Students of the same family shall be placed in the same group unless one or more of these students is enrolled in a special education class or unless the parent or guardian of these students requests that the students be placed in different groups. No ~~school~~ board shall discriminate on the basis of race, color, creed, religion, marital status, status with regard to public assistance, sex, or national origin when assigning pupils to attendance groups pursuant to this section.

Subd. 2. A full-time ~~classroom~~ teacher currently employed by a ~~school~~ district which converts to a flexible ~~school~~ *learning* year program shall not, without the teacher's written consent, be required to teach under this program (1) more or less than the number of scheduled days or their equivalent the ~~schools~~ *facilities* of the district were maintained during the year preceding implementation of the flexible ~~school~~ *learning* year program; (2) in a period of the calendar year substantially different from the period in which the teacher taught during the year preceding implementation of the flexible

learning year program.

Subd. 3. In no event shall a teacher's continuing contract rights to a position held the year preceding implementation of a flexible ~~school~~ *learning* year program or teaching experience earned during a probationary period the year preceding implementation be lost or impaired upon adoption of a flexible ~~school~~ *learning* year program. Sec. 33. [122.895] [EMPLOYEES OF COOPERATIVE DISTRICTS UPON DISSOLUTION OR WITHDRAWAL.]

Subdivision 1. [DEFINITIONS.] *For purposes of this section, "teacher" means a teacher as defined in section 125.12, subdivision 1, who is employed*

by a district or center listed in subdivision 2, except that it does not include a superintendent. "Cooperative" means any district or center to which this section applies.

Subd. 2. [APPLICABILITY.] *This section applies to:*

(1) an education district organized according to sections 122.91 to 122.95;

(2) a cooperative vocational center organized according to section 123.351;

(5) an intermediate district organized according to chapter 136D; and

(6) an educational cooperative service unit which employs teachers to provide instruction.

Subd. 3. [NOTIFICATION OF TEACHERS.] *In any year in which a cooperative dissolves or a member withdraws from a cooperative, the governing board of a cooperative shall provide all teachers employed by the cooperative written notification by March 10 of:*

(1) the dissolution of the cooperative and the effective date of dissolution; or

(2) the withdrawal of a member of the cooperative and the effective date of withdrawal.

Subd. 4. [RIGHTS OF A TEACHER WITH A CONTINUING CONTRACT IN A MEMBER DISTRICT UPON DISSOLUTION.] *(a) This subdivision applies to a teacher previously employed in a member district who:*

(1) had a continuing contract with that member district;

(2) has been continuously employed immediately after leaving that member district by one or more cooperatives that provided instruction to pupils enrolled in that member district; and

(3) is either a probationary teacher or has a continuing contract with the cooperative that is dissolving.

(b) A teacher may elect to resume the teacher's continuing contract with the member district by which the teacher was previously employed by filing a written notice of the election with the member school board on or before March 20. Failure by a teacher to file a written notice by March 20 of the year the teacher receives a notice according to subdivision 3 constitutes a waiver of the teacher's rights under this subdivision.

The member district shall make reasonable realignments of positions to accommodate the seniority rights of a teacher electing to resume continuing contract rights in the member district according to this subdivision.

Upon returning the teacher shall receive credit for:

(1) all years of continuous service under contract with the cooperative and the member district for all purposes relating to seniority, compensation, and employment benefits; and

(2) the teacher's current educational attainment on the member district's salary schedule.

(c) A teacher who does not elect to return to the member district according to this subdivision may exercise rights under subdivision 5.

Subd. 5. [RIGHTS OF OTHER TEACHERS UPON DISSOLUTION.] *(a) This subdivision applies to a teacher who:*

(1) has a continuing contract with the cooperative; and

(2) either did not have a continuing contract with any member district or does not return to a member district according to the procedures set forth in subdivision 4, paragraph (b).

(b) By May 10 of the school year in which the cooperative provides the notice required by subdivision 3, clause (1), the cooperative shall provide to each teacher described in subdivision 4 and this subdivision a written notice of available teaching positions in any member district to which the cooperative was providing services at the time of dissolution. Available teaching positions are all teaching positions that, during the school year following dissolution:

(1) are positions for which the teacher is licensed; and

(2) are not assigned to a continuing contract teacher employed by a member school district after any reasonable realignments which may be necessary under the applicable provisions of section 125.12, subdivision 6a or 6b, to accommodate the seniority rights of teachers employed by the member district.

(c) On or before June 1 of the school year in which the cooperative provides the notice required by subdivision 3, clause (1), any teacher wishing to do so must file with the school board a written notice of the teacher's intention to exercise the teacher's rights to an available teaching position. Available teaching positions shall be offered to teachers in order of their seniority within the dissolved cooperative.

(d) Paragraph (e) applies to:

(1) a district that was a member of a dissolved cooperative; or

(2) any other district that, except as a result of open enrollment according to section 120.062, provides essentially the same instruction provided by the dissolved cooperative to pupils enrolled in a former member district.

(e) For five years following dissolution of a cooperative, a district to which this subdivision applies may not appoint a new teacher or assign a probationary or provisionally licensed teacher to any position requiring licensure in a field in which the dissolved cooperative provided instruction until the following conditions are met:

(1) a district to which this subdivision applies has provided each teacher formerly employed by the dissolved cooperative, who holds the requisite license, written notice of the position; and

(2) no teacher holding the requisite license has filed a written request to be appointed to the position with the school board within 30 days of receiving the notice.

If no teacher files a request according to clause (2), the district may fill the position as it sees fit. During any part of the school year in which

dissolution occurs and the first school year following dissolution, a teacher may file a request for an appointment according to this paragraph regardless of prior contractual commitments with other member districts. Available teaching positions shall be offered to teachers in order of their seniority on a combined seniority list of the teachers employed by the cooperative and the appointing district.

(f) A teacher appointed according to this subdivision is not required to serve a probationary period. The teacher shall receive credit on the appointing district's salary schedule for the teacher's years of continuous service under contract with the cooperative and the member district and the teacher's educational attainment at the time of appointment or shall receive a comparable salary, whichever is less. The teacher shall receive credit for accumulations of sick leave and rights to severance benefits as if the teacher had been employed by the member district during the teacher's years of employment by the cooperative.

Subd. 6. [RIGHTS OF A TEACHER WITH A CONTINUING CONTRACT IN A MEMBER DISTRICT UPON WITHDRAWAL OF THE DISTRICT.] *(a) This subdivision applies to a teacher previously employed by a member district who:*

(1) had a continuing contract with the member district which withdraws from a cooperative;

(2) has been continuously employed immediately after leaving that member district by one or more cooperatives that provided instruction to pupils enrolled in that member district; and

(3) is either a probationary teacher or has a continuing contract with the cooperative from which the member district is withdrawing.

(b) A teacher may elect to resume the teacher's continuing contract with the withdrawing district by which the teacher was previously employed by filing a written notice of the election with the withdrawing school board on or before March 20. Failure by a teacher to file written notice by March 20 of the year the teacher receives a notice according to subdivision 3 constitutes a waiver of a teacher's rights under this subdivision.

The member district shall make reasonable realignments of positions to accommodate the seniority rights of a teacher electing to resume continuing contract rights in the member district according to this subdivision.

Upon returning, the teacher shall receive credit for:

(1) all years of continuous service under contract with the cooperative and the member district for all purposes relating to seniority, compensation, and employment benefits; and

(2) the teacher's current educational attainment on the member district's salary schedule.

Subd. 7. [RIGHTS OF A TEACHER PLACED ON UNREQUESTED LEAVE UPON WITHDRAWAL.] *(a) This subdivision applies to a teacher who is placed on unrequested leave of absence, according to section 125.12, subdivision 6a or 6b, in the year in which the cooperative provides the notice required by subdivision 3, clause (2), by a cooperative from which a member district is withdrawing.*

This subdivision applies to a district that, except as a result of open enrollment according to section 120.062, provides essentially the same

instruction provided by the cooperative to pupils enrolled in the withdrawing district.

(b) A teacher shall be appointed by a district to which this subdivision applies to an available teaching position which:

(1) is in a field of licensure in which pupils enrolled in the withdrawing district received instruction from the cooperative; and

(2) is within the teacher's field of licensure.

For the purpose of this paragraph, an available teaching position means any position that is vacant or would otherwise be occupied by a probationary or provisionally licensed teacher.

(c) A board may not appoint a new teacher to an available teaching position unless no teacher holding the requisite license on unrequested leave from the cooperative has filed a written request for appointment. The request shall be filed with the board of the appointing district within 30 days of receiving written notice from the appointing board that it has an available teaching position. If no teacher holding the requisite license files a request according to this paragraph, the district may fill the position as it sees fit. Available teaching positions shall be offered to teachers in order of their seniority on a combined seniority list of the teachers employed by the cooperative and the withdrawing member district.

(d) A teacher appointed according to this subdivision is not required to serve a probationary period. The teacher shall receive credit on the appointing district's salary schedule for the teacher's years of continuous service under contract with the cooperative and the member district and the teacher's educational attainment at the time of appointment or shall receive a comparable salary, whichever is less. The teacher shall receive credit for accumulations of sick leave and rights to severance benefits as if the teacher had been employed by the member district during the teacher's years of employment by the cooperative.

Subd. 8. [NONLICENSED EMPLOYEES UPON DISSOLUTION.] *A nonlicensed employee who is terminated by a cooperative that dissolves shall be appointed by a district that is a member of the dissolved cooperative to a position that is created within 12 months of the dissolution of the cooperative and is created as a result of the dissolution of the cooperative. A position shall be offered to a nonlicensed employee, who fulfills the qualifications for that position, in order of the employee's seniority within the dissolved cooperative.*

Subd. 9. [NONLICENSED EMPLOYEES UPON WITHDRAWAL.] *A nonlicensed employee of a cooperative whose position is discontinued as a result of the withdrawal of a member district from the cooperative shall be appointed by the withdrawing member district to a position that is created within 12 months of the withdrawal and is created as a result of the withdrawal of the member district. A position shall be offered to a nonlicensed employee, who fulfills the qualifications for that position, in order of the employee's seniority within the cooperative from which a member district withdraws.*

Sec. 34. Minnesota Statutes 1990, section 123.34, subdivision 9, is amended to read:

Subd. 9. [SUPERINTENDENT.] All districts maintaining a classified secondary school shall employ a superintendent who shall be an ex officio

nonvoting member of the school board. The authority for selection and employment of a superintendent shall be vested in the school board in all cases. An individual employed by a school board as a superintendent shall have an initial employment contract for a period of time no longer than ~~four~~ *three* years from the date of employment. ~~The initial employment contract must terminate on June 30 of an odd-numbered year. A superintendent shall not rely upon an employment contract with a school board to assert any other continuing contract rights in the position of superintendent under section 125.12. Notwithstanding the provisions of sections 122.532, 122.541, 125.12, subdivision 6a or 6b, or any other law to the contrary, no individual shall have a right to employment as a superintendent based on ~~seniority or~~ order of employment in any district. If two or more school districts enter into an agreement for the purchase or sharing of the services of a superintendent, the contracting districts have the absolute right to select one of the individuals employed to serve as superintendent in one of the contracting districts and no individual has a right to employment as the superintendent to provide all or part of the services based on ~~seniority or~~ order of employment in a contracting district. ~~An individual who holds a position as superintendent in one of the contracting districts, but is not selected to perform the services, may be placed on unrequested leave of absence or may be reassigned to another available position in the district for which the individual is licensed.~~ The superintendent of a district shall perform the following:

The board to which the report is made shall investigate the report for violation of subdivision 1 and the reporting school board shall cooperate in the investigation. *Notwithstanding any provision in chapter 13 or any law to the contrary, upon written request from the licensing board having jurisdiction over the teacher's license, a school board or school superintendent shall provide the licensing board*

with information about the teacher from the school district's files, any termination or disciplinary proceeding, any settlement or compromise, or any investigative file. Upon written request from the appropriate licensing board, a school board or school superintendent may, at the discretion of the school board or school superintendent, solicit the written consent of a student and the student's parent to provide the licensing board with information that may aid the licensing board in its investigation and license proceedings. The licensing board's request need not identify a student or parent by name. The consent of the student and the student's parent must meet the requirements of chapter 13 and Code of Federal Regulations, title 34, section 99.30. The licensing board may provide a consent form to the school district. Any data transmitted to any board under this section shall be private data under section 13.02, subdivision 12, notwithstanding any other classification of the data when it was in the possession of any other agency.

The board to which a report is made shall transmit to the attorney general's office any record or data it receives under this subdivision for the sole purpose of having the attorney general's office assist that board in its investigation. When the attorney general's office has informed an employee of the appropriate licensing board in writing that grounds exist to suspend or revoke a teacher's license to teach, that licensing board must consider suspending or revoking or decline to suspend or revoke the teacher's license within 45 days of receiving a stipulation executed by the teacher under investigation or a recommendation from an administrative law judge that disciplinary action be taken.

Sec. 45. Minnesota Statutes 1990, section 125.12, subdivision 3, is amended to read:

Subd. 3. [PROBATIONARY PERIOD.] The first three consecutive years of a teacher's first teaching experience in Minnesota in a single school district shall be deemed to be a probationary period of employment, and after completion thereof, the probationary period in each school district in which the teacher is thereafter employed shall be one year. The school *site management team, or the school* board *if there is no school site management team*, shall adopt a plan for written evaluation of teachers during the probationary period *according to subdivision 3a or 3b*. ~~Effective July 1, 1988,~~ Evaluation *by the peer review committee charged with evaluating probationary teachers under subdivision 3a* shall occur at least three times each year for a teacher performing services on 120 or more school days, at least two times each year for a teacher performing services on 60 to 119 school days, and at least one time each year for a teacher performing services on fewer than 60 school days. Days devoted to parent-teacher conferences, teachers' workshops, and other staff development opportunities and days on which a teacher is absent from school shall not be included in determining the number of school days on which a teacher performs services. During the probationary period any annual contract with any teacher may or may not be renewed as the school board, *after consulting with the peer review committee charged with evaluating probationary teachers under subdivision 3a*, shall see fit; provided, however, that the school board shall give any such teacher whose contract it declines to renew for the following school year written notice to that effect before June 1. If the teacher requests reasons for any nonrenewal of a teaching contract, the school board shall give the teacher its reason in writing, including a statement that appropriate supervision was furnished describing the nature and the extent of such supervision furnished the teacher during the employment by the board,

within ten days after receiving such request. The school board may, after a hearing held upon due notice, discharge a teacher during the probationary period for cause, effective immediately, under section 123.35, subdivision 5.

Sec. 46. Minnesota Statutes 1990, section 125.12, is amended by adding a subdivision to read:

Subd. 3a. [PEER REVIEW FOR PROBATIONARY TEACHERS.] *A school must have a peer review committee charged with evaluating each probationary teacher at least three times each year for a period of three years as required under subdivision 3. The purpose of the evaluation procedure is to improve the probationary teacher's instructional effectiveness. The school site management team, or the school board if there is no school site management team, after consulting with a representative of the peer review committee and the school principal or other person having general control and supervision of the school, shall adopt a procedure for written evaluations of probationary teachers. The evaluation procedure must be structured as a continuing and cooperative process between the probationary teacher, the peer review committee, and the school principal or other person having general control and supervision of the school. The school site management team, or the school board if there is no school site management team, shall make available a written description of the evaluation procedure, including evaluation policies and criteria, to each newly hired teacher and to each probationary teacher. As part of the evaluation procedure, the school and the school district shall provide the necessary resources to assist a probationary teacher to improve those areas of instruction identified by the teacher, the peer review committee, or the principal or other person having general control and supervision of the school as in need of improvement. The school and the school district also shall provide to each probationary teacher opportunities for professional growth experiences, including in-service training.*

Sec. 47. Minnesota Statutes 1990, section 125.12, is amended by adding a subdivision to read:

Subd. 3b. [APPLICABILITY.] *Subdivision 3a does not apply to a school district that has formally adopted a probationary teacher review process that has been mutually agreed upon by the exclusive representative of the teachers in the district and the school board.*

Sec. 48. Minnesota Statutes 1990, section 125.12, is amended by adding a subdivision to read:

Subd. 4a. [PEER REVIEW FOR CONTINUING CONTRACT TEACHERS.] *A school must have a peer review committee for continuing contract teachers to provide the teachers with the opportunity for positive interaction and professional growth to help students learn more effectively. The peer review committee must not judge teacher competency nor determine whether to suspend or terminate a teacher. Members of the peer review committee must be selected by the school site management team, or by the exclusive bargaining representative if there is no school site management team. The selecting body shall establish an equitable process for selecting members of the peer review committee and an orderly cycle for rotating members. Only teachers with continuing contracts shall serve as members of the peer review committee. The peer review committee shall review once each school year each teacher with a continuing contract performing services on 120 or more school days. The review process must allow experienced teachers*

to improve instructional effectiveness through professional learning and development opportunities that include exchanging and internalizing ideas about the components of competent teaching. An in-service training session must be held at the beginning of each school year to train members of the peer review committee to facilitate teachers' reflections about the assumptions, beliefs, and practices underlying teaching. The selecting body shall design the training sessions and give the members of the peer review committee the necessary time off from their classroom responsibilities to perform the duties listed in this subdivision.

Sec. 49. [125.135] [STAFF EXCHANGE PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] *A staff exchange program is established to allow local school districts to arrange temporary and voluntary exchanges among members of their kindergarten through grade 12 instructional and administrative staffs. The purpose of the program is to provide participants with an understanding of the educational concerns of other local school districts, including concerns of class organization, curriculum development, instructional practices, and characteristics of the student population.*

The educational needs and interests of the host school district and the training, experience, and interests of the participants must determine the assignments of the participants in the host district. Participants may teach courses, provide counseling and tutorial services, work with teachers to better prepare students for future educational experiences, serve an underserved population in the district, or assist with administrative functions. The assignments participants perform for the host district must be comparable to the assignments the participants perform for the district employing the participants. Participation in the exchange program need not be limited to one school or one school district and may involve other education organizations including education districts and ECSUs.

Subd. 2. [PROGRAM REQUIREMENTS.] *All staff exchanges made under this section are subject to the requirements in this subdivision.*

(a) A school district employing a participating staff member must not adversely affect the staff member's salary, seniority, or other employment benefits, or otherwise penalize the staff member for participating in the program.

(b) Upon completion or termination of an exchange, a school district employing a participating staff member must permit the staff member to return to the same assignment the staff member performed in the district before the exchange, if available, or, if not, a similar assignment.

(c) A school district employing a participating staff member must continue to provide the staff member's salary and other employment benefits during the period of the exchange.

(d) A participant must be licensed and tenured.

(e) Participation in the program must be voluntary.

(f) The length of participation in the program must be no less than one-half of a school year and no more than one school year, and any premature termination of participation must be upon the mutual agreement of the participant and the participating school district.

(g) A participant is responsible for transportation to and from the host

school district.

(h) This subdivision does not abrogate or change rights of staff members participating in the staff exchange program or the terms of an agreement between the exclusive representative of the school district employees and the school district.

(i) Participating school districts may enter into supplementary agreements with the exclusive representative of the school district employees to accomplish the purpose of this section.

Subd. 3. [APPLICATION PROCEDURES.] *The school board of a school district must decide by resolution to participate in the staff exchange program. A staff member wishing to participate in the exchange program must submit an application to the school district employing the staff member. The district must, in a timely and appropriate manner, provide to the exclusive bargaining representatives of teachers in the state the number and names of prospective participants within the district, the assignments available within the district, and the length of time for each exchange. The exclusive bargaining representatives are requested to cooperatively participate in the coordination of exchanges to facilitate exchanges across all geographical regions of the state. Prospective participants must contact teachers and districts with whom they are interested in making an exchange. The prospective participants must make all arrangements to accomplish their exchange and the superintendents of the participating districts must approve the arrangements for the exchange in writing.*

Sec. 50. [125.138] [FACULTY EXCHANGE PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] *A program of faculty exchange is established to allow school districts and post-secondary institutions to arrange temporary exchanges between members of their instructional staffs. These arrangements must be made on a voluntary cooperative basis between a school district and post-secondary institution, or between post-secondary institutions. Exchanges between post-secondary institutions may occur among campuses in the same system or in different systems.*

Subd. 2. [USES OF PROGRAM.] *Each participating school district and post-secondary institution may determine the way in which the instructional staff member's time is to be used, but it must be in a way that promotes understanding of the needs of each educational system or institution. For example, a public school teacher may teach courses, provide counseling and tutorial services, assist with the preparation of future teachers, or take professional development courses. A post-secondary teacher might teach advanced placement courses or other classes to aid an underserved population at the school district, counsel students about future educational plans, or work with teachers to better prepare students for post-secondary education. Participation need not be limited to one school or institution and may involve other groups including educational cooperative service units.*

Subd. 3. [SALARIES; BENEFITS; CERTIFICATION.] *Exchanges made under the program must not have a negative effect on participants' salaries, seniority, or other benefits. Notwithstanding sections 123.35, subdivision 6, and 125.04, a member of the instructional staff of a post-secondary institution may teach in an elementary or secondary school or perform a service, agreed upon according to this section, for which a license would otherwise be required without holding the applicable license. In addition, a licensed teacher employed by a school district may teach or perform a*

service, agreed upon according to this section, at a post-secondary institution without meeting the applicable qualifications of the post-secondary institution. A school district is not subject to section 124.19, subdivision 3, as a result of entering into an agreement according to this section that enables a post-secondary instructional staff member to teach or provide services in the district. All arrangements and details regarding the exchange must be mutually agreed to by each participating school district and post-secondary institution before implementation.

Sec. 51. [125.1385] [EXCHANGES BETWEEN EDUCATION FACULTY.]

Subdivision 1. [AUTHORITY; LIMITS.] *The state university board and the board of regents of the University of Minnesota may develop programs to exchange faculty between colleges or schools of education and school districts, subject to section 125.138.*

The programs must be used to assist in improving teacher education by involving current teachers in education courses and placing post-secondary faculty in elementary and secondary classrooms. Programs must include exchanges that extend beyond the immediate service area of the institution to address the needs of different types of schools, students, and teachers.

Subd. 2. [COMPENSATION.] *State money for faculty exchange programs is to compensate for expenses that are unavoidable and beyond the normal living expenses exchange participants would incur if they were not involved in this exchange. The state university board, the board of regents, or the University of Minnesota, and their respective campuses, in conjunction with the participating school districts, must control costs for all participants as much as possible, through means such as arranging housing exchanges, providing campus housing, and providing university, state, or school district cars for transportation. The boards and campuses may seek other sources of funding to supplement these appropriations, if necessary.*

Sec. 52. Minnesota Statutes 1990, section 125.17, subdivision 2, is amended to read:

Subd. 2. [PROBATIONARY PERIOD; DISCHARGE OR DEMOTION.] All teachers in the public schools in cities of the first class during the first three years of consecutive employment shall be deemed to be in a probationary period of employment during which period any annual contract with any teacher may, or may not, be renewed as the school board, *after consulting with the peer review committee charged with evaluating the probationary teachers under subdivision 2a or 2b,* shall see fit. The school *site management team or the school* board *if there is no school site management team,* shall adopt a plan for a written evaluation of teachers during the probationary period *according to subdivision 2a.* ~~Effective July 1, 1988,~~ Evaluation *by the peer review committee charged with evaluating probationary teachers under subdivision 2a* shall occur at least three times each year for a teacher performing services on 120 or more school days, at least two times each year for a teacher performing services on 60 to 119 school days, and at least one time each year for a teacher performing services on fewer than 60 school days. Days devoted to parent-teacher conferences, teachers' workshops, and other staff development opportunities and days on which a teacher is absent from school shall not be included in determining the number of school days on which a teacher performs services. The school board may, during such probationary period, discharge or demote a teacher for any of the causes as specified in this code. A written statement of the

cause of such discharge or demotion shall be given to the teacher by the school board at least 30 days before such removal or demotion shall become effective, and the teacher so notified shall have no right of appeal therefrom.

Sec. 53. Minnesota Statutes 1990, section 125.17, is amended by adding a subdivision to read:

Subd. 2a. [PEER REVIEW FOR PROBATIONARY TEACHERS.] *A school must have a peer review committee charged with evaluating each probationary teacher at least three times each year for a period of three years as required under subdivision 3. The purpose of the evaluation procedure is to improve the probationary teacher's instructional effectiveness. The school site management team, or the school board if there is no school site management team, after consulting with a representative of the peer review committee and the school principal or other person having general control and supervision of the school, shall adopt a procedure for written evaluations of probationary teachers. The evaluation procedure must be structured as a continuing and cooperative process between the probationary teacher, the peer review committee, and the school principal or other person having general control and supervision of the school. The school site management team, or the school board if there is no school site management team, shall make available a written description of the evaluation procedure, including evaluation policies and criteria, to each newly hired teacher and to each probationary teacher. As part of the evaluation procedure, the school and the school district shall provide the necessary resources to assist a probationary teacher to improve those areas of instruction identified by the teacher, the peer review committee, or the principal or other person having general control and supervision of the school as in need of improvement. Sec. 55. Minnesota Statutes 1990, section 125.17, is amended by adding a subdivision to read:

Subd. 3a. [PEER REVIEW FOR NONPROBATIONARY TEACHERS.] *A peer review committee for nonprobationary teachers shall exist in each school to provide nonprobationary teachers with the opportunity for positive interaction and professional growth to help students learn more effectively. The peer review committee must not judge teacher competency nor determine whether to discharge or demote a teacher. Members of the peer review committee must be selected by the school site management team, or by the exclusive bargaining representative if there is no school site management team. The selecting body shall establish an equitable process for selecting members of the peer review committee and an orderly cycle for rotating members. Only nonprobationary teachers shall serve as members of the peer review committee. The peer review committee shall review once each school year each nonprobationary teacher performing services on 120 or more school days. The review process must allow experienced teachers to*

improve instructional effectiveness through professional learning and development opportunities that include exchanging and internalizing ideas about the components of competent teaching. An in-service training session must be held at the beginning of each school year to train members of the peer review committee to facilitate teachers' reflections about the assumptions, beliefs, and practices underlying teaching. The selecting body shall design the training session and give the members of the peer review committee the necessary time off from the classroom responsibilities to perform the duties listed in this subdivision.

Subdivision 1. [GRANT APPLICATION.] Any regional public library system which qualifies according to the provisions of section 134.34 may apply for an annual grant for regional library basic system support. The amount of each grant for each fiscal year shall be calculated as provided in this section.

Subd. 3. ~~Fifteen~~ *Twelve and one-half* percent of the available grant funds shall be distributed to provide all qualifying systems an equal amount per square mile. Each system's allocation pursuant to this subdivision shall be based on the area it serves.

Subd. 4. ~~Seven and one-half~~ *Five* percent of the available grant funds

shall be paid to each system as a base grant for basic system services.

Subd. 5. ~~Seventeen and one-half~~ *Twenty-five* percent of the available grant funds shall be distributed to regional public library systems ~~which contain counties whose~~ *based upon the* adjusted net tax capacity per capita ~~were below the state average adjusted net tax capacity per capita~~ *for each member county or participating portion of a county as calculated* for the second year preceding the fiscal year for which the grant is made. Each system's entitlement shall be calculated as follows:

~~(a) subtract the adjusted net tax capacity per capita for each eligible county or participating portion of a county from the statewide average adjusted net tax capacity per capita;~~

~~(b) multiply the difference obtained in clause (a) for each eligible county or participating portion of a county by the population of that eligible county or participating portion of a county;~~

~~(c) for each regional public library system, determine the sum of the results of the computation in clause (b) for all eligible counties or portions thereof in that system;~~

~~(d) determine the sum of the result of the computation in clause (b) for all eligible counties or portions thereof in all regional public library systems in the state;~~

~~(e) for each system, divide the result of the computation in clause (c) by the result of the computation in clause (d) to obtain the allocation factor for that system;~~

~~(f) multiply the allocation factor for each system as determined in clause (e) times the amount of the remaining grant funds to determine each system's dollar allocation pursuant to this subdivision.~~

(a) Multiply the adjusted net tax capacity per capita for each county or participating portion of a county by .0082.

(b) Add sufficient grant funds that are available under this subdivision to raise the amount of the county or participating portion of a county with the lowest value calculated according to paragraph (a) to the amount of the county or participating portion of a county with the next highest value calculated according to paragraph (a). Multiply the amount of the additional grant funds by the population of the county or participating portion of a county.

(c) Continue the process described in paragraph (b) by adding sufficient grant funds that are available under this subdivision to the amount of a county or participating portion of a county with the next highest value calculated in paragraph (a) to raise it and the amount of counties and participating portions of counties with lower values calculated in paragraph (a) up to the amount of the county or participating portion of a county with the next highest value, until reaching an amount where funds available under this subdivision are no longer sufficient to raise the amount of a county or participating portion of a county and the amount of counties and participating portions of counties with lower values up to the amount of the next highest county or participating portion of a county.

(d) If the point is reached using the process in paragraphs (b) and (c) at which the remaining grant funds under this subdivision are not adequate for raising the amount of a county or participating portion of a county and

all counties and participating portions of counties with amounts of lower value to the amount of the county or participating portion of a county with the next highest value, those funds are to be divided on a per capita basis for all counties or participating portions of counties that received grant funds under the calculation in paragraphs (b) and (c).

Subd. 6. [POPULATION DETERMINATION.] *Population shall be determined according to section 477A.011, subdivision 3.*

Sec. 5. [FISCAL YEAR 1992 BASIC SUPPORT SYSTEM GRANTS POPULATION.]

To provide money to be loaned to school districts as agencies and political subdivisions of the state to acquire and to better public land and buildings and other public improvements of a capital nature, in the manner provided by the maximum effort school aid law, the commissioner of finance shall issue and sell school loan bonds of the state of Minnesota in the maximum amount of $45,065,000, in addition to the bonds already authorized for this purpose. The same amount is appropriated to the maximum effort school loan fund and must be spent under the direction of the commissioner of education to make debt service loans and capital loans to school districts as provided in sections 124.36 to 124.47. The bonds must be issued and sold and provision for their payment must be made according to section 124.46. Expenses incidental to the sale, printing, execution, and delivery of the bonds, including, but without limitation, actual and necessary travel and subsistence expenses of state officers and employees for those purposes, must be paid from the maximum effort school loan fund, and the money necessary for the expenses is appropriated from that fund.

No bonds may be sold or issued under this section until all bonds authorized by Laws 1990, chapter 610, sections 2 to 7, are sold and issued and the authorized project contracts have been initiated or abandoned.

Sec. 2. [1991 MAXIMUM EFFORT LOANS.]

The commissioner of education shall make capital loans to independent school district No. 115, Cass Lake; independent school district No. 192, Farmington; independent school district No. 682, Roseau; independent school district No. 748, Sartell; independent school district No. 345, New

The commissioner may reduce the amount of the loans in accord with this review. Costs incurred by the commissioner for professional services associated with the review may be recovered from the districts.

Notwithstanding any law to the contrary, if the available funding is inadequate to meet the loan requests of all the approved districts, the commissioner may reduce the amount of the loan. The reduction to each district's loan must be proportionate to the approved loan amount. Capital loans must be made to all approved districts.

Except for reductions in the loans made according to this section, the amount, terms, and forgiveness of the loans are governed by Minnesota Statutes 1990, section 124.431.

(a) Unless agreed to in writing by the parties, no motion to modify a custody order may be made earlier than one year after the date of the entry of a decree of dissolution or legal separation containing a provision dealing with custody, except in accordance with paragraph (c).

(b) If a motion for modification has been heard, whether or not it was granted, unless agreed to in writing by the parties no subsequent motion may be filed within two years after disposition of the prior motion on its merits, except in accordance with paragraph (c).

(c) The time limitations prescribed in paragraphs (a) and (b) shall not prohibit a motion to modify a custody order if the court finds that there is persistent and willful denial or interference with visitation, or has reason to believe that the child's present environment may endanger the child's physical or emotional health or impair the child's emotional development.

(d) If the court has jurisdiction to determine child custody matters, the court shall not modify a prior custody order unless it finds, upon the basis of facts that have arisen since the prior order or that were unknown to the court at the time of the prior order, that a change has occurred in the circumstances of the child or the ~~custodian~~ *parties* and that the modification is necessary to serve the best interests of the child. In applying these standards the court shall retain the ~~custodian~~ *custody arrangement* established by the prior order unless:

(i) ~~the custodian agrees~~ *both parties agree* to the modification;

(ii) the child has been integrated into the family of the petitioner with the consent of the ~~custodian~~ *other party*; or

(iii) the child's present environment endangers the child's physical or emotional health or impairs the child's emotional development and the harm likely to be caused by a change of environment is outweighed by the advantage of a change to the child.

In addition, a court may modify a custody order under section 631.52.

(e) In deciding whether to modify a prior joint custody order, the court shall apply the standards set forth in paragraph (d) unless: (1) the parties agree in writing to the application of a different standard, or (2) the party seeking the modification is asking the court for permission to move the residence of the child to another state.

Sec. 2. Minnesota Statutes 1990, section 518.551, subdivision 5, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support agreement of the parties if each party is represented by independent counsel, unless the agreement is not in the interest of justice. In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom. *The court may also order the obligor to pay child support in the form of a percentage share of the obligor's net bonuses, commissions, or other forms of compensation, in addition to, or if the obligor receives no base pay, in lieu of, an order for a specific dollar amount.*

The court shall derive a specific dollar amount by multiplying the obligor's net income by the percentage indicated by the following guidelines:

Net Income Per Month of Obligor	Number of Children

	1	2	3	4	5	6	7 or more
$400 and Below	Order based on the ability of the obligor to provide support at these income levels, or at higher levels, if the obligor has the earning ability.

Guidelines for support for an obligor with a monthly income of $4,001 or more shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income of $4,000.

Net Income defined as:

Total monthly income less

*(i) Federal Income Tax
*(ii) State Income Tax
(iii) Social Security Deductions
(iv) Reasonable Pension Deductions
(v) Union Dues
(vi) Cost of Dependent Health Insurance Coverage
(vii) Cost of Individual or Group Health/Hospitalization Coverage or an Amount for Actual Medical Expenses
(viii) A Child Support or Maintenance Order that is Currently Being Paid.

*Standard Deductions apply- use of tax tables recommended

"Net income" does not include:

(1) the income of the obligor's spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor's living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(a) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(b) the party demonstrates, and the court finds, that:

(i) the excess employment began after the filing of the petition for dissolution;

(ii) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(iii) the excess employment is voluntary and not a condition of employment;

(iv) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(v) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

(b) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph (a), clause (2)(b);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) the amount of the aid to families with dependent children grant for the child or children;

(5) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; and

(6) the parents' debts as provided in paragraph (c).

(c) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more

step increases in support to reflect debt retirement during the 18-month period.

Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(d) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(e) The above guidelines are binding in each case unless the court makes express findings of fact as to the reason for departure below or above the guidelines.

Sec. 3. Minnesota Statutes 1990, section 518.57, is amended by adding a subdivision to read:

Subd. 3. [SATISFACTION OF CHILD SUPPORT OBLIGATION.] *The court may conclude that an obligor has satisfied a child support obligation by providing a home, care, and support for the child while the child is living with the obligor, if the court finds that the child was integrated into the family of the obligor with the consent of the obligee and child support payments were not assigned to the public agency under section 256.74.*

Sec. 4. Minnesota Statutes 1990, section 518.58, subdivision 1, is amended to read:

Subdivision 1. [GENERAL.] Upon a dissolution of a marriage, an annulment, or in a proceeding for disposition of property following a dissolution of marriage by a court which lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of the property and which has since acquired jurisdiction, the court shall make a just and equitable division of the marital property of the parties without regard to marital misconduct, after making findings regarding the division of the property. The court shall base its findings on all relevant factors including the length of the marriage, any prior marriage of a party, the age, health, station, occupation, amount and sources of income, vocational skills, employability, estate, liabilities, needs, opportunity for future acquisition of capital assets, and income of each party. The court shall also consider the contribution of each in the acquisition, preservation, depreciation or appreciation in the amount or value of the marital property, as well as the contribution of a spouse as a homemaker. It shall be conclusively presumed that each spouse made a substantial contribution to the acquisition of income and property while they were living together as husband and wife. The court may also award to either spouse the household goods and furniture of the parties, whether or not acquired during the marriage. The court shall value marital assets for purposes of division between the parties as of the day of the initially scheduled prehearing settlement conference, unless a different date is agreed upon by the parties, or unless the court makes specific findings that another date of valuation is fair and equitable. If there is a substantial change in value of an asset between the date of valuation and the final distribution, the court may adjust the valuation of that asset as necessary to effect an equitable distribution. ~~During the pendency of a marriage dissolution or annulment proceeding, each party owes a fiduciary duty to the other for any profit or loss derived by the party, without consent of the other, from a transaction or from any use by the party of the marital assets.~~

Sec. 5. Minnesota Statutes 1990, section 518.58, is amended by adding a subdivision to read:

Subd. 1a. [TRANSFER, ENCUMBRANCE, CONCEALMENT, OR DISPOSITION OF MARITAL ASSETS.] *During the pendency of a marriage dissolution, separation, or annulment proceeding, or in contemplation of commencing a marriage dissolution, separation, or annulment proceeding, each party owes a fiduciary duty to the other for any profit or loss derived by the party, without the consent of the other, from a transaction or from any use by the party of the marital assets. If the court finds that a party to a marriage, without consent of the other party, has in contemplation of commencing, or during the pendency of, the current dissolution, separation, or annulment proceeding, transferred, encumbered, concealed, or disposed of marital assets except in the usual course of business or for the necessities of life, the court shall compensate the other party by placing both parties in the same position that they would have been in had the transfer, encumbrance, concealment, or disposal not occurred. The burden of proof under this subdivision is on the party claiming that the other party transferred, encumbered, concealed, or disposed of marital assets in contemplation of commencing or during the pendency of the current dissolution, separation, or annulment proceeding, without consent of the claiming party, and that the transfer, encumbrance, concealment, or disposal was not in the usual course of business or for the necessities of life. In compensating a party under this section, the court, in dividing the marital property, may impute the entire value of an asset and a fair return on the asset to the party who transferred, encumbered, concealed, or disposed of it. The absence of a restraining order against the transfer, encumbrance, concealment, or disposal of marital property is not available as a defense under this subdivision.*

Sec. 6. Minnesota Statutes 1990, section 518.619, subdivision 6, is amended to read:

Subd. 6. [MEDIATOR RECOMMENDATIONS.] When the parties have not reached agreement as a result of the mediation proceeding, the mediator may recommend to the court that an investigation be conducted under section 518.167, or that other action be taken to assist the parties to resolve the controversy before hearing on the issues. The mediator may not conduct the investigation *or evaluation unless: (1) the parties agree in writing, executed after the termination of mediation, that the mediator may conduct the investigation or evaluation, or (2) there is no other person reasonably available to conduct the investigation or evaluation.* The mediator may recommend that mutual restraining orders be issued in appropriate cases, pending determination of the controversy, to protect the well-being of the children involved in the controversy.

Sec. 7. Minnesota Statutes 1990, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] (a) The terms of a decree respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party; (3) receipt of assistance under sections 256.72 to 256.87; or (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair.

(b) On a motion for modification of maintenance, *including a motion for the extension of the duration of a maintenance award,* the court shall apply,

in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall take into consideration the needs of the children and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability or a material misrepresentation of another party and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

(e) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.

(f) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

Sec. 8. Minnesota Statutes 1990, section 518.641, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT.] An order for maintenance or child support shall provide for a biennial adjustment in the amount to be paid

based on a change in the cost of living. An order that provides for a cost-of-living adjustment shall specify the cost-of-living index to be applied *and the date on which the cost-of-living adjustment shall become effective*. The court may use the consumer price index for all urban consumers, Minneapolis-St. Paul (CPI-U), the consumer price index for wage earners and clerical, Minneapolis-St. Paul (CPI-W), or another cost-of-living index published by the department of labor which it specifically finds is more appropriate. ~~The court may specify that the housing component be excluded from the cost-of-living adjustment.~~ Cost-of-living increases under this section shall be compounded. The court may also increase the amount by more than the cost-of-living adjustment by agreement of the parties or by making further findings. The adjustment becomes effective on the first of May of the year in which it is made, *for cases in which payment is made to the public authority. For cases in which payment is not made to the public authority, application for an adjustment may be made in any month but no application for an adjustment may be made sooner than two years after the date of the dissolution decree*. A court may waive the requirement of the cost-of-living clause if it expressly finds that the obligor's occupation or income, or both, does not provide for cost-of-living adjustment or that the order for maintenance or child support has a provision such as a step increase that has the effect of a cost-of-living clause. The court may waive a cost-of-living adjustment in a maintenance order if the parties so agree in writing. The commissioner of human services may promulgate rules for child support adjustments under this section in accordance with the rulemaking provisions of chapter 14.

Sec. 9. Minnesota Statutes 1990, section 518.641, subdivision 2, is amended to read:

Subd. 2. [CONDITIONS.] No adjustment under this section may be made unless the order provides for it and until the following conditions are met:

(a) the obligee or public authority serves notice of its application for adjustment by mail on the obligor at the obligor's last known address at least 20 days before the effective date of the adjustment;

(b) the notice to the obligor ~~shall inform~~ *informs* the obligor ~~that an~~ *of the date on which the* adjustment in payments ~~shall~~ *will* become effective ~~on the first of May~~; and

(c) after receipt of notice and before the effective day of the adjustment, the obligor fails to request a hearing on the issue of whether the adjustment should take effect, and ex parte, to stay imposition of the adjustment pending outcome of the hearing.

Sec. 10. Minnesota Statutes 1990, section 549.09, subdivision 1, is amended to read:

Subdivision 1. [WHEN OWED; RATE.] (a) When the judgment is for the recovery of money, including a judgment for the recovery of taxes, interest from the time of the verdict or report until judgment is finally entered shall be computed by the court administrator as provided in clause (c) and added to the judgment.

(b) Except as otherwise provided by contract or allowed by law, preverdict or prereport interest on pecuniary damages shall be computed as provided in clause (c) from the time of the commencement of the action, or the time of a written settlement demand, whichever occurs first, except as provided herein. The action must be commenced within 60 days of a written settlement

demand for interest to begin to accrue from the time of the demand. If either party serves a written offer of settlement, the other party may serve a written acceptance or a written counteroffer within 60 days. After that time interest on the judgment shall be calculated by the judge in the following manner. The prevailing party shall receive interest on any judgment from the time the action was commenced or a written settlement demand was made, or as to special damages from the time when special damages were incurred, if later, until the time of verdict or report only if the amount of its offer is closer to the judgment than the amount of the opposing party's offer. If the amount of the losing party's offer was closer to the judgment than the prevailing party's offer, the prevailing party shall receive interest only on the amount of the settlement offer or the judgment, whichever is less, and only from the time the action was commenced or a written settlement demand was made, or as to special damages from when the special damages were incurred, if later, until the time the settlement offer was made. Subsequent offers and counteroffers supersede the legal effect of earlier offers and counteroffers. For the purposes of clause (3), the amount of settlement offer must be allocated between past and future damages in the same proportion as determined by the trier of fact. Except as otherwise provided by contract or allowed by law, preverdict or prereport interest shall not be awarded on the following:

(1) judgments, awards, or benefits in workers' compensation cases, but not including third-party actions;

(2) ~~judgments, decrees, or orders in dissolution, annulment, or legal separation actions;~~

~~(3)~~ judgments for future damages;

~~(4)~~ *(3)* punitive damages, fines, or other damages that are noncompensatory in nature;

~~(5)~~ *(4)* judgments not in excess of the amount specified in section 487.30; and

~~(6)~~ *(5)* that portion of any verdict or report which is founded upon interest, or costs, disbursements, attorney fees, or other similar items added by the court.

(c) The interest shall be computed as simple interest per annum. The rate of interest shall be based on the secondary market yield of one year United States treasury bills, calculated on a bank discount basis as provided in this section.

On or before the 20th day of December of each year the state court administrator shall determine the rate from the secondary market yield on one year United States treasury bills for the most recent calendar month, reported on a monthly basis in the latest statistical release of the board of governors of the federal reserve system. This yield, rounded to the nearest one percent, shall be the annual interest rate during the succeeding calendar year. The state court administrator shall communicate the interest rates to the court administrators and sheriffs for use in computing the interest on verdicts.

When a judgment creditor, or the judgment creditor's attorney or agent, has received a payment after entry of judgment, whether the payment is made voluntarily by or on behalf of the judgment debtor, or is collected by legal process other than execution levy where a proper return has been filed

with the court administrator, the judgment creditor, or the judgment creditor's attorney, before applying to the court administrator for an execution shall file with the court administrator an affidavit of partial satisfaction. The affidavit must state the dates and amounts of payments made upon the judgment after the most recent affidavit of partial satisfaction filed, if any; the part of each payment that is applied to taxable disbursements and to accrued interest and to the unpaid principal balance of the judgment; and the accrued, but the unpaid interest owing, if any, after application of each payment."

We, the undersigned conferees for H.F. No. 551, report that we have agreed upon the items in dispute and recommend as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1990, section 169.121, subdivision 5a, is amended to read:

The court may not waive payment or authorize payment of the assessment charge *and surcharge* in installments unless it makes written findings on the record that the convicted person is indigent or that the assessment charge *and surcharge* would create undue hardship for the convicted person or that person's immediate family.

The court shall collect and forward to the commissioner of finance the total amount of the chemical dependency assessment charge *and surcharge*

within 60 days after sentencing or explain to the commissioner in writing why the money was not forwarded within this time period. The commissioner shall credit the money to the general fund.

It is the purpose of this act to enhance the safety of Minnesota's school children by reducing the number of violations of school bus safety laws through:

(1) increased education for motorists, school bus drivers, and law enforcement officials in school bus safety laws;

(2) cooperative efforts by school personnel, law enforcement, and prosecuting attorneys;

(3) increased civil and criminal penalties for violations of school bus safety laws;

(4) strengthened enforcement of school bus safety laws; and

(5) a consistent and vigorous response by the judiciary to punish violators and thereby deter future violations.

Sec. 2. Minnesota Statutes 1990, section 169.01, subdivision 6, is amended to read:

Subd. 6. [SCHOOL BUS.] "School bus" means a motor vehicle used to transport pupils to or from a school defined in section 120.101, or to or from school-related activities, by the school or a school district, or by someone under an agreement with the school or a school district. A school bus does not include a motor vehicle transporting children to or from school for which parents or guardians receive direct compensation from a school district, a motor coach operating under charter carrier authority, or a transit bus providing services as defined in section 174.22, subdivision 7. *A school bus may be type I, type II, or type III as follows:*

(a) A "type I school bus" means a school bus of more than 10,000 pounds gross vehicle weight rating, designed for carrying more than ten persons. [MN Rules, part 3520.3701, subp 1]

(b) A "type II school bus" is a bus with a gross vehicle weight rating of 10,000 pounds or less, designed for carrying more than ten persons. It must

be outwardly equipped and identified as a school bus. [MN Rules, part 3520.3701, subp 2]

(c) Type III school buses are restricted to passenger cars, station wagons, vans, and buses having a maximum manufacturer's rated seating capacity of ten people, including the driver, and a gross vehicle weight rating of 10,000 pounds or less. In this subdivision, "gross vehicle weight rating" means the value specified by the manufacturer as the loaded weight of a single vehicle. A "type III school bus" must not be outwardly equipped and identified as a school bus. [169.44, subd 15]

Sec. 3. [169.441] [SCHOOL BUS IDENTIFICATION.]

Subdivision 1. [IDENTIFICATION AND SIGNAL REQUIREMENTS, GENERALLY.] *For purposes of sections 169.441 to 169.448, school bus means a motor vehicle that is outwardly equipped and identified as a school bus. A motor vehicle that satisfies the identification requirements of this section and the signal equipment requirements of section 169.442 is considered outwardly equipped and identified as a school bus.* [169.44, subd 1a]

Subd. 2. [COLOR REQUIREMENTS.] *(a) A new school bus must be painted national school bus glossy yellow if it is to be used in Minnesota as a school bus, and can seat more than ten people, including the driver.*

The sign must be removed or covered when the vehicle is being used as other than a school bus. [169.44, subd 3]

Subd. 4. ["MN" DESIGNATION IN BUS BODY SERIAL NUMBER.] *School bus bodies manufactured after December 31, 1991, and used on streets and highways in Minnesota must bear the designation "MN" within the bus body identification number. The "MN" designation may be made only by the manufacturer and must not be located on either end of the bus body identification number. The manufacturer of the school bus body certifies by the "MN" designation that the bus body has been manufactured to meet the minimum standards required of school bus bodies by law. A school bus body manufactured before January 1, 1992, that does not bear a current inspection sticker on July 1, 1992, may not be used on streets and highways in Minnesota after July 1, 1992, unless its manufacturer recertifies that the school bus body meets minimum standards required of school bus bodies by law.* [169.44, subd 17]

Subd. 5. [OPTIONAL MARKINGS; RULES.] *A school district or technical college may elect to show on the front and rear of the school buses that it owns or contracts for, a plainly visible, summary message explaining section 169.444, subdivisions 1 and 2. If the school district or technical college elects to display the message, it must conform with the rules of the commissioner of education. The commissioner shall adopt rules governing the size, type, design, display, and content of the summary message that*

may be shown.

School buses manufactured after July 1, 1989, must be so equipped.* [169.44, subd 14; MN Rules, parts 3520.5200, subps 7 and 8, and 7425.2100, subp 1, item II]

The signals must be a complete system meeting minimum standards required by this section and state board of education rules.* [169.44, subd 10]

Subd. 4. [OPTIONAL WARNING SYSTEM.] *In addition to equipment required under subdivision 1, and notwithstanding section 169.64, a school bus may be equipped with a driver-activated, exterior student-control, warning system. The driver shall activate this system when the use of the stop signal arm and flashing red signals is required under section 169.443, subdivision 1.* [169.44, subd 1d]

The lamp may be used only as provided in this subdivision.*

The strobe lamp must be of a double flash type certified to the commissioner of public safety by the manufacturer as being weatherproof and having a minimum effective light output of 200 candelas as measured by the Blondel-Rey formula. The lamp must be permanently mounted on the longitudinal center line of the bus roof not less than two feet nor more than seven feet forward of the rear roof edge. It must operate from a separate switch containing an indicator lamp to show when the strobe lamp is in use.

The strobe lamp may be lighted only when atmospheric conditions or terrain restrict the visibility of school bus lamps and signals so as to require use of the bright strobe lamp to alert motorists to the presence of the school bus. A strobe lamp may not be lighted unless the school bus is actually being used as a school bus. [169.64, subd 7]

Sec. 5. [169.443] [SAFETY OF SCHOOL CHILDREN; BUS DRIVER'S DUTIES.]

On stopping for this purpose, the driver shall extend the stop signal arm and activate the*

(b) A local authority, including the governing body of an Indian tribe, may by ordinance require that a school bus activate the stop signal arm and flashing red signals while stopped to unload school children at a location other than a location on a street or highway. The ordinance must designate each location where the requirement is imposed. The requirement is effective only if the local authority has erected signs at or near the location to provide adequate notice that other vehicles are required to obey section 169.444, subdivision 1, when those signals are activated.

Subd. 3. [WHEN SIGNALS NOT USED.] *School bus drivers shall not activate the prewarning flashing amber signals or flashing red signals:*

(1) in special school bus loading areas where the bus is entirely off the traveled portion of the roadway and where no other motor vehicle traffic is moving or is likely to be moving within 20 feet of the bus;

Subd. 4. [STREET CROSSINGS.] *Where school children must cross a roadway before getting on or after getting off the school bus, the driver of the school bus or a school bus patrol may supervise the crossing, using the standard school patrol flag or signal as approved and prescribed by the commissioner of public safety. Before moving the school bus, the driver of the bus shall visually determine that all children have crossed the roadway and that those who are to do so have boarded the school bus.* [169.44, subd 2, para (c)]

Subd. 5. [MOVING BUS AFTER CHILDREN UNLOADED.] *When children are getting off a school bus, the driver shall visually determine that they are a safe distance from the bus before moving the bus.* [169.44, subd 2, para (c)]

Subd. 6. [OTHER BUSES.] *The driver of a type III school bus shall load or unload school children only from the right-hand side of the vehicle, provided that on a one-way street the driver shall load or unload school children only from the curb side of the vehicle. When loading or unloading school children, the driver shall activate the vehicle's four-way hazard lights*

described in section 169.59, subdivision 4. [169.44, subd 2, para (d)]

Subd. 7. [VIOLATION.] *A person who violates this section is guilty of a misdemeanor.*

Sec. 6. [169.444] [SAFETY OF SCHOOL CHILDREN; DUTIES OF OTHER DRIVERS.]

Subdivision 1. [CHILDREN GETTING ON OR OFF SCHOOL BUS.] *When a school bus is stopped on a street or highway, or other location where signs have been erected under section 169.443, subdivision 2, paragraph (b), and is displaying an extended stop signal arm and flashing red lights, the driver of a vehicle approaching the bus shall stop the vehicle at least 20 feet away from the bus. The vehicle driver shall not allow the vehicle to move until the school bus stop signal arm is retracted and the red lights are no longer flashing.* [169.44, subd 1]

Subd. 2. [VIOLATIONS BY DRIVERS; PENALTIES.] *(a) A person who fails to stop a vehicle or to keep it stopped, as required in subdivision 1, is guilty of a misdemeanor.* [169.44, subd 1]

(1) passes or attempts to pass the school bus in a motor vehicle on the right-hand, passenger-door side of the bus; or

(2) passes or attempts to pass the school bus in a motor vehicle when a school child is outside of and on the street or highway used by the school bus or on the adjacent sidewalk.

Subd. 3. [PROSECUTOR.] *The attorney in the jurisdiction in which the violation occurred who is responsible for prosecution of misdemeanor violations of this section shall also be responsible for prosecution of gross misdemeanor violations of this section.*

Subd. 7. [EVIDENTIARY PRESUMPTION.] *There is a rebuttable presumption that signals described in section 169.442 were in working order and operable when a violation of subdivision 1, 2, or 5 was allegedly committed, if the signals of the applicable school bus were inspected and visually found to be in working order and operable within 12 hours preceding the incident giving rise to the violation.*

Subd. 8. [SCHEDULING CASES.] *When necessary or desirable to ensure that a school bus driver who witnessed or otherwise can provide relevant information concerning a violation of this section is available to be present at a court proceeding held to determine an alleged violation of this section, the court administrator shall schedule the proceeding to be held between the hours of 10:00 a.m. and 2:00 p.m.*

Subdivision 1. [DEFINITION.] *"Park road" means that portion of a street or highway located entirely within the park boundaries of a city, county, regional, or state park.*

Subd. 2. [RESTRICTIONS.] *A road authority may not make a change in the width, grade, or alignment of a park road that would affect the wildlife habitat or aesthetic characteristics of the park road or its adjacent vegetation or terrain, unless:*

(1) the change is required to permit the safe travel of vehicles at the speed lawfully designated for the park road; or

(2) if the road is a county state-aid highway or municipal state-aid street,

the change is required by the minimum state-aid standard applicable to the road.

Subd. 3. [LIABILITY.] *A road authority and its officers and employees, are exempt from liability for any tort claim for injury to persons or property arising from travel on a park road and related to the design of the park road, if:*

This subdivision does not preclude an action for damages arising from negligence in the construction, reconstruction, or maintenance of a park road.

Sec. 3. [160.83] [RUSTIC ROADS PROGRAM.]

Subdivision 1. [DEFINITION.] *A "rustic road" is a road that is not on the state-aid system that has the following characteristics: outstanding natural features or scenic beauty; an average daily traffic volume of less than 150 vehicles per day; year-round use as a local access road; and maximum allowable speed of 45 miles per hour.*

Subd. 2. [LOCAL AUTHORITY.] *A road authority other than the commissioner may, by resolution, designate a road or highway under its jurisdiction a rustic road and the road authority may designate the type and character of vehicles that may be operated on the rustic road; designate the road or a portion of the road as a pedestrian way or bicycle way, or both; and establish priority of right-of-way, paint lines, and construct dividers to physically separate vehicular, bicycle, or pedestrian traffic.*

Subd. 3. [JOINT DESIGNATION.] *Two or more road authorities may jointly designate a rustic road along a common boundary or into or through their jurisdictions. The road authorities may enter into agreements to divide the costs and responsibility for maintaining the rustic road.*

Subd. 4. [COSTS.] *A rustic road must be maintained by the road authority having jurisdiction over the road and is not eligible for state-aid funding. State money must not be spent to construct, reconstruct, maintain, or improve a rustic road.*

Sec. 4. [161.361] [ADVANCE FUNDING FOR TRUNK HIGHWAY PROJECTS.]

Subdivision 1. [ADVANCE FUNDING.] *A road authority other than the commissioner may by agreement with the commissioner make advances from any available funds to the commissioner to expedite construction of all or part of a trunk highway. Money may be advanced under this section only for projects already included in the commissioner's highway work program.*

Subd. 2. [REPAYMENT.] *Subject to the availability of state money, the commissioner shall repay without interest the amount advanced under subdivision 1, up to the state's share of project costs, at the time the project is scheduled for completion in the highway work program. Sec. 5. Minnesota Statutes 1990, section 162.02, subdivision 3a, is amended to read:

Subd. 3a. [VARIANCES, RULES AND ENGINEERING STANDARDS.] The commissioner may grant variances from the rules and from the engineering standards developed pursuant to section *162.021 or* 162.07, subdivision 2. A political subdivision in which a county state-aid highway is located or is proposed to be located may submit a written request to the commissioner for a variance for that highway. The commissioner shall publish notice of the request in the state register and give notice to all persons known to the commissioner to have an interest in the matter. The commissioner may grant or deny the variance within 30 days of providing notice of the request. If a written objection to the request is received within 20 days of providing notice, the variance shall be granted or denied only after a contested case hearing has been held on the request. If no timely objection is received and the variance is denied without hearing, the political subdivision may request, within 30 days of receiving notice of denial, and shall be granted a contested case hearing. *For purposes of this subdivision, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park authority.*

(c) The commissioner shall adopt rules establishing minimum construction and reconstruction standards that address public safety and reflect the function, lower traffic volume, and slower speed on natural preservation routes. The rules may not establish standards for natural preservation routes that are higher than the standards for national forest highways within national forests and state park access roads within state parks. Design standards specifying the width of vehicle recovery areas on forest highways, forest and park roads, and on natural preservation routes must minimize harmful environmental impact.

Subd. 2. [SIGNS.] *Signs must be posted at entry points to and at regular intervals along natural preservation routes. Signs posted must conform to the commissioner's manual of uniform traffic devices. Properly posted signs are prima facie evidence that adequate notice of a natural preservation route has been given to the motoring public.*

Subd. 3. [LIABILITY.] *Where a county state-aid highway has been designated a natural preservation route and signs have been posted under subdivision 2, the state and the county with jurisdiction over the road and their officers and employees are exempt from liability for any tort claim for injury to persons or property arising from travel on the highway and related to its design standards for construction or reconstruction, if the design standards comply with the standards established by the commissioner under subdivision 1. This subdivision does not preclude an action for damages*

arising from negligence in the construction, reconstruction, or maintenance of a natural preservation route.

Subd. 4. [PUBLIC INFORMATION.] *A county proposing a project on a county state-aid highway that is a natural preservation route that requires removal of the entire surface of the highway shall send to owners of property abutting the highway a written notice that describes the project. The county shall hold a public meeting to discuss design and construction alternatives.*

Subd. 5. [DESIGNATION.] *(a) The commissioner may designate a county state-aid highway as a natural preservation route only on petition of the county board of the county having jurisdiction over the road. Within 60 days after a county board receives a written request to designate a county state-aid highway as a natural preservation route, the county board shall act on the request.*

(b) The commissioner shall appoint an advisory committee for each construction district consisting of seven members: one member of the department of natural resources, one county commissioner, one county highway engineer, one representative of a recognized environmental organization, and three members of the public. The commissioner shall refer each petition received under this subdivision to the appropriate advisory committee. The advisory committee shall consider the petition for designation and make a recommendation to the commissioner. Following receipt of the committee's recommendation, the commissioner may designate the highway as a natural preservation route.

Sec. 7. Minnesota Statutes 1990, section 162.09, subdivision 3a, is amended to read:

Subd. 3a. [VARIANCES, RULES AND ENGINEERING STANDARDS.] The commissioner may grant variances from the rules and from the engineering standards developed pursuant to section 162.13, subdivision 2. A political subdivision in which a municipal state-aid street is located or is proposed to be located may submit a written request to the commissioner for a variance for that street. The commissioner shall publish notice of the request in the state register and give notice to all persons known to the commissioner to have an interest in the matter. The commissioner may grant or deny the variance within 30 days of providing notice of the request. If a written objection to the request is received within 20 days of providing notice, the variance shall be granted or denied only after a contested case hearing has been held on the request. If no timely objection is received and the variance is denied without hearing, the political subdivision may request, within 30 days of receiving notice of denial, and shall be granted a contested case hearing. *For purposes of this subdivision, "political subdivision" includes (1) an agency of a political subdivision which has jurisdiction over parks, and (2) a regional park authority.*

Advances made by any such city shall be repaid out of subsequent apportionments

made to such city in accordance with the commissioner's rules.

Subd. 5e. [SPEED LIMIT ON PARK ROADS.] *The political subdivision with authority over a park may establish a speed limit on a road located within the park. A speed limit established under this subdivision on a trunk highway is effective only with the commissioner's approval. A speed limit established under this subdivision must be based on an engineering and traffic investigation prescribed by the commissioner of transportation and must not be lower than 20 miles per hour, and no speed limit established under this subdivision may reduce existing speed limits by more than 15 miles per hour. A speed limit established under this subdivision is effective on the erection of appropriate signs designating the speed limit and indicating the beginning and end of the reduced speed zone. Any speed in excess of the posted speed is unlawful.*

Sec. 10. Minnesota Statutes 1990, section 221.033, is amended by adding a subdivision to read:

The variances must apply only to cargo tanks with a capacity of 3,000 gallons or less that transport gasoline in intrastate commerce in Minnesota and were first used in transportation before August 1, 1991. The commissioner shall establish inspection, testing, and registration requirements to ensure the safety of cargo tanks operated under a variance granted under this subdivision.*

Sec. 3. Minnesota Statutes 1990, section 168.10, subdivision 1c, is amended to read:

Subd. 1c. [COLLECTOR'S VEHICLE, COLLECTOR LICENSE.] Any motor vehicle, including any truck, that is at least 20 model years old and manufactured after 1935, or any motor vehicle of a defunct make defined as any car or truck originally licensed as a separate identifiable make as designated by the division of motor vehicles, and owned and operated solely as a collector's vehicle, shall be listed for taxation and registration as follows: An affidavit shall be executed stating the name and address of the person from whom purchased and of the new owner, the make of the motor vehicle, year and number of the model, the manufacturer's identification number and that the vehicle is owned and operated solely as a collector's item and not for general transportation purposes. The owner must also prove that the owner also has one or more vehicles with regular license plates. If the registrar is satisfied that the affidavit is true and correct and the owner pays a $25 tax, the registrar shall list the vehicle for taxation and registration and shall issue number plates.

The number plates issued shall bear the inscription "Collector," "Minnesota" and the registration number *or other combination of characters authorized under section 168.12, subdivision 2a*, but no date. The number plates are valid without renewal as long as the vehicle is in existence and shall be issued for the applicant's use only for the vehicle. The registrar has the power to revoke the plates for failure to comply with this subdivision.

Sec. 4. Minnesota Statutes 1990, section 168.10, subdivision 1d, is amended to read:

Subd. 1d. [COLLECTORS VEHICLES, STREET ROD LICENSE.] Any modernized motor vehicle manufactured prior to the year 1949 or designed and manufactured to resemble such vehicle shall be listed for taxation and registration as follows:

An affidavit shall be executed stating the name and address of the person from whom purchased and of the new owner, the make of the motor vehicle, year number of model, and the manufacturer's identification number. The affidavit shall further state that the vehicle is owned and operated solely as a street rod and not for general transportation purposes. The owner must also prove that the owner has one or more vehicles with regular license plates. If the registrar is satisfied that the affidavit is true and correct and the owner pays a $25 tax, the registrar shall list such vehicle for taxation and registration and shall issue number plates.

The number plates issued shall bear the inscription "Street Rod", "Minnesota" and the registration number *or other combination of characters authorized under section 168.12, subdivision 2a*, but no date. The number plates are valid without renewal as long as the vehicle is in existence and shall be issued for the applicant's use only for such vehicle. The registrar has the power to revoke such plates for failure to comply with this subdivision.

Sec. 5. Minnesota Statutes 1990, section 168.105, subdivision 3, is amended to read:

Subd. 3. [LICENSE PLATES.] The registrar shall issue number plates of the same size as standard motorcycle license plates and inscribed "collector" and "Minnesota" with the registration number *or other combination of characters authorized under section 168.12, subdivision 2a,* but without a date. The plates are valid without renewal as long as the classic motorcycle exists and may be issued for the applicant's use only for the classic motorcycle. The registrar may revoke the plates for noncompliance with this subdivision.

Sec. 6. Minnesota Statutes 1990, section 168.12, subdivision 1, is amended to read:

Subdivision 1. [NUMBER PLATES; VISIBILITY, PERIODS OF ISSUANCE.] The registrar, upon the approval and payment, shall issue to the applicant the number plates required by law, bearing the state name and the number assigned. The number assigned may be a combination of a letter or sign with figures. The color of the plates and the color of the abbreviation of the state name and the number assigned shall be in marked contrast. The plates shall be lettered, spaced, or distinguished to suitably indicate the registration of the vehicle according to the rules of the registrar, and when a vehicle is registered on the basis of total gross weight, the plates issued shall clearly indicate by letters or other suitable insignia the maximum gross weight for which the tax has been paid. These number plates shall be so treated as to be at least 100 times brighter than the conventional painted number plates. When properly mounted on an unlighted vehicle, these number plates, when viewed from a vehicle equipped with standard headlights, shall be visible for a distance of not less than 1,500 feet and readable for a distance of not less than 110 feet. The registrar shall issue these number plates for the following periods:

~~(1) Number plates issued pursuant to sections 168.27, subdivisions 16 and 17, and 168.053 shall be for a one-year period.~~

~~(2)~~ New number plates issued pursuant to section 168.012, subdivision 1, shall be issued to a vehicle for as long as it is owned by the exempt agency and shall not be transferable from one vehicle to another but may be transferred with the vehicle from one tax exempt agency to another.

~~(3)~~ *(2)* Plates issued for passenger automobiles as defined in section 168.011, subdivision 7, shall be issued for a seven-year period. All plates issued under this paragraph must be replaced if they are seven years old or older at the time of annual registration or will become so during the registration period.

~~(4)~~ *(3) Number plates issued under sections 168.053 and 168.27, subdivisions 16 and 17, shall be for a seven-year period.*

(4) Plates for any vehicle not specified in clauses (1)~~,~~ ~~(2) and (3)~~ *to (3)*, except for trailers as hereafter provided, shall be issued for the life of the vehicle. Beginning with number plates issued for the year 1981, plates issued for trailers with a total gross weight of 3,000 pounds or less shall be issued for the life of the trailer and shall be not more than seven inches in length and four inches in width.

In a year in which plates are not issued, the registrar shall issue for each registration a tab or sticker to designate the year of registration. This tab or sticker shall show the calendar year or years for which issued, and is valid only for that period. The number plates, number tabs, or stickers issued for a motor vehicle may not be transferred to another motor vehicle

during the period for which it is issued.

Notwithstanding any other provision of this subdivision, number plates issued to a vehicle which is used for behind-the-wheel instruction in a driver education course in a public school may be transferred to another vehicle used for the same purpose without payment of any additional fee. The registrar shall be notified of each transfer of number plates under this paragraph and may prescribe a form for notification.

Sec. 7. Minnesota Statutes 1990, section 168.12, subdivision 2a, is amended to read:

Subd. 2a. [PERSONALIZED LICENSE PLATES.] Personalized license plates must be issued to an applicant for registration of a passenger automobile~~,~~ *including a passenger automobile registered as a classic car, pioneer car, collector car, or street rod;* van~~,~~*;* pickup truck~~,~~*;* motorcycle~~,~~ *including a classic motorcycle;* or self-propelled recreational vehicle, upon compliance with the laws of this state relating to registration of the vehicle and upon payment of a one-time fee of $100 in addition to the registration tax required by law for the vehicle. The registrar shall designate a replacement fee for personalized license plates that is calculated to cover the cost of replacement. This fee must be paid by the applicant whenever the personalized license plates are required to be replaced by law. In lieu of the numbers assigned as provided in subdivision 1, personalized license plates must have imprinted on them a series of not more than seven numbers and letters in any combination. When an applicant has once obtained personalized plates, the applicant shall have a prior claim for similar personalized plates in the next succeeding year that plates are issued if application is made for them at least 30 days before the first date that registration can be renewed. The commissioner of public safety shall adopt rules in the manner provided by chapter 14, regulating the issuance and transfer of personalized license plates. No words or combination of letters placed on personalized license plates may be used for commercial advertising, be of an obscene, indecent, or immoral nature, or be of a nature that would offend public morals or decency. The call signals or letters of a radio or television station are not commercial advertising for the purposes of this subdivision.

Notwithstanding the provisions of subdivision 1, personalized license plates issued under this subdivision may be transferred to another motor vehicle owned or jointly owned by the applicant, upon the payment of a fee of $5, which must be paid into the state treasury and credited to the highway user tax distribution fund. The registrar may by rule provide a form for notification. *A personalized license plate issued for a classic car, pioneer car, collector car, street rod, or classic motorcycle may not be transferred to a vehicle not eligible for such a license plate.*

Notwithstanding any law to the contrary, if the personalized license plates are lost, stolen, or destroyed, the applicant may apply and shall receive duplicate license plates bearing the same combination of letters and numbers as the former personalized plates upon the payment of the fee required by section 168.29.

Fees from the sale of permanent and duplicate personalized license plates must be paid into the state treasury and credited to the highway user tax distribution fund.

