*In addition to other bonding authority, with approval of the commissioner, independent school districts No. 393, LeSueur, No. 508, St. Peter, and No. 734, Henderson, may issue bonds for certain capital projects under this section. The bonds must be used only to make capital improvements including equipping school buildings, improving handicapped accessibility to school buildings, and bringing school buildings into compliance with fire codes.*

*Before a district issues bonds under this subdivision, it must publish notice of the intended projects, related costs, and the total amount of district indebtedness.*

*A bond issue tentatively authorized by the board under this subdivision becomes finally authorized unless a petition signed by more than 15 percent of the registered voters of the school district is filed with the school board within 30 days of the board’s action. The percentage is to be determined with reference to the number of registered voters in the school district on the last day before the petition is filed with the school board. The petition must call for a referendum on the question of whether to issue the bonds for the projects under this section. The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this section.*

*The bonds may be issued in a principal amount that, when combined with interest thereon, will be paid off with 50 percent of current and anticipated revenue for capital facilities under this section or a successor section for the current year plus projected revenue not greater than the current year for the next ten years. Once finally authorized, the district must set aside 50 percent of the current year’s revenue for capital facilities under this section or a successor section each year in a separate account until all principal and interest on the bonds is paid. The district must annually transfer this amount from its capital fund to the debt redemption fund. The bonds must be paid off within ten years of issuance. The bonds must be issued in compliance with Minnesota Statutes, chapter 475, except as otherwise provided in this section.”*

Subd. 6. [BUDGET AND CASH FLOW RESERVE ACCOUNT.] A budget and cash flow reserve account is created in the general fund in the state treasury. The commissioner of finance shall, as authorized from time to time by law, restrict part or all of the budgetary balance in the general fund for use as the budget and cash flow reserve account. The commissioner of finance shall transfer ~~to~~ *from* the budget and cash flow reserve account ~~such amounts as are available~~ *the amount necessary* to bring the total amount, including any existing balance in the account on June 30, ~~1989~~ 1991, to ~~\$550,000,000~~ \$300,000,000. The amounts restricted shall remain in the account until drawn down under subdivision 1 or increased under section 16A.1541.

Sec. 2. [16A.711] [PROPERTY TAX RELIEF ACCOUNT.]

*Subdivision 1. [CREATION.] The commissioner shall deposit to the credit of a dedicated property tax relief account within the general fund all money available under section 297A.44, subdivision 1, paragraph (e). The money in the account must be used only for property tax relief as described in subdivision 3, clause (2), or to repay advances made by the general fund, as provided under subdivision 4.*

*Subd. 2. [APPROPRIATION.] The money to be paid by law from the property tax relief account is appropriated annually.*

*Subd. 3. [ESTIMATES; REDUCTION OF PAYMENTS.] (a) At the beginning of each fiscal year the commissioner, in consultation with the commissioner of revenue, shall estimate for the fiscal year:*

*(1) the amount of revenues to be credited to the account under section 297A.44 or other law; and*

*(2) the payments authorized to be made under chapter 273, other than sections 273.119, 273.136, and 273.1398, subdivision 5b, and under chapter 477A, other than sections 477A.012, subdivision 2, and 477A.13.*

*If the estimated payments exceed the estimated receipts of the account, the appropriations from the account to each program are reduced as provided in section 3, unless otherwise provided by law.*

*If the estimated receipts of the account exceed the estimated payments by \$1,000,000 or more, the appropriation from the account to each inter-governmental aid program is increased as provided in section 3. The aid*

*paid to each local government under the program shall be increased proportionately unless otherwise provided by law.*

*(b) If as a result of changes in economic conditions or if information becomes available that indicates changes either in receipts or payments from the account, the commissioner may at other times estimate the amount of receipts or payments and reduce or restore the appropriations under paragraph (a).*

*Subd. 4. [GENERAL FUND ADVANCES.] If the money in the account is insufficient to make payments on the dates provided by law, but the commissioner estimates receipts for the fiscal year will be sufficient, the commissioner shall advance money from the general fund to the account necessary to make the payments. On or before the close of the biennium the account shall repay the advances with interest, calculated at the rate of earnings on invested treasurer's cash, to the general fund.*

Sec. 3. Minnesota Statutes 1990, section 477A.014, is amended by adding a subdivision to read:

*Subd. 1a. [ADJUSTMENTS FOR PROPERTY TAX RELIEF ACCOUNT REVENUES.] If the amount appropriated under section 2 for the payments authorized to be made under chapter 273, other than sections 273.119, 273.136, and 273.1398, subdivision 5b, and under chapter 477A, other than sections 477A.012, subdivision 2, and 477A.13 is less than or greater than the amounts certified to be paid by the commissioner of revenue, the aids will be reduced or increased in the following manner unless otherwise provided for in law.*

*Each city's, county's, town's, and special taxing district's aids will be reduced or increased by the product of its revenue base and the reduction percentage. In the case of an aid reduction, the reduction is first applied to the local government aid amount under chapter 477A. If the aid reduction is greater than the local government aid amount, the remaining reduction amount is then applied to the local government's homestead and agricultural credit aid, and then if necessary, to its disparity reduction aid. In the case of an aid increase, the increase will be added to the local government aid amount. The aid reduction or increase will be split equally between the July and December aid payments each year.*

*If the commissioner estimates an additional reduction or increase in appropriations for these programs after the July aid payment but before the December payment, the December aid payments to local governments for these programs will be reduced or increased proportionately.*

Sec. 4. Minnesota Statutes 1990, section 273.11, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] Except as provided in subdivisions 6, 8, ~~and 9,~~ and 11 or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under \$100 is rounded up to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. The assessor shall take into account the effect on the market value of property of environmental factors in the vicinity

of the property. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, the fact that such property is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the valuation of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, that lot or any single contiguous lot fronting on the same street shall be eligible for revaluation. All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 5. Minnesota Statutes 1990, section 273.11, is amended by adding a subdivision to read:

*Subd. 11. [LOW-INCOME HOUSING.] In addition to the normal market value determination, a special market value for properties classified under section 273.13, subdivision 25, paragraph (c), clauses (1), item (ii), (3) and (4), which have applied to the assessor for treatment under this subdivision, shall be determined as provided in this subdivision. The owner may apply annually to the assessor for valuation under this subdivision. If a limited dividend entity owns the property, it must include as the managing general partner a nonprofit organization operating under the provisions of chapter 317A and qualifying under section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1990, and the limited partnership agreement must provide that the managing general partner has sufficient powers so that it materially participates in the management and control of the limited dividend entity. The value shall be determined by capitalizing the net operating income derived from actual restricted rents and standardized expenses which are from time to time determined by the housing finance agency for similar projects. Net operating incomes must be greater than zero. The special market value shall be used to compute the taxes owing only on that portion of the structure occupied by low-income, elderly, or handicapped persons or low- and moderate-income families as defined in the applicable laws. The manager of properties valued under this subdivision must demonstrate annually to the assessor that tax savings realized by use of this method of valuation have inured to the tenants, with not less than 70 percent of the tax savings to be used for reduced rents, improved maintenance, capital improvements, or capital reserves. Capital reserves must be in accordance with agreements approved by the governmental regulatory authority. An amount not to exceed 30 percent must be used for other tenant services including, but not limited to, self-sufficiency services, job counseling, and education programs. After the first year, certification that the funds have been spent as required shall be made by an independent auditor performing the financial audit or review on the property as required by the regulatory authority. A copy of the certification must be submitted to the assessor by May 30 of each year. If the assessor determines upon review of the certification that the benefit has not inured*

*to the tenants, the property shall be subject to additional property taxes in the amount of triple the difference between the taxes determined in accordance with this subdivision and the amount of tax payable on the property if it were valued according to subdivision 1 and classified according to section 273.13, subdivision 25, paragraph (a) or (b), as appropriate for those years in which the benefit of the tax savings did not inure to the tenants.*

Sec. 6. Minnesota Statutes 1990, section 273.124, subdivision 7, is amended to read:

Subd. 7. [LEASED BUILDINGS OR LAND.] For purposes of class 1 determinations, homesteads include:

(a) buildings and appurtenances owned and used by the occupant as a permanent residence which are located upon land the title to which is vested in a person or entity other than the occupant;

(b) all buildings and appurtenances located upon land owned by the occupant and used for the purposes of a homestead together with the land upon which they are located, if all of the following criteria are met:

- (1) the occupant is using the property as a permanent residence;
- (2) the occupant is paying the property taxes and any special assessments levied against the property;
- (3) the occupant has signed a lease which has an option to purchase the buildings and appurtenances;
- (4) the term of the lease is at least five years; and
- (5) the occupant has made a down payment of at least \$5,000 in cash if the property was purchased by means of a contract for deed or subject to a mortgage; and

*(c)(i) buildings and appurtenances, together with the land upon which they are located, leased by the occupant under a lease-purchase program administered by the Minnesota housing finance agency or a city, provided the occupant's income is no greater than 60 percent of the county or area median income and the building consists of existing single family or duplex housing. The lease agreement must provide for a portion of the lease payment to be escrowed as a down payment on the housing. For purposes of this subdivision, "city" has the meaning given in section 462C.02, subdivision 6;*

*(ii) buildings and appurtenances, together with the land upon which they are located, leased by the occupant under the community lending model lease-purchase mortgage loan program administered by the Federal National Mortgage Association, provided the occupant's income is no greater than 60 percent of the county or area median income and the building consists of existing single family or duplex housing. The lease agreement must provide for a portion of the lease payment to be escrowed as a down payment on the housing; or*

*(iii) federally acquired buildings and appurtenances, together with the land upon which they are located that is leased to a nonprofit corporation organized under chapter 317A that qualifies for tax exempt status under United States Code, title 26, section 501(c), or a housing and redevelopment authority authorized under sections 469.001 to 469.047; the purpose of the lease must be to allow the nonprofit corporation to provide transitional*

*housing for homeless persons under the program established in Code of Federal Regulations, title 55, section 49489. As used in this subdivision, "transitional housing" has the meaning given in section 268.38, subdivision 1. If the property is purchased from the federal government by the nonprofit corporation for the purpose of continuing to provide transitional housing after the expiration of the lease, the property shall continue to be eligible for this classification.*

Any taxpayer meeting all the requirements of this paragraph must notify the county assessor, or the assessor who has the powers of the county assessor pursuant to section 273.063, in writing, as soon as possible after signing the lease agreement and occupying the buildings as a homestead.

Sec. 7. Minnesota Statutes 1990, section 273.124, subdivision 9, is amended to read:

Subd. 9. [HOMESTEAD ESTABLISHED AFTER ASSESSMENT DATE.] Any property that was not used for the purpose of a homestead on the assessment date, but which was used for the purpose of a homestead by June 1 of a year, constitutes class 1 or class 2a.

Any taxpayer meeting the requirements of this subdivision must notify the county assessor, or the assessor who has the powers of the county assessor pursuant to section 273.063, in writing, prior to June 15 of the year of occupancy in order to qualify under this subdivision. *The assessor must not deny full homestead treatment to a property that is partially homesteaded on January 2 but occupied for the purpose of a full homestead by June 1 of a year.*

The county assessor and the county auditor may make the necessary changes on their assessment and tax records to provide for proper homestead classification as provided in this subdivision.

The owner of any property qualifying under this subdivision, which has not been accorded the benefits of this subdivision, regardless of whether or not the notification has been timely filed, may be entitled to receive homestead classification by proper application as provided in section 270.07 or 375.192.

The county assessor shall publish in a newspaper of general circulation within the county no later than June 1 of each year a notice informing the public of the requirement to file an application for homestead prior to June 15.

Sec. 8. Minnesota Statutes 1990, section 273.13, subdivision 22, is amended to read:

Subd. 22. [CLASS 1.] (a) Except as provided in subdivision 23, real estate which is residential and used for homestead purposes is class 1. The market value of class 1a property must be determined based upon the value of the house, garage, and land.

The market value of class 1a property that exceeds \$68,000 but does not exceed \$110,000 has a class rate of two percent of its market value. The market value of class 1a property that exceeds \$110,000 has a class rate of ~~three~~ 2.7 percent of its market value *for taxes payable in 1992, 2.4 percent for taxes payable in 1993, and 2 percent for taxes payable in 1994 and thereafter.*

Classification pursuant to this clause is limited to a term of 15 years.

For all properties described in clauses (1), (2), and (3) and in paragraph (d), the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents *unless the owner of the property elects to have the property assessed under section 273.11, subdivision 11. (d) “*Project*” means a project for residential rental property. A project consists of a single building and must include the entire residential part of the building. (f) “*Rent restricted units*” means rent restricted units as defined and limited by section 42(g)(2) of the Internal Revenue Code.

The additional tax is equal to the tax which would have been imposed if this section had not been applied, and the tax actually imposed, during the period of noncompliance. The additional tax must be extended against the property on the tax list for the current year. No interest or penalties may be levied on additional taxes if timely paid. The tax imposed by this subdivision is a lien upon the property assessed to the same extent and for the same duration as other taxes imposed on the property.*

This subdivision shall not apply to any increase in the gross property taxes payable attributable to improvements made to the homestead after the assessment date for the prior year's taxes.

(b) For purposes of this subdivision, the following terms have the meanings given:

(1) "Net property taxes payable" means property taxes payable after reductions made under sections 273.13, subdivisions 22 and 23; 273.132;

273.135; 273.1391; and 273.42, subdivision 2, and any other state paid property tax credits and after the deduction of tax refund amounts for which the claimant qualifies pursuant to subdivision 2 and this subdivision.

(2) "Gross property taxes" means net property taxes payable determined without regard to the refund allowed under this subdivision.

(c) In addition to the other proofs required by this chapter, each claimant under this subdivision shall file with the property tax refund return a copy of the property tax statement for taxes payable in the preceding year or other documents required by the commissioner.

On or before December 1, 1990, and December 1 of each of the following three years, the commissioner shall estimate the cost of making the payments provided by this subdivision for taxes payable in the following year. Notwithstanding the open appropriation provision of section 290A.23, if the estimated total refund claims exceed the following amounts for the taxes payable year designated, the commissioner shall increase the dollar amount of tax increase which must occur before a taxpayer qualifies for a refund so that the estimated total refund claims do not exceed the appropriation limit.

Taxes payable in:	Appropriation limit
1991	\$13,000,000
1992	<del>\$6,500,000</del> \$30,000,000
1993	\$6,000,000
1994	\$5,500,000

The determinations of the revised thresholds by the commissioner are not rules subject to chapter 14.

Sec. 12. Laws 1990, chapter 604, article 3, section 46, subdivision 1, is amended to read:

### ARTICLE 3

#### LEVY LIMITS AND AUTHORIZATIONS

Section 1. Minnesota Statutes 1990, section 275.50, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied in 1990 payable in 1991 and subsequent years, "special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) for taxes levied in 1990, payable in 1991 and subsequent years, pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. The aggregate amounts levied under this clause for the costs of purchase or delivery of social services and income maintenance programs, other than those identified in section 273.1398, subdivision 1, paragraph ~~(j)~~ (k), are subject to a maximum increase over the amount levied for the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties. For purposes of this clause, "income maintenance programs" include income maintenance programs in section 273.1398, subdivision 1, paragraph ~~(j)~~ (k), to the extent the county provides benefits under those programs over the statutory mandated standards. Effective with taxes levied in 1990, the portion of this special levy for human service programs identified in section 273.1398, subdivision 1, paragraph ~~(j)~~ (k), is eliminated;

(b) pay the costs of principal and interest on bonded indebtedness except on bonded indebtedness issued under section 471.981, subdivisions 4 to 4c, or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(c) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency; and to pay the cost for certificates of indebtedness issued pursuant to sections 298.28 and 298.282;

(d) fund the payments made to the Minnesota state armory building commission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(e) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(f) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(g) pay amounts required to correct for an error of omission in the levy

certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(h) pay amounts required by law to be paid to pay the interest on and to reduce the unfunded accrued liability of public pension funds in accordance with the actuarial standards and guidelines specified in sections 356.215 and 356.216 reduced by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(i) to compensate the state for the cost of a reassessment ordered by the commissioner of revenue pursuant to section 270.16;

(j) pay the debt service on tax increment financing revenue bonds to the extent that revenue to pay the bonds or to maintain reserves for the bonds is insufficient as a result of the provisions of Laws 1988, chapter 719, article 5;

(k) pay the cost of hospital care under section 261.21;

(l) pay the unreimbursed costs incurred in the previous year to satisfy judgments rendered against the governmental subdivision by a court of competent jurisdiction in any tort action, or to pay the costs of settlements out of court against the governmental subdivision in a tort action when substantiated by a stipulation for the dismissal of the action filed with the court of competent jurisdiction and signed by both the plaintiff and the legal representative of the governmental subdivision, provided that an appeal for the unreimbursed costs under this clause was approved by the commissioner of revenue under section 275.51, subdivision 3;

(m) pay the expenses reasonably and necessarily incurred in preparing for or repairing the effects of natural disaster including the occurrence or threat of widespread or severe damage, injury, or loss of life or property resulting from natural causes such as earthquake, fire, flood, wind storm, wave action, oil spill, water contamination, air contamination, or drought in accordance with standards formulated by the emergency services division of the state department of public safety, provided that an appeal for the expenses incurred under this clause were approved by the commissioner of revenue under section 275.51, subdivision 3;

(n) pay a portion of the losses in tax receipts to a city due to tax abatements or court actions in the year preceding the current levy year, provided that an appeal for the tax losses was approved by the commissioner of revenue under section 275.51, subdivision 3. This special levy is limited to the amount of the losses times the ratio of the nonspecial levies to total levies for taxes payable in the year the abatements were granted. County governments are not authorized to claim this special levy;

(o) pay the operating cost of regional library services authorized under

section 134.34, subject to a maximum increase over the previous year of the greater of (1) 103 percent multiplied by one plus the percentage increase determined for the governmental subdivision under section 275.51, subdivision 3h, clause (b), or (2) six percent. If a governmental subdivision elected to include some or all of its levy for libraries within its adjusted levy limit base in the prior year, but elects to claim the levy as a special levy in the current levy year, the allowable increase is determined by applying the greater percentage determined under clause (1) or (2) to the total amount levied for libraries in the prior levy year. After levy year 1989, the increase must not be determined using a base amount other than the amount that could have been levied as a special levy in the prior year. This limit may be redistributed according to the provisions of section 134.342. In no event shall the special levy be less than the minimum levy required under sections 134.33 and 134.34, subdivisions 1 and 2;

(p) pay the amount of the county building fund levy permitted under section 373.40, subdivision 6;

(q) pay the county's share of the costs levied in 1989, 1990, and 1991 for the Minnesota cooperative soil survey under Minnesota Statutes 1988, section 40.07, subdivision 15;

(r) for taxes levied in 1989, payable in 1990 only, pay the cost incurred for the minimum share required by counties levying for the first time under section 134.34 as required under section 134.341. For taxes levied in 1990, and thereafter, counties levying under this provision must levy under clause (o), and their allowable increase must be determined with reference to the amount levied in 1989 under this paragraph;

(s) for taxes levied in 1989, payable in 1990 only, provide an amount equal to 50 percent of the estimated amount of the reduction in aids to a county under sections 273.1398, subdivision 2, paragraph (d), and 477A.012, subdivision 3, for aids payable in 1990;

(t) for taxes levied in 1990 only by a county in the eighth judicial district, provide an amount equal to the amount of the levy, if any, that is required under Laws 1989, chapter 335, article 3, section 54, subdivision 8, as amended by Laws 1990, chapter 604, article 9, section 14;

(u) for taxes levied in 1989, payable in 1990 only, pay the costs not reimbursed by the state or federal government:

(i) for the costs of purchase or delivery of social services. The aggregate amounts levied under this item are subject to a maximum increase over the amount levied in the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties.

(ii) for payments made to or on behalf of recipients of aid under any public assistance program authorized by law. The aggregate amounts levied under this item are subject to a maximum increase over the amount levied in the previous year of 12 percent and must be used only for the public assistance programs.

If the amount levied under this paragraph (u) in 1989 is less than the actual expenditures needed for these programs for 1990, the difference between the actual expenditures and the amount levied may be levied in 1990 as a special levy. If the amount levied in 1989 is greater than the

actual expenditures needed for these programs for 1990, the difference between the amount levied and the actual expenditures shall be deducted from the 1990 levy limit, payable in 1991;

(v) pay an amount of up to 25 percent of the money sought for distribution and approved under section 115A.557, subdivision 3, paragraph (b), clause (3);

(w) pay the unreimbursed costs of per diem jail or correctional facilities services paid by the county in the previous 12-month period ending on July 1 of the current year provided that the county is operating under a department of corrections directive that limits the capacity of a county jail as authorized in section 641.01 or 641.262, or a correctional facility as defined in section 241.021, subdivision 1, paragraph (5);

(x) for taxes levied in 1990 and 1991, payable in 1991 and 1992 only, pay the operating or maintenance costs of a county jail as authorized in section 641.01 or 641.262, or of a correctional facility as defined in section 241.021, subdivision 1, paragraph (5), to the extent that the county can demonstrate to the commissioner of revenue that the amount has been included in the county budget as a direct result of a rule, minimum requirement, minimum standard, or directive of the department of corrections. If the county utilizes this special levy, any amount levied by the county in the previous levy year for the purposes specified under this clause and included in the county's previous year's levy limitation computed under section 275.51, shall be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the county's current year levy limitation. The county shall provide the necessary information to the commissioner of revenue for making this determination;

(y) for taxes levied in 1990, payable in 1991 only, pay an amount equal to the unreimbursed county costs paid in 1989 and 1990 for the purpose of grasshopper control; and, for taxes levied in 1991 payable in 1992 only, pay an amount equal to the unreimbursed county costs paid in 1991 for the purpose of grasshopper control;

(z) for a county, provide an amount needed to fund comprehensive local water implementation activities under sections 103B.3361 to 103B.3369 as provided in this clause.

A county may levy an amount not to exceed the water implementation local tax rate times the adjusted net tax capacity of the county for the preceding year. The water implementation local tax rate shall be set by August 1 each year by the commissioner of revenue for taxes payable in the following year. As used in this paragraph, the "adjusted net tax capacity of the county" means the net tax capacity of the county as equalized by the commissioner of revenue based upon the results of an assessment/sales ratio study. That rate shall be the rate, rounded up to the nearest one-thousandth of a percent, that, when applied to the adjusted net tax capacity for all counties, raises the amount specified in this clause. The water implementation local tax rate for taxes levied in 1990 shall be the rate that raises \$1,500,000 and the rate for taxes levied in 1991 shall be the rate that raises \$1,500,000. A county must levy a tax at the rate established under this clause to qualify for a grant from the board of water and soil resources under section 103B.3369, subdivision 5;

(aa) pay the unreimbursed county costs for court-ordered family-based services and court-ordered out-of-home placement for children to the extent

that the county can demonstrate to the commissioner of revenue that the estimated amount included in the county's budget for the following levy year is for the purposes specified under this clause. For purposes of this special levy, costs for "family-based services" and "out-of-home placement" means costs resulting from court-ordered targeted family services designed to avoid out-of-home placement and from court-ordered out-of-home placement under the provisions of sections 260.172 and 260.191, which are unreimbursed by the state or federal government, insurance proceeds, or parental or child obligations. Any amount levied under this clause must only be used by the county for the purposes specified in this clause.

If the county uses this special levy and the county levied an amount in the previous levy year, for the purposes specified under this clause, under another special levy or under the levy limitation in section 275.51, the following adjustments must be made:

(i) The amount levied in the previous levy year for the purposes specified under this clause under the levy limitation in section 275.51 must be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the current year levy limitation.

(ii) The amount levied in the previous levy year, for the purposes specified under clause (a) or (u) must be deducted from the previous year's amount used to calculate the maximum amount allowable under clause (a) in the current levy year; ~~and~~

(bb) pay the amounts allowed as special levies under Laws 1989, First Special Session chapter 1, article 5, section 50, and subdivisions 5a and 5b; ~~and~~

*(cc) for taxes levied in 1991 only, pay the costs reasonably expected to be incurred in 1992 related to the redistricting of election districts and establishment of election precincts pursuant to sections 204B.135 and 204B.14, the notices required by section 204B.14, subdivision 4, and the reassignment of voters in the statewide registration system, not to exceed \$2 per capita.*

(1) Goodhue county for the county historical society as provided in Laws 1990, chapter 604, article 3, section 50;

## ARTICLE 4

## TRUTH IN TAXATION

Section 1. Minnesota Statutes 1990, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver on or before November 10 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year as required in paragraph (d) or (e) and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail. ~~It must state the time and place for the continuation of the hearing if the hearing is not completed on the original date.~~

(d) Except as provided in paragraph (e), for taxes levied in 1990 and 1991, the notice must state by county, city or town, and school district:

(1) the total proposed or, for a town, final property tax levy for taxes payable the following year after reduction for state aid;

(2) the percentage increase or decrease from the actual property tax levy for taxes payable in the current year; and

(3) for counties, cities, and towns, the increase or decrease in population from the second previous calendar year to the immediately prior calendar year, and for school districts, the increase or decrease in the number of pupils in average daily membership from the ~~second previous~~ *current* school year to the immediately ~~prior~~ *following* school year as determined by the commissioner of education. The data used to determine the increase or decrease in population under this clause must be the data used for purposes of the population adjustment to the levy limit base of the county, city, or town under section 275.51, subdivision 6.

*The notice must also state a total proposed percentage increase or decrease in the proposed levies for taxes payable the following year from the actual property tax levy for taxes payable in the current year for the county, city or town, and school district. The county auditor shall compute the total percentage increase or decrease as an average percentage change weighted in proportion to each taxing jurisdiction's proportion of the total levy.*

For purposes of this paragraph, "proposed property taxes after reduction for state aid" means the taxing authority's levy certified under section 275.07, subdivision 1.

(e) In the case of a county containing a city of the first class, or taxing authority lying wholly within a county or counties containing a city of the first class, for taxes levied in 1991, and thereafter, and for all counties for

taxes levied in 1992 and thereafter, the notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year;

(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. *In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and*

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(f) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified; and

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified.

(g) *Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.*

Sec. 2. Minnesota Statutes 1990, section 275.065, subdivision 5a, is amended to read:

Subd. 5a. [PUBLIC ADVERTISEMENT.] (a) A city, county, or school district shall advertise in a newspaper a notice of its intent to adopt a budget and property tax levy or in the case of a school district, a property tax levy, at a public hearing. The notice must be published not less than two *business* days nor more than six *business* days before the hearing.

*For a city that has a population of less than 2,500 as determined under section 275.51, subdivision 6, the advertisement must be at least one-eighth page in size of a standard-size or a tabloid-size newspaper, and the headlines in the advertisement stating the notice of proposed property taxes and the notice of public hearing must be in a type no smaller than ~~24-point~~ 14-point. Sec. 3. Minnesota Statutes 1990, section 275.065, subdivision 6, is amended to read:

Subd. 6. [PUBLIC HEARING; ADOPTION OF BUDGET AND LEVY.] Between November 15 and December 20, the governing bodies of the city and county shall each hold a public hearing to adopt its final budget and

property tax levy for taxes payable in the following year, and the governing body of the school district shall hold a public hearing to adopt its property tax levy for taxes payable in the following year.

At the hearing, the taxing authority, other than a school district, may amend the proposed budget and property tax levy and must adopt a final budget and property tax levy, and the school district may amend the proposed property tax levy and must adopt a final property tax levy.

The property tax levy certified under section 275.07 by a city, county, or school district must not exceed the proposed levy determined under subdivision 1, except by an amount up to the sum of the following amounts:

(2) the amount of a city or county levy approved by the voters under section 275.58 after the proposed levy was certified;

(3) the amount of a levy to pay principal and interest on bonds issued or approved by the voters under section 475.58 after the proposed levy was certified;

(4) the amount of a levy to pay costs due to a natural disaster occurring after the proposed levy was certified, if that amount is approved by the commissioner of revenue under subdivision 6a;

(5) the amount of a levy to pay tort judgments against a taxing authority that become final after the proposed levy was certified, if the amount is approved by the commissioner of revenue under subdivision 6a; and

(6) the amount of an increase in levy limits certified to the taxing authority by the commissioner of revenue or the commissioner of education after the proposed levy was certified.

At the hearing the percentage increase in property taxes proposed by the taxing authority, if any, and the specific purposes for which property tax revenues are being increased must be discussed. During the discussion, the governing body shall hear comments regarding a proposed increase and explain the reasons for the proposed increase. The public shall be allowed to speak and to ask questions prior to adoption of any measures by the governing body. The governing body, other than the governing body of a school ~~districts~~ district, shall adopt its final property tax levy prior to adopting its final budget.

By August 20, the county auditor shall notify the clerks of the cities within the county of the dates on which the county and school districts have elected to hold their hearings. At the time a city certifies its proposed levy under subdivision 1 it shall certify the dates on which it elects to hold its hearings and any continuations under subdivision 3. The city must not select dates that conflict with those elected by or assigned to the counties and school districts in which the city is located.

### ARTICLE 5

#### PROPERTY TAX AIDS AND CREDITS

Section 1. Minnesota Statutes 1990, section 273.135, subdivision 2, is amended to read:

Subd. 2. For taxes payable in 1990 and subsequent years, the amount of the reduction authorized by subdivision 1 shall be:

(a) In the case of property located within the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 66 percent of the tax, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property *located within a statutory or home rule charter city to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction for each homestead resulting from this credit be less than \$10 .8 percent of market value for taxes payable in 1992, .9 percent of market value for taxes payable in 1993, and 1 percent of market value for taxes payable in 1994, and subsequent years.*

(b) In the case of property located within the boundaries of a school district which qualifies as a tax relief area but which is outside the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 57 percent of the tax, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property *located within a statutory or home rule charter city to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction for each homestead resulting from this credit be less than \$10 .8 percent of market value for taxes payable in 1992, .9 percent of market value for taxes payable in 1993, and 1 percent of market value for taxes payable in 1994, and subsequent years.*

(c) The maximum reduction of the tax is \$225.40 on property described

in clause (a) and \$200.10 on property described in clause (b), for taxes payable in 1985. These maximum amounts shall increase by \$15 times the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent years.

For the purposes of this subdivision, "homestead credit equivalency percentage" means one minus the ratio of the net class rate to the gross class rate applicable to the first \$68,000 of the market value of residential homesteads, "effective tax rate" means tax divided by the market value of a property, and the "base year effective tax rate" means the payable 1988 tax on a property with an identical market value to that of the property receiving the credit in the current year after the application of the credits payable under Minnesota Statutes 1988, section 273.13, subdivisions 22 and 23, and this section, divided by the market value of the property.

Sec. 2. Minnesota Statutes 1990, section 273.1391, subdivision 2, is amended to read:

Subd. 2. For taxes payable in 1990 and subsequent years, the amount of the reduction authorized by subdivision 1 shall be:

(a) In the case of property located within a school district which does not meet the qualifications of section 273.134 as a tax relief area, but which is located in a county with a population of less than 100,000 in which taconite is mined or quarried and wherein a school district is located which does meet the qualifications of a tax relief area, and provided that at least 90 percent of the area of the school district which does not meet the qualifications of section 273.134 lies within such county, 57 percent of the tax on qualified property located in the school district that does not meet the qualifications of section 273.134, provided that the amount of said reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property *located within a statutory or home rule charter city to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction for each homestead resulting from this credit be less than \$10 .8 percent of market value for taxes payable in 1992, .9 percent of market value for taxes payable in 1993, and 1 percent of market value for taxes payable in 1994, and subsequent years.* The reduction provided by this clause shall only be applicable to property located within the boundaries of the county described therein.

(b) In the case of property located within a school district which does not meet the qualifications of section 273.134 as a tax relief area, but which is located in a school district in a county containing a city of the first class and a qualifying municipality, but not in a school district containing a city of the first class or adjacent to a school district containing a city of the first class unless the school district so adjacent contains a qualifying municipality, 57 percent of the tax, but not to exceed the maximums specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property *located within a statutory or home rule charter city to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction for each homestead resulting from this credit be less than \$10 .8 percent of market value for taxes payable in 1992, .9 percent of market value for taxes payable in 1993, and 1 percent of market value for taxes payable in 1994, and subsequent years.*

(c) The maximum reduction of the tax is \$200.10 for taxes payable in 1985. This maximum amount shall increase by \$15 multiplied by the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent years.

For the purposes of this subdivision, "homestead credit equivalency percentage" means one minus the ratio of the net class rate to the gross class rate applicable to the first \$68,000 of the market value of residential homesteads, and "effective tax rate" means tax divided by the market value of a property, and the "base year effective tax rate" means the payable 1988 tax on a property with an identical market value to that of the property receiving the credit in the current year after application of the credits payable under Minnesota Statutes 1988, section 273.13, subdivisions 22 and 23, and this section, divided by the market value of the property.

Sec. 3. Minnesota Statutes 1990, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of local tax rates.

(c) "Gross tax capacity" means the product of the gross class rates and estimated market values. "Total gross tax capacity" means the gross tax capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the gross tax capacity of transmission lines deducted from a local government's total gross tax capacity under section 273.425. Gross tax capacity cannot be less than zero.

(d) "Net tax capacity" means the product of (i) the appropriate net class rates for the year in which the aid is payable, except that for aids payable in 1991 the class rate applied to class 3 utility real and personal property shall be 5.38 percent; the class rate applied to class 4e property and that portion of class 3 property with an actual net class rate of 2.3 percent shall be 2.4 percent; the class rates applied to class 2a agricultural homestead property excluding the house, garage, and one acre shall be .4 percent for the first \$100,000 of value reduced by the value of the house, garage, and one acre; 1.3 percent for the remaining value of the first 320 acres; and 1.7 percent for the remaining value of any acreage in excess of 320 acres; the class rate applied to class 2b property shall be 1.7 percent; the class rate applied to class 1b property shall be .4 percent; and the class rate for the portion of class 1 property and the house, garage, and one acre portion of class 2a property with a market value in excess of \$100,000 shall be 3.0 percent 1992 the class rate applied to class 4b property shall be 2.9 percent; the class rate applied to class 4a property shall be 3.55 percent; and the class rate applied to noncommercial seasonal recreational residential property shall be 2.25 percent, and (ii) estimated market values for the assessment two years prior to that in which aid is payable. The reclassification of mobile home parks as class 4c shall not be considered in determining net tax capacity for

purposes of this paragraph for aids payable in 1991 or 1992. ~~The reclassification of fraternity and sorority houses as class 4e shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991.~~ "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. For purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

(e) "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all property within the unique taxing jurisdiction. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the previous net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

(f) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. The equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(g) "1989 local tax rate" means the quotient derived by dividing the gross taxes levied within a unique taxing jurisdiction for taxes payable in 1989 by the gross tax capacity of the unique taxing jurisdiction for taxes payable in 1989. For computation of the local tax rate for aid payable in 1991 and subsequent years, gross taxes for taxes payable in 1989 exclude equalized levies as defined in subdivision 2a. For purposes of computation of the local tax rate only, gross taxes shall not be adjusted by inflation or household growth.

(h) "Current local tax rate" means the quotient derived by dividing the taxes levied within a unique taxing jurisdiction for taxes payable in the year prior to that for which aids are being calculated by the net tax capacity of the unique taxing jurisdiction.

(i) For purposes of calculating the homestead and agricultural credit aid authorized pursuant to subdivision 2, the "subtraction factor" is the product of (i) a unique taxing jurisdiction's 1989 local tax rate; (ii) its total net tax capacity; and (iii) 0.9767.

(j) For purposes of calculating and allocating homestead and agricultural credit aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties," "gross taxes," or "taxes levied" means the total taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction. Gross taxes levied on all properties or gross taxes are before reduction by any credits for taxes payable in 1989. "Gross taxes" are before any reduction for disparity reduction aid but "taxes levied" are after any reduction for disparity reduction aid. Gross taxes levied or taxes levied cannot be less than zero.

For homestead and agricultural credit aid payable in 1991, "gross taxes" or "gross taxes levied on all properties" shall mean gross taxes payable in 1989, excluding actual amounts levied for the purposes listed in subdivision 2a, multiplied by the cost-of-living adjustment factor and the household adjustment factor.

"Taxes levied" excludes actual amounts levied for purposes listed in subdivision 2a.

(12) medical assistance, medical transportation and related costs.

(l) "Cost-of-living adjustment factor" means the greater of one or one plus the percentage increase in the consumer price index minus .36 percent. In no case may the cost of living adjustment factor exceed 1.0394.

(m) The percentage increase in the consumer price index means the percentage, if any, by which:

(1) the consumer price index for the calendar year preceding that in which aid is payable, exceeds

(2) the consumer price index for calendar year 1989.

(n) "Consumer price index for any calendar year" means the average of the consumer price index as of the close of the 12-month period ending on May 31 of such calendar year.

(o) "Consumer price index" means the last consumer price index for all-urban consumers published by the department of labor. For purposes of the preceding sentence, the revision of the consumer price index which is most consistent with the consumer price index for calendar year 1989 shall be used.

(q) "Growth adjustment factor" means the household adjustment factor in the case of counties, cities, and towns. In the case of school districts the growth adjustment factor means the average daily membership of the school district under section 124.17, subdivision 2, for the school year ending in the second most recent year preceding that in which the aids are payable divided by the average daily membership for the third most recent year. In the case of special taxing districts, the growth adjustment factor equals one. The growth adjustment factor cannot be less than one.

(r) *For aid payable in 1992*, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2 plus, for aid payable in 1992, fiscal disparity homestead and agricultural credit aid under subdivision 2b. *For aid payable in 1993*, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2, less any reductions in 1992 required under sections 477A.012, subdivision 8; 477A.013, subdivision 10; and 477A.0135, subdivision 3; and *Laws 1990, chapter 604, article 4, section 19. For aid payable in 1994 and subsequent years*, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2.

(s) "Net tax capacity adjustment" means (1) the total previous net tax capacity minus the total net tax capacity, multiplied by (2) the unique taxing jurisdiction's current local tax rate. The net tax capacity adjustment cannot be less than zero.

(t) "Fiscal disparity adjustment" means the difference between (1) a taxing jurisdiction's fiscal disparity distribution levy under section 473E.08, subdivision 3, clause (a), for taxes payable in the year prior to that for which aids are being calculated, and (2) the same distribution levy multiplied by the ratio of the highest class rate for class 3 property for taxes payable in the year prior to that for which aids are being calculated to the highest class rate for class 3 property for taxes payable in the second prior year to that for which aids are being calculated. In the case of school districts, the fiscal disparity distribution levy shall exclude that part of the levy attributable to

equalized school levies as defined in subdivision 2a.

Sec. 4. Minnesota Statutes 1990, section 273.1398, subdivision 3, is amended to read:

Subd. 3. [DISPARITY REDUCTION AID.] (a) For taxes payable in 1990, and subsequent years, the amount of disparity aid originally certified for each unique taxing jurisdiction for taxes payable in the prior year shall be multiplied by the ratio of (1) the jurisdiction's tax capacity using the class rates for taxes payable in the year for which aid is being computed, to (2) its tax capacity using the class rates for taxes payable in the year prior to that for which aid is being computed, both based upon market values for taxes payable in the year prior to that for which aid is being computed. *For taxes payable in 1992 and subsequent years, the amount of disparity aid certified to each taxing jurisdiction shall be reduced by any reduction required in 1992 pursuant to sections 477A.012, subdivision 8; 477A.013, subdivision 10; and 477A.0135, subdivision 3; and Laws 1990, chapter 604, article 4, section 19.*

(b) The disparity reduction aid is allocated to each local government levying taxes in the unique taxing jurisdiction in the proportion that the local government's payable gross taxes bears to the total payable gross taxes levied within the unique taxing jurisdiction.

Sec. 5. Minnesota Statutes 1990, section 273.1398, subdivision 5, is amended to read:

Subd. 5. [ADDITIONAL HOMESTEAD AND AGRICULTURAL CREDIT GUARANTEE.] Beginning with taxes payable in 1990, each unique taxing jurisdiction may receive additional homestead and agricultural credit guarantee payments.

(1) Each year, the commissioner shall determine the total education aids paid under chapters 124 and 124A, homestead and agricultural credit aid and disparity reduction aid paid under this section, local government aid to cities, counties, and towns paid under chapter 477A, and human services aids, including for aids paid in 1991 and thereafter, the amount paid under subdivision 5b, paid to counties for each taxing jurisdiction. The commissioner shall apportion each local government's aids to the unique taxing jurisdiction based upon the proportion that the unique taxing jurisdiction's tax capacity bears to the total tax capacity of the local government.

(2) Each year, the commissioner will compute a gross local tax rate for each taxing jurisdiction equal to its total levy divided by its gross tax capacity under Minnesota Statutes 1988, section 273.13. For each unique taxing jurisdiction, a total gross local tax rate will be determined. This total gross local tax rate will be applied against the gross tax capacity of property that would have been eligible for the homestead credit or the agricultural credit for taxes payable in 1989. An estimated credit amount will be determined for all qualifying parcels based upon the credit rate structure in effect for taxes payable in 1989. The resulting credit amounts will be summed for all parcels in the unique taxing jurisdiction.

If the amount determined in clause (2) is greater than the amount determined in clause (1), the difference will be additional homestead and agricultural credit guarantee payments for the unique taxing jurisdiction. The additional credit amount shall proportionately reduce the local tax rates of all local governments levying taxes within the unique taxing jurisdiction in the following year. The commissioner shall certify the amounts of additional

credits determined under this subdivision to the county auditor at the time provided in subdivision 6. *For aid payable in 1992 and subsequent years, the aid payable under this subdivision shall be reduced by any reduction required in 1992 pursuant to sections 477A.012, subdivision 8; 477A.013, subdivision 10; and 477A.0135, subdivision 3; and Laws 1990, chapter 604, article 4, section 19.*

Sec. 6. Minnesota Statutes 1990, section 275.07, subdivision 3, is amended to read:

Subd. 3. The county auditor shall adjust each local government's levy certified under subdivision 1, except for the equalization levies defined in section 273.1398, subdivision 2a, paragraph (a), by the amount of homestead and agricultural credit aid certified by section 273.1398, subdivision 2, reduced by the amount under section 273.1398, subdivision 5a; fiscal disparity homestead and agricultural credit aid under section 273.1398, subdivision 2b; and equalization aid certified by section 477A.013, subdivision 5. *For each city that has nonhomestead property tax relief certified under section 477A.013, subdivision 5a, the county auditor shall divide the amount of aid certified for that city by the city's total net tax capacity as determined in section 275.08, subdivision 1b, less the net tax capacity of property classified as class 1 residential homesteads under section 273.13, subdivision 22, and class 2 agricultural property under section 273.13, subdivision 23. The resulting percentage shall be used by the county auditor to calculate a credit to reduce the levy on nonhomestead and nonagricultural property. For property within a tax increment district, the credit shall be prorated between the authority as defined in section 469.174, subdivision 2, and other taxing jurisdictions by the ratio of the captured net tax capacity of the district under section 469.174, subdivision 4, to the total net tax capacity of the district. Tax capacity in either case shall not include the tax capacity of class 1 and 2 property. The credit prorated to the authority shall reduce its tax increment under section 469.177, subdivision 3.*

Sec. 7. Minnesota Statutes 1990, section 477A.011, subdivision 27, as amended by Laws 1991, chapter 2, article 8, section 2, is amended to read:

Subd. 27. [REVENUE BASE.] "Revenue base" means the amount levied for taxes payable in 1991, including the levy on the fiscal disparity distribution under section 473F.08, subdivision 3, paragraph (a), and before reduction for the homestead and agricultural credit aid under section 273.1398, subdivision 2, equalization aid under section 477A.013, subdivision 5, and disparity reduction aid under section 273.1398, subdivision 3; plus the *originally certified* local government aid under sections 477A.011; 477A.012, subdivisions 1, 3, and 5, determined without regard to subdivision 2; and 477A.013, subdivisions 1, 3, 6, and 7; and the estimated taconite aids used to determine levy limits for taxes payable in 1991 under section 275.51, subdivision 3i.

Sec. 8. Minnesota Statutes 1990, section 477A.011, is amended by adding a subdivision to read:

Sec. 15. Minnesota Statutes 1990, section 477A.013, subdivision 3, as amended by Laws 1991, chapter 2, article 8, section 7, is amended to read:

Subd. 3. [CITY AID DISTRIBUTION.] In 1989, a city whose initial aid is greater than \$0 will receive the following aid increases in addition to an amount equal to the local government aid it received in 1988 under Minnesota Statutes 1987 Supplement, section 477A.013:

(1) for a city whose expenditure/unlimited aid ratio is at least 1.5, two percent of city revenue;

(10) for a city whose expenditure/unlimited aid ratio is less than .75, nine percent of city revenue.

In 1990, a city whose initial aid is greater than \$0 will receive an amount equal to the aid it received under this section in the year prior to that for which aids are being calculated plus an aid increase equal to 50 percent of the rates listed in clauses (1) to (10) multiplied by city revenue.

In 1991 and ~~subsequent years~~ 1992, a city will receive an amount equal to the local government aid it received under this section in the previous year, except as provided in ~~subdivision~~ subdivisions 8, 9, and 10, and Laws 1990, chapter 604, article 4, section 19. In 1993 and subsequent years, a city will receive an amount equal to the local government aid it received under this section in 1992 less the amounts deducted in 1992 under subdivision 10 and Laws 1990, chapter 604, article 4, section 19.

