176.261 [EMPLOYEE OF COMMISSIONER OF THE DEPARTMENT OF LABOR AND INDUSTRY MAY ACT FOR AND ADVISE A PARTY TO A PROCEEDING.]

When requested by an employer or an employee or an employee's dependent, the commissioner of the department of labor and industry may designate one or more of the division employees to advise that party of rights under this chapter, and as far as possible to assist in adjusting differences between the parties. The person so designated may appear in person in any proceedings under this chapter as the representative or adviser of the party. In such case, the party need not be represented by an attorney at law.

Prior to advising an employee or employer to seek assistance outside of the department, the department must refer employers and employees seeking advice or requesting assistance in resolving a dispute to an attorney or rehabilitation and medical specialist employed by the department, whichever is appropriate.

The department must make efforts to settle problems of employees and employers by contacting third parties, including attorneys, insurers, and health care providers, on behalf of employers and employees and using the department's persuasion to settle issues quickly and cooperatively.

Sec. 26. [176.87] [FRAUD UNIT.]

The department shall establish a workers' compensation fraud unit to investigate fraudulent and other illegal practices of health care providers, employers, insurers, attorneys, employees, and others related to workers' compensation. The unit shall review files of the department and may conduct field investigations. If the department determines there is illegal activity, the commissioner must refer the case to the attorney general or other appropriate prosecuting authority. The attorney general and other prosecuting authorities must give high priority to reviewing and prosecuting cases referred to them by the commissioner under this section.

The attorney general shall train personnel of the department of labor and industry in effective investigative practices and in the requisites for successful prosecution of illegal activity under chapter 176.

Sec. 27. Minnesota Statutes 1990, section 176A.03, is amended by adding a subdivision to read:

Subd. 3. [COVERAGE OUTSIDE STATE.] Policies issued by the fund pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The fund may apply for and obtain any licensure required in any other state in order to issue the coverage.

Sec. 28. [DEPARTMENT STUDY; DATA SHARING ON UNINSURED EMPLOYERS.]

The commissioner of labor and industry shall study the issue of whether there is data in the possession of other state or private entities that would assist the department in identifying employers that are not complying with the insurance requirements of Minnesota Statutes, chapter 176. The department shall report the results of its studies to the legislature by January 30, 1993, together with proposed legislation that would enable the department to obtain that information.

Sec. 29. [REPETITIVE MOTION STUDY; DEPARTMENT OF EMPLOYEE RELATIONS.]

The department of employee relations shall assess the number and severity of work-related repetitive motion injuries incurred by state employees. The assessment shall include carpal tunnel and related injuries. The department shall report the results of the assessment to the legislature by January 30, 1993.

In addition, the department shall develop a plan for a pilot project to reduce repetitive motion injuries for which it shall seek funding from the 1993 legislature.

Sec. 30. [INDEPENDENT CONTRACTORS; LEASED EMPLOYEES.]

The commissioner of labor and industry shall study the practice of employee leasing and declaration of independent contract status as devices to evade or reduce premiums for workers' compensation insurance.

The commissioner shall submit a report to the legislature by January 15, 1993, with the results of the study and proposals for legislative action.

Sec. 31. [MANDATED REDUCTIONS.]

(a) As a result of the workers' compensation law changes in this act and the resulting savings to the costs of Minnesota's workers' compensation system, an insurer's approved schedule of workers' compensation rates in effect on October 1, 1992, must be reduced by one percent and applied by the insurer to all policies with an effective date between October 1, 1992, and March 31, 1993. For purposes of this section, "insurer" includes the assigned risk plan, and "rates" include the rates approved by the commissioner of commerce for the assigned risk plan. The reduction mandated by this section must also be applied on a prorated basis to the unexpired portion of all workers' compensation policies on October 1, 1992. An insurer shall provide a written notice by November 1, 1992, to all workers' compensation policyholders having an unexpired policy with the insurer as of October 1, 1992, that reads as follows: "As a result of the changes in the workers' compensation system enacted by the 1992 legislature, you are entitled to a prorated reduction of one percent on your current policy premium."

(b) No rate increases may be filed between April 1, 1992, and April 1, 1993.

(c) The commissioner of labor and industry shall survey Minnesota employers to determine if the mandated workers' compensation insurance rate reductions required under this section have been implemented by insurers, both as to amount and in a manner that is uniform and nondiscriminatory between employers having similar risks with respect to a particular occupational classification. The commissioner shall present a report detailing the findings and conclusions to the legislature by March 1, 1993.

(d) The rate reduction mandated in this act is in addition to any other reduction required by law.

Sec. 32. [REPEALER.]

Minnesota Statutes 1990, section 176.131, is repealed. The special compensation fund shall not reimburse an employer under Minnesota Statutes, section 176.131, for a subsequent injury occurring after June 30, 1992. The special compensation fund shall continue to reimburse employers for subsequent injuries occurring prior to July 1, 1992, and the commissioner of labor and industry shall continue to assess for those reimbursements under Minnesota Statutes, section 176.129.

Sec. 33. [EFFECTIVE DATE.]

Section 31 is effective the day following final enactment retroactive to April 1, 1992. Section 1 is effective for policies insuring liability for workers' compensation that are renewed, issued, delivered, or issued for delivery on or after October 1, 1992. The rest of this act is effective July 1, 1992."

Section 1. Minnesota Statutes 1990, section 176.011, subdivision 3, is amended to read:

Subd. 3. [DAILY WAGE.] "Daily wage" means the daily wage of the employee in the employment engaged in at the time of injury but does not include tips and gratuities paid directly to an employee by a customer of the employer and not accounted for by the employee to the employer. If the amount of the daily wage received or to be received by the employee in the employment engaged in at the time of injury was irregular or difficult to determine, or if the employment was part time, the daily wage shall be

computed by dividing the total amount the employee actually earned in such employment in the last 26 weeks, by the total number of days in which the employee actually performed any of the duties of such employment; ~~provided further, that.~~ *For the purpose of this computation, holiday pay and vacation pay and the days for which it is paid shall be included in the total amount actually earned and the total days actually performing duties, respectively.* In the case of the construction industry, mining industry, or other industry where the hours of work are affected by seasonal conditions, the weekly wage shall not be less than five times the daily wage. Where board or allowances other than tips and gratuities are made to an employee in addition to wages as a part of the wage contract they are deemed a part of earnings and computed at their value to the employee. In the case of persons performing services for municipal corporations in the case of emergency, then the normal working day shall be considered and computed as eight hours, and in cases where such services are performed gratis or without fixed compensation the daily wage of the person injured shall, for the purpose of calculating compensation payable under this chapter, be taken to be the usual going wage paid for similar services in municipalities where such services are performed by paid employees. If, at the time of injury, the employee was regularly employed by two or more employers, the employee's earnings in all such employments shall be included in the computation of daily wage.

Sec. 2. Minnesota Statutes 1990, section 176.011, subdivision 11a, is amended to read:

Subd. 11a. [FAMILY FARM.] (a) "Family farm" means any farm operation which:

(1) pays or is obligated to pay less than ~~\$8,000~~ \$20,000 in cash wages, exclusive of machine hire, to farm laborers for services rendered during the preceding calendar year; and

(b) For purposes of this subdivision, farm laborer does not include any spouse, parent or child, regardless of age, of a farmer employed by the farmer, or any executive officer of a family farm corporation as defined in section 500.24, subdivision 2, or any spouse, parent or child, regardless of age, of such an officer employed by that family farm corporation, or other farmers in the same community or members of their families exchanging work with the employer. Notwithstanding any law to the contrary, a farm laborer shall not be considered as an independent contractor for the purposes of this chapter; provided that a commercial baler or commercial thresher shall be considered an independent contractor.

Sec. 3. Minnesota Statutes 1990, section 176.011, subdivision 18, is amended to read:

Subd. 18. [WEEKLY WAGE.] "Weekly wage" is arrived at by multiplying the daily wage by the number of days and fractional days normally worked in the business of the employer for the employment involved. If the employee normally works less than five days per week or works an irregular number of days per week, the number of days normally worked shall be computed by dividing the total number of days in which the employee actually performed any of the duties of employment in the last 26 weeks by the number

of weeks in which the employee actually performed such duties, ~~provided that.~~ *For the purpose of this computation, holiday pay and vacation pay and the days for which it is paid shall be included in the total amount actually earned and the total days actually performing duties, respectively.* The weekly wage for part time employment during a period of seasonal or temporary layoff shall be computed on the number of days and fractional days normally worked in the business of the employer for the employment involved. If, at the time of the injury, the employee was regularly employed by two or more employers, the employee's days of work for all such employments shall be included in the computation of weekly wage. Occasional overtime is not to be considered in computing the weekly wage, but if overtime is regular or frequent throughout the year it shall be taken into consideration. The maximum weekly compensation payable to an employee, or to the employee's dependents in the event of death, shall not exceed 66 2/3 percent of the product of the daily wage times the number of days normally worked, provided that the compensation payable for permanent partial disability under section 176.101, subdivision 3, and for permanent total disability under section 176.101, subdivision 4, or death under section 176.111, shall not be computed on less than the number of hours normally worked in the employment or industry in which the injury was sustained, subject also to such maximums as are specifically otherwise provided.

Sec. 4. Minnesota Statutes 1990, section 176.101, subdivision 1, is amended to read:

Subdivision 1. [TEMPORARY TOTAL DISABILITY.] For injury producing temporary total disability, the compensation is 66-2/3 percent of the weekly wage at the time of injury.

~~(H) provided that, during the year commencing on October 1, 1979 1992, and each year thereafter, commencing on October 1,;~~

Sec. 5. Minnesota Statutes 1990, section 176.101, subdivision 2, is amended to read:

Subd. 2. [TEMPORARY PARTIAL DISABILITY.] (a) In all cases of temporary partial disability the compensation shall be 66-2/3 percent of the difference between the weekly wage of the employee at the time of injury and the wage the employee is able to earn in the employee's partially disabled condition. This compensation shall be paid during the period of disability except as provided in this section, payment to be made at the intervals when the wage was payable, as nearly as may be, and subject to a the maximum compensation equal to the statewide average weekly wage rate for temporary total compensation.

(b) Except as provided under subdivision 3k, temporary partial compensation may be paid only while the employee is employed, earning less than the employee's weekly wage at the time of the injury, and the reduced wage the employee is able to earn in the employee's partially disabled condition is due to the injury. Except as provided in section 176.102, subdivision 11, paragraph (b), temporary partial compensation may not be paid for more than 260 weeks, or after 450 weeks after the date of injury, whichever occurs first.

(c) Temporary partial compensation may not exceed the maximum rate for temporary total compensation and must be reduced to the extent that the wage the employee is able to earn in the employee's partially disabled condition plus the temporary partial disability payment otherwise payable under this subdivision exceeds 300 percent of the statewide average weekly wage.

In this case the employee shall receive impairment compensation for the permanent partial disability which is ascertainable at that time. This impairment compensation shall be paid at the same rate that temporary total compensation was last paid. Upon the end of temporary total compensation under subdivision 3e, paragraph (a), the provisions of subdivision 3e or 3p apply, whichever is appropriate, and economic recovery compensation or impairment compensation is payable accordingly except that the compensation shall be offset by impairment compensation received under this subdivision.*

(b) If an employee accepts a job under paragraph (a), begins work at that job, and is subsequently unemployed at that job because of economic conditions, or the employee is medically unable to continue at that job because of the injury, or because of the job's seasonal nature, the employee shall receive temporary total compensation, subject to the provisions of subdivision 3e or paragraph (a), as may be applicable. In addition, the employer who was the employer at the time of the injury shall provide rehabilitation consultation by a qualified rehabilitation consultant if the employee remains unemployed for 45 calendar days. The commissioner may waive this rehabilitation consultation if the commissioner determines that rehabilitation is unnecessary. Further rehabilitation, if considered necessary by the commissioner, is subject to section 176.102.

Sec. 7. Minnesota Statutes 1990, section 176.102, subdivision 11, is amended to read:

This additional compensation shall cease at any time the commissioner or *compensation judge* determines the special circumstances are no longer present.

(b) If the employee is not employed during a retraining plan that has been specifically approved under this section, temporary total compensation is payable for up to 90 days after the end of the retraining plan; except that, payment during the 90-day period is subject to cessation in accordance with section 176.101. If the employee is employed during the retraining plan but earning less than at the time of injury, temporary partial compensation is payable at the rate of 66-2/3 percent of the difference between the employee's weekly wage at the time of injury and the weekly wage the employee is able to earn in the employee's partially disabled condition, subject to the maximum rate for temporary total compensation. Temporary partial compensation is not subject to the 260-week or 450-week limitations provided by section 176.101, subdivision 2, during the retraining plan, but is subject to those limitations before and after the plan.

On October 1, 1981, and thereafter on the anniversary of the date of the employee's injury the total benefits due shall be adjusted by multiplying the total benefits due prior to each adjustment by a fraction, the denominator of which is the statewide average weekly wage for December 31, of the year two years previous to the adjustment and the numerator of which is the statewide average weekly wage for December 31, of the year previous to the adjustment. For injuries occurring after October 1, 1975, all adjustments provided for in this section shall be included in computing any benefit due under this section. Any limitations of amounts due for daily or weekly compensation under this chapter shall not apply to adjustments made under this section. The failure of an employer to reasonably enforce compliance by employees with the statute or order of the department constitutes a failure by the employer to comply with the statute or order.

Sec. 12. [176.647] [FAILURE TO USE SAFETY DEVICES; DECREASED COMPENSATION.]

Sec. 13. [MANDATED REDUCTIONS.]

(b) If the employer or the insurer or the defendant is given written notice of claims for legal services or disbursements, the claim shall be a lien against the amount paid or payable as compensation. In no case shall fees be calculated on the basis of any undisputed portion of compensation awards. Allowable fees under this chapter shall be based solely upon genuinely disputed *claims or* portions of claims, including disputes related to the payment of rehabilitation benefits or to other aspects of a rehabilitation plan. The statement shall be on a form prescribed by the commissioner, *shall report the number of hours spent on the case*, and shall clearly and conspicuously state that the employee or insurer has ten calendar days to object to the attorney fees requested. If no objection is timely made by the employee or insurer, the amount requested shall be conclusively presumed reasonable providing the amount does not exceed the limitation in subdivision 1. The commissioner, compensation judge, or court of appeals shall issue an order granting the fees and the amount requested shall be awarded to the party requesting the fee.

If a timely objection is filed, or the fee is determined on an hourly basis, the commissioner, compensation judge, or court of appeals shall review the matter and make a determination based on the criteria in subdivision 5.

If no timely objection is made by an employer or insurer, reimbursement under subdivision 7 shall be made if the statement of fees requested this reimbursement.

(d) An attorney representing employers or insurers shall file a statement of attorney fees or wages with the commissioner, compensation judge before whom the matter was heard, or workers' compensation court of appeals on

cases before the court. The statement of attorney fees or wages must contain the following information: the average hourly wage or the value of hours worked on that case if the attorney is an employee of the employer or insurer, the number of hours worked on that case, and the average hourly rate or amount charged an employer or insurer for that case if the attorney is not an employee of the employer or insurer.

(e) Employers and insurers may not pay attorney fees or wages for legal services of more than \$6,500 per case unless the additional fees or wages are approved under subdivision 2.

Sec. 2. Minnesota Statutes 1990, section 176.081, subdivision 2, is amended to read:

Subd. 2. The application shall set forth the fee requested ~~and, the number of hours spent on the case,~~ the basis for the request and whether or not a hearing is requested. The application, with affidavit of service upon the employee, shall be filed by the attorney requesting the fee. If a hearing is requested by an interested party, a hearing shall be set with notice of the hearing served upon known interested parties. In all cases the employee shall be served with notice of hearing.

A copy of ~~such~~ *the* application shall be served upon the *party's* attorney ~~for the employee~~ by the court administrator and if a hearing is requested by either party, the matter shall be set for hearing. The notice of hearing shall be served upon known interested parties. ~~The attorney for the employee shall be served with a notice of the hearing.~~ The workers' compensation court of appeals shall have the authority to raise ~~the question~~ of the issue of the attorney fees at any time upon its own motion and shall have continuing jurisdiction over attorney fees.

Sec. 4. Minnesota Statutes 1990, section 176.105, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE; RULES.] *(a) The commissioner of labor and industry shall by rule establish a schedule of degrees of disability resulting from different kinds of injuries. Disability ratings under the schedule for permanent partial disability must be based on objective medical evidence. The commissioner, in consultation with the medical services review board, shall periodically review the rules adopted under this paragraph to determine whether any injuries omitted from the schedule should be included and amend the rules accordingly.*

(b) No permanent partial disability compensation shall be payable except in accordance with the disability ratings established under this subdivision, except as provided in paragraph (c). The schedule may provide that minor impairments receive a zero rating.

(c) If an injury for which there is objective medical evidence is not rated by the permanent partial disability schedule, the unrated injury must be assigned and compensated for at the rating for the most similar condition that is rated.

Sec. 5. [176.1311] [SECOND INJURY FUND DATA.]

No person shall, directly or indirectly, provide the names of persons who have registered a preexisting physical impairment under section 176.131 to an employer with the intent of assisting the employer to discriminate against those persons who have so registered with respect to hiring or other terms and conditions of employment.

A violation of this section is a gross misdemeanor.

Sec. 6. [176.178] [FRAUD.]

Any person who, with intent to defraud, receives workers' compensation benefits to which the person is not entitled by knowingly misrepresenting, misstating, or failing to disclose any material fact is guilty of theft and shall be sentenced pursuant to section 609.52, subdivision 3.

Sec. 7. [176.2615] [SMALL CLAIMS COURT.]

Subdivision 1. [PURPOSE.] There is established in the department of labor and industry a small claims court, to be presided over by settlement judges for the purpose of settling small claims.

Subd. 2. [ELIGIBILITY.] The claim is eligible for determination in the small claims court if referred by the commissioner or if all parties agree to submit to its jurisdiction; and

(1) the claim is for rehabilitation benefits only under section 176.102 or medical benefits only under section 176.135; or

(2) the claim in its total amount does not equal more than \$5,000; or

(3) where the claim is for apportionment or for contribution or reimbursement, no counterclaim in excess of \$5,000 is asserted.

Subd. 3. [TESTIMONY; EXHIBITS.] At the hearing a settlement judge shall hear the testimony of the parties and consider any exhibits offered by them and may also hear any witnesses introduced by either party.

Subd. 4. [APPEARANCE OF PARTIES.] A party may appear on the party's own behalf without an attorney, or may retain and be represented by a duly admitted attorney who may participate in the hearing to the extent and in the manner that the settlement judge considers helpful. Attorney fees awarded under this subdivision are included in the overall limit allowed under section 176.081, subdivision 1.

Subd. 5. [EVIDENCE ADMISSIBLE.] At the hearing the settlement judge shall receive evidence admissible under the rules of evidence. In addition, in the interest of justice and summary determination of issues before the court, the settlement judge may receive, in the judge's discretion, evidence not otherwise admissible. The settlement judge, on the judge's own motion, may receive into evidence any documents which have been filed with the department.

Subd. 6. [SETTLEMENT.] A settlement judge may attempt to conciliate the parties. If the parties agree on a settlement, the judge shall issue an order in accordance with that settlement.

Subd. 7. [DETERMINATION.] If the parties do not agree to a settlement, the settlement judge shall summarily hear and determine the issues and issue an order in accordance with section 176.305, subdivision 1a. Any determination by a settlement judge may not be considered as evidence in any other proceeding.

Subd. 8. [COSTS.] The prevailing party is entitled to costs and disbursements as in any other workers' compensation case.

Sec. 8. [176.307] [COMPENSATION JUDGES; BLOCK SYSTEM.]

The chief administrative law judge must assign workers' compensation cases to compensation judges using a block system type of assignment that, among other things, ensures that a case will remain with the same judge from commencement to conclusion unless the judge is removed from the case by exercise of a legal right of a party or by incapacity. The block system must be the principal means of assigning cases, but it may be supplemented by other systems of case assignment to ensure that cases are timely decided.

Sec. 9. [176.325] [CERTIFIED QUESTION.]

Subdivision 1. [WHEN CERTIFIED.] The chief administrative law judge may certify a question of workers' compensation law to the workers' compensation court of appeals as important and doubtful under the following circumstances:

(1) all parties to the case have stipulated in writing to the facts;

(2) the issue to be resolved is a question of workers' compensation law that has not been resolved by the workers' compensation court of appeals or the Minnesota supreme court; and

(3) all parties request that the matter be resolved by certification to the workers' compensation court of appeals as an important and doubtful question.

Subd. 2. [SUPREME COURT REVIEW.] Review by the supreme court of any decision of the workers' compensation court of appeals under this section shall be pursuant to section 176.471.

Subd. 3. [EXPEDITED DECISION.] It is the legislature's intent that the workers' compensation court of appeals and the Minnesota supreme court resolve the certified question as expeditiously as possible, after compliance by the parties with any requirements of the workers' compensation court of appeals or the Minnesota supreme court regarding submission of legal memoranda, oral argument, or other matters, and after the participation of amicus curiae, should the workers' compensation court of appeals or Minnesota supreme court consider such participation advisable.

Subd. 4. [NOTICE.] The chief administrative law judge shall notify all persons who request to be notified of a certification under this section.

Sec. 10. Minnesota Statutes 1990, section 176.421, subdivision 1, is amended to read:

- (1) the order does not conform with this chapter; or
- (2) the compensation judge committed an error of law; or
- (3) the findings of fact and order were *clearly erroneous and unsupported* by substantial evidence in view of the entire record as submitted; or
- (4) the findings of fact and order were procured by fraud, or coercion, or other improper conduct of a party in interest.

Sec. 11. Minnesota Statutes 1990, section 176.461, is amended to read:
176.461 [SETTING ASIDE AWARD.]

Except when a writ of certiorari has been issued by the supreme court and the matter is still pending in that court or if as a matter of law the determination of the supreme court cannot be subsequently modified, the workers' compensation court of appeals, for cause, at any time after an award, upon application of either party and not less than five working days after written notice to all interested parties, may set the award aside and grant a new hearing and refer the matter for a determination on its merits to the chief administrative law judge for assignment to a compensation judge, who shall make findings of fact, conclusions of law, and an order of award or disallowance of compensation or other order based on the pleadings and the evidence produced and as required by the provisions of this chapter or rules adopted under it.

As used in this section, the phrase "for cause" is limited to the following:

- (2) newly discovered evidence that was not discoverable at the time of the award;
- (3) fraud; or

Sec. 12. Minnesota Statutes 1990, section 480B.01, subdivision 1, is amended to read:

Subdivision 1. [JUDICIAL VACANCIES.] If a judge of the district court or workers' compensation court of appeals dies, resigns, retires, or is removed during the judge's term of office, or if a new district or workers' compensation court of appeals judgeship is created, the resulting vacancy must be filled by the governor as provided in this section.

Sec. 13. Minnesota Statutes 1990, section 480B.01, subdivision 10, is amended to read:

Before January 1, 1994, the chief administrative law judge shall report to the legislature on the success in meeting these goals, including any recommendations for legislation needed to achieve these goals.

Sec. 16. [MANDATED REDUCTIONS.]

(a) As a result of the workers' compensation law changes in this article and the resulting savings to the costs of Minnesota's workers' compensation system, an insurer's approved schedule of workers' compensation rates in effect on October 1, 1992, must be reduced by one percent and applied by the insurer to all policies with an effective date between October 1, 1992, and March 31, 1993. For purposes of this section, "insurer" includes the assigned risk plan, and "rates" include rates approved by the commissioner of commerce for the assigned risk plan. The reduction mandated by this section must also be applied on a prorated basis to the unexpired portion of all workers' compensation policies on October 1, 1992. An insurer shall provide a written notice by November 1, 1992, to all workers' compensation policyholders having an unexpired policy with the insurer as of October 1, 1992, that reads as follows: "As a result of the changes in the workers' compensation system enacted by the 1992 legislature, you are entitled to a prorated reduction of one percent on your current policy premium."

(b) No rate increases may be filed between April 1, 1992, and April 1, 1993.

(c) The commissioner of labor and industry shall survey Minnesota employers to determine if the mandated workers' compensation insurance rate reductions required under this section have been implemented by insurers, both as to amount and in a manner that is uniform and nondiscriminatory between employers having similar risks with respect to a particular occupational classification. The commissioner shall present a report detailing the findings and conclusions to the legislature by March 1, 1993.

(d) The rate reduction mandated in this article is in addition to any other reduction required by law.

Sec. 17. [EFFECTIVE DATE.]

Section 4 is effective the day following final enactment. Section 16 is effective the day following final enactment retroactive to April 1, 1992. The rest of the article is effective July 1, 1992.

ARTICLE 3

Section 1. [79.081] [MANDATORY DEDUCTIBLES.]

Subdivision 1. [PREMIUM REDUCTION.] Each insurer, including the assigned risk plan, issuing a policy of insurance, must offer an employer the option to agree to pay an amount per claim selected by the employer and specified in the policy toward the total of any claim payable under chapter 176. The amount of premium to be paid by an employer who selects a policy with a deductible shall be reduced based upon a rating schedule or rating plan filed with and approved by the commissioner of commerce. Administration of claims shall remain with the insurer as provided in the terms and conditions of the policy.

Subd. 2. [PROCEDURE FOR PAYING DEDUCTIBLE.] If an insured employer chooses a deductible, the insured employer is liable for the amount of the deductible for benefits paid for each compensable claim of work injury

suffered by an employee. The insurer shall pay the entire cost of the employee's loss and then seek reimbursement from the insured employer for the deductible. The payment or nonpayment of deductible amounts by the insured employer to the insurer shall be treated under the policy insuring the liability for workers' compensation in the same manner as payment or nonpayment of premiums.

Subd. 3. [CREDIT RISK; EXCEPTION.] An insurer is not required to offer a deductible to an employer if, as a result of a credit investigation, the insurer determines that the employer is not sufficiently financially stable to be responsible for the payment of deductible amounts.

Subd. 4. [REPORTING REQUIREMENT.] The existence of an insurance contract with a deductible or the fact of payment as a result of a deductible does not affect the requirement of an employer to report an injury or death to an insurer or the commissioner of labor and industry.

Sec. 2. Minnesota Statutes 1990, section 79.251, is amended by adding a subdivision to read:

Subd. 4a. [MEDICAL COST CONTAINMENT.] The assigned risk plan must utilize managed care plans certified under chapter 176 to the extent possible. In addition, the assigned risk plan must implement a medical cost containment program. The program must, at a minimum, include:

(1) billings review to determine if claims are compensable under chapter 176;

(2) utilization of cost management specialists familiar with billing practice guidelines;

(3) review of treatment to determine if it is reasonable and necessary and has a reasonable chance to cure and relieve the employee's injury;

(4) a system to reduce billed charges to the maximum permitted by law or rule;

(5) review of medical care utilization; and

(6) reporting of health care providers suspected of providing unnecessary or excessive services to the commissioner of labor and industry.

Sec. 3. Minnesota Statutes 1990, section 79.251, is amended by adding a subdivision to read:

Subd. 4b. [GROUPS.] The assigned risk plan must create a program that attempts to group employers in the same or similar risk classification for purposes of group premium underwriting and claims management. The assigned risk plan must engage in extensive safety consultation with group members to reduce the extent and severity of injuries of group members. The consultation should include on-site inspections and specific recommendations as to safety improvements.

Sec. 4. Minnesota Statutes 1990, section 79.252, subdivision 1, is amended to read:

Subdivision 1. [PURPOSE.] The purpose of the assigned risk plan is to provide workers' compensation coverage to employers rejected by a two nonaffiliated licensed insurance company companies, pursuant to subdivision 2. One of these two rejections must come from the insurance company that most recently provided workers' compensation coverage to the employer, unless the employer had no previous coverage. Each rejection must be in

writing and must be obtained within 60 days before the date of application to the assigned risk plan. In addition, the rejections must also show the name of the insurance company and the representative contacted.

Sec. 5. Minnesota Statutes 1990, section 79.252, subdivision 3, is amended to read:

Subd. 3. [COVERAGE.] *(a) Policies and contracts of coverage issued pursuant to section 79.251, subdivision 4, shall contain the usual and customary provisions of workers' compensation insurance policies, and shall be deemed to meet the mandatory workers' compensation insurance requirements of section 176.181, subdivision 2.*

(b) Policies issued by the assigned risk plan pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The assigned risk plan review board may apply for and obtain any licensure required in any other state to issue that coverage.

Sec. 6. [79.253] [ASSIGNED RISK SAFETY FUND.]

Subdivision 1. [CREATION OF FUND.] *There is created the assigned risk safety fund as a separate account in the special compensation fund in the state treasury. Income earned by funds in the account must be credited to the account. Principal and income of the account are annually appropriated to the commissioner of labor and industry and must be used for grants and loans under this section.*

Subd. 2. [USE OF FUNDS; SAFETY ASSESSMENTS.] *The assigned risk plan shall, through persons under contract with the plan, perform on-site surveys of employers insured by the assigned risk plan and recommend practices and equipment to employers designed to reduce the risk of injury to employees. The recommendations may include that the employer form a joint labor-management safety committee. The plan shall generally survey employers in the following priority:*

(1) employers with poor safety records for their industry based on their premium modification factor or other factors;

(2) employers whose workers' compensation premium classification assigned to the greatest portion of the payroll for the employer has a premium rate in the top 25 percent of premium rates for all classes; and

(3) all other employers.

Subd. 3. [INCENTIVES AND PENALTIES.] *The assigned risk plan shall develop a premium rating system subject to approval by the commissioner of commerce that provides a reduction in premium rates for employers that follow safety recommendations made under this section and an increase in rates for employers that do not. The system must be sensitive to the economic ability of an employer to implement particular recommendations.*

Subd. 4. [GRANTS AND LOANS.] *The commissioner of labor and industry may make grants or loans to employers for the cost of implementing safety recommendations made under this section.*

Subd. 5. [RULES.] *The commissioner of labor and industry may adopt rules necessary to implement this section.*

Sec. 7. [79.255] [WORKERS' COMPENSATION INSURANCE; LESSORS OF EMPLOYEES.]

Subdivision 1. [REGISTRATION REQUIRED.] A corporation, partnership, sole proprietorship, or other business entity which provides staff, personnel, or employees to be employed in this state to other businesses pursuant to a lease arrangement or agreement shall, before becoming eligible to be issued a policy of workers' compensation insurance or becoming eligible to secure coverage on a multiple coordinated policies basis, register with the commissioner of commerce. The registration shall:

The list shall include the policy or certificate number, name of insurer or other provider of coverage, date of cancellation, and reason for cancellation. If coverage has not been canceled or nonrenewed, the registration shall include a sworn affidavit signed by the chief executive officer of the lessor attesting to that fact.*

Subd. 2. [INELIGIBILITY TO REGISTER.] Any lessor of employees whose workers' compensation insurance has been terminated within the past five years in any jurisdiction due to a determination that an employee leasing arrangement was being utilized to avoid premium otherwise payable by lessees shall be ineligible to register with the commissioner or to remain registered, if previously registered.

Subd. 3. [NOTICE OF CHANGE.] Persons filing registration statements pursuant to this section shall notify the commissioner as to any changes in any information required to be provided under this section.

Subd. 4. [LIST MAINTAINED.] The commissioner shall maintain a list of those lessors of employees who are registered with the commissioner.

Subd. 5. [FORMS OF REGISTRATION.] The commissioner may prescribe forms necessary to promote the efficient administration of this action.

Subd. 6. [ADVERTISING PROHIBITION.] No organization registered under this section shall directly or indirectly reference that registration in any advertisements, marketing material, or publications.

Subd. 7. [CRIMINAL PENALTIES.] Any corporation, partnership, sole proprietorship, or other form of business entity and any officer, director, general partner, agent, representative, or employee of theirs who knowingly utilizes or participates in any employee leasing agreement, arrangement, or mechanism for the purpose of depriving one or more insurers of premium otherwise properly payable is guilty of a misdemeanor.

Subd. 8. [APPLICATION OF SECTION.] Any lessor of employees that was doing business in this state prior to enactment of this section shall register with the commissioner within 30 days of the effective date of this section.

Sec. 8. Minnesota Statutes 1990, section 176.106, subdivision 6, is amended to read:

Subd. 6. [PENALTY.] At a conference, if the insurer does not provide a specific reason for nonpayment of the items in dispute, the commissioner may assess a penalty of \$300 payable to the ~~special compensation~~ *assigned risk safety fund*, unless it is determined that the reason for the lack of specificity was the failure of the insurer, upon timely request, to receive information necessary to remedy the lack of specificity. This penalty is in addition to any penalty that may be applicable for nonpayment.

Sec. 9. Minnesota Statutes 1990, section 176.129, subdivision 10, is amended to read:

Subd. 10. [PENALTY.] Sums paid to the commissioner pursuant to this section shall be in the manner prescribed by the commissioner. The commissioner may impose a penalty *payable to the assigned risk safety fund* of up to 15 percent of the amount due under this section but not less than \$500 in the event payment is not made in the manner prescribed.

Sec. 10. Minnesota Statutes 1990, section 176.130, subdivision 8, is amended to read:

Subd. 8. [PENALTIES; WOOD MILLS.] If the assessment provided for in this chapter is not paid on or before February 15 of the year when due and payable, the commissioner may impose penalties as provided in section 176.129, subdivision 10, *payable to the assigned risk safety fund*.

A person who knowingly makes or signs a false report, or who knowingly submits other false information, is guilty of a misdemeanor.

Sec. 12. Minnesota Statutes 1990, section 176.138, is amended to read:

This section does not preclude the release of medical data under section 175.10 or 176.231, subdivision 9. Requests for pertinent data shall be made, and the date of discussions with medical providers about medical data shall be confirmed, in writing to the person or organization that collected or currently possesses the data. Written medical data that exists at the time the request is made shall be provided by the collector or possessor within seven working days

of receiving the request. Nonwritten medical data may be provided, but is not required to be provided, by the collector or possessor. In all cases of a request for the data or discussion with a medical provider about the data, except when it is the employee who is making the request, the employee shall be sent written notification of the request by the party requesting the data at the same time the request is made or a written confirmation of the discussion. This data shall be treated as private data by the party who requests or receives the data and the party receiving the data shall provide the employee or the employee's attorney with a copy of all data requested by the requester.

five or more. If the employer continues noncompliance, the employer is liable for five times the lawful premium for compensation insurance for such employer for the period the employer fails to comply with such provisions, commencing ten days after notice has been served upon the employer by the commissioner of the department of labor and industry by certified mail. These penalties may be recovered jointly or separately in a civil action brought in the name of the state by the attorney general in any court having jurisdiction. If the commissioner does receive a timely objection, the commissioner shall refer the matter to the office of administrative hearings for an expedited hearing before a compensation judge. The compensation judge shall issue a decision either affirming, reversing, or modifying the commissioner's order within ten days of the close of the hearing. If the compensation judge affirms the commissioner's order, the compensation judge may order the employer to pay an additional penalty if the employer continued to employ persons without complying with subdivision 2 while the proceedings were pending.

(c) All penalties assessed under this subdivision shall be paid into the state treasury and credited to the assigned risk safety fund. Subd. 2. [SCOPE.] (a) The commissioner shall monitor the medical and surgical treatment provided to injured employees, the services of other health care providers and shall also monitor hospital utilization as it relates to the treatment of injured employees. This monitoring shall include determinations concerning the appropriateness of the service, whether the treatment is necessary and effective, the proper cost of services, the quality of the treatment, the right of providers to receive payment under this chapter for services rendered or the right to receive payment under this chapter for future services. *Insurers and self-insurers must assist the commissioner in this monitoring by reporting to the commissioner cases of suspected excessive, inappropriate, or unnecessary treatment.* The commissioner shall report ~~the results of the monitoring~~ *specific cases of suspected inappropriate, unnecessary, and excessive treatment* to the medical services review board.

The commissioner may, either as a result of the monitoring or as a result of an investigation following receipt of a complaint, if the commissioner believes that any provider of health care services has violated any provision of this chapter or rules adopted under this chapter, initiate a contested case proceeding under chapter 14. In these cases, The medical services review board shall make the final decision following receipt of the report of an administrative law judge review those cases and make a determination of whether there is inappropriate, unnecessary, or excessive treatment based on its rules. The determination of the board is not subject to the contested case provisions of the administrative procedures act in chapter 14. An affected provider shall be given notice and an opportunity to be heard before the board prior to the board reporting its findings and conclusions. The board shall report its finding and conclusions to the commissioner. The findings and conclusions of the board are binding on the commissioner. The commissioner shall order a sanction if the board has concluded there was inappropriate, unnecessary, or excessive treatment. The commissioner shall adopt rules related to the sanctions to be imposed for inappropriate, unnecessary, or excessive treatment. The sanctions imposed may include, without limitation, a warning, a restriction on providing treatment, requiring preauthorization by the board for a plan of treatment, and suspension from receiving compensation for the provision of treatment under chapter 176. The commissioner's authority under this section also includes the authority to make determinations regarding any other activity involving the questions of utilization of medical services, and any other determination the commissioner deems necessary for the proper administration of this section, but does not include the authority to make the initial determination of primary liability, except as provided by section 176.305.

Sec. 7. Minnesota Statutes 1990, section 176.103, is amended by adding a subdivision to read:

Subd. 2a. [APPEALS, EFFECT OF DECISION.] An order imposing sanctions on a health care provider under subdivision 2 may be appealed and has the effect provided by this subdivision.

A sanction becomes effective at the time the commissioner notifies the provider of the order of sanction. The notice shall advise the provider of the right to obtain review as provided in this subdivision. If mailed, the notice of order of sanction is deemed received three days after mailing to the last known address of the provider.

Within 30 days of receipt of a notice of order of sanction, a provider may request in writing a review by the commissioner of the order. Upon receiving a request the commissioner or the commissioner's designee shall review the order, the evidence upon which the order was based, and any other material information brought to the attention of the commissioner, and determine whether sufficient cause exists to sustain the order. Within 15 days of receiving the request the commissioner shall report in writing the results of the review. The review provided in this subdivision is not subject to the contested case provisions of the administrative procedure act in chapter 14.

Within 30 days following receipt of the commissioner's decision on review, a provider may petition the workers' compensation court of appeals for review. The petition shall be filed with the court, together with proof of service of a copy on the commissioner, and accompanied by the standard filing fee for appeals from decisions of compensation judges. No responsive pleading shall be required of the commissioner, and no fees shall be charged

for the appearance of the commissioner in the matter.

The petition shall be captioned in the full name of the provider making the petition as petitioner and the commissioner as respondent. The petition shall state with specificity the grounds upon which the petitioner seeks rescission of the order of sanction.

The filing of the petition shall not stay the sanction. The court may order a stay of the balance of the sanction if the hearing has not been conducted within 60 days after filing of the petition upon terms the court deems proper. To the extent applicable, review shall be conducted according to the rules of the court for review of decisions of compensation judges.

The scope of the hearing shall be limited to the issues of whether the medical services review board's findings were supported by substantial evidence in view of the record before the board and whether the sanction imposed by the commissioner was authorized by law or rule.

The workers' compensation court of appeals may adopt rules necessary to implement this subdivision.

Sec. 8. Minnesota Statutes 1990, section 176.103, subdivision 3, is amended to read:

Subd. 3. [MEDICAL SERVICES REVIEW BOARD; SELECTION; POWERS.] (a) There is created a medical services review board composed of the commissioner or the commissioner's designee as an ex officio member, two persons representing chiropractic, one person representing hospital administrators, and six physicians representing different specialties which the commissioner determines are the most frequently utilized by injured employees. The board shall also have one person representing employees, one person representing employers or insurers, and one person representing the general public. The members shall be appointed by the commissioner and shall be governed by section 15.0575. Terms of the board's members may be renewed. The board may appoint from its members whatever subcommittees it deems appropriate.

The commissioner may appoint alternates for one-year terms to serve as a member when a member is unavailable. The number of alternates shall not exceed one chiropractor, one hospital administrator, three physicians, one employee representative, one employer or insurer representative, and one representative of the general public.

The board shall review clinical results for adequacy and recommend to the commissioner scales for disabilities and apportionment.

The board shall review and recommend to the commissioner rates for individual clinical procedures and aggregate costs. The board shall assist the commissioner in accomplishing public education.

In evaluating the clinical consequences of the services provided to an employee by a clinical health care provider, the board shall consider the following factors in the priority listed:

- (1) the clinical effectiveness of the treatment;
- (2) the clinical cost of the treatment; and
- (3) the length of time of treatment.

The board shall advise the commissioner on the adoption of rules regarding all aspects of medical care and services provided to injured employees.

(b) The medical services review board may upon petition from the commissioner and after hearing, issue a penalty of \$200 per violation, disqualify, or suspend a provider from receiving payment for services rendered under this chapter if a provider has violated any part of this chapter or rule adopted under this chapter. The hearings are initiated by the commissioner under the contested case procedures of chapter 14. The board shall make the final decision following receipt of the recommendation of the administrative law judge. The board's decision is appealable to the workers' compensation court of appeals in the manner provided by section 176.421.

(c) The board may adopt rules of procedure. The rules may be joint rules with the rehabilitation review panel.

(d) The board must adopt rules defining standards of treatment including inappropriate, unnecessary, or excessive treatment. The board may adopt by reference rules providing standards of treatment including those adopted by federal or state government agencies. The board shall adopt rules under this paragraph using the procedures of sections 14.22 to 14.28, except that no public hearing shall be required notwithstanding section 14.25.

Sec. 9. Minnesota Statutes 1990, section 176.135, subdivision 1, is amended to read:

Subdivision 1. [MEDICAL, PSYCHOLOGICAL, CHIROPRACTIC, PODIATRIC, SURGICAL, HOSPITAL.] (a) The employer shall furnish any medical, psychological, chiropractic, podiatric, surgical and hospital treatment, including nursing, medicines, medical, chiropractic, podiatric, and surgical supplies, crutches and apparatus, including artificial members, or, at the option of the employee, if the employer has not filed notice as hereinafter provided, Christian Science treatment in lieu of medical treatment, chiropractic medicine and medical supplies, as may reasonably be required at the time of the injury and any time thereafter to cure and relieve from the effects of the injury. This treatment shall include treatments necessary to physical rehabilitation.

(b) The employer shall pay for the reasonable value of nursing services provided by a member of the employee's family in cases of permanent total disability.

(c) Exposure to rabies is an injury and an employer shall furnish preventative treatment to employees exposed to rabies.

(d) The employer shall furnish replacement or repair for artificial members, glasses, or spectacles, artificial eyes, podiatric orthotics, dental bridge work, dentures or artificial teeth, hearing aids, canes, crutches, or wheel chairs damaged by reason of an injury arising out of and in the course of the employment. For the purpose of this paragraph, "injury" includes damage wholly or in part to an artificial member. In case of the employer's inability or refusal seasonably to ~~do so~~ provide the items required to be provided under this paragraph, the employer is liable for the reasonable expense incurred by or on behalf of the employee in providing the same, including costs of copies of any medical records or medical reports that are in existence, obtained from health care providers, and that directly relate to the items for which payment is sought under this chapter, limited to the charges allowed by subdivision 7, and attorney fees incurred by the employee. ~~No action to recover the cost of copies may be brought until the commissioner adopts a schedule of reasonable charges under subdivision 7.~~ Attorney's fees shall be determined on an hourly basis according to the

criteria in section 176.081, subdivision 5. ~~The employer shall pay for the reasonable value of nursing services by a member of the employee's family in cases of permanent total disability.~~

~~(b)~~ (e) Both the commissioner and the compensation judges have authority to make determinations under this section in accordance with sections 176.106 and 176.305.

(f) *Unless otherwise provided by this chapter, an employer may provide the treatment and supplies required to be provided by an employer by this chapter solely through a managed care plan certified under section 176.1351.*

Sec. 10. Minnesota Statutes 1990, section 176.135, subdivision 5, is amended to read:

Subd. 5. [OCCUPATIONAL DISEASE MEDICAL ELIGIBILITY.] Notwithstanding section 176.66, an employee who has contracted an occupational disease is eligible to receive compensation under this section even if the employee is not disabled from earning full wages at the work at which the employee was last employed.

Payment of compensation under this section shall be made by the employer and insurer on the date of the employee's last exposure to the hazard of the occupational disease. Reimbursement for medical benefits paid under this subdivision or subdivision 1a is allowed from the employer and insurer liable under section 176.66, subdivision 10, only in the case of disablement.

Sec. 11. Minnesota Statutes 1990, section 176.135, subdivision 6, is amended to read:

Subd. 6. [COMMENCEMENT OF PAYMENT.] As soon as reasonably possible, and no later than 30 calendar days after receiving the bill, the employer or insurer shall pay the charge or any portion of the charge which is not denied, ~~or deny all or a part of the charge on the basis of excessiveness or noncompensability, or specify the additional data needed,~~ with written notification to the employee and the provider *explaining the basis for denial. All or part of a charge must be denied if any of the following conditions exist:*

- (1) the injury or condition is not compensable under this chapter;*
- (2) the charge or service is excessive under this section or section 176.136;*
- (3) the charges are not submitted on the prescribed billing form; or*
- (4) additional medical records or reports are required under subdivision 7 to substantiate the nature of the charge and its relationship to the work injury.*

If payment is denied under clause (3) or (4), the employer or insurer shall reconsider the charges in accordance with this subdivision within 30 calendar days after receiving additional medical data, a prescribed billing form, or documentation of enrollment or certification as a provider.

Sec. 12. Minnesota Statutes 1990, section 176.135, subdivision 7, is amended to read:

Subd. 7. [MEDICAL BILLS AND RECORDS.] Health care providers shall submit to the insurer an itemized statement of charges *on a billing form prescribed by the commissioner.* Health care providers ~~other than hospitals~~ shall also submit copies of medical records or reports that substantiate

the nature of the charge and its relationship to the work injury; ~~provided, however, that hospitals must submit any copies of records or reports requested under subdivision 6.~~ Health care providers may charge for copies of any records or reports that are in existence and directly relate to the items for which payment is sought under this chapter. ~~Charges for copies provided under this subdivision shall be reasonable.~~ The commissioner shall adopt a schedule of reasonable charges by ~~emergency rules rule.~~

A health care provider shall not collect, attempt to collect, refer a bill for collection, or commence an action for collection against the employee, employer, or any other party until the information required by this section has been furnished.

Sec. 13. [176.1351] [MANAGED CARE.]

Subdivision 1. [APPLICATION.] Any person or entity, other than a workers' compensation insurer or an employer for its own employees, may make written application to the commissioner to have a plan certified that provides managed care to injured workers for injuries and diseases compensable under this chapter. Specifically, and without limitation, an entity licensed under chapter 62C or 62D or a preferred provider organization that is subject to chapter 72A is eligible for certification under this section. Each application for certification shall be accompanied by a reasonable fee prescribed by the commissioner. A certificate is valid for the period the commissioner prescribes unless revoked or suspended. Application for certification shall be made in the form and manner and shall set forth information regarding the proposed plan for providing services as the commissioner may prescribe. A plan may be certified to provide services in a limited geographic area. The information shall include, but not be limited to:

(1) a list of the names of all health care providers who will provide services under the managed care plan, together with appropriate evidence of compliance with any licensing or certification requirements for those providers to practice in this state;

(2) a description of the places and manner of providing services under the plan; or

(3) satisfactory evidence of ability to comply with any financial requirements to ensure delivery of service in accordance with the plan which the commissioner may prescribe.

Subd. 2. [CERTIFICATION.] The commissioner shall certify a managed care plan if the commissioner finds that the plan:

(1) proposes to provide services that meet uniform quality, continuity, and other treatment standards prescribed by the commissioner and all medical and health care services that may be required by this chapter in a manner that is timely, effective, and convenient for the worker;

(2) is reasonably geographically convenient to employees it serves;

(3) provides appropriate financial incentives to reduce service costs and utilization without sacrificing the quality of service;

(4) provides adequate methods of peer review, utilization review, and dispute resolution to prevent inappropriate, excessive, or not medically necessary treatment, excludes participation in the plan by those individuals who violate these treatment standards;

- (5) provides a procedure for the resolution of medical disputes;
- (6) provides a program for early return to work and cooperative efforts by the workers, the employer, and the managed care plan to promote workplace health and safety consultative and other services;
- (7) provides a timely and accurate method of reporting to the commissioner necessary information regarding medical and health care service cost and utilization to enable the commissioner to determine the effectiveness of the plan;
- (8) authorizes workers to receive compensable treatment from a health care provider who is not a member of the managed care plan, if that provider maintains the employee's medical records and has a documented history of treatment with the employee and agrees to refer the employee to the managed care plan for any treatment that can only be furnished by another provider that the employee may require and if the health care provider agrees to comply with all the rules, terms, and conditions of the managed care plan;
- (9) authorizes necessary emergency medical treatment for an injury provided by a health care provider not a part of the managed care plan;
- (10) does not discriminate against or exclude from participation in the plan any category of health care provider and includes an adequate number of each category of health care providers to give workers convenient geographic accessibility to all categories of providers and adequate flexibility to choose health care providers from among those who provide services under the plan;
- (11) provides an employee the right to change health care providers under the plan at least once; and
- (12) complies with any other requirement the commissioner determines is necessary to provide quality medical services and health care to injured workers.

Subd. 3. [DISPUTE RESOLUTION.] An employee must exhaust the dispute resolution procedure of the certified managed care plan prior to filing a petition or otherwise seeking relief from the commissioner or a compensation judge on an issue related to managed care. If an employee has exhausted the dispute resolution procedure of the managed care plan on the issue of a rating for a disability, the employee may seek a disability rating from a health care provider outside of the managed care organization. The employer is liable for the reasonable fees of the outside provider as limited by the medical fee schedule adopted under this chapter.

Subd. 4. [TREATMENT STANDARDS.] The commissioner shall consider treatment standards developed by the health care profession affected, if any, before prescribing treatment standards under subdivision 2.

Subd. 5. [ACCESS TO ALL HEALTH CARE DISCIPLINES.] The commissioner shall refuse to certify or shall revoke or suspend the certification of a managed care plan that unfairly restricts direct access within the managed care plan to any health care provider profession. Direct access within the managed care plan is unfairly restricted if direct access is denied and the treatment or service sought is within the scope of practice of the profession to which direct access is sought and is appropriate under the standards of treatment adopted by the commissioner.

Subd. 6. [REVOCACTION, SUSPENSION, AND REFUSAL TO CERTIFY.] The commissioner shall refuse to certify or shall revoke or suspend the certification of a managed care plan if the commissioner finds that the plan for providing medical or health care services fails to meet the requirements of this section, or service under the plan is not being provided in accordance with the terms of a certified plan.

Subd. 7. [RULES.] (a) The commissioner shall adopt rules necessary to implement this section.

(b) The commissioner shall adopt rules under this section using the procedures of sections 14.22 to 14.28, except that no public hearing shall be required notwithstanding section 14.25. This paragraph applies to rules adopted pursuant to a notice of intention to adopt a rule without a public hearing published before July 1, 1995.

Sec. 14. Minnesota Statutes 1990, section 176.136, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE.] (a) The commissioner shall by rule establish procedures for determining whether or not the charge for a health service is excessive. In order to accomplish this purpose, the commissioner shall consult with insurers, associations and organizations representing the medical and other providers of treatment services and other appropriate groups.

(b) The procedures established by the commissioner shall must limit, in accordance with subdivisions 1a, 1b, and 1c, the charges allowable for medical, chiropractic, podiatric, surgical, hospital and other health care provider treatment or services, as defined and compensable under section 176.135, based upon billings for each class of health care provider during all of the calendar year preceding the year in which the determination is made of the amount to be paid the health care provider for the billing. The procedures established by the commissioner for determining whether or not the charge for a health service is excessive shall must be structured to encourage providers to develop and deliver services for rehabilitation of injured workers. The procedures shall must incorporate the provisions of sections 144.701, 144.702, and 144.703 to the extent that the commissioner finds that these provisions effectively accomplish the intent of this section or are otherwise necessary to insure that quality hospital care is available to injured employees.

Sec. 15. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1a. [RELATIVE VALUE FEE SCHEDULE.] The liability of an employer for services included in the medical fee schedule is limited to the maximum fee allowed by the schedule in effect on the date of the medical service, or the provider's actual fee, whichever is lower. The medical fee schedule effective on October 1, 1991, shall remain in effect until the commissioner adopts a new schedule by permanent rule. The commissioner shall adopt permanent rules regulating fees allowable for medical, chiropractic, podiatric, surgical, hospital outpatient, and other health care provider treatment or service by implementing a relative value fee schedule to be effective on October 1, 1993. The commissioner may adopt by reference the relative value fee schedule adopted for the federal Medicare program or a relative value fee schedule adopted by other federal or state agencies. The relative value fee schedule shall contain reasonable classifications including, but not limited to, classifications that differentiate among health

care provider disciplines. The commissioner shall adopt rules under this subdivision using the procedures of sections 14.22 to 14.28, except that no public hearing shall be required notwithstanding section 14.25. The conversion factors for the relative value fee schedule must reasonably reflect a 15 percent overall reduction from the medical fee schedule most recently in effect. The reduction need not be applied equally to all treatment or services, but must represent a gross 15 percent reduction.

