EXECUTIVE AND OFFICIAL COMMUNICATIONS

The following communications were received.

January 10, 1992

The Honorable Jerome M. Hughes
President of the Senate

Dear President Hughes:

I have vetoed and am returning Chapter 358, Senate File 1596/House File 1726, a bill changing the boundaries of State legislative districts. This legislation would provide new Senate and House of Representative districts for the next 10 years.

During last year's session I attempted to veto Chapter 246 on Constitutional grounds as well as on grounds of simple fairness. That bill was in fact ultimately declared unconstitutional. Unfortunately, the new proposal embodied in Chapter 358 does not correct the problems inherent in Chapter 246. It lacks the essential element of fairness, both in its substance and in the process through which it was drafted.

After the original bill was declared unconstitutional, I wrote to the Legislative leadership and proposed that new legislation be prepared by either of two methods:

- Negotiation between Republican and Democrat legislative leaders, to produce a bi-partisan plan, or
- By referring the matter to a Commission with membership equally divided between Republican and Democrat appointees. Sitting legislators would not be eligible for the Commission, and both parties would agree to abide by its results.

I have never received a response to that request, and the bill pushed through Committee this week reflects no effort at developing a fair, negotiated or bi-partisan solution.

I had earlier called on a bi-partisan Reapportionment Advisory Committee to give me their recommendations on criteria that should be considered in any legislative redistricting plan. The Committee found that, in upholding constitutional principles, legislative districts must be contiguous and adhere to the one person, one vote principle. To accomplish this, the Committee recommended a maximum deviation of one percent from the ideal population. This bill permits excessive deviation.

I established policy priorities for any redistricting plan in this order: (a) enhancement of the interests of minority groups, (b) maintainance, as far as possible, of the boundaries of existing political subdivisions such as municipalities and counties, and (c) the development of geographically and geometrically compact and convenient districts.

The proposed redistricting plan falls short of attaining the first priority. Fairness to minorities is a fundamental precept. And this bill dilutes minority votes in violation of that precept. For example, Minnesota's largest minority group is the African-American Community. This bill unfairly spreads African-Americans over three legislative districts in Minneapolis.

The plan also makes the assumption that all minorities have common interests and should be grouped together. Even with this insensitive assumption, no Senate district has 50 percent minorities. I believe Minnesota can do

better than that. The way to do better is to draw the minority districts first.

The bill separates Minnesota Native American reservations into different districts. This is not consistent with the fundamental goal of consolidating minority voting power. In all cases, district plans should be drawn to preserve the strength of minority voting populations and increase the probability of minority representation.

Chapter 358 is also contrary to the Committee's recommendation to respect political lines as much as possible. Too many county lines are cut. Political boundaries do not receive as much respect as is practicable. Cities are sliced, suburbs are divided and townships are fragmented. These deficiencies must be corrected.

Finally, the Committee's third priority is that districts be geographically and geometrically compact. The new redistricting plan embodied in Chapter 358 continues the existence of too many oddly shaped districts. For example, the metro district boundaries are confusing and the districts are anything but compact.

The deficiencies in Chapter 358 reflect a flawed process. Because of these flaws, and because this legislation which will affect Minnesota for the next 10 years was prepared with no bi-partisan input, I must veto this bill.

Sincerely,
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that S.F. No. 1596 and the veto message thereon be laid on the table. The motion prevailed.

January 10, 1992

The Honorable Jerome M. Hughes
President of the Senate

Dear President Hughes:

I have vetoed and am returning Chapter 357, Senate File 1597/House File 1728, a bill changing the boundaries of Minnesota congressional districts. The bill fails to meet essential standards of fairness, and I question its constitutionality.

First, it is obvious that prior voter behavior has driven the drawing of these district lines. The plan is designed to protect certain incumbents and produce a preordained ratio of majority and minority members in the state's congressional delegation.

Second, congressional districts must be contiguous and compact. Contiguous these districts may be; but compact they are not. For example District six wraps from Hastings to Buffalo. District eight commences on the Canadian border and enters the city of Anoka. This may produce political advantage for the drafters, but it thwarts the concept of community of interest.

Chapter 357 shows little regard for the integrity of existing political subdivision boundaries. For example, Bloomington is again cut apart and Inver Grove Heights is again divided. The city of Delano is cut in two. Division of political subdivisions is not minimized to the extent practicable.

Finally, Chapter 357 fails to maximize minority voter representation. Districts four and five utilize congressional lines that divide areas with sizable concentrations of minority populations. These lines diminish the voting strength of these minority populations.

Chapter 357 does not comply with constitutional criteria for redistricting. Equally important, it lacks fundamental fairness. Last year I had written to the Legislative leadership and proposed that the redistricting legislation be prepared by either of two methods:

- Negotiation between Republican and Democrat legislative leaders, to produce a bi-partisan plan, or failing that,
- Referring the matter to a Commission with membership equally divided between Republican and Democrat appointees. Sitting legislators would not be eligible for the Commission, and both parties would agree to abide by its results.

I have never received a response to that request, and the bill pushed through Committee this week reflects no effort at developing a fair, negotiated or bi-partisan solution. For these reasons, I must veto Chapter 357.

Sincerely,
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that S.F. No. 1597 and the veto message thereon be laid on the table. The motion prevailed.

EXECUTIVE AND OFFICIAL COMMUNICATIONS

The following communications were received.

January 16, 1992

The Honorable Jerome M. Hughes
President of the Senate

Dear President Hughes:

I have vetoed and am returning Chapter 364, Senate File 1598/House File 1731, a bill relating to elections.

For years Minnesota has taken pride in having the nation's highest voter turnout. And that high turnout rate is no accident. We teach the importance of participation in our schools, sponsor statewide voter turnout campaigns, and have eased procedural requirements with election day registration. The creation of a presidential primary is simply the latest step in the continuing effort to expand voter participation in Minnesota's electoral process.

This policy of promoting voter participation has produced outstanding leaders in both political parties, and given us a national reputation for open, effective government. The presidential primary continues that process. The bill repealing it takes us back in the opposite direction. Because I believe that each of us in elected government has an obligation to maximize the opportunity for the average voter to participate in government decisions, I am vetoing Chapter 364 which would cancel the 1992 presidential primary.

Whatever can be said about the caucus system in theory, in practice it has drawn an average participation of about 3% of Minnesota voters. This is simply too small a pool to determine such critical decisions as Minnesota's position on candidates for President of the United States. By the most conservative estimates, the primary will increase that participation 15 - 20 times over. That alone is reason enough to reject legislation cancelling the primary.

I recognize that some communities have expressed concern about the cost of conducting the primary. But the cost of this election is no greater than the cost of any other - no greater than the cost of mayoral, school board, or general elections, no greater than the cost of bond referendums. If cost is sufficient reason to cancel this election, it is sufficient reason to cancel any election. And that is not in the public interest.

Many communities have already included the cost of the primary in their levy. However, having to manage an extremely tight state budget in difficult economic times, I understand the burden that any additional expenditure places on Minnesota counties, cities and townships. Provided that it is part of an overall balanced budget, I would be willing to support legislation that would permit the state to ease this burden by sharing a portion of the cost of conducting the primary.

The remaining arguments raised against the primary are not persuasive. It is not true that the primary is a mere beauty contest. While Democrat delegates will not be bound by its results because of their party rules, Republican delegates are legally bound to cast their votes in accordance with the primary's result. Even on the Democrat side, the results will have significant influence. It is inconceivable to me that Minnesota's delegates to a Democratic National Convention would cast their votes for a candidate different from the one endorsed by their own party members in an open, statewide primary.

The reluctance of some individuals to declare their party affiliation is a reality, and an understandable one. But it is not an argument against holding

a primary. A voter who signs up at a party precinct caucus makes every bit as public a declaration of party affiliation as a voter who registers at a primary. Moreover, analysis of the polling data shows that those who affiliate with political parties have little problem with party declaration. The principal objection comes from independents - and that it is entirely appropriate. They have, after all, chosen not to affiliate with either party. But it is equally appropriate that the decision on party nominees should be reserved for those who have made a decision to affiliate with a party. By choosing to decline party affiliation independents choose to bypass the nominating phase of the election process. But they normally play a decisive role in the general election. The bottom line is that the primary does not force a party declaration on anyone unwilling to make it. This is the same system used in more than thirty other states, and it has served the public well for many years.

Cancelling the primary represents exactly the opposite of what our electoral system has stood for for many decades. I want Minnesota's electoral decisions to be made by the many, not by the few, and am therefore vetoing Chapter 364.

Sincerely,
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that S.F. No. 1598 and the veto message thereon be laid on the table. The motion prevailed.

January 17, 1992

The Honorable Jerome M. Hughes
President of the Senate

Dear President Hughes:

I have vetoed Chapter 361, Senate File 1612/House File 1758, the legislation removing the time limit on work readiness benefits.

The work readiness program was established in 1985 to extend benefits similar to General Assistance to able-bodied individuals who would otherwise be ineligible for General Assistance payments. In the 1991 session, both houses of the Minnesota Legislature voted by large margins to set the duration of the program at five months.

Chapter 361, Senate File 1612/House File 1758 would extend that eligibility for an additional three months at a short term cost of \$3.4 million. It is important to recognize that this is only a short term cost because, while the bill would expire on the first of May, it has been described by its advocates as a mechanism to extend benefits until the Legislature returns and can reconsider the issue in February. At that time, the Legislature would have the opportunity to consider making the extension permanent, or extending benefits to 12 months, as was done briefly in the fall of 1990. This bill is simply the first part of a larger effort, the costs of which are difficult to estimate but would likely be extremely significant.

The basic problem with the approach taken in Chapter 361 is that it increases benefits without providing any mechanism to finance the cost of the increase.

And the state has no source of funds from which to finance those increases. The projected fiscal year 1993 shortfall now stands at \$340 million. The reserve fund has been exhausted, and the cash flow account is decreasing so rapidly that Minnesota will be forced to short term borrow as early as April 1992. Every dollar put into this program will have to be cut from another program - in education, health care, housing, etc. - when the budget is ultimately balanced at the end of this legislative session. There is no net gain in benefits - simply a shift from one group to another. This bill focuses only on the group being benefitted and leaves the issue of who will surrender benefits unresolved. This is an unacceptable way to make policy in a time of strained financial resources, and no matter what the cause, the Legislature cannot continue to pass bills which add to the cost of government services without providing any mechanism to finance them.

This situation did not have to arise. I made clear from the outset that a critical issue on this bill, and all other spending bills, would be whether the Legislature provided a financing mechanism along with the benefit increase. It had an opportunity to do that, when it considered an amendment to finance the benefit increase from funds carried over in the legislative reserve account. That amendment was voted down on what amounted to a party line vote. The bill was sent to my desk as an unfunded expenditure, and I have no responsible course of action but to veto it.

A second issue that merits comment is the failure of the bill to address any of the obvious weaknesses in the current program. Although the program is entitled "work readiness", it does little to assist in making the recipients work ready. It provides no job training that would make its applicants more job competitive. In some counties, recipients do receive counseling on resume writing and interview skills. That counseling does have some value. But it does not address the fundamental skill deficiencies that render many of its recipients poor employment prospects.

There probably will never be complete agreement on the proper eligibility period for a program of this type. But in the 1991 session, the Legislature reached a broad consensus on the appropriateness of a five month eligibility term, and we simply do not have the resources to change that decision now. Should the Legislature choose to revisit this issue in February, providing a way to finance any proposed changes so they can fit within the context of a balanced budget will obviously be a critical issue. In the interim, any one exhausting work readiness eligibility will remain eligible for food stamps, general assistance medical care, subsidized housing, and any county benefits that may apply. Those who lose jobs are eligible for up to 26 weeks of unemployment compensation, and anyone exhausting benefits may seek to be reclassified as eligible under general assistance.

For the reasons stated above, I have vetoed and am returning Chapter 361, Senate File 1612/House File 1758.

Sincerely,
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that S.F. No. 1612 and the veto message thereon be laid on the table. The motion prevailed.

The advisory committee must review the applications and provide to the commissioner a list of recommended awards to eligible organizations that the advisory committee determines meet the requirements for receiving a grant under this section.

Subd. 3. [APPLICANTS.] (a) Interested eligible organizations must apply to the commissioner for grants under this section. Two or more eligible organizations may jointly apply for a grant. Applications must provide information requested by the commissioner, including at least the information required to assess the factors listed in paragraph (d). The commissioner shall award grants to organizations for swab team training and services and lead removal and replacement.

The advisory committee consists of representatives of the commissioners of health, housing finance agency, pollution control agency, and jobs and training; a representative of the chancellor of vocational education, and a board of health; and nine public members appointed by the commissioner. Four public members, including two from communities of color, must represent separate neighborhood groups from areas at high risk for toxic lead exposure. Each of the following groups must be represented by one or more public member recommended to the commissioner by the organization: a community action agency, a labor organization, a local housing authority, a legal aid society, and the lead coalition. The commissioner may provide staff to the advisory committee to assist in carrying out its purpose.

Subd. 5. [LEAD ABATEMENT CONTRACTORS.] (a) Organizations and licensed lead abatement contractors may participate in the lead abatement program. An organization receiving a grant under this section must ensure that all participating contractors are licensed and that all swab team and removal and replacement employees are certified by the department of health under section 144.878, subdivision 5. Organizations and licensed contractors may distinguish between interior and exterior services in assigning duties and may participate in the program by:

Subd. 6. [LEAD ABATEMENT EMPLOYEES.] Each worker providing swab team services or removal and replacement abatement in programs established under this section must have blood lead concentrations below 15 micrograms per deciliter as determined by a baseline blood lead screening. Any organization receiving a grant under this section is responsible for lead screening and must ensure that all workers in lead abatement programs receiving grant funds under this section meet the standards established in this subdivision. Grantees must use appropriate workplace procedures to reduce risk of elevated blood lead levels. Grantees and participating contractors must report all employee blood lead levels that exceed 15 micrograms per deciliter to the commissioner of health.

All removal and replacement abatement must be done using least-cost methods that meet the standards of section 144.878, subdivision 2. Removal and replacement abatement must be done by licensed lead abatement contractors. All craft work that requires a state license must be supervised by persons who have completed a state license in the craft work being supervised. The program design must:

(1) identify the need for trained swab team workers and removal and replacement abatement workers;

(2) describe plans to involve appropriate groups in designing methods to meet the needs for trained workers; and

(3) include an examination of how program participants may achieve certification as a part of the work experience and training component by entering licensing, apprenticeship, or other education programs.

Subd. 10. [PROGRAM BENEFITS.] As a condition of providing lead abatement under this section, organizations may enter into agreements with a property owner requiring that, for a period of two years, the owner shall not increase rents on a property solely as a result of a substantial property improvement made with public funds provided by the programs in this section.

The agency may make grants to cities, local units of government, ~~registered lead abatement contractors,~~ and non-profit organizations for the purpose of administering a residential lead ~~paint and contaminated lead soil~~ abatement program. No loan or grant may be made for lead ~~paint~~ abatement for a multifamily building which contains substantial housing maintenance code violations unless the violations are being corrected in conjunction with receipt of the loan or grant under this section. The agency must establish standards for the relocation of families where necessary and the payment of relocation expenses. To the extent possible, the agency must coordinate loans and grants under this section with existing housing programs.

The agency may require a property owner, as a condition of receiving a grant or loan under this section, to enter into an agreement requiring that, for a period of two years, the owner will not increase rents on a property solely as a result of property improvements made with funds under this section.

The agency, in consultation with the department of health, shall report to the legislature by January 1993 on the costs and benefits of subsidized lead abatement and the extent of the childhood lead exposure problem. The agency shall review the effectiveness of its existing loan and grant programs in providing funds for residential lead abatement and report to the legislature with examples, case studies and recommendations. *The agency shall report biennially to the legislature on its activities concerning lead abatement.*

petroleum tank release cleanup fee imposed under section 115C.08, subdivision 3, and are located within Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, St. Louis, or Washington county. The fee must be collected at the same time and in the same manner as the petroleum tank release cleanup fee, except the commissioner of revenue must collect the fee as provided in this section regardless of the balance in the petroleum tank release cleanup account. The fee is imposed at the rate of \$10 per 1,000 gallons of petroleum products as defined in section 296.15, subdivision 2, rounded to the nearest 1,000 gallons. A distributor who fails to pay the fee imposed under this section is subject to the penalties provided in section 296.15. (1) all lead programs administered by the commissioner of jobs and training;

(2) all lead activities and programs administered by the commissioner of health; and

(3) all lead programs administered by the commissioner of the housing finance agency.

(b) Money in the lead fund is annually appropriated for lead abatement as follows:

(1) 25 percent, up to a maximum of \$, to the commissioner of health for lead activities and programs;

(2) ten percent, up to a maximum of \$, to the housing development fund for lead programs; and

(3) the remainder to the commissioner of jobs and training for lead abatement programs.

(c) Of the money appropriated to the commissioner of health under paragraph (b), clause (2), at least 90 percent must be used for grants to boards of health for services required under sections 144.871 to 144.878, to be allocated as follows: 75 percent based on the number of children with elevated blood levels in the prior year and 25 percent based on the number of children at high risk for toxic lead exposure.

Sec. 3. [297E.01] [WHOLESALE PAINT TAX.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms in this subdivision have the meanings given.

(a) "Commissioner" means the commissioner of revenue.

(b) "Paint" means a fluid, semifluid, or other material which changes to a solid film when a layer is applied to a metal, wood, stone, paper, leather, cloth, plastic, or other surface. Paint includes fluids with a suspension of finely divided coloring matter, stains, and varnishes. Paint does not include:

(1) printing inks or those materials that become a part of the substrate,

such as the pigment in a plastic article; or

(2) those materials that are bonded to the substrate, such as by electroplating or ceramic glazing.

(c) "Retailer" means a person who sells paint at retail to ultimate users. Retailer includes a person who buys paint for redistribution to one or more retail establishments the person owns or with which the person maintains a franchise agreement.

(d) "Wholesaler" means any person who sells or otherwise furnishes for resale purposes, from a stock maintained inside or outside the state, paint to one or more retailers within the state. Wholesaler includes a manufacturer of paint who sells paint directly to retailers.

Subd. 2. [TAX IMPOSED.] There is imposed a tax on the sale of each container of paint by a wholesaler to a retailer in the state. The rate of tax is ten cents per gallon or metric equivalent. The liability for the tax is incurred when the paint is delivered by the wholesaler to the retailer, to a common or contract carrier for delivery to the retailer, or when received by the customer's authorized representative at the wholesaler's place of business, regardless of the wholesaler's method of accounting or of the terms of the sale.

Subd. 3. [RETURNS.] The tax imposed by this section is due and payable on or before the 20th day of the month following the month in which the liability for the tax is incurred. Each wholesaler shall file a return monthly with the commissioner stating the total volume of paint the wholesaler has sold that is subject to the tax during the previous month. The commissioner may authorize returns to be filed via magnetic media or electronic data transfer.

Subd. 4. [TAX PERMIT.] Every wholesaler must file with the commissioner an application, on a form the commissioner prescribes, for a paint tax identification number and paint tax permit. A permit is not assignable and is valid only for the wholesaler in whose name it is issued.

Subd. 5. [RECORDS.] A wholesaler must keep at each licensed place of business complete and accurate records for that place of business, including itemized invoices of all paint held, purchased, manufactured, or brought in or caused to be brought in from outside the state, and all sales of paint. Books, records, and other papers and documents must be kept for a period of at least three years after the date of the documents, or the date of entries appearing in the records, unless the commissioner authorizes in writing their destruction or disposal at an earlier date. At any time during usual business hours, the commissioner or the commissioner's authorized agents may enter a wholesaler's place of business and inspect the premises and the records required to be kept under this section, to determine whether the provisions of this chapter are being fully complied with. If the commissioner or any of the commissioner's agents are denied free access to, or are hindered or interfered with in making an inspection of, a wholesaler's place of business, the commissioner may revoke the wholesaler's permit.

Subd. 6. [SUSPENSION; REVOCATION.] The commissioner, after giving notice, may for reasonable cause revoke or suspend a permit issued to a wholesaler under this section. The notice must be sent to the distributor at least 15 days before the effective date of the proposed suspension or revocation. The notice must give the reason for the proposed action and must direct the wholesaler to show cause why the proposed action should not be taken. The notice may be served personally or by mail. A suspension or revocation is a contested case under sections 14.57 to 14.69.

Subd. 7. [REFUND.] The commissioner shall allow a refund of tax paid under this section of (1) tax paid on a container, or case of containers, of paint that is returned to a wholesaler by a retailer, and the container or case is subsequently returned by the wholesaler to the manufacturer, and (2) tax paid in excess of the amount owed. The amounts necessary to make the refunds are appropriated to the commissioner from the lead fund.

Subd. 8. [COLLECTION; CIVIL PENALTIES.] The provisions of chapter 297A relating to the commissioner's authority to audit, assess, and collect the tax imposed by that chapter apply to the tax, penalty, and interest imposed by this section. The commissioner shall impose civil penalties for violation of this section as provided in section 289A.60, and the additional tax and penalties are subject to interest at the rate provided in section 270.75.

Subd. 9. [RULES.] The commissioner may adopt rules, including emergency rules, for the administration and enforcement of this chapter.

Subd. 10. [PERSONAL DEBT.] The tax imposed by this section, penalties and interest thereon, is a personal debt of the person required to file a return from the time the liability for the tax arises, without regard to when the time for payment of the liability occurs. The debt is, in the case of the executor or administrator of the estate or a decedent and in the case of and fiduciary, that of the person in the person's official or fiduciary capacity only unless the person has voluntarily distributed the assets held in that capacity without reserving sufficient assets to pay the tax, interest, and penalties, in which event the person is personally liable for any deficiency.

Subd. 11. [DEPOSIT OF FUNDS.] All revenues received under this chapter must be paid to the state treasurer for deposit in the lead fund.

Sec. 4. [297E.02] [VIOLATIONS.]

It is a gross misdemeanor for any person to:

(1) possess, with intent to evade the tax, paint on which the tax imposed by section 3 has not been paid;

(2) make a false statement on any return or other document filed with the commissioner under this chapter; or

(3) fail to keep, or to falsify, a record required to be kept under this chapter.

Sec. 5. [FUND BALANCE.]

For two fiscal years, beginning with the first full fiscal year following enactment of this article, the commissioner of finance shall notify the commissioner of revenue if the unencumbered balance in the lead fund established in section 2, reaches \$ After receiving such notification, the commissioner of revenue shall not impose the fee established in section 1 on the use of a tank. If the fee is not imposed for a period of time in one fiscal year because the fund balance exceeds the maximum amount established in this section, the commissioner of revenue shall impose the fee beginning on the first day of the next fiscal year regardless of the balance in the lead fund."

168C.01 [POLICY STATEMENT.]

The legislature of the state of Minnesota finds that the use of bicycles as a means of travel and recreation embodying physical, environmental and social benefits is already recognized by many people in the state, and will be further encouraged given the opportunity for safe, convenient and pleasant bicycle travel. Sec. 19. Minnesota Statutes 1991 Supplement, section 518.551, subdivision 5b, is amended to read:

Subd. 5b. [DETERMINATION OF INCOME.] (a) The parties shall timely

serve and file documentation of earnings and income. When there is a prehearing conference, the court must receive the documentation of income at least ten days prior to the prehearing conference. Documentation of earnings and income also includes, but is not limited to, pay stubs for the most recent three months, employer statements, or statement of receipts and expenses if self-employed. Documentation of earnings and income also includes copies of each parent's most recent federal tax returns, including W-2 forms, 1099 forms, unemployment compensation statements, workers' compensation statements, and all other documents evidencing income as received that provide verification of income over a longer period.

(b) *In addition to the requirements of paragraph (a), at any time after an action seeking child support has been commenced or when a child support order is in effect, a party or the public authority may require the other party to give them their most recent federal tax returns. The party shall provide a copy of the tax returns within 20 days of receipt of the request.*

(c) If a parent under the jurisdiction of the court does not appear at a court hearing after proper notice of the time and place of the hearing, the court shall set income for that parent based on credible evidence before the court or in accordance with paragraph ~~(e)~~ (d). Credible evidence may include documentation of current or recent income, testimony of the other parent concerning recent earnings and income levels, and the parent's wage reports filed with the Minnesota department of jobs and training under section 268.121.

~~(e)~~ (d) If the court finds that a parent is voluntarily unemployed or underemployed, child support shall be calculated based on a determination of imputed income. A parent is not considered voluntarily unemployed or underemployed upon a showing by the parent that the unemployment or underemployment: (1) is temporary and will ultimately lead to an increase in income; or (2) represents a bona fide career change that outweighs the adverse effect of that parent's diminished income on the child. Imputed income means the estimated earning ability of a parent based on the parent's prior earnings history, education, and job skills, and on availability of jobs within the community for an individual with the parent's qualifications. If the court is unable to determine or estimate the earning ability of a parent, the court may calculate child support based on full-time employment of 40 hours per week at the federal minimum wage or the Minnesota minimum wage, whichever is higher. If a parent is physically or mentally incapacitated, it shall be presumed that the parent is not voluntarily unemployed or underemployed."

New sources shall encompass buildings, structures, facilities, or installations from which there is or may be the discharge of pollutants, the construction of which is commenced after the publication by the agency of proposed rules prescribing a standard of performance which will be applicable to such source. Notwithstanding any other provision of the law of this state, any point source the construction of which is commenced after May 20, 1973, and which is so constructed as to meet all applicable standards of performance for new sources shall, consistent with and subject to the provisions of section 306(d) of the Amendments of 1972 to the Federal Water Pollution Control Act, not be subject to any more stringent standard of performance for new sources during a ten-year period beginning on the date of completion of such construction or during the period of depreciation or amortization of such facility for the purposes of section 167 or 169, or both, of the Federal Internal Revenue Code of 1954, whichever period ends first. Construction shall encompass any placement, assembly, or installation of facilities or equipment, including contractual obligations to purchase such facilities or equipment, at the premises where such equipment will be used, including preparation work at such premises;

(6) Establishing and revising pretreatment standards to prevent or abate the discharge of any pollutant into any publicly owned disposal system, which pollutant interferes with, passes through, or otherwise is incompatible with such disposal system;

(7) Requiring the owner or operator of any disposal system or any point source to establish and maintain such records, make such reports, install, use, and maintain such monitoring equipment or methods, including where appropriate biological monitoring methods, sample such effluents in accordance with such methods, at such locations, at such intervals, and in such a manner as the agency shall prescribe, and providing such other information as the agency may reasonably require;

(8) Notwithstanding any other provision of this chapter, and with respect to the pollution of waters of the state, chapter 116, requiring the achievement

of more stringent limitations than otherwise imposed by effluent limitations in order to meet any applicable water quality standard by establishing new effluent limitations, based upon section 115.01, subdivision 5, clause (b), including alternative effluent control strategies for any point source or group of point sources to insure the integrity of water quality classifications, whenever the agency determines that discharges of pollutants from such point source or sources, with the application of effluent limitations required to comply with any standard of best available technology, would interfere with the attainment or maintenance of the water quality classification in a specific portion of the waters of the state. Prior to establishment of any such effluent limitation, the agency shall hold a public hearing to determine the relationship of the economic and social costs of achieving such limitation or limitations, including any economic or social dislocation in the affected community or communities, to the social and economic benefits to be obtained and to determine whether or not such effluent limitation can be implemented with available technology or other alternative control strategies. If a person affected by such limitation demonstrates at such hearing that, whether or not such technology or other alternative control strategies are available, there is no reasonable relationship between the economic and social costs and the benefits to be obtained, such limitation shall not become effective and shall be adjusted as it applies to such person;

(9) Modifying, in its discretion, any requirement or limitation based upon best available technology with respect to any point source for which a permit application is filed after July 1, 1977, upon a showing by the owner or operator of such point source satisfactory to the agency that such modified requirements will represent the maximum use of technology within the economic capability of the owner or operator and will result in reasonable further progress toward the elimination of the discharge of pollutants; and

(10) Requiring that applicants for water discharge permits evaluate in their applications the potential reuses of the discharged water, including reuse as potable water;

(f) To require to be submitted and to approve plans and specifications for disposal systems or point sources, or any part thereof and to inspect the construction thereof for compliance with the approved plans and specifications thereof;

(g) To prescribe and alter rules, not inconsistent with law, for the conduct of the agency and other matters within the scope of the powers granted to and imposed upon it by this chapter and, with respect to pollution of waters of the state, in chapter 116, provided that every rule affecting any other department or agency of the state or any person other than a member or employee of the agency shall be filed with the secretary of state;

(h) To conduct such investigations, issue such notices, public and otherwise, and hold such hearings as are necessary or which it may deem advisable for the discharge of its duties under this chapter and, with respect to the pollution of waters of the state, under chapter 116, including, but not limited to, the issuance of permits, and to authorize any member, employee, or agent appointed by it to conduct such investigations or, issue such notices and hold such hearings;

(i) For the purpose of water pollution control planning by the state and pursuant to the Federal Water Pollution Control Act, as amended, to establish and revise planning areas, adopt plans and programs and continuing planning processes, including, but not limited to, basin plans and areawide waste

treatment management plans, and to provide for the implementation of any such plans by means of, including, but not limited to, standards, plan elements, procedures for revision, intergovernmental cooperation, residual treatment process waste controls, and needs inventory and ranking for construction of disposal systems;

(j) To train water pollution control personnel, and charge such fees therefor as are necessary to cover the agency's costs. All such fees received shall be paid into the state treasury and credited to the pollution control agency training account;

(k) To impose as additional conditions in permits to publicly owned disposal systems appropriate measures to insure compliance by industrial and other users with any pretreatment standard, including, but not limited to, those related to toxic pollutants, and any system of user charges ratably as is hereby required under state law or said Federal Water Pollution Control Act, as amended, or any regulations or guidelines promulgated thereunder;

(l) To set a period not to exceed five years for the duration of any National Pollutant Discharge Elimination System permit;

(m) To require a governmental subdivision that owns or operates a wastewater disposal system to have a plan to address its ability to pay the costs of making major repairs to the existing system and planning and constructing an adequate replacement system at the end of the existing system's expected useful life; and

(n) To train individual sewage treatment system personnel, including persons who design, construct, install, inspect, service, and operate individual sewage treatment systems, and charge fees as necessary to pay the agency's costs. All fees received must be paid into the state treasury and credited to the agency's training account. Money in the account is appropriated to the agency to pay expenses related to training.

