"Sec. 13. Minnesota Statutes 1991 Supplement, section 290.06, subdivision 2c, is amended to read:

Subd. 2c. [SCHEDULES OF RATES FOR INDIVIDUALS, ESTATES, AND TRUSTS.] (a) The income taxes imposed by this chapter upon married individuals filing joint returns and surviving spouses as defined in section 2(a) of the Internal Revenue Code of 1986 as amended through December 31, 1989, must be computed by applying to their taxable net income the following schedule of rates:

(1) On the first $19,910, 6 percent;

(2) On all over $19,910, but not over $79,120, 8 percent;

(3) On all over $79,120, *but not over $150,000*, 8.5 percent;

(4) On all over $150,000, 10 percent.

Married individuals filing separate returns, estates, and trusts must compute their income tax by applying the above rates to their taxable income, except that the income brackets will be one-half of the above amounts.

(b) The income taxes imposed by this chapter upon unmarried individuals must be computed by applying to taxable net income the following schedule of rates:

(1) On the first $13,620, 6 percent;

(2) On all over $13,620, but not over $44,750, 8 percent;

(3) On all over $44,750, *but not over $102,600*, 8.5 percent;

(4) On all over $102,600, 10 percent.

(c) The income taxes imposed by this chapter upon unmarried individuals qualifying as a head of household as defined in section 2(b) of the Internal Revenue Code of 1986, as amended through December 31, 1989, must be computed by applying to taxable net income the following schedule of rates:

(1) On the first $16,770, 6 percent;

(2) On all over $16,770, but not over $67,390, 8 percent;

(3) On all over $67,390, *but not over $126,400*, 8.5 percent;

(4) On all over $126,400, 10 percent.

(d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than $100. The amount of tax for each bracket shall be computed at the rates set forth

in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to $1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) The numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, less the deduction allowed by section 217 of the Internal Revenue Code of 1986, as amended through December 31, 1990, after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1990, increased by the addition required for interest income from non-Minnesota state and municipal bonds under section 290.01, subdivision 19a, clause (1).

Sec. 14. [290.0803] [PERSONAL EXEMPTION REDUCTION.]

In the case of any taxpayer whose adjusted gross income determined under section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1991, for the taxable year exceeds the threshold amount, the amount taken as a deduction for personal exemptions under section 151 of the Internal Revenue Code of 1986, as amended through December 31, 1991, prior to application of section 151(d)(3), shall be reduced by the applicable percentage. The amount determined under this section shall be added to federal taxable income under section 290.01, subdivision 19a, clause (5).

As used in this section, the term "applicable percentage" means two percentage points for each $1,000 (or fraction thereof) by which the taxpayer's adjusted gross income for the taxable year exceeds the threshold amount. In the case of a married individual filing a separate return, the preceding sentence shall be applied by substituting "$500" for "$1,000." In no event shall the applicable percentage exceed 100 percent.

As used in this section, the term "threshold amount" means:

(1) $100,000 in the case of a joint return or a surviving spouse as defined in section 2(a) of the Internal Revenue Code of 1986, as amended through December 31, 1991;

(2) $83,350 in the case of a head of a household as defined in section 2(b) of the Internal Revenue Code of 1986, as amended through December 31, 1991;

(3) $66,650 in the case of an individual who is not married and who is not a surviving spouse or head of a household; and

(4) $50,000 in the case of a married individual filing a separate return."

Subd. 3. [TAX ORDINANCE; AMENDMENT, REPEAL.] An ordinance adopted as heretofore provided in this act may be repealed or amended in the following manner: A petition signed by not less than two thousand (2,000) qualified electors of the city demanding repeal of the ordinance

shall be filed with the clerk. The petition shall identify the ordinance to be repealed by title, date of adoption and subject matter. The signatures to the petition need not all be appended to one paper, but each signer shall state his place of residence and street number. One of the signers of each such paper shall make oath that the statements therein made are true, as he believes, and that each signature to the paper appended is the genuine signature of the person whose signature it purports to be.

Within 10 days from the date of filing such petition, the city clerk shall ascertain from the voters' register that the said petition is signed by the requisite number of qualified voters. The clerk shall attach to said petition his certificate, showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within 10 days from the date of said clerk's certificate. The clerk shall, within 10 days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition is deemed sufficient, the clerk shall submit the same to the council without delay. Within 10 days thereafter, the council shall provide for the submission to the electorate at the next general or special election held not less than 45 days thereafter of the question of repeal of the ordinance described in the petition. The question of repeal or amendment of said ordinance shall be submitted upon a separate ballot which shall summarize the substance of the ordinance proposed to be repealed or amended. If the majority of the electors voting upon the question vote in favor of the repeal of the ordinance, it shall be repealed or amended thereby effective on January 1 of the year next following. Such repeal shall not affect any right accrued, any duty imposed, any penalty incurred, or any proceeding commenced under or by virtue of the ordinance repealed. *If taxes levied under this section are pledged to or for the benefit of any bonds issued before January 1, 1993, then no pledge, mortgage, covenant, or agreement securing the bonds may be impaired, revoked, or amended by repeal or amendment of the ordinance under this subdivision, except in accordance with the terms of the resolution or indenture under which the bonds are issued, until the obligations of the city with respect to the bonds or with respect to bonds issued to refund those bonds have been fully discharged.* Any action or proceeding pending to enforce any right under the authority of the ordinance repealed shall and may be proceeded with and concluded under the ordinance in existence when the action or proceeding was instituted, notwithstanding the repeal of such ordinance."

"Sec. 3. Minnesota Statutes 1990, section 270.06, is amended to read:

270.06 [POWERS AND DUTIES.]

The commissioner of revenue shall:

(1) have and exercise general supervision over the administration of the assessment and taxation laws of the state, over assessors, town, county, and city boards of review and equalization, and all other assessing officers in the performance of their duties, to the end that all assessments of property be made relatively just and equal in compliance with the laws of the state;

(2) confer with, advise, and give the necessary instructions and directions to local assessors and local boards of review throughout the state as to their duties under the laws of the state;

(3) direct proceedings, actions, and prosecutions to be instituted to enforce the laws relating to the liability and punishment of public officers and officers and agents of corporations for failure or negligence to comply with the provisions of the laws of this state governing returns of assessment and taxation of property, and cause complaints to be made against local assessors, members of boards of equalization, members of boards of review, or any other assessing or taxing officer, to the proper authority, for their removal from office for misconduct or negligence of duty;

(4) require county attorneys to assist in the commencement of prosecutions in actions or proceedings for removal, forfeiture and punishment for violation of the laws of this state in respect to the assessment and taxation of property in their respective districts or counties;

(5) require town, city, county, and other public officers to report information as to the assessment of property, collection of taxes received from licenses and other sources, and such other information as may be needful in the work of the department of revenue, in such form and upon such blanks as the commissioner may prescribe;

(6) require individuals, copartnerships, companies, associations, and corporations to furnish information concerning their capital, funded or other debt, current assets and liabilities, earnings, operating expenses, taxes, as well as all other statements now required by law for taxation purposes;

(7) summon witnesses, at a time and place reasonable under the circumstances, to appear and give testimony, and to produce books, records, papers and documents relating to any tax matter which the commissioner may have authority to investigate or determine. Provided, that any summons which does not identify the person or persons with respect to whose tax liability the summons is issued may be served only if (a) the summons relates to

the investigation of a particular person or ascertainable group or class of persons, (b) there is a reasonable basis for believing that such person or group or class of persons may fail or may have failed to comply with any tax law administered by the commissioner, (c) the information sought to be obtained from the examination of the records (and the identity of the person or persons with respect to whose liability the summons is issued) is not readily available from other sources, (d) the summons is clear and specific as to the information sought to be obtained, and (e) the information sought to be obtained is limited solely to the scope of the investigation. Provided further that the party served with a summons which does not identify the person or persons with respect to whose tax liability the summons is issued shall have the right, within 20 days after service of the summons, to petition the district court for the judicial district in which lies the county in which that party is located for a determination as to whether the commissioner of revenue has complied with all the requirements in (a) to (e), and thus, whether the summons is enforceable. If no such petition is made by the party served within the time prescribed, the summons shall have the force and effect of a court order;

(8) cause the deposition of witnesses residing within or without the state, or absent therefrom, to be taken, upon notice to the interested party, if any, in like manner that depositions of witnesses are taken in civil actions in the district court, in any matter which the commissioner may have authority to investigate or determine;

(9) investigate the tax laws of other states and countries and to formulate and submit to the legislature such legislation as the commissioner may deem expedient to prevent evasions of assessment and taxing laws, and secure just and equal taxation and improvement in the system of assessment and taxation in this state;

(10) consult and confer with the governor upon the subject of taxation, the administration of the laws in regard thereto, and the progress of the work of the department of revenue, and furnish the governor, from time to time, such assistance and information as the governor may require relating to tax matters;

(11) transmit to the governor, on or before the third Monday in December of each even-numbered year, and to each member of the legislature, on or before November 15 of each even-numbered year, the report of the department of revenue for the preceding years, showing all the taxable property in the state and the value of the same, in tabulated form;

(12) inquire into the methods of assessment and taxation and ascertain whether the assessors faithfully discharge their duties, particularly as to their compliance with the laws requiring the assessment of all property not exempt from taxation;

(13) administer and enforce the assessment and collection of state taxes and, from time to time, make, publish, and distribute rules for the administration and enforcement of state tax laws. The rules have the force of law;

(14) prepare blank forms for the returns required by state tax law and distribute them throughout the state, furnishing them subject to charge on application;

(15) prescribe rules governing the qualification and practice of agents, attorneys, or other persons representing taxpayers before the commissioner. The rules may require that those persons, agents, and attorneys show that

they are of good character and in good repute, have the necessary qualifications to give taxpayers valuable services, and are otherwise competent to advise and assist taxpayers in the presentation of their case before being recognized as representatives of taxpayers. After due notice and opportunity for hearing, the commissioner may suspend and disbar from further practice before the commissioner any person, agent, or attorney who is shown to be incompetent or disreputable, who refuses to comply with the rules, or who with intent to defraud, willfully or knowingly deceives, misleads, or threatens a taxpayer or prospective taxpayer, by words, circular, letter, or by advertisement. This clause does not curtail the rights of individuals to appear in their own behalf or partners or corporations' officers to appear in behalf of their respective partnerships or corporations;

(16) appoint agents as the commissioner considers necessary to make examinations and determinations. The agents have the rights and powers conferred on the commissioner to examine books, records, papers, or memoranda, subpoena witnesses, administer oaths and affirmations, and take testimony. Upon demand of an agent, the clerk or court administrator of any court shall issue a subpoena for the attendance of a witness or the production of books, papers, records, or memoranda before the agent. The commissioner may also issue subpoenas. Disobedience of subpoenas issued under this chapter shall be punished by the district court of the district in which the subpoena is issued, or in the case of a subpoena issued by the commissioner, by the district court of the district in which the party served with the subpoena is located, in the same manner as contempt of the district court;

(17) appoint and employ additional help, purchase supplies or materials, or incur other expenditures in the enforcement of state tax laws as considered necessary. The salaries of all agents and employees provided for in this chapter shall be fixed by the appointing authority, subject to the approval of the commissioner of administration;

(18) execute and administer any agreement with the secretary of the treasury of the United States or a representative of another state regarding the exchange of information and administration of the tax laws;

(19) ~~administer and enforce the provisions of sections 325D.30 to 325D.42, the Minnesota unfair cigarette sales act;~~

~~(20)~~ authorize the use of unmarked motor vehicles to conduct seizures or criminal investigations pursuant to the commissioner's authority; and

~~(21)~~ *(20)* exercise other powers and perform other duties required of or imposed upon the commissioner of revenue by law."

"ARTICLE 10

TAX INCREMENT FINANCING

Section 1. [FINDINGS; PURPOSE.]

The legislature finds that historical uses of properties within or adjacent to certain geographic areas within Minnesota communities have contributed to the known or suspected contamination of the areas, that the known or suspected contamination of these geographic areas is significant and widespread, that the welfare of the state requires environmentally sound remediation of contaminated sites, that certain of the contaminated geographic areas can be made suitable for development if contaminants are removed but that the areas cannot be developed for any purpose unless remediation is undertaken or ensured, and that the remediation and development of the contaminated geographic areas are public purposes in the interests of environmental quality, contamination management and disposal, and economic development, for which the expenditure of public funds and the exercise of the powers provided in sections 2 to 10 are authorized and in the public interest.

It is not the intent of sections 2 to 10 to reduce, alter, or modify the liability under Minnesota or federal environmental law of a responsible person as defined in Minnesota Statutes, section 115B.03.

Sec. 2. [469.301] [DEFINITIONS.]

Subdivision 1. [APPLICATION.] *As used in sections 2 to 10, the terms defined in this section have the meanings given them.*

Subd. 2. [ADDITIONAL TAX INCREMENT.] *"Additional tax increment" means the tax increment received by the city which is derived from any reduction of the original net tax capacity of property within the area under section 5, paragraph (e).*

Subd. 3. [AGENCY.] *"Agency" means the Minnesota pollution control agency.*

Subd. 4. [AREA.] *"Area" means a special environmental treatment area established under section 3.*

(1) a substance defined as a "hazardous substance" or "toxic substance" in the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended, United States Code, title 42, section 9061, et seq.;

(2) a substance defined as a "hazardous substance," "hazardous waste," or "pollutant or contaminant" in section 115B.02; or

(3) another substance or contaminant whose removal or remediation is necessary to the development of the area; provided that the presence of petroleum or its derivatives in a parcel shall not be contamination.

Subd. 8. [DISTRICT.] *"District" means a tax increment financing district established within an area as authorized by sections 2 to 10.*

Subd. 9. [ELIGIBLE COSTS.] *"Eligible costs" means the costs eligible for payment from tax increments as provided in section 7.*

Subd. 10. [ELIGIBLE PERSON.] *"Eligible person" means a person who did not own, use, occupy, or contribute to the contamination in, or provide financing with respect to, a contaminated parcel before the date of inclusion in an area of the eligible site which includes the contaminated parcel.*

Subd. 11. [ELIGIBLE SITE.] *"Eligible site" means one or more parcels which satisfy the criteria stated in section 3, subdivision 4.*

[REMEDIATION.] *"Remediation" means activity constituting "removal," "remedy," "remedial action," or "response" as those terms are defined in section 115B.02; environmental audits; pollution tests; demolition necessary to accomplish remediation; soil removal, correction, disposal, or compaction necessary to accomplish remediation; preparation and implementation of environmental response plans; administrative, legal, including litigation, and professional fees; and other activities reasonably related to the prevention or amelioration of contamination.*

Subd. 14. [TAX INCREMENT.] *"Tax increment" means the portion of property taxes derived from taxable property in a district that is allocated under the plan for payment of eligible costs, and the proceeds of tax increment bonds or other obligations payable in whole or in part from tax increments.*

Subd. 15. [TAX INCREMENT BONDS.] *"Tax increment bonds" means bonds or other obligations issued under section 8.*

Subd. 16. [TAX INCREMENT FINANCING ACT.] *"Tax increment financing act" means sections 469.174 to 469.179.*

Sec. 3. [469.302] [ESTABLISHMENT OF SPECIAL ENVIRONMENTAL TREATMENT AREA.]

Subdivision 1. [ESTABLISHMENT OF AN AREA.] *A city may establish an area only in compliance with the requirements of this section.*

Subd. 2. [GEOGRAPHIC DESCRIPTION.] *(a) A city establishing an area shall select eligible sites within its jurisdictional boundaries. Each eligible site must consist of parcels that contain contamination, or the inclusion of which is permitted by subdivision 4, paragraph (b). For the purposes of selection of eligible sites, the city may by resolution authorize testing of a parcel within the city to assess the presence of contamination or to discover facts relevant to whether the parcel should be included in the geographic area described in a plan to remediate present contamination or prevent future contamination, except that:*

(1) the testing must not unreasonably interfere with the current activity occurring on a parcel being tested;

(2) at least ten days before the testing, the city shall provide written notice of the testing to the owner of record of the parcel, each other person with an interest in the parcel whose interest appears in the public land records of the county, and each other person occupying or using the parcel if the city has actual knowledge of the occupancy or use; and

(3) the city shall pay the cost of the testing and the cost of repair or restoration of any property destroyed or damaged by the testing, provided that the city may recover the cost of the testing and other costs from a person who is a responsible person with respect to the parcel tested, if otherwise permitted by law.

(b) A city may request the agency to supervise or provide oversight or provide technical expertise in connection with testing, and the agency may, but is not obligated to, comply with the request. The agency may exercise its powers under section 115B.17, subdivision 14, in connection with the testing. The agency shall, at its request, be reimbursed for its expenses including staff oversight from any funds available to pay eligible costs.

(c) The area must consist of all or some of the eligible sites identified. An area or an eligible site need not consist of contiguous parcels, but the parcels comprising an eligible site in addition to those which contain contamination may be included only as permitted by subdivision 4, paragraph (b). The city shall prepare or cause to be prepared a map showing all of the parcels to be included in the area. The area must also satisfy the requirements of subdivision 5.

Subd. 3. [AREA PLAN.] *The city shall prepare a plan for the area that includes the geographic description and map prepared under subdivision*

2. The plan must describe the proposed activities within the area to:

(1) remediate existing contamination in accordance with the development action response plan required by subdivision 6;

(2) prevent future contamination; and

(3) cause development to occur within the area.

The plan must further estimate the source, amount, and uses of all tax increments and other funds to be used to pay for the activities described in the area plan. The plan must contain the findings required by subdivisions 4 and 5 and must provide sufficient detail to show the basis for the findings. The plan must include a tax increment financing plan under section 469.175, subdivision 1, for each district to be established under the plan, except that a tax increment financing plan may be for more than one district. The plan must describe the specific kinds of development expected to occur, and the increases in tax capacity expected to result from the development.

Subd. 4. [ELIGIBLE SITES.] *(a) Each eligible site, or parcel included in an eligible site, as appropriate, must meet the requirements of paragraphs (b) to (e).*

(b) The parcel must contain contamination, or be necessary for inclusion in the eligible site in order to prevent future contamination or remediate present contamination, or be necessary for inclusion in the eligible site in order to form a development site no larger than that necessary for development to occur on the site.

(c) For each parcel containing contamination, the city shall consider the seriousness of the contamination present in the parcel, the threat posed to the public health by the contamination, and the deterrent effect of the contamination on development of the eligible site which includes the contaminated parcel. The city shall submit a report describing the extent and magnitude of the contamination to the commissioner for approval.

(d) The city shall determine that the contamination present in the eligible site is unlikely to be remediated within five to ten years, or that development of the site is unlikely to occur within five to ten years even if remediation occurs because there is no indemnification against potential environmental liability, unless the city forms the area. In making this determination, the city shall consider the availability of funding for remediation from state and federal agencies and the availability and adequacy of the resources of responsible persons to remediate contamination.

(e) The city shall estimate the likelihood of development of the eligible site if the contamination is remediated and shall determine that development of the eligible site is likely to occur if the area is formed and the actions taken as proposed in the plan for the area.

Subd. 5. [AREA CRITERIA.] *(a) In addition to the criteria for eligible sites stated in subdivision 4, each area must meet the requirements of paragraphs (b) and (c).*

(b) The city must determine that either:

(1) for vacant land, or improved property if the improvements will be demolished prior to development, the estimated costs of remediating present contamination or preventing future contamination of the land within the eligible site are no less than $15,000 times the number of acres included

in the eligible site; or

(2) for improved property if the improvements will not be demolished prior to development, the estimated costs of remediating present contamination or preventing future contamination of the land within the eligible site equal or exceed the fair market value of the property included in the eligible site at the time the eligible site is made part of the area; provided that if the fair market value of the property comprising the eligible site is $200,000 or less, the estimated costs of remediation or prevention must exceed only 50 percent of the fair market value.

(c) The city must determine that establishment of the area, the environmental remediation and prevention activities described in the plan and, if applicable, the establishment of a guaranty or indemnification fund, are necessary to:

(1) allow development to occur on the parcels included in the area because of the reluctance of private parties to assume the risk of the cost of remediation of the contaminated parcels in the area; or

(2) cause the fair market value of the contaminated parcels included in the area to rise to the approximate fair market value of similar property available for development in the county and adjacent counties.

Subd. 6. [DEVELOPMENT ACTION RESPONSE PLAN.] *The city may not establish an area or approve the plan for the area until a development action response plan as defined in section 469.174, subdivision 17, for each contaminated parcel has been submitted to the agency and the commissioner has approved or modified the development action response plan. The commissioner shall review each development action response plan and approve, modify, or reject the recommended actions within 90 days after submission of the plan or revised plan, provided that the commissioner has previously approved an investigation report under subdivision 4, paragraph (c), for the parcel proposed for response action under the plan. Only one contaminated parcel may be included in each development action response plan.*

Subd. 7. [PLAN REVIEW AND APPROVAL.] *(a) The city may not give final approval to the plan until the review, hearing, and approval procedures of this subdivision have been satisfied. The governing body of the city, or city officials designated by the governing body to act in its place, shall conduct a public hearing on the plan. Notice of the public hearing must be published in a newspaper of general circulation within the city at least once and at least 14 days before the public hearing. A copy of the proposed plan must be made available for public inspection on and after the date of publication of the notice of hearing during normal business hours at the principal administrative offices of the city. At the hearing, the city shall receive comments on the plan from all those who desire to speak about it, and shall accept comments submitted in writing at or before the hearing. The city shall also afford others a reasonable opportunity to comment on the plan at the hearing.*

(b) Following the hearing, and any revisions to the plan based on the comments received by the city, the city shall submit the plan to the county and each school district whose jurisdictional boundaries include any part of the area. The county and school district have 30 days in which to review the plan and provide their comments to the city.

(c) Following receipt of comments from the county and school district, or the expiration of the 30-day comment period, the city shall revise the

proposed plan as the city determines appropriate, or as required by federal or state environmental protection laws. The city may then give final approval to the plan, and proceed with implementation of the plan.

Subd. 8. [MODIFICATIONS.] *Following final approval of the plan, the city may eliminate parcels from the area but may not enlarge the area except to add eligible sites. Each enlargement must be evidenced by a written amendment to the plan. The amendment to the plan must comply with the requirements of subdivisions 2 to 7 as though it were a new plan. A development action response plan may be modified only with the approval of the commissioner.*

Subd. 9. [EXTRATERRITORIAL AREA.] *An area may include parcels outside the geographic boundaries of the city only if the city and the adjacent city or township have entered into an agreement of the type described in section 471.59, authorizing the city to exercise the powers granted under sections 2 to 10, subject to the conditions or limitations provided in the agreement. Tax increments derived from the parcels outside the boundaries of the city must be paid to the city unless otherwise provided in the agreement.*

Subd. 10. [REAL PROPERTY.] *A city may acquire real property or interests in real property in connection with the activities authorized by sections 2 to 10, subject to the following limitations:*

(1) the real property must be located within the area;

(2) nothing in any contract or instrument executed by the city may relieve a responsible person from liability for remediation costs, nor indemnify or hold harmless a responsible person from remediation costs; and

(3) the terms and conditions of disposition of real property by the city may be determined by the city, except that the price received by the city, either in a lump sum or in installments, must be the fair market value of the real property at the time of disposition.

All proceeds of the disposition of real property are considered tax increment derived from the area and must be (a) applied to the payment of eligible costs or (b) returned to the county auditor for redistribution.

Sec. 4. [469.303] [STATUS OF AREA; POWERS OF THE CITY; INDEMNIFICATION FUND.]

Subdivision 1. [STATUS OF AREA.] *The area constitutes a "project" of the city within the meaning of section 469.174, subdivision 8; an "industrial development district" as described in section 469.058, subdivision 1; a "project" as described in section 469.002, subdivision 12; and a "development district" as described in section 469.125, subdivision 9. Section 273.1399 does not apply to a district formed under sections 2 to 10.*

Subd. 2. [POWERS OF THE CITY.] *With respect to development of the area, the city may exercise all powers granted under sections 2 to 10 and all powers of or relating to a port authority, a housing and redevelopment authority, and an economic development authority under chapter 469 or other law. The city may establish within the area and modify from time to time one or more tax increment financing districts as provided in the area plan and the tax increment financing act, except as supplemented or otherwise provided under sections 2 to 10, and expend tax increments derived from the districts on eligible costs. The powers conferred by sections 2 to 10 are in addition to the powers conferred by other law or charter. Insofar as the provisions of any other law or charter are inconsistent with sections*

2 to 10, the provisions of sections 2 to 10 are controlling.

Subd. 3. [GUARANTY OR INDEMNIFICATION FUND.] *In addition to the powers otherwise granted under sections 2 to 10, a city may establish and maintain a guaranty or indemnification fund with respect to any contaminated parcel, or more than one such parcel, included within the area. Funds held in the guaranty or indemnification fund must be available, upon terms and conditions determined by the city through agreement or resolution, to an eligible person to indemnify and hold harmless the eligible person from liability for remediation costs arising under any state or federal environmental law, regulation, ruling, order, or decision with respect to the contaminated parcel or parcels by reason of the person's use, occupancy, ownership, or financing associated with the contaminated parcel. The city may not indemnify or hold harmless an eligible person from liability for contamination of a parcel caused by the eligible person. Tax increments derived from a district established as authorized in sections 2 to 10 and any other funds available to the city may be deposited in or otherwise used to secure payments from the guaranty or indemnification fund. Tax increments derived from a district established as authorized by the tax increment financing act may also be deposited in the guaranty or indemnification fund, notwithstanding any contrary provision of the tax increment financing act. The city is liable under the guaranty or indemnification only to the extent of funds available to secure payments from the guaranty or indemnification fund. The maximum amount payable from the guaranty or indemnification fund with respect to any eligible site must not exceed 50 percent of the cost of remediation of the contamination present in the contaminated parcels in the eligible site at the time of final approval of the plan, which amount may be inflated each year according to an appropriate inflation index selected by the city. The guaranty or indemnification fund must be held or maintained in or with a financial institution or corporate fiduciary eligible for the deposit of public money or eligible to act as a trustee or fiduciary for bonds or other obligations issued under chapter 475. The guaranty or indemnification fund must be held and maintained for the period agreed to by the city, except that tax increments may be deposited in the fund only during the period permitted by sections 2 to 10. Upon termination of the period of guaranty or indemnification all unexpended money then held in the guaranty or indemnification fund must be considered excess tax increments and returned to the county auditor for redistribution. Investment earnings, net of investment losses, on money held in the guaranty or indemnification fund may, at the option of the city, be retained in the fund or disbursed to the city and applied to other eligible costs. Tax increments used or pledged to secure payments from the guaranty or indemnification fund may be irrevocably pledged for that purpose, and neither filing nor possession is required to perfect the security interest created by the pledge.*

Sec. 5. [469.304] [LIMITATIONS AND CONDITIONS.]

(a) A tax increment financing district established by a city under sections 2 to 10 is subject to the provisions of paragraphs (b) to (j).

(b) Request for certification of the district must be filed with the county auditor before December 1 of the year following the third year in which the city gives final approval to the plan. The city may by written notice to the county auditor elect to defer receipt of the first increment from a district until a year beginning not later than five years after the date of the request for certification. The election may be amended to provide an earlier year of payment of tax increment if the notice of the amendment is filed with the

county auditor.

(c) A tax increment from an eligible site may not be paid to the city after January 1 of the year that is 25 years after the year of receipt of the first tax increment from the eligible site.

(d) Section 469.1763 does not apply to the district. Tax increment must be expended or reserved for expenditure by the city only for eligible costs. Tax increment derived from a district may be applied to eligible costs incurred anywhere within the area.

(e) Concurrently with the original request for certification, or at any subsequent time during the life of a district within the area and established as provided in the plan, the city may elect in writing to the county auditor to reduce the original net tax capacity of an eligible site, selected by the city, by up to 100 percent. All additional tax increment derived from the reduction must be expended only for the costs of remediation of contaminated parcels within the eligible site, or to make deposits in a guaranty or indemnification fund. When the city has received sufficient amounts of additional tax increment and other funds to pay or to provide for payment of all present and future remediation costs and required deposits in a guaranty or indemnification fund, whether or not the city's undertaking to pay the costs is contingent, the city shall within 60 days notify the county auditor of this occurrence and shall treat all additional tax increment which exceeds the requirements as excess tax increment. The city shall return the excess tax increment to the county auditor for redistribution, and the county auditor shall then increase the original net tax capacity of each district within the area then benefiting from the reduction made under this paragraph to the original net tax capacity that would at the time prevail had no reduction been made. The reduction of the original net tax capacity permitted by this paragraph may be made only upon findings by the city, supported by written reasons or facts, that:

(1) the eligible site contains significant contamination;

(2) the development of the district would not reasonably be expected to occur through private investment and tax increment otherwise available; and

(3) the reduction in the original net tax capacity is not greater than, and the period of receipt by the city of the increased tax increment arising from the reduction is not longer than, the amount and time necessary to provide the additional tax increment required for remediation of the eligible site as set forth in the plan and the development action response plan for the eligible site, or to make required deposits in a guaranty or indemnification fund.

(f) The city shall decertify a district upon receipt of sufficient tax increment from the district to pay, or to provide for the payment of, all of the eligible costs respecting the district. The city shall treat all tax increment that exceeds the requirements as excess tax increment. The city shall return the excess tax increment to the county auditor for redistribution.

(g) In establishing or modifying a district included in the area and established under the plan, section 469.175, subdivisions 1, clauses (1), (3), (4), and (7); 1a; 3; and 7, do not apply and the findings otherwise required by section 469.175, subdivision 3, are not required, except that the city shall make the finding, supported by the city with written reasons and supporting facts, that the action is reasonably required in the judgment of the city in furtherance of the development of the area.

(h) The following provisions of the tax increment financing act do not apply to a district formed under sections 2 to 10; sections 469.174, subdivisions 7, paragraphs (b) and (c); 16; and 17; 469.176, subdivisions 1, paragraphs (d), (e), and (g); 3; 4e; 5; 6; and 7; and 469.1762.

(i) A housing and redevelopment authority, port authority, economic development authority, or county may not exercise the powers granted by this chapter except upon the prior approval, by resolution, of the governing body of the statutory or home rule city or cities or township or townships included in whole or in part within the area established under section 3.

(j) Nothing in sections 2 to 10 or the tax increment financing act may be construed to prevent or preclude a city from establishing one or more tax increment districts under the tax increment financing act for any purpose permitted thereby, and a district may include all or some of an area or a district or an eligible site established under sections 2 to 10. Notwithstanding the provisions of the tax increment financing act, the city may allocate tax increments derived from districts established under the tax increment financing act to eligible costs under sections 2 to 10. Nothing in sections 2 to 10 or the tax increment financing act may be construed to prevent or preclude a city from establishing one or more tax increment districts under sections 2 to 10 for any purpose permitted in those sections, and any district established may include all or some of a district or project established under the tax increment financing act. Tax increments derived from a district established under sections 2 to 10 may be applied only to eligible costs, but if a district established under sections 2 to 10 and a district established under the tax increment financing act overlap, the city may allocate the tax increments derived from the overlapping area in any reasonable manner. The city shall provide to the county a written plan detailing how tax increments derived from overlapping tax increment districts are to be allocated between each district.

Sec. 6. [469.305] [INTER-GOVERNMENTAL COOPERATION AND ASSISTANCE.]

The city, the agency, the attorney general, a city as defined in section 2, subdivision 5, and an agency of the state or the University of Minnesota may cooperate with one another and take individual or collective actions considered necessary or desirable to assist development and remediation within the area, including without limitation the preparation and execution of development action response plans, the rendering of legal and technical advice and other assistance, and the transfer of any of its properties within the area to the city or to other entities in furtherance of the development of the area. All properties so transferred by a state agency or the University of Minnesota shall, whenever included within a district within the area and established pursuant to the plan and notwithstanding any other provision of the tax increment financing act, have an original net tax capacity of zero.

Sec. 7. [469.306] [ELIGIBLE COSTS.]

For the purposes of sections 2 to 10, eligible costs mean all of the following:

(1) the cost to pay, or reimburse any person for the payment of, remediation costs;

(2) the cost of funding a guaranty or indemnification fund created as permitted by section 4, subdivision 3, and payments from the fund, and the

cost of paying the premiums on environmental liability insurance obtained by the city or by any other person with respect to real property within the area;

(3) the cost of paying the principal of and interest on bonds or other obligations of the city and associated costs or the cost of paying the interest on other bonds or other obligations or establishing and maintaining a reserve fund for the other bonds or other obligations, all as permitted by section 8;

(4) the cost of issuing bonds or other obligations payable from tax increments derived from an area and customary associated financing costs, including discount, capitalized interest, and interest on the obligations;

(5) the costs of acquisition of real property within the area;

(6) if necessary for remediation of contamination or prevention of future contamination, the cost of public infrastructure extensions and installations including water, sanitary and storm sewer, ponding and drainage improvements, including improvements located outside the boundaries of the area;

(7) staff oversight costs of the agency, the county's actual administrative expenses as provided in section 469.176, subdivision 4h, and the city's administrative expenses in an amount which does not exceed ten percent of the amount of tax increments and other funds applied to eligible costs;

(8) the costs of actions, including litigation, to recover remediation costs from responsible persons;

(9) the costs of other activities and improvements authorized by sections 2 to 10; and

(10) costs reasonably related to clauses (1) to (9).

All eligible costs are costs of a project for which tax increments and other public funds may be expended.

All costs are payable from tax increments.

Sec. 8. [469.307] [FINANCING.]

To finance eligible costs, the city may issue bonds or other obligations, payable in whole or in part from tax increments derived from districts created in accordance with section 469.178, and the use of tax increments to pay the principal of and interest on the bonds and other costs associated with the bonds is an eligible cost. The city may apply tax increments to pay all or part of the interest on bonds or other obligations issued by public or private entities to finance eligible costs incurred with respect to parcels within the area, or to establish or maintain reserve funds in connection with the bonds or other obligations.

Sec. 9. [469.308] [RELATIONSHIP TO TAX INCREMENT FINANCING ACT.]

Subdivision 1. [IN GENERAL.] *To the extent that any provision of the tax increment financing act conflicts or is otherwise inconsistent with a provision of sections 2 to 10, the provisions of sections 2 to 10 apply. Nothing in sections 2 to 10 limits or prevents the exercise by the city of any power or authority it may have, and the city may, without limitation, in connection with the exercise of any power respecting development or the establishment of a tax increment financing district, elect not to use the authority granted in sections 2 to 10 and instead proceed under and subject to all of the terms*

of the other applicable law, including all provisions of sections 469.174 to 469.179 with respect to a tax increment financing district.

Subd. 2. [GUARANTY OR INDEMNIFICATION FUND.] *Notwithstanding any provision of the tax increment financing act to the contrary, an authority as defined in the tax increment financing act may amend the tax increment financing plan with respect to any district to permit the deposit of tax increments derived from the district, or the proceeds of bonds or other obligations payable from the tax increments, in a guaranty or indemnification fund created under this chapter if the amendment is approved on or before a date that is at least five years before the latest termination date of the district permitted by the tax increment financing act.*

Sec. 10. [469.309] [RESPONSIBLE PERSONS.]

Subdivision 1. [NO INDEMNITY.] *The city may not agree to indemnify or hold harmless a person other than an eligible person as defined in section 2, subdivision 10, from any losses, costs, or damages arising from the application of chapter 115B or other state or federal environmental law.*

Subd. 2. [RECOVERY FROM RESPONSIBLE PERSONS.] *Nothing in sections 2 to 10 may be construed to limit the authority of the city, the agency, the attorney general, and other appropriate state and federal environmental regulatory agencies or persons authorized to enforce state and federal environmental laws to enforce the provisions of state and federal environmental laws against responsible persons. The city shall exercise all reasonable efforts to recover amounts due from responsible persons. All amounts recovered by the city from responsible persons, net of the costs of recovery, and all amounts otherwise received by the city representing all or a portion of amounts recovered from responsible persons, with respect to parcels included in the area must be deposited by the city.*

Subd. 3. [AMOUNTS RECOVERED.] *All amounts deposited with the city, as provided in subdivision 2, are considered tax increment derived from a district formed under sections 2 to 10 and must be:*

(1) applied to the payment of the costs of recovery;

(2) applied to the payment of eligible costs; or

(3) returned to the county auditor for redistribution.

Sec. 11. Laws 1991, chapter 291, article 10, section 23, is amended to read.

Sections 12, except ~~paragraph~~ *paragraphs (f) and* (h), and 13 are effective the day following final enactment and apply to all tax increment financing districts regardless of when certification was requested. *Section 12, paragraph (f), is effective the day following final enactment for economic development districts which are originally certified after June 30, 1991.*

Sections 14 and 15 are effective for violations occurring after December 31, 1990. Section 18 is effective the day after compliance with Minnesota Statutes, section 645.021, by the governing body of the city of Moorhead. Section 19 is effective the day after compliance with Minnesota Statutes, section 645.021, by the governing body of the city of Fergus Falls. "Sec. 13. Minnesota Statutes 1991 Supplement, section 290.06, subdivision 2c, is amended to read:

Subd. 2c. [SCHEDULES OF RATES FOR INDIVIDUALS, ESTATES, AND TRUSTS.] (a) The income taxes imposed by this chapter upon married individuals filing joint returns and surviving spouses as defined in section 2(a) of the Internal Revenue Code of 1986 as amended through December 31, 1989, must be computed by applying to their taxable net income the following schedule of rates:

(1) On the first $19,910, 6 percent;

(2) On all over $19,910, but not over $79,120, 8 percent;

(3) On all over $79,120, *but not over $150,000*, 8.5 percent;

(4) On all over $150,000, 10 percent.

Married individuals filing separate returns, estates, and trusts must compute their income tax by applying the above rates to their taxable income, except that the income brackets will be one-half of the above amounts.

(b) The income taxes imposed by this chapter upon unmarried individuals must be computed by applying to taxable net income the following schedule of rates:

(1) On the first $13,620, 6 percent;

(2) On all over $13,620, but not over $44,750, 8 percent;

(3) On all over $44,750, *but not over $102,600*, 8.5 percent;

(4) On all over $102,600, 10 percent.

(c) The income taxes imposed by this chapter upon unmarried individuals qualifying as a head of household as defined in section 2(b) of the Internal Revenue Code of 1986, as amended through December 31, 1989, must be computed by applying to taxable net income the following schedule of rates:

(1) On the first $16,770, 6 percent;

(2) On all over $16,770, but not over $67,390, 8 percent;

(3) On all over $67,390, *but not over $126,400*, 8.5 percent;

(4) On all over $126,400, 10 percent.

(d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income

for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than $100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to $1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) The numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, less the deduction allowed by section 217 of the Internal Revenue Code of 1986, as amended through December 31, 1990, after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1990, increased by the addition required for interest income from non-Minnesota state and municipal bonds under section 290.01, subdivision 19a, clause (1).

Sec. 14. [290.0803] [PERSONAL EXEMPTION REDUCTION.]

In the case of any taxpayer whose adjusted gross income determined under section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1991, for the taxable year exceeds the threshold amount, the amount taken as a deduction for personal exemptions under section 151 of the Internal Revenue Code of 1986, as amended through December 31, 1991, prior to application of section 151(d)(3), shall be reduced by the applicable percentage. The amount determined under this section shall be added to federal taxable income under section 290.01, subdivision 19a, clause (5).

As used in this section, the term "applicable percentage" means two percentage points for each $1,000 (or fraction thereof) by which the taxpayer's adjusted gross income for the taxable year exceeds the threshold amount. In the case of a married individual filing a separate return, the preceding sentence shall be applied by substituting "$500" for "$1,000." In no event shall the applicable percentage exceed 100 percent.

As used in this section, the term "threshold amount" means:

(1) $100,000 in the case of a joint return or a surviving spouse as defined in section 2(a) of the Internal Revenue Code of 1986, as amended through December 31, 1991;

(2) $83,350 in the case of a head of a household as defined in section 2(b) of the Internal Revenue Code of 1986, as amended through December 31, 1991;

"Sec. 11. [62J.27] [PRACTICE PARAMETERS.]

Subdivision 1. [APPROVAL.] *The commissioner of health, after receiving the advice and recommendations of the Minnesota health care commission, may through rulemaking under chapter 14 approve practice parameters that are supported by medical literature and appropriately controlled studies to minimize unnecessary, unproven, or ineffective care.*

Subd. 2. [MEDICAL MALPRACTICE CASES.] *(a) In an action against a provider for malpractice, error, mistake, or failure to cure, whether based in contract or tort, adherence to a practice parameter approved by the commissioner of health is an absolute defense against an allegation that the provider did not comply with accepted standards of practice in the community.*

(b) Evidence of a departure from a practice parameter is admissible only on the issue of whether the provider is entitled to an absolute defense under paragraph (a).

(c) Paragraphs (a) and (b) apply to claims arising on or after August 1, 1993, or 90 days after the effective date of rules adopted by the commissioner approving the applicable practice parameter, whichever is later.

Sec. 12. [62J.29] [ANTITRUST EXCEPTIONS.]

Subdivision 1. [PURPOSE.] *The legislature finds that the goals of controlling health care costs and improving the quality of and access to health*

care services will be significantly enhanced by some cooperative arrangements involving providers or purchasers that would be prohibited by state and federal antitrust laws if undertaken without governmental involvement. The purpose of this section is to create an opportunity for the state to review proposed arrangements and to substitute regulation for competition when an arrangement is likely to result in lower costs, or greater access or quality, than would otherwise occur in the competitive marketplace. The legislature intends that approval of relationships be accompanied by appropriate conditions, supervision, and regulation to protect against private abuses of economic power.

Subd. 2. [REVIEW AND APPROVAL.] *The commissioner shall establish criteria and procedures to review and authorize contracts, business or financial arrangements, or other activities, practices, or arrangements involving providers or purchasers that might be construed to be violations of state or federal antitrust laws but which are in the best interests of the state and further the policies and goals of this chapter. The commissioner shall not approve any application unless the commissioner finds that the proposed arrangement is likely to result in lower health care costs, or greater access to or quality of health care, than would occur in the competitive marketplace. The commissioner may condition approval of a proposed arrangement on a modification of all or part of the arrangement to eliminate any restriction on competition that is not reasonably related to the goals of controlling costs or improving access or quality. The commissioner may also establish conditions for approval that are reasonably necessary to protect against any abuses of private economic power and to ensure that the arrangement is appropriately supervised and regulated by the state. The commissioner shall actively monitor and regulate arrangements approved under this section to ensure that the arrangements remain in compliance with the conditions of approval. The commissioner may revoke an approval upon a finding that the arrangement is not in substantial compliance with the terms of the application or the conditions of approval.*

Subd. 3. [APPLICATIONS.] *Applications for approval under this section must be filed with the commissioner. An application for approval must describe the proposed arrangement in detail. The application must include at least: the identities of all parties, the intent of the arrangement, the expected effects of the arrangement, an explanation of how the arrangement will control costs or improve access or quality, and financial statements showing how the efficiencies of operation will be passed along to patients and purchasers of health care. The commissioner may ask the attorney general to comment on an application, but the application and any information obtained by the commissioner under this section is not admissible in any proceeding brought by the attorney general based on antitrust.*

Subd. 4. [STATE ANTITRUST LAW.] *Notwithstanding the Minnesota antitrust law of 1971, as amended, in Minnesota Statutes, sections 325D.49 to 325D.66, contracts, business or financial arrangements, or other activities, practices, or arrangements involving providers or purchasers that are approved by the commissioner under this section do not constitute an unlawful contract, combination, or conspiracy in unreasonable restraint of trade or commerce under Minnesota Statutes, sections 325D.49 to 325D.66. Approval by the state commission is an absolute defense against any action under state antitrust laws.*

Subd. 5. [RULEMAKING.] *The commissioner shall by January 1, 1994, adopt permanent rules to implement this section. The commissioner is exempt*

from rulemaking until January 1, 1994."

To be eligible for a grant, a hospital must have 50 or fewer beds and must not be located in a city of the first class. To receive a grant, the hospital must demonstrate to the satisfaction of the commissioner of health that the hospital will close in the absence of state assistance under this subdivision and that the hospital tax is the principal reason for the closure. Sec. 2. Minnesota Statutes 1990, section 60A.15, subdivision 1, is amended to read:

Subdivision 1. [DOMESTIC AND FOREIGN COMPANIES.] (a) On or before April 15, June 15, and December 15 of each year, every domestic and foreign company, including town and farmers' mutual insurance companies ~~and~~, domestic mutual insurance companies, *and nonprofit health service corporations*, shall pay to the commissioner of revenue installments equal to one-third of the insurer's total estimated tax for the current year. Except as provided in paragraph (b), installments must be based on a sum equal to two percent of the premiums described in paragraph (c).

(b) For town and farmers' mutual insurance companies and mutual property and casualty insurance companies other than those (i) writing life insurance, or (ii) whose total assets on December 31, 1989, exceeded $1,600,000,000, the installments must be based on an amount equal to the following percentages of the premiums described in paragraph (c):

(1) for premiums paid after December 31, 1988, and before January 1, 1992, one percent; and

(2) for premiums paid after December 31, 1991, one-half of one percent.

(c) Installments under paragraph (a) or (b) are percentages of gross premiums less return premiums on all direct business received by the insurer in this state, or by its agents for it, in cash or otherwise, during such year, excepting premiums written for marine insurance as specified in subdivision 6.

(d) Failure of a company to make payments of at least one-third of either (1) the total tax paid during the previous calendar year or (2) 80 percent of the actual tax for the current calendar year shall subject the company to the penalty and interest provided in this section, unless the total tax for the current tax year is $500 or less.

Sec. 3. Minnesota Statutes 1990, section 62C.01, subdivision 3, is amended to read:

Subd. 3. [SCOPE.] Every foreign or domestic nonprofit corporation organized for the purpose of establishing or operating a health service plan in Minnesota whereby health services are provided to subscribers to the plan under a contract with the corporation shall be subject to and governed by Laws 1971, chapter 568, and shall not be subject to the laws of this state relating to insurance, except *section 60A.15 and* as otherwise specifically provided. Laws 1971, chapter 568 shall apply to all health service plan corporations incorporated after August 1, 1971, and to all existing health service plan corporations, except as otherwise provided. Nothing in sections 62C.01 to 62C.23 shall apply to prepaid group practice plans. A prepaid group practice plan is any plan or arrangement other than a service plan, whereby health services are rendered to certain patients by providers who devote their professional effort primarily to members or patients of the plan, and whereby the recipients of health services pay for the services on a regular, periodic basis, not on a fee for service basis.

Sec. 4. Minnesota Statutes 1990, section 290.01, subdivision 19b, is amended to read:

Subd. 19b. [SUBTRACTIONS FROM FEDERAL TAXABLE INCOME.] For individuals, estates, and trusts, there shall be subtracted from federal taxable income:

(1) interest income on obligations of any authority, commission, or instrumentality of the United States to the extent includable in taxable income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) if included in federal taxable income, the amount of any overpayment of income tax to Minnesota or to any other state, for any previous taxable year, whether the amount is received as a refund or as a credit to another taxable year's income tax liability;

(3) the amount paid to others not to exceed $650 for each dependent in grades kindergarten to 6 and $1,000 for each dependent in grades 7 to 12, for tuition, textbooks, and transportation of each dependent in attending an elementary or secondary school situated in Minnesota, North Dakota, South Dakota, Iowa, or Wisconsin, wherein a resident of this state may legally fulfill the state's compulsory attendance laws, which is not operated for profit, and which adheres to the provisions of the Civil Rights Act of 1964

and chapter 363. As used in this clause, "textbooks" includes books and other instructional materials and equipment used in elementary and secondary schools in teaching only those subjects legally and commonly taught in public elementary and secondary schools in this state. "Textbooks" does not include instructional books and materials used in the teaching of religious tenets, doctrines, or worship, the purpose of which is to instill such tenets, doctrines, or worship, nor does it include books or materials for, or transportation to, extracurricular activities including sporting events, musical or dramatic events, speech activities, driver's education, or similar programs. In order to qualify for the subtraction under this clause the taxpayer must elect to itemize deductions under section 63(e) of the Internal Revenue Code;

(4) to the extent included in federal taxable income, distributions from a qualified governmental pension plan, an individual retirement account, simplified employee pension, or qualified plan covering a self-employed person that represent a return of contributions that were included in Minnesota gross income in the taxable year for which the contributions were made but were deducted or were not included in the computation of federal adjusted gross income. The distribution shall be allocated first to return of contributions until the contributions included in Minnesota gross income have been exhausted. This subtraction applies only to contributions made in a taxable year prior to 1985;

(5) income as provided under section 290.0802;

(6) the amount of unrecovered accelerated cost recovery system deductions allowed under subdivision 19g; ~~and~~

(7) to the extent included in federal adjusted gross income, income realized on disposition of property exempt from tax under section 290.491~~.~~; *and*

(8) to the extent not deducted in determining federal taxable income, the amount paid for health insurance of self-employed individuals as determined under section 162(l) of the Internal Revenue Code, except that the 25 percent limit does not apply. If the taxpayer deducted insurance payments under section 213 of the Internal Revenue Code of 1986, the subtraction under this clause must be reduced by the lesser of:

(i) the total itemized deductions allowed under section 63(d) of the Internal Revenue Code, less state, local, and foreign income taxes deductible under section 164 of the Internal Revenue Code and the standard deduction under section 63(c) of the Internal Revenue Code; or

(ii) the lesser of (A) the amount of insurance qualifying as "medical care" under section 213(d) of the Internal Revenue Code to the extent not deducted under section 162(1) of the Internal Revenue Code or excluded from income or (B) the total amount deductible for medical care under section 213(a).

A hospital or health care provider must not separately state the tax obligation on bills for services provided to individual patients.*

Sec. 11. [295.56] [TAX PERMIT.]

Subdivision 1. [PERMIT REQUIRED.] *Every wholesale drug distributor must file with the commissioner an application, on a form the commissioner prescribes, for a wholesale drug distributor tax identification number and wholesale drug distributor tax permit. Sec. 13. [295.57] [DEPOSIT OF REVENUES.]

The commissioner shall deposit all revenues, including penalties and interest, derived from the taxes imposed by sections 295.50 to 295.56 in the health care access account in the general fund.

Sec. 14. [295.58] [SEVERABILITY.]

If any section, subdivision, clause, or phrase of sections 295.50 to 295.58 is for any reason held to be unconstitutional, the decision shall not affect the validity of the remaining portions of sections 295.50 to 295.58. The legislature declares that it would have passed sections 295.50 to 295.58 and each section, subdivision, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subdivisions, sentences, clauses, or phrases is declared unconstitutional.

Sec. 18. [TEMPORARY DEPOSIT OF CIGARETTE TAX REVENUES.]

Notwithstanding the provisions of Minnesota Statutes, section 297.13, the revenue provided by 2.5 mills of the tax on cigarettes weighing not more than three pounds a thousand and five mills of the tax on cigarettes weighing more than three pounds a thousand must be credited to the health care access account in the general fund. This section applies only to revenue collected for sales after June 30, 1992, and before January 1, 1994. The cost to the medical assistance program of the proposals approved must be within the limits of the appropriations specifically made for this purpose. Approval of a proposal expires ~~12~~ *18* months after approval by the commissioner of health unless the facility has commenced construction as defined in section 144A.071, subdivision 3, paragraph (b). The board's report to the legislature, as required under section 144A.31, must include the projects approved, the criteria used to recommend proposals for approval, and the estimated costs of the projects, including the costs of initial construction and remodeling, and the estimated operating costs during the first two years after the project is completed.

The committee shall refine state long-term goals, establish performance indicators, and develop other methods or measures to evaluate program performance, including client outcomes. The committee shall review the effectiveness of programs in meeting their objectives.

The committee shall also:

(1) facilitate the development of regional and local bodies to plan and coordinate regional and local services;

(2) recommend a single regional or local point of access for persons seeking information on long-term care services;

(3) recommend changes in state funding and administrative policies that are necessary to maximize the use of home and community-based care and that promote the use of the least costly alternative without sacrificing quality of care; ~~and~~

(4) develop methods of identifying and serving seniors who need minimal services to remain independent but who are likely to develop a need for more extensive services in the absence of these minimal services; *and*

(5) develop and implement strategies for advocating, promoting, and developing long-term care insurance and encourage insurance companies to offer long-term care insurance policies that are affordable and offer a wide range of benefits.

Sec. 4. Minnesota Statutes 1990, section 151.06, subdivision 1, is amended to read:

The suspension shall take effect upon written notice to the pharmacist, specifying the statute or rule violated. At the time it issues the suspension notice, the board shall schedule a disciplinary hearing to be held under the administrative procedure act. The pharmacist shall be provided with at least 20 days notice of any hearing held under this subdivision.

(c) [RULES.] For the purposes aforesaid, it shall be the duty of the board to make and publish uniform rules not inconsistent herewith for carrying out and enforcing the provisions of this chapter. *The board shall adopt rules regarding prospective drug utilization review and patient counseling by pharmacists. Sec. 7. Minnesota Statutes 1990, section 245A.13, subdivision 4, is amended to read:

Subd. 4. [FEE.] A receiver appointed under an involuntary receivership or the managing agent is entitled to a reasonable fee as determined by the court. ~~The fee is governed by section 256B.495.~~

Subdivision 1. [AUTHORITY.] The commissioner shall establish procedures for determining medical assistance and general assistance medical care payment rates under a prospective payment system for inpatient hospital services in hospitals that qualify as vendors of medical assistance. The

commissioner shall establish, by rule, procedures for implementing this section and sections 256.9686, 256.969, and 256.9695. The medical assistance payment rates must be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of recipients in efficiently and economically operated hospitals. Services must meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b), to be eligible for payment *except the commissioner may establish exemptions to specific utilization review requirements based on diagnosis, procedure, or service after notice in the State Register and a 30-day comment period. The commissioner may establish an administrative reconsideration process for appeals of inpatient hospital services determined to be medically unnecessary. The reconsideration process shall take place prior to the contested case procedures of chapter 14 and shall be conducted by physicians that are independent of the case under reconsideration. A majority decision by the physicians is necessary to make a determination that the services were not medically necessary. Notwithstanding section 256B.72, the commissioner may recover inpatient hospital payments for services that have been determined to be medically unnecessary under the reconsideration process.*

Sec. 9. Minnesota Statutes 1991 Supplement, section 256.969, subdivision 2, is amended to read:

Subd. 2. [DIAGNOSTIC CATEGORIES.] The commissioner shall use to the extent possible existing diagnostic classification systems, including the system used by the Medicare program to determine the relative values of inpatient services and case mix indices. The commissioner may combine diagnostic classifications into diagnostic categories and may establish separate categories and numbers of categories based on program eligibility or hospital peer group. Relative values shall be recalculated when the base year is changed. Relative value determinations shall include paid claims for admissions during each hospital's base year. The commissioner may extend the time period forward to obtain sufficiently valid information to establish relative values. Relative value determinations shall not include property cost data, Medicare crossover data, and data on admissions that are paid a per day transfer rate under subdivision ~~13~~ *14*. The computation of the base year cost per admission must include identified outlier cases and their weighted costs up to the point that they become outlier cases, but must exclude costs recognized in outlier payments beyond that point. The commissioner may recategorize the diagnostic classifications and recalculate relative values and case mix indices to reflect actual hospital practices, the specific character of specialty hospitals, or to reduce variances within the diagnostic categories after notice in the State Register and a 30-day comment period.

Sec. 10. Minnesota Statutes 1991 Supplement, section 256.9751, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings given them.

Sec. 11. Minnesota Statutes 1991 Supplement, section 256.9751, subdivision 6, is amended to read:

Subd. 6. [CRITERIA FOR SELECTION.] The Minnesota board on aging shall select projects under this section according to the following criteria:

(1) the extent to which the proposed project assists older persons to age-in-place to prevent or delay nursing home placement;

(2) the extent to which the proposed project identifies the needs of project participants;

(3) the extent to which the proposed project identifies how the on-site coordinator will help meet the needs of project participants;

(4) the extent to which the proposed project *plan* assures the availability of one meal a day, seven days a week, for ~~participants~~ *each elderly participant* in need;

(5) the extent to which the proposed project demonstrates involvement of participants and family members in the project; and

(6) the extent to which the proposed project demonstrates involvement of housing providers and public and private service agencies, including area agencies on aging.

Sec. 12. Minnesota Statutes 1990, section 256B.056, subdivision 1a, is amended to read:

Subd. 1a. [INCOME AND ASSETS GENERALLY.] Unless specifically required by state law or rule or federal law or regulation, the methodologies used in counting income and assets to determine eligibility for medical assistance shall be as follows: (a) for persons whose eligibility category is based on blindness, disability, or age of 65 or more years, the methodologies for the supplemental security income program shall be used; and (b) for families and children, which includes all other eligibility categories, the methodologies for the aid to families with dependent children program under section 256.73 shall be used. For these purposes, a "methodology" does not include an asset or income standard, ~~budgeting~~ or accounting method, or method of determining effective dates.

Sec. 13. Minnesota Statutes 1990, section 256B.056, subdivision 2, is amended to read:

Subd. 2. [HOMESTEAD; *EXCLUSION FOR INSTITUTIONALIZED PERSONS.*] ~~To be eligible for medical assistance, a person must not own, individually or together with the person's spouse, real property other than the homestead. For the purposes of this section, "homestead" means the house owned and occupied by the applicant or recipient as a primary place of residence, together with the contiguous land upon which it is situated.~~ *The homestead shall be excluded for the first six calendar months of a person's stay in a long-term care facility and shall continue to be excluded for as long as the recipient can be reasonably expected to return, as provided under the methodologies for the supplemental security income program.* The homestead shall continue to be excluded for persons residing in a long-term care facility if it is used as a primary residence by one of the following individuals:

(a) the spouse;

(b) a child under age 21;

(c) a child of any age who is blind or permanently and totally disabled as defined in the supplemental security income program;

(d) a sibling who has equity interest in the home and who resided in the home for at least one year immediately before the date of the person's admission to the facility; or

(e) a child of any age, or, subject to federal approval, a grandchild of any age, who resided in the home for at least two years immediately before the date of the person's admission to the facility, and who provided care to the person that permitted the person to reside at home rather than in an institution.

