"ARTICLE 2

Section 1. Minnesota Statutes 1992, section 79.50, is amended to read:

79.50 [PURPOSES.]

The purposes of chapter 79 are to:

(a) Promote public welfare by regulating insurance rates so that premiums are not excessive, inadequate, or unfairly discriminatory;

(b) Promote quality and integrity in the data bases used in workers' compensation insurance ratemaking;

(c) Prohibit price fixing agreements and anticompetitive behavior by insurers;

(d) ~~Promote price competition and provide rates that are responsive to competitive market conditions;~~

~~(e) Provide a means of establishment of proper rates if competition is not effective;~~

~~(f)~~ Define the function and scope of activities of data service organizations;

~~(g) Provide for an orderly transition from regulated rates to competitive market conditions;~~ and

~~(h)~~ *(e)* Encourage insurers to provide alternative innovative methods whereby employers can meet the requirements imposed by section 176.181.

Sec. 2. Minnesota Statutes 1992, section 79.51, subdivision 1, is amended to read:

79.51 [RULES.]

Subdivision 1. [ADOPTION; WHEN.] The commissioner shall adopt rules to implement provisions of this chapter. ~~The rules shall be finally adopted after May 1, 1982. By January 15, 1982, the commissioner shall provide the legislature a description and explanation of the intent and anticipated effect of the rules on the various factors of the rating system.~~

Sec. 3. Minnesota Statutes 1992, section 79.51, subdivision 3, is amended to read:

Subd. 3. [RULES; SUBJECT MATTER.] (a) The commissioner in issuing rules shall consider:

(1) data reporting requirements, including types of data reported, such as loss and expense data;

(2) experience rating plans;

(3) retrospective rating plans;

(4) general expenses and related expense provisions;

(5) minimum premiums;

(6) classification systems and assignment of risks to classifications;

(7) loss development and trend factors;

(8) the workers' compensation reinsurance association;

(9) requiring substantial compliance with the rules mandated by this section as a condition of workers' compensation carrier licensure;

(10) imposing limitations on the functions of workers' compensation data service organizations consistent with the introduction of competition;

(11) the rules contained in the workers' compensation rating manual adopted by ~~the workers' compensation insurers rating association~~ *licensed data service organizations*; ~~and~~

(12) *the supporting data and information required in filings under section 79.56, including but not limited to the experience of the filing insurer and the extent to which the filing insurer relies upon data service organization loss information, descriptions of the actuarial and statistical methods employed in setting rates, and the filing insurers interpretation of any statistical data relied upon; and*

(13) any other factors that the commissioner deems relevant to achieve the purposes of this chapter.

(b) The rules shall provide for the following:

(1) ~~competition in workers' compensation insurance rates in such a way that the advantages of competition are introduced with a minimum of employer hardship;~~

~~(2)~~ adequate safeguards against excessive or discriminatory rates in workers' compensation;

~~(3)~~ *(2)* encouragement of workers' compensation insurance rates which are as low as reasonably necessary, but shall make provision against inadequate rates, insolvencies and unpaid benefits;

~~(4)~~ *(3)* assurances that employers are not unfairly relegated to the assigned risk pool;

~~(5)~~ *(4)* requiring all appropriate data and other information from insurers for the purpose of issuing rules, making legislative recommendations pursuant to this section ~~and monitoring the effectiveness of competition~~; and

~~(6)~~ *(5)* preserving a framework for risk classification, data collection, and other appropriate joint insurer services ~~where these will not impede the introduction of competition in premium rates~~.

Sec. 4. Minnesota Statutes 1992, section 79.53, subdivision 1, is amended to read:

Subdivision 1. [METHOD OF CALCULATION.] Each insurer shall establish premiums to be paid by an employer according to its filed rates and rating plan as follows:

Rates shall be applied to an exposure base to yield a base premium which may be further ~~modified~~ *increased or decreased up to 25 percent* by merit rating, premium discounts, and other appropriate factors contained in the rating plan of an insurer to produce premium *if the increase or decrease is not unfairly discriminatory*. Nothing in this chapter shall be deemed to prohibit the use of any premium, provided the premium is not excessive, inadequate or unfairly discriminatory.

Sec. 5. Minnesota Statutes 1992, section 79.55, subdivision 2, is amended to read:

Subd. 2. [EXCESSIVENESS.] ~~No premium is excessive in a competitive market. In the absence of a competitive market, premiums~~ *Rates and rating plans* are excessive if the expected underwriting profit, together with expected income from invested reserves ~~for the market in question~~, that would accrue to an insurer *under the rates and rating plans* would be unreasonably high in relation to the risk undertaken by the insurer in transacting the business. *The burden is on the insurer to establish that profit is not unreasonably high.*

Sec. 6. Minnesota Statutes 1992, section 79.55, subdivision 5, is amended to read:

Subd. 5. [DISCOUNTS PERMITTED.] An insurer may offer a ~~discount from~~ *scheduled credit or debit to* a manual premium *of up to 25 percent* if the premium otherwise complies with this section. ~~The commissioner shall not by rule, or otherwise, prohibit a credit or discount from a manual premium solely because it is greater than a certain fixed percentage of the premium.~~

Sec. 7. Minnesota Statutes 1992, section 79.55, is amended by adding a subdivision to read:

Subd. 6. [RATING FACTORS.] *In determining whether a rate filing complies with this section, separate consideration shall be given to: (i) past and prospective loss experience within this state and outside this state to the extent necessary to develop credible rates; (ii) dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers; and (iii) a reasonable allowance for expense and profit. An allowance for expense shall be presumed reasonable if it reflects expenses that are 20 percent greater or less than the average expense for all insurers writing workers' compensation insurance in this state. An allowance for after-tax profit shall consider anticipated investment income from premium receipts net of disbursements and from allocated surplus, based on the current five-year United States Treasury note yield and an assumed premium to surplus ratio of 2.25 to one. The allowance for after-tax profit shall be presumed reasonable if the corresponding return on equity target is equal to or less than the sum of: (i) the current yield on five-year United States Treasury securities; and (ii) an appropriate equity risk premium that reflects the risks of writing workers' compensation insurance. The risk premium shall not be less than the average, since 1926, of the differences in return between: (i) the annual return, including dividend income, for the Standards and Poors 500 common stock index or predecessor index for each year; and (ii) the five-year United States Treasury note yield as of the start of the corresponding year. Profit and expense allowances not presumed reasonable under this*

subdivision, are reasonable if the circumstances of an insurer, the market, or other factors justify them.

Sec. 8. Minnesota Statutes 1992, section 79.55, is amended by adding a subdivision to read:

Subd. 7. [EXTERNAL FACTORS.] *That portion of a rate or rating plan related to assessments from the assigned risk plan, reinsurance association, guarantee fund, special compensation fund, agent commission, premium tax, and any other state-mandated surcharges shall not cause the rate or rating plan to be considered excessive, inadequate, or unfairly discriminatory.*

Sec. 9. Minnesota Statutes 1992, section 79.56, subdivision 1, is amended to read:

Subdivision 1. [~~AFTER EFFECTIVE DATE~~ *PREFILING OF RATES.*] Each insurer shall file with the commissioner a complete copy of its rates and rating plan, ~~and~~ all changes and amendments thereto, ~~within 15 days after their~~ *and such supporting data and information that the commissioner may by rule require, at least 60 days prior to its* effective ~~dates~~ *date.* ~~An insurer need not file a rating plan if it uses a rating plan filed by a data service organization. If an insurer uses a rating plan of a data service organization but deviates from it, then all deviations must be filed by the insurer~~ *The commissioner shall advise an insurer within 30 days of the filing if its submission is not accompanied with such supporting data and information that the commissioner by rule may require. The commissioner may extend the filing review period and effective date for an additional 30 days if an insurer, after having been advised of what supporting data and information is necessary to complete its filing, does not provide such information within 15 days of having been so notified. If any rate or rating plan filing or amendment thereto is not disapproved by the commissioner within the filing review period, the insurer may implement it. For the period January 1, 1994, to December 31, 1994, the filing shall be made at least 90 days prior to the effective date and the department shall advise an insurer within 60 days of such filing if the filing is insufficient under this section.*

Sec. 10. Minnesota Statutes 1992, section 79.56, subdivision 3, is amended to read:

Subd. 3. [PENALTIES.] Any insurer using a rate or a rating plan which has not been filed shall be subject to a fine of up to $100 for each day the failure to file continues. The commissioner may, after a hearing on the record, find that the failure is willful. A willful failure to meet filing requirements shall be punishable by a fine of up to $500 for each day during which a willful failure continues. These penalties shall be in addition to any other penalties provided by law. *Notwithstanding this subdivision, an employer that generates $500,000 in annual written workers' compensation premium under the rates and rating plan of an insurer before the application of any large deductible rating plans, may be written by that insurer using rates or rating plans that are not subject to disapproval but which have been filed. The $500,000 threshold shall be increased on January 1, 1995, and on each January 1 thereafter by the percentage increase in the statewide average weekly wage, to the nearest $1,000. The commissioner shall advise insurers licensed to write workers' compensation insurance in this state of the annual threshold adjustment.*

Sec. 11. [79.561] [DISAPPROVAL OF RATES OR RATING PLANS.]

Subdivision 1. [DISAPPROVAL; TIME PERIOD.] *The commissioner may disapprove a rate and rating plan or amendment thereto prior to its effective date, as provided under section 79.56, subdivision 1, if the commissioner determines that it is excessive, inadequate, or unfairly discriminatory. If the commissioner disapproves any rate or rating plan filing or amendment thereto, the commissioner shall advise the filing insurer what rate and rating plan the commissioner has reason to believe would be in compliance with section 79.55, and the reasons for that determination. An insurer may not implement a rate and rating plan or amendment thereto which has been disapproved under this subdivision. If the commissioner disapproves any rate and rating plan filing or amendment thereto, an insurer may use its current rate and rating plan for writing any workers' compensation insurance in this state. Following any disapproval, the commissioner and insurer may reach agreement on a rate or rating plan filing or amendment thereto. Notwithstanding any law to the contrary, in such cases, the rate or rating plan filing or amendment thereto may be implemented by the insurer immediately.*

Subd. 2. [HEARING.] *If an insurer's rate or rating plan filing or amendment thereto is disapproved under subdivision 1, the insurer may request a contested case hearing under chapter 14. The insurer shall have the burden of proof to justify that its rate and rating plan or amendment thereto is in compliance with section 79.55. The hearing must be scheduled promptly and in no case later than three months from the date of disapproval or else the rate and rating plan or amendment thereto shall be considered effective and may be implemented by the insurer. A determination pursuant to chapter 14 must be made within 90 days following the closing of the hearing record.*

Subd. 3. [CONSULTANTS AND COSTS.] *The commissioner may retain consultants, including a consulting actuary or other experts, that the commissioner determines necessary for purposes of this chapter. The salary limit set by section 43A.17 does not apply to a consulting actuary retained under this subdivision. A consulting actuary shall be a fellow in the casualty actuarial society and shall have demonstrated experience in workers' compensation insurance ratemaking. Any individual not so qualified shall not render an opinion or testify on actuarial aspects of a filing, including but not limited to data quality, loss development, and trending. The costs incurred in retaining any consulting actuaries and experts shall be reimbursed by the special compensation fund.*

Sec. 12. [APPROPRIATION.]

$2,600,000 is appropriated from the special compensation fund for the biennium ending June 30, 1995, to the department of commerce for the purposes of this article. The complement of the department of commerce is increased by 13 positions for the purposes of this article.

Sec. 13. [REPEALER.]

Minnesota Statutes 1992, sections 79.53, subdivision 2; 79.54; 79.56, subdivision 2; 79.57; and 79.58, are repealed.

Sec. 14. [EFFECTIVE DATE; TRANSITION.]

This article is effective on January 1, 1994. Rates and rating plans in use as of January 1, 1994, may continue to be used until such time as an amendment thereto or a new rate or rating plan is filed, at which time such submission shall be subject to this article.

ARTICLE 3

Section 1. Minnesota Statutes 1992, section 176.021, subdivision 3, is amended to read:

Subd. 3. [COMPENSATION, COMMENCEMENT OF PAYMENT.] All employers shall commence payment of compensation at the time and in the manner prescribed by this chapter without the necessity of any agreement or any order of the division. Except for medical, burial, and other nonperiodic benefits, payments shall be made as nearly as possible at the intervals when the wage was payable, provided, however, that payments for permanent partial disability shall be governed by section 176.101. If doubt exists as to the eventual permanent partial disability, payment for the economic recovery compensation or impairment compensation, whichever is due, pursuant to section 176.101, shall be then made when due for the minimum permanent partial disability ascertainable, and further payment shall be made upon any later ascertainment of greater permanent partial disability. Prior to or at the time of commencement of the payment of economic recovery compensation or ~~lump sum or periodic payment of~~ impairment compensation, the employee and employer shall be furnished with a copy of the medical report upon which the payment is based and all other medical reports which the insurer has that indicate a permanent partial disability rating, together with a statement by the insurer as to whether the tendered payment is for minimum permanent partial disability or final and eventual disability. After receipt of all reports available to the insurer that indicate a permanent partial disability rating, the employee shall make available or permit the insurer to obtain any medical report that the employee has or has knowledge of that contains a permanent partial disability rating which the insurer does not already have. Economic recovery compensation or impairment compensation pursuant to section 176.101 is payable in addition to but not concurrently with compensation for temporary total disability but is payable pursuant to section 176.101. Impairment compensation is payable concurrently and in addition to compensation for permanent total disability pursuant to section 176.101. Economic recovery compensation or impairment compensation pursuant to section 176.101 shall be withheld pending completion of payment for temporary total disability, and no credit shall be taken for payment of economic recovery compensation or impairment compensation against liability for temporary total or future permanent total disability. Liability on the part of an employer or the insurer for disability of a temporary total, temporary partial, and permanent total nature shall be considered as a continuing product and part of the employee's inability to earn or reduction in earning capacity due to injury or occupational disease and compensation is payable accordingly, subject to section 176.101. Economic recovery compensation or impairment compensation is payable for functional loss of use or impairment of function, permanent in nature, and payment therefore shall be separate, distinct, and in addition to payment for any other compensation, subject to section 176.101. The right to receive temporary total, temporary partial, or permanent total disability payments vests in the injured employee or the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained and the right is not abrogated by the employee's death prior to the making of the payment.

The right to receive economic recovery compensation or impairment compensation vests in an injured employee at the time the disability can be ascertained provided that the employee lives for at least 30 days beyond the

date of the injury. Upon the death of an employee who is receiving economic recovery compensation or impairment compensation, further compensation is payable pursuant to section 176.101. Impairment compensation is payable under this paragraph if vesting has occurred, the employee dies prior to reaching maximum medical improvement, and the requirements and conditions under section 176.101, subdivision 3e, are not met.

Disability ratings for permanent partial disability shall be based on objective medical evidence.

Sec. 2. Minnesota Statutes 1992, section 176.021, subdivision 3a, is amended to read:

Subd. 3a. [PERMANENT PARTIAL BENEFITS, PAYMENT.] Payments for permanent partial disability as provided in section 176.101, subdivision 3, shall be made in the following manner:

(a) If the employee returns to work, payment shall be made ~~by lump sum~~ *at the same intervals as temporary total payments were made*;

(b) If temporary total payments have ceased, but the employee has not returned to work, payment shall be made at the same intervals as temporary total payments were made;

(c) If temporary total disability payments cease because the employee is receiving payments for permanent total disability or because the employee is retiring or has retired from the work force, then payment shall be made ~~by lump sum~~ *at the same intervals as temporary total payments were made*;

This compensation shall not be escalated pursuant to section 176.645. Temporary total compensation shall cease upon the employee's refusal to accept the job offered and no further or additional temporary total compensation is payable for that injury. The payment of the periodic impairment compensation shall cease when the amount the employee is eligible to receive under subdivision 3b is reached, after which time the employee shall not receive additional impairment compensation or any other compensation under this chapter unless the employee has a greater permanent partial disability than already compensated for.

Sec. 6. Minnesota Statutes 1992, section 176.101, subdivision 3m, is amended to read:

Subd. 3m. [RETURN TO WORK AFTER REFUSAL OF JOB OFFER.] If the employee has refused the job offer under subdivision 3e and is receiving periodic impairment compensation and returns to work at another job, the employee shall receive the remaining impairment compensation ~~due, in a lump sum, 30 days after return to work if the employment has not been substantially interrupted by the injury for any part of the 30 days and the employee is still employed at that job at the end of the period~~ *at the same rate that temporary total compensation was last paid.*

This compensation is payable in addition to permanent total compensation pursuant to subdivision 4 and is payable concurrently. In this case the impairment compensation shall be paid in the same intervals and amount as the permanent total compensation was initially paid, and the impairment compensation shall cease when the amount due under subdivision 3b is reached. If this employee returns to work at any job during the period the impairment compensation is being paid, ~~the remaining impairment compensation due shall be paid in a lump sum 30 days after the employee has returned to work and~~ no further temporary total compensation shall be paid.

(b) If an employee is receiving periodic economic recovery compensation and is determined to be permanently totally disabled no offset shall be taken against future permanent total compensation for the compensation paid and no permanent total weekly compensation is payable for any period during which economic recovery compensation has already been paid. No further economic recovery compensation is payable even if the amount due the employee pursuant to subdivision 3a has not yet been reached.

(c) An employee who has received periodic economic recovery compensation and who meets the criteria under clause (b) shall receive impairment compensation pursuant to clause (a) even if the employee has previously received economic recovery compensation for that disability.

[PERMANENT TOTAL DISABILITY.] For permanent total disability, as defined in subdivision 5, the compensation shall be 66-2/3 percent of the daily wage at the time of the injury, subject to a maximum weekly compensation equal to the maximum weekly compensation for a temporary total disability and a minimum weekly compensation equal to ~~the minimum weekly compensation for a temporary total disability~~ *65 percent of the statewide average weekly wage*. This compensation shall be paid during

the permanent total disability of the injured employee but after a total of $25,000 of weekly compensation has been paid, the amount of the weekly compensation benefits being paid by the employer shall be reduced by the amount of any disability benefits being paid by any government disability benefit program if the disability benefits are occasioned by the same injury or injuries which give rise to payments under this subdivision. This reduction shall also apply to any old age and survivor insurance benefits. Payments shall be made at the intervals when the wage was payable, as nearly as may be. In case an employee who is permanently and totally disabled becomes an inmate of a public institution, no compensation shall be payable during the period of confinement in the institution, unless there is wholly dependent on the employee for support some person named in section 176.111, subdivision 1, 2 or 3, in which case the compensation provided for in section 176.111, during the period of confinement, shall be paid for the benefit of the dependent person during dependency. (2) any other injury *that results in a disability rating under this chapter of at least 15 percent of the whole body* which totally and permanently incapacitates the employee from working at an occupation which brings the employee an income.

(b) For purposes of paragraph (a), clause (2), "totally and permanently incapacitated" means that the employee's physical disability, in combination with the employee's age, education, training, and experience, causes the employee to be unable to secure anything more than sporadic employment resulting in an insubstantial income.

Sec. 11. Minnesota Statutes 1992, section 176.645, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] For injuries occurring after October 1, 1975 for which benefits are payable under section 176.101, subdivisions 1, 2 and 4, and section 176.111, subdivision 5, the total benefits due the employee or any dependents shall be adjusted in accordance with this section. On October 1, 1981, and thereafter on the anniversary of the date of the employee's injury the total benefits due shall be adjusted by multiplying the total benefits due prior to each adjustment by a fraction, the denominator of which is the statewide average weekly wage for December 31, of the year two years previous to the adjustment and the numerator of which is the statewide average weekly wage for December 31, of the year previous to the adjustment. For injuries occurring after October 1, 1975, all adjustments provided for in this section shall be included in computing any benefit due under this section. Any limitations of amounts due for daily or weekly compensation under this chapter shall not apply to adjustments made under this section. No adjustment increase made on or after October 1, 1977, ~~but prior to October 1,~~

Sec. 12. Minnesota Statutes 1992, section 176.66, subdivision 11, is amended to read:

Subd. 11. [AMOUNT OF COMPENSATION.] The compensation for an occupational disease is 66-2/3 percent of the employee's weekly wage on the date of injury subject to a maximum compensation equal to the maximum compensation in effect on the date of last exposure. ~~The employee shall be eligible for supplementary benefits notwithstanding the provisions of section 176.132, after four years have elapsed since the date of last significant exposure to the hazard of the occupational disease if that employee's weekly compensation rate is less than the current supplementary benefit rate.~~

Sec. 13. [REPEALER.]

Minnesota Statutes 1992, section 176.132, subdivisions 1 and 2, are repealed.

Sec. 14. [EFFECTIVE DATE.]

No. 1062: A bill for an act relating to metropolitan government and urban planning; clarifying the applicability of comprehensive plans that conflict with official controls; establishing a metropolitan radio systems planning committee under the metropolitan council; amending Minnesota Statutes 1992, sections 462.357, subdivision 2; 473.858, subdivision 1; and 473.865, subdivision 1.

Mr. Mondale moved to amend S.F. No. 1062 as follows:

Page 1, after line 10, insert:

"Section 1. Minnesota Statutes 1992, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, ~~other than a town or special taxing district~~ *including each metropolitan special taxing district as defined in paragraph (i), but excluding all other special taxing districts and towns*, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail.

(d) The notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district, ~~the sum of~~ the *aggregate of all metropolitan special taxing districts as defined in paragraph (i), and for all other* special taxing districts *a total*, and as a total of the taxing authorities, including *all* special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes.

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(1) metropolitan council under section 473.132, 473.167, 473.249, 473.325, 473.521, 473.547, or 473.834;

(5) levies made by the regional railroad authorities in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington under section 398A.04 or 398A.07.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

"Sec. 15. [256.9792] [ARREARAGE COLLECTION PROJECTS.]

Subdivision 1. [ARREARAGE COLLECTIONS.] *Arrearage collection projects are created to increase the revenue to the state and counties, reduce AFDC expenditures for former public assistance cases, and increase payments of arrearages to persons who are not receiving public assistance by*

submitting cases for arrearage collection to collection entities, including but not limited to, the department of revenue and private collection agencies.

Subd. 2. [DEFINITIONS.] *(a) The definitions in this subdivision apply to this section.*

(b) "Public assistance arrearage case" means a case where current support may be due, no payment, with the exception of a tax offset, has been made within the last 90 days, and the arrearages are assigned to the public agency under section 256.74, subdivision 5.

(c) "Public authority" means the public authority responsible for child support enforcement.

(d) "Nonpublic assistance arrearage case" means a support case where arrearages have accrued that have not been assigned under section 256.74, subdivision 5.

Subd. 3. [AGENCY PARTICIPATION.] *(a) The collection remedy under this section is in addition to and not in substitution for any other remedy available by law to the public authority. The public authority remains responsible for the case even after collection efforts are referred to the department of revenue, a private agency, or other collection entity.*

(b) The department of revenue, a private agency, or other collection entity may not claim collections made on a case submitted by the public authority for a state tax offset under chapter 270A as a collection for the purposes of this project.

Subd. 4. [ELIGIBLE CASES.] *(a) For a case to be eligible for a collection project, the criteria in paragraphs (b) and (c) must be met. Any case from a county participating in the collections projects meeting the criteria under this subdivision must be submitted for collection.*

(b) Notice must be sent to the debtor, as defined in section 270A.03, subdivision 4, at the debtor's last known address at least 30 days before the date the collections effort is transferred. The notice must inform the debtor that the department of revenue or a private collections agency will use enforcement and collections remedies and may charge a fee of up to 30 percent of the arrearages. The notice must advise the debtor of the right to contest the debt on grounds limited to mistakes of fact. The debtor may contest the debt by submitting a written request for review to the public authority within 21 days of the date of the notice.

(c) The arrearages owed must be based on a court or administrative order. The arrearages to be collected must be at least $100 and must be at least 90 days past due. For nonpublic assistance cases referred to private agencies, the arrearages must be a docketed judgment under sections 548.09 and 548.091.

Subd. 5. [COUNTY PARTICIPATION.] *(a) The commissioner of human services shall designate the counties to participate in the projects, after requesting counties to volunteer for the projects.*

(b) The commissioner of human services shall designate which counties shall submit cases to the department of revenue, a private collection agency, or other collection entity.

Subd. 6. [FEES.] *A collection fee set by the commissioner of human services must be charged to the person obligated to pay the arrearages. The collection fee is in addition to the amount owed, and must be deposited by the commissioner of revenue in the state treasury and credited to the general fund to cover the costs of administering the program or retained by the private collection agency to cover the costs of administering the collection service.*

Subd. 7. [CONTRACTS.] *(a) The commissioner of human services may contract with the commissioner of revenue, private agencies, or other collection entities to implement the projects, charge fees, and exchange necessary information.*

(b) The commissioner of human services may provide an advance payment to the commissioner of revenue for collection services to be repaid to the department of human services out of subsequent collection fees.

(c) Summary reports of collections, fees, and other costs charged must be submitted monthly to the state office of child support enforcement.

Subd. 8. [REMEDIES.] *(a) The commissioner of revenue is authorized to use the tax collection remedies in sections 270.06, clause (7), 270.69 to 270.72, and 290.92, subdivision 23, and tax return information to collect arrearages. The statute of limitations provisions in chapter 270 do not apply to support arrearage cases.*

(b) Liens arising under paragraph (a) must be perfected by filing a notice of lien in the office of the county recorder or registrar of titles. The lien may be filed as long as the time period allowed by law for collecting the arrearages has not expired. The lien attaches to all property of the debtor within the state, both real and personal. The lien must be enforced under the provisions in section 270.69 relating to state tax liens."

(7) summon witnesses, at a time and place reasonable under the circumstances, to appear and give testimony, and to produce books, records, papers and documents relating to any tax matter which the commissioner may have authority to investigate or determine. Provided, that any summons which does not identify the person or persons with respect to whose tax liability the summons is issued may be served only if (a) the summons relates to the investigation of a particular person or ascertainable group or class of persons, (b) there is a reasonable basis for believing that such person or group or class of persons may fail or may have failed to comply with any tax law administered by the commissioner, (c) the information sought to be obtained from the examination of the records (and the identity of the person or persons with respect to whose liability the summons is issued) is not readily available from other sources, (d) the summons is clear and specific as to the information sought to be obtained, and (e) the information sought to be obtained is limited solely to the scope of the investigation. Provided further that the party served with a summons which does not identify the person or persons with respect to whose tax liability the summons is issued shall have the right, within 20 days after service of the summons, to petition the district court for the judicial

district in which lies the county in which that party is located for a determination as to whether the commissioner of revenue has complied with all the requirements in (a) to (e), and thus, whether the summons is enforceable. If no such petition is made by the party served within the time prescribed, the summons shall have the force and effect of a court order;

(8) cause the deposition of witnesses residing within or without the state, or absent therefrom, to be taken, upon notice to the interested party, if any, in like manner that depositions of witnesses are taken in civil actions in the district court, in any matter which the commissioner may have authority to investigate or determine;

The rules may require that those persons, agents, and attorneys show that they are of good character and in good repute, have the necessary qualifications to give taxpayers valuable services, and are otherwise competent to advise and assist taxpayers in the presentation of their case before being recognized as representatives of taxpayers. After due notice and opportunity for hearing, the commissioner may suspend and disbar from further practice before the commissioner any person, agent, or attorney who is shown to be incompetent or disreputable, who refuses to comply with the rules, or who with intent to defraud, willfully or knowingly deceives, misleads, or threatens a taxpayer or prospective taxpayer, by words, circular, letter, or by advertisement. This clause does not curtail the rights of individuals to appear in their own behalf or partners or corporations' officers to appear in behalf of their respective partnerships or corporations;

(16) appoint agents as the commissioner considers necessary to make examinations and determinations. The agents have the rights and powers conferred on the commissioner to examine books, records, papers, or memoranda, subpoena witnesses, administer oaths and affirmations, and take testimony. Ms. Berglin questioned whether the amendment was germane.

The President ruled that the amendment was not germane.

Mr. Morse moved to amend H.F. No. 1225, the unofficial engrossment, as follows:

Page 16, after line 12, insert:

''Sec. 25. Minnesota Statutes 1992, section 500.24, subdivision 3, is amended to read:

Subd. 3. [FARMING AND OWNERSHIP OF AGRICULTURAL LAND BY CORPORATIONS RESTRICTED.] No corporation, limited liability company, pension or investment fund, or limited partnership shall engage in farming; nor shall any corporation, limited liability company, pension or investment fund, or limited partnership, directly or indirectly, own, acquire, or otherwise obtain an interest, whether legal, beneficial or otherwise, in any title to real estate used for farming or capable of being used for farming in this state. Provided, however, that the restrictions in this subdivision do not apply

to corporations or partnerships in clause (b) and do not apply to corporations, limited partnerships, and pension or investment funds that record its name and the particular exception under clauses (a) to ~~(s)~~ *(t)* under which the agricultural land is owned or farmed, have a conservation plan prepared for the agricultural land, report as required under subdivision 4, and satisfy one of the following conditions under clauses (a) to ~~(s)~~ *(t)*:

(a) a bona fide encumbrance taken for purposes of security;

(b) a family farm corporation, an authorized farm corporation, a family farm partnership, or an authorized farm partnership as defined in subdivision 2 or a general partnership;

(c) agricultural land and land capable of being used for farming owned by a corporation as of May 20, 1973, or a pension or investment fund as of May 12, 1981, including the normal expansion of such ownership at a rate not to exceed 20 percent of the amount of land owned as of May 20, 1973, or, in the case of a pension or investment fund, as of May 12, 1981, measured in acres, in any five-year period, and including additional ownership reasonably necessary to meet the requirements of pollution control rules;

(d) agricultural land operated for research or experimental purposes with the approval of the commissioner of agriculture, provided that any commercial sales from the operation must be incidental to the research or experimental objectives of the corporation. A corporation, limited partnership, or pension or investment fund seeking to operate agricultural land for research or experimental purposes must submit to the commissioner a prospectus or proposal of the intended method of operation, containing information required by the commissioner including a copy of any operational contract with individual participants, prior to initial approval of an operation. A corporation, limited partnership, or pension or investment fund operating agricultural land for research or experimental purposes prior to May 1, 1988, must comply with all requirements of this clause except the requirement for initial approval of the project;

(e) agricultural land operated by a corporation or limited partnership for the purpose of raising breeding stock, including embryos, for resale to farmers or operated for the purpose of growing seed, wild rice, nursery plants or sod;

(f) agricultural land and land capable of being used for farming leased by a corporation or limited partnership in an amount, measured in acres, not to exceed the acreage under lease to such corporation as of May 20, 1973, or to the limited partnership as of May 1, 1988, and the additional acreage required for normal expansion at a rate not to exceed 20 percent of the amount of land leased as of May 20, 1973, for a corporation or May 1, 1988, for a limited partnership in any five-year period, and the additional acreage reasonably necessary to meet the requirements of pollution control rules;

(g) agricultural land when acquired as a gift (either by grant or a devise) by an educational, religious, or charitable nonprofit corporation or by a pension or investment fund or limited partnership; provided that all lands so acquired by a pension or investment fund, and all lands so acquired by a corporation or limited partnership which are not operated for research or experimental purposes, or are not operated for the purpose of raising breeding stock for resale to farmers or operated for the purpose of growing seed, wild rice, nursery plants or sod must be disposed of within ten years after acquiring title thereto;

(h) agricultural land acquired by a pension or investment fund or a corporation other than a family farm corporation or authorized farm corporation, as defined in subdivision 2, or a limited partnership other than a family farm partnership or authorized farm partnership as defined in subdivision 2, for which the corporation or limited partnership has documented plans to use and subsequently uses the land within six years from the date of purchase for a specific nonfarming purpose, or if the land is zoned nonagricultural, or if the land is located within an incorporated area. A pension or investment fund or a corporation or limited partnership may hold such agricultural land in such acreage as may be necessary to its nonfarm business operation; provided, however, that pending the development of agricultural land for nonfarm purposes, such land may not be used for farming except under lease to a family farm unit, a family farm corporation, an authorized farm corporation, a family farm partnership, or an authorized farm partnership, or except when controlled through ownership, options, leaseholds, or other agreements by a corporation which has entered into an agreement with the United States of America pursuant to the New Community Act of 1968 (Title IV of the Housing and Urban Development Act of 1968, United States Code, title 42, sections 3901 to 3914) as amended, or a subsidiary or assign of such a corporation;

(i) agricultural lands acquired by a pension or investment fund or a corporation or limited partnership by process of law in the collection of debts, or by any procedure for the enforcement of a lien or claim thereon, whether created by mortgage or otherwise; provided, however, that all lands so acquired be disposed of within ten years after acquiring the title if acquired before May 1, 1988, and five years after acquiring the title if acquired on or after May 1, 1988, acquiring the title thereto, and further provided that the land so acquired shall not be used for farming during the ten-year or five-year period except under a lease to a family farm unit, a family farm corporation, an authorized farm corporation, a family farm partnership, or an authorized farm partnership. The aforementioned ten-year or five-year limitation period shall be deemed a covenant running with the title to the land against any grantee, assignee, or successor of the pension or investment fund, corporation, or limited partnership. Notwithstanding the five-year divestiture requirement under this clause, a financial institution may continue to own the agricultural land if the agricultural land is leased to the immediately preceding former owner, but must divest of the agricultural land within the ten-year period;

(j) agricultural land acquired by a corporation regulated under the provisions of Minnesota Statutes 1974, chapter 216B, for purposes described in that chapter or by an electric generation or transmission cooperative for use in its business, provided, however, that such land may not be used for farming except under lease to a family farm unit, a family farm corporation, or a family farm partnership;

(k) agricultural land, either leased or owned, totaling no more than 2,700 acres, acquired after May 20, 1973, for the purpose of replacing or expanding asparagus growing operations, provided that such corporation had established 2,000 acres of asparagus production;

(l) all agricultural land or land capable of being used for farming which was owned or leased by an authorized farm corporation as defined in Minnesota Statutes 1974, section 500.24, subdivision 1, clause (d), but which does not qualify as an authorized farm corporation as defined in subdivision 2, clause (d);

(m) a corporation formed primarily for religious purposes whose sole income is derived from agriculture;

(n) agricultural land owned or leased by a corporation prior to August 1, 1975, which was exempted from the restriction of this subdivision under the provisions of Laws 1973, chapter 427, including normal expansion of such ownership or leasehold interest to be exercised at a rate not to exceed 20 percent of the amount of land owned or leased on August 1, 1975, in any five-year period and the additional ownership reasonably necessary to meet requirements of pollution control rules;

(o) agricultural land owned or leased by a corporation prior to August 1, 1978, including normal expansion of such ownership or leasehold interest, to be exercised at a rate not to exceed 20 percent of the amount of land owned or leased on August 1, 1978, and the additional ownership reasonably necessary to meet requirements of pollution control rules, provided that nothing herein shall reduce any exemption contained under the provisions of Laws 1975, chapter 324, section 1, subdivision 2;

(p) an interest in the title to agricultural land acquired by a pension fund or family trust established by the owners of a family farm, authorized farm corporation or family farm corporation, but limited to the farm on which one or more of those owners or shareholders have resided or have been actively engaged in farming as required by subdivision 2, clause (b), (c), or (d);

(q) agricultural land owned by a nursing home located in a city with a population, according to the state demographer's 1985 estimate, between 900 and 1,000, in a county with a population, according to the state demographer's 1985 estimate, between 18,000 and 19,000, if the land was given to the nursing home as a gift with the expectation that it would not be sold during the donor's lifetime. This exemption is available until July 1, 1995;

(r) the acreage of agricultural land and land capable of being used for farming owned and recorded by an authorized farm corporation as defined in Minnesota Statutes 1986, section 500.24, subdivision 2, paragraph (d), or a limited partnership as of May 1, 1988, including the normal expansion of the ownership at a rate not to exceed 20 percent of the land owned and recorded as of May 1, 1988, measured in acres, in any five-year period, and including additional ownership reasonably necessary to meet the requirements of pollution control rules;

(s) agricultural land owned or leased as a necessary part of an aquatic farm as defined in section 17.47, subdivision 3.; *and*

(t) farming of livestock acquired by a pension or investment fund, corporation, limited partnership, or limited liability company in the collection of debts, or by a procedure for the enforcement of a lien or claim thereon, whether created by a security agreement or otherwise; provided, however, that all livestock so acquired be disposed of within one full production cycle for the type of livestock operation from which the livestock was acquired but in no case later than 18 months after acquisition or 18 months after the effective date of this subdivision, whichever is later. This clause does not diminish the rights existing under this section, for financial institutions insured by the FDIC or its successor."