Sec. 9. Minnesota Statutes 1991 Supplement, section 473.156, subdivision 1, is amended to read:

Subdivision 1. [PLAN COMPONENTS.] The metropolitan council shall develop a short-term and long-term plan for existing and expected water use and supply in the metropolitan area. The plan shall be submitted to and reviewed by the commissioner of natural resources for consistency with the statewide drought plan under section 103G.293. At a minimum, the plans must:

(2) *develop regional groundwater and surface water models, and demand forecasts for resource evaluation*;

(3) *identify and evaluate* alternative courses of action, including *baseline* water conservation initiatives and economic alternatives, *and evaluate alternative water supplies inside and outside the metropolitan area, including the Mississippi headwaters*, in case of drought or *contamination* conditions; *and*

~~(3)~~ (4) *recommend long-term approaches to resolving* problems that may develop because of water use and supply with consideration given to problems that occur outside of the metropolitan area, but which have an effect

within the area; and

(4) ~~be consistent with the statewide drought plan under section 103G.293.~~

Sec. 10. Minnesota Statutes 1990, section 473.175, subdivision 1, is amended to read:

Subdivision 1. The council shall review the comprehensive plans of local governmental units and the capital improvement programs of school districts, prepared and submitted pursuant to Laws 1976, chapter 127, sections 1 to 23, to determine their compatibility with each other and conformity with metropolitan system plans. The council shall review and comment on the apparent consistency of the comprehensive plans and capital improvement programs with ~~other adopted chapters plans of the metropolitan development guide council.~~ The council may require a local governmental unit to modify any comprehensive plan or part thereof which may have a substantial impact on or contain a substantial departure from metropolitan system plans.

Sec. 11. Minnesota Statutes 1990, section 473.851, is amended to read:

473.851 [LEGISLATIVE FINDINGS AND PURPOSE.]

The legislature finds and declares that the local governmental units within the metropolitan area are interdependent, that the growth and patterns of urbanization within the area create the need for additional state, metropolitan and local public services and facilities and increase the danger of air and water pollution *and water shortages*, and that developments in one local governmental unit may affect the provision of regional capital improvements for sewers, transportation, airports, *water supply*, and regional recreation open space. Since problems of urbanization and development transcend local governmental boundaries, there is a need for the adoption of coordinated plans, programs and controls by all local governmental units and school districts in order to protect the health, safety and welfare of the residents of the metropolitan area and to ensure coordinated, orderly and economic development. Therefore, it is the purpose of sections 462.355, subdivision 4, 473.175, and 473.851 to 473.871 to (1) establish requirements and procedures to accomplish comprehensive local planning with land use controls consistent with planned, orderly and staged development and the metropolitan system plans, and (2) to provide assistance to local governmental units and school districts within the metropolitan area for the preparation of plans and official controls appropriate for their areas and consistent with metropolitan system plans.

Sec. 12. Minnesota Statutes 1990, section 473.858, is amended by adding a subdivision to read:

Subd. 2a. [SUBMISSION TO COUNTY.] Before submission of proposed plans to the council, local governmental units that use groundwater for all or part of their water supply shall submit the plans to the counties in which they are located if the counties have adopted groundwater plans under section 103B.255. The counties must review the plans within three months of their submission to the counties.

Sec. 13. Minnesota Statutes 1990, section 473.859, subdivision 3, is amended to read:

Subd. 3. [PUBLIC FACILITIES PLAN.] A public facilities plan shall describe the character, location, timing, sequence, function, use and capacity of existing and future public facilities of the local governmental unit.

A public facilities plan must be in at least such detail as may be necessary to establish existing or potential effects on or departures from metropolitan system plans and to protect metropolitan system plans. A public facilities plan shall contain at least the following parts:

(a) (1) a transportation plan describing, designating and scheduling the location, extent, function and capacity of existing and proposed local public and private transportation services and facilities;

(b) (2) a sewer policy plan describing, designating and scheduling the areas to be sewered by the public system, the existing and planned capacities of the public system, the standards and conditions under which the installation of private sewer systems will be permitted, and to the extent practicable, the areas not suitable for public or private systems because of public health, safety and welfare considerations;

(c) (3) a parks and open space plan describing, designating and scheduling the existing and proposed parks and recreation open spaces within the jurisdiction; and

(4) a water supply plan including:

(i) description of the existing water supply system, including the source of water, well, and treatment plant locations and major supply lines; an inventory of commercial and industrial users; an indication of the community's intent to make future changes or additions to the system, including projections for population and industrial and commercial use and the methods by which this growth will be served;

(ii) a statement of the community's objectives, policies, and standards for operating the water supply system;

(iii) a conservation program that contains the goals of the program, demand and supply conservation techniques to be used, a program for meter installation and reading if neither exists, an evaluation of pricing methods that could be used to reduce demand, the conditions under which conservation actions would occur, a process for reducing nonessential uses according to the priority system under section 103G.261, and the education program that will be used to inform the public of the need to conserve and the methods available to achieve conservation;

(iv) an emergency preparedness or contingency plan, as described in section 103G.271, subdivision 9;

(v) an indication of the possibility for joint efforts with neighboring communities or other public entities to share water sources and treatment, interconnection for routine or emergency supply, pursuit of alternative supplies, and water source protection;

(vi) a statement of the water supply problems that the community experiences or expects to experience, and any proposed solutions, especially those that would impact other communities or the region; and

(vii) for those communities served by groundwater, a wellhead protection plan prepared in accordance with rules adopted under section 103I.101.

Sec. 14. Minnesota Statutes 1990, section 473.859, subdivision 4, is amended to read:

Subd. 4. [IMPLEMENTATION PROGRAM.] An implementation program shall describe public programs, fiscal devices and other specific actions

to be undertaken in stated sequence to implement the comprehensive plan and ensure conformity with metropolitan system plans. An implementation program must be in at least such detail as may be necessary to establish existing or potential effects on or departures from metropolitan system plans and to protect metropolitan system plans. DESIGNATED COUNTIES

Section 1. [116S.01] [DESIGNATED COUNTIES.]

The commissioner of trade and economic development shall certify counties which are designated counties. A county is a designated county if the county has had a decline in population from 1980 to 1990, as determined by the 1990 federal decennial census.

For purposes of sections 1 to 3, "designated county" means a county designated by the commissioner of trade and economic development as

provided under this section and a city of the second class that is designated as an economically depressed area by the United States Department of Commerce.

Sec. 2. [116S.02] [CREDIT FOR JOB CREATION.]

(a) A business with operations located in a designated county may take a credit against the tax due under chapter 290 for five taxable years. For purposes of this section, "business" means a business entity organized for profit, including a sole proprietorship, partnership, or corporation.

(b) The credit is equal to \$2,500 multiplied by the number of persons paid an annual wage of at least \$15,000 and employed by the business within the designated county on a full-time basis on the last day of the taxable year, not to exceed the number of persons paid an annual wage of at least \$15,000 and employed by the business on a full-time basis within the designated county on the date 90 days before the last day of the taxable year.

(c) For the first taxable year in which the credit is allowed, the credit must not exceed 80 percent of the wages paid to or incurred for persons paid an annual wage of at least \$15,000 and employed by the taxpayer in the designated county during the taxable year. For the succeeding four taxable years, the credit must not exceed 20 percent of the wages paid to or incurred for persons paid an annual wage of at least \$15,000 and employed by the taxpayer in the designated county during the taxable year. For purposes of this subdivision, "wages" has the meaning given under section 3121(b) of the Internal Revenue Code of 1986, as amended through December 31, 1991, except the limitation to the contribution and benefit base does not apply.

(d) If the credit provided under this subdivision exceeds the tax liability of the business for the taxable year, the excess amount of the credit may be carried over to each of the ten taxable years succeeding the taxable year. The entire amount of the credit must be carried to the earliest taxable year to which the amount may be carried. The unused portion of the credit must be carried to the following taxable year. No credit may be carried to a taxable year more than ten years after the taxable year in which the credit was earned.

(e) The credit authorized under this section is increased to \$5,000 if the business utilizes fiber optics in its operations in the designated county.

Sec. 3. [116S.03] [RESEARCH AND DEVELOPMENT CREDIT.]

(a) A business with operations located in a designated county may take a credit of \$2,500 against the tax due under chapter 290 for up to five taxable years if the business spends at least ten percent of its revenue for research and development activities for each of the taxable years that the credit is taken. For purposes of this section, "business" means a business entity organized for profit, including a sole proprietorship, partnership, or corporation.

(b) The carryforward provisions authorized in section 2, paragraph (d), apply to the research and development credit.

Except as otherwise provided in this section, the provisions of sections 469.174 to 469.179 apply to the districts. For purposes of this section, "city" has the meaning given for "authority" in section 469.174, subdivision 2.

Subd. 2. [REDEVELOPMENT DISTRICT.] For the purposes of exercising tax increment financing powers under this section, "redevelopment district" means a type of tax increment financing district consisting of a project, or portions of a project, within which the city finds by resolution that one of the following conditions, reasonably distributed throughout the district, exists:

“Section 1. Minnesota Statutes 1990, section 256.87, subdivision 5, is amended to read:

Subd. 5. [CHILD NOT RECEIVING ASSISTANCE.] A ~~parent~~ *person* having custody of a dependent child not receiving assistance under sections 256.72 to 256.87 has a cause of action for child support against the child's absent parent *or parents*. Upon an order to show cause *or a petition* and a motion served on the absent parent *or parents*, the court shall order child support payments from the absent parent *or parents* under chapter 518.

Sec. 2. Minnesota Statutes 1990, section 257.071, subdivision 1, is amended to read:

Subdivision 1. [PLACEMENT; PLAN.] *(a) If a social service agency has good cause to believe that a child may be in need of temporary placement, the agency shall inform the child and the child's parents or guardian of the placement prevention and family reunification services available under section 256F.07.*

(b) If a child is placed in a residential facility by court order, the social service agency shall determine the child's medical history and contact the health care professionals who have been responsible for the child's care to determine the treatment plans necessary for inclusion in the child's case plan.

(c) A case plan shall be prepared within 30 days after any child is placed in a residential facility by court order or by the voluntary release of the child by the parent or parents.

For purposes of this section, a residential facility means any group home, family foster home or other publicly supported out-of-home residential facility, including any out-of-home residential facility under contract with the state, county or other political subdivision, or any agency thereof, to provide those services.

For the purposes of this section, a case plan means a written document which is ordered by the court or which is prepared by the social service agency responsible for the residential facility placement and is signed by the parent or parents, or other custodian, of the child, the child's legal guardian, the social service agency responsible for the residential facility placement, and, if possible, the child. The document shall be explained to all persons involved in its implementation, including the child who has signed the document, and shall set forth:

(1) The specific reasons for the placement of the child in a residential facility, including a description of the problems or conditions in the home of the parent or parents which necessitated removal of the child from home;

(2) The specific actions to be taken by the parent or parents of the child to eliminate or correct the problems or conditions identified in clause (1), and the time period during which the actions are to be taken;

(3) The financial responsibilities and obligations, if any, of the parents for the support of the child during the period the child is in the residential facility;

(4) The visitation rights and obligations of the parent or parents during the period the child is in the residential facility;

(5) The social and other supportive services to be provided to the parent or parents of the child, the child, and the residential facility during the period the child is in the residential facility;

(6) The date on which the child is expected to be returned to the home of the parent or parents;

(7) The nature of the effort to be made by the social service agency responsible for the placement to reunite the family; ~~and~~

(8) Notice to the parent or parents that placement of the child in foster care may result in termination of parental rights but only after notice and a hearing as provided in chapter 260-; *and*

(9) When the child is likely to remain in foster care until she or he is emancipated or discharged to independent living or when otherwise appropriate, for a child age 16 or older, the case plan must also include a written description of the programs and services which will help the child prepare for the transition from foster care to independent living.

The parent or parents and the child each shall have the right to legal counsel in the preparation of the case plan and shall be informed of the right at the time of placement of the child. The child shall also have the right to a guardian ad litem. If unable to employ counsel from their own resources, the court shall appoint counsel upon the request of the parent or parents or the child or the child's legal guardian. The parent or parents may also receive assistance from any person or social service agency in preparation of the case plan.

After the plan has been agreed upon by the parties involved, the foster parents shall be fully informed of the provisions of the case plan.

Sec. 3. Minnesota Statutes 1990, section 257.071, is amended by adding a subdivision to read:

Subd. 2a. [PERMANENCE.] A child placed in a foster family home may not be removed to another foster family home in the absence of good cause unless the new placement is an adoptive home or the home of a relative or the child has been in the foster family home for less than six months.

Sec. 4. Minnesota Statutes 1990, section 257.072, subdivision 7, is amended to read:

Subd. 7. [DUTIES OF CHILD-PLACING AGENCIES.] Each authorized child-placing agency must:

(1) develop and follow procedures for implementing the order of preference prescribed by section 260.181, subdivision 3, *and the Indian Child Welfare Act, United States Code, title 25, sections 1901 to 1923;*

(a) In implementing the order of preference, an authorized child-placing agency may contact relatives of the child for the purpose of locating a suitable placement, notwithstanding any law that might classify certain data the agency might have to disclose as private, confidential, or nonpublic data. The agency shall disclose only data that is necessary to facilitate implementing the preference. If a parent makes an explicit request that the relative preference not be followed, the agency shall bring the matter to the attention of the court to determine whether the parent's request is consistent

with the best interests of the child; and

(b) In implementing the order of preference, the authorized child-placing agency shall develop written standards for determining the suitability of proposed placements. The standards need not meet all requirements for foster care licensing, but must ensure that the safety, health, and welfare of the child is safeguarded. In the case of an Indian child, the standards to be applied must be the prevailing social and cultural standards of the Indian child's community, and the agency shall defer to tribal judgment as to suitability of a particular home when the tribe has intervened pursuant to the Indian Child Welfare Act;

(2) have a written plan for recruiting minority adoptive and foster families. The plan must include (a) strategies for using existing resources in minority communities, (b) use of minority outreach staff wherever possible, (c) use of minority foster homes for placements after birth and before adoption, and (d) other techniques as appropriate;

(3) have a written plan for training adoptive and foster families of minority children;

(4) if located in an area with a significant minority population, have a written plan for employing minority social workers in adoption and foster care. The plan must include staffing goals and objectives; ~~and~~

(5) ensure that adoption and foster care workers attend training offered or approved by the department of human services regarding cultural diversity and the needs of special needs children; *and*

(6) develop and implement procedures for implementing the requirements of the Indian Child Welfare Act and the Minnesota Indian Family Preservation Act.

Sec. 5. Minnesota Statutes 1990, section 257.072, subdivision 8, is amended to read:

Subd. 8. [REPORTING REQUIREMENTS.] Each authorized child-placing agency shall provide to the commissioner of human services all data needed by the commissioner for the report required by section 257.0725, *including data on the number of children of minority racial or ethnic heritage receiving services, data on the number of adoption and foster care workers attending training regarding cultural diversity and the needs of special needs children, and data on the training provider.* The agency shall provide the data within 60 days of the end of the six-month period for which the data is applicable.

Sec. 6. Minnesota Statutes 1990, section 257.0725, is amended to read:
257.0725 [SEMIANNUAL REPORT.]

The commissioner of human services shall publish a semiannual report on children in out-of-home placement. The report shall include, by county and statewide, information on legal status, living arrangement, age, sex, race, accumulated length of time in placement, reason for most recent placement, race of family with whom placed, number of families from the child's own culture in the placement pool during the period for which data is provided, and other demographic information deemed appropriate on all children in out-of-home placement. *The report shall also include the number of qualified minority professional staff working in the agency, the number*

of staff who have received the training required in section 257.072, subdivision 7, and data on the training provider. The commissioner shall provide the required data for children who entered placement during the previous quarter and for children who are in placement at the end of the quarter. Out-of-home placement includes placement in any facility by an authorized child-placing agency. By December 1, 1989, and by December 1 of each successive year, the commissioner shall publish a report covering the first six months of the calendar year. By June 1, 1990, and by June 1 of each successive year, the commissioner shall publish a report covering the last six months of the calendar year.

Sec. 7. Minnesota Statutes 1990, section 257.59, subdivision 1, is amended to read:

Subdivision 1. [COURT JURISDICTION.] Except in Hennepin and Ramsey counties, the county court has jurisdiction of an action brought under sections 257.51 to 257.74. In Hennepin and Ramsey counties, the district court has jurisdiction of an action brought under sections 257.51 to 257.74. The action may be joined with an action for dissolution, annulment, legal separation, custody under chapter 518, or reciprocal enforcement of support. *The action may also be joined with an action under section 260.131 by a local social service agency if action under this section is brought by an individual seeking to establish paternity.*

Sec. 8. Minnesota Statutes 1990, section 259.255, is amended to read:
259.255 [PROTECTION OF HERITAGE OR BACKGROUND.]

The policy of the state of Minnesota is to ensure that the best interests of the child are met by requiring due consideration of the child's ~~minority~~ race or ~~minority~~ ethnic heritage in adoption placements. For purposes of intercountry adoptions, due consideration is deemed to have occurred if the appropriate authority in the child's country of birth has approved the placement of the child.

The authorized child placing agency shall give preference, in the absence of good cause to the contrary, to placing the child with (a) a relative or relatives of the child, or, if that would be detrimental to the child or a relative is not available, (b) a family with the same racial or ethnic heritage as the child, or, if that is not feasible, (c) a family of different racial or ethnic heritage from the child which is knowledgeable and appreciative of the child's racial or ethnic heritage.

If the child's genetic parent or parents explicitly request that the preference described in clause (a) or clauses (a) and (b) not be followed, the authorized child placing agency shall honor that request consistent with the best interests of the child.

If the child's genetic parent or parents express a preference for placing the child in an adoptive home of the same or a similar religious background to that of the genetic parent or parents, in following the preferences in clause (a) or (b), the agency shall place the child with a family that also meets the genetic parent's religious preference. Only if no family is available that is described in clause (a) or (b) may the agency give preference to a family described in clause (c) that meets the parent's religious preference.

Sec. 9. Minnesota Statutes 1990, section 259.28, subdivision 2, is amended to read:

Subd. 2. [PROTECTION OF HERITAGE OR BACKGROUND.] The

policy of the state of Minnesota is to ensure that the best interests of children are met by requiring due consideration of the child's ~~minority~~ race or ~~minority~~ ethnic heritage in adoption placements. For purposes of intercountry adoptions, due consideration is deemed to have occurred if the appropriate authority in the child's country of birth has approved the placement of the child.

~~In the adoption of a child of minority racial or minority ethnic heritage.~~ In reviewing adoptive placement, the court shall consider preference, and in determining appropriate adoption, the court shall give preference, in the absence of good cause to the contrary, to (a) a relative or relatives of the child, or, if that would be detrimental to the child or a relative is not available, to (b) a family with the same racial or ethnic heritage as the child, or if that is not feasible, to (c) a family of different racial or ethnic heritage from the child that is knowledgeable and appreciative of the child's racial or ethnic heritage.

If the child's genetic parent or parents explicitly request that the preference described in clause (a) or in clauses (a) and (b) not be followed, the court shall honor that request consistent with the best interests of the child.

If the child's genetic parent or parents express a preference for placing the child in an adoptive home of the same or a similar religious background to that of the genetic parent or parents, in following the preferences in clause (a) or (b), the court shall place the child with a family that also meets the genetic parent's religious preference. Only if no family is available as described in clause (a) or (b) may the court give preference to a family described in clause (c) that meets the parent's religious preference.

Sec. 10. Minnesota Statutes 1990, section 259.455, is amended to read:
259.455 [FAMILY RECRUITMENT.]

Each authorized child placing agency shall make special efforts to recruit an adoptive family from among the child's relatives, except as authorized in section 259.28, subdivision 2, and among families of the same ~~minority~~ racial or ~~minority~~ ethnic heritage. Special efforts include contacting and working with community organizations and religious organizations, utilizing local media and other local resources, and conducting outreach activities. The agency may accept any gifts, grants, offers of services, and other contributions to use in making special recruitment efforts.

Sec. 11. Minnesota Statutes 1990, section 260.012, is amended to read:

260.012 [DUTY TO ENSURE PLACEMENT PREVENTION AND FAMILY REUNIFICATION; REASONABLE EFFORTS; NOTICE TO PARENTS OF PLACEMENT PREFERENCE; DETERMINATION OF CHILD'S RACE AND ETHNICITY; COMPLIANCE WITH PLACEMENT PREFERENCES AT ALL STAGES OF NONDELINQUENCY PROCEEDINGS.]

(a) If a child in need of protection or services is under the court's jurisdiction, the court shall ensure that reasonable efforts including culturally appropriate services by the social service agency are made to prevent placement or to eliminate the need for removal and to reunite the child with the child's family at the earliest possible time, consistent with the best interests, safety, and protection of the child. In the case of an Indian child, in proceedings under sections 260.172, 260.191, and 260.221 the juvenile court must make findings and conclusions consistent with the Indian Child Welfare Act of 1978, United States Code, title 25, section 1901 et seq., as to the

provision of active efforts. If a child is under the court's delinquency jurisdiction, it shall be the duty of the court to ensure that reasonable efforts are made to reunite the child with the child's family at the earliest possible time, consistent with the best interests of the child and the safety of the public.

(b) "Reasonable efforts" means the exercise of due diligence by the responsible social service agency to use appropriate and available services to meet the needs of the child and the child's family in order to prevent removal of the child from the child's family; or upon removal, services to eliminate the need for removal and reunite the family. Services may include those listed under section 256F.07, subdivision 3, and other appropriate services available in the community. The social service agency has the burden of demonstrating that it has made reasonable efforts.

(c) The juvenile court, in proceedings under sections 260.172, 260.191, and 260.221 shall make findings and conclusions as to the provision of reasonable efforts. When determining whether reasonable efforts have been made, the court shall consider whether services to the child and family were:

- (1) relevant to the safety and protection of the child;
- (2) adequate to meet the needs of the child and family;
- (3) culturally appropriate;
- (4) available and accessible;
- (5) consistent and timely; and
- (6) realistic under the circumstances.

(d) This section does not prevent out-of-home placement for treatment of a child with a mental disability when the child's diagnostic assessment or individual treatment plan indicates that appropriate and necessary treatment cannot be effectively provided outside of a residential or inpatient treatment program.

(e) In proceedings under section 260.172, 260.191, 260.192, or 260.221, the court shall notify the parents and the child, if the child is at least 12 years old, of the placement preference in section 260.181, subdivision 3, and that the placement preference will be followed unless the parent or the child, if the child is at least 12 years old, explicitly requests that it not be followed and the court finds that request consistent with the best interests of the child.

(f) If the federal Indian Child Welfare Act applies, the court shall also notify the parents of the placement preference stated in the federal Indian Child Welfare Act, that the preference will be followed, and that, where appropriate, the court shall consider the preference of the Indian child or parent.

(g) For purposes of ensuring compliance with section 260.181 in proceedings under section 260.172, 260.191, 260.192, or 260.221, the court shall ask the parent for information regarding the child's race or ethnicity. If a parent is not present for the proceedings, the court may order the responsible social service agency to conduct an inquiry of the child's relatives and community members for the purpose of identifying for the court the child's race or ethnicity. When the court has sufficient information upon which to make a finding, the court shall make a written finding as to the

child's race and ethnicity. That finding shall identify the child's primary racial or ethnic community, but may also reflect the child's racial or ethnic diversity as appropriate. The requirements of this section are in addition to the court's duty to determine tribal affiliation under section 257.354, subdivision 2.

(h) A child placed under section 257.071, 260.172, 260.191, 260.192, or 260.221, or who has a guardian appointed under section 260.242, must be placed according to the preference stated in section 260.181, subdivision 3, or, if applicable, the federal Indian Child Welfare Act. The court shall review the efforts of the responsible social service agency to place the child according to the preference in section 260.181, subdivision 3, and shall make findings regarding the sufficiency of those efforts at each stage of the court proceedings. If the court finds it in the best interests of the child, the court may also order the responsible social service agency to disclose necessary information to or make necessary inquiry of any person or agency that might be helpful in facilitating a placement according to the preference stated in section 260.181 or the federal Indian Child Welfare Act.

Sec. 12. Minnesota Statutes 1990, section 260.015, is amended by adding a subdivision to read:

Subd. 11a. [ADJUDICATED PARENT.] "Adjudicated parent" means:

(1) a person who has had paternity established under the parentage act, sections 257.51 to 257.74; or

(2) a person who was party to a proceeding under chapter 518 if the decree of dissolution of marriage found the child to be the issue of the marriage.

Sec. 13. Minnesota Statutes 1990, section 260.181, subdivision 3, is amended to read:

Subd. 3. [PROTECTION OF RACIAL OR ETHNIC HERITAGE, OR RELIGIOUS AFFILIATION BACKGROUND.] The policy of the state is to ensure that the best interests of children are met by requiring due consideration of the child's ~~minority~~ race or ~~minority~~ ethnic heritage in foster care placements.

The court, in transferring legal custody of any child or appointing a guardian for the child under the laws relating to juvenile courts, shall place the child, in the following order of preference, in the absence of good cause to the contrary, in the legal custody or guardianship of an individual who (a) is the child's relative, or if that would be detrimental to the child or a relative is not available, who (b) is of the same racial or ethnic heritage as the child, or if that is not possible, who (c) is knowledgeable and appreciative of the child's racial or ethnic heritage. The court may require the county welfare agency to continue efforts to find a guardian of the child's ~~minority~~ racial or ~~minority~~ ethnic heritage when such a guardian is not immediately available. For purposes of this subdivision, "relative" includes members of a child's extended family and important friends with whom the child has resided or had significant contact *and persons with whom the family or child has a significant relationship or who belong to kinship groups as defined by the child's family or racial and ethnic community.* "Relative" does not include a nonrelative foster parent.

If the child's genetic parent or parents explicitly request that the preference described in clause (a) or in clauses (a) and (b) not be followed, the court

shall honor that request consistent with the best interests of the child.

If the child's genetic parent or parents express a preference for placing the child in a foster or adoptive home of the same or a similar religious background to that of the genetic parent or parents, in following the preferences in clause (a) or (b), the court shall order placement of the child with an individual who meets the genetic parent's religious preference. Only if no individual is available who is described in clause (a) or (b) may the court give preference to an individual described in clause (c) who meets the parent's religious preference.

Sec. 14. Minnesota Statutes 1990, section 260.191, subdivision 1, is amended to read:

Subdivision 1. [DISPOSITIONS.] (a) If the court finds that the child is in need of protection or services or neglected and in foster care, it shall enter an order making any of the following dispositions of the case:

(1) place the child under the protective supervision of the county welfare board or child placing agency in the child's own home under conditions prescribed by the court directed to the correction of the child's need for protection or services;

(2) transfer legal custody to one of the following:

(i) a child placing agency; or

(ii) the county welfare board;

(iii) a previously noncustodial mother or man presumed to be the biological father under section 257.55, provided that an award of custody to a previously noncustodial mother or presumed father is temporary, is subject to review on a regular basis, and expires after one year, and provided that this disposition can only be made if the petition under section 260.131 was filed by the county welfare board; or

(iv) a previously noncustodial adjudicated parent on a permanent basis upon filing of a petition or motion under section 518.156, subdivision 1, paragraph (a), clause (2), but only if the petition under section 260.131 was filed by the county welfare board.

(A) In making an award of custody under item (iv), the court shall consider all relevant factors set forth in section 518.17. An award of custody under item (iv) has the same meaning as a custody order under section 518.17, subdivision 2.

(B) If there has been a previous award of permanent custody, the court must apply the standards in section 518.18 and all the procedural requirements of section 518.18 must be met. For purposes of item (iv), an award of custody pursuant to item (iii) is not a previous award of permanent custody, but an adjudication of paternity prior to the commencement of proceedings under section 260.131 must be considered an award of permanent custody.

(C) An award of legal custody under item (iv) is the equivalent of an award under chapter 518. In making an award of legal custody to a previously noncustodial adjudicated parent, the court must make detailed findings on each of the factors in sections 257.025 and 518.17 and explain how its findings on the factors led to its conclusions and the determination of the best interests of the child.

(D) Any order issued under this section must provide for ongoing visitation

between parent and child, if any, and set any conditions the court deems reasonable regarding visitation. Any order under item (iv) under section 518.156 may be modified only under section 518.18.

(E) At the request of the proposed custodian the court shall make an order requiring that the cost of the child's care be covered by an order for child support payable by the child's parent and established pursuant to section 518.551, subdivision 5.

In placing a child whose custody has been transferred under this paragraph, the agency and board shall follow the order of preference stated in section 260.181, subdivision 3, *or, if applicable, the federal Indian Child Welfare Act, except that the preference does not apply in a determination as to custody between parents:*

(3) if the child is in need of special treatment and care for reasons of physical or mental health, the court may order the child's parent, guardian, or custodian to provide it. If the parent, guardian, or custodian fails or is unable to provide this treatment or care, the court may order it provided. The court shall not transfer legal custody of the child for the purpose of obtaining special treatment or care solely because the parent is unable to provide the treatment or care. If the court's order for mental health treatment is based on a diagnosis made by a treatment professional, the court may order that the diagnosing professional not provide the treatment to the child if it finds that such an order is in the child's best interests; or

(4) if the court believes that the child has sufficient maturity and judgment and that it is in the best interests of the child, the court may order a child 16 years old or older to be allowed to live independently, either alone or with others as approved by the court under supervision the court considers appropriate, if the county board, after consultation with the court, has specifically authorized this dispositional alternative for a child.