After permanent rules have been adopted to implement this section, the conversion factors must be adjusted annually on October 1 by the percentage change computed under section 176.645, but without the annual cap provided by that section. The commissioner shall annually give notice in the State Register of the adjusted conversion factors. This notice shall be in lieu of the requirements of chapter 14.

Sec. 16. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1b. [LIMITATION OF LIABILITY.] (a) The liability of the employer for treatment, articles, and supplies provided to an employee while an inpatient or outpatient at a small hospital shall be the hospital's usual and customary charge, unless the charge is determined by the commissioner or a compensation judge to be unreasonably excessive. A "small hospital," for purposes of this paragraph, is a hospital which has 100 or fewer licensed beds.

(b) The liability of the employer for the treatment, articles, and supplies that are not limited by subdivision 1a or 1c, or paragraph (a) shall be limited to 85 percent of the provider's usual and customary charge, or 85 percent of the prevailing charges for similar treatment, articles, and supplies furnished to an injured person when paid for by the injured person, whichever is lower. On this basis, the commissioner or compensation judge may determine the reasonable value of all treatment, services, and supplies, and the liability of the employer is limited to that amount.

Sec. 17. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1c. [CHARGES FOR INDEPENDENT MEDICAL EXAMINATIONS.] The commissioner shall adopt rules that reasonably limit amounts which may be charged for, or in connection with, independent or adverse medical examinations requested by any party, including the amount that may be charged for depositions, witness fees, or other expenses. The scheduled amount for the examination itself may not exceed the scheduled amount for complex consultations by treating physicians, although additional reasonable charges may be permitted to reflect additional duties or activities. No party may pay fees above the amount in the schedule.

Sec. 18. Minnesota Statutes 1990, section 176.136, subdivision 2, is amended to read:

Subd. 2. [EXCESSIVE FEES.] If the employer or insurer determines that the charge for a health service or medical service is excessive, no payment in excess of the reasonable charge for that service shall be made under this chapter nor may the provider collect or attempt to collect from the injured employee or any other insurer or government amounts in excess of the amount payable under this chapter unless the commissioner, compensation judge, or court of appeals determines otherwise. In such a case, the health care provider may initiate an action under this chapter for recovery of the

amounts deemed excessive by the employer or insurer, but the employer or insurer shall have the burden of proving excessiveness.

A charge for a health service or medical service is excessive if it:

(1) exceeds the maximum permissible charge pursuant to subdivision 1, 1a, 1b, or 1c;

(2) is for a service provided at a level, duration, or frequency that is excessive, based upon accepted medical standards for quality health care and accepted rehabilitation standards;

(3) is for a service that is outside the scope of practice of the particular provider or is not generally recognized within the particular profession of the provider as of therapeutic value for the specific injury or condition treated; or

(4) is otherwise deemed excessive or inappropriate pursuant to rules adopted pursuant to this chapter.

Sec. 19. Minnesota Statutes 1990, section 176.155, subdivision 1, is amended to read:

Subdivision 1. [EMPLOYER'S PHYSICIAN.] The injured employee must submit to examination by the employer's physician, if requested by the employer, and at reasonable times thereafter upon the employer's request. *The examination must be scheduled at a location within 150 miles of the employee's residence unless the employer can show cause to the department to order an examination at a location further from the employee's residence.* The employee is entitled upon request to have a personal physician present at any such examination. Each party shall defray the cost of that party's physician. Any report or written statement made by the employer's physician as a result of an examination of the employee, regardless of whether the examination preceded the injury or was made subsequent to the injury, shall be made available, upon request and without charge, to the injured employee or representative of the employee. The employer shall pay reasonable travel expenses incurred by the employee in attending the examination including mileage, parking, and, if necessary, lodging and meals. The employer shall also pay the employee for any lost wages resulting from attendance at the examination. A self-insured employer or insurer who is served with a claim petition pursuant to section 176.271, subdivision 1, or 176.291, shall schedule any necessary examinations of the employee, if an examination by the employer's physician or health care provider is necessary to evaluate benefits claimed. The examination shall be completed and the report of the examination shall be served on the employee and filed with the commissioner within 120 days of service of the claim petition.

No evidence relating to the examination or report shall be received or considered by the commissioner, a compensation judge, or the court of appeals in determining any issues unless the report has been served and filed as required by this section, unless a written extension has been granted by the commissioner or compensation judge. The commissioner or a compensation judge shall extend the time for completing the adverse examination and filing the report upon good cause shown. The extension must not be for the purpose of delay and the insurer must make a good faith effort to comply with this subdivision. Good cause shall include but is not limited to:

(1) that the extension is necessary because of the limited number of

physicians or health care providers available with expertise in the particular injury or disease, or that the extension is necessary due to the complexity of the medical issues, or

(2) that the extension is necessary to gather additional information which was not included on the petition as required by section 176.291.

Sec. 20. Minnesota Statutes 1990, section 176.83, subdivision 5, is amended to read:

Subd. 5. [EXCESSIVE MEDICAL SERVICES.] In consultation with the medical services review board or the rehabilitation review panel, rules establishing standards and procedures for determining whether a provider of health care services and rehabilitation services, including a provider of medical, chiropractic, podiatric, surgical, hospital or other services, is performing procedures or providing services at a level or with a frequency that is excessive, based upon accepted medical standards for quality health care and accepted rehabilitation standards.

If it is determined by the payer that the level, frequency or cost of a procedure or service of a provider is excessive according to the standards established by the rules, the provider shall not be paid for the excessive procedure, service, or cost by an insurer, self-insurer, or group self-insurer, and the provider shall not be reimbursed or attempt to collect reimbursement for the excessive procedure, service, or cost from any other source, including the employee, another insurer, the special compensation fund, or any government program unless the commissioner or compensation judge determines at a hearing or administrative conference that the level, frequency, or cost was not excessive in which case the insurer, self-insurer, or group self-insurer shall make the payment deemed reasonable.

A health or rehabilitation provider who is determined by the rehabilitation review panel or medical services review board, after hearing, to be consistently performing procedures or providing services at an excessive level or cost may be prohibited from receiving any further reimbursement for procedures or services provided under this chapter. A prohibition imposed on a provider under this subdivision may be grounds for revocation or suspension of the provider's license or certificate of registration to provide health care or rehabilitation service in Minnesota by the appropriate licensing or certifying body.

~~The rules adopted under this subdivision shall require insurers, self-insurers, and group self-insurers to report medical and other data necessary to implement the procedures required by this clause.~~

Sec. 21. Minnesota Statutes 1990, section 176.83, is amended by adding a subdivision to read:

Subd. 5a. [REPORTING.] Rules requiring insurers, self-insurers, and group self-insurers to report medical and other data necessary to implement the procedures required by this chapter.

Sec. 22. [MANDATED REDUCTIONS.]

(a) As a result of the workers' compensation law changes in this article and the resulting savings to the costs of Minnesota's workers' compensation system, an insurer's approved schedule of workers' compensation rates in effect on October 1, 1992, must be reduced by 5.7 percent and applied by the insurer to all policies with an effective date between October 1, 1992, and March 31, 1993. For purposes of this section, "insurer" includes the

assigned risk plan, and "rates" include rates approved by the commissioner of commerce for the assigned risk plan. The reduction mandated by this section must also be applied on a prorated basis to the unexpired portion of all workers' compensation policies on October 1, 1992. An insurer shall provide a written notice by November 1, 1992, to all workers' compensation policyholders having an unexpired policy with the insurer as of October 1, 1992, that reads as follows: "As a result of the changes in the workers' compensation system enacted by the 1992 legislature, you are entitled to a prorated reduction of 5.7 percent on your current policy premium."

(b) No rate increases may be filed between April 1, 1992, and April 1, 1993.

(c) The commissioner of commerce shall determine if the mandated workers' compensation insurance rate reductions required under this section have been implemented by insurers, both as to amount and in a manner that is uniform and nondiscriminatory between employers having similar risks with respect to a particular occupational classification. The commissioner shall present a report detailing the findings and conclusions to the legislature by March 1, 1993.

(d) The rate reduction mandated in this article is in addition to any other reduction required by law.

Sec. 23. [UTILIZATION OF HIGH TECHNOLOGY MEDICAL PROCEDURES.]

The commissioner of labor and industry shall appoint a committee to study the utilization of high technology medical procedures for treatment of injuries under Minnesota Statutes, chapter 176. The committee must include physicians, hospital representatives, medical device manufacturers, purchasers, consumers, and ethicists. The study must specifically examine excessive use of technology. The commissioner shall report the results of the study together with any proposals for legislation to the legislature by January 30, 1993.

Sec. 24. [REPEALER.]

Minnesota Statutes 1990, sections 176.135, subdivision 3; and 176.136, subdivision 5, are repealed.

Sec. 25. [EFFECTIVE DATE.]

Section 22 of this article and the rulemaking authority granted to the commissioner of labor and industry and the medical services review board by sections 6, 8, and 13 are effective the day following final enactment. The rest of this article is effective October 1, 1992."

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1991 Supplement, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver on or before November 10 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year as required in paragraph (d) or (e) and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail.

(d) Except as provided in paragraph (e), for taxes levied in 1990 and 1991, the notice must state by county, city or town, and school district:

(1) the total proposed or, for a town, final property tax levy for taxes payable the following year after reduction for state aid;

(2) the percentage increase or decrease from the actual property tax levy for taxes payable in the current year; and

(3) for counties, cities, and towns, the increase or decrease in population from the second previous calendar year to the immediately prior calendar year, and for school districts, the increase or decrease in the number of pupils in average daily membership from the current school year to the immediately following school year as determined by the commissioner of education. The data used to determine the increase or decrease in population

under this clause must be the data used for purposes of the population adjustment to the levy limit base of the county, city, or town under section 275.51, subdivision 6.

For notices which are not parcel-specific, the notice must also state a total percentage increase or decrease in the proposed levy, relative to the actual property tax levy for taxes payable in the current year for the county, city or town, and school district. The county auditor shall compute the total percentage increase or decrease as an average percentage change weighted in proportion to each taxing jurisdiction's proportion of the total levy.

For purposes of this paragraph, "proposed property taxes after reduction for state aid" means the taxing authority's levy certified under section 275.07, subdivision 1.

(e) In the case of a county containing a city of the first class, or taxing authority lying wholly within a county or counties containing a city of the first class, for taxes levied in 1991, and thereafter, and for all counties for taxes levied in 1992 and thereafter, the notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year;

(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(f) In the case of a county subject to the taxing authority of the metropolitan mosquito control commission, the notice must state for each parcel the increase or decrease in taxes payable to the commission expressed as a dollar amount and a percentage of total property tax.

~~(g)~~ (g) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes.

~~(g)~~ (h) Except as provided in subdivision 7, failure of the county auditor

to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

~~(h)~~ (i) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 13 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

Sec. 2. Minnesota Statutes 1990, section 473.711, subdivision 2, is amended to read:

Subd. 2. The metropolitan mosquito control commission shall prepare an annual budget. The budget may provide for expenditures in an amount not exceeding the property tax levy limitation determined in this subdivision. The commission may levy a tax on all taxable property in the district as defined in section 473.702 to provide funds for the purposes of sections 473.701 to 473.716. The tax shall not exceed the property tax levy limitation determined in this subdivision. A participating county may agree to levy an additional tax to be used by the commission for the purposes of sections 473.701 to 473.716 but the sum of the county's and commission's taxes may not exceed the county's proportionate share of the property tax levy limitation determined under this subdivision based on the ratio of its total net tax capacity to the total net tax capacity of the entire district as adjusted by section 270.12, subdivision 3. The auditor of each county in the district shall add the amount of the levy made by the district to other taxes of the county for collection by the county treasurer with other taxes. When collected, the county treasurer shall make settlement of the tax with the district in the same manner as other taxes are distributed to political subdivisions. No county shall levy any tax for mosquito, disease vectoring tick, and black gnat (*Simuliidae*) control except under sections 473.701 to 473.716. The levy shall be in addition to other taxes authorized by law and shall be disregarded in the calculation of limits on taxes imposed by chapter 275.

The property tax levied by the metropolitan mosquito control commission shall not exceed the following amount for the years specified:

(a) for taxes payable in 1988, the product of six-tenths on one mill multiplied by the total assessed valuation of all taxable property located within the district as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

(b) for taxes payable in 1989, the product of (1) the commission's property tax levy limitation for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property located within the district divided by the assessment year 1987 total market valuation of all taxable property located within the district; and

(c) for taxes payable in 1990 and subsequent years, the product of (1) the

commission's property tax levy limitation for the previous year determined under this subdivision multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property located within the district for the current assessment year divided by the total market valuation of all taxable property located within the district for the previous assessment year.

For the purpose of determining the commission's property tax levy limitation for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property within the district without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425) .00405 percent of tax capacity for property taxes payable in 1993 and subsequent years.

Sec. 3. Minnesota Statutes 1990, section 473.714, is amended to read:
473.714 [COMPENSATION OF COMMISSIONERS.]

Subdivision 1. [COMPENSATION.] Except as provided in subdivision 2, each commissioner, including the officers of the commission shall be reimbursed for actual and necessary expenses incurred in the performance of duties. The chair shall be paid a per diem for attending meetings, monthly, executive, and special, and each commissioner shall be paid a per diem for attending meetings, monthly, executive, and special, which per diem shall be established by the commission; ~~such expense reimbursement and per diem notwithstanding any other funds which such commissioners may receive from any other public body.~~ A commissioner who receives a per diem from the commissioner's county shall not be paid a per diem for the same day by the commission for attending meetings of the commission. The annual budget of the commission shall provide as a separate account anticipated expenditures for per diem, travel and associated expenses for the chair and members, and compensation or reimbursement shall be made to the chair or members only when budgeted.

Subd. 2. [CERTAIN COMMISSIONERS.] A commissioner whose annual public salary is \$25,000 or more shall only be reimbursed for expenses related to travel."

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1991 Supplement, section 72A.201, subdivision 6, is amended to read:

Subd. 6. [STANDARDS FOR AUTOMOBILE INSURANCE CLAIMS HANDLING, SETTLEMENT OFFERS, AND AGREEMENTS.] In addition to the acts specified in subdivisions 4, 5, 7, 8, and 9, the following acts by an insurer, adjuster, or a self-insured or self-insurance administrator constitute unfair settlement practices:

(1) if an automobile insurance policy provides for the adjustment and settlement of an automobile total loss on the basis of actual cash value or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:

(a) comparable and available replacement automobile, with all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile's license, and other fees incident to the transfer or evidence of ownership of the automobile paid, at no cost to the insured other than the deductible amount as provided in the policy;

(b) a cash settlement based upon the actual cost of purchase of a comparable automobile, including all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile's license, and other fees incident to transfer of evidence of ownership, less the deductible amount as provided in the policy. The costs must be determined by:

(i) the cost of a comparable automobile, adjusted for mileage, condition, and options, in the local market area of the insured, if such an automobile is available in that area; or

(ii) one of two or more quotations obtained from two or more qualified sources located within the local market area when a comparable automobile is not available in the local market area. The insured shall be provided the information contained in all quotations prior to settlement; or

(iii) any settlement or offer of settlement which deviates from the procedure above must be documented and justified in detail. The basis for the settlement or offer of settlement must be explained to the insured;

(2) if an automobile insurance policy provides for the adjustment and settlement of an automobile partial loss on the basis of repair or replacement with like kind and quality and the insured is not an automobile dealer, failing

to offer one of the following methods of settlement:

(a) to assume all costs, including reasonable towing costs, for the satisfactory repair of the motor vehicle. Satisfactory repair includes repair of both obvious and hidden damage as caused by the claim incident. This assumption of cost may be reduced by applicable policy provision; or

(b) to offer a cash settlement sufficient to pay for satisfactory repair of the vehicle. Satisfactory repair includes repair of obvious and hidden damage caused by the claim incident, and includes reasonable towing costs;

(3) regardless of whether the loss was total or partial, in the event that a damaged vehicle of an insured cannot be safely driven, failing to exercise the right to inspect automobile damage prior to repair within five business days following receipt of notification of claim. In other cases the inspection must be made in 15 days;

(4) regardless of whether the loss was total or partial, requiring unreasonable travel of a claimant or insured to inspect a replacement automobile, to obtain a repair estimate, to allow an insurer to inspect a repair estimate, to allow an insurer to inspect repairs made pursuant to policy requirements, or to have the automobile repaired;

(5) regardless of whether the loss was total or partial, if loss of use coverage exists under the insurance policy, failing to notify an insured at the time of the insurer's acknowledgment of claim, or sooner if inquiry is made, of the fact of the coverage, including the policy terms and conditions affecting the coverage and the manner in which the insured can apply for this coverage;

(6) regardless of whether the loss was total or partial, failing to include the insured's deductible in the insurer's demands under its subrogation rights. Subrogation recovery must be shared at least on a proportionate basis with the insured, unless the deductible amount has been otherwise recovered by the insured, except that when an insurer is recovering directly from an uninsured third party by means of installments, the insured must receive the full deductible share as soon as that amount is collected and before any part of the total recovery is applied to any other use. No deduction for expenses may be made from the deductible recovery unless an attorney is retained to collect the recovery, in which case deduction may be made only for a pro rata share of the cost of retaining the attorney;

(7) requiring as a condition of payment of a claim that repairs to any damaged vehicle must be made by a particular contractor or repair shop or that parts, other than window glass, must be replaced with parts other than original equipment parts;

(8) where liability is reasonably clear, failing to inform the claimant in an automobile property damage liability claim that the claimant may have a claim for loss of use of the vehicle;

(9) failing to make a good faith assignment of comparative negligence percentages in ascertaining the issue of liability;

(10) failing to pay any interest required by statute on overdue payment for an automobile personal injury protection claim;

(11) if an automobile insurance policy contains either or both of the time limitation provisions as permitted by section 65B.55, subdivisions 1 and 2, failing to notify the insured in writing of those limitations at least 60

days prior to the expiration of that time limitation;

(12) if an insurer chooses to have an insured examined as permitted by section 65B.56, subdivision 1, failing to notify the insured of all of the insured's rights and obligations under that statute, including the right to request, in writing, and to receive a copy of the report of the examination;

(13) failing to provide, to an insured who has submitted a claim for benefits described in section 65B.44, a complete copy of the insurer's claim file on the insured, excluding internal company memoranda, all materials that relate to any insurance fraud investigation, materials that constitute attorney work-product or that qualify for the attorney-client privilege, and medical reviews that are subject to section 145.64, within ten business days of receiving a written request from the insured. The insurer may charge the insured a reasonable copying fee. This clause supersedes any inconsistent provisions of sections 72A.49 to 72A.505;

(14) if an automobile policy provides for the adjustment or settlement of an automobile loss due to damaged window glass, failing to assume all *reasonable* costs sufficient to pay the insured's chosen vendor for the *repair or replacement* of comparable window glass ~~at a price generally available in the area~~. This clause does not prohibit an insurer from recommending a vendor to the insured or from agreeing with a vendor to perform work at an agreed-upon price-, *provided, however, that before recommending a vendor, the insurer shall offer its insured the opportunity to choose the vendor;*

(15) requiring that the repair or replacement of motor vehicle glass and related products and services be made in a particular place or shop or by a particular entity, or by otherwise limiting the ability of the insured to select the place, shop, or entity to repair or replace the motor vehicle glass and related products and services; or

(16) engaging in any act or practice of intimidation, coercion, threat, incentive, or inducement for or against an insured to use a particular company or location to provide the motor vehicle glass repair or replacement services or products. For purposes of this section, a warranty shall not be considered an inducement or incentive.

(a) Counsel the child or the parents, guardian, or custodian;

(b) Place the child under the supervision of a probation officer or other suitable person in the child's own home under conditions prescribed by the court including reasonable rules for the child's conduct and the conduct of the child's parents, guardian, or custodian, designed for the physical, mental, and moral well-being and behavior of the child, or with the consent of the commissioner of corrections, in a group foster care facility which is under the management and supervision of said commissioner;

(c) Subject to the supervision of the court, transfer legal custody of the child to one of the following:

(1) a child placing agency; or

(2) the county welfare board; or

(3) a reputable individual of good moral character. No person may receive custody of two or more unrelated children unless licensed as a residential facility pursuant to sections 245A.01 to 245A.16; or

(4) a county home school, if the county maintains a home school or enters into an agreement with a county home school; or

(5) a county probation officer for placement in a group foster home established under the direction of the juvenile court and licensed pursuant to section 241.021;

(d) Transfer legal custody by commitment to the commissioner of corrections;

(e) If the child is found to have violated a state or local law or ordinance which has resulted in damage to the person or property of another, the court may order the child to make reasonable restitution for such damage;

(f) Require the child to pay a fine of up to \$700; the court shall order payment of the fine in accordance with a time payment schedule which shall not impose an undue financial hardship on the child;

(g) If the child is in need of special treatment and care for reasons of physical or mental health, the court may order the child's parent, guardian, or custodian to provide it. If the parent, guardian, or custodian fails to provide this treatment or care, the court may order it provided;

(h) If the court believes that it is in the best interests of the child and of public safety that the driver's license of the child be canceled until the child's 18th birthday, the court may recommend to the commissioner of public safety the cancellation of the child's license for any period up to the child's 18th birthday, and the commissioner is hereby authorized to cancel such license without a hearing. At any time before the termination of the period of cancellation, the court may, for good cause, recommend to the commissioner of public safety that the child be authorized to apply for a new license, and the commissioner may so authorize.

If the child is petitioned and found by the court to have committed or attempted to commit an act in violation of section 609.342, 609.343, 609.344, ~~or 609.345~~, 609.3451, 609.746, subdivision 1, 609.79, or 617.23, the court shall order an independent professional assessment of the child's need for sex offender treatment. An assessor providing an assessment for the court may not have any direct or shared financial interest or referral relationship resulting in shared financial gain with a treatment provider. If the assessment indicates that the child is in need of and amenable to sex offender treatment, the court shall include in its disposition order a requirement that the child undergo treatment.

Any order for a disposition authorized under this section shall contain written findings of fact to support the disposition ordered, and shall also set forth in writing the following information:

(a) why the best interests of the child are served by the disposition ordered; and

(b) what alternative dispositions were considered by the court and why such dispositions were not appropriate in the instant case.

Sec. 10. Minnesota Statutes 1991 Supplement, section 609.135, subdivision 2, is amended to read:

(c) If the conviction is for any misdemeanor under section 169.121; 609.3451; 609.746, subdivision 1; 609.79; or 617.23; or for a misdemeanor under section 609.224, subdivision 1, in which the victim of the crime was a family or household member as defined in section 518B.01, the stay shall be for not more than two years. The court shall provide for unsupervised probation for the second year of the stay unless the court finds that the defendant needs supervised probation for all or part of the second year.

(d) If the conviction is for a misdemeanor not specified in paragraph (c), the stay shall be for not more than one year.

(e) The defendant shall be discharged when the stay expires, unless the stay has been revoked or extended under paragraph (f), or the defendant has already been discharged.

(f) Notwithstanding the maximum periods specified for stays of sentences under paragraphs (a) to (e), a court may extend a defendant's term of probation for up to one year if it finds, at a hearing conducted under subdivision 1a, that:

(1) the defendant has not paid court-ordered restitution in accordance with the payment schedule or structure; and

(2) the defendant is likely to not pay the restitution the defendant owes before the term of probation expires.

This one-year extension of probation for failure to pay restitution may be extended by the court for up to one additional year if the court finds, at another hearing conducted under subdivision 1a, that the defendant still has not paid the court-ordered restitution that the defendant owes.

Sec. 11. Minnesota Statutes 1990, section 609.1352, subdivision 1, is amended to read:

Subdivision 1. [SENTENCING AUTHORITY.] A court ~~may~~ shall sentence a person to a term of imprisonment of not less than double the presumptive sentence under the sentencing guidelines and not more than the statutory maximum, or if the statutory maximum is less than double the presumptive sentence, to a term of imprisonment equal to the statutory maximum, if:

(2) the court finds that the offender is a danger to public safety; and

(3) the court finds that the offender needs long-term treatment or supervision beyond the presumptive term of imprisonment and supervised release. The finding must be based on a professional assessment by an examiner experienced in evaluating sex offenders that concludes that the offender is

a patterned sex offender. The assessment must contain the facts upon which the conclusion is based, with reference to the offense history of the offender or the severity of the current offense, the social history of the offender, and the results of an examination of the offender's mental status *unless the offender refuses to be examined*. The commissioner shall not dismiss the offender from supervision before the ~~sentence~~ conditional release term expires.

Conditional release granted under this subdivision is governed by provisions relating to supervised release, except as otherwise provided in this subdivision, section 244.04, subdivision 1, or 244.05.

ARTICLE 2

SENTENCING

Section 1. Minnesota Statutes 1990, section 244.01, subdivision 8, is amended to read:

Subd. 8. "Term of imprisonment," *as applied to inmates sentenced before August 1, 1993*, is the period of time to which an inmate is committed to

the custody of the commissioner of corrections minus earned good time. "*Term of imprisonment,*" as applied to inmates sentenced on or after August 1, 1993, is the period of time which an inmate is ordered to serve in prison by the sentencing court, plus any disciplinary confinement period imposed by the commissioner under section 244.05, subdivision 1a.

Sec. 2. Minnesota Statutes 1990, section 244.03, is amended to read:

244.03 [~~VOLUNTARY REHABILITATIVE PROGRAMS.~~]

The commissioner shall provide appropriate mental health programs and vocational and educational programs with employment-related goals for inmates who desire to voluntarily participate in such programs and for inmates who are required to participate in the programs under the disciplinary offense rules adopted by the commissioner under section 244.05, subdivision 1a. The selection, design and implementation of programs under this section shall be the sole responsibility of the commissioner, acting within the limitations imposed by the funds appropriated for such programs.

No action challenging the level of expenditures for programs authorized under this section, nor any action challenging the selection, design or implementation of these programs, may be maintained by an inmate in any court in this state.

Sec. 3. Minnesota Statutes 1990, section 244.04, subdivision 1, is amended to read:

Subdivision 1. [REDUCTION OF SENTENCE.] Notwithstanding the provisions of section 609.11, subdivision 6, and section 609.346, subdivision 1, the term of imprisonment of any inmate sentenced to a presumptive fixed sentence after May 1, 1980, and before August 1, 1993, shall be reduced in duration by one day for each two days during which the inmate violates none of the disciplinary offense rules promulgated by the commissioner. The reduction shall accrue to the period of supervised release to be served by the inmate, except that the period of supervised release for a sex offender sentenced and conditionally released by the commissioner under section 609.1352, subdivision 5, is governed by that provision.

Except as otherwise provided in subdivision 2, if an inmate sentenced before August 1, 1993, violates a disciplinary offense rule promulgated by the commissioner, good time earned prior to the violation may not be taken away, but the inmate may be required to serve an appropriate portion of the term of imprisonment after the violation without earning good time.

Sec. 4. Minnesota Statutes 1990, section 244.04, subdivision 3, is amended to read:

Subd. 3. The provisions of this section do not apply to an inmate serving a mandatory life sentence or to persons sentenced on or after August 1, 1993.

Sec. 5. Minnesota Statutes 1990, section 244.05, subdivision 1, is amended to read:

Subdivision 1. [SUPERVISED RELEASE REQUIRED.] Except as provided in subdivisions 1a, 4, and 5, every inmate shall serve a supervised release term upon completion of the inmate's term of imprisonment as reduced by any good time earned by the inmate or extended by confinement in punitive segregation pursuant to section 244.04, subdivision 2. Except for a sex offender conditionally released under section 609.1352, subdivision

5, the supervised release term shall be equal to the period of good time the inmate has earned, and shall not exceed the length of time remaining in the inmate's sentence.

Sec. 6. Minnesota Statutes 1990, section 244.05, is amended by adding a subdivision to read:

Subd. 1b. [SUPERVISED RELEASE; OFFENDERS SENTENCED ON OR AFTER AUGUST 1, 1993.] (a) Except as provided in subdivisions 4 and 5, every inmate sentenced to prison for a felony offense on or after August 1, 1993, shall serve a supervised release term upon completion of the term of imprisonment pronounced by the sentencing court under section 7 and any disciplinary confinement period imposed by the commissioner due to the inmate's violation of any disciplinary offense rule adopted by the commissioner under paragraph (b). The supervised release term shall be equal in length to the amount of time remaining in the inmate's imposed sentence after the inmate has served the pronounced term of imprisonment and any disciplinary confinement period imposed by the commissioner.

(b) By August 1, 1992, the commissioner shall modify the commissioner's existing disciplinary rules to specify disciplinary offenses which may result in imposition of a disciplinary confinement period and the length of the disciplinary confinement period for each disciplinary offense. These disciplinary offense rules may cover violation of institution rules, refusal to work, refusal to participate in treatment or other rehabilitative programs, and other matters determined by the commissioner. No inmate who violates a disciplinary rule shall be placed on supervised release until the inmate has served the disciplinary confinement period or until the inmate is discharged or released from punitive segregation confinement, whichever is later. The imposition of a disciplinary confinement period shall be considered to be a disciplinary sanction imposed upon an inmate, and the procedure for imposing the disciplinary confinement period and the rights of the inmate in the procedure shall be those in effect for the imposition of other disciplinary sanctions at each state correctional institution.

Sec. 7. [244.101] [SENTENCING OF FELONY OFFENDERS ON AND AFTER AUGUST 1, 1993.]

Subdivision 1. [SENTENCING AUTHORITY.] When a felony offender is sentenced to a fixed executed prison sentence on or after August 1, 1993, the sentence pronounced by the court shall consist of two parts: (1) a specified minimum term of imprisonment; and (2) a specified maximum supervised release term that is one-half of the minimum term of imprisonment. The lengths of the term of imprisonment and the supervised release term actually served by an inmate are subject to the provisions of section 244.05, subdivision 1a.

Subd. 2. [EXPLANATION OF SENTENCE.] When a court pronounces sentence under this section, it shall specify the amount of time the defendant will serve in prison and the amount of time the defendant will serve on supervised release, assuming the defendant commits no disciplinary offense in prison that may result in the imposition of a disciplinary confinement period. The court shall also explain that the defendant's term of imprisonment may be extended by the commissioner if the defendant commits any disciplinary offenses in prison and that this extension could result in the defendant's serving the entire pronounced sentence in prison. The court's explanation shall be included in the sentencing order.

Subd. 3. [NO RIGHT TO SUPERVISED RELEASE.] Notwithstanding the court's specification of the potential length of a defendant's supervised release term in the sentencing order, the court's order creates no right of a defendant to any specific, minimum length of a supervised release term.

Sec. 8. Minnesota Statutes 1990, section 609.15, subdivision 2, is amended to read:

~~Subd. 2. [LIMIT ON TERMS; MISDEMEANOR AND GROSS MISDEMEANOR.] If the court specifies that the sentence shall run consecutively, the total of the terms of imprisonment imposed, other than a term of imprisonment for life, shall not exceed 40 years. If and all of the sentences are for misdemeanors, the total of the terms of imprisonment shall not exceed one year; If all of the sentences are for gross misdemeanors, the total of such the terms shall not exceed three years.~~

Sec. 9. [EFFECTIVE DATE.]

Sections 1 to 7 are effective August 1, 1993, and apply to crimes committed on or after that date. Section 8 is effective August 1, 1992, and applies to crimes committed on or after that date.

Upon request of the county attorney, the attorney general shall appear in court in such criminal cases as the attorney general deems proper. *Upon request of a county attorney, the attorney general shall assume the duties of the county attorney in psychopathic personality commitment proceedings under section 526.10.* Whenever the governor shall so request, in writing, the attorney general shall prosecute any person charged with an indictable offense, and in all such cases may attend upon the grand jury and exercise the powers of a county attorney.

The assessment against appropriations supported by fees must be included in the fee calculation. The assessment against appropriations from the general fund not supported by fees must be one-half of the cost of providing the services. An amount equal to the general fund receipts in the even-numbered year of the biennium is appropriated to the attorney general for each year of the succeeding biennium. All other receipts from assessments must be deposited in the state treasury and credited to the general fund.

The attorney general in consultation with the commissioner of finance

shall assess political subdivisions fees to cover half the cost of legal services rendered to them; *except that the attorney general may not assess a county any fee for legal services rendered in connection with a psychopathic personality commitment proceeding under section 526.10 for which the attorney general assumes responsibility under section 8.01.*

Sec. 3. Minnesota Statutes 1990, section 244.05, is amended by adding a subdivision to read:

Subd. 7. [SEX OFFENDERS; CIVIL COMMITMENT DETERMINATION.] Before the commissioner releases from prison any inmate convicted of a sex offense under sections 609.342 to 609.345 or sentenced as a patterned sex offender, as defined in section 609.1352, the commissioner shall make a preliminary determination whether, in the commissioner's opinion, a petition under section 526.10 may be appropriate. If the commissioner determines that a petition may be appropriate, the commissioner shall forward this determination, along with a summary of the reasons for the determination, to the county attorney in the county where the inmate was convicted no later than six months before the inmate's release date. Upon receiving the commissioner's preliminary determination, the county attorney shall proceed in the manner provided in section 526.10. The commissioner shall release to the county attorney all requested documentation maintained by the department.

Sec. 4. Minnesota Statutes 1990, section 253B.18, subdivision 2, is amended to read:

Subd. 2. [REVIEW; HEARING.] A written treatment report shall be filed with the committing court within 60 days after commitment. If the person is in the custody of the commissioner of corrections when the initial commitment is ordered under subdivision 1, the written treatment report must be filed within 60 days after the person is admitted to the Minnesota security hospital or a private hospital receiving the person. The court, prior to making a final determination with regard to a person initially committed as mentally ill and dangerous to the public, shall hold a hearing. The hearing shall be held within the earlier of 14 days of the court's receipt of the written treatment report, if one is filed, or within 90 days of the date of initial commitment or admission, whichever is earlier, unless otherwise agreed by the parties. If the court finds that the patient qualifies for commitment as mentally ill, but not as mentally ill and dangerous to the public, the court may commit the person as a mentally ill person and the person shall be deemed not to have been found to be dangerous to the public for the purposes of subdivisions 4 to 15. Failure of the treatment facility to provide the required report at the end of the 60-day period shall not result in automatic discharge of the patient.

Sec. 5. Minnesota Statutes 1990, section 526.10, is amended to read:

526.10 [LAWS RELATING TO MENTALLY ILL PERSONS DANGEROUS TO THE PUBLIC TO APPLY TO PSYCHOPATHIC PERSONALITIES; TRANSFER OR COMMITMENT TO CORRECTIONS.]

Subdivision 1. [PROCEDURE.] Except as otherwise provided in this section or in chapter 253B, the provisions of chapter 253B, pertaining to persons mentally ill and dangerous to the public shall apply with like force and effect to persons having a psychopathic personality, to persons alleged to have such personality, and to persons found to have such personality, respectively. Before such proceedings are instituted, the facts shall first be

submitted to the county attorney, who, if satisfied that good cause exists therefor, shall prepare the petition to be executed by a person having knowledge of the facts and file the same with the judge of the probate court of the county in which the "patient," as defined in such statutes, has a settlement or is present. *If the patient is in the custody of the commissioner of corrections, the petition may be filed in the county where the conviction for which the person is incarcerated was entered.* The judge of probate shall thereupon follow the same procedures set forth in chapter 253B, for judicial commitment. The judge may exclude the general public from attendance at such hearing. Sec. 2. Minnesota Statutes 1991 Supplement, section 518B.01, subdivision 4, is amended to read:

Subd. 4. [ORDER FOR PROTECTION.] There shall exist an action known as a petition for an order for protection in cases of domestic abuse.

(a) A petition for relief under this section may be made by any family or household member personally or on behalf of minor family or household members.

(b) A petition for relief shall allege the existence of domestic abuse, and

shall be accompanied by an affidavit made under oath stating the specific facts and circumstances from which relief is sought.

(c) A petition for relief must state whether there is an existing order for protection in effect under this chapter governing both the parties and whether there is a pending lawsuit, complaint, petition or other action between the parties under chapter 257, 518, 518A, 518B, or 518C. The clerk of court shall verify the terms of any existing order governing the parties. The court may not delay granting relief because of the existence of a pending action between the parties or the necessity of verifying the terms of an existing order. A subsequent order in a separate action under this chapter may modify only the provision of an existing order that grants relief authorized under subdivision 6, paragraph (a), clause (1). A petition for relief may be granted, regardless of whether there is a pending action between the parties.

(d) The court shall provide simplified forms and clerical assistance to help with the writing and filing of a petition under this section.

(e) The court shall advise a petitioner under clause (d) of the right to file a motion and affidavit and to sue in forma pauperis pursuant to section 563.01 and shall assist with the writing and filing of the motion and affidavit.

Sec. 3. Minnesota Statutes 1991 Supplement, section 518B.01, subdivision 6, is amended to read:

Subd. 6. [RELIEF BY THE COURT.] (a) Upon notice and hearing, the court may provide relief as follows:

- (1) restrain the abusing party from committing acts of domestic abuse;
- (2) exclude the abusing party from the dwelling which the parties share or from the residence of the petitioner;
- (3) award temporary custody or establish temporary visitation with regard to minor children of the parties on a basis which gives primary consideration to the safety of the victim and the children. If the court finds that the safety of the victim or the children will be jeopardized by unsupervised or unrestricted visitation, the court shall condition or restrict visitation as to time, place, duration, or supervision, or deny visitation entirely, as needed to guard the safety of the victim and the children. The court's deliberation under this subdivision shall in no way delay the issuance of an order for protection granting other reliefs provided for in Laws 1985, chapter 195;
- (4) on the same basis as is provided in chapter 518, establish temporary support for minor children or a spouse, and order the withholding of support from the income of the person obligated to pay the support according to chapter 518;

- (6) order the abusing party to participate in treatment or counseling services;

(7) award temporary use and possession of property and restrain one or both parties from transferring, encumbering, concealing, or disposing of property except in the usual course of business or for the necessities of life, and to account to the court for all such transfers, encumbrances, dispositions, and expenditures made after the order is served or communicated to the party restrained in open court;

(8) exclude the abusing party from the place of employment of the petitioner, or otherwise limit access to the petitioner by the abusing party at the petitioner's place of employment; ~~and~~

(9) *order the abusing party to pay restitution to the petitioner; and*

(10) order, in its discretion, other relief as it deems necessary for the protection of a family or household member, including orders or directives to the sheriff or constable, as provided by this section.

(b) Any relief granted by the order for protection shall be for a fixed period not to exceed one year, except when the court determines a longer fixed period is appropriate.

(c) An order granting the relief authorized in paragraph (a), clause (1), may not be vacated or modified in a proceeding for dissolution of marriage or legal separation, except that the court may hear a motion for modification of an order for protection concurrently with a proceeding for dissolution of marriage upon notice of motion and motion. The notice required by court rule shall not be waived. If the proceedings are consolidated and the motion to modify is granted, a separate order for modification of an order for protection shall be issued.

(d) An order granting the relief authorized in paragraph (a), clause (2), is not voided by the admittance of the abusing party into the dwelling from which the abusing party is excluded.

(e) If a proceeding for dissolution of marriage or legal separation is pending between the parties, the court shall provide a copy of the order for protection to the court with jurisdiction over the dissolution or separation proceeding for inclusion in its file.

(f) An order for restitution issued under this subdivision is enforceable as a civil judgment.

Sec. 4. Minnesota Statutes 1990, section 518B.01, subdivision 13, is amended to read:

Subd. 13. [COPY TO LAW ENFORCEMENT AGENCY.] (a) An order for protection granted pursuant to this section shall be forwarded by the court administrator within 24 hours to the local law enforcement agency with jurisdiction over the residence of the applicant.

Each appropriate law enforcement agency shall make available to other law enforcement officers through a system for verification, information as to the existence and status of any order for protection issued pursuant to this section.

(b) If the applicant notifies the court administrator of a change in the applicant's residence so that a different local law enforcement agency has jurisdiction over the residence, the order for protection must be forwarded by the court administrator to the new law enforcement agency within 24 hours of the notice. If the applicant notifies the new law enforcement agency that an order for protection has been issued under this section and the

applicant has established a new residence within that agency's jurisdiction, within 24 hours the local law enforcement agency shall request a copy of the order for protection from the court administrator in the county that issued the order.

(c) When an order for protection is granted, the applicant for an order for protection must be told by the court that:

(1) notification of a change in residence should be given immediately to the court administrator and to the local law enforcement agency having jurisdiction over the new residence of the applicant;

(2) the reason for notification of a change in residence is to forward an order for protection to the proper law enforcement agency; and

(3) the order for protection must be forwarded to the law enforcement agency having jurisdiction over the new residence within 24 hours of notification of a change in residence, whether notification is given to the court administrator or to the local law enforcement agency having jurisdiction over the applicant's new residence.

An order for protection is enforceable even if the applicant does not notify the court administrator or the appropriate law enforcement agency of a change in residence.

Sec. 5. Minnesota Statutes 1991 Supplement, section 518B.01, subdivision 14, is amended to read:

Subd. 14. [VIOLATION OF AN ORDER FOR PROTECTION.] (a) Whenever an order for protection is granted pursuant to this section, and the respondent or person to be restrained knows of the order, violation of the order for protection is a misdemeanor. *Upon conviction, the defendant must be sentenced to a minimum of two days' imprisonment and must be ordered to participate in counseling or other appropriate programs selected by the court.* A person who violates this paragraph within two years after a previous conviction under this paragraph or within two years after a previous conviction under a similar law of another state, is guilty of a gross misdemeanor. ~~When a court sentences a person convicted of a gross misdemeanor and does not impose a period of incarceration, the court shall make findings on the record regarding the reasons for not requiring incarceration. Upon conviction, the defendant must be sentenced to a minimum of ten days' imprisonment and must be ordered to participate in counseling or other appropriate programs selected by the court. Notwithstanding section 609.135, the court must impose and execute the applicable minimum sentence provided in this paragraph.~~

(b) A peace officer shall arrest without a warrant and take into custody a person whom the peace officer has probable cause to believe has violated an order granted pursuant to this section restraining the person or excluding the person from the residence or the petitioner's place of employment, even if the violation of the order did not take place in the presence of the peace officer, if the existence of the order can be verified by the officer. A peace officer acting in good faith and exercising due care in making an arrest pursuant to this paragraph is immune from civil liability that might result from the officer's actions.

(c) A violation of an order for protection shall also constitute contempt of court and be subject to the penalties therefor.

(d) If the court finds that the respondent has violated an order for protection and that there is reason to believe that the respondent will commit a further violation of the provisions of the order restraining the respondent from committing acts of domestic abuse or excluding the respondent from the petitioner's residence, the court may require the respondent to acknowledge an obligation to comply with the order on the record. The court may require a bond sufficient to deter the respondent from committing further violations of the order for protection, considering the financial resources of the respondent, and not to exceed \$10,000. If the respondent refuses to comply with an order to acknowledge the obligation or post a bond under this paragraph, the court shall commit the respondent to the county jail during the term of the order for protection or until the respondent complies with the order under this paragraph. The warrant must state the cause of commitment, with the sum and time for which any bond is required. If an order is issued under this paragraph, the court may order the costs of the contempt action, or any part of them, to be paid by the respondent. An order under this paragraph is appealable.

(e) Upon the filing of an affidavit by the petitioner, any peace officer, or an interested party designated by the court, alleging that the respondent has violated any order for protection granted pursuant to this section, the court may issue an order to the respondent, requiring the respondent to appear and show cause within 14 days why the respondent should not be found in contempt of court and punished therefor. The hearing may be held by the court in any county in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation. The court also may refer the violation of the order for protection to the appropriate prosecuting authority for possible prosecution under paragraph (a).

(f) If it is alleged that the respondent has violated an order for protection issued under subdivision 6 and the court finds that the order has expired between the time of the alleged violation and the court's hearing on the violation, the court may grant a new order for protection under subdivision 6 based solely on the respondent's alleged violation of the prior order, to be effective until the hearing on the alleged violation of the prior order. If the court finds that the respondent has violated the prior order, the relief granted in the new order for protection shall be extended for a fixed period, not to exceed one year.

(g) The admittance into petitioner's dwelling of an abusing party excluded from the dwelling under an order for protection is not a violation by the petitioner of the order for protection.

A peace officer is not liable under section 609.43, clause (1), for a failure to perform a duty required by clause (b).

Sec. 6. Minnesota Statutes 1990, section 518B.01, is amended by adding a subdivision to read:

emotional condition because the child's parent, guardian, or custodian is unable or unwilling to provide that care;

(i) the infant is chronically and irreversibly comatose;

(ii) the provision of the treatment would merely prolong dying, not be effective in ameliorating or correcting all of the infant's life-threatening conditions, or otherwise be futile in terms of the survival of the infant; or

(iii) the provision of the treatment would be virtually futile in terms of the survival of the infant and the treatment itself under the circumstances would be inhumane;

(6) is one whose parent, guardian, or other custodian for good cause desires to be relieved of the child's care and custody;

(11) is a runaway;

(12) is an habitual truant; or

order any minor coming within its jurisdiction to be examined by a duly qualified physician, psychiatrist, or psychologist appointed by the court.

The court shall have a chemical use assessment conducted when a child is (1) found to be delinquent for violating a provision of chapter 152, or for committing a felony-level violation of a provision of chapter 609 if the probation officer determines that alcohol or drug use was a contributing factor in the commission of the offense, or (2) alleged to be delinquent for violating a provision of chapter 152, if the child is being held in custody under a detention order. The assessor's qualifications and the assessment criteria shall comply with Minnesota Rules, parts 9530.6600 to 9530.6655. If funds under chapter 254B are to be used to pay for the recommended treatment, the assessment and placement must comply with all provisions of Minnesota Rules, parts 9530.6600 to 9530.6655 and 9530.7000 to 9530.7030. The commissioner of public safety shall reimburse the court for the cost of the chemical use assessment, up to a maximum of \$100.

With the consent of the commissioner of corrections and agreement of the county to pay the costs thereof, the court may, by order, place a minor coming within its jurisdiction in an institution maintained by the commissioner for the detention, diagnosis, custody and treatment of persons adjudicated to be delinquent, in order that the condition of the minor be given due consideration in the disposition of the case. Adoption investigations shall be conducted in accordance with the laws relating to adoptions. Any funds received under the provisions of this subdivision shall not cancel until the end of the fiscal year immediately following the fiscal year in which the funds were received. The court shall also keep an index in which files pertaining to juvenile matters shall be indexed under the name of the child. After the name of each file shall be shown the file number and, if ordered by the court, the book and page of the register in which the documents pertaining to such file are listed. The court shall also keep a register properly indexed in which shall be listed under the name of the child all documents filed pertaining to the child and in the order filed. The list shall show the name of the document and the date of filing thereof. The juvenile court legal records shall be deposited in files and shall include the petition, summons, notice, findings, orders, decrees, judgments, and motions and such other matters as the court deems necessary and proper. The legal records maintained in this file shall be open at all reasonable times to the inspection of any child to whom the records relate, and to the child's parent and guardian.

(b) The court shall retain records of the court finding that a juvenile committed an act that would be a violation of, or an attempt to violate, section 609.342, 609.343, 609.344, or 609.345, for as long as the records would be retained if the juvenile had been an adult at the time of the offense. This paragraph does not apply unless the juvenile was represented by an attorney when the petition was admitted or proven.

Sec. 5. Minnesota Statutes 1990, section 260.161, is amended by adding a subdivision to read:

Subd. 1a. [RECORD OF ADJUDICATIONS; NOTICE TO BUREAU OF CRIMINAL APPREHENSION.] The juvenile court shall forward to the bureau of criminal apprehension the following data on juveniles adjudicated delinquent for having committed an act described in subdivision 1, paragraph (b):

Sec. 6. Minnesota Statutes 1990, section 260.165, is amended by adding a subdivision to read:

Subd. 4. A child may be taken into immediate custody by a peace officer when the peace officer reasonably believes the child to be truant from school and school is in session. The child may be taken into custody under this subdivision only for the limited purpose of transporting the child to the school in which the child is enrolled. When the peace officer and the child arrive at the school, the peace officer shall inform the school that the child was believed to be truant and shall request the school to immediately contact the child's parent, guardian, or custodian.

Sec. 7. Minnesota Statutes 1990, section 260.172, subdivision 1, is amended to read:

Subdivision 1. (a) If a child was taken into custody under section 260.165, subdivision 1, clause (a) or (c)(2), the court shall hold a hearing within 72 hours of the time the child was taken into custody, excluding Saturdays, Sundays, and holidays, to determine whether the child should continue in custody.

(b) In all other cases, the court shall hold a detention hearing:

(1) within 36 hours of the time the child was taken into custody, excluding Saturdays, Sundays, and holidays, if the child is being held at a juvenile secure detention facility or shelter care facility; or

(2) within 24 hours of the time the child was taken into custody, excluding Saturdays, Sundays, and holidays, if the child is being held at an adult jail or municipal lockup.

(c) Unless there is reason to believe that the child would endanger self or others, not return for a court hearing, run away from the child's parent, guardian, or custodian or otherwise not remain in the care or control of the person to whose lawful custody the child is released, or that the child's health or welfare would be immediately endangered, the child shall be released to the custody of a parent, guardian, custodian, or other suitable person, *subject to reasonable conditions of release including, but not limited*

to, a requirement that the child undergo a chemical use assessment as provided in section 260.151, subdivision 1. In determining whether the child's health or welfare would be immediately endangered, the court shall consider whether the child would reside with a perpetrator of domestic child abuse. In a proceeding regarding a child in need of protection or services, the court, before determining whether a child should continue in custody, shall also make a determination, consistent with section 260.012 as to whether reasonable efforts, or in the case of an Indian child, active efforts, according to the Indian Child Welfare Act of 1978, United States Code, title 25, section 1912(d), were made to prevent placement or to reunite the child with the child's family, or that reasonable efforts were not possible. The court shall also determine whether there are available services that would prevent the need for further detention.

If the court finds the social services agency's preventive or reunification efforts have not been reasonable but further preventive or reunification efforts could not permit the child to safely remain at home, the court may nevertheless authorize or continue the removal of the child.

Sec. 8. Minnesota Statutes 1990, section 260.185, is amended by adding a subdivision to read:

Subd. 1a. All orders under subdivision 1, clause (c) shall be for a specified length of time set by the court. However, before an order has expired and upon the court's own motion or that of any interested party, the court has continuing jurisdiction to renew the order or, after notice to the parties and a hearing, make some other disposition of the case, until the individual is no longer a minor becomes 19 years of age. Any person to whom legal custody is transferred shall report to the court in writing at such periods as the court may direct.

Sec. 10. [299C.095] [SYSTEM FOR IDENTIFICATION OF ADJUDICATED JUVENILES.]

The bureau shall establish a system for recording the data on adjudicated juveniles received from the juvenile courts under section 5. The attorney general may accept tax increment from an authority as reimbursement for the administrative costs and litigation expenses of the attorney general. Any recovered administrative expenses or litigation costs must be deposited in the general fund of the state to the account of the attorney general.

Sec. 2. Minnesota Statutes 1990, section 116.07, is amended by adding a subdivision to read:

Subd. 4l. [HAZARDOUS SUBSTANCE DISTRICTS.] The agency shall review and, in its discretion, approve action proposals, as defined in article 1, section 1 [469.179], subdivision 2, with respect to hazardous substance districts, as defined in article 1, section 1 [469.179], subdivision 15. The agency shall render any services requested by the attorney general with respect to actions in a hazardous substance district undertaken by the attorney general under section 8.31. The agency may accept tax increment from an authority, as defined in article 1, section 1 [469.179], subdivision 4, in reimbursement for expenses incurred by the agency in reviewing and approving plans and in rendering services to the attorney general. Any reimbursements must be deposited in the environmental response, compensation, and compliance account in the environmental fund in the state treasury.

Sec. 3. Minnesota Statutes 1991 Supplement, section 124A.03, subdivision 2, is amended to read:

Subd. 2. [REFERENDUM REVENUE.] (a) The revenue authorized by section 124A.22, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased revenue per actual pupil unit, the estimated net tax capacity rate in the first year it is to be levied, and that the revenue shall be used to finance school operations. The ballot may state that existing levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring authority. The ballot shall designate the specific number of years, not to exceed five, for which the referendum authorization shall apply. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

“Shall the increase in the revenue proposed by (petition to) the board of, School District No., be approved?”

If approved, an amount equal to the approved revenue per actual pupil unit times the actual pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The school board shall prepare and deliver by first class mail at least 15

days but no more than 30 days prior to the day of the referendum to each taxpayer at the address listed on the school district's current year's assessment roll, a notice of the referendum and the proposed revenue increase. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy, if any, in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the levy amount must be based upon the dollar amount, local tax rate, or amount per actual pupil unit, that was stated to be the basis for the initial authorization. Revenue approved by the voters of the district pursuant to paragraph (a) must be received at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the school district on the day the petition is filed with the school board. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days prior to the day of the referendum, the district shall submit a copy of the notice required under paragraph (b) to the commissioner of education. Within 15 days after the results of the referendum have been certified by the school board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district shall notify the commissioner of education of the results of the referendum.