(2) the sum of the state aids and credits enumerated in section 124.155, subdivision 2, which are for the fiscal year payable in that fiscal year plus an amount equal to the levy recognized as revenue in June of the prior year plus 50.0 percent of the amount of the levy certified in the prior calendar year according to section 124A.03, subdivision 2, plus or minus auditor's adjustments, not including levy portions that are assumed by the state; or

(3) 50.0 percent of the amount of the levy certified in the prior calendar year, plus or minus auditor's adjustments, not including levy portions that are assumed by the state, which remains after subtracting, by fund, the amounts levied for the following purposes:

Portions of the school district levy assumed by the state, including prior year adjustments and the amount to fund the school portion of the reimbursement made pursuant to section 273.425, shall be recognized as revenue in the fiscal year beginning in the calendar year for which the levy is payable.

Sec. 2. Minnesota Statutes 1992, section 124.17, subdivision 1, is amended to read:

Subdivision 1. [PUPIL UNIT.] Pupil units for each resident pupil in average daily membership shall be counted according to this subdivision.

(a) A prekindergarten pupil with a disability who is enrolled for the entire fiscal year in a program approved by the commissioner and has an individual education plan that requires up to 437 hours of assessment and education services in the fiscal year is counted as one-half of a pupil unit. If the plan requires more than 437 hours of assessment and education services, the pupil is counted as the ratio of the number of hours of assessment and education service to 875, but not more than one.

(b) A prekindergarten pupil with a disability who is enrolled for less than the entire fiscal year in a program approved by the commissioner is counted as the greater of:

(1) one-half times the ratio of the number of instructional days from the date the pupil is enrolled to the date the pupil withdraws to the number of instructional days in the school year; or

(2) the ratio of the number of hours of assessment and education service required in the fiscal year by the pupil's individual education program plan to 875, but not more than one.

(c) A prekindergarten pupil who is assessed but determined not to be handicapped is counted as the ratio of the number of hours of assessment service to 875.

(d) A kindergarten pupil with a disability who is enrolled in a program approved by the commissioner is counted as the ratio of the number of hours of assessment and education services required in the fiscal year by the pupil's individual education program plan to 875, but not more than one.

(e) A kindergarten pupil who is not included in paragraph (d) is counted as one-half of a pupil unit.

(f) A pupil who is in any of grades 1 to 6 is counted as ~~one pupil unit~~ *1.03 pupil unit for fiscal year 1994 and 1.06 pupil unit for fiscal year 1995 and thereafter.*

(g) A pupil who is in any of grades 7 to 12 is counted as 1.3 pupil units.

Sec. 3. Minnesota Statutes 1992, section 124.19, subdivision 4, is amended to read:

Subd. 4. In a school where the number of instructional hours in the school day is greater than the number of instructional hours prescribed in the rules of the state board for the school day, the excess number of instructional hours for those days may be included in calculating the required number of days school is in session for purposes of fulfilling the requirements of subdivision 1,

provided that ~~the school is in session for not less than 160 days during the school year, and provided that~~ no instructional hours are included from half-day sessions or any school day which has less instructional hours than the number of instructional hours prescribed in the rules of the state board *unless the average number of instructional hours for all school days in the school year equals or exceeds the number of instructional hours prescribed in the rules of the state board. The district shall notify the department of each adjustment.*

Sec. 4. Minnesota Statutes 1992, section 124.2131, subdivision 1, is amended to read:

Subdivision 1. [~~ADJUSTED GROSS TAX CAPACITY;~~ ADJUSTED NET TAX CAPACITY.] (a) [COMPUTATION.] The department of revenue shall annually conduct an assessment/sales ratio study of the taxable property in each school district in accordance with the procedures in paragraphs (b) and (c). Based upon the results of this assessment/sales ratio study, the department of revenue shall determine ~~an aggregate equalized gross tax capacity and~~ an aggregate equalized net tax capacity for the various classes of taxable property in each school district, which tax capacity shall be designated as ~~the adjusted gross tax capacity and~~ the adjusted net tax capacity~~, respectively~~. *The adjusted net tax capacities shall be determined using the net tax capacity percentages in effect for the assessment year following the assessment year of the study. The department of revenue shall make whatever estimates are necessary to account for changes in the classification system.* The department of revenue may incur the expense necessary to make the determinations. The commissioner of revenue may reimburse any county or governmental official for requested services performed in ascertaining ~~the adjusted gross tax capacity and~~ the adjusted net tax capacity. On or before March 15 annually, the department of revenue shall file with the chair of the tax committee of the house of representatives and the chair of the committee on taxes and tax laws of the senate a report of ~~adjusted gross tax capacities and~~ adjusted net tax capacities. On or before ~~April 15~~ *June 15* annually, the department of revenue shall file its final report on the ~~adjusted gross tax capacities and~~ adjusted net tax capacities established by the previous year's ~~assessment~~ *assessments and the current year's net tax capacity percentages* with the commissioner of education and each county auditor for those school districts for which the auditor has the responsibility for determination of local tax rates. A copy of the report so filed shall be mailed to the clerk of each district involved and to the county assessor or supervisor of assessments of the county or counties in which each district is located.

(b) [METHODOLOGY.] In making its annual assessment/sales ratio studies, the department of revenue shall use a methodology consistent with the most recent Standard on Assessment Ratio Studies published by the assessment standards committee of the International Association of Assessing Officers. The commissioner of revenue shall supplement this general methodology with specific procedures necessary for execution of the study in accordance with other Minnesota laws impacting the assessment/sales ratio study. The commissioner shall document these specific procedures in writing and shall publish the procedures in the State Register, but these procedures will not be considered "rules" pursuant to the Minnesota administrative procedure act. For purposes of this section, section 270.12, subdivision 2, clause (8), and section 278.05, subdivision 4, the commissioner of revenue shall exclude from the assessment/sales ratio study the sale of any nonagri-

cultural property which does not contain an improvement, if (1) the statutory basis on which the property's taxable value as most recently assessed is less than market value as defined in section 273.11, or (2) the property has undergone significant physical change or a change of use since the most recent assessment.

(c) [AGRICULTURAL LANDS.] For purposes of determining the ~~adjusted gross tax capacity and~~ adjusted net tax capacity of agricultural lands for the calculation of ~~adjusted gross tax capacities and~~ adjusted net tax capacities, the market value of agricultural lands shall be the price for which the property would sell in an arms length transaction.

(d) [FORCED SALES.] The commissioner may include forced sales in the assessment/sales ratio studies if it is determined by the commissioner that these forced sales indicate true market value.

(e) [STIPULATED VALUES.] *The estimated market value to be used in calculating sales ratios shall be the value established by the assessor before any stipulations resulting from appeals by property owners.*

(f) [SALES OF INDUSTRIAL PROPERTY.] *Separate sales ratios shall be calculated for commercial property and for industrial property. These two classes shall be combined only in jurisdictions in which there is not an adequate sample of sales in each class.*

Sec. 5. Minnesota Statutes 1992, section 124.73, subdivision 1, is amended to read:

Subdivision 1. The board of any school district may borrow money upon negotiable tax anticipation certificates of indebtedness, in the manner and subject to the limitations set forth in sections 124.71 to 124.76, for the purpose of anticipating general taxes theretofore levied by the district for school purposes, but the aggregate of such borrowing under this subdivision shall never exceed ~~50~~ *75* percent of such taxes which are due and payable in the calendar year, and as to which taxes no penalty for nonpayment or delinquency has attached. In determining the amount of taxes due and payable in the calendar year, any amounts paid by the state to replace such taxes, whether paid in that calendar year or not, shall be included.

Sec. 6. [124.755] [STATE PAYMENT OF DEBT OBLIGATION UPON POTENTIAL DEFAULT; REPAYMENT; STATE OBLIGATION NOT DEBT.]

Subdivision 1. [DEFINITIONS.] *For the purposes of this section, the term "debt obligation" means either a tax or aid anticipation certificate of indebtedness or a general obligation bond.*

Subd. 2. [NOTIFICATIONS; PAYMENT; APPROPRIATION.] *(a) If a school district believes that it may be unable to make a principal or interest payment on any outstanding debt obligation on the date that payment is due, it must notify the commissioner of education of that fact as soon as possible, but not less than 15 working days before the date that principal or interest payment is due. The notice shall include the name of the school district, an identification of the debt obligation issue in question, the date the payment is due, the amount of principal and interest due on the payment date, the amount of principal or interest that the school district will be unable to repay on that date, the paying agent for the debt obligation, the wire transfer instructions to transfer funds to that paying agent, and an indication as to whether a*

payment is being requested by the district under this section. If a paying agent becomes aware of a potential default, it shall inform the commissioner of education of that fact. After receipt of a notice which requests a payment under this section, after consultation with the school district and the paying agent, and after verification of the accuracy of the information provided, the commissioner of education shall notify the commissioner of finance of the potential default.

(b) Except as provided in subdivision 9, upon receipt of this notice from the commissioner of education, which must include a final figure as to the amount due that the school district will be unable to repay on the date due, the commissioner of finance shall issue a warrant and authorize the commissioner of education to pay to the paying agent for the debt obligation the specified amount on or before the date due. The amounts needed for the purposes of this subdivision are annually appropriated to the department of education from the state general fund.

(c) The departments of education and finance shall jointly develop detailed procedures for school districts to notify the state that they have obligated themselves to be bound by the provisions of this section, procedures for school districts and paying agents to notify the state of potential defaults and to request state payment under this section, and procedures for the state to expedite payments to prevent defaults. The procedures are not subject to chapter 14.

Subd. 3. [SCHOOL DISTRICT BOUND; INTEREST RATE ON STATE PAID AMOUNT.] *If, at the request of a school district, the state has paid part or all of the principal or interest due on a school district's debt obligation on a specific date, the school district is bound by all provisions of this section and the amount paid shall bear taxable interest from the date paid until the date of repayment at the state treasurer's invested cash rate as it is certified by the commissioner of finance. Interest shall only accrue on the amounts paid and outstanding less the reduction in aid under subdivision 4 and other payments received from the district.*

Subd. 4. [PLEDGE OF DISTRICT'S FULL FAITH AND CREDIT.] *If, at the request of a school district, the state has paid part or all of the principal or interest due on a school district's debt obligation on a specific date, the pledge of the full faith and credit and unlimited taxing powers of the school district to repay the principal and interest due on those debt obligations shall also, without an election or the requirement of a further authorization, become a pledge of the full faith and credit and unlimited taxing powers of the school district to repay to the state the amount paid, with interest. Amounts paid by the state shall be repaid in the order in which the state payments were made.*

Subd. 5. [AID REDUCTION FOR REPAYMENT.] *Except as provided in this subdivision, the state shall reduce the state aid payable to the school district under chapters 124, 124A, and 273, according to the schedule in section 124.155, subdivision 2, by the amount paid by the state under this section on behalf of the school district, plus the interest due on it, and the amount reduced shall revert from the appropriate account to the state general fund. Payments from the school endowment fund or any federal aid payments shall not be reduced. If, after review of the financial situation of the school district, the commissioner of education advises the commissioner of finance that a total reduction of the aids would cause an undue hardship on or an*

undue disruption of the educational program of the school district, the commissioner of education, with the approval of the commissioner of finance, may establish a different schedule for reduction of those aids to repay the state. The amount of aids to be reduced are decreased by any amounts repaid to the state by the school district from other revenue sources.

Subd. 6. [TAX LEVY FOR REPAYMENT.] *(a) With the approval of the commissioner of education, a school district may levy in the year the state makes a payment under this section an amount up to the amount necessary to provide funds for the repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. The proceeds of this levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. The amount of aids to be reduced to repay the state shall be decreased by the amount levied. This levy by the school district is not eligible for debt service equalization under section 124.95.*

(b) If the state is not repaid in full for a payment made under this section by November 30 of the calendar year following the year in which the state makes the payment, the commissioner of education must require the school district to certify a property tax levy in an amount up to the amount necessary to provide funds for repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. To prevent undue hardship, the commissioner may allow the district to certify the levy over a five-year period. The proceeds of the levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. If the commissioner orders the district to levy, the amount of aids reduced to repay the state shall be decreased by the amount levied. This levy by the school district is not eligible for debt service equalization under section 124.95 or any successor provision. A levy under this subdivision must be explained as a specific increase at the meeting required under section 275.065, subdivision 6.

Subd. 7. [ELECTION AS TO MANDATORY APPLICATION.] *A school district may covenant and obligate itself, prior to the issuance of an issue of debt obligations, to notify the commissioner of education of a potential default and to use the provisions of this section to guarantee payment of the principal and interest on those debt obligations when due. If the school district obligates itself to be bound by this section, it shall covenant in the resolution that authorizes the issuance of the debt obligations to deposit with the paying agent three business days prior to the date on which a payment is due an amount sufficient to make that payment or to notify the commissioner of education under subdivision 1 that it will be unable to make all or a portion of that payment. A school district that has obligated itself shall include a provision in its agreement with the paying agent for that issue that requires the paying agent to inform the commissioner of education if it becomes aware of a potential default in the payment of principal or interest on that issue or if, on the day two business days prior to the date a payment is due on that issue, there are insufficient funds to make the payment on deposit with the paying*

agent. If a school district either covenants to be bound by this section or accepts state payments under this section to prevent a default of a particular issue of debt obligations, the provisions of this section shall be binding as to that issue as long as any debt obligation of that issue remain outstanding. If the provisions of this section are or become binding for more than one issue of debt obligations and a district is unable to make payments on one or more of those issues, it shall continue to make payments on the remaining issues.

Subd. 8. [MANDATORY PLAN; TECHNICAL ASSISTANCE.] *If the state makes payments on behalf of a district under this section or the district defaults in the payment of principal or interest on an outstanding debt obligation, it shall submit a plan to the commissioner of education for approval specifying the measures it intends to implement to resolve the issues which led to its inability to make the payment and to prevent further defaults. The department shall provide technical assistance to the school district in preparing its plan. If the commissioner determines that a school district's plan is not adequate, the commissioner shall notify the school district that the plan has been disapproved, the reasons for the disapproval, and that the state shall not make future payments under this section for debt obligations issued after the date specified in that notice until its plan is approved. The commissioner may also notify the school district that until its plan is approved, other aids due the district will be withheld after a date specified in the notice.*

Subd. 9. [STATE BOND RATING.] *If the commissioner of finance determines that the credit rating of the state would be adversely affected thereby, the commissioner shall not issue warrants under subdivision 2 for the payment of principal or interest on any debt obligations for which a school district did not, prior to their issuance, obligate itself to be bound by the provisions of this section.*

Sec. 7. Minnesota Statutes 1992, section 124A.03, subdivision 1c, is amended to read:

Sec. 10. Minnesota Statutes 1992, section 124A.03, is amended by adding a subdivision to read:

Subd. 3b. [REFERENDUM ALLOWANCE REDUCTION.] *A district's referendum allowance under subdivision 1c is reduced by the amounts calculated in paragraphs (a), (b), and (c).*

(a) The referendum allowance reduction equals the amount by which a district's supplemental revenue reduction exceeds the district's supplemental revenue allowance for fiscal year 1993.

(b) Notwithstanding paragraph (a), if a district's initial referendum allowance is less than ten percent of the formula allowance for that year, the reduction equals the lesser of (1) an amount equal to $100, or (2) the amount calculated in paragraph (a).

(c) Notwithstanding paragraph (a) or (b), a school district's referendum allowance reduction equals (1) an amount equal to $100, times (2) one minus the ratio of 20 percent of the initial referendum allowance limit minus the district's initial referendum allowance limit to 20 percent of the formula allowance for that year if:

(i) the district's adjusted net tax capacity for assessment year 1992 per actual pupil unit for fiscal year 1995 is less than $3,000;

(ii) the district's net unappropriated operating fund balance as of June 30, 1993, divided by the actual pupil units for fiscal year 1995 is less than $200;

(iv) the district's initial referendum revenue authority for the current year divided by the district's net tax capacity for assessment year 1992 is greater than ten percent.

Sec. 11. Minnesota Statutes 1992, section 124A.04, subdivision 2, is amended to read:

Subd. 2. [1993 AND LATER.] The training and experience index ~~for fiscal year 1993 and later fiscal years~~ must be constructed in the following manner:

(a) The department shall construct a matrix that classifies teachers by the extent of training received in accredited institutions of higher education and by the years of experience that districts take into account in determining teacher salaries.

(b) The average salary for each cell of the matrix must be computed as follows using data from the second year of the previous biennium:

(1) For each school district, multiply the salary paid to full-time equivalent teachers with that combination of training and experience according to the district's teacher salary schedule by the number of actual pupil units in that district.

(2) Add the amounts computed in clause (1) for all districts in the state and divide the resulting sum by the total number of actual pupil units in all districts in the state that employ teachers.

(c) For each cell in the matrix, compute the ratio of the average salary in that cell to the average salary for all teachers in the state. ~~Cells of the matrix in lanes beyond the master's degree plus 30 credits lane must receive the same ratio as the cells in the master's degree plus 30 credits lane.~~

(d) The index for each district that employs teachers equals the sum of the ratios for each teacher in that district divided by the number of teachers in that district. The index for a district that employs no teachers is zero.

Sec. 12. Minnesota Statutes 1992, section 124A.22, subdivision 2, is amended to read:

Subd. 2. [BASIC REVENUE.] The basic revenue for each district equals the formula allowance times the actual pupil units for the school year. The formula allowance for ~~1992 and subsequent~~ fiscal years *1993 and 1994* is $3,050. *The formula allowance for fiscal year 1995 and subsequent fiscal years is $3,150.*

Sec. 13. Minnesota Statutes 1992, section 124A.22, subdivision 4, is amended to read:

Subd. 4. [TRAINING AND EXPERIENCE REVENUE.] (a) ~~For fiscal year 1992,~~ The *previous formula* training and experience revenue for each district equals the greater of zero or the result of the following computation:

(1) subtract 1.6 from the training and experience index;

(2) multiply the result in clause (1) by the product of $700 times the actual pupil units for the school year.

(b) ~~For 1993 and later fiscal years,~~ The maximum training and experience revenue for each district equals the greater of zero or the result of the following computation:

(1) subtract .8 from the training and experience index;

(2) multiply the result in clause (1) by the product of ~~$575~~ *$660* times the actual pupil units for the school year.

(c) ~~For 1993 and later fiscal years, the previous formula training and experience revenue for each district equals the amount of training and experience revenue computed for that district according to the formula used to compute training and experience revenue for fiscal year 1992.~~

~~(d) For fiscal year 1993, the training and experience revenue for each district equals the district's previous formula training and experience revenue plus one-fourth of the difference between the district's maximum training and~~

~~experience revenue and the district's previous formula training and experience revenue.~~

~~(e)~~ For fiscal year 1994, the training and experience revenue for each district equals the district's previous formula training and experience revenue plus one-half of the difference between the district's maximum training and experience revenue and the district's previous formula training and experience revenue.

~~(f)~~ *(d)* For fiscal year 1995, the training and experience revenue for each district equals the district's previous formula training and experience revenue plus three-fourths of the difference between the district's maximum training and experience revenue and the district's previous formula training and experience revenue.

~~(g)~~ *(e)* For fiscal year 1996 and thereafter, the training and experience revenue for each district equals the district's maximum training and experience revenue.

Sec. 14. Minnesota Statutes 1992, section 124A.22, subdivision 5, is amended to read:

Subd. 5. [DEFINITIONS.] The definitions in this subdivision apply only to subdivisions 6 and 6a.

(a) "High school" means a secondary school that has pupils enrolled in at least the 10th, 11th, and 12th grades. ~~If there is no secondary school in the district that has pupils enrolled in at least the 10th, 11th, and 12th grades, the commissioner shall designate one school in the district as a high school for the purposes of this section.~~

(b) "Secondary average daily membership" means, for a district that has only one high school, the average daily membership of resident pupils in grades 7 through 12. For a district that has more than one high school, "secondary average daily membership" for each high school means the product of the average daily membership of resident pupils in grades 7 through 12 in the high school, times the ratio of six to the number of grades in the high school.

(c) "Attendance area" means the total surface area of the district, in square miles, divided by the number of high schools in the district. *For a district that does not operate a high school and is less than 19 miles from the nearest operating high school, the attendance area equals zero.*

(d) "Isolation index" for a high school means the square root of one-half the attendance area plus the distance in miles, according to the usually traveled routes, between the high school and the nearest high school.

(e) "Qualifying high school" means a high school that has an isolation index greater than 23 and that has secondary average daily membership of less than 400.

(f) "Qualifying elementary school" means an elementary school that is located 19 miles or more from the nearest elementary school or from the nearest elementary school within the district and, in either case, has an elementary average daily membership of an average of 20 or fewer per grade.

(g) "Elementary average daily membership" means, for a district that has only one elementary school, the average daily membership of resident pupils

in kindergarten through grade 6. For a district that has more than one elementary school, "average daily membership" for each school means the average daily membership of kindergarten through grade 6 multiplied by the ratio of seven to the number of grades in the elementary school.

Sec. 15. Minnesota Statutes 1992, section 124A.22, subdivision 6, is amended to read:

Subd. 6. [SECONDARY SPARSITY REVENUE.] *(a)* A district's secondary sparsity revenue for a school year equals the sum of the results of the following calculation for each qualifying high school in the district:

(1) the formula allowance for the school year, multiplied by

(2) the secondary average daily membership of the high school, multiplied by

(3) the quotient obtained by dividing 400 minus the secondary average daily membership by 400 plus the secondary daily membership, multiplied by

(4) the lesser of one or the quotient obtained by dividing the isolation index minus 23 by ten.

(b) A newly formed school district that is the result of districts combining under the cooperation and combination program or consolidating under section 122.23 shall receive secondary sparsity revenue equal to the greater of: (1) the amount calculated under paragraph (a) for the combined district; or (2) the sum of the amounts of secondary sparsity revenue the former school districts had in the year prior to consolidation, increased for any subsequent changes in the secondary sparsity formula.

Sec. 16. Minnesota Statutes 1992, section 124A.22, subdivision 8, is amended to read:

Subd. 8. [SUPPLEMENTAL REVENUE.] (a) A district's supplemental revenue *allowance* for fiscal year ~~1992~~ *1994 and later fiscal years* equals the ~~product of the~~ district's supplemental revenue for fiscal year ~~1991 times the ratio of:~~

~~(1)~~ *1993 divided by* the district's ~~1991-1992~~ *1992-1993* actual pupil units; ~~to~~

~~(2) the district's 1990-1991 actual pupil units adjusted for the change in secondary pupil unit weighting from 1.35 to 1.3 made in section 124.17, subdivision 1.~~

(b) ~~If a district's minimum allowance exceeds the sum of its basic revenue, previous formula compensatory education revenue, previous formula training and experience revenue, secondary sparsity revenue, and elementary sparsity revenue per actual pupil unit for a fiscal year, and the excess is less than $250 per actual pupil unit, the district shall receive supplemental revenue equal to the amount of the excess times the actual pupil units for the school year. If the amount of the excess is more than $250 per actual pupil unit, the district shall receive the greater of (1) $250 times the actual pupil units; or (2) the amount of the excess times the actual pupil units less the sum of (i) the difference between the district's training and experience revenue and its previous formula training and experience revenue; and (ii) the difference between the district's compensatory education revenue and its previous formula compensatory~~

~~education revenue.~~ *A district's supplemental revenue allowance is reduced for fiscal year 1995 and later according to subdivision 9.*

(c) A district's supplemental revenue equals the supplemental revenue allowance, if any, times its actual pupil units for that year.

Sec. 17. Minnesota Statutes 1992, section 124A.22, subdivision 9, is amended to read:

Subd. 9. [~~DEFINITION FOR~~ SUPPLEMENTAL REVENUE *REDUCTION.*] ~~(a) The definition in this subdivision applies only to subdivision 8.~~

~~(b) "Minimum allowance" for a district means:~~

~~(1) the district's general education revenue for fiscal year 1992, according to subdivision 1; divided by~~

~~(2) the district's 1991-1992 actual pupil units.~~ *A district's supplemental revenue allowance is reduced by the sum of:*

(1) the sum of one-fourth of the difference of:

(i) the sum of the district's training and experience revenue and compensatory revenue per actual pupil unit for that fiscal year, and

(ii) the sum of district's training and experience revenue and compensatory revenue per actual pupil unit for fiscal year 1994; and

(2) the difference between the formula allowance for the current fiscal year and $3,050.

A district's supplemental revenue allowance may not be less than zero.

Sec. 18. [124A.225] [LEARNING AND DEVELOPMENT REVENUE AMOUNT AND USE.]

Subdivision 1. [REVENUE.] *Of a district's general education revenue an amount equal to the sum of the number of elementary pupil units defined in section 124.17, subdivision 1, clause (f) and kindergarten pupil units as defined in section 124.17, subdivision 1, clause (e), times .03 for fiscal year 1994 and .06 for fiscal year 1995 and thereafter times the formula allowance must be reserved according to this section. A district that is not subject to a supplemental revenue reduction under section 17 or a referendum revenue reduction under section 10 must reserve an additional amount of revenue equal to $100 times the district's actual pupil units times the ratio of the district's elementary average daily membership to the district's average daily membership according to this section. The revenue must be placed in a learning and development reserved account and may only be used according to this section. The ratio for fiscal year 1995 is adjusted by adding an amount equal to the ratio of the difference between the formula allowance for fiscal year 1995 minus 3,150 to 10,000.*

Subd. 2. [INSTRUCTOR DEFINED.] *Primary instructor means a public employee licensed by the board of teaching whose duties are full-time instruction, excluding a teacher for whom categorical aids are received pursuant to sections 124.273 and 124.32. Except as provided in section 125.230, subdivision 6, instructor does not include supervisory and support personnel, except school social workers as defined in section 125.03. An instructor whose duties are less than full-time instruction must be included as*

an equivalent only for the number of hours of instruction in grades K through 6.

Subd. 3. [INSTRUCTION CONTACT TIME.] *Instruction may be provided by a primary instructor, by a team of instructors, or by teacher resident supervised by a primary instructor. The district must maximize instructor to learner average instructional contact time.*

Subd. 4. [REVENUE USE.] *Revenue shall be used to reduce and maintain the district's instructor to learner ratios in kindergarten through grade 6 to a level of 1 to 17 on average. The district must prioritize the use of the revenue to attain this level initially in kindergarten and grade 1 and then through the subsequent grades as revenue is available. The revenue may be used to prepare and use an individualized learning plan for each learner. A district must not increase the district wide instructor-learner ratios in other grades as a result of reducing instructor-learner ratios in kindergarten through grade 6. Revenue may not be used to provide instructor preparation time or to provide the district's share of revenue required under section 124.311. Revenue may be used to continue employment for nonlicensed staff employed in the district on the effective date of this act under Minnesota Statutes 1992, section 123.331, subdivision 2.*

Subd. 5. [ADDITIONAL REVENUE USE.] *If the school board of a school district determines that the district has achieved and is maintaining the instructor-learner ratios specified in subdivision 4 and is using individualized learning plans, the school board may use the revenue to purchase material and services or provide staff development needed for reduced instructor-learner ratios. If additional revenue remains, the district must use the revenue to improve program offerings, including programs provided through interactive television, throughout the district or other general education purposes.*

Sec. 19. Minnesota Statutes 1992, section 124A.23, subdivision 1, is amended to read:

Subdivision 1. [GENERAL EDUCATION TAX RATE.] The commissioner shall establish the general education tax rate by July 1 of each year for levies payable in the following year. The general education tax capacity rate shall be a rate, rounded up to the nearest tenth of a percent, that, when applied to the adjusted net tax capacity for all districts, raises the amount specified in this subdivision. The general education tax rate shall be the rate that raises ~~$916,000,000 for fiscal year 1993 and~~ $969,800,000 for fiscal year 1994, *$1,044,000,000 for fiscal year 1995* and later fiscal years. The general education tax rate may not be changed due to changes or corrections made to a district's adjusted net tax capacity after the tax rate has been established.

Sec. 20. Minnesota Statutes 1992, section 124A.23, subdivision 5, is amended to read:

Subd. 5. [USES OF REVENUE.] *Except as provided in section 124A.225,* general education revenue may be used during the regular school year and the summer for general and special school purposes.

Sec. 21. Minnesota Statutes 1992, section 124A.24, is amended to read:

124A.24 [GENERAL EDUCATION LEVY EQUITY.]

If a district's general education levy is determined according to section 124A.23, subdivision 3, an amount must be deducted from state aid

authorized in this chapter and chapters 124 and 124B, receivable for the same school year, and from other state payments receivable for the same school year authorized in chapter 273. The aid in section 124.646 must not be reduced.

The amount of the deduction equals the difference between:

(1) the general education tax rate, according to section 124A.23, times the district's adjusted net tax capacity used to determine the general education aid for the same school year; and

(2) the district's general education revenue, excluding training and experience revenue and supplemental revenue, for the same school year, according to section 124A.22.

~~However, for fiscal year 1992, the amount of the deduction shall be four-sixths of the difference between clauses (1) and (2); and for fiscal year 1993, the amount of the deduction shall be five-sixths of the difference between clauses (1) and (2).~~

Sec. 22. Minnesota Statutes 1992, section 124A.26, subdivision 1, is amended to read:

Subdivision 1. [REVENUE REDUCTION.] A district's general education revenue for a school year shall be reduced if the estimated net unappropriated operating fund balance as of June 30 in the prior school year exceeds ~~$600~~ *25 percent of the formula allowance for the current fiscal year* times the fund balance pupil units in the prior year. For purposes of this subdivision and section 124.243, subdivision 2, fund balance pupil units means the number of resident pupil units in average daily membership, including shared time pupils, according to section 124A.02, subdivision 20, plus

(1) pupils attending the district for which general education aid adjustments are made according to section 124A.036, subdivision 5; minus

(2) the sum of the resident pupils attending other districts for which general education aid adjustments are made according to section 124A.036, subdivision 5, plus pupils for whom payment is made according to section 126.22, subdivision 8, or 126.23. The amount of the reduction shall equal the lesser of:

(1) the amount of the excess, or

(2) ~~$150~~ *$250* times the actual pupil units for the school year.

The final adjustment payments made under section 124.195, subdivision 6, must be adjusted to reflect actual net operating fund balances as of June 30 of the prior school year.

Sec. 23. Minnesota Statutes 1992, section 124A.26, is amended by adding a subdivision to read:

Subd. 4. [ALLOCATION AMONG OPERATING FUNDS.] *The revenue reduction required under this section must be allocated to the transportation fund and the community service fund in the following manner:*

(1) each year, a school district shall calculate the ratio of the transportation net unappropriated operating fund balance and the community service net unappropriated operating fund balance to the total net unappropriated operating fund balance;

(2) multiply the ratios computed in clause (1) by the total fund balance reduction required under this section;

(3) the school district shall transfer the amounts, if any, calculated in clause (2) from the transportation and community service funds to the general fund.

Sec. 24. [124A.698] [POLICY.]

Financing the education of our children is one of state government's most important functions. In performing this function, the state seeks to provide sufficient funding while encouraging equity, accountability, and incentives toward quality improvement. To help achieve these goals and to help control future spending growth, the state will fund core instruction and related support services, will facilitate improvement in the quality and delivery of programs and services, and will equalize revenues raised locally for discretionary purposes.

Sec. 25. Minnesota Statutes 1992, section 124A.70, is amended to read:

124A.70 [~~BASIC~~ *CORE* INSTRUCTIONAL AID.]

Subdivision 1. [BASIC OUTCOMES.] Basic outcomes are defined as learner outcomes that must be achieved as a requirement for graduation, specified in rule by the state board of education. Basic outcomes are ~~those outcomes that have standards of achievement determined by the state board~~ *the basic knowledge and skills determined necessary by the board for graduates to become productive employees, parents, and citizens. The board shall review and amend, if necessary, its graduation rule every two years.*

Subd. 2. [AID AMOUNT.] ~~Basic~~ *Core* instructional aid is equal to the ~~aid allowance~~ *cost determined necessary by the legislature to achieve the basic outcomes for each student* times the number of *actual* pupil units for the school year *plus support services aid for the district as determined under section 124A.711*. The *core instructional* aid allowance for fiscal year ~~2000~~ *1998* and thereafter is zero.