[NONHOMESTEAD PROPERTY TAX RELIEF] A city is eligible for nonhomestead property tax relief if the local tax rate for the city as calculated under section 275.08 for taxes payable in 1991 was .15 or higher. For each eligible city, the amount of nonhomestead property tax relief for taxes payable in 1992 and thereafter is equal to the product of (i) the total net tax capacity of all property in the city other than property classified as class 1 residential homesteads under section 273.13, subdivision 22, and class 2 agricultural property under section 273.13, subdivision 23, (ii) .12, and (iii) 1 minus the ratio of the net tax capacity per capita to 900. For purposes of clause (i) of this subdivision, the net tax capacity of property within the city shall be calculated using the class rates and estimated market values for taxes payable in the year prior to the aid distribution. For purposes of clause (iii) of this subdivision, "net tax capacity" means the net tax capacity as defined in section 477A.011, subdivision 25.*

*If the amount allocated under section 477A.03, subdivision 1, is insufficient to pay the aid amounts calculated under this subdivision, the commissioner of revenue shall proportionately reduce the nonhomestead property tax relief for each city so that the sum of the amounts paid under this subdivision equals the amount allocated in section 477A.03, subdivision 1.*

Sec. 17. Minnesota Statutes 1990, section 477A.013, is amended by adding a subdivision to read:

*Subd. 9. [SECOND HALF 1991 CITY AND TOWN AID ADJUSTMENT.] A city's or town's 1991 payment of local government aid, equalization aid, homestead and agricultural credit aid, fiscal disparity*

*homestead and agricultural credit aid, disparity reduction aid, and additional homestead and agricultural credit guarantee is reduced by the product of its adjusted revenue base and the second half payment reduction percentage less the reduction made pursuant to subdivision 8. The aid reduction is first applied to a city's or town's local government aid; then, if necessary, its equalization aid; then, if necessary, the sum of its homestead and agricultural credit aid and fiscal disparity homestead and agricultural credit aid; then, if necessary, its disparity reduction aid; and then, if necessary, its additional homestead and agricultural credit guarantee. To the maximum extent possible, the reductions shall be made in the scheduled December 31, 1991, payment.*

Sec. 18. Minnesota Statutes 1990, section 477A.013, is amended by adding a subdivision to read:

*Subd. 10. [1992 CITY AID ADJUSTMENT.] A city's or town's 1992 payment of local government aid, equalization aid, homestead and agricultural credit aid, disparity reduction aid, and additional homestead and agricultural credit guarantee is reduced by the product of its adjusted revenue base and the 1992 reduction percentage less the reduction made pursuant to Laws 1990, chapter 604, article 4, section 19. The aid reduction is first applied to a city's or town's local government aid; then, if necessary, its equalization aid; then, if necessary, its homestead and agricultural credit aid; then, if necessary, its disparity reduction aid; and then, if necessary, its additional homestead and agricultural credit guarantee.*

Sec. 19. Laws 1991, chapter 2, article 8, section 9, is amended to read:

The aid reduction is first applied to a special taxing district's homestead and agricultural credit aid amount in its scheduled July 20, 1991 aid payment. If the aid reduction is greater than the homestead and agricultural credit aid amount in its scheduled July 20, 1991 aid payment, the remaining amount is then applied to the special taxing district's disparity reduction aid. The July 20, 1991 homestead and agricultural credit aid and disparity reduction aid payment to a special taxing district after this reduction cannot be less than \$0.*

*Subd. 2. [SECOND HALF 1991 SPECIAL TAXING DISTRICT AID ADJUSTMENT.] A special taxing district's 1991 payment of homestead and agricultural credit aid and disparity reduction aid is reduced by the product of its adjusted revenue base and the second half payment reduction percentage less the reduction made pursuant to subdivision 1. The aid reduction is first applied to a special taxing district's homestead and agricultural credit aid amount. If the aid reduction is greater than the homestead and agricultural credit aid amount, the remaining amount is then applied to the special taxing district's disparity reduction aid. To the maximum extent possible, the reduction shall be made in the scheduled December 31, 1991, payment.*

*Subd. 3. [1992 SPECIAL TAXING DISTRICT AID ADJUSTMENT.] A special taxing district's 1992 payment of homestead and agricultural credit aid and disparity reduction aid is reduced by the product of its adjusted*

*revenue base and the 1992 reduction percentage less the reduction made pursuant to Laws 1990, chapter 604, article 4, section 19. The aid reduction is first applied to a special taxing district's homestead and agricultural credit aid amount. If the aid reduction is greater than the homestead and agricultural credit aid, the remaining amount is then applied to the special taxing district's disparity reduction aid.*

Sec. 20. Minnesota Statutes 1990, section 477A.014, subdivision 1, as amended by Laws 1991, chapter 2, article 8, section 10, is amended to read:

[CALCULATIONS AND PAYMENTS.] The commissioner of revenue shall make all necessary calculations and make payments pursuant to sections 477A.012, 477A.013, and 477A.03 directly to the affected taxing authorities annually. In addition, the commissioner shall notify the authorities of their aid amounts, as well as the computational factors used in making the calculations for their authority, and those statewide total figures that are pertinent, before August 15 of the year preceding the aid distribution year, except that for aid payable in 1990 the commissioner of revenue must notify the authorities of their aid amounts as well as the computational factors used in the calculation before October 23, 1989. The commissioner shall reduce the July 20, 1991, payment of local government aid, equalization aid, homestead and agricultural credit aid, and disparity reduction aid to counties, cities, towns, and special taxing districts by a combined amount of \$50,000,000. *The commissioner shall reduce the county, city, town, and special taxing district aids for 1991 and subsequent years as specified in sections 477A.012, subdivisions 7 and 8; 477A.013, subdivisions 9 and 10; and 477A.0135, subdivisions 2 and 3, and Laws 1990, chapter 604, article 4, section 19.*

The commissioner may pay all or part of the payment due on December ~~15~~ 31 at any time after August 15 upon the request of a city that requests such payment as being necessary for meeting its cash flow needs.

Sec. 22. Minnesota Statutes 1990, section 477A.03, subdivision 1, is amended to read:

Subdivision 1. [ANNUAL APPROPRIATION.] A sum sufficient to discharge the duties imposed by sections 477A.011 to 477A.014 is annually appropriated from the general fund to the commissioner of revenue. For aids payable in 1991 and thereafter, the total amount of equalization aid paid under section 477A.013, subdivision 5, is limited to \$19,485,684. *For aids payable in 1992 and thereafter, the total amount of nonhomestead property tax relief paid under section 477A.013, subdivision 5a, is limited to \$6,000,000.*

ARTICLE 6  
LOCAL GOVERNMENT SERVICE SHARING AND  
COMBINATION INCENTIVES

Section 1. [465.80] [SERVICE SHARING GRANTS.]

*Subdivision 1. [SCOPE.] This section establishes a program for grants to cities, counties, and towns to enable them to meet the start-up costs of providing shared services or functions.*

*Subd. 2. [ELIGIBILITY.] Any home rule charter or statutory city, county, or town that provides a plan for offering a governmental service under a joint powers agreement with another city, county, or town, or with an agency of state government, is eligible for a grant under this section, and is referred to in this section as an "eligible local government unit."*

*Subd. 3. [PLAN.] To apply for a grant under this section, the governing body of the eligible local government unit must by resolution adopt a plan that includes:*

*(1) a proposal to enter into an agreement for the joint exercise of powers under section 471.59 that will result in a fully integrated service or function provided by the eligible local unit of government and one or more other government units as defined in section 471.59. Agreements solely to make joint purchases are not sufficient to qualify under this section;*

*(2) specific projections of cost savings or more efficient service operations that are reasonably likely to result from the combined service or function; and*

*(3) evidence of the need for financial assistance to meet start-up costs that would be entailed in providing the combined service or function.*

*Subd. 4. [SUBMISSION OF PLAN TO DEPARTMENT.] The plan must be submitted to the department of trade and economic development. The commissioner of trade and economic development will approve a plan only if it contains the elements set forth in subdivision 3, with sufficient information to verify the assertions under clauses (2) and (3). The commissioner may request modifications of a plan. If the commissioner rejects a plan, written reasons for the rejection must be provided, and a governmental unit may modify the plan and resubmit it.*

*Subd. 5. [GRANTS.] The amount of each grant shall be equal to the additional start-up costs for which evidence is presented under subdivision 3, clause (3). Only one grant will be given to a local government unit for any function or service it proposes to combine with another government unit, but a unit may apply for separate grants for different services or functions it proposes to combine. If the amount of money available for making the grants is not sufficient to fully fund the grants to eligible local government units with approved plans, the commissioner shall award grants on the basis of each qualified applicant's score under a scoring system to be devised by the commissioner to measure the relative needs for the grants and the ratio of costs to benefits for each proposal.*

Sec. 2. [465.81] [COOPERATION AND COMBINATION.]

*Subdivision 1. [SCOPE.] Sections 2 to 8 establish procedures to be used by counties, cities, or towns that adopt by resolution an agreement providing a plan to provide combined services during an initial two-year cooperation*

*period and then to merge into a single unit of government over the succeeding two-year period.*

*Subd. 2. [DEFINITIONS.] As used in sections 2 to 8, the words defined in this subdivision have the meanings given them in this subdivision.*

*“City” means home rule charter or statutory cities.*

*“Commissioner” means the commissioner of trade and economic development.*

*“Department” means the department of trade and economic development.*

*“Governing body” means, in the case of a county, the county board; in the case of a city, the city council; and, in the case of a town, the town board.*

*“Local government unit” or “unit” includes counties, cities, and towns.*

*Subd. 3. [COMBINATION REQUIREMENTS.] Counties may combine with one or more other counties. Cities may combine with one or more other cities or with one or more towns. Towns may combine with one or more other towns or with one or more cities. Units that combine must be contiguous.*

**Sec. 3. [465.82] [COOPERATION AND COMBINATION PLAN.]**

*Subdivision 1. [ADOPTION AND STATE AGENCY REVIEW.] Each governing body that proposes to combine under sections 2 to 8 must adopt by resolution a plan for cooperation and combination. The plan must address each item in this section. The plan must be specific for any item that will occur within three years and may be general or set forth alternative proposals for an item that will occur more than three years in the future. The plan must be submitted to the department of trade and economic development for review and comment. Significant modifications and specific resolutions of items must be submitted to the department for review and comment. In the official newspaper of each local government unit proposed for combination, the governing body must publish at least a summary of the adopted plans, each significant modification and resolution of items, and the results of each department review and comment.*

*Subd. 2. [CONTENTS OF PLAN.] The plan shall state:*

*(1) the specific cooperative activities the units will engage in during the first two years of the venture;*

*(2) the steps to be taken to effect the merger of the governmental units, beginning in the third year of the process, with completion no later than four years after the process begins;*

*(3) the steps by which a single governing body will be created. Notwithstanding any other law to the contrary, all current members of the governing bodies of the local government units that propose to combine under sections 2 to 8 may serve on the initial governing body of the combined unit, until a gradual reduction in membership is achieved by foregoing election of new members when terms expire until the number permitted by other law is reached;*

*(4) changes in services provided, facilities used, administrative operations and staffing to effect the preliminary cooperative activities and the final merger;*

*(5) treatment of employees of the merging governmental units, specifically*

*including provisions for reassigning employees, dealing with unions, and providing financial incentives to encourage early retirements;*

*(6) financial arrangements for the merger, specifically including responsibility for debt service on outstanding obligations of the merging entities;*

*(7) two, five, and ten-year projections prepared by the department of revenue at the request of the local government unit, of revenues, expenditures, and property taxes for each unit if it combined and if it remained separate;*

*(8) procedures for a referendum to be held prior to the year of the proposed combination to approve combining the local government units, specifically stating whether a majority of those voting in each district proposed for combination or a majority of those voting on the question in the entire area proposed for combination would be needed to pass the referendum; and*

*(9) a time schedule for implementation.*

**Sec. 4. [465.83] [STATE AGENCY APPROVAL.]**

*Before scheduling a referendum on the question of combining local government units under section 5, the units shall submit the plan adopted under section 3 to the commissioner. The commissioner may require any information it deems necessary to evaluate the plan. The commissioner shall disapprove the proposed combination if the commissioner finds that the plan is not reasonably likely to enable the combined unit to provide services in a more efficient or less costly manner than the separate units would provide them, or if the plans or plan modification are incomplete.*

**Sec. 5. [465.84] [REFERENDUM.]**

*During the first or second year of cooperation, and after approval of the plan by the department under section 4, a referendum on the question of combination shall be conducted. The referendum shall be on a date called by the governing bodies of the units that propose to combine. The referendum shall be conducted according to the Minnesota election law, as defined in section 200.01. If the referendum fails, the same question or a modified question may be submitted the following year. If the referendum fails again, the same question may not be submitted. Referendums shall be conducted on the same date in all local government units.*

**Sec. 6. [465.85] [COUNTY AUDITOR TO PREPARE PLAT.]**

*Upon the request of two or more local government units that have adopted a resolution to cooperate and combine, the county auditor shall prepare a plat. If the proposed combined local government unit is located in more than one county, the request shall be submitted to the county auditor of the county that has the greatest land area in the proposed district. The plat must show:*

*(1) the boundaries of each of the present units;*

*(2) the boundaries of the proposed unit;*

*(3) the boundaries of proposed election districts, if requested; and*

*(4) other information deemed pertinent by the governing bodies or the county auditor.*

**Sec. 7. [465.86] [BONDED DEBT AT THE TIME OF COMBINATION.]**

*Debt service for bonds outstanding at the time of the combination may*

*be levied by the combined governing body consistent with the plan adopted according to section 3, and any subsequent modifications, subject to section 475.61. The primary obligation to pay the bonded indebtedness outstanding on the effective date of combination remains with the local government unit that issued the bonds, but a combined unit may make debt service payments on behalf of a preexisting unit.*

**Sec. 8. [465.87] [AIDS TO COOPERATING AND COMBINING UNITS.]**

*Subdivision 1. [ELIGIBILITY.] A local government unit is eligible for aid under this section if the commissioner has approved its plan to cooperate and combine under section 4.*

*Subd. 2. [AMOUNT OF AID.] The aid to be paid to each eligible local government unit is equal to the following per capita amounts, based on the combined population of the units, not to exceed \$100,000 per year for any unit.*

<i>Combined Population after Combination</i>	<i>Aid Per Capita</i>
<i>0 - 2,500</i>	<i>\$25</i>
<i>2,500 - 5,000</i>	<i>20</i>
<i>5,000 - 20,000</i>	<i>15</i>
<i>over 20,000</i>	<i>10</i>

*Payments shall be made on the dates provided for payments of local government aid under section 477A.013, beginning in the year during which substantial cooperative activities under the plan initially occur, unless those activities begin after July 1, in which case the initial aid payment shall be made in the following calendar year.*

*Subd. 3. [TERMINATION OF AID; RECAPTURE.] If a second referendum under section 5 fails, or if an initial referendum fails and the governing body does not schedule a second referendum within one year after the first has failed, or if one or more of the local government units that proposed to combine terminates its participation in the cooperation or combination, no additional aid will be paid under this section. The amount previously paid under this section to a unit must be repaid if the governing body of the unit acts to terminate its current level of participation in the plan. The amount previously paid to the unit must be repaid in annual installments equal to the total amount paid to the unit for all years under subdivision 2, divided by the number of years when payments were made.*

**Sec. 9. [APPROPRIATION.]**

*\$2,000,000 is appropriated to the commissioner of trade and economic development to be used to make the grants under section 1 and to pay the aids under sections 2 to 8. At least 40 percent of the amount appropriated under this section shall be used to make aid payments under sections 2 to 8 unless there are not enough qualified applicants for the cooperation and combination program to make use of the full appropriation.*

**ARTICLE 7**

**INCOME TAX**

Section 1. Minnesota Statutes 1990, section 290.05, subdivision 1, is amended to read:

Subdivision 1. The following corporations, individuals, estates, trusts, and organizations shall be exempted from taxation under this chapter, provided that every such person or corporation claiming exemption under this chapter, in whole or in part, must establish to the satisfaction of the commissioner the taxable status of any income or activity:

(a) corporations, individuals, estates, and trusts engaged in the business of mining or producing iron ore and other ores the mining or production of which is subject to the occupation tax imposed by section 298.01; but if any such corporation, individual, estate, or trust engages in any other business or activity or has income from any property not used in such business it shall be subject to this tax computed on the net income from such property or such other business or activity. Royalty shall not be considered as income from the business of mining or producing iron ore within the meaning of this section;

(b) the United States of America, the state of Minnesota or any political subdivision of either agencies or instrumentalities, whether engaged in the discharge of governmental or proprietary functions;

(c) any insurance company that is domiciled in a state or country other than Minnesota that imposes retaliatory taxes, fines, deposits, penalties, licenses, or fees and that does not grant, on a reciprocal basis, exemption from such retaliatory taxes to insurance companies or their agents domiciled in Minnesota. "Retaliatory taxes" means taxes imposed on insurance companies organized in another state or country that result from the fact that an insurance company organized in the taxing jurisdiction and doing business in the other jurisdiction is subject to taxes, fines, deposits, penalties, licenses, or fees in an amount exceeding that imposed by the taxing jurisdiction upon an insurance company organized in the other state or country and doing business to the same extent in the taxing jurisdiction; ~~and~~

(d) town and farmers' mutual insurance companies and mutual property and casualty insurance companies, other than those (1) writing life insurance or (2) whose total assets on December 31, 1989, exceeded \$1,600,000,000-; ~~and~~

*(e) the net income of an external nuclear decommissioning reserve fund shall be exempt from tax. As used in this paragraph, an "external nuclear decommissioning reserve fund" means a fund established by a utility company to provide money to pay nuclear decommissioning costs. The fund is derived from money that is periodically received from utility customers and is segregated from the assets of the utility company and outside its administrative control. This income shall be taxed to the utility when the utility receives it from the fund.*

(d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than \$100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to \$1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) The numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, increased by the addition required for interest income from non-Minnesota state and municipal bonds under section 290.01, subdivision 19a, clause (1).

Sec. 3. Minnesota Statutes 1990, section 290.06, subdivision 2d, is amended to read:

Subd. 2d. [INFLATION ADJUSTMENT OF BRACKETS.] (a) For taxable years beginning after December 31, ~~1990~~ 1991, the minimum and maximum dollar amounts for each rate bracket for which a tax is imposed in subdivision 2c shall be adjusted for inflation by the percentage determined under paragraph (b). For the purpose of making the adjustment as provided in this subdivision all of the rate brackets provided in subdivision 2c shall be the rate brackets as they existed for taxable years beginning after December 31, ~~1987~~ 1990, and before January 1, ~~1991~~ 1992. The rate applicable to any rate bracket must not be changed. The dollar amounts setting forth the tax shall be adjusted to reflect the changes in the rate brackets. The rate brackets as adjusted must be rounded to the nearest \$10 amount. If the rate bracket ends in \$5, it must be rounded up to the nearest \$10 amount.

(b) The commissioner shall adjust the rate brackets *and* by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code of 1986, as amended through December 31, ~~1989~~ 1990, except that in section 1(f)(3)(B) the word "~~1989~~" "1990" shall be substituted for the word "1987." For 1991, the commissioner shall then determine the percent change from the 12 months ending on August 31, ~~1989~~ 1990, to the 12 months ending on August 31, ~~1990~~ 1991, and in each subsequent year, from the 12 months ending on August 31, ~~1989~~ 1990, to the 12 months ending on August 31 of the year preceding the taxable year. The determination of the commissioner pursuant to this subdivision shall not be considered a "rule" and shall not be subject to the administrative procedure act contained

in chapter 14.

No later than December 15 of each year, the commissioner shall announce the specific percentage that will be used to adjust the tax rate brackets.

Sec. 4. Minnesota Statutes 1990, section 290.067, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT OF CREDIT.] A taxpayer may take as a credit against the tax due from the taxpayer and a spouse, if any, under this chapter an amount equal to the dependent care credit for which the taxpayer is eligible pursuant to the provisions of section 21 of the Internal Revenue Code subject to the limitations provided in subdivision 2 except that in determining whether the child qualified as a dependent, income received as an aid to families with dependent children grant or allowance to or on behalf of the child must not be taken into account in determining whether the child received more than half of the child's support from the taxpayer.

*If a child who is six years of age or less at the close of the taxable year is cared for at a licensed family day care home operated by the child's parent, the taxpayer is deemed to have paid employment-related expenses. If the child is 16 months old or younger at the close of the taxable year, the amount of expenses deemed to have been paid equals the maximum limit for one qualified individual under section 21(c) and (d) of the Internal Revenue Code. If the child is older than 16 months of age but not older than six years of age at the close of the taxable year, the amount of expenses deemed to have been paid equals the amount the licensee would charge for the care of a child of the same age for the same number of hours of care. These deemed amounts apply regardless of whether any employment-related expenses have been paid.*

If the taxpayer is not required and does not file a federal individual income tax return for the tax year, no credit is allowed for any amount paid to any person unless:

(1) the name, address, and taxpayer identification number of the person are included on the return claiming the credit; or

(2) if the person is an organization described in section 501(c)(3) of the Internal Revenue Code and exempt from tax under section 501(a) of the Internal Revenue Code, the name and address of the person are included on the return claiming the credit.

In the case of a failure to provide the information required under the preceding sentence, the preceding sentence does not apply if it is shown that the taxpayer exercised due diligence in attempting to provide the information required.

In the case of a nonresident, part-year resident, or person whose tax is computed under section 290.06, subdivision 2c, paragraph (f), the credit determined under section 21 of the Internal Revenue Code must be allocated based on the ratio by which the earned income of the claimant and the claimant's spouse from Minnesota sources bears to the total earned income of the claimant and the claimant's spouse.

Sec. 5. Minnesota Statutes 1990, section 290.091, subdivision 1, is amended to read:

Subdivision 1. [IMPOSITION OF TAX.] In addition to all other taxes

imposed by this chapter a tax is imposed on individuals, estates, and trusts equal to the excess (if any) of

- (a) an amount equal to ~~six~~ 6.5 percent of alternative minimum taxable income after subtracting the exemption amount, over
- (b) the regular tax for the taxable year.

Sec. 6. Minnesota Statutes 1990, section 290.091, subdivision 2, is amended to read:

Property and payroll factors are disregarded. In determining eligibility for this subdivision:

(1) the sale not in the ordinary course of business of tangible or intangible assets used in conducting business activities must be disregarded; and

(2) property and payroll at a distribution center outside of Minnesota are disregarded if the sole activity at the distribution center is the filling of orders, and no solicitation of orders occurs at the distribution center.

"Section 1. [268.55] [FOODSHELF ACCOUNT.]

*Subdivision 1. [ESTABLISHMENT.] A foodshelf account is established in the state general fund to receive contributions designated on income tax returns and property tax refund forms. The state treasurer shall credit all interest earned on the money to the account.*

*Subd. 2. [DISTRIBUTION OF MONEY.] The statewide grantee designated by the legislature shall periodically distribute money in the account to qualifying foodshelf programs. A foodshelf program qualifies under this section if it is a nonprofit corporation, or is affiliated with a nonprofit corporation, as defined under section 501(c)(3) of the Internal Revenue Code of 1986, and distributes a standard food order without charge to needy individuals. The standard food order must consist of, at least, a two-day supply or six pounds per person of nutritionally balanced food items. A*

*qualifying foodshelf program may not limit food distributions to individuals of a particular religious affiliation, race, or other criteria unrelated to need or to requirements necessary to administration of a fair and orderly distribution system. A qualifying foodshelf program may not use the money received or the food distribution program to foster or advance religious or political views. A qualifying foodshelf must have a stable address and directly serve individuals in a defined geographic area that is not also served in substantial part by another foodshelf. The statewide grantee shall resolve questions of whether two foodshelves are serving in substantial part the same area.*

*Subd. 3. [APPLICATION.] In order to receive money from the foodshelf account, a program must apply to the statewide grantee. The application must be in a form prescribed by the statewide grantee and must contain information specified by the statewide grantee to verify that the applicant is a qualifying foodshelf program and the amount the applicant is entitled to receive under subdivision 4. Applications must be filed at the times and for the periods determined by the statewide grantee.*

*Subd. 4. [DISTRIBUTION FORMULA.] The statewide grantee shall distribute the foodshelf account money to qualifying foodshelf programs either (1) in proportion to the number of individuals served by the program during the prior period of its operation or (2) in proportion to the share of contributions to the foodshelf account from taxpayers who reside in the geographic service area of the foodshelf. The statewide grantee shall gather data from applications or other appropriate sources to determine the proportionate amount each qualifying program is entitled to receive. The statewide grantee may increase or decrease the qualifying program's proportionate amount if it determines the increase or decrease is necessary or appropriate to meet changing needs or demands.*

*Subd. 5. [USE OF MONEY.] Money distributed to foodshelf programs under this section must be used to provide client services to needy individuals and families. Qualified expenditures include purchases of food or personal care items, expenditures for vouchers for those items, and expenditures for transportation of food. None of the money expended may be used to pay for other expenses, such as rent, salaries, and other administrative expenses. Recipients must retain records documenting expenditure of the money for a three-year period and comply with any additional requirements imposed by the statewide grantee.*

*Subd. 6. [ENFORCEMENT.] The statewide grantee may undertake any reasonable actions, including but not limited to on-site inspections and auditing of accounts and records, to ensure that recipients of money under this section comply with the requirements of the law. The statewide grantee may contract with an outside organization to audit or otherwise oversee recipients' use of the money. If ineligible expenditures are made by a recipient, the amount must be repaid to the statewide grantee and deposited in the foodshelf account.*

*Subd. 7. [APPROPRIATION.] (a) The money deposited in the foodshelf account is appropriated to the commissioner of jobs and training, to be awarded to a statewide grantee designated by the legislature, provided the grantee agrees to comply with the requirements in this section, to be distributed to foodshelf programs under this section and for administration of the distribution. None of the money may be retained by the commissioner for administrative expenses or other purposes.*

*(b) For each fiscal year, the statewide grantee may estimate the amounts that will be received during the year by the foodshelf account and may distribute the estimated receipts evenly over the fiscal year even though the contributions are not received until the second half of the year."*

290.431 [NONGAME WILDLIFE ~~CHECKOFF~~ AND FOODSHELF CHECKOFFS.]

*Subdivision 1. [CHECKOFF AUTHORIZED.] Every individual who files an income tax return or property tax refund claim form may designate on their original return that \$1 or more shall be added to the tax or deducted from the refund that would otherwise be payable by or to that individual and paid either into an account to be established for the management of nongame wildlife or into the foodshelf account, or both. The commissioner of revenue shall, on the income tax return and the property tax refund claim form, notify filers of their right to designate that a portion of their tax or refund shall be paid into either the nongame wildlife management account or the foodshelf account, or both.*

*Subd. 2. [DEPOSIT OF MONEY.] The sum of the amounts so designated to be paid shall be credited to the nongame wildlife management account for use by the nongame program of the section of wildlife in the department of natural resources and to the foodshelf account established under section 1.*

*Subd. 3. [NONGAME WILDLIFE ACCOUNT.] All interest earned on money accrued in the nongame wildlife management account shall be credited to the account by the state treasurer. The commissioner of natural resources shall submit a work program for each fiscal year and semiannual progress reports to the legislative commission on Minnesota resources in the form determined by the commission. None of the money provided in this section may be expended unless the commission has approved the work program.*

*Subd. 4. [STATE PLEDGE.] The state pledges and agrees with all contributors to the nongame wildlife management account to use the funds contributed solely for the management of nongame wildlife projects and further agrees that it will not impose additional conditions or restrictions that will limit or otherwise restrict the ability of the commissioner of natural resources to use the available funds for the most efficient and effective management of nongame wildlife.*

*The state further pledges that all money given to the foodshelf programs will be used for foodshelf programs for needy people in Minnesota.*

*Subd. 5. [INFORMATION ON SOURCE.] The commissioner shall annually report to the commissioner of jobs and training the amount of the contributions to that account designated on the tax returns of residents of each county.*

*Subd. 6. [LIMITATIONS ON CHECKOFFS.] (a) No more than two tax checkoffs may be included on income tax returns and property tax refund forms for any taxable year.*

(b) Beginning with the third taxable year when a tax checkoff for contributions for a specific purpose is included on the tax form, if the contributions designated for a tax year equal less than \$300,000, the checkoff program for that purpose will terminate and that checkoff will no longer be included on the income tax returns and property tax refund forms for subsequent years."

Subdivision 1. [APPLICATION.] The definitions listed in subdivisions 2 to 10 must be used in classifying property under section 273.126.

Subd. 2. [RESIDENTIAL PROPERTY.] "Residential property" means a dwelling occupied by one or more persons and includes seasonal recreational property used for either commercial or noncommercial purposes, hospitals as defined in section 144.50, subdivision 6, and subsidized housing, but

At the time a city certifies its proposed levy under subdivision 1 it shall certify the dates on which it elects to hold its hearings and any continuations under subdivision 3. Subdivision 1. [GENERALLY.] ~~As soon as practical after the settlement day determined in section 276.09, On or before April 30, August 14, and December 15,~~ the county treasurer shall pay to the state treasurer or the treasurer of a town, city, school district, or special district, on the warrant of the county auditor, all receipts of taxes levied by the taxing district and deliver up all orders and other evidences of indebtedness of the taxing district, taking triplicate receipts for them. The treasurer shall file one of the receipts with the county auditor, and shall return one by mail on the day of its receipt to the clerk of the town, city, school district, or special district to which payment was made. The clerk shall keep the receipt in the clerk's office. ~~Upon written request of the taxing district, to the extent practicable, the county treasurer shall make partial payments of amounts collected periodically in advance of the next settlement and distribution.~~ A statement prepared by the county treasurer must accompany each payment. It must state the years for which taxes included in the payment were collected and, for each year, the amount of the taxes and any penalties on the tax. ~~Upon written request of a taxing district, except school districts, the county treasurer shall pay at least 70 percent of the estimated collection within 30 days after the settlement date determined in section 276.09. Within seven business days after the due date, or 28 calendar days after the postmark date on the envelopes containing real or personal property tax statements, whichever is latest, the county treasurer shall pay to the treasurer of the school districts 50 percent of the estimated collections arising from taxes levied by and belonging to the school district, unless the school district elects to receive 50 percent of the estimated collections arising from taxes levied by and belonging to the school district after making a proportionate reduction to reflect any loss in collections as the result of any delay in mailing tax statements. In that case, 50 percent of those adjusted, estimated collections shall be paid by the county treasurer to the treasurer of the school district within seven business days of the due~~

date. The remaining 50 percent of the estimated collections must be paid to the treasurer of the school district within the next seven business days of the later of the dates in the preceding sentence, unless the school district elects to receive the remainder of its estimated collections after a proportionate reduction has been made to reflect any loss in collections as the result of any delay in mailing tax statements. In that case, the remaining 50 percent of those adjusted, estimated collections shall be paid by the county treasurer to the treasurer of the school district within 14 days of the due date. The treasurer shall pay the balance of the any additional amounts collected to the state or to a municipal corporation or other body within 60 45 days after the settlement date determined in section 276.09 distribution dates of April 30, August 14, or December 15. After 45 days the time for payment by the treasurer elapses, interest at an annual rate of eight percent accrues and must be paid to the taxing district. Interest must be paid upon appropriation from the general revenue fund of the county. If not paid, it may be recovered by the taxing district, in a civil action.

Sec. 10. Minnesota Statutes 1990, section 277.01, subdivision 1, is amended to read:

Subdivision 1. Except as provided in this subdivision, all unpaid personal property taxes shall be deemed delinquent on ~~May~~ March 16 next after they become due or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, and thereupon a penalty of eight percent shall attach and be charged upon all such taxes. In the case of unpaid personal property taxes due and owing under section 272.01, subdivision 2, or 273.19, the first half shall become delinquent if not paid before ~~May~~ March 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, and thereupon a penalty of eight percent shall attach on the unpaid first half; and the second half shall become delinquent if not paid before ~~October~~ July 16, and thereupon a penalty of eight percent shall attach on the unpaid second half. ~~This section shall not apply to class 2a property.~~

A county may provide by resolution that in the case of a property owner that has multiple personal property tax statements with the aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 277.011 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

Sec. 11. Minnesota Statutes 1990, section 278.01, is amended to read:

278.01 [DEFENSE OR OBJECTION TO TAX ON LAND; SERVICE AND FILING.]

Subdivision 1. [DETERMINATION OF VALIDITY.] Any person having any estate, right, title, or interest in or lien upon any parcel of land, who claims that such property has been partially, unfairly, or unequally assessed in comparison with other property in the (1) city, or (2) county, or (3) in the case of a county containing a city of the first class, the portion of the county excluding the first class city, or that the parcel has been assessed

at a valuation greater than its real or actual value, or that the tax levied against the same is illegal, in whole or in part, or has been paid, or that the property is exempt from the tax so levied, may have the validity of the claim, defense, or objection determined by the district court of the county in which the tax is levied or by the tax court by serving two copies of a petition for such determination upon the county auditor, one copy on the county attorney, and one copy on the county treasurer. In counties where the office of county treasurer has been combined with the office of county auditor, the petitioner must serve the number of copies required by the county. The petitioner must file the copies with proof of service, in the office of the court administrator of the district court before the 16th day of ~~May~~ *March* of the year in which the tax becomes payable. The county auditor shall immediately forward one copy of the petition to the appropriate governmental authority in a home rule charter or statutory city or town in which the property is located if that city or town employs its own certified assessor. A copy of the petition shall also be sent to the school board of the school district in which the property is located. A petition for determination under this section may be transferred by the district court to the tax court. An appeal may also be taken to the tax court under chapter 271 at any time following receipt of the valuation notice required by section 273.121 but prior to ~~May~~ *March* 16 of the year in which the taxes are payable.

Subd. 2. [HOMESTEADS.] Any person having any estate, right, title or interest in or lien upon any parcel which is classified as homestead under the provisions of section 273.13, subdivision 22 or 23, who claims that said parcel has been assessed at a valuation which exceeds by ten percent or more the valuation which the parcel would have if it were valued at the average assessment/sales ratio for real property in the same class, in that portion of the county in which that parcel is located, for which the commissioner is able to establish and publish a sales ratio study as determined by the applicable real estate assessment/sales ratio study published by the commissioner of revenue, may have the validity of the claim, defense, or objection determined by the district court of the county in which the tax is levied or by the tax court by serving two copies of a petition for such determination upon the county auditor and one copy each on the county treasurer and the county attorney and filing the same, with proof of such service, in the office of the court administrator of the district court before the 16th day of ~~May~~ *March* of the year in which such tax becomes payable. The county auditor shall immediately forward one copy of the petition to the appropriate governmental authority in a home rule charter or statutory city or town in which the property is located if that city or town employs its own certified assessor. A copy of the petition shall also be sent to the school board of the school district in which the property is located. A petition for determination under this section may be transferred by the district court to the tax court.

Subd. 3. [EXCEPTION.] The procedures established by this section are not available to contest the validity or amount of any special assessment made pursuant to chapters 429, 430, any special law or city charter.

Sec. 12. Minnesota Statutes 1990, section 278.03, is amended to read:  
278.03 [PAYMENT OF TAX.]

If the proceedings instituted by the filing of the petition have not been completed before the 16th day of ~~May~~ *March* next following the filing, the

petitioner shall pay to the county treasurer 50 percent of the tax levied for such year against the property involved, unless permission to continue prosecution of the petition without such payment is obtained as herein provided. If the proceedings instituted by the filing of the petition have not been completed by the next ~~October 16, or, in the case of class 1b agricultural homestead, class 2a agricultural homestead, and class 2b(2) agricultural non-homestead property,~~ November 16, the petitioner shall pay to the county treasurer 50 percent of the unpaid balance of the taxes levied for the year against the property involved if the unpaid balance is \$2,000 or less and 80 percent of the unpaid balance if the unpaid balance is over \$2,000, unless permission to continue prosecution of the petition without payment is obtained as herein provided. The petitioner, upon ten days notice to the county attorney and to the county auditor, given at least ten days prior to the 16th day of ~~May March~~ or the 16th day of ~~October,~~ ~~or, in the case of class 1b agricultural homestead, class 2a agricultural homestead, and class 2b(2) agricultural nonhomestead property,~~ the 16th day of November, may apply to the court for permission to continue prosecution of the petition without payment; and, if it is made to appear

(1) that the proposed review is to be taken in good faith;

(2) that there is probable cause to believe that the property may be held exempt from the tax levied or that the tax may be determined to be less than 50 percent of the amount levied; and

(3) that it would work a hardship upon petitioner to pay the taxes due,

the court may permit the petitioner to continue prosecution of the petition without payment, or may fix a lesser amount to be paid as a condition of continuing the prosecution of the petition.

Failure to make payment of the amount required when due shall operate automatically to dismiss the petition and all proceedings thereunder unless the payment is waived by an order of the court permitting the petitioner to continue prosecution of the petition without payment. The petition shall be automatically reinstated upon payment of the entire tax plus interest and penalty if the payment is made within one year of the dismissal. The county treasurer shall, upon request of the petitioner, issue duplicate receipts for the tax payment, one of which shall be filed by the petitioner in the proceeding.

Sec. 13. Minnesota Statutes 1990, section 278.05, subdivision 5, is amended to read:

Subd. 5. Any time after the filing of the petition and before the trial of the issues raised thereby, when the defense or claim presented is that the property has been partially, unfairly, or unequally assessed, or that the parcel has been assessed at a valuation greater than its real or actual value, or that a parcel which is classified as homestead under the provisions of section 273.13, subdivision 22 or 23, has been assessed at a valuation which exceeds by ten percent or more the valuation which the parcel would have if it were valued at the average assessment/sales ratio for real property in the same class in that portion of the county in which the parcel is located, for which the commissioner is able to establish and publish a sales ratio study, the attorney representing the state, county, city or town in the proceedings may serve on the petitioner, or the petitioner's attorney, and file with the court administrator of the district court, an offer to reduce the valuation of any tract or tracts to a valuation set forth in the offer. If, within

ten days thereafter, the petitioner, or the attorney, gives notice in writing to the county attorney, or the attorney for the city or town, that the offer is accepted, the official notified may file the offer with proof of notice, and the court administrator shall enter judgment accordingly. Otherwise, the offer shall be deemed withdrawn and evidence thereof shall not be given; and, unless a lower valuation than specified in the offer is found by the court, no costs or disbursements shall be allowed to the petitioner, but the costs and disbursements of the state, county, city or town, including interest at six percent on the tax based on the amount of the offer from and after the 16th day of ~~October, or, in the case of class 1b agricultural homestead, class 2a agricultural homestead, and class 2b(2) agricultural nonhomestead property, the 16th day of November,~~ of the year the taxes are payable, shall be taxed in its favor and included in the judgment and when collected shall be credited to the county revenue fund, unless the taxes were paid in full before the 16th day of ~~October, or, in the case of class 1b agricultural homestead, class 2a agricultural homestead, and class 2b(2) agricultural nonhomestead property, the 16th day of November,~~ of the year in which the taxes were payable, in which event interest shall not be taxable.

Sec. 14. Minnesota Statutes 1990, section 279.01, is amended by adding a subdivision to read:

*Subd. 1a. [DUE DATES.] All taxes on real property are due in three equal installments, to be paid on March 15 or 20 calendar days after the postmark date on the envelope containing the property tax statement, whichever is later, July 15, and November 15.*

Sec. 15. Minnesota Statutes 1990, section 279.01, is amended by adding a subdivision to read:

*Subd. 2a. [PENALTIES.] Late payments of real property tax incur a penalty. The rate of the penalty increases with each successive month that the payment is late and is dependent upon the class of property taxed. The following is the schedule of penalties for late payment of property tax:*

Sec. 16. Minnesota Statutes 1990, section 279.01, is amended by adding a subdivision to read:

*Subd. 3a. [EXTENDED DUE DATES.] Notwithstanding subdivision 2a, if any of the due dates provided in subdivision 1a are extended as a result of a delay in mailing property tax statements, no penalty accrues if the tax is paid by the extended due date. If the tax is not paid by the extended due date, then all penalties that would have accrued if the due date had not been extended must be charged.*

Sec. 17. Minnesota Statutes 1990, section 279.01, is amended by adding a subdivision to read:

The revenue derived from tax increments for the district that are expended on costs under section 469.176, subdivision 4h, paragraph (b), may be deducted first before calculating the percentages that must be expended within and without the district.

(b) In the case of a housing district, a housing project, as defined in section 469.174, subdivision 11, is an activity in the district.

*(c) If the revenue derived from tax increments of any district is insufficient to expend on activities in the district for which binding contracts were entered into prior to April 30, 1991, or to pay bonds issued prior to April 30, 1991, increments from within the defined geographic area of the project may be expended on the activities or bonds for the district. If the revenue derived from tax increments of one district is insufficient to pay bonds issued under section 469.178, the authority must, in the next levy year, levy in an amount to pay the insufficiency.*

Sec. 19. Minnesota Statutes 1990, section 469.177, is amended by adding a subdivision to read:

(c) The calendar year 1990 homestead and agricultural credit aid shall be adjusted by the adjustment factor.

(d) Payments under this subdivision to counties in 1990 and 1991 shall be reduced by the amount provided in section 477A.012, subdivisions 3, paragraph (d), 4, paragraph (d), and 5.

Payments under this subdivision to the regional transit board in 1990 and 1991 shall be reduced by \$450,000.

(h) Payments under this subdivision to all taxing jurisdictions in 1992 and subsequent years are equal to the product of (1) the homestead and agricultural credit aid base, and (2) the growth adjustment factor, plus the net tax capacity adjustment and the fiscal disparity adjustment.

*Subdivision 1. [AUTHORIZATION.]* Every individual who files an income tax return or property tax refund claim form may designate on their original return that \$1 or more shall be added to the tax or deducted from the refund that would otherwise be payable by or to that individual and paid into an account to be established for the management of nongame wildlife. **Sec. 13. [41C.07] [BONDS.]**

*Subdivision 1. [AUTHORITY.] The authority may issue its negotiable bonds in principal amounts which, in the opinion of the authority, are necessary to provide sufficient funds for achievement of its corporate purposes, the payment of interest on its bonds, the establishment of reserves to secure its bonds, and all other expenditures of the authority incident to and necessary or convenient to carry out its purposes and powers. The bonds are investment securities and negotiable instruments within the meaning of and for all purposes of the Uniform Commercial Code.*

*Subd. 2. [PAYMENT OF BONDS.] Bonds are payable solely and only out of the money, assets, or revenues of the authority and as provided in the agreement with bondholders pledging any particular money, assets, or revenues. Bonds are not an obligation of this state or any political subdivision of this state other than the authority within the meaning of any constitutional or statutory debt limitations, but are special obligations of the authority payable solely and only from the sources provided in this chapter, and the authority shall not pledge the credit or taxing power of this state or any political subdivision of this state other than the authority or make its debts payable out of any money except that of the authority.*

*Subd. 3. [RESOLUTION OF AUTHORITY.] Bonds must be authorized by a resolution of the authority. However, a resolution authorizing the issuance of bonds may delegate to an officer of the authority the power to negotiate and fix the details of an issue of bonds by an appropriate certificate of the authorized officer.*

*Subd. 4. [REQUIREMENTS.] Bonds must:*

(1) state the date and series of the issue, be consecutively numbered, and state on their face that they are payable both as to principal and interest solely out of the assets of the authority and do not constitute an indebtedness of this state or any political subdivision of this state other than the authority within the meaning of any constitutional or statutory debt limit; and

(2) be either registered, registered as to principal only, issued in denominations as the authority prescribes, fully negotiable instruments under the laws of this state, signed on behalf of the authority with the manual or facsimile signature of the chair or vice-chair, attested by the manual or facsimile signature of the secretary, have impressed or imprinted on them the seal of the authority or a facsimile of it; be payable as to interest at rates and at times as the authority determines; be payable as to principal at times over a period not to exceed 50 years from the date of issuance, at places and with reserved rights of prior redemption as the authority prescribes; be sold at prices, at public or private sale, and in a manner as the authority prescribes, and the authority may pay all expenses, premiums, and commissions that it considers necessary or advantageous in connection with the issuance and sale; and be issued under and subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter, as are found to be necessary by the authority for the most advantageous sale.