(g) Any referendum under this section held on a day other than the first Tuesday after the first Monday in November must be conducted by mail in accordance with section 204B.46. Notwithstanding paragraph (b) to the contrary, in the case of a referendum conducted by mail under this paragraph, the notice required by paragraph (b) shall be prepared and delivered by first class mail at least 20 days before the referendum.

(h) The district may accept from an authority, as defined in article 1, section 1 [469.179], subdivision 4, tax increment attributable to a referendum levy under the terms of article 1, section 6 [469.1795], subdivision 1, paragraphs (a), clause (5), and (d), and the school board may approve such payments under article 1, section 6 [469.1795], subdivision 1, paragraph (d), clause (2).

Sec. 4. Minnesota Statutes 1990, section 270.06, is amended to read:

270.06 [POWERS AND DUTIES.]

The commissioner of revenue shall:

(1) have and exercise general supervision over the administration of the assessment and taxation laws of the state, over assessors, town, county, and city boards of review and equalization, and all other assessing officers in the performance of their duties, to the end that all assessments of property be made relatively just and equal in compliance with the laws of the state;

(2) confer with, advise, and give the necessary instructions and directions to local assessors and local boards of review throughout the state as to their duties under the laws of the state;

(3) direct proceedings, actions, and prosecutions to be instituted to enforce the laws relating to the liability and punishment of public officers and officers and agents of corporations for failure or negligence to comply with the provisions of the laws of this state governing returns of assessment and taxation of property, and cause complaints to be made against local assessors, members of boards of equalization, members of boards of review, or any other assessing or taxing officer, to the proper authority, for their removal from office for misconduct or negligence of duty;

(4) require county attorneys to assist in the commencement of prosecutions in actions or proceedings for removal, forfeiture and punishment for violation of the laws of this state in respect to the assessment and taxation of property in their respective districts or counties;

(5) require town, city, county, and other public officers to report information as to the assessment of property, collection of taxes received from licenses and other sources, and such other information as may be needful in the work of the department of revenue, in such form and upon such blanks as the commissioner may prescribe;

(6) require individuals, copartnerships, companies, associations, and corporations to furnish information concerning their capital, funded or other debt, current assets and liabilities, earnings, operating expenses, taxes, as well as all other statements now required by law for taxation purposes;

(7) summon witnesses, at a time and place reasonable under the circumstances, to appear and give testimony, and to produce books, records, papers and documents relating to any tax matter which the commissioner may have authority to investigate or determine. Provided, that any summons which does not identify the person or persons with respect to whose tax liability the summons is issued may be served only if (a) the summons relates to the investigation of a particular person or ascertainable group or class of persons, (b) there is a reasonable basis for believing that such person or group or class of persons may fail or may have failed to comply with any tax law administered by the commissioner, (c) the information sought to be obtained from the examination of the records (and the identity of the person or persons with respect to whose liability the summons is issued) is not readily available from

other sources, (d) the summons is clear and specific as to the information sought to be obtained, and (e) the information sought to be obtained is limited solely to the scope of the investigation. Provided further that the party served with a summons which does not identify the person or persons with respect to whose tax liability the summons is issued shall have the right, within 20 days after service of the summons, to petition the district court for the judicial district in which lies the county in which that party is located for a determination as to whether the commissioner of revenue has complied with all the requirements in (a) to (e), and thus, whether the summons is enforceable. If no such petition is made by the party served within the time prescribed, the summons shall have the force and effect of a court order;

(8) cause the deposition of witnesses residing within or without the state, or absent therefrom, to be taken, upon notice to the interested party, if any, in like manner that depositions of witnesses are taken in civil actions in the district court, in any matter which the commissioner may have authority to investigate or determine;

(9) investigate the tax laws of other states and countries and to formulate and submit to the legislature such legislation as the commissioner may deem expedient to prevent evasions of assessment and taxing laws, and secure just and equal taxation and improvement in the system of assessment and taxation in this state;

(10) consult and confer with the governor upon the subject of taxation, the administration of the laws in regard thereto, and the progress of the work of the department of revenue, and furnish the governor, from time to time, such assistance and information as the governor may require relating to tax matters;

(11) transmit to the governor, on or before the third Monday in December of each even-numbered year, and to each member of the legislature, on or before November 15 of each even-numbered year, the report of the department of revenue for the preceding years, showing all the taxable property in the state and the value of the same, in tabulated form;

(12) inquire into the methods of assessment and taxation and ascertain whether the assessors faithfully discharge their duties, particularly as to their compliance with the laws requiring the assessment of all property not exempt from taxation;

(13) administer and enforce the assessment and collection of state taxes and, from time to time, make, publish, and distribute rules for the administration and enforcement of state tax laws. The rules have the force of law;

(14) prepare blank forms for the returns required by state tax law and distribute them throughout the state, furnishing them subject to charge on application;

(15) prescribe rules governing the qualification and practice of agents, attorneys, or other persons representing taxpayers before the commissioner. The rules may require that those persons, agents, and attorneys show that they are of good character and in good repute, have the necessary qualifications to give taxpayers valuable services, and are otherwise competent to advise and assist taxpayers in the presentation of their case before being recognized as representatives of taxpayers. After due notice and opportunity for hearing, the commissioner may suspend and disbar from further practice before the commissioner any person, agent, or attorney who is shown to be incompetent or disreputable, who refuses to comply with the rules, or who

with intent to defraud, willfully or knowingly deceives, misleads, or threatens a taxpayer or prospective taxpayer, by words, circular, letter, or by advertisement. This clause does not curtail the rights of individuals to appear in their own behalf or partners or corporations' officers to appear in behalf of their respective partnerships or corporations;

(16) appoint agents as the commissioner considers necessary to make examinations and determinations. The agents have the rights and powers conferred on the commissioner to examine books, records, papers, or memoranda, subpoena witnesses, administer oaths and affirmations, and take testimony. Upon demand of an agent, the clerk or court administrator of any court shall issue a subpoena for the attendance of a witness or the production of books, papers, records, or memoranda before the agent. The commissioner may also issue subpoenas. Disobedience of subpoenas issued under this chapter shall be punished by the district court of the district in which the subpoena is issued, or in the case of a subpoena issued by the commissioner, by the district court of the district in which the party served with the subpoena is located, in the same manner as contempt of the district court;

(17) appoint and employ additional help, purchase supplies or materials, or incur other expenditures in the enforcement of state tax laws as considered necessary. Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [17.4981] [GENERAL CONDITIONS FOR REGULATION OF AQUATIC FARMS.]

Aquatic farms are licensed to culture private aquatic life. Cultured aquatic life is not wildlife under state law. Aquatic farms are to be licensed and given classifications to prevent or minimize impacts on natural resources. Sections 1 to 14 must be implemented to:

- (1) prevent public aquatic life from entering an aquatic farm;*
- (2) prevent release of nonindigenous or exotic species into public waters without approval of the commissioner; and*
- (3) protect against release of disease pathogens to public waters.*

Private aquatic life that is legally acquired and possessed is an article of interstate commerce and may be restricted only as necessary to protect state fish and water resources.

Sec. 2. [17.4982] [DEFINITIONS.]

Subdivision 1. [SCOPE.] The definitions in this section apply to sections 1 to 14.

Subd. 2. [APPROVED LABORATORY METHODS.] "Approved laboratory methods" means methods described in the latest edition of the "Procedures for the Detection and Identification of Certain Fish Pathogens" published by the American Fisheries Society Fish Health Section known as the "fish health blue book."

Subd. 3. [AQUARIUM FACILITIES.] "Aquarium facilities" means facilities that rear or hold private aquatic life for sale for aquarium or display purposes.

Subd. 4. [AQUATIC FARM.] "Aquatic farm" means a licensed facility used for the purpose of hatching, raising, rearing, and culturing private aquatic life in waters and preparing aquatic life for sale, including but not limited to ponds, vats, tanks, raceways, and other indoor or outdoor facilities that an aquatic farmer owns or waters where an aquatic farmer has riparian use of the waters.

Subd. 5. [AQUATIC LIFE.] "Aquatic life" has the meaning given in section 17.47, subdivision 7, and for purposes of commercial transactions, aquatic life is livestock.

[CERTIFIABLE DISEASES.] "Certifiable diseases" include channel catfish virus, bacterial kidney disease, bacterial furunculosis, enteric redmouth disease, enteric septicemia of catfish, infectious hematopoietic necrosis virus, infectious pancreatic necrosis virus, whirling disease, proliferative kidney disease, viral hemorrhagic septicemia virus, epizootic epitheliotropic virus, ceratomyxosis, and any emergency disease.

Subd. 7. [COMMISSIONER.] "Commissioner" means the commissioner of natural resources.

Subd. 8. [CONTAINMENT FACILITY.] "Containment facility" means a licensed facility that:

(1) disinfects its effluent to the standards in section 9 before the effluent is discharged to public waters;

(2) does not discharge to public waters or to waters of the state directly connected to public waters;

(3) raises aquatic life for food consumption only; or

(4) contains aquatic life requiring a fish health inspection prior to movement.

Subd. 9. [EMERGENCY FISH DISEASE.] "Emergency fish disease" means designated fish diseases not already present in this state that could impact populations of aquatic life if inadvertently released by infected aquatic life, including channel catfish virus, viral hemorrhagic septicemia virus, infectious hematopoietic necrosis virus, infectious pancreatic necrosis virus, whirling disease, ceratomyxosis, proliferative kidney disease, and epizootic epitheliotropic virus disease or any other disease listed in a rule or published by the commissioner in the State Register on an emergency basis to be effective for not more than 240 days.

Subd. 11. [FISH HEALTH BLUE BOOK.] "Fish health blue book" means

the standardized set of procedures and guidelines established and published by the American Fisheries Society Fish Health Section for the detection and isolation of fish pathogens.

Subd. 12. [FISH HEALTH INSPECTION.] "Fish health inspection" means an on-site, statistically based sampling in accordance with processes set forth in the "fish health blue book" for all lots of fish in a facility. An inspection will require a minimum of the following: viral testing of ovarian fluids at the 95 percent confidence level of detecting two percent incidence of disease (ovarian fluids must be sampled for certification of viral hemorrhagic septicemia and infectious hematopoietic necrosis). Bacterial diseases must be sampled at the 95 percent confidence level with a five percent incidence of disease. The inspection must be performed by a fish health inspector in cooperation with the producer, with subsequent examination of the collected tissues and fluids for the detection of certifiable diseases.

Subd. 13. [FISH HEALTH INSPECTOR.] "Fish health inspector" means an individual certified as a fish health inspector by the American Fisheries Society or a state, federal, or provincial resource management agency.

Subd. 14. [GAME FISH.] "Game fish" has the meaning given in section 97A.015, subdivision 25, except that green or orange spotted sunfish are not game fish for purposes of determining fish of significant public value.

Subd. 15. [INTENSIVE CULTURE.] "Intensive culture" means the rearing of fish at densities greater than can be supported in the natural environment.

Subd. 16. [LICENSED FACILITY.] "Licensed facility" means licensed aquatic farm, including all licensed waters.

Subd. 17. [LOT.] "Lot" means a group of fish of the same species and age that originated from the same discrete spawning population and that always have shared a common water supply. Various age groups of adult brood of the same species stock may comprise the same lot if they have shared the same containers for one brood cycle.

Subd. 18. [MINNOWS.] "Minnows" has the meaning given in section 97A.015, subdivision 29, except the 12-inch restriction on sucker minnows shall not apply.

Subd. 21. [ROUGH FISH.] "Rough fish" has the meaning given in section 97A.015, subdivision 43.

Subd. 22. [STANDARD FACILITY.] "Standard facility" means a licensed facility with a continual or intermittent discharge of effluent to public waters.

Subd. 23. [WATERS OF THE STATE.] "Waters of the state" has the meaning given in section 103G.005, subdivision 17.

Sec. 3. [17.4983] [AQUATIC FARM OPERATIONS.]

Subdivision 1. [ACQUISITION AND SALE OF PRIVATE AQUATIC LIFE.] Aquatic life legally possessed may be bought, acquired, and sold by licensed facilities as provided in sections 1 to 14.

Subd. 2. [ACQUISITION FROM STATE.] (a) The commissioner may sell aquatic life to licensed facilities at fair market value. Fair market value must be determined by the average market price charged in this state and contiguous states and provinces for similar quantities.

(b) The commissioner shall establish procedures to make aquatic life available to licensed facilities if state aquatic life would otherwise die or go to waste, such as in cases of winterkill or summerkill lakes, waters where piscicides will be applied, and waters subject to extreme draw-down. The public must be given angling opportunities if public access is available.

(c) The commissioner shall attempt to provide opportunities to make broodstock available to licensed facilities to reduce reliance on out-of-state sources without causing adverse impacts to game fish populations.

(d) If the commissioner denies approval to obtain aquatic life outside the state, a written notice must be submitted to the applicant stating the reasons for denial, and the commissioner shall:

(1) designate approved sources to obtain the desired aquatic life; or

(2) sell the aquatic life from state hatcheries at fair market value if there is a surplus from state operations.

Subd. 3. [METHODS TO HARVEST AQUATIC LIFE.] Licensed facilities may use all reasonable methods to operate and harvest aquatic life from licensed facilities, including available nets.

Subd. 4. [DISCHARGE MAY REQUIRE PERMIT.] The discharge from the aquatic farm must not be a significant contributor of pollution to public waters without required discharge permits.

Subd. 5. [OWNERSHIP OF AQUATIC LIFE.] (a) Notwithstanding other provisions of law, aquatic life lawfully acquired and possessed by a licensed facility is private aquatic life and property of the owner of the licensed facility.

(b) The state may not seize or otherwise confiscate private aquatic life without due process of law, except that private aquatic life in public waters may become property of the state if the waters are not part of a licensed facility. The commissioner shall notify the licensee that the aquatic life in a licensed facility, that is no longer licensed, then will become property of the state if the aquatic life is not removed. If the licensee does not respond in writing within 30 days after receiving the notice and make alternative arrangements, or does not remove the aquatic life by 60 ice-free days after receiving the notice, the private aquatic life becomes property of the state.

(c) Private aquatic life that is transferred to the state or released into public waters that are not part of a licensed facility is owned by the state and may be considered wildlife.

Subd. 6. [ACCESS FROM ROADS TO LICENSED FACILITIES.] A person may not access licensed aquatic farm waters from a road easement unless the access is specifically designated for public use.

Subd. 7. [CONTROL OF LICENSED WATERS.] (a) If the public cannot access waters of the state that are part of a licensed aquatic farm except

by permission of the licensee, the use of the waters by the public is subject to regulation by the licensee.

(b) Waters of the state may not be licensed for aquaculture use to more than one licensee.

Subd. 8. [ANGLING IN LICENSED WATERS.] A person may not fish by angling from waters subject to regulation by the licensee under subdivision 7 unless:

(1) the person has an invoice in possession when in possession of fish; or

(2) has permission from the licensee to take fish under an angling license and subject to the limits and conditions under the game and fish laws.

Sec. 4. [17.4984] [AQUATIC FARM LICENSE.]

Subdivision 1. [LICENSE REQUIRED.] (a) A person or entity may not operate an aquatic farm without first obtaining an aquatic farm license from the commissioner.

(b) Applications for an aquatic farm license must be made on forms provided by the commissioner.

(c) Licenses are valid for a period of five years and are transferable upon notification to the commissioner.

(d) The commissioner shall issue an aquatic farm license upon payment of the required license fee under section 8.

Subd. 2. [LISTED WATERS.] (a) The aquatic farm license must list:

(1) the specific waters of the state that may be used in connection with the licensed aquatic farm and whether aeration is approved; and

(2) whether piscicide use is approved.

Additional waters may not be used until approved by the commissioner.

Waters licensed for private fish hatchery or fish farm purposes may be transferred between licensees with prior approval by the commissioner, provided requirements for species to be raised are met. Waters that are connected by a permanent watercourse to other waters will not be approved for aquatic farm use, except that connected waters which are isolated from other waters may be licensed as a single water body. Waters that may become connected with other waters may be denied; or measures, including screening, may be required to prevent fish passage. Listed waters may be changed upon approval by the area fisheries supervisor.

(b) The commissioner shall conduct an inspection of waters to be licensed prior to approving or denying initial licensing of the waters.

(c) Waters found to contain game fish of significant public value may be denied unless the applicant can demonstrate exclusive riparian control.

(d) Waters containing game fish of significant public value may not be licensed unless the game fish of significant public value are sold to the licensee, removed for other state use by the department of natural resources, or disposed of as provided in writing by the commissioner.

Subd. 3. [LISTED SPECIES.] (a) The license must list the species of aquatic life appropriate for the protective classification of the waters. Listed

species of aquatic life may be changed upon written request to and approval by the area fisheries supervisor. Species of aquatic life may not be cultured unless listed on the license.

(b) Species of aquatic life not found in the watershed may only be contained in licensed waters without connections to public waters which would allow their passage. After July 1, 1992, species of aquatic life not found in the watershed may not be contained in licensed waters in a 25-year floodplain unless in an enclosed building. For purposes of this subdivision, "watershed" means one of the 81 discrete units identified on the division of waters maps.

Subd. 4. [SINGLE LICENSE FOR AQUATIC FARMING OPERATION.] The commissioner shall issue a single license for aquatic farming, with the following information and endorsements:

- (1) waters covered by the license;*
- (2) classification of each of the licensed waters;*
- (3) aeration endorsement for each of the licensed waters; and*
- (4) endorsements requested by the licensee.*

Subd. 5. [STATE LIST OF WATERS.] If the state uses waters of the state for aquatic farming, the state shall acquire legal access to the waters and make documentation of the access available to the public.

Subd. 6. [INSPECTIONS.] (a) The premises, property, vehicles, and equipment where private aquatic farm operations are being conducted are subject to an annual operations inspection and other reasonable and necessary inspections at reasonable times by conservation officers. The owner, operator, or designee may be present when inspections are conducted.

Subd. 7. [NONPUBLIC RECORDS.] (a) Licensees must keep current records containing complete, up-to-date nonpublic records of the operation of the aquatic farm. The records must be kept for at least three years.

(b) The records must be in English and include the following information:

(1) for each species acquired, the number and pounds of fish or eggs acquired, names and addresses of the sources from which acquired, and the dates of receipt;

(2) for each species sold or disposed of, the number and pounds of fish sold or disposed of, the names and addresses of the purchasers or persons to whom the conveyances are made, and the dates of sale; and

(3) for fish sperm or viable eggs, the amount acquired or sold, the names and addresses of the sources from where acquired, the purchasers to whom conveyed, and the dates of purchase or sale;

(c) On or before March 1 of each year, the licensee shall submit a complete annual report on a form furnished by the commissioner, covering the quantity of all species sold in the preceding licensed year.

(d) An aquatic farmer shall maintain records for reasonable inspection by the commissioner. Information on aquatic life production, harvest, and sales is nonpublic information.

Sec. 5. [17.4985] [TRANSPORTATION OF AQUATIC LIFE.]

Subdivision 1. [REQUIREMENTS FOR IMPORTATION, TRANSPORTATION WITHIN THE STATE, OR STORAGE OF FISH.] Except as provided in subdivisions 3 and 4, a licensee may not import aquatic life into the state, transport aquatic life within the state, or stock waters of the state with aquatic life without first obtaining a transportation permit from the commissioner with disease certification, if applicable.

Subd. 2. [BILL OF LADING.] (a) A person may transport aquatic life with a completed bill of lading for:

(1) intrastate transportation of aquatic life between licensed private fish hatcheries, aquatic farms, or aquarium facilities licensed for the same species and of the proper protective classification for private aquatic life;

(2) stocking of waters other than public waters; and

(3) stocking of private fish hatchery or aquatic farm waters.

(b) A copy of the bill of lading must be submitted to the regional fisheries manager by 72 hours after any transportation of aquatic life between licensed private fish hatcheries, aquatic farms, or aquarium facilities. A copy of the bill of lading must be submitted to the regional fisheries manager 72 hours prior to any transportation for stocking of fish into waters of the state, except that a bill of lading may be issued for transportation and stocking following telephone or teletype confirmation that the waters to be stocked are not public waters. Bill of lading forms may only be issued by the department of natural resources in St. Paul, and new bill of lading forms may not be issued until all previously issued forms have been returned.

Subd. 3. [EXEMPTIONS FOR TRANSPORTATION PERMITS AND BILLS OF LADING.] (a) A bill of lading or transportation permit is not required by an aquatic farm licensee for importation, transportation, or export for the following:

(1) minnows taken under an aquatic farm license in this state and transported intrastate;

(2) aquarium or ornamental fish including tropical, subtropical, and saltwater species that cannot survive in the waters of the state, can be imported or transported, if accompanied by shipping documents;

(3) fish or fish eggs that have been processed for use as food, bait, or other purposes unrelated to fish propagation;

(4) live fish, except salmonids and catfish, from a licensed private fish hatchery or aquatic farm may be transported directly to an outlet for processing or for other food purposes if accompanied by shipping documents;

(5) fish exported if the fish are accompanied by shipping documents;

(6) sucker eggs, sucker fry, or fathead minnows transported intrastate for bait propagation or feeding of cultural aquatic life; or

(7) species of fish that are found within the state used in connection with public shows, exhibits, demonstrations, or fishing pools for periods not exceeding 14 days.

(b) Shipping documents must show place of origin, owner or consignee, destination, number, and species.

Subd. 4. [TRANSPORTATION PERMIT REQUIREMENTS.] A transportation permit may be used for multiple shipments within the 30-day term

for the permit, provided the source and the destination remains the same. Transportation permits, which include importation or stocking of public waters, may be issued through department of natural resources regional offices or the St. Paul office, and must be obtained prior to shipment.

Subd. 5. [PERMIT APPLICATION.] An application for a transportation permit must be made on forms provided by the commissioner. All information on the application form must be completed or the application will be rejected. Application for a transportation permit for salmonids, their eggs, or sperm, must be accompanied by certification that the source of the eggs or sperm is free of certifiable diseases, except that eggs with enteric redmouth or furunculosis can be imported, transported, or stocked following treatment approved by the commissioner, and fish with bacterial kidney disease can be imported, transported, or stocked into areas where the disease has been previously introduced. A copy of the transportation permit which shows the date of certification inspection must accompany the shipment of fish while in transit and must be available for inspection by the commissioner. By 14 days after a completed application is received, the commissioner must approve or deny the importation permits as provided in this section.

Subd. 6. [VEHICLE IDENTIFICATION.] (a) Vehicles used by a licensee for transporting aquatic life must be identified with a licensee's name and town of residence, as it appears on the license, and the license number.

(b) Applications for vehicle licensing for minnow transport or export or for use as a fish vendor that are received by the commissioner are temporary licenses until approved or denied.

Sec. 6. [17.4986] [IMPORTATION OF AQUATIC LIFE.]

Subdivision 1. [IMPORTATION AND STOCKING RESTRICTIONS.] Fish may not be imported into or stocked within the state without first obtaining a transportation permit with a disease certification when required or a bill of lading from the commissioner, unless otherwise exempted.

Subd. 2. [LICENSED FACILITIES.] (a) The commissioner shall issue transportation permits to import:

(1) any species of aquatic life to a licensed containment or quarantine facility;

(2) indigenous and naturalized species from any source to an isolation facility licensed for that species;

(3) indigenous and naturalized species except trout, salmon, and catfish from any source to a standard facility;

(4) trout, salmon, and catfish from any source to a containment facility if the fish are certified within the previous year to be free of certifiable diseases; and

(5) trout, salmon, and catfish from a facility with a disease-free history of three years or more located in a nonemergency disease enzootic area to a standard facility.

(b) If a source facility cannot demonstrate a history free from disease, aquatic life may only be imported into a quarantine facility.

Subd. 2. [ENZOOTIC DISEASE AREA.] A facility located in an emergency disease enzootic area must have a five-year disease-free history. Hatchery inspections must occur at least once a year and fish must be tested

for all certifiable diseases. Facilities must have been inspected according to sampling and methods guidelines established in the Fish Health Blue Book. Eggs received from enzootic emergency disease areas or other areas with unknown disease histories may be imported only to an approved containment or quarantine facility. Source fish farms from emergency disease enzootic areas from which eggs are to be imported having less than a three-year disease-free history may only be imported to a containment or quarantine facility.

Sec. 7. [17.4987] [STOCKING PRIVATE AQUATIC LIFE.]

(a) A person may not release private aquatic life into public waters that are not licensed as part of an aquatic farm without first obtaining a transportation permit from the commissioner or having a completed bill of lading in possession. The commissioner may deny issuance of a permit if releasing the private aquatic life is not consistent with a management plan for the public waters. The commissioner shall make management plans available to the public.

(b) If a permit is denied, the commissioner must provide reasons for the denial in writing.

Sec. 8. [17.4989] [LICENSE AND INSPECTION FEES.]

Subdivision 1. [REQUIREMENT FOR ISSUANCE.] A permit or license must be issued by the commissioner when the requirements of law are met and the license and permit fees specified in this section are paid.

Subd. 2. [AQUATIC FARMING LICENSE.] (a) The annual fee for an aquatic farming license is \$350.

(b) The aquatic farm license shall contain endorsements for the rights and privileges of the following licenses under the game and fish laws. The endorsement shall be made upon payment of the license fee prescribed in section 97A.475 for the following licenses:

(1) minnow dealer license;

(2) minnow retailer license for sale of minnows as bait;

(3) minnow exporting license;

(4) minnow dealer helper license;

(5) aquatic farm vehicle endorsement, which includes a minnow dealer vehicle license, a minnow retailer vehicle license, an exporting minnow hauler vehicle license, a fish vendor vehicle license;

(6) sucker egg taking license; and

(7) game fish packers license.

Subd. 3. [INSPECTION FEES.] The fees for the following inspections must be paid as prescribed by the commissioner:

(1) inspection of waters to be licensed for initial inspection, \$50 per year;

(2) fish health inspection and certification, \$80 per lot; and

(3) protective classification initial inspection for standard, containment, and quarantine facility inspections, \$50.

Subd. 4. [AQUARIUM FACILITY.] (a) A person may not operate an

aquarium facility without an aquarium facility license issued by the commissioner. The fee for an aquarium facility license is \$15.

(b) Game fish sold by an aquarium facility must be accompanied by a receipt.

Sec. 9. [17.4991] [DISEASE TRANSMISSION.]

Subdivision 1. [FACILITY DESIGNATION.] (a) The licensee may apply to the commissioner for designation of all or a portion of a facility as a standard, containment, or quarantine facility on forms prescribed by the commissioner as part of the license application or separately.

(b) By 15 days after an application is submitted, the commissioner must notify the applicant if there are any deficiencies in the application. By 30 days after a complete application is submitted, the commissioner must approve or deny the designation requested. A denial must include an assessment of the actual risk to wildlife population at the particular site. A designation must be approved if the facility meets the disinfection requirements of subdivision 2.

Subd. 2. [DISINFECTION.] (a) Containment and quarantine facilities must disinfect effluent prior to discharge to public waters. The effluent required to be disinfected includes water used by a containment or quarantine facility in the production of the aquatic life of concern, waste or mortalities from the aquatic life of concern, and live forage or commercial feed discarded from the containment or quarantine facilities. Runoff from precipitation and excess water from natural springs, wells, or other sources that is not used in the production of aquatic life is not effluent to be disinfected.

(b) The disinfection must minimize the potential release of disease pathogens to wildlife susceptible to the pathogens based on a reasonable risk assessment. Disinfection treatment processes may include chlorination, heat, or other processes. If chlorine disinfection is utilized, a measurable residual level of 1.0 parts per million of active chlorine in the effluent must be maintained for one hour of retention time. The effluent must be sufficiently dechlorinated to prevent toxic adverse impacts to wildlife after discharge to public waters.

(c) A disinfection treatment process must ensure uninterrupted effluent treatment of ten or more minutes prior to release in the event of electrical power failure, a primary system failure, or other similar events that would cause treatment interruptions.

(d) The effluent disinfection process must be sited, designated, and operated in a manner that allows inspection by the commissioner at all times to determine whether adequate effluent disinfection is maintained.

(e) The commissioner may prescribe reasonable documentation of daily monitoring of treatment system performance to be included in the licensee's annual report. The records must be available for daily inspection by the commissioner during normal business hours and maintained for three years.

Subd. 3. The commissioner shall inspect other facilities if disease occurs. Testing must be conducted according to approved laboratory methods.

(b) A health inspection fee must be charged based on each lot of fish sampled. The fee by check or money order payable to the department of natural resources must be prepaid or paid at the time a bill or notice is received from the commissioner that the inspection and processing of samples is completed.

(c) Upon receipt of payment and completion of inspection, the commissioner shall notify the operator and issue a fish health certificate. The certification must be made according to the Fish Health Blue Book by a person certified as a fish health inspector.

(d) All aquatic life in transit pursuant to this order or held at transfer stations within the state may be inspected by the commissioner. This inspection may include the collection of stock for purposes of pathological analysis. Sample size necessary for analysis will follow guidelines listed in the Fish Health Blue Book.

Subd. 4. [EMERGENCY DISEASE DETERMINATION.] If emergency diseases exist, the commissioner may order the fish in the facility to be impounded, confiscated, sold, or destroyed or the facility decontaminated. The commissioner shall make every effort to allow disposed fish to be sold for market if there is no imminent danger of a significant adverse impact on natural fish populations or human health or of escape of the pathogen to public waters.

Sec. 10. [17.4992] [GAME FISH.]

Subdivision 1. [ACQUISITION AND PURCHASE.] Game fish sperm, viable game fish eggs, or live game fish may not be taken from public waters for aquaculture purposes, but may be purchased from the state or acquired from private fish hatcheries or aquatic farms.

Subd. 5. [PURCHASE OF EGGS DEPENDENT UPON FACILITY.] Licensees may purchase game fish eggs or fry from the state at a rate based on the capacity of their facility to hatch and rear fish. Licensees may purchase walleye at a rate of no more than one-half quart of eggs or 5,000 fry for each acre or fraction of licensed surface water. This limitation may be waived if an aquatic farm is an intensive culture facility. The allowable purchase of trout or salmon eggs will be based on capacity of rearing tanks and flow of water through the private fish hatchery or fish farm facility.

Subd. 6. [STOCKING WALLEYES NORTH OF MINNESOTA HIGHWAY NO. 210.] Walleyes from outside of the area of the state north of Minnesota highway No. 210 may not be stocked in waters of the state north of Minnesota highway No. 210 without approval by the commissioner.

The license authorizes sucker eggs to be taken at a rate of one quart of eggs for each 1-1/2 acres of licensed surface waters, except that for intensive culture systems, sucker eggs may be taken at a rate of two quarts per 1,000 muskellunge fry being reared. The taking of sucker eggs from public waters is subject to chapter 97C and may be supervised by the commissioner.

Sec. 13. [17.4995] [RECEIPTS TO THE GAME AND FISH FUND.]

All money received by the state under sections 1 to 15 shall be deposited in the state treasury and credited to the game and fish fund.

Sec. 14. [17.4996] [WHITE EARTH INDIAN RESERVATION.]

Subd. 11. [NAME.] Effective July 1, 1993, the name of the public employees insurance plan shall be the pooled employers insurance program. The pooled employers insurance program, as described in section 43A.317, is a continuation and expansion of the public employees insurance plan.

Subd. 12. [ELIGIBILITY AND COVERAGE.] Notwithstanding any contrary provision of section 43A.317, any group enrolled in the public employees insurance plan for a term extending beyond June 30, 1993, will become covered by the pooled employers insurance program pursuant to the terms of their participation agreement with the public employees insurance plan. The commissioner of employee relations may provide such a group the option to convert to alternative coverage if available through the pooled employers insurance program. Upon the expiration of their participating agreement

with the public employees insurance plan, the group may enroll in the pooled employers insurance program under section 43A.317, provided the group continues to meet the eligibility criteria that existed on June 30, 1993.

Sec. 3. Minnesota Statutes 1990, section 43A.316, is amended by adding a subdivision to read:

Subd. 13. [TRUST FUND.] Effective July 1, 1993, all assets and obligations of the public employees insurance trust fund are transferred to the pooled employers insurance trust fund, as described in section 43A.317, subdivision 9.

Sec. 4. [43A.317] [POOLED EMPLOYERS INSURANCE PROGRAM.]

Subdivision 1. [INTENT.] The legislature finds that the creation of a statewide program to provide employers with the advantages of a large pool for insurance purchasing would advance the welfare of the citizens of the state.

Subd. 2. [DEFINITIONS.] (a) [SCOPE.] For the purposes of this section, the terms defined have the meaning given them.

(b) [COMMISSIONER.] "Commissioner" means the commissioner of employee relations.

(c) [ELIGIBLE EMPLOYEE.] "Eligible employee" means an employee eligible to participate in the program under the terms described in subdivision 6.

(d) [ELIGIBLE EMPLOYER.] "Eligible employer" means an employer eligible to participate in the program under the terms described in subdivision 5.

(e) [ELIGIBLE INDIVIDUAL.] "Eligible individual" means a person eligible to participate in the program under the terms described in subdivision 6.

(f) [EMPLOYEE.] "Employee" means a common law employee of an eligible employer.

(g) [EMPLOYER.] "Employer" means a public or private person, firm, corporation, partnership, association, unit of local government, or other entity actively engaged in business or public services. "Employer" includes both for-profit and nonprofit entities.

(h) [PROGRAM.] "Program" means the pooled employers insurance program created by this section.

Subd. 3. [ADMINISTRATION.] The commissioner shall, consistent with the provisions of this section, administer the program and determine its coverage options, funding and premium arrangements, contractual arrangements, and all other matters necessary to administer the program. The commissioner's contracting authority for the program shall be governed by section 43A.23. The commissioner is not subject to the rulemaking requirements of chapter 14 in administering this program.

Subd. 4. [ADVISORY COMMITTEE.] The commissioner shall establish a ten-member advisory committee that includes five members who represent eligible employers and five members who represent eligible individuals. The committee shall advise the commissioner on issues related to administration of the program. The committee shall be governed by sections 15.014 and 15.059, and shall continue to exist while the program remains in operation.

Subd. 5. [EMPLOYER ELIGIBILITY.] (a) [PROCEDURES.] All employers are eligible for coverage through the program subject to the terms of this subdivision. The commissioner shall establish procedures for an employer to apply for coverage through the program.

(b) [TERM.] The initial term of an employer's coverage will be two years from the effective date of the employer's application. After that, coverage will be automatically renewed for additional two-year terms unless the employer gives notice of withdrawal from the program according to procedures established by the commissioner. The commissioner may establish conditions under which an employer may withdraw from the program prior to the expiration of a two-year term, including by reason of a midyear increase in health coverage premiums of 50 percent or more. An employer that withdraws from the program may not reapply for coverage for a period of two years from its date of withdrawal.

(c) [MINNESOTA WORK FORCE.] An employer is not eligible for coverage through the program if five percent or more of its eligible employees work primarily outside Minnesota, except that an employer may apply to the program on behalf of only those employees who work primarily in Minnesota. Private entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer, except as otherwise approved by the commissioner.

(d) [EMPLOYEE PARTICIPATION; AGGREGATION OF GROUPS.] An employer is not eligible for coverage through the program unless its application includes all eligible employees who work primarily in Minnesota, except employees who waive coverage as permitted by subdivision 6. Private entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer, except as otherwise approved by the commissioner.

(e) [PRIVATE EMPLOYER.] A private employer is not eligible for coverage unless it has two or more eligible employees in the state of Minnesota. If an employer has only two eligible employees, one employee must not be the spouse, child, sibling, parent, or grandparent of the other.

(f) [MINIMUM PARTICIPATION.] The commissioner may require as a condition of employer eligibility that: (1) a minimum percentage of eligible employees are covered through the program; and (2) the employer makes a minimum level of contribution toward the cost of coverage.

(g) [EMPLOYER CONTRIBUTION.] The commissioner may require as a condition of employer eligibility that the employer contribution toward the cost of coverage is structured in a way that promotes price competition among the coverage options available through the program.

(h) [ENROLLMENT CAP.] The commissioner may limit employer enrollment in the program if necessary to avoid exceeding the program's reserve capacity.

Subd. 6. [INDIVIDUAL ELIGIBILITY.] (a) [PROCEDURES.] The commissioner shall establish procedures for eligible employees and other eligible individuals to apply for coverage through the program.

(b) [EMPLOYEES.] An employer shall determine when it applies to the program the criteria its employees must meet to be eligible for coverage under its plan. An employer may change the criteria annually thereafter, or at other times with approval of the commissioner. The criteria must provide

that new employees become eligible for coverage after a probationary period of at least 30 days, but no more than 90 days.

(c) [OTHER INDIVIDUALS.] An employer may elect to cover under its plan:

(1) the spouse, dependent children, and dependent grandchildren of a covered employee;

(2) a retiree who is eligible to receive a pension or annuity from the employer, and a covered retiree's spouse, dependent children, and dependent grandchildren;

(3) the surviving spouse, dependent children, and dependent grandchildren of a deceased employee or retiree, if the spouse, children, or grandchildren were covered at the time of the death;

(4) a covered employee who becomes disabled, as provided in sections 62A.147 and 62A.148; or

(5) any other categories of individuals for whom group coverage is required by state or federal law.

An employer shall determine when it applies to the program the criteria individuals in these categories must meet to be eligible for coverage. An employer may change the criteria annually thereafter, or at other times with approval of the commissioner. The criteria must provide that new employees become eligible for coverage after a probationary period of at least 30 days, but no more than 90 days. The criteria for dependent children and dependent grandchildren may be no more inclusive than the criteria in section 43A.18, subdivision 2.

(d) [WAIVER AND LATE ENTRANCE.] An eligible individual may waive coverage at the time the employer joins the program or when coverage first becomes available. The commissioner may establish a preexisting condition exclusion of not more than 18 months for late entrants as defined in section 62L.02, subdivision 20.

(e) [CONTINUATION COVERAGE.] Continuation coverage will be available through the program for all qualified beneficiaries as may be required by state and federal law.

Subd. 7. [COVERAGE.] To the extent feasible as determined by the commissioner and in the best interests of the program, the commissioner shall model coverage after the plan established in section 43A.18, subdivision 2. Coverage shall be available through the program beginning on July 1, 1993.

(a) [HEALTH COVERAGE.] Health coverage shall be available to all employers in the program. The commissioner shall attempt to establish health coverage options that have strong care management features to control costs and promote quality and shall attempt to make a choice of health coverage options available. Health coverage for a retiree who is eligible for the federal Medicare program shall be administered as though the retiree is enrolled in Medicare parts A and B.

(b) [OPTIONAL COVERAGES.] In addition to offering health coverage, the commissioner may arrange to offer life, dental, and disability coverage through the program. Employers with health coverage may choose to offer one or more of these optional coverages according to the terms established by the commissioner.

(c) [OPEN ENROLLMENT.] *The program shall provide periodic open enrollments for eligible individuals for those coverages where a choice exists.*

(d) [TECHNICAL ASSISTANCE.] *The commissioner may arrange for technical assistance and referrals for eligible employers in areas such as health promotion and wellness, employee benefits structure, tax planning, and health care analysis services as described in section 62J.33.*

Subd. 8. [PREMIUMS.] (a) [PAYMENTS.] *Employers enrolled in the program shall pay premiums according to terms established by the commissioner. If an employer fails to make the required payments, the commissioner may cancel coverage and pursue other civil remedies.*

(b) [RATING METHOD.] *The commissioner shall determine the premium rates and rating method for the program. The rating method for eligible small employers shall meet or exceed the requirements of chapter 62L. The rating methods may exclude from premiums all or part of the costs for state administration and for maintenance of a premium stability and claim fluctuation reserve, provided that the commissioner shall incorporate these costs into premium as permitted by the size and stability of the program.*

(c) [TAX STATUS.] *Premiums paid to or by the program are exempt from the tax imposed by sections 60A.15 and 60A.198.*

Subd. 9. [POOLED EMPLOYERS INSURANCE TRUST FUND.] (a) [CREATION.] *The pooled employer insurance trust fund is created in the state treasury and consists of deposits received from eligible employers and individuals, contractual settlements or rebates relating to the program, investment income or losses, and direct appropriations.*

(b) [APPROPRIATION.] *All money in the fund is appropriated to the commissioner to pay insurance premiums, approved claims, refunds, administrative costs, and other costs necessary to administer the program.*

(c) [RESERVES.] *For any coverages for which the program does not contract to transfer full financial responsibility, the commissioner shall establish and maintain reserves: (1) for claims in process, incomplete and unreported claims, premiums received but not yet earned, and all other accrued liabilities; and (2) to ensure premium stability and the timely payment of claims in the event of adverse claims experience. The reserve for premium stability and claim fluctuations shall be established according to the standards of section 62C.09, subdivision 3, except that the reserve may exceed the upper limit under this standard until July 1, 1997.*

(d) [INVESTMENTS.] *The state board of investment shall invest money in the fund according to section 11A.24. Investment income and losses attributable to the fund must be credited to the fund.*

Subd. 10. [PROGRAM STATUS.] *The pooled employers insurance program is a state program to provide the advantages of a large pool for purchasing health coverage, other coverages, and related services from insurance companies, health maintenance organizations, and other organizations. The program and, where applicable, the employers enrolled in it shall not constitute insurance within the meaning of state law and are not subject to chapters 60A, 62A, 62C, 62D, 62E, 62H, and 62L, section 471.617, subdivisions 2 and 3, and the bidding requirements of section 471.6161.*

Subd. 11. [EVALUATION.] *The commissioner shall report to the legislature on December 15, 1995, concerning the success of the program in*

fulfilling the intent of the legislature."

[STUDY OF THE APPLICANT.] (a) Before the commissioner issues a license, the commissioner shall conduct a study of the individuals specified in clauses (1) to (4) according to rules of the commissioner. The applicant, license holder, the bureau of criminal apprehension, and county agencies, after written notice to the individual who is the subject of the study, shall help with the study by giving the commissioner criminal conviction data and reports about abuse or neglect of adults in licensed programs substantiated under section 626.557 and the maltreatment of minors in licensed programs substantiated under section 626.556. The individuals to be studied shall include:

- (1) the applicant;
- (2) persons over the age of 13 living in the household where the licensed program will be provided;
- (3) current employees or contractors of the applicant who will have direct contact with persons served by the program; and
- (4) volunteers who have direct contact with persons served by the program to provide program services, if the contact is not directly supervised by the individuals listed in clause (1) or (3).

The juvenile courts shall also help with the study by giving the commissioner existing juvenile court records on individuals described in clause (2) relating to delinquency proceedings held within either the five years immediately preceding the application or the five years immediately preceding the individual's 18th birthday, whichever time period is longer. The commissioner shall destroy juvenile records obtained pursuant to this subdivision when the subject of the records reaches age 23.

For purposes of this subdivision, "direct contact" means providing face-to-face care, training, supervision, counseling, consultation, or medication assistance to persons served by a program. For purposes of this subdivision, "directly supervised" means an individual listed in clause (1) or (3) is within sight or hearing of a volunteer to the extent that the individual listed in clause (1) or (3) is capable at all times of intervening to protect the health and safety of the persons served by the program who have direct contact with the volunteer.

A study of an individual in clauses (1) to (4) shall be conducted on at least an annual basis. No applicant, license holder, or individual who is the subject of the study shall pay any fees required to conduct the study.

(b) The individual who is the subject of the study must provide the applicant or license holder with sufficient information to ensure an accurate study including the individual's first, middle, and last name; home address, city, county, and state of residence; zip code; sex; date of birth; and driver's license number. The applicant or license holder shall provide this information about an individual in paragraph (a), clauses (1) to (4), on forms prescribed by the commissioner. The commissioner may request additional information of the individual, which shall be optional for the individual to provide, such as the individual's social security number or race.

(c) Except for child foster care, adult foster care, and family day care homes, a study must include information from the county agency's record of substantiated abuse or neglect of adults in licensed programs, and the maltreatment of minors in licensed programs, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. For child foster care, adult foster care, and family day care homes, the study must include information from the county agency's record of substantiated abuse or neglect of adults, and the maltreatment of minors, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. The commissioner may also review arrest and investigative information from the bureau of criminal apprehension, a county attorney, county sheriff, county agency, local chief of police, other states, the courts, or a national criminal record repository if the commissioner has reasonable cause to believe the information is pertinent to the disqualification of an individual

listed in paragraph (a), clauses (1) to (4).

(d) An applicant's or license holder's failure or refusal to cooperate with the commissioner is reasonable cause to deny an application or immediately suspend, suspend, or revoke a license. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the license holder's license to be immediately suspended, suspended, or revoked.

(e) The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

(f) No person in paragraph (a), clause (1), (2), (3), or (4) who is disqualified as a result of this section may be retained by the agency in a position involving direct contact with persons served by the program.

~~(g) The commissioner shall not implement the procedures contained in this subdivision until appropriate rules have been adopted, except for the applicants and license holders for child foster care, adult foster care, and family day care homes.~~

~~(h) Termination of persons in paragraph (a), clause (1), (2), (3), or (4) made in good faith reliance on a notice of disqualification provided by the commissioner shall not subject the applicant or license holder to civil liability.~~

~~(i) (h) The commissioner may establish records to fulfill the requirements of this section. The information contained in the records is only available to the commissioner for the purpose authorized in this section.~~

~~(j) (i) The commissioner may not disqualify an individual subject to a study under this section because that person has, or has had, a mental illness as defined in section 245.462, subdivision 20.~~

Subd. 2. [IMMEDIATE SUSPENSION IN CASES OF IMMINENT DANGER TO HEALTH, SAFETY, OR RIGHTS.] If the license holder's failure to comply with applicable law or rule has placed the health, safety, or rights of persons served by the program in imminent danger, the commissioner shall act immediately to suspend the license. No state funds shall be made available or be expended by any agency or department of state, county, or municipal government for use by a license holder regulated under sections 245A.01 to 245A.16 while a license is under immediate suspension. Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1991 Supplement, section 256D.05, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] (a) Each person or family whose income and resources are less than the standard of assistance established by the commissioner and who is a resident of the state shall be eligible for and entitled to general assistance if the person or family is:

(1) a person who is suffering from a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(2) a person whose presence in the home on a substantially continuous basis is required because of the professionally certified illness, injury, incapacity, or the age of another member of the household;

(3) a person who has been placed in, and is residing in, a licensed or certified facility for purposes of physical or mental health or rehabilitation, or in an approved chemical dependency domiciliary facility, if the placement is based on illness or incapacity and is pursuant to a plan developed or approved by the county agency through its director or designated representative;

(4) a person who resides in a shelter facility described in subdivision 3;

(5) a person not described in clause (1) or (3) who is diagnosed by a licensed physician, licensed psychologist, or other qualified professional, as mentally retarded or mentally ill, and that condition prevents the person from obtaining or retaining employment;

(6) a person who has an application pending for, or is appealing termination of benefits from, the social security disability program or the program of supplemental security income for the aged, blind, and disabled, provided the person has a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(7) a person who is unable to obtain or retain employment because advanced age significantly affects the person's ability to seek or engage in substantial work;

(8) a person who, following participation in the work readiness program,

completion of an individualized employability assessment by the work readiness service provider, and consultation between the county agency and the work readiness service provider, the county agency determines is not employable. For purposes of this item, a person is considered employable if the county agency determines that there exist positions of employment in the local labor market, regardless of the current availability of openings for those positions, that the person is capable of performing. Eligibility under this category must be reassessed at least annually by the county agency and must be based upon the results of a new individualized employability assessment completed by the work readiness service provider. The recipient shall, if otherwise eligible, continue to receive general assistance while the annual individualized employability assessment is completed by the work readiness service provider, rather than receive work readiness payments under section 256D.051. Subsequent eligibility for general assistance is dependent upon the county agency determining, following consultation with the work readiness service provider, that the person is not employable, or the person meeting the requirements of another general assistance category of eligibility;

(9) a person who is determined by the county agency, in accordance with emergency and permanent rules adopted by the commissioner, to be learning disabled, provided that if a rehabilitation plan for the person is developed or approved by the county agency, the person is following the plan;

(10) a child under the age of 18 who is not living with a parent, stepparent, or legal custodian, but only if: the child is legally emancipated or living with an adult with the consent of an agency acting as a legal custodian; the child is at least 16 years of age and the general assistance grant is approved by the director of the county agency or a designated representative as a component of a social services case plan for the child; or the child is living with an adult with the consent of the child's legal custodian and the county agency. For purposes of this clause, "legally emancipated" means a person under the age of 18 years who: (i) has been married; (ii) is on active duty in the uniformed services of the United States; (iii) has been emancipated by a court of competent jurisdiction; or (iv) is otherwise considered emancipated under Minnesota law, and for whom county social services has not determined that a social services case plan is necessary, for reasons other than that the child has failed or refuses to cooperate with the county agency in developing the plan;

(11) a woman in the last trimester of pregnancy who does not qualify for aid to families with dependent children. A woman who is in the last trimester of pregnancy who is currently receiving aid to families with dependent children may be granted emergency general assistance to meet emergency needs;

(12) a person who is eligible for displaced homemaker services, programs, or assistance under section 268.96, but only if that person is enrolled as a full-time student;

(13) a person who lives more than two hours round-trip traveling time from any potential suitable employment; ~~and~~

(14) a person who is involved with protective or court-ordered services that prevent the applicant or recipient from working at least four hours per day; ~~and~~

(15) a family as defined in section 256D.02, subdivision 5, which is

ineligible for the aid to families with dependent children program. If all children in the family are six years of age or older, or if suitable child care is available for children under age six at no cost to the family, all the adult members of the family must register for and cooperate in the work readiness program under section 256D.051. If one or more of the children is under the age of six and suitable child care is not available without cost to the family, all the adult members except one adult member must register for and cooperate with the work readiness program under section 256D.051. The adult member who must participate in the work readiness program is the one having earned the greater of the incomes, excluding in-kind income, during the 24-month period immediately preceding the month of application for assistance. When there are no earnings or when earnings are identical for each adult, the applicant must designate the adult who must participate in work readiness and that designation must not be transferred or changed after program eligibility is determined as long as program eligibility continues without an interruption of 30 days or more. The adult members required to register for and cooperate with the work readiness program are not eligible for financial assistance under section 256D.051, except as provided in section 256D.051, subdivision 6, and shall be included in the general assistance grant. If an adult member fails to cooperate with requirements of section 256D.051, the local agency shall not take that member's needs into account in making the grant determination as provided by the termination provisions of section 256D.051, subdivision 1a, paragraph (b). The time limits of section 256D.051, subdivision 1, do not apply to persons eligible under this clause;

(16) a person who is a drug dependent person as defined in section 254A.02, subdivision 5, and that condition prevents the person from obtaining or retaining employment. The determination of drug dependency must be made by an assessor qualified under Minnesota Rules, part 9530.6615, subpart 2, to perform an assessment of chemical use;

(17) a person who is unable to obtain or retain employment because the person is functionally illiterate or has not completed high school and the person is participating in a literacy program, GED, or high school assigned by the county agency. "Participate" means to attend regular classes, complete assignments, and make progress toward literacy goals or a high school diploma or general equivalency diploma; and

(18) a person who is unable to obtain or retain employment due to inability to communicate in the English language and who is participating at least half-time in a language skills program assigned by the county agency.

If a person under clause (17) or (18) fails to comply with participation requirements, the person is subject to the penalties under section 256D.101.

(b) Persons or families who are not state residents but who are otherwise eligible for general assistance may receive emergency general assistance to meet emergency needs.

(c) As a condition of eligibility under paragraph (a), clauses (1), (3), (5), (8), and (9), the recipient must complete an interim assistance agreement and must apply for other maintenance benefits as specified in section 256D.06, subdivision 5, and must comply with efforts to determine the recipient's eligibility for those other maintenance benefits.

(d) The burden of providing documentation for a county agency to use to verify eligibility for general assistance or work readiness is upon the

applicant or recipient. The county agency shall use documents already in its possession to verify eligibility, and shall help the applicant or recipient obtain other existing verification necessary to determine eligibility which the applicant or recipient does not have and is unable to obtain.

Sec. 2. Minnesota Statutes 1990, section 256D.05, is amended by adding a subdivision to read:

Subd. 8. [REFERRAL TO DEPARTMENT OF LABOR AND INDUSTRY.] A county agency that has reason to believe a person is employed but claims eligibility for general assistance or work assistance because the person's employer does not pay wages due as required under section 181.101 shall make a report to the department of labor and industry for investigation and collection of wages due on behalf of the person as provided in section 181.101.

Sec. 3. Minnesota Statutes 1991 Supplement, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) Except as provided in this subdivision, persons who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not categorically eligible under section 256D.05, subdivision 1, are eligible for the work readiness program for a maximum period of five ~~consecutive~~ calendar months during any 12 consecutive calendar month period, subject to the provisions of paragraph (d), subdivision 3, and section 256D.052, subdivision 4. The person's ~~five-month~~ eligibility period begins on the first day of the calendar month following the date of application for assistance or following the date all eligibility factors are met, whichever is later, ~~and ends on the last day of the fifth consecutive calendar month, whether or not the person has received benefits for all five months. The person is not eligible to receive work readiness benefits during the seven calendar months immediately following the five-month eligibility period;~~ however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of benefits to complete the provisions of the person's employability development plan. *Initial payment will not be made until the registrant attends orientation to the work readiness program.* Prior to terminating work readiness assistance the county agency must provide advice on the person's eligibility for general assistance medical care and must assess the person's eligibility for general assistance under section 256D.05 to the extent possible, using information in the case file, and determine the person's eligibility for general assistance. A determination that the person is not eligible for general assistance must be stated in the notice of termination of work readiness benefits.