~~Subd. 3. [SPECIAL NEED AID.] Each district shall receive special need aid equal to zero times the number of actual pupil units for the school year times the district's special need index.~~

~~Subd. 4. [COST DIFFERENTIAL AID.] Each district shall receive aid equal to zero times the number of actual pupil units for the school year times its cost differential index. This aid is only available if the district has implemented a career teacher program.~~

Subd. 3a. [AID TO LEARNING SITES.] *Each district is encouraged to direct core instructional aid to the learning sites in the district and minimize the core instructional aid used for other programs or services. Each district shall, to the extent possible, facilitate allocation of each learning site's core instructional aid by site management teams consisting of site administrators, teachers, parents, and other interested persons.*

Subd. 5. [AID USES.] Aid received under this section may only be used to deliver instructional services needed to assure that all pupils in the district achieve *the* basic outcomes through the following ~~uses~~ *programs and services*:

(1) salaries and benefits for licensed and nonlicensed instructional staff used to instruct or direct instructional delivery or provide academic instructional support services;

(2) instructional supplies and resources including, but not limited to, curricular materials, maps, individualized instructional materials, test materials, and other related supplies;

(3) ~~tuition~~ payments to other service providers for direct instruction or instructional materials; ~~and~~

(4) computers, interactive television, and other technologically related equipment used in the direct delivery of instruction~~.~~*;*

(5) programs and services related to students' academic and career progression including, but not limited to, community- and work-based learning through mentoring, community service, and youth apprenticeships;

(6) early childhood education programs designed to ensure that students are ready to learn when they enter the education system; and

(7) activities related to measurement of student progress toward basic outcomes.

Sec. 26. [124A.711] [SUPPORT SERVICES AID.]

Subdivision 1. [SUPPORT SERVICES.] *"Support services" means services and programs beyond the core instruction considered essential to allow students to achieve the basic outcomes including, but not limited to, the following:*

(1) counselors, psychologists, and social workers;

(2) services and programs for students needing special education and handicapped children aged zero to three;

(3) health care, including early childhood screening;

(4) transportation;

(5) nutrition programs;

(6) libraries and other media and information centers;

(7) programs for specialized curricula relating to programs such as violence prevention, AIDS awareness and prevention, and drug abuse prevention; and

(8) programs and services for students judged to be at high risk of not completing their education or otherwise having a social or economic problems in excess of other students.

Subd. 2. [DETERMINATION OF AID.] *The total amount of support services aid shall be determined according to indices for each service recommended by the commissioner of education after consultations with appropriate state agencies, educators, and other interested persons. The commissioner shall recommend indices and aid amounts to the legislature by February 1 of each odd-numbered year. The indices shall reflect the need for each service based on the economic, geographic, demographic, and other appropriate characteristics of each district.*

Sec. 27. Minnesota Statutes 1992, section 273.13, subdivision 23, is amended to read:

Subd. 23. [CLASS 2.] (a) Class 2a property is agricultural land including any improvements that is homesteaded. The market value of the house and garage and immediately surrounding one acre of land has the same class rates as class 1a property under subdivision 22. ~~If the market value of the house, garage, and surrounding one acre of land is less than $115,000,~~ The value of the remaining land including improvements ~~equal~~ *up* to ~~the difference between~~ $115,000 ~~and the market value of the house, garage, and surrounding one acre of land~~ has a net class rate of .45 percent of market value and a gross class rate of 1.75 percent of market value. The remaining value of class 2a property over $115,000 of market value that does not exceed 320 acres has a net class rate of ~~1.3~~ *one* percent of market value, and a gross class rate of 2.25 percent of market value. The remaining property over the $115,000 market value in excess of 320 acres has a class rate of ~~1.6~~ *1.5* percent of market value, and a gross class rate of 2.25 percent of market value.

(b) Class 2b property is (1) real estate, rural in character and used exclusively for growing trees for timber, lumber, and wood and wood products; and (2) real estate that is nonhomestead agricultural land. Class 2b property has a net class rate of ~~1.6~~ *1.5* percent of market value, and a gross class rate of 2.25 percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural use may include pasture, timber, waste, unusable wild land, and land included in state or federal farm programs. "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products.

(d) Real estate of less than ten acres used principally for raising or cultivating agricultural products, shall be considered as agricultural land, if it is not used primarily for residential purposes.

(e) The term "agricultural products" as used in this subdivision includes:

(1) livestock, dairy animals, dairy products, poultry and poultry products, fur-bearing animals, horticultural and nursery stock described in sections 18.44 to 18.61, fruit of all kinds, vegetables, forage, grains, bees, and apiary products by the owner;

(2) fish bred for sale and consumption if the fish breeding occurs on land zoned for agricultural use;

(3) the commercial boarding of horses if the boarding is done in conjunction with raising or cultivating agricultural products as defined in clause (1); and

(4) property which is owned and operated by nonprofit organizations used for equestrian activities, excluding racing.

(f) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

(1) wholesale and retail sales;

(2) processing of raw agricultural products or other goods;

(3) warehousing or storage of processed goods; and

(4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3),

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

Sec. 28. Minnesota Statutes 1992, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of local tax rates.

(c) ~~"Gross tax capacity" means the product of the gross class rates and estimated market values. "Total gross tax capacity" means the gross tax capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the gross tax capacity of transmission lines deducted from a local government's total gross tax capacity under section 273.425. Gross tax capacity cannot be less than zero.~~

~~(d)~~ "Net tax capacity" means the product of (i) the appropriate net class rates for the year in which the aid is payable, except that ~~for aids payable in 1992 the class rate applied to class 4b property shall be 2.9 percent; the class rate applied to class 4a property shall be 3.55 percent; the class rate applied to noncommercial seasonal recreational residential property shall be 2.25 percent; and the class rates applied to portions of class 1a, 1b, and 2a property shall be 2 percent for the market value between $68,000 and $110,000 and 2.5 percent for the market value over $110,000;~~ for aid payable in 1993 the class rate applicable to class 4a shall be 3.5 percent; and the class rate applicable to class 4b shall be 2.65 percent; and for aid payable in 1994 the class rate applicable to class 4b shall be 2.4 percent *and the class rate applicable to class 2a property over $115,000 market value and less than 320 acres is 1.15 percent*, and (ii) estimated market values for the assessment two years prior to that in which aid is payable. *The exclusion of the value of the house, garage, and one acre from the first tier of agricultural homestead property must not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1994.* ~~The reclassification of mobile home parks as class~~

~~4e shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991 or 1992. Any reclassification of property by Laws 1991, chapter 291, shall not be considered in determining net tax capacity for aids payable in 1992.~~ "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. For purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

~~(e)~~ *(d)* "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all property within the unique taxing jurisdiction. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the previous net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

~~(f)~~ *(e)* "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. The equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

school district shall hold a public hearing to review its current budget and adopt its property tax levy for taxes payable in the following year.

At the hearing, the taxing authority, other than a school district, may amend the proposed budget and property tax levy and must adopt a final budget and property tax levy, and the school district may amend the proposed property tax levy and must adopt a final property tax levy.

The property tax levy certified under section 275.07 by a city, county, or school district must not exceed the proposed levy determined under subdivision 1, except by an amount up to the sum of the following amounts:

During the discussion, the governing body shall hear comments regarding a proposed increase and explain the reasons for the proposed increase. The public shall be allowed to speak and to ask questions prior to adoption of any measures by the governing body. Subd. 4. [SCHOOL DISTRICTS.] (a) 27.5 cents per taxable ton plus the increase provided in paragraph (d) must be allocated to qualifying school districts to be distributed, based upon the certification of the commissioner of revenue, under paragraphs (b) and (c).

(b) 5.5 cents per taxable ton must be distributed to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The distribution must be based on the apportionment formula prescribed in subdivision 2.

(c)(i) 22 cents per taxable ton, less any amount distributed under paragraph (e), shall be distributed to a group of school districts comprised of those school districts in which the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 in direct proportion to school district indexes as follows: for each school district, its pupil units determined under section 124.17 for the ~~prior~~ *second previous* school year shall be multiplied by the ratio of the average adjusted net tax capacity per pupil unit for school districts receiving aid under this clause as calculated pursuant to chapter 124A for the school year ending prior to distribution to the adjusted net tax capacity per pupil unit of the district. Each district shall receive that portion of the distribution which its index bears to the sum of the indices for all school districts that receive the distributions.

(ii) Notwithstanding clause (i), each school district that receives a distribution under sections 298.018; 298.23 to 298.28, exclusive of any amount received under this clause; 298.34 to 298.39; 298.391 to 298.396; 298.405; or any law imposing a tax on severed mineral values that is less than the amount of its levy reduction under section 124.918, subdivision 8, for the second year prior to the year of the distribution shall receive a distribution equal to the difference; the amount necessary to make this payment shall be derived from proportionate reductions in the initial distribution to other school districts under clause (i).

(d) ~~On July 15, in years prior to 1988, an amount equal to the increase derived by increasing the amount determined by paragraph (c) in the same~~

~~proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in paragraph (c) where a levy increase pursuant to section 124A.03, subdivision 2, is authorized by referendum, according to the following formula. On July 15, 1988, the increase over the amount established for 1987 shall be determined as if there had been an increase in the tax rate under section 298.24, subdivision 1, paragraph (b), according to the increase in the implicit price deflator.~~ On July 15, ~~1989~~ *1994*, ~~1990,~~ and ~~1991,~~ ~~the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1, paragraph (a). In 1992 and 1993, the amount distributed per ton shall be the same as that determined for distribution in 1991. In 1994, the amount distributed per ton shall be equal to the amount per ton distributed in 1991 increased in the same proportion as the increase between the fourth quarter of 1988 and the fourth quarter of 1992 in the implicit price deflator as defined in section 298.24, subdivision 1. On July 15, 1995, and subsequent years,~~ *and subsequent years, an amount equal to the increase derived by increasing the amount determined by paragraph (c) shall be distributed to any school district described in paragraph (c) where a levy increase pursuant to section 124A.03, subdivision 2, is authorized by referendum according to the following formula,* the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1, *paragraph (a)*. Each district shall receive the product of:

(i) $175 times the pupil units identified in section 124.17, subdivision 1, enrolled in the second previous year or the 1983-1984 school year, whichever is greater, less the product of 1.8 percent times the district's taxable net tax capacity in the second previous year; times

(ii) the lesser of:

(A) one, or

(B) the ratio of the sum of the amount certified pursuant to section 124A.03, subdivision 1g, in the previous year, plus the amount certified pursuant to section 124A.03, subdivision 1i, in the previous year, plus the referendum aid according to section 124A.03, subdivision 1h, for the current year, to the product of 1.8 percent times the district's taxable net tax capacity in the second previous year.

If the total amount provided by paragraph (d) is insufficient to make the payments herein required then the entitlement of $175 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to paragraph (d) shall not be applied to reduce general education aid which the district receives pursuant to section 124A.23 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of iron range resources and rehabilitation who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection trust fund as provided in subdivision 11.

Each district receiving money according to this paragraph shall reserve $25 times the number of pupil units in the district. It may use the money for early childhood programs or for outcome-based learning programs that enhance the

(e) items of personal use or products which a student has an option to purchase such as student publications, class rings, annuals, and graduation announcements;

(f) fees specifically permitted by any other statute, including but not limited to section 171.04, subdivision 1, clause (1);

(j) transportation of pupils to and from extra curricular activities conducted at locations other than school, where attendance is optional;

(k) transportation of pupils to and from school for which aid is not authorized under section 124.223, subdivision 1, and for which levy is not authorized under section 124.226, subdivision 5, if a district charging fees for transportation of pupils establishes guidelines for that transportation to ensure that no pupil is denied transportation solely because of inability to pay;

(l) motorcycle classroom education courses conducted outside of regular school hours; provided the charge shall not exceed the actual cost of these courses to the school district;

(m) transportation to and from post-secondary institutions for pupils enrolled under the post-secondary enrollment options program under section 123.39, subdivision 16. Fees collected for this service must be reasonable and shall be used to reduce the cost of operating the route. Families who qualify for mileage reimbursement under section 123.3514, subdivision 8, may use their state mileage reimbursement to pay this fee. If no fee is charged, districts shall allocate costs based on the number of pupils riding the route.

Sec. 3. Minnesota Statutes 1992, section 123.39, is amended by adding a subdivision to read:

Subd. 15. [PUPIL TRANSPORT ON STAFF DEVELOPMENT DAYS.] *A school district may provide bus transportation between home and school for pupils on days devoted to parent-teacher conferences, teacher's workshops, or other staff development opportunities. If approved by the commissioner as part of a program of educational improvement, the cost of providing this transportation, as determined by generally accepted accounting principles, must be considered part of the authorized cost for regular transportation for the purposes of section 124.225. The commissioner shall approve inclusion of these costs in the regular transportation category only if the total number of instructional hours in the school year divided by the total number of days for which transportation is provided equals or exceeds the number of instructional hours per day prescribed in the rules of the state board.*

Sec. 4. Minnesota Statutes 1992, section 123.39, is amended by adding a subdivision to read:

Subd. 16. [POST-SECONDARY ENROLLMENT OPTIONS PUPILS.] *School districts may provide bus transportation along school bus routes established to provide nonregular transportation as defined in section 124.225, subdivision 1, paragraph (c), clause (2), when space is available, for pupils attending programs at a post-secondary institution under the post-secondary enrollment options program. The transportation is permitted only if it does not increase the district's expenditures for transportation. Fees*

collected for this service under section 120.73, subdivision 1, paragraph (m), shall be subtracted from the authorized cost for nonregular transportation for the purpose of section 124.225.

Sec. 5. Minnesota Statutes 1992, section 124.225, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision have the meanings given to them.

(a) "FTE" means a ~~transported~~ full-time equivalent pupil whose transportation is authorized for aid purposes by section 124.223.

(b) "Authorized cost for regular transportation" means the sum of:

(1) all expenditures for transportation in the regular category, as defined in paragraph (c), clause (1), for which aid is authorized in section 124.223, plus

(2) an amount equal to one year's depreciation on the district's school bus fleet and mobile units computed on a straight line basis at the rate of 12-1/2 percent per year of the cost of the fleet, plus

(3) an amount equal to one year's depreciation on district school buses reconditioned by the department of corrections computed on a straight line basis at the rate of 33-1/3 percent per year of the cost to the district of the reconditioning, plus

(4) an amount equal to one year's depreciation on the district's type three school buses, as defined in section 169.01, subdivision 6, paragraph (c), which were purchased after July 1, 1982, for authorized transportation of pupils, with the prior approval of the commissioner, computed on a straight line basis at the rate of 20 percent per year of the cost of the type three school buses.

(c) "Transportation category" means a category of transportation service provided to pupils as follows:

(1) Regular transportation is transportation services provided during the regular school year under section 124.223, subdivisions 1 and 2, excluding the following transportation services provided under section 124.223, subdivision 1: transportation between schools; noon transportation to and from school for kindergarten pupils attending half-day sessions; transportation of pupils to and from schools located outside their normal attendance areas under the provisions of a plan for desegregation mandated by the state board of education or under court order; and transportation of elementary pupils to and from school within a mobility zone.

(2) Nonregular transportation is transportation services provided under section 124.223, subdivision 1, that are excluded from the regular category and transportation services provided under section 124.223, subdivisions 3, 4, 5, 6, 7, 8, 9, and 10.

(3) Excess transportation is transportation to and from school during the regular school year for secondary pupils residing at least one mile but less than two miles from the public school they could attend or from the nonpublic school actually attended, and transportation to and from school for pupils residing less than one mile from school who are transported because of extraordinary traffic, drug, or crime hazards.

(4) Desegregation transportation is transportation during the regular school year of pupils to and from schools located outside their normal attendance areas under a plan for desegregation mandated by the state board or under court order.

(e) "Current year" means the school year for which aid will be paid.

(f) "Base year" means the second school year preceding the school year for which aid will be paid.

(g) "Base cost" means the ratio of:

(1) the sum of the authorized cost in the base year for regular transportation as defined in paragraph (b) plus the actual cost in the base year for excess transportation as defined in paragraph (c);

(2) to the sum of the number of weighted ~~FTE pupils transported~~ *FTE's* in the regular and excess categories in the base year.

(h) "Pupil weighting factor" for the excess transportation category for a school district means the lesser of one, or the result of the following computation:

(2) Raise the result in clause (1) to the one-fifth power.

(3) Divide four-tenths by the result in clause (2).

The pupil weighting factor for the regular transportation category is one.

(i) "Weighted FTE's" means the number of FTE's in each transportation category multiplied by the pupil weighting factor for that category.

(j) "Sparsity index" for a school district means the greater of .005 or the ratio of the square mile area of the school district to the sum of the number of weighted FTE's ~~transported~~ by the district in the regular and excess categories in the base year.

(k) "Density index" for a school district means the greater of one or the result obtained by subtracting the product of the district's sparsity index times 20 from two.

(l) "Contract transportation index" for a school district means the greater of one or the result of the following computation:

(m) "Adjusted predicted base cost" means the predicted base cost as computed in subdivision 3a as adjusted under subdivision 7a.

(n) "Regular transportation allowance" means the adjusted predicted base cost, inflated and adjusted under subdivision 7b.

Sec. 6. Minnesota Statutes 1992, section 124.225, subdivision 3a, is amended to read:

Subd. 3a. [PREDICTED BASE COST.] A district's predicted base cost equals the result of the following computation:

(a) Multiply the transportation formula allowance by the district's sparsity index raised to the one-fourth power. The transportation formula allowance is ~~$421~~ *$447* for the ~~1989-1990~~ *1991-1992* base year and ~~$434~~ *$463* for the ~~1990-1991~~ *1992-1993* base year.

(b) Multiply the result in paragraph (a) by the district's density index raised to the 35/100 power.

(c) Multiply the result in paragraph (b) by the district's contract transportation index raised to the 1/20 power.

Sec. 7. Minnesota Statutes 1992, section 124.225, subdivision 7b, is amended to read:

Subd. 7b. [INFLATION FACTORS.] The adjusted predicted base cost determined for a district under subdivision 7a for the base year must be increased by ~~4.0~~ *2.35* percent to determine the district's regular transportation allowance for the ~~1991-1992~~ *1993-1994* school year and by ~~2.0~~ *3.425* percent to determine the district's regular transportation allowance for the ~~1992-1993~~ *1994-1995* school year, but the regular transportation allowance for a district cannot be less than the district's minimum regular transportation allowance according to Minnesota Statutes 1990, section 124.225, subdivision 1, paragraph (t).

Sec. 8. Minnesota Statutes 1992, section 124.225, subdivision 7d, is amended to read:

Subd. 7d. [TRANSPORTATION REVENUE.] Transportation revenue for each district equals the sum of the district's regular transportation revenue and the district's nonregular transportation revenue.

(a) The regular transportation revenue for each district equals the district's regular transportation allowance according to subdivision 7b times the sum of the number of FTE's ~~transported~~ by the district in the regular, desegregation, and handicapped categories in the current school year.

(b) ~~The nonregular transportation revenue for each district for the 1991-1992 school year equals the lesser of the district's actual costs in the 1991-1992 school year for nonregular transportation services or the product of the district's actual cost in the 1990-1991 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), times the ratio of the district's average daily membership for the 1991-1992 school year to the district's average daily membership~~

~~for the 1990-1991 school year according to section 124.17, subdivision 2, times 1.03, minus the amount of regular transportation revenue attributable to FTE's transported in the desegregation and handicapped categories in the current school year, plus the excess nonregular transportation revenue for the 1991-1992 school year according to subdivision 7e.~~

~~(c)~~ For the 1992-1993 and later school years, the nonregular transportation revenue for each district equals the lesser of the district's actual cost in the current school year for nonregular transportation services or the product of the district's actual cost in the base year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), times the ratio of the district's average daily membership for the current year to the district's average daily membership for the base year according to section 124.17, subdivision 2, times the nonregular transportation inflation factor for the current year, minus the amount of regular transportation revenue attributable to FTE's ~~transported~~ in the desegregation and handicapped categories in the current school year, plus the excess nonregular transportation revenue for the current year according to subdivision 7e. The nonregular transportation inflation factor *is 1.0435* for the ~~1992-1993~~ *1993-1994* school year ~~is 1.061~~ *and 1.03425 for the 1994-1995 school year.*

Sec. 9. Minnesota Statutes 1992, section 124.225, subdivision 7e, is amended to read:

Subd. 7e. [EXCESS NONREGULAR TRANSPORTATION REVENUE.] ~~(a) A district's excess nonregular transportation revenue for the 1991-1992 school year equals an amount equal to 80 percent of the difference between:~~

~~(1) the district's actual cost in the 1991-1992 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), and~~

~~(2) the product of the district's actual cost in the 1990-1991 school year for nonregular transportation services as defined for the 1991-1992 school year in subdivision 1, paragraph (c), times 1.15, times the ratio of the district's average daily membership for the 1991-1992 school year to the district's average daily membership for the 1990-1991 school year.~~

~~(b)~~ A district's excess nonregular transportation revenue for ~~the~~ 1992-1993 ~~school year~~ and later school years equals an amount equal to 80 percent of the difference between:

(1) the district's actual cost in the current year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), and

(2) the product of the district's actual cost in the base year for nonregular transportation services as defined for the current year in subdivision 1, paragraph (c), times 1.30, times the ratio of the district's average daily membership for the current year to the district's average daily membership for the base year.

~~(c) The state total excess nonregular transportation revenue must not exceed $2,000,000 for the 1991-1992 school year and $2,000,000 for the 1992-1993 school year. If the state total revenue according to paragraph (a) or (b) exceeds the limit set in this paragraph, the excess nonregular transportation revenue for each district equals the district's revenue according to paragraph (a) or (b), times the ratio of the limitation set in this paragraph to the state total revenue according to paragraph (a) or (b).~~

Sec. 10. Minnesota Statutes 1992, section 124.226, subdivision 3, is amended to read:

Subd. 3. [OFF-FORMULA ADJUSTMENT.] In a district if the basic transportation levy under subdivision 1 attributable to that fiscal year is more than the difference between (1) the district's transportation revenue under section 124.225, subdivision 7d, and (2) the sum of the district's maximum nonregular levy under subdivision 4 and the district's contracted services aid reduction under section 124.225, subdivision 8k, and the amount of any reduction due to insufficient appropriation under section 124.225, subdivision 8a, the district's transportation levy in the second year following each fiscal year must be reduced by *the difference between* the amount of the excess *and the amount of the aid reduction for the same fiscal year according to subdivision 3a.*

Sec. 11. Minnesota Statutes 1992, section 124.226, is amended by adding a subdivision to read:

Subd. 3a. [TRANSPORTATION LEVY EQUITY.] *(a) If a district's basic transportation levy for a fiscal year is adjusted according to subdivision 3, an amount must be deducted from the state payments that are authorized in chapter 273 and that are receivable for the same fiscal year. The amount of the deduction equals the difference between:*

(1) the district's transportation revenue under section 124.225, subdivision 7d; and

(2) the sum of the district's maximum basic transportation levy under subdivision 1, the district's maximum nonregular levy under subdivision 4, the district's maximum excess transportation levy under subdivision 5, the district's contracted services aid reduction under section 124.225, subdivision 8k, and the amount of any reduction due to insufficient appropriation under section 124.225, subdivision 8a.

(b) Notwithstanding paragraph (a), for fiscal year 1995, the amount of the deduction is one-fourth of the difference between clauses (1) and (2); for fiscal year 1996, the amount of the deduction is one-half of the difference between clauses (1) and (2); and for fiscal year 1997, the amount of the deduction is three-fourths of the difference between clauses (1) and (2).

(c) The amount of the deduction in any fiscal year must not exceed the amount of state payments that are authorized in chapter 273 and that are receivable for the same fiscal year in the district's transportation fund.

Sec. 12. Minnesota Statutes 1992, section 124.226, subdivision 9, is amended to read:

Subd. 9. [LATE ACTIVITY BUSES.] (a) A school district may levy an amount equal to the lesser of:

(2) two percent of the district's regular transportation revenue for that school year according to section 124.225, subdivision 7d, paragraph (a).

(b) A district that levies under this section must provide late transportation ~~home~~ from school for students participating in any academic-related activities provided by the district if transportation is provided for students participating in athletic activities.

~~(c) A district may levy under this subdivision only if the district provided late transportation home from school during fiscal year 1991.~~

Sec. 13. Laws 1991, chapter 265, article 2, section 19, subdivision 2, is amended to read:

Subd. 2. [TRANSPORTATION AID.] For transportation aid according to Minnesota Statutes, section 124.225:

$116,340,000 1992

$123,133,000 1993

The 1992 appropriation includes $17,679,000 for 1991 and $98,661,000 for 1992.

The 1993 appropriation includes $17,146,000 for 1992 and $105,987,000 for 1993.

~~$1,500,000~~ *$2,000,000* in fiscal year 1992 and ~~$1,000,000~~ *$500,000* in fiscal year 1993 are for desegregation costs not funded in the regular or nonregular transportation formulas. The department shall allocate these amounts in proportion to the unfunded desegregation costs. Any excess of the 1992 amount is not available for transfer under Minnesota Statutes, section 124.14, subdivision 7 and is available for unfunded desegregation costs in 1993.

In fiscal year 1992, only, for purposes of this subdivision, "desegregation costs" means all expenditures for desegregation transportation as defined in Minnesota Statutes, section 124.225, subdivision 1, paragraph (c), clause (4), for which aid is authorized in Minnesota Statutes, section 124.223, plus an amount equal to one year's depreciation, computed according to Minnesota Statutes, section 124.225, subdivision 1, paragraph (b), clauses (2), (3), and (4), on district school buses used primarily for desegregation transportation.

Sec. 14. [ADDITIONAL LATE ACTIVITY LEVY.]

A school district that is eligible to certify a levy under section 12 and was not eligible to certify a levy in 1992 under Minnesota Statutes, section 124.226, subdivision 9, may certify an additional amount in 1993 for taxes payable in 1994 equal to the amount it would have been authorized to certify in 1992 for taxes payable in 1993 had it been eligible. A levy authorized under this section must be recognized according to Minnesota Statutes, section 124.918, subdivision 6.

Sec. 15. [APPROPRIATIONS.]

Subdivision 1. [DEPARTMENT OF EDUCATION.] *The sums indicated in this section are appropriated from the general fund to the department of education for the fiscal years designated.*

ARTICLE 3

SPECIAL PROGRAMS

Section 1. Minnesota Statutes 1992, section 120.17, subdivision 2, is amended to read:

Subd. 2. [METHOD OF SPECIAL INSTRUCTION.] (a) Special instruction and services for children with a disability must be based on the assessment and individual education plan. The instruction and services may be provided by one or more of the following methods:

(1) in connection with attending regular elementary and secondary school classes;

(2) establishment of special classes;

(3) at the home or bedside of the child;

(4) in other districts;

(5) instruction and services by special education cooperative centers established under this section, or in another member district of the cooperative center to which the resident district of the child with a disability belongs;

(6) in a state residential school or a school department of a state institution approved by the commissioner;

(7) in other states;

(8) by contracting with public, private or voluntary agencies;

(9) for children under age five and their families, programs and services established through collaborative efforts with other agencies;

(10) for children under age five and their families, programs in which children with a disability are served with children without a disability; and

(11) any other method approved by the commissioner.

(b) Preference shall be given to providing special instruction and services to children under age three and their families in the residence of the child with the parent or primary caregiver, or both, present.

(c) The primary responsibility for the education of a child with a disability shall remain with the district of the child's residence regardless of which method of providing special instruction and services is used. *If a district other than a child's district of residence provides special instruction and services to the child, then the district providing the special instruction and services shall notify the child's district of residence before the child's individual education plan is developed and shall provide the district of residence an opportunity to participate in the plan's development.* The district of residence must inform the parents of the child about the methods of instruction that are available.

(d) Paragraphs (e) to (i) may be cited as the "blind persons' literacy rights and education act."

(e) The following definitions apply to paragraphs (f) to (i).

"Blind student" means an individual who is eligible for special educational services and who:

(1) has a visual acuity of 20/200 or less in the better eye with correcting lenses or has a limited field of vision such that the widest diameter subtends an angular distance of no greater than 20 degrees; or

(2) has a medically indicated expectation of visual deterioration.

"Braille" means the system of reading and writing through touch commonly known as standard English Braille.

"Individualized education plan" means a written statement developed for a student eligible for special education and services pursuant to this section and section 602(a)(20) of part A of the Individuals with Disabilities Education Act, United States Code, title 20, section 1401(a).

(f) In developing an individualized education plan for each blind student the presumption must be that proficiency in Braille reading and writing is essential for the student to achieve satisfactory educational progress. The assessment required for each student must include a Braille skills inventory, including a statement of strengths and deficits. Braille instruction and use are not required by this paragraph if, in the course of developing the student's

individualized education program, team members concur that the student's visual impairment does not affect reading and writing performance commensurate with ability. This paragraph does not require the exclusive use of Braille if other special education services are appropriate to the student's educational needs. The provision of other appropriate services does not preclude Braille use or instruction. Instruction in Braille reading and writing shall be available for each blind student for whom the multidisciplinary team has determined that reading and writing is appropriate.

(g) Instruction in Braille reading and writing must be sufficient to enable each blind student to communicate effectively and efficiently with the same level of proficiency expected of the student's peers of comparable ability and grade level.

(h) The student's individualized education plan must specify:

(1) the results obtained from the assessment required under paragraph (f);

(2) how Braille will be implemented through integration with other classroom activities;

(3) the date on which Braille instruction will begin;

(4) the length of the period of instruction and the frequency and duration of each instructional session;

(5) the level of competency in Braille reading and writing to be achieved by the end of the period and the objective assessment measures to be used; and

(6) if a decision has been made under paragraph (f) that Braille instruction or use is not required for the student:

(i) a statement that the decision was reached after a review of pertinent literature describing the educational benefits of Braille instruction and use; and

(ii) a specification of the evidence used to determine that the student's ability to read and write effectively without Braille is not impaired.

(i) Instruction in Braille reading and writing is a service for the purpose of special education and services under this section.

(j) Paragraphs (e) to (i) shall not be construed to supersede any rights of a parent or guardian of a child with a disability under federal or state law.

Sec. 2. Minnesota Statutes 1992, section 120.17, subdivision 3, is amended to read:

Subd. 3. [RULES OF THE STATE BOARD.] The state board shall promulgate rules relative to qualifications of essential personnel, courses of study, methods of instruction, pupil eligibility, size of classes, rooms, equipment, supervision, parent consultation, and any other rules it deems necessary for instruction of children with a disability. These rules shall provide standards and procedures appropriate for the implementation of and within the limitations of subdivisions 3a and 3b. These rules shall also provide standards for the discipline, control, management and protection of children with a disability. The state board shall not adopt rules for pupils served in level 1, 2, or 3, as defined in Minnesota Rules, part 3525.2340, establishing either case loads or the maximum number of pupils that may be assigned to special education teachers. The state board, in consultation with the departments of

health and human services, shall adopt permanent rules for instruction and services for children under age five and their families. *These rules are binding on state and local education, health, and human services agencies.* The state board shall adopt rules to determine eligibility for special education services. The rules shall include procedures and standards by which to grant variances for experimental eligibility criteria. The state board shall, according to section 14.05, subdivision 4, notify a district applying for a variance from the rules within 45 calendar days of receiving the request whether the request for the variance has been granted or denied. If a request is denied, the board shall specify the program standards used to evaluate the request and the reasons for denying the request.

Sec. 3. Minnesota Statutes 1992, section 120.17, subdivision 11a, is amended to read:

Subd. 11a. [STATE INTERAGENCY COORDINATING COUNCIL.] An interagency coordinating council of at least ~~15 members~~ *17,* but not more than 25 *members* is established, in compliance with Public Law Number 102-119, section 682. The members shall be appointed by the governor. Council members shall elect the council chair. The representative of the commissioner of education may not serve as the chair. The council shall be composed of at least five parents, including persons of color, of children with disabilities under age 12, including at least three parents of a child with a disability under age seven, ~~three~~ *five* representatives of public or private providers of services for children with disabilities under age five, including a special education director, county social service director, and a community health services or public health nursing administrator, one member of the senate, one member of the house of representatives, one representative of teacher preparation programs in early childhood-special education or other preparation programs in early childhood intervention, at least one representative of advocacy organizations for children with disabilities under age five, one physician who cares for young children with special health care needs, one representative each from the commissioners of commerce, education, health, human services, and jobs and training, and a representative from Indian health services or a tribal council. Section 15.059, subdivisions 2 to 5, apply to the council. The council shall meet at least quarterly.

The council shall address methods of implementing the state policy of developing and implementing comprehensive, coordinated, multidisciplinary interagency programs of early intervention services for children with disabilities and their families.

The duties of the council include recommending policies to ensure a comprehensive and coordinated system of all state and local agency services for children under age five with disabilities and their families. The policies must address how to incorporate each agency's services into a unified state and local system of multidisciplinary assessment practices, individual intervention plans, comprehensive systems to find children in need of services, methods to improve public awareness, and assistance in determining the role of interagency early intervention committees.

Each year by June 1, the council shall recommend to the governor and the commissioners of education, health, human services, commerce, and jobs and training policies for a comprehensive and coordinated system.

Sec. 4. Minnesota Statutes 1992, section 120.17, subdivision 11b, is amended to read:

Sec. 29. Minnesota Statutes 1992, section 124A.036, subdivision 5, is amended to read:

Subd. 5. [ALTERNATIVE ATTENDANCE PROGRAMS.] The general education aid for districts must be adjusted for each pupil~~, excluding a pupil with a disability as defined in section 120.03 or a pupil without a disability as defined by section 120.181,~~ attending a nonresident district under sections 120.062, 120.075, 120.0751, 120.0752, 124C.45 to 124C.48, and 126.22. (b) General education aid paid to a district serving a pupil in programs listed in this subdivision shall be increased by an amount equal to the general education revenue exclusive of compensatory revenue attributable to the pupil in the nonresident district.

(c) If the amount of the reduction to be made from the general education aid of the resident district is greater than the amount of general education aid otherwise due the district, the excess reduction must be made from other state aids due the district.

(d) The district of residence shall pay tuition to a district or an area learning center, operated according to paragraph (e), providing special instruction and services to a pupil with a disability, as defined in section 120.03, or a pupil, as defined in section 120.181, who is enrolled in a program listed in this subdivision. The tuition shall be equal to (1) the actual cost of providing special instruction and services to the pupil, including a proportionate amount for debt service and for capital expenditure facilities and equipment, and debt service but not including any amount for transportation, minus (2) the amount of *general education aid, the amount of capital expenditure facilities aid and capital expenditure equipment aid received under section 124.245, subdivision 6, and* special education aid, attributable to that pupil, that is received by the district providing special instruction and services.

(e) An area learning center operated by an educational cooperative service unit, intermediate district, education district, or a joint powers cooperative may elect through the action of the constituent boards to charge tuition for pupils rather than to calculate general education aid adjustments under paragraph (a), (b), or (c). Sec. 32. [ASL GUIDELINES.]

(c) Each teacher must complete 60 continuing education credits in American sign language, American sign language linguistics, or deaf culture for every 120 continuing education credits the teacher is required to complete to renew a teaching license.

