Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 260.015, is amended by adding a subdivision to read:

*Subd. 5b. [EDUCATIONAL NEGLECT.] "Educational neglect" means the child's parent, guardian, or custodian has been unable or unwilling to comply with the compulsory school attendance law, section 120.101, subdivisions 1 to 5, and the school has made appropriate efforts to resolve the child's attendance problems. A child's absence from school, when the child is 11 years old or younger, is presumed to be due to the parent's, guardian's, or custodian's failure to comply with compulsory school attendance laws; this presumption may be rebutted based on a showing by clear and convincing evidence that the child is habitually truant.*

Sec. 2. Minnesota Statutes 1992, section 260.015, subdivision 19, is amended to read:

*Subd. 19. [HABITUAL TRUANT.] "Habitual truant" means a child under the age of 16 years who is absent from attendance at school without lawful excuse for seven school days if the child is in elementary school or for one or more class periods on seven school days if the child is in middle school, junior high school, or high school. A child's absence from school, when the child is 12 years old or older, is presumed to be due to the child's intent to be absent from school; the presumption may be rebutted based on a showing by clear and convincing evidence that the child's absence is due to educational neglect.*

Sec. 3. Minnesota Statutes 1992, section 260.155, subdivision 1, is amended to read:

*Subdivision 1. [GENERAL.] Except for hearings arising under section 260.261, hearings on any matter shall be without a jury and may be conducted in an informal manner. The rules of evidence promulgated pursuant to section 480.0591 and the law of evidence shall apply in adjudicatory proceedings involving a child alleged to be delinquent, in need of protection or services under section 260.015, subdivision 2a, clause (11) or (12), or a juvenile petty offender, and hearings conducted pursuant to section 260.125 except to the extent that the rules themselves provide that they do not apply. In all*

*adjudicatory proceedings involving a child alleged to be in need of protection or services, the court shall admit only evidence that would be admissible in a civil trial. To be proved at trial, allegations of a petition alleging a child to be in need of protection or services must be proved by clear and convincing evidence.* Except for proceedings involving a child alleged to be in need of protection or services and petitions for the termination of parental rights, hearings may be continued or adjourned from time to time. In proceedings involving a child alleged to be in need of protection or services and petitions for the termination of parental rights, hearings may not be continued or adjourned for more than one week unless the court makes specific findings that the continuance or adjournment is in the best interests of the child. If a hearing is held on a petition involving physical or sexual abuse of a child who is alleged to be in need of protection or services or neglected and in foster care, the court shall file the decision with the court administrator as soon as possible but no later than 15 days after the matter is submitted to the court. When a continuance or adjournment is ordered in any proceeding, the court may make any interim orders as it deems in the best interests of the minor in accordance with the provisions of sections 260.011 to 260.301. The court shall exclude the general public from these hearings and shall admit only those persons who, in the discretion of the court, have a direct interest in the case or in the work of the court; except that, the court shall open the hearings to the public in delinquency proceedings where the child is alleged to have committed an offense or has been proven to have committed an offense that would be a felony if committed by an adult and the child was at least 16 years of age at the time of the offense. In all delinquency cases a person named in the charging clause of the petition as a person directly damaged in person or property shall be entitled, upon request, to be notified by the court administrator in writing, at the named person's last known address, of (1) the date of the reference or adjudicatory hearings, and (2) the disposition of the case. Adoption hearings shall be conducted in accordance with the provisions of laws relating to adoptions.

Sec. 4. Minnesota Statutes 1992, section 626.556, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] As used in this section, the following terms have the meanings given them unless the specific content indicates otherwise:

(a) "Sexual abuse" means the subjection of a child by a person responsible for the child's care, or by a person in a position of authority, as defined in section 609.341, subdivision 10, to any act which constitutes a violation of section 609.342, 609.343, 609.344, or 609.345. Sexual abuse also includes any act which involves a minor which constitutes a violation of sections 609.321 to 609.324 or 617.246. Sexual abuse includes threatened sexual abuse.

(b) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting, whether paid or unpaid, counseling, teaching, and coaching.

(c) "Neglect" means failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter or medical care when reasonably able to do so, or failure to protect a child from conditions or actions which imminently and seriously endanger the child's physical or mental health when reasonably able to do so, or failure to take steps to ensure that a child is educated in accordance with state law. Nothing in this section shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care; except that there is a duty to report if a lack of medical care may cause imminent and serious danger to the child's health. This section does not impose upon persons, not otherwise legally responsible for providing a child with necessary food, clothing, shelter, education, or medical care, a duty to provide that care. Neglect includes prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision 2, used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child at birth, or medical effects or developmental delays during the child's first year of life that medically indicate prenatal exposure to a controlled substance. Neglect also means "medical neglect" as defined in section 260.015, subdivision 2a, clause (5).

(d) "Physical abuse" means any physical or mental injury, or threatened injury, inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive and deprivation procedures that have not been authorized under section 245.825.

(e) "Report" means any report received by the local welfare agency, police department, or county sheriff pursuant to this section.

(f) "Facility" means a day care facility, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed pursuant to sections 144.50 to 144.58, 241.021, or 245A.01 to 245A.16.

(g) "Operator" means an operator or agency as defined in section 245A.02.

(h) "Commissioner" means the commissioner of human services.

(i) "Assessment" includes authority to interview the child, the person or persons responsible for the child's care, the alleged perpetrator, and any other person with knowledge of the abuse or neglect for the purpose of gathering the facts, assessing the risk to the child, and formulating a plan.

(j) "Practice of social services," for the purposes of subdivision 3, includes but is not limited to employee assistance counseling and the provision of guardian ad litem services.

(k) "Mental injury" means an injury to the psychological capacity or emotional stability of a child as evidenced by an observable or substantial impairment in the child's ability to function within a normal range of performance and behavior with due regard to the child's culture.

(l) "Threatened injury" means a statement, overt act, condition, or status that represents a substantial risk of physical or sexual abuse or mental injury."

*Subdivision 1. [DETERMINATION.] The commissioner may issue determinations that certain actions proposed to be taken at real property subject to a release or threatened release of a hazardous substance or pollutant or contaminant will not constitute conduct associating the person with the release or threatened release for the purpose of section 115B.03, subdivision 3, clause (d). Proposed actions that may be covered by a determination under this section include response actions approved by the commissioner to address the release or threatened release, actions to improve or develop the real property, or other similar actions. A determination may be subject to terms and conditions deemed reasonable by the commissioner. When a person takes actions in accordance with a determination issued under this subdivision, the actions do not associate the person with the release for the purpose of section 115B.03, subdivision 3, clause (d)."*

Sec. 2. Minnesota Statutes 1992, section 510.02, is amended to read:

510.02 [AREA, AND VALUE; HOW LIMITED.]

Sec. 3. Minnesota Statutes 1992, section 510.07, is amended to read:

510.07 [SALE OR REMOVAL PERMITTED; *INSURANCE PROCEEDS*; NOTICE.]

The owner may sell and convey the homestead without subjecting it, or the proceeds of such sale for the period of one year after sale, to any judgment or debt from which it was exempt in the owner's hands, except that the proceeds of the sale are not exempt from a judgment or debt for a court ordered child support or maintenance obligation in arrears. *The proceeds of an insurance claim for an exempt homestead are exempt for one year.* The owner may remove therefrom without affecting such exemption, if the owner does not thereby abandon the same as the place of abode. If the owner shall cease to occupy such homestead for more than six consecutive months the owner shall be deemed to have abandoned the same unless, within such period, the owner shall file with the county recorder of the county in which it is situated a notice, executed, witnessed, and acknowledged as in the case of a deed, describing the premises and claiming the same as the owner's homestead. In no case shall the exemption continue more than five years after such filing, unless during some part of the term the premises shall have been occupied as the actual dwelling place of the debtor or the debtor's family.

Sec. 4. Minnesota Statutes 1992, section 510.08, is amended to read:

510.08 [SELECTION AFTER LEVY.]

(a) If the premises so owned and occupied by the debtor or claimed under the debtor by another as exempt shall exceed the area herein prescribed, and the homestead shall not have been set apart as such and its boundaries defined, an attachment or execution may be levied upon the whole. Thereupon the person entitled to the benefits of such exemption shall deliver to the officer making the levy a description of the part claimed as exempt, and the remainder only shall be subject to the levy so made.

(b) *If the premises so owned and occupied by the debtor or claimed under the debtor by another as exempt exceeds the value prescribed in section 510.02, an attachment or execution may be levied upon the whole.*

Sec. 5. Minnesota Statutes 1992, section 550.175, subdivision 3, is amended to read:

Subd. 3. [DESIGNATION OF HOMESTEAD PROPERTY.] The debtor must designate the legal description of the homestead property to be sold separately and the debtor's estimate of the value of the property. The homestead property designated may include any amount of the property. The designation must conform to local zoning, include the dwelling occupied by the debtor, and be compact so that it does not unreasonably affect the value of the remaining property. The debtor must serve a copy of the designation on the executing creditor, the sheriff, and the county recorder by ten business days before the sale is scheduled.

Sec. 6. Minnesota Statutes 1992, section 550.175, subdivision 4, is amended to read:

Subd. 4. [SALE OF PROPERTY.] (a) If the sheriff receives a homestead property designation under subdivision 3, the sheriff must offer and sell the designated homestead property, and the remaining property, separately, unless the executing creditor denies the right to the exemption, objects to the property designated, or claims the value exceeds the exemption.

(b) If the executing creditor is dissatisfied with the homestead property designation or the debtor's valuation of the property, upon proper motion to the district court of the county in which any part of the property is located, the executing creditor is entitled to a court approved designation of the homestead and a court determination of value. The court shall either approve the debtor's designation or cause the property to be surveyed and order a homestead designation consistent with the standards of subdivision 3 and require an appraisal of fair market value, as applicable. The court's designation of the homestead property must conform to the debtor's request, to the extent not inconsistent with the standards of subdivision 3.

(c) The court, in determining appraised value, shall review any appraisals provided by the debtor and executing creditor and may require a court appointed independent appraisal. The appraisals shall evaluate the property's fair market value, net of reasonable costs of sale.

(d) If the court determines that the property claimed as a homestead exceeds in value the amount of the homestead exemption or if the court determines that the property cannot be divided without material injury, the court shall order the sale of the entire property, including the designated homestead. Out of the proceeds of the sale, the court shall pay the debtor the amount of the homestead exemption and apply the balance of the proceeds of the sale on the execution.

(e) At the sale, no bid may be accepted unless it exceeds the amount of the homestead exemption. If no bid exceeds the exemption, the homestead is exempt.

(f) The cost of any court ordered survey or appraisal and of the sale must be collected on the execution, if the debtor designated as the debtor's homestead a greater quantity of property, property of greater value than the debtor was entitled to, or designated a parcel that does not meet the standards of subdivision 3. In all other cases, the costs shall be borne by the executing creditor."

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1992, section 352.01, is amended by adding a subdivision to read:

*Subd. 26. [DEPENDENT CHILD.] “Dependent child” means a biological or adopted child of a deceased employee who has not reached the age of 20 and is dependent upon the employee for more than one-half of the child’s support at the time of the employee’s death. It also means a child of the member conceived during the member’s lifetime and born after the member’s death.*

Sec. 2. Minnesota Statutes 1992, section 352.12, subdivision 2, is amended to read:

Subd. 2. [SURVIVING SPOUSE BENEFIT.] (a) If an employee or former employee is at least 50 years old and has credit for at least three years allowable service or who has credit for at least 30 years of allowable service, regardless of age, and dies before an annuity or disability benefit has become payable, notwithstanding any designation of beneficiary to the contrary, the surviving spouse of the employee may elect to receive, in lieu of the refund with interest provided in under subdivision 1, an annuity equal to the joint and 100 percent survivor annuity which the employee could have qualified for had the employee terminated service on the date of death.

(b) If the employee was under age 55 and has credit for at least 30 years of allowable service on the date of death, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the employee and surviving spouse on the date of death. The annuity is payable using the full early retirement reduction under section 352.116, subdivision 1, paragraph (a), to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

(c) If the employee was under age 55 and has credit for at least three years of allowable service credit on the date of death but did not yet qualify for retirement, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the employee and surviving spouse at the time of death. The annuity is payable using the full early retirement reduction under section 352.116, subdivision 1 or 1a, to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

The surviving spouse eligible for surviving spouse benefits under paragraph (a) may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employees's allowable service. The surviving spouse eligible for surviving spouse benefits under paragraph (b) or (c) may apply for the annuity at any time after the employees's death. The annuity must be computed as provided in under sections 352.115, subdivisions 1, 2, and 3, and 352.116, subdivisions 1, 1a, and 3. Sections 352.22, subdivision 3, and 352.72, subdivision 2, apply to a deferred annuity or surviving spouse benefit payable under this subdivision. The annuity must cease with the last payment received by the surviving spouse in the lifetime of the surviving spouse, or upon expiration of a term certain benefit payment to a surviving spouse under subdivision 2a. An amount equal to the excess, if any, of the accumulated contributions credited to the account of the deceased employee in excess of the total of the benefits paid and payable to the surviving spouse must be paid to the deceased employee's last designated beneficiary or, if none, to the surviving children of the deceased spouse in equal shares or, if none, to the surviving parents of the deceased spouse or, if none, to the representative of the estate of the deceased spouse as specified in subdivision 1.

Any employee may request in writing that this subdivision not apply and that payment be made only to a designated beneficiary as otherwise provided by this chapter.

Sec. 3. Minnesota Statutes 1992, section 352.12, is amended by adding a subdivision to read:

Subd. 2a. [SURVIVING SPOUSE COVERAGE TERM CERTAIN.] Instead of the 100 percent optional annuity under subdivision 2 or refund under subdivision 1, the surviving spouse of a deceased employee may elect to receive survivor coverage in a term certain of five, ten, 15, or 20 years, but

monthly payments may not exceed 75 percent of the average high-five monthly salary of the deceased employee. The monthly term certain annuity must be actuarially equivalent to the 100 percent optional annuity under subdivision 2.

If a survivor elects a term certain annuity and dies before the expiration of the specified term certain period, the commuted value of the remaining annuity payments must be paid in a lump sum to the survivor's estate.

Sec. 4. Minnesota Statutes 1992, section 352.12, is amended by adding a subdivision to read:

*Subd. 2b. [DEPENDENT CHILD SURVIVOR COVERAGE.] If there is no surviving spouse eligible for benefits under subdivision 2, a dependent child or children as defined in section 352.01, subdivision 26, is eligible for monthly payments. Payments to a dependent child must be paid from the date of the employee's death to the date the dependent child attains age 20 if the child is under age 15. If the child is 15 years or older on the date of death, payment must be made for five years. The payment to a dependent child is an amount actuarially equivalent to the value of a 100 percent optional annuity under subdivision 2 using the age of the employee and age of the dependent child at the date of the employee's death instead of the age of the surviving spouse. If there is more than one dependent child, each dependent child must receive a proportionate share of the actuarial value of the employee's account.*

Sec. 5. Minnesota Statutes 1992, section 353.01, subdivision 15, is amended to read:

*Subd. 15. [DEPENDENT CHILD.] For the purpose of survivor benefit eligibility under sections 353.31, subdivision 1, and 353.657, subdivision 3, "dependent child" means a ~~natural~~ biological or adopted child of a deceased member who is unmarried, and under the age of 18, or age 18 to 23, so long as the child submits evidence of full-time enrollment in an accredited educational institution. "Dependent child" also includes a child of the member conceived during the member's lifetime and born after the member's death. It also means a dependent child who is the subject of adoption proceedings filed by a member, and who within two years after death of the member, by judgment and decree duly entered, is adjudged to be the adopted child of the deceased member; subject, however, to the qualifying conditions of age and dependency under this subdivision. The dependency of the child dates from the decree of adoption. "Dependent child" also includes a child age 18 to 23 who had submitted evidence of full-time enrollment in an accredited educational institution but was determined to be medically unable to continue school on a full-time basis. The board of trustees shall adopt written procedures to make determinations regarding eligibility based on a student being medically unable to continue school, and may not continue a benefit for medical reasons for a period greater than one year.*

Sec. 6. Minnesota Statutes 1992, section 353.01, is amended by adding a subdivision to read:

*Subd. 15a. [DEPENDENT CHILD.] For the purpose of survivor benefit eligibility under section 353.32, subdivision 1c, "dependent child" means a biological or adopted child of a deceased member who has not reached the age of 20 and is dependent for more than one-half of support upon the member. It also includes any child of the member conceived during the member's lifetime and born after the member's death.*

Sec. 7. Minnesota Statutes 1992, section 353.32, subdivision 1a, is amended to read:

Subd. 1a. [SURVIVING SPOUSE OPTIONAL ANNUITY.] (a) If a member or former member who has attained at least age 50 and has credit for not less than three years of allowable service or who has credit for not less than 30 years of allowable service, regardless of age attained, dies before the annuity or disability benefit begins to accrue under section 353.29, subdivision 7, or 353.33, subdivision 2, notwithstanding any designation of beneficiary to the contrary, the surviving spouse may elect to receive, instead of a refund with interest under subdivision 1, or surviving spouse benefits otherwise payable under section 353.31, an annuity equal to the 100 percent joint and survivor annuity that the member could have qualified for had the member terminated service on the date of death.

(b) If the member was under age 55 and has credit for at least 30 years of allowable service on the date of death, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the member and surviving spouse on the date of death. The annuity is payable using the full early retirement reduction under section 353.30, subdivisions 1b and 1c, to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

(c) If the member was under age 55 and has credit for at least three years of allowable service on the date of death but did not qualify for retirement, the surviving spouse may elect to receive the 100 percent joint and survivor annuity based on the age of the member and surviving spouse at the time of the member's death. The annuity is payable using the full early retirement reduction under section 353.30, subdivision 1, 1b, 1c, or 5, to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

Notwithstanding the definition of surviving spouse in section 353.01, subdivision 20, a former spouse of the member, if any, is entitled to a portion of the monthly surviving spouse optional annuity if stipulated under the terms of a marriage dissolution decree filed with the association. If there is no surviving spouse or child or children, a former spouse may be entitled to a lump-sum refund payment under subdivision 1, if provided for in a marriage dissolution decree but not a monthly surviving spouse optional annuity despite the terms of a marriage dissolution decree filed with the association.

The surviving spouse eligible for surviving spouse benefits under paragraph (a) may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. The surviving spouse eligible for surviving spouse benefits under paragraph (b) or (c) may apply for an annuity any time after the member's death. The annuity must be computed under sections 353.29, subdivisions 2 and 3; 353.30, subdivisions 1, 1a, 1b, 1c, and 5; and 353.31, subdivision 3.

Sections 353.34, subdivision 3, and 353.71, subdivision 2, apply to a deferred annuity or surviving spouse benefit payable under this subdivision. No payment may accrue beyond the end of the month in which entitlement to the annuity has terminated or upon expiration of the term certain benefit payment under subdivision 1b. An amount equal to any excess of the accumulated contributions that were credited to the account of the deceased employee over and above the total of the annuities paid and payable to the

surviving spouse must be paid to the deceased member's last designated beneficiary or, if none, to the legal representative of the estate of the deceased member as specified in subdivision 1.

A member may specify in writing that this subdivision does not apply and that payment may be made only to the designated beneficiary as otherwise provided by this chapter.

Sec. 8. Minnesota Statutes 1992, section 353.32, is amended by adding a subdivision to read:

*Subd. 1b. [SURVIVOR COVERAGE TERM CERTAIN.] Instead of the 100 percent optional annuity under subdivision 1a or a refund under subdivision 1, the surviving spouse of a deceased member may elect to receive survivor coverage for a term certain of five, ten, 15, or 20 years, but monthly payments may not exceed 75 percent of the average high-five monthly salary of the deceased member. The monthly term certain annuity must be actuarially equivalent to the 100 percent optional annuity under subdivision 1a.*

*If a surviving spouse elects a term certain annuity and dies before the expiration of the specified term certain period, the commuted value of the remaining annuity payments must be paid in a lump sum to the survivor's estate.*

Sec. 9. Minnesota Statutes 1992, section 353.32, is amended by adding a subdivision to read:

*Subd. 1c. [DEPENDENT CHILD SURVIVOR COVERAGE.] If there is no surviving spouse eligible for benefits under subdivision 1a, a dependent child or children as defined in section 353.01, subdivision 15a, is eligible for monthly payments. The state board of investment may retain consulting services to assist in the periodic review, may establish a budget for its costs in the periodic review process, and may charge a proportional share of those costs to each financial institution selected by the state board of investment. All reimbursements collected under this subdivision are appropriated to the state board of investment to pay expenses related to this process. All contracts must be approved by the state board of investment before execution by the state university board and the community college board. If the comprehensive municipal plan is in conflict with the zoning ordinance, the zoning ordinance supersedes the plan.~~

Sec. 3. Minnesota Statutes 1992, section 473.865, subdivision 1, is amended to read:

Subdivision 1. Each local governmental unit shall adopt official controls as described in its adopted comprehensive plan and shall submit copies of the official controls to the council within 30 days following their adoption thereof, for information purposes only. *The official controls adopted must implement the purpose, objectives, and policies of the comprehensive plan. The determination of the timing of the implementation of the comprehensive plan must be at the sole discretion of the governing body. This subdivision does not limit the applicability of the requirements in subdivision 3.*

S.F. No. 329: A bill for an act relating to human services; allocating money to the child care basic sliding fee program; amending Minnesota Statutes 1992, section 256H.03, subdivision 4.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 256H.03, subdivision 4, is amended to read:

Subd. 4. [ALLOCATION FORMULA.] Beginning July 1, 1992, the basic sliding fee state and federal funds shall be allocated according to the following formula:

(a) One-half of the funds shall be allocated in proportion to each county's total expenditures for the basic sliding fee child care program reported during the 12-month period ending on December 31 of the preceding state fiscal year.

(b) One-fourth of the funds shall be allocated based on the number of children under age 13 in each county who are enrolled in general assistance medical care, medical assistance, and the children's health plan on July 1, of each year.

(c) One-fourth of the funds shall be allocated based on the number of children under age 13 who reside in each county, from the most recent estimates of the state demographer.

(d) *In fiscal year 1993 only, a maximum of \$600,000 in federal funds designated for the basic sliding fee program shall be distributed to counties that, due to the allocation formula change in paragraphs (a) to (c), do not have sufficient funds available in the basic sliding fee program to continue services in fiscal year 1993 to families participating in the basic sliding fee program in fiscal year 1992. This maximum of \$600,000 increase for the sliding fee child care fund in fiscal year 1993 is a one-time increase and does not increase the allocation base for the 1994-1995 biennium. The funds shall be distributed as a supplemental fiscal year 1993 allocation to counties without regard to the allocation formula identified in this subdivision. The amount distributed to a county shall be based on earnings in excess of its original fiscal year 1993 allocation after the maintenance of effort requirements in section 256H.12. The sum of a county's original and supplemental fiscal year 1993 allocations may not exceed its fiscal year 1992 allocation. If the amount of funds earned under this paragraph is in excess of \$600,000, the distribution shall be prorated to each county based on the ratio of the county's earnings in excess of its allocation to the total of all counties' earnings in excess of their allocations.*

Sec. 2. [EFFECTIVE DATE.]

- (5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative;*
- (6) ten percent for the state committee of a political party; money allocated to each state committee under this clause must be deposited in a separate*

account and must be spent for only those items enumerated in section 10A.275; money allocated to a state committee under this clause must be paid to the committee by the state treasurer as notified by the state ethical practices board as it is received in the account on a monthly basis, with payment on the 15th day of the calendar month following the month in which the returns were processed by the department of revenue, provided that these distributions would be equal to 90 percent of the amount of money indicated in the department of revenue's weekly unedited reports of income tax returns and property tax refund returns processed in the month, as notified by the department of revenue to the state ethical practices board. The amounts paid to each state committee are subject to biennial adjustment and settlement at the time of each certification required of the commissioner of revenue under subdivisions 7 and 10. If the total amount of payments received by a state committee for the period reflected on a certification by the department of revenue is different from the amount that should have been received during the period according to the certification, each subsequent monthly payment must be increased or decreased to the fullest extent possible until the amount of the overpayment is recovered or the underpayment is distributed.

To assure that moneys will be returned to the counties from which they were collected, and to assure that the distribution of those moneys rationally relates to the support for particular parties or for particular candidates within legislative districts, money from the party accounts for legislative candidates shall be distributed as follows:

Each candidate for the state senate and state house of representatives whose name is to appear on the ballot in the general election shall receive *an equal share of* money from the candidate's party account set aside for candidates of the state senate or state house of representatives, whichever applies, according to the following formula:

For each county within the candidate's district the candidate's share of the dollars allocated in that county to the candidate's party account and set aside for that office shall be:

(a) The sum of the votes cast in the last general election in that part of the county in the candidate's district for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct of the state and (ii) for the state senate and state house of representatives, divided by

(b) The sum of the votes cast in that county in the last general election for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct in the state and (ii) for the state senate and state house of representatives, multiplied by

(c) The amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

The sum of all the county shares calculated in the formula above is the candidate's share of the candidate's party account.

In a year in which an election for the state senate occurs, with respect to votes for candidates for the state senate only, "last general election" means the last general election in which an election for the state senate occurred.

For any party under whose name no candidate's name appeared on the ballot in each voting precinct in the state in the last general election, amounts in the party's account shall be allocated based on (a) the number of people voting in

the last general election in that part of the county in the candidate's district, divided by (b) the number of the people voting in that county in the last general election, multiplied by (c) the amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

In a year in which the first election after a legislative reapportionment is held, "the candidate's district" means the newly drawn district, and voting data from the last general election will be applied to the area encompassing the newly drawn district notwithstanding that the area was in a different district in the last general election.

If in a district there was no candidate of a party for the state senate or state house of representatives in the last general election, or if a candidate for the state senate or state house of representatives was unopposed, the vote for that office for that party shall be the average vote of all the remaining candidates of that party in each county of that district whose votes are included in the sums in clauses (a) and (b). The average vote shall be added to the sums in clauses (a) and (b) before the calculation is made for all districts in the county.

Money from a party account not distributed to candidates for state senator and representative in any election year shall be returned to the general fund of the state. Money from a party account not distributed to candidates for other offices in an election year shall be returned to the party account for reallocation to candidates as provided in clauses (1) to (6) in the following year. Money from the general account refused by any candidate shall be distributed to all other qualifying candidates in proportion to their shares as provided in this subdivision.

Sec. 29. Minnesota Statutes 1992, section 10A.31, subdivision 6, is amended to read:

Subd. 6. ~~Within two weeks~~ *As soon as the board has obtained from the secretary of state the results of the primary election, but in any event no later than one week* after certification by the state canvassing board of the results of the primary, the ~~state treasurer board~~ shall distribute the available funds in each party account, as certified by the commissioner of revenue on September 15, to the candidates of that party who have signed the agreement as provided in section 10A.322, and whose names are to appear on the ballot in the general election, according to the allocations set forth in subdivision 5.

Sec. 30. Minnesota Statutes 1992, section 10A.31, subdivision 7, is amended to read:

Subd. 7. *Within two weeks* after certification by the state canvassing board of the results of the general election, the ~~state treasurer board~~ shall distribute the available funds in the general account, as certified by the commissioner of revenue on November 15 and according to allocations set forth in subdivision 5, in equal amounts to all candidates for each statewide office who received at least five percent of the votes cast in the general election for that office, and to all candidates for legislative office who received at least ten percent of the votes cast in the general election for the specific office for which they were candidates. The board shall not use the information contained in the report of the principal campaign committee of any candidate due ten days before the general election for the purpose of reducing the amount due that candidate from the general account:

Sec. 31. Minnesota Statutes 1992, section 10A.31, subdivision 10, is amended to read:

Subd. 10. [DISTRIBUTION.] In the event that on the date of either certification by the commissioner of revenue as provided in subdivisions 6 and 7, less than 98 percent of the tax returns have been processed, the commissioner of revenue shall certify to the board on by December 7 1 the amount accumulated in each account since the previous certification. ~~Within one week thereafter~~ By December 15, the board shall certify to the state treasurer the amount to be distributed ~~distribute~~ to each candidate according to the allocations as provided in subdivision 5. As soon as practicable thereafter, the state treasurer shall distribute the amounts to which the candidates are entitled in the form of checks made "payable to the campaign fund of .....(name of candidate)....." Any money accumulated after the final certification shall be maintained in the respective accounts for distribution in the next general election year.

Sec. 32. Minnesota Statutes 1992, section 10A.31, is amended by adding a subdivision to read:

Subd. 12. [UNOPPOSED CANDIDATE NOT ELIGIBLE.] A candidate who is unopposed in both the primary election and the general election is not eligible to receive a public subsidy from the state elections campaign fund. The subsidy the candidate would otherwise have been eligible to receive from the party account must be paid to the candidate's political party to be used for multicandidate expenditures as provided in section 10A.275.

Sec. 33. [10A.312] [PUBLIC MATCHING SUBSIDY.]

Subdivision 1. [ELIGIBILITY.] (a) In addition to the subsidy payable from the state elections campaign fund, the board shall pay a public matching subsidy to a candidate who:

(1) is seeking an office for which voluntary spending limits are specified in section 10A.25;

(2) has designated a principal campaign committee;

(3) has signed and filed with the board an agreement to limit campaign expenditures as provided in section 10A.322 and is abiding by the agreement;

(4) has received contributions that exceed the threshold established by paragraph (b); and

(5) has submitted to the board the affidavits required by subdivision 3.

(b) The candidate must have received, since July 1 immediately preceding the election year, at least the following amounts:

(1) candidates for governor and lieutenant governor running together, \$25,000 in aggregate contributions of \$200 or less from each person eligible to vote in this state;

(2) candidates for attorney general, \$10,000 in aggregate contributions of \$200 or less from each person eligible to vote in this state;

(3) candidates for secretary of state, state treasurer, and state auditor, separately, \$4,000 in aggregate contributions of \$100 or less from each person eligible to vote in this state;

(4) candidates for the senate, \$2,000 in aggregate contributions of \$100 or less from each person eligible to vote in their district; and

(5) candidates for the house of representatives, \$1,000 in aggregate contributions of \$100 or less from each person eligible to vote in their district.

(c) A candidate who is unopposed in both the primary election and the general election is not eligible to receive a public matching subsidy under this section.

*Subd. 2. [AMOUNT.] The subsidy must be paid in an amount that will match the first \$50 of contributions received from each person eligible to vote in this state, up to a total of 20 percent of the candidate's expenditure limit. For legislative candidates, one-half of the matching contributions must have come from persons eligible to vote in the candidate's district. For the first general election after the legislature has been redistricted, "the candidate's district" includes both the new district and the old district where the candidate resided before the redistricting.*

*Subd. 3. [AFFIDAVITS.] In addition to the requirements of subdivision 1, the candidate or the candidate's treasurer shall file with the board an affidavit stating the total amount of contributions that have been received from persons eligible to vote in this state or in the district, as appropriate, and the total amount of those contributions received disregarding the portion of any contribution in excess of \$50. The affidavit must be filed by September 1 to receive the payment based on the results of the primary election, by October 1 to receive the payment made October 15, and by December 1 to receive the final payment for that election cycle.*

*Subd. 4. [PAYMENT DATES.] The board shall make the first payment of the public matching subsidy as soon as the board has obtained from the secretary of state the results of the primary election, but in any event no later than one week after certification by the state canvassing board of the results of the primary. The board shall make the second payment by October 15 of the election year, and the final payment by December 15 of the election year.*

Sec. 34. Minnesota Statutes 1992, section 10A.315, is amended to read:

10A.315 [SPECIAL ELECTION SUBSIDY.]