(b) If the child was adjudicated in need of protection or services because the child is a runaway or habitual truant, the court may order any of the following dispositions in addition to or as alternatives to the dispositions authorized under paragraph (a):

(1) counsel the child or the child's parents, guardian, or custodian;

(2) place the child under the supervision of a probation officer or other suitable person in the child's own home under conditions prescribed by the court, including reasonable rules for the child's conduct and the conduct of the parents, guardian, or custodian, designed for the physical, mental, and moral well-being and behavior of the child; or with the consent of the commissioner of corrections, place the child in a group foster care facility which is under the commissioner's management and supervision;

(3) subject to the court's supervision, transfer legal custody of the child to one of the following:

(i) a reputable person of good moral character. No person may receive custody of two or more unrelated children unless licensed to operate a residential program under sections 245A.01 to 245A.16; or

(ii) a county probation officer for placement in a group foster home established under the direction of the juvenile court and licensed pursuant to section 241.021;

(4) require the child to pay a fine of up to \$100. The court shall order

payment of the fine in a manner that will not impose undue financial hardship upon the child;

(5) require the child to participate in a community service project;

(6) order the child to undergo a chemical dependency evaluation and, if warranted by the evaluation, order participation by the child in a drug awareness program or an inpatient or outpatient chemical dependency treatment program;

(7) if the court believes that it is in the best interests of the child and of public safety that the child's driver's license be canceled, the court may recommend to the commissioner of public safety that the child's license be canceled for any period up to the child's 18th birthday. The commissioner is authorized to cancel the license without a hearing. At any time before the expiration of the period of cancellation, the court may, for good cause, recommend to the commissioner of public safety that the child be authorized to apply for a new license, and the commissioner may so authorize; or

(8) require the child to perform any other activities or participate in any other treatment programs deemed appropriate by the court.

Sec. 15. Minnesota Statutes 1990, section 260.191, subdivision 1a, is amended to read:

Subd. 1a. [WRITTEN FINDINGS.] Any order for a disposition authorized under this section shall contain written findings of fact to support the disposition ordered, and shall also set forth in writing the following information:

(a) Why the best interests of the child are served by the disposition ordered;

(b) What alternative dispositions were considered by the court and why such dispositions were not appropriate in the instant case;

(c) ~~In the case of a child of minority racial or minority ethnic heritage,~~ How the court's disposition complies with the requirements of section 260.181, subdivision 3, *relating to protection of heritage or background*; and

(d) Whether reasonable efforts consistent with section 260.012 were made to prevent or eliminate the necessity of the child's removal and to reunify the family after removal. The court's findings must include a brief description of what preventive and reunification efforts were made and why further efforts could not have prevented or eliminated the necessity of removal.

If the court finds that the social services agency's preventive or reunification efforts have not been reasonable but that further preventive or reunification efforts could not permit the child to safely remain at home, the court may nevertheless authorize or continue the removal of the child.

Sec. 16. Minnesota Statutes 1990, section 260.221, subdivision 1, is amended to read:

Subdivision 1. [VOLUNTARY AND INVOLUNTARY.] The juvenile court may, upon petition, terminate all rights of a parent to a child *or may order any other long-term disposition provided for in section 260.235* in the following cases:

(a) With the written consent of a parent who for good cause desires to terminate parental rights; or

(b) If it finds that one or more of the following conditions exist:

(1) That the parent has abandoned the child. Abandonment is presumed when:

(i) the parent has had no contact or merely incidental contact with the child for six months in the case of a child under six years of age, or for 12 months in the case of a child ages six to 11; and

(ii) the social service agency has made reasonable efforts to facilitate contact, unless the parent establishes that an extreme financial or physical hardship or treatment for mental disability or chemical dependency or other good cause prevented the parent from making contact with the child. This presumption does not apply to children whose custody has been determined under chapter 257 or 518. The court is not prohibited from finding abandonment in the absence of this presumption; or

(2) That the parent has substantially, continuously, or repeatedly refused or neglected to comply with the duties imposed upon that parent by the parent and child relationship, including but not limited to providing the child with necessary food, clothing, shelter, education, and other care and control necessary for the child's physical, mental, or emotional health and development, if the parent is physically and financially able, and reasonable efforts by the social service agency have failed to correct the conditions that formed the basis of the petition; or

(3) That a parent has been ordered to contribute to the support of the child or financially aid in the child's birth and has continuously failed to do so without good cause. This clause shall not be construed to state a grounds for termination of parental rights of a noncustodial parent if that parent has not been ordered to or cannot financially contribute to the support of the child or aid in the child's birth; or

(4) That a parent is palpably unfit to be a party to the parent and child relationship because of a consistent pattern of specific conduct before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be of a duration or nature that renders the parent unable, for the reasonably foreseeable future, to care appropriately for the ongoing physical, mental, or emotional needs of the child. It is presumed that a parent is palpably unfit to be a party to the parent and child relationship upon a showing that:

(i) the child was adjudicated in need of protection or services due to circumstances described in section 260.015, subdivision 2a, clause (1), (2), (3), (5), or (8); and

(ii) within the three-year period immediately prior to that adjudication, the parent's parental rights to one or more other children were involuntarily terminated under clause (1), (2), (4), or (7) of this paragraph, or under clause (5) of this paragraph if the child was initially determined to be in need of protection or services due to circumstances described in section 260.015, subdivision 2a, clause (1), (2), (3), (5), or (8); or

(5) That following upon a determination of neglect or dependency, or of a child's need for protection or services, reasonable efforts, under the direction of the court, have failed to correct the conditions leading to the determination. It is presumed that reasonable efforts under this clause have failed upon a showing that:

(i) a child under the age of 12 has resided out of the parental home under

court order for more than one year following an adjudication of dependency, neglect, need for protection or services under section 260.015, subdivision 2a, clause (1), (2), (6), (8), or (9), or neglected and in foster care, and an order for disposition under section 260.191, including adoption of the case plan required by section 257.071;

(ii) conditions leading to the determination will not be corrected within the reasonably foreseeable future; and

(iii) reasonable efforts have been made by the social service agency to rehabilitate the parent and reunite the family.

This clause does not prohibit the termination of parental rights prior to one year after a child has been placed out of the home.

It is also presumed that reasonable efforts have failed under this clause upon a showing that:

(i) the parent has been diagnosed as chemically dependent by a professional certified to make the diagnosis;

(ii) the parent has been required by a case plan to participate in a chemical dependency treatment program;

(iii) the treatment programs offered to the parent were culturally, linguistically, and clinically appropriate;

(iv) the parent has either failed two or more times to successfully complete a treatment program or has refused at two or more separate meetings with a caseworker to participate in a treatment program; and

(v) the parent continues to abuse chemicals.

Provided, that this presumption applies only to parents required by a case plan to participate in a chemical dependency treatment program on or after July 1, 1990; or

(6) That the parent has been convicted of causing the death of another of the parent's children; or

(7) That in the case of a child born to a mother who was not married to the child's father when the child was conceived nor when the child was born the person is not entitled to notice of an adoption hearing under section 259.26 and either the person has not filed a notice of intent to retain parental rights under section 259.261 or that the notice has been successfully challenged; or

(8) That the child is neglected and in foster care.

In an action involving an American Indian child, sections 257.35 to 257.3579 and the Indian Child Welfare Act, United States Code, title 25, sections 1901 to 1923, control to the extent that the provisions of this section are inconsistent with those laws.

Sec. 17. Minnesota Statutes 1990, section 260.235, is amended to read:

260.235 ~~DISPOSITION~~ DISPOSITIONS ; PARENTAL RIGHTS NOT TERMINATED.]

further deduction of eight percent of all money in all pools; provided, however, that in the event that wagering on simulcasts and telerace simulcasts outside of the racing season exceeds \$125 million in any calendar year, the amount set aside for purses by this formula is increased to 30 percent on amounts between \$125,000,000 and \$150,000,000 wagered; 40 percent on amounts between \$150,000,000 and \$175,000,000 wagered; and 50 percent on amounts in excess of \$175,000,000 wagered. In lieu of the eight percent deduction, a deduction as agreed to between the licensee and the horsepersons' organization representing the majority of horsepersons racing at the licensee's class A facility during the preceding 12 months, is allowed after December 31, 2004.

The commission may by rule provide for the administration and enforcement of this subdivision. The deductions for payment to the sending out-of-state racetrack must be actual, except that when there exists any overlap of ownership, control, or interest between the sending out-of-state racetrack and the receiving licensee, the deduction must not be greater than three percent unless agreed to between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races during the existing racing meeting or, if outside of the racing season, during the most recent racing meeting.

In lieu of the amount the licensee must pay to the commission for deposit in the Minnesota breeders fund under section 240.15, subdivision 1, the licensee shall pay 5-1/2 percent of the takeout from all pari-mutuel pools generated by wagering at the licensee's facility on full racing card simulcasts and full racing card telerace simulcasts of races not conducted in this state.

(b) From the money set aside for purses, the licensee shall pay to the horseperson's organization representing the majority of the horsepersons racing the breed involved and contracting with the licensee with respect to purses and the conduct of the racing meetings and providing representation, benevolent programs, benefits, and services for horsepersons and their on-track employees, an amount, sufficient to perform these services, as may be determined by agreement by the licensee and the horseperson's organization. The amount paid may be deducted only from the money set aside for purses to be paid in races for the breed represented by the horseperson's organization. With respect to racing meetings where more than one breed is racing, the licensee may contract independently with the horseperson's organization representing each breed racing.

(c) Notwithstanding sections 325D.49 to 325D.66, a horseperson's organization representing the majority of the horsepersons racing a breed at a meeting, and the members thereof, may agree to withhold horses during a meeting.

(d) Money set aside for purses from wagering, during the racing season, on simulcasts and telerace simulcasts must be used for purses for live races conducted at the licensee's class A facility during the same racing season, over and above the 8.4 percent purse requirement or any higher requirement to which the parties agree, for races conducted in this state. Money set aside for purses from wagering, outside of the racing season, on simulcasts and telerace simulcasts must be for purses for live races conducted at the licensee's class A facility during the next racing season, over and above the 8.4 percent purse requirement or any higher requirement to which the parties agree, for races conducted in this state.

(e) Money set aside for purses from wagering on simulcasts and telerace

simulcasts must be used for purses for live races involving the same breed involved in the simulcast or telerace simulcast except that money set aside for purses and payments to the breeders fund from wagering on full racing card simulcasts and full racing card telerace simulcasts of races not conducted in this state, occurring during a live mixed meet, must be allotted to the purses and breeders fund for each breed participating in the mixed meet in the same proportion that the number of live races run by each breed bears to the total number of live races conducted during the period of the mixed meet.

(f) The allocation of money set aside for purses to particular racing meets may be adjusted, relative to overpayments and underpayments, by contract between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed involved at the licensee's facility.

(g) Subject to the provisions of this chapter, money set aside from pari-mutuel pools for purses must be for the breed involved in the race that generated the pool, except that if the breed involved in the race generating the pari-mutuel pool is not racing in the current racing meeting, or has not raced within the preceding 12 months at the licensee's class A facility, money set aside for purses ~~must~~ *may* be distributed proportionately to those breeds that have run during the preceding 12 months *or paid to the commission and used for purses or to promote racing for the breed involved in the race generating the pari-mutuel pool, or both, in a manner prescribed by the commission.*

Sec. 2. Minnesota Statutes 1991 Supplement, section 240.13, subdivision 6, is amended to read:

Subd. 6. [SIMULCASTING.] The commission may permit an authorized licensee to conduct simulcasting or telerace simulcasting at the licensee's facility on any day authorized by the commission. All simulcasts and telerace simulcasts must comply with the Interstate Horse Racing Act of 1978, United States Code, title 15, sections 3001 to 3007. In addition to teleracing programs featuring live racing conducted at the licensee's class A facility, the class E licensee may conduct not more than seven teleracing programs per week during the racing season, unless additional telerace simulcasting is authorized by the director and approved by the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races at the licensee's class A facility during the preceding 12 months. The commission may not authorize any day for simulcasting at a class A facility during the racing season, and a licensee may not be allowed to transmit out-of-state telecasts of races the licensee conducts, unless the licensee has obtained the approval of the horsepersons' organization representing the majority of the horsepersons racing the breed involved at the licensed racetrack during the preceding 12 months. The licensee may pay fees and costs to an entity transmitting a telecast of a race to the licensee for purposes of conducting pari-mutuel wagering on the race. The licensee may deduct fees and costs related to the receipt of televised transmissions from a pari-mutuel pool on the televised race, provided that one-half of any amount recouped in this manner must be added to the amounts required to be set aside for purses.

With the approval of the commission and subject to the provisions of this subdivision, a licensee may transmit telecasts of races it conducts, for wagering purposes, to locations outside the state, and the commission may allow this to be done on a commingled pool basis.

Except as otherwise provided in this section, simulcasting and telerece simulcasting may be conducted on a separate pool basis or, with the approval of the commission, on a commingled pool basis. All provisions of law governing pari-mutuel betting apply to simulcasting and telerece simulcasting except as otherwise provided in this subdivision or in the commission's rules. If pools are commingled, wagering at the licensed facility must be on equipment electronically linked with the equipment at the licensee's class A facility or with the sending racetrack via the totalizator computer at the licensee's class A facility. Subject to the approval of the commission, the types of betting, takeout, and distribution of winnings on commingled pari-mutuel pools are those in effect at the sending racetrack. Breakage for pari-mutuel pools on a televised race must be calculated in accordance with the law or rules governing the sending racetrack for these pools, and must be distributed in a manner agreed to between the licensee and the sending racetrack. Notwithstanding subdivision 7 and section 240.15, subdivision 5, the commission may approve procedures governing the definition and disposition of unclaimed tickets that are consistent with the law and rules governing unclaimed tickets at the sending racetrack. For the purposes of this section, "sending racetrack" is either the racetrack outside of this state where the horse race is conducted or, with the consent of the racetrack, an alternative facility that serves as the racetrack for the purpose of commingling pools.

If there is more than one class B licensee conducting racing within the seven-county metropolitan area, simulcasting and telerece simulcasting may be conducted only on races run by a breed that ran at the licensee's class A facility within the 12 months preceding the event. ~~That portion of the takeout allocated for purses from pari-mutuel pools generated by wagering on standardbreds must be set aside and must be paid to the racing commission and used for purses as otherwise provided by this section or to promote standardbred racing or both, in a manner prescribed by the commission. In the event that a licensee conducts live standardbred racing, pools generated by live, simulcast, or telerece simulcasting at the licensee's facilities on standardbred racing are subject to the purse set-aside requirements otherwise provided by law.~~

Contractual agreements between licensees and horsepersons' organizations entered into before June 5, 1991, regarding money to be set aside for purses from pools generated by simulcasts at a class A facility, are controlling regarding purse requirements through the end of the 1992 racing season.

Sec. 3. Minnesota Statutes 1990, section 240.14, subdivision 3, is amended to read:

Subd. 3. [COUNTY FAIR RACING DAYS.] The commission may assign to a class D licensee the following racing days:

(1) those racing days, not to exceed ten racing days, that coincide with the days on which the licensee's county fair is running; and

(2) additional racing days, ~~not to exceed ten racing days, immediately before or after the days on which the licensee's county fair is running.~~

~~In no event shall the number of racing days assigned by the commission exceed 20 days.~~

~~The commission may not assign any days before July 1, 1989, as racing days to a class D licensee.~~

Sec. 4. Minnesota Statutes 1991 Supplement, section 240.15, subdivision 6, is amended to read:

Subd. 6. [DISPOSITION OF PROCEEDS.] The commission shall distribute all money received under this section, and all money received from license fees and fines it collects, as follows: all money designated for deposit in the Minnesota breeders fund must be paid into that fund for distribution under section 240.18 except that all money generated by full racing card simulcasts, or full racing card telerace simulcasts of races not conducted in this state, must be distributed as provided in section 240.18, ~~clause (2), paragraphs (a), (b), and (c) subdivisions 2, paragraph (d), clauses (1), (2), and (3); and 3.~~ Revenue from an admissions tax imposed under subdivision 1 must be paid to the local unit of government at whose request it was imposed, at times and in a manner the commission determines. All other revenues received under this section by the commission, and all license fees, fines, and other revenue it receives, must be paid to the state treasurer for deposit in the general fund.

Sec. 5. Minnesota Statutes 1991 Supplement, section 240.18, is amended by adding a subdivision to read:

Subd. 3a. [OTHER CATEGORIES.] Available money apportioned to breeds other than breeds contained in subdivisions 2 and 3 shall be distributed as financial incentives to encourage horse racing and horse breeding for such breeds.

Subd. 6. [LAND.] “Land” means a parcel or tract of real estate including wetlands and public waters but not including buildings unless they are a place of business and open to the general public.

Subd. 7. [MUNICIPALITY.] “Municipality” means a home rule charter or statutory city or a township.

Subd. 8. [NOXIOUS WEED.] “Noxious weed” means an annual, biennial, or perennial plant that the commissioner designates to be injurious to public health, the environment, public roads, crops, livestock, or other property.

Subd. 9. [OCCUPANT.] “Occupant” means a person who uses land as a principal residence or who leases land or both.

Subd. 10. [PERMANENT PASTURE, HAY MEADOW, WOODLOT, AND OTHER NONCROP AREA.] "Permanent pasture, hay meadow, woodlot, and other noncrop area" means an area of predominantly native or seeded perennial plants that can be used for grazing or hay purposes but is not harvested on a regular basis and is not considered to be a growing crop.

Subd. 11. [PERSON.] "Person" means an individual, partnership, corporation, society, association, firm, public agency, or an agent for one of those entities.

Subd. 12. [PROPAGATING PARTS.] "Propagating parts" means plant parts, including seeds, that are capable of producing new plants.

Sec. 4. [18.78] [CONTROL OR ERADICATION OF NOXIOUS WEEDS.]

Subdivision 1. [GENERALLY.] Except as provided in section 11, a person owning land, a person occupying land, or a person responsible for the maintenance of public land shall control or eradicate all noxious weeds on the land at a time and in a manner ordered by the commissioner, the county agricultural inspector, or a local weed inspector.

Subd. 2. [CONTROL OF PURPLE LOOSESTRIFE.] An owner of non-federal lands underlying public waters or wetlands designated under section 103G.201 is not required to control or eradicate purple loosestrife below the ordinary high water level of the public water or wetland. The commissioner of natural resources is responsible for control and eradication of purple loosestrife on public waters and wetlands designated under section 103G.201, except those located upon lands owned in fee title or managed by the United States. The officers, employees, agents, and contractors of the commissioner of natural resources may enter upon public waters and wetlands designated under section 103G.201 and, after providing notification to the occupant or owner of the land, may cross adjacent lands as necessary for the purpose of investigating purple loosestrife infestations, formulating methods of eradication, and implementing control and eradication of purple loosestrife. The commissioner, after consultation with the commissioner of agriculture, shall, by June 1 of each year, compile a priority list of purple loosestrife infestations to be controlled in designated public waters. The commissioner of agriculture must distribute the list to county agricultural inspectors, local weed inspectors, and their appointed agents. The commissioner of natural resources shall control listed purple loosestrife infestations in priority order within the limits of appropriations provided for that purpose. This procedure shall be the exclusive means for control of purple loosestrife on designated public waters by the commissioner of natural resources and shall supersede the other provisions for control of noxious weeds set forth elsewhere in chapter 18. The responsibility of the commissioner of natural resources to control and eradicate purple loosestrife on public waters and wetlands located on private lands and the authority to enter upon private lands ends ten days after receipt by the commissioner of a written statement from the landowner that the landowner assumes all responsibility for control and eradication of purple loosestrife under sections 4 to 14. State officers, employees, agents, and contractors of the commissioner of natural resources are not liable in a civil action for trespass committed in the discharge of their duties under this section and are not liable to anyone for damages, except for damages arising from gross negligence.

Sec. 5. [18.79] [DUTIES OF THE COMMISSIONER.]

Subdivision 1. [ENFORCEMENT.] The commissioner of agriculture shall administer and enforce sections 2 to 14.

Subd. 2. [AUTHORIZED AGENTS.] The commissioner shall authorize department of agriculture personnel and may authorize, in writing, county agricultural inspectors to act as agents in the administration and enforcement of sections 2 to 14.

Subd. 3. [ENTRY UPON LAND.] To administer and enforce sections 2 to 14, the commissioner, authorized agents of the commissioner, county agricultural inspectors, and local weed inspectors may enter upon land without consent of the owner and without being subject to an action for trespass or any damages.

Subd. 4. [RULES.] The commissioner may make necessary rules for the proper enforcement of sections 2 to 14. The commissioner may designate the plants that are noxious by commissioner's order. The commissioner's orders under this subdivision are not subject to chapter 14.

Subd. 5. [ORDER FOR CONTROL OR ERADICATION OF NOXIOUS WEEDS.] The commissioner, a county agricultural inspector, or a local weed inspector may order the control or eradication of noxious weeds on any land within the state.

Subd. 6. [EDUCATIONAL PROGRAMS FOR CONTROL OR ERADICATION OF NOXIOUS WEEDS.] The commissioner shall conduct education programs considered necessary for weed inspectors in the enforcement of the noxious weed law. The director of the Minnesota extension service may conduct educational programs for the general public that will aid compliance with the noxious weed law.

Subd. 7. [MEETINGS AND REPORTS.] The commissioner shall designate by rule the reports that are required to be made and the meetings that must be attended by weed inspectors.

Subd. 8. [PRESCRIBED FORMS.] The commissioner shall prescribe the forms to be used by weed inspectors in the enforcement of sections 2 to 14.

Subd. 9. [INJUNCTION.] If the commissioner applies to a court for a temporary or permanent injunction restraining a person from violating or continuing to violate sections 2 to 14, the injunction may be issued without requiring a bond.

Subd. 10. [PROSECUTION.] On finding that a person has violated sections 2 to 14, the commissioner may start court proceedings in the locality in which the violation occurred. The county attorney may prosecute actions under sections 2 to 14 within his or her jurisdiction.

Subd. 11. [QUARANTINE.] The commissioner may establish a noxious weed quarantine according to section 11 and may hire additional employees and purchase the necessary equipment, supplies, or services to properly carry out the eradication of noxious weeds on quarantined land.

Sec. 6. [18.80] [INSPECTORS; EXPENSES.]

Subdivision 1. [COUNTY AGRICULTURAL INSPECTORS.] The county board shall appoint one or more county agricultural inspectors that meet the qualifications prescribed by rule. The appointment must be for a period of time which is sufficient to accomplish the duties assigned to this position.

A notice of the appointment must be delivered to the commissioner within ten days of the appointment and it must establish the initial number of hours to be worked annually.

Subd. 2. [LOCAL WEED INSPECTORS.] The supervisors of each town board and the mayor of each city shall act as local weed inspectors within their respective municipalities.

Subd. 3. [ASSISTANT WEED INSPECTORS.] A municipality may appoint one or more assistants to act on behalf of the appointing authority as a weed inspector for the municipality. The appointed assistant or assistants have the power, authority, and responsibility of the town board members or the city mayor in the capacity of weed inspector.

Sec. 7. [18.81] [DUTIES OF INSPECTORS.]

Subdivision 1. [COUNTY AGRICULTURAL INSPECTORS.] It is the duty of county agricultural inspectors:

(1) to see that sections 2 to 14 and rules adopted under those sections are carried out within their jurisdiction;

(2) to see that sections 21.80 to 21.92 and rules adopted under those sections are carried out within their jurisdiction;

(3) to see that sections 21.71 to 21.78 and rules adopted under those sections are carried out within their jurisdiction;

(4) to participate in the control programs for feed, fertilizer, pesticide, and insect pests when requested, in writing, to do so by the commissioner;

(5) to participate in other agricultural programs under the control of the commissioner when requested to do so, subject to veto by the county board;

(6) to administer the distribution of funds allocated by the county board to the county agricultural inspector for noxious weed control and eradication within the county;

(7) to submit reports and attend meetings that the commissioner requires; and

(8) to publish a general weed notice of the legal duty to control noxious weeds in one or more legal newspapers of general circulation throughout the county.

Subd. 2. [LOCAL WEED INSPECTORS.] Local weed inspectors shall:

(1) examine all lands, including highways, roads, alleys, and public ground in the territory over which their jurisdiction extends to ascertain if section 4 and related rules have been complied with;

(2) see that the control or eradication of noxious weeds is carried out in accordance with section 9 and related rules;

(3) issue permits in accordance with section 8 and related rules for the transportation of materials or equipment infested with noxious weed propagating parts; and

(4) submit reports and attend meetings that the commissioner requires.

Subd. 3. [NONPERFORMANCE BY INSPECTORS; REIMBURSEMENT FOR EXPENSES.] (a) If local weed inspectors neglect or fail to do their duty as prescribed in this section, the commissioner shall issue a notice to the inspector providing instructions on how and when to do their duty.

If, after the time allowed in the notice, the local weed inspector has not complied as directed, the county agricultural inspector may perform the duty for the local weed inspector. A claim for the expense of doing the local weed inspector's duty is a legal charge against the municipality in which the inspector has jurisdiction. The county agricultural inspector doing the work may file an itemized statement of costs with the clerk of the municipality in which the work was performed. The municipality shall immediately issue proper warrants to the county for the work performed. If the municipality fails to issue the warrants, the county auditor may include the amount contained in the itemized statement of costs as part of the next annual tax levy in the municipality and withhold that amount from the municipality in making its next apportionment.

(b) If a county agricultural inspector fails to perform the duties as prescribed in this section, the commissioner shall issue a notice to the inspector providing instructions on how and when to do that duty.

(c) The commissioner shall by rule establish procedures to carry out the enforcement actions for nonperformance required by this subdivision.

Sec. 8. [18.82] [TRANSPORTATION OF NOXIOUS WEED PROPAGATING PARTS IN INFESTED MATERIAL OR EQUIPMENT.]

Subdivision 1. [PERMITS.] Except as provided in section 21.74, if a person wants to transport along a public highway materials or equipment containing the propagating parts of weeds designated as noxious by the commissioner, the person must secure a written permit for transportation of the material or equipment from a local weed inspector or county agricultural inspector. Inspectors may issue permits to persons residing or operating within their jurisdiction. If the noxious weed propagating parts are removed from materials and equipment or devitalized before being transported, a permit is not needed.

Subd. 2. [CONDITIONS OF PERMIT ISSUANCE.] The following conditions must be met before a permit under subdivision 1 may be issued:

(1) any material or equipment containing noxious weed propagating parts that is about to be transported along a public highway must be in a container that is sufficiently tight and closed or otherwise covered to prevent the blowing or scattering of the material along the highway or on other lands or water; and

(2) the destination for unloading and the use of the material or equipment containing noxious weed propagating parts must be stated on the permit along with the method that will be used to destroy the viability of the propagating parts and thereby prevent their being dumped or scattered upon land or water.

Subd. 3. [DURATION OF PERMIT; REVOCATION.] A permit under subdivision 1 is valid for up to one year after the date it is issued unless otherwise specified by the weed inspector issuing the permit. The permit may be revoked if a county agricultural inspector or local weed inspector determines that the applicant has not complied with this section.

Sec. 9. [18.83] [CONTROLLING OR ERADICATING NOXIOUS WEEDS; NOTICES; EXPENSES.]

Subdivision 1. [GENERAL WEED NOTICE.] A general notice for noxious weed control or eradication must be published on or before May 15 of each year and at other times the commissioner directs. Failure of the county

agricultural weed inspector to publish the general notice does not relieve a person from the necessity of full compliance with sections 2 to 14 and related rules. The published notice is legal and sufficient notice when an individual notice cannot be served.

Subd. 2. [INDIVIDUAL NOTICE.] A weed inspector may find it necessary to secure more prompt or definite control or eradication of noxious weeds than is accomplished by the published general notice. In these special or individual instances, involving one or a limited number of persons, the weed inspector having jurisdiction shall serve individual notices in writing upon the person who owns the land and the person who occupies the land, or the person responsible for or charged with the maintenance of public land, giving specific instructions on when and how named noxious weeds are to be controlled or eradicated. Individual notices provided for in this section must be served in the same manner as a summons in a civil action in the district court or by certified mail. Service on a person living temporarily or permanently outside of the weed inspector's jurisdiction may be made by sending the notice by certified mail to the last known address of the person, to be ascertained, if necessary, from the last tax list in the county treasurer's office.

Subd. 3. [APPEAL OF INDIVIDUAL NOTICE; APPEAL COMMITTEE.] (1) A recipient of an individual notice may appeal, in writing, the order for control or eradication of noxious weeds. This appeal must be filed with a member of the appeal committee in the county where the land is located within two working days of the time the notice is received. The committee must inspect the land specified in the notice and report back to the recipient and the inspector who issued the notice within five working days, either agreeing, disagreeing, or revising the order. The decision may be appealed in district court. If the committee agrees or revises the order, the control or eradication specified in the order, as approved or revised by the committee, may be carried out.

(2) The county board of commissioners shall appoint members of the appeal committee. The membership must include a county commissioner or municipal official and a landowner residing in the county. The expenses of the members may be reimbursed by the county upon submission of an itemized statement to the county auditor.

Subd. 4. [CONTROL OR ERADICATION BY INSPECTOR.] If a person does not comply with an individual notice served on the person or an individual notice cannot be served, the weed inspector having jurisdiction shall have the noxious weeds controlled or eradicated within the time and in the manner the weed inspector designates.

Subd. 5. [CONTROL OR ERADICATION BY INSPECTOR IN GROWING CROP.] A weed inspector may consider it necessary to control or eradicate noxious weeds along with all or a part of a growing crop to prevent the maturation and spread of noxious weeds within the inspector's jurisdiction. If this situation exists, the weed inspector may have the noxious weeds controlled or eradicated together with the crop after the appeal committee has reviewed the matter as outlined in subdivision 3 and reported back agreement with the order.

Subd. 6. [AUTHORIZATION FOR PERSON HIRED TO ENTER UPON LAND.] The weed inspector may hire a person to control or eradicate noxious weeds if the person who owns the land, the person who occupies the land, or the person responsible for the maintenance of public land has failed to

comply with an individual notice or with the published general notice when an individual notice cannot be served. The person hired must have authorization, in writing, from the weed inspector to enter upon the land.

Subd. 7. [EXPENSES; REIMBURSEMENTS.] A claim for the expense of controlling or eradicating noxious weeds, which may include the costs of serving notices, is a legal charge against the county in which the land is located. The officers having the work done must file with the county auditor a verified and itemized statement of cost for all services rendered on each separate tract or lot of land. The county auditor shall immediately issue proper warrants to the persons named on the statement as having rendered services. To reimburse the county for its expenditure in this regard, the county auditor shall certify the total amount due and, unless an appeal is made in accordance with section 10, enter it on the tax roll as a tax upon the land and it must be collected as other real estate taxes are collected.

If public land is involved, the amount due must be paid from funds provided for maintenance of the land or from the general revenue or operating fund of the agency responsible for the land. Each claim for control or eradication of noxious weeds on public lands must first be approved by the commissioner of agriculture.