(e) Each teacher applying to renew a teaching license and each teacher holding a teaching license from another state who wishes to apply for a Minnesota teaching license must take the American sign language sign communication proficiency interview or a comparable American sign language evaluation every five years until the teacher demonstrates a minimum, or survival plus, level of proficiency in American sign language.

(f) A teacher working directly with students whose primary language is American sign language should demonstrate at least an advanced level of proficiency in American sign language. The board should not consider a minimum, or survival plus, level of proficiency adequate for providing direct instruction to students whose primary language is American sign language.

(g) To renew a teaching license, a teacher must comply with paragraphs (c) and (e) in addition to other applicable board requirements. A teacher's ability to demonstrate a minimum, or survival plus, level of proficiency in American sign language is not a condition for renewing the teacher's license.

(3) 45 continuing education credits for demonstrating an advanced level of proficiency;

Sec. 33. [DEVELOPING GREATER FLEXIBILITY IN DELIVERING SPECIAL EDUCATION SERVICES.]

Subdivision 1. [PURPOSE; AUTHORIZATION.] *In an effort to change the overall emphasis in special education from complying with laws and rules to also improving educational opportunities for a wide range of students, including those who are disabled, those for whom English is a second language, and those with unique learning styles, a pilot project is established to permit independent school district No. 625, St. Paul, to develop and implement an integrated service model for delivering special education services and programs to eligible students under Minnesota Statutes, section 120.17, and alternative delivery of specialized instructional services under Minnesota Statutes, section 120.173. As part of the pilot project, the state board of education shall waive those state special education rules the district includes in its approved plan to implement the integrated service model if the district complies with the requirements in subdivision 2. In developing and implementing the integrated service model, the district must adhere to the intent of each rule for which it seeks a waiver and the procedural and substantive protections afforded eligible and low-performing students under law. Nothing in this section shall be construed to permit the waiver of any provision required under federal law.*

Subd. 2. [PROJECT REQUIREMENTS.] *(a) To participate in the pilot project, the district must:*

(1) notify the commissioner of education, the state board of education, and the advisory council under paragraph (c) by June 15, 1993, of its intent to develop and implement an integrated service model for delivering special education services and programs to eligible and low-performing students that complies with all applicable federal rules and the outcomes of all state rules governing the delivery of special education;

(2) complete by November 30, 1993, with assistance from the commissioner as described in paragraph (b) and the advisory council in paragraph (c), a proposed plan for realizing an integrated service model, which includes a description of each applicable federal and state rule and the approach the district will use to effect that rule;

(3) include in the proposed plan measures to protect students' civil rights, provide equal educational opportunities, and prohibit discrimination as required under state and federal law;

(4) receive approval from the advisory council in paragraph (c) and the local school board for the proposed plan by December 31, 1993, and file a copy of the approved plan with the commissioner;

(5) begin in-service training of district personnel on February 1, 1994, to ensure that the district complies with all applicable federal regulations governing the delivery of special education; and

(6) implement the integrated service model beginning July 1, 1994.

(b) If the St. Paul school district indicates its intent to develop an integrated service model under paragraph (a), clause (1), the commissioner shall assist the district beginning August 1, 1993, in developing its plan to realize the integrated service model by:

(1) providing technical assistance through the state department of education; and

(2) using discretionary funds under Public Law Number 101-476 to contract for technical assistance as needed.

(c) The district must establish an advisory council for the pilot project that reflects the demographic composition of the district and is composed of members of existing special education-related committees, parents of eligible students with varying disabilities and of different ages enrolled in the district, one local representative of advocacy agencies, and district personnel affected by this section. Parents shall compose the majority of council members. The district must continuously consult with the advisory council on planning, delivering, and modifying the district's special education programs and services.

(d) The district shall not seek a variance to a special education rule from the state board of education under Minnesota Statutes, section 121.11, subdivision 12, during the term of the project. This prohibition does not include any rule waived under subdivision 1.

Subd. 3. [EVALUATION.] *Upon implementing the integrated service model, the district, with technical assistance provided or contracted for by the commissioner, must annually evaluate the programmatic outcomes and financial efficiency of the model over at least a four-year period. The district must address in its evaluation the seven points listed in Minnesota Statutes, section 120.173, subdivision 3, and document parents' responses to the model. The district must submit to the education committees of the legislature a progress report by February 1, 1997, and a final report by February 1, 1999, on the efficacy of the model.*

Sec. 34. [FISCAL REPORTS; AUTHORIZATION REQUIRED.]

(a) The commissioner of education shall contract with an independent consultant outside of state or local government for a study of the short- and long-term fiscal impact to state and local governments of providing a comprehensive and coordinated system of services to infants and young children with disabilities, from birth to age two, and their families under United States Code, title 20, sections 1471 through 1485. The commissioner shall submit a report on the results of the study to the education committees of the legislature by January 15, 1994. At a minimum, the study shall include an estimate of the number of infants and young children from birth to age two eligible for services through the year 2000; the estimated average cost for

services per eligible child and the child's family; the anticipated total additional annual cost to state and local governments through the year 2000 of fully implementing year 5 services; the anticipated amount of additional federal early intervention funds available to the state under United States Code, title 20, section 1471 et. seq., and United States Code, title 20, section 631 et seq.; what definition of eligibility the education department proposes to adopt; what the major components affecting the costs of participation will be; the estimated costs of intake, evaluation, assessment, monitoring, and program planning through the year 2000 for a fully implemented year 5 program; the estimated costs of child find, public awareness, complaints and due process procedures, data management information systems, state level supervision and monitoring, interagency collaboration, local planning and coordination, technical assistance, personnel standards and development, and surrogate parent programs for a fully implemented year 5 program; and an inventory of current expenditures by county boards, school boards, and other local services providers for services provided under Minnesota Statutes, section 120.17, subdivision 11b, including social work, nursing, nutrition, vision, and transportation services, assistive technology, parent-to-parent support, and respite care. The cost of the contract shall not exceed $75,000 and shall be paid for from revenue received from federal grants for regular special education central administration and state initiated discretionary projects.

(b) The state department of education may not apply to the secretary of education under United States Code, title 20, section 1471, et seq. (Part H, Public Law Number 102-119) to participate in the fifth or any succeeding fiscal year of the federal Part H program contained in the Individuals with Disabilities Education Act until specifically authorized by law to do so or until after April 1, 1994, whichever comes first.

Sec. 35. [TASK FORCE ON EDUCATION FOR CHILDREN WITH DISABILITIES.]

Subdivision 1. [ESTABLISHMENT.] *A task force to review the state's special education rules is established to recommend to the legislature changes that can be made to simplify the rules while ensuring that the rules meet applicable federal requirements and support the state's interest in education outcomes.*

Subd. 2. [MEMBERSHIP.] *The task force on education for children with disabilities consists of 15 members appointed by the commissioner of education. The membership shall include parents of children with disabilities, students with disabilities, special education teachers and general education teachers, school administrators, special education directors, representatives of higher education, representatives of advocacy organizations for children with disabilities, and no more than one representative of state government. At least five members shall be parents of children with disabilities or representatives of advocacy groups. One member shall be a student with a disability.*

Subd. 3. The task force shall make recommendations to:*

[ADMINISTRATIVE RULES.] *To accommodate the task force's review of the state's special education rules, and notwithstanding Minnesota Statutes, section 121.11, subdivision 12, or any other law to the contrary, the state board of education shall not adopt, amend, or repeal a special education rule until June 1, 1994, unless compelled by a newly enacted or adopted federal requirement.*

Subd. 6. [REPORT.] *The task force shall submit its recommendations for simplifying the state's special education rules to the education committees of the legislature by February 1, 1994.*

Sec. 36. [ALTERNATIVE DELIVERY OF SPECIAL EDUCATION SERVICES AND PROGRAMS.]

Subdivision 1. [ESTABLISHMENT; PURPOSE; GOAL.] *A three-year pilot project is established to permit 11 school districts and one rural special education cooperative selected by the commissioner of education to use an alternative process for delivering certain special education services and programs to eligible students under Minnesota Statutes, section 120.17. The purpose of the project is to explore, in a deliberate way, effective alternatives to the special education rules listed in subdivision 3 while adhering to the intent of the rules and the procedural and substantive protections afforded eligible students under law. The ultimate goal of the project is to improve the instructional services and educational outcomes and opportunities available to eligible students and the cost effectiveness of the services and programs. Nothing in this section shall be construed to permit the waiver of any provision required under federal law.*

Subd. 2. [ELIGIBILITY; APPLICATIONS.] *(a) The commissioner shall make application forms available to school districts interested in exploring effective alternatives for delivering certain special education services and programs as described in this section. Interested school districts must have their application to participate in the project approved by their local school board after a public hearing on the matter. Applications must be submitted to the commissioner by January 1, 1995. The application must describe how the applicant proposes to realize the purpose and goal of the project, including what activities and procedures the applicant proposes and whether the applicant seeks to be exempted from Minnesota Rules, part 3525.1341. The commissioner may require additional information of an applicant. The commissioner shall approve 12 applications before March 1, 1995. The*

commissioner shall ensure an equitable geographical distribution of project participants throughout the state.

(b) The commissioner shall make available to school districts interested in applying to participate in the project discretionary funds under Public Law Number 101-476 to allow the districts to cover the costs of convening their advisory council members under subdivision 6 to assist in developing an application under this subdivision.

Subd. 3. [EXEMPTIONS.] *(a) All school districts participating in the project are exempt from the following special education rules through the 1997-1998 school year:*

(1) Minnesota Rules, part 3525.1335;

(2) Minnesota Rules, part 3525.2335;

(3) Minnesota Rules, part 3525.2750; and

(4) Minnesota Rules, part 3525.2925, subparts 2, item B, 4, 5, 6, 7, and 9.

(b) After reviewing the applications of the district selected to participate in the project, the commissioner shall exempt six of the 12 project participants from Minnesota Rules, part 3525.1341.

(c) During the term of the project, participating school districts exempt from the rules listed in this subdivision must adhere to the intent of the rules and the procedural and substantive safeguards afforded eligible students under the law.

(d) School districts participating in the pilot projects shall not seek a variance to a special education rule from the state board of education under Minnesota Statutes, section 121.11, subdivision 12, during the term of the project. This prohibition does not include the rules listed in subdivision 3.

Subd. 4. [STUDENTS' RIGHTS.] *School districts participating in the project must individually evaluate eligible students enrolled in the district to determine the students' levels of performance. Eligible students are entitled to the procedural protections provided under Public Law Number 101-476 in any matter that affects the students' identification, evaluation, placement, or change in placement, and protections provided under Minnesota Statutes, sections 127.26 to 127.39, in a dismissal proceeding that may result in students' suspension, exclusion, or expulsion. Participating school districts must ensure the protection of students' civil rights, provide equal educational opportunities, and prohibit discrimination. Failure to comply with this subdivision will at least cause a district to become ineligible to participate in the project.*

Subd. 5. [TECHNICAL ASSISTANCE.] *The commissioner, through the office of compliance and monitoring, shall provide technical assistance to the project participants. In addition, the commissioner shall use discretionary funds available under Public Law Number 101-476 to contract for technical assistance from an independent evaluator in the field of special education to assist project participants in developing and implementing a valid and uniform procedure to evaluate their alternative delivery process.*

Subd. 6. [ADVISORY COMMITTEE.] *Each project participant shall have an advisory council that reflects the demographic composition of the local*

community and is composed of members of existing special education-related committees, parents of eligible students with varying disabilities and of different ages enrolled in a participating district, one local representative of advocacy organizations, and district personnel in the field of special education who are potentially affected by the rule exemptions under subdivision 3. Participants that are exempt, or school districts seeking to be exempt under subdivision 2, paragraph (b), from Minnesota Rules, part 3525.1314, must include on the council either a parent of a student with a specific learning disability or a local representative of an organization that advocates on behalf of students with specific learning disabilities. Parents shall compose a majority of council members. The council shall advise the district on planning, delivering, and modifying special education programs and services under this section. The council must approve the district's application to participate in the project before it is submitted to the local school board for approval under subdivision 2. If a project participant is unable to have members of existing special education-related committees on the council, it shall include on the council additional parents of eligible students.

Subd. 7. [EVALUATION; REPORT.] *(a) The commissioner shall use the discretionary funds available under Public Law Number 101-476 to contract with an independent evaluator for technical assistance to develop a uniform evaluation procedure for all participants to use to complete a formative and summative evaluation of their experiences in delivering special education services and programs under this section. Participants shall work with the independent evaluator to focus the evaluation on the overall efficacy of the alternative delivery process, including the extent to which the educational outcomes and opportunities of eligible students are improved. The evaluation must include a mechanism for documenting parents' responses to the project. Project participants shall each select one member of their advisory council to meet together periodically with the independent evaluator to evaluate the participants' progress. Project participants, in consultation with their advisory council, shall use the interim evaluations and the responses of affected parents to the alternative delivery process to modify the process where appropriate.*

(b) Each project participant shall submit to the commissioner a progress report by September 1, 1996, and a final report by January 1, 1998, evaluating the cost effectiveness of the services and programs of its alternative delivery process. The commissioner shall compile the results of the reports to present to the education committees of the legislature by March 1, 1998. When presenting the reports, the commissioner, after consulting with the independent evaluator, shall recommend appropriate amendments to the rules listed in subdivision 3.

(4) bringing school buildings into compliance with life and safety codes and fire codes.

(b) Before a district issues bonds under this subdivision, it must publish notice of the intended projects, the amount of the bond issue, and the total amount of district indebtedness.

(c) A bond issue tentatively authorized by the board under this subdivision becomes finally authorized unless a petition signed by more than 15 percent of the registered voters of the school district is filed with the school board within 30 days of the board's adoption of a resolution stating the board's intention to issue bonds. The percentage is to be determined with reference to the number of registered voters in the school district on the last day before the petition is filed with the school board. The petition must call for a referendum on the question of whether to issue the bonds for the projects under this section. The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this section.

(d) The bonds may be issued in a principal amount, that when combined with interest thereon, will be paid off with not more than 50 percent of current and anticipated revenue for capital facilities under this section or a successor section for the current year plus projected revenue not greater than that of the current year for the next ten years. Once finally authorized, the district must set aside the lesser of the amount necessary to make the principal and interest payments or 50 percent of the current year's revenue for capital facilities under this section or a successor section each year in a separate account until all principal and interest on the bonds is paid. The district must annually transfer this amount from its capital fund to the debt redemption fund. The bonds must be paid off within ten years of issuance. The bonds must be issued in compliance with chapter 475, except as otherwise provided in this section.

Sec. 12. Minnesota Statutes 1992, section 124.37, is amended to read:

124.37 [POLICY AND PURPOSE.]

The rates of increase in school population in Minnesota and population shifts and economic changes in recent years, and anticipated in future years, have required and will require large expenditures for performing the duty of the state and its subdivisions to provide a general and uniform system of public schools. The state policy has been to require these school costs to be borne primarily by the local subdivisions. In most instances the local

subdivisions have been, and will be, able to provide the required funds by local taxation as supplemented by the aids usually given to all school districts from state income tax and other state aids. There are, however, exceptional cases due to local conditions not found in most other districts where, either temporarily or over a considerable period of years, the costs will exceed the maximum which the local taxpayers can be reasonably expected to bear. In some districts having bonds of several issues outstanding, debt service tax levy requirements are excessive for some years because of heavy bond principal payments accumulating in some of the years due to overlapping or short term issues. The policy and purpose of sections 124.36 to 124.47 is to utilize the credit of the state, to a limited degree, to relieve those school districts, but only those, where the maximum effort by the district is inadequate to provide the necessary money. *It is also the purpose of sections 124.36 to 124.47 to promote efficient use of school buildings. To that end, a district that receives a maximum effort loan is encouraged to design and use its facility to integrate social services and library services.*

Sec. 13. Minnesota Statutes 1992, section 124.38, is amended by adding a subdivision to read:

Subd. 4a. [LEVY.] *"Levy" means a district's net debt service levy after the reduction of debt service equalization aid under section 124.95, subdivision 5. For taxes payable in 1994 and later, each district's maximum effort debt service levy for purposes of subdivision 7, shall be reduced by an equal number of percentage points if the commissioner determines that the levy reduction will not result in a statewide property tax as would be required under Minnesota Statutes 1992, section 124.46, subdivision 3. A district's levy that is adjusted under this section shall not be reduced below 18.74 percent of the district's adjusted net tax capacity.*

Sec. 14. Minnesota Statutes 1992, section 124.431, subdivision 1, is amended to read:

Subdivision 1. [CAPITAL LOAN REQUESTS AND USES.] Capital loans are available only to qualifying districts. Capital loans must not be used for the construction of swimming pools, ice arenas, athletic facilities, auditoriums, ~~day care centers,~~ bus garages, or heating system improvements. Proceeds of the loans may be used only for sites for education facilities and for acquiring, bettering, furnishing, or equipping education facilities. Contracts must be entered into within 18 months after the date on which each loan is granted. *For purposes of this section, "education facilities" includes space for Head Start programs and social service programs.*

Sec. 15. Minnesota Statutes 1992, section 124.431, subdivision 1a, is amended to read:

Subd. 1a. [CAPITAL LOANS ELIGIBILITY.] Beginning July 1, 1992, a district is not eligible for a capital loan unless the district's estimated net debt tax rate *as computed by the commissioner* after debt service equalization aid would be more than 20 percent of adjusted net tax capacity. *The estimate must assume a 20-year maturity schedule for new debt.*

Sec. 16. Minnesota Statutes 1992, section 124.431, subdivision 2, is amended to read:

Subd. 2. [DISTRICT REQUEST FOR REVIEW AND COMMENT.] A school district or a joint powers district that intends to apply for a capital loan

must submit a proposal to the commissioner for review and comment according to section 121.15 on or before July 1. The commissioner must prepare a review and comment on the proposed facility, regardless of the amount of the capital expenditure required to construct the facility. In addition to the information provided under section 121.15, subdivision 7, the commissioner shall consider the following criteria in determining whether to make a positive review and comment.

(a) To grant a positive review and comment the commissioner must determine that all of the following conditions are met:

(1) the facilities are needed for pupils for whom no adequate facilities exist or will exist;

(2) the district will serve, on average, at least 80 pupils per grade or is eligible for sparsity revenue;

(3) no form of cooperation with another district would provide the necessary facilities;

(4) the facilities are comparable in size and quality to facilities recently constructed in other districts that have similar enrollments;

(5) the facilities are comparable in size and quality to facilities recently constructed in other districts that are financed without a capital loan;

(6) the district is projected to maintain or increase its average daily membership over the next five years or is eligible for sparsity revenue;

(7) the current facility poses a threat to the life, health, and safety of pupils, and cannot reasonably be brought into compliance with fire, health, or life safety codes;

(8) the district has made a good faith effort, as evidenced by its maintenance expenditures, to adequately maintain the existing facility during the previous ten years and to comply with fire, health, and life safety codes and state and federal requirements for handicapped accessibility; ~~and~~

(9) *the district has made a good faith effort to encourage integration of social service programs within the new facility; and*

(10) evaluations by school boards of adjacent districts have been received.

(b) The commissioner may grant a negative review and comment if:

(1) the state demographer has examined the population of the communities to be served by the facility and determined that the communities have not grown during the previous five years;

(2) the state demographer determines that the economic and population bases of the communities to be served by the facility are not likely to grow or to remain at a level sufficient, during the next ten years, to ensure use of the entire facility;

(3) the need for facilities could be met within the district or adjacent districts at a comparable cost by leasing, repairing, remodeling, or sharing existing facilities or by using temporary facilities;

(4) the district plans do not include cooperation and collaboration with health and human services agencies and other political subdivisions; or

(5) if the application is for new construction, an existing facility that would meet the district's needs could be purchased at a comparable cost from any other source within the area.

Sec. 17. Minnesota Statutes 1992, section 124.431, subdivision 14, is amended to read:

Subd. 14. [BOND SALE LIMITATIONS.] A district having an outstanding state loan must not issue and sell any bonds on the public market, except to refund state loans, unless it agrees to make the maximum effort debt service levy in each later year at the higher rate provided in section 124.38, subdivision 7, and unless it schedules the maturities of the bonds according to section 475.54, subdivision 2. *A district that refunds bonds at a lower interest rate may continue to make the maximum effort debt service levy in each later year at the current rate provided in section 124.38, subdivision 7, if the district can demonstrate to the commissioner's satisfaction that the district's repayments of the state loan will not be reduced below the previous year's level.* The district shall report each sale to the commissioner of education.

After a district's capital loan has been outstanding for 20 years, the district must not issue bonds on the public market except to refund the loan.

Sec. 18. Minnesota Statutes 1992, section 124.494, subdivision 1, is amended to read:

Subdivision 1. [QUALIFICATION.] Any group of school districts that meets the criteria required under subdivision 2 may apply for an incentive grant in an amount not to exceed the lesser of ~~$6,000,000~~ *$5,000,000* or 75 percent of the approved construction costs of a cooperative secondary education facility.

Sec. 19. Minnesota Statutes 1992, section 124.494, subdivision 2, is amended to read:

Subd. 2. [REVIEW BY COMMISSIONER.] (a) Any group of districts that submits an application for a grant shall submit a proposal to the commissioner for review and comment under section 121.15, and the commissioner shall prepare a review and comment on the proposed facility, regardless of the amount of the capital expenditure required to acquire, construct, remodel or improve the secondary facility. The commissioner must not approve an application for an incentive grant for any secondary facility unless the facility receives a favorable review and comment under section 121.15 and the following criteria are met:

(1) a minimum of three or more districts, with kindergarten to grade 12 enrollments in each district of no more than 1,200 pupils, enter into a joint powers agreement;

(2) a joint powers board representing all participating districts is established under section 471.59 to govern the cooperative secondary facility;

(3) the planned secondary facility will result in the joint powers district meeting the requirements of Minnesota Rules, parts 3500.2010 and 3500.2110;

(4) at least 198 pupils would be served in grades 10 to 12, 264 pupils would be served in grades 9 to 12, or 396 pupils would be served in grades 7 to 12;

(5) no more than one superintendent is employed by the joint powers board as a result of the cooperative secondary facility agreement;

(6) a statement of need is submitted, that may include reasons why the current secondary facilities are inadequate, unsafe or inaccessible to the handicapped;

(7) an educational plan is prepared, that includes input from both community and professional staff;

(8) a combined seniority list for all participating districts is developed by the joint powers board;

(9) an education program is developed that provides for more learning opportunities and course offerings, including the offering of advanced placement courses, for students than is currently available in any single member district;

(10) a plan is developed for providing instruction of any resident students in other districts when distance to the secondary education facility makes attendance at the facility unreasonably difficult or impractical; *and*

(11) the joint powers board established under clause (2) discusses with technical colleges located in the area how vocational education space in the cooperative secondary facility could be jointly used for secondary and post-secondary purposes.

(b) To the extent possible, the joint powers board is encouraged to provide for severance pay or for early retirement incentives under section 125.611, for any teacher or administrator, as defined under section 125.12, subdivision 1, who is placed on unrequested leave as a result of the cooperative secondary facility agreement.

(c) For the purpose of paragraph (a), clause (8), each school district must be considered to have started school each year on the same date.

(d) The districts may develop a plan that provides for the location of social service, health, and other programs serving pupils and community residents within the cooperative secondary facility. The commissioner shall consider this plan when preparing a review and comment on the proposed facility.

(e) The districts shall schedule and conduct a meeting on library services. The school districts, in cooperation with the regional public library system and its appropriate member libraries, shall discuss the possibility of including jointly operated library services at the cooperative secondary facility.

Sec. 20. Minnesota Statutes 1992, section 124.494, is amended by adding a subdivision to read:

Subd. 4a. [COLOCATION GRANT.] *A group of districts that receives a grant under subdivision 4 is also eligible to receive an additional grant in the amount of $1,000,000. To receive the additional grant, the group of districts must develop a plan under subdivision 2, paragraph (d), that provides for the location of a significant number of noneducational student and community service programs within the cooperative secondary facility.*

Sec. 21. [124.829] [HEALTH, SAFETY, AND ENVIRONMENTAL MANAGEMENT.]

"Health, safety, and environmental management" means school district activities necessary for a district's compliance with state law and rules of the departments of health, labor and industry, public safety, and pollution control agency as well as any related federal standards. These activities include hazard assessment, required training, record keeping, and program management.

Sec. 22. Minnesota Statutes 1992, section 124.83, subdivision 1, is amended to read:

(a) A hazardous substance plan must contain provisions for the removal or encapsulation of asbestos from school buildings or property, asbestos-related repairs, cleanup and disposal of polychlorinated biphenyls found in school buildings or property, and cleanup, removal, disposal, and repairs related to storing heating fuel or transportation fuels such as alcohol, gasoline, fuel, oil, and special fuel, as defined in section 296.01. If a district has already developed a plan for the removal or encapsulation of asbestos *as required by the federal Asbestos Hazard Emergency Response Act of 1986*, ~~a new plan is not necessary~~ *the district may use a summary of that plan, which includes a description and schedule of response actions,* for purposes of this section. *The plan must also contain provisions to make modifications to existing facilities and equipment necessary to limit personal exposure to hazardous substances, as regulated by the federal Occupational Safety and Health Administration under Code of Federal Regulations, title 29, part 1910, subpart Z; or is determined by the commissioner to present a significant risk to district staff or student health and safety as a result of foreseeable use, handling, accidental spill, exposure, or contamination.*

(b) A fire *and life* safety plan must contain a description of the current fire *and life safety* code ~~violation~~ *violations*, a plan for the removal or repair of the fire *and life safety* hazard, and a description of safety preparation and awareness procedures to be followed until the hazard is fully corrected.

~~A life safety plan must contain a description of the life safety hazard and a plan for its removal or repair.~~

Sec. 24. Minnesota Statutes 1992, section 124.83, subdivision 4, is amended to read:

Subd. 4. [HEALTH AND SAFETY LEVY.] To receive health and safety revenue, a district may levy an amount equal to the district's health and safety revenue as defined in subdivision 3 multiplied by the lesser of one, or the ratio of the quotient derived by dividing the adjusted net tax capacity of the district for the year preceding the year the levy is certified by the actual pupil units in the district for the school year to which the levy is attributable, to ~~$3,515~~ *50 percent of the equalizing factor.*

Sec. 25. Minnesota Statutes 1992, section 124.83, subdivision 6, is amended to read:

Subd. 6. [USES OF HEALTH AND SAFETY REVENUE.] Health and safety revenue may be used only for approved expenditures necessary to correct fire safety hazards, life safety hazards, or for the removal or encapsulation of asbestos from school buildings or property, asbestos-related repairs, cleanup and disposal of polychlorinated biphenyls found in school buildings or property, or the cleanup, removal, disposal, and repairs related to storing heating fuel or transportation fuels such as alcohol, gasoline, fuel oil, and special fuel, as defined in section 296.01, *labor and industry regulated facility and equipment hazards, and health, safety, and environmental management.* Health and safety revenue must not be used for the construction of new facilities or the purchase of portable classrooms. The revenue may not be used for a building or property or part of a building or property used for post-secondary instruction or administration or for a purpose unrelated to elementary and secondary education.

Sec. 26. Minnesota Statutes 1992, section 124.83, is amended by adding a subdivision to read:

(b) Effective July 1, 1993, the department of education may contract with regional service organizations, private contractors, Minnesota safety council, or state agencies to provide management assistance to school districts for health and safety capital projects. Management assistance is the development of written programs for the identification, recognition and control of hazards, and prioritization and scheduling of district health and safety capital projects.

(c) Notwithstanding paragraph (b), the department may approve revenue, up to the limit defined in paragraph (a) for districts having an approved health, safety, and environmental management plan that uses district staff to accomplish coordination and provided services.

Sec. 27. Minnesota Statutes 1992, section 124.85, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] The definitions in this subdivision apply to this section.

(c) "Qualified provider" means a person or business experienced in the design, implementation, and installation of energy conservation measures. A qualified provider to whom the contract is awarded shall give a sufficient bond to the school district for its faithful performance.

Sec. 28. Minnesota Statutes 1992, section 124.85, subdivision 4, is amended to read:

Subd. 4. [DISTRICT ACTION.] A district may enter into a guaranteed energy savings contract with a qualified provider if, after review of the report,

it finds that the amount it would spend on the energy conservation measures recommended in the report is not likely to exceed the amount to be saved in energy and operation costs over ~~ten~~ *25* years from the date of installation if the recommendations in the report were followed, and the qualified provider provides a written guarantee that the energy or operating cost savings will meet or exceed the costs of the system. The guaranteed energy savings contract may provide for payments over a period of time, not to exceed ~~ten~~ *25* years. Notwithstanding section 121.912, a district annually may transfer from the general fund to the capital expenditure fund an amount up to the amount saved in energy and operation costs as a result of guaranteed energy savings contracts.

(2) annually levy the amounts necessary to pay the district's obligations under the installment contract or lease purchase agreement.

(b)(1) The obligation created by the installment contract or the lease purchase agreement must not be included in the calculation of net debt for purposes of section 475.53, and does not constitute debt under other law.

(2) An election is not required in connection with the execution of the installment contract or the lease purchase agreement.

~~(3) The district may terminate the installment contract or lease purchase agreement at the end of any fiscal year during its term.~~

(c) The proceeds of the levy authorized by this subdivision must not be used to acquire a facility to be primarily used for athletic or school administration purposes.

(d) In this subdivision, "district" means:

(1) a school district required to have a comprehensive plan for the elimination of segregation whose plan has been determined by the commissioner to be in compliance with the state board of education rules relating to equality of educational opportunity and school desegregation; or

(4) evidence of adequate financial support from employing and receiving institutions.

Subd. 10. [EVALUATION.] *The department of education shall evaluate the results of the grants provided under subdivision 6 and make recommendations to the legislature and governor regarding future funding in the 1995 biennial budget document.*

Subd. 11. [GRANT LIMITATIONS; PROPOSALS.] *All grants shall be for salary and benefit costs beyond those normally covered by each of the institutions involved in the exchange or temporary assignment. Staff exchanging positions or placed in temporary assignments shall not suffer loss of salary, benefits, or retirement benefits. A grant from the department of education shall cover 50 percent of the excess costs with the remainder of the excess costs shared equally by the school district and the post-secondary institution.*

Sec. 19. [125.178] [ELEMENTARY PREPARATION TIME.]

During the remaining time, a teaching resident shall participate in professional development activities according to the individual plan developed by the resident in conjunction with the school's mentoring team.

Subd. 4. [EMPLOYMENT CONDITIONS.] *A school district shall pay a teaching resident a salary equal to 75 percent of the statewide average salary of a first-year teacher with a bachelor's degree. The authority may be for up to $50 times the number of actual pupil units at the site. The levy is available for the fiscal year for which the pilot receives approval and for the subsequent four years. A district need only apply once for*

this authority. The actual amount of levy authority given shall depend on the level of power and control delegated to a site under section 123.951. The state board, upon consultation of the education chairs of the legislature, shall determine criteria for measuring this level and allocating the appropriate levy authority. The criteria may include a provision that would allow the site decision-making team to request waivers from the master contract between the school board and the collective bargaining representative in the district. Notwithstanding any law to the contrary, the state board of education and the state board of teaching may grant waivers that would apply only to a single site within the district from any board rule. A pupil for whom payment is made according to this section may not be counted by any district for any purpose other than computation of basic revenue, according to section 124A.22, subdivision 2. If payment is made for a pupil under this subdivision, a school district shall not reimburse a program under section 126.23 for the same pupil.

The amount shall equal the difference between the total amount of taxes actually levied and certified for that taxable year upon the original net tax capacity, not exceeding the maximum amount which could be raised on the net tax capacity as reduced, within existing local tax rate limitations, if any, and the amount of taxes collected for that taxable year on the reduced net tax capacity. The total tax levy authorized for a school district by this section *may also include an amount equal to any interest paid on the abatement refunds. The levy for a school district* shall be reduced by the total amount of any abatement adjustments received by the district pursuant to section 124.214, subdivision 2, in the same calendar year in which the levy is certified. The commissioner shall report the amount of the excess to the county auditor* and the auditor shall reduce the tax levy otherwise to be included in the rolls next prepared by the amount certified. The commissioner shall prescribe the form and calculation to be used in computing the excess amount. The school board may, with the approval of the commissioner, retain the excess amount if it is necessary to ensure the prompt and full payment of the obligations and any call premium on the obligations, or will be used for redemption of the obligations in accordance with their terms. The school board may, with the approval of the commissioner, specify a tax levy in a higher amount if necessary because of anticipated tax delinquency or for cash flow needs to meet the required payments from the debt redemption fund.

If the governing body, including the governing body of a school district, in any year makes an irrevocable appropriation to the debt service fund of money actually on hand or if there is on hand any excess amount in the debt service fund, the recording officer may certify to the county auditor the fact and amount thereof and the auditor shall reduce by the amount so certified the amount otherwise to be included in the rolls next thereafter prepared.

ARTICLE 13

REALIGNMENT OF RESPONSIBILITIES

Section 1. Minnesota Statutes 1992, section 120.062, subdivision 5, is amended to read:

Subd. 5. [DESEGREGATION DISTRICT TRANSFERS.] (a) This subdivision applies to a transfer into or out of a district that has a desegregation plan approved by the ~~state board~~ *commissioner* of education.

(b) An application to transfer may be submitted at any time for enrollment beginning at any time.

(c) The parent or guardian of a pupil who is a resident of a district that has a desegregation plan must submit an application to the resident district. If the district accepts the application, it must forward the application to the nonresident district.

(d) The parent or guardian of a pupil who applies for enrollment in a nonresident district that has a desegregation plan must submit an application to the nonresident district.

(e) Each district must accept or reject an application it receives and notify the parent or guardian in writing within 30 calendar days of receiving the application. A notification of acceptance must include the date enrollment can begin.

(f) If an application is rejected, the district must state the reason for rejection in the notification. If a district that has a desegregation plan rejects an application for a reason related to the desegregation plan, the district must state with specificity how acceptance of the application would result in noncompliance with state board rules with respect to the school or program for which application was made.

(g) If an application is accepted, the parent or guardian must notify the nonresident district in writing within 15 calendar days of receiving the acceptance whether the pupil intends to enroll in the nonresident district. Notice of intention to enroll obligates the pupil to enroll in the nonresident

district, unless the school boards of the resident and nonresident districts agree otherwise. If a parent or guardian does not notify the nonresident district, the pupil may not enroll in that nonresident district at that time, unless the school boards of the resident and nonresident district agree otherwise.

(h) Within 15 calendar days of receiving the notice from the parent or guardian, the nonresident district shall notify the resident district in writing of the pupil's intention to enroll in the nonresident district.

(i) A pupil enrolled in a nonresident district under this subdivision is not required to make annual or periodic application for enrollment but may remain enrolled in the same district. A pupil may transfer to the resident district at any time.