(a) Each eligible candidate for a legislative office in a special election must be paid a public subsidy equal to the sum of:

(1) the party account money at the last general election for the candidate's party for the office the candidate is seeking; and

(2) the general account money paid to candidates for the same office at the last general election.

(b) If the filing period for the special election coincides with the filing period for the general election, the candidate must meet the matching requirements of section 10A.323 and the special election subsidy must be distributed in the same manner as money is distributed to legislative candidates in a general election.

(c) If the filing period for the special election does not coincide with the filing period for the general election, the procedures in this paragraph apply. A candidate who wishes to receive this public subsidy must submit a signed agreement under section 10A.322 to the board not later than the day after the

candidate files the affidavit of candidacy or nominating petition for the office. ~~To receive a subsidy,~~ The candidate must meet *one-quarter* of the matching requirements of section 10A.323, ~~except that the dates in that section do not apply to a special election in which the filing period does not coincide with the filing period for the general election. To the extent feasible,~~ The special election subsidy must be distributed in the same manner as money in the party and general accounts is distributed to legislative candidates in a general election.

(e) ~~(d)~~ The amount necessary to make the payments required by this ~~subdivision~~ section is appropriated from the general fund to the ~~state treasurer board.~~

Sec. 35. Minnesota Statutes 1992, section 10A.322, subdivision 1, is amended to read:

Subdivision 1. [AGREEMENT BY CANDIDATE.] (a) As a condition of receiving a public subsidy ~~from the state elections campaign fund,~~ a candidate shall sign and file with the board a written agreement in which the candidate agrees that the candidate will comply with sections 10A.25 and 10A.324.

(b) Before the first day of filing for office, the board shall forward agreement forms to all filing officers. The board shall also provide agreement forms to candidates on request at any time. The candidate may sign an agreement and submit it to the filing officer on the day of filing an affidavit of candidacy or petition to appear on the ballot, in which case the filing officer shall without delay forward signed agreements to the board. Alternatively, the candidate may submit the agreement directly to the board at any time before September 1 preceding the general election. An agreement may not be ~~signed or rescinded~~ filed after that date. *An agreement once filed may not be rescinded.*

(c) The board shall forward a copy of any agreement signed under this subdivision to the commissioner of revenue.

(d) Notwithstanding any provisions of this section, when a vacancy occurs that will be filled by means of a special election and the filing period does not coincide with the filing period for the general election, a candidate may sign and submit a spending limit agreement at any time before the deadline for submission of a signed agreement under section 10A.315.

Sec. 36. Minnesota Statutes 1992, section 10A.322, subdivision 2, is amended to read:

Subd. 2. [HOW LONG AGREEMENT IS EFFECTIVE.] The agreement, insofar as it relates to the expenditure limits in section 10A.25, as adjusted by section 10A.255, remains effective for candidates until the dissolution of the principal campaign committee of the candidate or the ~~day filings open for the next succeeding election to the office held or sought at the time of the agreement~~ *end of the first election cycle completed after the agreement was filed,* whichever occurs first.

Sec. 37. Minnesota Statutes 1992, section 10A.323, is amended to read:

10A.323 [MATCHING REQUIREMENTS.]

In addition to the requirements of section 10A.322, to be eligible to receive a public subsidy ~~from the state elections campaign fund~~ a candidate *or the candidate's treasurer* shall file an affidavit with the board stating that during

that calendar year the candidate has accumulated contributions, including unexpended balances from the year before, equal to 20 percent or more of the minimum amount that the board estimates, on August 15 of the general election year, would be received by the candidate from the state elections campaign fund from persons eligible to vote in this state, that exceed ten percent of the candidate's expenditure limit in section 10A.25, subdivision 2. For legislative candidates, one-half of the matching contributions must have come from persons eligible to vote in the candidate's district. For the first general election after the legislature has been redistricted, "the candidate's district" includes both the new district and the old district where the candidate resided before the redistricting. Each matching contribution must be no more than \$500 for candidates for governor and no more than \$100 for other candidates. The candidate or the candidate's treasurer shall submit the affidavit affidavits required by this subdivision to the board in writing by October 1 of the general election year September 1 to receive the payment based on the results of the primary election, by November 1 to receive the payment based on the results of the general election, and by December 1 to receive the final payment for that election cycle.

Sec. 38. Minnesota Statutes 1992, section 10A.324, subdivision 3, is amended to read:

Subd. 3. [HOW RETURN DETERMINED.] Whether or not a candidate is required under subdivision 1 to return all or a portion of the public subsidy received from the state elections campaign fund must be determined from the report required to be filed with the board by that candidate by January 31 of the year following an election. For purposes of this section, a transfer from one principal campaign committee to another principal campaign committee or to a political party is considered to be a noncampaign disbursement. The cost of postage that was not used during an election cycle and payments that created credit balances at vendors at the close of an election cycle are not considered expenditures for purposes of determining the amount to be returned. Any amount required to be returned must be submitted in the form of a check or money order and must accompany the report filed with the board. The board shall forward the check or money order to the state treasurer for deposit in the general fund. The amount returned must not exceed the amount of public subsidy received by the candidate from the state elections campaign fund.

Sec. 39. Minnesota Statutes 1992, section 10A.324, is amended by adding a subdivision to read:

Subd. 5. [RETURN OF OPPONENT'S PUBLIC SUBSIDY.] If a candidate received an opponent's public subsidy under section 10A.25, subdivision 10, the candidate shall return all or a portion of the opponent's public subsidy if required under subdivision 1. In addition, the candidate shall return all of the opponent's public subsidy to the board if the opponent is not required to file a campaign spending report under section 10A.20 or if the opponent's postelection report due on January 31 indicates that the opponent raised and spent \$1,000 or less during the campaign.

Sec. 40. [211A.12] [CONTRIBUTION LIMITS.]

A candidate may not accept aggregate contributions made or delivered by an individual or committee in excess of \$300 for a candidate for mayor in a city of the first class or \$200 for other candidates in an election year for the office sought and \$100 for all candidates in other years. Contributions that

*are bundled for delivery to a candidate are counted as contributions from the individual or committee that makes the delivery as well as from the individual or committee that was the source of the contribution, except that a delivery made by an individual on behalf of the individual's spouse is not counted as a contribution by the individual.*

Sec. 41. Minnesota Statutes 1992, section 211B.04, is amended to read:

**211B.04 [CAMPAIGN LITERATURE MUST INCLUDE DISCLAIMER.]**

(a) A person who participates in the preparation or dissemination of campaign material other than as provided in section 211B.05, subdivision 1, that does not prominently include the name and address of the person or committee causing the material to be prepared or disseminated in a disclaimer substantially in the form provided in paragraph (b) or (c) is guilty of a misdemeanor.

(b) Except in cases covered by paragraph (c), the required form of disclaimer is: "Prepared and paid for by the ..... committee, .....(address)" for material prepared and paid for by a principal campaign committee, or "Prepared and paid for by the ..... committee, .....(address), in support of .....(insert name of candidate or ballot question)" for material prepared and paid for by a person or committee other than a principal campaign committee.

(c) In the case of broadcast media, the required form of disclaimer is: "Paid for by the ..... committee."

(d) Campaign material that is not circulated on behalf of a particular candidate or ballot question must also include in the disclaimer either that it is "in opposition to .....(insert name of candidate or ballot question.....)"; or that "this publication is not circulated on behalf of any candidate or ballot question"; and that "this expenditure is outside any candidate's voluntary limits on campaign spending."

(e) This section does not apply to objects stating only the candidate's name and the office sought, fundraising tickets, or personal letters that are clearly being sent by the candidate.

(f) This section does not modify or repeal section 211B.06.

Sec. 42. Minnesota Statutes 1992, section 211B.12, is amended to read:

**211B.12 [LEGAL EXPENDITURES.]**

Use of funds money collected for political purposes is prohibited unless the use is reasonably related to the conduct of election campaigns, or is a noncampaign disbursement as defined in section 10A.01, subdivision 10c. The following are permitted expenditures when made for political purposes:

- (1) salaries, wages, and fees;
- (2) communications, mailing, transportation, and travel;
- (3) campaign advertising;
- (4) printing;

(5) office and other space and necessary equipment, furnishings, and incidental supplies;

Sec. 44. Minnesota Statutes 1992, section 290.06, subdivision 23, is amended to read:

**Subd. 23. [REFUND OF CONTRIBUTIONS TO POLITICAL PARTIES AND CANDIDATES.]** (a) A taxpayer may claim a refund equal to the amount of the taxpayer's contributions made in the calendar year to candidates and to any political party. The maximum refund for an individual must not exceed \$50 and, for a married couple filing jointly, must not exceed \$100. A refund of a contribution is allowed only if the taxpayer files a form required by the commissioner and attaches to the form a copy of an official refund receipt form issued by the candidate or party and signed by the candidate, the treasurer of the candidate's principal campaign committee, or the party chair, *after the contribution was received. The receipt forms must be numbered, and the data on the receipt that are not public must be made available to the ethical practices board upon its request.* A claim must be filed with the commissioner not sooner than January 1 of the calendar year in which the contribution is made and no later than April 15 of the calendar year following the calendar year in which the contribution is made. A taxpayer may file only one claim per calendar year. Amounts paid by the commissioner after June 15 of the calendar year following the calendar year in which the contribution is made must include interest at the rate specified in section 270.76.

(2) is seeking an office for which voluntary spending limits are specified in section 10A.25 or 10A.43; and

(d) The commissioner shall make copies of the form available to the public and candidates upon request.

(e) The following data collected or maintained by the commissioner under this subdivision are private: the identities of individuals claiming a refund, the identities of candidates to whom those individuals have made contributions, and the amount of each contribution.

The new expenditure limits and eligibility for a public subsidy under this act apply to candidates who sign and file with the ethical practices board a new spending limit agreement under this act after its effective date. Contributions to a candidate that were made before the effective date of this act and were lawful when made need not be refunded, even though they exceed the new limit on contributions to the candidate for the 1994 election cycle.*

#### Sec. 47. [REPEALER.]

*Minnesota Statutes 1992, section 10A.31, subdivisions 8 and 9, are repealed.*

Subd. 4. [PURCHASES; WHEELING.] (a) Except as otherwise provided in paragraph (c), this subdivision shall apply to all qualifying facilities having 40 kilowatt capacity or more as well as qualifying facilities as defined in subdivision 3 which elect to be governed by its provisions.

(b) The utility to which the qualifying facility is interconnected shall purchase all energy and capacity made available by the qualifying facility. The qualifying facility shall be paid the utility's full avoided capacity and energy costs including the value of environmental costs avoided by the qualifying facility considered appropriate by the commission. To the extent possible, the commission shall quantify and value all environmental costs associated with each method of electricity generation as negotiated by the parties, as set by the commission, or as determined through competitive bidding approved by the commission. The full avoided capacity and energy costs to be paid a qualifying facility that generates electric power by means of a renewable energy source are the utility's least cost renewable energy facility or the bid of a competing supplier of a least cost renewable energy facility, whichever is lower.

(c) For all qualifying facilities having 30 kilowatt capacity or more, the utility shall, at the qualifying facility's or the utility's request, provide wheeling or exchange agreements wherever practicable to sell the qualifying facility's output to any other Minnesota utility having generation expansion

anticipated or planned for the ensuing ten years. The commission shall establish the methods and procedures to insure that except for reasonable wheeling charges and line losses, the qualifying facility receives the full avoided energy and capacity costs of the utility ultimately receiving the output.

(d) The commission shall set rates for electricity generated by renewable energy.

Sec. 2. Minnesota Statutes 1992, section 216B.2421, subdivision 1, is amended to read:

Subdivision 1. [APPLICABILITY.] The definition in this section applies to this section and sections 216B.2422 and ~~section~~ 216B.243.

Sec. 3. [216B.2422] [RESOURCE PLANNING; RENEWABLE ENERGY.]

*Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the terms defined in this subdivision have the meanings given them.*

*(b) "Utility" means an entity with the capability of generating 100,000 kilowatts or more of electric power and serving, either directly or indirectly, the needs of 10,000 retail customers in Minnesota. Utility does not include federal power agencies.*

*(c) "Renewable energy" means electricity generated through use of any of the following resources:*

- (1) wind;*
- (2) solar;*
- (3) geothermal;*
- (4) hydro; or*
- (5) trees or other vegetation.*

*(d) "Resource plan" means a set of resource options that a utility could use to meet the service needs of its customers over a forecast period, including an explanation of the supply and demand circumstances under which, and the extent to which, each resource option would be used to meet those service needs. These resource options include using, refurbishing, and constructing utility plant and equipment, buying power generated by other entities, controlling customer loads, and implementing customer energy conservation.*

*(e) "Refurbish" means to rebuild or substantially modify an existing electricity generating resource of 30 megawatts or greater.*

*Subd. 2. [PLAN FILING AND APPROVAL.] A utility shall file a resource plan with the commission periodically in accordance with rules adopted by the commission. The commission may approve, reject, or modify the plan of a public utility, as defined in section 216B.02, subdivision 4, consistent with the public interest. In the resource plan proceedings of all other utilities, the commission's order shall be advisory and the order's findings and conclusions shall constitute prima facie evidence which may be rebutted by substantial evidence in all other proceedings. As a part of its resource plan filing, a utility shall include the least cost plan for meeting 50 and 75 percent of all new and*

*refurbished capacity needs through a combination of conservation and renewable energy resources.*

*Subd. 3. [ENVIRONMENTAL COSTS.] (a) The commission shall, to the extent practicable, quantify and establish a range of environmental costs associated with each method of electricity generation. A utility shall use the values established by the commission in conjunction with other external factors, including socioeconomic costs, when evaluating and selecting resource options in all proceedings before the commission, including resource plan and certificate of need proceedings.*

*(b) The commission shall establish interim environmental cost values associated with each method of electricity generation by March 1, 1994. These values expire on the date the commission establishes environmental cost values under paragraph (a).*

*Subd. 4. [RENEWABLE PREFERENCE.] The commission shall not approve a new or refurbished nonrenewable energy facility in an integrated resource plan or a certificate of need, pursuant to section 216B.243, nor shall the commission allow rate recovery pursuant to section 216B.16 for such a nonrenewable energy facility, unless the utility has demonstrated that a renewable energy facility is not in the public interest.*

*Subd. 5. [BIDDING.] A utility may select resources to meet its projected energy demand through a bidding process approved or established by the commission. A utility shall use the environmental cost estimates determined under subdivision 3 in evaluating bids submitted in a process established under this subdivision.*

*Subd. 6. [CONSOLIDATION OF RESOURCE PLANNING AND CERTIFICATE OF NEED.] A utility shall indicate in its resource plan whether it intends to site or construct a large energy facility. If the utility's resource plan includes a proposed large energy facility and construction of that facility is likely to begin before the utility files its next resource plan, the commission shall conduct the resource plan proceeding consistent with the requirements of section 216B.243 with respect to the proposed facility. If the commission approves the proposed facility in the resource plan, a separate certificate of need proceeding is not required."*

A person shall be presumed to be engaged in the business of selling real estate if the person engages as principal in five or more transactions during any 12-month period, unless the person is represented by a licensed real estate broker or salesperson;

(g) offers or makes more than five loans secured by real estate during any 12-month period and who is not a bank, savings bank, mutual savings bank, building and loan association, or savings and loan association organized under the laws of this state or the United States, trust company, trust company acting as a fiduciary, or other financial institution subject to the supervision of the commissioner of commerce, or mortgagee or lender approved or certified by the secretary of housing and urban development or approved or certified by the administrator of veterans affairs, or approved or certified by the administrator of the Farmers Home Administration, or approved or certified by the Federal Home Loan Mortgage Corporation, or approved or certified by the Federal National Mortgage Association.

Sec. 2. Minnesota Statutes 1992, section 82.17, is amended by adding a subdivision to read:

*Subd. 11. [DUAL AGENCY.] "Dual agency" means a situation in which a licensee owes a duty to more than one party to the transaction.*

*Circumstances which establish dual agency include the following:*

*(1) when one licensee represents both the buyer and the seller in a real estate transaction; or*

*(2) when two or more licensees, licensed to the same broker, each represent a party to the transaction.*

Sec. 3. Minnesota Statutes 1992, section 82.17, is amended by adding a subdivision to read:

*Subd. 12. [RESIDENTIAL REAL PROPERTY OR RESIDENTIAL REAL ESTATE.] "Residential real property" or "residential real estate" means property occupied by, or intended to be occupied by, one to four families as their residence.*

Sec. 4. Minnesota Statutes 1992, section 82.19, is amended by adding a subdivision to read:

*Subd. 4a. [SELF-SERVING PROVISION PROHIBITED.] No purchase agreement, earnest money contract, or similar contract for the purchase, rental, or lease of real property may contain any hold harmless clause or arbitration clause which addresses the rights or liabilities of persons required to be licensed pursuant to this chapter unless the person required to be licensed is a principal in the transaction.*

*This does not prohibit separate and independent written agreements between any of the parties and persons required to be licensed pursuant to this chapter.*

Sec. 5. Minnesota Statutes 1992, section 82.19, subdivision 5, is amended to read:

*Subd. 5. [DISCLOSURE REGARDING REPRESENTATION OF PARTIES.] (a) No person licensed pursuant to this chapter or who otherwise acts as a real estate broker or salesperson shall represent any party or parties to a real estate transaction or otherwise act as a real estate broker or salesperson unless that person makes an affirmative written disclosure to all parties to the transaction as to which party that person represents in the transaction. In a residential real property transaction, the disclosure must be made at the first substantive contact between the licensee and the party or potential party to the*

transaction. The disclosure shall be printed in at least 6-point bold type on the purchase agreement and acknowledged by separate signatures of the buyer and seller as a separate document, and acknowledged by the signature of the buyer, seller, or customer.

(b) The disclosure required by this subdivision must be made by the licensee prior to any offer being made to or accepted by the buyer. A change in licensee's representation that makes the initial disclosure incomplete, misleading, or inaccurate requires that a new disclosure be made at once with respect to any residential property transaction:

- (1) when representing the seller, at the signing of a listing agreement;
- (2) when representing the buyer, at the signing of a buyer's broker agreement;
- (3) as to all other parties (potential buyers or sellers) who are not represented by the licensee, before discussion of financial information or the commencement of negotiations, which could affect that party's bargaining position in the transaction.

A change in the licensee's representation, including dual agency, that makes the initial disclosure required by this paragraph incomplete, misleading, or inaccurate requires that a new disclosure be made at once.

(c) The seller may, in the listing agreement, authorize the seller's broker to disburse part of the broker's compensation to other brokers, including the buyer's brokers solely representing the buyer. A broker representing a buyer shall make known to the seller or the seller's agent the fact of the agency relationship before any showing or negotiations are initiated.

Sec. 6. Minnesota Statutes 1992, section 82.19, is amended by adding a subdivision to read:

*Subd. 8. [CLOSING SERVICES.] No real estate broker, salesperson, or closing agent shall require a person to use any particular lender, licensed attorney, real estate broker, real estate salesperson, real estate closing agent, or title company in connection with a residential real estate closing.*

Sec. 7. [82.195] [LISTING AGREEMENTS.]

*Subdivision 1. [REQUIREMENT.] Licensees shall obtain a signed listing agreement from the owner of real property or from another person authorized to offer the property for sale or lease before advertising to the general public that the real property is available for sale or lease.*

*For the purposes of this section "advertising" includes placing a sign on the owner's property that indicates that the property is being offered for sale or lease.*

*Subd. 2. [CONTENTS.] All listing agreements must be in writing and must include:*

- (1) a definite expiration date;
- (2) a description of the real property involved;
- (3) the list price and any terms required by the seller;
- (4) the amount of any compensation or commission or the basis for computing the commission;

(5) a clear statement explaining the events or conditions that will entitle a broker to a commission;

(6) information regarding an override clause, if applicable, including a statement to the effect that the override clause will not be effective unless the licensee supplies the seller with a protective list within 72 hours after the expiration of the listing agreement;

(7) the following notice in not less than ten-point boldface type immediately preceding any provision of the listing agreement relating to compensation of the licensee:

**“NOTICE: THE COMMISSION RATE FOR THE SALE, LEASE, RENTAL, OR MANAGEMENT OF REAL PROPERTY SHALL BE DETERMINED BETWEEN EACH INDIVIDUAL BROKER AND ITS CLIENT.”;**

(8) if the broker chooses to represent both buyers and sellers in connection with residential property transactions, a “dual agency” disclosure statement;

(9) a notice requiring the seller to indicate in writing whether it is acceptable to the seller to have the licensee arrange for closing services or whether the seller wishes to arrange for others to conduct the closing. The notice must also include the disclosure of any controlled business arrangement, as the term is defined in United States Code, title 12, section 1602, between the licensee and the real estate closing agent through which the licensee proposes to arrange closing services; and

(10) for residential listings, a notice stating that after the expiration of the listing agreement, the seller will not be obligated to pay the licensee a fee or commission if the seller has executed another valid listing agreement pursuant to which the seller is obligated to pay a fee or commission to another licensee for the sale, lease, or exchange of the real property in question. This notice may be used in the listing agreement for any other type of real estate.

Subd. 3. [PROHIBITED PROVISIONS.] Licensees shall not include in a listing agreement a holdover clause, automatic extension, or any similar provision, or an override clause the length of which is more than six months after the expiration of the listing agreement.

Subd. 4. [OVERRIDE CLAUSES.] Licensees shall not seek to enforce an override clause unless a protective list has been furnished to the seller within 72 hours after the expiration of the listing agreement.

Subd. 5. [PROTECTIVE LISTS.] A broker or salesperson has the burden of demonstrating that each person on the protective list has, during the period of the listing agreement, either made an affirmative showing of interest in the property by responding to an advertisement or by contacting the broker or salesperson involved or has been physically shown the property by the broker or salesperson. For the purpose of this section, the mere mailing or other distribution by a licensee of literature setting forth information about the property in question does not, of itself, constitute an affirmative showing of interest in the property on the part of a subsequent purchaser.

For listings of nonresidential real property which do not contain the notice described in subdivision 2, clause (10), the protective list must contain the following notice in boldface type:

**“IF YOU RELIST WITH ANOTHER BROKER WITHIN THE OVERRIDE PERIOD AND THEN SELL YOUR PROPERTY TO ANYONE WHOSE NAME**

**APPEARS ON THIS LIST, YOU COULD BE LIABLE FOR FULL COMMISSIONS TO BOTH BROKERS. IF THIS NOTICE IS NOT FULLY UNDERSTOOD, SEEK COMPETENT ADVICE."**

**Sec. 8. [82.196] [BUYER'S BROKER AGREEMENTS.]**

*Subdivision 1. [REQUIREMENTS.] Licensees shall obtain a signed buyer's broker agreement from a buyer before performing any acts as a buyer's representative.*

*Subd. 2. [CONTENTS.] All buyer's broker agreements must be in writing and must include:*

*(1) a definite expiration date;*

*(2) the amount of any compensation or commission, or the basis for computing the commission;*

*(3) a clear statement explaining the services to be provided to the buyer by the broker, and the events or conditions that will entitle a broker to a commission or other compensation;*

*(4) a provision for cancellation of the agreement by either party upon terms agreed upon by the parties;*

*(5) information regarding an override clause, if applicable, including a statement to the effect that the override clause will not be effective unless the licensee supplies the buyer with a protective list within 72 hours after the expiration of the buyer's broker agreement;*

*(6) the following notice in not less than ten-point bold face type immediately preceding any provision of the buyer's broker agreement relating to compensation of the licensee:*

**"NOTICE: THE COMMISSION RATE FOR THE PURCHASE, LEASE, RENTAL, OR MANAGEMENT OF REAL PROPERTY IS NEGOTIABLE AND SHALL BE DETERMINED BETWEEN EACH INDIVIDUAL BROKER AND ITS CLIENT.";**

*(7) if the broker chooses to represent both buyers and sellers, a "dual agency" disclosure statement; and*

*(8) for buyer's broker agreements which involve residential real property, a notice stating that after the expiration of the buyer's broker agreement, the buyer will not be obligated to pay the licensee a fee or commission if the buyer has executed another valid buyer's broker agreement pursuant to which the buyer is obligated to pay a fee or commission to another licensee for the purchase, lease, or exchange of real property.*

*Subd. 3. [PROHIBITED PROVISIONS.] Licensees shall not include in a buyer's broker agreement a holdover clause, automatic extension, or any other similar provision, or an override clause the length of which is more than six months after the expiration of the buyer's broker agreement.*

*Subd. 4. [OVERRIDE CLAUSES.] Licensees shall not seek to enforce an override clause unless a protective list has been furnished to the buyer within 72 hours after the expiration of the buyer's broker agreement.*

*Subd. 5. [PROTECTIVE LISTS.] A licensee has the burden of demonstrating that each property on the protective list has been shown to the buyer, or*

*specifically brought to the attention of the buyer, during the time the buyer's broker agreement was in effect.*

*Subd. 6. [APPLICATION.] This section applies only to residential real property transactions.*

**Sec. 9. [82.197] [DISCLOSURE REQUIREMENTS.]**

*Subdivision 1. [AGENCY DISCLOSURE.] The listing agreement or a buyer's broker agreement must include a clear and complete explanation of how the broker will represent the interests of the seller or buyer, and, if the broker represents both sellers and buyers, state how that representation would be altered in a dual agency situation, and require the seller or buyer to choose whether to authorize the broker to initiate any transaction which would give rise to dual agency. Disclosure to a customer of a licensee's agency relationship with other parties must be made at a time and in a manner sufficient to protect the customer's bargaining position.*

*Subd. 2. [CREATION OF DUAL AGENCY.] If circumstances create a dual agency situation, the broker must make full disclosure to all parties to the transaction as to the change in relationship of the parties to the broker due to dual agency. A broker, having made full disclosure, must obtain the consent of all parties to these circumstances before accepting the dual agency.*

*Subd. 3. [SCOPE AND EFFECT.] The requirements for disclosure of agency relationships set forth in this chapter are intended to establish a minimum standard for regulatory purposes. Specific situations may require additional disclosure.*

*Subd. 4. [AGENCY DISCLOSURE FORMS.] (a) Disclosures of agency relationships shall be made in substantially the form set forth in paragraphs (b) to (e):*

**(b) ADDENDUM TO LISTING AGREEMENT**

*....(Broker).... will be representing you as your broker in the sale of your property located at ..... This relationship is called an agency. As your agent, ....(Broker).... owes you the duties of loyalty, obedience, disclosure, confidentiality, reasonable care and diligence, and full accounting. However, ....(Broker).... also represents buyers looking for properties. If a buyer represented by ....(Broker).... becomes interested in your property, a dual agency will be created. This means that ....(Broker).... will owe the same duties to the buyer that we owe to you. This conflict of interest will prohibit ....(Broker).... from advocating exclusively on your behalf when attempting to effect the sale of your property. Dual agency will limit the level of representation which ....(Broker).... can provide.*

*If a dual agency should arise, you will need to agree that confidential information about price, terms, and motivation will still be kept confidential unless you instruct ....(Broker).... in writing to disclose specific information about you or your property. All other information will be shared. Regardless of whether a dual agency occurs, ....(Broker).... must disclose to the buyer any material facts of which ....(Broker).... is aware that may adversely and significantly affect the buyer's use or enjoyment of the property. ....(Broker).... cannot act as a dual agent unless both you and the buyer agree to the dual agency after it is disclosed to you. (c) ADDENDUM TO BUYER REPRESENTATION AGREEMENT

....(Broker).... will be representing you as your broker to assist you in finding and purchasing a property. This relationship is called an agency. As your agent, ....(Broker).... owes you the duties of loyalty, obedience, disclosure, confidentiality, reasonable care and diligence, and full accounting. However, ....(Broker).... also represents sellers by listing their property for sale. If you become interested in a property listed by ....(Broker)...., a dual agency will be created. This means that ....(Broker).... will owe the same duties to the seller that ....(Broker).... owes to you. This conflict of interest will prohibit ....(Broker).... from advocating exclusively on your behalf when attempting to effect the purchase of the property. Dual agency will limit the level of representation ....(Broker).... can provide.

If a dual agency should arise, you will need to agree that confidential information about price, terms, and motivation will still be kept confidential unless you instruct ....(Broker).... in writing to disclose specific information about you. All other information will be shared. Regardless of whether a dual agency occurs, ....(Broker).... must disclose to the buyer any material facts of which ....(Broker).... is aware that may adversely and significantly affect the buyer's use or enjoyment of the property. In addition, ....(Broker).... must disclose to both parties any information of which ....(Broker).... is aware that a party will not perform in accordance with the terms of the purchase agreement or similar written agreement to convey real estate.

....(Broker).... cannot act as a dual agent unless both you and the seller agree to the dual agency after it is disclosed to you. **(d) DISCLOSURE TO CUSTOMER**

Before ....(Broker).... begins to assist you in finding and purchasing a property, we must disclose to you that ....(Broker).... will be representing the seller in the transaction.

....(Broker).... will disclose to you all material facts about the property of which ....(Broker).... is aware, that could adversely and significantly affect your use or enjoyment of the property. ....(Broker).... will also assist you with the mechanics of the transaction.

When it comes to the price and terms of an offer, ....(Broker).... will ask you to make the decision as to how much to offer for any property and upon what terms and conditions. ....(Broker).... can explain your options to you, but the ultimate decision is yours. ....(Broker).... will attempt to show you properties in the price range and category you desire so that you will have information on which to base your decision.

....(Broker).... will present to the seller any written offer that you ask ....(Broker).... to present. ....(Broker).... asks you to keep to yourself any information about the price or terms of your offer, or your motivation for making an offer, that you do not want the seller to know. ....(Broker).... would be required, as the seller's agent, to disclose this information to the seller. You should carefully consider sharing any information with ....(Broker).... that you do not want disclosed to the seller.

**(e) DISCLOSURE TO BUYER AND SELLER AT TIME OF OFFER TO PURCHASE**

....(Broker).... represents the seller at the property located at .....

....(Broker).... also represents a buyer who offered to purchase the seller's property.

When ....(Broker).... represents both the buyer and the seller in a transaction, a dual agency is created. This means that ....(Broker).... and its agents owe a fiduciary duty to both buyer and seller. Because buyer and seller may have conflicting interests, ....(Broker).... and its agents are prohibited from advocating exclusively for either party.

....(Broker).... cannot represent both the buyer and seller in this transaction unless both the buyer and seller agree to this dual agency.

Buyer and seller acknowledge and agree that:

1. Confidential information communicated to ....(Broker).... which regards price, terms, or motivation to buy or sell will remain confidential unless buyer or seller instructs ....(Broker).... in writing to disclose this information about the buyer or seller. Other information will be shared.