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

(c) Except for family members who must participate in work readiness services under the provisions of section 256D.05, subdivision 1, clause (14), any person who would be defined for purposes of the food stamp program as being enrolled at least half-time in an institution of higher education is ineligible for the work readiness program.

(d) Notwithstanding the provisions of sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services

shall not continue to a person who appeals the termination of benefits due to exhaustion of the period of eligibility specified in paragraph (a) or (d).

Sec. 4. Minnesota Statutes 1991 Supplement, section 256D.051, subdivision 1a, is amended to read:

Subd. 1a. [WORK READINESS PAYMENTS.] (a) Except as provided in this subdivision, grants of work readiness shall be determined using the standards of assistance, exclusions, disregards, and procedures which are used in the general assistance program. Work readiness shall be granted in an amount that, when added to the nonexempt income actually available to the assistance unit, the total amount equals the applicable standard of assistance.

(b) Except as provided in section 256D.05, subdivision 6, work readiness assistance must be paid on the first day of each month.

At the time the county agency notifies the assistance unit that it is eligible for family general assistance or work readiness assistance and by the first day of each month of services, the county agency must inform all mandatory registrants in the assistance unit that they must comply with all work readiness requirements that month, and that work readiness eligibility will end at the end of the month unless the registrants comply with work readiness requirements specified in the notice. A registrant who fails, without good cause, to comply with requirements during this time period, including attendance at orientation, will lose family general assistance or work readiness eligibility without notice under section 256D.101, subdivision 1, paragraph (b). The registrant shall, however, be sent a notice no later than five days after eligibility ends, which informs the registrant that family general assistance or work readiness eligibility has ended in accordance with this section for failure to comply with work readiness requirements. The notice shall set forth the factual basis for such determination and advise the registrant of the right to reinstate eligibility upon a showing of good cause for the failure to meet the requirements. Subsequent assistance must not be issued unless the person completes an application, is determined eligible, and complies with the *time periods outlined in section 256D.101, subdivision 4, and with the work readiness requirements that had not been complied with*, or demonstrates that the person had good cause for failing to comply with the requirement. The time during which the person is ineligible under these provisions is counted as part of the person's period of eligibility under subdivision 1.

(c) Notwithstanding the provisions of section 256D.01, subdivision 1a, paragraph (d), when one member of a married couple has exhausted the five months of work readiness eligibility in a 12-month period and the other member has one or more months of eligibility remaining within the same 12-month period, the standard of assistance applicable to the member who remains eligible is the first adult standard in the aid to families with dependent children program.

(d) Notwithstanding sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits under paragraph (b).

Sec. 5. Minnesota Statutes 1990, section 256D.051, is amended by adding a subdivision to read:

Subd. 6a. [GENERAL ASSISTANCE SERVICE COSTS.] *Service costs for persons under section 256D.05, subdivision 1, clauses (17) and (18),*

must be reimbursed by the commissioner as provided in subdivision 6.

Sec. 6. Minnesota Statutes 1990, section 256D.051, is amended by adding a subdivision to read:

Subd. 17. [START WORK GRANTS.] Within the limit of available appropriations, the county agency may make grants necessary to enable work readiness recipients to accept bona fide offers of employment. The grants may be made for costs directly related to starting employment, including transportation costs, clothing, tools and equipment, license or other fees, and relocation. Start work grants are available once in any 12-month period to a recipient. The commissioner shall allocate money appropriated for start work grants to counties based on each county's work readiness caseload in the 12 months ending in March for each following state fiscal year and may reallocate any unspent amounts.

Sec. 7. [256D.091] [GRANT DIVERSION.]

The county agency shall maintain a copy of the notice in the registrant's case file.

Subd. 6. [GRANT DIVERSION MONTHLY PAYMENT.] (a) The county agency shall calculate and pay the diverted grant directly to the registrant's employer or shall reimburse an employment and training service provider that has paid the employer. (b) If a registrant is receiving assistance as a member of an assistance unit, the monthly payment to the assistance unit may be reduced only by the amount of the assistance standard for one person.

(c) Notwithstanding any change in resources, household, or income of the registrant or the registrant's assistance unit, eligibility for work readiness and the amount of monthly payment is not subject to change during the grant diversion period if the registrant is participating in the grant diversion program as required in the notice provided under subdivision 5.

"ARTICLE 1

VOLUNTEER FIRE BENEFIT CHANGES

Section 1. [69.032] [MAXIMUM FIRE STATE AID; ALLOCATION OF AID IN EXCESS OF MAXIMUM.]

(a) Notwithstanding any provision of section 69.031 to the contrary, no municipality associated with a volunteer firefighters relief association that pays a service pension other than a defined contribution service pension or independent nonprofit firefighting corporation may receive fire state aid in excess of the maximum set forth in paragraph (b).

(b) The maximum fire state aid is an amount equal to 200 percent of the amount that would be the minimum municipal obligation of the municipality or nonprofit firefighting corporation under the applicable provisions of sections 69.771 to 69.775, if the municipality or nonprofit firefighting corporation received no fire state aid, as reflected in the reporting provided to the state auditor under sections 69.011 and 69.051.

(c) The commissioner of revenue shall deduct the amount of the calculated fire state aid apportionment in excess of the maximum specified in paragraph (b) from the calculated apportionment to determine the amount of fire state aid payable to qualifying municipalities and independent nonprofit firefighting corporations. The remaining apportionment amount in excess of the maximum must be credited to the amount of fire insurance premium tax proceeds available for the next subsequent fire state aid apportionment.

Sec. 2. Minnesota Statutes 1990, section 424A.02, subdivision 1, is amended to read:

Subdivision 1. [AUTHORIZATION.] A relief association, when its articles of incorporation or bylaws so provide, may pay out of the assets of its special fund a service pension to each of its members who: (1) separates from active service with the fire department; (2) reaches age 50; (3) completes at least five years of active service as an active member of the municipal fire department to which the relief association is associated; (4) completes at least five years of active membership with the relief association before separation from active service; and (5) complies with any additional conditions as to age, service, and membership that are prescribed by the bylaws of the relief association. *A service pension computed under this section, if the bylaws or articles of incorporation of the relief association so provide, may be prorated monthly for fractional years of service.* The service pension may be paid whether or not the municipality or nonprofit firefighting corporation to which the relief association is associated qualifies for fire state aid under chapter 69. In the case of a member who has completed at least five years of active service as an active member of the fire department to which the relief association is associated on the date that the relief association is established and incorporated, the requirement that the member complete at least five years of active membership with the relief association before separation from active service may be waived by the board of trustees of the relief association if the member completes at least five years of inactive membership with the relief association before the payment of the service pension. During the period of inactive membership, the member is not entitled to receive disability benefit coverage, is not entitled to receive

additional service credit towards computation of a service pension, and is considered to have the status of a person entitled to a deferred service pension under subdivision 7.

No municipality or nonprofit firefighting corporation may delegate the power to take final action in setting a service pension or ancillary benefit amount or level to the board of trustees of the relief association or to approve in advance a service pension or ancillary benefit amount or level equal to the maximum amount or level that this chapter would allow rather than a specific dollar amount or level.

No relief association as defined in section 424A.001, subdivision 4, may pay a service pension or disability benefit to a former member of the relief association if that person has not separated from active service with the fire department to which the relief association is directly associated.

For the purposes of this chapter, "to separate from active service" means to cease to perform fire suppression duties and to cease to supervise fire suppression duties.

Sec. 3. Minnesota Statutes 1990, section 424A.02, subdivision 3, is amended to read:

Subd. 3. [FLEXIBLE SERVICE PENSION MAXIMUMS.] (a) On or before August 1 of each year as part of the certification of the financial requirements and minimum municipal obligation made pursuant to section 69.772, subdivision 4, or 69.773, subdivision 5, the secretary or some other official of the relief association designated in the bylaws of each relief association shall calculate and certify to the governing body of the applicable qualified municipality the average amount of available financing per active covered firefighter for the most recent three-year period. The amount of available financing shall include any amounts of fire state aid received or receivable by the relief association, any amounts of municipal contributions to the relief association raised from levies on real estate or from other available revenue sources exclusive of fire state aid, and one-tenth of the amount of assets in excess of the accrued liabilities of the relief association calculated pursuant to sections 69.772, subdivision 2; 69.773, subdivisions 2 and 4; or 69.774, subdivision 2, if any.

(b) The maximum service pension which the relief association ~~may~~ has authority to provide for in its bylaws for payment to a member retiring after the calculation date when the minimum age and service requirements specified in subdivision 1 are met ~~shall~~ must be determined using the applicable following table in paragraph (c) or (d), whichever applies.

(c) For a relief association where the governing bylaws provide for a monthly service pension to a retiring member, ~~if the average amount of available financing per active covered firefighter does not exceed the minimum average amount specified below, then~~ the maximum monthly service pension amount per month for each year of service credited ~~which that~~ may be provided for in the bylaws ~~shall be the greater of: (1) the service pension amount provided for in the bylaws on the date of calculation; or (2) is~~ the maximum service pension figure corresponding to the average amount of available financing per active covered firefighter:

(c) “Fuel fund” means a fund established by an energy provider, the state, or any other entity that collects and distributes funds for low-income emergency energy assistance and meets the minimum criteria, including income eligibility criteria, for receiving funds from the federal Low-Income Home Energy Assistance Program and the program’s Incentive Fund for Leveraging Non-Federal Resources.

Subd. 2. Subd. 3. [STATEWIDE FUEL FUND; APPROPRIATION.] The commissioner shall establish a statewide fuel fund. The commissioner may develop and implement a program to solicit funds, manage the funds, and distribute emergency energy assistance to low-income households, as defined in the federal Low-Income Home Energy Assistance Program, on a statewide basis. Subdivision 1. [GENERALLY.] Except as provided in subdivisions 6, 8, 9, ~~and~~ 11, ~~and~~ 12 or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under \$100 is rounded up to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. The assessor shall take into account the effect on the market value of property of environmental factors in the vicinity of the property. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements

thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, ~~the fact that such platted property is platted shall be taken into account.~~ ~~An individual lot of such platted property shall be assessed at its market value beginning with the first assessment following final approval of the plat assessed as provided in subdivision 12.~~ All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 3. Minnesota Statutes 1990, section 273.11, is amended by adding a subdivision to read:

Subd. 12. [VALUATION OF VACANT PLATTED LAND.] All land platted on or after August 1, 1991, and not improved with a permanent structure, shall be assessed as provided in this subdivision. The assessor shall determine the market value of each individual lot based upon the highest and best use of the property as unplatted land. The assessor shall consider the sale price of the unplatted land or comparable sales of unplatted land in establishing the market value of the property. The land shall not be eligible for revaluation until:

- (1) construction has begun on the platted lot; or*
- (2) one year has passed after recording of the plat, whichever is shorter.*

Sec. 4. Minnesota Statutes 1991 Supplement, section 273.13, subdivision 33, is amended to read:

Subd. 33. [UNIMPROVED PROPERTY.] Real property that is not improved with a structure and that is not used as part of a *an agricultural, commercial, or industrial activity* must be classified and assessed according to its highest and best use permitted under the local zoning ordinance. If the ordinance permits more than one use, the land must be classified and assessed according to the highest and best use permitted under the ordinance. If no such ordinance exists, the assessor shall consider the most likely potential use of the vacant land based upon the use made of surrounding land or land in proximity to the vacant land.

Sec. 5. [VACANT LAND PLATTED BEFORE AUGUST 1, 1991.]

All land platted before August 1, 1991, and not improved with a structure shall be assessed as provided in this section. In valuing real property which is vacant, the fact that such property is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the valuation of the land as if it were unplatted until the lot is improved with a permanent improvement all or part of which is located on the lot, or for a period of three years after final approval of the plat, whichever is shorter. When a lot is sold or construction begun, that lot shall be eligible for revaluation.

The gross weights shown in parentheses in this clause are permitted only on state trunk highways and routes designated under section 169.832, subdivision 11.

(b) Notwithstanding any lesser weight in pounds shown in this table but subject to the restrictions on gross vehicle weights in clause (c), two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each and a combined gross load of 68,000 pounds provided the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more.

(c) Notwithstanding the provisions of section 169.85, the gross vehicle weight of all axles of a vehicle or combination of vehicles shall not exceed:

(1) 80,000 pounds for any vehicle or combination of vehicles on all state trunk highways as defined in section 160.02, subdivision 2, and for all routes designated under section 169.832, subdivision 11; and

(2) 73,280 pounds for any vehicle or combination of vehicles with five axles or less on all routes, other than state trunk highways and routes that are designated under section 169.832, subdivision 11; and

(3) 80,000 pounds for any vehicle or combination of vehicles with six or more axles on all routes, other than state trunk highways and routes that are designated under section 169.832, subdivision 11.

(d) The maximum weights specified in this subdivision for five consecutive axles shall not apply to a combination of vehicles that includes a three axle semitrailer first registered before August 1, 1981. All other weight limitations in this section are applicable.

(e) The maximum weights specified in this subdivision for five consecutive axles shall not apply to a four axle ready mix concrete truck which was equipped with a fifth axle prior to June 1, 1981. The maximum gross weight on four or fewer consecutive axles of vehicles excepted by this clause shall not exceed any maximum weight specified for four or fewer consecutive axles in this subdivision.

Sec. 5. Minnesota Statutes 1990, section 169.825, subdivision 11, is amended to read:

Subd. 11. [GROSS WEIGHT SEASONAL INCREASES.] (a) The limitations provided in this section are increased:

(1) by ten percent from January 1 to March 7 each winter, statewide;

(2) by ten percent from December 1 through December 31 each winter in the zone bounded as follows: beginning at Pigeon River in the northeast corner of Minnesota; thence in a southwesterly direction along the north shore of Lake Superior along trunk highway No. 61 to the junction with trunk highway No. 210; thence westerly along trunk highway No. 210 to

the junction with trunk highway No. 10; thence northwesterly along trunk highway No. 10 to the Minnesota-North Dakota border; thence northerly along that border to the Minnesota-Canadian Border; thence easterly along said Border to Lake Superior; and

(3) by ten percent from ~~October 1~~ *the beginning of harvest* to November 30 each year for the movement of sugar beets and potatoes *within an area having a 75-mile radius* from the field of harvest to the point of the first unloading. The commissioner shall not issue permits under this clause if to do so will result in a loss of federal highway funding to the state.

(b) The duration of a ten percent increase in load limits is subject to limitation by order of the commissioner, subject to implementation of spring-time load restrictions, or March 7.

(c) When the ten percent increase is in effect, a permit is required for a motor vehicle, trailer, or semitrailer combination that has a gross weight in excess of 80,000 pounds, an axle group weight in excess of that prescribed in subdivision 10, or a single axle weight in excess of 20,000 pounds and which travels on interstate routes.

(d) In cases where gross weights in an amount less than that set forth in this section are fixed, limited, or restricted on a highway or bridge by or under another section of this chapter, the lesser gross weight as fixed, limited, or restricted may not be exceeded and must control instead of the gross weights set forth in this section.

(e) Notwithstanding any other provision of this subdivision, no vehicle may exceed a total gross vehicle weight of 80,000 pounds on routes which have not been designated by the commissioner under section 169.832, subdivision 11.

Sec. 6. Minnesota Statutes 1990, section 169.825, subdivision 14, is amended to read:

Subd. 14. [VARIABLE LOAD AXLES.] A vehicle or combination of vehicles equipped with one or more variable load axles shall have the pressure control preset so that the weight carried on the variable load axle may not be varied by the operator during transport of any load. The actuating control for the axle shall function only as an on and off switch. The provisions of this subdivision do not apply to any farm truck registered prior to July 1, 1981, under section 168.013, subdivision 1c, for 57,000 pounds or less ~~or to any rear-loading refuse compactor vehicle.~~ *This subdivision does not apply to rear-loading refuse compactor vehicles, except that any refuse compactor vehicle having a tridem rear axle must comply with this subdivision before being issued a special permit under section 169.86, subdivision 5, paragraph (h).*

Sec. 7. Minnesota Statutes 1991 Supplement, section 169.86, subdivision 5, is amended to read:

Subd. 5. [FEES.] The commissioner, with respect to highways under the commissioner's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) \$15 for each single trip permit.

(b) \$36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight, and dimension.

(c) \$60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) ~~refuse compactor vehicles that carry a gross weight up to but not in excess of 22,000 pounds on a single rear axle and not in excess of 38,000 pounds on a tandem rear axle;~~

(2) ~~motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;~~

(3) ~~(2) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;~~

(4) ~~(3) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3); and~~

(5) ~~(4) special pulpwood vehicles described in section 169.863.~~

(d) \$120 for an oversize annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) mobile cranes;

(2) construction equipment, machinery, and supplies;

(3) manufactured homes;

(4) farm equipment when the movement is not made according to the provisions of section 169.80, subdivision 1, paragraphs (a) to (f);

(5) double-deck buses;

(6) commercial boat hauling.

(e) For vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

Overweight Axle Group Cost Factors

Weight (pounds) exceeding weight limi- tations on axles	Cost Per Mile For Each Group Of:		
	Two consec- utive axles spaced within 8 feet or less	Three consec- utive axles spaced within 9 feet or less	Four consec- utive axles spaced with- in 14 feet or less
0-2,000	.100	.040	.036
2,001-4,000	.124	.050	.044

18,001-20,000	Not permitted	Not permitted	.140
20,001-22,000	Not permitted	Not permitted	.168

The amounts added are rounded to the nearest cent for each axle or axle group. The additional cost does not apply to paragraph (c), clauses (1) and (3).

For a vehicle found to exceed the appropriate maximum permitted weight, a cost-per-mile fee of 22 cents per ton, or fraction of a ton, over the permitted maximum weight is imposed in addition to the normal permit fee. Miles must be calculated based on the distance already traveled in the state plus the distance from the point of detection to a transportation loading site or unloading site within the state or to the point of exit from the state.

(f) As an alternative to paragraph (e), an annual permit may be issued for overweight, or oversize and overweight, construction equipment, machinery, and supplies. The fees for the permit are as follows:

Gross Weight (pounds) of vehicle	Annual Permit Fee
90,000 or less	\$200
90,001 - 100,000	\$300
100,001 - 110,000	\$400

120,001 - 130,000	\$600
130,001 - 140,000	\$700
140,001 - 145,000	\$800

If the gross weight of the vehicle is more than 145,000 pounds the permit fee is determined under paragraph (e).

(g) For vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to \$120 added to the amount in paragraph (a) when the permit is issued while seasonal load restrictions pursuant to section 169.87 are in effect.

(h) \$85 for an annual permit to be issued for a period not to exceed 12 months, for refuse compactor vehicles that carry a gross weight of not more than: 22,000 pounds on a single rear axle; 38,000 pounds on a tandem rear axle; or, subject to section 169.825, subdivision 14, 46,000 pounds on a tridem rear axle. A permit issued for up to 46,000 pounds on a tridem rear axle must limit the gross vehicle weight to not more than 62,000 pounds.

Sec. 8. Minnesota Statutes 1990, section 174.30, subdivision 2, is amended to read:

Subd. 2. [AUTHORITY TO ADOPT; PURPOSE AND CONTENT; RULEMAKING.] The commissioner of transportation shall adopt by rule standards for the operation of vehicles used to provide special transportation service which are reasonably necessary to protect the health and safety of individuals using that service. The commissioner, as far as practicable, consistent with the purpose of the standards, shall avoid adoption of standards that unduly restrict any public or private entity or person from providing special transportation service because of the administrative or other cost of compliance.

Subdivision 1. [PERMIT CARRIERS.] A person desiring to operate as a permit carrier, except as a livestock carrier, or a local cartage carrier shall file a petition with the commissioner specifying the kind of permit desired, the name and address of the petitioner and the names and addresses of the officers, if a corporation, and other information as the board and commissioner may require. *Letters of shipper support must be filed with the petition. No person shall knowingly make a false or misleading statement in a petition.* The board, after notice to interested parties and a hearing, shall issue the permit upon compliance with the laws and rules relating to it, if it finds that petitioner is fit and able to conduct the proposed operations, that petitioner's vehicles meet the safety standards established by the department, that the area to be served has a need for the transportation services requested in the petition, and that existing permit and certificated carriers in the area to be served have failed to demonstrate that they offer sufficient transportation services to meet fully and adequately those needs, provided that no person who holds a permit at the time sections 221.011 to 221.291 take effect may be denied a renewal of the permit upon compliance with other provisions of sections 221.011 to 221.291. A permit once granted continues

in full force and effect until abandoned or unless suspended or revoked, subject to compliance by the permit holder with the applicable provisions of law and the rules of the commissioner or board governing permit carriers. No permit may be issued to a common carrier by rail permitting the common carrier to operate trucks for hire within this state, nor may a common carrier by rail be permitted to own, lease, operate, control, or have an interest in a permit carrier by truck, either by stock ownership or otherwise, directly, indirectly, through a holding company, or by stockholders or directors in common, or in any other manner. Nothing in sections 221.011 to 221.291 prevents the board from issuing a permit to a common carrier by rail authorizing the carrier to operate trucks wholly within the limits of a municipality or within adjacent or contiguous municipalities or a common rate point served by the railroad and only as a service supplementary to the rail service now established by the carriers.

Sec. 35. Minnesota Statutes 1990, section 221.121, subdivision 7, is amended to read:

Trailers and semitrailers used by a permit holder in combination with power units may not be counted as vehicles in the computation of fees under this section if the permit holder pays the fees for power units.

(b) The commissioner shall furnish a distinguishing annual identification card for each vehicle or power unit for which a fee has been paid. The identification card must at all times be carried in the vehicle or power unit to which it has been assigned. An identification card may be reassigned to another vehicle or power unit upon application of the permit holder and *payment of a transfer fee of \$10. An identification card issued under the provisions of this section is valid only for the period for which the permit is effective.*

(c) ~~The name and residence of the permit holder must be stenciled or otherwise shown identified on the outside of both doors~~ *power unit of each registered vehicle operated under the permit. If the permit holder operates a leased vehicle, it may show its name and the name of the lessor on the vehicle, if the lease relationship is clearly shown. If the name of a person other than the operating permit holder appears on the vehicle, the words "operated by" must immediately precede the name of the permit holder. The name and address must be in letters that contrast sharply in color with the background, be readily legible during daylight hours from a distance of 50 feet while the vehicle is stationary, and be maintained in a manner that retains the legibility of the markings. The name and address may be shown by use of a removable device if that device meets the identification and legibility requirements of this subdivision.

(d) A fee of \$10 is charged for the replacement of an unexpired identification card that has been lost or damaged.

Sec. 38. Minnesota Statutes 1990, section 221.131, subdivision 6, is amended to read:

At the hearing, the burden of proof is on the permit carrier filing the proposed tariff to sustain the validity of the proposed schedule of rates and charges. Tariffs for ~~the transportation of~~ transporting livestock are not subject to rejection, suspension, or postponement by the board, except as provided in subdivisions 2 and 3. The tariffs and subsequent supplements to them or reissues of them must state the effective date, which may not be less than ten days following the date of filing, unless the period of time is reduced by special permission of the commissioner.

504.02 [CANCELLATION OF LEASES IN CERTAIN CASES; ABANDONMENT OR SURRENDER OF POSSESSION.]

Subdivision 1. [ACTION TO RECOVER.] (a) In case of a lease of real property, when the landlord has a subsisting right of reentry for the failure of the tenant to pay rent the landlord may bring an action to recover possession of the property and such action is equivalent to a demand for the rent and a reentry upon the property; but if, at any time before possession has been delivered to the plaintiff on recovery in the action, the lessee or a successor in interest as to the whole or any part of the property pays to the plaintiff or brings into court the amount of the rent then in arrears, with interest and costs of the action, and an attorney's fee not exceeding \$5, and performs the other covenants on the part of the lessee, the lessee or successor may be restored to the possession and hold the property according to the terms of the original lease.

(b) If the tenant has paid to the plaintiff or brought into court the amount of rent in arrears but is unable to pay the interest, costs of the action, and attorney fees required by this subdivision, the court may permit the defendant to pay these amounts into court and be restored to possession within the same period of time, if any, which the court stays the issuance of the writ of restitution pursuant to section 566.09.

(c) Prior to or after commencement of an action to recover possession for nonpayment of rent, the parties may agree only in writing that partial payment of rent in arrears which is accepted by the landlord prior to issuance of the order granting restitution of the premises pursuant to section 566.09 may be applied to the balance due and does not waive the landlord's action to recover possession of the premises for nonpayment of rent.

(d) Rental payments under this subdivision must first be applied to rent claimed as due in the complaint from prior rental periods before applying any payment toward rent claimed in the complaint for the current rental period, unless the court finds that under the circumstances the claim for rent from prior rental periods has been waived.

Subd. 2. [LEASE GREATER THAN 20 YEARS.] (a) If the lease under which the right of reentry is claimed is a lease for a term of more than 20 years, reentry cannot be made into the land or such action commenced by the landlord unless, after default, the landlord shall serve upon the tenant, also upon all creditors having a lien of record legal or equitable upon the leased premises or any part thereof, a written notice that the lease will be canceled and terminated unless the payment or payments in default shall be made and the covenants in default shall be performed within 30 days after the service of such notice, or within such greater period as the lessor shall specify in the notice, and if such default shall not be removed within the period specified within the notice, then the right of reentry shall be complete at the expiration of the period and may be exercised as provided by law. If any such lease shall provide that the landlord, after default, shall

give more than 30 days' notice in writing to the tenant of the landlord intention to terminate the tenancy by reason of default in terms thereof, then the length of the notice to terminate shall be the same as provided for and required by the lease.

(b) As to such leases for a term of more than 20 years, if at any time before the expiration of six months after possession obtained by the plaintiff by abandonment or surrender of possession by the tenant or on recovery in the action, the lessee or a successor in interest as to the whole or part of the property, or any creditor having a lien legal or equitable upon the leased premises or any part thereof, pays to the plaintiff, or brings into court, the amount of rent then in arrears, with interest and the costs of the action, and performs the other covenants on the part of the lessee, the lessee or successor may be restored to the possession and hold the property according to the terms of the original lease. Subd. 3. [JUDGMENT TO BE RECORDED.] Upon recovery of possession by the landlord in the action a certified copy of the judgment shall be recorded in the office of the county recorder of the county where the land is situated if unregistered land or in the office of the registrar of titles of such county if registered land and upon recovery of possession by the landlord by abandonment or surrender by the tenant an affidavit by the landlord or the landlord's attorney setting forth such fact shall be recorded in a like manner and such recorded certified copy of such judgment or such recorded affidavit shall be prima facie evidence of the facts stated therein in reference to the recovery of possession by such landlord.

Real property needed or convenient for a project may be acquired by the authority for the project by condemnation pursuant to this section. This includes any property devoted to a public use, whether or not held in trust, notwithstanding that the property may have been previously acquired by condemnation or is owned by a public utility corporation, because the public use in conformity with the provisions of sections 469.001 to 469.047 shall be deemed a superior public use. The authority may finance these activities by means of the redevelopment project fund or by means of tax increments or tax increment bonds or by the methods of financing provided for in section 469.033 or by means of contributions from the municipality provided for in section 469.041, clause (9), or by any combination of those means. The governing body shall agree on behalf of all the applicable governing bodies affected that local cooperation as required by the federal government shall be provided by the local governing body or bodies in whose jurisdiction the project is to be located, at no cost or at no greater cost than the same public services and facilities furnished to other residents;

(11) to cooperate with or act as agent for the federal government, the state or any state public body, or any agency or instrumentality of the foregoing, in carrying out any of the provisions of sections 469.001 to 469.047 or of any other related federal, state, or local legislation; and upon the consent of the governing body of the city to purchase, lease, manage, or otherwise take over any housing project already owned and operated by the federal government;

(b) To investigate the extent, character, and effect of the pollution of the waters of this state and to gather data and information necessary or desirable in the administration or enforcement of pollution laws, and to make such classification of the waters of the state as it may deem advisable;

(c) To establish and alter such reasonable pollution standards for any waters of the state in relation to the public use to which they are or may be put as it shall deem necessary for the purposes of this chapter and, with respect to the pollution of waters of the state, chapter 116;

(d) To encourage waste treatment, including advanced waste treatment, instead of stream low-flow augmentation for dilution purposes to control and prevent pollution;

(e) To adopt, issue, reissue, modify, deny, or revoke, enter into or enforce reasonable orders, permits, variances, standards, rules, schedules of compliance, and stipulation agreements, under such conditions as it may prescribe, in order to prevent, control or abate water pollution, or for the installation or operation of disposal systems or parts thereof, or for other equipment and facilities;

(1) Requiring the discontinuance of the discharge of sewage, industrial waste or other wastes into any waters of the state resulting in pollution in excess of the applicable pollution standard established under this chapter;

(2) Prohibiting or directing the abatement of any discharge of sewage, industrial waste, or other wastes, into any waters of the state or the deposit thereof or the discharge into any municipal disposal system where the same is likely to get into any waters of the state in violation of this chapter and, with respect to the pollution of waters of the state, chapter 116, or standards or rules promulgated or permits issued pursuant thereto, and specifying the schedule of compliance within which such prohibition or abatement must be accomplished;

(3) Prohibiting the storage of any liquid or solid substance or other pollutant in a manner which does not reasonably assure proper retention against entry into any waters of the state that would be likely to pollute any waters of the state;

Said standards of performance for new sources shall encompass those standards for the control of the discharge of pollutants which reflect the greatest degree of effluent reduction which the agency determines to be achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, where practicable, a standard permitting no discharge of pollutants. New sources shall encompass buildings, structures, facilities, or installations from which there is or may be the discharge of pollutants, the construction of which is commenced after the publication by the agency of proposed rules prescribing a standard of performance which will be applicable to such source. Notwithstanding any other provision of the law of this state, any point source the construction of which is commenced after May 20, 1973, and which is so constructed as to meet all applicable standards of performance for new sources shall, consistent with and subject to the provisions of section 306(d) of the Amendments of 1972 to the Federal Water Pollution Control Act, not be subject to any more stringent standard of performance for new sources during a ten-year period beginning on the date of completion of such construction

(7) Requiring the owner or operator of any disposal system or any point source to establish and maintain such records, make such reports, install, use, and maintain such monitoring equipment or methods, including where appropriate biological monitoring methods, sample such effluents in accordance with such methods, at such locations, at such intervals, and in such a manner as the agency shall prescribe, and providing such other information as the agency may reasonably require;

(8) Notwithstanding any other provision of this chapter, and with respect to the pollution of waters of the state, chapter 116, requiring the achievement of more stringent limitations than otherwise imposed by effluent limitations in order to meet any applicable water quality standard by establishing new effluent limitations, based upon section 115.01, subdivision 5, clause (b), including alternative effluent control strategies for any point source or group of point sources to insure the integrity of water quality classifications, whenever the agency determines that discharges of pollutants from such point source or sources, with the application of effluent limitations required to comply with any standard of best available technology, would interfere with the attainment or maintenance of the water quality classification in a specific portion of the waters of the state. Prior to establishment of any such effluent limitation, the agency shall hold a public hearing to determine the relationship of the economic and social costs of achieving such limitation or limitations, including any economic or social dislocation in the affected community or communities, to the social and economic benefits to be obtained and to determine whether or not such effluent limitation can be implemented with available technology or other alternative control strategies. If a person affected by such limitation demonstrates at such hearing that, whether or not such technology or other alternative control strategies are available, there is no reasonable relationship between the economic and social costs and the benefits to be obtained, such limitation shall not become effective and shall be adjusted as it applies to such person;

(9) Modifying, in its discretion, any requirement or limitation based upon best available technology with respect to any point source for which a permit application is filed after July 1, 1977, upon a showing by the owner or operator of such point source satisfactory to the agency that such modified requirements will represent the maximum use of technology within the economic capability of the owner or operator and will result in reasonable further progress toward the elimination of the discharge of pollutants;

(f) To require to be submitted and to approve plans and specifications for disposal systems or point sources, or any part thereof and to inspect the construction thereof for compliance with the approved plans and specifications thereof;

(g) To prescribe and alter rules, not inconsistent with law, for the conduct of the agency and other matters within the scope of the powers granted to and imposed upon it by this chapter and, with respect to pollution of waters of the state, in chapter 116, provided that every rule affecting any other department or agency of the state or any person other than a member or employee of the agency shall be filed with the secretary of state;

(h) To conduct such investigations, issue such notices, public and otherwise, and hold such hearings as are necessary or which it may deem advisable for the discharge of its duties under this chapter and, with respect to the pollution of waters of the state, under chapter 116, including, but not limited to, the issuance of permits, and to authorize any member, employee, or agent appointed by it to conduct such investigations or, issue such notices and hold such hearings;

(i) For the purpose of water pollution control planning by the state and pursuant to the Federal Water Pollution Control Act, as amended, to establish and revise planning areas, adopt plans and programs and continuing planning processes, including, but not limited to, basin plans and areawide waste treatment management plans, and to provide for the implementation of any such plans by means of, including, but not limited to, standards, plan elements, procedures for revision, intergovernmental cooperation, residual treatment process waste controls, and needs inventory and ranking for construction of disposal systems;

Subd. 8. Sec. 5. [APPROPRIATION ALLOCATION.]

Up to \$50,000 of funds appropriated under Laws 1990, chapter 594, article 1, section 22, paragraph (c), may be awarded to a municipality or sanitary district for advanced alternative on-site treatment system demonstration projects in sensitive groundwater areas. “Sec. 4. [514.801] [MEDICAL ASSISTANCE LIENS; DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 4 to 9.

Subd. 2. [LONG-TERM CARE SERVICES.] “Long-term care services” includes nursing facility services, and home and community-based services provided pursuant to section 256B.491.

Subd. 3. [MEDICAL ASSISTANCE AGENCY.] “Medical assistance agency” or “agency” means the state or any county medical assistance agency that provides a medical assistance benefit.

Subd. 4. [MEDICAL ASSISTANCE BENEFIT.] “Medical assistance benefit” means any benefit provided under authority of chapter 256B to a person while in a medical institution as defined in section 256B.15, subdivision 1, clause (b).

Subd. 5. [MEDICAL ASSISTANCE LIEN.] “Medical assistance lien” means a lien established under section 5.

Subd. 6. [MEDICAL ASSISTANCE RECIPIENT.] “Medical assistance recipient” means a person who has received medical assistance benefits.

Subd. 7. [SPOUSE.] “Spouse” means the spouse of a medical assistance recipient.

Sec. 5. [514.802] [MEDICAL ASSISTANCE LIEN.]

Subdivision 1. [PROPERTY SUBJECT TO LIEN; LIEN AMOUNT.] (a) Subject to the limitations and restrictions contained in sections 4 to 9, all

payments made by a medical assistance agency to provide medical assistance benefits to any medical assistance recipient who owns property in this state, or to the spouse, constitute a lien in favor of the agency upon all real property that:

(1) was owned by the medical assistance recipient at the time the medical assistance benefits were provided; or

(2) was acquired by the medical assistance recipient after the time the medical assistance lien was filed.

(b) The amount of the lien is limited to the same extent as a claim against the estate pursuant to section 256B.15, subdivision 2.

Subd. 2. [ATTACHMENT.] (a) Subject to the other limitations and restrictions contained in sections 4 to 9, a medical assistance lien does not attach to or become enforceable against specific real property until the first date when the following conditions have been fulfilled:

(1) payments have been made by an agency for a medical assistance benefit;

(2) the medical assistance recipient or that person's legal representative, if any, and the spouse or the spouse's legal representative, if any, have been sent, by certified or registered mail, written notice of the agency's lien rights;

(3) a lien notice has been filed as provided in section 6;

(4) if the property is registered property, the lien notice has been recorded on the certificate of title of the property affected by the lien notice; and

(5) all restrictions against enforcement have ceased to apply.

(b) No agency may file a medical assistance lien notice against any real property owned by the medical assistance recipient until the medical assistance recipient or that person's legal representative, if any, and the spouse or the spouse's legal representative, if any, have been sent, by certified or registered mail, written notice of the agency's lien rights and there has been an opportunity for a hearing.

(c) No agency may file a medical assistance lien notice against any real property while it is the homestead of the medical assistance recipient until the agency has determined, after notice has been given in compliance with paragraph (a), clause (2), and opportunity for hearing in accordance with section 256.045, that the medical assistance recipient cannot reasonably be expected to be discharged from a medical institution to return home;

(d) No agency may file a medical assistance lien notice against any real property while it is the home of the spouse.

(e) No agency may file a medical assistance lien notice against any property that was the homestead of the medical assistance recipient or the spouse prior to the medical assistance recipient's receipt of long-term care services and in which any of the following is lawfully residing:

(1) the child of the medical assistance recipient or of the spouse if the child is under age 21 or is blind or permanently and totally disabled according to the supplemental security income criteria;

(2) the child or grandchild of the medical assistance recipient if the child or grandchild resided in the homestead for a period of at least two years immediately before the date the medical assistance recipient began receiving

long-term care services, and if the child or grandchild provided care to the medical assistance recipient which permitted the recipient not to require long-term care services; or

(3) the sibling of the medical assistance recipient if the sibling has an equity interest in the property and has resided upon the property for a period of at least one year immediately before the date the medical assistance recipient began receiving long-term care services.

Subd. 3. [CONTINUATION OF LIEN NOTICE AND LIEN.] A medical assistance lien notice remains effective from the time it is filed until it can properly be disregarded under sections 4 to 9. A medical assistance lien that has attached to specific real property continues until the lien is satisfied, becomes totally unenforceable through operation of the limitations specified in subdivision 6, or is released and discharged in full under subdivision 5.

Subd. 4. [LIEN PRIORITY.] A medical assistance lien is subject to the rights of any other person, including an owner, purchaser, holder of a mortgage or security interest, or judgment lien creditor, whose interest is perfected before a lien notice has been filed as provided in section 6. The rights of the other person must be afforded the same protections against a medical assistance lien as are afforded against a judgment lien that arises out of an unsecured obligation and that arises as of the time of the filing of the medical assistance lien notice as provided in section 6. A medical assistance lien is inferior to any lien for taxes or special assessments or other lien that would be superior to the perfected lien of a judgment creditor.

Subd. 5. [RELEASE.] (a) The agency that files a medical assistance lien notice shall release and discharge the lien in full if:

(1) the medical assistance recipient is discharged from the medical institution and returns home;

(2) the medical assistance lien is satisfied;

(3) a legally enforceable agreement satisfactory to the agency has been executed providing for reimbursement of the agency for the amount or amounts secured by the lien;

(4) the agency has already received reimbursement for the amount or amounts secured by the lien; or

(5) the medical assistance recipient, if single, or the surviving spouse, has died, and no claim can be filed against the estate of the decedent pursuant to section 256B.15, subdivision 3.

(b) Upon request, the agency that files a medical assistance lien notice shall release a specific parcel of real property from the lien if:

(1) any of the conditions specified in paragraph (a) applies;

(2) the property is or has been the spouse's homestead, or the property is or was attributed to the spouse according to section 256B.059, subdivision 3 or 4, and the spouse is not receiving medical assistance benefits;

(3) the property would be exempt from a claim against the estate pursuant to section 256B.15, subdivision 4;

(4) the agency receives reimbursement, or other collateral sufficient to secure payment of reimbursement, in an amount equal to the lesser of the amount secured by the lien, or the amount the agency would be allowed to recover upon enforcement of the lien against the specific parcel of property,

if the agency attempted to enforce the lien on the date of the request to release the lien; or

(5) there is insufficient equity in the property to provide any reimbursement to the agency after making an allowance for all taxes, assessments, and other proper charges that are or would be superior to the lien rights of the agency and that would become due and payable if the property were to be sold.

(c) The agency that files a medical assistance lien notice may release the lien if the attachment or enforcement of the lien is determined by the agency to be contrary to the public interest.

(d) The agency that files a medical assistance lien notice shall execute the release of the lien and file the release as provided in section 6, subdivision 2.

Subd. 6. [TIME LIMITS; CLAIM LIMITS.] (a) A medical assistance lien ceases to be enforceable against specific real property if any of the following occurs:

(1) the lien is not satisfied or proceedings are not lawfully commenced to foreclose the lien within 18 months of the agency's receipt of notice of the death of the medical assistance recipient or the death of the surviving spouse, whichever death occurs later; or

(2) the lien is not satisfied or proceedings are not lawfully commenced to foreclose the lien within three years of the death of the medical assistance recipient or the death of the surviving spouse, whichever death occurs later. This limitation is tolled during any period when the provisions of section 7, subdivision 2, apply to delay enforcement of the lien.

(b) A medical assistance lien is not enforceable against the real property of an estate to the extent there is a determination by a court of competent jurisdiction, or by an officer of the court designated for that purpose, that there are insufficient assets in the estate to satisfy the agency's medical assistance lien in whole or in part in accordance with the priority of claims established by chapters 256B and 524. The agency's lien remains enforceable to the extent that assets are available to satisfy the agency's lien, subject to the priority of other claims, and to the extent that the agency's claim is allowed against the estate under chapters 256B and 524.

Sec. 6. [514.803] [MEDICAL ASSISTANCE LIEN NOTICE.]

Subdivision 1. [CONTENTS.] A medical assistance lien notice must be dated and must contain:

(1) the full name, last known address, and social security number of the medical assistance recipient and the full name, address, and social security number of the spouse, if any;

(2) a statement that medical assistance payments have been made to or for the benefit of the person named in the notice, or that person's spouse, specifying the first date of payment of benefits;

(3) a statement that all interests in real property owned by the persons named in the notice may be subject to or affected by the rights of the agency to be reimbursed for medical assistance benefits;

(4) the legal description of the real property upon which the lien attaches, and whether the property is registered property;

(5) a statement that upon the death of the last survivor of the persons named in the notice, a medical assistance lien will attach and become enforceable against all described real property that is owned by the persons named in the notice on the date of the filing of the notice and upon all real property acquired by the person after the date of filing of the notice, subject to the limitations and exceptions provided by law.

Subd. 2. [FILING.] Any notice, release, or other document required to be filed under sections 4 to 9 must be filed in the office of the county recorder or registrar of titles, as appropriate, in the county where the real property is located. An attestation, certification, or acknowledgment is not required as a condition of filing. Upon filing of a medical assistance lien notice, the registrar of titles shall record it upon the certificate of title of each parcel of property affected by the lien notice. The county recorder of each county shall establish an index of medical assistance lien notices, other than those that affect only registered property, showing the names of all persons named in the medical assistance lien notices filed in the county, arranged alphabetically. The index must be combined with the index of state tax lien notices. The filing or mailing of any notice, release, or other document under sections 4 to 9 is the responsibility of the agency. The agency shall also send a copy of the medical assistance lien notice by registered or certified mail to each record owner and mortgagee of the real property.

Sec. 7. [514.804] [LIEN ENFORCEMENT; LIMITATION.]

Subdivision 1. [FORECLOSURE PROCEDURE.] Subject to the provisions of subdivision 2, a medical assistance lien may be enforced by the agency that filed it by foreclosure in the manner provided for foreclosure of a judgment lien under chapter 550.

Subd. 2. [HOMESTEAD PROPERTY.] (a) A medical assistance lien may not be enforced against homestead property of the medical assistance recipient or the spouse while it remains the lawful residence of the medical assistance recipient or the spouse.

(b) A medical assistance lien remains enforceable as provided in sections 4 to 9, notwithstanding any law limiting the enforceability of a judgment.

Sec. 8. [514.805] [LIEN DOES NOT AFFECT OTHER REMEDIES.]

Nothing in sections 4 to 9 limits the right of an agency to file a claim against the estate of a medical assistance recipient or the estate of the spouse or limits any other claim for reimbursement of agency expenses or the availability of any other remedy provided to the agency under other law.

Sec. 9. [514.806] [AMOUNTS RECEIVED TO SATISFY LIEN.]

Amounts received by the state to satisfy all or a part of a medical assistance lien filed by the state must be deposited in the state treasury and credited to the fund from which the medical assistance payments were made. Amounts received by a county medical assistance agency to satisfy all or a part of a medical assistance lien filed by the county medical assistance agency must be deposited in the county treasury and credited to the fund from which the medical assistance payments were made."

Any undistributed excess earnings or losses determined to be earnings or losses attributable to the employees' contributions shall be distributed or charged to the employers' reserve accounts in proportion to the number of covered employees employed by each employer. If income from investments is insufficient to enable the crediting of the maximum interest amount to the employee and employer accounts, the maximum interest will first be credited to the employee accounts. If income is insufficient to cover the amounts credited to the employee accounts, the insufficiency attributable to each employer group of employees' accounts will be made up by a charge against the reserve account of that employer. The amount that shall be set aside annually to liquidate past losses on investments or to create a reserve from which to liquidate future losses shall be such amount as the board may deem necessary for such purpose but not in excess of one mill on the dollar of the gross amount received as income on the cash and investments in the fund."~~

Mr. Spear from the Committee on Judiciary, to which was referred

S.F. No. 2384: A bill for an act relating to real estate foreclosures; establishing a voluntary foreclosure process with waiver of deficiency claims and equity; proposing coding for new law in Minnesota Statutes, chapter 582.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [582.32] [VOLUNTARY FORECLOSURE; PROCEDURE.]

Subdivision 1. [APPLICATION.] Upon the mutual written agreement of the mortgagor and mortgagee, a mortgage of real estate that is not homestead or agricultural property may be foreclosed pursuant to this section.

Subd. 2. [DEFINITIONS.] (a) As used in this section, the following terms have the meanings given:

(b) “Date of conveyance” means the date the mortgagor and mortgagee enter into the agreement for nonjudicial foreclosure and the mortgagor conveys the mortgaged real estate to the mortgagee under subdivision 4, paragraph (b).

(c) “Junior lien” means a lien with a redeemable interest in the real estate under section 580.23 or 580.24 subordinate to the lien of the mortgagee foreclosing under this section.

(d) “Mortgagor” means the original grantor of the mortgage, whether one or several, and their grantees, personal representatives, heirs, successors, or assignees.

(e) “Real estate” means the real property covered by the mortgage and, where applicable, fixtures, equipment, furnishings, or other personalty related to the real estate and covered by the mortgage.

Subd. 3. [REQUEST FOR NOTICE; CONTENT REQUIREMENTS.]

(a) A person having a junior lien may file for record a request for notice of a mortgage foreclosure under this section with the county recorder or registrar of titles of the county where the real estate is located.

(b) A request for notice must specify: (1) the name and mailing address of the person requesting notice; (2) a legal description of the real estate; (3) a description of the person's redeemable interest including, if applicable, the date and recording information of the document creating the interest; and (4) a request for notice of a mortgage foreclosure under this section. The request must be executed and acknowledged by the person requesting

notice.

(c) *The recording of a request for notice by itself does not give the person requesting notice any interest in the real estate for any purpose. A recorded request for notice does not constitute actual or constructive notice of any interest in the real estate.*

Subd. 4. [PROCEDURE.] (a) Voluntary nonjudicial foreclosure must be done in accordance with the procedure contained in this section.

(b) *The mortgagor shall enter into a written agreement to foreclosure under this section and simultaneously convey to the mortgagee all interest in the real estate subject to the mortgage. The mortgagee may not file or record the deed of conveyance until after the expiration of the period for cancellation provided for in paragraph (f).*

(c) *The mortgagee shall accept the mortgagor's conveyance and waive any rights to a deficiency or other claim for personal liability against the mortgagor arising from the mortgage. This does not preclude an agreement between the mortgagor and mortgagee to a stipulated payment as part of the voluntary foreclosure process.*

(d) *The mortgagor shall consent to the appointment of a receiver for, or grant the mortgagee possession of the real estate upon expiration of the period of cancellation provided for in paragraph (f), for the purposes of operating, maintaining, and protecting the real estate and the making of any additions or betterments to the real estate.*

(e) *Within 15 business days after the expiration of the period of cancellation provided in paragraph (f), the mortgagor and mortgagee shall record or file a jointly executed document, with the disclosure and notice of right to cancel provided for in subdivision 8 attached to the document, with the county recorder or registrar of titles, as appropriate, in the county where the real estate is located, stating that the mortgagor and mortgagee have elected to follow the nonjudicial voluntary foreclosure procedures under this section and indicating the date of conveyance.*

(f) *The mortgagor has a right to cancel the agreement within five business days after entry into the agreement. If the mortgagor cancels the agreement, no documents shall be recorded by the mortgagee under this section.*

(g) *A certificate signed by the county assessor where the real estate is located stating that the real estate as legally described in the certificate is not in agricultural use as defined in section 40A.02, subdivision 3, or a homestead as defined in section 510.01, must be recorded in the office of the county recorder or registrar of titles where the real estate is located and is prima facie evidence of the facts contained in the certificate and may be relied upon by an examiner of title of the real estate.*

(h) *An affidavit signed by the mortgagee, after the expiration of the period of cancellation provided in paragraph (f), stating that the mortgagor has not canceled the agreement within that period must be recorded in the office of the county recorder or registrar of titles where the real estate is located and is prima facie evidence of the facts contained in the affidavit and may be relied upon by an examiner of title of the real estate.*

Subd. 5. [NOTICE TO CREDITORS.] Within 15 business days after the expiration of the period of cancellation provided for in subdivision 4, paragraph (f), the mortgagee shall:

(1) send by certified mail a notice of the voluntary foreclosure election to all creditors having a junior lien of record upon the real estate or some part of the real estate, as of the date of conveyance, who have filed or recorded a request for this notice under subdivision 3;

(2) publish notice of the election under this section in the same fashion as in a foreclosure by advertisement for four consecutive weeks; and

(3) post notice of the election in a conspicuous place on the mortgaged real estate.

The notices must indicate all information required under section 580.04, clauses (1) to (4), the date of the conveyance, and that each junior creditor may redeem in the order and manner provided in subdivision 9, beginning two months after the date of conveyance. Affidavits of posting, mailing, and publication to evidence the same must be recorded in the office of the county recorder or registrar of titles where the real estate is located and are prima facie evidence of the facts stated in the affidavits and may be relied upon by an examiner of title of the real estate.

Subd. 6. [EFFECT OF FAILURE TO MAIL NOTICE.] If a person foreclosing a mortgage under this section fails to mail a notice in accordance with subdivision 5 to a person with a properly recorded request for notice, the failure does not invalidate the foreclosure.

Subd. 7. [REMEDIES.] If notice of the sale is not mailed in accordance with subdivision 5 to a person with a properly recorded request for notice, the person requesting notice has a cause of action against the person foreclosing the mortgage for money damages for the lesser of: (1) the equity in the mortgaged premises that would have been available to the person if the person had redeemed; or (2) the value of the person's redeemable interest. The value of a lienholder's redeemable interest is the amount due on and secured by the lien. The person requesting notice has the burden of proving that the notice of the sale was not mailed in accordance with subdivision 5 and that the person requesting notice had a valid redeemable interest in the mortgaged premises, had measurable damages, and had the financial ability to redeem. An action for damages resulting from failure to mail notice must be brought within two years of the date of conveyance.

Subd. 8. [DISCLOSURE AND NOTICE OF RIGHT TO CANCEL.] At the time the mortgagor signs the written agreement under subdivision 4, paragraph (b), the mortgagee shall furnish the mortgagor a completed disclosure and notice of right to cancel form in duplicate. The form must be attached to the written agreement, must be in ten-point boldface type, and must be in the following form:

**"DISCLOSURE AND NOTICE
OF RIGHT TO CANCEL**

.
(enter date of transaction)

Under Minnesota law, in the event of foreclosure, you have the right to reclaim your property within (enter length of redemption period), the redemption period provided by law, and you may continue to occupy your property during that time. If you agree to a voluntary nonjudicial foreclosure under this procedure, you will be giving up your rights to redeem and to occupy your property during the redemption period.

Under a foreclosure, if your mortgage lender does not receive enough money to cover what you owe when the property is sold, you may be required to pay the difference, unless the redemption period is six months or less and the mortgage is foreclosed by advertisement. If your mortgage lender receives more money than you owe, the difference must be paid to you. IF YOU AGREE TO A VOLUNTARY NONJUDICIAL FORECLOSURE UNDER THIS PROCEDURE, YOU WILL NOT HAVE TO PAY THE AMOUNT OF YOUR DEBT NOT COVERED BY THE SALE OF YOUR PROPERTY, BUT YOU ALSO WILL NOT BE PAID ANY EXTRA MONEY, IF ANY, OVER THE AMOUNT YOU OWE. IF YOU HAVE SUBSTANTIAL EQUITY IN YOUR PROPERTY, THE VOLUNTARY FORECLOSURE PROCEDURE MAY NOT BE TO YOUR ADVANTAGE.