Sec. 10. [18.84] [LIABILITY; APPEALS.]

Subdivision 1. [COUNTIES AND MUNICIPALITIES.] Counties and municipalities are not liable for damages from the noxious weed control program for actions conducted in accordance with sections 2 to 14.

Subd. 2. [APPEAL TO COUNTY BOARD.] A person who is ordered to control noxious weeds under sections 2 to 14 and is charged for noxious weed control may appeal the cost of noxious weed control to the county board of the county where the noxious weed control measures were undertaken within 30 days after being charged. The county board shall determine the amount and approve the charge and filing of a lien against the property if it determines that the owner, or occupant if other than the owner, responsible for controlling noxious weeds did not comply with the order of the inspector.

Subd. 3. [COURT APPEAL OF COSTS; PETITION.] (a) A landowner who has appealed the cost of noxious weed control measures under subdivision 2 may petition for judicial review. The petition must be filed within 30 days after the conclusion of the hearing before the county board. The petition must be filed with the court administrator in the county in which the land where the noxious weed control measures were undertaken is located, together with proof of service of a copy of the petition on the commissioner and the county auditor. No responsive pleadings may be required of the commissioner or the county, and no court fees may be charged for the appearance of the commissioner or the county in this matter.

(b) The petition must be captioned in the name of the person making the petition as petitioner and the commissioner of agriculture and respective county as respondents. The petition must include the petitioner's name, the legal description of the land involved, a copy of the notice to control noxious weeds, and the date or dates on which appealed control measures were undertaken.

(c) The petition must state with specificity the grounds upon which the petitioner seeks to avoid the imposition of a lien for the cost of noxious weed control measures.

Subd. 4. [HEARING.] (a) A hearing under subdivisions 3 to 5 must be held at the earliest practicable date, and in no event later than 90 days following the filing of the petition of objection. The hearing must be before a district judge in the county in which the land where the noxious weed control measures were undertaken is located, and must be conducted in accordance with the district court rules of civil procedure.

(b) The court shall either order that a lien representing part or all of the costs for noxious weed control measures be imposed against the land or that the landowner be relieved of responsibility for payment of noxious weed control measures undertaken.

Subd. 5. [FURTHER APPEAL.] A party aggrieved by the decision of the reviewing court may appeal the decision as provided in the rules of appellate procedure.

Sec. 11. [18.85] [NOXIOUS WEED QUARANTINE.]

Subdivision 1. [NEED FOR QUARANTINE.] If there is an infestation of noxious weeds beyond the ability of the person who owns or occupies the land to eradicate it, the commissioner may, upon request of the person who owns the land or on the commissioner's own initiative, take necessary steps to prevent the further spread of the weed. To this end, the commissioner may quarantine a tract of land that is infested and put into operation the necessary means for the eradication of the weed; provided that the county and municipality in which the land is located must approve of the quarantine before it can be initiated.

Subd. 2. [NOTICE OF QUARANTINE.] The commissioner, upon entering a tract of land for the purpose of this section, shall notify in writing the persons who own or occupy the land of the entry and quarantine. If the necessary means of eradication have been completed, the commissioner shall notify, in writing, the persons who own or occupy the land that the quarantine effort is complete.

Subd. 3. [EXPENSES.] The expenses for eradication of noxious weeds on quarantined land must be paid by the commissioner from the funds provided for this purpose.

Counties, municipalities, and owners or occupants must reimburse the commissioner before January 1 of each year. The county shall pay 20 percent of the expenses, the municipality shall pay ten percent, and the owner or occupant shall pay ten percent.

Sec. 12. [18.86] [UNLAWFUL ACTS.]

No person may:

(1) hinder or obstruct in any way the commissioner, the commissioner's authorized agents, county agricultural inspectors, or local weed inspectors in the performance of their duties as provided in sections 2 to 14 or related rules;

(2) neglect, fail, or refuse to comply with section 8 or related rules in the transportation and use of material or equipment infested with noxious weed propagating parts;

(3) sell material containing noxious weed propagating parts to a person who does not have a permit to transport that material or to a person who does not have a screenings permit issued in accordance with section 21.74;
or

(4) neglect, fail, or refuse to comply with a general notice or an individual notice to control or eradicate noxious weeds.

Sec. 13. [18.87] [PENALTY.]

A violation of section 12 or a rule adopted under that section is a misdemeanor. County agricultural inspectors, local weed inspectors, or their appointed assistants are not subject to the penalties of this section for failure, neglect, or refusal to perform duties imposed on them by sections 2 to 14.

Sec. 14. [18.88] [NOXIOUS WEED PROGRAM FUNDING.]

Subdivision 1. [COUNTY.] The county board shall pay, from the general revenue or other fund for the county, the expenses for the county agricultural inspector position, for noxious weed control or eradication on all land owned by the county or on land that the county is responsible for the maintenance of, for the expenses of the appeal committee, and for necessary expenses as required for quarantines within the county.

Subd. 2. [MUNICIPALITY.] The municipality shall pay, from the general revenue or other fund for the municipality, the necessary expenses of the local weed inspector in the performance of duties required for quarantines within the municipality, and for noxious weed control or eradication on land owned by the municipality or on land for which the municipality is responsible for its maintenance.

- (2) the payments authorized by law to be made out of the trust.

If the estimated payments exceed the estimated receipts of the trust fund, the appropriations from the trust to each program are proportionately reduced, unless otherwise provided by law.

If the estimated receipts of the trust fund exceed the estimated payments by \$1,000,000 or more, the appropriation from the trust fund to each intergovernmental aid program is increased proportionately. The aid paid to each local government under the program is increased proportionately unless otherwise provided by law.

(b) If as a result of changes in economic conditions or if information becomes available that indicates changes either in receipts or payments from the trust fund, the commissioner may at other times estimate the amount of receipts or payments and reduce or restore the appropriations under paragraph (a).

"Section 1. [FINDINGS; PURPOSE.]

The legislature finds that historical uses of properties within or adjacent to certain geographic areas within Minnesota communities have contributed to the known or suspected contamination of the areas, that the known or suspected contamination of these geographic areas is significant and widespread, that the welfare of the state requires environmentally sound remediation of contaminated sites, that certain of the contaminated geographic areas can be made suitable for development if contaminants are removed but that the areas cannot be developed for any purpose unless remediation is undertaken or ensured, and that the remediation and development of the contaminated geographic areas are public purposes in the interests of environmental quality, contamination management and disposal, and economic development, for which the expenditure of public funds and the exercise of the powers provided in sections 2 to 10 are authorized and in the public interest.

It is not the intent of sections 2 to 10 to reduce, alter, or modify the liability under Minnesota or federal environmental law of a responsible person as defined in Minnesota Statutes, section 115B.03.

Subd. 2. [GEOGRAPHIC DESCRIPTION.] (a) A city establishing an area shall select eligible sites within its jurisdictional boundaries. Each eligible site must consist of parcels that contain contamination, or the inclusion of which is permitted by subdivision 4, paragraph (b). For the purposes of selection of eligible sites, the city may by resolution authorize testing of a parcel within the city to assess the presence of contamination or to discover facts relevant to whether the parcel should be included in the geographic area described in a plan to remediate present contamination or prevent future contamination, except that:

(1) the testing must not unreasonably interfere with the current activity occurring on a parcel being tested;

(2) at least ten days before the testing, the city shall provide written notice of the testing to the owner of record of the parcel, each other person with an interest in the parcel whose interest appears in the public land records of the county, and each other person occupying or using the parcel if the city has actual knowledge of the occupancy or use; and

(3) the city shall pay the cost of the testing and the cost of repair or restoration of any property destroyed or damaged by the testing, provided that the city may recover the cost of the testing and other costs from a person who is a responsible person with respect to the parcel tested, if otherwise permitted by law.

(b) A city may request the agency to supervise or provide oversight or provide technical expertise in connection with testing, and the agency may, but is not obligated to, comply with the request. The agency may exercise its powers under section 115B.17, subdivision 14, in connection with the testing. The agency shall, at its request, be reimbursed for its expenses including staff oversight from any funds available to pay eligible costs.

(3) cause development to occur within the area.

The plan must further estimate the source, amount, and uses of all tax increments and other funds to be used to pay for the activities described in the area plan. The plan must contain the findings required by subdivisions 4 and 5 and must provide sufficient detail to show the basis for the findings. The plan must include a tax increment financing plan under section 469.175, subdivision 1, for each district to be established under the plan, except that a tax increment financing plan may be for more than one district. The plan must describe the specific kinds of development expected to occur, and the increases in tax capacity expected to result from the development.

Subd. 4. [ELIGIBLE SITES.] (a) Each eligible site, or parcel included in an eligible site, as appropriate, must meet the requirements of paragraphs (b) to (e).

(b) The parcel must contain contamination, or be necessary for inclusion in the eligible site in order to prevent future contamination or remediate present contamination, or be necessary for inclusion in the eligible site in order to form a development site no larger than that necessary for development to occur on the site.

(c) For each parcel containing contamination, the city shall consider the seriousness of the contamination present in the parcel, the threat posed to the public health by the contamination, and the deterrent effect of the contamination on development of the eligible site which includes the contaminated parcel. The city shall submit a report describing the extent and magnitude of the contamination to the commissioner for approval.

(d) The city shall determine that the contamination present in the eligible site is unlikely to be remediated within five to ten years, or that development of the site is unlikely to occur within five to ten years even if remediation occurs because there is no indemnification against potential environmental liability, unless the city forms the area. In making this determination, the city shall consider the availability of funding for remediation from state and federal agencies and the availability and adequacy of the resources of responsible persons to remediate contamination.

(e) The city shall estimate the likelihood of development of the eligible site if the contamination is remediated and shall determine that development of the eligible site is likely to occur if the area is formed and the actions taken as proposed in the plan for the area.

Subd. 5. [AREA CRITERIA.] (a) In addition to the criteria for eligible sites stated in subdivision 4, each area must meet the requirements of paragraphs (b) and (c).

(b) *The city must determine that either:*

(1) the estimated costs of remediating present contamination or preventing future contamination within the area are no less than \$20,000 per acre for each contaminated parcel; or

(2) the fair market value of the contaminated parcels to be included within the area have suffered a decline in fair market value of not less than 35 percent in the preceding three years.

(c) The city must determine that establishment of the area, the environmental remediation and prevention activities described in the plan and, if applicable, the establishment of a guaranty or indemnification fund, are necessary to:

(1) allow development to occur on the parcels included in the area because of the reluctance of private parties to assume the risk of the cost of remediation of the contaminated parcels in the area; or

(2) cause the fair market value of the contaminated parcels included in the area to rise to the approximate fair market value of similar property available for development in the county and adjacent counties.

Subd. 6. [DEVELOPMENT ACTION RESPONSE PLAN.] The city may not establish an area or approve the plan for the area until a development action response plan as defined in section 469.174, subdivision 17, for each contaminated parcel has been submitted to the agency and the commissioner has approved or modified the development action response plan. The commissioner shall review each development action response plan and approve, modify, or reject the recommended actions within 90 days after submission of the plan or revised plan, provided that the commissioner has previously approved an investigation report under subdivision 4, paragraph (c), for the parcel proposed for response action under the plan. Only one contaminated parcel may be included in each development action response plan.

Subd. 7. [PLAN REVIEW AND APPROVAL.] (a) The city may not give final approval to the plan until the review, hearing, and approval procedures of this subdivision have been satisfied. The governing body of the city, or city officials designated by the governing body to act in its place, shall conduct a public hearing on the plan. Notice of the public hearing must be published in a newspaper of general circulation within the city at least once and at least 14 days before the public hearing. A copy of the proposed plan must be made available for public inspection on and after the date of publication of the notice of hearing during normal business hours at the principal administrative offices of the city. At the hearing, the city shall receive comments on the plan from all those who desire to speak about it, and shall accept comments submitted in writing at or before the hearing. The city shall also afford others a reasonable opportunity to comment on the plan at the hearing.

(b) Following the hearing, and any revisions to the plan based on the comments received by the city, the city shall submit the plan to the county and each school district whose jurisdictional boundaries include any part of the area. The county and school district have 30 days in which to review the plan and provide their comments to the city.

(c) Following receipt of comments from the county and school district, or the expiration of the 30-day comment period, the city shall revise the proposed plan as the city determines appropriate, or as required by federal

or state environmental protection laws. The city may then give final approval to the plan, and proceed with implementation of the plan.

Subd. 8. [MODIFICATIONS.] Following final approval of the plan, the city may eliminate parcels from the area but may not enlarge the area except to add eligible sites. Each enlargement must be evidenced by a written amendment to the plan. The amendment to the plan must comply with the requirements of subdivisions 2 to 7 as though it were a new plan. A development action response plan may be modified only with the approval of the commissioner.

Subd. 9. [EXTRATERRITORIAL AREA.] An area may include parcels outside the geographic boundaries of the city only if the city and the adjacent city or township have entered into an agreement of the type described in section 471.59, authorizing the city to exercise the powers granted under sections 2 to 10, subject to the conditions or limitations provided in the agreement. Tax increments derived from the parcels outside the boundaries of the city must be paid to the city unless otherwise provided in the agreement.

Subd. 10. [REAL PROPERTY.] A city may acquire real property or interests in real property in connection with the activities authorized by sections 2 to 10, subject to the following limitations:

(1) the real property must be located within the area;

(2) nothing in any contract or instrument executed by the city may relieve a responsible person from liability for remediation costs, nor indemnify or hold harmless a responsible person from remediation costs; and

(3) the terms and conditions of disposition of real property by the city may be determined by the city, except that the price received by the city, either in a lump sum or in installments, must be the fair market value of the real property at the time of disposition.

Sec. 4. [469.303] [STATUS OF AREA; POWERS OF THE CITY; INDEMNIFICATION FUND.]

Subdivision 1. [STATUS OF AREA.] The area constitutes a "project" of the city within the meaning of section 469.174, subdivision 8; an "industrial development district" as described in section 469.058, subdivision 1; a "project" as described in section 469.002, subdivision 12; and a "development district" as described in section 469.125, subdivision 9. Section 273.1399 does not apply to a district formed under sections 2 to 10.

Subd. 2. [POWERS OF THE CITY.] With respect to development of the area, the city may exercise all powers granted under sections 2 to 10 and all powers of or relating to a port authority, a housing and redevelopment authority, and an economic development authority under chapter 469 or other law. The city may establish within the area and modify from time to time one or more tax increment financing districts as provided in the area plan and the tax increment financing act, except as supplemented or otherwise provided under sections 2 to 10, and expend tax increments derived from the districts on eligible costs. The powers conferred by sections 2 to 10 are in addition to the powers conferred by other law or charter. Insofar as the provisions of any other law or charter are inconsistent with sections 2 to 10, the provisions of sections 2 to 10 are controlling.

Subd. 3. [GUARANTY OR INDEMNIFICATION FUND.] In addition to the powers otherwise granted under sections 2 to 10, a city may establish

and maintain a guaranty or indemnification fund with respect to any contaminated parcel, or more than one such parcel, included within the area. Funds held in the guaranty or indemnification fund must be available, upon terms and conditions determined by the city through agreement or resolution, to an eligible person to indemnify and hold harmless the eligible person from liability for remediation costs arising under any state or federal environmental law, regulation, ruling, order, or decision with respect to the contaminated parcel or parcels by reason of the person's use, occupancy, ownership, or financing associated with the contaminated parcel. The city may not indemnify or hold harmless an eligible person from liability for contamination of a parcel caused by the eligible person. Tax increments derived from a district established as authorized in sections 2 to 10 and any other funds available to the city may be deposited in or otherwise used to secure payments from the guaranty or indemnification fund. Tax increments derived from a district established as authorized by the tax increment financing act may also be deposited in the guaranty or indemnification fund, notwithstanding any contrary provision of the tax increment financing act. The city is liable under the guaranty or indemnification only to the extent of funds available to secure payments from the guaranty or indemnification fund. The maximum amount payable from the guaranty or indemnification fund with respect to any eligible site must not exceed 50 percent of the cost of remediation of the contamination present in the contaminated parcels in the eligible site at the time of final approval of the plan, which amount may be inflated each year according to an appropriate inflation index selected by the city. The guaranty or indemnification fund must be held or maintained in or with a financial institution or corporate fiduciary eligible for the deposit of public money or eligible to act as a trustee or fiduciary for bonds or other obligations issued under chapter 475. The guaranty or indemnification fund must be held and maintained for the period agreed to by the city, except that tax increments may be deposited in the fund only during the period permitted by sections 2 to 10. Upon termination of the period of guaranty or indemnification all unexpended money then held in the guaranty or indemnification fund must be considered excess tax increments and returned to the county auditor for redistribution. Investment earnings, net of investment losses, on money held in the guaranty or indemnification fund may, at the option of the city, be retained in the fund or disbursed to the city and applied to other eligible costs. Tax increments used or pledged to secure payments from the guaranty or indemnification fund may be irrevocably pledged for that purpose, and neither filing nor possession is required to perfect the security interest created by the pledge.

Sec. 5. [469.304] [LIMITATIONS.]

(a) A tax increment financing district established by a city under sections 2 to 10 is subject to the provisions of paragraphs (b) to (j).

(b) Request for certification of the district must be filed with the county auditor before December 1 of the year following the third year in which the city gives final approval to the plan. The city may by written notice to the county auditor elect to defer receipt of the first increment from a district until a year beginning not later than five years after the date of the request for certification. The election may be amended to provide an earlier year of payment of tax increment if the notice of the amendment is filed with the county auditor.

(c) A tax increment from an eligible site may not be paid to the city after January 1 of the year that is 25 years after the year of receipt of the first

tax increment from the eligible site.

(d) Section 469.1763 does not apply to the district. Tax increment must be expended or reserved for expenditure by the city only for eligible costs. Tax increment derived from a district may be applied to eligible costs incurred anywhere within the area.

(e) Concurrently with the original request for certification, or at any subsequent time during the life of a district within the area and established as provided in the plan, the city may elect in writing to the county auditor to reduce the original net tax capacity of an eligible site, selected by the city, by up to 100 percent. All additional tax increment derived from the reduction must be expended only for the costs of remediation of contaminated parcels within the eligible site, or to make deposits in a guaranty or indemnification fund. When the city has received sufficient amounts of additional tax increment to pay or to provide for payment of all present and future eligible costs, including remediation costs and required deposits in a guaranty or indemnification fund, whether or not the city's undertaking to pay the costs is contingent, the city shall within 60 days notify the county auditor of this occurrence and shall treat all additional tax increment which exceeds the requirements as excess tax increment. The city shall return the excess tax increment to the county auditor for redistribution, and the county auditor shall then increase the original net tax capacity of each district within the area then benefiting from the reduction made under this paragraph to the original net tax capacity that would at the time prevail had no reduction been made. The reduction of the original net tax capacity permitted by this paragraph may be made only upon findings by the city, supported by written reasons or facts, that:

(1) the eligible site contains significant contamination;

(2) the development of the district would not reasonably be expected to occur through private investment and tax increment otherwise available; and

(3) the reduction in the original net tax capacity is not greater than, and the period of receipt by the city of the increased tax increment arising from the reduction is not longer than, the amount and time necessary to provide the additional tax increment required for remediation of the eligible site as set forth in the plan and the development action response plan for the eligible site, or to make required deposits in a guaranty or indemnification fund.

(f) The city shall decertify a district upon receipt of sufficient tax increment from the district to pay, or to provide for the payment of, all of the eligible costs respecting the district. The city shall treat all tax increment that exceeds the requirements as excess tax increment. The city shall return the excess tax increment to the county auditor for redistribution.

(g) In establishing or modifying a district included in the area and established under the plan, section 469.175, subdivisions 1, clauses (1), (3), (4), and (7); 1a; 3; and 7, do not apply and the findings otherwise required by section 469.175, subdivision 3, are not required, except that the city shall make the finding, supported by the city with written reasons and supporting facts, that the action is reasonably required in the judgment of the city in furtherance of the development of the area.

(h) The following provisions of the tax increment financing act do not apply to a district formed under sections 2 to 10; sections 469.174, subdivisions 7, paragraphs (b) and (c); 16; and 17; 469.176, subdivisions 1,

paragraphs (d), (e), and (g); 3; 4e; 4h; 5; 6; and 7; and 469.1762.

(i) A housing and redevelopment authority, port authority, economic development authority, or county may not exercise the powers granted by this chapter except upon the prior approval, by resolution, of the governing body of the statutory or home rule city or cities or township or townships included in whole or in part within the area established under section 3.

(j) Nothing in sections 2 to 10 or the tax increment financing act may be construed to prevent or preclude a city from establishing one or more tax increment districts under the tax increment financing act for any purpose permitted thereby, and a district may include all or some of an area or a district or an eligible site established under sections 2 to 10. Notwithstanding the provisions of the tax increment financing act, the city may allocate tax increments derived from districts established under the tax increment financing act to eligible costs under sections 2 to 10. Nothing in sections 2 to 10 or the tax increment financing act may be construed to prevent or preclude a city from establishing one or more tax increment districts under sections 2 to 10 for any purpose permitted in those sections, and any district established may include all or some of a district or project established under the tax increment financing act. Tax increments derived from a district established under sections 2 to 10 may be applied only to eligible costs, but if a district established under sections 2 to 10 and a district established under the tax increment financing act overlap, the city may allocate the tax increments derived from the overlapping area in any reasonable manner.

Sec. 6. [469.305] [INTER-GOVERNMENTAL COOPERATION AND ASSISTANCE.]

The city, the agency, the attorney general, a city as defined in section 2, subdivision 5, and an agency of the state or the University of Minnesota may cooperate with one another and take individual or collective actions considered necessary or desirable to assist development and remediation within the area, including without limitation the preparation and execution of development action response plans, the rendering of legal and technical advice and other assistance, and the transfer of any of its properties within the area to the city or to other entities in furtherance of the development of the area. All properties so transferred by a state agency or the University of Minnesota shall, whenever included within a district within the area and established pursuant to the plan and notwithstanding any other provision of the tax increment financing act, have an original net tax capacity of zero.

Sec. 7. [469.306] [ELIGIBLE COSTS.]

For the purposes of sections 2 to 10, eligible costs mean all of the following:

(1) the cost to pay, or reimburse any person for the payment of, remediation costs;

(2) the cost of funding a guaranty or indemnification fund created as permitted by section 4, subdivision 3, and payments from the fund, and the cost of paying the premiums on environmental liability insurance obtained by the city or by any other person with respect to real property within the area;

(3) the cost of paying the principal of and interest on bonds or other obligations of the city and associated costs or the cost of paying the interest

on other bonds or other obligations or establishing and maintaining a reserve fund for the other bonds or other obligations, all as permitted by section 8;

(4) the cost of issuing bonds or other obligations payable from tax increments derived from an area and customary associated financing costs, including discount, capitalized interest, and interest on the obligations;

(5) the costs of acquisition of real property within the area;

(6) if necessary for remediation of contamination or prevention of future contamination, the cost of public infrastructure extensions and installations including water, sanitary and storm sewer, ponding and drainage improvements, including improvements located outside the boundaries of the area;

(7) staff oversight costs of the agency and reasonable administrative costs of the city or other government units;

(8) the costs of other activities and improvements authorized by sections 2 to 10; and

(9) costs reasonably related to clauses (1) to (8).

All eligible costs are costs of a project for which tax increments and other public funds may be expended.

All costs are payable from tax increments.

Sec. 8. [469.307] [FINANCING.]

To finance eligible costs, the city may issue bonds or other obligations, payable in whole or in part from tax increments derived from districts created in accordance with section 469.178, and the use of tax increments to pay the principal of and interest on the bonds and other costs associated with the bonds is an eligible cost. The city may apply tax increments to pay all or part of the interest on bonds or other obligations issued by public or private entities to finance eligible costs incurred with respect to parcels within the area, or to establish or maintain reserve funds in connection with the bonds or other obligations.

Sec. 9. [469.308] [RELATIONSHIP TO TAX INCREMENT FINANCING ACT.]

Subdivision 1. [IN GENERAL.] To the extent that any provision of the tax increment financing act conflicts or is otherwise inconsistent with a provision of sections 2 to 10, the provisions of sections 2 to 10 apply. Nothing in sections 2 to 10 limits or prevents the exercise by the city of any power or authority it may have, and the city may, without limitation, in connection with the exercise of any power respecting development or the establishment of a tax increment financing district, elect not to use the authority granted in sections 2 to 10 and instead proceed under and subject to all of the terms of the other applicable law, including all provisions of sections 469.174 to 469.179 with respect to a tax increment financing district.

Subd. 2. [GUARANTY OR INDEMNIFICATION FUND.] Notwithstanding any provision of the tax increment financing act to the contrary, an authority as defined in the tax increment financing act may amend the tax increment financing plan with respect to any district to permit the deposit of tax increments derived from the district, or the proceeds of bonds or other obligations payable from the tax increments, in a guaranty or indemnification fund created under this chapter if the amendment is approved on or

before a date that is at least five years before the latest termination date of the district permitted by the tax increment financing act.

Sec. 10. [469.309] [RESPONSIBLE PERSONS.]

Subdivision 1. [NO INDEMNITY.] The city may not agree to indemnify or hold harmless a person other than an eligible person as defined in section 2, subdivision 10, from any losses, costs, or damages arising from the application of chapter 115B or other state or federal environmental law.

Subd. 2. [RECOVERY FROM RESPONSIBLE PERSONS.] Nothing in sections 2 to 10 may be construed to limit the authority of the city, the agency, the attorney general, and other appropriate state and federal environmental regulatory agencies or persons authorized to enforce state and federal environmental laws to enforce the provisions of state and federal environmental laws against responsible persons. All amounts recovered by the city from responsible persons, net of the costs of recovery, and all amounts otherwise received by the city representing all or a portion of amounts recovered from responsible persons, with respect to parcels included in the area must be deposited by the city.

Subd. 3. [AMOUNTS RECOVERED.] All amounts deposited with the city, as provided in subdivision 2, are considered tax increment derived from a district formed under sections 2 to 10 and must be:

- (1) applied to the payment of the costs of recovery;*
- (2) applied to the payment of eligible costs; or*
- (3) returned to the county auditor for redistribution.*

"Sec. 3. Minnesota Statutes 1991 Supplement, section 103I.235, is amended to read:

Subdivision 1. [DISCLOSURE OF WELLS TO BUYER.] (a) Before signing an agreement to sell or transfer real property, the seller must disclose in writing to the buyer information about the status and location of all known wells on the property, by delivering to the buyer either a statement by the seller that the seller does not know of any wells on the property, or a disclosure statement indicating the legal description and county, and a map drawn from available information showing the location of each well to the extent practicable. In the disclosure statement, the seller must indicate, for each well, whether the well is in use, not in use, or sealed.

(b) At the time of closing of the sale, the disclosure statement information, name and mailing address of the buyer, and the quartile, section, township, and range in which each well is located must be provided on a well disclosure certificate signed by the seller or a person authorized to act on behalf of the seller.

(c) A well *disclosure* certificate need not be provided if the seller does not know of any wells on the property and the deed or other instrument of conveyance contains the statement: "The Seller certifies that the Seller does not know of any wells on the described real property."

(d) If a deed is given pursuant to a contract for deed, the well disclosure certificate required by this subdivision shall be signed by the buyer or a person authorized to act on behalf of the buyer. If the buyer knows of no wells on the property, a well disclosure certificate is not required if the following statement appears on the deed followed by the signature of the grantee or, if there is more than one grantee, the signature of at least one of the grantees: "The Grantee certifies that the Grantee does not know of any wells on the described real property." The statement and signature of the grantee may be on the front or back of the deed or on an attached sheet and an acknowledgment of the statement by the grantee is not required for the deed to be recordable.

(e) This subdivision does not apply to the sale, exchange, or transfer of real property:

(1) that consists solely of a sale or transfer of severed mineral interests; or

(2) that consists of an individual condominium unit as described in chapters 515 and 515A.

(f) For an area owned in common under chapter 515 or 515A the association or other responsible person must report to the commissioner by July 1, 1992, the location and status of all wells in the common area. The association or other responsible person must notify the commissioner within 30 days of any change in the reported status of wells.

(g) For real property sold by the state under section 92.67, the lessee at the time of the sale is responsible for compliance with this subdivision.

(h) If the seller fails to provide a required well disclosure certificate, the buyer, or a person authorized to act on behalf of the buyer, may sign a well disclosure certificate based on the information provided on the disclosure statement required by this section or based on other available information.

(i) A county recorder or registrar of titles may not record a deed or other instrument of conveyance dated after October 31, 1990, for which a certificate of value is required under section 272.115, or any deed or other instrument of conveyance dated after October 31, 1990, from a governmental body exempt from the payment of state deed tax, unless the deed or other instrument of conveyance contains the statement made in accordance with paragraph (c) or (d) or is accompanied by the well disclosure certificate containing all the information required by paragraph (b) or (d). The county recorder or registrar of titles must not accept a certificate unless it contains all the required information. The county recorder or registrar of titles shall note on each deed or other instrument of conveyance accompanied by a well disclosure certificate that the well disclosure certificate was received. The notation must include the statement "No wells on property" if the disclosure certificate states there are no wells on the property. The well disclosure certificate shall not be filed or recorded in the records maintained by the county recorder or registrar of titles. After noting "No wells on property" on the deed or other instrument of conveyance, the county recorder or registrar of titles shall destroy or return to the buyer the well disclosure certificate. The county recorder or registrar of titles shall collect from the buyer or the person seeking to record a deed or other instrument of conveyance, a fee of \$10 for receipt of a completed well disclosure certificate for filing. By the tenth day of each month, the county recorder or registrar of titles shall transmit the well disclosure certificates to the commissioner of health. By the tenth day after the end of each calendar quarter, the county recorder or registrar of titles shall transmit to the commissioner of health \$7.50 of the fee for each well disclosure certificate received during the quarter. The commissioner shall maintain the well disclosure certificate for at least six years. The commissioner may store the certificate as an electronic image. A copy of that image shall be as valid as the original.