~~The homestead is also excluded for the first six calendar months of the person's stay in the long-term care facility. The person's equity in the homestead must be reduced to an amount within limits or excluded on another basis if the person remains in the long-term care facility for a period longer than six months. Real estate not used as a home may not be retained unless the property is not salable, the equity is $6,000 or less and the income produced by the property is at least six percent of the equity, or the excess real property is exempted for a period of nine months if there is a good faith effort to sell the property and a legally binding agreement is signed to repay the amount of assistance issued during that nine months.~~

Sec. 14. Minnesota Statutes 1990, section 256B.056, subdivision 3, is amended to read:

Subd. 3. [ASSET LIMITATIONS.] To be eligible for medical assistance, a person must not individually own more than $3,000 in assets, or if a member of a household with two family members (husband and wife, or parent and child), the household must not own more than $6,000 in assets, plus $200 for each additional legal dependent. In addition to these maximum amounts, an eligible individual or family may accrue interest on these amounts, but they must be reduced to the maximum at the time of an eligibility redetermination. ~~For residents of long-term care facilities, the accumulation of the clothing and personal needs allowance pursuant to section 256B.35 must also be reduced to the maximum at the time of the eligibility redetermination. The value of the items in paragraphs (a) to (i) are not considered in determining medical assistance eligibility.~~ *The accumulation of the clothing and personal needs allowance pursuant to section 256B.35*

must also be reduced to the maximum at the time of the eligibility redetermination. The value of assets that are not considered in determining eligibility for medical assistance is the value of those assets that are excluded by the aid to families with dependent children program for families and children, and the supplemental security income program for aged, blind, and disabled persons, with the following exceptions:

(a) ~~The homestead is not considered.~~

~~(b)~~ Household goods and personal effects are not considered.

~~(c) Personal property used as a regular abode by the applicant or recipient is not considered.~~

~~(d) A lot in a burial plot for each member of the household is not considered.~~

~~(e)~~ *(b)* Capital and operating assets of a trade or business that the local agency determines are necessary to the person's ability to earn an income are not considered.

~~(f) Insurance settlements to repair or replace damaged, destroyed, or stolen property are considered to the same extent as in the related cash assistance programs.~~

~~(g) One motor vehicle that is licensed pursuant to chapter 168 and defined as: (1) passenger automobile, (2) station wagon, (3) motorcycle, (4) motorized bicycle or (5) truck of the weight found in categories A to E, of section 168.013, subdivision 1e, and that is used primarily for the person's benefit is not considered.~~

~~To be excluded, the vehicle must have a market value of less than $4,500; be necessary to obtain medically necessary health services; be necessary for employment; be modified for operation by or transportation of a handicapped person; or be necessary to perform essential daily tasks because of climate, terrain, distance, or similar factors. The equity value of other motor vehicles is counted against the asset limit.~~

~~(h) Life insurance policies and assets designated as burial expenses, according to the standards and restrictions of the supplemental security income (SSI) program.~~

~~(i) Other items excluded by federal law are not considered.~~

(c) Motor vehicles are excluded to the same extent excluded by the supplemental security income program.

(d) Assets designated as burial expenses are excluded to the same extent excluded by the supplemental security income program.

Sec. 15. Minnesota Statutes 1990, section 256B.059, subdivision 2, is amended to read:

Subd. 2. [ASSESSMENT OF SPOUSAL SHARE.] At the beginning of a continuous period of institutionalization of a person, at the request of either the institutionalized spouse or the community spouse, or upon application for medical assistance, the total value of assets in which either the institutionalized spouse or the community spouse had an interest at the time of *the first period of* institutionalization *of 30 days or more* shall be assessed and documented and the spousal share shall be assessed and documented.

Sec. 16. Minnesota Statutes 1991 Supplement, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, *after receiving recommendations from the Minnesota medical association and the Minnesota pharmacists association*, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee ~~shall~~ *may* review and recommend drugs which require prior authorization. *Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization:*

(1) the drug formulary committee must develop criteria to be used for identifying drugs;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care, and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these

facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of $.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(c) Until January 4, 1993, or the date the Medicaid Management Information System (MMIS) upgrade is implemented, whichever occurs last, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spend-down, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spend-down amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to

the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spend-down of (1) their right to appeal the denial of services on the grounds that they have satisfied the spend-down requirement, and (2) their potential eligibility for the health right program or the children's health plan.

Sec. 17. Minnesota Statutes 1991 Supplement, section 256B.0625, subdivision 19a, is amended to read:

Subd. 19a. [PERSONAL CARE SERVICES.] Medical assistance covers personal care services in a recipient's home. Recipients *authorized to receive personal care in the home* who can direct their own care, or persons who cannot direct their own care when ~~accompanied~~ *authorized* by the responsible party, may use approved hours outside the home when normal life activities take them outside the home and when, without the provision of personal care, their health and safety would be jeopardized. Medical assistance does not cover personal care services at a hospital, nursing facility, intermediate care facility or a health care facility licensed by the commissioner of health, except as authorized in section 256B.64 for ventilator-dependent recipients in hospitals. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed for personal care services in an in-home setting according to section 256B.0627. All personal care services must be provided according to section 256B.0627. Personal care services may not be reimbursed if the personal care assistant is the spouse of the recipient ~~or~~, the parent of a recipient under age 18, the responsible party, the foster care provider of a recipient who cannot direct ~~their~~ *the recipient's* own care or the recipient's legal guardian, *unless in the case of the foster care provider a county or state case manager visits the recipient as needed but not less than every six months to monitor the health and safety of the recipient and to ensure the goals of the plan of care are being met.* Parents of adult recipients, adult children of the recipient or adult siblings of the recipient may be reimbursed for personal care services if they are granted a waiver under section 256B.0627. ~~An exception for foster care providers may be made according to section 256B.0627, subdivision 5, paragraph (j).~~

Sec. 18. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 31. [MEDICAL SUPPLIES AND EQUIPMENT.] *Medical assistance covers medical supplies and equipment. Separate payment outside of the facility's payment rate shall be made for wheelchairs and wheelchair accessories for recipients who are residents of intermediate care facilities for the mentally retarded. Reimbursement for wheelchairs and wheelchair accessories for ICF/MR recipients shall be subject to the same conditions and limitations as coverage for recipients who do not reside in institutions. A wheelchair purchased outside of the facility's payment rate is the property of the recipient.*

Subdivision 1. [~~DEFINITION~~ *DEFINITIONS.*] *(a)* "Home care services" means a health service, determined by the commissioner as medically necessary, that is ordered by a physician and documented in a care plan that

is reviewed by the physician at least once every 60 days for the provision of home health services, or private duty nursing, or at least once every 365 days for personal care. Home care services are provided to the recipient at the recipient's residence that is a place other than a hospital or ~~long-term~~ *health* care facility or as specified in section 256B.0625.

(d) "Responsible party" means an individual residing with a recipient of personal care services who is capable of providing the support care necessary to assist the recipient to live independently, is at least 18 years old, is not a personal care assistant, and does not have any direct financial interest in the provision of the personal care services. Responsible parties who are parents of minors or guardians of minors or incapacitated persons may delegate the responsibility to another adult during a temporary absence of at least 24 hours but not more than six months. The person delegated as a responsible party must be able to meet the definition of responsible party, except that the delegated responsible party is required to reside with the recipient only during the time that they are serving as the delegated responsible party. Foster care license holders may be designated the responsible party for residents of the foster care home who cannot direct their own care if case management is being provided according to section 256B.0625, subdivision 19a.

Sec. 20. Minnesota Statutes 1991 Supplement, section 256B.0627, subdivision 4, is amended to read:

Sec. 21. Minnesota Statutes 1990, section 256B.064, is amended by adding a subdivision to read:

Subd. 1d. [RECOVERY OF INVESTIGATIVE COSTS.] *The commissioner may seek recovery of investigative costs from any vendor of medical care or services who willfully submits a claim for reimbursement for services the vendor knows, or reasonably should have known, is a false representation and which results in the payment of public funds for which the vendor is*

ineligible. Billing errors deemed to be unintentional, but which result in overcharges, shall not be considered for investigative cost recoupment.

Sec. 22. Minnesota Statutes 1991 Supplement, section 256B.064, subdivision 2, is amended to read:

Subd. 2. The commissioner shall determine monetary amounts to be recovered and the sanction to be imposed upon a vendor of medical care for conduct described by subdivision 1a. *Except in the case of a conviction for conduct described in subdivision 1a,* neither a monetary recovery nor a sanction will be sought by the commissioner without prior notice and an opportunity for a hearing, pursuant to chapter 14, on the commissioner's proposed action, provided that the commissioner may suspend or reduce payment to a vendor of medical care, except a nursing home or convalescent care facility, prior to the hearing if in the commissioner's opinion that action is necessary to protect the public welfare and the interests of the program.

Upon receipt of a notice that a monetary recovery or sanction is to be imposed, a vendor may request a contested case, as defined in section 14.02, subdivision 3, by filing with the commissioner a written request of appeal. The appeal request must be received by the commissioner no later than 30 days after the date the notification of monetary recovery or sanction was mailed to the vendor. The appeal request must specify:

(1) each disputed item, the reason for the dispute, and an estimate of the dollar amount involved for each disputed item;

(2) the computation that the vendor believes is correct;

(3) the authority in statute or rule upon which the vendor relies for each disputed item;

(4) the name and address of the person or entity with whom contacts may be made regarding the appeal; and

(5) other information required by the commissioner.

Sec. 23. Minnesota Statutes 1991 Supplement, section 256B.0911, subdivision 3, is amended to read:

Subd. 3. [PERSONS RESPONSIBLE FOR CONDUCTING THE PREADMISSION SCREENING.] (a) A local screening team shall be established by the county agency and the county public health nursing service of the local board of health. Each local screening team shall be composed of a social worker and a public health nurse from their respective county agencies. *If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year experience in home care to participate on the team.* Two or more counties may collaborate to establish a joint local screening team or teams.

(b) Both members of the team must conduct the screening. However, individuals who are being transferred from an acute care facility to a certified nursing facility *and individuals who are admitted to a certified nursing facility on an emergency basis* may be screened by only one member of the screening team in consultation with the other member.

(c) In assessing a person's needs, each screening team shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician shall be included on the screening team if the physician chooses to participate. Other

personnel may be included on the team as deemed appropriate by the county agencies.

(d) If a person who has been screened must be reassessed to assign a case mix classification because admission to a nursing facility occurs later than the time allowed by rule following the initial screening and assessment, the reassessment may be completed by the public health nurse member of the screening team.

Sec. 24. Minnesota Statutes 1991 Supplement, section 256B.0911, is amended by adding a subdivision to read:

Subd. 7a. [CASE MIX ASSESSMENTS.] *The nursing facility is authorized to conduct all case mix assessments for persons who have been admitted to the facility prior to a preadmission screening. The county shall conduct the case mix assessment for all persons screened within ten working days prior to admission. The county retains the responsibility of distributing appropriate case mix forms to the nursing facility.*

Sec. 25. Minnesota Statutes 1991 Supplement, section 256B.0911, subdivision 8, is amended to read:

Subd. 8. [ADVISORY COMMITTEE.] The commissioner shall appoint an advisory committee to advise the commissioner on the preadmission screening program, the alternative care program under section 256B.0913, and the home- and community-based services waiver programs for the elderly and the disabled. The advisory committee shall review policies and procedures and provide advice and technical assistance to the commissioner regarding the effectiveness and the efficient administration of the programs. The advisory committee must consist of not more than ~~20~~ *22* people appointed by the commissioner and must be comprised of representatives from public agencies, public and private service providers, *two representatives of nursing home associations*, and consumers from all areas of the state. Members of the advisory committee must not be compensated for service.

Sec. 26. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 8, is amended to read:

Subd. 8. [REQUIREMENTS FOR INDIVIDUAL CARE PLAN.] The case manager shall implement the plan of care for each 180-day eligible client and ensure that a client's service needs and eligibility are reassessed at least every six months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation liability. The lead agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program. The lead agency shall provide documentation in each individual's plan of care and to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified

providers, both public and private. *The case manager must give the individual a ten-day written notice of any decrease in or termination of alternative care services.*

Sec. 27. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 11, is amended to read:

Subd. 11. [TARGETED FUNDING.] (a) The purpose of targeted funding is to make additional money available to counties with the greatest need. Targeted funds are not intended to be distributed equitably among all counties, but rather, allocated to those with long-term care strategies that meet state goals.

(b) The funds available for targeted funding shall be the total appropriation for each fiscal year minus county allocations determined under subdivision 10 as adjusted for any inflation increases provided in appropriations for the biennium.

(c) The commissioner shall allocate targeted funds to counties that demonstrate to the satisfaction of the commissioner that they have developed feasible plans to increase alternative care ~~grant~~ spending. In making targeted funding allocations, the commissioner shall use the following priorities:

(1) counties that received a lower allocation in fiscal year 1991 than in fiscal year 1990. Counties remain in this priority until they have been restored to their fiscal year 1990 level plus inflation;

(2) counties that sustain a base allocation reduction for failure to spend 95 percent of the allocation if they demonstrate that the base reduction should be restored;

(3) counties that propose projects to divert community residents from nursing home placement or convert nursing home residents to community living; and

(4) counties that can otherwise justify program growth by demonstrating the existence of waiting lists, demographically justified needs, or other unmet needs.

(d) Counties that would receive targeted funds according to paragraph (c) must demonstrate to the commissioner's satisfaction that the funds would be appropriately spent by showing how the funds would be used to further the state's alternative care goals as described in subdivision 1, and that the county has the administrative and service delivery capability to use them.

(e) The commissioner shall request applications by June 1 each year, for county agencies to apply for targeted funds. The counties selected for targeted funds shall be notified of the amount of their additional funding by August 1 of each year. Targeted funds allocated to a county agency in one year shall be treated as part of the county's base allocation for that year in determining allocations for subsequent years. No reallocations between counties shall be made.

(f) The allocation for each year after fiscal year 1992 shall be determined using the previous fiscal year's allocation, including any targeted funds, as the base and then applying the criteria under subdivision 10, paragraphs (c), (d), and (f), to the current year's expenditures.

Sec. 28. Minnesota Statutes 1991 Supplement, section 256B.0915, is amended by adding a subdivision to read:

Subd. 4. [TERMINATION NOTICE.] *The case manager must give the individual a ten-day written notice of any decrease in or termination of waivered services.*

Sec. 29. Minnesota Statutes 1991 Supplement, section 256B.0915, is amended by adding a subdivision to read:

Subd. 5. [REASSESSMENTS FOR WAIVER CLIENTS.] *A reassessment of a client served under the elderly or disabled waiver must be conducted at least every six months and at other times when the case manager determines that there has been significant change in the client's functioning. This may include instances where the client is discharged from the hospital.*

Sec. 30. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 2, is amended to read:

Subd. 2. [DESIGN OF SAIL PROJECTS; LOCAL LONG-TERM CARE COORDINATING TEAM.] (a) The commissioner of human services shall establish SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.

(b) To be selected for the project, a county board~~,~~ or boards ~~under a joint powers agreement,~~ must establish a long-term care coordinating team consisting of county social service agencies, public health nursing service agencies, local boards of health, and the area agencies on aging in a geographic area which is responsible for:

(1) developing a local long-term care strategy consistent with state goals and objectives;

(2) submitting an application to be selected as a project;

(3) coordinating planning for funds to provide services to elderly persons, including funds received under Title III of the Older Americans Act, Community Social Services Act, Title XX of the Social Security Act and the Local Public Health Act; and

(4) ensuring efficient services provision and nonduplication of funding.

(c) The board~~,~~ or boards ~~under a joint powers agreement,~~ shall designate a public agency to serve as the lead agency. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must semiannually evaluate the progress of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(d) Each member of the local coordinating team must indicate its endorsement of the local strategy. The local long-term care coordinating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(e) The board~~,~~ or boards ~~under a joint powers agreement,~~ shall apply to

be selected as a project. If the project is selected, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(f) Projects shall be selected according to the following conditions:

(1) No project may be selected unless it demonstrates that:

(i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;

(ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;

(iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;

(iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least four counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation with consumers and other agencies and organizations, both public and private, in planning for service delivery.

(2) If only two projects are selected, at least one of them must be from a metropolitan statistical area as determined by the United States Census Bureau; if three or four projects are selected, at least one but not more than two projects must be from a metropolitan statistical area; and if more than four projects are selected, at least two but not more than three projects must be from a metropolitan statistical area.

(3) Counties or groups of counties that submit a proposal for a project shall be assigned to types defined by institutional utilization rate and population growth rate in the following manner:

(i) Each county or group of counties shall be measured by the utilization rate of nursing homes and boarding care homes and by the projected growth rate of its population aged 85 and over between 1990 and 2000. For the purposes of this section, "utilization rate" means the proportion of the seniors aged 65 or older in the county or group of counties who reside in a licensed nursing home or boarding care home as determined by the most recent census of residents available from the department of health and the population estimates of the state demographer or the census, whichever is more recent. The "projected growth rate" is the rate of change in the county or group of counties of the population group aged 85 or older between 1990 and 2000 according to the projections of the state demographer.

(ii) The institutional utilization rate of a county or group of counties shall be converted to a category by assigning a "high utilization" category if the rate is above the median rate of all counties, and a "low utilization" category otherwise. The projected growth rate of a county or group of counties shall be converted to a category by assigning a score of "high growth" category if the rate is above the median rate of all counties, and a "low growth" category otherwise.

(iii) Types of areas shall be defined by the four combinations of the scores defined in item (ii): type 1 is low utilization - high growth, type 2 is high utilization - high growth, type 3 is high utilization - low growth, and type 4 is low utilization - low growth. Each county or group of counties making a proposal shall be assigned to one of these types.

(4) Projects shall be selected from each of the types in the order that the types are listed in paragraph (3), item (iii), with available funding allocated to projects until it is exhausted, with no more than 30 percent of available funding allocated to any one project. Available funding includes state administrative funds which have been appropriated for screening functions in subdivision 4, paragraph (b), clause (3), and for service developers and incentive grants in subdivision 5.

(5) If more than one county or group of counties within one of the types defined by paragraph (3) proposes a special project that meets all of the other conditions in paragraphs (1) and (2), the project that demonstrates the most cost-effective proposals in terms of the number of nursing home placements that can be expected to be diverted or converted to alternative care services per unit of cost shall be selected.

(6) If more than one county applies for a specific project under this subdivision, all participating county boards must indicate intent to work cooperatively through individual board resolutions or a joint powers agreement.

Sec. 31. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 3, is amended to read:

Subd. 3. [LOCAL LONG-TERM CARE STRATEGY.] The local long-term care strategy must list performance outcomes and indicators which meet the state's objectives. The local strategy must provide for:

(1) accessible information, assessment, and preadmission screening activities as described in subdivision 4;

(2) an application for expansion of alternative care targeted funds under section 256B.0913, for serving 180-day eligible clients, including those who are relocated from nursing homes; *and*

(3) the development of additional services such as adult family foster care homes; family adult day care; assisted living projects and congregate housing service projects in apartment buildings; expanded home care services for evenings and weekends; expanded volunteer services; and caregiver support and respite care projects~~; and~~

~~(4) development and implementation of strategies for advocating, promoting, and developing long-term care insurance and encouraging insurance companies to offer long-term care insurance policies that are affordable and offer a wide range of benefits~~.

The county or groups of counties selected for the projects shall be required to comply with federal regulations, alternative care funding policies in section 256B.0913, and the federal waiver programs' policies in section 256B.0915. The requirements for preadmission screening as defined in section 256B.0911, subdivisions 1 to 6, are waived for those counties selected as part of a long-term care strategy project. For persons who are eligible for medical assistance or who are 180-day eligible clients and who are screened after nursing facility admission, the nursing facility must include a screener in the discharge planning process for those individuals

who the screener has determined have discharge potential. The agency responsible for the screening function in subdivision 4 must ensure a smooth transition and follow-up for the individual's return to the community. Requirements for an access, screening, and assessment function replace the preadmission screening requirements and are defined in subdivision 4. Requirements for the service development and service provision are defined in subdivision 5.

Sec. 32. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 4, is amended to read:

Subd. 4. [ACCESSIBLE INFORMATION, SCREENING, AND ASSESSMENT FUNCTION.] (a) The projects selected by and under contract with the commissioner shall establish an accessible information, screening, and assessment function for persons who need assistance and information regarding long-term care. This accessible information, screening, and assessment activity shall include information and referral, early intervention, follow-up contacts, telephone triage as defined in paragraph (f), home visits, assessments, preadmission screening, and relocation case management for the frail elderly and their caregivers in the area served by the county or counties. The purpose is to ensure that information and help is provided to elderly persons and their families in a timely fashion, when they are making decisions about long-term care. These functions may be split among various agencies, but must be coordinated by the local long-term care coordinating team.

(b) Accessible information, screening, and assessment functions shall be reimbursed as follows:

(1) The screenings of all persons entering nursing homes shall be reimbursed by the nursing homes in the counties of the project, through the same policy that is in place in fiscal year 1992 as established in section 256B.0911. The amount a nursing home pays to the county agency is that amount identified and approved in the February 15, 1991, estimated number of screenings and associated expenditures. This amount remains the same for fiscal year 1993;

(2) The level I screenings and the level II assessments required by Public Law Numbers 100-203 and 101-508 (OBRA) for persons with mental illness, mental retardation, or related conditions, are reimbursed through administrative funds with 75 percent federal funds and 25 percent state funds, as allowed by federal regulations and established in the contract; and

(3) Additional state administrative funds shall be available for the access, screening, and assessment activities that are not reimbursed under clauses (1) and (2). This amount shall not exceed the amount authorized in the guidelines and in instructions for the application and must be within the amount appropriated for this activity.

(c) The amounts available under paragraph (b) are available to the county or counties involved in the project to cover staff salaries and expenses to provide the services in this subdivision. The lead agency shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide the services listed in this subdivision.

(d) Any information and referral functions funded by other sources, such as Title III of the Older Americans Act and Title XX of the Social Security Act and the Community Social Services Act, shall be considered by the local long-term care coordinating team in establishing this function to avoid

duplication and to ensure access to information for persons needing help and information regarding long-term care.

(e) The staffing for the screening and assessment function must include, but is not limited to, a county social worker and a county public health nurse. The social worker and public health nurse are responsible for all assessments that are required to be completed by a professional. However, only one of these professionals is required to be present for the assessment. *If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year experience in home care to conduct the assessment.*

(f) All persons entering a Medicaid certified nursing home or boarding care home must be screened through an assessment process, although the decision to conduct a face-to-face interview is left with the county social worker and the county public health nurse. All applicants to nursing homes must be screened and approved for admission by the county social worker or the county public health nurse named by the lead agency or the agencies which are under contract with the lead agency to manage the access, screening, and assessment functions. For applicants who have a diagnosis of mental illness, mental retardation, or a related condition, and are subject to the provisions of Public Law Numbers 100-203 and 101-508, their admission must be approved by the local mental health authority or the local developmental disabilities case manager.

The commissioner shall develop instructions and assessment forms for telephone triage and on-site screenings to ensure that federal regulations and waiver provisions are met.

For purposes of this section, the term "telephone triage" refers to a telephone or face-to-face consultation between health care and social service professionals during which the clients' circumstances are reviewed and the county agency professional sorts the individual into categories: (1) needs no screening, (2) needs an immediate screening, or (3) needs a screening after admission to a nursing home or after a return home. The county agency professional shall authorize admission to a nursing home according to the provisions in section 256B.0911, subdivision 7.

(g) The requirements for case mix assessments by a preadmission screening team may be waived and the nursing home shall complete the case mix assessments which are not conducted by the county public health nurse according to the procedures established under Minnesota Rules, part 9549.0059. The appropriate county or the lead agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.

(h) The lead agency or the agencies under contract with the lead agency which are responsible for the accessible information, screening, and assessment function must complete the forms and reports required by the commissioner as specified in the contract.

Sec. 33. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 5, is amended to read:

Subd. 5. [SERVICE DEVELOPMENT AND SERVICE DELIVERY.] (a) In addition to the access, screening, and assessment activity, each local strategy may include provisions for the following:

(1) expansion of alternative care to serve an increased caseload, over the

fiscal year 1991 average caseload, of at least 100 persons each year who are assessed prior to nursing home admission and persons who are relocated from nursing homes, which results in a reduction of the medical assistance nursing home caseload;

(2) the addition of a full-time staff person who is responsible to develop the following services and recruit providers as established in the contract:

(i) additional adult family foster care homes;

(ii) family adult day care providers as defined in section 256B.0919, subdivision 2;

(iii) an assisted living program in an apartment;

(iv) a congregate housing service project in a subsidized housing project; and

(v) the expansion of evening and weekend coverage of home care services as deemed necessary by the local strategic plan;

(3) small incentive grants to new adult family care providers for renovations needed to meet licensure requirements;

(4) a plan to apply for a congregate housing service project as identified in section 256.9751, authorized by the Minnesota board on aging, to the extent that funds are available;

(5) a plan to divert new applicants to nursing homes and to relocate a targeted population from nursing homes, using the individual's own resources or the funding available for services;

(6) one or more caregiver support and respite care projects, as described in subdivision 6; and

(7) one or more living-at-home/block nurse projects, as described in subdivisions 7 to 10.

(b) The expansion of alternative care clients under paragraph (a) shall be accomplished with the funds provided under section 256B.0913, and includes the allocation of targeted funds. The funding for all participating counties must be coordinated by the local long-term care coordinating team and must be part of the local long-term care strategy. *Targeted alternative care funds received through the SAIL project approval process may be transferred from one SAIL county to another within a designated SAIL project area during a fiscal year as authorized by the local long-term care coordinating team and approved by the commissioner. The base allocation used for a future year shall reflect the final transfer.* Each county retains responsibility for reimbursement as defined in section 256B.0913, subdivision 12. All other requirements for the alternative care program must be met unless an exception is provided in this section. The commissioner may establish by contract a reimbursement mechanism for alternative care that does not require invoice processing through the medical assistance management information system (MMIS). The commissioner and local agencies must assure that the same client and reimbursement data is obtained as is available under MMIS.

(c) The administration of these components is the responsibility of the agencies selected by the local coordinating team and under contract with the local lead agency. However, administrative funds for paragraph (a), clauses (2) to (5), and grant funds for paragraph (a), clauses (6) and (7),

shall be granted to the local lead agency. The funding available for each component is based on the plan submitted and the amount negotiated in the contract.

Sec. 34. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 6, is amended to read:

Subd. 6. [~~STATEWIDE CAREGIVER SUPPORT AND RESPITE CARE RESOURCE CENTER;~~ CAREGIVER SUPPORT AND RESPITE CARE PROJECTS.] (a) ~~The commissioner shall establish and maintain a statewide resource center for caregiver support and respite care. The resource center shall:~~

~~(1) provide information, technical assistance, and training statewide to county agencies and organizations on direct service models of caregiver support and respite care services;~~

~~(2) identify and address issues, concerns, and gaps in the statewide network for caregiver support and respite care;~~

~~(3) maintain a statewide caregiver support and respite care directory;~~

~~(4) educate caregivers on the availability and use of caregiver and respite care services;~~

~~(5) promote and expand caregiver training and support groups using existing networks when possible; and~~

~~(6) apply for and manage grants related to caregiver support and respite care.~~

~~(b)~~ The commissioner shall establish up to 36 projects to expand the respite care network in the state and to support caregivers in their responsibilities for care. The purpose of each project shall be to:

(1) establish a local coordinated network of volunteer and paid respite workers;

(2) coordinate assignment of respite workers to clients and care receivers and assure the health and safety of the client; and

(3) provide training for caregivers and ensure that support groups are available in the community.

~~(c)~~ *(b)* The caregiver support and respite care funds shall be available to the four to six local long-term care strategy projects designated in subdivisions 1 to 5.

~~(d)~~ *(c)* The commissioner shall publish a notice in the State Register to solicit proposals from public or private nonprofit agencies for the projects not included in the four to six local long-term care strategy projects defined in subdivision 2. A county agency may, alone or in combination with other county agencies, apply for caregiver support and respite care project funds. A public or nonprofit agency *within a designated SAIL project area* may apply for project funds if the agency has a letter of agreement with the county or counties in which services will be developed, stating the intention of the county or counties to coordinate their activities with the agency requesting a grant.

~~(e)~~ *(d)* The commissioner shall select grantees based on the following criteria:

(1) the ability of the proposal to demonstrate need in the area served, as

evidenced by a community needs assessment or other demographic data;

(2) the ability of the proposal to clearly describe how the project will achieve the purpose defined in paragraph (b);

(3) the ability of the proposal to reach underserved populations;

(4) the ability of the proposal to demonstrate community commitment to the project, as evidenced by letters of support and cooperation as well as formation of a community task force;

(5) the ability of the proposal to clearly describe the process for recruiting, training, and retraining volunteers; and

(6) the inclusion in the proposal of the plan to promote the project in the community, including outreach to persons needing the services.

~~(f)~~ *(e)* Funds for all projects under this subdivision may be used to:

(1) hire a coordinator to develop a coordinated network of volunteer and paid respite care services and assign workers to clients;

(2) recruit and train volunteer providers;

(3) train caregivers;

(4) ensure the development of support groups for caregivers;

(5) advertise the availability of the caregiver support and respite care project; and

(6) purchase equipment to maintain a system of assigning workers to clients.

~~(g)~~ *(f)* Project funds may not be used to supplant existing funding sources.

~~(h) An advisory committee shall be appointed to advise the caregiver support project on the development and implementation of the caregiver support and respite care services projects. Subd. 2. [ACTIONS TO OBTAIN PAYMENT.] The state agency shall promulgate rules to determine the ability of responsible relatives to contribute partial or complete payment or repayment of medical assistance

These rules shall be consistent with the requirements of section 252.27 for parents of children whose eligibility for medical assistance was determined without deeming of the parents' resources and income. ~~For parents of children receiving services under a federal medical assistance waiver or under section 134 of the Tax Equity and Fiscal Responsibility Act of 1982, United States Code, title 42, section 1396a(e)(3), while living in their natural home, including in-home family support services, respite care, homemaker services, and minor adaptations to the home, the state agency shall take into account the room, board, and services provided by the parents in determining the parental contribution to the cost of care.~~ The county agency shall give the responsible relative notice of the amount of the payment or repayment. The action may be brought by the state agency or the county agency in the county where assistance was granted, for the assistance, together with the costs of disbursements incurred due to the action.

In addition to granting the county or state agency a money judgment, the court may, upon a motion or order to show cause, order continuing contributions by a responsible relative found able to repay the county or state agency. The order shall be effective only for the period of time during which the recipient receives medical assistance from the county or state agency.

Sec. 45. Minnesota Statutes 1990, section 256B.15, subdivision 1, is amended to read:

A claim shall be filed if medical assistance was rendered for either or both persons under one of the following circumstances:

(a) the person was over 65 years of age, *and received services under chapter 256B, excluding alternative care*; ~~or~~

(b) the person resided in a medical institution for six months or longer, *received services under chapter 256B excluding alternative care,* and, at the time of institutionalization or application for medical assistance, whichever is later, the person could not have reasonably been expected to be discharged and returned home, as certified in writing by the person's treating physician. a skilled nursing facility, intermediate care facility, intermediate care facility for persons with mental retardation, nursing facility, or inpatient hospital; *or*

(c) the person received general assistance medical care services under chapter 256D.

The claim shall be considered an expense of the last illness of the decedent for the purpose of section 524.3-805. Any statute of limitations that purports to limit any county agency or the state agency, or both, to recover for medical assistance granted hereunder shall not apply to any claim made hereunder for reimbursement for any medical assistance granted hereunder. Counties are entitled to one-half of the nonfederal share of medical assistance collections from estates that are directly attributable to county effort.

Sec. 46. Minnesota Statutes 1990, section 256B.36, is amended to read:

256B.36 [PERSONAL ALLOWANCE FOR CERTAIN RECIPIENTS OF MEDICAL ASSISTANCE.]

In addition to the personal allowance established in section 256B.35, any *disabled* recipient of medical assistance ~~with a handicap, mental retardation, or a related condition, confined in a skilled nursing home or intermediate care facility~~ *who is a resident of a nursing facility or intermediate care facility for the mentally retarded* shall also be permitted a special personal allowance drawn solely from earnings from any ~~productive~~ employment under an individual plan of rehabilitation. This special personal allowance shall ~~not exceed (1) the limits set therefor by the commissioner, or (2) the amount of disregarded income the individual would have retained as a recipient of aid to the disabled benefits in December, 1973, whichever amount is lower.~~ *consist of the following amounts, deducted in the following order:*

(2) federal insurance contributions act payments withheld from the person's earned income;

Sec. 47. Minnesota Statutes 1990, section 256B.431, subdivision 4, is amended to read:

Subd. 4. [SPECIAL RATES.] (a) For the rate years beginning July 1, 1983, and July 1, 1984, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property-related costs calculated pursuant to the statutes and rules in effect on May 1, 1983, and for operating costs negotiated by the commissioner based upon the 60th percentile established for the appropriate group under subdivision 2a, to be effective from the first day a medical assistance recipient resides in the home or for the added beds. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2f, the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be

in effect for more than 17 months. The commissioner shall establish, by emergency and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. Until procedures determining operating cost payment rates according to mix of resident needs are established, the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.

(b) For the rate years beginning on or after July 1, 1985, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property related costs, operating costs, and real estate taxes and special assessments calculated under rules promulgated by the commissioner.

(c) For rate years beginning on or after July 1, 1983, the commissioner may exclude from a provision of 12 MCAR S 2.050 any facility that is licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, is licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690, and has less than five percent of its licensed boarding care capacity reimbursed by the medical assistance program. Until a permanent rule to establish the payment rates for facilities meeting these criteria is promulgated, the commissioner shall establish the medical assistance payment rate as follows:

(1) The desk audited payment rate in effect on June 30, 1983, remains in effect until the end of the facility's fiscal year. The commissioner shall not allow any amendments to the cost report on which this desk audited payment rate is based.

(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited operating cost payment rate determined in clause (1) at an annual rate of five percent.

(3) For fiscal years beginning on or after July 1, 1985, but before January 1, 1988, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.

(4) For the fiscal year beginning on January 1, 1988, the facility's payment rate must be established using the following method: The commissioner shall divide the real estate taxes and special assessments payable as stated in the facility's current property tax statement by actual resident days to compute a real estate tax and special assessment per diem. Next, the prior year's payment rate must be adjusted by the higher of (1) the percentage change in the consumer price index (CPI-U U.S. city average) as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100), or (2) 2.5 percent, to determine an adjusted payment rate. The facility's payment rate is the adjusted prior year's payment rate plus the real estate tax and special assessment per diem.

(5) For fiscal years beginning on or after January 1, 1989, the facility's payment rate must be established using the following method: The commissioner shall divide the real estate taxes and special assessments payable

as stated in the facility's current property tax statement by actual resident days to compute a real estate tax and special assessment per diem. Next, the prior year's payment rate less the real estate tax and special assessment per diem must be adjusted by the higher of (1) the percentage change in the consumer price index (CPI-U U.S. city average) as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100), or (2) 2.5 percent, to determine an adjusted payment rate. The facility's payment rate is the adjusted payment rate plus the real estate tax and special assessment per diem.

(6) For the purpose of establishing payment rates under this paragraph, the facility's rate and reporting years coincide with the facility's fiscal year.

(d) A facility that meets the criteria of paragraph (c) shall submit annual cost reports on forms prescribed by the commissioner.

(e) For the rate year beginning July 1, 1985, each nursing home total payment rate must be effective two calendar months from the first day of the month after the commissioner issues the rate notice to the nursing home. From July 1, 1985, until the total payment rate becomes effective, the commissioner shall make payments to each nursing home at a temporary rate that is the prior rate year's operating cost payment rate increased by 2.6 percent plus the prior rate year's property-related payment rate and the prior rate year's real estate taxes and special assessments payment rate. The commissioner shall retroactively adjust the property-related payment rate and the real estate taxes and special assessments payment rate to July 1, 1985, but must not retroactively adjust the operating cost payment rate.

(f) For the purposes of Minnesota Rules, part 9549.0060, subpart 13, item F, the following types of transactions shall not be considered a sale or reorganization of a provider entity:

(1) the sale or transfer of a nursing home upon death of an owner;

(2) the sale or transfer of a nursing home due to serious illness or disability of an owner as defined under the social security act;

(3) the sale or transfer of the nursing home upon retirement of an owner at 62 years of age or older;

(4) any transaction in which a partner, owner, or shareholder acquires an interest or share of another partner, owner, or shareholder in a nursing home business provided the acquiring partner, owner, or shareholder has less than 50 percent ownership after the acquisition;

(5) a sale and leaseback to the same licensee which does not constitute a change in facility license;

(6) a transfer of an interest to a trust;

(7) gifts or other transfers for no consideration;

(8) a merger of two or more related organizations;

(9) a transfer of interest in a facility held in receivership;

(10) a change in the legal form of doing business other than a publicly held organization which becomes privately held or vice versa;

(11) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing home or the issuance of stock; or

(12) an involuntary transfer including foreclosure, bankruptcy, or assignment for the benefit of creditors.

Any increase in allowable debt or allowable interest expense or other cost incurred as a result of the foregoing transactions shall be a nonallowable cost for purposes of reimbursement under Minnesota Rules, parts 9549.0010 to 9549.0080.

~~(g) Upon receiving a recommendation from the commissioner of health for a review of rates under section 144A.15, subdivision 6, the commissioner may grant an adjustment to the nursing home's payment rate. The commissioner shall review the recommendation of the commissioner of health, together with the nursing home's cost report to determine whether or not the deficiency or need can be corrected or met by reallocating nursing home staff, costs, revenues, or other resources including any investments, efficiency incentives, or allowances. If the commissioner determines that the deficiency cannot be corrected or the need cannot be met, the commissioner shall determine the payment rate adjustment by dividing the additional annual costs established during the commissioner's review by the nursing home's actual resident days from the most recent desk-audited cost report. The payment rate adjustment must meet the conditions in section 256B.47, subdivision 2, and shall remain in effect until the receivership under section 144A.15 ends, or until another date the commissioner sets.~~

~~Upon the subsequent sale or transfer of the nursing home, the commissioner may recover amounts paid through payment rate adjustments under this paragraph. The buyer or transferee shall repay this amount to the commissioner within 60 days after the commissioner notifies the buyer or transferee of the obligation to repay. The buyer or transferee must also repay the private-pay resident the amount the private-pay resident paid through payment rate adjustment.~~

Sec. 48. Minnesota Statutes 1990, section 256B.432, is amended by adding a subdivision to read:

Subd. 7. [RECEIVERSHIP AGREEMENTS.] *This section does not apply to payment rates determined under sections 245A.12, 245A.13, and 256B.495, except that any additional directly identified costs associated with the department of human services' or the department of health's managing agent under a receivership agreement must be allocated to the facility under receivership, and are nonallowable costs to the managing agent on the facility's cost reports.*

Sec. 49. Minnesota Statutes 1990, section 256B.433, subdivision 1, is amended to read:

Subdivision 1. [SETTING PAYMENT; MONITORING USE OF THERAPY SERVICES.] The commissioner shall promulgate rules pursuant to the administrative procedure act to set the amount and method of payment for ancillary materials and services provided to recipients residing in nursing homes. Payment for materials and services may be made to either the nursing home in the operating cost per diem, to the vendor of ancillary services pursuant to Minnesota Rules, parts ~~9500.0750 to 9500.1080~~ *9505.0170 to 9505.0475* or to a nursing home pursuant to Minnesota Rules, parts ~~9500.0750 to 9500.1080~~ *9505.0170 to 9505.0475*. Payment for the same or similar service to a recipient shall not be made to both the nursing home and the vendor. The commissioner shall ensure the avoidance of double payments through audits and adjustments to the nursing home's annual cost

report as required by section 256B.47, and that charges and arrangements for ancillary materials and services are cost effective and as would be incurred by a prudent and cost-conscious buyer. Therapy services provided to a recipient must be medically necessary and appropriate to the medical condition of the recipient. If the vendor, nursing home, or ordering physician cannot provide adequate medical necessity justification, as determined by the commissioner, in consultation with an advisory task force that meets the requirements of section 256B.064, subdivision 1a, the commissioner may recover or disallow the payment for the services and may require prior authorization for therapy services as a condition of payment or may impose administrative sanctions to limit the vendor, nursing home, or ordering physician's participation in the medical assistance program. If the provider number of a nursing home is used to bill services provided by a vendor of therapy services that is not related to the nursing home by ownership, control, affiliation, or employment status, no withholding of payment shall be imposed against the nursing home for services not medically necessary except for funds due the unrelated vendor of therapy services as provided in subdivision 3, paragraph (c). For the purpose of this subdivision, no monetary recovery may be imposed against the nursing home for funds paid to the unrelated vendor of therapy services as provided in subdivision 3, paragraph (c), for services not medically necessary. *For purposes of this section and section 256B.47, therapy includes physical therapy, occupational therapy, speech therapy, audiology, and mental health services that are covered services according to Minnesota Rules, parts 9505.0750 to 9505.1080, and that could be reimbursed separately from the nursing home per diem.*

Sec. 50. Minnesota Statutes 1990, section 256B.433, subdivision 2, is amended to read:

Subd. 2. [CERTIFICATION THAT TREATMENT IS APPROPRIATE.] The physical therapist, occupational therapist, speech therapist, *mental health professional,* or audiologist who provides or supervises the provision of therapy services, other than an initial evaluation, to a medical assistance recipient must certify in writing that the therapy's nature, scope, duration, and intensity are appropriate to the medical condition of the recipient every 30 days. The therapist's statement of certification must be maintained in the recipient's medical record together with the specific orders by the physician and the treatment plan. If the recipient's medical record does not include these documents, the commissioner may recover or disallow the payment for such services. If the therapist determines that the therapy's nature, scope, duration, or intensity is not appropriate to the medical condition of the recipient, the therapist must provide a statement to that effect in writing to the nursing home for inclusion in the recipient's medical record. The commissioner shall utilize a peer review program that meets the requirements of section 256B.064, subdivision 1a, to make recommendations regarding the medical necessity of services provided.

Sec. 51. Minnesota Statutes 1990, section 256B.433, subdivision 3, is amended to read:

Subd. 3. [SEPARATE BILLINGS FOR THERAPY SERVICES.] Until new procedures are developed under subdivision 4, payment for therapy services provided to nursing home residents that are billed separate from nursing home's payment rate or according to Minnesota Rules, parts ~~9500.0750 to 9500.1080~~ *9505.0170 to 9505.0475*, shall be subject to the following requirements:

(a) The practitioner invoice must include, in a format specified by the commissioner, the provider number of the nursing home where the medical assistance recipient resides regardless of the service setting.

(b) Nursing homes that are related by ownership, control, affiliation, or employment status to the vendor of therapy services shall report, in a format specified by the commissioner, the revenues received during the reporting year for therapy services provided to residents of the nursing home. For rate years beginning on or after July 1, 1988, the commissioner shall offset the revenues received during the reporting year for therapy services provided to residents of the nursing home to the total payment rate of the nursing home by dividing the amount of offset by the nursing home's actual resident days. Except as specified in paragraphs (d) and (f), the amount of offset shall be the revenue in excess of 108 percent of the cost removed from the cost report resulting from the requirement of the commissioner to ensure the avoidance of double payments as determined by section 256B.47. *Therapy revenues that are specific to mental health services shall be subject to this paragraph for rate years beginning after June 30, 1993.* In establishing a new base period for the purpose of setting operating cost payment rate limits and rates, the commissioner shall not include the revenues offset in accordance with this section.

(c) For rate years beginning on or after July 1, 1987, nursing homes shall limit charges in total to vendors of therapy services for renting space, equipment, or obtaining other services during the rate year to 108 percent of the annualized cost removed from the reporting year cost report resulting from the requirement of the commissioner to ensure the avoidance of double payments as determined by section 256B.47. If the arrangement for therapy services is changed so that a nursing home is subject to this paragraph instead of paragraph (b), the cost that is used to determine rent must be adjusted to exclude the annualized costs for therapy services that are not provided in the rate year. The maximum charges to the vendors shall be based on the commissioner's determination of annualized cost and may be subsequently adjusted upon resolution of appeals. *Mental health services shall be subject to this paragraph for rate years beginning after June 30, 1993.*

(d) The commissioner shall require reporting of all revenues relating to the provision of therapy services and shall establish a therapy cost, as determined by section 256B.47, to revenue ratio for the reporting year ending in 1986. For subsequent reporting years, the ratio may increase five percentage points in total until a new base year is established under paragraph (e). Increases in excess of five percentage points may be allowed if adequate justification is provided to and accepted by the commissioner. Unless an exception is allowed by the commissioner, the amount of offset in paragraph (b) is the greater of the amount determined in paragraph (b) or the amount of offset that is imputed based on one minus the lesser of (1) the actual reporting year ratio or (2) the base reporting year ratio increased by five percentage points, multiplied by the revenues.

(e) The commissioner may establish a new reporting year base for determining the cost to revenue ratio.

(f) If the arrangement for therapy services is changed so that a nursing home is subject to the provisions of paragraph (b) instead of paragraph (c), an average cost to revenue ratio based on the ratios of nursing homes that are subject to the provisions of paragraph (b) shall be imputed for paragraph

(d).

(g) This section does not allow unrelated nursing homes to reorganize related organization therapy services and provide services among themselves to avoid offsetting revenues. Nursing homes that are found to be in violation of this provision shall be subject to the penalty requirements of section 256B.48, subdivision 1, paragraph (f).

Sec. 52. Minnesota Statutes 1990, section 256B.48, subdivision 2, is amended to read:

Subd. 2. [REPORTING REQUIREMENTS.] No later than December 31 of each year, a skilled nursing facility or intermediate care facility, including boarding care facilities, which receives medical assistance payments or other reimbursements from the state agency shall:

(a) Provide the state agency with a copy of its audited financial statements. The audited financial statements must include a balance sheet, income statement, statement of the rate or rates charged to private paying residents, statement of retained earnings, statement of cash flows, notes to the financial statements, audited applicable supplemental information, and the certified public accountant's or licensed public accountant's opinion. The examination by the certified public accountant or licensed public accountant shall be conducted in accordance with generally accepted auditing standards as promulgated and adopted by the American Institute of Certified Public Accountants;

(b) Provide the state agency with a statement of ownership for the facility;

(c) Provide the state agency with separate, audited financial statements as specified in clause (a) for every other facility owned in whole or part by an individual or entity which has an ownership interest in the facility;

(d) Upon request, provide the state agency with separate, audited financial statements as specified in clause (a) for every organization with which the facility conducts business and which is owned in whole or in part by an individual or entity which has an ownership interest in the facility;

(e) Provide the state agency with copies of leases, purchase agreements, and other documents related to the lease or purchase of the nursing facility;

(f) Upon request, provide the state agency with copies of leases, purchase agreements, and other documents related to the acquisition of equipment, goods, and services which are claimed as allowable costs; and

(g) Permit access by the state agency to the certified public accountant's and licensed public accountant's audit workpapers which support the audited financial statements required in clauses (a), (c), and (d).

Documents or information provided to the state agency pursuant to this subdivision shall be public. If the requirements of clauses (a) to (g) are not met, the reimbursement rate may be reduced to 80 percent of the rate in effect on the first day of the fourth calendar month after the close of the reporting year, and the reduction shall continue until the requirements are met.

Both nursing facilities and intermediate care facilities for the mentally retarded must maintain statistical and accounting records in sufficient detail to support information contained in the facility's cost report for at least five years, including the year following the submission of the cost report. For

computerized accounting systems, the records must include copies of electronically generated media such as magnetic discs and tapes.

Sec. 53. Minnesota Statutes 1990, section 256B.48, subdivision 3, is amended to read:

Subd. 3. [INCOMPLETE OR INACCURATE REPORTS.] The commissioner may reject any annual cost report filed by a nursing home pursuant to this chapter if the commissioner determines that the report or the information required in subdivision 2, clause (a) has been filed in a form that is incomplete or inaccurate. In the event that a report is rejected pursuant to this subdivision, the commissioner shall reduce the reimbursement rate to a nursing home to 80 percent of its most recently established rate until the information is completely and accurately filed. *The reinstatement of the total reimbursement rate is retroactive.*

Sec. 54. Minnesota Statutes 1990, section 256B.48, subdivision 4, is amended to read:

Subd. 4. [EXTENSIONS.] The commissioner may grant *up to* a 15-day extension of the reporting deadline to a nursing home for good cause. To receive such an extension, a nursing home shall submit a written request by December 1. The commissioner will notify the nursing home of the decision by December 15. *Between December 1 and December 31, the nursing facility may request a reporting extension for good cause by telephone and followed by a written request.*

Sec. 55. Minnesota Statutes 1990, section 256B.495, subdivision 1, is amended to read:

Subdivision 1. [PAYMENT OF RECEIVERSHIP FEES.] The commissioner in consultation with the commissioner of health may establish a receivership fee payment that exceeds a ~~long-term care~~ *nursing* facility payment rate when the commissioner of health determines a ~~long-term care~~ *nursing* facility is subject to the receivership provisions under section 144A.14 or 144A.15 ~~or the commissioner of human services determines that a facility is subject to the receivership under section 245A.12 or 245A.13~~. In establishing the receivership fee payment, the commissioner must reduce the receiver's requested receivership fee by amounts that the commissioner determines are included in the ~~long-term care~~ *nursing* facility's payment rate and that can be used to cover part or all of the receivership fee. Amounts that can be used to reduce the receivership fee shall be determined by reallocating facility staff or costs that were formerly paid by the ~~long-term care~~ *nursing* facility before the receivership and are no longer required to be paid. The amounts may include any efficiency incentive, allowance, and other amounts not specifically required to be paid for expenditures of the ~~long-term care~~ *nursing* facility.

If the receivership fee cannot be covered by amounts in the ~~long-term care~~ *nursing* facility's payment rate, a receivership fee payment shall be set according to paragraphs (a) and (b) and payment shall be according to paragraphs (c) to (e).

(a) The receivership fee per diem shall be determined by dividing the annual receivership fee payment by the ~~long-term care~~ *nursing* facility's resident days from the most recent cost report for which the commissioner has established a payment rate or the estimated resident days in the projected receivership fee period.

(b) The receivership fee per diem shall be added to the ~~long-term care~~ *nursing* facility's payment rate.

(c) Notification of the payment rate increase must meet the requirements of section 256B.47, subdivision 2.

(d) The payment rate in paragraph (b) for a nursing ~~home~~ *facility* shall be effective the first day of the month following the receiver's compliance with the notice conditions in paragraph (c). ~~The payment rate in paragraph (b) for an intermediate care facility for the mentally retarded shall be effective on the first day of the rate year in which the receivership fee per diem is determined.~~

(e) The commissioner may elect to make a lump sum payment of a portion of the receivership fee to the receiver or managing agent. In this case, the commissioner and the receiver or managing agent shall agree to a repayment plan. Regardless of whether the commissioner makes a lump sum payment under this paragraph, the provisions of paragraphs (a) to (d) and subdivision 2 also apply.

Sec. 56. Minnesota Statutes 1990, section 256B.495, subdivision 2, is amended to read:

Subd. 2. [DEDUCTION OF RECEIVERSHIP FEE PAYMENTS UPON TERMINATION OF RECEIVERSHIP.] If the commissioner has established a receivership fee per diem for a ~~long-term care~~ *nursing* facility in receivership, the commissioner must deduct the receivership fee payments according to paragraphs (a) to (c).

(a) The total receivership fee payments shall be the receivership fee per diem multiplied by the number of resident days for the period of the receivership fee payments. If actual resident days for the receivership fee payment period are not made available within two weeks of the commissioner's written request, the commissioner shall compute the resident days by prorating the facility's resident days based on the number of calendar days from each portion of the ~~long-term care~~ *nursing* facility's reporting years covered by the receivership period.

(b) The amount determined in paragraph (a) must be divided by the ~~long-term care~~ *nursing* facility's resident days for the reporting year in which the receivership period ends.

(c) The per diem amount in paragraph (b) shall be subtracted from the ~~long-term care~~ *nursing* facility's operating cost payment rate for the rate year following the reporting year in which the receivership period ends.

Sec. 57. Minnesota Statutes 1990, section 256B.495, is amended by adding a subdivision to read:

Subd. 4. [RECEIVERSHIP PAYMENT RATE.] *(a) Upon receiving a recommendation from the commissioner of health for a review of rates under section 144A.15, subdivision 6, the commissioner may grant an adjustment to the nursing home's payment rate. The commissioner shall review the recommendation of the commissioner of health, together with the nursing home's cost report, to determine whether or not the deficiency or need can be corrected or met by reallocating nursing home staff, costs, revenues, or other resources including any investments, efficiency incentives, or allowances. If the commissioner determines that the deficiency cannot be corrected or the need cannot be met, the commissioner shall determine the payment rate adjustment by dividing the additional annual costs established during*

the commissioner's review by the nursing home's actual resident days from the most recent desk-audited cost report.

(b) If the nursing facility is subject to a downsizing to closure process during the period of receivership, the commissioner may reestablish the nursing facility's payment rate. The payment rate shall be established based on the nursing facility's budgeted operating costs, the agreed upon receivership property related costs, and the management fee costs for the receivership period divided by the facility's estimated resident days for the same period. The commissioner of health and the commissioner shall make every effort to first facilitate the transfer of private paying residents to alternate service sites prior to the effective date of the payment rate. The cost limits and the case mix provisions in the rate setting system shall not apply during the portion of the receivership period over which the nursing facility downsizes to closure.

(c) Any payment rate adjustment must meet the conditions in section 256B.47, subdivision 2, and shall remain in effect until the receivership under section 144A.15 ends, or until another date the commissioner sets.

(d) Upon the subsequent sale or transfer of the nursing facility, the commissioner must recover amounts paid through payment rate adjustments under this subdivision which exceed the normal cost of operating the nursing facility. Examples of costs in excess of the normal cost of operating the nursing facility include the managing agent's fee, directly identifiable costs of the managing agent, bonuses paid to employees for their continued employment during the downsizing to closure of the nursing facility, prereceivership expenditures paid by the receiver, additional professional services such as accountants, psychologists, and dietitians, and other similar costs incurred by the receiver to complete receivership. The buyer or transferee shall repay this amount to the commissioner within 60 days after the commissioner notifies the buyer or transferee of the obligation to repay. The buyer or transferee must also repay the private-pay resident the amount the private-pay resident paid through payment rate adjustment.

(e) If a nursing facility whose payment rates are subject to paragraph (b) is later sold while the nursing facility is in receivership, the payment rates in effect prior to the receivership shall be the new owner's payment rates. Those payment rates shall continue to be in effect until the rate year following the reporting period ending on September 30 for the new owner. The reporting period must be at least five consecutive months.

Sec. 58. Minnesota Statutes 1990, section 256B.50, subdivision 1b, is amended to read:

Subd. 1b. [FILING AN APPEAL.] To appeal, the provider shall file with the commissioner a written notice of appeal; the appeal must be *postmarked or* received by the commissioner within 60 days of the date the determination of the payment rate was mailed. The notice of appeal must specify each disputed item; the reason for the dispute; the total dollar amount in dispute for each separate disallowance, allocation, or adjustment of each cost item or part of a cost item; the computation that the provider believes is correct; the authority in statute or rule upon which the provider relies for each disputed item; the name and address of the person or firm with whom contacts may be made regarding the appeal; and other information required by the commissioner. *The commissioner shall review an appeal by a nursing facility, if the appeal was sent by certified mail and postmarked prior to August 1, 1991, and would have been received by the commissioner within*

the 60-day deadline if it had not been delayed due to an error by the postal service.

Sec. 59. Minnesota Statutes 1990, section 256B.50, subdivision 2, is amended to read:

Subd. 2. [APPRAISED VALUE.] (a) A nursing home may appeal the determination of its appraised value, as determined by the commissioner pursuant to section 256B.431 and rules established thereunder. A written notice of appeal concerning the appraised value of a nursing home's real estate as established by an appraisal conducted after July 1, 1986, must be filed with the commissioner within 60 days of the date the determination was made and shall state the appraised value the nursing home believes is correct for the building, land improvements, and attached equipment and the name and address of the firm with whom contacts may be made regarding the appeal. The appeal request shall include a separate appraisal report prepared by an independent appraiser of real estate which supports the total appraised value claimed by the nursing home. The appraisal report shall be based on an on-site inspection of the nursing home's real estate using the depreciated replacement cost method, must be in a form comparable to that used in the commissioner's appraisal, and must pertain to the same time period covered by the appealed appraisal. The appraisal report shall include information related to the training, experience, and qualifications of the appraiser who conducted and prepared the appraisal report for the nursing home. *An appeal request shall be deemed timely if it is postmarked or received by the commissioner within the time limits established for filing such appeal requests.*

(b) A nursing home which has filed an appeal request prior to the effective date of Laws 1987, chapter 403, concerning the appraised value of its real estate as established by an appraisal conducted before July 1, 1986, must submit to the commissioner the information described under paragraph (a) within 60 days of the effective date of Laws 1987, chapter 403, in order to preserve the appeal.