Sec. 8. Minnesota Statutes 1990, section 168.27, subdivision 16, is amended to read:

Subd. 16. [PLATES, DISTINGUISHING NUMBERS.] (a) The registrar shall issue to every motor vehicle dealer, upon a request from the motor vehicle dealer licensed as provided in subdivision 2 or 3, one or more plates displaying a general distinguishing number. This subdivision does not apply to a scrap metal processor, a used vehicle parts dealer, or a vehicle salvage pool. The fee for each of the first four plates is $75 *per calendar year*, of which $60 must be paid to the registrar and the remaining $15 is payable as motor vehicle excise tax under section 297B.035. For each additional plate, the dealer shall pay the registrar a fee of $25 and a motor vehicle excise tax of $15 ~~annually~~ *per calendar year*. The registrar shall deposit the tax in the state treasury and it shall be credited as provided in section 297B.09. Motor vehicles, new or used, owned by the motor vehicle dealer and bearing the number plate, except vehicles leased to the user who is not an employee of the dealer during the term of the lease, held for hire, or customarily used by the dealer as a tow truck, service truck, or parts pickup truck, may be driven upon the streets and highways of this state:

(1) by the motor vehicle dealer or dealer's spouse, or any full-time employee of the motor vehicle dealer for either private or business purposes;

(2) by a part-time employee when the use is directly related to a particular business transaction of the dealer;

(3) for demonstration purposes by any prospective buyer thereof for a period of 48 hours or in the case of a truck, truck-tractor, or semitrailer, for a period of seven days; or

(4) in a promotional event that lasts no longer than four days in which at least three motor vehicles are involved.

(b) A new or used motor vehicle sold by the motor vehicle dealer and bearing the motor vehicle dealer's number plate may be driven upon the public streets and highways for a period of 72 hours by the buyer for either of the following purposes: (1) Removing the vehicle from this state for registration in another state, or (2) permitting the buyer to use the motor vehicle before the buyer receives number plates pursuant to registration. Use of a motor vehicle by the buyer under the provisions of clause (2) of the preceding sentence before the buyer receives number plates pursuant to registration constitutes a use of the public streets or highways for the purpose of the time requirements for registration of motor vehicles.

Sec. 9. Minnesota Statutes 1990, section 168.27, subdivision 17, is amended to read:

Subd. 17. [APPLICATION *FOR IN TRANSIT PLATES.*] Every licensed dealer in motor vehicles may make application upon a blank provided by the registrar for that purpose for a general distinguishing number for use upon all new or used motor vehicles being transported from the dealer's source of supply, or other place of storage, to the dealer's place of business, or to another place of storage, or from one dealer to another. A general distinguishing number shall be assigned by the registrar to the dealer for that purpose, and the registrar shall then issue to the dealer the number of plates as the dealer may request, upon the payment by the dealer to the registrar of the sum of $5 per plate *per calendar year*. The plates shall be known as "in transit" plates. The registrar may issue "in transit" plates, upon the payment of the sum of $5 to the registrar, to dealers duly licensed in other states or provinces upon information furnished in the manner as the registrar may prescribe, and which satisfies the registrar that persons

or companies applying therefor are duly licensed dealers under the laws of the states or provinces.

Sec. 10. Minnesota Statutes 1990, section 169.01, subdivision 75, is amended to read:

(b) For purposes of sections 169.1211, 169.1215, and 169.123, subdivisions 2 and 4, a commercial motor vehicle does not include a farm truck, firefighting equipment, or recreational equipment being operated by a person within the scope of section 171.02, subdivision 2, paragraph (a).

Sec. 11. Minnesota Statutes 1990, section 169.01, is amended by adding a subdivision to read:

Subd. 76. [HAZARDOUS MATERIALS.] *"Hazardous materials" means those materials found to be hazardous for the purposes of the federal Hazardous Materials Transportation Act and that require the motor vehicle to be placarded under Code of Federal Regulations, title 49, part 172, subpart F.*

Sec. 12. Minnesota Statutes 1990, section 169.121, subdivision 8, is amended to read:

Subd. 8. [~~ALCOHOL~~ *CHEMICAL USE* ASSESSMENT.] When the evidentiary test shows an alcohol concentration of 0.07 or more, that result shall be reported to the commissioner of public safety. The commissioner shall record that fact on the driver's record. When the driver's record shows a second or subsequent report of an alcohol concentration of 0.07 or more within two years of a recorded report, the commissioner may require that the driver have ~~an alcohol problem~~ *a chemical use* assessment meeting the commissioner's requirements. The assessment shall be at the driver's expense. In no event shall the commissioner deny the license of a person who refuses to take the assessment or to undertake treatment, if treatment is indicated by the assessment, for longer than 90 days. If an assessment is made pursuant to this section, the commissioner may waive the assessment required by section 169.126.

Sec. 13. Minnesota Statutes 1990, section 169.123, subdivision 5c, is amended to read:

Subd. 5c. [PETITION FOR JUDICIAL REVIEW.] Within 30 days following receipt of a notice and order of revocation or disqualification pursuant

to this section, a person may petition the court for review~~, unless the person is entitled to review under section 171.166~~. The petition shall be filed with the district court administrator in the county where the alleged offense occurred, together with proof of service of a copy on the commissioner of public safety, and accompanied by the standard filing fee for civil actions. No responsive pleading shall be required of the commissioner of public safety, and no court fees shall be charged for the appearance of the commissioner of public safety in the matter.

The petition shall be captioned in the full name of the person making the petition as petitioner and the commissioner of public safety as respondent. The petition must include the petitioner's date of birth, driver's license number, and date of the offense. The petition shall state with specificity the grounds upon which the petitioner seeks rescission of the order of revocation, disqualification, or denial and state the facts underlying each claim asserted.

The filing of the petition shall not stay the revocation, disqualification, or denial. The reviewing court may order a stay of the balance of the revocation or disqualification if the hearing has not been conducted within 60 days after filing of the petition upon terms the court deems proper. Judicial reviews shall be conducted according to the rules of civil procedure.

Sec. 14. Minnesota Statutes 1990, section 169.123, subdivision 8, is amended to read:

Subd. 8. [NOTICE OF ACTION TO OTHER STATES.] When ~~it has been finally determined that~~ a nonresident's privilege to operate a motor vehicle in this state has been revoked or denied, the commissioner of public safety shall give information in writing of the action taken to the official in charge of traffic control or public safety of the state of the person's residence and of any state in which the person has a license.

Sec. 15. Minnesota Statutes 1990, section 169.73, subdivision 4a, is amended to read:

Subd. 4a. [REAR-END PROTECTION FOR OTHER VEHICLES.] *(a)* Vehicles other than private passenger vehicles, collector vehicles, collector military vehicles, and other vehicles specifically exempted by law from such requirements must meet the rear-end protection requirements of federal motor carrier regulations, Code of Federal Regulations, title 49, section 393.86.

(b) Notwithstanding contrary regulations cited in paragraph (a), a truck tractor and semitrailer combination with a semitrailer length longer than 50 feet whose frame or body extends more than 36 inches beyond the rear of its rearmost axle must not be operated on the highways of this state unless equipped with a bumper or underride guard on the extreme rear of the frame or body. The bumper or underride guard must:

(1) provide a continuous horizontal beam having a maximum ground clearance of 22 inches, as measured with the vehicle empty and on level ground; and

(2) extend to within four inches of the lateral extremities of the semitrailer on both left and right sides.

Sec. 16. Minnesota Statutes 1990, section 169.81, subdivision 2, is amended to read:

Subd. 2. [LENGTH OF VEHICLES.] (a) No single unit motor vehicle, except mobile cranes which may not exceed 48 feet, unladen or with load may exceed a length of 40 feet extreme overall dimensions inclusive of front and rear bumpers, except that the governing body of a city is authorized by permit to provide for the maximum length of a motor vehicle, or combination of motor vehicles, or the number of vehicles that may be fastened together, and which may be operated upon the streets or highways of a city; provided, that the permit may not prescribe a length less than that permitted by state law. A motor vehicle operated in compliance with the permit on the streets or highways of the city is not in violation of this chapter.

(b) No single semitrailer may have an overall length, exclusive of non-cargo-carrying accessory equipment, including refrigeration units or air compressors, necessary for safe and efficient operation mounted or located on the end of the semitrailer adjacent to the truck or truck-tractor, in excess of 48 feet, except that a single semitrailer may have an overall length in excess of 48 feet but not greater than 53 feet if the distance from the kingpin to the centerline of the rear axle group of the semitrailer does not exceed 41 feet. No single trailer may have an overall length inclusive of tow bar assembly and exclusive of rear protective bumpers which do not increase the overall length by more than six inches, in excess of 45 feet. For determining compliance with the provisions of this subdivision, the length of the semitrailer or trailer must be determined separately from the overall length of the combination of vehicles.

(c) No semitrailer or trailer used in a three-vehicle combination may have an overall length *in excess of 28-1/2 feet*, exclusive of:

(1) non-cargo-carrying accessory equipment, including refrigeration units or air compressors *and upper coupler plates*, necessary for safe and efficient operation, mounted or located on the end of the semitrailer or trailer adjacent to the truck or truck-tractor~~, and further exclusive of~~;

(2) the tow bar assembly~~, in excess of 28-1/2 feet~~; *and*

(3) lower coupler equipment that is a fixed part of the rear end of the first trailer.

The commissioner may not grant a permit authorizing the movement, in a three-vehicle combination, of a semitrailer or trailer that exceeds 28-1/2 feet, except that the commissioner may renew a permit that was granted before April 16, 1984, for the movement of a semitrailer or trailer that exceeds the length limitation in this paragraph.

Sec. 17. Minnesota Statutes 1990, section 169.81, subdivision 3, is amended to read:

Subd. 3. [LENGTH OF VEHICLE COMBINATIONS.] (a) Statewide, except as provided in paragraph (b), no combination of vehicles coupled together, including truck-tractor and semitrailer, may consist of more than two units and no combination of vehicles, unladen or with load, may exceed a total length of 65 feet. The length limitation does not apply to the transportation of telegraph poles, telephone poles, electric light and power poles, piling, or pole length pulpwood, and is subject to the following further exceptions: the length limitations do not apply to vehicles transporting pipe or other objects by a public utility when required for emergency or repair of public service facilities or when operated under special permits as provided in this subdivision, but with respect to night transportation, a vehicle and the load must be equipped with a sufficient number of clearance lamps

and marker lamps on both sides and upon the extreme ends of a projecting load to clearly mark the dimensions of the load. Mount combinations may be drawn but the combinations may not exceed 65 feet in length. The limitation on the number of units does not apply to vehicles used for transporting milk from point of production to point of first processing, in which case no combination of vehicles coupled together unladen or with load, including truck-tractor and semitrailers, may consist of more than three units and no combination of those vehicles may exceed a total length of 65 feet. Notwithstanding other provisions of this section, and except as provided in paragraph (b), no combination of vehicles consisting of a truck-tractor and semitrailer designed and used exclusively for the transportation of motor vehicles or boats may exceed 65 feet in length. The load may extend a total of seven feet, but may not extend more than three feet beyond the front or four feet beyond the rear, and in no case may the overall length of the combination of vehicles, unladen or with load, exceed 65 feet. For the purpose of registration, trailers coupled with a truck-tractor, semitrailer combination are semitrailers. The state as to state trunk highways, and a city or town as to roads or streets located within the city or town, may issue permits authorizing the transportation of combinations of vehicles exceeding the limitations in this subdivision over highways, roads, or streets within their boundaries. Combinations of vehicles authorized by this subdivision may be restricted as to the use of highways by the commissioner as to state trunk highways, and a road authority as to highways or streets subject to its jurisdiction. Nothing in this subdivision alters or changes the authority vested in local authorities under the provisions of section 169.04.

(b) The following combination of vehicles regularly engaged in the transportation of commodities may operate only on divided highways having four or more lanes of travel, and on other highways as may be designated by the commissioner of transportation subject to section 169.87, subdivision 1, and subject to the approval of the authority having jurisdiction over the highway, for the purpose of providing reasonable access between the divided highways of four or more lanes of travel and terminals, facilities for food, fuel, repair, and rest, and points of loading and unloading for household goods carriers, livestock carriers, or for the purpose of providing continuity of route:

(1) a truck-tractor and semitrailer exceeding 65 feet in length;

(2) a combination of vehicles with an overall length exceeding 55 feet and including a truck-tractor and semitrailer drawing one additional semitrailer which may be equipped with an auxiliary dolly;

(3) a combination of vehicles with an overall length exceeding 55 feet and including a truck-tractor and semitrailer drawing one full trailer; ~~and~~

(4) a truck-tractor and semitrailer designed and used exclusively for the transportation of motor vehicles or boats and exceeding an overall length of 65 feet including the load except as restricted by applicable federal law~~.~~; *and*

(5) a truck or truck-tractor transporting similar vehicles by having the front axle of the transported vehicle mounted onto the center or rear part of the preceding vehicle, defined in Code of Federal Regulations, title 49, sections 390.5 and 393.5 as drive-away saddlemount combinations or drive-away saddlemount vehicle transporter combinations, when the overall length exceeds 65 feet.

Vehicles operated under the provisions of this section must conform to the standards for those vehicles prescribed by the United States Department of Transportation, Federal Highway Administration, Bureau of Motor Carrier Safety, as amended.

Sec. 18. Minnesota Statutes 1990, section 169.825, subdivision 8, is amended to read:

Subd. 8. [PNEUMATIC-TIRED VEHICLES.] No vehicle or combination of vehicles equipped with pneumatic tires shall be operated upon the highways of this state:

(a) Where the gross weight on any wheel exceeds 9,000 pounds, except that on designated local routes and state trunk highways the gross weight on any single wheel shall not exceed 10,000 pounds;

(b) Where the gross weight on any single axle exceeds 18,000 pounds, except that on designated local routes and state trunk highways the gross weight on any single axle shall not exceed 20,000 pounds;

(c) Where the maximum wheel load:

(1) on the foremost and rearmost steering axles, exceeds 600 pounds per inch of tire width or the manufacturer's recommended load, whichever is less; *or*

(2) on other axles, exceeds 500 pounds per inch of tire width or the manufacturer's recommended load, whichever is less;

Clause (2) applies to new vehicles manufactured after August 1, 1991, and after August 1, 1996, to all vehicles.

(d) Where the gross weight on any axle of a tridem exceeds 15,000 pounds, except that for vehicles to which an additional axle has been added prior to June 1, 1981, the maximum gross weight on any axle of a tridem may be up to 16,000 pounds provided the gross weight of the tridem combination does not exceed ~~37,000 pounds where the first and third axles of the tridem are spaced seven feet apart; 38,500 pounds where the first and third axles of the tridem are spaced eight feet apart; and~~ 39,900 pounds where the first and third axles of the tridem are spaced nine feet apart.

(e) Where the gross weight on any group of axles exceeds the weights permitted under this section with any or all of the interior axles disregarded and their gross weights subtracted from the gross weight of all axles of the group under consideration.

Sec. 19. Minnesota Statutes 1990, section 169.825, subdivision 10, is amended to read:

Subd. 10. [GROSS WEIGHT SCHEDULE.] (a) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated upon the highways of this state where the total gross weight on any group of two or more consecutive axles of any vehicle or combination of vehicles exceeds that given in the following table for the distance between the centers of the first and last axles of any group of two or more consecutive axles under consideration; *unless otherwise noted,* the distance between axles being measured longitudinally to the nearest even foot, and when the measurement is a fraction of exactly one-half foot the next largest whole number in feet shall be used, except that when the distance between axles is more than three feet four inches and less than three feet six inches the distance of four feet shall be used:

The gross weights shown in parentheses in this clause are permitted only on state trunk highways and routes designated under section 169.832, subdivision 11.

(b) Notwithstanding any lesser weight in pounds shown in this table but subject to the restrictions on gross vehicle weights in clause (c), two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each and a combined gross load of 68,000 pounds provided the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more.

(c) Notwithstanding the provisions of section 169.85, the gross vehicle weight of all axles of a vehicle or combination of vehicles shall not exceed:

(1) 80,000 pounds for any vehicle or combination of vehicles on all state trunk highways as defined in section 160.02, subdivision 2, and for all routes designated under section 169.832, subdivision 11; and

(2) 73,280 pounds for any vehicle or combination of vehicles with five axles or less on all routes, other than state trunk highways and routes that are designated under section 169.832, subdivision 11; and

(3) 80,000 pounds for any vehicle or combination of vehicles with six or more axles on all routes, other than state trunk highways and routes that are designated under section 169.832, subdivision 11.

(d) The maximum weights specified in this subdivision for five consecutive axles shall not apply to a combination of vehicles that includes a three axle semitrailer first registered before August 1, 1981. All other weight limitations in this section are applicable.

(e) The maximum weights specified in this subdivision for five consecutive axles shall not apply to a four axle ready mix concrete truck which was equipped with a fifth axle prior to June 1, 1981. The maximum gross weight on four or fewer consecutive axles of vehicles excepted by this clause shall not exceed any maximum weight specified for four or fewer consecutive axles in this subdivision.

Sec. 20. Minnesota Statutes 1990, section 169.86, subdivision 5, is amended to read:

Subd. 5. [FEES.] The commissioner, with respect to highways under the commissioner's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) $15 for each single trip permit.

(b) $36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight, and dimension.

(c) $60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) refuse compactor vehicles that carry a gross weight up to but not in excess of 22,000 pounds on a single rear axle and not in excess of 38,000 pounds on a tandem rear axle;

(2) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;

(3) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;

(4) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3); and

(5) special pulpwood vehicles described in section 169.863.

(d) $120 for an oversize annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) mobile cranes;

(2) construction equipment, machinery, and supplies;

(3) manufactured homes;

(4) farm equipment when the movement is not made according to the provisions of section 169.80, subdivision 1, paragraphs (a) to (f);

(5) double-deck buses;

(6) commercial boat hauling.

(e) For vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

Overweight Axle Group Cost Factors

Weight (pounds) exceeding weight limitations on axles	Cost Per Mile For Each Group Of: Two consecutive axles spaced within 8 feet or less	Three consecutive axles spaced within 9 feet or less	Four consecutive axles spaced within 14 feet or less
0-2,000	.100	.040	.036
2,001-4,000	.124	.050	.044
4,001-6,000	.150	.062	.050
6,001-8,000	Not permitted	.078	.056
8,001-10,000	Not permitted	.094	.070
10,001-12,000	Not permitted	.116	.078
12,001-14,000	Not permitted	.140	.094
14,001-16,000	Not permitted	.168	.106
16,001-18,000	Not permitted	.200	.128
18,001-20,000	Not permitted	Not permitted	.140
20,001-22,000	Not permitted	Not permitted	.168

The amounts added are rounded to the nearest cent for each axle or axle group. The additional cost does not apply to paragraph (c), clauses (1) and (3).

For a vehicle found to exceed the appropriate maximum permitted weight, a cost-per-mile fee of 22 cents per ton, or fraction of a ton, over the permitted maximum weight is imposed in addition to the normal permit fee. Miles must be calculated based on the distance already traveled in the state plus the distance from the point of detection to a transportation loading site or unloading site within the state or to the point of exit from the state.

(f) As an alternative to paragraph (e), an annual permit may be issued for overweight, or oversize and overweight, construction equipment, machinery, and supplies. The fees for the permit are as follows:

Gross Weight (pounds) of vehicle	Annual Permit Fee
90,000 or less	$200
90,001 - 100,000	$300
100,001 - 110,000	$400
110,001 - 120,000	$500

120,001 - 130,000	$600
130,001 - 140,000	$700
140,001 - 145,000	$800

If the gross weight of the vehicle is more than 145,000 pounds the permit fee is determined under paragraph (e).

(g) For vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to $120 added to the amount in paragraph (a) when the permit is issued while seasonal load restrictions pursuant to section 169.87 are in effect.

Sec. 30. Minnesota Statutes 1990, section 171.29, subdivision 1, is amended to read:

Subdivision 1. No person whose ~~drivers~~ *driver's* license has been revoked by reason of conviction, plea of guilty, or forfeiture of bail not vacated, under section 171.17 or 65B.67, or revoked under section 169.123 *or 169.792* shall be issued another license unless and until that person shall have successfully passed an examination as required for an initial license.

Sec. 31. Minnesota Statutes 1990, section 171.30, subdivision 1, is amended to read:

Subdivision 1. [ISSUANCE.] In any case where a person's license has been suspended under section 171.18 or revoked under section *65B.67*, 169.121, 169.123, 169.792, or 171.17, the commissioner may issue a

limited license to the driver including under the following conditions:

(1) if the driver's livelihood or attendance at a chemical dependency treatment or counseling program depends upon the use of the driver's license;

(2) if the use of a driver's license by a homemaker is necessary to prevent the substantial disruption of the education, medical, or nutritional needs of the family of the homemaker; or

(3) if attendance at a post-secondary institution of education by an enrolled student of that institution depends upon the use of the driver's license.

The commissioner in issuing a limited license may impose such conditions and limitations as in the commissioner's judgment are necessary to the interests of the public safety and welfare including reexamination as to the driver's qualifications. The license may be limited to the operation of particular vehicles, to particular classes and times of operation and to particular conditions of traffic. The commissioner may require that an applicant for a limited license affirmatively demonstrate that use of public transportation or carpooling as an alternative to a limited license would be a significant hardship.

For purposes of this subdivision, "homemaker" refers to the person primarily performing the domestic tasks in a household of residents consisting of at least the person and the person's dependent child or other dependents.

The limited license issued by the commissioner shall clearly indicate the limitations imposed and the driver operating under the limited license shall have the license in possession at all times when operating as a driver.

In determining whether to issue a limited license, the commissioner shall consider the number and the seriousness of prior convictions and the entire driving record of the driver and shall consider the number of miles driven by the driver annually.

If the person's driver's license or permit to drive, or nonresident operating privileges, have been revoked *under section 65B.67 or 169.792*, the commissioner may only issue a limited license to the person after the person has presented an insurance identification card, policy, or written statement indicating that the driver or owner has insurance coverage satisfactory to the commissioner of public safety. The commissioner of public safety may require the insurance identification card provided to satisfy this subdivision be certified by the insurance company to be noncancelable for a period not to exceed 12 months.

Federal money received in excess of the estimates shown in the 1991-1993 department of human services budget document reduces the state appropriation by the amount of the excess receipts, unless otherwise directed by the governor, after consulting with the legislative advisory commission.

For the biennium ending June 30, 1993, federal receipts as shown in the biennial budget document to be used for financing activities, programs, and projects under the supervision and jurisdiction of the commissioner must be credited to and become a part of the appropriations provided for in this section.

If federal money anticipated is less than that shown in the biennial budget document, the commissioner of finance shall reduce the amount available from the direct appropriation a corresponding amount. The reductions must be noted in the budget document submitted to the 78th legislature in addition to an estimate of similar federal money anticipated for the biennium ending June 30, 1995.

The commissioner of human services, with the approval of the commissioner of finance and by direction of the governor after consulting with the legislative advisory commission, may transfer unencumbered appropriation balances among the aid to families with dependent children, AFDC child care, general assistance, general assistance medical care, medical assistance, Minnesota supplemental aid, and work readiness programs, and the entitlement portion of the chemical dependency consolidated treatment fund, and between fiscal years of the biennium.

Effective the day following final enactment, the commissioner may transfer unencumbered appropriation balances for fiscal year 1991 among the aid to families with dependent children, general assistance, general assistance medical care, medical assistance, Minnesota supplemental aid, and work readiness programs with the approval of the commissioner of finance after notification of the chairs of the health and human services divisions of the senate finance committee and the house appropriations committee.

For the biennium ending June 30, 1993, information system project appropriations for development and federal receipts for the alien verification entitlement system must be deposited in the special systems account authorized in Minnesota Statutes, section 256.014. Money appropriated for computer projects approved by the Information Policy Office, funded by the legislature, and approved by the commissioner of finance may be transferred from one project to another and from development to operations as the commissioner considers necessary. Any unexpended balance in the appropriation for these projects does not cancel in the first year but is available for the second year of the biennium.

For the biennium ending June 30, 1993, any federal money remaining from receipt of state legalization impact assistance grants, after reimbursing the department of education for actual expenditures, must be deposited in the aid to families with dependent children account.

The money appropriated from federal child care funds received by the department of human services and allocated to the Minnesota early childhood care and education council for the biennium ending June 30, 1993, for general operation of the council is to enable the council to provide coordination, training outreach, and

technical assistance to child care providers.

The commissioner shall set the monthly standard of assistance for general assistance and work readiness assistance units consisting of an adult recipient who is childless and unmarried or living apart from his or her parents or a legal guardian at $203.

Money appropriated for fiscal year 1991 for general assistance may be used to reimburse fiscal year 1990 and fiscal year 1991 county refugee cash assistance expenditures that were not reimbursed by the federal government, to the extent that unreimbursed refugee cash assistance payments do not exceed $140,000.

Chisago and Isanti counties shall be added to the list of counties in which the commissioner shall require establishment and operation of fraud prevention investigation programs.

that can demonstrate a need for additional funds. Funds shall be reallocated according to the same formula used initially to allocate funds to counties.

By October 1, 1991, the commissioner shall submit to the secretary of health and human services an amendment to the state JOBS plan to secure federal reimbursement for child care for AFDC caretakers who are not eligible for STRIDE, but who are engaged in education or training or job search. The state plan amendment shall provide that the activities required of a non-STRIDE caretaker and the administrative services provided are the minimum necessary to secure federal reimbursement for child care assistance. Upon federal approval of the amendment, the commissioner shall submit to the legislature a proposal to transfer money from the basic sliding fee child care program to fund the state share of child care services under the state plan amendment.

Any balance remaining in the first year for the Minnesota family investment plan appropriation does not cancel but is available for the second year of the biennium.

After the commissioner has determined the need to convert the program, the commissioner of health shall certify the program as an intermediate care facility for persons with mental retardation if the program meets applicable certification standards. Notwithstanding the provisions of Minnesota Statutes, section 246.18, receipts collected for state-operated community-based services are appropriated to the commissioner and are dedicated to the operation of state-operated community-based services which are converted in this section or which were authorized in Laws 1988, chapter 689, article 1, section 2, subdivision 5. During the biennium ending June 30, 1993, regional treatment center and state-operated nursing home employees, except temporary or emergency employees, affected by changes in the department of human services delivery system must receive, along with other options, priority consideration in order to transfer to vacant or newly created positions at the Minneapolis and Hastings veterans homes and at facilities operated by the commissioner of corrections. The veterans homes board, in cooperation with the commissioners of human services and corrections, shall develop procedures to facilitate these transfers.

Transfer of facilities at Faribault RTC: The legislature recognizes that the orderly transfer of some buildings at the Faribault regional treatment center from the department of human services to the department of corrections is necessary in order to develop a shared campus and to abide by legislated policies concerning the future of the regional treatment center. If the transfer of the infirmary, the skilled nursing facility, the Osage, Willow, or Birch buildings, or any other building on the campus of the Faribault regional treatment center requires the transfer of developmentally disabled residents to community residential facilities, the commissioner of human services shall accomplish this transfer according to the following schedule:

(1) the commissioner of human services shall maintain the 35 skilled nursing facility beds for developmentally disabled residents and an infirmary at the Faribault regional treatment center;

(2) the transfer of the hospital building at the Faribault regional treatment center to the department of corrections may take place only after alternative, state-operated, skilled nursing facility and infirmary space has been developed for residents on the campus of the Faribault regional treatment center;

(3) the transfer of the Osage facility to the department of corrections may not occur before December 31, 1992. Residents affected by the transfer of the Osage building shall not be transferred to another regional treatment center or state nursing home but must either be housed at the Faribault regional treatment center or placed in appropriate community-based facilities. At least 60 percent of the community-based facility beds to which affected regional center residents are transferred must be state-operated community services (SOCS) beds;

(4) the transfer of the Willow and Birch facilities to the department of corrections must not occur before June 30, 1993. Residents affected by the transfer of the Willow or Birch facilities shall not be transferred to another regional treatment center or state nursing home but must either be housed at the Faribault regional treatment center or placed in appropriate community-based facilities. At least 60 percent of the community-based facility beds to which affected regional treatment center residents are transferred must be state-operated community services (SOCS) beds.

Notwithstanding Minnesota Statutes, section 144A.071, the commissioner of health shall license and certify nursing home beds to be operated by the commissioner of human services in new or existing buildings if the following conditions are met: (1) the number of licensed and certified beds shall not exceed the number of beds that were operated by the commissioner of human services at the Oak Terrace nursing home; and (2) the beds will be located as follows: 105 at Brainerd in addition to the existing 28 beds at Brainerd; 70 beds at Cambridge; 85 beds at Fergus Falls; and up to 62 additional beds as needed at these or other regional treatment centers.

Any portion of the appropriation to remodel, set up, and operate state nursing home beds at the Fergus Falls and Cambridge regional treatment centers and state nursing home beds and security hospital beds at the Brainerd regional treatment center that is not spent in fiscal year 1992 does not cancel and shall be available for fiscal year 1993.

For the biennium ending June 30, 1993, savings realized from holding vacancies open at the regional treatment centers may only be used to pay negotiated salary increases for regional treatment center employees. The commissioner shall hold positions vacant in the general professional, supervisory, and managerial units at the regional treatment centers for the purpose of funding negotiated salary increases. Positions in other units shall not be held vacant for this purpose.

The appropriation for fiscal 1992 to improve property at regional treatment centers and state nursing homes to prepare the property for lease does not cancel but is available for fiscal 1993. Any balance remaining at the end of the fiscal year shall not cancel and is available until expended.

If the resident population at the regional treatment centers is projected to be higher than the estimates upon which the medical assistance forecast and budget recommendations were based, the amount of the medical assistance appropriation that is attributable to the cost of services that would have been provided as an alternative to regional treatment center services is transferred to the residential facilities appropriation.

For purposes of restructuring the chemical dependency and developmental disabilities programs at the regional treatment centers during the biennium ending June 30, 1993, any regional treatment center employee whose position is to be eliminated shall be afforded the options provided in applicable collective bargaining agreements. Provided there is no

conflict with any collective bargaining agreement, any regional treatment center position reduction must only be accomplished through mitigation, attrition, transfer, and other measures as provided in state or applicable collective bargaining agreements and Minnesota Statutes, section 252.50, subdivision 11, and not through layoff. However, if the commissioner proceeds with construction of 10 additional state-operated community residences for persons with developmental disabilities and 84 additional state nursing home beds during the biennium ending June 30, 1993, and begins siting and constructing 24 additional state-operated community residential facilities for persons with developmental disabilities, then the commissioner may use a mitigated layoff procedure to reduce unnecessary staff at the regional treatment centers, as negotiated with respective collective bargaining agents. Affected employees must be offered alternative employment, severance pay, retraining, transfers, and other options that do not conflict with collective bargaining agreements. All of the 24 additional state-operated community facilities shall be sited within a reasonable distance of a regional treatment center. Community facilities shall be allocated to these sites based on the proportionate number of developmentally disabled clients that have been discharged from the area regional treatment center in the period 1980 to 1990.

The commissioner shall consolidate both program and support functions at each of the regional centers and state nursing homes to ensure efficient and effective space utilization that is consistent with applicable licensing and certification standards. The commissioner may transfer residents and positions between the regional center and state nursing home system as necessary to promote the most efficient use of available state buildings. Surplus buildings shall be reported to the commissioner of administration for appropriate disposition according to Minnesota Statutes, section 16B.24.

Any unencumbered balances in special equipment and repairs and betterments remaining in the first year do not cancel but are available for the second year of the biennium.

During the biennium ending June 30, 1993, whenever offenders are assigned for the purpose of work under agreement with a state department or agency, local unit of government, or other government subdivision, the state department or agency, local unit of government, or other government subdivision must certify to the appropriate bargaining agent that the work performed by inmates will not result in the displacement of currently employed workers or workers on seasonal layoff or layoff from a substantially equivalent position, including partial displacement such as reduction in hours of nonovertime work, wages, or other employment benefits.

Notwithstanding Minnesota Statutes, section 609.105 or any other provision of law to the contrary, a felony offender sentenced in a community corrections act county may not be committed to the custody of the commissioner of corrections under an executed sentence of imprisonment if the time remaining in the

offender's sentence, minus credit for prior imprisonment, is 60 days or less unless the offender's sentence was presumptively executed under the sentencing guidelines. Notwithstanding any provision of law to the contrary, these offenders may be sentenced to imprisonment in a local jail or workhouse. This does not apply to offenders whose sentences were executed at the time of sentencing and to offenders whose sentences were executed after revocation of a stayed felony sentence.

If an applicant is not granted or denied a license within 90 days after submitting a complete application, the license must be deemed granted. An applicant whose license has been deemed granted must provide written notice to the commissioner before providing a home care service.

(c) Each application for a home care provider license, or for a renewal of a license, shall be accompanied by a fee to be set by the commissioner under section 144.122, *except that the commissioner shall not charge a licensure fee to a home care provider operated by a statutory or home rule charter city, county, town, or other governmental entity.*

Sec. 11. Minnesota Statutes 1990, section 144A.49, is amended to read:

144A.49 [TEMPORARY PROCEDURES.]

For purposes of this section, "home care providers" shall mean the providers described in section 144A.43, subdivision 4, including hospice programs described in section 144A.48. Home care providers are exempt from the licensure requirement in section 144A.46, subdivision 1, until 90 days after the effective date of the licensure rules. Beginning July 1, 1987, no home care provider, as defined in section 144A.43, subdivision 4, except a provider exempt from licensure under section 144A.46, subdivision 2, may provide home care services in this state without registering with the commissioner. A home care provider is registered with the commissioner when the commissioner has received in writing the provider's name; the

name of its parent corporation or sponsoring organization, if any; the street address and telephone number of its principal place of business; the street address and telephone number of its principal place of business in Minnesota; the counties in Minnesota in which it may render services; the street address and telephone number of all other offices in Minnesota; and the name, educational background, and ten-year employment history of the person responsible for the management of the agency. A registration fee must be submitted with the application for registration, *except that the commissioner shall not collect a registration fee from a home care provider operated by a statutory or home rule charter city, county, town, or other governmental entity*. The fee must be established pursuant to section 144.122 and must be based on a consideration of the following factors: the number of clients served by the home care provider, the number of employees, the number of services offered, and annual revenues of the provider. The registration is effective until 90 days after licensure rules are effective. In order to maintain its registration and provide services in Minnesota, a home care provider must comply with section 144A.44 and comply with requests for information under section 144A.47. A registered home care provider is subject to sections 144A.51 to 144A.54. Registration under this section does not exempt a home care provider from the licensure and other requirements later adopted by the commissioner.

Within 90 days after the effective date of the licensure rules under section 144A.45, the commissioner of health shall issue provisional licenses to all home care providers registered with the department as of that date. The provisional license shall be valid until superseded by a license issued under section 144A.46 or for a period of one year, whichever is shorter. Applications for licensure as a home care provider received on or after the effective date of the home care licensure rules, shall be issued under section 144A.46, subdivision 1.

Sec. 12. Minnesota Statutes 1990, section 144A.51, subdivision 5, is amended to read:

Subd. 5. "Health facility" means a facility or that part of a facility which is required to be licensed pursuant to sections 144.50 to 144.58, ~~and~~ a facility or that part of a facility which is required to be licensed under any law of this state which provides for the licensure of nursing homes, *and a residential care home licensed under sections 144B.10 to 144B.17*.

Sec. 13. Minnesota Statutes 1990, section 144A.53, subdivision 1, is amended to read:

Subdivision 1. [POWERS.] The director may:

(a) Promulgate by rule, pursuant to chapter 14, and within the limits set forth in subdivision 2, the methods by which complaints against health facilities, health care providers, home care providers, or administrative agencies are to be made, reviewed, investigated, and acted upon; provided, however, that a fee may not be charged for filing a complaint.

(b) Recommend legislation and changes in rules to the state commissioner of health, legislature, governor, administrative agencies or the federal government.

(c) Investigate, upon a complaint or upon initiative of the director, any action or failure to act by a health care provider, home care provider, or a health facility.

(d) Request and receive access to relevant information, records, incident reports, or documents in the possession of an administrative agency, a health care provider, a home care provider, or a health facility, and issue investigative subpoenas to individuals and facilities for oral information and written information, including privileged information which the director deems necessary for the discharge of responsibilities. For purposes of investigation and securing information to determine violations, the director need not present a release, waiver, or consent of an individual. The identities of patients or residents must be kept private as defined by section 13.02, subdivision 12.

(e) Enter and inspect, at any time, a health facility and be permitted to interview staff; provided that the director shall not unduly interfere with or disturb the provision of care and services within the facility or the activities of a patient or resident unless the patient or resident consents.

(f) Issue a correction order pursuant to section 144.653 or any other law which provides for the issuance of correction orders to health ~~care~~ facilities or home care provider, or under section 144A.45. A facility's refusal to cooperate in providing lawfully requested information may also be grounds for a correction order.

(g) Recommend the certification or decertification of health facilities pursuant to Title XVIII or XIX of the United States Social Security Act.

(h) Assist patients or residents of health facilities in the enforcement of their rights under Minnesota law.

(i) Work with administrative agencies, health facilities, home care providers, and health care providers and organizations representing consumers on programs designed to provide information about health facilities to the public and to health facility residents.

Sec. 15. [144B.02] [LICENSE REQUIRED.]

No person, partnership, association, or corporation, nor any state, county, or local governmental units, nor any division, department, board, or agency shall establish, operate, conduct, or maintain in the state any residential care home without first obtaining a license as required in sections 144B.01 to 144B.17. No person or entity shall advertise a home providing services required to be licensed under sections 144B.01 to 144B.17 without first obtaining a license. A violation of this section is a misdemeanor punishable by a fine of not more than $300. The commissioner may seek an injunction in the district court against the continuing operation of the unlicensed home. Proceedings for securing an injunction may be brought by the attorney general or by the appropriate county attorney. The sanctions in this section do not restrict other available sanctions.

Sec. 16. [144B.03] [LICENSE APPLICATION.]

Subdivision 1. [LICENSE PROCEDURES.] *The commissioner shall by rule establish forms and procedures for processing residential care home license applications. An application for a residential care home license shall include:*

(1) the name and address of the licensee and the manager of the home to be licensed;

(2) the address of the home; and

(3) any other relevant information which the commissioner by rule may determine is necessary to properly evaluate an application for license.

An applicant for licensure which is a corporation shall submit copies of its articles of incorporation and bylaws and any amendments as they occur, together with the names and addresses of its officers and directors. An applicant for licensure which is a foreign corporation shall furnish the commissioner with a copy of its certificate of authority to do business in this state. The application of a corporation, association, or a governmental unit or instrumentality shall be signed by at least two officers or managing agents of that entity.

Subd. 2. [AGENTS IDENTIFIED.] *Each application for a residential care home license or for renewal of a residential care home license shall specify one or more individuals or employees as agents:*

(1) who shall be responsible for dealing with the commissioner on all

matters provided for in sections 144B.01 to 144B.17; and

(2) on whom personal service of all notices and orders shall be made, and who shall be authorized to accept service on behalf of the licensee.

Notwithstanding any law to the contrary, personal service on the designated person or persons named in an application shall be deemed to be service on the licensee, and it shall not be a defense to any action arising, that personal service was not made on each individual. The designation of one or more individuals pursuant to this subdivision shall not affect the legal responsibility of the licensee under sections 144B.01 to 144B.17.

Sec. 17. [144B.04] [FEES.]

Each application for a license to operate a residential care home, or for a renewal of license, shall be accompanied by a fee established by the commissioner according to section 144.122. No fee shall be refunded. The fee established must include an amount necessary to recover, over a five-year period, the commissioner's direct expenditures for adoption of the residential care home rules.

Sec. 18. [144B.05] [QUALIFICATIONS FOR LICENSE.]

Subdivision 1. [COMPLIANCE REQUIRED.] *No license shall be issued to a home unless the commissioner of health determines that the home complies with the requirements of this chapter.*

Subd. 2. [APPLICATION REQUIRED.] *The applicant for a license under sections 144B.01 to 144B.17 must comply with the application requirements specified by section 144B.03.*

Subd. 3. [HEALTH; SAFETY STANDARDS.] *The home must meet the minimum health, safety, comfort, and well-being standards prescribed by the rules of the commissioner with respect to the construction, equipment, maintenance, and operation of a residential care home.*

Subd. 4. [LICENSURE CONDITIONS OR LIMITATIONS.] *The commissioner may attach to the license any conditions or limitations necessary to assure compliance with the laws or rules governing the operation of the home or to protect the health, safety, comfort, or well-being of the residents. A condition or limitation may be attached to the license when first issued, when renewed, or during the course of the licensure year. The commissioner shall adopt rules governing the procedures for issuing conditions or limitations.*

Sec. 19. [144B.06] [LICENSE RENEWAL.]

Unless the license is suspended or revoked according to section 144B.08, a residential care home license is effective for one year from the date of its issuance. The commissioner shall by rule establish forms and procedures for the processing of license renewals. The commissioner shall approve a license renewal application if the home continues to satisfy the requirements, standards, and conditions of sections 144B.01 to 144B.17, and the rules adopted under those sections.

Sec. 20. [144B.07] [TRANSFERABILITY OF LICENSE.]

Subdivision 1. [TRANSFERS PROHIBITED; CHANGE OF OWNERSHIP.] *A license shall be issued only for the premise identified in the application for license and may not be transferred or assigned to another party. Prior to any change of licensee of a home, the prospective licensee*

must apply for a license according to subdivision 2. "Change of licensee" means a transfer of the legal responsibility to operate the home to a different individual or entity.

Subd. 2. [NOTIFICATION.] *At least 60 days prior to the final change of license, the prospective licensee shall notify the department of the intended change of licensee and shall file an application for a license. The original licensee shall notify the department of the intended change at least 90 days prior to the change. The original licensee remains responsible for the operation of the home until the date a new license is issued by the department. The original licensee is liable for all penalties assessed against the home and for all violations occurring prior to the transfer of operation. The commissioner may not issue a license to the prospective licensee if, at the time of the requested transfer, there are any uncorrected violations of sections 144B.01 to 144B.17 or rules adopted under those sections unless the commissioner determines that the violations will not create an imminent risk of harm to the residents and that the prospective licensee has submitted an acceptable plan of correction to the commissioner.*

Sec. 21. [144B.08] [LICENSE SUSPENSION, REVOCATION, OR REFUSAL TO ISSUE; HEARING; RELICENSING.]

Subdivision 1. [PROCEEDINGS.] *The commissioner may institute proceedings to suspend or revoke a residential care home license, or may refuse to grant or renew the license of a residential care home if any action by a licensee or employee of the residential care home:*

(1) violates any of the provisions of sections 144B.01 to 144B.17, or the rules adopted under those sections;

(2) permits, aids, or abets the commission of any illegal act in the residential care home or relating to the operation of the home;

(3) performs any act contrary to the welfare of the residential care home; or

(4) obtains, or attempts to obtain, a license by fraudulent means or misrepresentation.

Subd. 2. [HEARING.] *No residential care home license may be suspended or revoked, and renewal may not be denied, without a hearing held as a contested case in accordance with chapter 14. If the individual designated under section 144B.03, subdivision 2, as an agent to accept service on behalf of the licensee has been notified by the commissioner that the home will not receive an initial license or that a license renewal has been denied, the licensee or a legal representative on behalf of the residential care home may request and receive a hearing on the denial. This hearing shall be held as a contested case in accordance with chapter 14.*

Subd. 3. [MANDATORY REVOCATION OR REFUSAL TO ISSUE A LICENSE.] *Notwithstanding subdivision 2, the commissioner shall revoke or refuse to issue a residential care home license if the applicant, licensee, or manager of the licensed home is convicted of a felony or gross misdemeanor that is punishable by a term of imprisonment of not more than 90 days and that relates to operation of the residential care home or directly affects resident safety or care. The commissioner shall notify the residential care home 30 days before the date of revocation.*

Subd. 4. [RELICENSING.] *If a residential care home license is revoked, a new application for license may be considered by the commissioner when*

the conditions upon which revocation was based have been corrected and satisfactory evidence of this fact has been furnished to the commissioner. A new license may be granted after an inspection has been made and the home has been found to comply with all provisions of sections 144B.01 to 144B.17, and the rules adopted under those sections.

Sec. 22. [144B.09] [RULES.]

The commissioner shall establish by rule minimum standards for the construction, maintenance, equipping, and operation of residential care homes. To the extent possible, the rules shall assure the health, safety, comfort, and well-being of residential care home residents. The rules shall include, but not be limited to the following provisions:

(1) the supportive services that can be provided;

(2) special service permit requirements for medication or other supportive services;

(3) staffing requirements;

(4) training and qualifications of staff;

(5) criteria for admission and continued stay of a resident;

(6) resident rights;

(7) fire safety and physical plant requirements that are based on the size of the home, and the resident's ability to ambulate, taking into consideration the need for differing standards for existing physical plants and for new construction; and

(8) procedures for granting variances or waivers from the rules.

Sec. 23. [144B.10] [INSPECTIONS; ENFORCEMENT.]

Subdivision 1. [ENFORCEMENT.] *The department is the exclusive state agency charged with the responsibility and duty of inspecting all homes required to be licensed under sections 144B.01 to 144B.17. The commissioner shall enforce its rules subject only to the authority of the department of public safety respecting the enforcement of fire and safety standards in licensed residential care homes.*

Subd. 2. [PERIODIC INSPECTION.] *(a) All homes required to be licensed under sections 144B.01 to 144B.17 shall be periodically inspected by the commissioner to ensure compliance with rules and standards. Inspections shall occur at different times throughout the calendar year.*

(b) Within the limits of the resources available to the commissioner, the commissioner shall conduct inspections and reinspections with a frequency and in a manner calculated to produce the greatest benefit to residents. In performing this function, the commissioner may devote proportionately more resources to the inspection of those homes in which conditions present the most serious concerns with respect to resident health, safety, comfort, and well-being, including: (1) change in ownership; (2) frequent change in management or staff; (3) complaints about care, safety, or rights; (4) previous inspections or reinspections which have resulted in correction orders related to care, safety, or rights; and (5) indictment of persons involved in ownership or operation of the home for alleged criminal activity.

(c) A home that does not have any of the conditions in paragraph (b) or any other condition established by the commissioner that poses a risk to

resident care, safety, or rights shall be inspected once every two years.

Subd. 3. [AUTHORITY.] *The commissioner may request and must be given access to relevant information, records, incident reports, or other documents in the possession of a home if the commissioner considers them necessary for the discharge of responsibilities. For the purposes of inspections and securing information to determine compliance with the licensure laws and rules, the commissioner need not present a release, waiver, or consent of the individual. The identities of patients or residents must be kept private as defined by section 13.02, subdivision 12.*

Subd. 4. [INSPECTIONS WITHOUT NOTICE.] *No prior notice shall be given of an inspection or reinspection conducted under this section.*

Subd. 5. [CORRECTION ORDERS.] *Whenever a duly authorized representative of the commissioner determines that a home is not in compliance with the provisions of this chapter or the rules adopted under it, a correction order shall be issued to the home. The correction order shall state the deficiency, cite the specific law or rule violated, and specify the time allowed for correction.*

Subd. 6. [REINSPECTIONS; FINES.] *If, upon reinspection, it is found that the home has not corrected deficiencies specified in the correction order, a notice of noncompliance shall be issued stating all deficiencies not corrected. Unless a hearing is requested under subdivision 8, the home shall forfeit to the state, within 15 days after receiving the notice of noncompliance, up to $1,000 for each deficiency not corrected. For each subsequent reinspection, the home may be fined an additional amount for each deficiency which has not been corrected. All forfeitures shall be paid into the general fund. The commissioner shall adopt by rule a schedule of fines applicable for each type of uncorrected deficiency.*

Subd. 7. [RECOVERY.] *Any unpaid forfeitures may be recovered by the attorney general.*

Subd. 8. [HEARINGS.] *A licensee is entitled to a hearing on any notice of noncompliance provided that the licensee makes a written request within 15 days after receiving the notice of noncompliance. Failure to request a hearing shall result in the forfeiture of a penalty as determined by the commissioner according to subdivision 6. During the hearing and review process a request for a hearing shall operate as a stay of the payment of any forfeiture provided for in this section. The hearing shall be conducted as a contested case proceeding under the provisions of chapter 14.*

Subd. 9. [RECORDS OF INSPECTIONS.] *After each inspection or reinspection required or authorized by this section, the commissioner shall, by certified mail, send copies of any correction order or notice of noncompliance to the home. A copy of each correction order and notice of noncompliance shall be kept on file at the home and shall be made available for viewing by any person upon request.*

Subd. 10. [POWERS NOT LIMITED.] *Nothing in this section shall be construed to limit the powers granted to the commissioner in this chapter.*

Sec. 24. [144B.11] [INJUNCTIVE RELIEF; SUBPOENAS.]

Subdivision 1. [INJUNCTIVE RELIEF.] *In addition to any other remedy provided by law, the commissioner may bring an action in the district court in Ramsey or Hennepin county or in the district in which a home is located to enjoin the licensee or an employee of the home from illegally engaging*

in activities regulated by sections 144B.01 to 144B.17. A temporary restraining order may be granted by the court in the proceeding if continued activity by the licensee or employee would create an imminent risk of harm to a resident of the facility.

Subd. 2. [SUBPOENAS.] *In all matters pending before the commissioner under sections 144B.01 to 144B.17, the commissioner shall have the power to issue subpoenas, and to compel the attendance of witnesses and the production of all necessary papers, books, records, documents, and other evidentiary material. Any person failing or refusing to appear or testify regarding any matter about which that person may be lawfully questioned or refusing to produce any papers, books, records, documents, or evidentiary materials in the matter to be heard, after having been required by order of the commissioner or by a subpoena of the commissioner to do so may, upon application by the commissioner to the district court in any district, be ordered by the court to comply with the subpoena or order. The commissioner may issue subpoenas and may administer oaths to witnesses, or take their affirmation. Depositions may be taken within or without the state in the manner provided by law for the taking of depositions in civil actions, with the same fees and mileage and in the same manner as prescribed by law for process issued out of the district court of this state. Fees and mileage and other costs for persons subpoenaed by the commissioner shall be paid in the same manner as for proceedings in district court.*

Sec. 25. [144B.12] [PLACEMENT OF A MONITOR.]

Subdivision 1. [AUTHORITY.] *The commissioner may place a person to act as a monitor in a residential care home when the commissioner determines that violations of this chapter, or the rules adopted under it, require extended surveillance to enforce compliance or to protect the health, safety, or welfare of the residents.*

Subd. 2. [DUTIES OF THE MONITOR.] *The monitor shall observe the operation of the home, provide advice to the home on methods of complying with state law and rules, where documented deficiencies for the regulations exist, and periodically shall submit a written report to the commissioner on the ways in which the home meets or fails to meet state rules.*

Subd. 3. [SELECTION OF THE MONITOR.] *The commissioner may select as monitor an employee of the department or may contract with any other individual to serve as a monitor. The commissioner shall publish a notice in the State Register that requests proposals from individuals who wish to be considered for placement as monitors and that sets forth the criteria for selecting individuals as monitors. The commissioner shall maintain a list of individuals who are not employees of the department who are interested in serving as monitors. The commissioner may contract with those individuals determined to be qualified.*

Subd. 4. [PAYMENT OF THE MONITOR.] *A residential care home in which a monitor is placed shall pay to the department the actual costs associated with the placement, unless the payment would create an undue hardship for the home.*

Sec. 26. [144B.13] [FREEDOM FROM ABUSE AND NEGLECT.]

Residents shall be free from abuse and neglect as defined in section 626.557, subdivision 2. The commissioner shall by rule develop procedures for the reporting of alleged incidents of abuse or neglect in residential care homes. The office of health facility complaints shall investigate reports of

alleged abuse or neglect according to sections 144A.51 to 144A.54.

Sec. 27. [144B.14] [CESSATION OF OPERATIONS.]

If a residential care home voluntarily plans to cease operations or to curtail operations to the extent that relocation of residents is necessary, the licensee of the home shall notify the commissioner at least 90 days prior to the scheduled cessation or curtailment. The commissioner shall cooperate with and advise the licensee of the home in the resettlement of residents. Failure to comply with this section shall be subject to the issuance of a correction order and fine under section 144B.10.

Sec. 28. [144B.15] [HUMAN SERVICES LICENSURE EXCLUSION.]

Notwithstanding section 245A.03, subdivision 2, board and lodging establishments licensed by the commissioner and registered under section 157.031, subdivision 2, that provide services for five or more persons whose primary diagnosis is mental illness and who have refused a residential program offered by a county agency are exempt from licensure under sections 245A.01 to 245A.16, until one year after the residential care home licensure rules required under sections 144B.01 to 144B.17 are adopted by the commissioner of health. At that time, these establishments shall be licensed under sections 245A.01 to 245A.16, or as residential care homes.

Sec. 29. [144B.16] [TRANSITIONAL PERIOD.]

Except as provided for in section 157.031, subdivision 4, the requirement to obtain a residential care home license is effective as of the effective date of the rules adopted by the commissioner. Until that time, board and lodging establishments that are required to be registered under the provisions of section 157.031 shall continue to meet the requirements contained in that section.

Sec. 30. [144B.17] [ADVISORY WORK GROUP.]

The commissioner shall convene a work group to advise, consult with, and make recommendations to the commissioner regarding the development of rules required under sections 144B.01 to 144B.16. The work group must include consumers and providers of the services described in sections 144B.01 to 144B.16 and other interested parties.

Sec. 31. Minnesota Statutes 1990, section 145.924, is amended to read:

145.924 [AIDS PREVENTION GRANTS.]

(a) The commissioner may award grants to boards of health as defined in section 145A.02, subdivision 2, state agencies, state councils, or nonprofit corporations to provide evaluation and counseling services to populations at risk for acquiring human immunodeficiency virus infection, including, but not limited to, minorities, adolescents, intravenous drug users, and homosexual men.

Grants shall be awarded on a request for proposal basis and shall include funds for administrative costs. Priority for grants shall be given to agencies or organizations that have experience in providing service to the particular community which the grantee proposes to serve;

that have policymakers representative of the targeted population; that have experience in dealing with issues relating to HIV/AIDS; and that have the capacity to deal effectively with persons of differing sexual orientations. For purposes of this paragraph, the "communities of color" are: the American-Indian community; the Hispanic community; the African-American community; and the Asian-Pacific community.

Sec. 32. Minnesota Statutes 1990, section 145.925, is amended by adding a subdivision to read:

Subd. 9. Notwithstanding any rules to the contrary, including rules proposed in the State Register on April 1, 1991, the commissioner, in allocating grant funds for family planning special projects, shall not limit the total amount of funds that can be allocated to an organization that has submitted applications from more than one region, except that no more than $75,000 may be allocated to any grantee within a single region. For two or more organizations who have submitted a joint application, that limit is $75,000 for each organization. This subdivision does not affect any procedure established in rule for allocating special project money to the different regions. The commissioner shall revise the rules for family planning special project grants so that they conform to the requirements of this subdivision. In adopting these revisions, the commissioner is not subject to the rulemaking provisions of chapter 14, but is bound by section 14.38, subdivision 7.

Sec. 35. Minnesota Statutes 1990, section 148B.04, subdivision 3, is amended to read:

A board may issue or renew a license or filing only if the commissioner of revenue issues a tax clearance certificate and the commissioner of revenue or the ~~individual~~ *licensee* or applicant forwards a copy of the clearance to the board. The commissioner of revenue may issue a clearance certificate only if the ~~individual~~ *licensee* or applicant does not owe the state any uncontested delinquent taxes. For purposes of this section, "taxes" means all taxes payable to the commissioner of revenue, including penalties and interest due on those taxes. "Delinquent taxes" do not include a tax liability if (i) an administrative or court action that contests the amount or validity of the liability has been filed or served, (ii) the appeal period to contest the tax liability has not expired, or (iii) the ~~regulated individual~~ *licensee* or applicant has entered into a payment agreement to pay the liability and is current with the payments.

The commissioner of revenue may request a list of the ~~individuals~~ *licensees* and applicants no more than once each calendar year.

Sec. 40. Minnesota Statutes 1990, section 148B.07, is amended to read:

148B.07 [REPORTING OBLIGATIONS.]

Subdivision 1. [PERMISSION TO REPORT.] A person who has knowledge of any conduct constituting grounds for ~~discipline or adverse~~ *disciplinary* action relating to licensure or ~~filing~~ *unlicensed practice* under this chapter may report the violation to the appropriate board.

Subd. 2. [INSTITUTIONS.] A state agency, political subdivision, agency of a local unit of government, private agency, hospital, clinic, prepaid medical plan, or other health care institution or organization located in this state shall report to the appropriate board any action taken by the agency, institution, or organization or any of its administrators or medical or other committees to revoke, suspend, restrict, or condition a ~~regulated individual's~~ *licensee's* privilege to practice or treat patients or clients in the institution, or as part of the organization, any denial of privileges, or any other ~~adverse action or~~ disciplinary action for conduct that might constitute grounds for ~~adverse action or~~ disciplinary action by a board under this chapter. The institution or organization shall also report the resignation of any ~~regulated individuals~~ *licensees* prior to the conclusion of any disciplinary ~~or adverse~~ action proceeding for conduct that might constitute grounds for disciplinary ~~or adverse~~ action under this chapter, or prior to the commencement of formal charges but after the ~~individual~~ *licensee* had knowledge that formal charges were contemplated or in preparation.

Subd. 3. [PROFESSIONAL SOCIETIES.] A state or local professional society for ~~regulated individuals~~ *licensees* shall report to the appropriate board any termination, revocation, or suspension of membership or any other disciplinary ~~or adverse~~ action taken against a ~~regulated individual~~ *licensee*. If the society has received a complaint that might be grounds for discipline under this chapter against a member on which it has not taken any disciplinary ~~or adverse~~ action, the society shall report the complaint and the reason why it has not taken action on it or shall direct the complainant to the appropriate board.

Subd. 4. [~~REGULATED INDIVIDUALS AND~~ LICENSED PROFESSIONALS.] A ~~regulated individual or a~~ licensed health professional shall report to the appropriate board personal knowledge of any conduct that the ~~regulated individual or~~ licensed health professional reasonably believes constitutes grounds for disciplinary ~~or adverse~~ action under this chapter by any ~~regulated individual~~ *licensee*, including conduct indicating that the ~~individual~~ *licensee* may be medically incompetent, or may be medically or physically unable to engage safely in the provision of services. If the information was obtained in the course of a client relationship, the client is another ~~regulated individual~~ *licensee*, and the treating individual successfully counsels the other individual to limit or withdraw from practice to the extent required by the impairment, the board may deem this limitation of or withdrawal from practice to be sufficient disciplinary action.

Subd. 5. [INSURERS.] Four times each year as prescribed by a board, each insurer authorized to sell insurance described in section 60A.06, subdivision 1, clause (13), and providing professional liability insurance to ~~regulated individuals~~ *licensees*, or the medical joint underwriting association under chapter 62F, shall submit to the appropriate board a report concerning the ~~regulated individuals~~ *licensees* against whom malpractice settlements or awards have been made to the plaintiff. The report must contain at least the following information:

(1) the total number of malpractice settlements or awards made ~~to the plaintiff~~;

(2) the date the malpractice settlements or awards ~~to the plaintiff~~ were made;

(3) the allegations contained in the claim or complaint leading to the settlements or awards made ~~to the plaintiff~~;

(4) the dollar amount of each malpractice settlement or award;

(6) the name of the ~~regulated individual~~ *licensee* against whom an award was made or with whom a settlement was made.

The insurance company shall, in addition to the above information, report to the board any information it possesses that tends to substantiate a charge that a ~~regulated individual~~ *licensee* may have engaged in conduct violating this chapter.

Subd. 6. [COURTS.] The court administrator of district court or any other court of competent jurisdiction shall report to the board any judgment or other determination of the court that adjudges or includes a finding that a ~~regulated individual~~ *licensee* is mentally ill, mentally incompetent, guilty of a felony, guilty of a violation of federal or state narcotics laws or controlled substances act, or guilty of an abuse or fraud under Medicare or Medicaid; or that appoints a guardian of the ~~regulated individual~~ *licensee* pursuant to sections 525.54 to 525.61 or commits a ~~regulated individual~~ *licensee* pursuant to chapter 253B or sections 526.09 to 526.11.

Subd. 7. [SELF-REPORTING.] A ~~regulated individual~~ *licensee* shall report to the appropriate board *or to the office of mental health practice* any personal action that would require that a report be filed ~~with the board~~ by any person, health care facility, business, or organization pursuant to subdivisions 2 to 6.

Subd. 8. [DEADLINES; FORMS.] Reports required by subdivisions 2 to 7 must be submitted not later than 30 days after the occurrence of the reportable event or transaction. Subd. 9. [SUBPOENAS.] The boards *and the office of mental health practice* may issue subpoenas for the production of any reports required by subdivisions 2 to 7 or any related documents.

Subdivision 1. [REPORTING.] Any person, health care facility, business, or organization is immune from civil liability or criminal prosecution for submitting a report ~~to a board~~ under section 148B.07 or for otherwise reporting ~~to the board~~ violations or alleged violations of this chapter. All the reports are confidential and absolutely privileged communications.

Subd. 2. [INVESTIGATION.] Members of the boards of social work, *and* marriage and family therapy, ~~and unlicensed mental health professionals,~~ and persons employed by the ~~office~~ *boards* or engaged in the investigation of violations and in the preparation and management of charges of violations

of this chapter on behalf of the ~~office or~~ boards, are immune from civil liability and criminal prosecution for any actions, transactions, or publications in the execution of, or relating to, their duties under this chapter.

Sec. 42. Minnesota Statutes 1990, section 148B.12, is amended to read:

Subd. 2. [BOARD ACTION.] The board shall give due consideration to the information submitted under this section. A ~~regulated individual~~ *licensee or applicant for licensure* who willfully submits incorrect information is subject to disciplinary action under this chapter.

Sec. 43. Minnesota Statutes 1990, section 148B.13, is amended to read:

148B.13 [PUBLICATION OF DISCIPLINARY ACTIONS.]

At least annually, each board shall publish and release to the public a description of all disciplinary measures or ~~adverse~~ actions taken by the board. The publication must include, for each disciplinary measure or ~~adverse~~ action taken, the name and business address of the ~~regulated individual~~ *licensee*, the nature of the misconduct, and the measure or action taken by the board.

Sec. 44. Minnesota Statutes 1990, section 148B.17, is amended to read:

148B.17 [FEES.]

Each board shall by rule establish fees, including late fees, for licenses ~~or filings~~ and renewals so that the total fees collected by the board will as closely as possible equal anticipated expenditures during the fiscal biennium, as provided in section 16A.128~~, plus the prorated costs of the office of social work and mental health boards~~. Fees must be credited to accounts in the special revenue fund.

Sec. 45. [148B.175] [COMPLAINTS; INVESTIGATION AND HEARING.]

Subdivision 1. [DISCOVERY; SUBPOENAS.] *In all matters relating to its lawful regulatory activities, a board may issue subpoenas and compel the attendance of witnesses and the production of all necessary papers, books, records, documents, and other evidentiary material. Any person failing or refusing to appear to testify regarding any matter about which the person may be lawfully questioned or failing to produce any papers, books, records, documents, or other evidentiary materials in the matter to be heard, after having been required by order of the board or by a subpoena of the board to do so may, upon application to the district court in any district, be ordered to comply with the subpoena or order. Any board member may administer oaths to witnesses or take their affirmation. Depositions*

may be taken within or without the state in the manner provided by law for the taking of depositions in civil actions. A subpoena or other process or paper may be served upon a person it names anywhere within the state by any officer authorized to serve subpoenas or other process or paper in civil actions in the same manner as prescribed by law for service of process issued out of the district court of this state.

Subd. 2. [CLASSIFICATION OF DATA.] *The board shall maintain any records, other than client records, obtained as part of an investigation, as investigative data under section 13.41. Client records are classified as private under chapter 13, and must be protected as such in the records of the board and in administrative or judicial proceeding unless the client authorizes the board in writing to make public the identity of the client or a portion or all of the client's records.*

Subd. 3. [EXAMINATION.] *If a board has probable cause to believe that an applicant or licensee has engaged in conduct prohibited by section 214.10, it may issue an order directing the applicant or licensee to submit to a mental or physical examination or chemical dependency evaluation. For the purpose of this section, every applicant or licensee is considered to have consented to submit to a mental or physical examination or chemical dependency evaluation when ordered to do so in writing by the board and to have waived all objections to the admissibility of the examiner's or evaluator's testimony or reports on the grounds that the testimony or reports constitute a privileged communication.*

Subd. 4. [FAILURE TO SUBMIT TO AN EXAMINATION.] *Failure to submit to an examination or evaluation when ordered, unless the failure was due to circumstances beyond the control of the applicant or licensee, constitutes an admission that the applicant or licensee violated section 214.10, based on the factual specifications in the examination or evaluation order, and may result in an application being denied or a default and final disciplinary order being entered after a contested case hearing. The only issues to be determined at the hearing are whether the designated board member had probable cause to issue the examination or evaluation order and whether the failure to submit was due to circumstances beyond the control of the applicant or licensee. Neither the record of a proceeding under this subdivision nor the orders entered by the board are admissible, subject to subpoena, or to be used against the applicant or licensee in a proceeding in which the board is not a party or decision maker. Information obtained under this subdivision is classified as private under chapter 13 and the orders issued by a board as the result of an applicant or licensee to submit to an examination or evaluation are classified as public.*

Subd. 5. [ACCESS TO DATA AND RECORDS.] *In addition to ordering a physical or mental examination or chemical dependency evaluation and notwithstanding section 13.42, 144.651, 595.02, or any other law limiting access to medical or other health records, a board may obtain data and health records relating to an applicant or licensee without the applicant's or licensee's consent if the board has probable cause to believe that an applicant or licensee has engaged in conduct prohibited by section 214.10. An applicant, licensee, insurance company, health care facility, provider as defined in section 144.335, subdivision 1, paragraph (b), or government agency shall comply with any written request of the board under this subdivision and is not liable in any action for damages for releasing the data requested by the board if the data are released in accordance with a written request made under this subdivision, unless the information is false and the*

person or entity giving the information knew or had reason to know that the information was false. Information on individuals obtained under this section is investigative data under section 13.41.

Subd. 6. [FORMS OF DISCIPLINARY ACTION.] *When grounds for disciplinary action exist under section 214.10, or statute or rule enforced by the board, it may take one or more of the following disciplinary actions:*

(1) deny the right to practice;

(2) revoke the right to practice;

(3) suspend the right to practice;

(4) impose limitations on the practice of the licensee;

(5) impose conditions on the practice of the licensee;

(6) impose a civil penalty not exceeding $10,000 for each separate violation, the amount of the civil penalty to be fixed so as to deprive the licensee of any economic advantage gained by reason of the violation charged, or to discourage repeated violations;

(7) impose a fee to reimburse the board for all or part of the cost of the proceedings resulting in disciplinary action including, but not limited to, the amount paid by the board for services from the office of administrative hearings, attorney fees, court reporters, witnesses, reproduction of records, board members' per diem compensation, board staff time, and expense incurred by board members and staff;

(8) censure or reprimand the licensee; or

(9) take any other action justified by the facts of the case.

Subd. 7. [TEMPORARY SUSPENSION.] *In addition to any other remedy provided by law, the board may, acting through its designated board member and without a hearing, temporarily suspend the right of a licensee to practice if the board member finds that the licensee has violated a statute or rule that the board is empowered to enforce and that continued practice by the licensee would create a serious risk of harm to others. The suspension is in effect upon service of a written order on the licensee specifying the statute or rule violated. The order remains in effect until the board issues a final order in the matter after a hearing or upon agreement between the board and the licensee. Service of the order is effective if the order is served on the licensee or counsel of record personally or by first class mail to the most recent address provided to the board for the licensee or the counsel of record. Within ten days of service of the order, the board shall hold a hearing before its own members on the sole issue of whether there is a reasonable basis to continue, modify, or lift the suspension. Evidence presented by the board or licensee may be in affidavit form only. The licensee or the counsel of record may appear for oral argument. Within five working days after the hearing, the board shall issue its order and, if the suspension is continued, schedule a contested case hearing within 45 days after issuance of the order. The administrative law judge shall issue a report within 30 days after closing of the contested case hearing record. The board shall issue a final order within 30 days after receipt of that report.*

Subd. 8. [AUTOMATIC SUSPENSION.] *The right to practice is automatically suspended if (1) a guardian of a licensee is appointed by order of a probate court under sections 525.54 to 525.61, or (2) the licensee is committed by order of a probate court pursuant to chapter 253B or sections*

526.09 to 526.11. The right to practice remains suspended until the licensee is restored to capacity by a court and, upon petition by the licensee, the suspension is terminated by the board after a hearing or upon agreement between the board and the licensee.

Subd. 9. [ADDITIONAL REMEDIES.] *The board may in its own name issue a cease and desist order to stop a person from engaging in an unauthorized practice or violating or threatening to violate a statute, rule, or order which the board has issued or is empowered to enforce. The cease and desist order must state the reason for its issuance and give notice of the person's right to request a hearing under sections 14.57 to 14.62. If, within 15 days of service of the order, the subject of the order fails to request a hearing in writing, the order is the final order of the board and is not reviewable by a court or agency.*

A hearing must be initiated by the board not later than 30 days from the date of the board's receipt of a written hearing request. Within 30 days of receipt of the administrative law judge's report, the board shall issue a final order modifying, vacating, or making permanent the cease and desist order as the facts require. The final order remains in effect until modified or vacated by the board.

When a request for a stay accompanies a timely hearing request, the board may, in its discretion, grant the stay. If the board does not grant a requested stay, it shall refer the request to the office of administrative hearings within three working days of receipt of the request. Within ten days after receiving the request from the board, an administrative law judge shall issue a recommendation to grant or deny the stay. The board shall grant or deny the stay within five days of receiving the administrative law judge's recommendation.

In the event of noncompliance with a cease and desist order, the board may institute a proceeding in Ramsey county district court to obtain injunctive relief or other appropriate relief, including a civil penalty payable to the board not exceeding $10,000 for each separate violation.