(j) ~~No new well disclosure certificate is required on property unless under this subdivision if the buyer or seller, or a person authorized to act on behalf of the buyer or seller, certifies on the deed or other instrument of conveyance that the status of numbers and number of wells on the property has have not changed from since the last previously filed well disclosure certificate. The following statement, if followed by the signature of the person making the statement, is sufficient to comply with the certification requirement of this paragraph: "I am familiar with the property described in this instrument and I certify that the status and number of wells on the described real property have not changed since the last previously filed well disclosure certificate." The certification and signature may be on the front or back of the deed or on an attached sheet and an acknowledgment of the statement is not required for the deed or other instrument of conveyance to be recordable.~~

(k) The commissioner in consultation with county recorders shall prescribe the form for a well disclosure certificate and provide well disclosure certificate forms to county recorders and registrars of titles and other interested persons.

(l) Failure to comply with a requirement of this subdivision does not impair:

(1) the validity of a deed or other instrument of conveyance as between the parties to the deed or instrument or as to any other person who otherwise would be bound by the deed or instrument; or

(2) the record, as notice, of any deed or other instrument of conveyance accepted for filing or recording contrary to the provisions of this subdivision.”

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1990, section 256B.059, subdivision 5, is amended to read:

Subd. 5. [ASSET AVAILABILITY.] (a) At the time of application for medical assistance benefits, assets considered available to the institutionalized spouse shall be the total value of all assets in which either spouse has an ownership interest, reduced by the greater of:

(1) \$12,000; or

(2) the lesser of the spousal share or \$60,000; or

(3) the amount required by court order to be paid to the community spouse. If the community spouse asset allowance has been increased under subdivision 4, then the assets considered available to the institutionalized spouse under this subdivision shall be further reduced by the value of additional amounts allowed under subdivision 4.

(b) An institutionalized spouse may be found eligible for medical assistance even though assets in excess of the allowable amount are found to be available under paragraph (a) if the assets are owned jointly or individually by the community spouse, and the institutionalized spouse cannot use those assets to pay for the cost of care without the consent of the community spouse, and if: (i) the institutionalized spouse assigns to the commissioner the right to support from the community spouse under section 256B.14, subdivision 2; (ii) the institutionalized spouse lacks the ability to execute an assignment due to a physical or mental impairment; or (iii) the denial of eligibility would cause an imminent threat to the institutionalized spouse's health and well-being.

(c) After the month in which the institutionalized spouse is determined eligible for medical assistance, during the continuous period of institutionalization, no assets of the community spouse are considered available to the institutionalized spouse, unless the institutionalized spouse has been found eligible under clause (b).

(d) Assets determined to be available to the institutionalized spouse under this section must be used for the health care or personal needs of the institutionalized spouse.

(e) For purposes of this section, assets do not include assets excluded under section 256B.056, without regard to the limitations on total value in that section.

Sec. 2. Minnesota Statutes 1990, section 256B.0595, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED TRANSFERS.] (a) If a person or the person's spouse has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under section 256B.056, subdivision 3, within 30 months before or any time after the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months before or any time after the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long-term care services for the period of time determined under subdivision 2.

(b) This section applies to transfers, for less than fair market value, of income or assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments.

(c) This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized, written agreement which was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care or services provided. A notarized written agreement is not required if payment for the services was made within 60 days after the service was provided.

(d) This section applies to the portion of any asset or interest that a person or a person's spouse transfers to an irrevocable trust, annuity, or other instrument, that exceeds the value of the benefit likely to be returned to the person or spouse during his or her lifetime, based on his or her estimated life expectancy using the life expectancy tables employed by the supplemental security income program to determine the value of an agreement for services for life. The commissioner may adopt rules reducing life expectancies based

on the need for long-term care.

(e) For purposes of this section, long-term care services include nursing facility services, and home and community-based services provided pursuant to section 256B.491. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility, or who is receiving home and community-based services under section 256B.491.

Sec. 3. Minnesota Statutes 1990, section 256B.15, is amended by adding a subdivision to read:

Subd. 5. [MEDICAL ASSISTANCE LIENS.] The state or county medical assistance agency may file a lien against real property owned by a recipient who was institutionalized when medical assistance services were rendered, or against real property owned by the recipient's surviving spouse, to the same extent that a claim against the estate is allowed under subdivision 1, paragraph (b), and subdivisions 2 to 4. A medical assistance lien may be filed against real property even if the real property is not included in the recipient's or surviving spouse's estate. If the recipient is discharged and returns home, the lien is dissolved. A lien filed under this subdivision must be treated as a judgment lien.

Sec. 4. [501B.90] [EXCULPATORY CLAUSES LINKED TO PUBLIC ASSISTANCE ELIGIBILITY PROHIBITED.]

A provision in a trust created after July 1, 1992, purporting to make assets or income unavailable to a beneficiary who is the grantor or the grantor's spouse if the beneficiary applies for or is determined eligible for public assistance or a public health care program is unenforceable.

Sec. 5. [MEDICAL ASSISTANCE RULES.]

The commissioner shall make recommendations to the legislature by December 1, 1992, on federal or state action that can be taken to ensure that the medical assistance program is a payor of last resort for persons who are beneficiaries of trusts that generally provide assistance for personal needs, living expenses, and health care.

Sec. 6. [EFFECTIVE DATE.]

Sections 1 and 3 to 5 are effective July 1, 1992. Section 2 is effective July 1, 1992, and applies to transfers or payments made on or after that date."

(d) Revocation, suspension, restriction, limitation, or other disciplinary action against the person's medical license in another state or jurisdiction, failure to report to the board that charges regarding the person's license have been brought in another state or jurisdiction, or having been refused a license by any other state or jurisdiction.

"Section 1. [325F.79] [DEFINITIONS.]

For purposes of sections 1 to 3, the following definitions apply:

(a) "*Animal*" means a dog, wholly or in part of the species *Canis familiaris*, or a cat, wholly or in part of the species *Felis domesticus*.

(b) "*Pet dealer*" means a person, firm, partnership, corporation, or association, including breeders, that is required to collect sales tax for the sale of animals to the public. *Pet dealer* does not include humane societies, nonprofit organizations performing the functions of humane societies, or animal control agencies.

(c) "*Breeder*" means a person, firm, partnership, corporation, or association that breeds animals for direct or indirect sale to the public.

(d) "*Broker*" means a person, firm, partnership, corporation, or association that purchases animals for resale to other brokers or pet dealers.

(e) "Health problem" means a disease, illness, or congenital or hereditary condition that is apparent at the time of sale, or which should have been apparent to the seller from the veterinary history of the animal.

(f) "Veterinarian" means a licensed veterinarian in the state of Minnesota.

Sec. 2. [325F.791] [SALES OF DOGS AND CATS.]

Subdivision 1. [DISCLOSURE.] A pet dealer shall deliver to each retail purchaser of an animal written disclosure as follows:

(1) the name, address, and USDA license number of the breeder and any broker who has had possession of the animal; the date of the animal's birth; the date the pet dealer received the animal; the breed, sex, color, and identifying marks of the animal; the individual identifying tag, tattoo, or collar number; the name and registration number of the sire and dam and the litter number; and a record of inoculations, worming treatments, and medication received by the animal while in the possession of the pet dealer;

(2) a statement signed by the pet dealer that the animal has no known health problems, or a statement signed by the pet dealer disclosing any known health problem and a statement signed by a veterinarian that recommends necessary treatment.

The disclosure must be made part of the statement of consumer rights specified in subdivision 10.

Subd. 2. [RECORDS.] A pet dealer shall maintain a copy of the statement of consumer rights delivered to the purchaser for one year.

Subd. 3. [REGISTRATION.] A pet dealer who represents an animal as eligible for registration with an animal pedigree organization shall provide the retail purchaser with the documents necessary for registration within 90 days of sale or, if the animal is being purchased under an installment payment agreement, within 90 days after receipt of the final payment. If the documents are not received from the pet dealer, the purchaser may retain the animal and receive a refund of 50 percent of the purchase price, or return the animal, along with all documentation previously provided, and receive a full refund. The pet dealer is not responsible for delays in registration which are caused by persons other than the pet dealer.

Subd. 4. [HEALTH.] No animal may be offered for sale by a broker or pet dealer to a retail purchaser until the animal has been examined by a veterinarian. The veterinarian used by the broker must not be the same veterinarian used by the pet dealer. If the pet dealer is not the breeder of the animal, each animal must be examined within two days after receipt of the animal by a pet dealer and within four days of delivery of the animal to the purchaser by the pet dealer. The cost of the examination must be paid by the pet dealer.

Subd. 5. [RESPONSIBILITIES OF PURCHASER.] To obtain the remedies provided in subdivision 6, the purchaser shall with respect to an ill animal:

(1) notify the pet dealer, within two business days, of the diagnosis by a veterinarian of a health problem and provide the pet dealer with the name and telephone number of the veterinarian and a copy of the veterinarian's report on the animal; and

(2) if the purchaser wishes to receive a full refund for the animal, return the animal no later than two business days after receipt of a written statement

from a veterinarian indicating the animal is unfit due to a health problem.

With respect to a dead animal the purchaser shall provide the pet dealer with a written statement from a veterinarian, indicating that the animal died from a health problem which existed on or before the receipt of the animal by the purchaser.

Subd. 6. [RIGHTS OF THE PURCHASER.] If, within ten days after receipt of the animal by the purchaser, a veterinarian states in writing that the animal is ill due to a disease which existed in the animal at the time of delivery, or if, within one year after receipt of the animal by the purchaser, a veterinarian states in writing that the animal has died or is ill due to a hereditary or congenital defect, or is not of the breed type represented, the animal is considered to have been unfit for sale at the time of sale.

In the event an animal dies due to a disease which existed in the animal at the time of delivery to the purchaser, the pet dealer shall provide the purchaser with one of the following remedies selected by the purchaser: receive an animal of equal value, if available and reimbursement for reasonable veterinary fees that do not exceed the original purchase price of the animal; or receive a refund of the full purchase price.

In the event of illness, the pet dealer shall provide the purchaser with one of the following remedies selected by the purchaser: return the animal to the pet dealer for a refund of the full purchase price; exchange the animal for an animal of the purchaser's choice of equivalent value, providing a replacement is available; or retain the animal, and receive reimbursement for reasonable veterinary fees that do not exceed the original purchase price of the animal.

The price of veterinary service is considered reasonable if the service is appropriate for the diagnosis and treatment of the health problem and the price of the service is comparable to that of similar service provided by other veterinarians in proximity to the treating veterinarian.

Subd. 7. [RIGHTS OF PET DEALER.] No refund, replacement, or reimbursement of veterinary fees may be required if any one or more of the following conditions exist:

(1) the health problem or death resulted from maltreatment or neglect, or from an injury sustained subsequent to receipt of the animal by the purchaser;

(2) a veterinarian's statement was provided to the purchaser as specified under subdivision 1, clause (2), which disclosed the health problem for which the purchaser seeks to return the animal; or

(3) the purchaser fails to carry out recommended treatment prescribed by the examining veterinarian, as provided under subdivision 1, clause (2).

Subd. 8. [CONTEST.] (a) In the event that a pet dealer wishes to contest a demand for the relief specified in subdivision 3 or 6, the pet dealer may require the purchaser to produce the animal for examination or autopsy by a veterinarian designated by the pet dealer. The pet dealer shall pay the cost of this examination.

(b) If the pet dealer does not provide the relief selected by the purchaser as specified in subdivision 3 or 6, the purchaser may initiate a court action.

(c) The prevailing party in the court action shall have the right to recover costs and reasonable attorney fees not to exceed \$500.

Subd. 9. [POSTED NOTICE.] A pet dealer shall post in a prominent location of the facility, a notice, in 48-point bold face type, containing the following language:

"Information on all dogs and cats is available. You are entitled to a statement of consumer rights. Make sure you receive this statement at the time of purchase."

Subd. 10. [STATEMENT OF CONSUMER RIGHTS.] A pet dealer shall provide the retail purchaser with a written notice of rights, which must be signed by the purchaser, acknowledging that the purchaser has reviewed the notice, and signed by the pet dealer certifying the accuracy of the information contained in it. A signed copy must be retained by the pet dealer and one given to the purchaser. The notice must be in 16-point bold face type and must state as follows:

**"A STATEMENT OF MINNESOTA LAW GOVERNING
THE SALE OF DOGS AND CATS**

The sale of dogs and cats is subject to consumer protection regulations. Minnesota law also provides safeguards to protect pet dealers and animal purchasers. Attached is a copy of Minnesota Statutes, sections 325F.79, 325F.791, and 325F.792. Contained within this law is a statement of your consumer rights."

The statement of consumer rights must also contain or have attached the disclosures required under subdivision 1.

Subd. 11. [LIMITATION.] Nothing in this section or section 325F.792 limits the rights or remedies which are otherwise available to a purchaser under any other law. An agreement or contract to waive any rights under this section or section 325F.792 is null and void and unenforceable.

Sec. 3. [325F.792] [ADDITIONAL PENALTIES.]

Subdivision 1. [CRIMINAL PENALTY.] A violation of a United States Department of Agriculture statute or regulation covering animal breeders or groomers, pet dealers, or the transportation of dogs or cats is a misdemeanor.

Subd. 2. [CIVIL PENALTY.] (a) A pet dealer who: (1) sells an animal without delivery of the disclosure required in section 2, subdivision 1; (2) fails to maintain the records required by section 2, subdivision 2; (3) fails to provide registration papers as provided in section 2, subdivision 3; (4) fails to make or provide payment for the examinations required by section 2, subdivision 4; (5) fails to post the notice required by section 2, subdivision 9; or (6) fails to provide the statement of consumer rights required by section 2, subdivision 10, is subject to a civil fine of up to \$1,000 per violation.

(b) Civil fines collected under this subdivision must be collected by the court and turned over to the prosecuting attorney."

“SEX OFFENDER TREATMENT

Section 1. Minnesota Statutes 1990, section 241.021, is amended by adding a subdivision to read:

Subd. 4a. [CHEMICAL DEPENDENCY TREATMENT PROGRAMS.] All residential chemical dependency treatment programs operated by the commissioner of corrections to treat adults and juveniles committed to the commissioner’s custody shall comply with the standards mandated in Minnesota Rules, parts 9530.4100 to 9530.4450, for treatment programs operated by community-based residential treatment facilities.

Sec. 2. Minnesota Statutes 1990, section 241.67, subdivision 1, is amended to read:

Subdivision 1. [SEX OFFENDER TREATMENT.] A sex offender treatment system is established under the administration of the commissioner of corrections to provide and finance a range of sex offender treatment programs for eligible adults and juveniles. ~~Eligible~~ *Offenders who are eligible to receive treatment, within the limits of available funding, are:*

(1) adults and juveniles committed to the custody of the commissioner;

(2) adult offenders for whom treatment is required by the court as a condition of probation; ~~and~~

(3) juvenile offenders who have been found delinquent or received a stay of adjudication, for whom the juvenile court has ordered treatment; *and*

(4) *adults and juveniles who are eligible for community-based treatment under the sex offender treatment fund established in section 5.*

Sec. 3. Minnesota Statutes 1990, section 241.67, subdivision 2, is amended to read:

Subd. 2. [TREATMENT PROGRAM STANDARDS.] ~~By July 1, 1991,~~ (a) The commissioner shall adopt rules under chapter 14 for the certification of adult and juvenile sex offender treatment programs in state and local correctional facilities. The rules shall require that sex offender treatment programs be at least four months in duration. ~~After July 1, 1991,~~ A correctional facility may not operate a sex offender treatment program unless the program has met the standards adopted by and been certified by the commissioner of corrections. As used in this subdivision, "correctional facility" has the meaning given it in section 241.021, subdivision 1, clause (5).

(b) *By July 1, 1993, the commissioner shall adopt rules under chapter 14 for the certification of community-based adult and juvenile sex offender treatment programs not operated in state or local correctional facilities.*

(c) *In addition to other certification requirements established under paragraphs (a) and (b), rules adopted by the commissioner must require all certified programs to participate in an ongoing outcome-based evaluation and quality management system established by the commissioner.*

Sec. 4. Minnesota Statutes 1990, section 241.67, subdivision 3, is amended to read:

Subd. 3. [PROGRAMS FOR ADULT OFFENDERS COMMITTED TO THE COMMISSIONER.] (a) The commissioner shall provide for a range of sex offender treatment programs, including intensive sex offender treatment, within the state adult correctional facility system. *The commissioner shall establish a certified sex offender program at the Minnesota correctional facility in St. Cloud. Except as provided in section 243.18 or 244.04,* participation in any treatment program is voluntary and is subject to the rules and regulations of the department of corrections. Nothing in this section requires the commissioner to accept or retain an offender in a treatment program. Nothing in this section creates a right of an offender to treatment.

(b) The commissioner shall provide for residential and outpatient sex offender treatment and aftercare when required for conditional release under section 609.1352 or as a condition of supervised release.

Sec. 5. [241.671] [SEX OFFENDER TREATMENT FUND.]

Subdivision 1. [TREATMENT FUND ADMINISTRATION.] A sex offender treatment fund is established to pay for community-based sex offender treatment for adults and juveniles. The commissioner of corrections and the commissioner of human services shall establish an interagency staff work group to coordinate agency activities relating to sex offender treatment. The commissioner of human services is responsible for administering the sex offender treatment fund, including establishing requirements for submitting claims for payment, paying vendors, and enforcing the county maintenance of effort requirement in subdivision 7. The commissioner of corrections is responsible for overseeing and coordinating a statewide sex offender treatment system under section 241.67, subdivision 1, certifying

sex offender treatment providers under section 241.67, subdivision 2, paragraph (b); establishing eligibility criteria and an assessment process under subdivision 3; determining county allocations of treatment fund money under subdivision 4; and approving special project grants under subdivision 5. The county is responsible for developing and coordinating sex offender treatment services within the county under the supervision of the commissioner of corrections, approving sex offender treatment vendors under subdivision 8, approving persons for treatment within the limits of the county's allocation of treatment fund money under subdivision 4, and selecting an eligible vendor to provide the appropriate level of treatment to each person who is eligible to receive treatment and for whom funding is available. The assessment of eligibility and treatment needs under subdivision 3, must be conducted by the agency responsible for probation services. If this agency is not a county agency, the county shall enter into an agreement with the agency that prescribes the process for county approval of treatment and treatment vendors within the limits of the county's allocation of treatment fund money. The commissioner of corrections shall adopt rules under chapter 14 governing the sex offender treatment fund. At the request of the commissioner of corrections, the commissioner of human services shall provide technical assistance relating to the duties required under this section.

Subd. 2. [PERSONS ELIGIBLE TO RECEIVE TREATMENT.] *Within the limits of available funding, the sex offender treatment fund pays for sex offender treatment for sex offenders who have been ordered by the court to receive treatment and high-risk persons who seek treatment voluntarily. For purposes of this section, a sex offender is an adult who has been convicted of, or a juvenile who has been adjudicated to be delinquent based on a violation of, section 609.342, 609.343, 609.344, 609.345, 609.3451, 609.746, 609.79, 617.23, 617.246, or 617.247, or another offense arising out of a charge based on one or more of these sections. The treatment fund pays for treatment only to the extent that the costs of treatment cannot be met by the person's income or assets, health coverage, or other resources. Payment may be made on behalf of eligible persons only if:*

(1) the person has been assessed and determined to be in need of community-based treatment under subdivision 3;

(2) the county has approved treatment and designated a treatment vendor within the limits of the county's allocation of money under subdivision 4;

(3) the person received the appropriate level of treatment as determined through the assessment process;

(4) the person received services from a vendor certified by the commissioner of corrections under section 241.67, subdivision 2, paragraph (b); and

(5) the vendor submitted a claim for payment in accordance with requirements established by the commissioner of human services.

Subd. 3. [ASSESSMENT.] *The commissioner of corrections shall establish a process and criteria for assessing the eligibility and treatment needs of persons on whose behalf payment from the sex offender treatment fund is sought. The assessment determines: (1) whether the individual is eligible under subdivision 2; (2) the person's ability to contribute to the cost of treatment; (3) whether a need for treatment exists; (4) if treatment is needed, the appropriate level of treatment; and (5) if the person is seeking treatment voluntarily, whether the person represents a high risk of becoming a sex*

offender in the absence of intervention and treatment. The commissioner shall develop a sliding fee scale to determine the amount of the contribution required from persons who have income or other financial resources. The fee scale must require persons whose income and assets are above the limits for the medical assistance program to contribute to the cost of the assessment and treatment and require persons whose income is above the state median income to pay the entire cost of assessment and treatment.

Subd. 4. [COUNTY ALLOCATIONS.] (a) For the first year of the sex offender treatment fund, the money appropriated for the treatment fund must be allocated among the counties according to the following formula:

(1) two-thirds based on the number of sex offender convictions or adjudications in the county in the previous year; and

(2) one-third based on county population.

(b) Any balance remaining in the fund at the end of the first year of the fund does not cancel and is available for the next year. Any balance remaining in subsequent years does not carry forward unless specifically authorized by the legislature.

(c) For the second year of the fund, an amount equal to the balance carried forward from the first year, plus any legislative appropriation for special project grants, must be reserved for special projects under subdivision 5. This becomes the base funding level for special project grants. The appropriation for the treatment fund must be allocated to counties in proportion to the amount actually paid out of each county's treatment fund allocation in the previous year.

(d) For the third and subsequent years of the fund, the appropriation for the sex offender treatment fund must be allocated to counties in proportion to the previous year's allocations. Any increase or decrease in funding for the sex offender treatment fund must be allocated proportionately among counties.

(e) For the second and subsequent years of the treatment fund, a reduction in the special projects base funding and a corresponding increase in a county's sex offender treatment fund allocation may be made under subdivision 5.

Subd. 5. [SPECIAL PROJECT GRANTS.] The commissioner of corrections shall approve grants to counties for special projects using the money reserved for special projects under subdivision 4, paragraph (c), and any appropriations specifically designated for sex offender treatment special projects. Special project grants may be used to develop new sex offender treatment services or providers, develop or test new treatment methods, educate courts and corrections personnel on treatment programs and methods, address special treatment needs in a particular county, or provide additional funding to counties that demonstrate that their treatment needs cannot be met within their formula allocation under subdivision 4. For the first three years of the fund, highest priority for special project grants must be given to counties that spent less than their allocation under the formula in subdivision 4, paragraph (a), during the previous year; demonstrate a significant need to increase their spending for sex offender treatment; and submit a detailed plan for improving their sex offender treatment system. For these high priority counties, upon successful completion of a special project the commissioner shall increase that county's base allocation under subdivision 4 for subsequent years by the amount of the special project

grant or another amount determined by the commissioner and agreed to by the county as a condition of receiving a special project grant. The base funding level for special projects for the subsequent year must be reduced by the amount of the increase in the county's base allocation. After the third year of the treatment fund, the commissioner may allocate up to 40 percent of the special project grant money to increase the base allocation of treatment fund money for those counties that demonstrate the greatest need to increase funding for sex offender treatment. The base funding level for special projects must be reduced by the amount of the increase in counties' base allocations.

Subd. 6. [COUNTY ADMINISTRATION.] A county may use up to five percent of the money allocated to it under subdivision 4 for administrative costs associated with the sex offender treatment fund, including the costs of assessment and referral of persons for treatment, state administrative and reporting requirements, service development, and other activities directly related to sex offender treatment. Nothing in this section requires a county to spend local money or commit local resources in addition to state money provided under this section, except as provided in subdivision 7.

Subd. 7. [MAINTENANCE OF EFFORT.] As a condition of receiving an allocation of money from the sex offender treatment fund under this section, a county must agree not to reduce the level of funding provided for sex offender treatment below the average annual funding level for calendar years 1989, 1990, and 1991.

Subd. 8. [ELIGIBILITY OF VENDORS.] To be eligible to receive payment from the sex offender treatment fund, a vendor must be certified by the commissioner of corrections under section 241.67, subdivision 2, paragraph (b), and must comply with billing and reporting requirements established by the commissioner of human services. A county may become certified and approved as a vendor by satisfying the same requirements that apply to other vendors.

Subd. 9. [START-UP GRANTS.] Within the limits of appropriations made specifically for this purpose, the commissioner of corrections shall award grants to counties or providers for the initial start-up costs of establishing new certified, community-based sex offender treatment programs eligible for reimbursement under the sex offender treatment fund. In awarding the grants, the commissioner shall promote a statewide system of sex offender treatment programs that will provide reasonable geographic access to treatment throughout the state.

Subd. 10. [COORDINATION OF FUNDING FOR SEX OFFENDER TREATMENT.] The commissioners of corrections and human services shall identify all sources of funding for sex offender treatment in the state and develop methods of coordinating funding sources.

Subd. 11. [FUNDING PRIORITY; PROGRAM EFFECTIVENESS.] (a) Unless otherwise directed by the terms of a particular appropriations provision, the commissioner shall give priority to the funding of juvenile sex offender programs over the funding of adult sex offender programs.

(b) Every county or private sex offender program that seeks new or continued state funding or reimbursement shall provide the commissioner with any information relating to the program's effectiveness that the commissioner considers necessary. The commissioner shall deny state funding or reimbursement to any county or private program that fails to provide

this information or that appears to be an ineffective program.

Sec. 6. [241.675] [CHEMICAL DEPENDENCY PROGRAM.]

A chemical dependency treatment program is established under the administration of the commissioner of corrections to provide a range of culturally appropriate chemical dependency treatment programs for adults and juveniles committed to the custody of the commissioner. On and after July 1, 1994, every adult and juvenile correctional facility must have a certified chemical dependency treatment program.

Sec. 7. Minnesota Statutes 1990, section 242.195, subdivision 1, is amended to read:

Subdivision 1. [~~TREATMENT SEX OFFENDER PROGRAMS.~~] The commissioner of corrections shall provide for a range of sex offender ~~treatment~~ programs, including intensive sex offender ~~treatment~~ programs, for juveniles within state juvenile correctional facilities and through purchase of service from county and private residential and outpatient juvenile sex offender ~~treatment~~ programs. *The commissioner shall establish and operate a juvenile sex offender program at one of the state juvenile correctional facilities.*

Sec. 8. Minnesota Statutes 1990, section 243.53, is amended to read:

243.53 [SEPARATE CELLS.]

When there are cells sufficient, each convict shall be confined in a separate cell. On and after July 1, 1992, every new and existing medium security correctional facility that is built or remodeled for the purpose of increasing inmate capacity must be designed and built to comply with multiple-occupancy standards for not more than one-half of the facility's capacity and must include a maximum capacity figure. Every new and existing minimum security facility must be designed and built to comply with minimum security multiple-occupancy standards. All inmates in future and current close, maximum, and high security facilities including St. Cloud, Stillwater, and Oak Park Heights shall be confined in a separate cell with the exception of geriatric/honor dormitory-type facilities.

Sec. 9. [244.051] [EARLY REPORTS OF MISSING OFFENDERS.]

All programs serving inmates on supervised release following a prison sentence shall notify the appropriate probation officer, appropriate law enforcement agency, and the department of corrections within two hours after an inmate in the program fails to make a required report or after program officials receive information indicating that an inmate may have left the area in which the inmate is required to remain or may have otherwise violated conditions of the inmate's supervised release. The department of corrections and county corrections agencies shall ensure that probation offices are staffed on a 24-hour basis or make available a 24-hour telephone number to receive the reports.

Sec. 10. [SEX OFFENDER TREATMENT; PILOT PROGRAM.]

The commissioners of corrections and human services shall administer a grant to create a pilot program to test the effectiveness of pharmacological agents, such as antiandrogens, in the treatment of sex offenders including psychopathic personalities.

Participation in the study must be by volunteers who meet defined criteria. The commissioner of corrections shall report to the legislature by February

1, 1993, regarding the preliminary results of the study.

Sec. 11. [REPORT ON SEX OFFENDER TREATMENT FUNDING.]

By January 1, 1993, the commissioners of corrections and human services shall submit a report to the legislature on funding for sex offender treatment, including:

- (1) a summary of the sources and amounts of public and private funding for sex offender treatment;
- (2) a progress report on implementation of sections 2 to 5;
- (3) methods currently being used to coordinate funding;
- (4) recommendations on whether other sources of funding should be consolidated into the sex offender treatment fund;
- (5) recommendations regarding medical assistance program changes or waivers that will improve the cost-effective use of medical assistance funds for sex offender treatment;
- (6) recommendations on whether start-up grants are needed to promote the development of needed sex offender treatment vendors, and if so, the amount of money needed for various regions, types of vendor, and class of sex offender;
- (7) an estimate of the amount of money needed to fully fund the sex offender treatment fund and information regarding the cost of an array of possible options for partial funding, including funding options that prioritize treatment needs based on the age of the offender, the level of offense, or other factors identified by the commissioner; and
- (8) recommendations for other changes that will improve the effectiveness and efficiency of the sex offender treatment funding system.

Sec. 12. [EVALUATION OF SEX OFFENDER PROGRAMS.]

The legislative auditor shall prepare a design plan to implement a comprehensive, permanent system of ongoing, outcome-based evaluation and quality management for publicly funded adult and juvenile sex offender programs, operated both within and outside correctional facilities. The plan must provide for evaluation that is independent of the agency administering or operating the treatment program. The auditor shall present the design plan and make recommendations to the chairs of the judiciary committees in the senate and house of representatives by February 15, 1993. The plan must be designed to integrate an effective ongoing, outcome-based evaluation component into sex offender programs that will gather data and reach conclusions concerning:

- (1) the effectiveness of sex offender programs in reducing recidivism and protecting public safety;
- (2) the relative effectiveness of different treatment approaches;
- (3) a meaningful, statistically valid comparison of offenders who receive programming with those who do not;
- (4) the effectiveness of existing methods of selecting a program for a particular offender; and
- (5) any other issues the legislative auditor determines should be included in this type of a program evaluation.

Sec. 13. [COUNTY JUVENILE FACILITY NEEDS ASSESSMENT.]

The county correctional administrators of each judicial district shall evaluate and provide a combined report to the chairs of the judiciary committees in the senate and house of representatives by November 1, 1992, concerning the needs of the counties in the judicial district for secure juvenile detention facilities, including preadjudication and, in conjunction with the commissioner of corrections, post-adjudication facilities.

Sec. 14. [APPROPRIATION.]

§ is appropriated from the general fund to the commissioner of corrections for intensive community supervision of adult and juvenile sex offenders who are sentenced to probation, for the purpose of decreasing case loads of probation officers supervising sex offenders; the funds must be allocated so that 65 percent of the money is granted directly to community corrections act counties and 35 percent for probation officers in other counties.

