(2) under criteria used to establish disability for the purposes of any other publicly funded benefit program.

If no determination of disability is made prior to a person's application for medical assistance benefits or other publicly funded benefits provided without regard to disability, a person may qualify as a "person with a disability" if the person has a physical or mental impairment that substantially limits one or more of the major life activities of the person, within the meaning of the applicable terms, conditions, definitions, and criteria established under the federal Americans with Disabilities Act, United States Code, title 42, sections 12101 to 12213, as determined by the state or local agency that is reviewing the terms of the person's supplemental needs trust in connection with the person's application for benefits.

(c) Subject to the restrictions contained in this paragraph, a supplemental needs trust may authorize distributions to provide for all or any portion of the reasonable living expenses of the beneficiary. A supplemental needs trust must allow or require distributions only in ways and for purposes that supplement or complement the benefits available under medical assistance, general assistance medical care, Minnesota supplemental aid, MinnesotaCare, and other publicly funded benefit programs. A supplemental needs trust must contain provisions that prohibit disbursements that would have the effect of replacing, reducing, or substituting for publicly funded benefits otherwise available to the beneficiary or rendering the beneficiary ineligible for publicly funded benefits.

(d) A supplemental needs trust shall be enforced by the courts of this state if submitted to the court. However, nothing in this subdivision requires submission of a supplemental needs trust to a court for interpretation or enforcement. A supplemental needs trust is not enforceable if the trust beneficiary becomes a patient or resident after age 64 in a state institution or extended care facility for six months or more and, due to the beneficiary's medical need for care in an institutional setting, there is no reasonable expectation that the beneficiary will ever be discharged from the institution or facility. For purposes of this paragraph "reasonable expectation" means that the beneficiary's attending physician has certified that the expectation is reasonable. For purposes of this paragraph, a beneficiary participating in a group residential program is not deemed to be a patient or resident in a state institution or extended care facility. The trust income and assets are considered available to the beneficiary for medical assistance purposes to the extent they are considered available to the beneficiary under medical assistance, supplemental security income, or aid to families with dependent children methodology, whichever is used to determine the beneficiary's eligibility for general assistance medical care, Minnesota supplemental aid, MinnesotaCare, or medical assistance. For other public assistance programs established or administered under state law, assets and income will be considered available to the beneficiary in accordance with the methodology applicable to the program.

(e) Paragraphs (a) to (d) apply to supplemental needs trusts whenever created.

Subd. 7. [COUNTY SALES; NOTICE, PURCHASE PRICE, DISPOSITION.] The sale herein provided for shall commence at such time as the county board of the county wherein such parcels lie, shall direct. The county auditor shall offer the parcels of land in order in which they appear in the notice of sale, and shall sell them to the highest bidder, but not for a less sum than the appraised value, until all of the parcels of land shall have been offered, and thereafter shall sell any remaining parcels to anyone offering to pay the appraised value thereof, except that if the person could have repurchased a parcel of property under section 282.012 or 282.241, that person shall not be allowed to purchase that same parcel of property at the sale under this subdivision ~~unless approved by the county board for a purchase price less than the sum of all delinquent taxes and assessments computed under section 282.251, together with penalties, interest, and costs that accrued or would have accrued if the parcel had not forfeited to the state.~~ Said sale shall continue until all such parcels are sold or until the county board shall order a reappraisal or shall withdraw any or all such parcels from sale. Such list of lands may be added to and the added lands may be sold at any time by publishing the descriptions and appraised values of such parcels of land as shall have become forfeited and classified as nonconservation since the commencement of any prior sale or such parcels as shall have been reappraised, or such parcels as shall have been reclassified as nonconservation or such other parcels as are subject to sale but were omitted from the existing list for any reason in the same manner as hereinafter provided for the publication of the original list, provided that any parcels added to such list shall first be offered for sale to the highest bidder before they are sold at appraised value. All parcels of land not offered for immediate sale, as well as parcels of such lands as are offered and not immediately sold shall continue to be held in trust by the state for the taxing districts interested in each of said parcels, under the supervision of the county board, and such parcels may be used for public purposes until sold, as the county board may direct.

Sec. 2. Minnesota Statutes 1992, section 282.241, is amended to read:

282.241 [REPURCHASE AFTER FORFEITURE.]

The owner at the time of forfeiture, or the owner's heirs, devisees, or representatives, or any person to whom the right to pay taxes was given by statute, mortgage, or other agreement, may repurchase any parcel of land claimed by the state to be forfeited to the state for taxes unless before the time repurchase is made the parcel is sold under installment payments, or otherwise, by the state as provided by law, or is under mineral prospecting permit or lease, or proceedings have been commenced by the state or any of its political subdivisions or by the United States to condemn such parcel of land. The parcel of land may be repurchased: ~~The repurchase price is the greater of (1) the appraised value of the parcel, or (2) for the sum of all delinquent taxes and assessments computed under section 282.251, together with penalties, interest, and costs, that accrued or would have accrued if the parcel of land had not forfeited to the state.~~ Except for property which was homesteaded on the date of forfeiture, such repurchase shall be permitted during one year only from the date of forfeiture, and in any case only after the adoption of a resolution by the board of county commissioners determining that thereby undue hardship or injustice resulting from the forfeiture will be corrected, or that permitting such repurchase will promote the use of such lands that will best serve the public interest. If the county board has good cause to believe that a repurchase installment payment plan for a particular

parcel is unnecessary and not in the public interest, the county board may require as a condition of repurchase that the entire repurchase price be paid at the time of repurchase. A repurchase shall be subject to any easement, lease, or other encumbrance granted by the state prior thereto, and if said land is located within a restricted area established by any county under Laws 1939, chapter 340, such repurchase shall not be permitted unless said resolution with respect thereto is adopted by the unanimous vote of the board of county commissioners.

### Sec. 3. [EXTENSION OF TIME FOR REPURCHASE.]

*Property eligible for repurchase on or after April 25, 1992, but before the date of final enactment of this act, may be repurchased as provided in section 2 for an additional period of one year, beginning on the date of final enactment of this act. Any right of repurchase under this section is subject to (1) sale or conveyance of the property; (2) commencement of condemnation proceedings by the state or any of its political subdivisions or by the United States; or (3) the issuance of a mineral prospecting permit or lease.*

### Sec. 4. [EFFECTIVE DATE; REFUND; REPURCHASE PRICE REDUCTION.]

*(a) Sections 1 and 3 are effective the day following final enactment.*

*(b) Section 2 is effective retroactive to April 25, 1992. Upon application to the county auditor, a person who repurchased property under the provisions of Minnesota Statutes, section 282.241, as amended by Laws 1992, chapter 511, article 2, section 29, shall receive a refund, if the person paid the total repurchase price, or, if the person is paying the repurchase price in installments, shall receive a reduction in the repurchase price. The refund or reduction in repurchase price is equal to the amount of the property's appraised value at the time of the repurchase in excess of the sum of all delinquent taxes and assessments computed under Minnesota Statutes, section 282.251, together with penalties, interest, and costs that accrued or would have accrued if the parcel of land had not forfeited to the state. The refund shall be paid without interest.*

"Section 1. Minnesota Statutes 1992, section 363.03, subdivision 1, is amended to read:

Subdivision 1. [EMPLOYMENT.] Except when based on a bona fide occupational qualification, it is an unfair employment practice:

(1) For a labor organization, because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age,

(a) to deny full and equal membership rights to a person seeking membership or to a member;

(b) to expel a member from membership;

(c) to discriminate against a person seeking membership or a member with respect to hiring, apprenticeship, tenure, compensation, terms, upgrading, conditions, facilities, or privileges of employment; or

(d) to fail to classify properly, or refer for employment or otherwise to discriminate against a person or member.

(2) For an employer, because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, membership or activity in a local commission, disability, or age,

(a) to refuse to hire or to maintain a system of employment which unreasonably excludes a person seeking employment; or

(b) to discharge an employee; or

(c) to discriminate against a person with respect to hiring, tenure, compensation, terms, upgrading, conditions, facilities, or privileges of employment.

(3) For an employment agency, because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age,

(a) to refuse or fail to accept, register, classify properly, or refer for employment or otherwise to discriminate against a person; or

(b) to comply with a request from an employer for referral of applicants for employment if the request indicates directly or indirectly that the employer fails to comply with the provisions of this chapter.

(4) For an employer, employment agency, or labor organization, before a person is employed by an employer or admitted to membership in a labor organization, to

(a) require or request the person to furnish information that pertains to race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age; or, subject to section 363.02, subdivision 1, to require or request a person to undergo physical examination; unless for the sole and exclusive purpose of national security, information pertaining to national origin is required by the United States, this state or a political subdivision or agency of the United States or this state, or for the sole and exclusive purpose of compliance with the public contracts act or any rule, regulation, or laws of the United States or of this state requiring the information or examination. A law enforcement agency may, after notifying an applicant for a peace officer or part-time peace officer position that the law enforcement agency is commencing the background investigation on the applicant, request the applicant's date of birth, gender, and race on a separate form for the sole and exclusive purpose of conducting a criminal history check, a driver's license check, and fingerprint criminal history inquiry. The form shall include a statement indicating why the data is being collected and what its limited use will be. No document which has date of birth, gender, or race information will be included in the information given to or available to any person who is involved in selecting the person or persons employed other than the background investigator. No person may act both as background investigator and be involved in the selection of an employee except that the background investigator's report about background may be used in that selection as long as no direct or indirect references are made to the applicant's race, age, or gender; or

(b) seek and obtain for purposes of making a job decision, information from any source that pertains to the person's race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age, unless for the sole and exclusive purpose of compliance with the public contracts act or any rule, regulation, or laws of the United States or of this state requiring the information; or

(c) cause to be printed or published a notice or advertisement that relates to employment or membership and discloses a preference, limitation, specifica-

tion, or discrimination based on race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age;  
or

*(d) require or request the person to furnish information regarding any complaints or charges the person has made alleging unlawful discrimination.*

Any individual who is required to provide information that is prohibited by this subdivision is an aggrieved party under section 363.06.

(5) For an employer, an employment agency, or a labor organization, with respect to all employment related purposes, including receipt of benefits under fringe benefit programs, not to treat women affected by pregnancy, childbirth, or disabilities related to pregnancy or childbirth, the same as other persons who are not so affected but who are similar in their ability or inability to work, including a duty to make reasonable accommodations as provided by paragraph (6).

(6) For an employer with a number of part-time or full-time employees for each working day in each of 20 or more calendar weeks in the current or preceding calendar year equal to or greater than 25 effective July 1, 1992, and equal to or greater than 15 effective July 1, 1994, an employment agency, or a labor organization, not to make reasonable accommodation to the known disability of a qualified disabled person or job applicant unless the employer, agency, or organization can demonstrate that the accommodation would impose an undue hardship on the business, agency, or organization. "Reasonable accommodation" means steps which must be taken to accommodate the known physical or mental limitations of a qualified disabled person. "Reasonable accommodation" may include but is not limited to, nor does it necessarily require: (a) making facilities readily accessible to and usable by disabled persons; and (b) job restructuring, modified work schedules, reassignment to a vacant position, acquisition or modification of equipment or devices, and the provision of aides on a temporary or periodic basis.

In determining whether an accommodation would impose an undue hardship on the operation of a business or organization, factors to be considered include:

(a) the overall size of the business or organization with respect to number of employees or members and the number and type of facilities;

(b) the type of the operation, including the composition and structure of the work force, and the number of employees at the location where the employment would occur;

(c) the nature and cost of the needed accommodation;

(d) the reasonable ability to finance the accommodation at each site of business; and

(e) documented good faith efforts to explore less restrictive or less expensive alternatives, including consultation with the disabled person or with knowledgeable disabled persons or organizations.

A prospective employer need not pay for an accommodation for a job applicant if it is available from an alternative source without cost to the employer or applicant.

Sec. 2. Minnesota Statutes 1992, section 363.06, subdivision 3, is amended to read:

Subd. 3. [TIME FOR FILING CLAIM.] A claim of an unfair discriminatory practice must be brought as a civil action pursuant to section 363.14, subdivision 1, clause (a), filed in a charge with a local commission pursuant to section 363.116, or filed in a charge with the commissioner within ~~one year~~ *two years* after the occurrence of the practice. The running of the ~~one year~~ *two-year* limitation period is suspended during the time a potential charging party and respondent are voluntarily engaged in a dispute resolution process involving a claim of unlawful discrimination under this chapter, including arbitration, conciliation, mediation or grievance procedures pursuant to a collective bargaining agreement or statutory, charter, ordinance provisions for a civil service or other employment system or a school board sexual harassment or sexual violence policy. A potential respondent who participates in such a process with a potential charging party before a charge is filed or a civil action is brought shall notify the department and the charging party in writing of the participation in the process and the date the process commenced and shall also notify the department and the charging party of the ending date of the process. A respondent who fails to provide this notification is barred from raising the defense that the statute of limitations has run unless ~~one year~~ *two years* plus a period of time equal to the suspension period has passed.

Sec. 3. Minnesota Statutes 1992, section 363.116, is amended to read:

363.116 [TRANSFER TO COMMISSIONER.]

A local commission may refer a matter under its jurisdiction to the commissioner.

The charging party has the option of filing a charge either with a local commission or the department. Notwithstanding the provisions of any ordinance or resolution to the contrary, a charge may be filed with a local commission within ~~one year~~ *two years* after the occurrence of the practice. The exercise of such choice in filing a charge with one agency shall preclude the option of filing the same charge with the other agency. At the time a charge comes to the attention of a local agency, the agency or its representative shall inform the charging party of this option, and of the party's rights under Laws 1967, chapter 897.

Where this chapter provides additional protections and remedies not provided for under a local antidiscrimination ordinance, the local commission shall advise a party bringing a charge under a local ordinance of those additional protections and remedies and of the option to file a charge under this chapter.

The term "local commission" as used in this section has the same meaning given the term in section 363.115.

Sec. 4. [363.16] [LIMITATION ON DISCOVERY AND ADMISSION OF EVIDENCE.]

*In any action, hearing, or proceeding involving allegations alleging sexual harassment, evidence regarding the complainant's sexual conduct with individuals other than the alleged perpetrator or evidence of the medical or psychological history of the complainant more than one year prior to the alleged sexual harassment is not discoverable or admissible unless the party seeking discovery or admission makes the showing required under this*

*section. The evidence is not discoverable unless the party establishes specific facts showing good cause to believe that the evidence is material and relevant to the subject matter of the action. The evidence is not admissible unless the party makes a substantial showing that the evidence is material and relevant to the subject matter of the action. The showing must be made by noticed motion and may not be made or considered ex parte.*

**Sec. 5. [EFFECTIVE DATE.]**

*Sections 2 and 3 are effective August 1, 1993, and apply to unfair discriminatory practices that occur on or after August 1, 1992."*

Delete the title and insert:

"A bill for an act relating to human rights; prohibiting employers from asking employees regarding unlawful discrimination complaints; lengthening the statute of limitations for human rights act violations; limiting the discovery and admission of certain evidence in sexual harassment cases; amending Minnesota Statutes 1992, sections 363.03, subdivision 1; 363.06, subdivision 3; and 363.116; proposing coding for new law in Minnesota Statutes, chapter 363."

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [1992 WORKERS' COMPENSATION REINSURANCE ASSOCIATION EXCESS SURPLUS DISTRIBUTION.]