Subd. 10. [INJUNCTIVE RELIEF.] *In addition to any other remedy provided by law, including the issuance of a cease and desist order under subdivision 1, a board may in its own name bring an action in Ramsey county district court for injunctive relief to restrain any unauthorized practice or violation or threatened violation of any statute, rule, or order which the board is empowered to regulate, enforce, or issue. A temporary restraining order must be granted in the proceeding if continued activity by a licensee would create a serious risk of harm to others. The board need not show irreparable harm.*

Subd. 11. [ADDITIONAL POWERS.] *The issuance of a cease and desist order or injunctive relief granted under this section does not relieve a licensee from criminal prosecution by a competent authority or from disciplinary action by the board. Nothing in this section limits the board's authority to seek injunctive relief under section 214.11.*

Subdivision 1. [PERMISSION TO REPORT.] *A person who has knowledge of any conduct constituting grounds for disciplinary action relating to unlicensed practice under this chapter may report the violation to the office of mental health practice.*

Subd. 2. [INSTITUTIONS.] *A state agency, political subdivision, agency of a local unit of government, private agency, hospital, clinic, prepaid medical plan, or other health care institution or organization located in this state shall report to the office of mental health practice any action taken by the agency, institution, or organization or any of its administrators or medical or other committees to revoke, suspend, restrict, or condition an unlicensed mental health practitioner's privilege to practice or treat patients or clients in the institution, or as part of the organization, any denial of privileges, or any other disciplinary action for conduct that might constitute grounds for disciplinary action by the office under this chapter. The institution, organization, or governmental entity shall also report the resignation of any unlicensed mental health practitioners prior to the conclusion of any disciplinary action proceeding for conduct that might constitute grounds for disciplinary action under this chapter, or prior to the commencement of formal charges but after the practitioner had knowledge that formal charges were contemplated or were being prepared.*

Subd. 3. [PROFESSIONAL SOCIETIES.] *A state or local professional society for unlicensed mental health practitioners shall report to the office of mental health practice any termination, revocation, or suspension of membership or any other disciplinary action taken against an unlicensed practitioner. If the society has received a complaint that might be grounds for discipline under this chapter against a member on which it has not taken any disciplinary action, the society shall report the complaint and the reason why it has not taken action on it or shall direct the complainant to the office of mental health practice.*

Subd. 4. [LICENSED PROFESSIONALS.] *A licensed health professional shall report to the office of mental health practice personal knowledge of any conduct that the licensed health professional reasonably believes constitutes grounds for disciplinary action under this chapter by any unlicensed mental health practitioner, including conduct indicating that the individual may be medically incompetent, or may be medically or physically unable to engage safely in the provision of services. If the information was obtained in the course of a client relationship, the client is an unlicensed mental health practitioner, and the treating individual successfully counsels the other practitioner to limit or withdraw from practice to the extent required by the impairment, the office may deem this limitation of or withdrawal from practice to be sufficient disciplinary action.*

Subd. 5. [INSURERS.] *Four times each year as prescribed by the commissioner, each insurer authorized to sell insurance described in section 60A.06, subdivision 1, clause (13), and providing professional liability insurance to unlicensed mental health practitioners or the medical joint underwriting association under chapter 62F, shall submit to the office of mental health practice a report concerning the unlicensed mental health practitioners against whom malpractice settlements or awards have been made. The response must contain at least the following information:*

(1) the total number of malpractice settlements or awards made;

(2) the date the malpractice settlements or awards were made;

(3) the allegations contained in the claim or complaint leading to the settlements or awards made;

(4) the dollar amount of each malpractice settlement or award;

(5) the regular address of the practice of the unlicensed practitioner against whom an award was made or with whom a settlement was made; and

(6) the name of the unlicensed practitioner against whom an award was made or with whom a settlement was made.

The insurance company shall, in addition to the above information, submit to the office of mental health practice any information, records, and files, including clients' charts and records, it possesses that tend to substantiate a charge that an unlicensed mental health practitioner may have engaged in conduct violating this chapter.

Subd. 6. [COURTS.] *The court administrator of district court or any other court of competent jurisdiction shall report to the office of mental health practice any judgment or other determination of the court that adjudges or includes a finding that an unlicensed mental health practitioner is mentally ill, mentally incompetent, guilty of a felony, guilty of a violation of federal or state narcotics laws or controlled substances act, or guilty of abuse or fraud under Medicare or Medicaid; or that appoints a guardian of the unlicensed mental health practitioner under sections 525.54 to 525.61 or commits an unlicensed mental practitioner under chapter 253B or sections 526.09 to 526.11.*

Subd. 7. [SELF-REPORTING.] *An unlicensed mental health practitioner shall report to the office of mental health practice any personal action that would require that a report be filed with the office by any person, health care facility, business, or organization pursuant to subdivisions 2 to 5. The practitioner shall also report the revocation, suspension, restriction, limitation, or other disciplinary action against the mental health practitioner's license, certificate, registration, or right of practice in another state or jurisdiction, for offenses that would be subject to disciplinary action in this state and also report the filing of charges regarding the practitioner's license, certificate, registration, or right of practice in another state or jurisdiction.*

Subd. 8. [DEADLINES; FORMS.] *Reports required by subdivisions 2 to 7 must be submitted not later than 30 days after the reporter learns of the occurrence of the reportable event or transaction. The office of mental health practice may provide forms for the submission of reports required by this section, may require that reports be submitted on the forms provided, and may adopt rules necessary to assure prompt and accurate reporting.*

Sec. 54. [148B.64] [IMMUNITY.]

Subdivision 1. [REPORTING.] *Any person, health care facility, business, or organization is immune from civil liability or criminal prosecution for submitting a report to the office of mental health practice, for otherwise reporting to the office violations or alleged violations of this chapter, or for cooperating with an investigation of a report, except as provided in this subdivision. Any person who knowingly or recklessly makes a false report is liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury. An action requires clear and convincing evidence that the defendant made the statement with knowledge of falsity or with reckless disregard for its*

truth or falsity. The report or statement or any statement made in cooperation with an investigation or as part of a disciplinary proceeding is privileged except in an action brought under this subdivision.

Subd. 2. [INVESTIGATION.] *The commissioner and employees of the department of health, members of the advisory council on mental health practice, and other persons engaged in the investigation of violations and in the preparation, presentation, and management of and testimony pertaining to charges of violations of this chapter are absolutely immune from civil liability and criminal prosecution for any actions, transactions, or publications in the execution of, or relating to, their duties under this chapter.*

Sec. 55. [148B.65] [DISCIPLINARY RECORD ON JUDICIAL REVIEW.]

Upon judicial review of any disciplinary action taken by the commissioner under this chapter, the reviewing court shall seal the administrative record, except for the commissioner's final decision, and shall not make the administrative record available to the public.

Sec. 56. [148B.66] [PROFESSIONAL COOPERATION.]

Subdivision 1. [COOPERATION.] *An unlicensed mental health practitioner who is the subject of an investigation, or who is questioned in connection with an investigation, by or on behalf of the office of mental health practice shall cooperate fully with the investigation. Cooperation includes responding fully and promptly to any question raised by or on behalf of the office relating to the subject of the investigation and providing copies of client records, as reasonably requested by the office, to assist the office in its investigation, and appearing at conferences or hearings scheduled by the commissioner. If the office does not have a written consent from a client permitting access to the client's records, the unlicensed mental health practitioner shall delete any data in the record that identifies the client before providing it to the board. The office shall maintain any records obtained pursuant to this section as investigative data pursuant to section 13.41. If an unlicensed mental health practitioner refuses to give testimony or produce any documents, books, records, or correspondence on the basis of the fifth amendment to the Constitution of the United States, the commissioner may compel the unlicensed mental health practitioner to provide the testimony or information; however, the testimony or evidence may not be used against the practitioner in any criminal proceeding. Challenges to requests of the office may be brought before the appropriate agency or court.*

Subd. 2. [CLASSIFICATION OF DATA.] *The commissioner shall maintain any records, other than client records, obtained as part of an investigation, as investigative data under section 13.41. Client records are classified as private under chapter 13 and must be protected as such in the records of the office and in any administrative or judicial proceeding unless the client authorizes the office in writing to make public the identity of the client or a portion or all of the client's records.*

Sec. 57. [148B.67] [PROFESSIONAL ACCOUNTABILITY.]

The office of mental health practice shall maintain and keep current a file containing the reports and complaints filed against unlicensed mental health practitioners within the commissioner's jurisdiction. Each complaint filed with the office must be investigated. If the files maintained by the office show that a malpractice settlement or award has been made against an unlicensed mental health practitioner, as reported by insurers under section

148B.63, subdivision 5, the commissioner may authorize a review of the practitioner's practice by the staff of the office of mental health practice.

Sec. 58. [148B.68] [PROHIBITED CONDUCT.]

Subdivision 1. [PROHIBITED CONDUCT.] *The commissioner may impose disciplinary action as described in section 148B.69 against any unlicensed mental health practitioner. The following conduct is prohibited and is grounds for disciplinary action:*

(a) Conviction of a crime, including a finding or verdict of guilt, an admission of guilt, or a no contest plea, in any court in Minnesota or any other jurisdiction in the United States, reasonably related to the provision of mental health services. Conviction, as used in this subdivision, includes a conviction of an offense which, if committed in this state, would be deemed a felony or gross misdemeanor without regard to its designation elsewhere, or a criminal proceeding where a finding or verdict of guilty is made or returned but the adjudication of guilt is either withheld or not entered.

(b) Conviction of crimes against persons. For purposes of this chapter, a crime against a person means violations of the following: sections 609.185; 609.19; 609.195; 609.20; 609.205; 609.21; 609.215; 609.221; 609.222; 609.223; 609.224; 609.23; 609.231; 609.235; 609.24; 609.245; 609.25; 609.255; 609.26, subdivision 1, clause (1) or (2); 609.265; 609.342; 609.343; 609.344; 609.345; 609.365; 609.498, subdivision 1; 609.50, clause (1); 609.561; 609.562; and 609.595.

(c) Failure to comply with the self-reporting requirements of section 148B.63, subdivision 6.

(d) Engaging in sexual contact with a client or former client as defined in section 148A.01, or engaging in contact that may be reasonably interpreted by a client as sexual, or engaging in any verbal behavior that is seductive or sexually demeaning to the patient, or engaging in sexual exploitation of a client or former client.

(e) Advertising that is false, fraudulent, deceptive, or misleading.

(f) Conduct likely to deceive, defraud, or harm the public; or demonstrating a willful or careless disregard for the health, welfare, or safety of a client; or any other practice that may create unnecessary danger to any client's life, health, or safety, in any of which cases, proof of actual injury need not be established.

(g) Adjudication as mentally incompetent, or as a person who has a psychopathic personality as defined in section 526.09, or who is dangerous to self, or adjudication pursuant to chapter 253B, as chemically dependent, mentally ill, mentally retarded, or mentally ill and dangerous to the public.

(h) Inability to provide mental health services with reasonable safety to clients.

(i) The habitual overindulgence in the use of or the dependence on intoxicating liquors.

(j) Improper or unauthorized personal or other use of any legend drugs as defined in chapter 151, any chemicals as defined in chapter 151, or any controlled substance as defined in chapter 152.

(k) Revealing a communication from, or relating to, a client except when otherwise required or permitted by law.

(l) Failure to comply with a client's request made under section 144.335, or to furnish a client record or report required by law.

(m) Splitting fees or promising to pay a portion of a fee to any other professional other than for services rendered by the other professional to the client.

(n) Engaging in abusive or fraudulent billing practices, including violations of the federal Medicare and Medicaid laws or state medical assistance laws.

(o) Failure to make reports as required by section 148B.63, or cooperate with an investigation of the office.

(p) Obtaining money, property, or services from a client, other than reasonable fees for services provided to the client, through the use of undue influence, harassment, duress, deception, or fraud.

(q) Undertaking or continuing a professional relationship with a client in which the objectivity of the professional would be impaired.

(r) Failure to provide the client with a copy of the client bill of rights or violation of any provision of the client bill of rights.

(s) Violating any order issued by the commissioner.

(t) Failure to comply with sections 148B.60 to 148B.71, and the rules adopted under those sections.

(u) Failure to comply with any additional disciplinary grounds established by the commissioner by rule.

Subd. 2. [EVIDENCE.] *In disciplinary actions alleging a violation of subdivision 1, paragraph (a), (b), (c), or (g), a copy of the judgment or proceeding under the seal of the court administrator or of the administrative agency that entered the same is admissible into evidence without further authentication and constitutes prima facie evidence of its contents.*

Subd. 3. [EXAMINATION; ACCESS TO MEDICAL DATA.] *(a) If the commissioner has probable cause to believe that an unlicensed mental health practitioner has engaged in conduct prohibited by subdivision 1, paragraph (g), (h), (i), or (j), the commissioner may issue an order directing the practitioner to submit to a mental or physical examination or chemical dependency evaluation. For the purpose of this subdivision, every unlicensed mental health practitioner is deemed to have consented to submit to a mental or physical examination or chemical dependency evaluation when ordered to do so in writing by the commissioner of health and further to have waived all objections to the admissibility of the testimony or examination reports of the health care provider performing the examination or evaluation on the grounds that the same constitute a privileged communication. Failure of an unlicensed mental health practitioner to submit to an examination or evaluation when ordered, unless the failure was due to circumstances beyond the practitioner's control, constitutes an admission that the unlicensed mental health practitioner violated subdivision 1, paragraph (g), (h), (i), or (j), based on the factual specifications in the examination or evaluation order and may result in a default and final disciplinary order being entered after a contested case hearing. An unlicensed mental health practitioner affected under this paragraph shall at reasonable intervals be given an opportunity to demonstrate that the practitioner can resume the provision of mental health services with reasonable safety to clients. In any proceeding under*

this paragraph, neither the record of proceedings nor the orders entered by the commissioner shall be used against a mental health practitioner in any other proceeding.

(b) In addition to ordering a physical or mental examination or chemical dependency evaluation, the commissioner may, notwithstanding section 13.42, 144.651, 595.02, or any other law limiting access to medical or other health data, obtain medical data and health records relating to an unlicensed mental health practitioner without the practitioner's consent if the commissioner has probable cause to believe that a practitioner has engaged in conduct prohibited by subdivision 1, paragraph (g), (h), (i), or (j). The medical data may be requested from a health care professional, as defined in section 144.335, subdivision 1, paragraph (b), an insurance company, or a government agency, including the department of human services. A health care professional, insurance company, or government agency shall comply with any written request of the commissioner under this subdivision and is not liable in any action for damages for releasing the data requested by the commissioner if the data are released pursuant to a written request under this subdivision, unless the information is false and the person or organization giving the information knew, or had reason to believe, the information was false. Information obtained under this subdivision is private data under section 13.41.

Sec. 59. [148B.69] [DISCIPLINARY ACTIONS.]

Subdivision 1. [FORMS OF DISCIPLINARY ACTION.] *When the commissioner finds that an unlicensed mental health practitioner has violated a provision or provisions of this chapter, the commissioner may take one or more of the following actions, only against the individual practitioner:*

(1) revoke the right to practice;

(2) suspend the right to practice;

(3) impose limitations or conditions on the practitioner's provision of mental health services, the imposition of rehabilitation requirements, or the requirement of practice under supervision;

(4) impose a civil penalty not exceeding $10,000 for each separate violation, the amount of the civil penalty to be fixed so as to deprive the practitioner of any economic advantage gained by reason of the violation charged or to reimburse the office of mental health practice for all costs of the investigation and proceeding;

(5) order the practitioner to provide unremunerated professional service under supervision at a designated public hospital, clinic, or other health care institution;

(6) censure or reprimand the practitioner;

(7) impose a fee on the practitioner to reimburse the office for all or part of the cost of the proceedings resulting in disciplinary action including, but not limited to, the amount paid by the office for services from the office of administrative hearings, attorney fees, court reports, witnesses, reproduction of records, advisory council members' per diem compensation, staff time, and expense incurred by advisory council members and staff of the office of mental health practice; or

(8) any other action justified by the case.

Subd. 2. [DISCOVERY; SUBPOENAS.] *In all matters relating to the*

lawful activities of the office of mental health practice, the commissioner of health may issue subpoenas and compel the attendance of witnesses and the production of all necessary papers, books, records, documents, and other evidentiary material. Any person failing or refusing to appear or testify regarding any matter about which the person may be lawfully questioned or failing to produce any papers, books, records, documents, or other evidentiary materials in the matter to be heard, after having been required by order of the commissioner or by a subpoena of the commissioner to do so may, upon application to the district court in any district, be ordered to comply with the order or subpoena. The commissioner of health may administer oaths to witnesses or take their affirmation. Depositions may be taken within or without the state in the manner provided by law for the taking of depositions in civil actions. A subpoena or other process or paper may be served upon a person it names anywhere within the state by any officer authorized to serve subpoenas or other process or paper in civil actions, in the same manner as prescribed by law for service of process issued out of the district court of this state.

Subd. 3. [REINSTATEMENT.] *The commissioner may at the commissioner's discretion reinstate the right to practice and may impose any disciplinary measure listed under subdivision 1.*

Subd. 4. [TEMPORARY SUSPENSION.] *In addition to any other remedy provided by law, the commissioner may, acting through a person to whom the commissioner has delegated this authority and without a hearing, temporarily suspend the right of an unlicensed mental health practitioner to practice if the commissioner's delegate finds that the practitioner has violated a statute or rule that the commissioner is empowered to enforce and continued practice by the practitioner would create a serious risk of harm to others. The suspension is in effect upon service of a written order on the practitioner specifying the statute or rule violated. The order remains in effect until the commissioner issues a final order in the matter after a hearing or upon agreement between the commissioner and the practitioner. Service of the order is effective if the order is served on the practitioner or counsel of record personally or by first class mail. Within ten days of service of the order, the commissioner shall hold a hearing on the sole issue of whether there is a reasonable basis to continue, modify, or lift the suspension. Evidence presented by the office or practitioner shall be in affidavit form only. The practitioner or the counsel of record may appear for oral argument. Within five working days after the hearing, the commissioner shall issue the commissioner's order and, if the suspension is continued, schedule a contested case hearing within 45 days after issuance of the order. The administrative law judge shall issue a report within 30 days after closing of the contested case hearing record. The commissioner shall issue a final order within 30 days after receipt of that report.*

Subd. 5. [AUTOMATIC SUSPENSION.] *The right to practice is automatically suspended if (1) a guardian of an unlicensed mental health practitioner is appointed by order of a probate court under sections 525.54 to 525.61, or (2) the practitioner is committed by order of a probate court pursuant to chapter 253B or sections 526.09 to 526.11. The right to practice remains suspended until the practitioner is restored to capacity by a court and, upon petition by the practitioner, the suspension is terminated by the commissioner after a hearing or upon agreement between the commissioner and the practitioner.*

Subd. 6. [PUBLIC EMPLOYEES.] *Notwithstanding subdivision 1, the*

commissioner must not take disciplinary action against an employee of the state or a political subdivision of the state. If, after an investigation conducted in compliance with and with the authority granted under sections 148B.60 to 148B.71, the commissioner determines that the employee violated a provision or provisions of this chapter, the commissioner shall report to the employee's employer the commissioner's findings and the actions the commissioner recommends that the employer take. The commissioner's recommendations are not binding on the employer.

Sec. 60. [148B.70] [ADDITIONAL REMEDIES.]

Subdivision 1. [CEASE AND DESIST.] *The commissioner of health may issue a cease and desist order to stop a person from violating or threatening to violate a statute, rule, or order which the office of mental health practice has issued or is empowered to enforce. The cease and desist order must state the reason for its issuance and give notice of the person's right to request a hearing under sections 14.57 to 14.62. If, within 15 days of service of the order, the subject of the order fails to request a hearing in writing, the order is the final order of the commissioner and is not reviewable by a court or agency.*

A hearing must be initiated by the office of mental health practice not later than 30 days from the date of the office's receipt of a written hearing request. Within 30 days of receipt of the administrative law judge's report, the commissioner shall issue a final order modifying, vacating, or making permanent the cease and desist order as the facts require. The final order remains in effect until modified or vacated by the commissioner.

When a request for a stay accompanies a timely hearing request, the commissioner may, in the commissioner's discretion, grant the stay. If the commissioner does not grant a requested stay, the commissioner shall refer the request to the office of administrative hearings within three working days of receipt of the request. Within ten days after receiving the request from the commissioner, an administrative law judge shall issue a recommendation to grant or deny the stay. The commissioner shall grant or deny the stay within five days of receiving the administrative law judge's recommendation.

In the event of noncompliance with a cease and desist order, the commissioner may institute a proceeding in Hennepin county district court to obtain injunctive relief or other appropriate relief, including a civil penalty payable to the office of mental health practice not exceeding $10,000 for each separate violation.

Subd. 2. [INJUNCTIVE RELIEF.] *In addition to any other remedy provided by law, including the issuance of a cease and desist order under subdivision 1, the commissioner may in the commissioner's own name bring an action in Hennepin county district court for injunctive relief to restrain an unlicensed mental health practitioner from a violation or threatened violation of any statute, rule, or order which the commissioner is empowered to regulate, enforce, or issue. A temporary restraining order must be granted in the proceeding if continued activity by a practitioner would create a serious risk of harm to others. The commissioner need not show irreparable harm.*

Subd. 3. [ADDITIONAL POWERS.] *The issuance of a cease and desist order or injunctive relief granted under this section does not relieve a practitioner from criminal prosecution by a competent authority or from*

disciplinary action by the commissioner.

Sec. 61. [148B.71] [MENTAL HEALTH CLIENT BILL OF RIGHTS.]

Subdivision 1. [SCOPE.] *All unlicensed mental health practitioners other than those providing services in a facility regulated under section 144.651 or a government agency shall provide to each client prior to providing treatment a written copy of the mental health client bill of rights. A copy must also be posted in a prominent location in the office of the mental health practitioner. Reasonable accommodations shall be made for those clients who cannot read or who have communication impairments and those who do not read or speak English. The mental health client bill of rights shall include the following:*

(a) the name, title, business address, and telephone number of the practitioner;

(b) the degrees, training, experience, or other qualifications of the practitioner, followed by the following statement in bold print:

"THE STATE OF MINNESOTA HAS NOT ADOPTED UNIFORM EDUCATIONAL AND TRAINING STANDARDS FOR ALL MENTAL HEALTH PRACTITIONERS. THIS STATEMENT OF CREDENTIALS IS FOR INFORMATION PURPOSES ONLY."

(c) the name, business address, and telephone number of the practitioner's supervisor, if any;

(d) notice that a client has the right to file a complaint with the practitioner's supervisor, if any, and the procedure for filing complaints;

(e) the name, address, and telephone number of the office of mental health practice and notice that a client may file complaints with the office;

(f) the practitioner's fees per unit of service, the practitioner's method of billing for such fees, the names of any insurance companies that have agreed to reimburse the practitioner, or health maintenance organizations with whom the practitioner contracts to provide service, whether the practitioner accepts Medicare, medical assistance, or general assistance medical care, and whether the practitioner is willing to accept partial payment, or to waive payment, and in what circumstances;

(g) a statement that the client has a right to reasonable notice of changes in services or charges;

(h) a brief summary, in plain language, of the theoretical approach used by the practitioner in treating patients;

(i) notice that the client has a right to complete and current information concerning the practitioner's assessment and recommended course of treatment, including the expected duration of treatment;

(j) a statement that clients may expect courteous treatment and to be free from verbal, physical, or sexual abuse by the practitioner;

(k) a statement that client records and transactions with the practitioner are confidential, unless release of these records is authorized in writing by the client, or otherwise provided by law;

(l) a statement of the client's right to be allowed access to records and written information from records in accordance with section 144.335;

(m) a statement that other services may be available in the community,

including where information concerning services is available;

(n) a statement that the client has the right to choose freely among available practitioners, and to change practitioners after services have begun, within the limits of health insurance, medical assistance, or other health programs;

(o) a statement that the client has a right to coordinated transfer when there will be a change in the provider of services;

(p) a statement that the client may refuse services or treatment, unless otherwise provided by law; and

(q) a statement that the client may assert the client's rights without retaliation.

Subd. 2. [ACKNOWLEDGMENT BY CLIENT.] *Prior to the provision of any service, the client must sign a written statement attesting that the client has received the client bill of rights.*

Sec. 62. [148B.72] [EXPENSES.]

The expenses of administering the office of mental health practice under sections 148B.60 to 148B.71 must be recovered by transferring to the commissioner a portion of the surplus of the fees collected by the health-related licensing boards and by assessing a fee surcharge on the indirect costs charged to each health-related licensing board. At the end of each biennium, the commissioner of finance shall identify the amount of any surplus remaining in the state government special revenue fund of the license fees collected by the health-related licensing boards. The commissioner of finance shall also determine a reasonable amount of the surplus that must remain in the state government special revenue fund as a cash flow reserve. Any surplus remaining in the account in excess of the cash flow reserve that is attributable to health-related licensing board collections must be transferred to the commissioner of health for the office of mental health practice for the next biennium, not to exceed the amount of the legislative appropriation for the office. At the end of each biennium, the commissioner of health shall determine the amount of the health-related licensing board surcharge for the next biennium that must be assessed in order to cover the costs of administering the office of mental health practice, after deducting the amount of any surplus transferred from the state government special revenue fund. The fee surcharge must be based on a percentage of the indirect costs charged to each health-related licensing board. The total amount collected through the surcharge must not exceed the amount of the legislative appropriation from the state government special revenue fund minus any surplus transferred from the special revenue fund, except that the commissioner may recover the costs of initial rulemaking and other one-time expenses over a four-year period. The commissioner of health and the commissioner of finance shall determine the amount of the surcharge without adopting rules.

Sec. 63. Minnesota Statutes 1990, section 157.031, subdivision 2, is amended to read:

Subd. 2. [REGISTRATION.] A board and lodging establishment that provides supportive services or health supervision services must register with the commissioner by September 1, 1989. The registration must include the name, address, and telephone number of the establishment, the types of services that are being provided, a description of the residents being

served, the type and qualifications of staff in the facility, and other information that is necessary to identify the needs of the residents and the types of services that are being provided. The commissioner shall develop and furnish to the board and lodging establishment the necessary form for submitting the registration. The requirement for registration is effective until the ~~special license~~ rules required by ~~subdivision 5~~ *sections 144B.01 to 144B.17* are effective.

Sec. 64. Minnesota Statutes 1990, section 157.031, subdivision 3, is amended to read:

Sec. 66. Minnesota Statutes 1990, section 157.031, subdivision 9, is amended to read:

Subd. 9. [VIOLATIONS.] The commissioner may revoke ~~both the special service license, when issued, and~~ the establishment license, if the establishment is found to be in violation of this section. Violation of this section is a gross misdemeanor.

Sec. 67. Minnesota Statutes 1990, section 214.04, subdivision 3, is amended to read:

Subd. 3. The executive directors or executive secretaries serving the boards are hired by those boards and are in the unclassified civil service, except for part-time executive directors or executive secretaries, who are not required to be in the unclassified service. (5) Assist and actively cooperate with other departments, agencies and institutions, local, state, and federal, by performing services in conformity with the purposes of Laws 1939, chapter 431.

(6) Act as the agent of and cooperate with the federal government in matters of mutual concern relative to and in conformity with the provisions of Laws 1939, chapter 431, including the administration of any federal funds granted to the state to aid in the performance of any functions of the commissioner as specified in Laws 1939, chapter 431, and including the promulgation of rules making uniformly available medical care benefits to all recipients of public assistance, at such times as the federal government increases its participation in assistance expenditures for medical care to recipients of public assistance, the cost thereof to be borne in the same proportion as are grants of aid to said recipients.

The order establishing the waiver shall provide alternative methods and procedures of administration, shall not be in conflict with the basic purposes, coverage, or benefits provided by law, and in no event shall the duration of a project exceed four years. It is further provided that no order establishing

an experimental project as authorized by the provisions of this section shall become effective until the following conditions have been met:

(a) The proposed comprehensive plan, including estimated project costs and the proposed order establishing the waiver, shall be filed with the secretary of the senate and chief clerk of the house of representatives at least 60 days prior to its effective date.

(b) The secretary of health, education, and welfare of the United States has agreed, for the same project, to waive state plan requirements relative to statewide uniformity.

(14) Allocate federal fiscal disallowances or sanctions which are based on quality control error rates for the aid to families with dependent children, medical assistance, or food stamp program in the following manner:

(a) One-half of the total amount of the disallowance shall be borne by the county boards responsible for administering the programs. For the medical assistance and AFDC programs, disallowances shall be shared by each county board in the same proportion as that county's expenditures for the sanctioned program are to the total of all counties' expenditures for the AFDC and medical assistance programs. For the food stamp program, sanctions shall be shared by each county board, with 50 percent of the sanction being distributed to each county in the same proportion as that county's administrative costs for food stamps are to the total of all food stamp administrative costs for all counties, and 50 percent of the sanctions being distributed to each county in the same proportion as that county's value of food stamp benefits issued are to the total of all benefits issued for all counties. Each county shall pay its share of the disallowance to the state of Minnesota. When a county fails to pay the amount due hereunder, the commissioner may deduct the amount from reimbursement otherwise due the county, or the attorney general, upon the request of the commissioner, may institute civil action to recover the amount due.

(b) Notwithstanding the provisions of paragraph (a), if the disallowance results from knowing noncompliance by one or more counties with a specific program instruction, and that knowing noncompliance is a matter of official county board record, the commissioner may require payment or recover from the county or counties, in the manner prescribed in paragraph (a), an amount equal to the portion of the total disallowance which resulted from the noncompliance, and may distribute the balance of the disallowance according to paragraph (a).

(15) Develop and implement special projects that maximize reimbursements and result in the recovery of money to the state. For the purpose of recovering state money, the commissioner may enter into contracts with third parties. Any recoveries that result from projects or contracts entered into under this paragraph shall be deposited in the state treasury and credited to a special account until the balance in the account reaches ~~$400,000~~ *$1,000,000*. When the balance in the account exceeds ~~$400,000~~ *$1,000,000*, the excess shall be transferred and credited to the general fund. All money

in the account is appropriated to the commissioner for the purposes of this paragraph.

(16) Have the authority to make direct payments to facilities providing shelter to women and their children pursuant to section 256D.05, subdivision 3. Upon the written request of a shelter facility that has been denied payments under section 256D.05, subdivision 3, the commissioner shall review all relevant evidence and make a determination within 30 days of the request for review regarding issuance of direct payments to the shelter facility. Failure to act within 30 days shall be considered a determination not to issue direct payments.

(17) Have the authority to establish and enforce the following county reporting requirements:

(a) The commissioner shall establish fiscal and statistical reporting requirements necessary to account for the expenditure of funds allocated to counties for human services programs. When establishing financial and statistical reporting requirements, the commissioner shall evaluate all reports, in consultation with the counties, to determine if the reports can be simplified or the number of reports can be reduced.

(b) The county board shall submit monthly or quarterly reports to the department as required by the commissioner. Monthly reports are due no later than 15 working days after the end of the month. Quarterly reports are due no later than 30 calendar days after the end of the quarter, unless the commissioner determines that the deadline must be shortened to 20 calendar days to avoid jeopardizing compliance with federal deadlines or risking a loss of federal funding. Only reports that are complete, legible, and in the required format shall be accepted by the commissioner.

(c) If the required reports are not received by the deadlines established in clause (b), the commissioner may delay payments and withhold funds from the county board until the next reporting period. When the report is needed to account for the use of federal funds and the late report results in a reduction in federal funding, the commissioner shall withhold from the county boards with late reports an amount equal to the reduction in federal funding until full federal funding is received.

(d) A county board that submits reports that are late, illegible, incomplete, or not in the required format for two out of three consecutive reporting periods is considered noncompliant. When a county board is found to be noncompliant, the commissioner shall notify the county board of the reason the county board is considered noncompliant and request that the county board develop a corrective action plan stating how the county board plans to correct the problem. The corrective action plan must be submitted to the commissioner within 45 days after the date the county board received notice of noncompliance.

(e) The final deadline for fiscal reports or amendments to fiscal reports is one year after the date the report was originally due. If the commissioner does not receive a report by the final deadline, the county board forfeits the funding associated with the report for that reporting period and the county board must repay any funds associated with the report received for that reporting period.

(f) The commissioner may not delay payments, withhold funds, or require repayment under paragraph (c) or (e) if the county demonstrates that the commissioner failed to provide appropriate forms, guidelines, and technical

assistance to enable the county to comply with the requirements. If the county board disagrees with an action taken by the commissioner under paragraph (c) or (e), the county board may appeal the action according to sections 14.57 to 14.69.

(g) Counties subject to withholding of funds under paragraph (c) or forfeiture or repayment of funds under paragraph (e) shall not reduce or withhold benefits or services to clients to cover costs incurred due to actions taken by the commissioner under paragraph (c) or (e).

(18) Allocate federal fiscal disallowances or sanctions for audit exceptions when federal fiscal disallowances or sanctions are based on a statewide random sample for the foster care program under title IV-E of the Social Security Act, United States Code, title 42, in direct proportion to each county's title IV-E foster care maintenance claim for that period.

(b) All money in the dedicated fund is appropriated to the commissioner who must act as the fiscal agent for the money and must disburse the money for the purposes of this section, not allowing the money to be used for any other obligation of the state. All money in the dedicated fund shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as are provided by law for the other dedicated funds in the state treasury, except that all interest or net income resulting from the investment or deposit of money in the fund shall accrue to the fund for the purposes of the fund.

(c) No more than five percent of the dedicated funds collected in each fiscal year may be used by the department of jobs and training for its administrative costs.

(d) The dedicated funds, less amounts under paragraph (c), must be allocated as follows:

(1) 50 percent to be allocated according to paragraph (e) to the substate grantees under subchapter III of the Job Training Partnership Act, United States Code, title 29, section 1661a in proportion to each substate area's share of the federal allocated funds, to be used to assist dislocated workers under the standards in section 268.98;

(2) 50 percent to fund specific programs proposed under the state plan request for proposal process and recommended by the governor's job training council. This fund shall be used for state plan request for proposal programs addressing plant closings or layoffs regardless of size; and

(3) in fiscal years 1991, 1992, and 1993, any amounts transferred to the general fund or obligated before the effective date of this section shall be excluded from the calculation under this paragraph.

(e) In the event that a substate grantee has obligated 100 percent of its formula allocated federal funds under subchapter III of the Job Training Partnership Act, United States Code, title 29, section 1651 et seq., and has demonstrated appropriate use of the funds to the governor's job training council, the substate grantee may request and the commissioner shall provide additional funds to the substate area in an amount equal to the federal formula allocated funds. appropriate use of the funds to the governor's job training council, the substate grantee may request and the commissioner shall provide further additional funds in amounts equal to the federal formula allocated funds until the substate area receives its proportionate share of funds under paragraph (d), clause (1).

(f) By December 31 of each fiscal year each substate grantee and the governor's job training council shall report to the commissioner on the extent to which funds under this section are committed and the anticipated demand for funds for the remainder of the fiscal year. The commissioner shall reallocate those funds that the substate grantees and the council do not anticipate expending for the remainder of the fiscal year to be available for requests from other substate grantees or other dislocated worker projects proposed to the governor's job training council which demonstrate a need for additional funding.

(g) Due to the anticipated quarterly variations in the amounts collected under this section, the amounts allocated under paragraph (d) must be based on collections for each quarter. Any amount collected in the final two quarters of the fiscal year, but not allocated, obligated or expended in the fiscal year, shall be available for allocation, obligation and expenditure in the following fiscal year.

A head start grantee must be funded at a per child rate equal to its contracted, federally funded base level for program accounts 20 to 26 at the start of the fiscal year. The commissioner may provide additional funding to grantees for start-up costs incurred by grantees due to the increased number of children to be served. Before paying money to the grantees, the commissioner shall notify each grantee of its initial allocation, how the money must be used, and the number of low-income children that must be served with the allocation. Each grantee must notify the commissioner of the number of additional low-income children it will be able to serve. For any grantee that cannot serve additional children to its full allocation, the commissioner shall reduce the allocation proportionately. Money available after the initial allocations are reduced must be redistributed to eligible grantees.

(b) Up to 11 percent of the funds appropriated annually may be used to provide grants to local head start agencies to provide funds for innovative programs designed either to target head start resources to particular at-risk groups of children or to provide services in addition to those currently allowable under federal head start regulations. The commissioner shall award funds for innovative programs under this paragraph on a competitive basis.

Subd. 2. [SERVICE EXPANSION GRANTS.] *One-third of any biennial*

increase in the state appropriations for head start programs shall be allocated by the commissioner of jobs and training, under a request for proposal system, to existing head start grantees for service expansion.

Priority for state-funded service expansion grants must be given to applicants who propose to:

(1) coordinate or co-locate the services through an existing community-based, family-oriented program such as a family resource center;

(2) minimize the amount of state funding that is needed for initial construction or remodeling costs by using an existing facility, by sharing a facility with a school or other program, or by obtaining contributions for these costs from private or local sources;

(3) reduce the costs and time of transportation by enabling children to attend a program closer to their home communities;

(4) increase services in an area where less than 15 percent of eligible children are enrolled; and

(5) expand programs within a city where no center-based program exists.

The additional funds provided to a grantee under this subdivision shall be considered part of the grantees funding base for future formula allocations of state or federal funds.

Sec. 35. Minnesota Statutes 1990, section 268.975, subdivision 3, is amended to read:

Subd. 3. [DISLOCATED WORKER.] "Dislocated worker" means an individual who:

(3) ~~is eligible for or has exhausted unemployment compensation and is unlikely to return to the previous industry or occupation~~ *has been long-term unemployed and has limited opportunities for employment or reemployment in the same or a similar occupation in the area in which the individual resides, including older individuals who may have substantial barriers to employment by reason of age;*

(2) public assistance on account of dependents in the home and no longer receives such support.

An additional dislocated worker must have resided in Minnesota at the time the support ceased.

Sec. 37. Minnesota Statutes 1990, section 268.977, is amended to read:

268.977 [RAPID RESPONSE PROGRAM.]

Subdivision 1. [PROGRAM ESTABLISHMENT.] (a) The commissioner shall establish a rapid response program to *(1)* assist employees, employers, business organizations or associations, labor organizations, local government units, and community organizations to quickly and effectively respond to announced or actual plant closings and substantial layoffs *and (2) assist dislocated workers and additional dislocated workers. Grant recipients and substate grantees may, but shall not be required to, subcontract with the department for readjustment services.*

(b) The program must include or address at least the following:

(1) within five working days after becoming aware of an announced or actual plant closing or substantial layoff, establish on-site contact with the employer, employees, labor organizations if there is one representing the employees, and leaders of the local government units and community organizations to provide coordination of efforts to formulate a communitywide response to the plant closing or substantial layoff, provide information on the public and private service and programs that might be available, inform the affected parties of the prefeasibility study grants under section 268.978, and collect any information required by the commissioner to assist in responding to the plant closing or substantial layoff;

development related services; ~~and~~

(6) collect and make available information on programs that might assist dislocated workers and the communities affected by plant closings or substantial layoffs; *and*

(7) when they can be provided without adversely affecting delivery of services to all dislocated workers, the services under clause (4) shall be available to additional dislocated workers as defined in section 268.975, subdivision 3a.

Subd. 2. [APPLICABILITY.] ~~Notwithstanding section 268.975, subdivisions 6 and 8, the commissioner may waive the threshold requirements for finding a plant closing or substantial layoff in special cases where the governor's job training council recommends waiver to the commissioner following a finding by the council that the number of workers dislocated as a result of a plant closing or substantial layoff would have a substantial impact on the community or labor market where the closure or layoff occurs and, in the absence of intervention through the rapid response program, would overwhelm the capacity of other programs to provide effective assistance.~~ *A proposal for a program recommended for funding by the governor's job training council shall not be denied based upon the increased funding and resources of substate areas.*

Sec. 38. Minnesota Statutes 1990, section 268.98, is amended to read:

268.98 [PERFORMANCE STANDARDS.]

(a) The commissioner shall establish performance standards for the programs and activities administered or funded through the rapid response program under section 268.977. (b) Not less than 20 percent of the funds expended under this section must be used to provide needs-related payments and other supportive services as those terms are used in subchapter III of the Job Training Partnership Act, United States Code, title 29, section 1661d(b). This requirement does not apply to the extent that a program proposal requests less than 20 percent of such funds. At the end of the fiscal year, each substate grantee and each grant recipient shall report to the commissioner on the types of services funded under this paragraph and the amounts expended for such services. By January 15 of each year, the commissioner shall provide a summary report to the legislature.

Sec. 39. Minnesota Statutes 1990, section 268A.06, is amended by adding a subdivision to read:

Subd. 3. [REHABILITATION FACILITIES: SALARY ADJUSTMENTS; GRANTS.] *The commissioner shall increase grants, for the fiscal year beginning July 1, 1991, for each rehabilitation facility by a salary adjustment figured by multiplying the total salaries, payroll taxes, and fringe benefits for personnel below top management by three percent. All increased revenue produced by this calculation must be used for salary and related costs of personnel in positions below top management. The commissioner shall ensure that all increased revenue produced by this calculation is used for salary and related costs of personnel in positions below top management.*

HEALTH CARE

Section 1. Minnesota Statutes 1990, section 144A.071, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983, or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme

hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules;

(f) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration;

(g) to license or certify beds in a new facility constructed to replace a facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:

(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

(h) to license or certify beds that are moved from one location to another

within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed ten percent of the appraised value of the facility or $200,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed ten percent of the appraised value of the facility or $200,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project recommended for approval by the interagency board for quality assurance under section 144A.073;

(k) to license nursing home beds in a hospital facility that are relocated from a different hospital facility under common ownership or affiliation, provided: (1) the nursing home beds are not certified for participation in the medical assistance program; and (2) the relocation of nursing home beds under this clause should not exceed a radius of six miles;

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings, from a hospital-attached nursing home to the hospital building, or from a separate nursing home to a building formerly used as a hospital, provided the original nursing home building will no longer be operated as a nursing home and the building to which the beds are moved will no longer be operated as a hospital. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation. At the time of the licensure and certification of the nursing home beds, the commissioner of health shall delicense the same number of acute care beds within the existing complex of hospital buildings or building. Relocation of nursing home beds under this clause is subject to the limitations in section 144A.073, subdivision 5;

(m) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds. *The relocated beds need not be licensed and certified at the new location simultaneously with the delicensing and decertification of the old beds and may be licensed and certified at any time after the old beds are delicensed and decertified*;

(n) to license new nursing home beds in a continuing care retirement community affiliated with a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its residents from outside the state for the purpose of meeting contractual obligations to residents of the retirement community, provided the facility makes a written commitment to the commissioner of human services that it will not seek medical assistance certification for the new beds;

(o) to certify or license new beds in a new facility on the Red Lake Indian Reservation for which payments will be made under the Indian Health Care Improvement Act, Public Law Number 94-437, at the rates specified in

United States Code, title 42, section 1396d(b);

(p) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure and if the cost of any remodeling of the facility does not exceed ten percent of the appraised value of the facility or $200,000, whichever is less. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase in the future. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(q) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of Saint Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this clause;

(r) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or $200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements; ~~or~~

(s) to license or certify beds that are moved from a nursing home to a separate facility under common ownership or control that was formerly licensed as a hospital and is currently licensed as a nursing facility and that is located within eight miles of the original facility, provided the original nursing home building will no longer be operated as a nursing home. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation; *or*

(t) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of $200,000 or more.

Sec. 2. Minnesota Statutes 1990, section 144A.071, is amended by adding a subdivision to read:

Subd. 3a. [CERTIFICATION OF LICENSED BEDS IN A CERTIFIED FACILITY.] *Nothing in this section prohibits the commissioner of health from certifying licensed nursing home beds in a facility certified for medical assistance provided that these beds meet the certification requirements and the facility enters into a written agreement with the commissioner of human services specifying that medical assistance reimbursement shall not be requested for a greater number of residents than the facility had medical assistance certified beds on April 1, 1991.*

Sec. 3. Minnesota Statutes 1990, section 144A.10, subdivision 4, is amended to read:

Subd. 4. [CORRECTION ORDERS.] Whenever a duly authorized representative of the commissioner of health finds upon inspection of a nursing home, that the facility or a controlling person or an employee of the facility is not in compliance with sections 144.651, 144A.01 to 144A.16, or 626.557 or the rules promulgated thereunder, a correction order shall be issued to the facility. The correction order shall state the deficiency, cite the specific rule or statute violated, state the suggested method of correction, and specify the time allowed for correction. If the commissioner finds that the nursing home had uncorrected or repeated violations which create a risk to resident care, safety, or rights, the commissioner shall notify the commissioner of human services who shall ~~(1) review reimbursement to the nursing home to determine the extent to which the state has paid for substandard care and, (2) furnish the findings and disposition to the commissioner of health within 30 days of notification~~ *require the facility to use any efficiency incentive payments received under section 256B.431, subdivision 2b, paragraph (d), to correct the violations and shall require the facility to forfeit incentive payments for failure to correct the violations as provided in section 256B.431, subdivision 2p. The forfeiture shall not apply to correction orders issued for physical plant deficiencies.*

245.465 [DUTIES OF COUNTY BOARD.]

Subdivision 1. The county board in each county shall use its share of mental health and community social service act funds allocated by the commissioner according to a biennial local mental health service proposal approved by the commissioner. The county board must:

(1) develop and coordinate a system of affordable and locally available adult mental health services in accordance with sections 245.461 to 245.486;

and case managers employed by or under contract with the county to provide mental health services have experience and training in working with adults with mental illness.

Subd. 2. [RESIDENTIAL AND COMMUNITY SUPPORT PROGRAMS FOR PERSONS WITH MENTAL ILLNESS: SALARY ADJUSTMENTS PER DIEM.] *In establishing, operating, or contracting for the provision of programs licensed under Minnesota Rules, parts 9520.0500 to 9520.0690 and programs funded under Minnesota Rules, parts 9535.0100 to 9535.1600, for the fiscal year beginning July 1, 1991, a county board's contract must reflect increased salaries by multiplying the total salaries, payroll taxes, and fringe benefits related to personnel below top management by three percent. This increase shall remain in the base for purposes of wage determination in future contract years. County boards shall verify in writing to the commissioner that each program has complied with this requirement. If a county board determines that a program has not complied with this requirement for a specific contract period, the county board shall reduce the program's payment rates for the next contract period to reflect the amount of money not spent appropriately. The commissioner shall modify reporting requirements for programs and counties as necessary to monitor compliance with this provision.*

246.23 [PERSONS ADMISSIBLE TO REGIONAL TREATMENT CENTERS.]

Subdivision 1. [RESIDENCE.] No person who has not a settlement in a county, as defined in section 256D.18, shall be admitted to a regional treatment center for persons with mental illness, mental retardation, or chemical dependency, except that the commissioner of human services may authorize admission thereto when the residence cannot be ascertained, or when the circumstances in the judgment of the commissioner make it advisable. ~~Except for emergency admissions under sections 253B.05 and 253B.11, or when authorized by the commissioner, a chemical dependency program must not admit a chemically dependent person unless the cost of services will be paid for by private money or nongovernmental third-party payments, the person has been placed by a county or a federally recognized tribal unit that is responsible for payment, or the regional treatment center obtains approval of the admission from the county financially responsible for the person. The commissioner shall maintain and enhance cooperative and effective relationships between counties and regional treatment centers and between the various regional treatment center chemical dependency programs. In carrying out this responsibility. The commissioner shall maintain a regionally based, state administered system of chemical dependency programs.~~ When application is made to a judge of probate for admission to any of the regional treatment centers above named for admission thereto, if the judge finds that the person for whom application is made has not such residence, or that residence cannot be ascertained, the judge shall so report to the commissioner; and may recommend that such person be admitted notwithstanding, giving reasons therefor. The commissioner of human services shall thereupon investigate the question of residence and, if the commissioner finds that such person has not such residence and has a legal residence in another state or country, the commissioner may cause the person to be returned thereto at the expense of this state.

Subd. 2. [CHEMICAL DEPENDENCY TREATMENT.] *The commissioner shall maintain a regionally based, state-administered system of chemical dependency programs. Counties may refer individuals who are eligible for services under chapter 254B to the chemical dependency units in the regional treatment centers. A 15 percent county share of the per diem cost of treatment is required for individuals served within the treatment capacity funded by direct legislative appropriation. By July 1, 1991, the commissioner shall establish criteria for admission to the chemical dependency units that will maximize federal and private funding sources, fully utilize the regional treatment center capacity, and make state-funded treatment capacity available to counties on an equitable basis. The admission criteria may be adopted without rulemaking. Existing rules governing placements under chapters 254A and 254B do not apply to admissions to the capacity funded by direct appropriation. Private and third-party collections and payments are appropriated to the commissioner for the operation of the chemical dependency units. In addition to the chemical dependency treatment capacity funded by direct legislative appropriation, the regional treatment centers may provide treatment to additional individuals whose treatment is paid for out of the chemical dependency consolidated treatment fund under chapter 254B, in which case placement rules adopted under chapter 254B apply, or through other nonstate payment sources.*

Sec. 6. Minnesota Statutes 1990, section 246.64, subdivision 3, is amended to read:

Subd. 3. [RESPONSIBILITIES OF COMMISSIONER.] The commissioner shall credit all receipts from billings for rates set in subdivision 1, except those credited according to subdivision 2, to the chemical dependency fund. This money must not be used for a regional treatment center activity that is not a chemical dependency service or an allocation of expenditures that are included in the base for computation of the rates under subdivision 1. The commissioner may expand chemical dependency services so long as expenditures are recovered by patient fees, transfer of funds, or supplementary appropriations. The commissioner may expand or reduce chemical dependency staff complement as long as expenditures are recovered by patient fees, transfer of funds, or supplementary appropriations. ~~An increase or decrease in chemical dependency staff shall not result in an increase or decrease in staff in any facility or unit not providing chemical dependency services.~~ Notwithstanding chapters 176 and 268, the commissioner shall provide for the self-insurance of regional treatment center chemical dependency programs for the costs of unemployment compensation and workers' compensation claims. The commissioner shall provide a biennial report to the chairs of the senate finance subcommittee on health and human services, the house of representatives human services division of appropriations, and the senate and house of representatives health and human services committees.

Sec. 7. Minnesota Statutes 1990, section 252.24, is amended by adding a subdivision to read:

Subd. 5. [DAC'S: SALARY ADJUSTMENT PER DIEM.] *The commissioner shall approve a two percent increase in the payment rates for day training and habilitation services vendors effective July 1, 1991. All revenue generated shall be used by vendors to increase salaries, fringe benefits, and payroll taxes by at least three percent for personnel below top management. County boards shall amend contracts with vendors to require that all revenue generated by this provision is expended on salary increases to*

staff below top management. County boards shall verify in writing to the commissioner that each vendor has complied with this requirement. If a county board determines that a vendor has not complied with this requirement for a specific contract period, the county board shall reduce the vendor's payment rates for the next contract period to reflect the amount of money not spent appropriately. The commissioner shall modify reporting requirements for vendors and counties as necessary to monitor compliance with this provision.

Each county agency shall report to the commissioner by July 30, 1991, its actual social service day training and habilitation expenditures for calendar year 1990. The commissioner shall allocate the day habilitation service CSSA appropriation made available for this purpose to county agencies in proportion to these expenditures.

Sec. 8. Minnesota Statutes 1990, section 252.275, is amended by adding a subdivision to read:

Subd. 9. [SILS: SALARY ADJUSTMENTS; RATES.] *In establishing, operating, or contracting for the provision of semi-independent living services, for the fiscal year beginning July 1, 1991, a county board must contract at rates to pay for increased salaries by multiplying the total salaries, payroll taxes, and fringe benefits related to personnel below top management by three percent. Any maximum rate limit shall be adjusted to provide for this provision. The state shall provide counties with proper reimbursement to cover these increased costs. County boards shall verify in writing to the commissioner that each semi-independent living service provider has complied with this requirement. If a county board determines that a semi-independent living service provider has not complied with this requirement for a specific contract period, the county board shall reduce the provider's payment rates for the next contract period to reflect the amount of money not spent appropriately. The commissioner shall modify reporting requirements for providers and counties as necessary to monitor compliance with this provision.*

Sec. 9. Minnesota Statutes 1990, section 252.46, subdivision 3, is amended to read:

Subd. 3. [RATE MAXIMUM.] Unless a variance is granted under subdivision 6, the maximum payment rates for each vendor for a calendar year must be equal to the payment rates approved by the commissioner for that vendor in effect December 1 of the previous calendar year increased by no more than the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year. *The commissioner shall not provide an annual inflation adjustment for the biennium ending June 30, 1993.*

Sec. 10. Minnesota Statutes 1990, section 252.46, subdivision 6, is amended to read:

Subd. 6. [VARIANCES.] A variance from the minimum or maximum payment rates in subdivisions 2 and 3 may be granted by the commissioner when the vendor requests and the county board submits to the commissioner a written variance request with the recommended payment rates. The commissioner shall develop by October 1, 1989, a uniform format for submission of documentation for the variance requests. This format shall be used by each vendor requesting a variance. The form shall be developed by the

commissioner and shall be reviewed by representatives of advocacy and provider groups and counties. A variance may be utilized for costs associated with compliance with state administrative rules, compliance with court orders, capital costs required for continued licensure, increased insurance costs, start-up and conversion costs for supported employment, direct service staff salaries and benefits, and transportation. The county board shall review all vendors' payment rates that are ten or more than ten percent lower than the statewide median payment rates. If the county determines that the payment rates do not provide sufficient revenue to the vendor for authorized service delivery the county must recommend a variance under this section. When the county board contracts for increased services from any vendor for some or all individuals receiving services from the vendor, the county board shall review the vendor's payment rates to determine whether the increase requires that a variance to the minimum rates be recommended under this section to reflect the vendor's lower per unit fixed costs. The written variance request must include documentation that all the following criteria have been met:

(1) The commissioner and the county board have both conducted a review and have identified a need for a change in the payment rates and recommended an effective date for the change in the rate.

(2) The proposed changes are required for the vendor to deliver authorized individual services in an effective and efficient manner.

(3) The proposed changes are necessary to demonstrate compliance with minimum licensing standards~~, or to provide community integrated and supported employment services after a change in the vendor's existing services has been approved as provided in section 252.28~~.

(4) The vendor documents that the changes cannot be achieved by reallocating current staff or by reallocating financial resources.

(5) The county board submits evidence that the need for additional staff cannot be met by using temporary special needs rate exceptions under Minnesota Rules, parts 9510.1020 to 9510.1140.

(6) The county board submits a description of the nature and cost of the proposed changes, and how the county will monitor the use of money by the vendor to make necessary changes in services.

(7) The county board's recommended payment rates do not exceed 125 percent of the current calendar year's statewide median payment rates.

The commissioner shall have 60 calendar days from the date of the receipt of the complete request to accept or reject it, or the request shall be deemed to have been granted. If the commissioner rejects the request, the commissioner shall state in writing the specific objections to the request and the reasons for its rejection.

Sec. 11. Minnesota Statutes 1990, section 252.46, subdivision 14, is amended to read:

Subd. 14. [PILOT STUDY.] The commissioner may initiate a pilot payment rate system under section 252.47. The pilot project may establish training and demonstration sites. The pilot payment rate system must include actual transfers of funds, not simulated transfers. The pilot payment rate system may involve ~~up to four counties and four~~ vendors representing different geographic regions and rates of reimbursement. Participation in the pilot project is voluntary. Selection of participants by the commissioner is

based on the vendor's submission of a complete application form provided by the commissioner. The application must include letters of agreement from the host county, counties of financial responsibility, and residential service providers. Evaluation of the pilot project must include consideration of the effectiveness of procedures governing establishment of equitable payment rates. Implementation of the pilot payment rate system is contingent upon federal approval and systems feasibility. The policies and procedures governing administration, participation, evaluation, service utilization, and payment for services under the pilot payment rate system are not subject to the rulemaking requirements of chapter 14.

Sec. 12. Minnesota Statutes 1990, section 252.478, subdivision 1, is amended to read:

Subdivision 1. [ESTABLISHMENT OF ~~PROGRAM~~ *METRO TRANSPORTATION SUPPORT GRANTS.*] The commissioner of human services shall establish and operate a metro transportation support grants program to provide reimbursement for client transportation by metro mobility, *or cost-effective alternatives*, to day training and habilitation services for which client transportation is a required and funded component, and to maximize use of federal funds for this reimbursement. A metro transportation support grants account shall be established in the department of human services chart of accounts.

Sec. 13. Minnesota Statutes 1990, section 252.478, subdivision 3, is amended to read:

Subd. 3. [COUNTY SHARE.] The county share of the metro transportation support grants program costs will be distributed by the department to all metropolitan counties from the metro transportation support grants account. ~~For state fiscal year 1991, the funds transferred from the regional transit board to this account shall be distributed to: Ramsey county, 48 percent; Hennepin county, 46 percent; Dakota county, five percent; and Anoka county, one percent. For subsequent fiscal years, funds shall be distributed annually based on each county's percentage of total expenses incurred for trips provided on metro mobility to and from day training and habilitation services during the preceding 12-month period.~~ *in amounts not to exceed those received by the counties and used for increased expenses incurred for trips provided on metro mobility during fiscal year 1991. Counties must recommend decreases to the payment rates for vendors whose transportation costs decrease with use of cost-effective alternatives.* Counties should deposit these funds into the program accounts that will incur the transportation expenses.

Sec. 14. Minnesota Statutes 1990, section 254B.04, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] (a) Persons eligible for benefits under Code of Federal Regulations, title 25, part 20, persons eligible for medical assistance benefits under sections 256B.055 and 256B.056 or who meet the income standards of section 256B.056, subdivision 4, and persons eligible for general assistance medical care under section 256D.03, subdivision 3, are entitled to chemical dependency fund services. *State money appropriated for this paragraph must be placed in a separate account established for this purpose.*

(b) A person not entitled to services under paragraph (a), but with family income that is less than 60 percent of the state median income for a family of like size and composition, shall be eligible to receive chemical dependency

fund services within the limit of funds available after persons entitled to services under paragraph (a) have been served. A county may spend money from its own sources to serve persons under this paragraph. *State money appropriated for this paragraph must be placed in a separate account established for this purpose.*

(c) Persons whose income is between 60 percent and 115 percent of the state median income shall be eligible for chemical dependency services on a sliding fee basis, within the limit of funds available, after persons entitled to services under paragraph (a) and persons eligible for services under paragraph (b) have been served. Persons eligible under this paragraph must contribute to the cost of services according to the sliding fee scale established under subdivision 3. A county may spend money from its own sources to provide services to persons under this paragraph. *State money appropriated for this paragraph must be placed in a separate account established for this purpose.*

Sec. 15. Minnesota Statutes 1990, section 254B.05, is amended by adding a subdivision to read:

Subd. 4. [REGIONAL TREATMENT CENTERS.] *Regional treatment center chemical dependency treatment units are eligible vendors. The commissioner may expand the capacity of chemical dependency treatment units beyond the capacity funded by direct legislative appropriation to serve individuals who are referred for treatment by counties and whose treatment will be paid for with a county's allocation under section 254B.02 or other funding sources.*

Sec. 16. Minnesota Statutes 1990, section 256.045, subdivision 10, is amended to read:

Subd. 10. [PAYMENTS PENDING APPEAL.] If the commissioner of human services or district court orders monthly assistance or aid or services paid or provided in any proceeding under this section, it shall be paid or provided pending appeal to the commissioner of human services, district court, court of appeals, or supreme court. *The human services referee may order the local human services agency to reduce or terminate medical assistance or general assistance medical care to a recipient before a final order is issued under this section if: (1) the human services referee determines at the hearing that the sole issue on appeal is one of a change in state or federal law; and (2) the commissioner or the local agency notifies the recipient before the action.* The state or county agency has a claim for food stamps ~~and~~, cash payments, *medical assistance, and general assistance medical care* made to *or on behalf of* a recipient or former recipient while an appeal is pending if the recipient or former recipient is determined ineligible for the food stamps ~~and~~, cash payments, *medical assistance, or general assistance medical care* as a result of the appeal, *except for medical assistance and general assistance medical care made on behalf of a recipient pursuant to a court order.*

Sec. 17. Minnesota Statutes 1990, section 256.936, is amended by adding a subdivision to read:

Subd. 5. [APPEALS.] *If the commissioner suspends, reduces, or terminates eligibility for the children's health plan, or services provided under the children's health plan, the commissioner must provide notification according to the laws and rules governing the medical assistance program. A children's health plan applicant or enrollee aggrieved by a determination*

of the commissioner has the right to appeal the determination according to section 256.045.

Sec. 18. Minnesota Statutes 1990, section 256.9365, subdivision 1, is amended to read:

Subdivision 1. [PROGRAM ESTABLISHED.] The commissioner of human services shall establish a program to pay private health plan premiums for persons who have contracted human immunodeficiency virus (HIV) to enable them to continue coverage under a group or individual health plan. If a person is determined to be eligible under subdivision 2, the commissioner shall: *(1)* pay the eligible person's group plan ~~continuation coverage~~ premium for ~~18 months after termination of employment, or~~ *the period of continuation coverage provided in the Consolidated Omnibus Budget Reconciliation Act of 1985; or (2)* pay the eligible person's individual plan premium for 24 months ~~after initial application~~.

Sec. 19. Minnesota Statutes 1990, section 256.9365, subdivision 3, is amended to read:

Subd. 3. [RULES.] The commissioner shall establish rules as necessary to implement the program. Special requirements for the payment of individual plan premiums under subdivision 2, clause (5), must be designed to ensure that the state cost of paying an individual plan premium over a two-year period does not exceed the estimated state cost that would otherwise be incurred in the medical assistance *or general assistance medical care* program.

Sec. 20. [256.656] [DEPOSITS INTO THE GENERAL FUND.]

All money collected under section 256.9657 shall be deposited in the general fund and is appropriated to the commissioner of human services for the purposes of section 256B.82. Deposits do not cancel and are available until expended.

Sec. 21. [256.9657] [PROVIDER SURCHARGES.]

Subdivision 1. [NURSING FACILITY LICENSE SURCHARGE.] *Effective July 1, 1991, each nursing facility subject to the reimbursement principles in Minnesota Rules, parts 9549.0010 to 9549.0080, shall pay to the commissioner an annual surcharge according to the schedule in subdivision 4. The surcharge shall be calculated as $500 per bed licensed on the previous April 1.*

Subd. 2. [HOSPITAL SURCHARGE.] *(a) Effective July 1, 1991, each Minnesota and local trade area hospital except facilities of the federal Indian Health Service and regional treatment centers shall pay to the medical assistance account a surcharge equal to ten percent of medical assistance payments issued to that provider for inpatient services according to the schedule in subdivision 4. Medicare crossovers and indigent care payments paid under section 256B.82 are excluded from the amount of medical assistance payments issued.*

(b) Effective July 1, 1991, each Minnesota and local trade area hospital except facilities of the federal Indian Health Service and regional treatment centers shall pay to the medical assistance account a surcharge equal to five percent of medical assistance payments issued to that provider for outpatient services according to the schedule in subdivision 4. Medicare crossovers are excluded from the amount of medical assistance payments issued.

Subd. 3. [HEALTH PLAN SURCHARGE.] *Effective July 1, 1991, each health plan under contract with the commissioner shall pay to the commissioner a surcharge equal to the equivalent value of the surcharges described in subdivision 2 for each medical assistance rate cell payment according to the schedule in subdivision 4. The surcharge for each quarter or month of a fiscal year shall be calculated based on the payments due in September of the same fiscal year under subdivision 2.*

Subd. 4. [PAYMENTS INTO THE ACCOUNT.] *Payments to the commissioner under subdivision 1 must be paid in monthly installments due on the 15th of the month beginning August 15, 1991. The monthly payment must be equal to the annual surcharge divided by 12. Payments to the commissioner under subdivisions 2 and 3 must be paid as follows: the first payment is a quarterly payment due September 15, 1991, with subsequent payments due monthly on the fifteenth of each month. The September 15, 1991, payment under subdivisions 2 and 3 shall be determined by taking the amount of medical assistance payments issued to each provider in the calendar quarter beginning six months prior to the quarter in which the payment is due multiplied by the percentage surcharge for each provider. The subsequent monthly payments shall be determined by taking the amount of medical assistance payments issued to each provider in the month beginning six months prior to the month in which the payment is due multiplied by the percentage surcharge for each provider.*

Subd. 5. [NOT ALLOWABLE COST.] *Provider payments to the commissioner under this section are not an allowable cost for purposes of the medical assistance program.*

Subd. 6. [NOTICE; APPEALS.] *At least 30 days prior to the date the payment is due, the commissioner shall give each provider a written notice of each payment due. A provider may request a contested case hearing under chapter 14 within 30 days of receipt of the notice. The decision of the commissioner regarding the amount due stands until the appeal is decided. The provider shall pay the contested payment at the time of appeal with settle-up at the time of appeal resolution.*

Subd. 7. [ENFORCEMENT.] *The commissioner shall bring action in district court to collect provider payments due under subdivisions 1 to 3 that are more than 30 days in arrears.*

Sec. 22. Minnesota Statutes 1990, section 256.9685, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] The commissioner shall establish procedures for determining medical assistance and general assistance medical care payment rates under a prospective payment system for inpatient hospital services in hospitals that qualify as vendors of medical assistance. The commissioner shall establish, by rule, procedures for implementing this section and sections 256.9686, 256.969, and 256.9695. The *medical assistance* payment rates must be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of recipients in efficiently and economically operated hospitals. Services must meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b), to be eligible for payment.

Sec. 23. Minnesota Statutes 1990, section 256.9686, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] For purposes of this section and sections ~~256.9685,~~ 256.969, and 256.9695, the following terms and phrases have the meanings given.

Sec. 24. Minnesota Statutes 1990, section 256.9686, subdivision 6, is amended to read:

Subd. 6. [HOSPITAL.] "Hospital" means a facility licensed under sections 144.50 to 144.58 ~~or~~, an out-of-state facility licensed *to provide acute care* under the requirements of that state in which it is located, *or an Indian health service facility designated to provide acute care by the federal government.*

Sec. 25. Minnesota Statutes 1990, section 256.969, subdivision 1, is amended to read:

Subdivision 1. [HOSPITAL COST INDEX.] The hospital cost index shall be obtained from an independent source and shall represent a weighted average of historical, *as limited to statutory maximums,* and projected cost change estimates determined for expense categories to include wages and salaries, employee benefits, medical and professional fees, raw food, utilities, insurance including malpractice insurance, and other applicable expenses as determined by the commissioner. The index shall reflect Minnesota cost category weights. Individual indices shall be specific to Minnesota if the commissioner determines that sufficient accuracy of the hospital cost index is achieved. The hospital cost index shall be used to adjust the base year operating payment rate through the rate year on an annually compounded basis. *Notwithstanding section 256.9695, subdivision 3, paragraph (c), the hospital cost index shall not be effective under the general assistance medical care program for admissions occurring during the biennium ending June 30, 1993.*

Sec. 26. Minnesota Statutes 1990, section 256.969, subdivision 2, is amended to read:

Subd. 2. [DIAGNOSTIC CATEGORIES.] The commissioner shall use to the extent possible existing diagnostic classification systems, including the system used by the Medicare program to determine the relative values of inpatient services and case mix indices. The commissioner may combine diagnostic classifications into diagnostic categories and may establish separate categories and numbers of categories based on program eligibility or hospital peer group. Relative values shall be recalculated when the base year is changed ~~and shall not be determined on a hospital specific basis~~. Relative value determinations shall include paid claims for admissions during each hospital's base year. The commissioner may extend the time period forward to obtain sufficiently valid information to establish relative values. Relative value determinations shall not include property cost data, Medicare crossover data, and data ~~from the transferring hospital~~ on *admissions that are paid a per day* transfer ~~discharges, except data on transfer discharges with a burn diagnostic classification or data on transfer discharges for the patient's convenience that have been reported by the hospital to the commissioner by the October 1 preceding the~~ rate ~~year~~ *under subdivision 13.* The computation of the base year cost per admission must include identified outlier cases and their weighted costs up to the point that they become outlier cases, but must exclude costs recognized in outlier payments beyond that point. The commissioner may recategorize the diagnostic classifications and recalculate relative values and case mix indices to reflect actual hospital practices, the specific character of specialty hospitals, or to reduce variances

within the diagnostic categories after notice in the State Register and a 30-day comment period.

Sec. 27. Minnesota Statutes 1990, section 256.969, subdivision 2c, is amended to read:

Subd. 2c. [PROPERTY PAYMENT RATES.] For each hospital's first two consecutive fiscal years beginning on or after July 1, 1988, the commissioner shall limit the annual increase in property payment rates for depreciation, rents and leases, and interest expense to the annual growth in the hospital cost index derived from the methodology in effect on the day before July 1, 1989. When computing budgeted and settlement property payment rates, the commissioner shall use the annual increase in the hospital cost index forecasted by Data Resources, Inc., consistent with the quarter of the hospital's fiscal year end. For admissions occurring on or after the rate year beginning January 1, 1991, the commissioner shall obtain property data from an updated base year and establish property payment rates per admission for each hospital. Property payment rates shall be derived from data from the same base year that is used to establish operating payment rates. The property information shall include cost categories not subject to the hospital cost index and shall reflect the cost-finding methods and allowable costs of the Medicare program ~~in effect during the base year~~. The *base year* property payment ~~rate per admission~~ *rates* shall be adjusted for ~~positive percentage change differences~~ *increases* in the ~~net book value of hospital~~ property ~~and equipment~~ *cost* by increasing the *base year* property payment rate ~~per admission~~ 85 percent of the percentage change from the base year through the ~~most recent~~ year ~~ending prior to the rate year~~ for which ~~required information is available~~ *a Medicare cost report has been submitted to the Medicare program and filed with the department by the October 1 before the rate year*. ~~The percentage change shall be derived from equivalent audited information in both years and shall be adjusted to account for changes in generally accepted accounting principles, reclassification of assets, allocations to nonhospital areas, and fiscal years.~~ The ~~cost, audit, and charge data used to establish~~ property rates shall only reflect inpatient services covered by medical assistance ~~and shall not include operating cost information. To be eligible for the property payment rate per admission adjustment, the hospital must provide the necessary information to the commissioner, in a format specified by the commissioner, by the October 1 preceding the rate year.~~ The commissioner shall adjust rates for the rate year beginning January 1, 1991, to ensure that all hospitals are subject to the hospital cost index limitation for two complete years.