(c) An appeal request which has been filed pursuant to the provisions of paragraph (a) or (b) shall be finally resolved through an agreement entered into by and between the commissioner and the nursing home or by the determination of an independent appraiser based upon an on-site inspection of the nursing home's real estate using the depreciated replacement cost method, in a form comparable to that used in the commissioner's appraisal, and pertaining to the same time period covered by the appealed appraisal. The appraiser shall be selected by the commissioner and the nursing home by alternately striking names from a list of appraisers approved for state contracts by the commissioner of administration. The appraiser shall make assurances to the satisfaction of the commissioner and the nursing home that the appraiser is experienced in the use of the depreciated cost method of appraisals and that the appraiser is free of any personal, political, or economic conflict of interest that may impair the ability to function in a fair and objective manner. The commissioner shall pay costs of the appraiser through a negotiated rate for services of the appraiser.

(d) The decision of the appraiser is final and is not appealable. Exclusive jurisdiction for appeals of the appraised value of nursing homes lies with the procedures set out in this subdivision. No court of law shall possess subject matter jurisdiction to hear appeals of appraised value determinations of nursing homes.

Sec. 60. Minnesota Statutes 1991 Supplement, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person ~~who is age 18 or older and~~ who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of $1,000 per assistance unit. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B, *with the following exception: the maximum amount of undistributed funds in a trust that could be distributed to or on behalf of the beneficiary by the trustee, assuming the full exercise of the trustee's discretion under the terms of the trust, must be applied toward the asset maximum*; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of $30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first $50 of earned income is not allowed; or

(3) who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

Sec. 61. [EFFECTIVE DATE.]

Section 15 is effective for persons who became institutionalized after September 30, 1989.

ARTICLE 3

ASSISTANCE PAYMENTS

Section 1. Minnesota Statutes 1991 Supplement, section 256.031, subdivision 3, is amended to read:

Subd. 3. [AUTHORIZATION FOR THE DEMONSTRATION.] (a) The commissioner of human services, in consultation with the commissioners of education, finance, jobs and training, health, and planning, and the director of the higher education coordinating board, is authorized to proceed with the planning and designing of the Minnesota family investment plan and to implement the plan to test policies, methods, and cost impact on an experimental basis by using field trials. The commissioner, under the authority in section 256.01, subdivision 2, shall implement the plan according to sections 256.031 to 256.0361 and Public Law Numbers 101-202 and 101-239, section 8015, as amended. If major and unpredicted costs to the program occur, the commissioner may take corrective action consistent with Public Law Numbers 101-202 and 101-239, which may include termination of the program. Before taking such corrective action, the commissioner shall consult with the chairs of the senate health and human services committee, the house health and human services committee, the health and human services division of the senate finance committee and the human resources division of the house appropriations committee, or, if the legislature is not in session, consult with the legislative advisory commission.

(b) The field trials shall be conducted as permitted under federal law, for as many years as necessary, and in different geographical settings, to provide

reliable instruction about the desirability of expanding the program statewide.

(c) The commissioner shall select the counties which shall serve as field trial or ~~control~~ *comparison* sites based on criteria which ensure reliable evaluation of the program.

(d) The commissioner is authorized to determine the number of families and characteristics of subgroups to be included in the evaluation.

(i) A family that applies for or is currently receiving financial assistance from aid to families with dependent children; family general assistance or work readiness; or food stamps *may be tested for eligibility for aid to families with dependent children or family general assistance and* may be assigned by the commissioner to ~~an experimental~~ *a test* or a ~~control~~ *comparison* group for the purposes of evaluating the family investment plan. *A family found not eligible for aid to families with dependent children or family general assistance will be tested for eligibility for the food stamp program. If found eligible for the food stamp program, the commissioner may randomly assign the family to a test group, comparison group, or neither group.* Families assigned to ~~an experimental~~ *a test* group receive benefits and services through the family investment plan. Families assigned to a ~~control~~ *comparison* group receive benefits and services through existing programs. A family may not select the group to which it is assigned. Once assigned to a group, ~~a~~ *an eligible* family must remain in that group for the duration of the project.

(ii) To evaluate the effectiveness of the family investment plan, the commissioner may designate a subgroup of families from the ~~experimental~~ *test* group who shall be exempt from section 256.035, subdivision 1, and shall not receive case management services under section 256.035, subdivision 6a. Families are eligible for services under section 256.736 to the same extent as families receiving AFDC.

Sec. 2. Minnesota Statutes 1991 Supplement, section 256.033, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY CONDITIONS.] (a) A family is entitled to assistance under the Minnesota family investment plan if *the family is assigned to a test group in the evaluation as provided in section 256.031, subdivision 3, paragraph (d), and*:

(1) the family meets the definition of assistance unit under section 256.032, subdivision 1a;

(2) the family's resources not excluded under subdivision 3 do not exceed $2,000;

(3) the family can verify citizenship or lawful resident alien status;

(4) the family provides or applies for a social security number for each member of the family receiving assistance under the family investment plan; and

(5) the family assigns child support collection to the county agency.

(b) A family is eligible for the family investment plan if the net income is less than the transitional standard as defined in section 256.032, subdivision 13, for that size and composition of family. In determining available net income, the provisions in subdivision 2 shall apply.

(c) Upon application, a family is initially eligible for the family investment

plan if the family's gross income does not exceed the applicable transitional standard of assistance for that family as defined under section 256.032, subdivision 13, after deducting:

(1) 18 percent to cover taxes;

(2) actual dependent care costs up to the maximum disregarded under United States Code, title 42, section 602(a)(8)(A)(iii); and

(3) $50 of child support collected in that month.

(d) A family can remain eligible for the program if:

(1) it meets the conditions in section 256.035, subdivision 4; and

(2) its income is below the transitional standard in section 256.032, subdivision 13, allowing for income exclusions in subdivision 2 and after applying the family investment plan treatment of earnings under section 256.035, subdivision 4.

Sec. 3. Minnesota Statutes 1991 Supplement, section 256.033, subdivision 2, is amended to read:

Subd. 2. [DETERMINATION OF FAMILY INCOME.] The aid to families with dependent children income exclusions listed in Code of Federal Regulations, title 45, sections 233.20(a)(3) and 233.20(a)(4), must be used when determining a family's available income, except that:

(3) educational grants and loans as provided in section 256.74, subdivision 1, clause (2), are excluded;

(4) all other income listed in Minnesota Rules, part 9500.2380, subpart 2, is excluded; and

(5) when determining income available from members of the family who do not elect to be included in the assistance unit under section 256.032, subdivision 1a, paragraphs (c) and (e), the county agency shall count the remaining income after disregarding:

(i) the first 18 percent of the excluded family member's gross earned income;

(ii) an amount for the support of ~~the~~ *any* stepparent *or any parent of a minor caregiver* and any other individuals whom the stepparent *or parent of the minor caregiver* claims as dependents for determining federal personal income tax liability and who live in the same household but whose needs are not considered in determining eligibility for assistance under sections 256.031 to 256.033. The amount equals the transitional standard in section 256.032, subdivision 13, for a family of the same size and composition;

(iii) amounts the stepparent *or parent of the minor caregiver* actually paid to individuals not living in the same household but whom the stepparent claims as dependents for determining federal personal income tax liability; and

(iv) alimony or child support, or both, paid by the stepparent *or parent of the minor caregiver* for individuals not living in the same household.

Sec. 4. Minnesota Statutes 1991 Supplement, section 256.033, subdivision 3, is amended to read:

Subd. 3. [DETERMINATION OF FAMILY RESOURCES.] When determining a family's resources, the following are excluded:

(5) personal property needed to produce earned income, including tools, implements, farm animals, and inventory;

(6) the entire equity value of a motor vehicle determined to be necessary for the operation of a self-employment business; and

(7) clothing, necessary household furniture, equipment, and other basic maintenance items essential for daily living.

Sec. 5. Minnesota Statutes 1991 Supplement, section 256.033, subdivision 5, is amended to read:

Subd. 5. [ABILITY TO APPLY FOR FOOD STAMPS.] A family that is ineligible for assistance through the Minnesota family investment plan due to income or resources *or has not been assigned to a test group in the evaluation as provided in section 256.031, subdivision 3, paragraph (d),* may apply for, and if eligible receive, benefits under the food stamp program.

Sec. 6. Minnesota Statutes 1991 Supplement, section 256.034, subdivision 3, is amended to read:

Subd. 3. [MODIFICATION OF ELIGIBILITY TESTS.] (a) A needy family is eligible and entitled to receive assistance under the program *if the family is assigned to a test group in the evaluation as provided in section 256.031, subdivision 3, paragraph (d),* even if its children are not found to be deprived of parental support or care by reason of death, continued absence from the home, physical or mental incapacity of a parent, or unemployment of a parent, provided the family's income and resources do not exceed the eligibility requirements in section 256.033. In addition, a caregiver who is in the assistance unit who is physically and mentally fit, who is between the ages of 18 and 60 years, who is enrolled at least half time in an institution of higher education, and whose family income and resources do not exceed the eligibility requirements in section 256.033, is eligible for assistance under the Minnesota family investment plan *if the family is assigned to a test group in the evaluation as provided in section 256.031, subdivision 3, paragraph (d),* even if the conditions for eligibility as prescribed under the federal Food Stamp Act of 1977, as amended, are not met.

(b) An applicant for, or a person receiving, assistance under the Minnesota family investment plan is considered to have assigned to the public agency

responsible for child support enforcement at the time of application all rights to child support, health care benefits coverage, and maintenance from any other person the applicant may have in the applicant's own behalf or on behalf of any other family member for whom application is made under the Minnesota family investment plan. The provisions of section 256.74, subdivision 5, govern the assignment. An applicant for, or a person receiving, assistance under the Minnesota family investment plan shall cooperate with the efforts of the county agency to collect child and spousal support. The county agency is entitled to any child support and maintenance received by or on behalf of the person receiving assistance or another member of the family for which the person receiving assistance is responsible. Failure by an applicant or a person receiving assistance to cooperate with the efforts of the county agency to collect child and spousal support without good cause must be sanctioned according to section 256.035, subdivision 3.

(c) An applicant for, or a person receiving, assistance under the Minnesota family investment plan is not required to comply with the employment and training requirements prescribed under sections 256.736, subdivisions 3, 3a, and 14; and 256D.05, subdivision 1; section 402(a)(19) of the Social Security Act; the federal Food Stamp Act of 1977, as amended; Public Law Number 100-485; or any other state or federal employment and training program, unless and to the extent compliance is specifically required in a family support agreement with the county agency or its designee.

Sec. 7. Minnesota Statutes 1991 Supplement, section 256.035, subdivision 1, is amended to read:

Subdivision 1. [EXPECTATIONS.] All families eligible for assistance under the family investment plan *who are assigned to a test group in the evaluation as provided in section 256.031, subdivision 3, paragraph (d),* are expected to be in transitional status as defined in section 256.032, subdivision 12. To be considered in transitional status, families must meet the following expectations:

(a) For a family headed by a single adult parental caregiver, the expectation is that the parental caregiver will independently pursue self-sufficiency until the family has received assistance for 24 months within the preceding 36 months. Beginning with the 25th month of assistance, the parent must be developing or complying with the terms of the family support agreement.

(b) For a family with a minor parental caregiver or a family whose parental caregiver is 18 or 19 years of age and does not have a high school diploma or its equivalent, the expectation is that, concurrent with the receipt of assistance, the parental caregiver must be developing or complying with a family support agreement. The terms of the family support agreement must include compliance with section 256.736, subdivision 3b. However, if the assistance unit does not comply with section 256.736, subdivision 3b, the sanctions in subdivision 3 apply.

(c) For a family with two adult parental caregivers, the expectation is that at least one parent will independently pursue self-sufficiency until the family has received assistance for six months within the preceding 12 months. Beginning with the seventh month of assistance, one parent must be developing or complying with the terms of the family support agreement.

Sec. 8. Minnesota Statutes 1991 Supplement, section 256.0361, subdivision 2, is amended to read:

Subd. 2. [FINANCIAL REIMBURSEMENT.] (a) Up to the limit of the

state appropriation, a county selected by the commissioner to serve as a field trial or a ~~control~~ *comparison* site for the Minnesota family investment plan shall be reimbursed by the state for the nonfederal share of administrative costs that were incurred during the development, implementation, and operation of the program and that exceed the administrative costs that would have been incurred in the absence of the program.

(b) Minnesota family investment plan assistance is included as covered programs and services under section 256.025, subdivision 2.

Sec. 9. Minnesota Statutes 1990, section 256.12, is amended by adding a subdivision to read:

Subd. 23. [IN-KIND INCOME.] *"In-kind income," as used in sections 256.72 to 256.87, means income, benefits, or payments provided in a form other than money or liquid assets. In-kind income includes goods, produce, services, privileges, or payments on behalf of a person by a third party. Retirement Survivors and Disability Insurance (RSDI) benefits of an applicant or recipient, paid to a representative payee, and spent on behalf of the applicant or recipient, are not in-kind income, but are considered available income of the applicant or recipient.*

Sec. 10. Minnesota Statutes 1991 Supplement, section 256.98, subdivision 8, is amended to read:

Subd. 8. [DISQUALIFICATION FROM PROGRAM.] Any person found to be guilty of wrongfully obtaining assistance by a federal or state court *or by an administrative hearing determination*, in either the aid to families with dependent children program or the food stamp program, shall be disqualified from that program. The needs of that individual shall not be taken into consideration in determining the grant level for that assistance unit:

(1) for six months after the first ~~conviction~~ *offense*;

(2) for 12 months after the second ~~conviction~~ *offense*; and

(3) permanently after the third or subsequent ~~conviction~~ *offense*.

Any period for which sanctions are imposed is effective, without possibility of administrative stay, until the findings upon which the sanctions were imposed are reversed by a court of competent jurisdiction. The period for which sanctions are imposed is not subject to review. Sec. 9. Minnesota Statutes 1990, section 253B.02, is amended by adding a subdivision to read:

Subd. 3a. [COMMITMENT.] *"Commitment," "commitment period," and "committed" means the period that begins on the date of filing the order of initial commitment by the committing court under section 253B.09 or order of initial commitment as mentally ill and dangerous under section 253B.18 and includes all periods of continued commitment under sections 253B.13 and 253B.18, subdivisions 2 and 3. Each period of continued commitment shall be deemed to begin on the day following the last day of the prior initial or continued commitment.*

Sec. 10. Minnesota Statutes 1990, section 253B.09, is amended to read:

253B.09 [DECISION; STANDARD OF PROOF; DURATION.]

Subdivision 1. [STANDARD OF PROOF.] If the court finds by clear and convincing evidence that the proposed patient is a mentally ill, mentally retarded, or chemically dependent person and, that after careful consideration of reasonable alternative dispositions, including but not limited to, dismissal of petition, voluntary outpatient care, informal admission to a treatment facility, appointment of a guardian or conservator, or release before commitment as provided for in subdivision 4, it finds that there is no suitable alternative to judicial commitment, the court shall commit the patient to the least restrictive treatment program which can meet the patient's treatment needs consistent with section 253B.03, subdivision 7. In deciding on the least restrictive program, the court shall consider a range of treatment alternatives including, but not limited to, community-based nonresidential treatment, community residential treatment, partial hospitalization, acute care hospital, and regional ~~treatment~~ center services. The court shall also consider the proposed patient's treatment preferences and willingness to participate in the treatment ordered. The court may not commit a patient to a facility or program that is not capable of meeting the patient's needs.

Subd. 2. [FINDINGS.] The court shall find the facts specifically, separately state its conclusions of law, and direct the ~~entry~~ *filing* of an appropriate ~~judgment~~ *order*. Where commitment is ordered, ~~the~~ findings of fact and conclusions of law shall specifically state the proposed patient's conduct which is a basis for determining that each of the requisites for commitment is met.

If commitment is ordered, the findings shall also include a listing of less restrictive alternatives considered and rejected by the court and the reasons

for rejecting each alternative.

Subd. 3. [~~FINANCIAL DETERMINATION~~ *COMMITMENT TO THE COMMISSIONER.*] *If* the court ~~shall determine the nature and extent of the property of the patient and of the persons who are liable for the patient's care~~ *finds that regional center services are the least restrictive alternative, the court shall commit the proposed patient to the custody of the commissioner.* If the patient is committed to ~~a regional facility~~ *the commissioner*, a copy *of the findings of fact and conclusion of law and order for commitment* shall be transmitted to the commissioner.

Subd. 5. [INITIAL COMMITMENT PERIOD.] For persons committed as mentally ill, mentally retarded, or chemically dependent the initial commitment shall not exceed six months. At least 60 days, but not more than 90 days, after the commencement of the initial commitment of a person as mentally ill, mentally retarded, or chemically dependent, the head of the facility shall file a written report with the committing court with a copy to the patient and patient's counsel. This first report shall set forth the same information as is required in section 253B.12, subdivision 1, but no hearing shall be required at this time. If no written report is filed within the required time, or if it describes the patient as not in need of further institutional care and treatment, the proceedings shall be terminated by the committing court, and the patient shall be discharged from the treatment facility. If the person is discharged prior to the expiration of 60 days, the report required by this subdivision shall be filed at the time of discharge.

Sec. 11. Minnesota Statutes 1990, section 253B.11, subdivision 2, is amended to read:

Subd. 2. [FACILITIES.] Each county or a group of counties shall maintain or provide by contract a facility for confinement of persons held temporarily for observation, evaluation, diagnosis, treatment, and care *under section 253B.05 and during subsequent holds under sections 253B.07, subdivision 6, and 253B.08, if necessary, pending initial commitment under section 253B.09. When the confinement is provided at a treatment facility other than a regional center, the county of financial responsibility shall be responsible for all costs of the temporary confinement not otherwise paid by public assistance.* When the confinement is provided at a regional center, the commissioner shall charge the county of financial responsibility for the costs of confinement of persons hospitalized under section 253B.05, subdivisions 1 and 2, and section 253B.07, subdivision 6. "County of financial responsibility" means the county in which the person resides at the time of confinement or, if the person has no residence in this state, the county which initiated the confinement. The charge *for temporary confinement in a regional center* shall be based on the commissioner's determination of the cost of care pursuant to section 246.50, subdivision 5. When there is a dispute as to which county is the county of financial responsibility, the county charged for the costs of confinement shall pay for them pending final determination of the dispute over financial responsibility. Disputes about the county of financial responsibility shall be submitted to the commissioner to be settled in the manner prescribed in section 256G.09.

Sec. 12. Minnesota Statutes 1990, section 253B.11, is amended by adding a subdivision to read:

Subd. 4. [HOLDS PENDING CONTINUED COMMITMENT.] *When a report recommending continued commitment under section 253B.12, subdivision 1, or a petition for continued commitment is filed prior to termination*

of the previous commitment, any delay between the end of the previous commitment and a determination on continued commitment shall not constitute temporary confinement but rather continued commitment.

Sec. 13. Minnesota Statutes 1991 Supplement, section 256B.092, subdivision 4, is amended to read:

Subd. 4. [HOME- AND COMMUNITY-BASED SERVICES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.] The commissioner shall make payments to approved vendors participating in the medical assistance program to pay costs of providing home- and community-based services, including case management service activities provided as an approved home- and community-based service, to medical assistance eligible persons with mental retardation or related conditions who have been screened under subdivision 7 and according to federal requirements. *Federal requirements include those services and limitations included in the federally approved application for home- and community-based services for persons with mental retardation or related conditions and subsequent amendments.* Payments for home- and community-based services shall not exceed amounts authorized by the county of financial responsibility. For specifically identified former residents of regional treatment centers and nursing facilities, the commissioner shall be responsible for authorizing payments and payment limits under the appropriate home- and community-based service program. Payment is available under this subdivision only for persons who, if not provided these services, would require the level of care provided in an intermediate care facility for persons with mental retardation or related conditions.

Sec. 14. [PILOT PROJECTS.]

The commissioner of human services may approve up to ten counties to participate in six pilot projects to demonstrate the use of intergovernmental contracts between the state and counties to fund, administer, and regulate the delivery of programs under Minnesota Statutes, sections 245.461 to 245.4861 and 245.487 to 245.4887, and Minnesota Statutes, chapter 256E. The commissioner shall consider statewide distribution and county population in selecting counties for the pilot projects. Counties may also develop integrated plans for any social service and community health programs which shall be accepted by the commissioners of health and human services in lieu of plans required in statute or rule. Two or more counties may submit joint proposals for a pilot project. The pilot projects shall expire after June 30, 1997.

Sec. 15. [PURPOSE OF PILOT PROJECTS.]

Purposes of the social service contract pilot projects include:

(a) Improving the quality of social services provided to persons by county human service agencies.

(b) Eliminating administrative mandates and procedural requirements governing delivery of social services.

(c) Consolidating program funds to permit county flexibility in the use of program funds.

(d) Encouraging intercounty and regional cooperation and coordination.

(e) Simplifying and consolidating planning and reporting requirements.

(f) Determining feasibility of using outcome-based performance standards

to regulate the delivery of social services by counties.

(g) Clarifying the role of counties and state in the delivery of social services programs.

Sec. 16. [TERMS; CONDITIONS OF INTERGOVERNMENTAL AGREEMENTS.]

Counties participating in the pilot projects shall be exempt from the procedural requirements in state law except as required in federal law. Counties providing services under a pilot project shall continue mandated services. Program funds may be consolidated to permit the greatest flexibility in the delivery of services. Each intergovernmental agreement shall specify a limited and reasonable number of measurable objectives based on the county's community social services plan which will be used by the state to determine compliance. Counties participating in pilot projects will be required to provide mandated services to all eligible persons but will have flexibility in the delivery of services and use of funds. The county shall review pilot projects proposed under sections 14 to 20 with all county social services and mental health advisory committees and councils.

Sec. 17. [MONITORING AND ENFORCEMENT.]

The commissioner of human services shall monitor the pilot projects to determine compliance with the terms of the intergovernmental contracts and to assure that social services are delivered according to the county community social services act plan. The commissioner may rescind approval for a pilot project if a county fails to comply with the terms of the intergovernmental contract. If approval is withdrawn, the county will immediately be subject to all the requirements of the administrative rules governing programs covered under the intergovernmental contract.

Sec. 18. [DISPUTE RESOLUTION.]

Nothing in sections 14 to 20 shall alter the due process rights available to persons under state and federal law. Disputes which arise between the state and county in the development of contracts authorized in this section shall be resolved through mediation. The state and county shall select a mediator acceptable to both parties for the purpose of resolving disputes.

Sec. 19. [ALTERNATIVE SERVICES PILOT PROJECTS.]

Subdivision 1. [ALTERNATIVE SERVICES AUTHORIZED.] *The commissioner may develop pilot projects that provide alternatives to day training and habilitation services for persons with mental retardation or related conditions who are 65 years of age or older. Before implementing the pilot projects, the commissioner shall consult with the board on aging; providers of day training and habilitation programs, residential programs, state-operated community-based programs, and other alternative services for persons with mental retardation or related conditions; and other interested persons including parents, advocates, and persons who may be considered for alternative services. The commissioner shall select as pilot project vendors only current providers of day training and habilitation programs, residential programs, state-operated community-based programs, or other alternative programs.*

Subd. 2. [ALTERNATIVE SERVICES PARTICIPATION.] *No more than 30 persons may receive alternative services under the pilot projects, and participants must be selected as follows: no more than seven persons from day training and habilitation programs; no more than seven persons from*

state-operated community-based programs; no more than seven persons from residential programs; and no more than nine persons from other community-integrated programs. Alternative services may be provided by a person's residential program provider only after other alternative services have been considered and determined not to meet the person's needs.

Subd. 3. [ADVISORY COMMITTEE.] *The commissioner shall convene an advisory committee consisting of persons concerned with and affected by the alternative services pilot projects and the effect of the projects on existing services to evaluate the alternative services pilot projects. The commissioner shall report the advisory committee's evaluation to the legislature by February 1, 1994.*

Sec. 20. [PILOT PROJECT FOR CRISIS SERVICES.]

The commissioner may authorize a pilot project to provide community-based crisis services for persons with mental retardation or related conditions who would otherwise be admitted to or are at risk of being admitted to an acute care hospital for psychological care. To make available the facility capacity for the pilot project, the commissioner may authorize relocation of and alternative services for up to 15 residents of an existing intermediate care facility for persons with mental retardation or related conditions. The medical assistance costs of the alternative services must not exceed the medical assistance costs of services, including day training and habilitation services, for the residents at the intermediate care facility who are relocated. The commissioner may adjust the program operating costs rate of the facility under Minnesota Rules, part 9553.0050, subpart 3, as necessary to implement the pilot project. The project shall serve persons who are the responsibility of Hennepin and Carver counties and other counties as determined by the commissioner.

By January 15, 1994, the commissioner shall report to the legislature on the cost effectiveness of the pilot project.

Sec. 21. [REPEALER.]

Minnesota Statutes 1990, sections 245.0311, 245.0312, and 246.14; and Minnesota Statutes 1991 Supplement, section 252.46, subdivision 15, are repealed."

benefits for members of the basic program and to conform certain administrative provisions to the statutory provisions applicable to disability benefits for coordinated program members, as provided in paragraphs (b) to (g).

(c) Article 21, section 21.3, may be amended to clarify that disability benefits accrue from the later of either 90 days following commencement of the permanent disability or the first day of the month following the date on which the written application for the disability benefit has been filed with the board.

(f) Article 21 may be amended by adding a subsection to provide that a basic program disability recipient who remains disabled until normal retirement age must be transferred to retirement status. The disability benefit terminates upon the transfer, and the person is subsequently entitled to receive a retirement annuity in accordance with the optional annuity previously elected or, if the person had not elected an optional annuity, then, at the person's option, either a straight life retirement annuity in accordance with the articles of incorporation or a straight life retirement annuity equal to the disability benefit paid prior to the date on which the person attained normal retirement age, whichever is greater, or an optional annuity as provided in the articles of incorporation. If an optional annuity is elected, the election must be made prior to the person's attaining normal retirement age and takes effect on the date of the election.

Sec. 3. Minnesota Statutes 1990, section 176.181, subdivision 2, is amended to read:

Subd. 2. [COMPULSORY INSURANCE; SELF-INSURERS.] (1) Every employer, except the state and its municipal subdivisions, liable under this chapter to pay compensation shall insure payment of compensation with some insurance carrier authorized to insure workers' compensation liability in this state, or obtain a written order from the commissioner of commerce exempting the employer from insuring liability for compensation and permitting self-insurance of the liability. The terms, conditions and requirements governing self-insurance shall be established by the commissioner pursuant to chapter 14. The commissioner of commerce shall also adopt, pursuant to clause (2)(c), rules permitting two or more employers, whether or not they are in the same industry, to enter into agreements to pool their liabilities under this chapter for the purpose of qualifying as group self-insurers. With the approval of the commissioner of commerce, any employer may exclude medical, chiropractic and hospital benefits as required by this chapter. An employer conducting distinct operations at different locations may either insure or self-insure the other portion of operations as a distinct

and separate risk. An employer desiring to be exempted from insuring liability for compensation shall make application to the commissioner of commerce, showing financial ability to pay the compensation, whereupon by written order the commissioner of commerce, on deeming it proper, may make an exemption. An employer may establish financial ability to pay compensation by: (1) providing financial statements of the employer to the commissioner of commerce; or (2) filing a surety bond or bank letter of credit with the commissioner of commerce in an amount equal to the anticipated annual compensation costs of the employer, but in no event less than $100,000. Upon ten days' written notice the commissioner of commerce may revoke the order granting an exemption, in which event the employer shall immediately insure the liability. As a condition for the granting of an exemption the commissioner of commerce may require the employer to furnish security the commissioner of commerce considers sufficient to insure payment of all claims under this chapter, *consistent with subdivisions 2b and 2c*. If the required security is in the form of currency or negotiable bonds, the commissioner of commerce shall deposit it with the state treasurer. In the event of any default upon the part of a self-insurer to abide by any final order or decision of the commissioner of labor and industry directing and awarding payment of compensation and benefits to any employee or the dependents of any deceased employee, then upon at least ten days notice to the self-insurer, the commissioner of commerce may by written order to the state treasurer require the treasurer to sell the pledged and assigned securities or a part thereof necessary to pay the full amount of any such claim or award with interest thereon. This authority to sell may be exercised from time to time to satisfy any order or award of the commissioner of labor and industry or any judgment obtained thereon. When securities are sold the money obtained shall be deposited in the state treasury to the credit of the commissioner of commerce and awards made against any such self-insurer by the commissioner of commerce shall be paid to the persons entitled thereto by the state treasurer upon warrants prepared by the commissioner of commerce and approved by the commissioner of finance out of the proceeds of the sale of securities. Where the security is in the form of a surety bond or personal guaranty the commissioner of commerce, at any time, upon at least ten days notice and opportunity to be heard, may require the surety to pay the amount of the award, the payments to be enforced in like manner as the award may be enforced.

(2)(a) No association, corporation, partnership, sole proprietorship, trust or other business entity shall provide services in the design, establishment or administration of a group self-insurance plan under rules adopted pursuant to this subdivision unless it is licensed to do so by the commissioner of commerce. An applicant for a license shall state in writing the type of activities it seeks authorization to engage in and the type of services it seeks authorization to provide. The license shall be granted only when the commissioner of commerce is satisfied that the entity possesses the necessary organization, background, expertise, and financial integrity to supply the services sought to be offered. The commissioner of commerce may issue a license subject to restrictions or limitations, including restrictions or limitations on the type of services which may be supplied or the activities which may be engaged in. The license is for a two-year period.

(b) To assure that group self-insurance plans are financially solvent, administered in a fair and capable fashion, and able to process claims and pay benefits in a prompt, fair and equitable manner, entities licensed to engage in such business are subject to supervision and examination by the

commissioner of commerce.

(c) To carry out the purposes of this subdivision, the commissioner of commerce may promulgate administrative rules, including emergency rules, pursuant to sections 14.001 to 14.69. These rules may:

(i) establish reporting requirements for administrators of group self-insurance plans;

(ii) establish standards and guidelines *consistent with subdivisions 2b and 2c* to assure the adequacy of the financing and administration of group self-insurance plans;

(iii) establish bonding requirements or other provisions assuring the financial integrity of entities administering group self-insurance plans;

(iv) establish standards, including but not limited to minimum terms of membership in self-insurance plans, as necessary to provide stability for those plans;

(v) establish standards or guidelines governing the formation, operation, administration, and dissolution of self-insurance plans; and

(vi) establish other reasonable requirements to further the purposes of this subdivision.

Sec. 4. Minnesota Statutes 1990, section 176.181, is amended by adding a subdivision to read:

Subd. 2b. [ACCEPTABLE SECURITIES.] *The following are acceptable securities and surety bonds for the purpose of funding self-insurance plans and group self-insurance plans:*

(1) direct obligations of the United States government except mortgage-backed securities of the Government National Mortgage Association;

(2) bonds, notes, debentures, and other instruments which are obligations of agencies and instrumentalities of the United States including, but not limited to, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Federal Home Loan Bank, the Student Loan Marketing Association, and the Farm Credit System, and their successors, but not including collateralized mortgage obligations or mortgage pass-through instruments;

(6) surety bonds issued by a corporate surety authorized by the commissioner of commerce to transact such business in the state;

(7) obligations of or instruments unconditionally guaranteed by Minnesota insurance companies, whose long-term debt rating is at least AA-, Aa3, or their equivalent, by at least two nationally recognized rating agencies and whose rating is A + by Best & Co.; and

Subd. 2c. [DEPOSIT OF SECURITIES.] *Securities described in subdivision 2b must be deposited with the state treasurer or deposited in a custodial account with a depository institution acceptable to the state treasurer. The instrument or contract creating and governing any custodial account must contain the following assignment language: "The account is hereby assigned to the state treasurer by the company for the payment of compensation and the performance of the obligations of employers imposed under Minnesota Statutes, chapter 176. The company has no right, title, or interest in the security deposited in the account until released by the state."*

All instruments and contracts creating and governing custodial accounts shall remain with the state treasurer or the commissioner of commerce for a period of time as dictated by the applicable statute of limitations provided in this chapter. The custodian of any custodial account shall report to the commissioner of commerce the market value of the instruments held in the account once each month. No custodial accounts assigned to the state shall be released without an order from the commissioner of commerce.

Sec. 6. [RULE CHANGE.]

The commissioner of commerce shall amend Minnesota Rules, part 2780.0400, so that it is consistent with the changes in sections 3 to 5.

Such obligations shall be called improvement bonds and the council shall pay the principal and interest out of any fund of the municipality when the amount credited to the specified fund is insufficient for the purpose and shall each year levy a sufficient amount to take care of accumulated or anticipated deficiencies, which levy shall not be subject to any statutory or charter tax limitation. Obligations for the payment of which the full faith and credit of the municipality is not pledged shall be called ~~improvement warrants~~ *assessment revenue notes* or, in the case of bonds for fire protection, revenue bonds and shall contain a promise to pay solely out of the proper special fund or funds pledged to their payment. (b) An entitlement issuer may not apply for an allocation from the housing pool or from the public facilities pool unless it has either permanently issued bonds equal to the amount of its entitlement allocation for the current year plus any amount of bonding authority carried forward from previous years or returned for reallocation all of its unused entitlement allocation. For purposes of this subdivision, its entitlement allocation includes an amount obtained under section 474A.04, subdivision 6. *This paragraph does not apply to an application from the Minnesota housing finance agency for an allocation under subdivision 2a for cities who choose to have the agency issue bonds on their behalf.*

(c) If an application is rejected under this section, the commissioner must notify the applicant and return the application deposit to the applicant within 30 days unless the applicant requests in writing that the application be resubmitted. Sec. 15. Minnesota Statutes 1991 Supplement, section 474A.091, subdivision 2, is amended to read:

Subd. 2. [APPLICATION.] Issuers ~~other than the Minnesota rural finance authority~~ may apply for an allocation under this section by submitting to the department an application on forms provided by the department accompanied by (1) a preliminary resolution, (2) a statement of bond counsel that the proposed issue of obligations requires an allocation under this chapter, (3) the type of qualified bonds to be issued, (4) an application deposit in the amount of two percent of the requested allocation, and (5) a public purpose scoring worksheet for manufacturing applications. The issuer must pay the application deposit by check. An entitlement issuer may not apply for an allocation for public facility bonds, residential rental project bonds, or mortgage bonds under this section unless it has either permanently issued bonds equal to the amount of its entitlement allocation for the current year plus any amount carried forward from previous years or returned for reallocation all of its unused entitlement allocation. For purposes of this subdivision, its entitlement allocation includes an amount obtained under section 474A.04, subdivision 6.

The Minnesota housing finance agency may not apply for an allocation for mortgage bonds under this section until after the last Monday in August. The Minnesota housing finance agency, *the Minnesota higher education coordinating board, and the Minnesota rural finance authority* may apply for and receive an allocation under this section without submitting an application deposit.

Sec. 16. Minnesota Statutes 1991 Supplement, section 474A.091, subdivision 3, is amended to read:

Subd. 3. [ALLOCATION PROCEDURE.] (a) The commissioner shall allocate available bonding authority under this section on the Monday of every other week beginning with the first Monday in August through and on the last Monday in November. Applications for allocations must be received by the department by the Monday preceding the Monday on which allocations are to be made. If a Monday falls on a holiday, the allocation will be made or the applications must be received by the next business day after the holiday.

(b) On or before September 1, allocations shall be awarded from the unified pool in the following order of priority:

(1) applications for small issue bonds;

(2) applications for residential rental project bonds;

(3) applications for public facility projects funded by public facility bonds;

(4) applications for redevelopment bonds;

(5) applications for mortgage bonds; and

(6) applications for governmental bonds.

Allocations for residential rental projects may only be made during the first allocation in August. The amount of allocation provided to an issuer for a specific manufacturing project will be based on the number of points received for the proposed project under the scoring system under section 474A.045. Proposed manufacturing projects that receive 50 points or more are eligible for all of the proposed allocation. Proposed manufacturing projects that receive less than 50 points under section 474A.045 are only eligible to receive a proportionally reduced share of the proposed authority, based upon the number of points received. If there are two or more applications for manufacturing projects from the unified pool and there is insufficient bonding authority to provide allocations for all manufacturing projects in any one allocation period, the available bonding authority shall be awarded based on the number of points awarded a project under section 474A.045 with those projects receiving the greatest number of points receiving allocation first.

(c)(1) On the first Monday in August, *$5,000,000 of bonding authority is reserved within the unified pool for agricultural development bond loan projects of the Minnesota rural finance authority and* $20,000,000 of bonding authority or an amount equal to the total annual amount of bonding authority allocated to the small issue pool under section 474A.03, subdivision 1, less the amount allocated to issuers from the small issue pool for that year, whichever is less, is reserved within the unified pool for small issue bonds. On the first Monday in September, $2,500,000 of bonding authority or an amount equal to the total annual amount of bonding authority allocated to the public facilities pool under section 474A.03, subdivision 1, less the amount allocated to issuers from the public facilities pool for that year, whichever is less, is reserved within the unified pool for public facility bonds. If sufficient bonding authority is not available to reserve the required amounts for ~~both small issue bonds~~ *manufacturing projects* and ~~public facility bonds~~ *agricultural development bond loan projects*, ~~seven-eighths of~~ the remaining available bonding authority ~~is reserved for small issue bonds and one-eighth of the remaining available bonding authority is reserved for public facility bonds~~ *must be distributed between the two reservations on a pro rata basis, based upon the amounts each would have received if sufficient authority was available.*

(2) The total amount of allocations for mortgage bonds from the housing pool and the unified pool may not exceed:

(i) $10,000,000 for any one city; or

(ii) $20,000,000 for any number of cities in any one county.

An allocation for mortgage bonds may be used for mortgage credit certificates.

After September 1, allocations shall be awarded from the unified pool only for the following types of qualified bonds: small issue bonds, public facility bonds *to finance publicly owned facility projects*, and residential

rental project bonds.

(d) If there is insufficient bonding authority to fund all projects within any qualified bond category, allocations shall be awarded by lot unless otherwise agreed to by the respective issuers. If an application is rejected, the commissioner must notify the applicant and return the application deposit to the applicant within 30 days unless the applicant requests in writing that the application be resubmitted. The granting of an allocation of bonding authority under this section must be evidenced by issuance of a certificate of allocation.

Sec. 17. Minnesota Statutes 1991 Supplement, section 475.66, subdivision 3, is amended to read:

Mr. Neuville moved to amend S.F. No. 2788 as follows:

Page 50, after line 37, insert:

"With each passing year, this nation becomes deeply in debt as its expenditures grossly and repeatedly exceed available revenues so that the public debt now exceeds three trillion dollars.

Attempts to limit spending, including impoundment of funds by the President of the United States, have resulted in strenuous assertions that the responsibility for appropriations is the constitutional duty of the Congress.

The annual Federal budget repeatedly demonstrates the unwillingness or inability of both the legislative and executive branches of the Federal government to curtail spending to conform to available revenues.

The unified budget does not reflect actual spending because of the exclusion of special outlays which are not in the budget.

Knowledgeable planning and fiscal prudence require that the budget reflect all Federal spending and that the budget be in balance.

Believing that fiscal irresponsibility at the Federal level is one of the greatest economic threats which faces our nation, we firmly believe that constitutional restraint is necessary to bring the fiscal discipline needed to reverse this trend.

Under Article V of the Constitution of the United States, amendments to the Federal Constitution may be proposed by the Congress whenever two-thirds of both Houses deem it necessary or, on the application of the Legislatures of two-thirds of the several States, the Congress shall call a constitutional convention for the purposes of proposing amendments.

The Legislature of the State of Minnesota with a majority of all members of the two Houses, voting separately, concur that the Congress of the United States is petitioned to adopt an amendment to the Constitution of the United States, for submission to the States for ratification, requiring, with certain exceptions, that for each fiscal year, the President of the United States shall submit and the Congress of the

United States shall adopt a balanced federal budget; or, in the alternative, that pursuant to Article V of the Constitution of the United States, the Legislature of the State of Minnesota makes application to the Congress of the United States to call a convention for the specific and exclusive purpose of proposing an amendment to the Constitution of the United States, for submission to the States for ratification, requiring, with certain exceptions, that for each fiscal year, the President of the United States shall submit and the Congress of the United States shall adopt a balanced federal budget.

If Congress adopts, within 60 days after the Legislatures of two-thirds of the States have made application for such a convention, an amendment to the Constitution of the United States similar in subject matter to that contained in this resolution, then this application for a convention shall no longer be of any force or effect.

This application and request shall be deemed null and void, rescinded, and of no effect in the event that the convention is not limited to that specific and exclusive purpose.

This application by this Legislature constitutes a continuing application in accordance with Article V of the Constitution of the United States until at least two-thirds of the Legislatures of the several States have made application for a similar convention pursuant to Article V or the Congress has proposed an amendment to the Constitution of the United States similar in subject matter to that contained in this resolution.

The Secretary of State of the State of Minnesota is directed to prepare certified copies of this memorial and transmit them to the President and Secretary of the United States Senate, the Speaker and Chief Clerk of the United States House of Representatives, the Minnesota Senators and Representatives in Congress, and to the presiding officer of each House of each State legislature in the United States."

Mr. Luther questioned whether the amendment was germane.

The President ruled that the amendment was not germane.

"ARTICLE 11

HIGHER EDUCATION SAVINGS PLAN

Section 1. Minnesota Statutes 1990, section 136A.121, is amended by adding a subdivision to read:

Subd. 18. [EXCLUSION OF CERTAIN AMOUNTS FROM ELIGIBILITY CALCULATIONS.] *In determining student eligibility for a state grant, the value of allocation units in the higher education savings incentive fund established in section 2 shall be excluded from determination of family assets, and the amount received upon redemption shall be excluded from income. Principal and interest on United States savings bonds used to finance higher education shall also be excluded up to the amount excluded from federal income taxation.*

Sec. 2. [290.137] [HIGHER EDUCATION SAVINGS PLAN.]

Subdivision 1. [POLICY.] *The governor and legislature believe higher education is becoming more important to survival and success in an increasingly competitive and complex job market. Future jobs will require more education beyond the high school level. Given this, the earlier parents start saving for their children's education, the better prepared they will be to provide for their children's future. Providing information and opportunities to increase family saving for higher education is in the public interest.*

Subd. 2. [OPTION FOR TAKING INCOME TAX AND PROPERTY TAX REFUNDS IN THE FORM OF UNITED STATES SAVINGS BONDS.] *Every individual who is eligible for either a refund of payments made for the Minnesota individual income tax or a property tax refund may elect to take all or a portion of the refund in the form of United States savings bonds. The commissioner of revenue is authorized to engage in transactions necessary to provide the refund of bonds authorized by this subdivision. The commissioner of revenue, in consultation with the higher education coordinating board, shall include in the instructions for filing income taxes and property tax refund claims information about the present and future costs of higher education, the importance of beginning early to save for these expenses, alternative strategies for saving, and a description of current federal law relating to the taxation of earnings on United States savings bonds used for financing higher education.*

Subd. 3. [HIGHER EDUCATION SAVINGS INCENTIVE FUND.] *There shall be created in the state treasury a higher education savings incentive fund.*

Deposits to the fund may come from gifts from corporations, individuals, or foundations designated for the fund.

Assets of the fund shall be managed by the state board of investment. Assets of the fund shall be used only for providing savings incentive grants to taxpayers taking refunds in the form of United States savings bonds through the option established in subdivision 2, and to taxpayers providing evidence, at the time of tax payment or refund application, that they purchased United States savings bonds during the tax year for which the tax form or refund form applies.

The executive director of the higher education coordinating board shall manage the allocation of investment earnings of the fund, and manage disbursements from the fund. The executive director shall annually award allocation units to eligible purchasers of United States savings bonds based

on the following principles or constraints:

(1) one allocation unit shall be awarded for every $1 of face value of bonds purchased or taken as a refund, but no more than 4,000 allocation units per child may be awarded to an eligible purchaser in any cohort year;

(2) eligible purchasers of United States savings bonds within a given year shall comprise a cohort identifiable by the year;

(3) the savings incentive fund assets associated with any year's cohort shall be the smaller of:

(i) the accumulated assets not associated with any prior year's cohort; or

(ii) the number of allocation units for the cohort; and

(4) to be eligible for allocation units, the modified adjusted federal gross income of a filer purchasing United States savings bonds cannot exceed the modified adjusted gross income for which full exclusion of savings bond interest from federal taxation applies for the filer's filing status group.

Final allocation units applicable to returns due by April 15 will be announced as soon as possible after April 15.

The state board of investment may invest the assets of the fund in those securities it deems appropriate.

An individual who has been awarded allocation units for a yearly cohort may redeem the units for a savings incentive grant only upon submission of proof that United States savings bonds were cashed in for purposes of meeting the costs of higher education, and that the holder of the bonds was eligible for a full or partial exclusion of savings bond interest from federal taxation. The individual's savings incentive grant shall be calculated as the smaller of:

(i) the product of the total investment earnings for the cohort times the ratio of the individual's allocation units for the cohort to the total allocation units for the cohort; or

(ii) the amount of interest earned on the United States savings bonds for which the individual was awarded allocation units. Allocation units not redeemed within 25 years of award shall be cancelled.

An individual must certify that amounts received from the savings incentive fund will be used for post-secondary educational purposes.

The state pledges and agrees with all contributors to the higher education savings incentive fund to use the funds contributed solely for providing incentives to individuals for saving for the future costs of higher education.

The higher education coordinating board may adopt rules necessary to implement this subdivision.

Sec. 3. [EFFECTIVE DATES.]

(a) Section 1 is effective July 1, 1994, for grants awarded for the 1994-1995 academic year.

(b) Section 2, subdivisions 1 and 2, are effective on the day following final enactment. Provisions relating to income tax forms or property tax refund forms will be effective for the forms used to file for taxable years beginning after December 31, 1992.

(c) Section 2, subdivision 3, is effective no earlier than July 1, 1993, for share awards allocated after July 1, 1994, if the following conditions are met:

(1) the federal Internal Revenue Service has formally issued opinions, rulings, or determinations that:

(i) individual, corporate, or foundation contributions to the higher education savings incentive fund will be exempt from federal taxation under current rules relating to contributions to charitable organizations;

(ii) the board of investment will not be obligated to pay taxes on any income earned on contributions to the higher education savings incentive fund;

(iii) shares allocated to individuals under the conditions established in section 2, subdivision 3, will be exempt from taxation prior to the time the shares are cashed in; and

(iv) address the taxability of income derived by individuals at the time they cash in the shares that have been allocated to them; and

(2) the legislative commission on planning and fiscal policy has determined that:

(i) the annual costs of administering individual accounts and managing assets in the higher education savings incentive fund will not exceed one percent of the value of estimated assets; and

(ii) there is a high probability that annual contributions to the fund will be at least $5,000,000."

"Sec. 37. Minnesota Statutes 1990, section 297B.09, as amended by Laws 1991, chapters 233, section 94; and 291, article 2, section 14, is amended to read:

297B.09 [ALLOCATION OF REVENUE.]

Subdivision 1. [GENERAL FUND SHARE.] (a) Money collected and received under this chapter must be deposited in the state treasury and credited to the general fund. The amounts collected and received shall be credited as provided in this subdivision, and transferred from the general fund on July 15 and February 15 of each fiscal year. The commissioner of finance must make each transfer based upon the actual receipts of the preceding six calendar months and include the interest earned during that six-month period. The commissioner of finance may establish a quarterly or other schedule providing for more frequent payments to the transit assistance fund if the commissioner determines it is necessary or desirable to provide for the cash flow needs of the recipients of money from the transit assistance fund. *Money transferred to the highway user tax distribution fund and the transit assistance fund under paragraphs (b) to (d) must be apportioned as follows: 75 percent must be transferred to the highway user tax distribution fund for apportionment in the same manner and for the same purposes as other money in that fund, and the remaining 25 percent of the money must be transferred to the transit assistance fund to be appropriated to the commissioner of transportation for transit assistance within the state and to the regional transit board.*

(b) ~~Twenty-five~~ *Fifty* percent of the money collected and received under this chapter after June 30, ~~1990~~ *1992*, and before July 1, ~~1991~~ *1993*, must be transferred to the highway user tax distribution fund and the transit assistance fund ~~for apportionment as follows: 75 percent must be transferred to the highway user tax distribution fund for apportionment in the same manner and for the same purposes as other money in that fund, and the remaining 25 percent of the money must be transferred to the transit assistance fund to be appropriated to the commissioner of transportation for transit assistance within the state and to the regional transit board~~.

(c) ~~The distributions under this subdivision to the highway user tax distribution fund until June 30, 1991, and to the trunk highway fund thereafter, must be reduced by the amount necessary to fund the appropriation under section 41A.09, subdivision 1. For the fiscal years ending June 30, 1988, and June 30, 1989, the commissioner of finance, before making the transfers required on July 15 and January 15 of each year, shall estimate the amount required to fund the appropriation under section 41A.09, subdivision 1, for the six-month period for which the transfer is being made. The commissioner shall then reduce the amount transferred to the highway user tax distribution fund by the amount of that estimate.~~ *Sixty percent of the money collected and received under this chapter after June 30, 1993, and before July 1, 1995, must be transferred to the highway user tax distribution fund and the transit assistance fund.*

(d) Seventy percent of the money collected and received under this chapter after June 30, 1995, and before July 1, 1997, must be transferred to the highway user tax distribution fund and the transit assistance fund.

(e) The commissioner shall reduce the estimate for any six-month period by the amount by which the estimate for the previous six-month period

exceeded the amount needed to fund the appropriation under section 41A.09, subdivision 1, for that previous six-month period. If at any time during a six-month period in those fiscal years the amount of reduction in the transfer to the highway user tax distribution fund is insufficient to fund the appropriation under section 41A.09, subdivision 1 for that period, the commissioner shall transfer to the general fund from the highway user tax distribution fund an additional amount sufficient to fund the appropriation for that period, but the additional amount so transferred to the general fund in a six-month period may not exceed the amount transferred to the highway user tax distribution fund for that six-month period."

Subdivision 1. If the court finds that the child is delinquent, it shall enter an order making any of the following dispositions of the case which are deemed necessary to the rehabilitation of the child:

(a) Counsel the child or the parents, guardian, or custodian;

(b) Place the child under the supervision of a probation officer or other suitable person in the child's own home under conditions prescribed by the court including reasonable rules for the child's conduct and the conduct of the child's parents, guardian, or custodian, designed for the physical, mental, and moral well-being and behavior of the child, or with the consent of the commissioner of corrections, in a group foster care facility which is under the management and supervision of said commissioner;

(c) Subject to the supervision of the court, transfer legal custody of the child to one of the following:

(1) a child placing agency; or

(f) Require the child to pay a fine of up to $700; the court shall order

payment of the fine in accordance with a time payment schedule which shall not impose an undue financial hardship on the child;

(g) If the child is in need of special treatment and care for reasons of physical or mental health, the court may order the child's parent, guardian, or custodian to provide it. If the parent, guardian, or custodian fails to provide this treatment or care, the court may order it provided;

At any time before the termination of the period of cancellation, the court may, for good cause, recommend to the commissioner of public safety that the child be authorized to apply for a new license, and the commissioner may so authorize.

If the child is petitioned and found by the court to have committed or attempted to commit an act in violation of section 609.342~~,~~; 609.343~~,~~; 609.344~~,~~ ~~or~~; 609.345~~,~~; *609.3451; 609.746, subdivision 1; 609.79; or 617.23*, the court shall order an independent professional assessment of the child's need for sex offender treatment. If the assessment indicates that the child is in need of and amenable to sex offender treatment, the court shall include in its disposition order a requirement that the child undergo treatment. *Notwithstanding section 13.42, 13.85, 144.335, 260.161, or 626.556, the assessor has access to the following private or confidential data on the child if access is relevant and necessary for the assessment:*

(2) corrections and detention data under section 13.85;

(3) health records under section 144.335;

(4) juvenile court records under section 260.161; and

Any order for a disposition authorized under this section shall contain written findings of fact to support the disposition ordered, and shall also set forth in writing the following information:

(a) why the best interests of the child are served by the disposition ordered; and

(b) what alternative dispositions were considered by the court and why such dispositions were not appropriate in the instant case."

SEX OFFENDER TREATMENT

Section 1. Minnesota Statutes 1990, section 241.67, subdivision 1, is amended to read:

Subdivision 1. [SEX OFFENDER TREATMENT.] A sex offender treatment system is established under the administration of the commissioner of corrections to provide and finance a range of sex offender treatment programs for eligible adults and juveniles. ~~Eligible~~ Offenders *who are eligible to receive treatment, within the limits of available funding,* are:

(1) adults and juveniles committed to the custody of the commissioner;

(2) adult offenders for whom treatment is required by the court as a condition of probation; ~~and~~

(3) juvenile offenders who have been found delinquent or received a stay of adjudication, for whom the juvenile court has ordered treatment; *and*

(4) adults and juveniles who are eligible for community-based treatment under the sex offender treatment fund established in section 4.

Sec. 2. Minnesota Statutes 1990, section 241.67, subdivision 2, is amended to read:

Subd. 2. [TREATMENT PROGRAM STANDARDS.] ~~By July 1, 1991,~~ *(a)* The commissioner shall adopt rules under chapter 14 for the certification of adult and juvenile sex offender treatment programs in state and local correctional facilities. The rules shall require that sex offender treatment programs be at least four months in duration. ~~After July 1, 1991,~~ A correctional facility may not operate a sex offender treatment program unless the program has met the standards adopted by and been certified by the commissioner of corrections. As used in this subdivision, "correctional facility" has the meaning given it in section 241.021, subdivision 1, clause (5).

(b) By July 1, 1993, the commissioner shall adopt rules under chapter 14 for the certification of community-based adult and juvenile sex offender treatment programs not operated in state or local correctional facilities.

(c) In addition to other certification requirements established under paragraphs (a) and (b), rules adopted by the commissioner must require all certified programs to participate in an ongoing outcome-based evaluation and quality management system established by the commissioner.

Sec. 3. Minnesota Statutes 1990, section 241.67, is amended by adding a subdivision to read:

Subd. 7. [FUNDING PRIORITY; PROGRAM EFFECTIVENESS.] *(a) Unless otherwise directed by the terms of a particular appropriations provision, the commissioner shall give priority to the funding of juvenile sex offender programs over the funding of adult sex offender programs.*

(b) Every county or private sex offender program that seeks new or continued state funding or reimbursement shall provide the commissioner with any information relating to the program's effectiveness that the commissioner considers necessary. The commissioner shall deny state funding or reimbursement to any county or private program that fails to provide this information or that appears to be an ineffective program.

Sec. 4. [241.671] [SEX OFFENDER TREATMENT FUND.]

Subdivision 1. [TREATMENT FUND ADMINISTRATION.] *A sex offender treatment fund is established to pay for community-based sex offender treatment for adults and juveniles. The commissioner of corrections and the commissioner of human services shall establish an interagency staff*

work group to coordinate agency activities relating to sex offender treatment. The commissioner of human services is responsible for administering the sex offender treatment fund, including establishing requirements for submitting claims for payment, paying vendors, and enforcing the county maintenance of effort requirement in subdivision 7. The commissioner of corrections is responsible for overseeing and coordinating a statewide sex offender treatment system under section 241.67, subdivision 1; certifying sex offender treatment providers under section 241.67, subdivision 2, paragraph (b); establishing eligibility criteria and an assessment process under subdivision 3; determining county allocations of treatment fund money under subdivision 4; and approving special project grants under subdivision 5. The county is responsible for developing and coordinating sex offender treatment services under the supervision of the commissioner of corrections, approving sex offender treatment vendors under subdivision 8, approving persons for treatment within the limits of the county's allocation of treatment fund money under subdivision 4, and selecting an eligible vendor to provide the appropriate level of treatment to each person who is eligible to receive treatment and for whom funding is available. The assessment of eligibility and treatment needs under subdivision 3 must be conducted by the agency responsible for probation services. If this agency is not a county agency, the county shall enter into an agreement with the agency that prescribes the process for county approval of treatment and treatment vendors within the limits of the county's allocation of treatment fund money. The commissioner of corrections shall adopt rules under chapter 14 governing the sex offender treatment fund. At the request of the commissioner of corrections, the commissioner of human services shall provide technical assistance relating to the duties required under this section. The commissioner of corrections and the commissioner of human services shall coordinate activities relating to the sex offender treatment fund with activities relating to the consolidated chemical dependency treatment fund.

Subd. 2. [PERSONS ELIGIBLE TO RECEIVE TREATMENT.] *Within the limits of available funding, the sex offender treatment fund pays for sex offender treatment for sex offenders who have been ordered by the court to receive treatment and high-risk persons who seek treatment voluntarily. For purposes of this section, a sex offender is an adult who has been convicted of, or a juvenile who has been adjudicated to be delinquent based on a violation of, section 609.342; 609.343; 609.344; 609.345; 609.3451; 609.746, subdivision 1; 609.79; or 617.23. The treatment fund pays for treatment only to the extent that the costs of treatment cannot be met by the person's income or assets, health coverage, or other resources. Payment may be made on behalf of eligible persons only if:*

(1) the person has been assessed and determined to be in need of community-based treatment under subdivision 3;

(2) the county has approved treatment and designated a treatment vendor within the limits of the county's allocation of money under subdivision 4;

(3) the person received the appropriate level of treatment as determined through the assessment process;

(4) the person received services from a vendor certified by the commissioner of corrections under section 241.67, subdivision 2, paragraph (b); and

(5) the vendor submitted a claim for payment in accordance with requirements established by the commissioner of human services.

Subd. 3. [ASSESSMENT.] *(a) The commissioner of corrections shall establish a process and criteria for assessing the eligibility and treatment needs of persons on whose behalf payment from the sex offender treatment fund is sought. The assessment determines: (1) whether the individual is eligible under subdivision 2; (2) the person's ability to contribute to the cost of treatment; (3) whether a need for treatment exists; (4) if treatment is needed, the appropriate level of treatment; and (5) if the person is seeking treatment voluntarily, whether the person represents a high risk of becoming a sex offender in the absence of intervention and treatment.*

(b) The commissioner shall develop a sliding fee scale to determine the amount of the contribution required from persons who have income or other financial resources. The fee scale must require persons whose income and assets are above the limits for the medical assistance program to contribute to the cost of the assessment and treatment and require persons whose income is above the state median income to pay the entire cost of assessment and treatment.