(j) A pupil enrolled in a nonresident district and applying to transfer into or out of a district that has a desegregation plan must follow the procedures of this subdivision. For the purposes of this type of transfer, "resident district" means the nonresident district in which the pupil is enrolled at the time of application.

(k) A district that has a desegregation plan approved by the state board of education must accept or reject each individual application in a manner that will enable compliance with its desegregation plan.

Sec. 2. Minnesota Statutes 1992, section 120.0751, is amended to read:

(b) if the pupil has been continuously enrolled for at least two years in a district of which the pupil was not a resident because of an error made in good faith about the actual district of residence, whether attending school in the district of residence creates a particular hardship for the pupil. If the ~~board~~ *commissioner* finds that a good faith error was made and that attending school in the district of residence would create a particular hardship for the siblings of that pupil or foster children of that pupil's parents, ~~it~~ *the commissioner* may separately approve an application for any or all of the siblings of the pupil who are related by blood, adoption, or marriage and for foster children of the pupil's parents.

Subd. 4. The ~~state board of education~~ *commissioner* shall render its

(The text of the amended House File is identical to S.F. No. 607.)

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 124A.22, subdivision 6, is amended to read:

Subd. 6. [SECONDARY SPARSITY REVENUE.] A district's secondary sparsity revenue for a school year equals the sum of the results of the following calculation for each qualifying high school in the district:

(1) the formula allowance for the school year, multiplied by

(2) the secondary average daily membership of the high school, multiplied by

(3) the quotient obtained by dividing 400 minus the secondary average daily membership by 400 plus the secondary daily membership, multiplied by

(4) the lesser of ~~one~~ *2.0* or the quotient obtained by dividing the isolation index minus 23 by ten.

Sec. 2. Minnesota Statutes 1992, section 290.06, subdivision 2c, is amended to read:

Subd. 2c. [SCHEDULES OF RATES FOR INDIVIDUALS, ESTATES, AND TRUSTS.] (a) The income taxes imposed by this chapter upon married individuals filing joint returns and surviving spouses as defined in section 2(a) of the Internal Revenue Code of 1986 as amended through December 31, 1991, must be computed by applying to their taxable net income the following schedule of rates:

(1) On the first ~~$19,910~~ *$21,600*, 6 percent;

(2) On all over ~~$19,910~~ *$21,600*, but not over ~~$79,120~~ *$85,830*, 8 percent;

(3) On all over ~~$79,120~~ *$85,830, but not over $150,000*, 8.5 percent;

(4) On all over $150,000, 10 percent.

Married individuals filing separate returns, estates, and trusts must compute their income tax by applying the above rates to their taxable income, except that the income brackets will be one-half of the above amounts.

(b) The income taxes imposed by this chapter upon unmarried individuals must be computed by applying to taxable net income the following schedule of rates:

(1) On the first ~~$13,620~~ *$14,780*, 6 percent;

(2) On all over ~~$13,620~~ *$14,780*, but not over ~~$44,750~~ *$48,550*, 8 percent;

(3) On all over ~~$44,750~~ *$48,550, but not over $84,830*, 8.5 percent;

(4) On all over $84,830, 10 percent.

(c) The income taxes imposed by this chapter upon unmarried individuals qualifying as a head of household as defined in section 2(b) of the Internal Revenue Code of 1986, as amended through December 31, 1991, must be computed by applying to taxable net income the following schedule of rates:

(1) On the first ~~$16,770~~ *$18,190*, 6 percent;

(2) On all over ~~$16,770~~ *$18,190*, but not over ~~$67,390~~ *$73,110*, 8 percent;

(3) On all over ~~$67,390~~ *$73,110, but not over $127,750*, 8.5 percent;

(4) On all over $127,750, 10 percent.

(d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than $100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to $1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) The numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1991, less the deduction allowed by section 217 of the Internal Revenue Code of 1986, as amended through December 31, 1991, after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1991, increased by the addition required for interest income from non-Minnesota state and municipal bonds under section 290.01, subdivision 19a, clause (1).

Sec. 3. Minnesota Statutes 1992, section 290.06, subdivision 2d, is amended to read:

Subd. 2d. [INFLATION ADJUSTMENT OF BRACKETS.] (a) For taxable years beginning after December 31, ~~1991~~ *1993*, the minimum and maximum dollar amounts for each rate bracket for which a tax is imposed in subdivision 2c shall be adjusted for inflation by the percentage determined under paragraph (b). For the purpose of making the adjustment as provided in this subdivision all of the rate brackets provided in subdivision 2c shall be the rate brackets as they existed for taxable years beginning after December 31, ~~1990~~ *1992*, and before January 1, ~~1992~~ *1994*. The rate applicable to any rate bracket must not be changed. The dollar amounts setting forth the tax shall be adjusted to reflect the changes in the rate brackets. The rate brackets as adjusted must be rounded to the nearest $10 amount. If the rate bracket ends in $5, it must be rounded up to the nearest $10 amount.

(b) The commissioner shall adjust the rate brackets and by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code of 1986, as amended through December 31, ~~1991~~ *1992*, except that in section 1(f)(3)(B) the word "~~1990~~ *1992*" shall be substituted for the word "~~1987~~ *1989*." For ~~1991~~ *1994*, the commissioner shall then determine the percent change from the 12 months ending on August 31, ~~1990~~ *1992*, to the 12 months ending on August 31, ~~1991~~ *1993*, and in each subsequent year, from the 12 months ending on August 31, ~~1990~~ *1992*, to the 12 months ending on August 31 of the year preceding the taxable year. The determination of the commissioner pursuant to this subdivision shall not be considered a "rule"

and shall not be subject to the administrative procedure act contained in chapter 14.

No later than December 15 of each year, the commissioner shall announce the specific percentage that will be used to adjust the tax rate brackets.

Sec. 4. Minnesota Statutes 1992, section 290.091, subdivision 1, is amended to read:

Subdivision 1. [IMPOSITION OF TAX.] In addition to all other taxes imposed by this chapter a tax is imposed on individuals, estates, and trusts equal to the excess (if any) of

(a) an amount equal to ~~seven~~ *7.75* percent of alternative minimum taxable income after subtracting the exemption amount, over

(b) the regular tax for the taxable year.

Sec. 5. Minnesota Statutes 1992, section 290.091, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] For purposes of the tax imposed by this section, the following terms have the meanings given:

(a) "Alternative minimum taxable income" means the sum of the following for the taxable year:

(1) the taxpayer's federal alternative minimum taxable income as defined in section 55(b)(2) of the Internal Revenue Code;

(2) the taxpayer's itemized deductions allowed in computing federal alternative minimum taxable income, but excluding the Minnesota charitable contribution deduction and non-Minnesota charitable deductions to the extent they are included in federal alternative minimum taxable income under section 57(a)(6) of the Internal Revenue Code, and excluding the medical expense deduction;

(3) to the extent not included in federal alternative minimum taxable income, the amount of interest income as provided by section 290.01, subdivision 19a, clause (1); less the sum of

(i) interest income as defined in section 290.01, subdivision 19b, clause (1);

(ii) an overpayment of state income tax as provided by section 290.01, subdivision 19b, clause (2); and

(iii) the amount of investment interest paid or accrued within the taxable year on indebtedness to the extent that the amount does not exceed net investment income, as defined in section 163(d)(4) of the Internal Revenue Code. Interest does not include amounts deducted in computing federal adjusted gross income.

In the case of an estate or trust, alternative minimum taxable income must be computed as provided in section 59(c) of the Internal Revenue Code.

(b) "Internal Revenue Code" means the Internal Revenue Code of 1986, as amended through December 31, ~~1991~~ *1992*.

(c) "Investment interest" means investment interest as defined in section 163(d)(3) of the Internal Revenue Code.

(e) "Regular tax" means the tax that would be imposed under this chapter (without regard to this section and section 290.032), reduced by the sum of the nonrefundable credits allowed under this chapter.

(f) "Net minimum tax" means the minimum tax imposed by this section.

(g) "Minnesota charitable contribution deduction" means a charitable contribution deduction under section 170 of the Internal Revenue Code to or for the use of an entity described in section 290.21, subdivision 3, clauses (a) to (e).

Sec. 6. Minnesota Statutes 1992, section 290.091, subdivision 6, is amended to read:

Subd. 6. [CREDIT FOR PRIOR YEARS' LIABILITY.] (a) A credit is allowed against the tax imposed by this chapter on individuals, trusts, and estates equal to the minimum tax credit for the taxable year. The minimum tax credit equals the adjusted net minimum tax for taxable years beginning after December 31, 1988, reduced by the minimum tax credits allowed in a prior taxable year. The credit may not exceed the excess (if any) for the taxable year of

(1) the regular tax, over

(2) the greater of (i) the tentative alternative minimum tax, or (ii) zero.

(b) The adjusted net minimum tax for a taxable year equals the lesser of the net minimum tax or the excess (if any) of

(1) the tentative minimum tax, over

(2) ~~seven~~ *7.75* percent of the sum of

(i) adjusted gross income as defined in section 62 of the Internal Revenue Code,

(ii) interest income as defined in section 290.01, subdivision 19a, clause (1),

(iii) interest on specified private activity bonds, as defined in section 57(a)(5) of the Internal Revenue Code, to the extent not included under clause (ii),

(v) the deductions provided in clauses (3)(i), (3)(ii), and (3)(iii) of subdivision 2, paragraph (a), and

(vi) the exemption amount determined under subdivision 3.

In the case of an individual who is not a Minnesota resident for the entire year, adjusted net minimum tax must be multiplied by the fraction defined in section 290.06, subdivision 2c, paragraph (e). In the case of a trust or estate, adjusted net minimum tax must be multiplied by the fraction defined under subdivision 4, paragraph (b).

Sec. 7. [ESTIMATED TAX; PENALTIES AND INTEREST.]

No addition to tax, penalties, or interest may be imposed under Minnesota Statutes, chapter 289A, for an underpayment of estimated tax under Minnesota Statutes, section 289A.25, to the extent that the underpayment was created or increased by imposition of the increased tax rates under section 1 or 4. This section applies only for periods ending before July 1, 1993.

Sec. 2. COMMISSIONER OF HUMAN SERVICES		
Subdivision 1. Appropriation by Fund		
General Fund	2,071,736,000	2,192,990,000

Federal receipts as shown in the biennial budget document to be used for financing activities, programs, and projects under the supervision and jurisdiction of the commissioner must be credited to and become a part of the appropriations provided for in this section.

The 1996-1997 general fund spending in

the department of human services is limited to $2,340,864,000 in fiscal year 1996 and $2,522,864,000 in fiscal year 1997. Expenditures in the department may exceed these estimates only if forecast caseloads increase, base forecast spending increases, acuity or casemix results in increases, or other adjustments are made in accordance with the department of finance forecast methodology. After consultation with the legislature, the commissioner of finance may also adjust these limits to recognize any errors or omissions in the workpapers used to generate the figure. If the commissioner determines in the November or March forecast for fiscal year 1996-1997 that the program expenditures will exceed the above limit, then in fiscal years 1996 or 1997 the commissioner may withhold provider payments, rateably reduce payments under the general assistance medical care program or the medical assistance program or propose statutory remedies to the legislature that will bring expenditures within this limit.

Subd. 2. Finance and Management Administration

General

$21,815,000 $20,871,000

Federal money received in excess of the estimates shown in the 1994-1995 department of human services budget document reduces the state appropriation by the amount of the excess receipts, unless the governor directs otherwise, after consulting with the legislative advisory commission.

If the amount of federal money anticipated to be received is less than the estimates shown in the 1994-1995 proposed biennial budget document for the department of human services, the commissioner of finance shall reduce the amount available from the direct appropriation by a corresponding amount. The reductions must be noted in the budget document submitted to the 79th legislature, in addition to an estimate of similar federal money anticipated for the biennium ending June 30, 1997. At the end of

fiscal years 1994 and 1995, the chairs of the human services division of the house health and human services committee and the health care and family services finance division of the senate committees on health care and family services shall receive written notification explaining these reductions.

The commissioner of human services, with the approval of the commissioner of finance and by direction of the governor after consulting with the legislative advisory commission, may transfer unencumbered appropriation balances among the aid to families with dependent children, aid to families with dependent children child care, Minnesota family investment, general assistance, general assistance medical care, medical assistance, Minnesota supplemental aid, group residential housing, and work readiness programs, and the entitlement portion of the chemical dependency consolidated treatment fund, and between fiscal years of the biennium.

Effective the day following final enactment, the commissioner may transfer unencumbered appropriation balances for fiscal year 1993 among the aid to families with dependent children, general assistance, general assistance medical care, medical assistance, Minnesota supplemental aid, and work readiness programs, and the entitlement portion of the chemical dependency consolidated treatment fund, with the approval of the commissioner of finance after notification of the chair of the senate family services and health care division and the chair of the house of representatives human services division.

Appropriations and federal receipts for information system projects for MAXIS, child support enforcement, and the Minnesota Medicaid information system must be deposited in the state systems account authorized in Minnesota Statutes, section 256.014. Money appropriated for computer projects approved by the information policy office, funded by the legislature, and approved by the commissioner of finance may be transferred from

one project to another and from development to operations as the commissioner of human services considers necessary. Any unexpended balance in the appropriation for these projects does not cancel but is available for ongoing development and operations.

Any reduction in the base for GA or GAMC attributed to the movements of clients from those programs to the work readiness pilot projects creating the work experience component shall be reinstated as part of the base in the governor's proposed budget for 1996-1997.

$75,000 is available in the fiscal year ending June 30, 1994, and $250,000 is available for the fiscal year ending June 30, 1995, for the crisis nursery program. Unexpended money appropriated for the crisis nursery program in fiscal year 1994 does not cancel but is available for fiscal year 1995.

The commissioner of human services shall establish a special revenue fund account to manage shared communication costs necessary for the operation of the programs the commissioner supervises. The commissioner may distribute the costs of operating and maintaining communication systems to participants in a manner that reflects actual system usage. Costs may include acquisition, licensing, insurance, maintenance, repair, staff time, and other direct costs as determined by the commissioner. The commissioner of human services may accept for and on behalf of the state any gift, bequest, devise, or personal property of any kind or money tendered to the state for any purpose pertaining to the communication activities of the department. Any money so received must be deposited in the state communication systems account. Money collected by the commissioner for the use of communication systems must be deposited in the state communication systems account and is appropriated to the commissioner for purposes of this section.

Before hardware or software valued in excess of $100,000 can be purchased by the department of human services, there

must be information policy office approval that all appropriate policies, standards, and budget review requirements and recommendations have been met.

Subd. 3. Social Services Administration

General

$68,565,000 $70,103,000

All of the fees paid to the commissioner for interpreter referral services for people with hearing impairments shall be used for direct client referral activities. None of the fees shall be used to pay for state agency administrative and support costs.

The supplemental funding for nutrition programs serving counties where congregate and home-delivered meals were locally financed prior to participation in the nutrition program of the Older Americans Act shall be awarded at no less than the same levels as in fiscal year 1993.

The Minnesota board on aging, in cooperation with the area agencies on aging and statewide senior citizen organizations, shall develop and present to the legislature by February 1, 1994, a plan for operating the Aging Ombudsman programs through grants to private, nonprofit organizations, wherever possible. The plan shall specify a request for proposals process to solicit applications for areas currently unserved by grantees. Goals of the plan and its implementation are to improve advocacy services for nursing home residents, acute care patients, and home care clients by strengthening quality, access, and independence, as well as by taking full advantage of local matching funds. The plan must include a formula and rationale for the allocation of state and federal ombudsman funds among regions within the state.

For the purpose of transferring certain persons from the SILS program to the home and community-based waivered services program for persons with mental retardation or related conditions, the amount of funds transferred between the semi-independent living services (SILS) account or the state community social services account and the state medical

assistance account shall be based on each county's participation in transferring persons to the waivered services program. No person for whom these funds are transferred shall be required to obtain a new living arrangement, notwithstanding Minnesota Statutes, section 252.28, subdivision 3, paragraph (4), and Minnesota Rules, parts 9525.1800, subpart 25a, and 9525.1869, subpart 6. When supported living services are provided to persons for whom these funds are transferred, the commissioner may substitute the licensing standards of Minnesota Rules, parts 9525.0500 to 9525.0660, for parts 9525.2000 to 2525.2140, if the services remain nonresidential as defined in Minnesota Statutes, section 245A.02, subdivision 10. For the purpose of Minnesota Statutes, chapter 256G, when a service is provided under these substituted licensing standards, the status of residence of the recipient of that service shall continue to be considered excluded time.

Contingent upon federal approval of expanding eligibility for home and community-based services for persons with mental retardation or related conditions, the commissioner shall reduce the state semi-independent living services (SILS) payments to each county by the total medical assistance expenditures for nonresidential services attributable to former SILS recipients transferred by the county to the home and community-based services program for persons with mental retardation or related conditions. Of the reduced SILS payments determined above, the commissioner shall transfer to the state medical assistance account an amount equal to the nonfederal share of the nonresidential services under the home and community-based services for persons with mental retardation or related conditions. Of the remaining reduced SILS payments, 80 percent shall be returned to the SILS grant program to provide additional SILS services and 20 percent shall be transferred to the general fund.

An additional $20,000 each year is appropriated from the children's trust fund to the special revenue fund for administra-

tion and indirect costs of the children's trust fund program.

From the money appropriated in this subdivision, the commissioner shall transfer $25,000 to the commissioner of trade and economic development to be used for an area action planning grant to a city which has at least 30 percent renter-occupied housing. The planning grant must address an area within the city containing at least 20 percent of the city's population and at least three percent of its land. The median household income of the area must be 80 percent of the county median, or less. The residential buildings in the area must be at least 50 percent renter-occupied and at least 50 percent of them must have been built before 1970.

The commissioner of human services shall study and report on the adequacy and effectiveness of investigations of child maltreatment in day care centers licensed under Minnesota Rules, parts 9503.0005 to 9503.0175. The commissioner shall report back to the legislature by February 1, 1994, with recommendations on whether the county or state agency should conduct such investigations. In preparing the study, the commissioner shall consult with providers and representatives of county social service agencies.

$54,000 of the funds appropriated to the commissioner of human services for operation of the Early Childhood Care and Education Council under Minnesota Statutes, section 256H.195, shall be used to enable the commissioner to contract with the greater Minneapolis day care association to establish a pilot program for training child care workers. The program shall be subject to the provisions of Minnesota Statutes, chapter 178, regarding masters and apprentices, including but not limited to, the requirements for an apprenticeship agreement, the approval and registration of apprenticeship programs, and the certification of completion of apprenticeship.

The pilot project shall be designed to provide (1) in-service training, (2) coursework, and (3) salary upgrades, for

child care workers employed in facilities licensed by the commissioner of human services under Minnesota Rules, chapters 9502 and 9503. Projects shall be designed to train child care workers to qualify as assistant teachers, teachers, and in-service trainers or mentors, in a sequenced professional development program. The commissioner shall evaluate the pilot projects and shall present a report to the legislature by February 15, 1995.

The report shall contain recommendations on the feasibility of establishing a statewide program for training child care workers.

Of this appropriation, $250,000 is available for the planning and design stage for the social services information system, which shall include:

(a) general requirements definition for the county-based system and the state system;

(b) detailed design specifications;

(c) system life cycle analysis, including detailed analysis of system size and scope during its life cycle; and

(d) implementation plan, including detailed estimates of costs to implement and operate the system.

The department shall prepare a report to the legislature in January 1994 specifying the costs required to implement and operate the system and the federal financial participation rates expected, and seeking approval for continuation of development and implementation.

Of this appropriation, $100,000 each year is for a grant to the New Chance demonstration project that provides comprehensive services to young AFDC recipients who became pregnant as teenagers and dropped out of high school. The commissioner shall provide an annual report on the progress of the demonstration project, including specific data on participant outcomes in comparison to a control group that received no services. The commissioner shall also include recommendations on whether strategies or methods that have proven successful in the demon-

stration project should be incorporated into the STRIDE employment program for AFDC recipients.

Of the appropriation for aging services grants, $50,000 each year is to increase the appropriation for home delivered meals.

Of this appropriation, $3,500,000 is for collaboratives to be spent as follows: (1) $1,500,000 in fiscal year 1994 for planning grants to collaboratives, to be awarded according to procedures published by the children's cabinet; and (2) $1,000,000 each year of the biennium for implementation grants to collaboratives that have plans approved by the children's cabinet. The commissioner may transfer any unspent portion of the appropriation for planning grants to the fiscal year 1995 appropriation for program grants with the approval of the commissioner of finance. None of this appropriation shall become part of the base for the 1996-1997 biennium.

If a person requests this data, the commissioner of human services shall require the requesting person to pay no more than the actual costs of searching for and retrieving the data, including the cost of employee time, and for making, certifying, compiling, and electronically transmitting the copies of the data or the data, but may not charge for separating public data from not public data.

Medical assistance and general assistance medical care payments for mental health services provided by masters-prepared mental health professionals, except services provided by community mental health centers, shall be 75 percent of the rate paid to doctoral-prepared profession-

als for fiscal year 1994 and shall be 80 percent of the rate paid to doctoral-prepared professionals for fiscal year 1995.

Money appropriated for preadmission screening and the alternative care program for fiscal year 1995 may be used for these purposes in fiscal year 1994.

In the event that a large community-based facility licensed under Minnesota Rules, parts 9525.0215 to 9525.0355, for more than 16 beds, but not certified as an intermediate care facility for persons with mental retardation or related conditions, closes and alternative services for the residents are necessary, the commissioner may transfer on a quarterly basis to the state medical assistance account from each affected county's community social service allocation an amount equal to the state share of medical assistance reimbursement for such residential and day habilitation services funded by the medical assistance program and provided to clients for whom the county is financially responsible.

The commissioner is authorized to collect information from providers of ICF/MR, MR waiver, SILS, and day training and habilitation services regarding the total compensation paid to individuals who claim reimbursement of all or part of that compensation in any of those programs, including non-Minnesota services for developmentally disabled, if that individual's total compensation is in excess of $50,000. The information shall be provided in a manner specified by the commissioner within 90 days of its request.

For this purpose, an individual's total compensation includes wages, salary, wages or salaries from consultant contracts whether or not from related organizations, board of director fees, bonuses, deferred compensation, retirement plans such as IRA's, pension, and profit sharing plans, fringe benefits such as life insurance and health insurance, or other employee benefits such as use of a vehicle. The commissioner shall also collect the hours worked by the individual, the number facilities or programs served and the

number of clients served within those facilities or programs by the individual.

The commissioner shall collect this information for calendar years 1992 and 1993, and shall analyze and report the results of this study to the legislature on January 31, 1994, and January 31, 1995, respectively. If the total compensation information is not provided either in the manner specified by the commissioner or within 90 days of the commissioner's request, the commissioner shall reduce that provider's payment rates by 5 percent until the information is provided. Upon submittal of the information, the commissioner shall retroactively reinstate the provider's 5 percent payment rate reductions.

The nonfederal share of the costs of case management services provided to persons with mental retardation or related conditions who are relocated from nursing facilities as required by federal law and who receive home- and community-based services that are funded through the waiver granted under section 1915(c)(7)(B) of the Social Security Act may be provided from state-appropriated funding for medical assistance grants. The division of cost is subject to Minnesota Statutes, section 256B.19, and the services are included as covered programs and services under Minnesota Statutes, section 256.025, subdivision 2.

Any money allocated to the alternative care program that is not spent for the purposes indicated does not cancel but shall be transferred to the medical assistance account.

In the event that federal financial participation in the Minnesota medical assistance program is reduced as a result of a determination that Minnesota is out of compliance with Public Law Number 102-234 or its implementing regulations or with any other federal law designed to restrict provider tax programs or intergovernmental transfers, the commissioner of human services shall appeal the determination to the fullest extent permitted by law and may rateably reduce all medical assistance and general assistance medical care payments to providers other than the

state of Minnesota by a like amount in order to eliminate any shortfall resulting from the reduced federal funding. Any amount later recovered through the appeals process shall be used to reimburse providers for any rateable reductions taken.

Effective for money received on or after March 25, 1993, and during the biennium ending June 30, 1995, the state share of the settlement from the Sandoz company clozaril litigation shall be dedicated to the commissioner of human services to supplement the HIV drug program that is funded through the federal Ryan White Act and is available until expended.

The pharmacy dispensing fee shall be $4.10 per prescription.

Medical assistance inpatient rates identified in Minnesota Statutes, sections 256.9685 to 256.9695, shall be increased as follows: for inpatient admissions to (1) a children's hospital, nine percent; (2) a public hospital with calendar year 1991 noncapitation medical assistance inpatient dollar volume in excess of 13 percent of total calendar year 1991 noncapitation medical assistance inpatient dollar volume, six percent; and (3) a teaching hospital operated by the University of Minnesota and having calendar year 1991 noncapitation medical assistance inpatient dollar volume in excess of eight percent of total calendar year 1991 noncapitation medical assistance dollar volume, three percent. For the purposes of this paragraph, a children's hospital is defined as one that is engaged in furnishing services to inpatients who are predominantly individuals under 18 years of age.

Up to $40,000 of the appropriation for preadmission screening and alternative care for fiscal year 1994 may be transferred to the health care administration account to pay the state's share of county claims for conducting nursing home assessments for persons with mental illness or mental retardation as required by Public Law Number 100-203.

Money appropriated in fiscal year 1994 for the administration and handling of

vaccinations purchased from the Centers for Disease Control shall be transferred to the commissioner of health and is available until expended. The administration and handling must be done in a cost-effective manner, either by using existing storage capacity at the department of health, or by contracting out to a private vendor.

For the fiscal year ending June 30, 1994, a newly constructed or newly established intermediate care facility for the mentally retarded that is developed and financed during that period shall not be subject to the equity requirements in Minnesota Statutes, section 256B.501, subdivision 11, paragraph (d), or in Minnesota Rules, part 9553.0060, subpart 3, item F, provided that the provider's interest rate does not exceed the interest rate available through state agency tax-exempt financing.

For the fiscal year ending June 30, 1994, if a facility which is in receivership under Minnesota Statutes, section 245A.12 or 245A.13, is sold to an unrelated organization: (a) notwithstanding Minnesota Statutes, section 256B.501, subdivision 11, the facility shall be considered a new facility for rate setting purposes; and (b) the facility's historical basis for the physical plant, land, and land improvements for each facility must not exceed the prior owner's aggregate historical basis for these same assets for each facility. The allocation of the purchase price between land, land improvements, and physical plant shall be based on the real estate appraisal using the depreciated replacement cost method.

The preadmission screening payment to a county not participating in projects under Minnesota Statutes, section 256B.0917, shall be the greater of the county's fiscal year 1993 payment or the county's fiscal year 1993 estimate as provided to the commissioner of human services by February 15, 1992. Counties participating in projects under Minnesota Statutes, section 256B.0917, and that did not receive an inflation adjustment for fiscal year 1993 shall receive a one-time five percent

inflation adjustment to the payment that they were allotted in fiscal year 1993.

The commissioner of human services shall grant inflation adjustments for nursing facilities with rate years beginning during the biennium according to Minnesota Statutes, section 256B.431, subdivision 21, and shall grant inflation adjustments for intermediate care facilities for persons with mental retardation or related conditions with rate years beginning during the biennium according to Minnesota Statutes, section 256B.501, subdivision 3c.

Services provided by a physical therapy assistant shall be reimbursed at the same rate as services performed by a physical therapist when the services of the physical therapy assistant are provided under the direction of a physical therapist who is on the premises. Services provided by a physical therapy assistant that are provided under the direction of a physical therapist who is not on the premises shall be reimbursed at 65 percent of the physical therapist rate. Services provided by an occupational therapy assistant shall be reimbursed at the same rate as services performed by an occupational therapist when the services of the occupational therapy assistant are provided under the direction of the occupational therapist who is on the premises. Services provided by an occupational therapy assistant that are not provided under the direction of an occupational therapist who is not on the premises shall be reimbursed at 65 percent of the occupational therapist rate.

Notwithstanding statutory provisions to the contrary, the commissioner of human services shall increase reimbursement rates for the following by three percent for the fiscal year ending June 30, 1995: nursing services and home health aide services under Minnesota Statutes, section 256B.0625, subdivision 6a; personal care services, and nursing supervision of personal care services, under Minnesota Statutes, section 256B.0625, subdivision 19a; private duty nursing services under Minnesota Statutes, section 256B.0625, subdivision 7; home- and community-

The commissioner shall implement a point-of-sale electronic claims management system to process claims for medical assistance payment from pharmacy providers. The system must be able to perform on-line, real-time eligibility verifications, and enhanced claims data capture, for pharmacy providers by January 31, 1994. No later than 60 days after that date the system must be able to perform on-line real-time adjudication of pharmacy claims. If the system is not able to perform the claims adjudication within 60 days after January 31, 1994, the commissioner must, as soon as possible thereafter, enter into a contract with a private vendor for a similar system.

The commissioner of human services may implement demonstration projects designed to create alternative delivery systems for acute and long-term care services to elderly and disabled persons

which provide increased coordination, improve access to quality services, and mitigate future cost increases. Before implementing the projects, the commissioner must provide information regarding the projects to the appropriate committees of the house and senate.

Money appropriated for the interagency long-term care planning committee (INTERCOM) activity may be transferred among all agencies specified in Minnesota Statutes, section 144A.31, subdivision 1, with the approval of the members and the commissioner of finance.

The commissioner shall study modifications to Minnesota Rules, parts 9553.0010 to 9553.0080, governing the reimbursement system for intermediate care facilities for persons with mental retardation, and shall solicit advice from the public, including provider groups, advocates, and legislators when developing rule amendments. The study shall examine at least the following reimbursement options: (1) Medicare diagnostic related grouping methodology, (2) reimbursement of small volume Medicaid providers on a percentage-of-charges basis rather than on a prospective basis; (3) equitable methods for reimbursing the additional costs incurred by teaching hospitals, children's hospitals, and high-volume Medicaid hospitals; and (4) contracting with an outside agency for the administration of the Medicaid program.

The study shall also develop a plan to combine the medical assistance inpatient hospital reimbursement system with the reimbursement system to be developed by the health care commission. The commissioner shall establish a task force including department staff, hospital industry representatives, and health care commission representatives to assist with the preparation of the report and recommendations. The report shall include recommendations on the feasibility of implementing a new reimbursement system on July 1, 1994, and an estimate of the cost or savings associated with any recommended changes.

The commissioner may not adjust hospital reimbursement rates to provide a new hospital payment for short length of stay mental health patients without the prior approval of the legislature unless the adjustment will result in budget savings.

The commissioner shall apply to the federal government for a waiver from Code of Federal Regulations, parts 441.206 and 441.256, which require certain attachments be included with Medicaid provider billings, in order to enable the commissioner to allow providers to submit most or all bills electronically.

The commissioner shall allocate money for home and community-based services to meet the needs of developmentally disabled individuals on the following priority basis: (1) to serve individuals on county waiting lists; and (2) to serve individuals who have been screened for discharge from regional treatment centers. In allocating waiver slots to counties under Minnesota Statutes, sections 256B.092 and 256B.501, the commissioner shall ensure that at least as many individuals are served from county waiting lists as the net census reduction from regional treatment centers.

The commissioner of finance shall transfer $50,000 in fiscal year 1994 and $50,000 in 1995 from the department of human services' training budget to the state technical college system. This transfer is to be used for customized training of staff who work directly with persons with

developmental disabilities. Any unexpended money shall revert to the general fund.

Effective for services rendered on or after July 1, 1993, the current medical assistance payment rate for ambulance services shall be increased by three percent.

Money appropriated for a peer grouping study in fiscal year 1994 but not expended does not cancel but is available for this purpose in fiscal year 1995.

Subd. 6. Mental Health and Regional Treatment Center Administration

General

$259,771,000 $260,314,000

For purposes of restructuring the regional treatment centers and state nursing homes, any regional treatment center or state nursing home employee whose position is to be eliminated shall be afforded the options provided in applicable collective bargaining agreements. All salary and mitigation allocations from fiscal year 1994 shall be carried forward into fiscal year 1995. Provided there is no conflict with any collective bargaining agreement, any regional treatment center or state nursing home position reduction must only be accomplished through mitigation, attrition, transfer, and other measures as provided in state or applicable collective bargaining agreements and in Minnesota Statutes, section 252.50, subdivision 11, and not through layoff.

If the resident population at the regional treatment centers is projected to be higher than the estimates upon which the medical assistance forecast and budget recommendations for the 1994-95 biennium were based, the amount of the medical assistance appropriation that is attributable to the cost of services that would have been provided as an alternative to regional treatment center services, including resources for community placements and waivered services for persons with mental retardation and related conditions, is transferred to the residential facilities appropriation.

The commissioner of human services is prohibited from transferring any building on the campus of the Faribault regional treatment center to any other state agency, or from declaring any building or acreage on the campus to be surplus, unless specifically authorized to do so by the legislature.

The commissioner may determine the need for conversion of a state-operated home and community-based service program to a state-operated intermediate care facility for persons with mental retarda-

tion if the conversion will produce a net savings to the state general fund and the persons receiving home and community-based services choose to receive services in an intermediate care facility for persons with mental retardation. After the commissioner has determined the need to convert the program, the commissioner of health shall certify the program as an intermediate care facility for persons with mental retardation if the program meets applicable certification standards.

Of the state enhanced waiver slots authorized for regional treatment center downsizing, 32 in fiscal year 1994 and an additional 36 in fiscal year 1995 shall be for state-operated services. Of these a minimum of eight in fiscal year 1994 and an additional four in fiscal year 1995 shall be utilized by the Cambridge Regional Treatment Center and a minimum of eight in fiscal year 1994 and an additional four in fiscal year 1995 shall be utilized at the Fergus Falls regional treatment center.

Of the enhanced waiver slots authorized for the Faribault regional treatment center, 64 shall be for state-operated services.

Of the enhanced waiver slots authorized for the Moose Lake regional treatment center, 12 shall be for state-operated services.

Any unexpended appropriations from the regional treatment center supplements for state enhanced waiver slots shall be transferred into the regional treatment center salary account.

The commissioner may transfer unencumbered appropriation balances between fiscal years for the state residential facilities repairs and betterments account and special equipment.

Wages for project labor may be paid by the commissioner of human services out of repairs and betterments money if the individual is to be engaged in a construction project or a repair project of short-term and nonrecurring nature. Compensation for project labor shall be based on the prevailing wage rates, as defined in Minnesota Statutes, section 177.42, subdivision 6. Project laborers

are excluded from the provisions of Minnesota Statutes, sections 43A.22 to 43A.30, and shall not be eligible for state-paid insurance and benefits.