*Subd. 5. [REFUNDING.] The authority may issue its bonds for the purpose of refunding any bonds of the authority then outstanding, including the payment of any redemption premiums and any interest accrued or to accrue to the date of redemption of the outstanding bonds. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds are applied to the purchase or retirement of outstanding bonds or the redemption of outstanding bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this chapter. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments may be returned to the authority for use by it in any lawful manner. All refunding bonds shall be issued and secured and are subject to the provisions of this chapter in the same manner and to the same extent as other bonds.*

*Subd. 6. [ANTICIPATION NOTES.] The authority may issue negotiable bond anticipation notes and may renew them from time to time, but the maximum maturity of the notes, including renewals, must not exceed ten years from the date of issue of the original notes. Notes are payable from any available money of the authority not otherwise pledged or from the proceeds of the sale of bonds in anticipation of which the notes were issued. Notes may be issued for any corporate purpose of the authority. Notes must be issued in the same manner as bonds and notes and the resolution authorizing them may contain any provisions, conditions, or limitations, not inconsistent with the provisions of this subdivision, which the bonds or a bond resolution of the authority may contain. Notes may be sold at public or private sale. In case of default on its notes or violation of any obligations of the authority to the noteholders, the noteholders have all the remedies provided in this chapter for bondholders. Notes are as fully negotiable as*

*bonds of authority.*

*Subd. 7. [FILING.] A copy of each pledge agreement by or to the authority, including without limitation each bond resolution, indenture of trust or similar agreement, or any revisions or supplements to it, must be filed with the secretary of state and no further filing or other action under article 9 of the Uniform Commercial Code or any other law of the state is required to perfect the security interest in the collateral or any additions to it or substitutions for it; and the lien and trust so created are binding from and after the time made against all parties having claims of any kind in tort, contract, or otherwise against the pledgor.*

*Subd. 8. [PERSONAL LIABILITY LIMITED.] Members of the authority and any person executing its bonds are not liable personally on the bonds or subject to personal liability or accountability by reason of the issuance of the authority's bonds.*

*Subd. 9. [NOTICE.] The authority shall publish a notice of intention to issue bonds in a newspaper published and of general circulation in the state. The notice shall include a statement of the maximum amount of bonds proposed to be issued and, in general, what net revenues will be pledged to pay the bonds and interest on them. An action may not be brought questioning the legality of the bonds or the power of the authority to issue the bonds or the legality of any proceedings in connection with the authorization or issuance of the bonds after 60 days from the date of publication of the notice.*

**Sec. 14. [41C.08] [RESERVE FUNDS AND APPROPRIATIONS.]**

*Subdivision 1. [AUTHORITY.] The authority may create and establish one or more special funds, each to be known as a "bond reserve fund," and shall pay into each bond reserve fund any money appropriated and made available by the state for the purpose of the fund, any proceeds of sale of bonds to the extent provided in the resolutions of the authority authorizing their issuance, and any other money that is available to the authority for the purpose of the fund from any other sources. Money held in a bond reserve fund, except as otherwise provided in this chapter, must be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.*

*Subd. 2. [WITHDRAWALS.] Money in a bond reserve fund may not be withdrawn from it in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this section, except for the purpose of making payment when due of principal, interest, redemption premiums, and the sinking fund payments with respect to the bonds for the payment of which other money of the authority is not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the authority to other funds or accounts of the authority to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for it.*

*Subd. 3. [ISSUANCE OF SECURED BONDS.] The authority may not at any time issue bonds secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will*

*be less than the bond reserve fund requirement for the fund, unless the authority at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other sources an amount which, together with the amount then in the fund, will not be less than the bond reserve fund requirement for the fund. For the purposes of this section, the term "bond reserve fund requirement" means, as of any particular date of computation, an amount of money required to be on deposit therein in the bond reserve fund, as provided in the resolutions of the authority authorizing the bonds with respect to which the fund is established.*

*Subd. 4. [REPAYMENT.] Amounts paid over to the authority by the state under this section constitute and must be accounted for as advances by the state to the authority and, subject to the rights of the holders of any bonds of the authority, must be repaid to the state without interest from all available operating revenues of the authority in excess of amounts required for the payment of bonds, the bond reserve fund, and operating expenses.*

*Subd. 5. [ANNUAL REPORT.] The authority shall cause to be delivered to the senate committee on finance and the house of representatives committee on appropriations, within 90 days of the close of its fiscal year, its annual report certified by an independent certified public accountant, who may be the accountant or a member of the firm of accountants who regularly audits the books and accounts of the authority selected by the authority. In the event that the principal amount of any bonds deposited in a bond reserve fund is withdrawn for payment of principal or interest, thereby reducing the amount of that fund to less than the bond reserve fund requirement, the authority shall immediately notify the legislature of this event and take steps to restore the fund to its bond reserve fund requirement from any amounts available, other than principal of a bond issue, that are not pledged to the payment of other bonds.*

#### **Sec. 15. [41C.09] [REMEDIES OF BONDHOLDERS.]**

*Subdivision 1. [DEFAULT.] If the authority defaults in the payment of principal or interest on an issue of bonds at maturity or upon call for redemption, and the default continues for a period of 30 days, or if the authority fails or refuses to comply with the provisions of this chapter, or defaults in an agreement made with the holders of an issue of bonds, the holders of 25 percent in aggregate principal amount of bonds of the issue then outstanding, by instrument filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of the bonds for the purposes provided in this section.*

*Subd. 2. [ACTIONS.] The authority or any trustee appointed under the indenture under which the bonds are issued may, but upon written request of the holders of 25 percent in aggregate principal amount of the issue of bonds then outstanding shall:*

*(1) enforce all rights of the bondholders including the right to require the authority to carry out its agreements with the holders and to perform its duties under this chapter;*

*(2) bring suit upon the bonds;*

*(3) by action require the authority to account as if it were the trustee of an express trust for the holders;*

*(4) by action enjoin any acts or things which are unlawful or in violation of the rights of the holders; and*

*(5) declare all the bonds due and payable and, if all defaults are made good, with the consent of the holders of 25 percent of the aggregate principal amount of the issue of bonds then outstanding, annul the declaration and its consequences.*

*Subd. 3. [TRUSTEE'S POWERS.] The trustees may exercise functions specifically set forth or incident to the general representation of bondholders in the enforcement and protection of their rights.*

*Subd. 4. [NOTICE.] Before declaring the principal of bonds due and payable, the trustee shall first give 30 days' notice in writing to the governor, to the authority, and to the attorney general of the state.*

*Subd. 5. [JURISDICTION.] The district court has jurisdiction of any action by the trustee on behalf of bondholders. The venue of the action is in the county in which the principal office of the authority is located.*

*The bondholders may, to the extent provided in the resolution to which the bonds were issued or in its agreement with the authority, enforce any of the remedies in subdivision 2, clauses (1) to (5), or the remedies provided in the proceedings or agreements for and on their own behalf.*

**Sec. 16. [41C.10] [BONDS AS LEGAL INVESTMENTS.]**

*Bonds are securities in which public officers, state departments and agencies, political subdivisions, insurance companies, and other persons carrying on an insurance business, banks, trust companies, savings and loan associations, investment companies, and other persons carrying on a banking business, administrators, executors, guardians, conservators, trustees, and other fiduciaries and other persons authorized to invest in bonds or other obligations of this state may properly and legally invest funds including capital in their control or belonging to them. The bonds are also securities which may be deposited with and may be received by public officers, state departments and agencies, and political subdivisions for any purpose for which the deposit of bonds or other obligations of this state is authorized.*

**Sec. 17. [41C.11] [CONFLICTS OF INTEREST.]**

*If a member or employee of the authority has an interest, either direct or indirect, in a contract to which the authority is or is to be a party or in a mortgage lender requesting a loan from or offering to sell mortgage or secured loans to the authority, the interest must be disclosed to the authority in writing and must be set forth in the minutes of the authority. The member or employee having the interest may not participate in action by the authority with respect to that contract or mortgage lender.*

*The total base level of appropriations and complement currently assigned to the department of finance for purposes of administering the rural finance authority, under chapter 41B, is transferred to the department of agriculture. This transfer is effective July 1, 1991.*

**Sec. 18. [41C.12] [APPLICATION AND ORIGINATION FEE; FUND CREATED.]**

*(a) There is created in the general fund a rural finance authority administrative fund. Proceeds from the application and origination fees assessed by the authority under paragraph (b) must be deposited in the dedicated*

*fund. Beginning July 1, 1993, money in the fund is appropriated as needed to the director of the Minnesota rural finance authority for administrative costs of the agricultural development bond beginning farmer and agricultural business enterprise loan program.*

*(b) The authority may impose a reasonable application and origination fee for each loan issued under the beginning farmer and agricultural business enterprise loan program. The fee must be deposited in the rural finance authority administrative fund created in paragraph (a).*

As described in sections 1 to 15, the full faith and credit and taxing powers of the state and St. Louis county may be pledged for the payment of these bonds. To provide the money appropriated in this act, the commissioner of finance, upon the occurrence of the deficiency addressed in section 13, subdivision 3, shall sell and issue bonds of the state in an amount not to exceed \$125,000,000 for the facility described in subdivision 5, and in an amount not to exceed \$50,000,000 for the facility described in subdivision 6 in the manner, on the terms, and with the effect prescribed by this act and sections 16A.631 to 16A.675, and by the Minnesota Constitution, article XI, sections 4 to 7. St. Louis county may issue general obligation bonds for the purposes described in this subdivision. The general obligation bonds issued by St. Louis county and the pledge of St. Louis county are not subject to any net debt limitation. A levy of taxes for the St. Louis county general obligation bonds is not subject to any levy limitations and may be issued without an election.*

*(b) Of the bonds issued to finance the facility described in subdivision 5, bonds in the principal amount of \$125,000,000 must be secured by the general obligation of the state or the pledge of any other revenues, property, guaranties, or other credit, and \$12,600,000 must be secured by the general obligation of St. Louis county.*

*(c) Of the bonds issued to finance the facility described in subdivision 6, bonds in the principal amount of \$50,000,000 must be secured by the general obligation of the state or the pledge of any other revenues, property, guaranties, or other credit, and \$15,000,000 must be secured by the general obligation of St. Louis county.*

*(d) If a deficiency occurs as provided in section 13, the state shall issue all of the general obligation bonds required to be issued under this subdivision by the state before St. Louis county is required to issue general*

*obligation bonds under this subdivision.*

*Subd. 5. [USE OF PROCEEDS; AIRCRAFT MAINTENANCE FACILITY.] The proceeds of the bonds issued in a principal amount not to exceed \$250,000,000 must be used to finance the construction of a heavy maintenance facility for aircraft to be located at the Duluth international airport and any costs of issuance, reserves, credit enhancement, or an initial period of interest payments related to the bonds or the facility. The facility must be owned by the metropolitan airports commission and leased to and operated by an airline company for use as a heavy maintenance base. In the event of a default under the loan, lease agreement, or other revenue agreement, the facility may be leased to another person for operation as a revenue-producing enterprise, subject to the approval of the commissioner.*

*Subd. 6. [USE OF PROCEEDS; AIRCRAFT ENGINE REPAIR FACILITY.] The proceeds of the bonds issued in a principal amount not to exceed \$100,000,000 must be used to finance an aircraft engine repair facility in the city of Hibbing and any costs of issuance, reserves, credit enhancement, or an initial period of interest payments related to the bonds or the facility. The facility must be publicly owned, but may be leased, with or without a purchase option exercisable at any price, to any person for the primary purpose of repairing aircraft engines or components.*

*Subd. 7. [ENVIRONMENTAL ASSESSMENT.] Notwithstanding any other law or rule, no environmental impact statement must be completed prior to the approval of an application and the issuance of a conditional commitment for the loan, or the taking of any other action permitted by sections 1 to 15, including the issuance of bonds, which is considered necessary or desirable by the commissioner to prepare for a final commitment and to make it effective. Environmental review, to the extent required by law, shall be made in conjunction with the issuance by state agencies of environmental permits for the project. Permits may be applied for prior to the issuance of a conditional commitment. Action shall be taken as expeditiously as possible on environmental review and all permits required.*

### **Sec. 3. [116R.03] [GENERAL POWERS.]**

*For the purpose of exercising the specific powers authorized under sections 1 to 15 and effectuating the other purposes of sections 1 to 15, the commissioner may:*

- (1) acquire, hold, and dispose of real or personal property;*
- (2) enter into agreements, contracts, or other transactions with any federal or state agency, any person, and any domestic or foreign partnership, corporation, association, or organization, including contracts or agreements for administration and implementation of all or part of sections 1 to 15;*
- (3) acquire real property, or an interest therein, by purchase or foreclosure, where the acquisition is necessary or appropriate;*
- (4) enter into agreements with lenders, borrowers, or the issuers of securities for the purpose of regulating the development and management of any facility financed in whole or in part by the proceeds of bonds or loans;*
- (5) enter into agreements with other appropriate federal, state, or local governmental units; and*
- (6) contract with, use, or employ any federal, state, regional, or local public or private agency or organization, legal counsel, financial advisors,*

*investment bankers or others, upon terms the commissioner considers necessary or desirable, to assist in the exercise of any of the powers authorized under sections 1 to 15 and to carry out the objectives of sections 1 to 15 and may pay for the services from bond proceeds or otherwise available department money.*

**Sec. 4. [116R.04] [REVENUE BONDS; PURPOSES, TERMS, APPROVAL.]**

*Subdivision 1. [BONDS.] The commissioner from time to time may issue negotiable bonds in one or more series or issues in a principal amount which, in the opinion of the commissioner of trade and economic development, is necessary to provide sufficient funds for achieving the purposes of sections 1 to 15, including the construction of a heavy maintenance facility for aircraft to be located at the Duluth international airport, the financing of an aircraft engine repair facility in the city of Hibbing, the payment of interest on bonds of the commissioner, the establishment of reserves to secure the bonds, and the payment of all other expenditures of the commissioner incident to and necessary or convenient to carry out the purposes and powers of sections 1 to 15. The bonds may be issued as bonds or notes or in any other form authorized by law.*

*Subd. 2. [REFUNDING OF BONDS.] The commissioner from time to time may issue bonds for the purpose of refunding any bonds then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the redemption date next succeeding the date of delivery of those refunding bonds. The proceeds of any refunding bonds may, in the discretion of the commissioner, be applied to the purchase or payment at maturity of the bonds to be refunded, or to the redemption of such outstanding bonds on the redemption date next succeeding the date of delivery of such refunding bonds and may, pending such application, be placed in escrow to be applied to such purchase, retirement, or redemption. Any such escrowed proceeds, pending such use, may be invested and reinvested in obligations that are permitted investments under section 11A.24, maturing at a time or times appropriate to ensure the prompt payment of the principal of and interest and redemption premiums, if any, on the bonds to be refunded. The income earned or realized on any such investment may also be applied to the payment of the bonds to be refunded. After the terms of the escrow have been fully satisfied, any balance of such proceeds and any investment income may be returned to the general fund for use in any lawful manner. All refunding bonds issued under the provisions of this subdivision must be issued and secured in the manner provided by resolution of the commissioner.*

*Subd. 3. [KIND OF BONDS.] All bonds issued under this section must be issued in the form and manner provided in section 16A.672.*

*Subd. 4. [COMPLIANCE WITH FEDERAL LAW.] The commissioner may covenant and agree with the holders of the bonds issued under this section that the state will comply, insofar as possible, with the provisions of the United States Internal Revenue Code now or hereafter enacted that are applicable to the bonds and that establish conditions under which the interest to be paid on the bonds will not be includable in gross income for federal tax purposes.*

*Subd. 5. [TAXABILITY OF INTEREST.] Interest on the bonds authorized by this section may be issued without regard to whether the interest to be paid on them is includable in gross income for federal tax purposes.*

Sec. 5. [116R.05] [REVENUE BONDS; RESOLUTIONS AUTHORIZING, ADDITIONAL TERMS, SALE.]

*The bonds must be authorized by a resolution or resolutions of the commissioner, bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denominations, be in such form, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States, at such place or places within or without the state, and be subject to such terms of redemption or purchase prior to maturity as the resolutions or certificates may provide. If, for any reason, whether existing at the date of issue of any bonds or at the date of making or purchasing any loan or securities from the proceeds or after that date, the interest on any bonds is or becomes subject to federal income taxation, this shall not impair or affect the validity or the provisions made for the security of the bonds. The commissioner may make covenants and take or cause to be taken actions which are necessary or desirable and possible to comply with conditions established by federal law or regulations for the exemption of interest on the obligations. The commissioner may refrain from compliance with those conditions if in the commissioner's judgment this would serve the purposes and policies set forth in sections 1 to 15 with respect to any particular issue of bonds, unless this would violate covenants made by the commissioner. The bonds may be sold at public or private sale at a price or prices determined by the commissioner. The underwriting discount, spread, or commission paid or allowed to the underwriters of the bonds, however, must be an amount not in excess of the amount determined by the commissioner to be reasonable in the light of the risk assumed and the expenses of issuance, if any, required to be paid by the underwriters.*

Sec. 6. [116R.06] [REVENUE BONDS; OPTIONAL RESOLUTION AND CONTRACT PROVISIONS.]

*Any resolution authorizing any bonds or any issue of bonds may contain provisions, which must be a part of the contract with the holders of the bonds, as to the matters referred to in this section.*

*(a) It may pledge or create a lien on money or property and any money held in trust or otherwise by others to secure the payment of the bonds or of any series or issue of bonds, subject to any agreements with bondholders which exist.*

*(b) It may provide for the custody, collection, securing, investment, and payment of money.*

*(c) It may set aside reserves or sinking funds and provide for their regulation and disposition and may create other special funds into which money may be deposited.*

*(d) It may limit the loans and securities to which the proceeds of sale of bonds may be applied and may pledge repayments thereon to secure the payment of the notes or bonds or of any series or issue of notes or bonds.*

*(e) It may limit the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding or other bonds.*

*(f) It may prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent to the amendment or abrogation,*

and the manner in which that consent may be given.

(g) *It may vest in a trustee or trustees property, rights, powers, and duties in trust determined by the commissioner, which may include any or all of the rights, powers, and duties of the bondholders, or may limit the rights, powers, and duties of the trustee.*

(h) *It may define the acts or omissions to act which constitute a default in the obligations and duties of the commissioner and may provide for the rights and remedies of the holders of bonds in the event of a default, and provide any other matters of like or different character, consistent with the general laws of the state and other provisions of sections 1 to 15, which in any way affect the security or protection of the bonds and the rights of the bondholders.*

Sec. 7. [116R.07] [PLEDGES.]

*Any pledge made by the commissioner is valid and binding from the time the pledge is made. The money or property pledged and later received by the commissioner is immediately subject to the lien of the pledge without any physical delivery of the property or money or further act, and the lien of any pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the commissioner, whether or not those parties have notice of the lien or pledge. Neither the resolution nor any other instrument by which a pledge is created need be recorded.*

Sec. 8. [116R.08] [REVENUE BONDS; NONLIABILITY OF INDIVIDUALS.]

*The commissioner and the commissioner's staff and any person executing the bonds are not personally liable on the bonds or subject to any personal liability or accountability by reason of their issuance.*

Sec. 9. [116R.09] [REVENUE BONDS; PURCHASE AND CANCELLATION.]

*The commissioner, subject to agreements with bondholders which may then exist, has power out of any funds available for the purpose to purchase bonds of the commissioner at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date thereon, or (b) if the bonds are not redeemable, the redemption price applicable on the first date after the purchase upon which the bonds become subject to redemption plus accrued interest to that date.*

Sec. 10. [116R.10] [STATE PLEDGE AGAINST IMPAIRMENT OF CONTRACTS.]

*The state pledges and agrees with the holders of any bonds issued under sections 1 to 15, that the state will not limit or alter the rights vested in the commissioner to fulfill the terms of any agreements made with the bondholders, or in any way impair the rights and remedies of the holders until the bonds, together with interest on them, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the bondholders, are fully met and discharged. The commissioner may include this pledge and agreement of the state in any agreement with the holders of bonds issued under sections 1 to 15.*

Sec. 11. [116R.11] [AIRCRAFT FACILITIES FUND.]

*The commissioner shall establish an aircraft facilities fund. The commissioner may establish whatever accounts might be necessary to carry out sections 1 to 15. The state treasurer or any trustee appointed by the commissioner under sections 1 to 15 shall maintain permanently on official books and records debt service accounts separate from all other funds and accounts, to record all receipts and disbursements of money for principal and interest payments on bonds. No later than the due date of each principal and interest payment on the bonds, the commissioner shall withdraw from the proceeds of the bonds, or from revenues on hand and available for the purpose, and shall deposit in the debt service accounts the amount, if any, required in the account by the resolution or resolutions of the commissioner.*

**Sec. 12. [116R.12] [POWERS AND DUTIES OF TRUSTEE.]**

*Subdivision 1. [GENERAL.] The trustee, if any, designated in any indenture or resolution securing an issue of bonds may, and upon written request of the holders of 25 percent in principal amount of the notes or bonds then outstanding shall, in the trustee's own name, subject to the provisions of the indenture or resolution:*

*(1) enforce all rights of the bondholders, including the right to require the commissioner to collect fees, charges, interest, and payments on leases, loans, or interests therein held by the commissioner and eligible securities purchased by it adequate to carry out any agreement as to, or pledge of, those fees, charges, and payments, and to require the commissioner to carry out any other agreements with the holders of the notes or bonds and to perform the duties required under sections 1 to 15;*

*(2) bring suit upon the bonds;*

*(3) require the commissioner to account as if it were the trustee of any express trust for the holders of the bonds;*

*(4) enjoin any acts or things which may be unlawful or in violation of the rights of holders of the bonds; or*

*(5) declare all the bonds due and payable, and if all defaults are made good, then, with the consent of the holders of 25 percent of the principal amount of the bonds then outstanding, the trustee may annul the declaration and consequences.*

*Subd. 2. [ADDITIONAL POWERS.] In addition to the powers in subdivision 1, the trustee has all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of bondholders or noteholders in the enforcement and protection of their rights.*

*Subd. 3. [VENUE; NOTICE.] The venue of any action or proceedings brought by a trustee is in Ramsey county. Before declaring the principal of bonds due and payable, the trustee shall first give 30 days' notice in writing to the commissioner.*

**Sec. 13. [116R.13] [REVENUE BOND ACCOUNT; REPORTS.]**

*Subdivision 1. [AUTHORITY.] The commissioner may create and establish a special account or accounts for the security of one or more or all series of its bonds, which accounts are known as debt service reserve accounts. The commissioner may pay into each debt service reserve account:*

*(1) any money appropriated by the state only for the purposes of that account;*

(2) any money transferred from the security fund for the purposes of that account;

(3) any proceeds of sale of bonds to the extent provided in the resolution or indenture authorizing their issuance;

(4) any money directed to be transferred by the commissioner to that debt service reserve account; and

(5) any other money made available to the commissioner only for the purpose of that account from any other source.

*Subd. 2. [USE OF MONEY.] The money held in or credited to each debt service reserve account, except as provided in this section, must be used solely for the payment of the principal of bonds of the commissioner as the bonds mature, the purchase of the bonds, the payment of interest on the bonds, or the payment of any premium required when the bonds or notes are redeemed before maturity; provided, that money in a debt service reserve account may not be withdrawn at any time in an amount which would reduce the amount of the account to less than the amount which the commissioner determines to be reasonably necessary for the purposes of the account, except for the purpose of paying principal or interest due on bonds secured by the account, for the payment of which other money is not available.*

*Subd. 3. [GENERAL OBLIGATION BONDS.] If the amount in any debt service reserve account falls below the minimum required in a resolution or resolutions of the commissioner, the commissioner shall issue general obligation bonds in accordance with section 16A.641 except as otherwise provided in this section unless provision is made for restoring the deficiency from other sources. The bonds may be sold at public or private sale at a price or prices determined by the commissioner. The underwriting discount, spread, or commission paid or allowed to the underwriters of the bonds, however, must be an amount not in excess of the amount determined by the commissioner to be reasonable in light of the risk assumed and the expense of issuance, if any, required to be paid by the underwriters.*

*Subd. 4. [LIMITATION.] If the commissioner creates a debt service reserve account for the security of any series of bonds, the commissioner may not issue any additional bonds which are similarly secured if the amount of any of the debt service reserve accounts at the time of issuance does not equal or exceed the minimum amount, if any, required by the resolution creating that account, unless the commissioner deposits in each account at the time of issuance, from the proceeds of the bonds or otherwise, an amount which, together with the amount then in the account, will not be less than the minimum amount required.*

*Subd. 5. [EXCESS MONEY.] To the extent consistent with the resolutions and indentures securing outstanding bonds, the commissioner may, at the close of any fiscal year, transfer to any other account from any debt service reserve account, any excess in that account over the amount considered by the commissioner to be reasonably necessary for the purpose of the account. Any excess must be transferred first to the security account to the extent of any prior withdrawals from the security account which have not previously been restored to the security account.*

*Subd. 6. [CONSTRUCTION.] Nothing in this section may be construed to limit the right of the commissioner to create and establish by resolution or indenture other accounts or security in addition to debt service reserve accounts which are necessary or desirable in connection with any bonds or*

programs.

Sec. 14. [116R.15] [CONSTRUCTION.]

*Sections 1 to 15 are necessary for the welfare of the state of Minnesota and its inhabitants; therefore, they shall be liberally construed to effect their purpose.*

Sec. 15. [116R.16] [SEVERABILITY; ACTIONS.]

*Each of the provisions of sections 1 to 15, and each application thereof to particular circumstances, is severable. If any provision or application is found to be unconstitutional and void, it is the intention that the remaining provisions and applications shall be valid and enforceable to the full extent possible under section 645.20.*

Sec. 16. Minnesota Statutes 1990, section 290.06, is amended by adding a subdivision to read:

*Subd. 24. [CREDIT FOR JOB CREATION.] A corporation that leases and operates a heavy maintenance base for aircraft that is owned by the state of Minnesota or one of its political subdivisions, or an engine repair facility described in section 2, subdivision 6, or both, may take a credit against the tax due under this chapter. For the first taxable year when the facility has been in operation for at least three consecutive months, the credit is equal to \$5,000 multiplied by the number of persons employed by the corporation on a full-time basis at the facility on the last day of the taxable year, not to exceed the number of persons employed by the corporation on a full-time basis at the facility on the date 90 days before the last day of the taxable year. For each of the succeeding four taxable years, the credit is equal to \$5,000 multiplied by the number of persons employed by the corporation on a full-time basis at the facility on the last day of the taxable year, not to exceed the number of persons employed by the corporation on a full-time basis at the facility on the date 90 days before the last day of the taxable year. If the credit provided under this subdivision exceeds the tax liability of the corporation for the taxable year, the excess amount of the credit may be carried over to each of the ten taxable years succeeding the taxable year. The entire amount of the credit must be carried to the earliest taxable year to which the amount may be carried. The unused portion of the credit must be carried to the following taxable year. No credit may be carried to a taxable year more than ten years after the taxable year in which the credit was earned.*

Sec. 17. [297A.2571] [AIRCRAFT FACILITY MATERIALS; EXEMPTIONS.]

*Materials, equipment, and supplies used or consumed in constructing, or incorporated into the construction of, a heavy maintenance facility for aircraft that is to be owned by the state of Minnesota or one of its political subdivisions and leased by an airline company, or an aircraft engine repair facility described in section 2, subdivision 6, are exempt from the taxes imposed under this chapter and from any sales and use tax imposed by a local unit of government, notwithstanding any ordinance or city charter provision. Except for equipment owned or leased by a contractor, all machinery, equipment, tools, accessories, appliances, contrivances, furniture, fixtures, and all tangible personal property of any other nature or description necessary to the construction and equipping of that facility in order to provide those services is also exempt.*

Sec. 18. Minnesota Statutes 1990, section 473.608, subdivision 1, is amended to read:

Subdivision 1. The corporation, subject to the conditions and limitations prescribed by law, shall possess all the powers as a body corporate necessary and convenient to accomplish the objects and perform the duties prescribed by sections 473.601 to 473.679, including but not limited to those hereinafter specified. These powers, except as limited by section 473.622, may be exercised at any place within 35 miles of the city hall of either Minneapolis or St. Paul, and in the metropolitan area, *and in the city of Duluth for the purpose of owning and leasing the facility described in section 2, subdivision 5.*

by the St. Louis county board for terms as designated by the county board.

(b) *With the consent of the governing bodies of St. Louis county and the city of Chisholm and without an election, either or both St. Louis county and the city of Chisholm may treat an obligation or any portion thereof, of the city of Hibbing issued under Minnesota Statutes, section 469.178, subdivision 2, as a general obligation of St. Louis county or the city of Chisholm, by pledging their full faith and credit and taxing power. The obligations, the pledge of St. Louis county, and the pledge of the city of Chisholm are not subject to any net debt limitation. A levy of taxes for the obligations is not subject to any levy limitations. The obligations may be sold at public or private sale.*

*Subd. 2. [CHARACTERISTICS OF THE DISTRICT.] (a) The district shall be a redevelopment district as defined in Minnesota Statutes, section 469.174, subdivision 10, except that the durational limit under Minnesota Statutes, section 469.176, subdivision 1, paragraph (e), shall be extended to 30 years.*

Mr. Luther moved that House Concurrent Resolution No. 1 be taken from the table. The motion prevailed.

House Concurrent Resolution No. 1: A House concurrent resolution relating to congressional redistricting; establishing standards for redistricting plans.

BE IT RESOLVED, by the House of Representatives of the State of Minnesota, the Senate concurring therein:

A plan presented to the Senate or House of Representatives for redistricting seats in the United States House of Representatives must adhere to the following standards:

- (1) There must be eight districts, each entitled to elect a single member.
- (2) The districts must be as nearly equal in population as practicable.
- (3) The districts must be composed of convenient contiguous territory. Contiguity by water is sufficient if the water is not a serious obstacle to travel within the district.
- (4) The districts must be numbered in a regular series, beginning with congressional district 1 in the southeast corner of the state and ending with district 8 in the northeast corner of the state.
- (5) The districts must not dilute the voting strength of racial or language minority populations. Where a concentration of a racial or language minority population makes it possible, the districts must increase the probability that members of the minority will be elected.
- (6) A county, city, or town must not be divided into more than one district except as necessary to meet equal-population requirements or to form districts that are composed of convenient contiguous territory.
- (7) The districts should attempt to preserve communities of interest where that can be done in compliance with the preceding standards.
- (8) The geographic areas and population counts used in maps, tables, and legal descriptions of the districts must be those used by the Legislative Coordinating Commission's Subcommittee on Redistricting.

The Subcommittee on Redistricting will notify the President of the Senate and the Speaker of the House of Representatives when the necessary 1990 census data has been received from the United States Census Bureau, loaded into the Subcommittee's computerized redistricting system, and verified as

ready for use in redistricting. A redistricting plan will not be considered for adoption by the Senate or House of Representatives until the notice has been given.

A plan presented to the Senate or House of Representatives for redistricting seats in the Senate and House of Representatives must adhere to the following standards:

(1) The Senate must be composed of 67 members. The House of Representatives must be composed of 134 members.

(2) Each district is entitled to elect a single member.

(6) The districts must be numbered in a regular series, beginning with House district 1A in the northwest corner of the state and proceeding across the state from west to east, north to south, but bypassing the seven-county metropolitan area until the southeast corner has been reached; then to the seven-county metropolitan area outside the cities of Minneapolis and St. Paul; then in Minneapolis and St. Paul.

(7) The districts must not dilute the voting strength of racial or language minority populations. Where a concentration of a racial or language minority makes it possible, the districts must increase the probability that members of the minority will be elected.

(8) A county, city, or town should not be divided into more than one district except as necessary to meet equal-population requirements or to form districts that are composed of convenient contiguous territory.

(9) The districts should attempt to preserve communities of interest where that can be done in compliance with the preceding standards.

(10) The geographic areas and population counts used in maps, tables, and legal descriptions of the districts must be those used by the Legislative Coordinating Commission's Subcommittee on Redistricting.

The Subcommittee on Redistricting will notify the President of the Senate and the Speaker of the House of Representatives when the necessary 1990 census data has been received from the United States Census Bureau, loaded into the Subcommittee's computerized redistricting system, and verified as ready for use in redistricting. Without objection, remaining on the Order of Business of Motions and Resolutions, the Senate reverted to the Orders of Business of Executive and Official Communications, Reports of Committees, Second Reading of Senate Bills and Second Reading of House Bills.

### EXECUTIVE AND OFFICIAL COMMUNICATIONS

The following communication was received.

May 3, 1991

The Honorable Jerome M. Hughes  
President of the Senate

Dear Mr. President:

I have vetoed Chapter 46, Senate File 539, a bill that would amend the Minnesota Antitrust Law as it relates to suppliers, distributors and dealers.

The bill is designed to overrule a unanimous 1984 decision of the United States Supreme Court as it applies in Minnesota. That decision held that pricing complaints followed by termination of a discounter did not raise an inference of conspiracy.

Antitrust claims would be encouraged under Senate File 539, particularly those involving supplier/dealer discussions of pricing practices of a second dealer, where the second dealer is later terminated by the supplier. In such situations, an inference of conspiracy is permitted and the case would go to the jury. Only during trial could the supplier show that the decision to terminate was based on factors such as advertising, display space or, perhaps, customer service. In order to simply make this kind of response, suppliers could well face litigation costs in the hundreds of thousands of dollars.

If allowed to become law, manufacturers all over the world would have to adopt special policies, unique to Minnesota, for choosing and not choosing dealers. Further, they would likely be very selective in their signing of

dealers or choose not to have dealers in Minnesota at all. Inevitably dealers would cluster along the borders in the Dakotas and Iowa but they probably would not be inclined to do business along "main street" in greater Minnesota.

What makes this combination of concerns disturbing is that the legislation, if signed, would become effective the day after enactment. This, of course, allows absolutely no time for notification of a major reversal of a high court decision that governs the supplier, distributor, dealer relationship - one where national uniformity is important to permit consistent application of a supplier's distribution policies. It is also important to point out that Senate File 539 turns conduct that would be innocent elsewhere into a conspiracy characterization in Minnesota. Additionally, under the bill, antitrust defendants would be subject to threat of treble damages.

I believe legislation dealing with matters as complex as evidence in antitrust claims deserves the meticulous review of the House and Senate Judiciary Committees. Unfortunately, that did not occur. Instead, the bill was referred to the Commerce Committees in both bodies. A motion on the House floor to refer it to the Judiciary Committee was defeated.

It appears that the Legislature simply did not give this measure adequate nor balanced consideration. Clearly, legislation of this magnitude should be handled more judiciously.

Sincerely,  
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that S.F. No. 539 and the veto message thereon be laid on the table and printed in the Journal. The motion prevailed.

## ARTICLE 2

### COMPENSATION BENEFITS

Section 1. Minnesota Statutes 1990, section 176.011, subdivision 3, is amended to read:

Subd. 3. [DAILY WAGE.] "Daily wage" means the daily wage of the employee in the employment engaged in at the time of injury but does not include tips and gratuities paid directly to an employee by a customer of the employer and not accounted for by the employee to the employer. If the amount of the daily wage received or to be received by the employee in the employment engaged in at the time of injury was irregular or difficult to determine, or if the employment was part time, the daily wage shall be computed by dividing the total amount the employee actually earned in such employment in the last 26 weeks, by the total number of days in which the employee actually performed any of the duties of such employment, provided further, that in the case of the construction industry, mining industry, or other industry where the hours of work are affected by seasonal conditions, the weekly wage shall not be less than five times the daily wage. Where board or allowances other than tips and gratuities are made to an employee in addition to wages as a part of the wage contract they are deemed a part of earnings and computed at their value to the employee. In the case of persons performing services for municipal corporations in the case of emergency, then the normal working day shall be considered and computed as eight hours, and in cases where such services are performed gratis or without fixed compensation the daily wage of the person injured shall, for the purpose of calculating compensation payable under this chapter, be taken to be the usual going wage paid for similar services in municipalities where such services are performed by paid employees. If, at the time of injury, the employee was regularly employed by two or more employers, the employee's earnings in all such employments shall be included in the computation of daily wage. *Holiday pay and vacation pay shall not be included in the calculation of daily wage.*

Sec. 2. Minnesota Statutes 1990, section 176.011, subdivision 18, is amended to read:

Subd. 18. [WEEKLY WAGE.] "Weekly wage" is arrived at by multiplying the daily wage by the number of days and fractional days normally worked in the business of the employer for the employment involved. If the employee normally works less than five days per week or works an irregular number of days per week, the number of days normally worked shall be computed by dividing the total number of days in which the employee actually performed any of the duties of employment in the last 26 weeks by the number of weeks in which the employee actually performed such duties, provided

that the weekly wage for part time employment during a period of seasonal or temporary layoff shall be computed on the number of days and fractional days normally worked in the business of the employer for the employment involved. If, at the time of the injury, the employee was regularly employed by two or more employers, the employee's days of work for all such employments shall be included in the computation of weekly wage. Occasional overtime is not to be considered in computing the weekly wage, but if overtime is regular or frequent throughout the year it shall be taken into consideration. *Holiday pay and vacation pay shall not be included in the calculation of weekly wage.* The maximum weekly compensation payable to an employee, or to the employee's dependents in the event of death, shall not exceed ~~66 2/3~~ 80 percent of the ~~product of the daily wage times the number of days normally worked~~ *employee's after-tax weekly wage*, provided that the compensation payable for permanent partial disability under section 176.101, subdivision 3, and for permanent total disability under section 176.101, subdivision 4, or death under section 176.111, shall not be computed on less than the number of hours normally worked in the employment or industry in which the injury was sustained, subject also to such maximums as are specifically otherwise provided.

Sec. 3. Minnesota Statutes 1990, section 176.011, is amended by adding a subdivision to read:

*Subd. 18a. [AFTER-TAX WEEKLY WAGE.] "After-tax weekly wage" means the weekly wage reduced by the amounts required to be withheld by the Federal Insurance Contributions Act, United States Code, title 16, sections 3101 to 3126, but without regard to the yearly maximum, and by state and federal income tax laws using as the number of allowances the number of exemptions that the employee is entitled to under federal law for the employee and the employee's dependents and without additional allowances. The after-tax weekly wage must be determined as of the date of injury, and changes in dependents after that date may not be considered.*

Sec. 4. Minnesota Statutes 1990, section 176.021, subdivision 3, is amended to read:

*Subd. 3. [COMPENSATION, COMMENCEMENT OF PAYMENT.] All employers shall commence payment of compensation at the time and in the manner prescribed by this chapter without the necessity of any agreement or any order of the division. Except for medical, burial, and other non-periodic benefits, payments shall be made as nearly as possible at the intervals when the wage was payable, provided, however, that payments for permanent partial disability shall be governed by section 176.101, subdivision 3. If doubt exists as to the eventual permanent partial disability, payment for the economic recovery compensation or impairment compensation, whichever is due, pursuant to section 176.101, shall be then made when due for the minimum permanent partial disability ascertainable, and further payment shall be made upon any later ascertainment of greater permanent partial disability. Prior to or at the time of commencement of the payment of economic recovery compensation or lump sum or periodic payment of impairment permanent partial disability compensation, the employee and employer shall be furnished with a copy of the medical report upon which the payment is based and all other medical reports which the insurer has that indicate a permanent partial disability rating, together with a statement by the insurer as to whether the tendered payment is for minimum permanent partial disability or final and eventual disability. After receipt of all reports available to the insurer that indicate a permanent partial*

disability rating, the employee shall make available or permit the insurer to obtain any medical report that the employee has or has knowledge of that contains a permanent partial disability rating which the insurer does not already have. ~~Economic recovery compensation or impairment compensation pursuant to section 176.101 is payable in addition to but not concurrently with compensation for temporary total disability but is payable pursuant to section 176.101. Impairment compensation is payable concurrently and in addition to compensation for permanent total disability pursuant to section 176.101. Economic recovery compensation or impairment compensation pursuant to section 176.101 shall be withheld pending completion of payment for temporary total disability, and no credit shall be taken for payment of economic recovery compensation or impairment compensation against liability for temporary total or future permanent total disability. Liability on the part of an employer or the insurer for disability of a temporary total, temporary partial, and permanent total nature shall be considered as a continuing product and part of the employee's inability to earn or reduction in earning capacity due to injury or occupational disease and compensation is payable accordingly, subject to section 176.101. Economic recovery compensation or impairment compensation is payable for functional loss of use or impairment of function, permanent in nature, and payment therefore shall be separate, distinct, and in addition to payment for any other compensation, subject to section 176.101. The right to receive temporary total, temporary partial, or permanent total disability payments vests in the injured employee or the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained and the right is not abrogated by the employee's death prior to the making of the payment.~~

~~The right to receive economic recovery compensation or impairment permanent partial compensation vests in an injured employee or in the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained, provided that the employee lives for at least 30 days beyond the date of the injury. Upon the death of an employee who is receiving economic recovery compensation or impairment compensation, further compensation is payable pursuant to section 176.101. Impairment compensation is payable under this paragraph if vesting has occurred, the employee dies prior to reaching maximum medical improvement, and the requirements and conditions under section 176.101, subdivision 3e, are not met.~~

~~Disability ratings for permanent partial disability shall be based on objective medical evidence. The right is not abrogated by the employee's death prior to the making of the payment.~~

Sec. 5. Minnesota Statutes 1990, section 176.061, subdivision 10, is amended to read:

Subd. 10. [INDEMNITY.] Notwithstanding the provisions of chapter 65B or any other law to the contrary, an employer has a right of indemnity for any compensation paid or payable pursuant to this chapter, including temporary total compensation, temporary partial compensation, permanent partial disability, ~~economic recovery compensation, impairment compensation,~~ medical compensation, rehabilitation, death, and permanent total compensation.

Sec. 6. Minnesota Statutes 1990, section 176.101, subdivision 1, is amended to read:

Subdivision 1. [TEMPORARY TOTAL DISABILITY.] (a) For an injury

producing temporary total disability, the compensation is ~~66-2/3~~ 80 percent of the after-tax weekly wage at the time of injury.

~~(1) provided that~~ (b) During the year commencing on October 1, 1979 1991, and each year thereafter, commencing on October 1, the maximum weekly compensation payable is 105 percent of the statewide average weekly wage for the period ending December 31, of the preceding year.

~~(2) (c) The minimum weekly compensation benefits for temporary total disability shall be not less than 50 payable is 20~~ percent of the statewide average weekly wage or the injured employee's actual after-tax weekly wage, whichever is less. ~~In no case shall a weekly benefit be less than 20 percent of the statewide average weekly wage.~~

Subject to subdivisions 3a to 3u this (d) Temporary total compensation shall be paid during the period of disability; ~~payment to be made at the intervals when the wage was payable, as nearly as may be, and shall cease whenever any one of the following occurs:~~

(1) the disability ends;

(2) the employee returns to work;

(3) the employee retires by withdrawing from the labor market;

(4) the employee fails to diligently search for appropriate work;

(5) the employee refuses an offer of work that is consistent with a plan of rehabilitation filed with the commissioner which meets the requirements of section 176.102, subdivision 1, or, if no plan has been filed, the employee refuses an offer of work that the employee can do in the employee's physical condition; or

(6) 90 days pass after the employee has reached maximum medical improvement, except as provided in section 176.102, subdivision 11, paragraph (b).

(e) For purposes of this subdivision, the 90-day period after maximum medical improvement commences on the earlier of:

(1) the date that the employee receives a written medical report indicating that the employee has reached maximum medical improvement; or

(2) the date that the employer or insurer serves the report on the employee and the employee's attorney, if any, and files a copy with the division.

(f) Once temporary total disability compensation has ceased under paragraph (d), clause (1), (2), (3), or (4), it may be recommenced prior to 90 days after maximum medical improvement only as follows:

(1) if temporary total disability compensation ceased under paragraph (d), clause (1), it may be recommenced if the employee again becomes disabled as a result of the work-related injury;

(2) if temporary total disability compensation ceased under paragraph (d), clause (2), it may be recommenced if the employee is laid off or terminated for reasons other than misconduct or is medically unable to continue at the job;

(3) if temporary total disability compensation ceased under paragraph (d), clause (3), but the employee subsequently returned to work, it may be recommenced in accordance with paragraph (f), clause (2); or

(4) if temporary total disability compensation ceased under paragraph (d), clause (4), it may be recommenced if the employee begins diligently searching for appropriate work. Temporary total disability compensation recommenced under this paragraph is subject to cessation under paragraph (d).

Recommenced temporary total disability compensation may not be paid beyond 90 days after the employee reaches maximum medical improvement, except as provided under section 176.102, subdivision 11, paragraph (b).

(g) Once temporary total disability compensation has ceased under paragraph (d), clauses (5) and (6), it may not be recommenced at a later date except as provided under section 176.102, subdivision 11, paragraph (b).

Sec. 7. Minnesota Statutes 1990, section 176.101, subdivision 2, is amended to read:

Subd. 2. [TEMPORARY PARTIAL DISABILITY.] (a) In all cases of temporary partial disability the compensation shall be ~~66-2/3 percent of the difference between the weekly wage of the employee at the time of injury and the wage the employee is able to earn in the employee's partially disabled condition.~~ 80 percent of the difference between the after-tax weekly wage of the employee at the time of injury and the after-tax weekly wage the employee is able to earn in the employee's partially disabled condition.

(b) ~~This~~ Temporary partial compensation shall be paid during the period of disability ~~except as provided in this section, payment to be made at the intervals when the wage was payable, as nearly as may be, and subject to a maximum compensation equal to the statewide average weekly wage.~~ when the employee is working, earning less than the employee's weekly wage at the time of the injury, and the reduction in the wage the employee is able to earn in the employee's partially disabled condition is due to the injury. Except as provided in section 176.102, subdivision 11, paragraph (b), temporary partial compensation may not be paid after the employee has returned to work for 156 weeks, including weeks in which the employee has no wage loss, or after 350 weeks after the date of injury, whichever occurs first.

(c) Temporary partial compensation may not exceed the maximum rate for temporary total compensation and must be reduced to the extent that the wage the employee is able to earn in the employee's partially disabled condition plus the temporary partial disability payment otherwise payable under this subdivision exceeds 300 percent of the statewide average weekly wage.

