140,001 - 145,000	\$800

If the gross weight of the vehicle is more than 145,000 pounds the permit fee is determined under paragraph (e).

(g) For vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to \$120 added to the amount in paragraph (a) when the permit is issued while seasonal load restrictions pursuant to section 169.87 are in effect.

These two earnings disregards cannot be combined to allow more than a total of six months per calendar year when the earned income of a full-time student is derived from participation in a program under the JTPA. If a stepparent's income is taken into account in determining need, the disregards specified in section 256.74, subdivision 1a, shall be applied to determine income available to the assistance unit before calculating the unit's gross income for purposes of this paragraph;

Eligibility must be determined as if the unborn child had been born and was living with her, considering the needs, income, and resources of all individuals in the filing unit. If eligibility exists for this fictional unit, the pregnant woman is eligible and her payment amount is determined based solely on her needs, income, including deemed income, and resources.* No payments shall be made for the needs of the unborn or for any special needs occasioned by the pregnancy except as provided in ~~clause paragraph~~ (b). The commissioner of human services shall promulgate, pursuant to the administrative procedures act, rules to implement this subdivision.

A county may also provide another work and training program approved by the commissioner and the secretary of the United States Department of Health and Human Services. Planning and approval for employment and training services listed in this clause must be obtained through submission of the local service unit plan as specified under section 268.88. Each county is urged to adopt grant diversion as the second program required under this clause. A county is not required to provide a community work experience program if the county agency is successful in placing at least 40 percent of the monthly average of all caretakers who are subject to the job search requirements of subdivision 14 in a grant diversion or on-the-job training program;

(14) prior to participation, provide an assessment of each AFDC recipient who is required or volunteers to participate in an approved employment and

training service. The assessment must include an evaluation of the participant's (i) educational, child care, and other supportive service needs; (ii) skills and prior work experience; and (iii) ability to secure and retain a job which, when wages are added to child support, will support the participant's family. The assessment must also include a review of the results of the early and periodic screening, diagnosis and treatment (EPSDT) screening and preschool screening under chapter 123, if available; the participant's family circumstances; and, in the case of a custodial parent under the age of 18, a review of the effect of a child's development and educational needs on the parent's ability to participate in the program;

(16) *obtain the written or oral concurrence of the appropriate exclusive bargaining representatives with respect to job duties covered under collective bargaining agreements to assure that no work assignment under this section or sections 256.737, 256.738, and 256.739 results in: (i) termination, layoff, or reduction of the work hours of an employee for the purpose of hiring an individual under this section or sections 256.737, 256.738, and 256.739; (ii) the hiring of an individual if any other person is on layoff from the same or a substantially equivalent job; (iii) any infringement of the promotional opportunities of any currently employed individual; (iv) the impairment of existing contracts for services or collective bargaining agreements; or (v) except for on-the-job training under section 256.738, a participant filling an established unfilled position vacancy; and*

(17) *assess each caretaker in an AFDC-UP family who is under age 25, has not completed high school or a high school equivalency program, and who would otherwise be required to participate in a work experience placement under section 256.737 to determine if an appropriate secondary education option is available for the caretaker. If an appropriate secondary education option is determined to be available for the caretaker, the caretaker must, in lieu of participating in work experience, enroll in and meet the educational program's participation and attendance requirements: "Secondary education" for this paragraph means high school education or education designed to prepare a person to qualify for a high school equivalency certificate, basic and remedial education, and English as a second language education. A caretaker required to participate in secondary education who, without good cause, fails to participate shall be subject to the provisions of subdivision 4a and the sanction provisions of subdivision 4, clause (6). For purposes of this clause, good cause means the inability to obtain licensed or legal nonlicensed child care services needed to enable the caretaker to attend, inability to obtain transportation needed to attend, illness or incapacity of the caretaker or*

*another member of the household which requires the caretaker to be present in the home, or being employed for more than 30 hours per week.*

(b) Funds available under this subdivision may not be used to assist, promote, or deter union organizing.

(c) A county board may provide other employment and training services that it considers necessary to help caretakers obtain self-sufficiency.

(d) Notwithstanding section 256G.07, when a ~~targeted~~ *target* caretaker relocates to another county to implement the provisions of the caretaker's case management contract or other written employability development plan approved by the county human service agency, its case manager or employment and training service provider, the county that approved the plan is responsible for the costs of case management and other services required to carry out the plan, including employment and training services. The county agency's responsibility for the costs ends when all plan obligations have been met, when the caretaker loses AFDC eligibility for at least 30 days, or when approval of the plan is withdrawn for a reason stated in the plan, whichever occurs first. Responsibility for the costs of child care must be determined under chapter 256H. A county human service agency may pay for the costs of case management, child care, and other services required in an approved employability development plan when the ~~nontargeted~~ *nontarget* caretaker relocates to another county or when a ~~targeted~~ *target* caretaker again becomes eligible for AFDC after having been ineligible for at least 30 days.

Sec. 6. Minnesota Statutes 1992, section 256.736, subdivision 10a, is amended to read:

Subd. 10a. [ORIENTATION.] (a) Each county agency must provide an orientation to all caretakers within its jurisdiction ~~who are determined eligible for AFDC on or after July 1, 1989, and who are required to attend an orientation. The county agency shall require attendance at orientation of all caretakers except in the time limits described in this paragraph:~~

(1) ~~caretakers who are exempt from registration under subdivision 3 within 60 days of being determined eligible for AFDC for caretakers with a continued absence or incapacitated parent basis of eligibility; and or~~

(2) ~~caretakers who are not within 30 days of being determined eligible for AFDC for caretakers with an unemployed parent basis of eligibility.~~

(b) *Caretakers are required to attend an in-person orientation if the caretaker is a member of one of the groups listed in subdivision 3a, paragraph (a), and who are either responsible for the care of an incapacitated person or a dependent child under the age of six or enrolled at least half time in any recognized school, training program, or institution of higher learning unless the caretaker is exempt from registration under subdivision 3 and the caretaker's exemption basis will not expire within 60 days of being determined eligible for AFDC, or the caretaker is enrolled at least half time in any recognized school, training program, or institution of higher learning and the in-person orientation cannot be scheduled at a time that does not interfere with the caretaker's school or training schedule. The county agency shall require attendance at orientation of caretakers described in subdivision 3a, paragraph (b) or (c), if they become the commissioner determines that the groups are eligible for participation in employment and training services.*

(b) ~~Except as provided in paragraph (e);~~ (c) The orientation must consist of a presentation that informs caretakers of:

(1) the identity, location, and phone numbers of employment and training and support services available in the county;

(2) the types and locations of child care services available through the county agency that are accessible to enable a caretaker to participate in educational programs or employment and training services;

(3) the child care resource and referral program designated by the commissioner providing education and assistance to select child care services and a referral to the child care resource and referral when assistance is requested;

(4) the obligations of the county agency and service providers under contract to the county agency;

(5) the rights, responsibilities, and obligations of participants;

(6) the grounds for exemption from mandatory employment and training services or educational requirements;

(7) the consequences for failure to participate in mandatory services or requirements;

(8) the method of entering educational programs or employment and training services available through the county;

(9) the availability and the benefits of the early and periodic, screening, diagnosis and treatment (EPSDT) program and preschool screening under chapter 123;

(10) their eligibility for transition year child care assistance when they lose eligibility for AFDC due to their earnings; ~~and~~

(11) their eligibility for extended medical assistance when they lose eligibility for AFDC due to their earnings; *and*

(12) *the availability and benefits of the Head Start program.*

(e) ~~(d)~~ Orientation must encourage recipients to view AFDC as a temporary program providing grants and services to individuals who set goals and develop strategies for supporting their families without AFDC assistance. The content of the orientation must not imply that a recipient's eligibility for AFDC is time limited. Orientation may be provided through audio-visual methods, but the caretaker must be given an opportunity for face-to-face interaction with staff of the county agency or the entity providing the orientation, and an opportunity to express the desire to participate in educational programs and employment and training services offered through the county agency.

~~(d)~~ (e) County agencies shall not require caretakers to attend orientation for more than three hours during any period of 12 continuous months. The county agency shall also arrange for or provide needed transportation and child care to enable caretakers to attend.

Sec. 16. Minnesota Statutes 1992, section 256.737, is amended by adding a subdivision to read:

*Subd. 5. [FAILURE TO COMPLY.] A caretaker required to participate under this section who has failed without good cause to participate shall be provided with notices, appeal opportunities, and offered a conciliation conference under the provisions of section 256.736, subdivision 4a, and shall be subject to the sanction provisions of section 256.736, subdivision 4, clause (6).*

Sec. 17. Minnesota Statutes 1992, section 256.737, is amended by adding a subdivision to read:

*Subd. 6. [FEDERAL REQUIREMENTS.] If the Family Support Act of 1988, Public Law Number 100-485, is revised or if federal implementation of that law is revised so that Minnesota is no longer obligated to operate a mandatory work experience program for AFDC-UP families, the commissioner shall operate the work experience program under this section as a volunteer program, and shall utilize the funding authorized for work experience to improve and expand the availability of other employment and training services authorized under this section.*

Sec. 18. Minnesota Statutes 1992, section 256.74, subdivision 1, is amended to read:

*Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an assistance unit AFDC family must be budgeted in the normal retrospective cycle. The number of months of ineligibility is determined by dividing the amount of the lump sum income and all other income, after application of the applicable disregards, by the standard of need standard for the assistance unit family because of receipt of earned or*

unearned lump sum income, the family will be ineligible for the full number of months derived by dividing the sum of the lump sum income and other income by the monthly need standard for a family of that size. An amount Any income remaining after from this calculation is income in the first month following the period of eligibility ineligibility. If the total monthly income including the lump sum income is larger than the standard of need for a single month. The first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. For purposes of applying the lump sum provision, family includes those persons defined in the Code of Federal Regulations, title 45, section 233.20(a)(3)(ii)(F). A period of ineligibility must be shortened when the standard of need increases and the amount the family would have received also changes, an amount is documented as stolen, an amount is unavailable because a member of the family left the household with that amount and has not returned, an amount is paid by the family during the period of ineligibility to cover a cost that would otherwise qualify for emergency assistance, or the family incurs and pays for medical expenses which would have been covered by medical assistance if eligibility existed. In making its determination the county agency shall disregard the following from family income:

(1) all the earned income of each dependent child applying for AFDC if the child is a full-time student and all of the earned income of each dependent child receiving aid to families with dependent children AFDC who is a full-time student or is a part-time student, and who is not a full-time employee. A student is one who is attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment as well as and includes a participant in the job corps program under the job training and partnership act (JTPA). Also, disregard all the earned income derived from the job training and partnership act (JTPA) for a of each dependent child for applying for or receiving AFDC when the income is derived from a program carried out under JTPA, except that disregard of earned income may not exceed six calendar months per calendar year, together with unearned income derived from the job training and partnership act;

(2) all educational grants and loans;

(3) the first \$90 of each individual's earned income. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) thirty dollars plus one-third of each individual's earned income for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has: (a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; (b) refused without good cause to accept an offer of suitable employment; (c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregard; or (d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services. Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is

less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment. The disregard of \$30 and one-third of earned income in this clause shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of subclauses (a) to (d) shall be considered as one of the four months. An additional \$30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined \$30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards under this clause, the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

(5) an amount equal to the actual expenditures for the care of each dependent child or incapacitated individual living in the same home and receiving aid, not to exceed: (a) \$175 for each individual age two and older, and \$200 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is employed for 30 or more hours per week; or (b) \$174 for each individual age two or older, and \$199 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is not employed throughout the month or when employment is less than 30 hours per week. The dependent care disregard must be applied after all other disregards under this subdivision have been applied;

(6) the first \$50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit. The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit must be paid to the assistance unit within 15 days after the end of the month in which the collection of the periodic support payments occurred and must be disregarded when determining the amount of assistance. A review of a payment decision under this clause must be requested within 30 days after receiving the notice of collection of assigned support or within 90 days after receiving the notice if good cause can be shown for not making the request within the 30-day limit;

(7) that portion of an insurance settlement earmarked and used to pay medical expenses, funeral and burial costs, or to repair or replace insured property; and

(8) all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments by an employer.

Sec. 19. Minnesota Statutes 1992, section 256.78, is amended to read:

256.78 [ASSISTANCE GRANTS RECONSIDERED.]

All assistance granted under sections 256.72 to 256.87 shall be reconsidered as frequently as may be required by the rules of the state agency. After such further investigation as the county agency may deem necessary or the state agency may require, the amount of assistance may be changed or assistance may be entirely withdrawn if the state or county agency find that the child's circumstances have altered sufficiently to warrant such action. The period of ineligibility for AFDC which results when an assistance unit receives lump sum income must be reduced when:

(1) the assistance unit's standard of need increases due to changes in state law or due to changes in the size or composition of the assistance unit, so that the amount of aid the assistance unit would have received would have increased had it not become ineligible;

(2) the lump sum income, or a portion of it becomes unavailable to the assistance unit due to expenditures to avoid a life-threatening circumstance, theft, or dissipation which is beyond the family's control by a member of the family who is no longer part of the assistance unit when the lump sum income is not used to meet the needs of members of the assistance unit; or

(3) the assistance unit incurs and pays medical expenses for care and services specified in sections 256B.02, subdivision 8, and 256B.0625.

The county agency may for cause at any time revoke, modify, or suspend any order for assistance previously made. When assistance is thus revoked, modified, or suspended the county agency shall at once report to the state agency such decision together with supporting evidence required by the rules of the state agency. All such decisions shall be subject to appeal and review by the state agency as provided in section 256.045.

Sec. 20. Minnesota Statutes 1992, section 270B.14, subdivision 1, is amended to read:

Reports the same back with the recommendation that the bill be amended as follows:

Page 10, line 2, delete "STANDARD BENEFIT SET" and insert "PURPOSE"

Page 10, delete lines 3 to 28 and insert:

*"The legislature finds that previous cost containment efforts have focused on reducing benefits and services, eliminating access to certain provider groups, and otherwise reducing the level of care available. Under a system of overall spending controls, these cost containment approaches will, in the absence of controls on cost shifting, shift costs from the payor to the consumer, to government programs, and to providers in the form of uncompensated care. The legislature further finds that the integrated service network benefit package should be designed to promote coordinated, cost-effective delivery of all health services an enrollee needs without cost shifting. The legislature further finds that affordability of health coverage is a high priority and that lower cost coverage options should be made available through the use of copayments, coinsurance, and deductibles to reduce premium costs rather than through the exclusion of services or providers.*

**Sec. 9. [62N.075] [COVERED SERVICES.]**

*(a) An integrated service network must provide to each person enrolled a comprehensive set of appropriate and necessary health services. For purposes of this chapter, "appropriate and necessary" means services needed to maintain the enrollee in good health including as a minimum, but not limited to, emergency care, inpatient hospital and physician care, outpatient health services, and preventative health services. The commissioner may modify this definition to reflect changes in community standards, development of practice parameters, new technology assessments, and other medical innovations. These services must be delivered by authorized practitioners acting within their scope of practice. An integrated service network is not responsible for health services that are not appropriate and necessary.*

*(b) A network may define benefit levels through the use of consumer cost sharing but remains financially accountable for costs of the full set of comprehensive health services required.*

*(c) A network may offer any Medicare supplement, Medicare select, or other Medicare-related product otherwise permitted for any type of health plan in this state. Each Medicare-related product may be offered only in full compliance with the requirements in chapters 62A, 62D, and 62E that apply to that category of product.*

(d) Networks must comply with all continuation and conversion of coverage requirements applicable to health maintenance organizations under state or federal law.

(e) Networks must comply with sections 62A.047, 62A.27, and any other coverage of newborn infants, dependent children who do not reside with a covered person, handicapped children and dependents, and adopted children. A network providing dependent coverage must comply with section 62A.302.

(f) Networks must comply with the equal access requirements of section 62A.15, subdivision 2."

"Sec. 11. [62N.085] [ESTABLISHMENT OF STANDARDIZED BENEFIT PLANS.]

*The commissioner of health shall adopt emergency and permanent rules to establish not more than five standardized benefit plans which must be offered by integrated service networks. The plans must comply with the requirements of sections 62N.07 to 62N.08 and the other requirements of this chapter. The plans must encompass a range of cost sharing options from (1) lower premium costs combined with higher enrollee cost sharing, to (2) higher premium costs combined with lower enrollee cost sharing.*

Sec. 12. [62N.086] [ADDITIONAL BENEFIT OPTIONS.]

*The commissioner of health shall adopt emergency and permanent rules to establish not more than three standardized benefit riders which may be offered by integrated service networks. An integrated service network may not provide benefit options other than the standard benefit package and one or more of the standardized riders.*

Sec. 13. [62N.087] [COST SHARING.]

(a) A network may define benefit levels through the use of consumer cost sharing. For the purposes of this chapter, "consumer cost sharing" means copayments, deductibles, coinsurance, and other out-of-pocket expenses paid by the individual consumer of health care services.

(b) The following principles apply to cost sharing in an integrated service network:

(1) consumers must have a voice in decisions regarding cost sharing, and the process for establishing consumer cost sharing should have consumer representation and input;

(2) consumer cost sharing must be administratively feasible and consistent with efforts to reduce the overall administrative burden of the health care system;

(3) cost sharing must be based on income and an enrollee's ability to pay for services and should not create a barrier to access to appropriate and effective services;

(4) cost sharing must be capped at a predetermined annual limit to protect individuals and families from financial catastrophe and to protect individuals with substantial health care needs;

(5) child health supervision services, immunizations, prenatal care, and other prevention services must not be subjected to cost sharing; and

(6) additional requirements for networks should be established to assist enrollees for whom an inducement in addition to the elimination of cost sharing is necessary in order to encourage them to use cost-effective preventive services. These requirements may include the provision of educational information, assistance or guidance, and opportunities for responsible decision making by enrollees that minimize potential out-of-pocket costs."

"Sec. 3. [62O.04] [PROVIDER PRICE RESTRAINTS.]

Subdivision 1. [RESTRAINT.] No health care provider, as defined in section 62J.03, subdivision 8, shall on or after March 3, 1993, increase the price or other charge that it charges for any health care service provided to a Minnesota resident except as permitted under this section. This section does not apply to health care services provided through integrated service networks.

Subd. 2. [CERTAIN INCREASES PERMITTED.] (a) On and after January 1, 1994, a health care provider as defined in section 62J.03, subdivision 8, may increase any price or other charge by no more than a percentage determined by adding five percentage points to the percentage change in the regional consumer price index for urban consumers for the most

recent 12-month period for which that index is available as of November 1, 1993. The commissioner of health shall determine, announce, and publish in the State Register, no later than December 1, 1993, the percentage increase permitted under this paragraph. To determine the amount of the maximum permitted increase in a price or charge, the percentage determined under this paragraph is applied to the price or charge used as of January 1, 1993.

(b) On or after January 1, 1995, an increase in a price or charge is permitted in addition to the increase permitted under paragraph (a). The permitted maximum increase is determined as under paragraph (a), except that the percentage is multiplied by .9 and is applied to the price or charge used as of January 1, 1994.

#### Sec. 4. [62O.05] [HEALTH CARRIER PRICE RESTRAINTS.]

Subdivision 1. [RESTRAINT.] No health carrier, as defined in section 62A.011, shall increase the premiums, subscriber charges, enrollee fees, or similar charges for its health plans on or after March 3, 1993, so as to increase its total revenues per Minnesota resident covered by its health plans, except as permitted under this section. This subdivision does not prohibit an increase in the charge for a particular health plan, so long as the health carrier's aggregate revenues per covered Minnesota resident for all of its health plans do not increase. This section does not apply to integrated service networks.

Subd. 2. [CERTAIN INCREASES PERMITTED.] A health carrier may increase its charges on and after January 1, 1994, and on and after January 1, 1995, so as to increase its revenues per covered Minnesota resident, to the extent permitted under subdivision 4.

Subd. 3. [ENFORCEMENT.] The commissioners of health and commerce shall enforce this section with respect to the health carriers that each commissioner respectively regulates. Each commissioner has under this section all enforcement and rulemaking authority that the commissioner otherwise has with respect to the health carrier.

Subd. 4. [CERTAIN INCREASES PERMITTED.] Any increased charges under subdivision 2 must be approved in advance by the relevant commissioner under subdivision 3. The relevant commissioner shall disapprove any requested increase in revenues per covered person, unless the health carrier provides actuarial analysis establishing, to the satisfaction of the commissioner, that the health carrier is fully passing on to its customers the health care provider price restraints provided under section 3. An increase in revenues permitted under subdivision 2 and this subdivision must not exceed the percentages provided under section 3 for health care providers. The commissioner may consider and take into account substantial changes in a health carrier's types of health plans and types of persons covered if necessary to prevent evasion of this section.

Subd. 5. [NEW PRODUCTS.] No health carrier may offer or issue a new health plan form or certificate form unless the health carrier has provided the relevant commissioner with actuarial analysis establishing, to the satisfaction of the commissioner, that the proposed charges or method of determining charges takes account of the price restraints on health care providers under section 3. This subdivision applies, without limitation, to products sold in the small employer market under chapter 62L."

Delete everything after the enacting clause and insert:

“Section 1. [216B.168] [ALTERNATIVE FUEL VEHICLES.]

*Subdivision 1. [RATE RECOVERY.] If the department determines under section 6 that a policy that would result in the recovery through public utility rates of expenses or investments in the development and market penetration of alternative fuel vehicles is in the public interest and consistent with the Federal Energy Policy Act, United States Code, title 42, section 13235, the department may approve plans of public utilities to make investments and expenditures in alternative fuel vehicles and supporting equipment. The commission may allow a public utility to recover through its rates the investments and expenses under a plan approved by the department and shall allow recovery of any assessment under section 7. The rate recovery shall provide for the ratable phase-out over a 20-year period at five percent per year of the recovery of those expenses or investments in public utility rates.*

*Subd. 2. [REPEALER.] This section expires July 1, 2003, except that any plan approved by the commission under subdivision 1 prior to that date may continue until the expiration date of the plan.*

Sec. 2. Minnesota Statutes 1992, section 216C.01, is amended by adding a subdivision to read:

*Subd. 1a. [ALTERNATIVE FUEL.] ‘Alternative fuel’ means natural gas; liquified petroleum gas; hydrogen; coal-derived liquified fuels; electricity; methanol, denatured ethanol, and other alcohols; mixtures containing 85 percent or more, or other percentage as may be set by regulation by the Secretary of the United States Department of Energy, by volume of methanol, denatured ethanol, and other alcohols with gasoline or other fuels; fuels other than alcohol that are derived from biological materials; and other fuel that the Secretary of the United States Department of Energy determines by regulation to be an alternative fuel within the meaning of section 301(2) of the National Energy Policy Act of 1992.*

Sec. 3. Minnesota Statutes 1992, section 216C.01, is amended by adding a subdivision to read:

*Subd. 1b. [ALTERNATIVE FUEL VEHICLE.] ‘Alternative fuel vehicle’ means a dedicated or a dual-fuel vehicle.*

Sec. 4. Minnesota Statutes 1992, section 216C.01, is amended by adding a subdivision to read:

*Subd. 2a. [DEDICATED FUEL VEHICLE.] "Dedicated fuel vehicle" means a vehicle that operates solely on alternative fuels.*

Sec. 5. Minnesota Statutes 1992, section 216C.01, is amended by adding a subdivision to read:

*Subd. 4. [DUAL-FUEL VEHICLE.] "Dual-fuel vehicle" means a vehicle that is capable of operating on an alternative fuel and is capable of operating on gasoline or diesel fuel.*

Sec. 6. [216C.40] [ALTERNATIVE FUEL VEHICLES.]

*Subdivision 1. [STATE POLICY.] It is in the long-term economic, environmental, and social interest of the state of Minnesota to promote the development and market penetration of alternative fuel vehicles that reduce harmful emissions from motor vehicles as defined in United States Code, title 42, section 7550(2), so as to assist in attaining and maintaining healthful air quality, to provide fuel security through a diversity of alternative fuel supply sources, and to develop additional markets for indigenous crop-based fuels.*

*Subd. 2. [STATE PLAN.] The policies developed and implemented under this section are intended to form part of the state plan that may be submitted by the governor to the Secretary of the United States Department of Energy under section 409 of the National Energy Policy Act of 1992. That plan may include parking preferences for alternative fuel vehicles at public buildings and transportation facilities, high occupancy vehicle lane exceptions for alternative fuel vehicles, and public education programs to promote the use of alternative fuel vehicles and other proposals set forth in section 409 of the National Energy Policy Act of 1992. Nothing in this section limits the scope of a state plan to only those policies implemented by the department. The policies shall be adopted by the department of public service by rule. The department shall adopt the rules as soon as possible and shall publish a notice of hearing on the rules no later than August 1, 1993. The governor shall submit a timely plan to the Secretary of the United States Department of Energy under section 409 of the National Energy Policy Act of 1992 that includes the policies adopted by the department.*

*Subd. 3. [ACTIONS.] The department shall evaluate, support, and, to the extent consistent with its statutory authority, implement regulatory policies to promote the development of equipment and infrastructure needed to facilitate the use of alternative fuel vehicles.*

*Subd. 4. [RULES.] The department's rules shall:*

*(1) determine what actions in support of developing alternative fuel vehicles would be in the best interests of the general public of the state; and*

*(2) weigh both the direct costs and the overall costs and benefits to be realized by the state through the entire development cycle of alternative fuel vehicles and their supporting infrastructure.*

*Subd. 5. [REPORTS TO THE LEGISLATURE.] The department shall, after consultation with the public utilities commission, the environmental quality board, the pollution control agency, the department of transportation, the department of agriculture, and the department of trade and economic development, submit a report to the legislature by January 1 of each*

*even-numbered year after the enactment of this section, detailing the department's progress and all actions taken by units of state government to implement the policies set forth in subdivision 1 concerning alternative fuels.*

*Subd. 6. [CONDITION PRECEDENT.] The duties of the department under this section are conditional on the commissioner of public service finding that there will be at least one public utility that will be subject to the assessment created by section 7.*

*Subd. 7. [REPEALER.] This section expires July 1, 2003.*

**Sec. 7. [ASSESSMENT.]**

*The department of public service shall assess no more than \$78,000 in fiscal year 1994 against public utilities that have plans submitted under section 1, subdivision 1, for expenses reasonably attributable to the performance of the department's duties in developing the state plan under section 6, subdivision 2. A public utility that so elects shall notify the department of public service by June 1, 1993, in writing, of their agreement to be assessed under this section. A utility is bound by an election to be assessed. The assessment must be paid by the public utility within 30 days of its receipt of a bill for the assessment. The assessment for each utility shall be equally shared among assessed utilities.*

**Sec. 8. [EFFECTIVE DATE.]**

*Sections 1 to 7 are effective the day following final enactment."*

##### PURPOSE

###### Section 1. [STATEMENT OF PURPOSE.]

*The purpose of this act is to eliminate obsolete and redundant property tax levy limitations which affect numerous political subdivisions. The legislature intends only that the specific rate or amount limitation which is contained in these provisions be stricken or repealed. However, it is also the intention of the legislature not to increase, decrease, eliminate, or change in any way, the amount of an appropriation or spending limit by the provisions of this act, even though the language of this act may change the wording or method of calculation for an appropriation or spending limit.*

As soon after organization as practicable, and on the first day of July each year thereafter, the park district board shall certify to the governing body of each township, town or city included in the district, the budget adopted pursuant to this section, together with a statement of the proportion of the budget to be provided by such governmental subdivision. The budget shall be apportioned among such subdivisions within the district in the same proportion as their respective populations bear to the total population of the district, population figures to be based on the last federal decennial census.

For the purpose of this section the governing body of any city means that board, council, commission or officer authorized by law or charter to levy

taxes for park and recreation purposes and the governing body of each unorganized township means the county board. It shall be the duty of each such governing body in the district to provide the funds necessary to meet its proportionate share of such budget, such funds to be raised by tax levies or other means within the authority of said governing bodies, and to pay the same over to the treasurer of the district in such amounts and at such times as may fairly be required by the park district board.

If the governing body of any subdivision fails before October 1 of any year to pay its proportionate share of the park district budget for the next fiscal year or to certify to the county auditor a tax levy specifically designated for said purpose, the park district board shall certify to the county auditor of each county in which such governmental subdivision is located such amount of taxes as is deemed necessary to raise such subdivision's proportionate share of the budget, for collection with and as a part of other taxes on taxable property within such subdivision, which tax, may be levied in excess of and over and above all other tax limitations.

The park district board may by resolution, submit to the electors of the park district at a general or primary state election the question of raising the limit on the park district's budget from 18 cents to not to exceed 35 cents per person in the district. Any resolution providing for an election on raising the budgetary limit shall specify the proposed additional amount per person in the district to be authorized and the number of consecutive years such increase in the limit shall be effective. The resolution shall be certified to the county auditor of each county wherein lies any part of the territory of the district, and the county auditor or auditors shall cause the same to be submitted to the electors residing within such territory at the next ensuing general or primary election on a ballot setting forth the proposed additional amount per person and the number of years such increase shall be effective as provided in the resolution, and shall forward the official returns of the judges of election in the precincts voting on such ballot to the park district board for canvass, and the increase shall be authorized if approved by a majority of the electors of the district voting on such ballot.

The board may borrow money in anticipation of the collection of all taxes levied in its behalf and issue the negotiable notes of the district in an amount not in excess of 90 percent of the amount so levied which has not been received by the district at the time of the borrowing. Such notes shall mature not later than March 1 of the year following the year in which the tax levies are to be collected and shall be payable primarily from the proceeds of the levies anticipated thereby, but the full faith and credit of the district shall be pledged to the payment of the notes, and if such levies are not sufficient to pay all principal due and interest accrued thereon the park district board shall levy

for the repayment of the principal and interest on such notes and ad valorem tax in the next ensuing year and for so long thereafter as may be necessary upon all of the taxable property within its corporate limits, which levy may be made without limitation as to rate or amount and shall not be included in applying statutory limitations to other tax levies.

Sec. 8. Minnesota Statutes 1992, section 410.06, is amended to read:

The amount of reasonable and necessary charter commission expenses that shall be so paid by the city shall not exceed in any one year the sum of \$10,000 for a first class city and \$1,500 for any other city; but the council may authorize such additional charter commission expenses as it deems necessary. The proceeds of taxes levied for its support shall be paid into the public works reserve fund. There may be paid into such fund any other revenue not required by statute or charter to be paid into some other fund or used for purposes other than those provided in this section for the use of the public works reserve fund.

Sec. 15. Minnesota Statutes 1992, section 471.61, subdivision 1, is amended to read:

Subdivision 1. [OFFICERS, EMPLOYEES.] A county, municipal corporation, town, school district, county extension committee, other political subdivision or other body corporate and politic of this state, other than the state or any department of the state, through its governing body, and any two or more subdivisions acting jointly through their governing bodies, may insure

or protect its or their officers and employees, and their dependents, or any class or classes of officers, employees, or dependents, under a policy or policies or contract or contracts of group insurance or benefits covering life, health, and accident, in the case of employees, and medical and surgical benefits and hospitalization insurance or benefits for both employees and dependents or dependents of an employee whose death was due to causes arising out of and in the course of employment, or any one or more of those forms of insurance or protection. A governmental unit, including county extension committees and those paying their employees, may pay all or any part of the premiums or charges on the insurance or protection. A payment is deemed to be additional compensation paid to the officers or employees, but for purposes of determining contributions or benefits under a public pension or retirement system it is not deemed to be additional compensation. One or more governmental units may determine that a person is an officer or employee if the person receives income from the governmental subdivisions without regard to the manner of election or appointment, including but not limited to employees of county historical societies that receive funding from the county. The appropriate officer of the governmental unit, or those disbursing county extension funds, shall deduct from the salary or wages of each officer and employee who elects to become insured or so protected, on the officer's or employee's written order, all or part of the officer's or employee's share of premiums or charges and remit the share or portion to the insurer or company issuing the policy or contract.

A governmental unit, other than a school district, that pays all or part of the premiums or charges is authorized to levy and collect a tax, if necessary, in the next annual tax levy for the purpose of providing the necessary money for the payment of the premiums or charges, and the sums levied and appropriated are not, in the event the sum exceeds the maximum sum allowed by any law or the charter of a municipal corporation, considered part of the cost of government of the governmental unit as defined in any tax levy or per capita expenditure limitation; provided at least 50 percent of the cost of benefits on dependents must be contributed by the employee or be paid by levies within existing per capita charter tax limitations.

The word "dependents" as used in this subdivision means spouse and minor unmarried children under the age of 18 years actually dependent upon the employee.

Sec. 16. Minnesota Statutes 1992, section 471.61, subdivision 2a, is amended to read:

Subd. 2a. [RETIRED OFFICERS, EMPLOYEES.] Any county, municipal corporation, town, school district, county extension committee, other political subdivision or other body corporate and politic of this state, including the state or any department thereof, through its governing body, and any two or more subdivisions acting jointly through their governing bodies, may insure or protect its or their retired officers and retired employees entitled to benefits under any public employees retirement act and their dependents, or any class or classes thereof, under a policy or policies, or contract or contracts of group insurance or benefits covering life, health, and accident, medical and surgical benefits, or hospitalization insurance or benefits, for retired officers and retired employees and their dependents, or any one or more of such forms of insurance or protection. Any such governmental unit, including county extension committees, may pay all or any part of the premiums or charges on such insurance or protection or may require the retired officer or employee to

pay all or part of the premiums or charges. Any one or more of such governmental units may determine that a person is a retired officer or a retired employee if such officer or employee, when employed, received income from such governmental subdivisions without regard to the manner of election or appointment. The appropriate officer of such governmental unit, or those disbursing county extension funds, shall collect from each such retired officer and retired employee who elects to become insured or so protected, on such officer's or employee's written order, all or part of the retired officer's or retired employee's share of such premiums or charges and remit the same to the insurer or company issuing such policy or contract. An insurer, health maintenance organization, or company issuing the policy or contract may not require a public employer to contribute any portion of the retired officer's or employee's share as a condition of eligibility for the insurance or protection. An insurer, health maintenance organization, or company issuing the policy or contract may require a retired officer or a retired employee to pay all or any part of the premiums or charges.

Any governmental unit, other than a school district, which pays all or any part of such premiums or charges is authorized to levy and collect a tax, if necessary, in the next annual tax levy for the purpose of providing the necessary funds for the payment of such premiums or charges, and such sums so levied and appropriated shall not, in the event such sum exceeds the maximum sum allowed by any law or the charter of a municipal corporation, be considered part of the cost of government of such governmental unit as defined in any tax levy or per capita expenditure limitation; provided at least 50 percent of the cost of benefits on dependents shall be contributed by the retired officer or retired employee or be paid by levies within existing per capita charter tax limitations.

The word "dependents" as used herein shall mean spouse and minor unmarried children under the age of 18 years actually dependent upon the retired officer or retired employee.

The tax shall not exceed the property tax levy limitation determined in this subdivision. A participating county may agree to levy an additional tax to be used by the commission for the purposes of sections 473.701 to 473.716 but the sum of the county's and commission's taxes may not exceed the county's proportionate share of the property tax levy limitation determined under this subdivision based on the ratio of its total net tax capacity to the total net tax capacity of the entire district as adjusted by section 270.12, subdivision 3. The auditor of each county in the district shall add the amount of the levy made by the district to other taxes of the county for collection by the county treasurer with other taxes. When collected, the county treasurer shall make settlement of the tax with the district in the same manner as other taxes are distributed to political subdivisions. No county shall levy any tax for mosquito, disease vectoring tick, and black gnat (*Simuliidae*) control except under sections 473.701 to 473.716. The levy shall be in addition to other taxes authorized by law.

(b) for taxes payable in 1989, the product of (1) the commission's property tax levy limitation for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property located within the district divided by the assessment year 1987 total market valuation of all taxable property located within the district;

(c) for taxes payable in 1990, 1991, and 1992, the product of (1) the commission's property tax levy limitation for the previous year determined under this subdivision multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property located within the district for the current assessment year divided by the total market valuation of all taxable property located within the district for the previous assessment year;

(d) for taxes payable in 1993, the product of (1) the commission's certified property tax levy for the previous year determined under this subdivision multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property located within the district for the current assessment year divided by the total market valuation of all taxable property located within the district for the previous assessment year; and

*(c) The board shall adopt emergency rules within four months of May 25, 1991, and permanent rules within one year of May 25, 1991, designed to ensure that costs submitted to the board for reimbursement are reasonable. The rules shall include a requirement that persons taking corrective action solicit competitive bids, based on unit service costs, except in circumstances*

Sec. 9. Minnesota Statutes 1992, section 115C.08, subdivision 3, is amended to read:

Subd. 3. [PETROLEUM TANK RELEASE CLEANUP FEE.] A petroleum tank release cleanup fee is imposed on the use of tanks that contain petroleum products defined in section 296.01. When the product is gasoline, the distributor responsible for payment of the gasoline tax is also responsible for payment of the petroleum tank cleanup fee. The fee must be imposed as required under subdivision 3, at a rate of \$10 \$20

per 1,000 gallons of petroleum products, rounded to the nearest 1,000 gallons. A distributor who fails to pay the fee imposed under this section is subject to the penalties provided in section 296.15.

(1) to administer the petroleum tank release cleanup program established in sections 115C.03 to 115C.10 *this chapter*;

(2) for agency administrative costs under sections 116.46 to 116.50, sections 115C.03 to 115C.06, and costs of corrective action taken by the agency under section 115C.03, including investigations;

(3) for costs of recovering expenses of corrective actions under section 115C.04;

(4) for training, certification, and rulemaking under sections 116.46 to 116.50;

(5) for agency administrative costs of enforcing rules governing the construction, installation, operation, and closure of aboveground and underground petroleum storage tanks; ~~and~~

(6) for reimbursement of the harmful substance compensation account under sections 115B.26, subdivision 4; and 115C.08, subdivision 5; *and*

(7) *for administrative and staff costs as set by the board to administer the petroleum tank release program established in this chapter.*

(b) *The board shall reimburse the department of commerce for the costs of the staff required by the board to administer this chapter.*

Sec. 11. Minnesota Statutes 1992, section 115C.09, subdivision 1, is amended to read:

Subdivision 1. [REIMBURSABLE COSTS.] (a) The board shall provide partial reimbursement to eligible responsible persons for reimbursable costs incurred after June 4, 1987.

(b) The following costs are reimbursable for purposes of this section:

(1) corrective action costs incurred by the responsible person *and documented in a form prescribed by the board*, except the costs related to the physical removal of a tank;

(2) costs that the responsible person is legally obligated to pay as damages to third parties for bodily injury or property damage caused by a release if the responsible person's liability for the costs has been established by a court order or a consent decree; and

(3) up to 180 days worth of interest costs, incurred after May 25, 1991, associated with the financing of corrective action. Interest costs are not eligible for reimbursement to the extent they exceed two percentage points above the adjusted prime rate charged by banks, as defined in section 270.75, subdivision 5, at the time the financing contract was executed.

(c) A cost for liability to a third party is incurred by the responsible person when an order or consent decree establishing the liability is entered. Except as

provided in this paragraph, reimbursement may not be made for costs of liability to third parties until all eligible corrective action costs have been reimbursed. If a corrective action is expected to continue in operation for more than one year after it has been fully constructed or installed, the board may estimate the future expense of completing the corrective action and, after subtracting this estimate from the total reimbursement available under subdivision 3, reimburse the costs for liability to third parties. The total reimbursement may not exceed the limit set forth in subdivision 3.

Sec. 12. Minnesota Statutes 1992, section 115C.09, subdivision 3, is amended to read:

Subd. 3. [REIMBURSEMENTS; SUBROGATION; APPROPRIATION.]

(a) The board shall reimburse a responsible person who is eligible under subdivision 2 from the account for 90 percent of the portion of the total reimbursable costs or \$1,000,000, whichever is less. Not more than \$1,000,000 may be reimbursed for costs associated with a single release, regardless of the number of persons eligible for reimbursement, and not more than \$2,000,000 may be reimbursed for costs associated with a single tank facility.

(b) A reimbursement may not be made from the account under this subdivision until the board has determined that the costs for which reimbursement is requested were actually incurred and were reasonable.

(c) A reimbursement may not be made from the account under this subdivision in response to either an initial or supplemental application for costs incurred after June 4, 1987, that are payable under an applicable insurance policy, except that if the board finds that the responsible person has made reasonable efforts to collect from an insurer and failed, the board shall reimburse the responsible person under this subdivision.

(d) If the board reimburses a responsible person for costs for which the responsible person has petroleum tank leakage or spill insurance coverage, the board is subrogated to the rights of the responsible person with respect to that insurance coverage, to the extent of the reimbursement by the board. The board may request the attorney general to bring an action in district court against the insurer to enforce the board's subrogation rights. Acceptance by a responsible person of reimbursement constitutes an assignment by the responsible person to the board of any rights of the responsible person with respect to any insurance coverage applicable to the costs that are reimbursed. Notwithstanding this paragraph, the board may instead request a return of the reimbursement under subdivision 5 and may employ against the responsible party the remedies provided in that subdivision, except where the board has knowingly provided reimbursement because the responsible person was denied coverage by the insurer.

(e) Money in the account is appropriated to the board to make reimbursements under this section. A reimbursement to a state agency must be credited to the appropriation account or accounts from which the reimbursed costs were paid.

(f) The board shall reduce the amount of reimbursement to be made under this section if it finds that the responsible person has not complied with a provision of this chapter, a rule or order issued under this chapter, or one or more of the following requirements:

(1) at the time of the release the tank was in substantial compliance with state and federal rules and regulations applicable to the tank, including rules or regulations relating to financial responsibility;

(2) the agency was given notice of the release as required by section 115.061;

(3) the responsible person to the extent possible, fully cooperated with the agency in responding to the release; and

(4) if the responsible person is an operator, the person exercised due care with regard to operation of the tank, including maintaining inventory control procedures.

(g) The reimbursement shall be reduced as much as 100 percent for failure by the responsible person to comply with the requirements in paragraph (f), clauses (1) to (4). In determining the amount of the reimbursement reduction, the board shall consider:

(1) the likely environmental impact of the noncompliance;

(2) whether the noncompliance was negligent, knowing, or willful;

(3) the deterrent effect of the award reduction on other tank owners and operators; and

(4) the amount of reimbursement reduction recommended by the commissioner.