§ is appropriated from the general fund to the commissioner of corrections for the creation of an absconder's fund to reimburse local corrections officials for costs incurred to hire professional investigators to track down persons on supervised release who fail to report to their probation officers or otherwise abscond while on supervised release. To be eligible for the funds, local corrections officials must have complied with section 9.

§ is appropriated from the general fund to the commissioner of corrections to provide grants to counties on the basis of need for the purpose of providing or increasing juvenile sex offender treatment programs.

The public must be given angling opportunities if public access is available. The commissioner shall provide conditions for acquiring trophy game fish from the rescue operations. (b) The state may not seize or otherwise confiscate private aquatic life without due process of law, except that private aquatic life in public waters

may become property of the state if the waters are not part of a licensed facility. The commissioner shall notify the licensee that the aquatic life in a licensed facility, that is no longer licensed, then will become property of the state if the aquatic life is not removed. If the licensee does not respond in writing within 30 days after receiving the notice and make alternative arrangements, or does not remove the aquatic life by 90 ice-free days after receiving the notice, the private aquatic life becomes property of the state.

(2) the classification of the waters as standard, isolation, containment, quarantine, or flexible facility; and

(3) *whether piscicide use is approved.*

Additional waters may not be used until approved by the commissioner. Waters that allow passage of wild aquatic life to the proposed waters may not be approved for aquatic farm use unless appropriate barriers to prevent passage can be constructed. Waters that may become connected may be licensed on a conditional basis during low water times or with requirements that the waters are screened or otherwise enclosed to prevent passage of aquatic life from public waters.

(b) *The commissioner shall conduct an inspection of waters to be licensed prior to approving or denying licensing of the waters.*

Subd. 4. [SINGLE LICENSE FOR AQUATIC FARMING OPERATION.] The commissioner shall issue a single license for aquatic farming, with the following information and endorsements:

- (1) *waters covered by the license;*
- (2) *protective classification of each of the licensed waters;*
- (3) *aeration endorsement for each of the licensed waters;*
- (4) *minnow dealer endorsement;*
- (5) *aquatic dealer vehicle endorsement; and*
- (6) *two minnow dealer helper endorsements.*

(b) *The state shall prepare a list of all waters of the state to be used by the state in the following calendar year where access was obtained from private owners, with their names and location by county. The list must be completed and available by December 15 upon request.*

Subd. 6. [INSPECTIONS.] (a) The premises, property, vehicles, and equipment where private aquatic farm operations are being conducted are subject to an annual inspection at a reasonable time by employees of the department of natural resources division of enforcement. The owner or operator must be present when inspections are conducted.

Information on aquatic life production, harvest, and sales is nonpublic information, but the documentation must be available upon written request from the commissioner for inspection if determined that the records are needed to protect the public resources.

Sec. 5. [17.4985] [TRANSPORTATION OF AQUATIC LIFE.]

Subdivision 1. [REQUIREMENT.] The driver of a vehicle transporting aquatic life to another licensed facility out of state, or to public waters for stocking, shall possess a completed transportation form showing the facility license number, the vehicle identification, the driver's name, the species and amount of aquatic life, and the locations between which the aquatic life will be transported.

Subd. 2. [RECORD KEEPING.] Aquatic life may be transported without permit if record keeping is maintained:

(1) from waters licensed by a facility to other waters under the same license with the same or more protective standard, isolation, or quarantine classification;

Subd. 3. [AQUARIUM AND ORNAMENTAL FISH.] Aquarium and ornamental fish that cannot survive in public waters may be imported and sold without a permit to aquarium facilities.

Subd. 4. [ENZOOTIC DISEASE AREA.] A facility located in an emergency disease enzootic area must have a five-year disease-free history. Hatchery inspections must occur at least once a year and fish must be tested for all certifiable diseases. Facilities must have been inspected according to sampling and methods guidelines established in the Fish Health Blue Book. Source fish farms from enzootic nonemergency disease areas from which sperm, eggs, or fish are to be imported having less than a three-year disease-free history may only be imported to a containment or quarantine facility.

Sec. 7. [17.4987] [STOCKING PRIVATE AQUATIC LIFE.]

Subdivision 1. [PUBLIC WATERS WITH MANAGEMENT PLAN.] A person may not release private aquatic life into public waters with a management plan without first obtaining a stocking permit from the commissioner. The commissioner may deny issuance of a permit if releasing the private aquatic life is not consistent with the management plan for the public waters. The commissioner shall provide a copy of the management plan with the issuance or denial of a stocking permit.

Subd. 2. [WATERS WITHOUT MANAGEMENT PLAN.] (a) Except for waters covered under an aquatic farm license, a person may release indigenous species of private aquatic life into public waters that do not have a management plan by notifying the commissioner on a stocking notification form prescribed by the commissioner, at least seven days before the release. After review of the notification, the commissioner may require a stocking permit.

(b) The commissioner may deny the stocking permit if:

- (1) the request is to release an exotic species;*
- (2) the request is for the release of an indigenous or naturalized species that does not have the required disease-free certification; or*
- (3) the release could reasonably be expected to cause significant adverse effects on wildlife populations.*

(c) If a permit is denied, the commissioner must provide reasons for the denial in writing.

Sec. 8. [17.4988] [TRANSPORTATION, IMPORTATION, AND STOCKING PERMIT.]

Subdivision 1. [APPLICATION INFORMATION.] An application for a permit to import from other states or stock sperm, viable fish eggs, or live aquatic life in public waters must be made on forms provided by the commissioner and containing the following information:

- (1) species, strain if known, number, size, and quantity by weight of fish, if known, viable fish eggs, or sperm as applicable;*
- (2) name, address, telephone number, and fax number, if any, of aquatic farm or other sources where the fish eggs or sperm were acquired;*

- (8) destination.

Subd. 2. [PERMIT CONSOLIDATION.] The commissioner shall prescribe one form to be used for importation, transportation, and stocking in public waters of private aquatic life.

Sec. 9. [17.4989] [PERMIT, LICENSE, AND INSPECTION FEES.]

Subdivision 1. [REQUIREMENT FOR ISSUANCE.] A permit or license must be issued when the requirements of law are met and the license and permit fees specified in this section are paid.

Subd. 2. [AQUATIC FARMING LICENSE.] License fees shall be no more than the following:

- (2) minnow dealer license, \$77;
- (3) minnow retailer license, \$11;
- (4) minnow exporting license, \$286;

- (6) aquatic dealer vehicle license, \$11;
- (7) fish vendor vehicle license, \$27.50;
- (8) sucker egg taking license, \$165, plus \$3 per quart over 100 quarts;
- (9) game fish packers license, \$14.50; and

Subd. 3. [PERMIT FEES.] The fees for the following permits must be paid as prescribed by the commissioner:

Subd. 4. [INSPECTION FEES.] The fees for the following inspections must be paid as prescribed by the commissioner:

- (1) inspection of waters to be licensed for initial inspection, \$50 per year;
- (2) fish health inspection and certification, \$80 per lot; and
- (3) protective classification initial inspection for isolation, containment, quarantine, and flexible facility inspections, \$50.

Sec. 10. [17.4991] [DISEASE TRANSMISSION.]

Subdivision 1. [FACILITY DESIGNATION.] (a) The licensee may apply to the commissioner for designation of all or a portion of a facility as a standard, containment, isolation, quarantine, multiple-class, or flexible class facility on forms prescribed by the commissioner as part of the license

application or separately.

(b) By 15 days after an application is submitted, the commissioner must notify the applicant if there are any deficiencies in the application. By 30 days after a complete application is submitted, the commissioner must approve or deny the designation requested. A denial must include an assessment of the actual risk to wildlife population at the particular site. A designation must be approved if the facility meets the disinfection requirements of subdivision 2.

Subd. 2. [DISINFECTION.] (a) Containment and quarantine facilities must disinfect effluent prior to discharge to public waters. The effluent required to be disinfected includes water used by a containment or quarantine facility in the production of the aquatic life of concern, waste or mortalities from the aquatic life of concern, and live forage or commercial feed discarded from the containment or quarantine facilities. Water or waste from a containment or quarantine facility that has not come in contact with the aquatic life of concern is not effluent to be disinfected. Runoff from precipitation and excess water from natural springs, wells, or other sources that is not used in the production of aquatic life is not effluent to be disinfected.

(b) The disinfection must minimize the potential release of disease pathogens to wildlife susceptible to the pathogens based on a reasonable risk assessment. Disinfection treatment processes may include chlorination, heat, or other processes. If chlorine disinfection is utilized, a measurable residual level of 0.5 parts per million of active chlorine in the effluent must be maintained for ten minutes of retention time. The effluent must be sufficiently dechlorinated to prevent toxic adverse impacts to wildlife after discharge to public waters.

(c) A disinfection treatment process must ensure uninterrupted effluent treatment of ten or more minutes prior to release in the event of electrical power failure, a primary system failure, or other similar events that would cause treatment interruptions.

(d) The effluent disinfection process must be sited, designated, and operated in a manner that allows inspection by the commissioner at all times to determine whether adequate effluent disinfection is maintained.

(e) The commissioner may prescribe reasonable documentation of daily monitoring of treatment system performance to be included in the licensee's annual report. The records must be available for daily inspection by the commissioner during normal business hours and maintained for three years.

Subd. 3. [FISH HEALTH INSPECTION.] (a) An aquatic farm propagating trout, salmon, or catfish and having an effluent discharge from the aquatic farm into public waters must have an annual fish health inspection conducted by the commissioner. The commissioner shall inspect other facilities if disease occurs. Testing must be conducted according to approved laboratory methods.

(b) A health inspection fee must be charged based on each lot of fish sampled. The fee by check or money order payable to the department of natural resources must be prepaid or paid at the time a bill or notice is received from the commissioner that the inspection and processing of samples is completed.

(c) Upon receipt of payment and completion of inspection, the commissioner shall notify the operator and issue a fish health certificate. The certification must be made according to the Fish Health Blue Book by a person certified as a fish health inspector.

Subd. 4. [EMERGENCY DISEASE DETERMINATION.] If emergency diseases exist, the commissioner may order the fish in the facility to be impounded, confiscated, sold, or destroyed. The commissioner shall make every effort to allow disposed fish to be sold for market if there is no imminent danger of a significant adverse impact on natural fish populations or human health or of escape of the pathogen to public waters.

Sec. 11. [17.4992] [GAME FISH.]

Subdivision 1. [ACQUISITION AND PURCHASE.] Game fish sperm, viable game fish eggs, or live game fish may not be taken from public waters, but may be purchased from the state, acquired by contract with the state, or acquired from private aquatic farms for aquaculture purposes.

Subd. 2. [SALE.] Game fish sperm, game fish eggs, or live game fish may be sold, but species of the family Salmonidae or Ictaluridae, except bullhead, must be free of certifiable or emergency diseases if sold for stocking in public waters.

Subd. 3. [SALE OF STATE EGGS, FRY, AND BROODSTOCK.] (a) Game fish eggs, game fish fry, and game fish broodstock may be sold to aquatic farms in the state at fair market value, as provided in section 3, subdivision 2.

(b) The commissioner must offer for sale to aquatic farms at least two percent of the state hatcheries' annual game fish fry. Additional game fish eggs or game fish sperm may be sold if surplus to state program needs or commitment.

(c) Licensees may purchase game fish eggs or fry from the state at a rate based on the capacity of their facility to hatch and rear fish. Licensees may purchase walleye eggs at a rate of no more than one-half quart for each acre of licensed surface waters or fraction of an acre or 5,000 fry for the same licensed water acreage. The limitation may be waived if an aquatic farm is an intensive culture facility. A request to exceed the acreage requirement must be included as part of the fry request. Trout or salmon egg purchases from the state must be based on capacity of rearing tanks and flow of water through the hatchery facilities.

(d) Game fish must be sold by the state to private aquatic farms if the commissioner denies acquisition of game fish from outside the state and other approved sources are not available.

Subd. 4. [STOCKING NORTH OF U.S. HIGHWAY NO. 2.] The proper strain of fish may be required for stocking of public waters north of United States highway No. 2 if the public waters have not been previously stocked with nonindigenous fish.

Sec. 12. [17.4993] [MINNOWS.]

Subdivision 1. [TAKING FROM PUBLIC WATERS.] Minnow sperm, minnow eggs, and live minnows may be taken from public waters for aquatic farm purposes with a minnow dealer's endorsement or permit issued by the commissioner.

Subd. 2. [SALE.] Minnow sperm, minnow eggs, and live minnows lawfully

taken from waters of the state may be sold for any purpose with an aquatic farm license.

Subd. 3. [IMPORTATION OF LIVE MINNOWS.] Nonindigenous minnows may not be imported live by a licensee for purposes other than processing or feeding aquatic farm fish.

Sec. 13. [17.4994] [SUCKER EGGS.]

Sucker eggs may be taken from public waters with a sucker egg license. The license authorizes sucker eggs to be taken at a rate of one quart of eggs for each 1-1/2 acres of licensed surface waters. This limitation may be waived. A request to exceed the pond acreage requirement must be included as part of the sucker egg endorsement application. The taking of sucker eggs from public waters is subject to chapter 97C.

(2) sale of fish eggs and fry to private fish hatcheries or licensed aquatic farms to hatch fry or raise fingerlings to stock waters of this state with fingerlings for recreational fishing at a price not less than the fair market value, established as the average price charged at the state's private hatcheries and contiguous states per volume rates; and

(b) Notwithstanding section 349.163, subdivision 5, paragraphs (b) and (c), a licensed manufacturer may ship into Minnesota gambling equipment that does not have a Minnesota gambling stamp affixed if the licensed manufacturer ships the gambling equipment to a Minnesota storage facility that is: (1) owned or leased by the licensed manufacturer; and (2) registered, in advance and in writing, with the division of gambling enforcement as a manufacturer's storage facility. No unregistered gambling equipment may be shipped into Minnesota to the manufacturer's registered storage facility unless the shipment of the gambling equipment is reported to the department of revenue in a manner prescribed by the department. ~~(3) from January 1, 1991, to June 30, 1992, sell to any person in Minnesota, other than the governing body of an Indian tribe, a pull-tab on which the manufacturer has not clearly printed the words "For Sale in Minnesota Only";~~

~~(c) (b) A manufacturer, affiliate of a manufacturer, or person acting as a representative or agent of a manufacturer may not provide a lessor of gambling premises or an appointed official any compensation, gift, gratuity, premium, contribution, or other thing of value.~~

Sec. 26. Minnesota Statutes 1990, section 349.163, subdivision 4, is amended to read:

Subd. 4. [INSPECTION OF MANUFACTURERS.] Employees of the ~~division and board~~, the division of gambling enforcement, *the division of gambling enforcement director's authorized representatives, employees of the department of revenue, and authorized representatives of the director of the division of special taxes of the department of revenue* may inspect the books, records, inventory, and business premises of a licensed manufacturer without notice during the normal business hours of the manufacturer.

Sec. 27. Minnesota Statutes 1990, section 349.163, subdivision 5, is amended to read:

Subd. 5. [PULL-TAB AND TIPBOARD FLARES.] (a) A manufacturer may not ship or cause to be shipped into this state any deal of pull-tabs or tipboards that does not have its own individual flare as required for that deal by rule of the board. A person other than a manufacturer may not manufacture, alter, modify, or otherwise change a flare for a deal of pull-tabs or tipboards except as allowed by this chapter or board rules.

(b) The flare of each deal of pull-tabs and tipboards sold by a manufacturer *for use or resale* in Minnesota must have the Minnesota gambling stamp affixed. The flare, with the stamp affixed, must be placed inside the wrapping of the deal which the flare describes.

(c) Each pull-tab and tipboard flare must bear the following statement printed in letters large enough to be clearly legible:

- a Minnesota gambling stamp is affixed to this sheet, and
- the serial number handwritten on the gambling stamp is the same as the serial number printed on this sheet and on the pull-tab (or tipboard) ticket you have purchased.”

(d) The flare of each pull-tab and tipboard game must bear the serial number of the game, printed in numbers at least one-half inch high.

(e) The flare of each pull-tab and tipboard game must be imprinted at the bottom with a bar code that provides:

- (1) the name of the game;
- (2) the serial number of the game;
- (3) the name of the manufacturer;
- (4) the number of tickets in the deal;
- (5) the odds of winning each prize in the deal; and
- (6) other information the board by rule requires.

The serial number included in the bar code must be the same as the serial number of the tickets included in the deal. A manufacturer who manufactures a deal of pull-tabs must affix to the outside of the box containing that game the same bar code that is imprinted at the bottom of a flare for that deal.

(f) No person may alter the bar code that appears on the outside of a box containing a deal of pull-tabs and tipboards. Possession of a box containing a deal of pull-tabs and tipboards that has a bar code different from the bar code of the deal inside the box is prima facie evidence that the possessor has altered the bar code on the box.

Sec. 28. Minnesota Statutes 1990, section 349.163, subdivision 6, is amended to read:

Subd. 6. [SAMPLES OF GAMBLING EQUIPMENT.] The board shall require each licensed manufacturer to submit to the board one or more samples of each item of gambling equipment the manufacturer manufactures for ~~sale use or resale~~ in this state, *except gambling equipment shipped directly to the governing body of an Indian tribe from the manufacturer or an out-of-state site of a licensed distributor*. Subd. 4a. [MAXIMUM INTEREST RATE.] (a) No conventional or cooperative apartment loan or contract for deed shall be made at a rate of interest or loan yield in excess of a maximum lawful interest rate which shall be based upon the monthly index of the federal home loan mortgage corporation auction yields as compiled by the federal home loan mortgage corporation. The maximum lawful interest rate shall be computed as follows:

~~(1)~~ The maximum lawful rate of interest for a conventional or cooperative apartment loan or contract for deed made or contracted for during any calendar month is equal to the monthly index of the federal home loan mortgage corporation auction yields for the first preceding calendar month plus an additional three-eighths of one percent per annum rounded off to the next highest quarter of one percent per annum. *in an amount equal to the rate of interest on 20 year obligations of the United States in effect at the end of the preceding calendar month.*

~~(2)~~ (b) On or before the last day of each month the commissioner of commerce shall determine, based on available statistics, the monthly index of the federal home loan mortgage corporation auction yields for that calendar month and shall determine the maximum lawful rate of interest for conventional or cooperative apartment loans or contracts for deed for the next succeeding month as defined in ~~clause (1)~~ paragraph (a), and shall cause the maximum lawful rate of interest to be published in a legal newspaper in Ramsey county on or before the first day of each month or as soon thereafter as practicable and in the state register on or before the last day of each month; the maximum lawful rate of interest to be effective on the first day of that month. ~~If a federal home loan mortgage corporation eight month forward commitment purchase program is not held in any month, the maximum lawful rate of interest determined by the commissioner of commerce pursuant to the last auction is the maximum lawful rate of interest through the last day of the month in which the next auction is held.~~

~~(3)~~ (1) The maximum lawful interest rate applicable to a cooperative apartment loan or contract for deed at the time the loan or contract is made is the maximum lawful interest rate for the term of the cooperative apartment loan or contract for deed. Notwithstanding the provisions of section 334.01, a cooperative apartment loan or contract for deed may provide, at the time the loan or contract is made, for the application of specified different consecutive periodic interest rates to the unpaid principal balance, if no interest rate exceeds the maximum lawful interest rate applicable to the loan or contract at the time the loan or contract is made.

~~(4)~~ (2) Contracts for deed executed pursuant to a commitment for a contract for deed, or conventional or cooperative apartment loans made pursuant to a borrower's interest rate commitment or made pursuant to a borrower's loan commitment, or made pursuant to a commitment for conventional or cooperative apartment loans made upon payment of a forward commitment fee including a borrower's loan commitment issued pursuant to a forward

commitment, which commitment provides for consummation within some future time following the issuance of the commitment may be consummated pursuant to the provisions, including the interest rate, of the commitment notwithstanding the fact that the maximum lawful rate of interest at the time the contract for deed or conventional or cooperative apartment loan is actually executed or made is less than the commitment rate of interest, provided the commitment rate of interest does not exceed the maximum lawful interest rate in effect on the date the commitment was issued. The refinancing of (a) an existing conventional or cooperative apartment loan, (b) a loan insured or guaranteed by the secretary of housing and urban development, the administrator of veterans affairs, or the administrator of the farmers home administration, or (c) a contract for deed by making a conventional or cooperative apartment loan is deemed to be a new conventional or cooperative apartment loan for purposes of determining the maximum lawful rate of interest under this subdivision. The renegotiation of a conventional or cooperative apartment loan or a contract for deed is deemed to be a new loan or contract for deed for purposes of clause ~~(3)~~ (1) and for purposes of determining the maximum lawful rate of interest under this subdivision. A borrower's interest rate commitment or a borrower's loan commitment is deemed to be issued on the date the commitment is hand delivered by the lender to, or mailed to the borrower. A forward commitment is deemed to be issued on the date the forward commitment is hand delivered by the lender to, or mailed to the person paying the forward commitment fee to the lender, or to any one of them if there should be more than one. A commitment for a contract for deed is deemed to be issued on the date the commitment is initially executed by the contract for deed vendor or the vendor's authorized agent.

~~(5)~~ (3) A contract for deed executed pursuant to a commitment for a contract for deed, or a loan made pursuant to a borrower's interest rate commitment, or made pursuant to a borrower's loan commitment, or made pursuant to a forward commitment for conventional or cooperative apartment loans made upon payment of a forward commitment fee including a borrower's loan commitment issued pursuant to a forward commitment at a rate of interest not in excess of the rate of interest authorized by this subdivision at the time the commitment was made continues to be enforceable in accordance with its terms until the indebtedness is fully satisfied.

Sec. 10. Minnesota Statutes 1990, section 47.20, subdivision 5, is amended to read:

Subd. 5. (a) No conventional loan or loan authorized in subdivision 1 made on or after the effective date of Laws 1977, chapter 350 shall contain a provision requiring or permitting the imposition of a penalty in the event the loan or advance of credit is prepaid.

(b) *A precomputed conventional loan or precomputed loan authorized in subdivision 1 shall provide for a refund of the precomputed finance charge according to the actuarial method if the loan is paid in full by cash, renewal or refinancing, or a new loan, one month or more before the final installment due date. The actuarial method for the purpose of this section is the amount of interest attributable to each fully unexpired monthly installment period of the loan contract following the date of prepayment in full, calculated as if the loan was made on an interest-bearing basis at the rate of interest provided for in the note based on the assumption that all payments were made according to schedule. A precomputed loan for the purpose of this section means a loan for which the debt is expressed as a sum comprised*

of the principal amount and the amount of interest for the entire term of the loan computed actuarially in advance on the assumption that all scheduled payments will be made when due, and does not include a loan for which interest is computed from time to time by application of a rate to the unpaid principal balance, interest-bearing loans, or simple-interest loans. For the purpose of calculating a refund for precomputed loans under this section, any portion of the finance charge for extending the first payment period beyond one month may be ignored. Nothing in this section shall be considered a limitation on discount points or other finance charges charged or collected in advance, and nothing in this section shall require a refund of the charges in the event of prepayment. Nothing in this section shall be considered to supersede section 47.204.

47.54 [NOTICES AND APPROVAL PROCEDURES.]

Subdivision 1. [APPLICATION.] Any bank desiring to establish a detached facility shall execute and acknowledge a written application in the form prescribed by the commissioner and shall file the application in the commissioner's office with a fee of \$500. ~~If an application is contested, 50 percent of an additional fee equal to the actual costs incurred by the commissioner in approving or disapproving the application, payable to the state treasurer and credited by the treasurer to the general fund, shall be paid by the applicant and 50 percent equally by the intervening parties.~~ The applicant shall within 30 days of the receipt of the form prescribed by the commissioner publish a notice of the filing of the application in a qualified newspaper published in the municipality in which the proposed detached facility is to be located, and if there is no such newspaper, then in a qualified newspaper likely to give notice in the municipality in which the proposed detached facility is to be located. In addition to the publication, the applicant must mail a copy of the notice by certified mail to every bank located within three miles of the proposed location of the detached facility, measured in the manner provided in section 47.52.

Subd. 2. [APPROVAL ORDER.] If no objection is received by the commissioner within 21 days after the publication and mailing of the notices, the commissioner shall issue an order approving the application without a hearing if it is found that (a) the applicant bank meets current industry standards of capital adequacy, management quality, and asset condition, (b) the establishment of the proposed detached facility will improve the quality or increase the availability of banking services in the community to be served, and (c) the establishment of the proposed detached facility will not have an undue adverse effect upon the solvency of existing financial institutions in the community to be served. Otherwise, the commissioner shall deny the application. Any proceedings for judicial review of an order of the commissioner issued under this subdivision without a contested case hearing shall be conducted pursuant to the provisions of the administrative procedure act relating to judicial review of agency decisions, sections 14.63 to 14.69, and the scope of judicial review in such proceedings shall be as provided therein. Nothing herein shall be construed as requiring the commissioner to conduct a contested case hearing if no written objection is timely received by the commissioner from a bank within three miles of the proposed location of the detached facility.

Subd. 3. [OBJECTIONS; HEARING.] If any bank within three miles of the proposed location of the detached facility objects in writing within 21

days, the commissioner shall ~~fix a time, within 60 days after filing of the objection, for a hearing, and the record of the hearing shall be considered by the commissioner in deciding whether or not the application shall be granted.~~ A notice of the hearing shall be published in the form prescribed by the commissioner in a newspaper as described in subdivision 1, at the expense of the applicant, not less than 30 days prior to the date of the hearing. At the hearing the commissioner shall consider the application and hear the applicant and any witnesses who may appear in favor of or against the granting of the application. ~~The hearing shall be conducted by the commissioner in accordance with the provisions of the administrative procedures act, sections 14.001 to 14.69, governing contested cases, including the provisions of the act relating to judicial review of agency decisions.~~ *consider the objection. If the objection also requests a hearing, the objector must include the nature of the issues or facts to be presented and the reasons why written submissions would be insufficient to make an adequate presentation to the commissioner. Comments challenging the legality of an application should be submitted separately in writing.*

Written requests for hearing must be evaluated by the commissioner who may grant or deny the request. A hearing must generally be granted only if it is determined that written submissions would be inadequate or that a hearing would otherwise be beneficial to the decision-making process. A hearing may be limited to issues considered material by the commissioner.

If a request for a hearing has been denied, the commissioner shall notify the applicant and all interested persons stating the reasons for denial. Interested parties may submit to the commissioner with simultaneous copies to the applicant additional written comments on the application within 14 days after the date of the notice of denial. The applicant shall be provided an additional seven days after the 14-day deadline has expired within which to respond to any comments submitted within the 14-day period. A copy of any response submitted by the applicant shall also be mailed simultaneously by the applicant to the interested parties. The commissioner may waive the additional seven-day comment period if so requested by the applicant.

Subd. 4. [HEARING.] In any case in which the commissioner grants a request for a hearing, the commissioner shall fix a time for a hearing conducted pursuant to chapter 14 to decide whether or not the application will be granted. A notice of the hearing must be published by the applicant in the form prescribed by the commissioner in a newspaper published in the municipality in which the proposed detached facility is to be located, and if there is no such newspaper, then at the county seat of the county in which the detached facility is proposed to be located. The notice must be published once, at the expense of the applicants, not less than 30 days prior to the date of the hearing. At the hearing the commissioner shall consider the application and hear the applicants and witnesses that appear in favor of or against the granting of the application of the proposed detached facility. If an application is contested and a hearing is granted, 50 percent of an additional fee equal to the actual costs incurred by the department of commerce in approving or disapproving the application, payable to the commissioner of commerce to be deposited in the general fund, must be paid by the applicant and 50 percent equally by the intervening parties.

Subd. 4 5. [DECISION AFTER HEARING.] If upon the hearing, it appears to the commissioner that the requirements for approval contained in subdivision 2 have been met, the commissioner shall, not later than 90 days after the hearing, issue an order approving the application. If the

commissioner shall decide that the application should not be granted, the commissioner shall issue an order to that effect and forthwith give notice by certified mail to the applicant.

Subd. 5 6. [EXPIRATION AND EXTENSION OF ORDER.] If a facility is not activated within 18 months from the date of the order, the approval order automatically expires. Upon request of the applicant prior to the automatic expiration date of the order, the commissioner may grant reasonable extensions of time to the applicant to activate the facility as the commissioner deems necessary. The extensions of time shall not exceed a total of an additional 12 months. If the commissioner's order is the subject of an appeal in accordance with chapter 14, the time period referred to in this section for activation of the facility and any extensions shall begin when all appeals or rights of appeal from the commissioner's order have concluded or expired.

Sec. 12. Minnesota Statutes 1990, section 47.55, is amended to read:

47.55 [~~EXISTING FACILITY~~ BANKING FACILITIES OR BRANCHES OF SAVINGS ASSOCIATIONS.]

[BANKING FACILITIES IN OPERATION PRIOR TO MAY 1, 1971.] A bank may retain and operate one detached facility as it may have had in operation prior to May 1, 1971 without requirement of approval hereunder, provided that its function is limited as provided in section 47.53 and its location conforms with the provisions of section 47.52. A bank having such a retained detached facility shall be limited to operating two additional detached facilities.

Subd. 2. [FACILITIES OF BANKS OR BRANCHES OF SAVINGS ASSOCIATIONS IN OPERATION PRIOR TO ACQUISITION.] *The purchase of assets and assumption of liabilities of an existing detached facility of another bank or branch of a savings and loan association or savings bank must follow the notice and approval procedures in section 47.54 to establish and maintain a new detached facility of the acquiring bank at that location but need not obtain the consent of other banks as required by section 47.52.*

Sec. 13. Minnesota Statutes 1990, section 48.02, is amended to read:

48.02 [CAPITAL AND SURPLUS; PREPAYMENT OF CAPITAL.]

The capital and surplus of every state bank hereafter organized shall be at least \$250,000. In addition thereto undivided profits shall be provided for in such an amount as the commissioner shall determine to be adequate under the circumstances to avoid any possible impairment of capital and surplus. The total of these outlays shall be known as capital funds, and payment thereof shall be made in full, in cash or authorized securities, deposited in an approved custodial bank, and certified to the commissioner, under oath of the president, and cashier or other chief financial officer, as well as the custodial bank, before the proposed state bank shall be authorized to commence business. The capital funds of a proposed bank shall not be less than a total amount which the commissioner considers necessary, having in mind the deposit potential for such a proposed bank and current banking industry standards of capital adequacy.