Sec. 28. Minnesota Statutes 1990, section 256.969, subdivision 3a, is amended to read:

Subd. 3a. [PAYMENTS.] Acute care hospital billings under the medical assistance program must not be submitted until the recipient is discharged. However, the commissioner shall establish monthly interim payments for inpatient hospitals that have individual patient lengths of stay over 30 days regardless of diagnostic category. To establish interim rates, the commissioner is exempt from the requirements of chapter 14. Medical assistance reimbursement for treatment of mental illness shall be reimbursed based on diagnostic classifications. The commissioner may selectively contract with hospitals for services within the diagnostic categories relating to mental illness and chemical dependency under competitive bidding when reasonable geographic access by recipients can be assured. No physician shall be denied the privilege of treating a recipient required to use a hospital under contract

with the commissioner, as long as the physician meets credentialing standards of the individual hospital. Individual hospital payments established under this section and sections 256.9685, 256.9686, and 256.9695, in addition to third party *and recipient* liability, for ~~admissions~~ *discharges* occurring during the rate year shall not exceed, in aggregate, the charges for the medical assistance covered inpatient services paid for the same period of time to the hospital. This payment limitation ~~is not applicable and~~ shall ~~not~~ be calculated ~~to include~~ *separately for medical assistance and* general assistance medical care services. *The limitation on general assistance medical care shall be effective for admissions occurring on or after July 1, 1991.* Services that have rates established under subdivision 6a, paragraph (a), clause (5) or (6), must be limited separately from other services. After consulting with the affected hospitals, the commissioner may consider related hospitals one entity and may merge the payment rates while maintaining separate provider numbers. The operating and property base rates per admission or per day shall be derived from the best Medicare and claims data available when rates are established. The commissioner shall determine the best Medicare and claims data, taking into consideration variables of recency of the data, audit disposition, settlement status, and the ability to set rates in a timely manner. The commissioner shall notify hospitals of payment rates by December 1 of the year preceding the rate year. The rate setting data must reflect the admissions data used to establish relative values. Base year changes from 1981 to the base year established for the rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited to the limits ending June 30, 1987, on the maximum rate of increase under subdivision 1. The commissioner may adjust base year cost, relative value, and case mix index data to exclude the costs of services that have been discontinued by the October 1 of the year preceding the rate year or that are paid separately from inpatient services. Inpatient stays that encompass portions of two or more rate years shall have payments established based on payment rates in effect at the time of admission unless the date of admission preceded the rate year in effect by six months or more. In this case, operating payment rates for services rendered during the rate year in effect and established based on the date of admission shall be adjusted to the rate year in effect by the hospital cost index.

Sec. 29. Minnesota Statutes 1990, section 256.969, subdivision 6a, is amended to read:

Subd. 6a. [SPECIAL CONSIDERATIONS.] ~~(a)~~ In determining the payment rates, the commissioner shall consider whether the ~~following~~ circumstances *in subdivisions 7 to 14* exist~~:~~.

~~(1)~~ *Subd. 7.* [MINIMAL MEDICAL ASSISTANCE USE.] Minnesota hospitals with 30 or fewer annualized admissions of Minnesota medical assistance recipients in the base year, excluding Medicare crossover admissions, may have the base year operating rates, as adjusted by the case mix index, and property payment rates established at the 70th percentile of hospitals in the peer group in effect during the base year as established by the Minnesota department of health for use by the rate review program. Rates within a peer group shall be adjusted for differences in fiscal years and outlier percentage payments before establishing the 70th percentile. The operating payment rate portion of the 70th percentile shall be adjusted by the hospital cost index. To have rates established under this paragraph, the hospital must notify the commissioner in writing by November 1 of the year preceding the rate year. ~~This paragraph shall be applied to all payment~~

~~rates of the affected hospital.~~

~~(2)~~ *Subd. 8.* [UNUSUAL COST OR LENGTH OF STAY EXPERIENCE.] The commissioner shall establish day and cost outlier thresholds for each diagnostic category established under subdivision 2 at two standard deviations beyond the ~~geometric~~ mean length of stay or allowable cost. Payment for the days and cost beyond the outlier threshold shall be in addition to the operating and property payment rates per admission established under subdivisions 2, 2b, and 2c. Payment for outliers shall be at 70 percent of the allowable operating cost ~~calculated by dividing the operating payment rate per admission~~, after adjustment by the case mix index, hospital cost index, relative values and the disproportionate population adjustment~~, by the arithmetic mean length of stay for the diagnostic category~~. The outlier threshold for neonatal and burn diagnostic categories shall be established at one standard deviation beyond the ~~geometric~~ mean length of stay or allowable cost, and payment shall be at 90 percent of allowable operating cost calculated in the same manner as other outliers. A hospital may choose an alternative ~~percentage~~ *to the 70 percent* outlier payment ~~to~~ *that is at* a minimum of 60 percent and a maximum of 80 percent if the commissioner is notified in writing of the request by October 1 of the year preceding the rate year. The chosen percentage applies to all diagnostic categories except burns and neonates. The percentage of allowable cost that is unrecognized by the outlier payment shall be added back to the base year operating payment rate per admission. Cost outliers shall be calculated using hospital specific allowable cost data. If a stay is both a day and a cost outlier, outlier payments shall be based on the higher outlier payment.

~~(3)~~ *Subd. 9.* [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] For admissions occurring on or after July 1, 1989, the medical assistance disproportionate population adjustment shall comply with federal law at fully implemented rates. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. ~~For admissions occurring on or after the rate year beginning January 1, 1991, the disproportionate population adjustment shall be derived from base year Medicare cost report data and may be adjusted by data reflecting actual claims paid by the department.~~

~~(4)~~ *Subd. 10.* [SEPARATE BILLING BY CERTIFIED REGISTERED NURSE ANESTHETISTS.] Hospitals may exclude certified registered nurse anesthetist costs from the operating payment rate as allowed by section 256B.0625, subdivision 11. To be eligible, a hospital must notify the commissioner in writing by October 1 of the year preceding the rate year of the request to exclude certified registered nurse anesthetist costs. The hospital must agree that all hospital claims for the cost and charges of certified registered nurse anesthetist services will not be included as part of the rates for inpatient services provided during the rate year. In this case, the operating payment rate shall be adjusted to exclude the cost of certified registered nurse anesthetist services. Payments made through separate claims for certified registered nurse anesthetist services shall not be paid directly through the hospital provider number or indirectly by the certified registered nurse anesthetist to the hospital or related organizations.

For admissions occurring on or after July 1, 1991, and until the expiration date of section 256.9695, subdivision 3, services of certified registered nurse anesthetists provided on an inpatient basis may be paid as allowed by section 256B.0625, subdivision 11, when the hospital's base year did

not include the cost of these services. To be eligible, a hospital must notify the commissioner in writing by July 1, 1991, of the request and must comply with all other requirements of this subdivision.

~~(5)~~ *Subd. 11.* [SPECIAL RATES.] The commissioner may establish special rate-setting methodologies, including a per day operating and property payment system, for hospice, ventilator dependent, and other services on a hospital and recipient specific basis taking into consideration such variables as federal designation, program size, and admission from a medical assistance waiver or home care program. The data and rate calculation method shall conform to the requirements of ~~paragraph (7)~~ *subdivision 13*, except that *rates shall not be standardized by the case mix index or adjusted by relative values and* hospice rates shall not exceed the amount allowed under federal law ~~and payment shall be secondary to any other medical assistance hospice program~~. Rates and payments established under this ~~paragraph~~ *subdivision* must meet the requirements of section 256.9685, subdivisions 1 and 2~~, and must not exceed payments that would otherwise be made to a hospital in total for rate year admissions under subdivisions 2, 2b, 2c, 3, 4, 5, and 6~~. The cost and charges used to establish rates shall only reflect inpatient medical assistance covered services. Hospital and claims data that are used to establish rates under this ~~paragraph~~ *subdivision* shall not be used to establish payments or relative values under subdivisions 2, 2b, 2c, ~~3, 4, 5~~ *3a, 4a, 5a*, and ~~6~~ *7 to 14*.

~~(6)~~ *Subd. 12.* [REHABILITATION DISTINCT PARTS.] Units of hospitals that are recognized as rehabilitation distinct parts by the Medicare program shall have separate provider numbers under the medical assistance program for rate establishment and billing purposes only. These units shall also have operating and property payment rates and the disproportionate population adjustment, *if allowed by federal law,* established separately from other inpatient hospital services~~, based on the methods of subdivisions 2, 2b, 2c, 3, 4, 5, and 6~~. The commissioner may establish separate relative values under subdivision 2 for rehabilitation hospitals and distinct parts as defined by the Medicare program. For individual hospitals that did not have separate medical assistance rehabilitation provider numbers or rehabilitation distinct parts in the base year, hospitals shall provide the information needed to separate rehabilitation distinct part cost and claims data from other inpatient service data.

~~(7)~~ *Subd. 13.* [NEONATAL TRANSFERS.] For admissions occurring on or after July 1, 1989, neonatal diagnostic category transfers shall have operating and property payment rates established at receiving hospitals which have neonatal intensive care units on a per day payment system that is based on the cost finding methods and allowable costs of the Medicare program during the base year. Other neonatal diagnostic category transfers shall have rates established according to ~~paragraph (8)~~ *subdivision 14*. The rate per day for the neonatal service setting within the hospital shall be determined by dividing base year neonatal allowable costs by neonatal patient days. The operating payment rate portion of the rate shall be adjusted by the hospital cost index and the disproportionate population adjustment. *For admissions occurring after the transition period specified in section 256.9695, subdivision 3, the operating payment rate portion of the rate shall be standardized by the case mix index and adjusted by relative values.* The cost and charges used to establish rates shall only reflect inpatient services covered by medical assistance. Hospital and claims data used to establish rates under this ~~paragraph~~ *subdivision* shall not be used to establish

~~payments or relative values~~ *rates* under subdivisions 2, 2b, 2c, ~~3, 4, 5~~ *3a, 4a, 5a*, and ~~6~~ *7 to 14*.

~~(8)~~ *Subd. 14.* [TRANSFERS.] Except as provided in ~~paragraphs (5)~~ *subdivisions 11* and ~~(7)~~ *13*, operating and property payment rates for admissions that result in transfers and transfers shall be established on a per day payment system. The per day payment rate shall be the sum of the adjusted operating and property payment rates determined ~~in~~ *under this subdivision and* subdivisions *2*, 2b ~~and~~, 2c, *3a, 4a, 5a, and 7 to 12*, divided by the arithmetic mean length of stay for the diagnostic category. Each admission that results in a transfer and each transfer is considered a separate admission to each hospital, and the total of the admission and transfer payments to each hospital must not exceed the total per admission payment that would otherwise be made to each hospital under ~~paragraph (2) and~~ *this subdivision and* subdivisions *2*, 2b ~~and~~, 2c, *3a, 4a, 5a, and 7 to 13*.

~~(b)~~ *Subd. 15.* [ROUTINE SERVICE COST LIMITATION; APPLICABILITY.] The computation of each hospital's payment rate and the relative values of the diagnostic categories are not subject to the routine service cost limitation imposed under the Medicare program.

~~(c)~~ *Subd. 16.* [INDIAN HEALTH SERVICE FACILITIES.] Indian health service facilities are exempt from the rate establishment methods required by this section and shall be reimbursed at ~~the facility's usual and customary~~ charges ~~to the general public~~ *as limited to the amount allowed under federal law*. This exemption is not effective for payments under general assistance medical care.

~~(d)~~ *Subd. 17.* [OUT-OF-STATE HOSPITALS IN LOCAL TRADE AREAS.] ~~Except as provided in paragraph (a), clauses (1) and (3),~~ Out-of-state hospitals that are located within a Minnesota local trade area shall have rates established using the same procedures and methods that apply to Minnesota hospitals. *For this subdivision and subdivision 18, local trade area means a county contiguous to Minnesota*. Hospitals that are not required by law to file information in a format necessary to establish rates shall have rates established based on the commissioner's estimates of the information. Relative values of the diagnostic categories shall not be redetermined under this ~~paragraph~~ *subdivision* until required by rule. Hospitals affected by this ~~paragraph~~ *subdivision* shall then be included in determining relative values. However, hospitals that have rates established based upon the commissioner's estimates of information shall not be included in determining relative values. This ~~paragraph~~ *subdivision* is effective for hospital fiscal years beginning on or after July 1, 1988. A hospital shall provide the information necessary to establish rates under this ~~paragraph~~ *subdivision* at least 90 days before the start of the hospital's fiscal year.

~~(e)~~ *Subd. 18.* [OUT-OF-STATE HOSPITALS OUTSIDE LOCAL TRADE AREAS.] Hospitals that are not located within Minnesota or a Minnesota local trade area shall have operating and property rates established at the average of statewide and local trade area rates or, at the commissioner's discretion, at an amount negotiated by the commissioner. Relative values shall not include data from hospitals that have rates established under this ~~paragraph~~ *subdivision*. Payments, including third party *and recipient* liability, established under this ~~paragraph~~ *subdivision* may not exceed the charges on a claim specific basis for inpatient services that are covered by medical assistance.

~~(f)~~ *Subd. 19.* [METABOLIC DISORDER TESTING OF MEDICAL

ASSISTANCE RECIPIENTS.] Medical assistance inpatient payment rates must include the cost incurred by hospitals to pay the department of health for metabolic disorder testing of newborns who are medical assistance recipients, if the cost is not recognized by another payment source.

~~(g)~~ *Subd. 20.* [INCREASES IN MEDICAL ASSISTANCE INPATIENT PAYMENTS; CONDITIONS.] *(a)* Medical assistance inpatient payments shall increase 20 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had 100 or fewer Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

~~(h)~~ *(b)* Medical assistance inpatient payments shall increase 15 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had more than 100 but fewer than 250 Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

~~(i)~~ *Subd. 21.* [MENTAL HEALTH OR CHEMICAL DEPENDENCY ADMISSIONS; RATES.] Admissions occurring on or after July 1, 1990, that are classified to a diagnostic category of mental health or chemical dependency shall have rates established according to the methods of ~~paragraph (a), clause (8)~~ *subdivision 14*, except the per day rate shall be multiplied by a factor of 2, provided that the total of the per day rates shall not exceed the per admission rate. This methodology shall also apply when a hold or commitment is ordered by the court for the days that inpatient hospital services are medically necessary. Stays which are medically necessary for inpatient hospital services and covered by medical assistance shall not be billable to any other governmental entity. Medical necessity shall be determined under criteria established to meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b).

Sec. 30. Minnesota Statutes 1990, section 256.9695, subdivision 1, is amended to read:

Subdivision 1. [APPEALS.] A hospital may appeal a decision arising from the application of standards or methods under section 256.9685, 256.9686, or 256.969, if an appeal would result in a change to the hospital's payment rate or payments. Both overpayments and underpayments that result from the submission of appeals shall be implemented. Regardless of any appeal outcome, relative values shall not be recalculated. The appeal shall be heard by an administrative law judge according to sections ~~14.48~~ *14.57* to ~~14.56~~ *14.62*, or upon agreement by both parties, according to a modified appeals procedure established by the commissioner and the office of administrative hearings. In any proceeding under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner's determination is incorrect or not according to law.

(a) To appeal a payment rate or payment determination or a determination made from base year information, the hospital shall file a written appeal request to the commissioner within 60 days of the date the payment rate determination was mailed. The appeal request shall specify: (i) the disputed items; (ii) the authority in federal or state statute or rule upon which the hospital relies for each disputed item; and (iii) the name and address of the person to contact regarding the appeal. ~~A change to a payment rate or payments that results from a successful appeal to the Medicare program of the base year information establishing rates for the rate year beginning in 1991 and after is a prospective adjustment to subsequent rate years.~~ After December 31, 1990, payment rates shall not be adjusted for appeals of base year information that affect years prior to the rate year beginning January 1, 1991. Facts to be considered in any appeal of base year information are limited to those in existence at the time the payment rates of the first rate year were established from the base year information. In the case of Medicare settled appeals, the 60-day appeal period shall begin on the mailing date of the notice by the Medicare program or the date the medical assistance payment rate determination notice is mailed, whichever is later.

(b) To appeal a payment rate or payment change that results from a difference in case mix between the base year and a rate year, the procedures and requirements of paragraph (a) apply. However, the appeal must be filed with the commissioner within 120 days after the end of a rate year. A case mix appeal must apply to the cost of services to all medical assistance patients that received inpatient services from the hospital during the rate year appealed.

Sec. 31. Minnesota Statutes 1990, section 256B.031, subdivision 4, is amended to read:

Subd. 4. [PREPAID HEALTH PLAN RATES.] For payments made during calendar year 1988, the monthly maximum allowable rate established by the commissioner of human services for payment to prepaid health plans must not exceed 90 percent of the projected average monthly per capita fee-for-service medical assistance costs for state fiscal year 1988 for recipients of aid to families with dependent children. The base year for projecting the average monthly per capita fee-for-service medical assistance costs is state fiscal year 1986. A maximum allowable per capita rate must be established collectively for Anoka, Carver, Dakota, Hennepin, Ramsey, St. Louis, Scott, and Washington counties. A separate maximum allowable per capita rate must be established collectively for all other counties. The maximum allowable per capita rate may be adjusted to reflect utilization differences among eligible classes of recipients. For payments made during calendar year 1989, the maximum allowable rate must be calculated in the same way as 1988 rates, except the base year is state fiscal year 1987. For payments made during calendar year 1990 and later years, the commissioner shall ~~contract~~ *consult* with an independent actuary ~~to establish~~ *in establishing* prepayment rates, *but shall retain final control over the rate methodology.* Rates established for prepaid health plans must be based on the services that the prepaid health plan provides under contract with the commissioner.

Sec. 32. Minnesota Statutes 1990, section 256B.031, is amended by adding a subdivision to read:

Subd. 11. [LIMITATION ON REIMBURSEMENT TO PROVIDERS NOT AFFILIATED WITH A PREPAID HEALTH PLAN.] *A prepaid health plan may limit any reimbursement it may be required to pay to providers*

not employed by or under contract with the prepaid health plan to the medical assistance rates for medical assistance enrollees, and the general assistance medical care rates for general assistance medical care enrollees, paid by the commissioner of human services to providers for services to recipients not enrolled in a prepaid health plan.

Sec. 33. Minnesota Statutes 1990, section 256B.055, subdivision 10, is amended to read:

Subd. 10. [INFANTS.] Medical assistance may be paid for an infant less than one year of age ~~born on or after October 1, 1984~~, whose mother was eligible *for and receiving medical assistance* at the time of birth and who remains in the mother's household *or who is in a family with countable income that is equal to or less than the income standard established under section 256B.057, subdivision 1.* ~~Eligibility under this subdivision is concurrent with the mother's and does not depend on the father's income except as the income affects the mother's eligibility.~~

Sec. 34. Minnesota Statutes 1990, section 256B.055, subdivision 12, is amended to read:

Subd. 12. [DISABLED CHILDREN.] (a) A person is eligible for medical assistance if the person is under age 19 and qualifies as a disabled individual under United States Code, title 42, section 1382c(a), and would be eligible for medical assistance under the state plan if residing in a medical institution, and who requires a level of care provided in a hospital, skilled nursing facility, intermediate care facility, or intermediate care facility for persons with mental retardation or related conditions, for whom home care is appropriate, provided that the cost to medical assistance for home care services is not more than the amount that medical assistance would pay for appropriate institutional care.

(b) For purposes of this subdivision, "hospital" means an acute care institution as defined in section 144.696, subdivision 3, licensed pursuant to sections 144.50 to 144.58, which is appropriate if a person is technology dependent or has a chronic health condition which requires frequent intervention by a health care professional to avoid death.

(c) For purposes of this subdivision, "skilled nursing facility" and "intermediate care facility" means a facility which provides nursing care as defined in section 144A.01, subdivision 5, licensed pursuant to sections 144A.02 to 144A.10, which is appropriate if a person is in active restorative treatment; is in need of special treatments provided or supervised by a licensed nurse; or has unpredictable episodes of active disease processes requiring immediate judgment by a licensed nurse.

(d) For purposes of this subdivision, "intermediate care facility for the mentally retarded" or "ICF/MR" means a program licensed to provide services to persons with mental retardation under section 252.28, and chapter 245A, and a physical plant licensed as a supervised living facility under chapter 144, which together are certified by the Minnesota department of health as meeting the standards in Code of Federal Regulations, title 42, part 483, for an intermediate care facility which provides services for persons with mental retardation or persons with related conditions who require 24-hour supervision and active treatment for medical, behavioral, or habilitation needs.

(e) For purposes of this subdivision, a person "requires a level of care provided in a hospital, skilled nursing facility, intermediate care facility,

or intermediate care facility for persons with mental retardation or related conditions" if the person requires 24-hour supervision because the person exhibits suicidal or homicidal ideation or behavior, psychosomatic disorders or somatopsychic disorders that may become life threatening, severe socially unacceptable behavior associated with psychiatric disorder, psychosis or severe developmental problems requiring continuous skilled observation, or disabling symptoms that do not respond to office-centered outpatient treatment.

The determination of the level of care needed by the child shall be made by the commissioner based on information supplied to the commissioner by the case manager if the child has one, the parent or guardian, the child's physician or physicians or, if available, the screening information obtained under section 256B.092.

Sec. 35. Minnesota Statutes 1990, section 256B.057, subdivision 1, is amended to read:

Subdivision 1. [PREGNANT WOMEN AND INFANTS.] An infant less than one year of age or a pregnant woman who has written verification of a positive pregnancy test from a physician or licensed registered nurse, is eligible for medical assistance if countable family income is equal to or less than 185 percent of the federal poverty guideline for the same family size. Eligibility for a pregnant woman or infant less than one year of age under this subdivision must be determined without regard to asset standards established in section 256B.056, subdivision 3. ~~Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the changes.~~

An infant born on or after January 1, 1991, to a woman who was eligible for and receiving medical assistance on the date of the child's birth shall continue to be eligible for medical assistance without redetermination until the child's first birthday, as long as the child remains in the woman's household.

Sec. 36. Minnesota Statutes 1990, section 256B.057, subdivision 2, is amended to read:

Subd. 2. [CHILDREN.] A child one through five years of age in a family whose countable income is less than 133 percent of the federal poverty guidelines for the same family size, is eligible for medical assistance. A child six through ~~seven~~ *18* years of age, who was born after September 30, 1983, in a family whose countable income is less than 100 percent of the federal poverty guidelines for the same family size is eligible for medical assistance. Eligibility for children under this subdivision must be determined without regard to asset standards established in section 256B.056, subdivision 3. ~~Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the changes.~~

and deductibles, and cost-effective premiums for enrollment with a health maintenance organization or a competitive medical plan under section 1876 of the Social Security Act. The income limit shall be increased to 90 percent of the federal poverty guidelines on January 1, 1990; *and* to ~~95~~ *100* percent on January 1, 1991~~; and to 100 percent on January 1, 1992~~. Reimbursement of the Medicare coinsurance and deductibles, when added to the amount paid by Medicare, must not exceed the total rate the provider would have received for the same service or services if the person were a medical assistance recipient with Medicare coverage. ~~Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the changes.~~ *Increases in benefits under Title II of the Social Security Act shall not be counted as income for purposes of this subdivision until the first day of the second full month following publication of the change in the federal poverty guidelines.*

Sec. 38. Minnesota Statutes 1990, section 256B.057, subdivision 4, is amended to read:

Subd. 4. [QUALIFIED WORKING DISABLED ADULTS.] A person who is entitled to Medicare Part A benefits under section 1818A of the Social Security Act; whose income does not exceed 200 percent of the federal poverty guidelines for the applicable family size; whose nonexempt assets do not exceed twice the maximum amount allowable under the supplemental security income program, according to family size; and who is not otherwise eligible for medical assistance, is eligible for medical assistance reimbursement of the Medicare Part A premium. ~~Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the changes.~~

Sec. 40. Minnesota Statutes 1990, section 256B.0575, is amended to read:

256B.0575 [AVAILABILITY OF INCOME FOR INSTITUTIONALIZED PERSONS.]

When an institutionalized person is determined eligible for medical assistance, the income that exceeds the deductions in paragraphs (a) and (b) must be applied to the cost of institutional care.

(a) The following amounts must be deducted from the institutionalized person's income in the following order:

(1) the personal needs allowance under section 256B.35 *or, for a veteran who does not have a spouse or child, the amount of his or her veteran's pension not exceeding $90 per month*;

(2) the personal allowance for disabled individuals under section 256B.36;

(3) if the institutionalized person has a legally appointed guardian or conservator, five percent of the recipient's gross monthly income up to $100 as reimbursement for guardianship or conservatorship services;

(4) a monthly income allowance determined under section 256B.058, subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;

(5) a monthly allowance for children under age 18 which, together with the net income of the children, would provide income equal to the medical assistance standard *for families and children according to section 256B.056, subdivision 4*, for a family size that includes only the minor children. This deduction applies only if the children do not live with the community spouse and only if the children resided with the institutionalized person immediately prior to admission;

(6) a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member; ~~and~~

(7) *reparations payments made by the Federal Republic of Germany; and*

(8) amounts for reasonable expenses incurred for necessary medical or remedial care for the institutionalized spouse that are not medical assistance covered expenses and that are not subject to payment by a third party.

"Dependent" means a person who could be claimed as a dependent for federal income tax purposes under the Internal Revenue Code.

(2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

(ii) the person and the person's spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.

The physician-directed clinic staff shall include at least two physicians and all services shall be provided under the direct supervision of a physician. Hospital outpatient departments are subject to the same limitations and reimbursements as other enrolled vendors for all services, except initial triage, emergency services, and services not provided or immediately available in clinics, physicians' offices, or by other enrolled providers. ~~A second medical opinion is required before reimbursement for elective surgeries requiring a second opinion. The commissioner shall publish in the State Register a list of elective surgeries that require a second medical opinion before reimbursement and the criteria and standards for deciding whether an elective surgery should require a second surgical opinion. The list and the criteria and standards are not subject to the requirements of sections 14.001 to 14.69. The commissioner's decision whether a second medical opinion is required, made in accordance with rules governing that decision, is not subject to administrative appeal.~~ "Emergency services" means those medical services required for the immediate diagnosis and treatment of medical conditions that, if not immediately diagnosed and treated, could lead to serious physical or mental disability or death or are necessary to alleviate severe pain. Neither the hospital, its employees, nor any physician or dentist, shall be liable in any action arising out of a determination not to render emergency services or care if reasonable care is exercised in determining the condition of the person, or in determining the appropriateness of the facilities, or the qualifications and availability of personnel to render these services consistent with this section.

Sec. 42. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 4a. [SECOND MEDICAL OPINION FOR SURGERY.] *Certain surgeries require a second medical opinion to confirm the necessity of the procedure, in order for reimbursement to be made. The commissioner shall publish in the State Register a list of surgeries that require a second medical opinion and the criteria and standards for deciding whether a surgery should require a second medical opinion. The list and the criteria and standards are not subject to the requirements of sections 14.01 to 14.69. The commissioner's decision about whether a second medical opinion is required, made according to rules governing that decision, is not subject to administrative appeal.*

Sec. 43. Minnesota Statutes 1990, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner *and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician*. The commissioner shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three

of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner ~~may~~ *shall* establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. *The formulary committee shall review and recommend drugs which require prior authorization.* Prior authorization may be required by the commissioner~~, with the consent of the drug formulary committee,~~ before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, *products for the treatment of lice,* and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the ~~appropriate professional consultants under contract with or employed by the state agency,~~ *drug formulary committee* as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of $.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug.

The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. *The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply.* Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - *brand necessary*" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

The average of these two rates must not exceed $12.50 for the base rate and $1 per mile. Special transportation* provided to nonambulatory persons who do not need a wheelchair lift van or stretcher-equipped vehicle, may be reimbursed at a lower rate than special transportation provided to persons who need a wheelchair lift van or stretcher-equipped vehicle.

Subd. 19. Payments to personal care assistants shall be adjusted annually to reflect changes in the cost of living or of providing services by the average annual adjustment granted to vendors such as nursing homes and home health agencies. *The commissioner shall not provide an annual inflation adjustment for the fiscal year ending June 30, 1993.*

Sec. 46. Minnesota Statutes 1990, section 256B.0625, subdivision 24, is amended to read:

The commissioner shall include chemical dependency services in the state medical assistance plan for federal reporting purposes, but payment must be made under ~~Laws 1986, chapter 394, sections 8 to 20~~ *chapter 254B*. The commissioner shall publish in the State Register a list of elective surgeries that require a second medical opinion before medical assistance reimbursement, and the criteria and standards for deciding whether an elective surgery should require a second medical opinion. The list and criteria and standards are not subject to the requirements of sections 14.01 to 14.69.

Sec. 47. Minnesota Statutes 1990, section 256B.0625, subdivision 25, is amended to read:

Subd. 25. [~~SECOND OPINION OR~~ PRIOR AUTHORIZATION REQUIRED.] The commissioner shall publish in the State Register a list of health services that require prior authorization, as well as the criteria and standards used to select health services on the list. The list and the criteria and standards used to formulate it are not subject to the requirements of sections 14.001 to 14.69. The commissioner's decision whether prior authorization is required for a health service ~~or a second medical opinion is required for an elective surgery~~ is not subject to administrative appeal.

Subd. 28. [CERTIFIED ~~PEDIATRIC OR FAMILY~~ NURSE PRACTITIONER SERVICES.] Medical assistance covers services performed by a certified pediatric nurse practitioner ~~or~~, a certified family nurse practitioner, *a certified adult nurse practitioner, or a certified geriatric nurse practitioner* in independent practice, if the services are otherwise covered under this chapter as a physician service, and if the service is within the scope of practice of the nurse practitioner's license as a registered nurse, as defined in section 148.171.

Sec. 49. Minnesota Statutes 1990, section 256B.0625, subdivision 30, is amended to read:

Subd. 30. [OTHER CLINIC SERVICES.] *(a)* Medical assistance covers rural health clinic *services*, federally qualified health center *services*, ~~and~~ nonprofit community health clinic services, *public health clinic services, and the services of a clinic meeting the criteria established in rule by the commissioner*. Rural health clinic services and federally qualified health center services mean services defined in United States Code, title 42, section 1396d(a)(2)(B) and (C). Payment for rural health clinic and federally qualified health center services shall be made according to applicable federal law and regulation.

A federally qualified health center that is already in operation shall submit an initial report using actual costs and visits for the initial reporting period. Within 90 days of the end of its reporting period, a federally qualified health center

shall submit, in the form and detail required by the commissioner, a report of its operations, including allowable costs actually incurred for the period and the actual number of visits for services furnished during the period, and other information required by the commissioner. Federally qualified health centers that file Medicare cost reports shall provide the commissioner with a copy of the most recent Medicare cost report filed with the Medicare program intermediary for the reporting year which support the costs claimed on their cost report to the state.

Subd. 3. [OUTREACH LOCATIONS.] *The local agency must establish locations, other than those used to process applications for cash assistance, to receive and perform initial processing of applications for pregnant women and children who want medical assistance only. At a minimum, these locations must be in federally qualified health centers and in hospitals that receive disproportionate share adjustments under section 256.969, subdivision 8, except that hospitals located outside of this state that receive the disproportionate share adjustment are not included. Initial processing of the application need not include a final determination of eligibility. Local agencies shall designate a person or persons within the agency who will receive the applications taken at an outreach location and the local agency will be responsible for timely determination of eligibility.*

Sec. 51. Minnesota Statutes 1990, section 256B.19, subdivision 1, is amended to read:

The local agency must investigate eligibility for medical assistance and take appropriate action and notify the commissioner of that action within 90 days from the date notice is issued. If the person is eligible for medical assistance, the local agency must find eligibility retroactively to the date on which the person met all eligibility requirements.*

(b) When a prepaid health plan under a contract with the state to provide medical assistance services notifies the commissioner that an infant has been or will be born to an enrollee under the contract, the commissioner may notify the appropriate local agency of that fact. The local agency must investigate eligibility for medical assistance for the infant, take appropriate action, and notify the commissioner of that action within 90 days from the date notice is issued. If the infant would have been eligible on the date of birth, the local agency must establish eligibility retroactively to that month.

(c) For general assistance medical care recipients and children's health plan enrollees, if the local agency fails to comply with paragraph (a), the local agency is responsible for the entire cost of general assistance medical care or children's health plan services provided from the date the commissioner issues the notice until the date the local agency takes appropriate action on the case and notifies the commissioner of the action. For infants, if the local agency fails to comply with paragraph (b), the commissioner may determine eligibility for medical assistance for the infant for a period of two months, and the local agency shall be responsible for the entire cost of medical assistance services provided for that infant, in addition to a fee of $100 for processing the case. The commissioner shall deduct any obligation incurred under this paragraph from the amount due to the local agency under subdivision 1.

Sec. 54. Minnesota Statutes 1990, section 256B.431, subdivision 2l, is amended to read:

Subd. 2l. (b) For rate years beginning on or after July 1, 1992, the commissioner shall index the prior year's operating cost limits by the percentage change in the Data Resources, Inc., nursing home market basket between the midpoint of the current reporting year and the midpoint of the previous reporting year. Upon being notified by the commissioner of health of uncorrected or repeated violations, the commissioner of human services shall require the nursing home to use efficiency incentive payments to correct the violations. The commissioner of human services shall require the nursing home to forfeit efficiency incentive payments for failure to correct the violations. Any forfeiture shall be limited to the amount necessary to correct the violation.*

Subd. 14. [INTERIM PROPERTY-RELATED PAYMENT RATES.] *For the rate period July 1, 1991, to June 30, 1993, the commissioner shall continue the property-related payment rate in effect on June 30, 1991, for each nursing facility, except as provided in section 256B.431, subdivision 3i, paragraphs (f) and (g), and subdivision 11, except that:*

This exception is not effective until the commissioner has received approval of its state plan from the federal government; and

(2) If the property-related payment rate in effect on June 30, 1991, is later adjusted by the commissioner, the property-related payment rate for the rate period July 1, 1991, to July 1, 1993, shall also be adjusted correspondingly.

Sec. 61. Minnesota Statutes 1990, section 256B.49, is amended by adding a subdivision to read:

Subd. 3. [WAIVERED SERVICES; SALARY ADJUSTMENTS.] *For the fiscal year beginning July 1, 1991, the commissioner of human services shall increase the statewide reimbursement rates for home and community-based waivered services for persons with developmental disabilities to reflect a three percent increase in salaries, payroll taxes, and fringe benefits of personnel below top management employed by agencies under contract with the county board to provide these services. The specific rate increase made available to county boards shall be calculated based on the estimated portion of the fiscal year 1991 reimbursement rate that is attributable to these costs. County boards shall verify in writing to the commissioner that each waivered service provider has complied with this requirement. If a county board determines that a waivered service provider has not complied with this requirement for a specific contract period, the county board shall reduce the provider's payment rates for the next contract period to reflect the amount of money not spent appropriately. The commissioner shall modify reporting requirements for vendors and counties as necessary to monitor compliance with this provision.*

Sec. 63. Minnesota Statutes 1990, section 256B.50, subdivision 1d, is amended to read:

Subd. 1d. [EXPEDITED APPEAL REVIEW PROCESS.] (a) Within 120 days of the date an appeal is due according to subdivision 1b, the department shall review an appealed adjustment equal to or less than $100 annually per licensed bed of the provider, make a determination concerning the adjustment, and notify the provider of the determination. Except as allowed in paragraph (g), this review does not apply to an appeal of an adjustment made to, or proposed on, an amount already paid to the provider. In this subdivision, an adjustment is each separate disallowance, allocation, or adjustment of a cost item or part of a cost item as submitted by a provider according to forms required by the commissioner.

(b) For an item on which the provider disagrees with the results of the determination of the department made under paragraph (a), the provider may, within 60 days of the date of the review notice, file with *both* the office of administrative hearings and the department its written argument and documents, information, or affidavits in support of its appeal. If the provider fails to make ~~a submission~~ *timely submissions* in accordance with this paragraph, the department's determinations on the disputed items must be upheld.

(c) Within 60 days of the date the department received the provider's submission under paragraph (b), the department may file with the office of administrative hearings and serve upon the provider its written argument and documents, information, and affidavits in support of its determination. If the department fails to make a submission in accordance with this paragraph, the administrative law judge shall proceed pursuant to paragraph (d) based on the provider's submission.

(d) Upon receipt by the office of administrative hearings of the department's submission made under paragraph (c) or upon the expiration of the 60-day filing period, whichever is earlier, the chief administrative law judge shall assign the matter to an administrative law judge. The administrative law judge shall consider the submissions of the parties and all relevant rules, statutes, and case law. The administrative law judge may request

additional argument from the parties if it is deemed necessary to reach a final decision, but shall not allow witnesses to be presented or discovery to be made in the proceeding. Within 60 days of receipt by the office of administrative hearings of the department's submission or the expiration of the 60-day filing period in paragraph (c), whichever is earlier, the administrative law judge shall make a final decision on the items in issue, and shall notify the provider and the department by first-class mail of the decision on each item. The decision of the administrative law judge is the final administrative decision, is not appealable, and does not create legal precedent, except that the department may make an adjustment contrary to the decision of the administrative law judge based upon a subsequent cost report amendment or field audit that reveals information relating to the adjustment that was not known to the department at the time of the final decision.

(e) For a disputed item otherwise subject to the review set forth in this subdivision, the department and the provider may mutually agree to bypass the expedited review process and proceed to a contested case hearing at any time prior to the time for the department's submission under paragraph (c).

(f) When the department determines that ~~the appeals of two or more providers otherwise~~ *an appeal item* subject to the review set forth in this subdivision ~~present~~ *presents* the same or substantially the same adjustment~~,~~ *presented in another appeal filed pursuant to this chapter,* the department may remove the disputed items from the review in this subdivision, and the disputed items shall proceed in accordance with subdivision 1c. The department's decision to remove the appealed adjustments to contested case proceeding is final and is not reviewable.

(g) For a disputed item otherwise subject to the review in this subdivision, the department or a provider may petition the chief administrative law judge to issue an order allowing the petitioning party to bypass the expedited review process. If the petition is granted, the disputed item must proceed in accordance with subdivision 1c. In making the determination, the chief administrative law judge shall consider the potential impact and precedential and monetary value of the disputed item. A petition for removal to contested case hearing must be filed with the chief administrative law judge and the opposing party on or before the date on which its submission is due under paragraph (b) or (c). Within 20 days of receipt of the petition, the opposing party may submit its argument opposing the petition. Within 20 days of receipt of the argument opposing the petition, or if no argument is received, within 20 days of the date on which the argument was due, the chief administrative law judge shall issue a decision granting or denying the petition. If the petition is denied, the petitioning party has 60 days from the date of the denial to make a submission under paragraph (b) or (c).

(h) The department and a provider may mutually agree to use the procedures set forth in this subdivision for any disputed item not otherwise subject to this subdivision.

(i) Nothing shall prevent either party from making its submissions and arguments under this subdivision through a person who is not an attorney.

(j) This subdivision applies to all appeals for rate years beginning after June 30, 1988.

Sec. 64. Minnesota Statutes 1990, section 256B.501, subdivision 8, is

amended to read:

Subd. 8. [PAYMENT FOR PERSONS WITH SPECIAL NEEDS.] The commissioner shall establish by December 31, 1983, procedures to be followed by the counties to seek authorization from the commissioner for medical assistance reimbursement for very dependent persons with special needs in an amount in excess of the rates allowed pursuant to subdivisions 2 and 4, including rates established under section 252.46 when they apply to services provided to residents of intermediate care facilities for persons with mental retardation or related conditions, and procedures to be followed for rate limitation exemptions for intermediate care facilities for persons with mental retardation or related conditions. No excess payment ~~or limitation exemption~~ *approved by the commissioner after June 30, 1991,* shall be authorized unless ~~the need for the service is documented in the individual service plan of the person or persons to be served, the type and duration of the services needed are stated, and there is a basis for estimated cost of the services.~~:

(1) the need for specific level of service is documented in the individual service plan of the person to be served;

(2) the level of service needed can be provided within the rates established under section 252.46 and Minnesota Rules, parts 9553.0010 to 9553.0080, without a rate exception within 12 months;

(3) staff hours beyond those available under the rates established under section 252.46 and Minnesota Rules, parts 9553.0010 to 9553.0080, necessary to deliver services do not exceed 720 hours within six months;

(4) there is a basis for the estimated cost of services;

(5) the provider requesting the exception documents that current per diem rates are insufficient to support needed services;

(6) estimated costs, when added to the costs of current medical assistance-funded residential and day training and habilitation services and calculated as a per diem, do not exceed the per diem established for the regional treatment centers for persons with mental retardation and related conditions on July 1, 1990, indexed annually by the urban consumer price index, all items, published by the United States Department of Labor, for the next fiscal year over the current fiscal year;

(7) any contingencies for an approval as outlined in writing by the commissioner are met; and

(8) any commissioner orders for use of preferred providers are met.

The commissioner shall evaluate the services provided pursuant to this subdivision through program and fiscal audits.

The commissioner may terminate the rate exception at any time under any of the conditions outlined in Minnesota Rules, part 9510.1120, subpart 3, for county termination, or by reason of information obtained through program and fiscal audits which indicate the criteria outlined in this subdivision have not been, or are no longer being, met.

The commissioner may approve no more than two consecutive six-month rate exceptions for an eligible client whose first application for funding occurs after June 30, 1991.

Sec. 65. Minnesota Statutes 1990, section 256B.501, subdivision 11, is

amended to read:

Subd. 11. The term does not include a facility for which a need determination was granted solely for other reasons such as the relocation of a facility; a change in the facility's name, program, number of beds, type of beds, or ownership; or the sale of a facility, unless the relocation of a facility to one or more service sites is the result of a closure of a facility under section 252.292, in which case clause (3) shall not apply. The term does include a facility that converts more than 50 percent of its licensed beds from class A to class B residential or class B institutional to serve persons discharged from state regional treatment centers on or after May 1, 1990, in which case clause (3) does not apply.

(c) Newly constructed or newly established facilities that are certified for medical assistance on or after May 1, 1990, shall be allowed the capital asset investment per bed limits as provided in clauses (1) to (4).

(1) The 1990 calendar year investment per bed limit for a facility's land must not exceed $5,700 per bed for newly constructed or newly established facilities in Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, Carver, Chisago, Isanti, Wright, Benton, Sherburne, Stearns, St. Louis, Clay, and Olmsted counties, and must not exceed $3,000 per bed for newly constructed or newly established facilities in other counties.

(2) The 1990 calendar year investment per bed limit for a facility's depreciable capital assets must not exceed $44,800 for class B residential beds, and $45,200 for class B institutional beds.

(3) The investment per bed limit in clause (2) must not be used in determining the three-year average percentage increase adjustment in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (4), for facilities that were newly constructed or newly established before May 1, 1990.

(4) The investment per bed limits in clause (2) *and Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (2)* shall be adjusted annually beginning January 1, 1991, and each January 1 following, as provided in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (2), *except that the index utilized will be the Bureau of the Census: Composite fixed-weighted price index as published in the Survey of Current Business.*

(d) A newly constructed or newly established facility's interest expense limitation as provided for in Minnesota Rules, part 9553.0060, subpart 3, item F, on capital debt for capital assets acquired during the interim or settle-up period, shall be increased by 2.5 percentage points for each full .25 percentage points that the facility's interest rate on its mortgage is below

the maximum interest rate as established in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2). For all following rate periods, the interest expense limitation on capital debt in Minnesota Rules, part 9553.0060, subpart 3, item F, shall apply to the facility's capital assets acquired, leased, or constructed after the interim or settle-up period. If a newly constructed or newly established facility is acquired by the state, the limitations of this paragraph and Minnesota Rules, part 9553.0060, subpart 3, item F, shall not apply.

(e) If a newly constructed or newly established facility is leased with an arms-length lease as provided for in Minnesota Rules, part 9553.0060, subpart 7, the lease agreement shall be subject to the following conditions:

(1) the term of the lease, including option periods, must not be less than 20 years;

(2) the maximum interest rate used in determining the present value of the lease must not exceed the lesser of the interest rate limitation in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2), or 16 percent; and

(3) the residual value used in determining the net present value of the lease must be established using the provisions of Minnesota Rules, part 9553.0060.

(f) All leases of the physical plant of an intermediate care facility for the mentally retarded shall contain a clause that requires the owner to give the commissioner notice of any requests or orders to vacate the premises 90 days before such vacation of the premises is to take place. In the case of unlawful detainer actions, the owner shall notify the commissioner within three days of notice of an unlawful detainer action being served upon the tenant. The only exception to this notice requirement is in the case of emergencies where immediate vacation of the premises is necessary to assure the safety and welfare of the residents. In such an emergency situation, the owner shall give the commissioner notice of the request to vacate at the time the owner of the property is aware that the vacating of the premises is necessary. This section applies to all leases entered into after May 1, 1990. Rentals set in leases entered into after that date that do not contain this clause are not allowable costs for purposes of medical assistance reimbursement.

(g) A newly constructed or newly established facility's preopening costs are subject to the provisions of Minnesota Rules, part 9553.0035, subpart 12, and must be limited to only those costs incurred during one of the following periods, whichever is shorter:

(1) between the date the commissioner approves the facility's need determination and 30 days before the date the facility is certified for medical assistance; or

(2) the 12-month period immediately preceding the 30 days before the date the facility is certified for medical assistance.

(h) The development of any newly constructed or newly established facility as defined in this subdivision and projected to be operational after July 1, 1991, by the commissioner of human services shall be delayed until July 1, 1993, except for those facilities authorized by the commissioner as a result of a closure of a facility according to section 252.292 prior to January 1, 1991, or those facilities developed as a result of a receivership of a

facility according to section 245A.12. This paragraph does not apply to state-operated community facilities authorized in section 252.50.

Sec. 66. Minnesota Statutes 1990, section 256B.501, is amended by adding a subdivision to read:

Subd. 12. [ICF/MR SALARY ADJUSTMENTS.] *For the rate period beginning January 1, 1992, and ending September 30, 1993, the commissioner shall add the appropriate salary adjustment cost per diem calculated in paragraphs (a) to (d) to the total operating cost payment rate of each facility. The salary adjustment cost per diem must be determined as follows:*

(a) [COMPUTATION AND REVIEW GUIDELINES. *Except as provided in paragraph (c), a state-operated community service, and any facility whose payment rates are governed by closure agreements, receivership agreements, or Minnesota Rules, part 9553.0075, are not eligible for a salary adjustment otherwise granted under this subdivision. For purposes of the salary adjustment per diem computation and reviews in this subdivision, the term "salary adjustment cost" means the facility's allowable program operating cost category employee training expenses, and the facility's allowable salaries, payroll taxes, and fringe benefits. The term does not include these same salary-related costs for both administrative or central office employees.*

For the purpose of determining the amount of salary adjustment to be granted under this subdivision, the commissioner must use the reporting year ending December 31, 1990, as the base year for the salary adjustment per diem computation. For the purpose of each year's salary adjustment cost review, the commissioner must use the facility's salary adjustment cost for the reporting year ending December 31, 1991, as the base year. If the base year and the reporting year subject to review include salary cost reclassifications made by the department, the commissioner must reconcile those differences before completing the salary adjustment per diem review.

(b) [SALARY ADJUSTMENT PER DIEM COMPUTATION.] *For the rate period beginning January 1, 1992, each facility shall receive a salary adjustment cost per diem equal to its salary adjustment costs multiplied by 1-1/2 percent, and then divided by the facility's resident days.*

(c) [ADJUSTMENTS FOR NEW FACILITIES.] *For newly constructed or newly established facilities, except for state-operated community services, whose payment rates are governed by Minnesota Rules, part 9553.0075, if the settle-up cost report includes a reporting year which is subject to review under this subdivision, the commissioner shall adjust the rule provision governing the maximum settle-up payment rate by increasing the .4166 percent for each full month of the settle-up cost report to .7083. For any subsequent rate period which is authorized for salary adjustments under this subdivision, the commissioner shall compute salary adjustment cost per diems by annualizing the salary adjustment costs for the settle-up cost report period and treat that period as the base year for purposes of reviewing salary adjustment cost per diems.*

(d) [SALARY ADJUSTMENT PER DIEM REVIEW.] *The commissioner shall review the implementation of the salary adjustments on a per diem basis. For reporting years ending December 31, 1992, and December 31, 1993, the commissioner must review and determine the amount of change in salary adjustment costs in each of the above reporting years over the base year. In the case of each review, the commissioner must inflate the base year's salary adjustment costs by the cumulative percentage increase*

granted in paragraph (b), plus three percentage points for each of the two years reviewed. The commissioner must then compare each facility's salary adjustment costs for the reporting year divided by the facility's resident days for that reporting year to the base year's inflated salary adjustment cost divided by the facility's resident days for the base year. If the facility has had a one-time program operating cost adjustment settle-up during any of the reporting years subject to review, the commissioner must remove the per diem effect of the one-time program adjustment before completing the review and per diem comparison.

The review and per diem comparison must be done by the commissioner each year following the reporting years subject to review. If the salary adjustment cost per diem for the reporting year being reviewed is less than the base year's inflated salary adjustment cost per diem, the commissioner must recover the difference within 120 days after the date of written notice. The amount of the recovery shall be equal to the per diem difference multiplied by the facility's resident days in the reporting year being reviewed. Written notice of the amount subject to recovery must be given by the commissioner following each reporting year reviewed. Interest charges must be assessed by the commissioner after the 120th day of that notice at the same interest rate the commissioner assesses for other balance outstanding.

Sec. 67. [256B.82] [SPECIAL PAYMENTS.]

Subdivision 1. [HOSPITAL REIMBURSEMENT.] *(a) Effective for admissions occurring on or after July 1, 1991, the commissioner shall make an indigent care payment to Minnesota and local trade area hospitals except facilities of the federal Indian Health Service and regional treatment centers, in addition to all other payment to hospitals for inpatient services. The indigent care payment shall be ten percent of the amount of medical assistance payments issued to that provider for inpatient services in a given calendar quarter or month, excluding indigent care payments paid under this section, divided by the number of related admissions, or patient days if applicable, and multiplying the result by 111 percent. The indigent care payment is added to each admission, or patient day if applicable, occurring (1) in the second calendar quarter beginning after the quarter on which the September 15, 1991, indigent care payment amount is based and (2) in the month beginning six months after the month on which the subsequent monthly indigent care payment amount is based. Medicare crossovers are excluded from indigent care payments and from the payments and admissions on which the indigent care payment is based. The commissioner may issue indigent care payments as disproportionate population adjustments for eligible hospitals.*

(b) Effective for services rendered on or after July 1, 1991, the commissioner shall reimburse outpatient hospital facility fees at 80 percent of calendar year 1990 submitted charges, not to exceed the medicare upper payment limit. Services excepted from this payment methodology are emergency room facility fees, clinic facility fees, and those services for which there is a federal maximum allowable payment.

Subd. 2. [PHYSICIAN REIMBURSEMENT.] *The commissioner shall make payments for physician services rendered on or after July 1, 1992, as follows:*

(a) Payments for level one Health Care Finance Administration's common procedural coding system (HCPCS) codes titled "office and other outpatient medical services," "preventive medicine new and established patient,"

"delivery, antepartum and postpartum care," caesarean delivery, and pharmacologic management provided to psychiatric patients and HCPCS level three codes for enhanced services for prenatal high risk shall be calculated at the lower of (1) submitted charges, or (2) the median charges in 1989 minus 20 percent. If the median minus 20 percent results in a decrease to rates in effect June 30, 1991, for obstetrical and prenatal services, the rate on those codes in effect on June 30, 1991, shall be increased by an additional five percent.

(b) Payments for level one HCPCS codes titled "critical care" initial or subsequent visits only shall be calculated at the lower of (1) submitted charges, or (2) the median charges in 1989 minus 30 percent.

(c) Payments for all other services shall be calculated at the lower of (1) submitted charges, or (2) the median charges in 1989 minus 40 percent.

(d) In addition to the payment rates in paragraphs (a) to (c), rates for obstetrical services shall be adjusted by the ten percent increase in Laws 1989, chapter 689, article 1, section 2, subdivision 5, and rates for obstetrical and pediatric services shall be adjusted by the 15 percent increase in Laws 1990, chapter 568, article 1, section 2, subdivision 7.

Subd. 3. [NURSING FACILITY REIMBURSEMENT.] *For rate years beginning on or after July 1, 1991, the commissioner shall reimburse nursing facilities participating in the medical assistance program as follows:*

(1) a capital allowance of $1.44 per resident day shall be paid. For a licensed provider with an operating lease on the nursing facility, the capital equipment allowance shall not be the property of the lessor but shall be the property of the licensed provider for the duration of the operating lease or any renewal or extension of the operating lease; and

(2) the maximum efficiency incentive per diem payment established annually under section 256B.431, subdivision 2b, paragraph (d), shall be increased to $2.10 effective July 1, 1991, and $2.20 effective July 1, 1992.

Subd. 4. [PERSONAL NEEDS ALLOWANCE.] *The commissioner shall provide cost of living increases in the personal needs allowance under section 256B.35, subdivision 1.*

Subd. 5. [DENTISTS.] *The commissioner shall increase reimbursement to dentists for services rendered on or after July 1, 1992, by 20 percent for preventative services and five percent for all other services.*

Subd. 6. [HEALTH PLANS.] *Effective for services rendered after July 1, 1991, the commissioner shall adjust the monthly medical assistance capitation rate cell established in contract by the amount necessary to accommodate the equivalent value of the reimbursement increase established under subdivisions 1, 2, and 5.*

Subd. 7. [ADMINISTRATIVE COST.] *The commissioner may expend up to $1,700,000 for the administrative costs associated with sections 256.9657 and 256B.82.*

Subd. 8. [CONTINGENT ON FEDERAL FINANCIAL PARTICIPATION.] *The provisions of this section and section 256.9657 apply only as long as federal financial participation under Title XIX of the Social Security Act is available for medical assistance payments made under this section. In the event federal financial participation is denied for payments under this section, the commissioner shall discontinue collections from providers*

under section 256.9657, eliminate payments to providers and recipients under this section, and implement the contingent budget reductions in section 77, effective immediately.

Subd. 9. [NO ADJUSTMENTS WHILE FEES IN EFFECT.] *The commissioner shall not adjust the payments under this section as long as the surcharges under section 256.9657 remain in effect. The commissioner shall report to the legislature when submitting the budget forecast regarding the amount of actual and anticipated surcharge collections and provider payments. The report must include recommendations for improving the operation of this section and section 256.9657, including any changes in surcharges or payments necessary to ensure that payments under this section do not exceed collections under section 256.9657.*

Subd. 10. [IMPLEMENTATION; RULEMAKING.] *The commissioner shall implement sections 256.9657 and 256B.82 on July 1, 1991, without complying with the rulemaking requirements of the administrative procedure act. The commissioner shall begin to adopt emergency rules to implement this article within 30 days, and may adopt permanent rules to implement this article. Emergency and permanent rules adopted to implement this article supersede any provisions adopted under the exemption from rulemaking requirements in this section.*

Sec. 68. Minnesota Statutes 1990, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person *who is age 18 or older and who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:*

(1) who is receiving assistance under section 256D.05 or 256D.051 ~~and is not eligible for medical assistance under chapter 256B including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5~~; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of $1,000 per assistance unit. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of $30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision

1, except the disregard of the first $50 of earned income is not allowed; or

(3) ~~who is over age 18 and~~ who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care ~~may be paid for a person, regardless of age, who~~ *is not available for a person in a correctional facility unless the person* is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, ~~if~~ *and* the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

Sec. 69. Minnesota Statutes 1990, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) ~~Reimbursement under the general assistance medical care program shall be limited to the following categories of service~~ *For a person who is eligible under subdivision 3, paragraph (a), clause (3), general assistance medical care covers:*

(1) inpatient hospital ~~care,~~ *services;*

(2) outpatient hospital ~~care,~~ services*;*

(3) services provided by Medicare certified rehabilitation agencies~~,~~*;*

(4) prescription drugs~~,~~ *and other products recommended through the process established in section 256B.0625, subdivision 13;*

(5) equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level~~,~~*;*

(6) eyeglasses and eye examinations provided by a physician or optometrist~~,~~*;*

(7) hearing aids~~,~~*;*

(8) prosthetic devices~~,~~*;*

(9) laboratory and X-ray services~~,~~*;*

(10) physician's services~~,~~*;*

(11) medical transportation~~,~~*;*

(12) chiropractic services as covered under the medical assistance program~~,~~*;*

(13) podiatric services~~,~~ ~~and~~*;*

(14) dental ~~care. In addition, payments of state aid shall be made for:~~ *services;*

~~(1)~~ *(15)* outpatient services provided by a mental health center or clinic that is under contract with the county board and is established under section 245.62;

~~(2)~~ *(16)* day treatment services for mental illness provided under contract with the county board;

~~(3)~~ *(17)* prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization;

~~(4)~~ *(18)* case management services for a person with serious and persistent mental illness ~~who would be eligible for medical assistance except that the person resides in an institution for mental diseases~~;

~~(5)~~ *(19)* psychological services, medical supplies and equipment, and Medicare premiums, coinsurance and deductible payments ~~for a person who would be eligible for medical assistance except that the person resides in an institution for mental diseases~~; and

~~(6)~~ *(20) medical* equipment not specifically listed in this paragraph when the use of the equipment will prevent the need for costlier services that are reimbursable under this subdivision.

(b) For a recipient who is eligible under subdivision 3, paragraph (a), clause (1) or (2), general assistance medical care covers the services listed in paragraph (a) with the exception of special transportation services.

~~(b)~~ *(c)* In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical

manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For payments made during fiscal year 1990 and later years, the commissioner shall ~~contract~~ *consult* with an independent actuary ~~to establish~~ *in establishing* prepayment rates, *but shall retain final control over the rate methodology.*

~~(c)~~ *(d)* The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986, to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987, to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987, to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below

the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988, to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

~~(d)~~ *(e)* Any county may, from its own resources, provide medical payments for which state payments are not made.

~~(e)~~ *(f)* Chemical dependency services that are reimbursed under ~~Laws 1986, chapter 394, sections 8 to 20,~~ *chapter 254B* must not be reimbursed under general assistance medical care.

~~(f)~~ *(g)* The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

~~(g)~~ *(h)* The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

Sec. 70. Minnesota Statutes 1990, section 256D.06, subdivision 1b, is amended to read:

Subd. 1b. [EARNED INCOME SAVINGS ACCOUNT.] In addition to the $50 disregard required under subdivision 1, the county agency shall disregard an additional earned income up to a maximum of $150 per month for*: (1)* persons residing in facilities licensed under Minnesota Rules, parts 9520.0500 to 9520.0690 and 9530.2500 to 9530.4000, and for whom discharge and work are part of a treatment plan ~~and for~~*; (2)* persons living in supervised apartments with services funded under Minnesota Rules, parts 9535.0100 to 9535.1600, and for whom discharge and work are part of a treatment plan*; and (3) persons residing in a negotiated rate residence, as that term is defined in section 256I.03, subdivision 3, for whom the county agency has approved a discharge plan which includes work*. The additional amount disregarded must be placed in a separate savings account by the eligible individual, to be used upon discharge from the residential facility into the community. A maximum of $1,000, including interest, of the money in the savings account must be excluded from the resource limits established by section 256D.08, subdivision 1, clause (1). Amounts in that account in excess of $1,000 must be applied to the resident's cost of care. If excluded money is removed from the savings account by the eligible individual at any time before the individual is discharged from the facility into the community, the money is income to the individual in the month of receipt

and a resource in subsequent months. If an eligible individual moves from a community facility to an inpatient hospital setting, the separate savings account is an excluded asset for up to 18 months. During that time, amounts that accumulate in excess of the $1,000 savings limit must be applied to the patient's cost of care. If the patient continues to be hospitalized at the conclusion of the 18-month period, the entire account must be applied to the patient's cost of care.

Sec. 71. Minnesota Statutes 1990, section 256I.05, is amended by adding a subdivision to read:

Subd. 1a. [LOWER MAXIMUM RATE.] *The maximum monthly rate for a general assistance or Minnesota supplemental aid negotiated rate residence that enters into an initial negotiated rate agreement with a county agency on or after June 1, 1989, may not exceed 90 percent of the maximum rate established under subdivision 1. This is effective until June 30, 1993, or until the statewide system authorized under subdivision 6 is established, whichever occurs first.*

Sec. 72. Minnesota Statutes 1990, section 256I.05, is amended by adding a subdivision to read:

Subd. 1b. [RATES FOR UNCERTIFIED BOARDING CARE HOMES.] *Effective July 1, 1992, the maximum rate for a boarding care home not certified to receive medical assistance is equal to 65 percent of the average nursing home level "A" rate in effect for the geographic area in which the boarding care home is located, except that a facility's rate must not be reduced by more than ten percent for the year ending June 30, 1992. This is effective until June 30, 1993. A noncertified boarding care home licensed under Minnesota Rules, parts 9520.0500 to 9520.0690, is exempt from this rate limit. The commissioner shall study the numbers of facilities and residents that will be affected by the limit in this subdivision, the number of facilities likely to close because of the limit, the available alternatives for affected residents, methods of relocating or securing alternative placements for residents, and other effects of the limit. The commissioner shall provide a report to the legislature by January 1, 1992, on the commissioner's findings and recommendations relating to the rate limit.*

Sec. 73. Minnesota Statutes 1990, section 256I.05, subdivision 2, is amended to read:

Subd. 2. [MONTHLY RATES; EXEMPTIONS.] (a) The maximum negotiated rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, and licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690. For residences in this clause that have less than five percent of their licensed boarding care capacity reimbursed by the medical assistance program, rate increases shall be provided according to section 256B.431, subdivision 4, paragraph (c).

(b) The maximum negotiated rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of human services under Minnesota Rules, parts 9525.0520 to 9525.0660, but funded as a negotiated rate residence under general assistance or Minnesota supplemental aid. Rate increases for these residences are subject to the provisions of subdivision 7.

(c) ~~The following residences are exempt from the limit on negotiated rates~~

~~and must be reimbursed for documented actual costs, until an alternative reimbursement system covering services excluding room and board maintenance services is developed by the commissioner:~~

~~(1) a residence that is not certified to participate in the medical assistance program, that was licensed as a boarding care facility by March 1, 1985, and does not receive supplemental program funding under Minnesota Rules, parts 9535.2000 to 9535.3000 or 9553.0010 to 9553.0080;~~

~~(2)~~ *The maximum negotiated rate does not apply to* a residence certified to participate in the medical assistance program, licensed as a boarding care facility or a nursing home, and declared to be an institution for mental disease by January 1, 1989. Effective January 1, 1989, the ~~actual documented cost~~ *rate* for these residences is the individual's appropriate medical assistance case mix rate ~~until the commissioner develops a comprehensive system of rates and payments for persons in all negotiated rate residences~~. The exclusion from the rate limit for residences under this clause ~~expires July 1, 1991~~ *continues until June 30, 1992*. The commissioner of human services, in consultation with the counties in which these residences are located, shall review the status of each certified nursing home and board and care facility declared to be an institution for mental disease. This review shall include the cost effectiveness of continued payment for residents through general assistance or Minnesota supplemental aid; the appropriateness of placement of general assistance or supplemental aid clients in these facilities; the effects of Public Law Number 100-203 on these facilities; and the role of these facilities in the mental health service delivery system. The commissioner shall make recommendations to the legislature by January 1, 1990, regarding the need to continue the exclusion of these facilities from the negotiated rate maximum and the future role of these facilities in serving persons with mental illness.

(d) The commissioner of human services shall take the following action in relation to certified boarding care facilities and nursing homes that have been declared institutions for mental diseases, excluding those facilities exempt under paragraph (a):

(1) All mental health and placement screenings and diagnostic assessments required under the federal Omnibus Budget Reconciliation Act (OBRA) must be completed by July 1, 1991, for all residents in institutions for mental diseases admitted before June 1, 1991. Residents determined to need relocation under the preadmission screening and annual resident review must be relocated to a more appropriate placement in accordance with the timelines established in the state's alternative disposition plan.

(2) By October 1, 1991, all institutions for mental diseases must be reviewed again by the commissioner to determine if they are still institutions for mental diseases, and the commissioner shall immediately revoke a declaration that a facility is an institution for mental diseases if the commissioner determines that the facility is not an institution for mental diseases.

(3) The commissioner shall provide to institutions for mental diseases training in the criteria used in assessing residents for determination of institutions for mental diseases status and the numbers of residents in each category.

(4) For facilities whose status as an institution for mental diseases is not revoked by the commissioner by October 1, 1991, a facility-specific plan must be developed by the commissioner and the facility, in consultation with

the appropriate consumer groups, to offer alternative services to enough residents by July 1, 1992, to allow the commissioner to revoke the facility's status as an institution for mental diseases.

Sec. 74. Minnesota Statutes 1990, section 256I.05, is amended by adding a subdivision to read:

Subd. 7a. [RATE INCREASES FOR THE 1991-1993 BIENNIUM.] *For the biennium ending June 30, 1993, no inflationary increases shall be provided in rates for negotiated rate settings under subdivision 7.*

Sec. 75. [REGULATORY REVIEW.]

The commissioner of health shall study the regulation of long-term care facilities and report to the legislature by January 15, 1992, with any recommendations for changes in the current regulatory structure. The study must address at least the following issues:

(1) the possibility of unifying the federal and state enforcement systems;

(2) the effectiveness of existing enforcement tools;

(3) the appropriateness of current licensure standards; and

(4) alternative mechanisms for dispute resolution.

Sec. 76. [NURSING HOME FINANCIAL PERFORMANCE MONITORING.]

The commissioners of health and human services shall recommend to the legislature by January 15, 1992, a system to monitor the financial performance of nursing homes on an ongoing basis. The system may provide for the inclusion of nursing homes in the health care cost information act of 1984 or for another method to obtain, analyze, and report financial data. The system must be coordinated with existing nursing home financial reporting requirements and must provide for periodic reports to the legislature on the financial condition of nursing homes.

Sec. 77. [CONTINGENT BUDGET REDUCTIONS.]

Subdivision 1. [CONTINGENT MEDICAL ASSISTANCE PROVIDER REDUCTIONS.] *This section is effective only if federal financial participation under Title XIX of the Social Security Act is not available for payments under Minnesota Statutes, section 256B.82. This section is effective on the date the commissioner of human services receives an official denial of federal financial participation or an official communication from the federal government stating that federal financial participation will not be available, or on the effective date of a federal law that specifically prohibits federal financial participation.*

Subd. 2. [HOSPITAL PEER GROUPS.] *(a) For admissions occurring after the transition period specified in Minnesota Statutes, section 256.9695, subdivision 3, operating payment rates of each hospital shall be limited to the operating payment rates within its peer group so that the statewide operating payment level is reduced by 4.5 percent. For subsequent rate years, the limits shall be adjusted by the hospital cost index. The commissioner shall contract for the development of criteria for and the establishment of the peer groups. Peer groups must be established based on variables that affect medical assistance cost such as scope and intensity of services, acuity of patients, location, and capacity. Rates shall be standardized by the case mix index and adjusted, if applicable, for the variable outlier percentage.*

The peer groups may exclude and have separate limits or be standardized for operating cost differences that are not common to all hospitals in order to establish a minimum number of groups. The criteria and establishment of the peer groups is not subject to the requirements of Minnesota Statutes, chapter 14, the administrative procedure act.

(b) The commissioner shall not implement section 67, subdivision 1, paragraph (b).

Subd. 3. The average of these two rates must not exceed $12.50 for the base rate and 60 cents per mile.*

Subd. 5. [NURSING HOME WORKERS' COMPENSATION COSTS.] *Notwithstanding contrary provisions of Minnesota Statutes, section 256B.431, in determining medical assistance payments to nursing facilities, the commissioner must reduce the workers' compensation cost during the reporting year for each nursing facility to account for any savings in workers' compensation costs that result from actions of the 1991 legislature for the purposes of computing the payment rates for the rate year beginning July 1, 1991, and for the first nine months of the rate year beginning July 1, 1992. For any nursing facility that cannot separately report the workers' compensation costs, the commissioner shall determine the amount of the workers' compensation costs to be reduced by identifying the nursing facility's portion of total workers' compensation costs by applying the individual Medicare stepdowns which the nursing facility used to allocate its payroll taxes and fringe benefits and multiplying that amount by 16 percent.*

Subd. 6. [NURSING HOME COST LIMITS.] *(a)* [NURSING HOME RATES.] *The provisions in paragraphs (b) to (e) apply to medical assistance payments to nursing facilities and supersede any inconsistent provisions in Minnesota Statutes, section 256B.431.*

The limits must be established according to Minnesota Statutes, section 256B.431, subdivision 2b, paragraph (d). For rate years beginning on or after July 1, 1992, the adjusted care-related limits must be indexed as in Minnesota Statutes, section 256B.431, subdivision 2l.