*Subdivision 1. [SCOPE.] This section governs any distribution of excess surplus made by the workers' compensation reinsurance association in 1992 other than distributions to self-insured members of the association.*

*Subd. 2. [STATE FUND MUTUAL INSURANCE COMPANY.] Any distribution of excess surplus of the workers' compensation reinsurance association received by the state fund mutual insurance company in 1992 must be returned to policyholders. Each policyholder shall receive a share of the company's distribution equal to the policyholder's proportionate share of the company's 1991 earned Minnesota workers' compensation insurance premium, as reported in its 1991 annual statement under Minnesota Statutes, section 60A.13, subdivision 8.*

*In no case shall the distribution exceed the policyholder's earned premium for 1991. If any portion of the refund remains after the distribution required under this subdivision has been made, a further distribution based upon 1990 earned premiums, or such additional years' earned premiums as necessary to fully distribute the refund, shall be made by applying the method of calculation set forth in this subdivision.*

*Subd. 3. [ASSIGNED RISK PLAN.] Any distribution of excess surplus of the workers' compensation reinsurance association in 1992 received by the assigned risk plan must be returned to policyholders. Each policyholder shall receive a share of the distribution equal to the policyholder's proportionate share of the assigned risk plan's 1991 earned Minnesota workers' compensation premium as reported in its 1991 annual statement under Minnesota Statutes, section 60A.13, subdivision 8.*

*In no case shall the distribution exceed the policyholder's earned premium for 1991. [INSURED EMPLOYERS.] Any distribution of excess surplus of the workers' compensation reinsurance association in 1992 received by insurers and not governed by subdivisions 2 and 3 must be returned to policyholders. Each policyholder shall receive a share of the distribution equal to the policyholder's proportionate share of its company's 1991 earned Minnesota workers' compensation premium, as reported in its 1991 annual statement under Minnesota Statutes, section 60A.13, subdivision 8.*

*In no case shall the distribution exceed the policyholder's earned premium for 1991. If any portion of the refund remains after the distribution required under this subdivision has been made, a further distribution based upon 1990 earned premiums, or such additional years' earned premiums as necessary to fully distribute the refund, shall be made by applying the method of calculation set forth in this subdivision.*

*Subd. 5. [PENALTY.] Except as provided in subdivision 6, any insurer which has not distributed its portion of the 1992 workers' compensation reinsurance association refund to its policyholders as of the effective date of this subdivision shall do so no later than 30 days after that date. It will be a violation of Minnesota Statutes, section 45.027, for each day each distribution remains unpaid thereafter.*

*Subd. 6. [UNCLAIMED REFUNDS.] If any part of the distribution remains one year after it is required to be distributed under subdivision 5 due to the inability to identify or locate policyholders, it shall be presumed abandoned and the insurer shall comply with Minnesota Statutes, sections 345.41 to 345.43.*

*Subd. 7. [ADMINISTRATION.] The commissioner of commerce may issue any order necessary to implement this section. The orders are not rules subject to chapter 14. The workers' compensation reinsurance association shall perform any duties ordered by the commissioner necessary to implement this section. The association shall not be reimbursed for the cost of performing any of those duties.*

*Subd. 2. [SELF-INSURED.] A self-insurer shall receive a distribution of excess surplus in an amount equal to the self-insurer's share of the premiums paid to the workers' compensation reinsurance association for the period for which the refund is made.*

*Subd. 3. [INSURED EMPLOYERS.] A policyholder, other than a policyholder insured by the assigned risk plan or the state fund mutual insurance company, shall receive a share of the distribution equal to the policyholder's share of the annual total earned Minnesota workers' compensation insurance premium, as reported in the most recent annual statements of insurers under section 60A.13, subdivision 8.*

*Subd. 4. [ASSIGNED RISK PLAN.] A policyholder of the assigned risk plan shall receive a share of the distribution equal to the policyholder's share of the annual total earned Minnesota workers' compensation insurance premium, as reported in its most recent annual statement under section 60A.13, subdivision 8.*

*Subd. 7. [COMMISSIONER OF COMMERCE; DUTIES.] The commissioner of commerce shall administer the distributions governed by this section. The commissioner may order the workers' compensation reinsurance association and insurers to assist in administering the distribution. The association shall not be reimbursed for the assistance. The reinsurance association and insurers must comply with any order of the commissioner relating to the distribution. Insurers must provide the commissioner of commerce or the workers' compensation reinsurance association with information necessary to administer the distributions governed by this section.*

*Subd. 8. [PENALTY.] Failure to comply with an order of the commissioner under this section is a violation of section 45.027 for each day of noncompliance.*

*Subd. 9. [UNCLAIMED REFUND.] If any part of the refund remains one year after the due date of a distribution under this section due to the inability to identify or locate policyholders, it shall be presumed abandoned and the reinsurance association shall comply with sections 345.41 to 345.43.*

Sec. 3. Minnesota Statutes 1992, section 79.34, is amended by adding a subdivision to read:

*Subd. 2a. [DEFICIENCY.] If the board determines that a distribution of excess surplus resulted in inadequate funds being available to pay claims which arose during the period upon which that distribution was calculated, the board shall determine the amount of the deficiency and increase the premiums charged by the association by the amount necessary to make up any deficiency caused by the distribution. The increase to the premium shall not be required to result in the entire deficiency being recouped in one year, but may be spread over a period of time that will cause the least financial hardship to insureds. Insurer members shall pass these premium increases on to insureds.*

Sec. 4. [79.362] [WORKERS' COMPENSATION REINSURANCE ASSOCIATION EXCESS SURPLUS DISTRIBUTION.]

*An order of the commissioner of the department of labor and industry relating to the distribution of excess surplus of the workers' compensation reinsurance association shall be reviewed by the commissioner of commerce. The commissioner may amend, approve, or reject an order or issue further orders to accomplish the purposes of sections 1 to 3. The commissioner may not amend an order with respect to the total amount of a distribution. An order of the commissioner under this section is not a rule subject to chapter 14.*

Sec. 5. [RESOLUTIONS AND ORDER NULLIFIED.]

*Any resolution or plan of operation of the workers' compensation reinsurance association or order of the commissioner of labor and industry that purports to grant any claim to insurer members of the association to excess surplus and that conflicts with section 1 or 2 is nullified to the extent of the conflict.*

Sec. 6. [79.363] [DISTRIBUTION OF EXCESS SURPLUS.]

*The distribution of excess surplus of the workers' compensation reinsurance association is not a distribution of excess premiums to members.*

Sec. 7. [DISTRIBUTION EARNINGS.]

*For the purpose of section 1, the distribution to policyholders of excess surplus shall include any earnings on a surplus distribution during the period the distribution was in the possession of an insurer.*

Sec. 8. [EFFECTIVE DATE.]

*This act is effective the day following final enactment and applies retroactively to distributions of excess surplus by the workers' compensation reinsurance association made after January 1, 1992."*

Subd. 2. [TRANSFER BETWEEN ACCOUNTS.] Upon the awarding of final contracts for the completion of a project for construction or other permanent improvement, or upon the abandonment of the project, the agency

to whom the appropriation was made may transfer the unencumbered balance in the project account to another project enumerated in the same section of that appropriation act. The transfer must be made only to cover bids for the other project that were higher than was estimated when the appropriation for the other project was made and not to cover an expansion of the other project. The money transferred under this section is appropriated for the purposes for which transferred. For transfers by the state board of technical colleges, the total cost of both projects and the required local share for both projects are adjusted accordingly. The agency proposing a transfer shall report to the chair of the senate finance committee and the chair of the house appropriations ways and means committee before the transfer is made under this subdivision.

Sec. 11. Minnesota Statutes 1992, section 16B.335, is amended to read:

Subdivision 1. [CONSTRUCTION AND MAJOR REMODELING.] The commissioner, or any other agency to whom an appropriation is made to acquire or better public lands or buildings or other public improvements of a capital nature, must not prepare final plans and specifications for any construction, major remodeling, or land acquisition authorized by the appropriation until the agency that will use the project has presented the program plan and cost estimates for all elements necessary to complete the project to the chair of the senate finance committee and the chair of the house appropriations ways and means committee and the chairs have made their recommendations. "Construction or major remodeling" means construction of a new building or substantial alteration of the exterior dimensions or interior configuration of an existing building. The presentation must note any significant changes in the work that will be done, or in its cost, since the appropriation for the project was enacted. The program plans and estimates must be presented for review at least two weeks before a recommendation is needed. The recommendations are advisory only. Failure or refusal to make a recommendation is considered a negative recommendation.

Subd. 2. [OTHER PROJECTS.] All other capital projects except for those contained in agency operations budgets, including building improvements, small structures at experiment stations, asbestos removal, life safety, PCB removal, tuckpointing, roof repair, code compliance, landscaping, drainage, electrical and mechanical systems work, paving of streets, parking lots, and the like must not proceed until the agency undertaking the project has notified the chair of the senate finance committee and the chair of the house appropriations ways and means committee that the work is ready to begin.

Sec. 12. Minnesota Statutes 1992, section 16B.41, subdivision 2, is amended to read:

Subd. 2. [RESPONSIBILITIES.] The office has the following duties:

(a) The office must develop and establish a state information architecture to ensure that further state agency development and purchase of information systems equipment and software is directed in such a manner that individual agency information systems complement and do not needlessly duplicate or needlessly conflict with the systems of other agencies. In those instances where state agencies have need for the same or similar computer data, the commissioner shall ensure that the most efficient and cost-effective method of producing and storing data for or sharing data between those agencies is used. The development of this information architecture must include the establish-

ment of standards and guidelines to be followed by state agencies. The commissioner of administration must establish interim standards and guidelines by August 1, 1987. The office must establish permanent standards and guidelines by July 1, 1988. On January 1, 1988, and every six months thereafter, any state agency that has purchased information systems equipment or software in the past six months, or that is contemplating purchasing this equipment or software in the next six months, must report to the office and to the chairs of the house appropriations ways and means committee and the senate finance committee on how the purchases or proposed purchases comply with the applicable standards and guidelines.

(b) The office shall assist state agencies in the planning and management of information systems so that an individual information system reflects and supports the state agency's and the state's mission, requirements, and functions.

(c) The office must review and approve all agency requests for legislative appropriations for the development or purchase of information systems equipment or software. Requests may not be included in the governor's budget submitted to the legislature, unless the office has approved the request.

(d) Each biennium the office must rank in order of priority agency requests for new appropriations for development or purchase of information systems equipment or software. The office must submit this ranking to the legislature at the same time, or no later than 14 days after, the governor submits the budget message to the legislature.

(e) The office must define, review, and approve major purchases of information systems equipment to (1) ensure that the equipment follows the standards and guidelines of the state information architecture; (2) ensure that the equipment is consistent with the information management principles adopted by the information policy council; (3) evaluate whether or not the agency's proposed purchase reflects a cost-effective policy regarding volume purchasing; and (4) ensure the equipment is consistent with other systems in other state agencies so that data can be shared among agencies, unless the office determines that the agency purchasing the equipment has special needs justifying the inconsistency. The commissioner of finance may not allot funds appropriated for major purchases of information systems equipment until the office reviews and approves the proposed purchase. A public institution of higher education must not purchase interconnective computer technology without the prior approval of the office.

(f) The office shall review the operation of information systems by state agencies and provide advice and assistance so that these systems are operated efficiently and continually meet the standards and guidelines established by the office.

Sec. 25. Minnesota Statutes 1992, section 256.031, subdivision 3, is amended to read:

Subd. 3. [AUTHORIZATION FOR THE DEMONSTRATION.] (a) The commissioner of human services, in consultation with the commissioners of education, finance, jobs and training, health, and planning, and the director of the higher education coordinating board, is authorized to proceed with the planning and designing of the Minnesota family investment plan and to implement the plan to test policies, methods, and cost impact on an experimental basis by using field trials. The commissioner, under the authority in section 256.01, subdivision 2, shall implement the plan according to sections 256.031 to 256.0361 and Public Law Numbers 101-202 and 101-239, section 8015, as amended. If major and unpredicted costs to the program occur, the commissioner may take corrective action consistent with Public Law Numbers 101-202 and 101-239, which may include termination of the program. Before taking such corrective action, the commissioner shall consult with the chairs of the senate ~~health and human family services~~ committee, the house health and human services committee, the *health care and human family services division of the senate finance committee family services and health care committees* and the human ~~resources services~~ division of the house ~~appropriations health and human services~~ committee, or, if the legislature is not in session, consult with the legislative advisory commission.

(b) The field trials shall be conducted as permitted under federal law, for as many years as necessary, and in different geographical settings, to provide reliable instruction about the desirability of expanding the program statewide.

(c) The commissioner shall select the counties which shall serve as field trial or comparison sites based on criteria which ensure reliable evaluation of the program.

(d) The commissioner is authorized to determine the number of families and characteristics of subgroups to be included in the evaluation.

(i) A family that applies for or is currently receiving financial assistance from aid to families with dependent children; family general assistance or work readiness; or food stamps may be tested for eligibility for aid to families with dependent children or family general assistance and may be assigned by the commissioner to a test or a comparison group for the purposes of evaluating the family investment plan. A family found not eligible for aid to

families with dependent children or family general assistance will be tested for eligibility for the food stamp program. If found eligible for the food stamp program, the commissioner may randomly assign the family to a test group, comparison group, or neither group. Families assigned to a test group receive benefits and services through the family investment plan. Families assigned to a comparison group receive benefits and services through existing programs. A family may not select the group to which it is assigned. Once assigned to a group, an eligible family must remain in that group for the duration of the project.

(ii) To evaluate the effectiveness of the family investment plan, the commissioner may designate a subgroup of families from the test group who shall be exempt from section 256.035, subdivision 1, and shall not receive case management services under section 256.035, subdivision 6a. Families are eligible for services under section 256.736 to the same extent as families receiving AFDC.

Sec. 26. Minnesota Statutes 1992, section 256.736, subdivision 3a, is amended to read:

- (3) caretakers whose participation in employment and training services began prior to May 1, 1990, if the caretaker's AFDC eligibility has not been interrupted for 30 days or more and the caretaker's employability development plan has not been completed;
- (4) recipients who are members of a family in which the youngest child is within two years of being ineligible for AFDC due to age;
- (5) custodial parents under the age of 24 who: (i) have not completed a high school education and who, at the time of application for AFDC, were not enrolled in high school or in a high school equivalency program; or (ii) have had little or no work experience in the preceding year;
- (6) recipients who have received AFDC for 36 or more months out of the last 60 months;
- (7) recipients who are participants in the self-employment investment demonstration project under section 268.95; and
- (8) recipients who participate in the new chance research and demonstration project under contract with the department of human services.

(b) If the commissioner determines that participation of persons listed in paragraph (a) in employment and training services is insufficient either to meet federal performance targets or to fully utilize funds appropriated under this section, the commissioner may, after notifying the chairs of the senate and family services committee, the house health and human services committees committee, the health and human family services division of the senate finance committee family services and health care committees, and the health and

human services division of the house ~~appropriations~~ *health and human services* committee, permit additional groups of recipients to participate until the next meeting of the legislative advisory commission, after which the additional groups may continue to enroll for participation unless the legislative advisory commission disapproves the continued enrollment. The commissioner shall allow participation of additional groups in the following order only as needed to meet performance targets or fully utilize funding for employment and training services under this section:

(1) recipients who have received 24 or more months of AFDC out of the previous 48 months; and

(2) recipients who have not completed a high school education or a high school equivalency program.

(c) To the extent of money appropriated specifically for this paragraph, the commissioner may permit AFDC caretakers who are not eligible for participation in employment and training services under the provisions of paragraph (a) or (b) to participate. Money must be allocated to county agencies based on the county's percentage of participants statewide in services under this section in the prior calendar year. Caretakers must be selected on a first-come, first-served basis from a waiting list of caretakers who volunteer to participate. The commissioner may, on a quarterly basis, reallocate unused allocations to county agencies that have sufficient volunteers. If funding under this paragraph is discontinued in future fiscal years, caretakers who began participating under this paragraph must be deemed eligible under paragraph (a), clause (3).