Note: There may be other advantages and disadvantages to you, including an effect on your income tax liability, depending on whether you agree or do not agree to a voluntary foreclosure. If you have any questions or doubts, you should discuss them with an attorney.

You may cancel this transaction, without penalty or obligation, within five business days from the above date.

This transaction is entirely voluntary. You cannot be required to sign the attached foreclosure agreement.

This voluntary foreclosure agreement will become final unless you sign and deliver or mail this notice of cancellation to (name of mortgagee), postmarked before midnight of (enter proper date which is five business days after entry into the agreement).

I HEREBY CANCEL THIS TRANSACTION.

"ARTICLE 1

BUSINESS TRANSACTED WITH PRODUCER CONTROLLED PROPERTY/CASUALTY INSURER ACT

Section 1. [60J.06] [SHORT TITLE.]

Sections 1 to 6 may be cited as the "business transacted with producer controlled insurer act."

Sec. 2. [60J.07] [DEFINITIONS.]

Subdivision 1. [APPLICATION.] The definitions in this section apply to sections 1 to 6.

Subd. 2. [ACCREDITED STATE.] "Accredited state" means a state in which the insurance department or regulatory agency has qualified as meeting the minimum financial regulatory standards promulgated and established from time to time by the National Association of Insurance Commissioners (NAIC).

Subd. 3. [CAPTIVE INSURER.] "Captive insurer" means an insurance company owned by another organization whose exclusive purpose is to insure risks of the parent organization and affiliated companies or, in the case of groups and associations, an insurance organization owned by the insureds whose exclusive purpose is to insure risks to member organizations or group members and their affiliates.

Subd. 4. [COMMISSIONER.] "Commissioner" means the commissioner of commerce.

Subd. 5. [CONTROL.] "Control" or "controlled" has the meaning given in section 60D.15, subdivision 4.

Subd. 6. [CONTROLLED INSURER.] "Controlled insurer" means a licensed insurer which is controlled, directly or indirectly, by a producer.

Subd. 7. [CONTROLLING PRODUCER.] "Controlling producer" means a producer who, directly or indirectly, controls an insurer.

Subd. 8. [LICENSED INSURER.] "Licensed insurer" or "insurer" means any person, firm, association, or corporation licensed to transact a property/casualty insurance business in this state. The following entities are not licensed insurers for the purposes of sections 1 to 6:

(1) all risk retention groups as defined in the Superfund Amendments Reauthorization Act of 1986, Public Law Number 99-499, 100 Stat. 1613; the Risk Retention Act, 15 United States Code, section 3901, et seq.; and chapter 60;

(2) all residual market pools and joint underwriting authorities or associations; and

(3) all captive insurers.

Subd. 9. [PRODUCER.] "Producer" means an insurance broker or any other person, firm, association, or corporation, when, for any compensation, commission or other thing of value, the person, firm, association, or corporation acts or aids in any manner in soliciting, negotiating, or procuring the making of any insurance contract on behalf of an insured other than the person, firm, association, or corporation.

Sec. 3. [60J.08] [APPLICATION.]

Sections 1 to 6 apply to licensed insurers, either domiciled in this state or domiciled in a state that is not an accredited state having in effect a substantially similar law. All provisions of chapter 60D, to the extent they are not superseded by sections 1 to 6, apply to all parties within holding company systems subject to sections 1 to 6.

Sec. 4. [60J.09] [MINIMUM STANDARDS.]

Subdivision 1. [APPLICATION.] The provisions of this section apply if, in any calendar year, the aggregate amount of gross written premium on business placed with a controlled insurer by a controlling producer is equal to or greater than five percent of the admitted assets of the controlled insurer, as reported in the controlled insurer's quarterly statement filed as of September 30 of the prior year.

Subd. 2. [EXEMPTION.] Notwithstanding subdivision 1, this section does not apply under the following conditions:

(1) the controlling producer:

(i) places insurance only with the controlled insurer, or only with the controlled insurer and a member of the controlled insurer's holding company system, or the controlled insurer's parent, affiliate, or subsidiary and receives no compensation based upon the amount of premiums written in connection with the insurance; and

(ii) accepts insurance placements only from nonaffiliated subproducers

and not directly from insureds; and

(2) the controlled insurer, except for insurance business written through a residual market facility, accepts insurance business only from a controlling producer, a producer controlled by the controlled insurer, or a producer that is a subsidiary of the controlled insurer.

Subd. 3. [REQUIRED CONTRACT PROVISIONS.] A controlled insurer shall not accept business from a controlling producer and a controlling producer shall not place business with a controlled insurer unless there is a written contract between the controlling producer and the insurer specifying the responsibilities of each party. The contract must be approved by the board of directors of the insurer and contain the following minimum provisions:

(1) the controlled insurer may terminate the contract for cause, upon written notice to the controlling producer. The controlled insurer shall suspend the authority of the controlling producer to write business during the pendency of any dispute regarding the cause for the termination;

(2) the controlling producer shall submit accounts to the controlled insurer detailing all material transactions, including information necessary to support all commissions, charges, and other fees received by, or owing to, the controlling producer;

(3) the controlling producer shall remit all funds due under the terms of the contract to the controlled insurer on at least a monthly basis. The due date must be fixed so that premiums or installments collected are remitted no later than 90 days after the effective date of any policy placed with the controlled insurer under this contract;

(4) all funds collected for the controlled insurer's account shall be held by the controlling producer in a fiduciary capacity, in one or more appropriately identified bank accounts in banks that are members of the Federal Reserve System, in accordance with the provisions of the insurance law as applicable. Funds of a controlling producer not required to be licensed in this state must be maintained in compliance with the requirements of the controlling producer's domiciliary jurisdiction;

(5) the controlling producer shall maintain separately identifiable records of business written for the controlled insurer;

(6) the contract may not be assigned in whole or in part by the controlling producer;

(7) the controlled insurer shall provide the controlling producer with its underwriting standards, rules, and procedures, manuals specifying the rates to be charged, and the conditions for the acceptance or rejection of risks. The controlling producer shall adhere to the standards, rules, procedures, rates, and conditions. The standards, rules, procedures, rates, and conditions must be the same as those applicable to comparable business placed with the controlled insurer by a producer other than the controlling producer;

(8) the rates and terms of the controlling producer's commissions, charges, or other fees and the purposes for those charges or fees. The rates of the commissions, charges, and other fees may be no greater than those applicable to comparable business placed with the controlled insurer by producers other than controlling producers. For purposes of this clause and clause (7), examples of "comparable business" include the same lines of insurance, same kinds of insurance, same kinds of risks, similar policy limits, and

similar quality of business;

(9) if the contract provides that the controlling producer, on insurance business placed with the insurer, is to be compensated contingent upon the insurer's profits on that business, then the compensation may not be determined and paid until at least five years after the premiums on liability insurance are earned and at least one year after the premiums are earned on any other insurance. In no event may the commissions be paid until the adequacy of the controlled insurer's reserves on remaining claims has been independently verified as provided under subdivision 5;

(10) a limit on the controlling producer's writings in relation to the controlled insurer's surplus and total writings. The insurer may establish a different limit for each line or subline of business. The controlled insurer shall notify the controlling producer when the applicable limit is approached and shall not accept business from the controlling producer if the limit is reached. The controlling producer shall not place business with the controlled insurer if it has been notified by the controlled insurer that the limit has been reached; and

(11) the controlling producer may negotiate but may not bind reinsurance on behalf of the controlled insurer on business the controlling producer places with the controlled insurer, except that the controlling producer may bind facultative reinsurance contracts pursuant to obligatory facultative agreements if the contract with the controlled insurer contains underwriting guidelines including, for both reinsurance assumed and ceded, a list of reinsurers with which the automatic agreements are in effect, the coverages and amounts or percentages that may be reinsured and commission schedules.

Subd. 4. [AUDIT COMMITTEE.] A controlled insurer shall have an audit committee of the board of directors composed of independent directors. The audit committee shall annually meet with management, the insurer's independent certified public accountants, and an independent casualty actuary or other independent loss reserve specialist acceptable to the commissioner to review the adequacy of the insurer's loss reserves.

Subd. 5. [REPORTING REQUIREMENTS.] In addition to any other required loss reserve certification, the controlled insurer shall annually, on April 1 of each year, file with the commissioner an opinion of an independent casualty actuary, or other independent loss reserve specialist acceptable to the commissioner, reporting loss ratios for each line of business written and attesting to the adequacy of loss reserves established for losses incurred and outstanding as of year end, including incurred but not reported, on business placed by the producer. The controlled insurer shall annually report to the commissioner the amount of commissions paid to the producer, the percentage the amount represents of the net premiums written, and comparable amounts and percentage paid to noncontrolling producers for placements of the same kinds of insurance.

Sec. 5. [60J.10] [DISCLOSURE.]

The producer, prior to the effective date of the policy, shall deliver written notice to the prospective insured disclosing the relationship between the producer and the controlled insurer; except that, if the business is placed through a subproducer who is not a controlling producer, the controlling producer shall retain in the producer's records a signed commitment from the subproducer that the subproducer is aware of the relationship between

the insurer and the producer and that the subproducer has or will notify the insured.

Sec. 6. [60J.11] [PENALTIES.]

Subdivision 1. [CEASE AND DESIST ORDER.] If the commissioner believes that the controlling producer or any other person has not materially complied with sections 1 to 6 or any rule or order, after notice and opportunity to be heard, the commissioner may order the controlling producer to cease placing business with the controlled insurer.

Subd. 2. [INITIATION OF ACTION.] If the commissioner has reason to believe that a controlling producer has committed or is committing an act that could be determined to be a violation of sections 1 to 6, the commissioner shall serve upon the controlling producer, in the manner provided by chapter 14, a statement of the charges and notice of a hearing to be conducted in accordance with chapter 14, at a time not less than 30 days after the service of the notice and at a place fixed in the notice.

Subd. 3. [CIVIL ACTION BY COMMISSIONER.] The commissioner may maintain a civil action or intervene in an action brought by or on behalf of the insurer or policyholder for recovery of compensatory damages for the benefit of the insurer or policyholder or other appropriate relief.

Subd. 4. [CIVIL ACTION BY RECEIVER.] If an order for liquidation or rehabilitation of the controlled insurer has been entered under chapter 60B and the receiver appointed under that order believes that the controlling producer or any other person has not materially complied with sections 1 to 6, or any rule or order, and the insurer suffered any loss or damage therefrom, the receiver may maintain a civil action for recovery of damages or other appropriate sanctions for the benefit of the insurer.

Subd. 5. [ADDITIONAL PENALTIES AND RIGHTS.] Nothing contained in this section affects the right of the commissioner to impose any other penalties provided for in the insurance law. Nothing contained in this section is intended to or shall in any manner alter or affect the rights of policyholders, claimants, creditors, or other third parties.

Sec. 7. [REPEALER.]

Minnesota Statutes 1991 Supplement, sections 60J.01; 60J.02; 60J.03; 60J.04; and 60J.05, are repealed.

Subdivision 1. [NOTICE REQUIRED.] No person, including an insurer, agent, or affiliate of an insurer or agent shall sell, or offer for sale, a covered property and casualty insurance policy, unless the notice, in the form specified in subdivision 2, is delivered with or as a part of the application for that policy. A copy of the notice must be given to the applicant. This section does not apply to renewals, unless the renewal increases the dollar amount of a coverage by more than 100 percent.

Subd. 2. [FORM.] The notice required under subdivision 1 must be in the following form:

**“NOTICE CONCERNING POLICYHOLDER RIGHTS IN AN
INSOLVENCY UNDER THE MINNESOTA INSURANCE
GUARANTY ASSOCIATION LAW**

If the insurer who issued your property and casualty or liability insurance policy (includes homeowners and automobile insurance) becomes impaired or insolvent, you are entitled to compensation for your policy from the assets of the insurer. The amount you recover will depend on the financial condition of the insurer.

Residents of Minnesota who purchase property and casualty or liability insurance from insurance companies licensed to do business in Minnesota are protected, SUBJECT TO LIMITS AND EXCLUSIONS, in the event the insurer becomes insolvent. This protection is provided by the Minnesota Insurance Guaranty Association.

Minnesota Insurance Guaranty Association

4640 West 77th Street, Suite 342

Edina, Minnesota 65435

(612) 831-1908

The maximum amount that the Minnesota Insurance Guaranty Association will pay in regard to a claim under all policies issued by the same insurer is limited to \$300,000. This limit does not apply to workers' compensation insurance. Protection by the guaranty association is subject to other substantial limitations and exclusions. If your claim exceeds the guaranty association's limits, you may still recover a part or all of that amount from the proceeds from the liquidation of the insolvent insurer, if any exist. Funds to pay claims may not be immediately available. The guaranty association assesses insurers licensed to sell property and casualty or liability insurance in Minnesota after the insolvency occurs. Claims are paid from the assessment.

THE PROTECTION PROVIDED BY THE GUARANTY ASSOCIATION IS NOT A SUBSTITUTE FOR USING CARE IN SELECTING INSURANCE COMPANIES THAT ARE WELL MANAGED AND FINANCIALLY STABLE. IN SELECTING AN INSURANCE COMPANY OR POLICY, YOU SHOULD NOT RELY ON PROTECTION BY THE GUARANTY ASSOCIATION.

THIS NOTICE IS REQUIRED BY MINNESOTA STATE LAW TO ADVISE POLICYHOLDERS OF PROPERTY AND CASUALTY INSURANCE POLICIES OF THEIR RIGHTS IN THE EVENT THEIR INSURANCE CARRIER BECOMES INSOLVENT. THIS NOTICE IN NO WAY IMPLIES THAT THE COMPANY CURRENTLY HAS ANY TYPE OF FINANCIAL PROBLEMS. ALL PROPERTY AND CASUALTY INSURANCE POLICIES ARE REQUIRED TO

PROVIDE THIS NOTICE."

Subd. 3. [EFFECT OF NOTICE.] The distribution, delivery, contents, or interpretation of the notice required by this section shall not mean that the policy would be covered in the event of the insolvency of a member insurer if coverage is not otherwise provided by this chapter. Failure to receive the notice does not give the policyholder, certificate holder, or any other interested party any greater rights than those provided by this chapter.

Subd. 4. [EXEMPTION.] This section does not apply to fraternal benefit societies regulated under chapter 64B or to fidelity or surety bonds, policies, or contracts."

(d) Except as provided in paragraphs (a) and (b), contractual obligation does not include an unallocated annuity contract issued in connection with a defined benefit plan protected by the federal Pension Benefit Guaranty Corporation, or a contract issued to, or purchased at the direction of, any governmental bonding authorities, such as a municipal guaranteed investment contract.

(5) the extent to which the proposed project demonstrates involvement of participants and family members in the project; and

(6) the extent to which the proposed project demonstrates involvement of housing providers and public and private service agencies, including area agencies on aging.

Sec. 4. Minnesota Statutes 1991 Supplement, section 256B.0625, subdivision 19a, is amended to read:

Subd. 19a. [PERSONAL CARE SERVICES.] Medical assistance covers personal care services in a recipient's home. Recipients *authorized to receive personal care in the home* who can direct their own care, or persons who cannot direct their own care when ~~accompanied~~ *authorized* by the responsible party, may use approved hours outside the home when normal life activities take them outside the home and when, without the provision of personal care, their health and safety would be jeopardized. Medical assistance does not cover personal care services at a hospital, nursing facility, intermediate care facility or a health care facility licensed by the commissioner of health, except as authorized in section 256B.64 for ventilator-dependent recipients in hospitals. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed for personal care services in an in-home setting according to section 256B.0627. All personal care services must be provided according to section 256B.0627. Personal care services may not be reimbursed if the personal care assistant is the spouse of the recipient ~~or~~, the parent of a recipient under age 18, the responsible party, the foster care provider of a recipient who cannot direct ~~their~~ *the recipient's* own care or the recipient's legal guardian, *unless in the case of the foster care provider a county or state case manager visits the recipient as needed but not less than every six months to monitor the health and safety of the recipient and to ensure the goals of the plan of care are being met.* Parents of adult recipients, adult children of the recipient or adult siblings of the recipient may be reimbursed for personal care services if they are granted a waiver under section 256B.0627. ~~An exception for foster care providers may be made according to section 256B.0627, subdivision 5, paragraph (j).~~

Sec. 5. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 19b. [PERSONAL CARE.] Medical assistance covers personal care services provided by an individual, not a relative, who is qualified to provide the services according to section 256B.0627, where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a registered nurse. The commissioner shall not provide an annual inflation adjustment for the fiscal year ending June 30, 1993.

Responsible parties who are parents of minors or guardians of minors or incapacitated persons may delegate the responsibility to another adult during a temporary absence of at least 24 hours but not more than six months. The person delegated as a responsible party must be able to meet the definition of responsible party, except that the delegated responsible party is required to reside with the recipient only during the time that they are serving as the delegated responsible party. Foster care license holders may be designated the responsible party for residents of the foster care home who cannot direct their own care if case management is being provided according to section 256B.0625, subdivision 19a.

Sec. 8. Minnesota Statutes 1991 Supplement, section 256B.0627, subdivision 5. is amended to read:

Subd. 5. [LIMITATION ON PAYMENTS.] Medical assistance payments for home care services shall be limited according to this subdivision.

(a) [EXEMPTION FROM PAYMENT LIMITATIONS.] The level, or the number of hours or visits of a specific service, of home care services to a recipient that began before and is continued without increase on or after December 1987, shall be exempt from the payment limitations of this section, as long as the services are medically necessary.

(b) [LIMITS ON SERVICES WITHOUT PRIOR AUTHORIZATION.] A recipient may receive the following amounts of home care services during a calendar year:

(1) a total of 40 home health aide visits, or skilled nurse visits, ~~health promotions, or health assessments~~ under section 256B.0625, subdivision 6a; and

(2) a total of ten hours of nursing supervision under section 256B.0625, subdivision 7 or 19a.

(c) [PRIOR AUTHORIZATION; EXCEPTIONS.] All home care services above the limits in paragraph (b) must receive the commissioner's prior authorization, except when:

(1) the home care services were required to treat an emergency medical condition that if not immediately treated could cause a recipient serious physical or mental disability, continuation of severe pain, or death. The provider must request retroactive authorization no later than five working days after giving the initial service. The provider must be able to substantiate the emergency by documentation such as reports, notes, and admission or discharge histories;

(2) the home care services were provided on or after the date on which the recipient's eligibility began, but before the date on which the recipient was notified that the case was opened. Authorization will be considered if the request is submitted by the provider within 20 working days of the date the recipient was notified that the case was opened; or

(3) a third party payor for home care services has denied or adjusted a payment. Authorization requests must be submitted by the provider within 20 working days of the notice of denial or adjustment. A copy of the notice must be included with the request.

Providers may request a temporary authorization for home care services by telephone. Based on the assessment and care plan information provided by an appropriately licensed nurse, the department may approve a temporary level of home care services. Authorization under this authority for a temporary level of home care services is limited to the time specified by the commissioner, but shall not exceed 30 days. The level of services authorized

under this provision shall have no bearing on a future prior authorization.

(d) [RETROACTIVE AUTHORIZATION.] A request for retroactive authorization under paragraph (c) will be evaluated according to the same criteria applied to prior authorization requests. Implementation of this provision shall begin no later than October 1, 1991, except that recipients who are currently receiving medically necessary services above the limits established under this subdivision may have a reasonable amount of time to arrange for waived services under section 256B.49 or to establish an alternative living arrangement. All current recipients shall be phased down to the limits established under paragraph (b) on or before April 1, 1992.

(e) [ASSESSMENT AND CARE PLAN.] The home care provider shall conduct an assessment and complete a care plan using forms specified by the commissioner. For the recipient to receive, or continue to receive, home care services, the provider must submit evidence necessary for the commissioner to determine the medical necessity of the home care services. The provider shall submit to the commissioner the assessment, the care plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries.

(f) [PRIOR AUTHORIZATION.] The commissioner, or the commissioner's designee, shall review the assessment, the care plan, and any additional information that is submitted. The commissioner shall, within 30 days after receiving a *complete request for prior authorization, assessment, and care plan*, authorize home care services as follows:

(1) [HOME HEALTH SERVICES.] All home health services provided by a nurse or a home health aide that exceed the limits established in paragraph (b) must be prior authorized by the commissioner or the commissioner's designee. Prior authorization must be based on medical necessity and cost-effectiveness when compared with other care options. *When home health services are used in combination with personal care and/or private duty nursing, the cost of all home care services shall be considered for cost effectiveness.*

(2) [PERSONAL CARE SERVICES.] (i) All personal care services must be prior authorized by the commissioner or the commissioner's designee except for the limits on supervision established in paragraph (b). The amount of personal care services authorized must be based on the recipient's case mix classification according to section 256B.0911, except that a child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:

(A) up to two times the average number of direct care hours provided in nursing facilities for the recipient's *comparable* case mix level, *plus additional hours for recipients who need additional personal care service hours to enable them to communicate with others, up to a maximum of 16 hours of personal care per day;*

(B) up to three times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs;

(C) up to 60 percent of the average reimbursement rate, as of July 1, 1991, for care provided in a regional treatment center for recipients who

have complex behaviors;

(D) up to the amount the commissioner would pay, as of July 1, 1991, for care provided in a regional treatment center for recipients referred to the commissioner by a regional treatment center preadmission evaluation team. For purposes of this clause, home care services means all services provided in the home or community that would be included in the payment to a regional treatment center; or

(E) up to the amount medical assistance would reimburse for facility care for recipients referred to the commissioner by a preadmission screening team established under section 256B.091 or 256B.092.

(ii) The number of direct care hours shall be determined according to annual cost reports which are submitted to the department by nursing facilities each year. The average number of direct care hours, as established by May 1, shall be *calculated and* incorporated into the home care limits on July 1 each year. *These limits shall be calculated to the nearest quarter hour.*

(iii) The case mix level shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner by the personal care provider on forms specified by the commissioner. The forms shall be a combination of current assessment tools developed under sections 256B.0911 and 256B.501 with an addition for seizure activity that will assess the frequency and severity of seizure activity and with adjustments, additions, and clarifications that are necessary to reflect the needs and conditions of children and nonelderly adults who need home care. The commissioner shall establish these forms and protocols under this section and shall use the advisory group established in section 256B.04, subdivision 16, for consultation in establishing the forms and protocols by October 1, 1991.

(iv) A recipient shall qualify as having complex medical needs if they require:

(A) daily tube feedings;

(B) daily parenteral therapy;

(C) wound or decubiti care;

(D) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy care, oxygen, mechanical ventilation;

(E) catheterization;

(F) ostomy care; or

(G) other comparable medical conditions or treatments the commissioner determines would otherwise require institutional care.

(v) A recipient shall qualify as having complex behavior if the recipient exhibits on a daily basis the following:

(A) self-injurious behavior;

(B) unusual or repetitive habits;

(C) withdrawal behavior;

(D) hurtful behavior to others;

(E) socially ~~or~~ offensive behavior;

(F) destruction of property; or

(G) a need for constant one-to-one supervision for self-preservation.

(vi) The complex behaviors in clauses (A) to (G) have the meanings developed under section 256B.501.

(3) [PRIVATE DUTY NURSING SERVICES.] All private duty nursing services shall be prior authorized by the commissioner or the commissioner's designee. Prior authorization for private duty nursing services shall be based on medical necessity and cost-effectiveness when compared with alternative care options. The commissioner may authorize medically necessary private duty nursing services *in quarter-hour units* when:

(i) the recipient requires more individual and continuous care than can be provided during a nurse visit; or

(ii) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize up to 16 hours per day of private duty nursing services or up to 24 hours per day of private duty nursing services until such time as the commissioner is able to make a determination of eligibility for recipients who are *cooperatively* applying for home care services under the community alternative care program developed under section 256B.49, or until it is determined *by the appropriate regulatory agency* that a health benefit plan is *or is not* required to pay for *appropriate* medically necessary ~~nursing~~ health care services. *Recipients or their representatives must cooperatively assist the commissioner in obtaining this determination.* Recipients who are eligible for the community alternative care program may not receive more hours of nursing under this section than would otherwise be authorized under section 256B.49.

(4) [VENTILATOR-DEPENDENT RECIPIENTS.] If the recipient is ventilator-dependent, the monthly medical assistance authorization for home care services shall not exceed what the commissioner would pay for care at the highest cost hospital designated as a long-term hospital under the Medicare program. For purposes of this clause, home care services means all services provided in the home that would be included in the payment for care at the long-term hospital. "Ventilator-dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to be or has been dependent for at least 30 consecutive days.

(g) [PRIOR AUTHORIZATION; TIME LIMITS.] The commissioner or the commissioner's designee shall determine the time period for which a prior authorization shall remain valid. If the recipient continues to require home care services beyond the duration of the prior authorization, the home care provider must request a new prior authorization through the process described above. Under no circumstances shall a prior authorization be valid for more than 12 months.

(h) [APPROVAL OF HOME CARE SERVICES.] The commissioner or the commissioner's designee shall determine the medical necessity of home care services, the level of caregiver according to subdivision 2, and the institutional comparison according to this subdivision, *the cost-effectiveness of services*, and the amount, scope, and duration of home care services reimbursable by medical assistance, based on the assessment, the care plan, the recipient's age, *the cost of services*, the recipient's medical condition,

and diagnosis or disability. The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.

(i) [PRIOR AUTHORIZATION REQUESTS; TEMPORARY SERVICES.] ~~The department has 30 days from receipt of the request to complete the prior authorization, during which time it may approve a temporary level of home care service. Authorization under this authority for a temporary level of home care services is limited to the time specified by the commissioner. Providers may request a temporary authorization for home care services. The commissioner may approve a temporary level of home care services based on the assessment and care plan information provided by an appropriately licensed nurse. Authorization for a temporary level of home care services is limited to the time specified by the commissioner, but shall not exceed 30 days. The level of services authorized under this provision shall have no bearing on a future prior authorization.~~

(j) [PRIOR AUTHORIZATION REQUIRED IN FOSTER CARE SETTING.] Home care services provided in an adult or child foster care setting must receive prior authorization by the department according to the limits established in paragraph (b).

The commissioner may not authorize:

(1) home care services that are the responsibility of the foster care provider under the terms of the foster care placement agreement and administrative rules;

(2) personal care services when the foster care license holder is also the personal care provider or personal care assistant unless the recipient can direct the recipient's own care, ~~or the recipient is referred to the commissioner by a regional treatment center preadmission evaluation team~~ a county or state case manager visits the recipient as needed but no less than every six months to monitor the health and safety of the recipient and to ensure that the goals of the care plan are being met;

(3) personal care services when the responsible party is an employee of, or under contract with, or has any direct or indirect financial relationship with the personal care provider or personal care assistant, ~~unless the recipient is referred to the commissioner by a regional treatment center preadmission evaluation team~~ there is a designated case manager as described in clause (2);

(4) home care services when the number of foster care residents is greater than four; or

(5) home care services when combined with foster care payments, ~~less the base rate~~ other than room and board payments, plus home and community-based waiver services, that exceed the total amount that public funds would pay for the recipient's care in a medical institution.

Sec. 9. Minnesota Statutes 1991 Supplement, section 256B.0911, subdivision 3, is amended to read:

Subd. 3. [PERSONS RESPONSIBLE FOR CONDUCTING THE PREADMISSION SCREENING.] (a) A local screening team shall be established by the county agency and the county public health nursing service of the local board of health. Each local screening team shall be composed of a social worker and a public health nurse from their respective county agencies. *If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse*

with at least one year experience in home care to participate on the team. Two or more counties may collaborate to establish a joint local screening team or teams.

(b) Both members of the team must conduct the screening. However, individuals who are being transferred from an acute care facility to a certified nursing facility *and individuals who are admitted to a certified nursing facility on an emergency basis* may be screened by only one member of the screening team in consultation with the other member.

(c) In assessing a person's needs, each screening team shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician shall be included on the screening team if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the county agencies.

(d) If a person who has been screened must be reassessed to assign a case mix classification because admission to a nursing facility occurs later than the time allowed by rule following the initial screening and assessment, the reassessment may be completed by the public health nurse member of the screening team.

Sec. 10. Minnesota Statutes 1991 Supplement, section 256B.0911, is amended by adding a subdivision to read:

Subd. 7a. [CASE MIX ASSESSMENTS.] The nursing facility is authorized to conduct all case mix assessments for persons who have been admitted to the facility prior to a preadmission screening. The county shall conduct the case mix assessment for all persons screened within ten working days prior to admission. The county retains the responsibility of distributing appropriate case mix forms to the nursing facility.

Sec. 11. Minnesota Statutes 1991 Supplement, section 256B.0911, subdivision 8, is amended to read:

Subd. 8. [ADVISORY COMMITTEE.] The commissioner shall appoint an advisory committee to advise the commissioner on the preadmission screening program, the alternative care program under section 256B.0913, and the home- and community-based services waiver programs for the elderly and the disabled. The advisory committee shall review policies and procedures and provide advice and technical assistance to the commissioner regarding the effectiveness and the efficient administration of the programs. The advisory committee must consist of not more than ~~20~~ 22 people appointed by the commissioner and must be comprised of representatives from public agencies, public and private service providers, *two representatives of nursing home associations*, and consumers from all areas of the state. Members of the advisory committee must not be compensated for service.

Sec. 12. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 4, is amended to read:

Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NONMEDICAL ASSISTANCE RECIPIENTS.] (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been screened by the county screening team or, if previously screened and served under the alternative care program, assessed

by the local county social worker or public health nurse;

(2) the person is age 65 or older;

(3) the person would be eligible for medical assistance within 180 days of admission to a nursing facility;

(4) the screening team would recommend nursing facility admission or continued stay for the person if alternative care services were not available;

(5) the person needs services that are not available at that time in the county through other county, state, or federal funding sources; and

(6) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the statewide average monthly medical assistance payment for nursing facility care at the individual's case mix classification to which the individual would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059.

(b) Individuals who meet the criteria in paragraph (a) and who have been approved for alternative care funding are called 180-day eligible clients.

(c) The statewide average payment for nursing facility care is the statewide average monthly nursing facility rate in effect on July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing facility residents who are age 65 or older and who are medical assistance recipients in the month of March of the previous fiscal year. This monthly limit does not prohibit the 180-day eligible client from paying for additional services needed or desired.

(d) In determining the total costs of alternative care services for one month, the costs of all services funded by the alternative care program, including supplies and equipment, must be included.

(e) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spend-down if the person applied, unless authorized by the commissioner. *The commissioner may authorize alternative care money to be used to meet a portion of a medical assistance income spend-down for persons residing in adult foster care who would otherwise be served under the alternative care program. The alternative care payment is limited to the difference between the recipient's negotiated foster care board and lodge rate and the medical assistance income standard for one elderly person plus the medical assistance personal needs allowance for a person residing in a long-term care facility. A person whose application for medical assistance is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, the county must bill medical assistance retroactive to the date of eligibility for the services provided that are reimbursable under the elderly waiver program.*

(f) Alternative care funding is not available for a person who resides in a licensed nursing home or boarding care home, except for case management services which are being provided in support of the discharge planning process.

Sec. 13. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 5, is amended to read:

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

- (1) adult foster care;
- (2) adult day care;
- (3) home health aide;
- (4) homemaker services;
- (5) personal care;
- (6) case management;
- (7) respite care;
- (8) assisted living; and
- (9) care-related supplies and equipment.

(b) The county agency may use up to ten percent of the annual allocation of alternative care funding for payment of costs of meals delivered to the home, transportation, skilled nursing, chore services, companion services, nutrition services, and training for direct informal caregivers. The commissioner shall determine the impact on alternative care costs of allowing these additional services to be provided and shall report the findings to the legislature by February 15, 1993, including any recommendations regarding provision of the additional services.

(c) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs.

(d) These services must be provided by a licensed provider, a home health agency certified for reimbursement under Titles XVIII and XIX of the Social Security Act, or by persons or agencies employed by or contracted with the county agency or the public health nursing agency of the local board of health.

(e) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. *The commissioner shall establish the adult foster care daily rate to correspond with the case mix classification system.*

(f) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

(g) Costs for supplies and equipment that exceed \$150 per item per month must have prior approval from the commissioner. *A county may use alternative care funds to purchase supplies and equipment from a non-Medicaid certified vendor if the cost for the items is less than that of a Medicaid vendor.*

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to two or more alternative care ~~grant~~ clients who reside in the same apartment building of ten or more units. These services may include care coordination, the costs of preparing one or more nutritionally balanced meals per day, general oversight, and other supportive services which the vendor is licensed to provide according to sections 144A.43 to 144A.49, and which would otherwise be available to individual alternative care ~~grant~~ clients. Reimbursement from the lead

agency shall be made to the vendor as a monthly capitated rate negotiated with the county agency. The capitated rate shall not exceed the state share of the *greater of the statewide or regional* average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The capitated rate may not cover rent and direct food costs. A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.

Sec. 14. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 8, is amended to read:

Subd. 8. [REQUIREMENTS FOR INDIVIDUAL CARE PLAN.] The case manager shall implement the plan of care for each 180-day eligible client and ensure that a client's service needs and eligibility are reassessed at least every six months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation liability. The lead agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program. The lead agency shall provide documentation in each individual's plan of care and to the commissioner that

the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private. *The case manager must give the individual a ten-day written notice of any decrease in or termination of alternative care services.*

Sec. 15. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 11, is amended to read:

Subd. 11. [TARGETED FUNDING.] (a) The purpose of targeted funding is to make additional money available to counties with the greatest need. Targeted funds are not intended to be distributed equitably among all counties, but rather, allocated to those with long-term care strategies that meet state goals.

(b) The funds available for targeted funding shall be the total appropriation for each fiscal year minus county allocations determined under subdivision 10 as adjusted for any inflation increases provided in appropriations for the biennium.

(c) The commissioner shall allocate targeted funds to counties that demonstrate to the satisfaction of the commissioner that they have developed feasible plans to increase alternative care ~~grant~~ spending. In making targeted funding allocations, the commissioner shall use the following priorities:

(1) counties that received a lower allocation in fiscal year 1991 than in fiscal year 1990. Counties remain in this priority until they have been restored to their fiscal year 1990 level plus inflation;

(2) counties that sustain a base allocation reduction for failure to spend 95 percent of the allocation if they demonstrate that the base reduction should be restored;

(3) counties that propose projects to divert community residents from nursing home placement or convert nursing home residents to community living; and

(4) counties that can otherwise justify program growth by demonstrating the existence of waiting lists, demographically justified needs, or other unmet needs.

(d) Counties that would receive targeted funds according to paragraph (c) must demonstrate to the commissioner's satisfaction that the funds would be appropriately spent by showing how the funds would be used to further the state's alternative care goals as described in subdivision 1, and that the county has the administrative and service delivery capability to use them.

(e) The commissioner shall request applications by June 1 each year, for county agencies to apply for targeted funds. The counties selected for targeted funds shall be notified of the amount of their additional funding by August 1 of each year. Targeted funds allocated to a county agency in one year shall be treated as part of the county's base allocation for that year in determining allocations for subsequent years. No reallocations between counties shall be made.

(f) The allocation for each year after fiscal year 1992 shall be determined using the previous fiscal year's allocation, including any targeted funds, as the base and then applying the criteria under subdivision 10, paragraphs (c), (d), and (f), to the current year's expenditures.

Sec. 16. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 12, is amended to read:

Subd. 12. [CLIENT PREMIUMS.] (a) A premium is required for all 180-day eligible clients to help pay for the cost of participating in the program. *The amount of the premium for the alternative care client shall be determined as follows:*

(1) when the alternative care client's gross income is greater than the medical assistance income standard but less than 150 percent of the federal poverty guideline, and total assets are less than \$6,000, the fee is zero;

(2) when the alternative care client's gross income is greater than 150 percent of the federal poverty guideline and total assets are less than \$6,000, the fee is 25 percent of the cost of alternative care services or the difference between 150 percent of the federal poverty guideline and the client's gross income, whichever is less; and

(3) when the alternative care client's total assets are greater than \$6,000, the fee is 25 percent of the cost of alternative care services. For married persons, total assets are defined as the total marital assets less the estimated community spouse asset allowance, if applicable.

All alternative care services except case management shall be included in the estimated costs for the purpose of determining 25 percent of the costs.

The monthly premium shall be calculated and be payable in the month in which the alternative care services begin and shall continue unaltered for six months until the semiannual reassessment unless the actual cost of services falls below the fee.

(b) The fee shall be waived by the commissioner when:

(1) a person who is residing in a nursing facility is receiving case management only;

(2) a person is applying for medical assistance;

(3) a married couple is requesting an asset assessment under the spousal impoverishment provisions;

(4) a person is a medical assistance recipient, but has been approved for alternative care funded assisted living services;

(5) a person is found eligible for alternative care, but is not yet receiving alternative care services;

(6) a person is an adult foster care resident for whom alternative care funds are being used to meet a portion of their medical assistance spend-down, as authorized in subdivision 4; and

(7) a person's fee under paragraph (a) is less than \$25.

~~(b)~~ (c) The county agency must collect the premium from the client and forward the amounts collected to the commissioner in the manner and at the times prescribed by the commissioner. Money collected must be deposited in the general fund and is appropriated to the commissioner for the alternative care program. The client must supply the county with the client's social security number at the time of application. If a client fails or refuses to pay the premium due, the county shall supply the commissioner with the client's social security number and other information the commissioner requires to collect the premium from the client. The commissioner shall

collect unpaid premiums using the revenue recapture act in chapter 270A and other methods available to the commissioner. The commissioner may require counties to inform clients of the collection procedures that may be used by the state if a premium is not paid.

~~(e) The commissioner shall establish a premium schedule ranging from \$25 to \$75 \$500 per month based on the client's income and assets. The schedule is not subject to chapter 14, but the commissioner shall publish the schedule and any later changes in the State Register and allow a period of 20 working days from the publication date for interested persons to comment before adopting the schedule in final form. (d) The commissioner shall begin to adopt emergency or permanent rules governing client premiums within 30 days after July 1, 1991, including criteria for determining when services to a client must be terminated due to failure to pay a premium. Emergency or permanent rules governing client premiums supersede any schedule adopted under the exemption from chapter 14 in this section.~~

Sec. 17. Minnesota Statutes 1991 Supplement, section 256B.0915, subdivision 3, is amended to read:

Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(b) The monthly limit for the cost of waived services to an individual waiver client shall be the statewide average payment rate of the case mix resident class to which the waiver client would be assigned under medical assistance case mix reimbursement system. The statewide average payment rate is calculated by determining the statewide average monthly nursing home rate effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year. The following costs must be included in determining the total monthly costs for the waiver client:

(1) cost of all waived services, including extended medical supplies and equipment; and

(2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

(c) Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(d) Expenditures for extended medical supplies and equipment that cost over \$150 per month *for both the elderly waiver and the disabled waiver* must have the commissioner's prior approval.

(e) Annually on July 1, the commissioner must adjust the rates allowed for services by the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

(f) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

(g) Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 18. Minnesota Statutes 1991 Supplement, section 256B.0915, is amended by adding a subdivision to read:

Subd. 4. [TERMINATION NOTICE.] The case manager must give the individual a ten-day written notice of any decrease in or termination of waived services.

Sec. 19. Minnesota Statutes 1991 Supplement, section 256B.0915, is amended by adding a subdivision to read:

Subd. 5. [REASSESSMENTS FOR WAIVER CLIENTS.] A reassessment of a client served under the elderly or disabled waiver must be conducted at least every six months and at other times when the case manager determines that there has been significant change in the client's functioning. This may include instances where the client is discharged from the hospital.

Sec. 20. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 2, is amended to read:

Subd. 2. [DESIGN OF SAIL PROJECTS; LOCAL LONG-TERM CARE COORDINATING TEAM.] (a) The commissioner of human services shall establish SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.

(b) To be selected for the project, a county board, or boards ~~under a joint powers agreement~~, must establish a long-term care coordinating team consisting of county social service agencies, public health nursing service agencies, local boards of health, and the area agencies on aging in a geographic area which is responsible for:

(1) developing a local long-term care strategy consistent with state goals and objectives;

(2) submitting an application to be selected as a project;

(3) coordinating planning for funds to provide services to elderly persons, including funds received under Title III of the Older Americans Act, Community Social Services Act, Title XX of the Social Security Act and the Local Public Health Act; and

(4) ensuring efficient services provision and nonduplication of funding.

(c) The board, or boards ~~under a joint powers agreement~~, shall designate

a public agency to serve as the lead agency. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must semiannually evaluate the progress of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(d) Each member of the local coordinating team must indicate its endorsement of the local strategy. The local long-term care coordinating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(e) The board, or boards ~~under a joint powers agreement,~~ shall apply to be selected as a project. If the project is selected, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(f) Projects shall be selected according to the following conditions:

(1) No project may be selected unless it demonstrates that:

(i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;

(ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;

(iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;

(iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least four counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation with consumers and other agencies and organizations, both public and private, in planning for service delivery.

(2) If only two projects are selected, at least one of them must be from a metropolitan statistical area as determined by the United States Census Bureau; if three or four projects are selected, at least one but not more than two projects must be from a metropolitan statistical area; and if more than four projects are selected, at least two but not more than three projects must be from a metropolitan statistical area.

(3) Counties or groups of counties that submit a proposal for a project shall be assigned to types defined by institutional utilization rate and population growth rate in the following manner:

(i) Each county or group of counties shall be measured by the utilization rate of nursing homes and boarding care homes and by the projected growth rate of its population aged 85 and over between 1990 and 2000. For the

purposes of this section, "utilization rate" means the proportion of the seniors aged 65 or older in the county or group of counties who reside in a licensed nursing home or boarding care home as determined by the most recent census of residents available from the department of health and the population estimates of the state demographer or the census, whichever is more recent. The "projected growth rate" is the rate of change in the county or group of counties of the population group aged 85 or older between 1990 and 2000 according to the projections of the state demographer.

(ii) The institutional utilization rate of a county or group of counties shall be converted to a category by assigning a "high utilization" category if the rate is above the median rate of all counties, and a "low utilization" category otherwise. The projected growth rate of a county or group of counties shall be converted to a category by assigning a score of "high-growth" category if the rate is above the median rate of all counties, and a "low growth" category otherwise.

(iii) Types of areas shall be defined by the four combinations of the scores defined in item (ii): type 1 is low utilization - high growth, type 2 is high utilization - high growth, type 3 is high utilization - low growth, and type 4 is low utilization - low growth. Each county or group of counties making a proposal shall be assigned to one of these types.

(4) Projects shall be selected from each of the types in the order that the types are listed in paragraph (3), item (iii), with available funding allocated to projects until it is exhausted, with no more than 30 percent of available funding allocated to any one project. Available funding includes state administrative funds which have been appropriated for screening functions in subdivision 4, paragraph (b), clause (3), and for service developers and incentive grants in subdivision 5.

(5) If more than one county or group of counties within one of the types defined by paragraph (3) proposes a special project that meets all of the other conditions in paragraphs (1) and (2), the project that demonstrates the most cost-effective proposals in terms of the number of nursing home placements that can be expected to be diverted or converted to alternative care services per unit of cost shall be selected.

(6) If more than one county applies for a specific project under this subdivision, all participating county boards must indicate intent to work cooperatively through individual board resolutions or a joint powers agreement.

Sec. 21. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 3, is amended to read:

Subd. 3. [LOCAL LONG-TERM CARE STRATEGY.] The local long-term care strategy must list performance outcomes and indicators which meet the state's objectives. The local strategy must provide for:

(1) accessible information, assessment, and preadmission screening activities as described in subdivision 4;

(2) an application for expansion of alternative care targeted funds under section 256B.0913, for serving 180-day eligible clients, including those who are relocated from nursing homes; and

(3) the development of additional services such as adult family foster care homes; family adult day care; assisted living projects and congregate

housing service projects in apartment buildings; expanded home care services for evenings and weekends; expanded volunteer services; and caregiver support and respite care projects; and

~~(4) development and implementation of strategies for advocating, promoting, and developing long-term care insurance and encouraging insurance companies to offer long-term care insurance policies that are affordable and offer a wide range of benefits.~~

The county or groups of counties selected for the projects shall be required to comply with federal regulations, alternative care funding policies in section 256B.0913, and the federal waiver programs' policies in section 256B.0915. The requirements for preadmission screening as defined in section 256B.0911, subdivisions 1 to 6, are waived for those counties selected as part of a long-term care strategy project. For persons who are eligible for medical assistance or who are 180-day eligible clients and who are screened after nursing facility admission, the nursing facility must include a screener in the discharge planning process for those individuals who the screener has determined have discharge potential. The agency responsible for the screening function in subdivision 4 must ensure a smooth transition and follow-up for the individual's return to the community. Requirements for an access, screening, and assessment function replace the preadmission screening requirements and are defined in subdivision 4. Requirements for the service development and service provision are defined in subdivision 5.

Sec. 22. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 4, is amended to read:

Subd. 4. [ACCESSIBLE INFORMATION, SCREENING, AND ASSESSMENT FUNCTION.] (a) The projects selected by and under contract with the commissioner shall establish an accessible information, screening, and assessment function for persons who need assistance and information regarding long-term care. This accessible information, screening, and assessment activity shall include information and referral, early intervention, follow-up contacts, telephone triage as defined in paragraph (f), home visits, assessments, preadmission screening, and relocation case management for the frail elderly and their caregivers in the area served by the county or counties. The purpose is to ensure that information and help is provided to elderly persons and their families in a timely fashion, when they are making decisions about long-term care. These functions may be split among various agencies, but must be coordinated by the local long-term care coordinating team.

(b) Accessible information, screening, and assessment functions shall be reimbursed as follows:

(1) The screenings of all persons entering nursing homes shall be reimbursed by the nursing homes in the counties of the project, through the same policy that is in place in fiscal year 1992 as established in section 256B.0911. The amount a nursing home pays to the county agency is that amount identified and approved in the February 15, 1991, estimated number of screenings and associated expenditures. This amount remains the same for fiscal year 1993;

(2) The level I screenings and the level II assessments required by Public Law Numbers 100-203 and 101-508 (OBRA) for persons with mental illness,

mental retardation, or related conditions, are reimbursed through administrative funds with 75 percent federal funds and 25 percent state funds, as allowed by federal regulations and established in the contract; and

(3) Additional state administrative funds shall be available for the access, screening, and assessment activities that are not reimbursed under clauses (1) and (2). This amount shall not exceed the amount authorized in the guidelines and in instructions for the application and must be within the amount appropriated for this activity.

(c) The amounts available under paragraph (b) are available to the county or counties involved in the project to cover staff salaries and expenses to provide the services in this subdivision. The lead agency shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide the services listed in this subdivision.

(d) Any information and referral functions funded by other sources, such as Title III of the Older Americans Act and Title XX of the Social Security Act and the Community Social Services Act, shall be considered by the local long-term care coordinating team in establishing this function to avoid duplication and to ensure access to information for persons needing help and information regarding long-term care.

(e) The staffing for the screening and assessment function must include, but is not limited to, a county social worker and a county public health nurse. The social worker and public health nurse are responsible for all assessments that are required to be completed by a professional. However, only one of these professionals is required to be present for the assessment. *If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year experience in home care to conduct the assessment.*

(f) All persons entering a Medicaid certified nursing home or boarding care home must be screened through an assessment process, although the decision to conduct a face-to-face interview is left with the county social worker and the county public health nurse. All applicants to nursing homes must be screened and approved for admission by the county social worker or the county public health nurse named by the lead agency or the agencies which are under contract with the lead agency to manage the access, screening, and assessment functions. For applicants who have a diagnosis of mental illness, mental retardation, or a related condition, and are subject to the provisions of Public Law Numbers 100-203 and 101-508, their admission must be approved by the local mental health authority or the local developmental disabilities case manager.

The commissioner shall develop instructions and assessment forms for telephone triage and on-site screenings to ensure that federal regulations and waiver provisions are met.

For purposes of this section, the term "telephone triage" refers to a telephone or face-to-face consultation between health care and social service professionals during which the clients' circumstances are reviewed and the county agency professional sorts the individual into categories: (1) needs no screening, (2) needs an immediate screening, or (3) needs a screening after admission to a nursing home or after a return home. The county agency professional shall authorize admission to a nursing home according to the provisions in section 256B.0911, subdivision 7.

(g) The requirements for case mix assessments by a preadmission screening team may be waived and the nursing home shall complete the case mix assessments which are not conducted by the county public health nurse according to the procedures established under Minnesota Rules, part 9549.0059. The appropriate county or the lead agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.

(h) The lead agency or the agencies under contract with the lead agency which are responsible for the accessible information, screening, and assessment function must complete the forms and reports required by the commissioner as specified in the contract.

Sec. 23. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 5, is amended to read:

Subd. 5. [SERVICE DEVELOPMENT AND SERVICE DELIVERY.] (a) In addition to the access, screening, and assessment activity, each local strategy may include provisions for the following:

(1) expansion of alternative care to serve an increased caseload, over the fiscal year 1991 average caseload, of at least 100 persons each year who are assessed prior to nursing home admission and persons who are relocated from nursing homes, which results in a reduction of the medical assistance nursing home caseload;

(2) the addition of a full-time staff person who is responsible to develop the following services and recruit providers as established in the contract:

(i) additional adult family foster care homes;

(ii) family adult day care providers as defined in section 256B.0919, subdivision 2;

(iii) an assisted living program in an apartment;

(iv) a congregate housing service project in a subsidized housing project; and

(v) the expansion of evening and weekend coverage of home care services as deemed necessary by the local strategic plan;

(3) small incentive grants to new adult family care providers for renovations needed to meet licensure requirements;

(4) a plan to apply for a congregate housing service project as identified in section 256.9751, authorized by the Minnesota board on aging, to the extent that funds are available;

(5) a plan to divert new applicants to nursing homes and to relocate a targeted population from nursing homes, using the individual's own resources or the funding available for services;

(6) one or more caregiver support and respite care projects, as described in subdivision 6; and

(7) one or more living-at-home/block nurse projects, as described in subdivisions 7 to 10.

(b) The expansion of alternative care clients under paragraph (a) shall be accomplished with the funds provided under section 256B.0913, and includes the allocation of targeted funds. The funding for all participating counties must be coordinated by the local long-term care coordinating team

and must be part of the local long-term care strategy. *Targeted alternative care funds received through the SAIL project approval process may be transferred from one SAIL county to another within a designated SAIL project area during a fiscal year as authorized by the local long-term care coordinating team and approved by the commissioner. The base allocation used for a future year shall reflect the final transfer.* Each county retains responsibility for reimbursement as defined in section 256B.0913, subdivision 12. All other requirements for the alternative care program must be met unless an exception is provided in this section. The commissioner may establish by contract a reimbursement mechanism for alternative care that does not require invoice processing through the medical assistance management information system (MMIS). The commissioner and local agencies must assure that the same client and reimbursement data is obtained as is available under MMIS.

(c) The administration of these components is the responsibility of the agencies selected by the local coordinating team and under contract with the local lead agency. However, administrative funds for paragraph (a), clauses (2) to (5), and grant funds for paragraph (a), clauses (6) and (7), shall be granted to the local lead agency. The funding available for each component is based on the plan submitted and the amount negotiated in the contract.

Sec. 24. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 6, is amended to read:

Subd. 6. ~~[STATEWIDE CAREGIVER SUPPORT AND RESPITE CARE RESOURCE CENTER; CAREGIVER SUPPORT AND RESPITE CARE PROJECTS.]~~ (a) ~~The commissioner shall establish and maintain a statewide resource center for caregiver support and respite care. The resource center shall:~~

~~(1) provide information, technical assistance, and training statewide to county agencies and organizations on direct service models of caregiver support and respite care services;~~

~~(2) identify and address issues, concerns, and gaps in the statewide network for caregiver support and respite care;~~

~~(3) maintain a statewide caregiver support and respite care directory;~~

~~(4) educate caregivers on the availability and use of caregiver and respite care services;~~

~~(5) promote and expand caregiver training and support groups using existing networks when possible; and~~

~~(6) apply for and manage grants related to caregiver support and respite care.~~

(b) The commissioner shall establish up to 36 projects to expand the respite care network in the state and to support caregivers in their responsibilities for care. The purpose of each project shall be to:

(1) establish a local coordinated network of volunteer and paid respite workers;

(2) coordinate assignment of respite workers to clients and care receivers and assure the health and safety of the client; and

(3) provide training for caregivers and ensure that support groups are

available in the community.

(e) (b) The caregiver support and respite care funds shall be available to the four to six local long-term care strategy projects designated in subdivisions 1 to 5.

(d) (c) The commissioner shall publish a notice in the State Register to solicit proposals from public or private nonprofit agencies for the projects not included in the four to six local long-term care strategy projects defined in subdivision 2. A county agency may, alone or in combination with other county agencies, apply for caregiver support and respite care project funds. A public or nonprofit agency *within a designated SAIL project area* may apply for project funds if the agency has a letter of agreement with the county or counties in which services will be developed, stating the intention of the county or counties to coordinate their activities with the agency requesting a grant.