Sec. 8. Minnesota Statutes 1990, section 176.101, is amended by adding a subdivision to read:

Subd. 3. [PERMANENT PARTIAL DISABILITY.] (a) Compensation for permanent partial disability is as provided in this subdivision. Permanent partial disability must be rated as a percentage of the whole body in accordance with rules adopted by the commissioner under section 176.105. The percentage determined pursuant to the rules must be multiplied by the corresponding amount in the following table:

Percent of Disability	Amount
0-25	\$ 75,000
26-30	80,000
31-35	85,000

36-40	90,000
41-45	95,000
46-50	100,000
51-55	120,000
56-60	140,000
61-65	160,000
66-70	180,000
71-75	200,000
76-80	240,000
81-85	280,000
86-90	320,000
91-95	360,000
96-100	400,000

*An employee may not receive compensation for more than a 100 percent disability of the whole body, even if the employee sustains disability to two or more body parts.*

*(b) Permanent partial disability is payable upon cessation of temporary total disability under subdivision 1. If the employee is not working, the compensation is payable in installments at the same intervals and in the same amount as the initial temporary total disability rate. If the employee returns to work, the remaining compensation is payable in a lump sum 30 days after the employee returned to work, provided the employment has not been substantially interrupted by the injury for any part of the 30 days and the employee is still employed at the job at the end of the period. Permanent partial disability is not payable while temporary total compensation is being paid. Permanent partial disability is payable to permanently totally disabled employees in a lump sum at the time the disability can be ascertained.*

Sec. 9. Minnesota Statutes 1990, section 176.101, subdivision 4, is amended to read:

Subd. 4. [PERMANENT TOTAL DISABILITY.] For permanent total disability, as defined in subdivision 5, the compensation shall be ~~66-2/3~~ 80 percent of the ~~daily~~ after-tax weekly wage at the time of the injury, subject to a maximum weekly compensation equal to the maximum weekly compensation for a temporary total disability and a minimum weekly compensation equal to the minimum weekly compensation rates for a temporary total disability. This compensation shall be paid during the permanent total disability of the injured employee but after a total of \$25,000 of weekly compensation has been paid, the amount of the weekly compensation benefits being paid by the employer shall be reduced by the amount of any disability benefits being paid by any government disability benefit program if the disability benefits are occasioned by the same injury or injuries which give rise to payments under this subdivision. This reduction shall also apply to any old age and survivor insurance benefits. *Permanent total disability payments shall cease at retirement.* Payments shall be made at the intervals when the wage was payable, as nearly as may be. In case an employee who is permanently and totally disabled becomes an inmate of a public institution, no compensation shall be payable during the period of confinement in the institution, unless there is wholly dependent on the employee for support some person named in section 176.111, subdivision 1, 2 or 3, in which case the compensation provided for in section 176.111, during the period of confinement, shall be paid for the benefit of the dependent person during dependency. The dependency of this person shall be determined as though

the employee were deceased.

Sec. 10. Minnesota Statutes 1990, section 176.101, subdivision 5, is amended to read:

Subd. 5. [~~TOTAL DISABILITY DEFINITION.~~] (a) For purposes of subdivision 4, permanent total disability means only:

(1) the total and permanent loss of the sight of both eyes, the loss of both arms at the shoulder, the loss of both legs so close to the hips that no effective artificial members can be used, complete and permanent paralysis, total and permanent loss of mental faculties; or

(2) any other injury which totally and permanently incapacitates the employee from working at an occupation which brings the employee an income ~~constitutes total disability.~~

(b) For purposes of paragraph (a), clause (2), "totally and permanently incapacitated" means that the employee's physical disability, in combination with the employee's age, education and training, and experience, causes the employee to be unable to secure anything more than sporadic employment resulting in an insubstantial income. Local labor market conditions may not be considered in making the total and permanent incapacitation determination.

Sec. 11. Minnesota Statutes 1990, section 176.101, subdivision 6, is amended to read:

Subd. 6. [MINORS.] If any employee entitled to the benefits of this chapter is a minor or is an apprentice of any age and sustains a personal injury arising out of and in the course of employment resulting in permanent total ~~or a compensable permanent partial~~ disability, for the purpose of computing the compensation to which the employee is entitled for the injury, the compensation rate for ~~temporary total, temporary partial, a permanent total disability or economic recovery compensation~~ shall be 105 percent of the statewide average weekly wage.

Sec. 12. Minnesota Statutes 1990, section 176.101, is amended by adding a subdivision to read:

Subd. 9. [MOVING EXPENSES.] An injured employee who has reached maximum medical improvement and who is unable to find suitable gainful employment consistent with the individual's physical disability, in combination with the individual's age, education and training, and experience, due to local labor market conditions is eligible to receive up to \$5,000 for moving expenses, provided:

(1) 90 days have passed after the individual has reached maximum medical improvement;

(2) the individual has actually moved in order to take a new job which constitutes suitable gainful employment; and

(3) the new job is located at a distance greater than 35 miles from the individual's current residence.

Sec. 13. Minnesota Statutes 1990, section 176.102, subdivision 11, is amended to read:

Subd. 11. [RETRAINING; COMPENSATION.] (a) Retraining is limited to 156 weeks. An employee who has been approved for retraining may petition the ~~commissioner~~ for additional compensation not to exceed 25

percent of the compensation otherwise payable. If the commissioner *or compensation judge* determines that this additional compensation is warranted due to unusual or unique circumstances of the employee's retraining plan, the commissioner *or compensation judge* may award additional compensation in an amount ~~the commissioner determines is appropriate~~, not to exceed the employee's request. This additional compensation shall cease at any time the commissioner *or compensation judge* determines the special circumstances are no longer present.

*(b) If the employee is not working during a retraining plan that has been specifically approved under this section, temporary total compensation is payable for up to 90 days after the end of the retraining plan; except that, payment during the 90-day period is subject to cessation in accordance with section 176.101, subdivision 1, paragraph (d), clauses (1) to (5). If the employee is working during the retraining plan but earning less than at the time of injury, temporary partial compensation is payable at the rate of 80 percent of the difference between the employee's after-tax weekly wage at the time of injury and the after-tax weekly wage the employee is able to earn in the employee's partially disabled condition, subject to the maximum rate for temporary total compensation. Temporary partial compensation is not subject to either the 156-week or the 350-week limitation provided by section 176.101, subdivision 2, during the retraining plan, but is subject to those limitations before and after the plan.*

*(c) Retraining may not be approved if the employee has refused suitable gainful employment, as defined by rule.*

Sec. 14. Minnesota Statutes 1990, section 176.105, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE; RULES.] *(a) The commissioner of labor and industry shall by rule establish a schedule of degrees of disability resulting from different kinds of injuries. Disability ratings under the schedule for permanent partial disability must be based on objective medical evidence. The commissioner, in consultation with the medical services review board, shall periodically review the rules adopted under this paragraph to determine whether any injuries omitted from the schedule should be compensable and amend the rules accordingly.*

*(b) No permanent partial disability compensation shall be payable except in accordance with the disability ratings established under this subdivision. The schedule may provide that minor impairments receive a zero rating.*

Sec. 15. Minnesota Statutes 1990, section 176.105, subdivision 4, is amended to read:

Subd. 4. [LEGISLATIVE INTENT; RULES; LOSS OF MORE THAN ONE BODY PART.] *(a) For the purpose of establishing a disability schedule pursuant to clause (b), the legislature declares its intent that the commissioner establish a disability schedule ~~which, assuming the same number and distribution of severity of injuries, the aggregate total of impairment compensation and economic recovery compensation benefits under section 176.101, subdivisions 3a to 3u be approximately equal to the total aggregate amount payable for permanent partial disabilities under section 176.101, subdivision 3; provided, however, that awards for specific injuries under the proposed schedule need not be the same as they were for the same injuries under the schedule pursuant to section 176.101, subdivision 3. The schedule shall be determined by sound actuarial evaluation and shall be based on the~~*

benefit level which exists on January 1, 1983.

(b) The commissioner shall by rulemaking adopt procedures setting forth rules for the evaluation and rating of functional disability and the schedule for permanent partial disability and to determine the percentage of loss of function of a part of the body based on the body as a whole, including internal organs, described in section 176.101, subdivision 3, and any other body part not listed in section 176.101, subdivision 3, which the commissioner deems appropriate.

The rules shall promote objectivity and consistency in the evaluation of permanent functional impairment due to personal injury and in the assignment of a numerical rating to the functional impairment.

Prior to adoption of rules the commissioner shall conduct an analysis of the current permanent partial disability schedule for the purpose of determining the number and distribution of permanent partial disabilities and the average compensation for various permanent partial disabilities. The commissioner shall consider setting the compensation under the proposed schedule for the most serious conditions higher in comparison to the current schedule and shall consider decreasing awards for minor conditions in comparison to the current schedule.

The commissioner may consider, among other factors, and shall not be limited to the following factors in developing rules for the evaluation and rating of functional disability and the schedule for permanent partial disability benefits:

(1) the workability and simplicity of the procedures with respect to the evaluation of functional disability;

(2) the consistency of the procedures with accepted medical standards;

(3) rules, guidelines, and schedules that exist in other states that are related to the evaluation of permanent partial disability or to a schedule of benefits for functional disability provided that the commissioner is not bound by the degree of disability in these sources but shall adjust the relative degree of disability to conform to the expressed intent of clause (a);

(4) rules, guidelines, and schedules that have been developed by associations of health care providers or organizations provided that the commissioner is not bound by the degree of disability in these sources but shall adjust the relative degree of disability to conform to the expressed intent of clause (a);

(5) the effect the rules may have on reducing litigation;

(6) the treatment of preexisting disabilities with respect to the evaluation of permanent functional disability provided that any preexisting disabilities must be objectively determined by medical evidence; and

(7) symptomatology and loss of function and use of the injured member.

The factors in paragraphs (1) to (7) shall not be used in any individual or specific workers' compensation claim under this chapter but shall be used only in the adoption of rules pursuant to this section.

Nothing listed in paragraphs (1) to (7) shall be used to dispute or challenge a disability rating given to a part of the body so long as the whole schedule conforms with the expressed intent of clause (a).

(c) If an employee suffers a permanent functional disability of more than

one body part due to a personal injury incurred in a single occurrence, the percent of the whole body which is permanently partially disabled shall be determined by the following formula so as to ensure that the percentage for all functional disability combined does not exceed the total for the whole body:

$$A + B (1 - A)$$

where: A is the greater percentage whole body loss of the first body part; and B is the lesser percentage whole body loss otherwise payable for the second body part.  $A + B (1-A)$  is equivalent to  $A + B - AB$ .

For permanent partial disabilities to three body parts due to a single occurrence or as the result of an occupational disease, the above formula shall be applied, providing that A equals the result obtained from application of the formula to the first two body parts and B equals the percentage for the third body part. For permanent partial disability to four or more body parts incurred as described above, A equals the result obtained from the prior application of the formula, and B equals the percentage for the fourth body part or more in arithmetic progressions.

Sec. 16. Minnesota Statutes 1990, section 176.111, subdivision 6, is amended to read:

Subd. 6. [SPOUSE, NO DEPENDENT CHILD.] If the deceased employee leaves a dependent surviving spouse and no dependent child, there shall be paid to the spouse weekly workers' compensation benefits at ~~50~~ 80 percent of the *after-tax* weekly wage at the time of the injury for a period of ten years, including adjustments as provided in section 176.645.

Sec. 17. Minnesota Statutes 1990, section 176.111, subdivision 7, is amended to read:

Subd. 7. [SPOUSE, ONE DEPENDENT CHILD.] If the deceased employee leaves a surviving spouse and one dependent child, there shall be paid to the surviving spouse for the benefit of the spouse and child ~~60~~ 80 percent of the ~~daily~~ *after-tax weekly* wage at the time of the injury of the deceased until the child is no longer a dependent as defined in subdivision 1. At that time there shall be paid to the dependent surviving spouse weekly benefits at a *the same rate* which is ~~16-2/3~~ percent less than the last weekly workers' compensation benefit payment, as defined in subdivision 8a, while the surviving child was a dependent, for a period of ten years, including adjustments as provided in section 176.645.

Sec. 18. Minnesota Statutes 1990, section 176.111, subdivision 8, is amended to read:

Subd. 8. [SPOUSE, TWO DEPENDENT CHILDREN.] If the deceased employee leaves a surviving spouse and two dependent children, there shall be paid to the surviving spouse for the benefit of the spouse and children ~~66-2/3~~ 80 percent of the ~~daily~~ *after-tax weekly* wage at the time of the injury of the deceased until the last dependent child is no longer dependent. At that time the dependent surviving spouse shall be paid weekly benefits at a *the same rate* which is 25 percent less than the last weekly workers' compensation benefit payment, as defined in subdivision 8a, while the surviving child was a dependent, for a period of ten years, adjusted according to section 176.645.

Sec. 19. Minnesota Statutes 1990, section 176.111, subdivision 12, is amended to read:

Subd. 12. [ORPHANS.] If the deceased employee leaves a dependent orphan, there shall be paid ~~55~~ 80 percent of the *after-tax* weekly wage at the time of the injury of the deceased, for two or more orphans there shall be paid ~~66-2/3~~ 80 percent of the *wages after-tax weekly wage*.

Sec. 20. Minnesota Statutes 1990, section 176.111, subdivision 14, is amended to read:

Subd. 14. [PARENTS.] If the deceased employee ~~leave~~ *leaves* no surviving spouse or child entitled to any payment under this chapter, but leaves both parents wholly dependent on *the* deceased, there shall be paid to such parents jointly ~~45~~ 80 percent of the *after-tax* weekly wage at the time of the injury of the deceased. In case of the death of either of the wholly dependent parents the survivor shall receive ~~35~~ 80 percent of the *after-tax* weekly wage thereafter. If the deceased employee ~~leave~~ *leaves* one parent wholly dependent on the deceased, there shall be paid to such parent ~~35~~ 80 percent of the *after-tax* weekly wage at the time of the injury of the deceased employee. The compensation payments under this section shall not exceed the actual contributions made by the deceased employee to the support of the employee's parents for a reasonable time immediately prior to the injury which caused the death of the deceased employee.

Sec. 21. Minnesota Statutes 1990, section 176.111, subdivision 15, is amended to read:

Subd. 15. [REMOTE DEPENDENTS.] If the deceased employee leaves no surviving spouse or child or parent entitled to any payment under this chapter, but leaves a grandparent, grandchild, brother, sister, mother-in-law, or father-in-law wholly dependent on the employee for support, there shall be paid to such dependent, if but one, ~~30~~ 40 percent of the *after-tax* weekly wage at the time of injury of the deceased, or if more than one, ~~35~~ 45 percent of the *after-tax* weekly wage at the time of the injury of the deceased, divided among them share and share alike.

Sec. 22. Minnesota Statutes 1990, section 176.111, subdivision 18, is amended to read:

Subd. 18. [BURIAL EXPENSE.] In all cases where death results to an employee from a personal injury arising out of and in the course of employment, the employer shall pay the expense of burial, not exceeding in amount ~~\$2,500~~ \$7,500. In case any dispute arises as to the reasonable value of the services rendered in connection with the burial, its reasonable value shall be determined and approved by the commissioner, a compensation judge, or workers' compensation court of appeals, in cases upon appeal, before payment, after reasonable notice to interested parties as is required by the commissioner. If the deceased leaves no dependents, no compensation is payable, except as provided by this chapter.

Sec. 23. Minnesota Statutes 1990, section 176.111, subdivision 20, is amended to read:

Subd. 20. Subdivision 1. [ELIGIBLE RECIPIENTS.] (a) An employee who has suffered personal injury prior to October 1, 1983 for which benefits are payable under section 176.101 and who has been totally disabled for more than 104 weeks shall be eligible for supplementary benefits as prescribed in this section after 104 weeks have elapsed and for the remainder of the total disablement. Regardless of the number of weeks of total disability, no totally disabled person is ineligible for supplementary benefits after four

years have elapsed since the first date of the total disability, ~~except as provided by clause (b)~~, provided that all periods of disability are caused by the same injury.

(b) An employee who has suffered personal injury after October 1, 1983, and before October 1, 1987, is eligible to receive supplementary benefits after the employee has been receiving temporary total or permanent total benefits for 208 weeks. Regardless of the number of weeks of total disability, no person who is receiving permanent total compensation shall be ineligible for supplementary benefits after four years have elapsed since the first date of the total disability, provided that all periods of disability are caused by the same injury.*

Sec. 28. Minnesota Statutes 1990, section 176.132, subdivision 2, is amended to read:

*(1) the amount the employee receives on or after October 1, 1991, under section 176.101, subdivision 4; plus the amount of disability benefits being paid under any government disability benefit program, provided those benefits are a result of the same injury or injuries giving rise to payments under section 176.101, subdivision 4; plus the amount of any federal old age and survivors insurance benefits; and*

*(2) 50 percent of the statewide average weekly wage, as computed annually.*

(b) In the event an eligible recipient is currently receiving no compensation or is receiving a reduced level of compensation because of a credit being applied as the result of a third party liability or damages, the employer or insurer shall compute the offset credit as if the individual were entitled to the actual benefit or 65 50 percent of the statewide average weekly wage as computed annually, whichever is greater. If this results in the use of a higher credit than otherwise would have been applied and the employer or insurer becomes liable for compensation benefits which would otherwise not have been paid, the additional benefits resulting shall be handled according to this section.

(c) In the event an eligible recipient is receiving no compensation or is receiving a reduced level of compensation because of a valid agreement in settlement of a claim, no supplementary benefit shall be payable under this section. When the eligible individual is not currently receiving benefits because the total paid has reached the maximum prescribed by law the employer and insurer shall, nevertheless, pay the supplementary benefits that are prescribed by law. The employer or insurer paying the supplementary benefit shall have the right of full reimbursement from the special compensation fund for the amount of such benefits paid.

employer or insurer in the event that it is subsequently determined that the payment was made under a mistake in fact or law by the employer or insurer. When the payments have been made to a person who is entitled to receive further payments of compensation for the same injury, the mistaken compensation may be taken as a full credit against future lump sum benefit entitlement and as a partial credit against future weekly benefits. The credit applied against further payments of temporary total disability, temporary partial disability, permanent total disability, retraining benefits, death benefits, or weekly payments of ~~economic recovery or impairment~~ *permanent partial* compensation shall not exceed 20 percent of the amount that would otherwise be payable.

*Where the commissioner or compensation judge determines that the mistaken compensation was not received in good faith, the commissioner or compensation judge may order reimbursement of the compensation or order a credit for the compensation against any future monetary benefits from the same injury. The credit may be up to 100 percent of the amount of monetary benefits otherwise payable. For purposes of this section, a payment is not received in good faith if it is obtained through fraud, or if the employee knew or should have known that the compensation was paid under mistake of fact or law, and the employee has not refunded the mistaken compensation.*

On October 1, 1981, and thereafter on the anniversary of the date of the employee's injury the total benefits due shall be adjusted by multiplying the total benefits due prior to each adjustment by a fraction, the denominator of which is the statewide average weekly wage for December 31, of the year two years previous to the adjustment and the numerator of which is the statewide average weekly wage for December 31, of the year previous to the adjustment. For injuries occurring after October 1, 1975, all adjustments provided for in this section shall be included in computing any benefit due under this section. Sec. 19. Minnesota Statutes 1990, section 221.141, subdivision 1, is amended to read:

Subdivision 1. [FINANCIAL RESPONSIBILITY OF CERTAIN CARRIERS.] No motor carrier and no interstate carrier shall operate a vehicle until it has obtained and has in effect the minimum amount of financial responsibility required by this section. Policies of insurance, surety bonds, other types of security, and endorsements must be continuously in effect and must remain in effect until canceled. Before providing transportation, the motor carrier or interstate carrier shall secure and cause to be filed with the commissioner and maintain in full effect, *both* a certificate of insurance in a form required by the commissioner, evidencing public liability insurance in the amount prescribed, *and acceptable evidences of compliance with the workers' compensation insurance coverage requirements of section 176.181, subdivision 2, by providing the name of the insurance company, the policy number, and the dates of coverage, or the permit to self-insure.* The insurance must cover injuries and damage to persons or property resulting from the operation or use of motor vehicles, regardless of whether each vehicle is specifically described in the policy. This insurance does not apply to injuries or death to the employees of the motor carrier or to property being transported by the carrier. The commissioner shall require cargo insurance for certificated carriers, except those carrying passengers exclusively. The commissioner may require a permit carrier to file cargo insurance when the commissioner deems necessary to protect the users of the service.

Sec. 20. [NOTICE OF INTENT TO CHALLENGE RATE LEVEL CHANGE.]

*Notwithstanding Minnesota Statutes, section 79.56, subdivision 5, the commissioner shall have an additional 90 days to give notice of intent to hold a hearing pursuant to that section. An insurer may not adjust its filed rating plan to recoup the 17 percent mandated rate reduction under this section. The reduction must be computed on the basis of a 17 percent premium reduction prorated to the expiration of that policy. An insurer shall provide a written notice by November 1, 1991, to all employers having an outstanding policy with the insurer as of October 1, 1991, that reads as follows: "As a result of the changes in the workers' compensation insurance system enacted by the 1991 legislature, you are entitled to a credit or refund to your current premium in an amount of \$ . . . . . which reflects a 17 percent mandated premium reduction prorated to the expiration of your policy."*

*(b) No rate increases may be filed between April 1, 1991, and January 1, 1992.*

*(c) The commissioner of labor and industry shall survey Minnesota*

*employers to determine if the mandated workers' compensation insurance rate reductions required under this section have been implemented by insurers, both as to amount and in a manner that is uniform and nondiscriminatory between employers having similar risks with respect to a particular occupational classification. The commissioner shall present a report detailing the findings and conclusions to the legislature by March 1, 1992.*

Sec. 22. [ADJUSTMENT.]

*Within 60 days of final enactment of this legislation, the board shall determine whether any adjustment in the assigned risk rates in effect as of the date of enactment are required by this section.*

**LOCAL HIGHWAYS**

**Section 1. [162.021] [NATURAL PRESERVATION ROUTES.]**

*Subdivision 1. [ESTABLISHMENT.] (a) The commissioner shall establish a natural preservation routes category within the county state-aid highway system.*

*(b) Natural preservation routes include those routes that possess particular scenic, environmental, or historical characteristics, such as routes along lakes or through forests, wetlands, or flood plains, that would be harmed by construction or reconstruction meeting the engineering standards under section 162.07 or the rules adopted under that section.*

*(c) The commissioner shall adopt rules establishing minimum construction and reconstruction standards that address public safety and reflect the function, reduced traffic volume, and slower speed on natural preservation routes. The rules may not establish standards for natural preservation routes that are higher than the standards for national forest highways within national forests and state park access roads within state parks. Design standards specifying the width of vehicle recovery areas on forest highways, forest and park roads, and on natural preservation routes must minimize harmful environmental impact.*

*Subd. 2. [SIGNS.] Signs must be posted at entry points to and at regular intervals along natural preservation routes. The county shall hold a public meeting to discuss design and construction alternatives.*

*Subd. 5. [DESIGNATION OF ROUTE.] A county state-aid highway may be designated as a natural preservation route only by resolution of the county board. The county board shall act within 60 days after receiving a written request to designate a county state-aid highway a natural preservation route. A county board may designate a natural preservation route notwithstanding whether construction or reconstruction is proposed for the highway.*

**Sec. 2. [160.82] [STREETS AND HIGHWAYS WITHIN PARKS.]**

*Subdivision 1. [DEFINITION.] "Park road" means that portion of a street or highway located entirely within the park boundaries of a city, county, regional, or state park.*

*Subd. 2. [RESTRICTIONS.] A road authority may not make changes in the width, grade, or alignment of a park road, except changes required to permit the safe travel of vehicles at the speed lawfully designated for that park road, that would affect the wildlife habitat or aesthetic characteristics of the park road or its adjacent vegetation or terrain. A road authority may not make changes in the width, grade, or alignment of a park road that is a county state-aid highway or municipal state-aid street, except changes required by the minimum state-aid standard applicable to that road, that would affect the wildlife habitat or aesthetic characteristics of the park road or its adjacent vegetation or terrain.*

*Subd. 3. [LIABILITY.] A road authority making changes in a park road described in subdivision 1, and its officers and employees, are exempt from liability for any tort claim for injury to persons or property arising from travel on that park road and related to the design of that park road, if the design is adopted to conform to this section, the design complies with the minimum state-aid standard applicable to the road, and the design is not grossly negligent.*

**Sec. 3. [160.83] [RUSTIC ROADS PROGRAM.]**

*Subdivision 1. [DEFINITION.] A "rustic road" is a road that is not on the state-aid system that has the following characteristics: outstanding natural features or scenic beauty; an average daily traffic volume of less than 150 vehicles per day; year-round use as a local access road; and maximum allowable speed of 45 miles per hour.*

*Subd. 2. [LOCAL AUTHORITY.] A road authority other than the commissioner may, by resolution, designate a road or highway under its jurisdiction a rustic road and the road authority may designate the type and character of vehicles that may be operated on the rustic road; designate the road or a portion of the road as a pedestrian way or bicycle way, or both; and establish priority of right-of-way, paint lines, and construct dividers to physically separate vehicular, bicycle, or pedestrian traffic.*

*Subd. 3. [JOINT DESIGNATION.] Two or more road authorities may jointly designate a rustic road along a common boundary or into or through their jurisdictions. The road authorities may enter into agreements to divide the costs and responsibility for maintaining the rustic road.*

*Subd. 4. [COSTS.] A rustic road must be maintained by the road authority having jurisdiction over the road and is not eligible for state-aid funding. State money must not be spent to construct, reconstruct, maintain, or improve a rustic road.*

**Sec. 4. [161.361] [ADVANCE FUNDING FOR TRUNK HIGHWAY PROJECTS.]**

*Subdivision 1. [ADVANCE FUNDING.] A road authority other than the commissioner may by agreement with the commissioner make advances from any available funds to the commissioner to expedite construction of all or part of a trunk highway. Money may be advanced under this section only for projects already included in the commissioner's highway work program.*

*Subd. 2. [REPAYMENT.] Subject to the availability of state money, the commissioner shall repay without interest the amount advanced under subdivision 1, up to the state's share of project costs, at the time the project is scheduled for completion in the highway work program. The total amount of annual repayment to road authorities under this section must never exceed the amount stated in the department's debt management policy or \$10 million, whichever is less.*

Sec. 5. Minnesota Statutes 1990, section 162.02, subdivision 3a, is amended to read:

The commissioner shall publish notice of the request in the state register and give notice to all persons known to the commissioner to have an interest in the matter. The commissioner may grant or deny the variance within 30 days of providing notice of the request. If a written objection to the request is received within 20 days of providing notice, the variance shall be granted or denied only after a contested case hearing has been held on the request. If no timely objection is received and the variance is denied without hearing, the political subdivision may request, within 30 days of receiving notice of denial, and shall be granted a contested case hearing. *For purposes of this subdivision, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park authority.*

Sec. 6. Minnesota Statutes 1990, section 162.09, subdivision 3a, is amended to read:

If a written objection to the request is received within 20 days of providing notice, the variance shall be granted or denied only after a contested case hearing has been held on the request. If no timely objection is received and the variance is denied without hearing, the political subdivision may request, within 30 days of receiving notice of denial, and shall be granted a contested case hearing. *For purposes of this subdivision, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park authority.*

Sec. 7. Minnesota Statutes 1990, section 162.14, subdivision 6, is amended to read:

Subd. 6. [ADVANCES.] Any such city, except cities of the first class, may make advances from any funds available to it for the purpose of expediting the construction, reconstruction, improvement, or maintenance of its municipal state-aid street system; provided that such advances shall not exceed ~~40 percent of its last apportionment~~ *the city's total estimated apportionment for the three years following the year the advance is made.* Advances made by any such city shall be repaid out of subsequent apportionments made to such city in accordance with the commissioner's rules.

Sec. 8. Minnesota Statutes 1990, section 169.14, is amended by adding a subdivision to read:

*Subd. 5e. [SPEED LIMIT ON PARK ROADS.] A political subdivision may establish a speed limit on a park road within its boundaries except that a speed limit on a park road located entirely within a regional park may only be established by a county. A speed limit established under this subdivision must not be lower than 20 miles per hour, and no speed limit established under this subdivision may reduce existing speed limits by more than 15 miles per hour. A speed limit established under this subdivision is effective on the erection of appropriate signs designating the speed limit and indicating the beginning and end of the reduced speed zone. Any speed in excess of the posted speed is unlawful.*

### TOLL FACILITIES

#### Section 1. [160.83] [DEFINITIONS.]

*Subdivision 1. [SCOPE.] The terms used in sections 1 to 7 have the meanings given them in this section and section 160.02.*

*Subd. 2. [BOT FACILITY.] "BOT facility" means a build-operate-transfer toll facility constructed, improved, or rehabilitated and operated by a private operator that holds title to the facility subject to a development agreement that provides that title will be transferred to the road authority on expiration of an agreed term.*

*Subd. 3. [BTO FACILITY.] "BTO facility" means a build-transfer-operate toll facility constructed, improved, or rehabilitated by a private operator who: (1) transfers any interest it may have in the toll facility to the road authority before operation begins; and (2) operates the toll facility for an agreed term under a lease, management, or toll-concession agreement.*

*Subd. 4. [COMMISSIONER.] "Commissioner" means the commissioner of the department of transportation.*

*Subd. 5. [DEVELOPMENT AGREEMENT.] "Development agreement" means a written agreement between a road authority and a private operator that provides for the construction, improvement, rehabilitation, ownership, and operation of a toll facility.*

*Subd. 6. [PRIVATE OPERATOR.] "Private operator" means an individual, a corporation, a partnership, a cooperative or unincorporated association, a joint venture, or a consortium that constructs, improves, rehabilitates, owns, leases, operates, or manages a toll facility subject to sections 1 to 7.*

*Subd. 7. [ROAD AUTHORITY.] "Road authority" has the meaning given it in section 160.02, subdivision 9, and also refers to a joint powers authority formed under section 6.*

*Subd. 8. [TOLL FACILITY.] "Toll facility" means a bridge, causeway, or tunnel, and its approaches; a road, street, or highway; an appurtenant building, structure, or other improvement; land lying within applicable rights-of-way; and other appurtenant rights or hereditaments that together comprise a project for which a private operator is authorized to operate and impose tolls under sections 1 to 7.*

**Sec. 2. [160.84] [AUTHORITY.]**

*Subdivision 1. [ROAD AUTHORITY.] A road authority may solicit or accept proposals from and enter into development agreements with private operators for constructing, improving, rehabilitating, operating, and managing toll facilities wholly or partly within the road authority's jurisdiction. A road authority soliciting toll facility proposals must publish a notice of solicitation in the State Register.*

*Subd. 2. [PRIVATE OPERATORS.] Private operators are authorized to construct, improve, rehabilitate, own, lease, manage, and operate toll facilities subject to the terms of sections 1 to 7. Private operators may mortgage, grant security interests in, and pledge their interests in: (1) toll facilities and their components; (2) development, lease, toll concessions, and other related agreements; and (3) income, profits, and proceeds of the toll facility.*

*Subd. 3. [APPROVAL.] No road authority and private operator may enter into a development agreement without the prior approval of the commissioner and the governing body of each county and municipality through which the facility is to pass. A road authority and private operator in the metropolitan area, as defined in section 473.121, subdivision 2, must obtain the council approval required in section 473.167, subdivision 1.*

*Subd. 4. [DEVELOPMENT AGREEMENT.] (a) A development agreement for toll facilities may provide for any mode of ownership or operation approved by the road authority, including ownership by the private operator without reversion of title, operation of the facilities under leases or management contracts, or BOT or BTO facilities.*

*(b) A development agreement may permit the private operator to assemble funds from any available source, including federal, state, and local grants, bond proceeds, contributions, and pledges and to incorporate an existing road or highway, a bridge, and approach structures, and related improvements into the toll facility. The private operator shall pay the road authority the price agreed upon in the development agreement for any property incorporated into the facility. The development agreement may provide for adjusting toll charges to the public to reflect the value of the incorporated property.*

*(c) A development agreement may include grants of title, easements, rights-of-way, and leasehold estates necessary to the toll facility.*

*(d) A development agreement may authorize the private operator to charge variable rate tolls based on time of day, vehicle characteristics, or other factors approved by the road authority.*

*(e) A development agreement may include authorization by the road authority to the private operator to exercise powers possessed by the road authority with respect to similar facilities.*

*Subd. 5. [RIGHT-OF-WAY ACQUISITION.] A private operator may acquire right-of-way by donation, lease, or purchase. A road authority may acquire right-of-way by eminent domain and may donate, sell, or lease a right-of-way to a private operator.*

*Subd. 6. [RESTRICTION.] No toll facility may be used for any purpose other than the transportation purposes specified in the development agreement for the term of the agreement.*

*Subd. 7. [TOLL FACILITY ACQUIRED BY ROAD AUTHORITY.] A development agreement that requires transfer or reversion of a toll facility to a road authority may provide the terms of the transfer or reversion. The private operator shall provide the security agreed upon in the development agreement to ensure that, upon reversion, the facility meets construction and maintenance standards of the road authority applicable at the time of construction.*

*Subd. 8. [APPLICATION OF OTHER LAW.] A private operator must obtain all environmental, navigational, design, or safety approvals required if the toll facility were constructed or operated by a road authority.*

**Sec. 3. [160.85] [DEVELOPMENT AGREEMENTS; MANDATORY PROVISIONS.]**

*A development agreement must include the following provisions:*

*(a) The toll facility must meet the road authority's standards of design and construction for roads and bridges of the same functional classification and must be constructed by contractors on the department's list of eligible contractors.*

*(b) The commissioner must review and approve the location and design of a bridge over navigable waters as if the bridge were constructed by a road authority. This does not diminish the private operator's responsibility for bridge safety.*

*(c) The private operator shall manage and operate the toll facility in cooperation with the road authority and subject to the development agreement.*

*(d) The toll facility is subject to regular inspections by the road authority*

and the commissioner.

(e) *The road authority shall provide maintenance, snow removal, and police services to the toll facility and the private operator shall pay the road authority an amount agreed upon in the development agreement for the services provided.*

#### Sec. 4. [160.86] [COST RECOVERY.]

*Subdivision 1. [USE OF TOLL REVENUES.] Toll revenues must be applied to repayment of indebtedness incurred for the toll facility; lease or toll concessions payments; costs of operation, administration, rehabilitation, and maintenance necessary to meet applicable standards of the commissioner; and reasonable reserves for future capital outlays. The enumeration of uses in this subdivision does not state priorities for the use of these revenues.*

*Subd. 2. [RESIDUAL TOLL REVENUES.] Residual toll revenues belong to the private operator, except for payments to a road authority under the development agreement or a related toll concession agreement.*

*Subd. 3. [CONTINUATION OF TOLLS.] After expiration of a lease for a BTO facility, or after title has reverted for a BOT facility, the road authority may continue to charge tolls for the facility.*

*Subd. 4. [TOLLS PRESCRIBED.] A road authority may prescribe tolls on a toll facility only if the road authority reasonably determines that no feasible alternative to the toll facility exists to serve the traffic that uses the facility. Tolls prescribed by a road authority for a facility must permit the operator a reasonable return on both investment and capital.*

#### Sec. 5. [160.87] [LAW ENFORCEMENT.]

*State and local law enforcement authorities have the same powers and authority on a toll facility within their respective jurisdictions as they have on any other highway, road, or street within their jurisdiction. Law enforcement officers have free access to the toll facility at any time to exercise such powers as though it were a public right-of-way. State and local traffic and motor vehicle laws apply to persons driving or occupying motor vehicles on the toll facility.*

#### Sec. 6. [160.88] [JOINT AUTHORITY.]

*(a) Two or more road authorities with jurisdiction over a toll facility may enter into a joint powers agreement under Minnesota Statutes, section 471.59, to exercise the powers, duties, and functions of the road authorities related to the toll facility, including negotiation and administration of the development agreement and related lease and toll concession agreements. If all road authorities with jurisdiction over a toll facility concur, title to or authority over the facility may be tendered to the commissioner who may accept the title or authority pursuant to the development agreement and this section.*

*(b) If a facility is located within the jurisdiction of more than one road authority, a road authority may prescribe tolls only under a joint agreement entered into under paragraph (a). Tolls may be prescribed under a joint agreement only if all road authorities with jurisdiction over the facility are parties to the agreement.*

#### Sec. 7. [160.89] [TOLL FACILITY REPLACEMENT PROJECTS.]

*When a highway project in the metropolitan area, as defined in Minnesota Statutes, section 473.121, subdivision 2, has been scheduled in the department's six-year work program but is designated as a toll facility, the commissioner shall substitute in the work program a similar highway project in the metropolitan area.*

(2) preliminary plans for intermodal coordination with bus operations and routes; ridership; capital costs; operating costs and revenues; *and funding for final design, construction, and operation; and an implementation method.*

Sec. 4. Minnesota Statutes 1990, section 473.3993, is amended by adding a subdivision to read:

Subd. 2a. [PRELIMINARY ENGINEERING PLAN.] “Preliminary engineering plan” means a light rail transit engineering plan that includes plans for the physical design of the facilities at approximately the 30 percent engineering level; a funding plan for final design, construction, and operation; and an implementation method.

Sec. 5. Minnesota Statutes 1990, section 473.3993, subdivision 3, is

amended to read:

Subd. 3. [FINAL DESIGN PLAN.] "Final design plan" means a light rail transit plan that includes the items in the preliminary design *and preliminary engineering* plan for the facilities proposed for construction, but with greater detail and specificity. The final design plan must include, at a minimum:

(1) final plans for the physical design of facilities, including the right-of-way definition; environmental impacts and mitigation measures; inter-modal coordination with bus operations and routes; and civil engineering plans for vehicles, track, stations, parking, and access, including handicapped access; and

(2) final plans for civil engineering for electrification, communication, and other similar facilities; operational rules, procedures, and strategies; capital costs; ridership; operating costs and revenues; financing for construction and operation; an implementation method; and other similar matters.

The final design plan must be stated with sufficient particularity and detail to allow the proposer to begin the acquisition and construction of operable facilities. If a turn-key implementation method is proposed, instead of civil engineering plans the final design plan must state detailed design criteria and performance standards for the facilities.

Sec. 6. Minnesota Statutes 1990, section 473.3994, is amended to read: 473.3994 [LIGHT RAIL TRANSIT; ~~DESIGN FACILITY PLANS.~~]

*Subd. 1a. [PRELIMINARY DESIGN PLANS.] The regional transit board, in consultation with the joint light rail transit advisory committee, shall establish a procedure for preparing preliminary design plans for light rail transit facilities. The procedure must ensure that preliminary design plans implement the board's regional transit plan and qualify for federal funds in accordance with the board's plan, and that proposals for engineering and construction projects are prepared in a timely and cost-effective manner.*

*Subd. 2. [PRELIMINARY DESIGN AND ENGINEERING PLANS; PUBLIC HEARING.] Before preparing final design plans for a light rail transit facility, the A political subdivision proposing the that has prepared preliminary design and preliminary engineering plans for a proposed facility must hold a public hearing on the physical design component of the preliminary design plans and the preliminary engineering plans. The proposer must provide appropriate public notice of the hearing and publicity to ensure that affected parties have an opportunity to present their views at the hearing.*

*Subd. 3. [PRELIMINARY DESIGN AND PRELIMINARY ENGINEERING PLANS; LOCAL APPROVAL.] At least 30 days before the hearing under subdivision 2, the proposer shall submit the physical design component of the preliminary design plans to the governing body of each statutory and home rule charter city, county, and town in which the route is proposed to be located. The city, county, or town shall hold a public hearing, except that a county board need not hold a hearing if the county board membership is identical to the membership of the regional railroad authority submitting the plan for review. Within 45 days after the hearing under subdivision 2, the city, county, or town shall review and approve or disapprove the plans for the route to be located in the city, county, or town. A local unit of*

government that disapproves the plans shall describe specific amendments to the plans that, if adopted, would cause the local unit to withdraw its disapproval. Failure to approve or disapprove the plans in writing within 45 days after the hearing is deemed to be approval, unless an extension of time is agreed to by the city, county, or town and the proposer.

Subd. 4. [PRELIMINARY DESIGN AND PRELIMINARY ENGINEERING PLANS; REGIONAL TRANSIT BOARD REFERRAL.] If the governing body of one or more cities, counties, or towns disapproves the preliminary design *or preliminary engineering* plans within the period allowed under subdivision 3, the proposer may refer the plans, along with any comments of local jurisdictions, to the regional transit board. The board shall hold a hearing on the plans, giving the proposer, any disapproving local governmental units, and other persons an opportunity to present their views on the plans. The board may conduct independent study as it deems desirable and may mediate and attempt to resolve disagreements about the plans. Within 90 days after the referral, the board shall review the plans submitted by the proposer and may recommend amended plans to accommodate the objections presented by the disapproving local governmental units.

Subd. 5. A proposer may not proceed with acquisition or construction of a light rail transit facility, other than land for right of way, unless the final design plans for the facility have been approved by the board. ~~Following approval of final design plans by the board, if a regional railroad authority wishes to select a bid or a response to a request for proposal that is more than ten percent higher than the capital costs indicated in the final design plans for the facility, the authority may not proceed with construction until it has resubmitted the final design plans to the transit board for further review and approval or disapproval. The board has ten working days to review and approve or disapprove and recommend modification, unless an extension of time is agreed to by the authority.~~

Subdivision 1. [PROPERTY ON OR ADJACENT TO PUBLIC WATERS.]  
 (a) All land which is the property of the state as a result of forfeiture to the state for nonpayment of taxes, regardless of whether the land is held in trust for taxing districts, and which borders on or is adjacent to meandered lakes and other public waters and watercourses, and the live timber growing or being thereon, is hereby withdrawn from sale except as hereinafter provided. The authority having jurisdiction over the timber on any such lands may sell the timber as otherwise provided by law for cutting and removal under such conditions as the authority may prescribe in accordance with approved, sustained yield forestry practices. The authority having jurisdiction over the timber shall reserve such timber and impose such conditions as the authority deems necessary for the protection of watersheds, wildlife habitat, shorelines, and scenic features. Within the area in Cook, Lake, and

St. Louis counties described in the Act of Congress approved July 10, 1930 (46 Stat. 1020), the timber on tax-forfeited lands shall be subject to like restrictions as are now imposed by that act on federal lands.

(b) Of all tax-forfeited land bordering on or adjacent to meandered lakes and other public waters and watercourses and so withdrawn from sale, a strip two rods in width, the ordinary high-water mark being the waterside boundary thereof, and the land side boundary thereof being a line drawn parallel to the ordinary high-water mark and two rods distant landward therefrom, hereby is reserved for public travel thereon, and whatever the conformation of the shore line or conditions require, the authority having jurisdiction over such lands shall reserve a wider strip for such purposes.

(c) Any tract or parcel of land which has 50 feet or less of waterfront may be sold by the authority having jurisdiction over the land, in the manner otherwise provided by law for the sale of such lands, if the authority determines that it is in the public interest to do so. If the authority having jurisdiction over the land is not the commissioner of natural resources, the land may not be offered for sale without the prior approval of the commissioner of natural resources.

(d) *Where the authority having jurisdiction over lands withdrawn from sale under this section is not the commissioner of natural resources, the authority may submit proposals for disposition of the lands to the commissioner. The commissioner of natural resources shall evaluate the lands and their public benefits and make recommendations on the proposed dispositions to the committees of the legislature with jurisdiction over natural resources. The commissioner shall include any recommendations of the commissioner for disposition of lands withdrawn from sale under this section over which the commissioner has jurisdiction. The commissioner's recommendations may include a public sale, sale to a private party, acquisition by the department of natural resources for public purposes, or a cooperative management agreement with, or transfer to, another unit of government.*"

**Sec. 4. [117.57] [AUTHORITIES; RAILROAD PROPERTIES.]**

*Subdivision 1. [EMINENT DOMAIN.] The power of eminent domain of an authority, as defined in section 469.174, subdivision 2, extends to railroad properties located within the authority's limits, provided:*

*(1) the railroad property is not a line of track for which abandonment is required under federal law, or if it is a line of track for which abandonment is required under federal law, abandonment has been approved;*

*(2) some part of the property contains land pollution as defined in section 116.06, or contains a release or threatened release of petroleum, as provided in chapter 115C, or contains a release or threatened release of a pollutant, contaminant, hazardous substance, or hazardous waste, as provided in chapter 115B; and*

*(3) the authority intends to develop the property and has a plan for its cleanup and development within five years in order to maximize its market value.*

*Upon a showing by the petitioner in condemnation proceedings that the conditions described in clauses (1) to (3) exist, then the public use to which the authority would put the property is adjudged a superior public use to railroad use or any other past, present, or proposed future use, regardless of whether the property is held in trust, was previously acquired by condemnation, or is owned by a railroad.*

*Subd. 2. [RELATION TO STATE RAIL BANK.] Nothing in this section shall supersede the provisions of section 222.63.*

*Subd. 3. [RELATION TO REGIONAL RAILROAD AUTHORITIES.] An authority shall not be adjudged to have a superior public use to that of a regional railroad authority as defined in section 398A.01 or a state trail covered by section 85.015.*

**Sec. 5. Minnesota Statutes 1990, section 124A.03, subdivision 2, is amended to read:**

**Subd. 2. [REFERENDUM LEVY.]** (a) The levy authorized by section 124A.23, subdivision 2, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. *Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased levy as a percentage of net tax capacity, the amount that will be raised by that local tax rate in the first year it is to be levied, and that the local tax rate shall be used to finance school operations. The ballot may state that existing levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring authority.* The ballot shall designate the specific number of years for which the referendum authorization shall

apply. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

“Shall the increase in the levy proposed by (petition to) the board of . . . . ., School District No. . . . ., be approved?”

If approved, the amount provided by the approved local tax rate applied to the net tax capacity for the year preceding the year the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The school board shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the referendum to each taxpayer at the address listed on the school district's current year's assessment roll, a notice of the referendum and the proposed levy increase. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of increase in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

*The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy, if any, in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.*

The notice must include the following statement: “In 1989 the legislature reduced property taxes for education by increasing the state share of funding for education. However, state aid for cities and townships was reduced by a corresponding amount. As a result, property taxes for cities and townships may increase. Passage of this referendum will result in an increase in your property taxes.”

(c) A referendum on the question of revoking or reducing the increased levy amount authorized pursuant to paragraph (a) may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. A levy approved by the voters of the district pursuant to paragraph (a) must be made at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce a levy for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the school district on the day the petition is filed with the school board. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days prior to the day of the referendum, the district shall submit a copy of the notice required under paragraph (b) to the commissioner of education. Within 15 days after the results of the referendum have been certified by the school board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district shall notify the commissioner of education of the results of the referendum.