Subd. 4. [COUNTY ALLOCATIONS.] *(a) For the first year of the sex offender treatment fund, the money appropriated for the treatment fund must be allocated among the counties according to the following formula:*

(1) two-thirds based on the number of sex offender convictions or adjudications in the county in the previous year; and

(2) one-third based on county population.

(b) Any balance remaining in the fund at the end of the first year of the fund does not cancel and is available for the next year. Any balance remaining in subsequent years does not carry forward unless specifically authorized by the legislature.

(c) For the second year of the fund, an amount equal to the balance carried forward from the first year, plus any legislative appropriation for special project grants, must be reserved for special projects under subdivision 5. This becomes the base funding level for special project grants. The appropriation for the treatment fund must be allocated to counties in proportion to the amount actually paid out of each county's treatment fund allocation in the previous year.

(d) For the third and subsequent years of the fund, the appropriation for the sex offender treatment fund must be allocated to counties in proportion to the previous year's allocations. Any increase or decrease in funding for the sex offender treatment fund must be allocated proportionately among counties.

(e) For the second and subsequent years of the treatment fund, a reduction in the special projects base funding and a corresponding increase in a county's sex offender treatment fund allocation may be made under subdivision 5.

(f) Money appropriated specifically for sex offender assessments must be allocated to counties based on the number of sex offender convictions and delinquency adjudications in the county in the previous year. The money must be used to pay for assessments conducted under subdivision 3.

Subd. 5. [SPECIAL PROJECT GRANTS.] *The commissioner of corrections shall approve grants to counties for special projects using the money reserved for special projects under subdivision 4, paragraph (c), and any appropriations specifically designated for sex offender treatment special*

projects. Special project grants may be used to develop new sex offender treatment services or providers, develop or test new treatment methods, educate courts and corrections personnel on treatment programs and methods, address special treatment needs in a particular county, or provide additional funding to counties that demonstrate that their treatment needs cannot be met within their formula allocation under subdivision 4. For the first three years of the fund, highest priority for special project grants must be given to counties that spent less than their allocation under the formula in subdivision 4, paragraph (a), during the previous year; demonstrate a significant need to increase their spending for sex offender treatment; and submit a detailed plan for improving their sex offender treatment system. For these high priority counties, upon successful completion of a special project the commissioner shall increase that county's base allocation under subdivision 4 for subsequent years by the amount of the special project grant or another amount determined by the commissioner and agreed to by the county as a condition of receiving a special project grant. The base funding level for special projects for the subsequent year must be reduced by the amount of the increase in the county's base allocation. After the third year of the treatment fund, the commissioner may allocate up to 40 percent of the special project grant money to increase the base allocation of treatment fund money for those counties that demonstrate the greatest need to increase funding for sex offender treatment. The base funding level for special projects must be reduced by the amount of the increase in counties' base allocations.

Subd. 6. [COUNTY ADMINISTRATION.] *A county may use up to five percent of the money allocated to it under subdivision 4 for administrative costs associated with the sex offender treatment fund, including the costs of assessment and referral of persons for treatment, state administrative and reporting requirements, service development, and other activities directly related to sex offender treatment. Two or more counties may undertake any of the activities required under this section as a joint action under section 471.59. Nothing in this section requires a county to spend local money or commit local resources in addition to state money provided under this section, except as provided in subdivision 7.*

Subd. 7. [MAINTENANCE OF EFFORT.] *As a condition of receiving an allocation of money from the sex offender treatment fund under this section, a county must agree not to reduce the level of funding provided for sex offender treatment below the average annual funding level for calendar years 1989, 1990, and 1991.*

Subd. 8. [ELIGIBILITY OF VENDORS.] *To be eligible to receive payment from the sex offender treatment fund, a vendor must be certified by the commissioner of corrections under section 241.67, subdivision 2, paragraph (b), and must comply with billing and reporting requirements established by the commissioner of human services. A county may become certified and approved as a vendor by satisfying the same requirements that apply to other vendors.*

Subd. 9. [START-UP GRANTS.] *Within the limits of appropriations made specifically for this purpose, the commissioner of corrections shall award grants to counties or providers for the initial start-up costs of establishing new certified, community-based sex offender treatment programs eligible for reimbursement under the sex offender treatment fund. In awarding the grants, the commissioner shall promote a statewide system of sex offender treatment programs that will provide reasonable geographic access to treatment throughout the state.*

Subd. 10. [COORDINATION OF FUNDING FOR SEX OFFENDER TREATMENT.] *The commissioners of corrections and human services shall identify all sources of funding for sex offender treatment in the state and develop methods of coordinating funding sources.*

Sec. 5. Minnesota Statutes 1990, section 242.195, subdivision 1, is amended to read:

Subdivision 1. [~~TREATMENT~~ *SEX OFFENDER* PROGRAMS.] The commissioner of corrections shall provide for a range of sex offender ~~treatment~~ programs, including intensive sex offender ~~treatment~~ *programs*, for juveniles within state juvenile correctional facilities and through purchase of service from county and private residential and outpatient juvenile sex offender ~~treatment~~ programs. *The commissioner shall establish and operate a juvenile sex offender program at one of the state juvenile correctional facilities.*

Sec. 6. [SEX OFFENDER TREATMENT; PILOT PROGRAM.]

The commissioner of corrections, in consultation with the commissioner of human services, shall administer a grant to create a pilot program to test the effectiveness of pharmacological agents, such as antiandrogens, in the treatment of sex offenders including psychopathic personalities.

Participation in the study must be by volunteers who meet defined criteria. The commissioner of corrections shall report to the legislature by February 1, 1993, regarding the preliminary results of the study.

Sec. 7. [REPORT ON SEX OFFENDER TREATMENT FUNDING.]

By January 1, 1993, the commissioners of corrections and human services shall submit a report to the legislature on funding for sex offender treatment, including:

(1) a summary of the sources and amounts of public and private funding for sex offender treatment;

(2) a progress report on implementation of sections 4 to 7;

(3) methods currently being used to coordinate funding;

(4) recommendations on whether other sources of funding should be consolidated into the sex offender treatment fund;

(5) recommendations regarding medical assistance program changes or waivers that will improve the cost-effective use of medical assistance funds for sex offender treatment;

(6) recommendations on whether start-up grants are needed to promote the development of needed sex offender treatment vendors, and if so, the amount of money needed for various regions, types of vendor, and class of sex offender;

(7) an estimate of the amount of money needed to fully fund the sex offender treatment fund and information regarding the cost of an array of possible options for partial funding, including funding options that prioritize treatment needs based on the age of the offender, the level of offense, or other factors identified by the commissioner; and

(8) recommendations for other changes that will improve the effectiveness and efficiency of the sex offender treatment funding system.

Sec. 8. [EVALUATION OF SEX OFFENDER PROGRAMS.]

The legislative auditor shall prepare a design plan to implement a comprehensive, permanent system of ongoing, outcome-based evaluation and quality management for publicly funded adult and juvenile sex offender programs, operated both within and outside correctional facilities. The plan must provide for evaluation that is independent of the agency administering or operating the treatment program. The auditor shall present the design plan and make recommendations to the chairs of the judiciary committees in the senate and house of representatives by February 15, 1993. The plan must be designed to integrate an effective ongoing, outcome-based evaluation component into sex offender programs that will gather data and reach conclusions concerning:

(1) the effectiveness of sex offender programs in reducing recidivism and protecting public safety;

(2) the relative effectiveness of different treatment approaches;

(3) a meaningful, statistically valid comparison of offenders who receive programming with those who do not;

(4) the effectiveness of existing methods of selecting a program for a particular offender; and

(5) any other issues the legislative auditor determines should be included in this type of a program evaluation.

Sec. 9. [EFFECTIVE DATE.]

Sections 1 to 7 are effective the day following final enactment.

The commissioner shall award grants in amounts up to $50,000 for the purpose of creating children's safety centers to reduce children's vulnerability to violence and trauma related to family visitation, where there has been a history of domestic violence or abuse within the family. At least one of the pilot projects shall be located in the seven-county metropolitan area and at least one of the projects shall be located outside the seven-county metropolitan area, and the commissioner shall award the grants to provide the greatest possible number of safety centers and to locate them to provide for the broadest possible geographic distribution of the centers throughout the state.*

1, 1994, with recommendations.

Sec. 7. [260.152] [MENTAL HEALTH AND CHEMICAL DEPENDENCY SCREENING OF JUVENILES IN DETENTION.]

Subdivision 1. [ESTABLISHMENT.] *The commissioner of human services, in consultation with the commissioner of corrections, shall establish pilot projects in counties to reduce the recidivism rates of juvenile offenders by identifying and treating underlying mental health problems, or mental health and accompanying chemical dependency problems, that contribute to delinquent behavior and can be addressed through nonresidential services. At least one of the pilot projects must be in the seven-county metropolitan area and at least one must be in greater Minnesota.*

Subd. 2. [PROGRAM COMPONENTS.] *The commissioner of human services shall, in consultation with the commissioner of corrections, the Indian affairs council, the council on affairs of Spanish-speaking people, the council on Black Minnesotans, and the council on Asian-Pacific Minnesotans, provide grants to the counties for the pilot projects. The projects shall build upon the existing service capabilities in the community and must include:*

(1) screening for mental health problems of juveniles admitted before adjudication to a secure detention facility as defined in section 260.015, subdivision 16, and juveniles alleged to be delinquent as that term is defined in section 260.015, subdivision 5, who are admitted to a shelter care facility, as defined in section 260.015, subdivision 17;

(2) screening for combined mental health and chemical dependency problems for juveniles specified in clause (1), unless they are already subject to mandatory chemical use assessments under this chapter;

(3) referral for mental health and chemical dependency assessment of all juveniles for whom the screening indicates a need. This assessment is to be provided by the appropriate mental health or chemical dependency professional. If the juvenile is of a minority race or minority ethnic heritage, the mental health or chemical dependency professional must be skilled in culturally appropriate chemical dependency and mental health treatment issues and knowledgeable about matters related to the juvenile's racial and ethnic heritage, or must consult with a special mental health or chemical dependency consultant who has these skills and knowledge so that the assessment is relevant, culturally appropriate, and sensitive to the juvenile's cultural needs;

(4) upon completion of the assessment, access to or provision of nonresidential mental health or chemical dependency services identified as needed in the assessment; and

(5) coordination of the services under this section with chemical use assessments required under other provisions of chapter 260.

Subd. 3. [SCREENING TOOL.] *The commissioner of human services, in consultation with the commissioner of corrections, shall develop a model screening tool to screen youth held in juvenile detention to determine if a mental health or chemical dependency assessment is needed. The tool must contain specific questions to identify potential mental health or chemical dependency problems. In implementing a pilot project, counties must either use this model tool or use another tool approved by the commissioner of human services that meets the requirements of this section.*

Subd. 4. [PROGRAM REQUIREMENTS.] *To receive funds, the county program proposal shall be a joint proposal with all affected local agencies, resulting in part from consultation with the local coordinating council established under section 245.4873, subdivision 3, and the local mental health advisory council established under section 245.4875, subdivision 5, and shall contain the following:*

(1) evidence of interagency collaboration by all publicly funded agencies serving children with emotional disturbances or chemical dependency, including evidence of consultation with the agencies listed in this section;

(2) a signed agreement by the local court services and local mental health and county social service agencies to work together on the following: development of program; development of written interagency agreements and protocols to ensure that the mental health and chemical dependency needs of juvenile offenders are identified, addressed, and treated; and development of a procedure for joint evaluation of the program;

(3) a description of existing services that will be used in this program; and

(4) a description of additional services that will be developed with program funds, including estimated costs and numbers of children to be served.

The commissioner of human services, in consultation with the commissioner of corrections, shall determine the application form, information needed, deadline for application, criteria for awards, and a process for providing technical assistance and training to counties. [PROGRAM BENEFITS.] *As a condition of providing lead abatement under this section, organizations may enter into agreements with a property owner requiring that, for a period of two years, the owner shall not increase rents on a property solely as a result of a substantial property improvement made with public funds provided by the programs in this section.*

Subd. 10. [REQUIREMENTS OF ORGANIZATIONS RECEIVING GRANTS.] *An eligible organization that is awarded a training and demonstration grant under this section shall prepare and submit a progress report to the commissioner by February 15, 1993.*

Subd. 11. [REPORT.] *The commissioner shall prepare and submit a report to the legislature and the governor by March 15, 1993, that describes the various programs that received grants under this section and makes recommendations for program changes.*

Sec. 2. Minnesota Statutes 1991 Supplement, section 462A.05, subdivision 15c, is amended to read:

Subd. 15c. [RESIDENTIAL LEAD ABATEMENT.] It may make or purchase loans or grants for ~~the~~ *removal and replacement* abatement, *as defined in section 1*, of hazardous levels of lead ~~paint in residential buildings and lead contaminated soil~~ *in violation of standards under section 144.878* on the property of residential buildings occupied *primarily* by *persons or families of* low- and moderate-income persons. ~~Hazardous levels are as determined by the department of health or the pollution control agency.~~ The agency must establish ~~grant~~ criteria for a residential lead ~~paint and lead contaminated soil~~ abatement program, including the terms of loans and grants under this section, a maximum amount for loans or grants, eligible owners, eligible contractors, and eligible buildings. The agency may make grants to cities, local units of government, ~~registered lead abatement contractors,~~ and nonprofit organizations for the purpose of administering a residential lead ~~paint and contaminated lead soil~~ abatement program. No loan or grant may be

made for lead ~~paint~~ abatement for a multifamily building which contains substantial housing maintenance code violations unless the violations are being corrected in conjunction with receipt of the loan or grant under this section. The agency must establish standards for the relocation of families where necessary and the payment of relocation expenses. To the extent possible, the agency must coordinate loans and grants under this section with existing housing programs.

The agency may require a property owner, as a condition of receiving a grant or loan under this section, to enter into an agreement requiring that, for a period of two years, the owner will not increase rents on a property solely as a result of property improvements made with funds under this section.

The agency, in consultation with the department of health, shall report to the legislature by January 1993 on the costs and benefits of subsidized lead abatement and the extent of the childhood lead exposure problem. The agency shall review the effectiveness of its existing loan and grant programs in providing funds for residential lead abatement and report to the legislature with examples, case studies and recommendations. *The agency shall report biennially to the legislature on its activities concerning lead abatement.*

Sec. 3. Minnesota Statutes 1990, section 462A.21, is amended by adding a subdivision to read:

Subd. 4m. [RESIDENTIAL LEAD ABATEMENT.] *It may expend money for the purposes of section 462A.05, subdivision 15c, including establishing a revolving loan fund, and may pay the costs and expenses necessary and incidental to the development and operation of a residential lead abatement loan and grant program.*

Subd. 2. [DEPARTMENT OF HEALTH.] *$725,000 is appropriated from the general fund to the commissioner of the department of health to be spent for programs and projects established in article 1. The commissioner of the department of health may provide funds for lead screening or other activities under this act only if:

(1) the board of health or other grantee conforms to the analytical requirements specified in Minnesota Statutes, section 144.873, subdivision 3;

"Sec. 6. [62J.15] [HEALTH PLANNING.]

Subdivision 1. [HEALTH PLANNING ADVISORY COMMITTEE.] *The Minnesota health care commission shall convene an advisory committee to make recommendations regarding the use and distribution of new and existing health care technologies and procedures and major capital expenditures by providers. The advisory committee may include members of the state commission and other persons appointed by the commission. The advisory committee must include at least one person representing physicians, at least one person representing hospitals, and at least one person representing the health care technology industry. Health care technologies and procedures include high-cost pharmaceuticals, organ and other high-cost transplants, high-cost health care procedures and devices excluding United States Food and Drug Administration approved implantable or wearable medical devices, and expensive, large-scale technologies such as scanners and imagers.*

Subd. 2. [HEALTH PLANNING.] *In consultation with the health planning advisory committee, the Minnesota health care commission shall:*

(1) make recommendations on the types of high-cost technologies, procedures, and capital expenditures for which a plan on statewide use and distribution should be made;

(2) develop criteria for evaluating new high-cost health care technology and procedures and major capital expenditures that take into consideration the clinical effectiveness, cost effectiveness, and health outcome;

(3) recommend to the commissioner of health and the regional coordinating organizations statewide and regional goals and targets for the distribution and use of new and existing high-cost health care technologies and procedures and major capital expenditures;

(4) make recommendations to the commissioner regarding the designation of centers of excellence for transplants and other specialized medical procedures; and

(5) make recommendations to the commissioner regarding minimum volume requirements for the performance of certain procedures by hospitals and other health care facilities or providers.

Sec. 7. [62J.17] [EXPENDITURE REPORTING.]

Subdivision 1. [PURPOSE.] *To ensure access to affordable health care*

services for all Minnesotans it is necessary to restrain the rate of growth in health care costs. An important factor contributing to escalating costs may be the purchase of costly new medical equipment, major capital expenditures, and the addition of new specialized services. After spending targets are established under section 62J.04, providers, patients, and communities will have the opportunity to decide for themselves whether they can afford capital expenditures or new equipment or specialized services within the constraints of a spending limit. In this environment, the state's role in reviewing these spending commitments can be more limited. However, during the interim period until spending targets are established, it is important to prevent unrestrained major spending commitments that will contribute further to the escalation of health care costs and make future cost containment efforts more difficult. In addition, it is essential to protect against the possibility that the legislature's expression of its attempt to control health care costs may lead a provider to make major spending commitments before targets or other cost containment constraints are fully implemented because the provider recognizes that the spending commitment may not be considered appropriate, needed, or affordable within the context of a fixed budget for health care spending. Therefore, the legislature finds that a requirement for reporting health care expenditures is necessary.

Subd. 2. [DEFINITIONS.] *For purposes of this section, the terms defined in this subdivision have the meanings given.*

(a) [CAPITAL EXPENDITURE.] *"Capital expenditure" means an expenditure which, under generally accepted accounting principles, is not properly chargeable as an expense of operation and maintenance.*

(b) [HEALTH CARE SERVICE.] *"Health care service" means:*

(1) a service or item that would be covered by the medical assistance program under chapter 256B if provided in accordance with medical assistance requirements to an eligible medical assistance recipient; and

(2) a service or item that would be covered by medical assistance except that it is characterized as experimental, cosmetic, or voluntary.

"Health care service" does not include retail, over-the-counter sales of nonprescription drugs and other retail sales of health-related products that are not generally paid for by medical assistance and other third-party coverage.

(c) [MAJOR SPENDING COMMITMENT.] *"Major spending commitment" means:*

(1) acquisition of a unit of medical equipment;

(2) a capital expenditure for a single project for the purposes of providing health care services, other than for the acquisition of medical equipment;

(3) offering a new specialized service not offered before;

(4) planning for an activity that would qualify as a major spending commitment under this paragraph; or

(5) a project involving a combination of two or more of the activities in clauses (1) to (4).

The cost of acquisition of medical equipment, and the amount of a capital expenditure, is the total cost to the provider regardless of whether the cost is distributed over time through a lease arrangement or other financing or

payment mechanism.

(d) [MEDICAL EQUIPMENT.] *"Medical equipment" means fixed and movable equipment that is used by a provider in the provision of a health care service. "Medical equipment" includes, but is not limited to, the following:*

(1) an extracorporeal shock wave lithotripter;

(2) a computerized axial tomography (CAT) scanner;

(3) a magnetic resonance imaging (MRI) unit;

(4) a positron emission tomography (PET) scanner; and

(5) emergency and nonemergency medical transportation equipment and vehicles.

(e) [NEW SPECIALIZED SERVICE.] *"New specialized service" means a specialized health care procedure or treatment regimen offered by a provider that was not previously offered by the provider, including, but not limited to:*

(1) cardiac catheterization services involving high-risk patients as defined in the Guidelines for Coronary Angiography established by the American Heart Association and the American College of Cardiology;

(2) heart, heart-lung, liver, kidney, bowel, or pancreas transplantation service, or any other service for transplantation of any other organ;

(3) megavoltage radiation therapy;

(4) open heart surgery;

(5) neonatal intensive care services; and

(6) any new medical technology for which premarket approval has been granted by the United States Food and Drug Administration, excluding implantable and wearable devices.

(f) [PROVIDER.] *"Provider" means an individual, corporation, association, firm, partnership, or other entity that is regularly engaged in providing health care services in Minnesota.*

Subd. 3. [HOSPITAL AND NURSING HOME MORATORIA PRESERVED.] *Nothing in this section supersedes or limits the applicability of section 144.551 or 144A.071.*

Subd. 4. [EXPENDITURE REPORTING.] *Any provider making a capital expenditure establishing a health care service or new specialized service, or making a major spending commitment after April 1, 1992, that is in excess of $500,000, shall submit notification of this expenditure to the commissioner and provide the commissioner with any relevant background or other information. The commissioner shall not have any approval or denial authority, but should use such information in the ongoing evaluation of statewide and regional progress toward cost containment and other objectives.*

Subd. 5. [RETROSPECTIVE REVIEW.] *(a)* [REVIEW REQUIRED.] *The commissioner of health, in consultation with the Minnesota health care commission, shall retrospectively review capital expenditures and major spending commitments that are required to be reported by providers under subdivision 4. In the event that health care providers refuse to cooperate*

with attempts by the Minnesota health care commission and regional coordinating organizations to coordinate the use of health care technologies and procedures, and reduce the growth rate in health care expenditures; or in the event that health care providers use, purchase, or perform health care technologies and procedures that are not clinically effective and cost effective and do not improve health outcomes based on the results of medical research; or in the event providers have failed to pursue collaborative arrangements; the commissioner shall require a provider to make no future major spending commitments for up to a five-year period unless the provider files a notice with the commissioner and provides supporting documentation and evidence requested by the commissioner, and the commissioner determines that the spending commitment is appropriate. The commissioner shall make a decision on a completed application within 60 days after an application is submitted. The Minnesota health care commission shall convene an expert review panel made up of persons with knowledge and expertise regarding medical equipment, specialized services, and health care capital expenditures to review applications and make recommendations to the commissioner and the commission. The commissioner of health shall have the authority to issue fines, seek injunctions, and other remedies as provided by law.

(b) [EXCEPTIONS.] *This subdivision does not apply to:*

(1) a major spending commitment to replace existing equipment with comparable equipment, if the old equipment will no longer be used in the state;

(2) a major spending commitment to repair, remodel, or replace existing buildings or fixtures if, in the judgment of the commissioner, the project does not involve a substantial expansion of service capacity or a substantial change in the nature of health care services provided;

(3) mergers, acquisitions, and other changes in ownership or control that, in the judgment of the commissioner, do not involve a substantial expansion of service capacity or a substantial change in the nature of health care services provided; and

(4) ambulatory surgery services, lithotripsy services, infusion therapy services, or kidney dialysis services.

(c) [APPEALS.] *A provider may appeal a decision of the commissioner under this section through a contested case proceeding under chapter 14.*"

Page 20, after line 15, insert:

"*Subd. 3.* [PENALTY.] *A violation of this section is a felony. A provider who is in compliance with a transition plan approved by the commissioner under subdivision 2 is not in violation of this section.*"

The legislative commission on health care access shall convene a hospital health planning task force to undertake preliminary planning relating to cost containment, accessibility of health care services, and quality of care,

The task force consists of interested representatives of Minnesota hospitals, the commissioner of health or the commissioner's representatives, and the members of the legislative commission or their representatives. The task force shall submit reports to the Minnesota health care commission by August 1, 1992, and July 1, 1993. The task force expires on August 1, 1993. Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1991 Supplement, section 256D.05, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] (a) Each person or family whose income and resources are less than the standard of assistance established by the commissioner and who is a resident of the state shall be eligible for and entitled to general assistance if the person or family is:

(1) a person who is suffering from a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(2) a person whose presence in the home on a substantially continuous basis is required because of the professionally certified illness, injury, incapacity, or the age of another member of the household;

(3) a person who has been placed in, and is residing in, a licensed or certified facility for purposes of physical or mental health or rehabilitation, or in an approved chemical dependency domiciliary facility, if the placement is based on illness or incapacity and is pursuant to a plan developed or approved by the county agency through its director or designated representative;

(4) a person who resides in a shelter facility described in subdivision 3;

(5) a person not described in clause (1) or (3) who is diagnosed by a licensed physician, licensed psychologist, or other qualified professional, as mentally retarded or mentally ill, and that condition prevents the person from obtaining or retaining employment;

(6) a person who has an application pending for, or is appealing termination of benefits from, the social security disability program or the program of supplemental security income for the aged, blind, and disabled, provided the person has a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(7) a person who is unable to obtain or retain employment because advanced age significantly affects the person's ability to seek or engage in substantial work;

(8) a person ~~who, following participation in the work readiness program, completion of an individualized employability assessment by the work readiness service provider, and consultation between the county agency and the work readiness service provider, the county agency determines is not employable. For purposes of this item, a person is considered employable if the county agency determines that there exist positions of employment in the local labor market, regardless of the current availability of openings for those positions, that the person is capable of performing. Eligibility under this category must be reassessed at least annually by the county agency and must be based upon the results of a new individualized employability assessment completed by the work readiness service provider. The recipient shall, if otherwise eligible, continue to receive general assistance while the annual individualized employability assessment is completed by the work readiness service provider, rather than receive work readiness payments under section 256D.051. Subsequent eligibility for general assistance is dependent upon the county agency determining, following consultation with the work readiness service provider, that the person is not employable, or the person meeting the requirements of another general assistance category of eligibility~~ *over age 18 whose primary language is not English and who is attending high school at least half time*;

(9) a person who is determined by the county agency, in accordance with emergency and permanent rules adopted by the commissioner, to be learning disabled, provided that if a rehabilitation plan for the person is developed or approved by the county agency, the person is following the plan;

(10) a child under the age of 18 who is not living with a parent, stepparent, or legal custodian, but only if: the child is legally emancipated or living with an adult with the consent of an agency acting as a legal custodian; the child is at least 16 years of age and the general assistance grant is approved by the director of the county agency or a designated representative as a component of a social services case plan for the child; or the child is living with an adult with the consent of the child's legal custodian and the county

agency. For purposes of this clause, "legally emancipated" means a person under the age of 18 years who: (i) has been married; (ii) is on active duty in the uniformed services of the United States; (iii) has been emancipated by a court of competent jurisdiction; or (iv) is otherwise considered emancipated under Minnesota law, and for whom county social services has not determined that a social services case plan is necessary, for reasons other than that the child has failed or refuses to cooperate with the county agency in developing the plan;

(11) a woman in the last trimester of pregnancy who does not qualify for aid to families with dependent children. A woman who is in the last trimester of pregnancy who is currently receiving aid to families with dependent children may be granted emergency general assistance to meet emergency needs;

(12) a person who is eligible for displaced homemaker services, programs, or assistance under section 268.96, but only if that person is enrolled as a full-time student;

(13) a ~~person who lives more than two hours round-trip traveling time from any potential suitable employment; and~~

~~(14)~~ a person who is involved with protective or court-ordered services that prevent the applicant or recipient from working at least four hours per day; ~~and~~

~~(15)~~ *(14)* a family as defined in section 256D.02, subdivision 5, which is ineligible for the aid to families with dependent children program. If all children in the family are six years of age or older, or if suitable child care is available for children under age six at no cost to the family, all the adult members of the family must register for and cooperate in the work readiness program under section 256D.051. If one or more of the children is under the age of six and suitable child care is not available without cost to the family, all the adult members except one adult member must register for and cooperate with the work readiness program under section 256D.051. The adult member who must participate in the work readiness program is the one having earned the greater of the incomes, excluding in-kind income, during the 24-month period immediately preceding the month of application for assistance. When there are no earnings or when earnings are identical for each adult, the applicant must designate the adult who must participate in work readiness and that designation must not be transferred or changed after program eligibility is determined as long as program eligibility continues without an interruption of 30 days or more. The adult members required to register for and cooperate with the work readiness program are not eligible for financial assistance under section 256D.051, except as provided in section 256D.051, subdivision 6, and shall be included in the general assistance grant. If an adult member fails to cooperate with requirements of section 256D.051, the local agency shall not take that member's needs into account in making the grant determination as provided by the termination provisions of section 256D.051, subdivision 1a, paragraph (b). ~~The time limits of section 256D.051, subdivision 1, do not apply to persons eligible under this clause.~~;

(15) a person who is a drug dependent person as defined in section 254A.02, subdivision 5, and that condition prevents the person from obtaining or retaining employment. The determination of drug dependency must be made by an assessor qualified under Minnesota Rules, part 9530.6615, subpart 2, to perform an assessment of chemical use;

(16) a person who is unable to obtain or retain employment because the person is functionally illiterate and the person is participating in a literacy program, GED, or high school assigned by the county agency; and

(17) a person certified by a qualified professional as exhibiting perceptible symptoms of mental illness and is not eligible under clause (1) or (3) because the mental illness interferes with diagnosis and certification of the illness, and the person cooperates with an annual review by the county agency.

A person under clause (16) must participate in the education program and must actively search for work, as provided in the person's employability development plan. If a person under clause (16) fails to comply with education and work search requirements, the person is subject to the penalties under section 256D.101.

(b) Persons or families who are not state residents but who are otherwise eligible for general assistance may receive emergency general assistance to meet emergency needs.

(c) As a condition of eligibility under paragraph (a), clauses (1), (3), (5), (8), and (9), the recipient must complete an interim assistance agreement and must apply for other maintenance benefits as specified in section 256D.06, subdivision 5, and must comply with efforts to determine the recipient's eligibility for those other maintenance benefits.

(d) The burden of providing documentation for a county agency to use to verify eligibility for general assistance or work readiness is upon the applicant or recipient. The county agency shall use documents already in its possession to verify eligibility, and shall help the applicant or recipient obtain other existing verification necessary to determine eligibility which the applicant or recipient does not have and is unable to obtain.

Sec. 2. Minnesota Statutes 1991 Supplement, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) Except as provided in this subdivision, persons who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not categorically eligible under section 256D.05, subdivision 1, are eligible for the work readiness program ~~for a maximum period of five consecutive calendar months during any 12 consecutive calendar month period~~, subject to the provisions of ~~paragraph (d),~~ subdivision 3~~,~~ and section 256D.052, subdivision 4. The person's ~~five-month~~ eligibility period begins on the first day of the calendar month following the date of application for assistance or following the date all eligibility factors are met, whichever is later~~,~~ ~~and ends on the last day of the fifth consecutive calendar month, whether or not the person has received benefits for all five months. The person is not eligible to receive work readiness benefits during the seven calendar months immediately following the five-month eligibility period; however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of benefits to complete the provisions of the person's employability development plan. Prior to terminating work readiness assistance the county agency must provide advice on the person's eligibility for general assistance medical care and must assess the person's eligibility for general assistance under section 256D.05 to the extent possible, using information in the case file, and determine the person's eligibility for general assistance. A determination that the person is not eligible for general assistance must be stated in the notice of~~

~~termination of work readiness benefits~~. *If orientation is available within three weeks after the date eligibility is determined, initial payment will not be made until the registrant attends orientation to the work readiness program.*

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

(c) Except for family members who must participate in work readiness services under the provisions of section 256D.05, subdivision 1, clause (14), any person who would be defined for purposes of the food stamp program as being enrolled at least half-time in an institution of higher education is ineligible for the work readiness program.

~~(d) Notwithstanding the provisions of sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits due to exhaustion of the period of eligibility specified in paragraph (a) or (d).~~

Sec. 3. Minnesota Statutes 1991 Supplement, section 256D.051, subdivision 1a, is amended to read:

Subd. 1a. [WORK READINESS PAYMENTS.] (a) Except as provided in this subdivision, grants of work readiness shall be determined using the standards of assistance, exclusions, disregards, and procedures which are used in the general assistance program. Work readiness shall be granted in an amount that, when added to the nonexempt income actually available to the assistance unit, the total amount equals the applicable standard of assistance.

(b) Except as provided in section 256D.05, ~~subdivision~~ *subdivisions 1 and* 6, work readiness assistance must be paid on the first day of each month.

At the time the county agency notifies the assistance unit that it is eligible for family general assistance or work readiness assistance and by the first day of each month of services, the county agency must inform all mandatory registrants in the assistance unit that they must comply with all work readiness requirements that month, and that work readiness eligibility will end at the end of the month unless the registrants comply with work readiness requirements specified in the notice. A registrant who fails, without good cause, to comply with requirements during this time period, including attendance at orientation, will lose family general assistance or work readiness eligibility without notice under section 256D.101, subdivision 1, paragraph (b). The registrant shall, however, be sent a notice no later than five days after eligibility ends, which informs the registrant that family general assistance or work readiness eligibility has ended in accordance with this section for failure to comply with work readiness requirements. The notice shall set forth the factual basis for such determination and advise the registrant of the right to reinstate eligibility upon a showing of good cause for the failure to meet the requirements. Subsequent assistance must not be issued unless the person completes an application, is determined eligible, and complies with the *time periods outlined in section 256D.101, subdivision 4, and with the* work readiness requirements that had not been complied with, or demonstrates that the person had good cause for failing to comply with the requirement. ~~The time during which the person is ineligible under these provisions is counted as part of the person's period of eligibility under subdivision 1.~~

(c) ~~Notwithstanding the provisions of section 256D.01, subdivision 1a, paragraph (d), when one member of a married couple has exhausted the five months of work readiness eligibility in a 12-month period and the other member has one or more months of eligibility remaining within the same 12-month period, the standard of assistance applicable to the member who remains eligible is the first adult standard in the aid to families with dependent children program.~~

~~(d)~~ Notwithstanding sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits under paragraph (b).

Sec. 4. Minnesota Statutes 1990, section 256D.051, is amended by adding a subdivision to read:

Subd. 17. [START WORK GRANTS.] *Within the limit of available appropriations, the county agency may make grants necessary to enable work readiness recipients to accept bona fide offers of employment. The grants may be made for costs directly related to starting employment, including transportation costs, clothing, tools and equipment, license or other fees, and relocation. Start work grants are available once in any 12-month period to a recipient. The commissioner shall allocate money appropriated for start work grants to counties based on each county's work readiness caseload in the 12 months ending in March for each following state fiscal year and may reallocate any unspent amounts.*

Sec. 5. [256D.091] [GRANT DIVERSION.]

The use of wage subsidies

is limited as follows:

(c) For each eligible job applicant placed in a community investment program job, the state may provide wage subsidies for a maximum of 780 hours over a maximum of 26 weeks. Counties may use money from sources other than public assistance and wage subsidies, including private grants, contributions from nonprofit corporations and other units of government, and other state money, to increase the wages or hours of persons employed in community investment programs.

(d) Notwithstanding the limitations of paragraphs (a) and (b), money may be used to provide a state contribution for wages and fringe benefits in private sector jobs for eligible applicants who had previously held temporary jobs with eligible government and nonprofit agencies or who had previously held community investment program jobs for which a state contribution had been made, and who are among the priority groups established in section 268.676, subdivision 1. (c) the business will use funds exclusively for compensation and fringe benefits of eligible job applicants and will provide employees hired with these funds ~~with~~ *employer-sponsored health insurance coverage that is available to employees on a group basis or other employer-sponsored health care coverage, and* fringe benefits and other terms and conditions of employment comparable to those provided to other employees of the business who do comparable work;

(d) the funds are necessary to allow the business to begin, or to employ additional people, but not to fill positions which would be filled even in the absence of wage subsidies;

(e) the business will cooperate with the local service unit and the commissioner in collecting data to assess the result of wage subsidies; and

(f) the business is in compliance with all applicable affirmative action, fair labor, health, safety, and environmental standards.

(c) will not impair existing contracts for service or result in the substitution of wage subsidy funds for other funds in connection with work that would otherwise be performed.

Sec. 15. Minnesota Statutes 1991 Supplement, section 290.01, subdivision 19a, is amended to read:

Subd. 19a. [ADDITIONS TO FEDERAL TAXABLE INCOME.] For individuals, estates, and trusts, there shall be added to federal taxable income:

(ii) exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code, except the portion of the exempt-interest dividends derived from interest income on obligations of the state of Minnesota or its political or governmental subdivisions, municipalities, governmental agencies or instrumentalities, but only if the portion of the exempt-interest dividends from such Minnesota sources paid to all shareholders represents 95 percent or more of the exempt-interest dividends that are paid by the regulated investment company as defined in section 851(a) of the Internal Revenue Code, or the fund of the regulated investment company as defined in section 851(h) of the Internal Revenue Code, making the payment; and

(2) the amount of income taxes paid or accrued within the taxable year under this chapter and income taxes paid to any other state or to any province or territory of Canada, to the extent allowed as a deduction under section 63(d) of the Internal Revenue Code, but the addition may not be more than the amount by which the itemized deductions as allowed under section 63(d) of the Internal Revenue Code exceeds the amount of the standard deduction as defined in section 63(c) of the Internal Revenue Code. For the purpose of this paragraph, the disallowance of itemized deductions under section 68 of the Internal Revenue Code of 1986, income tax is the last itemized deduction disallowed; and

(3) the capital gain amount of a lump sum distribution to which the special tax under section 1122(h)(3)(B)(ii) of the Tax Reform Act of 1986, Public Law Number 99-514, applies; and

(4) the amount of income taxes paid or accrued within the taxable year under this chapter and income taxes paid to any other state or any province or territory of Canada, to the extent allowed as a deduction in determining federal adjusted gross income. For the purpose of this paragraph, income taxes do not include the taxes imposed by sections 290.0922, subdivision 1, paragraph (b), 290.9727, 290.9728, and 290.9729; *and*

Modified adjusted gross income is the sum of the individual's adjusted gross income under section 62 of the Internal Revenue Code and interest received or accrued by the taxpayer that is exempt from federal tax. The amount of the addition under this clause may not exceed the exemption deducted in computing federal taxable income.

Sec. 16. Minnesota Statutes 1991 Supplement, section 290.06, subdivision 2c, is amended to read:

Subd. 2c. (1) On the first $19,910, 6 percent;

(2) On all over $19,910, but not over $79,120, 8 percent;

(3) On all over $79,120, ~~8.5~~ *8.7* percent.

Married individuals filing separate returns, estates, and trusts must compute their income tax by applying the above rates to their taxable income, except that the income brackets will be one-half of the above amounts.

(b) The income taxes imposed by this chapter upon unmarried individuals must be computed by applying to taxable net income the following schedule of rates:

(1) On the first $13,620, 6 percent;

(2) On all over $16,770, but not over $67,390, 8 percent;

(3) On all over $67,390, ~~8.5~~ *8.7* percent.

(d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than $100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to $1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) The numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, less the deduction allowed by section 217 of the Internal Revenue Code of 1986, as amended through December 31, 1990, after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1990, increased by the addition required for interest income from non-Minnesota state and municipal bonds under section 290.01, subdivision 19a, clause (1).

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [PURPOSE.]

The purpose of sections 1 to 14 is to develop the state's agricultural resources by extending credit on real estate security; to foster long-term economic growth and job creation by financing an agricultural-industrial facility; to prevent the loss of jobs and encourage and promote the creation of additional jobs in the state in the agricultural industry and in other businesses in the state served or affected by the agricultural industry; to promote the continued growth, and reduce the potential for and effects of a decline of economic activity in the state; and to ensure the preservation, growth, and diversification of the tax base of the state. State bonds are

authorized to be issued and the proceeds of their sale are appropriated under the authority of the Minnesota Constitution, article XI, section 5, clause (h), and the proceeds must be applied in a manner consistent with this authority. In authorizing the financing of an agricultural-industrial facility, the legislature is acting in all respects for the benefit of the people of the state of Minnesota to serve the public purposes of developing the state's agricultural resources and fostering economic development within the state.

Sec. 2. [BOND ISSUE; SALE AUTHORIZATION.]

Subdivision 1. [GENERAL AUTHORIZATION; MAXIMUM PRINCIPAL AMOUNTS.] *The commissioner of finance may issue and sell bonds of the state in one or more series or issues for the purposes provided in this section in the aggregate principal amount of up to $5,000,000 under the bonding authority specified in Minnesota Statutes, section 41B.19, subdivision 1. Bonds issued under this subdivision, other than refunding bonds, must be counted against the bonding limit imposed under section 41B.19, subdivision 1. Bonds to refund the foregoing bonds may be issued in the aggregate principal amount of up to $5,000,000, as provided in section 4, subdivision 2. Unless the context otherwise clearly requires, the reference to bonds shall include refunding bonds. Proceeds of the bonds and investment income on the proceeds are appropriated for the purposes specified in this section and section 4, subdivision 2.*

Subd. 2. [LOAN, LEASE, AND REVENUE AGREEMENTS.] *The commissioner of finance may loan the proceeds of the bonds or enter into lease agreements or other revenue agreements for the financing of an agricultural-industrial facility located in the city of Detroit Lakes. The facility may be owned by or leased to and the loan or loans may be made to a public body or any other person, public or private. Any loan, or if no loan has been made, any lease for the facility must require payments which, if timely paid when due, will be sufficient to pay when due all principal, interest, and premium scheduled to be payable on the bonds or any refunding bonds, unless a default has occurred under the loan or lease or any prior loan or lease. Any lease may provide for an option of the lessee to purchase all or any part of the facility at any price which the commissioner of finance may approve. The commissioner may provide for servicing of the loans and agreements, the times they are payable and the amount of payments, the amount of the loans and agreements, their security, and other terms, conditions, and provisions necessary or convenient in connection with them. The commissioner may enter into all necessary contracts and security instruments. All property financed in whole or in part with sale proceeds of the bonds or investment income from the proceeds must be pledged as collateral for the loans made or bonds issued under this section so long as no default has occurred under a loan.*

Subd. 3. [NONPUBLIC DATA.] *Business plans, financial statements, customer lists, and market and feasibility studies submitted in connection with the provision of financial assistance are nonpublic data, as defined in Minnesota Statutes, section 13.02, subdivision 9. The commissioner may make the data accessible to any person, agency, or public entity if the commissioner determines that access is required under state or federal securities law. To the extent provided by an order of the commissioner of finance, the bonds shall be payable first from revenues derived from the loan of bond proceeds or the lease of the facility, or any other amounts provided for in section 5, subdivision 2.*

Subd. 4. [SECURITY.] *The bonds are directly secured by a pledge of the full faith, credit, and taxing power of the state and must be issued in accordance with the Minnesota Constitution, article XI, sections 4 to 7. Bonds issued under this section are not subject to Minnesota Statutes, section 16B.06.*

Subd. 5. [USE OF PROCEEDS.] *The proceeds of the bonds issued in a principal amount not to exceed $5,000,000 may be used to finance the costs of acquiring, renovating, improving, or equipping all or any portion of an agricultural-industrial facility for processing turkeys or other agricultural products, and facilities related and subordinate to the facility, located in the city of Detroit Lakes and any costs of issuance, reserves, credit enhancement, or an initial period of interest payments related to the bonds or the facility or working capital. The bond proceeds are appropriated to the commissioner for the purposes specified in this section. With the approval of the commissioner, the owner of the facility may place a mortgage or security interest lien on the facility or any interest in the facility. The mortgage is exempt from the mortgage registry tax imposed under Minnesota Statutes, chapter 287. In the event of a default under the loan, lease agreement, or other revenue agreement, the facility, or any part of the facility, may be leased or sold to another person for any lawful purpose, subject to the approval of the commissioner. The commissioner's approval is not required if the bond trustee has taken control of the facility as a result of a default.*

Sec. 3. [GENERAL POWERS.]

For the purpose of exercising the specific powers authorized under sections 1 to 14 and effectuating the other purposes of sections 1 to 14, the commissioner may:

(1) acquire, hold, pledge, assign, or dispose of real or personal property or any interest in property, including a mortgage or security interest in a facility described in section 2;

(2) enter into agreements, contracts, or other transactions with any federal or state agency or other governmental unit, any person and any domestic or foreign partnership, corporation, association, or organization, including contracts or agreements for administration and implementation of all or part of sections 1 to 14;

(3) acquire real property, or an interest therein, by purchase or foreclosure;

Sec. 4. [APPLICABLE LAWS; REFUNDING BONDS.]

Subdivision 1. [BONDS.] *Minnesota Statutes, sections 16A.631 to*

16A.675, do not apply to the bonds authorized under section 2, except as provided in an order of the commissioner of finance or indenture authorizing the bonds, and except that Minnesota Statutes, sections 16A.641, 16.672, and 16A.675, other than section 16A.641, subdivisions 4 and 5, shall apply.

Subd. 2. [REFUNDING OF BONDS.] *The commissioner from time to time may issue bonds for the purpose of refunding any bonds then outstanding, including the payment of any redemption premiums thereon, any interest accrued or to accrue to the redemption date, and costs related to the issuance and sale of the bonds. The proceeds of any refunding bonds may, in the discretion of the commissioner, be applied to the purchase or payment at maturity of the bonds to be refunded, to the redemption of such outstanding bonds on any redemption date, or to pay interest on the refunding bonds and may, pending such application, be placed in escrow to be applied to such purchase, payment, or redemption. Any such escrowed proceeds, pending such use, may be invested and reinvested in obligations that are authorized investments under Minnesota Statutes, section 11A.24. The income earned or realized on any such investment may also be applied to the payment of the bonds to be refunded, interest or premiums on the refunded bonds, or to pay interest on the refunding bonds. After the terms of the escrow have been fully satisfied, any balance of such proceeds and any investment income may be returned to the general fund or, if applicable, the state bond fund, for use in any lawful manner.*

Subd. 3. [COMPLIANCE WITH FEDERAL LAW.] *The commissioner may covenant and agree with the holders of the bonds that the state will comply, insofar as possible, with the provisions of the United States Internal Revenue Code now or hereafter enacted that are applicable to the bonds and that establish conditions under which the interest to be paid on the bonds will not be includable in gross income for federal tax purposes. The bonds may be issued without regard to whether the interest to be paid on them is includable in gross income for federal tax purposes.*

Sec. 5. [AUTHORIZING ORDERS, TERMS, SALE, AND REVENUE SOURCES.]

Subdivision 1. [TERMS.] *The bonds must be authorized by an order or orders of the commissioner of finance, bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denominations, be in such form, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States, at such place or places within or without the state, and be subject to such terms of redemption or purchase prior to maturity as the order or orders may provide, or as may be provided in any indenture or indentures of trust. If, for any reason, whether existing at the date of issue of any bonds or at the date of making or purchasing any loan or securities from the proceeds or after that date, the interest on any bonds is or becomes subject to federal income taxation, this shall not impair or affect the validity of the provisions made for the security of the bonds. The bonds may be sold at public or private sale at a price or prices determined by the commissioner. The underwriting discount, spread, or commission paid or allowed to the underwriters of the bonds, however, must be an amount not in excess of the amount determined by the commissioner to be reasonable in the light of the risk assumed and the expenses of issuance, if any, required to be paid by the underwriters or prevailing market conditions and practices.*

Subd. 2. [SOURCES OF REVENUES.] *The bonds and interest payable*

thereon are payable from the following sources and are irrevocably appropriated for that purpose, but only to the extent provided in the order of the commissioner of finance or indenture authorizing or securing the bonds:

(1) revenues of any nature derived from the ownership, lease, operation, sale, foreclosure, or refinancing of a facility described in section 2;

(2) repayments of any loans made under sections 1 to 14;

(3) proceeds of any bonds;

(4) amounts in any account authorized by section 11 or 13;

(5) amounts payable under any insurance policy, guaranty, letter of credit, or other instrument securing the bonds;

(6) any other revenues which the commissioner may pledge but excluding state appropriations unless the appropriation was specifically designated for that purpose; and

(7) investment income on any of the sources specified in clauses (1) to (6).

Sec. 6. [OPTIONAL ORDER AND CONTRACT PROVISIONS.]

Any order of the commissioner of finance authorizing any bonds or any issue of bonds or any indenture may contain provisions, which may be a part of the contract with the holders of the bonds, as to the matters referred to in this section.

(a) It may pledge or create a lien on money or property and any money held in trust or otherwise by others to secure the payment of the bonds or of any series or issue of bonds and interest thereon and of any sums due to the trustee under the indenture, and may grant different priorities in the lien for different series of bonds, subject to any agreements with bondholders which exist.

(b) It may provide for the custody, collection, securing, investment, and payment of money.

(c) It may set aside reserves or sinking funds and provide for their regulation and disposition and may create other special funds into which money may be deposited.

(d) It may limit the loans and securities to which the proceeds of sale of bonds may be applied and may pledge repayments thereon to secure the payment of the bonds or of any series or issue of bonds.

(e) It may limit the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding or other bonds.

(f) It may prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent to the amendment or abrogation, and the manner in which that consent may be given.

(g) It may vest in a trustee or trustees property, rights, powers, and duties in trust determined by the commissioner, which may include any or all of the rights, powers, and duties of the bondholders, or may limit the rights, powers, and duties of the trustee. It may make contracts with a trustee or trustees authorizing the trustee or trustees to invest in investments that may be invested in by the state board of investment under Minnesota Statutes,

section 11A.24, and apply, or dispose of and use money in any account.

(h) It may define the acts or omissions to act which constitute a default in the obligations and duties of the commissioner and may provide for the rights and remedies of the holders of bonds in the event of a default, and provide any other matters of like or different character, consistent with the general laws of the state and other provisions of sections 1 to 14, which in any way affect the security or protection of the bonds and the rights of the bondholders.

(i) It may incur obligations under the indenture or under any paying agency, bond registrar agreement, or escrow agreement to pay the compensation and expenses of the trustee, paying agent, bond registrar, or escrow agent for the bonds and to pay any sums required to be rebated to the United States to comply with applicable tax laws; and a sum sufficient to satisfy these obligations is annually appropriated to the commissioner from the general fund to the extent other revenues available for that purpose are insufficient.

Sec. 7. [PLEDGES; VALIDITY.]

Any pledge made by the commissioner of finance is valid and binding from the time the pledge is made. The money or property pledged and later received by the commissioner is immediately subject to the lien of the pledge without any physical delivery of the property or money or further act, and the lien of any pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the commissioner of finance, whether or not those parties have notice of the lien or pledge. Neither the order nor any other instrument by which a pledge is created need be recorded. Upon the finding of the commissioner of finance by order or in an indenture that all proceedings, actions, and events required for the valid issuance and sale of any issue of bonds have occurred, upon issuance all the proceedings, actions, or events shall be considered to have conclusively occurred at or prior to the issuance.

Sec. 8. [BONDS; NONLIABILITY OF INDIVIDUALS.]

The commissioner of finance and the commissioner's staff and any person executing the bonds are not personally liable on the bonds or subject to any personal liability or accountability by reason of their issuance.

Sec. 9. [BONDS; PURCHASE AND CANCELLATION.]

The commissioner of finance, subject to agreements with bondholders which may then exist, has power out of any funds available for the purpose to purchase bonds of the commissioner at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date thereon, or (b) if the bonds are not redeemable, the redemption price applicable on the first date after the purchase upon which the bonds become subject to redemption plus accrued interest to that date.

Sec. 10. [STATE PLEDGE AGAINST IMPAIRMENT OF CONTRACTS.]

The state pledges and agrees with the holders of any bonds that the state will not limit or alter the rights vested in the commissioner of finance to fulfill the terms of any agreements made with the bondholders, or in any way impair the rights and remedies of the holders until the bonds, together with interest on them, with interest on any unpaid installments of interest,

and all costs and expenses in connection with any action or proceeding by or on behalf of the bondholders, are fully met and discharged. The commissioner may include this pledge and agreement of the state in any agreement with the holders of bonds issued under sections 1 to 14.

Sec. 11. [FUNDS AND DEBT SERVICE ACCOUNTS.]

Subdivision 1. [FUNDS.] *The commissioner of finance or any trustee appointed by the commissioner under sections 1 to 14 shall establish and maintain an agricultural-industrial facilities fund for the facilities described in section 2. Except for amounts required by the commissioner to be deposited in a debt service account, proceeds of each issue of bonds authorized under section 2 must be deposited in a separate account, debt service reserve, or other account designated by the commissioner. Money in the account is appropriated to the commissioner. The commissioner or the owner of the facilities described in section 2 may withdraw proceeds of bonds for application to the appropriated purposes in the manner provided by order of the commissioner or in any indenture authorized by order of the commissioner. The commissioner may establish whatever accounts might be necessary to carry out the purposes of sections 1 to 14. All deposits into and disbursements from accounts for the purposes and from the sources of revenue authorized by sections 1 to 14 and provided in an order of the commissioner or an indenture or other agreement authorized by the commissioner are appropriated for that purpose.*

Subd. 2. [ACCOUNTS.] *The state treasurer or any trustee appointed by the commissioner of finance under sections 1 to 14 shall maintain permanently on official books and records debt service accounts separate from all other funds and accounts, to record all receipts and disbursements of money for principal and interest payments on each series of bonds. No later than the due date of each principal and interest payment on the bonds, the commissioner shall withdraw from the proceeds of the bonds, or from revenues on hand and available for the purpose, and shall deposit in the debt service accounts the amount, if any, required to be deposited in the account by the order of the commissioner or any indenture authorized by an order of the commissioner. All amounts in any debt service account are appropriated for the payment of principal, premiums, and interest for the bonds to which the account relates.*

Sec. 12. [POWERS AND DUTIES OF TRUSTEE.]

Subdivision 1. [GENERAL.] *The trustee, if any, designated in any indenture or order securing an issue of bonds may, in the trustee's own name, if so provided in the indenture or order:*

(1) enforce all rights of the bondholders, including the right to require the commissioner of finance to collect fees, charges, interest, and payments on leases, loans, or interests therein held by the commissioner and eligible securities purchased by it adequate to carry out any agreement as to, or pledge of, those fees, charges, and payments, and to require the commissioner to carry out any other agreements with the holders of the bonds and to perform the duties required under sections 1 to 14;

(2) bring suit upon the bonds;

(3) require the commissioner to account as if it were the trustee of any express trust for the holders of the bonds;

(4) enjoin any acts or things which may be unlawful or in violation of

the rights of holders of the bonds; or

(5) upon a default as defined in any bond, order, or indenture, declare all the bonds due and payable, enforce any remedy available under law, and if all defaults are made good, the trustee may annul the declaration and consequences.

Subd. 2. [ADDITIONAL POWERS.] *In addition to the powers in subdivision 1, the trustee has all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of bondholders in the enforcement and protection of their rights.*

Subd. 3. [VENUE.] *The venue of any action or proceedings brought by a trustee is in Ramsey county.*

Sec. 13. [DEBT SERVICE RESERVE ACCOUNT.]

Subdivision 1. [AUTHORITY.] *The commissioner of finance or a trustee appointed by the commissioner may create, maintain, and establish a special account or accounts for the security of one or more or all series of the bonds, which accounts are known as debt service reserve accounts. The commissioner may pay into each debt service reserve account:*

(1) any money appropriated by the state only for the purposes of that account;

(2) any proceeds of sale of bonds to the extent provided in the order or indenture authorizing their issuance;

(3) any money directed to be transferred by the commissioner to that debt service reserve account; and

(4) any other money made available to the commissioner for the purpose of that account from any other source.

Subd. 2. [USE OF MONEY.] *The money held in or credited to each debt service reserve account, except as provided in this section, must be used solely for the payment of the principal of bonds of the commissioner as the bonds mature or otherwise become due, the purchase of the bonds, the payment of interest on the bonds, the payment of any premium required when the bonds are redeemed before maturity, the payment of trustee or paying agency or registrar fees and expenses, the reimbursement of any advance made from another fund or account, or the payment of any rebate amounts owing to the United States government in accordance with any applicable covenant to comply with federal tax laws; provided, that money in a debt service reserve account may not be withdrawn at any time in an amount which would reduce the amount of the account to less than any amount which the commissioner determines to be reasonably necessary for the purposes of the account, except for the purpose of paying principal, premium, or interest due on bonds secured by the account, for the payment of which other money is not available.*

Subd. 3. [LIMITATION.] *If the commissioner creates a debt service reserve account for the security of any series of bonds, the commissioner may not issue any additional bonds which are similarly secured if the amount of any of the debt service reserve accounts at the time of issuance does not equal or exceed the minimum amount, if any, required by the resolution creating that account, unless the commissioner deposits in each account at the time of issuance, from the proceeds of the bonds or otherwise, an amount*

which, together with the amount then in the account, will not be less than the minimum amount required.

Subd. 4. [EXCESS MONEY.] *To the extent consistent with the orders and indentures securing outstanding bonds, the commissioner may, at the close of any fiscal year, transfer to any other account from any debt service reserve account, any excess in that account over the amount considered by the commissioner to be reasonably necessary for the purpose of the account.*

Subd. 5. [CONSTRUCTION.] *Nothing in this section may be construed to limit the right of the commissioner to create and establish by order or indenture other accounts or security in addition to debt service reserve accounts which are necessary or desirable in connection with any bonds.*

Sec. 14. [CONSTRUCTION.]

Sections 1 to 14 are necessary for the welfare of the state of Minnesota and its inhabitants; therefore, they shall be liberally construed to effect their purpose.

Sec. 15. [DETROIT LAKES; FACILITIES.]

MOTIONS AND RESOLUTIONS

Mr. Merriam introduced—

Senate Concurrent Resolution No. 11: A Senate concurrent resolution urging certain committees of the Senate and the House of Representatives to conduct an evaluation of funding for community action agency programs.