When the operations of the regional treatment center chemical dependency fund created in Minnesota Statutes, section 246.18, subdivision 2, are impeded by projected cash deficiencies resulting from delays in the receipt of grants, dedicated income or other similar receivables, and when the deficiencies would be corrected within the budget period involved, the commissioner of finance shall transfer general fund cash reserves into this account as necessary to meet cash demands. The cash flow transfers must be returned to the general fund as soon as sufficient cash balances are available in the account to which the transfer was made. Any interest earned on general fund cash flow transfers accrues to the general fund and not the regional treatment center chemical dependency fund.

Money is appropriated from the mental health special projects account for adults and children with mental illness from across the state, for a camping program which utilizes the Boundary Waters Canoe Area and is cooperatively sponsored by client advocacy, mental health treatment, and outdoor recreation agencies.

Of this appropriation, $560,000 the first year is for children's integrated mental health grants. Any money not expended in the first year is available the second year. The three positions to provide technical assistance to counties are unclassified.

Funds received by the commissioner of human services from the state lottery director shall be used for the compulsive gambling treatment programs authorized by Minnesota Statutes, section 245.98, subdivision 2, including programs operated at the following facilities: St. Mary's hospital, Minneapolis; Gamblers Choice, Intervention Institute, Minneapolis; Upper Mississippi Health Service, Bemidji; Gamestar, St. Cloud; Lake Superior Area Family Services, Duluth; and Project Turnabout, Granite Falls. In determining the amount of money to be given to each

facility the commissioner shall consider the projected number of clients to be served, quality of services and whether the treatment will be inpatient or outpatient.

Of the appropriation for compulsive gambling treatment programs and the council on compulsive gambling under Minnesota Statutes, section 349.212, subdivision 2, $25,000 each year shall be designated for the Minnesota council on compulsive gambling for the development of an information gathering and dissemination network. Any money allocated or contributed for the compulsive gambling treatment programs does not cancel but shall be available for compulsive gambling treatment programs.

The legislature recognizes that orderly transfer of buildings at the Moose Lake regional center from the commissioner of human services to the commissioner of corrections is necessary to assure the welfare of vulnerable persons, to facilitate a shared campus, and to abide by legislated policies concerning the future of regional treatment centers and state correctional facilities.

In accordance with legislative policies, the transfer of buildings at the Moose Lake regional center from the commissioner of human services to the commissioner of corrections during fiscal year 1994 shall be carried out as follows:

(1) The commissioner of human services shall transfer buildings at the Moose Lake campus housing persons with mental illness and psychogeriatric patients to the commissioner of corrections upon the commencement of planning and design for construction of a 100-bed psychopathic personality treatment facility at the Moose Lake regional treatment center;

(2) buildings that house developmentally disabled persons may be transferred by the commissioner of human services to the commissioner of corrections when the commissioner of human services certifies that all persons with developmental disabilities from the Moose Lake regional center have been placed in appropriate

community-based programs and that at least 12 of the same residents have been placed in state operated community services; and

(3) buildings housing programs for chemically dependent persons at the Moose Lake regional center may be transferred by the commissioner of human services to the commissioner of corrections after alternative facilities for state operated chemical dependency programs have been located off campus in the Moose Lake catchment area and all program residents and staff have been relocated to the new state operated community-based program.

Construction on the 100 unit facility at Moose Lake for psychopathic personality patients may not be commenced until after construction has been commenced on the 50 bed facility at St. Peter, except that this limitation shall not restrict site preparation. The commissioner of administration shall report to the legislature by February 1, 1994, on the progress on both of the authorized facilities for psychopathic personality patients and other bonding projects related to regional treatment centers.

It is the intent of the legislature that the transfer of vulnerable persons, construction of the psychiatric hospital, and the conversion of existing buildings at Moose Lake for use by the department of corrections shall be coordinated in order to minimize any disruptive impact on the care and treatment of vulnerable persons.

$50,000 is appropriated for the biennium to the commissioner of human services for costs associated with establishing a consolidated financial record management facility at the Cambridge regional treatment center. This facility must be operational by July 1, 1994. By July 1, 1994, the commissioner shall report to the legislature on other opportunities to consolidate department records at the regional treatment center.

The transfer of the hospital building at the Faribault regional treatment center to the department of administration, to the de-

partment of corrections, or to any other state agency, may take place only after alternative, state-operated, skilled nursing facility, or intermediate care facility for persons with mental retardation and infirmary space has been developed for residents of the Faribault regional treatment center.

Agreements between the commissioner of corrections and the commissioner of human services concerning operation of a correctional facility on the Moose Lake regional treatment center campus shall include provisions for the utilization of the regional laundry facilities at the Brainerd regional treatment center.

to a hospital accredited by the joint commission on accreditation of health care organizations by $520 and shall increase the annual licensure fee charged to non-accredited hospitals by $225.

Notwithstanding the provisions of Minnesota Statutes, sections 144.122, 144.53, and 144A.07, a health care facility licensed under the provisions of Minnesota Statutes, chapter 144 or 144A, may submit the required fee for licensure renewal in quarterly installments. Any health care facility requesting to pay the renewal fees in quarterly payments shall make the request at the time of license renewal. Facilities licensed under the provisions of Minnesota Statutes, chapter 144, shall submit quarterly payments by January 1, April 1, July 1, and October 1 of each year. Nursing homes licensed under Minnesota Statutes, chapter 144A, shall submit the first quarterly payment with the application for renewal, and the remaining payments shall be submitted at three-month intervals from the license expiration date. The commissioner of health can require full payment of any outstanding balance if a quarterly payment is late. Full payment of the annual renewal fee will be required in the event that the facility is sold or ceases operation during the licensure year. Failure to pay the licensure fee is grounds for the non-renewal of the license.

The commissioner shall adjust the fees for hospital licensure renewal in such a way that fees for hospitals not accredited by the joint commission on accreditation of health care organizations are capped at $2,000, plus $100 per bed. Any loss of revenue that results from this cap must be evenly distributed to hospitals which are accredited by the joint commission.

The commissioner shall report to the chairs of the house of representatives health and housing finance division and the senate health and family services finance division by January 1, 1995, on progress in developing a revised cost allocation system to determine licensing fees for health care facilities and shall

recommend language to modify hospital and nursing home fees accordingly.

Effective the day following final enactment, in the event that the commissioner of health is ordered by a court or otherwise agrees to assume responsibility for the handling of patient's medical records from a closed hospital, such records shall be considered as medical data under the provisions of Minnesota Statutes, section 13.42, subdivision 3. The commissioner of health is authorized to handle and to provide access to these records in accordance with the provisions of Minnesota Statutes, sections 145.30 to 145.32 and 144.335. A written certification by the commissioner of health or the commissioner's designee that a photographic or photostatic copy of a record is a complete and correct copy shall have the same force and effect as a comparable certification of an officer or employee in charge of the records of the closed hospital. Costs incurred for the handling of these records pursuant to Minnesota Statutes, sections 145.30 to 145.32, shall be considered as a lien on the property of the closed hospital in accordance with the provisions of Minnesota Statutes, section 514.67. At the commissioner of health's discretion, all or a portion of this lien may be released in consideration for payment of a reasonable portion of the costs incurred by the commissioner. Any costs incurred by the commissioner for the handling of or providing access to the medical records must be recovered through charges for the access to records under Minnesota Statutes, section 144.335. The commissioner may contract for services for the handling of the medical records pursuant to Minnesota Statutes, sections 145.30 to 145.32, and for the provision of access to these records. Any revenues received by the commissioner through collections from the closed hospital or from charges for access shall be used to cover any contractual costs. Any remaining money shall be deposited into the state government special revenue fund.

Minnesota Rules, parts 4655.1070 to 4655.1098, as in effect on September 1,

1989, are adopted as an emergency rule of the department of health. The commissioner of health shall publish in the State Register a notice of intent to adopt Minnesota Rules, parts 4655.1070 to 4655.1098 [Emergency]. The same notice shall be mailed to all persons registered with the agency to receive notice of any rulemaking proceedings. The emergency rule is exempt from the requirements of Minnesota Statutes, sections 14.32 to 14.35, and shall take effect five working days after publication in the State Register. Those rules shall govern the process for granting exceptions to the moratorium on nursing homes under Minnesota Statutes, section 144A.073, during the biennium.

Up to $50,000 of the appropriation for treatment services in the services for children with handicaps program may be used to conduct a needs assessment of children with special health care needs and their families, and $105,000 must be used to avoid reducing the nursing staff due to inflationary increases to the extent possible with this appropriation.

Of this appropriation, $50,000 is to establish and administer a financial data collection program on ambulance services licensed in the state. The commissioner shall coordinate this program with the data collection initiatives of Minnesota Statutes, chapter 62J. Effective the day following final enactment, fiscal year 1993 appropriations for emergency medical technician training reimbursement under Minnesota Statutes, section 144.8091, do not cancel and are available until expended.

(b) When the case management provider determines that a prepaid provider is not providing mental health services as required under the contract, the case management provider shall assist the recipient to appeal the prepaid provider's denial pursuant to section 256.045, and may make other arrangements for provision of the covered services.

(c) The case management provider may bill the provider of prepaid health care services for any mental health services provided to a recipient of case management services which the county arranges for or provides and which are included in the prepaid provider's contract, and which were determined to be medically necessary as a result of an appeal pursuant to section 256.045. The prepaid provider must reimburse the mental health provider, at the

prepaid provider's standard rate for that service, for any services delivered under this subdivision.

(b) The payment rate is established using time study data on activities of provider service staff and reports required under sections 245.482, 256.01, subdivision 2, paragraph (17), and 256E.08, subdivision 8.

Separate payment rates may be established for different groups of providers to maximize reimbursement as determined by the commissioner. The payment rate will be reviewed annually and revised periodically to be consistent with the most recent time study and other data. Payment for services will be made upon submission of a valid claim and verification of proper documentation described in subdivision 7. Federal administrative revenue earned through the time study shall be distributed according to earnings, to counties or groups of counties which have the same payment rate under this subdivision, and to the group of counties which are not certified providers under section 256F.095. The commissioner shall modify the requirements set out in Minnesota Rules, parts 9550.0300 to 9550.0370, as necessary to accomplish this.

The ~~subsidy~~ *adoption assistance* agreement shall continue in accordance with its terms as long as the need for ~~subsidy~~ *adoption assistance* continues and the adopted person ~~is under 22 years of age and~~ is the legal or financial dependent of the adoptive parent or parents or guardian or conservator *and is under 18 years of age. The adoption assistance agreement may be extended to age 22 as allowed by rules adopted by the commissioner*. Termination or modification of the ~~subsidy~~ *adoption assistance* agreement may be requested by the adoptive parents or subsequent guardian or conservator at any time. When the commissioner determines that a child is eligible for adoption assistance under Title IV-E of the Social Security Act, United States Code, title 42, sections 670 to ~~676~~ *679a*, the commissioner shall modify the ~~subsidy~~ *adoption assistance* agreement in order to obtain the funds under that act.

Sec. 35. Minnesota Statutes 1992, section 259.40, subdivision 4, is amended to read:

Subd. 4. [ELIGIBILITY CONDITIONS.] The placing agency shall determine the child's eligibility for adoption assistance under title IV-E of the Social Security Act. If the child does not qualify, the placing agency shall certify a child as eligible for ~~a state-funded subsidy~~ *state funded adoption assistance* only if the following criteria are met:

(a) ~~A placement agency has made reasonable efforts to place the child for adoption without subsidy, but has been unsuccessful; or~~ *Due to the child's characteristics or circumstances it would be difficult to provide the child and adoptive home without adoption assistance.*

(b)(1) A placement agency has made reasonable efforts to place the child for adoption without subsidy adoption assistance, but has been unsuccessful; or

~~(b)~~*(2)* the child's licensed foster parents desire to adopt the child and it is determined by the placing agency that:

~~(1)~~ the adoption is in the best interest of the child; ~~and~~

~~(2) due to the child's characteristics or circumstances it would be difficult to provide the child an adoptive home without subsidy; and~~.

(c) The child has been a ward of the commissioner or ~~licensed~~ *a Minnesota-licensed* child placing agency.

Sec. 36. Minnesota Statutes 1992, section 259.40, subdivision 5, is amended to read:

Subd. 5. [DETERMINATION OF RESIDENCY.] A child who is a resident of any county in this state when eligibility for ~~subsidy~~ *adoption assistance* is certified shall remain eligible and receive ~~the subsidy~~ *adoption assistance* in accordance with the terms of the ~~subsidy~~ *adoption assistance* agreement, regardless of the domicile or residence of the adopting parents at the time of application for adoptive placement, legal decree of adoption, or thereafter.

Sec. 37. Minnesota Statutes 1992, section 259.40, subdivision 7, is amended to read:

Subd. 7. [REIMBURSEMENT OF COSTS.] Subject to rules of the commissioner, *and the provisions of this subdivision* a *Minnesota-licensed child* placing agency *or county social service agency* shall receive a reimbursement from the commissioner equal to 100 percent of the reasonable and appropriate cost of providing ~~or purchasing~~ adoption services for a child certified as eligible for ~~a subsidy, including~~ *adoption assistance. Such assistance may include* adoptive family recruitment, counseling, and special training when needed. *A Minnesota-licensed child placing agency shall receive reimbursement for adoption services it purchases for or directly provides to an eligible child. A county social service agency shall receive such reimbursement only for adoption services it purchases for an eligible child.*

A Minnesota-licensed child placing agency or county social service agency seeking reimbursement under this subdivision shall enter into a reimbursement agreement with the commissioner before providing adoption services for which reimbursement is sought. No reimbursement under this subdivision shall be made to an agency for services provided prior to entering a reimbursement agreement. Separate reimbursement agreements shall be made for each child and separate records shall be kept on each child for whom a reimbursement agreement is made. Funds encumbered and obligated under such an agreement for the child remain available until the terms of the agreement are fulfilled or the agreement is terminated.

Sec. 38. Minnesota Statutes 1992, section 259.40, subdivision 8, is amended to read:

Subd. 8. [INDIAN CHILDREN.] The commissioner is encouraged to work with American Indian organizations to assist in the establishment of American Indian child adoption organizations able to be licensed as child placing agencies. Children certified as eligible for ~~a subsidy~~ *adoption assistance* under this section who are protected under the Federal Indian Child Welfare Act of 1978 should, whenever possible, be served by the tribal governing body, tribal courts, or a licensed Indian child placing agency.

Sec. 39. Minnesota Statutes 1992, section 259.40, subdivision 9, is amended to read:

Subd. 9. [EFFECT ON OTHER AID.] ~~Subsidy~~ *Adoption assistance* payments received under this section shall not affect eligibility for any other financial payments to which a person may otherwise be entitled.

Sec. 40. Minnesota Statutes 1992, section 525.539, subdivision 2, is amended to read:

Subd. 2. "Guardian" means a person *or entity* who is appointed by the court to exercise all of the powers and duties designated in section 525.56 for the care of an incapacitated person or that person's estate, or both.

Sec. 41. Minnesota Statutes 1992, section 525.551, subdivision 7, is amended to read:

Subd. 7. [NOTIFICATION ~~OF COMMISSIONER OF HUMAN SERVICES~~.] If ~~the ward or conservatee is~~ a patient of a state hospital ~~for the mentally ill, or committed to the~~, *regional center, or any state-operated service has a guardianship or conservatorship established, modified, or terminated, the head of the state hospital, regional center, or state-operated service shall be notified. If a ward or conservatee is under the* guardianship or conservatorship of the commissioner of human services as mentally retarded or dependent and neglected or is under the temporary custody of the commissioner of human services, the court shall notify the commissioner of human services ~~of the appointment of a guardian, conservator or successor guardian or conservator of the estate of the ward or conservatee~~ *if the public guardianship or conservatorship is established, modified, or terminated.*

Sec. 42. Minnesota Statutes 1992, section 626.559, is amended by adding a subdivision to read:

Subd. 5. [TRAINING REVENUE.] *The commissioner of human services shall submit claims for federal reimbursement earned through the activities and services supported through department of human services child protection or child welfare training funds. Federal revenue earned must be used to improve and expand training services by the department. The department expenditures eligible for federal reimbursement under this section must not be made from federal funds or funds used to match other federal funds. The federal revenue earned under this subdivision is available for these purposes until the funds are expended.*

Sec. 43. [BASIC SLIDING FEE; ALLOCATION.]

In fiscal year 1993 only, a maximum of $600,000 in federal funds designated for the basic sliding fee program shall be distributed to counties that, due to the allocation formula change in section 256H.03, subdivision 4, paragraphs (a) to (c), do not have sufficient funds available in the basic sliding fee program to continue services in fiscal year 1993 to families participating in the basic sliding fee program in fiscal year 1992. This maximum of $600,000 increase for the sliding fee child care fund in fiscal year 1993 is a one-time increase and does not increase the allocation base for the 1994-1995 biennium. The funds shall be distributed as a supplemental fiscal year 1993 allocation to counties without regard to the allocation formula identified in this section. The amount distributed to a county shall be based on earnings in excess of its original fiscal year 1993 allocation after the maintenance of effort requirements in section 256H.12. The sum of a county's original and supplemental fiscal year 1993 allocations may not exceed its fiscal year 1992 allocation. If the amount of funds earned under section 256H.12 is in excess of $600,000, the distribution shall be prorated to each county based on the ratio of the county's earnings in excess of its allocation to the total of all counties' earnings in excess of their allocations.

Sec. 44. [PINE COUNTY SOCIAL SERVICE GRANT APPLICATION PROCESS.]

Subdivision 1. [AUTHORIZATION FOR DEMONSTRATION PROJECT.] *The commissioner of human services shall allow Pine county to send a letter of intent in lieu of completing a grant application to apply for categorical social service funding as part of a four-year intergovernmental agreement demonstra-*

tion project. The demonstration project is an alternative method of obtaining social service funding which is part of a larger project to simplify and consolidate social services planning and reporting in Pine county. The demonstration project is an effort to streamline planning and remove administrative burdens on smaller counties.

Subd. 2. [SOCIAL SERVICE PLAN.] *Pine county must amend its social service plan within 12 months of receiving funding to incorporate the requirements of the grant application process into the social service plan.*

Subd. 3. [COMPLIANCE AND MONITORING.] *The commissioner may terminate the demonstration project if Pine county is not using the categorical funding for the intended purpose. The commissioner shall send Pine county a 60-day notice and provide an opportunity for Pine county to appeal before terminating the project.*

Subd. 4. [REPORT.] *The commissioner shall report to the legislature annually beginning January 1, 1995. The report shall evaluate Pine county's intergovernmental agreements project and also the advantages of the alternative funding process for counties with a population under 30,000.*

Sec. 45. [EFFECTIVE DATES.]

Sections 31 and 43 are effective the day following final enactment.

ARTICLE 4

DEVELOPMENTAL DISABILITIES

Section 1. Minnesota Statutes 1992, section 252.275, subdivision 1, is amended to read:

Subdivision 1. [PROGRAM.] The commissioner of human services shall establish a statewide program to provide support for persons with mental retardation or related conditions to live as independently as possible in the community. An objective of the program is to reduce unnecessary use of intermediate care facilities for persons with mental retardation or related conditions and home and community-based services. The commissioner shall reimburse county boards for ~~the provision of~~ semi-independent living services ~~licensed by the commissioner pursuant to~~ *provided by agencies or individuals that meet the applicable standards of* sections 245A.01 to 245A.16 and 252.28, and for the provision of one-time living allowances to secure and furnish a home for a person who will receive semi-independent living services under this section, if other public funds are not available for the allowance.

For the purposes of this section, "semi-independent living services" means training and assistance in managing money, preparing meals, shopping, maintaining personal appearance and hygiene, and other activities which are needed to maintain and improve an adult with mental retardation or a related condition's capability to live in the community. Eligible persons*: (1)* must be age 18 or older~~; must need less than a 24-hour plan of care; and~~*; (2)* must be unable to function independently without semi-independent living services*; and (3) must not be at risk of placement in an intermediate care facility for persons with mental retardation in the absence of less restrictive services.*

Semi-independent living services costs and one-time living allowance costs may be paid directly by the county, or may be paid by the recipient with a voucher or cash issued by the county.

Sec. 2. Minnesota Statutes 1992, section 252.275, subdivision 8, is amended to read:

Subd. 8. [USE OF FEDERAL FUNDS *AND TRANSFER OF FUNDS TO MEDICAL ASSISTANCE.*] *(a)* The commissioner shall make every reasonable effort to maximize the use of federal funds for semi-independent living services.

(b) The commissioner shall reduce the payments to be made under this section to each county from January 1, 1994 to June 30, 1996, by the amount of the state share of medical assistance reimbursement for services other than residential services provided under the home- and community-based waiver program under section 256B.092 from January 1, 1994 to June 30, 1996, for clients for whom the county is financially responsible and who have been transferred by the county from the semi-independent living services program to the home- and community-based waiver program. Unless otherwise specified, all reduced amounts shall be transferred to the medical assistance state account.

(c) For fiscal year 1997, the base appropriation available under this section shall be reduced by the amount of the state share of medical assistance reimbursement for services other than residential services provided under the home- and community-based waiver program authorized in section 256B.092 from January 1, 1995 to December 31, 1995, for persons who have been transferred from the semi-independent living services program to the home- and community-based waiver program. The base appropriation for the medical assistance state account shall be increased by the same amount.

(d) For purposes of calculating the guaranteed floor under subdivision 4b and to establish the calendar year 1996 allocations, each county's original allocation for calendar year 1995 shall be reduced by the amount transferred to the state medical assistance account under paragraph (b) during the six months ending on June 30, 1995. For purposes of calculating the guaranteed floor under subdivision 4b and to establish the calendar year 1997 allocations, each county's original allocation for calendar year 1996 shall be reduced by the amount transferred to the state medical assistance account under paragraph (b) during the six months ending on June 30, 1996.

Sec. 3. Minnesota Statutes 1992, section 252.41, subdivision 3, is amended to read:

Subd. 3. [DAY TRAINING AND HABILITATION SERVICES FOR ADULTS WITH MENTAL RETARDATION, RELATED CONDITIONS.] "Day training and habilitation services for adults with mental retardation and related conditions" means services that:

(1) include supervision, training, assistance, and supported employment, work-related activities, or other community-integrated activities designed and implemented in accordance with the individual service and individual habilitation plans required under Minnesota Rules, parts 9525.0015 to 9525.0165, to help an adult reach and maintain the highest possible level of independence, productivity, and integration into the community;

(2) are provided under contract with the county where the services are delivered by a vendor licensed under sections 245A.01 to 245A.16 and 252.28, subdivision 2, to provide day training and habilitation services; and

(3) are regularly provided to one or more adults with mental retardation or related conditions in a place other than the adult's own home or residence *unless medically contraindicated.*

Day training and habilitation services reimbursable under this section do not include special education and related services as defined in the Education of the Handicapped Act, United States Code, title 20, chapter 33, section 1401, clauses (6) and (17), or vocational services funded under section 110 of the Rehabilitation Act of 1973, United States Code, title 29, section 720, as amended.

Sec. 4. [252.450] [AGREEMENTS WITH BUSINESSES TO PROVIDE SUPPORT AND SUPERVISION OF PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS IN COMMUNITY-BASED EMPLOYMENT.]

Subdivision 1. [DEFINITION.] *For the purposes of this section, "qualified business" means a business that employs primarily nondisabled persons and will employ persons with mental retardation or related conditions. For purposes of this section, licensed providers of residential services for persons with mental retardation or related conditions are not a qualified business. A qualified business and its employees are exempt from Minnesota Rules, parts 9525.1500 to 9525.1690 and 9525.1800 to 9525.1930.*

Subd. 2. [VENDOR PARTICIPATION AND REIMBURSEMENT.] *Notwithstanding requirements in chapter 245A, and sections 252.28, 252.40 to 252.46, and 256B.501, vendors of day training and habilitation services may enter into written agreements with qualified businesses to provide additional training and supervision needed by individuals to maintain their employment.*

Subd. 3. [AGREEMENT SPECIFICATIONS.] *Agreements must include the following:*

(1) the type and amount of supervision and support to be provided by the business to the individual in accordance with their needs as identified in their individual service plan;

(2) the methods used to periodically assess the individual's satisfaction with their work, training, and support;

(3) the measures taken by the qualified business and the vendor to ensure the health, safety, and protection of the individual during working hours, including the reporting of abuse and neglect under state law and rules;

(4) the training and support services the vendor will provide to the qualified business, including the frequency of on-site supervision and support; and

(5) any payment to be made to the qualified business by the vendor. Payment to the business must be limited to:

(i) additional costs of training coworkers and managers that exceed ordinary and customary training costs and are a direct result of employing a person with mental retardation or a related condition; and

(ii) additional costs for training, supervising, and assisting the person with mental retardation or a related condition that exceed normal and customary costs required for performing similar tasks or duties.

Payments made to a qualified business under this section must not include incentive payments to the qualified business or salary supplementation for the person with mental retardation or a related condition.

Subd. 4. [CLIENT PROTECTION.] *Persons receiving training and support under this section may not be denied their rights or procedural protections under section 256.045, subdivision 4a, or 256B.092, including the county agency's responsibility to arrange for appropriate services, as necessary, in the event that persons lose their job or the contract with the qualified business is terminated.*

Subd. 5. [VENDOR PAYMENT.] *(a) For purposes of this section, the vendor shall bill and the commissioner shall reimburse for full-day or partial-day services that would otherwise have been paid to the vendor for providing direct services provided that:*

(1) the vendor provides services and payments to the business that enable the business to perform services for the client that the vendor would otherwise need to perform; and

(2) any client for whom a rate will be billed was receiving full-time services from the vendor on or before July 1, 1993, and a rate will allow the client to work with support in a community business instead of receiving any other service from the vendor.

(b) Medical assistance reimbursement of services provided to persons receiving day training and habilitation services under this section is subject to the limitations on reimbursement for vocational services under federal law and regulation.

Sec. 5. [252.451] [VENDOR REQUIREMENTS.]

The requirements of Minnesota Rules, parts 9525.1500 to 9525.1690 governing vendors of day training and habilitation services are amended as provided in paragraphs (a) to (f).

(a) Notwithstanding Minnesota Rules, part 9525.1620, subpart 2, item B, orientation must be completed within the first 60 days of employment.

(b) Employees of a business who are subsequently employed by the day training and habilitation program to provide job supports to a client at the business site are exempt from the requirements of Minnesota Rules, part 9525.1620 except for the explanation required in subpart 2, item A, subitem (4).

(c) Notwithstanding Minnesota Rules, part 9525.1590, subpart 2, vendors must annually collect data for each person receiving employment services that is current as of the last day of the calendar year and includes:

(1) the type of employment activity, location, and job title;

(2) the number of hours the person worked per week;

(3) the number of disabled coworkers receiving vendor services at the same work site where the person for whom the data is reported is working; and

(4) the number of nondisabled and nonsubsidized coworkers employed at the work site.

(d) Space owned or leased by a vendor that is used solely as office space for a community-integrated program is exempt from Minnesota Rules, parts 9525.1520, subpart 2, item B, subitems (1), (2), and (4); and 9525.1650.

(e) If any of the conditions in clauses (1) to (4) are met, the vendor may provide support at the office site for five or fewer persons at any time and be exempt from Minnesota Rules, parts 9525.1520, subpart 2, item B, subitems (1), (2), and (4); and 9525.1650, except that the vendor must document that the building satisfactorily meets local fire regulations. The documentation may be a copy of the routine fire inspection of the building. If a routine inspection has not been completed, a separate inspection must be completed. The conditions are:

(1) the services are temporary, with an anticipated duration of not more than 60 calendar days, for example when a person begins services or is between community jobs and must spend some portion of each service day involved in the community;

(2) at least 75 percent of the service week is provided outside the office site in the community;

(3) the use of the space is for planning meetings or other individualized meetings with persons receiving support; or

(4) the person is in transit to a job site or other community-based site.

(f) Notwithstanding Minnesota Rules, part 9525.1630, subparts 4 and 5, the vendor is required to assess and reassess persons in the areas specified in Minnesota Rules, part 9525.1630, subpart 4, items B to E, as authorized by the case manager. Items not specifically authorized are not required.

This section expires on the effective date of the consolidated licensing rules.

Sec. 6. Minnesota Statutes 1992, section 252.46, is amended to read:

252.46 [PAYMENT RATES.]

Subdivision 1. [RATES.] Payment rates to vendors, except regional centers, for county-funded day training and habilitation services and transportation provided to persons receiving day training and habilitation services established by a county board are governed by subdivisions 2 to ~~11~~ *19*. ~~"Payment rate" as used in subdivisions 2 to 11 refers to three kinds of payment rates~~ *The commissioner shall approve the following three payment rates for services provided by a vendor*:

(1) a full-day service rate for persons who receive at least six service hours a day, including the time it takes to transport the person to and from the service site;

(2) a partial-day service rate that must not exceed 75 percent of the full-day service rate for persons who receive less than a full day of service; and

(3) a transportation rate for providing, or arranging and paying for, transportation of a person to and from the person's residence to the service site.

Medical assistance rates for home and community-based service provided under section 256B.501, subdivision 4, by licensed vendors of day training and habilitation services must not be greater than the rates for the same services established by counties under sections 252.40 to 252.47. For very

dependent persons with special needs the commissioner may approve an exception to the approved payment rate under section 256B.501, subdivision 4 or 8.

Subd. 2. [RATE MINIMUM.] Unless a variance is granted under subdivision 6, the minimum payment rates set by a county board for each vendor must be equal to the payment rates approved by the commissioner for that vendor in effect January 1 of the previous calendar year.

Subd. 3. [RATE MAXIMUM.] Unless a variance is granted under subdivision 6, the maximum payment rates for each vendor for a calendar year must be equal to the payment rates approved by the commissioner for that vendor in effect December 1 of the previous calendar year. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual inflation adjustments in reimbursement rates for each vendor, based upon the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year. The commissioner shall not provide an annual inflation adjustment for the biennium ending June 30, 1993.

Subd. 4. [NEW VENDORS.] *(a)* Payment rates established by a county for a new vendor for which there were no previous rates must not exceed *95 percent of the greater of* 125 percent of the *statewide median rates or 125 percent of the* average payment rates in the regional development commission district under sections 462.381 to 462.396 in which the new vendor is located *unless the criteria in paragraph (b) are met.* ~~When at least 50 percent of the persons to be served by the new vendor are persons discharged from a regional treatment center on or after January 1, 1990, the recommended payment rates for the new vendor shall not exceed twice the current statewide average payment rates.~~

~~For purposes of this subdivision, persons discharged from the regional treatment center do not include persons who received temporary care under section 252A.111, subdivision 3.~~

(b) A payment rate equal to 200 percent of the statewide average rates shall be assigned to persons served by the new vendor when those persons are persons with very severe self-injurious or assaultive behaviors, persons with medical conditions requiring delivery of physician-prescribed medical interventions at one-to-one staffing for at least 15 minutes each time they are performed, or persons discharged from a regional treatment center after May 1, 1993, to the vendor's program. All other persons for whom the new service is needed must be assigned a rate equal to 95 percent of the greater of 125 percent of the statewide median rates or 125 percent of the regional average rates, whichever is higher, and the maximum payment rate that may be recommended is determined by multiplying the number of clients at each limit by the rate corresponding to that limit and dividing the sum by the total number of clients. When the recommended payment rates exceed 95 percent of 125 percent of the greater of the statewide median or regional average rates, whichever is higher, the county must include documentation verifying the medical or behavioral needs of clients. The approved payment rates must be based on 12 months budgeted expenses divided by at least 90 percent of authorized service units associated with the new vendor's licensed capacity. The county must include documentation verifying the person's discharge from

a regional treatment center and that admission of new clients to existing services eligible for a rate variance under subdivision 6 was considered before recommending payment rates for a new vendor. Nothing in this subdivision permits development of a new program that primarily results in refinancing of services for individuals already receiving services in existing programs.

Subd. 5. [SUBMITTING RECOMMENDED RATES.] The county board shall submit recommended payment rates to the commissioner on forms supplied by the commissioner at least 60 days before revised payment rates or payment rates for new vendors are to be effective. The forms must ~~require~~ *include* the county board's written verification of the individual documentation required under section 252.44, clause (a). ~~If the number of days of service provided by a licensed vendor are projected to increase, the county board must recommend payment rates based on the projected increased days of attendance and resulting lower per unit fixed costs. Recommended increases in payment rates for vendors whose approved payment rates are ten or more than ten percent below the statewide median payment rates must be equal to the maximum increases allowed for that vendor under subdivision 3.~~ If a vendor provides services at more than one licensed site, the county board may recommend the same payment rates for each site based on the average rate for all sites. The county board may also recommend differing payment rates for each licensed site if it would result in a total annual payment to the vendor that is equal to or less than the total annual payment that would result if the average rates had been used for all sites. For purposes of this subdivision, the average payment rate for all service sites used by a vendor must be computed by adding the amounts that result when the payment rates for each licensed site are multiplied by the projected annual number of service units to be provided at that site and dividing the sum of those amounts by the total units of service to be provided by the vendor at all sites.

Subd. 6. [VARIANCES.] *(a)* A variance from the minimum or maximum payment rates in subdivisions 2 and 3 may be granted by the commissioner when the vendor requests and the county board submits to the commissioner a written variance request *on forms supplied by the commissioner* with the recommended payment rates. ~~The commissioner shall develop by October 1, 1989, a uniform format for submission of documentation for the variance requests. This format shall be used by each vendor requesting a variance. The form shall be developed by the commissioner and shall be reviewed by representatives of advocacy and provider groups and counties.~~ A variance *to the rate maximum* may be utilized for costs associated with compliance with state administrative rules, compliance with court orders, capital costs required for continued licensure, increased insurance costs, start-up and conversion costs for supported employment, direct service staff salaries and benefits, ~~and~~ transportation~~. The county board shall review all vendors' payment rates that are ten or more than ten percent lower than the statewide median payment rates. If the county determines that the payment rates do not provide sufficient revenue to the vendor for authorized service delivery the county must recommend a variance under this section. When the county board contracts for increased services from any vendor for some or all individuals receiving services from the vendor, the county board shall review the vendor's payment rates to determine whether the increase requires that a variance to the minimum rates be recommended under this section to reflect the vendor's lower per unit fixed costs,~~, *and other program related costs when any of the criteria in clauses (1) to (3) is also met:*

(1) change is necessary to comply with licensing citations;

(2) a significant change is approved by the commissioner under section 252.28 that is necessary to provide authorized services to new clients with very severe self-injurious or assaultive behavior, or medical conditions requiring delivery of physician-prescribed medical interventions requiring one-to-one staffing for at least 15 minutes each time they are performed, or to new clients directly discharged to the vendor's program from a regional treatment center; or

(3) a significant increase in the average level of staffing is needed to provide authorized services approved by the commissioner under section 252.28, that is necessitated by a decrease in licensed capacity or loss of clientele when counties choose alternative services under Laws 1992, chapter 513, article 9, section 41.

