ~~(a)~~ (i) the present value, as of the date of default the commencement of the term of the new lease agreement, of the difference between the total rent for the lease term of under the new lease agreement and applicable to that period of the new lease term which is comparable to the then remaining term of the original lease agreement minus the present value as of the same date of the total rent for the then remaining lease term of the original lease agreement, and ~~(b)~~ (ii) any incidental or consequential damages, less expenses saved in consequence of the lessor's default.

(3) If a lessee's cover is by lease agreement that for any reason does not qualify for treatment under subsection (2), or is by purchase or otherwise, the lessee may recover from the lessor as if the lessee had elected not to cover and section 336.2A-519 governs.

Sec. 16. Minnesota Statutes 1990, section 336.2A-519, is amended to

read:

**336.2A-519 [LESSEE'S DAMAGES FOR NONDELIVERY, REPUDIATION, DEFAULT, AND BREACH OF WARRANTY IN REGARD TO ACCEPTED GOODS.]**

(1) Except as otherwise provided with respect to damages liquidated in the lease agreement (section 336.2A-504) or otherwise determined by pursuant to agreement of the parties (section sections 336.1-102(3) and 336.2A-503), if a lessee elects not to cover or a lessee elects to cover and the cover is by lease agreement that for any reason does not qualify for treatment under section 336.2A-518(2), or is by purchase or otherwise, the measure of damages for nondelivery or repudiation by the lessor or for rejection or revocation of acceptance by the lessee is the present value, as of the date of the default, of the difference between the then market rent and minus the present value as of the same date of the original rent, computed for the remaining lease term of the original lease agreement, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(2) Market rent is to be determined as of the place for tender or, in cases of rejection after arrival or revocation of acceptance, as of the place of arrival.

(3) Except as otherwise agreed, if the lessee has accepted goods and given notification (section 336.2A-516(3)), the measure of damages for nonconforming tender or delivery or other default by a lessor is the loss resulting in the ordinary course of events from the lessor's default as determined in any manner that is reasonable together with incidental and consequential damages, less expenses saved in consequence of the lessor's default.

(4) Except as otherwise agreed, the measure of damages for breach of warranty is the present value at the time and place of acceptance of the difference between the value of the use of the goods accepted and the value if they had been as warranted for the lease term, unless special circumstances show proximate damages of a different amount, together with incidental and consequential damages, less expenses saved in consequence of the lessor's default or breach of warranty.

Sec. 17. Minnesota Statutes 1990, section 336.2A-523, is amended to read:

**336.2A-523 [LESSOR'S REMEDIES.]**

(1) If a lessee wrongfully rejects or revokes acceptance of goods or fails to make a payment when due or repudiates with respect to a part or the whole, then, with respect to any goods involved, and with respect to all of the goods if under an installment lease contract the value of the whole lease contract is substantially impaired (section 336.2A-510), the lessee is in default under the lease contract and the lessor may pursue any or all of the following remedies:

(a) cancel the lease contract (section 336.2A-505(1));

(b) proceed respecting goods not identified to the lease contract (section 336.2A-524);

(c) withhold delivery of the goods and take possession of goods previously delivered (section 336.2A-525);

(d) stop delivery of the goods by any bailee (section 336.2A-526);

(e) dispose of the goods and recover damages (section 336.2A-527), or retain the goods and recover damages (section 336.2A-528), or in a proper case recover rent (section 336.2A-529);

(f) *exercise any other rights or pursue any other remedies provided in the lease contract.*

*(2) If a lessor does not fully exercise a right or obtain a remedy to which the lessor is entitled under subsection (1), the lessor may recover the loss resulting in the ordinary course of events from the lessee's default as determined in any reasonable manner, together with incidental damages, less expenses saved in consequence of the lessee's default.*

(3) If a lessee is otherwise in default under a lease contract, the lessor may exercise the rights and *pursue the remedies provided in the lease agreement and this article*, which may include a right to cancel the lease. *In addition, unless otherwise provided in the lease contract:*

*(a) if the default substantially impairs the value of the lease contract to the lessor, the lessor may exercise the rights and pursue the remedies provided in subsection (1) or (2); or*

*(b) if the default does not substantially impair the value of the lease contract to the lessor, the lessor may recover as provided in subsection (2).*

Sec. 18. Minnesota Statutes 1990, section 336.2A-525, is amended to read:

If the lease contract so provides, the lessor may require the lessee to assemble the goods and make them available to the lessor at a place to be designated by the lessor which is reasonably convenient to both parties. Without removal, the lessor may render unusable any goods employed in trade or business, and may dispose of goods on the lessee's premises (section 336.2A-527).*

(4) A subsequent buyer or lessee who buys or leases from the lessor in good faith for value as a result of a disposition under this section takes the goods free of the original lease contract and any rights of the original lessee even though the lessor fails to comply with one or more of the requirements of this article.