WHEREAS, 41 community action agencies, which were launched by the Economic Opportunity Act of 1964, have helped thousands of Minnesotans exit poverty; and

WHEREAS, community action agencies provide a broad range of self-sufficiency economic opportunity programs that target seniors, the working poor, Head Start parents, newly unemployed, dislocated workers, and those on public assistance not eligible for STRIDE; and

WHEREAS, 55 percent of funding for these core community action agency programs (at least $5 million each year) will be lost by September 30, 1993, because of congressional action to eliminate transfer funds from the low-income home and energy assistance program to the community services block grant program; and

WHEREAS, the loss of these transfer funds will eliminate necessary self-sufficiency economic opportunity programs and will in some areas close community action agencies; NOW, THEREFORE,

BE IT RESOLVED by the Senate of the State of Minnesota, the House of Representatives concurring, that the House and Senate Human Services and Tax Committees and the Human Resources Divisions of the House Appropriations and Senate Finance Committees evaluate the funding problem, include the Commissioners of Finance and Jobs and Training in the process, and recommend long-term solutions to the legislature by January 15, 1993.

BE IT FURTHER RESOLVED that the Secretary of the Senate is directed to prepare an enrolled copy of this resolution, to be authenticated by his signature and those of the Chair of the Senate Rules and Administration Committee, the Speaker of the House of Representatives, and the Chief Clerk of the House of Representatives, and transmit it to the chairs of the House and Senate Human Services and Tax Committees and the Human Resources Divisions of the House Appropriations and Senate Finance Committees.

Thereafter these* provisions *will* apply until the council has selected a search area under section 473.155, subdivision 3.

(b) All land within the candidate search areas not zoned for other use is zoned for use exclusively for agricultural purposes, except that a prior nonconforming use established with reference to any lot or parcel of land may be continued.

(c) A local government unit in the metropolitan area may not permit a change in zoning, a zoning variance, or a conditional use, including planned unit developments, that the local unit or the metropolitan council determines is inconsistent with the comprehensive plan for the local government unit adopted in accordance with sections 473.175 and 473.851 to 473.871, or any other authority. Before approving an application or proposal for a change in zoning, zoning variance, or conditional use, the local government unit shall submit the application or proposal to the metropolitan council for review and approval or disapproval. The council may disapprove the application or proposal only if the council determines that it is inconsistent with the comprehensive plan of the local unit.

(d) The council shall give notice to the metropolitan airports commission of all submittals under paragraph (c). The commission may comment to the council on any submittal.

(e) The council shall approve or disapprove a submittal within 90 days following receipt by the council, unless a time extension is mutually agreed to by the council and the submitting unit. The commission has 45 days after notification to comment. The council and the commission shall establish administrative procedures for expedited disposition of proposals or applications that do not warrant metropolitan review.

(f) If a candidate search area includes land within a local unit of government outside of the metropolitan area, the metropolitan council and the local unit may enter into an agreement for the joint exercise of powers necessary to determine whether a proposed change in zoning, zoning variance, or conditional use will be compatible with the development and operation of a major airport.

Sec. 3. Minnesota Statutes 1990, section 473.1551, subdivision 2, is amended to read:

Subd. 2. [SEARCH AREA PROTECTION.] (a) *The provisions of this subdivision shall not apply until the council has completed the feasibility and cost study required under section 473.155, subdivision 3. Thereafter* the provisions of this subdivision *will* apply within the search area for a new major airport selected by the council under section 473.155, subdivision 3. ~~The provisions~~, *and will continue to* apply until one year after the report to the legislature on long-range airport development required by section 473.618.

(b) Land zoned by subdivision 1, paragraph (b), continues to be zoned exclusively for agricultural purposes, unless a change is authorized under paragraphs (c) and (d).

(c) A local government unit in the metropolitan area may not permit a change in zoning, a zoning variance, or a conditional use, including planned unit developments, that the local unit determines is inconsistent either with the local unit's criteria for approving changes in land use or with the comprehensive plan of the local unit adopted in accordance with sections 473.175 and 473.851 to 473.871. The local unit may deny an application or proposal for a change in zoning, zoning variance, or conditional use under this paragraph without review by the metropolitan council. Before making a final decision to approve an application or proposal, the local unit shall submit it to the metropolitan council for review and approval or disapproval as provided in paragraph (d).

(d) The metropolitan council may disapprove an application or proposal submitted under paragraph (c) only if the council determines that it is inconsistent with the comprehensive plan of the local government unit adopted under sections 473.175 and 473.851 to 473.871, a metropolitan system plan as defined by section 473.852, subdivision 8, or the development and operation of a new major airport in the search area. A local government unit in the metropolitan area may not permit a change in zoning, a zoning variance, or a conditional use, including planned unit developments, that the metropolitan council has disapproved.

(e) A governmental agency or unit may not construct a public building or facility, including transportation, sewer, and park facilities, within the search area until it has submitted the plan for the building or facility to the metropolitan council for review and comment.

(f) The council shall give notice to the metropolitan airports commission of all submittals under this subdivision. The commission may comment to the council on any submittal.

(g) The council shall approve or disapprove a submittal within 90 days following receipt by the council, unless a time extension is mutually agreed to by the council and the submitting government agency or unit. The commission has 45 days after notification to comment. The council and the

commission shall establish administrative procedures for expedited disposition of proposals or applications that do not warrant metropolitan review."

S.F. No. 1015, which the committee recommends to pass with the following amendments offered by Messrs. Vickerman and Price:

Mr. Vickerman moved to amend S.F. No. 1015 as follows:

Page 8, after line 22, insert:

"Sec. 11. Minnesota Statutes 1990, section 169.01, is amended by adding a subdivision to read:

Subd. 77. [RECREATIONAL VEHICLE COMBINATION.] *"Recreational vehicle combination" means a combination of vehicles consisting of a pickup truck as defined in section 168.011, subdivision 29, attached by means of a fifth-wheel coupling to a camper-semitrailer which has hitched to it a trailer carrying a watercraft as defined in section 86B.005, subdivision 18. For purposes of this subdivision:*

(a) A "fifth-wheel coupling" is a coupling, approved by the commissioner of public safety, between a camper-semitrailer and a towing pickup truck in which a portion of the weight of the camper-semitrailer is carried over or forward of the rear axle of the towing pickup.

(b) A "camper-semitrailer" is a trailer, other than a manufactured home as defined in section 327B.01, subdivision 13, designed for human habitation and used for vacation or recreational purposes for limited periods."

Page 11, after line 1, insert:

"Sec. 15. Minnesota Statutes 1990, section 169.86, is amended by adding a subdivision to read:

Subd. 1b. [RECREATIONAL COMBINATION.] *The commissioner may issue a single trip permit or annual permit to permit the operation of a recreational vehicle combination on any highway in the state, except a highway where operation is prohibited by the permit. The permit must among other things require that:*

(1) the combination not consist of more than three vehicles;

(2) the towing rating of the pickup truck is at least equal to the combined gross weight of all vehicles being towed;

(3) the total length of the combination not exceed 59 feet, and the length of the camper-trailer in the combination does not exceed 26 feet;

(4) the operator of the combination is at least 18 years of age;

(5) the trailers in the combination are connected to the pickup truck and to each other in conformity with section 169.82; and

(6) the trailer carrying a watercraft meets all requirements of law.

The permit may not authorize the combination to be operated within Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington county on Mondays through Fridays between the hours of 6:30 to 9:30 a.m. and 3:30 to 6:30 p.m.

Sec. 16. Minnesota Statutes 1991 Supplement, section 169.86, subdivision 5, is amended to read:

Subd. 5. [FEES.] The commissioner, with respect to highways under the commissioner's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund.

Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) $15 for each single trip permit.

(b) *$3 for each single trip permit for a recreational vehicle combination.*

(c) $36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight, and dimension.

~~(c)~~ *(d)* $60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) refuse compactor vehicles that carry a gross weight up to but not in excess of 22,000 pounds on a single rear axle and not in excess of 38,000 pounds on a tandem rear axle;

(2) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;

(3) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;

(4) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3); and

(5) special pulpwood vehicles described in section 169.863.

(e) $15 for an annual permit for a recreational vehicle combination.

~~(d)~~ *(f)* $120 for an oversize annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) mobile cranes;

(2) construction equipment, machinery, and supplies;

(3) manufactured homes;

(4) farm equipment when the movement is not made according to the provisions of section 169.80, subdivision 1, paragraphs (a) to (f);

(5) double-deck buses;

(6) commercial boat hauling.

~~(e)~~ *(g)* For vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

Overweight Axle Group Cost Factors

Weight (pounds) exceeding weight limitations on axles	Cost Per Mile For Each Group Of: Two consecutive axles spaced within 8 feet or less	Three consecutive axles spaced within 9 feet or less	Four consecutive axles spaced within 14 feet or less
0-2,000	.100	.040	.036
2,001-4,000	.124	.050	.044

4,001-6,000	.150	.062	.050
6,001-8,000	Not permitted	.078	.056
8,001-10,000	Not permitted	.094	.070
10,001-12,000	Not permitted	.116	.078
12,001-14,000	Not permitted	.140	.094
14,001-16,000	Not permitted	.168	.106
16,001-18,000	Not permitted	.200	.128
18,001-20,000	Not permitted	Not permitted	.140
20,001-22,000	Not permitted	Not permitted	.168

The amounts added are rounded to the nearest cent for each axle or axle group. The additional cost does not apply to paragraph (c), clauses (1) and (3).

For a vehicle found to exceed the appropriate maximum permitted weight, a cost-per-mile fee of 22 cents per ton, or fraction of a ton, over the permitted maximum weight is imposed in addition to the normal permit fee. Miles must be calculated based on the distance already traveled in the state plus the distance from the point of detection to a transportation loading site or unloading site within the state or to the point of exit from the state.

~~(f)~~ *(h)* As an alternative to paragraph (e), an annual permit may be issued for overweight, or oversize and overweight, construction equipment, machinery, and supplies. The fees for the permit are as follows:

Gross Weight (pounds) of vehicle	Annual Permit Fee
90,000 or less	$200
90,001 - 100,000	$300
100,001 - 110,000	$400
110,001 - 120,000	$500
120,001 - 130,000	$600
130,001 - 140,000	$700
140,001 - 145,000	$800

If the gross weight of the vehicle is more than 145,000 pounds the permit fee is determined under paragraph (e).

~~(g)~~ *(i)* For vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to $120 added to the amount in paragraph (a) when the permit is issued while seasonal load restrictions pursuant to section 169.87 are in effect."

Page 1, after line 15, insert:

"Section 1. Minnesota Statutes 1990, section 103F.351, is amended by adding a subdivision to read:

Subd. 6. [SCENIC CORRIDOR.] *(a) A county state-aid highway that passes through or adjacent to and serves as a corridor to the lower St. Croix wild and scenic river district must be designated a natural preservation route under section 162.021. Design standards for the route must provide for the preservation to the greatest extent possible of the existing profile, alignment, recovery areas, and cross-section of the existing highway, and for minimizing the acquisition of real property for reconstruction.*

(b) A county may not reconstruct a route designated under paragraph (a) where the reconstruction project would (1) materially change the existing profile, alignment, recovery area, or cross-section of the existing highway, or (2) require the acquisition of any significant amount of real property, unless the project has been approved by the commissioner as provided in this subdivision. On receiving a request for approval of the project, the commissioner shall refer the request to the appropriate advisory committee established under section 162.021, subdivision 5, paragraph (b). The advisory committee shall, after holding at least one public hearing in the area affected by the project, consider the request and make a recommendation to the commissioner. Following receipt of the committee's recommendation, the commissioner shall issue an order approving or disapproving the project, or approving it with any modifications the commissioner determines will best preserve the highway's scenic, environmental, or historic characteristics. The county may not proceed with the reconstruction project except in conformity with the commissioner's order. In any administrative or judicial proceeding regarding the project, the party proposing the change has the burden of justifying the change, and, if the change is for a reason other than to preserve the scenic, historical, or environmental characteristics of the highway corridor, has the burden of showing that the reasons for the change clearly outweigh the applicable scenic, historical, or environmental considerations."

For injuries occurring after October 1, 1975, all adjustments provided for in this section shall be included in computing any benefit due under this section. Any limitations of amounts due for daily or weekly compensation under this chapter shall not apply to adjustments made under this section. No adjustment increase made on *or after* October 1, 1977 ~~or thereafter~~, *but prior to October 1, 1992*, under this section shall exceed six percent a year~~.~~*;* in those instances where the adjustment under the formula of this section would exceed this maximum, the increase shall be deemed to be six percent. *No adjustment increase made on or after October 1, 1992, under this section shall exceed four percent a year; in those instances where the adjustment under the formula of this section would exceed this maximum, the increase shall be deemed to be four percent.*

LEGAL AND JUDICIAL

Section 1. Minnesota Statutes 1990, section 176.081, subdivision 1, is amended to read:

Subdivision 1. [APPROVAL.] (a) A fee for legal services of 25 percent of the first $4,000 of compensation awarded to the employee and 20 percent

of the next $27,500 of compensation awarded to the employee is permissible and does not require approval by the commissioner, compensation judge, or any other party except as provided in ~~clause (b)~~ *paragraph (c)*.

(b) If the employer or the insurer or the defendant is given written notice of claims for legal services or disbursements, the claim shall be a lien against the amount paid or payable as compensation. In no case shall fees be calculated on the basis of any undisputed portion of compensation awards. Allowable fees under this chapter shall be based solely upon genuinely disputed *claims or* portions of claims, including disputes related to the payment of rehabilitation benefits or to other aspects of a rehabilitation plan. Fees for administrative conferences under section 176.239 shall be determined on an hourly basis, according to the criteria in subdivision 5.

~~(b)~~ *(c)* An attorney who is claiming legal fees ~~under this section~~ *for representing an employee in a workers' compensation matter* shall file a statement of ~~attorney's~~ *attorney* fees with the commissioner, compensation judge before whom the matter was heard, or workers' compensation court of appeals on cases before the court. A copy of the signed retainer agreement shall also be filed. The employee and insurer shall receive a copy of the statement. The statement shall be on a form prescribed by the commissioner, *shall report the number of hours spent on the case,* and shall clearly and conspicuously state that the employee or insurer has ten calendar days to object to the attorney fees requested. If no objection is timely made by the employee or insurer, the amount requested shall be conclusively presumed reasonable providing the amount does not exceed the limitation in subdivision 1. The commissioner, compensation judge, or court of appeals shall issue an order granting the fees and the amount requested shall be awarded to the party requesting the fee.

If a timely objection is filed, or the fee is determined on an hourly basis, the commissioner, compensation judge, or court of appeals shall review the matter and make a determination based on the criteria in subdivision 5.

If no timely objection is made by an employer or insurer, reimbursement under subdivision 7 shall be made if the statement of fees requested this reimbursement.

(d) An attorney representing employers or insurers shall file a statement of attorney fees or wages with the commissioner, compensation judge before whom the matter was heard, or workers' compensation court of appeals on cases before the court. The statement of attorney fees or wages must contain the following information: the average hourly wage or the value of hours worked on that case if the attorney is an employee of the employer or insurer, the number of hours worked on that case, and the average hourly rate or amount charged an employer or insurer for that case if the attorney is not an employee of the employer or insurer.

(e) Employers and insurers may not pay attorney fees or wages for legal services of more than $6,500 per case unless the additional fees or wages are approved under subdivision 2.

Sec. 2. Minnesota Statutes 1990, section 176.081, subdivision 2, is amended to read:

Subd. 2. An application for attorney fees in excess of the amount authorized in subdivision 1 shall be made to the commissioner, compensation judge, or district judge, before whom the matter was heard. An appeal of a decision by the commissioner, a compensation judge, or district court

judge on additional fees may be made to the workers' compensation court of appeals. The application shall set forth the fee requested ~~and~~, *the number of hours spent on the case,* the basis for the request, and whether or not a hearing is requested. The application, with affidavit of service upon the employee, shall be filed by the attorney requesting the fee. If a hearing is requested by an interested party, a hearing shall be set with notice of the hearing served upon known interested parties. In all cases the employee shall be served with notice of hearing.

Sec. 3. Minnesota Statutes 1990, section 176.081, subdivision 3, is amended to read:

Subd. 3. [REVIEW.] ~~An employee who~~ *A party that* is dissatisfied with *its* attorney fees~~,~~ may file an application for review by the workers' compensation court of appeals. ~~Such~~ *The* application shall state the basis for the need of review and whether or not a hearing is requested. A copy of ~~such~~ *the* application shall be served upon the *party's* attorney ~~for the employee~~ by the court administrator and if a hearing is requested by either party, the matter shall be set for hearing. The notice of hearing shall be served upon known interested parties. ~~The attorney for the employee shall be served with a notice of the hearing.~~ The workers' compensation court of appeals shall have the authority to raise ~~the question of~~ the issue of the attorney fees at any time upon its own motion and shall have continuing jurisdiction over attorney fees.

Sec. 4. Minnesota Statutes 1990, section 176.105, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE; RULES.] *(a)* The commissioner of labor and industry shall by rule establish a schedule of degrees of disability resulting from different kinds of injuries. *Disability ratings under the schedule for permanent partial disability must be based on objective medical evidence. The commissioner, in consultation with the medical services review board, shall periodically review the rules adopted under this paragraph to determine whether any injuries omitted from the schedule should be included and amend the rules accordingly.*

(b) No permanent partial disability compensation shall be payable except in accordance with the disability ratings established under this subdivision, except as provided in paragraph (c). The schedule may provide that minor impairments receive a zero rating.

(c) If an injury for which there is objective medical evidence is not rated by the permanent partial disability schedule, the unrated injury must be assigned and compensated for at the rating for the most similar condition that is rated.

Sec. 5. [176.1311] [SECOND INJURY FUND DATA.]

No person shall, directly or indirectly, provide the names of persons who have registered a preexisting physical impairment under section 176.131 to an employer with the intent of assisting the employer to discriminate against those persons who have so registered with respect to hiring or other terms and conditions of employment.

A violation of this section is a gross misdemeanor.

Sec. 6. [176.178] [FRAUD.]

Any person who, with intent to defraud, receives workers' compensation

benefits to which the person is not entitled by knowingly misrepresenting, misstating, or failing to disclose any material fact is guilty of theft and shall be sentenced pursuant to section 609.52, subdivision 3.

Sec. 7. [176.2615] [SMALL CLAIMS COURT.]

Subdivision 1. [PURPOSE.] *There is established in the department of labor and industry a small claims court, to be presided over by settlement judges for the purpose of settling small claims.*

Subd. 2. [ELIGIBILITY.] *The claim is eligible for determination in the small claims court if all parties agree to submit to its jurisdiction; and*

(1) the claim is for rehabilitation benefits only under section 176.102 or medical benefits only under section 176.135; or

(2) the claim in its total amount does not equal more than $5,000; or

(3) where the claim is for apportionment or for contribution or reimbursement, no counterclaim in excess of $5,000 is asserted.

Subd. 3. [TESTIMONY; EXHIBITS.] *At the hearing a settlement judge shall hear the testimony of the parties and consider any exhibits offered by them and may also hear any witnesses introduced by either party.*

Subd. 4. [APPEARANCE OF PARTIES.] *A party may appear on the party's own behalf without an attorney, or may retain and be represented by a duly admitted attorney who may participate in the hearing to the extent and in the manner that the settlement judge considers helpful. Attorney fees awarded under this subdivision are included in the overall limit allowed under section 176.081, subdivision 1.*

Subd. 5. [EVIDENCE ADMISSIBLE.] *At the hearing the settlement judge shall receive evidence admissible under the rules of evidence. In addition, in the interest of justice and summary determination of issues before the court, the settlement judge may receive, in the judge's discretion, evidence not otherwise admissible. The settlement judge, on the judge's own motion, may receive into evidence any documents which have been filed with the department.*

Subd. 6. [SETTLEMENT.] *A settlement judge may attempt to conciliate the parties. If the parties agree on a settlement, the judge shall issue an order in accordance with that settlement.*

Subd. 7. [DETERMINATION.] *If the parties do not agree to a settlement, the settlement judge shall summarily hear and determine the issues and issue an order in accordance with section 176.305, subdivision 1a. There is no appeal from the order. Any determination by a settlement judge may not be considered as evidence in any other proceeding and the issues decided are not res judicata in any other proceeding.*

Subd. 8. [COSTS.] *The prevailing party is entitled to costs and disbursements as in any other workers' compensation case.*

Sec. 8. [176.307] [COMPENSATION JUDGES; BLOCK SYSTEM.]

The chief administrative law judge must assign workers' compensation cases to compensation judges using a block system type of assignment that, among other things, ensures that a case will remain with the same judge from commencement to conclusion unless the judge is removed from the case by exercise of a legal right of a party or by incapacity. The block system must be the principal means of assigning cases, but it may be supplemented

by other systems of case assignment to ensure that cases are timely decided.

Sec. 9. [176.325] [CERTIFIED QUESTION.]

Subdivision 1. [WHEN CERTIFIED.] *The chief administrative law judge or commissioner may certify a question of workers' compensation law to the supreme court as important and doubtful under the following circumstances:*

(1) all parties to the case have stipulated in writing to the facts; and

(2) the issue to be resolved is a question of workers' compensation law that has not been resolved by the Minnesota supreme court.

Subd. 2. [EXPEDITED DECISION.] *It is the legislature's intent that the Minnesota supreme court resolve the certified question as expeditiously as possible, after compliance by the parties with any requirements of the Minnesota supreme court regarding submission of legal memoranda, oral argument, or other matters, and after the participation of amicus curiae, should the workers' compensation court of appeals or Minnesota supreme court consider such participation advisable.*

Subd. 3. [NOTICE.] *The commissioner or chief administrative law judge shall notify all persons who request to be notified of a certification under this section.*

Sec. 10. Minnesota Statutes 1990, section 176.421, subdivision 1, is amended to read:

Subdivision 1. [TIME FOR TAKING; GROUNDS.] When a petition has been heard before a compensation judge, within 30 days after a party in interest has been served with notice of an award or disallowance of compensation, or other order affecting the merits of the case, the party may appeal to the workers' compensation court of appeals on any of the following grounds:

(1) the order does not conform with this chapter; or

(2) the compensation judge committed an error of law; or

(3) the findings of fact and order were *clearly erroneous and* unsupported by substantial evidence in view of the entire record as submitted; or

(4) the findings of fact and order were procured by fraud, or coercion, or other improper conduct of a party in interest.

Sec. 11. Minnesota Statutes 1990, section 176.461, is amended to read:

176.461 [SETTING ASIDE AWARD.]

Except when a writ of certiorari has been issued by the supreme court and the matter is still pending in that court or if as a matter of law the determination of the supreme court cannot be subsequently modified, the workers' compensation court of appeals, for cause, at any time after an award, upon application of either party and not less than five working days after written notice to all interested parties, may set the award aside and grant a new hearing and refer the matter for a determination on its merits to the chief administrative law judge for assignment to a compensation judge, who shall make findings of fact, conclusions of law, and an order of award or disallowance of compensation or other order based on the pleadings and the evidence produced and as required by the provisions of this chapter or rules adopted under it.

As used in this section, the phrase "for cause" is limited to the following:

(1) a mutual mistake of fact;

(2) newly discovered evidence;

(3) fraud; or

Sec. 13. Minnesota Statutes 1990, section 480B.01, subdivision 10, is amended to read:

Subd. 10. [NOTICE TO THE PUBLIC.] Upon receiving notice from the governor that a judicial vacancy has occurred or will occur on a specified date, the chair shall provide notice of the following information:

(1) the office that is or will be vacant;

(2) that applications from qualified persons or on behalf of qualified persons are being accepted by the commission;

(3) that application forms may be obtained from the governor or the commission at a named address; and

ARTICLE 3

ADMINISTRATIVE, SAFETY, INSURANCE

Section 1. [79.081] [MANDATORY DEDUCTIBLES.]

Subdivision 1. [PREMIUM REDUCTION.] *Each insurer, including the assigned risk plan, issuing a policy of insurance, must make available to an employer, upon request, the option to agree to pay an amount per claim selected by the employer and specified in the policy toward the total of any claim payable under chapter 176. The amount of premium to be paid by an employer who selects a policy with a deductible shall be reduced based upon a rating schedule or rating plan filed with and approved by the commissioner of commerce. Administration of claims shall remain with the insurer as provided in the terms and conditions of the policy. Each insurer shall notify its agents authorized to write workers' compensation insurance about the availability and terms and conditions of deductibles required by*

this section, using a brochure in a format approved by the commissioner.

Subd. 2. [PROCEDURE FOR PAYING DEDUCTIBLE.] *If an insured employer chooses a deductible, the insured employer is liable for the amount of the deductible. The insurer shall administer the claim as provided in the terms and conditions of the insurance policy and seek reimbursement from the insured employer for the deductible. The payment or nonpayment of deductible amounts by the insured employer to the insurer shall be treated under the policy insuring the liability for workers' compensation in the same manner as payment or nonpayment of premiums.*

Subd. 3. [CREDIT RISK; EXCEPTION.] *An insurer is not required to offer a deductible to an employer if, as a result of a credit investigation, the insurer determines that the employer is not sufficiently financially stable to be responsible for the payment of deductible amounts.*

Subd. 4. [REPORTING REQUIREMENT.] *The existence of an insurance contract with a deductible or the fact of payment as a result of a deductible does not affect the requirement of an employer to report an injury or death to an insurer or the commissioner of labor and industry.*

Subd. 5. [NO EMPLOYEE LIABILITY.] *Nothing in this section alters the obligation of the employer to provide the benefits required by this chapter. An employee is not responsible to pay all or a part of the deductible chosen by an employer.*

Sec. 2. [79.085] [SAFETY PROGRAMS.]

All insurers shall provide safety programs that include safety consultations for insureds.

Sec. 3. [79.096] [ACCESS TO RATE MAKING DATA.]

The rating association must make available for inspection on request of any person any data it possesses related to the calculation of indicated pure premium rates.

Sec. 4. Minnesota Statutes 1990, section 79.251, is amended by adding a subdivision to read:

Subd. 4a. [MEDICAL COST CONTAINMENT.] *The assigned risk plan must consider utilizing managed care plans certified under section 176.1351 with respect to its covered employees. In addition, the assigned risk plan must implement a medical cost containment program. The program must, at a minimum, include:*

(1) billings review to determine if claims are compensable under chapter 176;

(2) utilization of cost management specialists familiar with billing practice guidelines;

(3) review of treatment to determine if it is reasonable and necessary and has a reasonable chance to cure and relieve the employee's injury;

(4) a system to reduce billed charges to the maximum permitted by law or rule;

(5) review of medical care utilization; and

(6) reporting of health care providers suspected of providing unnecessary, inappropriate, or excessive services to the commissioner of labor and industry.

Sec. 5. Minnesota Statutes 1990, section 79.251, is amended by adding a subdivision to read:

Subd. 4b. [GROUPS.] *The assigned risk plan must create a program that attempts to group employers in the same or similar risk classification for purposes of group premium underwriting and claims management. The assigned risk plan must engage in extensive safety consultation with group members to reduce the extent and severity of injuries of group members. The consultation should include on-site inspections and specific recommendations as to safety improvements.*

Sec. 6. Minnesota Statutes 1990, section 79.252, subdivision 1, is amended to read:

Subdivision 1. [PURPOSE.] The purpose of the assigned risk plan is to provide workers' compensation coverage to employers rejected by a *two nonaffiliated* licensed insurance ~~company~~ *companies*, pursuant to subdivision 2. *Each rejection must be in writing and must be obtained within 60 days before the date of application to the assigned risk plan. In addition, the rejections must also show the name of the insurance company and the representative contacted.*

Sec. 7. Minnesota Statutes 1990, section 79.252, subdivision 3, is amended to read:

Subd. 3. [COVERAGE.] *(a)* Policies and contracts of coverage issued pursuant to section 79.251, subdivision 4, shall contain the usual and customary provisions of workers' compensation insurance policies, and shall be deemed to meet the mandatory workers' compensation insurance requirements of section 176.181, subdivision 2.

(b) Policies issued by the assigned risk plan pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The assigned risk plan review board may apply for and obtain any licensure required in any other state to issue that coverage.

Sec. 8. [79.253] [ASSIGNED RISK SAFETY ACCOUNT.]

Subdivision 1. [CREATION OF ACCOUNT.] *There is created the assigned risk safety account as a separate account in the special compensation fund in the state treasury. Income earned by funds in the account must be credited to the account. Principal and income of the account are annually appropriated to the commissioner of labor and industry and must be used for grants and loans under this section.*

Subd. 2. [USE OF FUNDS; SAFETY ASSESSMENTS.] *The assigned risk plan shall, through persons under contract with the plan, perform on-site surveys of employers insured by the assigned risk plan and recommend practices and equipment to employers designed to reduce the risk of injury to employees. The recommendations may include that the employer form a joint labor-management safety committee. The plan shall generally survey employers in the following priority:*

(1) employers with poor safety records for their industry based on their premium modification factor or other factors;

(2) employers whose workers' compensation premium classification assigned to the greatest portion of the payroll for the employer has a premium rate in the top 25 percent of premium rates for all classes; and

(3) all other employers.

Subd. 3. [INCENTIVES AND PENALTIES.] *The assigned risk plan shall develop a premium rating system subject to approval by the commissioner of commerce that provides a reduction in premium rates for employers that follow safety recommendations made under this section and an increase in rates for employers that do not. The system must be sensitive to the economic ability of an employer to implement particular recommendations.*

Subd. 4. [GRANTS AND LOANS.] *The commissioner of labor and industry may make grants or loans to employers for the cost of implementing safety recommendations made under this section.*

Subd. 5. [RULES.] *The commissioner of labor and industry may adopt rules necessary to implement this section.*

Sec. 9. [79.255] [WORKERS' COMPENSATION INSURANCE; LESSORS OF EMPLOYEES.]

Subdivision 1. [REGISTRATION REQUIRED.] *A corporation, partnership, sole proprietorship, or other business entity which provides staff, personnel, or employees to be employed in this state to other businesses pursuant to a lease arrangement or agreement shall, before becoming eligible to be issued a policy of workers' compensation insurance or becoming eligible to secure coverage on a multiple coordinated policies basis, register with the commissioner of commerce. The registration shall:*

(2) identify the address of the principal place of business of the lessor and the address of each office it maintains within this state;

(3) include the lessor's taxpayer or employer identification number;

(4) include a list by jurisdiction of each and every name that the lessor has operated under in the preceding five years including any alternative names and names of predecessors and, if known, successor business entities;

(5) include a list of each person or entity who owns a five percent or greater interest in the employee leasing business at the time of application and a list of each person who formerly owned a five percent or greater interest in the employee leasing company or its predecessors, successors, or alter egos in the preceding five years; and

(6) include a list of each and every cancellation or nonrenewal of workers' compensation insurance which has been issued to the lessor or any predecessor in the preceding five years. The list shall include the policy or certificate number, name of insurer or other provider of coverage, date of cancellation, and reason for cancellation. If coverage has not been canceled or nonrenewed, the registration shall include a sworn affidavit signed by the chief executive officer of the lessor attesting to that fact.

Subd. 2. [INELIGIBILITY TO REGISTER.] *Any lessor of employees whose workers' compensation insurance has been terminated within the past five years in any jurisdiction due to a determination that an employee leasing arrangement was being utilized to avoid premium otherwise payable by lessees shall be ineligible to register with the commissioner or to remain registered, if previously registered.*

Subd. 3. [NOTICE OF CHANGE.] *Persons filing registration statements pursuant to this section shall notify the commissioner as to any changes in*

any information required to be provided under this section.

Subd. 4. [LIST MAINTAINED.] *The commissioner shall maintain a list of those lessors of employees who are registered with the commissioner.*

Subd. 5. [FORMS OF REGISTRATION.] *The commissioner may prescribe forms necessary to promote the efficient administration of this section.*

This section does not preclude the release of medical data under section 175.10 or 176.231, subdivision 9. Requests for pertinent data shall be made, and the date of discussions with medical providers about medical data shall be confirmed, in writing to the person or organization that collected or currently possesses the data. Written medical data that exists at the time the request is made shall be provided by the collector or possessor within seven working days of receiving the request. Nonwritten medical data may be provided, but is not required to be provided, by the collector or possessor. In all cases of a request for the data or discussion with a medical provider about the data, except when it is the employee who is making the request, the employee shall be sent written notification of the request by the party requesting the data at the same time the request is made or a written confirmation of the discussion. This data shall be treated as private data by the party who requests or receives the data and the party receiving the data shall provide the employee or the employee's attorney with a copy of all data requested by the requester.

(b) Medical data which is not directly related to a current injury or disability shall not be released without prior authorization of the employee.

A party who does not treat this data as private pursuant to this section is guilty of a misdemeanor. This paragraph applies only to written medical data which exists at the time the request is made.

(d) Workers' compensation insurers and self-insured employers may, for the sole purpose of identifying duplicate billings submitted to more than one insurer, disclose to health insurers, including all insurers writing insurance described in section 60A.06, subdivision 1, clause (5)(a), nonprofit health service plan corporations subject to chapter 62C, health maintenance organizations subject to chapter 62D, and joint self-insurance employee health plans subject to chapter 62H, computerized information about dates, coded items, and charges for medical treatment of employees and other medical billing information submitted to them by an employee, employer, health care provider, or other insurer in connection with a current claim for compensation under this chapter, without prior approval of any party to the claim. The data may not be used by the health insurer for any other purpose whatsoever and must be destroyed after verification that there has been no duplicative billing. Any person who is the subject of the data which is used in a manner not allowed by this section has a cause of action for actual damages and punitive damages for a minimum of $5,000.

Sec. 15. Minnesota Statutes 1990, section 176.139, subdivision 2, is amended to read:

Subd. 3. [FAILURE TO INSURE, PENALTY.] ~~Any employer who fails to comply with the provisions of subdivision 2 to secure payment of compensation is liable to the state of Minnesota for a penalty of $750, if the number of uninsured employees is less than five and for a penalty of $1,500 if the number of such uninsured employees is five or more. If the commissioner determines that the failure to comply with the provisions of subdivision 2 was willful and deliberate, the employer shall be liable to the state of Minnesota for a penalty of $2,500, if the number of uninsured employees is less than five, and for a penalty of $5,000 if the number of uninsured employees is five or more. If the employer continues noncompliance, the employer is liable for five times the lawful premium for compensation insurance for such employer for the period the employer fails to comply with such provisions, commencing ten days after notice has been served upon the employer by the commissioner of the department of labor and industry by certified mail. These penalties may be recovered jointly or separately in a civil action brought in the name of the state by the attorney general in any court having jurisdiction. Whenever any such failure occurs the commissioner of the department of labor and industry shall immediately certify that fact to the attorney general. Upon receipt of such certification the attorney general shall forthwith commence and prosecute the action. All penalties recovered by the state in any such action shall be paid into the state treasury and credited to the special compensation fund. If an employer fails to comply with the provisions of subdivision 2, to secure payment of compensation after having been notified of the employer's duty, the attorney general, upon request of the commissioner, may proceed against the employer in any court having jurisdiction for an order restraining the employer from having any person in employment at any time when the employer is not complying with the provisions of subdivision 2 or for an order compelling the employer to comply with subdivision 2.~~ *(a) If the commissioner has reason to believe that an employer is in violation of subdivision 2, the commissioner may issue an order directing the employer to comply with subdivision 2, to refrain from employing any person at any time without complying with subdivision 2, and to pay a penalty of up to $1,000 per employee per week during which the employer was not in compliance.*

(b) An employer shall have ten working days to contest such an order by filing a written objection with the commissioner, stating in detail its reasons for objecting. If the commissioner does not receive an objection within ten working days, the commissioner's order shall constitute a final order not subject to further review, and violation of that order shall be enforceable by way of civil contempt proceedings in district court. If the commissioner does receive a timely objection, the commissioner shall refer the matter to the office of administrative hearings for an expedited hearing before a compensation judge. The compensation judge shall issue a decision either affirming, reversing, or modifying the commissioner's order within ten days of the close of the hearing. If the compensation judge affirms the commissioner's order, the compensation judge may order the employer to pay an additional penalty if the employer continued to employ persons without

complying with subdivision 2 while the proceedings were pending.

(c) All penalties assessed under this subdivision shall be paid into the state treasury and credited to the assigned risk safety account. Penalties assessed under this section shall constitute a lien for government services pursuant to section 514.67 on all the employer's property and shall be subject to the revenue recapture act in chapter 270A.

(d) For purposes of this subdivision, the term "employer" includes any owners or officers of a corporation who direct and control the activities of employees.

Sec. 17. Minnesota Statutes 1990, section 176.181, is amended by adding a subdivision to read:

Subd. 8. (b) The commissioner is authorized to inspect and to order the production of all payroll and other business records and documents of any alleged employer in order to determine the employment status of persons and compliance with this section. If any person or employer refuses to comply with such an order, the commissioner may apply to the district court of the county where the person or employer is located for an order compelling production of the documents.

Sec. 18. Minnesota Statutes 1990, section 176.182, is amended to read:

176.182 [BUSINESS LICENSES OR PERMITS; COVERAGE REQUIRED.]

Every state or local licensing agency shall withhold the issuance or renewal of a license or permit to operate a business in Minnesota until the applicant presents acceptable evidence of compliance with the workers' compensation insurance coverage requirement of section 176.181, subdivision 2, by providing the name of the insurance company, the policy number, and dates of coverage or the permit to self-insure. The commissioner shall assess a penalty to the employer of $1,000 payable to the ~~special compensation fund~~ *assigned risk safety account*, if the information is not reported or is falsely reported.

Neither the state nor any governmental subdivision of the state shall enter into any contract for the doing of any public work before receiving from all other contracting parties acceptable evidence of compliance with the workers' compensation insurance coverage requirement of section 176.181, subdivision 2.

This section shall not be construed to create any liability on the part of the state or any governmental subdivision to pay workers' compensation benefits or to indemnify the special compensation fund, an employer, or insurer who pays workers' compensation benefits.

Sec. 19. Minnesota Statutes 1990, section 176.183, is amended to read:

176.183 [UNINSURED AND SELF-INSURED EMPLOYERS; BENEFITS TO EMPLOYEES AND DEPENDENTS; LIABILITY OF EMPLOYER.]

Subdivision 1. When any employee sustains an injury arising out of and in the course of employment while in the employ of an employer, other than the state or its political subdivisions, not insured or self-insured as provided for in this chapter, the employee or the employee's dependents shall nevertheless receive benefits as provided for in this chapter from the special compensation fund~~, and the commissioner has a cause of action against the employer for reimbursement for all moneys paid out or to be paid out, and, in the discretion of the court,~~ as ~~punitive damages an additional amount not exceeding 50 percent of all moneys paid out or to be paid out~~. As used in ~~this subdivision~~ *subdivision 1 or 2*, "employer" includes *any owners or* officers of ~~corporations~~ *a corporation* who ~~have legal~~ *direct and* control~~, either individually or jointly with another or others, of the payment of wages~~ *the activities of employees*. An action to recover ~~the moneys~~ *benefits paid* shall be instituted unless the commissioner determines that no recovery is possible. All moneys recovered shall be deposited in the general fund. There shall be no payment from the special compensation fund if there is liability for the injury under the provisions of section 176.215, by an insurer or self-insurer.

Subd. 2. *Prior to issuing an order against the special compensation fund to pay compensation benefits to an employee, a compensation judge shall first make findings regarding the insurance status of the employer and its liability. The special compensation fund shall not be found liable in the absence of a finding of liability against the employer. Where the liable employer is found to be not insured or self-insured as provided for in this chapter, the compensation judge shall assess and order the employer to pay all compensation benefits to which the employee is entitled and a penalty in the amount of 60 percent of all compensation benefits ordered to be paid. An award issued against an employer shall constitute a lien for government services pursuant to section 514.67 on all property of the employer and shall be subject to the provisions of the revenue recapture act in chapter 270A. The special compensation fund may enforce the terms of that award in the same manner as a district court judgment.* The commissioner of labor and industry, in accordance with the terms of the order awarding compensation, shall pay compensation to the employee or the employee's dependent from the special compensation fund. The commissioner of labor and industry shall certify to the commissioner of finance and to the legislature annually the total amount of compensation paid from the special compensation fund under subdivision 1. The commissioner of finance shall upon proper certification reimburse the special compensation fund from the general fund appropriation provided for this purpose. The amount reimbursed shall be limited to the certified amount paid under this section or the appropriation made for this purpose, whichever is the lesser amount. Compensation paid under this section which is not reimbursed by the general fund shall remain a liability of the special compensation fund and shall be financed by the percentage assessed under section 176.129.

Subd. 3. (a) Notwithstanding subdivision 2, the commissioner may direct payment from the special compensation fund for compensation payable pursuant to subdivision 1, including benefits payable under sections 176.102 and 176.135, prior to issuance of an order of a compensation judge or the workers' compensation court of appeals directing payment or awarding compensation. *Where payment is issued pursuant to a petition for a temporary order, the terms of any resulting order shall have the same status and be governed by the same provisions as an award issued pursuant to subdivision 2.*

(b) The commissioner may suspend or terminate an order under clause (a) for good cause as determined by the commissioner.

Subd. 4. If the commissioner authorizes the special fund to commence payment ~~under this section~~ *without the issuance of a temporary order*, the commissioner shall serve by certified mail notice upon the employer and other interested parties of the intention to commence payment. This notice shall be served at least ten calendar days before commencing payment and shall be mailed to the last known address of the parties. The notice shall include a statement that failure of the employer to respond within ten calendar days of the date of service will be deemed acceptance by the employer of the proposed action by the commissioner and will be deemed a waiver of defenses the employer has to a subrogation or indemnity action by the commissioner. At any time prior to final determination of liability, the employer may appear as a party and present defenses the employer has, whether or not an appearance by the employer has previously been made in the matter. The commissioner has a cause of action against the employer to recover compensation paid by the special fund under this section.

Sec. 20. Minnesota Statutes 1990, section 176.185, subdivision 5a, is amended to read:

The penalties under this section may be imposed in addition to other penalties under this chapter that might apply for the same violation. The penalties under this section are assessed by the commissioner and are payable to the ~~special compensation fund~~ *assigned risk safety account*. A party may object to the penalty and request a formal hearing under section 176.85. suspension or revocation of the entity's (a) license to write workers' compensation insurance; (b) license to administer claims on behalf of a self-insured, the assigned risk plan, or the Minnesota insurance guaranty association; (c) authority to self-insure; or (d) license to adjust claims. The amount of penalty shall be determined as follows:

Numbers of days late	Penalty

Sec. 25. [176.222] [REPORT ON COLLECTION AND ASSESSMENT OF FINES AND PENALTIES.]

The commissioner shall annually, by January 30, submit a report to the legislature detailing the assessment and collection of fines and penalties

When requested by an employer or an employee or an employee's dependent, the commissioner of the department of labor and industry may designate one or more of the division employees to advise that party of rights under this chapter, and as far as possible to assist in adjusting differences between the parties. The person so designated may appear in person in any proceedings under this chapter as the representative or adviser of the party. In such case, the party need not be represented by an attorney at law.

Prior to advising an employee or employer to seek assistance outside of the department, the department must refer employers and employees seeking advice or requesting assistance in resolving a dispute to an attorney or rehabilitation and medical specialist employed by the department, whichever is appropriate.

The department must make efforts to settle problems of employees and employers by contacting third parties, including attorneys, insurers, and health care providers, on behalf of employers and employees and using the

department's persuasion to settle issues quickly and cooperatively.

Sec. 29. [176.87] [FRAUD UNIT.]

The department shall establish a workers' compensation fraud unit to investigate fraudulent and other illegal practices of health care providers, employers, insurers, attorneys, employees, and others related to workers' compensation. The unit shall review files of the department and may conduct field investigations. If the department determines there is illegal activity, the commissioner must refer the case to the attorney general or other appropriate prosecuting authority. The attorney general and other prosecuting authorities must give high priority to reviewing and prosecuting cases referred to them by the commissioner under this section.

The attorney general shall train personnel of the department of labor and industry in effective investigative practices and in the requisites for successful prosecution of illegal activity under chapter 176.

Sec. 30. Minnesota Statutes 1990, section 176A.03, is amended by adding a subdivision to read:

Subd. 3. Sec. 32. [REPETITIVE MOTION STUDY; DEPARTMENT OF EMPLOYEE RELATIONS.]

The department of employee relations shall assess the number and severity of work-related repetitive motion injuries incurred by state employees. The assessment shall include carpal tunnel and related injuries. The department shall report the results of the assessment to the legislature by January 30, 1993.

Sec. 33. [INDEPENDENT CONTRACTORS; LEASED EMPLOYEES.]

The commissioner of labor and industry shall study the practice of employee leasing and declaration of independent contract status as devices to evade or reduce premiums for workers' compensation insurance.

The commissioner shall submit a report to the legislature by January 15, 1993, with the results of the study and proposals for legislative action.

Sec. 34. [MANDATED REDUCTIONS.]

(a) As a result of the workers' compensation law changes in this act and the resulting savings to the costs of Minnesota's workers' compensation system, an insurer's approved schedule of workers' compensation rates in effect on October 1, 1992, must be reduced by 16.5 percent and applied by the insurer to all policies with an effective date between October 1, 1992, and March 31, 1993. For purposes of this section, "insurer" includes the assigned risk plan, and "rates" include the rates approved by the commissioner of commerce for the assigned risk plan. The reduction mandated by this section must also be applied on a prorated basis to the unexpired portion of all workers' compensation policies on October 1, 1992. An insurer shall provide a written notice by November 1, 1992, to all workers' compensation policyholders having an unexpired policy with the insurer as of October 1, 1992, that reads as follows: "As a result of the changes in the workers' compensation system enacted by the 1992 legislature, you are entitled to a prorated reduction of 16.5 percent on your current policy premium."

(b) No rate increases may be filed between April 1, 1992, and April 1, 1993.

(c) The commissioner of labor and industry shall survey Minnesota employers to determine if the mandated workers' compensation insurance rate reductions required under this section have been implemented by insurers, both as to amount and in a manner that is uniform and nondiscriminatory between employers having similar risks with respect to a particular occupational classification. The commissioner shall present a report detailing the findings and conclusions to the legislature by March 1, 1993.

Sec. 35. [REPEALER.]

Minnesota Statutes 1990, section 176.131, is repealed. The special compensation fund shall not reimburse an employer under Minnesota Statutes, section 176.131, for a subsequent injury occurring after June 30, 1992. Sec. 36. [EFFECTIVE DATE.]

ARTICLE 4

MEDICAL AND REHABILITATION

Section 1. Minnesota Statutes 1990, section 176.102, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] *(a) This section applies only to vocational rehabilitation of injured employees and their spouses as provided under subdivision 1a. Physical rehabilitation of injured employees is considered treatment subject to section 176.135.*

(b) Rehabilitation is intended to restore the injured employee~~, through physical and vocational rehabilitation,~~ so the employee may return to a job related to the employee's former employment or to a job in another work area which produces an economic status as close as possible to that the

employee would have enjoyed without disability. Rehabilitation to a job with a higher economic status than would have occurred without disability is permitted if it can be demonstrated that this rehabilitation is necessary to increase the likelihood of reemployment. Economic status is to be measured not only by opportunity for immediate income but also by opportunity for future income.

Sec. 2. Minnesota Statutes 1990, section 176.102, subdivision 2, is amended to read:

Subd. 2. [ADMINISTRATORS.] The commissioner shall hire a director of rehabilitation services in the classified service. The commissioner shall monitor and supervise rehabilitation services, including, but not limited to, making determinations regarding the selection and delivery of rehabilitation services and the criteria used to approve qualified rehabilitation consultants and rehabilitation vendors. The commissioner may also make determinations regarding fees for rehabilitation services *and shall by rule establish a fee schedule or otherwise limit fees charged by qualified rehabilitation consultants and vendors. The commissioner shall annually review the fees and give notice of any adjustment in the State Register. An annual adjustment is not subject to chapter 14. By March 1, 1993, the commissioner shall report to the legislature on the status of the commission's monitoring of rehabilitation services.* The commissioner may hire qualified personnel to assist in the commissioner's duties under this section and may delegate the duties and performance.

Sec. 3. Minnesota Statutes 1990, section 176.102, subdivision 4, is amended to read:

Subd. 4. [REHABILITATION PLAN; DEVELOPMENT.] (a) ~~An employer or insurer shall provide rehabilitation consultation by a qualified rehabilitation consultant or by another person permitted by rule to provide consultation to an injured employee within five days after the employee has 60 days of lost work time due to the personal injury, except as otherwise provided in this subdivision. Where an employee has incurred an injury to the back, the consultation shall be made within five days after the employee has 30 days of lost work time due to the injury. The lost work time in either case may be intermittent lost work time. If an employer or insurer has medical information at any time prior to the time specified in this subdivision that the employee will be unable to return to the job the employee held at the time of the injury rehabilitation consultation shall be provided immediately after receipt of this information.~~

~~For purposes of this section "lost work time" means only those days during which the employee would actually be working but for the injury. In the case of the construction industry, mining industry, or other industry where the hours and days of work are affected by seasonal conditions, "lost work time" shall be computed by using the normal schedule worked when employees are working full time.~~ *A rehabilitation consultation must be provided by the employer to an injured employee upon request of the employee, the employer, or the commissioner. When the commissioner has received notice or information that an employee has sustained an injury that may be compensable under this chapter, the commissioner must notify the injured employee of the right to request a rehabilitation consultation to assist in return to work. The notice may be included in other information the commissioner gives to the employee under section 176.235, and must be highlighted in a way to draw the employee's attention to it. If a rehabilitation consultation is*

requested, the employer shall provide a qualified rehabilitation consultant. If the injured employee objects to the employer's selection, the employee may select a qualified rehabilitation consultant of the employee's own choosing within 60 days following the filing of a copy of the employee's rehabilitation plan with the commissioner. If the consultation indicates that rehabilitation services are appropriate under subdivision 1, the employer shall provide the services. If the consultation indicates that rehabilitation services are not appropriate under subdivision 1, the employer shall notify the employee of this determination within 14 days after the consultation.

(b) In order to assist the commissioner in determining whether or not to request rehabilitation consultation for an injured employee, an employer shall notify the commissioner whenever the employee's temporary total disability will likely exceed 13 weeks. The notification must be made within 90 days from the date of the injury or when the likelihood of at least a 13-week disability can be determined, whichever is earlier, and must include a current physician's report.

(c) The qualified rehabilitation consultant ~~appointed by the employer or insurer~~ shall disclose in writing at the first meeting or written communication with the employee any ownership interest or affiliation between the firm which employs the qualified rehabilitation consultant and the employer, insurer, adjusting or servicing company, including the nature and extent of the affiliation or interest.

The consultant shall also disclose to all parties any affiliation, business referral or other arrangement between the consultant or the firm employing the consultant and any other party ~~to~~, *attorney, or health care provider involved in* the case~~, including any attorneys, doctors, or chiropractors~~.

~~If the employee objects to the employer's selection of a qualified rehabilitation consultant, the employee shall notify the employer and the commissioner in writing of the objection. The notification shall include the name, address, and telephone number of the qualified rehabilitation consultant chosen by the employee to provide rehabilitation consultation.~~

(d) After the initial provision or selection of a qualified rehabilitation consultant as provided under paragraph (a), the employee may ~~choose~~ *request* a different qualified rehabilitation consultant ~~as follows:~~

~~(1) once during the first 60 days following the first in-person contact between the employee and the original consultant;~~

~~(2) once after the 60-day period referred to in clause (1); and~~

~~(3) subsequent requests~~ *which* shall be ~~determined~~ *granted or denied* by the commissioner or compensation judge according to the best interests of the parties.

(e) The employee and employer shall enter into a program if one is prescribed in a rehabilitation plan *within 30 days of the rehabilitation consultation if the qualified rehabilitation consultant determines that rehabilitation is appropriate*. A copy of the plan, including a target date for return to work, shall be submitted to the commissioner *within 15 days after the plan has been developed.*

~~(b)~~ *(f)* If the employer does not provide rehabilitation consultation ~~as required by this section~~ *requested under paragraph (a)*, the commissioner or compensation judge shall notify the employer that if the employer fails to ~~appoint~~ *provide* a qualified rehabilitation consultant ~~or other persons as~~

~~permitted by clause (a)~~ within 15 days to conduct a rehabilitation consultation, the commissioner or compensation judge shall appoint a qualified rehabilitation consultant to provide the consultation at the expense of the employer unless the commissioner or compensation judge determines the consultation is not required.

~~(c)~~ *(g)* In developing a rehabilitation plan consideration shall be given to the employee's qualifications, including but not limited to age, education, previous work history, interest, transferable skills, and present and future labor market conditions.

~~(d)~~ *(h)* The commissioner or compensation judge may waive rehabilitation services under this section if the commissioner or compensation judge is satisfied that the employee will return to work in the near future or that rehabilitation services will not be useful in returning an employee to work.

Sec. 4. Minnesota Statutes 1990, section 176.102, subdivision 6, is amended to read:

Subd. 6. [PLAN, ELIGIBILITY FOR REHABILITATION, APPROVAL AND APPEAL.] *(a)* The commissioner or a compensation judge shall determine eligibility for rehabilitation services and shall review, approve, modify, or reject rehabilitation plans developed under subdivision 4. The commissioner or a compensation judge shall also make determinations regarding rehabilitation issues not necessarily part of a plan including, but not limited to, determinations regarding whether an employee is eligible for further rehabilitation and the benefits under subdivisions 9 and 11 to which an employee is entitled.

(b) A rehabilitation consultant must file a progress report on the plan with the commissioner six months after the plan is filed. The progress report must include a current estimate of the total cost and the expected duration of the plan. The commissioner may require additional progress reports. Based on the progress reports and available information, the commissioner may take actions including, but not limited to, redirecting, amending, suspending, or terminating the plan.

Sec. 5. Minnesota Statutes 1990, section 176.102, subdivision 9, is amended to read:

Subd. 9. [PLAN, COSTS.] *(a)* An employer is liable for the following rehabilitation expenses under this section:

~~(a)~~ *(1)* Cost of rehabilitation evaluation and preparation of a plan;

~~(b)~~ *(2)* Cost of all rehabilitation services and supplies necessary for implementation of the plan;

~~(c)~~ *(3)* Reasonable cost of tuition, books, travel, and custodial day care; and, in addition, reasonable costs of board and lodging when rehabilitation requires residence away from the employee's customary residence;

~~(d)~~ *(4)* Reasonable costs of travel and custodial day care during the job interview process;

~~(e)~~ *(5)* Reasonable cost for moving expenses of the employee and family if a job is found in a geographic area beyond reasonable commuting distance after a diligent search within the present community. Relocation shall not be paid more than once during any rehabilitation program, and relocation shall not be required if the new job is located within the same standard metropolitan statistical area as the employee's job at the time of injury. An

employee shall not be required to relocate and a refusal to relocate shall not result in a suspension or termination of compensation under this chapter; and

~~(f)~~ *(6)* Any other expense agreed to be paid.

(b) Charges for services provided by a rehabilitation consultant or vendor must be submitted on a billing form prescribed by the commissioner. No payment for the services shall be made until the charges are submitted on the prescribed form.

(c) Except as provided in this paragraph, an employer is not liable for charges for services provided by a rehabilitation consultant or vendor unless the employer or its insurer receives a bill for those services within 45 days of the provision of the services. The commissioner or a compensation judge may order payment for charges not timely billed under this paragraph if the rehabilitation consultant or vendor can prove that the failure to submit the bill as required by this paragraph was due to circumstances beyond the control of the rehabilitation consultant or vendor. A rehabilitation consultant or vendor may not collect payment from any other person, including the employee, for bills that an employer is relieved from liability for paying under this paragraph.

Sec. 6. Minnesota Statutes 1990, section 176.103, subdivision 2, is amended to read:

Subd. 2. [SCOPE.] (a) The commissioner shall monitor the medical and surgical treatment provided to injured employees, the services of other health care providers and shall also monitor hospital utilization as it relates to the treatment of injured employees. This monitoring shall include determinations concerning the appropriateness of the service, whether the treatment is necessary and effective, the proper cost of services, the quality of the treatment, the right of providers to receive payment under this chapter for services rendered or the right to receive payment under this chapter for future services. *Insurers and self-insurers must assist the commissioner in this monitoring by reporting to the commissioner cases of suspected excessive, inappropriate, or unnecessary treatment.* The commissioner shall report ~~the results of the monitoring~~ *specific cases of suspected inappropriate, unnecessary, and excessive treatment* to the medical services review board. ~~The commissioner may, either as a result of the monitoring or as a result of an investigation following receipt of a complaint, if the commissioner believes that any provider of health care services has violated any provision of this chapter or rules adopted under this chapter, initiate a contested case proceeding under chapter 14. In these cases,~~ The medical services review board shall ~~make the final decision following receipt of the report of an administrative law judge~~ *review those cases and make a determination of whether there is inappropriate, unnecessary, or excessive treatment based on rules adopted by the commissioner in consultation with the medical services review board. The determination of the board is not subject to the contested case provisions of the administrative procedure act in chapter 14. An affected provider shall be given notice and an opportunity to be heard before the board prior to the board reporting its findings and conclusions. The board shall report its findings and conclusions to the commissioner. The findings and conclusions of the board are binding on the commissioner. The commissioner shall order a sanction if the board has concluded there was inappropriate, unnecessary, or excessive treatment. The commissioner in consultation with the medical services review board shall adopt rules defining standards of treatment*

including inappropriate, unnecessary, or excessive treatment and the sanctions to be imposed for inappropriate, unnecessary, or excessive treatment. The sanctions imposed may include, without limitation, a warning, a restriction on providing treatment, requiring preauthorization by the board for a plan of treatment, and suspension from receiving compensation for the provision of treatment under chapter 176. The commissioner's authority under this section also includes the authority to make determinations regarding any other activity involving the questions of utilization of medical services, and any other determination the commissioner deems necessary for the proper administration of this section, but does not include the authority to make the initial determination of primary liability, except as provided by section 176.305.