(h) A responsible person may assign the right to receive reimbursement to each lender, who advanced funds to pay the costs of the corrective action; or to each contractor, or consultant who provided corrective action services. An assignment must be made by filing with the board a document, in a form prescribed by the board, indicating the identity of the responsible person, the identity of the assignee, the dollar amount of the assignment, and the location of the corrective action. An assignment signed by the responsible person is valid unless terminated by filing a termination with the board, in a form prescribed by the board, which must include the written concurrence of the assignee. The board shall maintain an index of assignments filed under this paragraph. The board shall pay the reimbursement to the responsible person and to one or more assignees by a multiparty check. The board has no liability to a responsible person for a payment under an assignment meeting the requirements of this paragraph.

Sec. 13. Minnesota Statutes 1992, section 115C.09, subdivision 3a, is amended to read:

Subd. 3a. [ELIGIBILITY OF OTHER PERSONS.] Notwithstanding the provisions of subdivisions 1 to 3, the board shall provide full reimbursement to a person who has taken corrective action if the board or commissioner of commerce determines that:

(1) the person took the corrective action in response to a request or order of the commissioner made under this chapter;

(2) the commissioner has determined that the person was not a responsible person under section 115C.02; and

(3) the costs for which reimbursement is requested were actually incurred and were reasonable.

Sec. 14. Minnesota Statutes 1992, section 115C.09, is amended by adding a subdivision to read:

*Subd. 9. [DELEGATION OF BOARD'S POWERS.] The board may delegate to the commissioner of commerce its powers and duties under this section.*

Sec. 15. Minnesota Statutes 1992, section 115C.11, subdivision 1, is amended to read:

Subdivision 1. [REGISTRATION.] (a) All consultants and contractors must register with the board in order to participate in the petroleum tank release cleanup program.

(b) The board must maintain a list of all registered consultants and a list of all registered contractors including an identification of the services offered.

(c) An applicant who applies for reimbursement must use a registered consultant and contractor in order to be eligible for reimbursement.

(d) The commissioner must inform any person who notifies the agency of a release under section 115.061 that the person must use a registered consultant or contractor to qualify for reimbursement and that a list of registered consultants and contractors is available from the board.

(e) Work performed by an unregistered consultant or contractor is ineligible for reimbursement.

(f) Work performed by a consultant or contractor prior to being removed from the registration list may be reimbursed by the board.

(g) *If the information in an application for registration becomes inaccurate or incomplete in any material respect, the registered consultant or contractor must promptly file a corrected application with the board.*

(h) *Registration is effective on the date a complete application is received by the board. The board may reimburse the cost of work performed by an unregistered contractor if the contractor performed the work within 30 days of the effective date of registration.*

Sec. 16. [115C.12] [APPEAL OF REIMBURSEMENT DETERMINATION.]

(a) *A person may appeal to the board within 90 days after notice of a reimbursement determination made under section 115C.09, subdivision 9, by submitting a written notice setting forth the specific basis for the appeal.*

(b) *The board shall consider the appeal within 90 days of the notice of appeal. The board shall notify the appealing party of the date of the meeting at which the appeal will be heard at least 30 days before the date of the meeting.*

(c) *The board's decision must be based on the written record and written arguments and submissions unless the board determines that oral argument is necessary to aid the board in its decision making. Any written submissions must be delivered to the board at least 15 days before the meeting at which the appeal will be heard. Any request for the presentation of oral argument must be in writing and submitted along with the notice of appeal.*

Sec. 17. [REPEALER.]

*Minnesota Statutes 1992, sections 115C.01, 115C.02, 115C.021, 115C.03, 115C.04, 115C.045, 115C.05, 115C.06, 115C.065, 115C.07, 115C.08, 115C.09, 115C.10, 115C.11, and 115C.12, are repealed effective June 30, 2000.*

Sec. 18. [EFFECTIVE DATE.]

The court or its designee shall obtain the information from the victim in affidavit form or by other competent evidence. Information submitted relating to restitution must describe the items or elements of loss, itemize the total dollar amounts of restitution claimed, and specify the reasons justifying these amounts, if restitution is in the form of money or property. A request for restitution may include, but is not limited to, any out-of-pocket losses resulting from the crime, including medical and therapy costs, replacement of wages and services, and funeral expenses. In order to be considered at the sentencing or dispositional hearing, all information regarding restitution must be received by the court administrator of the appropriate court and must also be provided to the offender at least three business days before the sentencing or dispositional hearing. ~~If the victim's noncooperation prevents the court or its designee from obtaining competent evidence regarding restitution, the court is not obligated to consider information regarding restitution in the sentencing or dispositional hearing. The court administrator shall provide copies of this request to the prosecutor and the offender or the offender's attorney at least 24 hours before the sentencing or dispositional hearing. The issue of restitution may be reserved or the sentencing or disposition continued if the affidavit or other competent evidence is not received in time.~~ At the sentencing or dispositional hearing, the court shall give the offender an opportunity to respond to specific items of restitution and their dollar amounts.

(b) The court may amend or issue an order of restitution after the sentencing or dispositional hearing if:

(1) the offender is on probation or supervised release;

(2) information regarding restitution was submitted as required under paragraph (a); and

(3) the true extent of the victim's loss was not known at the time of the sentencing or dispositional hearing.

If the court holds a hearing on the restitution request, the court must notify the offender, the offender's attorney, the victim, and the prosecutor at least five business days before the hearing. The court's restitution decision is governed by this section and section 611A.045.

(c) The court shall grant or deny restitution or partial restitution and shall state on the record its reasons for its decision on restitution if information

relating to restitution has been presented. If the court grants partial restitution it shall also specify the full amount of restitution that may be docketed as a civil judgment under subdivision 3. The court may not require that the victim waive or otherwise forfeit any rights or causes of action as a condition of granting restitution or partial restitution.

Sec. 7. Minnesota Statutes 1992, section 611A.04, subdivision 1a, is amended to read:

Subd. 1a. The board may file the ~~claim~~ payment order with the court administrator or with the person or agency the court has designated to obtain information relating to restitution. In either event, the board shall submit the ~~claim~~ payment order not less than three business days before the sentencing or dispositional hearing. ~~If the board submits the claim directly to the court administrator, it shall also provide a copy to the offender. The court administrator shall provide copies of the payment order to the prosecutor and the offender or the offender's attorney at least 24 hours before the sentencing or dispositional hearing. The issue of restitution may be reserved or the sentencing or disposition continued if the payment order is not received in time.~~ The filing of a ~~claim~~ payment order for reparations with the court administrator shall also serve as a request for restitution by the victim. The restitution requested by the board may be considered to be both on its own behalf and on behalf of the victim. If the board has not paid reparations to the victim, restitution may be made directly to the victim. If the board has paid reparations to the victim, the court shall order restitution payments to be made directly to the board.

Sec. 8. Minnesota Statutes 1992, section 611A.04, subdivision 3, is amended to read:

A juvenile court is not required to appoint a guardian ad litem for a juvenile offender before docketing a restitution order. Interest shall accrue on the unpaid balance of the judgment as provided in section 549.09. A decision for or against restitution in any criminal or juvenile proceeding is not a bar to any civil action by the victim or by the state pursuant to section 611A.61 against the offender. The offender shall be given credit, in any order for judgment in favor of a victim in a civil action, for any restitution paid to the victim for the same injuries for which the judgment is awarded.

A person who wishes to bring any bees on comb or used bee equipment into the state shall apply for an entry permit at least 60 days before the date of entry. *No entry permit may be issued without*

*a valid compliance agreement signed by the commissioner and the beekeeper. The compliance agreement must be based on the model honeybee certification plan. The 60-day requirement may be waived for a hobbyist beekeeper who intends to become a resident of Minnesota and who brings ten colonies or less into the state by the commissioner.*

Ten days Before entry, any person required to obtain an entry permit shall furnish to the commissioner a copy of a valid certificate of inspection signed by a responsible official of the state where the bees or equipment originated unless the person's bees have been inspected in Minnesota within 12 months before entry. The certificate must be based on an inspection. A person may not bring into the state any bees on comb including nuclei, combless bees, or used bee equipment from any county or parish where honey bee tracheal mites or Africanized bees honeybees have been found unless it is demonstrated to the satisfaction of the commissioner that there will be no risk of introduction either of tracheal mites or Africanized bees honeybees into the state. The statement must appear clearly and legibly in a conspicuous place on the package containing the material, or on a tag or other device attached to the package or the vehicle carrying the package. The certificate of inspection must show that the official found that the materials were free from any exotic parasites or exotic strains of honey bees and apparently free of American foulbrood and European foulbrood *beekeeper is using certified European queen bees in all colonies. The commissioner shall determine by rule the meaning of the term "apparently free."*

Sec. 8. Minnesota Statutes 1992, section 19.58, subdivision 4, is amended to read:

Subd. 4. [EFFECT OF INSPECTION CERTIFICATES.] A certificate of inspection from another state is prima facie evidence of the facts stated in the certificate. The commissioner may inspect any bees or used bee equipment brought into the state with a certificate of inspection from the state of origin and may subject the materials to treatment or return them to the consignor at the consignor's expense if the commissioner finds an infectious bee disease, exotic parasite, or exotic strain of bee. If the commissioner repeatedly finds foulbrood in colonies of bees shipped from another state under official certificates of inspection, the commissioner may refuse to recognize the certificate of that state until the commissioner receives satisfactory information that the inspection service in that state has corrected the situation *Africanized honeybees.*

Sec. 9. Minnesota Statutes 1992, section 19.59, is amended to read:

19.59 [ABANDONED APIARIES.]

After deducting the expense of the public sale and applying the unpaid balance upon all encumbrances or liens existing against the abandoned apiary sold, the balance of the proceeds shall be paid to the owner of the apiary which was sold.

Sec. 10. Minnesota Statutes 1992, section 19.64, subdivision 1, is amended to read:

#### “ARTICLE 1

### INTEGRATED SERVICE NETWORKS

#### Section 1. [62N.01] [CITATION AND PURPOSE.]

*Subdivision 1. [CITATION.] Sections 62N.01 to 62N.22 may be cited as the “Minnesota integrated service network act.”*

*Subd. 2. [PURPOSE.] Sections 62N.01 to 62N.22 allow the creation of integrated service networks that will be responsible for arranging for or delivering a full array of health care services, from routine primary and preventive care through acute inpatient hospital care, to a defined population for a fixed price from a purchaser.*

*Each integrated service network is accountable to keep its total revenues within the limit of growth set by the commissioner of health under section 62N.05, subdivision 2, clause (1). Integrated service networks can be formed by health care providers, health maintenance organizations, insurance companies, employers, or other organizations. Competition between integrated service networks on the quality and price of health care services is encouraged.*

*Subd. 3. [RETIALIATORY ACTION PROHIBITED.] No integrated service network may take retaliatory action against a provider solely on the grounds that the provider disseminated accurate information regarding coverage of benefits or accurate benefit limitations of an enrollee’s contract or accurate interpreted provisions of the provider agreement that limit the prescribing, providing, or ordering of care.*

#### Sec. 2. [62N.02] [DEFINITIONS.]

*Subdivision 1. [APPLICATION.] The definitions in this section apply to sections 62N.01 to 62N.22.*

*Subd. 2. [COMMISSION.] “Commission” means the health care commission established under section 62J.05.*

*Subd. 3. [COMMISSIONER.] “Commissioner” means the commissioner of health or the commissioner’s designated representative.*

*Subd. 4. [ENROLLEE.] “Enrollee” means an individual, including a member of a group, to whom a network is obligated to provide health services under this chapter.*

*Subd. 5. [HEALTH CARE PROVIDING ENTITY.] "Health care providing entity" means a participating entity that provides health care to enrollees through an integrated service network.*

*Subd. 6. [HEALTH PLAN.] "Health plan" means a health plan as defined in section 62A.011, subdivision 3, or coverage by an integrated service network.*

*Subd. 7. [INTEGRATED SERVICE NETWORK.] "Integrated service network" means a formal arrangement permitted by this chapter for providing health services under this chapter and licensed by the commissioner to enrollees for a fixed payment per time period.*

*Subd. 8. [NETWORK.] "Network" means an integrated service network as defined in subdivision 7.*

*Subd. 9. [PARTICIPATING ENTITY.] "Participating entity" means a health care providing entity, a risk-bearing entity, or an entity providing other services through an integrated service network.*

*Subd. 10. [PRICE.] "Price" means the actual amount of money paid, after discounts or other adjustments, by the person or organization paying money to buy health care coverage and health care services. "Price" does not mean the cost or costs incurred by a network or other entity to provide health care services to individuals.*

*Subd. 11. [RISK-BEARING ENTITY.] "Risk-bearing entity" means an entity that participates in an integrated service network so as to bear all or part of the risk of loss. "Risk-bearing entity" includes an entity that provides reinsurance, stop-loss, excess-of-loss, and similar coverage.*

### Sec. 3. [62N.03] [APPLICABILITY OF OTHER LAW.]

*Chapters 60A, 60B, 60G, 61A, 61B, 62A, 62C, 62D, 62E, 62H, 62L, 62M, and 64B do not, except as expressly provided in this chapter or in those other chapters, apply to integrated service networks, or to entities otherwise subject to those chapters, with respect to participation by those entities in integrated service networks. Chapters 72A and 72C apply to integrated service networks, except as otherwise expressly provided in this chapter.*

*Integrated service networks are in "the business of insurance" for purposes of the federal McCarren-Ferguson Act, United States Code, title 15, section 1012, are "domestic insurance companies" for purposes of the federal Bankruptcy Reform Act of 1978, United States Code, title 11, section 109, and are "insurance" for purposes of the federal Employee Retirement Income Security Act, United States Code, title 29, section 1144.*

### Sec. 4. [62N.04] [REGULATION.]

*Integrated service networks are under the supervision of the commissioner, who shall enforce this chapter. The commissioner has, with respect to this chapter, all enforcement and rulemaking powers available to the commissioner under section 62D.17.*

### Sec. 5. [62N.05] [RULES GOVERNING INTEGRATED SERVICE NETWORKS.]

*Subdivision 1. [RULES.] The commissioner, in consultation with the commission, may adopt emergency and permanent rules to establish more*

detailed requirements governing integrated service networks in accordance with this chapter.

*Subd. 2. [REQUIREMENTS.] The commissioner shall include in the rules, requirements that will ensure that the annual rate of growth of an integrated service network's aggregate total revenues received from purchasers and enrollees, after adjustments for changes in population size and risk, does not exceed the growth limit established in section 62J.04. The commissioner may include in the rules the following:*

- (1) requirements for licensure, including a fee for initial application and an annual fee for renewal;*
- (2) quality standards;*
- (3) requirements for availability and comprehensiveness of services;*
- (4) limitations on additional health care services beyond those included in the standard set of benefits;*
- (5) requirements regarding the defined population to be served by an integrated service network;*
- (6) requirements for open enrollment;*
- (7) provisions for incentives for networks to accept as enrollees individuals who have high risks for needing health care services and individuals and groups with special needs;*
- (8) prohibitions against disenrolling individuals or groups with high risks or special needs;*
- (9) requirements that an integrated service network provide to its enrollees information on coverage, including any limitations on coverage, deductibles and copayments, optional services available and the price or prices of those services, any restrictions on emergency services and services provided outside of the network's service area, any responsibilities enrollees have, and describing how an enrollee can use the network's enrollee complaint resolution system;*
- (10) requirements for financial solvency and stability;*
- (11) a deposit requirement;*
- (12) financial reporting and examination requirements;*
- (13) limits on copayments and deductibles;*
- (14) mechanisms to prevent and remedy unfair competition;*
- (15) provisions to reduce or eliminate undesirable barriers to the formation of new integrated service networks;*
- (16) requirements for maintenance and reporting of information on costs, prices, revenues, volume of services, and outcomes and quality of services;*
- (17) a provision allowing an integrated service network to set credentialing standards for practitioners employed by or under contract with the network;*
- (18) a requirement that an integrated service network employ or contract with practitioners and other health care providers, and minimum requirements for those contracts if the commissioner deems requirements to be*

necessary to ensure that each network will be able to control expenditures and revenues or to protect enrollees and potential enrollees;

(19) provisions regarding liability for medical malpractice;

(20) a method or methods to facilitate and encourage the appropriate provision of services by midlevel practitioners;

(21) provisions regarding permissible and impermissible underwriting criteria applicable to the standard set of benefits;

(22) a method or methods to assure that all integrated service networks are subject to the same regulatory requirements. All health carriers, including health maintenance organizations, insurers, and nonprofit health service plan corporations shall be regulated under the same rules, to the extent that the health carrier is operating an integrated service network or is a participating entity in an integrated service network;

(23) provisions for appropriate risk adjusters or other methods to prevent or compensate for adverse selection of enrollees into or out of an integrated service network; and

(24) other provisions that the commissioner, in consultation with the Minnesota health care commission, considers reasonable.

Subd. 3. [CRITERIA FOR RULEMAKING.] (a) [APPLICABILITY.] The commissioner shall adopt rules governing integrated service networks based on the criteria and objectives specified in this subdivision.

(b) [COMPETITION.] The rules must encourage and facilitate competition through the collection and distribution of reliable information on the cost, prices, and quality of each integrated service network in a manner that allows comparisons between networks.

(c) [FLEXIBILITY.] The rules must allow significant flexibility in the structure and organization of integrated service networks. The rules must allow and facilitate the formation of networks by providers, employers, and other organizations, in addition to health carriers and health maintenance organizations.

(d) [EXPANDING ACCESS AND COVERAGE.] The rules must be designed to expand access to health care services and coverage for all Minnesotans, including individuals and groups who have preexisting health conditions, who represent a higher risk of requiring treatment, who require translation or other special services to facilitate treatment, who face social or cultural barriers to obtaining health care, or who for other reasons face barriers to access to health care and coverage. Enrollment standards must ensure that high risk and special needs populations will be included and growth limits and payment systems must be designed to provide incentives for networks to enroll even the most challenging and costly groups and populations. The rules must be consistent with the principles of health insurance reform that are reflected in Laws 1992, chapter 549.

(e) [ABILITY TO BEAR FINANCIAL RISK.] The rules must allow a variety of options for integrated service networks to demonstrate their ability to bear the financial risk of serving their enrollees, to facilitate diversity and innovation, and the entry into the market of new networks.

(f) [PARTICIPATION OF PROVIDERS.] *The rules must not require providers to participate in an integrated service network and must allow providers to participate in more than one network and to serve both patients who are covered by an integrated service network and patients who are not. The rules must allow significant flexibility for an integrated service network and providers to define and negotiate the terms and conditions of provider participation. The rules must encourage and facilitate the participation of midlevel practitioners and allied health care practitioners and eliminate inappropriate barriers to their participation.*

(g) [RURAL COMMUNITIES.] *The rules must permit a variety of forms of integrated service networks to be developed in rural areas in response to the needs, preferences, and conditions of rural communities.*

(h) [LIMITS ON GROWTH.] *The rules must include provisions to enable the commissioner to enforce the limits on growth in health care total revenues for each integrated service network and for the entire system of integrated service networks.*

(i) [STANDARD BENEFIT SET.] *The commission shall make recommendations to the commissioner regarding a standard benefit set.*

(j) [CONFLICT OF INTEREST.] *The rules shall include provisions the commissioner deems necessary and appropriate to address integrated service networks' and participating providers' relationship to section 62J.23 or other laws relating to provider conflicts of interest.*

#### Sec. 6. [62N.06] [PERMITTED NETWORK STRUCTURE.]

*Subdivision 1. [NONPROFIT CORPORATION.] A corporation organized under chapter 317A may operate one or more integrated service networks. A corporation that operates one or more integrated service networks is governed by chapter 317A, except in the case of a conflict with this chapter, in which case this chapter governs. The corporation shall not engage in activities unrelated to integrated service networks, without the prior written approval of the commissioner. An entity that is not a corporation organized under chapter 317A shall not operate a network but may establish and own a corporation organized under chapter 317A to operate one or more networks.*

*Subd. 2. [SEPARATE ACCOUNTING REQUIRED.] A corporation operating more than one integrated service network must maintain separate accounting and record keeping procedures, acceptable to the commissioner, for each integrated service network.*

#### Sec. 7. [62N.065] [ADMINISTRATIVE COST CONTAINMENT.]

*Subdivision 1. [UNREASONABLE EXPENSES.] No integrated service network shall incur or pay for any expense of any nature which is unreasonably high in relation to the value of the service or goods provided. The commissioner of health shall implement and enforce this section by rules adopted under this section.*

*In an effort to achieve the stated purposes of sections 62N.01 to 62N.23, in order to safeguard the underlying nonprofit status of integrated service networks, and to ensure that the payment of integrated service network money to major participating entities results in a corresponding benefit to the integrated service network and its enrollees, when determining whether an organization has incurred an unreasonable expense in relation to a major*

participating entity, due consideration shall be given to, in addition to any other appropriate factors, whether the officers and trustees of the integrated service network have acted with good faith and in the best interests of the integrated service network in entering into, and performing under, a contract under which the integrated service network has incurred an expense. The commissioner has standing to sue, on behalf of an integrated service network, officers or trustees of the integrated service network who have breached their fiduciary duty in entering into and performing such contracts.

Subd. 2. [DATA ON PAYMENTS.] *Integrated service networks shall keep on file in the offices of the integrated service network data on the payments, salaries, and other remuneration paid to for-profit firms, affiliates, or to persons, for administrative expenses, service contracts, and management of the integrated service network and shall make it available to the commissioner.*

Subd. 3. [ADMINISTRATIVE COST REDUCTIONS.] *The commissioner shall establish a plan that requires integrated service networks to lower their administrative expenses and costs for each of the five years 1994 to 1998. This plan shall require lower administrative expenses in order to reflect savings experienced by integrated service networks from lowered reporting requirements, lowered underwriting and marketing expenses, and other features of the integrated service network plan.*

Subd. 4. [DISAPPROVAL OF CONTRACTS.] *The commissioner shall review all payments, administrative contracts, service contracts, and other agreements to determine the reasonableness of the cost of the contracts or agreements and effect of the contracts or agreements on the price of the integrated service network to enrollees. If the commissioner determines that a contract or agreement is not reasonable, the commissioner shall disapprove the contract or agreement. The commissioner may request any information that is necessary to determine if costs are reasonable.*

*The commissioner shall give reasons for the disapproval in writing to the integrated service network. This notice shall state that a hearing will be granted within 20 days after a request in writing by the integrated service network.*

Sec. 8. [62N.07] [STANDARD BENEFIT SET.]

(a) *Integrated service networks may provide any benefit set permitted under chapter 62A, 62C, 62D, 62L, or 64B, except that no benefit set may be less than a number two qualified plan as defined in section 62E.06. Products sold in the small employer market as defined in section 62L.02, must comply with all requirements of chapter 62L. The small employer plans, as defined in section 62L.02, may be sold even though they are not number two qualified plans, but may be sold only in the small employer market.*

(b) *A network may use any copayments, deductibles, and out-of-pocket limits permitted for a number two qualified plan under section 62E.06.*

(c) *A network may offer any Medicare supplement, Medicare select, or other Medicare-related product otherwise permitted for any type of health plan in this state. Each Medicare-related product may be offered only in full compliance with the requirements in chapters 62A, 62D, and 62E that apply to that category of product.*

*(d) Networks must comply with all continuation and conversion of coverage requirements applicable to health maintenance organizations under state or federal law.*

*(e) Networks must comply with state law applicable to coverage of newborn infants, dependent children who do not reside with a covered person, handicapped children and dependents, and adopted children. A network providing dependent coverage must comply with section 62A.302.*

Sec. 9. [62N.08] [AVAILABILITY OF SERVICES.]

*(a) An integrated service network is financially responsible to provide to each person enrolled all needed services required by statute, by the contract of coverage; or otherwise required under section 62N.07. For purposes of this section, "needed services" means services that are defined as medically necessary under chapter 62D, including any rules adopted under that chapter, or as further specified or modified by practice parameters adopted by the commissioner.*

*(b) The commissioner shall require that networks provide all needed services within a reasonable geographic distance for enrollees. The commissioner may adopt rules providing a more detailed requirement, consistent with this paragraph.*

Sec. 10. [62N.09] [ADDITIONAL COVERAGE OPTIONS AUTHORIZED.]

*The integrated service network may provide for a variety of benefit options to enrollees in addition to the standard benefit package, including additional covered services, different levels of copays, deductibles, and annual out-of-pocket limits, and a combination product or point-of-service option. For purposes of this section, a "combination product" means a combination of features of two or more types of products regulated under chapter 62A, 62C, 62D, 62L, or 64B, and a "point-of-service option" means a set of options offered by an integrated service network that gives the enrollee a choice between networks or the option to receive services outside of a network. Additional benefit options must be filed with and approved by the commissioner before they may be offered to enrollees. The commissioner may adopt rules governing permissible coverage options. This section does not permit benefit options that result in a benefit package that is not at least a number two qualified plan as required under section 62N.07, except as permitted by that section.*

Sec. 11. [62N.10] [LICENSING.]

*Subdivision 1. [REQUIREMENTS.] All integrated service networks must be licensed by the commissioner. Licensure requirements are:*

*(1) the ability to be responsible for the full continuum of required health care and related costs for the defined population that the integrated service network will serve;*

*(2) the ability to satisfy standards for quality of care;*

*(3) financial solvency; and*

*(4) the ability to fully comply with this chapter and all other applicable law.*

*The commissioner may adopt rules to specify licensure requirements for integrated service networks in greater detail, consistent with this subdivision.*

*Subd. 2. [FEES.] Licensees shall pay an initial fee of \$. . . . . and a renewal fee of \$. . . . . each following year to the commissioner of health.*

*Subd. 3. [LOSS OF LICENSE.] The commissioner may fine a licensee or suspend or revoke a license for violations of rules or statutes pertaining to integrated service networks.*

*Subd. 4. [PARTICIPATION; GOVERNMENT PROGRAMS.] Integrated service networks shall, as a condition of licensure, participate in the medical assistance, general assistance medical care, and MinnesotaCare programs. The commissioner shall adopt rules specifying the participation required of the networks. The rules must be consistent with Minnesota Rules, parts 9505.5200 to 9505.5260, governing participation by health maintenance organizations in public health care programs.*

*Subd. 5. [APPLICATION.] Each application for an integrated service network license must be in a form prescribed by the commissioner. Each application must include the following:*

*(1) a copy of the basic organizational document, if any, of the applicant and, at the request of the commissioner, of each participating entity, the articles of incorporation, or other applicable documents, and all amendments;*

*(2) a copy of the bylaws, rules and regulations, or similar document, if any, and all amendments which regulate the conduct of the affairs of the applicant, and of any participating entity, at the request of the commissioner;*

*(3) a list of the names, business addresses, and official positions of the following:*

*(i) all members of the board of directors, or governing body of the local government unit, and the principal officers and shareholders of the applicant organization; and*

*(ii) at the request of the commissioner, all members of the board of directors, or governing body of the local government unit, and the principal officers of any participating entity and each shareholder beneficially owning more than ten percent of any voting stock of the participating entity;*

*(4) the name and business address of each participating entity and the agreed upon duration of each contract or agreement;*

*(5) a copy of the form of each contract binding any or all of the participating entities and the integrated service network;*

*(6) at the request of the commissioner, a copy of each contract binding any or all of the participating entities and the network. Contract information filed with the commissioner is private and subject to section 13.37, subdivision 1, paragraph (b), at the request of the network;*

*(7) a statement generally describing the applicant and the network, its network contracts, facilities, and personnel, including a statement describing the manner in which the applicant proposes to provide enrollees with the required network services and any additional services;*

(8) a copy of the form of each evidence of coverage to be issued to the enrollees;

(9) a copy of the form of each individual or group contract which is to be issued to enrollees or their representatives;

(10) financial statements showing the applicant's assets, liabilities, and sources of financial support. If the applicant's financial affairs are audited by independent certified public accountants, a copy of the applicant's most recent certified financial statement may be deemed to satisfy this requirement;

(11) a financial plan that includes a three-year projection of the expenses and income and other sources of future capital;

(12) a statement reasonably describing the geographic area or areas to be served and the type or types of enrollees to be served;

(13) a description of the complaint procedures to be used as required;

(14) a copy of any agreement between the network and an insurer or nonprofit health service plan corporation regarding reinsurance, stop-loss or excess-of-loss coverage, insolvency coverage, or any other type of coverage for potential costs of health services;

(15) a statement indicating how the network will meet its potential tort liabilities, for medical malpractice and other sources of liability, together with copies of any related insurance policies and liability-related agreements with its participating entities;

(16) a copy of the conflict of interest policy which applies to all members of the board of directors and the principal officers of the network;

(17) a copy of the statement that describes the network's prior authorization, referral, second opinion, and utilization review procedures; and

(18) other information that the commissioner of health may reasonably require to be provided.

*Subd. 6. [DOCUMENTS ON FILE.]* A network shall agree to retain in its files any documents specified by the commissioner. A network shall permit the commissioner to examine those documents at any time and shall promptly provide copies of any of them to the commissioner upon request.

## Sec. 12. [62N.11] [EVIDENCE OF COVERAGE.]

*Subdivision 1. [APPLICABILITY.]* Every integrated service network enrollee residing in this state is entitled to evidence of coverage or contract. The integrated service network or its designated representative shall issue the evidence of coverage or contract. "Evidence of coverage" means evidence that an enrollee is covered by a group contract issued to the group.

*Subd. 2. [FILING.]* No evidence of coverage or contract or amendment of coverage or contract shall be issued or delivered to any individual in this state until a copy of the form of the evidence of coverage or contract or amendment of coverage or contract has been filed with and approved by the commissioner.

*Subd. 3. [CONTENTS.]* Contracts and evidences of coverage must contain:

(a) no provision or statement that is unjust, unfair, inequitable, misleading, deceptive, or untrue; and

(b) a clear, concise, and complete statement of:

(1) the services or other benefits to which the enrollee is entitled under the integrated service network contract;

(2) any exclusions or limitations on the services, kind of services, benefits, or kind of benefits to be provided, including any deductible or copayment feature and requirements for referrals, prior authorizations, utilization review, and second opinions;

(3) where and in what manner information is available about how services, including emergency and out-of-area services, may be obtained;

(4) the total amount of payment and copayment, if any, for health care services and for the indemnity or service benefits, if any, that the enrollee is obligated to pay with respect to individual contracts; and

(5) a description of the network's method for resolving enrollee complaints and a statement identifying the department of health as the regulatory agency with whom grievances may be registered.

**Subd. 4. [GRACE PERIOD.]** A grace period of 31 days must be granted for payment of each premium for an individual integrated service network contract falling due after the first premium, during which period the contract continues in force. Individual network contracts must clearly state the existence of the grace period.

**Subd. 5. [CANCELLATION OF CONTRACT.]** Individual integrated service network contracts must state that the individual may cancel the contract within ten days of its receipt and have the premium paid refunded if, after examination of the contract, the individual is not satisfied with it for any reason. The individual must be required to pay the network for any services rendered or claims paid by the network during the ten days.

**Subd. 6. [TERMINATION.]** The contract and evidence of coverage must clearly explain the conditions under which an integrated service network may terminate coverage.

**Subd. 7. [CONTINUATION AND CONVERSION.]** The contract and evidence of coverage must clearly explain continuation and conversion rights afforded to enrollees.

**Subd. 8. [NOTICE.]** Individual and group contract holders must be given 30 days' written notice of any change in enrollee copayments or benefits.

**Subd. 9. [DELIVERY OF CONTRACT.]** Individual integrated service network contracts must be delivered to enrollees no later than the date coverage is effective. For enrollees with group contracts, an evidence of coverage must be delivered or issued for delivery not more than 15 days from the date the integrated service network is notified of the enrollment or the effective date of coverage, whichever is later.

**Subd. 10. [COMPLAINTS.]** An individual integrated service network contract and an evidence of coverage must contain a department of health telephone number that the enrollee can call to register a complaint about the network.

**Sec. 13. [62N.12] [ENROLLEE RIGHTS.]**

The cover page of the evidence of coverage and contract must contain a clear and complete statement of an enrollee's rights as a consumer. The statement must be in bold print and captioned "Important Consumer Information and Enrollee Bill of Rights" and must include but need not be limited to the following provisions in the following language or in substantially similar language approved in advance by the commissioner:

#### **"CONSUMER INFORMATION**

(1) **COVERED SERVICES:** Services provided by (name of integrated service network) will be covered only if services are provided by participating (name of integrated service network) providers or authorized by (name of integrated service network). Your contract fully defines what services are covered and describes procedures you must follow to obtain coverage.

(2) **PROVIDERS:** Enrolling in (name of integrated service network) does not guarantee services by a particular provider on the list of providers. When a provider is no longer part of (name of integrated service network), you must choose among remaining (name of integrated service network) providers.

(3) **REFERRALS:** Certain services are covered only upon referral. See section (section number) of your contract for referral requirements. All referrals to non-(name of integrated service network) providers and certain types of health care providers must be authorized by (name of integrated service network).

(4) **EMERGENCY SERVICES:** Emergency services from providers who are not affiliated with (name of integrated service network) will be covered only if proper procedures are followed. Your contract explains the procedures and benefits associated with emergency care from (name of integrated service network) and non-(name of integrated service network) providers.

(5) **EXCLUSIONS:** Certain services or medical supplies are not covered. You should read the contract for a detailed explanation of all exclusions.

(6) **CONTINUATION:** You may convert to an individual integrated service network contract or continue coverage under certain circumstances. These continuation and conversion rights are explained fully in your contract.

(7) **CANCELLATION:** Your coverage may be canceled by you or (name of integrated service network) only under certain conditions. Your contract describes all reasons for cancellation of coverage.

#### **ENROLLEE BILL OF RIGHTS**

(1) An enrollee has the right to available and accessible services including emergency services, as defined in your contract, 24 hours a day and seven days a week.

(2) An enrollee has the right to be informed of health problems, and to receive information regarding treatment alternatives and risks that is sufficient to assure informed choice.

(3) An enrollee has the right to refuse treatment, and the right to privacy of medical and financial records maintained by the integrated service network and its health care providers, in accordance with existing law.

(4) An enrollee has the right to file a grievance with the integrated service network and the commissioner of health and the right to initiate a legal proceeding when experiencing a problem with the integrated service network or its health care providers.

(5) An enrollee has the right to a grace period of 31 days for the payment of each premium for an individual integrated service network contract falling due after the first premium during which period the contract shall continue in force.

(6) A Medicare enrollee has the right to voluntarily disenroll from the integrated service network and the right not to be requested or encouraged to disenroll except in circumstances specified in federal law.

(7) A Medicare enrollee has the right to a clear description of nursing home and home care benefits covered by the integrated service network."

#### Sec. 14. [62N.13] [ENROLLEE COMPLAINT SYSTEM.]

*Subdivision 1. [SCOPE.] Every integrated service network must establish and maintain an enrollee complaint system, including an impartial arbitration provision, to provide reasonable procedures for the resolution of written complaints initiated by enrollees concerning the provision of health care services. "Provision of health care services" includes, but is not limited to, questions of the scope of coverage, quality of care, and administrative operations. Arbitration is subject to chapter 572, except:*

(1) if an enrollee elects to litigate a complaint prior to submission to arbitration; and

(2) no medical malpractice damage claim is subject to arbitration unless agreed to by both parties subsequent to the event giving rise to the claim.

*Subd. 2. [COMMISSIONER REVIEW.] If a complaint involves a dispute about an integrated service network's coverage of a service, the commissioner may review the complaint and any information and testimony necessary to make a determination and order the appropriate remedy pursuant to this chapter. If the commissioner obtains or maintains information on written complaints, the information on the complainant and on the enrollee whose case is the subject of the complaint is private data on individuals under chapter 13.*

*Subd. 3. [EXPEDITED RESOLUTION OF COMPLAINTS ABOUT URGENTLY NEEDED SERVICE.] In addition to any remedy contained in subdivision 2, if a complaint involves a dispute about an integrated service network's coverage of an immediately and urgently needed service, the commissioner may also order the integrated service network to use an expedited system to process the complaint.*

*Subd. 4. [RECORDS.] The integrated service network shall maintain a record of each written complaint filed with it for five years, and the commissioner of health shall have access to the records.*

*Subd. 5. [DENIAL OF SERVICE.] Within a reasonable time after receiving an enrollee's written or oral communication to the integrated service network concerning a refusal of service or inadequacy of services, the integrated service network shall provide the enrollee with a written statement of the reason for the refusal of service, and a statement approved by the commissioner of health that explains the integrated service network complaint*

procedures, and in the case of Medicare enrollees, that also explains Medicare appeal procedures.

*Subd. 6. [COVERAGE OF SERVICE.] An integrated service network may not deny or limit coverage of a service that the enrollee has already received solely on the basis of a lack of prior authorization or second opinion, to the extent that the service would otherwise have been covered under the member's contract by the integrated service network had a prior authorization or second opinion been obtained.*

**Sec. 15. [62N.14] [MEDICAL MALPRACTICE LIABILITY.]**

*Subdivision 1. [MEDICAL MALPRACTICE LIABILITY BETWEEN INTEGRATED SERVICE NETWORK ENTITIES.] An entity operating an integrated service network is liable for medical malpractice committed by its employees and is not liable for the malpractice of its other health care providing entities. Each health care providing entity is liable for its own medical malpractice and is not liable for the medical malpractice of other health care providing entities or for negligent supervision of other health care providing entities. Participating entities are not jointly and severally liable for torts committed by the network or by participating providers. A network and its participating entities may by contract reallocate between themselves the risk of malpractice liability through indemnity, contribution, joint insurance, or otherwise, provided that the reallocation does not affect the rights of enrollees.*

*Subd. 2. [MEDICAL MALPRACTICE CASES.] (a) In an action against a provider for malpractice, error, mistake, or failure to cure, whether based in contract or tort, adherence to a pertinent practice parameter approved by the commissioner of health is an absolute defense against an allegation that the provider did not comply with accepted standards of practice in the community.*

*(b) Evidence of a departure from a practice parameter is not admissible unless the provider is claiming the absolute defense under paragraph (a).*

*(c) Paragraphs (a) and (b) apply to claims arising on or after August 1, 1993, or 90 days after the date the commissioner approves the applicable practice parameter, whichever is later.*

*(d) Nothing in this section changes the plaintiff's burden of proof in a civil action against a provider or creates a new basis upon which to establish liability against a provider.*

**Sec. 16. [62N.15] [MARKETING.]**

*Subdivision 1. [PERMITTED PURCHASERS.] An integrated service network may contract to provide health services to:*

- (1) individuals, including dependents;*
- (2) groups of individuals, including employees of a private or public employer and individual members of an association, and their dependents;*
- (3) associations or other groups comprised of groups, including associations of employers;*
- (4) the public employees insurance plan and the private employers insurance program established under chapter 43A;*

(5) any state or federal health program, including medical assistance, Medicare, MinnesotaCare, or general assistance medical care; and

(6) the comprehensive health association established in section 62E.10.

*Integrated service networks are subject to section 62A.303 with respect to all enrolled groups, whether or not they are employer-based groups.*

*Subd. 2. [MARKETING CONDUITS.] An integrated service network may offer or sell its services through any person or method permitted to sell health coverage under chapter 60A, 60K, 62C, 62D, or 62L. Persons regulated under those chapters with respect to sales of coverage are subject to the supervision of the commissioner of commerce with respect to marketing of network coverage. The commissioner of health may adopt rules permitting the marketing of network coverage through other means.*

**Sec. 17. [62N.16] [UNDERWRITING AND RATING.]**

*Subdivision 1. [APPLICABILITY.] Except as provided in subdivision 3, this section applies to the standard benefit plan under section 62N.07 and does not apply to supplemental coverage described in section 62N.10. This section does not require coverage by an integrated service network of any group or individual residing outside of the network's service area. A network's service area includes a geographic service region agreed to by the commissioner and the network at the time of licensure. This section does not apply to any group that the commissioner determines is organized or functions primarily to provide coverage to one or more high risk individuals. The commissioner may adopt rules specifying other types of groups to which this section does not apply.*

*Subd. 2. [GROUP MEMBERS.] Integrated service networks shall charge the same rate for each individual in a group, except as appropriate to provide dependent or family coverage.*

*Subd. 3. [SMALL EMPLOYERS.] To provide services to employees of a small employer as defined in section 62L.02, integrated service networks shall comply with chapter 62L.*

**Sec. 18. [62N.17] [RELATIONSHIP; NETWORKS; COMPREHENSIVE HEALTH ASSOCIATION.]**

*A corporation operating an integrated service network is and must remain a contributing member of the comprehensive health association established under section 62E.10. Participating entities that are members of that association are assessable by the association on revenues derived from or through networks. Participating entities may claim a credit against assessment liability for assessments paid by the network with respect to the same premiums.*

**Sec. 19. [62N.18] [INSOLVENCY.]**

*Subdivision 1. [EFFECTS ON ENROLLEES.] Corporations that operate an integrated service network are not members of the life and health insurance guaranty association under chapter 61B. When a corporation operating a network becomes insolvent, its enrollees have the right to receive the same alternative coverage provided by the comprehensive health association under section 62D.181 to enrollees in insolvent health maintenance organizations.*

*Subd. 2. [NOTICE TO ENROLLEES.] Prospective enrollees in an integrated service network must be given, prior to their commitment to enroll, a written notice on a form approved by the commissioner describing the effects of, and their rights in the event of, an insolvency of the corporation operating the network.*

**Sec. 20. [62N.19] [LIQUIDATION, REHABILITATION, AND CONSERVATION PROCEEDINGS.]**

*The liquidation, rehabilitation, and conservation provisions of section 62D.18 and chapter 60B apply to an integrated service network.*

**Sec. 21. [62N.20] [RISK-BEARING ENTITIES.]**

*An entity operating an integrated service network may retain the risk of providing coverage or may transfer all or any part of the risk through purchase of reinsurance, including but not limited to stop-loss or excess-of-loss coverage, from an assuming insurer that qualifies under section 60A.092, a nonprofit health service plan corporation operating under chapter 62C, a health maintenance organization operating under chapter 62D, or another entity if first approved by the commissioner.*

**Sec. 22. [62N.21] [INSOLVENCY PREVENTION.]**

*Subdivision 1. [DEFINITIONS.] (a) The definitions provided in this subdivision apply to this section.*

*(b) "Admitted assets" means admitted assets as defined in section 62D.044.*

*(c) "Net worth" means net worth as defined in section 62D.02, subdivision 15.*

*(d) "Working capital" means current assets minus current liabilities.*

*(e) "Guaranteeing organization" means an organization that has agreed to make necessary contributions or advancements to an integrated service network to maintain the network's required net worth.*

*Subd. 2. [NET WORTH REQUIREMENT.] Except as permitted by subdivision 4, every entity operating an integrated service network must maintain a minimum net worth equal to the greater of:*

*(1) \$1,000,000; or*

*(2) an amount equal to 8-1/3 percent of the sum of all expenses expected to be incurred in the network's first 12 months of operation, or, for an existing network, 8-1/3 percent of the sum of all expenses incurred in the most recent calendar year.*

*Subd. 3. [PHASE-IN PROVISION.] A network satisfies subdivision 2 if the network meets the following phase-in schedule:*

*(1) 25 percent of the amount required by subdivision 2 as of the date that the network begins providing services;*

*(2) 50 percent of the amount required by subdivision 2 as of the end of the network's first year of providing services, except that if that date is not December 31, the network need not comply until the next December 31;*

(3) 75 percent of the amount required by subdivision 2 as of the December 31 immediately following the December 31 deadline provided in clause (2);

(4) 100 percent of the amount required by subdivision 2 as of the December 31 immediately following the December 31 deadline provided in clause (3).