(g) *Any referendum under this section held on a day other than the first Tuesday after the first Monday in November must be conducted by mail in accordance with section 204B.46. Notwithstanding paragraph (b) to the contrary, in the case of a referendum conducted by mail under this paragraph, the notice required by paragraph (b) shall be prepared and delivered by first class mail at least 20 days before the referendum.*

Sec. 6. Minnesota Statutes 1990, section 124A.03, is amended by adding a subdivision to read:

*Subd. 2a. [SCHOOL REFERENDUM LEVY; MARKET VALUE.] Notwithstanding the provisions of subdivision 2, a school referendum levy approved after November 1, 1992, for taxes payable in 1993 and thereafter, shall be levied against the market value of all taxable property. Any referendum levy amount subject to the requirements of this subdivision shall be certified separately to the county auditor under section 275.07.*

*The ballot shall state the maximum amount of the increased levy as a percentage of market value, the amount that will be raised by that new school referendum tax rate in the first year it is to be levied, and that the new school referendum tax rate shall be used to finance school operations.*

*If approved, the amount provided by the new school referendum tax rate applied to the market value for the year preceding the year the levy is certified, shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.*

*All other provisions of subdivision 2 that do not conflict with this subdivision shall apply to referendum levies under this subdivision.*

Sec. 7. Minnesota Statutes 1990, section 270.12, subdivision 2, is amended to read:

Subd. 2. The board shall meet annually between April 15 and June 30 at the office of the commissioner of revenue and examine and compare the returns of the assessment of the property in the several counties, and equalize the same so that all the taxable property in the state shall be assessed at its market value, subject to the following rules:

(1) The board shall add to the aggregate valuation of the real property of every county, which the board believes to be valued below its market value in money, such percent as will bring the same to its market value in money;

(2) The board shall deduct from the aggregate valuation of the real property of every county, which the board believes to be valued above its market value in money, such percent as will reduce the same to its market value in money;

(3) If the board believes the valuation for a part of a class determined by a range of market value under clause (8), a class, or classes of the real property of any town or district in any county, or the valuation for a part of a class, a class, or classes of the real property of any county not in towns or cities,

should be raised or reduced, without raising or reducing the other real property of such county, or without raising or reducing it in the same ratio, the board may add to, or take from, the valuation of *a part of a class*, a class, or classes in any one or more of such towns or cities, or of the property not in towns or cities, such percent as the board believes will raise or reduce the same to its market value in money;

(4) The board shall add to the aggregate valuation of any class of personal property of any county, town, or city, which the board believes to be valued below the market value thereof, such percent as will raise the same to its market value in money;

(5) The board shall take from the aggregate valuation of any class of personal property in any county, town or city, which the board believes to be valued above the market value thereof, such percent as will reduce the same to its market value in money;

(6) The board shall not reduce the aggregate valuation of all the property of the state, as returned by the several county auditors, more than one percent on the whole valuation thereof;

(7) When it would be of assistance in equalizing values the board may require any county auditor to furnish statements showing assessments of real and personal property of any individuals, firms, or corporations within the county. The board shall consider and equalize such assessments and may increase the assessment of individuals, firms, or corporations above the amount returned by the county board of equalization when it shall appear to be undervalued, first giving notice to such persons of the intention of the board so to do, which notice shall fix a time and place of hearing. The board shall not decrease any such assessment below the valuation placed by the county board of equalization; ~~and~~

(8) In equalizing values pursuant to this section, the board shall utilize a 12-month assessment/sales ratio study conducted by the department of revenue containing only sales that are filed in the county auditor's office under section 272.115, by November 1 of the previous year and that occurred between October 1 of the year immediately preceding the previous year and September 30 of the previous year.

*The assessment/sales ratio study may separate the values of residential property into market value categories. The board may adjust the market value categories and the number of categories as necessary to create an adequate sample size for each market value category. The board may determine the adequate sample size. To the extent practicable, the methodology used in preparing the assessment/sales ratio study must be consistent with the most recent Standard on Assessment Sales Ratio Studies published by the assessment standards committee of the International Association of Assessing Officers. The board may determine the geographic area used in preparing the study to accurately equalize values. A sales ratio study separating residential property into market value categories may not be used as the basis for a petition under chapter 278.*

The sales prices used in the study must be discounted for terms of financing. The board shall use the median ratio as the statistical measure of the level of assessment for any particular category of property; *and*

(9) *The board shall receive from each county the estimated market values on the assessment date falling within the study period for all parcels by magnetic tape or other medium as prescribed by the commissioner of revenue.*

Sec. 8. Minnesota Statutes 1990, section 271.04, is amended to read:  
271.04 [HEARINGS.]

The tax court shall hold hearings and meetings as may be prescribed by the rules of the tax court, *including a rule on the admissibility of evidence not produced 30 days before a hearing by an owner of income-producing property*. The principal office of the tax court shall be in Saint Paul, but it shall hold hearings at any other place within the state, so that taxpayers may appear before the court with as little inconvenience and expense to the taxpayer as is practicable. The tax court shall be allowed to use the district court court room in all of the counties. The administrator of the tax court shall consult with the court administrator of the district court involved before a schedule of court room to be used by the tax court is established. Each tax court judge may hear and decide cases. Upon petition by a party to a case, or upon a motion by a tax court judge, and approval by a majority of the tax court, a case may be tried before the entire tax court. When an appeal is taken by a resident taxpayer from an order of the commissioner, not involving property taxes, venue for the case shall be, at the election of the taxpayer, in Ramsey county or in the district court judicial district in which the taxpayer resides. Venue shall be in Ramsey county for an appeal taken by a nonresident taxpayer from an order of the commissioner. Venue for all other cases arising under the tax laws of the state shall be in the same judicial district as if the case was being tried in district court.

Sec. 9. Minnesota Statutes 1990, section 271.21, subdivision 6, is amended to read:

Subd. 6. The hearing in the small claims division shall be informal and without a jury. The judge may hear any testimony and receive any evidence the judge deems necessary or desirable for a just determination of the case *except that evidence relating to the valuation of income-producing property not provided to the county assessor 30 days before a hearing by the property owner is not admissible, except when necessary to prevent undue hardship or when failure to provide is due to the unavailability of the evidence at that time*. Sales ratio studies published by the department of revenue may be admissible as a public record without foundation. All testimony shall be given under oath. A party may appear personally or may be represented or accompanied by an attorney. No transcript of the proceedings shall be kept.

Sec. 10. Minnesota Statutes 1990, section 272.02, subdivision 1, is amended to read:

Upon receipt of an application for the exemption provided in this clause for lands for which the assessor has no determination from the commissioner of natural resources, the assessor shall refer the application to the commissioner of natural resources who shall determine within 30 days whether the land is native prairie and notify the county assessor of the decision. Exemption of native prairie pursuant to this clause shall not grant the public any additional or greater right of access to the native prairie or diminish any right of ownership to it.

(b) A building or structure shall include the building or structure itself, together with all improvements or fixtures annexed to the building or structure, which are integrated with and of permanent benefit to the building or structure, regardless of the present use of the building, and which cannot be removed without substantial damage to itself or to the building or structure.

(c) (i) ~~The term "Real property" shall~~ *does not* include tools, implements, machinery, and equipment attached to or installed in real property for use in the business or production activity conducted thereon, regardless of size, weight or method of attachment, *and mine shafts, tunnels, and other underground openings used to extract ores and minerals taxed under chapter 298 together with steel, concrete, and other materials used to support such openings.*

(iii) The exclusion provided in clause (i) does not apply to the exterior shell of a structure which constitutes walls, ceilings, roofs, or floors if the shell of the structure has structural, insulation, or temperature control functions or provides protection from the elements. Such an exterior shell is included in the definition of real property even if it also has special functions distinct from that of a building.

(d) The term real property does not include tools, implements, machinery, equipment, poles, lines, cables, wires, conduit, and station connections

Sec. 12. Minnesota Statutes 1990, section 273.11, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] Except as provided in subdivisions 1a, 6, 8, and 9 or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under \$100 is rounded up to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. The assessor shall take into account the effect on the market value of property of environmental factors in the vicinity of the property. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, the fact that such property is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the valuation of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, that lot or ~~any single contiguous lot fronting on the same street~~ shall be eligible for revaluation. All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 13. Minnesota Statutes 1990, section 273.11, is amended by adding a subdivision to read:

*Subd. 1a. [GENERAL AND ROUTINE MAINTENANCE.] General and routine maintenance of structures classified under section 273.13, subdivisions 22 and 23, shall not be subject to assessment and shall be disregarded in establishing market value, provided that it is owned by the same taxpayer in the current and previous years' assessment. For purposes of this subdivision, "general and routine maintenance" includes, but is not limited to, the following items:*

- (1) roof repair, excluding replacement;
- (2) siding repair, excluding replacement;
- (3) window repair, excluding replacement;
- (4) smoke detection, security, and sprinkler systems;

(5) plumbing repair, excluding replacement; and

(6) electrical rewiring.

Sec. 14. Minnesota Statutes 1990, section 273.12, is amended to read:  
273.12 [ASSESSMENT OF REAL PROPERTY.]

It shall be the duty of every assessor and board, in estimating and determining the value of lands for the purpose of taxation, to consider and give due weight to every element and factor affecting the market value thereof, including its location with reference to roads and streets and the location of roads and streets thereon or over the same, and to take into consideration a reduction in the acreage of each tract or lot sufficient to cover the amount of land actually used for any improved public highway and the reduction in area of land caused thereby, provided, that in determining the market value of vacant land, the fact that such land is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the assessment of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, the net tax capacity of that lot ~~or any single contiguous lot fronting on the same street~~ shall be eligible for reassessment. It shall be the duty of every assessor and board, in estimating and determining the value of lands for the purpose of taxation, to consider and give due weight to lands which are comparable in character, quality, and location, to the end that all lands similarly located and improved will be assessed upon a uniform basis and without discrimination and, for agricultural lands, to consider and give recognition to its earning potential as measured by its free market rental rate.

Notwithstanding the provisions of this or any other section, no additional value shall be assessed for unmined mineral value except for iron ore or taconite.

Sec. 15. Minnesota Statutes 1990, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] (a) Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

The assessor shall require proof, by affidavit or otherwise, of the facts upon which classification as a homestead may be determined.

(b) For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future development. In order to receive homestead treatment for the

noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

(c) In the case of property owned by a married couple in joint tenancy or tenancy in common, the assessor must not deny homestead treatment in whole or in part if only one of the spouses is occupying the property and the other spouse is absent due to divorce or separation, or is a resident of a nursing home or a boarding care facility.

(d) If an individual is purchasing property with the intent of claiming it as a homestead, and is required by the terms of the financing agreement to have ~~one or both parents a relative~~ shown on the deed as ~~coowners a coowner~~, the assessor shall allow a full homestead classification and extend full homestead credit. ~~This provision only applies to first time purchasers, whether married or single, or to a person who had previously been married and is purchasing as a single individual for the first time. The application for homestead benefits must be on a form prescribed by the commissioner and must contain the data necessary for the assessor to determine if full homestead benefits are warranted. For purposes of this paragraph, "relative" means a parent, stepparent, child, stepchild, grandparent, brother, sister, uncle, or aunt. This relationship may be by blood or marriage.~~

(e) In the case of property owned and formerly occupied by two or more persons in joint tenancy or tenancy in common, when those persons are parents and children, and when one or more of the owners ceases to occupy the property, the assessor shall continue to allow a full homestead classification as long as at least one of the owners continues to occupy the property for purposes of a homestead. This paragraph applies only to single family residential property. For purposes of this paragraph, the terms "parents" and "children" include relationships by marriage.

Sec. 16. Minnesota Statutes 1990, section 273.124, subdivision 9, is amended to read:

Subd. 9. [HOMESTEAD ESTABLISHED AFTER ASSESSMENT DATE.] Any property that was not used for the purpose of a homestead on the assessment date, but which was used for the purpose of a homestead by June 1 of a year, constitutes class 1 or class 2a.

Any taxpayer meeting the requirements of this subdivision must notify the county assessor, or the assessor who has the powers of the county assessor pursuant to section 273.063, in writing, prior to June 15 of the year of occupancy in order to qualify under this subdivision. *The assessor must not deny full homestead treatment to a property that is partially homesteaded on January 2 but occupied for the purpose of a full homestead by June 1 of a year.*

The county assessor and the county auditor may make the necessary changes on their assessment and tax records to provide for proper homestead classification as provided in this subdivision.

The owner of any property qualifying under this subdivision, which has not been accorded the benefits of this subdivision, regardless of whether or not the notification has been timely filed, may be entitled to receive homestead classification by proper application as provided in section 270.07 or 375.192.

The county assessor shall publish in a newspaper of general circulation within the county no later than June 1 of each year a notice informing the public of the requirement to file an application for homestead prior to June 15.

Sec. 17. Minnesota Statutes 1990, section 273.124, subdivision 14, is amended to read:

Subd. 14. [AGRICULTURAL HOMESTEADS; SPECIAL PROVISIONS.] (a) Real estate of less than ten acres that is the homestead of its owner must be classified as class 2a under section 273.13, subdivision 23, paragraph (a), if:

(4) the agricultural use value of the noncontiguous land and farm buildings is equal to at least 50 percent of the market value of the house, garage, and one acre of land.

(b) Noncontiguous land shall be included as part of a homestead under section 273.13, subdivision 23, paragraph (a), only if the homestead is classified as class 2a and the detached land is located in the same township or city, or not farther than two townships or cities or combination thereof from the homestead.

(c) Agricultural land used for purposes of a homestead and actively farmed by a person holding a vested remainder interest in it must be classified as a homestead under section 273.13, subdivision 23, paragraph (a). If agricultural land is classified class 2a, any other dwellings on the land used for purposes of a homestead by persons holding vested remainder interests who are actively engaged in farming the property, and up to one acre of the land surrounding each homestead and reasonably necessary for the use of the dwelling as a home, must also be assessed class 2a.

Sec. 18. Minnesota Statutes 1990, section 273.13, subdivision 22, is amended to read:

Subd. 22. [CLASS 1.] (a) Except as provided in subdivision 23, real estate which is residential and used for homestead purposes is class 1. The market value of class 1a property must be determined based upon the value of the house, garage, and land.

For taxes payable in 1993 and thereafter, the market value of class 1a property that exceeds \$72,000 has a class rate of two percent.*

(b) Class 1b property includes real estate or manufactured homes used for the purposes of a homestead by

(1) any blind person, if the blind person is the owner thereof or if the blind person and the blind person's spouse are the sole owners thereof; or

(2) any person, hereinafter referred to as "veteran," who:

(ii) is entitled to compensation under the laws and regulations of the United States for permanent and total service-connected disability due to the loss, or loss of use, by reason of amputation, ankylosis, progressive muscular dystrophies, or paralysis, of both lower extremities, such as to preclude motion without the aid of braces, crutches, canes, or a wheelchair; and

(iii) ~~with assistance by the administration of veterans affairs~~ has acquired a special housing unit with special fixtures or movable facilities made necessary by the nature of the veteran's disability, or the surviving spouse of the deceased veteran for as long as the surviving spouse retains the special housing unit as a homestead; or

commissioner of jobs and training certifies to the assessor that the owner of the property satisfies the requirements of this subdivision.

Permanently and totally disabled for the purpose of this subdivision means a condition which is permanent in nature and totally incapacitates the person from working at an occupation which brings the person an income. The first \$32,000 market value of class 1b property has a net class rate of .45 percent of its market value and a gross class rate of .87 percent of its market value. The remaining market value of class 1b property has a gross or net class rate using the rates for class 1 or class 2a property, whichever is appropriate, of similar market value.

(c) Class 1c property is commercial use real property that abuts a lake-shore line and is devoted to temporary and seasonal residential occupancy for recreational purposes but not devoted to commercial purposes for more than 225 days in the year preceding the year of assessment, and that includes a portion used as a homestead by the owner, which includes a dwelling occupied as a homestead by a shareholder of a corporation that owns the resort or a partner in a partnership that owns the resort, even if the title to the homestead is held by the corporation or partnership. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property, excluding the portion used exclusively as a homestead, is used or available for use for residential occupancy and a fee is charged for residential occupancy. Class 1c property has a class rate of ~~.4 percent of the first \$32,000 of market value for taxes payable in 1990, .6 percent of the first \$32,000 of market value for taxes payable in 1991, .8 percent of the first \$32,000 of market value for taxes payable in 1992,~~ and one percent of market value in excess of \$32,000 for taxes payable in ~~1990, 1991, and~~ 1992, and one percent of total market value for taxes payable in 1993 and thereafter with the following limitation: the area of the property must not exceed 100 feet of lakeshore footage for each cabin or campsite located on the property up to a total of 800 feet and 500 feet in depth, measured away from the lakeshore.

Subd. 23. [CLASS 2.] (a) Class 2a property is agricultural land including any improvements that is homesteaded. The market value of the house and garage and immediately surrounding one acre of land has the same class rates as class 1a property under subdivision 22. If the market value of the house, garage, and surrounding one acre of land is less than ~~\$110,000~~ \$115,000, the value of the remaining land including improvements equal to the difference between ~~\$110,000~~ \$115,000 and the market value of the house, garage, and surrounding one acre of land has a net class rate of .45 percent of market value and a gross class rate of 1.75 percent of market value. The remaining value of class 2a property over ~~\$110,000~~ \$115,000 of market value that does not exceed 320 acres has a net class rate of 1.3 percent of market value for taxes payable in 1990 and thereafter, and a gross class rate of 2.25 percent of market value. The remaining property over the ~~\$110,000~~ \$115,000 market value in excess of 320 acres has a class rate of 1.7 percent of market value for taxes payable in 1990, and 1.6 percent of market value for taxes payable in 1991, and thereafter, and a gross class rate of 2.25 percent of market value.

(b) Class 2b property is (1) real estate, rural in character and used

exclusively for growing trees for timber, lumber, and wood and wood products; and (2) real estate that is nonhomestead agricultural land. Class 2b property has a net class rate of 1.7 percent of market value for taxes payable in 1990, and 1.6 percent of market value for taxes payable in 1991, and thereafter, and a gross class rate of 2.25 percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural use may include pasture, timber, waste, unusable wild land, and land included in *state or federal farm programs*. "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products; ~~and includes the commercial boarding of horses if the commercial boarding of horses is done in conjunction with the raising or cultivation of agricultural products.~~

(d) Real estate of less than ten acres used principally for raising ~~poultry, livestock, fruit, vegetables or other agricultural products, including the breeding of fish for sale and consumption if the fish breeding occurs on land zoned for or cultivating agricultural use products~~, shall be considered as agricultural land, if it is not used primarily for residential purposes.

(e) The term "agricultural products" as used in ~~the preceding sentence means any of the products identified in section 273.444, this subdivision 6, clause (2) includes:~~

(1) *livestock, dairy animals, dairy products, poultry and poultry products, fur-bearing animals, horticultural and nursery stock described in sections 18.44 to 18.61, fruit of all kinds, vegetables, forage, grains, bees, and apiary products by the owner;*

(3) *the commercial boarding of horses if the boarding is done in conjunction with raising or cultivating agricultural products as defined in clause (1); and*

(1) wholesale and retail sales;

(2) processing of raw agricultural products or other goods;

(3) warehousing or storage of processed goods; and

(4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3).

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for

the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality and school district must be separately stated. The amounts due other taxing districts, if any, may be aggregated. The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The statement shall include the following sentence, printed in upper case letters in boldface print: "THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT."

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

(1) the property's estimated market value as defined in section 272.03, subdivision 8;

(2) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);

(3) a total of the following aids:

- (i) education aids payable under chapters 124 and 124A;
  - (ii) local government aids for cities, towns, and counties under chapter 477A; and
  - (iii) disparity reduction aid under section 273.1398;
- (4) for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as "homestead and agricultural credit." For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;
- (5) any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, *except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief"; and*
- (6) the net tax payable in the manner required in paragraph (a)-; *and*
- (7) *any additional amount of tax authorized under sections 124A.03, subdivision 2a, and 275.60. These amounts shall be listed as "voter approved referenda levies."*

The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in 1992 and thereafter, the commissioner must certify this amount by September 1.

Sec. 25. Minnesota Statutes 1990, section 279.03, subdivision 1a, is amended to read:

If the rate so determined is less than ten percent, the rate of interest shall be ten percent. The maximum per annum rate shall be 14 percent if the rate specified under section 270.75, subdivision 5, exceeds 14 percent. The rate shall be subject to change on January 1 of each year.*

*(b) If a person is the owner of one or more parcels of property on which taxes are delinquent, and the delinquent taxes are more than 25 percent of the prior year's school district levy, interest on the delinquent property taxes, penalties, and costs unpaid after January 1, 1992, shall be payable at twice the rate determined under paragraph (a) for the year.*

Sec. 26. Minnesota Statutes 1990, section 281.17, is amended to read:

The period of redemption for homesteaded lands as defined in section 273.13, subdivision 22, located in a targeted neighborhood as defined in Laws 1987, chapter 386, article 6, section 4, and sold to the state at a tax judgment sale is three years from the date of sale. The period of redemption for all lands located in a targeted neighborhood as defined in Laws 1987, chapter 386, article 6, section 4, except homesteaded lands as defined in section 273.13, subdivision 22, and sold to the state at a tax judgment sale is one year from the date of sale.

The period of redemption for all other lands sold to the state at a tax judgment sale shall be five years from the date of sale, *except that the period of redemption for nonhomesteaded agricultural land as defined in section 273.13, subdivision 23, paragraph (b), shall be two years from the date of sale if at that time, that property is owned by a person who owns one or more parcels of property on which taxes are delinquent, and the delinquent taxes are more than 25 percent of the prior year's school district levy.*

Sec. 27. Minnesota Statutes 1990, section 290A.04, subdivision 2h, is amended to read:

Subd. 2h. (a) If the gross property taxes payable on a homestead increase more than ten percent over the net property taxes payable in the prior year on the same property that is owned by the same owner in both years, and the amount of that increase is \$40 or more for taxes payable in 1990 and 1991, \$60 or more for taxes payable in 1992, \$80 or more for taxes payable in 1993, and \$100 or more for taxes payable in 1994, a claimant who is a homeowner shall be allowed an additional refund equal to the sum of (1) 75 percent of the first \$250 of the amount of the increase over ten percent for taxes payable in 1990 and 1991, 75 percent of the first \$275 of the amount of the increase over ten percent for taxes payable in 1992, 75 percent of the first \$300 of the amount of the increase over ten percent for taxes payable in 1993, and 75 percent of the first \$325 of the amount of the increase over ten percent for taxes payable in 1994, and (2) 90 percent of the amount of the increase over ten percent plus \$250 for taxes payable in 1990 and 1991, 90 percent of the amount of the increase over ten percent plus \$275 for taxes payable in 1992, 90 percent of the amount of the increase over ten percent plus \$300 for taxes payable in 1993, and 90 percent of the amount of the increase over ten percent plus \$325 for taxes payable in 1994. This subdivision shall not apply to any increase in the gross property taxes payable attributable to improvements made to the homestead after the assessment date for the prior year's taxes.

(b) For purposes of this subdivision, the following terms have the meanings given:

(1) "Net property taxes payable" means property taxes payable after reductions made under sections 273.13, subdivisions 22 and 23; 273.132; 273.135; 273.1391; and 273.42, subdivision 2, and any other state paid property tax credits and after the deduction of tax refund amounts for which the claimant qualifies pursuant to subdivision 2 and this subdivision.

(2) "Gross property taxes" means net property taxes payable determined without regard to the refund allowed under this subdivision.

(c) In addition to the other proofs required by this chapter, each claimant under this subdivision shall file with the property tax refund return a copy of the property tax statement for taxes payable in the preceding year or other documents required by the commissioner.

On or before December 1, 1990, and December 1 of each of the following three years, the commissioner shall estimate the cost of making the payments provided by this subdivision for taxes payable in the following year. Notwithstanding the open appropriation provision of section 290A.23, if the estimated total refund claims for taxes payable in 1991, 1993, or 1994 exceed the following amounts for the taxes payable year designated, the commissioner shall increase the dollar amount of tax increase which must occur before a taxpayer qualifies for a refund so that the estimated total refund claims do not exceed the appropriation limit.

Taxes payable in:	Appropriation limit
1991	\$13,000,000
<del>1992</del>	<del>\$6,500,000</del>
1993	\$6,000,000
1994	\$5,500,000

The determinations of the revised thresholds by the commissioner are not rules subject to chapter 14.

Sec. 28. Minnesota Statutes 1990, section 430.102, subdivision 3, is amended to read:

Subd. 3. [ANNUAL IMPROVEMENT ASSESSMENT PROCEDURE; APPEALS.] When the council has acted on the estimate of costs, the city engineer, with the assistance of the city assessor, shall prepare an assessment roll. The roll must list separately the amounts to be specially assessed against benefited and assessable property in the district in proportion to the benefits, descriptions of the property, and the names of the owners of the property to the extent they are available to the engineer. The assessment roll must be filed in the office of the city clerk and be available there for inspection.

The city council shall meet to consider objections to the amounts of special assessments at least ten days after a notice of hearing has been mailed to the named owners of the tracts, parcels, and lots of property proposed to be assessed. The notice must give the time, place, and purpose of the meeting, but may refer to the assessment roll for further particulars. When the city council has approved the amounts of the special assessments in the assessment roll or has changed them, the city clerk shall certify a copy of the assessment roll, with any changes, to the county auditor to be extended on the tax lists of the county. The special assessments must be collected with and in the same manner as other taxes on property for the current year.

Within 20 days after the adoption of the assessment, an aggrieved person may appeal to the district court as provided in section 430.03 except that no commissioners will be appointed to consider the amount of benefits. If the court finds that the assessment is not arbitrary, unreasonable, or made under a demonstrable mistake of fact or erroneous theory of law, it shall confirm the proceedings; *If the court finds that the assessment is valid but for the inclusion of one or more items of cost, it shall reduce the assessment*

by the amount erroneously included and confirm the assessment as reduced. Otherwise the court shall remand the matter to the city council for reconsideration and reassessment of the benefits after notice and hearing like those for the original assessments under this subdivision. Objections to the assessment are waived unless appealed under this paragraph.

Sec. 29. Minnesota Statutes 1990, section 430.102, subdivision 4, is amended to read:

Subd. 4. For the purposes of this chapter, with respect to annual improvements to and operation and maintenance of pedestrian malls, "costs" means costs of annual improvements, fees of consultants employed by the city council to assist in the planning of annual improvements, premiums on public liability insurance insuring the city and users of the pedestrian mall and on property damage insurance for pedestrian mall facilities, reasonable and necessary costs to the city for the time of city officials, *the advisory board*, *and employees spent* in connection with annual improvements to and operating and maintaining a pedestrian mall and levying and collecting special assessments and special taxes for the mall, publication costs, and other costs incurred or to be incurred in connection with annual improvements to and operation and maintenance of pedestrian malls.

Sec. 30. Minnesota Statutes 1990, section 473F.01, is amended to read:

473F.01 [PURPOSE; USE OF PROCEEDS.]

*Subdivision 1.* [PURPOSE.] The legislature finds it desirable to improve the revenue raising and distribution system in the seven county Twin Cities area to accomplish the following objectives:

(1) To provide a way for local governments to share in the resources generated by the growth of the area, without removing any resources which local governments already have;

(2) To increase the likelihood of orderly urban development by reducing the impact of fiscal considerations on the location of business and residential growth and of highways, transit facilities and airports;

(3) To establish incentives for all parts of the area to work for the growth of the area as a whole;

(4) To provide a way whereby the area's resources can be made available within and through the existing system of local governments and local decision making;

(5) To help communities in different stages of development by making resources increasingly available to communities at those early stages of development and redevelopment when financial pressures on them are the greatest; *and*

(6) To encourage protection of the environment by reducing the impact of fiscal considerations so that flood plains can be protected and land for parks and open space can be preserved; ~~and~~

~~(7) To provide for the distribution to municipalities of additional revenues generated within the area or from outside sources pursuant to other legislation.~~

*Subd. 2. [USE OF PROCEEDS.] Except as provided in section 473F.08, subdivision 3a, the proceeds from the areawide tax imposed under this chapter must be used by a local governmental unit in the same manner and for the same purposes as the proceeds from other ad valorem taxes levied by the local governmental unit.*

Sec. 31. Minnesota Statutes 1990, section 473F.02, subdivision 3, is amended to read:

Subd. 3. "Commercial-industrial property" means the following categories of property, as defined in section 273.13, excluding that portion of such property (1) which may, by law, constitute the tax base for a tax increment pledged pursuant to under section 469.042 or 469.162, certification of which was requested prior to August 1, 1979, to the extent and while such tax increment is so pledged; or (2) ~~which may, by law, constitute the tax base for tax revenues set aside and paid over for credit to a sinking fund pursuant to direction of the city council in accordance with Laws 1963, chapter 881, as amended, to the extent that such revenues are so treated in any year; or (3) which is exempt from taxation pursuant to under section 272.02:~~

(a) That portion of class 3 property defined in Minnesota Statutes 1971, section 273.13, consisting of stocks of merchandise and furniture and fixtures used therewith; manufacturers' materials and manufactured articles; and tools, implements and machinery, whether fixtures or otherwise.

(b) That portion of class 4 property defined in Minnesota Statutes 1971, section 273.13, which is ~~either used or zoned for use~~ for any commercial or industrial purpose, except for such property which is, or, in the case of property under construction, will when completed be used exclusively for residential occupancy and the provision of services to residential occupants thereof. Property shall be considered as used exclusively for residential occupancy only if each of not less than 80 percent of its occupied residential units is, or, in the case of property under construction, will when completed be occupied under an oral or written agreement for occupancy over a continuous period of not less than 30 days.

If the classification of property prescribed by section 273.13 is modified by legislative amendment, the references in this subdivision shall be to such successor class or classes of property, or portions thereof, as embrace the kinds of property designated in this subdivision.

Sec. 32. Minnesota Statutes 1990, section 473F.02, subdivision 8, is amended to read:

Subd. 8. "Municipality" means a city, town, or township located in whole or part within the area, but not the cities of New Prague or Northfield. If a municipality is located partly within and partly without the area, the references in sections 473F.01 to 473F.13 to property or any portion thereof subject to taxation or taxing jurisdiction within the municipality are to such property or portion thereof as is located in that portion of the municipality within the area, except that the fiscal capacity of such a municipality shall be computed upon the basis of the valuation and population of the entire municipality.

*A municipality shall be excluded from the area if its municipal comprehensive zoning and planning policies conscientiously exclude most commercial-industrial development, for reasons other than preserving an agricultural use. The metropolitan council and the commissioner of revenue shall jointly make this determination annually and shall notify those municipalities that are ineligible to participate in the tax base sharing program provided in this chapter for the following year.*

Sec. 33. Minnesota Statutes 1990, section 473F.02, subdivision 12, is amended to read:

Subd. 12. "Market value" of real *and personal* property within a municipality means the ~~"actual market value"~~ *assessor's estimated market value of all real and personal property, including the value of manufactured housing, within the municipality, determined in the manner and with respect to the property described for school districts in section 475.53, subdivision 4, except that no adjustment shall be made for property on which taxes are paid into the state treasury under gross earnings tax laws applicable to common carrier railroads.* For purposes of sections 473F.01 to 473F.13, the commissioner of revenue shall annually make determinations and reports with respect to each municipality which are comparable to those it makes for school districts under section 124.2131, subdivision 1, in the same manner and at the same times as are prescribed by the subdivision. The commissioner of revenue shall annually determine, for each municipality, information comparable to that required by section 475.53, subdivision 4, for school districts, as soon as practicable after it becomes available. The commissioner of revenue shall then compute the *equalized* market value of property within each municipality *using the aggregate sales ratios from the department of revenue's sales ratio study.*

Sec. 34. Minnesota Statutes 1990, section 473F.02, subdivision 13, is amended to read:

Subd. 13. "Valuation" means the market value of real *and personal* property within a municipality *as defined in subdivision 12.*

Sec. 35. Minnesota Statutes 1990, section 473F.05, is amended to read:  
473F.05 [GROSS NET TAX CAPACITY YEARS.]

On or before August 5 of each year, the assessors within each county in the area shall determine and certify to the county auditor the ~~gross net~~ tax capacity in that year of commercial-industrial property subject to taxation within each municipality in the county, determined without regard to section 469.177, subdivision 3.

Sec. 36. Minnesota Statutes 1990, section 473F.06, is amended to read:  
473F.06 [INCREASE IN GROSS NET TAX CAPACITY.]

On or before July 15 of each year, the auditor of each county in the area shall determine the amount, if any, by which the ~~gross net~~ tax capacity determined in the preceding year ~~pursuant to~~ *under* section 473F.05, of commercial-industrial property subject to taxation within each municipality in the auditor's county exceeds the ~~gross net~~ tax capacity in 1971 of commercial-industrial property subject to taxation within that municipality. If a municipality is located in two or more counties within the area, the auditors of those counties shall certify the data required by section 473F.05 to the county auditor who is responsible under other provisions of law for allocating the levies of that municipality between or among the affected counties. That

county auditor shall determine the amount of the net excess, if any, for the municipality under this section, and certify that amount under section 473F.07. Notwithstanding any other provision of sections 473F.01 to 473F.13 to the contrary, in the case of a municipality which is designated on July 24, 1971, as a redevelopment area pursuant to under section 401(a)(4) of the Public Works and Economic Development Act of 1965, Public Law Number 89-136, the increase in its gross net tax capacity of commercial-industrial property for purposes of this section shall be determined in each year subsequent to the termination of such designation by using as a base the gross net tax capacity of commercial-industrial property in that municipality in the 1989 assessment year following that in which such designation is terminated, rather than the gross net tax capacity of such property in 1971. The increase in gross total net tax capacity determined by this section shall be reduced by the amount of any decreases in the gross net tax capacity of commercial-industrial property resulting from any court decisions, court related stipulation agreements, or abatements for a prior year, and only in the amount of such decreases made during the 12-month period ending on May 1 of the current assessment year, where such decreases, if originally reflected in the determination of a prior year's gross net tax capacity under section 473F.05, would have resulted in a smaller contribution from the municipality in that year. An adjustment for such decreases shall be made only if the municipality made a contribution in a prior year based on the higher gross net tax capacity of the commercial-industrial property.

Sec. 37. Minnesota Statutes 1990, section 473F.07, is amended to read:

473F.07 [COMPUTATION OF AREAWIDE TAX BASE.]

Subdivision 1. Each county auditor shall certify the determinations pursuant to under sections 473F.05 and 473F.06 to the administrative auditor on or before August 1 of each year.

The administrative auditor shall determine an amount equal to 40 percent of the sum of the amounts certified pursuant to under section 473F.06, and divide that sum by 2-1/2. The resulting amount shall be known as the "areawide gross net tax capacity for . . . . . (year)."

Subd. 2. The commissioner of revenue shall certify to the administrative auditor, on or before August 10 of each year, the population of each municipality for the second preceding year, the proportion of that population which resides within the area, the average fiscal capacity of all municipalities in the area for the preceding year, and the fiscal capacity of each municipality in the area for the preceding year.

Subd. 3. The administrative auditor shall determine, for each municipality, the product of (a) its population, and (b) the proportion which the average fiscal capacity of municipalities for the preceding year bears to the fiscal capacity of that municipality for the preceding year, and (c) two. The product shall be the areawide tax base distribution index for that municipality, provided that (a) if the product in the case of any municipality is less than its population, its index shall be increased to its population, and (b). If a municipality is located partly within and partly without the area its index shall be that which is otherwise determined hereunder, multiplied by the proportion which its population residing within the area bears to its total population as of the preceding year.

Subd. 4. The administrative auditor shall determine the proportion which

the index of each municipality bears to the sum of the indices of all municipalities and shall then multiply this proportion in the case of each municipality, by the areawide net tax capacity, *provided that if the distribution net tax capacity for a municipality is less than 95 percent of the municipality's previous year distribution net tax capacity, and more than ten percent of the municipality's fiscal capacity consists of manufactured home property, the municipality's distribution net tax capacity will be increased to 95 percent of the previous year net tax capacity and the distribution net tax capacity of other municipalities in the area will be proportionately reduced.*

Subd. 5. The ~~product~~ result of the ~~multiplication~~ procedure prescribed by subdivision 4 shall be known as the "areawide ~~gross~~ net tax capacity for . . . . . (year) attributable to . . . . . (municipality)." The administrative auditor shall certify such product to the auditor of the county in which the municipality is located on or before August 15.

Sec. 38. Minnesota Statutes 1990, section 473F.08, subdivision 2, is amended to read:

Subd. 2. The net tax capacity of a governmental unit is its net tax capacity, as determined in accordance with other provisions of law including section 469.177, subdivision 3, subject to the following adjustments:

(a) There shall be subtracted from its net tax capacity, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to 40 percent of the amount certified in that year ~~pursuant to section under sections 473F.06 in respect to that and 473F.07~~ for the municipality as the total preceding year's net tax capacity of commercial-industrial property which is subject to the taxing jurisdiction of the governmental unit within the municipality, determined without regard to section 469.177, subdivision 3, bears to the total preceding year's net tax capacity of commercial-industrial property within the municipality, determined without regard to section 469.177, subdivision 3;

(b) There shall be added to its net tax capacity, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to the areawide net tax capacity for the year attributable to that municipality as the total preceding year's net tax capacity of residential property which is subject to the taxing jurisdiction of the governmental unit within the municipality bears to the total preceding year's net tax capacity of residential property of the municipality.

Sec. 39. Minnesota Statutes 1990, section 473F.08, subdivision 5, is amended to read:

Subd. 5. On or before August 25 of each year, the county auditor shall certify to the administrative auditor that portion of the levy of each governmental unit determined ~~pursuant to~~ under subdivision 3, clause (a). The administrative auditor shall then determine the areawide tax rate sufficient to yield an amount equal to the sum of such levies from the areawide ~~gross~~ net tax capacity. On or before September 1 of each year, the administrative auditor shall certify the areawide tax rate to each of the county auditors.

Sec. 40. Minnesota Statutes 1990, section 473F.08, subdivision 6, is amended to read:

Subd. 6. The areawide tax rate determined in accordance with subdivision 5 shall apply ~~in the taxation of~~ to each ~~item~~ of commercial-industrial property subject to taxation within a municipality, including property located within

any tax increment financing district, as defined in section 469.174, subdivision 9, to that portion of the net tax capacity of the item which bears the same proportion to its total net tax capacity as 40 percent of the amount determined pursuant to section 473F.06 in respect to the municipality in which the property and 473F.07 is taxable bears to the amount determined pursuant to under section 473F.05. The tax rate determined in accordance with subdivision 4 shall apply in the taxation of the remainder of the net tax capacity of the item.

Sec. 41. Minnesota Statutes 1990, section 473F.09, is amended to read:

473F.09 [ADJUSTMENTS IN DATES.]

If, by reason of the enactment of any other law, the date by which the commissioner of revenue is required to certify to the county auditors the records of proceedings affecting the gross net tax capacity of property is advanced to a date earlier than June 30, the dates specified in sections 473F.07 and 473F.10 may be modified in the years to which such other law applies in the manner and to the extent prescribed by the administrative auditor.

Sec. 42. Minnesota Statutes 1990, section 473F.13, subdivision 1, is amended to read:

Subdivision 1. The secretary of state shall also certify to the commissioner of revenue the current population of the new, enlarged, or successor municipality, if determined by the Minnesota municipal board incident to consolidation, annexation, or incorporation proceedings. The population so certified shall govern for purposes of sections 473F.01 to 473F.13 until the metropolitan council files its first population estimate as of a later date with the commissioner of revenue. If an annexation of unincorporated land occurs without proceedings before the Minnesota municipal board, the population of the annexing municipality as previously determined shall continue to govern for purposes of sections 473F.01 to 473F.13 until the metropolitan council files its first population estimate as of a later date with the commissioner of revenue.

Sec. 43. Minnesota Statutes 1990, section 477A.014, subdivision 4, is amended to read:

Subd. 4. [COSTS BILLED TO COMMISSIONER OF REVENUE.] The commissioner of state planning shall annually bill the commissioner of revenue for one-half of the costs incurred by the state planning agency in the preparation of materials required by section 116K.04, subdivision 4, clause (10). ~~The commissioner of revenue shall deduct these amounts from the next payments to be made to appropriate local units of government. Amounts deducted must be credited to the general fund. The excess market value, including value added by the January 2, 1991, assessment, must be entered equally in the ~~next two succeeding~~ 1991 and 1992 assessment years.

(b) This subdivision does not apply to increases in value attributable to improvements made to the real estate since the January 2, 1989, assessment. It does not apply to property becoming subject to taxation since the January 2, 1989, assessment. The limitation in this subdivision applies to any increase in valuation imposed by the local boards of review under section 274.01, the county boards of equalization under section 274.13, and the state board of equalization and the commissioner of revenue under sections 270.11, 270.12, and 270.16.

Capital reserves must be in accordance with agreements approved by the governmental regulatory authority. After the first year, certification that the funds have been spent as required shall be made by the housing and redevelopment authority performing the financial audit or review on the property as required by the regulatory authority. A copy of the certification must be submitted to the assessor by May 30 of each year. If the assessor determines upon review of the certification that the benefit has not inured to the tenants, the property shall be subject to additional property taxes in the amount of triple the difference between the taxes determined in accordance with this subdivision and the amount of tax payable on the property if it were valued according to subdivision 1 and classified according to section 273.13, subdivision 25, paragraph (a) or (b), as appropriate for those years in which the benefit of the tax savings did not inure to the tenants.*

ARTICLE 2  
PROPERTY TAX AIDS AND CREDITS

Section 1. Minnesota Statutes 1990, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of local tax rates.

(c) "Gross tax capacity" means the product of the gross class rates and estimated market values. "Total gross tax capacity" means the gross tax capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the gross tax capacity of transmission lines deducted from a local government's total gross tax capacity under section 273.425. Gross tax capacity cannot be less than zero.

(d) "Net tax capacity" means the product of (i) the appropriate net class rates for the year in which the aid is payable, except that for aids payable in 1991 the class rate applied to class 3 utility real and personal property shall be 5.38 percent; the class rate applied to class 4e property and that portion of class 3 property with an actual net class rate of 2.3 percent shall be 2.4 percent; the class rates applied to class 2a agricultural homestead property excluding the house, garage, and one acre shall be .4 percent for the first \$100,000 of value reduced by the value of the house, garage, and one acre; 1.3 percent for the remaining value of the first 320 acres; and 1.7 percent for the remaining value of any acreage in excess of 320 acres; the class rate applied to class 2b property shall be 1.7 percent; the class rate applied to class 1b property shall be .4 percent; and the class rate for the portion of class 1 property and the house, garage, and one acre portion of class 2a property with a market value in excess of \$100,000 shall be 3.0 percent 1992 the class rate applied to class 4b property shall be 2.9 percent; the class rate applied to class 4a property shall be 3.55 percent; the class rate applied to non-commercial seasonal recreational residential property shall be 2.25 percent; and the class rates for the portion of class 1a and 1b property and class 2a property shall be 2 percent for the market value between \$68,000 and \$110,000 and 2.5 percent for the market value over \$110,000; and for aid payable in 1993 the class rate applicable to class 4a shall be 3.5 percent, and (ii) estimated market values for the assessment two years prior to that in which aid is payable. The reclassification of mobile home parks as class 4c shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991 or 1992. The reclassification of fraternity and sorority houses as class 4e shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991. The addition of class 4e property shall not be considered in determining net tax capacity for aids payable in 1992. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique

taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. For purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

(e) "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all property within the unique taxing jurisdiction. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the previous net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

(f) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. The equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(g) "1989 local tax rate" means the quotient derived by dividing the gross taxes levied within a unique taxing jurisdiction for taxes payable in 1989 by the gross tax capacity of the unique taxing jurisdiction for taxes payable in 1989. For computation of the local tax rate for aid payable in 1991 and subsequent years, gross taxes for taxes payable in 1989 exclude equalized levies as defined in subdivision 2a. For purposes of computation of the local tax rate only, gross taxes shall not be adjusted by inflation or household growth.

(h) "Current local tax rate" means the quotient derived by dividing the taxes levied within a unique taxing jurisdiction for taxes payable in the year prior to that for which aids are being calculated by the net tax capacity of the unique taxing jurisdiction.

(i) For purposes of calculating the homestead and agricultural credit aid authorized pursuant to subdivision 2, the "subtraction factor" is the product of (i) a unique taxing jurisdiction's 1989 local tax rate; (ii) its total net tax capacity; and (iii) 0.9767.

(j) For purposes of calculating and allocating homestead and agricultural

credit aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties," "gross taxes," or "taxes levied" means the total taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction. Gross taxes levied on all properties or gross taxes are before reduction by any credits for taxes payable in 1989. "Gross taxes" are before any reduction for disparity reduction aid but "taxes levied" are after any reduction for disparity reduction aid. Gross taxes levied or taxes levied cannot be less than zero.

For homestead and agricultural credit aid payable in 1991, "gross taxes" or "gross taxes levied on all properties" shall mean gross taxes payable in 1989, excluding actual amounts levied for the purposes listed in subdivision 2a, multiplied by the cost-of-living adjustment factor and the household adjustment factor.

"Taxes levied" excludes actual amounts levied for purposes listed in subdivision 2a.

(k) "Human services aids" means:

(1) aid to families with dependent children under sections 256.82, subdivision 1, and 256.935, subdivision 1;

(2) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;

(5) work readiness under section 256D.03, subdivision 2;

(6) emergency assistance under section 256.871, subdivision 6;

(7) Minnesota supplemental aid under section 256D.36, subdivision 1;

(8) preadmission screening and alternative care grants under section 256B.091;

(9) work readiness services under section 256D.051;

(10) case management services under section 256.736, subdivision 13;

(11) general assistance claims processing, medical transportation and related costs; and

(12) medical assistance, medical transportation and related costs.