(e) (d) The commissioner shall select grantees based on the following criteria:

(1) the ability of the proposal to demonstrate need in the area served, as evidenced by a community needs assessment or other demographic data;

(2) the ability of the proposal to clearly describe how the project will achieve the purpose defined in paragraph (b);

(3) the ability of the proposal to reach underserved populations;

(4) the ability of the proposal to demonstrate community commitment to the project, as evidenced by letters of support and cooperation as well as formation of a community task force;

(5) the ability of the proposal to clearly describe the process for recruiting, training, and retraining volunteers; and

(6) the inclusion in the proposal of the plan to promote the project in the community, including outreach to persons needing the services.

(f) (e) Funds for all projects under this subdivision may be used to:

(1) hire a coordinator to develop a coordinated network of volunteer and paid respite care services and assign workers to clients;

(2) recruit and train volunteer providers;

(3) train caregivers;

(4) ensure the development of support groups for caregivers;

(5) advertise the availability of the caregiver support and respite care project; and

(6) purchase equipment to maintain a system of assigning workers to clients.

(g) (f) Project funds may not be used to supplant existing funding sources.

(h) ~~An advisory committee shall be appointed to advise the caregiver support project on the development and implementation of the caregiver support and respite care services projects. The advisory committee shall review procedures and provide advice and technical assistance to the caregiver support project regarding the grant program established under this section.~~

~~The advisory committee shall consist of not more than 16 people appointed~~

by the commissioner and shall be comprised of representatives from public and private agencies, service providers and consumers from all areas of the state.

Members of the advisory committee shall not be compensated for service.

Sec. 25. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 7, is amended to read:

Subd. 7. [CONTRACT.] The commissioner of human services shall execute a contract with an organization experienced in establishing and operating community-based programs that have used the principles listed in subdivision 8, paragraph (b), in order to meet the independent living and health needs of senior citizens aged 65 and over and provide community-based long-term care for senior citizens in their homes. The organization awarded the contract shall:

(1) assist the commissioner in developing criteria for and in awarding grants to establish community-based organizations that will implement living-at-home/block nurse programs throughout the state;

(2) assist the commissioner in awarding grants to enable current living-at-home/block nurse programs to implement the combined living-at-home/block nurse program model;

(3) serve as a state technical assistance center to assist and coordinate the living-at-home/block nurse programs established; and

(4) develop the implementation plan required by subdivision 10.

Sec. 26. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 8, is amended to read:

Subd. 8. [LIVING-AT-HOME/BLOCK NURSE PROGRAM GRANT.]

(a) The commissioner, in cooperation with the organization awarded the contract under subdivision 7, shall develop and administer a grant program to establish ~~seven to ten~~ or expand up to 15 community-based organizations that will implement living-at-home/block nurse programs that are designed to enable senior citizens to live as independently as possible in their homes and in their communities. ~~Up to~~ At least seven of the programs must be in counties outside the seven-county metropolitan area. The living-at-home/block nurse program funds shall be available to the four to six SAIL projects established under this section. Nonprofit organizations and units of local government are eligible to apply for grants to establish the community organizations that will implement living-at-home/block nurse programs. In awarding grants, the commissioner shall give preference to nonprofit organizations and units of local government from communities that:

(1) have high nursing home occupancy rates;

(2) have a shortage of health care professionals; and

(3) meet other criteria established by the commissioner, in consultation with the organization under contract.

(b) Grant applicants must also meet the following criteria:

(1) the local community demonstrates a readiness to establish a community model of care, including the formation of a board of directors, advisory committee, or similar group, of which at least two-thirds is comprised of community citizens interested in community-based care for older persons;

(2) the program has sponsorship by a credible, representative organization within the community;

(3) the program has defined specific geographic boundaries and defined its organization, staffing and coordination/delivery of services;

(4) the program demonstrates a team approach to coordination and care, ensuring that the older adult participants, their families, the formal and informal providers are all part of the effort to plan and provide services; and

(5) the program provides assurances that all community resources and funding will be coordinated and that other funding sources will be maximized, including a person's own resources.

(c) Grant applicants must provide a minimum of five percent of total estimated development costs from local community funding. Grants shall be awarded for two-year periods, and the base amount shall not exceed \$40,000 per applicant for the grant period. The commissioner, in consultation with the organization under contract, may increase the grant amount for applicants from communities that have socioeconomic characteristics that indicate a higher level of need for development assistance.

(d) Each living-at-home/block nurse program shall be designed by representatives of the communities being served to ensure that the program addresses the specific needs of the community residents. The programs must be designed to:

(1) incorporate the basic community, organizational, and service delivery principles of the living-at-home/block nurse program model;

(2) provide senior citizens with registered nurse directed assessment, provision and coordination of health and personal care services on a sliding fee basis as an alternative to expensive nursing home care;

Subd. 4a. The average daily reimbursement rates established in accordance with the provisions of this subdivision apply only to the combined average, daily costs of waived and home care services and do not change home care limitations under section 256B.0627. RATES.] *The average daily reimbursement rates established by the commissioner for waived services shall be adjusted to include the additional costs of services eligible for waiver funding under title XIX of the Social Security Act and for which there is no group residential housing payment available as a result of the payment limitations set forth in section 256I.05, subdivision 10. The adjustment to the waiver rates shall be based on county reports of service costs that are no longer eligible for group residential housing payments. No adjustment shall be made for any amount of reported payments that prior to July 1, 1992, exceeded the group residential housing rate limits established in section 256I.05 and were reimbursed through county funds.*

Sec. 12. Minnesota Statutes 1990, section 256E.14, is amended to read:

256E.14 [GRANTS FOR CASE MANAGEMENT FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.]

(1) ~~one-half of the appropriation must be distributed to the counties according to the formula in section 256E.06, subdivision 1; and~~

(2) ~~one-half of as provided in this section.~~ The appropriation must be distributed to the counties on the basis of the number of persons with mental retardation or a related condition that were receiving case management services from the county on the January 1 preceding the start of the fiscal year in which the funds are distributed. *The appropriation may be reduced by the amount necessary to meet the state match for medical reimbursement under section 256B.092, subdivision 2a.*

Sec. 13. Minnesota Statutes 1991 Supplement, section 256I.05, subdivision 10, is amended to read:

Subd. 10. [FOSTER CARE.] *In keeping with the definition of "group residential housing rate" established in section 256I.03, subdivision 2, beginning July 1, 1992, the ~~negotiated~~ group residential housing rate of a group residence licensed as a foster home is limited to the rate set for room and board ~~costs~~ payments provided the foster home is not the license holder's primary residence, or the license holder is not the primary caregiver to persons receiving services in the ~~negotiated rate~~ group residence; and ~~federal funding is available to pay for so long as~~ the cost of other necessary services meets the definition of services or costs eligible for payment under the state's Medicaid program under title XIX of the Social Security Act and the persons receiving services in the group residence also receive title XIX home- and community-based waiver services for persons with mental retardation or a related condition, or persons with traumatic or acquired brain injury. For the ~~purpose~~ purposes of this section, the July 1, 1992, rate set for room and board ~~costs~~ mean costs of providing food and shelter for eligible persons, and ~~includes~~ payments must not exceed the group residential housing rate effective June 30, 1992, minus the additional rate to be paid under title XIX of the Social Security Act. The only exception to this limitation is a rate adjustment for the payment of the additional room and board costs of serving additional persons in the group residence. Until a statewide rate setting system is developed in accordance with subdivision 6, "room and board payments" referenced in this section means the ~~directly identifiable~~*

payments for the usual costs of:

- (1) normal and special diet, food preparation and food services;
- (2) providing linen, bedding, laundering, and laundry supplies;
- (3) housekeeping, including cleaning and lavatory supplies;
- (4) maintenance and operation of the residence and grounds, including fuel, utilities, supplies, and equipment;
- (5) the allocation of salaries related to these areas; and
- (6) the lease or mortgage payment, property tax and insurance, furnishings and appliances.

For purposes of this section, room and board payments do not include payments for the costs of modifications and adaptations of the group residence required to ensure the health and safety of the resident or to meet the requirements of the applicable life safety code when those costs meet the definition of services and costs eligible for payment under the state's Medicaid program under title XIX of the Social Security Act. The group residences identified in this section shall be subject to a statewide rate setting system identified in subdivision 6 once the rate setting system has been developed. Any amount of payment made by counties prior to July 1, 1992, that exceeds the rate caps established in subdivisions 1 and 2 is not considered part of the group residential housing rate under this section and may not be considered as part of the group residential housing rate set as of July 1, 1992, nor shall that amount be considered eligible for payment under title XIX of the Social Security Act.

Sec. 14. [STATE-OPERATED COMMUNITY SERVICES APPROPRIATION.]

Unless the state-operated community services programs are financed through the Minnesota housing finance agency, the language contained in Laws 1991, chapter 292, article 1, section 2, subdivision 8, providing that receipts received for the state-operated community services program are appropriated to the commissioner for that purpose, is of no effect and the receipts are deposited and appropriated to the commissioner as provided under Minnesota Statutes, section 246.18. If the state-operated community services programs are financed through the Minnesota housing finance agency, the receipts are appropriated to the commissioner for that purpose.

Sec. 15. [WAIVERED SERVICES RATE STRUCTURE.]

The commissioner of human services shall report to the legislature by January 15, 1993, with plans to implement on July 1, 1993, a rate structure for home- and community-based services under title XIX of the Social Security Act which bases funding on assessed client needs."

Pages 1 to 10, delete sections 1 to 7 and insert:

“Section 1. Minnesota Statutes 1991 Supplement, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.]
(a) General assistance medical care may be paid for any person who is age 18 or older and who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of \$1,000 per assistance unit. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of \$30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the

wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first \$50 of earned income is not allowed; or

(3) who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

(f) Each undocumented alien and nonimmigrant is ineligible for general assistance medical care. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented alien is an individual

who has come to, entered, or remains in the United States in violation of law and not under color of law. For the five-year period beginning on the date when lawful temporary resident status was granted under United States Code, title 8, section 1255a, each alien granted lawful temporary residence status is ineligible for general assistance medical care. Each alien admitted to the United States for purposes of family unity with an alien granted lawful temporary residence status is ineligible for general assistance medical care for the five-year period beginning on the date of entry into the United States. This subdivision does not apply to a child under age 18, a Cuban or Haitian entrant as defined in Public Law Number 96-722, section 501(e)(1) or (2)(a), or to an alien who is aged, blind, or disabled as defined in United States Code, title 42, section 1382c(a)(1)."

Subd. 5. Any applicant, otherwise eligible for general assistance and possibly eligible for maintenance benefits from any other source shall (a) make application for those benefits within 30 days of the general assistance application; and (b) execute an interim assistance authorization agreement on a form as directed by the commissioner. If found eligible for benefits from other sources, and a payment received from another source relates to the period during which general assistance was also being received, the recipient shall be required to reimburse the county agency for the interim assistance paid. Reimbursement shall not exceed the amount of general assistance paid during the time period to which the other maintenance benefits apply and shall not exceed the state standard applicable to that time period. The commissioner shall adopt rules, and may adopt emergency rules, authorizing county agencies to retain from the amount recovered under an interim assistance agreement 25 percent plus actual reasonable fees, costs, and disbursements of appeals and litigation, of providing special assistance to the recipient in processing the recipient's claim for maintenance benefits from another source. The money retained under this section shall be from the state share of the recovery. The *commissioner or the county agency* may contract with qualified persons to provide the special assistance. The rules adopted by the commissioner shall include the methods by which county agencies shall identify, refer, and assist recipients who may be eligible for benefits under federal programs for the disabled. This subdivision does not require repayment of per diem payments made to shelters for battered women pursuant to section 256D.05, subdivision 3.

Sec. 4. Minnesota Statutes 1990, section 256D.54, subdivision 3, is amended to read:

Subd. 3. [INTERIM ASSISTANCE ADVOCACY INCENTIVE PROGRAM.] From the amount recovered under an interim assistance agreement, county agencies may retain 25 percent plus actual reasonable fees, costs, and disbursements of appeals, litigation, and advocacy assistance given to the recipient for the recipient's claim for supplemental security income. “Sec. 16. Minnesota Statutes 1991 Supplement, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, *after receiving recommendations from the Minnesota medical association and the Minnesota pharmacists association*, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following

July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee, *upon the recommendation of the drug utilization review board*, shall review and recommend drugs which require prior authorization. *Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization:*

(1) the drug must be identified through the drug utilization review program. The drug utilization review board may develop criteria to be used for identifying drugs or direct the drug formulary committee to develop criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide evidence to the formulary committee that placing the drug on prior authorization will not reduce the quality of patient care and that the drug is subject to clinical abuse or misuse.

A decision by the drug utilization review board to place a drug on prior authorization must be reviewed by the formulary committee at least every six months. Prior authorization may be required by the commissioner upon approval of the drug utilization review board, before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner

shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(c) Until January 4, 1993, or the date the Medicaid Management Information System (MMIS) upgrade is implemented, whichever occurs last, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spenddown, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spenddown amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spenddown of (1) their right to appeal the

denial of services on the grounds that they have satisfied the spenddown requirement, and (2) their potential eligibility for the health right program or the children's health plan.

Sec. 17. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 13a. [DRUG UTILIZATION REVIEW BOARD.] A 12-member drug utilization review board is established. The board is comprised of six licensed physicians actively engaged in the practice of medicine in Minnesota; three licensed pharmacists actively engaged in the practice of pharmacy in Minnesota; one licensed pharmacist engaged in dispensing medications in or providing consulting services for a Minnesota nursing home; one person with expertise in therapeutic pharmacology who is neither a practicing physician nor a pharmacist; and one consumer representative. The directive of the examiner shall be in writing after posting a notice addressed "TO WHOM IT MAY CONCERN" fixing a time when the examiner shall direct the issuance of a new duplicate certificate of title unless valid objections thereto are delivered to the examiner's office prior to the specified time. The notice shall be posted on a bulletin board provided for the posting of legal notices at the courthouse at least seven days prior to the date fixed for the issuance of the directive. The person who claims to be entitled thereto may make application therefor to the district court, and after due notice and hearing, the court may order the registered owner, or any person withholding the duplicate certificate, to surrender it, and direct the entry of a new certificate upon such surrender. If the person withholding the duplicate certificate is not amenable to the process of the court, or if for any reason the outstanding owner's duplicate certificate cannot be delivered up, the court may by decree annul it, and order a new certificate of title to be entered. ~~If an outstanding mortgagee's or lessee's duplicate certificate is not produced and surrendered when the mortgage or lease is discharged, assigned, or extinguished, the same proceedings may be had to obtain registration as in the case of the nonproduction of an owner's duplicate.~~

The commissioner shall notify the producer by certified mail stating the penalty is payable in 30 days, the consequences of failure to pay the penalty, and the consequences of future violations.

(3) Upon the third violation within a 12-month period, the producer is subject to an additional civil penalty of \$300 and possible revocation of the producer's permit or certification. The commissioner shall notify the producer by certified mail that all civil penalties owed must be paid within 30 days and that the commissioner is initiating administrative procedures to revoke the producer's permit or certification to sell milk for at least 30 days.

(d) The producer's shipment of milk must be immediately suspended if

the producer is identified as an individual source of milk containing residues in violation of subdivision 3, clause (6) or (7). Shipment may resume only after subsequent milk has been sampled by the commissioner or the commissioner's agent and found to contain no residues above established tolerances or safe levels. A milk producer who violates subdivision 3, clause (6) or (7), is subject to clauses (1) to (3) of this paragraph.

(1) For the first violation in a 12-month period, a producer shall not receive payment for any milk contaminated or the equivalent of at least the value of two days' milk production on that farm. Milk purchased for use from the producer during the two-day penalty period will be assessed a civil penalty equal to the minimum value of that milk and is payable to the commissioner by the dairy plant or marketing organization who purchases the milk. The producer remains eligible only for manufacturing grade until the producer completes the "Milk and Dairy Beef Residue Prevention Protocol" with a licensed veterinarian, displays the signed certificate in the milkhouse, and sends verification to the commissioner. To maintain a permit or certification to market milk, this program must be completed within 30 days.

(2) For the second violation in a 12-month period, a producer shall not receive payment for any milk contaminated or the equivalent of at least the value of four days' milk production on that farm. Milk purchased for use from the producer during the four-day penalty period will be assessed a civil penalty equal to the minimum value of that milk and is payable to the commissioner by the dairy plant or marketing organization who purchases the milk. The producer remains eligible only for manufacturing grade until the producer reviews the "Milk and Dairy Beef Residue Prevention Protocol" with a licensed veterinarian, displays the updated certificate in the milkhouse, and sends verification to the commissioner. To maintain a permit or certification to market milk, this program must be reviewed within 30 days.

(3) For the third violation in a 12-month period, a producer shall not receive payment for any milk contaminated or the equivalent of at least the value of four days' milk production on that farm. Milk purchased for use from the producer during the four-day penalty period will be assessed a civil penalty equal to the minimum value of that milk and is payable to the commissioner by the dairy plant or marketing organization who purchases the milk. The producer remains eligible only for manufacturing grade until the producer reviews the "Milk and Dairy Beef Residue Prevention Protocol" with a licensed veterinarian, displays the updated certificate in the milkhouse, and sends verification to the commissioner. To maintain a permit or certification to market milk, this program must be reviewed within 30 days. The commissioner shall also notify the producer by certified mail that the commissioner is initiating administrative procedures to revoke the producer's permit or certification to sell milk for a minimum of 30 days.

(e) A milk producer that has been certified as completing the "Milk and Dairy Beef Residue Prevention Protocol" within 12 months of the first violation of subdivision 3, clause (7), need only review the cause of the violation with a field service representative within three days to maintain shipping status if all other requirements of this section are met.

(f) Civil penalties collected under this section must be deposited in the milk inspection services account established in this chapter.

Sec. 2. Minnesota Statutes 1990, section 41B.02, is amended by adding a subdivision to read:

Subd. 19. [AGRICULTURAL IMPROVEMENTS.] "Agricultural improvements" means improvements to a farm, including the purchase and construction or installation of improvements to land, buildings, and other permanent structures, including equipment incorporated in or permanently affixed to the land, buildings, or structures, which are useful for and intended to be used for the purpose of farming. "Agricultural improvements" does not include equipment not affixed to real estate or improvements or additions to that equipment.

Sec. 3. [41B.043] [AGRICULTURAL IMPROVEMENT LOAN PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] The authority may establish, adopt rules for, and implement an agricultural improvement loan program to finance agricultural improvements. Loans may be made to borrowers who meet the requirements of section 41B.03, subdivision 1, clauses (1) and (2), and who are actively engaged in farming. In the first two years, all loans must be given to grade B dairy farmers for the purpose of enabling them to upgrade to grade A.

Subd. 2. [SPECIFICATIONS.] No loan may exceed \$20,000, be made to refinance an existing debt, or be made at an interest rate in excess of eight percent. Each loan must be secured by a mortgage on real property comprising all or part of the farm on which the improvements are made, and such other security as the authority may require.

Subd. 3. [FUNDING.] The authority shall establish and make all agricultural improvement loans from an agricultural improvement loan program revolving fund. Money appropriated or otherwise provided for purposes of the program, and all loan payments, must be deposited in the fund and used to make loans and pay costs of the program and are annually appropriated for this purpose. The interest on loans repaid to the state must be credited to the revolving fund and may be spent by the commissioner of agriculture for administrative expenses.

Sec. 4. [AGRICULTURAL IMPROVEMENT LOAN PROGRAM FUNDING.]

Subdivision 1. [APPROPRIATION.] \$5,000,000 is appropriated to the Minnesota rural finance authority from the rural finance authority security account to fund the agency's agricultural improvement loan program.

Subd. 2. [BONDS.] The appropriation made under subdivision 1 shall be funded by the issuance of general obligation bonds as provided for in Minnesota Statutes, section 41B.19. The bonds must be issued and sold in the manner, upon the terms, and with the effect prescribed by Minnesota Statutes, sections 16A.631 to 16A.675, and the Minnesota Constitution, article XI. The legislature determines that the bonds are being issued to develop the state's agricultural resources by extending credit on real estate security.

The commissioner shall promptly provide to the commissioner of human services upon request any information on hospital revenues, nursing home licensure, and health maintenance organization revenues required by the commissioner of human services to operate the provider surcharge program.

Sec. 2. Minnesota Statutes 1991 Supplement, section 144A.071, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983, or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme

hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home pleads to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires, on a regular basis, various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules;

(f) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration;

(g) to license or certify beds in a new facility constructed to replace a facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:

(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 149A.013, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

(h) to license or certify beds that are moved from one location to another

within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project recommended for approval by the interagency board for quality assurance under section 144A.073;

(k) to license nursing home beds in a hospital facility that are relocated from a different hospital facility under common ownership or affiliation, provided:

(1) the nursing home beds are not certified for participation in the medical assistance program; and

(2) the relocation of nursing home beds under this clause should not exceed a radius of six miles;

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings, from a hospital-attached nursing home to the hospital building, or from a separate nursing home to a building formerly used as a hospital, provided the original nursing home building will no longer be operated as a nursing home and the building to which the beds are moved will no longer be operated as a hospital. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation. At the time of the licensure and certification of the nursing home beds, the commissioner of health shall delicense the same number of acute care beds within the existing complex of hospital buildings or building. Relocation of nursing home beds under this clause is subject to the limitations in section 144A.073, subdivision 5;

(m) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds. The relocated beds need not be licensed and certified at the new location simultaneously with the delicensing and decertification of the old beds and may be licensed and certified at any time after the old beds are delicensed and decertified;

(n) to license new nursing home beds in a continuing care retirement community affiliated with a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its residents from outside the state for the purpose of meeting contractual obligations to residents of the retirement community, provided the facility makes a written commitment to the commissioner of human services that it will not seek medical assistance certification for the new beds;

(o) to certify or license new beds in a new facility on the Red Lake Indian Reservation for which payments will be made under the Indian Health Care Improvement Act, Public Law Number 94-437, at the rates specified in United States Code, title 42, section 1396d(b):

(p) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure and if the cost of any remodeling of the facility does not exceed ten percent of the appraised value of the facility or \$200,000, whichever is less; or to license as nursing home beds boarding care beds in a facility with an addendum to its provider agreement effective beginning July 1, 1983, if the boarding care beds to be upgraded meet the standards for nursing home licensure. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase in the future. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements:

(q) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of Saint Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this clause;

(r) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements:

(s) to license or certify beds that are moved from a nursing home to a separate facility under common ownership or control that was formerly licensed as a hospital and is currently licensed as a nursing facility and that is located within eight miles of the original facility, provided the original nursing home building will no longer be operated as a nursing home. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation; or

(t) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of \$200,000 or more; *or*

(u) to certify, prior to July 1, 1993, beds in a facility that has no certified beds but was licensed and in operation prior to January 1, 1992.

For a hospital that qualifies for an adjustment under this paragraph and under subdivision 9, the hospital must be paid the adjustment under subdivision 9 plus any amount by which the adjustment under this paragraph exceeds the adjustment under subdivision 9. For this paragraph, medical assistance does not include general assistance medical care.

Sec. 16. Minnesota Statutes 1990, section 256.9695, subdivision 3, is amended to read:

Subd. 3. [TRANSITION.] Except as provided in section 256.969, subdivision 6a, paragraph (a), clause (3), the commissioner shall establish a transition period for the calculation of payment rates from July 1, 1989, to the implementation date of the upgrade to the Medicaid management information system.

During the transition period:

(a) Changes resulting from section 256.969, subdivision 6a, paragraph (a), clauses (1), (2), (4), (5), (6), and (8), shall not be implemented, except as provided in section 256.969, subdivision 6a, paragraph (a), clause (7), and paragraph (i).

(b) The beginning of the 1991 rate year shall be delayed and the rates notification requirement shall not be applicable.

(c) Operating payment rates shall be indexed from the hospital's most recent fiscal year ending prior to January 1, 1991, by prorating the hospital cost index methodology in effect on January 1, 1989. ~~For payments made for admissions occurring on or after June 1, 1990, shall not be adjusted by the one percent technology factor included in the hospital cost index and~~ the hospital cost index shall not exceed five percent. This hospital cost index limitation shall not apply to hospitals that meet the requirements of section 256.969, subdivision 6a, paragraphs (g) and (h).

(d) Property and pass-through payment rates shall be maintained at the most recent payment rate effective for June 1, 1990. However, all hospitals are subject to the hospital cost index limitation of subdivision 2c, for two complete fiscal years. Property and pass-through costs shall be retroactively settled through the transition period. The laws in effect on the day before July 1, 1989, apply to the retroactive settlement.

Sec. 17. Minnesota Statutes 1990, section 256B.19, is amended by adding a subdivision to read:

Subd. 1b. [PORTION OF NONFEDERAL SHARE TO BE PAID BY GOVERNMENT HOSPITALS.] In addition to the percentage contribution paid by a county under subdivision 1, the governmental units designated in this subdivision are responsible for an additional portion of the nonfederal share of medical assistance costs attributable to the operation of certain public hospitals located within, or subject to, the jurisdiction of the designated governmental units. For purposes of this subdivision, "designated governmental unit" means Hennepin county, Ramsey county, or the University of Minnesota hospitals and clinics. For purposes of this subdivision, "public hospital" means the Hennepin county medical center, the St. Paul-Ramsey medical center, or the University of Minnesota hospitals and clinics.

Each of the governmental units designated in this subdivision shall on a monthly basis assess the public hospital within or under its jurisdiction, in an amount equal to one percent of the public hospital's net patient revenues, excluding net Medicare revenue. These sums shall be transmitted to the state Medicaid agency as part of the local governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

Sec. 18. Minnesota Statutes 1990, section 256B.431, subdivision 2i, is amended to read:

Subd. 2i. [OPERATING COSTS AFTER JULY 1, 1988.] (a) [OTHER OPERATING COST LIMITS.] For the rate year beginning July 1, 1988, the commissioner shall increase the other operating cost limits established in Minnesota Rules, part 9549.0055, subpart 2, item E, to 110 percent of the median of the array of allowable historical other operating cost per diems and index these limits as in Minnesota Rules, part 9549.0056, subparts 3 and 4. The limits must be established in accordance with subdivision 2b, paragraph (d). For rate years beginning on or after July 1, 1989, the adjusted other operating cost limits must be indexed as in Minnesota Rules, part 9549.0056, subparts 3 and 4.

(b) [CARE-RELATED OPERATING COST LIMITS.] For the rate year beginning July 1, 1988, the commissioner shall increase the care-related operating cost limits established in Minnesota Rules, part 9549.0055, subpart 2, items A and B, to 125 percent of the median of the array of the allowable historical case mix operating cost standardized per diems and the allowable historical other care-related operating cost per diems and index those limits as in Minnesota Rules, part 9549.0056, subparts 1 and 2. The limits must be established in accordance with subdivision 2b, paragraph (d). For rate years beginning on or after July 1, 1989, the adjusted care-related limits must be indexed as in Minnesota Rules, part 9549.0056, subparts 1 and 2. For the rate period beginning October 1, 1992, and for rate years beginning after June 30, 1993, the amount of the surcharge under section 256.9657, subdivision 1, shall be included in the plant operations and maintenance operating cost category. The surcharge shall be an allowable cost for the purpose of establishing the payment rate.

(c) [SALARY ADJUSTMENT PER DIEM.] For the rate period October 1, 1988, to June 30, 1990, the commissioner shall add the appropriate salary adjustment per diem calculated in clause (1) or (2) to the total operating cost payment rate of each nursing home. The salary adjustment per diem for each nursing home must be determined as follows:

(1) for each nursing home that reports salaries for registered nurses, licensed practical nurses, and aides, orderlies and attendants separately, the commissioner shall determine the salary adjustment per diem by multiplying the total salaries, payroll taxes, and fringe benefits allowed in each operating cost category, except management fees and administrator and central office salaries and the related payroll taxes and fringe benefits, by 3.5 percent and then dividing the resulting amount by the nursing home's actual resident days; and

(2) for each nursing home that does not report salaries for registered nurses, licensed practical nurses, aides, orderlies, and attendants separately, the salary adjustment per diem is the weighted average salary adjustment per diem increase determined under clause (1).

Each nursing home that receives a salary adjustment per diem pursuant to this subdivision shall adjust nursing home employee salaries by a minimum of the amount determined in clause (1) or (2). The commissioner shall review allowable salary costs, including payroll taxes and fringe benefits, for the reporting year ending September 30, 1989, to determine whether or not each nursing home complied with this requirement. The commissioner shall report the extent to which each nursing home complied with the legislative commission on long-term care by August 1, 1990.

(d) [NEW BASE YEAR.] The commissioner shall establish new base years for both the reporting year ending September 30, 1989, and the reporting year ending September 30, 1990. In establishing new base years, the commissioner must take into account:

(1) statutory changes made in geographic groups;

(2) redefinitions of cost categories; and

(3) reclassification, pass-through, or exemption of certain costs such as public employee retirement act contributions.

(e) [NEW BASE YEAR.] *The commissioner shall establish a new base year for the reporting year ending September 30, 1991. In establishing a new base year, the commissioner must take into account:*

(1) *statutory changes made in geographic groups;*

(2) *redefinitions of cost categories; and*

(3) *reclassification, pass-through, or exemption of certain costs.*

Sec. 19, Minnesota Statutes 1991 Supplement, section 256B.431, subdivision 3f, is amended to read:

Subd. 3f. [PROPERTY COSTS AFTER JULY 1, 1988.] (a) [INVESTMENT PER BED LIMIT.] For the rate year beginning July 1, 1988, the replacement-cost-new per bed limit must be \$32,571 per licensed bed in multiple bedrooms and \$48,857 per licensed bed in a single bedroom. For the rate year beginning July 1, 1989, the replacement-cost-new per bed limit for a single bedroom must be \$49,907 adjusted according to Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1). Beginning January 1, 1990, the replacement-cost-new per bed limits must be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1). Beginning January 1, 1991, the replacement-cost-new per bed limits will be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1), except that the index utilized will be the Bureau of the Census: Composite fixed-weighted price index as published

in the Survey of Current Business.

(b) [RENTAL FACTOR.] For the rate year beginning July 1, 1988, the commissioner shall increase the rental factor as established in Minnesota Rules, part 9549.0060, subpart 8, item A, by 6.2 percent rounded to the nearest 100th percent for the purpose of reimbursing nursing homes for soft costs and entrepreneurial profits not included in the cost valuation services used by the state's contracted appraisers. For rate years beginning on or after July 1, 1989, the rental factor is the amount determined under this paragraph for the rate year beginning July 1, 1988.

(c) [OCCUPANCY FACTOR.] For rate years beginning on or after July 1, 1988, in order to determine property-related payment rates under Minnesota Rules, part 9549.0060, for all nursing homes except those whose average length of stay in a skilled level of care within a nursing home is 180 days or less, the commissioner shall use 95 percent of capacity days. For a nursing home whose average length of stay in a skilled level of care within a nursing home is 180 days or less, the commissioner shall use the greater of resident days or 80 percent of capacity days but in no event shall the divisor exceed 95 percent of capacity days.

(d) [EQUIPMENT ALLOWANCE.] For rate years beginning on July 1, 1988, and July 1, 1989, the commissioner shall add ten cents per resident per day to each nursing home's property-related payment rate. The ten-cent property-related payment rate increase is not cumulative from rate year to rate year. For the rate year beginning July 1, 1990, the commissioner shall increase each nursing home's equipment allowance as established in Minnesota Rules, part 9549.0060, subpart 10, by ten cents per resident per day. For rate years beginning on or after July 1, 1991, the adjusted equipment allowance must be adjusted annually for inflation as in Minnesota Rules, part 9549.0060, subpart 10, item E. *For the rate period beginning October 1, 1992, the equipment allowance for each nursing facility shall be increased by 28 percent. For rate years beginning after June 30, 1993, the allowance must be adjusted annually for inflation.*

(e) [POST CHAPTER 199 RELATED-ORGANIZATION DEBTS AND INTEREST EXPENSE.] For rate years beginning on or after July 1, 1990, Minnesota Rules, part 9549.0060, subpart 5, item E, shall not apply to outstanding related organization debt incurred prior to May 23, 1983, provided that the debt was an allowable debt under Minnesota Rules, parts 9510.0010 to 9510.0480, the debt is subject to repayment through annual principal payments, and the nursing home demonstrates to the commissioner's satisfaction that the interest rate on the debt was less than market interest rates for similar arms-length transactions at the time the debt was incurred. If the debt was incurred due to a sale between family members, the nursing home must also demonstrate that the seller no longer participates in the management or operation of the nursing home. Debts meeting the conditions of this paragraph are subject to all other provisions of Minnesota Rules, parts 9549.0010 to 9549.0080.

(f) [BUILDING CAPITAL ALLOWANCE FOR NURSING HOMES WITH OPERATING LEASES.] For rate years beginning on or after July 1, 1990, a nursing home with operating lease costs incurred for the nursing home's buildings shall receive its building capital allowance computed in accordance with Minnesota Rules, part 9549.0060, subpart 8.

Sec. 20. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 9a. [ONE-TIME ADJUSTMENT FOR 21-MONTH FACTOR.] For the rate period beginning October 1, 1992, the 21-month inflation factor for operating costs shall be increased by seven-tenths of one percent.

Sec. 21. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 13. [HOLD-HARMLESS PROPERTY-RELATED RATES.] (a) Terms used in subdivisions 13 to 20 shall be as defined in Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(b) Except as provided in this subdivision, for rate periods beginning after June 30, 1992, the property-related rate for a nursing facility shall be the greater of \$4 or the property-related payment rate in effect on June 30, 1992. In addition, the incremental increase in rate will be determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section for allowable costs incurred after September 30, 1991.

(c) Notwithstanding Minnesota Rules, part 9549.0060, subpart 13, item F, a nursing facility that has a change in ownership or reorganization of provider entity after June 30, 1992, shall receive the payment rate in effect at the time of the sale or reorganization and any payment increase allowed under subdivision 14.

Sec. 22. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 14. [LIMITATIONS ON SALES OF NURSING FACILITIES.] (a) For rate periods beginning after June 30, 1992, a nursing facility's property-related payment rate as established under subdivision 13 shall be adjusted by either paragraph (a) or (b) for the sale of the nursing facility as provided in paragraphs (a) to (j).

(b) If the facility's rate under subdivision 13 prior to sale is greater than the facility's rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the facility's rate after sale shall be the greater of the facility's rate under subdivision 13 prior to sale and the facility's rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(c) If the facility's rate under subdivision 13 prior to sale is equal to or less than the facility's rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the facility's rate after sale shall be the facility's rate under subdivision 13 plus the difference between the facility's rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale and the facility's rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(d) For purposes of this subdivision, "sale" means the purchase of a nursing facility's capital assets with cash or debt. The term sale does not include any of the following transactions:

(1) a sale and leaseback to the same licensee that does not constitute a change in facility license;

(2) a transfer of an interest to a trust;

(3) gifts or other transfers for no consideration;

(4) a merger of two or more related organizations;

(5) a change in the legal form of doing business, other than a publicly held organization that becomes privately held or vice versa; and

(6) the addition of a new partner, owner, or shareholder who owns less than five percent of the nursing home or the issuance of stock.

(e) For purposes of this subdivision, "effective date of sale" means the latter of either the date on which legal title to the capital assets is transferred or the date on which closing for the sale occurred.

(f) The sale shall have the effect on the property-related rate provided in this subdivision effective on the first day of the month following the month in which the effective date of sale occurs.

(g) Notwithstanding Minnesota Rules, part 9549.0060, subpart 5, item A, subitems (3) and (4), and subpart 7, items E and F, the commissioner shall limit the total allowable debt and related interest after sale to the sum of the following:

(1) the historical cost of capital assets as of the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the nursing facility's initial historical cost of constructing capital assets;

(2) the capital asset additions after deduction for capital asset deletions, not including depreciations; and

(3) one-half of the allowed inflation on the nursing facility's allowable capital assets. The commissioner shall compute the allowed inflation as described in paragraph (f).

(h) For purposes of computing the amount of allowed inflation, the commissioner must apply the following principles:

(1) the lesser of the Consumer Price Index for all urban consumers or the Dodge construction systems costs for nursing homes for any time periods during which both are available must be used;

(2) the amount of allowed inflation to be applied to the capital assets in paragraph (e), clauses (1) and (2), must be computed separately;

(3) the amount of allowed inflation must be determined on an annual basis, prorated on a monthly basis for partial years and if the initial month of use is not determinable for a capital asset, then one-half of that calendar year shall be used for purposes of prorating;

(4) the amount of allowed inflation to be applied to the capital assets in paragraph (e), clauses (1) and (2), must not exceed 500 percent of the total capital assets in any one of those clauses; and

(5) the allowed inflation must be computed starting with the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the date of the nursing facility's initial occupancy, and ending with the effective date of sale.

(i) If the historical cost of an asset is not readily available for the date of the facility's most recent previous sale or if there has been no previous sale for the date of the facility's initial occupancy, then the commissioner shall limit the debt and related interest to the indexed historical cost recognized by the Medicare intermediary after the sale.

(j) The limitations in paragraph (e) apply only to increases in debt resulting from sales occurring after June 30, 1992, and not to existing debt or

increases in debt not resulting from sales.

Sec. 23. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 15. [CAPITAL REPAIR AND REPLACEMENT COST REPORTING AND RATE CALCULATION.] For rate periods beginning after June 30, 1993, a nursing facility's capital repair and replacement rate shall be determined as provided in paragraphs (a) to (e).

(a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 12, the costs of acquiring the following items, including cash payment for equity financing and principal and interest expense for debt financing, shall be reported in the capital repair and replacement cost category:

(1) wall coverings;

(2) paint;

(3) floor coverings;

(4) window coverings;

(5) roof repair;

(6) heating or cooling system repair or replacement;

(7) window repair or replacement;

(8) initiatives designed to reduce energy usage by the facility if accompanied by an energy audit prepared by a professional engineer or architect registered in Minnesota, or by an auditor certified under Minnesota Rules, part 7635.0130, to do energy audits and the energy audit identifies the initiative as a conservation measure; and

(9) capitalized repair or replacement of capital assets not allowable under subdivision 16.

(b) To compute the capital repair and replacement rate, the lesser of the actual or allowable annual repair and replacement costs must be divided by actual resident days. The annual allowable capital repair and replacement costs shall not exceed \$150 per licensed bed. The excess of the actual capital repair and maintenance cost over the capital repair and replacement limit shall be a cost carryover to succeeding cost reporting periods. For rate years beginning after June 30, 1994, the capital repair and replacement limit shall be subject to the index provided in subdivision 2i, paragraph (b). For purposes of this subdivision, the number of licensed beds shall be the number used to calculate capacity days. The capital repair and replacement rate must be added to the total payment rate determined under subdivision 13.

(c) For costs incurred using both equity and debt financing, the equity shall be allowed as a cost before allowance of the principal and interest on the remaining costs is allowed; however, such principal and interest may be carried over into succeeding cost reporting periods as provided in paragraph (b).

(d) Capital repair and replacement costs under this subdivision shall not be counted as either care-related or other operating costs, nor subject to care-related or other operating limits.

(e) Costs otherwise allowable under this subdivision are allowable under either this subdivision or under subdivisions 16 and 17 if the costs are

incurred in connection with a project approved under the moratorium exception process in section 144A.073 or in connection with an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost exceeds the lesser of \$125,000 or ten percent of the most recent appraised value.

Sec. 24. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 16. [MAJOR ADDITIONS AND REPLACEMENTS; EQUITY INCENTIVE.] For rate periods beginning after June 30, 1993, new allowable costs added after June 30, 1992, in connection with a project approved under the moratorium exception process in section 144A.073 or in connection with an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost exceeds the lesser of \$125,000 or ten percent of the most recent appraised value shall be reimbursed under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section and shall receive an equity incentive factor to be added to their rental factor for application to the allowed equity portion of the new cost as provided in paragraphs (a) to (d).

(a) For costs described above, in addition to the property related payment under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, the allowable historical cost of the capital asset acquired, minus the allowable debt directly identified to that capital asset, must be multiplied by the equity incentive factor as described in paragraphs (b) and (c), and divided by the facility's occupancy factor under subdivision 3f, paragraph (c), and added to the facility's total property-related rate. The allowable historical cost and the allowable debt shall be adjusted annually as provided in Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(b) The equity incentive factor shall be determined by multiplying the amount calculated in clause (1) times the amount calculated in clause (2):

(1) the difference between the rental factor and the lesser of two percentage points above the posted yield for standard conventional fixed rate mortgages of the Federal Home Loan Mortgage Corporation as published in the Wall Street Journal and in effect on the first day of the month the debt or cost is incurred, or 16 percent;

(2) the cubed quotient of the initial allowable debt in paragraph (a) divided by the initial historical cost in paragraph (a) subtracted from the number one.

(c) The payment resulting from application of the equity incentive factor shall be limited to the term of the allowable debt in paragraph (a), not greater than 20 years nor less than ten years. If no debt is incurred in acquiring the capital asset, the equity incentive factor shall be paid for ten years.

(d) The incremental increase in rate, as determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section resulting under this subdivision, shall be added to the rate determined under subdivision 13 and is effective on the first day of the month following the month in which the repair, replacement, or addition or moratorium exception project was completed. Adjustments under this subdivision are limited to one per 12-month period.

Sec. 25. Minnesota Statutes 1990, section 256B.431, is amended by

adding a subdivision to read:

Subd. 17. [SPECIAL PROVISIONS FOR MORATORIUM EXCEPTIONS.] (a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 3, for rate years beginning after June 30, 1992, a nursing facility that has completed a renovation, replacement, or upgrading project approved under the moratorium exception process in section 144A.073 shall be reimbursed for costs related to that project as provided in subdivisions 16, 18, and this subdivision.

(b) Notwithstanding Minnesota Rules, part 9549.0060, subpart 5, item A, subitems (1) and (3), allowable debt shall include:

(1) debt related to the cost of purchasing or replacing movable equipment not to exceed six percent of the total historical cost of the project; and

(2) an increase in debt related to financing or refinancing costs, including costs related to points, loan origination fees, financing charges, legal fees, and title searches; and issuance costs including bond discounts, bond counsel, underwriter's counsel, corporate counsel, printing, and financial forecasts. Allowable debt related to items in this clause shall not exceed seven percent of the total historical cost of the project.

(c) Notwithstanding Minnesota Rules, part 9549.0060, subpart 7, item D, allowable interest shall include:

(1) interest on all allowable debt, including debt allowed under paragraph (b); and

(2) interest on debt incurred for the establishment of a debt reserve fund, net of the interest earned on the debt reserve fund.

(d) Debt for costs under paragraph (b) is not subject to Minnesota Rules, part 9549.0060, subpart 5, item A, subitem (5) or (6).

(e) Notwithstanding subdivision 3f, paragraph (a), for rate years beginning after June 30, 1992, the replacement-costs-new per bed limit to be used in Minnesota Rules, part 9549.0060, subpart 4, item B, for a nursing facility that has completed a renovation, replacement, or upgrading project that has been approved under the moratorium exception process in section 144A.073, or that has completed an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost exceeds the lesser of \$125,000 or ten percent of the most recent appraised value, must be \$47,500 per licensed bed in multiple-bed rooms and \$71,250 per licensed bed in a single-bed room. These amounts must be adjusted annually as specified in subdivision 3f, paragraph (a).

Sec. 26. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 18. [ESTABLISHING BASELINE APPRAISALS; UPDATING APPRAISALS, ADDITIONS, AND REPLACEMENTS.] (a) Notwithstanding Minnesota Rules, part 9549.0060, subparts 1 to 3, the appraised value, routine updating of the appraised value, and special reappraisals are subject to clauses (1) to (3).

(1) For the rate period beginning after June 30, 1993, the commissioner shall allow any nursing facility not choosing to use appraised values established under Minnesota Rules, part 9549.0060, as of June 30, 1991, or as established after June 30, 1991, and before July 1, 1993, under Minnesota

Rules, part 9549.0060, subpart 13, item G (special reappraisals), to establish a new appraised value using the segregated cost version of the replacement cost method.

The new appraisal must be conducted by one of the appraisal firms authorized by the commissioner of administration to conduct nursing home appraisals. To qualify for authorization, an appraisal firm must have actual experience utilizing the segregated cost method of appraisal within the last three years and must have actual experience appraising Minnesota nursing homes within the last three years. Any appraisal firm that applies for authorization and meets the qualifying criteria shall be authorized by the commissioner of administration to conduct nursing facility appraisals under this section.

Nursing facilities electing to establish a new appraised value shall notify the commissioner of human services in writing and select an appraisal firm before September 30, 1992, from the list of authorized nursing facility appraisal firms. The cost of the new appraisal shall be paid by the nursing facility and shall be considered an allowable cost under Minnesota Rules, parts 9549.0040, subpart 9, and 9549.0061. A nursing facility may appeal the determination of its appraised value under this subdivision pursuant to section 256B.50, subdivision 2.

(2) All appraisals and reappraisals conducted under Minnesota Rules, parts 9549.0010 to 9549.0080, must comply with this section.

(3) The incremental change in rate resulting from the redetermination of a facility's appraised value shall be added to the rate determined under subdivision 13 and is effective for rate periods beginning July 1, 1993.

(b) Notwithstanding Minnesota Rules, part 9549.0060, subpart 2, for rate years beginning after June 30, 1994, the commissioner shall routinely update the appraised value of all nursing facilities by adjusting each appraised value by the index provided in subdivision 3f, paragraph (a). The incremental increase in rate resulting from the annual adjustment as determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section shall be added to the facility's rate for each rate year. The adjustment under this paragraph shall also apply for purposes of subdivision 16.

(c) A nursing facility that makes a repair, addition, or replacement under subdivision 16, or repair, renovation, or upgrading under subdivision 17, shall have the nursing facility's appraised value increased by the total historical cost of the repair, addition, or replacement exclusive of the proceeds from disposals of capital assets or applicable credits such as public grants and insurance proceeds. The costs may be reported only after completion of the project and must be reported on a special cost report form provided by the commissioner. A facility submitting a special cost report shall have the depreciation for the nursing facility reduced by a percentage equal to the percentage increase in the appraised value resulting from the repair, addition, or replacement under this paragraph. The incremental increase in rate, determined under Minnesota Rules, part 9549.0080, and this section, resulting from the increased appraised value under this paragraph is effective on the first day of the month following the month in which the repair, addition, or replacement was completed.

Sec. 27. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 19. [REFINANCING INCENTIVE.] A nursing facility that refinances debt after May 30, 1992, in order to achieve a savings in annual interest expense payments shall receive as an incentive prior interest expense payments for the rate year in which refinancing occurs and for the three consecutive rate years following the rate year in which refinancing occurs. To calculate the annual interest expense, the aggregate interest expense over the remaining term of the refinanced debt shall be divided by the remaining years of the term of the refinanced debt. An increase in a nursing facility's debt resulting from refinancing that meets the conditions of this section shall be allowed, notwithstanding Minnesota Rules, part 9549.0060, subpart 5, item A, subitem (6). The proceeds of refinancing may not be used for the purpose of withdrawing equity from the nursing facility.

Sec. 28. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 20. [TOTAL REPLACEMENT PROJECTS INVOLVING ADDITIONS TO EXISTING FACILITY.] (a) For rate years beginning after June 30, 1992, a nursing facility which, under the approval of the moratorium exception process in section 144A.073, completes a total replacement of another nursing facility through an addition onto its existing nursing facility shall have a property-related rate calculated as follows: the property-related rate shall be the sum of clauses (1) and (2) divided by the total number of licensed beds used in clauses (1) and (2);

In the event that the state is determined by the federal government to be no longer eligible for the federal share of medical assistance payments made to a nursing home under this subdivision, the commissioner may cease medical assistance payments, under this subdivision, to that nursing home. *Between October 1, 1992, and July 1, 1993, a facility governed by this subdivision may elect to resume full participation in the medical assistance program by agreeing to comply with all of the requirements of the medical assistance program, including the rate equalization law in subdivision 1, paragraph (a), and all other requirements established in law or rule, and to resume intake of new medical assistance recipients.*

Sec. 30. Minnesota Statutes 1990, section 256B.48, is amended by adding a subdivision to read:

Subd. 9. The indigent care payment shall be ten percent of the amount of medical assistance payments issued to that provider for inpatient services in a given calendar quarter or month, excluding indigent care payments paid under this section, divided by the number of related admissions, or patient days if applicable, and multiplying the result by 111 percent. The indigent care payment is added to each admission, or patient day if applicable, occurring (1) in the second calendar quarter beginning after the quarter on which the September 15, 1991, indigent care payment amount is based and (2) in the month beginning six months after the month on which the subsequent monthly indigent care payment amount is based. Medicare crossovers are excluded from indigent care payments and from the payments and admissions on which the indigent care payment is based. The commissioner may issue indigent care payments as disproportionate population adjustments for eligible hospitals.~~

~~(b) Effective for services rendered on or after July 1, 1991, the commissioner shall reimburse outpatient hospital facility fees at 80 percent of calendar year 1990 submitted charges, not to exceed the Medicare upper payment limit. Services excepted from this payment methodology are emergency room facility fees, clinic facility fees, and those services for which there is a federal maximum allowable payment.~~

(2) the maximum efficiency incentive per diem payment established annually under section 256B.431, subdivision 2b, paragraph (d), shall be increased to \$2.10 effective July 1, 1991, and \$2.20 effective July 1, 1992, and shall be indexed for inflation annually beginning July 1, 1993, using Data Resources, Inc., forecast for change in the nursing home market basket.

Sec. 33. [HOSPITAL OUTPATIENT REIMBURSEMENT.]

For services rendered on or after October 1, 1992, the commissioner of human services shall increase hospital outpatient rates by 25 percent over the rates in effect on September 30, 1992, provided that no rate shall exceed the upper payment limit established by Medicare.

Sec. 34. [PHYSICIAN AND DENTAL REIMBURSEMENT.]

The commissioner shall continue to track and report separately any provider reimbursement increases or other payments authorized in Laws 1991, chapter 292, article 4, and under sections 1 to 39. The commissioner shall request the Minnesota congressional delegation to support a change in federal law that would prohibit federal disallowances for any state that makes a good faith effort to comply with Public Law Number 91-234 by enacting conforming legislation prior to the issuance of federal implementing regulations.

Sec. 37. [NURSING FACILITY PLANT STUDY.]

The commissioner of health shall study the physical condition of all

Minnesota nursing facilities. This study shall include an individual assessment of each facility by one of the architectural firms authorized by the commissioner of health to conduct assessments. ~~(7) installation of real estate "For Sale" signs, unless the installation disturbs the soil to a depth of 12 inches or more.~~

Sec. 3. Minnesota Statutes 1990, section 216D.01, is amended by adding a subdivision to read:

Subd. 6a. [LAND SURVEYOR.] "Land surveyor" means a person licensed to practice land surveying under sections 326.02 to 326.15.

*Subd. 8. [NOTIFICATION CENTER.] "Notification center" means a center that receives notice from excavators of planned excavation *or other requests for location* and transmits this notice to participating operators.*

Sec. 5. Minnesota Statutes 1990, section 216D.04, is amended to read:

216D.04 [EXCAVATION.]

Subdivision 1. [NOTICE OF EXCAVATION REQUIRED; CONTENTS.]

(a) Except in an emergency, an excavator *or land surveyor* shall contact the notification center and provide an excavation *or location* notice at least 48 hours before beginning any excavation *or boundary survey*, excluding Saturdays, Sundays, and holidays. An excavation *or boundary survey* begins, for purposes of this requirement, the first time excavation *or a boundary survey* occurs in an area that was not previously identified by the excavator *or land surveyor* in an excavation *or boundary survey* notice.

(b) The excavation *or boundary survey* notice may be oral or written, and must contain the following information:

(1) the name of the individual providing the excavation *or boundary survey* notice;

(2) the precise location of the proposed area of excavation *or boundary survey*;

(3) the name, address, and telephone number of the excavator *or land surveyor* or excavator's *or land surveyor's* company;

(4) the excavator's *or land surveyor's* field telephone number, if one is available;

(5) the type and the extent of the proposed excavation *or boundary survey* work;

(6) whether or not the discharge of explosives is anticipated; and

The center shall immediately transmit the information contained in an excavation *or location* notice to every operator that has an underground facility in the area of the proposed excavation *or boundary survey*.*

Subd. 3. [LOCATING UNDERGROUND FACILITIES.] (a) An operator shall, within 48 hours after receiving an excavation notice *or within 96 hours after receiving a location notice* from the center, excluding Saturdays, Sundays, and holidays, unless otherwise agreed to between the excavator *or land surveyor* and operator, locate and mark or otherwise provide the approximate horizontal location of the underground facilities of the operator, without cost to the excavator *or land surveyor*. The excavator *or land surveyor* shall determine the precise location of the underground facility, without damage, before excavating within two feet of the marked location of the underground facility.

(b) For the purpose of this section, the approximate horizontal location of the underground facilities is a strip of land two feet on either side of the underground facilities.

(c) Markers used to designate the approximate location of underground facilities must follow the current color code standard used by the American Public Works Association.

(d) If the operator cannot complete marking of the excavation *or boundary survey* area before the excavation *or boundary survey* commencement time stated in the excavation *or location* notice, the operator shall promptly contact the excavator *or land surveyor*. If the excavator *or land surveyor* postpones the excavation *or boundary survey* commencement time stated in the excavation *or location* notice by more than 48 hours, or cancels the excavation *or boundary survey*, the excavator *or land surveyor* shall notify the notification center.