Sec. 27. Minnesota Statutes 1992, section 256.736, subdivision 9, is amended to read:

Subd. 9. [CHANGES IN STATE PLAN AND RULES; WAIVERS.] The commissioner of human services shall make changes in the state plan and rules or seek any waivers or demonstration authority necessary to minimize barriers to participation in the employment and training services or to employment. Changes must be sought in at least the following areas: allowances, child care, work expenses, the amount and duration of earnings incentives, medical care coverage, limitations on the hours of employment, and administrative standards and procedures. The commissioner shall implement each change as soon as possible. Before implementing any demonstration project or a program that is a result of a waiver, the conditions under section 256.01, subdivision 1, clause (12), must be met, and the chair of the senate ~~health and human~~ *family* services committee and the chair of the house of representatives ~~health and human~~ *services* committee must be notified.

Sec. 28. Minnesota Statutes 1992, section 256.9352, subdivision 3, is amended to read:

Subd. 3. [FINANCIAL MANAGEMENT.] The commissioner shall manage spending for the health right plan in a manner that maintains a minimum reserve equal to five percent of the expected cost of state premium subsidies. The commissioner must make a quarterly assessment of the expected expenditures for the covered services for the remainder of the current fiscal year and for the following two fiscal years. The estimated expenditure shall be compared to an estimate of the revenues that will be deposited in the health care access fund. Based on this comparison, and after consulting with the chairs of the house ~~appropriations~~ *ways and means* committee and the senate

finance committee, and the legislative commission on health care access, the commissioner shall make adjustments as necessary to ensure that expenditures remain within the limits of available revenues. The adjustments the commissioner may use must be implemented in this order: first, stop enrollment of single adults and households without children; second, upon 45 days' notice, stop coverage of single adults and households without children already enrolled in the health right plan; third, upon 90 days' notice, decrease the premium subsidy amounts by ten percent for families with gross annual income above 200 percent of the federal poverty guidelines; fourth, upon 90 days' notice, decrease the premium subsidy amounts by ten percent for families with gross annual income at or below 200 percent; and fifth, require applicants to be uninsured for at least six months prior to eligibility in the health right plan. If these measures are insufficient to limit the expenditures to the estimated amount of revenue, the commissioner may further limit enrollment or decrease premium subsidies.

If the commissioner determines that, despite adjustments made as authorized under this subdivision, estimated costs will exceed the forecasted amount of available revenues other than the reserve, the commissioner may, with the approval of the commissioner of finance, use all or part of the reserve to cover the costs of the program.

Sec. 29. Minnesota Statutes 1992, section 256B.0629, subdivision 3, is amended to read:

Such payments shall be charged as an administrative cost by such units of state government.

If the federal government increases the required contributions for social security, and as a result of the increase there are insufficient moneys in any such accounts or fund or source of revenue to make the payments to the contribution fund required by sections 355.41 to 355.60 by such departments or agencies, there is hereby appropriated to such department or agency from any moneys in the state treasury not otherwise appropriated such moneys as are required to meet such deficiencies. The amount of each payment made pursuant to these provisions shall be certified by the commissioner of employee relations to the commissioner of finance at such times as the commissioner of finance shall require. ## Sec. 2. [245.491] [CITATION; DECLARATION OF PURPOSE.]

*Subdivision 1. [CITATION.] Sections 245.491 to 245.496 may be cited as "the children's mental health integrated fund."*

*Subd. 2. [PURPOSE.] The legislature finds that children with emotional and/or behavioral disturbances or who are at risk of suffering such disturbances often require services from multiple service systems including mental health, social services, education, corrections, juvenile court, health, and jobs and training. In order to better meet the needs of these children, it is the intent of the legislature to establish an integrated children's mental health service system that:*

(1) allows local service decision makers to draw funding from a single local source so that funds follow clients and eliminates the need to match clients, funds, services, and provider eligibilities;

(2) creates a local pool of state, local, and private funds to procure a greater medical assistance federal financial participation;

(3) improves the efficiency of use of existing resources;

(4) minimizes or eliminates the incentives for cost and risk shifting; and

(5) increases the incentives for earlier identification and intervention.

The children's mental health integrated fund established under sections 245.491 to 245.496 must be used to develop and support this integrated mental health service system. In developing this integrated service system, it is not the intent of the legislature to limit any rights available to children and their families through existing federal and state laws.

- (3) gather data needed to manage mental health care including evaluation data and data necessary to establish a separate capitation rate for children's mental health services if that option is selected;
- (4) by January 1, 1994, develop a model contract for providers of mental health managed care that meets the requirements set out in sections 245.491 to 245.496 and 256B.69, and utilize this contract for all subsequent awards;

*Unless a living will under chapter 145B or a durable power of attorney for health care indicates an intention to the contrary, if a proxy acting under chapter 145B or an agent acting under this chapter directs the provision of health care, nutrition, or hydration that, in reasonable medical judgment, has a significant possibility of sustaining the patient's life, a health care provider shall take all reasonable steps to ensure the provision of the directed health care, nutrition, or hydration if the provider has the legal and actual capability of providing the health care either itself or by transferring the patient to a health care provider who has that capability. Any transfer of a patient must be done promptly and, if necessary to preserve the patient's life, by emergency means. A health care provider who is unwilling to provide directed health care that the provider has the legal and actual capability of providing may transfer the patient to another health care provider willing to provide the directed health care but the provider shall take all reasonable steps to ensure provision of the directed health care until the patient is transferred. Nothing in this section alters any legal obligation or lack of legal obligation of a health care provider to provide health care to a patient who refuses, has refused, or is unable to pay for the health care."*

**"Section 1. [1992 WORKERS' COMPENSATION REINSURANCE ASSOCIATION EXCESS SURPLUS DISTRIBUTION.]**

*Subdivision 1. [SCOPE.] This section governs any distribution of excess surplus made by the workers' compensation reinsurance association in 1992 other than distributions to self-insured members of the association. No distribution of that excess surplus other than that provided by this section may be made. For the purpose of this section, a distribution is made upon the actual distribution of funds from the association.*

*Subd. 2. [STATE FUND MUTUAL INSURANCE COMPANY.] Any distribution of excess surplus of the workers' compensation reinsurance association received by the state fund mutual insurance company in 1992 must be returned to policyholders. Each policyholder shall receive a share of the company's distribution equal to the policyholder's proportionate share of the company's 1991 earned Minnesota workers' compensation insurance premium, as reported in its 1991 annual statement under Minnesota Statutes, section 60A.13, subdivision 8.*

*In no case shall the distribution exceed the policyholder's earned premium for 1991. If any portion of the refund remains after the distribution required under this subdivision has been made, a further distribution based upon 1990 earned premiums, or such additional years' earned premiums as necessary to fully distribute the refund, shall be made by applying the method of calculation set forth in this subdivision.*

*Subd. 3. [ASSIGNED RISK PLAN.] Any distribution of excess surplus of the workers' compensation reinsurance association in 1992 received by the assigned risk plan must be returned to policyholders. Each policyholder shall receive a share of the distribution equal to the policyholder's proportionate share of the assigned risk plan's 1991 earned Minnesota workers' compensation premium as reported in its 1991 annual statement under Minnesota Statutes, section 60A.13, subdivision 8.*

*In no case shall the distribution exceed the policyholder's earned premium for 1991. If any portion of the refund remains after the distribution required under this subdivision has been made, a further distribution based upon 1990 earned premiums, or such additional years' earned premiums as necessary to fully distribute the refund, shall be made by applying the method of calculation set forth in this subdivision.*

*Subd. 4. [INSURED EMPLOYERS.] Any distribution of excess surplus of the workers' compensation reinsurance association in 1992 received by insurers and not governed by subdivisions 2 and 3 must be returned to policyholders. Each policyholder shall receive a share of the distribution equal to the policyholder's proportionate share of its company's 1991 earned Minnesota workers' compensation premium, as reported in its 1991 annual statement under Minnesota Statutes, section 60A.13, subdivision 8.*

*In no case shall the distribution exceed the policyholder's earned premium for 1991. If any portion of the refund remains after the distribution required under this subdivision has been made, a further distribution based upon 1990 earned premiums, or such additional years' earned premiums as necessary to fully distribute the refund, shall be made by applying the method of calculation set forth in this subdivision.*

*Subd. 5. [PENALTY.] Except as provided in subdivision 6, any insurer which has not distributed its portion of the 1992 workers' compensation reinsurance association refund to its policyholders as of the effective date of this subdivision shall do so no later than 30 days after that date. It will be a violation of Minnesota Statutes, section 45.027, for each day each distribution remains unpaid thereafter.*

*Subd. 6. [UNCLAIMED REFUNDS.] Any part of the distribution not distributed within one year after it is required to be distributed under subdivision 5 due to the inability to identify or locate policyholders shall be returned to the workers' compensation reinsurance association.*

*Subd. 7. [ADMINISTRATION.] The commissioner of commerce may issue any order necessary to implement this section. The orders are not rules subject to Minnesota Statutes, chapter 14. The workers' compensation reinsurance association shall perform any duties ordered by the commissioner necessary to implement this section. The association shall not be reimbursed for the cost of performing any of those duties.*

**Sec. 2. [79.361] [POST 1992 DISTRIBUTION OF WORKERS' COMPENSATION REINSURANCE ASSOCIATION SURPLUS.]**

*Subdivision 1. [SCOPE.] This section governs the distribution of excess surplus of the workers' compensation reinsurance association made after January 1, 1993. No distribution of that excess surplus other than that provided by this section may be made. For the purpose of this section, a*

distribution is made upon the actual distribution of funds from the association.

**Subd. 2. [SELF-INSURED.]** A self-insurer shall receive a distribution of excess surplus in an amount equal to the self-insurer's share of the premiums paid to the workers' compensation reinsurance association for the period and for each retention layer for which the refund is made.

**Subd. 3. [INSURED EMPLOYERS.]** A policyholder, other than a policyholder insured by the assigned risk plan or the state fund mutual insurance company, shall receive a share of the distribution equal to the policyholder's share of the annual total earned Minnesota workers' compensation insurance premium, as reported in the most recent annual statements of insurers, including the assigned risk plan and the state fund mutual insurance company, under section 60A.13, subdivision 8.

**Subd. 4. [ASSIGNED RISK PLAN.]** A policyholder of the assigned risk plan shall receive a share of the distribution equal to the policyholder's share of the annual total earned Minnesota workers' compensation insurance premium, as reported in the most recent annual statements of insurers, including the assigned risk plan and the state fund mutual insurance company, under section 60A.13, subdivision 8.

**Subd. 6. [DISTRIBUTION DEFINED.]** For the purpose of subdivisions 3, 4, and 5, "distribution" means the distribution described in subdivision 1 minus the distribution to self-insurers under subdivision 2.

**Subd. 7. [POLICYHOLDER.]** For the purpose of this section "policyholder" means a policyholder in the period covered by the most recent annual statement under section 60A.13, subdivision 8.

**Subd. 8. [COMMISSIONER OF COMMERCE; DUTIES.]** The commissioner of commerce shall administer the distributions governed by this section. The commissioner may order the workers' compensation reinsurance association and insurers to assist in administering the distribution. The association shall not be reimbursed for the assistance. The reinsurance association and insurers must comply with any order of the commissioner relating to the distribution. Insurers must provide the commissioner of commerce or the workers' compensation reinsurance association with information necessary to administer the distributions governed by this section.

**Subd. 9. [PENALTY.]** Failure to comply with an order of the commissioner under this section is a violation of section 45.027 for each day of noncompliance.

**Subd. 10. [UNCLAIMED REFUND.]** Any part of the refund not distributed within one year after the due date of a distribution under this section due to the inability to identify or locate policyholders remains with the workers' compensation reinsurance association.

Sec. 3. Minnesota Statutes 1992, section 79.34, is amended by adding a subdivision to read:

*Subd. 2a. [DEFICIENCY.] If the board determines that inadequate funds are available to pay claims, the board shall determine the amount of the deficiency. The deficiency shall be made up by imposing an assessment rate against self-insured members and policyholders of insurer members. The board shall notify the commissioner of commerce of the amount of the deficiency and recommend an assessment rate. The commissioner shall order an assessment at a rate and for the time period necessary to eliminate the deficiency. The assessment rate shall be applied to the exposure base of self-insured employers and insured employers. The assessment may not be retroactive and applies only prospectively. The assessment may be spread over a period of time that will cause the least financial hardship to employers. All assessments under this subdivision are payable to the association. The commissioner may issue orders necessary to administer this section. The orders are not rules subject to chapter 14.*

Sec. 4. [79.362] [WORKERS' COMPENSATION REINSURANCE ASSOCIATION EXCESS SURPLUS DISTRIBUTION.]

The commissioner may amend, approve, or reject an order or issue further orders to accomplish the purposes of sections 1 to 3. The commissioner may not change the amount of the distribution ordered by the commissioner of labor and industry without agreement of the commissioner of labor and industry. An order of the commissioner under this section is not a rule subject to chapter 14.*

Sec. 5. [RESOLUTIONS AND ORDER NULLIFIED.]

*Any resolution or plan of operation of the workers' compensation reinsurance association or order of the commissioner of labor and industry that purports to grant any claim to insurer members of the association to excess surplus and that conflicts with section 1 or 2 is nullified to the extent of the conflict.*

Sec. 6. [79.363] [DISTRIBUTION OF EXCESS SURPLUS.]

Sec. 2. [245.491] [CITATION; DECLARATION OF PURPOSE.]

*Subdivision 1.* [CITATION.] Sections 245.491 to 245.496 may be cited as "the children's mental health integrated fund."

*Subd. 2.* [PURPOSE.] The legislature finds that children with emotional or behavioral disturbances or who are at risk of suffering such disturbances often require services from multiple service systems including mental health, social services, education, corrections, juvenile court, health, and jobs and training. In order to better meet the needs of these children, it is the intent of the legislature to establish an integrated children's mental health service system that:

- (1) allows local service decision makers to draw funding from a single local source so that funds follow clients and eliminates the need to match clients, funds, services, and provider eligibilities;

- (2) creates a local pool of state, local, and private funds to procure a greater medical assistance federal financial participation;
- (3) improves the efficiency of use of existing resources;
- (4) minimizes or eliminates the incentives for cost and risk shifting; and
- (5) increases the incentives for earlier identification and intervention.

*The children's mental health integrated fund established under sections 245.491 to 245.496 must be used to develop and support this integrated mental health service system. In developing this integrated service system, it is not the intent of the legislature to limit any rights available to children and their families through existing federal and state laws.*

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1992, section 237.01, subdivision 2, is amended to read:

Subd. 2. [TELEPHONE COMPANY.] “Telephone company,” means and applies to any person, firm, association or any corporation, private or municipal, owning or operating any telephone line or telephone exchange for hire, wholly or partly within this state, or furnishing any telephone service to the public.

A “telephone company” does not include a radio common carrier as defined in subdivision 4. A telephone company which also conforms with the definition of a radio common carrier is subject to regulation as a telephone company. However, none of chapter 237 applies to telephone company activities which conform to the definition of a radio common carrier.

*A “telephone company” does not include a telecommunications carrier as defined in subdivision 5, except that a telecommunications carrier is a*

telephone company for the purposes of section 222.36. A telephone company is not subject to section 237.74.

Sec. 2. Minnesota Statutes 1992, section 237.01, is amended by adding a subdivision to read:

*Subd. 5. [TELECOMMUNICATIONS CARRIER.] "Telecommunications carrier" means a person, firm, association, or corporation authorized to furnish telephone service to the public but not authorized to furnish local exchange service. Telecommunications carrier does not include entities that derive more than 50 percent of their revenues from operator services provided to transient locations such as hotels, motels, and hospitals. In addition, telecommunications carrier does not include entities that provide centralized equal access services.*

Sec. 3. [237.035] [TELECOMMUNICATIONS CARRIER EXEMPTION.]

*Telecommunications carriers are not subject to regulation under this chapter, except that telecommunications carriers shall comply with the requirements of section 237.74.*

Sec. 4. [237.74] [REGULATION OF TELECOMMUNICATIONS CARRIERS.]