(l) "Cost-of-living adjustment factor" means the greater of one or one plus the percentage increase in the consumer price index minus .36 percent. In no case may the cost of living adjustment factor exceed 1.0394.

(m) The percentage increase in the consumer price index means the percentage, if any, by which:

(1) the consumer price index for the calendar year preceding that in which aid is payable, exceeds

(2) the consumer price index for calendar year 1989.

(n) "Consumer price index for any calendar year" means the average of the consumer price index as of the close of the 12-month period ending on May 31 of such calendar year.

(o) "Consumer price index" means the last consumer price index for all-urban consumers published by the department of labor. For purposes of the preceding sentence, the revision of the consumer price index which is most consistent with the consumer price index for calendar year 1989 shall be used.

(p) "Household adjustment factor" means the number of households for the second most recent year preceding that in which the aids are payable divided by the number of households for the third most recent year. The household adjustment factor cannot be less than one.

(q) "Growth adjustment factor" means the household adjustment factor in the case of counties, cities, and towns. In the case of school districts the growth adjustment factor means the average daily membership of the school district under section 124.17, subdivision 2, for the school year ending in the second most recent year preceding that in which the aids are payable divided by the average daily membership for the third most recent year. In the case of special taxing districts, the growth adjustment factor equals one. The growth adjustment factor cannot be less than one.

(r) *For aid payable in 1992, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2 plus, for aid payable in 1992, fiscal disparity homestead and agricultural credit aid under subdivision 2b. For aid payable in 1993, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2, less any reductions in 1992 required under sections 477A.012, subdivision 7; 477A.013, subdivision 9; and 477A.0135, subdivision 2. For aid payable in 1994 and subsequent years, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2.*

(s) "Net tax capacity adjustment" means (1) the total previous net tax capacity minus the total net tax capacity, multiplied by (2) the unique taxing jurisdiction's current local tax rate. The net tax capacity adjustment cannot be less than zero.

(t) "Fiscal disparity adjustment" means the difference between (1) a taxing jurisdiction's fiscal disparity distribution levy under section 473F.08, subdivision 3, clause (a), for taxes payable in the year prior to that for which aids are being calculated, and (2) the same distribution levy multiplied by the ratio of the highest class rate for class 3 property for taxes payable in the year prior to that for which aids are being calculated to the highest class rate for class 3 property for taxes payable in the second prior year to that for which aids are being calculated. In the case of school districts, the fiscal disparity distribution levy shall exclude that part of the levy attributable to equalized school levies as defined in subdivision 2a.

Sec. 2. Minnesota Statutes 1990, section 273.1398, subdivision 3, is amended to read:

Subd. 3. [DISPARITY REDUCTION AID.] (a) For taxes payable in 1990, and subsequent years, the amount of disparity aid originally certified for

each unique taxing jurisdiction for taxes payable in the prior year shall be multiplied by the ratio of (1) the jurisdiction's tax capacity using the class rates for taxes payable in the year for which aid is being computed, *provided that the class rates for the portion of class 1a and 1b property and class 2a property shall be 2 percent for the market value between \$68,000 and \$110,000 and 2.5 percent for the market value over \$110,000*, to (2) its tax capacity using the class rates for taxes payable in the year prior to that for which aid is being computed, both based upon market values for taxes payable in the year prior to that for which aid is being computed. *For taxes payable in 1992 and subsequent years, the amount of disparity aid certified to each taxing jurisdiction shall be reduced by any reduction required in 1992 pursuant to sections 477A.012, subdivision 7; 477A.013, subdivision 9; and 477A.0135, subdivision 2.*

(b) The disparity reduction aid is allocated to each local government levying taxes in the unique taxing jurisdiction in the proportion that the local government's payable gross taxes bears to the total payable gross taxes levied within the unique taxing jurisdiction.

Sec. 3. Minnesota Statutes 1990, section 273.1398, subdivision 5, is amended to read:

Subd. 5. [ADDITIONAL HOMESTEAD AND AGRICULTURAL CREDIT GUARANTEE.] Beginning with taxes payable in 1990, each unique taxing jurisdiction may receive additional homestead and agricultural credit guarantee payments.

(1) Each year, the commissioner shall determine the total education aids paid under chapters 124 and 124A, homestead and agricultural credit aid and disparity reduction aid paid under this section, local government aid to cities, counties, and towns paid under chapter 477A, and human services aids, including for aids paid in 1991 and thereafter, the amount paid under subdivision 5b, paid to counties for each taxing jurisdiction. The commissioner shall apportion each local government's aids to the unique taxing jurisdiction based upon the proportion that the unique taxing jurisdiction's tax capacity bears to the total tax capacity of the local government.

(2) Each year, the commissioner will compute a gross local tax rate for each taxing jurisdiction equal to its total levy divided by its gross tax capacity under Minnesota Statutes 1988, section 273.13. For each unique taxing jurisdiction, a total gross local tax rate will be determined. This total gross local tax rate will be applied against the gross tax capacity of property that would have been eligible for the homestead credit or the agricultural credit for taxes payable in 1989. An estimated credit amount will be determined for all qualifying parcels based upon the credit rate structure in effect for taxes payable in 1989. The resulting credit amounts will be summed for all parcels in the unique taxing jurisdiction.

If the amount determined in clause (2) is greater than the amount determined in clause (1), the difference will be additional homestead and agricultural credit guarantee payments for the unique taxing jurisdiction. The additional credit amount shall proportionately reduce the local tax rates of all local governments levying taxes within the unique taxing jurisdiction in the following year. The commissioner shall certify the amounts of additional credits determined under this subdivision to the county auditor at the time provided in subdivision 6. *For aid payable in 1992 and subsequent years, the aid payable under this subdivision shall be reduced by any reduction required in 1992 pursuant to sections 477A.012, subdivision 7; 477A.013,*

*subdivision 9; and 477A.0135, subdivision 2.*

[1992 REDUCTION PERCENTAGE.] "1992 reduction percentage" means the equal percentage reduction in each county, city, and special taxing district adjusted revenue base that is necessary to reduce 1992 aid payments under sections 477A.012, subdivisions 1, 3, and 4; 477A.013, subdivisions 3 and 5; 273.1398, subdivisions 2, 3, and 5, by a combined amount of \$51,000,000. Hospital districts are not considered special taxing districts for purposes of this subdivision.*

Sec. 7. Minnesota Statutes 1990, section 477A.012, subdivision 1, as amended by Laws 1991, chapter 2, article 8, section 4, is amended to read:

Subdivision 1. [AID AMOUNT.] In calendar year 1990, each county government shall receive a distribution equal to the aid amount certified for 1987 pursuant to this subdivision. Except as provided in ~~subdivision subdivisions 6 and 7,~~ in calendar ~~year years~~ 1991 and ~~subsequent years~~ 1992, each county government shall receive a distribution equal to the aid amount it received in 1990 under this subdivision less the reduction made under subdivision 5. *In calendar year 1993 and subsequent years, each county government shall receive a distribution equal to the aid amount it received under this subdivision in 1992 less the reductions made under subdivision 7.*

Sec. 8. Minnesota Statutes 1990, section 477A.012, is amended by adding a subdivision to read:

Sec. 9. Minnesota Statutes 1990, section 477A.013, subdivision 3, as amended by Laws 1991, chapter 2, article 8, section 7, is amended to read:

Subd. 3. [CITY AID DISTRIBUTION.] In 1989, a city whose initial aid is greater than \$0 will receive the following aid increases in addition to an amount equal to the local government aid it received in 1988 under Minnesota Statutes 1987 Supplement, section 477A.013:

In 1990, a city whose initial aid is greater than \$0 will receive an amount equal to the aid it received under this section in the year prior to that for which aids are being calculated plus an aid increase equal to 50 percent of the rates listed in clauses (1) to (10) multiplied by city revenue.

In 1991 and ~~subsequent years~~ 1992, a city will receive an amount equal to the local government aid it received under this section in the previous year, except as provided in ~~subdivision~~ subdivisions 8 and 9. *In 1993 and subsequent years, a city will receive an amount equal to the local government aid it received under this section in 1992 less the amounts deducted in 1992 under subdivision 9.*

If the aid reduction is greater than the homestead and agricultural credit aid amount in its scheduled July 20, 1991 aid payment, the remaining amount is then applied to the special taxing district's disparity reduction aid. The July 20, 1991 homestead and agricultural credit aid and disparity reduction aid payment to a special taxing district after this reduction cannot be less than \$0.*

*Subd. 2. ### ARTICLE 3

#### LEVY LIMITS

Section 1. Minnesota Statutes 1990, section 275.125, is amended by adding a subdivision to read:

*Subd. 6j. [LEVY FOR CRIME RELATED COSTS.] For taxes levied in 1991, payable in 1992 only, each school district may make a levy on all taxable property located within the school district for the purposes specified in this subdivision. The maximum amount which may be levied for all costs under this subdivision shall be equal to \$1 multiplied by the population of the school district. For purposes of this subdivision, "population" of the school district means the same as contained in section 275.14. The proceeds of the levy must be used for reimbursing the cities and counties who contract with the school district for the following purposes: (1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison services in the district's middle and secondary schools, (2) to teach drug abuse resistance education curricula in the elementary schools, and (3) to pay the costs incurred for the salaries and benefits of peace officers and sheriffs whose primary responsibilities are to investigate controlled substance crimes under chapter 152. The school district must initially attempt to contract for these services with the police department of each city or the sheriff department of the county within the school district containing the school receiving the services. If a local police department or a county sheriff's department does not wish to provide the necessary services, the district may contract for these services with any other police or sheriff's department located entirely or partially within the school district's boundaries. The levy authorized under this subdivision is not included in determining the school district's levy limitations and must be disregarded in computing any overall levy limitations under sections 275.50 to 275.56 of the participating cities or counties.*

Sec. 2. Minnesota Statutes 1990, section 275.50, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied

in 1990 payable in 1991 and subsequent years, "special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) for taxes levied in 1990, payable in 1991 and subsequent years, pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. The aggregate amounts levied under this clause for the costs of purchase or delivery of social services and income maintenance programs, other than those identified in section 273.1398, subdivision 1, paragraph (4) (k), are subject to a maximum increase over the amount levied for the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties. For purposes of this clause, "income maintenance programs" include income maintenance programs in section 273.1398, subdivision 1, paragraph (4) (k), to the extent the county provides benefits under those programs over the statutory mandated standards. Effective with taxes levied in 1990, the portion of this special levy for human service programs identified in section 273.1398, subdivision 1, paragraph (4) (k), is eliminated;

(b) pay the costs of principal and interest on bonded indebtedness except on bonded indebtedness issued under section 471.981, subdivisions 4 to 4c, or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(c) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency; and to pay the cost for certificates of indebtedness issued pursuant to under sections 298.28 and 298.282;

(d) fund the payments made to the Minnesota state armory building commission pursuant to under section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(e) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(f) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(g) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(h) pay amounts required by law to be paid to pay the interest on and to reduce the unfunded accrued liability of public pension funds in accordance

with the actuarial standards and guidelines specified in sections 356.215 and 356.216 reduced by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(h) to compensate the state for the cost of a reassessment ordered by the commissioner of revenue pursuant to *under* section 270.16;

(i) pay the debt service on tax increment financing revenue bonds to the extent that revenue to pay the bonds or to maintain reserves for the bonds is insufficient as a result of the provisions of Laws 1988, chapter 719, article 5, *provided that an appeal for the levy under this clause was approved by the commissioner of revenue under section 275.51, subdivision 3j*;

(j) pay the cost of hospital care under section 261.21;

(k) pay the unreimbursed costs incurred in the previous year to satisfy judgments rendered against the governmental subdivision by a court of competent jurisdiction in any tort action, or to pay the costs of settlements out of court against the governmental subdivision in a tort action when substantiated by a stipulation for the dismissal of the action filed with the court of competent jurisdiction and signed by both the plaintiff and the legal representative of the governmental subdivision, provided that an appeal for the unreimbursed costs under this clause was approved by the commissioner of revenue under section 275.51, subdivision 3 3j;

(l) pay the expenses reasonably and necessarily incurred in preparing for or repairing the effects of natural disaster including the occurrence or threat of widespread or severe damage, injury, or loss of life or property resulting from natural causes such as earthquake, fire, flood, wind storm, wave action, oil spill, water contamination, air contamination, or drought in accordance with standards formulated by the emergency services division of the state department of public safety, provided that an appeal for the expenses incurred under this clause were approved by the commissioner of revenue under section 275.51, subdivision 3 3j;

(m) pay a portion of the losses in tax receipts to a city due to tax abatements or court actions in the year preceding the current levy year, provided that an appeal for the tax losses was approved by the commissioner of revenue under section 275.51, subdivision 3 3j. This special levy is limited to the amount of the losses times the ratio of the nonspecial levies to total levies for taxes payable in the year the abatements were granted. County governments are not authorized to claim this special levy;

(n) pay the operating cost of regional library services authorized under section 134.34, subject to a maximum increase over the previous year of the greater of (1) 103 percent multiplied by one plus the percentage increase determined for the governmental subdivision under section 275.51, subdivision 3h, clause (b), or (2) six percent. If a governmental subdivision elected to include some or all of its levy for libraries within its adjusted levy limit base in the prior year, but elects to claim the levy as a special levy in

the current levy year, the allowable increase is determined by applying the greater percentage determined under clause (1) or (2) to the total amount levied for libraries in the prior levy year. After levy year 1989, the increase must not be determined using a base amount other than the amount that could have been levied as a special levy in the prior year (a). This limit may be redistributed according to the provisions of section 134.342. In no event shall the special levy be less than the minimum levy required under sections 134.33 and 134.34, subdivisions 1 and 2;

(p) (o) pay the amount of the county building fund levy permitted under section 373.40, subdivision 6;

(q) pay the county's share of the costs levied in 1989, 1990, and 1991 for the Minnesota cooperative soil survey under Minnesota Statutes 1988, section 40.07, subdivision 15;

(r) for taxes levied in 1989, payable in 1990 only, pay the cost incurred for the minimum share required by counties levying for the first time under section 134.34 as required under section 134.341. For taxes levied in 1990, and thereafter, counties levying under this provision must levy under clause (e), and their allowable increase must be determined with reference to the amount levied in 1989 under this paragraph;

(s) for taxes levied in 1989, payable in 1990 only, provide an amount equal to 50 percent of the estimated amount of the reduction in aids to a county under sections 273.1398, subdivision 2, paragraph (d), and 477A.012, subdivision 3, for aids payable in 1990;

(t) for taxes levied in 1990 only by a county in the eighth judicial district, provide an amount equal to the amount of the levy, if any, that is required under Laws 1989, chapter 335, article 3, section 54, subdivision 8, as amended by Laws 1990, chapter 604, article 9, section 14;

(u) (p) for taxes levied in 1989, payable in 1990 only, pay the costs not reimbursed by the state or federal government:

(i) for the costs of purchase or delivery of social services. The aggregate amounts levied under this item are subject to a maximum increase over the amount levied in the previous year of 12 percent for counties within the metropolitan area as defined in section 473.121, subdivision 2, or counties outside the metropolitan area but containing a city of the first class, and 15 percent for other counties.

(ii) for payments made to or on behalf of recipients of aid under any public assistance program authorized by law. The aggregate amounts levied under this item are subject to a maximum increase over the amount levied in the previous year of 12 percent and must be used only for the public assistance programs.

(iii) If the amount levied under this paragraph (u) clause (ii) in 1989 for public assistance programs is less than the actual expenditures needed for these programs for 1990, the difference between the actual expenditures and the amount levied may be levied in 1990 as a special levy. If the amount levied under clause (ii) in 1989 for public assistance programs is greater than the actual expenditures needed for these programs for 1990, the difference between the amount levied and the actual expenditures shall be deducted from the 1990 levy limit, payable in 1991;

(v) pay an amount of up to 25 percent of the money sought for distribution and approved under section 115A.557, subdivision 3, paragraph (b), clause

(3);

(w) (g) pay the unreimbursed costs of per diem jail or correctional facilities services paid by the county in the previous 12-month period ending on July 1 of the current year provided that the county is operating under a department of corrections directive that limits the capacity of a county jail as authorized in section 641.01 or 641.262, or a correctional facility as defined in section 241.021, subdivision 1, paragraph (5);

(x) for taxes levied in 1990 and 1991, payable in 1991 and 1992 only, pay the operating or maintenance costs of a county jail as authorized in section 641.01 or 641.262, or of a correctional facility as defined in section 241.021, subdivision 1, paragraph (5), to the extent that the county can demonstrate to the commissioner of revenue that the amount has been included in the county budget as a direct result of a rule, minimum requirement, minimum standard, or directive of the department of corrections. If the county utilizes this special levy, any amount levied by the county in the previous levy year for the purposes specified under this clause and included in the county's previous year's levy limitation computed under section 275.51, shall be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the county's current year levy limitation. The county shall provide the necessary information to the commissioner of revenue for making this determination;

(y) for taxes levied in 1990, payable in 1991 only, pay an amount equal to the unreimbursed county costs paid in 1989 and 1990 for the purpose of grasshopper control; and, (r) for taxes levied in 1991 payable in 1992 only, pay an amount equal to the unreimbursed county costs paid in 1991 for the purpose of grasshopper control;

(z) (s) for a county, provide an amount needed to fund comprehensive local water implementation activities under sections 103B.3361 to 103B.3369 as provided in this clause.

A county may levy an amount not to exceed the water implementation local tax rate times the adjusted net tax capacity of the county for the preceding year. The water implementation local tax rate shall be set by August 1 each year by the commissioner of revenue for taxes payable in the following year. As used in this paragraph, the "adjusted net tax capacity of the county" means the net tax capacity of the county as equalized by the commissioner of revenue based upon the results of an assessment/sales ratio study. That rate shall be the rate, rounded up to the nearest one-thousandth of a percent, that, when applied to the adjusted net tax capacity for all counties, raises the amount specified in this clause. The water implementation local tax rate for taxes levied in 1990 shall be the rate that raises \$1,500,000 and the rate for taxes levied in 1991 shall be the rate that raises \$1,500,000. A county must levy a tax at the rate established under this clause to qualify for a grant from the board of water and soil resources under section 103B.3369, subdivision 5;

(aa) (t) pay the unreimbursed county costs for court-ordered family-based services and court-ordered out-of-home placement for children to the extent that the county can demonstrate to the commissioner of revenue that the estimated amount included in the county's budget for the following levy year is for the purposes specified under this clause. For purposes of this special levy, costs for "family-based services" and "out-of-home placement" means costs resulting from court-ordered targeted family services designed

to avoid out-of-home placement and from court-ordered out-of-home placement under the provisions of sections 260.172 and 260.191, which are unreimbursed by the state or federal government, insurance proceeds, or parental or child obligations. Any amount levied under this clause must only be used by the county for the purposes specified in this clause.

If the county uses this special levy and the county levied an amount in the previous levy year, for the purposes specified under this clause, under another special levy or under the levy limitation in section 275.51, the following adjustments must be made:

(i) The amount levied in the previous levy year for the purposes specified under this clause under the levy limitation in section 275.51 must be deducted from the levy limit base under section 275.51, subdivision 3f, when determining the current year levy limitation.

(ii) The amount levied in the previous levy year, for the purposes specified under clause (a) ~~or (u)~~ must be deducted from the previous year's amount used to calculate the maximum amount allowable under clause (a) in the current levy year; ~~and~~

~~(bb) (u) pay the amounts allowed as special levies under Laws 1989, First Special Session chapter 1, article 5, section 50, and subdivisions subdivision 5a and 5b;~~

*(v) for taxes levied in 1991 only by a county, pay the costs reasonably expected to be incurred in 1992 related to the redistricting of election districts and establishment of election precincts under sections 204B.135 and 204B.14, the notice required by section 204B.14, subdivision 4, and the reassignment of voters in the statewide registration system, not to exceed \$1 per capita, provided that the county shall distribute a portion of the amount levied under this clause equal to 25 cents times the population of the city to all cities within the county with a population of 30,000 or greater;*

*(w) for taxes levied in 1991, payable in 1992 only, provide an amount equal to 50 percent of the estimated amount of the reduction in aids payable in 1992 under section 9 to a county located in the third or sixth judicial district for public defense services in juvenile and misdemeanor cases; and*

*(x) for taxes levied in 1991, payable in 1992 only, provide an amount equal to 50 percent of the estimated amount of reduction in aids payable in 1992 under section 9, to a county for the cost of jury fees.*

Sec. 3. Minnesota Statutes 1990, section 275.50, subdivision 5a, is amended to read:

Subd. 5a. [SPECIAL LEVIES; LOCAL.] "Special levies" also includes those portions of ad valorem taxes levied by the following governmental subdivisions for the years and purposes given in the cited laws:

The commissioner's decision is final.

(b) A governmental subdivision subject to the limitations in this section may appeal to the commissioner of revenue for authorization to levy for the special levies as contained in section 275.50, subdivision 5, clauses (f), (m), and (n) (i), (k), (l), and (m). (d) A county may appeal to the commissioner of revenue for an increase in its levy base for the 12 or 15 percent limit under section 275.50, subdivision 5, clause (u), item (i), for the portion of the amount of its payable 1989 special levy under Minnesota Statutes 1988, section 275.50, subdivision 5, clause (a), for the income maintenance programs that was actually used to finance social services and social services administration subject to the 18 percent limit under Minnesota Statutes 1988, section 275.50, subdivision 5, clause (a), for payable 1989. If the county can provide evidence satisfactory to the commissioner in support of this claim, the commissioner may permit the county to increase its levy base for the 12 or 15 percent limit under section 275.50, subdivision 5, clause (u), item (i), in the amount determined by the commissioner. The commissioner's decision is final.

(e) A county may appeal to the commissioner of revenue for an adjustment in its special levy for 1990 under section 275.50, subdivision 5, clause (u), item (ii), if the difference between the county share of costs not reimbursed by the state or federal government of payments made in 1989 to or on behalf of recipients of aid under any public assistance program authorized by law and the amount levied in 1988 to pay those costs is greater than 30 percent of the 1989 costs. #### ARTICLE 4

#### TRUTH IN TAXATION

Section 1. Minnesota Statutes 1990, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver on or before November 10 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year as required in paragraph (d) or (e) and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the *current budget and proposed property tax levy*. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail. ~~It must state the time and place for the continuation of the hearing if the hearing is not completed on the original date.~~

(d) Except as provided in paragraph (e), for taxes levied in 1990 and 1991, the notice must state by county, city or town, and school district:

(1) the total proposed or, for a town, final property tax levy for taxes payable the following year after reduction for state aid;

(2) the percentage increase or decrease from the actual property tax levy for taxes payable in the current year; and

(3) for counties, cities, and towns, the increase or decrease in population from the second previous calendar year to the immediately prior calendar year, and for school districts, the increase or decrease in the number of pupils in average daily membership from the ~~second previous current~~ school year to the immediately ~~prior following~~ school year as determined by the

commissioner of education. The data used to determine the increase or decrease in population under this clause must be the data used for purposes of the population adjustment to the levy limit base of the county, city, or town under section 275.51, subdivision 6.

*For notices which are not parcel-specific, the notice must also state a total percentage increase or decrease in the proposed levy, relative to the actual property tax levy for taxes payable in the current year for the county, city or town, and school district. The county auditor shall compute the total percentage increase or decrease as an average percentage change weighted in proportion to each taxing jurisdiction's proportion of the total levy.*

For purposes of this paragraph, "proposed property taxes after reduction for state aid" means the taxing authority's levy certified under section 275.07, subdivision 1.

(e) In the case of a county containing a city of the first class, or taxing authority lying wholly within a county or counties containing a city of the first class, for taxes levied in 1991, and thereafter, and for all counties for taxes levied in 1992 and thereafter, the notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year;

(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. *In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and*

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(f) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified.

Sec. 3. Minnesota Statutes 1990, section 275.065, subdivision 6, is amended to read:

**Subd. 6. [PUBLIC HEARING; ADOPTION OF BUDGET AND LEVY.]** Between November 15 and December 20, the governing bodies of the city and county shall each hold a public hearing to adopt its final budget and property tax levy for taxes payable in the following year, and the governing body of the school district shall hold a public hearing to *review its current budget and* adopt its property tax levy for taxes payable in the following year.

At the hearing, the taxing authority, other than a school district, may amend the proposed budget and property tax levy and must adopt a final budget and property tax levy, and the school district may amend the proposed property tax levy and must adopt a final property tax levy.

The property tax levy certified under section 275.07 by a city, county, or school district must not exceed the proposed levy determined under subdivision 1, except by an amount up to the sum of the following amounts:

At the hearing the percentage increase in property taxes proposed by the taxing authority, if any, and the specific purposes for which property tax revenues are being increased must be discussed. During the discussion, the governing body shall hear comments regarding a proposed increase and explain the reasons for the proposed increase. The public shall be allowed to speak and to ask questions prior to adoption of any measures by the governing body. The governing body, other than the governing body of a school ~~districts~~ district, shall adopt its final property tax levy prior to adopting its final budget.

*If the hearing is not completed on its scheduled date, the taxing authority must announce, prior to adjournment of the hearing, the date, time, and place for the continuation of the hearing. ## ARTICLE 5

## INCOME TAX AND FEDERAL UPDATE

## Section 1. [268.55] [FOODSHELF ACCOUNT.]

*Subdivision 1. [ESTABLISHMENT.] A foodshelf account is established in the state general fund to receive contributions designated on income tax returns and property tax refund forms. The state treasurer shall credit all interest earned on the money to the account.*

*Subd. 2. [DISTRIBUTION OF MONEY.] The statewide grantee designated by the legislature shall periodically distribute money in the account to qualifying foodshelf programs. A foodshelf program qualifies under this section if it is a nonprofit corporation, or is affiliated with a nonprofit corporation, as defined under section 501(c)(3) of the Internal Revenue Code of 1986, and distributes a standard food order without charge to needy individuals. The standard food order must consist of, at least, a two-day supply or six pounds per person of nutritionally balanced food items. A qualifying foodshelf program may not limit food distributions to individuals of a particular religious affiliation, race, or other criteria unrelated to need or to requirements necessary to administration of a fair and orderly distribution system. A qualifying foodshelf program may not use the money received or the food distribution program to foster or advance religious or political views. A qualifying foodshelf must have a stable address and directly serve individuals in a defined geographic area that is not also served in substantial part by another foodshelf. The statewide grantee shall resolve questions of whether two foodshelves are serving in substantial part the same area.*

*Subd. 3. [APPLICATION.] In order to receive money from the foodshelf account, a program must apply to the statewide grantee. The application must be in a form prescribed by the statewide grantee and must contain information specified by the statewide grantee to verify that the applicant is a qualifying foodshelf program and the amount the applicant is entitled to receive under subdivision 4. Applications must be filed at the times and for the periods determined by the statewide grantee.*

*Subd. 4. [DISTRIBUTION FORMULA.] The statewide grantee shall distribute the foodshelf account money to qualifying foodshelf programs either (1) in proportion to the number of individuals served by the program during the prior period of its operation or (2) in proportion to the share of contributions to the foodshelf account from taxpayers who reside in the geographic service area of the foodshelf. The statewide grantee shall gather data from applications or other appropriate sources to determine the proportionate amount each qualifying program is entitled to receive. The statewide grantee may increase or decrease the qualifying program's proportionate amount if it determines the increase or decrease is necessary or appropriate to meet changing needs or demands.*

*Subd. 5. [USE OF MONEY.] Money distributed to foodshelf programs under this section must be used to provide client services to needy individuals and families. Qualified expenditures include purchases of food or personal care items, expenditures for vouchers for those items, and expenditures for transportation of food. None of the money expended may be used to pay for other expenses, such as rent, salaries, and other administrative expenses. Recipients must retain records documenting expenditure of the money for a three-year period and comply with any additional requirements imposed by*

*the statewide grantee.*

*Subd. 6. [ENFORCEMENT.] The statewide grantee may undertake any reasonable actions, including but not limited to on-site inspections and auditing of accounts and records, to ensure that recipients of money under this section comply with the requirements of the law. The statewide grantee may contract with an outside organization to audit or otherwise oversee recipients' use of the money. If ineligible expenditures are made by a recipient, the amount must be repaid to the statewide grantee and deposited in the foodshelf account.*

*Subd. 7. [APPROPRIATION.] (a) The money deposited in the foodshelf account is appropriated to the commissioner of jobs and training, to be awarded to a statewide grantee designated by the legislature, provided the grantee agrees to comply with the requirements in this section, to be distributed to foodshelf programs under this section and for administration of the distribution. None of the money may be retained by the commissioner for administrative expenses or other purposes.*

*(b) For each fiscal year, the statewide grantee may estimate the amounts that will be received during the year by the foodshelf account and may distribute the estimated receipts evenly over the fiscal year even though the contributions are not received until the second half of the year.*

Sec. 2. Minnesota Statutes 1990, section 270A.03, subdivision 7, is amended to read:

*Subd. 7. "Refund" means an individual income tax refund or political contribution refund, pursuant to chapter 290, or a property tax credit or refund, pursuant to chapter 290A.*

For purposes of this chapter, lottery prizes, as set forth in section 349A.08, subdivision 8, shall be treated as refunds.

Sec. 3. Minnesota Statutes 1990, section 289A.12, is amended by adding a subdivision to read:

*Subd. 14. [REGULATED INVESTMENT COMPANIES; REPORTING EXEMPT-INTEREST DIVIDENDS.] (a) A regulated investment company paying \$10 or more in exempt-interest dividends to an individual who is a resident of Minnesota must make a return indicating the amount of the exempt-interest dividends, the name, address, and social security number of the recipient, and any other information that the commissioner specifies. A copy of the return must be provided to the shareholder and the commissioner no later than 30 days after the close of the taxable year. The copy of the return provided to the shareholder must include a clear statement, in the form prescribed by the commissioner, that the exempt-interest dividends must be included in the computation of Minnesota taxable income. The commissioner may require regulated investment companies with 500 or more Minnesota resident shareholders to file returns on magnetic media in a format and form prescribed by the commissioner.*

*(b) This subdivision applies to regulated investment companies required to register under chapter 80A.*

*(c) For purposes of this subdivision, the following definitions apply.*

*(1) "Exempt-interest dividends" mean exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code of 1986, as amended through December 31, 1990, but does not include the portion of*

*exempt-interest dividends that are not required to be added to federal taxable income under section 290.01, subdivision 19a, clause (1)(ii).*

(2) "Regulated investment company" means regulated investment company as defined in section 851(a) of the Internal Revenue Code of 1986, as amended through December 31, 1990, or a fund of the regulated investment company as defined in section 851(h) of the Internal Revenue Code of 1986, as amended through December 31, 1990.

Sec. 4. Minnesota Statutes 1990, section 289A.18, subdivision 2, is amended to read:

Subd. 2. [WITHHOLDING RETURNS, ENTERTAINER WITHHOLDING RETURNS, RETURNS FOR WITHHOLDING FROM PAYMENTS TO OUT-OF-STATE CONTRACTORS, AND WITHHOLDING RETURNS FROM PARTNERSHIPS AND ~~SMALL BUSINESS S CORPORATIONS.~~] Withholding returns are due on or before the last day of the month following the close of the quarterly period. However, if the return shows timely deposits in full payment of the taxes due for that period, the return may be filed on or before the tenth day of the second calendar month following the period. An employer, in preparing a quarterly return, may take credit for monthly deposits previously made for that quarter. Entertainer withholding tax returns are due within 30 days after each performance. Returns for withholding from payments to out-of-state contractors are due within 30 days after the payment to the contractor. Returns for withholding by partnerships are due on or before the due date specified for filing partnership returns. Returns for withholding by ~~small business S corporations~~ are due on or before the due date specified for filing corporate franchise tax returns.

Sec. 5. Minnesota Statutes 1990, section 289A.19, subdivision 1, is amended to read:

Subdivision 1. [~~INDIVIDUAL INCOME, FIDUCIARY INCOME, ENTERTAINMENT TAX, AND INFORMATION RETURNS.~~] When, in the commissioner's judgment, good cause exists, the commissioner may extend the time for filing ~~individual and fiduciary income tax returns, entertainment tax returns, and information returns~~ for not more than six months. If an extension to file the federal ~~individual or fiduciary income tax return or information return~~ has been granted under section 6081 of the Internal Revenue Code of 1986, as amended through December 31, 1989, the time for filing the state return is extended for that period. The commissioner may require the taxpayer to file a tentative return when the regularly required return is due, and to pay a tax on the basis of the tentative return at the times required for the payment of taxes on the basis of the regularly required return from the taxpayer.

Sec. 6. Minnesota Statutes 1990, section 289A.20, is amended by adding a subdivision to read:

Subd. 5. [PAYMENT OF FRANCHISE TAX ON LIFO RECAPTURE.] *If a corporation is subject to LIFO recapture under section 1363(d) of the Internal Revenue Code of 1986, as amended through December 31, 1990, any increase in the tax imposed by section 290.06, subdivision 1, by reason of the inclusion of the LIFO recapture amount in its income is payable in four equal installments.*

*The first installment must be paid on or before the due date, determined without regard to extensions, for filing the return for the first taxable year for which the corporation was subject to the LIFO recapture. The three*

*succeeding installments must be paid on or before the due date, determined without regard to extensions, for filing the corporations's return for the three succeeding taxable years.*

*For purposes of computing interest on underpayments, the last three installments must not be considered underpayments until after the payment due date specified in this subdivision.*

Sec. 7. Minnesota Statutes 1990, section 289A.30, subdivision 1, is amended to read:

Subdivision 1. [~~INDIVIDUAL AND FIDUCIARY INCOME, CORPORATE FRANCHISE TAX.~~] Where good cause exists, the commissioner may extend the time for payment of the amount determined as ~~an individual or a fiduciary income tax or corporate franchise tax~~ by the taxpayer, or an amount determined as a deficiency, for a period of not more than six months from the date prescribed for the payment of the tax.

Sec. 8. Minnesota Statutes 1990, section 289A.38, subdivision 9, is amended to read:

Subd. 9. [REPORT MADE OF CHANGE OR CORRECTION OF FEDERAL RETURN.] If a taxpayer is required to make a report under subdivision 7, and does report the change or files a copy of the amended return, the commissioner may recompute and reassess the tax due, including a refund (1) within one year after the report or amended return is filed with the commissioner, notwithstanding any period of limitations to the contrary, or (2) within any other applicable period stated in this section, whichever period is longer. The period provided for the carryback of any amount of loss or credit is also extended as provided in this subdivision, notwithstanding any law to the contrary. *If the commissioner has completed a field audit of the taxpayer, and, but for this subdivision, the commissioner's time period to adjust the tax has expired, the additional tax due or refund is limited to only those changes that are required to be made to the return which relate to the changes made on the federal return. This subdivision does not apply to sales and use tax.*

*For purposes of this subdivision and section 289A.42, subdivision 2, a "field audit" is the physical presence of examiners in the taxpayer's or taxpayer's representative's office conducting an examination of the taxpayer with the intention of issuing an assessment or notice of change in tax or which results in the issuing of an assessment or notice of change in tax. The examination may include inspecting a taxpayer's place of business, tangible personal property, equipment, computer systems and facilities, pertinent books, records, papers, vouchers, computer printouts, accounts, and documents.*

Sec. 9. Minnesota Statutes 1990, section 289A.38, subdivision 10, is amended to read:

Subd. 10. [INCORRECT DETERMINATION OF FEDERAL ADJUSTED GROSS INCOME.] Notwithstanding any other provision of this chapter, if a taxpayer whose ~~gross net~~ income is determined under section 290.01, ~~subdivisions 20 and 20e~~ subdivision 19, omits from income an amount that will under the Internal Revenue Code of 1986, as amended through December 31, 1989, extend the statute of limitations for the assessment of federal income taxes, or otherwise incorrectly determines the taxpayer's federal adjusted gross income resulting in adjustments by the Internal Revenue Service, then the period of assessment and determination of tax

will be that under the Internal Revenue Code of 1986, as amended through December 31, 1989. When a change is made to federal income during the extended time provided under this subdivision, the provisions under subdivisions 7 to 9 regarding additional extensions apply.

Sec. 10. Minnesota Statutes 1990, section 289A.42, subdivision 2, is amended to read:

Subd. 2. [FEDERAL EXTENSIONS.] *When a taxpayer who consents to an extension of time for the assessment of federal income taxes must notify the commissioner within 90 days of the execution of the consent, the period in which the commissioner may recompute the tax is also extended, notwithstanding any period of limitations to the contrary, as follows:*

(1) for the periods provided in section 289A.38, subdivisions 8 and 9;

(2) for six months following the expiration of the extended federal period of limitations when no change is made by the federal authority. *If no change is made by the federal authority, and, but for this subdivision, the commissioner's time period to adjust the tax has expired, and if the commissioner has completed a field audit of the taxpayer, no additional changes resulting in additional tax due or a refund may be made. For purposes of this subdivision, "field audit" has the meaning given it in section 289A.38, subdivision 9.*

Sec. 11. Minnesota Statutes 1990, section 289A.50, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RIGHT TO REFUND.] (a) Subject to the requirements of this section and section 289A.40, a taxpayer who has paid a tax in excess of the taxes lawfully due and who files a written claim for refund will be refunded or credited the overpayment of the tax determined by the commissioner to be erroneously paid.

(b) The claim must specify the name of the taxpayer, the date when and the period for which the tax was paid, the kind of tax paid, the amount of the tax that the taxpayer claims was erroneously paid, the grounds on which a refund is claimed, and other information relative to the payment and in the form required by the commissioner. An income tax, estate tax, or corporate franchise tax return, or amended return claiming an overpayment constitutes a claim for refund.

(c) When, in the course of an examination, and within the time for requesting a refund, the commissioner determines that there has been an overpayment of tax, the commissioner shall refund or credit the overpayment to the taxpayer and no demand is necessary. If the overpayment exceeds \$1, the amount of the overpayment must be refunded to the taxpayer. If the amount of the overpayment is less than \$1, the commissioner is not required to refund. In these situations, the commissioner does not have to make written findings or serve notice by mail to the taxpayer.

(d) If the amount allowable as a credit for withholding or, estimated taxes, or dependent care exceeds the tax against which the credit is allowable, the amount of the excess is considered an overpayment. *The refund allowed by section 290.06, subdivision 23, is also considered an overpayment.*

(e) If the entertainment tax withheld at the source exceeds by \$1 or more the taxes, penalties, and interest reported in the return of the entertainment entity or imposed by section 290.9201, the excess must be refunded to the entertainment entity. If the excess is less than \$1, the commissioner need

not refund that amount.

(f) If the surety deposit required for a construction contract exceeds the liability of the out-of-state contractor, the commissioner shall refund the difference to the contractor.

(g) An action of the commissioner in refunding the amount of the overpayment does not constitute a determination of the correctness of the return of the taxpayer.

(h) There is appropriated from the general fund to the commissioner of revenue the amount necessary to pay refunds allowed under this section.

Sec. 12. Minnesota Statutes 1990, section 289A.60, subdivision 2, is amended to read:

Subd. 2. [PENALTY FOR FAILURE TO MAKE AND FILE RETURN.] If a taxpayer fails to make and file a return *other than an income tax return of an individual*, within the time prescribed or an extension, a penalty is added to the tax. The penalty is three percent of the amount of tax not paid on or before the date prescribed for payment of the tax including any extensions if the failure is for not more than 30 days, with an additional five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days, during which the failure continues, not exceeding 23 percent in the aggregate.

If a taxpayer fails to file a return, other than an income tax return of an individual, within 60 days of the date prescribed for filing of the return (determined with regard to any extension of time for filing), the addition to tax under this subdivision must not be less than the lesser of: (1) \$200; or (2) the greater of (a) 25 percent of the amount required to be shown as tax on the return without reduction for any payments made or refundable credits allowable against the tax, or (b) \$50.

*If a taxpayer fails to file an individual income tax return within six months after the date prescribed for filing of the return, a penalty of ten percent of the amount of tax not paid by the end of that six-month period is added to the tax.*

Sec. 13. Minnesota Statutes 1990, section 289A.60, subdivision 12, is amended to read:

Subd. 12. [PENALTIES RELATING TO PROPERTY TAX REFUNDS.]

(a) If the commissioner determines that a property tax refund claim is or was excessive and was filed with fraudulent intent, the claim must be disallowed in full. If the claim has been paid, the amount disallowed may be recovered by assessment and collection.

(b) If it is determined that a property tax refund claim is excessive and was negligently prepared, ten percent of the corrected claim must be disallowed. If the claim has been paid, the amount disallowed must be recovered by assessment and collection.

(c) An owner or managing agent who knowingly fails to give a certificate of rent constituting property tax to a renter, as required by section 290A.19, paragraph (a), is liable to the commissioner for a penalty of \$100 for each failure.

(d) If the owner or managing agent knowingly gives rent certificates that report total rent constituting property taxes in excess of the amount of actual rent constituting property taxes paid on the rented part of a property, the

owner or managing agent is liable for a penalty equal to the greater of (1) \$100 or (2) 50 percent of the excess that is reported. *An overstatement of rent constituting property taxes is presumed to be knowingly made if it exceeds by ten percent or more the actual rent constituting property taxes.*

~~(e) A claim filed after the original or extended due date will be reduced by five percent of the amount otherwise allowable, plus an additional five percent for each month of delinquency, not exceeding a total reduction of 25 percent, which may be canceled or reduced by the commissioner if the delinquency is due to reasonable cause. In any event, No claim is allowed if the initial claim is filed more than one year after the original due date for filing the claim.~~

Sec. 14. Minnesota Statutes 1990, section 290.01, subdivision 19, is amended to read:

if taxable income is:	the tax is:

Married individuals filing separate returns, estates, and trusts must compute their income tax by applying the above rates to their taxable income, except that the income brackets will be one-half of the above amounts. ~~In the case of married individuals filing separately, the additional 0.5 percent tax provided in this subdivision shall be applied to taxable income over \$37,750, but not over \$127,500.~~

(b) The income taxes imposed by this chapter upon unmarried individuals must be computed by applying to taxable net income the following schedule of rates:

if taxable income is:	the tax is:

 (4) On all over \$85,170, 9 percent.

(d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than \$100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to \$1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) The numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, less the deduction allowed by section 217 of the Internal Revenue Code of 1986, as amended through December 31, 1990, after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, increased by the addition required for interest income from non-Minnesota state and municipal bonds under section 290.01, subdivision 19a, clause (1).

(f) For taxable years 1991 and 1992, the tax determined under paragraphs (a) through (c) is increased by four percent of

(1) the reduction in itemized deductions under section 68 of the Internal Revenue Code of 1986, as amended through December 31, 1990, and

(2) the reduction in the taxpayer's personal and dependent exemption amounts under section 151(d) of the Internal Revenue Code of 1986, as amended through December 31, 1991.

Sec. 18. Minnesota Statutes 1990, section 290.06, subdivision 2d, is amended to read:

Subd. 2d. [INFLATION ADJUSTMENT OF BRACKETS.] (a) For taxable years beginning after December 31, ~~1990~~ 1991, the minimum and maximum dollar amounts for each rate bracket for which a tax is imposed in subdivision 2c shall be adjusted for inflation by the percentage determined under paragraph (b). For the purpose of making the adjustment as provided in this subdivision all of the rate brackets provided in subdivision 2c shall be the rate brackets as they existed for taxable years beginning after December 31, ~~1987~~ 1990, and before January 1, ~~1991~~ 1992. The rate applicable to any rate bracket must not be changed. The dollar amounts setting forth the tax shall be adjusted to reflect the changes in the rate brackets. The rate brackets as adjusted must be rounded to the nearest \$10 amount. If the rate bracket ends in \$5, it must be rounded up to the nearest \$10 amount.

(b) The commissioner shall adjust the rate brackets *and* by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code of 1986, as amended through December 31, ~~1989~~ 1990, except that in section 1(f)(3)(B) the word "~~1989~~" "1990" shall be substituted for the word "1987." For 1991, the commissioner shall then determine the percent change from the 12 months ending on August 31, ~~1989~~ 1990, to the 12 months ending on August 31, ~~1990~~ 1991, and in each subsequent year, from the 12 months ending on August 31, ~~1989~~ 1990, to the 12 months ending on August 31 of the year preceding the taxable year. The determination of the commissioner pursuant to this subdivision shall not be considered a "rule" and shall not be subject to the administrative procedure act contained in chapter 14.

No later than December 15 of each year, the commissioner shall announce the specific percentage that will be used to adjust the tax rate brackets.

Sec. 19. Minnesota Statutes 1990, section 290.06, subdivision 22, is amended to read:

Subd. 22. [CREDIT FOR TAXES PAID TO ANOTHER STATE.] (a) A taxpayer who is liable for taxes on or measured by net income to another state or province or territory of Canada, as provided in paragraphs (b) through (f), upon income allocated or apportioned to Minnesota, is entitled to a credit for the tax paid to another state or province or territory of Canada if the tax is actually paid in the taxable year or a subsequent taxable year. A taxpayer who is a resident of this state pursuant to section 290.01, subdivision 7, clause (2), and who is subject to income tax as a resident in the state of the individual's domicile is not allowed this credit unless the state of domicile does not allow a similar credit.

(b) For an individual, estate, or trust, the credit is determined by multiplying the tax payable under this chapter by the ratio derived by dividing the income subject to tax in the other state or province or territory of Canada that is also subject to tax in Minnesota while a resident of Minnesota by the taxpayer's federal adjusted gross income, as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31,

1989, modified by the addition required by section 290.01, subdivision 19a, clause (1), and the subtraction allowed by section 290.01, subdivision 19b, clause (1), to the extent the income is allocated or assigned to Minnesota under sections 290.081 and 290.17.