"Section 1. Minnesota Statutes 1990, section 275.50, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied in 1990 payable in 1991 and subsequent years, "special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) for taxes levied in 1990, payable in 1991 and subsequent years, pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. The aggregate amounts levied under this clause for the costs of purchase or delivery of social services and income maintenance programs, other than those identified in section 273.1398, subdivision 1, paragraph (i), are subject to a maximum increase over the amount levied for the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties. For purposes of this clause, "income maintenance programs" include income maintenance programs in section 273.1398, subdivision 1, paragraph (i), to the extent the county provides benefits under those programs over the statutory mandated standards. Effective with taxes levied in 1990, the portion of this special levy for human service programs identified in section 273.1398, subdivision 1, paragraph (i), is eliminated;

(b) pay the costs of principal and interest on bonded indebtedness except on bonded indebtedness issued under section 471.981, subdivisions 4 to 4c, or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(c) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency; and to pay the cost for certificates of indebtedness issued pursuant to sections 298.28 and 298.282;

(d) fund the payments made to the Minnesota state armory building commission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(e) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(f) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(g) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(h) pay amounts required by law to be paid to pay the interest on and to reduce the unfunded accrued liability of public pension funds in accordance with the actuarial standards and guidelines specified in sections 356.215 and 356.216 reduced by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(i) to compensate the state for the cost of a reassessment ordered by the commissioner of revenue pursuant to section 270.16;

(j) pay the debt service on tax increment financing revenue bonds to the extent that revenue to pay the bonds or to maintain reserves for the bonds is insufficient as a result of the provisions of Laws 1988, chapter 719, article 5;

(k) pay the cost of hospital care under section 261.21;

(l) pay the unreimbursed costs incurred in the previous year to satisfy judgments rendered against the governmental subdivision by a court of competent jurisdiction in any tort action, or to pay the costs of settlements out of court against the governmental subdivision in a tort action when substantiated by a stipulation for the dismissal of the action filed with the court of competent jurisdiction and signed by both the plaintiff and the legal representative of the governmental subdivision, provided that an appeal for the unreimbursed costs under this clause was approved by the commissioner of revenue under section 275.51, subdivision 3;

(m) pay the expenses reasonably and necessarily incurred in preparing for or repairing the effects of natural disaster including the occurrence or threat of widespread or severe damage, injury, or loss of life or property resulting from natural causes such as earthquake, fire, flood, wind storm, wave action, oil spill, water contamination, air contamination, or drought in accordance with standards formulated by the emergency services division of the state department of public safety, provided that an appeal for the expenses incurred under this clause were approved by the commissioner of

revenue under section 275.51, subdivision 3;

(n) pay a portion of the losses in tax receipts to a city due to tax abatements or court actions in the year preceding the current levy year, provided that an appeal for the tax losses was approved by the commissioner of revenue under section 275.51, subdivision 3. This special levy is limited to the amount of the losses times the ratio of the nonspecial levies to total levies for taxes payable in the year the abatements were granted. County governments are not authorized to claim this special levy;

(o) pay the operating cost of regional library services authorized under section 134.34, subject to a maximum increase over the previous year of the greater of (1) 103 percent multiplied by one plus the percentage increase determined for the governmental subdivision under section 275.51, subdivision 3h, clause (b), or (2) six percent. If a governmental subdivision elected to include some or all of its levy for libraries within its adjusted levy limit base in the prior year, but elects to claim the levy as a special levy in the current levy year, the allowable increase is determined by applying the greater percentage determined under clause (1) or (2) to the total amount levied for libraries in the prior levy year. After levy year 1989, the increase must not be determined using a base amount other than the amount that could have been levied as a special levy in the prior year. This limit may be redistributed according to the provisions of section 134.342. In no event shall the special levy be less than the minimum levy required under sections 134.33 and 134.34, subdivisions 1 and 2;

(p) pay the amount of the county building fund levy permitted under section 373.40, subdivision 6;

(q) pay the county's share of the costs levied in 1989, 1990, and 1991 for the Minnesota cooperative soil survey under Minnesota Statutes 1988, section 40.07, subdivision 15;

(r) for taxes levied in 1989, payable in 1990 only, pay the cost incurred for the minimum share required by counties levying for the first time under section 134.34 as required under section 134.341. For taxes levied in 1990, and thereafter, counties levying under this provision must levy under clause (o), and their allowable increase must be determined with reference to the amount levied in 1989 under this paragraph;

~~(s) for taxes levied in 1989, payable in 1990 only, provide an amount equal to 50 percent of the estimated amount of the reduction in aids to a county under sections 273.1398, subdivision 2, paragraph (d), and 477A.012, subdivision 3, for aids payable in 1990;~~

~~(t) for taxes levied in 1990 only by a county in the eighth judicial district, provide an amount equal to the amount of the levy, if any, that is required under Laws 1989, chapter 335, article 3, section 54, subdivision 8, as amended by Laws 1990, chapter 604, article 9, section 14;~~

~~(u) for taxes levied in 1989, payable in 1990 only, pay the costs not reimbursed by the state or federal government;~~

(i) for the costs of purchase or delivery of social services. The aggregate amounts levied under this item are subject to a maximum increase over the amount levied in the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties.