A variance under this paragraph may be approved only if the costs to the medical assistance program do not exceed the medical assistance costs for all clients served by the alternatives and all clients remaining in the existing services.

(b) A variance to the rate minimum may be granted when (1) the county board contracts for increased services from a vendor for some or all individuals receiving services from the vendor lower per unit fixed costs result or (2) when the actual costs of delivering authorized service over a 12-month contract period have decreased.

(c) The written variance request *under this subdivision* must include documentation that all the following criteria have been met:

(1) The commissioner and the county board have both conducted a review and have identified a need for a change in the payment rates and recommended an effective date for the change in the rate.

(2) ~~The proposed changes are required for the vendor to deliver authorized individual services in an effective and efficient manner.~~

~~(3) The proposed changes are necessary to demonstrate compliance with minimum licensing standards.~~

~~(4)~~ The vendor documents ~~that the changes cannot be achieved by reallocating~~ *efforts to reallocate* current staff ~~or by reallocating financial resources.~~

~~(5) The county board submits evidence that the need for~~ *and any* additional ~~staff~~ *staffing needs* cannot be met by using temporary special needs rate exceptions under Minnesota Rules, parts 9510.1020 to 9510.1140.

(3) The vendor documents that financial resources have been reallocated before applying for a variance. No variance may be granted for equipment, supplies, or other capital expenditures when depreciation expense for repair and replacement of such items is part of the current rate.

(4) For variances related to loss of clientele, the vendor documents the other program and administrative expenses, if any, that have been reduced.

~~(6)~~ *(5)* The county board submits *verification of the conditions for which the variance is requested,* a description of the nature and cost of the proposed

changes, and how the county will monitor the use of money by the vendor to make necessary changes in services.

~~(7)~~ *(6)* The county board's recommended payment rates do not exceed *95 percent of the greater of* 125 percent of the current ~~calendar year's~~ statewide median *or 125 percent of the regional average* payment rates~~.~~*, whichever is higher, for each of the regional commission districts under sections 462.381 to 462.396 in which the vendor is located except for the following: when a variance is recommended to allow authorized service delivery to new clients with severe self-injurious or assaultive behaviors or with medical conditions requiring delivery of physician prescribed medical interventions, or to persons being directly discharged from a regional treatment center to the vendor's program, those persons must be assigned a payment rate of 200 percent of the current statewide average rates. All other clients receiving services from the vendor must be assigned a payment rate equal to the vendor's current rate unless the vendor's current rate exceeds 95 percent of 125 percent of the statewide median or 125 percent of the regional average payment rates, whichever is higher. When the vendor's rates exceed 95 percent of 125 percent of the statewide median or 125 percent of the regional average rates, the maximum rates assigned to all other clients must be equal to the greater of 95 percent of 125 percent of the statewide median or 125 percent of the regional average rates. The maximum payment rate that may be recommended for the vendor under these conditions is determined by multiplying the number of clients at each limit by the rate corresponding to that limit and then dividing the sum by the total number of clients.*

(7) The vendor has not received a variance under this subdivision in the past 12 months.

(d) The commissioner shall have 60 calendar days from the date of the receipt of the complete request to accept or reject it, or the request shall be deemed to have been granted. If the commissioner rejects the request, the commissioner shall state in writing the specific objections to the request and the reasons for its rejection.

Subd. 7. [~~TIME REQUIREMENTS AND APPEALS PROCESS FOR VARIANCES~~ *RATE RECONSIDERATIONS.*] ~~The commissioner shall notify in writing county boards requesting variances within 60 days of receiving the variance request from the county board. The notification shall give reasons for denial of the variance, if it is denied.~~ *A host county that disagrees with a rate decision of the commissioner under subdivision 6 or 9 may request reconsideration by the commissioner within 45 days after the date the host county received notification of the commissioner's decision. The request must state the reasons why the host county is requesting reconsideration of the rate decision and present evidence explaining the host county's disagreement with the rate decision.*

The commissioner shall review the host county's evidence and provide the host county with written notification of the decision on the request within 60 days. The commissioner's decision on the request is final.

Until a reconsideration request is decided, payments must continue at a rate the commissioner determines complies with this section. If a higher rate is approved, the commissioner shall order a retroactive payment as determined in the commissioner's decision.

Subd. 8. [COMMISSIONER'S NOTICE TO BOARDS, VENDORS.] The commissioner shall notify the county boards and vendors of:

~~(1)~~ the average regional payment rates ~~and~~, *95 percent of* 125 percent of the average regional payments rates for each of the regional development commission districts designated in sections 462.381 to 462.396~~;~~ ~~and~~, *95 percent of 125 percent of the statewide median rates, and 200 percent of the statewide average rates*.

~~(2) the projected inflation rate for the year in which the rates will be effective equal to the most recent projected change in the urban consumer price index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year.~~

Subd. 9. [APPROVAL OR DENIAL OF RATES.] The commissioner shall approve the county board's recommended payment rates when the rates and verification justifying the projected service units comply with subdivisions 2 to ~~10~~ *18*. The commissioner shall notify the county board in writing of the approved payment rates within 60 days of receipt of the rate recommendations. If the rates are not approved, or if rates different from those originally recommended are approved, the commissioner shall within 60 days of receiving the rate recommendation notify the county board in writing of the reasons for denying or substituting a different rate for the recommended rates. Approved payment rates remain effective until the commissioner approves different rates in accordance with subdivisions 2 and 3.

Subd. 10. [VENDOR'S REPORT; AUDIT.] The vendor shall report to the commissioner and the county board on forms prescribed by the commissioner at times specified by the commissioner. The reports shall include programmatic and fiscal information. Fiscal information shall be provided in accordance with an annual audit that complies with the requirements of Minnesota Rules, parts 9550.0010 to 9550.0092. The audit must be done in accordance with generally accepted auditing standards to result in statements that include a balance sheet, income statement, changes in financial position, and the certified public accountant's opinion. *The audit must provide supplemental statements for each day training and habilitation program with an approved unique set of rates*.

Subd. 11. [IMPROPER TRANSACTIONS.] Transactions that have the effect of circumventing subdivisions 1 to ~~10~~ *18* must not be considered by the commissioner for the purpose of payment rate approval under the principle that the substance of the transaction prevails over the form.

~~Subd. 12. [RATES ESTABLISHED AFTER 1990.] Unless a variance is granted under subdivision 6, payment rates established by a county for calendar year 1990 and which are in effect December 31, 1990, remain in effect until June 30, 1991. Payment rates established by a county board to be paid to a vendor on or after July 1, 1991, must be determined under permanent rules adopted by the commissioner. Until permanent rules are adopted, the payment rates must be determined according to subdivisions 1 to 11 except for the period from July 1, 1991, through December 31, 1991, when the increase determined under subdivision 3 must not exceed the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the current calendar year over the previous calendar year. No county shall pay a rate that is less than the minimum rate determined by the commissioner.~~

~~In developing procedures for setting minimum payment rates and procedures for establishing payment rates, the commissioner shall consider the following factors:~~

~~(1) a vendor's payment rate and historical cost in the previous year;~~

~~(2) current economic trends and conditions;~~

~~(3) costs that a vendor must incur to operate efficiently, effectively and economically and still provide training and habilitation services that comply with quality standards required by state and federal regulations;~~

~~(4) increased liability insurance costs;~~

~~(5) costs incurred for the development and continuation of supported employment services;~~

~~(6) cost variations in providing services to people with different needs;~~

~~(7) the adequacy of reimbursement rates that are more than 15 percent below the statewide average; and~~

~~(8) other appropriate factors.~~

~~The commissioner may develop procedures to establish differing hourly rates that take into account variations in the number of clients per staff hour, to assess the need for day training and habilitation services, and to control the utilization of services.~~

~~In developing procedures for setting transportation rates, the commissioner may consider allowing the county board to set those rates or may consider developing a uniform standard.~~

~~Medical assistance rates for home and community-based services provided under section 256B.501 by licensed vendors of day training and habilitation services must not be greater than the rates for the same services established by counties under sections 252.40 to 252.47.~~

~~Subd. 13. [REVIEW AND REVISION OF PROCEDURES FOR RATE EXCEPTIONS FOR VERY DEPENDENT PERSONS WITH SPECIAL NEEDS.] The commissioner shall review the procedures established in Minnesota Rules, parts 9510.1020 to 9510.1140, that counties must follow to seek authorization for a medical assistance rate exception for services for very dependent persons with special needs. The commissioner shall appoint an advisory task force to work with the commissioner. Members of the task force must include vendors, providers, advocates, and consumers. After considering the recommendations of the advisory task force and county rate setting procedures developed under this section, the commissioner shall:~~

~~(1) revise administrative procedures as necessary;~~

~~(2) implement new review procedures for county applications for medical assistance rate exceptions for services for very dependent persons with special needs in a manner that accounts for services available to the person within the approved payment rates of the vendor;~~

~~(3) provide training and technical assistance to vendors, providers, and counties in use of procedures governing medical assistance rate exceptions for very dependent persons with special needs and in county rate setting procedures established under this subdivision; and~~

~~(4) develop a strategy and implementation plan for uniform data collection for use in establishing equitable payment rates and medical assistance rate exceptions for services provided by vendors.~~

~~Subd. 14. [PILOT STUDY.] The commissioner may initiate a pilot payment rate system under section 252.47. The pilot project may establish training and demonstration sites. The pilot payment rate system must include actual transfers of funds, not simulated transfers. The pilot payment rate system may involve vendors representing different geographic regions and rates of reimbursement. Participation in the pilot project is voluntary. Selection of participants by the commissioner is based on the vendor's submission of a complete application form provided by the commissioner. The application must include letters of agreement from the host county, counties of financial responsibility, and residential service providers. Evaluation of the pilot project must include consideration of the effectiveness of procedures governing establishment of equitable payment rates. Implementation of the pilot payment rate system is contingent upon federal approval and systems feasibility. The policies and procedures governing administration, participation, evaluation, service utilization, and payment for services under the pilot payment rate system are not subject to the rulemaking requirements of chapter 14.~~

Subd. 16. [PAYMENT RATE CRITERIA; ALLOCATION OF EXPENDITURES.] *Payment rates approved under subdivision 9 must reflect the payment rate criteria in paragraphs (a) and (b) and the allocation principles in paragraph (c).*

(a) Payment rates must be based on reasonable costs that are ordinary, necessary, and related to delivery of authorized client services.

(b) The commissioner shall not pay for: (i) unauthorized service delivery; (ii) services provided in accordance with receipt of a special grant; (iii) services provided under contract to a local school district; (iv) extended employment services under Minnesota Rules, parts 3300.1950 to 3300.3050, or vocational rehabilitation services provided under Title I, section 110 or Title VI-C, Rehabilitation Act Amendments of 1992, as amended, and not through use of medical assistance or county social service funds; or (v) services provided to a client by a licensed medical, therapeutic, or rehabilitation practitioner or any other vendor of medical care which are billed separately on a fee for service basis.

(c) On an annual basis, actual and projected contract year expenses must be allocated to standard budget line items corresponding to direct and other program and administrative expenses as submitted to the commissioner with the host county's recommended payment rates. Central or corporate office costs must be allocated to licensed vendor sites within the group served by the central or corporate office according to the cost allocation principles under section 256B.432.

(d) The vendor must maintain records documenting that clients received the billed services.

Subd. 17. [HOURLY RATE STRUCTURE.] *Counties participating as host counties under the pilot study of hourly rates established under Laws 1988, chapter 689, article 2, section 117, may recommend continuation of the hourly rates for participating vendors. The recommendation must be made annually under subdivision 5 and according to the methods and standards provided by the commissioner. The commissioner shall approve the hourly*

rates when service authorization, billing, and payment for services is possible through the Medicaid management information system and the other criteria in this subdivision are met.

Subd. 18. [PILOT STUDY RATES.] *By January 1, 1994, counties and vendors operating under the pilot study of hourly rates established under Laws 1988, chapter 689, article 2, section 117, shall work with the commissioner to translate the hourly rates and actual expenditures into rates meeting the criteria in subdivisions 1 to 16 unless hourly rates are approved under subdivision 17.*

Sec. 7. Minnesota Statutes 1992, section 252.47, is amended to read:

252.47 [RULES.]

To implement sections 252.40 to 252.47, the commissioner shall adopt permanent rules under sections 14.01 to 14.38, *by July 1, 1995.* ~~The rules may include a plan for phasing in implementation of the procedures and rates established by the rules. The phase-in may occur prior to calendar year 1991.~~ The commissioner shall establish an advisory task force to advise and make recommendations to the commissioner during the rulemaking process. The advisory task force must include legislators, vendors, residential service providers, counties, consumers, department personnel, and others as determined by the commissioner.

Sec. 8. [256B.0916] [EXPANSION OF HOME- AND COMMUNITY-BASED SERVICES.]

(a) The commissioner shall expand availability of home- and community-based services for persons with mental retardation and related conditions to the extent allowed by federal law and regulation and shall assist counties in transferring persons from semi-independent living services to home- and community-based services. The commissioner may transfer funds from the state semi-independent living services account available under section 252.275, subdivision 8, and state community social services aids available under section 256E.20 to the medical assistance account to pay for the nonfederal share of nonresidential and residential home- and community-based services authorized under section 256B.092 for persons transferring from semi-independent living services.

(b) Upon federal approval, county boards are not responsible for funding semi-independent living services as a social service for those persons who have transferred to the home- and community-based waiver program as a result of the expansion under this subdivision. The county responsibility for those persons transferred shall be assumed under section 256B.092. Notwithstanding the provisions of section 252.275, the commissioner shall continue to allocate funds under that section for semi-independent living services and county boards shall continue to fund services under sections 256E.06 and 256E.14 for those persons who cannot access home- and community-based services under section 256B.092.

(c) Eighty percent of the state funds made available to the commissioner under section 252.275 as a result of persons transferring from the semi-independent living services program to the home- and community-based services program shall be used to fund additional persons in the semi-independent living services program.

Sec. 9. [256E.20] [TRANSFER OF FUNDS TO MEDICAL ASSISTANCE.]

(a) The commissioner shall reduce the payment to be made under sections 256E.06 and 256E.14 to each county on July 1, 1994, by the amount of the state share of medical assistance reimbursement for residential services provided under the home- and community-based waiver program authorized in section 256B.092 from January 1, 1994 to March 31, 1994, for clients for whom the county is financially responsible and have transferred from the semi-independent living services program to the home- and community-based waiver program. For the purposes of this section, residential services include supervised living, in-home support, and respite care services. The commissioner shall similarly reduce the payments to be made between October 1, 1994 and December 31, 1996, for the quarters between April 1, 1994 and June 30, 1996. All reduced amounts shall be transferred to the medical assistance state account.

(b) Beginning fiscal year 1997, the appropriation under sections 256E.06 and 256E.14 shall be reduced by the amount of the state share of medical assistance reimbursement for residential services provided under the home- and community-based waiver program under section 256B.092 from January 1, 1995 to December 31, 1995, for persons who have transferred from the semi-independent living services program to the home- and community-based waiver program. The base appropriation for the medical assistance state account shall be increased by the same amount.

Sec. 10. [EXEMPTION FROM RULES GOVERNING DAY TRAINING AND HABILITATION SERVICES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.]

Until the commissioner of human services adopts amended licensing rules governing these services, providers of day training and habilitation services are exempt from the following Minnesota Rules:

(1) part 9525.1540;

(2) part 9525.1550, subparts 2, items C and D; 3; 4, items B to E; 5; 9 to 11; and 13;

(3) part 9525.1590, subpart 2, item C;

(4) part 9525.1600, subpart 9;

(5) part 9525.1610, subpart 2;

(6) part 9525.1640, subparts 1, items A and F; and 2;

(7) part 9525.1650, subpart 1;

(8) part 9525.1660, subparts 8 and 12; and

(9) part 9525.1670, subparts 1 to 3 and 5.

Sec. 11. [DEMONSTRATION PROJECT.]

(a) The commissioner may establish a demonstration project to improve the efficiency and effectiveness of service provision for recipients of services from intermediate care facilities for persons with mental retardation or related conditions.

The commissioner shall establish procedures to implement the project. The demonstration project may be coordinated with other projects authorized in other areas. Participation by providers in the demonstration project is voluntary. The commissioner shall seek any necessary federal waivers to implement the pilot project.

(b) The commissioner may waive rules relating to the provision of residential services for persons with mental retardation or related conditions to the extent necessary to implement the demonstration project. In waiving rules, the commissioner shall consider the recommendations of persons who are and who represent consumers and providers of service and of representatives of state and local agencies administering services. Individuals receiving services under the demonstration project may not be denied rights or procedural protections under Minnesota Statutes, sections 245.825; 245.91 to 245.97; 252.41, subdivision 9; 256.045; 256B.092; 626.556; and 626.557, including the county agency's responsibility to arrange for appropriate services and procedures for the monitoring of psychotropic medications.

(c) The project must meet the following requirements:

(1) persons and their legal representatives, if any, must be provided with information about the project;

(2) the project must comply with applicable federal requirements;

(3) the project proposal must include specific measures to be taken to ensure the health, safety, and protection of the persons participating; and

(4) persons participating in the project must be informed when any part of Minnesota Rules is waived.

(d) The commissioner shall request and evaluate proposals from county agencies and provider organizations to participate. Upon federal approval, the commissioner shall enter into a performance-based contract with counties and existing licensed ICF/MR providers that specifies the amount and conditions of reimbursement, requirements for monitoring and evaluation, and expected client-based outcomes. Counties and providers shall present potential outcome indicators for consideration in the following areas:

(1) personal health, safety, and comfort;

(2) personal growth, independence, and productivity;

(3) client choice and control over daily life decisions;

(4) consumer, family, and the case manager's satisfaction with services; and

(5) community inclusion, including social relationships and participation in valued community roles.

Outcome indicators must be determined by the person and the legal representative, if any, with assistance from the county case manager and provider.

(e) The cost of services for intermediate care facilities for persons with mental retardation paid for under the contract must not exceed 95 percent of the cost of the services that would otherwise have been paid to the intermediate care facility or group of intermediate care facilities during a

biennium, including applicable special needs rates and rate adjustments, under the reimbursement system in effect at the time the contracted rate is effective. An intermediate care facility participating in the demonstration project must continue to be licensed. After participation in the project, the facility may be recertified as an intermediate care facility for persons with mental retardation, notwithstanding the provisions of Minnesota Statutes, section 252.291, or the services provided under the demonstration project may be converted to home- and community-based services authorized under Minnesota Statutes, section 256B.092, if the applicable standards are met. The rate paid to a recertified facility must not be greater than the rate paid to the facility before participation in the project. The commissioner may establish emergency rate setting procedures to allow for the transition back to intermediate care services for persons with mental retardation or related conditions.

Sec. 12. [AUTHORITY TO SEEK FEDERAL WAIVER.]

Subdivision 1. [AUTHORITY.] *The commissioner of human services may seek federal waivers necessary to implement an integrated management and planning system for persons with mental retardation or related conditions that would enable the commissioner to achieve the goals in subdivisions 2 to 4.*

Subd. 2. [COMPREHENSIVE REFORM.] *The system shall include new methods of administering services for persons with mental retardation or related conditions that support the needs of the persons and their families in the community to the maximum extent possible.*

Subd. 3. [SERVICE ACCESS AND COORDINATION.] *The system must include procedural requirements for accessing services that are simple and easily understood by the person or their legal representative, if any. Where duplicative, the requirements shall be unified or streamlined, as appropriate. Service coordination activities shall be flexible to allow the person's needs and preferences to be met.*

Subd. 4. [REGULATORY STANDARDS AND QUALITY ASSURANCE.] *Regulatory standards requiring unnecessary paperwork, determined to be duplicative, or which are ineffective in establishing accountability in service delivery must be eliminated. Quality assurance methods must continue to include safeguards to ensure the health and welfare of persons receiving services.*

Subd. 5. [REPORT.] *The commissioner shall report to the legislature by January 1, 1994, on the results of the waiver request. If the waiver is approved, the report must include recommendations to implement the waiver, including budget recommendations, proposed strategies, and implementation timelines.*

Sec. 13. [DOWNSIZING PILOT PROJECT.]

(a) The commissioner of human services shall establish a pilot project in Cottonwood county to downsize to 21 beds an existing 45-bed intermediate care facility for persons with mental retardation or related conditions. The project must be approved by the commissioner under Minnesota Statutes, section 252.28, and must include criteria for determining how individuals are selected for alternative services and the use of a request for proposal process in selecting the vendors for alternative services. The project must include:

(1) alternative services for the residents being relocated;

(2) timelines for resident relocation and decertification of beds; and

(3) adjustment of the facility's operating cost rate under Minnesota Rules, part 9553.0050, as necessary to implement the project.

(b) The facility's aggregate investment-per-bed limit in effect before downsizing must be the facility's investment-per-bed limit after downsizing. The facility's total revenues after downsizing must not increase as a result of the downsizing project. The facility's total revenues before downsizing are determined by multiplying the payment rate in effect the day before the downsizing is effective by the number of resident days for the reporting year preceding the downsizing project. For the purpose of this project, the average medical assistance rate for home- and community-based services must not exceed the rate made available under Laws 1992, chapter 513, article 5, section 2.

Sec. 14. [REPEALER.]

Minnesota Statutes 1992, section 252.46, subdivisions 12, 13, and 14, are repealed.

Sec. 15. [EFFECTIVE DATE.]

Section 13 is effective July 1, 1994.

ARTICLE 5

HEALTH CARE ADMINISTRATION

Section 1. Minnesota Statutes 1992, section 62A.045, is amended to read:

62A.045 [PAYMENTS ON BEHALF OF WELFARE RECIPIENTS.]

No policy of accident and sickness insurance regulated under this chapter; vendor of risk management services regulated under section 60A.23; nonprofit health service plan corporation regulated under chapter 62C; health maintenance organization regulated under chapter 62D; or self-insured plan regulated under chapter 62E shall contain any provision denying or reducing benefits because services are rendered to a person who is eligible for or receiving medical benefits pursuant to chapter 256; 256B; or 256D or services pursuant to section 252.27; 256.9351 to 256.9361; 260.251, subdivision 1a; or 393.07, subdivision 1 or 2. *No insurer providing benefits under policies covered by this section shall use eligibility for medical programs named in this section as an underwriting guideline or reason for nonacceptance of the risk.*

Notwithstanding any law to the contrary, when a person covered under a policy of accident and sickness insurance, risk management plan, nonprofit health service plan, health maintenance organization, or self-insured plan receives medical benefits according to any statute listed in this section, payment for covered services or notice of denial for services billed by the provider must be issued directly to the provider. If a person was receiving medical benefits through the department of human services at the time a service was provided, the provider must indicate this benefit coverage on any claim forms submitted by the provider to the insurer for those services. If the commissioner of human services notifies the insurer that the commissioner has made payments to the provider, payment for benefits or notices of denials issued by the insurer must be issued directly to the commissioner. Submission by the department to the insurer of the claim on a department of human

services claim form is proper notice and shall be considered proof of payment of the claim to the provider and supersedes any contract requirements of the insurer relating to the form of submission. Liability to the insured for coverage is satisfied to the extent that payments for those benefits are made by the insurer to the provider or the commissioner.

Sec. 2. Minnesota Statutes 1992, section 144A.071, is amended to read:

144A.071 [MORATORIUM ON CERTIFICATION OF NURSING HOME BEDS.]

Subdivision 1. [FINDINGS.] ~~The legislature finds that medical assistance expenditures are increasing at a much faster rate than the state's ability to pay them; that reimbursement for nursing home care and ancillary services comprises over half of medical assistance costs, and, therefore, controlling expenditures for nursing home care is essential to prudent management of the state's budget; that construction of new nursing homes and the addition of more nursing home beds to the state's long-term care resources inhibits the ability to control expenditures; that Minnesota already leads the nation in nursing home expenditures per capita, has the fifth highest number of beds per capita elderly, and that private paying individuals and medical assistance recipients have equivalent access to nursing home care; and that in the absence of a moratorium the increased numbers of nursing homes and nursing home beds will consume resources that would otherwise be available to develop a comprehensive long-term care system that includes a continuum of care. Unless action is taken, this expansion of bed capacity is likely to accelerate with the repeal of the certificate of need program effective March 15, 1984. The legislature also finds that Minnesota's dependence on institutional care for elderly persons is due in part to the dearth of alternative services in the home and community. The legislature also finds that further increases in the number of licensed nursing home beds, especially in nursing homes not certified for participation in the medical assistance program, is contrary to public policy, because: (1) nursing home residents with limited resources may exhaust their resources more rapidly in these facilities, creating the need for a transfer to a certified nursing home, with the concomitant risk of transfer trauma; (2) a continuing increase in the number of nursing home beds will foster continuing reliance on institutional care to meet the long-term care needs of residents of the state; (3) a further expansion of nursing home beds will diminish incentives to develop more appropriate and cost-effective alternative services and divert community resources that would otherwise be available to fund alternative services; (4) through corporate reorganization resulting in the separation of certified and licensed beds, a nursing home may evade the provisions of section 256B.48, subdivision 1, clause (a); and (5) it is in the best interests of the state to ensure that the long-term care system is designed to protect the private resources of individuals as well as to use state resources most effectively and efficiently.~~

The legislature declares that a moratorium on the licensure and medical assistance certification of new nursing home beds *and construction projects that exceed the lesser of $500,000 or 25 percent of a facility's appraised value* is necessary to control nursing home expenditure growth and enable the state to meet the needs of its elderly by providing high quality services in the most appropriate manner along a continuum of care.

Subd. 1a. [DEFINITIONS.] *For purposes of sections 144A.071 to 144A.073, the following terms have the meanings given them:*

(a) "attached fixtures" has the meaning given in Minnesota Rules, part 9549.0020, subpart 6.

(b) "buildings" has the meaning given in Minnesota Rules, part 9549.0020, subpart 7.

(c) "capital assets" has the meaning given in section 256B.421, subdivision 16.

(d) "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were applied for.

(e) "completion date" means the date on which a certificate of occupancy is issued for a construction project, or if a certificate of occupancy is not required, the date on which the construction project is available for facility use.

(f) "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules.

(g) "construction project" means:

(1) a capital asset addition to, or replacement of a nursing home or certified boarding care home that results in new space or the remodeling of or renovations to existing facility space;

(2) the remodeling or renovation of existing facility space the use of which is modified as a result of the project described in clause (1). This existing space and the project described in clause (1) must be used for the functions as designated on the construction plans on completion of the project described in clause (1) for a period of not less than 24 months; or

(3) capital asset additions or replacements that are completed within 12 months before or after the completion date of the project described in clause (1).

(1) newly constructed beds in a facility or the construction of a new facility that would increase the total number of licensed nursing home beds or certified boarding care or nursing home beds in the state; or

(2) newly licensed nursing home beds or newly certified boarding care or nursing home beds that result from remodeling of the facility that involves relocation of beds but does not result in an increase in the total number of beds, except when the project involves the upgrade of boarding care beds to nursing home beds, as defined in section 144A.073, subdivision 1. "Remodeling" includes any of the type of conversion, renovation, replacement, or upgrading projects as defined in section 144A.073, subdivision 1.

(i) "project construction costs" means the cost of the facility capital asset additions, replacements, renovations, or remodeling projects, construction site preparation costs, and related soft costs. Project construction costs also

Subd. 2. [MORATORIUM.] The commissioner of health, in coordination with the commissioner of human services, shall deny each request ~~by a nursing home or boarding care home, except an intermediate care facility for the mentally retarded,~~ for ~~addition of~~ new *licensed or* certified *nursing home or certified boarding care* beds ~~or for a change or changes in the certification status of existing beds~~ except as provided in subdivision 3 *or 4a, or section 144A.073*. ~~The total number of certified beds in the state shall remain at or decrease from the number of beds certified on May 23, 1983, except as allowed under subdivision 3.~~ "Certified bed" means a nursing home bed or a boarding care bed certified by the commissioner of health for the purposes of the medical assistance program, under United States Code, title 42, sections 1396 et seq.

The commissioner of human services, in coordination with the commissioner of health, shall deny any request to issue a license under ~~sections 245A.01 to 245A.16 and~~ *section* 252.28 *and chapter 245A* to a nursing home or boarding care home, if that license would result in an increase in the medical assistance reimbursement amount. ~~The commissioner of health shall deny each request for licensure of nursing home beds except as provided in subdivision 3.~~

In addition, the commissioner of health must not approve any construction project whose cost exceeds $500,000, or 25 percent of the facility's appraised value, whichever is less, unless:

(a) any construction costs exceeding the lesser of $500,000 or 25 percent of the facility's appraised value are not added to the facility's appraised value and are not included in the facility's payment rate for reimbursement under the medical assistance program; or

(b) the project:

(1) has been approved through the process described in section 144A.073;

(2) meets an exception in subdivision 3 *or 4a*;

(3) is necessary to correct violations of state or federal law issued by the commissioner of health;

(4) is necessary to repair or replace a portion of the facility that was destroyed by fire, lightning, or other hazards provided that the provisions of subdivision ~~3~~ *4a*, clause ~~(g)~~ *(a)*, are met; ~~or~~

(5) as of May 1, 1992, the facility has submitted to the commissioner of health written documentation evidencing that the facility meets the "commenced construction" definition as specified in subdivision ~~3~~ *1a*, clause ~~(b)~~ *(d)*, or that substantial steps have been taken prior to April 1, 1992, relating to the construction project. "Substantial steps" require that the facility has made arrangements with outside parties relating to the construction project and include the hiring of an architect or construction firm, submission of preliminary plans to the department of health or documentation from a financial institution that financing arrangements for the construction project have been made; *or*

(6) is being proposed by a licensed nursing facility that is not certified to participate in the medical assistance program and will not result in new licensed or certified beds.

Prior to the *final plan* approval of any construction project, the commissioner of health shall be provided with an itemized cost estimate for the *project* construction ~~project~~ *costs*. If a construction project is anticipated to be completed in phases, the total estimated cost of all phases of the project shall be submitted to the commissioner and shall be considered as one construction project. Once the construction project is completed and prior to the final clearance by the commissioner, the total ~~actual~~ *project construction* costs for the construction project shall be submitted to the commissioner. If the final *project* construction cost exceeds the *dollar* threshold in this subdivision, the commissioner of human services shall not recognize any of the *project* construction costs or the related financing costs in excess of this threshold in establishing the facility's property-related payment rate.

The dollar thresholds for construction projects are as follows: for construction projects other than those authorized in clauses (1) to (6), the dollar threshold is $500,000 or 25 percent of appraised value, whichever is less. For projects authorized after July 1, 1993, under clause (1), the dollar threshold is the cost estimate submitted with a proposal for an exception under section 144A.073, plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a). For projects authorized under clauses (2) to (4), the dollar threshold is the itemized estimate project construction costs submitted to the commissioner of health at the time of final plan approval, plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a).

The commissioner of health shall adopt emergency or permanent rules to implement this section or to amend the emergency rules for granting exceptions to the moratorium on nursing homes under section 144A.073. The authority to adopt emergency rules continues to December 30, 1992.

Subd. 4. [MONITORING EXCEPTIONS FOR REPLACEMENT BEDS.] The commissioner of health, in coordination with the commissioner of human services, shall implement mechanisms to monitor and analyze the effect of the moratorium in the different geographic areas of the state. The commissioner of health shall submit to the legislature, no later than January 15, 1984, and annually thereafter, an assessment of the impact of the moratorium by geographic area, with particular attention to service deficits or problems and a corrective action plan.

Subd. 4a. [EXCEPTIONS FOR REPLACEMENT BEDS.] *It is in the best interest of the state to ensure that nursing homes and boarding care homes continue to meet the physical plant licensing and certification requirements by permitting certain construction projects. Facilities should be maintained in condition to satisfy the physical and emotional needs of residents while allowing the state to maintain control over nursing home expenditure growth.*

The commissioner of health in coordination with the commissioner of human services, may approve the renovation, replacement, upgrading, or relocation of a nursing home or boarding care home, under the following conditions:

(a) to license or certify beds in a new facility constructed to replace a facility or to make repairs in an existing facility that was destroyed or damaged after June 30, 1987, by fire, lightning, or other hazard provided:

(i) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(ii) at the time the facility was destroyed or damaged the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(iii) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility or repairs;

(iv) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5;

(v) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility; and

(vi) the commissioner determines that the replacement beds are needed to prevent an inadequate supply of beds.

Project construction costs incurred for repairs authorized under this clause shall not be considered in the dollar threshold amount defined in subdivision 2;

(b) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed 25 percent of the appraised value of the facility or $500,000, whichever is less;

(c) to license or certify beds in a project recommended for approval under section 144A.073;

(d) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds;

(e) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure, or in a facility that was granted an exception to the moratorium under section 144A.073, and if the cost of any remodeling of the facility does not exceed 25 percent of the appraised value of the facility or $500,000, whichever is less. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase beyond the number remaining at the time of the upgrade in licensure. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(f) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of St. Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this paragraph;

(g) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed

boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or $200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements;

(h) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of $200,000 or more;

(i) to certify, after September 30, 1992, and prior to July 1, 1993, existing nursing home beds in a facility that was licensed and in operation prior to January 1, 1992;

(j) to license and certify new nursing home beds to replace beds in a facility condemned as part of an economic redevelopment plan in a city of the first class, provided the new facility is located within one mile of the site of the old facility. Operating and property costs for the new facility must be determined and allowed under existing reimbursement rules;

(k) to license and certify up to 20 new nursing home beds in a community-operated hospital and attached convalescent and nursing care facility with 40 beds on April 21, 1991, that suspended operation of the hospital in April 1986. The commissioner of human services shall provide the facility with the same per diem property-related payment rate for each additional licensed and certified bed as it will receive for its existing 40 beds;

(l) to license or certify beds in renovation, replacement, or upgrading projects as defined in section 144A.073, subdivision 1, so long as the cumulative total costs of the facility's remodeling projects do not exceed 25 percent of the appraised value of the facility or $500,000, whichever is less;

(m) to license and certify beds that are moved from one location to another for the purposes of converting up to five four-bed wards to single or double occupancy rooms in a nursing home that, as of January 1, 1993, was county-owned and had a licensed capacity of 115 beds;

(n) to allow a facility that on April 16, 1993, was a 106-bed licensed and certified nursing facility located in Minneapolis to layaway all of its licensed and certified nursing home beds. These beds may be relicensed and recertified in a newly-constructed teaching nursing home facility affiliated with a teaching hospital upon approval by the legislature. The proposal must be developed in consultation with the interagency committee on long-term care planning. The beds on layaway status shall have the same status as voluntarily delicensed and decertified beds, except that beds on layaway status remain subject to the surcharge in section 256.9657. This layaway provision expires July 1, 1995;

(o) to allow a project which will be completed in conjunction with an approved moratorium exception project for a nursing home in southern Cass county and which is directly related to that portion of the facility that must be repaired, renovated, or replaced, to correct an emergency plumbing problem for which a state correction order has been issued and which must be corrected by August 31, 1993; or

(p) to allow a facility that on April 16, 1993, was a 368-bed licensed and certified nursing facility located in Minneapolis to layaway, upon 30 days prior written notice to the commissioner, up to 30 of the facility's licensed and certified beds by converting three-bed wards to single or double occupancy. Beds on layaway status shall have the same status as voluntarily delicensed and decertified beds except that beds on layaway status remain subject to the surcharge in section 256.9657, remain subject to the license application and renewal fees under section 144A.07 and shall be subject to a $100 per bed reactivation fee. In addition, at any time within three years of the effective date of the layaway, the beds on layaway status may be:

(1) relicensed and recertified upon relocation and reactivation of some or all of the beds to an existing licensed and certified facility or facilities located in Pine River, Brainerd, or International Falls; provided that the total project construction costs related to the relocation of beds from layaway status for any facility receiving relocated beds may not exceed the dollar threshold provided in subdivision 2 unless the construction project has been approved through the moratorium exception process under section 144A.073.