2. ....(Broker).... and its salespersons will disclose to buyer all material facts of which they are aware which could adversely and significantly affect the buyer's use or enjoyment of the property or any intended use of the property of which ....(Broker).... or its salespersons are aware (this disclosure is required by law whether or not a dual agency is involved).

3. ....(Broker).... and its salespersons will disclose to both parties all information of which they are aware that either party will not perform in accordance with the terms of the purchase agreement or other written agreement to convey real estate (this disclosure is required by law whether or not a dual agency is involved).

4. ....(Broker).... and its salespersons will not represent the interests of either party to the detriment of the other.

5. Within the limits of dual agency, ....(Broker).... and its salespersons will work diligently to facilitate the mechanics of the sale.

With the knowledge and understanding of the explanation above, buyer and seller authorize and instruct ....(Broker).... and its salespersons to act as dual agents in this transaction.

The commissioner shall then reduce the amount transferred to the highway user tax distribution fund by the amount of that estimate. The commissioner shall

reduce the estimate for any six-month period by the amount by which the estimate for the previous six-month period exceeded the amount needed to fund the appropriation under section 41A.09, subdivision 1, for that previous six-month period. If at any time during a six-month period in those fiscal years the amount of reduction in the transfer to the highway user tax distribution fund is insufficient to fund the appropriation under section 41A.09, subdivision 1 for that period, the commissioner shall transfer to the general fund from the highway user tax distribution fund an additional amount sufficient to fund the appropriation for that period, but the additional amount so transferred to the general fund in a six-month period may not exceed the amount transferred to the highway user tax distribution fund for that six-month period.

#### ARTICLE 6

#### SURVIVING SPOUSE BENEFITS

Section 1. Minnesota Statutes 1992, section 352.12, subdivision 2, is amended to read:

Subd. 2. [SURVIVING SPOUSE BENEFIT.] If an employee or former employee is ~~at least 50 years old and who~~ has credit for at least three years allowable service ~~or who has credit for at least 30 years of allowable service, regardless of age,~~ dies before an annuity or disability benefit has become payable, notwithstanding any designation of beneficiary to the contrary, the surviving spouse of the employee may elect to receive, in lieu of the refund with interest provided in subdivision 1, an annuity equal to the joint and 100 percent survivor annuity which the employee could have qualified for had the employee terminated service on the date of death. The surviving spouse may

apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. The annuity must be computed as provided in sections 352.115, subdivisions 1, 2, and 3, and 352.116, subdivisions 1, 1a, and 3. Sections 352.22, subdivision 3, and 352.72, subdivision 2, apply to a deferred annuity payable under this subdivision. The annuity must cease with the last payment received by the surviving spouse in the lifetime of the surviving spouse. An amount equal to the excess, if any, of the accumulated contributions credited to the account of the deceased employee in excess of the total of the benefits paid and payable to the surviving spouse must be paid to the deceased employee's last designated beneficiary or, if none, to the surviving children of the deceased spouse in equal shares or, if none, to the surviving parents of the deceased spouse or, if none, to the representative of the estate of the deceased spouse. Any employee may request in writing that this subdivision not apply and that payment be made only to a designated beneficiary as otherwise provided by this chapter.

Sec. 2. Minnesota Statutes 1992, section 353.32, subdivision 1a, is amended to read:

Subd. 1a. [SURVIVING SPOUSE OPTIONAL ANNUITY.] If a member or former member ~~who has attained at least age 50 and who has credit for not less than three years of allowable service or who has credit for not less than 30 years of allowable service, regardless of age attained,~~ dies before the annuity or disability benefit begins to accrue under section 353.29, subdivision 7, or 353.33, subdivision 2, notwithstanding any designation of beneficiary to the contrary, the surviving spouse may elect to receive, instead of a refund with interest under subdivision 1, or surviving spouse benefits otherwise payable under section 353.31, an annuity equal to the 100 percent joint and survivor annuity that the member could have qualified for had the member terminated service on the date of death.

Notwithstanding the definition of surviving spouse in section 353.01, subdivision 20, a former spouse of the member, if any, is entitled to a portion of the monthly surviving spouse optional annuity if stipulated under the terms of a marriage dissolution decree filed with the association. If there is no surviving spouse or child or children, a former spouse may be entitled to a lump-sum refund payment under subdivision 1, if provided for in a marriage dissolution decree but not a monthly surviving spouse optional annuity despite the terms of a marriage dissolution decree filed with the association.

The surviving spouse may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. The annuity must be computed under sections 353.29, subdivisions 2 and 3; 353.30, subdivisions 1, 1a, 1b, 1c, and 5; and 353.31, subdivision 3. Sections 353.34, subdivision 3, and 353.71, subdivision 2, apply to a deferred annuity payable under this subdivision. No payment may accrue beyond the end of the month in which entitlement to the annuity has terminated. An amount equal to any excess of the accumulated contributions that were credited to the account of the deceased employee over and above the total of the annuities paid and payable to the surviving spouse must be paid to the deceased member's last designated beneficiary or, if none, to the legal representative of the estate of the deceased member. A member may specify in writing that this subdivision does not apply and that payment may be made only to the designated beneficiary as otherwise provided by this chapter.

Sec. 3. Minnesota Statutes 1992, section 354.46, subdivision 2, is amended to read:

Subd. 2. [DEATH WHILE ELIGIBLE DESIGNATED BENEFICIARY BENEFIT.] The surviving spouse of any member or former member who has attained the age of at least 50 years and has credit for at least three years of allowable service or who has credit for at least 30 years of allowable service irrespective of age is entitled to joint and survivor annuity coverage in the event of death of the member prior to retirement. If the surviving spouse does not elect to receive a surviving spouse benefit provided pursuant to subdivision 1, if applicable, or does not elect to receive a refund of accumulated member contributions provided pursuant to section 354.47, subdivision 1, the surviving spouse is entitled to receive, upon written application on a form prescribed by the executive director, a benefit equal to the second portion of a 100 percent joint and survivor annuity as provided pursuant to section 354.45 and computed pursuant to section 354.44, subdivision 2, 6, or 7, whichever is applicable. The surviving spouse may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. This benefit accrues from the day following the date of death but may not begin to accrue more than six months before the date the application is filed with the executive director. Sections 354.44, subdivision 6 and 354.60 apply to a deferred annuity payable under this section. The benefit is payable for life.

(1) the information the commissioner relied upon is incorrect; or

(2) the subject of the study does not pose a risk of harm to any person served by the applicant or license holder.

(b) The commissioner may set aside the disqualification if the commissioner finds that the information the commissioner relied upon is incorrect or the individual does not pose a risk of harm to any person served by the applicant or license holder. The commissioner shall review the consequences of the event or events that could lead to disqualification, *whether there is more than one disqualifying event*, the vulnerability of the victim at the time of the event, the time elapsed without a repeat of the same or similar event, and documentation of successful completion by the individual studied of training or rehabilitation pertinent to the event. *In reviewing a disqualification, the commissioner shall give preeminent weight to the safety of each person to be served by the license holder or applicant over the interests of the license holder or applicant.*

(c) *Unless the information the commissioner relied on in disqualifying an individual is incorrect, the commissioner may not set aside the disqualification of an individual who seeks a license to provide family day care for children, foster care for children in the provider's own home, or foster care or day care services for adults in the provider's own home if:*

(2) regardless of how much time has passed since the discharge of the sentence imposed for the offense, the individual was convicted of a violation of sections 609.185 to 609.195 (murder in the first, second, or third degree), 609.2661 to 609.2663 (murder of an unborn child in the first, second, or third degree), 609.377 (a felony offense of malicious punishment of a child), 609.322 (soliciting, inducement, or promotion of prostitution), 609.323 (receiving profit derived from prostitution), 609.342 to 609.345 (criminal sexual conduct in the first, second, third, or fourth degree), 609.352 (solicitation of children to engage in sexual conduct), 617.245 (use of minors in a sexual performance), 617.247 (possession of pictorial representations of a minor), 609.365 (incest), or an offense in any other state, the elements of which are substantially similar to any of the foregoing offenses;

(3) within the seven years preceding the study, the individual committed an act that constitutes maltreatment of a child under section 626.556, subdivision 10e, and that resulted in substantial bodily harm as defined in section 609.02, subdivision 7a, or substantial mental or emotional harm as supported by competent psychological or psychiatric evidence; or

(4) within the seven years preceding the study, the individual was determined under section 626.557 to be the perpetrator of a substantiated incident of abuse of a vulnerable adult that resulted in substantial bodily harm as defined in section 609.02, subdivision 7a, or substantial mental or emotional harm as supported by competent psychological or psychiatric evidence.

In the case of any ground for disqualification under clauses (1) to (4), if the act was committed by an individual other than the applicant or license holder residing in the applicant's or license holder's home, the applicant or license holder may seek reconsideration when the individual who committed the act no longer resides in the home.

The disqualification periods provided under clauses (1), (3), and (4) are the minimum applicable disqualification periods. The commissioner may determine that an individual should continue to be disqualified from licensure because the license holder or applicant poses a risk of harm to a person served by that individual after the minimum disqualification period has passed.

(e) (d) The commissioner shall respond in writing to all reconsideration requests within 15 working days after receiving the request for reconsideration. If the disqualification is set aside, the commissioner shall notify the applicant or license holder in writing of the decision.

(d) (e) Except as provided in subdivision 3c, the commissioner's decision to grant or deny a reconsideration of disqualification under this subdivision, or to set aside or uphold the results of the study under subdivision 3, is the final administrative agency action.

#### Sec. 4. [EFFECTIVE DATE; APPLICATION.]

Sections 1 and 3 are effective the day after final enactment. Section 2 is effective December 31, 1993.

Section 3, paragraph (c), clauses (1), except in the case of conviction for neglect or endangerment of a child, (3), and (4), apply only to initial license applications made on or after that date.

*As soon as practicable but not later than one year after the effective date of this section, the commissioner shall review all disqualifications which were set aside under Minnesota Statutes, section 245A.04, subdivision 3b, and all variances which were granted under Minnesota Statutes, section 245A.04, subdivision 9, before the effective date of this section in the case of:*

*(ii) was found to be the perpetrator of substantiated maltreatment or abuse under Minnesota Statutes, section 245A.04, subdivision 3b, paragraph (c), clause (3) or (4).*

*The purpose of the review is to determine whether the license holder or anyone residing in the license holder's home poses any risk of harm to any person served by the license holder. In conducting this review the commissioner must give preeminent weight to the safety of each person served by the license holder over the interests of the license holder."*

Delete everything after the enacting clause and insert:

**"Section 1. [504.012] [WRITTEN LEASE REQUIRED.]**

*An owner of a multiunit building, with 12 or more residential units, shall have a written lease for each unit rented to a residential tenant. The definitions of "owner," "tenant," and "building" in section 566.18 apply to this section.*

**Sec. 2. [504.015] [TENANT TO BE GIVEN COPY OF LEASE.]**

*Subdivision 1. [DEFINITIONS.] The definitions of "owner" and "tenant" in section 566.18 apply to this section.*

*Subd. 2. [COPY OF WRITTEN LEASE TO TENANT.] An owner shall give a tenant a copy of a written lease within ten days after it is signed by the tenant.*

*Subd. 3. [LEGAL ACTION TO ENFORCE LEASE.] In any legal action to enforce a written lease, except for nonpayment of rent, disturbing the peace, malicious destruction of property, or a violation of section 504.181, it is a defense for the tenant to establish that the owner failed to comply with subdivision 2. This defense may be overcome if the owner establishes that the tenant had actual knowledge of the term or terms of the lease upon which the legal action is based.*

**Sec. 3. Minnesota Statutes 1992, section 504.22, subdivision 2, is amended to read:**

**Subd. 2. (a)** There shall be disclosed to the tenant either in the rental agreement or otherwise in writing prior to commencement of the tenancy the name and address of:

(1) the person authorized to manage the premises; and

*(b) Except as otherwise provided in paragraphs (d) to (g), the disclosure described in paragraph (c) must be made to a tenant, or to a person before starting a tenancy, when:*

*(1) an owner of a building receives notice of a contract for deed cancellation under section 559.21 or notice of a mortgage foreclosure sale under chapter 580 or 582; or*

*(2) an owner of a manufactured home receives notice of repossession under chapter 325G or 336.*

*The disclosure must be made before the owner signs a lease or accepts rent or a security deposit from a tenant or a prospective tenant.*

*(c) The disclosure under paragraph (b) must specify:*

*(1) the date of the foreclosure sale or contract for deed cancellation;*

*(2) the time allowed for redemption by the mortgagor's personal representatives or assigns in the case of a foreclosure;*

*(3) the date by which the tenant must vacate the premises; and*

*(4) the name of the mortgagor and the mortgagee, and any assignee of the*

mortgagee, or the name of the person who holds the contract for deed, if requested by a tenant or prospective tenant.

For purposes of this subdivision, the term "building" does not include a manufactured home park as defined in section 327C.01, subdivision 5.

(d) An owner of a building or manufactured home is not required to disclose notice of a mortgage foreclosure sale, contract for deed cancellation, or repossession under paragraphs (b) and (c) when:

(1) the owner enters into a lease agreement that does not extend past the cancellation period or owner's period of redemption;

(2) in the case of a contract for deed cancellation, the owner is able to cure the default within 30 days of the cancellation notice;

(3) the mortgagee or contract holder notifies the owner in writing that:

(i) leases existing at the end of the cancellation period or owner's period of redemption will be honored for the term of the lease; the mortgagee's or contract holder's notification to the owner may establish minimum rental rates, length of tenancy, or other terms and conditions for honoring leases that are new or renewed after the date of the notification; and

(ii) tenancies on a month-to-month basis will not be terminated at the end of the cancellation period or owner's period of redemption provided the terms of the tenancy meet the minimum rental rates and other terms and conditions established in the mortgagee's or contract holder's notification to the owner; or

(4) a receiver has been appointed under chapters 559 and 576.

(e) Notwithstanding the provisions in paragraph (d), an owner shall always disclose notice of a mortgage foreclosure sale, contract for deed cancellation, or repossession as required under paragraphs (b) and (c) when:

(1) the owner enters into a month-to-month tenancy after a foreclosure sale has occurred; or

(2) the owner enters into a lease agreement with a tenant, knowing that the tenant intends to use AFDC emergency assistance to pay part or all of the security deposit or rent.

(f) If an owner chooses not to abide by any terms and conditions, established by the mortgagee or contract holder under paragraph (d), clause (3), the owner must disclose notice of the foreclosure sale, contract for deed cancellation, or repossession as required under paragraphs (b) and (c).

(g) Except as provided in paragraph (d), if an owner, agent, or other person acting under the owner's direction or control has failed to disclose notice of the mortgage foreclosure sale, contract for deed cancellation, or repossession, as required under paragraphs (b) and (c), the tenant is entitled to remedies provided by section 8.31, subdivision 3a, and other equitable relief as determined by the court.

Sec. 10. Minnesota Statutes 1992, section 260.221, subdivision 1, is amended to read:

Subdivision 1. [VOLUNTARY AND INVOLUNTARY.] The juvenile court may upon petition, terminate all rights of a parent to a child in the following cases:

(a) With the written consent of a parent who for good cause desires to terminate parental rights; or

(b) If it finds that one or more of the following conditions exist:

(1) That the parent has abandoned the child. Abandonment is presumed when:

(i) the parent has had no contact ~~or merely incidental contact~~ with the child *on a regular basis and no demonstrated, consistent interest in the child's well-being for six months in the case of a child under six years of age, or for 12 months in the case of a child ages six to 14;* and

(ii) the social service agency has made reasonable efforts to facilitate contact, unless the parent establishes that an extreme financial or physical hardship or treatment for mental disability or chemical dependency or other good cause prevented the parent from making contact with the child. This presumption does not apply to children whose custody has been determined under chapter 257 or 518. The court is not prohibited from finding abandonment in the absence of this presumption; or

(2) That the parent has substantially, continuously, or repeatedly refused or neglected to comply with the duties imposed upon that parent by the parent and child relationship, including but not limited to providing the child with necessary food, clothing, shelter, education, and other care and control necessary for the child's physical, mental, or emotional health and development, if the parent is physically and financially able, and reasonable efforts by

the social service agency have failed to correct the conditions that formed the basis of the petition; or

(3) That a parent has been ordered to contribute to the support of the child or financially aid in the child's birth and has continuously failed to do so without good cause. This clause shall not be construed to state a grounds for termination of parental rights of a noncustodial parent if that parent has not been ordered to or cannot financially contribute to the support of the child or aid in the child's birth; or

(4) That a parent is palpably unfit to be a party to the parent and child relationship because of a consistent pattern of specific conduct before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be of a duration or nature that renders the parent unable, for the reasonably foreseeable future, to care appropriately for the ongoing physical, mental, or emotional needs of the child. It is presumed that a parent is palpably unfit to be a party to the parent and child relationship upon a showing that:

(i) the child was adjudicated in need of protection or services due to circumstances described in section 260.015, subdivision 2a, clause (1), (2), (3), (5), or (8); and

(ii) within the three-year period immediately prior to that adjudication, the parent's parental rights to one or more other children were involuntarily terminated under clause (1), (2), (4), or (7) of this paragraph, or under clause (5) of this paragraph if the child was initially determined to be in need of protection or services due to circumstances described in section 260.015, subdivision 2a, clause (1), (2), (3), (5), or (8); or

(5) That following upon a determination of neglect or dependency, or of a child's need for protection or services, reasonable efforts, under the direction of the court, have failed to correct the conditions leading to the determination. It is presumed that reasonable efforts under this clause have failed upon a showing that:

(i) a child under the age of 12 has resided out of the parental home under court order for more than one year following an adjudication of dependency, neglect, need for protection or services under section 260.015, subdivision 2a, clause (1), (2), (6), (8), or (9), or neglected and in foster care, and an order for disposition under section 260.191, including adoption of the case plan required by section 257.071;

(ii) conditions leading to the determination will not be corrected within the reasonably foreseeable future; and

(iii) reasonable efforts have been made by the social service agency to rehabilitate the parent and reunite the family.

This clause does not prohibit the termination of parental rights prior to one year after a child has been placed out of the home.

It is also presumed that reasonable efforts have failed under this clause upon a showing that:

(i) the parent has been diagnosed as chemically dependent by a professional certified to make the diagnosis;

(ii) the parent has been required by a case plan to participate in a chemical dependency treatment program;

(iii) the treatment programs offered to the parent were culturally, linguistically, and clinically appropriate;

(iv) the parent has either failed two or more times to successfully complete a treatment program or has refused at two or more separate meetings with a caseworker to participate in a treatment program; and

(v) the parent continues to abuse chemicals.

Provided, that this presumption applies only to parents required by a case plan to participate in a chemical dependency treatment program on or after July 1, 1990; or

(6) That the parent has been convicted of causing the death of another of the parent's children; or

(7) That in the case of a child born to a mother who was not married to the child's father when the child was conceived nor when the child was born the person is not entitled to notice of an adoption hearing under section 259.26 and either the person has not filed a notice of intent to retain parental rights under section 259.261 or that the notice has been successfully challenged; or

(8) That the child is neglected and in foster care.

In an action involving an American Indian child, sections 257.35 to 257.3579 and the Indian Child Welfare Act, United States Code, title 25, sections 1901 to 1923, control to the extent that the provisions of this section are inconsistent with those laws.

#### Sec. 11. [REPORT.]

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 231.01, is amended by adding a subdivision to read:

*Subd. 9. [HOUSEHOLD GOODS.] "Household goods" means personal effects and property used or to be used in a dwelling if it is part of the equipment or supply of the dwelling.*

Sec. 2. Minnesota Statutes 1992, section 231.11, is amended to read:

231.11 [SCHEDULE OF RATES; *STORING HOUSEHOLD GOODS.*]

In order to insure nondiscriminatory rates and charges for all depositors of household goods, the commissioner shall establish a collective rate-making

procedure which will insure the publication and maintenance of just and reasonable rates and charges under uniform, reasonably related rate structures. These procedures shall provide for the joint consideration, initiation, and establishment of rates and charges, and shall assure that the respective revenues and expenses of warehouse operators engaged in warehouse services for *household goods* are ascertained. Any participating warehouse operator party to a collectively mandated rate or charge has the right to petition the commissioner for the establishment of a rate or charge which deviates from the collectively set rate. Upon receiving the commissioner's approval, that warehouse operator may proceed to establish the requested rate or charge. All warehouse operators subject to rate regulation under this chapter must comply with the commissioner's rate-making procedures. No warehouse operator shall undertake to perform any service, or store any *household goods, wares, or merchandise*, until a schedule of rates has been filed and published in accordance with this chapter. In case of emergency, however, a service or storage not specifically covered by the schedules filed, may be performed or furnished at a reasonable rate, which must then be promptly filed, and which is subject to review in accordance with this chapter.

Sec. 3. Minnesota Statutes 1992, section 231.12, is amended to read:

231.12 [CHANGE OF RATES; *STORING HOUSEHOLD GOODS.*]

Unless the department otherwise orders, no warehouse operator *storing household goods* may change any rate except after ten days' notice to the department and to the public pursuant to this section. Notice shall be given by filing with the department and keeping open for public inspection new schedules or supplements stating plainly the changes to be made in the schedules then in force and the time when the changes will go into effect. The department for good cause shown, may, after hearing, allow changes without requiring the ten days' notice by an order specifying the changes to be made, the time when they shall take effect, and the manner in which they shall be filed and published.

Sec. 4. Minnesota Statutes 1992, section 231.13, is amended to read:

231.13 [CHARGING MORE OR LESS THAN THE PUBLISHED RATE; *STORING HOUSEHOLD GOODS.*]

Except as specified in sections 231.11 and 231.12, no warehouse operator *storing household goods* shall have, demand, collect, or receive, a greater or less or different compensation for any service rendered or for storing any *household goods, wares, or merchandise* than the rates applicable to such service or storage, as specified in the schedules of rates on file with the commissioner and in effect at the time.

When a warehouse operator shall have had *household goods* in store for such a period that the storage charges thereon accumulated are more than such *household goods* would bring at a forced sale, the department, upon written application and proof thereof, may authorize such warehouse operator to compromise such charges for a sum not less than the amount which such *household goods* would bring at such forced sale.

Sec. 5. Minnesota Statutes 1992, section 231.14, is amended to read:

231.14 [DISCRIMINATION IN RATES; *STORING HOUSEHOLD GOODS.*]

Except as herein otherwise specified, no warehouse operator *storing household goods*, or any officer, agent, or employee thereof, shall, directly or indirectly, by remittance, rebate, or any device, inducement, or other means,

suffer or permit any corporation or person to obtain any service, or the storage of any ~~household goods, wares, or merchandise~~, at less than the rates then established and in force as shown by the schedule of rates filed and in effect at the time. No person or corporation shall, directly or indirectly, by any device, inducement, or means, either with or without the consent or connivance of a warehouse operator storing household goods, or any of the officers, agents, or employees thereof, obtain, or seek to obtain, any service, or the storage of any ~~household goods, wares, or merchandise~~, at less than the rates then established and in force therefor. Any warehouse operator storing household goods, or the officers, agents, or employees thereof, or any person acting for or employed by it, or transacting business with it, or any other person, who shall violate any provision of this section, shall be guilty of a gross misdemeanor; and, upon conviction, subject to imprisonment not exceeding one year or to a fine not exceeding \$3,000, or both.

Sec. 6. Minnesota Statutes 1992, section 231.17, is amended to read:

231.17 [BONDS OF WAREHOUSE OPERATORS.]

Every warehouse operator applying for and receiving a license from the department, as provided for in this chapter, shall file with the department, acceptable to the department, a surety bond to the state of Minnesota. Such bonds shall be in an amount to be determined by the department as reasonable for the applicant but shall not be less than \$10,000 and.

*The bond shall be conditioned for the faithful discharge of all duties as a warehouse operator operating under this chapter, and full compliance with the laws of the state and rules and orders of the department relative thereto. Failure to maintain the bond as required shall void the license.*

*The bond must be continuous until canceled. To cancel a bond, the surety must provide 90 days' written notice of the bond's termination date to the licensee and the department.*

*In lieu of the bond required by this section, the applicant may deposit with the state treasurer cash; a certified check; a cashier's check; a postal, bank, or express money order; assignable bonds or notes of the United States; or an assignment of bank savings account or investment certificate or an irrevocable bank letter of credit as defined in section 336.5-103, in the same amount as would be required for a bond.*

Sec. 7. Minnesota Statutes 1992, section 231.18, is amended to read:

231.18 [~~PROCEEDINGS BEFORE THE DEPARTMENT, HOW COMMENCED CLAIMS AGAINST A BOND.~~]

~~Proceedings before the department against any warehouse operator shall be instituted by complaint, verified as pleadings in a civil action, stating in ordinary language the facts constituting the alleged omission or offense. The parties to such proceeding shall be termed, respectively, complainant and respondent. Subdivision 1. [FILING A CLAIM.] A depositor claiming to be damaged by the breach of an agreement to store general merchandise and household goods must file a claim with the department within 180 days of the date of breach.~~

*Subd. 2. [FORM OF CLAIM.] All claims must be in writing, must state the facts upon which the claim is based, must include any supporting evidence, and must be signed by the claimant. The supporting evidence may consist of,*

but is not limited to, a bill of lading, a warehouse receipt, a contract form, correspondence, or photographs.

Subd. 3. [WHERE TO FILE.] All claims must be filed at the following address: Minnesota Department of Agriculture, Grain Licensing and Auditing Division, 316 Grain Exchange Building, Minneapolis, Minnesota 55415.

Subd. 4. [BOND LIMITATIONS.] The bonds are not cumulative from one year to the next. A claim against the bond may only be made against the bond in effect at the time the agreement is breached. A bond is not liable for claims filed after 180 days from the date of the breach of the bond.

Subd. 5. [PUBLIC NOTICE OF A CLAIM.] Upon determining that a depositor has filed a valid claim, the department shall publish notice of the claim in the official county newspaper of the county in which the licensee's place of business is located.

The notice must state that a claim against the bond of a licensee has been filed with the department, the name and address of the licensee, that any additional claims should be filed with the department, the bond disbursement date, and where the claims should be filed.

The public notice of the claim must appear for three consecutive days in newspapers with a daily circulation and for two consecutive publications in newspapers published less than daily.

Subd. 6. [BOND DISBURSEMENT.] (a) Upon expiration of the claim filing period, the department shall promptly determine the validity of all claims filed and notify the claimants of the determination. An aggrieved party may appeal the department's determination by requesting, within 15 days, that the department initiate a contested case proceeding. In the absence of such a request, or following the issuance of a final order in a contested case, the surety company shall issue payment promptly to those claimants entitled to payment.

(b) If a warehouse operator has become liable to more than one depositor by reason of breaches of the conditions of the bond and the amount of the bond is insufficient to pay the entire liability to all depositors entitled to the protection of the bond, the proceeds of the bond shall be apportioned among the bona fide claimants.

#### Sec. 8. [STUDY.]

The commissioner shall, after a study of the existing bonding structure and after consultation with the warehousing industry, make recommendation to the legislature by February 1, 1994.

#### Sec. 9. [REPEALER.]

Sec. 7. [121.835] [FAMILY SERVICES COLLABORATIVES.]

*Subdivision 1. [ESTABLISHMENT.] In order to qualify as a family services collaborative, a minimum of one school district and one county must enter into an agreement to provide coordinated family services and to commit resources to an integrated fund. Collaboratives are strongly encouraged to include other local providers, including additional school districts and counties, other municipalities, local health organizations, private and non-profit service providers, child care providers, local foundations, businesses, local transit authorities or other transportation providers, community action agencies under section 268.53, senior citizen volunteer organizations, and churches which provide nonsectarian services.*

*Subd. 2. [DUTIES.] Each family services collaborative shall:*

*(1) design and implement an integrated local service delivery system for young children and their families which coordinates services across agencies and is client centered. The delivery system shall provide a continuum of services for children through the age of 18, but the greatest emphasis shall be placed on support for pregnant women and for children from birth to age six;*

*(2) encourage coordination through co-location of services, shared staff, and integrated data processing systems;*

*(3) identify a service delivery area;*

*(4) identify federal, state, and local institutional barriers to coordination of services and suggest ways to remove these barriers;*

*(5) establish an integrated fund from federal, state, local, and private sources to provide integrated and supplemental services;*

*(6) seek to maximize federal and private funds by designating local expenditures for services that can be matched with federal or private grant dollars and by designing services to meet the requirements for state and federal reimbursement;*

*(7) develop mechanisms to identify outcomes and develop assessments to measure the effectiveness of the services provided by the family services collaborative;*

*(8) negotiate contracts with state agencies and other funding sources to receive additional funds to help meet the goals of the local family services collaborative; and*

*(9) establish management and information systems to ensure fiscal accountability.*

*Subd. 3. [INTEGRATED LOCAL SERVICE DELIVERY SYSTEM.] A family services collaborative shall design an integrated local service delivery system that coordinates services between existing agencies and funding streams. The local service delivery system must include an extensive home-visit component. The integrated local service delivery system must provide for:*

(1) improved outreach, early identification, and intervention across systems;

(2) a system of inclusion to provide access for support to all families within a community;

(3) coordinated services that eliminate the need to match clients with multiple providers, funding streams, and provider eligibilities;

(4) improved access to services through coordinated transportation services;

(5) a home-visit component that provides a support system to new mothers that includes one visit in the hospital at birth and at least one follow-up home visit within one week of birth for all children, and continuous visits to the homes of children who are potentially at risk;

(6) coordinated assessment across systems that determines which children and families need multiagency service coordination and supplemental services;

(7) multiagency service plans and unitary case management coordination; and

(8) integrated funding.

*Subd. 4. [INTEGRATED FUND.] A family services collaborative must establish an integrated fund to help provide an integrated service system and to fund additional supplemental services. The integrated fund may consist of federal, state, local, and private resources. The family services collaborative agreement must specify a minimum financial commitment by the participants to an integrated fund. Participants may not reduce their financial commitment except as specified in the agreement.*

#### Sec. 8. [121.836] [IMPLEMENTATION.]

*Subdivision 1. [INTERAGENCY FAMILY SERVICES TEAM.] The interagency family services team shall consist of the commissioners, or their designees, of education, human services, jobs and training, public safety, corrections, finance, health, transportation, and the director of the office of strategic and long-range planning or designee. The members of the interagency family services team shall designate one member to serve as chair. No member may serve as chair for more than one year consecutively. The chair is responsible for ensuring that the duties of the interagency family services team are carried out.*

*Subd. 2. [APPLICATIONS FOR PLANNING AND START-UP GRANTS FOR FAMILY SERVICES COLLABORATIVES.] By July 1, 1993, the interagency family services team shall publish the procedures for awarding planning and start-up grants. Applications for local family services collaboratives shall be obtained through the commissioner of education, human services, or health and must be submitted to the family services interagency team. The application must provide the amount of the start-up grant requested by the family services collaborative and how the collaborative will use these funds.*

*Subd. 3. [DISTRIBUTION OF PLANNING START-UP GRANTS.] By October 1, 1993, the interagency family services team must ensure the distribution of one-half of the appropriation of planning and start-up grants*

to family services collaboratives that meet the requirements under section 7 and which have been approved by the interagency family services team. The remaining appropriation for planning and start-up grants must be distributed by December 31, 1993. If the number of applications received exceeds the number of local family services collaboratives that can be funded, the funds must be geographically distributed across the state and balanced between the seven-county metropolitan area and the rest of the state.