(ii) for payments made to or on behalf of recipients of aid under any public assistance program authorized by law. The aggregate amounts levied under this item are subject to a maximum increase over the amount levied in the previous year of 12 percent and must be used only for the public assistance programs.

If the amount levied under this paragraph ~~(s)~~ (s) in 1989 is less than the actual expenditures needed for these programs for 1990, the difference between the actual expenditures and the amount levied may be levied in 1990 as a special levy. If the amount levied in 1989 is greater than the actual expenditures needed for these programs for 1990, the difference between the amount levied and the actual expenditures shall be deducted from the 1990 levy limit, payable in 1991;

~~(t)~~ (t) pay an amount of up to 25 percent of the money sought for distribution and approved under section 115A.557, subdivision 3, paragraph (b), clause (3);

~~(u)~~ (u) pay the unreimbursed costs of per diem jail or correctional facilities services paid by the county in the previous 12-month period ending on July 1 of the current year provided that the county is operating under a department of corrections directive that limits the capacity of a county jail as authorized in section 641.01 or 641.262, or a correctional facility as defined in section 241.021, subdivision 1, paragraph (5);

~~(v)~~ (v) for taxes levied in 1990 and 1991, payable in 1991 and 1992 only, pay the operating or maintenance costs of a county jail as authorized in section 641.01 or 641.262, or of a correctional facility as defined in section 241.021, subdivision 1, paragraph (5), to the extent that the county can demonstrate to the commissioner of revenue that the amount has been included in the county budget as a direct result of a rule, minimum requirement, minimum standard, or directive of the department of corrections. If the county utilizes this special levy, any amount levied by the county in the previous levy year for the purposes specified under this clause and included in the county's previous year's levy limitation computed under section 275.51, shall be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the county's current year levy limitation. The county shall provide the necessary information to the commissioner of revenue for making this determination;

~~(w)~~ (w) for taxes levied in 1990, payable in 1991 only, pay an amount equal to the unreimbursed county costs paid in 1989 and 1990 for the purpose of grasshopper control; and, for taxes levied in 1991 payable in 1992 only, pay an amount equal to the unreimbursed county costs paid in 1991 for the purpose of grasshopper control;

~~(x)~~ (x) for a county, provide an amount needed to fund comprehensive local water implementation activities under sections 103B.3361 to 103B.3369 as provided in this clause.

A county may levy an amount not to exceed the water implementation local tax rate times the adjusted net tax capacity of the county for the preceding year. The water implementation local tax rate shall be set by August 1 each year by the commissioner of revenue for taxes payable in the following year. As used in this paragraph, the "adjusted net tax capacity of the county" means the net tax capacity of the county as equalized by the commissioner of revenue based upon the results of an assessment/sales

ratio study. That rate shall be the rate, rounded up to the nearest one-thousandth of a percent, that, when applied to the adjusted net tax capacity for all counties, raises the amount specified in this clause. The water implementation local tax rate for taxes levied in 1990 shall be the rate that raises \$1,500,000 and the rate for taxes levied in 1991 shall be the rate that raises \$1,500,000. A county must levy a tax at the rate established under this clause to qualify for a grant from the board of water and soil resources under section 103B.3369, subdivision 5;

~~(aa)~~ (y) pay the unreimbursed county costs for court-ordered family-based services and court-ordered out-of-home placement for children to the extent that the county can demonstrate to the commissioner of revenue that the estimated amount included in the county's budget for the following levy year is for the purposes specified under this clause. For purposes of this special levy, costs for "family-based services" and "out-of-home placement" means costs resulting from court-ordered targeted family services designed to avoid out-of-home placement and from court-ordered out-of-home placement under the provisions of sections 260.172 and 260.191, which are unreimbursed by the state or federal government, insurance proceeds, or parental or child obligations. Any amount levied under this clause must only be used by the county for the purposes specified in this clause.

If the county uses this special levy and the county levied an amount in the previous levy year, for the purposes specified under this clause, under another special levy or under the levy limitation in section 275.51, the following adjustments must be made:

(i) The amount levied in the previous levy year for the purposes specified under this clause under the levy limitation in section 275.51 must be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the current year levy limitation.

(ii) The amount levied in the previous levy year, for the purposes specified under clause (a) or (u) must be deducted from the previous year's amount used to calculate the maximum amount allowable under clause (a) in the current levy year; **and**

~~(bb)~~ (z) pay the amounts allowed as special levies under Laws 1989, First Special Session chapter 1, article 5, section 50, and subdivisions 5a and 5b; **and**

*(aa) for taxes levied in 1991, payable in 1992 only, provide an amount equal to 50 percent of the estimated amount of the reduction in aids payable in 1992 to a county located in the third or sixth judicial district for public defense services in juvenile and misdemeanor cases under section 477A.012, subdivision 6.*

Sec. 2. Minnesota Statutes 1990, section 275.51, subdivision 3f, is amended to read:

Subd. 3f. [LEVY LIMIT BASE.] (a) The property tax levy limit base for governmental subdivisions for taxes levied in 1988 shall be equal to the total actual levy for taxes payable in 1988 with additions and subtractions as specified in paragraphs (b) and (c).