**Subd. 4. [ALTERNATIVE SOLVENCY REQUIREMENT.]** As an alternative to the net worth requirement under subdivision 2, the commissioner may permit an integrated service network to prove its financial solvency and stability by a means that does not satisfy that subdivision but that:

- (1) is at least as protective of the welfare of the network's enrollees; and
- (2) does not provide the network with an unfair advantage over competing networks.

In administering this subdivision, the commissioner may adopt emergency and permanent rules.

**Subd. 5. [WORKING CAPITAL.]** An integrated service network must maintain a positive working capital. If the network fails to meet this requirement, the commissioner and the network shall comply with section 62D.042, subdivision 7.

**Subd. 6. [INVESTMENT OF NETWORK ASSETS.]** An integrated service network shall invest its assets only in compliance with section 62D.045.

**Subd. 7. [CREDIT FOR REINSURANCE.]** An integrated service network may credit against its liabilities 90 percent of the premiums that it pays for reinsurance that complies with section 62N.20.

**Subd. 8. [GUARANTEEING ORGANIZATION.]** With the written approval of the commissioner, an integrated service network may satisfy the net worth requirement by arranging for a guaranteeing organization to assume the network's obligation to maintain the required net worth. A guaranteeing organization for a network shall comply with section 62D.043. A guaranteeing organization that is a health care provider may pledge real estate to satisfy its obligation, provided that the pledge is secured by a real estate mortgage recorded in the office of the county recorder or filed in the office of the county registrar of titles. The network shall provide a title opinion or title insurance policy and an appraisal at the request of the commissioner or as otherwise required by rule.

**Subd. 9. [DEPOSIT REQUIREMENT.]** (a) An integrated service network shall maintain at all times on deposit with the commissioner \$300,000 worth of cash, securities, or any combination of cash and securities. Securities must be United States Treasury obligations, unless otherwise permitted by the commissioner. The network may withdraw interest accrued on the deposit on a quarterly basis or as otherwise approved by the commissioner. With the approval of the commissioner, the deposit may be held by a third party independent trustee in a custodial or controlled account. A deposit is an admitted asset and counts toward the network's required net worth. A network may follow a phase-in schedule to comply with this paragraph as follows:

- (1) \$150,000 as of the date that the network begins operations; and
- (2) \$300,000 as of one year later.

(b) *In lieu of the amount required under paragraph (a), the rules adopted under section 62N.05 may provide a deposit requirement specified on a per enrollee basis and eligible for a phase-in schedule no more lenient than that provided in paragraph (a).*

*Subd. 10. [USE OF DEPOSIT.] If the integrated service network is placed under an order of rehabilitation or conservation, the commissioner shall use the deposit to protect the interests of the enrollees and assure continuation of health care services to enrollees. If the network is placed under an order of liquidation, the deposit is an asset subject to chapter 60B, except that the commissioner has a lien on the deposit to reimburse the commissioner for administrative costs directly attributable to the insolvency.*

*Subd. 11. [FINANCIAL REPORTING.] An integrated service network shall submit financial reports to the commissioner as required by section 62D.08, or as the commissioner otherwise requires by rule.*

*Subd. 12. [FINANCIAL EXAMINATIONS.] An integrated service network and its participating entities and guaranteeing organizations are subject to examination by the commissioner under section 62D.14, or as the commissioner otherwise requires by rule.*

**Sec. 23. [62N.22] [RELATIONSHIPS WITH PROVIDERS.]**

*Subdivision 1. [CONTRACTS.] An integrated service network's relationship with health care providers must be by contract, except in the case of covered out-of-network services. Any reimbursement method not prohibited by the commissioner is allowable, including fee-for-service, salary, and capitation. A copy of each contract between an integrated service network and any or all of its providers must be kept on file by the network and made available to the commissioner upon request. The contract must provide that if the network fails to pay the provider for services provided, the enrollee is not liable to the provider for payment. The contract may permit providers to receive payment from an enrollee for services not covered by the enrollee's network contract, but only based upon a written agreement between the provider and the enrollee after the network has provided written notice that the network has denied coverage for the service.*

*Subd. 2. [SERVICES.] Providers may contract with an integrated service network to provide all or a portion of the services that an integrated service network must provide. Providers may choose not to participate in an integrated service network, may participate in more than one integrated service network, or may simultaneously serve both integrated service network enrollees and regulated all-payer system patients.*

**Sec. 24. [62N.23] [TECHNICAL ASSISTANCE.]**

*(a) The commissioner shall provide technical assistance to parties interested in establishing or operating an integrated service network. This shall be known as the integrated service network technical assistance program (ISNTAP).*

*The technical assistance program shall offer seminars on the establishment and operation of integrated service networks in all regions of Minnesota. The commissioner shall advertise these seminars in local and regional newspapers, and attendance at these seminars shall be free.*

*The commissioner shall write a guide to establishing and operating an integrated service network. The guide must provide basic instructions for*

parties wishing to establish an integrated service network. The guide must be provided free of charge to interested parties. The commissioner shall update this guide when appropriate.

The commissioner shall establish a toll-free telephone line that interested parties may call to obtain assistance in establishing or operating an integrated service network.

(b) The commissioner shall grant loans for organizational and start-up expenses to entities forming integrated service networks or to networks less than one year old, to the extent of any appropriation for that purpose. The commissioner shall allocate the available funds among applicants based upon the following criteria, as evaluated by the commissioner within the commissioner's discretion:

(1) the applicant's need for the loan;

(2) the likelihood that the loan will foster the formation or growth of a network; and

(3) the likelihood of repayment.

The commissioner shall determine any necessary application deadlines and forms and is exempt from rulemaking in doing so.

Sec. 25. Minnesota Statutes 1992, section 256.9657, subdivision 3, is amended to read:

Subd. 3. [HEALTH MAINTENANCE ORGANIZATION; INTEGRATED SERVICE NETWORK SURCHARGE.] Effective October 1, 1992, each health maintenance organization with a certificate of authority issued by the commissioner of health under chapter 62D and each integrated service network licensed by the commissioner under sections 62N.01 to 62N.22 shall pay to the commissioner of human services a surcharge equal to six-tenths of one percent of the total premium revenues of the health maintenance organization or integrated service network as reported to the commissioner of health according to the schedule in subdivision 4.

Sec. 26. [BORDER COMMUNITIES.]

The commissioner of health shall monitor the effects of integrated service networks and the regulated all-payer system in communities in which a substantial proportion of health care services provided to Minnesota residents are provided in states bordering Minnesota and may amend the rules adopted under article 1 or 2 to minimize effects that inhibit Minnesota residents' ability to obtain access to quality health care. The commissioner shall report to the Minnesota health care commission and the legislature any effects that the commissioner intends to address by amendments to the rules adopted under article 1 or 2.

Sec. 27. [EFFECTIVE DATE.]

Sections 1 to 26 are effective the day following final enactment.

## ARTICLE 2

### REGULATED ALL-PAYER SYSTEM GOVERNING SERVICES NOT PROVIDED THROUGH INTEGRATED SERVICE NETWORKS

Section 1. [62O.01] [REGULATED ALL-PAYER SYSTEM.]

The regulated all-payer system established under this chapter governs all health care services that are provided outside of an integrated service network. The regulated all-payer system is designed to control costs, prices, and utilization of all health care services not provided through an integrated service network while maintaining or improving the quality of services. The commissioner of health shall adopt rules establishing controls within the system to ensure that the rate of growth in spending in the system, after adjustments for population size and risk, remains within the limits set by the commissioner under section 62J.04. All providers that serve Minnesota residents and all health plans that cover Minnesota residents shall comply with the requirements and rules established under this chapter for all health care services or coverage provided to Minnesota residents.

Sec. 2. [62O.03] [RULES.]

(a) The commissioner of health, in consultation with the Minnesota health care commission, shall adopt permanent and emergency rules to implement this chapter. The rules must be adopted in accordance with chapter 14 and may be adopted by the use of emergency rulemaking. The commissioner shall include in the rules the following:

(1) methods for controlling payments to providers such as uniform fee schedules or rate limits to be applied to all health plans and health care providers with independent billing rights;

(2) methods for controlling utilization of services such as the application of standardized utilization review criteria, incentives based on setting and achieving volume targets, recovery of excess spending due to overutilization, or required use of practice parameters;

(3) methods for monitoring quality of care and mechanisms to enforce the quality of care standards;

(4) requirements for maintaining and reporting data on costs, prices, revenues, expenditures, utilization, quality of services, and outcomes;

(5) measures to prevent or discourage adverse risk selection between the regulated all-payer system and integrated service networks;

(6) measures to coordinate the regulated all-payer system with integrated service networks to minimize or eliminate barriers to access to health care services that might otherwise result;

(7) an appeals process;

(8) measures to encourage and facilitate appropriate use of midlevel practitioners and eliminate undesirable barriers to their participation in providing services;

(9) measures to assure appropriate use of technology and to manage introduction of new technology;

(10) consequences to be imposed on providers whose expenditures have exceeded the limits established by the commissioner; and

(11) restrictions on provider conflicts of interest.

(b) The commissioner may phase in the regulated all-payer system over a transition period not to exceed two years. During the transition period, the growth limits will be effective for calendar year 1994 and any excess growth

that occurs during the transition period must be recouped in subsequent years.

Sec. 3. [EVALUATION.]

The commissioner of health shall evaluate the regulated all-payer system and assess its impact on cost containment goals, access to health care services, and quality of care and shall present a preliminary report to the legislature by January 1, 1995, and a final report to the legislature by January 1, 1996.

Sec. 4. [APPLICABILITY OF OTHER LAWS.]

Except as expressly provided in rules adopted under this chapter, to the extent that a provider provides services in the regulated all-payer system, the provider is subject to all other statutes and rules that apply to providers of that type on the effective date of this section, including, as applicable, Minnesota Statutes, sections 62J.17 and 62J.23.

Sec. 5. [EFFECTIVE DATE.]

Sections 1 to 4 are effective the day following final enactment.

### ARTICLE 3

#### DATA COLLECTION AND COST CONTROL INITIATIVES

Section 1. Minnesota Statutes 1992, section 62J.03, subdivision 6, is amended to read:

Subd. 6. [GROUP PURCHASER.] "Group purchaser" means a person or organization that purchases health care services on behalf of an identified group of persons, regardless of whether the cost of coverage or services is paid for by the purchaser or by the persons receiving coverage or services, as further defined in rules adopted by the commissioner. "Group purchaser" includes, but is not limited to, *integrated service networks*; health insurance companies, health maintenance organizations, *nonprofit health service plan corporations*, and other health plan companies; employee health plans offered by self-insured employers; *trusts established in a collective bargaining agreement under the federal Labor-Management Relations Act of 1947, United States Code, title 29, section 141, et seq.*; the *Minnesota comprehensive health association*; group health coverage offered by fraternal organizations, professional associations, or other organizations; state and federal health care programs; state and local public employee health plans; workers' compensation plans; and the medical component of automobile insurance coverage.

Sec. 2. Minnesota Statutes 1992, section 62J.04, subdivision 1, is amended to read:

Subdivision 1. [~~COMPREHENSIVE BUDGET LIMITS ON THE RATE OF GROWTH.~~] (a) The commissioner of health shall set an annual ~~limit~~ *limits* on the rate of growth of public and private spending on health care services for Minnesota residents, *as provided in paragraph (b).* The ~~limit~~ *limits* on growth must be set at a ~~level~~ *levels* the commissioner determines to be realistic and achievable but that will ~~slow~~ *reduce* the ~~current~~ *rate* of growth in health care spending by at least ten percent per year ~~using the spending growth rate for 1991 as a base year.~~ This ~~limit~~ *must* be achievable through good faith.

cooperative efforts of health care consumers, purchasers, and providers for the next five years. The commissioner shall set limits on growth based on available data on spending and growth trends, including data from group purchasers, national data on public and private sector health care spending and cost trends, and trend information from other states.

(b) The commissioner shall set the following annual limits on the rate of growth of public and private spending on health care services for Minnesota residents:

(1) for calendar year 1994, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points;

(2) for calendar year 1995, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points;

(3) for calendar year 1996, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points;

(4) for calendar year 1997, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points; and

(5) for calendar year 1998, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points.

If the health care financing administration forecast for the total growth in national health expenditures for a calendar year is lower than the rate of growth for the calendar year as specified in clauses (1) to (5), the commissioner shall adopt this forecast as the growth limit for that calendar year. The commissioner shall adjust the growth limit set for calendar year 1995 to recover savings in health care spending required for the period July 1, 1993 to December 31, 1993. The commissioner shall publish:

(1) the limits in the State Register by March 15 of the year immediately preceding the year in which the limit will be effective except for the year 1993, in which the limit shall be published by July 1, 1993;

(2) the quarterly change in the regional consumer price index for urban consumers; and

(3) the health care financing administration forecast for total growth in the national health care expenditures. In setting an annual limit, the commissioner is exempt from the rulemaking requirements of chapter 14. The commissioner's decision on an annual limit is not appealable.

Sec. 3. Minnesota Statutes 1992, section 62J.04, is amended by adding a subdivision to read:

*Subd. 1a. [ENFORCEMENT OF LIMITS ON GROWTH.] (a) The commissioner shall enforce limits on growth in spending and revenues for integrated service networks and for the regulated all-payer system. For purposes of enforcing limits, the commissioner may adjust a growth limit to account for differences between the actual and forecasted change in health care spending. If the commissioner determines that artificial inflation or*

*padding of costs or prices has occurred in anticipation of the implementation of growth limits, the commissioner may adjust the base year spending totals or growth limits or take other action to reverse the effect of the artificial inflation or padding.*

*(b) The commissioner shall impose and enforce overall limits on growth in revenues and spending for integrated service networks, with adjustments for changes in enrollment, benefits, severity, and risks. If an integrated service network exceeds a spending limit, the commissioner may reduce future limits on growth in premium revenues for that integrated service network by up to the amount overspent. If the integrated service network system exceeds a systemwide spending limit, the commissioner may reduce future limits on growth in aggregate premium revenues for the integrated service network system by up to the amount overspent.*

*(c) The commissioner shall set prices, utilization controls, and other requirements for the regulated all-payer system to ensure that the overall costs of this system, after adjusting for changes in population, severity, and risk, do not exceed the growth limits. If spending growth limits for a calendar year are exceeded, the commissioner may reduce reimbursement rates or otherwise recoup overspending for all or part of the next calendar year, to recover in savings up to the amount of money overspent. To the extent possible, the commissioner may reduce reimbursement rates or otherwise recoup overspending from individual providers who exceed the spending growth limits.*

Sec. 4. Minnesota Statutes 1992, section 62J.04, subdivision 2, is amended to read:

Subd. 2. [DATA COLLECTION BY COMMISSIONER.] For purposes of ~~setting~~ forecasting rates of growth in health care spending and setting limits under this section subdivisions 1 and 1a, the commissioner ~~shall~~ may collect from all Minnesota health care providers data on patient revenues and health care spending received during a time period specified by the commissioner. The commissioner ~~shall~~ may also collect data on health care revenues and spending from all group purchasers of health care. All Health care providers and group purchasers doing business in the state shall provide the data requested by the commissioner at the times and in the form specified by the commissioner. Professional licensing boards and state agencies responsible for licensing, registering, or regulating providers shall cooperate fully with the commissioner in achieving compliance with the reporting requirements.

Subd. 2a. [FAILURE TO PROVIDE DATA.] ~~The~~ intentional failure to provide ~~reports~~ the data requested under this ~~section~~ chapter is grounds for revocation of a license or other disciplinary or regulatory action against a regulated provider. The commissioner may assess a fine against a provider who refuses to provide ~~information~~ data required by the commissioner under this section. If a provider refuses to provide a ~~report~~ or ~~information~~ the data required under this section, the commissioner may obtain a court order requiring the provider to produce documents and allowing the commissioner to inspect the records of the provider for purposes of obtaining the ~~information~~ data required under this section.

Subd. 2b. [DATA PRIVACY.] All data received is ~~private~~ or nonpublic, ~~trade secret information~~ under section ~~13.37~~ as applicable, except to the extent that it is given a different classification elsewhere in this chapter. The commissioner shall establish procedures and safeguards to ensure that data provided to the Minnesota health care commission released by the commis-

sioner is in a form that does not identify individual specific patients, providers, employers, purchasers, or other specific individuals and organizations, except with the permission of the affected individual or organization, or as permitted elsewhere in this chapter.

Sec. 5. [62J.045] [MEDICAL EDUCATION AND RESEARCH COSTS.]

*Subdivision 1. [PURPOSE.] The legislature finds that all health care stakeholders, as well as society at large, benefit from medical education and health care research. The legislature further finds that the cost of medical education and research should not be borne by a few hospitals or medical centers but should be fairly allocated across the health care system.*

*Subd. 2. [DEFINITION.] For purposes of this section, "health care research" means research that is not subsidized from private grants, donations, or other outside research sources but is funded by patient out-of-pocket expenses or a third party payer and has been approved by an institutional review board certified by the United States Department of Health and Human Services.*

*Subd. 3. [COST ALLOCATION FOR EDUCATION AND RESEARCH.] By January 1, 1994, the commissioner of health, in consultation with the health care commission and the health planning advisory committee, shall:*

*(1) develop mechanisms to gather data and to identify the annual cost of medical education and research conducted by hospitals, medical centers, or health maintenance organizations;*

*(2) determine a percentage of the annual rate of growth established under section 62J.04 to be allocated for the cost of education and research and develop a method to assess the percentage from each group purchaser;*

*(3) develop mechanisms to collect the assessment from group purchasers to be deposited in a separate education and research fund; and*

*(4) develop a method to allocate the education and research fund to specific health care providers.*

Sec. 6. Minnesota Statutes 1992, section 62J.09, is amended by adding a subdivision to read:

*Subd. 1a. [DUTIES RELATED TO COST CONTAINMENT.] (a) [ALLOCATION OF REGIONAL SPENDING LIMITS.] Regional coordinating boards may advise the commissioner regarding allocation of annual regional limits on the rate of growth for providers in the regulated all-payer system in order to:*

*(1) achieve community-wide and regional public health goals consistent with those established by the commissioner; and*

*(2) promote access to and equitable reimbursement of preventive and primary care providers.*

*(b) [TECHNICAL ASSISTANCE.] Regional coordinating boards, in cooperation with the commissioner, shall provide technical assistance to parties interested in establishing or operating an integrated service network within the region. This assistance must complement assistance provided by the commissioner under section 62N.23.*

Sec. 7. Minnesota Statutes 1992, section 62J.33, is amended to read:

62J.33 [TECHNICAL ASSISTANCE INFORMATION ON COST AND QUALITY FOR PURCHASERS.]

*Subdivision 1. [HEALTH CARE ANALYSIS UNIT.]* The health care analysis unit shall provide ~~technical assistance information to health plan and health care~~ assist group purchasers and consumers in making informed decisions regarding purchasing of health care services. The unit shall provide information allowing comparisons between integrated service networks and between health care services and systems: The unit shall collect information about:

(1) premiums, benefit levels, *patient or enrollee satisfaction*, managed care procedures, health care outcomes, and other features of ~~popular~~ integrated service networks, health plans, and health carriers; and

(2) prices, outcomes, provider experience, and other information for services less commonly covered by insurance or for which patients commonly face significant out-of-pocket expenses; and

(3) information on health care services not provided through integrated service networks, including information on prices, costs, expenditures, utilization, quality of care, and outcomes.

The commissioner shall publicize this information in an easily understandable format.

*Subd. 2. [INFORMATION CLEARINGHOUSE.]* The commissioner of health shall establish an information clearinghouse within the department of health to facilitate the ability of consumers, employers, providers, health carriers, and others to obtain information on health care costs and quality in Minnesota. The commissioner shall make available through the clearinghouse information developed or collected by the department of health on practice parameters, outcomes data and research, the costs and quality of integrated service networks, reports or recommendations of the health planning advisory committee and other entities on technology assessments, worksite wellness and prevention programs, other wellness programs, consumer education, and other initiatives. The clearinghouse shall, upon request, make available information submitted voluntarily by health plans, providers, employers, and others if the information clearly states that an entity other than the state submitted the information, identifies the entity, and states that distribution by the clearinghouse does not imply endorsement of the entity or the information by the commissioner of health or the state of Minnesota. The clearinghouse shall also refer requesters to sources of further information or assistance. The clearinghouse is subject to chapter 13.

Sec. 8. [62J.35] [DATA COLLECTION.]

*Subdivision 1. [CONTRACTING.]* The commissioner may contract with private organizations to carry out the data collection initiatives required by this chapter. The commissioner shall require in the contract that organizations under contract adhere to the data privacy requirements established under chapter 13 and this chapter.

*Subd. 2. [EMERGENCY RULES.]* The commissioner shall adopt emergency and permanent rules to implement the data collection and reporting requirements in this chapter. The commissioner may combine all data reporting and collection requirements into a unified process so as to minimize duplication and administrative costs.

**Sec. 9. [62J.37] [DATA FROM INTEGRATED SERVICE NETWORKS.]**

*The commissioner shall require integrated service networks operating under section 62N.06, subdivision 1, to submit data on health care spending and revenue for calendar year 1994 by February 15, 1995. Each February 15 thereafter, integrated service networks shall submit to the commissioner data on health care spending and revenue for the preceding calendar year. The data must be provided in the form specified by the commissioner. For purposes of this subdivision, "for a fee" includes traditional fee-for-service arrangements, capitation arrangements, and any other arrangement in which a provider receives compensation for providing health care services or has the authority to directly bill a group purchaser, health carrier, or individual for providing health care services. For purposes of this subdivision, "eligible for reimbursement under the medical assistance program" means that the provider's services would be reimbursed by the medical assistance program if the services were provided to medical assistance enrollees and the provider sought reimbursement, or that the services would be eligible for reimbursement under medical assistance except that those services are characterized as experimental, cosmetic, or voluntary.

Sec. 2. Minnesota Statutes 1992, section 62J.04, subdivision 5, is amended to read:

Subd. 5. [APPEALS.] A person or organization aggrieved may appeal a decision of the commissioner under sections 62J.17 and 62J.23 through a contested case proceeding governed under chapter 14. The appeal must be brought within 30 days of receiving notice of the commissioner's decision.

Sec. 3. Minnesota Statutes 1992, section 62J.04, subdivision 7, is amended to read:

Subd. 7. [PLAN FOR CONTROLLING GROWTH IN SPENDING.] (a) By January 15, 1993, the Minnesota health care commission shall submit to the legislature and the governor for approval a plan, with as much detail as possible, for slowing the growth in health care spending to the growth rate identified by the commission, beginning July 1, 1993. The goal of the plan shall be to reduce the growth rate of health care spending, adjusted for population changes, so that it declines by at least ten percent per year for each of the next five years. The commission shall use the rate of spending growth in 1991 as the base year for developing its plan. The plan may include tentative targets for reducing the growth in spending for consideration by the legislature.

(b) In developing the plan, the commission shall consider the advisability and feasibility of the following options, but is not obligated to incorporate them into the plan:

(1) data and methods that could be used to calculate regional and statewide spending limits and the various options for expressing spending limits, such as maximum percentage growth rates or actuarially adjusted average per capita rates that reflect the demographics of the state or a region of the state;

(2) methods of adjusting spending limits to account for patients who are not Minnesota residents, to reflect care provided to a person outside the person's region, and to adjust for demographic changes over time;

(3) methods that could be used to monitor compliance with the limits;

(4) criteria for exempting spending on research and experimentation on new technologies and medical practices when setting or enforcing spending limits;

(5) methods that could be used to help providers, purchasers, consumers, and communities control spending growth;

(6) methods of identifying activities of consumers, providers, or purchasers that contribute to excessive growth in spending;

(7) methods of encouraging voluntary activities that will help keep spending within the limits;

(8) methods of consulting providers and obtaining their assistance and cooperation and safeguards that are necessary to protect providers from abrupt changes in revenues or practice requirements;

(9) methods of avoiding, preventing, or recovering spending in excess of the rate of growth identified by the commission;

(10) methods of depriving those who benefit financially from overspending of the benefit of overspending, including the option of recovering the amount of the excess spending from the greater provider community or from individual providers or groups of providers through targeted assessments;

(11) methods of reallocating health care resources among provider groups to correct existing inequities, reward desirable provider activities, discourage undesirable activities, or improve the quality, affordability, and accessibility of health care services;

(12) methods of imposing mandatory requirements relating to the delivery of health care, such as practice parameters, hospital admission protocols, 24-hour emergency care screening systems, or designated specialty providers;

(13) methods of preventing unfair health care practices that give a provider or group purchaser an unfair advantage or financial benefit or that significantly circumvent, subvert, or obstruct the goals of this chapter;

(14) methods of providing incentives through special spending allowances or other means to encourage and reward special projects to improve outcomes or quality of care; and

(15) the advisability or feasibility of a system of permanent, regional coordinating boards to ensure community involvement in activities to improve affordability, accessibility, and quality of health care in each region.

The provider may submit any additional information that it deems relevant.

(c) [ADDITIONAL INFORMATION.] The commissioner may request additional information from a provider for the purpose of review of a report submitted by that provider, and may consider relevant information from other sources. A provider shall provide any information requested by the commissioner within the time period stated in the request, or within 30 days after the date of the request if the request does not state a time.

Sec. 9. Minnesota Statutes 1992, section 62J.17, is amended by adding a subdivision to read:

Subd. 5a. [RETROSPECTIVE REVIEW.] (a) The commissioner shall retrospectively review each major spending commitment and notify the provider of the results of the review. The commissioner shall determine whether the major spending commitment was appropriate. In making the determination, the commissioner may consider the following criteria: the major spending commitment's impact on the cost, access, and quality of health care; the clinical effectiveness and cost-effectiveness of the major spending commitment; and the alternatives available to the provider.

(b) The commissioner may not prevent or prohibit a major spending commitment subject to retrospective review. However, if the provider fails the retrospective review, any major spending commitments by that provider for the five-year period following the commissioner's decision are subject to prospective review under subdivision 6a.

Sec. 10. Minnesota Statutes 1992, section 62J.17, is amended by adding a subdivision to read:

Subd. 6a. [PROSPECTIVE REVIEW AND APPROVAL.] (a) [REQUIREMENT.] No health care provider subject to prospective review under this subdivision shall make a major spending commitment unless:

(1) the provider has filed an application with the commissioner to proceed with the major spending commitment and has provided all supporting documentation and evidence requested by the commissioner; and

(2) the commissioner determines, based upon this documentation and evidence, that the major spending commitment is appropriate under the

criteria provided in subdivision 5a in light of the alternatives available to the provider.

(b) [APPLICATION.] A provider subject to prospective review and approval shall submit an application to the commissioner before proceeding with any major spending commitment. The application must address each item listed in subdivision 4a, paragraph (a), and must also include documentation to support the response to each item. The provider may submit information, with supporting documentation, regarding why the major spending commitment should be excepted from prospective review under paragraph (d). The submission may be made either in addition to or instead of the submission of information relating to the items listed in subdivision 4a, paragraph (a).

(c) [REVIEW.] The commissioner shall determine, based upon the information submitted, whether the major spending commitment is appropriate under the criteria provided in subdivision 5a, or whether it should be excepted from prospective review under paragraph (d). In making this determination, the commissioner may also consider relevant information from other sources. At the request of the commissioner, the Minnesota health care commission shall convene an expert review panel made up of persons with knowledge and expertise regarding medical equipment, specialized services, health care expenditures, and capital expenditures to review applications and make recommendations to the commissioner. The commissioner shall make a decision on the application within 60 days after an application is received.

(d) [EXCEPTIONS.] The prospective review and approval process does not apply to:

(1) a major spending commitment to replace existing equipment with comparable equipment, if the old equipment will no longer be used in the state;

(2) a major spending commitment made by a research and teaching institution for purposes of conducting medical education, medical research supported or sponsored by a medical school or by a federal or foundation grant, or clinical trials;

*Subd. 4. [INTEGRATED SERVICE NETWORKS.] (a) The legislature finds that the formation and operation of integrated service networks will accomplish the purpose of the federal Medicare antikickback statute, which is to reduce the overutilization and overcharging that may result from inappropriate provider incentives. Accordingly, it is the public policy of the state of Minnesota to support the development of integrated service networks. The legislature finds that the federal Medicare antikickback laws should not be interpreted to interfere with the development of integrated service networks or to impose liability for arrangements between an integrated service network and its participating entities.*

*(b) An arrangement between an integrated service network and any or all of its participating entities is not subject to liability under subdivisions 1 and 2.*

**Sec. 12. [62J.2911] [ANTITRUST EXCEPTIONS; PURPOSE.]**

*The legislature finds that the goals of controlling health care costs and improving the quality of and access to health care services will be significantly enhanced by cooperative arrangements involving providers or purchasers that might be prohibited by state and federal antitrust laws if undertaken without governmental involvement. The purpose of sections 62J.2911 to 62J.2921 is to create an opportunity for the state to review proposed arrangements and to substitute regulation for competition when an arrangement is likely to result in lower costs, or greater access or quality, than would otherwise occur in the marketplace. The legislature intends that approval of arrangements be accompanied by appropriate conditions, supervision, and regulation to protect against private abuses of economic power, and that an arrangement approved, supervised, and regulated by the commissioner shall not be subject to state and federal antitrust liability.*

**Sec. 13. [62J.2912] [DEFINITIONS.]**

*Subdivision 1. [SCOPE.] For purposes of sections 62J.2911 to 62J.2921, the terms defined in this section have the meanings given them.*

*Subd. 7. [CRITERIA.] "Criteria" means the cost, access, and quality of health care.*

Subd. 3. [APPLICATION CANNOT BE USED TO IMPOSE LIABILITY.] The commissioner may ask the attorney general to comment on an application. The application and any information obtained by the commissioner under sections 62J.2914 to 62J.2916 that is not otherwise available is not admissible in any civil or criminal proceeding brought by the attorney general or any other person based on an antitrust claim, except (1) a proceeding brought under section 62J.2921, subdivision 5, based on an applicant's failure to substantially comply with the terms of the application; or (2) a proceeding based on actions taken by the applicant prior to submitting the application, where such actions are admitted to in the application.

The order must state the date, time, and location of the limited hearing, and must identify specific issues to be addressed at the limited hearing. The issues may include the feasibility and desirability of one or more alternatives to the proposed arrangement. The order must require the applicant to submit written evidence, in the form of affidavits and supporting documents, addressing the issues identified, within 20 days after the date of the order. The order shall also state that any person may arrange to receive a copy of the written evidence from the commissioner, at the person's expense, and may provide written comments on the evidence within 40 days after the date of the order. A person providing written comments shall provide a copy of the comments to the applicant.*

*(2) The limited hearing must be held before the commissioner or department of health staff member designated by the commissioner. The commissioner or the commissioner's designee shall question the applicant about the evidence submitted by the applicant. The questions may address relevant issues identified in the comments submitted in response to the written evidence, or*

identified by department of health staff or brought to light by department of health data. At the conclusion of the applicant's responses to the questions, any person who submitted comments about the applicant's written evidence may make a statement addressing the applicant's responses to the questions. The commissioner or the commissioner's designee may ask questions of any person making a statement. At the conclusion of all statements, the applicant may make a closing statement.

(3) The commissioner's decision after a limited hearing must be based upon the application, the comments, the applicant's response to the comments, the applicant's written evidence, the comments in response to the written evidence, and the information presented at the limited hearing, to the extent each is relevant. In making the decision, the commissioner may consult with staff of the department of health and may rely on department of health data.

(c) [CONTESTED CASE HEARING.] The commissioner may order a contested case hearing. A contested case hearing shall be tried before an administrative law judge who shall issue a written recommendation to the commissioner, and shall follow the procedures in sections 14.57 to 14.62. All factual issues relevant to a decision must be presented in the contested case. The attorney general may appear as a party. Additional parties may appear to the extent permitted under sections 14.57 to 14.62. The record in the contested case includes the application, the comments, the applicant's response to the comments, and any other evidence that is part of the record under sections 14.57 to 14.62.

#### Sec. 18. [62J.2917] [CRITERIA FOR DECISION.]

Subdivision 1. [CRITERIA.] The commissioner shall not approve an application unless the commissioner determines that the arrangement is more likely to result in lower costs, increased access, or increased quality of health care, than would otherwise occur under existing market conditions or conditions likely to develop without an exemption from state and federal antitrust law. In the event that a proposed arrangement appears likely to improve one or two of the criteria at the expense of another one or two of the criteria, the commissioner shall not approve the application unless the commissioner determines that the proposed arrangement, taken as a whole, is likely to substantially further the purpose of this chapter. In making such a determination, the commissioner may employ a cost/benefit analysis.

Subd. 2. [FACTORS.] (a) [GENERALLY APPLICABLE FACTORS.] In making a determination about cost, access, and quality, the commissioner may consider the following factors, to the extent relevant:

(1) whether the proposal is compatible with the cost containment plan or other plan of the Minnesota health care commission or the applicable regional plans of the regional coordinating boards;

(2) market structure:

(i) actual and potential sellers and buyers, or providers and purchasers;

(ii) actual and potential consumers;

(iii) geographic market area; and

(iv) entry conditions;

(3) current market conditions;

- (4) *the historical behavior of the market;*
- (5) *performance of other, similar arrangements;*
- (6) *whether the proposal unnecessarily restrains competition, or restrains competition in ways not reasonably related to the purposes of this chapter; and*

(7) *the financial condition of the applicant.*

(b) [COST.] *The commissioner's analysis of cost must focus on the individual consumer of health care. Cost savings to be realized by providers, health carriers, group purchasers, or other participants in the health care system are relevant only to the extent that the savings are likely to be passed on to the consumer. However, where an application is submitted by providers or purchasers who are paid primarily by third party payors unaffiliated with the applicant, it is sufficient for the applicant to show that cost savings are likely to be passed on to the unaffiliated third party payors; the applicants do not have the burden of proving that third party payors with whom the applicants are not affiliated will pass on cost savings to individuals receiving coverage through the third party payors. In making determinations as to costs, the commissioner may consider:*

- (1) *the cost savings likely to result to the applicant;*
- (2) *the extent to which the cost savings are likely to be passed on to the consumer and in what form;*
- (3) *the extent to which the proposed arrangement is likely to result in cost shifting by the applicant onto other payors or purchasers of other products or services;*
- (4) *the extent to which the cost shifting by the applicant is likely to be followed by other persons in the market;*
- (5) *the current and anticipated supply and demand for any products or services at issue;*
- (6) *the representations and guarantees of the applicant, and their enforceability;*
- (7) *likely effectiveness of regulation by the commissioner;*
- (8) *inferences to be drawn from market structure;*
- (9) *the cost of regulation, both for the state and for the applicant; and*
- (10) *any other factors tending to show that the proposed arrangement is or is not likely to reduce cost.*

(c) [ACCESS.] *In making determinations as to access, the commissioner may consider:*

(1) *the extent to which the utilization of needed health care services or products by the intended targeted population is likely to increase or decrease. When a proposed arrangement is likely to increase access in one geographic area, by lowering prices or otherwise expanding supply, but limits access in another geographic area by removing service capabilities from that second area, the commissioner shall articulate the criteria employed to balance these effects;*

(2) the extent to which the proposed arrangement is likely to make available a new and needed service or product to a certain geographic area; and

(3) the extent to which the proposed arrangement is likely to otherwise make health care services or products more financially or geographically available to persons who need them.

If the commissioner determines that the proposed arrangement is likely to increase access and bases that determination on a projected increase in utilization, the commissioner shall also determine and make a specific finding that the increased access is not due to overutilization of the product or service for which access is expanded.

(d) [QUALITY.] In making determinations as to quality, the commissioner may consider the extent to which the proposed arrangement is likely to:

(1) decrease morbidity and mortality;

(2) result in faster convalescence;

(3) result in fewer hospital days;

(4) permit providers to attain needed experience or frequency of treatment, likely to lead to better outcomes;

(5) increase patient satisfaction; and

(6) have any other features likely to improve or reduce the quality of health care.

#### Sec. 19. [62J.2918] [DECISION.]

Subdivision 1. [APPROVAL OR DISAPPROVAL.] The commissioner shall issue a written decision approving or disapproving the application. The commissioner may condition approval on a modification of all or part of the proposed arrangement to eliminate any restriction on competition that is not reasonably related to the goals of reducing cost or improving access or quality. The commissioner may also establish conditions for approval that are reasonably necessary to protect against abuses of private economic power and to ensure that the arrangement is appropriately supervised and regulated by the state.

Subd. 2. [FINDINGS OF FACT.] The commissioner's decision shall make specific findings of fact concerning the cost, access, and quality criteria, and identify one or more of those criteria as the basis for the decision.

Subd. 3. [DATA FOR SUPERVISION.] A decision approving an application must require the periodic submission of specific data relating to cost, access, and quality, and to the extent feasible, identify objective standards of cost, access, and quality by which the success of the arrangement will be measured. However, if the commissioner determines that the scope of a particular proposed arrangement is such that the arrangement is certain to have neither a positive or negative impact on one or two of the criteria, the commissioner's decision need not require the submission of data or establish an objective standard relating to those criteria.

#### Sec. 20. [62J.2919] [APPEAL.]

After the commissioner has rendered a decision, the applicant or any other person aggrieved may appeal the decision to the Minnesota court of appeals

within 30 days after receipt of the commissioner's decision. The appeal is governed by sections 14.63 to 14.69. The appellate process does not include a contested case under sections 14.57 to 14.62. The commissioner's determination, under section 62J.2916, subdivision 1, of which procedure to use may not be raised as an issue on appeal.

Sec. 21. [62J.2920] [SUPERVISION AFTER APPROVAL.]

*Subdivision 1. [ACTIVE SUPERVISION.] The commissioner shall actively supervise, monitor, and regulate approved arrangements.*

*Subd. 2. [PROCEDURES.] The commissioner shall review data submitted periodically by the applicant. The commissioner's order shall set forth the time schedule for the submission of data, which shall be at least once a year. The commissioner's order must identify the data that must be submitted, although the commissioner may subsequently require the submission of additional data or alter the time schedule. Upon review of the data submitted, the commissioner shall notify the applicant of whether the arrangement is in compliance with the commissioner's order. If the arrangement is not in compliance with the commissioner's order, the commissioner shall identify those respects in which the arrangement does not conform to the commissioner's order.*

*An applicant receiving notification that an arrangement is not in compliance has 30 days in which to respond with additional data. The response may include a proposal and a time schedule by which the applicant will bring the arrangement into compliance with the commissioner's order. If the arrangement is not in compliance and the commissioner and the applicant cannot agree to the terms of bringing the arrangement into compliance, the matter shall be set for a contested case hearing.*

*The commissioner shall publish notice in the State Register two years after the date of an order approving an application, and at two-year intervals thereafter, soliciting comments from the public concerning the impact that the arrangement has had on cost, access, and quality. The commissioner may request additional oral or written information from the applicant or from any other source.*

*Subd. 3. [STUDY.] The commissioner shall study and make recommendations by January 15, 1995, on the appropriate length and scope of supervision of arrangements approved for exemption from the antitrust laws.*

Sec. 22. [62J.2921] [REVOCATION.]

*Subdivision 1. [CONDITIONS.] The commissioner may revoke approval of a cooperative arrangement only if:*

*(1) the arrangement is not in substantial compliance with the terms of the application;*

*(2) the arrangement is not in substantial compliance with the conditions of approval;*

*(3) the arrangement has not and is not likely to substantially achieve the improvements in cost, access, or quality identified in the approval order as the basis for the commissioner's approval of the arrangement; or*

*(4) the conditions in the marketplace have changed to such an extent that competition would promote reductions in cost and improvements in access and*

quality better than does the arrangement at issue. In order to revoke on the basis that conditions in the marketplace have changed, the commissioner's order must identify specific changes in the marketplace and articulate why those changes warrant revocation.