If the board finds that the person is licensed by the board and evidence of full payment of arrearages found to be due by the court is not presented at the hearing, the board shall suspend the license unless it determines that probation is appropriate under subdivision 2. The only issues to be determined by the board are whether the person named in the court order is a licensee, whether the arrearages have been paid, and whether suspension or probation is appropriate. The board may not consider evidence with respect to the appropriateness of the court order or the ability of the person to comply with the order. The board may not lift the suspension until the licensee files with the board proof showing that the licensee is current in child support payments.*

The probation period may not exceed two years, and the terms of probation must provide for automatic suspension of the license if the licensee does not provide monthly proof to the board of full compliance with the court order that referred the matter to the board or a further court order if the original order is modified by the court.*

Subd. 3. Subd. 4. [VERIFICATION OF PAYMENTS.] *Before a board may terminate probation, remove a suspension, issue, or renew a license of a person who has been suspended or placed on probation under this section, it shall contact the court that referred the matter to the board to determine that the applicant is not in arrears for child support. Subd. 5. [APPLICATION.] *This section applies to support obligations*

The company shall cease granting credits at the earliest possible billing cycle when notified by the department of human services that the subscriber is ineligible.~~ *An application may be made by the subscriber, the subscriber's spouse, or a person authorized by the subscriber to act on the subscriber's behalf. On completing the application certifying that the statutory criteria for eligibility are satisfied, the applicant must return the application to an office of the department of human services specially designated to process telephone assistance plan applications. On receiving a completed application from an applicant, the department of human services shall determine the applicant's eligibility or ineligibility within 120 days. If the department fails to do so, it shall within three working days provide written notice to the applicant's telephone company that the company shall provide telephone assistance plan credits against monthly charges in the earliest possible month following receipt of the written notice. The applicant must receive telephone assistance plan credits until the earliest possible month following the company's receipt of notice from the department that the applicant is ineligible.*

If the department of human services determines that an applicant is not eligible to receive telephone assistance plan credits, it shall notify the applicant within ten working days of that determination.

Within ten working days of determining that an applicant is eligible to receive telephone assistance plan credits, the department of human services shall provide written notification to the telephone company that serves the applicant. The notice must include the applicant's name, address, and telephone number.

Each telephone company shall provide telephone assistance plan credits against monthly charges in the earliest possible month following receipt of notice from the department of human services.

By December 31 of each year, the department of human services shall redetermine eligibility of each person receiving telephone assistance plan credits, as required in paragraph (b). The department of human services shall submit an annual report to the legislature and the commission by January 15 of each year showing that the department has determined the eligibility for telephone assistance plan credits of each person receiving the credits or explaining why the determination has not been made and showing how and when the determination will be completed.

If the department of human services determines that a current recipient of telephone assistance plan credits is not eligible to receive the credits, it shall notify, in writing, the recipient within ten working days and the telephone company serving the recipient within 20 working days of the determination. The notice must include the recipient's name, address, and telephone number.

Each telephone company shall remove telephone assistance plan credits against monthly charges in the earliest possible month following receipt of notice from the department of human services.

Each telephone company that disconnects a subscriber receiving the telephone assistance plan credit shall report the disconnection to the department of human services. The reports must be submitted monthly, identifying the subscribers disconnected. Telephone companies that do not disconnect a subscriber receiving the telephone assistance plan credit are not required to report.

If the telephone assistance plan credit is not itemized on the subscriber's monthly charges bill for local telephone service, the telephone company must notify the subscriber of the approval for the telephone assistance plan credit.

(d) The commission shall serve as the coordinator of the telephone assistance plan and be reimbursed for its administrative expenses from the surcharge revenue pool. As the coordinator, the commission shall:

(1) establish a uniform statewide surcharge in accordance with subdivision 6;

(2) establish a uniform statewide level of telephone assistance plan credit that each telephone company shall extend to each eligible household in its service area;

(3) require each telephone company to account to the commission on a periodic basis for surcharge revenues collected by the company, expenses incurred by the company, not to include expenses of collecting surcharges, and credits extended by the company under the telephone assistance plan;

(4) require each telephone company to remit surcharge revenues to the

department of administration for deposit in the fund; and

(5) remit to each telephone company from the surcharge revenue pool the amount necessary to compensate the company for expenses, not including expenses of collecting the surcharges, and telephone assistance plan credits. When it appears that the revenue generated by the maximum surcharge permitted under subdivision 6 will be inadequate to fund any particular established level of telephone assistance plan credits, the commission shall reduce the credits to a level that can be adequately funded by the maximum surcharge. Similarly, the commission may increase the level of the telephone assistance plan credit that is available or reduce the surcharge to a level and for a period of time that will prevent an unreasonable overcollection of surcharge revenues.

(e) Each telephone company shall maintain adequate records of surcharge revenues, expenses, and credits related to the telephone assistance plan and shall, as part of its annual report or separately, provide the commission and the department of public service with a financial report of its experience under the telephone assistance plan for the previous year. That report must also be adequate to satisfy the reporting requirements of the federal matching plan.

(f) The department of public service shall investigate complaints against telephone companies with regard to the telephone assistance plan and shall report the results of its investigation to the commission.

Sec. 12. Minnesota Statutes 1990, section 256.031, is amended to read:

256.031 [MINNESOTA FAMILY INVESTMENT PLAN.]

Subdivision 1. [CITATION.] Sections 256.031 to ~~256.036~~ *256.0361* may be cited as the Minnesota family investment plan.

Subd. 2. [LEGISLATIVE FINDINGS.] The legislature recognizes the need to fundamentally change the way government supports families. The legislature finds that many features of the current system of public assistance do not help families carry out their two basic functions: the economic support of the family unit and the care and nurturing of children. The legislature

recognizes that the Minnesota family investment plan is an investment strategy that will support and strengthen the family's social and financial functions. This investment in families will provide long-term benefits through stronger and more independent families.

Subd. 3. [AUTHORIZATION FOR THE DEMONSTRATION.] *(a)* The commissioner of human services, in consultation with the commissioners of education, finance, jobs and training, health, and planning, and the ~~directors~~ *director* of the higher education coordinating board ~~and the office of jobs policy~~, is authorized to proceed with the planning and designing of the Minnesota family investment plan and *to implement the plan to* test policies, methods, and cost impact on an experimental basis by using field trials. *The commissioner, under the authority in section 256.01, subdivision 2, shall implement the plan according to* sections 256.031 to ~~256.033 describe the basic principles of the program. Sections 256.034 to 256.036 provide a basis for congressional action. Using sections 256.031 to 256.036, the commissioner shall seek congressional authority to implement the program in field trials After obtaining congressional authority to implement the Minnesota family investment plan in field trials, the commissioner shall request specific appropriations from the legislature to implement field trials~~ *256.0361 and Public Law Numbers 101-202 and 101-239, section 8015, as amended. If major and unpredicted costs to the program occur, the commissioner may take corrective action consistent with Public Law Numbers 101-202 and 101-239, which may include termination of the program. Before taking such corrective action, the commissioner shall consult with the chairs of the senate health and human services committee, the house health and human services committee, the health and human services division of the senate finance committee and the human resources division of the house appropriations committee, or, if the legislature is not in session, consult with the legislative advisory commission.*

(b) The field trials ~~must~~ *shall* be conducted *as permitted under federal law,* for as many years as necessary, and in different geographical settings, to provide reliable instruction about the desirability of expanding the program statewide.

(c) The commissioner shall select the counties which shall serve as field trial or control sites based on criteria which ensure reliable evaluation of the program.

(d) The commissioner is authorized to determine the number of families and characteristics of subgroups to be included in the evaluation.

(i) A family that applies for or is currently receiving financial assistance from aid to families with dependent children; family general assistance or work readiness; or food stamps may be assigned by the commissioner to an experimental or a control group for the purposes of evaluating the family investment plan. Families assigned to an experimental group receive benefits and services through the family investment plan. Families assigned to a control group receive benefits and services through existing programs. A family may not select the group to which it is assigned. Once assigned to a group, a family must remain in that group for the duration of the project.

(ii) To evaluate the effectiveness of the family investment plan, the commissioner may designate a subgroup of families from the experimental group who shall be exempt from section 256.035, subdivision 1, and shall not receive case management services under section 256.035, subdivision 6a. Families are eligible for services under section 256.736 to the same extent as families receiving AFDC.

Subd. 4. [GOALS OF THE MINNESOTA FAMILY INVESTMENT PLAN.] The commissioner shall design the program to meet the following goals:

(1) to support families' transition to financial independence by emphasizing options, removing barriers to work and education, providing necessary support services, and building a supportive network of education, employment and training, health, social, counseling, and family-based services;

(2) to allow resources to be more effectively and efficiently focused on investing in families by removing the complexity of current rules and procedures and consolidating public assistance programs;

(3) to prevent long-term dependence on public assistance through paternity establishment, child support enforcement, emphasis on education and training, and early intervention with minor parents; and

(4) to provide families with an opportunity to increase their living standard by rewarding efforts aimed at transition to employment and by allowing families to keep a greater portion of earnings when they become employed.

Subd. 5. [FEDERAL WAIVERS.] ~~The commissioner of human services shall seek authority from Congress to implement the Minnesota family investment plan on a demonstration basis. If necessary~~ *In accordance with sections 256.031 to 256.0361 and federal laws authorizing the program*, the commissioner shall seek waivers of ~~compliance with~~ *federal* requirements ~~for~~ *of*: ~~aid to families with dependent children under~~ United States Code, title 42, ~~sections~~ *section* 601 ~~to 679a, as amended; medical assistance under United States Code, title 42, sections 1396 to 1396s, as amended; food stamps under~~ *et seq., and* United States Code, title 7, ~~sections~~ *section* 2011 ~~to 2030, as amended; and other federal requirements that would inhibit implementation of~~ *et seq., needed to implement* the Minnesota family investment plan *in a manner consistent with the goals and objectives of the program*. The commissioner shall seek terms from the federal government that are consistent with the goals of the Minnesota family investment plan. The commissioner shall also seek terms from the federal government that will maximize federal financial participation so that the extra costs to the state of implementing the program are minimized, to the extent that those terms are consistent with the goals of the Minnesota family investment plan. An agreement with the federal government under this section shall provide that the agreements may be canceled by the state or federal government upon ~~six months'~~ *180 days'* notice or immediately upon mutual agreement. If the ~~agreements are~~ *agreement is* canceled, families *which cease* receiving assistance under the Minnesota family investment plan who are eligible for the aid to families with dependent children, general assistance, medical assistance, general assistance medical care, ~~and~~ *or* the food stamp ~~programs~~ *program* must be placed *with their consent* on ~~those~~ *the* programs *for which they are eligible*.

(i) the first 18 percent of the excluded family member's gross earned income;

(ii) an amount for the support of the stepparent and any other individuals whom the stepparent claims as dependents for determining federal personal income tax liability and who live in the same household but whose needs are not considered in determining eligibility for assistance under sections 256.031 to 256.033. The amount equals the transitional standard in section 256.032, subdivision 13, for a family of the same size and composition;

(iii) amounts the stepparent actually paid to individuals not living in the same household but whom the stepparent claims as dependents for determining federal personal income tax liability; and

(iv) alimony or child support, or both, paid by the stepparent for individuals not living in the same household.

Subd. 3. [DETERMINATION OF FAMILY RESOURCES.] When determining a family's resources, the following are excluded:

(1) the family's home, together with ~~the~~ surrounding property *that does not exceed ten acres and that is* not separated from the home by intervening property owned by others;

(2) one burial plot for each family member;

(3) one prepaid burial contract with an equity value of no more than $1,500 for each member of the family;

Sec. 15. Minnesota Statutes 1990, section 256.034, is amended to read:

256.034 [PROGRAM SIMPLIFICATION.]

Subdivision 1. [CONSOLIDATION OF TYPES OF ASSISTANCE.] Under the Minnesota family investment plan, assistance previously provided to families through the AFDC, food stamp, and general assistance programs must be combined into a single cash assistance program. ~~If~~ *As* authorized by Congress, families receiving assistance through the Minnesota family investment plan are automatically eligible for and entitled to medical assistance under chapter 256B. Federal, state, and local funds that would otherwise be allocated for assistance to families under the AFDC, food stamp, and general assistance programs must be transferred to the Minnesota family investment plan. The provisions of the Minnesota family investment plan prevail over any provisions of sections 256.72 to 256.87 or 256D.01 to 256D.21 *and any rules implementing those sections* with which they are irreconcilable. The food stamp, general assistance, and work readiness programs for single persons and couples who are not responsible for the care of children are not replaced by the Minnesota family investment plan.

Subd. 2. [COUPON OPTION.] Families have the option to receive a ~~portion of their assistance~~ *standardized amount of assistance as described in Public Law Number 101-202, section 22(a)(3)(D)*, designated by the commissioner, in the form of food coupons or vendor payments.

Subd. 3. [MODIFICATION OF ELIGIBILITY TESTS.] (a) A needy family is eligible and entitled to receive assistance under the program even if its children are not found to be deprived of parental support or care by reason of death, continued absence from the home, physical or mental incapacity of a parent, or unemployment of a parent, provided the family's income and resources do not exceed the eligibility requirements in section 256.033. In addition, a ~~family member~~ *caregiver who is in the assistance*

unit who is physically and mentally fit, who is between the ages of 18 and 60 years, who is enrolled at least half time in an institution of higher education, and whose family income and resources do not exceed the eligibility requirements in section 256.033, is eligible for assistance under the Minnesota family investment plan even if the conditions for eligibility as prescribed under the federal Food Stamp Act of 1977, as amended, are not met.

(b) An applicant for, or a person receiving, assistance under the Minnesota family investment plan is considered to have assigned to the public agency responsible for child support enforcement at the time of application all rights to child support, *health care benefits coverage,* and maintenance from any other person the applicant may have in the applicant's own behalf or on behalf of any other family member for whom application is made under the Minnesota family investment plan. The provisions of section 256.74, subdivision 5, govern the assignment. An applicant for, or a person receiving, assistance under the Minnesota family investment plan shall cooperate with the efforts of the county agency to collect child and spousal support. The county agency is entitled to any child support and maintenance received by or on behalf of the person receiving assistance or another member of the family for which the person receiving assistance is responsible. Failure by an applicant or a person receiving assistance to cooperate with the efforts of the county agency to collect child and spousal support without good cause must be sanctioned according to section 256.035, subdivision 3.

(c) An applicant for, or a person receiving, assistance under the Minnesota family investment plan is not required to comply with the employment and training requirements prescribed under sections 256.736, subdivisions 3, 3a, and 14; and 256D.05, subdivision 1; section 402(a)(19) of the Social Security Act; the federal Food Stamp Act of 1977, as amended; Public Law Number 100-485; or any other state or federal employment and training program, unless *and to the extent* compliance is specifically required in a ~~contract~~ *family support agreement* with the county agency *or its designee*.

Subd. 4. [SIMPLIFICATION OF BUDGETING PROCEDURES.] The monthly amount of assistance provided by the Minnesota family investment plan must be calculated ~~on a prospective basis~~ *by* taking into account actual income or circumstances that existed in a previous month and other relevant information to predict income and circumstances for the next month or months. When a family has a significant change in circumstances, the budgeting cycle must be interrupted and the amount of assistance for the payment month must be based on the county agency's best estimate of the family's income and circumstances for that month. Families may be required to report their income monthly, but income may be averaged over a period of more than one month.

Subd. 5. [SIMPLIFICATION OF VERIFICATION PROCEDURES.] Verification procedures must be reduced to the minimum that is workable and consistent with the goals and requirements of the Minnesota family investment plan *as determined by the commissioner*.

Sec. 16. Minnesota Statutes 1990, section 256.035, is amended to read:

256.035 [INCOME SUPPORT AND TRANSITION.]

Subdivision 1. [EXPECTATIONS.] All families eligible for assistance under the family investment plan are expected to be in transitional status

as defined in section 256.032, subdivision 12. To be considered in transitional status, families must meet the following expectations:

(a) For a family headed by a single adult ~~parent~~ *parental caregiver*, the expectation is that the ~~parent~~ *parental caregiver* will independently pursue self-sufficiency until the family has received assistance for 24 months within the preceding 36 months. Beginning with the 25th month of assistance, the parent must be developing or ~~have a contract and comply~~ *complying* with the terms of the ~~contract with the county agency or its designee~~ *family support agreement*.

(b) For a family with a minor ~~parent~~ *parental caregiver or a family whose parental caregiver is 18 or 19 years of age and does not have a high school diploma or its equivalent*, the expectation is that, concurrent with the receipt of assistance, the ~~minor parent~~ *parental caregiver* must be developing or ~~have a contract with the county agency~~ *complying with a family support agreement*. The terms of the ~~contract~~ *family support agreement* must include compliance with section 256.736, subdivision 3b. *However, if the assistance unit does not comply with section 256.736, subdivision 3b, the sanctions in subdivision 3 apply.*

(c) For a family with two adult ~~parents~~ *parental caregivers*, the expectation is that *at least* one ~~or both parents~~ *parent* will independently pursue self-sufficiency until the family has received assistance for six months within the preceding 12 months. Beginning with the seventh month of assistance, one parent must be developing or ~~have a contract and comply~~ *complying* with the terms of the ~~contract with the county agency or its designee~~ *family support agreement*.

Subd. 2. [EXEMPTIONS.] *(a)* A caregiver is exempt from the requirement of developing ~~a contract~~ and complying with the terms of the ~~contract developed with the county agency~~ *family support agreement*, or engaging in transitional activities, if:

(1) the caregiver is not the natural or adoptive parent of a minor child; or

(2) ~~in the case of a parental caregiver, the county agency determines that:~~

~~(i) individual circumstances prevent compliance;~~

~~(ii) support services necessary to enable compliance are not available;~~

~~(iii) activities identified in the contract are not available; or~~

~~(iv) a parental caregiver is willing to accept suitable employment but employment is not available.~~ *the caregiver is exempt under United States Code, title 7, section 2031(c)(1)(A)(B)(C)(D)(E) or (F);*

(b) A parental caregiver exempt under paragraph (a), clause (2), may meet with a case manager and develop an employability plan if the parental caregiver fits one of the categories of expectations in subdivision 1, and may receive support services including child care if needed to participate in activities identified in the employability plan.

Subd. 2a. [GOOD CAUSE.] *The county agency shall not impose the sanction in subdivision 3 if it determines that the parental caregiver has good cause for not meeting the expectations of developing and complying with the terms of a family support agreement developed with the county agency. Good cause exists when:*

(1) needed child care is not available;

(2) the job does not meet the definition of suitable employment in section 256.032, subdivision 11a;

(3) the parental caregiver is ill or injured;

(4) a family member is ill and needs care by the parental caregiver that prevents the parental caregiver from complying with the family support agreement;

(5) the parental caregiver is unable to secure the necessary transportation;

(6) the parental caregiver is in an emergency situation which prevents compliance with the family support agreement;

(7) the schedule of compliance with the family support agreement conflicts with judicial proceedings;

(8) the parental caregiver is already participating in acceptable activities;

(9) the family support agreement requires an educational program for a parent under age 20, but the educational program is not offered in the school district;

(10) activities identified in the family support agreement are not available;

(11) the parental caregiver is willing to accept suitable employment as defined in section 256.032, subdivision 11a, but employment is not available; or

(12) the parental caregiver documents other verifiable impediments to compliance with the family support agreement beyond the parental caregiver's control.

Subd. 3. [SANCTIONS.] A family whose parental caregiver is not exempt from the expectations in subdivision 1 and who is not complying with those expectations *by developing or complying with the family support agreement* must have assistance reduced by a value equal to ten percent of the transitional standard as defined in section 256.032, subdivision 13. This reduction *is effective with the month following the finding of noncompliance and* continues until the *beginning of the month after* failure to comply ceases. The county ~~agency~~ must ~~notify~~ *provide written notice to* the parental caregiver of its intent to implement this sanction and the opportunity to have a conciliation conference, upon request, before the ~~sanctions are~~ *sanction is* implemented. *Implementation of the sanction shall be postponed pending resolution of the conciliation conference under section 256.036, subdivision 5, or hearing under section 256.045.*

Subd. 4. [TREATMENT OF INCOME *FOR THE PURPOSES OF CONTINUED ELIGIBILITY.*] To help families during their transition from the Minnesota family investment plan to self-sufficiency, the following income supports are available:

(a) The $30 and one-third and ~~$75~~ *$90* disregards allowed under section 256.74, subdivision 1, and the 20 percent earned income deduction allowed under the federal Food Stamp Act of 1977, as amended, are replaced with a single disregard of not less than 35 percent of gross earned income to cover taxes and other work-related expenses and to reward the earning of income. This single disregard is available for the entire time a family receives assistance through the Minnesota family investment plan.

(b) The dependent care deduction, as prescribed under section 256.74, subdivision 1, and United States Code, title 7, section 2014(e), is replaced for families with earned income who need assistance with dependent care with an entitlement to a dependent care subsidy from money ~~earmarked~~ *appropriated* for the Minnesota family investment plan.

(c) The family wage level, as defined in section 256.032, subdivision 8, allows families to supplement earned income with assistance received through the Minnesota family investment plan. If, after earnings are adjusted according to the disregard described in paragraph (a), earnings have raised family income to a level equal to or greater than the family wage level, the amount of assistance received through the Minnesota family investment plan must be reduced.

(d) The first $50 of any timely support payment for a month received by the public agency responsible for child support enforcement shall be paid to the family and disregarded in determining eligibility and the amount of assistance in accordance with United States Code, title 42, sections 602(a)(8)(A)(vi) and 657(b)(1). This paragraph applies regardless of whether the caregiver is in transitional status, is exempt from ~~having~~ *developing* or complying with the terms of a ~~contract~~ *family support agreement*, or has had a sanction imposed under subdivision 3.

Subd. 5. [ORIENTATION.] ~~All caregivers receiving assistance through the Minnesota family investment plan must attend orientation~~ *The county agency must provide orientation which supplies information to caregivers about the Minnesota family investment plan, and must encourage parental caregivers to engage in activities to stabilize the family and lead to employment and self-support.*

~~Subd. 6. [CONTRACT.] (a) To receive the transitional standard of assistance, a single adult parent who is a member of a family that has received assistance through the Minnesota family investment plan for 24 months within the preceding 36 months, a minor parent receiving assistance through the Minnesota family investment plan, and one parent in a two-parent family that has received assistance through the Minnesota family investment plan for six months within the preceding 12 months, must comply with the terms of a contract with the county agency or its designee unless exempt under subdivision 2. Case management must be provided to a caregiver who is a parent to assist the caregiver in meeting established goals and to monitor the caregiver's progress toward achieving those goals. The parental caregiver and the county agency must finalize the contract as soon as possible, but in any event within a reasonable period of time after the deadline specified in subdivision 1, paragraph (a), (b), or (c), whichever applies.~~

~~(b) A contract must identify the parental caregiver's employment goal and explain what steps the family must take to pursue self-sufficiency. Activities may include:~~

~~(1) orientation;~~

~~(2) employment;~~

~~(3) employment and training services as defined under section 256.736, subdivision 1a, paragraph (d);~~

~~(4) preemployment activities;~~

~~(5) participation in an educational program leading to a high school or~~

~~general equivalency diploma and post-secondary education programs, excluding postbaccalaureate degrees as provided in section 256.736, subdivision 1a, paragraph (d);~~

~~(6) case management;~~

~~(7) social services; or~~

~~(8) other programs or services leading to self-sufficiency.~~

~~The contract must also identify the services that the county agency will provide to the family that the family needs to enable the parental caregiver to comply with the contract, including support services such as transportation and child care.~~

Subd. 6a. [CASE MANAGEMENT SERVICES.] *(a) The county agency will provide case management services to caregivers required to develop and comply with a family support agreement as provided in subdivision 1. For minor parents, the responsibility of the case manager shall be as defined in section 256.736, subdivision 3b. Sanctions for failing to develop or comply with the terms of a family support agreement shall be imposed according to subdivision 3. When a minor parent reaches age 17, or earlier if determined necessary by the social service agency, the minor parent shall be referred for case management services.*

(b) Case managers shall provide the following services:

(1) the case manager shall provide or arrange for an assessment of the family and caregiver's needs, interests, and abilities according to section 256.736, subdivision 11, paragraph (a), clause (1);

(2) the case manager shall coordinate services according to section 256.736, subdivision 11, paragraph (a), clause (3);

(3) the case manager shall develop an employability plan according to subdivision 6b;

(4) the case manager shall develop a family support agreement according to subdivision 6c; and

(5) the case manager shall monitor the caregiver's compliance with the employability plan and the family support agreement as required by the commissioner.

(c) Case management may continue for up to six months following the caregiver's achievement of employment goals.

Subd. 6b. [EMPLOYABILITY PLAN.] *(a) The case manager shall develop an employability plan with the caregiver according to this subdivision and section 256.736, subdivision 11, paragraph (a), clause (2), which will be based on the assessment in subdivision 6a of the caregiver's needs, interests, and abilities.*

(b) An employability plan must identify the caregiver's employment goal or goals and explain what steps the family must take to pursue self-sufficiency.

(c) Activities in the employability plan may include preemployment activities such as: programs, activities, and services related to job training and job placement. These preemployment activities may include, based on availability and resources, participation in dislocated worker services, chemical

dependency treatment, mental health services, self-esteem enhancement activities, peer group networks, displaced homemaker programs, education programs leading toward the employment goal, parenting education, and other programs to help the families reach their employment goals and enhance their ability to care for their children.

Subd. 6c. [FAMILY SUPPORT AGREEMENT.] *(a) The family support agreement is the enforceable component of the employability plan as described in subdivision 6b and section 256.736, subdivision 10, paragraph (a), clause (15). A parental caregiver's failure to comply with any part of the family support agreement without good cause as provided in subdivision 2a is subject to sanction as provided in subdivision 3.*

(b) A family support agreement must identify the parental caregiver's employment goal or goals and outline the steps which the parental caregiver and case manager mutually determined are necessary to achieve each goal. Activities are limited to:

(1) employment;

(2) employment and training activities; or

(3) education up to a baccalaureate degree.

(c) A family support agreement shall include only those activities described in paragraph (b). Social services or activities, such as mental health or chemical dependency services, parenting education, or budget management, can be included in the employability plan and not in the family support agreement and are not subject to a sanction under subdivision 3.

(d) For a parental caregiver whose employability plan is composed entirely of services described in paragraph (c), the family support agreement shall designate a date for reassessment of the activities needed to reach the parental caregiver's employment goal and this date shall be considered as the content of the family support agreement. The parental caregiver and case manager shall meet at least semiannually to review and revise the family support agreement.

(e) The family support agreement must identify the services that the county agency will provide to the family to enable the parental caregiver to comply with the family support agreement, including support services such as transportation and child care.

(f) The family support agreement must state the parental caregiver's obligations and the conditions under which the county agency will recommend a sanction be applied to the grant and withdraw the services.

(g) The family support agreement will specify a date for completion of activities leading to the employment goal.

(h) The family support agreement must be signed and dated by the case manager and parental caregiver. In all cases, the case manager must assist the parental caregiver in reviewing and understanding the family support agreement and must assist the caregiver in setting realistic goals in the agreement which are consistent with the ultimate goal of financial support for the caregiver's family. The case manager must inform the caregiver of the right to seek conciliation as provided in subdivision 6e.

(i) The caregiver may revise the family support agreement with the case manager when good cause indicates revision is warranted. Revisions for

reasons other than good cause to employment goals or steps toward self-support may be made in the first six months after the signing of the family support agreement with the approval of the case manager. After that, the revision must be approved by the case management supervisor or other persons responsible for review of case management decisions.

Subd. 6d. [LENGTH OF JOB SEARCH.] *When the family support agreement specifies a date when job search should begin, the parental caregiver must participate in employment search activities. If, after three months of search, the parental caregiver does not find a job that is consistent with the parental caregiver's employment goal, the parent must accept any suitable employment. The search may be extended for up to three months if the parental caregiver seeks and needs additional job search assistance.*

Subd. 6e. [CONCILIATION.] *A conciliation procedure shall be available as provided in section 256.736, subdivision 11, paragraph (c). The conciliation conference will be available to parental caregivers who cannot reach agreement with the case manager about the contents or interpretation of the family support agreement, or who have received a notice of intent to implement a sanction as required under subdivision 3. Implementation of the sanction will be postponed pending the outcome of conciliation. The conciliation conference will be facilitated by a neutral mediator, and the goal will be to achieve mutual agreement between the parental caregiver and case manager. The conciliation conference is an optional procedure preceding the hearing process under section 256.045.*

~~Subd. 7. [EMPLOYMENT BONUS.] A family leaving the program as a result of increased earnings through employment is entitled to an employment bonus. This bonus is a one-time cash incentive, not more than the family's monthly payment standard, to cover initial expenses incurred by the family leaving the Minnesota family investment plan.~~

Subd. 8. [CHILD CARE.] The commissioner shall ensure that each Minnesota family investment plan caregiver who is ~~a parent in transitional status~~ *employed or is developing or is engaged in activities identified in an employability plan under subdivision 6b* and who needs assistance with child care costs to ~~independently pursue self-sufficiency~~ *be employed* or *to develop or* comply with the terms of ~~a contract with the county agency~~ *an employability plan* receives a child care subsidy through child care money ~~earmarked~~ *appropriated* for the Minnesota family investment plan. The subsidy must cover all actual child care costs for eligible hours up to the maximum rate allowed under ~~sections~~ *section* 256H.15 ~~and 256H.16~~. A caregiver who is ~~a parent~~ *in the assistance unit* who leaves the program as a result of increased earnings from employment and who needs child care assistance to remain employed is entitled to extended child care assistance as provided under United States Code, title 42, section 602(g)(1)(A)(ii) *on a copayment basis.*

Subd. 9. [HEALTH CARE.] A family leaving the program as a result of increased earnings from employment is eligible for extended medical assistance as provided under Public Law Number 100-485, section 303, as amended *and Public Law Number 101-239, section 8015(b)(7).*

Sec. 17. Minnesota Statutes 1990, section 256.036, subdivision 1, is amended to read:

Subdivision 1. [SUPPORT SERVICES.] If assistance with child care or transportation is necessary to enable a *parental* caregiver ~~who is a parent~~

to work, obtain training or education, attend orientation, or comply with the terms of a ~~contract~~ *family support agreement* with the county agency, and the county *agency* determines that child care or transportation is not available, the family's applicable standard of assistance continues to be the transitional standard.

Sec. 18. Minnesota Statutes 1990, section 256.036, subdivision 2, is amended to read:

Subd. 2. [VOLUNTEERS.] For caregivers receiving assistance under the Minnesota family investment plan who *are not currently employed but who* are independently pursuing self-sufficiency, case management ~~and~~, support services ~~other than~~, *and* child care are available to the extent that resources permit. *A caregiver who volunteers is not subject to a sanction under section 256.035, subdivision 3.*

Sec. 19. Minnesota Statutes 1990, section 256.036, subdivision 4, is amended to read:

Subd. 4. [TIMELY ASSISTANCE.] Applications must be processed in a timely manner according to the processing standards of the federal Food Stamp Act of 1977, as amended, and no later than 30 days following the date of application, unless the county agency has requested information that the applicant has not yet supplied. Financial assistance must be provided ~~on no less than a~~ *at least* monthly ~~basis~~ to eligible families.

Sec. 20. Minnesota Statutes 1990, section 256.036, subdivision 5, is amended to read:

Subd. 5. [DUE PROCESS.] Any family that applies for or receives assistance under the Minnesota family investment plan whose application for assistance is denied or not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid, is entitled, upon request, to a hearing under section 256.045. A parental caregiver may request a conciliation conference, *as provided* under section ~~256.736~~ *256.035*, ~~subdivisions 4a and 11~~ *subdivision 6e*, when the caregiver disputes the ~~contents~~ *terms* of a ~~contract~~ *family support agreement* developed under the Minnesota family investment plan or disputes a decision regarding failure or refusal to ~~cooperate~~ *comply* with the terms of a ~~contract~~ *family support agreement*. The disputes are not subject to administrative review under section 256.045, unless they result in a denial, suspension, reduction, or termination, and the parental caregiver complies with section 256.045. A caregiver need not request a conciliation conference to request a hearing according to section 256.045.

Sec. 21. [256.0361] [FIELD TRIAL OPERATION.]

Subdivision 1. [LOCAL PLAN.] *A county that is selected to serve as a field trial or control site shall carry out the activities necessary to perform the evaluation for the duration of the field trials.*

Subd. 2. [FINANCIAL REIMBURSEMENT.] *(a) Up to the limit of the state appropriation, a county selected by the commissioner to serve as a field trial or a control site for the Minnesota family investment plan shall be reimbursed by the state for the nonfederal share of administrative costs that were incurred during the development, implementation, and operation of the program and that exceed the administrative costs that would have been incurred in the absence of the program.*

(b) Minnesota family investment plan assistance is included as covered

programs and services under section 256.025, subdivision 2.

Sec. 22. Minnesota Statutes 1990, section 256.736, subdivision 3a, is amended to read:

(5) ~~effective September 1, 1990,~~ custodial parents under the age of ~~22~~ *24* who: (i) have not completed a high school education and who, at the time of application for AFDC, were not enrolled in high school or in a high school equivalency program; or (ii) have had little or no work experience in the preceding year;

(b) If the commissioner determines that participation of persons listed in paragraph (a) in employment and training services is insufficient either to meet federal performance targets or to fully utilize funds appropriated under this section, the commissioner may, after notifying the chairs of the senate and house health and human services committees, the health and human services division of the senate finance committee, and the health and human services division of the house appropriations committee, permit additional groups of recipients to participate until the next meeting of the legislative advisory commission, after which the additional groups may continue to enroll for participation unless the legislative advisory commission disapproves the continued enrollment. The commissioner shall allow participation of additional groups in the following order only as needed to meet performance targets or fully utilize funding for employment and training services under this section:

(1) ~~recipients who have received at least 42 months of AFDC out of the previous 60 months;~~

The commissioner may, on a quarterly basis, reallocate unused allocations to county agencies that have sufficient volunteers. If funding under this paragraph is discontinued in future fiscal years, caretakers who began participating under this paragraph must be deemed eligible under paragraph (a), clause (3).

Sec. 23. Minnesota Statutes 1990, section 256.82, subdivision 1, is amended to read:

Subdivision 1. [~~MONTHLY~~ *DIVISION OF COSTS AND* PAYMENTS.] Based upon estimates submitted by the county agency to the state agency, which shall state the estimated required expenditures for the succeeding month, upon the direction of the state agency, payment shall be made monthly in advance by the state to the counties of all federal funds available for that purpose for such succeeding month. On the death of any person receiving public assistance through aid to dependent children, the county agency shall pay an amount for funeral expenses not exceeding $370 and actual cemetery charges. No funeral expenses shall be paid if the estate of the deceased is sufficient to pay such expenses or if the children, or spouse, who were legally responsible for the support of the deceased while living, are able to pay such expenses; provided, that the additional payment or donation of the cost of cemetery lot, interment, religious service, or for the transportation of the body into or out of the community in which the deceased resided, shall not limit payment by the county agency as herein authorized. Freedom of choice in the selection of a funeral director shall be granted to persons lawfully authorized to make arrangements for the burial of any such deceased recipient. In determining the sufficiency of such estate, due regard shall be had for the nature and marketability of the assets of the estate. The county agency may grant funeral expenses where the sale would cause undue loss to the estate. Any amount paid for funeral expenses shall be a prior claim against the estate, as provided in section 524.3-805, and any amount recovered shall be reimbursed to the agency which paid the expenses. The commissioner shall specify requirements for reports, including fiscal reports, according to section 256.01, subdivision 2, paragraph (17). The state share of county agency expenditures shall be 50 percent and the county share shall be 50 percent. ~~The state shall reimburse the county for 50 percent of county agency expenditures made for funeral expenses.~~ *Benefits shall be issued to recipients by the state or county and funded according to section 256.025, subdivision 3, subject to provisions of section 256.017.*

The needs of that individual shall not be taken into consideration in determining the grant level for that assistance unit:*

(1) for six months after the first conviction;

(2) for 12 months after the second conviction; and

(3) permanently after the third or subsequent conviction.

Any period for which sanctions are imposed is effective, without possibility of administrative stay, until the findings upon which the sanctions were imposed are reversed by a court of competent jurisdiction. The period for which sanctions are imposed is not subject to review. The sanctions provided under this subdivision are in addition to, and not in substitution for, any other sanctions that may be provided for by law for the offense involved. When the disqualified individual is a caretaker relative, the remainder of the aid to families with dependent children grant payable to the other eligible assistance unit members must be provided in the form of protective payments. These payments may be made to the disqualified individual only if, after reasonable efforts, the county agency documents that it cannot locate an appropriate protective payee. Protective payments must continue until the disqualification period ends.

County agencies must be selected to be involved in the pilot projects based on their response to requests for proposals issued by the commissioner. One of the county agencies selected must be located in either Hennepin or Ramsey county, one must be from a county in the seven-county metropolitan area other than Hennepin and Ramsey counties, and two must be located outside the metropolitan area.~~

~~(b) If proposals are not submitted, the commissioner may select the county agencies to be involved. The county agencies must be selected from the locations described in paragraph (a).~~ *Within the limits of available appropriations, and to the extent required or authorized by applicable federal regulations, the commissioner of human services shall require the establishment of fraud prevention investigation programs in the seven counties participating in the fraud prevention investigation pilot project established under Laws 1989, chapter 282, article 5, section 41, and in 11 additional Minnesota counties with the largest aid to families with dependent children program caseloads as of July 1, 1991. If funds are sufficient, the commissioner may also extend fraud prevention investigation programs to other counties that have welfare fraud control programs already in place based on enhanced funding contracts covering the fraud investigation function.*

Subd. 2. [COUNTY PROPOSALS.] *Each participating county agency shall develop and submit an annual staffing and funding proposal to the commissioner no later than April 30 of each year. Each proposal shall include, but not be limited to, the staffing and funding of the fraud prevention investigation program, a job description for investigators involved in the fraud prevention investigation program, and the organizational structure of the county agency unit, training programs for case workers, and the operational requirements which may be directed by the commissioner. The proposal shall be approved, to include any changes directed or negotiated by the commissioner, no later than June 30 of each year.*

Subd. 3. [DEPARTMENT RESPONSIBILITIES.] *The commissioner shall establish training programs which shall be attended by all investigative and supervisory staff of the involved county agencies. The commissioner shall also develop the necessary operational guidelines, forms, and reporting mechanisms, which shall be used by the involved county agencies.*

Subd. 4. [FUNDING.] *Every involved county agency shall either have in place or obtain an approved contract which meets all federal requirements necessary to obtain enhanced federal funding for its welfare fraud control and fraud prevention investigation programs. County agency reimbursement shall be made through the settlement provisions applicable to the aid to families with dependent children and food stamp programs.*

Sec. 28. [256.984] [DECLARATION AND PENALTY.]

I understand that a person convicted of perjury may be sentenced to imprisonment of not more than five years or to payment of a fine of not more than $10,000, or both."

Subd. 2. [PENALTY.] *Any person who willfully and falsely makes the declaration in subdivision 1 is guilty of perjury and shall be subject to the penalties prescribed in section 609.48.*

Upon receipt of a notice that a monetary recovery or sanction is to be imposed, a vendor may request a contested case, as defined in section 14.02, subdivision 3, by filing with the commissioner a written request of appeal. The appeal request must be received by the commissioner no later than 30 days after the date the notification of monetary recovery or sanction was mailed to the vendor. The appeal request must specify:

(1) each disputed item, the reason for the dispute, and an estimate of the dollar amount involved for each disputed item;

(2) the computation that the vendor believes is correct;

(3) the authority in statute or rule upon which the vendor relies for each disputed item;

(4) the name and address of the person or entity with whom contacts may be made regarding the appeal; and

(5) other information required by the commissioner.

Sec. 30. Minnesota Statutes 1990, section 256D.03, subdivision 2, is amended to read:

Subd. 2. After December 31, 1980, state aid shall be paid ~~to county agencies~~ for 75 percent of all general assistance and work readiness grants up to the standards of sections 256D.01, subdivision 1a, and 256D.051, and according to procedures established by the commissioner, except as provided for under section 256.017 ~~and except that, until January 1, 1991, state aid is reduced to 65 percent of all work readiness assistance if the county agency does not make occupational or vocational literacy training available and accessible to recipients who are eligible for assistance under section 256D.051~~. *Benefits shall be issued to recipients by the state or county and funded according to section 256.025, subdivision 3.*

Beginning July 1, 1991, the state will reimburse counties according to the payment schedule in section 256.025 for the county share of county agency expenditures made under this subdivision from January 1, 1991, on. Payment to counties under this subdivision is subject to the provisions of section 256.017.

Sec. 31. Minnesota Statutes 1990, section 256D.03, subdivision 2a, is amended to read:

Subd. 2a. [COUNTY AGENCY OPTIONS.] Any county agency may, from its own resources, make payments of general assistance and work readiness assistance: (a) at a standard higher than that established by the commissioner without reference to the standards of section 256D.01, subdivision 1; or (b) to persons not meeting the eligibility standards set forth in section 256D.05, subdivision 1, or 256D.051 but for whom the aid would further the purposes established in the general assistance or work readiness program in accordance with rules adopted by the commissioner pursuant to the administrative procedure act. *The Minnesota department of human services may maintain client records and issue these payments, providing the cost of benefits is paid by the counties to the department of human services in accordance with sections 256.01 and 256.025, subdivision 3.*

Sec. 32. Minnesota Statutes 1990, section 256D.05, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] (a) Each person or family whose income and resources are less than the standard of assistance established by the commissioner and who is a resident of the state shall be eligible for and entitled to general assistance if the person or family is:

(1) a person who is suffering from a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(2) a person whose presence in the home on a substantially continuous basis is required because of the professionally certified illness, injury, incapacity, or the age of another member of the household;

(3) a person who has been placed in, and is residing in, a licensed or certified facility for purposes of physical or mental health or rehabilitation, or in an approved chemical dependency domiciliary facility, if the placement is based on illness or incapacity and is pursuant to a plan developed or approved by the county agency through its director or designated

representative;

(4) a person who resides in a shelter facility described in subdivision 3;

(5) a person not described in clause (1) or (3) who is diagnosed by a licensed physician, licensed psychologist, or other qualified professional, as mentally retarded or mentally ill, and that condition prevents the person from obtaining or retaining employment;

(6) ~~a person who has an application pending for the social security disability program or the program of supplemental security income for the aged, blind, and disabled, provided that within 60 days of the initial denial of the application by the social security administration, the person produces medical evidence in support of the person's application; or a person who has been terminated from either program and has an appeal from that termination pending. A person whose benefits are terminated for failure to produce any medical evidence within 60 days of the denial of the application, is eligible as soon as medical evidence in support of the application for the social security disability program or the program of supplemental security income for the aged, blind, and disabled is produced. Except for a person whose application is based in whole or in part on mental illness or chemical dependency, a person whose application for either program is denied and who does not pursue an appeal is eligible under this paragraph based on a new application only if the new application concerns a different disability or alleges new or aggravated symptoms of the original disability~~ *a person who has an application pending for, or is appealing termination of benefits from, the social security disability program or the program of supplemental security income for the aged, blind, and disabled, provided the person has a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment*;

(7) a person who is unable to obtain or retain employment because advanced age significantly affects the person's ability to seek or engage in substantial work;

(8) a person who ~~has been assessed by a qualified professional or a vocational specialist as not being likely to obtain permanent employment. The assessment must consider the recipient's age, physical and mental health, education, trainability, prior work experience, and the local labor market;~~ , *following participation in the work readiness program, completion of an individualized employability assessment by the work readiness service provider, and consultation between the county agency and the work readiness service provider, the county agency determines is not employable. For purposes of this item, a person is considered employable if the county agency determines that there exist positions of employment in the local labor market, regardless of the current availability of openings for those positions, that the person is capable of performing. Eligibility under this category must be reassessed at least annually by the county agency and must be based upon the results of a new individualized employability assessment completed by the work readiness service provider. The recipient shall, if otherwise eligible, continue to receive general assistance while the annual individualized employability assessment is completed by the work readiness service provider, rather than receive work readiness payments under section 256D.051. Subsequent eligibility for general assistance is dependent upon the county agency determining, following consultation with the work readiness service provider, that the person is not employable, or the person meeting*

the requirements of another general assistance category of eligibility;

(9) a person who is determined by the county agency, in accordance with emergency and permanent rules adopted by the commissioner, to be learning disabled, *provided that if a rehabilitation plan for the person is developed or approved by the county agency, the person is following the plan*;

(10) a child under the age of 18 who is not living with a parent, stepparent, or legal custodian, but only if: the child is legally emancipated or living with an adult with the consent of an agency acting as a legal custodian; the child is at least 16 years of age and the general assistance grant is approved by the director of the county agency or a designated representative as a component of a social services case plan for the child; or the child is living with an adult with the consent of the child's legal custodian and the county agency. *For purposes of this clause, "legally emancipated" means a person under the age of 18 years who: (i) has been married; (ii) is on active duty in the uniformed services of the United States; (iii) has been emancipated by a court of competent jurisdiction; or (iv) is otherwise considered emancipated under Minnesota law, and for whom county social services has not determined that a social services case plan is necessary, for reasons other than that the child has failed or refuses to cooperate with the county agency in developing the plan*;

(11) a woman in the last trimester of pregnancy who does not qualify for aid to families with dependent children. A woman who is in the last trimester of pregnancy who is currently receiving aid to families with dependent children may be granted emergency general assistance to meet emergency needs;

(12) a person ~~whose need for general assistance will not exceed 30 days~~ *who is eligible for displaced homemaker services, programs, or assistance under section 268.96, but only if that person is enrolled as a full-time student*;

(13) a person who lives more than two hours round-trip traveling time from any potential suitable employment; and

(14) a person who is involved with protective or court-ordered services that prevent the applicant or recipient from working at least four hours per day~~.~~*; and*

(15) a family as defined in section 256D.02, subdivision 5, which is ineligible for the aid to families with dependent children program. If all children in the family are six years of age or older, or if suitable child care is available for children under age six at no cost to the family, all the adult members of the family must register for and cooperate in the work readiness program under section 256D.051. If one or more of the children is under the age of six and suitable child care is not available without cost to the family, all the adult members except one adult member must register for and cooperate with the work readiness program under section 256D.051. The adult member who must participate in the work readiness program is the one having earned the greater of the incomes, excluding in-kind income, during the 24-month period immediately preceding the month of application for assistance. When there are no earnings or when earnings are identical for each adult, the applicant must designate the adult who must participate in work readiness and that designation must not be transferred or changed after program eligibility is determined as long as program eligibility continues without an interruption of 30 days or more. The adult members

required to register for and cooperate with the work readiness program are not eligible for financial assistance under section 256D.051, except as provided in section 256D.051, subdivision 6, and shall be included in the general assistance grant. If an adult member fails to cooperate with requirements of section 256D.051, the local agency shall not take that member's needs into account in making the grant determination as provided by the termination provisions of section 256D.051, subdivision 1a, paragraph (b). The time limits of section 256D.051, subdivision 1, do not apply to persons eligible under this clause.

(b) Persons or families who are not state residents but who are otherwise eligible for general assistance may receive emergency general assistance to meet emergency needs.

(c) As a condition of eligibility under paragraph (a), clauses (1), (3), (5), (8), and (9), the recipient must complete an interim assistance agreement and must apply for other maintenance benefits as specified in section 256D.06, subdivision 5, and must comply with efforts to determine the recipient's eligibility for those other maintenance benefits.

(d) The burden of providing documentation for a county agency to use to verify eligibility for general assistance or work readiness is upon the applicant or recipient. The county agency shall use documents already in its possession to verify eligibility, and shall help the applicant or recipient obtain other existing verification necessary to determine eligibility which the applicant or recipient does not have and is unable to obtain.

Sec. 33. Minnesota Statutes 1990, section 256D.05, subdivision 2, is amended to read:

Subd. 2. [USE OF FEDERAL FUNDS.] Notwithstanding any law to the contrary, if any person otherwise eligible for general assistance would, but for state statutory restriction or limitation, be eligible for a *funded* federally aided assistance program providing benefits equal to or greater than those of general assistance, the person shall be eligible for that federally aided program and ineligible for general assistance; provided, however, that (a) nothing in this section shall be construed to extend eligibility for federally aided programs to persons not otherwise eligible for general assistance; (b) this section shall not be effective to the extent that federal law or regulation require new eligibility for federal programs to persons not otherwise eligible for general assistance; and (c) nothing in this section shall deny general assistance to a person otherwise eligible who is determined ineligible for a substitute federally aided program.

Sec. 34. Minnesota Statutes 1990, section 256D.05, subdivision 6, is amended to read:

Subd. 6. [ASSISTANCE FOR PERSONS WITHOUT A VERIFIED RESIDENCE.] (a) For applicants or recipients of general assistance, emergency general assistance, or work readiness assistance who do not have a verified residence address, the county agency may provide assistance using one or more of the following methods:

(1) the county agency may provide assistance in the form of vouchers or vendor payments and provide separate vouchers or vendor payments for food, shelter, and other needs;

(2) the county agency may divide the monthly assistance standard into weekly payments, whether in cash or by voucher or vendor payment; ~~or, if~~

~~actual need is greater than the standards of assistance established under section 256D.01, subdivision 1a, issue assistance based on actual need~~. Nothing in this clause prevents the county agency from issuing voucher or vendor payments for emergency general assistance in an amount less than the standards of assistance; and

(3) the county agency may determine eligibility and provide assistance on a weekly basis. Weekly assistance can be issued in cash or by voucher or vendor payment and can be determined either on the basis of actual need or by prorating the monthly assistance standard.

(b) An individual may verify a residence address by providing a driver's license; a state identification card; a statement by the landlord, apartment manager, or homeowner verifying that the individual is residing at the address; or other written documentation approved by the commissioner.

(c) *Notwithstanding the provisions of section 256D.06, subdivision 1,* if the county agency elects to provide assistance on a weekly *payment* basis, the agency may not provide assistance for a period during which no need is claimed by the individual *unless the individual has good cause for failing to claim need.* The individual must be notified, each time weekly assistance is provided, that subsequent weekly assistance will not be issued unless the individual claims need. The advance notice required under section 256D.10 does not apply to weekly assistance ~~issued under this paragraph~~ *that is withheld because the individual failed to claim need without good cause.*

(d) The county agency may not issue assistance on a weekly basis to an applicant or recipient who has professionally certified mental illness or mental retardation or a related condition, or to an assistance unit that includes minor children, unless requested by the assistance unit.

Sec. 35. Minnesota Statutes 1990, section 256D.05, is amended by adding a subdivision to read:

Subd. 7. [INELIGIBILITY FOR GENERAL ASSISTANCE.] *No person disqualified from any federally aided assistance program shall be eligible for general assistance during the period covered by the disqualification sanction.*

Sec. 36. Minnesota Statutes 1990, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) ~~A person, family, or married couple~~ *Except as provided in this subdivision, persons* who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not *categorically* eligible under section 256D.05, subdivision 1, are eligible for the work readiness program *for a maximum period of five consecutive calendar months during any 12 consecutive calendar month period, subject to the provisions of paragraph (d), subdivision 3, and section 256D.052, subdivision 4. The person's five-month eligibility period begins on the first day of the calendar month following the date of application for assistance or following the date all eligibility factors are met, whichever is later, and ends on the last day of the fifth consecutive calendar month, whether or not the person has received benefits for all five months. The person is not eligible to receive work readiness benefits during the seven calendar months immediately following the five-month eligibility period; however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of benefits to*

complete the provisions of the person's employability development plan. Prior to terminating work readiness assistance the county agency must advise the person of his or her eligibility for general assistance medical care and must assess the person's eligibility for general assistance under section 256D.05 to the extent possible, using information in the case file, and determine the person's eligibility for general assistance. A determination that the person is not eligible for general assistance must be stated in the notice of termination of work readiness benefits.

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

(c) Except for family members who must participate in work readiness services under the provisions of section 256D.05, subdivision 1, clause (14), any person who would be defined for purposes of the food stamp program as being enrolled at least half-time in an institution of higher education is ineligible for the work readiness program.

(d) Notwithstanding the provisions of sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits due to exhaustion of the period of eligibility specified in paragraph (a) or (d).

Sec. 37. Minnesota Statutes 1990, section 256D.051, subdivision 1a, is amended to read:

Subd. 1a. [WORK READINESS PAYMENTS.] (a) *Except as provided in this subdivision,* grants of work readiness shall be determined using the standards of assistance, exclusions, disregards, and procedures which are used in the general assistance program. Work readiness shall be granted in an amount that, when added to the nonexempt income actually available to the assistance unit, the total amount equals the applicable standard of assistance.

(b) ~~Work readiness payments must be provided to persons determined eligible for the work readiness program as provided in this subdivision except when the special payment provisions in subdivision 1b are utilized. The initial payment must be prorated to provide assistance for the period beginning with the date the completed application is received by the county agency or the date the assistance unit meets all work readiness eligibility factors, whichever is later, and ending on the final day of that month. The amount of the first payment must be determined by dividing the number of days to be covered under the payment by the number of days in the month, to determine the percentage of days in the month that are covered by the payment, and multiplying the monthly payment amount by this percentage. Subsequent payments must be paid monthly on the first day of each month.~~ *Except as provided in section 256D.05, subdivision 6, work readiness assistance must be paid on the first day of each month.*

At the time the county agency notifies the assistance unit that it is eligible for *family general assistance or* work readiness assistance *and by the first day of each month of services*, the county agency must inform all mandatory registrants in the assistance unit that they must ~~attend an orientation within 30 days~~ *comply with all work readiness requirements that month*, and that work readiness eligibility will end at the end of the month ~~in which the orientation is scheduled~~ unless the registrants ~~attend orientation~~ *comply with work readiness requirements specified in the notice*. A registrant who fails,

without good cause, to comply with requirements during this time period, including attendance at orientation, will lose *family general assistance or* work readiness eligibility without notice under section 256D.101, subdivision 1, paragraph (b). The registrant shall, however, be sent a notice~~, on or before the date that~~ *no later than five days after* eligibility ends, which informs the registrant that *family general assistance or* work readiness eligibility has ended in accordance with this section for failure to comply with work readiness requirements. The notice shall set forth the factual basis for such determination and ~~advises~~ *advise* the registrant of the right to reinstate eligibility upon a showing of good cause for the failure to meet the requirements. Subsequent assistance must not be issued unless the person completes an application, is determined eligible, and ~~attends an orientation~~ *complies with the work readiness requirements that had not been complied with*, or demonstrates that the person had good cause for failing to comply with the requirement. *The time during which the person is ineligible under these provisions is counted as part of the person's period of eligibility under subdivision 1.*

(c) Notwithstanding the provisions of section 256D.01, subdivision 1a, paragraph (d), when one member of a married couple has exhausted the five months of work readiness eligibility in a 12-month period and the other member has one or more months of eligibility remaining within the same 12-month period, the standard of assistance applicable to the member who remains eligible is the first adult standard in the aid to families with dependent children program.

(d) Notwithstanding sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits under paragraph (b).

Sec. 38. Minnesota Statutes 1990, section 256D.051, subdivision 2, is amended to read:

Subd. 2. [COUNTY AGENCY DUTIES.] (a) The county agency shall provide to registrants a work readiness program. The work readiness program must include:

(1) orientation to the work readiness program;

(2) an individualized employability assessment and *an individualized employability* development plan that includes assessment of literacy, ability to communicate in the English language, ~~eligibility for displaced homemaker services under section 268.96,~~ educational *and employment* history, and that estimates the length of time it will take the registrant to obtain employment. The employability assessment and development plan must be completed in consultation with the registrant, must assess the registrant's assets, barriers, and strengths, and must identify steps necessary to overcome barriers to employment. *A copy of the employability development plan must be provided to the registrant*;

(3) referral to available accredited remedial or skills training programs designed to address registrant's barriers to employment;

(4) referral to available programs including the Minnesota employment and economic development program;

(5) a job search program, including job seeking skills training; and

(6) other activities, to the extent of available resources designed by the county agency to prepare the registrant for permanent employment.

The work readiness program may include a public sector or nonprofit work experience component only if the component is established according to section 268.90.

In order to allow time for job search, the county agency may not require an individual to participate in the work readiness program for more than 32 hours a week. The county agency shall require an individual to spend at least eight hours a week in job search or other work readiness program activities.

(b) The county agency shall prepare an annual plan for the operation of its work readiness program. The plan must be submitted to and approved by the commissioner of jobs and training. The plan must include:

(1) a description of the services to be offered by the county agency;

(2) a plan to coordinate the activities of all public entities providing employment-related services in order to avoid duplication of effort and to provide services more efficiently;

(3) a description of the factors that will be taken into account when determining a client's employability development plan; ~~and~~

(4) provisions to assure that applicants and recipients are evaluated for eligibility for general assistance prior to termination from the work readiness program*; and*

The registrant must be the adult who is the principal wage earner, having earned the greater of the incomes, except for income received in-kind, during the 24 months immediately preceding the month of application for assistance. When there are no earnings or when earnings are identical for each parent, the applicant must designate the principal wage earner, and that designation must not be transferred after program eligibility is determined as long as assistance continues without interruption.~~

If an individualized employability development plan has been completed, the annual reimbursable cost for providing work readiness services must not exceed $283 for all services and costs necessary to implement the plan, including the costs of training, employment search assistance, placement, work experience, on-the-job training, other appropriate activities, the administrative and program costs incurred in providing these services, and necessary recipient support services such as tools, clothing, and transportation needed to participate in work readiness services. Beginning July 1, 1991, the state will reimburse counties, up to the limit of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991.* Payment to counties under this subdivision is subject to the provisions of section 256.017. ~~After paying direct expenses as needed by individual registrants, the county agency may use any remaining money to provide additional services as needed by any registrant including employability assessments and employability development plans, education, orientation, employment search assistance, placement, other work experience, on-the-job training, and other appropriate activities and the administrative costs incurred providing these services.~~

A person who *is required to participate in work readiness services and*, without good cause, voluntarily quits suitable employment or refuses a legitimate offer of suitable employment while receiving *general assistance or* work readiness payments or services shall be terminated from the *general assistance or* work readiness program ~~and disqualified for two months according to rules adopted by the commissioner~~ *as specified in subdivision 1a.*

Sec. 43. Minnesota Statutes 1990, section 256D.052, subdivision 3, is amended to read:

Sec. 44. Minnesota Statutes 1990, section 256D.052, subdivision 4, is amended to read:

Subd. 4. [PAYMENT OF WORK READINESS.] The county agency must provide assistance under section 256D.051 to persons who:

(1) participate in a literacy program assigned under subdivision 2. To "participate" means to attend regular classes, complete assignments, and make progress toward literacy goals; or

(2) are not assigned to literacy training because there is no program available or accessible to them.

Notwithstanding contrary provisions of section 256D.051, subdivision 1, a person eligible for assistance under this section is eligible for assistance for a maximum period of seven consecutive calendar months during any 12 consecutive calendar month period, subject to section 256D.051, subdivision 1, paragraph (d). Work readiness payments may be terminated for persons who fail to attend the orientation and participate in the assessment and development of the employment development plan.

Sec. 45. [256D.065] [GENERAL ASSISTANCE AND WORK READINESS PAYMENTS FOR NEW RESIDENTS.]

Notwithstanding any other provisions of sections 256D.01 to 256D.21, otherwise eligible applicants without minor children, who have been residing in the state less than six months, shall be granted general assistance and work readiness payments in an amount that, when added to the nonexempt income actually available to the applicant, shall equal 60 percent of the amount that the applicant would be eligible to receive under section 256D.06, subdivision 1. A person may receive benefits in excess of this amount, equal to the lesser of the benefits actually received in the last state of residence or the maximum benefits allowable under section 256D.06, subdivision 1. To receive the higher benefit amount, the person must provide verification of the amount of assistance received in the last state of residence. Nonexempt income is the income considered available under Minnesota Rules, parts 9500.1200 to 9500.1270.

Sec. 46. Minnesota Statutes 1990, section 256D.07, is amended to read:

256D.07 [TIME OF PAYMENT OF ASSISTANCE.]

An applicant for general assistance or general assistance medical care authorized by section 256D.03, subdivision 3, shall be deemed eligible if the application and the verification of the statement on that application demonstrate that the applicant is within the eligibility criteria established by sections 256D.01 to 256D.21 and any applicable rules of the commissioner. Any person requesting general assistance or general assistance medical care shall be permitted by the county agency to make an application for assistance as soon as administratively possible and in no event later than the fourth day following the date on which assistance is first requested, and no county agency shall require that a person requesting assistance appear at the offices of the county agency more than once prior to the date on which the person is permitted to make the application. The application shall be in writing in the manner and upon the form prescribed by the commissioner and attested to by the oath of the applicant or in lieu thereof shall contain the following declaration which shall be signed by the applicant: "I declare that this application has been examined by me and to the best of my knowledge and belief is a true and correct statement of every material point." On the date that general assistance is first requested, the county agency shall inquire and determine whether the person requesting assistance is in immediate need of food, shelter, clothing, assistance for necessary transportation, or other emergency assistance pursuant to section 256D.06, subdivision 2. A person in need of emergency assistance shall be granted emergency assistance immediately, and necessary emergency assistance shall continue ~~until either the person is determined to be ineligible for general assistance or the first grant of general assistance is paid to the person~~ *for up to 30 days following the date of application*. A determination of an applicant's eligibility for general assistance shall be made by the county agency as soon as the required verifications are received by the county agency and in no event later than 30 days following the date that the application is made. Any verifications required of the applicant shall be reasonable, and the commissioner shall by rule establish reasonable verifications. General assistance shall be granted to an eligible applicant without the necessity of first securing action by the board of the county agency. The first month's grant must be computed to cover the time period starting with the date a signed application form is received by the county agency or from the date that the applicant meets all eligibility factors, whichever occurs later. ~~The first grant may be reduced by the amount of emergency general assistance provided to the applicant.~~

If upon verification and due investigation it appears that the applicant provided false information and the false information materially affected the applicant's eligibility for general assistance or general assistance medical care provided pursuant to section 256D.03, subdivision 3, or the amount of the applicant's general assistance grant, the county agency may refer the matter to the county attorney. The county attorney may commence a criminal prosecution or a civil action for the recovery of any general assistance wrongfully received, or both.

Sec. 47. Minnesota Statutes 1990, section 256D.10, is amended to read:

256D.10 [HEARINGS PRIOR TO REDUCTION; TERMINATION; SUSPENSION OF GENERAL ASSISTANCE GRANTS.]

No grant of general assistance except one made pursuant to ~~sections~~ *section* 256D.06, subdivision 2; *256D.051, subdivisions 1, paragraph (d), and 1a,*

paragraph (b); or 256D.08, subdivision 2, shall be reduced, terminated or suspended unless the recipient receives notice and is afforded an opportunity to be heard prior to any action by the county agency.

Nothing herein shall deprive a recipient of the right to full administrative and judicial review of an order or determination of a county agency as provided for in section 256.045 subsequent to any action taken by a county agency after a prior hearing.

Sec. 48. Minnesota Statutes 1990, section 256D.101, subdivision 1, is amended to read:

Subdivision 1. [NOTICE REQUIREMENTS.] (a) At the time a registrant is registered for the work readiness program, and ~~at least every 30 days~~ *on the first day of each month of services* after that, the county agency shall provide, in advance, a clear, written description of the specific tasks and assigned duties ~~the registrant~~ *which the mandatory registrant* must complete to receive *general assistance or* work readiness pay. The notice must explain that the registrant will be terminated from the work readiness program ~~unless the registrant has completed the specific tasks and assigned duties. The notice must inform the registrant that~~ *at the end of the month* if the registrant fails without good cause to comply with work readiness requirements ~~more than once every six months, the registrant will be terminated from the work readiness program and disqualified from receiving assistance for one month if it is the registrant's first disqualification within the preceding six months, or for two months if the registrant has been previously disqualified within the preceding six months~~, *and must include the name, location, and telephone number of a person or persons the registrant may contact to discuss the registrant's work readiness compliance obligations.*

(b) ~~If after the initial certification period the county agency determines that a registrant has failed to comply with work readiness requirements, the county agency shall notify the registrant of the determination. Notice must be hand delivered or mailed to the registrant within three days after the agency makes the determination but no later than the date work readiness pay was scheduled to be paid.~~ For a recipient who has failed to provide the county agency with a mailing address, the recipient must be assigned a schedule by which a recipient is to visit the agency to pick up any notices. For a recipient without a mailing address, notices must be deemed delivered on the date of the registrant's next scheduled visit with the county agency. ~~The notification shall be in writing and shall state the facts that support the county agency's determination. For the first time in a six-month period that the registrant has failed without good cause to comply with program requirements, the notification shall inform the registrant that the registrant may lose eligibility for work readiness pay and must specify the particular actions that must be taken by the registrant to achieve compliance and reinstate work readiness payments. The notice must state that the recipient must take the specified actions by a date certain, which must be at least five working days following the date the notification is mailed or delivered to the registrant; must explain the ramifications of the registrant's failure to take the required actions by the specified date; and must advise the registrant that the registrant may request and have a conference with the county agency to discuss the notification. A registrant who fails without good cause to comply with requirements of the program more than once in a six-month period must be notified of termination.~~

Sec. 49. Minnesota Statutes 1990, section 256D.101, subdivision 3, is amended to read:

Subd. 3. [BENEFITS AFTER NOTIFICATION.] Assistance payments otherwise due to the registrant under section 256D.051 may not be paid after the notification required in subdivision 1 has been provided to the registrant unless, before the date stated in the notification, the registrant takes the specified action necessary to achieve compliance ~~or, within five days after the effective date stated in the notice, files an appeal of the grant reduction, suspension, or termination. If, by the required date, the registrant does take the specified action necessary to achieve compliance, both the notification required by subdivision 1 and the notice required by subdivision 2 shall be canceled and all benefits due to the registrant shall be paid promptly. If, by the required date, the registrant files an appeal of the grant termination, benefits otherwise due to the registrant shall be continued pending the outcome of the appeal. An appeal of a proposed termination shall be brought under section 256.045, except that the timelines specified in this section shall apply, notwithstanding the requirements of section 256.045, subdivision 3~~. Appeals of ~~proposed~~ terminations from the work readiness program shall be heard within 30 days of the date that the appeal was filed.

Sec. 50. Minnesota Statutes 1990, section 256D.111, is amended to read:

256D.111 [REGISTRATION FOR WORK; ~~DISQUALIFICATION~~ *TERMINATION*.]

Subd. 5. [RULEMAKING.] The commissioner shall adopt rules and is authorized to adopt emergency rules:

(a) providing for ~~the disqualification~~ *termination* from the receipt of *general assistance or* work readiness assistance for a recipient who has been determined to have failed to comply with work requirements or the requirements of the work readiness program;

(b) providing for the use of vouchers or vendor payments with respect to the family of a ~~disqualified~~ recipient *terminated for failure to comply with requirements of the work readiness program*; and

(c) providing that at the time of the approval of an application for assistance, the county agency gives to the recipient a written notice in plain and easily understood language describing the recipient's job registration, search, and acceptance obligations, and the disqualification that will be imposed for a failure to comply with those obligations.

Sec. 51. Minnesota Statutes 1990, section 256D.36, subdivision 1, is amended to read:

Subdivision 1. [STATE PARTICIPATION.] *(a)* [ELIGIBILITY.] Commencing January 1, 1974, the commissioner shall certify to each county agency the names of all county residents who were eligible for and did receive aid during December, 1973, pursuant to a categorical aid program of old age assistance, aid to the blind, or aid to the disabled. *The amount of supplemental aid for each individual eligible under this section shall be calculated according to the formula in title II, section 212(a) (3) of Public Law Number 93-66, as amended.*

(b) [DIVISION COSTS.] From and after January 1, 1980, until January 1, 1981, the state shall pay 70 percent and the county shall pay 30 percent of the supplemental aid calculated for each county resident certified under this section who is an applicant for or recipient of supplemental security income. After December 31, 1980, the state share of aid paid shall be 85 percent and the county share shall be 15 percent. ~~The amount of supplemental~~

~~aid for each individual eligible under this section shall be calculated according to the formula in title II, section 212 (a) (3) of Public Law Number 93-66, as amended.~~ *Benefits shall be issued to recipients by the state or county and funded according to section 256.025, subdivision 3, subject to provisions of section 256.017.*

Beginning July 1, 1991, the state will reimburse counties according to the payment schedule in section 256.025 for the county share of county agency expenditures for financial benefits to individuals under this subdivision from January 1, 1991, on. Payment to counties under this subdivision is subject to the provisions of section 256.017.

Sec. 52. Minnesota Statutes 1990, section 256H.02, is amended to read:

256H.02 [DUTIES OF COMMISSIONER.]

The commissioner shall develop standards for county and human services boards to provide child care services to enable eligible families to participate in employment, training, or education programs. Within the limits of available appropriations, the commissioner shall distribute money to counties to reduce the costs of child care for eligible families. The commissioner shall adopt rules to govern the program in accordance with this section. The rules must establish a sliding schedule of fees for parents receiving child care services. In the rules adopted under this section, county and human services boards shall be authorized to establish policies for payment of child care spaces for absent children, when the payment is required by the child's regular provider. The rules shall not set a maximum number of days for which absence payments can be made, but instead shall direct the county agency to set limits and pay for absences according to the prevailing market practice in the county. County policies for payment of absences shall be subject to the approval of the commissioner. The commissioner shall maximize the use of federal money under the AFDC employment special needs program in section 256.736, subdivision 8, and other programs that provide federal reimbursement for child care services for recipients of aid to families with dependent children who are in education, training, job search, or other activities allowed under those programs. Money appropriated under this section must be coordinated with the AFDC employment special needs program and other programs that provide federal reimbursement for child care services to accomplish this purpose. Federal reimbursement obtained must be allocated to the county that spent money for child care that is federally reimbursable under ~~the AFDC employment special needs program or other~~ programs that provide federal reimbursement for child care services. The counties shall use the federal money to expand *child care* services ~~to AFDC recipients~~. *The commissioner may adopt rules under chapter 14 to implement and coordinate federal program requirements.*

Sec. 53. Minnesota Statutes 1990, section 256H.03, is amended to read:

256H.03 [BASIC SLIDING FEE PROGRAM.]

Subdivision 1. [~~COUNTIES~~ *ALLOCATION PERIOD*; NOTICE OF ALLOCATION.] When the commissioner notifies county and human service boards of the forms and instructions they are to follow in the development of their biennial community social services plans required under section 256E.08, the commissioner shall also notify county and human services boards of their estimated child care fund program allocation for the two years covered by the plan. By June 1 of each year, the commissioner shall

notify all counties of their final child care fund program allocation.

Subd. 1a. [WAITING LIST.] Each county that receives funds under this section ~~and section 256H.05~~ must keep a written record and report to the commissioner the number of eligible families who have applied for a child care subsidy or have requested child care assistance. Counties shall perform a cursory determination of eligibility when a family requests information about child care assistance. A family that appears to be eligible must be put on a waiting list if funds are not immediately available. The waiting list must identify students in need of child care. When money is available counties shall expedite the processing of student applications during key enrollment periods.