(c) If the taxpayer is an athletic team that apportions all of its income under section 290.17, subdivision 5, paragraph (c), the credit is determined by multiplying the tax payable under this chapter by the ratio derived from dividing the total net income subject to tax in the other state or province or territory of Canada by the taxpayer's Minnesota taxable income.

(d) The credit determined under paragraph (b) or (c) shall not exceed the amount of tax so paid to the other state or province or territory of Canada on the gross income earned within the other state or province or territory of Canada subject to tax under this chapter, nor shall the allowance of the credit reduce the taxes paid under this chapter to an amount less than what would be assessed if such income amount was excluded from taxable net income.

(e) In the case of the tax assessed on a lump sum distribution under section 290.032, the credit allowed under paragraph (a) is the tax assessed by the other state or province or territory of Canada on the lump sum distribution that is also subject to tax under section 290.032, and shall not exceed the tax assessed under section 290.032. To the extent the total lump sum distribution defined in section 290.032, subdivision 1, includes lump sum distributions received in prior years or is all or in part an annuity contract, the reduction to the tax on the lump sum distribution allowed under section 290.032, subdivision 2, includes tax paid to another state that is properly apportioned to that distribution.

(f) If a Minnesota resident reported an item of income to Minnesota and is assessed tax in such other state or province or territory of Canada on that same income after the Minnesota statute of limitations has expired, the taxpayer shall receive a credit for that year under paragraph (a), notwithstanding any statute of limitations to the contrary. The claim for the credit must be submitted within one year from the date the taxes were paid to the other state or province or territory of Canada. The taxpayer must submit sufficient proof to show entitlement to a credit.

*(g) For the purposes of this subdivision, a resident shareholder of a corporation having a valid election in effect under section 1362 of the Internal Revenue Code of 1986, as amended through December 31, 1990, must be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S corporation to a state that does not measure the income of the shareholder of the S corporation by reference to the income of the S corporation. For the purposes of the preceding sentence, the term "net income tax" means any tax imposed on or measured by a corporation's net income.*

Sec. 20. Minnesota Statutes 1990, section 290.06, subdivision 23, is amended to read:

Subd. 23. [CONTRIBUTIONS TO POLITICAL PARTIES AND CANDIDATES.] (a) A taxpayer may claim a ~~credit~~ refund equal to the amount of the taxpayer's contributions made in the calendar year to candidates and to any political party. The maximum ~~credit~~ refund for an individual must not exceed \$50 and, for a married couple filing jointly, must not exceed \$100. A ~~credit~~ ~~for~~ refund of a contribution is allowed only if the taxpayer

files a form required by the commissioner and attaches to the form a copy of an official *credit refund* receipt form issued by the candidate or party. A claim must be filed with the commissioner not sooner than September 1 of the calendar year in which the contribution is made and no later than April 15 of the calendar year following the calendar year in which the contribution is made. A taxpayer may file only one claim per calendar year. Amounts paid by the commissioner after June 15 of the calendar year following the calendar year in which the contribution is made must include interest at the rate specified in section 270.76.

(b) No *credit refund* is allowed under this subdivision for a contribution to any candidate who has not signed an agreement to limit campaign expenditures as provided in section 10A.322, or 10A.43, and for whom voluntary spending limits are specified in section 10A.25 or 10A.43. This subdivision does not limit the campaign expenditure of a candidate who does not sign an agreement but accepts a contribution for which the contributor improperly claims a *credit refund*.

(c) For purposes of this subdivision, "political party" means a major political party as defined in section 200.02, subdivision 7, or a minor political party qualifying for inclusion on the income tax or property tax refund form under section 10A.31, subdivision 3a. A "major or minor party" includes the aggregate of the party organization within each house of the legislature, the state party organization, and the party organization within congressional districts, counties, legislative districts, municipalities, and precincts. "Candidate" means a candidate as defined in section 10A.01, subdivision 5, but does not include a candidate for judicial office. Beginning January 1, 1991, "candidate" also means a candidate for the United States Senate or United States House of Representatives from Minnesota. "*Contribution*" means a gift of money.

(d) ~~The commissioner shall include a copy of the credit form with the instructions for the long and short individual taxation forms.~~ The commissioner shall make copies of the form available to the public and candidates upon request.

(e) The following data collected or maintained by the commissioner under this subdivision are private: the identities of individuals claiming a *credit refund*, the identities of candidates to whom those individuals have made contributions, and the amount of each contribution.

(f) The amount necessary to pay claims for the *credit refund* provided in this section is appropriated from the general fund to the commissioner of revenue.

Sec. 21. Minnesota Statutes 1990, section 290.06, is amended by adding a subdivision to read:

*Subd. 24. [MILITARY PAY CREDIT.] An individual is allowed a credit against the tax imposed under subdivision 2c equal to ten percent of the amount of the taxpayer's compensation for service in the armed forces of the United States or the United Nations. The maximum amount of this credit is the lesser of \$100 or the taxpayer's liability for tax under subdivision 2c. Compensation does not include a pension, retired pay, or similar income.*

Sec. 22. Minnesota Statutes 1990, section 290.067, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT OF CREDIT.] A taxpayer may take as a credit

against the tax due from the taxpayer and a spouse, if any, under this chapter an amount equal to the dependent care credit for which the taxpayer is eligible pursuant to the provisions of section 21 of the Internal Revenue Code subject to the limitations provided in subdivision 2 except that in determining whether the child qualified as a dependent, income received as an aid to families with dependent children grant or allowance to or on behalf of the child must not be taken into account in determining whether the child received more than half of the child's support from the taxpayer, and the provisions of section 32(b)(1)(D) of the Internal Revenue Code of 1986, as amended through December 31, 1990 do not apply.

*If a child who is six years of age or less at the close of the taxable year is cared for at a licensed family day care home operated by the child's parent, the taxpayer is deemed to have paid employment-related expenses. If the child is 16 months old or younger at the close of the taxable year, the amount of expenses deemed to have been paid equals the maximum limit for one qualified individual under section 21(c) and (d) of the Internal Revenue Code. If the child is older than 16 months of age but not older than six years of age at the close of the taxable year, the amount of expenses deemed to have been paid equals the amount the licensee would charge for the care of a child of the same age for the same number of hours of care. These deemed amounts apply regardless of whether any employment-related expenses have been paid.*

If the taxpayer is not required and does not file a federal individual income tax return for the tax year, no credit is allowed for any amount paid to any person unless:

- (1) the name, address, and taxpayer identification number of the person are included on the return claiming the credit; or
- (2) if the person is an organization described in section 501(c)(3) of the Internal Revenue Code and exempt from tax under section 501(a) of the Internal Revenue Code, the name and address of the person are included on the return claiming the credit.

In the case of a failure to provide the information required under the preceding sentence, the preceding sentence does not apply if it is shown that the taxpayer exercised due diligence in attempting to provide the information required.

In the case of a nonresident, part-year resident, or a person ~~whose tax is computed under section 290.06, subdivision 2e, paragraph (f) who has earned income not subject to tax under this chapter~~, the credit determined under section 21 of the Internal Revenue Code must be allocated based on the ratio by which the earned income of the claimant and the claimant's spouse from Minnesota sources bears to the total earned income of the claimant and the claimant's spouse.

Sec. 23. Minnesota Statutes 1990, section 290.067, subdivision 2a, is amended to read:

Subd. 2a. [INCOME.] (a) For purposes of this section, "income" means the sum of the following:

- (1) ~~the greater~~ of federal adjusted gross income as defined in section 62 of the Internal Revenue Code ~~or zero~~; and
- (2) the sum of the following amounts to the extent not included in clause

(1):

(i) all nontaxable income;

(ii) the amount of a passive activity loss that is not disallowed as a result of section 469, paragraph (i) or ~~(4)~~ (m) of the Internal Revenue Code and the amount of passive activity loss carryover allowed under section 469(b) of the Internal Revenue Code;

(iii) an amount equal to the total of any discharge of qualified farm indebtedness of a solvent individual excluded from gross income under section 108(g) of the Internal Revenue Code;

(iv) cash public assistance and relief;

(v) any pension or annuity (including railroad retirement benefits, all payments received under the federal Social Security Act, supplemental security income, and veterans benefits), which was not exclusively funded by the claimant or spouse, or which was funded exclusively by the claimant or spouse and which funding payments were excluded from federal adjusted gross income in the years when the payments were made;

(vi) interest received from the federal or a state government or any instrumentality or political subdivision thereof;

(vii) workers' compensation;

(viii) nontaxable strike benefits;

(ix) the gross amounts of payments received in the nature of disability income or sick pay as a result of accident, sickness, or other disability, whether funded through insurance or otherwise;

(x) ~~the ordinary income portion of a lump sum distribution under section 402(e)(3) of the Internal Revenue Code; and~~

(xi) contributions made by the claimant to an individual retirement account, including a qualified voluntary employee contribution; simplified employee pension plan; self-employed retirement plan; cash or deferred arrangement plan under section 401(k) of the Internal Revenue Code; or deferred compensation plan under section 457 of the Internal Revenue Code; and

(xii) nontaxable scholarship or fellowship grants.

*In the case of an individual who files an income tax return on a fiscal year basis, the term "federal adjusted gross income" means federal adjusted gross income reflected in the fiscal year ending in the next calendar year. Federal adjusted gross income may not be reduced by the amount of a net operating loss carryback or carryforward or a capital loss carryback or carryforward allowed for the year.*

(b) "Income" does not include:

(1) amounts excluded pursuant to the Internal Revenue Code, sections 101(a), 102, and 121;

(2) amounts of any pension or annuity that were exclusively funded by the claimant or spouse if the funding payments were not excluded from federal adjusted gross income in the years when the payments were made;

(c) surplus food or other relief in kind supplied by a governmental agency;

(d) relief granted under chapter 290A; and

*(e) child support payments received under a temporary or final decree of dissolution or legal separation.*

Sec. 24. Minnesota Statutes 1990, section 290.0802, subdivision 1, is amended to read:

If a partnership or corporation would not otherwise be subject to the allocation rules, but conducts a trade or business that is part of a unitary business involving another legal entity that is subject to the allocation rules, the partnership or corporation is subject to the allocation rules.

(b) Expenses, losses, and other deductions (referred to collectively in this paragraph as "deductions") must be allocated along with the item or class of gross income to which they are definitely related for purposes of assignment under this section or apportionment under section 290.191, 290.20, 290.35, or 290.36. Sec. 30. Minnesota Statutes 1990, section 290.17, subdivision 2, is amended to read:

Subd. 2. [INCOME NOT DERIVED FROM CONDUCT OF A TRADE OR BUSINESS.] The income of a taxpayer subject to the allocation rules that is not derived from the conduct of a trade or business must be assigned in accordance with paragraphs (a) to (f):

(a)(1) Subject to paragraphs (a)(2) and (a)(3), income from labor or personal or professional services is assigned to this state if, and to the extent that, the labor or services are performed within it; all other income from such sources is treated as income from sources without this state.

Severance pay shall be considered income from labor or personal or professional services.

(2) In the case of an individual who is a nonresident of Minnesota and who is an athlete or entertainer, income from compensation for labor or personal services performed within this state shall be determined in the following manner:

(i) The amount of income to be assigned to Minnesota for an individual who is a nonresident salaried athletic team employee shall be determined by using a fraction in which the denominator contains the total number of days in which the individual is under a duty to perform for the employer, and the numerator is the total number of those days spent in Minnesota; and

(ii) The amount of income to be assigned to Minnesota for an individual who is a nonresident, and who is an athlete or entertainer not listed in clause (i), for that person's athletic or entertainment performance in Minnesota shall be determined by assigning to this state all income from performances or athletic contests in this state.

(3) For purposes of this section, amounts received by a nonresident from the United States, its agencies or instrumentalities, the Federal Reserve Bank, the state of Minnesota or any of its political or governmental subdivisions, or a Minnesota volunteer firefighters' relief association, by way of payment as a pension, public employee retirement benefit, or any combination of these, or as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 408, or 409, or as defined in section 403(b) or 457 of the Internal Revenue Code of 1986, as amended through December 31, 1989, are not considered income derived from carrying on a trade or business or from performing personal or professional services in Minnesota, and are not taxable under this chapter.

employed in the business of the recipient of the income or gains must be assigned to this state if the recipient of the income or gains is a resident of this state or is a resident trust or estate.

Gain on the sale of a partnership interest is allocable to this state in the ratio of the original cost of partnership tangible property in this state to the original cost of partnership tangible property everywhere, determined at the time of the sale. If more than 50 percent of the value of the partnership's assets consists of intangibles, gain or loss from the sale of the partnership interest is allocated to this state in accordance with the sales factor of the partnership for its first full tax period immediately preceding the tax period of the partnership during which the partnership interest was sold.

~~Gain on the sale of stock held in an S corporation is allocable to this state in an amount equal to the gain on the sale of the stock multiplied by the ratio that was used to compute the amount of S corporation income assignable to Minnesota in the tax year preceding the year of sale.~~

Gain on the sale of goodwill or income from a covenant not to compete that is connected with a business operating all or partially in Minnesota is allocated to this state to the extent that the income from the business in the year preceding the year of sale was assignable to Minnesota under subdivision 3.

(d) Income from the operation of a farm shall be assigned to this state if the farm is located within this state and to other states only if the farm is not located in this state.

Sec. 17. Minnesota Statutes 1990, section 290.191, subdivision 6, is amended to read:

Subd. 6. [DETERMINATION OF RECEIPTS FACTOR FOR FINANCIAL INSTITUTIONS.] (a) For purposes of this section, the rules in this subdivision and subdivisions 7 and 8 apply in determining the receipts factor for financial institutions.

(b) "Receipts" for this purpose means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the taxpayer's trade or business.

(c) "Money market instruments" means federal funds sold and securities purchased under agreements to resell, commercial paper, banker's acceptances, and purchased certificates of deposit and similar instruments to the extent that the instruments are reflected as assets under generally accepted accounting principles.

(d) "Securities" means United States Treasury securities, obligations of United States government agencies and corporations, obligations of state and political subdivisions, corporate stock and other securities, participations in securities backed by mortgages held by United States or state government agencies, loan-backed securities and similar investments to the

extent the investments are reflected as assets under generally accepted accounting principles.

(e) Receipts from the lease or rental of real or tangible personal property, including both finance leases and true leases, must be attributed to this state if the property is located in this state. Tangible personal property that is characteristically moving property, such as motor vehicles, rolling stock, aircraft, vessels, mobile equipment, and the like, is considered to be located in a state if:

(1) the operation of the property is entirely within the state; or

(2) the operation of the property is in two or more states, but the principal base of operations from which the property is sent out is in the state.

(f) Interest income and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property must be attributed to this state if the security property is located in this state under the principles stated in paragraph (e).

(g) Interest income and other receipts from consumer loans not secured by real or tangible personal property that are made to residents of this state, whether at a place of business, by traveling loan officer, by mail, by telephone or other electronic means, must be attributed to this state.

(h) Interest income and other receipts from commercial loans and installment obligations that are unsecured by real or tangible personal property or secured by intangible property must be attributed to this state if the proceeds of the loan are to be applied in this state. If it cannot be determined where the funds are to be applied, the income and receipts are attributed to the state in which the office of the borrower from which the application would be made in the regular course of business is located. If this cannot be determined, the transaction is disregarded in the apportionment formula.

(i) Interest income and other receipts from a participating financial institution's portion of participation and syndication loans must be attributed under paragraphs (e) to (h). A participation loan is an arrangement in which a lender makes a loan to a borrower and then sells, assigns, or otherwise transfers all or a part of the loan to a purchasing financial institution. A syndication loan is a ~~multibank~~ loan transaction *involving multiple financial institutions* in which all the lenders are named as parties to the loan documentation, are known to the borrower, and have privity of contract with the borrower.

(j) Interest income and other receipts including service charges from financial institution credit card and travel and entertainment credit card receivables and credit card holders' fees must be attributed to the state to which the card charges and fees are regularly billed.

(k) Merchant discount income derived from financial institution credit card holder transactions with a merchant must be attributed to the state in which the merchant is located. In the case of merchants located within and outside the state, only receipts from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Receipts from the performance of fiduciary and other services must be attributed to the state in which the benefits of the services are consumed. If the benefits are consumed in more than one state, the receipts from those

benefits must be apportioned to this state pro rata according to the portion of the benefits consumed in this state. If the extent to which the benefits of services are consumed in this state is not readily determinable, the benefits of the services shall be deemed to be consumed at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the benefits of the services shall be deemed to be consumed at the office of the customer to which the services are billed.

(m) Receipts from the issuance of travelers checks and money orders must be attributed to the state in which the checks and money orders are purchased.

(n) Receipts from investments of a financial institution in securities of this state, its political subdivisions, agencies, and instrumentalities must be attributed to this state.

~~(o) Receipts from a financial institution's interest in any property described in section 290.015, subdivision 3, paragraph (b), is not included in the numerator or the denominator of the receipts factor provided the financial institution's activities within this state with respect to any interest in the property are limited in the manner provided in section 290.015, subdivision 3, paragraph (b). If a financial institution is subject to tax under this chapter, its interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the receipts factor in the same manner as assets in the nature of securities or money market instruments are included under paragraph (n) and subdivision 7, and from money market instruments must be apportioned to this state based on the ratio that total deposits from this state, its residents, including any business with an office or other place of business in this state, its political subdivisions, agencies, and instrumentalities bear to the total deposits from all states, their residents, their political subdivisions, agencies, and instrumentalities. In the case of an unregulated financial institution subject to this section, these receipts are apportioned to this state based on the ratio that its gross business income, excluding such receipts, earned from sources within this state bears to gross business income, excluding such receipts, earned from sources within all states. For purposes of this subdivision, deposits made by this state, its residents, its political subdivisions, agencies, and instrumentalities must be attributed to this state, whether or not the deposits are accepted or maintained by the taxpayer at locations within this state.~~

~~(o) A financial institution's interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the receipts factor in the same manner as assets in the nature of securities or money market instruments are included in paragraph (n).~~

Sec. 18. Minnesota Statutes 1990, section 290.191, subdivision 8, is amended to read:

(b) "Deposit" means the unpaid balance of money or its equivalent received or held by a financial institution in the usual course of business and for which it has given or is obligated to give credit, either conditionally or unconditionally, to a commercial, checking, savings, time, or thrift account whether or not advance notice is required to withdraw the credited funds, or which is evidenced by its certificate of deposit, thrift certificate,

However, without limiting the generality of the term "money or its equivalent," any such account or instrument must be regarded as evidencing the receipt of the equivalent of money when credited or issued in exchange for checks or drafts or for a promissory note upon which the person obtaining the credit or instrument is primarily or secondarily liable, or for a charge against a deposit account, or in settlement of checks, drafts, or other instruments forwarded to the bank for collection.

(c) "Deposit" means trust funds received or held by the financial institution, whether held in the trust department or held or deposited in any other department of the financial institution.

(d) "Deposit" means money received or held by a financial institution, or the credit given for money or its equivalent received or held by a financial institution, in the usual course of business for a special or specific purpose, regardless of the legal relationship so established. Under this paragraph, "deposit" includes, but is not limited to, escrow funds, funds held as security for an obligation due to the financial institution or others, including funds held as dealers reserves, or for securities loaned by the ~~bank~~ *financial institution*, funds deposited by a debtor to meet maturing obligations, funds deposited as advance payment on subscriptions to United States government securities, funds held for distribution or purchase of securities, funds held to meet its acceptances or letters of credit, and withheld taxes. It does not include funds received by the financial institution for immediate application to the reduction of an indebtedness to the receiving financial institution, or under condition that the receipt of the funds immediately reduces or extinguishes the indebtedness.

(e) "Deposit" means outstanding drafts, including advice or another such institution, cashier's checks, money orders, or other officer's checks issued in the usual course of business for any purpose, but not including those issued in payment for services, dividends, or purchases or other costs or expenses of the financial institution itself.

(f) "Deposit" means money or its equivalent held as a credit balance by a financial institution on behalf of its customer if the entity is engaged in soliciting and holding such balances in the regular course of its business.

(g) Interinstitution fund transfers are not deposits.

Sec. 19. Minnesota Statutes 1990, section 290.191, subdivision 11, is amended to read:

(b) Intangible personal property must be included at its tax basis for federal income tax purposes.

(c) Goodwill must not be included in the property factor.

(d) Coin and currency located in this state must be attributed to this state.

(e) Lease financing receivables must be attributed to this state if and to the extent that the property is located within this state.

personal property must be attributed to this state if and to the extent that the security property is located within this state.

(g) Assets in the nature of consumer loans and installment obligations that are unsecured or secured by intangible property must be attributed to this state if the loan was made to a resident of this state.

(h) Assets in the nature of commercial loan and installment obligations that are unsecured by real or tangible personal property or secured by intangible property must be attributed to this state if the proceeds of the loan are to be applied in this state. If it cannot be determined where the funds are to be applied, the assets must be attributed to the state in which there is located the office of the borrower from which the application would be made in the regular course of business. If this cannot be determined, the transaction is disregarded in the apportionment formula.

(i) A participating financial institution's portion of participation and syndication loans must be attributed under paragraphs (e) to (h).

(j) Financial institution credit card and travel and entertainment credit card receivables must be attributed to the state to which the credit card charges and fees are regularly billed.

(k) Receivables arising from merchant discount income derived from financial institution credit card holder transactions with a merchant are attributed to the state in which the merchant is located. In the case of merchants located within and without the state, only receivables from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Assets in the nature of securities and money market instruments are apportioned to this state based upon the ratio that total deposits from this state, its residents, its political subdivisions, agencies and instrumentalities bear to the total deposits from all states, their residents, their political subdivisions, agencies and instrumentalities. In the case of an unregulated financial institution, the assets are apportioned to this state based upon the ratio that its gross business income earned from sources within this state bears to gross business income earned from sources within all states. For purposes of this subsection, deposits made by this state, its residents, its political subdivisions, agencies, and instrumentalities are attributed to this state, whether or not the deposits are accepted or maintained by the taxpayer at locations within this state.

(m) A financial institution's interest in any property described in section 290.015, subdivision 3, paragraph (b), is not included in the numerator or the denominator of the property factor provided the financial institution's activities within this state with respect to any interest in such property are limited in the manner provided in section 290.015, subdivision 3, paragraph (b). If a financial institution is subject to tax under this chapter, its interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the property factor in the same manner as assets in the nature of securities or money market instruments are included under paragraph (l).

*Subd. 2. The commissioner, within 30 days of demand for a judicial determination, shall begin an action in the district court of the county where the seizure was made to determine the issue of forfeiture. The action must be brought in the name of the state and prosecuted by the county attorney or by the attorney general. The court shall hear the action without a jury and shall try and determine the issues of fact and law involved. When a judgment of forfeiture is entered, the commissioner may, unless the judgment is stayed pending an appeal, either*

(1) cause the forfeited property to be destroyed; or (2) cause it to be sold at public auction as provided by law. Proceeds of a sale, after deducting the expense of keeping the gasoline or special fuel and costs of the sale, must be paid into the state treasury. Subd. 3. [CONVEYANCES.] (a) The commissioner or authorized designees shall file with the court a separate complaint against the vehicle or conveyance, describing it and charging its use in the specified violation, and specifying substantially the time and place of the unlawful use. The court shall issue an order directed to any person known or believed to have a right or title to, interest in, or lien on the vehicle or conveyance and to persons unknown claiming a right, title, interest, or lien:

(1) describing the vehicle or conveyance and stating that it was seized and that a complaint against it, charging the specified violation, has been filed with the court;

(2) requiring the persons to file with the court administrator of the court their answer to the complaint, setting forth any claim they may have to a right or title to, interest in, or lien on the vehicle or conveyance, within ten days after the service of the order; and

(b) The court shall cause the order to be served on:

(1) the registered owner;

(2) any person who has duly filed a conditional sales contract, mortgage, or other lien instrument covering the property unless it has been released or satisfied;

(4) on unknown persons by publication, as provided for service of summons in a civil action.

(c) If no answer is filed within the time prescribed, the court shall, on affidavit by the court administrator of the court setting forth that fact, order the vehicle or conveyance forfeited and direct that it be sold by the commissioner or the commissioner's agents. The proceeds of the sale, after deducting the expense of keeping the vehicle or conveyance and costs of the sale, including any costs incurred pursuant to paragraph (f), must be paid into the state treasury. The commissioner shall reimburse designees for costs incurred.

*(d) If an answer is filed within the time provided, the court shall fix a time for hearing at least ten but no more than 30 days after the time for filing the answer expires. At the hearing, the matter must be heard and determined by the court, without a jury, as in other civil actions. If the court finds that the vehicle or conveyance, or any part of it, was used in a violation as specified in the complaint, it shall order the vehicle or conveyance forfeited and direct that it be sold, as provided in this section, unless the owner shows to the satisfaction of the court that the vehicle was being used without the owner's consent or that, when giving the consent, the owner had no notice or knowledge or reason to believe that the vehicle or conveyance was intended to be used in a violation. After deducting the expense of keeping the vehicle or conveyance and costs of the sale, the officer making the sale shall pay, according to their priority, all liens established at the hearing as being bona fide and existing without the lienor having any notice or knowledge at the time the lien was created that the vehicle or conveyance was being used or was intended to be used in connection with any violation, and shall pay the balance of the proceeds into the state treasury. The commissioner shall reimburse designees for costs incurred. A sale under this section frees the conveyance sold from all liens.*

*(e) At any time after seizure and before the hearing, the vehicle or conveyance must be returned to the owner or person having a legal right to its possession on execution by that person of a valid bond to the state of Minnesota, with corporate surety, of at least \$100 but not more than double the value of the vehicle or conveyance seized, to be approved by the court in which the case is triable, or a judge of that court. The bond must guarantee compliance with the order and judgment of the court, and, if ordered by the court, payment of the full value of the vehicle or conveyance at the time of seizure.*

*(f) If the seized vehicle or conveyance is owned or operated by a for-hire common or contract motor carrier, and was being used without knowledge of the violation, the commissioner shall return the vehicle or conveyance to its owner or operator as soon as possible without need for court order, and shall provide to such owner or operator reasonable compensation for the time during which the vehicle or conveyance is held pursuant to seizure.*

In no case may the final amounts be less than zero or greater than the total captured tax capacity of the district.*

In the case of a hazardous substance subdistrict, the number of years must be measured from the date of certification of the subdistrict for purposes of the additional captured tax capacity resulting from the reduction in the subdistrict's or site's original tax capacity.

(b) The terms defined in section 469.174 have the meanings given in that section.

(c) *"Qualified manufacturing district" means an economic development*

*district that qualifies under section 469.176, subdivision 4c, paragraph (a), without regard to clauses (2) and (4), for which certification was requested after June 30, 1991, located in a home rule charter or statutory city that (1) has a population under 10,000 according to the last federal census and (2) is wholly located outside of a metropolitan statistical area as determined by the United States Office of Management and Budget.*

Sec. 2. Minnesota Statutes 1990, section 273.1399, subdivision 3, is amended to read:

Subd. 3. [CALCULATION OF EDUCATION AIDS.] For each school district containing qualifying captured tax capacity, the commissioner of education shall compute a hypothetical state aid amount that would be paid to the school district if the qualifying captured tax capacity were divided by the sales ratio and included in the school district's adjusted tax capacity for purposes of calculating *equalized levies as defined in section 273.1398, subdivision 2a, and associated state aids*. The commissioner of education shall notify the commissioner of revenue of the difference between the actual aid paid and the hypothetical aid amounts calculated for each school district, broken down by the municipality that approved the tax increment financing district containing the qualifying captured tax capacity. The resulting amount is the reduction in state tax increment financing aid.

Sec. 3. Minnesota Statutes 1990, section 469.012, subdivision 8, is amended to read:

Subd. 8. [INTEREST REDUCTION PROGRAM; LIMITATIONS.] In developing the interest reduction program authorized by subdivision 7 the authority shall consider:

- (1) the availability and affordability of other governmental programs;
- (2) the availability and affordability of private market financing; and
- (3) the need for additional affordable mortgage credit to encourage the construction and enable the purchase of housing units within the jurisdiction of the authority.

The authority shall adopt rules for the interest reduction program. Interest reduction assistance shall not be provided if the authority determines that financing for the purchase of a housing unit or for the construction or rehabilitation of housing units is otherwise available from private lenders upon terms and conditions that are affordable by the applicant, as provided by the authority in its rules.

For the purposes of this subdivision an "assisted housing unit" is a housing unit which is rented or to be rented and which is a part of a rental housing development where the financing for the rental housing development is assisted with interest reduction assistance provided by the authority during the calendar year. If interest reduction assistance is provided for construction period interest for a rental housing development, the housing units in the housing development shall be considered assisted housing units for a period after occupancy of the housing units which is equal to the period during which interest reduction assistance is provided to assist the construction financing of the rental housing development. In any calendar year when an authority provides interest reduction assistance for assisted housing units (1) at least 20 percent of the total assisted housing units within the jurisdiction of the authority shall be held available for rental to families or individuals with an adjusted gross income which is equal to or less than

80 percent of the median family income, and (2) at least an additional 55 percent of the total assisted housing units within the jurisdiction of the authority shall be held available for rental to individuals or families with an annual adjusted gross income which is equal to or less than 66 times 120 percent of the monthly fair market rent for the unit established by the United States Department of Housing and Urban Development. At least 80 percent of the aggregate dollar amount of funds appropriated by an authority within any calendar year to provide interest reduction assistance for financing of construction, rehabilitation, or purchase of single family housing, as that term is defined in section 462C.02, subdivision 4, shall be appropriated for housing units that are to be sold to or occupied by families or individuals with an adjusted gross income which is equal to or less than 110 percent of median family income. For the purposes of this subdivision, "median family income" means the median family income established by the United States Department of Housing and Urban Development for the nonmetropolitan county or the standard metropolitan statistical area, as the case may be. The adjusted gross income ~~may~~ *must* be adjusted by the authority for family size. The limitations imposed upon assisted housing units by this subdivision do not apply to interest reduction assistance for a rental housing development located in a targeted area as defined in section 462C.02. An authority that establishes a program pursuant to this subdivision shall by January 2 each year report to the commissioner of trade and economic development a description of the program established and a description of the recipients of interest reduction assistance.

Sec. 4. Minnesota Statutes 1990, section 469.174, subdivision 7, is amended to read:

Subd. 7. [ORIGINAL NET TAX CAPACITY.] (a) Except as provided in paragraph (b), "original net tax capacity" means the tax capacity of all taxable real property within a tax increment financing district as ~~most recently~~ certified by the commissioner of revenue ~~as of the date of for the previous assessment year, provided that the request by an authority for certification by of a new tax increment financing district or for the expansion of an existing district has been made to the county auditor, by June 30. The original tax capacity of districts for which requests are filed after June 30 has an original tax capacity based on the current assessment year. In any case, the original tax capacity must be determined together with subsequent adjustments as set forth in section 469.177, subdivisions 1 and 4. In determining the original net tax capacity the net tax capacity of real property exempt from taxation at the time of the request shall be zero, except for real property which is tax exempt by reason of public ownership by the requesting authority and which has been publicly owned for less than one year prior to the date of the request for certification, in which event the net tax capacity of the property shall be the net tax capacity as most recently determined by the commissioner of revenue.~~

(b) The original net tax capacity of any designated hazardous substance site or hazardous substance subdistrict shall be determined as of the date the authority certifies to the county auditor that the authority has entered a redevelopment or other agreement for the removal actions or remedial actions specified in a development response action plan, or otherwise provided funds to finance the development response action plan. The original net tax capacity equals (i) the net tax capacity of the parcel or parcels in the site or subdistrict, as most recently determined by the commissioner of revenue, less (ii) the estimated costs of the removal actions and remedial

actions as specified in a development response action plan to be undertaken with respect to the parcel or parcels, (iii) but not less than zero.

(c) The original net tax capacity of a hazardous substance site or sub-district shall be increased by the amount by which it was reduced pursuant to paragraph (b), clause (ii), upon certification by the municipality that the cost of the removal and remedial actions specified in the development response action plan, except for long-term monitoring and similar activities, have been paid or reimbursed.

(d) For purposes of this subdivision, "real property" shall include any property normally taxable as personal property by reason of its location on or over publicly owned property.

Sec. 5. Minnesota Statutes 1990, section 469.174, subdivision 10, is amended to read:

Subd. 10. [REDEVELOPMENT DISTRICT.] (a) "Redevelopment district" means a type of tax increment financing district consisting of a project, or portions of a project, within which the authority finds by resolution that one of the following conditions, reasonably distributed throughout the district, exists:

(1) parcels consisting of 70 percent of the area of the district are occupied by buildings, streets, utilities, or other improvements and more than 50 percent of the buildings, not including outbuildings, are structurally substandard to a degree requiring substantial renovation or clearance; or

(2) the property consists of vacant, unused, underused, inappropriately used, or infrequently used railyards, rail storage facilities, or excessive or vacated railroad rights-of-way.

(b) For purposes of this subdivision, "structurally substandard" shall mean containing defects in structural elements or a combination of deficiencies in essential utilities and facilities, light and ventilation, fire protection including adequate egress, layout and condition of interior partitions, or similar factors, which defects or deficiencies are of sufficient total significance to justify substantial renovation or clearance.

A building is not structurally substandard if it is in compliance with the building code applicable to new buildings or could be modified to satisfy the building code at a cost of less than 15 percent of the cost of constructing a new structure of the same square footage and type on the site. The municipality may find that a building is not disqualified as structurally substandard under the preceding sentence on the basis of reasonably available evidence, such as the size, type, and age of the building, the average cost of plumbing, electrical, or structural repairs, or other similar reliable evidence. If the evidence supports a reasonable conclusion that the building is not disqualified as structurally substandard, the municipality may make such a determination without an interior inspection or an independent, expert appraisal of the cost of repair and rehabilitation of the building.

*A parcel is deemed to be occupied by a structurally substandard building for purposes of the finding under paragraph (a) if all of the following conditions are met:*

*(1) the parcel was occupied by a substandard building within three years of the filing of the request for certification of the parcel as part of the district with the county auditor;*

(2) *the substandard building was demolished or removed by the authority or the demolition or removal was financed by the authority or was done by a developer under a development agreement with the authority;*

(3) *the authority found by resolution before the demolition or removal that the parcel was occupied by a structurally substandard building and that after demolition and clearance the authority intended to include the parcel within a district; and*

(4) *upon filing the request for certification of the tax capacity of the parcel as part of a district, the authority notifies the county auditor that the original tax capacity of the parcel must be adjusted as provided by section 469.177, subdivision 1, paragraph (h).*

(c) For purposes of this subdivision, a parcel is not occupied by buildings, streets, utilities, or other improvements unless 15 percent of the area of the parcel contains improvements.

(d) For districts consisting of two or more noncontiguous areas, each area must qualify as a redevelopment district under paragraph (a), clauses (1) to (3), to be included in the district, and the entire area of the district must satisfy paragraph (a).

Sec. 6. Minnesota Statutes 1990, section 469.176, subdivision 1, is amended to read:

Subdivision 1. [DURATION OF TAX INCREMENT FINANCING DISTRICTS.] (a) Subject to the limitations contained in paragraphs (b) to (g), any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as the bonds continue to be outstanding. The municipality may, at the time of approval of the initial tax increment financing plan, provide for a shorter maximum duration limit than specified in paragraphs (b) to (g). The specified limit applies in place of the otherwise applicable limit.

(b) The tax increment pledged to the payment of the bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to the maturity or redemption date.

(c) For bonds issued pursuant to section 469.178, subdivisions 2 and 3, the full faith and credit and any taxing powers of the municipality or authority shall continue to be pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full.

(d) No tax increment shall be paid to an authority for a tax increment financing district after three years from the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor ~~or after August 1, 1982, for tax increment financing districts authorized prior to August 1, 1979,~~ unless within the three-year period (1) bonds have been issued *in aid of the project containing the district* pursuant to section 469.178, or ~~in aid of a project pursuant to~~ any other law, except revenue bonds issued pursuant to sections 469.152 to 469.165, ~~prior to August 1, 1979,~~ or (2) the authority has acquired property within the district, or (3) the authority has constructed or caused to be constructed public improvements within the district.

(e) No tax increment shall in any event be paid to the authority (1) after 25 years from date of receipt by the authority of the first tax increment for a mined underground space development district, redevelopment district, or housing district, (2) after 15 years after receipt by the authority of the first increment for a renewal and renovation district, (3) after 12 years from approval of the tax increment financing plan for a soils condition district, and (4) after eight years from the date of the receipt, or ten years from approval of the tax increment financing plan, whichever is less, for an economic development district.

For tax increment financing districts created prior to August 1, 1979, no tax increment shall be paid to the authority after April 1, 2001, or the term of a nondefeased bond or obligation outstanding on April 1, 1990, secured by increments from the district or project area, whichever time is greater, provided that in no case will a tax increment be paid to an authority after August 1, 2009, from such a district. If a district's termination date is extended beyond April 1, 2001, because bonds were outstanding on April 1, 1990, with maturities extending beyond April 1, 2001, the following restrictions apply. No increment collected from the district may be expended after April 1, 2001, except to pay or defease (i) bonds issued before April 1, 1990, or (ii) bonds issued to refund the principal of the outstanding bonds and pay associated issuance costs, provided the average maturity of the refunding bonds does not exceed the bonds refunded.

(f) Modification of a tax increment financing plan pursuant to section 469.175, subdivision 4, shall not extend the durational limitations of this subdivision.

(g) If a parcel of a district is part of a designated hazardous substance site or a hazardous substance subdistrict, tax increment may be paid to the authority from the parcel for longer than the period otherwise provided by this subdivision. The extended period for collection of tax increment begins on the date of receipt of the first tax increment from the parcel that is more than any tax increment received from the parcel before the date of the certification under section ~~469.175~~ 469.174, subdivision 7, paragraph (b), and received after the date of certification to the county auditor described in section ~~469.175~~ 469.174, subdivision 7, paragraph (b). The extended period for collection of tax increment is the lesser of: (1) 25 years from the date of commencement of the extended period; or (2) the period necessary to recover the costs of removal actions or remedial actions specified in a development response action plan.

*(h) If a parcel located in the district has delinquent property taxes when the district terminates under the duration limits under this subdivision, the payment of the parcel's delinquent taxes made after decertification of the district are tax increments to the extent the nonpayment of property taxes caused the outstanding bonds or contractual obligations pledged to be paid by the district to be paid by sources other than tax increments or to go unpaid. The county auditor shall pay the appropriate amount to the district. The authority shall provide the county auditor with information regarding the payment of outstanding bonds or contractual obligations and any other information necessary to administer the payment, as requested by the county auditor.*

Sec. 7. Minnesota Statutes 1990, section 469.1763, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the

following terms have the meanings given.

(b) "Activities" means acquisition of property, clearing of land, site preparation, soils correction, removal of hazardous waste or pollution, installation of utilities, construction of public or private improvements, and other similar activities, but only to the extent that tax increment revenues may be spent for such purposes under other law. ~~Activities do not include allocated administrative expenses, but do include engineering, architectural, and similar costs of the improvements in the district.~~

(c) "Third party" means an entity other than (1) the person receiving the benefit of assistance financed with tax increments, or (2) the municipality or the development authority or other person substantially under the control of the municipality.

Sec. 8. Minnesota Statutes 1990, section 469.1763, subdivision 2, is amended to read:

Subd. 2. [EXPENDITURES OUTSIDE DISTRICT.] (a) For each tax increment financing district, an amount equal to at least 75 percent of the revenue derived from tax increments paid by properties in the district must be expended on activities in the district or to pay bonds, to the extent that the proceeds of the bonds were used to finance activities in the district or to pay, or secure payment of, debt service on credit enhanced bonds. Not more than 25 percent of the revenue derived from tax increments paid by properties in the district may be expended, through a development fund or otherwise, on activities outside of the district but within the defined geographic area of the project except to pay, or secure payment of, debt service on credit enhanced bonds. The revenue derived from tax increments for the district that are expended on costs under section 469.176, subdivision 4h, paragraph (b), may be deducted first before calculating the percentages that must be expended within and without the district.

(b) In the case of a housing district, a housing project, as defined in section 469.174, subdivision 11, is an activity in the district.

*(c) All administrative expenses are for activities outside of the district.*

Sec. 9. Minnesota Statutes 1990, section 469.1763, subdivision 3, is amended to read:

Subd. 3. [FIVE-YEAR RULE.] (a) Revenues derived from tax increments are considered to have been expended on an activity within the district under subdivision 2 only if one of the following occurs:

(1) before or within five years after certification of the district, the revenues are actually paid to a third party with respect to the activity;

(2) bonds, the proceeds of which must be used to finance the activity, are issued and sold to a third party before or within five years after certification ~~and~~, the revenues are spent to repay the bonds, *and the proceeds of the bonds either are, on the date of issuance, reasonably expected to be spent before the end of the later of (i) the five-year period, or (ii) a reasonable temporary period within the meaning of the use of that term under section 148(c)(1) of the Internal Revenue Code, or are deposited in a reasonably required reserve or replacement fund;*

(3) binding contracts with a third party are entered into for performance of the activity before or within five years after certification of the district and the revenues are spent under the contractual obligation; or

(4) costs with respect to the activity are paid before or within five years after certification of the district and the revenues are spent to reimburse a party for payment of the costs, *including interest on unreimbursed costs.*

(b) For purposes of this subdivision, bonds include subsequent refunding bonds if ~~one of two tests is met: (1) the proceeds of the original refunded bonds were spent on activities within five years after the district was certified or (2) the original refunded bonds are issued within five years after the district was certified and the proceeds are expended on activities within a reasonable temporary period within the meaning of the use of that term under section 148(e)(1) of the Internal Revenue Code meet the requirements of paragraph (a), clause (2).~~

Sec. 10. Minnesota Statutes 1990, section 469.1763, subdivision 4, is amended to read:

Subd. 4. [USE OF REVENUES FOR DECERTIFICATION.] (a) Beginning with the sixth year following certification of the district, 75 percent of the revenues derived from tax increments paid by properties in the district that remain after the expenditures permitted under subdivision 3 must be used only to pay:

(1) outstanding bonds, as defined in subdivision 3, paragraphs (a), clause (2), and (b) ~~or~~;

(2) contracts, as defined in subdivision 3, paragraph (a), clauses (3) and (4); *or*

(3) *credit enhanced bonds to which the revenues derived from tax increments are pledged, but only to the extent that revenues of the district for which the credit enhanced bonds were issued are insufficient to pay the bonds and to the extent that the increments from the unrestricted 25 percent share are insufficient.*

(b) When the outstanding bonds have been defeased and when sufficient money has been set aside to pay contractual obligations as defined in subdivision 3, paragraph (a), clauses (3) and (4), the district must be decertified and the pledge of tax increment discharged.

Sec. 11. Minnesota Statutes 1990, section 469.1763, is amended by adding a subdivision to read:

Subd. 5. [CREDIT ENHANCED BONDS.] *Except as otherwise provided in this section, revenues derived from tax increments may be used to pay debt service on credit enhanced bonds issued to finance activities outside of the district from which the revenues are derived, regardless of when the district is created. For purposes of this subdivision, "district" includes a district or a project area for which certification to collect increments was requested before August 1, 1979.*

Sec. 12. Minnesota Statutes 1990, section 469.177, subdivision 1, is amended to read:

Subdivision 1. [ORIGINAL NET TAX CAPACITY.] (a) Upon or after adoption of a tax increment financing plan, the auditor of any county in which the district is situated shall, upon request of the authority, certify the original net tax capacity of the tax increment financing district as described in the tax increment financing plan and shall certify in each year thereafter the amount by which the original net tax capacity has increased or decreased as a result of a change in tax exempt status of property within

the district, reduction or enlargement of the district or changes pursuant to subdivision 4.

(b) In the case of a mined underground space development district the county auditor shall certify the original net tax capacity as zero, plus the net tax capacity, if any, previously assigned to any subsurface area included in the mined underground space development district pursuant to section 272.04.

(c) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the classification under section 273.13 of property located in a district changes to a classification that has a different assessment ratio, the original net tax capacity of that property must be redetermined at the time when its use is changed as if the property had originally been classified in the same class in which it is classified after its use is changed.

(d) The amount to be added to the original net tax capacity of the district as a result of previously tax exempt real property within the district becoming taxable ~~shall be equal to~~ *equals* the net tax capacity of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the net tax capacity assessed by the assessor at the time of the transfer. *If substantial taxable improvements were made to a parcel after certification of the district and if the property later becomes tax exempt, in whole or part, as a result of the authority acquiring the property through foreclosure or exercise of remedies under a lease or other revenue agreement, the amount to be added to the original net tax capacity of the district as a result of the property again becoming taxable is the amount of the parcel's value that was included in original net tax capacity when the parcel was first certified.* The amount to be added to the original net tax capacity of the district as a result of enlargements ~~thereof shall be equal to~~ *equals* the net tax capacity of the added real property as most recently certified by the commissioner of revenue as of the date of modification of the tax increment financing plan pursuant to section 469.175, subdivision 4.

(e) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the net tax capacity of a property increases because the property no longer qualifies under the Minnesota agricultural property tax law, section 273.111; the Minnesota open space property tax law, section 273.112; or the metropolitan agricultural preserves act, chapter 473H, or because platted, unimproved property is improved or three years pass after approval of the plat under section 273.11, subdivision 1, the increase in net tax capacity must be added to the original net tax capacity.

(f) Each year the auditor shall also add to the original net tax capacity of each economic development district an amount equal to the original net tax capacity for the preceding year multiplied by the average percentage increase in the ~~net tax capacity market value~~ of all property included in the economic development district during the five years prior to certification of the district.