**Subd. 4. [FAMILY SERVICES COLLABORATIVE PROGRAM GRANTS.]** A family services collaborative that received a planning and start-up grant may be eligible to receive a family services collaborative program grant. To apply for a family services collaborative program grant, a family services collaborative must submit a plan to the interagency family services team by either December 1, 1993, or July 1, 1994. The plan must meet the requirements under subdivision 5 and specify the amount of the program grant requested and how the funds will be used. The program grant money may not be used for administrative expenses. One-half of the appropriation available for family services collaborative program grants must be awarded to family services collaboratives with approved plans received by December 31, 1993. The remaining appropriation is available for grants to family services collaboratives with plans approved after July 1, 1994. The interagency family services team shall review a proposal and notify the family services collaborative as to whether or not a plan has been approved within 60 days of receiving a plan.

**Subd. 5. [LOCAL PLANS.]** The family services collaborative plan shall describe how the family services collaborative will carry out the duties and implement the integrated local services delivery system required under section 7. The plan shall include a list of the participants in the collaborative, a copy of the agreement required under section 7, subdivision 1, the amount and source of resources each participant will commit to the integrated fund, methods for increasing local participation in the collaborative, methods for involving parents and other members of the community in the implementation and operation of the collaborative, and methods for providing effective outreach services to all families with young children in the community. The plan shall also include specific goals that the collaborative intends to achieve and methods for objectively measuring progress toward meeting the goals, which at a minimum must address the purposes established in section 6.

**Subd. 6. [PLAN APPROVAL BY THE INTERAGENCY FAMILY SERVICES TEAM.]** (a) The interagency family services team shall approve local plans for family services collaboratives. In approving local plans, the interagency family services team shall give highest priority to a plan which provides for:

- (1) effective service coordination;
- (2) maximum inclusion of jurisdictions and various local, county, and state funding sources;
- (3) maximum integration of existing community service providers and local resources;
- (4) integration of transportation services;
- (5) early intervention and family outreach;
- (6) home visitation services;

- (7) a continuum of services for children from birth to age 18;
  - (8) culturally aware service delivery approaches and utilization of culturally specific organizations;
  - (9) clearly defined outcomes and methods of assessment; and
  - (10) coordination with other local services collaboratives authorized by law.
- (b) The interagency family services team shall ensure that the family services collaboratives established are not in contradiction with any state or federal policy or program and that they are not implemented in such a manner as to have negative impact on the state budget.

Subd. 7. [REPORTS BY FAMILY SERVICES COLLABORATIVES.] Family services collaboratives receiving family services collaborative program grants must submit a report to the interagency family services team. The report shall include a description of the progress made by the family services collaborative toward implementing the local plan, the use of funds received through a family services collaborative program grant, the number and type of clients served, and the types of services provided. The report shall be submitted to the interagency family services team by December 31, 1994, by family services collaboratives whose local plan was approved no later than December 31, 1993, and by July 1, 1995, for those family services collaboratives whose local plan was approved no later than July 1, 1994. Within two years of the date on which a family services collaborative received a family services collaborative program grant, a family services collaborative shall submit a report to the family services interagency team describing the results of assessments measuring the extent to which the family services collaborative has achieved the outcomes developed under section 7, subdivision 2, clause (7).

Sec. 9. [121.837] [FEDERAL REVENUE ENHANCEMENT.]

Subdivision 1. [DUTIES OF THE COMMISSIONER OF HUMAN SERVICES.] The commissioner of human services may enter into an agreement with one or more family services collaboratives to enhance federal reimbursement under Title IV-E of the Social Security Act and federal administrative reimbursement under Title XIX of the Social Security Act. The commissioner shall have the following authority and responsibilities regarding family services collaboratives:

- (1) the commissioner shall submit amendments to state plans and seek waivers as necessary to implement the provisions of this section;
- (2) the commissioner shall pay the federal reimbursement earned under this subdivision to each collaborative based on their earnings. Notwithstanding section 256.025, subdivision 2, payments to collaboratives for expenditures under this subdivision will only be made of federal earnings from services provided by the collaborative;
- (3) the commissioner shall review expenditures of family services collaboratives using reports specified in the agreement with the collaborative to ensure that the base level of expenditures is continued and new federal reimbursement is used to expand education, social, health, or health-related services to young children and their families;

(4) the commissioner may reduce, suspend, or eliminate a family services collaborative's obligations to continue the base level of expenditures or expansion of services if the commissioner determines that one or more of the following conditions apply:

(i) imposition of levy limits that significantly reduce available funds for social, health, or health-related services to families and children;

(ii) reduction in the net tax capacity of the taxable property eligible to be taxed by the lead county or subcontractor that significantly reduces available funds for education, social, health, or health-related services to families and children;

(iii) reduction in the number of children under age 19 in the county, collaborative service delivery area, subcontractor's district, or catchment area when compared to the number in the base year using the most recent data provided by the state demographer's office; or

(iv) termination of the federal revenue earned under the family services collaborative agreement;

(5) the commissioner shall not use the federal reimbursement earned under this subdivision in determining the allocation or distribution of other funds to counties or collaboratives;

(6) the commissioner may suspend, reduce, or terminate the federal reimbursement to a provider that does not meet the reporting or other requirements of this subdivision;

(7) the commissioner shall recover from the family services collaborative any federal fiscal disallowances or sanctions for audit exceptions directly attributable to the family services collaborative's actions in the integrated fund, or the proportional share if federal fiscal disallowances or sanctions are based on a statewide random sample; and

(8) the commissioner shall establish criteria for the family services collaborative for the accounting and financial management system that will support claims for federal reimbursement.

**Subd. 2. [FAMILY SERVICES COLLABORATIVE RESPONSIBILITIES.]** The family services collaborative shall have the following authority and responsibilities regarding federal revenue enhancement:

(1) the family services collaborative shall be the party with which the commissioner contracts. A lead county shall be designated as the fiscal agency for reporting, claiming, and receiving payments;

(2) the family services collaboratives may enter into subcontracts with other counties, school districts, special education cooperatives, municipalities, and other public and nonprofit entities for purposes of identifying and claiming eligible expenditures to enhance federal reimbursement, or to expand education, social, health, or health-related services to families and children;

(3) the family services collaborative must continue the base level of expenditures for education, social, health, or health-related services to families and children from any state, county, federal, or other public or private funding source which, in the absence of the new federal reimbursement earned under this subdivision, would have been available for those services, except as provided in subdivision 1, clause (4). The base year for purposes of

*this subdivision shall be the four-quarter calendar year ending at least two calendar quarters before the first calendar quarter in which the new federal reimbursement is earned;*

*(4) the family services collaborative must use all new federal reimbursement resulting from federal revenue enhancement to expand expenditures for education, social, health, or health-related services to families and children beyond the base level, except as provided in subdivision 1, clause (4);*

*(5) the family services collaborative must ensure that expenditures submitted for federal reimbursement are not made from federal funds or funds used to match other federal funds. Notwithstanding section 256B.19, subdivision 1, for the purposes of family services collaborative expenditures under agreement with the department, the nonfederal share of costs shall be provided by the family services collaborative from sources other than federal funds or funds used to match other federal funds;*

*(6) the family services collaborative must develop and maintain an accounting and financial management system adequate to support all claims for federal reimbursement, including a clear audit trail and any provisions specified in the agreement; and*

*(7) the family services collaborative shall submit an annual report to the commissioner as specified in the agreement.*

*Subd. 3. [AGREEMENTS WITH FAMILY SERVICES COLLABORATIVES.] At a minimum, the agreement between the commissioner and the family services collaborative shall include the following provisions:*

*(1) specific documentation of the expenditures eligible for federal reimbursement;*

*(2) the process for developing and submitting claims to the commissioner;*

*(3) specific identification of the education, social, health, or health-related services to families and children which are to be expanded with the federal reimbursement;*

*(4) reporting and review procedures ensuring that the family services collaborative must continue the base level of expenditures for the education, social, health, or health-related services for families and children as specified in subdivision 2, clause (3);*

*(5) reporting and review procedures to ensure that federal revenue earned under this section is spent specifically to expand education, social, health, or health-related services for families and children as specified in subdivision 2, clause (4);*

*(6) the period of time, not to exceed three years, governing the terms of the agreement and provisions for amendments to, and renewal of the agreement; and*

*(7) an annual report prepared by the family services collaborative.*

#### **Sec. 10. [121.838] [WAIVER OF RULES.]**

*(a) A family services collaborative, or any other local collaborative entity, including those in Becker, Cass, and Ramsey counties, is encouraged to seek a waiver from any state or federal rule that impedes the implementation or effectiveness of the services provided by the collaborative. If the board or*

commissioner who adopted the state rule from which a waiver is requested approves a request for a waiver, it shall notify the family services collaborative and the interagency family services team of the approval. If the request for a waiver is denied, the board or commissioner who adopted the rule shall notify the family services collaborative, the interagency family services team, and the appropriate policy committees of the legislature of the reason for denying the waiver.

(b) A family services collaborative seeking a waiver from a federal rule shall submit a request, in writing, to the appropriate policy committees of the legislature. If the legislative committees approve the request, they shall direct the appropriate state agency to make a reasonable effort to negotiate a waiver of the federal rule. If the legislative committees deny the request for a waiver, they shall jointly notify the family services collaborative of the reason for denying the waiver.

#### Sec. 11. [124.651] [INTEGRATED EARLY CHILDHOOD SERVICES REVENUE.]

Subdivision 1. [ELIGIBILITY.] A school district is eligible for integrated early childhood services revenue if the commissioner of education has approved a plan required under subdivision 3.

"Section 1. Minnesota Statutes 1992, section 60A.11, subdivision 9, is amended to read:

Subd. 9. [GENERAL CONSIDERATIONS.] The following considerations apply in the interpretation of this section:

(a) This section applies to the investments of insurance companies other than life insurance companies;

(b) The purpose of this section is to protect and further the interests of policyholders, claimants, creditors and the public by providing standards for the development and administration of programs for the investment of the assets of domestic companies. These standards and the investment programs

developed by companies must take into account the safety of company's principal, investment yield and growth, stability in the value of the investment, the liquidity necessary to meet the company's expected business needs, and investment diversification;

(c) All financial terms relating to insurance companies have the meanings assigned to them under statutory accounting methods. All financial terms relating to noninsurance companies have the meanings assigned to them under generally accepted accounting principles;

(d) Investments must be valued in accordance with the valuation procedures established by the National Association of Insurance Commissioners, unless the commissioner requires or finds another method of valuation reasonable under the circumstances. *Another method of valuation permitted by the commissioner must be at least as conservative as those prescribed in the association's manual.* Other invested assets must be valued according to the procedures promulgated by the National Association of Insurance Commissioners', if not addressed in another section, unless the commissioner requires or finds another method of valuation reasonable under the circumstances;

(f) An investment which qualifies under any provision of the law governing investments of insurance companies when acquired will continue to be a qualified investment for as long as it is held by the insurance company.

Sec. 2. Minnesota Statutes 1992, section 60A.12, subdivision 3, is amended to read:

Subd. 3. [VALUATION OF EVIDENCES OF INDEBTEDNESS.] All bonds or other evidences of debt, having a fixed term and rate, held by an insurance company or fraternal benefit society authorized to do business in this state may, if amply secured and not in default as to principal and interest, be valued as follows: If purchased at par, at the par value; if purchased above or below par, on the basis of the purchase price adjusted so as to bring the value to par at maturity and so as to yield, in the meantime, the effective rate of interest at which the purchase was made; provided, that the purchase price shall in no case be taken at a higher figure than the actual market value at the time of purchase; ~~and, provided, that the commissioner shall have full discretion in determining the method of calculating values according to the foregoing rule.~~ If the notes or bonds secured by mortgage or trust deed in the nature thereof which the federal housing administrator has insured, or made a commitment to insure, are purchased above par, they may, if not in default as to principal and interest, be valued during the first five years after purchase on the basis of the purchase price adjusted in equal annual installments to bring the value to par at the end of five years.

Sec. 3. [60A.129] [LOSS RESERVE CERTIFICATION AND ANNUAL AUDIT.]

*Subdivision 1. [DEFINITIONS.] The definitions in this subdivision apply to this section.*

(a) "Qualified actuary," except as it relates to subdivision 2, paragraph (c), for companies authorized to provide life insurance coverage under section 60A.06, subdivision 1, clause (4), is a person who is either:

- (1) a member in good standing of the Casualty Actuarial Society; or

- (3) a person who otherwise has competency in loss reserve evaluation as demonstrated to the satisfaction of the insurance regulatory official of the domiciliary state. In such case, at least 90 days prior to the filing of its annual statement, the insurer must request approval that the person be deemed qualified and that request must be approved or denied. The request must include the NAIC Biographical form and a list of all loss reserve opinions issued in the last three years by this person.

(b) For purposes of subdivision 2, paragraph (c), a qualified actuary for companies authorized to write life insurance coverage under section 60A.06, subdivision 1, clause (4), shall be:

(2) has resigned or been removed as an actuary within the past five years as a result of acts or omissions indicated in any adverse report on examination or as a result of failure to adhere to generally acceptable actuarial standards of the American Academy of Actuaries; and

(3) has not failed to notify the commissioner of any action taken by any commissioner of any other state similar to that under clause (1).

(d) "Accountant" and "independent public accountant" mean an independent certified public accountant or accounting firm in good standing with the American Institute of Certified Public Accountants and in all states in which the accountant or firm is licensed to practice. For Canadian and British

companies, the term means a Canadian-chartered or British-chartered accountant.

Subd. 2. [LOSS RESERVE CERTIFICATION.] (a) Each domestic company engaged in providing the types of coverage described in section 60A.06, subdivision 1, clause (1), (2), (3), (5)(b), (6), (8), (9), (10), (11), (12), (13), or (14), must have its loss reserves certified by a qualified actuary. The company must file the certification with the commissioner within 30 days of completion of the certification, but not later than June 1. The actuary providing the certification must not be an employee of the company. This subdivision does not apply to township mutual companies, or to other domestic insurers having less than \$1,000,000 of premiums written in any year and fewer than 1,000 policyholders. The commissioner may allow an exception to the stand alone certification where it can be demonstrated that a company in a group has a pooling or 100 percent reinsurance agreement used in a group which substantially affects the solvency and integrity of the reserves of the company, or where it is only the parent company of a group which is licensed to do business in Minnesota. If these circumstances exist, the company may file a written request with the commissioner for an exception. Companies writing reinsurance alone are not exempt from this requirement. The certification must contain the following statement: "The loss reserves and loss expense reserves have been examined and found to be calculated in accordance with generally accepted actuarial principles and practices and are fairly stated."

(b) Each foreign company engaged in providing the types of coverage described in section 60A.06, subdivision 1, clause (1), (2), (3), (5)(b), (6), (8), (9), (10), (11), (12), (13), or (14), required by this section to file an annual audited financial report, whose total net earned premium for Schedule P, Part 1A to Part 1H plus Part 1R, (Schedule P, Part 1A to Part 1H plus Part 1R, Column 4, current year premiums earned, from the company's most currently filed annual statement) is equal to one-third or more of the company's total net earned premium (Underwriting and Investment Exhibit, Part 2, Column 4, total line, of the annual statement) must have a reserve certification by a qualified actuary at least every three years. In the year that the certification is due, the company must file the certification with the commissioner within 30 days of completion of the certification, but not later than June 1. The actuary providing the certification must not be an employee of the company. Companies writing reinsurance alone are not exempt from this requirement. The certification must contain the following statement: "The loss reserves and loss expense reserves have been examined and found to be calculated in accordance with generally accepted actuarial principles and practices and are fairly stated."

(c) Each company providing life and/or health insurance coverages described in section 60A.06, subdivision 1, clause (4) or (5)(a), required by this section to file an audited annual financial report, whose premiums and annuity considerations (net of reinsurance) from Accident and Health equal one-third or more of the company's total premiums and annuity considerations (net of reinsurance), as reported in the summary of operations, must have its aggregate reserve for accident and health policies and liability for policy and contract claims for Accident and Health certified by a qualified actuary at least once every three years. The actuary providing the certification must not be an employee of the company. Companies writing reinsurance alone are not exempt from this requirement. The certification must contain the following

*statement: "The policy and contract claims reserves for Accident and Health have been examined and found to be calculated in accordance with generally accepted actuarial principles and practices and are fairly stated."*

*Subd. 3. [ANNUAL AUDIT.] (a) Every insurance company doing business in this state, including fraternal benefit societies, reciprocal exchanges, service plan corporations licensed pursuant to chapter 62C, and legal service plans licensed pursuant to chapter 62G, unless exempted by the commissioner pursuant to subdivision 4, paragraph (a), or by subdivision 7, shall have an annual audit of the financial activities of the most recently completed fiscal year performed by an independent certified public accountant as prescribed by the commissioner, and shall file the report of this audit with the commissioner on or before June 30 for the year ending December 31.*

*Extensions of the June 30 filing date may be granted by the commissioner for 30-day periods upon a showing by the insurer and its independent certified public accountant of the reasons for requesting the extension and a determination by the commissioner of good cause for the extension.*

*The request for extension must be submitted in writing not less than ten days before the due date in sufficient detail to permit the commissioner to make an informed decision with respect to the requested extension.*

*(b) Insurers filing audited financial reports in another state under the other state's requirements of audited financial reports which have been found by the commissioner to be substantially similar to these requirements are exempt from this subdivision if a copy of the audited financial report, the evaluation of accounting procedures, and systems of internal control report, which are filed with the other state, are filed with the commissioner in accordance with the filing dates specified in paragraphs (a) and (i), (Canadian insurers may submit accountants' reports as filed with the Canadian Dominion Department of Insurance); and a copy of any notification of adverse financial condition report filed with the other state is filed with the commissioner within the time specified in paragraph (h).*

*(c)(i) The annual audited financial report shall report, in conformity with statutory accounting practices required or permitted by the commissioner of insurance of the state of domicile, the financial condition of the insurer as of the end of the most recent calendar year and the results of its operations, changes in financial position, and changes in capital and surplus for the year ended. The annual audited financial report shall include a report of an independent certified public accountant; a balance sheet reporting admitted assets, liabilities, capital, and surplus; a statement of gain or loss from operations; a statement of cash flows; a statement of changes in capital and surplus; any notes to financial statements; and any additional information that the commissioner may from time to time require to be disclosed.*

*(ii) The notes required under item (i), shall be those required by generally accepted accounting principles and shall include reconciliation of differences, if any, between the audited statutory financial statements and the annual statement filed under section 60A.13, subdivision 1, with a written description of the nature of these differences; and a narrative explanation of all significant intercompany transactions and balances.*

*(iii) The financial statements included in the audited financial report shall be prepared in a form and using language and groupings substantially the same as the relevant sections of the annual statement of the insurer filed with*

the commissioner. The financial statement shall be comparative, presenting the amounts as of December 31 of the current year and the amounts as of the immediately preceding December 31. In the first year in which an insurer is required to file an audited financial report, the comparative data may be omitted. The amounts may be rounded to the nearest \$1,000, and all insignificant amounts may be combined.

(d) Each insurer required by this section to file an annual audited financial report must notify the commissioner in writing of the name and address of the certified public accountant or accounting firm retained to conduct the annual audit within 60 days after becoming subject to the annual audit requirement. The insurer shall obtain from the accountant a letter which states that the accountant is aware of the provisions that relate to accounting and financial matters in the insurance laws and the rules of the insurance regulatory authority of the state of domicile. The letter shall affirm that the opinions on the financial statements will be expressed in terms of their conformity to the statutory accounting practices prescribed or other permitted by that insurance regulatory authority, unless exceptions to these practices are appropriate. The letter shall specify all exceptions believed to be appropriate. A copy of this letter shall be filed with the commissioner.

(e) If an accountant who was not the accountant for the immediately preceding filed audited financial report is engaged to audit the insurer's financial statements, the insurer shall notify the commissioner of this event within 30 days of the date the accountant is engaged. The insurer shall also furnish the commissioner with a separate letter stating whether in the 24 months preceding this engagement there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of the former accountant, would have caused that person to make reference to the subject matter of the disagreement in connection with the opinion. The insurer shall also in writing request the former accountant to furnish a letter addressed to the insurer stating whether the accountant agrees with the statements contained in the insurer's letter and, if not, stating the reasons for any disagreement. The insurer shall furnish this responsive letter from the former accountant to the commissioner together with its own.

(f) The commissioner shall not recognize any person or firm as an independent certified public accountant that is not in good standing with the American Institute of Certified Public Accountants and in all states in which the accountant is licensed to practice, or for a Canadian or British company, that is not a chartered accountant. Except as otherwise provided, a certified public accountant shall be recognized as independent as long as the person conforms to the standards of the person's profession. The commissioner, after notice and hearing under chapter 14, may find that the accountant is not independent for purposes of expressing an opinion on the financial statements in the annual audited financial report. The commissioner may require the insurer to replace the accountant with another whose relationship with the insurer is independent.

(g) Financial statements furnished under paragraph (a), shall be examined by an independent certified public accountant. The examination of the insurer's financial statements shall be conducted in accordance with generally accepted auditing standards and consideration should be given to other procedures illustrated in the Financial Condition Examiners Handbook,

issued by the National Association of Insurance Commissioners as the independent certified public accountant considers necessary.

(h) The insurer required to furnish the annual audited financial report shall require the independent certified public accountant to immediately notify in writing an executive officer and all directors of the insurer of the final determination by that independent certified public accountant that the insurer has materially misstated its financial condition as reported to the commissioner as of the balance sheet date currently under examination or that the insurer does not meet the minimum capital and surplus requirement of section 60A.07 as of that date. An executive officer or director of an insurer required to file an annual audited financial report who received a notification of adverse financial condition from the accountant shall make a written report to the commissioner of the existence of the materially misstated financial condition or the failure to meet the minimum capital and surplus requirements of the commissioner within three business days of the notification. If the accountant becomes aware of facts which might have affected this report after the date of the audited financial report filed under this section, the accountant shall take the action prescribed by Professional Standards issued by the American Institute of Certified Public Accountants.

(i) In addition to the annual audited financial report, each insurer shall furnish the commissioner with a report of the evaluation performed by the accountant, in connection with the examination, of the accounting procedures of the insurer and its system of internal control. A report of the evaluation by the accountant of the accounting procedures of the insurer and its system of internal control, including any remedial action taken or proposed, shall be filed annually by the insurer with the division within 60 days after the filing of the annual audited financial report. This report on internal control shall be in the form prescribed by generally accepted auditing standards.

(j) Workpapers are the records kept by the independent certified public accountant of the procedures followed, tests performed, information obtained, and conclusions reached pertinent to the examination of the financial statements of an insurer. Workpapers may include work programs, analyses, memoranda, letters of confirmation and representation, management letters, abstracts of company documents, and schedules or commentaries prepared or obtained by the independent certified public accountant in the course of the examination of the financial statements of an insurer and that support the accountant's opinion. Every insurer required to file an audited financial report shall require the accountant, through the insurer, to make available for review by the examiners the workpapers prepared in the conduct of the examination. The insurer shall require that the accountant retain the audit workpapers for a period of not less than five years after the period reported upon. In the conduct of the periodic review by the examiners, it shall be agreed that photocopies of pertinent audit workpapers may be made and retained by the department of commerce. These copies shall be part of the commissioner's workpapers.

(k) With the commissioner's approval, an insurer may comply with this section by filing the requisite reports that have been prepared in accordance with generally accepted accounting principles if the notes to the financial statements include a reconciliation of differences between net income and capital and surplus on the annual statement filed pursuant to section 60A.13, subdivision 1, and comparable totals on the audited financial statements, and a written description of the nature of these differences.

(l)(i) In the case of Canadian and British insurers, the annual audited financial report means the annual statement of total business on the form filed by these companies with their domiciliary supervision authority and duly audited by an independent chartered accountant.

(ii) For these insurers, the letter required in paragraph (d), shall state that the accountant is aware of the requirements relating to the annual audited statement filed with the commissioner under paragraph (a), and shall affirm that the opinion expressed is in conformity with those requirements.

(m) The audit report of the independent certified public accountant that performs the audit of an insurer's annual statement as required under paragraph (a), shall contain a statement as to whether anything, in connection with the audit, came to the accountant's attention that caused the accountant to believe that the insurer failed to adopt and consistently apply the valuation procedures as required by sections 60A.122 and 60A.123.

Subd. 4. [EXAMINATIONS.] (a) The commissioner or a designated representative shall determine the nature, scope, and frequency of examinations under this section conducted by examiners under section 60A.031. These examinations may cover all aspects of the insurer's assets, condition, affairs, and operations and may include and be supplemented by audit procedures performed by independent certified public accountants. Scheduling of examinations will take into account all relevant matters with respect to the insurer's condition, including results of the National Association of Insurance Commissioner, Insurance Regulatory Information Systems, changes in management, results of market conduct examinations, and audited financial reports. The type of examinations performed by examiners under this section shall be compliance examinations, targeted examinations, and comprehensive examinations.

(b) Compliance examinations will consist of a review of the accountant's workpapers defined under this section and a general review of the insurer's corporate affairs and insurance operations to determine compliance with the Minnesota insurance laws and the rules of the department of commerce. The examiners may perform alternative or additional examination procedures to supplement those performed by the accountant when the examiners determine that the procedures are necessary to verify the financial condition of the insurer.

(c) Targeted examinations may cover limited areas of the insurer's operations as the commissioner may deem appropriate.

(d) Comprehensive examinations will be performed when the report of the accountant as provided for in subdivision 3, paragraph (g), the notification required by subdivision 3, paragraph (h), the results of compliance or targeted examinations, or other circumstances indicate in the judgment of the commissioner or a designated representative that a complete examination of the condition and affairs of the insurer is necessary.

(e) Upon completion of each targeted, compliance, or comprehensive examination, the examiner appointed by the commissioner shall make a full and true report on the results of the examination. Each report shall include a general description of the audit procedures performed by the examiners and the procedures of the accountant that the examiners may have utilized to supplement their examination procedures and the procedures that were

performed by the registered independent certified public accountant if included as a supplement to the examination.

*Subd. 5. [CONSOLIDATED FILING.] (a) The commissioner may allow an exception to the stand alone loss reserve certification required by subdivision 2, and audited financial statements required by subdivision 3, paragraph (a), where it can be demonstrated that a company in a group has a pooling or 100 percent reinsurance agreement used in a group which substantially affects the solvency and integrity of the reserves of the company or where it is only the parent company of a group which is licensed to do business in Minnesota. If these circumstances exist, then the company may file a written application to file loss reserve certification and a report of an annual audit. This application shall be for a specified period.*

*(b) A consolidated annual audit filing shall include an organizational chart of the companies together with a columnar consolidated or combining worksheet. Amounts shown on the audited consolidated or combined financial statement shall be shown on the worksheet. Amounts for each insurer shall be stated separately. Noninsurance operations may be shown on the worksheet on a combined or individual basis. Explanations of consolidating or eliminating entries shall be shown on the worksheet. A reconciliation of any differences between the amounts shown in the individual insurer columns of the worksheet and comparable amounts shown on the annual statement of the insurers shall be included on the worksheet.*

*Subd. 6. [PENALTIES.] No annual statement, report, or document related to the business of insurance shall be filed with the commissioner or issued to the public if it is signed by anyone who is represented in the instrument as an "actuary" or "accountant," unless the person is qualified as defined by this section. A violation of this subdivision is a violation of section 72A.19 and punishable in accordance with section 72A.25.*

*Subd. 7. [EXEMPTIONS.] (a) Upon written application of any company, the commissioner may grant an exemption from compliance with the provisions of this section. In order to receive an exemption, a company must demonstrate to the satisfaction of the commissioner that compliance would constitute a financial hardship upon the company. An exemption may be granted at any time and from time to time for specified periods. Within ten days from the denial of an insurer's written request for an exemption, the insurer may request in writing a hearing on its application for an exemption. This hearing shall be held in accordance with chapter 14. Upon written application of any insurer, the commissioner may permit an insurer to file annual audited financial reports on some basis other than a calendar year basis for a specified period. No exemption shall be granted until the insurer presents an alternative method satisfying the purposes of this section. Within ten days from a denial of a written request for an exemption, the insurer may request in writing a hearing on its application. The hearing shall be held in accordance with chapter 14.*

*(b) This section applies to all insurers, unless otherwise indicated, required to file an annual audit by subdivision 3, paragraph (a), except insurers having less than \$1,000,000 of direct written premiums in any year and fewer than 1,000 policyholders in this state at the end of any year, are exempt from this section for that year.*

Sec. 4. Minnesota Statutes 1992, section 60A.13, subdivision 1, is amended to read:

Subdivision 1. [ANNUAL STATEMENTS REQUIRED.] Every insurance company, including fraternal benefit societies, and reciprocal exchanges, doing business in this state, shall transmit to the commissioner, annually, on or before March 1, the appropriate verified National Association of Insurance Commissioners' annual statement blank, prepared in accordance with the association's instructions handbook and following those accounting procedures and practices prescribed by the association's accounting practices and procedures manual, unless the commissioner requires or finds another method of valuation reasonable under the circumstances. *Another method of valuation permitted by the commissioner must be at least as conservative as those prescribed in the association's manual.* In addition, the commissioner may require the filing of any other information determined to be reasonably necessary for the continual enforcement of these laws. The statement may be limited to the insurer's business and condition in the United States unless the commissioner finds that the business conducted outside the United States may detrimentally affect the interests of policyholders in this state. The statements shall also contain a verified schedule showing all details required by law for assessment and taxation. The statement or schedules shall be in the form and shall contain all matters the commissioner may prescribe, and it may be varied as to different types of insurers so as to elicit a true exhibit of the condition of each insurer.

Sec. 5. Minnesota Statutes 1992, section 60A.13, subdivision 6, is amended to read:

Subd. 6. [COMPANY OR AGENT CANNOT CONTINUE BUSINESS UNLESS STATEMENT IS FILED.] No company shall transact any new business in this state after May thirty-first in any year unless it shall have previously transmitted its annual statement to the commissioner and filed a copy of its statement with the National Association of Insurance Commissioners. The commissioner may by order annually require that each insurer pay the required fee to the National Association of Insurance Commissioners for the filing of annual statements, but the fee shall not be more than 50 percent greater than the fee set by the National Association of Insurance Commissioners on January 1, 1984. *Failure to file the annual statement with the commissioner or the National Association of Insurance Commissioners is a violation of section 72A.061, subdivision 1.* The fee shall be based on the relative premium volume of each insurer. The commissioner's order shall not be subject to chapter 14.