Sec. 14. Minnesota Statutes 1991 Supplement, section 48.512, subdivision 4, is amended to read:

Subd. 4. [IDENTIFICATION IS REQUIRED.] A financial intermediary

shall not open or authorize signatory power over a transaction account if none of the applicants provides a driver's license, identification card, or identification document as required by subdivision 2. If the applicant provides a driver's license or identification card issued under section 171.07, the financial intermediary must confirm the identification number and name on that card through the records of the department of public safety. *The financial intermediary need not confirm this information if the checking account applicant presents identification required under subdivision 2, paragraph (g), that meets the requirements of section 29.* The financial intermediary need not confirm this information if an employee of the financial intermediary has known the identity of the applicant for at least one year prior to the time of the application, and the employee provides a signed statement confirming that fact. When a minor is the applicant and the minor does not have a driver's license or identification card issued pursuant to section 171.07, the identification requirements of subdivision 2, clause (g), and this subdivision are satisfied if the minor's parent or guardian provides identification of that person's own that meets the identification requirement. The financial intermediary may waive the identification requirement if the applicant has had another type of account with the financial intermediary for at least one year immediately preceding the time of application.

Sec. 15. Minnesota Statutes 1990, section 48.89, subdivision 5, is amended to read:

Subd. 5. No bank may cause to be performed, by contract or otherwise, any clerical services for itself from a clerical service corporation *or any other person*, whether on or off its premises, unless assurances satisfactory to the commissioner are furnished to the commissioner by both the bank and the party performing such services that the performance thereof will be subject to regulation and examination by the commissioner to the same extent as if such services were being performed by the bank itself on its own premises.

Sec. 16. Minnesota Statutes 1990, section 49.34, subdivision 2, is amended to read:

Subd. 2. [ACQUISITION OF BANK OR SAVINGS ASSOCIATION FOR OPERATION AS DETACHED FACILITY.] (a) Notwithstanding the geographic limitations of subdivision 1, and the distance limitations and consent requirements of section 47.52, a state bank may apply to the commissioner, pursuant to the procedures contained in sections 47.51 to 47.56 and 49.35 to 49.41, to acquire another state bank or national banking association and its detached facilities through merger, consolidation or purchase of assets and assumption of liabilities and operate them as detached facilities of the successor bank if the operation of them otherwise conforms to the limitations of section 47.52.

(b) In addition to the authority granted in paragraphs (a) and (c), and notwithstanding the geographic limitations of subdivision 1 and the limitations on number of facilities and consent requirements contained in section 47.52, a state bank whose main banking office is located within the county of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington may apply to the commissioner, pursuant to the procedures contained in sections 47.51 to 47.56 and 49.35 to 49.41, to acquire another state bank or national banking association and its detached facilities through merger, consolidation, or purchase of assets and assumption of liabilities and operate them as detached facilities of the successor bank if each resulting detached facility

is located within the county of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington.

(c) Where the commissioner has determined that a merger, consolidation or purchase of assets and assumption of liabilities is necessary and in the public interest to prevent the probable failure of a state bank or, national banking association, or state or federal savings and loan association or savings bank, the limitations on location and number of detached facilities in section 47.52 shall not apply to the establishment of a detached facility directly resulting from such acquisition. The establishment of a detached facility in order to prevent the a probable failure of a bank as provided in this subdivision paragraph shall not require the written consent of banks having a principal office in the municipality in which the resulting detached facility will be located, notwithstanding the provisions of section 47.52.

The consolidation or merger under this paragraph of a capital stock savings and loan association or savings bank and a bank shall be effected in the manner provided in sections 49.33 to 49.41. A savings and loan association or savings bank that is a mutual association may be acquired directly under this paragraph through the purchase of assets and assumption of liabilities. A state bank acquiring a savings and loan association or savings bank under this paragraph must, with the approval of the commissioner of commerce, establish a reasonable date by which the bank will cease all activities conducted by the savings and loan association or savings bank that are not authorized activities for the bank.

Sec. 17. Minnesota Statutes 1990, section 52.06, subdivision 1, is amended to read:

Subdivision 1. [REPORT AND AUDIT SCHEDULE.] Credit unions shall be under the supervision of the commissioner of commerce. Each credit union shall annually, on or before January 25, file a report with the commissioner of commerce on forms supplied by the commissioner for that purpose giving such relevant information as the commissioner may require concerning the operations during the preceding calendar year. Additional reports may be required. Credit unions shall be examined, at least once every 18 calendar months, by the commissioner of commerce, ~~except that if a credit union requests, the commissioner may accept the audit of a certified public accountant in place of this examination. Such certified public accountant must be approved by the commissioner. The qualitative type of audit examination to be performed by the certified public accountant shall be defined by rule and approved by the commissioner.~~ Further, in lieu of this examination the commissioner may accept any examination made by the National Credit Union Administration, provided a copy of the examination is furnished to the commissioner. A report of the examination by the commissioner of commerce shall be forwarded to the president, or the chair of the board if the position is so designated pursuant to section 52.09, subdivision 4, of the examined credit union within 60 days after completion of the examination. Within 60 days of the receipt of such report, a general meeting of the directors and committees shall be called to consider matters contained in the report. For failure to file reports when due, unless excused for cause, the credit union shall pay to the state treasurer \$5 for each day of its delinquency.

Sec. 18. Minnesota Statutes 1990, section 52.24, subdivision 1, is amended to read:

Subdivision 1. [INSURANCE ACCOUNTS.] Every credit union under

the supervision of the commissioner of commerce shall at all times maintain in effect insurance of member share and deposit accounts under the provisions of title II of the National Credit Union Act, or insurance from a legally constituted credit union share insurance corporation. A credit union which fails to meet this requirement for insurance of its share and deposit accounts shall either dissolve or merge with another credit union which is insured under title II of the National Credit Union Act, or by a legally constituted credit union share insurance corporation.

For purposes of this subdivision, a legally constituted credit union share insurance corporation is one approved by the commissioner or incorporated by special law enacted by this state. The approval criteria for consideration of any such corporation not incorporated by special law enacted by this state may be adopted by rule pursuant to chapter 14.

Sec. 19. Minnesota Statutes 1990, section 53.03, subdivision 5, is amended to read:

Subd. 5. [PLACE OF BUSINESS.] Not more than one place of business may be maintained under any certificate of authorization issued subsequent to the enactment of Laws 1943, chapter 67, pursuant to the provisions of this chapter, but the department of commerce may issue more than one certificate of authorization to the same corporation upon compliance with all the provisions of this chapter governing an original issuance of a certificate of authorization. To the extent that previously filed applicable information remains unchanged, the applicant need not refile this information, unless requested. The filing fee for a branch application shall be \$500 and the investigation fee \$250. If a corporation has been issued more than one certificate of authorization, the corporation shall allocate a portion of capital stock to each office for which a certificate has been issued, in order to comply with the capital requirements of sections 53.02 and 53.05, clause (2), which sections are applicable to each office and the capital allocated thereto in the same manner as if each certificate had been issued to a separate corporation. An industrial loan and thrift corporation with deposit liabilities may change one or more of its locations upon the written approval of the commissioner of commerce. A fee of \$100 must accompany each application to the commissioner for approval to change the location of an established office. An industrial loan and thrift corporation that does not sell and issue thrift certificates for investment may change one or more locations by giving 30 days' written notice to the department of commerce which shall promptly amend the certificate of authorization accordingly. *No change in place of business of a company to a location outside of its current trade area or more than 25 miles from its present location, whichever distance is greater, shall be permitted under the same certificate unless all of the applicable requirements of this section have been met.*

Sec. 20. Minnesota Statutes 1990, section 53.09, subdivision 2, is amended to read:

Subd. 2. [REPORT TO COMMISSIONER.] (1) Each industrial loan and thrift company shall annually on or before the first day of February file a report with the commissioner stating in detail, under appropriate heads, its assets and liabilities at the close of business on the last day of the preceding calendar year. This report shall be made under oath in the form prescribed by the commissioner and published once, at the expense of the industrial loan and thrift company, in a newspaper of the county of its location, and proof thereof filed immediately with the commissioner of commerce.

(2) Each industrial loan and thrift company which holds authority to accept accounts pursuant to section 53.04, subdivision 5, shall in place of the requirement in clause (1) submit the reports and make the publication required of state banks pursuant to section 48.48.

(3) Within 30 days following a change in controlling ownership of the capital stock of an industrial loan and thrift company, it shall file a written report with the commissioner stating in detail the nature of such change in ownership.

Sec. 21. Minnesota Statutes 1990, section 56.04, is amended to read:

56.04 [INVESTIGATION; ISSUANCE OF LICENSE; DENIAL; REFUNDS.]

Upon the filing of the application and payment of these fees, the commissioner shall investigate the facts, and if the commissioner shall find (1) that the financial responsibility, experience, character, and general fitness of the applicant, and of the members thereof if the applicant be a copartnership or association, and of the person with direct responsibility for the operation and management of the proposed office are such as to command confidence and to warrant belief that the business will be operated honestly, fairly, and efficiently within the purposes of this chapter, and *primarily for purposes other than making loans to finance the purchase of products or services, other than insurance products authorized in this chapter or chapter 62B, offered by the applicant, a person which controls or is controlled by the applicant, or a person which is controlled by persons which also control the applicant; and* (2) that the applicant has available for the operation of the business, at the specified location, liquid assets of at least \$50,000 (the foregoing facts being conditions precedent to the issuance of a license under this chapter), the commissioner shall thereupon issue and deliver a license to the applicant to make loans, in accordance with the provisions of this chapter, at the location specified in the application. If the commissioner shall not so find, the commissioner shall not issue a license and shall notify the applicant of the denial and return to the applicant the sum paid by the applicant as a license fee, retaining the \$250 investigation fee to cover the costs of investigating the application. The commissioner shall approve or deny every application for license hereunder within 60 days from the filing thereof with the fees.

If the application is denied, the commissioner shall, within 20 days thereafter, file in the commissioner's office a written decision and findings with respect thereto containing the evidence and the reasons supporting the denial, and forthwith serve upon the applicant a copy thereof.

There is hereby appropriated to such persons as are entitled to such refund, from the fund or account in the state treasury to which the money was credited, an amount sufficient to make the refund and payment.

Sec. 22. Minnesota Statutes 1990, section 56.07, is amended to read:

56.07 [CONTROL OVER LOCATION.]

Not more than one place of business shall be maintained under the same license, but the commissioner may issue more than one license to the same licensee upon compliance with all the provisions of this chapter governing an original issuance of a license, for each such new license. To the extent that previously filed applicable information remains substantially unchanged, the applicant need not refile this information, unless requested.

When a licensee shall wish to change a place of business, the licensee shall give written notice thereof 30 days in advance to the commissioner, who shall within 30 days of receipt of such notice, issue an amended license approving the change. *No change in the place of business of a licensee to its current trade area or more than 25 miles from its present location, whichever distance is greater, shall be permitted under the same license unless all of the requirements of section 56.04 have been met.*

A licensed place of business shall be open during regular business hours each weekday, except for legal holidays and for any weekday the commissioner grants approval to the licensee to remain closed. A licensed place of business may be open on Saturday, but shall be closed on Sunday.

Sec. 23. Minnesota Statutes 1990, section 56.12, is amended to read:

56.12 [ADVERTISING; TAKING OF SECURITY; PLACE OF BUSINESS.]

No licensee shall advertise, print, display, publish, distribute, or broadcast, or cause or permit to be advertised, printed, displayed, published, distributed, or broadcast, in any manner any statement or representation with regard to the rates, terms, or conditions for the lending of money, credit, goods, or things in action which is false, misleading, or deceptive. The commissioner may order any licensee to desist from any conduct which the commissioner shall find to be a violation of the foregoing provisions.

The commissioner may require that rates of charge, if stated by a licensee, be stated fully and clearly in such manner as the commissioner may deem necessary to prevent misunderstanding thereof by prospective borrowers. In lieu of the disclosure requirements of this section and section 56.14, a licensee may give the disclosures required by the federal Truth-in-Lending Act.

A licensee may take a lien upon real estate as security for any loan exceeding \$2,700 in principal amount made under this chapter. The provisions of sections 47.20 and 47.21 do not apply to loans made under this chapter, except as provided in this section. No loan secured by a first lien on a borrower's primary residence shall be made pursuant to this section if the proceeds of the loan are used to finance the purchase of the borrower's primary residence, unless:

- (1) the proceeds of the loan are used to finance the purchase of a manufactured home; or
- (2) the proceeds of the loan are used in whole or in part to satisfy the balance owed on a contract for deed.

If the proceeds of the loan are used to finance the purchase of the borrower's primary residence, the licensee shall consent to the subsequent transfer of the real estate if the existing borrower continues after transfer to be obligated for repayment of the entire remaining indebtedness. The licensee shall release the existing borrower from all obligations under the loan instruments, if the transferee (1) meets the standards of credit worthiness normally used by persons in the business of making loans, including but not limited to the ability of the transferee to make the loan payments and satisfactorily maintain the property used as collateral, and (2) executes an agreement in writing with the licensee whereby the transferee assumes the obligations of the existing borrower under the loan instruments. Any such agreement shall not affect the priority, validity or enforceability of

any loan instrument. A licensee may charge a fee not in excess of one-tenth of one percent of the remaining unpaid principal balance in the event the loan is assumed by the transferee and the existing borrower continues after the transfer to be obligated for repayment of the entire assumed indebtedness. A licensee may charge a fee not in excess of one percent of the remaining unpaid principal balance in the event the remaining indebtedness is assumed by the transferee and the existing borrower is released from all obligations under the loan instruments, but in no event shall the fee exceed \$150.

A licensee making a loan under this chapter secured by a lien on real estate shall comply with the requirements of section 47.20, subdivision 8.

No licensee shall conduct the business of making loans under this chapter within any office, room, or place of business in which any other business is solicited or engaged in, or in association or conjunction therewith, if the commissioner finds that the character of the other business is such that it would facilitate evasions of this chapter or of the rules lawfully made hereunder. The commissioner may promulgate rules dealing with such other businesses.

No licensee shall transact the business or make any loan provided for by this chapter under any other name or at any other place of business than that named in the license. No licensee shall take any confession of judgment or any power of attorney. No licensee shall take any note or promise to pay that does not accurately disclose the principal amount of the loan, the time for which it is made, and the agreed rate or amount of charge, nor any instrument in which blanks are left to be filled in after execution. Nothing herein is deemed to prohibit the making of loans by mail or *arranging for settlement and closing of real estate secured loans by an unrelated qualified closing agent at a location other than the licensed location.*

Sec. 24. Minnesota Statutes 1990, section 56.131, subdivision 4, is amended to read:

Subd. 4. [ADJUSTMENT OF DOLLAR AMOUNTS.] (a) The dollar amounts in this section, sections 53.04, *subdivision 3a, paragraph (c), 56.01 and, 56.12, and 56.125* shall change periodically, as provided in this section, according to and to the extent of changes in the implicit price deflator for the gross national product, 1972 = 100, compiled by the United States Department of Commerce, and hereafter referred to as the index. The index for December, 1980 is the reference base index for adjustments of dollar amounts, except that the index for December, 1984 is the reference base index for the minimum default charge of \$4. *The reference base index for subdivision 1, paragraph (a), clause (1), and subdivision 2, paragraph (d), is December, 1990.*

(b) The designated dollar amounts shall change on July 1 of each even-numbered year if the percentage of change, calculated to the nearest whole percentage point, between the index for December of the preceding year and the reference base index is ten percent or more, but;

(1) the portion of the percentage change in the index in excess of a multiple of ten percent shall be disregarded and the dollar amounts shall change only in multiples of ten percent of the amounts appearing in Laws 1981, chapter 258 on the date of enactment; and

(2) the dollar amounts shall not change if the amounts required by this section are those currently in effect pursuant to Laws 1981, chapter 258 as a result of earlier application of this section.

(c) If the index is revised, the percentage of change pursuant to this section shall be calculated on the basis of the revised index. If a revision of the index changes the reference base index, a revised reference base index shall be determined by multiplying the reference base index then applicable by the rebasing factor furnished by the department of commerce. If the index is superseded, the index referred to in this section is the one represented by the department of commerce as reflecting most accurately changes in the purchasing power of the dollar for consumers.

(d) The commissioner shall announce and publish:

(1) on or before April 30 of each year in which dollar amounts are to change, the changes in dollar amounts required by paragraph (b); and

(2) promptly after the changes occur, changes in the index required by paragraph (c) including, if applicable, the numerical equivalent of the reference base index under a revised reference base index and the designation or title of any index superseding the index.

(e) A person does not violate this chapter with respect to a transaction otherwise complying with this chapter if that person relies on dollar amounts either determined according to paragraph (b), clause (2) or appearing in the last publication of the commissioner announcing the then current dollar amounts.

(f) The adjustments provided in this section shall not be affected unless explicitly provided otherwise by law.

Sec. 25. Minnesota Statutes 1990, section 61A.09, subdivision 3, is amended to read:

Subd. 3. Group life insurance policies may be issued to cover groups of not less than ten debtors of a creditor written under a master policy issued to a creditor to insure its debtors in connection with real estate mortgage loans, in an amount not to exceed *the greater of* the actual or scheduled amount of their indebtedness. Each application for group mortgage insurance offered prior to or at the time of loan closing shall contain a clear and conspicuous notice that the insurance is optional and is not a condition for obtaining the loan. Each person insured under a group insurance policy issued under this subdivision shall be furnished a certificate of insurance which conforms to the requirements of section 62B.06, subdivision 2, and which includes a conversion privilege permitting an insured debtor to convert, without evidence of insurability, to an individual policy of decreasing term insurance within 30 days of the date the insured debtor's group coverage is terminated for any reason other than the nonpayment of premiums. The initial amount of coverage under the individual policy shall be an amount equal to the amount of coverage terminated under the group policy and shall decrease over a term that corresponds with the scheduled term of the insured debtor's mortgage loan. The premium for the individual policy shall be the same premium the insured debtor was paying under the group policy. *If the mortgage loan provides for a variable rate of finance charge or interest, the initial rate shall be used in determining the scheduled amount of indebtedness.*

Sec. 26. Minnesota Statutes 1990, section 62B.02, is amended by adding a subdivision to read:

Subd. 8. [CREDIT TRANSACTION.] "*Credit transaction*" means a loan, installment sale, time-price sale, or lease. A lease that is a credit transaction

for the purposes of this chapter is not a credit transaction for other purposes unless other applicable law provides to the contrary.

Sec. 27. Minnesota Statutes 1990, section 62B.04, subdivision 1, is amended to read:

Subdivision 1. [CREDIT LIFE INSURANCE.] (1) The initial amount of credit life insurance shall not exceed the amount of principal repayable under the contract of indebtedness. Thereafter, if the indebtedness is repayable in substantially equal installments according to a predetermined schedule, the amount of insurance shall not exceed the scheduled or actual amount of indebtedness, whichever is greater. *If the contract of indebtedness provides for a variable rate of finance charge or interest, the initial rate must be used in determining the scheduled amount of indebtedness and subsequent changes in the rate must be disregarded in determining whether the contract is repayable in substantially equal installments according to a predetermined schedule.*

(2) Notwithstanding clause (1), the amount of credit life insurance written in connection with credit transactions repayable over a specified term exceeding 63 months shall not exceed *the greater of*: (i) the actual amount of unpaid indebtedness as it exists from time to time; or (ii) where an indebtedness is repayable in substantially equal installments according to a predetermined schedule, the scheduled amount of unpaid indebtedness, less any unearned interest or finance charges, plus an amount equal to two monthly payments. *If the credit transaction provides for a variable rate of finance charge or interest, the initial rate must be used in determining the scheduled amount of unpaid indebtedness and subsequent changes in the rate must be disregarded in determining whether the contract is repayable in substantially equal installments according to a predetermined schedule.*

(3) Notwithstanding clauses (1) and (2), insurance on educational, agricultural, and horticultural credit transaction commitments may be written on a nondecreasing or level term plan for the amount of the loan commitment.

Sec. 28. Minnesota Statutes 1990, section 62B.04, subdivision 2, is amended to read:

Subd. 2. [CREDIT ACCIDENT AND HEALTH INSURANCE.] The total amount of periodic indemnity payable by credit accident and health insurance in the event of disability, as defined in the policy, shall not exceed the aggregate of the periodic scheduled unpaid installments of the indebtedness; and the amount of each periodic indemnity payment shall not exceed the original indebtedness divided by the number of periodic installments. *If the credit transaction provides for a variable rate of finance charge or interest, the initial rate must be used in determining the aggregate of the periodic scheduled unpaid installments of the indebtedness.*

Sec. 29. Minnesota Statutes 1990, section 171.07, is amended by adding a subdivision to read:

Subd. 9. [SECURITY.] *Beginning July 1, 1993, all drivers' licenses of any class, issued by the department, must be as impervious to alteration as is reasonably practicable in their design and quality of material and technology. The department shall give preference to a driver's license design that utilizes, to the extent possible, materials that are not generally available to the public and that provide more than one level of verification.*

Sec. 30. Minnesota Statutes 1990, section 300.23, is amended to read:

300.23 [VOTING, HOW REGULATED.]

Unless otherwise provided in the certificate or bylaws, at every meeting each stockholder or member is entitled to one vote in person, or by proxy made within one year or other time specially limited by law, for each share or other lawful unit of representation held in an individual, corporate, or representative capacity. No stock may be voted on at an election within 20 days after its transfer on the books of the corporation. *In the case of a banking corporation, the commissioner of commerce may waive the 20-day limitation.*

Sec. 31. Minnesota Statutes 1990, section 300.52, subdivision 1, is amended to read:

Subdivision 1. ~~(a)~~ (1) connection with attending regular elementary and secondary school classes;

~~(b)~~ (2) establishment of special classes;

~~(c)~~ (3) at the home or bedside of the child;

~~(d)~~ (4) in other districts;

~~(j)~~ (10) for children under age five and their families, programs in which

handicapped children are served with nonhandicapped children; and

(*) (11) any other method approved by the commissioner.

(b) Preference shall be given to providing special instruction and services to children under age three and their families in the residence of the child with the parent or primary caregiver, or both, present.

(c) The primary responsibility for the education of a handicapped child shall remain with the district of the child's residence regardless of which method of providing special instruction and services is used. The district of residence must inform the parents of the child about the methods of instruction that are available.

(d) Paragraphs (e) to (i) may be cited as the "blind persons' literacy rights and education act."

(e) The following definitions apply to paragraphs (f) to (i).

"Blind student" means an individual who is eligible for special educational services and who:

(1) has a visual acuity of 20/200 or less in the better eye with correcting lenses or has a limited field of vision such that the widest diameter subtends an angular distance of no greater than 20 degrees; or

(2) has a medically indicated expectation of visual deterioration.

"Braille" means the system of reading and writing through touch commonly known as standard English Braille.

"Individualized education plan" means a written statement developed for a student eligible for special education and services pursuant to this section and section 602(a)(20) of part A of the Individuals with Disabilities Education Act, 20 United States Code, section 1401(a).

(f) In developing an individualized education plan for each blind student the presumption must be that proficiency in Braille reading and writing is essential for the student to achieve satisfactory educational progress. The assessment required for each student must include a Braille skills inventory, including a statement of strengths and deficits. Braille instruction and use are not required by this paragraph if, in the course of developing the student's individualized education program, team members concur that the student's visual impairment does not affect reading and writing performance commensurate with ability. This paragraph does not require the exclusive use of Braille if other special education services are appropriate to the student's educational needs. The provision of other appropriate services does not preclude Braille use or instruction. Instruction in Braille reading and writing shall be available for each blind student for whom the multidisciplinary team has determined that reading and writing is appropriate.

(g) Instruction in Braille reading and writing must be sufficient to enable each blind student to communicate effectively and efficiently with the same level of proficiency expected of the student's peers of comparable ability and grade level.

(h) The student's individualized education plan must specify:

(1) the results obtained from the assessment required under paragraph (f);

(2) how Braille will be implemented as the primary mode for learning

through integration with other classroom activities;

(3) the date on which Braille instruction will begin;

(4) the length of the period of instruction and the frequency and duration of each instructional session;

(5) the level of competency in Braille reading and writing to be achieved by the end of the period and the objective assessment measures to be used; and

(6) if a decision has been made under paragraph (f) that Braille instruction or use is not required for the student:

(i) a statement that the decision was reached after a review of pertinent literature describing the educational benefits of Braille instruction and use; and

(ii) a specification of the evidence used to determine that the student's ability to read and write effectively without Braille is not impaired.

(i) Instruction in Braille reading and writing is a service for the purpose of special education and services under section 120.17.

(j) Paragraphs (e) to (i) shall not be construed to supersede any rights of a parent or guardian of a child with a disability under federal or state law.

(7) provide advice and information to traditional medical providers regarding parental and family rights in children's health care cases; and

(8) report physical or sexual abuse or neglect of a child as required under section 626.556.

Subd. 3. [QUALIFICATIONS.] *The mediator must have an understanding of and sensitivity to religious and philosophical healing practices and beliefs. The mediator must be a licensed health care professional with sufficient training to be able to identify and assess a child's symptoms for purposes of sections 3 to 5.*

Subd. 4. [MEDIATOR DATA.] *Data collected and maintained by the mediator are private data on individuals as defined in section 13.02, subdivision 12, and may not be further disclosed to any person unless the disclosure is specifically authorized by law.*

Subd. 5. [IMMUNITY FROM LIABILITY.] *The mediator or a deputy mediator is not liable for any damages resulting from any acts or omissions by that person in performing the duties of the position unless the person acts in a willful and wanton or reckless manner.*

Sec. 4. [145A.22] [REPORTING BY PARENT.]

Subdivision 1. [MEDIATOR CONTACT; ASSESSMENT.] *A parent who uses religious or philosophical healing practices shall contact the mediator if the parent knows or has reason to believe that the child is in a life-threatening condition, faces a significant risk of serious disability or disfigurement, or has been incapacitated for an extended period. A parent who violates this subdivision is guilty of a misdemeanor. The mediator shall assess the child's symptoms to determine if the child is in a life-threatening condition or faces a significant risk of serious disability or disfigurement.*

The mediator shall seek appropriate medical input in making assessments under this section and section 6.

Subd. 2. [POSTASSESSMENT PROCEDURES.] If the mediator determines that the child is not in a life-threatening condition and does not face a significant risk of serious disability or disfigurement, the mediator shall so inform the parents and provide the parents with any other information that may be helpful to the parent's specific situation. If the mediator is unable to make a determination regarding the child's condition, the child's condition must continue to be assessed until it is determined that the condition is or is not life-threatening or the child does or does not face a significant risk of serious disability or disfigurement. If the mediator concludes that the condition is life-threatening or the child faces a significant risk of serious disability or disfigurement, the mediator shall inform the parents and proceed under section 5 for the arrangement of medical treatment.

Sec. 5. [145A.23] [PROVISION OF MEDICAL TREATMENT.]

Subdivision 1. [VOLUNTARY PROVISION OF MEDICAL TREATMENT.] If the parents of a child are willing to seek medical treatment following a determination under section 4, subdivision 2, the mediator shall assist the parents in obtaining treatment for the child as soon as possible.

Subd. 2. [INVOLUNTARY TREATMENT.] If the parents of a child are unwilling to seek medical treatment and the mediator has reason to believe that emergency medical treatment is necessary, the mediator shall inform the parents that the mediator must take action to ensure the arrangement of appropriate medical care. If necessary, the mediator may arrange for emergency transportation and medical services for the child without the parent's consent until a court order can be obtained. If necessary, the mediator shall notify the local welfare agency for the institution of legal proceedings under chapter 260. A person who interferes with the provision of medical treatment ordered by the mediator so that the child suffers harm is not selecting and depending in good faith on spiritual means or prayer for treatment for purposes of sections 609.205 and 609.378.

Subd. 3. [FAMILY INVOLVEMENT IN TREATMENT.] (a) In all cases where medical treatment is provided to a child whose parent relies on religious or philosophical healing practices, the parents and the child have a right to continued involvement in decisions regarding treatment, as long as they are acting in good faith. In making medical treatment decisions, the medical provider shall consider:

(1) the preferences of the parents and the child, if the child has capacity to give informed consent; and

(2) the degree of likelihood that the proposed treatment for the child will be safe and effective and would, with significant probability, be lifesaving or avoid serious disability or disfigurement.

(b) Medical providers shall allow parents to continue to use religious or philosophical healing practices while medical treatment is being provided, as long as the parents are acting in good faith and the healing practice does not interfere with medical treatment.

(c) This subdivision applies to all cases involving the voluntary or involuntary treatment of a child whose parents rely on religious or philosophical healing practices.

Sec. 6. Minnesota Statutes 1990, section 626.556, subdivision 10, is amended to read:

Subd. 10. [DUTIES OF LOCAL WELFARE AGENCY AND LOCAL LAW ENFORCEMENT AGENCY UPON RECEIPT OF A REPORT.] (a) If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian, or individual functioning within the family unit as a person responsible for the child's care, the local welfare agency shall immediately conduct an assessment and offer protective social services for purposes of preventing further abuses, safeguarding and enhancing the welfare of the abused or neglected minor, and preserving family life whenever possible. *If the report alleges that a lack of medical care may cause serious and imminent danger to a child because the child's parent or guardian uses a religious or philosophical healing practice, as defined in section 2, in lieu of medical care, the local welfare agency shall immediately notify the children's health care mediator and shall coordinate its investigation with the mediator.* If the report alleges a violation of a criminal statute involving sexual abuse or physical abuse, the local law enforcement agency and local welfare agency shall coordinate the planning and execution of their respective investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. Each agency shall prepare a separate report of the results of its investigation. When necessary the local welfare agency shall seek authority to remove the child from the custody of a parent, guardian, or adult with whom the child is living. In performing any of these duties, the local welfare agency shall maintain appropriate records.

(b) When a local agency receives a report or otherwise has information indicating that a child who is a client, as defined in section 245.91, has been the subject of physical abuse or neglect at an agency, facility, or program as defined in section 245.91, it shall, in addition to its other duties under this section, immediately inform the ombudsman established under sections 245.91 to 245.97.