*Subdivision 1. [FILING REQUIREMENTS.] Every telecommunications carrier shall elect and keep on file with the department either a tariff or a price list for each service on or before the effective date of the tariff or price, containing the rules, rates, and classifications used by it in the conduct of the telephone business, including limitations on liability. The filings are governed by chapter 13. The department shall require each telecommunications carrier to keep open for public inspection at designated offices so much of these rates, tariffs or price lists, and rules as the department considers necessary for public information.*

*Subd. 2. [DISCRIMINATION PROHIBITED; PRACTICES, SERVICES, RATES.] No telecommunications carrier shall offer telecommunications service within the state upon terms or rates that are unreasonably discriminatory. No telecommunications carrier shall unreasonably limit its service offerings to particular geographic areas unless facilities necessary for the service are not available and cannot be made available at reasonable costs. The rates of a telecommunications carrier must be the same in all geographic locations of the state unless for good cause the commission approves different rates. A company that offers long-distance services shall charge uniform rates and charges on all long-distance routes and in all geographic areas in the state where it offers the services. However, a carrier may offer or provide volume or term discounts or may offer or provide unique pricing to certain customers or to certain geographic locations for special promotions, and may pass through any state, municipal, or local taxes in the specific geographic areas from which the taxes originate.*

*Notwithstanding any other provision of this subdivision, a telecommunications carrier may furnish service free or at reduced rates to its officers, agents, or employees in furtherance of their employment.*

*Subd. 3. [SPECIAL PRICING.] Except as prohibited by this section, prices unique to a particular customer or group of customers may be allowed for services when differences in the cost of providing a service or a service*

element justify a different price for a particular customer or group of customers. Individual pricing for services may be allowed when a uniform price should not be required because of market conditions. Unique or individual prices for services or service elements in effect before the effective date of this section are deemed to be lawful under this section.

*Subd. 4. [INVESTIGATIONS.] (a) When the commission or the department believes that an investigation of any matter relating to any telephone service should for any reason be made, it may on its own motion investigate the service or matter upon notice to the carrier. However, telecommunications carriers are not subject to rate or rate of return regulation and neither the commission nor the department may investigate any matter relating to a telecommunications carrier's costs, rates, or rate of return, except the commission and the department may investigate whether a rate is unreasonably discriminatory under subdivision 2.*

*(b) Upon a complaint made against a telecommunications carrier by a telephone company, by another telecommunications carrier, by the governing body of a political subdivision, or by no fewer than five percent or 100, whichever is the lesser number, of the subscribers or spouses of subscribers of the particular telecommunications carrier, that any of the rates, tolls, tariffs or price lists, charges, or schedules is in any respect unjustly discriminatory, or that any service is inadequate or cannot be obtained, the commission, after notice to the telecommunications carrier, shall investigate the matters raised by the complaint.*

*(c) If, after making an investigation under paragraph (a) or (b), the commission finds that a significant factual issue raised has not been resolved to its satisfaction, the commission may order that a contested case hearing be conducted under chapter 14 unless the complainant, the telecommunications carrier, and the commission agree that an expedited hearing under section 237.61 is appropriate.*

*(d) In any complaint proceeding authorized under this section, telecommunications carriers shall bear the burden of proof consistent with the allocation of the burden of proof to telephone companies in sections 237.01 to 237.73.*

*(e) A full and complete record must be kept by the commission of all proceedings before it upon any formal investigation or hearing and all testimony received or offered must be taken down by the stenographer appointed by the commission and a transcribed copy of the record furnished to any party to the investigation upon the payment of the expense of furnishing the transcribed copy.*

*If the commission finds by a preponderance of the evidence presented during the complaint proceeding that existing rates, tolls, tariffs or price lists, charges, or schedules are unjustly discriminatory, or that any service is inadequate or cannot be obtained, the commission may issue its order requiring termination of the discrimination or making the service adequate or obtainable.*

*(f) A copy of an order issued under this section must be served upon the person against whom it runs or the person's attorney, and notice of the order must be given to the other parties to the proceedings or their attorneys.*

(g) Any party to a proceeding before the commission or the attorney general may make and perfect an appeal from the order in accordance with chapter 14.

If the court finds from an examination of the record that the commission erroneously rejected evidence that should have been admitted, it shall remand the proceedings to the commission with instructions to receive the evidence rejected and any rebutting evidence and to make new findings and return them to the court for further review. Then the commission, after notice to the parties in interest, shall proceed to rehear the matter in controversy and receive the wrongfully rejected evidence and any rebutting evidence offered and make new findings, as upon the original hearing, and transmit it and the new record properly certified to the court of appeals, when the matter shall be again considered by the court in the same manner as in an original appeal.

(h) When an appeal is taken from any order of the commission under this chapter, the commission shall, without delay, have a certified transcript made of all proceedings, pleadings and files, and testimony taken or offered before it upon which the order was based, showing particularly what, if any, evidence offered was excluded. The transcript must be made and filed with the court administrator of the district court where the appeal is pending.

**Subd. 5. [EXTENSION OF FACILITIES.]** A telecommunications carrier may extend its facilities into or through a statutory or home rule charter city or town of this state for furnishing its services, subject to the regulation of the governing body of the city or town relative to the location of poles and wires and the preservation of the safe and convenient use of streets and alleys by the public. Nothing in this subdivision shall be construed to allow or prohibit facilities bypass of the local exchange telephone company, nor shall it be construed to prohibit the commission from issuing orders concerning facilities bypass of the local exchange telephone company.

**Subd. 6. [TARIFF OR PRICE LIST CHANGES.]** (a) Telecommunications carriers may:

(1) decrease the rate for a service, or make any change in a tariff or price list that results in a decrease in rates, effective without notice to its customers or the commission; and

(2) offer a new service, increase the rate for a service, or change the terms, conditions, rules, and regulations of its service offering effective upon notice to its customers. Subject to subdivisions 2 and 9, a telecommunications carrier may discontinue a service, except that a telecommunications carrier must first obtain prior commission approval before discontinuing service to another telecommunications carrier if end users would be deprived of service because of the discontinuance.

(b) A telecommunications carrier may give notice to its customers by bill inserts, by publication in newspapers of general circulation, or by any other reasonable means.

**Subd. 7. [OCCASIONAL USE.]** A telecommunications carrier shall not be deemed to provide local exchange services within the meaning of sections 237.01 and 237.035 merely because of occasional use of the service by the customer for local exchange service related to the provision of interexchange services.

**Subd. 8. [UNIFORM RULES.]** *Telecommunications carriers are subject to uniform rules pertaining to the conduct of intrastate telephone services by telecommunications carriers that the commission has prescribed and may prescribe, to the extent the rules are not inconsistent with this section. Rules, forms, or reports required by the commission must conform as nearly as practicable to the rules, forms, or reports prescribed by the Federal Communications Commission for interstate business.*

**Subd. 9. [DISCONTINUANCE.]** *If a physical connection exists between a telephone exchange system operated by a telephone company and the toll line or lines operated by a telecommunications carrier, neither of the companies shall have the connection severed or the service between the companies discontinued without first obtaining an order from the commission upon an application for permission to discontinue the physical connection. Upon the filing of an application for discontinuance of the connection, the department shall investigate and ascertain whether public convenience requires the continuance of the physical connection, and if the department so finds, the commission shall fix the compensation, terms, and conditions of the continuance of the physical connection and service between the telephone company and the telecommunications carrier. Prior commission approval is not required for severing connections where multiple local exchange companies are authorized to provide service. However, the commission may require the connections if it finds that the connections are in the public interest.*

**Subd. 10. [COST OF EXAMINATION; ASSESSMENT OF EXPENSES; LIMITATION; OBJECTIONS.]** *Section 237.295 applies to telecommunications carriers as it does to telephone companies.*

**Subd. 11. [ENFORCEMENT; PENALTIES AND REMEDIES.]** *(a) This section and rules and orders of the commission adopted or issued under this section may be enforced by criminal prosecution, action to recover civil penalties, injunction, action to compel performance, other appropriate action, or any combination of penalties and remedies.*

*(b) A person who knowingly and intentionally violates this section or a rule or order of the commission adopted or issued under this section shall forfeit and pay to the state a penalty, in an amount to be determined by the court, of at least \$100 and not more than \$1,000 for each day of each violation. The civil penalties provided for in this paragraph may be recovered by a civil action brought by the attorney general in the name of the state. Amounts recovered under this paragraph must be paid into the state treasury.*

**Subd. 12. [CERTIFICATION REQUIREMENT.]** *No telecommunications carrier shall construct or operate any line, plant, or system, or any extension of it, or acquire ownership or control of it, either directly or indirectly, without first obtaining from the commission a determination that the present or future public convenience and necessity require or will require the construction, operation, or acquisition, and a new certificate of territorial authority. Nothing in this subdivision requires a telecommunications carrier that has been certified by the commission to provide telephone service before the effective date of this section, to be recertified under this subdivision. Nothing in this subdivision shall be construed to allow or prohibit facilities bypass of the local exchange telephone company, nor shall it be construed to prohibit the commission from issuing orders concerning facilities bypass of the local exchange telephone company.*

**Sec. 5. [REPEALER.]**

*Minnesota Statutes 1992, section 237.59, subdivision 7, is repealed."*

*The children's mental health integrated fund established under sections 245.491 to 245.496 must be used to develop and support this integrated mental health service system. In developing this integrated service system, it is not the intent of the legislature to limit any rights available to children and their families through existing federal and state laws.*

*served by the local children's mental health collaborative. The size of the initial target population must also be economically viable for the service delivery area;*

*(2) develop and communicate to agencies in the local system of care eligibility criteria for services received through the local children's mental health collaborative and a process for determining eligibility. The process shall place strong emphasis on outreach to families, respecting the family role in identifying children in need, and valuing families as partners;*

*(3) seek to maximize federal revenues available to serve children in the target population by designating local expenditures for mental health services that can be matched with federal dollars and by designing services to meet the requirements for state and federal reimbursement;*

Sec. 5. [245.494] [STATE LEVEL COORDINATION.]

Subdivision 1. [STATE COORDINATING COUNCIL.] The state coordinating council, in consultation with the integrated fund task force, shall:

(3) develop methods to reduce duplication and promote coordinated services including uniform forms for reporting, billing, and planning of services;

(11) explore ways to access additional federal funds and enhance revenues available to address the needs of the target population;

(12) develop a mechanism for identifying the state share of funding for services to children in the target population and for making these funds available on a per capita basis for services provided through the local children's mental health collaborative to children in the target population. Each year beginning January 1, 1994, forecast the growth in the state share and increase funding for local children's mental health collaboratives accordingly;

(2) develop a mechanism for integrating medical assistance resources for mental health service with resources for general assistance medical care, MinnesotaCare, and any other state and local resources available for services for children in the target population and develop a procedure for making these resources available for use by a local children's mental health collaborative;

(3) gather data needed to manage mental health care including evaluation data and data necessary to establish a separate capitation rate for children's mental health services if that option is selected;

(4) by January 1, 1994, develop a model contract for providers of mental health managed care that meets the requirements set out in sections 245.491 to 245.496 and 256B.69, and utilize this contract for all subsequent awards, and before January 1, 1995, the commissioner of human services shall not enter into or extend any contract under section 256B.69 that would impede the implementation of sections 245.491 to 245.496;

*Each local children's mental health collaborative shall report expenditures eligible for federal reimbursement in a manner prescribed by the commissioner of human services under section 256.01, subdivision 2, clause (17). The commissioner of human services shall pay all funds earned by each local children's mental health collaborative to the collaborative. Each local children's mental health collaborative must use these funds to expand the initial target population or to develop or provide mental health services through the local integrated service system to children in the target population. Funds may not be used to supplant funding for services to children in the target population.*

*For purposes of this section, "mental health services" are community-based, nonresidential services, which may include respite care, that are identified in the child's multiagency plan of care.*

**Sec. 7. [245.496] [IMPLEMENTATION.]**

*Subdivision 1. [APPLICATIONS FOR START-UP FUNDS FOR LOCAL CHILDREN'S MENTAL HEALTH COLLABORATIVES.] By September 1, 1993, the commissioner of human services shall publish the procedures for awarding start-up funds. Applications for local children's mental health collaboratives shall be obtained through the commissioner of human services and submitted to the state coordinating council. The application must state the amount of start-up funds requested by the local children's mental health collaborative and how the local children's mental health collaborative intends on using these funds.*

*Subd. 2. [DISTRIBUTION OF START-UP FUNDS.] By January 1, 1994, the state coordinating council must ensure distribution of start-up funds to local children's mental health collaboratives that meet the requirements established in section 245.493 and whose applications have been approved by the council. If the number of applications received exceed the number of local children's mental health collaboratives that can be funded, the funds must be geographically distributed across the state and balanced between the seven county metro area and the rest of the state. Preference must be given to collaboratives that include the juvenile court and correctional systems, multiple school districts, or other multiple government entities from the local system of care. In rural areas, preference must also be given to local children's mental health collaboratives that include multiple counties. Initially, no more than one collaborative per county may qualify for start-up funds.*

*Subd. 3. [SUBMISSION AND APPROVAL OF LOCAL COLLABORATIVE PROPOSALS FOR INTEGRATED SYSTEMS.] By December 31, 1994, a local children's mental health collaborative that received start-up funds must submit to the state coordinating council its proposal for creating and funding an integrated service system for children in the target population. Within 60 days of receiving the local collaborative proposal the state coordinating council must review the proposal and notify the local children's*

*mental health collaborative as to whether or not the proposal has been approved. If the proposal is not approved, the state coordinating council must indicate changes needed to receive approval.*

"Sec. 6. [62N.06] [PERMITTED NETWORK STRUCTURE.]

*Subdivision 1. [NONPROFIT CORPORATION.] A corporation organized under chapter 317A may operate one or more integrated service networks. A corporation that operates one or more integrated service networks is governed by chapter 317A, except in the case of a conflict with this chapter, in which case this chapter governs. The corporation shall not engage in activities unrelated to integrated service networks, without the prior written approval of the commissioner. An entity that is not a corporation organized under chapter 317A shall not operate a network but may establish and own a corporation organized under chapter 317A to operate one or more networks.*

*Subd. 2. [SEPARATE ACCOUNTING REQUIRED.] A corporation oper-*

ating more than one integrated service network must maintain separate accounting and record keeping procedures, acceptable to the commissioner, for each integrated service network.