Sec. 6. Minnesota Statutes 1992, section 60A.23, subdivision 4, is amended to read:

Subd. 4. [DIVIDENDS; LIMITATIONS.] No domestic stock company shall declare a dividend either in cash or stock, except from its actual net surplus computed as required by law in its annual statement; nor shall any such company which has ceased to do new business divide any portion of its assets, except surplus, until it shall have performed or canceled its policy obligations. It may declare and pay, annually, semiannually or quarterly from its surplus, each dividends of not more than ten percent of its capital stock and surplus in any year and, if the dividends in any one year are less than ten percent, the difference may be made up in any subsequent year or years from surplus accumulations. It may pay such dividend as the directors deem prudent out of any surplus remaining after charging, in addition to all liabilities except unearned premiums, an amount equal to the whole amount of premiums on unexpired risks and deducting from the assets all securities

and accounts receivable on which no part of the principal or interest has been paid within the preceding year, or for which foreclosure or suit has been commenced, or upon which judgment obtained has remained more than two years unsatisfied and on which interest has not been paid, and also deducting all liens due and unpaid on any of its property. Stock companies shall follow the dividend limitation and reporting requirements set forth in chapter 60D.

Sec. 7. Minnesota Statutes 1992, section 60B.22, subdivision 1, is amended to read:

Subdivision 1. [LENGTH OF CONTINUED COVERAGE.] All insurance policies or similar contracts of coverage issued by the insurer shall continue in force:

- (a) For a period of 45 30 days from the date of entry of the liquidation order;
- (b) Until the normal expiration of the policy or contract coverage;
- (c) Until the insured has replaced the coverage with equivalent coverage in another insurer; or
- (d) Until the liquidator has effected a transfer of the policy or contract obligation pursuant to section 60B.25, clause (8), whichever time is less.

Sec. 8. Minnesota Statutes 1992, section 60C.03, subdivision 7, is amended to read:

Subd. 7. [RESIDENT.] "Resident" means:

- (a) An individual person who fixes habitation in this state without any intention of removing therefrom and who, whenever absent therefrom, intends to return; or
- (b) Any other person whose principal place of business is located in this state at the time of the insured event; or
- (c) A person whose principal place of business is in Wisconsin, Iowa, North Dakota, or South Dakota, but who maintains substantial business in Minnesota.

Sec. 9. Minnesota Statutes 1992, section 60D.20, subdivision 2, is amended to read:

Subd. 2. [DIVIDENDS AND OTHER DISTRIBUTIONS.] (a) *Subject to the limitations and requirements of this subdivision, the board of directors of any domestic insurer within an insurance holding company system may authorize and cause the insurer to declare and pay any dividend or distribution to its shareholders as the directors deem prudent from the earned surplus of the insurer. An insurer's earned surplus, also known as unassigned funds, shall be determined in accordance with the accounting procedures and practices governing preparation of its annual statement, minus 25 percent of unrealized capital gains. Dividends which are paid from sources other than an insurer's earned surplus or are extraordinary dividends or distributions may be paid only as provided in paragraphs (d), (e), and (f).*

(b) *The insurer shall notify the commissioner within five business days following declaration of a dividend declared pursuant to paragraph (a) and at least ten days prior to its payment. The commissioner shall promptly consider the notification filed pursuant to this paragraph, taking into consideration the factors described in subdivision 4.*

(c) *The commissioner shall review at least annually the dividends paid by an insurer pursuant to paragraph (a) for the purpose of determining if the dividends are reasonable based upon (1) the adequacy of the level of surplus as regards policyholders remaining after the dividend payments, and (2) the quality of the insurer's earnings and extent to which the reported earnings include extraordinary items, such as surplus relief reinsurance transactions and reserve destrengthening.*

(d) No domestic insurer shall pay any extraordinary dividend or make any other extraordinary distribution to its shareholders until: (1) 30 days after the commissioner has received notice of the declaration of it and has not within the period disapproved the payment; or (2) the commissioner has approved the payment within the 30-day period.

(b) (e) For purposes of this section, an extraordinary dividend or distribution includes any dividend or distribution of cash or other property, whose fair market value together with that of other dividends or distributions made within the preceding 12 months exceeds the greater of (1) ten percent of the insurer's surplus as regards policyholders as of the 31st day of December next preceding; or (2) the net gain from operations of the insurer, if the insurer is a life insurer, or the net income, if the insurer is not a life insurer, not including realized capital gains, for the 12-month period ending the 31st day of December next preceding, but does not include pro rata distributions of any class of the insurer's own securities. ~~In determining whether a dividend or distribution is extraordinary, an insurer other than a life insurer may carry forward net income from the previous two calendar years that has not already been paid out as dividends. This carry-forward is computed by taking the net income from the second and third preceding calendar years, not including realized capital gains, less dividends paid in the second and immediate preceding calendar years.~~

(e) (f) Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution that is conditional upon the commissioner's approval, and the declaration shall confer no rights upon shareholders until: (1) the commissioner has approved the payment of such a dividend or distribution; or (2) the commissioner has not disapproved the payment within the 30-day period referred to above.

Sec. 10. Minnesota Statutes 1992, section 60D.20, subdivision 4, is amended to read:

Subd. 4. [ADEQUACY OF SURPLUS.] For purposes of this chapter, in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, the following factors, among others, must be considered:

- (1) the size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force and other appropriate criteria;
- (2) the extent to which the insurer's business is diversified among the several lines of insurance;
- (3) the number and size of risks insured in each line of business;
- (4) the extent of the geographical dispersion of the insurer's insured risks;
- (5) the nature and extent of the insurer's reinsurance program;

(6) the quality, diversification and liquidity of the insurer's investment portfolio;

(7) the recent past and projected future trend in the size of the insurer's investment portfolio;

(8) the surplus as regards policyholders maintained by other comparable insurers;

(9) the adequacy of the insurer's reserves; and

(10) the quality and liquidity of investments in affiliates. The commissioner may treat any such investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders whenever in the commissioner's judgment the investment so warrants; and

(11) the quality of the insurer's earnings and the extent to which the reported earnings include extraordinary items, such as surplus relief reinsurance transactions and reserve destrengthening.

Sec. 11. Minnesota Statutes 1992, section 60E.01, is amended to read:

(2) a person with a history of a past positive Mantoux test reaction who has not completed a course of preventive therapy. This determination shall be made by the commissioner based on currently accepted public health standards and the person's health status.

**Subd. 6. [PROGRAMS USING SCHOOL FACILITIES.]** The commissioner may require the statements described in subdivisions 3 and 4 to be submitted by participants or staff of a program or activity that uses the facilities of a school or school district on a regular and ongoing basis, if the commissioner has determined that tuberculosis screening is necessary.

A temporary emergency hold under section 144.4182 may be placed on a person who is a health threat to others when there is reasonable cause to believe that the person may be unlocatable for the purposes of applying the procedures described in sections 144.4171 to 144.4186, or when medical or

*(6) an employee with a positive or significant Mantoux test reaction in preemployment screening who does not complete a course of preventive therapy may be exempt from annual Mantoux testing or other screening. Each manufactured home park or recreational camping area licensed under the provisions of sections 327.10, 327.11, 327.14 to 327.28 shall, among other things, provide for the following, in the manner hereinafter specified:

(1) A responsible attendant or caretaker shall be in charge of every manufactured home park or recreational camping area at all times, who shall maintain the park or area, and its facilities and equipment in a clean, orderly and sanitary condition. In any manufactured home park containing more than 50 lots, the attendant, caretaker, or other responsible park employee, shall be readily available at all times in case of emergency.

(2) All manufactured home parks shall be well drained and be located so that the drainage of the park area will not endanger any water supply. No waste water from manufactured homes or recreational camping vehicles shall be deposited on the surface of the ground. All sewage and other water carried wastes shall be discharged into a municipal sewage system whenever available. When a municipal sewage system is not available, a sewage disposal system acceptable to the state commissioner of health shall be provided.

(3) No manufactured home shall be located closer than three feet to the side lot lines of a manufactured home park, if the abutting property is improved property, or closer than ten feet to a public street or alley. Each individual site shall abut or face on a driveway or clear unoccupied space of not less than 16 feet in width, which space shall have unobstructed access to a public highway or alley. There shall be an open space of at least ten feet between the sides of adjacent manufactured homes including their attachments and at least three feet between manufactured homes when parked end to end. The space between manufactured homes may be used for the parking of motor vehicles and other property, if the vehicle or other property is parked at least ten feet from the nearest adjacent manufactured home position. The requirements of this paragraph shall not apply to recreational camping areas and variances may be granted by the state commissioner of health in manufactured home parks when the variance is applied for in writing and in the opinion of the commissioner the variance will not endanger the health, safety, and welfare of manufactured home park occupants.

(4) An adequate supply of water of safe, sanitary quality shall be furnished at each manufactured home park or recreational camping area. The source of the water supply shall first be approved by the state department of health. At least one water supply outlet shall be provided at convenient locations throughout the manufactured home park or recreational camping area.

The shelter or evacuation plan shall be

Nothing in this paragraph requires the department of health to review or approve any shelter or evacuation plan developed by a park. Failure of a municipality to approve a plan submitted by a park shall not be grounds for action against the park by the department of health if the park has made a good faith effort to develop the plan and obtain municipal approval.

(7) A manufactured home park with ten or more manufactured homes, licensed prior to March 1, 1988, shall provide a safe place of shelter for park residents or a plan for the evacuation of park residents to a safe place of shelter within a reasonable distance of the park for use by park residents in times of severe weather, including tornadoes and high winds. The shelter or evacuation plan must be approved by the municipality by March 1, 1989. The municipality may require the park owner to construct a shelter if it determines that a safe place of shelter is not available within a reasonable distance from the park. A copy of the municipal approval and the plan shall be submitted by the park owner to the department of health.

(8) A manufactured home park with ten or more manufactured homes, receiving a primary license after March 1, 1988, must provide the type of shelter required by section 327.205.

### REPORTS OF COMMITTEES

Mr. Moe, R.D. moved that the Committee Reports at the Desk be now adopted, with the exception of the reports on S.F. Nos. 416, 34 and 338. The motion prevailed.

Mr. Novak from the Committee on Jobs, Energy and Community Development, to which was referred

S.F. No. 1437: A bill for an act relating to utilities; requiring cooperative electric associations and municipal utilities to comply with standards set by public utilities commission relating to electrical current or voltage; amending Minnesota Statutes 1992, section 216B.09.

Reports the same back with the recommendation that the bill be amended as follows:

Page 2, after line 17, insert:

“Sec. 2. Minnesota Statutes 1992, section 216B.16, subdivision 1, is amended to read:

Subdivision 1. [NOTICE.] Unless the commission otherwise orders, no public utility shall change a rate which has been duly established under this chapter, except upon 60 days notice to the commission. The notice shall include statements of facts, expert opinions, substantiating documents, and

exhibits including an energy conservation improvement plan pursuant to section 216B.241, supporting the change requested, and state the change proposed to be made in the rates then in force and the time when the modified rates will go into effect. *If the filing utility does not have an approved conservation improvement plan on file with the department, it shall also include in its notice an energy conservation plan pursuant to section 216B.241.* The filing utility shall give written notice, as approved by the commission, of the proposed change to the governing body of each municipality and county in the area affected. All proposed changes shall be shown by filing new schedules or shall be plainly indicated upon schedules on file and in force at the time.

Sec. 3. Minnesota Statutes 1992, section 216B.16, subdivision 1a, is amended to read:

Subd. 1a. [SETTLEMENT.] (a) When a public utility submits a general rate filing, the office of administrative hearings, before conducting a contested case hearing, shall convene a settlement conference including all of the parties for the purpose of encouraging settlement of any or all of the issues in the contested case. If a stipulated settlement is not reached before the contested case hearing, the office of administrative hearings may reconvene the settlement conference during or after completion of the contested case hearing at its discretion or a party's request. *The office of administrative hearings or the commission may, upon the request of any party and the public utility, extend the procedural schedule of the contested case in order to permit the parties to engage in settlement discussions. An extension must be for a definite period of time not to exceed 60 days.*

(b) If the applicant and all intervening parties agree to a stipulated settlement of the case or parts of the case, the settlement must be submitted to the commission. The commission shall accept or reject the settlement in its entirety and, at any time until its final order is issued in the case, may require the office of administrative hearings to conduct a contested case hearing. The commission may accept the settlement on finding that to do so is in the public interest and is supported by substantial evidence. If the commission does not accept the settlement, it may issue an order modifying the settlement subject to the approval of the parties. Each party shall have ten days in which to reject the proposed modification. If no party rejects the proposed modification, the commission's order becomes final. If the commission rejects the settlement, or a party rejects the commission's proposed modification, a contested case hearing must be completed.

Sec. 4. Minnesota Statutes 1992, section 216B.16, subdivision 2, is amended to read:

Subd. 2. [SUSPENSION OF PROPOSED RATES; HEARING; FINAL DETERMINATION DEFINED.] (a) Whenever there is filed with the commission a schedule modifying or resulting in a change in any rates then in force as provided in subdivision 1, the commission may suspend the operation of the schedule by filing with the schedule of rates and delivering to the affected utility a statement in writing of its reasons for the suspension at any time before the rates become effective. The suspension shall not be for a longer period than ten months beyond the initial filing date except as provided in paragraph (b) *this subdivision or subdivision 1a.* During the suspension the commission shall determine whether all questions of the reasonableness of the rates requested raised by persons deemed interested or by the administrative

division of the department of public service can be resolved to the satisfaction of the commission. If the commission finds that all significant issues raised have not been resolved to its satisfaction, or upon petition by ten percent of the affected customers or 250 affected customers, whichever is less, it shall refer the matter to the office of administrative hearings with instructions for a public hearing as a contested case pursuant to chapter 14, except as otherwise provided in this section. The commission may order that the issues presented by the proposed rate changes be bifurcated into two separate hearings as follows: (1) determination of the utility's revenue requirements and (2) determination of the rate design. Upon issuance of both administrative law judge reports, the issues shall again be joined for consideration and final determination by the commission. All prehearing discovery activities of state agency intervenors shall be consolidated and conducted by the department of public service. If the commission does not make a final determination concerning a schedule of rates within ten months after the initial filing date, the schedule shall be deemed to have been approved by the commission; except if:

*(1) an extension of the procedural schedule has been granted under subdivision 1a, in which case the schedule of rates is deemed to have been approved by the commission on the last day of the extended period of suspension; or*

*(2) a settlement has been submitted to and rejected by the commission, the schedule is deemed to have been approved 12 months after the initial filing and the commission does not make a final determination concerning the schedule of rates, the schedule of rates is deemed to have been approved 60 days after the initial or, if applicable, the extended period of suspension.*

(b) If the commission finds that it has insufficient time during the suspension period to make a final determination of a case involving changes in general rates because of the need to make final determinations of other previously filed cases involving changes in general rates under this section or section 237.075, the commission may extend the suspension period to the extent necessary to allow itself 20 working days to make the final determination after it has made final determinations in the previously filed cases. An extension of the suspension period under this paragraph does not alter the setting of interim rates under subdivision 3.

(c) For the purposes of this section, "final determination" means the initial decision of the commission and not any order which may be entered by the commission in response to a petition for rehearing or other further relief. The commission may further suspend rates until it determines all those petitions.

Sec. 5. Minnesota Statutes 1992, section 216B.16, subdivision 3, is amended to read:

Subd. 3. [INTERIM RATES.] Notwithstanding any order of suspension of a proposed increase in rates, the commission shall order an interim rate schedule into effect not later than 60 days after the initial filing date. The commission shall order the interim rate schedule ex parte without a public hearing. Notwithstanding the provisions of sections 216.25, 216B.27 and 216B.52, no interim rate schedule ordered by the commission pursuant to this subdivision shall be subject to an application for a rehearing or an appeal to a court until the commission has rendered its final determination. Unless the commission finds that exigent circumstances exist, the interim rate schedule shall be calculated using the proposed test year cost of capital, rate base, and

expenses, except that it shall include: (1) a rate of return on common equity for the utility equal to that authorized by the commission in the utility's most recent rate proceeding; (2) rate base or expense items the same in nature and kind as those allowed by a currently effective order of the commission in the utility's most recent rate proceeding; and (3) no change in the existing rate design. In the case of a utility which has not been subject to a prior commission determination, the commission shall base the interim rate schedule on its most recent determination concerning a similar utility.

If, at the time of its final determination, the commission finds that the interim rates are in excess of the rates in the final determination, the commission shall order the utility to refund the excess amount collected under the interim rate schedule, including interest on it which shall be at the rate of interest determined by the commission. The utility shall commence distribution of the refund to its customers within 120 days of the final order, not subject to rehearing or appeal. If, at the time of its final determination, the commission finds that the interim rates are less than the rates in the final determination, the commission shall prescribe a method by which the utility will recover the difference in revenues ~~from~~ *between* the date of the final determination ~~to~~ *and* the date the new rate schedules are put into effect. *In addition, when an extension is granted for settlement discussions under subdivision 1a, the commission shall allow the utility to also recover the difference in revenues for a length of time equal to the length of the extension.*

If the public utility fails to make refunds within the period of time prescribed by the commission, the commission shall sue therefor and may recover on behalf of all persons entitled to a refund. In addition to the amount of the refund and interest due, the commission shall be entitled to recover reasonable attorney's fees, court costs and estimated cost of administering the distribution of the refund to persons entitled to it. No suit under this subdivision shall be maintained unless instituted within two years after the end of the period of time prescribed by the commission for repayment of refunds. The commission shall not order an interim rate schedule in a general rate case into effect as provided by this subdivision until at least four months after it has made a final determination concerning any previously filed change of the rate schedule or the change has otherwise become effective under subdivision 2, unless:

- (1) the commission finds that a four month delay would unreasonably burden the utility, its customers, or its shareholders and that an earlier imposition of interim rates is therefore necessary; or
- (2) the utility files a second general rate case at least 12 months after it has filed a previous general rate case for which the commission has extended the suspension period under subdivision 2.

Sec. 6. Minnesota Statutes 1992, section 216B.43, is amended to read:

**216B.43 [HEARINGS; COMPLAINTS.]**

Upon the filing of an application under section 216B.42 or upon complaint by an affected utility that the provisions of sections 216B.39 to 216B.42 have been violated, the commission shall hold a hearing, upon notice, within 45 30 days after the filing of the ~~application~~ *of* complaint, and shall render its decision within 30 days after said hearing.

Sec. 7. Minnesota Statutes 1992, section 216B.48, subdivision 1, is amended to read:

Subdivision 1. [DEFINITION OF AFFILIATED INTERESTS.] "Affiliated interests" with a public utility means the following:

(a) Every corporation and person owning or holding directly or indirectly five percent or more of the voting securities of such public utility.

(b) Every corporation and person in any chain of successive ownership of five percent or more of voting securities.

(c) Every corporation five percent or more of whose voting securities is owned by any person or corporation owning five percent or more of the voting securities of such public utility or by any person or corporation in any such chain of successive ownership of five percent or more of voting securities.

(e) Every corporation operating a public utility or a servicing organization for furnishing supervisory, construction, engineering, accounting, legal and similar services to utilities, which has one or more officers or one or more directors in common with the public utility, and every other corporation which has directors in common with the public utility where the number of the directors is more than one-third of the total number of the utility's directors.

(f) Every corporation or person which the commission may determine as a matter of fact after investigation and hearing is actually exercising any substantial influence over the policies and actions of the public utility even though the influence is not based upon stockholding, stockholders, directors or officers to the extent specified in this section.

(g) Every person or corporation who or which the commission may determine as a matter of fact after investigation and hearing is actually exercising substantial influence over the policies and actions of the public utility in conjunction with one or more other corporations or persons with which or whom they are related by ownership or blood relationship or by action in concert that together they are affiliated with such public utility within the meaning of this section even though no one of them alone is so affiliated.

*(h) Every subsidiary of a public utility.*

*(i) Every part of a corporation in which an operating division is a public utility.*

Sec. 8. Minnesota Statutes 1992, section 216B.48, subdivision 4, is amended to read:

Subd. 4. [CONTRACTS WITH CONSIDERATION LESS THAN ~~\$10,000~~ \$50,000.] The provisions of this section requiring the written approval of the commission shall not apply to transactions with affiliated interests where the amount of consideration involved is not in excess of ~~\$10,000~~ \$50,000 or five percent of the capital equity of the utility whichever is smaller; provided, however, that regularly recurring payments under a general or continuing arrangement which aggregate a greater annual amount shall not be broken down into a series of transactions to come within the aforesaid exemption.

Such transactions shall be valid or effective without commission approval under this section. However, in any proceeding involving the rates or practices of the public utility, the commission may exclude from the accounts of such public utility any payment or compensation made pursuant to the transaction unless the public utility shall establish the reasonableness of the payment or compensation."

Amend the title as follows:

## "ARTICLE 1

### CONTAMINATION TAX

#### Section 1. [270.91] [CONTAMINATION TAX.]

*Subdivision 1. [IMPOSITION.] A tax is annually imposed on the contamination value of taxable real property in this state.*

*Subd. 2. [INITIAL TAX RATES.] Unless the rates under subdivision 3 apply, the tax imposed under this section equals 90 percent of the class rate for the property under section 273.13, multiplied by the local tax rate, multiplied by the contamination value of the property.*

*Subd. 3. [TAX RATES AFTER PLAN APPROVAL.] (a) The tax imposed under this subdivision applies for the first assessment year that begins after one of the following occurs:*

(1) a response plan for the property has been approved by the commissioner of the pollution control agency and work under the plan has begun;

(2) the property has been listed by the pollution control agency on the permanent list of priorities under the environmental response, compensation, and compliance account established by section 115B.20; or

(3) the contaminants are asbestos and the property owner has in place an abatement plan for enclosure, removal, or encapsulation of the asbestos. To qualify under this clause, the property owner must either have entered into a binding contract with a licensed contractor for completion of the work or have obtained a license from the commissioner of health and begun the work. The abatement plan must provide for completion of the work within a reasonable time period, as determined by the assessors.

(b) To qualify under paragraph (a), the property owner must provide the assessor with a copy of (1) the approved response plan, (2) documents establishing that the property has been included on the list of priorities under the environmental response, compensation, and compliance account, or (3) a copy of the asbestos abatement plan and contract for completion of the work or the owner's license to perform the work. The property owner also must file with the assessor an affidavit indicating when work under the response action plan or asbestos abatement plan began.

(c) The tax imposed under this subdivision equals the following percentage of the contamination value of the property:

(1) two percent for class 3 and 5 property under section 273.13; and

(2) one-half of the applicable class rate under section 273.13 for all other types of properties. For classes of property subject to separate rates based on the market value, the applicable class rate for the entire contamination value is the lowest rate.

## Sec. 2. [270.92] [DEFINITIONS.]

Subdivision 1. [SCOPE OF APPLICATION.] For purposes of sections 1 to 8, the following terms have the meanings given.

Subd. 2. [ASSESSMENT YEAR.] "Assessment year" means the assessment year for purposes of general ad valorem property taxes.

Subd. 3. [CONTAMINANT.] "Contaminant" means a harmful substance as defined in section 115B.25, subdivision 7a.

Subd. 4. [CONTAMINATED MARKET VALUE.] "Contaminated market value" is the amount determined under section 3.

Subd. 5. [PRESENCE OF CONTAMINANTS.] "Presence of contaminants on the property" includes the release or threatened release, as defined in section 115B.02, subdivision 15, of contaminants on the property.

Subd. 6. [RESPONSE PLAN.] "Response plan" means either a development action response plan, as defined in section 469.174, subdivision 17, or a voluntary response action plan under section 115B.175, subdivision 3.

## Sec. 3. [270.93] [TAX BASE; CONTAMINATION VALUE.]

The contamination value of a parcel of property is the amount of the market value reduction, if any, that is granted for general ad valorem property tax

purposes for the assessment year because of the presence of contaminants. The contamination value for a property may be no greater than the cost of a reasonable response plan for the property. These reductions in market value include those granted by a court, by a board of review, by the assessor upon petition or request of a property owner, or by the assessor. Reductions granted by the assessor are included only if the assessor reduced the property's market value for the presence of contaminants using an appraisal method or methods that are specifically designed or intended to adjust for the valuation effects of the presence of contaminants. The contamination value for a parcel with a reduction in value of less than \$10,000 is zero.

#### Sec. 4. [270.94] [EXEMPTION.]

(a) The tax imposed by sections 1 to 8 does not apply to the contamination value of a parcel of property attributable to contaminants that were addressed by a response plan for the property, if the commissioner of the pollution control agency has certified that all the requirements of the plan have been satisfied. This exemption applies beginning for the first assessment year after the commissioner of the pollution control agency certifies that the response plan has been completed.

To qualify under this section, the property owner must provide the assessor with a copy of the certification by the commissioner of the pollution control agency of the completion of the response action plan.

(b) The tax imposed by sections 1 to 8 does not apply to the contamination value of a parcel of property if neither the owner nor operator of that parcel caused or contributed to the presence or possible presence of contaminants that resulted in the contamination value of the parcel of property.

#### Sec. 5. [270.95] [PAYMENT; ADMINISTRATION.]

The tax imposed under sections 1 to 8 is payable at the same time and manner as the regular ad valorem property tax. The tax is subject to the penalty, interest, lien, forfeiture, and any other rules for collection of the regular ad valorem property tax. If a reduction in market value that creates contamination value is granted after the ad valorem property tax has been paid, the contamination tax must be subtracted from the amount to be refunded to the property owner.

#### Sec. 6. [270.96] [DUTIES.]

Subdivision 1. [ASSESSORS.] Each assessor shall notify the county auditor of the contamination value under section 1, subdivisions 2 and 3, for each parcel of property within the assessor's jurisdiction. The assessor shall provide notice of the contamination value to the property owner by the later of (1) June 1. of the assessment year or (2) 30 days after the reduction in market value is finally granted.

Subd. 2. [AUDITOR.] The county auditor shall prepare separate lists of the contamination values for all property located in the county that are taxed under section 1, subdivision 2, and under section 1, subdivision 3. The commissioner shall prescribe the form of the listing. The auditor shall include the amount of the local and state contamination taxes on the contamination value for the assessment year on the regular ad valorem property tax statement under section 276.04.

*Subd. 3. [TREASURER.] The county treasurer shall pay the proceeds of the tax, less the amount retained by the county for the cost of administration under section 8, to the commissioner at the same times and in the same manner provided for the ad valorem property tax settlements.*

*Subd. 4. [COURT ORDERED REDUCTIONS IN VALUE.] If a court orders a reduction in market value for purposes of the ad valorem property tax because of the presence of contaminants on the property, the court shall include in its order an offset for payment of the state tax on contaminated value under section 1.*

**Sec. 7. [270.97] [DEPOSIT OF REVENUES.]**

*The commissioner shall deposit all revenues derived from the tax, interest, and penalties received from the county in the contaminated site cleanup and development account in the general fund.*

**Sec. 8. [270.98] [LOCAL ADMINISTRATIVE COSTS.]**

*The county shall retain five percent of the total revenues derived from the tax, including interest and penalties, as compensation for administering the tax. The county board may reimburse municipalities for the services provided by assessors employed by the municipality in administering sections 1 to 12.*

**Sec. 9. [APPROPRIATION.]**

*The first \$5,000,000 of tax proceeds collected annually from the state tax on contaminated value is appropriated to the pollution abatement development fund established by article 2, section 3. Any amounts collected in excess of \$5,000,000 shall be paid by the commissioner to the county treasurers in the same proportion as the collections from each county of the state tax on contaminated value, and shall be paid by the county treasurers to the local units of government in the same manner as ad valorem property taxes.*

**Sec. 10. Minnesota Statutes 1992, section 273.11, subdivision 1, is amended to read:**

**Subdivision 1. [GENERALLY.]** Except as provided in subdivisions 6, 8, 9, 11, and 14 this section or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under \$100 is rounded up to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. The assessor shall take into account the effect on the market value of property of environmental factors in the vicinity of the property. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, platted property shall be

assessed as provided in subdivision 14. All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 11. Minnesota Statutes 1992, section 273.11, is amended by adding a subdivision to read:

*Subd. 15. [VALUATION OF CONTAMINATED PROPERTIES.] (a) In determining the market value of property containing contaminants, the assessor shall reduce the market value of the property by the contamination value of the property. The contamination value is the amount of the market value reduction that results from the presence of the contaminants, but it may not exceed the cost of a reasonable response plan for the property.*

*(b) For purposes of this subdivision, "contaminants" and "response plan" have the meanings given in section 2.*

Sec. 12. Minnesota Statutes 1992, section 275.065, subdivision 3, is amended to read:

*Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.*

*(b) The commissioner of revenue shall prescribe the form of the notice.*

*(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail.*

*(d) The notice must state for each parcel:*

*(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;*

*(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and*

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

- (1) special assessments;
- (2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;
- (3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;
- (4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and
- (5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes; and
- (6) *the contamination tax imposed on properties which received market value reductions for contamination.*

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

Sec. 13. Minnesota Statutes 1992, section 276.04, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or

municipality and school district must be separately stated. The amounts due other taxing districts, if any, may be aggregated. *The amount of the state tax on contamination value imposed under sections 270.91 to 270.98, if any, must also be separately stated.* The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The statement shall include the following sentence, printed in upper case letters in boldface print: **“THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT.”**

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

(1) the property's estimated market value as defined in section 272.03, subdivision 8;

(2) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);

(3) a total of the following aids:

(i) education aids payable under chapters 124 and 124A;

(ii) local government aids for cities, towns, and counties under chapter 477A; and

(iii) disparity reduction aid under section 273.1398;

(4) for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as “homestead and agricultural credit.” For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;

(5) any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as “taconite tax relief”;

(6) the net tax payable in the manner required in paragraph (a); and

(7) any additional amount of tax authorized under sections 124A.03, subdivision 2a, and 275.61. These amounts shall be listed as “voter approved referenda levies.”

The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in 1992 and thereafter, the commissioner must certify this amount by September 1.

Sec. 14. [EFFECTIVE DATE.]

*Sections 1 to 13 are effective beginning with taxes assessed in 1994, payable in 1995, and apply to reductions in market value in effect for the year regardless of when they were granted.*

*Subd. 5. [RESPONSE PLAN.] "Response plan" means a development response action plan for removal, remedial, or corrective actions under section 469.174, subdivision 17, or a voluntary response action plan under section 115B.175.*

*Subd. 6. [TERMS DEFINED IN OTHER CHAPTERS.] "Facility," "federal Superfund Act," "hazardous substance," "pollutant or contaminant," "release," "remedy or remedial action," "removal action," and "response" have the meanings given in section 115B.02. Sec. 2. [116J.988] [ADDITIONAL POWERS OF COMMISSIONER.]

*For the purposes of sections 116J.987 to 116J.990, the commissioner may exercise the powers of the public facilities authority in section 446A.04 and may issue bonds under sections 446A.12 to 446A.20.*

Sec. 3. [116J.989] [POLLUTION ABATEMENT DEVELOPMENT LOAN FUND.]