Sec. 6. [237.115] [DISCUSSION OF INFORMATION SUBJECT TO A PROTECTIVE ORDER.]

In any meeting of the commission during which information that is subject to a protective order is discussed, the commission shall employ the procedures of section 14.60 to close to all persons who are not authorized to obtain the information under the protective order that portion of the meeting during which the information will be discussed and take other appropriate measures to ensure that the data is not disclosed to persons who are not authorized to obtain the information under the protective order.

Sec. 7. Minnesota Statutes 1990, section 237.60, subdivision 2, is amended to read:

Subd. 2. [EMERGING COMPETITION.] (a) A company may decrease the rate for a service subject to emerging competition that is listed in the price list, effective ten days after filing a new price list with the commission and the department, along with an incremental cost study demonstrating that the ~~proposed~~ new price is above incremental cost. The commission shall prevent a proposed price reduction from going into effect *or prospectively reinstate the original rate if the reduction has gone into effect* if, after receiving a complaint or on its own motion, under section 237.081, the commission finds that the ~~proposed~~ new rate is below incremental cost or that the ~~proposed~~ new rate is not just and reasonable.

(b) A company may increase the rate for a service subject to emerging competition that is listed in the price list effective 30 days after notice is given to affected customers, the commission, and the department. The notice and new price list filing to the commission and the department for a rate increase must include an incremental cost study demonstrating that the proposed price is above incremental cost. The department shall investigate

an increase in rates for services subject to emerging competition, and report its findings to the commission within 30 days of the filing. The commission may, within 60 days after the date of the filing, order that the rate increase is interim in nature and subject to refund. If interim rates are not ordered, the rate increase is not refundable. If a rate is subject to refund, the commission, after a contested case hearing or an expedited hearing under section 237.61 ~~if there are no material facts in dispute~~, must make a final decision regarding the propriety of the rate increase within ~~ten~~ six months of the date the price change was filed, *except that if a contested case hearing before an administrative law judge is required the commission shall make a final decision within ten months of the date the price change was filed*. If the commission does not do so, the price change is deemed approved.

(c) If language describing a rate, term, or condition of service in a price list is changed without substantially altering the application of the price list, the change may take effect upon one-day notice to the commission.

(d) If a term or condition of service in a price list is changed in a way that results in a substantial change in the application of the price list, but the price is not changed, the change in the price list is effective at the same time as a price decrease under paragraph (a).

(e) If a new pricing plan is proposed for a service that is currently offered by a telephone company, the change in the price list is subject to the same schedules governing a price increase under paragraph (b). For purposes of this paragraph, a new pricing plan is a proposal that bundles rate elements for a service, alters the definition of the rate elements for a service, or includes increases for some rate elements and decreases for other rate elements.

(f) A telephone company may offer a new service to its customers ten days after it files a price list and incremental cost study for the service with the department and the commission.

(g) A telephone company may discontinue a telephone service that is subject to emerging competition, as long as the discontinuance is effective for that service throughout the state, effective 60 days after notice to the commission, the department, and affected customers, unless the commission, within 45 days of the notice, orders a hearing on it. If the commission orders a hearing, the commission shall make a final determination on the discontinuance within 180 days of the date that notice of the discontinuance was filed with the commission, except that if a contested case hearing before an administrative law judge is required the commission shall make a final decision within ten months of the date the notice of discontinuance was filed.

(h) A change in a price list not covered by paragraphs (a) to (f) must be reviewed according to the schedule prescribed for a price increase under paragraph (b).

~~(h)~~ (i) An incremental cost study required by this section ~~and~~, section 237.62, *and section 4* must be a long-run incremental cost study unless the commission has allowed the telephone company required to do the study to set rates based on a variable cost study. A telephone company may include a petition to file a variable cost study instead of a long-run incremental cost study with its notice of price change, *notice of a promotion*, or its filing of a new service. The commission shall grant the petition if the company demonstrates that a long-run incremental cost study is burdensome in relation

to its annual revenue from the service involved, that the company has a low market share, that the service is no longer being offered to new customers, or if the company shows other good cause. A petition must be accompanied by a variable cost study. If the petition is denied, the company shall withdraw a filing made under this section.

⊕ (j) For purposes of this section and section 237.62, (1) long-run incremental cost means the change in total cost associated with a change in volume of the service, expressed on a per-unit basis, and (2) variable cost means the change in total cost, excluding fixed costs, associated with a change in volume of service, expressed on a per-unit basis.

Sec. 8. [237.626] [PROMOTION ACTIVITIES.]

A telephone company may promote the use of its services by offering a waiver of part or all of a recurring or a nonrecurring charge, a redemption coupon, or a premium with the purchase of a service. Section 237.09 does not apply to promotions under this section, but the customer group to which the promotion is available must be based on reasonable distinctions among customers. No single promotion may be effective for longer than 90 days at a time. The service being promoted must have a price that is above the incremental cost of the service, including amortized cost of the promotion. A promotion may take effect the day after the notice is filed with the commission. The notice must identify customers to whom the promotion is available and include cost information demonstrating that the revenue from the service covers incremental cost, including cost of the promotion. A telephone company that offers a promotion under this section shall file a report on the promotion with the commission and the department within 90 days of the conclusion of the promotion.

Sec. 9. Minnesota Statutes 1990, section 465.79, subdivision 2, is amended to read:

Subd. 2. [DUTIES OF BOUNDARY COMMISSION.] The boundary commission shall review ~~metes and bounds~~ *property* descriptions within the city. Upon notice to all known parties in interest, the commission shall attempt to establish agreements between adjoining landowners as to the location of common boundaries *as delineated by a certified land survey*. If agreement cannot be reached, the commission shall make a recommendation as to the location of the common boundary. The commission shall prepare a plan designating all agreed and recommended boundary lines and report to the city council.

Sec. 10. Minnesota Statutes 1990, section 465.79, subdivision 4, is amended to read:

Subd. 4. [JUDICIAL REVIEW.] Following hearing, the council may petition the district court for judicial approval of the proposed plan. *If any affected parcel is land registered under chapter 508, the petition must be referred to the examiner of titles for a report.* The council shall provide sufficient information to identify all parties in interest and shall give notice to parties in interest as the court may order. The court shall determine the location of any contested, disputed, or unagreed boundary and shall determine adverse claims to each parcel as provided in chapter 559. After hearing and determining all disputes, the court shall issue its judgment in the form of a plat complying with chapter 505 and *an order designating the owners and encumbrancers of each lot. Real property taxes need not be paid or current as a condition of filing the plat, notwithstanding the requirements*

of section 505.04.

Sec. 11. Minnesota Statutes 1990, section 505.02, subdivision 1, is amended to read:

Subdivision 1. The land shall be surveyed and a plat made setting forth and naming all thoroughfares, showing all public grounds, and giving the dimensions of all lots, thoroughfares and public grounds. All in-lots shall be numbered by beginning the numbering with number one and numbering each lot progressively, through the block in which they are situated, all blocks shall be numbered progressively, by beginning the numbering with the number one and numbering each block progressively through each plat. Consecutive lot or block numbering shall not be continued from one plat into another. All outlots shall be designated by alphabetical order beginning with outlot "A" in each plat. Durable iron monuments shall be set at all angle and curve points on the outside boundary lines of the plat and also at all block and lot corners and at all intermediate points on the block and lot lines indicating changes of direction in the lines and witness corners. The plat shall indicate that all monuments have been set *or will be set within one year after recording, or sooner as specified by the approving local governmental unit. A financial guarantee may be required for the placement of monuments.* There shall be shown on the plat all survey and mathematical information and data necessary to locate all monuments and to locate and retrace any and all interior and exterior boundary lines appearing thereon. The outside boundary lines of the plat shall be correctly designated on the plat and shall show bearings on all straight lines, or angles at all angle points, and central angle and radii and arc length for all curves. All distances shall be shown between all monuments as measured to the nearest hundredth of a foot. All lot distances shall be shown on the plat to the nearest hundredth of a foot and all curved lines within the plat shall show central angles, radii and arc distances. If a curved line constitutes the line of more than one lot in any block of a plat, the central angle for that part of each lot on the curved line shall be shown. The width of all thoroughfares shall be shown on the plat. Ditto marks shall not be used on the plat for any purpose. In any instance where a river, stream, creek, lake or pond constitutes a boundary line within or of the plat, a survey line shall be shown with bearings or angles and distances between all angle points and their relation to a water line, and all distances measured on the survey line between lot lines shall be shown, and the survey line shall be shown as a dashed line. The outside boundary lines of the plat shall close by latitude and departure with an error not to exceed one foot in 7,500 feet. All rivers, streams, creeks, lakes, ponds, swamps, and all public highways and thoroughfares laid out, opened, or traveled (existing before the platting) shall be correctly located and plainly shown and designated on the plat. The name and adjacent boundary lines of any adjoining platted lands shall be dotted on the plat.

Sec. 12. Minnesota Statutes 1990, section 505.03, subdivision 1, is amended to read:

Subdivision 1. On the plat shall be written an instrument of dedication, which shall be signed and acknowledged by the owner of the land. All signatures on the plat shall be written with black ink (not ball point). The instrument shall contain a full and accurate description of the land platted and set forth what part of the land is dedicated, and also to whom, and for what purpose these parts are dedicated. The surveyor shall certify on the plat that the plat is a correct representation of the survey, that all distances are correctly shown on the plat, that all monuments have been *or will be*

correctly placed in the ground as shown *or stated*, and that the outside boundary lines are correctly designated on the plat. If there are no wet lands or public highways to be designated in accordance with section 505.02, the surveyor shall so state. The certificate shall be sworn to before any officer authorized to administer an oath. The plat shall, except in cities whose charters provide for official supervision of plats by municipal officers or bodies, together with an abstract and certificate of title, be presented for approval to the council of the city or town board of towns wherein there reside over 5,000 people in which the land is located; and, if the land is located outside the limits of any city, or such town, then to the board of county commissioners of the county in which the land is located."

southeast quarter (SE 1/4 SE 1/4); thence northerly along the west line of said southeast quarter of the southeast quarter (SE 1/4 SE 1/4), 556 feet, more or less, to the 105 foot contour line as established from a Bench Mark (Elevation 100.00 Assumed Datum), being the top of the Concrete Abutment at its junction with the wing wall at the northwest corner of the Highway Bridge over Spring Creek in the southwest corner of the northwest quarter of the southwest quarter (NW 1/4 SW 1/4), section 28, township 106 north, range 34 west, Cottonwood county, Minnesota, said contour line being shown on Sheet No. 2 of the Topographical Map of the Mountain Lake Dam, Park and Lake Project of the Emergency Relief Administration of the State of Minnesota, dated June 4th, 1985, which map is attached hereto, made a part hereof and marked "Exhibit A"; thence northeasterly along said 105 foot contour line to its intersection with the north line of said southeast quarter of the southeast quarter (SE 1/4 SE 1/4); thence east along said north line 240 feet, more or less, to the northeast corner of said southeast quarter of the southwest quarter (SE 1/4 SW 1/4); thence south along the east line of said section 29, a distance of 1342 feet, more or less, to the point of beginning; containing 55.49 acres, more or less.

(c) The land described in paragraph (b) consists of an island and surrounding submerged lands. The city wishes to improve an existing access to the island and add the island to the city park system for use as a natural area. The land is not needed for resource management and has been declared surplus. It will best serve the public interest if this property is sold and the proceeds used for acquisition of other land.

(d) If the submerged lands included in the legal description in paragraph (b) are held in custody by the state executive council, the council may authorize the commissioner of natural resources to convey the lands.

"Sec. 7. [62J.17] [TEMPORARY MORATORIUM ON MAJOR CAPITAL EXPENDITURES AND THE INTRODUCTION OF NEW SPECIALIZED SERVICES; EXCEPTIONS.]

Subdivision 1. [PURPOSE.] To ensure access to affordable health care services for all Minnesotans it is necessary to restrain the rate of growth in health care costs. An important factor contributing to escalating costs is the purchase of costly new medical equipment, major capital expenditures, and the addition of new specialized services. After spending limits are established under section 2, providers, patients, and communities will have the opportunity to decide for themselves whether they can afford capital expenditures or new equipment or specialized services within the constraints of a spending limit. In this environment, the state's role in reviewing these spending commitments can be more limited. However, during the interim period until spending limits are established, it is important to prevent unrestrained major spending commitments that will contribute further to the escalation of health care costs and make future cost containment efforts more difficult. In addition, it is essential to protect against the possibility that the legislature's expression of its attempt to control health care costs may lead a provider to make major spending commitments before limits or other cost containment constraints are fully implemented because the provider recognizes that the spending commitment may not be considered appropriate, needed, or affordable within the context of a fixed budget for health care spending. Therefore, the legislature finds that a restrictive temporary moratorium on major health care spending commitments is necessary.

Subd. 2. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision have the meanings given.

(a) [CAPITAL EXPENDITURE.] "Capital expenditure" means an expenditure which, under generally accepted accounting principles, is not properly chargeable as an expense of operation and maintenance.

(b) [HEALTH CARE SERVICE.] *"Health care service" means:*

(1) *a service or item that would be covered by the medical assistance program under chapter 256B if provided in accordance with medical assistance requirements to an eligible medical assistance recipient; and*

(2) *a service or item that would be covered by medical assistance except that it is characterized as experimental, cosmetic, or voluntary.*

"Health care service" does not include retail, over-the-counter sales of nonprescription drugs and other retail sales of health-related products that are not generally paid for by medical assistance and other third-party coverage.

(c) [MAJOR SPENDING COMMITMENT.] *"Major spending commitment" means:*

(1) *acquisition of a unit of medical equipment costing more than \$250,000;*

(2) *a capital expenditure of over \$300,000 for a single project for the purposes of providing health care services, other than for the acquisition of medical equipment;*

(3) *offering a new specialized service not offered before with projected operating costs of over \$150,000 a year;*

(4) *spending over \$300,000 on planning for an activity that would qualify as a major spending commitment under this paragraph; or*

(5) *a project involving a combination of two or more of the activities in clauses (1) to (4) with a combined total cost of more than \$300,000.*

The cost of acquisition of medical equipment, and the amount of a capital expenditure, is the total cost to the provider regardless of whether the cost is distributed over time through a lease arrangement or other financing or payment mechanism.

(d) [MEDICAL EQUIPMENT.] *"Medical equipment" means fixed and movable equipment that is used by a provider in the provision of a health care service. "Medical equipment" includes, but is not limited to, the following:*

(1) *an extracorporeal shock wave lithotripter;*

(2) *a computerized axial tomography (CAT) scanner;*

(3) *a magnetic resonance imaging (MRI) unit;*

(4) *a positron emission tomography (PET) scanner; and*

(5) *emergency and nonemergency medical transportation equipment and vehicles.*

(e) [NEW SPECIALIZED SERVICE.] *"New specialized service" means a specialized health care procedure or treatment regimen offered by a provider that was not previously offered by the provider, including, but not limited to:*

(1) *cardiac catheterization services involving high-risk patients as defined in the Guidelines for Coronary Angiography established by the American Heart Association and the American College of Cardiology;*

(2) *heart, heart-lung, liver, kidney, bowel, or pancreas transplantation service, or any other service for transplantation of any other organ;*

- (3) megavoltage radiation therapy;
- (4) open heart surgery;
- (5) neonatal intensive care services; and
- (6) any new medical technology for which premarket approval has been granted by the United States Food and Drug Administration.

(f) [PROVIDER.] "Provider" means an individual, corporation, association, firm, partnership, or other entity that is regularly engaged in providing health care services in Minnesota.

Subd. 3. [MORATORIUM.] No provider may make a major spending commitment involving the provision of health care services between May 1, 1992, and July 1, 1993, except as allowed under this section.

Subd. 4. [EXCEPTIONS.] A provider may make a major spending commitment authorized under this subdivision after filing a notice with the commissioner and providing supporting documentation and evidence requested by the commissioner that demonstrates that the spending commitment qualifies for an exception under this subdivision. The commissioner shall make a decision on a completed application for an exception by August 1, 1992, or 60 days after an application is submitted, whichever is later. The Minnesota health care commission shall convene an expert review panel made up of persons with knowledge and expertise regarding medical equipment, specialized services, and health care capital expenditures to review applications and make recommendations to the commissioner and the commission.

(a) [SUBSTANTIAL STEPS TAKEN BEFORE APRIL 1, 1992.] A provider may make a major spending commitment if the provider entered into a contract prior to April 1, 1992, which binds the provider to the spending commitment, or if the provider can prove through contemporaneous documents that the provider took substantial steps toward the spending commitment prior to April 1, 1992. For purposes of this paragraph, "substantial steps" means the provider completed a feasibility study or acquisition plan, obtained preliminary approval from persons responsible for approving the spending commitment, and set in motion a process that would reasonably be expected to lead to making the spending commitment by August 1, 1992.

(b) [REPLACEMENT.] A provider may make a major spending commitment to replace existing equipment with comparable equipment, if the old equipment will no longer be used in the state. A provider may make a major spending commitment to repair, remodel, or replace existing buildings or fixtures if, in the judgment of the commissioner, the project does not involve a substantial expansion of service capacity or a substantial change in the nature of health care services provided.

(c) [ACQUISITIONS AND MERGERS.] This section does not apply to mergers, acquisitions, and other changes in ownership or control that, in the judgment of the commissioner, do not involve a substantial expansion of service capacity or a substantial change in the nature of health care services provided.

(d) [COST EFFECTIVE SPENDING COMMITMENTS.] A provider may make a major spending commitment if, in the judgment of the commissioner, the major spending commitment will, over a five-year period, produce a net savings to health care purchasers.

(e) [RESEARCH AND TEACHING.] *A major spending commitment may be made by a public research and teaching institution or a national referral center described in section 144.551, subdivision 1, paragraph (b), clause (1), for conducting research or clinical trials or for health care education and training purposes.*

(f) [NATIONAL REFERRAL CENTERS.] *A major spending commitment may be made by a provider if the provider demonstrates that at least 40 percent of the patients who will benefit from and pay for the capital expenditure, equipment purchase, or new specialized service are residents of another state.*

(g) [APPROVED EXCEPTIONS TO THE NURSING HOME MORATORIUM.] *A major spending commitment may be made by a nursing home if approval has been granted under section 144A.073 or the nursing home has obtained legislation authorizing the project.*

Subd. 5. [HARDSHIP EXCEPTIONS.] (a) *The commission may approve hardship exceptions to the moratorium on major spending commitments if the proposed major spending commitment satisfies all of the criteria in this subdivision.*

(b) *No hardship exception may be approved under this subdivision unless the provider demonstrates that delaying the major spending commitment until July 1, 1993, or later will cause significant and clearly identifiable access problems for patients who would derive a significant benefit as a direct result of the major spending commitment and that the proposed spending commitment is the least costly alternative that will effectively address the access problem.*

(c) *Major spending commitments involving equipment or new specialized services must satisfy the following criteria in addition to the criteria in paragraph (b):*

(1) *the equipment or specialized service has been clearly demonstrated by research and clinical trials to be effective and beneficial;*

(2) *the spending commitment will make available equipment or specialized services that are not currently available within 50 miles of the site of the equipment or new service;*

(3) *the need for the equipment or specialized service within the area from which the provider normally draws patients is clearly sufficient to justify the major spending commitment without drawing patients away from existing providers who already offer the service or equipment in the area; and*

(4) *the provider has or can easily acquire the necessary technical expertise, resources, and support to make effective use of the new equipment or service.*

Subd. 6. [BURDEN OF PROOF.] *A provider seeking an exception to the moratorium on major spending commitments under subdivision 4 or 5 bears the burden of providing evidence and documentation in the form required by the commissioner that establishes that the provider qualifies for an exception under subdivision 4 or meets the criteria for approval under subdivision 5.*

Subd. 7. [RULEMAKING.] *The commissioner is exempt from the rule-making requirements of chapter 14 for purposes of implementing this section.*

Subd. 8. [APPEALS.] A provider may appeal a decision of the commissioner under this section through a contested case proceeding under chapter 14.

Subd. 9. [HOSPITAL AND NURSING HOME MORATORIA PRESERVED.] Nothing in this section supersedes or limits the applicability of sections 144.551 or 144A.071.

Subd. 10. [SEVERABILITY IF REVIEW PROCESS CHALLENGED.] The legislature intends that, if the hardship exception review process in subdivision 4 is enjoined or invalidated by a court, the moratorium in subdivision 3 is severable from the exception review process and must be construed to stand alone without a process for approving exceptions.

Subd. 11. [REPORT AND RECOMMENDATIONS.] The Minnesota health care commission, in consultation with the health planning advisory committee and regional coordinating boards, shall submit recommendations to the legislature by January 15, 1993, for a permanent strategy to ensure that major spending commitments are appropriate in terms of the accessibility, affordability, and quality of health care in Minnesota."

Subdivision 1. [APPROVAL.] The commissioner of health, after receiving the advice and recommendations of the Minnesota health care commission, may through rulemaking under chapter 14 approve practice parameters that are supported by medical literature and appropriately controlled studies to minimize unnecessary, unproven, or ineffective care.

Subd. 2. [MEDICAL NEGLIGENCE CASES.] (a) In a medical negligence action, adherence to a practice parameter approved by the commissioner of health is an absolute defense against an allegation that the provider did not comply with accepted standards of practice in the community.

(b) Evidence of a departure from a practice parameter is admissible only on the issue of whether the provider is entitled to an absolute defense under paragraph (a).

(c) Paragraphs (a) and (b) apply to claims arising on or after August 1, 1993, or 90 days after the effective date of rules adopted by the commissioner approving the applicable practice parameter, whichever is later."

“Section 1. Minnesota Statutes 1990, section 43A.316, is amended by adding a subdivision to read:

Subd. 11. [NAME.] Effective July 1, 1993, the name of the public employees insurance plan shall be the pooled employers insurance program. The pooled employers insurance program, as described in section 43A.317, is a continuation and expansion of the public employees insurance plan.

Sec. 2. Minnesota Statutes 1990, section 43A.316, is amended by adding a subdivision to read:

Subd. 12. [ELIGIBILITY AND COVERAGE.] Notwithstanding any contrary provision of section 43A.317, any group enrolled in the public employees insurance plan for a term extending beyond June 30, 1993, will become covered by the pooled employers insurance program pursuant to the terms of their participation agreement with the public employees insurance plan. The commissioner of employee relations may provide such a group the option to convert to alternative coverage if available through the pooled employers insurance program. Upon the expiration of their participating agreement with the public employees insurance plan, the group may enroll in the pooled employers insurance program under section 43A.317, provided the group continues to meet the eligibility criteria that existed on June 30, 1993.

Sec. 3. Minnesota Statutes 1990, section 43A.316, is amended by adding a subdivision to read:

Subd. 13. [TRUST FUND.] Effective July 1, 1993, all assets and obligations of the public employees insurance trust fund are transferred to the pooled employers insurance trust fund, as described in section 43A.317, subdivision 9.

Sec. 4. [43A.317] [POOLED EMPLOYERS INSURANCE PROGRAM.]

Subdivision 1. [INTENT.] The legislature finds that the creation of a statewide program to provide employers with the advantages of a large pool for insurance purchasing would advance the welfare of the citizens of the state.

Subd. 2. [DEFINITIONS.] (a) [SCOPE.] For the purposes of this section, the terms defined have the meaning given them.

(b) [COMMISSIONER.] “Commissioner” means the commissioner of employee relations.

(c) [ELIGIBLE EMPLOYEE.] “Eligible employee” means an employee eligible to participate in the program under the terms described in subdivision 6.

(d) [ELIGIBLE EMPLOYER.] “Eligible employer” means an employer eligible to participate in the program under the terms described in subdivision 5.

(e) [ELIGIBLE INDIVIDUAL.] *"Eligible individual" means a person eligible to participate in the program under the terms described in subdivision 6.*

(f) [EMPLOYEE.] *"Employee" means a common law employee of an eligible employer.*

(g) [EMPLOYER.] *"Employer" means a public or private person, firm, corporation, partnership, association, unit of local government, or other entity actively engaged in business or public services. "Employer" includes both for-profit and nonprofit entities.*

(h) [PROGRAM.] *"Program" means the pooled employers insurance program created by this section.*

(i) [PUBLIC EMPLOYER.] *"Public employer" means an employer within the definition of section 179A.03, subdivision 15, that is a town, county, city, or school district as defined in section 120.02; educational cooperative service unit as defined in section 123.58; intermediate district as defined in section 136C.02, subdivision 7; cooperative center for vocational education as defined in section 123.351; regional management information center as defined in section 121.935; an education unit organized under a joint powers action under section 471.59; or another public employer approved by the commissioner.*

Subd. 3. [ADMINISTRATION.] The commissioner shall, consistent with the provisions of this section, administer the program and determine its coverage options, funding and premium arrangements, contractual arrangements, and all other matters necessary to administer the program. The commissioner's contracting authority for the program, including authority for competitive bidding and negotiations, is governed by section 43A.23.

Subd. 4. [ADVISORY COMMITTEE.] The commissioner shall establish a ten-member advisory committee that includes five members who represent eligible employers and five members who represent eligible individuals. The committee shall advise the commissioner on issues related to administration of the program. The committee is governed by sections 15.014 and 15.059, and continues to exist while the program remains in operation.

Subd. 5. [EMPLOYER ELIGIBILITY.] (a) [PROCEDURES.] All employers are eligible for coverage through the program subject to the terms of this subdivision. The commissioner shall establish procedures for an employer to apply for coverage through the program.

(b) [TERM.] The initial term of an employer's coverage will be two years from the effective date of the employer's application. After that, coverage will be automatically renewed for additional two-year terms unless the employer gives notice of withdrawal from the program according to procedures established by the commissioner. The commissioner may establish conditions under which an employer may withdraw from the program prior to the expiration of a two-year term, including by reason of a midyear increase in health coverage premiums of 50 percent or more. An employer that withdraws from the program may not reapply for coverage for a period of two years from its date of withdrawal.

(c) [MINNESOTA WORK FORCE.] An employer is not eligible for coverage through the program if five percent or more of its eligible employees work primarily outside Minnesota, except that an employer may apply to the program on behalf of only those employees who work primarily in

Minnesota. Private entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer, except as otherwise approved by the commissioner.

(d) [EMPLOYEE PARTICIPATION; AGGREGATION OF GROUPS.] An employer is not eligible for coverage through the program unless its application includes all eligible employees who work primarily in Minnesota, except employees who waive coverage as permitted by subdivision 6. Private entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer, except as otherwise approved by the commissioner.

(e) [PRIVATE EMPLOYER.] A private employer is not eligible for coverage unless it has two or more eligible employees in the state of Minnesota. If an employer has only two eligible employees, one employee must not be the spouse, child, sibling, parent, or grandparent of the other.

(f) [MINIMUM PARTICIPATION.] The commissioner may require as a condition of employer eligibility that: (1) a minimum percentage of eligible employees are covered through the program; and (2) the employer makes a minimum level of contribution toward the cost of coverage.

(g) [EMPLOYER CONTRIBUTION.] The commissioner may require as a condition of employer eligibility that the employer contribution toward the cost of coverage is structured in a way that promotes price competition among the coverage options available through the program.

(h) [ENROLLMENT CAP.] The commissioner may limit employer enrollment in the program if necessary to avoid exceeding the program's reserve capacity.

Subd. 6. [INDIVIDUAL ELIGIBILITY.] (a) [PROCEDURES.] The commissioner shall establish procedures for eligible employees and other eligible individuals to apply for coverage through the program.

(b) [EMPLOYEES.] An employer shall determine when it applies to the program the criteria its employees must meet to be eligible for coverage under its plan. An employer may subsequently change the criteria annually, or at other times with approval of the commissioner. The criteria must provide that new employees become eligible for coverage after a probationary period of at least 30 days, but no more than 90 days.

(c) [OTHER INDIVIDUALS.] An employer may elect to cover under its plan:

(1) the spouse, dependent children, and dependent grandchildren of a covered employee;

(2) a retiree who is eligible to receive a pension or annuity from the employer, and a covered retiree's spouse, dependent children, and dependent grandchildren;

(3) the surviving spouse, dependent children, and dependent grandchildren of a deceased employee or retiree, if the spouse, children, or grandchildren were covered at the time of the death;

(4) a covered employee who becomes disabled, as provided in sections 62A.147 and 62A.148; or

(5) any other categories of individuals for whom group coverage is required by state or federal law.

An employer shall determine when it applies to the program the criteria individuals in these categories must meet to be eligible for coverage. An employer may subsequently change the criteria annually, or at other times with approval of the commissioner. The criteria must provide that new employees become eligible for coverage after a probationary period of at least 30 days, but no more than 90 days. The criteria for dependent children and dependent grandchildren may be no more inclusive than the criteria under section 43A.18, subdivision 2.

(d) [WAIVER AND LATE ENTRANCE.] An eligible individual may waive coverage at the time the employer joins the program or when coverage first becomes available. The commissioner may establish a preexisting condition exclusion of not more than 18 months for late entrants as defined in section 62L.02, subdivision 20.

(e) [CONTINUATION COVERAGE.] Continuation coverage is available through the program for all qualified beneficiaries as may be required by state and federal law.

Subd. 7. [COVERAGE.] Coverage is available through the program beginning on July 1, 1993. At least annually, the commissioner shall solicit bids from carriers regulated under chapters 62A, 62C, and 62D, to provide coverage of eligible individuals. To the extent feasible, the commissioner shall provide coverage through contracts with carriers.

(a) [HEALTH COVERAGE.] Health coverage is available to all employers in the program. The commissioner shall attempt to establish health coverage options that have strong care management features to control costs and promote quality and shall attempt to make a choice of health coverage options available. Health coverage for a retiree who is eligible for the federal Medicare program must be administered as though the retiree is enrolled in Medicare parts A and B. To the extent feasible as determined by the commissioner and in the best interests of the program, the commissioner shall model coverage after the plan established in section 43A.18, subdivision 2. Health coverage must include at least the benefits required of a carrier regulated under chapter 62A, 62C, or 62D for comparable coverage.

(b) [OPTIONAL COVERAGES.] In addition to offering health coverage, the commissioner may arrange to offer life, dental, and disability coverage through the program. Employers with health coverage may choose to offer one or more of these optional coverages according to the terms established by the commissioner. Life and disability insurance may be offered only to public employers.

(c) [OPEN ENROLLMENT.] The program must provide periodic open enrollments for eligible individuals for those coverages where a choice exists.

(d) [TECHNICAL ASSISTANCE.] The commissioner may arrange for technical assistance and referrals for eligible employers in areas such as health promotion and wellness, employee benefits structure, tax planning, and health care analysis services as described in section 62J.33.

Subd. 8. [PREMIUMS.] (a) [PAYMENTS.] Employers enrolled in the program shall pay premiums according to terms established by the commissioner. If an employer fails to make the required payments, the commissioner may cancel coverage and pursue other civil remedies.

(b) [RATING METHOD.] The commissioner shall determine the premium rates and rating method for the program. The rating method for eligible

small employers must meet or exceed the requirements of chapter 62L. The rating methods may exclude from premiums all or part of the costs for state administration and for maintenance of a premium stability and claim fluctuation reserve, provided that the commissioner shall incorporate these costs into premium as permitted by the size and stability of the program.

(c) [TAX STATUS.] *Premiums paid to or by the program are exempt from the tax imposed by sections 60A.15 and 60A.198.*

Subd. 9. [POOLED EMPLOYERS INSURANCE TRUST FUND.] (a) [CONTENTS.] *The pooled employer insurance trust fund in the state treasury consists of deposits received from eligible employers and individuals, contractual settlements or rebates relating to the program, investment income or losses, and direct appropriations.*

(b) [APPROPRIATION.] *All money in the fund is appropriated to the commissioner to pay insurance premiums, approved claims, refunds, administrative costs, and other costs necessary to administer the program.*

(c) [RESERVES.] *For any coverages for which the program does not contract to transfer full financial responsibility, the commissioner shall establish and maintain reserves: (1) for claims in process, incomplete and unreported claims, premiums received but not yet earned, and all other accrued liabilities; and (2) to ensure premium stability and the timely payment of claims in the event of adverse claims experience. The reserve for premium stability and claim fluctuations must be established according to the standards of section 62C.09, subdivision 3, except that the reserve may exceed the upper limit under this standard until July 1, 1997. The commissioner shall repay direct appropriations provided to establish a reserve for the program when the commissioner of finance determines that a sufficient reserve has accumulated to allow repayment.*

(d) [INVESTMENTS.] *The state board of investment shall invest money in the fund according to section 11A.24. Investment income and losses attributable to the fund must be credited to the fund.*

Subd. 10. [PROGRAM STATUS.] *The pooled employers insurance program is a state program to provide the advantages of a large pool for purchasing health coverage, other coverages, and related services from insurance companies, health maintenance organizations, and other organizations. The program and, where applicable, the employers enrolled in it do not constitute insurance within the meaning of state law and are not subject to chapters 60A, 62A, 62C, 62D, 62E, 62H, and 62L, section 471.617, subdivisions 2 and 3, and the bidding requirements of section 471.6161.*

Subd. 11. [EVALUATION.] *The commissioner shall report to the legislature on December 15, 1995, concerning the success of the program in fulfilling the intent of the legislature."*

S.F. No. 2374: A bill for an act relating to insurance; auto; requiring insurers to fully reimburse insureds for deductible amounts before retaining subrogation proceeds; specifying related rights of insureds; amending Minnesota Statutes 1991 Supplement, section 72A.201, subdivision 6.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1990, section 72A.20, subdivision 23, is amended to read:

Subd. 23. [DISCRIMINATION IN AUTOMOBILE INSURANCE POLICIES.] (a) No insurer that offers an automobile insurance policy in this state shall:

(1) use the employment status of the applicant as an underwriting standard or guideline; or

(2) deny coverage to a policyholder for the same reason.

(b) No insurer that offers an automobile insurance policy in this state shall:

(1) use the applicant’s status as a tenant, as the term is defined in section 566.18, subdivision 2, as an underwriting standard or guideline; or

(2) deny coverage to a policyholder for the same reason.

(c) No insurer that offers an automobile insurance policy in this state shall:

(1) use the failure of the applicant to have an automobile policy in force during any period of time before the application is made as an underwriting standard or guideline; or

(2) deny coverage to a policyholder for the same reason.

This provision does not apply if the applicant was required by law to maintain automobile insurance coverage and failed to do so.

An insurer may require reasonable proof that the applicant did not fail to maintain this coverage. The insurer is not required to accept the mere lack of a conviction or citation for failure to maintain this coverage as proof of failure to maintain coverage.

(d) No insurer that offers an automobile insurance policy in this state shall use an applicant's prior no-fault claims history as an underwriting standard or guideline if the applicant was 50 percent or less negligent in the accident or accidents causing the claims.

Sec. 2. Minnesota Statutes 1991 Supplement, section 72A.201, subdivision 6, is amended to read:

Subd. 6. [STANDARDS FOR AUTOMOBILE INSURANCE CLAIMS HANDLING, SETTLEMENT OFFERS, AND AGREEMENTS.] In addition to the acts specified in subdivisions 4, 5, 7, 8, and 9, the following acts by an insurer, adjuster, or a self-insured or self-insurance administrator constitute unfair settlement practices:

(1) if an automobile insurance policy provides for the adjustment and settlement of an automobile total loss on the basis of actual cash value or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:

(a) comparable and available replacement automobile, with all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile's license, and other fees incident to the transfer or evidence of ownership of the automobile paid, at no cost to the insured other than the deductible amount as provided in the policy;

(b) a cash settlement based upon the actual cost of purchase of a comparable automobile, including all applicable taxes, license fees, at least pro rata for the unexpired term of the replaced automobile's license, and other fees incident to transfer of evidence of ownership, less the deductible amount as provided in the policy. The costs must be determined by:

(i) the cost of a comparable automobile, adjusted for mileage, condition, and options, in the local market area of the insured, if such an automobile is available in that area; or

(ii) one of two or more quotations obtained from two or more qualified sources located within the local market area when a comparable automobile is not available in the local market area. The insured shall be provided the information contained in all quotations prior to settlement; or

(iii) any settlement or offer of settlement which deviates from the procedure above must be documented and justified in detail. The basis for the settlement or offer of settlement must be explained to the insured;

(2) if an automobile insurance policy provides for the adjustment and

settlement of an automobile partial loss on the basis of repair or replacement with like kind and quality and the insured is not an automobile dealer, failing to offer one of the following methods of settlement:

(a) to assume all costs, including reasonable towing costs, for the satisfactory repair of the motor vehicle. Satisfactory repair includes repair of both obvious and hidden damage as caused by the claim incident. This assumption of cost may be reduced by applicable policy provision; or

(b) to offer a cash settlement sufficient to pay for satisfactory repair of the vehicle. Satisfactory repair includes repair of obvious and hidden damage caused by the claim incident, and includes reasonable towing costs;

(3) regardless of whether the loss was total or partial, in the event that a damaged vehicle of an insured cannot be safely driven, failing to exercise the right to inspect automobile damage prior to repair within five business days following receipt of notification of claim. In other cases the inspection must be made in 15 days;

(4) regardless of whether the loss was total or partial, requiring unreasonable travel of a claimant or insured to inspect a replacement automobile, to obtain a repair estimate, to allow an insurer to inspect a repair estimate, to allow an insurer to inspect repairs made pursuant to policy requirements, or to have the automobile repaired;

(5) regardless of whether the loss was total or partial, if loss of use coverage exists under the insurance policy, failing to notify an insured at the time of the insurer's acknowledgment of claim, or sooner if inquiry is made, of the fact of the coverage, including the policy terms and conditions affecting the coverage and the manner in which the insured can apply for this coverage;

(6) regardless of whether the loss was total or partial, failing to include the insured's deductible in the insurer's demands under its subrogation rights. Subrogation recovery must be shared at least on a proportionate basis with the insured, unless the deductible amount has been otherwise recovered by the insured, except that when an insurer is recovering directly from an uninsured third party by means of installments, the insured must receive the full deductible share as soon as that amount is collected and before any part of the total recovery is applied to any other use. No deduction for expenses may be made from the deductible recovery unless an attorney is retained to collect the recovery, in which case deduction may be made only for a pro rata share of the cost of retaining the attorney. *An insured is not bound by any settlement of its insurer's subrogation claim with respect to the deductible amount, unless the insured receives, as a result of the subrogation settlement, the full amount of the deductible. Recovery by the insurer and receipt by the insured of less than all of the insured's deductible amount does not affect the insured's rights to recover any unreimbursed portion of the deductible from parties liable for the loss;*

(7) requiring as a condition of payment of a claim that repairs to any damaged vehicle must be made by a particular contractor or repair shop or that parts, other than window glass, must be replaced with parts other than original equipment parts;

(8) where liability is reasonably clear, failing to inform the claimant in an automobile property damage liability claim that the claimant may have a claim for loss of use of the vehicle;

(9) failing to make a good faith assignment of comparative negligence percentages in ascertaining the issue of liability;

(10) failing to pay any interest required by statute on overdue payment for an automobile personal injury protection claim;

(11) if an automobile insurance policy contains either or both of the time limitation provisions as permitted by section 65B.55, subdivisions 1 and 2, failing to notify the insured in writing of those limitations at least 60 days prior to the expiration of that time limitation;

(12) if an insurer chooses to have an insured examined as permitted by section 65B.56, subdivision 1, failing to notify the insured of all of the insured's rights and obligations under that statute, including the right to request, in writing, and to receive a copy of the report of the examination;

(13) failing to provide, to an insured who has submitted a claim for benefits described in section 65B.44, a complete copy of the insurer's claim file on the insured, excluding internal company memoranda, all materials that relate to any insurance fraud investigation, materials that constitute attorney work-product or that qualify for the attorney-client privilege, and medical reviews that are subject to section 145.64, within ten business days of receiving a written request from the insured. The insurer may charge the insured a reasonable copying fee. This clause supersedes any inconsistent provisions of sections 72A.49 to 72A.505;

(14) if an automobile policy provides for the adjustment or settlement of an automobile loss due to damaged window glass, failing to assume all costs sufficient to pay the insured's chosen vendor for the replacement of comparable window glass at a price generally available in the area. This clause does not prohibit an insurer from recommending a vendor to the insured or from agreeing with a vendor to perform work at an agreed-upon price.

144A.49 [TEMPORARY PROCEDURES.]

For purposes of this section, "home care providers" shall mean the providers described in section 144A.43, subdivision 4, including hospice programs described in section 144A.48. Home care providers are exempt from the licensure requirement in section 144A.46, subdivision 1, until 90

days after the effective date of the licensure rules. Beginning July 1, 1987, no home care provider, as defined in section 144A.43, subdivision 4, except a provider exempt from licensure under section 144A.46, subdivision 2, may provide home care services in this state without registering with the commissioner. A home care provider is registered with the commissioner when the commissioner has received in writing the provider's name; the name of its parent corporation or sponsoring organization, if any; the street address and telephone number of its principal place of business; the street address and telephone number of its principal place of business in Minnesota; the counties in Minnesota in which it may render services; the street address and telephone number of all other offices in Minnesota; and the name, educational background, and ten-year employment history of the person responsible for the management of the agency. A registration fee must be submitted with the application for registration, ~~except that the commissioner shall not collect a registration fee from a home care provider operated by a statutory or home rule charter city, county, town, or other governmental entity.~~ The fee must be established pursuant to section 144.122 and must be based on a consideration of the following factors: the number of clients served by the home care provider, the number of employees, the number of services offered, and annual revenues of the provider. The registration is effective until 90 days after licensure rules are effective. In order to maintain its registration and provide services in Minnesota, a home care provider must comply with section 144A.44 and comply with requests for information under section 144A.47. A registered home care provider is subject to sections 144A.51 to 144A.54. Registration under this section does not exempt a home care provider from the licensure and other requirements later adopted by the commissioner.

Within 90 days after the effective date of the licensure rules under section 144A.45, the commissioner of health shall issue provisional licenses to all home care providers registered with the department as of that date. The provisional license shall be valid until superseded by a license issued under section 144A.46 or for a period of one year, whichever is shorter. Applications for licensure as a home care provider received on or after the effective date of the home care licensure rules, shall be issued under section 144A.46, subdivision 1.

Sec. 8. Minnesota Statutes 1991 Supplement, section 144A.61, subdivision 3a, is amended to read:

Subd. 3a. [COMPETENCY EVALUATION PROGRAM.] The commissioner of health shall approve the competency evaluation program. A competency evaluation must be administered to nursing assistants who desire to be listed in the nursing assistant registry *and who have done one of the following: (1) completed an approved training program; (2) been listed on the nursing assistant registry maintained by another state; or (3) completed a training program in nursing assistant skills other than the approved course.* The tests may only be administered by technical colleges, community colleges, or other organizations approved by the department of health. ~~After January 1, 1992,~~ A competency evaluation for a person, other than an individual enrolled in a licensed nurse education program, who has not completed an approved nursing assistant training program, must include an evaluation of all clinical skills.

Sec. 9. Minnesota Statutes 1991 Supplement, section 144A.61, subdivision 6a, is amended to read:

Subd. 6a. [NURSING ASSISTANTS HIRED IN 1990 AND AFTER.] Each nursing assistant hired to work in a nursing home or in a certified boarding care home on or after January 1, 1990, must have successfully completed an approved competency evaluation *prior to employment* or an approved nursing assistant training program and competency evaluation within four months from the date of employment.

Sec. 10. [CONSOLIDATION OF REGULATION OF HOME CARE SERVICES AND RESIDENTIAL CARE HOMES.]

The commissioner of health, in consultation with the commissioner of human services, shall submit a report to the legislature by November 1, 1992, on the advisability and feasibility of consolidating licensure and regulation of home care services and residential care homes into one activity with the goal of avoiding contradictory or duplicative regulation and allowing flexibility for creative service development by regulating services rather than institutions. If the commissioner determines that consolidation of the two systems is feasible and desirable, the commissioner shall submit recommendations for changes in laws and regulations that are necessary to consolidate the systems. In developing the report and recommendations, the commissioner shall consider methods of enforcing physical plant and fire safety standards that are appropriate to congregate living setting and that reflect the needs and characteristics of different populations served in residential care homes. The commissioner shall also consider the need to modify home care rules to allow a social model for providing services as an alternative to a medical model for certain supportive services provided in residential care homes and home care settings. The commissioner of health shall consult with the commissioner of human services regarding the impact of changes on costs and payment mechanisms."

144.054 [SUBPOENA POWER.]

Subdivision 1. The commissioner may, as part of an investigation to determine whether a serious health threat exists or to locate persons who may have been exposed to an agent which can seriously affect their health, issue subpoenas to require the attendance and testimony of witnesses and production of books, records, correspondence, and other information relevant to any matter involved in the investigation. The commissioner or the commissioner's designee may administer oaths to witnesses or take their affirmation. The subpoenas may be served upon any person named therein anywhere in the state by any person authorized to serve subpoenas or other processes in civil actions of the district courts. If a person to whom a subpoena is issued does not comply with the subpoena, the commissioner may apply to the district court in any district and the court shall order the person to comply with the subpoena. Failure to obey the order of the court may be punished by the court as contempt of court. *Except as provided in subdivision 2,* no person may be compelled to disclose privileged information as described in section 595.02, subdivision 1. Subd. 4. [INFECTION CONTROL REPORTING.] A regulated person shall, within ten days, report to the appropriate board personal knowledge of a serious failure or a pattern of failure by another regulated person to comply with accepted and prevailing infection control procedures related to the prevention of HIV and HBV transmission. In lieu of reporting to the board, the regulated person may make the report to a designated official of the hospital, nursing home, clinic, or other institution or agency where the failure to comply with accepted and prevailing infection control procedures occurred. The designated official shall report to the appropriate board within 30 days of receiving a report under this subdivision. The board may:

(1) temporarily suspend the regulated person's right to practice under section 214.20;

Sec. 15. [214.22] [MONITORING.]

Subdivision 1. [COMMISSIONER OF HEALTH.] The board shall enter into a contract with the commissioner to perform the functions in subdivisions 2 and 3. The contract shall provide that:

(1) unless requested to do otherwise by a regulated person, a board shall refer all regulated persons infected with HIV or HBV to the commissioner;

(2) the commissioner may choose to refer any regulated person who is infected with HIV or HBV as well as all information related thereto to the person's board at any time for any reason, including but not limited to: the degree of cooperation and compliance by the regulated person; the inability to secure information or the medical records of the regulated person; or when the facts may present other possible violations of the regulated persons practices act. Upon request of the regulated person who is infected with HIV or HBV the commissioner shall refer the regulated person and all information related thereto to the person's board. Once the commissioner has referred a regulated person to a board, the board may not thereafter submit it to the commissioner to establish a monitoring plan unless the commissioner of health consents in writing;

(3) a board shall not take action on grounds relating solely to the HIV or HBV status of a regulated person until after referral by the commissioner; and

(4) notwithstanding sections 13.39 and 13.41 and chapters 147, 148, 150A, 153, and 214, a board shall forward to the commissioner any information on a regulated person who is infected with HIV or HBV that the department of health requests.

Subd. 2. [MONITORING PLAN.] After receiving a report that a regulated person is infected with HIV or HBV, the board or the commissioner acting on behalf of the board shall evaluate the past and current professional practice of the regulated person to determine whether there has been a violation under section 214.19. After evaluation of the regulated person's past and current professional practice, the board or the commissioner, acting on behalf of the board, shall establish a monitoring plan for the regulated person. The monitoring plan may:

(1) address the scope of a regulated person's professional practice when the board or the commissioner, acting on behalf of the board, determines that the practice constitutes an identifiable risk of transmission of HIV or HBV from the regulated person to the patient;

(2) include the submission of regular reports at a frequency determined by the board or the commissioner, acting on behalf of the board, regarding the regulated person's health status; and

(3) include any other provisions deemed reasonable by the board or the commissioner of health, acting on behalf of the board.

The board or commissioner, acting on behalf of the board, may enter into agreements with qualified persons to perform monitoring on its behalf. The regulated person shall comply with any monitoring plan established under this subdivision.

The panel shall provide expert assistance to the board, or to the commissioner acting on behalf of the board, in the subjects of infectious diseases, epidemiology, practice techniques used by regulated persons, and other subjects determined by the board or by the commissioner acting on behalf of the board. Members of the expert review panel are subject to those provisions of chapter 13 that restrict the commissioner or the board under this act.

Subd. 4. [IMMUNITY.] Members of the board or the commissioner acting on behalf of the board, and persons who participate on an expert review panel or who assist the board or the commissioner in monitoring the practice of a regulated person, are immune from civil liability or criminal prosecution for any actions, transactions, or publications made in good faith and in execution of, or relating to, their duties under sections 9 to 16 of this act, except that no immunity shall be available for persons who have knowingly violated any provision of chapter 13.

The clinical practice of a regulated person includes any location where the regulated person practices

that is not an institution licensed and subject to inspection by the commissioner of health. During the course of inspections the privacy and confidentiality of patients and regulated persons shall be maintained. The board may require on license renewal forms that regulated persons inform the board of all locations where they practice.

Subd. 2. [ACCESS; RECORDS.] An inspector from the board shall have access, during reasonable business hours for purposes of inspection, to all areas of the practice setting where patient care is rendered or drugs or instruments are held that come into contact with a patient. An inspector is authorized to interview employees and regulated persons in the performance of an inspection, to observe infection control procedures, test equipment used to sterilize instruments, and to review and copy all relevant records, excluding patient health records. In performing these responsibilities, inspectors shall make reasonable efforts to respect and preserve patient privacy and the privacy of the regulated person. Boards are authorized to conduct joint inspections and to share information obtained under this section. The boards shall contract with the commissioner to perform the duties under this subdivision.

Subd. 3. [BOARD ACTION.] If accepted and prevailing infection control techniques are not being followed, the board may educate the regulated person or take other actions. The board and the inspector shall maintain patient confidentiality in any action resulting from the inspection.

Subd. 4. [RULEMAKING.] A board is authorized to adopt rules setting standards for infection control procedures. Boards shall engage in joint rulemaking. Boards must seek and consider the advice of the commissioner of health before adopting rules. No inspections shall be conducted under this section until after infection control rules have been adopted. Each board is authorized to provide educational information and training to regulated persons regarding infection control. All regulated persons who are employers shall make infection control rules available to employees who engage in functions related to infection control.

“Sec. 7. [62J.17] [TEMPORARY MORATORIUM ON MAJOR CAPITAL EXPENDITURES AND THE INTRODUCTION OF NEW SPECIALIZED SERVICES; EXCEPTIONS.]

Subdivision 1. [PURPOSE.] To ensure access to affordable health care services for all Minnesotans it is necessary to restrain the rate of growth in health care costs. An important factor contributing to escalating costs is the purchase of costly new medical equipment, major capital expenditures, and the addition of new specialized services. After spending limits are established under section 2, providers, patients, and communities will have the opportunity to decide for themselves whether they can afford capital expenditures or new equipment or specialized services within the constraints of a spending limit. In this environment, the state's role in reviewing these spending commitments can be more limited. However, during the interim period until spending limits are established, it is important to prevent unrestrained major spending commitments that will contribute further to the escalation of health care costs and make future cost containment efforts more difficult. In addition, it is essential to protect against the possibility that the legislature's expression of its attempt to control health care costs may lead a provider to make major spending commitments before limits or other cost containment constraints are fully implemented because the provider recognizes that the spending commitment may not be considered appropriate, needed, or affordable within the context of a fixed budget for health care spending. Therefore, the legislature finds that a restrictive temporary moratorium on major health care spending commitments is necessary.

Subd. 2. [DEFINITIONS.] For purposes of this section, the terms defined

in this subdivision have the meanings given.

(a) [CAPITAL EXPENDITURE.] "*Capital expenditure*" means an expenditure which, under generally accepted accounting principles, is not properly chargeable as an expense of operation and maintenance.

(b) [HEALTH CARE SERVICE.] "*Health care service*" means:

(1) a service or item that would be covered by the medical assistance program under chapter 256B if provided in accordance with medical assistance requirements to an eligible medical assistance recipient; and

(2) a service or item that would be covered by medical assistance except that it is characterized as experimental, cosmetic, or voluntary.

"Health care service" does not include retail, over-the-counter sales of nonprescription drugs and other retail sales of health-related products that are not generally paid for by medical assistance and other third-party coverage.

(c) [MAJOR SPENDING COMMITMENT.] "*Major spending commitment*" means:

(1) acquisition of a unit of medical equipment costing more than \$250,000;

(2) a capital expenditure of over \$300,000 for a single project for the purposes of providing health care services, other than for the acquisition of medical equipment;

(3) offering a new specialized service not offered before with projected operating costs of over \$150,000 a year;

(4) spending over \$300,000 on planning for an activity that would qualify as a major spending commitment under this paragraph; or

(5) a project involving a combination of two or more of the activities in clauses (1) to (4) with a combined total cost of more than \$300,000.