Sec. 7. Minnesota Statutes 1990, section 176.103, is amended by adding a subdivision to read:

Subd. 2a. [APPEALS, EFFECT OF DECISION.] *An order imposing sanctions on a health care provider under subdivision 2 may be appealed and has the effect provided by this subdivision.*

A sanction becomes effective at the time the commissioner notifies the provider of the order of sanction. The notice shall advise the provider of the right to obtain review as provided in this subdivision. If mailed, the notice of order of sanction is deemed received three days after mailing to the last known address of the provider.

Within 30 days of receipt of a notice of order of sanction, a provider may request in writing a review by the commissioner of the order. Upon receiving a request the commissioner or the commissioner's designee shall review the order, the evidence upon which the order was based, and any other material information brought to the attention of the commissioner, and determine whether sufficient cause exists to sustain the order. Within 15 days of receiving the request the commissioner shall report in writing the results of the review. The review provided in this subdivision is not subject to the contested case provisions of the administrative procedure act in chapter 14.

Within 30 days following receipt of the commissioner's decision on review, a provider may petition the workers' compensation court of appeals for review. The petition shall be filed with the court, together with proof of service of a copy on the commissioner, and accompanied by the standard filing fee for appeals from decisions of compensation judges. No responsive pleading shall be required of the commissioner, and no fees shall be charged for the appearance of the commissioner in the matter.

The petition shall be captioned in the full name of the provider making the petition as petitioner and the commissioner as respondent. The petition shall state with specificity the grounds upon which the petitioner seeks rescission of the order of sanction.

The filing of the petition shall not stay the sanction. The court may order a stay of the balance of the sanction if the hearing has not been conducted within 60 days after filing of the petition upon terms the court deems proper. To the extent applicable, review shall be conducted according to the rules of the court for review of decisions of compensation judges.

The scope of the hearing shall be limited to the issues of whether the medical services review board's findings were supported by substantial evidence in view of the record before the board and whether the sanction imposed by the commissioner was authorized by law or rule.

The workers' compensation court of appeals may adopt rules necessary to implement this subdivision.

Sec. 8. Minnesota Statutes 1990, section 176.103, subdivision 3, is amended to read:

Subd. 3. [MEDICAL SERVICES REVIEW BOARD; SELECTION; POWERS.] (a) There is created a medical services review board composed of the commissioner or the commissioner's designee as an ex officio member, two persons representing chiropractic, one person representing hospital administrators, *one physical therapist*, and six physicians representing different specialties which the commissioner determines are the most frequently utilized by injured employees. The board shall also have one person representing employees, one person representing employers or insurers, and one person representing the general public. The members shall be appointed by the commissioner and shall be governed by section 15.0575. Terms of the board's members may be renewed. The board may appoint from its members whatever subcommittees it deems appropriate.

The commissioner may appoint alternates for one-year terms to serve as a member when a member is unavailable. The number of alternates shall not exceed one chiropractor, *one physical therapist*, one hospital administrator, three physicians, one employee representative, one employer or insurer representative, and one representative of the general public.

The board shall review clinical results for adequacy and recommend to the commissioner scales for disabilities and apportionment.

The board shall review and recommend to the commissioner rates for individual clinical procedures and aggregate costs. The board shall assist the commissioner in accomplishing public education.

In evaluating the clinical consequences of the services provided to an employee by a clinical health care provider, the board shall consider the following factors in the priority listed:

(1) the clinical effectiveness of the treatment;

(2) the clinical cost of the treatment; and

(3) the length of time of treatment.

The board shall advise the commissioner on the adoption of rules regarding all aspects of medical care and services provided to injured employees.

(b) The medical services review board may upon petition from the commissioner and after hearing, issue a penalty of $200 per violation, disqualify, or suspend a provider from receiving payment for services rendered under this chapter if a provider has violated any part of this chapter or rule adopted under this chapter. The hearings are initiated by the commissioner under the contested case procedures of chapter 14. The board shall make the final decision following receipt of the recommendation of the administrative law judge. The board's decision is appealable to the workers' compensation court of appeals in the manner provided by section 176.421.

(c) The board may adopt rules of procedure. The rules may be joint rules with the rehabilitation review panel.

Sec. 9. Minnesota Statutes 1990, section 176.135, subdivision 1, is amended to read:

Subdivision 1. [MEDICAL, PSYCHOLOGICAL, CHIROPRACTIC,

PODIATRIC, SURGICAL, HOSPITAL.] (a) The employer shall furnish any medical, psychological, chiropractic, podiatric, surgical and hospital treatment, including nursing, medicines, medical, chiropractic, podiatric, and surgical supplies, crutches and apparatus, including artificial members, or, at the option of the employee, if the employer has not filed notice as hereinafter provided, Christian Science treatment in lieu of medical treatment, chiropractic medicine and medical supplies, as may reasonably be required at the time of the injury and any time thereafter to cure and relieve from the effects of the injury. This treatment shall include treatments necessary to physical rehabilitation.

(b) The employer shall pay for the reasonable value of nursing services provided by a member of the employee's family in cases of permanent total disability.

(c) Exposure to rabies is an injury and an employer shall furnish preventative treatment to employees exposed to rabies.

(d) The employer shall furnish replacement or repair for artificial members, glasses, or spectacles, artificial eyes, podiatric orthotics, dental bridge work, dentures or artificial teeth, hearing aids, canes, crutches, or wheel chairs damaged by reason of an injury arising out of and in the course of the employment. *For the purpose of this paragraph, "injury" includes damage wholly or in part to an artificial member.* In case of the employer's inability or refusal seasonably to ~~do so~~ *provide the items required to be provided under this paragraph,* the employer is liable for the reasonable expense incurred by or on behalf of the employee in providing the same, including costs of copies of any medical records or medical reports that are in existence, obtained from health care providers, and that directly relate to the items for which payment is sought under this chapter, limited to the charges allowed by subdivision 7, and attorney fees incurred by the employee. ~~No action to recover the cost of copies may be brought until the commissioner adopts a schedule of reasonable charges under subdivision 7.~~ Attorney's fees shall be determined on an hourly basis according to the criteria in section 176.081, subdivision 5. ~~The employer shall pay for the reasonable value of nursing services by a member of the employee's family in cases of permanent total disability.~~

~~(b)~~ *(e)* Both the commissioner and the compensation judges have authority to make determinations under this section in accordance with sections 176.106 and 176.305.

(f) An employer may require that the treatment and supplies required to be provided by an employer by this section be received in whole or in part from a managed care plan certified under section 176.1351 except as otherwise provided by that section.

Sec. 10. Minnesota Statutes 1990, section 176.135, subdivision 5, is amended to read:

Subd. 5. [OCCUPATIONAL DISEASE MEDICAL ELIGIBILITY.] Notwithstanding section 176.66, an employee who has contracted an occupational disease is eligible to receive compensation under this section even if the employee is not disabled from earning full wages at the work at which the employee was last employed.

Payment of compensation under this section shall be made by the employer and insurer on the date of the employee's last exposure to the hazard of the occupational disease. Reimbursement for medical benefits paid under this

subdivision or subdivision 1a is allowed from the employer and insurer liable under section 176.66, subdivision 10, only in the case of disablement.

Sec. 11. Minnesota Statutes 1990, section 176.135, subdivision 6, is amended to read:

Subd. 6. [COMMENCEMENT OF PAYMENT.] As soon as reasonably possible, and no later than 30 calendar days after receiving the bill, the employer or insurer shall pay the charge or any portion of the charge which is not denied, *or* deny all or a part of the charge ~~on the basis of excessiveness or noncompensability, or specify the additional data needed,~~ with written notification to the employee and the provider *explaining the basis for denial. All or part of a charge must be denied if any of the following conditions exists:*

(1) the injury or condition is not compensable under this chapter;

(2) the charge or service is excessive under this section or section 176.136;

(3) the charges are not submitted on the prescribed billing form; or

(4) additional medical records or reports are required under subdivision 7 to substantiate the nature of the charge and its relationship to the work injury.

If payment is denied under clause (3) or (4), the employer or insurer shall reconsider the charges in accordance with this subdivision within 30 calendar days after receiving additional medical data, a prescribed billing form, or documentation of enrollment or certification as a provider.

Sec. 12. Minnesota Statutes 1990, section 176.135, subdivision 7, is amended to read:

Subd. 7. [MEDICAL BILLS AND RECORDS.] Health care providers shall submit to the insurer an itemized statement of charges *on a billing form prescribed by the commissioner*. Health care providers ~~other than hospitals~~ shall also submit copies of medical records or reports that substantiate the nature of the charge and its relationship to the work injury~~, provided, however, that hospitals must submit any copies of records or reports requested under subdivision 6~~. Health care providers may charge for copies of any records or reports that are in existence and directly relate to the items for which payment is sought under this chapter. ~~Charges for copies provided under this subdivision shall be reasonable.~~ The commissioner shall adopt a schedule of reasonable charges by ~~emergency rules~~ *rule*.

A health care provider shall not collect, attempt to collect, refer a bill for collection, or commence an action for collection against the employee, employer, or any other party until the information required by this section has been furnished.

A United States government facility rendering health care services to veterans is not subject to the uniform billing form requirements of this subdivision.

Sec. 13. [176.1351] [MANAGED CARE.]

Subdivision 1. [APPLICATION.] *Any person or entity, other than a workers' compensation insurer or an employer for its own employees, may make written application to the commissioner to have a plan certified that provides management of quality treatment to injured workers for injuries and diseases compensable under this chapter. Specifically, and without limitation, an*

entity licensed under chapter 62C or 62D or a preferred provider organization that is subject to chapter 72A is eligible for certification under this section. Each application for certification shall be accompanied by a reasonable fee prescribed by the commissioner. A plan may be certified to provide services in a limited geographic area. A certificate is valid for the period the commissioner prescribes unless revoked or suspended. Application for certification shall be made in the form and manner and shall set forth information regarding the proposed plan for providing services as the commissioner may prescribe. The information shall include, but not be limited to:

(1) a list of the names of all health care providers who will provide services under the managed care plan, together with appropriate evidence of compliance with any licensing or certification requirements for those providers to practice in this state; and

(2) a description of the places and manner of providing services under the plan.

Subd. 2. [CERTIFICATION.] *The commissioner shall certify a managed care plan if the commissioner finds that the plan:*

(1) proposes to provide quality services that meet uniform treatment standards prescribed by the commissioner and all medical and health care services that may be required by this chapter in a manner that is timely, effective, and convenient for the worker;

(2) is reasonably geographically convenient to employees it serves;

(3) provides appropriate financial incentives to reduce service costs and utilization without sacrificing the quality of service;

(4) provides adequate methods of peer review, utilization review, and dispute resolution to prevent inappropriate, excessive, or not medically necessary treatment, and excludes participation in the plan by those individuals who violate these treatment standards;

(5) provides a procedure that may be informal for the resolution of medical disputes within 14 days;

(6) provides aggressive case management for injured workers and provides a program for early return to work and cooperative efforts by the workers, the employer, and the managed care plan to promote workplace health and safety consultative and other services;

(7) provides a timely and accurate method of reporting to the commissioner necessary information regarding medical and health care service cost and utilization to enable the commissioner to determine the effectiveness of the plan;

(8) authorizes workers to receive compensable treatment from a health care provider who is not a member of the managed care plan, if that provider maintains the employee's medical records and has a documented history of treatment with the employee and agrees to refer the employee to the managed care plan for any other treatment that the employee may require and if the health care provider agrees to comply with all the rules, terms, and conditions of the managed care plan;

(9) authorizes necessary emergency medical treatment for an injury provided by a health care provider not a part of the managed care plan;

(10) does not discriminate against or exclude from participation in the plan any category of health care provider and includes an adequate number of each category of health care providers to give workers convenient geographic accessibility to all categories of providers and adequate flexibility to choose health care providers from among those who provide services under the plan;

(11) provides an employee the right to change health care providers under the plan at least once; and

(12) complies with any other requirement the commissioner determines is necessary to provide quality medical services and health care to injured workers.

The commissioner may accept findings, licenses, or certifications of other state agencies as satisfactory evidence of compliance with a particular requirement of this subdivision.

Subd. 3. [DISPUTE RESOLUTION.] *An employee must exhaust the dispute resolution procedure of the certified managed care plan prior to filing a petition or otherwise seeking relief from the commissioner or a compensation judge on an issue related to managed care. If an employee has exhausted the dispute resolution procedure of the managed care plan on the issue of a rating for a disability, the employee may seek a disability rating from a health care provider outside of the managed care organization. The employer is liable for the reasonable fees of the outside provider as limited by the medical fee schedule adopted under this chapter.*

Subd. 4. [ACCESS TO ALL HEALTH CARE DISCIPLINES.] *The commissioner may refuse to certify or may revoke or suspend the certification of a managed care plan that unfairly restricts direct access within the managed care plan to any health care provider profession. Direct access within the managed care plan is unfairly restricted if direct access is denied and the treatment or service sought is within the scope of practice of the profession to which direct access is sought and is appropriate under the standards of treatment adopted by the managed care plan or, in instances where the commissioner has adopted standards of treatment, the standards adopted by the commissioner.*

Subd. 5. [REVOCATION, SUSPENSION, AND REFUSAL TO CERTIFY.] *The commissioner may refuse to certify or may revoke or suspend the certification of a managed care plan if the commissioner finds that the plan for providing medical or health care services fails to meet the requirements of this section, or service under the plan is not being provided in accordance with the terms of a certified plan.*

Subd. 6. [RULES.] *The commissioner may adopt emergency or permanent rules necessary to implement this section.*

Sec. 14. Minnesota Statutes 1990, section 176.136, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE.] *(a)* The commissioner shall by rule establish procedures for determining whether or not the charge for a health service is excessive. In order to accomplish this purpose, the commissioner shall consult with insurers, associations and organizations representing the medical and other providers of treatment services and other appropriate groups.

(b) The procedures established by the commissioner ~~shall~~ *must* limit, *in accordance with subdivisions 1a, 1b, and 1c,* the charges allowable for

medical, chiropractic, podiatric, surgical, hospital and other health care provider treatment or services, as defined and compensable under section 176.135~~, based upon billings for each class of health care provider during all of the calendar year preceding the year in which the determination is made of the amount to be paid the health care provider for the billing~~. The procedures established by the commissioner for determining whether or not the charge for a health service is excessive ~~shall~~ *must* be structured to encourage providers to develop and deliver services for rehabilitation of injured workers. The procedures ~~shall~~ *must* incorporate the provisions of sections 144.701, 144.702, and 144.703 to the extent that the commissioner finds that these provisions effectively accomplish the intent of this section or are otherwise necessary to insure that quality hospital care is available to injured employees.

Sec. 15. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1a. [RELATIVE VALUE FEE SCHEDULE.] *The liability of an employer for services included in the medical fee schedule is limited to the maximum fee allowed by the schedule in effect on the date of the medical service, or the provider's actual fee, whichever is lower. The medical fee schedule effective on October 1, 1991, shall remain in effect until the commissioner adopts a new schedule by permanent rule. The commissioner shall adopt permanent rules regulating fees allowable for medical, chiropractic, podiatric, surgical, and other health care provider treatment or service, including those provided to hospital outpatients, by implementing a relative value fee schedule to be effective on October 1, 1993. The commissioner may adopt by reference the relative value fee schedule adopted for the federal Medicare program or a relative value fee schedule adopted by other federal or state agencies. The relative value fee schedule shall contain reasonable classifications including, but not limited to, classifications that differentiate among health care provider disciplines. The conversion factors for the original relative value fee schedule must reasonably reflect a 15 percent overall reduction from the medical fee schedule most recently in effect. The reduction need not be applied equally to all treatment or services, but must represent a gross 15 percent reduction.*

After permanent rules have been adopted to implement this section, the conversion factors must be adjusted annually on October 1 by no more than the percentage change computed under section 176.645, but without the annual cap provided by that section. The commissioner shall annually give notice in the State Register of the adjusted conversion factors. This notice shall be in lieu of the requirements of chapter 14.

Sec. 16. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1b. [LIMITATION OF LIABILITY.] *(a) The liability of the employer for treatment, articles, and supplies provided to an employee while an inpatient or outpatient at a small hospital shall be the hospital's usual and customary charge, unless the charge is determined by the commissioner or a compensation judge to be unreasonably excessive. A "small hospital," for purposes of this paragraph, is a hospital which has 100 or fewer licensed beds.*

(b) The liability of the employer for the treatment, articles, and supplies that are not limited by subdivision 1a or 1c or paragraph (a) shall be limited to 85 percent of the provider's usual and customary charge, or 85 percent

of the prevailing charges for similar treatment, articles, and supplies furnished to an injured person when paid for by the injured person, whichever is lower. On this basis, the commissioner or compensation judge may determine the reasonable value of all treatment, services, and supplies, and the liability of the employer is limited to that amount.

Sec. 17. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1c. [CHARGES FOR INDEPENDENT MEDICAL EXAMINATIONS.] *The commissioner shall adopt rules that reasonably limit amounts which may be charged for, or in connection with, independent or adverse medical examinations requested by any party, including the amount that may be charged for depositions, witness fees, or other expenses. No party may pay fees above the amount in the schedule.*

Sec. 18. Minnesota Statutes 1990, section 176.136, subdivision 2, is amended to read:

Subd. 2. [EXCESSIVE FEES.] If the employer or insurer determines that the charge for a health service or medical service is excessive, no payment in excess of the reasonable charge for that service shall be made under this chapter nor may the provider collect or attempt to collect from the injured employee or any other insurer or government amounts in excess of the amount payable under this chapter unless the commissioner, compensation judge, or court of appeals determines otherwise. In such a case, the health care provider may initiate an action under this chapter for recovery of the amounts deemed excessive by the employer or insurer, but the employer or insurer shall have the burden of proving excessiveness.

A charge for a health service or medical service is excessive if it:

(1) exceeds the maximum permissible charge pursuant to subdivision 1, 1a, 1b, or 1c;

(2) is for a service provided at a level, duration, or frequency that is excessive, based upon accepted medical standards for quality health care and accepted rehabilitation standards;

(3) is for a service that is outside the scope of practice of the particular provider or is not generally recognized within the particular profession of the provider as of therapeutic value for the specific injury or condition treated; or

(4) is otherwise deemed excessive or inappropriate pursuant to rules adopted pursuant to this chapter.

Sec. 19. Minnesota Statutes 1990, section 176.137, subdivision 5, is amended to read:

Subd. 5. An employee is limited to ~~$30,000~~ *$60,000* under this section for each personal injury.

Sec. 20. Minnesota Statutes 1990, section 176.155, subdivision 1, is amended to read:

Subdivision 1. [EMPLOYER'S PHYSICIAN.] The injured employee must submit to examination by the employer's physician, if requested by the employer, and at reasonable times thereafter upon the employer's request. *The examination must be scheduled at a location within 150 miles of the employee's residence unless the employer can show cause to the department*

to order an examination at a location further from the employee's residence. The employee is entitled upon request to have a personal physician present at any such examination. Each party shall defray the cost of that party's physician. Any report or written statement made by the employer's physician as a result of an examination of the employee, regardless of whether the examination preceded the injury or was made subsequent to the injury, shall be made available, upon request and without charge, to the injured employee or representative of the employee. The employer shall pay reasonable travel expenses incurred by the employee in attending the examination including mileage, parking, and, if necessary, lodging and meals. The employer shall also pay the employee for any lost wages resulting from attendance at the examination. A self-insured employer or insurer who is served with a claim petition pursuant to section 176.271, subdivision 1, or 176.291, shall schedule any necessary examinations of the employee, if an examination by the employer's physician or health care provider is necessary to evaluate benefits claimed. The examination shall be completed and the report of the examination shall be served on the employee and filed with the commissioner within 120 days of service of the claim petition.

No evidence relating to the examination or report shall be received or considered by the commissioner, a compensation judge, or the court of appeals in determining any issues unless the report has been served and filed as required by this section, unless a written extension has been granted by the commissioner or compensation judge. The commissioner or a compensation judge shall extend the time for completing the adverse examination and filing the report upon good cause shown. The extension must not be for the purpose of delay and the insurer must make a good faith effort to comply with this subdivision. Good cause shall include but is not limited to:

(1) that the extension is necessary because of the limited number of physicians or health care providers available with expertise in the particular injury or disease, or that the extension is necessary due to the complexity of the medical issues, or

(2) that the extension is necessary to gather additional information which was not included on the petition as required by section 176.291.

Sec. 21. Minnesota Statutes 1990, section 176.83, subdivision 5, is amended to read:

Subd. 5. [~~EXCESSIVE~~ *TREATMENT STANDARDS FOR* MEDICAL SERVICES.] In consultation with the medical services review board or the rehabilitation review panel, *the commissioner shall adopt* rules establishing standards and procedures for ~~determining~~ *health care provider treatment. The rules shall apply uniformly to all providers including those providing managed care under section 176.1351. The rules shall be used to determine* whether a provider of health care services and rehabilitation services, including a provider of medical, chiropractic, podiatric, surgical, hospital or other services, is performing procedures or providing services at a level or with a frequency that is excessive, *unnecessary, or inappropriate* based upon accepted medical standards for quality health care and accepted rehabilitation standards.

The rules shall include, but are not limited to, the following:

(1) criteria for diagnosis and treatment of the most common work-related injuries including, but not limited to, low back injuries and upper extremity

repetitive trauma injuries;

(2) criteria for surgical procedures including, but not limited to, diagnosis, prior conservative treatment, supporting diagnostic imaging and testing, and anticipated outcome criteria;

(3) criteria for use of appliances, adaptive equipment, and use of health clubs or other exercise facilities;

(4) criteria for diagnostic imaging procedures;

(5) criteria for inpatient hospitalization; and

(6) criteria for treatment of chronic pain.

If it is determined by the payer that the level, frequency or cost of a procedure or service of a provider is excessive, *unnecessary, or inappropriate* according to the standards established by the rules, the provider shall not be paid for the ~~excessive~~ procedure, service, or cost by an insurer, self-insurer, or group self-insurer, and the provider shall not be reimbursed or attempt to collect reimbursement for the ~~excessive~~ procedure, service, or cost from any other source, including the employee, another insurer, the special compensation fund, or any government program unless the commissioner or compensation judge determines at a hearing or administrative conference that the level, frequency, or cost was not excessive in which case the insurer, self-insurer, or group self-insurer shall make the payment deemed reasonable.

Section 1. Minnesota Statutes 1990, section 79A.02, is amended by adding a subdivision to read:

Subd. 3. [AUDIT OF SELF-INSURANCE APPLICATION.] *(a) The self-insurer's security fund shall retain a certified public accountant who shall perform services for, and report directly to, the commissioner of commerce. The certified public accountant shall review each application to self-insure, including the applicant's financial data. The certified public accountant shall provide a report to the commissioner of commerce indicating whether the applicant has met the requirements of section 79A.03, subdivisions 2 and 3. Additionally, the certified public accountant shall provide advice and counsel to the commissioner about relevant facts regarding the applicant's financial condition.*

(b) If the report of the certified public accountant is used by the commissioner as the basis for the commissioner's determination regarding the applicant's self-insurance status, the certified public accountant shall be made available to the commissioner for any hearings or other proceedings arising from that determination.

(c) The commissioner shall provide the advisory committee with the summary report by the certified public accountant and any financial data in possession of the department of commerce that is otherwise available to the public.

The cost of the review shall be the obligation of the self-insurer's security fund.

Sec. 2. Minnesota Statutes 1990, section 79A.02, is amended by adding

a subdivision to read:

Subd. 4. [RECOMMENDATIONS TO COMMISSIONER REGARDING REVOCATION.] *After each fifth anniversary from the date each individual and group self-insurer becomes certified to self-insure, the committee shall review all relevant financial data filed with the department of commerce that is otherwise available to the public and make a recommendation to the commissioner about whether each self-insurer's certificate should be revoked.*

Sec. 3. Minnesota Statutes 1990, section 79A.03, subdivision 3, is amended to read:

Subd. 3. [NET WORTH.] ~~Each individual self-insurer shall have and maintain a net worth at least equal to the greater of ten times the retention limit selected with the workers' compensation reinsurance association or one-third the amount of the self-insurer's current annual modified premium. The requirements of this subdivision shall be modified if the self-insurer can demonstrate through a reinsurance program, other than coverage provided by the workers' compensation reinsurance association, that it can pay expected losses without endangering the financial stability of the company.~~ *Each individual self-insurer's net worth, as presented on its audited balance sheet filed with the department of commerce, shall equal at least ten percent of the entity's total assets and shall equal at least ten times the retention level selected with the workers' compensation reinsurance association.*

Sec. 4. Minnesota Statutes 1990, section 79A.03, subdivision 4, is amended to read:

Subd. 4. [ASSETS, NET WORTH, AND LIQUIDITY.] *(a)* Each individual self-insurer shall have and maintain sufficient assets, net worth, and liquidity to promptly and completely meet all of its obligations that may arise under chapter 176 or this chapter. In determining whether a self-insurer meets this requirement, the commissioner shall consider the self-insurer's current ratio; its long-term and short-term debt to equity ratios; its net worth; financial characteristics of the particular industry in which the self-insurer is involved; any recent changes in the management and ownership of the ~~company~~ *self-insurer*; any excess insurance purchased by the self-insurer from a licensed company or an authorized surplus line carrier, other than excess insurance from the workers' compensation reinsurance association; any other financial data submitted to the commissioner by the ~~company~~ *self-insurer*; and the ~~company's~~ *self-insurer's* workers' compensation experience for the last four years. *Notwithstanding any other provision of this chapter, the commissioner may deny an application for self-insurance authority or terminate existing self-insurance authority if the applicant or self-insurer does not have sufficient assets, net worth, and liquidity to promptly and completely meet all of its self-insurance obligations.*

(b) An individual self-insurer must have had positive net income as shown on audited income statements filed with the department of commerce during three of the last five years and cumulatively over the five-year period. If the self-insurer has been in existence less than five years, it must have had cumulative net income during the period of existence and in the most recent year.

(c) An individual self-insurer must have had cash generated from operations as shown on the audited statements of cash flows filed with the

department of commerce during three of the last five years and cumulatively over the five-year period. If the self-insurer has been in existence less than five years, it shall have had cumulative cash generated from operations during the period of existence and in the most recent year.

(d) No entity shall be admitted as an individual self-insurer, or be allowed to continue its self-insurance authority, if the audit report for the most recent year includes an explanatory paragraph stating that the auditor has concluded that there is substantial doubt about the entity's ability to continue as a going concern.

Sec. 5. Minnesota Statutes 1990, section 79A.03, subdivision 7, is amended to read:

Subd. 7. [FINANCIAL STANDARDS.] A group proposing to self-insure shall have and maintain:

(a) A combined net worth of all of the members of an amount at least equal to the greater of ten times the retention selected with the workers' compensation reinsurance association or one-third of the current annual modified premium of the members. ~~The requirements of this paragraph shall be modified if the self-insurer can demonstrate that through excess insurance, other than coverage provided by the workers' compensation reinsurance association, it can pay expected losses.~~

(b) Sufficient assets, net worth, and liquidity to promptly and completely meet all obligations of its members under chapter 176 or this chapter. In determining whether a group is in sound financial condition, consideration shall be given to the combined net worth of the member companies; the consolidated long-term and short-term debt to equity ratios of the member companies; any excess insurance other than reinsurance with the workers' compensation reinsurance association, purchased by the group from an insurer licensed in Minnesota or from an authorized surplus line carrier; other financial data requested by the commissioner or submitted by the group; and the combined workers' compensation experience of the group for the last four years.

Sec. 6. Minnesota Statutes 1990, section 79A.03, subdivision 9, is amended to read:

Subd. 9. [FILING REPORTS.] (a) Incurred losses, paid and unpaid, specifying indemnity and medical losses by classification, payroll by classification, and current estimated outstanding liability for workers' compensation shall be reported to the commissioner by each self-insurer on a calendar year basis, in a manner and on forms available from the commissioner. Payroll information must be filed by April 1 of the following year, and loss information and total workers' compensation liability must be filed by August 1 of the following year.

(b) Each self-insurer shall, under oath, attest to the accuracy of each report submitted pursuant to paragraph (a). Upon sufficient cause, the commissioner shall require the self-insurer to submit a certified audit of payroll and claim records conducted by an independent auditor approved by the commissioner, based on generally accepted accounting principles and generally accepted auditing standards, and supported by an actuarial review and opinion of the future contingent liabilities. The basis for sufficient cause shall include the following factors: where the losses reported appear significantly different from similar types of businesses; where major changes in the reports exist from year to year, which are not solely attributable to

economic factors; or where the commissioner has reason to believe that the losses and payroll in the report do not accurately reflect the losses and payroll of that employer. If any discrepancy is found, the commissioner shall require changes in the self-insurer's or workers' compensation service company record keeping practices.

(c) With the annual loss report due August 1, each self-insurer shall report to the commissioner any workers' compensation claim from the previous year where the full, undiscounted value is estimated to exceed $50,000, in a manner and on forms prescribed by the commissioner.

(d) Each individual self-insurer shall, within four months after the end of its fiscal year, annually file with the commissioner its latest 10K report required by the Securities and Exchange Commission. If an individual self-insurer does not prepare a 10K report, it shall file an annual certified financial statement, together with such other financial information as the commissioner may require to substantiate data in the financial statement.

(e) ~~Each group self-insurer shall, within four months after the end of the fiscal year for that group, annually file a statement showing the combined net worth of its members based upon an accounting review performed by a certified public accountant, together with such other financial information the commissioner may require to substantiate data in the group's summary statement.~~ *Each member of the group shall, within four months after the end of each fiscal year for that group, file the most recent annual financial statement, reviewed by a certified public accountant in accordance with the Statements on Standards for Accounting and Review Services, Volume 2, the American Institute of Certified Public Accountants Professional Standards, or audited in accordance with generally accepted auditing standards, together with such other financial information the commissioner may require. In addition, the group shall file, within four months after the end of each fiscal year for that group, combining financial statements of the group members, compiled by a certified public accountant in accordance with the Statements on Standards for Accounting and Review Services, Volume 2, the American Institute of Certified Public Accountants Professional Standards. The combining financial statements shall include, but not be limited to, a balance sheet, income statement, statement of changes in net worth, and statement of cash flow. Each combining financial statement shall include a column for each individual group member along with a total column.*

Where a group has 50 or more members, the group shall file, in lieu of the combining financial statements, a combined financial statement showing only the total column for the entire group's balance sheet, income statement, statement of changes in net worth, and statement of cash flow. Additionally, the group shall disclose, for each member, the total assets, net worth, revenue, and income for the most recent fiscal year. The combining and combined financial statements may omit all footnote disclosures.

(f) In addition to the financial statements required by paragraphs (d) and (e), interim financial statements or 10Q reports required by the Securities and Exchange Commission may be required by the commissioner upon an indication that there has been deterioration in the self-insurer's financial condition, including a worsening of current ratio, lessening of net worth, net loss of income, the downgrading of the company's bond rating, or any other significant change that may adversely affect the self-insurer's ability to pay expected losses. Any self-insurer that files an 8K report with the Securities and Exchange Commission shall also file a copy of the report

with the commissioner within 30 days of the filing with the Securities and Exchange Commission.

Sec. 7. Minnesota Statutes 1990, section 79A.04, subdivision 2, is amended to read:

Subd. 2. [MINIMUM DEPOSIT.] The minimum deposit is 110 percent of the private self-insurer's estimated future liability. Up to ten percent of that deposit may be used to secure payment of all administrative and legal costs relating to or arising from the employer's self-insuring. As used in this section, "private self-insurers' estimated future liability" means the private self-insurers' total of estimated future liability as determined by a member of the casualty actuarial society ~~every two years for nongroup member private self-insurers, and~~ every year for group member private self-insurers *and, for a nongroup member private self-insurer's authority to self-insure, every year for the first five years. After the first five years, the nongroup member's total shall be as determined by a member of the casualty actuarial society every two years, and each such actuarial study shall include a projection of future losses during the two-year period until the next scheduled actuarial study, less payments anticipated to be made during that time*. Estimated future liability is determined by first taking the total amount of the self-insured's future liability of workers' compensation claims and then deducting the total amount which is estimated to be returned to the self-insurer from any specific excess insurance coverage, aggregate excess insurance coverage, and any supplementary benefits or second injury benefits which are estimated to be reimbursed by the special compensation fund. Supplementary benefits or second injury benefits will not be reimbursed by the special compensation fund unless the special compensation fund assessment pursuant to section 176.129 is paid and the reports required thereunder are filed with the special compensation fund. In the case of surety bonds, bonds shall secure administrative and legal costs in addition to the liability for payment of compensation reflected on the face of the bond. In no event shall the security be less than the last retention limit selected by the self-insurer with the workers' compensation reinsurance association. The posting or depositing of security pursuant to this section shall release all previously posted or deposited security from any obligations under the posting or depositing and any surety bond so released shall be returned to the surety. Any other security shall be returned to the depositor or the person posting the bond.

Sec. 8. Minnesota Statutes 1990, section 79A.06, subdivision 5, is amended to read:

Subd. 5. [PRIVATE EMPLOYERS WHO HAVE CEASED TO BE SELF-INSURED.] Private employers who have ceased to be private self-insurers shall discharge their continuing obligations to secure the payment of compensation which is accrued during the period of self-insurance, for purposes of Laws 1988, chapter 674, sections 1 to 21, by compliance with all of the following obligations of current certificate holders:

(1) Filing reports with the commissioner to carry out the requirements of this chapter;

(2) Depositing and maintaining a security deposit for accrued liability for the payment of any compensation which may become due, pursuant to chapter 176. However, if a private employer who has ceased to be a private self-insurer purchases an insurance policy from an insurer authorized to

transact workers' compensation insurance in this state which provides coverage of all claims for compensation arising out of injuries occurring during the period the employer was self-insured, whether or not reported during that period, the policy will discharge the obligation of the employer to maintain a security deposit for the payment of the claims covered under the policy. The policy may not be issued by an insurer unless it has previously been approved as to form and substance by the commissioner; and

(3) Paying within 30 days all assessments of which notice is sent by the security fund, for a period of seven years from the last day its certificate of self-insurance was in effect. Thereafter, the private employer who has ceased to be a private self-insurer may either: (a) continue to pay within 30 days all assessments of which notice is sent by the security fund until it has no incurred liabilities for the payment of compensation arising out of injuries during the period of self-insurance; or (b) pay the security fund a cash payment equal to four percent of the net present value of all remaining incurred liabilities for the payment of compensation under sections 176.101 and 176.111 as certified by a member of the casualty actuarial society. Assessments shall be based on the benefits paid by the employer during the ~~last full~~ calendar year ~~of self-insurance on claims incurred during that year~~ *immediately preceding the calendar year in which the employer's right to self-insure is terminated or withdrawn.*

In addition to proceedings to establish liabilities and penalties otherwise provided, a failure to comply may be the subject of a proceeding before the commissioner. An appeal from the commissioner's determination may be taken pursuant to the contested case procedures of chapter 14 within 30 days of the commissioner's written determination.

Any current or past member of the self-insurers' security fund is subject to service of process on any claim arising out of chapter 176 or this chapter in the manner provided by section 303.13, subdivision 1, clause (3), or as otherwise provided by law. The issuance of a certificate to self-insure to the private self-insured employer shall be deemed to be the agreement that any process which is served in accordance with this section shall be of the same legal force and effect as if served personally within this state.

Sec. 9. [79A.071] [CUSTODIAL ACCOUNTS.]

Subdivision 1. [DEPOSIT.] *All securities shall be deposited with the state treasurer or in a custodial account with a depository institution acceptable to the state treasurer. Surety bonds shall be filed with the commissioner. The commissioner and the state treasurer may sell or collect, in the case of default of the employer or fund, the amount that yields sufficient funds to pay compensation due under the workers' compensation act.*

Subd. 2. [ASSIGNMENT.] *Securities in physical form deposited with the state treasurer must bear the following assignment, which shall be signed by an officer, partner, or owner: "Assigned to the state of Minnesota for the benefit of injured employees of the self-insured employer under the Minnesota workers' compensation act." Any securities held in a custodial account, whether in physical form, book entry, or other form, need not bear the assignment language. The instrument or contract creating and governing any custodial account must contain the following assignment language: "This account is assigned to the state treasurer by the Company to pay compensation and perform the obligations of employers imposed under Minnesota Statutes, chapter 176. A depositor or other party has no right, title, or interest in the security deposited in the account until released by the*

state."

Subd. 3. [CUSTODY.] *All securities in physical form on deposit with the state treasurer and surety bonds on deposit shall remain in the custody of the state treasurer or the commissioner for a period of time dictated by the applicable statute of limitations provided in the workers' compensation act. All original instruments and contracts creating and governing custodial accounts shall remain with the state treasurer or the commissioner for a period of time dictated by the applicable statute of limitations provided in the workers' compensation act.*

Subd. 4. [RELEASE.] *No securities in physical form on deposit with the state treasurer or custodial accounts assigned to the state shall be released without an order from the commissioner.*

Subd. 5. [EXCHANGING OR REPLACING.] *Any securities deposited with the state treasurer or with a custodial account assigned to the state treasurer or surety bonds held by the commissioner may be exchanged or replaced by the depositor with other acceptable securities or surety bonds of like amount so long as the market value of the securities or amount of the surety bond equals or exceeds the amount of deposit required. If securities are replaced by a surety bond, the self-insurer must maintain securities on deposit in an amount sufficient to meet all outstanding workers' compensation liability arising during the period covered by the deposit of the replaced securities, subject to the limitations on maximum security deposits established in Minnesota Rules.*

Sec. 10. Minnesota Statutes 1990, section 144.581, is amended by adding a subdivision to read:

Subd. 6. [WORKERS' COMPENSATION POOLS.] *Notwithstanding subdivision 2 and any other law to the contrary, public hospitals or organizations established under this section, and nursing homes, including those owned and operated by the state, a county, a municipality, or other governmental entity, may join with one another and with private hospitals or nursing homes to form and operate a group workers' compensation self-insurer pool. Any such pool which contains one or more private employers as authorized by this section must apply for and receive authority to group self-insure as a private group self-insurer under chapter 79A. All public or governmental entities who are members of that group shall be deemed to be private employers for purposes of chapter 79A.*

existing rate level that is greater than eight percent in a 12-month period, the commissioner may hold a hearing to determine if the rate is excessive. The hearing must be conducted as provided under chapter 14. The commissioner shall give notice of intent to hold a hearing within 60 days of the filing of the change. The commissioner of labor and industry may appear as an interested party at the hearing. At the hearing, the insurer has the responsibility of showing the rate is not excessive. The rate is effective unless it is determined as a result of the hearing that the rate is excessive. The disapproval of a rate under this subdivision must be done in the same manner as provided under section 70A.11.

(b) This subdivision applies only to changes resulting from an insurer's utilization of either (1) the pure premium base rate level filed by any data service organization plus the insurer's loading for expenses and profit, or (2) the insurer's own filed rate levels. This subdivision does not apply to any changes resulting from assessments for the assigned risk plan, reinsurance association, guarantee fund, special compensation fund, benefit level changes, or other rates or rating plans utilized by an insurer.

Sec. 3. Minnesota Statutes 1990, section 176.101, subdivision 1, is amended to read:

Subdivision 1. [TEMPORARY TOTAL DISABILITY.] *(a)* For injury producing temporary total disability, the compensation is 66-2/3 percent of the weekly wage at the time of injury.

~~(1) provided that~~ *(b)* During the year commencing on October 1, ~~1979~~ *1992*, and each year thereafter, ~~commencing on October 1,~~ the maximum weekly compensation payable is *105 percent of* the statewide average weekly wage for the period ending December 31~~;~~ of the preceding year.

~~(2)~~ *(c)* The minimum weekly compensation ~~benefits for temporary total disability shall be not less than 50~~ *payable is 20* percent of the statewide average weekly wage *for the period ending December 31 of the preceding year* or the injured employee's actual weekly wage, whichever is less. ~~In no case shall a weekly benefit be less than 20 percent of the statewide average weekly wage.~~

(d) Subject to subdivisions 3a to 3u this compensation shall be paid during the period of disability, payment to be made at the intervals when the wage was payable, as nearly as may be.

Sec. 4. Minnesota Statutes 1990, section 176.101, subdivision 2, is amended to read:

Subd. 2. [TEMPORARY PARTIAL DISABILITY.] *(a)* In all cases of temporary partial disability the compensation shall be 66-2/3 percent of the difference between the weekly wage of the employee at the time of injury and the wage the employee is able to earn in the employee's partially disabled condition. This compensation shall be paid during the period of disability except as provided in this section, payment to be made at the intervals when the wage was payable, as nearly as may be, and subject to ~~a~~ *the* maximum

~~compensation equal to the statewide average weekly wage~~ *rate for temporary total compensation.*

(b) Except as provided under subdivision 3k, temporary partial compensation may be paid only while the employee is employed, earning less than the employee's weekly wage at the time of the injury, and the reduced wage the employee is able to earn in the employee's partially disabled condition is due to the injury. Except as provided in section 176.102, subdivision 11, paragraph (b), temporary partial compensation may not be paid for more than 225 weeks, or after 450 weeks after the date of injury, whichever occurs first.

(c) Temporary partial compensation must be reduced to the extent that the wage the employee is able to earn in the employee's partially disabled condition plus the temporary partial disability payment otherwise payable under this subdivision exceeds 500 percent of the statewide average weekly wage.

Sec. 5. Minnesota Statutes 1990, section 176.101, subdivision 5, is amended to read:

Subd. 5. [~~TOTAL DISABILITY~~ *DEFINITION.*] *(a) For purposes of subdivision 4, permanent total disability means only:*

(1) the total and permanent loss of the sight of both eyes, the loss of both arms at the shoulder, the loss of both legs so close to the hips that no effective artificial members can be used, complete and permanent paralysis, total and permanent loss of mental faculties~~.~~; or

(2) any other injury which totally *and permanently* incapacitates the employee from working at an occupation which brings the employee an income ~~constitutes total disability~~.

(b) For purposes of paragraph (a), clause (2), "totally and permanently incapacitated" means that the employee's physical disability, in combination with the employee's age, education, training, and experience, causes the employee to be unable to secure anything more than sporadic employment resulting in an insubstantial income.

(c) The labor market for making the determination under paragraph (a), clause (2), is the statewide labor market if the employer offers to pay the reasonable moving expenses of the employee to move to new employment located at a distance greater than 30 miles from the employee's current residence and if a retraining assessment by a qualified rehabilitation consultant has been conducted and finds the employee not retrainable for available employment in the local labor market. "Reasonable moving expenses" include, without limitation, the realtor's commission charged the employee for selling the employee's principal residence from which the employee moves. This paragraph does not apply to employees 60 years of age or older at the time of injury.

Sec. 6. Minnesota Statutes 1990, section 176.101, is amended by adding a subdivision to read:

Subd. 5a. [MOVED EMPLOYEE BENEFIT.] *An employee who is eligible for moving expenses under subdivision 5, paragraph (c), and who moves and starts a new job is eligible for the benefit provided by this subdivision. If an employee loses the job the employee moved to take at any time within 18 months of moving, the employee shall be paid a weekly benefit equal to the weekly temporary total benefit the employee last received prior to the*

move. No benefit is payable under this subdivision for any week commencing 18 months or more after the move. The benefit under this subdivision is not payable if the employee lost the job for reasons that would disqualify an individual from unemployment benefits in this state.

Sec. 7. Minnesota Statutes 1990, section 176.101, subdivision 6, is amended to read:

Subd. 6. [MINORS; *APPRENTICES.*] *(a)* If any employee entitled to the benefits of this chapter is ~~a minor or is~~ an apprentice of any age and sustains a personal injury arising out of and in the course of employment resulting in permanent total or a compensable permanent partial disability, for the purpose of computing the compensation to which the employee is entitled for the injury, the compensation rate for temporary total, temporary partial, a permanent total disability or economic recovery compensation shall be the ~~statewide average weekly wage~~ *maximum rate for temporary total disability under subdivision 1.*

(b) If any employee entitled to the benefits of this chapter is a minor and sustains a personal injury arising out of and in the course of employment resulting in permanent total disability, for the purpose of computing the compensation to which the employee is entitled for the injury, the compensation rate for a permanent total disability shall be the maximum rate for temporary total disability under subdivision 1.

Sec. 8. Minnesota Statutes 1990, section 176.101, subdivision 8, is amended to read:

Subd. 8. [RETIREMENT ~~PRESUMPTION~~.] *Temporary total disability payments shall cease at retirement. "Retirement" means that a preponderance of the evidence supports a conclusion that an employee has retired. The subjective statement of an employee that the employee is not retired is not sufficient in itself to rebut objective evidence of retirement but may be considered along with other evidence.*

For injuries occurring after the effective date of this subdivision an employee who receives social security old age and survivors insurance retirement benefits is presumed retired from the labor market. This presumption is rebuttable by a preponderance of the evidence.

Sec. 9. Minnesota Statutes 1990, section 176.102, subdivision 11, is amended to read:

Subd. 11. [RETRAINING; *COMPENSATION.*] *(a)* Retraining is limited to 156 weeks. An employee who has been approved for retraining may petition the commissioner *or compensation judge* for additional compensation not to exceed 25 percent of the compensation otherwise payable. If the commissioner *or compensation judge* determines that this additional compensation is warranted due to unusual or unique circumstances of the employee's retraining plan, the commissioner may award additional compensation in an amount ~~the commissioner determines is appropriate,~~ not to exceed the employee's request. This additional compensation shall cease at any time the commissioner *or compensation judge* determines the special circumstances are no longer present.

(b) If the employee is not employed during a retraining plan that has been specifically approved under this section, temporary total compensation is payable for up to 90 days after the end of the retraining plan; except that, payment during the 90-day period is subject to cessation in accordance

with section 176.101. If the employee is employed during the retraining plan but earning less than at the time of injury, temporary partial compensation is payable at the rate of 66-2/3 percent of the difference between the employee's weekly wage at the time of injury and the weekly wage the employee is able to earn in the employee's partially disabled condition, subject to the maximum rate for temporary total compensation. Temporary partial compensation is not subject to the 225-week or 450-week limitations provided by section 176.101, subdivision 2, during the retraining plan, but is subject to those limitations before and after the plan.

Sec. 10. Minnesota Statutes 1990, section 176.111, subdivision 18, is amended to read:

Subd. 18. [BURIAL EXPENSE.] In all cases where death results to an employee from a personal injury arising out of and in the course of employment, the employer shall pay the expense of burial, not exceeding in amount ~~$2,500~~ *$7,500*. In case any dispute arises as to the reasonable value of the services rendered in connection with the burial, its reasonable value shall be determined and approved by the commissioner, a compensation judge, or workers' compensation court of appeals, in cases upon appeal, before payment, after reasonable notice to interested parties as is required by the commissioner. If the deceased leaves no dependents, no compensation is payable, except as provided by this chapter.

Sec. 11. Minnesota Statutes 1990, section 176.132, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBLE RECIPIENTS.] (a) An employee who has suffered personal injury prior to October 1, 1983 for which benefits are payable under section 176.101 and who has been totally disabled for more than 104 weeks shall be eligible for supplementary benefits as prescribed in this section after 104 weeks have elapsed and for the remainder of the total disablement. Regardless of the number of weeks of total disability, no totally disabled person *who has suffered personal injury prior to October 1, 1983*, is ineligible for supplementary benefits after four years have elapsed since the first date of the total disability, ~~except as provided by clause (b),~~ provided that all periods of disability are caused by the same injury.

(b) An employee who has suffered personal injury after October 1, 1983, *and before October 1, 1992*, is eligible to receive supplementary benefits after the employee has been receiving temporary total or permanent total benefits for 208 weeks. Regardless of the number of weeks of total disability, no person *who has suffered personal injury on or after October 1, 1983, and before October 1, 1992*, who is receiving temporary total compensation shall be ineligible for supplementary benefits after four years have elapsed since the first date of the total disability, provided that all periods of disability are caused by the same injury.

(c) An employee who has suffered a personal injury on or after October 1, 1992, and is permanently totally disabled as defined in section 176.101, subdivisions 4 and 5, is eligible to receive supplementary benefits after the employee has been receiving temporary total or permanent total benefits for 208 weeks. Regardless of the number of weeks of total disability, no person who is receiving permanent total compensation shall be ineligible for supplementary benefits after four years have elapsed since the first date of the total disability, provided that all periods of disability are caused by the same injury.

Sec. 12. Minnesota Statutes 1990, section 176.179, is amended to read:

176.179 [~~PAYMENTS OF COMPENSATION RECEIVED IN GOOD FAITH~~ *RECOVERY OF OVERPAYMENTS.*]

Notwithstanding section 176.521, subdivision 3, or any other provision of this chapter to the contrary, except as provided in this section, no lump sum or weekly payment, or settlement, which is voluntarily paid to an injured employee or the survivors of a deceased employee in apparent or seeming accordance with the provisions of this chapter by an employer or insurer, or is paid pursuant to an order of the workers' compensation division, a compensation judge, or court of appeals relative to a claim by an injured employee or the employee's survivors, and received in good faith by the employee or the employee's survivors shall be refunded to the paying employer or insurer in the event that it is subsequently determined that the payment was made under a mistake in fact or law by the employer or insurer. When the payments have been made to a person who is entitled to receive further payments of compensation for the same injury, the mistaken compensation may be taken as a full credit against future lump sum benefit entitlement and as a partial credit against future weekly benefits. The credit applied against further payments of temporary total disability, temporary partial disability, permanent total disability, retraining benefits, death benefits, or weekly payments of economic recovery or impairment compensation shall not exceed 20 percent of the amount that would otherwise be payable.

A credit may not be applied against medical expenses due or payable.

Where the commissioner or compensation judge determines that the mistaken compensation was not received in good faith, the commissioner or compensation judge may order reimbursement of the compensation. For purposes of this section, a payment is not received in good faith if it is obtained through fraud, or if the employee knew that the compensation was paid under mistake of fact or law, and the employee has not refunded the mistaken compensation.

Sec. 13. Minnesota Statutes 1990, section 176.645, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] For injuries occurring after October 1, 1975 for which benefits are payable under section 176.101, subdivisions 1, 2 and 4, and section 176.111, subdivision 5, the total benefits due the employee or any dependents shall be adjusted in accordance with this section. On October 1, 1981, and thereafter on the anniversary of the date of the employee's injury the total benefits due shall be adjusted by multiplying the total benefits due prior to each adjustment by a fraction, the denominator of which is the statewide average weekly wage for December 31, of the year two years previous to the adjustment and the numerator of which is the statewide average weekly wage for December 31, of the year previous to the adjustment. For injuries occurring after October 1, 1975, all adjustments provided for in this section shall be included in computing any benefit due under this section. Any limitations of amounts due for daily or weekly compensation under this chapter shall not apply to adjustments made under this section. No adjustment increase made on *or after* October 1, 1977 ~~or thereafter~~, *but prior to October 1, 1992*, under this section shall exceed six percent a year~~.~~*;* in those instances where the adjustment under the formula of this section would exceed this maximum, the increase shall be deemed to be six percent. *No adjustment increase made on or after October 1, 1992, under this section shall exceed four percent a year; in those instances where*

the adjustment under the formula of this section would exceed this maximum, the increase shall be deemed to be four percent.

Sec. 14. Minnesota Statutes 1990, section 176.645, subdivision 2, is amended to read:

Subd. 2. [TIME OF FIRST ADJUSTMENT.] For injuries occurring on or after October 1, 1981, the initial adjustment made pursuant to subdivision 1 ~~shall be~~ *is* deferred until the first anniversary of the date of the injury. *For injuries occurring on or after October 1, 1992, the initial adjustment under subdivision 1 is deferred until the second anniversary of the date of the injury.*

Sec. 15. [EFFECTIVE DATE.]

Section 2 is effective January 1, 1993. The rest of the article is effective October 1, 1992.

ARTICLE 2

LEGAL AND JUDICIAL

Section 1. Minnesota Statutes 1990, section 176.081, subdivision 1, is amended to read:

Subdivision 1. [APPROVAL.] (a) A fee for legal services of 25 percent of the first $4,000 of compensation awarded to the employee and 20 percent of the next ~~$27,500~~ *$60,000* of compensation awarded to the employee is permissible and does not require approval by the commissioner, compensation judge, or any other party except as provided in ~~clause (b).~~ *paragraph (d). All fees must be calculated according to the formula under this subdivision, or earned in hourly fees for representation at discontinuance conferences under section 176.239, or earned in hourly fees for representation on rehabilitation or medical issues under section 176.102, 176.135, or 176.136. Attorney fees for recovery of medical or rehabilitation benefits or services shall be assessed against the employer or insurer if these fees exceed the contingent fee under this section in connection with benefits currently in dispute. The amount of the fee that the employer or insurer is liable for is the amount determined under subdivision 5, minus the contingent fee.*

(b) All fees for legal services related to the same injury are cumulative and may not exceed $13,000, except as provided by subdivision 2. If multiple injuries are the subject of a dispute, the commissioner, compensation judge, or court of appeals shall specify the attorney fee attributable to each injury.

(c) If the employer or the insurer or the defendant is given written notice of claims for legal services or disbursements, the claim shall be a lien against the amount paid or payable as compensation. In no case shall fees be calculated on the basis of any undisputed portion of compensation awards. Allowable fees under this chapter shall be based solely upon genuinely disputed *claims or* portions of claims, including disputes related to the payment of rehabilitation benefits or to other aspects of a rehabilitation plan. Fees for administrative conferences under section 176.239 shall be determined on an hourly basis, according to the criteria in subdivision 5.

~~(b)~~ *(d)* An attorney who is claiming legal fees ~~under this section~~ *for representing an employee in a workers' compensation matter* shall file a statement of ~~attorney's~~ *attorney* fees with the commissioner, compensation judge before whom the matter was heard, or workers' compensation court of appeals on cases before the court. A copy of the signed retainer agreement

shall also be filed. The employee and insurer shall receive a copy of the statement. The statement shall be on a form prescribed by the commissioner, *shall report the number of hours spent on the case,* and shall clearly and conspicuously state that the employee or insurer has ten calendar days to object to the attorney fees requested. If no objection is timely made by the employee or insurer, the amount requested shall be conclusively presumed reasonable providing the amount does not exceed the limitation in subdivision 1. The commissioner, compensation judge, or court of appeals shall issue an order granting the fees and the amount requested shall be awarded to the party requesting the fee.

If a timely objection is filed, or the fee is determined on an hourly basis, the commissioner, compensation judge, or court of appeals shall review the matter and make a determination based on the criteria in subdivision 5.

If no timely objection is made by an employer or insurer, reimbursement under subdivision 7 shall be made if the statement of fees requested this reimbursement.

(e) Employers and insurers may not pay attorney fees or wages for legal services of more than $13,000 per case unless the additional fees or wages are approved under subdivision 2.

(f) Each insurer and self-insured employer shall file annual statements with the commissioner detailing the total amount of legal fees and other legal costs incurred by the insurer or employer during the year. The statement shall include the amount paid for outside and in-house counsel, deposition and other witness fees, and all other costs relating to litigation.

Sec. 2. Minnesota Statutes 1990, section 176.081, subdivision 2, is amended to read:

Subd. 2. An application for attorney fees in excess of the amount authorized in subdivision 1 shall be made to the commissioner, compensation judge, or district judge, before whom the matter was heard. An appeal of a decision by the commissioner, a compensation judge, or district court judge on additional fees may be made to the workers' compensation court of appeals. The application shall set forth the fee requested ~~and~~, *the number of hours spent on the case,* the basis for the request, and whether or not a hearing is requested. The application, with affidavit of service upon the employee, shall be filed by the attorney requesting the fee. If a hearing is requested by an interested party, a hearing shall be set with notice of the hearing served upon known interested parties. In all cases the employee shall be served with notice of hearing.

Sec. 3. Minnesota Statutes 1990, section 176.081, subdivision 3, is amended to read:

Subd. 3. [REVIEW.] ~~An employee who~~ *A party that* is dissatisfied with *its* attorney fees~~,~~ may file an application for review by the workers' compensation court of appeals. ~~Such~~ *The* application shall state the basis for the need of review and whether or not a hearing is requested. Subdivision 1. [SCHEDULE; RULES.] *(a)* The commissioner of labor and industry shall by rule establish a schedule of degrees of disability resulting from different kinds of injuries. *Disability ratings under the schedule for permanent partial disability must be based on objective medical evidence. The commissioner, in consultation with the medical services review board, shall periodically review the rules adopted under this paragraph to determine whether any injuries omitted from the schedule should be included and amend the rules accordingly.*

(b) No permanent partial disability compensation shall be payable except in accordance with the disability ratings established under this subdivision, except as provided in paragraph (c). The schedule may provide that minor impairments receive a zero rating.

(c) If an injury for which there is objective medical evidence is not rated by the permanent partial disability schedule, the unrated injury must be assigned and compensated for at the rating for the most similar condition that is rated.

Sec. 5. [176.1311] [SECOND INJURY FUND DATA.]

No person shall, directly or indirectly, provide the names of persons who have registered a preexisting physical impairment under section 176.131 to an employer with the intent of assisting the employer to discriminate against those persons who have so registered with respect to hiring or other terms and conditions of employment.

A violation of this section is a gross misdemeanor.

Sec. 6. [176.178] [FRAUD.]

Any person who, with intent to defraud, receives workers' compensation benefits to which the person is not entitled by knowingly misrepresenting, misstating, or failing to disclose any material fact is guilty of theft and shall be sentenced pursuant to section 609.52, subdivision 3.

Sec. 7. [176.2615] [SMALL CLAIMS COURT.]

Subdivision 1. [PURPOSE.] *There is established in the department of labor and industry a small claims court, to be presided over by settlement judges for the purpose of settling small claims.*

Subd. 2. [ELIGIBILITY.] *The claim is eligible for determination in the small claims court if all parties agree to submit to its jurisdiction; and*

(1) the claim is for rehabilitation benefits only under section 176.102 or medical benefits only under section 176.135; or

(2) the claim in its total amount does not equal more than $5,000; or

(3) where the claim is for apportionment or for contribution or reimbursement, no counterclaim in excess of $5,000 is asserted.