*Subdivision 1. [ESTABLISHMENT.] A pollution abatement development fund is established in the state treasury and administered by the commissioner. The fund consists of money appropriated to it by the legislature, other public or private funding sources, and earnings on assets in the fund.*

*Subd. 2. [PURPOSES FOR WHICH MONEY MAY BE SPENT.] Money in the fund is appropriated for the following purposes:*

- (1) to make pollution abatement development grants;*
- (2) to make or buy pollution abatement development loans;*
- (3) to pay the costs incurred in making or buying grants and loans under section 116J.990;*
- (4) to provide a source of revenue or security for the payment of principal and interest on bonds issued by the department, provided all of the bond proceeds are credited to the fund and used pursuant to sections 116J.987 to 116J.990; or*
- (5) to subsidize the interest rate on loans under section 116J.990.*

*Subd. 3. [SEPARATE ACCOUNTS.] The commissioner may require the commissioner of finance to create separate accounts within the fund to account for any money subject to limitation on use.*

Sec. 4. [116J.990] [POLLUTION ABATEMENT DEVELOPMENT LOANS AND GRANTS.]

*Subdivision 1. [AUTHORIZATION.] The commissioner may make or buy pollution abatement development loans with money from the pollution abatement development fund to pay up to 40 percent of the cost of a response plan. The commissioner may make a grant with money from the fund to pay up to one-half of the cost of a response plan. Both a loan and grant may be used to provide 90 percent funding for a single response plan.*

*Subd. 2. [LOAN REPAYMENT OBLIGATIONS.] (a) A municipality's obligation to repay a pollution abatement development loan must be evidenced by a revenue agreement with the commissioner. Loan repayment obligations are payable as a general obligation backed by the full faith and credit of the municipality. Payments made by the municipality under the revenue agreement may be less than or equal to the principal amount of the loan as determined by the commissioner based on the available sources of payment under this section. The loan may be interest free for a maximum period of five years. Thereafter the interest on the loan is at a rate and on terms set by the commissioner.*

*(b) A municipality must provide a local match equal to ten percent of the cost of a response plan from unrestricted money available to the municipality, excluding tax increment.*

*Subd. 3. [LOAN AND GRANT APPLICATION.] To obtain a contamination cleanup development grant, the development authority shall apply to the commissioner. The governing body of the municipality must approve, by resolution, the application. The commissioner shall prescribe and provide the*

application form. The application must include at least the following information:

- (1) identification of the site;
- (2) the proposed or approved response action plan for the site;
- (3) the results of engineering and other tests showing the nature and extent of the release of contaminants on site or the threatened release of contaminants onto the site;
- (4) a detailed estimate, along with necessary supporting evidence, of the total cleanup costs for the site;
- (5) an appraisal of the current market value of the property, separately taking into account the effect of the contaminants on the market value, prepared by a qualified independent appraiser using accepted appraisal methodology;
- (6) an assessment of the immediate or long-term potential hazard to the public health and safety resulting from a failure to implement the response action plan;
- (7) an assessment of the development potential or likely use of the site after completion of the response action plan, including any specific commitments from third parties to construct improvements on the site;
- (8) the manner in which the municipality will meet the local match requirement;
- (9) any additional information or material that the commissioner prescribes;
- (10) if applicable, that the municipality has previously received a pollution abatement development grant or loan for the property and in the course of carrying out the response plan has determined that the response plan should be amended or supplemented to provide for additional removal, remedial, or corrective actions; and
- (11) if applicable, that the commissioner of the pollution control agency has reviewed and approved the amendment or supplement to the response plan reflecting the additional removal, remedial, or corrective actions taken under clause (10).

*Subd. 4. [LOAN AND GRANT PRIORITY AND RESTRICTIONS.] (a)* On receipt of a loan or grant application, the pollution control agency shall advise the commissioner on the application based on the following criteria:

- (1) the nature, desirability, and appropriateness of the applicant's proposed remedial action; and
  - (2) whether entry into the agreement will expedite undertaking a remedy or remedial action.
- (b) Complete or permanent remedial action is not required unless the pollution control agency determines that a failure to do so would:
- (i) interfere with the implementation of a future remedy or remedial action;
  - (ii) result in an action that would significantly contribute to the release or threat of release of a hazardous substance or pollutant or contaminant; or

(iii) pose health risks for persons in the vicinity of the real property or facility.

(c) The commissioner shall make a selection based on the following criteria:

(1) the recommendation of the pollution control agency;

(2) the recommendation of a municipality as to the desirability of the development or redevelopment;

(3) the location and importance of the real property or facility to the municipality and the state in terms of the desirability of the development or redevelopment;

(4) the amount of proposed new investment in the real property or facility;

(5) whether the municipality will create a tax increment district or subdistrict to fund repayment of the loan; and

(6) whether the proposed development or redevelopment will leverage state expenditures.

(d) The amount made available by the combination of loans and grants must not exceed a total of \$5,000,000 for a site.

(e) Loans and grants must be made quarterly to applicants. If the commissioner determines that money in the fund is insufficient to make all loans and grants properly applied for, preference must be given first to applicants that meet the criteria described in paragraph (f) and subdivision 3, clauses (10) and (11). Applicants who are otherwise qualified but are not awarded a loan or grant due to a lack of available funds must be given preference on the next award date when funds are available.

(f) The award of grants and loans is limited as follows:

(1) not more than 70 percent of the available funds may be allocated to municipalities located in the metropolitan area as defined in section 473.121, subdivision 2; and

(2) not more than 33-1/3 percent of the available funds may be allocated to a single municipality.

If the requests for funds for qualified projects from outside the metropolitan area or from municipalities having less than 33-1/3 percent of the available funds in any year are insufficient to utilize all available funds, the funds may be allocated without regard to the limitation in this section. Any allocation of these funds without regard to the limitation in this section does not affect a municipality's later application for a loan or grant.

(g) A pollution abatement development loan or grant may not be made, unless approved by the pollution control agency, for a site for which removal, remedial, or corrective actions are scheduled by the pollution control agency to be initially funded during the current or next fiscal year under the federal Superfund Act, the Leaking Underground Storage Tank Trust Fund, United States Code, title 42, section 6991b, the environmental response, compensation, and compliance account under section 115B.20, the petroleum tank release cleanup account under section 115C.08, or another state funding source.

(h) Pollution abatement loans and grants may be made only if the appraised value of the contaminated portion of the site after adjusting for the effect on the value of the presence or possible presence of contaminants using accepted appraisal methodology is less than the estimated cleanup costs for the site or the cost of the response plan exceeds \$2 per square foot for the contaminated portion of the site.

Subd. 5. [LOAN OR GRANT APPROVAL.] (a) On approval of a loan or grant, the commissioner shall notify the municipality:

(1) of the amount of the loan or grant;

(2) that the approved amount is in a special account in the pollution abatement development loan fund established in section 116J.989; and

(3) that the loan or grant will be made when the terms for making and repaying the loan have been agreed to by the commissioner and the municipality.

(b) The loan must be evidenced by instruments prepared under this section and the law under which the municipality proposes to issue its obligation.

Subd. 6. [ACCOUNTING OF COSTS.] Upon completion of the response plan, the municipality shall submit to the commissioner an accounting of costs incurred and any unexpended loan or grant proceeds, including any unexpended investment earnings on proceeds, which must be applied to the payment of the obligation under the loan agreement.

Subd. 7. [AUTHORIZATION TO BORROW.] Notwithstanding any general or special law or charter to the contrary, a municipality may borrow from the fund by entering into a revenue agreement between the municipality and the commissioner. The commissioner may require the municipality to issue a note payable to the department or a fiduciary for the department consistent with the terms of the revenue agreement. The security for the repayment of the obligation evidenced by the revenue agreement or the note must be the full faith and credit of the municipality. The revenue agreement or note is an obligation under section 475.51, subdivision 3, but the issuance of the obligation is not otherwise subject to chapter 475.

Subd. 8. [RESPONSE PLAN EXPENSE RECOVERY ACTIONS.] (a) The commissioner shall notify the attorney general whenever the commissioner makes a loan or grant under sections 116J.987 to 116J.990. The attorney general shall review the expenditures for the response plan and the potential for cost recovery from the responsible parties and may:

(1) bring a civil action on behalf of the state and the municipality to recover the expenses, including administrative costs and litigation expenses, under section 115B.04 or other law; or

(2) assist the municipality in bringing an action as described in clause (1), by providing legal and technical advice, intervening in the action, or providing other appropriate assistance.

The decision to participate in an action is at the discretion of the attorney general.

(b) If the attorney general brings an action under paragraph (a), clause (1), the municipality shall certify its reasonable and necessary expenses to implement the response plan and shall cooperate with the attorney general as

required to effectively pursue the action. The certification by the municipality is prima facie evidence that the expenses are reasonable and necessary.

(c) The attorney general may deduct litigation expenses incurred by the attorney general from any amounts recovered in an action brought under paragraph (a), clause (1). Money recovered or paid to the attorney general for litigation expenses under this paragraph must be credited to the general fund. For the purposes of this section, "litigation expenses" means attorney fees and costs of discovery and other preparation for litigation.

Money recovered in an action brought under this subdivision in excess of the amounts paid to the attorney general for litigation expenses must be credited to the pollution abatement development fund established in section 116J.989.

Subd. 9. [RULES.] The commissioner may adopt rules to implement this section.

Sec. 5. [APPROPRIATION.]

\$. . . . . is appropriated from the general fund for transfer to the pollution abatement development loan fund established in section 116J.989.

Sec. 6. [EFFECTIVE DATE.]

Sections 1 to 5 are effective the day following final enactment.

### ARTICLE 3

#### TAX INCREMENT FINANCING

Section 1. Minnesota Statutes 1992, section 273.1399, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given.

(a) "Qualifying captured net tax capacity" means the following amounts:

(1) the captured net tax capacity of a new or the expanded part of an existing economic development or soils condition tax increment financing district, other than a qualified manufacturing district, for which certification was requested after April 30, 1990;

(2) the captured net tax capacity of a qualified manufacturing district, multiplied by the following percentage based on the number of years that have elapsed since the assessment year of the original net tax capacity. In no case may the final amounts be less than zero or greater than the total captured net tax capacity of the district:

Number of Years	Percentage
1	0
2	20
3	40
4	60
5	80
6 or more	100;

(3) the captured net tax capacity of a new or the expanded part of an existing tax increment financing district, other than an economic development

of district, soils condition district, or a qualified pollution district, for which certification was requested after April 30, 1990, multiplied by the following percentage based on the number of years that have elapsed since the assessment year of the original net tax capacity. In no case may the final amounts be less than zero or greater than the total captured net tax capacity of the district.

Number of Years	Renewal and Renovation Districts	All other Districts
0 to 5	0	0
6	12.5	6.25
7	25	12.5
8	37.5	18.75
9	50	25
10	62.5	31.25
11	75	37.5
12	87.5	43.75
13	100	50
14	100	56.25
15	100	62.5
16	100	68.75
17	100	75
18	100	81.25
19	100	87.5
20	100	93.75
21 or more	100	100

In the case of a hazardous substance subdistrict, the number of years must be measured from the date of certification of the subdistrict for purposes of the additional captured net tax capacity resulting from the reduction in the subdistrict's or site's original net tax capacity.

(b) The terms defined in section 469.174 have the meanings given in that section.

(c) "Qualified manufacturing district" means an economic development district that qualifies under section 469.176, subdivision 4c, paragraph (a), without regard to clauses (2) and (4), for which certification was requested after June 30, 1991, located in a home rule charter or statutory city that (1) has a population under 10,000 according to the last federal census and (2) is wholly located outside of a metropolitan statistical area as determined by the United States Office of Management and Budget.

(d) "Qualified pollution district" means a pollution district in which:

(1) the percentage increase in the sum of the market value of the parcels in the pollution district during the five years before the year of certification of the district is the same as or less than, for the same time period, the percentage increase in the sum of the market value of the parcels in the school districts in which any parcels in the pollution district are located; or

(2) there has been no increase in the sum of the market value of the parcels in the pollution district during the five years before the year of certification of the district.

Sec. 2. Minnesota Statutes 1992, section 469.174, subdivision 9, is amended to read:

Subd. 9. [TAX INCREMENT FINANCING DISTRICT.] "Tax increment financing district" or "district" means a contiguous or noncontiguous geographic area within a project delineated in the tax increment financing plan, as provided by section 469.175, subdivision 1, for the purpose of financing redevelopment, mined underground space development, housing or economic development, or the remediation of contamination in municipalities through the use of tax increment generated from the captured net tax capacity in the tax increment financing district.

Sec. 3. Minnesota Statutes 1992, section 469.174, is amended by adding a subdivision to read:

Subd. 22. [POLLUTION DISTRICT.] "*Pollution district*" means a type of tax increment financing district:

(1) that meets the requirements of an economic development district, housing district, mined underground space development district, redevelopment district, renewal and renovation district, or soils condition district;

(2) that consists of a project, or portions of a project, within which the authority finds it to be in the public interest to provide for the remediation of contamination; and

(3) in which the estimated costs of remediating present contamination or preventing future contamination of the land within the eligible site equal or exceed: (i) the fair market value of the improved property included in the district unless the improvements will be demolished prior to development; or (ii) \$2 per square foot of the area of the pollution district.

Sec. 4. Minnesota Statutes 1992, section 469.174, is amended by adding a subdivision to read:

Subd. 23. [REMEDICATION.] "*Remediation*" means any activity constituting "removal," "remedy," "remedial action," or "response," as those terms are defined in section 115B.02; environmental audits; pollution tests; acquisition and demolition necessary to accomplish remediation; soil removal, correction, disposal, or compaction necessary to accomplish remediation; preparation and implementation of environmental response plans; administrative, legal, financial, and other professional services; and other activities reasonably related to the prevention or amelioration of contamination.

Sec. 5. Minnesota Statutes 1992, section 469.174, is amended by adding a subdivision to read:

Subd. 24. [CONTAMINATION.] "*Contamination*" means the presence of:

(1) a substance defined as a "hazardous substance" or "toxic substance" in the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended, United States Code, title 42, section 9061, et seq.;

(2) a substance defined as a "hazardous substance," "hazardous waste," or "pollutant or contaminant" in section 115B.02; or

(3) petroleum or its derivatives.

Sec. 6. Minnesota Statutes 1992, section 469.175, subdivision 1, is amended to read:

Subdivision 1. [TAX INCREMENT FINANCING PLAN.] (a) A tax increment financing plan shall contain:

(1) a statement of objectives of an authority for the improvement of a project;

(2) a statement as to the development program for the project, including the property within the project, if any, that the authority intends to acquire;

(3) a list of any development activities that the plan proposes to take place within the project, for which contracts have been entered into at the time of the preparation of the plan, including the names of the parties to the contract, the activity governed by the contract, the cost stated in the contract, and the expected date of completion of that activity;

(4) identification or description of the type of any other specific development reasonably expected to take place within the project, and the date when the development is likely to occur;

(5) estimates of the following:

(i) cost of the project, including administration expenses;

(ii) amount of bonded indebtedness to be incurred;

(iii) sources of revenue to finance or otherwise pay public costs;

(iv) the most recent net tax capacity of taxable real property within the tax increment financing district;

(v) the estimated captured net tax capacity of the tax increment financing district at completion; and

(vi) the duration of the tax increment financing district's existence;

(6) statements of the authority's alternate estimates of the impact of tax increment financing on the net tax capacities of all taxing jurisdictions in which the tax increment financing district is located in whole or in part. For purposes of one statement, the authority shall assume that the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district, and for purposes of the second statement, the authority shall assume that none of the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district;

(7) identification and description of studies and analyses used to make the determination set forth in subdivision 3, clause (2); and

(8) identification of all parcels to be included in the district.

(b) The authority may elect in the tax increment financing plan to delay receipt of the first tax increment from the district until the earlier of:

(1) the fourth anniversary of the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor; or

(2) the date the market value of the district, as determined by the assessor, has attained a minimum market value specified in the tax increment financing plan, a development agreement, or an assessment agreement.

(c) *With respect to a pollution district, the authority shall elect in the tax increment financing plan to impose the provisions of sections 469.174 to 469.179, applicable to an economic development district, housing district, mined underground space development district, redevelopment district, renewal and renovation district, or soils condition district; to the pollution district. The authority must make the election in the plan and, once made, the election is irrevocable. Thereafter, the provisions of sections 469.174 to 469.179 applicable to such district shall be applicable to the pollution district.*

Sec. 7. Minnesota Statutes 1992, section 469.176, subdivision 1, is amended to read:

Subdivision 1. [DURATION OF TAX INCREMENT FINANCING DISTRICTS.] (a) Subject to the limitations contained in paragraphs (b) to (g), any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as the bonds continue to be outstanding. The municipality may, at the time of approval of the initial tax increment financing plan, provide for a shorter maximum duration limit than specified in paragraphs (b) to (g). The specified limit applies in place of the otherwise applicable limit.

(b) The tax increment pledged to the payment of the bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to the maturity or redemption date.

(c) For bonds issued pursuant to section 469.178, subdivisions 2 and 3, the full faith and credit and any taxing powers of the municipality or authority shall continue to be pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full.

(d) No tax increment shall be paid to an authority for a tax increment financing district after three years from the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor, unless within the three-year period (1) bonds have been issued in aid of the project containing the district pursuant to section 469.178, or any other law, except revenue bonds issued pursuant to sections 469.152 to 469.165, or (2) the authority has acquired property within the district, or (3) the authority has constructed or caused to be constructed public improvements within the district.

(e) No tax increment shall in any event be paid to the authority (1) after 25 years from date of receipt by the authority of the first tax increment for a mined underground space development district, redevelopment district, or housing district, (2) after 15 years after receipt by the authority of the first increment for a renewal and renovation district, (3) after 12 years from approval of the tax increment financing plan for a soils condition district, and (4) after eight years from the date of the receipt, or ten years from approval of the tax increment financing plan, whichever is less, for an economic development district, and (5) *except as provided in paragraph (f), after 25 years from date of receipt by the authority of the first tax increment for a pollution district.*

*(f) No tax increment derived from a pollution district, except tax increment attributable to the reduction in original net tax capacity pursuant to an election under section 469.177, subdivision 1, paragraph (i), shall be paid to the authority, unless such tax increment will be used for the remediation of contamination, (1) after 25 years from the date of receipt by the authority of the first tax increment from a pollution district that the authority has elected to be subject to the provisions applicable to a mined underground space development district, redevelopment district, or housing district, (2) after 15 years from the date of receipt by the authority of the first tax increment from a pollution district that the authority has elected to be subject to the provisions applicable to a renewal and renovation district, (3) after 12 years from the date of approval of the tax increment financing plan for a pollution district that the authority has elected to be subject to the provisions applicable to a soils condition district, and (4) after eight years from the date of receipt by the authority of the first tax increment, or ten years from the date of approval of the tax increment financing plan, whichever is less, for a pollution district that the authority has elected to be subject to the provisions applicable to an economic development district.*

For tax increment financing districts created prior to August 1, 1979, no tax increment shall be paid to the authority after April 1, 2001, or the term of a nondefeased bond or obligation outstanding on April 1, 1990, secured by increments from the district or project area, whichever time is greater, provided that in no case will a tax increment be paid to an authority after August 1, 2009, from such a district. If a district's termination date is extended beyond April 1, 2001, because bonds were outstanding on April 1, 1990, with maturities extending beyond April 1, 2001, the following restrictions apply. No increment collected from the district may be expended after April 1, 2001, except to pay or defease (i) bonds issued before April 1, 1990, or (ii) bonds issued to refund the principal of the outstanding bonds and pay associated issuance costs, provided the average maturity of the refunding bonds does not exceed the bonds refunded.

*(f) (g) Modification of a tax increment financing plan pursuant to section 469.175, subdivision 4, shall not extend the durational limitations of this subdivision.*

*(g) (h) If a parcel of a district is part of a designated hazardous substance site or a hazardous substance subdistrict, tax increment may be paid to the authority from the parcel for longer than the period otherwise provided by this subdivision. The extended period for collection of tax increment begins on the date of receipt of the first tax increment from the parcel that is more than any tax increment received from the parcel before the date of the certification under section 469.174, subdivision 7, paragraph (b), and received after the date of certification to the county auditor described in section 469.174, subdivision 7, paragraph (b). The extended period for collection of tax increment is the lesser of: (1) 25 years from the date of commencement of the extended period; or (2) the period necessary to recover the costs of removal actions or remedial actions specified in a development response action plan.*

*(h) (i) If a parcel located in the district has delinquent property taxes when the district terminates under the duration limits under this subdivision, the payment of the parcel's delinquent taxes made after decertification of the district are tax increments to the extent the nonpayment of property taxes caused the outstanding bonds or contractual obligations pledged to be paid by the district to be paid by sources other than tax increments or to go unpaid.*

The county auditor shall pay the appropriate amount to the district. The authority shall provide the county auditor with information regarding the payment of outstanding bonds or contractual obligations and any other information necessary to administer the payment, as requested by the county auditor.

Sec. 8. Minnesota Statutes 1992, section 469.176, subdivision 4, is amended to read:

Subd. 4. [LIMITATION ON USE OF TAX INCREMENT; GENERAL RULE.] All revenues derived from tax increment shall be used in accordance with the tax increment financing plan. The revenues shall be used solely for the following purposes: (1) to pay the principal of and interest on bonds issued to finance a project; (2) by a rural development financing authority for the purposes stated in section 469.142, by a port authority or municipality exercising the powers of a port authority to finance or otherwise pay the cost of redevelopment pursuant to sections 469.048 to 469.068, by an economic development authority to finance or otherwise pay the cost of redevelopment pursuant to sections 469.090 to 469.108, by a housing and redevelopment authority or economic development authority to finance or otherwise pay public redevelopment costs pursuant to sections 469.001 to 469.047, by a municipality or economic development authority to finance or otherwise pay the capital and administration costs of a development district pursuant to sections 469.124 to 469.134, *by a municipality or authority to finance or otherwise pay the costs of the remediation of contamination in a project in which a pollution district is located*, by a municipality or redevelopment agency to finance or otherwise pay premiums for insurance or other security guaranteeing the payment when due of principal of and interest on the bonds pursuant to chapter 462C, sections 469.152 to 469.165, or both, or to accumulate and maintain a reserve securing the payment when due of the principal of and interest on the bonds pursuant to chapter 462C, sections 469.152 to 469.165, or both, which revenues in the reserve shall not exceed, subsequent to the fifth anniversary of the date of issue of the first bond issue secured by the reserve, an amount equal to 20 percent of the aggregate principal amount of the outstanding and nondefeased bonds secured by the reserve.

Sec. 9. Minnesota Statutes 1992, section 469.176, is amended by adding a subdivision to read:

Subd. 4k. [POLLUTION DISTRICTS.] *The portion of the tax increment derived from a pollution district that is attributable to the reduction in original net tax capacity pursuant to an election under section 469.177, subdivision 1, paragraph (i), shall only be used to pay or reimburse the costs of the remediation of contamination in the project in which the pollution district is located. The remaining tax increment received from a pollution district may be used in accordance with subdivision 4, but subject to the restrictions imposed by sections 469.174 to 469.179 applicable to the type of district elected by the authority pursuant to section 469.175, subdivision 1, paragraph (c).*

Sec. 10. Minnesota Statutes 1992, section 469.1763, is amended by adding a subdivision to read:

Subd. 6. [POLLUTION DISTRICTS.] *Subdivisions 2 to 4 do not apply to a pollution district if:*

(1) the district is located within a project that meets the criteria of a targeted neighborhood under sections 469.201, subdivision 10; and 469.202, subdivisions 1 and 2, provided that the project does not exceed 50 acres and does not include additional area under section 469.202, subdivision 3;

(2) the authority has elected, under section 469.175, subdivision 1, paragraph (c), to impose the provisions of sections 469.174 to 469.179 applicable to a redevelopment district to the pollution district; or

(3) the authority has elected, under section 469.175, subdivision 1, paragraph (c), to impose the provisions of sections 469.174 to 469.179 applicable to a renewal and renovation district to the pollution district.

Sec. 11. [469.1764] [GUARANTY OR INDEMNIFICATION FUND.]

An authority may establish and maintain a guaranty or indemnification fund with respect to any contaminated parcel, or more than one such parcel, included within a pollution district. Funds held in the guaranty or indemnification fund must be available, upon terms and conditions determined by the authority through agreement or resolution, to an eligible person to indemnify and hold harmless the eligible person from liability for remediation costs arising under any state or federal environmental law, regulation, ruling, order, or decision with respect to the contaminated parcel or parcels by reason of the person's use, occupancy, ownership, or financing associated with the contaminated parcel. The authority may not indemnify or hold harmless an eligible person from liability for contamination of a parcel caused by the eligible person. Tax increments derived from a pollution district and any other funds available to the authority may be deposited in or otherwise used to secure payments from the guaranty or indemnification fund. The authority is liable under the guaranty or indemnification only to the extent of funds available to secure payments from the guaranty or indemnification fund. The maximum amount payable from the guaranty or indemnification fund with respect to any eligible parcel or group of parcels must not exceed 50 percent of the cost of remediation of the contamination present in the contaminated parcels at the time of final approval of the plan, which amount may be inflated each year according to an appropriate inflation index selected by the authority. The guaranty or indemnification fund must be held or maintained in or with a financial institution or corporate fiduciary eligible for the deposit of public money or eligible to act as a trustee or fiduciary for bonds or other obligations issued under chapter 475. The guaranty or indemnification fund must be held and maintained for the period agreed to by the authority, except that tax increments may be deposited in the fund only during the duration of the district. Upon termination of the period of guaranty or indemnification all unexpended money then held in the guaranty or indemnification fund must be considered excess tax increments and returned to the county auditor for redistribution. Investment earnings, net of investment losses, on money held in the guaranty or indemnification fund may, at the option of the authority, be retained in the fund or disbursed to the authority and applied to other eligible costs. Tax increments used or pledged to secure payments from the guaranty or indemnification fund may be irrevocably pledged for that purpose, and neither filing nor possession is required to perfect the security interest created by the pledge.

Sec. 12. Minnesota Statutes 1992, section 469.177, subdivision 1, is amended to read:

Subdivision 1. [ORIGINAL NET TAX CAPACITY.] (a) Upon or after adoption of a tax increment financing plan, the auditor of any county in which the district is situated shall, upon request of the authority, certify the original net tax capacity of the tax increment financing district as described in the tax increment financing plan and shall certify in each year thereafter the amount by which the original net tax capacity has increased or decreased as a result of a change in tax exempt status of property within the district, reduction or enlargement of the district or changes pursuant to subdivision 4.

(b) In the case of a mined underground space development district the county auditor shall certify the original net tax capacity as zero, plus the net tax capacity, if any, previously assigned to any subsurface area included in the mined underground space development district pursuant to section 272.04.

(c) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the classification under section 273.13 of property located in a district changes to a classification that has a different assessment ratio, the original net tax capacity of that property must be redetermined at the time when its use is changed as if the property had originally been classified in the same class in which it is classified after its use is changed.

(d) The amount to be added to the original net tax capacity of the district as a result of previously tax exempt real property within the district becoming taxable equals the net tax capacity of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the net tax capacity assessed by the assessor at the time of the transfer. If substantial taxable improvements were made to a parcel after certification of the district and if the property later becomes tax exempt, in whole or part, as a result of the authority acquiring the property through foreclosure or exercise of remedies under a lease or other revenue agreement, the amount to be added to the original net tax capacity of the district as a result of the property again becoming taxable is the amount of the parcel's value that was included in original net tax capacity when the parcel was first certified. The amount to be added to the original net tax capacity of the district as a result of enlargements equals the net tax capacity of the added real property as most recently certified by the commissioner of revenue as of the date of modification of the tax increment financing plan pursuant to section 469.175, subdivision 4.

(e) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the net tax capacity of a property increases because the property no longer qualifies under the Minnesota agricultural property tax law, section 273.111; the Minnesota open space property tax law, section 273.112; or the metropolitan agricultural preserves act, chapter 473H, or because platted, unimproved property is improved or three years pass after approval of the plat under section 273.11, subdivision 1, the increase in net tax capacity must be added to the original net tax capacity.

(f) Each year the auditor shall also add to the original net tax capacity of each economic development district an amount equal to the original net tax capacity for the preceding year multiplied by the average percentage increase in the market value of all property included in the economic development district during the five years prior to certification of the district.

(g) The amount to be subtracted from the original net tax capacity of the district as a result of previously taxable real property within the district becoming tax exempt, or a reduction in the geographic area of the district, shall be the amount of original net tax capacity initially attributed to the property becoming tax exempt or being removed from the district. If the net tax capacity of property located within the tax increment financing district is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor or by order of the commissioner of revenue, the reduction shall be applied to the original net tax capacity of the district when the property upon which the abatement is made has not been improved since the date of certification of the district and to the captured net tax capacity of the district in each year thereafter when the abatement relates to improvements made after the date of certification. The county auditor may specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 469.175, subdivision 4.

(h) If a parcel of property contained a substandard building that was demolished or removed and if the authority elects to treat the parcel as occupied by a substandard building under section 469.174, subdivision 10, paragraph (b), the auditor shall certify the original net tax capacity of the parcel using the greater of (1) the current net tax capacity of the parcel, or (2) the estimated market value of the parcel for the year in which the building was demolished or removed, but applying the class rates for the current year.

*(i) The original net tax capacity of a pollution district may be reduced by an amount up to 100 percent of the original net tax capacity of the pollution district at the election of the authority. The election must be made in writing and delivered to the county auditor of the county in which the pollution district is located. The change in original net tax capacity is effective as of the July 1 subsequent to the date of receipt of the election by the county auditor. The tax increment attributable to this reduction in original net tax capacity must be used only in accordance with section 469.176, subdivision 4. At any time after an election to reduce the original net tax capacity of a pollution district has been made pursuant to this subdivision, the authority may elect to forego the election. If the authority elects to forego the election, the original net tax capacity shall be changed to the original net tax capacity that would have been applicable to the pollution district without the application of this paragraph. The subsequent election must be made in writing and delivered to the county auditor of the county in which the pollution district is located. The change in original net tax capacity is effective as of the July 1 subsequent to the date of receipt of the election by the county auditor.*

### Sec. 13. [EFFECTIVE DATE.]

*Section 1 is effective for aid payable in 1994 and thereafter. Sections 2 to 12 are effective for districts certified after May 31, 1993.*

In the case of a hazardous substance subdistrict, the number of years must be measured from the date of certification of the subdistrict for purposes of the additional captured net tax capacity resulting from the reduction in the subdistrict's or site's original net tax capacity.

(b) The terms defined in section 469.174 have the meanings given in that section.

(c) "Qualified Manufacturing district" means:

(1) an economic development district that qualifies under section 469.176, subdivision 4c, paragraph (a), without regard to clauses (2) and (4), for which certification was requested after June 30, 1991, located in a home rule charter or statutory city that (1) (i) has a population under 10,000 according to the last federal census, and (2) (ii) is wholly located outside of a metropolitan statistical area as determined by the United States Office of Management and Budget; or

(2) a manufacturing district under section 469.174, subdivision 22.

Sec. 2. Minnesota Statutes 1992, section 469.174, subdivision 9, is amended to read:

[TAX INCREMENT FINANCING DISTRICT.] "Tax increment financing district" or "district" means a contiguous or noncontiguous geographic area within a project delineated in the tax increment financing plan, as provided by section 469.175, subdivision 1, for the purpose of financing redevelopment, mined underground space development, housing or economic development, or manufacturing in municipalities through the use of tax increment generated from the captured net tax capacity in the tax increment financing district.