*Subd. 2. [NOTICE.] The commissioner shall begin a proceeding to revoke approval by providing written notice to the applicant describing in detail the basis for the proposed revocation. Notice of the proceeding must be published in the State Register and submitted to the Minnesota health care commission and the applicable regional coordinating boards. The notice must invite the submission of comments to the commissioner.*

*Subd. 3. [PROCEDURE.] A proceeding to revoke an approval must be conducted as a contested case proceeding upon the written request of the applicant. Decisions of the commissioner in a proceeding to revoke approval are subject to judicial review under sections 14.63 to 14.69.*

*Subd. 4. [ALTERNATIVES TO REVOCATION PREFERRED.] In deciding whether to revoke an approval, the commissioner shall take into account the hardship that the revocation may impose on the applicant, and any potential disruption of the market as a whole. The commissioner shall not revoke an approval if the arrangement can be modified, restructured, or regulated so as to remedy the problem upon which the revocation proceeding is based. The applicant may submit proposals for alternatives to revocation. Before approving an alternative to revocation that involves modifying or restructuring an arrangement, the commissioner shall publish notice in the State Register that any person may comment on the proposed modification or restructuring within 20 days after publication of the notice. The commissioner shall not approve the modification or restructuring until the comment period has concluded. An approved, modified, or restructured arrangement is subject to appropriate supervision under section 62J.2920.*

*Subd. 5. [IMPACT OF REVOCATION.] An applicant that has had its approval revoked is not required to terminate the arrangement. The applicant cannot be held liable under state or federal antitrust law for acts that occurred while the approval was in effect, except to the extent that the applicant failed to substantially comply with the terms of its application or failed to substantially comply with the terms of the approval. The applicant is fully subject to state and federal antitrust law after the revocation becomes effective, and may be held liable for acts that occur after the revocation.*

#### Sec. 23. [REPEALER.]

*Minnesota Statutes 1992, sections 62J.17, subdivisions 4, 5, and 6; and 62J.29, are repealed.*

#### Sec. 24. [EFFECTIVE DATE.]

*Sections 1 to 23 are effective the day following final enactment. Sections 7 to 10 apply retroactively to any major spending commitment entered into after April 1, 1992, except that the requirements of section 62J.17, subdivision 4a, paragraph (a), that a report be submitted within 60 days after a major spending commitment and that a report include the items specifically listed are not retroactive.*

## ARTICLE 8

### SMALL EMPLOYER INSURANCE REFORM

Section 1. Minnesota Statutes 1992, section 62L.02, subdivision 26, is amended to read:

Subd. 26. [SMALL EMPLOYER.] "Small employer" means a person, firm, corporation, partnership, association, or other entity actively engaged in business who, on at least 50 percent of its working days during the preceding calendar year, employed no fewer than two nor more than 29 eligible employees, the majority of whom were employed in this state. If a small employer has only two eligible employees, one employee must not be the spouse, child, sibling, parent, or grandparent of the other, except that a small employer plan may be offered through a domiciled association to self-employed individuals and small employers who are members of the association, even if the self-employed individual or small employer has fewer than two employees or the employees are family members. Entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer for purposes of determining the number of eligible employees. Small employer status must be determined on an annual basis as of the renewal date of the health benefit plan. The provisions of this chapter continue to apply to an employer who no longer meets the requirements of this definition until the annual renewal date of the employer's health benefit plan. Where an association, described in section 62A.10, subdivision 1, comprised of employers contracts with a health carrier to provide coverage to its members who are small employers, the association may elect to be considered to be a small employer, even though the association provides coverage to more than 29 employees of its members, so long as each employer that is provided coverage through the association qualifies as a small employer. An association's election to be considered a small employer under this section is not effective unless filed with the commissioner of commerce and unless the association notifies a health carrier of the election before purchasing coverage from the carrier. The association may revoke its election at any time by filing notice of revocation with the commissioner. *If an employer has employees covered under a trust established in a collective bargaining agreement under the federal Labor-Management Relations Act of 1947, United States Code, title 29, section 141, et seq., as amended, those employees are excluded in determining whether the employer qualifies as a small employer.*

Sec. 2. Minnesota Statutes 1992, section 62L.02, subdivision 27, is amended to read:

Subd. 27. [SMALL EMPLOYER MARKET.] (a) "Small employer market" means the market for health benefit plans for small employers.

(b) A health carrier is considered to be participating in the small employer market if the carrier offers, sells, issues, or renews a health benefit plan to: (1) any small employer; or (2) the eligible employees of a small employer offering a health benefit plan if, with the knowledge of the health carrier, ~~both~~ *either* of the following conditions ~~are~~ *is* met:

(i) any portion of the premium or benefits is paid for or reimbursed by a small employer; ~~and or~~

(ii) the health benefit plan is treated by the employer or any of the eligible employees or dependents as part of a plan or program for the purposes of the Internal Revenue Code, section 106, 125, or 162.

Sec. 3. Minnesota Statutes 1992, section 62L.03, subdivision 3, is amended to read:

Subd. 3. [MINIMUM PARTICIPATION.] (a) A small employer that has at least 75 percent of its eligible employees who have not waived coverage participating in a health benefit plan must be guaranteed coverage from any health carrier participating in the small employer market. The participation level of eligible employees must be determined at the initial offering of coverage and at the renewal date of coverage. A health carrier may not increase the participation requirements applicable to a small employer at any time after the small employer has been accepted for coverage. For the purposes of this subdivision, waiver of coverage includes only waivers due to coverage under another group health plan. *If a small employer does not satisfy the 75 percent participation requirement, a health carrier may decline to issue or renew coverage. If a health carrier voluntarily issues or renews a health benefit plan in that situation, the health benefit plan must fully comply with this chapter.*

(b) A health carrier may require that small employers contribute a specified minimum percentage toward the cost of the coverage of eligible employees, so long as the requirement is uniformly applied for all small employers *and for all types of health benefit plans, except for the small employer plans. If a small employer does not satisfy a health carrier's contribution requirement under this paragraph, the health carrier shall not issue or renew a health benefit plan to the small employer and shall not issue or renew individual coverage to the small employer's employees or their dependents, except as permitted under section 62L.12, subdivision 2.*

(c) For the small employer plans, a health carrier ~~must~~ *shall* require that small employers contribute at least 50 percent of the cost of the coverage of eligible employees. The health carrier ~~must~~ *shall* impose this *small employer plan contribution* requirement on a uniform basis for both small employer plans and for all small employers seeking to purchase a small employer plan. *If a small employer does not satisfy the contribution requirement under this paragraph, a health carrier shall not issue or renew a small employer plan to the small employer and shall not issue or renew individual coverage to the small employer's employees or their dependents, except as permitted under section 62L.12, subdivision 2.*

(e) (d) Nothing in this section obligates a health carrier to issue coverage to a small employer that currently offers coverage through a health benefit plan from another health carrier, unless the new coverage will replace the existing coverage and not serve as one of two or more health benefit plans offered by the employer.

Sec. 4. Minnesota Statutes 1992, section 62L.03, subdivision 4, is amended to read:

Subd. 4. [UNDERWRITING RESTRICTIONS.] Health carriers may apply underwriting restrictions to coverage for health benefit plans for small employers, including any preexisting condition limitations, only as expressly permitted under this chapter. *For purposes of this subdivision, "underwriting restrictions" means any refusal of the health carrier to issue or renew coverage, any premium rate higher than the lowest rate charged by the health carrier for the same coverage, or any preexisting condition limitation or exclusion.* Health carriers may collect information relating to the case characteristics and demographic composition of small employers, as well as health status and health history information about employees of small employers. Except as otherwise authorized for late entrants, preexisting

conditions may be excluded by a health carrier for a period not to exceed 12 months from the effective date of coverage of an eligible employee or dependent. When calculating a preexisting condition limitation, a health carrier shall credit the time period an eligible employee or dependent was previously covered by qualifying prior coverage, provided that the individual maintains continuous coverage. Late entrants may be subject to a preexisting condition limitation not to exceed 18 months from the effective date of coverage of the late entrant. Late entrants may also be excluded from coverage for a period not to exceed 18 months, provided that if a health carrier imposes an exclusion from coverage and a preexisting condition limitation, the combined time period for both the coverage exclusion and preexisting condition limitation must not exceed 18 months. *A health carrier shall, at the time of first issuance or renewal of a health benefit plan on or after July 1, 1993, credit against any preexisting condition limitation or exclusion permitted under this section, the time period prior to July 1, 1993, during which an eligible employee or dependent was covered by qualifying existing coverage or qualifying prior coverage, if the person has maintained continuous coverage.*

Sec. 5. Minnesota Statutes 1992, section 62L.04, subdivision 1, is amended to read:

Subdivision 1. [APPLICABILITY OF CHAPTER REQUIREMENTS.] Beginning July 1, 1993, health carriers participating in the small employer market must offer and make available any health benefit plan that they offer, including both of the small employer plans provided in section 62L.05, to all small employers who satisfy the small employer participation *and contribution* requirements specified in this chapter. Compliance with these requirements is required as of the first renewal date of any small employer group occurring after July 1, 1993. For new small employer business, compliance is required as of the first date of offering occurring after July 1, 1993.

Compliance with these requirements is required as of the first renewal date occurring after July 1, 1994, with respect to employees of a small employer who had been issued individual coverage prior to July 1, 1993, administered by the health carrier on a group basis. Notwithstanding any other law to the contrary, the health carrier shall terminate any individual coverage for employees of small employers who satisfy the small employer participation requirements specified in section 62L.03 and offer to replace it with a health benefit plan. If the employer elects not to purchase a health benefit plan, the health carrier must offer all covered employees and dependents the option of maintaining their current coverage, administered on an individual basis, or replacement individual coverage. Small employer and replacement individual coverage provided under this subdivision must be without application of underwriting restrictions, provided continuous coverage is maintained.

Sec. 6. Minnesota Statutes 1992, section 62L.05, subdivision 4, is amended to read:

Subd. 4. [BENEFITS.] The medical services and supplies listed in this subdivision are the benefits that must be covered by the small employer plans described in subdivisions 2 and 3:

(1) inpatient and outpatient hospital services, excluding services provided for the diagnosis, care, or treatment of chemical dependency or a mental illness or condition, other than those conditions specified in clauses (10), (11), and (12);

(2) physician and nurse practitioner services for the diagnosis or treatment of illnesses, injuries, or conditions;

(3) diagnostic X-rays and laboratory tests;

(4) ground transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition, or as otherwise required by the health carrier;

(5) services of a home health agency if the services qualify as reimbursable services under Medicare and are directed by a physician or qualify as reimbursable under the health carrier's most commonly sold health plan for insured group coverage;

(6) services of a private duty registered nurse if medically necessary, as determined by the health carrier;

(7) the rental or purchase, as appropriate, of durable medical equipment, other than eyeglasses and hearing aids;

(8) child health supervision services up to age 18, as defined in section 62A.047;

(9) maternity and prenatal care services, as defined in sections 62A.041 and 62A.047;

(10) inpatient hospital and outpatient services for the diagnosis and treatment of certain mental illnesses or conditions, as defined by the International Classification of Diseases-Clinical Modification (ICD-9-CM), seventh edition (1990) and as classified as ICD-9 codes 295 to 299;

(11) ten hours per year of outpatient mental health diagnosis or treatment for illnesses or conditions not described in clause (10);

(12) 60 hours per year of outpatient treatment of chemical dependency; and

(13) 50 percent of eligible charges for prescription drugs, up to a separate annual maximum out-of-pocket expense of \$1,000 per individual for prescription drugs, and 100 percent of eligible charges thereafter.

Sec. 7. Minnesota Statutes 1992, section 62L.05, subdivision 6, is amended to read:

Subd. 6. [CHOICE PRODUCTS EXCEPTION.] Nothing in subdivision 1 prohibits a health carrier from offering a small employer plan which provides for different benefit coverages based on whether the benefit is provided through a primary network of providers or through a secondary network of providers so long as the benefits provided in the primary network equal the benefit requirements of the small employer plan as described in this section. For purposes of products issued under this subdivision, out-of-pocket costs in the secondary network may exceed the out-of-pocket limits described in subdivision 1. *A secondary network must not be used to provide "benefits in addition" as defined in subdivision 5, except in compliance with that subdivision.*

Sec. 8. Minnesota Statutes 1992, section 62L.09, subdivision 1, is amended to read:

Subdivision 1. [NOTICE TO COMMISSIONER.] A health carrier electing to cease doing business in the small employer market shall notify the

commissioner 180 days prior to the effective date of the cessation. The cessation of business does not include the failure of a health carrier to offer or issue new business in the small employer market or continue an existing product line, provided that a health carrier does not terminate, cancel, or fail to renew its current small employer business or other product lines. The health carrier shall simultaneously provide a copy of the notice to each small employer covered by a health benefit plan issued by the health carrier.

*Upon making the notification, the health carrier shall not offer or issue new business in the small employer market. The health carrier shall renew its current small employer business due for renewal within 120 days after the date of the notification, but shall not renew any small employer business more than 120 days after the date of the notification.*

*A health carrier that elects to cease doing business in the small employer market shall continue to be governed by this chapter with respect to any continuing small employer business conducted by the health carrier.*

Sec. 9. [REPEALER.]

*Minnesota Statutes 1992, section 62L.09, subdivision 2, is repealed.*

Sec. 10. [EFFECTIVE DATE.]

*Sections 1 to 9 are effective July 1, 1993.*

## ARTICLE 9

### INDIVIDUAL MARKET REFORM; MISCELLANEOUS

Section 1. Minnesota Statutes 1992, section 62A.021, subdivision 1, is amended to read:

Subdivision 1. [LOSS RATIO STANDARDS.] Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, a health care policy form or certificate form shall not be delivered or issued for delivery to an individual or to a small employer as defined in section 62L.02, unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to Minnesota policyholders and certificate holders in the form of aggregate benefits not including anticipated refunds or credits, provided under the policy form or certificate form, (1) at least 75 percent of the aggregate amount of premiums earned in the case of policies issued in the small employer market, as defined in section 62L.02, subdivision 27; and (2) at least 65 percent of the aggregate amount of premiums earned in the case of policies issued in the individual market, calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. A health carrier shall demonstrate that the third-year loss ratio is greater than or equal to the applicable percentage. Assessments by the reinsurance association created in chapter 62L and any types of taxes, surcharges, or assessments created by Laws 1992, chapter 549, or created on or after April 23, 1992, are included in the calculation of incurred claims experience or incurred health care expenses. The applicable percentage for policy forms and certificate forms issued in the small employer market, as defined in section 62L.02, increases by one percentage point on July January 1 of each year beginning on January 1, 1995, until an 80 percent loss ratio is reached on July January 1, 1998

1999. The applicable percentage for policy forms and certificate forms issued in the individual market increases by one percentage point on July January 1 of each year, until a 70 percent loss ratio is reached on July January 1, 1998 1999. A health carrier that enters a market after July 1, 1993, does not start at the beginning of the phase-in schedule and must instead comply with the loss ratio requirements applicable to other health carriers in that market for each time period. Premiums earned and claims incurred in markets other than the small employer and individual markets are not relevant for purposes of this section.

Notwithstanding section 645.26, any act enacted at the 1992 regular legislative session that amends or repeals section 62A.135 or that otherwise changes the loss ratios provided in that section is void.

All filings of rates and rating schedules shall demonstrate that actual expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards, and aggregate loss ratio from inception of the policy form or certificate form shall equal or exceed the appropriate loss ratio standards.

A health carrier that issues health care policies and certificates to individuals or to small employers, as defined in section 62L.02, in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy form or certificate form duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policy forms or certificate forms in force less than three years. If the data submitted does not confirm that the health carrier has satisfied the loss ratio requirements of this section, the commissioner shall notify the health carrier in writing of the deficiency. The health carrier shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the health carrier fails to file amended rates within the prescribed time, the commissioner shall order that the health carrier's filed rates for the nonconforming policy form or certificate form be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The health carrier's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the health carrier from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data available to the public at a cost not to exceed the cost of copying. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

Each sale of a policy or certificate that does not comply with the loss ratio requirements of this section is an unfair or deceptive act or practice in the business of insurance and is subject to the penalties in sections 72A.17 to 72A.32.

For purposes of this section, health care policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

For purposes of this section, (1) "health care policy" or "health care certificate" is a health plan as defined in section 62A.011; and (2) "health carrier" has the meaning given in section 62A.011 and includes all health carriers delivering or issuing for delivery health care policies or certificates in this state or offering these policies or certificates to residents of this state.

*The first period for which the loss ratio required by this section must be calculated is the 18-month period beginning July 1, 1993. Beginning January 1, 1995, the loss ratio must be calculated on a calendar year basis.*

Sec. 2. Minnesota Statutes 1992, section 62A.65, is amended to read:

62A.65 [INDIVIDUAL MARKET REGULATION.]

Subdivision 1. [PERFORMANCE OF RESPONSE ACTIONS DOES NOT ASSOCIATE PERSONS WITH RELEASE.] Persons specified in subdivision 6 do not associate themselves with, *or aggravate or contribute to*, any release or threatened release identified in an approved voluntary response action plan for the purpose of *subdivision 7, clause (1), or section 115B.03, subdivision 3, paragraph (d)*, as a result of performance of the response actions required in accordance with the plan and the direction of the commissioner. This subdivision does not apply to a person specified in subdivision 7. Nothing in this section relieves a person of any liability for failure to exercise due care in performing a response action.

Sec. 2. Minnesota Statutes 1992, section 115B.175, is amended by adding a subdivision to read:

*Subd. 6a. [VOLUNTARY RESPONSE ACTIONS BY RESPONSIBLE PERSONS.] (a) Notwithstanding subdivision 1, paragraph (a), when a person who is responsible for a release or threatened release under sections 115B.01 to 115B.18 undertakes and completes response actions, the protection from liability provided by this section applies to persons described in paragraph (c) if the response actions are undertaken and completed in accordance with this subdivision.*

*(b) The response actions must be undertaken and completed in accordance with a voluntary response action plan approved as provided in subdivision 3. Notwithstanding subdivision 2, a voluntary response action plan submitted by a person who is responsible for the release or threatened release must require remedy or removal of all releases and threatened releases at the identified area of real property. The identified area of real property must correspond to the boundaries of a parcel that is either separately platted or is the entire parcel.*

*(c) Subject to the provisions of subdivision 7, when the commissioner issues a certificate of completion under subdivision 5 for response actions completed at an identified area of real property in accordance with this subdivision, the liability protection under this section applies to:*

*(1) a person who acquires the identified real property after approval of the voluntary response action plan;*

Sec. 3. Minnesota Statutes 1992, section 115B.175, subdivision 7, is amended to read:

(2) a person who was responsible under sections 115B.01 to 115B.18 for a release or threatened release identified in the approved voluntary response action plan before taking an action that would have made the person subject to the protection under subdivision 6 or 6a; or

(3) a person who obtains approval of a voluntary response action plan for purposes of this section by fraud or misrepresentation, or by knowingly failing to disclose material information, or who knows that approval was so obtained before taking an action that would have made the person subject to the protection under subdivision 6 or 6a.

*Subdivision 1. [COMMISSIONER'S NO-ASSOCIATION DETERMINATION.] A "no-association determination" is a determination by the commissioner on a case-by-case basis defining circumstances when conduct would not associate a person with a release of a hazardous substance or pollutant or contaminant under section 115B.03, subdivision 3, clause (d). A person taking actions consistent with a specific no-association determination is not liable as a responsible person under sections 115B.01 to 115B.18. The commissioner may subject a no-association determination to reasonable or necessary further conditions. A no-association determination may not be issued for conduct that the commissioner finds would:*

- (1) interfere with implementation of a remedy or remedial action;*
- (2) result in an action that would significantly contribute to the release or threat of release of a hazardous substance or pollutant or contaminant; or*
- (3) pose health risks for persons in the vicinity of the real property or facility.*

*Subd. 2. [PURPOSE.] Sections 62N.01 to 62N.22 allow the creation of integrated service networks that will be responsible for arranging for or delivering a full array of health care services, from routine primary and preventive care through acute inpatient hospital care, to a defined population for a fixed price from a purchaser.*

*Each integrated service network is accountable to keep its total revenues within the limit of growth set by the commissioner of health under section 62N.05, subdivision 2, clause (1). Integrated service networks can be formed by health care providers, health maintenance organizations, insurance companies, employers, or other organizations. Competition between integrated service networks on the quality and price of health care services is encouraged.*

- (3) requirements for availability and comprehensiveness of services;*

(4) limitations on additional health care services beyond those included in the standard set of benefits;

(5) requirements regarding the defined population to be served by an integrated service network;

(6) requirements for open enrollment;

(7) provisions for incentives for networks to accept as enrollees individuals who have high risks for needing health care services and individuals and groups with special needs;

(8) prohibitions against disenrolling individuals or groups with high risks or special needs;

(9) requirements that an integrated service network provide to its enrollees information on coverage, including any limitations on coverage, deductibles and copayments, optional services available and the price or prices of those services, any restrictions on emergency services and services provided outside of the network's service area, any responsibilities enrollees have, and describing how an enrollee can use the network's enrollee complaint resolution system;

(10) requirements for financial solvency and stability;

(11) a deposit requirement;

(12) financial reporting and examination requirements;

(13) limits on copayments and deductibles;

(14) mechanisms to prevent and remedy unfair competition;

(15) provisions to reduce or eliminate undesirable barriers to the formation of new integrated service networks;

(16) requirements for maintenance and reporting of information on costs, prices, revenues, volume of services, and outcomes and quality of services;

(17) a provision allowing an integrated service network to set credentialing standards for practitioners employed by or under contract with the network;

(18) a requirement that an integrated service network employ or contract with practitioners and other health care providers, and minimum requirements for those contracts if the commissioner deems requirements to be necessary to ensure that each network will be able to control expenditures and revenues or to protect enrollees and potential enrollees;

(19) provisions regarding liability for medical malpractice;

(20) a method or methods to facilitate and encourage the appropriate provision of services by midlevel practitioners;

(21) provisions regarding permissible and impermissible underwriting criteria applicable to the standard set of benefits;

(22) a method or methods to assure that all integrated service networks are subject to the same regulatory requirements. All health carriers, including health maintenance organizations, insurers, and nonprofit health service plan corporations shall be regulated under the same rules, to the extent that the

health carrier is operating an integrated service network or is a participating entity in an integrated service network;

(23) provisions for appropriate risk adjusters or other methods to prevent or compensate for adverse selection of enrollees into or out of an integrated service network; and

(24) other provisions that the commissioner, in consultation with the Minnesota health care commission, considers reasonable.

*Subd. 3. [CRITERIA FOR RULEMAKING.] (a) [APPLICABILITY.] The commissioner shall adopt rules governing integrated service networks based on the criteria and objectives specified in this subdivision.*

*(b) [COMPETITION.] The rules must encourage and facilitate competition through the collection and distribution of reliable information on the cost, prices, and quality of each integrated service network in a manner that allows comparisons between networks.*

*(c) [FLEXIBILITY.] The rules must allow significant flexibility in the structure and organization of integrated service networks. The rules must allow and facilitate the formation of networks by providers, employers, and other organizations, in addition to health plans and health maintenance organizations.*

*(d) [EXPANDING ACCESS AND COVERAGE.] The rules must be designed to expand access to health care services and coverage for all Minnesotans, including individuals and groups who have preexisting health conditions, who represent a higher risk of requiring treatment, who require translation or other special services to facilitate treatment, who face social or cultural barriers to obtaining health care, or who for other reasons face barriers to access to health care and coverage. Enrollment standards must ensure that high risk and special needs populations will be included and growth limits and payment systems must be designed to provide incentives for networks to enroll even the most challenging and costly groups and populations. The rules must be consistent with the principles of health insurance reform that are reflected in Laws 1992, chapter 549.*

*(e) [ABILITY TO BEAR FINANCIAL RISK.] The rules must allow a variety of options for integrated service networks to demonstrate their ability to bear the financial risk of serving their enrollees, to facilitate diversity and innovation and the entry into the market of new networks.*

*(f) [PARTICIPATION OF PROVIDERS.] The rules must not require providers to participate in an integrated service network and must allow providers to participate in more than one network and to serve both patients who are covered by an integrated service network and patients who are not. The rules must allow significant flexibility for an integrated service network and providers to define and negotiate the terms and conditions of provider participation. The rules must encourage and facilitate the participation of midlevel practitioners and allied health care practitioners and eliminate inappropriate barriers to their participation.*

*(g) [RURAL COMMUNITIES.] The rules must permit a variety of forms of integrated service networks to be developed in rural areas in response to the needs, preferences, and conditions of rural communities.*

(h) [LIMITS ON GROWTH.] *The rules must include provisions to enable the commissioner to enforce the limits on growth in health care total revenues for each integrated service network and for the entire system of integrated service networks.*

(i) [STANDARD BENEFIT SET.] *The commission shall make recommendations to the commissioner regarding a standard benefit set.*

(j) [CONFLICT OF INTEREST.] *The rules shall include provisions the commissioner deems necessary and appropriate to address integrated service networks' and participating providers' relationship to section 62J.23 or other laws relating to provider conflicts of interest.*

#### Sec. 6. [62N.06] [PERMITTED NETWORK STRUCTURE.]

*Subdivision 1. [NONPROFIT CORPORATION.] A corporation organized under chapter 317A may operate one or more integrated service networks. A corporation that operates one or more integrated service networks is governed by chapter 317A, except in the case of a conflict with this chapter, in which case this chapter governs. The corporation shall not engage in activities unrelated to integrated service networks, without the prior written approval of the commissioner. An entity that is not a corporation organized under chapter 317A shall not operate a network but may establish and own a corporation organized under chapter 317A to operate one or more networks.*

*Subd. 2. [SEPARATE ACCOUNTING REQUIRED.] A corporation operating more than one integrated service network must maintain separate accounting and record keeping procedures, acceptable to the commissioner, for each integrated service network.*

#### Sec. 7. [62N.065] [ADMINISTRATIVE COST CONTAINMENT.]

*Subdivision 1. [UNREASONABLE EXPENSES.] No integrated service network shall incur or pay for any expense of any nature which is unreasonably high in relation to the value of the service or goods provided. The commissioner of health shall implement and enforce this section by rules adopted under this section.*

*In an effort to achieve the stated purposes of sections 62N.01 to 62N.23, in order to safeguard the underlying nonprofit status of integrated service networks, and to ensure that the payment of integrated service network money to major participating entities results in a corresponding benefit to the integrated service network and its enrollees, when determining whether an organization has incurred an unreasonable expense in relation to a major participating entity, due consideration shall be given to, in addition to any other appropriate factors, whether the officers and trustees of the integrated service network have acted with good faith and in the best interests of the integrated service network in entering into, and performing under, a contract under which the integrated service network has incurred an expense. The commissioner has standing to sue, on behalf of an integrated service network, officers or trustees of the integrated service network who have breached their fiduciary duty in entering into and performing such contracts.*

*Subd. 2. [DATA ON PAYMENTS.] Integrated service networks shall keep on file in the offices of the integrated service network data on the payments, salaries, and other remuneration paid to for-profit firms, affiliates, or to persons, for administrative expenses, service contracts, and management of*

the integrated service network and shall make it available to the commissioner.

*Subd. 3. [ADMINISTRATIVE COST REDUCTIONS.] The commissioner shall establish a plan that requires integrated service networks to lower their administrative expenses and costs for each of the five years 1994 to 1998. This plan shall require lower administrative expenses in order to reflect savings experienced by integrated service networks from lowered reporting requirements, lowered underwriting and marketing expenses, and other features of the integrated service network plan.*

*Subd. 4. [DISAPPROVAL OF CONTRACTS.] The commissioner shall review all payments, administrative contracts, service contracts, and other agreements to determine the reasonableness of the cost of the contracts or agreements and effect of the contracts or agreements on the price of the integrated service network to enrollees. If the commissioner determines that a contract or agreement is not reasonable, the commissioner shall disapprove the contract or agreement. The commissioner may request any information that is necessary to determine if costs are reasonable.*

*The commissioner shall give reasons for the disapproval in writing to the integrated service network. This notice shall state that a hearing will be granted within 20 days after a request in writing by the integrated service network.*

**Sec. 8. [62N.07] [PURPOSE.]**

*The legislature finds that previous cost containment efforts have focused on reducing benefits and services, eliminating access to certain provider groups, and otherwise reducing the level of care available. Under a system of overall spending controls, these cost containment approaches will, in the absence of controls on cost shifting, shift costs from the payor to the consumer, to government programs, and to providers in the form of uncompensated care. The legislature further finds that the integrated service network benefit package should be designed to promote coordinated, cost-effective delivery of all health services an enrollee needs without cost shifting. The legislature further finds that affordability of health coverage is a high priority and that lower cost coverage options should be made available through the use of copayments, coinsurance, and deductibles to reduce premium costs rather than through the exclusion of services or providers.*

**Sec. 9. [62N.075] [COVERED SERVICES.]**

*(a) An integrated service network must provide to each person enrolled a comprehensive set of appropriate and necessary health services. For purposes of this chapter, "appropriate and necessary" means services needed to maintain the enrollee in good health including as a minimum, but not limited to, emergency care, inpatient hospital and physician care, outpatient health services, and preventative health services. The commissioner may modify this definition to reflect changes in community standards, development of practice parameters, new technology assessments, and other medical innovations. These services must be delivered by authorized practitioners acting within their scope of practice. An integrated service network is not responsible for health services that are not appropriate and necessary.*

*(b) A network may define benefit levels through the use of consumer cost*

*sharing but remains financially accountable for costs of the full set of comprehensive health services required.*

*(c) A network may offer any Medicare supplement, Medicare select, or other Medicare-related product otherwise permitted for any type of health plan in this state. Each Medicare-related product may be offered only in full compliance with the requirements in chapters 62A, 62D, and 62E that apply to that category of product.*

*(d) Networks must comply with all continuation and conversion of coverage requirements applicable to health maintenance organizations under state or federal law.*

*(e) Networks must comply with sections 62A.047, 62A.27, and any other coverage of newborn infants, dependent children who do not reside with a covered person, handicapped children and dependents, and adopted children. A network providing dependent coverage must comply with section 62A.302.*

*(f) Networks must comply with the equal access requirements of section 62A.15, subdivision 2.*

#### Sec. 10. [62N.08] [AVAILABILITY OF SERVICES.]

*(a) An integrated service network is financially responsible to provide to each person enrolled all comprehensive health services required by statute, by the contract of coverage, or otherwise required under section 62N.07.*

*(b) The commissioner shall require that networks provide all appropriate and necessary health services within a reasonable geographic distance for enrollees. The commissioner may adopt rules providing a more detailed requirement, consistent with this paragraph.*

#### Sec. 11. [62N.085] [ESTABLISHMENT OF STANDARDIZED BENEFIT PLANS.]

*The commissioner of health shall adopt emergency and permanent rules to establish not more than five standardized benefit plans which must be offered by integrated service networks. The plans must comply with the requirements of sections 62N.07 to 62N.08 and the other requirements of this chapter. The plans must encompass a range of cost sharing options from (1) lower premium costs combined with higher enrollee cost sharing, to (2) higher premium costs combined with lower enrollee cost sharing.*

#### Sec. 12. [62N.086] [ADDITIONAL BENEFIT OPTIONS.]

*The commissioner of health shall adopt emergency and permanent rules to establish not more than three standardized benefit riders which may be offered by integrated service networks. An integrated service network may not provide benefit options other than the standard benefit package and one or more of the standardized riders.*

#### Sec. 13. [62N.087] [COST SHARING.]

*(a) A network may define benefit levels through the use of consumer cost sharing. For the purposes of this chapter, "consumer cost sharing" means copayments, deductibles, coinsurance, and other out-of-pocket expenses paid by the individual consumer of health care services.*

*(b) The following principles apply to cost sharing in an integrated service network:*

(1) consumers must have a voice in decisions regarding cost sharing, and the process for establishing consumer cost sharing should have consumer representation and input;

(2) consumer cost sharing must be administratively feasible and consistent with efforts to reduce the overall administrative burden of the health care system;

(3) cost sharing must be based on income and an enrollee's ability to pay for services and should not create a barrier to access to appropriate and effective services;

(4) cost sharing must be capped at a predetermined annual limit to protect individuals and families from financial catastrophe and to protect individuals with substantial health care needs;

(5) child health supervision services, immunizations, prenatal care, and other prevention services must not be subjected to cost sharing; and

(6) additional requirements for networks should be established to assist enrollees for whom an inducement in addition to the elimination of cost sharing is necessary in order to encourage them to use cost-effective preventive services. These requirements may include the provision of educational information, assistance or guidance, and opportunities for responsible decision making by enrollees that minimize potential out-of-pocket costs.

#### Sec. 14. [62N.10] [LICENSING.]

Subdivision 1. [REQUIREMENTS.] All integrated service networks must be licensed by the commissioner. Licensure requirements are:

(1) the ability to be responsible for the full continuum of required health care and related costs for the defined population that the integrated service network will serve;

(2) the ability to satisfy standards for quality of care;

(3) financial solvency; and

(4) the ability to fully comply with this chapter and all other applicable law.

The commissioner may adopt rules to specify licensure requirements for integrated service networks in greater detail, consistent with this subdivision.

Subd. 2. [FEES.] Licensees shall pay an initial fee of \$..... and a renewal fee of \$..... each following year to the commissioner of health.

Subd. 3. [LOSS OF LICENSE.] The commissioner may fine a licensee or suspend or revoke a license for violations of rules or statutes pertaining to integrated service networks.

Subd. 4. [PARTICIPATION; GOVERNMENT PROGRAMS.] Integrated service networks shall, as a condition of licensure, participate in the medical assistance, general assistance medical care, and MinnesotaCare programs. The commissioner shall adopt rules specifying the participation required of the networks. The rules must be consistent with Minnesota Rules, parts 9505.5200 to 9505.5260, governing participation by health maintenance organizations in public health care programs.

Subd. 5. [APPLICATION.] Each application for an integrated service

network license must be in a form prescribed by the commissioner. Each application must include the following:

(1) a copy of the basic organizational document, if any, of the applicant and, at the request of the commissioner, of each participating entity, the articles of incorporation, or other applicable documents, and all amendments;

(2) a copy of the bylaws, rules and regulations, or similar document, if any, and all amendments which regulate the conduct of the affairs of the applicant, and of any participating entity, at the request of the commissioner;

(3) a list of the names, addresses, and official positions of the following:

(i) all members of the board of directors, or governing body of the local government unit, and the principal officers and shareholders of the applicant organization; and

(4) the name and address of each participating entity and the agreed upon duration of each contract or agreement;

(5) a copy of the form of each contract binding any or all of the participating entities and the integrated service network;

(7) a statement generally describing the applicant and the network, its network contracts, facilities, and personnel, including a statement describing the manner in which the applicant proposes to provide enrollees with the required network services and any additional services;

(8) a copy of the form of each evidence of coverage to be issued to the enrollees;

(9) a copy of the form of each individual or group contract which is to be issued to enrollees or their representatives;

(10) financial statements showing the applicant's assets, liabilities, and sources of financial support. If the applicant's financial affairs are audited by independent certified public accountants, a copy of the applicant's most recent certified financial statement may be deemed to satisfy this requirement;

(11) a financial plan that includes a three-year projection of the expenses and income and other sources of future capital;

(12) a statement reasonably describing the geographic area or areas to be served and the type or types of enrollees to be served;

(13) a description of the complaint procedures to be used as required;

(14) a copy of any agreement between the network and an insurer or nonprofit health service plan corporation regarding reinsurance, stop-loss or

*excess-of-loss coverage, insolvency coverage, or any other type of coverage for potential costs of health services;*

*(15) a statement indicating how the network will meet its potential tort liabilities; for medical malpractice and other sources of liability, together with copies of any related insurance policies and liability-related agreements with its participating entities;*

*(16) a copy of the conflict of interest policy which applies to all members of the board of directors and the principal officers of the network;*

*(17) a copy of the statement that describes the network's prior authorization, referral, second opinion, and utilization review procedures; and*

*(18) other information that the commissioner of health may reasonably require to be provided.*

*Subd. 6. [DOCUMENTS ON FILE.] A network shall agree to retain in its files any documents specified by the commissioner. A network shall permit the commissioner to examine those documents at any time and shall promptly provide copies of any of them to the commissioner upon request.*

#### Sec. 15. [62N.11] [EVIDENCE OF COVERAGE.]

*Subdivision 1. [APPLICABILITY.] Every integrated service network enrollee residing in this state is entitled to evidence of coverage or contract. The integrated service network or its designated representative shall issue the evidence of coverage or contract. "Evidence of coverage" means evidence that an enrollee is covered by a group contract issued to the group.*

*Subd. 2. [FILING.] No evidence of coverage or contract or amendment of coverage or contract shall be issued or delivered to any individual in this state until a copy of the form of the evidence of coverage or contract or amendment of coverage or contract has been filed with and approved by the commissioner.*

*Subd. 3. [CONTENTS.] Contracts and evidences of coverage must contain:*

*(a) no provision or statement that is unjust, unfair, inequitable, misleading, deceptive, or untrue; and*

*(b) a clear, concise, and complete statement of:*

*(1) the services or other benefits to which the enrollee is entitled under the integrated service network contract;*

*(2) any exclusions or limitations on the services, kind of services, benefits, or kind of benefits to be provided; including any deductible or copayment feature and requirements for referrals, prior authorizations, utilization review, and second opinions;*

*(3) where and in what manner information is available about how services, including emergency and out-of-area services, may be obtained;*

*(4) the total amount of payment and copayment, if any, for health care services and for the indemnity or service benefits, if any, that the enrollee is obligated to pay with respect to individual contracts; and*

*(5) a description of the network's method for resolving enrollee complaints and a statement identifying the department of health as the regulatory agency with whom grievances may be registered.*

*Subd. 4. [GRACE PERIOD.] A grace period of 31 days must be granted for payment of each premium for an individual integrated service network contract falling due after the first premium, during which period the contract continues in force. Individual network contracts must clearly state the existence of the grace period.*

*Subd. 5. [CANCELLATION OF CONTRACT.] Individual integrated service network contracts must state that the individual may cancel the contract within ten days of its receipt and have the premium paid refunded if, after examination of the contract, the individual is not satisfied with it for any reason. The individual must be required to pay the network for any services rendered or claims paid by the network during the ten days.*

*Subd. 6. [TERMINATION.] The contract and evidence of coverage must clearly explain the conditions under which an integrated service network may terminate coverage.*

*Subd. 7. [CONTINUATION AND CONVERSION.] The contract and evidence of coverage must clearly explain continuation and conversion rights afforded to enrollees.*

*Subd. 8. [NOTICE.] Individual and group contract holders must be given 30 days' written notice of any change in enrollee copayments or benefits.*

*Subd. 9. [DELIVERY OF CONTRACT.] Individual integrated service network contracts must be delivered to enrollees no later than the date coverage is effective. For enrollees with group contracts, an evidence of coverage must be delivered or issued for delivery not more than 15 days from the date the integrated service network is notified of the enrollment or the effective date of coverage, whichever is later.*

*Subd. 10. [COMPLAINTS.] An individual integrated service network contract and an evidence of coverage must contain a department of health telephone number that the enrollee can call to register a complaint about the network.*

#### Sec. 16. [62N.12] [ENROLLEE RIGHTS.]

*The cover page of the evidence of coverage and contract must contain a clear and complete statement of an enrollee's rights as a consumer. The statement must be in bold print and captioned "Important Consumer Information and Enrollee Bill of Rights" and must include but need not be limited to the following provisions in the following language or in substantially similar language approved in advance by the commissioner:*

#### "CONSUMER INFORMATION

*(1) COVERED SERVICES: Services provided by (name of integrated service network) will be covered only if services are provided by participating (name of integrated service network) providers or authorized by (name of integrated service network). Your contract fully defines what services are covered and describes procedures you must follow to obtain coverage.*

*(2) PROVIDERS: Enrolling in (name of integrated service network) does not guarantee services by a particular provider on the list of providers. When a provider is no longer part of (name of integrated service network), you must choose among remaining (name of integrated service network) providers.*

(3) *REFERRALS*: Certain services are covered only upon referral. See section (section number) of your contract for referral requirements. All referrals to non-(name of integrated service network) providers and certain types of health care providers must be authorized by (name of integrated service network).

(4) *EMERGENCY SERVICES*: Emergency services from providers who are not affiliated with (name of integrated service network) will be covered only if proper procedures are followed. Your contract explains the procedures and benefits associated with emergency care from (name of integrated service network) and non-(name of integrated service network) providers.

(5) *EXCLUSIONS*: Certain services or medical supplies are not covered. You should read the contract for a detailed explanation of all exclusions.

(6) *CONTINUATION*: You may convert to an individual integrated service network contract or continue coverage under certain circumstances. These continuation and conversion rights are explained fully in your contract.

(7) *CANCELLATION*: Your coverage may be canceled by you or (name of integrated service network) only under certain conditions. Your contract describes all reasons for cancellation of coverage.

#### ENROLLEE BILL OF RIGHTS

(1) An enrollee has the right to available and accessible services including emergency services, as defined in your contract, 24 hours a day and seven days a week.

(2) An enrollee has the right to be informed of health problems, and to receive information regarding treatment alternatives and risks that is sufficient to assure informed choice.

(3) An enrollee has the right to refuse treatment, and the right to privacy of medical and financial records maintained by the integrated service network and its health care providers, in accordance with existing law.

(4) An enrollee has the right to file a grievance with the integrated service network and the commissioner of health and the right to initiate a legal proceeding when experiencing a problem with the integrated service network or its health care providers.

(5) An enrollee has the right to a grace period of 31 days for the payment of each premium for an individual integrated service network contract falling due after the first premium during which period the contract shall continue in force.

(6) A Medicare enrollee has the right to voluntarily disenroll from the integrated service network and the right not to be requested or encouraged to disenroll except in circumstances specified in federal law.

(7) A Medicare enrollee has the right to a clear description of nursing home and home care benefits covered by the integrated service network."

#### Sec. 17. [62N.13] [ENROLLEE COMPLAINT SYSTEM.]

Subdivision 1. [SCOPE.] Every integrated service network must establish and maintain an enrollee complaint system, including an impartial arbitration provision, to provide reasonable procedures for the resolution of written

complaints initiated by enrollees concerning the provision of health care services. "Provision of health care services" includes, but is not limited to, questions of the scope of coverage, quality of care, and administrative operations. Arbitration is subject to chapter 572, except:

(1) if an enrollee elects to litigate a complaint prior to submission to arbitration; and

(2) no medical malpractice damage claim is subject to arbitration unless agreed to by both parties subsequent to the event giving rise to the claim.

*Subd. 2. [COMMISSIONER REVIEW.]* If a complaint involves a dispute about an integrated service network's coverage of a service, the commissioner may review the complaint and any information and testimony necessary to make a determination and order the appropriate remedy pursuant to this chapter. If the commissioner obtains or maintains information on written complaints, the information is private data on individuals under chapter 13.

*Subd. 3. [EXPEDITED RESOLUTION OF COMPLAINTS ABOUT URGENTLY NEEDED SERVICE.]* In addition to any remedy contained in subdivision 2, if a complaint involves a dispute about an integrated service network's coverage of an immediately and urgently needed service, the commissioner may also order the integrated service network to use an expedited system to process the complaint.

*Subd. 4. [RECORDS.]* The integrated service network shall maintain a record of each written complaint filed with it for five years, and the commissioner of health shall have access to the records.

*Subd. 5. [DENIAL OF SERVICE.]* Within a reasonable time after receiving an enrollee's written or oral communication to the integrated service network concerning a refusal of service or inadequacy of services, the integrated service network shall provide the enrollee with a written statement of the reason for the refusal of service, and a statement approved by the commissioner of health that explains the integrated service network complaint procedures, and in the case of Medicare enrollees, that also explains Medicare appeal procedures.

*Subd. 6. [COVERAGE OF SERVICE.]* An integrated service network may not deny or limit coverage of a service that the enrollee has already received solely on the basis of a lack of prior authorization or second opinion, to the extent that the service would otherwise have been covered under the member's contract by the integrated service network had a prior authorization or second opinion been obtained.

#### Sec. 18. [62N.14] [MEDICAL MALPRACTICE LIABILITY.]

*Subdivision 1. [MEDICAL MALPRACTICE LIABILITY BETWEEN INTEGRATED SERVICE NETWORK ENTITIES.]* An entity operating an integrated service network is liable for medical malpractice committed by its employees and is not liable for the malpractice of its other health care providing entities. Each health care providing entity is liable for its own medical malpractice and is not liable for the medical malpractice of other health care providing entities or for negligent supervision of other health care providing entities. Participating entities are not jointly and severally liable for torts committed by the network or by participating providers. A network and its participating entities may by contract reallocate between themselves the risk of malpractice liability through indemnity, contribution, joint insurance,

or otherwise, provided that the reallocation does not affect the rights of enrollees.