Subd. 3. [TESTIMONY; EXHIBITS.] *At the hearing a settlement judge shall hear the testimony of the parties and consider any exhibits offered by them and may also hear any witnesses introduced by either party.*

Subd. 4. [APPEARANCE OF PARTIES.] *A party may appear on the*

party's own behalf without an attorney, or may retain and be represented by a duly admitted attorney who may participate in the hearing to the extent and in the manner that the settlement judge considers helpful. Attorney fees awarded under this subdivision are included in the overall limit allowed under section 176.081, subdivision 1.

Subd. 5. [EVIDENCE ADMISSIBLE.] *At the hearing the settlement judge shall receive evidence admissible under the rules of evidence. In addition, in the interest of justice and summary determination of issues before the court, the settlement judge may receive, in the judge's discretion, evidence not otherwise admissible. The settlement judge, on the judge's own motion, may receive into evidence any documents which have been filed with the department.*

Subd. 6. [SETTLEMENT.] *A settlement judge may attempt to conciliate the parties. If the parties agree on a settlement, the judge shall issue an order in accordance with that settlement.*

Subd. 7. [DETERMINATION.] *If the parties do not agree to a settlement, the settlement judge shall summarily hear and determine the issues and issue an order in accordance with section 176.305, subdivision 1a. There is no appeal from the order. Any determination by a settlement judge may not be considered as evidence in any other proceeding and the issues decided are not res judicata in any other proceeding.*

Subd. 8. [COSTS.] *The prevailing party is entitled to costs and disbursements as in any other workers' compensation case.*

Sec. 8. [176.307] [COMPENSATION JUDGES; BLOCK SYSTEM.]

The chief administrative law judge must assign workers' compensation cases to compensation judges using a block system type of assignment that, among other things, ensures that a case will remain with the same judge from commencement to conclusion unless the judge is removed from the case by exercise of a legal right of a party or by incapacity. The block system must be the principal means of assigning cases, but it may be supplemented by other systems of case assignment to ensure that cases are timely decided.

Sec. 9. [176.325] [CERTIFIED QUESTION.]

Subdivision 1. [WHEN CERTIFIED.] *The chief administrative law judge or commissioner may certify a question of workers' compensation law to the supreme court as important and doubtful under the following circumstances:*

(2) the issue to be resolved is a question of workers' compensation law that has not been resolved by the Minnesota supreme court.

Subd. 2. [EXPEDITED DECISION.] *It is the legislature's intent that the Minnesota supreme court resolve the certified question as expeditiously as possible, after compliance by the parties with any requirements of the Minnesota supreme court regarding submission of legal memoranda, oral argument, or other matters, and after the participation of amicus curiae, should the workers' compensation court of appeals or Minnesota supreme court consider such participation advisable.*

Subd. 3. [NOTICE.] *The commissioner or chief administrative law judge shall notify all persons who request to be notified of a certification under this section.*

Sec. 10. Minnesota Statutes 1990, section 176.421, subdivision 1, is amended to read:

(2) the compensation judge committed an error of law; or

(3) the findings of fact and order were *clearly erroneous and* unsupported by substantial evidence in view of the entire record as submitted; or

(4) the findings of fact and order were procured by fraud, or coercion, or other improper conduct of a party in interest.

Sec. 11. Minnesota Statutes 1990, section 176.461, is amended to read:

176.461 [SETTING ASIDE AWARD.]

Except when a writ of certiorari has been issued by the supreme court and the matter is still pending in that court or if as a matter of law the determination of the supreme court cannot be subsequently modified, the workers' compensation court of appeals, for cause, at any time after an award, upon application of either party and not less than five working days after written notice to all interested parties, may set the award aside and grant a new hearing and refer the matter for a determination on its merits to the chief administrative law judge for assignment to a compensation judge, who shall make findings of fact, conclusions of law, and an order of award or disallowance of compensation or other order based on the pleadings and the evidence produced and as required by the provisions of this chapter or rules adopted under it.

ARTICLE 3

ADMINISTRATIVE, SAFETY, INSURANCE

Section 1. [79.081] [MANDATORY DEDUCTIBLES.]

Subdivision 1. [PREMIUM REDUCTION.] *Each insurer, including the assigned risk plan, issuing a policy of insurance, must make available to an employer, upon request, the option to agree to pay an amount per claim selected by the employer and specified in the policy toward the total of any claim payable under chapter 176. The amount of premium to be paid by an employer who selects a policy with a deductible shall be reduced based upon a rating schedule or rating plan filed with and approved by the commissioner of commerce. Administration of claims shall remain with the insurer as provided in the terms and conditions of the policy. Each insurer shall notify its agents authorized to write workers' compensation insurance about the availability and terms and conditions of deductibles required by this section, using a brochure in a format approved by the commissioner.*

Subd. 2. [PROCEDURE FOR PAYING DEDUCTIBLE.] *If an insured employer chooses a deductible, the insured employer is liable for the amount of the deductible. The insurer shall administer the claim as provided in the terms and conditions of the insurance policy and seek reimbursement from the insured employer for the deductible. The payment or nonpayment of deductible amounts by the insured employer to the insurer shall be treated under the policy insuring the liability for workers' compensation in the same manner as payment or nonpayment of premiums.*

Subd. 3. [CREDIT RISK; EXCEPTION.] *An insurer is not required to offer a deductible to an employer if, as a result of a credit investigation, the insurer determines that the employer is not sufficiently financially stable to be responsible for the payment of deductible amounts.*

Subd. 4. [REPORTING REQUIREMENT.] *The existence of an insurance contract with a deductible or the fact of payment as a result of a deductible does not affect the requirement of an employer to report an injury or death to an insurer or the commissioner of labor and industry.*

Subd. 5. [NO EMPLOYEE LIABILITY.] *Nothing in this section alters the obligation of the employer to provide the benefits required by this chapter. An employee is not responsible to pay all or a part of the deductible chosen by an employer.*

Sec. 2. [79.085] [SAFETY PROGRAMS.]

All insurers writing workers' compensation insurance in this state shall provide safety consultation services to each of their policyholders requesting the services in writing. Insurers shall notify each policyholder of the availability of those services and the telephone number and address where such services can be requested. The notification may be delivered with the policy of workers' compensation insurance.

Sec. 3. [79.096] [ACCESS TO RATE MAKING DATA.]

The rating association must make available for inspection on request of any person any data it possesses related to the calculation of indicated pure premium rates.

Sec. 4. Minnesota Statutes 1990, section 79.251, is amended by adding a subdivision to read:

Subd. 4a. [MEDICAL COST CONTAINMENT.] *The assigned risk plan must consider utilizing managed care plans certified under section 176.1351 with respect to its covered employees. In addition, the assigned risk plan must implement a medical cost containment program. The program must, at a minimum, include:*

(1) billings review to determine if claims are compensable under chapter 176;

(2) utilization of cost management specialists familiar with billing practice guidelines;

(3) review of treatment to determine if it is reasonable and necessary and has a reasonable chance to cure and relieve the employee's injury;

(4) a system to reduce billed charges to the maximum permitted by law or rule;

(5) review of medical care utilization; and

(6) reporting of health care providers suspected of providing unnecessary, inappropriate, or excessive services to the commissioner of labor and industry.

Sec. 5. Minnesota Statutes 1990, section 79.251, is amended by adding a subdivision to read:

Subd. 4b. [GROUPS.] *The assigned risk plan must create a program that attempts to group employers in the same or similar risk classification for purposes of group premium underwriting and claims management. The assigned risk plan must engage in extensive safety consultation with group members to reduce the extent and severity of injuries of group members. The consultation should include on-site inspections and specific recommendations as to safety improvements.*

Sec. 6. Minnesota Statutes 1990, section 79.252, subdivision 1, is amended to read:

Subdivision 1. [PURPOSE.] The purpose of the assigned risk plan is to provide workers' compensation coverage to employers rejected by a *two nonaffiliated* licensed insurance ~~company~~ *companies*, pursuant to subdivision 2. *Each rejection must be in writing and must be obtained within 60 days before the date of application to the assigned risk plan. In addition, the rejections must also show the name of the insurance company and the*

representative contacted.

Sec. 7. Minnesota Statutes 1990, section 79.252, subdivision 3, is amended to read:

Subd. 3. [COVERAGE.] *(a)* Policies and contracts of coverage issued pursuant to section 79.251, subdivision 4, shall contain the usual and customary provisions of workers' compensation insurance policies, and shall be deemed to meet the mandatory workers' compensation insurance requirements of section 176.181, subdivision 2.

(b) Policies issued by the assigned risk plan pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The assigned risk plan review board may apply for and obtain any licensure required in any other state to issue that coverage.

Sec. 8. [79.253] [ASSIGNED RISK SAFETY ACCOUNT.]

Subdivision 1. [CREATION OF ACCOUNT.] *There is created the assigned risk safety account as a separate account in the special compensation fund in the state treasury. Income earned by funds in the account must be credited to the account. Principal and income of the account are annually appropriated to the commissioner of labor and industry and must be used for grants and loans under this section.*

Subd. 2. [USE OF FUNDS; SAFETY ASSESSMENTS.] *The assigned risk plan shall, through persons under contract with the plan, perform on-site surveys of employers insured by the assigned risk plan and recommend practices and equipment to employers designed to reduce the risk of injury to employees. The recommendations may include that the employer form a joint labor-management safety committee. The plan shall generally survey employers in the following priority:*

(1) employers with poor safety records for their industry based on their premium modification factor or other factors;

(2) employers whose workers' compensation premium classification assigned to the greatest portion of the payroll for the employer has a premium rate in the top 25 percent of premium rates for all classes; and

(3) all other employers.

Subd. 3. [INCENTIVES AND PENALTIES.] *The assigned risk plan shall develop a premium rating system subject to approval by the commissioner of commerce that provides a reduction in premium rates for employers that follow safety recommendations made under this section and an increase in rates for employers that do not. The system must be sensitive to the economic ability of an employer to implement particular recommendations.*

Subd. 4. [GRANTS AND LOANS.] *The commissioner of labor and industry may make grants or loans to employers for the cost of implementing safety recommendations made under this section.*

Subd. 5. [RULES.] *The commissioner of labor and industry may adopt rules necessary to implement this section.*

Sec. 9. [79.255] [WORKERS' COMPENSATION INSURANCE; LESSORS OF EMPLOYEES.]

Subdivision 1. [REGISTRATION REQUIRED.] *A corporation, partnership, sole proprietorship, or other business entity which provides staff, personnel, or employees to be employed in this state to other businesses pursuant to a lease arrangement or agreement shall, before becoming eligible to be issued a policy of workers' compensation insurance or becoming eligible to secure coverage on a multiple coordinated policies basis, register with the commissioner of commerce. The registration shall:*

The list shall include the policy or certificate number, name of insurer or other provider of coverage, date of cancellation, and reason for cancellation. If coverage has not been canceled or nonrenewed, the registration shall include a sworn affidavit signed by the chief executive officer of the lessor attesting to that fact.

Subd. 2. [INELIGIBILITY TO REGISTER.] *Any lessor of employees whose workers' compensation insurance has been terminated within the past five years in any jurisdiction due to a determination that an employee leasing arrangement was being utilized to avoid premium otherwise payable by lessees shall be ineligible to register with the commissioner or to remain registered, if previously registered.*

Subd. 3. [NOTICE OF CHANGE.] *Persons filing registration statements pursuant to this section shall notify the commissioner as to any changes in any information required to be provided under this section.*

Subd. 4. [LIST MAINTAINED.] *The commissioner shall maintain a list of those lessors of employees who are registered with the commissioner.*

Subd. 5. [FORMS OF REGISTRATION.] *The commissioner may prescribe forms necessary to promote the efficient administration of this section.*

Subd. 6. [ADVERTISING PROHIBITION.] *No organization registered under this section shall directly or indirectly reference that registration in any advertisements, marketing material, or publications.*

Subd. 7. [CRIMINAL PENALTIES.] *Any corporation, partnership, sole proprietorship, or other form of business entity and any officer, director, general partner, agent, representative, or employee of theirs who knowingly utilizes or participates in any employee leasing agreement, arrangement, or mechanism for the purpose of depriving one or more insurers of premium otherwise properly payable is guilty of a misdemeanor.*

Subd. 8. [APPLICATION OF SECTION.] *Any lessor of employees that was doing business in this state prior to enactment of this section shall register with the commissioner within 30 days of the effective date of this section.*

Sec. 10. Minnesota Statutes 1990, section 175.007, is amended to read:

[PENALTY.] At a conference, if the insurer does not provide a specific reason for nonpayment of the items in dispute, the commissioner may assess a penalty of $300 payable to the ~~special compensation fund~~ *assigned risk safety account*, unless it is determined that the reason for the lack of specificity was the failure of the insurer, upon timely request, to receive information necessary to remedy the lack of specificity. This penalty is in addition to any penalty that may be applicable for nonpayment.

Sec. 12. Minnesota Statutes 1990, section 176.129, subdivision 10, is amended to read:

Subd. 10. [PENALTY.] Sums paid to the commissioner pursuant to this section shall be in the manner prescribed by the commissioner. Sec. 15. Minnesota Statutes 1990, section 176.138, is amended to read:

176.138 [MEDICAL DATA; ACCESS.]

(a) Notwithstanding any other state laws related to the privacy of medical data or any private agreements to the contrary, the release in writing, by telephone discussion, or otherwise of medical data related to a current claim for compensation under this chapter to the employee, employer, or insurer who are parties to the claim, or to the department of labor and industry, shall not require prior approval of any party to the claim. This section does not preclude the release of medical data under section 175.10 or 176.231, subdivision 9. Requests for pertinent data shall be made, and the date of discussions with medical providers about medical data shall be confirmed, in writing to the person or organization that collected or currently possesses the data. Written medical data that exists at the time the request is made

shall be provided by the collector or possessor within seven working days of receiving the request. Nonwritten medical data may be provided, but is not required to be provided, by the collector or possessor. In all cases of a request for the data or discussion with a medical provider about the data, except when it is the employee who is making the request, the employee shall be sent written notification of the request by the party requesting the data at the same time the request is made or a written confirmation of the discussion. This data shall be treated as private data by the party who requests or receives the data and the party receiving the data shall provide the employee or the employee's attorney with a copy of all data requested by the requester.

(b) Medical data which is not directly related to a current injury or disability shall not be released without prior authorization of the employee.

(c) The commissioner may impose a penalty of up to $200 payable to the ~~special compensation fund~~ *assigned risk safety account* against a party who does not timely release data as required in this section. A party who does not treat this data as private pursuant to this section is guilty of a misdemeanor. This paragraph applies only to written medical data which exists at the time the request is made.

(d) Workers' compensation insurers and self-insured employers may, for the sole purpose of identifying duplicate billings submitted to more than one insurer, disclose to health insurers, including all insurers writing insurance described in section 60A.06, subdivision 1, clause (5)(a), nonprofit health service plan corporations subject to chapter 62C, health maintenance organizations subject to chapter 62D, and joint self-insurance employee health plans subject to chapter 62H, computerized information about dates, coded items, and charges for medical treatment of employees and other medical billing information submitted to them by an employee, employer, health care provider, or other insurer in connection with a current claim for compensation under this chapter, without prior approval of any party to the claim. The data may not be used by the health insurer for any other purpose whatsoever and must be destroyed after verification that there has been no duplicative billing. Any person who is the subject of the data which is used in a manner not allowed by this section has a cause of action for actual damages and punitive damages for a minimum of $5,000.

Sec. 16. Minnesota Statutes 1990, section 176.139, subdivision 2, is amended to read:

Subd. 2. [FAILURE TO POST; PENALTY.] The commissioner may assess a penalty of $300 against the employer payable to the ~~special compensation fund~~ *assigned risk safety account* if, after notice from the commissioner, the employer violates the posting requirement of this section.

Sec. 17. Minnesota Statutes 1990, section 176.181, subdivision 3, is amended to read:

Subd. 3. [FAILURE TO INSURE, PENALTY.] ~~Any employer who fails to comply with the provisions of subdivision 2 to secure payment of compensation is liable to the state of Minnesota for a penalty of $750, if the number of uninsured employees is less than five and for a penalty of $1,500 if the number of such uninsured employees is five or more. If the commissioner determines that the failure to comply with the provisions of subdivision 2 was willful and deliberate, the employer shall be liable to the state of Minnesota for a penalty of $2,500, if the number of uninsured employees is less than~~

~~five. and for a penalty of $5,000 if the number of uninsured employees is five or more. If the employer continues noncompliance, the employer is liable for five times the lawful premium for compensation insurance for such employer for the period the employer fails to comply with such provisions, commencing ten days after notice has been served upon the employer by the commissioner of the department of labor and industry by certified mail. These penalties may be recovered jointly or separately in a civil action brought in the name of the state by the attorney general in any court having jurisdiction. Whenever any such failure occurs the commissioner of the department of labor and industry shall immediately certify that fact to the attorney general. Upon receipt of such certification the attorney general shall forthwith commence and prosecute the action. All penalties recovered by the state in any such action shall be paid into the state treasury and credited to the special compensation fund. If an employer fails to comply with the provisions of subdivision 2, to secure payment of compensation after having been notified of the employer's duty, the attorney general, upon request of the commissioner, may proceed against the employer in any court having jurisdiction for an order restraining the employer from having any person in employment at any time when the employer is not complying with the provisions of subdivision 2 or for an order compelling the employer to comply with subdivision 2.~~ *(a) If the commissioner has reason to believe that an employer is in violation of subdivision 2, he may issue an order directing the employer to comply with subdivision 2, to refrain from employing any person at any time without complying with subdivision 2, and to pay a penalty of up to $1,000 per employee per week during which the employer was not in compliance.*

(b) An employer shall have ten working days to contest such an order by filing a written objection with the commissioner, stating in detail its reasons for objecting. If the commissioner does not receive an objection within ten working days, the commissioner's order shall constitute a final order not subject to further review, and violation of that order shall be enforceable by way of civil contempt proceedings in district court. If the commissioner does receive a timely objection, the commissioner shall refer the matter to the office of administrative hearings for an expedited hearing before a compensation judge. The compensation judge shall issue a decision either affirming, reversing, or modifying the commissioner's order within ten days of the close of the hearing. If the compensation judge affirms the commissioner's order, the compensation judge may order the employer to pay an additional penalty if the employer continued to employ persons without complying with subdivision 2 while the proceedings were pending.

(c) All penalties assessed under this subdivision shall be paid into the state treasury and credited to the assigned risk safety account. Penalties assessed under this section shall constitute a lien for government services pursuant to section 514.67, on all the employer's property and shall be subject to the revenue recapture act in chapter 270A.

(d) For purposes of this subdivision, the term "employer" includes any owners or officers of a corporation who direct and control the activities of employees.

Sec. 18. Minnesota Statutes 1990, section 176.181, is amended by adding a subdivision to read:

Subd. 8. [DATA SHARING.] *(a) The departments of labor and industry, jobs and training, and revenue are authorized to share information regarding the employment status of individuals, including but not limited to payroll*

and withholding and income tax information, and may use that information for purposes consistent with this section.

(b) The commissioner is authorized to inspect and to order the production of all payroll and other business records and documents of any alleged employer in order to determine the employment status of persons and compliance with this section. If any person or employer refuses to comply with such an order, the commissioner may apply to the district court of the county where the person or employer is located for an order compelling production of the documents.

Sec. 19. Minnesota Statutes 1990, section 176.182, is amended to read:

176.182 [BUSINESS LICENSES OR PERMITS; COVERAGE REQUIRED.]

Every state or local licensing agency shall withhold the issuance or renewal of a license or permit to operate a business in Minnesota until the applicant presents acceptable evidence of compliance with the workers' compensation insurance coverage requirement of section 176.181, subdivision 2, by providing the name of the insurance company, the policy number, and dates of coverage or the permit to self-insure. The commissioner shall assess a penalty to the employer of $1,000 payable to the ~~special compensation fund~~ *assigned risk safety account*, if the information is not reported or is falsely reported.

Neither the state nor any governmental subdivision of the state shall enter into any contract for the doing of any public work before receiving from all other contracting parties acceptable evidence of compliance with the workers' compensation insurance coverage requirement of section 176.181, subdivision 2.

This section shall not be construed to create any liability on the part of the state or any governmental subdivision to pay workers' compensation benefits or to indemnify the special compensation fund, an employer, or insurer who pays workers' compensation benefits.

Sec. 20. Minnesota Statutes 1990, section 176.183, is amended to read:

176.183 [UNINSURED AND SELF-INSURED EMPLOYERS; BENEFITS TO EMPLOYEES AND DEPENDENTS; LIABILITY OF EMPLOYER.]

Subdivision 1. When any employee sustains an injury arising out of and in the course of employment while in the employ of an employer, other than the state or its political subdivisions, not insured or self-insured as provided for in this chapter, the employee or the employee's dependents shall nevertheless receive benefits as provided for in this chapter from the special compensation fund~~, and the commissioner has a cause of action against the employer for reimbursement for all moneys paid out or to be paid out, and, in the discretion of the court, as punitive damages an additional amount not exceeding 50 percent of all moneys paid out or to be paid out~~. As used in ~~this subdivision~~ *subdivision 1 or 2*, "employer" includes *any owners or* officers of ~~corporations~~ *a corporation* who ~~have legal~~ *direct and* control~~, either individually or jointly with another or others, of the payment of wages~~ *the activities of employees*. An action to recover ~~the moneys~~ *benefits paid* shall be instituted unless the commissioner determines that no recovery is possible. All moneys recovered shall be deposited in the general fund. There shall be no payment from the special compensation fund if there is liability

for the injury under the provisions of section 176.215, by an insurer or self-insurer.

Subd. 2. *Prior to issuing an order against the special compensation fund to pay compensation benefits to an employee, a compensation judge shall first make findings regarding the insurance status of the employer and its liability. The special compensation fund shall not be found liable in the absence of a finding of liability against the employer. Where the liable employer is found to be not insured or self-insured as provided for in this chapter, the compensation judge shall assess and order the employer to pay all compensation benefits to which the employee is entitled and a penalty in the amount of 60 percent of all compensation benefits ordered to be paid. An award issued against an employer shall constitute a lien for government services pursuant to section 514.67 on all property of the employer and shall be subject to the provisions of the revenue recapture act in chapter 270A. The special compensation fund may enforce the terms of that award in the same manner as a district court judgment.* The commissioner of labor and industry, in accordance with the terms of the order awarding compensation, shall pay compensation to the employee or the employee's dependent from the special compensation fund. The commissioner of labor and industry shall certify to the commissioner of finance and to the legislature annually the total amount of compensation paid from the special compensation fund under subdivision 1. The commissioner of finance shall upon proper certification reimburse the special compensation fund from the general fund appropriation provided for this purpose. The amount reimbursed shall be limited to the certified amount paid under this section or the appropriation made for this purpose, whichever is the lesser amount. Compensation paid under this section which is not reimbursed by the general fund shall remain a liability of the special compensation fund and shall be financed by the percentage assessed under section 176.129.

Subd. 3. (a) Notwithstanding subdivision 2, the commissioner may direct payment from the special compensation fund for compensation payable pursuant to subdivision 1, including benefits payable under sections 176.102 and 176.135, prior to issuance of an order of a compensation judge or the workers' compensation court of appeals directing payment or awarding compensation. *Where payment is issued pursuant to a petition for a temporary order, the terms of any resulting order shall have the same status and be governed by the same provisions as an award issued pursuant to subdivision 2.*

(b) The commissioner may suspend or terminate an order under clause (a) for good cause as determined by the commissioner.

Subd. 4. If the commissioner authorizes the special fund to commence payment ~~under this section~~ *without the issuance of a temporary order*, the commissioner shall serve by certified mail notice upon the employer and other interested parties of the intention to commence payment. This notice shall be served at least ten calendar days before commencing payment and shall be mailed to the last known address of the parties. The notice shall include a statement that failure of the employer to respond within ten calendar days of the date of service will be deemed acceptance by the employer of the proposed action by the commissioner and will be deemed a waiver of defenses the employer has to a subrogation or indemnity action by the commissioner. At any time prior to final determination of liability, the employer may appear as a party and present defenses the employer has, whether or not an appearance by the employer has previously been made

in the matter. The commissioner has a cause of action against the employer to recover compensation paid by the special fund under this section.

Sec. 21. Minnesota Statutes 1990, section 176.185, subdivision 5a, is amended to read:

The penalties under this section may be imposed in addition to other penalties under this chapter that might apply for the same violation. The penalties under this section are assessed by the commissioner and are payable to the ~~special compensation fund~~ *assigned risk safety account*. A party may object to the penalty and request a formal hearing under section 176.85. If an entity has more than 30 violations within any 12-month period, in addition to the monetary penalties provided, the commissioner may refer the matter to the commissioner of commerce with recommendation for suspension or revocation of the entity's (a) license to write workers' compensation insurance; (b) license to administer claims on behalf of a self-insured, the assigned risk plan, or the Minnesota insurance guaranty association; (c) authority to self-insure; or (d) license to adjust claims. The amount of penalty shall be determined as follows:

Numbers of days late	Penalty

Sec. 25. Minnesota Statutes 1990, section 176.221, subdivision 3a, is amended to read:

Subd. 3a. [PENALTY.] In lieu of any other penalty under this section, the commissioner may assess a penalty of up to $1,000 *payable to the assigned risk safety account* for each instance in which an employer or insurer does not pay benefits or file a notice of denial of liability within the time limits prescribed under this section.

Sec. 26. [176.222] [REPORT ON COLLECTION AND ASSESSMENT OF FINES AND PENALTIES.]

The commissioner shall annually, by January 30, submit a report to the legislature detailing the assessment and collection of fines and penalties under this chapter on a fiscal year basis for the immediately preceding fiscal year and for as many prior years as the data is available.

176.261 [EMPLOYEE OF COMMISSIONER OF THE DEPARTMENT OF LABOR AND INDUSTRY MAY ACT FOR AND ADVISE A PARTY TO A PROCEEDING.]

When requested by an employer or an employee or an employee's dependent, the commissioner of the department of labor and industry may designate one or more of the division employees to advise that party of rights under this chapter, and as far as possible to assist in adjusting differences between the parties. The person so designated may appear in person in any proceedings under this chapter as the representative or adviser of the party. In such case, the party need not be represented by an attorney at law.

Prior to advising an employee or employer to seek assistance outside of the department, the department must refer employers and employees seeking advice or requesting assistance in resolving a dispute to an attorney or rehabilitation and medical specialist employed by the department, whichever is appropriate.

The department must make efforts to settle problems of employees and employers by contacting third parties, including attorneys, insurers, and health care providers, on behalf of employers and employees and using the department's persuasion to settle issues quickly and cooperatively.

Sec. 30. [176.87] [FRAUD UNIT.]

The department shall establish a workers' compensation fraud unit to investigate fraudulent and other illegal practices of health care providers, employers, insurers, attorneys, employees, and others related to workers' compensation. The unit shall review files of the department and may conduct field investigations. If the department determines there is illegal activity, the commissioner must refer the case to the attorney general or other appropriate prosecuting authority. The attorney general and other prosecuting authorities must give high priority to reviewing and prosecuting cases referred to them by the commissioner under this section.

The attorney general shall train personnel of the department of labor and industry in effective investigative practices and in the requisites for successful prosecution of illegal activity under chapter 176.

Sec. 31. Minnesota Statutes 1990, section 176A.03, is amended by adding a subdivision to read:

Subd. 3. [COVERAGE OUTSIDE STATE.] *Policies issued by the fund pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The department shall report the results of its studies to the legislature by January 30, 1993, together with proposed legislation that would enable the department to obtain that information.

Sec. 33. [REPETITIVE MOTION STUDY; DEPARTMENT OF EMPLOYEE RELATIONS.]

The department of employee relations shall assess the number and severity of work-related repetitive motion injuries incurred by state employees. The assessment shall include carpal tunnel and related injuries. The department shall report the results of the assessment to the legislature by January 30, 1993.

In addition, the department shall develop a plan for a pilot project to reduce repetitive motion injuries for which it shall seek funding from the 1993 legislature.

Sec. 34. [INDEPENDENT CONTRACTORS; LEASED EMPLOYEES.]

The commissioner of labor and industry shall study the practice of employee leasing and declaration of independent contract status as devices to evade or reduce premiums for workers' compensation insurance.

The commissioner shall submit a report to the legislature by January 15, 1993, with the results of the study and proposals for legislative action.

Sec. 35. [MANDATED REDUCTIONS.]

(a) As a result of the workers' compensation law changes in this act and the resulting savings to the costs of Minnesota's workers' compensation system, an insurer's approved schedule of workers' compensation rates in effect on October 1, 1992, must be reduced by 16 percent and applied by the insurer to all policies with an effective date between October 1, 1992, and March 31, 1993. For purposes of this section, "insurer" includes the assigned risk plan, and "rates" include the rates approved by the commissioner of commerce for the assigned risk plan. The reduction mandated by this section must also be applied on a prorated basis to the unexpired portion of all workers' compensation policies on October 1, 1992. An insurer shall provide a written notice by November 1, 1992, to all workers' compensation policyholders having an unexpired policy with the insurer as of October 1, 1992, that reads as follows: "As a result of the changes in the workers' compensation system enacted by the 1992 legislature, you are entitled to a prorated reduction of 16 percent on your current policy premium."

(b) No rate increases may be filed between April 1, 1992, and April 1,

1993.

(c) The commissioner of labor and industry shall survey Minnesota employers to determine if the mandated workers' compensation insurance rate reductions required under this section have been implemented by insurers, both as to amount and in a manner that is uniform and nondiscriminatory between employers having similar risks with respect to a particular occupational classification. The commissioner shall present a report detailing the findings and conclusions to the legislature by March 1, 1993.

Sec. 36. [REPEALER.]

Minnesota Statutes 1990, section 176.131, is repealed. The special compensation fund shall not reimburse an employer under Minnesota Statutes, section 176.131, for a subsequent injury occurring after June 30, 1992. Sec. 37. [EFFECTIVE DATE.]

Section 35 is effective the day following final enactment retroactive to April 1, 1992. Section 1 is effective for policies insuring liability for workers' compensation that are effective on or after October 1, 1992. The rest of this article is effective July 1, 1992.

ARTICLE 4

MEDICAL AND REHABILITATION

Section 1. Minnesota Statutes 1990, section 176.102, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] *(a) This section applies only to vocational rehabilitation of injured employees and their spouses as provided under subdivision 1a. Physical rehabilitation of injured employees is considered treatment subject to section 176.135.*

(b) Rehabilitation is intended to restore the injured employee~~, through physical and vocational rehabilitation,~~ so the employee may return to a job related to the employee's former employment or to a job in another work area which produces an economic status as close as possible to that the employee would have enjoyed without disability. Rehabilitation to a job with a higher economic status than would have occurred without disability is permitted if it can be demonstrated that this rehabilitation is necessary to increase the likelihood of reemployment. Economic status is to be measured not only by opportunity for immediate income but also by opportunity for future income.

Sec. 2. Minnesota Statutes 1990, section 176.102, subdivision 2, is amended to read:

Subd. 2. [ADMINISTRATORS.] The commissioner shall hire a director of rehabilitation services in the classified service. The commissioner shall monitor and supervise rehabilitation services, including, but not limited to, making determinations regarding the selection and delivery of rehabilitation services and the criteria used to approve qualified rehabilitation consultants and rehabilitation vendors. The commissioner may also make determinations regarding fees for rehabilitation services *and shall by rule establish a fee*

schedule or otherwise limit fees charged by qualified rehabilitation consultants and vendors. The commissioner shall annually review the fees and give notice of any adjustment in the State Register. An annual adjustment is not subject to chapter 14. By March 1, 1993, the commissioner shall report to the legislature on the status of the commission's monitoring of rehabilitation services. The commissioner may hire qualified personnel to assist in the commissioner's duties under this section and may delegate the duties and performance.

Sec. 3. Minnesota Statutes 1990, section 176.102, subdivision 4, is amended to read:

Subd. 4. [REHABILITATION PLAN: DEVELOPMENT.] (a) ~~An employer or insurer shall provide rehabilitation consultation by a qualified rehabilitation consultant or by another person permitted by rule to provide consultation to an injured employee within five days after the employee has 60 days of lost work time due to the personal injury, except as otherwise provided in this subdivision. Where an employee has incurred an injury to the back, the consultation shall be made within five days after the employee has 30 days of lost work time due to the injury. The lost work time in either case may be intermittent lost work time. If an employer or insurer has medical information at any time prior to the time specified in this subdivision that the employee will be unable to return to the job the employee held at the time of the injury rehabilitation consultation shall be provided immediately after receipt of this information.~~

~~For purposes of this section "lost work time" means only those days during which the employee would actually be working but for the injury. In the case of the construction industry, mining industry, or other industry where the hours and days of work are affected by seasonal conditions, "lost work time" shall be computed by using the normal schedule worked when employees are working full time.~~ *A rehabilitation consultation must be provided by the employer to an injured employee upon request of the employee, the employer, or the commissioner. When the commissioner has received notice or information that an employee has sustained an injury that may be compensable under this chapter, the commissioner must notify the injured employee of the right to request a rehabilitation consultation to assist in return to work. The notice may be included in other information the commissioner gives to the employee under section 176.235, and must be highlighted in a way to draw the employee's attention to it. If a rehabilitation consultation is requested, the employer shall provide a qualified rehabilitation consultant. If the injured employee objects to the employer's selection, the employee may select a qualified rehabilitation consultant of the employee's own choosing within 60 days following the filing of a copy of the employee's rehabilitation plan with the commissioner. If the consultation indicates that rehabilitation services are appropriate under subdivision 1, the employer shall provide the services. If the consultation indicates that rehabilitation services are not appropriate under subdivision 1, the employer shall notify the employee of this determination within 14 days after the consultation.*

(b) In order to assist the commissioner in determining whether or not to request rehabilitation consultation for an injured employee, an employer shall notify the commissioner whenever the employee's temporary total disability will likely exceed 13 weeks. The notification must be made within 90 days from the date of the injury or when the likelihood of at least a 13-week disability can be determined, whichever is earlier, and must include a current physician's report.

(c) The qualified rehabilitation consultant ~~appointed by the employer or insurer~~ shall disclose in writing at the first meeting or written communication with the employee any ownership interest or affiliation between the firm which employs the qualified rehabilitation consultant and the employer, insurer, adjusting or servicing company, including the nature and extent of the affiliation or interest.

The consultant shall also disclose to all parties any affiliation, business referral or other arrangement between the consultant or the firm employing the consultant and any other party ~~to~~, *attorney, or health care provider involved in* the case ~~, including any attorneys, doctors, or chiropractors~~.

~~If the employee objects to the employer's selection of a qualified rehabilitation consultant, the employee shall notify the employer and the commissioner in writing of the objection. The notification shall include the name, address, and telephone number of the qualified rehabilitation consultant chosen by the employee to provide rehabilitation consultation.~~

(d) After the initial provision or selection of a qualified rehabilitation consultant as provided under paragraph (a), the employee may ~~choose~~ *request* a different qualified rehabilitation consultant ~~as follows:~~

~~(1) once during the first 60 days following the first in-person contact between the employee and the original consultant;~~

~~(2) once after the 60-day period referred to in clause (1); and~~

~~(3) subsequent requests~~ *which* shall be ~~determined~~ *granted or denied* by the commissioner or compensation judge according to the best interests of the parties.

(e) The employee and employer shall enter into a program if one is prescribed in a rehabilitation plan *within 30 days of the rehabilitation consultation if the qualified rehabilitation consultant determines that rehabilitation is appropriate*. A copy of the plan, including a target date for return to work, shall be submitted to the commissioner *within 15 days after the plan has been developed.*

~~(b)~~ *(f)* If the employer does not provide rehabilitation consultation ~~as required by this section~~ *requested under paragraph (a)*, the commissioner or compensation judge shall notify the employer that if the employer fails to ~~appoint~~ *provide* a qualified rehabilitation consultant ~~or other persons as permitted by clause (a)~~ within 15 days to conduct a rehabilitation consultation, the commissioner or compensation judge shall appoint a qualified rehabilitation consultant to provide the consultation at the expense of the employer unless the commissioner or compensation judge determines the consultation is not required.

~~(c)~~ *(g)* In developing a rehabilitation plan consideration shall be given to the employee's qualifications, including but not limited to age, education, previous work history, interest, transferable skills, and present and future labor market conditions.

~~(d)~~ *(h)* The commissioner or compensation judge may waive rehabilitation services under this section if the commissioner or compensation judge is satisfied that the employee will return to work in the near future or that rehabilitation services will not be useful in returning an employee to work.

Sec. 4. Minnesota Statutes 1990, section 176.102, subdivision 6, is amended to read:

Subd. 6. [PLAN, ELIGIBILITY FOR REHABILITATION, APPROVAL AND APPEAL.] *(a)* The commissioner or a compensation judge shall determine eligibility for rehabilitation services and shall review, approve, modify, or reject rehabilitation plans developed under subdivision 4. The commissioner or a compensation judge shall also make determinations regarding rehabilitation issues not necessarily part of a plan including, but not limited to, determinations regarding whether an employee is eligible for further rehabilitation and the benefits under subdivisions 9 and 11 to which an employee is entitled.

(b) A rehabilitation consultant must file a progress report on the plan with the commissioner six months after the plan is filed. The progress report must include a current estimate of the total cost and the expected duration of the plan. The commissioner may require additional progress reports. Based on the progress reports and available information, the commissioner may take actions including, but not limited to, redirecting, amending, suspending, or terminating the plan.

Sec. 5. Minnesota Statutes 1990, section 176.102, subdivision 9, is amended to read:

Subd. 9. [PLAN, COSTS.] *(a)* An employer is liable for the following rehabilitation expenses under this section:

~~(a)~~ *(1)* Cost of rehabilitation evaluation and preparation of a plan;

~~(b)~~ *(2)* Cost of all rehabilitation services and supplies necessary for implementation of the plan;

~~(c)~~ *(3)* Reasonable cost of tuition, books, travel, and custodial day care; and, in addition, reasonable costs of board and lodging when rehabilitation requires residence away from the employee's customary residence;

~~(d)~~ *(4)* Reasonable costs of travel and custodial day care during the job interview process;

~~(e)~~ *(5)* Reasonable cost for moving expenses of the employee and family if a job is found in a geographic area beyond reasonable commuting distance after a diligent search within the present community. Relocation shall not be paid more than once during any rehabilitation program, and relocation shall not be required if the new job is located within the same standard metropolitan statistical area as the employee's job at the time of injury. An employee shall not be required to relocate and a refusal to relocate shall not result in a suspension or termination of compensation under this chapter; and

~~(f)~~ *(6)* Any other expense agreed to be paid.

(b) Charges for services provided by a rehabilitation consultant or vendor must be submitted on a billing form prescribed by the commissioner. No payment for the services shall be made until the charges are submitted on the prescribed form.

(c) Except as provided in this paragraph, an employer is not liable for charges for services provided by a rehabilitation consultant or vendor unless the employer or its insurer receives a bill for those services within 45 days of the provision of the services. The commissioner or a compensation judge may order payment for charges not timely billed under this paragraph if the rehabilitation consultant or vendor can prove that the failure to submit the bill as required by this paragraph was due to circumstances beyond the

control of the rehabilitation consultant or vendor. A rehabilitation consultant or vendor may not collect payment from any other person, including the employee, for bills that an employer is relieved from liability for paying under this paragraph.

Sec. 6. Minnesota Statutes 1990, section 176.103, subdivision 2, is amended to read:

Subd. 2. [SCOPE.] (a) The commissioner shall monitor the medical and surgical treatment provided to injured employees, the services of other health care providers and shall also monitor hospital utilization as it relates to the treatment of injured employees. This monitoring shall include determinations concerning the appropriateness of the service, whether the treatment is necessary and effective, the proper cost of services, the quality of the treatment, the right of providers to receive payment under this chapter for services rendered or the right to receive payment under this chapter for future services. *Insurers and self-insurers must assist the commissioner in this monitoring by reporting to the commissioner cases of suspected excessive, inappropriate, or unnecessary treatment.* The commissioner shall report ~~the results of the monitoring~~ *specific cases of suspected inappropriate, unnecessary, and excessive treatment* to the medical services review board. ~~The commissioner may, either as a result of the monitoring or as a result of an investigation following receipt of a complaint, if the commissioner believes that any provider of health care services has violated any provision of this chapter or rules adopted under this chapter, initiate a contested case proceeding under chapter 14. In these cases,~~ The medical services review board shall ~~make the final decision following receipt of the report of an administrative law judge~~ *review those cases and make a determination of whether there is inappropriate, unnecessary, or excessive treatment based on rules adopted by the commissioner in consultation with the medical services review board. The determination of the board is not subject to the contested case provisions of the administrative procedure act in chapter 14. An affected provider shall be given notice and an opportunity to be heard before the board prior to the board reporting its findings and conclusions. The board shall report its findings and conclusions to the commissioner. The findings and conclusions of the board are binding on the commissioner. The commissioner shall order a sanction if the board has concluded there was inappropriate, unnecessary, or excessive treatment. The commissioner in consultation with the medical services review board shall adopt rules defining standards of treatment including inappropriate, unnecessary, or excessive treatment and the sanctions to be imposed for inappropriate, unnecessary, or excessive treatment. The sanctions imposed may include, without limitation, a warning, a restriction on providing treatment, requiring preauthorization by the board for a plan of treatment, and suspension from receiving compensation for the provision of treatment under chapter 176.* The commissioner's authority under this section also includes the authority to make determinations regarding any other activity involving the questions of utilization of medical services, and any other determination the commissioner deems necessary for the proper administration of this section, but does not include the authority to make the initial determination of primary liability, except as provided by section 176.305.

Sec. 7. Minnesota Statutes 1990, section 176.103, is amended by adding a subdivision to read:

Subd. 2a. [APPEALS, EFFECT OF DECISION.] *An order imposing sanctions on a health care provider under subdivision 2 may be appealed*

and has the effect provided by this subdivision.

A sanction becomes effective at the time the commissioner notifies the provider of the order of sanction. The notice shall advise the provider of the right to obtain review as provided in this subdivision. If mailed, the notice of order of sanction is deemed received three days after mailing to the last known address of the provider.

Within 30 days of receipt of a notice of order of sanction, a provider may request in writing a review by the commissioner of the order. Upon receiving a request the commissioner or the commissioner's designee shall review the order, the evidence upon which the order was based, and any other material information brought to the attention of the commissioner, and determine whether sufficient cause exists to sustain the order. Within 15 days of receiving the request the commissioner shall report in writing the results of the review. The review provided in this subdivision is not subject to the contested case provisions of the administrative procedure act in chapter 14.

Within 30 days following receipt of the commissioner's decision on review, a provider may petition the workers' compensation court of appeals for review. The petition shall be filed with the court, together with proof of service of a copy on the commissioner, and accompanied by the standard filing fee for appeals from decisions of compensation judges. No responsive pleading shall be required of the commissioner, and no fees shall be charged for the appearance of the commissioner in the matter.

The petition shall be captioned in the full name of the provider making the petition as petitioner and the commissioner as respondent. The petition shall state with specificity the grounds upon which the petitioner seeks rescission of the order of sanction.

The filing of the petition shall not stay the sanction. The court may order a stay of the balance of the sanction if the hearing has not been conducted within 60 days after filing of the petition upon terms the court deems proper. To the extent applicable, review shall be conducted according to the rules of the court for review of decisions of compensation judges.

The scope of the hearing shall be limited to the issues of whether the medical services review board's findings were supported by substantial evidence in view of the record before the board and whether the sanction imposed by the commissioner was authorized by law or rule.

The workers' compensation court of appeals may adopt rules necessary to implement this subdivision.

Sec. 8. Minnesota Statutes 1990, section 176.103, subdivision 3, is amended to read:

Subd. 3. [MEDICAL SERVICES REVIEW BOARD; SELECTION; POWERS.] (a) There is created a medical services review board composed of the commissioner or the commissioner's designee as an ex officio member, two persons representing chiropractic, one person representing hospital administrators, *one physical therapist*, and six physicians representing different specialties which the commissioner determines are the most frequently utilized by injured employees. The board shall also have one person representing employees, one person representing employers or insurers, and one person representing the general public. The members shall be appointed by the commissioner and shall be governed by section 15.0575. Terms of the board's members may be renewed. The board may appoint from its

members whatever subcommittees it deems appropriate.

The commissioner may appoint alternates for one-year terms to serve as a member when a member is unavailable. The number of alternates shall not exceed one chiropractor, *one physical therapist*, one hospital administrator, three physicians, one employee representative, one employer or insurer representative, and one representative of the general public.

The board shall review clinical results for adequacy and recommend to the commissioner scales for disabilities and apportionment.

The board shall review and recommend to the commissioner rates for individual clinical procedures and aggregate costs. The board shall assist the commissioner in accomplishing public education.

In evaluating the clinical consequences of the services provided to an employee by a clinical health care provider, the board shall consider the following factors in the priority listed:

(1) the clinical effectiveness of the treatment;

(2) the clinical cost of the treatment; and

(3) the length of time of treatment.

The board shall advise the commissioner on the adoption of rules regarding all aspects of medical care and services provided to injured employees.

(b) The medical services review board may upon petition from the commissioner and after hearing, issue a penalty of $200 per violation, disqualify, or suspend a provider from receiving payment for services rendered under this chapter if a provider has violated any part of this chapter or rule adopted under this chapter. The hearings are initiated by the commissioner under the contested case procedures of chapter 14. The board shall make the final decision following receipt of the recommendation of the administrative law judge. The board's decision is appealable to the workers' compensation court of appeals in the manner provided by section 176.421.

(c) The board may adopt rules of procedure. The rules may be joint rules with the rehabilitation review panel.

Sec. 9. Minnesota Statutes 1990, section 176.135, subdivision 1, is amended to read:

Subdivision 1. [MEDICAL, PSYCHOLOGICAL, CHIROPRACTIC, PODIATRIC, SURGICAL, HOSPITAL.] (a) The employer shall furnish any medical, psychological, chiropractic, podiatric, surgical and hospital treatment, including nursing, medicines, medical, chiropractic, podiatric, and surgical supplies, crutches and apparatus, including artificial members, or, at the option of the employee, if the employer has not filed notice as hereinafter provided, Christian Science treatment in lieu of medical treatment, chiropractic medicine and medical supplies, as may reasonably be required at the time of the injury and any time thereafter to cure and relieve from the effects of the injury. This treatment shall include treatments necessary to physical rehabilitation.

(b) The employer shall pay for the reasonable value of nursing services provided by a member of the employee's family in cases of permanent total disability.

(c) Exposure to rabies is an injury and an employer shall furnish preventative treatment to employees exposed to rabies.

(d) The employer shall furnish replacement or repair for artificial members, glasses, or spectacles, artificial eyes, podiatric orthotics, dental bridge work, dentures or artificial teeth, hearing aids, canes, crutches, or wheel chairs damaged by reason of an injury arising out of and in the course of the employment. *For the purpose of this paragraph, "injury" includes damage wholly or in part to an artificial member.* In case of the employer's inability or refusal seasonably to ~~do so~~ *provide the items required to be provided under this paragraph,* the employer is liable for the reasonable expense incurred by or on behalf of the employee in providing the same, including costs of copies of any medical records or medical reports that are in existence, obtained from health care providers, and that directly relate to the items for which payment is sought under this chapter, limited to the charges allowed by subdivision 7, and attorney fees incurred by the employee. ~~No action to recover the cost of copies may be brought until the commissioner adopts a schedule of reasonable charges under subdivision 7.~~ Attorney's fees shall be determined on an hourly basis according to the criteria in section 176.081, subdivision 5. ~~The employer shall pay for the reasonable value of nursing services by a member of the employee's family in cases of permanent total disability.~~

~~(b)~~ *(e)* Both the commissioner and the compensation judges have authority to make determinations under this section in accordance with sections 176.106 and 176.305.

(f) An employer may require that the treatment and supplies required to be provided by an employer by this section be received in whole or in part from a managed care plan certified under section 176.1351 except as otherwise provided by that section.

Sec. 10. Minnesota Statutes 1990, section 176.135, subdivision 5, is amended to read:

Subd. 5. [OCCUPATIONAL DISEASE MEDICAL ELIGIBILITY.] Notwithstanding section 176.66, an employee who has contracted an occupational disease is eligible to receive compensation under this section even if the employee is not disabled from earning full wages at the work at which the employee was last employed.

Payment of compensation under this section shall be made by the employer and insurer on the date of the employee's last exposure to the hazard of the occupational disease. Reimbursement for medical benefits paid under this subdivision or subdivision 1a is allowed from the employer and insurer liable under section 176.66, subdivision 10, only in the case of disablement.

Sec. 11. Minnesota Statutes 1990, section 176.135, subdivision 6, is amended to read:

Subd. 6. [COMMENCEMENT OF PAYMENT.] As soon as reasonably possible, and no later than 30 calendar days after receiving the bill, the employer or insurer shall pay the charge or any portion of the charge which is not denied, *or* deny all or a part of the charge ~~on the basis of excessiveness or noncompensability, or specify the additional data needed,~~ with written notification to the employee and the provider *explaining the basis for denial. All or part of a charge must be denied if any of the following conditions exists:*

(1) the injury or condition is not compensable under this chapter;

(2) the charge or service is excessive under this section or section 176.136;

(3) the charges are not submitted on the prescribed billing form; or

(4) additional medical records or reports are required under subdivision 7 to substantiate the nature of the charge and its relationship to the work injury.

If payment is denied under clause (3) or (4), the employer or insurer shall reconsider the charges in accordance with this subdivision within 30 calendar days after receiving additional medical data, a prescribed billing form, or documentation of enrollment or certification as a provider.

Sec. 12. Minnesota Statutes 1990, section 176.135, subdivision 7, is amended to read:

Subd. 7. [MEDICAL BILLS AND RECORDS.] Health care providers shall submit to the insurer an itemized statement of charges *on a billing form prescribed by the commissioner*. Health care providers ~~other than hospitals~~ shall also submit copies of medical records or reports that substantiate the nature of the charge and its relationship to the work injury~~, provided, however, that hospitals must submit any copies of records or reports requested under subdivision 6~~. Health care providers may charge for copies of any records or reports that are in existence and directly relate to the items for which payment is sought under this chapter. ~~Charges for copies provided under this subdivision shall be reasonable.~~ The commissioner shall adopt a schedule of reasonable charges by ~~emergency rules~~ *rule*.

A health care provider shall not collect, attempt to collect, refer a bill for collection, or commence an action for collection against the employee, employer, or any other party until the information required by this section has been furnished.

A United States government facility rendering health care services to veterans is not subject to the uniform billing form requirements of this subdivision.

Sec. 13. [176.1351] [MANAGED CARE.]

Subdivision 1. [APPLICATION.] *Any person or entity, other than a workers' compensation insurer or an employer for its own employees, may make written application to the commissioner to have a plan certified that provides management of quality treatment to injured workers for injuries and diseases compensable under this chapter. Specifically, and without limitation, an entity licensed under chapter 62C or 62D or a preferred provider organization that is subject to chapter 72A is eligible for certification under this section. Each application for certification shall be accompanied by a reasonable fee prescribed by the commissioner. A plan may be certified to provide services in a limited geographic area. A certificate is valid for the period the commissioner prescribes unless revoked or suspended. Application for certification shall be made in the form and manner and shall set forth information regarding the proposed plan for providing services as the commissioner may prescribe. The information shall include, but not be limited to:*

(1) a list of the names of all health care providers who will provide services under the managed care plan, together with appropriate evidence of compliance with any licensing or certification requirements for those providers to practice in this state; and

(2) a description of the places and manner of providing services under the plan.

Subd. 2. [CERTIFICATION.] *The commissioner shall certify a managed care plan if the commissioner finds that the plan:*

(1) proposes to provide quality services that meet uniform treatment standards prescribed by the commissioner and all medical and health care services that may be required by this chapter in a manner that is timely, effective, and convenient for the worker;

(2) is reasonably geographically convenient to employees it serves;

(3) provides appropriate financial incentives to reduce service costs and utilization without sacrificing the quality of service;

(4) provides adequate methods of peer review, utilization review, and dispute resolution to prevent inappropriate, excessive, or not medically necessary treatment, and excludes participation in the plan by those individuals who violate these treatment standards;

(5) provides a procedure for the resolution of medical disputes;

(6) provides aggressive case management for injured workers and provides a program for early return to work and cooperative efforts by the workers, the employer, and the managed care plan to promote workplace health and safety consultative and other services;

(7) provides a timely and accurate method of reporting to the commissioner necessary information regarding medical and health care service cost and utilization to enable the commissioner to determine the effectiveness of the plan;

(8) authorizes workers to receive compensable treatment from a health care provider who is not a member of the managed care plan, if that provider maintains the employee's medical records and has a documented history of treatment with the employee and agrees to refer the employee to the managed care plan for any other treatment that the employee may require and if the health care provider agrees to comply with all the rules, terms, and conditions of the managed care plan;

(9) authorizes necessary emergency medical treatment for an injury provided by a health care provider not a part of the managed care plan;

(10) does not discriminate against or exclude from participation in the plan any category of health care provider and includes an adequate number of each category of health care providers to give workers convenient geographic accessibility to all categories of providers and adequate flexibility to choose health care providers from among those who provide services under the plan;

(11) provides an employee the right to change health care providers under the plan at least once; and

(12) complies with any other requirement the commissioner determines is necessary to provide quality medical services and health care to injured workers.

The commissioner may accept findings, licenses, or certifications of other state agencies as satisfactory evidence of compliance with a particular requirement of this subdivision.

Subd. 3. [DISPUTE RESOLUTION.] *An employee must exhaust the dispute resolution procedure of the certified managed care plan prior to filing*

a petition or otherwise seeking relief from the commissioner or a compensation judge on an issue related to managed care. If an employee has exhausted the dispute resolution procedure of the managed care plan on the issue of a rating for a disability, the employee may seek a disability rating from a health care provider outside of the managed care organization. The employer is liable for the reasonable fees of the outside provider as limited by the medical fee schedule adopted under this chapter.

Subd. 4. [ACCESS TO ALL HEALTH CARE DISCIPLINES.] *The commissioner may refuse to certify or may revoke or suspend the certification of a managed care plan that unfairly restricts direct access within the managed care plan to any health care provider profession. Direct access within the managed care plan is unfairly restricted if direct access is denied and the treatment or service sought is within the scope of practice of the profession to which direct access is sought and is appropriate under the standards of treatment adopted by the managed care plan or, in instances where the commissioner has adopted standards of treatment, the standards adopted by the commissioner.*

Subd. 5. [REVOCATION, SUSPENSION, AND REFUSAL TO CERTIFY.] *The commissioner shall refuse to certify or shall revoke or suspend the certification of a managed care plan if the commissioner finds that the plan for providing medical or health care services fails to meet the requirements of this section, or service under the plan is not being provided in accordance with the terms of a certified plan.*

Subd. 6. [RULES.] *The commissioner may adopt emergency or permanent rules necessary to implement this section.*

Sec. 14. Minnesota Statutes 1990, section 176.136, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE.] *(a)* The commissioner shall by rule establish procedures for determining whether or not the charge for a health service is excessive. In order to accomplish this purpose, the commissioner shall consult with insurers, associations and organizations representing the medical and other providers of treatment services and other appropriate groups.

(b) The procedures established by the commissioner ~~shall~~ *must* limit, *in accordance with subdivisions 1a, 1b, and 1c,* the charges allowable for medical, chiropractic, podiatric, surgical, hospital and other health care provider treatment or services, as defined and compensable under section 176.135~~, based upon billings for each class of health care provider during all of the calendar year preceding the year in which the determination is made of the amount to be paid the health care provider for the billing~~. The procedures established by the commissioner for determining whether or not the charge for a health service is excessive ~~shall~~ *must* be structured to encourage providers to develop and deliver services for rehabilitation of injured workers. The procedures ~~shall~~ *must* incorporate the provisions of sections 144.701, 144.702, and 144.703 to the extent that the commissioner finds that these provisions effectively accomplish the intent of this section or are otherwise necessary to insure that quality hospital care is available to injured employees.

Sec. 15. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1a. [RELATIVE VALUE FEE SCHEDULE.] *The liability of an employer for services included in the medical fee schedule is limited to the*

maximum fee allowed by the schedule in effect on the date of the medical service, or the provider's actual fee, whichever is lower. The medical fee schedule effective on October 1, 1991, shall remain in effect until the commissioner adopts a new schedule by permanent rule. The commissioner shall adopt permanent rules regulating fees allowable for medical, chiropractic, podiatric, surgical, and other health care provider treatment or service, including those provided to hospital outpatients, by implementing a relative value fee schedule to be effective on October 1, 1993. The commissioner may adopt by reference the relative value fee schedule adopted for the federal Medicare program or a relative value fee schedule adopted by other federal or state agencies. The relative value fee schedule shall contain reasonable classifications including, but not limited to, classifications that differentiate among health care provider disciplines. The conversion factors for the original relative value fee schedule must reasonably reflect a 15 percent overall reduction from the medical fee schedule most recently in effect. The reduction need not be applied equally to all treatment or services, but must represent a gross 15 percent reduction.

After permanent rules have been adopted to implement this section, the conversion factors must be adjusted annually on October 1 by no more than the percentage change computed under section 176.645, but without the annual cap provided by that section. The commissioner shall annually give notice in the State Register of the adjusted conversion factors. This notice shall be in lieu of the requirements of chapter 14.