(c) Authority of the local welfare agency responsible for assessing the child abuse report and of the local law enforcement agency for investigating the alleged abuse includes, but is not limited to, authority to interview, without parental consent, the alleged victim and any other minors who currently reside with or who have resided with the alleged perpetrator. The interview may take place at school or at any facility or other place where the alleged victim or other minors might be found and may take place outside the presence of the perpetrator or parent, legal custodian, guardian, or school official. Except as provided in this paragraph, the parent, legal custodian, or guardian shall be notified by the responsible local welfare or law enforcement agency no later than the conclusion of the investigation or assessment that this interview has occurred. Notwithstanding rule 49.02 of the Minnesota rules of procedure for juvenile courts, the juvenile court may, after hearing on an ex parte motion by the local welfare agency, order that, where reasonable cause exists, the agency withhold notification of this interview from the parent, legal custodian, or guardian. If the interview took place or is to take place on school property, the order shall specify that school officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school property, as provided under this paragraph, and any other related information regarding the interview that may be a part of the child's school record. A copy of the order shall be sent by the local welfare or law enforcement agency to the appropriate school official.

(d) When the local welfare or local law enforcement agency determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property. For interviews conducted by the local welfare agency, the notification shall be signed by the chair of the county welfare board or the chair's designee. The notification shall be private data on individuals subject to the provisions of this paragraph. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded. Until that time, the local welfare or law enforcement agency shall be solely responsible for any disclosures regarding the nature of the assessment or investigation.

Except where the alleged perpetrator is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Where the school fails to comply with the provisions of this paragraph, the juvenile court may order the school to comply. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school staff when an interview is conducted on school premises.

(e) Where the perpetrator or a person responsible for the care of the alleged victim or other minor prevents access to the victim or other minor by the local welfare agency, the juvenile court may order the parents, legal custodian, or guardian to produce the alleged victim or other minor for questioning by the local welfare agency or the local law enforcement agency outside the presence of the perpetrator or any person responsible for the child's care at reasonable places and times as specified by court order.

(f) Before making an order under paragraph (d), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interviews and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If appointed, the guardian ad litem shall be present at the hearing on the order to show cause.

(g) The commissioner, the ombudsman for mental health and mental retardation, the local welfare agencies responsible for investigating reports, and the local law enforcement agencies have the right to enter facilities as defined in subdivision 2 and to inspect and copy the facility's records, including medical records, as part of the investigation. Notwithstanding the provisions of chapter 13, they also have the right to inform the facility under investigation that they are conducting an investigation, to disclose to the facility the names of the individuals under investigation for abusing or

neglecting a child, and to provide the facility with a copy of the report and the investigative findings.

Sec. 7. [REPORT TO LEGISLATURE.]

By January 15, 1995, the commissioner of health shall report to the chairs of the committees on judiciary and health and human services of the senate and house of representatives regarding the effectiveness of the children's health care mediator in meeting the goals described in sections 3 to 5 and the powers and duties set forth in section 3."

If an owner or occupant is exempt from payment of any of the costs of a partition fence because the owner or occupant does not need the fence, but that owner's or occupant's circumstances change to include the need for a partition fence within seven years of completion of the partition fence, either owner or occupant may request the fence viewers to perform a reevaluation and reassignment of shares of the cost of construction and maintenance in accordance with section 344.06. Subdivision 1. [DEFINITIONS.] As used in this section, the following terms have the meanings given them.

(a) “Student publication” means materials:

(1) produced by high school students in a journalism, newspaper, magazine, yearbook, or writing class or as a part of a cocurricular, as defined in section 123.38, subdivision 2a, or extracurricular activity under the control of the school board, according to section 123.38, subdivision 2b; and

(b) The school district has the burden of establishing a justification for a prior restraint authorized under paragraph (a). A prior restraint must be based on specific facts, events, or situations that establish the existence of at least one of the factors in paragraph (a).

Subd. 4. [EDITORIAL RESPONSIBILITY; SUPERVISION.] (a) Student editors of high school student publications are responsible for determining the news, opinion, and advertising content of their publications, subject to the limitations of this section. (c) Data published in student publications shall not be construed to be data collected, maintained, or disseminated by a school district.

Subd. 5. [SCHOOL DISTRICT PUBLICATIONS CODE.] Each school board shall adopt a written high school publications code consistent with the terms of this section that includes reasonable provisions for the time, place, and manner of publication and distribution of student publications. The publications code must be distributed, posted, or otherwise made available to all students and teachers.

A school district, school board member and school district official or employee in their official capacity, or parent or legal guardian of a student shall not be liable in any civil or criminal action arising from any expression made or published by high school students in a student publication. Sec. 11. Minnesota Statutes 1990, section 176.135, subdivision 6, is amended to read:

Subd. 6. [COMMENCEMENT OF PAYMENT.] As soon as reasonably possible, and no later than 30 calendar days after receiving the bill, the employer or insurer shall pay the charge or any portion of the charge which is not denied, ~~or deny all or a part of the charge on the basis of excessiveness or noncompensability, or specify the additional data needed,~~ with written notification to the employee and the provider *explaining the basis for denial. All or part of a charge must be denied if any of the following conditions exist:*

- (1) the injury or condition is not compensable under this chapter;*
- (2) the charge or service is excessive under this section or section 176.136;*
- (3) the charges are not submitted on the prescribed billing form; or*
- (4) additional medical records or reports are required under subdivision 7 to substantiate the nature of the charge and its relationship to the work injury.*

If payment is denied under clause (3) or (4), the employer or insurer shall

reconsider the charges in accordance with this subdivision within 30 calendar days after receiving additional medical data, a prescribed billing form, or documentation of enrollment or certification as a provider.

Sec. 12. Minnesota Statutes 1990, section 176.135, subdivision 7, is amended to read:

Subd. 7. [MEDICAL BILLS AND RECORDS.] Health care providers shall submit to the insurer an itemized statement of charges *on a billing form prescribed by the commissioner.* Health care providers ~~other than hospitals~~ shall also submit copies of medical records or reports that substantiate the nature of the charge and its relationship to the work injury; ~~provided, however, that hospitals must submit any copies of records or reports requested under subdivision 6.~~ Health care providers may charge for copies of any records or reports that are in existence and directly relate to the items for which payment is sought under this chapter. ~~Charges for copies provided under this subdivision shall be reasonable.~~ The commissioner shall adopt a schedule of reasonable charges by ~~emergency rules rule.~~

A health care provider shall not collect, attempt to collect, refer a bill for collection, or commence an action for collection against the employee, employer, or any other party until the information required by this section has been furnished.

Sec. 13. [176.1351] [MANAGED CARE.]

Subdivision 1. [APPLICATION.] Any person or entity, other than a workers' compensation insurer or an employer for its own employees, may make written application to the commissioner to have a plan certified that provides managed care to injured workers for injuries and diseases compensable under this chapter. Specifically, and without limitation, an entity licensed under chapter 62C or 62D or a preferred provider organization that is subject to chapter 72A is eligible for certification under this section. Each application for certification shall be accompanied by a reasonable fee prescribed by the commissioner. A certificate is valid for the period the commissioner prescribes unless revoked or suspended. Application for certification shall be made in the form and manner and shall set forth information regarding the proposed plan for providing services as the commissioner may prescribe. A plan may be certified to provide services in a limited geographic area. The information shall include, but not be limited to:

(1) a list of the names of all health care providers who will provide services under the managed care plan, together with appropriate evidence of compliance with any licensing or certification requirements for those providers to practice in this state;

(2) a description of the places and manner of providing services under the plan; or

(3) satisfactory evidence of ability to comply with any financial requirements to ensure delivery of service in accordance with the plan which the commissioner may prescribe.

Subd. 2. [CERTIFICATION.] *The commissioner shall certify a managed care plan if the commissioner finds that the plan:*

(1) proposes to provide services that meet uniform quality, continuity, and other treatment standards prescribed by the commissioner and all medical and health care services that may be required by this chapter in a

manner that is timely, effective, and convenient for the worker;

(2) is reasonably geographically convenient to employees it serves;

(3) provides appropriate financial incentives to reduce service costs and utilization without sacrificing the quality of service;

(4) provides adequate methods of peer review, utilization review, and dispute resolution to prevent inappropriate, excessive, or not medically necessary treatment, excludes participation in the plan by those individuals who violate these treatment standards;

(5) provides a procedure for the resolution of medical disputes;

(6) provides a program for early return to work and cooperative efforts by the workers, the employer, and the managed care plan to promote workplace health and safety consultative and other services;

(7) provides a timely and accurate method of reporting to the commissioner necessary information regarding medical and health care service cost and utilization to enable the commissioner to determine the effectiveness of the plan;

(8) authorizes workers to receive compensable treatment from a health care provider who is not a member of the managed care plan, if that provider maintains the employee's medical records and has a documented history of treatment with the employee and agrees to refer the employee to the managed care plan for any treatment that can only be furnished by another provider that the employee may require and if the health care provider agrees to comply with all the rules, terms, and conditions of the managed care plan;

(9) authorizes necessary emergency medical treatment for an injury provided by a health care provider not a part of the managed care plan;

(10) does not discriminate against or exclude from participation in the plan any category of health care provider and includes an adequate number of each category of health care providers to give workers convenient geographic accessibility to all categories of providers and adequate flexibility to choose health care providers from among those who provide services under the plan;

(11) provides an employee the right to change health care providers under the plan at least once; and

(12) complies with any other requirement the commissioner determines is necessary to provide quality medical services and health care to injured workers.

Subd. 3. [DISPUTE RESOLUTION.] An employee must exhaust the dispute resolution procedure of the certified managed care plan prior to filing a petition or otherwise seeking relief from the commissioner or a compensation judge on an issue related to managed care. If an employee has exhausted the dispute resolution procedure of the managed care plan on the issue of a rating for a disability, the employee may seek a disability rating from a health care provider outside of the managed care organization. The employer is liable for the reasonable fees of the outside provider as limited by the medical fee schedule adopted under this chapter.

Subd. 4. [TREATMENT STANDARDS.] The commissioner shall consider treatment standards developed by the health care profession affected, if any, before prescribing treatment standards under subdivision 2.

Subd. 5. [ACCESS TO ALL HEALTH CARE DISCIPLINES.] The commissioner shall refuse to certify or shall revoke or suspend the certification of a managed care plan that unfairly restricts direct access within the managed care plan to any health care provider profession. Direct access within the managed care plan is unfairly restricted if direct access is denied and the treatment or service sought is within the scope of practice of the profession to which direct access is sought and is appropriate under the standards of treatment adopted by the commissioner.

Subd. 6. [REVOCAION, SUSPENSION, AND REFUSAL TO CERTIFY.] The commissioner shall refuse to certify or shall revoke or suspend the certification of a managed care plan if the commissioner finds that the plan for providing medical or health care services fails to meet the requirements of this section, or service under the plan is not being provided in accordance with the terms of a certified plan.

Subd. 7. [RULES.] (a) The commissioner shall adopt rules necessary to implement this section.

(b) The commissioner shall adopt rules under this section using the procedures of sections 14.22 to 14.28, except that no public hearing shall be required notwithstanding section 14.25. This paragraph applies to rules adopted pursuant to a notice of intention to adopt a rule without a public hearing published before July 1, 1995.

Sec. 14. Minnesota Statutes 1990, section 176.136, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE.] (a) The commissioner shall by rule establish procedures for determining whether or not the charge for a health service is excessive. In order to accomplish this purpose, the commissioner shall consult with insurers, associations and organizations representing the medical and other providers of treatment services and other appropriate groups.

(b) The procedures established by the commissioner shall must limit, in accordance with subdivisions 1a, 1b, and 1c, the charges allowable for medical, chiropractic, podiatric, surgical, hospital and other health care provider treatment or services, as defined and compensable under section 176.135, based upon billings for each class of health care provider during all of the calendar year preceding the year in which the determination is made of the amount to be paid the health care provider for the billing. The procedures established by the commissioner for determining whether or not the charge for a health service is excessive shall must be structured to encourage providers to develop and deliver services for rehabilitation of injured workers. The procedures shall must incorporate the provisions of sections 144.701, 144.702, and 144.703 to the extent that the commissioner finds that these provisions effectively accomplish the intent of this section or are otherwise necessary to insure that quality hospital care is available to injured employees.

Sec. 15. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1a. [RELATIVE VALUE FEE SCHEDULE.] The liability of an employer for services included in the medical fee schedule is limited to the maximum fee allowed by the schedule in effect on the date of the medical service, or the provider's actual fee, whichever is lower. The medical fee schedule effective on October 1, 1991, shall remain in effect until the commissioner adopts a new schedule by permanent rule. The commissioner

shall adopt permanent rules regulating fees allowable for medical, chiropractic, podiatric, surgical, hospital outpatient, and other health care provider treatment or service by implementing a relative value fee schedule to be effective on October 1, 1993. The commissioner may adopt by reference the relative value fee schedule adopted for the federal Medicare program or a relative value fee schedule adopted by other federal or state agencies. The relative value fee schedule shall contain reasonable classifications including, but not limited to, classifications that differentiate among health care provider disciplines. The commissioner shall adopt rules under this subdivision using the procedures of sections 14.22 to 14.28, except that no public hearing shall be required notwithstanding section 14.25. The conversion factors for the relative value fee schedule must reasonably reflect a 15 percent overall reduction from the medical fee schedule most recently in effect. The reduction need not be applied equally to all treatment or services, but must represent a gross 15 percent reduction.

After permanent rules have been adopted to implement this section, the conversion factors must be adjusted annually on October 1 by the percentage change computed under section 176.645, but without the annual cap provided by that section. The commissioner shall annually give notice in the State Register of the adjusted conversion factors. This notice shall be in lieu of the requirements of chapter 14.

Sec. 16. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1b. [LIMITATION OF LIABILITY.] (a) The liability of the employer for treatment, articles, and supplies provided to an employee while an inpatient or outpatient at a small hospital shall be the hospital's usual and customary charge, unless the charge is determined by the commissioner or a compensation judge to be unreasonably excessive. A "small hospital," for purposes of this paragraph, is a hospital which has 100 or fewer licensed beds.

(b) The liability of the employer for the treatment, articles, and supplies that are not limited by subdivision 1a or 1c, or paragraph (a) shall be limited to 85 percent of the provider's usual and customary charge, or 85 percent of the prevailing charges for similar treatment, articles, and supplies furnished to an injured person when paid for by the injured person, whichever is lower. On this basis, the commissioner or compensation judge may determine the reasonable value of all treatment, services, and supplies, and the liability of the employer is limited to that amount.

Sec. 17. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1c. [CHARGES FOR INDEPENDENT MEDICAL EXAMINATIONS.] The commissioner shall adopt rules that reasonably limit amounts which may be charged for, or in connection with, independent or adverse medical examinations requested by any party, including the amount that may be charged for depositions, witness fees, or other expenses. The scheduled amount for the examination itself may not exceed the scheduled amount for complex consultations by treating physicians, although additional reasonable charges may be permitted to reflect additional duties or activities. No party may pay fees above the amount in the schedule.

Sec. 18. Minnesota Statutes 1990, section 176.136, subdivision 2, is amended to read:

Subd. 2. [EXCESSIVE FEES.] If the employer or insurer determines that the charge for a health service or medical service is excessive, no payment in excess of the reasonable charge for that service shall be made under this chapter nor may the provider collect or attempt to collect from the injured employee or any other insurer or government amounts in excess of the amount payable under this chapter unless the commissioner, compensation judge, or court of appeals determines otherwise. In such a case, the health care provider may initiate an action under this chapter for recovery of the amounts deemed excessive by the employer or insurer, but the employer or insurer shall have the burden of proving excessiveness.

A charge for a health service or medical service is excessive if it:

(1) exceeds the maximum permissible charge pursuant to subdivision 1, 1a, 1b, or 1c;

(2) is for a service provided at a level, duration, or frequency that is excessive, based upon accepted medical standards for quality health care and accepted rehabilitation standards;

(3) is for a service that is outside the scope of practice of the particular provider or is not generally recognized within the particular profession of the provider as of therapeutic value for the specific injury or condition treated; or

(4) is otherwise deemed excessive or inappropriate pursuant to rules adopted pursuant to this chapter.

Sec. 19. Minnesota Statutes 1990, section 176.155, subdivision 1, is amended to read:

Subdivision 1. [EMPLOYER'S PHYSICIAN.] The injured employee must submit to examination by the employer's physician, if requested by the employer, and at reasonable times thereafter upon the employer's request. *The examination must be scheduled at a location within 150 miles of the employee's residence unless the employer can show cause to the department to order an examination at a location further from the employee's residence.* The employee is entitled upon request to have a personal physician present at any such examination. Each party shall defray the cost of that party's physician. Any report or written statement made by the employer's physician as a result of an examination of the employee, regardless of whether the examination preceded the injury or was made subsequent to the injury, shall be made available, upon request and without charge, to the injured employee or representative of the employee. The employer shall pay reasonable travel expenses incurred by the employee in attending the examination including mileage, parking, and, if necessary, lodging and meals. The employer shall also pay the employee for any lost wages resulting from attendance at the examination. A self-insured employer or insurer who is served with a claim petition pursuant to section 176.271, subdivision 1, or 176.291, shall schedule any necessary examinations of the employee, if an examination by the employer's physician or health care provider is necessary to evaluate benefits claimed. The examination shall be completed and the report of the examination shall be served on the employee and filed with the commissioner within 120 days of service of the claim petition.

No evidence relating to the examination or report shall be received or considered by the commissioner, a compensation judge, or the court of appeals in determining any issues unless the report has been served and filed as required by this section, unless a written extension has been granted

by the commissioner or compensation judge. The commissioner or a compensation judge shall extend the time for completing the adverse examination and filing the report upon good cause shown. The extension must not be for the purpose of delay and the insurer must make a good faith effort to comply with this subdivision. Good cause shall include but is not limited to:

(1) that the extension is necessary because of the limited number of physicians or health care providers available with expertise in the particular injury or disease, or that the extension is necessary due to the complexity of the medical issues, or

(2) that the extension is necessary to gather additional information which was not included on the petition as required by section 176.291.

Sec. 20. Minnesota Statutes 1990, section 176.83, subdivision 5, is amended to read:

Subd. 5. [EXCESSIVE MEDICAL SERVICES.] In consultation with the medical services review board or the rehabilitation review panel, rules establishing standards and procedures for determining whether a provider of health care services and rehabilitation services, including a provider of medical, chiropractic, podiatric, surgical, hospital or other services, is performing procedures or providing services at a level or with a frequency that is excessive, based upon accepted medical standards for quality health care and accepted rehabilitation standards.

If it is determined by the payer that the level, frequency or cost of a procedure or service of a provider is excessive according to the standards established by the rules, the provider shall not be paid for the excessive procedure, service, or cost by an insurer, self-insurer, or group self-insurer, and the provider shall not be reimbursed or attempt to collect reimbursement for the excessive procedure, service, or cost from any other source, including the employee, another insurer, the special compensation fund, or any government program unless the commissioner or compensation judge determines at a hearing or administrative conference that the level, frequency, or cost was not excessive in which case the insurer, self-insurer, or group self-insurer shall make the payment deemed reasonable.

A health or rehabilitation provider who is determined by the rehabilitation review panel or medical services review board, after hearing, to be consistently performing procedures or providing services at an excessive level or cost may be prohibited from receiving any further reimbursement for procedures or services provided under this chapter. A prohibition imposed on a provider under this subdivision may be grounds for revocation or suspension of the provider's license or certificate of registration to provide health care or rehabilitation service in Minnesota by the appropriate licensing or certifying body.

~~The rules adopted under this subdivision shall require insurers, self-insurers, and group self-insurers to report medical and other data necessary to implement the procedures required by this clause.~~

Sec. 21. Minnesota Statutes 1990, section 176.83, is amended by adding a subdivision to read:

Subd. 5a. [REPORTING.] Rules requiring insurers, self-insurers, and group self-insurers to report medical and other data necessary to implement the procedures required by this chapter.

Sec. 22. [MANDATED REDUCTIONS.]

(a) *As a result of the workers' compensation law changes in this act and the resulting savings to the costs of Minnesota's workers' compensation system, an insurer's approved schedule of workers' compensation rates in effect on October 1, 1992, must be reduced by 5.7 percent and applied by the insurer to all policies with an effective date between October 1, 1992, and March 31, 1993. For purposes of this section, "insurer" includes the assigned risk plan, and "rates" include rates approved by the commissioner of commerce for the assigned risk plan. The reduction mandated by this section must also be applied on a prorated basis to the unexpired portion of all workers' compensation policies on October 1, 1992. An insurer shall provide a written notice by November 1, 1992, to all workers' compensation policyholders having an unexpired policy with the insurer as of October 1, 1992, that reads as follows: "As a result of the changes in the workers' compensation system enacted by the 1992 legislature, you are entitled to a prorated reduction of 5.7 percent on your current policy premium."*

(b) *No rate increases may be filed between April 1, 1992, and April 1, 1993.*

(c) *The commissioner of commerce shall determine if the mandated workers' compensation insurance rate reductions required under this section have been implemented by insurers, both as to amount and in a manner that is uniform and nondiscriminatory between employers having similar risks with respect to a particular occupational classification. The commissioner shall present a report detailing the findings and conclusions to the legislature by March 1, 1993.*

(d) *The rate reduction mandated in this act is in addition to any other reduction required by law.*

Sec. 23. [UTILIZATION OF HIGH TECHNOLOGY MEDICAL PROCEDURES.]

The commissioner of labor and industry shall appoint a committee to study the utilization of high technology medical procedures for treatment of injuries under Minnesota Statutes, chapter 176. The committee must include physicians, hospital representatives, medical device manufacturers, purchasers, consumers, and ethicists. The study must specifically examine excessive use of technology. The commissioner shall report the results of the study together with any proposals for legislation to the legislature by January 30, 1993.

Sec. 24. [REPEALER.]

Minnesota Statutes 1990, sections 176.135, subdivision 3; and 176.136, subdivision 5, are repealed.

Sec. 25. [EFFECTIVE DATE.]

Section 22 of this act and the rulemaking authority granted to the commissioner of labor and industry and the medical services review board by sections 6, 8, and 13 are effective the day following final enactment. The rest of this act is effective October 1, 1992."

Delete the title and insert:

Delete everything after the enacting clause and insert:

“Section 1. [79.081] [MANDATORY DEDUCTIBLES.]

Subdivision 1. [PREMIUM REDUCTION.] Each insurer, including the assigned risk plan, issuing a policy of insurance, must offer an employer the option to agree to pay an amount per claim selected by the employer and specified in the policy toward the total of any claim payable under chapter 176. The amount of premium to be paid by an employer who selects a policy with a deductible shall be reduced based upon a rating schedule or rating plan filed with and approved by the commissioner of commerce. Administration of claims shall remain with the insurer as provided in the terms and conditions of the policy.

Subd. 2. [PROCEDURE FOR PAYING DEDUCTIBLE.] If an insured employer chooses a deductible, the insured employer is liable for the amount of the deductible for benefits paid for each compensable claim of work injury suffered by an employee. The insurer shall pay the entire cost of the employee's loss and then seek reimbursement from the insured employer for the deductible. The payment or nonpayment of deductible amounts by the insured employer to the insurer shall be treated under the policy insuring the liability for workers' compensation in the same manner as payment or nonpayment of premiums.

Subd. 3. [CREDIT RISK; EXCEPTION.] An insurer is not required to offer a deductible to an employer if, as a result of a credit investigation, the insurer determines that the employer is not sufficiently financially stable

to be responsible for the payment of deductible amounts.

Subd. 4. [REPORTING REQUIREMENT.] The existence of an insurance contract with a deductible or the fact of payment as a result of a deductible does not affect the requirement of an employer to report an injury or death to an insurer or the commissioner of labor and industry.

Sec. 2. Minnesota Statutes 1990, section 79.251, is amended by adding a subdivision to read:

Subd. 4a. [MEDICAL COST CONTAINMENT.] The assigned risk plan must utilize managed care plans certified under chapter 176 to the extent possible. In addition, the assigned risk plan must implement a medical cost containment program. The program must, at a minimum, include:

(1) billings review to determine if claims are compensable under chapter 176;

(2) utilization of cost management specialists familiar with billing practice guidelines;

(3) review of treatment to determine if it is reasonable and necessary and has a reasonable chance to cure and relieve the employee's injury;

(4) a system to reduce billed charges to the maximum permitted by law or rule;

(5) review of medical care utilization; and

(6) reporting of health care providers suspected of providing unnecessary or excessive services to the commissioner of labor and industry.

Sec. 3. Minnesota Statutes 1990, section 79.251, is amended by adding a subdivision to read:

Subd. 4b. [GROUPS.] The assigned risk plan must create a program that attempts to group employers in the same or similar risk classification for purposes of group premium underwriting and claims management. The assigned risk plan must engage in extensive safety consultation with group members to reduce the extent and severity of injuries of group members. The consultation should include on-site inspections and specific recommendations as to safety improvements.

Sec. 4. Minnesota Statutes 1990, section 79.252, subdivision 1, is amended to read:

Subdivision 1. [PURPOSE.] The purpose of the assigned risk plan is to provide workers' compensation coverage to employers rejected by a two nonaffiliated licensed insurance ~~company~~ companies, pursuant to subdivision 2. One of these two rejections must come from the insurance company that most recently provided workers' compensation coverage to the employer, unless the employer had no previous coverage. Each rejection must be in writing and must be obtained within 60 days before the date of application to the assigned risk plan. In addition, the rejections must also show the name of the insurance company and the representative contacted.

Sec. 5. Minnesota Statutes 1990, section 79.252, subdivision 3, is amended to read:

Subd. 3. [COVERAGE.] (a) Policies and contracts of coverage issued pursuant to section 79.251, subdivision 4, shall contain the usual and customary provisions of workers' compensation insurance policies, and shall

be deemed to meet the mandatory workers' compensation insurance requirements of section 176.181, subdivision 2.

(b) Policies issued by the assigned risk plan pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The assigned risk plan review board may apply for and obtain any licensure required in any other state to issue that coverage.

Sec. 6. [79.253] [ASSIGNED RISK SAFETY FUND.]

Subdivision 1. [CREATION OF FUND.] There is created the assigned risk safety fund as a separate account in the special compensation fund in the state treasury. Income earned by funds in the account must be credited to the account. Principal and income of the account are annually appropriated to the commissioner of labor and industry and must be used for grants and loans under this section.

Subd. 2. [USE OF FUNDS; SAFETY ASSESSMENTS.] The assigned risk plan shall, through persons under contract with the plan, perform on-site surveys of employers insured by the assigned risk plan and recommend practices and equipment to employers designed to reduce the risk of injury to employees. The recommendations may include that the employer form a joint labor-management safety committee. The plan shall generally survey employers in the following priority:

(1) employers with poor safety records for their industry based on their premium modification factor or other factors;

(2) employers whose workers' compensation premium classification assigned to the greatest portion of the payroll for the employer has a premium rate in the top 25 percent of premium rates for all classes; and

(3) all other employers.

Subd. 3. [INCENTIVES AND PENALTIES.] The assigned risk plan shall develop a premium rating system subject to approval by the commissioner of commerce that provides a reduction in premium rates for employers that follow safety recommendations made under this section and an increase in rates for employers that do not. The system must be sensitive to the economic ability of an employer to implement particular recommendations.

Subd. 4. [GRANTS AND LOANS.] The commissioner of labor and industry may make grants or loans to employers for the cost of implementing safety recommendations made under this section.

Subd. 5. [RULES.] The commissioner of labor and industry may adopt rules necessary to implement this section.

Subd. 8. [APPLICATION OF SECTION.] Any lessor of employees that was doing business in this state prior to enactment of this section shall register with the commissioner within 30 days of the effective date of this section.

Sec. 8. Minnesota Statutes 1990, section 176.106, subdivision 6, is amended to read:

Subd. 6. [PENALTY.] At a conference, if the insurer does not provide a specific reason for nonpayment of the items in dispute, the commissioner

may assess a penalty of \$300 payable to the ~~special compensation~~ *assigned risk safety fund*, unless it is determined that the reason for the lack of specificity was the failure of the insurer, upon timely request, to receive information necessary to remedy the lack of specificity. This penalty is in addition to any penalty that may be applicable for nonpayment.

Sec. 9. Minnesota Statutes 1990, section 176.129, subdivision 10, is amended to read:

If the employer continues noncompliance, the employer is liable for five times the lawful premium for compensation insurance for such employer for the period the employer fails to comply with such provisions, commencing ten days after notice has been served upon the employer by the commissioner of the department of labor and industry by certified mail. These penalties may be recovered jointly or separately in a civil action brought in the name of the state by the attorney general in any court having jurisdiction. Whenever any such failure occurs the commissioner of the department of labor and industry shall immediately certify that fact to the attorney general.~~

Upon receipt of such certification the attorney general shall forthwith commence and prosecute the action. All penalties recovered by the state in any such action shall be paid into the state treasury and credited to the special compensation fund. If the commissioner does not receive an objection within ten working days, the commissioner's order shall constitute a final order not subject to further review, and violation of that order shall be enforceable by way of civil contempt proceedings in district court. If the commissioner does receive a timely objection, the commissioner shall refer the matter to the office of administrative hearings for an expedited hearing before a compensation judge. The compensation judge shall issue a decision either affirming, reversing, or modifying the commissioner's order within ten days of the close of the hearing. If the compensation judge affirms the commissioner's order, the compensation judge may order the employer to pay an additional penalty if the employer continued to employ persons without complying with subdivision 2 while the proceedings were pending.

(c) All penalties assessed under this subdivision shall be paid into the state treasury and credited to the assigned risk safety fund. Penalties assessed under this section shall constitute a lien for government services pursuant to section 514.67, on all the employer's property and shall be subject to the provisions of the revenue recovery act.

This notice shall be served at least ten calendar days before commencing payment and shall be mailed to the last known address of the parties. The notice shall include a statement that failure of the employer to respond within ten calendar days of the date of service will be deemed acceptance by the employer of the proposed action by the commissioner and will be deemed a waiver of defenses the employer has to a subrogation or indemnity action by the commissioner. At any time prior to final determination of liability, the employer may appear as a party and present defenses the employer has, whether or not an appearance by the employer has previously been made in the matter.