*Subd. 2. [MEDICAL MALPRACTICE CASES.] (a) In an action against a provider for malpractice, error, mistake, or failure to cure, whether based in contract or tort, adherence to a pertinent practice parameter approved by the commissioner of health is an absolute defense against an allegation that the provider did not comply with accepted standards of practice in the community.*

*(b) Evidence of a departure from a practice parameter is not admissible unless the provider is claiming the absolute defense under paragraph (a).*

*(c) Paragraphs (a) and (b) apply to claims arising on or after August 1, 1993, or 90 days after the date the commissioner approves the applicable practice parameter, whichever is later.*

*(d) Nothing in this section changes the plaintiff's burden of proof in a civil action against a provider or creates a new basis upon which to establish liability against a provider.*

**Sec. 19. [62N.15] [MARKETING.]**

*Subdivision 1. [PERMITTED PURCHASERS.] An integrated service network may contract to provide health services to:*

- (1) individuals, including dependents;*
- (2) groups of individuals, including employees of a private or public employer and individual members of an association, and their dependents;*
- (3) associations or other groups comprised of groups, including associations of employers;*
- (4) the public employees insurance plan and the private employers insurance program established under chapter 43A;*
- (5) any state or federal health program, including medical assistance, Medicare, MinnesotaCare, or general assistance medical care; and*
- (6) the comprehensive health association established in section 62E.10.*

*Integrated service networks are subject to section 62A.303 with respect to all enrolled groups, whether or not they are employer-based groups.*

*Subd. 2. [MARKETING CONDUITS.] An integrated service network may offer or sell its services through any person or method permitted to sell health coverage under chapter 60A, 60K, 62C, 62D, or 62L. Persons regulated under those chapters with respect to sales of coverage are subject to the supervision of the commissioner of commerce with respect to marketing of network coverage. The commissioner of health may adopt rules permitting the marketing of network coverage through other means.*

**Sec. 20. [62N.16] [UNDERWRITING AND RATING.]**

*Subdivision 1. [APPLICABILITY.] Except as provided in subdivision 3, this section applies to the standard benefit plan under section 62N.07 and does not apply to supplemental coverage described in section 62N.10. This section does not require coverage by an integrated service network of any group or individual residing outside of the network's service area. A network's service area includes a geographic and service region agreed to by the*

*commissioner and the network at the time of licensure. This section does not apply to any group that the commissioner determines is organized or functions primarily to provide coverage to one or more high risk individuals. The commissioner may adopt rules specifying other types of groups to which this section does not apply.*

*Subd. 2. [GROUP MEMBERS.] Integrated service networks shall charge the same rate for each individual in a group, except as appropriate to provide dependent or family coverage.*

*Subd. 3. [SMALL EMPLOYERS.] To provide services to employees of a small employer as defined in section 62L.02, integrated service networks shall comply with chapter 62L.*

**Sec. 21. [62N.17] [RELATIONSHIP; NETWORKS; COMPREHENSIVE HEALTH ASSOCIATION.]**

*A corporation operating an integrated service network is and must remain a contributing member of the comprehensive health association established under section 62E.10. Participating entities that are members of that association are assessable by the association on revenues derived from or through networks. Participating entities may claim a credit against assessment liability for assessments paid by the network with respect to the same premiums.*

**Sec. 22. [62N.18] [INSOLVENCY.]**

*Subdivision 1. [EFFECTS ON ENROLLEES.] Corporations that operate an integrated service network are not members of the life and health insurance guaranty association under chapter 61B. When a corporation operating a network becomes insolvent, its enrollees have the right to receive the same alternative coverage provided by the comprehensive health association under section 62D.181 to enrollees in insolvent health maintenance organizations.*

*Subd. 2. [NOTICE TO ENROLLEES.] Prospective enrollees in an integrated service network must be given, prior to their commitment to enroll, a written notice on a form approved by the commissioner describing the effects of, and their rights in the event of, an insolvency of the corporation operating the network.*

**Sec. 23. [62N.19] [LIQUIDATION, REHABILITATION, AND CONSERVATION PROCEEDINGS.]**

*The liquidation, rehabilitation, and conservation provisions of section 62D.18 and chapter 60B apply to an integrated service network.*

**Sec. 24. [62N.20] [RISK-BEARING ENTITIES.]**

*An entity operating an integrated service network may retain the risk of providing coverage or may transfer all or any part of the risk through purchase of reinsurance, including but not limited to stop-loss or excess-of-loss coverage, from an assuming insurer that qualifies under section 60A.092, a nonprofit health service plan corporation operating under chapter 62C, a health maintenance organization operating under chapter 62D, or another entity if first approved by the commissioner.*

**Sec. 25. [62N.21] [INSOLVENCY PREVENTION.]**

*Subdivision 1. [DEFINITIONS.] (a) The definitions provided in this subdivision apply to this section.*

*(b) "Admitted assets" means admitted assets as defined in section 62D.044.*

*(c) "Net worth" means net worth as defined in section 62D.02, subdivision 15.*

*(d) "Working capital" means current assets minus current liabilities.*

*(e) "Guaranteeing organization" means an organization that has agreed to make necessary contributions or advancements to an integrated service network to maintain the network's required net worth.*

*Subd. 2. [NET WORTH REQUIREMENT.] Except as permitted by subdivision 4, every entity operating an integrated service network must maintain a minimum net worth equal to the greater of:*

*(1) \$1,000,000; or*

*(2) an amount equal to 8-1/3 percent of the sum of all expenses expected to be incurred in the network's first 12 months of operation, or, for an existing network, 8-1/3 percent of the sum of all expenses incurred in the most recent calendar year.*

*Subd. 3. [PHASE-IN PROVISION.] A network satisfies subdivision 2 if the network meets the following phase-in schedule:*

*(1) 25 percent of the amount required by subdivision 2 as of the date that the network begins providing services;*

*(2) 50 percent of the amount required by subdivision 2 as of the end of the network's first year of providing services, except that if that date is not December 31, the network need not comply until the next December 31;*

*(3) 75 percent of the amount required by subdivision 2 as of the December 31 immediately following the December 31 deadline provided in clause (2);*

*(4) 100 percent of the amount required by subdivision 2 as of the December 31 immediately following the December 31 deadline provided in clause (3).*

*Subd. 4. [ALTERNATIVE SOLVENCY REQUIREMENT.] As an alternative to the net worth requirement under subdivision 2, the commissioner may permit an integrated service network to prove its financial solvency and stability by a means that does not satisfy that subdivision but that:*

*(1) is at least as protective of the welfare of the network's enrollees; and*

*(2) does not provide the network with an unfair advantage over competing networks.*

*In administering this subdivision, the commissioner may adopt emergency and permanent rules.*

*Subd. 5. [WORKING CAPITAL.] An integrated service network must maintain a positive working capital. If the network fails to meet this requirement, the commissioner and the network shall comply with section 62D.042, subdivision 7.*

*Subd. 6. [INVESTMENT OF NETWORK ASSETS.] An integrated service network shall invest its assets only in compliance with section 62D.045.*

*Subd. 7. [CREDIT FOR REINSURANCE.] An integrated service network may credit against its liabilities 90 percent of the premiums that it pays for reinsurance that complies with section 62N.20.*

*Subd. 8. [GUARANTEEING ORGANIZATION.] With the written approval of the commissioner, an integrated service network may satisfy the net worth requirement by arranging for a guaranteeing organization to assume the network's obligation to maintain the required net worth. A guaranteeing organization for a network shall comply with section 62D.043. A guaranteeing organization that is a health care provider may pledge real estate to satisfy its obligation, provided that the pledge is secured by a real estate mortgage recorded in the office of the county recorder or filed in the office of the county registrar of titles. The network shall provide a title opinion or title insurance policy and an appraisal at the request of the commissioner or as otherwise required by rule.*

*Subd. 9. [DEPOSIT REQUIREMENT.] (a) An integrated service network shall maintain at all times on deposit with the commissioner \$300,000 worth of cash, securities, or any combination of cash and securities. Securities must be United States Treasury obligations, unless otherwise permitted by the commissioner. The network may withdraw interest accrued on the deposit on a quarterly basis or as otherwise approved by the commissioner. With the approval of the commissioner, the deposit may be held by a third party independent trustee in a custodial or controlled account. A deposit is an admitted asset and counts toward the network's required net worth. A network may follow a phase-in schedule to comply with this paragraph as follows:*

*(1) \$150,000 as of the date that the network begins operations; and*

*(2) \$300,000 as of one year later.*

*(b) In lieu of the amount required under paragraph (a), the rules adopted under section 62N.05 may provide a deposit requirement specified on a per enrollee basis and eligible for a phase-in schedule no more lenient than that provided in paragraph (a).*

*Subd. 10. [USE OF DEPOSIT.] If the integrated service network is placed under an order of rehabilitation or conservation, the commissioner shall use the deposit to protect the interests of the enrollees and assure continuation of health care services to enrollees. If the network is placed under an order of liquidation, the deposit is an asset subject to chapter 60B, except that the commissioner has a lien on the deposit to reimburse the commissioner for administrative costs directly attributable to the insolvency.*

*Subd. 11. [FINANCIAL REPORTING.] An integrated service network shall submit financial reports to the commissioner as required by section 62D.08, or as the commissioner otherwise requires by rule.*

*Subd. 12. [FINANCIAL EXAMINATIONS.] An integrated service network and its participating entities and guaranteeing organizations are subject to examination by the commissioner under section 62D.14, or as the commissioner otherwise requires by rule.*

**Sec. 26. [62N.22] [RELATIONSHIPS WITH PROVIDERS.]**

*Subdivision 1. [CONTRACTS.] An integrated service network's relationship with health care providers must be by contract, except in the case of covered out-of-network services. Any reimbursement method not prohibited by the commissioner is allowable, including fee-for-service, salary, and capitation. A copy of each contract between an integrated service network and any or all of its providers must be kept on file by the network and made available to the commissioner upon request. The contract must provide that if the network fails to pay the provider for services provided, the enrollee is not liable to the provider for payment. The contract may permit providers to receive payment from an enrollee for services not covered by the enrollee's network contract, but only based upon a written agreement between the provider and the enrollee after the network has provided written notice that the network has denied coverage for the service.*

*Subd. 2. [SERVICES.] Providers may contract with an integrated service network to provide all or a portion of the services that an integrated service network must provide. Providers may choose not to participate in an integrated service network, may participate in more than one integrated service network, or may simultaneously serve both integrated service network enrollees and regulated all-payor system patients.*

*Subd. 3. [RETIALIATORY ACTION PROHIBITED.] No integrated service network may take retaliatory action against a provider solely on the grounds that the provider disseminated accurate information regarding coverage of benefits or accurate benefit limitations of an enrollee's contract or accurate interpreted provisions of the provider agreement that limit the prescribing, providing, or ordering of care.*

**Sec. 27. [62N.23] [TECHNICAL ASSISTANCE.]**

*(a) The commissioner shall provide technical assistance to parties interested in establishing or operating an integrated service network. This shall be known as the integrated service network technical assistance program (ISNTAP).*

*The technical assistance program shall offer seminars on the establishment and operation of integrated service networks in all regions of Minnesota. The commissioner shall advertise these seminars in local and regional newspapers, and attendance at these seminars shall be free.*

*The commissioner shall write a guide to establishing and operating an integrated service network. The guide must provide basic instructions for parties wishing to establish an integrated service network. The guide must be provided free of charge to interested parties. The commissioner shall update this guide when appropriate.*

*The commissioner shall establish a toll-free telephone line that interested parties may call to obtain assistance in establishing or operating an integrated service network.*

*(b) The commissioner shall grant loans for organizational and start-up expenses to entities forming integrated service networks or to networks less than one year old, to the extent of any appropriation for that purpose. The commissioner shall allocate the available funds among applicants based upon the following criteria, as evaluated by the commissioner within the commissioner's discretion:*

*(1) the applicant's need for the loan;*

(2) the likelihood that the loan will foster the formation or growth of a network; and

(3) the likelihood of repayment.

The commissioner shall determine any necessary application deadlines and forms and is exempt from rulemaking in doing so.

Sec. 28. Minnesota Statutes 1992, section 256.9657, subdivision 3, is amended to read:

Subd. 3. [HEALTH MAINTENANCE ORGANIZATION; INTEGRATED SERVICE NETWORK SURCHARGE.] Effective October 1, 1992, each health maintenance organization with a certificate of authority issued by the commissioner of health under chapter 62D and each integrated service network licensed by the commissioner under sections 62N.01 to 62N.22 shall pay to the commissioner of human services a surcharge equal to six-tenths of one percent of the total premium revenues of the health maintenance organization or integrated service network as reported to the commissioner of health according to the schedule in subdivision 4.

Sec. 29. [BORDER COMMUNITIES.]

The commissioner of health shall monitor the effects of integrated service networks and the regulated all-payor system in communities in which a substantial proportion of health care services provided to Minnesota residents are provided in states bordering Minnesota and may amend the rules adopted under article 1 or 2 to minimize effects that inhibit Minnesota residents' ability to obtain access to quality health care. The commissioner shall report to the Minnesota health care commission and the legislature any effects that the commissioner intends to address by amendments to the rules adopted under article 1 or 2.

Sec. 30. [ASSOCIATIONS STUDY.]

The health care commission shall study the role of associations in purchasing health care. The health care commission shall determine the role that associations should play in allowing purchasers to cooperate in purchasing health care. The health care commission shall determine the role associations may play in the small group and integrated service network markets. The health care commission shall report to the legislature by January 15, 1994.

Sec. 31. [EFFECTIVE DATE.]

Sections 1 to 30 are effective the day following final enactment.

## ARTICLE 2

### REGULATED ALL-PAYOR SYSTEM GOVERNING SERVICES NOT PROVIDED THROUGH INTEGRATED SERVICE NETWORKS

Section 1. [62O.01] [REGULATED ALL-PAYOR SYSTEM.]

The regulated all-payor system established under this chapter governs all health care services that are provided outside of an integrated service

network. The regulated all-payor system is designed to control costs, prices, and utilization of all health care services not provided through an integrated service network while maintaining or improving the quality of services. The commissioner of health shall adopt rules establishing controls within the system to ensure that the rate of growth in spending in the system, after adjustments for population size and risk, remains within the limits set by the commissioner under section 62J.04. All providers that serve Minnesota residents and all health plans that cover Minnesota residents shall comply with the requirements and rules established under this chapter for all health care services or coverage provided to Minnesota residents.

Sec. 2. [62O.03] [IMPLEMENTATION.]

(a) By January 1, 1994, the commissioner of health, in consultation with the Minnesota health care commission, shall report to the legislature recommendations for the design and implementation of the all-payor system. The commissioner may use a consultant or other technical assistance to develop a design for the all-payor system. The commissioner's recommendations shall include the following:

(1) methods for controlling payments to providers such as uniform fee schedules or rate limits to be applied to all health plans and health care providers with independent billing rights;

(2) methods for controlling utilization of services such as the application of standardized utilization review criteria, recovery of excess spending due to overutilization, or required use of practice parameters;

(3) methods for monitoring quality of care and mechanisms to enforce the quality of care standards;

(4) requirements for maintaining and reporting data on costs, prices, revenues, expenditures, utilization, quality of services, and outcomes;

(5) measures to prevent or discourage adverse risk selection between the regulated all-payor system and integrated service networks;

(6) measures to coordinate the regulated all-payor system with integrated service networks to minimize or eliminate barriers to access to health care services that might otherwise result;

(7) an appeals process;

(8) measures to encourage and facilitate appropriate use of midlevel practitioners and eliminate undesirable barriers to their participation in providing services;

(9) measures to assure appropriate use of technology and to manage introduction of new technology;

(10) consequences to be imposed on providers whose expenditures have exceeded the limits established by the commissioner; and

(11) restrictions on provider conflicts of interest.

(b) On July 1, 1994, the regulated all-payor system shall begin to be phased in with full implementation by July 1, 1996. During the transition period, all premium rates and provider fees shall be set in accordance with sections 3 and 4.

**Sec. 3. [62O.04] [PROVIDER PRICE RESTRAINTS.]**

*Subdivision 1. [RESTRAINT.] No health care provider, as defined in section 62J.03, subdivision 8, shall on or after March 3, 1993, increase the price or other charge that it charges for any health care service provided to a Minnesota resident except as permitted under this section. This section does not apply to health care services provided through integrated service networks.*

*Subd. 2. [CERTAIN INCREASES PERMITTED.] (a) On and after January 1, 1994, a health care provider as defined in section 62J.03, subdivision 8, may increase any price or other charge by no more than a percentage determined by adding five percentage points to the percentage change in the regional consumer price index for urban consumers for the most recent 12-month period for which that index is available as of November 1, 1993. The commissioner of health shall determine, announce, and publish in the State Register, no later than December 1, 1993, the percentage increase permitted under this paragraph. To determine the amount of the maximum permitted increase in a price or charge, the percentage determined under this paragraph is applied to the price or charge used as of January 1, 1993.*

*(b) On or after January 1, 1995, an increase in a price or charge is permitted in addition to the increase permitted under paragraph (a). The permitted maximum increase is determined as under paragraph (a), except that the percentage is multiplied by .9 and is applied to the price or charge used as of January 1, 1994.*

**Sec. 4. [62O.05] [HEALTH CARRIER PRICE RESTRAINTS.]**

*Subdivision 1. [RESTRAINT.] No health carrier, as defined in section 62A.011, shall increase the premiums, subscriber charges, enrollee fees, or similar charges for its health plans on or after March 3, 1993, so as to increase its total revenues per Minnesota resident covered by its health plans, except as permitted under this section. This subdivision does not prohibit an increase in the charge for a particular health plan, so long as the health carrier's aggregate revenues per covered Minnesota resident for all of its health plans do not increase. This section does not apply to integrated service networks or to filings for rate increases or adjustments submitted to the commissioner of commerce or health prior to March 3, 1993.*

*Subd. 2. [CERTAIN INCREASES PERMITTED.] A health carrier may increase its charges on and after January 1, 1994, and on and after January 1, 1995, so as to increase its revenues per covered Minnesota resident, to the extent permitted under subdivision 4.*

*Subd. 3. [ENFORCEMENT.] The commissioners of health and commerce shall enforce this section with respect to the health carriers that each commissioner respectively regulates. Each commissioner has under this section all enforcement and rulemaking authority that the commissioner otherwise has with respect to the health carrier.*

*Subd. 4. [CERTAIN INCREASES PERMITTED.] Any increased charges under subdivision 2 must be approved in advance by the relevant commissioner under subdivision 3. The relevant commissioner shall disapprove any requested increase in revenues per covered person, unless the health carrier provides actuarial analysis establishing, to the satisfaction of the commissioner, that the health carrier is fully passing on to its customers the health*

care provider price restraints provided under section 3. An increase in revenues permitted under subdivision 2 and this subdivision must not exceed the percentages provided under section 3 for health care providers. The commissioner may consider and take into account substantial changes in a health carrier's types of health plans and types of persons covered if necessary to prevent evasion of this section.

Subd. 5. [NEW PRODUCTS.] No health carrier may offer or issue a new health plan form or certificate form unless the health carrier has provided the relevant commissioner with actuarial analysis establishing, to the satisfaction of the commissioner, that the proposed charges or method of determining charges takes account of the price restraints on health care providers under section 3. This subdivision applies, without limitation, to products sold in the small employer market under chapter 62L.

Sec. 5. [APPLICABILITY OF OTHER LAWS.]

Except as expressly provided in rules adopted under this chapter, to the extent that a provider is providing services in the regulated all-payor system, the provider remains subject to all other statutes and rules that apply to that provider on the effective date of this section, including, as applicable, Minnesota Statutes, sections 62J.17 and 62J.23.

Sec. 6. [EFFECTIVE DATE.]

Sections 1 to 5 are effective the day following final enactment.

### ARTICLE 3

#### DATA COLLECTION AND COST CONTROL INITIATIVES

Section 1. Minnesota Statutes 1992, section 62J.03, subdivision 6, is amended to read:

Subd. 6. [GROUP PURCHASER.] "Group purchaser" means a person or organization that purchases health care services on behalf of an identified group of persons, regardless of whether the cost of coverage or services is paid for by the purchaser or by the persons receiving coverage or services, as further defined in rules adopted by the commissioner. "Group purchaser" includes, but is not limited to, *integrated service networks*; health insurance companies, health maintenance organizations, *nonprofit health service plan corporations*, and other health plan companies; employee health plans offered by self-insured employers; *trusts established in a collective bargaining agreement under the federal Labor-Management Relations Act of 1947, United States Code, title 29, section 141, et seq.*; the *Minnesota comprehensive health association*; group health coverage offered by fraternal organizations, professional associations, or other organizations; state and federal health care programs; state and local public employee health plans; workers' compensation plans; and the medical component of automobile insurance coverage.

Sec. 2. Minnesota Statutes 1992, section 62J.04, subdivision 1, is amended to read:

Subdivision 1. [~~COMPREHENSIVE BUDGET LIMITS ON THE RATE OF GROWTH.~~] (a) The commissioner of health shall set an annual ~~limit~~ limits on the rate of growth of public and private spending on health care services for Minnesota residents, as provided in paragraph (b). The ~~limit~~ limits on growth

must be set at a level levels the commissioner determines to be realistic and achievable but that will slow reduce the current rate of growth in health care spending by at least ten percent per year using the spending growth rate for 1991 as a base year. This limit must be achievable through good faith, cooperative efforts of health care consumers, purchasers, and providers for the next five years. The commissioner shall set limits on growth based on available data on spending and growth trends, including data from group purchasers, national data on public and private sector health care spending and cost trends, and trend information from other states.

(b) The commissioner shall set the following annual limits on the rate of growth of public and private spending on health care services for Minnesota residents:

(1) for calendar year 1994, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points;

(2) for calendar year 1995, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points;

(3) for calendar year 1996, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points;

(4) for calendar year 1997, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points; and

(5) for calendar year 1998, the rate of growth must not exceed the change in the regional consumer price index for urban consumers plus .. percentage points.

If the health care financing administration forecast for the total growth in national health expenditures for a calendar year is lower than the rate of growth for the calendar year as specified in clauses (1) to (5), the commissioner shall adopt this forecast as the growth limit for that calendar year. The commissioner shall adjust the growth limit set for calendar year 1995 to recover savings in health care spending required for the period July 1, 1993 to December 31, 1993. The commissioner shall publish:

(1) the limits in the State Register by March 15 of the year immediately preceding the year in which the limit will be effective except for the year 1993, in which the limit shall be published by July 1, 1993;

(2) the quarterly change in the regional consumer price index for urban consumers; and

(3) the health care financing administration forecast for total growth in the national health care expenditures. In setting an annual limit, the commissioner is exempt from the rulemaking requirements of chapter 14. The commissioner's decision on an annual limit is not appealable.

Sec. 3. Minnesota Statutes 1992, section 62J.04, is amended by adding a subdivision to read:

*Subd. 1a. [ENFORCEMENT OF LIMITS ON GROWTH.] (a) The commissioner shall enforce limits on growth in spending and revenues for*

*integrated service networks and for the regulated all-payor system. For purposes of enforcing limits, the commissioner may adjust a growth limit to account for differences between the actual and forecasted change in health care spending. If the commissioner determines that artificial inflation or padding of costs or prices has occurred in anticipation of the implementation of growth limits, the commissioner may adjust the base year spending totals or growth limits or take other action to reverse the effect of the artificial inflation or padding.*

*(b) The commissioner shall impose and enforce overall limits on growth in revenues and spending for integrated service networks, with adjustments for changes in enrollment, benefits, severity, and risks. If an integrated service network exceeds a spending limit, the commissioner may reduce future limits on growth in premium revenues for that integrated service network by up to the amount overspent. If the integrated service network system exceeds a systemwide spending limit, the commissioner may reduce future limits on growth in premium revenues for the integrated service network system by up to the amount overspent.*

*(c) The commissioner shall set prices, utilization controls, and other requirements for the regulated all-payor system to ensure that the overall costs of this system, after adjusting for changes in population, severity, and risk, do not exceed the growth limits. If spending growth limits for a calendar year are exceeded, the commissioner may reduce reimbursement rates or otherwise recoup overspending for all or part of the next calendar year, to recover in savings up to the amount of money overspent. To the extent possible, the commissioner may reduce reimbursement rates or otherwise recoup overspending from individual providers who exceed the spending growth limits.*

Sec. 4. Minnesota Statutes 1992, section 62J.04, subdivision 2, is amended to read:

Subd. 2. [DATA COLLECTION BY COMMISSIONER.] For purposes of ~~setting~~ forecasting rates of growth in health care spending and setting limits under ~~this section subdivisions 1 and 1a~~, the commissioner ~~shall~~ may collect from ~~all~~ Minnesota health care providers data on patient revenues and health care spending received during a time period specified by the commissioner. The commissioner ~~shall~~ may also collect data on health care revenues and spending from ~~all~~ group purchasers of health care. ~~All~~ Health care providers and group purchasers doing business in the state shall provide the data requested by the commissioner at the times and in the form specified by the commissioner. Professional licensing boards and state agencies responsible for licensing, registering, or regulating providers shall cooperate fully with the commissioner in achieving compliance with the reporting requirements.

Subd. 2a. [FAILURE TO PROVIDE DATA.] ~~The~~ intentional failure to provide ~~reports~~ the data requested under ~~this section~~ ~~chapter~~ is grounds for revocation of a license or other disciplinary or regulatory action against a regulated provider. The commissioner may assess a fine against a provider who refuses to provide ~~information~~ data required by the commissioner ~~under this section~~. If a provider refuses to provide a ~~report~~ ~~or~~ ~~information~~ the data required ~~under this section~~, the commissioner may obtain a court order requiring the provider to produce documents and allowing the commissioner to inspect the records of the provider for purposes of obtaining the ~~information~~ data required ~~under this section~~.

*Subd. 2b. [DATA PRIVACY.] All data received is private or nonpublic, trade secret information under section 13.37 as applicable, except to the extent that it is given a different classification elsewhere in this chapter. The commissioner shall establish procedures and safeguards to ensure that data provided to the Minnesota health care commission released by the commissioner is in a form that does not identify individual specific patients, providers, employers, purchasers, or other specific individuals and organizations, except with the permission of the affected individual or organization, or as permitted elsewhere in this chapter.*

**Sec. 5. [62J.045] [MEDICAL EDUCATION AND RESEARCH COSTS.]**

*Subdivision 1. [PURPOSE.] The legislature finds that all health care stakeholders, as well as society at large, benefit from medical education and health care research. The legislature further finds that the cost of medical education and research should not be borne by a few hospitals or medical centers but should be fairly allocated across the health care system.*

*Subd. 2. [DEFINITION.] For purposes of this section, "health care research" means research that is not subsidized from private grants, donations, or other outside research sources but is funded by patient out-of-pocket expenses or a third party payer and has been approved by an institutional review board certified by the United States Department of Health and Human Services.*

*Subd. 3. [COST ALLOCATION FOR EDUCATION AND RESEARCH.] By January 1, 1994, the commissioner of health, in consultation with the health care commission and the health planning advisory committee, shall:*

*(1) develop mechanisms to gather data and to identify the annual cost of medical education and research conducted by hospitals, medical centers, or health maintenance organizations;*

*(2) determine a percentage of the annual rate of growth established under section 62J.04 to be allocated for the cost of education and research and develop a method to assess the percentage from each group purchaser;*

*(3) develop mechanisms to collect the assessment from group purchasers to be deposited in a separate education and research fund; and*

*(4) develop a method to allocate the education and research fund to specific health care providers.*

**Sec. 6. Minnesota Statutes 1992, section 62J.09, is amended by adding a subdivision to read:**

*Subd. 1a. [DUTIES RELATED TO COST CONTAINMENT.] (a) [ALLOCATION OF REGIONAL SPENDING LIMITS.] Regional coordinating boards may advise the commissioner regarding allocation of annual regional limits on the rate of growth for providers in the regulated all-payor system in order to:*

*(1) achieve community-wide and regional public health goals consistent with those established by the commissioner; and*

*(2) promote access to and equitable reimbursement of preventive and primary care providers.*

(b) [TECHNICAL ASSISTANCE.] *Regional coordinating boards, in cooperation with the commissioner, shall provide technical assistance to parties interested in establishing or operating an integrated service network within the region. This assistance must complement assistance provided by the commissioner under section 62N.23.*

Sec. 7. Minnesota Statutes 1992, section 62J.33, is amended to read:

62J.33 [TECHNICAL ASSISTANCE INFORMATION ON COST AND QUALITY FOR PURCHASERS.]

*Subdivision 1. [HEALTH CARE ANALYSIS UNIT.] The health care analysis unit shall provide ~~technical assistance~~ information to ~~health plan and health care assist~~ group purchasers and consumers in making informed decisions regarding purchasing of health care services. The unit shall provide information allowing comparisons between integrated service networks and between health care services and systems. The unit shall collect information about:*

(1) *premiums, benefit levels, patient or enrollee satisfaction, managed care procedures, health care outcomes, and other features of ~~popular~~ integrated service networks, health plans, and health carriers; and*

(2) *prices, outcomes, provider experience, and other information for services less commonly covered by insurance or for which patients commonly face significant out-of-pocket expenses; and*

(3) *information on health care services not provided through integrated service networks, including information on prices, costs, expenditures, utilization, quality of care, and outcomes.*

The commissioner shall publicize this information in an easily understandable format.

*Subd. 2. [INFORMATION CLEARINGHOUSE.] The commissioner of health shall establish an information clearinghouse within the department of health to facilitate the ability of consumers, employers, providers, health plans, and others to obtain information on health care costs and quality in Minnesota. The commissioner shall make available through the clearinghouse information developed or collected by the department of health on practice parameters, outcomes data and research, the costs and quality of integrated service networks, reports or recommendations of the health planning advisory committee and other entities on technology assessments, worksite wellness and prevention programs, other wellness programs, consumer education, and other initiatives. The clearinghouse shall, upon request, make available information submitted voluntarily by health plans, providers, employers, and others if the information clearly states that an entity other than the state submitted the information, identifies the entity, and states that distribution by the clearinghouse does not imply endorsement of the entity or the information by the commissioner of health or the state of Minnesota. The clearinghouse shall also refer requesters to sources of further information or assistance. The clearinghouse is subject to chapter 13.*

Sec. 8. [62J.35] [DATA COLLECTION.]

*Subdivision 1. [CONTRACTING.] The commissioner may contract with private organizations to carry out the data collection initiatives required by this chapter. The commissioner shall require in the contract that organizations*

*under contract adhere to the data privacy requirements established under this chapter.*

*Subd. 2. [EMERGENCY RULES.] The commissioner shall adopt emergency and permanent rules to implement the data collection and reporting requirements in this chapter. The commissioner may combine all data reporting and collection requirements into a unified process so as to minimize duplication and administrative costs.*

**Sec. 9. [62J.37] [DATA FROM INTEGRATED SERVICE NETWORKS.]**

*The commissioner shall require integrated service networks operating under section 62N.06, subdivision 1, to submit data on health care spending and revenue for calendar year 1994 by February 15, 1995. Each February 15 thereafter, integrated service networks shall submit to the commissioner data on health care spending and revenue for the preceding calendar year. The data must be provided in the form specified by the commissioner. To the extent that an integrated service network is operated by a group purchaser under section 62N.06, subdivision 2, the integrated service network is exempt from this section and the group purchaser must provide data on the integrated service network under section 62J.38.*

**Sec. 10. [62J.38] [DATA FROM GROUP PURCHASERS.]**

*(a) The commissioner shall require group purchasers to submit detailed data on total health care spending for calendar years 1990, 1991, and 1992, and for calendar year 1993 and successive calendar years. Group purchasers shall submit data for the 1993 calendar year by February 15, 1994, and each February 15 thereafter shall submit data for the preceding calendar year.*

*(b) The commissioner shall require each group purchaser to submit data on revenue, expenses, and member months, as applicable. Revenue data must distinguish between premium revenue and revenue from other sources, and must also include information on the amount of revenue in reserves and changes in reserves. Expenditure data, including raw data from claims, must be provided separately for the following categories: physician services, dental services, other professional services, inpatient hospital services, outpatient hospital services, emergency and out-of-area care, pharmacy services and prescription drugs, mental health services, chemical dependency services, other expenditures, and administrative costs.*

*(c) State agencies and all other group purchasers shall provide the required data using a uniform format and uniform definitions, as prescribed by the commissioner.*

**Sec. 11. [62J.40] [DATA FROM STATE AGENCIES.]**

*In addition to providing the data required under section 62J.38, the commissioners of human services, commerce, labor and industry, and employee relations and all other state departments or agencies that administer one or more health care programs shall provide to the commissioner of health any additional data on the health care programs they administer that is requested by the commissioner of health, including data in unaggregated form, for purposes of developing estimates of spending, setting spending limits, and monitoring actual spending. The data must be provided at the times and in the form specified by the commissioner of health.*

**Sec. 12. [62J.41] [DATA FROM PROVIDERS.]**

*Subdivision 1. [DATA TO BE COLLECTED FROM PROVIDERS.] The commissioner shall require health care providers to collect and provide both patient specific information and descriptive and financial aggregate data on:*

- (1) the total number of patients served;*
- (2) the total number of patients served by state of residence and Minnesota county;*
- (3) the site or sites where the health care provider provides services;*
- (4) the number of individuals employed, by type of employee, by the health care provider;*

Sec. 3. Minnesota Statutes 1992, section 62J.04, subdivision 7, is amended to read:

Subd. 7. [PLAN FOR CONTROLLING GROWTH IN SPENDING.] (a) By January 15, 1993, the Minnesota health care commission shall submit to

the legislature and the governor for approval a plan, with as much detail as possible, for slowing the growth in health care spending to the growth rate identified by the commission, beginning July 1, 1993. The goal of the plan shall be to reduce the growth rate of health care spending, adjusted for population changes, so that it declines by at least ten percent per year for each of the next five years. The commission shall use the rate of spending growth in 1991 as the base year for developing its plan. The plan may include tentative targets for reducing the growth in spending for consideration by the legislature.

(b) In developing the plan, the commission shall consider the advisability and feasibility of the following options, but is not obligated to incorporate them into the plan:

(1) data and methods that could be used to calculate regional and statewide spending limits and the various options for expressing spending limits, such as maximum percentage growth rates or actuarially adjusted average per capita rates that reflect the demographics of the state or a region of the state;

(2) methods of adjusting spending limits to account for patients who are not Minnesota residents, to reflect care provided to a person outside the person's region, and to adjust for demographic changes over time;

(3) methods that could be used to monitor compliance with the limits;

(4) criteria for exempting spending on research and experimentation on new technologies and medical practices when setting or enforcing spending limits;

(5) methods that could be used to help providers, purchasers, consumers, and communities control spending growth;

(6) methods of identifying activities of consumers, providers, or purchasers that contribute to excessive growth in spending;

(7) methods of encouraging voluntary activities that will help keep spending within the limits;

(8) methods of consulting providers and obtaining their assistance and cooperation and safeguards that are necessary to protect providers from abrupt changes in revenues or practice requirements;

(9) methods of avoiding, preventing, or recovering spending in excess of the rate of growth identified by the commission;

(10) methods of depriving those who benefit financially from overspending of the benefit of overspending, including the option of recovering the amount of the excess spending from the greater provider community or from individual providers or groups of providers through targeted assessments;

(11) methods of reallocating health care resources among provider groups to correct existing inequities, reward desirable provider activities, discourage undesirable activities, or improve the quality, affordability, and accessibility of health care services;

(12) methods of imposing mandatory requirements relating to the delivery of health care, such as practice parameters, hospital admission protocols, 24-hour emergency care screening systems, or designated specialty providers;

(13) methods of preventing unfair health care practices that give a provider

or group purchaser an unfair advantage or financial benefit or that significantly circumvent, subvert, or obstruct the goals of this chapter;

(14) methods of providing incentives through special spending allowances or other means to encourage and reward special projects to improve outcomes or quality of care; and

(15) the advisability or feasibility of a system of permanent, regional coordinating boards to ensure community involvement in activities to improve affordability, accessibility, and quality of health care in each region.

Sec. 7. Minnesota Statutes 1992, section 62J.09, subdivision 8, is amended to read:

Subd. 8. [REPEALER.] This section is repealed effective July 1, 1993 1996.

Sec. 8. Minnesota Statutes 1992, section 62J.17, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision have the meanings given.

(a) [ACCESS.] "Access" has the meaning given in section 62J.2912, subdivision 2.

(b) [CAPITAL EXPENDITURE.] "Capital expenditure" means an expenditure which, under generally accepted accounting principles, is not properly chargeable as an expense of operation and maintenance.

(c) [COST.] "Cost" means the amount paid by consumers or third party payors for health care services or products.

(d) [DATE OF THE MAJOR SPENDING COMMITMENT.] "Date of the major spending commitment" means the date the provider formally obligated itself to the major spending commitment. The obligation may be incurred by entering into a contract, making a down payment, issuing bonds or entering a loan agreement to provide financing for the major spending commitment, or taking some other formal, tangible action evidencing the provider's intention to make the major spending commitment.

(b) (e) [HEALTH CARE SERVICE.] "Health care service" means:

(1) a service or item that would be covered by the medical assistance program under chapter 256B if provided in accordance with medical assistance requirements to an eligible medical assistance recipient; and

“Health care service” does not include retail, over-the-counter sales of nonprescription drugs and other retail sales of health-related products that are not generally paid for by medical assistance and other third-party coverage.

(e) (f) [MAJOR SPENDING COMMITMENT.] “Major spending commitment” means:

- (1) acquisition of a unit of medical equipment;

- (4) planning for an activity that would qualify as a major spending commitment under this paragraph; or
- (5) a project involving a combination of two or more of the activities in clauses (1) to (4).

The cost of acquisition of medical equipment, and the amount of a capital expenditure, is the total cost to the provider regardless of whether the cost is distributed over time through a lease arrangement or other financing or payment mechanism.

(d) (g) [MEDICAL EQUIPMENT.] “Medical equipment” means fixed and movable equipment that is used by a provider in the provision of a health care service. “Medical equipment” includes, but is not limited to, the following:

(f) [PROVIDER.] "Provider" means an individual, corporation, association, firm, partnership, or other entity that is regularly engaged in providing health care services in Minnesota.

Sec. 9. Minnesota Statutes 1992, section 62J.17, is amended by adding a subdivision to read:

*Subd. 4a. [EXPENDITURE REPORTING.] (a) [GENERAL REQUIREMENT.] A provider making a major spending commitment after April 1, 1992, that is in excess of \$500,000 shall submit notification of the expenditure to the commissioner and provide the commissioner with any relevant background information.*

*(b) [REPORT.] Notification must include a report, submitted within 60 days after the date of the major spending commitment, using terms conforming to the definitions in section 62J.03 and this section. Each report is subject to retrospective review and must contain:*

*(1) a detailed description of the major spending commitment and its purpose;*

*(2) the date of the major spending commitment;*

*(3) a statement of the expected impact that the major spending commitment will have on charges by the provider to patients and third party payors;*

*(4) a statement of the expected impact on the clinical effectiveness or quality of care received by the patients that the provider expects to serve;*

*(5) a statement of the extent to which equivalent services or technology are already available to the provider's actual and potential patient population;*

*(6) a statement of the distance from which the nearest equivalent services or technology are already available to the provider's actual and potential population;*

*(7) a statement describing the pursuit of any lawful collaborative arrangements; and*

*(8) a statement of assurance that the provider will not use, purchase, or perform health care technologies and procedures that are not clinically effective and cost-effective, unless the technology is used for experimental or research purposes to determine whether a technology or procedure is clinically effective and cost-effective.*

*The provider may submit any additional information that it deems relevant.*

*(c) [ADDITIONAL INFORMATION.] The commissioner may request additional information from a provider for the purpose of review of a report submitted by that provider, and may consider relevant information from other sources. A provider shall provide any information requested by the commissioner within the time period stated in the request, or within 30 days after the date of the request if the request does not state a time.*

*(d) [FAILURE TO COMPLY.] If the provider fails to submit a complete and timely expenditure report, including any additional information requested by the commissioner, the commissioner may make the provider's subsequent major spending commitments subject to the procedures of prospective review and approval under subdivision 6a.*

Sec. 10. Minnesota Statutes 1992, section 62J.17, is amended by adding a subdivision to read:

*Subd. 5a. [RETROSPECTIVE REVIEW.] (a) The commissioner shall retrospectively review each major spending commitment and notify the provider of the results of the review. The commissioner shall determine whether the major spending commitment was appropriate. In making the determination, the commissioner may consider the following criteria: the major spending commitment's impact on the cost, access, and quality of health care; the clinical effectiveness and cost-effectiveness of the major spending commitment; and the alternatives available to the provider.*

*(b) The commissioner may not prevent or prohibit a major spending commitment subject to retrospective review. However, if the provider fails the retrospective review, any major spending commitments by that provider for the five-year period following the commissioner's decision are subject to prospective review under subdivision 6a.*

Sec. 11. Minnesota Statutes 1992, section 62J.17, is amended by adding a subdivision to read:

*Subd. 6a. [PROSPECTIVE REVIEW AND APPROVAL.] (a) [REQUIREMENT.] No health care provider subject to prospective review under this subdivision shall make a major spending commitment unless:*

*(1) the provider has filed an application with the commissioner to proceed with the major spending commitment and has provided all supporting documentation and evidence requested by the commissioner; and*

*(2) the commissioner determines, based upon this documentation and evidence, that the major spending commitment is appropriate under the criteria provided in subdivision 5a in light of the alternatives available to the provider.*

*(b) [APPLICATION.] A provider subject to prospective review and approval shall submit an application to the commissioner before proceeding with any major spending commitment. The application must address each item listed in subdivision 4a, paragraph (a), and must also include documentation to support the response to each item. The provider may submit information, with supporting documentation, regarding why the major spending commitment should be excepted from prospective review under paragraph (d). The submission may be made either in addition to or instead of the submission of information relating to the items listed in subdivision 4a, paragraph (a).*

*(c) [REVIEW.] The commissioner shall determine, based upon the information submitted, whether the major spending commitment is appropriate under the criteria provided in subdivision 5a, or whether it should be excepted from prospective review under paragraph (d). In making this determination, the commissioner may also consider relevant information from other sources. At the request of the commissioner, the Minnesota health care commission shall convene an expert review panel made up of persons with knowledge and expertise regarding medical equipment, specialized services, health care expenditures, and capital expenditures to review applications and make recommendations to the commissioner. The commissioner shall make a decision on the application within 60 days after an application is received.*

*(d) [EXCEPTIONS.] The prospective review and approval process does not apply to:*

(1) a major spending commitment to replace existing equipment with comparable equipment, if the old equipment will no longer be used in the state;

(2) a major spending commitment made by a research and teaching institution for purposes of conducting medical education, medical research supported or sponsored by a medical school or by a federal or foundation grant, or clinical trials;

(3) a major spending commitment to repair, remodel, or replace existing buildings or fixtures if, in the judgment of the commissioner, the project does not involve a substantial expansion of service capacity or a substantial change in the nature of health care services provided; and

(4) mergers, acquisitions, and other changes in ownership or control that, in the judgment of the commissioner, do not involve a substantial expansion of service capacity or a substantial change in the nature of health care services provided.