(g) The amount to be subtracted from the original net tax capacity of the district as a result of previously taxable real property within the district becoming tax exempt, or a reduction in the geographic area of the district, shall be the amount of original net tax capacity initially attributed to the

property becoming tax exempt or being removed from the district. If the net tax capacity of property located within the tax increment financing district is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor or by order of the commissioner of revenue, the reduction shall be applied to the original net tax capacity of the district when the property upon which the abatement is made has not been improved since the date of certification of the district and to the captured net tax capacity of the district in each year thereafter when the abatement relates to improvements made after the date of certification. The county auditor may specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 469.175, subdivision 4.

*(h) If a parcel of property contained a substandard building that was demolished or removed and if the authority elects to treat the parcel as occupied by a substandard building under section 469.174, subdivision 10, paragraph (b), the auditor shall certify the original net tax capacity of the parcel using the greater of (1) the current net tax capacity of the parcel, or (2) the estimated market value of the parcel for the year in which the building was demolished or removed, but applying the class rates for the current year.*

Sec. 13. Minnesota Statutes 1990, section 469.177, subdivision 8, is amended to read:

Subd. 8. [ASSESSMENT AGREEMENTS.] An authority may enter into a written assessment agreement ~~in recordable form~~ with a developer or redeveloper of property within the tax increment financing district which establishes any person establishing a minimum market value of the land and completed, existing improvements, or improvements to be constructed thereon until a specified termination date, which date shall be not later than the date upon which tax increment will no longer be remitted to the authority pursuant to section 469.176, subdivision 1 in a district, if the property is owned or will be owned by the person. The minimum market value established by an assessment agreement may be fixed, or increase or decrease in later years from the initial minimum market value. An assessment agreement terminates on the earliest of the date on which conditions in the assessment agreement for termination are satisfied, the termination date specified in the agreement, or the date when tax increment is no longer paid to the authority under section 469.176, subdivision 1. The assessment agreement shall be presented to the county assessor, or city assessor having the powers of the county assessor, of the jurisdiction in which the tax increment financing district and the property that is the subject of the agreement is located. The assessor shall review the plans and specifications for the improvements to be constructed, review the market value previously assigned to the land upon which the improvements are to be constructed and, so long as the minimum market value contained in the assessment agreement appears, in the judgment of the assessor, to be a reasonable estimate, shall execute the following certification upon the agreement:

Nothing herein shall limit the discretion of The assessor to may assign a market value to the property in excess of the minimum market value contained in established by the assessment agreement nor prohibit. The developer or redeveloper from seeking owner of the property may seek, through the exercise of administrative and legal remedies, a reduction in market value for property tax purposes; provided, however, that the developer or redeveloper shall not seek, nor shall the, but no city assessor, the county assessor, the county auditor, any board of review, any board of equalization, the commissioner of revenue, or any court of this state shall grant a reduction of the market value below the minimum market value contained in established by the assessment agreement during the term of the agreement filed of record regardless of actual market values which may result from incomplete construction of improvements, destruction, or diminution by any cause, insured or uninsured, except in the case of acquisition or reacquisition of the property by a public entity. Recording or filing of an assessment agreement complying with the terms of this subdivision shall constitute constitutes notice of the agreement to any subsequent purchaser or encumbrancer of the land or any part thereof, whether voluntary or involuntary anyone who acquires any interest in the land or improvements that is subject to the assessment agreement, and shall be the agreement is binding upon them.~~

Sec. 14. Minnesota Statutes 1990, section 469.1771, subdivision 2, is amended to read:

Subd. 2. [COLLECTION OF INCREMENT.] If an authority includes or retains a parcel of property in a tax increment financing district that does not qualify for inclusion or retention within the district, the authority must pay to the county auditor an amount of money equal to the increment collected from the property for the year or years. The property must be eliminated from the original and captured tax capacity of the district effective for the current property tax assessment year. This subdivision does not apply to a failure to decertify a district ~~required by at the end of the duration limits under section 469.176, subdivision 4 limit specified in the tax increment financing plan.~~

Sec. 15. Minnesota Statutes 1990, section 469.1771, subdivision 4, is amended to read:

Subd. 4. [LIMITATIONS.] (a) If the increments are pledged to repay bonds that were issued before the lawsuit was filed under this section, the damages under this section may not exceed the ~~greatest greater~~ of (1) ~~the damages under subdivision 2 or 3,~~ (2) ten percent of the expenditures or revenues derived from increment, or ~~(3) (2) the amount of available revenues after paying debt services due on the bonds.~~

(b) The court may abate all or part of the amount if it determines the action was taken in good faith and would work an undue hardship on the municipality.

Sec. 16. Minnesota Statutes 1990, section 469.179, is amended by adding

a subdivision to read:

*Subd. 3. [ACT AMENDMENTS; EFFECTIVE DATE PRESUMPTIONS.] (a) This subdivision establishes presumptions as to the effective dates of acts amending sections 469.174 to 469.178. These rules supplement the rules under section 645.02. The rules in paragraphs (b) and (c) apply unless the act specifies a different intent as to the time of its application.*

(b) Entertainment taxes must be paid on or before the date the return must be filed under section 289A.18, subdivision 1.

Sec. 7. Minnesota Statutes 1990, section 289A.31, subdivision 1, is amended to read:

The payor is liable to the state for the payment of the tax required to be deducted and withheld under section 290.9201, subdivision 7, and is not liable to the entertainer for the amount of the payment.

Sec. 8. Minnesota Statutes 1990, section 289A.35, is amended to read:  
289A.35 [ASSESSMENTS.]

The commissioner shall make determinations, corrections, and assessments with respect to state taxes, including interest, additions to taxes, and assessable penalties. The commissioner may audit and adjust the taxpayer's computation of federal taxable income to make it conform with the provisions of ~~section 290.01, subdivisions 19 to 19g, or the~~ items of federal tax preferences, or federal credit amounts to make them conform with the provisions of chapter 290 or section 298.01. If a taxpayer fails to file a required return, the commissioner, from information in the commissioner's possession or obtainable by the commissioner, may make a return for the taxpayer. The return will be prima facie correct and valid. If a return has been filed, the commissioner shall examine the return and make any audit or investigation that is considered necessary. The commissioner may use statistical or other sampling techniques consistent with generally accepted accounting principles in examining returns or records and making assessments.

Sec. 9. Minnesota Statutes 1990, section 289A.38, subdivision 12, is amended to read:

Subd. 12. [REQUEST FOR EARLY AUDIT FOR INDIVIDUAL INCOME, FIDUCIARY INCOME, *MINING COMPANY*, AND CORPORATE FRANCHISE TAXES.] (a) Tax must be assessed within 18 months after written request for an assessment has been made in the case of income received (1) during the lifetime of a decedent, (2) by the decedent's estate during the period of administration, (3) by a trustee of a terminating trust or other fiduciary who, because of custody of assets, would be liable for the payment of tax under section 289A.31, subdivision 4, or (4) by a *mining company* or a corporation. A proceeding in court for the collection of the tax must begin within two years after written request for the assessment (filed after the return is made and in the form the commissioner prescribes) by the personal representative or other fiduciary representing the estate of the decedent, or by the trustee of a terminating trust or other fiduciary who, because of custody of assets, would be liable for the payment of tax under section 289A.31, subdivision 4, or by the corporation. Except as provided in section 289A.42, subdivision 1, an assessment must not be made after the expiration of 3-1/2 years after the return was filed, and an action must not be brought after the expiration of four years after the return was filed.

(b) Paragraph (a) only applies in the case of a *mining company* or a corporation if:

(1) the written request notifies the commissioner that the corporation

contemplates dissolution at or before the expiration of the 18-month period;

(2) the dissolution is begun in good faith before the expiration of the 18-month period; and

(3) the dissolution is completed within the 18-month period.

Sec. 10. Minnesota Statutes 1990, section 289A.56, subdivision 2, is amended to read:

Subd. 2. [CORPORATE FRANCHISE, *MINING COMPANY*, INDIVIDUAL AND FIDUCIARY INCOME, AND ENTERTAINER TAX OVERPAYMENTS.] Interest must be paid on an overpayment refunded or credited to the taxpayer from the date of payment of the tax until the date the refund is paid or credited. For purposes of this subdivision, the prepayment of tax made by withholding of tax at the source or payment of estimated tax before the due date is considered paid on the last day prescribed by law for the payment of the tax by the taxpayer. A return filed before the due date is considered as filed on the due date.

When the amount of tax withheld at the source or paid as estimated tax or allowable as other refundable credits, or withheld from compensation of entertainers, exceeds the tax shown on the original return by \$10, the amount refunded bears interest from 90 days after (1) the due date of the return of the taxpayer, or (2) the date on which the original return is filed, whichever is later, until the date the refund is paid to the taxpayer. Where the amount to be refunded is less than \$10, no interest is paid. However, to the extent that the basis for the refund is a net operating loss carryback, interest is computed only from the end of the taxable year in which the loss occurs.

Sec. 11. Minnesota Statutes 1990, section 289A.60, subdivision 4, is amended to read:

Subd. 4. [SUBSTANTIAL UNDERSTATEMENT OF LIABILITY; PENALTY.] The commissioner of revenue shall impose a penalty for substantial understatement of any tax payable to the commissioner, except a tax imposed under chapter 297A.

There must be added to the tax an amount equal to 20 percent of the amount of any underpayment attributable to the understatement. There is a substantial understatement of tax for the period if the amount of the understatement for the period exceeds the greater of: (1) ten percent of the tax required to be shown on the return for the period; or (2)(a) \$10,000 in the case of a *mining company* or a corporation, other than an S corporation as defined in section 290.9725, when the tax is imposed by chapter 290, or (b) \$5,000 in the case of any other taxpayer, and in the case of a *mining company* or a corporation any tax not imposed by chapter 290 or section 298.01 or 298.015. The term "understatement" means the excess of the amount of the tax required to be shown on the return for the period, over the amount of the tax imposed that is shown on the return. The amount of the understatement shall be reduced by that part of the understatement that is attributable to the tax treatment of any item by the taxpayer if there is or was substantial authority for the treatment, or any item with respect to which the relevant facts affecting the item's tax treatment are adequately disclosed in the return or in a statement attached to the return. The special rules in cases involving tax shelters provided in section 6662(d)(2)(C) of the Internal Revenue Code of 1986, as amended through December 31, 1989, shall apply and shall apply to a tax shelter the principal purpose of which is the avoidance or evasion of state taxes. The commissioner may

abate all or any part of the addition to the tax provided by this section on a showing by the taxpayer that there was reasonable cause for the understatement, or part of it, and that the taxpayer acted in good faith. The additional tax and penalty shall bear interest at the rate specified in section 270.75 from the time the tax should have been paid until paid.

Sec. 12. Minnesota Statutes 1990, section 298.01, subdivision 3, is amended to read:

Subd. 3. *Subd. 4e. [ALTERNATIVE MINIMUM TAX CREDIT.] (a) A credit is allowed against the tax imposed by subdivision 4 for the increases in occupation taxes paid in 1988, 1989, and 1990 attributable to the alternative minimum tax imposed under section 290.092 and Minnesota Statutes 1986, section 298.40. The amount of the credit allowed under this paragraph is determined under section 290.06, subdivision 21.*

*(b) A credit is allowed against qualified regular tax for qualified alternative minimum tax previously paid. The amount of the credit allowed under this paragraph is determined under section 290.0921, subdivision 8. For purposes of calculating this credit, the following terms have the meanings*

given:

Sec. 7. Minnesota Statutes 1990, section 272.67, subdivision 6, is amended to read:

Subd. 6. A certified copy of every ordinance, amendment, and order adopted or entered ~~pursuant to~~ *under* this section shall be filed with the county auditor before it becomes effective. *For the purposes of taxation, if the ordinance, amendment, or order is certified on or before August 1 of a levy year, it may be implemented that same levy year. If the ordinance, amendment, or order is certified after August 1 of a levy year, it may not be implemented until the following levy year.* The amount of taxes levied each year by each city shall be certified to the county auditor in the manner now or hereafter provided by law. Taxes levied for payment of bonds and judgments and interest thereon shall continue to be spread upon all taxable property within the boundaries of the city in proportion to the ~~gross net~~ tax capacity thereof. The remaining amount of the taxes levied each year shall be allocated by the county auditor to the urban service district and the rural service district in amounts proportionate to the current benefit ratio times the current ratio between the market values of all taxable property within the urban service district and all taxable property within the rural service district. Within each district, the amount so allocated shall be spread upon all taxable property in proportion to the net tax capacity thereof.

Sec. 8. Minnesota Statutes 1990, section 273.111, subdivision 6, is amended to read:

Subd. 6. Real property shall be considered to be in agricultural use provided that annually: (1) at least 33 1/3 percent of the total family income of the owner is derived therefrom, or the total production income including rental from the property is \$300 plus \$10 per tillable acre; and (2) it is devoted to the production for sale of ~~livestock, dairy animals, dairy products, poultry and poultry products, fur bearing animals, horticultural and nursery stock which is under sections 18.44 to 18.61, fruit of all kinds, vegetables, forage, grains, bees and apiary products by the owner, slough, wasteland, and woodland contiguous to or surrounded by land described in subdivision 3 shall be considered to be in agricultural use if under the same ownership and management agricultural products as defined in section 273.13, subdivision 23, paragraph (e).~~

Sec. 9. Minnesota Statutes 1990, section 273.124, subdivision 13, is amended to read:

Subd. 13. [SOCIAL SECURITY NUMBER REQUIRED FOR HOMESTEAD APPLICATION.] Every property owner applying for homestead classification must furnish to the county assessor that owner's social security number. If the social security number is not provided, the county assessor shall classify the property as nonhomestead. The social security numbers of the property owners are private data on individuals as defined by section 13.02, subdivision 12, but, notwithstanding that section, the private data may be disclosed to the commissioner of revenue.

At the request of the commissioner, each county must give the commissioner a list that includes the name and social security number of each property owner applying for homestead classification.

If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead benefits that had been improperly allowed. For the purpose of this section, "homestead benefits" means the tax reduction resulting from the classification as a homestead under section 273.13, ~~the homestead credit under section 273.1398 for taxes payable in 1990 and thereafter, the taconite homestead credit under section 273.135, and the supplemental homestead credit, and the tax reduction resulting from the agricultural credit under section 273.1398 for taxes payable in 1990 and thereafter under section 273.1391.~~ The county auditor shall send a notice to the owners of the affected property, demanding reimbursement of the homestead benefits plus a penalty equal to ~~25~~ 50 percent of the homestead benefits. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county.

If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount to the succeeding year's tax list to be collected as part of the property taxes.

Any amount of homestead benefits recovered from the property owner must be transmitted to the commissioner by the end of each calendar quarter. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite

property tax relief account. The amount of penalty collected must be deposited in the county general fund.

The commissioner will provide suggested homestead applications to each county. If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.

Sec. 10. Minnesota Statutes 1990, section 273.1398, subdivision 6, is amended to read:

Subd. 6. [PAYMENT.] The commissioner shall certify the aids provided in subdivisions 2, 2b, 3, and 5 before December 1, 1989, and October 1 thereafter of the year preceding the distribution year to the county auditor of the affected local government ~~and pay them~~. *The aids provided in subdivisions 2, 2b, 3, and 5 must be paid to local governments other than school districts at the times provided in section 477A.015 for payment of local government aid to taxing jurisdictions, except that the first one-half payment of disparity reduction aid provided in subdivision 3 must be paid on or before August 31.* The disparity reduction credit provided in subdivision 4 must be paid to taxing jurisdictions other than school districts at the time provided in section 473H.10, subdivision 3. Aids and credit reimbursements to school districts must be certified to the commissioner of education and paid under section 273.1392. Except for education districts and secondary cooperatives that receive revenue according to section 124.2721 or 124.575, payment shall not be made to any taxing jurisdiction that has ceased to levy a property tax.

Sec. 11. Minnesota Statutes 1990, section 276.041, is amended to read:

276.041 [FILING TO RECEIVE NOTICE OF DELINQUENT TAXES.]

Fee owners, vendees, mortgagees, lienholders, *escrow agents*, and lessees of real property may file their names and current mailing addresses with the county auditor in the county where the land is located for the purpose of receiving notices affecting the land that are issued under sections 276.04, 281.23, and 279.091. A person filing shall pay a filing fee of \$15 to the county auditor for each parcel. The filing expires after three years. The county auditor shall give a copy of the list of names and addresses to the county treasurer. Taxpayers of record with the county auditor and mortgagees who remit taxes on their behalf shall receive tax statements and other notices and are not required to file and pay fees under this section.

Sec. 12. Minnesota Statutes 1990, section 277.01, is amended to read:

277.01 [WHEN TAX IS DELINQUENT; PENALTY.]

Subdivision 1. Except as provided in this subdivision *and subdivision* all unpaid personal property taxes shall be deemed delinquent on May next after they become due or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, and thereupon penalty of eight percent shall attach and be charged upon all such taxes. *the case of unpaid personal property taxes due and owing under section 272.01, subdivision 2, or 273.19, the first half shall become delinquent not paid before May 16 or 21 days after the postmark date on the envelope*

containing the property tax statement, whichever is later, and thereupon a penalty of eight percent shall attach on the unpaid first half; and the second half shall become delinquent if not paid before October 16, and thereupon a penalty of eight percent shall attach on the unpaid second half. This section shall not apply to ~~class 2a~~ property taxed under section 274.19, subdivision 8, paragraph (c).

A county may provide by resolution that in the case of a property owner that has multiple personal property tax statements with the aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 277.011 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

*Subd. 3. [IMPROVEMENTS TO REAL PROPERTY.] Personal property taxes assessed upon improvements made to real property taxed under section 272.01, subdivision 2, or 273.19, if unpaid, become delinquent on May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later. If the tax against the improvements exceeds \$50, one-half may be paid before May 16 and the remaining one-half must be paid at any time before the following October 16, without penalty. Section 279.01, subdivision 1, otherwise governs imposition of penalties.*

Sec. 13. Minnesota Statutes 1990, section 278.01, subdivision 1, is amended to read:

Subdivision 1. [DETERMINATION OF VALIDITY.] Any person having any estate, right, title, or interest in or lien upon any parcel of land, who claims that such property has been partially, unfairly, or unequally assessed in comparison with other property in the (1) city, or (2) county, or (3) in the case of a county containing a city of the first class, the portion of the county excluding the first class city, or that the parcel has been assessed at a valuation greater than its real or actual value, or that the tax levied against the same is illegal, in whole or in part, or has been paid, or that the property is exempt from the tax so levied, may have the validity of the claim, defense, or objection determined by the district court of the county in which the tax is levied or by the tax court by serving ~~two copies~~ *one copy* of a petition for such determination upon the county auditor, one copy on the county attorney, ~~and~~ one copy on the county treasurer, ~~and three copies on the county assessor~~. In counties where the office of county treasurer has been combined with the office of county auditor, the petitioner must serve the number of copies required by the county. The petitioner must file the copies with proof of service, in the office of the court administrator of the district court before the 16th day of May of the year in which the tax becomes payable. The county ~~auditor~~ *assessor* shall immediately forward one copy of the petition to the appropriate governmental authority in a home rule charter or statutory city or town in which the property is located if that city or town employs its own certified assessor. A copy of the petition shall also be ~~sent~~ *forwarded by the assessor* to the school board of the school district in which the property is located. A petition for determination under this section may be transferred by the district court to the

tax court. An appeal may also be taken to the tax court under chapter 271 at any time following receipt of the valuation notice required by section 273.121 but prior to May 16 of the year in which the taxes are payable.

Sec. 14. Minnesota Statutes 1990, section 278.05, subdivision 4, is amended to read:

Subd. 4. [SALES RATIO STUDIES AS EVIDENCE.] The sales ratio studies published by the department of revenue, or any part of the studies, or any copy of the studies or records accumulated to prepare the studies which is prepared by the commissioner of revenue for use in determining education aids shall be admissible in evidence as a public record without the laying of a foundation if the sales prices used in the study are adjusted for the terms of the sale to reflect market value and are adjusted to reflect the difference in the date of sale compared to the assessment date. The department of revenue sales ratio study shall be prima facie evidence of the level of assessment. Additional evidence relevant to the sales ratio study is also admissible. No sales ratio study received into evidence shall be conclusive or binding on the court and evidence of its reliability or unreliability may be introduced by any party including, but not limited to, evidence of inadequate adjustment of sale prices for terms of financing, inadequate adjustment of sales prices to reflect the difference in the date of sale compared to the assessment date, and inadequate sample size.

No reduction in value on the grounds of discrimination shall be granted on the basis of a sales ratio study unless

(a) the sales prices are adjusted for the terms of the sale to reflect market value,

(b) the sales prices are adjusted to reflect the difference in the date of sale compared to the assessment date,

(c) there is an adequate sample size, and

(d) the median ratio of the same classification of property in the same county, city, or town as the subject property is lower than 90 percent, except that in the case of a county containing a city of the first class, the median ratio for the county shall be the ratio determined excluding sales from the first class city within the county.

If a reduction in value on the grounds of discrimination is granted based on the above criteria, the reduction shall equal the difference between (1) the ratio for the petitioner's property less five percentage points 95 percent and (2) the median ratio determined by the court. ~~In order to receive relief on the basis of discrimination, the petitioner must establish the ratio of the assessor's estimated market value to the actual fair market value for the property.~~

Sec. 15. Minnesota Statutes 1990, section 279.01, subdivision 1, is amended to read:

Subdivision 1. Except as provided in subdivision 3, on May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, a penalty shall accrue and thereafter be charged upon all unpaid taxes on real estate on the current lists in the hands of the county treasurer. The penalty shall be at a rate of three percent on homestead property and seven percent on nonhomestead property. This penalty shall not accrue until June 1 of each year, or 21 days after the postmark date on the envelope containing the property tax statements, whichever is later, on

commercial use real property used for seasonal residential recreational purposes and classified as class 1c or 4c, and on other commercial use real property classified as class 3a, provided that over 60 percent of the gross income earned by the enterprise on the class 3a property is earned during the months of May, June, July, and August. Any property owner of such class 3a property who pays the first half of the tax due on the property after May 15 and before June 1, or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, shall attach an affidavit to the payment attesting to compliance with the income provision of this subdivision. Thereafter, for both homestead and non-homestead property, on the first day of each month, up to and including October 1 following, an additional penalty of one percent for each month shall accrue and be charged on all such unpaid taxes provided that if the due date was extended beyond May 15 as the result of any delay in mailing property tax statements no additional penalty shall accrue if the tax is paid by the extended due date. If the tax is not paid by the extended due date, then all penalties that would have accrued if the due date had been May 15 shall be charged. When the taxes against any tract or lot exceed \$50, one-half thereof may be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later; and, if so paid, no penalty shall attach; the remaining one-half shall be paid at any time prior to October 16 following, without penalty; but, if not so paid, then a penalty of four percent shall accrue thereon for homestead property and a penalty of four percent on nonhomestead property. Thereafter, for homestead property, on the first day of November and December following, an additional penalty of two percent for each month shall accrue and be charged on all such unpaid taxes. Thereafter, for nonhomestead property, on the first day of November and December following, an additional penalty of four percent for each month shall accrue and be charged on all such unpaid taxes. If one-half of such taxes shall not be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, the same may be paid at any time prior to October 16, with accrued penalties to the date of payment added, and thereupon no penalty shall attach to the remaining one-half until October 16 following.

*This section applies to payment of personal property taxes assessed against improvements to leased property, except as provided by section 277.01, subdivision 3.*

A county may provide by resolution that in the case of a property owner that has multiple tracts or parcels with aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 278.03 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

Sec. 16. Minnesota Statutes 1990, section 279.01, subdivision 2, is amended to read:

Subd. 2. In the case of any tax on class 1b, 2a, and 1a homestead property paid within 30 days after the due date specified in this section or after the

30-day extension as specified in subdivision 3, The county board may, with the concurrence of the county treasurer, delegate to the county treasurer the power to abate the penalty provided for late payment of taxes in the current year. Notwithstanding section 270.07, if any county board so elects, the county treasurer may abate the penalty on finding that the imposition of the penalty would be unjust and unreasonable.

Sec. 17. Minnesota Statutes 1990, section 279.06, is amended to read: 279.06 [COPY OF LIST AND NOTICE.]

281.17 [PERIOD FOR REDEMPTION.]

The period of redemption for all lands sold to the state at a tax judgment sale shall be three years from the date of sale to the state of Minnesota if the land is within an incorporated area unless it is: (a) nonagricultural homesteaded land as defined in section 273.13, subdivision 22, (b) homesteaded agricultural land as defined in section 273.13, subdivision 23, paragraph (a), or (c) seasonal recreational land as defined in section 273.13, subdivision 24, paragraph (a), (b), (c), and (d), ~~subdivision subdivisions 22, paragraph (c), and 25, paragraph (d)(1) of (c)(4), clause (5).~~ in which event the period of redemption is five years from the date of sale to the state of Minnesota.

Sec. 19. Minnesota Statutes 1990, section 282.01, subdivision 1, is amended to read:

Subdivision 1. [CLASSIFICATION.] It is the general policy of this state to encourage the best use of tax-forfeited lands, recognizing that some lands in public ownership should be retained and managed for public benefits while other lands should be returned to private ownership. Parcels of land becoming the property of the state in trust under law declaring the forfeiture of lands to the state for taxes shall be classified by the county board of the county in which the parcels lie as conservation or nonconservation. In making the classification the board shall consider the present use of adjacent lands, the productivity of the soil, the character of forest or other growth, accessibility of lands to established roads, schools, and other public services, their peculiar suitability or desirability for particular uses and the suitability of the forest resources on the land for multiple use, sustained yield management. The classification, furthermore, must encourage and foster a mode of land utilization that will facilitate the economical and adequate provision of transportation, roads, water supply, drainage, sanitation, education, and recreation; facilitate reduction of governmental expenditures; conserve and develop the natural resources; and foster and develop agriculture and other industries in the districts and places best suited to them.

In making the classification the county board may use information made available by any office or department of the federal, state, or local governments, or by any other person or agency possessing pertinent information at the time the classification is made. The lands may be reclassified from time to time as the county board may consider necessary or desirable, except for conservation lands held by the state free from any trust in favor of any taxing district.

If the lands are located within the boundaries of an organized town, with taxable valuation in excess of \$20,000, or incorporated municipality, the classification or reclassification and sale must first be approved by the town board of the town or the governing body of the municipality in which the lands are located. ARTICLE 13

LOCAL GOVERNMENT SERVICE SHARING AND  
COMBINATION INCENTIVES

Section 1. [465.80] [SERVICE SHARING GRANTS.]

*Subdivision 1. [SCOPE.] This section establishes a program for grants to cities, counties, and towns to enable them to meet the start-up costs of providing shared services or functions.*

*Subd. 2. [ELIGIBILITY.] Any home rule charter or statutory city, county, or town that provides a plan for offering a governmental service under a joint powers agreement with another city, county, or town, or with an agency of state government, is eligible for a grant under this section, and is referred to in this section as an "eligible local government unit."*

*Subd. 3. [PLAN.] To apply for a grant under this section, the governing body of the eligible local government unit must by resolution adopt a plan that includes:*

*(1) a proposal to enter into an agreement for the joint exercise of powers under section 471.59 that will result in a fully integrated service or function provided by the eligible local unit of government and one or more other government units as defined in section 471.59. Agreements solely to make joint purchases are not sufficient to qualify under this section;*

*(2) specific projections of cost savings or more efficient service operations that are reasonably likely to result from the combined service or function; and*

*(3) evidence of the need for financial assistance to meet start-up costs that would be entailed in providing the combined service or function.*

*Subd. 4. [SUBMISSION OF PLAN TO DEPARTMENT.] The plan must be submitted to the department of trade and economic development. The commissioner of trade and economic development will approve a plan only if it contains the elements set forth in subdivision 3, with sufficient information to verify the assertions under clauses (2) and (3). The commissioner may request modifications of a plan. If the commissioner rejects a plan, written reasons for the rejection must be provided, and a governmental unit may modify the plan and resubmit it.*

*Subd. 5. [GRANTS.] The amount of each grant shall be equal to the additional start-up costs for which evidence is presented under subdivision 3, clause (3). Only one grant will be given to a local government unit for any function or service it proposes to combine with another government unit, but a unit may apply for separate grants for different services or functions it proposes to combine. If the amount of money available for making the grants is not sufficient to fully fund the grants to eligible local government units with approved plans, the commissioner shall award grants on the basis of each qualified applicant's score under a scoring system to be devised by the commissioner to measure the relative needs for the grants and the ratio of costs to benefits for each proposal.*

Sec. 2. [465.81] [COOPERATION AND COMBINATION.]

*Subdivision 1. [SCOPE.] Sections 2 to 8 establish procedures to be used by counties, cities, or towns that adopt by resolution an agreement providing a plan to provide combined services during an initial two-year cooperation period and then to merge into a single unit of government over the succeeding two-year period.*

*Subd. 2. [DEFINITIONS.] As used in sections 2 to 8, the words defined in this subdivision have the meanings given them in this subdivision.*

*"City" means home rule charter or statutory cities.*

*"Commissioner" means the commissioner of trade and economic development.*

*"Department" means the department of trade and economic development.*

*"Governing body" means, in the case of a county, the county board; in the case of a city, the city council; and, in the case of a town, the town board.*

*"Local government unit" or "unit" includes counties, cities, and towns.*

*Subd. 3. [COMBINATION REQUIREMENTS.] Counties may combine with one or more other counties. Cities may combine with one or more other cities or with one or more towns. Towns may combine with one or more other towns or with one or more cities. Units that combine must be contiguous.*

Sec. 3. [465.82] [COOPERATION AND COMBINATION PLAN.]

*Subdivision 1. [ADOPTION AND STATE AGENCY REVIEW.] Each governing body that proposes to combine under sections 2 to 8 must adopt by resolution a plan for cooperation and combination. The plan must address each item in this section. The plan must be specific for any item that will occur within three years and may be general or set forth alternative proposals for an item that will occur more than three years in the future. The plan must be submitted to the department of trade and economic development for review and comment. Significant modifications and specific resolutions of items must be submitted to the department for review and comment. In the official newspaper of each local government unit proposed for combination, the governing body must publish at least a summary of the adopted plans, each significant modification and resolution of items, and the results of each department review and comment.*

*Subd. 2. [CONTENTS OF PLAN.] The plan shall state:*

*(1) the specific cooperative activities the units will engage in during the first two years of the venture;*

*(2) the steps to be taken to effect the merger of the governmental units, beginning in the third year of the process, with completion no later than four years after the process begins;*

*(3) the steps by which a single governing body will be created. Notwithstanding any other law to the contrary, all current members of the governing bodies of the local government units that propose to combine under sections 2 to 8 may serve on the initial governing body of the combined unit, until a gradual reduction in membership is achieved by foregoing election of new members when terms expire until the number permitted by other law is reached;*

(4) changes in services provided, facilities used, administrative operations and staffing to effect the preliminary cooperative activities and the final merger;

(5) treatment of employees of the merging governmental units, specifically including provisions for reassigning employees, dealing with unions, and providing financial incentives to encourage early retirements;

(6) financial arrangements for the merger, specifically including responsibility for debt service on outstanding obligations of the merging entities;

(7) two, five, and ten-year projections prepared by the department of revenue at the request of the local government unit, of revenues, expenditures, and property taxes for each unit if it combined and if it remained separate;

(8) procedures for a referendum to be held prior to the year of the proposed combination to approve combining the local government units, specifically stating whether a majority of those voting in each district proposed for combination or a majority of those voting on the question in the entire area proposed for combination would be needed to pass the referendum; and

(9) a time schedule for implementation.

#### Sec. 4. [465.83] [STATE AGENCY APPROVAL.]

Before scheduling a referendum on the question of combining local government units under section 5, the units shall submit the plan adopted under section 3 to the commissioner. The commissioner may require any information it deems necessary to evaluate the plan. The commissioner shall disapprove the proposed combination if the commissioner finds that the plan is not reasonably likely to enable the combined unit to provide services in a more efficient or less costly manner than the separate units would provide them, or if the plans or plan modification are incomplete.

#### Sec. 5. [465.84] [REFERENDUM.]

During the first or second year of cooperation, and after approval of the plan by the department under section 4, a referendum on the question of combination shall be conducted. The referendum shall be on a date called by the governing bodies of the units that propose to combine. The referendum shall be conducted according to the Minnesota election law, as defined in section 200.01. If the referendum fails, the same question or a modified question may be submitted the following year. If the referendum fails again, the same question may not be submitted. Referendums shall be conducted on the same date in all local government units.

#### Sec. 6. [465.85] [COUNTY AUDITOR TO PREPARE PLAT.]

Upon the request of two or more local government units that have adopted a resolution to cooperate and combine, the county auditor shall prepare a plat. If the proposed combined local government unit is located in more than one county, the request shall be submitted to the county auditor of the county that has the greatest land area in the proposed district. The plat must show:

(1) the boundaries of each of the present units;

(2) the boundaries of the proposed unit;

(3) the boundaries of proposed election districts, if requested; and

(4) other information deemed pertinent by the governing bodies or the county auditor.

Sec. 7. [465.86] [BONDED DEBT AT THE TIME OF COMBINATION.]

*Debt service for bonds outstanding at the time of the combination may be levied by the combined governing body consistent with the plan adopted according to section 3, and any subsequent modifications, subject to section 475.61. The primary obligation to pay the bonded indebtedness outstanding on the effective date of combination remains with the local government unit that issued the bonds, but a combined unit may make debt service payments on behalf of a preexisting unit.*

Sec. 8. [465.87] [AIDS TO COOPERATING AND COMBINING UNITS.]

*Subdivision 1. [ELIGIBILITY.] A local government unit is eligible for aid under this section if the commissioner has approved its plan to cooperate and combine under section 4.*

*Subd. 2. [AMOUNT OF AID.] The aid to be paid to each eligible local government unit is equal to the following per capita amounts, based on the combined population of the units, not to exceed \$100,000 per year for any unit.*

<i>Combined Population after Combination</i>	<i>Aid Per Capita</i>
<i>0 - 2,500</i>	<i>\$25</i>
<i>2,500 - 5,000</i>	<i>20</i>
<i>5,000 - 20,000</i>	<i>15</i>
<i>over 20,000</i>	<i>10</i>

*Payments shall be made on the dates provided for payments of local government aid under section 477A.013, beginning in the year during which substantial cooperative activities under the plan initially occur, unless those activities begin after July 1, in which case the initial aid payment shall be made in the following calendar year.*

*Subd. 3. [TERMINATION OF AID; RECAPTURE.] If a second referendum under section 5 fails, or if an initial referendum fails and the governing body does not schedule a second referendum within one year after the first has failed, or if one or more of the local government units that proposed to combine terminates its participation in the cooperation or combination, no additional aid will be paid under this section. The amount previously paid under this section to a unit must be repaid if the governing body of the unit acts to terminate its current level of participation in the plan. The amount previously paid to the unit must be repaid in annual installments equal to the total amount paid to the unit for all years under subdivision 2, divided by the number of years when payments were made.*

Sec. 9. [APPROPRIATION.]

*\$1,500,000 is appropriated to the commissioner of trade and economic development to be used to make the grants under section 1 and to pay the aids under sections 2 to 8. At least 40 percent of the amount appropriated under this section shall be used to make aid payments under sections 2 to 8 unless there are not enough qualified applicants for the cooperation and combination program to make use of the full appropriation.*

## DELINQUENT TAXES ON PERSONAL PROPERTY

## Section 1. [47.209] [MANUFACTURED HOME FINANCING; PROPERTY TAX ESCROW REQUIREMENT.]

*Any agreement entered into after December 31, 1991, for the financing or refinancing of a purchase of a manufactured home shall require that the lender maintain an escrow account for deposit of payments for property taxes payable on the manufactured home, and that the borrower make the required payments. As used in this section, "lender" includes a state bank and trust company, national banking association, state or federally chartered savings and loan association, mortgage bank, mutual savings bank, insurance company, credit union, or a dealer as defined in section 327B.01, subdivision 7, who enters into an agreement for financing or refinancing a purchase of a manufactured home.*

Sec. 2. Minnesota Statutes 1990, section 274.19, subdivision 3, is amended to read:

Subd. 3. [TAX STATEMENTS; PENALTIES; COLLECTIONS.] Not later than July 15 in the year of assessment the county treasurer shall mail to the taxpayer a statement of tax due on a manufactured home. The taxes are due on the last day of August, *except that if the tax exceeds \$50, one-half of the amount due may be paid on August 31, and the remainder on November 15.* Taxes remaining unpaid after the due date are delinquent, and a penalty of eight percent must be assessed and collected as part of the unpaid taxes. ~~On September 30 the county treasurer shall make a list of taxes remaining unpaid and shall certify the list immediately to the court administrator of district court. The court administrator shall issue warrants to the sheriff for collection.~~

## Sec. 3. [277.17] [ESCROW REQUIREMENT FOR DELINQUENCIES ON MANUFACTURED HOMES.]

*Subdivision 1. [CERTIFICATION TO MANUFACTURED HOME OWNER.] On or before October 15 of each year, the county auditor shall send a letter to each owner of a manufactured home for which the personal property taxes due on August 31 are delinquent as of September 30. On or before December 31 of each year, the county auditor shall send a letter to each owner of a manufactured home for which the taxes due on August 31 were not delinquent but the personal property taxes due on November 15 are delinquent as of December 15. The letter must inform the owner that due to the delinquency, the owner will be required under state law to begin making monthly payments of delinquent property taxes, and that the property taxes will also be escrowed for payment of property taxes the following year. The form and content of the notice to the owner shall be specified by the commissioner of revenue.*

*Subd. 2. [ESTABLISHMENT OF TAX ESCROW ACCOUNTS.] The county auditor must establish a tax escrow account for delinquent property taxes for each owner receiving a letter under subdivision 1. An owner who receives a notice regarding taxes due August 31 must pay an additional amount each month equal to ten percent of the delinquent personal property taxes, penalties, and interest due, plus ten percent of the tax payable in the following calendar year. If the owner fails to pay the tax due on November 15, the additional amount of tax due but unpaid will be added to the delinquent property taxes payable by installment under this section. An*

owner who receives a notice regarding taxes due November 15 must pay an additional amount each month equal to 15 percent of the delinquent taxes, penalties, and interest due, plus 12 percent of the tax payable in the following calendar year.

*Subd. 3. [COUNTY ESCROW.] Within 30 days of receipt of a letter from the county auditor under subdivision 1, the owner must make the first monthly payment under subdivision 2 to the county auditor. The commissioner of revenue shall prescribe the procedures to be used for monthly collections of the delinquent and current tax payments. If an owner is making the payments at the time required under this section, no action may be taken under section 4 with respect to the manufactured home for which the property taxes are being paid into the escrow account.*

**Sec. 4. [277.20] [LIEN FOR PERSONAL PROPERTY TAX.]**

*Subdivision 1. [CREATION OF LIEN.] Except for property exempt under subdivision 3, the tax assessed on personal property or manufactured homes and collectible under this chapter is a lien on all the real and personal property within this state of the person liable for the payment of the tax. The lien arises on January 2 of the year in which the tax is assessed and continues until the tax is paid. For purposes of this section and section 277.21, "tax" also includes penalty, interest, recording fees, sheriff fees, and court costs that may accrue on the unpaid tax.*

*Subd. 2. [FILING OF LIEN FOR ENFORCEABILITY.] The lien imposed by subdivision 1 is not enforceable against any purchaser, mortgagee, pledgee, holder of a uniform commercial code security interest, mechanic's lienor, or judgment lien creditor until a notice of lien has been filed by the county treasurer in the office of the county recorder of the county in which the property is situated, or in the case of personal property belonging to an individual who is not a resident of this state, or that is a corporation, partnership, or other organization, in the office of the secretary of state. Priority of a lien created under this article shall be determined in accordance with the provisions of section 507.34. Liens filed in the office of the county recorder shall be filed with the state tax liens filed pursuant to section 270.69, and the index shall indicate the name of the county for which the lien was filed. If the land is registered, the notice of lien shall be filed in the office of the registrar of titles of the county in which the property is registered. Notwithstanding any other law to the contrary, the county treasurer is exempt from the payment of fees when the lien is offered for filing or recording; the fee for filing or recording the lien must be paid at the time the release of lien is offered for filing or recording. Notwithstanding any law to the contrary, the fee for filing or recording the lien or the release of lien is \$15.*

*Subd. 3. [EXEMPT PROPERTY.] The lien imposed on personal property by this section, even though properly filed, is not enforceable against the personal property listed as exempt in sections 550.37, 550.38, and 550.39, but manufactured homes otherwise exempt under section 550.37, subdivision 12, are subject to lien under this section.*

*Subd. 4. [PERIOD OF LIMITATIONS.] Notwithstanding any other law to the contrary, the lien imposed by this section is enforceable from the time the lien arises and for ten years from the date of filing the notice of lien. The notice of lien must be filed by the county treasurer within five years after the date of assessment of the tax. A notice of lien filed in one county may be transcribed to any other county within ten years after the date of*

*its filing, but the transcription does not extend the period during which the lien is enforceable. A notice of lien may be renewed by the county treasurer before the expiration of the ten-year period for an additional ten years. The taxpayer must receive written notice of the renewal.*

*Subd. 5. [ENFORCEABILITY OF LIEN.] The lien imposed by this section is enforceable by levy as authorized in section 277.21, or by judgment lien foreclosure as authorized in chapter 550.*

*Subd. 6. [NOTICE OF MORTGAGE FORECLOSURE OR CONTRACT TERMINATION.] If a lien has been filed by the county treasurer against real property under this section, and, after the recording of the lien, a mortgage foreclosure upon the real property is commenced under chapter 580, or a termination of contract of sale of the real property is commenced under section 559.21, notice of the mortgage foreclosure or termination of contract of sale must be mailed to the county treasurer at least 25 days before the foreclosure, sale, or date of termination. Notice need not be given under this subdivision if the lien has been filed within 30 days or less before the foreclosure, sale, or date of termination. The notice must contain the following information: (1) the name and address of the taxpayer; (2) a copy of the notice of mortgage foreclosure or contract for deed cancellation; (3) a copy of the lien filed by the county treasurer; (4) the total unpaid balance of the mortgage or contract for deed; and (5) a legal description of the property. Upon a request of a party providing notice under this subdivision, the county treasurer shall send to the party within one business day of receiving the notice a receipt for the notice.*

*Subd. 7. [FILING ENTITLEMENT.] Execution of notices of liens or of other notices affecting personal property tax liens by the county treasurer or a delegate entitles them to be filed, and no other attestation, certification, or acknowledgment is necessary.*

*Subd. 8. [LIEN SEARCH FEES.] Upon request of a person, the filing officer shall issue a certificate showing whether there is on file, on the date and hour stated in the certificate, any notice of lien or certificate or notice affecting any lien filed after December 31, 1991, naming a particular person, and giving the date and hour of filing of each notice or certificate naming the person. The fee for a certificate is as provided by section 336.9-407 or 357.18, subdivision 1, clause (3). Upon request, the filing officer shall furnish a copy of any notice of lien, or notice or certificate affecting a lien, for a fee of \$1 per page.*

#### **Sec. 5. [277.21] [LEVY AND DISTRAINT.]**

*Subdivision 1. [COLLECTION AUTHORITY OF THE COUNTY TREASURER.] If a tax assessed on personal property or manufactured homes and collectible under this chapter is not paid when due, the county treasurer shall, as soon as practicable, take action the county treasurer considers necessary and reasonable to collect the delinquent tax. By mutual agreement, the county treasurer may use the services of the district court or the central collection unit of the county to effect collection. In addition, by inclusion and not limitation, the county treasurer may request a writ of execution to enforce any tax judgment or may levy and seize property under authority granted by this section. Taxes may be collected by the county treasurer within five years after the date of assessment of the tax, or if a lien has been filed, within the period the lien is enforceable, or if the tax judgment has been filed, within the statutory period of enforcement of a valid tax judgment, by a levy upon all property and rights to property of the person*

liable for the payment of the tax. However, the right to levy does not extend to property that is exempt from execution under sections 550.37, 550.38, and 550.39, but manufactured homes otherwise exempt per section 550.37, subdivision 12, are subject to levy and sale under this section. The term "levy" includes the power of distraint and seizure by any means. For this purpose, the term "tax" includes penalty, interest, and costs properly payable.

*Subd. 2. [NOTICE AND DEMAND; JEOPARDY COLLECTION.] At least 30 days before a levy is made, notice and demand for payment of the amount due must be given to the person liable for the payment or collection of the tax. If the county treasurer has reason to believe that collection of the tax is in jeopardy, notice and demand for immediate payment of the tax may be made by the county treasurer. If the tax is not paid, the county treasurer may proceed to collect by levy without regard to the 30-day period or the due date.*

*If collection of tax on personal property or manufactured homes is in jeopardy because of removal from the county or other reasons before the time that the taxes are calculated for the property for the current tax year, the county auditor shall immediately determine the amount of tax by applying the latest available levy rate and market value and shall notify the county treasurer of the amount of tax in jeopardy. The county treasurer may levy and seize the property without regard to prior notice or due date.*

*The notice required under this subdivision must be sent to the taxpayer's last known address and must include a brief statement that states in simple and nontechnical terms: (1) the administrative appeals available to the taxpayer with respect to the levy and sale; and (2) the alternatives available to the taxpayer that can prevent a levy, including an installment payment agreement under section 277.23.*

*Subd. 3. [MANNER OF EXECUTION AND SALE.] In making the execution of the levy and in collecting the taxes due, the county treasurer has all of the powers in chapter 550 and in any other law for purposes of effecting an execution against property in this state. The sale of property levied upon, and the time and manner of redemption therefrom, must be consistent with authority granted to the commissioner of revenue to collect state taxes under sections 270.70 to 270.709. The seal of the court, subscribed by the court administrator, as provided in section 550.04, is not required. The levy for collection of taxes may be made, whether or not a legal action for collection of the taxes has been commenced.*