The cost of acquisition of medical equipment, and the amount of a capital expenditure, is the total cost to the provider regardless of whether the cost is distributed over time through a lease arrangement or other financing or payment mechanism.

(d) [MEDICAL EQUIPMENT.] "*Medical equipment*" means fixed and movable equipment that is used by a provider in the provision of a health care service. "*Medical equipment*" includes, but is not limited to, the following:

(1) an extracorporeal shock wave lithotripter;

(2) a computerized axial tomography (CAT) scanner;

(3) a magnetic resonance imaging (MRI) unit;

(4) a positron emission tomography (PET) scanner; and

(5) emergency and nonemergency medical transportation equipment and vehicles.

(e) [NEW SPECIALIZED SERVICE.] "*New specialized service*" means a specialized health care procedure or treatment regimen offered by a provider that was not previously offered by the provider, including, but not limited to:

(1) cardiac catheterization services involving high-risk patients as defined

in the Guidelines for Coronary Angiography established by the American Heart Association and the American College of Cardiology;

(2) heart, heart-lung, liver, kidney, bowel, or pancreas transplantation service, or any other service for transplantation of any other organ;

(3) megavoltage radiation therapy;

(4) open heart surgery;

(5) neonatal intensive care services; and

(6) any new medical technology for which premarket approval has been granted by the United States Food and Drug Administration.

(f) [PROVIDER.] "Provider" means an individual, corporation, association, firm, partnership, or other entity that is regularly engaged in providing health care services in Minnesota.

Subd. 3. [MORATORIUM.] No provider may make a major spending commitment involving the provision of health care services between May 1, 1992, and July 1, 1993, except as allowed under this section.

Subd. 4. [EXCEPTIONS.] A provider may make a major spending commitment authorized under this subdivision after filing a notice with the commissioner and providing supporting documentation and evidence requested by the commissioner that demonstrates that the spending commitment qualifies for an exception under this subdivision. The commissioner shall make a decision on a completed application for an exception by August 1, 1992, or 60 days after an application is submitted, whichever is later. The Minnesota health care commission shall convene an expert review panel made up of persons with knowledge and expertise regarding medical equipment, specialized services, and health care capital expenditures to review applications and make recommendations to the commissioner and the commission.

(a) [SUBSTANTIAL STEPS TAKEN BEFORE APRIL 1, 1992.] A provider may make a major spending commitment if the provider entered into a contract prior to April 1, 1992, which binds the provider to the spending commitment, or if the provider can prove through contemporaneous documents that the provider took substantial steps toward the spending commitment prior to April 1, 1992. For purposes of this paragraph, "substantial steps" means the provider completed a feasibility study or acquisition plan, obtained preliminary approval from persons responsible for approving the spending commitment, and set in motion a process that would reasonably be expected to lead to making the spending commitment by August 1, 1992.

(b) [REPLACEMENT.] A provider may make a major spending commitment to replace existing equipment with comparable equipment, if the old equipment will no longer be used in the state. A provider may make a major spending commitment to repair, remodel, or replace existing buildings or fixtures if, in the judgment of the commissioner, the project does not involve a substantial expansion of service capacity or a substantial change in the nature of health care services provided.

(c) [ACQUISITIONS AND MERGERS.] This section does not apply to mergers, acquisitions, and other changes in ownership or control that, in the judgment of the commissioner, do not involve a substantial expansion of service capacity or a substantial change in the nature of health care services provided.

(d) [COST EFFECTIVE SPENDING COMMITMENTS.] *A provider may make a major spending commitment if, in the judgment of the commissioner, the major spending commitment will, over a five-year period, produce a net savings to health care purchasers.*

(e) [RESEARCH AND TEACHING.] *A major spending commitment may be made by a public research and teaching institution or a national referral center described in section 144.551, subdivision 1, paragraph (b), clause (1), for conducting research or clinical trials or for health care education and training purposes.*

(f) [NATIONAL REFERRAL CENTERS.] *A major spending commitment may be made by a provider if the provider demonstrates that at least 40 percent of the patients who will benefit from and pay for the capital expenditure, equipment purchase, or new specialized service are residents of another state.*

(g) [APPROVED EXCEPTIONS TO THE NURSING HOME MORATORIUM.] *A major spending commitment may be made by a nursing home if approval has been granted under section 144A.073 or the nursing home has obtained legislation authorizing the project.*

Subd. 5. [HARDSHIP EXCEPTIONS.] (a) *The commission may approve hardship exceptions to the moratorium on major spending commitments if the proposed major spending commitment satisfies all of the criteria in this subdivision.*

(b) *No hardship exception may be approved under this subdivision unless the provider demonstrates that delaying the major spending commitment until July 1, 1993, or later will cause significant and clearly identifiable access problems for patients who would derive a significant benefit as a direct result of the major spending commitment and that the proposed spending commitment is the least costly alternative that will effectively address the access problem.*

(c) *Major spending commitments involving equipment or new specialized services must satisfy the following criteria in addition to the criteria in paragraph (b):*

(1) *the equipment or specialized service has been clearly demonstrated by research and clinical trials to be effective and beneficial;*

(2) *the spending commitment will make available equipment or specialized services that are not currently available within 50 miles of the site of the equipment or new service;*

(3) *the need for the equipment or specialized service within the area from which the provider normally draws patients is clearly sufficient to justify the major spending commitment without drawing patients away from existing providers who already offer the service or equipment in the area; and*

(4) *the provider has or can easily acquire the necessary technical expertise, resources, and support to make effective use of the new equipment or service.*

Subd. 6. [BURDEN OF PROOF.] *A provider seeking an exception to the moratorium on major spending commitments under subdivision 4 or 5 bears the burden of providing evidence and documentation in the form required by the commissioner that establishes that the provider qualifies for an exception under subdivision 4 or meets the criteria for approval under subdivision*

5.

Subd. 7. [RULEMAKING.] The commissioner is exempt from the rule-making requirements of chapter 14 for purposes of implementing this section.

Subd. 8. [APPEALS.] A provider may appeal a decision of the commissioner under this section through a contested case proceeding under chapter 14.

Subd. 9. [HOSPITAL AND NURSING HOME MORATORIA PRESERVED.] Nothing in this section supersedes or limits the applicability of section 144.551 or 144A.071.

Subd. 10. [SEVERABILITY IF REVIEW PROCESS CHALLENGED.] The legislature intends that, if the hardship exception review process in subdivision 4 is enjoined or invalidated by a court, the moratorium in subdivision 3 is severable from the exception review process and must be construed to stand alone without a process for approving exceptions.

Subd. 11. [REPORT AND RECOMMENDATIONS.] The Minnesota health care commission, in consultation with the health planning advisory committee and regional coordinating boards, shall submit recommendations to the legislature by January 15, 1993, for a permanent strategy to ensure that major spending commitments are appropriate in terms of the accessibility, affordability, and quality of health care in Minnesota."

"Section 1. Minnesota Statutes 1990, section 43A.316, is amended by adding a subdivision to read:

Subd. 11. [NAME.] Effective July 1, 1993, the name of the public employees insurance plan shall be the pooled employers insurance program. The pooled employers insurance program, as described in section 43A.317, is a continuation and expansion of the public employees insurance plan.

The commissioner of employee relations may provide such a group the option to convert to alternative coverage if available through the pooled employers insurance program. Upon the expiration of their participating agreement with the public employees insurance plan, the group may enroll in the pooled employers insurance program under section 43A.317, provided the group continues to meet the eligibility criteria that existed on June 30, 1993.

Sec. 3. Minnesota Statutes 1990, section 43A.316, is amended by adding a subdivision to read:

Subd. 13. [TRUST FUND.] Effective July 1, 1993, all assets and obligations of the public employees insurance trust fund are transferred to the pooled employers insurance trust fund, as described in section 43A.317, subdivision 9.

Sec. 4. [43A.317] [POOLED EMPLOYERS INSURANCE PROGRAM.]

Subdivision 1. [INTENT.] The legislature finds that the creation of a statewide program to provide employers with the advantages of a large pool for insurance purchasing would advance the welfare of the citizens of the state.

Subd. 2. [DEFINITIONS.] (a) [SCOPE.] For the purposes of this section, the terms defined have the meaning given them.

(b) [COMMISSIONER.] "Commissioner" means the commissioner of employee relations.

(c) [ELIGIBLE EMPLOYEE.] "Eligible employee" means an employee eligible to participate in the program under the terms described in subdivision 6.

(d) [ELIGIBLE EMPLOYER.] "Eligible employer" means an employer eligible to participate in the program under the terms described in subdivision 5.

(e) [ELIGIBLE INDIVIDUAL.] "Eligible individual" means a person eligible to participate in the program under the terms described in subdivision 6.

(f) [EMPLOYEE.] "Employee" means a common law employee of an eligible employer.

(g) [EMPLOYER.] "Employer" means a public or private person, firm, corporation, partnership, association, unit of local government, or other entity actively engaged in business or public services. "Employer" includes both for-profit and nonprofit entities.

(h) [PROGRAM.] "Program" means the pooled employers insurance program created by this section.

(i) [PUBLIC EMPLOYER.] "Public employer" means an employer within the definition of section 179A.03, subdivision 15, that is a town, county, city, or school district as defined in section 120.02; educational cooperative

service unit as defined in section 123.58; intermediate district as defined in section 136C.02, subdivision 7; cooperative center for vocational education as defined in section 123.351; regional management information center as defined in section 121.935; an education unit organized under a joint powers action under section 471.59; or another public employer approved by the commissioner.

Subd. 3. [ADMINISTRATION.] The commissioner shall, consistent with the provisions of this section, administer the program and determine its coverage options, funding and premium arrangements, contractual arrangements, and all other matters necessary to administer the program. The commissioner's contracting authority for the program, including authority for competitive bidding and negotiations, is governed by section 43A.23.

Subd. 4. [ADVISORY COMMITTEE.] The commissioner shall establish a ten-member advisory committee that includes five members who represent eligible employers and five members who represent eligible individuals. The committee shall advise the commissioner on issues related to administration of the program. The committee is governed by sections 15.014 and 15.059, and continues to exist while the program remains in operation.

Subd. 5. [EMPLOYER ELIGIBILITY.] (a) [PROCEDURES.] All employers are eligible for coverage through the program subject to the terms of this subdivision. The commissioner shall establish procedures for an employer to apply for coverage through the program.

(b) [TERM.] The initial term of an employer's coverage will be two years from the effective date of the employer's application. After that, coverage will be automatically renewed for additional two-year terms unless the employer gives notice of withdrawal from the program according to procedures established by the commissioner. The commissioner may establish conditions under which an employer may withdraw from the program prior to the expiration of a two-year term, including by reason of a midyear increase in health coverage premiums of 50 percent or more. An employer that withdraws from the program may not reapply for coverage for a period of two years from its date of withdrawal.

(c) [MINNESOTA WORK FORCE.] An employer is not eligible for coverage through the program if five percent or more of its eligible employees work primarily outside Minnesota, except that an employer may apply to the program on behalf of only those employees who work primarily in Minnesota. Private entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer, except as otherwise approved by the commissioner.

(d) [EMPLOYEE PARTICIPATION; AGGREGATION OF GROUPS.] An employer is not eligible for coverage through the program unless its application includes all eligible employees who work primarily in Minnesota, except employees who waive coverage as permitted by subdivision 6. Private entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer, except as otherwise approved by the commissioner.

(e) [PRIVATE EMPLOYER.] A private employer is not eligible for coverage unless it has two or more eligible employees in the state of Minnesota. If an employer has only two eligible employees, one employee must not be the spouse, child, sibling, parent, or grandparent of the other.

(f) [MINIMUM PARTICIPATION.] The commissioner may require as a

condition of employer eligibility that: (1) a minimum percentage of eligible employees are covered through the program; and (2) the employer makes a minimum level of contribution toward the cost of coverage.

(g) [EMPLOYER CONTRIBUTION.] The commissioner may require as a condition of employer eligibility that the employer contribution toward the cost of coverage is structured in a way that promotes price competition among the coverage options available through the program.

(h) [ENROLLMENT CAP.] The commissioner may limit employer enrollment in the program if necessary to avoid exceeding the program's reserve capacity.

Subd. 6. [INDIVIDUAL ELIGIBILITY.] (a) [PROCEDURES.] The commissioner shall establish procedures for eligible employees and other eligible individuals to apply for coverage through the program.

(b) [EMPLOYEES.] An employer shall determine when it applies to the program the criteria its employees must meet to be eligible for coverage under its plan. An employer may subsequently change the criteria annually, or at other times with approval of the commissioner. The criteria must provide that new employees become eligible for coverage after a probationary period of at least 30 days, but no more than 90 days.

(c) [OTHER INDIVIDUALS.] An employer may elect to cover under its plan:

(1) the spouse, dependent children, and dependent grandchildren of a covered employee;

(2) a retiree who is eligible to receive a pension or annuity from the employer, and a covered retiree's spouse, dependent children, and dependent grandchildren;

(3) the surviving spouse, dependent children, and dependent grandchildren of a deceased employee or retiree, if the spouse, children, or grandchildren were covered at the time of the death;

(4) a covered employee who becomes disabled, as provided in sections 62A.147 and 62A.148; or

(5) any other categories of individuals for whom group coverage is required by state or federal law.

An employer shall determine when it applies to the program the criteria individuals in these categories must meet to be eligible for coverage. An employer may subsequently change the criteria annually, or at other times with approval of the commissioner. The criteria must provide that new employees become eligible for coverage after a probationary period of at least 30 days, but no more than 90 days. The criteria for dependent children and dependent grandchildren may be no more inclusive than the criteria under section 43A.18, subdivision 2.

(d) [WAIVER AND LATE ENTRANCE.] An eligible individual may waive coverage at the time the employer joins the program or when coverage first becomes available. The commissioner may establish a preexisting condition exclusion of not more than 18 months for late entrants as defined in section 62L.02, subdivision 20.

(e) [CONTINUATION COVERAGE.] Continuation coverage is available through the program for all qualified beneficiaries as may be required by

state and federal law.

Subd. 7. [COVERAGE.] Coverage is available through the program beginning on July 1, 1993. At least annually, the commissioner shall solicit bids from carriers regulated under chapters 62A, 62C, and 62D, to provide coverage of eligible individuals. To the extent feasible, the commissioner shall provide coverage through contracts with carriers.

(a) [HEALTH COVERAGE.] Health coverage is available to all employers in the program. The commissioner shall attempt to establish health coverage options that have strong care management features to control costs and promote quality and shall attempt to make a choice of health coverage options available. Health coverage for a retiree who is eligible for the federal Medicare program must be administered as though the retiree is enrolled in Medicare parts A and B. To the extent feasible as determined by the commissioner and in the best interests of the program, the commissioner shall model coverage after the plan established in section 43A.18, subdivision 2. Health coverage must include at least the benefits required of a carrier regulated under chapter 62A, 62C, or 62D for comparable coverage.

(b) [OPTIONAL COVERAGES.] In addition to offering health coverage, the commissioner may arrange to offer life, dental, and disability coverage through the program. Employers with health coverage may choose to offer one or more of these optional coverages according to the terms established by the commissioner. Life and disability insurance may be offered only to public employers.

(c) [OPEN ENROLLMENT.] The program must provide periodic open enrollments for eligible individuals for those coverages where a choice exists.

(d) [TECHNICAL ASSISTANCE.] The commissioner may arrange for technical assistance and referrals for eligible employers in areas such as health promotion and wellness, employee benefits structure, tax planning, and health care analysis services as described in section 62J.33.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

Section 1. Minnesota Statutes 1991 Supplement, section 62A.31, subdivision 1, is amended to read:

Subdivision 1. [POLICY REQUIREMENTS.] No individual or group policy, certificate, subscriber contract or other evidence of accident and health insurance the effect or purpose of which is to supplement Medicare coverage issued or delivered in this state or offered to a resident of this state shall be sold or issued to an individual covered by Medicare unless the following requirements are met:

(a) The policy must provide a minimum of the coverage set out in subdivision 2;

(b) The policy must cover preexisting conditions during the first six

months of coverage if the insured was not diagnosed or treated for the particular condition during the 90 days immediately preceding the effective date of coverage.

(c) The policy must contain a provision that the plan will not be canceled or nonrenewed on the grounds of the deterioration of health of the insured.

(d) Before the policy is sold or issued, an offer of both categories of Medicare supplement insurance has been made to the individual, together with an explanation of both coverages.

(e) An outline of coverage as provided in section 62A.39 must be delivered at the time of application and prior to payment of any premium.

(f)(1) The policy must provide that benefits and premiums under the policy shall be suspended at the request of the policyholder for the period, not to exceed 24 months, in which the policyholder has applied for and is determined to be entitled to medical assistance under title XIX of the Social Security Act, but only if the policyholder notifies the issuer of the policy within 90 days after the date the individual becomes entitled to this assistance.

(2) if suspension occurs and if the policyholder or certificate holder loses entitlement to this medical assistance, the policy shall be automatically reinstated, effective as of the date of termination of this entitlement, if the policyholder provides notice of loss of the entitlement within 90 days after the date of the loss;

(3) the policy must provide that upon reinstatement (i) there is no additional waiting period with respect to treatment of preexisting conditions, (ii) coverage is provided which is substantially equivalent to coverage in effect before the date of the suspension, and (iii) premiums are classified on terms that are at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had coverage not been suspended.

(g) The written statement required by an application for Medicare supplement insurance pursuant to section 62A.43, subdivision 1, shall be made on a form, approved by the commissioner, that states that counseling services may be available in the state to provide advice concerning the purchase of Medicare supplement policies and enrollment under the Medicaid program.

(h) No issuer of Medicare supplement policies, *including policies that supplement Medicare issued by health maintenance organizations or those policies governed by section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395, et seq.*, in this state may impose preexisting condition limitations or otherwise deny or condition the issuance or effectiveness of any Medicare supplement insurance policy form available for sale in this state, nor may it discriminate in the pricing of such a policy, because of the health status, claims experience, receipt of health care, or medical condition of an applicant where an application for such insurance is submitted during the six-month period beginning with the first month in which an individual first enrolled for benefits under Medicare Part B.

(i) If a Medicare supplement policy replaces another Medicare supplement policy, the issuer of the replacing policy shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods in the new Medicare supplement policy for ~~similar~~

benefits to the extent the time was spent under the original policy.

(j) The policy has been filed with and approved by the department as meeting all the requirements of sections 62A.31 to 62A.44; ~~and~~.

(k) The policy guarantees renewability.

Only the following standards for renewability may be used in Medicare supplement insurance policy forms.

No issuer of Medicare supplement insurance policies may cancel or non-renew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

If a group Medicare supplement insurance policy is terminated by the group policyholder and is not replaced as provided in this clause, the issuer shall offer certificate holders an individual Medicare supplement policy which, at the option of the certificate holder, provides for continuation of the benefits contained in the group policy; or provides for such benefits and benefit packages as otherwise meet the requirements of this clause.

If an individual is a certificate holder in a group Medicare supplement insurance policy and the individual terminates membership in the group, the issuer of the policy shall offer the certificate holder the conversion opportunities described in this clause; or offer the certificate holder continuation of coverage under the group policy.

(l) A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(m) A Medicare supplement policy or certificate shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with the changes.

As soon as practicable, but no later than 30 days prior to the annual effective date of any Medicare benefit changes, an issuer shall notify its policyholders and certificate holders of modifications it has made to Medicare supplement insurance policies or certificates in a format acceptable to the commissioner. Such notice shall:

(1) include a description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare supplement policy or certificate; and

(2) inform each policyholder or certificate holder as to when any premium adjustment is to be made, due to changes in Medicare.

The notice of benefit modifications and any premium adjustments must be in outline form and in clear and simple terms so as to facilitate comprehension.

The notices must not contain or be accompanied by any solicitation.

(n) Termination by an issuer of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss that began while the policy or certificate was in force, but the extension of benefits beyond the period during which the policy or certificate was in force may be conditioned on the continuous total disability of the insured, limited to the duration of the policy or certificate benefit period, if any, or payment of the maximum

benefits. The extension of benefits does not apply when the termination is based on fraud, misrepresentation, or nonpayment of premium. An issuer may discontinue the availability of a policy form or certificate form if the issuer provides to the commissioner in writing its decision at least 30 days before discontinuing the availability of the form of the policy or certificate. An issuer that discontinues the availability of a policy form or certificate shall not file for approval a new policy form or certificate form of the same type for the same Medicare supplement benefit plan as the discontinued form for five years after the issuer provides notice to the commissioner of the discontinuance. The period of discontinuance may be reduced if the commissioner determines that a shorter period is appropriate. The sale or other transfer of Medicare supplement business to another issuer shall be considered a discontinuance for the purposes of this section. A change in the rating structure or methodology shall be considered a discontinuance under this section unless the issuer complies with the following requirements:

(1) the issuer provides an actuarial memorandum, in a form and manner prescribed by the commissioner, describing the manner in which the revised rating methodology and resulting rates differ from the existing rating methodology and resulting rates; and

(2) the issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The commissioner may approve a change to the differential that is in the public interest.

(o)(1) Except as provided in clause (2), the Minnesota experience of all policy forms or certificate forms of the same type in a standard Medicare supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in section 62A.36. For purposes of this section, a basic Medicare supplement plan and optional riders to the basic form offered by the issuer are one form;

(2) forms assumed under an assumption reinsurance agreement shall not be combined with the Minnesota experience of other forms for purposes of the refund or credit calculation.

(p) Medicare supplement policies and certificates shall include a renewal or continuation provision. The language or specifications of the provision shall be consistent with the type of contract issued. The provision shall be appropriately captioned and shall appear on the first page of the policy or certificate, and shall include any reservation by the issuer of the right to change premiums and any automatic renewal premium increases based on the policyholder's age. Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a Medicare supplement policy or certificate, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all riders or endorsements added to a Medicare supplement policy or certificate after the date of issue or at reinstatement or renewal that reduce or eliminate benefits or coverage in the policy or certificate shall require a signed acceptance by the insured. After the date of policy or certificate issue, a rider or endorsement that increases benefits or coverage with a concomitant increase in premium during the policy or certificate term shall be agreed to in writing and signed by the insured, unless the benefits are required by the minimum standards for Medicare supplement policies or if the increased benefits or coverage is required by law. Where a separate

additional premium is charged for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy, declaration page, or certificate. If a Medicare supplement policy or certificate contains limitations with respect to preexisting conditions, the limitations shall appear as a separate paragraph of the policy or certificate and be labeled as "preexisting condition limitations."

Sec. 7. [62A.319] [REPORTING OF MULTIPLE POLICIES.]

Subdivision 1. [ANNUAL REPORT.] On or before March 1 of each year, an issuer shall report the following information for every individual resident of this state for which the issuer has in force more than one Medicare supplement policy or certificate:

(1) the policy and certificate number; and

(2) the date of issuance.

Subd. 2. [NAIC REPORT FORMS.] The items in subdivision 1 must be grouped by individual policyholder and be on the National Association of Insurance Commissioners Reporting Medicare Supplement Policies form.

Sec. 8. Minnesota Statutes 1990, section 62A.36, subdivision 1, is amended to read:

Subdivision 1. [~~MINIMUM LOSS RATIOS RATIO STANDARDS.~~] ~~Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, (a) A Medicare supplement policies policy form or certificate form shall not be required delivered or issued for delivery unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to Minnesota policyholders and certificate holders in the form of aggregate benefits under the policy, for each year excluding the year of issuance and the first year thereafter, on the basis of incurred claims experience and earned premiums in Minnesota and in accordance with accepted actuarial principles and practices, not including anticipated refunds or credits, provided under the policy form or certificate form:~~

(a) (1) at least 75 percent of the aggregate amount of premiums collected earned in the case of group policies, and

(b) (2) at least 65 percent of the aggregate amount of premiums collected earned in the case of individual policies, calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. An insurer shall demonstrate that the third year loss ratio is greater than or equal to the applicable percentage.

All filings of rates and rating schedules shall demonstrate that actual expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards, and aggregate loss ratio from inception of the policy or certificate shall equal or exceed the appropriate loss ratio standards.

(b) An issuer shall collect and file with the commissioner by May 31 of each year the data contained in the National Association of Insurance Commissioners Medicare Supplement Refund Calculating form, for each type of Medicare supplement benefit plan.

If, on the basis of the experience as reported, the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation must be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but in no event shall it be less than the average rate of interest for 13-week treasury bills. A refund or credit against premiums due shall be made by September 30 following the experience year on which the refund or credit is based.

(c) An issuer of Medicare supplement policies and certificates in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy or certificate duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three years.

As soon as practicable, but before the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the commissioner, in accordance with the applicable filing procedures of this state:

(1) a premium adjustment that is necessary to produce an expected loss ratio under the policy or certificate that will conform with minimum loss ratio standards for Medicare supplement policies or certificates. No premium adjustment that would modify the loss ratio experience under the policy or certificate other than the adjustments described herein shall be made with respect to a policy or certificate at any time other than on its renewal date or anniversary date;

(2) if an issuer fails to make premium adjustments acceptable to the commissioner, the commissioner may order premium adjustments, refunds, or premium credits considered necessary to achieve the loss ratio required by this section;

(3) any appropriate riders, endorsements, or policy or certificate forms needed to accomplish the Medicare supplement insurance policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements, or policy or certificate forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate.

(d) The commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of a refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner considered appropriate by the commissioner.

Sec. 9. Minnesota Statutes 1990, section 62A.38, is amended to read:

Sec. 12. Minnesota Statutes 1990, section 62A.436, is amended to read:
62A.436 [COMMISSIONS.]

The commission, sales allowance, service fee, or compensation to an agent for the sale of a Medicare supplement plan must be the same for each of the first four years of the policy. The commissioner may grant a waiver of this restriction on commissions when the commissioner believes that the insurer's fee structure does not encourage deceptive practices.

In no event may the rate of commission, sales allowance, service fee, or compensation for the sale of a basic Medicare supplement plan exceed that which applies to the sale of an extended basic Medicare supplement plan.

For purposes of this section, "compensation" includes pecuniary or non-pecuniary remuneration of any kind relating to the sale or renewal of the policy or certificate, including but not limited to bonuses, gifts, prizes, awards, and finder's fees.

This section also applies to sales of replacement policies.

Sec. 13. Minnesota Statutes 1990, section 62A.44, is amended to read:
62A.44 [APPLICATIONS.]

Subdivision 1. [APPLICANT COPY.] No individual medicare supplement plan shall be issued or delivered in this state unless a signed and completed copy of the application for insurance is left with the applicant at the time application is made.

Subd. 2. [QUESTIONS.] (a) Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant has another Medicare supplement or other health insurance policy or certificate in force or whether a Medicare supplement policy or certificate is intended to replace any other accident and sickness policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and agent containing the questions and statements may be used.

"(1) You do not need more than one Medicare supplement policy or certificate.

(2) If you are 65 or older, you may be eligible for benefits under Medicaid and may not need a Medicare supplement policy or certificate.

(3) The benefits and premiums under your Medicare supplement policy or certificate will be suspended during your entitlement to benefits under Medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your policy or certificate will be reinstated if requested within 90 days of losing Medicaid eligibility.

To the best of your knowledge:

(1) Do you have another Medicare supplement policy or certificate in

force, including health care service contract or health maintenance organization contract? If so, with which company?

(2) Do you have any other health insurance policies that provide benefits that this Medicare supplement policy or certificate would duplicate? (a) If so, with which company?

(3) If the answer to question 1 or 2 is yes, do you intend to replace these medical or health policies with this policy or certificate?

(4) Are you covered by Medicaid?"

(b) Agents shall list any other health insurance policies they have sold to the applicant.

(1) List policies sold that are still in force.

(2) List policies sold in the past five years that are no longer in force.

(c) In the case of a direct response issuer, a copy of the application or supplemental form, signed by the applicant, and acknowledged by the insurer, shall be returned to the applicant by the insurer on delivery of the policy or certificate.

(d) Upon determining that a sale will involve replacement of Medicare supplement coverage, any issuer, other than a direct response issuer, or its agent, shall furnish the applicant, before issuance or delivery of the Medicare supplement policy or certificate, a notice regarding replacement of Medicare supplement coverage. One copy of the notice signed by the applicant and the agent, except where the coverage is sold without an agent, shall be provided to the applicant and an additional signed copy shall be retained by the issuer. A direct response issuer shall deliver to the applicant at the time of the issuance of the policy or certificate the notice regarding replacement of Medicare supplement coverage.

(e) The notice required by paragraph (d) for an issuer shall be provided in substantially the following form in no less than 12-point type:

**"NOTICE TO APPLICANT REGARDING REPLACEMENT
OF MEDICARE SUPPLEMENT INSURANCE**

[Insurance company's name and address]

**SAVE THIS NOTICE!
IT MAY BE IMPORTANT TO YOU IN THE FUTURE.**

According to [your application] [information you have furnished], you intend to terminate existing Medicare supplement insurance and replace it with a policy or certificate to be issued by [Company Name] Insurance Company. Your new policy or certificate will provide 30 days within which you may decide without cost whether you desire to keep the policy or certificate.

You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. Terminate your present policy only if, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision.

STATEMENT TO APPLICANT BY ISSUER, AGENT, [BROKER OR OTHER REPRESENTATIVE]: I have reviewed your current medical or health insurance coverage. The replacement of insurance involved in this transaction does not duplicate coverage, to the best of my knowledge. The

replacement policy or certificate is being purchased for the following reason(s) (check one):

- Additional benefits
- No change in benefits, but lower premiums
- Fewer benefits and lower premiums
- Other (please specify)

(1) Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy or certificate. This could result in denial or delay of a claim for benefits under the new policy or certificate, whereas a similar claim might have been payable under your present policy or certificate.

(2) State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods, or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy (or coverage) for similar benefits to the extent the time was spent (depleted) under the original policy or certificate.

(3) If you still wish to terminate your present policy or certificate and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy or certificate had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Do not cancel your present policy or certificate until you have received your new policy or certificate and you are sure that you want to keep it.

(Signature of Agent, Broker, or Other Representative)*

(Date)

(Applicant's Signature)

(Date)

*Signature not required for direct response sales."

(f) Paragraph (e), clauses (1) and (2), of the replacement notice (applicable to preexisting conditions) may be deleted by an issuer if the replacement does not involve application of a new preexisting condition limitation.

Subd. 3. [PROHIBITIONS; COMPENSATION AND TIME SCHEDULES.] No ~~regular route common carrier or petroleum~~ *certificated* carrier may charge or receive a greater or less or different compensation for the transportation of passengers or property or for service in connection therewith than the rates, fares, and charges and the rules and classifications governing the same which have been duly approved therefor by order of the board; ~~nor may~~. A passenger regular route common carrier may depart from the route over which it is authorized to operate for the purpose of transporting chartered or excursion parties to any point in the state of Minnesota on such terms and conditions as the board may prescribe.

Sec. 16. Minnesota Statutes 1990, section 221.061, is amended to read:

221.061 [OPERATION CERTIFICATE FOR REGULAR ROUTE COMMON CARRIER OR PETROLEUM CARRIER.]

A person desiring a certificate authorizing operation as a regular route common carrier *of passengers, a class 1 carrier,* or petroleum carrier, or an extension of or amendment to that certificate, shall file a petition with the commissioner which must contain information as the board and commissioner, by rule may prescribe.

Upon the filing of a petition for a certificate, the petitioner shall pay to the commissioner as a fee for issuing the certificate the sum of \$300 and for a transfer or lease of the certificate the sum of \$300.

The petition must be processed as any other petition. The board shall cause a copy and a notice of hearing thereon to be served upon a competing carrier operating into a city located on the proposed route of the petitioner and to other persons or bodies politic which the board deems interested in the petition. A competing carrier and other persons or bodies politic are hereby declared to be interested parties to the proceedings.

If, during the hearing, an amendment to the petition is proposed which appears to be in the public interest, the board may allow it when the issues and the territory are not unduly broadened by the amendment.

Sec. 17. Minnesota Statutes 1990, section 221.071, subdivision 1, is amended to read:

Subdivision 1. [CONSIDERATIONS; TEMPORARY CERTIFICATES; AMENDING.] If the board finds from the evidence that the petitioner is fit and able to properly perform the services proposed and that public convenience and necessity require the granting of the petition or a part of the petition, it shall issue a certificate of public convenience and necessity to the petitioner. In determining whether a certificate should be issued, the board shall give primary consideration to the interests of the public that might be affected, to the transportation service being furnished by a railroad which may be affected by the granting of the certificate, and to the effect which the granting of the certificate will have upon other transportation

service essential to the communities which might be affected by the granting of the certificate. The board may issue a certificate as applied for or issue it for a part only of the authority sought and may attach to the authority granted terms and conditions as in its judgment public convenience and necessity may require. If the petitioner is seeking authority to operate regular-route transit service wholly within the seven-county metropolitan area with operating assistance provided by the regional transit board, the board shall consider only whether the petitioner is fit and able to perform the proposed service. The operating authority granted to such a petitioner must be the operating authority for which the petitioner is receiving operating assistance from the regional transit board. A carrier receiving operating assistance from the regional transit board may amend the certificate to provide for additional routes by filing a copy of the amendment with the board, and approval of the amendment by the board is not required if the additional service is provided with operating assistance from the regional transit board.

The board may grant a temporary certificate, *ex parte*, valid for a period not exceeding 180 days, upon a showing that no regular route common carrier or petroleum carrier is then authorized to serve on the route sought, that no other petition is on file with the board covering the route, and that a need for the proposed service exists.

A certificate issued to a ~~regular route common carrier or petroleum carrier~~ may be amended by the board on *ex parte* petition and payment of a \$25 fee to the commissioner, to grant an additional or alternate route if there is no other means of transportation over the proposed additional route or between its termini, and the proposed additional route does not exceed ten miles in length.

Sec. 18. [221.072] [CLASS I CARRIERS.]

Subdivision 1. [AUTHORITY.] The board may issue a class I certificate only to a motor carrier who owns, leases, or otherwise controls more than one terminal. Except as provided in subdivision 2, a motor carrier may not own, operate, or otherwise control more than one terminal without having obtained a class I certificate from the board. For purposes of this section, utilization of a local cartage carrier by a class I carrier constitutes ownership, lease, or control of a terminal.

Subd. 2. [EXCEPTIONS.] This section does not apply to any carrier listed in section 221.111, clauses (1) to (9).

Subd. 3. [OPERATION.] A class I certificate authorizes the certificate holder to transport both truckload and less-than-truckload freight to and from points named in the certificate, over routes described in the certificate. A holder of a class I certificate may transfer freight to and from another class I carrier.

Sec. 19. Minnesota Statutes 1990, section 221.081, is amended to read:

221.081 [SALE OR LEASE OF CERTIFICATE OF REGULAR ROUTE COMMON CARRIER OR PETROLEUM CARRIER.]

(a) Except as provided in paragraph (b), certificates authorizing operations as a ~~regular route common carrier~~ or as a ~~petroleum carrier~~ may be sold or leased but only upon order of the board approving the same. The proposed seller and buyer or lessor and lessee of a certificate shall file a joint petition with the commissioner, setting forth the names and addresses of the parties.

the identifying number of the certificate and the description of the authority which the parties seek to sell or lease, a short statement of the reasons for the proposed sale or lease, a short statement of the buyer or lessee's present operating authority, if any, a statement of all outstanding claims of creditors which are directly attributable to the operations conducted under said certificate, a copy of the contract of sale or lease and a financial statement with balance sheet and income statement, if existent, of the buyer. If it appears to the board from the contents of the petition and from the department's records, files and investigation of the petition that the approval of the sale or lease of the certificate will not adversely affect the rights of the users of the service and will not have an adverse effect on any other motor carrier, the board may make an ex parte order granting the same. When the proposed sale or lease is between persons who are direct competitors to a material degree, the petition shall be set down for hearing with notice to the communities which may be affected by the proposed merger and to any other persons the board or department deems to be interested parties.

(b) Nothing in this section authorizes the lease of a class I certificate.

Sec. 20. Minnesota Statutes 1990, section 221.111, is amended to read:
221.111 [PERMITS TO OTHER MOTOR CARRIERS.]

Motor carriers other than ~~regular route common carriers, petroleum certificated carriers, and local cartage carriers,~~ shall obtain a permit in accordance with section 221.121, ~~including irregular route carriers, livestock carriers, contract carriers, charter carriers, and courier service carriers.~~ *The board shall issue only the following kinds of permits:*

- (1) class H-T permits;*
- (2) class H-L permits;*
- (3) livestock carrier permits;*
- (4) contract carrier permits;*
- (5) charter carrier permits;*
- (6) courier service carrier permits;*
- (7) local cartage carrier permits;*
- (8) household goods mover permits; and*
- (9) protected commodities permits.*

Sec. 21. Minnesota Statutes 1990, section 221.121, subdivision 1, is amended to read:

Subdivision 1. [PERMIT CARRIERS.] *(a) A person desiring to operate as a permit carrier, except as a ~~livestock carrier, or a local cartage carrier provided in subdivision 5 or section 221.296,~~ shall file a petition with the commissioner specifying the kind of permit desired, the name and address of the petitioner and the names and addresses of the officers, if a corporation, and other information as the board and commissioner may require. The board, after notice to interested parties and a hearing, shall issue the permit upon compliance with the laws and rules relating to it, if it finds that petitioner is fit and able to conduct the proposed operations, that petitioner's vehicles meet the safety standards established by the department, that the area to be served has a need for the transportation services requested in the petition, and that existing permit and certificated carriers in the area*

to be served have failed to demonstrate that they offer sufficient transportation services to meet fully and adequately those needs, provided that no person who holds a permit at the time sections 221.011 to 221.291 take effect may be denied a renewal of the permit upon compliance with other provisions of sections 221.011 to 221.291. A permit once granted continues in full force and effect until abandoned or unless suspended or revoked, subject to compliance by the permit holder with the applicable provisions of law and the rules of the commissioner or board governing permit carriers. No permit may be issued to a common carrier by rail permitting the common carrier to operate trucks for hire within this state, nor may a common carrier by rail be permitted to own, lease, operate, control, or have an interest in a permit carrier by truck, either by stock ownership or otherwise, directly, indirectly, through a holding company, or by stockholders or directors in common, or in any other manner. Nothing in sections 221.011 to 221.291 prevents the board from issuing a permit to a common carrier by rail authorizing the carrier to operate trucks wholly within the limits of a municipality or within adjacent or contiguous municipalities or a common rate point served by the railroad and only as a service supplementary to the rail service now established by the carriers.

Sec. 22. Minnesota Statutes 1990, section 221.121, subdivision 6, is amended to read:

Subd. 6. [COURIER SERVICES CARRIERS.] (a) A person desiring to operate as a courier services carrier shall follow the procedure established in subdivision 1 and shall be granted a permit as a courier services carrier if the person meets the criteria established in subdivision 1.

(b) A permit to operate as a courier service carrier authorizes the permit holder to provide either or both of the following services:

(1) expedited delivery, meaning the transportation of freight in any two-axle vehicle where (i) pickup of the freight is made within one hour of the request for the pickup, and delivery of the freight is made within six hours of the pickup, and (ii) the freight is transported from the point of pickup to the consignee without intermediate unloading, docking, or storage; and

(2) small package delivery, meaning the transportation of freight where (i) the delivery to the consignee is made on the same day as the pickup of the freight, or on the next day, (ii) no single package or article exceeds 100 pounds in weight, (iii) the total amount of freight the carrier delivers from a single consignor to a single consignee in any day does not exceed 400 pounds, and (iv) delivery to the consignee is made in vehicles not exceeding 15,000 pounds gross vehicle weight. Small package delivery service may include intermediate unloading, docking, or storage.

Courier service carriers must maintain accurate records of each shipment picked up and delivered, including: (1) time of the request for service; (2) time of the pickup; (3) time of delivery; (4) weight of the shipment; and (5) the specific vehicle or vehicles used to transport the shipment.

(c) The board shall not deny a permit for a courier service carrier on the grounds that operations performed by the applicant resemble operations of other types of carriers defined in section 221.011.

Sec. 23. Minnesota Statutes 1990, section 221.121, subdivision 6a, is amended to read:

Subd. 6a. [HOUSEHOLD GOODS CARRIER.] A person who desires

to hold out or to operate as a carrier of household goods shall follow the procedure established in subdivision 1, and shall specifically request ~~an irregular route common carrier~~ a household goods mover permit with authority to transport household goods. The permit granted by the board to a person who meets the criteria established in this subdivision and subdivision 1 shall authorize the person to hold out and to operate as ~~an irregular route common carrier~~ of a household goods mover. A person who provides or offers to provide household goods packing services and who makes any arrangement directly or indirectly by lease, rental, referral, or by other means to provide or to obtain drivers, vehicles, or transportation service for moving household goods, must have ~~an irregular route common carrier permit with authority to transport a household goods mover permit~~.

Sec. 24. Minnesota Statutes 1990, section 221.121, is amended by adding a subdivision to read:

Subd. 6c. [CLASS II CARRIERS.] A person desiring to operate as a permit carrier, other than as a carrier listed in section 221.111, clauses (3) to (8), shall follow the procedure established in subdivision 1 and shall specify in the petition whether the person is seeking a class II-T or class II-L permit. If the person meets the criteria established in subdivision 1, the board shall grant the class II-T or class II-L permit. A class II permit holder may not own, lease, or otherwise control more than one terminal. The board may not issue a class II permit to a motor carrier who owns, leases, or otherwise controls more than one terminal. For purposes of this section: (1) utilization of a local cartage carrier by a class II carrier constitutes ownership, lease, or control of a terminal, and (2) "terminal" does not include a terminal used by a permit holder who also holds a class I certificate or protected commodities permit for the unloading, docking, handling, and storage of freight transported under the certificate or protected commodities permit.

Sec. 25. Minnesota Statutes 1990, section 221.121, is amended by adding a subdivision to read:

Subd. 6d. [PROTECTED COMMODITIES CARRIERS.] A person who desires to hold out or to operate as a carrier of commodities requiring protective services shall follow the procedure established in subdivision 1 and shall specifically request a protected commodities permit. The permit granted by the board to a person who meets the criteria established in subdivision 1 shall authorize the person to hold out and to operate as a carrier of commodities requiring protective services.

Sec. 26. Minnesota Statutes 1990, section 221.121, is amended by adding a subdivision to read:

Subd. 6e. [CLASS II-T PERMITS.] A holder of a class II-T permit may transport truckload freight to and from any point named in the permit.

Sec. 27. Minnesota Statutes 1990, section 221.121, is amended by adding a subdivision to read:

Subd. 6f. [CLASS II-L PERMITS.] (a) A motor carrier with a class II-L permit may transport less-than-truckload freight as provided in this subdivision.

(b) A motor carrier with a class II-L permit may transport less-than-truckload freight to and from any point named in the permit, without restriction as to routes, schedules, or frequency of service.

(c) A motor carrier with a class H-L permit may transport less-than-truckload freight to and from any point in the state not named in the carrier's permit only if the carrier: (1) had, on January 1, 1993, authority to transport general commodities throughout the state, and (2) such authority had been held and exercised by the permit holder or a member of the permit holder's immediate family as defined in section 221.151, subdivision 2, continuously since the granting of the authority. Service by such a carrier to and from points not named in the carrier's permit may be provided no more often than on 24 days in any 12-month period.

(d) A motor carrier described in paragraph (c) may amend the carrier's permit by adding, to the points named in the permit, other points in the state by following the procedures established in this paragraph. The carrier shall submit to the commissioner a petition to serve the points and shall name the points in the petition. The carrier shall submit with the petition evidence of need for the proposed service. The commissioner shall transmit the petition to the board. The board shall publish notice of the petition in the board's weekly calendar. Failure by the board to deny the petition within 30 days of the date of publication in the calendar constitutes approval of the petition.

Sec. 28. Minnesota Statutes 1990, section 221.131, subdivision 2, is amended to read:

Subd. 2. [PERMIT CARRIERS; ANNUAL VEHICLE REGISTRATION.] The permit holder shall pay an annual registration fee of ~~\$20~~ \$40 on each vehicle, including pickup and delivery vehicles, operated by the holder under authority of the permit during the 12-month period or fraction of the 12-month period. Trailers and semitrailers used by a permit holder in combination with power units may not be counted as vehicles in the computation of fees under this section if the permit holder pays the fees for power units. The commissioner shall furnish a distinguishing annual identification card for each vehicle or power unit for which a fee has been paid. The identification card must at all times be carried in the vehicle or power unit to which it has been assigned. An identification card may be reassigned to another vehicle or power unit upon application of the permit holder and a transfer fee of \$10. An identification card issued under the provisions of this section is valid only for the period for which the permit is effective. The name and residence of the permit holder must be stenciled or otherwise shown on the outside of both doors of each registered vehicle operated under the permit. A fee of \$10 is charged for the replacement of an unexpired identification card that has been lost or damaged.

Sec. 29. Minnesota Statutes 1990, section 221.131, subdivision 3, is amended to read:

Subd. 3. [CERTIFICATE CARRIERS; ANNUAL VEHICLE REGISTRATION.] ~~Regular route common carriers and petroleum~~ *Certificated* carriers, ~~operating under sections 221.011 to 221.291,~~ shall ~~annually~~ pay ~~into the treasury of the state of Minnesota~~ an annual registration fee of ~~\$20~~ \$40 for each vehicle, including pickup and delivery vehicles, operated during a calendar year. The commissioner shall issue distinguishing identification cards as provided in subdivision 2.

Sec. 30. Minnesota Statutes 1990, section 221.141, subdivision 4, is amended to read:

Subd. 4. [~~IRREGULAR ROUTE CARRIERS OF HOUSEHOLD GOODS~~

~~MOVERS.] An irregular route common carrier of A household goods mover shall maintain in effect cargo insurance or cargo bond in the amount of \$50,000 and shall file with the commissioner a cargo certificate of insurance or cargo bond. A cargo certificate of insurance must conform to Form H, Uniform Motor Cargo Certificate of Insurance, described in Code of Federal Regulations, title 49, part 1023. A cargo bond must conform to Form J, described in Code of Federal Regulations, title 49, part 1023. Both Form H and Form J are incorporated by reference. The cargo certificate of insurance or cargo bond must be issued in the full and correct name of the person, corporation, or partnership to whom the irregular route common carrier of household goods mover permit was issued and whose operations are being insured. A carrier that was issued a permit as an irregular route common carrier of household goods before August 1, 1989, shall obtain and file a cargo certificate of insurance or bond within 90 days of August 1, 1989.~~

Sec. 31. Minnesota Statutes 1990, section 221.151, subdivision 1, is amended to read:

Subdivision 1. [PETITION.] Permits, except livestock permits, issued under section 221.121 may be assigned or transferred but only upon the order of the board approving the transfer or assignment after notice and hearing.

The proposed seller and buyer or lessor and lessee of a permit, except for livestock carrier permits, shall file a joint notarized petition with the commissioner setting forth the name and address of the parties, the identifying number of the permit, and the description of the authority which the parties seek to sell or lease, a short statement of the reasons for the proposed sale or lease, a statement of outstanding claims of creditors which are directly attributable to the operation to be conducted under the permit, a copy of the contract of sale or lease, and a financial statement with a balance sheet and an income statement, if existent, of the buyer or lessee. If it appears to the board, after notice to interested parties and a hearing, from the contents of the petition, from the evidence produced at the hearing, and from the department's records, files, and investigation that the approval of the sale or lease of the permit will not adversely affect the rights of the users of the service and will not have an adverse effect upon other competing carriers, the board may make an order granting the sale or lease. Provided, however, that the board shall make no order granting the sale or lease of a permit to a person or corporation or association which holds a certificate or permit other than local cartage carrier permit from the board under this chapter or to a common carrier by rail.

Provided further that the board shall make no order approving the sale or lease of a permit if the board finds that the price paid for the sale or lease of a permit is disproportionate to the reasonable value of the permit considering the assets and goodwill involved. The board shall approve the sale or lease of a permit only after a finding that the transferee is fit and able to conduct the operations authorized under the permit and that the vehicles the transferee proposes to use in conducting the operations meet the safety standards of the commissioner. In determining the extent of the operating authority to be conducted by the transferee under the sale or lease of the permit, the past operations of the transferor within the two-year period immediately preceding the transfer must be considered. Only such operating authority may be granted to the transferee as was actually exercised by the transferor under the transferor's authority within the two-year period immediately preceding the transfer as evidenced by bills of lading, company

records, operation records, or other relevant evidence. For purposes of determining the two-year period, the date of divesting of interest or control is the date of the sale. The board shall look to the substance of the transaction rather than the form. An agreement for the transfer or sale of a permit must be reported and filed with the board within 30 days of the agreement.

If an authority to operate as a permit carrier is held by a corporation, a sale, assignment, pledge, or other transfer of the stock interest in the corporation which will accomplish a substantial or material change or transfer of the majority ownership of the corporation, as exercised through its stockholders, must be reported in the manner prescribed in the rules of the board within 30 days after the sale, assignment, pledge, or other transfer of stock. The board shall then make a finding whether or not the stock transfer does, in fact, constitute a sale, lease, or other transfer of the permit of the corporation to a new party or parties and, if they so find, then the continuance of the permit issued to the corporation may only be upon the corporation's complying with the standards and procedures otherwise imposed by this section.

Nothing in this section authorizes the lease of a class II permit.

Sec. 32. Minnesota Statutes 1990, section 221.151, is amended by adding a subdivision to read:

Subd. 3. [TRANSFER OF CERTAIN AUTHORITY.] Operating authority described in section 27, paragraph (c), that has not been added to the motor carrier's permit under section 27, paragraph (d), may not be transferred to any person except a member of the transferor's immediate family as defined in subdivision 2.

Sec. 33. [221.152] [CONVERSION OF PERMITS.]

Subdivision 1. [EXPIRATION OF OPERATING AUTHORITY.] Except as provided in subdivision 3, paragraph (b), the following certificates and permits in effect on January 1, 1993, and all operating authority granted by those certificates and permits, expire on January 1, 1993:

(1) all certificates authorizing operation as a regular route common carrier of property, other than petroleum carrier certificates; and

(2) all permits authorizing operation as an irregular route common carrier, except those carriers listed in section 221.111, clauses (3) to (9).

Subd. 2. [CONVERSION.] All holders of certificates and permits that expire on January 1, 1993, under subdivision 1, who wish to continue providing the service authorized by those certificates and permits, must convert the certificates and permits into class I or class II certificates or permits by that date.

Subd. 3. [ISSUANCE OF NEW CERTIFICATES AND PERMITS.] (a) By September 1, 1992, a motor carrier described in subdivision 2 must submit to the commissioner a petition for conversion. The petition must be on a form prescribed by the commissioner and must be accompanied by an application fee of \$50. The petition must state: (1) the name and address of the petitioner; (2) the identifying number of the expiring certificates or permits the petitioner wishes to convert; and (3) other information the commissioner deems necessary. A petitioner for a class II-L permit must also submit a statement of the extent of operating authority that the petitioner holds under the petitioner's existing permit or permits and wishes to include in the new permit or permits, and evidence of the operating authority actually

exercised as described in section 221.151, subdivision 1.

(b) The commissioner shall transmit to the board all petitions that meet the requirements of paragraph (a). The board shall develop an expedited process for hearing and ruling on petitions submitted under this subdivision. Within 60 days after receiving a petition under this subdivision, the board shall issue an order approving or denying the issuance of a new certificate or permit. The board shall issue the certificate or permit requested in the petition if it finds that the issuance is authorized under this section. A petition submitted to the commissioner under this subdivision by September 1, 1992, is deemed approved by the board unless by November 1, 1992, or a later date determined under paragraph (c), the board has issued an order denying the petition.

(c) If the board determines that a conversion of a certificate or permit under this subdivision requires a longer period of deliberation than that provided in paragraph (b), the board may prescribe a date: (1) on which a class I certificate or class II permit becomes effective; (2) on which the application for conversion becomes effective unless denied by the board; and (3) on which the certificate or permit being converted expires. The board may not prescribe a date under clauses (1) to (3) that is later than June 30, 1993.

Subd. 4. [AUTHORITY CONVERTED.] (a) The board shall not issue any certificate or permit under this subdivision that authorizes the carrier to serve any geographic area or transport any commodities that the carrier was not authorized to serve or transport under the expiring certificate or permit.

(b) Notwithstanding paragraph (a), the board shall not grant a class II-L permit to a petitioner under this subdivision that authorizes the permit holder to provide service to a point if the permit holder did not provide service to that point at any time in the two years before the effective date of this section.

(c) When a person who had been issued before January 1, 1993, an irregular route common carrier permit with authority to transport household goods applies for conversion of that permit to a class II permit under subdivision 3, the board shall issue the applicant, along with a class II permit, a household goods mover permit with the same operating authority to transport household goods as was granted under the person's irregular route common carrier permit.

(d) When a person who had been issued before January 1, 1993, an irregular route common carrier permit with authority to transport commodities requiring protective services applies for conversion of that permit to a class II permit under subdivision 3, the board shall issue the applicant, along with a class II permit, a protected commodities permit with the same operating authority to transport commodities requiring protective services as was granted under the person's irregular route common carrier permit.

Sec. 34. [CERTAIN LEASE AGREEMENTS NOT AFFECTED.]