(e) [NOTIFICATION REQUIRED FOR EXCEPTED MAJOR SPENDING COMMITMENT.] A provider making a major spending commitment covered by paragraph (d) shall provide notification of the major spending commitment as provided under subdivision 4a.

(f) [PENALTIES AND REMEDIES.] The commissioner of health has the authority to issue fines, seek injunctions, and pursue other remedies as provided by law.

Sec. 12. Minnesota Statutes 1992, section 62J.23, is amended by adding a subdivision to read:

Subd. 4. [INTEGRATED SERVICE NETWORKS.] (a) The legislature finds that the formation and operation of integrated service networks will accomplish the purpose of the federal Medicare antikickback statute, which is to reduce the overutilization and overcharging that may result from inappropriate provider incentives. Accordingly, it is the public policy of the state of Minnesota to support the development of integrated service networks. The legislature finds that the federal Medicare antikickback laws should not be interpreted to interfere with the development of integrated service networks or to impose liability for arrangements between an integrated service network and its participating entities.

(b) An arrangement between an integrated service network and any or all of its participating entities is not subject to liability under subdivisions 1 and 2.

Sec. 13. [62J.2911] [ANTITRUST EXCEPTIONS; PURPOSE.]

The legislature finds that the goals of controlling health care costs and improving the quality of and access to health care services will be significantly enhanced by cooperative arrangements involving providers or purchasers that might be prohibited by state and federal antitrust laws if undertaken without governmental involvement. The purpose of sections 62J.2911 to 62J.2921 is to create an opportunity for the state to review proposed arrangements and to substitute regulation for competition when an arrangement is likely to result in lower costs, or greater access or quality, than would otherwise occur in the marketplace. The legislature intends that approval of arrangements be accompanied by appropriate conditions, supervision, and

*regulation to protect against private abuses of economic power, and that an arrangement approved and supervised by the commissioner shall not be subject to state and federal antitrust liability.*

Sec. 14. [62J.2912] [DEFINITIONS.]

*Subdivision 1. [SCOPE.] For purposes of sections 62J.2911 to 62J.2921, the terms defined in this section have the meanings given them.*

*Subd. 2. [ACCESS.] "Access" means the financial, temporal, and geographic availability of health care to individuals who need it.*

*Subd. 3. [APPLICANT.] "Applicant" means the party or parties to an agreement or business arrangement for which the commissioner's approval is sought under this section.*

*Subd. 4. [COMMISSIONER.] "Commissioner" means the commissioner of health.*

*Subd. 5. [CONTESTED CASE.] "Contested case" means a proceeding conducted by the office of administrative hearings under sections 14.57 to 14.62.*

*Subd. 6. [COST OR COST OF HEALTH CARE.] "Cost" or "cost of health care" means the amount paid by consumers or third party payors for health care services or products. The commissioner's analysis of cost savings must focus on the individual consumer of health care. Cost savings to be realized by providers, health carriers, group purchasers, or other participants in the health care system are relevant only to the extent that the savings are likely to be passed on to the consumer. However, where an application is submitted by providers or purchasers who are paid primarily by third party payors unaffiliated with the applicant, it is sufficient for the applicant to show that cost savings are likely to be passed on to the unaffiliated third party payors; the applicants do not have the burden of proving that third party payors with whom the applicants are not affiliated will pass on cost savings to individuals receiving coverage through the third party payors.*

*Subd. 7. [CRITERIA.] "Criteria" means the cost, access, and quality of health care.*

*Subd. 8. [HEALTH CARE PRODUCTS.] "Health care products" means durable medical equipment and "medical equipment" as defined in section 62J.17, subdivision 2, paragraph (g).*

*Subd. 9. [HEALTH CARE SERVICE.] "Health care service" has the meaning given in section 62J.17, subdivision 2, paragraph (e).*

*Subd. 10. [PERSON.] "Person" means an individual or legal entity.*

Sec. 15. [62J.2913] [SCOPE.]

*Subdivision 1. [AVAILABILITY OF EXCEPTION.] Providers or purchasers wishing to engage in contracts, business or financial arrangements, or other activities, practices, or arrangements that might be construed to be violations of state or federal antitrust laws but which are in the best interests of the state and further the policies and goals of this chapter may apply to the commissioner for an exception.*

*Subd. 2. [STATE ANTITRUST LAW.] Notwithstanding the Minnesota antitrust law of 1971, as amended, in sections 325D.49 to 325D.66,*

contracts, business or financial arrangements, or other activities, practices, or arrangements involving providers or purchasers that are approved by the commissioner under section 62J.2918 do not constitute an unlawful contract, combination, or conspiracy in unreasonable restraint of trade or commerce under sections 325D.49 to 325D.66. Approval by the commissioner is an absolute defense against any action under state antitrust laws; except as provided under section 62J.2921, subdivision 5.

*Subd. 3. [ATTORNEY GENERAL CANNOT USE APPLICATION TO PROSECUTE.] The commissioner may ask the attorney general to comment on an application, but the application and any information obtained by the commissioner under sections 62J.2914 to 62J.2916 that is not otherwise available to the attorney general is not admissible in any proceeding brought by the attorney general based on an antitrust claim, except a proceeding brought under section 62J.2921, subdivision 5, based on an applicant's failure to substantially comply with the terms of the application.*

*Subd. 4. [OUT-OF-STATE APPLICANTS.] Providers or purchasers not physically located in Minnesota are eligible to seek an exception for arrangements in which they transact business in Minnesota as defined in section 295.51.*

**Sec. 16. [62J.2914] [APPLICATION.]**

*Subdivision 1. [DISCLOSURE.] An application for approval must include, to the extent applicable, disclosure of the following:*

- (4) the name, address, and telephone number of the persons authorized to receive notices and communications with respect to the application;*
- (5) a verified statement by a responsible officer of each party to the application attesting to the accuracy and completeness of the enclosed information;*
- (6) background information relating to the proposed arrangement, including:
  - (i) a description of the proposed arrangement, including a list of any services or products that are the subject of the proposed arrangement;*
  - (ii) an identification of any tangential services or products associated with the services or products that are the subject of the proposed arrangement;*
  - (iii) a description of the geographic territory involved in the proposed arrangement;*
  - (iv) if the geographic territory described in item (iii), is different from the territory in which the applicants have engaged in the type of business at issue over the last five years, a description of how and why the geographic territory differs;*
  - (v) identification of all products or services that a substantial share of**

consumers would consider substitutes for any service or product that is the subject of the proposed arrangement;

(vi) identification of whether any services or products of the proposed arrangement are currently being offered, capable of being offered, utilized, or capable of being utilized by other providers or purchasers in the geographic territory described in item (iii);

(vii) identification of the steps necessary, under current market and regulatory conditions, for other parties to enter the territory described in item (iii) and compete with the applicant;

(viii) a description of the previous history of dealings between the parties to the application;

(ix) a detailed explanation of the projected effects, including expected volume, change in price, and increased revenue, of the arrangement on each party's current businesses, both generally as well as the aspects of the business directly involved in the proposed arrangement;

(x) the present market share of the parties to the application and of others affected by the proposed arrangement, and projected market shares after implementation of the proposed arrangement;

(xi) a statement of why the projected levels of cost, access, or quality could not be achieved in the existing market without the proposed arrangement; and

(xii) an explanation of how the arrangement relates to any Minnesota health care commission or applicable regional coordinating board plans for delivery of health care; and

(7) a detailed explanation of how the transaction will affect cost, access, and quality. The explanation must address the factors in section 62J.2917, subdivision 2, paragraphs (b) to (d), to the extent applicable.

**Subd. 2. [STATE REGISTER NOTICE.]** In addition to the disclosures required in subdivision 1, the application must contain a written description of the proposed arrangement for purposes of publication in the State Register. The notice must include sufficient information to advise the public of the nature of the proposed arrangement, and to enable the public to provide meaningful comments concerning the expected results of the arrangement. The notice must also state that any person may provide written comments to the commissioner, with a copy to the applicant, within 20 days of the notice's publication. The commissioner shall approve the notice before publication. If the commissioner determines that the submitted notice does not provide sufficient information, the commissioner may amend the notice before publication and may consult with the applicant in preparing the amended notice. The commissioner shall not publish an amended notice without the applicant's approval.

**Subd. 3. [MULTIPLE PARTIES TO A PROPOSED ARRANGEMENT.]** For a proposed arrangement involving multiple parties, one joint application must be submitted on behalf of all parties to the arrangement.

**Subd. 4. [FILING FEE.]** An application must be accompanied by a filing fee of \$....., which must be deposited in the health care access fund. The total of the deposited application fees is appropriated annually to the commissioner to administer the antitrust exceptions program.

*Subd. 5. [TRADE SECRET INFORMATION; PROTECTION.] Trade secret information, as defined in section 13.37, subdivision 1, paragraph (b), must be protected to the extent required under chapter 13.*

*Subd. 6. [COMMISSIONER'S AUTHORITY TO REFUSE TO REVIEW.] (a) If the commissioner determines that an application is unclear, incomplete, or provides an insufficient basis on which to base a decision, the commissioner may return the application. The applicant may complete or revise the application and resubmit it.*

*(b) If, upon review of the application and upon advice from the attorney general, the commissioner concludes that the proposed arrangement does not present any potential for liability under the state or federal antitrust laws, the commissioner may decline to review the application, and so notify the applicant.*

*(c) The commissioner may decline to review any application relating to arrangements already in effect before the submission of the application. However, the commissioner shall review any application if the review is expressly provided for in a settlement agreement entered into before the enactment of this section by the applicant and the attorney general.*

**Sec. 17. [62J.2915] [NOTICE AND COMMENT.]**

*Subdivision 1. [NOTICE.] The commissioner shall cause the notice described in section 62J.2914, subdivision 2, to be published in the State Register, and sent to the Minnesota health care commission, the regional coordinating boards for any regions that include all or part of the territory covered by the proposed arrangement and any person who has requested to be placed on a list to receive notice of applications. The commissioner may maintain separate notice lists for different regions of the state. The commissioner may also send a copy of the notice to any person together with a request that the person comment as provided under subdivision 2. Copies of the request must be provided to the applicant.*

*Subd. 2. [COMMENTS.] Within 20 days after the notice is published, any person may submit to the commissioner written comments with respect to the application. Persons submitting comments shall provide a copy of the comments to the applicant. The applicant may submit to the commissioner written responses to comments within ten days after the deadline for submitting comments. The applicant shall send a copy of the response to the person submitting the comment.*

**Sec. 18. [62J.2916] [PROCEDURE FOR REVIEW OF APPLICATIONS.]**

*Subdivision 1. [CHOICE OF PROCEDURES.] After the conclusion of the period provided in section 62J.2915, subdivision 2, for the applicant to respond to comments, the commissioner shall select one of the three procedures provided in subdivision 2. In determining which procedure to use, the commissioner shall consider the following criteria:*

*(1) the size of the proposed arrangement, in terms of number of parties and amount of money involved;*

*(2) the complexity of the proposed arrangement;*

*(3) the novelty of the proposed arrangement;*

*(4) the substance and quantity of the comments received;*

(5) any comments received from the Minnesota health care commission or regional coordinating boards; and

(6) the presence or absence of any significant gaps in the factual record.

If the applicant demands a contested case hearing no later than the conclusion of the period provided in section 62J.2915, subdivision 2, for the applicant to respond to comments, the commissioner shall not select a procedure. Instead, the applicant shall be given a contested case proceeding as a matter of right.

*Subd. 2. [PROCEDURES AVAILABLE.] (a) [DECISION ON THE WRITTEN RECORD.]* The commissioner may issue a decision based on the application, the comments and the applicant's responses to the comments, to the extent each is relevant. In making the decision, the commissioner may consult with staff of the department of health and may rely on department of health data.

(b) [LIMITED HEARING.] (1) The commissioner may order a limited hearing. A copy of the order must be mailed to the applicant and to all persons who have submitted comments or requested to be kept informed of the proceedings involving the application. The order must state the date, time, and location of the limited hearing, and must identify specific issues to be addressed at the limited hearing. The issues may include the feasibility and desirability of one or more alternatives to the proposed arrangement. The order must require the applicant to submit written evidence, in the form of affidavits and supporting documents, addressing the issues identified, within 20 days after the date of the order. The order shall also state that any person may arrange to receive a copy of the written evidence from the commissioner, at the person's expense, and may provide written comments on the evidence within 40 days after the date of the order. A person providing written comments shall provide a copy of the comments to the applicant.

(2) The limited hearing must be held before the commissioner or department of health staff member designated by the commissioner. The commissioner or the commissioner's designee shall question the applicant about the evidence submitted by the applicant. The questions may address relevant issues identified in the comments submitted in response to the written evidence, or identified by department of health staff or brought to light by department of health data. At the conclusion of the applicant's responses to the questions, any person who submitted comments about the applicant's written evidence may make a statement addressing the applicant's responses to the questions. The commissioner or the commissioner's designee may ask questions of any person making a statement. At the conclusion of all statements, the applicant may make a closing statement.

(3) The commissioner's decision after a limited hearing must be based upon the application, the comments, the applicant's response to the comments, the applicant's written evidence, the comments in response to the written evidence, and the information presented at the limited hearing, to the extent each is relevant. In making the decision, the commissioner may consult with staff of the department of health and may rely on department of health data.

(c) [CONTESTED CASE HEARING.] The commissioner may order a contested case hearing. A contested case hearing shall be tried before an administrative law judge who shall issue a written recommendation to the commissioner, and shall follow the procedures in sections 14.57 to 14.62. All

*factual issues relevant to a decision must be presented in the contested case. The attorney general may appear as a party. Additional parties may appear to the extent permitted under sections 14.57 to 14.62. The record in the contested case includes the application, the comments, the applicant's response to the comments, and any other evidence that is part of the record under sections 14.57 to 14.62.*

Sec. 19. [62J.2917] [CRITERIA FOR DECISION.]

*Subdivision 1. [CRITERIA.] The commissioner shall not approve an application unless the commissioner determines that the arrangement is more likely to result in lower costs, increased access, or increased quality of health care, than would otherwise occur under existing market conditions or conditions likely to develop without an exemption from state and federal antitrust law. In the event that a proposed arrangement appears likely to improve one or two of the criteria at the expense of another one or two of the criteria, the commissioner shall not approve the application unless the commissioner determines that the proposed arrangement, taken as a whole, is likely to substantially further the purpose of this chapter. In making such a determination, the commissioner may employ a cost/benefit analysis.*

*Subd. 2. [FACTORS.] (a) [GENERALLY APPLICABLE FACTORS.] In making a determination about cost, access, and quality, the commissioner may consider the following factors, to the extent relevant:*

*(1) whether the proposal is compatible with the cost containment plan or other plan of the Minnesota health care commission or the applicable regional plans of the regional coordinating boards;*

*(2) market structure:*

*(i) actual and potential sellers and buyers, or providers and purchasers;*

*(ii) actual and potential consumers;*

*(iii) geographic market area; and*

*(iv) entry conditions;*

*(3) current market conditions;*

*(4) the historical behavior of the market;*

*(5) performance of other, similar arrangements;*

*(6) whether the proposal unnecessarily restrains competition, or restrains competition in ways not reasonably related to the purposes of this chapter; and*

*(7) the financial condition of the applicant.*

*(b) [COST.] In making determinations as to costs, the commissioner may consider:*

*(1) the cost savings likely to result to the applicant;*

*(2) the extent to which the cost savings are likely to be passed on to the consumer and in what form;*

*(3) the extent to which the proposed arrangement is likely to result in cost*

*shifting by the applicant onto other payors or purchasers of other products or services;*

*(4) the extent to which the cost shifting by the applicant is likely to be followed by other persons in the market;*

*(5) the current and anticipated supply and demand for any products or services at issue;*

*(6) the representations and guarantees of the applicant, and their enforceability;*

*(7) likely effectiveness of regulation by the commissioner;*

*(8) inferences to be drawn from market structure;*

*(9) the cost of regulation, both for the state and for the applicant; and*

*(10) any other factors tending to show that the proposed arrangement is or is not likely to reduce cost.*

*(c) [ACCESS.] In making determinations as to access, the commissioner may consider:*

*(1) the extent to which the utilization of needed health care services or products by the intended targeted population is likely to increase or decrease. When a proposed arrangement is likely to increase access in one geographic area, by lowering prices or otherwise expanding supply, but limits access in another geographic area by removing service capabilities from that second area, the commissioner shall articulate the criteria employed to balance these effects;*

*(2) the extent to which the proposed arrangement is likely to make available a new service or product to a certain geographic area; and*

*(3) the extent to which the proposed arrangement is likely to otherwise make health care services or products more financially or geographically available to persons who need them.*

*If the commissioner determines that the proposed arrangement is likely to increase access, the commissioner shall also determine and make a specific finding that the increased access is not due to overutilization of the product or service for which access is expanded.*

*(d) [QUALITY.] In making determinations as to quality, the commissioner may consider the extent to which the proposed arrangement is likely to:*

*(1) decrease morbidity and mortality;*

*(2) result in faster convalescence;*

*(3) result in fewer hospital days;*

*(4) permit providers to attain needed experience or frequency of treatment, leading to better outcomes;*

*(5) increase patient satisfaction; and*

*(6) have any other features likely to improve or reduce the quality of health care.*

Sec. 20. [62J.2918] [DECISION.]

*Subdivision 1. [APPROVAL OR DISAPPROVAL.] The commissioner shall issue a written decision approving or disapproving the application. The commissioner may condition approval on a modification of all or part of the proposed arrangement to eliminate any restriction on competition that is not reasonably related to the goals of reducing cost or improving access or quality. The commissioner may also establish conditions for approval that are reasonably necessary to protect against abuses of private economic power and to ensure that the arrangement is appropriately supervised and regulated by the state.*

*Subd. 2. [FINDINGS OF FACT.] The commissioner's decision shall make specific findings of fact concerning the cost, access, and quality criteria, and identify one or more of those criteria as the basis for the decision.*

*Subd. 3. [DATA FOR SUPERVISION.] A decision approving an application must require the periodic submission of specific data relating to cost, access, and quality, and to the extent feasible, identify objective standards of cost, access, and quality by which the success of the arrangement will be measured. However, if the commissioner determines that the scope of a particular proposed arrangement is such that the arrangement is certain to have neither a positive or negative impact on one or two of the criteria, the commissioner's decision need not require the submission of data or establish an objective standard relating to those criteria.*

**Sec. 21. [62J.2919] [APPEAL.]**

*After the commissioner has rendered a decision, the applicant or any other person aggrieved may appeal the decision to the Minnesota court of appeals within 30 days after receipt of the commissioner's decision. The appeal is governed by sections 14.63 to 14.69. The appellate process does not include a contested case under sections 14.57 to 14.62. The commissioner's determination, under section 62J.2916, subdivision 1, of which procedure to use may not be raised as an issue on appeal.*

**Sec. 22. [62J.2920] [SUPERVISION AFTER APPROVAL.]**

*Subdivision 1. [ACTIVE SUPERVISION.] The commissioner shall actively supervise, monitor, and regulate approved arrangements.*

*Subd. 2. [PROCEDURES.] The commissioner shall review data submitted periodically by the applicant. The commissioner's order shall set forth the time schedule for the submission of data, which shall be at least once a year. The commissioner's order must identify the data that must be submitted, although the commissioner may subsequently require the submission of additional data or alter the time schedule. Upon review of the data submitted, the commissioner shall notify the applicant of whether the arrangement is in compliance with the commissioner's order. If the arrangement is not in compliance with the commissioner's order, the commissioner shall identify those respects in which the arrangement does not conform to the commissioner's order.*

*An applicant receiving notification that an arrangement is not in compliance has 30 days in which to respond with additional data. The response may include a proposal and a time schedule by which the applicant will bring the arrangement into compliance with the commissioner's order. If the arrangement is not in compliance and the commissioner and the applicant cannot*

agree to the terms of bringing the arrangement into compliance, the matter shall be set for a contested case hearing.

The commissioner shall publish notice in the State Register two years after the date of an order approving an application, and at two-year intervals thereafter, soliciting comments from the public concerning the impact that the arrangement has had on cost, access, and quality. The commissioner may request additional oral or written information from the applicant or from any other source.

Subd. 3. [STUDY.] The commissioner shall study and make recommendations by January 15, 1995, on the appropriate length and scope of active supervision of arrangements approved for exemption from the antitrust laws.

Sec. 23. [62J.2921] [REVOCATION.]

Subdivision 1. [CONDITIONS.] The commissioner may revoke approval of a cooperative arrangement only if:

(1) the arrangement is not in substantial compliance with the terms of the application;

(2) the arrangement is not in substantial compliance with the conditions of approval;

(3) the arrangement has not and is not likely to substantially achieve the improvements in cost, access, or quality identified in the approval order as the basis for the commissioner's approval of the arrangement; or

(4) the conditions in the marketplace have changed to such an extent that competition would promote reductions in cost and improvements in access and quality better than does the arrangement at issue. In order to revoke on the basis that conditions in the marketplace have changed, the commissioner's order must identify specific changes in the marketplace and articulate why those changes warrant revocation.

Subd. 2. [NOTICE.] The commissioner shall begin a proceeding to revoke approval by providing written notice to the applicant describing in detail the basis for the proposed revocation. Notice of the proceeding must be published in the State Register and submitted to the Minnesota health care commission and the applicable regional coordinating boards. The notice must invite the submission of comments to the commissioner.

Subd. 3. [PROCEDURE.] A proceeding to revoke an approval must be conducted as a contested case proceeding upon the written request of the applicant. Decisions of the commissioner in a proceeding to revoke approval are subject to judicial review under sections 14.63 to 14.69.

Subd. 4. [ALTERNATIVES TO REVOCATION PREFERRED.] In deciding whether to revoke an approval, the commissioner shall take into account the hardship that the revocation may impose on the applicant, and any potential disruption of the market as a whole. The commissioner shall not revoke an approval if the arrangement can be modified, restructured, or regulated so as to remedy the problem upon which the revocation proceeding is based. The applicant may submit proposals for alternatives to revocation. Before approving an alternative to revocation that involves modifying or restructuring an arrangement, the commissioner shall publish notice in the State Register that any person may comment on the proposed modification or restructuring within 20 days after publication of the notice. The commissioner

shall not approve the modification or restructuring until the comment period has concluded. An approved, modified, or restructured arrangement is subject to active supervision under section 62J.2920.

*Subd. 5. [IMPACT OF REVOCATION.] An applicant that has had its approval revoked is not required to terminate the arrangement. The applicant cannot be held liable under state or federal antitrust law for acts that occurred while the approval was in effect, except to the extent that the applicant failed to substantially comply with the terms of its application or failed to substantially comply with the terms of the approval. The applicant is fully subject to state and federal antitrust law after the revocation becomes effective, and may be held liable for acts that occur after the revocation.*

**Sec. 24. [UNIVERSAL COVERAGE PLAN.]**

*The health care commission shall develop and submit to the legislature and the governor by December 15, 1993, a comprehensive plan that will lead to universal health coverage for all Minnesotans by January 1, 1997. The plan must include an implementation plan and time schedule for the coordinated phasing in of health insurance reforms, changes or expansions in government programs, and other actions recommended by the commission. The plan must also include annual targets for expanding coverage to uninsured persons and populations and periodic evaluations of the progress being made toward achieving annual targets and universal coverage.*

**Sec. 25. [REPEALER.]**

*Minnesota Statutes 1992, sections 62J.17, subdivisions 4, 5, and 6; and 62J.29, are repealed.*

**Sec. 26. [EFFECTIVE DATE.]**

*Sections 1 to 25 are effective the day following final enactment. Sections 8 to 11 apply retroactively to any major spending commitment entered into after April 1, 1992, except that the requirements of section 62J.17, subdivision 4a, paragraph (a), that a report be submitted within 60 days after a major spending commitment and that a report include the items specifically listed are not retroactive.*

## ARTICLE 8

### SMALL EMPLOYER INSURANCE REFORM

Section 1. Minnesota Statutes 1992, section 62L.02, subdivision 26, is amended to read:

**Subd. 26. [SMALL EMPLOYER.]** "Small employer" means a person, firm, corporation, partnership, association, or other entity actively engaged in business who, on at least 50 percent of its working days during the preceding calendar year, employed no fewer than two nor more than 29 eligible employees, the majority of whom were employed in this state. If a small employer has only two eligible employees, one employee must not be the spouse, child, sibling, parent, or grandparent of the other, except that a small employer plan may be offered through a domiciled association to self-employed individuals and small employers who are members of the association, even if the self-employed individual or small employer has fewer than two employees or the employees are family members. Entities that are eligible to file a combined tax return for purposes of state tax laws are considered a

single employer for purposes of determining the number of eligible employees. Small employer status must be determined on an annual basis as of the renewal date of the health benefit plan. The provisions of this chapter continue to apply to an employer who no longer meets the requirements of this definition until the annual renewal date of the employer's health benefit plan. Where an association, described in section 62A.10, subdivision 1, comprised of employers contracts with a health carrier to provide coverage to its members who are small employers, the association may elect to be considered to be a small employer, even though the association provides coverage to more than 29 employees of its members, so long as each employer that is provided coverage through the association qualifies as a small employer. An association's election to be considered a small employer under this section is not effective unless filed with the commissioner of commerce *and unless the association notifies a health carrier of the election before purchasing coverage from the carrier.* The association may revoke its election at any time by filing notice of revocation with the commissioner. *If an employer has employees covered under a trust established in a collective bargaining agreement under the federal Labor-Management Relations Act of 1947, United States Code, title 29, section 141, et seq., as amended, those employees are excluded in determining whether the employer qualifies as a small employer.*

Sec. 2. Minnesota Statutes 1992, section 62L.02, subdivision 27, is amended to read:

Subd. 27. [SMALL EMPLOYER MARKET.] (a) "Small employer market" means the market for health benefit plans for small employers.

(b) A health carrier is considered to be participating in the small employer market if the carrier offers, sells, issues, or renews a health benefit plan to: (1) any small employer; or (2) the eligible employees of a small employer offering a health benefit plan if, with the knowledge of the health carrier, ~~both~~ *either* of the following conditions ~~are~~ *is* met:

(i) any portion of the premium or benefits is paid for or reimbursed by a small employer; ~~and~~ *or*

(ii) the health benefit plan is treated by the employer or any of the eligible employees or dependents as part of a plan or program for the purposes of the Internal Revenue Code, section 106, 125, or 162.

Sec. 3. Minnesota Statutes 1992, section 62L.03, subdivision 3, is amended to read:

Subd. 3. [MINIMUM PARTICIPATION.] (a) A small employer that has at least 75 percent of its eligible employees who have not waived coverage participating in a health benefit plan must be guaranteed coverage from any health carrier participating in the small employer market. The participation level of eligible employees must be determined at the initial offering of coverage and at the renewal date of coverage. A health carrier may not increase the participation requirements applicable to a small employer at any time after the small employer has been accepted for coverage. For the purposes of this subdivision, waiver of coverage includes only waivers due to coverage under another group health plan. *If a small employer does not satisfy the 75 percent participation requirement, a health carrier may decline to issue or renew coverage. If a health carrier voluntarily issues or renews a health*

*benefit plan in that situation, the health benefit plan must fully comply with this chapter.*

(b) A health carrier may require that small employers contribute a specified minimum percentage toward the cost of the coverage of eligible employees, so long as the requirement is uniformly applied for all small employers and for all types of health benefit plans, except for the small employer plans. If a small employer does not satisfy a health carrier's contribution requirement under this paragraph, the health carrier shall not issue or renew a health benefit plan to the small employer and shall not issue or renew individual coverage to the small employer's employees or their dependents, except as permitted under section 62L.12, subdivision 2.

(c) For the small employer plans, a health carrier must shall require that small employers contribute at least 50 percent of the cost of the coverage of eligible employees. The health carrier must shall impose this small employer plan contribution requirement on a uniform basis for both small employer plans and for all small employers seeking to purchase a small employer plan. If a small employer does not satisfy the contribution requirement under this paragraph, a health carrier shall not issue or renew a small employer plan to the small employer and shall not issue or renew individual coverage to the small employer's employees or their dependents, except as permitted under section 62L.12, subdivision 2.

(e) (d) Nothing in this section obligates a health carrier to issue coverage to a small employer that currently offers coverage through a health benefit plan from another health carrier, unless the new coverage will replace the existing coverage and not serve as one of two or more health benefit plans offered by the employer.

Sec. 4. Minnesota Statutes, 1992, section 62L.03, subdivision 4, is amended to read:

Subd. 4. [UNDERWRITING RESTRICTIONS.] Health carriers may apply underwriting restrictions to coverage for health benefit plans for small employers, including any preexisting condition limitations, only as expressly permitted under this chapter. For purposes of this subdivision, "underwriting restrictions" means any refusal of the health carrier to issue or renew coverage, any premium rate higher than the lowest rate charged by the health carrier for the same coverage, or any preexisting condition limitation or exclusion. Health carriers may collect information relating to the case characteristics and demographic composition of small employers, as well as health status and health history information about employees of small employers. Except as otherwise authorized for late entrants, preexisting conditions may be excluded by a health carrier for a period not to exceed 12 months from the effective date of coverage of an eligible employee or dependent. When calculating a preexisting condition limitation, a health carrier shall credit the time period an eligible employee or dependent was previously covered by qualifying prior coverage, provided that the individual maintains continuous coverage. Late entrants may be subject to a preexisting condition limitation not to exceed 18 months from the effective date of coverage of the late entrant. Late entrants may also be excluded from coverage for a period not to exceed 18 months, provided that if a health carrier imposes an exclusion from coverage and a preexisting condition limitation, the combined time period for both the coverage exclusion and preexisting condition limitation must not exceed 18 months.

Sec. 5. Minnesota Statutes 1992, section 62L.04, subdivision 1, is amended to read:

Subdivision 1. [APPLICABILITY OF CHAPTER REQUIREMENTS.] Beginning July 1, 1993, health carriers participating in the small employer market must offer and make available any health benefit plan that they offer, including both of the small employer plans provided in section 62L.05, to all small employers who satisfy the small employer participation *and contribution* requirements specified in this chapter. Compliance with these requirements is required as of the first renewal date of any small employer group occurring after July 1, 1993. For new small employer business, compliance is required as of the first date of offering occurring after July 1, 1993.

Compliance with these requirements is required as of the first renewal date occurring after July 1, 1994, with respect to employees of a small employer who had been issued individual coverage prior to July 1, 1993, administered by the health carrier on a group basis. Notwithstanding any other law to the contrary, the health carrier shall terminate any individual coverage for employees of small employers who satisfy the small employer participation requirements specified in section 62L.03 and offer to replace it with a health benefit plan. If the employer elects not to purchase a health benefit plan, the health carrier must offer all covered employees and dependents the option of maintaining their current coverage, administered on an individual basis, or replacement individual coverage. Small employer and replacement individual coverage provided under this subdivision must be without application of underwriting restrictions, provided continuous coverage is maintained.

Sec. 6. Minnesota Statutes 1992, section 62L.05, subdivision 4, is amended to read:

Subd. 4. [BENEFITS.] The medical services and supplies listed in this subdivision are the benefits that must be covered by the small employer plans described in subdivisions 2 and 3:

(1) inpatient and outpatient hospital services, excluding services provided for the diagnosis, care, or treatment of chemical dependency or a mental illness or condition, other than those conditions specified in clauses (10), (11), and (12);

(2) physician, *chiropractor*, and nurse practitioner services for the diagnosis or treatment of illnesses, injuries, or conditions;

(3) diagnostic X-rays and laboratory tests;

(4) ground transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition, or as otherwise required by the health carrier;

(5) services of a home health agency if the services qualify as reimbursable services under Medicare and are directed by a physician or qualify as reimbursable under the health carrier's most commonly sold health plan for insured group coverage;

(6) services of a private duty registered nurse if medically necessary, as determined by the health carrier;

(7) the rental or purchase, as appropriate, of durable medical equipment, other than eyeglasses and hearing aids;

(8) child health supervision services up to age 18, as defined in section 62A.047;

(9) maternity and prenatal care services, as defined in sections 62A.041 and 62A.047;

(10) inpatient hospital and outpatient services for the diagnosis and treatment of certain mental illnesses or conditions, as defined by the International Classification of Diseases-Clinical Modification (ICD-9-CM), seventh edition (1990) and as classified as ICD-9 codes 295 to 299;

(11) ten hours per year of outpatient mental health diagnosis or treatment for illnesses or conditions not described in clause (10);

(12) 60 hours per year of outpatient treatment of chemical dependency; and

(13) 50 percent of eligible charges for prescription drugs, up to a separate annual maximum out-of-pocket expense of \$1,000 per individual for prescription drugs, and 100 percent of eligible charges thereafter.

Sec. 7. Minnesota Statutes 1992, section 62L.05, subdivision 6, is amended to read:

Subd. 6. [CHOICE PRODUCTS EXCEPTION.] Nothing in subdivision 1 prohibits a health carrier from offering a small employer plan which provides for different benefit coverages based on whether the benefit is provided through a primary network of providers or through a secondary network of providers so long as the benefits provided in the primary network equal the benefit requirements of the small employer plan as described in this section. For purposes of products issued under this subdivision, out-of-pocket costs in the secondary network may exceed the out-of-pocket limits described in subdivision 1. *A secondary network must not be used to provide "benefits in addition" as defined in subdivision 5, except in compliance with that subdivision.*

Sec. 8. Minnesota Statutes 1992, section 62L.09, subdivision 1, is amended to read:

Subdivision 1. [NOTICE TO COMMISSIONER.] A health carrier electing to cease doing business in the small employer market shall notify the commissioner 180 days prior to the effective date of the cessation. ~~The cessation of business does not include the failure of a health carrier to offer or issue new business in the small employer market or continue an existing product line, provided that a health carrier does not terminate, cancel, or fail to renew its current small employer business or other product lines.~~ *The health carrier shall simultaneously provide a copy of the notice to each small employer covered by a health benefit plan issued by the health carrier.*

*Upon making the notification, the health carrier shall not offer or issue new business in the small employer market. The health carrier shall renew its current small employer business due for renewal within 120 days after the date of the notification, but shall not renew any small employer business more than 120 days after the date of the notification.*

*A health carrier that elects to cease doing business in the small employer market shall continue to be governed by this chapter with respect to any continuing small employer business conducted by the health carrier.*

Sec. 9. [REPEALER.]

*Minnesota Statutes 1992, section 62L.09, subdivision 2, is repealed.*

Sec. 10. [EFFECTIVE DATE.]

*Sections 1 to 9 are effective July 1, 1993.*

## ARTICLE 9

### INDIVIDUAL MARKET REFORM; MISCELLANEOUS

Section 1. Minnesota Statutes 1992, section 62A.021, subdivision 1, is amended to read:

Subdivision 1. [LOSS RATIO STANDARDS.] Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, a health care policy form or certificate form shall not be delivered or issued for delivery to an individual or to a small employer as defined in section 62L.02, unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to Minnesota policyholders and certificate holders in the form of aggregate benefits not including anticipated refunds or credits, provided under the policy form or certificate form, (1) at least 75 percent of the aggregate amount of premiums earned in the case of policies issued in the small employer market, as defined in section 62L.02, subdivision 27; and (2) at least 65 percent of the aggregate amount of premiums earned in the case of policies issued in the individual market, calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. A health carrier shall demonstrate that the third-year loss ratio is greater than or equal to the applicable percentage. Assessments by the reinsurance association created in chapter 62L and any types of taxes, surcharges, or assessments created by Laws 1992, chapter 549, or created on or after April 23, 1992, are included in the calculation of incurred claims experience or incurred health care expenses. The applicable percentage for policy forms and certificate forms issued in the small employer market, as defined in section 62L.02, increases by one percentage point on July January 1 of each year beginning on January 1, 1995, until an 80 percent loss ratio is reached on July January 1, 1998 1999. The applicable percentage for policy forms and certificate forms issued in the individual market increases by one percentage point on July January 1 of each year, until a 70 percent loss ratio is reached on July January 1, 1998 1999. A health carrier that enters a market after July 1, 1993, does not start at the beginning of the phase-in schedule and must instead comply with the loss ratio requirements applicable to other health carriers in that market for each time period. Premiums earned and claims incurred in markets other than the small employer and individual markets are not relevant for purposes of this section.

Notwithstanding section 645.26, any act enacted at the 1992 regular legislative session that amends or repeals section 62A.135 or that otherwise changes the loss ratios provided in that section is void.

All filings of rates and rating schedules shall demonstrate that actual expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can

be expected to meet the appropriate loss ratio standards, and aggregate loss ratio from inception of the policy form or certificate form shall equal or exceed the appropriate loss ratio standards.

A health carrier that issues health care policies and certificates to individuals or to small employers, as defined in section 62L.02, in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy form or certificate form duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. ~~An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policy forms or certificate forms in force less than three years.~~ If the data submitted does not confirm that the health carrier has satisfied the loss ratio requirements of this section, the commissioner shall notify the health carrier in writing of the deficiency. The health carrier shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the health carrier fails to file amended rates within the prescribed time, the commissioner shall order that the health carrier's filed rates for the nonconforming policy form or certificate form be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The health carrier's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the health carrier from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data available to the public at a cost not to exceed the cost of copying. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

Each sale of a policy or certificate that does not comply with the loss ratio requirements of this section is an unfair or deceptive act or practice in the business of insurance and is subject to the penalties in sections 72A.17 to 72A.32.

For purposes of this section, health care policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

For purposes of this section, (1) "health care policy" or "health care certificate" is a health plan as defined in section 62A.011; and (2) "health carrier" has the meaning given in section 62A.011 and includes all health carriers delivering or issuing for delivery health care policies or certificates in this state or offering these policies or certificates to residents of this state.

*The first period for which the loss ratio required by this section must be calculated is the 18-month period beginning July 1, 1993. Beginning January 1, 1995, the loss ratio must be calculated on a calendar year basis.*

Sec. 2. Minnesota Statutes 1992, section 62A.65, is amended to read:

62A.65 [INDIVIDUAL MARKET REGULATION.]

Subdivision 1. [APPLICABILITY.] No health carrier, as defined in chapter 62L, section 62A.011, shall offer, sell, issue, or renew any individual policy of accident and sickness coverage, as defined in section 62A.01, subdivision 1, any individual subscriber contract regulated under chapter 62C, any individual health maintenance contract regulated under chapter 62D, any individual health benefit certificate regulated under chapter 64B, or any individual health coverage provided by a multiple employer welfare arrangement, health plan, as defined in section 62A.011, to a Minnesota resident except in compliance with this section. For purposes of this section, "health benefit plan" has the meaning given in chapter 62L, except that the term means individual coverage, including family coverage, rather than employer group coverage. This section does not apply to the comprehensive health association established in section 62E.10 or to coverage described in section 62A.31, subdivision 1, paragraph (h), or to long-term care policies as defined in section 62A.46, subdivision 2.

Subd. 2. [GUARANTEED RENEWAL.] No individual health benefit plan may be offered, sold, issued, or renewed to a Minnesota resident unless the health benefit plan provides that the plan is guaranteed renewable at a premium rate that does not take into account the claims experience or any change in the health status of any covered person that occurred after the initial issuance of the health benefit plan to the person. The premium rate upon renewal must also otherwise comply with this section. An individual health benefit plan may be subject to refusal to renew only under the conditions provided in chapter 62L for health benefit plans.

Subd. 3. [PREMIUM RATE RESTRICTIONS.] No individual health benefit plan may be offered, sold, issued, or renewed to a Minnesota resident unless the premium rate charged is determined in accordance with the rating and premium restrictions provided under chapter 62L, except that the minimum loss ratio applicable to an individual coverage health plan is as provided in section 62A.021. All provisions rating and premium restrictions of chapter 62L apply to rating and premium restrictions in the individual market, unless clearly inapplicable to the individual market.

Subd. 4. [GENDER RATING PROHIBITED.] No individual health benefit plan offered, sold, issued, or renewed to a Minnesota resident may determine the premium rate or any other underwriting decision, including initial issuance, on the gender of any person covered or to be covered under the health benefit plan.

Subd. 5. [PORTABILITY OF COVERAGE.] (a) No individual health benefit plan may be offered, sold, or issued, or renewed to a Minnesota resident that contains a preexisting condition limitation or exclusion, unless the limitation or exclusion would be permitted under chapter 62L provided that underwriting restrictions may be retained on individual contracts that are issued without evidence of insurability as a replacement for prior individual coverage. The individual may be treated as a late entrant, as defined in chapter 62L, unless the individual has maintained continuous coverage as defined in chapter 62L. An individual who has maintained continuous coverage may be subjected to a one-time preexisting condition limitation as permitted under chapter 62L for persons who are not late entrants, at the time that the individual first is covered by under an individual coverage health plan by any health carrier. Thereafter, the person must not be subject to any preexisting condition limitation under an individual health plan by any health carrier,

except an unexpired portion of a limitation under prior coverage, so long as the individual maintains continuous coverage.

(b) A health carrier must offer *an individual coverage health plan* to any individual previously covered under a group health benefit plan issued by that health carrier, so long as the individual maintained continuous coverage as defined in chapter 62L. *Coverage A health plan* issued under this paragraph must not contain any preexisting condition limitation or exclusion, except for any unexpired limitation or exclusion under the previous coverage. The initial premium rate for the individual *coverage health plan* must comply with subdivision 3. The premium rate upon renewal must comply with subdivision 2.

Subd. 6. [GUARANTEED ISSUE NOT REQUIRED.] Nothing in this section requires a health carrier to initially issue a health benefit plan to a Minnesota resident, except as otherwise expressly provided in subdivision 4 or 5.