**Sec. 7. [62N.065] [ADMINISTRATIVE COST CONTAINMENT.]**

*Subdivision 1. [UNREASONABLE EXPENSES.] No integrated service network shall incur or pay for any expense of any nature which is unreasonably high in relation to the value of the service or goods provided. The commissioner of health shall implement and enforce this section by rules adopted under this section.*

*In an effort to achieve the stated purposes of sections 62N.01 to 62N.23, in order to safeguard the underlying nonprofit status of integrated service networks, and to ensure that the payment of integrated service network money to major participating entities results in a corresponding benefit to the integrated service network and its enrollees, when determining whether an organization has incurred an unreasonable expense in relation to a major participating entity, due consideration shall be given to, in addition to any other appropriate factors, whether the officers and trustees of the integrated service network have acted with good faith and in the best interests of the integrated service network in entering into, and performing under, a contract under which the integrated service network has incurred an expense. The commissioner has standing to sue, on behalf of an integrated service network, officers or trustees of the integrated service network who have breached their fiduciary duty in entering into and performing such contacts.*

*Subd. 2. [DATA ON PAYMENTS.] Integrated service networks shall keep on file in the offices of the integrated service network data on the payments, salaries, and other remuneration paid to for-profit firms, affiliates, or to persons, for administrative expenses, service contracts, and management of the integrated service network and shall make it available to the commissioner.*

*Subd. 3. [ADMINISTRATIVE COST REDUCTIONS.] The commissioner shall establish a plan that requires integrated service networks to lower their administrative expenses and costs for each of the five years 1994 through 1998. This plan shall require lower administrative expenses in order to reflect savings experienced by integrated service networks from lowered reporting requirements, lowered underwriting and marketing expenses, and other features of the integrated service network plan.*

*Subd. 4. [DISAPPROVAL OF CONTRACTS.] The commissioner shall review all payments, administrative contracts, service contracts, and other agreements to determine the reasonableness of the cost of the contracts or agreements and effect of the contracts or agreements on the price of the integrated service network to enrollees. If the commissioner determines that a contract or agreement is not reasonable, the commissioner shall disapprove the contract or agreement. The commissioner may request any information that is necessary to determine if costs are reasonable.*

*The commissioner shall give reasons for the disapproval in writing to the integrated service network. This notice shall state that a hearing will be granted within 20 days after a request in writing by the integrated service network."*

When a corporation operating a network becomes insolvent, its enrollees have the right to receive the same alternative coverage provided by the comprehensive health association under section 62D.181 to enrollees in insolvent health maintenance organizations.*

*Subd. 2. *Subdivision 1. [PURPOSE.] The legislature finds that all health care stakeholders, as well as society at large, benefit from medical education and health care research. The legislature further finds that the cost of medical education and research should not be borne by a few hospitals or medical centers but should be fairly allocated across the health care system.*

*Subd. 2. [DEFINITION.] For purposes of this section, "health care research" means research that is not subsidized from private grants, donations, or other outside research sources but is funded by patient out-of-pocket expenses or a third party payer and has been approved by an institutional review board certified by the United States Department of Health and Human Services.*

*Subd. 3. [COST ALLOCATION FOR EDUCATION AND RESEARCH.] By January 1, 1994, the commissioner of health, in consultation with the health care commission and the health planning advisory committee, shall:*

*(1) develop mechanisms to gather data and to identify the annual cost of medical education and research conducted by hospitals, medical centers, or health maintenance organizations;*

*(2) determine a percentage of the annual rate of growth established under section 62J.04 to be allocated for the cost of education and research and develop a method to assess the percentage from each group purchaser;*

*(3) develop mechanisms to collect the assessment from group purchasers to be deposited in a separate education and research fund; and*

*(4) develop a method to allocate the education and research fund to specific health care providers.*

Sec. 6. Minnesota Statutes 1992, section 62J.09, is amended by adding a subdivision to read:

*Subd. 1a. [DUTIES RELATED TO COST CONTAINMENT.] (a) [ALLOCATION OF REGIONAL SPENDING LIMITS.] Regional coordinating boards may advise the commissioner regarding allocation of annual regional limits on the rate of growth for providers in the regulated all-payer system in order to:*

*(1) achieve community-wide and regional public health goals consistent with those established by the commissioner; and*

*(2) promote access to and equitable reimbursement of preventive and primary care providers.*

*(b) [TECHNICAL ASSISTANCE.] Regional coordinating boards, in cooperation with the commissioner, shall provide technical assistance to parties interested in establishing or operating an integrated service network within the region. Employers may combine all amounts withheld from one pay period into one payment to each public authority, but shall separately identify each obligor making payment. Amounts received by the public authority which are in excess of public assistance expended for the party or for a child shall be remitted to the party. *The public authority shall send collections to the obligee, who has not assigned support to the state, within 15 calendar days of the date in which the support was initially received in the state.* An employer shall not discharge, or refuse to hire, or otherwise discipline an employee as a result of a wage or salary withholding authorized by this section. (b) Except as otherwise provided by contract or allowed by law, preverdict, preaward, or prereport interest on pecuniary damages shall be computed as provided in clause (c) from the time of the commencement of the action or a demand for arbitration, or the time of a written notice of claim, whichever occurs first, except as provided herein. The action must be commenced within two years of a written notice of claim for interest to begin to accrue from the time of the notice of claim. If either party serves a written offer of settlement, the other party may serve a written acceptance or a written counteroffer within 30 days. After that time, interest on the judgment or award shall be calculated by the judge or arbitrator in the following manner. The prevailing party shall receive interest on any judgment or award from the time of commencement of the action or a demand for arbitration, or the time of a written notice of claim, or as to special damages from the time when special damages were incurred, if later, until the time of verdict, award, or report only if the amount of its offer is closer to the judgment or award than the amount of the opposing party's offer. If the amount of the losing party's offer was closer to the judgment or award than the prevailing party's offer, the prevailing party shall receive interest only on the amount of the settlement offer or the judgment or award, whichever is less, and only from the time of commencement of the action or a demand for arbitration, or the time of a written notice of claim, or as to special damages from when the special damages were incurred, if later, until the time the settlement offer was made. Subsequent offers and counteroffers supersede the legal effect of earlier offers and counteroffers. For the purposes of clause (3), the amount of settlement offer must be allocated between past and future damages in the same proportion as determined by the trier of fact. Except as otherwise provided by contract or allowed by law, preverdict, preaward, or prereport interest shall not be awarded on the following:

(1) judgments, awards, or benefits in workers' compensation cases, but not including third-party actions;

(2) judgments or awards for future damages;

(3) punitive damages, fines, or other damages that are noncompensatory in nature;

(4) judgments or awards not in excess of the amount specified in section 487.30 2; and

(5) that portion of any verdict, award, or report which is founded upon interest, or costs, disbursements, attorney fees, or other similar items added by the court or arbitrator.

(c) The interest shall be computed as simple interest per annum. The rate of interest shall be based on the secondary market yield of one year United States treasury bills, calculated on a bank discount basis as provided in this section.

On or before the 20th day of December of each year the state court administrator shall determine the rate from the secondary market yield on one year United States treasury bills for the most recent calendar month, reported on a monthly basis in the latest statistical release of the board of governors of the federal reserve system. This yield, rounded to the nearest one percent, shall be the annual interest rate during the succeeding calendar year. The state court administrator shall communicate the interest rates to the court administrators and sheriffs for use in computing the interest on verdicts and shall make the interest rates available to arbitrators.

When a judgment creditor, or the judgment creditor's attorney or agent, has received a payment after entry of judgment, whether the payment is made voluntarily by or on behalf of the judgment debtor, or is collected by legal process other than execution levy where a proper return has been filed with the court administrator, the judgment creditor, or the judgment creditor's attorney, before applying to the court administrator for an execution shall file with the court administrator an affidavit of partial satisfaction. The affidavit must state the dates and amounts of payments made upon the judgment after the most recent affidavit of partial satisfaction filed, if any; the part of each payment that is applied to taxable disbursements and to accrued interest and to the unpaid principal balance of the judgment; and the accrued, but the unpaid interest owing, if any, after application of each payment.

(d) This section does not apply to arbitrations between employers and employees under chapter 179 or 179A. An arbitrator is neither required to nor prohibited from awarding interest under chapter 179 or under section 179A.16 for essential employees."

Mr. Bertram from the Committee on Agriculture and Rural Development, to which was referred

S.F. No. 836: A bill for an act relating to agriculture; modifying the over-order premium milk price; amending Minnesota Statutes 1992, section 32A.071, subdivisions 2, 4, and by adding a subdivision.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 17.982, subdivision 1, is amended to read:

Subdivision 1. [CRIMINAL PENALTIES.] A person who violates chapter 29, 31, 31A, 32, or 34 for which a penalty has not been prescribed is guilty of a misdemeanor.

Sec. 2. Minnesota Statutes 1992, section 17.983, subdivision 1, is amended to read:

Subdivision 1. [ADMINISTRATIVE PENALTIES; CITATION.] If a person has violated chapter 29, 31, 31A, 32, or 34, the commissioner may issue a written citation to the person by personal service or by certified mail. The citation shall describe the nature of the violation and the statute or rule alleged to have been violated; state the time for correction; and the amount of any proposed fine. The citation must advise the person to notify the commissioner in writing within 30 days if the person wishes to appeal the citation. If the person fails to appeal the citation, the citation is the final order and not subject to further review.

Sec. 3. Minnesota Statutes 1992, section 17.984, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] To carry out the commissioner's enforcement duties under chapter 29, 31, 31A, 32, or 34, the commissioner may, upon presenting appropriate credentials, during regular working hours and at other reasonable times, inspect premises subject to the commissioner's enforcement and licensing authority for reasons related to the commissioner's enforcement and licensing authority; request information from persons with information relevant to an inspection; and inspect relevant papers and records, including business records. The commissioner may issue notices in lieu of citations for minor violations if a notice is in the public interest.

Sec. 4. Minnesota Statutes 1992, section 32.394, subdivision 8d, is amended to read:

Subd. 8d. [PROCESSOR ASSESSMENT.] (a) A manufacturer shall pay to the commissioner a fee for fluid milk processed and milk used in the manufacture of fluid milk products sold in Minnesota. Beginning July 1, 1991, the fee is ~~five~~ six cents per hundredweight. If the commissioner determines that a different fee, not exceeding nine cents per hundredweight, when combined with general fund appropriations and fees charged under sections 31.39 and 32.394, subdivision 8, is needed to provide adequate funding for the Grades A and B inspection programs and the *Minnesota milk premium program*, the commissioner may, by rule, change the fee on processors.

(b) Processors must report quantities of milk processed under paragraph (a) on forms provided by the commissioner. Processor fees must be paid monthly. The commissioner may require the production of records as necessary to determine compliance with this subdivision.

Sec. 5. Minnesota Statutes 1992, section 32.394, subdivision 9, is amended to read:

Subd. 9. [PAYMENTS; REFUNDS; DISPOSITION.] Fees are payable by a processor or marketing organization by July 1 of each year for Grade A, and by January 1 of each year for manufacturing grade, and if not paid within 30 days of the due date, the service must be discontinued, and permission to market manufacturing grade or Grade A milk or milk products or use the Grade A label must be withdrawn. A processor may terminate payment and

service without loss of the Grade A label if written notice of that intention is given prior to the due date of the payment of an assessment and if the continuous inspection of the plant is assumed by a city whose milk control ordinance is substantially equivalent to Minnesota law and rule and is enforced with equal effectiveness. If a farm discontinues the production of milk within six months of the billing date, a request for a refund based on inspection services not received may be made by the processor or by the marketing organization on behalf of its patrons. This request must be made in writing by July 1 for manufacturing grade, or by December 31 for Grade A, and on approval by the commissioner refunds must be made to the processor or marketing organization.

The fees for services performed by the activities of this section must be deposited in the state treasury and constitute a separate account to be known as the milk ~~inspection service~~ services account, which is hereby created, set aside, and appropriated as a revolving fund to be used to help to defray the cost of administration, refunds and expenses of the preliminary and continuous milk inspection services and is in addition to and not in substitution for the sums appropriated or otherwise made available for this purpose to the department of agriculture.

*(b) A law enforcement agency may withhold access to a booking photograph that becomes public data if the agency determines that release of the photograph would impede the law enforcement process or jeopardize an active investigation.*

Sec. 2. Minnesota Statutes 1992, section 13.82, subdivision 5, is amended to read:

Subd. 5. [DATA COLLECTION.] Except for the data defined in subdivisions 2, 2a, 3, and 4, investigative data collected or created by a law enforcement agency in order to prepare a case against a person, whether known or unknown, for the commission of a crime or civil wrong is confidential or protected nonpublic while the investigation is active. The court may order that all or part of the data relating to a particular investigation be released to the public or to the person bringing the action. In making the determination as to whether investigative data shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the agency or to any person identified in the data. The data in dispute shall be examined by the court in camera.

Sec. 3. Minnesota Statutes 1992, section 13.82, subdivision 8, is amended to read:

"Section 1. [16A.713] [AID PENALTIES FOR NONCOMPLIANCE WITH COMPREHENSIVE CHOICE HOUSING ALLOTMENT.]

*For cities and towns which are within the metropolitan urban service area or which are freestanding growth centers, as defined by the metropolitan council established under chapter 473, only those which are certified to be in compliance with the comprehensive choice housing objectives under section 2, subdivision 3, clause (4), shall be eligible to receive aid payments, including, but not limited to, homestead and agricultural credit payments, from the local government trust fund in the calendar year following the year in which certification was made. Aid amounts for cities and towns deemed not to be in compliance with the comprehensive choice housing objectives under section 2, subdivision 3, clause (4), shall be distributed to the cities and towns in the metropolitan area certified by the metropolitan council to be in compliance, in proportion to each city's or town's share of local government aid and equalization aid under section 477A.013. For cities and towns which are partially within and partially without the area, this section shall apply to the proportion of the city's or town's aid equal to the population within the area divided by the total population of the city or town. For the purposes of this section, "population" means the population according to the most recent federal census, or according to the metropolitan council's most recent population estimates if the estimates have been issued subsequent to the most recent federal census.*

Sec. 2. [473.202] [AFFORDABLE HOUSING.]

*Subdivision 1. [POLICY; GOALS.] In order to protect and enhance the social and economic health of the metropolitan region and each community in the region, it is the legislature's policy to encourage development of a full range of housing options in every community in the metropolitan area. The legislature's goals are to: provide citizens with housing choices; remove barriers to the development of a comprehensive range of housing; create incentives for each community to develop housing that will serve residents as their income and housing needs change; reduce traffic congestion in the metropolitan area by providing people opportunities to live near their work in housing that is affordable to them; allow people to live near where jobs are being created; allow people to remain in their community as their situations and needs change; and have each community implement the housing policy and goals of the region.*

*Subd. 2. [DEFINITIONS.] The definitions in this subdivision apply to this section.*

*(a) "Affordable housing" means housing that requires households to expend no more than 30 percent of their household income on housing and housing related expenses.*

*(b) "Comprehensive choice housing" means single-family and multifamily housing that is affordable for households at income levels throughout the full range of metropolitan area incomes, including housing that is affordable to individuals and households with incomes less than or equal to 30 percent, 50 percent, 80 percent, and 100 percent of median income.*

*(c) "Comprehensive choice housing allotment" means a city's or town's allocation of comprehensive choice housing distributed on a fair-share basis under subdivision 3.*

*(d) "Median income" means median household income, adjusted for family size, for the Minneapolis-St. Paul metropolitan statistical area as determined by the federal Department of Housing and Urban Development.*

*(e) "Substantial compliance" means that at least 75 percent of the cities and towns in a sector of the metropolitan area are certified as meeting the comprehensive choice requirements under subdivision 3, clause (4).*

*Subd. 3. [COMPREHENSIVE CHOICE HOUSING ALLOTMENT; OBJECTIVES; RULES.] Before July 1, 1994, the metropolitan council shall adopt rules and objectives governing opportunities for comprehensive choice housing in the metropolitan urban service area and freestanding growth centers. The council shall contract with the office of administrative hearings to conduct public hearings to adopt rules under this subdivision. The council shall give notice at least 30 days before the hearing by publishing a notice in the State Register and mailing a notice to persons and groups who have requested notification. At the hearing, the public shall have an opportunity to give testimony and question council representatives and council staff. Rules and objectives adopted under this subdivision must:*

*(1) analyze the metropolitan urban service area's and freestanding growth centers' present and prospective need for comprehensive choice housing, including the need for multifamily and single-family housing for individuals and households at 30 percent, 50 percent, and 80 percent of median income. Local, state, and federal agencies shall work cooperatively with the council to*

identify, collect, and augment relevant data and studies without duplicating other analytical efforts;

(2) allocate the metropolitan urban service area's and freestanding growth centers' comprehensive choice housing needs, on a fair-share basis, to cities and towns in the metropolitan urban service area and freestanding growth centers' area.