Subd. 2. [ALLOCATION; LIMITATIONS.] *From July 1, 1991, through June 30, 1992,* the commissioner shall allocate the money appropriated under the child care fund for the basic sliding fee program and shall allocate those funds between the metropolitan area, comprising the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington, and the area outside the metropolitan area as follows:

(1) 50 percent of the money shall be allocated among the counties on the basis of the number of families below the poverty level, as determined from the most recent census or special census; and

(2) 50 percent of the money shall be allocated among the counties on the basis of the counties' portion of the AFDC caseload for the preceding state fiscal year.

If, under the preceding formula, either the seven-county metropolitan area consisting of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington counties or the area consisting of counties outside the seven-county metropolitan area is allocated more than 55 percent of the basic sliding fee funds, each county's allocation in that area shall be proportionally reduced until the total for the area is no more than 55 percent of the basic sliding fee funds. The amount of the allocations proportionally reduced shall be used to proportionally increase each county's allocation in the other area.

Subd. 2a. [ELIGIBLE RECIPIENTS.] Families that meet the eligibility requirements under sections 256H.10, except AFDC recipients and transition year families, and 256H.11 are eligible for child care assistance under the basic sliding fee program. From July 1, 1990, to June 30, 1991, a county may not accept new applications for the basic sliding fee program unless the county can demonstrate that its state money expenditures for the basic sliding fee program for this period will not exceed 95 percent of the county's allocation of state money for the fiscal year ending June 30, 1990. As basic sliding fee program money becomes available to serve new families, eligible families whose benefits were terminated during the fiscal year ending June 30, 1990, for reasons other than loss of eligibility shall be reinstated. Families enrolled in the basic sliding fee program as of July 1, 1990, shall be continued until they are no longer eligible. Counties shall make vendor payments to the child care provider or pay the parent directly for eligible child care expenses on a reimbursement basis.

Subd. 2b. [FUNDING PRIORITY.] (a) First priority for child care assistance under the basic sliding fee program must be given to eligible non-AFDC families who do not have a high school or general equivalency diploma or who need remedial and basic skill courses in order to pursue

employment or to pursue education leading to employment. Within this priority, the following subpriorities must be used:

(1) child care needs of minor parents;

(2) child care needs of parents under 21 years of age; and

(3) child care needs of other parents within the priority group described in this paragraph.

(b) Second priority must be given to ~~all other~~ parents who ~~are eligible for the basic sliding fee program~~ *have completed their AFDC transition year.*

Subd. 3. [REVIEW OF USE OF FUNDS; REALLOCATION.] After each quarter, the commissioner shall review the use of basic sliding fee program ~~and AFDC child care program~~ allocations by county. The commissioner may reallocate unexpended or unencumbered money among those counties who have expended their full allocation. Any unexpended money from the first year of the biennium may be carried forward to the second year of the biennium.

Subd. 4. [ALLOCATION FORMULA.] *Beginning July 1, 1992, the basic sliding fee funds shall be allocated according to the following formula:*

(a) One-half of the funds shall be allocated in proportion to each county's total expenditures for the basic sliding fee child care program reported during the 12-month period ending on December 31 of the preceding state fiscal year.

(b) One-fourth of the funds shall be allocated based on the number of children under age 13 in each county who are enrolled in general assistance medical care, medical assistance, and the children's health plan on July 1, of each year.

(c) One-fourth of the funds shall be allocated based on the number of children under age 13 who reside in each county, from the most recent estimates of the state demographer.

Subd. 5. [FORMULA LIMITATION.] *The amounts computed under subdivision 4 shall be subject to the following limitation. No county shall be allocated an amount less than its guaranteed floor as provided in subdivision 6. If the amount allocated to a county under subdivision 4 would be less that its guaranteed floor, the shortage shall be recovered proportionally from all counties which would be allocated more than their guaranteed floor.*

Subd. 6. [GUARANTEED FLOOR.] *(a) Each county's guaranteed floor shall equal the lesser of:*

(1) the county's original allocation in the preceding state fiscal year; or

(2) 110 percent of the county's basic sliding fee child care program state earnings for the 12-month period ending on December 31 of the preceding state fiscal year. For purposes of this clause, "state earnings" means the reported nonfederal share of direct child care expenditures adjusted for the 15 percent required county match and seven percent administration limit.

(b) When the amount of funds available for allocation is less than the amount available in the previous year, each county's previous year allocation shall be reduced in proportion to the reduction in the statewide funding, for the purpose of establishing the guaranteed floor.

Sec. 54. [256H.035] [FEDERAL AT-RISK CHILD CARE PROGRAM.]

Subdivision 1. [COMMISSIONER TO ADMINISTER PROGRAM.] *The commissioner of human services is authorized and directed to receive, administer, and expend funds available under the at-risk child care program under Public Law Number 101-508 (1).*

Subd. 2. [RULEMAKING AUTHORITY.] *The commissioner may adopt rules under chapter 14 to administer the at-risk child care program.*

Sec. 55. Minnesota Statutes 1990, section 256H.05, is amended to read:

256H.05 [AFDC CHILD CARE PROGRAM.]

Subd. 1b. [ELIGIBLE RECIPIENTS.] Families eligible for guaranteed child care assistance under the AFDC child care program are:

(1) persons receiving services under section 256.736;

(2) AFDC recipients who are employed; ~~and~~

(3) persons who are members of transition year families under section 256H.01, subdivision 16*; and*

(4) members of the control group for the STRIDE evaluation conducted by the Manpower Demonstration Research Corporation.

Subd. 1c. [~~FUNDING~~ *WAITING LIST* PRIORITY.] AFDC recipients must be put on a waiting list for the basic sliding fee program when they leave AFDC due to their earned income.

Subd. 2. [COOPERATION WITH OTHER PROGRAMS.] The county shall develop cooperative agreements with the employment and training service provider for coordination of child care funding with employment, training, and education programs for all AFDC recipients who receive services under section 256.736. The cooperative agreement shall specify that individuals receiving employment, training, and education services under an employability plan from the employment and training service provider shall be guaranteed child care assistance from the county responsible for the current employability development plan.

Subd. 3. [CONTRACTS; OTHER USES ALLOWED.] Counties may contract for administration of the program or may arrange for or contract for child care funds to be used by other appropriate programs, in accordance with this section and as permitted by federal law and regulations.

Subd. 5. [FEDERAL REIMBURSEMENT.] Counties shall maximize their federal reimbursement under Public Law Number 100-485 or other federal reimbursement programs for money spent for persons ~~listed in this section~~ *eligible under this chapter*. The commissioner shall allocate any federal earnings to the county to be used to expand child care services under ~~these sections~~ *this chapter*.

Sec. 56. [256H.055] [FEDERAL CHILD CARE AND DEVELOPMENT BLOCK GRANT.]

Subdivision 1. [COMMISSIONER TO ADMINISTER BLOCK GRANT.] *The commissioner of human services is authorized and directed to receive, administer, and expend child care funds available under the child care and development block grant authorized under Public Number 101-508 (2).*

Subd. 2. [RULEMAKING AUTHORITY.] *The commissioner may adopt rules under chapter 14 to administer the child care development block grant program.*

Sec. 57. Minnesota Statutes 1990, section 256H.08, is amended to read:

256H.08 [USE OF MONEY.]

Money for persons listed in sections 256H.03, subdivision 2a, and 256H.05, subdivision 1b, shall be used to reduce the costs of child care for students, including the costs of child care for students while employed if enrolled in an eligible education program at the same time and making satisfactory progress towards completion of the program. Counties may not limit the duration of child care subsidies for a person in an employment or educational program, except when the person is found to be ineligible under the child care fund eligibility standards. Any limitation must be based on a person's employability plan in the case of an AFDC recipient, and county policies included in the child care allocation plan. Time limitations for child care assistance, as specified in Minnesota Rules, parts 9565.5000 to 9565.5200, do not apply to basic or remedial educational programs needed to prepare for post-secondary education or employment. These programs include: high school, general equivalency diploma, and English as a second language. Programs exempt from this time limit must not run concurrently with a post-secondary program. Financially eligible students who have received child care assistance for one academic year shall be provided child care assistance in the following academic year if funds allocated under sections 256H.03 and 256H.05 are available. If an AFDC recipient who is receiving AFDC child care assistance under this chapter moves to another county ~~as authorized in their employability plan~~, continues to participate in educational or training programs authorized in their employability development plans, and continues to be eligible for AFDC child care assistance under this chapter, the AFDC caretaker must receive continued child care assistance from the county responsible for their current employability development plan, without interruption.

Sec. 58. Minnesota Statutes 1990, section 256H.15, subdivision 1, is amended to read:

Subdivision 1. [SUBSIDY RESTRICTIONS.] (a) Until June 30, 1991, the maximum child care rate is determined under this paragraph. The county board may limit the subsidy allowed by setting a maximum on the provider child care rate that the county shall subsidize. The maximum rate set by any county shall not be lower than 110 percent or higher than 125 percent of the median rate in that county for like care arrangements for all types of care, including special needs and handicapped care, as determined by the commissioner. If the county sets a maximum rate, it must pay the provider's rate for each child receiving a subsidy, up to the maximum rate set by the county. If a county does not set a maximum provider rate, it shall pay the provider's rate for every child in care. The maximum state payment is 125 percent of the median provider rate. If the county has not set a maximum provider rate and the provider rate is greater than 125 percent of the median provider rate in the county, the county shall pay the amount in excess of 125 percent of the median provider rate from county funding sources. The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care, including special needs and handicapped care.

(b) Effective July 1, 1991, the maximum rate paid for child care assistance

After receipt of the notice, the court shall set child support as provided in this subdivision.

The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support ~~agreement~~ *stipulation* of the parties if each party is represented by independent counsel, unless the ~~agreement is not in the interest of justice~~ *stipulation does not meet the conditions of paragraph (h)*. Guidelines for support for an obligor with a monthly income of $4,001 or more shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income of $4,000.

Net Income defined as:

Total monthly income less

*(i) Federal Income Tax
*(ii) State Income Tax
(iii) Social Security Deductions
(iv) Reasonable Pension Deductions
(v) Union Dues
(vi) Cost of Dependent Health Insurance Coverage
(vii) Cost of Individual or Group Health/Hospitalization Coverage or an Amount for Actual Medical Expenses

*Standard Deductions apply- use of tax tables recommended

(viii) A Child Support or Maintenance Order that is Currently Being Paid.

"Net income" does not include:

(1) the income of the obligor's spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor's living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

~~(a)~~ *(i)* support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

~~(b)~~ *(ii)* the party demonstrates, and the court finds, that:

~~(i)~~ *(A)* the excess employment began after the filing of the petition for dissolution;

~~(ii)~~ *(B)* the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

~~(iii)~~ *(C)* the excess employment is voluntary and not a condition of employment;

~~(iv)~~ *(D)* the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

~~(v)~~ *(E)* the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

(b) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph (a), clause (2)~~(b)~~ *(ii)*;

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(5) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; and

(6) the parents' debts as provided in paragraph (c).

(c) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of

income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

(d) Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

(e) Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

(f) Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

~~(d)~~ *(g)* Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

~~(e) The above guidelines are binding in each case unless the court makes express findings of fact as to the reason for departure below or above the guidelines.~~ *(h) The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the reasons for the deviation and shall specifically address the criteria in paragraph (b) and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.*

Sec. 76. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

Subd. 5b. [DETERMINATION OF INCOME.] *(a) The parties shall timely serve and file documentation of earnings and income. When there is a prehearing conference, the court must receive the documentation of income at least ten days prior to the prehearing conference. Documentation of earnings and income also includes, but is not limited to, pay stubs for the most recent three months, employer statements, or statement of receipts and expenses if self-employed. Documentation of earnings and income also includes copies of each parent's most recent federal tax returns, including W-2 forms, 1099 forms, unemployment compensation statements, workers' compensation statements, and all other documents evidencing income as*

received that provide verification of income over a longer period.

(b) If a parent under the jurisdiction of the court does not appear at a court hearing after proper notice of the time and place of the hearing, the court shall set income for that parent based on credible evidence before the court or in accordance with paragraph (c). Credible evidence may include documentation of current or recent income, testimony of the other parent concerning recent earnings and income levels, and the parent's wage reports filed with the Minnesota department of jobs and training under section 268.121.

(c) If the court finds that a parent is voluntarily unemployed or underemployed, child support shall be calculated based on a determination of imputed income. A parent is not considered voluntarily unemployed or underemployed upon a showing by the parent that the unemployment or underemployment: (1) is temporary and will ultimately lead to an increase in income; or (2) represents a bona fide career change that outweighs the adverse effect of that parent's diminished income on the child. Imputed income means the estimated earning ability of a parent based on the parent's prior earnings history, education, and job skills, and on availability of jobs within the community for an individual with the parent's qualifications. If the court is unable to determine or estimate the earning ability of a parent, the court may calculate child support based on full-time employment of 40 hours per week at the federal minimum wage or the Minnesota minimum wage, whichever is higher. If a parent is physically or mentally incapacitated, it shall be presumed that the parent is not voluntarily unemployed or underemployed.

Sec. 77. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

Subd. 5c. [CHILD SUPPORT GUIDELINES TO BE REVIEWED EVERY FOUR YEARS.] *No later than 1994 and every four years after that, the department of human services shall conduct a review of the child support guidelines.*

Sec. 78. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

Subd. 12. [OCCUPATIONAL LICENSE SUSPENSION.] *Upon petition of an obligee or public agency responsible for child support enforcement, if the court finds that the obligor is or may be licensed by a licensing board listed in section 214.01 and the obligor is in arrears in court-ordered child support payments, the court may direct the licensing board to conduct a hearing under section 214.101 concerning suspension of the obligor's license. If the obligor is a licensed attorney, the court may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct. Sec. 79. Minnesota Statutes 1990, section 518.64, is amended to read:

518.64 [MODIFICATION OF ORDERS OR DECREES.]

Subdivision 1. After an order for maintenance or support money, temporary or permanent, or for the appointment of trustees to receive property awarded as maintenance or support money, the court may from time to time, on ~~petition~~ *motion* of either of the parties, *a copy of which is served on the*

public authority responsible for child support enforcement if payments are made through it, or on ~~petition~~ *motion* of the public authority responsible for support enforcement, modify the order respecting the amount of maintenance or support money, and the payment of it, and also respecting the appropriation and payment of the principal and income of property held in trust, and may make an order respecting these matters which it might have made in the original proceeding, except as herein otherwise provided.

Subd. 2. [MODIFICATION.] (a) The terms of ~~a decree~~ *an order* respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party *or the child or children that are the subject of these proceedings*; (3) receipt of assistance under sections 256.72 to 256.87; or (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair.

The terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least $50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall ~~take into consideration the needs of the children~~ *apply section 518.551, subdivision 5,* and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party *and on the public authority if public assistance is being furnished or the county attorney is the attorney of record.* However, modification may be applied to an earlier period if the

court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability ~~or~~, a material misrepresentation of another party, *or fraud upon the court* and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

Subd. 3. Unless otherwise agreed in writing or expressly provided in the decree, the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

Subd. 4. Unless otherwise agreed in writing or expressly provided in the ~~decree~~ *order*, provisions for the support of a child are terminated by emancipation of the child but not by the death of a parent obligated to support the child. When a parent obligated to pay support dies, the amount of support may be modified, revoked, or commuted to a lump sum payment, to the extent just and appropriate in the circumstances.

Subd. 5. [FORM.] The department of human services shall prepare and make available to courts, obligors and persons to whom child support is owed a form to be submitted by the obligor or the person to whom child support is owed in support of a motion for a modification of an order ~~pursuant to this section or section 256.87~~ *for support or maintenance*. The rulemaking provisions of chapter 14 shall not apply to the preparation of the form.

Subd. 6. [EXPEDITED PROCEDURE.] *(a) The public authority may seek a modification of the child support order in accordance with the rules of civil procedure or under the expedited procedures in this subdivision.*

(b) The public authority may serve the following documents upon the obligor either by certified mail or in the manner provided for service of a summons under the rules of civil procedure:

(i) a notice of its application for modification of the obligor's support order stating the amount and effective date of the proposed modification which date shall be no sooner than 30 days from the date of service;

(ii) an affidavit setting out the basis for the modification under subdivision 2, including evidence of the current income of the parties;

(iii) any other documents the public authority intends to file with the court in support of the modification;

(iv) the proposed order;

(v) notice to the obligor that if the obligor fails to move the court and request a hearing on the issue of modification of the support order within 30 days of service of the notice of application for modification, the public authority will likely obtain an order, ex parte, modifying the support order;

and

(vi) an explanation to the obligor of how a hearing can be requested, together with a motion for review form that the obligor can complete and file with the court to request a hearing.

(c) If the obligor moves the court for a hearing, any modification must be stayed until the court has had the opportunity to determine the issue. Any modification ordered by the court is effective on the date set out in the notice of application for modification, but no earlier than 30 days following the date the obligor was served.

(d) If the obligor fails to move the court for hearing within 30 days of service of the notice, the public authority shall file with the court a copy of the notice served on the obligor as well as all documents served on the obligor, proof of service, and a proposed order modifying support.

(e) If, following judicial review, the court determines that the procedures provided for in this subdivision have been followed and the requested modification is appropriate, the order shall be signed ex parte and entered.

(f) Failure of the court to enter an order under this subdivision does not prejudice the right of the public authority or either party to seek modification in accordance with the rules of civil procedure.

(g) The supreme court shall develop standard forms for the notice of application of modification of the support order, the supporting affidavit, the obligor's responsive motion, and proposed order granting the modification.

If no appropriate services are available in Minnesota or within the geographical area in which the residents of the county normally do business, the commissioner is responsible for 50 percent of the nonfederal costs of out-of-state treatment of children for whom no appropriate resources are available in Minnesota. Counties are eligible to receive enhanced state funding under this section only if they have established juvenile screening teams under section 260.151, subdivision 3.*

Sec. 21. Minnesota Statutes 1990, section 245.4882, is amended by adding a subdivision to read:

Subd. 6. [ADMISSION, CONTINUED STAY, AND DISCHARGE CRITERIA.] *No later than January 1, 1992, the county board shall ensure that placement decisions for acute care hospital inpatient treatment services are based on the clinical needs of the child and, if appropriate, the child's family. The county board shall ensure that each entity under contract with the county to provide acute care hospital treatment services has admission, continued stay, discharge criteria and discharge planning criteria as part of the contract. Contracts should specify the specific responsibilities between the county and service providers to ensure comprehensive planning and continuity of care between needed services according to data privacy requirements. All contracts for the provision of acute care hospital inpatient treatment services must include provisions guaranteeing clients the right to appeal under section 245.4886 and to be advised of their appeal rights.*

Sec. 22. Minnesota Statutes 1990, section 245.4884, subdivision 1, is amended to read:

Subdivision 1. [AVAILABILITY OF FAMILY COMMUNITY SUPPORT SERVICES.] By July 1, 1991, county boards must provide or contract for sufficient family community support services within the county to meet the

needs of each child with severe emotional disturbance who resides in the county and the child's family. Children or their parents may be required to pay a fee in accordance with section 245.481.

Family community support services must be designed to improve the ability of children with severe emotional disturbance to:

(1) ~~handle~~ *manage* basic activities of daily living;

(2) ~~improve functioning~~ *function appropriately* in *home,* school, *and community* settings;

(3) participate in leisure time or community youth activities;

(4) set goals and plans;

(5) reside with the family in the community;

(6) participate in after-school and summer activities;

(7) make a smooth transition among mental health *and education* services provided to children; and

(8) make a smooth transition into the adult mental health system as appropriate.

In addition, family community support services must be designed to improve overall family functioning if clinically appropriate to the child's needs, and to reduce the need for and use of placements more intensive, costly, or restrictive both in the number of admissions and lengths of stay than indicated by the child's diagnostic assessment.

Sec. 23. Minnesota Statutes 1990, section 245.4885, subdivision 1, is amended to read:

Subdivision 1. [SCREENING REQUIRED.] The county board shall, ~~upon~~ *prior to* admission, *except in the case of emergency admission,* screen all children ~~admitted~~ *referred* for treatment of severe emotional disturbance to a residential treatment facility~~, an acute care hospital,~~ or informally admitted to a regional treatment center if public funds are used to pay for the services. *The county board shall also screen all children admitted to an acute care hospital for treatment of severe emotional disturbance if public funds other than reimbursement under chapters 256B and 256D are used to pay for the services.* If a child is admitted to a residential treatment facility or acute care hospital for emergency treatment ~~of emotional disturbance~~ or held for emergency care by a regional treatment center under section 253B.05, subdivision 1, screening must occur within ~~five~~ *three* working days of admission. Screening shall determine whether the proposed treatment:

(1) is necessary;

(2) is appropriate to the child's individual treatment needs;

(3) cannot be effectively provided in the child's home; and

(4) provides a length of stay as short as possible consistent with the individual child's need.

Screening shall include both a diagnostic assessment and a functional assessment which evaluates family, school, and community living situations. If a diagnostic assessment or functional assessment has been completed by a mental health professional within 180 days, a new diagnostic or functional

assessment need not be completed unless in the opinion of the current treating mental health professional the child's mental health status has changed markedly since the assessment was completed. The child's parent shall be notified if an assessment will not be completed and of the reasons. A copy of the notice shall be placed in the child's file. Recommendations developed as part of the screening process shall include specific community services needed by the child and, if appropriate, the child's family, and shall indicate whether or not these services are available and accessible to the child and family.

During the screening process, the child, child's family, or child's legal representative, as appropriate, must be informed of the child's eligibility for case management services *and family community support services* and that an individual family community support plan is being developed by the case manager, if assigned.

Screening shall be in compliance with section 256E.07 or 257.071, whichever applies. Wherever possible, the parent shall be consulted in the screening process, unless clinically inappropriate.

The screening process, and placement decision, *and recommendations for mental health services* must be documented in the child's record.

An alternate review process may be approved by the commissioner if the county board demonstrates that an alternate review process has been established by the county board and the times of review, persons responsible for the review, and review criteria are comparable to the standards in clauses (1) to ~~(5)~~ *(4)*.

Sec. 24. Minnesota Statutes 1990, section 245.4885, subdivision 2, is amended to read:

Subd. 2. [QUALIFICATIONS.] No later than July 1, 1991, screening of children for residential and inpatient services must be conducted by a mental health professional. *Where appropriate and available, special mental health consultants must participate in the screening.* Mental health professionals providing screening for inpatient and residential services must not be financially affiliated with any acute care inpatient hospital, residential treatment facility, or regional treatment center. The commissioner may waive this requirement for mental health professional participation after July 1, 1991, if the county documents that:

(1) mental health professionals or mental health practitioners are unavailable to provide this service; and

(2) services are provided by a designated person with training in human services who receives clinical supervision from a mental health professional.

Sec. 25. Minnesota Statutes 1990, section 245.4885, is amended by adding a subdivision to read:

Subd. 3a. [SUMMARY DATA COLLECTION.] *The county board shall annually collect summary information on the number of children screened, the age and racial or ethnic background of the children, the presenting problem, and the screening recommendations. The county shall include information on the degree to which these recommendations are followed and the reasons for not following recommendations. Summary data shall be available to the public and shall be used by the county board and local children's advisory council to identify needed service development.*

Sec. 26. [245.4886] [CHILDREN'S COMMUNITY-BASED MENTAL HEALTH FUND.]

Subdivision 1. [STATEWIDE PROGRAM; ESTABLISHMENT.] *The commissioner shall establish a statewide program to assist counties in providing services to children with severe emotional disturbance as defined in section 245.4871, subdivision 15, and their families. Services must be designed to help each child to function and remain with the child's family in the community. The commissioner shall make grants to counties to establish, operate, or contract with private providers to provide the following services in the following order of priority when these cannot be reimbursed under section 256B.0625:*

(1) family community support services including crisis placement and crisis respite care as specified in section 245.4871, subdivision 17;

(2) case management services as specified in section 245.4871, subdivision 3;

(3) day treatment services as specified in section 245.4871, subdivision 10;

(4) professional home-based family treatment as specified in section 245.4871, subdivision 31; and

(5) therapeutic support of foster care as specified in section 245.4871, subdivision 34.

Funding appropriated beginning July 1, 1991, must be used by county boards to provide family community support services and case management services. Additional services shall be provided in the order of priority as identified in this subdivision.

Subd. 2. [GRANT APPLICATION AND REPORTING REQUIREMENTS.] *To apply for a grant a county board shall submit an application and budget for the use of the money in the form specified by the commissioner. The commissioner shall make grants only to counties whose applications and budgets are approved by the commissioner. In awarding grants, the commissioner shall give priority to those counties whose applications indicate plans to collaborate in the development, funding, and delivery of services with other agencies in the local system of care. The commissioner may adopt emergency and permanent rules to govern grant applications, approval of applications, allocation of grants, and maintenance of financial statements by grant recipients and may establish grant requirements for the fiscal year ending June 30, 1992, without adopting rules. The commissioner shall specify requirements for reports, including quarterly fiscal reports, according to section 256.01, subdivision 2, paragraph (17). The commissioner shall require collection of data and periodic reports which the commissioner deems necessary to demonstrate the effectiveness of each service in realizing the stated purpose as specified for family community support in section 245.4884, subdivision 1; therapeutic support of foster care in section 245.4884, subdivision 4; professional home-based family treatment in section 245.4884, subdivision 3; day treatment in section 245.4884, subdivision 2; and case management in section 245.4881.*

Sec. 27. Minnesota Statutes 1990, section 245.697, subdivision 1, is amended to read:

in accordance with federal requirements. The council must be composed of:

(1) the assistant commissioner of mental health for the department of human services;

(2) a representative of the department of human services responsible for the medical assistance program;

(3) one member of each of the four core mental health professional disciplines (psychiatry, psychology, social work, nursing);

(8) legislators;

(9) social service agency directors;

The council shall select a chair. Terms, compensation, and removal of members and filling of vacancies are governed by section 15.059. The council does not expire as provided in section 15.059. *The commissioner of human services shall provide staff support and supplies to the council.*

Sec. 28. Minnesota Statutes 1990, section 246.18, subdivision 4, is amended to read:

Subd. 4. [COLLECTIONS DEPOSITED IN MEDICAL ASSISTANCE ACCOUNT.] Except as provided in ~~subdivision~~ *subdivisions 2 and 5*, all receipts from collection efforts for the regional treatment centers, state nursing homes, and other state facilities as defined in section 246.50, subdivision 3, must be deposited in the medical assistance account and are appropriated for that purpose. The commissioner shall ensure that the departmental financial reporting systems and internal accounting procedures comply with federal standards for reimbursement for program and administrative expenditures and fulfill the purpose of this paragraph.

Sec. 29. Minnesota Statutes 1990, section 246.18, is amended by adding a subdivision to read:

Subd. 5. [FUNDED DEPRECIATION ACCOUNTS FOR STATE-OPERATED, COMMUNITY-BASED PROGRAMS.] *Separate interest-bearing funded depreciation accounts shall be established in the state treasury for state-operated, community-based programs meeting the definition of a facility in Minnesota Rules, part 9553.0020, subpart 19, or a vendor in section 252.41, subdivision 9. As payments for state-operated community-based services are received by the commissioner, the portion of the payment rate representing allowable depreciation expense and the capital debt reduction allowance shall be deposited in the state treasury and credited to the separate interest-bearing accounts as dedicated receipts with unused funds carried*

over to the next fiscal year. Funds within these funded depreciation accounts are appropriated to the commissioner of human services for the purchase or replacement of capital assets or payment of capitalized repairs for each respective program. These accounts will satisfy the requirements of Minnesota Rules, part 9553.0060, subparts 1, item E, and 5.

Sec. 30. Minnesota Statutes 1990, section 251.011, subdivision 3, is amended to read:

Subd. 3. [AH-GWAH-CHING ~~NURSING HOME~~ *CENTER.*] When tuberculosis treatment is discontinued at Ah-Gwah-Ching that facility may be used by the commissioner of human services for the care of geriatric patients, and shall be known as the Ah-Gwah-Ching ~~Nursing Home~~ *Center.*

Sec. 31. Minnesota Statutes 1990, section 251.011, subdivision 4a, is amended to read:

Subd. 4a. [NURSING HOME BEDS AT REGIONAL TREATMENT CENTERS.] The commissioner shall operate the following number of nursing home beds at regional treatment centers in addition to current capacity: at Brainerd, 105 beds; at Cambridge, 70 beds; and at Fergus Falls, 85 beds. The commissioner may operate nursing home beds at other regional treatment centers as necessary to provide an appropriate level of care for persons served at those centers. *The commissioner shall develop the regional treatment center nursing home beds authorized in the worksheets of the house appropriations and senate finance committees. The commissioner shall finance the purchase or construction of the nursing home beds with the Minnesota housing finance agency. The commissioner shall make payments through the department of administration to the Minnesota housing finance agency in repayment of mortgage loans granted for the purposes of this section.*

Sec. 32. Minnesota Statutes 1990, section 252.27, subdivision 1a, is amended to read:

Subd. 1a. [DEFINITIONS.] A person has a "related condition" if that person has a severe, chronic disability that ~~is~~ *meets all of the following conditions:* (a) *is* attributable to cerebral palsy, epilepsy, autism, Prader-Willi syndrome, or any other condition, other than mental illness, found to be closely related to mental retardation because the condition results in impairment of general intellectual functioning or adaptive behavior similar to that of persons with mental retardation ~~or~~ *and* requires treatment or services similar to those required for persons with mental retardation; (b) *is manifested before the person reaches 22 years of age; (c)* is likely to continue indefinitely; and ~~(c)~~ *(d)* results in substantial functional limitations in three or more of the following areas of major life activity: *(1)* self-care, *(2)* understanding and use of language, *(3)* learning, *(4)* mobility, *(5)* self-direction, ~~or~~ *(6)* capacity for independent living. For the purposes of this section, a child has an "emotional handicap" if the child has a psychiatric or other emotional disorder which substantially impairs the child's mental health and requires 24-hour treatment or supervision.

Sec. 33. Minnesota Statutes 1990, section 252.27, subdivision 2a, is amended to read:

Subd. 2a. [CONTRIBUTION AMOUNT.] (a) The natural or adoptive parents of a minor child, including a child determined eligible for medical assistance without consideration of parental income, must contribute monthly to the cost of services, unless the child is married or has been

married, parental rights have been terminated, or the child's adoption is subsidized according to section 259.40 or through title IV-E of the Social Security Act.

(b) The parental contribution ~~equals the following percentage of that portion of~~ *shall be computed by applying to* the *adjusted gross* income of the natural or adoptive parents that exceeds 200 percent of the federal poverty guidelines for the applicable household size, *the following schedule of rates*:

~~Adjusted Gross Income~~	~~Percentage contribution exceeding 200 percent of poverty~~
~~Under $49,999~~	~~10~~
~~$50,000 to $59,999~~	~~12~~
~~$60,000 to $74,999~~	~~14~~
~~$75,000 or more~~	~~15~~

(1) on the amount of adjusted gross income over 200 percent of poverty, but not over $50,000, ten percent;

(2) on the amount of adjusted gross income over 200 percent of poverty and over $50,000 but not over $60,000, 12 percent;

(3) on the amount of adjusted gross income over 200 percent of poverty, and over $60,000 but not over $75,000, 14 percent; and

(4) on all adjusted gross income amounts over 200 percent of poverty, and over $75,000, 15 percent.

If the child lives with the parent, the parental contribution is reduced by $200. If the child resides in an institution specified in section 256B.35, the parent is responsible for the personal needs allowance specified under that section in addition to the parental contribution determined under this section. The parental contribution is reduced by any amount required to be paid directly to the child pursuant to a court order, but only if actually paid.

(c) The household size to be used in determining the amount of contribution under paragraph (b) includes natural and adoptive parents and their dependents under age 21, including the child receiving services. Adjustments in the contribution amount due to annual changes in the federal poverty guidelines shall be implemented on the first day of July following publication of the changes.

(d) For purposes of paragraph (b), "income" means the adjusted gross income of the natural or adoptive parents determined according to the previous year's federal tax form.

(e) The contribution shall be explained in writing to the parents at the time eligibility for services is being determined. The contribution shall be made on a monthly basis effective with the first month in which the child receives services. Annually upon redetermination or at termination of eligibility, if the contribution exceeded the cost of services provided, the local agency or the state shall reimburse that excess amount to the parents, either by direct reimbursement if the parent is no longer required to pay a contribution, or by a reduction in or waiver of parental fees until the excess amount is exhausted.

(f) The monthly contribution amount must be reviewed at least every 12 months; when there is a change in household size; and when there is a loss of or gain in income from one month to another in excess of ten percent. The local agency shall mail a written notice 30 days in advance of the

effective date of a change in the contribution amount. A decrease in the contribution amount is effective in the month that the parent verifies a reduction in income or change in household size.

(g) Parents of a minor child who do not live with each other shall each pay the contribution required under paragraph (a), except that a court-ordered child support payment actually paid on behalf of the child receiving services shall be deducted from the contribution of the parent making the payment.

(h) The contribution under paragraph (b) shall be increased by an additional five percent if the local agency determines that insurance coverage is available but not obtained for the child. For purposes of this section, "available" means the insurance is a benefit of employment for a family member at an annual cost of no more than five percent of the family's annual income. For purposes of this section, insurance means health and accident insurance coverage, enrollment in a nonprofit health service plan, health maintenance organization, self-insured plan, or preferred provider organization.

Parents who have more than one child receiving services shall not be required to pay more than the amount for the child with the highest expenditures. There shall be no resource contribution from the parents. The parent shall not be required to pay a contribution in excess of the cost of the services provided to the child, not counting payments made to school districts for education-related services. Notice of an increase in fee payment must be given at least 30 days before the increased fee is due.

Sec. 34. Minnesota Statutes 1990, section 252.275, is amended to read:

252.275 [SEMI-INDEPENDENT LIVING SERVICES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.]

Subdivision 1. [PROGRAM.] The commissioner of human services shall establish a statewide program to ~~assist counties in reducing the utilization of intermediate care services in state hospitals and in community residential facilities, including nursing homes,~~ *provide support* for persons with mental retardation or related conditions *to live as independently as possible in the community. An objective of the program is to reduce unnecessary use of intermediate care facilities for persons with mental retardation or related conditions and home and community-based services.* The commissioner shall ~~make grants to~~ *reimburse* county boards ~~to establish, operate, or contract~~ for the provision of semi-independent living services licensed by the commissioner pursuant to sections 245A.01 to 245A.16 and 252.28, *and for the provision of one-time living allowances to secure and furnish a home for a person who will receive semi-independent living services under this section, if other public funds are not available for the allowance.*

For the purposes of this section, "semi-independent living services" means training and assistance in managing money, preparing meals, shopping, maintaining personal appearance and hygiene, and other activities which are needed to maintain and improve an adult with mental retardation or a related condition's capability to live in the community. Eligible persons must be age 18 or older, must need less than a 24-hour plan of care, and must be unable to function independently without semi-independent living services.

Semi-independent living services costs and one-time living allowance costs may be paid directly by the county, or may be paid by the recipient

with a voucher or cash issued by the county.

Subd. 1a. [SERVICE REQUIREMENTS.] *The methods, materials, and settings used to provide semi-independent living services to a person must be designed to:*

(1) increase the person's independence in performing tasks and activities by teaching skills that reduce dependence on caregivers;

(2) provide training in an environment where the skill being taught is typically used;

(3) increase the person's opportunities to interact with nondisabled individuals who are not paid caregivers;

(4) increase the person's opportunities to use community resources and participate in community activities, including recreational, cultural, and educational resources, stores, restaurants, religious services, and public transportation;

(5) increase the person's opportunities to develop decision-making skills and to make informed choices in all aspects of daily living, including:

(i) selection of service providers;

(ii) goals and methods;

(iii) location and decor of residence;

(iv) roommates;

(v) daily routines;

(vi) leisure activities; and

(vii) personal possessions;

(6) provide daily schedules, routines, environments and interactions similar to those of nondisabled individuals of the same chronological age; and

(7) comply with section 245.825, subdivision 1.

~~Subd. 2. [APPLICATION; CRITERIA.] To apply for a grant, a county board shall submit an application and budget for use of grant money in the form specified by the commissioner. The commissioner shall make grants only to counties whose applications and budgets or portions thereof are approved by the commissioner.~~

Subd. 3. [REIMBURSEMENT.] ~~On or before September 1 of each year, the commissioner shall allocate available funds to the counties which have approved plans and budgets. The commissioner shall disburse the funds on a quarterly basis during the fiscal year to reimburse counties for costs incurred in providing services to individual clients in accordance with the approved plans and budgets.~~ *Counties shall be reimbursed for all expenditures made pursuant to subdivision 1 at a rate of 70 percent, up to the allocation determined pursuant to subdivisions 4, 4a, and 4b. However, the commissioner shall not reimburse costs of services for any person if the costs exceed the state share of the average medical assistance costs for services provided by intermediate care facilities for a person with mental retardation or a related condition for the same fiscal year, and shall not reimburse costs of a one-time living allowance for any person if the costs exceed $1,500 in a state fiscal year. For the biennium ending June 30, 1993, the commissioner shall not reimburse costs in excess of the 85th percentile of hourly service*

costs based upon the cost information supplied to the legislature in the proposed budget for the biennium. The commissioner may make payments to each county in quarterly installments. The commissioner may certify an advance of up to 25 percent of the allocation. Subsequent payments shall be made on a reimbursement basis for reported expenditures and may be adjusted for anticipated spending patterns.

Subd. 4. [FORMULA.] ~~From the appropriations made available for this program, the commissioner shall allocate grants under this section to finance up to 95 percent of each county's approved budget for semi-independent living services for persons with mental retardation or related conditions. The commissioner shall not approve budgeted costs for services for any person which exceed the state share of the average medical assistance costs for services provided by intermediate care facilities for a person with mental retardation or a related condition for the same fiscal year.~~ *Effective January 1, 1992, the commissioner shall allocate funds on a calendar year basis. For calendar year 1992, funds shall be allocated based on each county's portion of the statewide reimbursement received under this section for state fiscal year 1991. For subsequent calendar years, funds shall be allocated based on each county's portion of the statewide expenditures eligible for reimbursement under this section during the 12 months ending on June 30 of the preceding calendar year.*

If the legislature appropriates funds for special purposes, the commissioner may allocate the funds based on proposals submitted by the counties to the commissioner in a format prescribed by the commissioner. Nothing in this ~~subdivision~~ *section* prevents a county from using other funds to pay for additional costs of semi-independent living services.

~~As of July 1, 1987, the commissioner shall allocate funds and reimburse county costs for persons approved for funding. The commissioner shall proportionally allocate funds to counties based on the approved budgeted costs for persons approved for funding. The commissioner shall adjust county grants based on actual approved expenditures and shall reallocate funds to the extent necessary. The commissioner may set aside up to two percent of the appropriations to fund county demonstration projects that improve the efficiency and effectiveness of semi-independent living services.~~

Subd. 4a. [FORMULA LIMITATION.] *For calendar year 1993 and all subsequent years, the amounts computed pursuant to subdivision 4 shall be subject to the following limitation: no county shall be allocated an amount less than its guaranteed floor as provided in subdivision 4b. If the amount allocated to any county pursuant to subdivision 4 would be less than its guaranteed floor, the shortage shall be recovered proportionally from all counties which would be allocated more than their guaranteed floor.*

Subd. 4b. [GUARANTEED FLOOR.] *Each county with an original allocation for the preceding year that is equal to or less than the guaranteed floor minimum index shall have a guaranteed floor equal to its original allocation for the preceding year. Each county with an original allocation for the preceding year that is greater than the guaranteed floor minimum index shall have a guaranteed floor equal to the lesser of clause (1) or (2):*

(1) the county's original allocation for the preceding year; or

(2) 70 percent of the county's reported expenditures eligible for reimbursement during the 12 months ending on June 30 of the preceding calendar year.

For calendar year 1993, the guaranteed floor minimum index shall be $20,000. For each subsequent year, the index shall be adjusted by the projected change in the average value in the United States Department of Labor Bureau of Labor Statistics consumer price index (all urban) for that year.

When the amount of funds available for allocation is less than the amount available in the previous year, each county's previous year allocation shall be reduced in proportion to the reduction in the statewide funding, to establish each county's guaranteed floor.

Subd. 4c. [REVIEW OF FUNDS; REALLOCATION.] *After each quarter, the commissioner shall review county program expenditures. The commissioner may reallocate unexpended money at any time among those counties which have earned their full allocation.*

Subd. 5. [DISPLACED HOSPITAL WORKERS.] Providers of semi-independent living services shall make reasonable efforts to hire qualified employees of ~~state hospital~~ *regional treatment center* mental retardation units who have been displaced by reorganization, closure, or consolidation of ~~state hospital~~ *regional treatment center* mental retardation units.

Subd. 6. [RULES.] The commissioner ~~shall~~ *may* adopt emergency and permanent rules in accordance with chapter 14 to govern ~~grant applications, criteria for approval of applications,~~ allocation ~~of grants, and maintenance of program and financial statements by grant recipients~~, *reimbursement, and compliance*.

Subd. 7. [REPORTS.] The commissioner shall specify requirements for reports, including quarterly fiscal *and annual program* reports, according to section 256.01, subdivision 2, paragraph (17).

Subd. 8. [USE OF FEDERAL FUNDS.] The commissioner shall *make every reasonable effort to* maximize the use of federal funds for semi-independent living services.

Subd. 9. [COMPLIANCE.] *If a county board or provider under contract with a county board to provide semi-independent living services does not comply with this section and the rules adopted by the commissioner of human services under this section, including the reporting requirements, the commissioner may recover, suspend, or withhold payments.*

Sec. 35. Minnesota Statutes 1990, section 252.28, subdivision 1, is amended to read:

Subdivision 1. [DETERMINATIONS; BIENNIAL REDETERMINATIONS.] In conjunction with the appropriate county boards, the commissioner of human services shall determine, and shall redetermine biennially, the need, location, size, and program of public and private residential *services* and day ~~care facilities and~~ *training and habilitation* services for ~~children and adults~~ *persons* with mental retardation or related conditions. *This subdivision does not apply to semi-independent living services and residential-based habilitation services provided to four or fewer persons at a single site funded as home and community-based services.*

Sec. 36. Minnesota Statutes 1990, section 252.28, subdivision 3, is amended to read:

Subd. 3. [LICENSING DETERMINATIONS.] (1) No new license shall be granted pursuant to this section when the issuance of the license would

substantially contribute to an excessive concentration of community residential facilities within any town, municipality or county of the state.

(2) In determining whether a license shall be issued pursuant to this subdivision, the commissioner of human services shall specifically consider the population, size, land use plan, availability of community services and the number and size of existing public and private community residential facilities in the town, municipality or county in which a licensee seeks to operate a residence. Under no circumstances may the commissioner newly license any facility pursuant to this section except as provided in section 245A.11. The commissioner of human services shall establish uniform rules to implement the provisions of this subdivision.

(3) Licenses for community facilities and services shall be issued pursuant to section 245.821.

(4) No new license shall be granted for a residential program that provides home and community-based waivered services to more than four individuals at a site, except as authorized by the commissioner for emergency situations that would result in the placement of individuals into regional treatment centers. Such licenses shall not exceed 24 months.

(5) The commissioner shall not approve a determination of need application that requests that an existing residential program license under Minnesota Rules, parts 9525.0215 to 9525.0355 be modified in a manner that would result in the issuance of two or more licenses for the same residential program at the same location.

Sec. 37. Minnesota Statutes 1990, section 252.28, is amended by adding a subdivision to read:

Subd. 5. [APPEALS.] *A county may appeal a determination of need, size, location, or program according to chapter 14. Notice of appeals must be provided to the commissioner within 30 days after the receipt of the commissioner's determination.*

Sec. 38. [252.293] [EMERGENCY RELOCATIONS.]

Subdivision 1. [EMERGENCY TRANSFERS.] *In emergency situations, the commissioner of human services may order the relocation of existing intermediate care facility for persons with mental retardation or related conditions beds, transfer residents, and establish an interim payment rate under the procedures contained in Minnesota Rules, part 9553.0075, for up to two years, as necessary to ensure the replacement of the original services for the residents. The payment rate must be based on projected costs and is subject to settle up. An emergency situation exists when it appears to the commissioner of human services that the health, safety, or welfare of residents may be in jeopardy due to imminent or actual loss of use of the physical plant or damage to the physical plant making it temporarily or permanently uninhabitable. The subsequent rate for a facility providing services for the same resident following the temporary emergency situation must be based upon the costs incurred during the interim period if the residents are permanently placed in the same facility. If the residents need to be relocated for permanent placements, the temporary emergency location must close and the procedures for establishing rates for newly constructed or newly established facilities must be followed. This provision regarding emergency situations does not apply to facilities placed in receivership by the commissioner of human services under section 245A.12 or 245A.13, or facilities that have rates set under section 252.292, subdivision*

4, or to relocations of residents to existing facilities.

Subd. 2. [APPROVAL OF TEMPORARY LOCATIONS.] *The commissioner of human services shall notify the commissioner of health of the existence of the emergency and the decision to order the relocation of residents. 252.32 [FAMILY ~~SUBSIDY~~ *SUPPORT* PROGRAM.]

Subdivision 1. [PROGRAM ESTABLISHED~~; APPLICATION~~.] *In accordance with state policy established in section 256F.01 that all children are entitled to live in families that offer safe, nurturing, permanent relationships, and that public services be directed toward preventing the unnecessary separation of children from their families, and because many families who have children with mental retardation or related conditions have special needs and expenses that other families do not have,* the commissioner of human services shall establish a program to ~~provide subsidies to families to enable them to care for their dependents with handicaps in their own home~~ *assist families who have dependents with mental retardation or related conditions living in their home. The program shall make support grants available to the families.*

Subd. 1a. [SUPPORT GRANTS.] ~~This program~~ *(a) Provision of support grants* must be limited to families *who require support and* whose dependents are under the age of 22 and ~~who are mentally retarded or~~ who have *mental retardation or who have* a related condition and ~~otherwise would require or be eligible for placement in a licensed residential facility as set forth in section 245A.02, subdivision 6~~ *who have been determined by a screening team established under section 256B.092 to require the level of care provided by an intermediate care facility for persons with mental retardation or related conditions. Families who are receiving home and community-based waivered services are not eligible for support grants. Families whose annual adjusted gross income is $60,000 or more are not eligible for support grants except in cases where extreme hardship is demonstrated. Beginning in state fiscal year 1994, the commissioner shall adjust the income ceiling annually to reflect the projected change in the average value in the United States Department of Labor Bureau of Labor Statistics consumer price index (all urban) for that year.*

(b) Support grants may be made available as monthly subsidy grants and lump sum grants.

(c) Support grants may be issued in the form of cash, voucher, and direct county payment to a vendor.

(d) Applications for the ~~subsidy~~ *support grant* shall be made by the county social service agency to the department of human services. The application shall specify the needs of the family, *the form of the grant requested by the family,* and how the ~~subsidy will be used~~ *family intends to use the support grant and recommendations of the county.*

(e) Families who were receiving subsidies on the date of implementation of the $60,000 income limit in paragraph (a) continue to be eligible for a family support grant until December 31, 1991, if all other eligibility criteria are met. After December 31, 1991, these families are eligible for a grant in the amount of one-half the grant they would otherwise receive, for as long as they remain eligible under other eligibility criteria.

Subd. 2. [INDIVIDUAL SERVICE PLAN.] *Before a support grant is issued,* an individual service plan for the dependent *as required by section 256E.08 and the rules adopted thereunder, or an individual service plan as requested by the family and defined in 256B.092,* shall be developed by the county social service agency and agreed upon by the parents. A transitional plan shall be developed for the dependent when the dependent turns age 17 in order to assure an orderly transition to other services when the family terminates services from this program and to assure that an application is made for supplemental security income and other benefits.

Subd. 3. [~~SUBSIDY~~ AMOUNT *OF SUPPORT GRANT*; USE.] ~~Subsidy~~ *Support grant* amounts shall be determined by the commissioner of human services. ~~The subsidy may be used to cover the costs of special equipment, special clothing or diets, related transportation, therapy, medications, respite care, medical care, diagnostic assessments, modifications to the home and vehicle, and other services or items that assist the family and dependent.~~ *Each service and item purchased with a support grant must:*

(2) be directly attributable to the dependent's disabling condition; and

(3) enable the family to delay or prevent the out-of-home placement of the dependent.

The design and delivery of services and items purchased under this section must suit the dependent's chronological age and be provided in the least restrictive environment possible, consistent with the needs identified in the individual service plan.

Items and services purchased with support grants must be those for which there are no other public or private funds available to the family. Fees assessed to parents for health or human services that are funded by federal, state, or county dollars are not reimbursable through this program.

The maximum monthly amount shall be $250 *per eligible dependent, or $3,000 per eligible dependent per state fiscal year, within the limits of available funds. During fiscal year 1992 and 1993, the maximum monthly grant awarded to families who are eligible for medical assistance shall be $200, except in cases where extreme hardship is demonstrated.* The commissioner may consider the ~~child's~~ *dependent's* supplemental security income in determining the amount of the ~~subsidy~~ *support grant.* A variance may be granted by the commissioner to exceed ~~$250~~ *$3,000 per state fiscal year*

per eligible dependent for emergency circumstances in cases where exceptional resources of the family are required to meet the health, welfare-safety needs of the child~~, for a period not to exceed 90 days per fiscal year~~. The commissioner may set aside ~~one~~ *up to five* percent of the appropriation to fund emergency situations.

Subd. 3a. [REPORTS AND REIMBURSEMENT.] *The commissioner shall specify requirements for quarterly fiscal and annual program reports according to section 256.01, subdivision 2, paragraph (17). ~~(b) In addition to the requirements of paragraph (a), the following conditions apply to the discharge of persons with mental retardation or a related condition from a regional treatment center:~~

~~(1) For a person under public guardianship, at least two weeks prior to each screening team meeting the case manager must notify in writing parents, near relatives, and the ombudsman established under section 245.92 or a designee, and invite them to attend. The notice to parents and near relatives must include: (i) notice of the provisions of section 252A.03, subdivision 4, regarding assistance to persons interested in assuming private guardianship; (ii) notice of the rights of parents and near relatives to object to a proposed discharge by requesting a review as provided in clause (7); and (iii) information about advocacy services available to assist parents and near relatives of persons with mental retardation or related conditions. In the case of an emergency screening meeting, the notice must be provided as far in advance as practicable.~~

~~(2) Prior to the discharge, a screening must be conducted under subdivision 8 and a plan developed under subdivision 1a. For a person under public guardianship, the county shall encourage parents and near relatives to participate in the screening team meeting. The screening team shall consider the opinions of parents and near relatives in making its recommendations. The screening team shall determine that the services outlined in the plan are available in the community before recommending a discharge. The case manager shall provide a copy of the plan to the person, legal representative, parents, near relatives, the ombudsman established under section 245.92, and the protection and advocacy system established under United States Code,~~

~~title 42, section 6042, at least 30 days prior to the date the proposed discharge is to occur. The information provided to parents and near relatives must include notice of the rights of parents and near relatives to object to a proposed discharge by requesting a review as provided in clause (7). If a discharge occurs, the case manager and a staff person from the regional treatment center from which the person was discharged must conduct a monitoring visit as required in Minnesota Rules, part 9525.0115, within 90 days of discharge and provide an evaluation within 15 days of the visit to the person, legal representative, parents, near relatives, ombudsman, and the protection and advocacy system established under United States Code, title 42, section 6042.~~

~~(3) In order for a discharge or transfer from a regional treatment center to be approved, the concurrence of a majority of the screening team members is required. The screening team shall determine that the services outlined in the discharge plan are available and accessible in the community before the person is discharged. The recommendation of the screening team cannot be changed except by subsequent action of the team and is binding on the county and on the commissioner. If the commissioner or the county determines that the decision of the screening team is not in the best interests of the person, the commissioner or the county may seek judicial review of the screening team recommendation. A person or legal representative may appeal under section 256.045, subdivision 3 or 4a.~~

~~(4) For persons who have overriding health care needs or behaviors that cause injury to self or others, or cause damage to property that is an immediate threat to the physical safety of the person or others, the following additional conditions must be met:~~

~~(i) For a person with overriding health care needs, either a registered nurse or a licensed physician shall review the proposed community services to assure that the medical needs of the person have been planned for adequately. For purposes of this paragraph, "overriding health care needs" means a medical condition that requires daily clinical monitoring by a licensed registered nurse.~~

~~(ii) For a person with behaviors that cause injury to self or others, or cause damage to property that is an immediate threat to the physical safety of the person or others, a qualified mental retardation professional, as defined in paragraph (a), shall review the proposed community services to assure that the behavioral needs of the person have been planned for adequately. The qualified mental retardation professional must have at least one year of experience in the areas of assessment, planning, implementation, and monitoring of individual habilitation plans that have used behavior intervention techniques.~~

~~(5) No person with mental retardation or a related condition may be discharged from a regional treatment center before an appropriate community placement is available to receive the person.~~

~~(6) Effective July 1, 1991, a resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than 15 beds. Effective July 1, 1993, a resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than ten beds.~~

~~(7) If the person, legal representative, parent, or near relative of the person proposed to be discharged from a regional treatment center objects to the proposed discharge, the individual who objects to the discharge may request~~

~~a review under section 256.045, subdivision 4a, and may request reimbursement as allowed under section 256.045. The person must not be transferred from a regional treatment center while a review or appeal is pending. Within 30 days of the request for a review, the local agency shall conduct a conciliation conference and inform the individual who requested the review in writing of the action the local agency plans to take. The conciliation conference must be conducted in a manner consistent with section 256.045, subdivision 4a. A person, legal representative, parent, or near relative of the person proposed to be discharged who is not satisfied with the results of the conciliation conference may submit to the commissioner a written request for a hearing before a state human services referee under section 256.045, subdivision 4a. The person, legal representative, parent, or near relative of the person proposed to be discharged may appeal the order to the district court of the county responsible for furnishing assistance by serving a written copy of a notice of appeal on the commissioner and any adverse party of record within 30 days after the day the commissioner issued the order and by filing the original notice and proof of service with the court administrator of the district court. Judicial review must proceed under section 256.045, subdivisions 7 to 10. For a person under public guardianship, the ombudsman established under section 245.92 may object to a proposed discharge by requesting a review or hearing or by appealing to district court as provided in this clause. The person must not be transferred from a regional treatment center while a conciliation conference or appeal of the discharge is pending.~~

Subd. 8. [SCREENING TEAM DUTIES.] The screening team shall:

(a) review diagnostic data;

(b) review health, social, and developmental assessment data using a uniform screening tool specified by the commissioner;

(c) identify the level of services appropriate to maintain the person in the most normal and least restrictive setting that is consistent with the person's treatment needs;

(d) identify other noninstitutional public assistance or social service that may prevent or delay long-term residential placement;

(e) assess whether a ~~client~~ *person* is in need of long-term residential care;

(f) make recommendations regarding placement and payment for: (1) social service or public assistance support, *or both*, to maintain a ~~client~~ *person* in the ~~client's~~ *person's* own home or other place of residence; (2) training and habilitation service, vocational rehabilitation, and employment training activities; (3) community residential placement; (4) regional treatment center placement; or (5) a home and community-based *service* alternative to community residential placement or ~~state hospital~~ *regional treatment center* placement;

(g) evaluate the availability, location, and quality of the services listed in paragraph (f), including the impact of placement alternatives on the ~~client's~~ *person's* ability to maintain or improve existing patterns of contact and involvement with parents and other family members;

(h) identify the cost implications of recommendations in paragraph (f);

(i) make recommendations to a court as may be needed to assist the court in making ~~commitments~~ *decisions regarding commitment* of ~~mentally retarded~~ persons *with mental retardation*; and

(j) inform ~~clients~~ *the person and the person's legal guardian or conservator, or the parent if the person is a minor,* that appeal may be made to the commissioner pursuant to section 256.045.

Subd. 8a. [COUNTY CONCURRENCE.] *(a) When a person has been screened and authorized for services in an intermediate care facility for persons with mental retardation or related conditions or for home and community-based services for persons with mental retardation or related conditions, the case manager shall assist that person in identifying a service provider who is able to meet the needs of the person according to the person's individual service plan. If the identified service is to be provided in a county other than the county of financial responsibility, the county of financial responsibility shall request concurrence of the county where the person is requesting to receive the identified services. The county of service may refuse to concur if:*

(1) it can demonstrate that the provider is unable to provide the services identified in the person's individual service plan as services that are needed and are to be provided;

(2) in the case of an intermediate care facility for persons with mental retardation or related conditions, there has been no authorization for admission by the admission review team as required in section 256B.0925; or

(3) in the case of home and community-based services for persons with mental retardation or related conditions, the county of service can demonstrate that the prospective provider has failed to substantially comply with the terms of a past contract or has had a prior contract terminated within the last 12 months for failure to provide adequate services, or has received a notice of intent to terminate the contract.

(b) The county of service shall notify the county of financial responsibility of concurrence or refusal to concur no later than 20 working days following receipt of the written request. Unless other mutually acceptable arrangements are made by the involved county agencies, the county of financial responsibility is responsible for costs of social services and the costs associated with the development and maintenance of the placement. The county of service may request that the county of financial responsibility purchase case management services from the county of service or from a contracted provider of case management when the county of financial responsibility is not providing case management as defined in section 256B.092 and rules adopted under that section, unless other mutually acceptable arrangements are made by the involved county agencies. Standards for payment limits under this section may be established by the commissioner. Financial disputes between counties shall be resolved as provided in section 256G.09.

Subd. 9. [REIMBURSEMENT.] Payment *for services* shall not be provided to a service provider for any ~~recipient~~ *person* placed in an intermediate care facility for persons with mental retardation or related conditions prior to the ~~recipient~~ *person* being screened by the screening team. The commissioner shall not deny reimbursement for: (a) ~~an individual~~ *a person* admitted to an intermediate care facility for persons with mental retardation or related conditions who is assessed to need long-term supportive services, if long-term supportive services other than intermediate care are not available in that community; (b) any ~~individual~~ *person* admitted to an intermediate care facility for persons with mental retardation or related conditions under emergency circumstances; (c) any eligible ~~individual~~ *person* placed in the intermediate care facility for persons with mental retardation or related

conditions pending an appeal of the screening team's decision; or (d) any medical assistance recipient when, after full discussion of all appropriate alternatives including those that are expected to be less costly than intermediate care for persons with mental retardation or related conditions, the ~~individual~~ *person* or the ~~individual's~~ *person's* legal ~~representative~~ *guardian or conservator, or the parent if the person is a minor,* insists on intermediate care placement. The screening team shall provide documentation that the most cost effective alternatives available were offered to this individual or the individual's legal ~~representative~~ *guardian or conservator.*

Subd. 10. [ADMISSION OF PERSONS TO AND DISCHARGE OF PERSONS FROM REGIONAL TREATMENT CENTERS.] *(a) Prior to the admission of a person to a regional treatment center program for persons with mental retardation, the case manager shall make efforts to secure community-based alternatives. If these alternatives are rejected by the person, the person's legal guardian or conservator, or the county agency in favor of a regional treatment center placement, the case manager shall document the reasons why the alternatives were rejected.*

(b) When discharge of a person from a regional treatment center to a community-based service is proposed, the case manager shall convene the screening team and in addition to members of the team identified in subdivision 7, the case manager shall invite to the meeting the person's parents and near relatives, and the ombudsman established under section 245.92 if the person is under public guardianship. The meeting shall be convened at a time and place that allows for participation of all team members and invited individuals who choose to attend. The notice of the meeting shall inform the person's parents and near relatives about the screening team process, and their right to request a review if they object to the discharge, and shall provide the names and functions of advocacy organizations, and information relating to assistance available to individuals interested in establishing private guardianships under the provisions of section 252A.03. The screening team meeting shall be conducted according to subdivisions 7 and 8. Discharge of the person shall not go forward without consensus of the screening team.

(c) The results of the screening team meeting and individual service plan developed according to subdivision 1b shall be used by the interdisciplinary team assembled in accordance with Code of Federal Regulations, title 42, section 483.440, to evaluate and make recommended modifications to the individual service plan as proposed. The individual service plan shall specify postplacement monitoring to be done by the case manager according to section 253B.15, subdivision 1a.

(d) Notice of the meeting of the interdisciplinary team assembled in accordance with Code of Federal Regulations, title 42, section 483.440, shall be sent to all team members 15 days prior to the meeting, along with a copy of the proposed individual service plan. The case manager shall request that proposed providers visit the person and observe the person's program at the regional treatment center prior to the discharge. Whenever possible, preplacement visits by the person to proposed service sites should also be scheduled in advance of the meeting. Members of the interdisciplinary team assembled for the purpose of discharge planning shall include but not be limited to the case manager, the person, the person's legal guardian or conservator, parents and near relatives, the person's advocate, representatives of proposed community service providers, representatives of the regional treatment center residential and training and habilitation services,

a registered nurse if the person has overriding medical needs that impact the delivery of services, and a qualified mental retardation professional specializing in behavior management if the person to be discharged has behaviors that may result in injury to self or others. The case manager may also invite other service providers who have expertise in an area related to specific service needs of the person to be discharged.

(e) The interdisciplinary team shall review the proposed plan to assure that it identifies service needs, availability of services, including support services, and the proposed providers' abilities to meet the service needs identified in the person's individual service plan. The interdisciplinary team shall review the most recent licensing reports of the proposed providers and corrective action taken by the proposed provider, if required. The interdisciplinary team shall review the current individual program plans for the person and agree to an interim individual program plan to be followed for the first 30 days in the person's new living arrangement. The interdisciplinary team may suggest revisions to the service plan, and all team suggestions shall be documented. If the person is to be discharged to a community intermediate care facility for persons with mental retardation or related conditions, the team shall give preference to facilities with a licensed capacity of 15 or fewer beds. Thirty days prior to the date of discharge, the case manager shall send a final copy of the service plan to all invited members of the team, the ombudsman, if the person is under public guardianship, and the advocacy system established under United States Code, title 42, section 6042.

(f) No discharge shall take place until disputes are resolved under section 256.045, subdivision 4a, or until a review by the commissioner is completed upon request of the chief executive officer or program director of the regional treatment center, or the county agency. For persons under public guardianship, the ombudsman may request a review or hearing under section 256.045. Notification schedules required under this subdivision may be waived by members of the team when judged urgent and with agreement of the parents or near relatives participating as members of the interdisciplinary team.

Sec. 48. [256B.0925] [ADMISSION REVIEW TEAM FOR ADMISSIONS TO INTERMEDIATE CARE FACILITIES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.]

Subdivision 1. [DEFINITIONS.] *(a) For purposes of this section, the following terms have the meanings given them in this subdivision.*

(b) "Provider" means a provider of community-based intermediate care facility services for persons with mental retardation or related conditions.

(c) "Facility" means a community-based intermediate care facility for persons with mental retardation or related conditions.

(d) "Person" means a person with mental retardation or related conditions who is applying for admission to an intermediate care facility for persons with mental retardation or related conditions.

Subd. 2. [ADMISSION REVIEW TEAM; RESPONSIBILITIES; COMPOSITION.] *(a) Before a person is admitted to a facility, an admission review team must assure that the provider can meet the needs of the person as identified in the person's individual service plan required under section 256B.092, subdivision 1.*

(b) The admission review team must be assembled pursuant to Code of Federal Regulations, title 42, section 483.440(b)(2). The composition of the admission review team must meet the definition of an interdisciplinary team in Code of Federal Regulations, title 42, section 483.440. In addition, the admission review team must meet any conditions agreed to by the provider and the county where services are to be provided.

(c) The county in which the facility is located may establish an admission review team which includes at least the following:

(1) a qualified mental retardation professional, as defined in Code of Federal Regulations, title 42, section 483.440;

(2) a representative of the county in which the provider is located;

(3) at least one professional representing one of the following professions: nursing, psychology, physical therapy, or occupational therapy; and

(4) a representative of the provider.

If the county in which the facility is located does not establish an admission review team, the provider shall establish a team whose composition meets the definition of an interdisciplinary team in Code of Federal Regulations, title 42, section 483.440. The provider shall invite a representative of the county agency where the facility is located to be a member of the admission review team.

Subd. 3. [FACTORS TO BE CONSIDERED FOR ADMISSION.] *(a) The determination of the team to admit a person to the facility must include, but is not limited to, consideration of the following:*

(1) the preferences of the person and the person's guardian or family for services of an intermediate care facility for persons with mental retardation or related conditions;

(2) the ability of the provider to meet the needs of the person according to the person's individual service plan and the admission criteria established by the provider;

(3) the availability of a bed in the facility and of nonresidential services required by the person as specified in the person's individual service plan; and

(4) the need of the person for the services in the facility to prevent placement of the person in a more restrictive setting.

(b) When there is more than one qualified person applying for admission to the facility, the admission review team shall determine which applicant shall be offered services first, using the criteria established in this subdivision. The admission review team shall document the factors that resulted in the decision to offer services to one qualified person over another. In cases of emergency, a review of the admission by the admission review team must occur within the first 14 days of placement.

Subd. 4. [INFORMATION FROM PROVIDER.] *The provider must establish admission criteria based on the level of service that can be provided to persons seeking admission to that facility and must provide the admission review team with the following information:*

(1) a copy of the admission and level of care criteria adopted by the provider; and

(2) a written description of the services that are available to the person seeking admission, including day services, professional support services, emergency services, available direct care staffing, supervisory and administrative supports, quality assurance systems, and criteria established by the provider for discharging persons from the facility.

Subd. 5. [ESTABLISHMENT OF ADMISSION REVIEW TEAM; NOTICE TO PROVIDER.] *When a county agency decides to establish admission review teams for the intermediate care facilities for persons with mental retardation or related conditions located in the county, the county agency shall notify the providers of the county agency's intent at least 60 days prior to establishing the teams.*

Subd. 2m. [DOWNSIZING OF NURSING FACILITIES THAT ARE INSTITUTIONS FOR MENTAL DISEASE.] *(a) The provisions of this subdivision apply to a nursing facility that is an institution for mental disease and that has less than 23 licensed beds. A nursing facility that meets these conditions may reduce its total number of licensed beds to 16 licensed beds by July 1, 1992, by notifying the commissioner of health of the reduction by April 1, 1992. If the nursing facility elects to reduce its licensed beds to 16, the commissioner of health shall approve that request effective on the date of request.*

(b) The commissioner of human services must be notified by the nursing facility of the reduction in licensed beds by April 4, 1992, and that notice must include a copy of the request for reduction submitted to the commissioner of health.

(c) For the rate year beginning July 1, 1992, the commissioner shall establish the operating cost payment rates for a nursing facility that has reduced its licensed bed capacity under this subdivision by taking into account paragraphs (1) and (2).

(2) The commissioner shall adjust the nursing facility's resident days and standardized resident days for the reporting year ending September 30, 1991, as in clauses (i) and (ii).

(i) Resident days shall be the lesser of the nursing facility's actual resident days for that reporting year or 5,840.

(ii) Standardized resident days shall be the lesser of the nursing facility's actual standardized resident days or the nursing facility's case mix score for that reporting year times 5,840.

(d) For the rate year beginning July 1, 1993, the commissioner shall establish the operating cost payment rates for a nursing facility that has reduced its licensed bed capacity under this subdivision by taking into account paragraphs (1) and (2).

(1) The commissioner must reduce the nursing facility's account for the nurse's aide, orderly, and attendant salaries, and its account for food expense for the reporting year ending September 30, 1992, by 37.5 percent of the

(f) A nursing facility eligible under this subdivision may use the notification date and the date on which the licensed beds are reduced for purposes of applying the provisions in section 256B.431, subdivision 3a, paragraph (d), clause (2).

Sec. 50. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 2n. [NEGOTIATED RATE CAP EXEMPTION.] *A nursing facility which requests, after January 1991, that its boarding care beds be decertified from participation in the medical assistance program, is not eligible for the exception to the negotiated rate cap in section 256I.05, subdivision 2, paragraph (c), clause (1).*

Sec. 51. Minnesota Statutes 1990, section 256I.05, is amended by adding a subdivision to read:

Subd. 10. [FOSTER CARE.] *Beginning July 1, 1992, the negotiated rate of a residence licensed as a foster home is limited to the rate set for room and board costs provided the foster home is not the license holder's primary residence, or the license holder is not the primary caregiver to persons receiving services in the negotiated rate residence, and federal funding is available to pay for the cost of other necessary services. For the purpose of this section, room and board costs mean costs of providing food and shelter for eligible persons, and includes the directly identifiable costs of:*

(1) normal and special diet, food preparation and food services;

(2) providing linen, bedding, laundering, and laundry supplies;

(3) housekeeping, including cleaning and lavatory supplies;

Owners of existing residential housing occupied by renters shall be eligible for rehabilitation loans, only if, as a condition to the issuance of the loan, the owner agrees to conditions established by the agency in its rules relating to rental or other matters that will insure that the housing will be occupied by persons and families of low or moderate income. The agency shall require by rules that the owner give preference to those persons of low or moderate income who occupied the residential housing at the time of application for the loan.

Sec. 53. [DEMONSTRATION PROJECTS.]

The commissioner shall demonstrate the development of family foster care services for persons with developmental disabilities in order to achieve regional treatment center census reduction or to develop alternative placements for persons inappropriately placed in nursing homes. For all persons participating in this demonstration that receive services funded by the enhanced waivered services fund, the costs of waivered services shall not exceed an average of $120 per person per day in fiscal year 1993. The commissioner shall demonstrate a family choice option for 100 persons with developmental disabilities and their families in fiscal year 1992 and for 200 persons and their families in fiscal year 1993. For all persons authorized by the commissioner to receive services under the family choice option, the cost of services funded by the Title XIX home- and community-based waiver are limited to an average of $35 per person per day in fiscal year 1992 with annual cost adjustments as authorized by the legislature.

Sec. 54. [RULE REVISION.]

The commissioner must revise Minnesota Rules, parts 9545.0900 to 9545.1090, which govern facilities that provide residential services for children with emotional handicaps. The rule revisions must be adopted within 12 months of the effective date of this section.