Sec. 3. Minnesota Statutes 1992, section 62E.02, subdivision 23, is amended to read:

Subd. 23. *(c) Any organization licensed under Minnesota Statutes, chapter 349, and conducting lawful gambling in the licensed establishment is entitled to ten percent of the net machine income from the operation of a video lottery machine or a greater percentage as determined under paragraph (g). A local statutory or home rule charter city or county may require by ordinance that the organization contribute up to ten percent of the amount of net machine income the organization receives to a fund administered and regulated by the responsible local unit of government for disbursement by the responsible local unit of government for lawful purposes contributions or expenditures, as defined in Minnesota Statutes, section 349.12, subdivision 25, paragraph (a). If there is no organization conducting lawful gambling at the licensed establishment, the ten percent shall be remitted to the local statutory or home rule charter city or county in which the licensed establishment is located for the purpose of economic development within that jurisdiction.*

*(d) The state's percentage and the percentage under paragraph (c) of net machine income must be reported and remitted to the director on the days determined by the director.*

(e) An operator who falsely reports or fails to report the amount due as required by this section is guilty of a misdemeanor and is subject to termination of the operator's license.

(f) An operator must keep a record of net machine income in the form the director requires. A payment not remitted when due must be paid together with a penalty assessment on the unpaid balance at a rate of 1-1/2 percent per month.

(g) If the ten percent figure in paragraph (c) when added to the gross profits from lawful gambling at that location for that year does not meet or exceed 110 percent of the gross profits from lawful gambling in 1992 at that location, then the organization is entitled to an additional amount of the net machine income necessary to reach this 110 percent figure. The director may require the licensed organization and the licensed establishment to submit information necessary to implement this paragraph and paragraph (c).

**Sec. 27. [REMITTANCE THROUGH ELECTRONIC TRANSFER OF FUNDS.]**

The operator of a video lottery machine must remit the state's percentage of net machine income through the electronic transfer of funds. The operator must furnish to the director all information and bank authorizations required to facilitate timely payment to the director. The operator must provide the director 30 days' advance notice of a proposed account change to ensure the uninterrupted electronic transfer of funds.

**Sec. 28. [INTEREST ON LATE PAYMENT OR INSUFFICIENT FUNDS PAYMENT.]**

An operator must maintain a balance in its account in an amount to cover the state's percentage of net machine income set forth in section 26. If an operator fails to maintain a balance in the account as required by this section, the director must assess interest at the rate of 1-1/2 percent per month on the unpaid balance. If an operator fails to remit full payment, including interest, before the next payment date, the director may disable the machine and prevent further play, suspend or revoke the operator's license, or impose a civil fine.

**Sec. 29. [AUDIT TAPE.]**

An operator must retain an audit tape that records an exact duplicate of tickets printed and transactions recorded in the video lottery machine. The audit tape must be kept for a period of three years; identified by machine, and stored in a secure area.

**Sec. 30. [INCOME RECORD KEEPING.]**

An operator must keep accurate records of net machine income generated from a machine. The director must prepare and mail to the operator a statement reflecting the net machine income and the state's percentage of that amount before the date payment is remitted through the electronic transfer of funds. An operator must report to the director any discrepancies in net machine income between the lottery's statement and a machine's mechanical and electronic meter readings. The director is not responsible for resolving discrepancies in net machine income between actual money collected and the amount shown on the accounting meters or billing statement. In the event of a discrepancy, the operator must submit to the director information, includ-

ing, without limitation, current mechanical meter readings and the audit ticket that contains electronic meter readings generated by the machine's software, necessary to resolve the discrepancy.

**Sec. 31. [REQUEST FOR REPORTS.]**

An operator may request, and the director must supply to the extent available, additional reports on play transactions of a video lottery machine and other marketing information not considered confidential by the director. The director may charge a fee for the cost of producing and mailing the reports and information.

**Sec. 32. [REVOCATION, SUSPENSION, AND REFUSAL TO RENEW LICENSES.]**

(5) has violated Minnesota Statutes, section 340A.503, subdivision 2, clause (1), two or more times within a two-year period.

(c) The director may also revoke, suspend, or refuse to renew a license of a video lottery machine manufacturer, distributor, operator, or licensed establishment if there is a material change in any of the factors considered by the director under section 13, subdivision 4.

(d) A license cancellation, suspension, or refusal to renew under this subdivision is a contested case under Minnesota Statutes, sections 14.57 to 14.69, and is in addition to any criminal penalties provided for a violation of law or rule.

(e) The director may temporarily suspend a license without notice for any of the reasons specified in this section provided that a hearing is conducted within seven days after a request for a hearing is made by a licensee. Within 20 days after receiving the administrative law judge's report, the director

shall issue an order vacating the temporary suspension or making any other appropriate order. If no hearing is requested within 30 days of the temporary suspension taking effect, the director may issue an order making the suspension permanent.

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district *except for regional library districts established under section 134.201*, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail.

(d) The notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district, *regional library district, if in existence*, and the sum of the *remaining* special taxing districts, and as a total of the taxing authorities, including *all* special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. (3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes.

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

#### Sec. 6. [144C.06] [ISSUANCE OF BONDS.]

*Subdivision 1. [BONDING AUTHORITY.] The authority may issue negotiable bonds in a principal amount that the authority determines necessary to provide sufficient funds for achieving its purposes, including the making of loans and purchase of securities, the payment of interest on bonds of the authority, the establishment of reserves to secure its bonds, the payment of fees to a third party providing credit enhancement, and the payment of all other expenditures of the authority incident to and necessary or convenient to carry out its corporate purposes and powers. Bonds of the authority may be issued as bonds or notes or in any other form authorized by law. The principal amount of bonds issued and outstanding under this section at any time may not exceed \$.....*

*Subd. 2. [REFUNDING OF BONDS.] The authority may issue bonds to refund outstanding bonds of the authority or by a municipality or other public body for a purpose for which the authority may make or purchase a loan under section 5, to pay any redemption premiums on those bonds, and to pay interest accrued or to accrue to the redemption date as determined by the authority. The authority may apply the proceeds of any refunding bonds to the purchase or payment at maturity of the bonds to be refunded, or to the redemption of outstanding bonds and may, pending the application, place the proceeds in escrow to be applied to the purchase, retirement, or redemption. Pending use, escrowed proceeds may be invested and reinvested in obligations issued or guaranteed by the state or the United States or by any agency or instrumentality of the state or the United States, or in certificates of deposit or time deposits secured in a manner determined by the authority, maturing at a time appropriate to assure the prompt payment of the principal and interest and redemption premiums, if any, on the bonds to be refunded. The income realized on any investment may also be applied to the payment of the bonds to be refunded. After the terms of the escrow have been fully satisfied, any balance of the proceeds and any investment income may be returned to the authority for use by it in any lawful manner. All refunding bonds issued under this subdivision must be issued and secured in the manner provided by resolution of the authority.*

*Subd. 3. [KIND OF BONDS.] Bonds issued under this section are securities as defined in section 336.8-102 and may be issued as certificated securities or as uncertificated securities. Certificated securities may be issued in bearer or registered form. The authority may perform all actions that are permitted or required of issuers of securities under sections 336.8-101 to 336.8-408. If notes or bonds are issued as uncertificated securities, and this chapter or other law requires or permits the bonds to contain a statement or recital, whether on their face or otherwise, it is sufficient compliance with the law that the statement or recital is contained in the transaction statement or in a resolution or other instrument that is made part of the bond by reference in the transaction statement as provided in section 336.8-202. The bonds issued may be either general obligations of the authority, secured by its full faith and credit and payable out of any money, assets, or revenues of the authority, subject to the provisions of resolutions or indenture pledging and appropriating particular money, assets, or revenues to particular bonds, or limited obligations of the authority not secured by its full faith and credit and payable solely from specified sources or assets.*

*Subd. 4. [RESOLUTION AND TERMS OF SALE.] The bonds of the authority must be authorized by a resolution or resolutions adopted by the authority. The bonds must bear the date or dates, mature at the time or times,*

bear interest at a fixed or variable rate, including a rate varying periodically at the time or times and on the terms determined by the authority, or any combination of fixed and variable rates, be in the denominations, be in the form, carry the registration privileges, be executed in the manner, be payable in lawful money of the United States, at the place or places within or without the state, and be subject to the terms of redemption or purchase before maturity as the resolutions provide or as may be provided in an indenture or indentures of trust. The authority may appoint a bank, within or without the state, having trust powers as trustee for bond issues. If, for any reason existing at the date of issue of the bonds or existing at the date of making or purchasing any loan or securities from the proceeds or after that date, the interest on the bonds is or becomes subject to federal income taxation, this fact does not affect the validity or the provisions made for the security of the bonds. The authority may make covenants and take or have taken actions that are in its judgment necessary or desirable to comply with conditions established by federal law or regulations for the exemption of interest on its obligations. The authority may refrain from compliance with those conditions if in its judgment this would serve the purposes and policies set forth in this chapter with respect to any particular issue of bonds, unless this would violate covenants made by the authority. The maximum maturity of a bond, whether or not issued for the purpose of refunding, must be 50 years from its date. The bonds of the authority may be sold at public or private sale, at a price or prices determined by the authority; provided that (i) the aggregate price at which an issue of bonds is initially offered by underwriters to investors, as stated in the authority's official statement with respect to the offering, must not exceed by more than three percent the aggregate price paid by the underwriters to the authority at the time of delivery; (ii) the commission paid by the authority to an underwriter for placing an issue of bonds with investors must not exceed three percent of the aggregate price at which the issue is offered to investors as stated in the authority's offering statement; and (iii) the spread or commission must be an amount determined by the authority to be reasonable in the light of the risk assumed and the expenses of issuance, if any, required to be paid by the underwriters.

Subd. 5. [EXEMPTION.] The notes and bonds of the authority are not subject to section 16B.06.

Sec. 7. [144C.07] [BONDS; OPTIONAL RESOLUTION AND CONTRACT PROVISIONS.]

Subdivision 1. [RESOLUTION.] A resolution authorizing bonds or an issue of bonds may contain provisions, which are part of the contract with the holders of the bonds, as to the matters referred to in this section.

Subd. 2. [LIEN.] The authority may pledge or create a lien on all or any part of the money or property of the authority and any money held in trust or otherwise by others to secure the payment of the bonds or of an issue of the bonds, subject to agreements with bondholders that may exist.

Subd. 3. [MONEY.] The authority may provide for the custody, collection, securing, investment, and payment of any money of the authority.

Subd. 4. [RESERVES.] The authority may set aside reserves or sinking funds and provide for their regulation and disposition and may create other special funds into which money of the authority may be deposited.

Subd. 5. [BOND PROCEEDS AND PAYMENT.] *The authority may limit the loans and securities to which the proceeds of sale of bonds may be applied and may pledge repayments to secure the payment of the bonds or of an issue of bonds.*

Subd. 6. [ADDITIONAL LIMITS.] *The authority may limit the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding or other bonds.*

Subd. 7. [CONTRACT AMENDMENTS.] *The authority may prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent to, and the manner in which the consent may be given.*

Subd. 8. [TRUSTEE.] *The authority may vest in a trustee or trustees such property, rights, powers and duties in trust as the authority may determine, which may include any or all of the rights, powers, and duties of the bondholders, or may limit the rights, powers, and duties of the trustee.*

Subd. 9. [DEFAULT.] *The authority may define the acts or omissions to act which constitute a default in the obligations and duties of the authority and may provide for the rights and remedies of the holders of bonds in the event of default, and provide any other matters of like or different character, consistent with the general laws of the state and other provisions of this chapter, which in any way affect the security or protection of the bonds and the rights of the holders of the bonds.*

#### Sec. 8. [144C.08] [DEBT SERVICE RESERVE FUND.]

Subdivision 1. [CREATION AND CONTENTS.] *The authority may establish one or more special funds, to be known as debt service reserve funds, for the security of one or more or all series of its bonds. The authority may pay into each debt service reserve fund:*

- (1) *any money appropriated by the state only for the purposes of the fund;*
- (2) *the proceeds of sale of bonds to the extent provided in the resolution or indenture authorizing the issuance of them;*
- (3) *funds directed to be transferred by the authority to the debt service reserve fund; and*
- (4) *other money made available to the authority from any other source only for the purpose of the fund.*

Subd. 2. [USE OF FUNDS.] *Except as provided in this section, the money credited to each debt service reserve fund must be used only for the payment of the principal of bonds of the authority as they mature, the purchase of the bonds, the payment of interest on them, or the payment of any premium required when the bonds are redeemed before maturity. Money in a debt service reserve fund must not be withdrawn at a time and in an amount that reduces the amount of the fund to less than the amount the authority determines to be reasonably necessary for the purposes of the fund. However, money may be withdrawn to pay principal or interest due on bonds secured by the fund if other money of the authority is not available.*

Subd. 3. [INVESTMENT.] *Money in a debt service reserve fund not required for immediate use may be invested and deposited into accounts established under resolutions or indentures securing the authority's bonds in*

investments and deposit accounts or certificates, and with security, agreed upon with the holders or a trustee for the holders.

*Subd. 4. [MINIMUM AMOUNT OF RESERVE AT ISSUANCE.] If the authority establishes a debt service reserve fund for the security of any series of bonds, it shall not issue additional bonds that are similarly secured if the amount of any of the debt service reserve funds at the time of issuance does not equal or exceed the minimum amount required by the resolution creating the fund, unless the authority deposits in each fund at the time of issuance, from the proceeds of the bonds, or otherwise, an amount that when added together with the amount then in the fund will be at least the minimum amount required.*

*Subd. 5. [TRANSFER OF EXCESS.] To the extent consistent with the resolutions and indentures securing outstanding bonds, the authority may transfer to any other fund or account from any debt service reserve fund any excess in that reserve fund over the amount determined by the authority to be reasonably necessary for the purpose of the reserve fund.*

**Sec. 9. [144C.09] [MONEY OF THE AUTHORITY.]**

*Subdivision 1. [FUNCTIONS OF STATE TREASURER.] Except as otherwise provided in this section, money of the authority must be paid to the state treasurer as agent of the authority and the treasurer shall not commingle the money with other money. The money in the accounts of the authority must be paid out only on warrants drawn by the commissioner of finance on requisition of the chair of the authority or of another officer or employee as the authority authorizes. Deposits of the authority's money must, if required by the state treasurer or the authority, be secured by obligations of the United States or of the state of a market value equal at all times to the amount of the deposit and all banks and trust companies are authorized to give security for the deposits.*

*Subd. 2. [CONTRACTS AND SECURITY.] Notwithstanding the provisions of this section, the authority may contract with the holders of any of its bonds as to the custody, collection, securing, investment, and payment of money of the authority or money held in trust or otherwise for the payment of bonds, and to carry out the contract. Money held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of the money may be secured in the same manner as money of the authority, and all banks and trust companies are authorized to give security for the deposits. All money paid to the state treasurer as agent of the authority is appropriated to the authority.*

**Sec. 10. [144C.10] [NONLIABILITY.]**

*Subdivision 1. [NONLIABILITY OF INDIVIDUALS.] No member of the authority or other person executing the bonds is liable personally on the bonds or is subject to any personal liability or accountability by reason of their issuance.*

*Subd. 2. [NONLIABILITY OF STATE.] The state is not liable on bonds of the authority issued under this chapter and those bonds are not a debt of the state. The bonds must contain on their face a statement to that effect.*

**Sec. 11. [144C.11] [PURCHASE AND CANCELLATION BY AUTHORITY.]**

*Subject to agreements with bondholders that may then exist, the authority may purchase out of funds available for the purpose, bonds of the authority which shall then be canceled, at a price not exceeding the following amounts:*

*(1) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date of the bonds; or*

*(2) if the bonds are not redeemable, the redemption price applicable on the first date after the purchase upon which the bonds become subject to redemption plus accrued interest to that date.*

**Sec. 12. [144C.12] [STATE PLEDGE AGAINST IMPAIRMENT OF CONTRACTS.]**

*The state pledges and agrees with the holders of bonds issued under sections 144C.05 to 144C.14 that the state will not limit or alter the rights vested in the authority to fulfill the terms of any agreements made with the bondholders or in any way impair the rights and remedies of the holders until the bonds, together with interest on them, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the bondholders; are fully met and discharged. The authority may include this pledge and agreement of the state in any agreement with the holders of bonds issued under sections 144C.05 to 144C.13.*

**Sec. 13. [144C.13] [RESERVES; FUNDS; ACCOUNTS.]**

*The authority may establish reserves, funds, or accounts necessary to carry out the purposes of the authority or to comply with any agreement made by or any resolution passed by the authority.*

**Sec. 14. [144C.14] [ANNUAL REPORT.]**

*The commissioner shall annually report to the chair of the senate finance committee, the house ways and means committee, and the appropriate policy committees of the house of representatives and senate on the financial activity of the authority.*

**Sec. 15. [APPROPRIATION.]**

*(2) whether grain tested at regional terminals consistently tests lower in protein and higher in undesirable foreign content than the same grain tested elsewhere;*

*(3) the costs and benefits and feasibility of requiring purchasers of wheat to provide discounts for wheat that falls below the standard for protein content to offer an equal or greater premium per wheat that has a higher protein content than the standard; and*

*(4) evaluate the appropriateness of the effective date of Minnesota Statutes, section 17B.0451.*

**"Section 1. [103G.2215] [APPLICATION TO COUNTIES; DESIGNATION; GOALS; REPORTS.]**

*Subdivision 1. [DESIGNATION.] (a) Sections 103G.222 to 103G.2372 and rules adopted under those sections apply only in counties designated by the board under this subdivision. The board must designate a county that:*

*(1) fails to meet the goal in subdivision 2, paragraph (a);*

*(2) contains less than 80 percent of its presettlement wetland acreage, as determined by the board; or*

*(3) files with the board a resolution adopted by the county board requesting the designation.*

*(b) A designation under paragraph (a) becomes effective on April 1 of the year following the year for which a condition in paragraph (a) is satisfied and continues in effect until released by the board. At least 30 days before the effective date of a designation or release of a designation, the board must notify all towns and cities within the county and publish a notice of the designation or release in a newspaper of general circulation within the county.*

*(c) The board may only release the designation of a county if:*

*(1) for counties designated under paragraph (a), clause (1), the board determines that there are adequate measures in place to meet the goal in subdivision 2, paragraph (a);*

*(2) for counties designated under paragraph (a), clause (2), the board determines that the county has achieved a level of wetland acreage equal to or greater than 80 percent of the presettlement wetland acreage; or*

*(3) for other counties, the county files with the board a resolution adopted by the county board requesting release of the designation.*

*Subd. 2. [COUNTY GOALS; REPORTS.] (a) Except as provided in paragraph (c), each county shall have the goal of a net gain or no net loss in the quantity, quality, and biological diversity of wetlands in the county. Each county shall develop and implement, or require political subdivisions in the county to develop and implement, programs, practices, and methods to meet this goal.*

*(b) Except as provided in paragraph (c), by February 1 each year counties shall provide the board with a report on the status of the quantity, quality, acreage, types, and public value of wetlands in the county. The report must itemize any changes in the wetlands base during the previous calendar year and state whether the goal in paragraph (a) was achieved.*

*(c) This subdivision does not apply to counties in which 80 percent or more of the presettlement wetland acreage is intact.*

**Sec. 2. [103G.2217] [INCREASE IN WETLANDS IN CERTAIN COUNTIES.]**

*(a) By January 1, 1997, counties in which, as of January 1, 1992, less than ten percent of the presettlement wetland acreage was intact shall achieve an increase of one-half percent in their wetland acreage, as determined by the board. Beginning in 1997, these counties shall achieve an additional one-half percent increase in wetland acreage each year until a level equal to ten percent of the presettlement wetland acreage in the county is achieved.*

*(b) A county is no longer subject to this section when the board certifies that the county has achieved a level of wetland acreage equal to ten percent of the presettlement wetland acreage.*

**Sec. 3. Minnesota Statutes 1992, section 103G.222, is amended to read:**

**103G.222 [REPLACEMENT OF WETLANDS.]**

*(a) In counties that are designated by the board under section 103G.2215, subdivision 1, after the effective date of the rules adopted under section 103B.3355 or 103G.2242, whichever is later, wetlands must not be drained or filled, wholly or partially, unless replaced by restoring or creating wetland areas of at least equal public value under either a replacement plan approved as provided in section 103G.2242 or, if a permit to mine is required under section 93.481, under a mining reclamation plan approved by the commissioner under the permit to mine. Mining reclamation plans shall apply the same principles and standards for replacing wetlands by restoration or creation of wetland areas that are applicable to mitigation plans approved as provided in section 103G.2242.*

*(b) Replacement must be guided by the following principles in descending order of priority:*

*(1) avoiding the direct or indirect impact of the activity that may destroy or diminish the wetland;*

*(2) minimizing the impact by limiting the degree or magnitude of the wetland activity and its implementation;*

*(3) rectifying the impact by repairing, rehabilitating, or restoring the affected wetland environment;*

(4) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the activity; and

(5) compensating for the impact by replacing or providing substitute wetland resources or environments.

(c) If a wetland is located in a cultivated field, then replacement must be accomplished through restoration only without regard to the priority order in paragraph (b), provided that a deed restriction is placed on the altered wetland prohibiting nonagricultural use for at least ten years.

(d) Restoration and replacement of wetlands must be accomplished in accordance with the ecology of the landscape area affected.

(e) Replacement shall be within the same watershed or county as the impacted wetlands, as based on the wetland evaluation in section 103G.2242, subdivision 2, except that counties or watersheds in which 80 percent or more of the presettlement wetland acreage is intact may accomplish replacement in counties or watersheds in which 50 percent or more of the presettlement wetland acreage has been filled, drained, or otherwise degraded. Wetlands impacted by public transportation projects may be replaced statewide, provided they are approved by the commissioner under an established wetland banking system, or under the rules for wetland banking as provided for under section 103G.2242.

~~(f) For a wetland located on nonagricultural land, replacement must be in the ratio of two acres of replaced wetland for each acre of drained or filled wetland.~~

~~(g) For a wetland located on agricultural land, Replacement must be in the ratio of one acre of replaced wetland for each acre of drained or filled wetland.~~

~~(h) (g) Wetlands that are restored or created as a result of an approved replacement plan are subject to the provisions of this section for any subsequent drainage or filling.~~

~~(h) For the purposes of sections 103G.222 to 103G.2373, "agricultural land" means land devoted to production of horticultural, row, close grown, introduced pasture, and introduced hayland crops; pasturing of livestock and dairy animals; growing nursery stocks; and operation of animal feedlots. Agricultural land includes contiguous land and buildings under the same ownership associated with the activities in the preceding sentence.~~

Ms. Wiener moved that the amendment made to H.F. No. 399 by the Committee on Rules and Administration in the report adopted March 29, 1993, pursuant to Rule 49, be stricken. The motion prevailed. So the amendment was stricken.

S.F. No. 431, which the committee recommends to pass with the following amendment offered by Mr. Hottinger:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1992, section 15.17, subdivision 1, is amended to read:

Subdivision 1. [MUST BE KEPT.] All officers and agencies of the state, counties, cities, towns, school districts, municipal subdivisions or corporations, or other public authorities or political entities within the state, hereinafter “public officer,” shall make and preserve all records necessary to a full and accurate knowledge of their official activities. All government records shall be made on a physical medium of a quality to insure permanent records. Every public officer is empowered to reproduce records if the records are not deemed to be of permanent or archival value by the commissioner of administration and the records disposition panel under section 138.17. The public officer is empowered to reproduce these records by any photographic, photostatic, microphotographic, optical disk imaging system, microfilming, or other reproduction method that clearly and accurately reproduces the records. If a record is deemed to be of permanent or archival value, any reproduction of the record must meet archival standards specified by the Minnesota historical society *provided, however, that this section does not prohibit the use of non-erasable optical imaging systems for the preservation of archival records without the preservation of paper or microfilm copies.* Each public officer may order that those photographs, photostats, microphotographs, microfilms, optical disk images, or other reproductions, be substituted for the originals of them. The public officer may direct the destruction or sale for salvage or other disposition of the originals from which they were made, in accordance with the disposition requirements of section 138.17. Photographs, photostats, microphotographs, microfilms, optical disk images, or other reproductions are for all purposes deemed the original recording of the papers, books, documents, and records reproduced when so ordered by any public officer and are admissible as evidence in all courts and proceedings of every kind. A facsimile or exemplified or certified copy of a photograph, photostat, microphotograph, microfilm, optical disk image, or other reproduction, or an enlargement or reduction of it, has the same effect and weight as evidence as would a certified or exemplified copy of the original.

Sec. 2. Minnesota Statutes 1992, section 138.17, is amended by adding a subdivision to read:

*Subd. 10. [OPTICAL IMAGE STORAGE.] (a) Any government record, including a record with archival value, may be transferred to and stored on a non-erasable optical imaging system and retained only in that format, if the requirements of this section are met.*

*(b) All documents preserved on non-erasable optical imaging systems must meet standards for permanent records specified in section 15.17, subdivision 1, and must be kept available for retrieval so long as any law requires. Standards under section 15.17, subdivision 1, may not be inconsistent with efficient use of optical imaging systems.*

*(c) A government entity storing a record on an optical imaging system shall create and store a backup copy of the record at a site other than the site where the original is kept. The government entity shall retain the backup copy and operable retrieval equipment so long as any law requires the original to be retained. The backup copy required by this paragraph must be preserved either (1) on a non-erasable optical imaging system; or (2) by another reproduction method approved by the records disposition panel.*

*(d) A contract between the government entity responsible for preserving records and the vendor of the optical imaging system used to preserve records of that government entity must require the vendor to maintain a current copy of the vendor's source code for the imaging system in escrow, and to authorize the government entity to obtain the copy of the source code if the vendor is unable or unwilling to support the optical imaging system."*

*(5) if the person is a state employee, works for an agency or appointing authority that will incur layoffs after May 17, 1993.*

*Subd. 2. [INCENTIVE.] (a) A person who meets the requirements of subdivision 1 may choose the incentive in paragraph (b) or the incentive in paragraph (c), but not both.*

*(b) For a person covered by a retirement plan established in Minnesota Statutes, section 352.115, 352.116, or 353.29 and 353.30 or chapter 422A, who selects the incentive under this paragraph, the multiplier percentage used to calculate the retirement annuity must be increased by .25 for each year of allowable service credit. For a teacher, as defined in Minnesota Statutes, section 354.05, subdivision 2, or 354A.011, subdivision 27, the multiplier percentage used to calculate the retirement annuity must be increased by .10 for each year of allowable service credit.*

*(c) For a person who selects the incentive under this paragraph, the employer must pay for hospital, medical, and dental insurance, under conditions and limitations specified in this section. A person is eligible for this employer-paid insurance only if the person:*

(1) is eligible for employer-paid insurance under collective bargaining agreements in effect on the day before the effective date of this section;

(2) has at least as many months of service with the current employer as the number of months younger than age 65 the person is at the time of retirement; and

(3) is less than age 65.

*Subd. 3. [LIMITS ON REHIRING.] During the biennium ending June 30, 1995:*

(1) an executive branch state agency may not hire a replacement for a person who retires under this subdivision except for (i) correctional guards and persons who provide direct patient care in state institutions; (ii) other positions listed in a position-specific executive order issued by the governor; or (iii) in the case of the state universities and community colleges, after review by the presidents, the governing boards decide on a case-by-case basis which positions must be replaced to provide for continuity of service on the campuses; and

(2) another public employer may not hire a replacement for a person who retires under this subdivision, except under position-specific action of the governing body.

*Subd. 4. [CONDITIONS.] For purposes of this section, a person retires when the person terminates active employment and applies for retirement benefits. An employee who retires under this section using the rule of 90 must not be included in the calculations required by Minnesota Statutes, section 356.85.*

*Subd. 5. [CONDITIONS; INSURANCE COVERAGE.] A retired employee is eligible for single and dependent coverages and employer payments to which the person was entitled immediately before retirement, subject to any changes in coverage and employer and employee payments through collective bargaining or personnel plans, for employees in positions equivalent to the position from which the employee retired. The retired employee is not eligible for employer-paid life insurance. Eligibility ceases when the retired employee attains the age of 65, or when the person chooses not to receive the retirement benefits for which the person has applied, or when the person is eligible for employer-paid health insurance from a new employer. Coverages must be coordinated with relevant health insurance benefits provided through the federally sponsored Medicare program.*

*Subd. 6. [APPLICATION OF OTHER LAWS.] Unilateral implementation of this section by a public employer is not an unfair labor practice for purposes of Minnesota Statutes, chapter 179A. The requirement in this section for an employer to pay health insurance costs for certain retired employees is not subject to the limits in Minnesota Statutes, section 179A.20, subdivision 2a.*

*Subd. 7. [SCHOOL DISTRICT LEVY.] A school district may levy the amount necessary to make employer contributions for insurance for retired teachers under this section. Notwithstanding Minnesota Statutes, section 121.904, 50 percent of the amount levied must be recognized as revenue for the fiscal year in which the levy is certified. This levy must not be considered in computing the aid reduction under Minnesota Statutes, section 124.155. If a school district levies according to this section, it may not also levy*

according to Minnesota Statutes, section 122.531, subdivision 9, for eligible employees.

Sec. 2. [EFFECTIVE DATE.]

*Section 1 is effective the day following final enactment.*

And when so amended the bill do pass and be re-referred to the Committee on Finance. Amendments adopted. Report adopted.

"Sec. 5. Minnesota Statutes 1992, section 550.143, subdivision 3, is amended to read:

Subd. 3. [EXEMPTION NOTICE.] If the levy is on funds of a judgment debtor who is a natural person and if the funds to be levied are held on deposit at any financial institution, the judgment creditor or its attorney shall provide the sheriff with two copies of an exemption notice, which must be substantially in the form set forth below. The sheriff shall serve both copies of the exemption notice on the financial institution, along with the writ of execution. Failure of the sheriff to serve the exemption notices renders the levy void, and the financial institution shall take no action. "Sec. 51. Minnesota Statutes 1992, section 595.02, subdivision 1, is amended to read:

Subdivision 1. [COMPETENCY OF WITNESSES.] Every person of sufficient understanding, including a party, may testify in any action or

proceeding, civil or criminal, in court or before any person who has authority to receive evidence, except as provided in this subdivision:

(a) A husband cannot be examined for or against his wife without her consent, nor a wife for or against her husband without his consent, nor can either, during the marriage or afterwards, without the consent of the other, be examined as to any communication made by one to the other during the marriage. This exception does not apply to a civil action or proceeding by one against the other, nor to a criminal action or proceeding for a crime committed by one against the other or against a child of either or against a child under the care of either spouse, nor to a criminal action or proceeding in which one is charged with homicide or an attempt to commit homicide and the date of the marriage of the defendant is subsequent to the date of the offense, nor to an action or proceeding for nonsupport, neglect, dependency, or termination of parental rights.

(b) An attorney cannot, without the consent of the attorney's client, be examined as to any communication made by the client to the attorney or the attorney's advice given thereon in the course of professional duty; nor can any employee of the attorney be examined as to the communication or advice, without the client's consent.

*(c) An attorney employed by, under contract to, or representing a public authority in connection with a child support enforcement program cannot, without the consent of an individual applying for child support services or the consent of an AFDC recipient whose right to support has been assigned, be examined as to any communication made by the individual applicant or the AFDC recipient to the attorney, or communications made by the attorney to the individual applicant or the AFDC recipient in the course of the attorney's representation of the public authority in connection with a child support enforcement program; nor can an employee of the attorney be examined as to the communication, without the consent of the individual applicant or the AFDC recipient.*

(e) (d) A member of the clergy or other minister of any religion shall not, without the consent of the party making the confession, be allowed to disclose a confession made to the member of the clergy or other minister in a professional character, in the course of discipline enjoined by the rules or practice of the religious body to which the member of the clergy or other minister belongs; nor shall a member of the clergy or other minister of any religion be examined as to any communication made to the member of the clergy or other minister by any person seeking religious or spiritual advice, aid, or comfort or advice given thereon in the course of the member of the clergy's or other minister's professional character, without the consent of the person.

(e) (e) A licensed physician or surgeon, dentist, or chiropractor shall not, without the consent of the patient, be allowed to disclose any information or any opinion based thereon which the professional acquired in attending the patient in a professional capacity, and which was necessary to enable the professional to act in that capacity; after the decease of the patient, in an action to recover insurance benefits, where the insurance has been in existence two years or more, the beneficiaries shall be deemed to be the personal representatives of the deceased person for the purpose of waiving this privilege, and no oral or written waiver of the privilege shall have any binding

force or effect except when made upon the trial or examination where the evidence is offered or received.

(e) (f) A public officer shall not be allowed to disclose communications made to the officer in official confidence when the public interest would suffer by the disclosure.

(f) (g) Persons of unsound mind and persons intoxicated at the time of their production for examination are not competent witnesses if they lack capacity to remember or to relate truthfully facts respecting which they are examined.

(g) (h) A registered nurse, psychologist or consulting psychologist shall not, without the consent of the professional's client, be allowed to disclose any information or opinion based thereon which the professional has acquired in attending the client in a professional capacity, and which was necessary to enable the professional to act in that capacity.

(h) (i) An interpreter for a person handicapped in communication shall not, without the consent of the person, be allowed to disclose any communication if the communication would, if the interpreter were not present, be privileged. For purposes of this section, a "person handicapped in communication" means a person who, because of a hearing, speech or other communication disorder, or because of the inability to speak or comprehend the English language, is unable to understand the proceedings in which the person is required to participate. The presence of an interpreter as an aid to communication does not destroy an otherwise existing privilege.

(i) (j) Licensed chemical dependency counselors shall not disclose information or an opinion based on the information which they acquire from persons consulting them in their professional capacities, and which was necessary to enable them to act in that capacity, except that they may do so:

(1) when informed consent has been obtained in writing, except in those circumstances in which not to do so would violate the law or would result in clear and imminent danger to the client or others;

(2) when the communications reveal the contemplation or ongoing commission of a crime; or

(3) when the consulting person waives the privilege by bringing suit or filing charges against the licensed professional whom that person consulted.

(j) (k) A parent or the parent's minor child may not be examined as to any communication made in confidence by the minor to the minor's parent. A communication is confidential if made out of the presence of persons not members of the child's immediate family living in the same household. This exception may be waived by express consent to disclosure by a parent entitled to claim the privilege or by the child who made the communication or by failure of the child or parent to object when the contents of a communication are demanded. This exception does not apply to a civil action or proceeding by one spouse against the other or by a parent or child against the other, nor to a proceeding to commit either the child or parent to whom the communication was made or to place the person or property or either under the control of another because of an alleged mental or physical condition, nor to a criminal action or proceeding in which the parent is charged with a crime committed against the person or property of the communicating child, the parent's spouse, or a child of either the parent or the parent's spouse, or in which a child is charged with a crime or act of delinquency committed against

the person or property of a parent or a child of a parent, nor to an action or proceeding for termination of parental rights, nor any other action or proceeding on a petition alleging child abuse, child neglect, abandonment or nonsupport by a parent.

~~(k)~~ (l) Sexual assault counselors may not be compelled to testify about any opinion or information received from or about the victim without the consent of the victim. However, a counselor may be compelled to identify or disclose information in investigations or proceedings related to neglect or termination of parental rights if the court determines good cause exists. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the treatment relationship, and the treatment services if disclosure occurs. Nothing in this clause exempts sexual assault counselors from compliance with the provisions of sections 626.556 and 626.557.

“Sexual assault counselor” for the purpose of this section means a person who has undergone at least 40 hours of crisis counseling training and works under the direction of a supervisor in a crisis center, whose primary purpose is to render advice, counseling, or assistance to victims of sexual assault.

~~(j)~~ (m) A person cannot be examined as to any communication or document, including worknotes, made or used in the course of or because of mediation pursuant to an agreement to mediate. This does not apply to the parties in the dispute in an application to a court by a party to have a mediated settlement agreement set aside or reformed. A communication or document otherwise not privileged does not become privileged because of this paragraph. This paragraph is not intended to limit the privilege accorded to communication during mediation by the common law.

~~(m)~~ (n) A child under ten years of age is a competent witness unless the court finds that the child lacks the capacity to remember or to relate truthfully facts respecting which the child is examined. A child describing any act or event may use language appropriate for a child of that age.”

"Section 1. Minnesota Statutes 1992, section 16B.61, subdivision 3, is amended to read:

Subd. 3. [SPECIAL REQUIREMENTS.] (a) [SPACE FOR COMMUTER VANS.] The code must require that any parking ramp or other parking facility constructed in accordance with the code include an appropriate number of spaces suitable for the parking of motor vehicles having a capacity of seven to 16 persons and which are principally used to provide prearranged commuter transportation of employees to or from their place of employment or to or from a transit stop authorized by a local transit authority.

(b) [SMOKE DETECTION DEVICES.] The code must require that all dwellings, lodging houses, apartment houses, and hotels as defined in section 299F.362 comply with the provisions of section 299F.362.

(c) [DOORS IN NURSING HOMES AND HOSPITALS.] The state building code may not require that each door entering a sleeping or patient's room from a corridor in a nursing home or hospital with an approved complete standard automatic fire extinguishing system be constructed or maintained as self-closing or automatically closing.

(d) [CHILD CARE FACILITIES IN CHURCHES; GROUND LEVEL EXIT.] A licensed day care center serving fewer than 30 preschool age persons

and which is located in a below ground space in a church building is exempt from the state building code requirement for a ground level exit when the center has more than two stairways to the ground level and its exit.

(e) [CHILD CARE FACILITIES IN CHURCHES; VERTICAL ACCESS.] Until August 1, 1996, an organization providing child care in an existing church building which is exempt from taxation under section 272.02, subdivision 1, clause (5), shall have five years from the date of initial licensure under chapter 245A to provide interior vertical access, such as an elevator, to persons with disabilities as required by the state building code. To obtain the extension, the organization providing child care must secure a \$2,500 performance bond with the commissioner of human services to ensure that interior vertical access is achieved by the agreed upon date.

(f) [FAMILY AND GROUP FAMILY DAY CARE.] The commissioner of administration shall establish a task force to determine occupancy standards specific and appropriate to family and group family day care homes and to examine hindrances to establishing day care facilities in rural Minnesota. The task force must include representatives from rural and urban building code inspectors, rural and urban fire code inspectors, rural and urban county day care licensing units, rural and urban family and group family day care providers and consumers, child care advocacy groups, and the departments of administration, human services, and public safety.

By January 1, 1989, the commissioner of administration shall report the task force findings and recommendations to the appropriate legislative committees together with proposals for legislative action on the recommendations.

Until the legislature enacts legislation specifying appropriate standards, the definition of Group R-3 occupancies in the state building code applies to family and group family day care homes licensed by the department of human services under Minnesota Rules, chapter 9502.

(g) [MINED UNDERGROUND SPACE.] Nothing in the state building codes shall prevent cities from adopting rules governing the excavation, construction, reconstruction, alteration, and repair of mined underground space pursuant to sections 469.135 to 469.141, or of associated facilities in the space once the space has been created, provided the intent of the building code to establish reasonable safeguards for health, safety, welfare, comfort, and security is maintained.

(h) [ENCLOSED STAIRWAYS.] No provision of the code or any appendix chapter of the code may require stairways of existing multiple dwelling buildings of two stories or less to be enclosed.

(i) [DOUBLE CYLINDER DEAD BOLT LOCKS.] No provision of the code or appendix chapter of the code may prohibit double cylinder dead bolt locks in existing single-family homes, townhouses, and first floor duplexes used exclusively as a residential dwelling. Any recommendation or promotion of double cylinder dead bolt locks must include a warning about their potential fire danger and procedures to minimize the danger.

(j) [RELOCATED RESIDENTIAL BUILDINGS.] A residential building relocated within or into a political subdivision of the state need not comply with the state energy code or section 326.371 provided that, where available, an energy audit is conducted on the relocated building.

(k) [AUTOMATIC GARAGE DOOR OPENING SYSTEMS.] The code must require all residential buildings as defined in section 325F.82 to comply with the provisions of sections 325F.82 and 325F.83.

(l) [EXIT SIGN ILLUMINATION.] For a new building on which construction is begun on or after October 1, 1993, or an existing building on which remodeling affecting 50 percent or more of the enclosed space is begun on or after October 1, 1993, the code must prohibit the use of internally illuminated exit signs whose electrical consumption during nonemergency operation exceeds 20 watts of resistive power with a maximum total power consumption of 40 volt amperes (VA). All other requirements in the code for exit signs must be complied with. Power consumption in volt amperes is the resistive power divided by the power factor.

Sec. 2. Minnesota Statutes 1992, section 116C.54, is amended to read:

116C.54 [ADVANCE FORECASTING FORECAST REQUIREMENT.]

*Subdivision 1.* [REPORT.] Every utility which owns or operates, or plans within the next 15 years to own or operate large electric power generating plants or high voltage transmission lines shall develop forecasts as specified in this section. On or before July 1 of each even-numbered year, every such utility shall submit a report of its forecast to the board. The report may be appropriate portions of a single regional forecast or may be jointly prepared and submitted by two or more utilities and shall contain the following information:

*Subd. 2.* [EXCEPTION.] Public electric utilities submitting advance forecasts containing all information specified in subdivision 1 as part of an integrated resource plan filed pursuant to public utilities commission rules shall be excluded from the annual reporting requirement of this section.

Sec. 3. Minnesota Statutes 1992, section 216B.16, is amended by adding a subdivision to read:

*Subd. 14. [LOW-INCOME CONSIDERATIONS IN SETTING RATES.]*

*The commission may establish rate discounts for low-income residential customers. In setting discounted rates, the commission shall consider: the effect of the rate increase on working poor customers, customers receiving public assistance and other fixed income customers; the impact of the rate increase as a percentage of total income to the low-income residential customer; the potential for the discounted rate to provide savings to the utility for collection and bad debt expenses; and how the increase in the utility rate affects income available for low-income customers to meet other necessities.*

Sec. 4. Minnesota Statutes 1992, section 216C.17, subdivision 3, is amended to read:

Subd. 3. [DUPLICATION.] The commissioner shall, to the maximum extent feasible, provide that forecasts required under this section be consistent with material required by other state and federal agencies in order to prevent unnecessary duplication. *Public electric utilities submitting advance forecasts containing all information specified in section 116C.54, subdivision 1, as part of an integrated resource plan filed pursuant to public utilities commission rules shall be excluded from the annual reporting requirement in subdivision 2.*

Sec. 7. [216C.211] [PHOTOVOLTAIC ENERGY SYSTEM.]