Using the most current and reliable information available, the council shall develop a formula for allocating the metropolitan area's comprehensive choice housing needs to cities and towns within the metropolitan urban service area and freestanding growth centers. The formula developed by the council shall include the following factors:

(i) distribution of housing units by value or rent and the proportion of those units affordable to households earning 30 percent, 50 percent, and 80 percent of median income considering housing tenure, type and availability;

(ii) income distribution of households considering the number of households with incomes that are 30 percent, 50 percent, and 80 percent of median income, and the proportion of those households paying more than 30 percent of their household income on housing and housing related expenses;

(iii) job base, considering those jobs that provide employment opportunities for lower-income households and the ratio of jobs to households;

(iv) future development potential considering vacant land, the council's forecasts of households and employment, and the annual deviation from the council's forecasts resulting from variation in overall housing construction in the metropolitan area;

(v) future redevelopment potential in cities and towns with adequate supplies of vacant land to meet their allocation needs, considering age and value of housing, and redevelopment plans of cities and towns; and

(vi) cities' and towns' current and past efforts to provide and sanction housing or housing assistance for low-income households;

(3) determine the extent to which each city or town has, in the past, accomplished its comprehensive choice housing allotment;

(4) describe actions that a city or town may take to:

(i) eliminate barriers to comprehensive choice housing including, but not limited to, the elimination of zoning requirements, development agreements, and local development practices that impose barriers to the development of comprehensive choice housing;

(ii) utilize available opportunities that will meet the objective of providing comprehensive choice housing development; and

(iii) maintain housing affordability;

(5) establish annual review procedures, requirements, and guidelines for council review and certification of city and town compliance with the fair-share housing allocation; and

(6) establish procedures through which the council shall adopt and execute a plan to facilitate, coordinate, and, to the extent of available resources, cause the development of affordable comprehensive choice housing in all

*cities and towns where the supply of affordable housing is inadequate to meet the objectives under this section. Based on the factors in clause (2), the plan shall prioritize the proposed development of affordable comprehensive choice housing in inverse proportion to the percentage of available low- and moderate-income housing in each respective city or town.*

**Subd. 4. [PERIODIC REVIEW OF COMPREHENSIVE CHOICE HOUSING ALLOTMENT RULES.]** *The council shall review and assess the comprehensive choice housing allotment rules at least every five years following their effective date. No major changes to procedures for allocating comprehensive choice housing or evaluating compliance under subdivision 3, clause (4), shall be made until 90 days after a report to the legislature on proposed changes to the comprehensive choice housing allotment rules. The report must be submitted to the legislature in January.*

**Subd. 5. [COMPREHENSIVE CHOICE HOUSING COUNSELING.]** *The council shall provide or contract for housing counseling services. The counseling services must promote comprehensive housing choice throughout the metropolitan area by providing services to poor persons living in areas of concentrated poverty by locating available housing, counseling people on the advantages and disadvantages of housing locations, and offering on-site visits to available housing.*

**Subd. 6. [REVIEW AND CERTIFICATION.]** (a) *Beginning February 1, 1995, the council shall annually review and certify a city's or town's compliance with the objectives of comprehensive choice housing under subdivision 3, clause (4). A city or town shall be in compliance when it has taken all actions required by council rules adopted under the authority of subdivision 3, clause (4), or when it has achieved its comprehensive choice allotment.*

(b) *Before January 1, 1996, and each subsequent year, the council shall certify to the department of revenue, the cities and towns that are in compliance with the comprehensive choice housing objectives under subdivision 3, clause (4). At the time of certification, the council shall send a written notice to each uncertified city and town describing: the nature of the noncompliance, the types of corrective actions necessary for the city or town to be certified, and the penalties for noncompliance under subdivision 7 and section 16A.713.*

(c) *The council shall establish appeal procedures for uncertified cities and towns to obtain a review of the council's determination under this subdivision.*

**Subd. 7. [COUNCIL PENALTIES FOR NONCOMPLIANCE WITH THE COMPREHENSIVE CHOICE HOUSING ALLOTMENT.]** *After January 1, 1996, in addition to the penalties for noncompliance under section 16A.713, the council shall not:*

(1) *approve, or favorably receive, any proposed project or plan for a sector in which the council finds substantial noncompliance with the comprehensive choice housing objectives that will grant any extensions to urban service area boundaries, except to address environmental contamination problems or in demonstrated cases of undue economic hardship for the property owner affected and in cases of undue economic hardships for no more than ten acres;*  
or

(2) approve any element of a plan or proposed project that will grant any increased sewer service or access for a city or town that is not certified by the council under subdivision 6, except to address environmental contamination problems or in demonstrated cases of undue economic hardship for the property owner affected.

For purposes of this subdivision, the council shall define sector on a case-by-case basis to mean any contiguous area that includes the proposed sewer, or sewer extension project and is served by the sewer, or proposed project or extension.

Sec. 3. [APPLICATION.]

Sections 1 and 2 apply in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.

Sec. 4. [EFFECTIVE DATE.]

Sections 1 to 3 are effective the day following final enactment."

Senate Resolution No. 34: A Senate resolution adopting permanent rules of the Senate.

BE IT RESOLVED, by the Senate of the State of Minnesota:

The Permanent Rules of the Senate for the 78th Legislature shall read as follows:

## **PERMANENT RULES OF THE SENATE**

### **PARLIAMENTARY REFERENCE**

1. The rules of parliamentary practice comprised in Mason's Manual of Legislative Procedure shall govern the Senate in all cases in which they are applicable, and in which they are not inconsistent with these rules and orders of the Senate and the joint rules and orders of the Senate and House of Representatives.

### **HOUR OF CONVENING**

2. The Senate shall convene on days of meeting at 2 o'clock p.m. unless the Senate directs otherwise.

### **PRESIDENT**

3. The President shall take the chair at the hour to which the Senate adjourned. He shall immediately call the members to order and, on the appearance of a quorum, shall proceed with the regular order of business. He shall preserve order and decorum, may speak on points of order in preference to members, and shall also decide all questions of order, subject to an appeal to the Senate by a member. An appeal is decided by a majority vote of those present and voting. Upon an appeal from the decision of the President, the question is, "Shall the decision of the President be the judgment of the Senate?"

### **SUBSTITUTES FOR THE PRESIDENT**

4. The President may call a member to preside. In the absence of the President the Chair of the Committee on Rules and Administration, or his designee, shall preside over the Senate. In the absence of the President and the Chair, a member may be selected by the Senate to perform the duties of the President. Substitutions do not extend beyond adjournment.

### **ABSENCE OF MEMBERS**

5. No member or officer of the Senate shall be absent from a session of the Senate unless excused by the Senate.

### **DECORUM DURING BUSINESS**

6. When the President puts a question, or addresses the Senate, no one shall walk out of or cross the Chamber. When a member is speaking, no one shall pass between the member speaking and the President. No member, or other person, shall proceed to or remain by the Secretary's desk while the yeas and nays are being called or counted. No member may speak without using a microphone.

## ORDER OF BUSINESS

7. The order of business is as follows:
  1. Petitions, letters, remonstrances.
  2. Executive and official communications.
  3. Messages from the House of Representatives.
  4. First reading of House bills.
  5. Reports of committees.
    - (a) From standing committees.
    - (b) From select committees.
  6. Second reading of Senate bills.
  7. Second reading of House bills.
  8. Motions and Resolutions.
  9. Calendar.
  10. Consent Calendar.
  11. General Orders.
  12. Introduction and first reading of Senate bills.
  13. Announcements of Senate interest.

Under the order of business of Motions and Resolutions the Senate may by a majority vote of the whole Senate temporarily revert or proceed to any other order of business.

## CALENDAR

8. The Secretary shall make a Calendar of all bills, resolutions and other matters coming before the Senate for final action. He shall place them on the Calendar in the order in which they have been acted upon in Committee of the Whole. The Calendar shall be printed and placed upon the members' desks at least one calendar day before the matters on it are considered.

## CONSENT CALENDAR

9. If a committee determines that a bill it recommends to pass is of a routine nature or otherwise of a nature which likely will not be opposed, it may in its report recommend that the bill be placed on the Consent Calendar. If the report is adopted, the bill shall be printed and placed on the Consent Calendar after its second reading. On the question of adoption of the report the question of accepting the recommendation that the bill be placed on the Consent Calendar may be divided from the question of adopting the report in other respects.

A majority of the whole Senate, or the Chair of the Committee on Rules and Administration, may order a bill on General Orders to be placed on the Consent Calendar.

The Consent Calendar consists of bills placed on it. Senate bills shall be positioned ahead of House bills. The Consent Calendar shall be printed and placed on the members' desks at least one calendar day before the matters on it are considered.

If a member objects to consideration of a bill on the Consent Calendar at any time during its consideration in the Senate before the question on final passage is put, and that objection is supported by at least two other members, the bill shall be referred to the Committee of the Whole, and shall be placed

at the bottom of General Orders subject to Rule 11, except that it need not lie over one calendar day before consideration in the Committee of the Whole.

### SPECIAL ORDER

10. The Chair of the Committee on Rules and Administration may designate a special order for a bill that has been given its second reading.

A special order shall provide that the bill be considered immediately, at a time certain, or after specific other business is completed.

During consideration of a special order, Rule 20 is suspended. As nearly as applicable, debate on the bill and all proceedings including amendments and substitutions shall be that of the Committee of the Whole.

On any question a member may call for the yeas and nays which shall be entered in the Journal.

Unless it is otherwise disposed of, after consideration a bill on Special Orders of the Senate shall immediately proceed to its third reading and final passage.

A bill may not be made a special order if the chief author has declined on three previous occasions to take the bill up after it was designated a special order.

### GENERAL ORDERS

11. The Secretary shall make a list of all bills, resolutions, reports of committees, and other proceedings of the Senate, which are referred to the Committee of the Whole, and which are not made the order of the day, for a particular day, and number them. The lists are called the "General Orders". They shall be taken up in the order in which they are numbered unless otherwise ordered by a majority of the committee.

General Orders, together with all bills included on it required to be printed under the rules or orders of the Senate, shall be printed and placed upon the members' desks at least one calendar day before being considered in Committee of the Whole.

### MOTIONS

12. When a motion is made it shall be stated by the President. If it is in writing it shall be handed to the Secretary and read to the members.

13. A motion or amendment shall be written if the President or a member requests. In that case it must identify the member or committee offering it.

14. After a motion is stated by the President, or read by the Secretary, it is in possession of the Senate, but may be withdrawn by the author at any time before decision or amendment.

### PRECEDENCE OF MOTIONS

15. When a question is under debate no motion shall be received, except:

1. To adjourn.
2. To recess.
3. To reconsider.

4. To lay on the table.
5. For the previous question.

(Motions numbered 1, 2, 4 and 5 above shall be decided without debate.)

6. To refer.
7. To postpone to a day certain.
8. To amend.
9. To postpone indefinitely.

These several motions have precedence in the foregoing order; but when a motion for the previous question has been seconded, or the main question ordered, a motion to lay on the table is not in order.

A motion to postpone to a day certain, to refer, to postpone indefinitely, or to amend, having been decided, shall not again be put on the same day, nor at the same stage of the bill or proposition.

### MOTION TO ADJOURN

16. A motion to adjourn is always in order, and also a motion to adjourn to a time certain. The latter motion is debatable solely as to the time. When either motion is rejected it shall not be renewed until further business has been transacted.

### AMENDMENTS TO RULES AND SUSPENSION OF RULES

17. Every proposition to amend a rule of the Senate shall be referred to the Committee on Rules and Administration. The proposition shall not be acted upon until the report of the committee is received by the Senate. A rule shall not be suspended except by at least two-thirds vote of the whole Senate. A motion to suspend the rules for the purpose of advancing a bill shall be made only under the order of business, "Motions and Resolutions".

### ORDER IN DEBATE

18. When a member is about to speak in debate, or deliver a matter to the Senate, the member shall rise and respectfully address "Mr. (or Madam) President". The member shall not proceed to speak further until recognized by the President. The member shall speak only to the question under debate and avoid personality. In discussing a resolution, each member is limited to ten minutes.

19. When a member is called to order, he shall be silent until it is determined whether or not he is in order. If a member is called to order for words spoken in debate, the words excepted to shall be taken down in writing by the Secretary immediately.

20. No member shall speak more than twice on the same question on the same day without leave of the Senate.

### COMMITTEES NOT TO BE ABSENT

21. Committees shall not be absent from the Senate without permission of the Senate. The names of the members excused shall be printed in the Journal.

### **MEMBERS TO VOTE UNLESS EXCUSED**

22. Every member who is in the Senate Chamber during a roll call shall vote upon the request of another member unless, for special reasons, excused by the Senate.

A motion by a member to be excused from voting shall be made before the question is put. A member wishing to be excused from voting may make a brief statement of the reason for making the request and the question on the motion shall be taken without further debate.

When members have had an opportunity to vote and fail to do so, a majority of all the members of the Senate may, by motion, direct the President to close the roll. The vote on a motion to close the roll shall be taken without debate and no member is required to vote on the motion.

### **CALL OF THE SENATE**

23. A member may impose a call of the Senate requiring the attendance of all members before any further proceedings occur except a motion to adjourn. Upon the imposition of a call, a record of those present shall be obtained upon the request of any member, and the Sergeant at Arms instructed to bring in the absent members. When the Senate has been placed under call, a member may demand that the doors be closed and no member permitted to leave the Chamber until the matter or question, if any, under consideration at the time of the call is disposed of, or until the call is lifted by a majority vote of all the members of the Senate, or until the Senate adjourns. A majority vote of all the members of the Senate may excuse from attendance members not answering the call.

A call cannot be made after voting has commenced.

### **QUESTIONS—HOW STATED AND DECIDED**

24. Questions shall be distinctly put. The President shall declare all votes but if a member rises to question a vote, the President shall order a division.

### **ONLY MEMBERS PRESENT TO VOTE**

25. Upon a division and count of the Senate on a question, only members present in the Senate Chamber shall be counted. No member may vote on a question except at the member's own seat in the Chamber.

### **ANY MEMBER MAY DEMAND YEAS AND NAYS**

26. At any time prior to the start of voting on a question, a member may call for the yeas and nays which shall be entered in the Journal. A call for the yeas and nays cannot be interrupted except as provided in Rule 22.

### **AUTHORIZED ELECTRICAL VOTING DEVICE**

27. Unless otherwise ordered, a vote, except upon elections and upon the overriding of a governor's veto, may be taken by means of the electrical voting system which is under the control of the President.

### CERTIFICATE FOR MONEY

28. No certificate authorizing the payment of money appropriated by the Legislature shall be issued by the Secretary by virtue of a motion or resolution, unless the motion or resolution is voted for by a majority of all members of the Senate upon a call of the yeas and nays.

### THE PREVIOUS QUESTION

29. Unless the motion for the previous question is made specifically applicable to a subsidiary motion, the previous question shall be in this form:

“Shall the main question now be put?” It shall only be admitted when demanded by a majority of the members present, and its effect is to put an end to all debate, and bring the Senate to a direct vote upon amendments reported by a committee, if any, then upon all pending amendments in their order and then upon the main question.

On a motion for the previous question a call of the Senate is in order before the President submits the question to the Senate.

On a previous question there is no debate. All incidental questions of order, arising after a motion is made for the previous question, and pending the motion, shall be decided, whether on appeal or otherwise, without debate.

### DIVISION OF QUESTION

30. A member may call for a division of the question when the question will admit of it. A motion to strike out and insert is indivisible. A motion to strike out being lost does not preclude an amendment nor a motion to strike out and insert.

### RECONSIDERATION

31. When a motion or question has been once put and carried in the affirmative or negative, it is in order for a member who voted with the prevailing side to move for reconsideration on the same day on which the vote was taken or within the next two calendar days or, if later, the first day the Senate meets after the vote was taken. The motion takes precedence over all other questions except a motion to adjourn or recess. When a motion to adjourn is adopted prior to the disposition of the motion for reconsideration, a motion for reconsideration shall lie over until the next succeeding day the Senate meets except as provided in this rule. When notice of intention to move reconsideration of the final action of the Senate on a question is given by a member, the Secretary shall retain the subject of the notice until after the expiration of the time during which the motion can be made.