Sec. 3. Minnesota Statutes 1992, section 469.174, is amended by adding a subdivision to read:

Subd. 22. [MANUFACTURING DISTRICT.] "Manufacturing district" means a type of tax increment financing district that:

(1) meets the requirements of an economic development district; and

(2) consists of a project, or portions of a project, within which the authority finds it to be in the public interest to provide for the development of manufacturing facilities. The finding must be made in a resolution adopted by the authority on or before the date of approval of the plan for the district.

Sec. 4. Minnesota Statutes 1992, section 469.174, is amended by adding a subdivision to read:

Subd. 23. [MANUFACTURING FACILITY.] "Manufacturing facility" means property that is acquired, constructed, or rehabilitated, if at least 85 percent of the property is used:

(2) for the warehousing, storage, and distribution of tangible personal property, excluding retail sales;

(3) for research and development activities related to the activities listed in clause (1) or (2); or

(4) space necessary for and related to the activities listed in clause (1), (2), or (3).

Sec. 5. Minnesota Statutes 1992, section 469.175, subdivision 1, is amended to read:

Subdivision 1. [TAX INCREMENT FINANCING PLAN.] (a) A tax increment financing plan shall contain:

(1) a statement of objectives of an authority for the improvement of a project;

(2) a statement as to the development program for the project, including the property within the project, if any, that the authority intends to acquire;

(3) a list of any development activities that the plan proposes to take place within the project, for which contracts have been entered into at the time of the preparation of the plan, including the names of the parties to the contract, the activity governed by the contract, the cost stated in the contract, and the expected date of completion of that activity;

(4) identification or description of the type of any other specific development reasonably expected to take place within the project, and the date when the development is likely to occur;

(5) estimates of the following:

(i) cost of the project, including administration expenses;

(ii) amount of bonded indebtedness to be incurred;

(iii) sources of revenue to finance or otherwise pay public costs;

(iv) the most recent net tax capacity of taxable real property within the tax increment financing district;

(v) the estimated captured net tax capacity of the tax increment financing district at completion; and

(vi) the duration of the tax increment financing district's existence;

(6) statements of the authority's alternate estimates of the impact of tax increment financing on the net tax capacities of all taxing jurisdictions in which the tax increment financing district is located in whole or in part. For purposes of one statement, the authority shall assume that the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district, and for purposes of the second statement, the authority shall assume that none of the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district;

(7) identification and description of studies and analyses used to make the determination set forth in subdivision 3, clause (2); and

(8) identification of all parcels to be included in the district.

*(b) The authority may elect in the tax increment financing plan to provide that increment is first received by the authority when one year has elapsed from the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor.*

Sec. 6. Minnesota Statutes 1992, section 469.175, is amended by adding a subdivision to read:

*Subd. 2a. [MANUFACTURING DISTRICTS.] In the case of a manufacturing district, in addition to the requirements of subdivision 2, at least 30 days before the publication of the notice for public hearing under subdivision 3, the authority shall deliver written notice of the proposed manufacturing district to the county board of the county in which the area proposed to be included in the manufacturing district is located. The notice must contain a general description of the boundaries of the proposed manufacturing district and the proposed activities to be financed by the manufacturing district, an offer by the authority to meet and discuss the proposed district with the county board, and a solicitation of the county board's comments with respect to the manufacturing district.*

Sec. 7. Minnesota Statutes 1992, section 469.175, subdivision 3, is amended to read:

**Subd. 3. [MUNICIPALITY APPROVAL.]** A county auditor shall not certify the original net tax capacity of a tax increment financing district until the tax increment financing plan proposed for that district has been approved by the municipality in which the district is located. If an authority that proposes to establish a tax increment financing district and the municipality are not the same, the authority shall apply to the municipality in which the district is proposed to be located and shall obtain the approval of its tax increment financing plan by the municipality before the authority may use tax increment financing. The municipality shall approve the tax increment financing plan only after a public hearing thereon after published notice in a newspaper of general circulation in the municipality at least once not less than ten days nor more than 30 days prior to the date of the hearing. The published notice must include a map of the area of the district from which increments may be collected and, if the project area includes additional area, a map of the project area in which the increments may be expended. The hearing may be held before or after the approval or creation of the project or it may be held in conjunction with a hearing to approve the project. Before or at the time of approval of the tax increment financing plan, the municipality shall make the following findings, and shall set forth in writing the reasons and supporting facts for each determination:

(1) that the proposed tax increment financing district is a redevelopment district, a renewal or renovation district, a mined underground space development district, a housing district, a soils condition district, a *manufacturing district*, or an economic development district; if the proposed district is a redevelopment district or a renewal or renovation district, the reasons and supporting facts for the determination that the district meets the criteria of section 469.174, subdivision 10, paragraph (a), clauses (1) and (2), or subdivision 10a, must be retained and made available to the public by the authority until the district has been terminated.

(2) that the proposed development or redevelopment, in the opinion of the municipality, would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future and therefore the use of tax increment financing is deemed necessary.

(3) that the tax increment financing plan conforms to the general plan for the development or redevelopment of the municipality as a whole.

(4) that the tax increment financing plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the development or redevelopment of the project by private enterprise.

(5) that the municipality elects the method of tax increment computation set forth in section 469.177, subdivision 3, clause (b), if applicable.

*(6) in the case of a manufacturing district, that the use of tax increment financing is necessary either to retain a business that will expand within the municipality which would otherwise leave the state, or to induce a business to relocate to the municipality from another state.*

When the municipality and the authority are not the same, the municipality shall approve or disapprove the tax increment financing plan within 60 days of submission by the authority, or the plan shall be deemed approved. When the municipality and the authority are not the same, the municipality may not amend or modify a tax increment financing plan except as proposed by the authority pursuant to subdivision 4. Once approved, the determination of the authority to undertake the project through the use of tax increment financing and the resolution of the governing body shall be conclusive of the findings therein and of the public need for the financing.

Sec. 8. Minnesota Statutes 1992, section 469.176, subdivision 1, is amended to read:

Subdivision 1. [DURATION OF TAX INCREMENT FINANCING DISTRICTS.] (a) Subject to the limitations contained in paragraphs (b) to (g), any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as the bonds continue to be outstanding. The municipality may, at the time of approval of the initial tax increment financing plan, provide for a shorter maximum duration limit than specified in paragraphs (b) to (g). The specified limit applies in place of the otherwise applicable limit.

(b) The tax increment pledged to the payment of the bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to the maturity or redemption date.

(c) For bonds issued pursuant to section 469.178, subdivisions 2 and 3, the full faith and credit and any taxing powers of the municipality or authority shall continue to be pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full.

(d) No tax increment shall be paid to an authority for a tax increment financing district after three years from the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor, unless within the three-year period (1) bonds have been issued in aid of the project containing the district pursuant to section 469.178, or any other law, except revenue bonds issued pursuant to sections 469.152 to 469.165, or (2) the authority has acquired property within the district, or (3) the authority has constructed or caused to be constructed public improvements within the district.

(e) No tax increment shall in any event be paid to the authority (1) after 25 years from date of receipt by the authority of the first tax increment for a mined underground space development district, redevelopment district, or housing district, (2) after 15 years after receipt by the authority of the first

increment for a renewal and renovation district, (3) after 12 years from approval of the tax increment financing plan for a soils condition district, and (4) after eight years from the date of the receipt, or ten years from approval of the tax increment financing plan, whichever is less, for an economic development district or a manufacturing district.

For tax increment financing districts created prior to August 1, 1979, no tax increment shall be paid to the authority after April 1, 2001, or the term of a nondefeased bond or obligation outstanding on April 1, 1990, secured by increments from the district or project area, whichever time is greater, provided that in no case will a tax increment be paid to an authority after August 1, 2009, from such a district. If a district's termination date is extended beyond April 1, 2001, because bonds were outstanding on April 1, 1990, with maturities extending beyond April 1, 2001, the following restrictions apply. No increment collected from the district may be expended after April 1, 2001, except to pay or defease (i) bonds issued before April 1, 1990, or (ii) bonds issued to refund the principal of the outstanding bonds and pay associated issuance costs, provided the average maturity of the refunding bonds does not exceed the bonds refunded.

(f) Modification of a tax increment financing plan pursuant to section 469.175, subdivision 4, shall not extend the durational limitations of this subdivision.

(g) If a parcel of a district is part of a designated hazardous substance site or a hazardous substance subdistrict, tax increment may be paid to the authority from the parcel for longer than the period otherwise provided by this subdivision. The extended period for collection of tax increment begins on the date of receipt of the first tax increment from the parcel that is more than any tax increment received from the parcel before the date of the certification under section 469.174, subdivision 7, paragraph (b), and received after the date of certification to the county auditor described in section 469.174, subdivision 7, paragraph (b). The extended period for collection of tax increment is the lesser of: (1) 25 years from the date of commencement of the extended period; or (2) the period necessary to recover the costs of removal actions or remedial actions specified in a development response action plan.

(h) If a parcel located in the district has delinquent property taxes when the district terminates under the duration limits under this subdivision, the payment of the parcel's delinquent taxes made after decertification of the district are tax increments to the extent the nonpayment of property taxes caused the outstanding bonds or contractual obligations pledged to be paid by the district to be paid by sources other than tax increments or to go unpaid. The county auditor shall pay the appropriate amount to the district. The authority shall provide the county auditor with information regarding the payment of outstanding bonds or contractual obligations and any other information necessary to administer the payment, as requested by the county auditor.

“Section 1. Minnesota Statutes 1992, section 62J.04, is amended by adding a subdivision to read:

*Subd. 8. [IMPLEMENTATION PLAN.] (a) The commissioner, in consultation with the commission, shall develop and submit to the legislature and the governor by January 15, 1994, a detailed implementation plan, including proposed rules and legislation, to implement the cost containment plan recommended by the commission as described in the summary report of the commission issued on January 25, 1993, as further modified by this act. The goal of the implementation plan must be to allow integrated service networks to form beginning July 1, 1994, and to begin a phased-in implementation of an all-payor system over a two-year period beginning July 1, 1994.*

*(b) To ensure a wide range of choices for purchasers, consumers, and providers, the rules and legislation must encourage and facilitate the formation of locally controlled integrated service networks, in addition to networks sponsored by statewide health plan companies.*

*(c) Financial solvency, net worth, and reserve requirements for integrated service networks must facilitate the formation of new networks, including networks sponsored by providers, employers, community organizations, local governments, and other locally based organizations, while protecting enrollees from undue risk of financial insolvency. The rules and legislation may authorize alternative financial solvency, net worth, and reserve requirements for networks sponsored by providers that are based on the capacity and ability of the participating providers to serve enrollees, provided the requirements are based on sound actuarial, financial, and accounting principles.*

*(d) The implementation plan must include technical assistance and financial assistance to promote the creation of locally controlled networks to serve rural areas and special populations. The commissioner and the commission shall consider including in the implementation plan the establishment of a management cooperative that will provide planning, organization, adminis-*

tration, billing, legal, and support services to integrated service networks that are members of the cooperative.

(e) *The implementation plan must address problems of provider recruitment and retention in rural areas. Rules and legislation must be designed to improve the ability of rural communities to maintain an effective local delivery system.*

(f) *The implementation plan must include a method to create an option for health care providers and health care plans who meet or fall below the limits set by the commissioner under section 62J.04 to obtain a waiver from the applicability of the all-payor rules.*

## Sec. 2. [62N.01] [CITATION AND PURPOSE.]

*Subdivision 1. [CITATION.] Sections 62N.01 to 62N.16 may be cited as the "Minnesota integrated service network act."*

*Subd. 2. [PURPOSE.] Sections 62N.01 to 62N.16 allow the creation of integrated service networks that will be responsible for arranging for or delivering a full array of health care services, from routine primary and preventive care through acute inpatient hospital care, to a defined population for a fixed price from a purchaser.*

*Each integrated service network is accountable to keep its total revenues within the limit of growth set by the commissioner of health under section 62N.05, subdivision 2, clause (1). Integrated service networks can be formed by health care providers, health maintenance organizations, insurance companies, employers, or other organizations. Competition between integrated service networks on the quality and price of health care services is encouraged.*

## Sec. 4. [62N.03] [APPLICABILITY OF OTHER LAW.]

Chapters 60A, 60B, 60G, 61A, 61B, 62A, 62C, 62D, 62E, 62H, 62L, 62M, and 64B do not, except as expressly provided in this chapter or in those other chapters, apply to integrated service networks, or to entities otherwise subject to those chapters, with respect to participation by those entities in integrated service networks. Chapters 72A and 72C apply to integrated service networks, except as otherwise expressly provided in this chapter.

Integrated service networks are in "the business of insurance" for purposes of the federal McCarren-Ferguson Act, United States Code, title 15, section 1012, are "domestic insurance companies" for purposes of the federal Bankruptcy Reform Act of 1978, United States Code, title 11, section 109, and are "insurance" for purposes of the federal Employee Retirement Income Security Act, United States Code, title 29, section 1144.

Sec. 5. [62N.04] [REGULATION.]

Integrated service networks are under the supervision of the commissioner, who shall enforce this chapter. The commissioner has, with respect to this chapter, all enforcement and rulemaking powers available to the commissioner under section 62D.17.

Sec. 6. [62N.05] [RULES GOVERNING INTEGRATED SERVICE NETWORKS.]

Subdivision 1. [RULES.] The commissioner, in consultation with the commission, may adopt emergency and permanent rules to establish more detailed requirements governing integrated service networks in accordance with this chapter.

Subd. 2. [REQUIREMENTS.] The commissioner shall include in the rules, requirements that will ensure that the annual rate of growth of an integrated service network's aggregate total revenues received from purchasers and enrollees, after adjustments for changes in population size and risk, does not exceed the growth limit established in section 62J.04. The commissioner may include in the rules the following:

(1) requirements for licensure, including a fee for initial application and an annual fee for renewal;

(2) quality standards;

(3) requirements for availability and comprehensiveness of services;

(4) limitations on additional health care services beyond those included in the standard set of benefits;

(5) requirements regarding the defined population to be served by an integrated service network;

(6) requirements for open enrollment;

(7) provisions for incentives for networks to accept as enrollees individuals who have high risks for needing health care services and individuals and groups with special needs;

(8) prohibitions against disenrolling individuals or groups with high risks or special needs;

(9) requirements that an integrated service network provide to its enrollees information on coverage, including any limitations on coverage, deductibles

and copayments, optional services available and the price or prices of those services, any restrictions on emergency services and services provided outside of the network's service area, any responsibilities enrollees have, and describing how an enrollee can use the network's enrollee complaint resolution system;

- (10) requirements for financial solvency and stability;
- (11) a deposit requirement;
- (12) financial reporting and examination requirements;
- (13) limits on copayments and deductibles;
- (14) mechanisms to prevent and remedy unfair competition;
- (15) provisions to reduce or eliminate undesirable barriers to the formation of new integrated service networks;
- (16) requirements for maintenance and reporting of information on costs, prices, revenues, volume of services, and outcomes and quality of services;
- (17) a provision allowing an integrated service network to set credentialing standards for practitioners employed by or under contract with the network;
- (18) a requirement that an integrated service network employ or contract with practitioners and other health care providers, and minimum requirements for those contracts if the commissioner deems requirements to be necessary to ensure that each network will be able to control expenditures and revenues or to protect enrollees and potential enrollees;
- (19) provisions regarding liability for medical malpractice;
- (20) a method or methods to facilitate and encourage the appropriate provision of services by midlevel practitioners and pharmacists;
- (21) provisions regarding permissible and impermissible underwriting criteria applicable to the standard set of benefits;
- (22) a method or methods to ensure that all integrated service networks are subject to the same regulatory requirements. All health carriers, including health maintenance organizations, insurers, and nonprofit health service plan corporations shall be regulated under the same rules, to the extent that the health carrier is operating an integrated service network or is a participating entity in an integrated service network;
- (23) provisions for appropriate risk adjusters or other methods to prevent or compensate for adverse selection of enrollees into or out of an integrated service network; and
- (24) other provisions that the commissioner, in consultation with the Minnesota health care commission, considers reasonable.

Subd. 3. [CRITERIA FOR RULEMAKING.] (a) [APPLICABILITY.] The commissioner shall adopt rules governing integrated service networks based on the criteria and objectives specified in this subdivision.

(b) [COMPETITION.] The rules must encourage and facilitate competition through the collection and distribution of reliable information on the cost, prices, and quality of each integrated service network in a manner that allows comparisons between networks.

(c) [FLEXIBILITY.] *The rules must allow significant flexibility in the structure and organization of integrated service networks. The rules must allow and facilitate the formation of networks by providers, employers, and other organizations, in addition to health carriers and health maintenance organizations.*

(d) [EXPANDING ACCESS AND COVERAGE.] *The rules must be designed to expand access to health care services and coverage for all Minnesotans, including individuals and groups who have preexisting health conditions, who represent a higher risk of requiring treatment, who require translation or other special services to facilitate treatment, who face social or cultural barriers to obtaining health care, or who for other reasons face barriers to access to health care and coverage. Enrollment standards must ensure that high risk and special needs populations will be included and growth limits and payment systems must be designed to provide incentives for networks to enroll even the most challenging and costly groups and populations. The rules must be consistent with the principles of health insurance reform that are reflected in Laws 1992, chapter 549.*

(e) [ABILITY TO BEAR FINANCIAL RISK.] *The rules must allow a variety of options for integrated service networks to demonstrate their ability to bear the financial risk of serving their enrollees, to facilitate diversity and innovation and the entry into the market of new networks. The rules must allow the phasing in of reserve requirements and other requirements relating to financial solvency.*

(f) [PARTICIPATION OF PROVIDERS.] *The rules must not require providers to participate in an integrated service network and must allow providers to participate in more than one network and to serve both patients who are covered by an integrated service network and patients who are not. The rules must allow significant flexibility for an integrated service network and providers to define and negotiate the terms and conditions of provider participation. The rules must encourage and facilitate the participation of midlevel practitioners, allied health care practitioners, and pharmacists, and eliminate inappropriate barriers to their participation. The rules must encourage and facilitate the participation of disproportionate share providers in integrated service networks and eliminate inappropriate barriers to this participation.*

(g) [RURAL COMMUNITIES.] *The rules must permit a variety of forms of integrated service networks to be developed in rural areas in response to the needs, preferences, and conditions of rural communities utilizing, to the greatest extent possible, existing health care providers and hospitals.*

(h) [LIMITS ON GROWTH.] *The rules must include provisions to enable the commissioner to enforce the limits on growth in health care total revenues for each integrated service network and for the entire system of integrated service networks.*

(i) [STANDARD BENEFIT SET.] *The commission shall make recommendations to the commissioner regarding a standard benefit set.*

(j) [CONFLICT OF INTEREST.] *The rules shall include provisions the commissioner deems necessary and appropriate to address integrated service networks' and participating providers' relationship to section 62J.23 or other laws relating to provider conflicts of interest.*

**Sec. 7. [62N.06] [PERMITTED NETWORK STRUCTURE.]**

*Subdivision 1. [SEPARATE ORGANIZATION REQUIRED.] An integrated service network must be organized as a separate not for profit corporation under chapter 317A or as a cooperative under chapter 308A.*

*Subd. 2. [GOVERNMENT EXEMPTION.] A political subdivision may operate an integrated service directly, without forming a chapter 317A corporation. Unless otherwise specified, an integrated service network formed by a political subdivision must comply with all other provisions regarding integrated service networks.*

*Subd. 3. [SEPARATE ACCOUNTING REQUIRED.] A corporation operating more than one integrated service network must maintain separate accounting and record keeping procedures, acceptable to the commissioner, for each integrated service network.*

**Sec. 8. [62N.065] [ADMINISTRATIVE COST CONTAINMENT.]**

*Subdivision 1. [UNREASONABLE EXPENSES.] No integrated service network shall incur or pay for any expense of any nature which is unreasonably high in relation to the value of the service or goods provided. The commissioner of health shall implement and enforce this section by rules adopted under this section.*

*Subd. 2. [DATA ON PAYMENTS.] Integrated service networks shall keep on file in the offices of the integrated service network data on the payments, salaries, and other remuneration paid to for-profit firms, affiliates, or to persons, for administrative expenses, service contracts, and management of the integrated service network and shall make it available to the commissioner.*

*Subd. 3. [DISAPPROVAL OF CONTRACTS.] The commissioner shall review all payments, administrative contracts, service contracts, and other agreements to determine the reasonableness of the cost of the contracts or agreements and effect of the contracts or agreements on the price of the integrated service network to enrollees. If the commissioner determines that a contract or agreement is not reasonable, the commissioner shall disapprove the contract or agreement. The commissioner may request any information that is necessary to determine if costs are reasonable.*

**Sec. 9. [62N.07] [PURPOSE.]**

*The legislature finds that previous cost containment efforts have focused on reducing benefits and services, eliminating access to certain provider groups, and otherwise reducing the level of care available. Under a system of overall spending controls, these cost containment approaches will, in the absence of controls on cost shifting, shift costs from the payor to the consumer, to government programs, and to providers in the form of uncompensated care. The legislature further finds that the integrated service network benefit package should be designed to promote coordinated, cost-effective delivery of all health services an enrollee needs without cost shifting. The legislature further finds that affordability of health coverage is a high priority and that lower cost coverage options should be made available through the use of copayments, coinsurance, and deductibles to reduce premium costs rather than through the exclusion of services or providers.*

**Sec. 10. [62N.075] [COVERED SERVICES.]**

(a) An integrated service network must provide to each person enrolled a set of appropriate and necessary health services. For purposes of this chapter, "appropriate and necessary" means services needed to maintain the enrollee in good health including as a minimum, but not limited to, emergency care, inpatient hospital and physician care, outpatient health services, preventative health services, and preventative and basic restorative dental services. The commissioner may modify this definition to reflect changes in community standards, development of practice parameters, new technology assessments, and other medical innovations. These services must be delivered by authorized practitioners acting within their scope of practice. An integrated service network is not responsible for health services that are not appropriate and necessary.

(b) A network may define benefit levels through the use of consumer cost sharing but remains financially accountable for the cost of the set of required health services.

(c) A network may offer any Medicare supplement, Medicare select, or other Medicare-related product otherwise permitted for any type of health plan in this state. Each Medicare-related product may be offered only in full compliance with the requirements in chapters 62A, 62D, and 62E that apply to that category of product.

(d) Networks must comply with all continuation and conversion of coverage requirements applicable to health maintenance organizations under state or federal law.

(e) Networks must comply with sections 62A.047, 62A.27, and any other coverage of newborn infants, dependent children who do not reside with a covered person, handicapped children and dependents, and adopted children. A network providing dependent coverage must comply with section 62A.302.

(f) Networks must comply with the equal access requirements of section 62A.15, subdivision 2.

#### Sec. 11. [62N.08] [AVAILABILITY OF SERVICES.]

(a) An integrated service network is financially responsible to provide to each person enrolled all appropriate and necessary health services required by statute, by the contract of coverage, or otherwise required under sections 62N.075 to 62N.085.

(b) The commissioner shall require that networks provide all appropriate and necessary health services within a reasonable geographic distance for enrollees. The commissioner may adopt rules providing a more detailed requirement, consistent with this paragraph.

#### Sec. 12. [62N.085] [ESTABLISHMENT OF STANDARDIZED BENEFIT PLANS.]

The commissioner of health shall adopt permanent rules and may adopt emergency rules to establish not more than five standardized benefit plans which must be offered by integrated service networks. The plans must comply with the requirements of sections 62N.07 to 62N.08 and the other requirements of this chapter. The plans must encompass a range of cost sharing options from (1) lower premium costs combined with higher enrollee cost sharing, to (2) higher premium costs combined with lower enrollee cost sharing.

Sec. 13. [62N.086] [ADDITIONAL BENEFIT OPTIONS.]

*The commissioner of health shall adopt permanent rules and may adopt emergency rules to establish not more than three standardized benefit riders which may be offered by integrated service networks. An integrated service network may not provide benefit options other than the standard benefit package and one or more of the standardized riders.*

Sec. 14. [62N.087] [COST SHARING.]

*(a) A network may define benefit levels through the use of consumer cost sharing. For the purposes of this chapter, "consumer cost sharing" means copayments, deductibles, coinsurance, and other out-of-pocket expenses paid by the individual consumer of health care services.*

*(b) The following principles apply to cost sharing in an integrated service network:*

*(1) consumers must have a voice in decisions regarding cost sharing, and the process for establishing consumer cost sharing should have consumer representation and input;*

*(2) consumer cost sharing must be administratively feasible and consistent with efforts to reduce the overall administrative burden of the health care system;*

*(3) cost sharing must be based on income and an enrollee's ability to pay for services and should not create a barrier to access to appropriate and effective services;*

*(4) cost sharing must be capped at a predetermined annual limit to protect individuals and families from financial catastrophe and to protect individuals with substantial health care needs;*

*(5) child health supervision services, immunizations, prenatal care, and other prevention services must not be subjected to cost sharing;*

*(6) additional requirements for networks should be established to assist enrollees for whom an inducement in addition to the elimination of cost sharing is necessary in order to encourage them to use cost-effective preventive services. These requirements may include the provision of educational information, assistance or guidance, and opportunities for responsible decision making by enrollees that minimize potential out-of-pocket costs;*

*(7) cost-sharing requirements and benefit or service limitations for outpatient mental health services must not place a greater financial burden on the insured or enrollee, or be more restrictive than those requirements and limitations for outpatient medical services; and*

*(8) cost-sharing requirements and benefit or service limitations for inpatient hospital mental health services must not place a greater financial burden on the insured or enrollee, or be more restrictive than those requirements and limitations for inpatient hospital medical services.*

Sec. 15. [62N.10] [LICENSING.]

*Subdivision 1. [REQUIREMENTS.] All integrated service networks must be licensed by the commissioner. Licensure requirements are:*

(1) the ability to be responsible for the full continuum of required health care and related costs for the defined population that the integrated service network will serve;

(2) the ability to satisfy standards for quality of care;

(3) financial solvency; and

(4) the ability to fully comply with this chapter and all other applicable law.

The commissioner may adopt rules to specify licensure requirements for integrated service networks in greater detail, consistent with this subdivision.

Subd. 2. [FEES.] Licensees shall pay an initial fee of \$..... and a renewal fee of \$..... each following year to the commissioner of health.

Subd. 3. [LOSS OF LICENSE.] The commissioner may fine a licensee or suspend or revoke a license for violations of rules or statutes pertaining to integrated service networks.

Subd. 4. [PARTICIPATION; GOVERNMENT PROGRAMS.] The commissioner shall develop recommendations that include mechanisms requiring integrated service networks to participate in the medical assistance, general assistance medical care, and MinnesotaCare programs.

Subd. 5. [APPLICATION.] Each application for an integrated service network license must be in a form prescribed by the commissioner.

Subd. 6. [DOCUMENTS ON FILE.] A network shall agree to retain in its files any documents specified by the commissioner. A network shall permit the commissioner to examine those documents at any time and shall promptly provide copies of any of them to the commissioner upon request.

#### Sec. 16. [62N.11] [EVIDENCE OF COVERAGE.]

Subdivision 1. [APPLICABILITY.] Every integrated service network enrollee residing in this state is entitled to evidence of coverage or contract. The integrated service network or its designated representative shall issue the evidence of coverage or contract. The commissioner shall adopt rules specifying the requirements for contracts and evidence of coverage. "Evidence of coverage" means evidence that an enrollee is covered by a group contract issued to the group.

Subd. 2. [FILING.] No evidence of coverage or contract or amendment of coverage or contract shall be issued or delivered to any individual in this state until a copy of the form of the evidence of coverage or contract or amendment of coverage or contract has been filed with and approved by the commissioner.

#### Sec. 17. [62N.12] [ENROLLEE RIGHTS.]

The cover page of the evidence of coverage and contract must contain a clear and complete statement of an enrollee's rights as a consumer. The commissioner shall adopt rules specifying enrollee rights and required disclosures to enrollees.

#### Sec. 18. [62N.13] [ENROLLEE COMPLAINT SYSTEM.]

Every integrated service network must establish and maintain an enrollee complaint system, including an impartial arbitration provision, to provide reasonable procedures for the resolution of written complaints initiated by

*enrollees concerning the provision of health care services. The commissioner shall adopt rules specifying requirements relating to enrollee complaints.*

**Sec. 19. [62N.16] [UNDERWRITING AND RATING.]**

*Subdivision 1. [APPLICABILITY.] Except as provided in subdivision 3, this section applies to the standard benefit plans under section 62N.085 and does not apply to supplemental coverage described in section 62N.086. This section does not require coverage by an integrated service network of any group or individual residing outside of the network's service area. A network's service area includes a geographic service region agreed to by the commissioner and the network at the time of licensure. This section does not apply to any group that the commissioner determines is organized or functions primarily to provide coverage to one or more high risk individuals. The commissioner may adopt rules specifying other types of groups to which this section does not apply.*

*Subd. 2. [GROUP MEMBERS.] Integrated service networks shall charge the same rate for each individual in a group, except as appropriate to provide dependent or family coverage. Rates for managed care plans as described in section 256.9363 shall be determined through contract between the department of human services and the integrated service network.*

*Subd. 3. [SMALL EMPLOYERS.] To provide services to employees of a small employer as defined in section 62L.02, integrated service networks shall comply with chapter 62L.*

*Providers may contract with an integrated service network to provide all or a portion of the services that an integrated service network must provide. Providers may choose not to participate in an integrated service network, may participate in more than one integrated service network, or may simultaneously serve both integrated service network enrollees and regulated all-payor system patients.*

**Sec. 20. Minnesota Statutes 1992, section 256.9657, subdivision 3, is amended to read:**

**Subd. 3. [HEALTH MAINTENANCE ORGANIZATION; INTEGRATED SERVICE NETWORK SURCHARGE.]** Effective October 1, 1992, each health maintenance organization with a certificate of authority issued by the commissioner of health under chapter 62D and each integrated service network licensed by the commissioner under sections 62N.01 to 62N.16 shall pay to the commissioner of human services a surcharge equal to six-tenths of one percent of the total premium revenues of the health maintenance organization or integrated service network as reported to the commissioner of health according to the schedule in subdivision 4.