Sec. 55. [JOINT LEGISLATIVE STUDY OF RESIDENTAL PLACEMENT FOR CHILDREN WITH SPECIAL MENTAL HEALTH NEEDS.]

A joint legislative committee composed of members of the house and senate shall hold interim hearings to study the need for specialized residential treatment programs for all children with emotional disturbance, particularly those who exhibit violent or destructive behavior and for whom local treatment programs are not feasible due to the small number of children who need the services and the specialized nature of the services required. The joint committee shall be appointed under the rules of the house and senate and shall be drawn from membership of the health and human services and judiciary committees in both houses, and the house human resources division of appropriations and the health and human services division of the senate finance committee. The committee shall solicit information from representatives of the commissioners of the departments of human services,

corrections, education, and health; from the children's mental health advisory committee; from representatives of mental health advocacy organizations, counties, service providers, the juvenile court system, and other interest groups. The committee shall solicit information on the estimated number of children who need specialized services and the extent to which these children are now being served in other states, and shall make recommendations for action that is needed to develop resources within Minnesota and any cost-containment initiatives necessary for efficient use of these resources. The joint committee shall report back to the full legislature by December 1, 1991, with its findings and recommendations, including recommendations on additional mechanisms by which the commissioner shall approve out-of-state placements of children for whom the commissioner is responsible for payment of a portion of specialized treatment costs.

Sec. 56. [PILOT PROJECT FOR MENTAL HEALTH SERVICES DELIVERY SYSTEM.]

(a) Upon adoption of a resolution by the Dakota county board of commissioners, a pilot project shall be established to design and plan a mental health services delivery system that would reduce the number of commitments to regional treatment centers and improve service delivery to mentally ill persons. Dakota county will provide in-kind staff resources to study the monetary feasibility of implementing the plan, to match the appropriation of grant funds from the legislature.

(b) The pilot project will seek to maximize local community-based living and treatment alternatives for Dakota county residents who have serious and persistent mental illness, and to create a system by which residents committed for treatment pursuant to Minnesota Statutes, chapter 253B, would be committed to community facilities and programs.

(c) The pilot project will offer services that are more accessible and community-based and provide better coordination and linkage to other services and resources in the community or county than those that are currently provided.

(d) The pilot project will be implemented July 1, 1991. The planning process for implementation will continue during the 1992 fiscal year. The planning process will require that new services be developed, existing services be modified, and numerous legislative proposals be developed for presentation to the legislature in 1992.

Sec. 57. [CHILDREN'S MENTAL HEALTH FUNDING.]

Subdivision 1. [STATEWIDE TASK FORCE.] *The commissioner of human services shall convene a task force to study the feasibility of establishing an integrated children's mental health fund. The task force shall consist of mental health professionals, county social services personnel, service providers, advocates, and parents of children who have experienced episodes of emotional disturbance. The task force shall also include representatives of the children's mental health subcommittee of the state advisory council and local coordinating councils established under Minnesota Statutes, sections 245.487 to 245.4887. The task force shall include the commissioners of education, health, and human services; two members of the senate; and two members of the house of representatives. The task force shall examine all possible county, state, and federal sources of funds for children's mental health with a view to designing an integrated children's mental health fund, improving methods of coordinating and maximizing all funding sources,*

and increasing federal funding. Programs to be examined shall include, but not be limited to, the following: medical assistance, title IV-E of the social security act, title XX social service programs, chemical dependency programs, education and special education programs, and, for children with a dual diagnosis, programs for the developmentally disabled. The task force may consult with experts in the field, as necessary. The task force shall make a preliminary report and recommendations on local coordination of funding sources by January 1, 1992, to facilitate the development of local protocols and procedures under subdivision 2. The task force shall submit a final report to the legislature by January 1, 1993, with its findings and recommendations.

Subd. 2. [DEVELOPMENT OF LOCAL PROTOCOLS AND PROCEDURES.] *(a) By January 1, 1992, each local children's mental health coordinating council established under Minnesota Statutes, section 245.4875, subdivision 6, shall establish a task force to develop recommended protocols and procedures that will ensure that the planning, case management, and delivery of services for children with severe emotional disturbance are coordinated and make the most efficient and cost-effective use of available funding. The task force must include, at a minimum, representatives of local school districts and county medical assistance and mental health staff. The protocols and procedures must be designed to:*

(1) ensure that services to children are driven by the children's needs, rather than by the availability or source of funding for services;

(2) ensure that planning for services, case management, service delivery, and payment for services involves coordination of all affected agencies, providers, and funding sources; and

(2) maximize available funding by making full use of all available funding, including medical assistance.

(b) By October 1, 1992, each council shall make recommendations to the statewide task force established under subdivision 1 regarding the feasibility and desirability of methods of consolidating or pooling funding sources to ensure that services are tailored to the specific needs of each child and to allow greater flexibility in paying for services.

(c) By October 1, 1992, each local coordinating council shall report to the commissioner of human services the council's findings and the recommended protocols and procedures. The council shall also recommend legislative changes or rule changes that will improve local coordination and further maximize available funding.

Subd. 3. [FINAL REPORT.] *By February 15, 1993, the commissioner of human services shall provide a report to the legislature that describes the reports and recommendations of the statewide task force under subdivision 1 and of the local coordinating councils under subdivision 2, and provides the commissioner's recommendations for legislation or other needed changes.*

Sec. 58. [INSTRUCTION TO REVISOR.]

ARTICLE 7

ALTERNATIVE CARE/SAIL

Section 1. Minnesota Statutes 1990, section 144A.31, is amended to read:

144A.31 [INTERAGENCY ~~BOARD FOR QUALITY ASSURANCE~~ *LONG-TERM CARE PLANNING COMMITTEE.*]

Subdivision 1. [INTERAGENCY ~~BOARD~~ *LONG-TERM CARE PLANNING COMMITTEE.*] The commissioners of health and human services shall establish, by July 1, 1983, an interagency ~~board~~ *committee* of *managerial* employees of their respective departments who are knowledgeable and employed in the areas of long-term care, geriatric care, *community services for the elderly,* long-term care facility inspection, or quality of care assurance. The number of interagency ~~board~~ *committee* members shall not exceed ~~eight~~ *twelve*; ~~three~~ *four* members each to represent the commissioners of health and human services and one member each to represent the commissioners of state planning ~~and~~, housing finance, *finance, and the chair of the Minnesota board on aging.* ~~The board shall identify long-term care issues requiring coordinated interagency policies and shall conduct analyses, coordinate policy development, and make recommendations to the commissioners for effective implementation of these policies.~~ The commissioner of human services and the commissioner of health or their designees shall annually alternate chairing and convening the ~~board~~ *committee.* The ~~board~~ *committee* may utilize the expertise and time of other individuals employed by ~~either~~ *each* department as needed. The ~~board~~ *committee* may recommend that the commissioners contract for services as needed. The ~~board~~ *committee* shall meet as often as necessary to accomplish its duties, but at least quarterly. The ~~board~~ *committee* shall establish procedures, including public hearings, for allowing regular opportunities for input from ~~residents, nursing homes~~ *consumers of long-term care services, advocates, trade associations, facility administrators, county agency administrators,* and other interested persons.

~~Subd. 2. [INSPECTIONS.] No later than January 1, 1988, the board shall develop and recommend implementation and enforcement of an effective system to ensure quality of care in each nursing home in the state. Quality of care includes evaluating, using the resident's care plan, whether the resident's ability to function is optimized and should not be measured solely by the number or amount of services provided.~~

~~The board shall assist the commissioner of health in developing methods to ensure that inspections and reinspections of nursing homes are conducted with a frequency and in a manner calculated to most effectively and appropriately fulfill its quality assurance responsibilities and achieve the greatest benefit to nursing home residents. The board shall identify and recommend criteria and methods for identifying those nursing homes that present the most serious concerns with respect to resident health, treatment, comfort, safety, and well-being. The commissioner of health shall require a higher frequency and extent of inspections with respect to those nursing homes that present the most serious concerns with respect to resident health, treatment, comfort, safety, and well-being. These concerns include but are not limited to: complaints about care, safety, or rights; situations where previous inspections or reinspections have resulted in correction orders related to care, safety, or rights; instances of frequent change in administration in excess of normal turnover rates; and situations where persons involved in ownership or administration of the nursing home have been convicted of engaging in criminal activity. A nursing home that presents none of these concerns or any other concern or condition recommended by the board and established by the commissioner that poses a risk to resident care, safety, or rights shall be inspected once every two years for compliance with key requirements as determined by the board.~~

~~The board shall develop and recommend to the commissioners mechanisms beyond the inspection process to protect resident care, safety, and rights, including but not limited to coordination with the office of health facility complaints and the nursing home ombudsman program.~~

~~Subd. 3. [METHODS FOR DETERMINING RESIDENT CARE NEEDS.] The board shall develop and recommend to the commissioners definitions for levels of care and methods for determining resident care needs for implementation on July 1, 1985, in order to adjust payments for resident care based on the mix of resident needs in a nursing home. The methods for determining resident care needs shall include assessments of ability to perform activities of daily living and assessments of medical and therapeutic needs.~~

Subd. 2a. [DUTIES.] *The interagency committee shall identify long-term care issues requiring coordinated interagency policies and shall conduct analyses, coordinate policy development, and make recommendations to the commissioners for effective implementation of these policies. The committee shall refine state long-term goals, establish performance indicators, and develop other methods or measures to evaluate program performance, including client outcomes. The committee shall review the effectiveness of programs in meeting their objectives.*

The committee shall also:

(1) facilitate the development of regional and local bodies to plan and coordinate regional and local services;

(2) recommend a single regional or local point of access for persons seeking information on long-term care services;

(3) recommend changes in state funding and administrative policies that are necessary to maximize the use of home and community-based care and that promote the use of the least costly alternative without sacrificing quality of care; and

(4) develop methods of identifying and serving seniors who need minimal services to remain independent but who are likely to develop a need for more extensive services in the absence of these minimal services.

Subd. 2b. [GOALS OF THE COMMITTEE.] *The long-term goals of the committee are:*

(1) to achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;

(2) to develop a statewide system of information and assistance to enable easy access to long-term care services;

(3) to develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care; and

(4) to maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly served in institutional settings.

These goals are designed to create a new community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and human resources.

Subd. 4. [ENFORCEMENT.] The ~~board~~ *committee* shall develop and recommend for implementation effective methods of enforcing quality of care standards. The ~~board~~ *committee* shall develop and monitor, and the commissioner of human services shall implement, a resident relocation plan that instructs a county in which a nursing home or certified boarding care home is located of procedures to ensure that the needs of residents in nursing homes or certified boarding care homes about to be closed are met. The duties of a county under the relocation plan also apply when residents are to be discharged from a nursing home or certified boarding care home as a result of a change in certification, closure, or loss or termination of the facility's medical assistance provider agreement. The resident relocation plans and county duties required in this subdivision apply to the voluntary or involuntary closure, or reduction in services or size of, an intermediate care facility for the mentally retarded. The relocation plan for intermediate care facilities for the mentally retarded must conform to Minnesota Rules, parts 4655.6810 to 4655.6830, 9525.0015 to 9525.0165, and 9546.0010 to 9546.0060, or their successors. The commissioners of health and human services may waive a portion of existing rules that the commissioners determine does not apply to persons with mental retardation or related conditions. The county shall ensure appropriate placement of residents in licensed and certified facilities or other alternative care such as home health care and foster care placement. In preparing for relocation, the ~~board~~ *committee* shall ensure that residents and their families or guardians are involved in planning the relocation.

Subd. 5. [REPORTS.] The ~~board~~ *committee* shall prepare a *biennial* report and the commissioners of health and human services shall deliver this report to the legislature ~~no later than January 15, 1984, on the board's proposals and progress on implementation of the methods required under subdivision 2~~ *beginning January 31, 1993, listing progress, achievements, and current*

goals and objectives. The commissioners shall recommend changes in or additions to legislation necessary or desirable to fulfill their responsibilities. ~~The board shall prepare an annual report and the commissioners shall deliver this report annually to the legislature, beginning in January 1985, on the implementation of the provisions of this section.~~

Subd. 6. [DATA.] The interagency ~~board may~~ *committee shall* have access to data from the commissioners of health, human services, ~~and public safety~~ *housing finance, and state planning* for carrying out its duties under this section. The commissioner of health and the commissioner of human services may each have access to data on persons, including data on vendors of services, from the other to carry out the purposes of this section. If the interagency ~~board~~ *committee*, the commissioner of health, or the commissioner of human services receives data on persons, including data on vendors of services, that is collected, maintained, used or disseminated in an investigation, authorized by statute and relating to enforcement of rules or law, the ~~board~~ *committee* or the commissioner shall not disclose that information except:

(a) pursuant to section 13.05;

(b) pursuant to statute or valid court order; or

(c) to a party named in a civil or criminal proceeding, administrative or judicial, for preparation of defense.

Data described in this subdivision is classified as public data upon its submission to an administrative law judge or court in an administrative or judicial proceeding.

Subd. 7. [LONG-TERM CARE RESEARCH AND DATABASE.] *The interagency long-term care planning committee shall collect and analyze state and national long-term care data and research, including relevant health data and information and research relating to long-term care and social needs, service utilization, costs, and client outcomes. The committee shall make recommendations to state agencies and other public and private agencies for methods of improving coordination of existing data, develop data needed for long-term care research, and promote new research activities. Research and data activities must be designed to:*

(1) improve the validity and reliability of existing data and research information;

(2) identify sources of funding and potential uses of funding sources;

(3) evaluate the effectiveness and client outcomes of existing programs; and

(4) identify and plan for future changes in the number, level, and type of services needed by seniors.

Sec. 2. Minnesota Statutes 1990, section 144A.46, subdivision 4, is amended to read:

Subd. 4. [RELATION TO OTHER REGULATORY PROGRAMS.] In the exercise of the authority granted under sections 144A.43 to 144A.49, the commissioner shall not duplicate or replace standards and requirements imposed under another state regulatory program. The commissioner shall not impose additional training or education requirements upon members of a licensed or registered occupation or profession, except as necessary to address or prevent problems that are unique to the delivery of services in

the home or to enforce and protect the rights of consumers listed in section 144A.44. ~~For home care providers certified under the Medicare program, the state standards must not be inconsistent with the Medicare standards for Medicare services.~~ *The commissioner of health shall not require a home care provider certified under the Medicare program to comply with a rule adopted under section 144A.45 if the home care provider is required to comply with any equivalent federal law or regulation relating to the same subject matter. The commissioner of health shall specify in the rules those provisions that are not applicable to certified home care providers.* To the extent possible, the commissioner shall coordinate the inspections required under sections 144A.45 to 144A.48 with the health facility licensure inspections required under sections 144.50 to 144.58 or 144A.10 when the health care facility is also licensed under the provisions of Laws 1987, chapter 378.

Sec. 3. Minnesota Statutes 1990, section 198.007, is amended to read:

198.007 [QUALITY ASSURANCE.]

The board shall create a utilization review committee for each home comprised of the appropriate professionals employed by or under contract to the home. The committee shall use the case-mix system established under section 144.072 to assess the appropriateness and quality of care and services provided residents of the homes.

The board shall create an admissions committee for each home comprised of the appropriate professionals employed by or under contract to each home and adopt a preadmission screening program~~, such as the one established under section 256B.091,~~ for all applicants for admission to the homes who may require nursing or boarding care, taking into account the eligibility requirements in section 198.022, the admissions criteria established by board rules, and the availability of space in the homes.

Sec. 4. Minnesota Statutes 1990, section 256.025, subdivision 2, is amended to read:

Subd. 2. [COVERED PROGRAMS AND SERVICES.] The procedures in this section govern payment of county agency expenditures for benefits and services distributed under the following programs:

(1) aid to families with dependent children under sections 256.82, subdivision 1, and 256.935, subdivision 1;

(2) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;

(3) general assistance medical care under section 256D.03, subdivision 6;

(4) general assistance under section 256D.03, subdivision 2;

(5) work readiness under section 256D.03, subdivision 2;

(6) emergency assistance under section 256.871, subdivision 6;

(7) Minnesota supplemental aid under section 256D.36, subdivision 1;

(8) preadmission screening and alternative care grants ~~under section 256B.091~~;

(9) work readiness services under section 256D.051;

(10) case management services under section 256.736, subdivision 13;

(11) general assistance claims processing, medical transportation and related costs; and

(12) medical assistance, medical transportation and related costs.

Sec. 5. Minnesota Statutes 1990, section 256B.0625, subdivision 2, is amended to read:

Subd. 2. [SKILLED AND INTERMEDIATE NURSING CARE.] Medical assistance covers skilled nursing home services and services of intermediate care facilities, including training and habilitation services, as defined in section 252.41, subdivision 3, for persons with mental retardation or related conditions who are residing in intermediate care facilities for persons with mental retardation or related conditions. Medical assistance must not be used to pay the costs of nursing care provided to a patient in a swing bed as defined in section 144.562, unless (a) the facility in which the swing bed is located is eligible as a sole community provider, as defined in Code of Federal Regulations, title 42, section 412.92, or the facility is a public hospital owned by a governmental entity with 15 or fewer licensed acute care beds; (b) the health care financing administration approves the necessary state plan amendments; (c) the patient was screened as provided ~~in section 256B.091~~ *by law*; (d) the patient no longer requires acute care services; and (e) no nursing home beds are available within 25 miles of the facility. The daily medical assistance payment for nursing care for the patient in the swing bed is the statewide average medical assistance skilled nursing care per diem as computed annually by the commissioner on July 1 of each year.

Sec. 6. Minnesota Statutes 1990, section 256B.48, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED PRACTICES.] A nursing home is not eligible to receive medical assistance payments unless it refrains from all of the following:

(a) Charging private paying residents rates for similar services which exceed those which are approved by the state agency for medical assistance recipients as determined by the prospective desk audit rate, except under the following circumstances: the nursing home may (1) charge private paying residents a higher rate for a private room, and (2) charge for special services which are not included in the daily rate if medical assistance residents are charged separately at the same rate for the same services in addition to the daily rate paid by the commissioner. Services covered by the payment rate must be the same regardless of payment source. Special services, if offered, must be available to all residents in all areas of the nursing home and charged separately at the same rate. Residents are free to select or decline special services. Special services must not include services which must be provided by the nursing home in order to comply with licensure or certification standards and that if not provided would result in a deficiency or violation by the nursing home. Services beyond those required to comply with licensure or certification standards must not be charged separately as a special service if they were included in the payment rate for the previous reporting year. A nursing home that charges a private paying resident a rate in violation of this clause is subject to an action by the state of Minnesota or any of its subdivisions or agencies for civil damages. A private paying resident or the resident's legal representative has a cause of action for civil damages against a nursing home that charges the resident rates in violation of this clause. The damages awarded shall include three times the payments

that result from the violation, together with costs and disbursements, including reasonable attorneys' fees or their equivalent. A private paying resident or the resident's legal representative, the state, subdivision or agency, or a nursing home may request a hearing to determine the allowed rate or rates at issue in the cause of action. Within 15 calendar days after receiving a request for such a hearing, the commissioner shall request assignment of an administrative law judge under sections 14.48 to 14.56 to conduct the hearing as soon as possible or according to agreement by the parties. The administrative law judge shall issue a report within 15 calendar days following the close of the hearing. The prohibition set forth in this clause shall not apply to facilities licensed as boarding care facilities which are not certified as skilled or intermediate care facilities level I or II for reimbursement through medical assistance.

(b) Requiring an applicant for admission to the home, or the guardian or conservator of the applicant, as a condition of admission, to pay any fee or deposit in excess of $100, loan any money to the nursing home, or promise to leave all or part of the applicant's estate to the home.

(c) Requiring any resident of the nursing home to utilize a vendor of health care services who is a licensed physician or pharmacist chosen by the nursing home.

(d) Providing differential treatment on the basis of status with regard to public assistance.

(e) Discriminating in admissions, services offered, or room assignment on the basis of status with regard to public assistance or refusal to purchase special services. Admissions discrimination shall include, but is not limited to:

(1) basing admissions decisions upon assurance by the applicant to the nursing home, or the applicant's guardian or conservator, that the applicant is neither eligible for nor will seek public assistance for payment of nursing home care costs; and

(2) engaging in preferential selection from waiting lists based on an applicant's ability to pay privately or an applicant's refusal to pay for a special service.

The collection and use by a nursing home of financial information of any applicant pursuant to ~~the~~ *a* preadmission screening program established by ~~section 256B.091~~ *law* shall not raise an inference that the nursing home is utilizing that information for any purpose prohibited by this paragraph.

(f) Requiring any vendor of medical care as defined by section 256B.02, subdivision 7, who is reimbursed by medical assistance under a separate fee schedule, to pay any amount based on utilization or service levels or any portion of the vendor's fee to the nursing home except as payment for renting or leasing space or equipment or purchasing support services from the nursing home as limited by section 256B.433. All agreements must be disclosed to the commissioner upon request of the commissioner. Nursing homes and vendors of ancillary services that are found to be in violation of this provision shall each be subject to an action by the state of Minnesota or any of its subdivisions or agencies for treble civil damages on the portion of the fee in excess of that allowed by this provision and section 256B.433. Damages awarded must include three times the excess payments together with costs and disbursements including reasonable attorney's fees or their equivalent.

(g) Refusing, for more than 24 hours, to accept a resident returning to the same bed or a bed certified for the same level of care, in accordance with a physician's order authorizing transfer, after receiving inpatient hospital services.

The prohibitions set forth in clause (b) shall not apply to a retirement home with more than 325 beds including at least 150 licensed nursing home beds and which:

(1) is owned and operated by an organization tax-exempt under section 290.05, subdivision 1, clause (i); and

(2) accounts for all of the applicant's assets which are required to be assigned to the home so that only expenses for the cost of care of the applicant may be charged against the account; and

(3) agrees in writing at the time of admission to the home to permit the applicant, or the applicant's guardian, or conservator, to examine the records relating to the applicant's account upon request, and to receive an audited statement of the expenditures charged against the applicant's individual account upon request; and

(4) agrees in writing at the time of admission to the home to permit the applicant to withdraw from the home at any time and to receive, upon withdrawal, the balance of the applicant's individual account.

For a period not to exceed 180 days, the commissioner may continue to make medical assistance payments to a nursing home or boarding care home which is in violation of this section if extreme hardship to the residents would result. In these cases the commissioner shall issue an order requiring the nursing home to correct the violation. The nursing home shall have 20 days from its receipt of the order to correct the violation. If the violation is not corrected within the 20-day period the commissioner may reduce the payment rate to the nursing home by up to 20 percent. The amount of the payment rate reduction shall be related to the severity of the violation and shall remain in effect until the violation is corrected. The nursing home or boarding care home may appeal the commissioner's action pursuant to the provisions of chapter 14 pertaining to contested cases. An appeal shall be considered timely if written notice of appeal is received by the commissioner within 20 days of notice of the commissioner's proposed action.

In the event that the commissioner determines that a nursing home is not eligible for reimbursement for a resident who is eligible for medical assistance, the commissioner may authorize the nursing home to receive reimbursement on a temporary basis until the resident can be relocated to a participating nursing home.

Certified beds in facilities which do not allow medical assistance intake on July 1, 1984, or after shall be deemed to be decertified for purposes of section 144A.071 only.

Subd. 4. [USE OF GRANT FUNDS.] *Grant funds shall be used to develop and fund on-site coordinator positions. Grant funds shall not be used to duplicate existing funds, to modify buildings, or to purchase equipment.*

Subd. 5. [GRANT ELIGIBILITY.] *A public or nonprofit agency or housing unit may apply for funds to provide a coordinator for congregate housing services to an identified population of frail elderly persons in a subsidized multiunit apartment building or buildings in a community. State money received may also be used to match federal money allocated for congregate housing services. Grants shall be awarded to urban and rural sites.*

Subd. 6. [CRITERIA FOR SELECTION.] *The Minnesota board on aging shall select projects under this section according to the following criteria:*

(1) the extent to which the proposed project assists older persons to age-in-place to prevent or delay nursing home placement;

(2) the extent to which the proposed project identifies the needs of project participants;

(3) the extent to which the proposed project identifies how the on-site coordinator will help meet the needs of project participants;

(4) the extent to which the proposed project assures the availability of one meal a day, seven days a week, for participants in need;

(5) the extent to which the proposed project demonstrates involvement of participants and family members in the project; and

(6) the extent to which the proposed project demonstrates involvement of housing providers and public and private service agencies, including area agencies on aging.

Subd. 7. [GRANT APPLICATIONS.] *The Minnesota board on aging shall request proposals for grants and award grants using the criteria in subdivision 6. Grant applications shall include:*

(1) documentation of the need for congregate services so the residents can remain independent;

(4) a performance plan that includes written performance objectives, outcomes, timelines, and the procedure the grantee will use to document and measure success in meeting the objectives; and

(5) letters of support from appropriate public and private agencies and organizations, such as area agencies on aging and county human service departments that demonstrate an intent to work with and coordinate with the agency requesting a grant.

Subd. 8. [REPORT.] *By January 1, 1993, the Minnesota board on aging shall submit a report to the legislature evaluating the programs. The report must document the project costs and outcomes that helped delay or prevent nursing home placement. The report must describe steps taken for quality assurance and must also include recommendations based on the project findings.*

Sec. 8. Minnesota Statutes 1990, section 256B.04, subdivision 16, is amended to read:

Subd. 16. [PERSONAL CARE SERVICES.] (a) ~~The commissioner shall adopt permanent rules to implement, administer, and operate personal care services. The rules must incorporate the standards and requirements adopted by the commissioner of health under section 144A.45 which are applicable to the provision of personal care.~~ *Notwithstanding any contrary language in this paragraph, the commissioner of human services and the commissioner of health shall jointly promulgate rules to be applied to the licensure of personal care services provided under the medical assistance program. The rules shall consider standards for personal care services that are based on the World Institute on Disability's recommendations regarding personal care services. These rules shall at a minimum consider the standards and requirements adopted by the commissioner of health under section 144A.45, which the commissioner of human services determines are applicable to the provision of personal care services, in addition to other standards or modifications which the commissioner of human services determines are appropriate.*

The commissioner of human services shall establish an advisory group

including personal care consumers and providers to provide advice regarding which standards or modifications should be adopted. The advisory group membership must include not less than 15 members, of which at least 60 percent must be consumers of personal care services and representatives of recipients with various disabilities and diagnoses and ages. At least 51 percent of the members of the advisory group must be recipients of personal care.

The commissioner of human services may contract with the commissioner of health to enforce the jointly promulgated licensure rules for personal care service providers.

Prior to final promulgation of the joint rule the commissioner of human services shall report preliminary findings along with any comments of the advisory group and a plan for monitoring and enforcement by the department of health to the legislature by February 15, 1992.

Limits on the extent of personal care services that may be provided to an individual must be based on the cost-effectiveness of the services in relation to the costs of inpatient hospital care, nursing home care, and other available types of care. The rules must provide, at a minimum:

(1) that agencies be selected to contract with or employ and train staff to provide and supervise the provision of personal care services;

(2) that agencies employ or contract with a qualified applicant that a qualified recipient proposes to the agency as the recipient's choice of assistant;

(3) that agencies bill the medical assistance program for a personal care service by a personal care assistant and supervision by the registered nurse supervising the personal care assistant;

(4) that agencies establish a grievance mechanism; and

(5) that agencies have a quality assurance program.

(b) ~~For personal care assistants under contract with an agency under paragraph (a), the provision of training and supervision by the agency does not create an employment relationship.~~ The commissioner may waive the requirement for the provision of personal care services through an agency in a particular county, when there are less than two agencies providing services in that county.

Sec. 9. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 6a. [HOME HEALTH SERVICES.] *Home health services are those services specified in Minnesota Rules, part 9505.0290. Medical assistance covers home health services at a recipient's home residence. Medical assistance does not cover home health services at a hospital, nursing facility, intermediate care facility, or a health care facility licensed by the commissioner of health, unless the commissioner of human services has prior authorized skilled nurse visits for less than 90 days for a resident at an intermediate care facility for persons with mental retardation, to prevent an admission to a hospital or nursing facility. Home health services must be provided by a Medicare certified home health agency. All nursing and home health aide services must be provided according to section 256B.0627.*

Sec. 10. Minnesota Statutes 1990, section 256B.0625, subdivision 7, is amended to read:

Subd. 7. [PRIVATE DUTY NURSING.] Medical assistance covers private duty nursing services *in a recipient's home. Recipients who are authorized to receive private duty nursing services in their home may use approved hours outside of the home during hours when normal life activities take them outside of their home and when, without the provision of private duty nursing, their health and safety would be jeopardized. Medical assistance does not cover private duty nursing services at a hospital, nursing facility, intermediate care facility, or a health care facility licensed by the commissioner of health, except as authorized in section 256B.64 for ventilator dependent recipients in hospitals. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed in an in-home setting according to section 256B.0627. All private duty nursing services must be provided according to the limits established under section 256B.0627. Private duty nursing services may not be reimbursed if the nurse is the spouse of the recipient or the parent or foster care provider of a recipient who is under age 18, or the recipient's legal guardian.*

Sec. 11. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 19a. [PERSONAL CARE SERVICES.] *Medical assistance covers personal care services in a recipient's home. Recipients who can direct their own care, or persons who cannot direct their own care when accompanied by the responsible party, may use approved hours outside the home when normal life activities take them outside the home and when, without the provision of personal care, their health and safety would be jeopardized. Medical assistance does not cover personal care services at a hospital, nursing facility, intermediate care facility or a health care facility licensed by the commissioner of health, except as authorized in section 256B.64 for ventilator dependent recipients in hospitals. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed for personal care services in an in-home setting according to section 256B.0627. All personal care services must be provided according to section 256B.0627. Personal care services may not be reimbursed if the personal care assistant is the spouse of the recipient or the parent of a recipient under age 18, the responsible party, the foster care provider of a recipient who cannot direct their own care or the recipient's legal guardian. Parents of adult recipients, adult children of the recipient or adult siblings of the recipient may be reimbursed for personal care services if they are granted a waiver under section 256B.0627. An exception for foster care providers may be made according to section 256B.0627, subdivision 5, paragraph (j).*

(b) [~~LEVEL I HOME CARE~~ *LIMITS ON SERVICES WITHOUT PRIOR AUTHORIZATION*.] ~~For all new cases after December 1987, medically necessary home care services up to $800 may be provided in a calendar month.~~

~~If the services in the recipient's home care plan will exceed the $800 threshold for 30 days or less, the medically necessary services may be provided.~~ *A recipient may receive the following amounts of home care services during a calendar year:*

(1) the home care services were required to treat an emergency medical condition that if not immediately treated could cause a recipient serious physical or mental disability, continuation of severe pain, or death. The provider must request retroactive authorization no later than five working days after giving the initial service. The provider must be able to substantiate the emergency by documentation such as reports, notes, and admission or discharge histories;

(2) the home care services were provided on or after the date on which the recipient's eligibility began, but before the date on which the recipient was notified that the case was opened. Authorization will be considered if the request is submitted by the provider within 20 working days of the date the recipient was notified that the case was opened; or

(3) a third party payor for home care services has denied or adjusted a payment. Authorization requests must be submitted by the provider within 20 working days of the notice of denial or adjustment. A copy of the notice must be included with the request.

(d) [RETROACTIVE AUTHORIZATION.] *A request for retroactive authorization under paragraph (c) will be evaluated according to the same criteria applied to prior authorization requests. Implementation of this provision shall begin no later than October 1, 1991, except that recipients who are currently receiving medically necessary services above the limits established under this subdivision may have a reasonable amount of time to arrange for waivered services under section 256B.49 or to establish an alternative living arrangement. All current recipients shall be phased down to the limits established under paragraph (b) on or before April 1, 1992.*

~~(e)~~ *(e)* [~~LEVEL II HOME CARE~~ *ASSESSMENT AND CARE PLAN.*] ~~If the services in the recipient's home care plan exceed $800 for more than 30 days, a public health nurse from the local preadmission screening team shall determine the recipient's maximum level of home care according to this paragraph.~~ *The home care provider shall conduct an assessment and complete a care plan using forms specified by the commissioner. For the recipient to receive, or continue to receive, home care services, the provider must submit evidence necessary for the commissioner to determine the medical necessity of the home care services. The provider shall submit to the commissioner the assessment, the care plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries.*

~~(1)~~ *(f)* [PRIOR AUTHORIZATION.] The ~~public health nurse from the~~

~~local preadmission screening team shall base the determination of the recipient's maximum level of care on the need and eligibility of the recipient for one of the following placements~~ *commissioner, or the commissioner's designee, shall review the assessment, the care plan, and any additional information that is submitted. The commissioner shall, within 30 days after receiving a request for prior authorization, authorize home care services as follows:*

(1) [HOME HEALTH SERVICES.] *All home health services provided by a nurse or a home health aide that exceed the limits established in paragraph (b) must be prior authorized by the commissioner or the commissioner's designee. Prior authorization must be based on medical necessity and cost-effectiveness when compared with other care options.*

(2) [PERSONAL CARE SERVICES.] *(i) All personal care services must be prior authorized by the commissioner or the commissioner's designee except for the limits on supervision established in paragraph (b). The amount of personal care services authorized must be based on the recipient's case mix classification according to section 256B.0911, except that a child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:*

(A) up to two times the average number of direct care hours provided in nursing facilities for the recipient's case mix level;

(B) up to three times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs;

(C) up to 60 percent of the average reimbursement rate, as of July 1, 1991, for care provided in a regional treatment center for recipients who have complex behaviors;

(D) up to the amount the commissioner would pay, as of July 1, 1991, for care provided in a regional treatment center for recipients referred to the commissioner by a regional treatment center preadmission evaluation team. For purposes of this clause, home care services means all services provided in the home or community that would be included in the payment to a regional treatment center; or

(E) up to the amount medical assistance would reimburse for facility care

for recipients referred to the commissioner by a preadmission screening team established under section 256B.091 or 256B.092.

(ii) The number of direct care hours shall be determined according to annual cost reports which are submitted to the department by nursing facilities each year. The average number of direct care hours, as established by May 1, shall be incorporated into the home care limits on July 1 each year.

(iii) The case mix level shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner by the personal care provider on forms specified by the commissioner. The forms shall be a combination of current assessment tools developed under sections 256B.0911 and 256B.501 with an addition for seizure activity that will assess the frequency and severity of seizure activity and with adjustments, additions, and clarifications that are necessary to reflect the needs and conditions of children and nonelderly adults who need home care. The commissioner shall establish these forms and protocols under this section and shall use the advisory group established in section 256B.04, subdivision 16, for consultation in establishing the forms and protocols by October 1, 1991.

(iv) A recipient shall qualify as having complex medical needs if they require:

(A) daily tube feedings;

(B) daily parenteral therapy;

(C) wound or decubiti care;

(D) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy care, oxygen, mechanical ventilation;

(A) self-injurious behavior;

(B) unusual or repetitive habits;

(C) withdrawal behavior;

(D) hurtful behavior to others;

(E) socially or offensive behavior;

(F) destruction of property; or

(G) a need for constant one-to-one supervision for self-preservation.

(vi) The complex behaviors in clauses (A) to (G) have the meanings developed under section 256B.501.

(3) [PRIVATE DUTY NURSING SERVICES.] *All private duty nursing services shall be prior authorized by the commissioner or the commissioner's designee. Prior authorization for private duty nursing services shall be based on medical necessity and cost-effectiveness when compared with alternative care options. The commissioner may authorize medically necessary private*

duty nursing services when:

(i) the recipient requires more individual and continuous care than can be provided during a nurse visit; or

(ii) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize up to 16 hours per day of private duty nursing services or up to 24 hours per day of private duty nursing services until such time as the commissioner is able to make a determination of eligibility for recipients who are applying for home care services under the community alternative care program developed under section 256B.49, or until it is determined that a health benefit plan is required to pay for medically necessary nursing services. Recipients who are eligible for the community alternative care program may not receive more hours of nursing under this section than would otherwise be authorized under section 256B.49.

~~(3)~~ *(4)* [VENTILATOR-DEPENDENT RECIPIENTS.] If the recipient is ~~eligible under clause (1)(ii)~~ *ventilator-dependent*, the monthly medical assistance ~~reimbursement~~ *authorization* for home care services shall not exceed ~~the monthly cost of~~ *what the commissioner would pay for* care at the highest cost hospital designated as a long-term hospital under the Medicare program. For purposes of this clause, home care services means all services provided in the home that would be included in the payment for care at the long-term hospital. *"Ventilator-dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to be or has been dependent for at least 30 consecutive days.*

~~(4) If the recipient is not eligible under either clause (1)(i) or (1)(ii), the monthly medical assistance reimbursement for home care services shall not exceed the total monthly statewide average payment for the case mix classification most appropriate to the recipient. The case mix classification is established under section 256B.431.~~

~~(5) The determination of the recipient's maximum level of home care by the public health nurse is called a home care cost assessment. The home care cost assessment must be requested by the home care provider before the end of the first 30 days of provided service and must be conducted by the public health nurse within ten working days following request.~~

~~(6) A home care provider shall request a new home care cost assessment when the needs of the individual have changed enough to require that a revised care plan be implemented that will increase costs beyond what was approved by the previous home care cost assessment and the change is anticipated to last for more than 30 days. The home care provider must request the home care cost assessment before the end of the first 30 days of provided service. Whenever a home care cost assessment is completed, the public health nurse that completes the home care cost assessment, in consultation with the home care provider,~~

(g) [PRIOR AUTHORIZATION; TIME LIMITS.] *The commissioner or the commissioner's designee* shall determine the time period for which a ~~home care cost assessment~~ *prior authorization* shall remain valid. If the recipient continues to require home care services beyond the ~~limited~~ duration of the ~~home care cost assessment~~ *prior authorization*, the home care provider must request a ~~reassessment through the home care cost assessment~~ *new prior authorization through the* process described above. Under no circumstances

shall a ~~home care cost assessment~~ *prior authorization* be valid for more than 12 months.

~~(7) Reimbursement for the home care cost assessment shall be made through the Medicaid administrative authority. The state shall pay the nonfederal share.~~

(h) [APPROVAL OF HOME CARE SERVICES.] *The commissioner or the commissioner's designee shall determine the medical necessity of home care services, the level of caregiver according to subdivision 2, and the institutional comparison according to this subdivision, and the amount, scope, and duration of home care services reimbursable by medical assistance, based on the assessment, the care plan, the recipient's age, the recipient's medical condition, and diagnosis or disability. The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.*

~~(d) [LEVEL III HOME CARE.] If the home care provider determines that the recipient's needs exceed the amount approved for the appropriate level of care as determined in paragraph (c), the home care provider may refer the case to the department for a level III determination. Based on the client needs, physician orders, diagnosis, condition, and plan of care, the department may give prior approval for care that exceeds level II described in paragraph (c). The amount approved shall not exceed the maximum cost for the appropriate level of care as determined in paragraph (c), clause (1), which will be the maximum ICF/MR rate for intermediate care facilities for persons with mental retardation or related conditions, or the maximum nursing home case mix payment, or the highest hospital cost for the state.~~

(i) [PRIOR AUTHORIZATION REQUESTS; TEMPORARY SERVICES.] The department has 30 days from receipt of the request to complete the ~~level III determination~~ *prior authorization*, during which time it may approve ~~the higher level while reviewing the case~~ *a temporary level of home care service. Authorization under this authority for a temporary level of home care services is limited to the time specified by the commissioner.*

~~Case reviews or approval of home care services in levels II and III may result in assignment of a case manager.~~

~~(e)~~ *(j)* [PRIOR ~~APPROVAL~~ *AUTHORIZATION* REQUIRED IN FOSTER CARE SETTING.] ~~Any~~ Home care ~~service~~ *services* provided in an adult or child foster care setting must receive prior ~~approval~~ *authorization* by the department *according to the limits established in paragraph (b).*

The commissioner may not authorize:

(1) home care services that are the responsibility of the foster care provider under the terms of the foster care placement agreement and administrative rules;

(2) personal care services when the foster care license holder is also the personal care provider or personal care assistant unless the recipient can direct the recipient's own care, or the recipient is referred to the commissioner by a regional treatment center preadmission evaluation team;

(3) personal care services when the responsible party is an employee of, or under contract with, or has any direct or indirect financial relationship with the personal care provider or personal care assistant, unless the recipient is referred to the commissioner by a regional treatment center preadmission evaluation team;

(4) home care services when the number of foster care residents is greater than four; or

(5) home care services when combined with foster care payments, less the base rate, that exceed the total amount that public funds would pay for the recipient's care in a medical institution.

Subd. 6. [RECOVERY OF EXCESSIVE PAYMENTS.] The commissioner shall seek monetary recovery from providers of payments made for services which exceed the limits established in this section.

Sec. 13. [256B.0628] [PRIOR AUTHORIZATION AND REVIEW OF HOME CARE SERVICES.]

Subdivision 1. [STATE COORDINATION.] *The commissioner shall supervise the coordination of the prior authorization and review of home care services that are reimbursed by medical assistance.*

Subd. 2. [CONTRACTOR DUTIES.] *(a) The commissioner may contract with qualified registered nurses, or qualified agencies, to provide home care prior authorization and review services for medical assistance recipients who are receiving home care services.*

(b) Reimbursement for the prior authorization function shall be made through the medical assistance administrative authority. The state shall pay the nonfederal share. The contractor must:

(1) assess the recipient's individual need for services required to be cared for safely in the community;

(2) ensure that a care plan that meets the recipient's needs is developed by the appropriate agency or individual;

(3) ensure cost-effectiveness of medical assistance home care services;

(4) recommend to the commissioner the approval or denial of the use of medical assistance funds to pay for home care services when home care services exceed thresholds established by the commissioner under Minnesota Rules, parts 9505.0170 to 9505.0475;

(5) reassess the recipient's need for and level of home care services at a frequency determined by the commissioner; and

(6) conduct on-site assessments when determined necessary by the commissioner.

(c) In addition, the contractor may be requested by the commissioner to:

(1) review care plans and reimbursement data for utilization of services that exceed community-based standards for home care, inappropriate home care services, home care services that do not meet quality of care standards, or unauthorized services and make appropriate referrals to the commissioner or other appropriate entities based on the findings;

(2) assist the recipient in obtaining services necessary to allow the recipient to remain safely in or return to the community;

(3) coordinate home care services with other medical assistance services under section 256B.0625;

(4) assist the recipient with problems related to the provision of home care services; and

(5) assure the quality of home care services.

(d) For the purposes of this section, "home care services" means medical assistance services defined under section 256B.0625, subdivisions 6a, 7, and 19a.

Sec. 14. [256B.0911] [NURSING HOME PREADMISSION SCREENING.]

Subdivision 1. [PURPOSE AND GOAL.] *The purpose of the preadmission screening program is to prevent or delay certified nursing facility placements by assessing applicants and residents and offering cost-effective alternatives appropriate for the person's needs. Further, the goal of the program is to contain costs associated with unnecessary certified nursing facility admissions. The commissioners of human services and health shall seek to maximize use of available federal and state funds and establish the broadest program possible within the funding available.*

Subd. 2. [PERSONS REQUIRED TO BE SCREENED; EXEMPTIONS.] *All applicants to Medicaid certified nursing facilities must be screened prior to admission, regardless of income, assets, or funding sources, except the following:*

(1) patients who, having entered acute care facilities from certified nursing facilities, are returning to a certified nursing facility;

(2) residents transferred from other certified nursing facilities;

(3) individuals whose length of stay is expected to be 30 days or less based on a physician's certification, if the facility notifies the screening team prior to admission and provides an update to the screening team on the 30th day after admission;

(4) individuals who have a contractual right to have their nursing facility care paid for indefinitely by the veteran's administration; or

(5) individuals who are enrolled in the Ebenezer/Group Health social health maintenance organization project at the time of application to a nursing home; or

(6) individuals who are screened by another state within three months before admission to a certified nursing facility.

Regardless of the exemptions in clauses (2) to (6), persons who have a diagnosis or possible diagnosis of mental illness, mental retardation, or a related condition must be screened before admission unless the admission prior to screening is authorized by the local mental health authority or the local developmental disabilities case manager, or unless authorized by the county agency according to Public Law Number 101-508.

Persons transferred from an acute care facility to a certified nursing facility may be admitted to the nursing facility before screening, if authorized by the county agency; however, the person must be screened within ten working days after the admission.

Other persons who are not applicants to nursing facilities must be screened if a request is made for a screening.

Subd. 3. [PERSONS RESPONSIBLE FOR CONDUCTING THE PREADMISSION SCREENING.] *(a) A local screening team shall be established by the county agency and the county public health nursing service of the local board of health. Each local screening team shall be composed of a social worker and a public health nurse from their respective county*

agencies. Two or more counties may collaborate to establish a joint local screening team or teams.

(b) Both members of the team must conduct the screening. However, individuals who are being transferred from an acute care facility to a certified nursing facility may be screened by only one member of the screening team in consultation with the other member.

(c) In assessing a person's needs, each screening team shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician shall be included on the screening team if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the county agencies.

(d) If a person who has been screened must be reassessed to assign a case mix classification because admission to a nursing facility occurs later than the time allowed by rule following the initial screening and assessment, the reassessment may be completed by the public health nurse member of the screening team.

Subd. 4. [RESPONSIBILITIES OF THE COUNTY AGENCY AND THE SCREENING TEAM.] *(a) The county agency shall:*

(1) provide information and education to the general public regarding availability of the preadmission screening program;

(2) accept referrals from individuals, families, human service and health professionals, and hospital and nursing facility personnel;

(3) assess the health, psychological, and social needs of referred individuals and identify services needed to maintain these persons in the least restrictive environments;

(4) determine if the individual screened needs nursing facility level of care;

(5) assess active treatment needs in cooperation with:

(i) a qualified mental health professional for persons with a primary or secondary diagnosis of mental illness; and

(ii) a qualified mental retardation professional for persons with a primary or secondary diagnosis of mental retardation or related conditions. For purposes of this clause, a qualified mental retardation professional must meet the standards for a qualified mental retardation professional in Code of Federal Regulations, title 42, section 483.430;

(6) make recommendations for individuals screened regarding cost-effective community services which are available to the individual;

(7) make recommendations for individuals screened regarding nursing home placement when there are no cost-effective community services available;

(8) develop an individual's community care plan and provide follow-up services as needed; and

(9) prepare and submit reports that may be required by the commissioner of human services.

The county agency may determine in cooperation with the local board of health that the public health nursing agency of the local board of health is

the lead agency which is responsible for all of the activities above except clause (5).

(b) The screening team shall document that the most cost-effective alternatives available were offered to the individual or the individual's legal representative. For purposes of this section, "cost-effective alternatives" means community services and living arrangements that cost the same or less than nursing facility care.

The screening shall be conducted within ten working days after the date of referral or, for those approved for transfer from an acute care facility to a certified nursing facility, within ten working days after admission to the nursing facility. For persons who are eligible for medical assistance or who would be eligible within 180 days of admission to a nursing facility and who are admitted to a nursing facility, the nursing facility must include the screening team or the case manager in the discharge planning process for those individuals who the team has determined have discharge potential. The screening team or the case manager must ensure a smooth transition and follow-up for the individual's return to the community.

Local screening teams shall cooperate with other public and private agencies in the community, in order to offer a variety of cost-effective services to the disabled and elderly. The screening team shall encourage the use of volunteers from families, religious organizations, social clubs, and similar civic and service organizations to provide services.

Subd. 5. [SIMPLIFICATION OF FORMS.] *The commissioner shall minimize the number of forms required in the preadmission screening process and shall limit the screening document to items necessary for care plan approval, reimbursement, program planning, evaluation, and policy development.*

Subd. 6. [REIMBURSEMENT FOR PREADMISSION SCREENING.] *(a) The total screening cost for each county must be paid monthly by certified nursing facilities in the county. The monthly amount to be paid by each nursing facility for each fiscal year must be determined by dividing the county's estimate of the total annual cost of screenings allowed in the county for the following rate year by 12 to determine the monthly cost estimate and allocating the monthly cost estimate to each nursing facility based on the number of licensed beds in the nursing facility.*

(b) The rate allowed for a screening where two team members are present shall be the actual costs up to $195. The rate allowed for a screening where only one team member is present shall be the actual costs up to $117. Annually on July 1, the commissioner shall adjust the rate up to the percentage change forecast in the fourth quarter of the prior calendar year by the Home Health Agency Market Basket of Operating Costs, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc.

(c) The monthly cost estimate for each certified nursing facility must be submitted to the state by the county no later than February 15 of each year for inclusion in the nursing facility's payment rate on the following rate year. The commissioner shall include the reported annual estimated cost of screenings for each nursing facility as an operating cost of that nursing facility in accordance with section 256B.431, subdivision 2b, paragraph (g). The monthly cost estimates approved by the commissioner must be sent to the nursing facility by the county no later than April 15 of each year.

(d) If in more than ten percent of the total number of screenings performed by a county in a fiscal year for all individuals regardless of payment source, the screening timelines were not met because a county was late in screening the individual, the county is solely responsible for paying the cost of those delayed screenings that exceed ten percent.

(e) Notwithstanding section 256B.0641, overpayments attributable to payment of the screening costs under the medical assistance program may not be recovered from a facility.

(f) The commissioner of human services shall amend the Minnesota medical assistance plan to include reimbursement for the local screening teams.

Subd. 7. [REIMBURSEMENT FOR CERTIFIED NURSING FACILITIES.] *Medical assistance reimbursement for nursing facilities shall be authorized for a medical assistance recipient only if a preadmission screening has been conducted or the local county agency has authorized an exemption. Medical assistance reimbursement for nursing facilities shall not be provided for any recipient who the local screening team has determined does not meet the level of care criteria for nursing facility placement.*

An individual has a choice and makes the final decision between nursing facility placement and community placement after the screening team's recommendation. However, the local county mental health authority or the local mental retardation authority under Public Law Numbers 100-203 and 101-508 may prohibit admission to a nursing facility, if the individual does not meet the nursing facility level of care criteria or does need active treatment as defined in Public Law Numbers 100-203 and 101-508.

Appeals from the screening team's recommendation or the county agency's final decision shall be made according to section 256.045, subdivision 3.

Subd. 8. [ADVISORY COMMITTEE.] *The commissioner shall appoint an advisory committee to advise the commissioner on the preadmission screening program, the alternative care program under section 256B.0913, and the home- and community-based services waiver programs for the elderly and the disabled. The advisory committee shall review policies and procedures and provide advice and technical assistance to the commissioner regarding the effectiveness and the efficient administration of the programs. The advisory committee must consist of not more than 20 people appointed by the commissioner and must be comprised of representatives from public agencies, public and private service providers, and consumers from all areas of the state. Members of the advisory committee must not be compensated for service.*

Sec. 15. [256B.0913] [ALTERNATIVE CARE PROGRAM.]

Subdivision 1. [PURPOSE AND GOALS.] *The purpose of the alternative care program is to provide funding for or access to home and community-based services for frail elderly persons, in order to limit nursing facility placements. The program is designed to support frail elderly persons in their desire to remain in the community as independently and as long as possible and to support informal caregivers in their efforts to provide care for frail elderly people. Further, the goals of the program are:*

(1) to contain medical assistance expenditures by providing care in the community at a cost the same or less than nursing facility costs; and

(2) to maintain the moratorium on new construction of nursing home beds.

Subd. 2. [ELIGIBILITY FOR SERVICES.] *Alternative care services are available to all frail older Minnesotans. This includes:*

(1) persons who are receiving medical assistance and served under the medical assistance program or the Medicaid waiver program;

(2) persons who would be eligible for medical assistance within 180 days of admission to a nursing facility and served under subdivisions 4 to 13; and

(3) persons who are paying for their services out-of-pocket.

Subd. 3. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR MEDICAL ASSISTANCE RECIPIENTS.] *Funding for services for persons who are eligible for medical assistance is available under section 256B.0627, governing home care services, or 256B.0915, governing the Medicaid waiver for home and community-based services.*

Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NONMEDICAL ASSISTANCE RECIPIENTS.] *(a) Funding for services under the alternative care program is available to persons who meet the following criteria:*

(1) the person has been screened by the county screening team or, if previously screened and served under the alternative care program, assessed by the local county social worker or public health nurse;

(2) the person is age 65 or older;

(3) the person would be eligible for medical assistance within 180 days of admission to a nursing facility;

(4) the screening team would recommend nursing facility admission or continued stay for the person if alternative care services were not available;

(5) the person needs services that are not available at that time in the county through other county, state, or federal funding sources; and

(6) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the statewide average monthly medical assistance payment for nursing facility care at the individual's case mix classification to which the individual would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059.

(b) Individuals who meet the criteria in paragraph (a) and who have been approved for alternative care funding are called 180-day eligible clients.

(c) The statewide average payment for nursing facility care is the statewide average monthly nursing facility rate in effect on July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing facility residents who are age 65 or older and who are medical assistance recipients in the month of March of the previous fiscal year. This monthly limit does not prohibit the 180-day eligible client from paying for additional services needed or desired.

(d) In determining the total costs of alternative care services for one month, the costs of all services funded by the alternative care program, including supplies and equipment, must be included.

(e) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for

medical assistance without a spend-down if the person applied, unless authorized by the commissioner.

(f) Alternative care funding is not available for a person who resides in a licensed nursing home or boarding care home, except for case management services which are being provided in support of the discharge planning process.

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] *(a) Alternative care funding may be used for payment of costs of:*

(1) adult foster care;

(2) adult day care;

(3) home health aide;

(4) homemaker services;

(5) personal care;

(6) case management;

(7) respite care;

(8) assisted living; and

(9) care-related supplies and equipment.

(b) The county agency may use up to ten percent of the annual allocation of alternative care funding for payment of costs of meals delivered to the home, transportation, skilled nursing, chore services, companion services, nutrition services, and training for direct informal caregivers. The commissioner shall determine the impact on alternative care costs of allowing these additional services to be provided and shall report the findings to the legislature by February 15, 1993, including any recommendations regarding provision of the additional services.

(c) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs.

(d) These services must be provided by a licensed provider, a home health agency certified for reimbursement under Titles XVIII and XIX of the Social Security Act, or by persons or agencies employed by or contracted with the county agency or the public health nursing agency of the local board of health.

(e) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board.

(f) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

(g) Costs for supplies and equipment that exceed $150 per item per month must have prior approval from the commissioner.

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to two or more alternative care grant clients who reside in the same apartment building of ten or more units. These services may include care coordination, the costs of preparing one

or more nutritionally balanced meals per day, general oversight, and other supportive services which the vendor is licensed to provide according to sections 144A.43 to 144A.49, and which would otherwise be available to individual alternative care grant clients. Reimbursement from the lead agency shall be made to the vendor as a monthly capitated rate negotiated with the county agency. The capitated rate shall not exceed the state share of the average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The capitated rate may not cover rent and direct food costs. A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.

Subd. 6. [ALTERNATIVE CARE PROGRAM ADMINISTRATION.] *The alternative care program is administered by the county agency. This agency is the lead agency responsible for the local administration of the alternative care program as described in this section. However, it may contract with the public health nursing service to be the lead agency.*

Subd. 7. [CASE MANAGEMENT.] *The lead agency shall appoint a social worker from the county agency or a registered nurse from the county public health nursing service of the local board of health to be the case manager for any person receiving services funded by the alternative care program. The case manager must ensure the health and safety of the individual client and is responsible for the cost effectiveness of the alternative care individual care plan.*

Subd. 8. [REQUIREMENTS FOR INDIVIDUAL CARE PLAN.] *The case manager shall implement the plan of care for each 180-day eligible*

client and ensure that a client's service needs and eligibility are reassessed at least every six months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation liability. The lead agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program. The lead agency shall provide documentation in each individual's plan of care and to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private.

Subd. 9. [CONTRACTING PROVISIONS FOR PROVIDERS.] *The lead agency shall document to the commissioner that the agency made reasonable efforts to inform potential providers of the anticipated need for services under the alternative care program, including a minimum of 14 days' written advance notice of the opportunity to be selected as a service provider and an annual public meeting with providers to explain and review the criteria for selection. The lead agency shall also document to the commissioner that the agency allowed potential providers an opportunity to be selected to contract with the county agency. Funds reimbursed to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.*

The lead agency must select providers for contracts or agreements using the following criteria and other criteria established by the county:

(1) the need for the particular services offered by the provider;

(2) the population to be served, including the number of clients, the length of time services will be provided, and the medical condition of clients;

(3) the geographic area to be served;

(4) quality assurance methods, including appropriate licensure, certification, or standards, and supervision of employees when needed;

(5) rates for each service and unit of service exclusive of county administrative costs;

(6) evaluation of services previously delivered by the provider; and

(7) contract or agreement conditions, including billing requirements, cancellation, and indemnification.

The county must evaluate its own agency services under the criteria established for other providers. The county shall provide a written statement of the reasons for not selecting providers.

Subd. 10. [ALLOCATION FORMULA.] *(a) The alternative care appropriation for fiscal years 1992 and beyond shall cover only 180-day eligible clients.*

(b) Prior to July 1 of each year, the commissioner shall allocate to county agencies the state funds available for alternative care for persons eligible under subdivision 2. The allocation for fiscal year 1992 shall be calculated

using a base that is adjusted to exclude the medical assistance share of alternative care expenditures. The adjusted base is calculated by multiplying each county's allocation for fiscal year 1991 by the percentage of county alternative care expenditures for 180-day eligible clients. The percentage is determined based on expenditures for services rendered in fiscal year 1989 or calendar year 1989, whichever is greater.

(c) If the county expenditures for 180-day eligible clients are 95 percent or more of its adjusted base allocation, the allocation for the next fiscal year is 100 percent of the adjusted base, plus inflation to the extent that inflation is included in the state budget.

(d) If the county expenditures for 180-day eligible clients are less than 95 percent of its adjusted base allocation, the allocation for the next fiscal year is the adjusted base allocation less the amount of unspent funds below the 95 percent level.

(e) For fiscal year 1992 only, a county may receive an increased allocation if annualized service costs for the month of May 1991 for 180-day eligible clients are greater than the allocation otherwise determined. A county may apply for this increase by reporting projected expenditures for May to the commissioner by June 1, 1991. The amount of the allocation may exceed the amount calculated in paragraph (b). The projected expenditures for May must be based on actual 180-day eligible client caseload and the individual cost of clients' care plans. If a county does not report its expenditures for May, the amount in paragraph (c) or (d) shall be used.

(f) Calculations for paragraphs (c) and (d) are to be made as follows: for each county, the determination of expenditures shall be based on payments for services rendered from April 1 through March 31 in the base year, to the extent that claims have been submitted by June 1 of that year.

Subd. 11. [TARGETED FUNDING.] *(a) The purpose of targeted funding is to make additional money available to counties with the greatest need. Targeted funds are not intended to be distributed equitably among all counties, but rather, allocated to those with long-term care strategies that meet state goals.*

(b) The funds available for targeted funding shall be the total appropriation for each fiscal year minus county allocations determined under subdivision 10 as adjusted for any inflation increases provided in appropriations for the biennium.

(c) The commissioner shall allocate targeted funds to counties that demonstrate to the satisfaction of the commissioner that they have developed feasible plans to increase alternative care grant spending. In making targeted funding allocations, the commissioner shall use the following priorities:

(1) counties that received a lower allocation in fiscal year 1991 than in fiscal year 1990. Counties remain in this priority until they have been restored to their fiscal year 1990 level plus inflation;

(2) counties that sustain a base allocation reduction for failure to spend 95 percent of the allocation if they demonstrate that the base reduction should be restored;

(3) counties that propose projects to divert community residents from nursing home placement or convert nursing home residents to community living; and

(4) counties that can otherwise justify program growth by demonstrating the existence of waiting lists, demographically justified needs, or other unmet needs.

(d) Counties that would receive targeted funds according to paragraph (c) must demonstrate to the commissioner's satisfaction that the funds would be appropriately spent by showing how the funds would be used to further the state's alternative care goals as described in subdivision 1, and that the county has the administrative and service delivery capability to use them.

(e) The commissioner shall request applications by June 1 each year, for county agencies to apply for targeted funds. The counties selected for targeted funds shall be notified of the amount of their additional funding by August 1 of each year. Targeted funds allocated to a county agency in one year shall be treated as part of the county's base allocation for that year in determining allocations for subsequent years. No reallocations between counties shall be made.

(f) The allocation for each year after fiscal year 1992 shall be determined using the previous fiscal year's allocation, including any targeted funds, as the base and then applying the criteria under subdivision 10, paragraphs (c), (d), and (f), to the current year's expenditures.

Subd. 12. [CLIENT PREMIUMS.] *(a) A premium is required for all 180-day eligible clients to help pay for the cost of participating in the program.*

(b) The county agency must collect the premium from the client and forward the amounts collected to the commissioner in the manner and at the times prescribed by the commissioner. Money collected must be deposited in the general fund and is appropriated to the commissioner for the alternative care program. The client must supply the county with the client's social security number at the time of application. If a client fails or refuses to pay the premium due, the county shall supply the commissioner with the client's social security number and other information the commissioner requires to collect the premium from the client. The commissioner shall collect unpaid premiums using the revenue recapture act in chapter 270A and other methods available to the commissioner. The commissioner may require counties to inform clients of the collection procedures that may be used by the state if a premium is not paid.

(c) The commissioner shall establish a premium schedule ranging from $25 to $75 per month based on the client's income and assets. The schedule is not subject to chapter 14, but the commissioner shall publish the schedule and any later changes in the State Register and allow a period of 20 working days from the publication date for interested persons to comment before adopting the schedule in final form. The commissioner shall begin to adopt emergency or permanent rules governing client premiums within 30 days after the effective date of this section, including criteria for determining when services to a client must be terminated due to failure to pay a premium. Emergency or permanent rules governing client premiums supersede any schedule adopted under the exemption from chapter 14 in this section.

Subd. 13. [COUNTY ALTERNATIVE CARE BIENNIAL PLAN.] *The commissioner shall establish by rule, in accordance with chapter 14, procedures for the submittal and approval of a biennial county plan for the administration of the alternative care program and the coordination with other planning processes for the older adult. In addition to the procedures in rule, this county biennial plan shall also include:*

(1) information on the administration of the preadmission screening program;

(2) information on the administration of the home and community-based services waivers for the elderly under section 256B.0915, and for the disabled under section 256.49;

(3) an application for targeted funds under subdivision 11; and

(4) an optional notice of intent to apply to participate in the long-term care projects under section 256B.0917.

Subd. 14. [REIMBURSEMENT AND RATE ADJUSTMENTS.] *(a) Reimbursement for expenditures for the alternative care services shall be through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. To receive reimbursement, the county or vendor must submit invoices within 120 days following the month of service. The county agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.*

(b) If a county collects less than 50 percent of the client premiums due under subdivision 12, the commissioner may withhold up to three percent of the county's final alternative care program allocation determined under subdivisions 10 and 11.

(c) Beginning July 1, 1991, the state will reimburse counties, up to the limits of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.

(d) Annually on July 1, the commissioner must adjust the rates allowed for alternative care services by the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

Sec. 16. [256B.0915] [MEDICAID WAIVER FOR HOME AND COMMUNITY-BASED SERVICES.]

Subdivision 1. [AUTHORITY.] *The commissioner is authorized to apply for a home and community-based services waiver for the elderly, authorized under section 1915(c) of the Social Security Act, in order to obtain federal financial participation to expand the availability of services for persons who are eligible for medical assistance. The commissioner may apply for additional waivers or pursue other federal financial participation which is advantageous to the state for funding home care services for the frail elderly who are eligible for medical assistance. The provision of waivered services to medical assistance recipients must comply with the criteria approved in the waiver.*

Subd. 2. [SPOUSAL IMPOVERISHMENT POLICIES.] *The commissioner shall seek to amend the federal waiver and the medical assistance state plan to allow spousal impoverishment criteria as authorized in Code of Federal Regulations, title 42, section 435.726(1924), and as implemented in sections 256B.0575, 256B.058, and 256B.059 to be applied to persons*

who are screened and determined to need a nursing facility level of care.

Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] *(a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.*

(b) The monthly limit for the cost of waivered services to an individual waiver client shall be the statewide average payment rate of the case mix resident class to which the waiver client would be assigned under medical assistance case mix reimbursement system. The statewide average payment rate is calculated by determining the statewide average monthly nursing home rate effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year. The following costs must be included in determining the total monthly costs for the waiver client:

(1) cost of all waivered services, including extended medical supplies and equipment; and

(2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

(c) Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(d) Expenditures for extended medical supplies and equipment that cost over $150 per month must have the commissioner's prior approval.

(e) Annually on July 1, the commissioner must adjust the rates allowed for services by the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

(f) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

(g) Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 17. [256B.0917] [SENIORS' AGENDA FOR INDEPENDENT LIVING (SAIL) PROJECTS FOR A NEW LONG-TERM CARE STRATEGY.]

Subdivision 1. [PURPOSE, MISSION, GOALS, AND OBJECTIVES.] *(a) The purpose of implementing seniors' agenda for independent living (SAIL) projects under this section is to demonstrate a new cooperative*

strategy for the long-term care system in the state of Minnesota.

The projects are part of the initial biennial plan for a 20-year strategy. The mission of the 20-year strategy is to create a new community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and human resources. The goals for the 20-year strategy are to:

(1) achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;

(2) develop a statewide system of information and assistance to enable easy access to long-term care services;

(3) develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care;

(4) maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly served in institutional settings; and

(5) build a community-based approach and community commitment to delivering long-term care services for elderly persons in their homes.

(b) The objective for the fiscal years 1992 and 1993 biennial plan is to implement at least four but not more than six projects in anticipation of a statewide program. These projects will begin the process of implementing: (1) a coordinated planning and administrative process; (2) a refocused function of the preadmission screening program; (3) the development of additional home, community, and residential alternatives to nursing homes; (4) a program to support the informal caregivers for elderly persons; (5) programs to strengthen the use of volunteers; and (6) programs to support the building of community commitment to provide long-term care for elderly persons.

This is done in conjunction with an expanded role of the interagency long-term care planning committee as described in section 144A.31. The services offered through these projects will be available to those who have their own funds to pay for services, as well as to persons who are eligible for medical assistance and to persons who are 180-day eligible clients to the extent authorized in this section.

Subd. 2. [DESIGN OF SAIL PROJECTS; LOCAL LONG-TERM CARE COORDINATING TEAM.] *(a) The commissioner of human services shall establish SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.*

(b) To be selected for the project, a county board, or boards under a joint powers agreement, must establish a long-term care coordinating team consisting of county social service agencies, public health nursing service agencies, local boards of health, and the area agencies on aging in a geographic area which is responsible for:

(1) developing a local long-term care strategy consistent with state goals and objectives;

(2) submitting an application to be selected as a project;

(3) coordinating planning for funds to provide services to elderly persons, including funds received under Title III of the Older Americans Act, Community Social Services Act, Title XX of the Social Security Act and the Local Public Health Act; and

(4) ensuring efficient services provision and nonduplication of funding.

(c) The board, or boards under a joint powers agreement, shall designate a public agency to serve as the lead agency. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must semi-annually evaluate the progress of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(d) Each member of the local coordinating team must indicate its endorsement of the local strategy. The local long-term care coordinating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(e) The board, or boards under a joint powers agreement, shall apply to be selected as a project. If the project is selected, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(f) Projects shall be selected according to the following conditions:

(1) No project may be selected unless it demonstrates that:

(i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;

(ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;

(iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;

(iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least four counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation with consumers and other agencies and organizations, both public and private, in planning for service delivery.

(2) If only two projects are selected, at least one of them must be from a metropolitan statistical area as determined by the United States Census Bureau; if three or four projects are selected, at least one but not more than two projects must be from a metropolitan statistical area; and if more than four projects are selected, at least two but not more than three projects must be from a metropolitan statistical area.

(3) Counties or groups of counties that submit a proposal for a project shall be assigned to types defined by institutional utilization rate and population growth rate in the following manner:

(i) Each county or group of counties shall be measured by the utilization rate of nursing homes and boarding care homes and by the projected growth rate of its population aged 85 and over between 1990 and 2000. For the purposes of this section, "utilization rate" means the proportion of the seniors aged 65 or older in the county or group of counties who reside in a licensed nursing home or boarding care home as determined by the most recent census of residents available from the department of health and the population estimates of the state demographer or the census, whichever is more recent. The "projected growth rate" is the rate of change in the county or group of counties of the population group aged 85 or older between 1990 and 2000 according to the projections of the state demographer.

(ii) The institutional utilization rate of a county or group of counties shall be converted to a category by assigning a "high utilization" category if the rate is above the median rate of all counties, and a "low utilization" category otherwise. The projected growth rate of a county or group of counties shall be converted to a category by assigning a score of "high growth" category if the rate is above the median rate of all counties, and a "low growth" category otherwise.

(iii) Types of areas shall be defined by the four combinations of the scores defined in item (ii): type 1 is low utilization - high growth, type 2 is high utilization - high growth, type 3 is high utilization - low growth, and type 4 is low utilization - low growth. Each county or group of counties making a proposal shall be assigned to one of these types.

(4) Projects shall be selected from each of the types in the order that the types are listed in paragraph 3, item (iii), with available funding allocated to projects until it is exhausted, with no more than 30 percent of available funding allocated to any one project. Available funding includes state administrative funds which have been appropriated for screening functions in subdivision 4, paragraph (b), clause (3), and for service developers and incentive grants in subdivision 5.

(5) If more than one county or group of counties within one of the types defined by paragraph (3) proposes a special project that meets all of the other conditions in paragraphs (1) and (2), the project that demonstrates the most cost-effective proposals in terms of the number of nursing home placements that can be expected to be diverted or converted to alternative care services per unit of cost shall be selected.