During the six calendar days before the first Tuesday following the third Saturday in May of any year a notice of intention to move for reconsideration is not in order, but a motion to reconsider may be made and have priority over all other business except a motion to adjourn. A motion for reconsideration having been once voted on shall not be put again nor reconsidered.

### INTRODUCTION OF BILLS

32. Bills, memorials, concurrent or joint resolutions may be introduced by a member or by order of the Senate on a report of a committee. An original

and three copies are required for introduction. The number of authors shall not exceed five. A member or a committee desiring to introduce a bill, memorial or concurrent or joint resolution shall place it in the hands of the Secretary, and the Secretary shall promptly deliver all the bills, memorials or concurrent or joint resolutions to the President who shall present them to the Senate.

The name of the author or authors shall be prefixed to each bill, memorial or resolution and the name of a committee introducing a bill, memorial or resolution shall be endorsed on it.

### RECESS BILL INTRODUCTIONS

33. During the period between the last day of the session in any odd-numbered year and the first day of the session in the following year, a bill filed with the Secretary for introduction shall be given a file number and may be unofficially referred by the President, with the approval of the Chair of the Committee on Rules and Administration, to an appropriate standing committee of the Senate. All bills filed for introduction during this period shall be presented to the Senate when it reconvenes and shall be referred to the standing committees previously indicated by the President, subject to objection under Rule 35.

### REPORTING OF BILLS

34. Every bill, memorial, order, resolution or vote requiring the approval of the Governor shall be reported to the Senate on three different days previous to its passage. The first report, called the first reading, is made when it has been received for introduction; the second report, called the second reading, is made when it has been considered by all the necessary standing committees and is ready for debate; the third report, called the third reading, is made when it is ready for final passage.

### REFERRING OF BILLS

35. All bills shall be referred by the President without motion to the proper standing committee unless otherwise referred by the Senate. A bill introduced by a committee need not be referred to a standing committee unless a question arises but rather shall lie over one day before being given its second reading. When a question arises concerning the proper reference of a bill during the order of business of first reading on the day of introduction or at the time of report on it by a standing committee to which the bill was previously referred, the bill shall be referred without debate to the Committee on Rules and Administration to report the proper reference, and upon adoption of the report of the Committee on Rules and Administration, it shall be referred accordingly.

All bills appropriating money, or obligating the state to pay or expend money, or establishing a policy which to be effective will require expenditure of money, when referred to and reported by any other than the Committee on Finance, shall, before passage, be referred to the Committee on Finance.

All bills delegating emergency rulemaking to a department or agency of state government and all bills exempting a department or agency of state government from rulemaking, when referred to and reported by any other than the Committee on Governmental Operations, shall, before passage, be referred to the Committee on Governmental Operations.

*Upon request of the chair of a finance division of a policy committee, the chair of the policy committee shall refer a bill in that committee to the division.*

36. No bill or resolution shall be referred to committee or amended until it has been given its first reading. No bill or resolution shall be objected to on its introduction.

#### AMENDMENTS TO BE GERMANE

37. An amendment proposed to the Senate or to the Committee of the Whole that is not germane is out of order. A non-germane amendment includes one that relates to a substantially different subject, or is intended to accomplish a substantially different purpose than that of the original bill to which it is proposed. Whether an amendment is germane is a question to be decided by the President, who may put the question to the body if he chooses.

*A motion to remove an amendment placed on a House bill under Rule 49 is out of order if removal of the amendment would make a portion of the House bill not germane to the Senate companion for which it was substituted.*

#### AMENDMENTS TO BILLS

38. In drawing an amendment to a bill or resolution reference shall be made therein, first to the number of the bill, then to the page, and then to the line or lines from which matter is to be stricken or in which new matter is to be inserted.

#### AMENDMENTS TO TITLE

39. The title to a bill may be amended at any time during its pendency in the Senate.

#### RECALL FROM COMMITTEE

40. With the concurrence of the first author of the bill, before the deadline for committee action on the bill a majority of the Senate and after the deadline for committee action on the bill 60 percent of the Senate may recall a bill from any committee and re-refer it to any other committee or place it on General Orders. With the concurrence of the first author of the bill, a majority of the Senate may at any time take a bill from the table and place it on General Orders.

By a report of the Committee on Rules and Administration adopted by the Senate, the Committee on Rules and Administration, on request of the first author, may remove a bill from committee and re-refer it to any other committee or place it on General Orders.

#### DISTRIBUTION AND PRINTING OF BILLS

41. To the extent practical the Secretary shall provide a copy of any bill to the public. He may charge a reasonable fee.

Unless otherwise ordered by the Senate, all Senate bills which have been reported upon favorably or without recommendation by a committee shall be printed prior to consideration by the Senate or the Committee of the Whole. A House bill amended by the Senate must be unofficially engrossed and

printed when placed on General Orders. A bill may be printed by order of the Secretary when amended after second reading. A bill shall be printed when ordered by a majority vote of the Senate. Action by the Senate on a bill which has not been printed is a waiver of the printing requirement.

### COMMITTEE OF THE WHOLE

42. All bills, memorials, orders, resolutions and votes requiring the approval of the Governor shall, after a second reading, be considered in Committee of the Whole before they are finally acted upon by the Senate, except as provided for in Rules 9 and 10.

43. The President may call a member to the Chair when the Senate resolves itself into the Committee of the Whole. The rules observed in the Senate govern, as far as practicable, the proceedings of the Committee of the Whole, and the Chair of the Committee of the Whole has the powers of the President, as appropriate. However, a member may speak more than twice on the same subject and a call for the previous question cannot be made. The yeas and nays shall be taken only upon the request of three members, and when taken shall be recorded in the Journal along with the amendment; provided, however, that a member may, with the approval of the Chair of the Committee on Rules and Administration, submit a description of the amendment for printing. In those cases the Secretary shall retain in the minutes of the Committee of the Whole the full text of the amendment.

44. The recommendations of the Committee of the Whole shall be reported to the Senate. If a recommendation contains a proposed amendment of a bill, that amendment shall be noted on a separate piece of paper but when reported need not be read by the President unless required by one or more of the members. The question is on the adoption or rejection of the report, and no other question shall be admitted. The question may be divided to permit separate Senate action on the report as to any bill. On adoption of the report of the Committee of the Whole all bills recommended to pass shall be placed upon the Calendar.

### AMENDMENT ON THIRD READING

45. No amendment is in order on third reading without the unanimous consent of the Senate unless it fills a blank, amends the title as provided by Rule 39, is proposed to the chief author of the bill by the Revisor of Statutes to correct technical defects found by the Revisor while engrossing earlier amendments to the bill, or is proposed to a bill on the Consent Calendar before the bill is given its third reading.

In filling blanks, the largest sum, the longest time and the greatest distance shall be first taken.

### MOTION TO REFER

46. A bill or resolution may be referred to committee at any time prior to its passage, and if an amendment is reported on the referral to any other than the Committee of the Whole, it shall again be read the second time, considered in Committee of the Whole, read the third time and placed on final passage. If the referral is to the Committee of the Whole it shall be placed at the head of General Orders, except when the referral is under Rule 9.

### FINAL PASSAGE

47. The final question upon a bill or other matter requiring action by both Houses after its first and second reading, and after the consideration in Committee of the Whole, is upon its final passage.

### TRANSMITTING OF BILLS TO THE HOUSE

48. Except as provided in Rule 31, immediately after the passage of a bill or other matter in which the concurrence of the House of Representatives is requested, the Secretary shall transmit it to the House. On the concurrence of a bill or other matter of the House by the Senate, or on the concurrence or disagreement in a vote of the House, the Secretary shall notify the House.

### COMPARISON AND SUBSTITUTION OF BILLS

49. Unless there is a motion by the Chair of the Committee on Rules and Administration or objection under Rule 35, a House bill, after its first reading, shall be referred as follows:

(a) If there is no Senate companion bill, the House bill shall be referred to the appropriate standing committee;

(b) If there is a Senate companion bill, the House bill shall be referred to the standing committee possessing the Senate companion;

(c) If the Senate companion bill has been reported to the Senate, the House bill shall be referred to the Committee on Rules and Administration, which shall report whether the House bill is identical to the Senate companion bill. If the bills are identical, the report shall recommend that the House bill be given its second reading and substituted for the Senate companion bill and the Senate companion bill be indefinitely postponed. If the House bill is not identical to the Senate companion bill, the report of the committee shall so state and recommend an amendment to the House bill that when adopted will render the House bill identical to the Senate bill. Upon adoption of a committee report containing the proposed amendment, the House bill as amended shall be given its second reading and substituted for the Senate companion bill and the Senate companion bill shall be indefinitely postponed.

Reports of the Committee on Rules and Administration pursuant to this rule shall be prepared and submitted on behalf of the committee by the Secretary.

A House bill placed on the Calendar by substitution shall not be given its third reading on the same day as the substitution.

### ENGROSSING AND ENROLLING OF BILLS

50. All engrossing and enrolling of bills shall be done at the direction and under authority of the Senate.

Every bill, memorial, order or resolution originating in the Senate shall be carefully engrossed before being transmitted to the House of Representatives for concurrence.

All bills shall be carefully enrolled under the supervision of the Committee on Rules and Administration, which may report to the Senate at any time on the enrollment of bills.

### DISPOSITION OF BILLS ON ADJOURNMENT

51. Adjournment of the regular session in an odd-numbered year to a date certain in the following year shall be equivalent to daily adjournment, except that a bill on the Calendar, Consent Calendar, or General Orders shall be returned to the standing committee other than the Committee on Rules and Administration from which it was last reported to the Senate, unless otherwise provided for by motion prior to adjournment. Bills returned to committee pursuant to this rule shall, upon request of the author, be given priority for consideration by the committee ahead of all other bills in the order in which they appeared on the Calendar, Consent Calendar, or General Orders.

### PETITIONS AND OTHER COMMUNICATIONS

52. In presenting a petition, memorial, remonstrance or other communication addressed to the Senate, a member shall only state the general purpose of it.

Every petition, memorial, remonstrance, resolution, bill and report of committee, shall have an appropriate title, and the name of the member presenting it written on it.

### RESOLUTIONS

53. Memorial resolutions addressed to the President or the Congress of the United States, or a house or member of Congress, or a department or officer of the United States; or a state or foreign government, joint resolutions, and resolutions requiring the signature of the Governor shall follow the same procedure as bills before being adopted.

Upon a member giving notice of intention to debate a resolution not required to follow the same procedure as bills and not offered by the Committee on Rules and Administration, the resolution shall lie over one calendar day without debate or other action. Upon the request of a member, the resolution shall be referred to the proper committee. Whenever a question arises concerning the proper reference the procedure provided by Rule 35 applies.

### CONFIRMATIONS

54. Every gubernatorial appointment requiring the advice and consent of the Senate shall be referred by the President to the appropriate committee. If a question arises as to the proper committee, the appointment shall be referred without debate to the Committee on Rules and Administration for a report making the proper reference.

The final question on the appointment is, "Will the Senate, having given its advice, now consent to this appointment?" The question shall not be put the same day the appointment is received or on the day it is reported by committee unless by unanimous consent.

### SIGNING OF ACTS, RESOLUTIONS

55. In addition to his duties under Rule 3, the President shall sign all acts, memorials, addresses and resolutions. All writs, warrants and subpoenas issued by the Senate shall be signed by the President and attested by the Secretary. Upon a finding by the Committee on Rules and Administration that

the President refuses or is unable to sign any of the documents described in this rule, the Chair of the Committee on Rules and Administration, or some other member selected by the committee shall assume the duties of the President under this rule until the President is able to sign the documents described or until the Senate elects a new President, whichever occurs first.

### APPOINTMENT OF COMMITTEES

56. The majority and minority shall each be represented on all standing committees of the Senate substantially in proportion to their numbers in the Senate. The majority group shall assign the number of positions the minority group will hold on each committee. The minority group shall be given adequate notice about its positions prior to the commencement of the session. Both the majority and minority groups shall appoint their own members to fill the number of positions each group will hold on each committee. The minority group shall transmit notice of its assignments to the majority group within ten calendar days after receipt of the notice of positions available. *The minority group may designate a ranking member for each committee.* If the minority group for any reason fails to make its appointments pursuant to this rule, the majority group may make all the committee assignments.

The majority and minority committee assignments are subject to the uniform criteria governing committee assignments applicable to both the majority and minority. The uniform criteria shall be promulgated by the majority group and transmitted to the minority group together with notification of committee positions available to the minority.

Committee assignments as made by the majority and minority groups shall be followed by the Senate in the resolution establishing representation on all Senate standing committees.

After the organization of the Senate, all committees of the Senate and members of commissions to be appointed by the Senate authorized by rule, statute, resolution or otherwise, shall be appointed by the Subcommittee on Committees of the Committee on Rules and Administration, unless otherwise provided, subject to confirmation by the Senate. In the appointment of members of conference committees between the two houses, the Subcommittee on Committees of the Committee on Rules and Administration of the Senate shall appoint those who are in accord with the position of the Senate, and whenever practical, give preference to authors of bills in dispute and to members of standing committees in which the bills were considered.

The subcommittee shall consist of five members, one of whom shall be a member of the minority group.

Each standing committee of the Senate, including a subcommittee of the committee, is authorized at any time to sit and act, to investigate and take testimony on any matter within its jurisdiction, to report hearings held by it, and to make expenditures as authorized from time to time by the standing Committee on Rules and Administration. A standing committee, but not a subcommittee, may require by subpoena or otherwise the attendance and testimony of witnesses and the production of correspondence, books, papers, and documents, in the manner provided by Minnesota Statutes, Section 3.153.

### COMMITTEE MEETINGS

58. All meetings of the Senate, its committees, committee divisions, and subcommittees are open to the public. A meeting of a caucus of the members of any of those bodies from the same political party need not be open to the public. Notwithstanding Minnesota Statutes, section 3.055, a caucus of the Hennepin county, Ramsey county, or St. Louis county delegation is open to the public. For purposes of this rule, a meeting occurs when a quorum is present and action is taken regarding a matter within the jurisdiction of the body.

To the extent practical, meetings of all committees shall be announced to the public at least three calendar days prior to convening. The notice shall state the name of the committee, the bill or bills to be considered, the place and time of meeting. The notice shall be posted on all Senate bulletin boards in the Capitol and the State Office Building. A notice shall be sent to the House of Representatives for posting as it deems necessary.

### QUORUM IN COMMITTEE

59. A majority of its members constitutes a quorum of a committee.

### REPORT OF VOTE IN COMMITTEE

Upon the request of a member of a committee or subcommittee to which a bill has been referred, or upon the request of the author of the bill, a record shall be made of the vote on the bill in the committee or subcommittee, including the vote on any amendment or proposed amendment to it, in the committee or subcommittee to which the bill was referred.

Upon request of three members of the committee before the vote is taken, the record of a roll call vote in a standing committee shall accompany the committee report and be printed in the Journal.

### COMMITTEE ACTION

61. No report of any committee shall be made to the Senate unless it reports action taken at a regular or special meeting of the committee. A report in violation of this rule is out of order.

### EMPLOYEES AUTHORIZED IN THE SENATE

62. The Committee on Rules and Administration shall establish positions, set compensation, appoint employees, and authorize expense reimbursement for employees as it deems proper to carry out the work of the Senate. At the request of any committee member, an action of the committee shall be submitted as a Senate resolution for adoption by the Senate. A roster of all employees of the Senate, including positions and compensation, shall be kept by the Secretary and shall be open for inspection by the public. The Secretary shall post, in a public place in the Capitol, a notice of every vacant position on the permanent staff of the Senate. The notice must remain posted for at least two weeks, and no vacancy may be filled until the period of posting has elapsed.

### BUDGET AND EXPENDITURES

63. The Committee on Rules and Administration shall adopt an operating budget for the Senate and refer it to the Committee on Finance.

All propositions for the appointment and payment of employees of the Senate or for expenditures on account of the Legislature, other than those provided by law, shall be referred to the Committee on Rules and Administration without debate.