**Sec. 21. [BORDER COMMUNITIES.]**

*The commissioner of health shall monitor the effects of integrated service networks and the regulated all-payor system in communities in which a substantial proportion of health care services provided to Minnesota residents are provided in states bordering Minnesota and may amend the rules adopted under article 1 or 2 to minimize effects that inhibit Minnesota residents' ability to obtain access to quality health care. The commissioner shall report to the Minnesota health care commission and the legislature any effects that the commissioner intends to address by amendments to the rules adopted under article 1 or 2.*

**Sec. 22. [ASSOCIATIONS STUDY.]**

*The health care commission shall study the role of associations in purchasing health care. The health care commission shall determine the role that associations should play in allowing purchasers to cooperate in purchasing health care. The health care commission shall determine the role associations may play in the small group and integrated service network markets. The health care commission shall report to the legislature by January 15, 1994.*

**Sec. 23. [PHARMACY SERVICES STUDY.]**

*The Minnesota health care commission shall study whether an integrated service network should be required to provide to each enrollee access to pharmacy services that includes, but is not limited to:*

- (1) a review of the enrollee's drug therapy to:
  - (i) ensure use of appropriate prescription drugs;*
  - (ii) ensure safe and appropriate dosage;*
  - (iii) limit the potential for drug interactions and adverse reactions; and*
  - (iv) discourage the presence of duplicate or unnecessary drug therapy;**
- (2) provision of objective and unbiased drug information to enrollees and to other providers; and*
- (3) appropriate follow-up care for prescription drug therapy.*

*The commission must report to the legislature its findings.*

**"Sec. 3. [62O.04] [EXPENDITURE LIMITS FOR HEALTH CARRIERS.]**

*Subdivision 1. [DEFINITION.] (a) For purposes of this section, the following definitions apply.*

*(b) "Health carrier" has the definition provided in section 62A.011.*

*(c) "Total expenditures" mean incurred claims or expenditures on health care services, plus administrative expenses.*

*Subd. 2. [ESTABLISHMENT.] The commissioner of health shall establish expenditure limits for total expenditures by health carriers, for calendar years 1994 and 1995. The expenditure limits must be consistent with and developed as part of the annual rate of growth in health care spending established under section 62J.04, subdivision 1.*

*Subd. 3. [DETERMINATION OF EXPENDITURES.] Health carriers shall submit to the commissioner of health, by April 1, 1994, for calendar year 1993, and by April 1, 1995, for calendar year 1994, all information the commissioner determines to be necessary to implement and enforce this section. The information must be submitted in the form specified by the commissioner. The information must include, but is not limited to, expendi-*

tures per member per month or cost per employee per month, and detailed information on revenues and reserves. The commissioner, to the extent possible, shall coordinate the submittal of the information required under this section with the submittal of the financial data required under chapter 62J, to minimize the administrative burden on health carriers. Health carriers may adjust final expenditure figures for demographic changes, risk selection, changes in basic benefits, and legislative initiatives that materially change health care costs, as long as these adjustments are approved in advance by the commissioner as actuarially justified and consistent with the methodology and assumptions used by the health carrier. The methodology to be used for adjustments must be submitted to the commissioner by September, 1, 1993.

*Subd. 4. [MONITORING OF RESERVES.]* The commissioner of health shall monitor health carrier reserves, to ensure that savings resulting from the establishment of expenditure limits are passed on to consumers in the form of lower premium rates. The commissioner shall establish the following upper and lower limits on health carrier reserves:

(a) All health carriers, except those licensed under chapter 60A to sell accident and sickness insurance under chapter 62A, whose volume was \$50 million or over during the most recent calendar year must maintain a reserve of at least 8-1/3 percent but not greater than 16-2/3 percent of the sum of all health service claims incurred, plus administrative expenses in connection therewith, during the most current calendar year.

(b) All health carriers, except those licensed under chapter 60A to sell accident and sickness insurance under chapter 62A whose volume was under \$50 million during the most recent calendar year must maintain a reserve of at least 16-2/3 percent but not greater than 25 percent of the sum of all health service claims incurred, plus administrative expenses in connection therewith, during the most current calendar year.

(c) Health carriers licensed under chapter 60A to sell accident and sickness insurance under chapter 62A shall fully reflect in the premium rates the savings generated by the expenditure limits and the health care provider revenue limits. No premium rate increase may be approved for those health carriers unless the health carrier establishes to the satisfaction of the commissioner of commerce, that the proposed new rate would comply with this paragraph.

*Subd. 5. [NOTICE.]* The commissioner of health shall publish in the State Register and make available to the public, by May 1, 1995, a list of all health carriers that exceeded their expenditure target for the 1994 calendar year. The commissioner shall publish in the State Register and make available to the public, by May 1, 1996, a list of all health carriers that exceeded their combined expenditure target for calendar years 1994 and 1995. The commissioner shall notify each health carrier that the commissioner has determined that the carrier exceeded its expenditure target, at least 30 days before publishing the list, and shall provide each carrier with 10 days to provide an explanation for exceeding the expenditure target. The commissioner shall review the explanation, and may change a determination if the commissioner determines the explanation to be valid.

*Subd. 6. [ASSISTANCE BY THE COMMISSIONER OF COMMERCE.]* The commissioner of commerce shall provide assistance to the commissioner of health in monitoring health carriers regulated by the commissioner of

commerce. The commissioner of commerce, in consultation with the commissioner of health, shall enforce compliance by those health carriers.

Subd. 7. [ENFORCEMENT.] The commissioners of health and commerce shall enforce the reserve limits established in subdivision 4, with respect to the health carriers that each commissioner respectively regulates. Each commissioner shall require health carriers under the commissioner's jurisdiction to submit plans of corrective action when the reserve requirement is not met. Each commissioner has under this section all enforcement and rulemaking authority that the commissioner otherwise has with respect to the health carrier. Carriers that exceed the expenditure limits based on two-year average expenditure data shall be required by the appropriate commissioner to pay back the amount overspent through an assessment on the carrier. The appropriate commissioner may approve a different repayment method to take into account the carrier's financial condition.

Subd. 8. [STUDY.] The commissioner of commerce shall study and report to the legislature, no later than December 15, 1993, as to whether the concept of a reserves corridor for purposes of monitoring revenues is adaptable for use with indemnity health insurers that do business in multiple states and that must comply with their domiciliary state's reserves requirement.

Sec. 4. [62O.05] [HEALTH CARE PROVIDER REVENUE LIMITS.]

Subdivision 1. [DEFINITION.] For purposes of this section, "health care provider" has the definition given in section 62J.03, subdivision 8.

Subd. 2. [ESTABLISHMENT.] The commissioner of health shall establish revenue limits for health care providers, for calendar years 1994 and 1995. The revenue limits must be consistent with and developed as part of the annual limits on the rate of growth in health care spending established under section 62J.04, subdivision 1.

Subd. 3. [MONITORING OF REVENUE.] The commissioner of health shall monitor health care provider revenue, to ensure that savings resulting from the establishment of revenue limits are passed on to consumers in the form of lower charges. The commissioner shall monitor hospital revenue by examining revenue per adjusted admission. The commissioner shall monitor the revenue of physicians and other health care providers by examining revenue per patient per year or revenue per encounter. If this information is not available, the commissioner may enforce an annual limit on the rate of growth of the provider's current fees based on the limits on the rate of growth established for calendar years 1994 and 1995.

Subd. 4. [MONITORING AND ENFORCEMENT.] Health care providers shall submit to the commissioner of health, in the form and at the times required by the commissioner, all information the commissioner determines to be necessary to implement and enforce this section. Health care providers shall submit to audits conducted by the commissioner. The commissioner shall audit all health clinics employing or contracting with over 100 physicians. The commissioner shall also audit a sample of smaller clinics, hospitals, and other health care providers. The commissioner shall recover the amount overspent during a calendar year, by health care providers not subject to fee limits established by the commissioner, during the following calendar year. The commissioner may approve a different repayment schedule for a health care provider, that takes into account the provider's financial condition. For those providers subject to fee limits established by the commissioner, the

*commissioner may adjust the percentage increase in the fee schedule to account for changes in utilization, and may also recover overspending by other methods."*

The commissioner shall consider proposals by counties and vendors for managed care plans which may include: prepaid capitation programs, competitive bidding programs, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Managed care plans may include integrated service networks as defined in section 62N.02.*

*Subd. 2. [GEOGRAPHIC AREA.] The commissioner shall designate the geographic areas in which eligible individuals must receive services through managed care plans.*

*Subd. 3. [LIMITATION OF CHOICE.] Persons enrolled in the MinnesotaCare program who reside in the designated geographic areas must enroll in a managed care plan to receive their health care services. Enrollees must receive their health care services from health care providers who are part of the managed care plan provider network, unless authorized by the managed care plan, in cases of medical emergency, or when otherwise required by law or by contract.*

*If only one managed care option is available in a geographic area, enrollees must designate a primary care physician or clinic from which to receive their health care. Enrollees will be permitted to change their designated primary care provider upon request to the managed care plan. Requests to change primary care providers may be limited to once annually. If more than one managed care plan is offered in a geographic area, enrollees will be enrolled in a managed care plan for up to one year from the date of enrollment, but shall have the right to change to another managed care plan once within the first year of initial enrollment. Enrollees may also change to another managed care plan during an annual 30 day open enrollment period. *(b) Medical assistance recipients enrolled in managed care programs including integrated service networks shall have free choice of personal care assistants who meet the managed care plan's administrative and quality assurance requirements, except for persons identified as needing personal care assistant services after enrollment in the managed care plan may be limited to personal care assistants under contract with the managed care plan. Persons who require personal care assistant services prior to enrollment may retain the personal care assistants they were using at the time of enrollment provided that those personal care assistants meet the managed care plan's administrative and quality assurance requirements.*

*Subd. 5. [ELIGIBILITY FOR OTHER STATE PROGRAMS.] MinnesotaCare enrollees who become eligible for medical assistance or general assistance medical care will remain in the same managed care plan. Contracts between the department of human services and managed care plans must include MinnesotaCare, and medical assistance and may also include general assistance medical care.*

*Subd. 6. [COPAYMENTS AND BENEFIT LIMITS.] Enrollees are responsible for all copayments in section 256.9353, subdivision 6, and shall pay copayments to the managed care plan or to its participating providers. The enrollee is also responsible for payment of inpatient hospital charges which exceed the MinnesotaCare benefit limit to the managed care plan or its participating providers.*

*Subd. 7. [MANAGED CARE PLAN VENDOR REQUIREMENTS.] The following requirements apply to all counties or vendors who contract with the department of human services to serve MinnesotaCare recipients. Managed care plan contractors:*

*(1) shall authorize and arrange for the provision of the full range of services listed in section 256.9353 in order to ensure appropriate health care is delivered to enrollees;*

*(2) shall accept the prospective, per capita payment or other contractually defined payment from the commissioner in return for the provision and coordination of covered health care services for eligible individuals enrolled in the program;*

*(3) may contract with other health care and social service practitioners to provide services to enrollees;*

*(4) shall provide for an enrollee grievance process as required by the commissioner and set forth in the contract with the department;*

*(5) shall retain all revenue from enrollee copayments;*

*(6) shall accept all eligible MinnesotaCare enrollees, without regard to health status or previous utilization of health services;*

*(7) shall demonstrate capacity to accept financial risk according to requirements specified in the contract with the department. A health maintenance organization licensed under chapter 62D, or a nonprofit health plan licensed under chapter 62C, is not required to demonstrate financial risk capacity, beyond that which is required to comply with chapters 62C and 62D;*

*(8) shall submit information as required by the commissioner, including data required for assessing enrollee satisfaction, quality of care, cost, and utilization of services; and*

*Subd. 8. [CHEMICAL DEPENDENCY ASSESSMENTS.] The managed care plan shall be responsible for assessing the need and placement for chemical dependency services according to criteria set forth in Minnesota Rules, parts 9530.6600 to 9530.6660.*

*Subd. 9. [RATE SETTING.] Rates will be prospective, per capita, where possible and will include payment for only the covered benefit package. The commissioner shall consult with an independent actuary to determine appropriate rates.*

*Subd. 10. [CHILDHOOD IMMUNIZATION.] A contract with a managed care plan shall require the plan to notify all enrolled families with children of coverage for childhood immunizations. The plan must provide the families with a recommended immunization schedule. At regular intervals the plan must notify the public health nurse in the county of residence of families that do not follow the recommended schedule.*

256B.0644 [PARTICIPATION REQUIRED FOR REIMBURSEMENT UNDER OTHER STATE HEALTH CARE PROGRAMS.]

A vendor of medical care, as defined in section 256B.02, subdivision 7, and a health maintenance organization, as defined in chapter 62D, must participate as a provider or contractor in the medical assistance program, general assistance medical care program, and the ~~health right plan~~ *MinnesotaCare* as a condition of participating as a provider in health insurance plans or contractor for state employees established under section 43A.18, the public employees insurance plan under section 43A.316, *for health insurance plans offered to local statutory or home rule charter city, county, and school district employees*, the workers' compensation system under section 176.135, and insurance plans provided through the Minnesota comprehensive health association under sections 62E.01 to 62E.17. The commissioner shall establish participation requirements for health maintenance organizations. The commissioner shall provide lists of participating medical assistance providers on a quarterly basis to the commissioner of employee relations, the commissioner of labor and industry, and the commissioner of commerce. Each of the commissioners shall develop and implement procedures to exclude as participating providers in the program or programs under their jurisdiction those providers who do not participate in the medical assistance program.

Sec. 18. Minnesota Statutes 1992, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.]

(a) General assistance medical care may be paid for any person who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of \$1,000 per assistance unit. *There is no asset test for children and their parents living in the same household.* Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B, with the following exception: the maximum amount of undistributed funds in a trust that could be distributed to or on behalf of the beneficiary by the trustee, assuming the full exercise of the

trustee's discretion under the terms of the trust, must be applied toward the asset maximum; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of \$30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first \$50 of earned income is not allowed; or

(3) who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The

period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application."

Subdivision 1. [CREATION OF THE ACCOUNT.] An education account in the ~~general~~ health care access fund is established for a loan forgiveness program for nurses who agree to practice nursing in a nursing home or an intermediate care facility for persons with mental retardation or related conditions. The account consists of money appropriated by the legislature and repayments and penalties collected under subdivision 4. Money from the account must be used for a loan forgiveness program.

Subd. 2. [ELIGIBILITY.] To be eligible to participate in the loan forgiveness program, a person planning to enroll or enrolled in a program of study designed to prepare the person to become a registered nurse or licensed

practical nurse must submit a letter of interest to the board before ~~completing the first year of study~~ *completion of a nursing education program. Before completing the first year of study completion of the program*, the applicant must sign a contract in which the applicant agrees to practice nursing for at least one of the first two years following completion of the nursing education program providing nursing services in a licensed nursing home or an intermediate care facility for persons with mental retardation or related conditions.

Subd. 3. [LOAN FORGIVENESS.] The board may accept up to ten applicants a year. Applicants are responsible for securing their own loans. For each year of nursing education, for up to two years, applicants accepted into the loan forgiveness program may designate an agreed amount, not to exceed \$3,000, as a qualified loan. For each year that a participant practices nursing in a nursing home or an intermediate care facility for persons with mental retardation or related conditions, up to a maximum of two years, the board shall annually repay an amount equal to one year of qualified loans. Participants who move from one nursing home or an intermediate care facility for persons with mental retardation or related conditions to another remain eligible for loan repayment.

Subd. 4. [PENALTY FOR NONFULFILLMENT.] If a participant does not fulfill the service commitment required under subdivision 3 for full repayment of all qualified loans, the ~~commissioner~~ *higher education coordinating board* shall collect from the participant 100 percent of any payments made for qualified loans and interest at a rate established according to section 270.75. The board shall deposit the collections in the ~~general~~ *health care access fund* to be credited to the account established in subdivision 1. The board may grant a waiver of all or part of the money owed as a result of a nonfulfillment penalty if emergency circumstances prevented fulfillment of the required service commitment.

Subd. 5. [RULES.] The board shall adopt rules to implement this section.

Sec. 9. [136A.1358] [RURAL CLINICAL SITES FOR NURSE PRACTITIONER EDUCATION.]

*Subdivision 1. [DEFINITION.] For purposes of this section, "rural" means any area of the state outside of the seven metropolitan counties, as defined in section 473.121, subdivision 4.*

*Subd. 2. [ESTABLISHMENT.] A grant program is established under the authority of the higher education coordinating board to provide grants to colleges or schools of nursing located in Minnesota that operate programs of study designed to prepare registered nurses for advanced practice as nurse practitioners.*

*Subd. 3. [PROGRAM GOALS.] Colleges and schools of nursing shall use grants received to provide rural students with increased access to programs of study for nurse practitioners, by:*

- (1) developing rural clinical sites;*
- (2) allowing students to remain in their rural communities for clinical rotations; and*
- (3) providing faculty to supervise students at rural clinical sites.*

The overall goal of the grant program is to increase the number of graduates of nurse practitioner programs who work in rural areas of the state.

*Subd. 4. [RESPONSIBILITY OF NURSING PROGRAMS.] (a) Colleges or schools of nursing interested in participating in the grant program must apply to the higher education coordinating board, according to the policies established by the board. Applications submitted by colleges or schools of nursing must include a detailed proposal for achieving the goals listed in subdivision 3, a plan for encouraging sufficient applications from rural applicants to meet the requirements of paragraph (b), and any additional information required by the board.*

*(b) Each college or school of nursing, as a condition of accepting a grant, shall make at least 25 percent of the openings in each nurse practitioner entering class available to applicants who live in rural areas and desire to practice as a nurse practitioner in rural areas. This requirement is effective beginning with the fall 1994 entering class and remains in effect for each biennium thereafter for which a college or school of nursing is awarded a grant renewal. The board may exempt colleges or schools of nursing from this requirement if the college or school can demonstrate, to the satisfaction of the board, that the nurse practitioner program did not receive enough applications or acceptance letters from qualified rural applicants to meet the requirement.*

*(c) Colleges or schools of nursing participating in the grant program shall report to the higher education coordinating board on their program activity as requested by the board.*

*Subd. 5. [RESPONSIBILITIES OF THE HIGHER EDUCATION COORDINATING BOARD.] (a) The board shall establish an application process for interested colleges and schools of nursing, and shall require colleges and schools of nursing to submit grant applications to the board by November 1, 1993. The board may award up to two grants for the biennium ending June 30, 1995.*

*(b) In selecting grant recipients, the board shall consider:*

*(1) the likelihood that an applicant's grant proposal will be successful in achieving the program goals listed in subdivision 3;*

*(2) the potential effectiveness of the college's or school's plan to encourage applications from rural applicants; and*

*(3) the academic quality of the college's or school's program of education for nurse practitioners.*

*(c) The board shall notify grant recipients of an award by December 1, 1993, and shall disburse the grants by January 1, 1994. The board may renew grants if a college or school of nursing demonstrates that satisfactory progress has been made during the past biennium toward achieving the goals listed in subdivision 3."*

*The commissioner of health, through the office of rural health, shall establish nurse practitioner promotion teams, consisting of one nurse practitioner and one physician who are practicing jointly. The promotion teams*

*shall travel to rural communities and provide physicians, medical clinic administrators, and other interested parties with information on: the benefits of joint practices between nurse practitioners and physicians and methods of establishing and maintaining joint practices. The office of rural health shall contract with promotion teams to visit up to 20 rural communities during the biennium ending June 30, 1995. "Section 1. Minnesota Statutes 1992, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, after receiving recommendations from the Minnesota Medical Association and the Minnesota Pharmacists Association, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the

quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Nutritional products needed for the treatment of a combined allergy to human milk, cow's milk, and soy formula require prior authorization. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary; and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug ~~may~~ *shall* be estimated by the commissioner, *at average wholesale price minus 8.6 percent effective January 1, 1994*. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The

commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(c) Until January 4, 1993, or the date the Medicaid Management Information System (MMIS) upgrade is implemented, whichever occurs last, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spend-down, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spend-down amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spend-down of (1) their right to appeal the denial of services on the grounds that they have satisfied the spend-down requirement, and (2) their potential eligibility for the health right program or the children's health plan."

Subd. 2. [ACCESS TO INFORMATION AND PROPERTY.] The commissioner or an employee or agent authorized by the commissioner, upon presentation of credentials, may:

(a) examine and copy any books, papers, records, memoranda, or data of any person subject to regulation under the statutes listed in subdivision 1; and

(b) enter upon any property, public or private, for the purpose of taking any action authorized under statutes, rules, or other actions listed in subdivision 1 including obtaining information from a person who has a duty to provide information under the statutes listed in subdivision 1, taking steps to remedy violations, or conducting surveys or investigations.

Subd. 3. [CORRECTION ORDERS.] (a) The commissioner may issue correction orders that require a person to correct a violation of the statutes, rules, and other actions listed in subdivision 1. The correction order must state the deficiencies that constitute the violation; the specific statute, rule, or other action; and the time by which the violation must be corrected.

(b) If the person believes that the information contained in the commissioner's correction order is in error, the person may ask the commissioner to reconsider the parts of the order that are alleged to be in error. The request must be in writing, delivered to the commissioner by certified mail within seven calendar days after receipt of the order, and:

(1) specify which parts of the order for corrective action are alleged to be in error;

(2) explain why they are in error; and

(3) provide documentation to support the allegation of error.

The commissioner must respond to requests made under this paragraph within 15 calendar days after receiving a request. A request for reconsideration does not stay the correction order; however, after reviewing the request for reconsideration, the commissioner may provide additional time to comply with the order if necessary. The commissioner's disposition of a request for reconsideration is final.

**Subd. 4. [ADMINISTRATIVE PENALTY ORDERS.]** The commissioner may issue an order requiring violations to be corrected and administratively assessing monetary penalties for violations of the statutes, rules, and other actions listed in subdivision 1. The procedures in section 144.991 must be followed when issuing administrative penalty orders. Except in the case of repeated or serious violations, the penalty assessed in the order must be forgiven if the person who is subject to the order demonstrates in writing to the commissioner before the 31st day after receiving the order that the person has corrected the violation or has developed a corrective plan acceptable to the commissioner. The maximum amount of administrative penalty orders is \$10,000 for all violations identified in an inspection or review of compliance.

**Subd. 5. [INJUNCTIVE RELIEF.]** In addition to any other remedy provided by law, the commissioner may bring an action for injunctive relief in the district court in Ramsey county or, at the commissioner's discretion, in the district court in the county in which a violation of the statutes, rules, or other actions listed in subdivision 1 has occurred to enjoin the violation.

**Subd. 6. [CEASE AND DESIST.]** The commissioner, or an employee of the department designated by the commissioner, may issue an order to cease an activity covered by subdivision 1 if continuation of the activity would result in an immediate risk to public health. An order issued under this paragraph is effective for a maximum of 72 hours. The commissioner must seek an injunction or take other administrative action authorized by law to restrain activities for a period beyond 72 hours. The issuance of a cease and desist order does not preclude the commissioner from pursuing any other enforcement action available to the commissioner.

**Subd. 7. [PLAN FOR USE OF ADMINISTRATIVE PENALTIES AND CEASE AND DESIST AUTHORITY.]** The commissioner of health shall prepare a plan for using the administrative penalty and cease and desist authority in this section. The commissioner shall provide a 30-day period for public comment on the plan. The plan must be finalized by December 1, 1993.

**Subd. 8. [DENIAL OR REFUSAL TO REISSUE PERMITS, LICENSES, REGISTRATIONS, OR CERTIFICATES.]** (a) The commissioner may deny or refuse to renew an application for a permit, license, registration, or certificate required under the statutes or rules cited in subdivision 1, if the applicant has any unresolved violations related to the activity for which the permit, license, registration, or certificate was issued.

(b) The commissioner may also deny or refuse to renew a permit, license, registration, or certificate required under the statutes or rules cited in subdivision 1 if the applicant has a persistent pattern of violations related to the permit, license, registration, or certificate, or if the applicant submitted false material information to the department in connection with the application.

(c) *The commissioner may condition the grant or renewal of a permit, license, registration, or certificate on a demonstration by the applicant that actions needed to ensure compliance with the requirements of the statutes listed in subdivision 1 have been taken, or may place conditions on or issue a limited permit, license, registration, or certificate as a result of previous violations by the applicant.*

**Subd. 9. [SUSPENSION OR REVOCATION OF PERMITS, LICENSES, REGISTRATIONS, OR CERTIFICATES.]** *The commissioner may suspend, place conditions on, or revoke a permit, license, registration, or certificate issued under the statutes or rules cited in subdivision 1 for serious or repeated violations of the requirements in the statutes, rules, or other actions listed in subdivision 1 that apply to the permit, license, registration, or certificate, or if the applicant submitted false material information to the department in connection with the permit, license, registration, or certificate.*

**Subd. 10. [HEARINGS RELATED TO DENIAL, REFUSAL TO RENEW, SUSPENSION, OR REVOCATION OF A PERMIT, LICENSE, REGISTRATION, OR CERTIFICATE.]** *If the commissioner proposes to deny, refuses to renew, suspends, or revokes a permit, license, registration, or certificate under subdivision 8 or 9, the commissioner must first notify the person against whom the action is proposed to be taken and provide the person an opportunity to request a hearing under the contested case provisions of chapter 14. If the person does not request a hearing by notifying the commissioner within 20 days after receipt of the notice of proposed action, the commissioner may proceed with the action without a hearing.*

**Subd. 11. [MISDEMEANOR PENALTIES.]** *A person convicted of violating a statute or rule listed in subdivision 1 is guilty of a misdemeanor.*

**Sec. 9. [144.991] [ADMINISTRATIVE PENALTY ORDER PROCEDURE.]**

**Subdivision 1. [AMOUNT OF PENALTY; CONSIDERATIONS.]** (a) *In determining the amount of a penalty under section 144.99, subdivision 4, the commissioner may consider:*

- (1) *the willfulness of the violation;*
- (2) *the gravity of the violation, including damage to humans, animals, air, water, land, or other natural resources of the state;*
- (3) *the history of past violations;*
- (4) *the number of violations;*
- (5) *the economic benefit gained by the person by allowing or committing the violation; and*
- (6) *other factors as justice may require, if the commissioner specifically identifies the additional factors in the commissioner's order.*

(b) *For a violation after an initial violation, the commissioner shall, in determining the amount of a penalty, consider the factors in paragraph (a) and the:*

- (1) *similarity of the most recent previous violation and the violation to be penalized;*
- (2) *time elapsed since the last violation;*

(3) number of previous violations; and

(4) response of the person to the most recent previous violation identified.

Subd. 2. [CONTENTS OF ORDER.] An order assessing an administrative penalty under section 144.99, subdivision 4, must include:

(1) a concise statement of the facts alleged to constitute a violation;

(2) a reference to the section of the statute, rule, variance, order, stipulation agreement, or term or condition of a permit that has been violated;

(3) a statement of the amount of the administrative penalty to be imposed and the factors upon which the penalty is based; and

(4) a statement of the person's right to review of the order.

Subd. 3. [CORRECTIVE ORDER.] (a) The commissioner may issue an order assessing a penalty and requiring the violations cited in the order to be corrected within 30 calendar days from the date the order is received.

(b) The person to whom the order was issued shall provide information to the commissioner before the 31st day after the order was received demonstrating that the violation has been corrected or developed a corrective plan acceptable to the commissioner. The commissioner shall determine whether the violation has been corrected and notify the person subject to the order of the commissioner's determination.

Subd. 4. [PENALTY.] (a) Except as provided in paragraph (b), if the commissioner determines that the violation has been corrected or developed a corrective plan acceptable to the commissioner, the penalty must be forgiven. Unless the person requests review of the order under subdivision 5 before the penalty is due, the penalty in the order is due and payable:

(1) on the 31st day after the order was received, if the person subject to the order fails to provide information to the commissioner showing that the violation has been corrected or that appropriate steps have been taken toward correcting the violation; or

(2) on the 20th day after the person receives the commissioner's determination under paragraph (b), if the person subject to the order has provided information to the commissioner that the commissioner determines is not sufficient to show the violation has been corrected or that appropriate steps have been taken toward correcting the violation.

(b) For repeated or serious violations, the commissioner may issue an order with a penalty that will not be forgiven after the corrective action is taken. The penalty is due by 31 days after the order was received unless review of the order under subdivision 5 has been sought.

(c) Interest at the rate established in section 549.09 begins to accrue on penalties under this subdivision on the 31st day after the order with the penalty was received.

Subd. 5. [EXPEDITED ADMINISTRATIVE HEARING.] (a) Within 30 days after receiving an order or within 20 days after receiving notice that the commissioner has determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may request an expedited hearing, utilizing the procedures of Minnesota Rules, parts 1400.8510 to 1400.8612, to review the commission-

er's action. The hearing request must specifically state the reasons for seeking review of the order. The person to whom the order is directed and the commissioner are the parties to the expedited hearing. The commissioner must notify the person to whom the order is directed of the time and place of the hearing at least 20 days before the hearing. The expedited hearing must be held within 30 days after a request for hearing has been filed with the commissioner unless the parties agree to a later date.

(b) All written arguments must be submitted within ten days following the close of the hearing. The hearing shall be conducted under Minnesota Rules, parts 1400.8510 to 1400.8612, as modified by this subdivision. The office of administrative hearings may, in consultation with the agency, adopt rules specifically applicable to cases under this section.

(c) The administrative law judge shall issue a report making recommendations about the commissioner's action to the commissioner within 30 days following the close of the record. The administrative law judge may not recommend a change in the amount of the proposed penalty unless the administrative law judge determines that, based on the factors in subdivision 2, the amount of the penalty is unreasonable.

(d) If the administrative law judge makes a finding that the hearing was requested solely for purposes of delay or that the hearing request was frivolous, the commissioner may add to the amount of the penalty the costs charged to the agency by the office of administrative hearings for the hearing.

(e) If a hearing has been held, the commissioner may not issue a final order until at least five days after receipt of the report of the administrative law judge. The person to whom an order is issued may, within those five days, comment to the commissioner on the recommendations and the commissioner will consider the comments. The final order may be appealed in the manner provided in sections 14.63 to 14.69.

(f) If a hearing has been held and a final order issued by the commissioner, the penalty shall be paid by 30 days after the date the final order is received unless review of the final order is requested under sections 14.63 to 14.69. If review is not requested or the order is reviewed and upheld, the amount due is the penalty, together with interest accruing from 31 days after the original order was received at the rate established in section 549.09.

Subd. 6. [MEDIATION.] In addition to review under subdivision 5, the commissioner is authorized to enter into mediation concerning an order issued under this section if the commissioner and the person to whom the order is issued both agree to mediation.

Subd. 7. [ENFORCEMENT.] (a) The attorney general may proceed on behalf of the state to enforce penalties that are due and payable under this section in any manner provided by law for the collection of debts.

(b) The attorney general may petition the district court to file the administrative order as an order of the court. At any court hearing, the only issues parties may contest are procedural and notice issues. Once entered, the administrative order may be enforced in the same manner as a final judgment of the district court.

(c) If a person fails to pay the penalty, the attorney general may bring a civil action in district court seeking payment of the penalties, injunctive, or other

*appropriate relief including monetary damages, attorney fees, costs, and interest.*

**Subd. 8. [REVOCAION AND SUSPENSION OF PERMIT, LICENSE, REGISTRATION, OR CERTIFICATE.]** *If a person fails to pay a penalty owed under this section, the agency has grounds to revoke or refuse to reissue or renew a permit, license, registration, or certificate issued by the department.*

**Subd. 9. [CUMULATIVE REMEDY.]** *The authority of the agency to issue a corrective order assessing penalties is in addition to other remedies available under statutory or common law, except that the state may not seek civil penalties under any other provision of law for the violations covered by the administrative penalty order. The payment of a penalty does not preclude the use of other enforcement provisions, under which penalties are not assessed, in connection with the violation for which the penalty was assessed.*

(d) Service of the order is effective when the order is served on the licensee personally or by certified mail which is complete upon receipt, refusal, or return for nondelivery to the most recent address provided to the board for the licensee.

*(b) If the board does not have a written consent from a client permitting access to the client's records, the licensee may delete any data in the record which identifies the client before providing it to the board.