Sec. 16. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1b. [LIMITATION OF LIABILITY.] *(a) The liability of the employer for treatment, articles, and supplies provided to an employee while an inpatient or outpatient at a small hospital shall be the hospital's usual and customary charge, unless the charge is determined by the commissioner or a compensation judge to be unreasonably excessive. A "small hospital," for purposes of this paragraph, is a hospital which has 100 or fewer licensed beds.*

(b) The liability of the employer for the treatment, articles, and supplies that are not limited by subdivision 1a or 1c or paragraph (a) shall be limited to 85 percent of the provider's usual and customary charge, or 85 percent of the prevailing charges for similar treatment, articles, and supplies furnished to an injured person when paid for by the injured person, whichever is lower. On this basis, the commissioner or compensation judge may determine the reasonable value of all treatment, services, and supplies, and the liability of the employer is limited to that amount.

Sec. 17. Minnesota Statutes 1990, section 176.136, is amended by adding a subdivision to read:

Subd. 1c. [CHARGES FOR INDEPENDENT MEDICAL EXAMINATIONS.] *The commissioner shall adopt rules that reasonably limit amounts which may be charged for, or in connection with, independent or adverse medical examinations requested by any party, including the amount that may be charged for depositions, witness fees, or other expenses. No party may pay fees above the amount in the schedule.*

Sec. 18. Minnesota Statutes 1990, section 176.136, subdivision 2, is amended to read:

Subd. 2. [EXCESSIVE FEES.] If the employer or insurer determines that

the charge for a health service or medical service is excessive, no payment in excess of the reasonable charge for that service shall be made under this chapter nor may the provider collect or attempt to collect from the injured employee or any other insurer or government amounts in excess of the amount payable under this chapter unless the commissioner, compensation judge, or court of appeals determines otherwise. In such a case, the health care provider may initiate an action under this chapter for recovery of the amounts deemed excessive by the employer or insurer, but the employer or insurer shall have the burden of proving excessiveness.

A charge for a health service or medical service is excessive if it:

(1) exceeds the maximum permissible charge pursuant to subdivision 1, 1a, 1b, or 1c;

(2) is for a service provided at a level, duration, or frequency that is excessive, based upon accepted medical standards for quality health care and accepted rehabilitation standards;

(3) is for a service that is outside the scope of practice of the particular provider or is not generally recognized within the particular profession of the provider as of therapeutic value for the specific injury or condition treated; or

(4) is otherwise deemed excessive or inappropriate pursuant to rules adopted pursuant to this chapter.

Sec. 19. Minnesota Statutes 1990, section 176.137, subdivision 5, is amended to read:

Subd. 5. An employee is limited to ~~$30,000~~ *$60,000* under this section for each personal injury.

Sec. 20. Minnesota Statutes 1990, section 176.155, subdivision 1, is amended to read:

Subdivision 1. [EMPLOYER'S PHYSICIAN.] The injured employee must submit to examination by the employer's physician, if requested by the employer, and at reasonable times thereafter upon the employer's request. *The examination must be scheduled at a location within 150 miles of the employee's residence unless the employer can show cause to the department to order an examination at a location further from the employee's residence.* The employee is entitled upon request to have a personal physician present at any such examination. Each party shall defray the cost of that party's physician. Any report or written statement made by the employer's physician as a result of an examination of the employee, regardless of whether the examination preceded the injury or was made subsequent to the injury, shall be made available, upon request and without charge, to the injured employee or representative of the employee. The employer shall pay reasonable travel expenses incurred by the employee in attending the examination including mileage, parking, and, if necessary, lodging and meals. The employer shall also pay the employee for any lost wages resulting from attendance at the examination. A self-insured employer or insurer who is served with a claim petition pursuant to section 176.271, subdivision 1, or 176.291, shall schedule any necessary examinations of the employee, if an examination by the employer's physician or health care provider is necessary to evaluate benefits claimed. The examination shall be completed and the report of the examination shall be served on the employee and filed with the commissioner within 120 days of service of the claim petition.

No evidence relating to the examination or report shall be received or considered by the commissioner, a compensation judge, or the court of appeals in determining any issues unless the report has been served and filed as required by this section, unless a written extension has been granted by the commissioner or compensation judge. The commissioner or a compensation judge shall extend the time for completing the adverse examination and filing the report upon good cause shown. The extension must not be for the purpose of delay and the insurer must make a good faith effort to comply with this subdivision. Good cause shall include but is not limited to:

(1) that the extension is necessary because of the limited number of physicians or health care providers available with expertise in the particular injury or disease, or that the extension is necessary due to the complexity of the medical issues, or

(2) that the extension is necessary to gather additional information which was not included on the petition as required by section 176.291.

Sec. 21. Minnesota Statutes 1990, section 176.83, subdivision 5, is amended to read:

Subd. 5. [~~EXCESSIVE~~ *TREATMENT STANDARDS FOR* MEDICAL SERVICES.] In consultation with the medical services review board or the rehabilitation review panel, *the commissioner shall adopt* rules establishing standards and procedures for ~~determining~~ *health care provider treatment. The rules shall apply uniformly to all providers including those providing managed care under section 176.1351. The rules shall be used to determine* whether a provider of health care services and rehabilitation services, including a provider of medical, chiropractic, podiatric, surgical, hospital or other services, is performing procedures or providing services at a level or with a frequency that is excessive, *unnecessary, or inappropriate* based upon accepted medical standards for quality health care and accepted rehabilitation standards.

The rules shall include, but are not limited to, the following:

(1) criteria for diagnosis and treatment of the most common work-related injuries including, but not limited to, low back injuries and upper extremity repetitive trauma injuries;

(2) criteria for surgical procedures including, but not limited to, diagnosis, prior conservative treatment, supporting diagnostic imaging and testing, and anticipated outcome criteria;

(3) criteria for use of appliances, adoptive equipment, and use of health clubs or other exercise facilities;

(4) criteria for diagnostic imaging procedures;

(5) criteria for inpatient hospitalization; and

(6) criteria for treatment of chronic pain.

If it is determined by the payer that the level, frequency or cost of a procedure or service of a provider is excessive, *unnecessary, or inappropriate* according to the standards established by the rules, the provider shall not be paid for the ~~excessive~~ procedure, service, or cost by an insurer, self-insurer, or group self-insurer, and the provider shall not be reimbursed or attempt to collect reimbursement for the ~~excessive~~ procedure, service, or cost from any other source, including the employee, another insurer, the

special compensation fund, or any government program unless the commissioner or compensation judge determines at a hearing or administrative conference that the level, frequency, or cost was not excessive in which case the insurer, self-insurer, or group self-insurer shall make the payment deemed reasonable.

A ~~health or~~ rehabilitation provider who is determined by the rehabilitation review panel ~~or medical services review~~ board, after hearing, to be consistently performing procedures or providing services at an excessive level or cost may be prohibited from receiving any further reimbursement for procedures or services provided under this chapter. SELF-INSURANCE

Section 1. Minnesota Statutes 1990, section 79A.02, is amended by adding a subdivision to read:

Subd. 3. [AUDIT OF SELF-INSURANCE APPLICATION.] *(a) The self-insurer's security fund shall retain a certified public accountant who shall perform services for, and report directly to, the commissioner of commerce. The certified public accountant shall review each application to self-insure, including the applicant's financial data. The certified public accountant shall provide a report to the commissioner of commerce indicating whether the applicant has met the requirements of section 79A.03, subdivisions 2 and 3. Additionally, the certified public accountant shall provide advice and counsel to the commissioner about relevant facts regarding the applicant's financial condition.*

(b) If the report of the certified public accountant is used by the commissioner as the basis for the commissioner's determination regarding the applicant's self-insurance status, the certified public accountant shall be made available to the commissioner for any hearings or other proceedings arising from that determination.

(c) The commissioner shall provide the advisory committee with the summary report by the certified public accountant and any financial data in possession of the department of commerce that is otherwise available to the public.

The cost of the review shall be the obligation of the self-insurer's security fund.

Sec. 2. Minnesota Statutes 1990, section 79A.02, is amended by adding a subdivision to read:

Subd. 4. [RECOMMENDATIONS TO COMMISSIONER REGARDING REVOCATION.] *After each fifth anniversary from the date each individual and group self-insurer becomes certified to self-insure, the committee shall review all relevant financial data filed with the department of commerce that is otherwise available to the public and make a recommendation to the commissioner about whether each self-insurer's certificate should be revoked.*

Sec. 3. Minnesota Statutes 1990, section 79A.03, subdivision 3, is amended to read:

Subd. 3. [NET WORTH.] ~~Each individual self-insurer shall have and maintain a net worth at least equal to the greater of ten times the retention limit selected with the workers' compensation reinsurance association or one-third the amount of the self-insurer's current annual modified premium. The requirements of this subdivision shall be modified if the self-insurer can demonstrate through a reinsurance program, other than coverage provided by the workers' compensation reinsurance association, that it can pay expected~~

~~losses without endangering the financial stability of the company.~~ *Each individual self-insurer's net worth, as presented on its audited balance sheet filed with the department of commerce, shall equal at least ten percent of the entity's total assets and shall equal at least ten times the retention level selected with the workers' compensation reinsurance association.*

Sec. 4. Minnesota Statutes 1990, section 79A.03, subdivision 4, is amended to read:

Subd. 4. [ASSETS, NET WORTH, AND LIQUIDITY.] *(a)* Each individual self-insurer shall have and maintain sufficient assets, net worth, and liquidity to promptly and completely meet all of its obligations that may arise under chapter 176 or this chapter. In determining whether a self-insurer meets this requirement, the commissioner shall consider the self-insurer's current ratio; its long-term and short-term debt to equity ratios; its net worth; financial characteristics of the particular industry in which the self-insurer is involved; any recent changes in the management and ownership of the ~~company~~ *self-insurer*; any excess insurance purchased by the self-insurer from a licensed company or an authorized surplus line carrier, other than excess insurance from the workers' compensation reinsurance association; any other financial data submitted to the commissioner by the ~~company~~ *self-insurer*; and the ~~company's~~ *self-insurer's* workers' compensation experience for the last four years. *Notwithstanding any other provision of this chapter, the commissioner may deny an application for self-insurance authority or terminate existing self-insurance authority if the applicant or self-insurer does not have sufficient assets, net worth, and liquidity to promptly and completely meet all of its self-insurance obligations.*

(b) An individual self-insurer must have had positive net income as shown on audited income statements filed with the department of commerce during three of the last five years and cumulatively over the five-year period. If the self-insurer has been in existence less than five years, it must have had cumulative net income during the period of existence and in the most recent year.

(c) An individual self-insurer must have had cash generated from operations as shown on the audited statements of cash flows filed with the department of commerce during three of the last five years and cumulatively over the five-year period. If the self-insurer has been in existence less than five years, it shall have had cumulative cash generated from operations during the period of existence and in the most recent year.

(d) No entity shall be admitted as an individual self-insurer, or be allowed to continue its self-insurance authority, if the audit report for the most recent year includes an explanatory paragraph stating that the auditor has concluded that there is substantial doubt about the entity's ability to continue as a going concern.

Sec. 5. Minnesota Statutes 1990, section 79A.03, subdivision 7, is amended to read:

Subd. 7. [FINANCIAL STANDARDS.] A group proposing to self-insure shall have and maintain:

(a) A combined net worth of all of the members of an amount at least equal to the greater of ten times the retention selected with the workers' compensation reinsurance association or one-third of the current annual modified premium of the members. ~~The requirements of this paragraph shall~~

~~be modified if the self-insurer can demonstrate that through excess insurance, other than coverage provided by the workers' compensation reinsurance association, it can pay expected losses.~~

(b) Sufficient assets, net worth, and liquidity to promptly and completely meet all obligations of its members under chapter 176 or this chapter. In determining whether a group is in sound financial condition, consideration shall be given to the combined net worth of the member companies; the consolidated long-term and short-term debt to equity ratios of the member companies; any excess insurance other than reinsurance with the workers' compensation reinsurance association, purchased by the group from an insurer licensed in Minnesota or from an authorized surplus line carrier; other financial data requested by the commissioner or submitted by the group; and the combined workers' compensation experience of the group for the last four years.

Sec. 6. Minnesota Statutes 1990, section 79A.03, subdivision 9, is amended to read:

Subd. 9. [FILING REPORTS.] (a) Incurred losses, paid and unpaid, specifying indemnity and medical losses by classification, payroll by classification, and current estimated outstanding liability for workers' compensation shall be reported to the commissioner by each self-insurer on a calendar year basis, in a manner and on forms available from the commissioner. Payroll information must be filed by April 1 of the following year, and loss information and total workers' compensation liability must be filed by August 1 of the following year.

(b) Each self-insurer shall, under oath, attest to the accuracy of each report submitted pursuant to paragraph (a). Upon sufficient cause, the commissioner shall require the self-insurer to submit a certified audit of payroll and claim records conducted by an independent auditor approved by the commissioner, based on generally accepted accounting principles and generally accepted auditing standards, and supported by an actuarial review and opinion of the future contingent liabilities. The basis for sufficient cause shall include the following factors: where the losses reported appear significantly different from similar types of businesses; where major changes in the reports exist from year to year, which are not solely attributable to economic factors; or where the commissioner has reason to believe that the losses and payroll in the report do not accurately reflect the losses and payroll of that employer. If any discrepancy is found, the commissioner shall require changes in the self-insurer's or workers' compensation service company record keeping practices.

(c) With the annual loss report due August 1, each self-insurer shall report to the commissioner any workers' compensation claim from the previous year where the full, undiscounted value is estimated to exceed $50,000, in a manner and on forms prescribed by the commissioner.

(d) Each individual self-insurer shall, within four months after the end of its fiscal year, annually file with the commissioner its latest 10K report required by the Securities and Exchange Commission. If an individual self-insurer does not prepare a 10K report, it shall file an annual certified financial statement, together with such other financial information as the commissioner may require to substantiate data in the financial statement.

(e) ~~Each group self-insurer shall, within four months after the end of the fiscal year for that group, annually file a statement showing the combined~~

~~net worth of its members based upon an accounting review performed by a certified public accountant, together with such other financial information the commissioner may require to substantiate data in the group's summary statement.~~ *Each member of the group shall, within four months after the end of each fiscal year for that group, file the most recent annual financial statement, reviewed by a certified public accountant in accordance with the Statements on Standards for Accounting and Review Services, Volume 2, the American Institute of Certified Public Accountants Professional Standards, or audited in accordance with generally accepted auditing standards, together with such other financial information the commissioner may require. In addition, the group shall file, within four months after the end of each fiscal year for that group, combining financial statements of the group members, compiled by a certified public accountant in accordance with the Statements on Standards for Accounting and Review Services, Volume 2, the American Institute of Certified Public Accountants Professional Standards. The combining financial statements shall include, but not be limited to, a balance sheet, income statement, statement of changes in net worth, and statement of cash flow. Each combining financial statement shall include a column for each individual group member along with a total column.*

Where a group has 50 or more members, the group shall file, in lieu of the combining financial statements, a combined financial statement showing only the total column for the entire group's balance sheet, income statement, statement of changes in net worth, and statement of cash flow. Additionally, the group shall disclose, for each member, the total assets, net worth, revenue, and income for the most recent fiscal year. The combining and combined financial statements may omit all footnote disclosures.

(f) In addition to the financial statements required by paragraphs (d) and (e), interim financial statements or 10Q reports required by the Securities and Exchange Commission may be required by the commissioner upon an indication that there has been deterioration in the self-insurer's financial condition, including a worsening of current ratio, lessening of net worth, net loss of income, the downgrading of the company's bond rating, or any other significant change that may adversely affect the self-insurer's ability to pay expected losses. Any self-insurer that files an 8K report with the Securities and Exchange Commission shall also file a copy of the report with the commissioner within 30 days of the filing with the Securities and Exchange Commission.

Sec. 7. Minnesota Statutes 1990, section 79A.04, subdivision 2, is amended to read:

Subd. 2. [MINIMUM DEPOSIT.] The minimum deposit is 110 percent of the private self-insurer's estimated future liability. Up to ten percent of that deposit may be used to secure payment of all administrative and legal costs relating to or arising from the employer's self-insuring. As used in this section, "private self-insurers' estimated future liability" means the private self-insurers' total of estimated future liability as determined by a member of the casualty actuarial society ~~every two years for nongroup member private self-insurers, and~~ every year for group member private self-insurers *and, for a nongroup member private self-insurer's authority to self-insure, every year for the first five years. After the first five years, the nongroup member's total shall be as determined by a member of the casualty actuarial society every two years, and each such actuarial study shall include a projection of future losses during the two-year period until the next scheduled actuarial study, less payments anticipated to be made during*

that time. Estimated future liability is determined by first taking the total amount of the self-insured's future liability of workers' compensation claims and then deducting the total amount which is estimated to be returned to the self-insurer from any specific excess insurance coverage, aggregate excess insurance coverage, and any supplementary benefits or second injury benefits which are estimated to be reimbursed by the special compensation fund. Supplementary benefits or second injury benefits will not be reimbursed by the special compensation fund unless the special compensation fund assessment pursuant to section 176.129 is paid and the reports required thereunder are filed with the special compensation fund. In the case of surety bonds, bonds shall secure administrative and legal costs in addition to the liability for payment of compensation reflected on the face of the bond. In no event shall the security be less than the last retention limit selected by the self-insurer with the workers' compensation reinsurance association. The posting or depositing of security pursuant to this section shall release all previously posted or deposited security from any obligations under the posting or depositing and any surety bond so released shall be returned to the surety. Any other security shall be returned to the depositor or the person posting the bond.

Sec. 8. Minnesota Statutes 1990, section 79A.06, subdivision 5, is amended to read:

Subd. 5. [PRIVATE EMPLOYERS WHO HAVE CEASED TO BE SELF-INSURED.] Private employers who have ceased to be private self-insurers shall discharge their continuing obligations to secure the payment of compensation which is accrued during the period of self-insurance, for purposes of Laws 1988, chapter 674, sections 1 to 21, by compliance with all of the following obligations of current certificate holders:

(1) Filing reports with the commissioner to carry out the requirements of this chapter;

(2) Depositing and maintaining a security deposit for accrued liability for the payment of any compensation which may become due, pursuant to chapter 176. However, if a private employer who has ceased to be a private self-insurer purchases an insurance policy from an insurer authorized to transact workers' compensation insurance in this state which provides coverage of all claims for compensation arising out of injuries occurring during the period the employer was self-insured, whether or not reported during that period, the policy will discharge the obligation of the employer to maintain a security deposit for the payment of the claims covered under the policy. The policy may not be issued by an insurer unless it has previously been approved as to form and substance by the commissioner; and

(3) Paying within 30 days all assessments of which notice is sent by the security fund, for a period of seven years from the last day its certificate of self-insurance was in effect. Thereafter, the private employer who has ceased to be a private self-insurer may either: (a) continue to pay within 30 days all assessments of which notice is sent by the security fund until it has no incurred liabilities for the payment of compensation arising out of injuries during the period of self-insurance; or (b) pay the security fund a cash payment equal to four percent of the net present value of all remaining incurred liabilities for the payment of compensation under sections 176.101 and 176.111 as certified by a member of the casualty actuarial society. Assessments shall be based on the benefits paid by the employer during the ~~last full~~ calendar year ~~of self-insurance on claims incurred during that year~~

immediately preceding the calendar year in which the employer's right to self-insure is terminated or withdrawn.

In addition to proceedings to establish liabilities and penalties otherwise provided, a failure to comply may be the subject of a proceeding before the commissioner. An appeal from the commissioner's determination may be taken pursuant to the contested case procedures of chapter 14 within 30 days of the commissioner's written determination.

Any current or past member of the self-insurers' security fund is subject to service of process on any claim arising out of chapter 176 or this chapter in the manner provided by section 303.13, subdivision 1, clause (3), or as otherwise provided by law. The issuance of a certificate to self-insure to the private self-insured employer shall be deemed to be the agreement that any process which is served in accordance with this section shall be of the same legal force and effect as if served personally within this state.

Sec. 9. [79A.071] [CUSTODIAL ACCOUNTS.]

Subdivision 1. [DEPOSIT.] *All securities shall be deposited with the state treasurer or in a custodial account with a depository institution acceptable to the state treasurer. Surety bonds shall be filed with the commissioner. The commissioner and the state treasurer may sell or collect, in the case of default of the employer or fund, the amount that yields sufficient funds to pay compensation due under the workers' compensation act.*

Subd. 2. [ASSIGNMENT.] *Securities in physical form deposited with the state treasurer must bear the following assignment, which shall be signed by an officer, partner, or owner: "Assigned to the state of Minnesota for the benefit of injured employees of the self-insured employer under the Minnesota workers' compensation act." Any securities held in a custodial account, whether in physical form, book entry, or other form, need not bear the assignment language. The instrument or contract creating and governing any custodial account must contain the following assignment language: "This account is assigned to the state treasurer by the Company to pay compensation and perform the obligations of employers imposed under Minnesota Statutes, chapter 176. A depositor or other party has no right, title, or interest in the security deposited in the account until released by the state."*

Subd. 3. [CUSTODY.] *All securities in physical form on deposit with the state treasurer and surety bonds on deposit shall remain in the custody of the state treasurer or the commissioner for a period of time dictated by the applicable statute of limitations provided in the workers' compensation act. All original instruments and contracts creating and governing custodial accounts shall remain with the state treasurer or the commissioner for a period of time dictated by the applicable statute of limitations provided in the workers' compensation act.*

Subd. 4. [RELEASE.] *No securities in physical form on deposit with the state treasurer or custodial accounts assigned to the state shall be released without an order from the commissioner.*

Subd. 5. [EXCHANGING OR REPLACING.] *Any securities deposited with the state treasurer or with a custodial account assigned to the state treasurer or surety bonds held by the commissioner may be exchanged or replaced by the depositor with other acceptable securities or surety bonds of like amount so long as the market value of the securities or amount of the surety bond equals or exceeds the amount of deposit required. If securities*

are replaced by a surety bond, the self-insurer must maintain securities on deposit in an amount sufficient to meet all outstanding workers' compensation liability arising during the period covered by the deposit of the replaced securities, subject to the limitations on maximum security deposits established in Minnesota Rules.

Sec. 10. [REPEALER.]

Minnesota Rules, part 2780.0400, subparts 2, 3, 6, 7, and 8, are repealed.

Sec. 11. [EFFECTIVE DATE.]

Sections 1 to 10 are effective August 1, 1992. For self-insurers that have Minnesota self-insurance authority on August 1, 1992, section 4, paragraphs (b), (c), and (d), are effective August 1, 1995.

ARTICLE 6

INSURANCE REGULATION

Section 1. Minnesota Statutes 1990, section 79.58, is amended by adding a subdivision to read:

Subd. 3. [FLEX RATING.] *(a) Whenever an insurer files a change in its existing rate level that is greater than eight percent in a 12-month period, the commissioner may hold a hearing to determine if the rate is excessive. The hearing must be conducted as provided under chapter 14. The commissioner shall give notice of intent to hold a hearing within 60 days of the filing of the change. The commissioner of labor and industry may appear as an interested party at the hearing. At the hearing, the insurer has the responsibility of showing the rate is not excessive. The rate is effective unless it is determined as a result of the hearing that the rate is excessive. The disapproval of a rate under this subdivision must be done in the same manner as provided under section 70A.11.*

(b) This subdivision applies only to changes resulting from an insurer's utilization of either (1) the pure premium base rate level filed by any data service organization plus the insurer's loading for expenses and profit, or (2) the insurer's own filed rate levels. This subdivision does not apply to any changes resulting from assessments for the assigned risk plan, reinsurance association, guarantee fund, special compensation fund, benefit level changes, or other rates or rating plans utilized by an insurer."

Subdivision 1. [AMOUNT OF ADJUSTMENT.] Each year state aids and credits enumerated in subdivision 2 payable to any school district, education district, or secondary vocational cooperative for that fiscal year shall be adjusted, in the order listed, by an amount equal to (1) the amount the district, education district, or secondary vocational cooperative recognized as revenue for the prior fiscal year pursuant to section 121.904, subdivision 4a, clause (b), plus revenue recognized according to section 121.904, subdivision 4e, minus (2) the amount the district recognizes as revenue for the current fiscal year pursuant to section 121.904, subdivision 4a, clause (b), plus revenue recognized according to section 121.904, subdivision 4e. For the purposes of making the aid adjustment under this subdivision, the amount the district recognizes as revenue for either the prior fiscal year or the current fiscal year pursuant to section 121.904, subdivision 4a, clause (b), plus revenue recognized according to section 121.904, subdivision 4e, shall not include any amount levied pursuant to ~~section~~ *sections* 124A.03, subdivision 2, *and 275.125, subdivisions 5, 6e, 6i, 6k, and 24; article 6, sections 29 and 36; article 12, section 25; and section 20 of this article.* Payment from the permanent school fund shall not be adjusted pursuant to this section. The school district shall be notified of the amount of the adjustment made to each payment pursuant to this section.

Sec. 7. Minnesota Statutes 1991 Supplement, section 124.195, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] (a) The term "other district receipts" means payments by county treasurers pursuant to section 276.10, apportionments from the school endowment fund pursuant to section 124.09, apportionments by the county auditor pursuant to section 124.10, subdivision 2, and payments to school districts by the commissioner of revenue pursuant to chapter 298.

(b) The term "cumulative amount guaranteed" means the sum of the following:

(1) one-third of the final adjustment payment according to subdivision 6; plus

(2) the product of

(i) the cumulative disbursement percentage shown in subdivision 3; times

(ii) the sum of

85 percent of the estimated aid and credit entitlements paid according to subdivision 10; plus

100 percent of the entitlements paid according to subdivisions 8 and 9; plus

the other district receipts; plus

the final adjustment payment according to subdivision 6.

(c) The term "payment date" means the date on which state payments to school districts are made by the electronic funds transfer method. If a payment date falls on a Saturday, ~~the payment shall be made on the immediately preceding business day. If a payment date falls on~~ a Sunday, ~~the payment shall be made on the immediately following business day. If a~~

~~payment date falls on~~ *or* a weekday which is a legal holiday, the payment shall be made on the immediately ~~preceding~~ *following* business day. The commissioner of education may make payments on dates other than those listed in subdivision 3, but only for portions of payments from any preceding payment dates which could not be processed by the electronic funds transfer method due to documented extenuating circumstances.

Sec. 8. Minnesota Statutes 1991 Supplement, section 124.195, subdivision 3a, is amended to read:

Subd. 3a. [APPEAL.] The commissioner *in consultation with the commissioner of finance* may revise the payment dates and percentages in subdivision 3 for a district if it is determined that there is an emergency or there are serious cash flow problems in the district that cannot be resolved by issuing warrants or other forms of indebtedness *or if the commissioner determines that excessive short-term borrowing costs will be incurred by a district, because of the increase in the levy recognition percentage from 37 percent to 50 percent according to sections 1 and 2, and the district can document substantial harm to instructional programs due to these costs.* The commissioner shall establish a process and criteria for school districts to appeal the payment dates and percentages established in subdivision 3.

Sec. 9. [124.197] [SHORT-TERM BORROWING COST REIMBURSEMENT AID.]

Subdivision 1. [FROM 1993 AND THEREAFTER.] *Beginning in fiscal year 1993, the commissioner of education shall pay aid to eligible school districts to reimburse them for costs of short-term borrowing.*

Subd. 2. [DOCUMENTATION.] *Short-term borrowing cost reimbursement aid shall only be paid to a school district providing documentation to the commissioner of education demonstrating that it engaged in short-term borrowing during the fiscal year for which it is requesting reimbursement. The commissioner shall determine and define specific data that districts must provide and establish the due date for submission. Any district not submitting required data by the due date will be excluded from the aid calculations for that year.*

Subd. 3. [DEFINITION.] *For purposes of this section, "cash need" equals the difference between estimated cumulative expenditures and estimated cumulative receipts calculated in a manner consistent with sections 124.155 and 124.195, less the amount of cash balance determined according to section 124.196.*

Subd. 4. [COMPUTATION.] *The maximum short-term borrowing cost reimbursement aid for a fiscal year shall be the smaller of:*

(1) documented short-term borrowing costs; or

(2) the sum of the products of:

(i) a semimonthly short-term borrowing interest rate estimated by the commissioner of finance, times

(ii) the positive semimonthly differences between:

(a) the cash need estimated in a manner consistent with sections 124.155 and 124.195, assuming the revenue recognition percent specified in section 121.904, subdivisions 4a and 4e, is 50 percent; and the schedules and criteria for aid and credit payments in section 124.195; and

(b) the cash need estimated in a manner consistent with sections 124.155 and 124.195, assuming the revenue recognition percent specified in section 121.904, subdivision 4a, is 37 percent; the schedules and criteria for aid and credit payments in section 124.195. The cash need calculations required for determining the short-term borrowing cost reimbursement aid are to be based on the data used in accordance with the state aid payment calculations required by section 124.195 for the May 30 payment period. The commissioner of education may adjust the May 30 data for updated information as is appropriate.

Subd. 5. [PAYMENT.] *The short-term borrowing cost reimbursement aid shall be paid in full to eligible districts on or before June 30 of each fiscal year.*

Subd. 6. [APPROPRIATION.] *There is annually appropriated to the commissioner of education the amount needed to pay short-term borrowing cost reimbursement aid as established in this section.*

Sec. 10. [124A.029] [REFERENDUM AND DESEGREGATION REVENUE CONVERSION.]

Subdivision 1. [REVENUE CONVERSION.] *Except as provided under subdivision 4, the referendum authority under section 124A.03 and the levy authority under section 275.125, subdivisions 6e and 6i, of a school district must be converted by the department according to this section.*

Subd. 2. [ADJUSTMENT RATIO.] *For assessment years 1991, 1992, and 1993, the commissioner of revenue must determine for each school district a ratio equal to:*

(1) the net tax capacity for taxable property in the district determined by applying the property tax class rates for assessment year 1990 to the market values of taxable property for each assessment year, divided by

(2) the net tax capacity of the district for the assessment year.

Subd. 3. [RATE ADJUSTMENT.] *The department shall adjust a school district's referendum authority for a referendum approved before July 1, 1991, excluding authority based on a dollar amount, and the levy authority under section 275.125, subdivisions 6e and 6i, by multiplying the sum of the rates authorized by a district under section 124A.03 and the rates in section 275.125, subdivisions 6e and 6i, by the ratio determined under subdivision 2 for the assessment year for which the revenue is attributable. The adjusted rates for assessment year 1993 shall apply to later years for which the revenue is authorized.*

Subd. 4. [PER PUPIL REVENUE OPTION.] *A district may, by school board resolution, request that the department convert the levy authority under section 275.125, subdivisions 6e and 6i, or its current referendum revenue, excluding authority based on a dollar amount, authorized before July 1, 1991, to an allowance per pupil. The district must adopt a resolution and submit a copy of the resolution to the department by July 1, 1992. The department shall convert a district's revenue for fiscal year 1994 and later years as follows: the revenue allowance equals the amount determined by dividing the district's maximum revenue under section 124A.03 or 275.125, subdivisions 6e and 6i, for fiscal year 1993 by the district's 1992-1993 actual pupil units. A district's maximum revenue for all later years for which the revenue is authorized equals the revenue allowance times the district's actual pupil units for that year. If a district has referendum authority under*

section 124A.03 and levy authority under section 275.125, subdivisions 6e and 6i, and the district requests that each be converted, the department shall convert separate revenue allowances for each. However, if a district's referendum revenue is limited to a dollar amount, the maximum revenue under section 124A.03 must not exceed that dollar amount. If the referendum authority of a district is converted according to this subdivision, the authority expires July 1, 1997, unless it is scheduled to expire sooner.

Sec. 11. Minnesota Statutes 1991 Supplement, section 124A.03, subdivision 1c, is amended to read:

Subd. 1c. [REFERENDUM ALLOWANCE LIMIT.] Notwithstanding subdivision 1b, a district's referendum allowance must not exceed the greater of:

(1) the district's referendum allowance for fiscal year 1992; ~~or~~

(2) *the district's referendum allowance for fiscal year 1993;*

(3) ~~35~~ *30* percent of the formula allowance for ~~that~~ *the* fiscal year *for which it is attributable; or*

(4) for a district that held a successful referendum levy election in calendar year 1991, 35 percent of the formula allowance for the fiscal year to which it is attributable.

Sec. 12. Minnesota Statutes 1991 Supplement, section 124A.03, subdivision 2, is amended to read:

Subd. 2. [REFERENDUM REVENUE.] (a) The revenue authorized by section 124A.22, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. *The referendum shall be conducted during the calendar year before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year.* Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased revenue per actual pupil unit, the estimated ~~net tax capacity~~ *referendum tax* rate *as a percentage of market value* in the first year it is to be levied, and that the revenue shall be used to finance school operations. The ballot may state that existing *referendum* levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring *referendum levy* authority. The ballot shall designate the specific number of years, not to exceed five, for which the referendum authorization shall apply. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of . . . . . , School District No. . . . . , be approved?"

If approved, an amount equal to the approved revenue per actual pupil unit times the actual pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The school board shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the referendum to each taxpayer at the address listed on the school district's current year's assessment roll, a notice of the referendum and the proposed revenue increase. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy, if any, in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the levy amount must be based upon the dollar amount, local tax rate, or amount per actual pupil unit, that was stated to be the basis for the initial authorization. Revenue approved by the voters of the district pursuant to paragraph (a) must be received at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the school district on the day the petition is filed with the school board. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days prior to the day of the referendum, the district shall submit a copy of the notice required under paragraph (b) to the commissioner of education. Within 15 days after the results of the referendum have been certified by the school board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district shall notify the commissioner of education of the results of the referendum.

(g) Any referendum under this section held on a day other than the first Tuesday after the first Monday in November must be conducted by mail in accordance with section 204B.46. Notwithstanding paragraph (b) to the contrary, in the case of a referendum conducted by mail under this paragraph, the notice required by paragraph (b) shall be prepared and delivered by first class

mail at least 20 days before the referendum.

Sec. 13. Minnesota Statutes 1991 Supplement, section 124A.03, subdivision 2a, is amended to read:

Subd. 2a. [SCHOOL REFERENDUM LEVY; MARKET VALUE.] Notwithstanding the provisions of subdivision 2, a school referendum levy approved after November 1, 1992, for taxes payable in 1993 and thereafter, shall be levied against the market value of all taxable property. Any referendum levy amount subject to the requirements of this subdivision shall be certified separately to the county auditor under section 275.07.

~~The ballot shall state the maximum amount of the increased levy as a percentage of market value, the amount that will be raised by that new school referendum tax rate in the first year it is to be levied, and that the new school referendum tax rate shall be used to finance school operations.~~

~~If approved, the amount provided by the new school referendum tax rate applied to the market value for the year preceding the year the levy is certified, shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.~~

All other provisions of subdivision 2 that do not conflict with this subdivision shall apply to referendum levies under this subdivision.

Sec. 14. Minnesota Statutes 1991 Supplement, section 124A.03, is amended by adding a subdivision to read:

Subd. 2b. [REFERENDUM DATE.] *In addition to the referenda allowed in subdivision 2, clause (g), the commissioner may authorize a referendum for a different day.*

(a) The commissioner may grant authority to a district to hold a referendum on a different day if the district is in statutory operating debt and has an approved plan or has received an extension from the department to file a plan to eliminate the statutory operating debt.

(b) The commissioner must approve, deny, or modify each district's request for a referendum levy on a different day within 60 days of receiving the request from a district.

Sec. 15. Minnesota Statutes 1991 Supplement, section 124A.23, subdivision 1, is amended to read:

Subdivision 1. [GENERAL EDUCATION TAX RATE.] The commissioner of revenue shall establish the general education tax rate and certify it to the commissioner of education by July 1 of each year for levies payable in the following year. The general education tax capacity rate shall be a rate, rounded up to the nearest tenth of a percent, that, when applied to the adjusted net tax capacity for all districts, raises the amount specified in this subdivision. The general education tax rate shall be the rate that raises $916,000,000 for fiscal year 1993 and ~~$961,800,000~~ *$969,800,000* for fiscal year 1994 and later fiscal years. The general education tax rate certified by the commissioner of revenue may not be changed due to changes or corrections made to a district's adjusted net tax capacity after the tax rate has been certified.

Sec. 16. Minnesota Statutes 1991 Supplement, section 124A.26, subdivision 1, is amended to read:

Subdivision 1. [REVENUE REDUCTION.] A district's general education revenue for a school year shall be reduced if the estimated net unappropriated operating fund balance as of June 30 in the prior school year exceeds $600 times the fund balance pupil units in the prior year. For purposes of this subdivision ~~only~~ *and section 124.243, subdivision 2*, fund balance pupil units means the number of resident pupil units in average daily membership, including shared time pupils, according to section 124A.02, subdivision 20, plus

(1) pupils attending the district for which general education aid adjustments are made according to section 124A.036, subdivision 5; minus

(2) the sum of the resident pupils attending other districts for which general education aid adjustments are made according to section 124A.036, subdivision 5, plus pupils for whom payment is made according to section 126.22, subdivision 8, or 126.23. The amount of the reduction shall equal the lesser of:

(1) the amount of the excess, or

(2) $150 times the actual pupil units for the school year.

The final adjustment payments made under section 124.195, subdivision 6, must be adjusted to reflect actual net operating fund balances as of June 30 of the prior school year.

Sec. 17. Minnesota Statutes 1990, section 124A.26, is amended by adding a subdivision to read:

Subd. 1a. [ALTERNATIVE REDUCTION CALCULATION.] *For any district where the ratio of (1) the number of nonpublic students ages 5 to 18, according to the report required under section 120.102, to (2) the total number of residents in the district ages 5 to 18 as counted according to the annual fall school census is greater than 40 percent, the district's net unappropriated operating fund balance for that year for the purpose of calculating the fund balance reduction under this section is equal to the sum of the district's net unappropriated fund balance in the general, transportation, and food service funds.*

Sec. 18. Minnesota Statutes 1991 Supplement, section 124A.29, subdivision 1, is amended to read:

Subdivision 1. [STAFF DEVELOPMENT AND PARENTAL INVOLVEMENT PROGRAMS.] (a) Of a district's basic revenue under section 124A.22, subdivision 2, an amount equal to $15 times the number of actual pupil units shall be reserved and may be used only to provide staff time for ~~peer review under section 125.12 or 125.17 or~~ staff development programs ~~for~~, *including* outcome-based education, ~~according to~~ *under* section 126.70, subdivisions 1 and 2a. ~~Staff development revenue may be used only for staff time for peer review or outcome-based education activities.~~ The school board shall determine the staff development activities to provide, the manner in which they will be provided, and the extent to which other local funds may be used to supplement staff development activities ~~that implement outcome-based education~~.

(b) Of a district's basic revenue under section 124A.22, subdivision 2, an amount equal to $5 times the number of actual pupil units must be reserved and may be used only to provide parental involvement programs that implement section 124C.61. *A district may use up to $1 of the $5 times the number of actual pupil units for promoting parental involvement in the PER process.*

Sec. 19. Minnesota Statutes 1991 Supplement, section 126.70, is amended to read:

126.70 [STAFF DEVELOPMENT PLAN.]

Subdivision 1. [ELIGIBILITY FOR REVENUE.] A school board may use the revenue authorized in section 124A.29 ~~for staff time for peer review under section 125.12 or 125.17, or~~ if it establishes ~~an outcome-based~~ *a* staff development advisory committee and adopts a staff development plan ~~on outcome-based education according to~~ *under* this subdivision. A majority of the advisory committee must be teachers representing various grade levels and subject areas. The advisory committee must also include parents and administrators. The advisory committee shall develop a staff development plan ~~containing proposed outcome-based education activities and~~ *that includes* related expenditures and shall submit the plan to the school board. If the school board approves the plan, the district may use the staff development revenue authorized in section 124A.29. ~~Copies of approved plans must be submitted to the commissioner.~~ *Districts must submit approved plans to the commissioner.*

Subd. 2. [CONTENTS OF THE PLAN.] The plan may include:

(1) procedures the district will use to analyze ~~outcome-based~~ education needs;

(2) facilitate organizational changes by enabling a site-based team composed of pupils, parents, school personnel, and community members to address pupils' needs ~~through outcome-based education~~;

(3) develop programs to increase pupils' educational progress by developing appropriate outcomes and personal learning ~~plans~~ *goals* and by encouraging pupils and their parents to assume responsibility for their education;

(4) design and develop ~~outcome-based education~~ programs containing various instructional opportunities that recognize pupils' individual needs and utilize family and community resources;

(5) evaluate the effectiveness of ~~outcome-based~~ education policies, processes, and products through appropriate evaluation procedures that include multiple criteria and indicators; and

(6) provide staff time for peer review of probationary, continuing contract, and nonprobationary teachers.

Sec. 20. [LOW FUND BALANCE LEVY.]

(a) For 1992 taxes payable in 1993, a district meeting the qualifications in paragraph (b) may levy an amount not to exceed $40 times the number

of actual pupil units in the district in fiscal year 1993.

(b) a district qualifies for a levy under this section if:

(1) its net unappropriated operating fund balance on June 30, 1991, divided by its actual pupil units for fiscal year 1993 is less than $85;

(2) its adjusted net tax capacity used to compute fiscal year 1993 general education revenue divided by its fiscal year 1993 actual pupil units is less than $2,100; and

Sec. 21. [APPROPRIATION REDUCTIONS.]

For fiscal year 1993, appropriations to the department of education in Laws 1991, chapter 265, and appropriations for any property tax aid or credit paid to school districts from the state's general fund pursuant to Minnesota Statutes, chapter 273, shall be reduced by a combined total of $182,700,000 in a manner consistent with Minnesota Statutes, section 124.155, subdivision 2.

Sec. 22. [LEVY RECOGNITION DIFFERENCES.]

For each school district that levies under Minnesota Statutes, section 124A.03, the commissioner of education shall calculate the difference between:

(1) the amount of the levy, under Minnesota Statutes, section 124A.03, that is recognized as revenue for fiscal year 1993 according to section 1; and

(2) the amount of the levy, under Minnesota Statutes, section 124A.03, that would have been recognized as revenue for fiscal year 1993 had the percentage according to section 1 not been increased.

The commissioner shall reduce other aids due the district by the amount of the difference.

Sec. 23. [BORROWING AGAINST LEVIES.]

The limit for borrowing money upon negotiable tax anticipation certificates of indebtedness, according to Minnesota Statutes, section 124.73, subdivision 1, is increased from 50 to 75 percent for certificates or warrants issued before July 1, 1993.

ARTICLE 2

TRANSPORTATION

Section 1. Minnesota Statutes 1990, section 123.39, subdivision 8d, is amended to read:

Subd. 8d. School districts may provide bus transportation along regular school bus routes when space is available for participants in early childhood family education programs *and learning readiness program* if these services do not result in an increase in the district's expenditures for transportation. The costs allocated to these services, as determined by generally accepted accounting principles, shall be considered part of the authorized cost for regular transportation for the purposes of section 124.225.

Sec. 2. Minnesota Statutes 1990, section 275.125, is amended by adding a subdivision to read:

Subd. 5i. [TRANSPORTATION LEVY FOR LATE ACTIVITY BUS.] *(a) A school district may levy an amount equal to the lesser of:*

(1) the actual cost of late transportation home from school, between schools within a district, or between schools in one or more districts that have an agreement under sections 122.241 to 122.248, 122.535, 122.541, or 124.494, for pupils involved in after school activities for the school year beginning in the year the levy is certified; or

(2) two percent of the district's regular transportation revenue for that school year according to section 124.225, subdivision 7d, paragraph (a).

(b) A district that levies under this section must provide late transportation home from school for students participating in any academic-related activities provided by the district if transportation is provided for students participating in athletic activities.

(c) A district may levy under this subdivision only if the district provided late transportation home from school during fiscal year 1991.

ARTICLE 3

SPECIAL PROGRAMS

Section 1. Minnesota Statutes 1990, section 120.17, subdivision 2, is amended to read:

Subd. 2. [METHOD OF SPECIAL INSTRUCTION.] *(a)* Special instruction and services for handicapped children must be based on the assessment and individual education plan. The instruction and services may be provided by one or more of the following methods:

~~(a)~~ *(1)* connection with attending regular elementary and secondary school classes;

~~(b)~~ *(2)* establishment of special classes;

~~(c)~~ *(3)* at the home or bedside of the child;

~~(d)~~ *(4)* in other districts;

~~(e)~~ *(5)* instruction and services by special education cooperative centers established under this section, or in another member district of the cooperative center to which the resident district of the handicapped child belongs;

~~(f)~~ *(6)* in a state residential school or a school department of a state

institution approved by the commissioner;

~~(g)~~ *(7)* in other states;

~~(h)~~ *(8)* by contracting with public, private or voluntary agencies;

~~(i)~~ *(9)* for children under age five and their families, programs and services established through collaborative efforts with other agencies;

~~(j)~~ *(10)* for children under age five and their families, programs in which handicapped children are served with nonhandicapped children; and

~~(k)~~ *(11)* any other method approved by the commissioner.

(b) Preference shall be given to providing special instruction and services to children under age three and their families in the residence of the child with the parent or primary caregiver, or both, present.

(c) The primary responsibility for the education of a handicapped child shall remain with the district of the child's residence regardless of which method of providing special instruction and services is used. The district of residence must inform the parents of the child about the methods of instruction that are available.

(d) Paragraphs (e) to (i) may be cited as the "blind persons' literacy rights and education act."

(e) The following definitions apply to paragraphs (f) to (i).

"Blind student" means an individual who is eligible for special educational services and who:

(1) has a visual acuity of 20/200 or less in the better eye with correcting lenses or has a limited field of vision such that the widest diameter subtends an angular distance of no greater than 20 degrees; or

(2) has a medically indicated expectation of visual deterioration.

"Braille" means the system of reading and writing through touch commonly known as standard English Braille.

"Individualized education plan" means a written statement developed for a student eligible for special education and services pursuant to this section and section 602(a)(20) of part A of the Individuals with Disabilities Education Act, 20 United States Code, section 1401(a).

(f) In developing an individualized education plan for each blind student the presumption must be that proficiency in Braille reading and writing is essential for the student to achieve satisfactory educational progress. The assessment required for each student must include a Braille skills inventory, including a statement of strengths and deficits. Braille instruction and use are not required by this paragraph if, in the course of developing the student's individualized education program, team members concur that the student's visual impairment does not affect reading and writing performance commensurate with ability. This paragraph does not require the exclusive use of Braille if other special education services are appropriate to the student's educational needs. The provision of other appropriate services does not preclude Braille use or instruction. Instruction in Braille reading and writing shall be available for each blind student for whom the multidisciplinary team has determined that reading and writing is appropriate.

(g) Instruction in Braille reading and writing must be sufficient to enable each blind student to communicate effectively and efficiently with the same

level of proficiency expected of the student's peers of comparable ability and grade level.

(h) The student's individualized education plan must specify:

(1) the results obtained from the assessment required under paragraph (f);

Subd. 3a. [SCHOOL DISTRICT OBLIGATIONS.] Every district shall ensure that:

(1) all ~~handicapped children~~ *students with disabilities* are provided the special instruction and services which are appropriate to their needs. The student's needs and the special education instruction and services to be provided shall be agreed upon through the development of an individual education plan. The plan shall address the student's need to develop skills to live and work as independently as possible within the community. By grade 9 or age 14, the plan shall address the student's needs for transition from secondary services to post-secondary education and training, employment, ~~and~~ community *participation, recreation, and leisure and home* living. *The plan must include a statement of the needed transition services, including a statement of the interagency responsibilities or linkages or both before secondary services are concluded*;

(2) handicapped children under age five and their families are provided special instruction and services appropriate to the child's level of functioning and needs;

(3) handicapped children and their parents or guardians are guaranteed procedural safeguards and the right to participate in decisions involving identification, assessment and educational placement of handicapped

children;

(4) to the maximum extent appropriate, handicapped children, including those in public or private institutions or other care facilities, are educated with children who are not handicapped, and that special classes, separate schooling, or other removal of handicapped children from the regular educational environment occurs only when and to the extent that the nature or severity of the handicap is such that education in regular classes with the use of supplementary services cannot be achieved satisfactorily;

(5) in accordance with recognized professional standards, testing and evaluation materials, and procedures utilized for the purposes of classification and placement of handicapped children are selected and administered so as not to be racially or culturally discriminatory; and

(6) the rights of the child are protected when the parents or guardians are not known or not available, or the child is a ward of the state.

Sec. 3. Minnesota Statutes 1991 Supplement, section 120.17, subdivision 3b, is amended to read:

Subd. 3b. [PROCEDURES FOR DECISIONS.] Every district shall utilize at least the following procedures for decisions involving identification, assessment, and educational placement of handicapped children:

(a) Parents and guardians shall receive prior written notice of:

(1) any proposed formal educational assessment or proposed denial of a formal educational assessment of their child;

(2) a proposed placement of their child in, transfer from or to, or denial of placement in a special education program; or

(3) the proposed provision, addition, denial or removal of special education services for their child;

(b) The district shall not proceed with the initial formal assessment of a child, the initial placement of a child in a special education program, or the initial provision of special education services for a child without the prior written consent of the child's parent or guardian. The refusal of a parent or guardian to consent may be overridden by the decision in a hearing held pursuant to clause (e) at the district's initiative;

(c) Parents and guardians shall have an opportunity to meet with appropriate district staff in at least one conciliation conference if they object to any proposal of which they are notified pursuant to clause (a). The conciliation process shall not be used to deny or delay a parent or guardian's right to a due process hearing. If the parent or guardian refuses efforts by the district to conciliate the dispute with the school district, the requirement of an opportunity for conciliation shall be deemed to be satisfied;

(d) The commissioner shall establish a mediation process to assist parents, school districts, or other parties to resolve disputes arising out of the identification, assessment, or educational placement of handicapped children. The mediation process must be offered as an informal alternative to the due process hearing provided under clause (e), but must not be used to deny or postpone the opportunity of a parent or guardian to obtain a due process hearing.

(e) Parents, guardians, and the district shall have an opportunity to obtain an impartial due process hearing initiated and conducted by and in the

school district responsible for assuring that an appropriate program is provided in accordance with state board rules, if the parent or guardian continues to object to:

(1) a proposed formal educational assessment or proposed denial of a formal educational assessment of their child;

(2) the proposed placement of their child in, or transfer of their child to a special education program;

(3) the proposed denial of placement of their child in a special education program or the transfer of their child from a special education program;

(4) the proposed provision or addition of special education services for their child; or

(5) the proposed denial or removal of special education services for their child.

At least five calendar days before the hearing, the objecting party shall provide the other party with a brief written statement of the objection and the reasons for the objection.

The hearing shall take place before an impartial hearing officer mutually agreed to by the school board and the parent or guardian. If the school board and the parent or guardian are unable to agree on a hearing officer, the school board shall request the commissioner to appoint a hearing officer. The hearing officer shall not be a school board member or employee of the school district where the child resides or of the child's school district of residence, an employee of any other public agency involved in the education or care of the child, or any person with a personal or professional interest which would conflict with the person's objectivity at the hearing. A person who otherwise qualifies as a hearing officer is not an employee of the district solely because the person is paid by the district to serve as a hearing officer. If the hearing officer requests an independent educational assessment of a child, the cost of the assessment shall be at district expense. The proceedings shall be recorded and preserved, at the expense of the school district, pending ultimate disposition of the action.

(f) The decision of the hearing officer pursuant to clause (e) shall be rendered not more than 45 calendar days from the date of the receipt of the request for the hearing. A hearing officer may grant specific extensions of time beyond the 45-day period at the request of either party. The decision of the hearing officer shall be binding on all parties unless appealed to the hearing review officer by the parent, guardian, or the school board of the district where the child resides pursuant to clause (g).

The local decision shall:

(1) be in writing;

(2) state the controlling facts upon which the decision is made in sufficient detail to apprise the parties and the hearing review officer of the basis and reason for the decision;

(3) state whether the special education program or special education services appropriate to the child's needs can be reasonably provided within the resources available to the responsible district or districts;

(4) state the amount and source of any additional district expenditure necessary to implement the decision; and

(5) be based on the standards set forth in subdivision 3a and the rules of the state board.

(g) Any local decision issued pursuant to clauses (e) and (f) may be appealed to the hearing review officer within 30 calendar days of receipt of that written decision, by the parent, guardian, or the school board of the district responsible for assuring that an appropriate program is provided in accordance with state board rules.

If the decision is appealed, a written transcript of the hearing shall be made by the school district and shall be accessible to the parties involved within five calendar days of the filing of the appeal. The hearing review officer shall issue a final independent decision based on an impartial review of the local decision and the entire record within ~~60~~ *30* calendar days after the filing of the appeal. The hearing review officer shall seek additional evidence if necessary and may afford the parties an opportunity for written or oral argument; provided any hearing held to seek additional evidence shall be an impartial due process hearing but shall be deemed not to be a contested case hearing for purposes of chapter 14. The hearing review officer may grant specific extensions of time beyond the 30-day period at the request of any party.

The final decision shall:

(1) be in writing;

(2) include findings and conclusions; and

(3) be based upon the standards set forth in subdivision 3a and in the rules of the state board.

(h) The decision of the hearing review officer shall be final unless appealed by the parent or guardian or school board to the court of appeals. The judicial review shall be in accordance with chapter 14.

(i) The commissioner of education shall select an individual who has the qualifications enumerated in this paragraph to serve as the hearing review officer:

(1) the individual must be knowledgeable and impartial;

(4) the individual must not have been involved in the selection of the administrators of the district that is a party to the hearing;

(5) the individual must not have a personal, economic, or professional interest in the outcome of the hearing other than the proper administration of the federal and state laws, rules, and policies;

(6) the individual must not have substantial involvement in the development of a state or local policy or procedures that are challenged in the appeal; and

(7) the individual is not a current employee or board member of a Minnesota public school district, education district, intermediate unit or regional education agency, the state department of education, the state board of education, or a parent advocacy organization or group.

(j) In all appeals, the parent or guardian of the handicapped student or the district that is a party to the hearing may challenge the impartiality or competence of the proposed hearing review officer by applying to the state board of education.

(k) Pending the completion of proceedings pursuant to this subdivision, unless the district and the parent or guardian of the child agree otherwise, the child shall remain in the child's current educational placement and shall not be denied initial admission to school.

(l) The child's school district of residence, a resident district, and providing district shall receive notice of and may be a party to any hearings or appeals under this subdivision.

EARLY CHILDHOOD, COMMUNITY, AND ADULT EDUCATION

Section 1. Minnesota Statutes 1991 Supplement, section 123.702, subdivision 1, is amended to read:

Subdivision 1. Every school board shall provide for a mandatory program of early childhood developmental screening for children who are four years old and older but who have not entered kindergarten or first grade in a public school. This screening program shall be established either by one board, by two or more boards acting in cooperation, by educational cooperative service units, by early childhood family education programs, or by other existing programs. This screening examination is a mandatory ~~prerequisite to enrolling~~ *requirement for* a student *to* ~~in~~ *continue attending* kindergarten or first grade in a public school. A child need not submit to developmental screening provided by a school board if the child's health records indicate to the school board that the child has received comparable developmental screening from a public or private health care organization or individual health care provider. The school districts are encouraged to reduce the costs of preschool developmental screening programs by utilizing volunteers in implementing the program.

Sec. 2. Minnesota Statutes 1991 Supplement, section 123.702, subdivision 1a, is amended to read:

Subd. 1a. A child must not be enrolled ~~in this state~~ in *kindergarten or first grade in* a public school ~~until~~ *unless* the parent or guardian of the child submits to the school principal or other person having general control and supervision of the school a record indicating the months and year the child received developmental screening and the results of the screening *not later*

than 30 days after the first day of attendance. If a child is transferred from one kindergarten to another or from one first grade to another, the parent or guardian of the child must be allowed 30 days to submit the child's record, during which time the child may attend school.

Sec. 3. Minnesota Statutes 1991 Supplement, section 123.702, subdivision 1b, is amended to read:

Subd. 1b. *(a)* A screening program shall include at least the following components: developmental assessments, hearing and vision screening or referral, immunization review and referral, *the child's height and weight*, review of any special family circumstances that might affect development, identification of additional risk factors that may influence learning, an interview with the parent about the child, and referral for assessment, diagnosis, and treatment when potential needs are identified. *The school district and the person performing or supervising the screening shall provide a parent or guardian with clear written notice that the parent or guardian may decline to answer questions or provide information about family circumstances that might affect development and identification of risk factors that may influence learning. The notice shall clearly state that declining to answer questions or provide information does not prevent the child from being enrolled in kindergarten or first grade if all other screening components are met. If a parent or guardian is not able to read and comprehend the written notice, the school district and the person performing or supervising the screening must convey the information in another manner. The notice shall also inform the parent or guardian that a child need not submit to the school district screening program if the child's health records indicate to the school that the child has received comparable developmental screening performed within the preceding 365 days by a public or private health care organization or individual health care provider. The notice shall be given to a parent or guardian at the time the district initially provides information to the parent or guardian about screening and shall be given again at the screening location.*

Before a district issues bonds under this subdivision, it must publish notice of the intended projects, related costs, and the total amount of district indebtedness.

A bond issue tentatively authorized by the board under this subdivision becomes finally authorized unless a petition signed by more than 15 percent of the registered voters of the school district is filed with the school board within 30 days of the board's action. The percentage is to be determined with reference to the number of registered voters in the school district on the last day before the petition is filed with the school board. The petition must call for a referendum on the question of whether to issue the bonds for the projects under this section. The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this section.

The bonds may be issued in a principal amount, that when combined with interest thereon, will be paid off with 50 percent of current and anticipated revenue for capital facilities under this section or a successor section for the current year plus projected revenue not greater than the current year for the next ten years. Once finally authorized, the district must set aside 50 percent of the current year's revenue for capital facilities under this section or a successor section each year in a separate account until all principal and interest on the bonds is paid. The district must annually transfer this amount from its capital fund to the debt redemption fund. The bonds must be paid off within ten years of issuance.