*State agencies shall use photovoltaic energy systems to supply electric power loads which are less than 5 kilowatts and more than 100 meters from an available utility connection, unless the life-cycle purchase, installation, operating, and fuel/energy costs of an alternative power supply system can be shown to cost less than those costs for the photovoltaic system.*

Sec. 8. Minnesota Statutes 1992, section 216C.37, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] In this section:

(a) "Commissioner" means the commissioner of public service. ~~Upon passage of legislation creating a body known as the Minnesota public facilities authority, the duties assigned to the commissioner in this section are delegated to the authority.~~

(b) "Maxi-audit" means a detailed engineering analysis of energy-saving improvements to existing buildings or stationary energy-using systems, including (1) modifications to building structures; (2) heating, ventilating, and air conditioning systems; (3) operation practices; (4) lighting; and (5) other factors that relate to energy use. The primary purpose of the engineering analysis is to quantify the economic and engineering feasibility of energy-saving improvements that require capital expenditures or major operational modifications.

(c) "Energy conservation investments" ~~mean means~~ all capital expenditures that are associated with conservation measures identified in a maxi-audit or energy project study, and that have a ten-year or less payback period. ~~Public school districts that received a federal institutional building grant in 1984 to convert a heating system to wood, and that apply for an energy conservation investment loan to match a federal grant for wood conversion, shall be allowed to calculate payback of conservation measures based on the costs of the traditional fuel in use prior to the wood conversion pay for themselves with energy savings.~~

(d) "Municipality" means any county, statutory or home rule charter city, town, school district, or any combination of those units operating under an agreement to jointly undertake projects authorized in this section.

(e) "Energy project study" means a study of one or more energy-related capital improvement projects analyzed in sufficient detail to support a financing application. At a minimum, it must include one year of energy consumption and cost data, a description of existing conditions, a description of proposed conditions, a detailed description of the costs of the project, and calculations sufficient to document the proposed energy savings.

Sec. 9. [216C.371] [ENERGY CONSERVATION SELF-LIQUIDATING FINANCING.]

Subdivision 1. [POLICIES.] In order to provide alternative financing methods and sources to assist municipalities in financing energy conservation investments and to accomplish the energy conservation measures of chapter 216C, the commissioner may establish an energy conservation self-liquidating financing program to complement the energy conservation investment loans authorized by section 216C.37.

Subd. 2. [DEFINITIONS.] (a) The definitions in this subdivision apply to this section.

(b) "Commissioner" means the commissioner of public service.

(c) "Energy conservation investments" means all capital expenditures that are associated with conservation measures identified in a maxi-audit and that are calculated to have a ten-year or less payback period. A public school district that received a federal institutional building grant in 1984 to convert a heating system to wood or wood waste, and that applies for energy conservation self-liquidating financing to match a federal grant for wood

conversion, may calculate the payback of the expenditure for conversion measures based on the costs of the traditional fuel in use prior to the wood conversion.

(d) "Financing arrangements" means loans, leases, or alternative financing agreements.

(e) "Maxi-audit" means a detailed engineering analysis of energy-saving improvements to existing buildings or stationary energy-using systems including:

- (1) modifications to building structures and envelopes;
- (2) heating, ventilating, and air conditioning systems;
- (3) lighting;
- (4) operating practices; and
- (5) other factors that relate to energy use.

The primary purpose of the engineering analysis is to quantify the economic and engineering feasibility of energy-saving improvements that require capital expenditures or major operational modifications.

(f) "Municipality" means any county, statutory or home rule charter city, town, school district, or any combination of those units operating under an agreement to jointly undertake projects authorized in this section.

Subd. 3. [ALTERNATIVE FINANCING METHODS.] (a) In addition to the financing method provided in section 216C.37, the commissioner may enter into financing arrangements with municipalities in order to provide alternative financing methods to pay the costs of energy conservation investments. The financing arrangement may contain provisions for, among others, its interest, term, prepayment, and the obligations of the municipality to make payments on or pursuant to the financing arrangement beyond the current budget year, as may be agreed upon between the commissioner and the municipality.

(b) To fund the commissioner's obligation under this section to assist municipalities in financing energy conservation investments, the commissioner may enter into lease, loan, or other financing agreements:

- (1) to borrow funds to accomplish energy conservation investments; or
- (2) to enable and permit municipalities to borrow from a private financial institution on an independent or joint basis sufficient funds to accomplish energy conservation investments.

Subd. 4. [MUNICIPALITY FINANCING ARRANGEMENTS.] (a) A municipality may enter into a financing arrangement with the institution under subdivision 3 and issue obligations evidencing indebtedness necessary to carry out the provisions of this section. Chapter 475 shall not be applicable to this section.

(b) Financing arrangements shall not be made for energy conservation investments that require more than ten years for the municipality to recoup the actual or projected cost of construction and acquisition of the improvements including the cost of the engineering plans and specifications and the cost of arranging the financing.

(c) A municipality must find and determine that the project is economically feasible and that adequate provisions have been made to assure proper and efficient operation of the facility once the project is completed.

(d) A financing arrangement made pursuant to this section must be repayable over a period of not more than ten years from the date funds are advanced under the financing arrangement. Interest shall accrue from the date funds are advanced under the financing arrangement, but the first payment of interest or principal shall not be due until one year after the date on which funds are advanced under the financing arrangement. The principal shall be amortized annually in amounts and on terms as determined by the municipality and interest shall be payable on dates, at least annually, as determined by the municipality.

(e) The governing body of the municipality shall adopt a resolution obligating the municipality to repay the financing arrangement according to the terms in the financing arrangement. The obligation may be payable from money available to it from any specified source. A municipality may pledge its full faith and credit for the payment of its obligations under the financing arrangement.

Subd. 5. [DISCRETIONARY IMPROVEMENTS.] A municipality may elect not to implement an energy conservation investment identified in a maxi-audit if the entity which prepared the maxi-audit demonstrates that the facility or structure which is the subject of the energy conservation investment is unlikely to be used or operated for the full period of the expected payback of the energy conservation measure.

Subd. 6. [APPLICATION.] Application to use the financing method permitted by this section shall be made by a municipality to the commissioner on a form the commissioner prescribes by rule. The commissioner shall review each application to determine:

- (1) whether the municipality's proposal is complete;
- (2) whether the project is an energy conservation investment;
- (3) the amount of financing to be undertaken; and
- (4) the means by which the municipality proposes to finance the project under the options permitted by section 216C.37 and this section.

Subd. 7. [APPROVAL.] The commissioner shall approve the application required by subdivision 6, if clauses (1) and (2) of that subdivision have been satisfied.

Subd. 8. [RULES.] The commissioner shall adopt rules necessary to implement this section. The rules must include:

- (1) procedures for applications by municipalities;
- (2) criteria for reviewing financing applications; and
- (3) procedures and guidelines for program monitoring, closeout, and evaluation.

Sec. 10. Minnesota Statutes 1992, section 299F.011, subdivision 4c, is amended to read:

Subd. 4c. [EXIT SIGN ILLUMINATION.] *For a new building on which construction is begun on or after October 1, 1993, or an existing building on which remodeling affecting 50 percent or more of the enclosed space is begun on or after October 1, 1993, the uniform fire code must prohibit the use of internally illuminated exit signs whose electrical consumption during non-emergency operation exceeds 20 watts of resistive power with a maximum total power consumption of 40 volt amperes (VA). All other requirements in the code for exit signs must be complied with. Power consumption in volt amperes is the resistive power divided by the power factor.*

Sec. 11. Minnesota Statutes 1992, section 446A.10, subdivision 2, is amended to read:

Subd. 2. [OTHER RESPONSIBILITIES.] (a) The responsibilities for the health care equipment loan program under Minnesota Statutes 1986, section 116M.07, subdivisions 7a, 7b, and 7c; ~~the public school energy conservation loan program under section 216C.37;~~ and the district heating and qualified energy improvement loan program under section 216C.36, are transferred from the Minnesota energy and economic development authority to the Minnesota public facilities authority. The commissioner of public service shall continue to administer the municipal energy grant and loan programs under section 216C.36 ~~and the school energy loan program under section 216C.37~~ until the commissioner of trade and economic development has adopted rules to implement the financial administration of the programs as provided under ~~sections~~ section 216C.36, subdivisions 2, 3b, 3c, 8, 8a, and 11; ~~and 216C.37, subdivisions 4 and 8.~~

(b) Except as otherwise provided in this paragraph, section 15.039 applies to the transfer of responsibilities. The transfer includes 8-1/2 positions from the financial management division of the department of trade and economic development to the community development division of the department of trade and economic development. The commissioner of trade and economic development and the commissioner of public service shall determine which classified and unclassified positions associated with the responsibilities of the grant and loan programs under section 216C.36 and the school energy loan program under section 216C.37 are transferred to the commissioner of public service and which positions are transferred to the commissioner of trade and economic development in order to carry out the purposes of Laws 1987, chapter 386, article 3.

#### Sec. 12. [VENTILATION STANDARDS REPORT.]

*The department of administration, building code division, shall in consultation with the department of public service develop recommended ventilation standards for single family homes to include mechanical ventilation or other types of ventilation standards and report the proposed standards to the legislature by January 15, 1994.*

(a) is located in the metropolitan transit taxing district;

(b) is not served by the metro transit commission or is served only with metro transit commission bus routes which begin or end within the applying city or town or combination thereof; and

(c) has fewer than four scheduled runs of metropolitan metro transit commission bus service during off-peak hours defined in section 473.408, subdivision 1.

Eligible cities or towns or combinations thereof may apply on behalf of a transit operator with whom they propose to contract for service.

(iii) had submitted a letter of intent to apply for assistance under that section by July 1, 1984, and submits an application for assistance under this section by July 1, 1988. A statutory or home rule charter city or town has an additional 12-month extension if it has notified the board before July 1, 1988, that the city or town is in the process of completing a transportation evaluation study that includes an assessment of the local transit needs of the city or town this section by January 1, 1993.

Subd. 3. [APPLICATION FOR ASSISTANCE.] An application for assistance under this section must:

The amount of assistance which the ~~board~~ transit authority may provide under this section may not exceed the sum of:

(a) the portion of the available local transit funds which the applicant proposes to use to subsidize the proposed service; and

(b) an amount of financial assistance bearing an identical proportional relationship to the amount under clause (a) as the total amount of financial assistance to the ~~metro~~ transit commission bears to the total amount of taxes collected by the ~~board~~ council under section 473.446. The ~~board~~ transit authority shall pay the amount to be provided to the recipient from the assistance the ~~board~~ transit authority would otherwise pay to the ~~metro~~ transit commission.

In applying for assistance under that section an applicant must describe the portion of the available local transit funds which are not obligated to subsidize replacement service and which the applicant proposes to use to subsidize additional service. An applicant which has exhausted its available

On receipt of the certification the commissioner shall make no further contracts under that program and shall assign all contracts then in effect under that program to the board, and the contracts at that time become obligations of the board.

(b) The commissioner shall establish procedures to make aquatic life available to licensed facilities if state aquatic life would otherwise die or go to waste, such as in cases of winterkill lakes, waters where piscicides will be applied, and waters subject to extreme draw-down. The public must be given angling opportunities if public access is available.

(c) The commissioner shall attempt to provide opportunities to make brood stock available to licensed facilities to reduce reliance on out-of-state sources without causing adverse impacts to game fish populations.

Within 60 days after receiving an application under this subdivision, the board shall issue an order approving or denying the issuance of an armored carrier permit. The board shall issue the permit requested in the application if it finds that the issuance is authorized under this section. If the tariffs appear to be unjust, unreasonable, unjustly discriminatory, unduly preferential or prejudicial, or otherwise in violation of this section or rules adopted under this section, after notification and investigation by the department, the board may suspend and*

postpone the effective date of the tariffs and assign the tariffs for hearing upon notice to the permit carrier filing the proposed tariffs and to other interested parties, including users of the service and competitive carriers by motor vehicle and rail. At the hearing, the burden of proof is on the permit carrier filing the proposed tariff to sustain the validity of the proposed schedule of rates and charges. Tariffs for transporting livestock are not subject to rejection, suspension, or postponement by the board, except as provided in subdivisions 2 and 3. The tariffs and subsequent supplements to them or reissues of them must state the effective date, which may not be less than ten days following the date of filing, unless the period of time is reduced by special permission of the commissioner.

*(b) A holder of an armored carrier permit is not required to file a tariff under this subdivision for the service authorized by the armored carrier permit.*

Upon request of any person who disagrees with a determination regarding data practices made by a state agency, statewide system, or political subdivision, the commissioner may give a written opinion regarding the person's rights as a subject of government data or right to have access to government data. For good cause and upon written notice to the person requesting the opinion, the commissioner may extend this deadline for one additional 30-day period. “Section 1. Minnesota Statutes 1992, section 214.101, subdivision 1, is amended to read:

Subdivision 1. [COURT ORDER; HEARING ON SUSPENSION.] If a licensing board receives an order from a court under section 518.551, subdivision 12, dealing with suspension of a license of a person found by the court to be in arrears in child support or maintenance payments, or both, the board shall, within 30 days of receipt of the court order, provide notice to the licensee and hold a hearing. If the board finds that the person is licensed by the board and evidence of full payment of arrearages found to be due by the court is not presented at the hearing, the board shall suspend the license unless it determines that probation is appropriate under subdivision 2. The only issues to be determined by the board are whether the person named in the court order is a licensee, whether the arrearages have been paid, and whether suspension or probation is appropriate. The board may not consider evidence with respect to the appropriateness of the court order or the ability of the person to comply with the order. The board may not lift the suspension until the licensee files with the board proof showing that the licensee is current in child support payments and maintenance.

Sec. 2. Minnesota Statutes 1992, section 214.101, subdivision 4, is amended to read:

Subd. 4. [VERIFICATION OF PAYMENTS.] Before a board may terminate probation, remove a suspension, issue, or renew a license of a person who has been suspended or placed on probation under this section, it shall contact the court that referred the matter to the board to determine that the applicant is not in arrears for child support or maintenance or both. The board may not issue or renew a license until the applicant proves to the board's satisfaction that the applicant is current in support payments and maintenance.

Sec. 3. Minnesota Statutes 1992, section 257.022, is amended by adding a subdivision to read:

*Subd. 4. [ESTABLISHMENT OF INTERFERENCE WITH PARENT AND CHILD RELATIONSHIP.] The court may not deny visitation rights under this section based on allegations that the visitation rights would interfere with the relationship between the custodial parent and the child unless after a hearing the court determines by a preponderance of the evidence that interference would occur.*

Sec. 4. Minnesota Statutes 1992, section 257.022, is amended by adding a subdivision to read:

*Subd. 5. [VISITATION PROCEEDING MAY NOT BE COMBINED WITH PROCEEDING UNDER CHAPTER 518B.] Proceedings under this section may not be combined with a proceeding under chapter 518B.*

Sec. 5. Minnesota Statutes 1992, section 289A.50, subdivision 5, is amended to read:

*Subd. 5. [WITHHOLDING OF REFUNDS FROM CHILD SUPPORT AND MAINTENANCE DEBTORS.] (a) If a court of this state finds that a person obligated to pay child support or maintenance is delinquent in making payments, the amount of child support or maintenance unpaid and owing, including attorney fees and costs incurred in ascertaining or collecting child support or maintenance, must be withheld from a refund due the person under chapter 290. The public agency responsible for child support enforcement or the parent or guardian of a child for whom the support, attorney fees, and costs are owed or the party to whom maintenance, attorney fees, and costs are owed may petition the district or county court for an order providing for the withholding of the amount of child support, maintenance, attorney fees, and costs unpaid and owing as determined by court order. The person from whom the refund may be withheld must be notified of the petition under the rules of civil procedure before the issuance of an order under this subdivision. The order may be granted on a showing to the court that required support or maintenance payments, attorney fees, and costs have not been paid when they were due.*

*(b) On order of the court, the commissioner shall withhold the money from the refund due to the person obligated to pay the child support or maintenance. The amount withheld shall be remitted to the public agency responsible for child support enforcement or to, the parent or guardian petitioning on behalf of the child, or the party to whom maintenance is owed, after any delinquent tax obligations of the taxpayer owed to the revenue department have been satisfied and after deduction of the fee prescribed in section 270A.07, subdivision 1. An amount received by the responsible public agency, or the petitioning parent or guardian, or the party to whom maintenance is owed, in excess of the amount of public assistance spent for the benefit of the child to be supported, or the amount of any support, maintenance, attorney fees, and costs that had been the subject of the claim under this subdivision that has been paid by the taxpayer before the diversion of the refund, must be paid to the person entitled to the money. If the refund is based on a joint return, the part of the refund that must be paid to the petitioner is the proportion of the total refund that equals the proportion of the total federal adjusted gross income of the spouses that is the federal adjusted gross income of the spouse who is delinquent in making the child support or maintenance payments.*

(c) A petition filed under this subdivision remains in effect with respect to any refunds due under this section until the support ~~money or maintenance~~, attorney fees, and costs have been paid in full or the court orders the commissioner to discontinue withholding the money from the refund due the person obligated to pay the support ~~or maintenance~~, attorney fees, and costs. If a petition is filed under this subdivision *concerning child support* and a claim is made under chapter 270A with respect to the individual's refund and notices of both are received before the time when payment of the refund is made on either claim, the claim relating to the liability that accrued first in time must be paid first. The amount of the refund remaining must then be applied to the other claim.

Subd. 3. [CUSTODY ORDER.] (a) Upon adjudging the nullity of a marriage, or in a dissolution or separation proceeding, or in a child custody proceeding, the court shall make such further order as it deems just and proper concerning:

- (1) the legal custody of the minor children of the parties which shall be sole or joint;

Each party shall keep the other party informed as to the name and address of the school of attendance of the minor children. Each party has the right to be informed by school officials about the children's welfare, educational progress and status, and to attend school and parent-teacher conferences. The school is not required to hold a separate conference for each party.

In case of an accident or serious illness of a minor child, each party shall notify the other party of the accident or illness, and the name of the health care provider and the place of treatment.

Each party has the right to reasonable access and telephone contact with the minor children.

(c) The court may waive all or part of the notice required under paragraph (b) if it finds that it is necessary to protect the welfare of a party or child *section 518.68, subdivision 1. Subdivision 1. [ORDER.] *Every child support order must expressly assign or reserve the responsibility for maintaining medical insurance for the minor children and the division of uninsured medical and dental costs. Unless the obligee has comparable or better group dependent health insurance coverage available at a more reasonable cost, the court shall order the obligor to name the minor child as beneficiary on any health and dental insurance plan that is available to the obligor on a group basis or through an employer or union. "Health insurance coverage" as used in this section does not include medical assistance provided under chapter 256, 256B, or 256D.*

*If the court finds that dependent health or dental insurance is not available to the obligor on a group basis or through an employer or union, or that the group insurer is not accessible to the obligee, the court may require the obligor to obtain dependent health or dental insurance, or to be liable for reasonable and necessary medical or dental expenses of the child.*

*If the court finds that the dependent health or dental insurance required to be obtained by the obligor does not pay all the reasonable and necessary medical or dental expenses of the child, or that the dependent health or dental insurance available to the obligee does not pay all the reasonable and necessary medical or dental expenses of the child, and the court finds that the obligor has the financial ability to contribute to the payment of these medical or dental expenses, the court shall require the obligor to be liable for all or a portion of the medical or dental expenses of the child not covered by the required health or dental plan.*

Sec. 8. Minnesota Statutes 1992, section 518.175, subdivision 6; is amended to read:

Additional visits must be:*

- (1) of the same type and duration as the wrongfully denied visit;*
- (2) taken within one year after the wrongfully denied visit; and*
- (3) at a time acceptable to the ~~noncustodial parent~~ person deprived of visitation.*

518.177 [NOTIFICATION REGARDING DEPRIVATION OF PARENTAL RIGHTS LAW.]

Every court order and judgment and decree concerning custody of or visitation with a minor child shall restate the provisions of section 609.26 contain the notice set out in section 518.68, subdivision 2.

Sec. 10. Minnesota Statutes 1992, section 518.55, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF ADDRESS OR RESIDENCE CHANGE.] Every obligor shall notify the obligee and the public authority responsible for collection, if applicable, of a change of address or residence within 60 days of the address or residence change. Every order for support or maintenance must contain a conspicuous notice of the requirements of this subdivision complying with section 518.68, subdivision 2. The court may waive or modify the requirements of this subdivision by order if necessary to protect the obligor from contact by the obligee.

Sec. 11. Minnesota Statutes 1992, section 518.551, subdivision 12, is amended to read:

Subd. 12. [OCCUPATIONAL LICENSE SUSPENSION.] Upon petition of an obligee or public agency responsible for child support enforcement, if the court finds that the obligor is or may be licensed by a licensing board listed in section 214.01 and the obligor is in arrears in court-ordered child support or maintenance payments or both, the court may direct the licensing board to conduct a hearing under section 214.101 concerning suspension of the obligor's license. If the obligor is a licensed attorney, the court may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct. The remedy under this subdivision is in addition to any other enforcement remedy available to the court.

Sec. 12. Minnesota Statutes 1992, section 518.552, is amended by adding a subdivision to read:

Subd. 6. [DETERMINATION OF INCOME.] (a) If a party is seeking maintenance, the parties shall timely serve and file documentation of earnings and income. When there is a prehearing conference, the court must receive the documentation of income at least ten days prior to the prehearing conference. Documentation of earnings and income includes, but is not limited to, pay stubs for the most recent three months, employer statements, or statement of receipts and expenses if a party is self-employed. Documentation of earnings and income also includes a party's most recent federal tax returns, including W-2 forms, 1099 forms, unemployment compensation statements, workers' compensation statements, and other documents evidencing income as received that provide verification of income over a longer period.

(b) If a party from whom maintenance is sought, who is under the jurisdiction of the court, does not appear at a court hearing after proper notice of the time and place of the hearing, the court shall set income for that party based on credible evidence before the court or in accordance with paragraph (c). Credible evidence may include documentation of current or recent income, testimony of the other party concerning recent earnings and income levels, and the party's wage reports filed with the department of jobs and training under section 268.121.

(c) If the court finds that a party from whom maintenance is sought is voluntarily unemployed or underemployed, a determination regarding maintenance may be made based on a determination of imputed income. A party is not considered voluntarily unemployed or underemployed upon a showing by the party that the unemployment or underemployment: (1) is temporary and will ultimately lead to an increase in income; or (2) represents a bona fide career change that outweighs the adverse effect of that party's diminished income. Imputed income means the estimated earning ability of a party based on the party's prior earnings history, education, and job skills, and on availability of jobs within the community for an individual with the party's qualifications. If the court is unable to determine or estimate the earning ability of a party from whom maintenance is sought, the court may make a determination regarding maintenance based on full-time employment of 40 hours per week at the federal minimum wage or the Minnesota minimum wage, whichever is higher. If a party is physically or mentally incapacitated, it is presumed that the party is not voluntarily unemployed or underemployed.

Sec. 13. Minnesota Statutes 1992, section 518.583, is amended to read:

**518.583 [NOTICE OF TAX EFFECT ON CAPITAL GAIN ON SALE OF PRINCIPAL RESIDENCE.]**

If the parties to an action for dissolution own a principal residence, the court must make express findings of fact that the parties who are represented by an attorney have been advised as to the income tax laws respecting the capital gain tax, or that parties who are not represented by an attorney have been notified that income tax laws regarding the capital gain tax may apply to the sale of the residence. This includes, but is not limited to, the exclusion available on the sale of a principal residence for those over a certain age under section 121 of the Internal Revenue Code of 1986, or other applicable law. The order must expressly provide for the use of that exclusion unless the court otherwise orders. All judgment judgments and decrees involving a principal residence must include a the following notice to the parties that income tax laws regarding the capital gain tax may apply to the sale of the residence and that the parties may wish to consult with an attorney concerning the applicable laws: as a finding of fact or as an attachment:

Subd. 2. [CONDITIONS OF INCOME WITHHOLDING.] (a) Withholding shall result whenever the obligor fails to make the maintenance or support payments, and the following conditions are met:

- (1) the obligor is at least 30 days in arrears;
- (2) the obligee or the public authority serves written notice of income withholding, showing arrearage, on the obligor at least 15 days before service

of the notice of income withholding and a copy of the court's order on the payor of funds;

(3) within the 15-day period, the obligor fails to move the court to deny withholding on the grounds that an arrearage of at least 30 days does not exist as of the date of the notice of income withholding, or on other grounds limited to mistakes of fact, and, ex parte, to stay service on the payor of funds until the motion to deny withholding is heard;

(4) the obligee or the public authority serves a copy of the notice of income withholding, a copy of the court's order, and the provisions of this section on the payor of funds; and

(5) the obligee serves on the public authority a copy of the notice of income withholding, a copy of the court's order, an application, and the fee to use the public authority's collection services.

(b) To pay the arrearage specified in the notice of income withholding, the employer or payor of funds shall withhold from the obligor's income an additional amount equal to 20 percent of the monthly child support or maintenance obligation until the arrearage is paid.

(c) The obligor may, at any time, waive the written notice required by this subdivision.

(d) The obligor may move the court, under section 518.64, to modify the order respecting the amount of maintenance or support.

(e) Every order for support or maintenance shall provide for a conspicuous notice of the provisions of this subdivision *that complies with section 518.68, subdivision 2*. An order without this notice remains subject to this subdivision.

(f) Absent a court order to the contrary, if an arrearage exists at the time an order for ongoing support or maintenance would otherwise terminate, income withholding shall continue in effect in an amount equal to the former support or maintenance obligation plus an additional amount equal to 20 percent of the monthly child support obligation, until all arrears have been paid in full.

Sec. 15. Minnesota Statutes 1992, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] (a) The terms of an order respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87; or (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair.

(b) *It is presumed that there has been a substantial change of circumstances under paragraph (a), clause (1), (2), or (4), and the terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least \$50 per month higher or lower than the current support order.*

(b) (c) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance

under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall apply section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

*(d) On a motion for modification of child support or maintenance, if the court finds that the obligor has unjustifiably self-limited the obligor's income, the court may impute income.*

(e) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.

(f) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

(g) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.

(f) (h) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

Sec. 16. Minnesota Statutes 1992, section 518.641, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT.] An order for maintenance or child support shall provide for a biennial adjustment in the amount to be paid based on a change in the cost of living. An order that provides for a cost-of-living adjustment shall specify the cost-of-living index to be applied and the date on which the cost-of-living adjustment shall become effective. The court may use the consumer price index for all urban consumers, Minneapolis-St. Paul (CPI-U), the consumer price index for wage earners and clerical, Minneapolis-St. Paul (CPI-W), or another cost-of-living index published by the department of labor which it specifically finds is more appropriate. Cost-of-living increases under this section shall be compounded. The court may also increase the amount by more than the cost-of-living adjustment by agreement of the parties or by making further findings. The adjustment becomes effective on the first of May of the year in which it is made, for cases in which payment is made to the public authority. For cases in which payment is not made to the public authority, application for an adjustment may be made in any month but no application for an adjustment may be made sooner than two years after the date of the dissolution decree. A court may waive the requirement of the cost-of-living clause if it expressly finds that the obligor's occupation or income, or both, does not provide for cost-of-living adjustment or that the order for maintenance or child support has a provision such as a step increase that has the effect of a cost-of-living clause. The court may waive a cost-of-living adjustment in a maintenance order if the parties so agree in writing. The commissioner of human services may promulgate rules for child support adjustments under this section in accordance with the rulemaking provisions of chapter 14. *Notice of this statute must comply with section 518.68, subdivision 2.*

Sec. 17. [518.68] [REQUIRED NOTICES.]

*Subdivision 1. The information in the notices must be concisely stated in plain language. The notices must be in clearly legible print, but may not exceed two pages. An order or judgment and decree without the notice remains subject to all statutes. The court may waive all or part of the notice required under this section if it finds it is necessary to protect the welfare of a party or child.*

Actions under this section shall be given docket priorities by the court.

Sec. 19. Minnesota Statutes 1992, section 518B.01, subdivision 6, is amended to read:

Subd. 6. [RELIEF BY THE COURT.] (a) Upon notice and hearing, the court may provide relief as follows:

- (1) restrain the abusing party from committing acts of domestic abuse;
- (2) exclude the abusing party from the dwelling which the parties share or from the residence of the petitioner;
- (3) award temporary custody or establish temporary visitation with regard to minor children of the parties on a basis which gives primary consideration to the safety of the victim and the children. Except for cases in which custody is contested, findings under section 257.025, 518.17, or 518.175 are not required. If the court finds that the safety of the victim or the children will be jeopardized by unsupervised or unrestricted visitation, the court shall condition or restrict visitation as to time, place, duration, or supervision, or deny visitation entirely, as needed to guard the safety of the victim and the children. The court's decision on custody and visitation shall in no way delay the issuance of an order for protection granting other reliefs provided for in this section;

The notice required by court rule shall not be waived. If the proceedings are consolidated and the motion to modify is granted, a separate order for modification of an order for protection shall be issued.

(d) An order granting the relief authorized in paragraph (a), clause (2), is not voided by the admittance of the abusing party into the dwelling from which the abusing party is excluded.

(4) *maintaining and continuing all currently available insurance coverage without change in coverage or beneficiary designation.*

(b) A finding by the court that there is a basis for issuing an ex parte temporary order for protection constitutes a finding that sufficient reasons exist not to require notice under applicable court rules governing applications for ex parte temporary relief.

(c) An ex parte temporary order for protection shall be effective for a fixed period not to exceed 14 days, except for good cause as provided under paragraph (d). A full hearing, as provided by this section, shall be set for not later than seven days from the issuance of the temporary order. The respondent shall be served forthwith a copy of the ex parte order along with a copy of the petition and notice of the date set for the hearing.

(d) When service is made by published notice, as provided under subdivision 5, the petitioner may apply for an extension of the period of the ex parte order at the same time the petitioner files the affidavit required under that subdivision. Sec. 10. Minnesota Statutes 1992, section 14.15, subdivision 3, is amended to read:

Subd. 3. [FINDING OF SUBSTANTIAL CHANGE DIFFERENCE.] ~~If the report contains a finding that a rule has been modified in a way which makes it substantially different, as determined under section 14.05, subdivision 2,~~ from that which was originally proposed, or that the agency has not met the requirements of sections 14.131 to 14.18, it shall be submitted to the chief administrative law judge for approval. If the chief administrative law judge approves the finding of the administrative law judge, the chief administrative law judge shall advise the agency and the revisor of statutes of actions which will correct the defects. The agency shall not adopt the rule until the chief administrative law judge determines that the defects have been corrected *and the requirements of section 14.165 have been satisfied.*

Sec. 11. Minnesota Statutes 1992, section 14.15, subdivision 4, is amended to read:

Subd. 4. [NEED OR REASONABLENESS NOT ESTABLISHED.] If the chief administrative law judge determines that the need for or reasonableness of the rule has not been established pursuant to section 14.14, subdivision 2, and if the agency does not elect to follow the suggested actions of the chief administrative law judge to correct that defect, then the agency shall submit the proposed rule to the legislative commission to review administrative rules for the commission's advice and comment. The agency shall not adopt the rule until it has received and considered the advice of the commission *and the requirements of section 14.165 have been satisfied*. However, the agency is not required to ~~delay adoption longer~~ wait for the commission's advice for more than 30 days after the commission has received the agency's submission. Advice of the commission shall not be binding on the agency.

Sec. 12. Minnesota Statutes 1992, section 14.16, subdivision 1, is amended to read:

Subdivision 1. [REVIEW OF MODIFICATIONS.] If the report of the administrative law judge finds no defects, the agency may proceed to adopt the rule *after the requirements of section 14.165 have been satisfied*. After receipt of the administrative law judge's report, if the agency makes any modifications to the rule other than those recommended by the administrative law judge, it must return the rule to the chief administrative law judge for a review on the issue of ~~substantial change~~ *whether the rule as modified is substantially different, as determined under section 14.05, subdivision 2, from the rule as originally proposed*. If the chief administrative law judge determines that the modified rule is substantially different from that which was originally proposed, the chief administrative law judge shall advise the agency of actions which will correct the defects. The agency shall not adopt the modified rule until the chief administrative law judge determines that the defects have been corrected *and the requirements of section 14.165 have been satisfied*.

The agency shall give notice to all persons who requested to be informed that the rule has been adopted and filed with the secretary of state. This notice shall be given on the same day that the rule is filed.

Sec. 13. [14.165] [APPROVAL BY GOVERNOR.]

*Before proceeding to adopt a rule after complying with sections 14.15 and 14.16, the agency shall give written notice to the governor of its intent to adopt the rule. The governor has 30 days after receipt of this notice to review the proposed rule and its record and approve or disapprove the rule. The agency may not adopt the rule unless the governor approves.*

Sec. 14. Minnesota Statutes 1992, section 14.19, is amended to read:

14.19 [DEADLINE TO COMPLETE RULEMAKING.]

The agency shall, within 180 days after issuance of the administrative law judge's report, submit its notice of adoption, amendment, suspension, or repeal to the State Register for publication. If the agency has not submitted its notice to the State Register within 180 days, the rule is automatically withdrawn. The agency shall not adopt the withdrawn rules without again following the procedures of sections 14.05 to 14.36. It shall report to the legislative commission to review administrative rules, other appropriate committees of the legislature, and the governor its failure to adopt rules and the reasons for that failure. The 180-day time limit of this section does not

include any days used for review by the chief administrative law judge, the attorney general, or the legislative commission to review administrative rules if the review is required by law.

Sec. 15. Minnesota Statutes 1992, section 14.22, subdivision 1, is amended to read:

Subdivision 1. [CONTENTS.] Unless an agency proceeds directly to a public hearing on a proposed rule and gives the notice prescribed in section 14.14, subdivision 1a, the agency shall give notice of its intention to adopt a rule without public hearing. The notice shall be given by publication in the State Register and by United States mail to persons who have registered their names with the agency pursuant to section 14.14, subdivision 1a. The mailed notice shall include either a copy of the proposed rule or a description of the nature and effect of the proposed rule and an announcement that a free copy of the proposed rule is available on request from the agency. The notice in the State Register shall include the proposed rule or the amended rule in the form required by the revisor under section 14.07, and a citation to the most specific statutory authority for the proposed rule. When an entire rule is proposed to be repealed, the notice need only state that fact, giving the citation to the rule to be repealed in the notice. The notice shall include a statement advising the public:

(1) that they have 30 days in which to submit comment in support of or in opposition to the proposed rule and that comment is encouraged;

(2) that each comment should identify the portion of the proposed rule addressed, the reason for the comment, and any change proposed;

(6) that the proposed rule may be modified if the modifications are supported by the data and views submitted; and

(7) that if a hearing is not required, notice of the date of submission of the proposed rule to the attorney general administrative law judge for review will be mailed to any person requesting to receive the notice.

In connection with the statements required in clauses (1) and (3), the notice must also include the date on which the 30-day comment period ends.

Sec. 16. Minnesota Statutes 1992, section 14.24, is amended to read:

#### 14.24 [MODIFICATIONS OF PROPOSED RULE.]

The proposed rule may be modified if the modifications are supported by the data and views submitted to the agency and do not result in a substantial change substantially different rule, as determined under section 14.05, subdivision 2, from the rule as originally proposed.

Sec. 17. Minnesota Statutes 1992, section 14.25, is amended to read:

14.25 [PUBLIC HEARING REQUIRED.]

If, during the 30-day period allowed for comment, 25 or more persons submit to the agency a written request for a public hearing of the proposed rule, the agency shall proceed under the provisions of sections 14.14 to 14.20. *The written request must include: (1) the name and address of the person requesting the public hearing; and (2) the portion or portions of the rule to which the person objects.* A notice of the public hearing must be published in the State Register and mailed to those persons who submitted a written request for the public hearing. Unless the agency has modified the proposed rule, the notice need not include the text of the proposed rule but only a citation to the State Register pages where the text appears.

*A written request for hearing that does not comply with the requirements of this section is invalid and must not be counted by the agency for purposes of determining whether a public hearing must be held.*

Sec. 18. Minnesota Statutes 1992, section 14.26, is amended to read:

14.26 [ADOPTION OF PROPOSED RULE; SUBMISSION TO ATTORNEY GENERAL ADMINISTRATIVE LAW JUDGE.]

Subdivision 1. [SUBMISSION.] If no hearing is required, the agency shall submit to the ~~attorney general~~ *an administrative law judge assigned by the chief administrative law judge* the proposed rule and notice as published, the rule as proposed for adoption, any written comments received by the agency, and a statement of need and reasonableness for the rule. The agency shall give notice to all persons who requested to be informed that these materials have been submitted to the ~~attorney general~~ *administrative law judge*. This notice shall be given on the same day that the record is submitted. If the proposed rule has been modified, the notice shall state that fact, and shall state that a free copy of the proposed rule, as modified, is available upon request from the agency. The rule and these materials shall be submitted to the ~~attorney general~~ *administrative law judge* within 180 days of the day that the comment period for the rule is over or the rule is automatically withdrawn. The agency shall report its failure to adopt the rules and the reasons for that failure to the legislative commission to review administrative rules, other appropriate legislative committees, and the governor.

Subd. 2. [RESUBMISSION.] Even if the 180-day period expires while the ~~attorney general~~ *administrative law judge* reviews the rule, if the ~~attorney general~~ *administrative law judge* rejects the rule, the agency may resubmit it after taking corrective action. The resubmission must occur within 30 days of when the agency receives written notice of the disapproval. If the rule is again disapproved, the rule is withdrawn. An agency may resubmit at any time before the expiration of the 180-day period. If the agency withholds some of the proposed rule, it may not adopt the withheld portion without again following the procedures of sections 14.14 to 14.28, or 14.29 to 14.36.

Subd. 3. [REVIEW.] The ~~attorney general~~ *administrative law judge* shall approve or disapprove the rule as to its legality and its form to the extent the form relates to legality, including the issue of ~~substantial change~~ *whether the rule if modified is substantially different, as determined under section 14.05, subdivision 2, from the rule as originally proposed*, and determine whether the agency has the authority to adopt the rule and whether the record

demonstrates a rational basis for the need for and reasonableness of the proposed rule within 14 days. If the rule is approved, the attorney general administrative law judge shall promptly file two copies of it in the office of the secretary of state. The secretary of state shall forward one copy of each rule to the revisor of statutes. If the rule is disapproved, the attorney general administrative law judge shall state in writing the reasons and make recommendations to overcome the deficiencies, and defects. The written disapproval must be submitted to the chief administrative law judge for approval. If the chief administrative law judge approves of the findings of the administrative law judge, the chief administrative law judge shall send the statement of the reasons for disapproval of the rule to the agency, the legislative commission to review administrative rules, and the revisor of statutes and advise the agency and the revisor of statutes of actions that will correct the defects. The agency shall either withdraw the rule or take the actions required to correct the defects. If the agency decides to take action to correct the defects, the rule shall not be filed in the office of the secretary of state, nor published until the agency resubmits it to the chief administrative law judge who will determine if the defects have been overcome corrected. The attorney general shall send a statement of reasons for disapproval of the rule to the agency, the chief administrative law judge, the legislative commission to review administrative rules, and to the revisor of statutes.

If the chief administrative law judge determines that the need for or reasonableness of the rule has not been established, and if the agency does not elect to follow the suggested actions of the chief administrative law judge to correct that defect, then the agency shall submit the proposed rule to the legislative commission to review administrative rules for the commission's advice and comment. The agency shall not adopt the rule until it has received and considered the advice of the commission. However, the agency is not required to delay adoption longer than 30 days after the commission has received the agency's submission. Advice of the commission is not binding on the agency.

The attorney general administrative law judge shall disregard any error or defect in the proceeding due to the agency's failure to satisfy any procedural requirements imposed by law or rule if the attorney general administrative law judge finds:

- (1) that the failure did not deprive any person or entity of an opportunity to participate meaningfully in the rulemaking process; or
- (2) that the agency has taken corrective action to cure the error or defect so that the failure did not deprive any person or entity of an opportunity to participate meaningfully in the rulemaking process.

Subd. 4. [COSTS.] The attorney general office of administrative hearings shall assess an agency for the actual cost of processing rules under this section. The agency shall pay the attorney general's assessments using the procedures of section 8.15. Each agency shall include in its budget money to pay the attorney general's assessment. Receipts from the assessment must be deposited in the state treasury and credited to the general fund administrative hearings account created in section 14.54.

Sec. 19. Minnesota Statutes 1992, section 14.29, subdivision 2, is amended to read:

Subd. 2. [180-DAY TIME LIMIT.] Unless an agency is directed by federal law or court order to adopt, amend, suspend, or repeal a rule in a manner that does not allow for compliance with sections 14.14 to 14.28, no agency may adopt an emergency rule later than 180 days after the effective date of the statutory authority, except as provided in subdivisions 3 and 4. If emergency rules are not adopted within the time allowed, the authority for the rules expires. The time limit of this section does not include any days used for review by the ~~attorney general~~ *administrative law judge and the chief administrative law judge*. If the 180-day period expires while the ~~attorney general~~ *administrative law judge or the chief administrative law judge* is reviewing the rule and the ~~attorney general~~ *chief administrative law judge* disapproves the rule, the agency may resubmit the rule to the ~~attorney general~~ *chief administrative law judge* after taking corrective action. The resubmission must occur within five working days after the agency receives written notice of disapproval. If the rule is again disapproved by the ~~attorney general~~ *chief administrative law judge*, it is withdrawn.

The notice may be published after it is received from the ~~attorney general~~ *administrative law judge* or five business days after it is submitted to the ~~attorney general~~ *administrative law judge*, whichever is earlier.

(c) Rules adopted under paragraph (b) are effective upon publishing in the State Register and may be effective up to seven days before publishing and filing under section 3.846, subdivision 2, if:

(1) the commissioner of natural resources determines that an emergency exists;

(2) the ~~attorney general~~ *administrative law judge* approves the rule; and

(3) for a rule that affects more than three counties the commissioner publishes the rule once in a legal newspaper published in Minneapolis, St. Paul, and Duluth, or for a rule that affects three or fewer counties the commissioner publishes the rule once in a legal newspaper in each of the affected counties.

(e) A rule published under paragraph (c), clause (3), may be effective the day the rule is published if the commissioner gives notice and holds a public hearing on the rule within 15 days before publication.

(f) The commissioner shall attempt to notify persons or groups of persons affected by rules adopted under paragraphs (b) and (c) by public announcements, posting, and other appropriate means as determined by the commissioner.

(g) Notwithstanding section 14.35, a rule adopted under this subdivision is effective for the period stated in the notice but not longer than 18 months after the rule is adopted.

(h) A rule adopted under this subdivision is not subject to the 180-day time limit in subdivision 2.