### AUTHORITY OVER EMPLOYEES

64. Except as otherwise provided in these rules, the Committee on Rules and Administration has full and exclusive authority over, and charge of all employees, officers and clerks of the Senate both elective and appointive. The committee has the sole and exclusive power and authority to assign them to duties other than for which they were elected or appointed as the committee may from time to time provide. The committee has power to appoint employees, officers or clerks as it deems proper to exercise the power granted to it by this rule. The committee may make rules and regulations for the government of the employees, officers and clerks as they see fit. In case of violation of an order of the committee by an employee, officer or clerk, or in case of a violation of a rule or regulation made by the committee, or in case of misconduct or omission by an employee, officer or clerk, the Committee on

Rules and Administration may hear complaints and discharge the employee, officer or clerk or impose other punishment by way of fine or otherwise upon the employee, officer or clerk as the committee deems just and proper.

### DUTIES OF SECRETARY

65. The Secretary shall keep a correct Journal of the proceedings of the Senate and shall perform other duties assigned to him as Secretary. He shall not permit Journal records, accounts or papers to be taken from the table or out of his custody, other than in the regular mode of business. If a paper in his charge is missing, he shall report the fact to the President, so that inquiry may be made. He shall superintend the recording of proceedings in the Journal, the engrossing, transcribing and copying of the bills and resolutions, supervise the assistants, clerks and stenographers under the direction of the Committee on Rules and Administration, and generally perform the duties of Secretary, under direction of the President. The Secretary shall keep a record of all Senate and House bills showing the state, condition, and progress of each bill pending, until its final passage.

The Secretary shall cause to be recorded on magnetic tape the proceedings of the Senate, the Committee of the Whole, each standing committee and standing subcommittee. Each tape shall be clearly labeled to show the name of the body whose proceedings are recorded and the dates the proceedings occurred. Each tape shall be accompanied by a log showing the number of each bill considered and the places on the tape where consideration of the bill occurred. Within two working days after each day the Senate is in session the Secretary shall make a copy of the tape and corresponding log of proceedings of the Senate and the Committee of the Whole and deliver the copies to the Legislative Reference Library. Within one week after each meeting of a standing committee or standing subcommittee the Secretary shall make a copy of the tape and corresponding log of the meeting and deliver the copies to the Legislative Reference Library. Upon completion and approval of the minutes of the meeting, a copy of the minutes shall be promptly delivered to the Legislative Reference Library. The Secretary shall keep a record of each session of the Senate and the Committee of the Whole, each meeting of a Senate standing committee or standing subcommittee, and the date on which a tape recording of the session or meeting was transmitted to the Legislative Reference Library. The Library shall keep a similar record of all tapes received. The Library shall provide committee staff with reasonable access to Senate tapes and shall provide the public with convenient facilities to listen to the tapes. Copies of Senate tapes shall be available to the public from the Secretary, for a fee determined by the Secretary to be adequate to cover the cost of preparing the copies. A copy shall be provided free to a member of the Senate upon request for use in legislative business. The original tape and log of each session of the Senate and the Committee of the Whole shall be kept by the Secretary until the end of the period for which the members of the existing House of Representatives have been elected, at which time the tape may be preserved or disposed of as he sees fit. Tapes, logs, and minutes forwarded to the Legislative Reference Library shall be kept by the Library until two years after the end of the period for which the members of the existing Senate have been elected, at which time they may be preserved or disposed of as the Library sees fit. It is the intention that testimony and discussion preserved under this rule not be admissible in any court or administrative proceeding on an issue of legislative intent.

### JOURNAL—HOW APPROVED

66. The Journal of each day's proceedings is open for correction at any time during the session of the next day the Senate meets. Unless corrected on that day, the Journal stands approved.

### SECRETARY MAY CORRECT ERRORS

67. The Secretary of the Senate and Engrossing Secretary, in all proper cases, shall correct all mistakes in numbering the sections and reference to them, whether the errors occur in the original bill or are caused by amendments to it.

### PURCHASING SUPPLIES

68. The Secretary is the agent of the Senate for the purchase of supplies. The Secretary's records on purchase of supplies are open for inspection during normal business hours.

### DUTIES OF THE SERGEANT AT ARMS

No person shall be admitted within the Senate Chamber, but a member, an officer, the constitutional officers, ex-Governors of the State of Minnesota, members of the House, judges of the trial and appellate courts and members of Congress. Those who have been members of Congress or of the state Legislature who are not interested in any claim or directly in a bill pending before the Legislature may be personally admitted by a member of the Senate. An employee of either house may be admitted at the request of a member or an officer of the Senate. The head of a department of state government may be admitted by the President. When a member-elect is sworn in, the member-elect may request that one guest be admitted. When the Senate is not meeting, a person not a member may be admitted to the floor at the request of a member or officer. No public hearings shall be held in the Senate Chamber. The retiring room of the Senate is reserved for the exclusive use of the members of the Senate at all times. The Sergeant at Arms shall strictly enforce this rule.

### PRIVILEGE OF REPORTERS

71. Provision shall be made for news reporters on the Senate floor in limited numbers, and in the Senate gallery. Because of limited space on the floor, permanent space is limited to those news agencies which have regularly covered the legislature, namely: The Associated Press, United Press International, St. Paul Pioneer Press Dispatch, Star Tribune, Duluth News-Tribune and Herald, Rochester Post-Bulletin, St. Cloud Daily Times, WCCO radio,

KSTP radio, and Minnesota Public Radio. An additional two spaces shall be provided to other reporters if space is available.

One person from each named agency and one person from the Senate Publications Office may be present at the press table on the Senate floor at any one time.

Other news media personnel may occupy seats provided in the Senate gallery.

The Committee on Rules and Administration may, through committee action or by delegating authority to the Secretary, allow television filming on the Senate floor on certain occasions.

The committee or its agent may designate a committee of three senior news correspondents to act as an issuing agency for reporters' badges or other credentials.

### ETHICAL CONDUCT

75. The Subcommittee on Committees shall appoint a special committee on Ethical Conduct consisting of four members, two from the majority and two from the minority.

The committee shall serve in an advisory capacity to a member or employee upon written request and shall issue recommendations to the member or employee.

A lobbyist shall not appear before a Senate committee pursuant to his employment unless he is in compliance with the law requiring lobbyist registration, Minnesota Statutes, Sections 10A.03 to 10A.06. A lobbyist when appearing before a committee shall disclose to the committee those in whose interest he speaks and the purpose of his appearance. A lobbyist shall not knowingly furnish false or misleading information or make a false or misleading statement that is relevant and material to a matter before the Senate or any of its committees when he knows or should know it will influence the judgment or action of the Senate or any of its committees thereon. A lobbyist

shall not exert undue influence or expend improper sums of money in connection with any legislation.

The committee shall investigate a complaint by a member of the Senate in writing under oath received during a legislative session regarding improper conduct by a member or employee of the Senate or a lobbyist. The committee has the powers of a standing committee to issue subpoenas pursuant to Minnesota Statutes, Section 3.153. In order to determine whether there is probable cause to believe that improper conduct has occurred, the committee may, by a vote of three of its members, conduct a preliminary inquiry in executive session to which the requirements of Rule 58 do not apply. Upon a finding of probable cause, further proceedings on the complaint are open to the public. If, after investigation, the committee finds the complaint substantiated by the evidence, it shall recommend to the Senate appropriate disciplinary action.

Any person may submit to the Chair of the Committee on Rules and Administration a complaint that members have violated the open meeting requirements of Minnesota Statutes, section 3.055. A member of the Senate may submit the complaint either orally or in writing; others must submit the complaint in writing. Whether the complaint was written or oral, the Chair of the Committee on Rules and Administration shall immediately forward it in writing to the Special Committee on Ethical Conduct without disclosing the identity of the complainant. The complaint must not be further disclosed, except to the members against whom the complaint was made, unless the complaint was made by a member of the Senate in writing under oath, in which case the investigatory procedures of this rule apply.

Mr. Luther moved that the foregoing resolution be laid on the table and printed in the Journal. The motion prevailed.

#### FORM

Rule 2.01. The title of each bill shall clearly state its subject and briefly state its purpose. When a bill amends or repeals an existing act, the title shall refer to the chapter, section or subdivision.

Reference shall be made to Minnesota Statutes for the provisions appearing therein unless reference to previous session laws is required for some special reason.

Bills shall refer to Minnesota Statutes as follows:

“Minnesota Statutes ....., section .....”

Bills shall refer to the session laws as follows:

“Laws ....., chapter ....., section .....”

A bill for the amendment of a statute shall contain the full text of the section or subdivision to be amended as it appears in the latest edition of Minnesota Statutes unless it has been amended, in which event it shall contain the full text as amended.

The words and characters constituting the amending matter shall be inserted in the proper place in the text and underscored. The words and characters to be eliminated by the amendment shall be stricken by drawing a line through them. The text of a new section or subdivision shall also be underscored when a bill amends an existing chapter or section by adding a new section or subdivision. In the omnibus appropriation bills required by Joint Rule 2.02, sections making an appropriation or transfer and not amending a statute or session law need not have new material underscored. *A bill that repeals a statute may include or be accompanied by an appendix containing the full text of the section or subdivision repealed.* Before a committee favorably reports upon a bill, the chairman of the committee shall see that the bill conforms to this rule. When a bill is printed in the Journal, the new matter shall be in italics or underscored and the matter to be eliminated shall be capitalized and in parentheses or stricken by drawing a line through it. A bill drafted by the Revisor of Statutes for the purposes of correcting errors in Minnesota Statutes need not comply with the provisions of this paragraph if the bill is labeled “REVISOR’S BILL” immediately below the title, and if there is attached thereto a memorandum of information explaining the reasons for the bill.

If the bill is for an original law and not for an amendment of an existing law, the sections and subdivisions shall be arranged, subdivided, and numbered in like manner as Minnesota Statutes. If such a bill assigns to the sections thereof headnotes or identification by the decimal system of numbering used in Minnesota Statutes, such headnotes and decimal identification may be submitted by standing committee chairmen to the Revisor of Statutes for examination. Any such headnotes shall be capital letters enclosed in brackets, and shall be subject to the provisions of Minnesota Statutes, section 648.36.

All numbers in titles shall be expressed in figures. All numbers of section or chapter of law shall be in figures. In the body of a bill numbers in excess of ten shall be in figures, except for a special reason they may be written, but when written they shall not be followed by numbers or parentheses.

*A bill may include or be accompanied by a table of contents.*

### APPROPRIATING MONEY

Referral is not required when a committee after the earlier date and by the later date set by this paragraph acts on a bill that is a companion to a bill that has met the earlier deadline in the other house. *This rule does not apply to the Senate Committees on Finance and on Taxes and Tax Laws, and the House Committees on Ways and Means and on Taxes.*

(b) Committee reports on bills containing an appropriation that are favorably acted upon by a *the policy committee* in either house *that is or includes the finance division with final jurisdiction over the appropriation after the deadlines in paragraph (a) but no later than* the third Friday before the last Friday the Legislature can meet in regular session [April 23, 1993], ~~shall need not~~ be referred in the Senate to the Committee on Rules and Administration, and *or* in the House of Representatives to the Committee on Rules and Legislative Administration for disposition. ~~This rule does not apply to the Senate Committees on Finance and on Taxes and Tax Laws, and the House Committees on Ways and Means and on Taxes.~~

(c) Conference committees on the major appropriation bills specified in Joint Rule 2.02 shall have their reports on the members' desks by the last Thursday on which the Legislature can meet in regular session [May 13, 1993]. After the last Friday on which the Legislature can meet in regular session [May 14, 1993], neither house shall act on bills other than those contained in:

- (1) Reports of Conference Committees;
- (2) Messages from the other house;
- (3) Reports of the Committee on Rules and Administration in the Senate or the Committee on Rules and Legislative Administration in the House; or
- (4) Messages from the Governor.

(d) In even-numbered years the Legislature shall establish by concurrent resolution deadlines based on the date intended to be the date of adjournment sine die.

### AMENDING BILLS ORIGINATING IN OTHER HOUSE

Rule 2.04. Either house shall have the power to amend any bill, memorial, or resolution passed by the other house.

### RECEDING FROM POSITION

Rule 2.05. Prior to a Conference Committee on any matter, either house may recede from its position on any difference existing between the two houses. In order to recede, and if the matter is not in the possession of a house, that house shall request return of the matter from the other house. To recede, a majority of a house shall govern, except in cases otherwise provided in the Constitution. If the question is put and lost, it shall not be put again on the same day. A reconsideration of the question shall in all respects be regulated by the rules of that house.

### CONFERENCE COMMITTEES

Rule 2.06. In all cases of disagreement between the Senate and House on amendments adopted by either house to a bill, memorial or resolution passed by the other house, a Conference Committee consisting of not less than three members nor more than five members from each house may be requested by either house. The other house shall appoint a similar committee.

The manner of procedure shall be as follows: The house of origin passes a bill and transmits it to the other body. If the other body adopts an amendment to the bill and passes it as amended, it shall return the bill with a record of its actions to the house of origin. If the house of origin refuses to concur in the amendment, it shall ask for a Conference Committee, appoint such a committee on its part, and transmit the bill with a record of its action to the other house. If the other house adheres to its amendment, it shall appoint a like committee and return the bill to the house of origin.

All Conference Committees shall be open to the public. As much as practical, meetings of Conference Committees shall be announced as far in advance as possible and actions taken shall be agreed upon in an open meeting. At an agreed upon hour the Committee shall meet. *Except after the last Friday on which the Legislature can meet in regular session in odd-numbered years [May 14, 1993], and after the last Friday on which the Legislature intended, when it adopted the concurrent resolution required by Rule 2.03, paragraph (b), to meet in regular session in even-numbered years, a ten-member Conference Committee shall not meet when either the House or the Senate is meeting.* The members from each house shall state to the members from the other house, orally or in writing, the reason for their respective positions. The members shall confer thereon and shall report to their respective houses the agreement they have reached, or, if none, the fact of a disagreement.

If an agreement is reported, the house of origin shall act first upon the report. A Conference Committee report must be limited to provisions that are germane to the bill and amendments that were referred to the Conference Committee. A provision is not germane if it relates to a substantially different subject or is intended to accomplish a substantially different purpose from that of the bill and amendment that were referred to the Conference Committee. If the report is adopted and repassed as amended by the Conference Committee by the house of origin, the report, the bill and a record of its action shall be transmitted to the other house.

Except after the last Thursday on which the Legislature can meet in regular session in odd-numbered years [May 13, 1993], and after the last Thursday on which the Legislature intended, when it adopted the concurrent resolution

required by Rule 2.03, paragraph (b), to meet in regular session in even-numbered years, a written copy of a report of a Conference Committee shall be placed on the desk of each member of a house twelve hours before action on the report by that house. If the report has been reprinted in the Journal of either house for a preceding day and is available to the members, the Journal copy shall serve as the written report. The member presenting the Conference Committee report to the body shall disclose, either in writing or orally, the substantial changes from the bill or the amendment as they were last before the body.

### ENROLLMENT AND SIGNATURE

Rule 2.07. After a bill or memorial has been passed by both houses, it shall be carefully and properly enrolled by the Revisor of Statutes under the direction of the Secretary of the Senate for a matter originating in the Senate or the Chief Clerk of the House for a matter originating in the House. The Revisor of Statutes shall obtain the signatures and certificates of the proper officers to the enrolled copy of the bill or memorial and present it to the Governor for his approval.

A bill or memorial may be prepared for presentation to the Governor on good quality paper approximately 8 1/2" x 14" in size and may be produced by means of a copying machine. An enrolled bill shall be labeled "An Act" and it shall be identical to the bill passed by the Legislature. An enrolled bill which is amendatory of any existing law or constitutional provision shall indicate deletions and additions in the manner provided in Rule 2.01 for printed bills.