Subd. 3. [LOCAL LONG-TERM CARE STRATEGY.] *The local long-term care strategy must list performance outcomes and indicators which meet the state's objectives. The local strategy must provide for:*

(1) accessible information, assessment, and preadmission screening activities as described in subdivision 4;

(2) an application for expansion of alternative care targeted funds under section 256B.0913, for serving 180-day eligible clients, including those who are relocated from nursing homes;

(3) the development of additional services such as adult family foster care homes; family adult day care; assisted living projects and congregate housing service projects in apartment buildings; expanded home care services

for evenings and weekends; expanded volunteer services; and caregiver support and respite care projects; and

(4) development and implementation of strategies for advocating, promoting, and developing long-term care insurance and encouraging insurance companies to offer long-term care insurance policies that are affordable and offer a wide range of benefits.

The county or groups of counties selected for the projects shall be required to comply with federal regulations, alternative care funding policies in section 256B.0913, and the federal waiver programs' policies in section 256B.0915. The requirements for preadmission screening as defined in section 256B.0911, subdivisions 1 to 6, are waived for those counties selected as part of a long-term care strategy project. For persons who are eligible for medical assistance or who are 180-day eligible clients and who are screened after nursing facility admission, the nursing facility must include a screener in the discharge planning process for those individuals who the screener has determined have discharge potential. The agency responsible for the screening function in subdivision 4 must ensure a smooth transition and follow-up for the individual's return to the community. Requirements for an access, screening, and assessment function replace the preadmission screening requirements and are defined in subdivision 4. Requirements for the service development and service provision are defined in subdivision 5.

Subd. 4. [ACCESSIBLE INFORMATION, SCREENING, AND ASSESSMENT FUNCTION.] *(a) The projects selected by and under contract with the commissioner shall establish an accessible information, screening, and assessment function for persons who need assistance and information regarding long-term care. This accessible information, screening, and assessment activity shall include information and referral, early intervention, follow-up contacts, telephone triage as defined in paragraph (f), home visits, assessments, preadmission screening, and relocation case management for the frail elderly and their caregivers in the area served by the county or counties. The purpose is to ensure that information and help is provided to elderly persons and their families in a timely fashion, when they are making decisions about long-term care. These functions may be split among various agencies, but must be coordinated by the local long-term care coordinating team.*

(b) Accessible information, screening, and assessment functions shall be reimbursed as follows:

(1) The screenings of all persons entering nursing homes shall be reimbursed by the nursing homes in the counties of the project, through the same policy that is in place in fiscal year 1992 as established in section 256B.0911. The amount a nursing home pays to the county agency is that amount identified and approved in the February 15, 1991, estimated number of screenings and associated expenditures. This amount remains the same for fiscal year 1993;

(2) The level I screenings and the level II assessments required by Public Law Numbers 100-203 and 101-508 (OBRA) for persons with mental illness, mental retardation, or related conditions, are reimbursed through administrative funds with 75 percent federal funds and 25 percent state funds, as allowed by federal regulations and established in the contract; and

(3) Additional state administrative funds shall be available for the access,

screening, and assessment activities that are not reimbursed under clauses (1) and (2). This amount shall not exceed the amount authorized in the guidelines and in instructions for the application and must be within the amount appropriated for this activity.

(c) The amounts available under paragraph (b) are available to the county or counties involved in the project to cover staff salaries and expenses to provide the services in this subdivision. The lead agency shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide the services listed in this subdivision.

(d) Any information and referral functions funded by other sources, such as Title III of the Older Americans Act and Title XX of the Social Security Act and the Community Social Services Act, shall be considered by the local long-term care coordinating team in establishing this function to avoid duplication and to ensure access to information for persons needing help and information regarding long-term care.

(e) The staffing for the screening and assessment function must include, but is not limited to, a county social worker and a county public health nurse. The social worker and public health nurse are responsible for all assessments that are required to be completed by a professional. However, only one of these professionals is required to be present for the assessment.

(f) All persons entering a Medicaid certified nursing home or boarding care home must be screened through an assessment process, although the decision to conduct a face-to-face interview is left with the county social worker and the county public health nurse. All applicants to nursing homes must be screened and approved for admission by the county social worker or the county public health nurse named by the lead agency or the agencies which are under contract with the lead agency to manage the access, screening, and assessment functions. For applicants who have a diagnosis of mental illness, mental retardation, or a related condition, and are subject to the provisions of Public Law Numbers 100-203 and 101-508, their admission must be approved by the local mental health authority or the local developmental disabilities case manager.

The commissioner shall develop instructions and assessment forms for telephone triage and on-site screenings to ensure that federal regulations and waiver provisions are met.

For purposes of this section, the term "telephone triage" refers to a telephone or face-to-face consultation between health care and social service professionals during which the clients' circumstances are reviewed and the county agency professional sorts the individual into categories: (1) needs no screening, (2) needs an immediate screening, or (3) needs a screening after admission to a nursing home or after a return home. The county agency professional shall authorize admission to a nursing home according to the provisions in section 256B.0911, subdivision 7.

(g) The requirements for case mix assessments by a preadmission screening team may be waived and the nursing home shall complete the case mix assessments which are not conducted by the county public health nurse according to the procedures established under Minnesota Rules, part 9549.0059. The appropriate county or the lead agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.

(h) The lead agency or the agencies under contract with the lead agency

which are responsible for the accessible information, screening, and assessment function must complete the forms and reports required by the commissioner as specified in the contract.

Subd. 5. [SERVICE DEVELOPMENT AND SERVICE DELIVERY.] *(a) In addition to the access, screening, and assessment activity, each local strategy may include provisions for the following:*

(1) expansion of alternative care to serve an increased caseload, over the fiscal year 1991 average caseload, of at least 100 persons each year who are assessed prior to nursing home admission and persons who are relocated from nursing homes, which results in a reduction of the medical assistance nursing home caseload;

(2) the addition of a full-time staff person who is responsible to develop the following services and recruit providers as established in the contract:

(i) additional adult family foster care homes;

(ii) family adult day care providers as defined in section 256B.0919, subdivision 2;

(iii) an assisted living program in an apartment;

(iv) a congregate housing service project in a subsidized housing project; and

(v) the expansion of evening and weekend coverage of home care services as deemed necessary by the local strategic plan;

(3) small incentive grants to new adult family care providers for renovations needed to meet licensure requirements;

(4) a plan to apply for a congregate housing service project as identified in section 256.9751, authorized by the Minnesota board on aging, to the extent that funds are available;

(5) a plan to divert new applicants to nursing homes and to relocate a targeted population from nursing homes, using the individual's own resources or the funding available for services;

(6) one or more caregiver support and respite care projects, as described in subdivision 6; and

(7) one or more living-at-home/block nurse projects, as described in subdivisions 7 to 10.

(b) The expansion of alternative care clients under paragraph (a) shall be accomplished with the funds provided under section 256B.0913, and includes the allocation of targeted funds. The funding for all participating counties must be coordinated by the local long-term care coordinating team and must be part of the local long-term care strategy. Each county retains responsibility for reimbursement as defined in section 256B.0913, subdivision 12. All other requirements for the alternative care program must be met unless an exception is provided in this section. The commissioner may establish by contract a reimbursement mechanism for alternative care that does not require invoice processing through the medical assistance management information system (MMIS). The commissioner and local agencies must assure that the same client and reimbursement data is obtained as is available under MMIS.

(c) The administration of these components is the responsibility of the

agencies selected by the local coordinating team and under contract with the local lead agency. However, administrative funds for paragraph (a), clauses (2) to (5), and grant funds for paragraph (a), clauses (6) and (7), shall be granted to the local lead agency. The funding available for each component is based on the plan submitted and the amount negotiated in the contract.

Subd. 6. [STATEWIDE CAREGIVER SUPPORT AND RESPITE CARE RESOURCE CENTER; CAREGIVER SUPPORT AND RESPITE CARE PROJECTS.] *(a) The commissioner shall establish and maintain a statewide resource center for caregiver support and respite care. The resource center shall:*

(1) provide information, technical assistance, and training statewide to county agencies and organizations on direct service models of caregiver support and respite care services;

(2) identify and address issues, concerns, and gaps in the statewide network for caregiver support and respite care;

(3) maintain a statewide caregiver support and respite care directory;

(4) educate caregivers on the availability and use of caregiver and respite care services;

(5) promote and expand caregiver training and support groups using existing networks when possible; and

(6) apply for and manage grants related to caregiver support and respite care.

(b) The commissioner shall establish up to 36 projects to expand the respite care network in the state and to support caregivers in their responsibilities for care. The purpose of each project shall be to:

(1) establish a local coordinated network of volunteer and paid respite workers;

(2) coordinate assignment of respite workers to clients and care receivers and assure the health and safety of the client; and

(3) provide training for caregivers and ensure that support groups are available in the community.

(c) The caregiver support and respite care funds shall be available to the four to six local long-term care strategy projects designated in subdivisions 1 to 5.

(d) The commissioner shall publish a notice in the State Register to solicit proposals from public or private nonprofit agencies for the projects not included in the four to six local long-term care strategy projects defined in subdivision 2. A county agency may, alone or in combination with other county agencies, apply for caregiver support and respite care project funds. A public or nonprofit agency may apply for project funds if the agency has a letter of agreement with the county or counties in which services will be developed, stating the intention of the county or counties to coordinate their activities with the agency requesting a grant.

(e) The commissioner shall select grantees based on the following criteria:

(1) the ability of the proposal to demonstrate need in the area served, as evidenced by a community needs assessment or other demographic data;

(2) the ability of the proposal to clearly describe how the project will achieve the purpose defined in paragraph (b);

(3) the ability of the proposal to reach underserved populations;

(4) the ability of the proposal to demonstrate community commitment to the project, as evidenced by letters of support and cooperation as well as formation of a community task force;

(5) the ability of the proposal to clearly describe the process for recruiting, training, and retraining volunteers; and

(6) the inclusion in the proposal of the plan to promote the project in the community, including outreach to persons needing the services.

(f) Funds for all projects under this subdivision may be used to:

(1) hire a coordinator to develop a coordinated network of volunteer and paid respite care services and assign workers to clients;

(2) recruit and train volunteer providers;

(3) train caregivers;

(4) ensure the development of support groups for caregivers;

(5) advertise the availability of the caregiver support and respite care project; and

(6) purchase equipment to maintain a system of assigning workers to clients.

(g) Project funds may not be used to supplant existing funding sources.

(h) An advisory committee shall be appointed to advise the caregiver support project on the development and implementation of the caregiver support and respite care services projects. The advisory committee shall review procedures and provide advice and technical assistance to the caregiver support project regarding the grant program established under this section.

The advisory committee shall consist of not more than 16 people appointed by the commissioner and shall be comprised of representatives from public and private agencies, service providers and consumers from all areas of the state.

Members of the advisory committee shall not be compensated for service.

Subd. 7. [CONTRACT.] *The commissioner of human services shall execute a contract with an organization experienced in establishing and operating community-based programs that have used the principles listed in subdivision 8, paragraph (b), in order to meet the independent living and health needs of senior citizens aged 65 and over and provide community-based long-term care for senior citizens in their homes. The organization awarded the contract shall:*

(1) assist the commissioner in developing criteria for and in awarding grants to establish community-based organizations that will implement living-at-home/block nurse programs throughout the state;

(2) assist the commissioner in awarding grants to enable current living-at-home/block nurse programs to implement the combined living-at-home/block nurse program model;

(3) serve as a state technical assistance center to assist and coordinate the living-at-home/block nurse programs established; and

(4) develop the implementation plan required by subdivision 10.

Subd. 8. [LIVING-AT-HOME/BLOCK NURSE PROGRAM GRANT.] *(a) The commissioner, in cooperation with the organization awarded the contract under subdivision 7, shall develop and administer a grant program to establish seven to ten community-based organizations that will implement living-at-home/block nurse programs that are designed to enable senior citizens to live as independently as possible in their homes and in their communities. Up to seven of the programs must be in counties outside the seven-county metropolitan area. The living-at-home/block nurse program funds shall be available to the four to six SAIL projects established under this section. Nonprofit organizations and units of local government are eligible to apply for grants to establish the community organizations that will implement living-at-home/block nurse programs. In awarding grants, the commissioner shall give preference to nonprofit organizations and units of local government from communities that:*

(1) have high nursing home occupancy rates;

(2) have a shortage of health care professionals; and

(3) meet other criteria established by the commissioner, in consultation with the organization under contract.

(b) Grant applicants must also meet the following criteria:

(1) the local community demonstrates a readiness to establish a community model of care, including the formation of a board of directors, advisory committee, or similar group, of which at least two-thirds is comprised of community citizens interested in community-based care for older persons;

(2) the program has sponsorship by a credible, representative organization within the community;

(3) the program has defined specific geographic boundaries and defined its organization, staffing and coordination/delivery of services;

(4) the program demonstrates a team approach to coordination and care, ensuring that the older adult participants, their families, the formal and informal providers are all part of the effort to plan and provide services; and

(5) the program provides assurances that all community resources and funding will be coordinated and that other funding sources will be maximized, including a person's own resources.

(c) Grant applicants must provide a minimum of five percent of total estimated development costs from local community funding. Grants shall be awarded for two-year periods, and the base amount shall not exceed $40,000 per applicant for the grant period. The commissioner, in consultation with the organization under contract, may increase the grant amount for applicants from communities that have socioeconomic characteristics that indicate a higher level of need for development assistance.

(d) Each living-at-home/block nurse program shall be designed by representatives of the communities being served to ensure that the program addresses the specific needs of the community residents. The programs must be designed to:

(1) incorporate the basic community, organizational, and service delivery principles of the living-at-home/block nurse program model;

(2) provide senior citizens with registered nurse directed assessment, provision and coordination of health and personal care services on a sliding fee basis as an alternative to expensive nursing home care;

(3) provide information, support services, homemaking services, counseling, and training for the client and family caregivers;

(4) encourage the development and use of respite care, caregiver support, and in-home support programs, such as adult foster care and in-home adult day care;

(5) encourage neighborhood residents and local organizations to collaborate in meeting the needs of senior citizens in their communities;

(6) recruit, train, and direct the use of volunteers to provide informal services and other appropriate support to senior citizens and their caregivers; and

(7) provide coordination and management of formal and informal services to senior citizens and their families using less expensive alternatives.

Subd. 9. [STATE TECHNICAL ASSISTANCE CENTER.] *The organization under contract shall be the state technical assistance center to provide orientation and technical assistance, and to coordinate the living-at-home/block nurse programs established. The state resource center shall:*

(1) provide communities with criteria in planning and designing their living-at-home/block nurse programs;

(2) provide general orientation and technical assistance to communities who desire to establish living-at-home/block nurse programs;

(3) provide ongoing analysis and data collection of existing and newly established living-at-home/block nurse programs and provide data to the organization performing the independent assessment; and

(4) serve as the living-at-home/block nurse programs' liaison to the legislature and other state agencies.

Subd. 10. [IMPLEMENTATION PLAN.] *The organization under contract shall develop a plan that specifies a strategy for implementing living-at-home/block nurse programs statewide. The plan must also analyze the data collected by the state technical assistance center and describe the effectiveness of services provided by living-at-home/block nurse programs, including the program's impact on acute care costs. The organization shall report to the commissioner of human services and to the legislature by January 1, 1993.*

Subd. 11. [EVALUATION AND EXPANSION.] *The commissioner shall evaluate the success of the projects against the objective stated in subdivision 1, paragraph (b), and recommend to the legislature the continuation or expansion of the long-term care strategy by February 15, 1993.*

Subd. 12. [PUBLIC AWARENESS CAMPAIGN.] *The commissioner, with assistance from the commissioner of health and with the advice of the long-term care planning committee, shall contract for a public awareness campaign to educate the general public, seniors, consumers, caregivers, and professionals about the aging process, the long-term care system, and alternatives available including alternative care and residential alternatives.*

Particular emphasis will be given to informing consumers on how to access the alternatives and obtain information on the long-term care system. The commissioner shall pursue the development of new names for preadmission screening, alternative care, and foster care.

Sec. 18. [256B.0919] [ADULT FOSTER CARE AND FAMILY ADULT DAY CARE.]

Subdivision 1. [ADULT FOSTER CARE LICENSURE CAPACITY.] *Notwithstanding contrary provisions of the human services licensing act and rules adopted under it, an adult foster care license holder may care for five adults age 60 years or older who do not have serious and persistent mental illness or a developmental disability. The license holder under this section shall not be a corporate business which operates more than two facilities.*

Subd. 2. [ADULT FOSTER CARE; FAMILY ADULT DAY CARE.] *An adult foster care license holder who is not providing care to persons with serious and persistent mental illness or developmental disabilities may also provide family adult day care for adults age 60 years or older who do not have serious and persistent mental illness or a developmental disability. The maximum combined license capacity for adult foster care and family adult day care is five adults. A separate license is not required to provide family adult day care under this subdivision. Foster care homes providing services to five adults shall not be subject to licensure by the commissioner of health under the provisions of chapter 144, 144A, 157, or any other law requiring facility licensure by the commissioner of health.*

Subd. 3. [COUNTY CERTIFICATION OF PERSONS PROVIDING ADULT FOSTER CARE TO RELATED PERSONS.] *A person exempt from licensure under section 245A.03, subdivision 2, who provides adult foster care to a related individual age 65 and older, and who meets the requirements in Minnesota Rules, parts 9555.5105 to 9555.6265, may be certified by the county to provide adult foster care. A person certified by the county to provide adult foster care may be reimbursed for services provided and eligible for funding under sections 256B.0913 and 256B.0915, if the relative would suffer a financial hardship as a result of providing care. For purposes of this subdivision, financial hardship refers to a situation in which a relative incurs a substantial reduction in income because he or she resigns from a full-time job or takes a leave of absence without pay from a full-time job to care for the client.*

Sec. 19. Minnesota Statutes 1990, section 256B.093, is amended to read:

Sec. 20. Minnesota Statutes 1990, section 256B.64, is amended to read:

256B.64 [ATTENDANTS TO VENTILATOR-DEPENDENT RECIPIENTS.]

A ventilator-dependent recipient of medical assistance who has been receiving the services of a private duty nurse or personal care assistant in the recipient's home may continue to have a private duty nurse or personal care assistant present upon admission to a hospital licensed under chapter 144. The personal care assistant or private duty nurse shall perform only the services of communicator or interpreter for the ventilator-dependent patient during a transition period of up to 120 hours to assure adequate training of the hospital staff to communicate with the patient and to understand the unique comfort, safety, and personal care needs of the patient. The commissioner shall review the request and determine if it is medically necessary to continue the interpreter services or if the hospital staff has had sufficient opportunity to adequately determine the needs of the patient. The commissioner shall determine if continued service is necessary and appropriate and whether or not payments shall continue. The commissioner may not authorize services beyond the limits of the available appropriations for this section.* The commissioner may adopt rules necessary to implement this section. Sec. 21. Minnesota Statutes 1990, section 256D.44, is amended by adding a subdivision to read:

Subd. 7. [RATE LIMITATION; WAIVERED SERVICES ELIGIBILITY.]

If a current negotiated rate for a foster care placement is for an individual who is eligible for the home and community-based services waiver for the elderly, the negotiated rate must include only the room and board portion of the rate. The room and board portion of the negotiated rate is an amount equal to the difference between the medical assistance income limit for a single disabled or aged adult minus the amount of the medical assistance personal needs allowance for persons residing in a nursing facility.

Sec. 22. Minnesota Statutes 1990, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of local tax rates.

(c) "Gross tax capacity" means the product of the gross class rates and estimated market values. "Total gross tax capacity" means the gross tax capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the gross tax capacity of transmission lines deducted from a local government's total gross tax capacity under section 273.425. Gross tax capacity cannot be less than zero.

(d) "Net tax capacity" means the product of (i) the appropriate net class rates for the year in which the aid is payable, except that for aids payable in 1991 the class rate applied to class 3 utility real and personal property shall be 5.38 percent; the class rate applied to class 4c property and that portion of class 3 property with an actual net class rate of 2.3 percent shall be 2.4 percent; the class rates applied to class 2a agricultural homestead property excluding the house, garage, and one acre shall be .4 percent for the first $100,000 of value reduced by the value of the house, garage, and one acre, 1.3 percent for the remaining value of the first 320 acres, and 1.7 percent for the remaining value of any acreage in excess of 320 acres; the class rate applied to class 2b property shall be 1.7 percent; the class rate applied to class 1b property shall be .4 percent; and the class rate for the portion of class 1 property and the house, garage, and one acre portion of class 2a property with a market value in excess of $100,000 shall be 3.0 percent, and (ii) estimated market values for the assessment two years prior to that in which aid is payable. The reclassification of mobile home parks as class 4c shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991 or 1992. The reclassification of fraternity and sorority houses as class 4c shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02,

subdivision 8, in which the unique taxing jurisdiction is located, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. For purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

(e) "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all property within the unique taxing jurisdiction. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the previous net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

(f) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. The equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(g) "1989 local tax rate" means the quotient derived by dividing the gross taxes levied within a unique taxing jurisdiction for taxes payable in 1989 by the gross tax capacity of the unique taxing jurisdiction for taxes payable in 1989. For computation of the local tax rate for aid payable in 1991 and subsequent years, gross taxes for taxes payable in 1989 exclude equalized levies as defined in subdivision 2a. For purposes of computation of the local tax rate only, gross taxes shall not be adjusted by inflation or household growth.

(h) "Current local tax rate" means the quotient derived by dividing the taxes levied within a unique taxing jurisdiction for taxes payable in the year prior to that for which aids are being calculated by the net tax capacity of the unique taxing jurisdiction.

(i) For purposes of calculating the homestead and agricultural credit aid authorized pursuant to subdivision 2, the "subtraction factor" is the product of (i) a unique taxing jurisdiction's 1989 local tax rate; (ii) its total net tax capacity; and (iii) 0.9767.

(j) For purposes of calculating and allocating homestead and agricultural credit aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties," "gross taxes," or "taxes levied" means the total taxes levied on all properties

except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction. Gross taxes levied on all properties or gross taxes are before reduction by any credits for taxes payable in 1989. "Gross taxes" are before any reduction for disparity reduction aid but "taxes levied" are after any reduction for disparity reduction aid. Gross taxes levied or taxes levied cannot be less than zero.

For homestead and agricultural credit aid payable in 1991, "gross taxes" or "gross taxes levied on all properties" shall mean gross taxes payable in 1989, excluding actual amounts levied for the purposes listed in subdivision 2a, multiplied by the cost-of-living adjustment factor and the household adjustment factor.

"Taxes levied" excludes actual amounts levied for purposes listed in subdivision 2a.

(k) "Human services aids" means:

(6) emergency assistance under section 256.871, subdivision 6;

(7) Minnesota supplemental aid under section 256D.36, subdivision 1;

(8) preadmission screening and alternative care grants ~~under section 256B.091~~;

(9) work readiness services under section 256D.051;

(10) case management services under section 256.736, subdivision 13;

(11) general assistance claims processing, medical transportation and related costs; and

(12) medical assistance, medical transportation and related costs.

(l) "Cost-of-living adjustment factor" means the greater of one or one plus the percentage increase in the consumer price index minus .36 percent. In no case may the cost of living adjustment factor exceed 1.0394.

(m) The percentage increase in the consumer price index means the percentage, if any, by which:

(1) the consumer price index for the calendar year preceding that in which aid is payable, exceeds

(2) the consumer price index for calendar year 1989.

(n) "Consumer price index for any calendar year" means the average of the consumer price index as of the close of the 12-month period ending on

May 31 of such calendar year.

(o) "Consumer price index" means the last consumer price index for all-urban consumers published by the department of labor. For purposes of the preceding sentence, the revision of the consumer price index which is most consistent with the consumer price index for calendar year 1989 shall be used.

(p) "Household adjustment factor" means the number of households for the second most recent year preceding that in which the aids are payable divided by the number of households for the third most recent year. The household adjustment factor cannot be less than one.

(q) "Growth adjustment factor" means the household adjustment factor in the case of counties, cities, and towns. In the case of school districts the growth adjustment factor means the average daily membership of the school district under section 124.17, subdivision 2, for the school year ending in the second most recent year preceding that in which the aids are payable divided by the average daily membership for the third most recent year. In the case of special taxing districts, the growth adjustment factor equals one. The growth adjustment factor cannot be less than one.

(r) "Homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2 plus, for aid payable in 1992, fiscal disparity homestead and agricultural credit aid under subdivision 2b.

(s) "Net tax capacity adjustment" means (1) the total previous net tax capacity minus the total net tax capacity, multiplied by (2) the unique taxing jurisdiction's current local tax rate. The net tax capacity adjustment cannot be less than zero.

(t) "Fiscal disparity adjustment" means the difference between (1) a taxing jurisdiction's fiscal disparity distribution levy under section 473F.08, subdivision 3, clause (a), for taxes payable in the year prior to that for which aids are being calculated, and (2) the same distribution levy multiplied by the ratio of the highest class rate for class 3 property for taxes payable in the year prior to that for which aids are being calculated to the highest class rate for class 3 property for taxes payable in the second prior year to that for which aids are being calculated. In the case of school districts, the fiscal disparity distribution levy shall exclude that part of the levy attributable to equalized school levies as defined in subdivision 2a.

Subdivision 1. The commissioner shall solicit proposals from counties and shall select up to four counties to participate, including at least one metropolitan county and one county in greater Minnesota. (4) facilitate the discharge of elderly persons from nursing homes to less restrictive settings or delay their entry into nursing homes.

Participating counties shall use existing alternative care grant allocations to pay for pilot project services. The counties must contract with a medical assistance-certified home care agency to coordinate and deliver services and must demonstrate to the commissioner that quality assurance and auditing systems have been established. The second step is to multiply the punishment points by a factor that accounts for the offender's financial circumstances. The goal of the system is to provide a fine that is proportional to the seriousness of the offense and largely equal in impact among offenders with different financial circumstances. The system may provide for community service in lieu of fines for offenders whose means are so limited that the payment of a fine would be unlikely.

Each participating county will be charged a sum equal to the per diem cost of confinement of those juveniles committed to the commissioner after August 1, 1973, and confined in a state correctional facility. Provided, however, that the amount charged a participating county for the costs of confinement shall not exceed the amount of subsidy to which the county is eligible~~, and provided further that the counties of commitment shall also pay the per diem herein provided for all persons convicted of a felony for which the penalty provided by law does not exceed five years and confined in a state correctional facility prior to January 1, 1981. A county or group of counties participating in the community corrections act may not be charged for any per diem cost of confinement for adults sentenced to the commissioner of corrections for crimes committed on or after January 1, 1981~~. The commissioner shall annually determine costs ~~and deduct them from the subsidy due and payable to the respective participating counties,~~ making necessary adjustments to reflect the actual costs of confinement. However, in no case shall the percentage increase in the amount charged to the counties exceed the percentage by which the appropriation for the purposes of sections 401.01 to 401.16 was increased over the preceding biennium. *The commissioner of corrections shall bill the counties and deposit the receipts from the counties in the general fund.* All charges shall be a charge upon the county of commitment.

They may be made in amounts sufficient to refinance existing indebtedness secured by the property, if refinancing is determined by the agency to be necessary to permit the owner to meet the owner's housing cost without expending an unreasonable portion of the owner's income thereon. No loan for rehabilitation shall be made unless the agency determines that the loan will be used primarily to make the housing more desirable to live in, to increase the market value of the housing, for compliance with state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing, or to accomplish energy conservation related improvements. In unincorporated areas and municipalities not having codes and standards, the agency may, solely for the purpose of administering the provisions of this chapter, establish codes and standards. *Except for accessibility improvements under subdivision 14d,* no loan for rehabilitation of any property shall be made in an amount which, with all other existing indebtedness secured by the property, would exceed its market value, as determined by the agency. No loan under this subdivision shall be denied solely because the loan will not be used for placing the residential housing in full compliance with all state, county, or municipal building, housing maintenance, fire, health, or similar codes and standards applicable to housing. Rehabilitation loans shall be made only when the agency determines that financing is not otherwise available, in whole or in part, from private lenders upon equivalent terms and

conditions.

Sec. 27. [462A.205] [RENT ASSISTANCE FOR FAMILY STABILIZATION DEMONSTRATION PROJECT.]

Subdivision 1. [FAMILY STABILIZATION DEMONSTRATION PROJECT.] *The agency, in consultation with the department of human services,*

may establish a rent assistance for family stabilization demonstration project. The purpose of the project is to provide rental assistance to families who, at the time of initial eligibility for rental assistance under this section, were receiving public assistance, and had a caretaker parent participating in a self-sufficiency program and at least one minor child. The demonstration project is limited to counties with high average housing costs. The program must offer two options: a voucher option and a project-based voucher option. The funds may be distributed on a request for proposal basis.

Subd. 2. [DEFINITIONS.] *For the purposes of this section, the following terms have the meaning given them.*

Subd. 3. [LOCAL HOUSING AGENCY.] *The agency may contract with a local housing agency to administer the rent assistance under this section. (b) Within the limits of available appropriations, eligible families may receive monthly rent assistance for a 36-month period starting with the month the family first receives rent assistance under this section. The amount of the family's portion of the rental payment is equal to at least 30 percent

of gross income.

(c) The rent assistance must be paid by the local housing agency to the property owner.

(d) Subject to the limitations in (e), the amount of rent assistance is the difference between the rent and the family's portion of the rental payment.

The agency may set aside a portion of the funds to be used in connection with rental rehabilitation projects which will be completed by July 1, 1992.*

Subd. 7. [PROPERTY OWNER.] *In order to receive rent assistance payments, the property owner must enter into a standard lease agreement with the family which includes a clause providing for good cause evictions only. The amounts that may be spent from this appropriation for each purpose are specified in the following subdivisions.

Subd. 2. Agency Administration

3,324,000 3,317,000

$75,000 each year is available for grants to initiate regional coordination of telecommunications in the delivery of instructional programs. The higher education coordinating board shall award the grants to Southwest State University, St. Cloud Technical College, and the University of Minnesota at Crookston to coordinate the development and operation of a cooperative arrangement with other post-secondary institutions and school districts in its geographic region. The arrangements shall provide for shared classes, avoidance of program duplication, facilitate transfer of credits, and other purposes. The grant recipients must match the state grant. The coordinating board shall establish procedures for the grant applications. The coordinating board shall report on the grants to the 1993 legislature and disseminate results to educational institutions.

Each public post-secondary system shall review the number of hours that faculty devote each week to student services, teaching, preparation, research, community services, and other functions. Each system shall provide the information in a coordinated format to the higher education coordinating board which shall summarize the information and review and comment on it. The coordinating board shall provide the information to the education, finance, and appropriations committees by January 15, 1993.

The higher education coordinating board shall coordinate the development and operation of a statewide post-secondary graduate follow-up reporting system that will help students and prospective students make informed educational and occupational decisions. The public

post-secondary state governing boards and private post-secondary colleges and occupational and technical institutions that enroll recipients of state financial aid grants are responsible for the implementation and maintenance of the system. The coordinating board shall develop appropriate reporting procedures and mechanisms; assemble, interpret, and publish annually the information that will be provided to consumers; and develop an audit program. The system shall be based on the employment experience and further education of graduates. The system shall also include information on all sub-baccalaureate occupational programs and all programs that lead to an occupation requiring certification, licensure, or testing for entry. The first phase of the system must include all sub-baccalaureate occupational programs.

$58,000 in the second year is for membership in the Midwest Higher Education Compact. The appropriation for this membership is in place of the appropriation for membership in the Western Interstate Commission on Higher Education.

$300,000 is for child care innovation grants.

Subd. 3. Average Cost Funding Task Force

The average cost funding task force shall review and refine uniform definitions of terms that are related to funding, including: extension, continuing education, continuous enrollment, campuses, centers, sites, on-campus, off-campus, credit, noncredit, degree and nondegree, remedial, and college level. The task force shall then examine: changes in full-year equivalent enrollment since the enactment of average cost funding; the distribution of students in credit and noncredit programs and in degree and nondegree programs; other sources of funding for students and academic programs; and the changes in enrollment and cost among the average cost funding cells. The department of finance shall assist each higher education system in implementing the definitions of enrollment so that they comply with these in making their calculations. The task force shall report its findings and recommendations to the education divisions of the appropriations and finance committees by February 1, 1992.

Subd. 4. State Grants

80,643,000 78,050,000

This appropriation contains money for increasing living allowances for state grants to $3,750 for the first year and $4,033 for the second year.

The HECB may use up to $250,000 of the appropriation in each year to provide grants for Minnesota resident students participating in the Akita program. Grants must be awarded on the same basis as other state grants, except that the cost of attendance shall be adjusted to incorporate the state university tuition level and the Akita fee level. An individual grant must not exceed the state grant maximum award for a student at a four-year private college.

$2,500,000 each year is for child care grants. For the biennium, the board may determine a reasonable percentage of the appropriation to be used for the administrative costs of the agency.

The HECB shall review the use of the grants to dislocated rural workers to determine whether the grants are efficiently managed, and whether they provide for educational opportunities that would not otherwise be available. The board shall report on the findings for the future of this program to the education divisions of the appropriations and finance committees by January 15, 1992.

Subd. 5. Interstate Tuition Reciprocity

6,625,000 5,050,000

Subd. 7. Income Contingent Loans

The HECB shall administer an income contingent loan repayment program to assist graduates of Minnesota schools in medicine, dentistry, pharmacy, chiropractic medicine, public health, and veterinary medicine, and Minnesota residents graduating from optometry and osteopathy programs. During the

Subd. 10. Transfers

The higher education coordinating board may transfer unencumbered balances from the appropriations in this section to the state grant appropriation and the interstate tuition reciprocity appropriation. Before the transfer, the higher education coordinating board shall consult with the chairs of the house appropriations and senate finance committees.

In each year, the board may spend no more than $34,553,000 from all sources for extension programs. The legislature intends that this money be used primarily to support occupational programs, particularly those from which credits may be transferred to continuous enrollment programs. Section 1. [135A.052] [POST-SECONDARY MISSIONS.]

Subdivision 1. [STATEMENT OF MISSIONS.] *The legislature recognizes each public post-secondary system to have a distinctive mission within the overall provision of public higher education in the state and a responsibility to cooperate with the other systems. These missions are as follows:*

(1) the technical college system shall offer vocational training and education to prepare students for skilled occupations that do not require a baccalaureate degree;

(2) the community college system shall offer lower division instruction in academic programs, occupational programs in which all credits earned will be accepted for transfer to a baccalaureate degree in the same field of study, and remedial studies, for students transferring to baccalaureate institutions and for those seeking associate degrees;

(3) the state university system shall offer undergraduate and graduate instruction through the master's degree, including specialist certificates, in the liberal arts and sciences and professional education; and

(4) the University of Minnesota shall offer undergraduate, graduate, and professional instruction through the doctoral degree, and shall be the primary state supported academic agency for research and extension services.

Subd. 2. [IMPLEMENTATION.] *Each post-secondary system shall review and redesign its programs and courses in accordance with the mission stated in subdivision 1, unless exceptional geographic or financial circumstances exist that necessitate retaining a program that is beyond a system's mission. The higher education advisory council shall review program offerings within each system to determine whether existing program offerings that are inconsistent with the stated mission have been eliminated or transferred. The council shall also review any exceptional circumstances cited as a justification for retaining programs that are beyond a system's mission.*

Subd. 3. [COORDINATION.] *The higher education coordinating board shall oversee the implementation of the transfer and elimination of programs. The board shall ensure that duplicate and inappropriate programs are identified and that changes are made in a timely manner.*

Sec. 2. [135A.061] [INTERSYSTEM COUNCIL.]

An intersystem council is established to improve communications among post-secondary systems on relevant policy issues. The council is composed of officers or other representatives of each public post-secondary governing board and of the higher education coordinating board. The council shall determine its meeting times but shall meet at least twice each year. Members shall report on discussions and actions of the council to their respective governing boards. The council shall determine its agenda from issues that affect more than one system. These may include: transfer of credit, efficiency of campus and system operations, duplication of programs and courses, mission delineation, cooperative arrangements, academic quality initiatives, and the effects of a system's proposed plans on the other systems. The

council shall notify the chairs of the education, appropriations, and finance committees of the legislature in advance of its meetings.

Sec. 3. [135A.50] [JOINT ADMINISTRATIVE APPOINTMENTS.]

Subdivision 1. [APPOINTMENTS.] *To improve the efficient delivery of services to students and to reduce unnecessary administrative expenditures, each technical college and community college, located in the same or nearby communities, as provided in Laws 1983, chapter 258, section 64, subdivision 1, except those in which both of the cooperating institutions had a full-year equivalent enrollment or average daily membership of at least 1,600 in fiscal year 1989, must consolidate all personnel at the level of presidents, vice presidents, deans, and other managers in academic support programs in community colleges and all personnel in similar positions at technical colleges in the fiscal year immediately following the pilot programs. This consolidation of personnel is not intended to apply to instructional staff. Personnel involved in the consolidated functions are joint employees of the state board of technical colleges and the state board for community colleges.*

Subd. 2. [PILOT PROGRAMS.] *Notwithstanding any law to the contrary, the state board of technical colleges and the state board for community colleges shall implement pilot programs of administrative consolidation at two locations no later than the 1992-1993 academic year. The boards shall try to begin implementation for the 1991-1992 academic year. The boards shall seek presidents willing to allow their campuses to participate voluntarily. If no president volunteers, the boards shall jointly designate sites.*

Subd. 3. [PROCEDURES.] *The community college and technical college systems shall develop necessary plans to implement subdivision 1 at all applicable sites. The systems shall determine necessary statutory changes and changes in system procedures and rules, analyze particular problems that develop during the pilot projects, and shall estimate the cost savings that the administrative consolidations will produce annually. As part of the plan, the systems shall report their progress in developing the plans by February 1, 1992.*

Subd. 2. [PROPOSALS.] *By September 15, 1991, each public post-secondary system shall propose to the education divisions of the appropriations and finance committees (1) mechanisms to increase its quality in these areas, and (2) methods by which the increases may be measured.*

The commission shall by rule establish an annual license fee for each occupation it licenses under section 240.08 but no annual fee for a class C license may exceed $100.

License fee payments received must be paid by the commission to the state treasurer for deposit in the general fund.

Sec. 16. Minnesota Statutes 1990, section 240.11, is amended to read:

240.11 [LICENSES NONTRANSFERABLE.]

A license issued under ~~Laws 1983,~~ *this* chapter ~~214~~ may not be transferred.

Sec. 17. Minnesota Statutes 1990, section 240.13, subdivision 1, is amended to read:

Subdivision 1. [AUTHORIZED.] Class B and class D licenses give the licensees authority to conduct pari-mutuel betting on the results of races run at the licensed racetrack, and on other races as authorized by the commission under ~~subdivision 6 or 6a~~ *this section.*

A class B or class E license gives the licensee the authority to transmit and receive telecasts and conduct pari-mutuel betting on the results of horse races run at its class A facility, and of other horse races run at locations outside of the state, as authorized by the commission. A class E licensee

must present, for pari-mutuel wagering purposes, all live horse races conducted at its class A facility. The class B or class E licensee may present racing programs separately or concurrently.

Subject to the approval of the commission, for simulcasts and telerace simulcasts the types of betting, takeout, and distribution of winnings on pari-mutuel pools of a class B or class E facility are those in effect at the sending racetrack. Pari-mutuel pools accumulated at a class E facility must be commingled with the pools at the class A facility for comparable pools on those races that are being simultaneously presented at both facilities. Pari-mutuel pools may be commingled with pools at the sending racetrack, for the purposes of determining odds and payout prices, via the totalizator computer at the class A facility.

The commission may not authorize a class B or class E licensee to conduct simulcasting or telerace simulcasting unless 125 days of live racing, consisting of not less than eight live races on each racing day, have been conducted at the class A facility within the preceding 12 months. The number of live racing days required may be adjusted by agreement between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races at the licensee's class A facility during the preceding 12 months. The number of live racing days required must be reduced by one day for each assigned racing day that the licensee is unable to conduct live racing due to natural occurrences or catastrophes beyond its control.

Sec. 18. Minnesota Statutes 1990, section 240.13, subdivision 2, is amended to read:

Subd. 2. [REQUIREMENTS.] A licensee conducting pari-mutuel betting must provide at the licensed track *or at the teleracing facility*:

(a) the necessary equipment for issuing pari-mutuel tickets; and

(b) mechanical or electronic equipment for displaying information the commission requires. All mechanical or electronic devices must be approved by the commission before being used.

Sec. 19. Minnesota Statutes 1990, section 240.13, subdivision 3, is amended to read:

Subd. 3. [TYPES OF BETTING.] The commission shall by rule designate those types of pari-mutuel pools which are permitted at licensed racetracks *and teleracing facilities*, and no licensee may conduct any type of pari-mutuel pool which has not been so designated~~, except as provided for in subdivision 6a~~. *Pari-mutuel pools permitted at licensed racetracks and pari-mutuel pools designated by the commission are permitted at teleracing facilities.*

Sec. 20. Minnesota Statutes 1990, section 240.13, subdivision 4, is amended to read:

Subd. 4. [TAKEOUT; DISTRIBUTION OF WINNINGS.] A licensee conducting pari-mutuel betting must deduct from a straight pari-mutuel pool, before payments to holders of winning tickets, an amount equal to not more than 17 percent of the total money in that pool. The licensee must deduct from a multiple pari-mutuel pool, before payments to the holders of winning tickets, an amount equal to not more than 23 percent of the total money in that pool. The remaining money in each pool must be distributed among the holders of winning tickets in a manner the commission by rule

prescribes for each type of pool. Breakage must be computed on the basis of payoffs rounded down to the next lowest increment of ~~20~~ *10* cents, with a minimum payoff of ~~$2.20~~ *$1.10* on a ~~$2~~ *$1* ticket, except that the licensee may reduce the minimum payoff to ~~$2.10~~ *$1.05* on a ~~$2~~ *$1* ticket if there is not a sufficient amount in a pool to make a minimum payoff of ~~$2.20~~ *$1.10*.

Sec. 21. Minnesota Statutes 1990, section 240.13, subdivision 5, is amended to read:

Subd. 5. [PURSES.] (a) From the amounts deducted from all pari-mutuel pools by a licensee, an amount equal to not less than the following percentages of all money in all pools must be set aside by the licensee and used for purses for races conducted by the licensee, provided that a licensee may agree by contract with an organization representing a majority of the horsepersons racing the breed involved to set aside amounts in addition to the following percentages:

~~(1) For a licensee conducting a racing meeting with an average daily handle of $500,000 or less, four percent of the average daily handle times the number of racing days in that meeting.~~

~~(2) For a licensee conducting a racing meeting with an average daily handle of more than $500,000 but not more than $750,000, six percent of the average daily handle times the number of racing days in that meeting.~~

~~(3) For a licensee conducting a racing meeting with an average daily handle of more than $750,000, 8.4 percent of the first $1 million in average daily handle times the number of racing days in that meeting.~~

(1) for live races conducted at a class A facility, and for races that are part of full racing card simulcasting or full racing card telerace simulcasting that takes place within the time period of the live races, 8.4 percent;

(2) for simulcasts and telerace simulcasts conducted during the racing season other than as provided for in clause (1), 50 percent of the takeout remaining after deduction for taxes on pari-mutuel pools, payment to the breeders fund, and payment to the sending out-of-state racetrack for receipt of the signal; and

(3) for simulcasts and telerace simulcasts conducted outside of the racing season, 25 percent of the takeout remaining after deduction for the state pari-mutuel tax, payment to the breeders fund, payment to the sending out-of-state racetrack for receipt of the signal and, before January 1, 2005, a further deduction of eight percent of all money in all pools; provided, however, that in the event that wagering on simulcasts and telerace simulcasts outside of the racing season exceeds $125 million in any calendar year, the amount set aside for purses by this formula is increased to 30 percent on amounts between $125,000,000 and $150,000,000 wagered; 40 percent on amounts between $150,000,000 and $175,000,000 wagered; and 50 percent on amounts in excess of $175,000,000 wagered. In lieu of the eight percent deduction, a deduction as agreed to between the licensee and the horsepersons' organization representing the majority of horsepersons racing at the licensee's class A facility during the preceding 12 months, is allowed after December 31, 2004.

The commission may by rule provide for the administration and enforcement of this subdivision. *The deductions for payment to the sending out-of-state racetrack must be actual, except that when there exists any overlap*

of ownership, control, or interest between the sending out-of-state racetrack and the receiving licensee, the deduction must not be greater than three percent unless agreed to between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races during the existing racing meeting or, if outside of the racing season, during the most recent racing meeting.

In lieu of the amount the licensee must pay to the commission for deposit in the Minnesota breeders fund under section 240.15, subdivision 1, the licensee shall pay 5-1/2 percent of the takeout from all pari-mutuel pools generated by wagering at the licensee's facility on full racing card simulcasts and full racing card telerace simulcasts of races not conducted in this state.

(b) From the money set aside for purses, the licensee shall pay to the horseperson's organization representing the majority of the horsepersons racing the breed involved and contracting with the licensee with respect to purses and the conduct of the racing meetings and providing representation, benevolent programs, benefits, and services for horsepersons and their on-track employees, an amount, sufficient to perform these services, as may be determined by agreement by the licensee and the horseperson's organization. The amount paid may be deducted only from the money set aside for purses to be paid in races for the breed represented by the horseperson's organization. With respect to racing meetings where more than one breed is racing, the licensee may contract independently with the horseperson's organization representing each breed racing.

(c) Notwithstanding sections 325D.49 to 325D.66, a horseperson's organization representing the majority of the horsepersons racing a breed at a meeting, and the members thereof, may agree to withhold horses during a meeting.

(d) Money set aside for purses from wagering, during the racing season, on simulcasts and telerace simulcasts must be used for purses for live races conducted at the licensee's class A facility during the same racing season, over and above the 8.4 percent purse requirement or any higher requirement to which the parties agree, for races conducted in this state. Money set aside for purses from wagering, outside of the racing season, on simulcasts and telerace simulcasts must be for purses for live races conducted at the licensee's class A facility during the next racing season, over and above the 8.4 percent purse requirement or any higher requirement to which the parties agree, for races conducted in this state.

(e) Money set aside for purses from wagering on simulcasts and telerace simulcasts must be used for purses for live races involving the same breed involved in the simulcast or telerace simulcast except that money set aside for purses and payments to the breeders fund from wagering on full racing card simulcasts and full racing card telerace simulcasts of races not conducted in this state, occurring during a live mixed meet, must be allotted to the purses and breeders fund for each breed participating in the mixed meet in the same proportion that the number of live races run by each breed bears to the total number of live races conducted during the period of the mixed meet.

(f) The allocation of money set aside for purses to particular racing meets may be adjusted, relative to overpayments and underpayments, by contract between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed involved at the licensee's facility.

(g) Subject to the provisions of this chapter, money set aside from pari-mutuel pools for purses must be for the breed involved in the race that generated the pool, except that if the breed involved in the race generating the pari-mutuel pool is not racing in the current racing meeting, or has not raced within the preceding 12 months at the licensee's class A facility, money set aside for purses must be distributed proportionately to those breeds that have run during the preceding 12 months.

Sec. 22. Minnesota Statutes 1990, section 240.13, subdivision 6, is amended to read:

Subd. 6. [~~TELEVISED RACES~~ *SIMULCASTING.*] ~~(a) The commission may by rule permit a class B or class D licensee to conduct on the premises of the licensed racetrack pari-mutuel betting on horse races run in other states and broadcast by television on the premises. All provisions of law governing pari-mutuel betting apply to pari-mutuel betting on televised races except as otherwise provided in this subdivision or in the commission's rules. Pari-mutuel pools conducted on such televised races may consist only of money bet on the premises and may not be commingled with any other pool off the premises, except that:~~

~~(1) the licensee may pay a fee to the person or entity conducting the race for the privileges of conducting pari-mutuel betting on the race; and~~

~~(2) the licensee may pay the costs of transmitting the broadcast of the race.~~

~~(b) Pari-mutuel betting on a televised race may be conducted only on a racing day assigned by the commission. The takeout and taxes on pari-mutuel pools on televised races are as provided for other pari-mutuel pools. All televised races under this subdivision must comply with the Interstate Horse Racing Act of 1978 as found in United States Code, title 15, section 3001 and the following relevant sections. In lieu of the purse requirement established by subdivision 5, the licensee shall set aside for purses one-half of the takeout from the amount bet on televised races after the payment of fees and taxes. For the purposes of purse distribution under subdivision 5, the average daily handle shall not include amounts bet in pari-mutuel pools on televised races.~~

~~(c) A licensee may, with the approval of the commission, transmit telecasts of races the licensee conducts, for wagering purposes, to a location outside the state. The commission may allow the licensee to commingle its wagering pools with the wagering pools at a facility located outside of this state that is regulated by a state racing commission, when it transmits telecasts under this paragraph.~~ *The commission may permit an authorized licensee to conduct simulcasting or telerace simulcasting at the licensee's facility on any day authorized by the commission. All simulcasts and telerace simulcasts must comply with the Interstate Horse Racing Act of 1978, United States Code, title 15, sections 3001 to 3007. In addition to teleracing programs featuring live racing conducted at the licensee's class A facility, the class E licensee may conduct not more than seven teleracing programs per week during the racing season, unless additional telerace simulcasting is authorized by the director and approved by the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races at the licensee's class A facility during the preceding 12 months. The commission may not authorize any day for simulcasting at a class A facility during the racing season, and a licensee may not be allowed to transmit out-of-state telecasts of races the licensee conducts, unless the licensee has obtained the approval of the horsepersons' organization representing the*

majority of the horsepersons racing the breed involved at the licensed racetrack during the preceding 12 months. The licensee may pay fees and costs to an entity transmitting a telecast of a race to the licensee for purposes of conducting pari-mutuel wagering on the race. The licensee may deduct fees and costs related to the receipt of televised transmissions from a pari-mutuel pool on the televised race, provided that one-half of any amount recouped in this manner must be added to the amounts required to be set aside for purses.

With the approval of the commission and subject to the provisions of this subdivision, a licensee may transmit telecasts of races it conducts, for wagering purposes, to locations outside the state, and the commission may allow this to be done on a commingled pool basis.

Except as otherwise provided in this section, simulcasting and telerace simulcasting may be conducted on a separate pool basis or, with the approval of the commission, on a commingled pool basis. All provisions of law governing pari-mutuel betting apply to simulcasting and telerace simulcasting except as otherwise provided in this subdivision or in the commission's rules. If pools are commingled, wagering at the licensed facility must be on equipment electronically linked with the equipment at the licensee's class A facility or with the sending racetrack via the totalizator computer at the licensee's class A facility. Subject to the approval of the commission, the types of betting, takeout, and distribution of winnings on commingled pari-mutuel pools are those in effect at the sending racetrack. Breakage for pari-mutuel pools on a televised race must be calculated in accordance with the law or rules governing the sending racetrack for these pools, and must be distributed in a manner agreed to between the licensee and the sending racetrack. Notwithstanding sections 240.13, subdivision 7, and 240.15, subdivision 5, the commission may approve procedures governing the definition and disposition of unclaimed tickets that are consistent with the law and rules governing unclaimed tickets at the sending racetrack. For the purposes of this section, "sending racetrack" is either the racetrack outside of this state where the horse race is conducted or, with the consent of the racetrack, an alternative facility that serves as the racetrack for the purpose of commingling pools.

If there is more than one class B licensee conducting racing within the seven-county metropolitan area, simulcasting and telerace simulcasting may be conducted only on races run by a breed that ran at the licensee's class A facility within the 12 months preceding the event. That portion of the takeout allocated for purses from pari-mutuel pools generated by wagering on standardbreds must be set aside and must be paid to the racing commission and used for purses as otherwise provided by this section or to promote standardbred racing or both, in a manner prescribed by the commission. In the event that a licensee conducts live standardbred racing, pools generated by live, simulcast, or telerace simulcasting at the licensee's facilities on standardbred racing are subject to the purse set aside requirements otherwise provided by law.

Contractual agreements between licensees and horsepersons' organizations entered into before the effective date of this subdivision, regarding money to be set aside for purses from pools generated by simulcasts at a class A facility, are controlling regarding purse requirements through the end of the 1992 racing season.

Sec. 23. Minnesota Statutes 1990, section 240.13, subdivision 8, is

amended to read:

Subd. 8. [PROHIBITED ACTS.] A licensee may not accept a bet from any person under the age of 18 years; and a licensee may not accept a bet of less than ~~$2~~ *$1*.

Sec. 24. Minnesota Statutes 1990, section 240.15, subdivision 6, is amended to read:

Subd. 6. [DISPOSITION OF PROCEEDS.] The commission shall distribute all money received under this section, and all money received from license fees and fines it collects, as follows: all money designated for deposit in the Minnesota breeders fund must be paid into that fund for distribution under section 240.18 *except that all money generated by full racing card simulcasts, or full racing card telerace simulcasts of races not conducted in this state, must be distributed as provided in section 240.18, clause (2), paragraphs (a), (b), and (c)*. Revenue from an admissions tax imposed under subdivision 1 must be paid to the local unit of government at whose request it was imposed, at times and in a manner the commission determines. All other revenues received under this section by the commission, and all license fees, fines, and other revenue it receives, must be paid to the state treasurer for deposit in the general fund.

Sec. 25. Minnesota Statutes 1990, section 240.16, subdivision 1a, is amended to read:

Subd. 1a. [~~TELEVISED RACING DAY~~ *SIMULCAST*.] ~~All races on which pari-mutuel betting is conducted on televised racing days must be presided over by an official of the commission. The official of the commission presiding over races conducted on televised racing days has the powers and duties as provided by rule.~~ *All simulcasts and telerace simulcasts are subject to the regulation of the commission. The commission may assign an official to preside over these activities and, if so assigned, the official has the powers and duties provided by rule.*

Sec. 26. Minnesota Statutes 1990, section 240.19, is amended to read:

240.19 [CONTRACTS.]

The commission shall by rule require that all contracts entered into by a class A, class B, ~~or~~ class D, *or class E* licensee for the provision of goods or services, including concessions contracts, be subject to commission approval. The rules must require that the contract include an affirmative action plan establishing goals and timetables consistent with the Minnesota Human Rights Act, chapter 363. The commission may require a contract holder to submit to it documents and records the commission deems necessary to evaluate the contract.

Sec. 27. Minnesota Statutes 1990, section 240.23, is amended to read:

240.23 [RULEMAKING AUTHORITY.]

The commission has the authority, in addition to all other rulemaking authority granted elsewhere in ~~Laws 1983,~~ *this* chapter ~~214,~~ to promulgate rules governing:

(a) the conduct of horse races held at licensed racetracks in Minnesota, including but not limited to the rules of racing, standards of entry, operation of claiming races, filing and handling of objections, carrying of weights, and declaration of official results;

(b) wire communications between the premises of a licensed racetrack and any place outside the premises;

(c) information on horse races which is sold on the premises of a licensed racetrack;

(d) liability insurance which it may require of all class A, class B, ~~and~~ class D, *and class E* licensees;

(e) the auditing of the books and records of a licensee by an auditor employed or appointed by the commission;

(f) emergency action plans maintained by licensed racetracks and their periodic review;

(g) safety, security, and sanitation of stabling facilities at licensed racetracks;

(h) entry fees and other funds received by a licensee in the course of conducting racing which the commission determines must be placed in escrow accounts; ~~and~~

(i) *the operation of teleracing facilities; and*

(j) any other aspect of horse racing or pari-mutuel betting which in its opinion affects the integrity of racing or the public health, welfare, or safety.

Rules of the commission are subject to chapter 14, the Administrative Procedure Act.

Sec. 28. Minnesota Statutes 1990, section 240.25, subdivision 2, is amended to read:

Subd. 2. [OFF-TRACK BETS.] *(a)* No person shall:

(1) for a fee, directly or indirectly, accept anything of value from another to be transmitted or delivered for wager in any licensed pari-mutuel system of wagering on horse races, or for a fee deliver anything of value which has been received outside of the enclosure of a licensed racetrack holding a race meet licensed under this chapter *or a teleracing facility*, to be placed as wagers in the pari-mutuel system of wagering on horse racing within the enclosure *or facility*; or

(2) give anything of value to be transmitted or delivered for wager in any licensed pari-mutuel system of wagering on horse races to another who charges a fee, directly or indirectly, for the transmission or delivery.

(b) Nothing in this subdivision prohibits the conducting of pari-mutuel wagering at a licensed teleracing facility.

Sec. 29. Minnesota Statutes 1990, section 240.27, is amended to read:

240.27 [EXCLUSION OF CERTAIN PERSONS.]

Subdivision 1. [PERSONS EXCLUDED.] The commission may exclude from any and all licensed racetracks *or licensed teleracing facilities* in the state a person who:

(a) has been convicted of a felony under the laws of any state or the United States;

(b) has had a license suspended, revoked, or denied by the commission or by the racing authority of any other jurisdiction; or

(c) is determined by the commission, on the basis of evidence presented

to it, to be a threat to the integrity of racing in Minnesota.

Subd. 2. [HEARING; APPEAL.] An order to exclude a person from any or all licensed racetracks *or licensed teleracing facilities* in the state must be made by the commission at a public hearing of which the person to be excluded must have at least five days' notice. If present at the hearing, the person must be permitted to show cause why the exclusion should not be ordered. An appeal of the order may be made in the same manner as other appeals under section 240.20.

Subd. 3. [NOTICE TO RACETRACKS.] Upon issuing an order excluding a person from any or all licensed racetracks *or licensed teleracing facilities*, the commission shall send a copy of the order to the excluded person and to all racetracks *or teleracing facilities* named in it, along with other information as it deems necessary to permit compliance with the order.

Subd. 4. [PROHIBITIONS.] It is a gross misdemeanor for a person named in an exclusion order to enter, attempt to enter, or be on the premises of a racetrack *or a teleracing facility* named in the order while it is in effect, and for a person licensed to conduct racing or operate a racetrack *or a teleracing facility* knowingly to permit an excluded person to enter or be on the premises.

Subd. 5. [EXCLUSIONS BY RACETRACK.] The holder of a license to conduct racing *or operate a teleracing facility* may eject and exclude from its premises any licensee or any other person who is in violation of any state law or commission rule or order or who is a threat to racing integrity or the public safety. A person so excluded from racetrack premises *or teleracing facility* may appeal the exclusion to the commission and must be given a public hearing on the appeal upon request. At the hearing the person must be given the opportunity to show cause why the exclusion should not have been ordered. If the commission after the hearing finds that the integrity of racing and the public safety do not justify the exclusion, it shall order the racetrack *or teleracing facility* making the exclusion to reinstate or readmit the person. An appeal of a commission order upholding the exclusion is governed by section 240.20.

Sec. 30. Minnesota Statutes 1990, section 240.28, subdivision 1, is amended to read:

Subdivision 1. [FINANCIAL INTEREST.] No person may serve on the commission or be employed by the division who has an interest in any corporation, association, or partnership which holds a license from the commission or which holds a contract to supply goods or services to a licensee or at a licensed racetrack *or a licensed teleracing facility*, including concessions contracts. No member of the commission or employee of the division may own, wholly or in part, or have an interest in a horse which races at a licensed racetrack in Minnesota. No member of the commission or employee of the division may have a financial interest in or be employed in a profession or business which conflicts with the performance of duties as a member or employee.

Sec. 31. Minnesota Statutes 1990, section 240.29, is amended to read:

240.29 [REQUIRED RACES.]

Each holder of a class B or D license must declare and schedule, on each racing day it conducts, ~~except for televised racing days,~~ at least one race which:

~~(a) before January 1, 1988, is limited to horses which are Minnesota-bred, Minnesota-foaled, or Minnesota-owned, and~~

~~(b) on and after January 1, 1988,~~ is limited to horses which are Minnesota-bred or Minnesota-foaled.

If there is not a sufficient number of such horses entered in the declared race to make up an adequate slate of entries, another similarly restricted race may be substituted.

The commission shall by rule define "Minnesota-bred," "Minnesota-foaled," and "Minnesota-owned."

Sec. 32. [APPROPRIATION.]

$234,000 is appropriated from the general fund to the racing commission to license teleracing facilities. $88,000 is for fiscal year 1992 and $146,000 is for fiscal year 1993. The approved complement of the racing commission is increased by two positions in fiscal year 1992 and one additional position in fiscal year 1993.

Sec. 33. [REPEALER.]

Minnesota Statutes 1990, sections 240.01, subdivision 13; 240.13, subdivision 6a; and 240.14, subdivision 1a, are repealed.

Sec. 34. [SEVERABILITY.]

If article 1 is found unconstitutional, that finding does not affect the constitutionality of article 2.

Sec. 35. [EFFECTIVE DATE.]

Sections 1 to 31, 33, and 34 are effective the day following the final enactment.

ARTICLE 2

The commission, after paying the current costs of administering the fund, shall apportion the remaining net proceeds into categories corresponding with the various breeds of horses which are racing at licensed Minnesota racetracks in proportion to each category's contribution to the fund and distribute the available net proceeds in each category as ~~follows:~~ *provided in this section.*

~~(1)~~ *Subd. 2.* [THOROUGHBRED AND QUARTERHORSE CATEGORIES.] *(a)* With respect to available money apportioned in the thoroughbred and quarterhorse categories, 20 percent must be expended as ~~grants for equine research and related education at public institutions of post-secondary learning within the state.~~ *follows:*

CONFERENCE COMMITTEE REPORT ON H.F. NO. 181

A bill for an act relating to the environment; adding reimbursement requirements for the petroleum tank release cleanup account; providing for insurance subrogation rights; amending Minnesota Statutes 1990, sections 115C.04, subdivision 3; 115C.09, subdivision 3; and 115C.10, subdivision 1.

May 18, 1991

The Honorable Robert Vanasek
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H.F. No. 181, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 181 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1990, section 115C.04, subdivision 3, is amended to read:

Subd. 3. [AGENCY COST RECOVERY.] Reasonable and necessary expenses incurred by the agency in taking a corrective action, including costs of investigating a release, administrative and legal expenses, and reimbursement costs described in subdivision 1, paragraph (b), may be recovered in a civil action in district court brought by the attorney general against a responsible person. The agency's certification of expenses is prima facie evidence that the expenses are reasonable and necessary. *If the responsible person has petroleum tank leakage or spill insurance coverage that insures against the liability provided in this section, the agency is subrogated to the rights of the responsible person with respect to that insurance coverage,*

to the extent of the expenses incurred by the agency and described in this subdivision. The agency may request the attorney general to bring an action in district court against the insurer to enforce this subrogation right. Expenses that are recovered under this section must be deposited in the account.

Sec. 2. Minnesota Statutes 1990, section 115C.09, subdivision 3, is amended to read:

Subd. 3. [REIMBURSEMENT.] (a) The board shall reimburse a responsible person who is eligible under subdivision 2 from the account for 90 percent of the portion of the total reimbursable costs or $1,000,000, whichever is less. Not more than $1,000,000 may be reimbursed for costs associated with a single release, regardless of the number of persons eligible for reimbursement, and not more than $2,000,000 may be reimbursed for costs associated with a single tank facility.

(b) A reimbursement may not be made from the account under this subdivision until the board has determined that the costs for which reimbursement is requested were actually incurred and were reasonable.

(c) *A reimbursement may not be made from the account under this subdivision in response to either an initial or supplemental application for costs incurred after June 4, 1987, that are payable under an applicable insurance policy, except that if the board finds that the responsible person has made reasonable efforts to collect from an insurer and failed, the board shall reimburse the responsible person under this subdivision.*

(d) If the board reimburses a responsible person for costs for which the responsible person has petroleum tank leakage or spill insurance coverage, the board is subrogated to the rights of the responsible person with respect to that insurance coverage, to the extent of the reimbursement by the board. The board may request the attorney general to bring an action in district court against the insurer to enforce the board's subrogation rights. Acceptance by a responsible person of reimbursement constitutes an assignment by the responsible person to the board of any rights of the responsible person with respect to any insurance coverage applicable to the costs that are reimbursed. Notwithstanding this paragraph, the board may instead request a return of the reimbursement under subdivision 5 and may employ against the responsible party the remedies provided in that subdivision, except where the board has knowingly provided reimbursement because the responsible person was denied coverage by the insurer.

(e) Money in the account is appropriated to the board to make reimbursements under this section. A reimbursement to a state agency must be credited to the appropriation account or accounts from which the reimbursed costs were paid.

Sec. 3. Minnesota Statutes 1990, section 115C.10, subdivision 1, is amended to read:

Subdivision 1. [PAYMENT FROM THE ACCOUNT.] (a) If the cost of authorized actions under section 115C.03 exceeds the amount appropriated to the agency for the actions and amounts awarded to the agency from the federal government, the agency may apply to the board for money to pay for the actions from the account. The board shall pay the agency the cost of the proposed actions under section 115C.03 if the board finds that the conditions for the agency to be paid from the account have been met, and that an adequate amount exists in the account to pay for the corrective

action. *If the board pays the agency for the cost of authorized actions for which a responsible person has petroleum tank leakage or spill insurance coverage, the board is subrogated to the agency's rights with respect to the responsible person and the responsible person's insurer, to the extent of the board's payment of costs for which the responsible person has insurance coverage, subject to the limitations on an agency cost recovery action set forth in section 115C.04, subdivision 3. The board may request the attorney general to bring an action in district court against the responsible person or that person's insurer to enforce the board's subrogation rights. Acceptance of a payment from the board by the agency constitutes an assignment to the board of the subrogation rights specified in this subdivision.*

(b) Money in the account is appropriated to the board for the purpose of this subdivision.

Sec. 4. [EFFECTIVE DATE.]

Sections 1, 2, and 3 are effective the day following final enactment and apply to applications pending on or filed after that date."

We request adoption of this report and repassage of the bill.

(3) temporary reversible impacts versus long-term impacts on water quality;

(4) effects on drinking water supplies that cause adverse human health concerns; and

(5) aquaculture therapeutics, which shall be regulated by the pollution control agency.

(b) Net pen aquaculture and other aquaculture facilities with similar effects must submit an annual report to the commissioner of the pollution control agency analyzing changes in water quality trends from previous

years, documentation of best management practices, documentation of costs to restore the waters used for aquaculture to the trophic state existing before aquatic farming was initiated, and documentation of financial assurance in an amount adequate to pay for restoration costs. The trophic state, which is the productivity of the waters measured by total phosphorus, dissolved oxygen, algae abundance as chlorophyll-a, and secchi disk depth of light penetration, and the condition of the waters measured by raw drinking water parameters, shall be determined to the extent possible before aquatic farming is initiated. The financial assurance may be a trust fund, letter of credit, escrow account, surety bond, or other financial assurance payable to the commissioner for restoration of the waters if the permittee cannot or will not restore the waters after termination of aquatic farming operations or revocation of the permit.

(c) The commissioner of the pollution control agency shall submit a draft of the proposed rules to the legislative water commission by September 1, 1991. By January 15, 1992, the commissioner of the pollution control agency shall submit a report to the legislative water commission about aquaculture facilities permitted by the pollution control agency. (d) Agricultural land operated for research or experimental purposes with the approval of the commissioner of agriculture, provided that any commercial sales from the operation must be incidental to the research or experimental objectives of the corporation. A corporation, limited partnership, or pension or investment fund seeking to operate agricultural land for research or experimental purposes must submit to the commissioner a prospectus or proposal of the intended method of operation, containing information required by the commissioner including a copy of any operational contract with individual participants, prior to initial approval of an operation. A corporation, limited partnership, or pension or investment fund operating agricultural land for research or experimental purposes prior to May 1, 1988, must comply with all requirements of this clause except the requirement for initial approval of the project;

experimental purposes, or are not operated for the purpose of raising breeding stock for resale to farmers or operated for the purpose of growing seed, wild rice, nursery plants or sod must be disposed of within ten years after acquiring title thereto;

(h) Agricultural land acquired by a pension or investment fund or a corporation other than a family farm corporation or authorized farm corporation, as defined in subdivision 2, or a limited partnership other than a family farm partnership or authorized farm partnership as defined in subdivision 2, for which the corporation or limited partnership has documented plans to use and subsequently uses the land within six years from the date of purchase for a specific nonfarming purpose, or if the land is zoned nonagricultural, or if the land is located within an incorporated area. A pension or investment fund or a corporation or limited partnership may hold such agricultural land in such acreage as may be necessary to its nonfarm business operation; provided, however, that pending the development of agricultural land for nonfarm purposes, such land may not be used for farming except under lease to a family farm unit, a family farm corporation, an authorized farm corporation, a family farm partnership, or an authorized farm partnership, or except when controlled through ownership, options, leaseholds, or other agreements by a corporation which has entered into an agreement with the United States of America pursuant to the New Community Act of 1968 (Title IV of the Housing and Urban Development Act of 1968, United States Code, title 42, sections 3901 to 3914) as amended, or a subsidiary or assign of such a corporation;

The aforementioned ten-year or five-year limitation period shall be deemed a covenant running with the title to the land against any pension or investment fund or corporate or limited partnership grantee or assignee or the successor of such pension or investment fund or corporation or limited partnership. Notwithstanding the five-year divestiture requirement under this clause, a financial institution may continue to own the agricultural land if the agricultural land is leased to the immediately preceding former owner, but must divest of the agricultural land within the ten-year period;

(j) Agricultural land acquired by a corporation regulated under the provisions of Minnesota Statutes 1974, chapter 216B, for purposes described in that chapter or by an electric generation or transmission cooperative for use in its business, provided, however, that such land may not be used for farming except under lease to a family farm unit, a family farm corporation, or a family farm partnership;

(l) All agricultural land or land capable of being used for farming which was owned or leased by an authorized farm corporation as defined in Minnesota Statutes 1974, section 500.24, subdivision 1, clause (d), but which does not qualify as an authorized farm corporation as defined in subdivision 2, clause (d);

(p) An interest in the title to agricultural land acquired by a pension fund or family trust established by the owners of a family farm, authorized farm corporation or family farm corporation, but limited to the farm on which one or more of those owners or shareholders have resided or have been actively engaged in farming as required by subdivision 2, clause (b), (c), or (d);

(q) Agricultural land owned by a nursing home located in a city with a population, according to the state demographer's 1985 estimate, between 900 and 1,000, in a county with a population, according to the state demographer's 1985 estimate, between 18,000 and 19,000, if the land was given to the nursing home as a gift with the expectation that it would not be sold during the donor's lifetime. (s) Agricultural land owned or leased as a necessary part of an aquatic farm as defined in section 3, subdivision 3.