(2) relicensed and recertified, upon reactivation of some or all of the beds within the facility which placed the beds in layaway status, if the commissioner has determined a need for the reactivation of the beds on layaway status.

The property-related payment rate of a facility placing beds on layaway status must be adjusted by the incremental change in its rental per diem after recalculating the rental per diem as provided in section 256B.431, subdivision 3a, paragraph (d). The property-related payment rate for a facility relicensing and recertifying beds from layaway status must be adjusted by the incremental change in its rental per diem after recalculating its rental per diem using the number of beds after the relicensing to establish the facility's capacity day divisor, which shall be effective the first day of the month following the month in which the relicensing and recertification became effective. Any beds remaining on layaway status more than three years after the date the layaway status became effective must be removed from layaway status and immediately delicensed and decertified.

Subd. 6. [PROPERTY-RELATED PAYMENT RATES OF NEW BEDS.] *The property-related payment rates of nursing home or boarding care home beds certified or recertified under subdivision 3 or 4a, shall be adjusted according to Minnesota nursing facility reimbursement laws and rules unless the facility has made a commitment in writing to the commissioner of human services not to seek adjustments to these rates due to property-related expenses incurred as a result of the certification or recertification. Any licensure or certification action authorized under repealed statutes which were approved by the commissioner of health prior to July 1, 1993, shall remain in effect. Any conditions pertaining to property rate reimbursement covered by these repealed statutes prior to July 1, 1993, remain in effect.*

Subd. 7. [SUBMISSION OF COST INFORMATION.] *Before approval of final construction plans for a nursing home or a certified boarding care home construction project, the licensee shall submit to the commissioner of health an itemized statement of the project construction cost estimates.*

If the construction project includes a capital asset addition, replacement, remodeling, or renovation of space such as a hospital, apartment, or shared or common areas, the facility must submit to the commissioner an allocation of capital asset costs, soft costs, and debt information prepared according to Minnesota Rules, part 9549.

Project construction cost estimates must be prepared by a contractor or architect and other licensed participants in the development of the project.

If total costs are not available, the most recent cost figures shall be provided. Final cost figures shall be submitted to the commissioner when available. The notice must describe the information that must accompany a request and state that proposals must be submitted to the interagency committee within 90 days of the date of publication. The notice must include the amount of the legislative appropriation available for the additional costs to the medical assistance program of projects approved under this section. If no money is appropriated for a year, the notice for that year must state that proposals will not be requested because no appropriations were made. To be considered for approval, a proposal must include the following information:

The interagency committee shall appoint an advisory review panel composed of representatives of consumers and providers to review proposals and provide comments and recommendations to the committee. The commissioners of human services and health shall provide staff and technical assistance to the committee for the review and analysis of proposals. The interagency committee shall hold a public hearing before submitting recommendations to the commissioner of health on project requests. The committee shall submit recommendations within 150 days of the date of the publication of the notice, based on a comparison and ranking of proposals using the criteria in subdivision 4. The commissioner of health shall approve or disapprove a project within 30 days after receiving the committee's recommendations. The cost to the medical assistance program of the proposals approved must be within the limits of the appropriations specifically made for this purpose. Approval of a proposal expires 18 months after approval by the commissioner of health unless the facility has commenced construction as defined in section 144A.071, subdivision ~~3~~ *1a*, paragraph ~~(b)~~ *(d)*. The commissioner, after consultation with the commissioner of public safety, shall prescribe procedures to permit the occasional use of lift-equipped vans that have been financed, in whole or in part, by public money to transport an individual whose own lift-equipped vehicle is unavailable because of equipment failure and who is thus unable to complete a trip home or to a medical facility. For purposes of prescribing these procedures, the commissioner is exempt from the provisions of chapter 14. The commissioner

The commissioner of human services must acknowledge a medical care surcharge appeal within 30 days of receipt of the written appeal from the provider.*

(b) Effective July 1, 1994, the surcharge in paragraph (a) shall be increased to $625.

(a) The commissioner, in cooperation with the board of medical practice, shall notify each physician whose license is scheduled to be issued or renewed between April 1 and September 30 that an application to be excused from the surcharge must be received by the commissioner prior to September 1 of that year for the period of 12 consecutive calendar months beginning December 15. For each physician whose license is scheduled to be issued or renewed between October 1 and March 31, the application must be received from the physician by March 1 for the period of 12 consecutive calendar months beginning June 15. For each physician whose license is scheduled to be issued or renewed between April 1 and September 30, the commissioner shall make the notification required in this paragraph by July 1. For each physician whose license is scheduled to be issued or renewed between October 1 and March 31, the commissioner shall make the notification required in this paragraph by January 1.

(b) The commissioner shall establish an application form for waiver applications. Each physician who applies to be excused from the surcharge under subdivision 1b, paragraph (a), clause (1), must include with the application:

(d) A physician who decides to charge for physician services prior to the end of the period for which the exemption from the surcharge has been granted under subdivision 1b, paragraph (a), clause (1), or to return to the practice of medicine prior to the end of the period for which the exemption from the surcharge has been granted under subdivision 1b, paragraph (a), clause (2),

(4), or (5), may do so by notifying the commissioner and shall be responsible for payment of the full surcharge for that period.

(e) Whenever the commissioner determines that the number of physicians likely to be excused from the surcharge under subdivision 1b may cause the physician surcharge to violate the requirements of Public Law Number 102-234 or regulations adopted under that law, the commissioner shall immediately notify the chairs of the senate health care committee and health care and family services funding division and the house of representatives human services committee and human services funding division.

Sec. 14. Minnesota Statutes 1992, section 256.9657, subdivision 2, is amended to read:

(b) For purposes of this subdivision, total premium revenue means:

(1) premium revenue recognized on a prepaid basis from individuals and groups for provision of a specified range of health services over a defined period of time which is normally one month, excluding premiums paid to a health maintenance organization from the Federal Employees Health Benefit Program;

(2) premiums from Medicare wrap-around subscribers for health benefits which supplement Medicare coverage;

If advance payments are made under clause (1) or (2) to the health maintenance organization for more than one reporting period, the portion of the payment that has not yet been earned must be treated as a liability.

Sec. 16. Minnesota Statutes 1992, section 256.9657, subdivision 7, is amended to read:

Subd. 7. [COLLECTION; CIVIL PENALTIES.] The provisions of sections 289A.35 to 289A.50 relating to the authority to audit, assess, collect, and pay refunds of other state taxes may be implemented by the commissioner of human services with respect to the tax, penalty, and interest imposed by this section and section 147.01, subdivision 6. The commissioner of human services shall impose civil penalties for violation of this section or section 147.01, subdivision 6, as provided in section 289A.60, and the tax and penalties are subject to interest at the rate provided in section 270.75. *The commissioner of human services shall have the power to abate penalties and interest when discrepancies occur resulting from, but not limited to, circumstances of error and mail delivery. The commissioner of human services shall bring appropriate civil actions to collect provider payments due under this section and section 147.01, subdivision 6.*

Sec. 17. Minnesota Statutes 1992, section 256.9685, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] The commissioner shall establish procedures for determining medical assistance and general assistance medical care payment rates under a prospective payment system for inpatient hospital services in hospitals that qualify as vendors of medical assistance. The commissioner shall establish, by rule, procedures for implementing this section and sections 256.9686, 256.969, and 256.9695. The medical assistance payment rates must be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of recipients in efficiently and economically operated hospitals. Services must meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b), to be eligible for payment except the commissioner may establish exemptions to specific requirements based on diagnosis, procedure, or service after notice in the State Register and a 30-day comment period.

Subd. 1a. [ADMINISTRATIVE RECONSIDERATION.] *Notwithstanding sections 256B.04, subdivision 15, and 256D.03, subdivision 7,* the commissioner ~~may~~ *shall* establish an administrative reconsideration process for appeals of inpatient hospital services determined to be medically unnecessary. The reconsideration process shall take place prior to the ~~contested case~~ procedures of ~~chapter 14~~ *subdivision 1b* and shall be conducted by physicians that are independent of the case under reconsideration. A majority decision by the physicians is necessary to make a determination that the services were not medically necessary.

Subd. 1b. [APPEAL OF RECONSIDERATION.] Notwithstanding section 256B.72, the commissioner may recover inpatient hospital payments for services that have been determined to be medically unnecessary ~~under~~ *after* the reconsideration ~~process~~ *and determinations. A physician or hospital may appeal the result of the reconsideration process by submitting a written request for review to the commissioner within 30 days after receiving notice of the action. The commissioner shall review the medical record and information submitted during the reconsideration process and the medical review agent's basis for the determination that the services were not medically necessary for inpatient hospital services. The commissioner shall issue an order upholding or reversing the decision of the reconsideration process*

based on the review. A hospital or physician who is aggrieved by an order of the commissioner may appeal the order to the district court of the county in which the physician or hospital is located by serving a written copy of the notice of appeal upon the commissioner within 30 days after the date the commissioner issued the order.

Sec. 18. Minnesota Statutes 1992, section 256.969, subdivision 1, is amended to read:

Subdivision 1. [HOSPITAL COST INDEX.] (a) The hospital cost index shall be obtained from an independent source and shall represent a weighted average of historical, as limited to statutory maximums, and projected cost change estimates determined for expense categories to include wages and salaries, employee benefits, medical and professional fees, raw food, utilities, insurance including malpractice insurance, and other applicable expenses as determined by the commissioner. The index shall reflect Minnesota cost category weights. Individual indices shall be specific to Minnesota if the commissioner determines that sufficient accuracy of the hospital cost index is achieved. The hospital cost index may be used to adjust the base year operating payment rate through the rate year on an annually compounded basis. Notwithstanding section 256.9695, subdivision 3, paragraph (c), the hospital cost index shall not be effective under the general assistance medical care program *and shall be limited to five percent under the medical assistance program* for admissions occurring during the biennium ending June 30, ~~1993, and the hospital cost index under medical assistance, excluding general assistance medical care, shall be increased by one percentage point to reflect changes in technology for admissions occurring after September 30, 1992~~ *1995*.

(b) For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for hospital payment rates under medical assistance, ~~excluding the technology factor under paragraph (a),~~ nor under general assistance medical care. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in hospital payment rates under medical assistance and general assistance medical care, based upon the hospital cost index.

Sec. 19. Minnesota Statutes 1992, section 256.969, subdivision 8, is amended to read:

Subd. 8. [UNUSUAL ~~COST OR~~ LENGTH OF STAY EXPERIENCE.] The commissioner shall establish day ~~and cost~~ outlier thresholds for each diagnostic category established under subdivision 2 at two standard deviations beyond the mean length of stay ~~or allowable cost~~. Payment for the days ~~and cost~~ beyond the outlier threshold shall be in addition to the operating and property payment rates per admission established under subdivisions 2, 2b, and 2c. Payment for outliers shall be at 70 percent of the allowable operating cost, after adjustment by the case mix index, hospital cost index, relative values and the disproportionate population adjustment. The outlier threshold for neonatal and burn diagnostic categories shall be established at one standard deviation beyond the mean length of stay ~~or allowable cost~~, and payment shall be at 90 percent of allowable operating cost calculated in the same manner as other outliers. A hospital may choose an alternative to the 70 percent outlier payment that is at a minimum of 60 percent and a maximum of 80 percent if the commissioner is notified in writing of the request by

October 1 of the year preceding the rate year. The chosen percentage applies to all diagnostic categories except burns and neonates. The percentage of allowable cost that is unrecognized by the outlier payment shall be added back to the base year operating payment rate per admission. ~~Cost outliers shall be calculated using hospital specific allowable cost data. If a stay is both a day and a cost outlier, outlier payments shall be based on the higher outlier payment.~~

Sec. 20. Minnesota Statutes, section 256.969, subdivision 9, as amended by Laws 1993, chapter 20, section 1, is amended to read:

Subd. 9. [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] *(a)* For admissions occurring on or after October 1, 1992, through December 31, 1992, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service but less than or equal to one standard deviation above the mean, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service; and

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment that would be determined under clause (1) for that hospital by 1.1. If federal matching funds are not available for all adjustments under this subdivision, the commissioner shall reduce payments on a pro rata basis so that all adjustments qualify for federal match. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For purposes of this subdivision medical assistance does not include general assistance medical care. The commissioner shall report annually on the number of hospitals likely to receive the adjustment authorized by this ~~section~~ *paragraph*. The commissioner shall specifically report on the adjustments received by public hospitals and public hospital corporations located in cities of the first class.

(b) For admissions occurring on or after July 1, 1993, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service but less than or equal to one standard deviation above the mean, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utiliza-

tion rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service.

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment that would be determined under clause (1) for that hospital by 1.1. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For purposes of this subdivision, medical assistance does not include general assistance medical care. The commissioner shall report annually on the number of hospitals likely to receive the adjustment authorized by this paragraph. The commissioner shall specifically report on the adjustments received by public hospitals and public hospital corporations located in cities of the first class; and

(3) for a hospital that (i) had medical assistance fee-for-service payment volume during calendar year 1991 in excess of 13 percent of total medical assistance fee-for-service payment volume; or (ii) had medical assistance fee-for-service payment volume during calendar year 1991 in excess of eight percent of total medical assistance fee-for-service payment volume and is affiliated with the University of Minnesota, a medical assistance disproportionate population adjustment shall be paid in addition to any other disproportionate payment due under this subdivision as follows: $1,010,000 due on the 15th of each month after noon, beginning July 15, 1993.

(c) The commissioner shall adjust rates paid to a health maintenance organization under contract with the commissioner to reflect rate increases provided in paragraph (b), clauses (1) and (2) on a nondiscounted hospital-specific basis, but shall not adjust those rates to reflect payments provided in clause (3).

(d) If federal matching funds are not available for all adjustments under paragraph (b), the commissioner shall reduce payments under paragraph (b), clauses (1) and (2), on a pro rata basis so that all adjustments under paragraph (b) qualify for federal match.

(e) For purposes of this subdivision, medical assistance does not include general assistance medical care.

Sec. 21. Minnesota Statutes 1992, section 256.969, subdivision 9a, as amended by Laws 1993, chapter 20, section 2, is amended to read:

[DISPROPORTIONATE POPULATION ADJUSTMENTS ~~AFTER JANUARY~~ *UNTIL JULY* 1, 1993.] (a) For admissions occurring between January 1, 1993, and June 30, 1993, the adjustment under this subdivision shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of one standard deviation above the arithmetic mean. The adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service, and the result must be multiplied by 1.1.

~~(b) For admissions occurring on or after July 1, 1993, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and~~

~~facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of one standard deviation above the arithmetic mean. The adjustment must be determined by multiplying the operating payment rate by the difference between the hospital's actual medical assistance inpatient utilization rate and one standard deviation above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service.~~

~~(c) If federal matching funds are not available for all adjustments under this subdivision, the commissioner shall reduce payments on a pro rata basis so that all adjustments qualify for federal match. (2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment under clause (1) for that hospital by 1.1.

(b) Any payment under this subdivision must be reduced by the amount of any payment received under subdivision 9, paragraph (b), clause (1) or (2). For purposes of this subdivision, medical assistance does not include general assistance medical care.

(c) The commissioner shall adjust rates paid to a health maintenance organization under contract with the commissioner to reflect rate increases provided in this section. The adjustment must be made on a nondiscounted hospital-specific basis.

Sec. 25. Minnesota Statutes 1992, section 256.969, is amended by adding a subdivision to read:

Subd. 24. [HOSPITAL PEER GROUPS.] *For admissions occurring on or after the later of July 1, 1994, or the implementation date of the upgrade to the Medicaid management information system, payment rates of each hospital shall be limited to the payment rates within its peer group so that the statewide payment level is reduced by ten percent under the medical assistance program and by 15 percent under the general assistance medical care program. For subsequent rate years, the limits shall be adjusted by the hospital cost index. The commissioner shall contract for the development of criteria for and the establishment of the peer groups. Peer groups must be established based on variables that affect medical assistance cost such as scope and intensity of services, acuity of patients, location, and capacity. Rates shall be standardized by the case mix index and adjusted, if applicable, for the variable outlier percentage. The peer groups may exclude and have separate limits or be standardized for operating cost differences that are not common to all hospitals in order to establish a minimum number of groups.*

Sec. 26. Minnesota Statutes 1992, section 256.9695, subdivision 3, is amended to read:

Subd. 3. [TRANSITION.] Except as provided in section 256.969, subdivision 8, the commissioner shall establish a transition period for the calculation of payment rates from July 1, 1989, to the implementation date of the upgrade to the Medicaid management information system or July 1, 1992, whichever is earlier.

During the transition period:

(a) Changes resulting from section 256.969, subdivisions 7, 9, 10, 11, and 13, shall not be implemented, except as provided in section 256.969, subdivisions 12 and 20.

(b) The beginning of the 1991 rate year shall be delayed and the rates notification requirement shall not be applicable.

(c) Operating payment rates shall be indexed from the hospital's most recent fiscal year ending prior to January 1, 1991, by prorating the hospital cost index methodology in effect on January 1, 1989. For payments made for admissions occurring on or after June 1, 1990, until the implementation date of the upgrade to the Medicaid management information system the hospital cost index excluding the technology factor shall not exceed five percent. This hospital cost index limitation shall not apply to hospitals that meet the requirements of section 256.969, subdivision 20, paragraphs (a) and (b).

(d) Property and pass-through payment rates shall be maintained at the most recent payment rate effective for June 1, 1990. However, all hospitals are subject to the hospital cost index limitation of subdivision 2c, for two complete fiscal years. Property and pass-through costs shall be retroactively settled through the transition period. The laws in effect on the day before July 1, 1989, apply to the retroactive settlement.

(e) If the upgrade to the Medicaid management information system has not been completed by July 1, 1992, the commissioner shall make adjustments for admissions occurring on or after that date as follows:

(1) provide a ten percent increase to hospitals that meet the requirements of section 256.969, subdivision 20, or, upon written request from the hospital to the commissioner, 50 percent of the rate change that the commissioner estimates will occur after the upgrade to the Medicaid management information system; and

(2) adjust the *Minnesota and local trade area* rebased payment rates that are established after the upgrade to the Medicaid management information system to compensate for a rebasing effective date of July 1, 1992. The adjustment shall be ~~based on the change in rates from July 1, 1992, to the rebased rates in effect under~~ *determined using claim specific payment changes that result from the rebased rates and revised methodology in effect after* the systems upgrade. ~~The~~ *Any adjustment that is greater than zero shall be rateably reduced by 20 percent. In addition, every* adjustment shall ~~reflect~~ *be reduced for* payments under clause (1), *and* differences in the hospital cost index ~~and dissimilar rate establishment procedures such as the variable outlier and the treatment of births and~~. *Hospitals shall revise claims so that services provided by* rehabilitation units of hospitals *are reported separately.* The adjustment shall be in effect ~~for a period not to exceed the amount of time from July 1, 1992, to the systems upgrade~~ *until the amount due to or owed by the hospital is fully paid over a number of admissions that is equal to the number of admissions under adjustment multiplied by 1.5. The adjustment for admissions occurring from July 1, 1992, to December 31, 1992, shall be based on claims paid as of August 1, 1993, and the adjustment shall begin with the effective date of rules governing rebasing. The adjustment for admissions occurring from January 1, 1993, to the effective date of the rules shall be based on claims paid as of February 1, 1994, and shall begin after the first adjustment period is fully paid. For purposes of appeals under subdivision 1, the adjustment shall be considered payment at the time of admission.*

Sec. 27. [256B.037] [PROSPECTIVE PAYMENT OF DENTAL SERVICES.]

Subdivision 1. [CONTRACT FOR DENTAL SERVICES.] *The commissioner may conduct a demonstration project to contract, on a prospective per capita payment basis, with an organization or organizations licensed under chapter 62C or 62D, for the provision of all dental care services beginning July 1, 1994, under the medical assistance, general assistance medical care, and MinnesotaCare programs, or when necessary waivers are granted by the secretary of health and human services, whichever occurs later. The commissioner shall identify a geographic area or areas, including both urban and rural areas, where access to dental services has been inadequate, in which to conduct demonstration projects. The commissioner shall seek any federal waivers or approvals necessary to implement this section from the secretary of health and human services.*

The commissioner may exclude from participation in the demonstration project any or all groups currently excluded from participation in the prepaid medical assistance program under section 256B.69.

Subd. 2. [ESTABLISHMENT OF PREPAYMENT RATES.] *The commissioner shall consult with an independent actuary to establish prepayment rates, but shall retain final authority over the methodology used to establish the rates. The prepayment rates shall not result in payments that exceed the per capita expenditures that would have been made for dental services by the programs under a fee-for-service reimbursement system. The package of dental benefits provided to individuals under this subdivision shall not be less than the package of benefits provided under the medical assistance fee-for-service reimbursement system for dental services.*

Subd. 3. [APPEALS.] *All recipients of services under this section have the right to appeal to the commissioner under section 256.045.*

Subd. 4. [INFORMATION REQUIRED BY COMMISSIONER.] *A contractor shall submit encounter-specific information as required by the commissioner, including, but not limited to, information required for assessing client satisfaction, quality of care, and cost and utilization of services.*

Subd. 5. [OTHER CONTRACTS PERMITTED.] *Nothing in this section prohibits the commissioner from contracting with an organization for comprehensive health services, including dental services, under section 256B.031, 256B.035, 256B.69, or 256D.03, subdivision 4, paragraph (c).*

Sec. 28. Minnesota Statutes 1992, section 256B.04, subdivision 16, is amended to read:

Subd. 16. [PERSONAL CARE SERVICES.] (a) Notwithstanding any contrary language in this paragraph, the commissioner of human services and the commissioner of health shall jointly promulgate rules to be applied to the licensure of personal care services provided under the medical assistance program. The rules shall consider standards for personal care services that are based on the World Institute on Disability's recommendations regarding personal care services. These rules shall at a minimum consider the standards and requirements adopted by the commissioner of health under section 144A.45, which the commissioner of human services determines are applicable to the provision of personal care services, in addition to other standards

or modifications which the commissioner of human services determines are appropriate.

The commissioner of human services shall establish an advisory group including personal care consumers and providers to provide advice regarding which standards or modifications should be adopted. The advisory group membership must include not less than 15 members, of which at least 60 percent must be consumers of personal care services and representatives of recipients with various disabilities and diagnoses and ages. At least 51 percent of the members of the advisory group must be recipients of personal care.

The commissioner of human services may contract with the commissioner of health to enforce the jointly promulgated licensure rules for personal care service providers.

Prior to final promulgation of the joint rule the commissioner of human services shall report preliminary findings along with any comments of the advisory group and a plan for monitoring and enforcement by the department of health to the legislature by February 15, 1992.

Limits on the extent of personal care services that may be provided to an individual must be based on the cost-effectiveness of the services in relation to the costs of inpatient hospital care, nursing home care, and other available types of care. The rules must provide, at a minimum:

(1) that agencies be selected to contract with or employ and train staff to provide and supervise the provision of personal care services;

(2) that agencies employ or contract with a qualified applicant that a qualified recipient proposes to the agency as the recipient's choice of assistant;

(3) that agencies bill the medical assistance program for a personal care service by a personal care assistant and supervision by the registered nurse supervising the personal care assistant;

(4) that agencies establish a grievance mechanism; and

(5) that agencies have a quality assurance program.

(b) The commissioner may waive the requirement for the provision of personal care services through an agency in a particular county, when there are less than two agencies providing services in that county *and shall waive the requirement for personal care assistants required to join an agency for the first time during 1993 when personal care services are provided under a relative hardship waiver under section 256B.0627, subdivision 4, paragraph (b), clause (7), and at least two agencies providing personal care services have refused to employ or contract with the independent personal care assistant.*

Sec. 29. Minnesota Statutes 1992, section 256B.042, subdivision 4, is amended to read:

Subd. 4. [NOTICE.] The state agency must be given notice of monetary claims against a person, firm, or corporation that may be liable to pay part or all of the cost of medical care when the state agency has paid or become liable for the cost of that care. Notice must be given as follows:

(a) Applicants for medical assistance shall notify the state or local agency of any possible claims when they submit the application. Recipients of

medical assistance shall notify the state or local agency of any possible claims when those claims arise.

(b) A person providing medical care services to a recipient of medical assistance shall notify the state agency when the person has reason to believe that a third party may be liable for payment of the cost of medical care.

(c) A person who is a party to a claim upon which the state agency may be entitled to a lien under this section shall notify the state agency of its potential lien claim before filing a claim, commencing an action, or negotiating a settlement. *A person who is a party to a claim includes the plaintiff, the defendants, and any other party to the cause of action.*

Notice given to the local agency is not sufficient to meet the requirements of paragraphs (b) and (c).

Sec. 30. Minnesota Statutes 1992, section 256B.055, subdivision 1, is amended to read:

Subdivision 1. [CHILDREN ELIGIBLE FOR SUBSIDIZED ADOPTION ASSISTANCE.] Medical assistance may be paid for a child eligible for or receiving adoption assistance payments under title IV-E of the Social Security Act, United States Code, title 42, sections 670 to 676, *and to any child who is not title IV-E eligible but who was determined eligible for adoption assistance* under Minnesota Statutes, section 259.40 ~~or 259.431~~, *subdivision 4, clauses (a) to (c), and has a special need for medical or rehabilitative care.*

Sec. 31. Minnesota Statutes 1992, section 256B.056, subdivision 2, is amended to read:

Subd. 2. [HOMESTEAD; EXCLUSION FOR INSTITUTIONALIZED PERSONS.] The homestead shall be excluded for the first six calendar months of a person's stay in a long-term care facility and shall continue to be excluded for as long as the recipient can be reasonably expected to return~~, as provided under the methodologies for the supplemental security income program~~ *to the homestead. For purposes of this subdivision, "reasonably expected to return to the homestead" means the recipient's attending physician has certified that the expectation is reasonable, and the recipient can show that the cost of care upon returning home will be met through medical assistance or other sources.* The homestead shall continue to be excluded for persons residing in a long-term care facility if it is used as a primary residence by one of the following individuals:

(a) the spouse;

(b) a child under age 21;

(c) a child of any age who is blind or permanently and totally disabled as defined in the supplemental security income program;

(d) a sibling who has equity interest in the home and who resided in the home for at least one year immediately before the date of the person's admission to the facility; or

(e) a child of any age, or, subject to federal approval, a grandchild of any age, who resided in the home for at least two years immediately before the date of the person's admission to the facility, and who provided care to the person that permitted the person to reside at home rather than in an institution.

Sec. 32. Minnesota Statutes 1992, section 256B.0575, is amended to read:

256B.0575 [AVAILABILITY OF INCOME FOR INSTITUTIONALIZED PERSONS.]

When an institutionalized person is determined eligible for medical assistance, the income that exceeds the deductions in paragraphs (a) and (b) must be applied to the cost of institutional care.

(a) The following amounts must be deducted from the institutionalized person's income in the following order:

(1) the personal needs allowance under section 256B.35 or, for a veteran who does not have a spouse or child, *or a surviving spouse of a veteran having no child,* the amount of ~~any veteran's pension~~ *an improved pension received from the veteran's administration* not exceeding $90 per month;

(2) the personal allowance for disabled individuals under section 256B.36;

(3) if the institutionalized person has a legally appointed guardian or conservator, five percent of the recipient's gross monthly income up to $100 as reimbursement for guardianship or conservatorship services;

(4) a monthly income allowance determined under section 256B.058, subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;

(5) a monthly allowance for children under age 18 which, together with the net income of the children, would provide income equal to the medical assistance standard for families and children according to section 256B.056, subdivision 4, for a family size that includes only the minor children. This deduction applies only if the children do not live with the community spouse and only if the children resided with the institutionalized person immediately prior to admission;

(6) a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member;

(7) reparations payments made by the Federal Republic of Germany; and

(8) amounts for reasonable expenses incurred for necessary medical or remedial care for the institutionalized spouse that are not medical assistance covered expenses and that are not subject to payment by a third party.

For purposes of clause (6), "other family member" means a person who resides with the community spouse and who is a minor or dependent child, dependent parent, or dependent sibling of either spouse. "Dependent" means a person who could be claimed as a dependent for federal income tax purposes under the Internal Revenue Code.

(b) Income shall be allocated to an institutionalized person for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if:

(1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;

(2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

(ii) the person and the person's spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.

For purposes of this paragraph, a person is determined to be residing in a licensed nursing home, regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.

Sec. 33. Minnesota Statutes 1992, section 256B.059, subdivision 3, is amended to read:

Subd. 3. [COMMUNITY SPOUSE ASSET ALLOWANCE.] ~~(a)~~ An institutionalized spouse may transfer assets to the community spouse solely for the benefit of the community spouse. Except for increased amounts allowable under subdivision 4, the maximum amount of assets allowed to be transferred is the amount which, when added to the assets otherwise available to the community spouse, is ~~the greater of~~ *as follows*:

(1) ~~$12,000~~ *prior to July 1, 1994, the greater of:*

(i) $14,148;

~~(2)~~ *(ii)* the lesser of the spousal share or ~~$60,000~~ *$70,740*; or

~~(3)~~ *(iii)* the amount required by court order to be paid to the community spouse*; and*

(2) for persons who begin their first continuous period of institutionalization on or after July 1, 1994, the greater of:

(i) $20,000;

(ii) the lesser of the spousal share or $70,740; or

(iii) the amount required by court order to be paid to the community spouse.

If the assets available to the community spouse are already at the limit permissible under this section, or the higher limit attributable to increases under subdivision 4, no assets may be transferred from the institutionalized spouse to the community spouse. The transfer must be made as soon as practicable after the date the institutionalized spouse is determined eligible for medical assistance, or within the amount of time needed for any court order required for the transfer. On January 1, ~~1990~~ *1994*, and every January 1 thereafter, the ~~$12,000 and $60,000~~ limits *in this subdivision* shall be adjusted by the same percentage change in the consumer price index for all urban consumers (all items; United States city average) between the two previous Septembers. These adjustments shall also be applied to the ~~$12,000 and $60,000~~ limits in subdivision 5.

Sec. 34. Minnesota Statutes 1992, section 256B.059, subdivision 5, is amended to read:

Subd. 5. [ASSET AVAILABILITY.] (a) At the time of application for medical assistance benefits, assets considered available to the institutionalized

spouse shall be the total value of all assets in which either spouse has an ownership interest, reduced by the ~~greater of~~ *following*:

(1) ~~$12,000; or~~ *prior to July 1, 1994, the greater of:*

(i) $14,148;

~~(2)~~ *(ii)* the lesser of the spousal share or ~~$60,000~~ *$70,740*; or

~~(3)~~ *(iii)* the amount required by court order to be paid to the community spouse;

(2) for persons who begin their first continuous period of institutionalization on or after July 1, 1994, the greater of:

(i) $20,000;

(ii) the lesser of the spousal share or $70,740; or

(iii) the amount required by court order to be paid to the community spouse.

If the community spouse asset allowance has been increased under subdivision 4, then the assets considered available to the institutionalized spouse under this subdivision shall be further reduced by the value of additional amounts allowed under subdivision 4.

(b) An institutionalized spouse may be found eligible for medical assistance even though assets in excess of the allowable amount are found to be available under paragraph (a) if the assets are owned jointly or individually by the community spouse, and the institutionalized spouse cannot use those assets to pay for the cost of care without the consent of the community spouse, and if: (i) the institutionalized spouse assigns to the commissioner the right to support from the community spouse under section 256B.14, subdivision ~~2~~ *3*; (ii) the institutionalized spouse lacks the ability to execute an assignment due to a physical or mental impairment; or (iii) the denial of eligibility would cause an imminent threat to the institutionalized spouse's health and well-being.

(c) After the month in which the institutionalized spouse is determined eligible for medical assistance, during the continuous period of institutionalization, no assets of the community spouse are considered available to the institutionalized spouse, unless the institutionalized spouse has been found eligible under clause (b).

(d) Assets determined to be available to the institutionalized spouse under this section must be used for the health care or personal needs of the institutionalized spouse.

(e) For purposes of this section, assets do not include assets excluded under section 256B.056, without regard to the limitations on total value in that section.

Sec. 35. Minnesota Statutes 1992, section 256B.0595, is amended to read:

256B.0595 [PROHIBITIONS ON TRANSFER; EXCEPTIONS.]

Subdivision 1. [PROHIBITED TRANSFERS.] (a) If a person or the person's spouse has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under section 256B.056, subdivision 3, within 30 months before or any time after the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months before or any

time after the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long-term care services for the period of time determined under subdivision 2.

(b) Effective for transfers made on or after July 1, 1993, or upon federal approval, whichever is later, a person, a person's spouse, or a person's authorized representative may not give away, sell, or dispose of, for less than fair market value, any asset or interest therein, for the purpose of establishing or maintaining medical assistance eligibility. For purposes of determining eligibility for medical assistance, any transfer of an asset within 60 months preceding application for medical assistance or during the period of medical assistance eligibility, including assets excluded under section 256B.056, subdivision 3, for less than fair market value may be considered. Any transfer for less than fair market value made within 60 months preceding application for medical assistance or during the period of medical assistance eligibility is presumed to have been made for the purpose of establishing or maintaining medical assistance eligibility and the person is ineligible for medical assistance for the period of time determined under subdivision 2, unless the person furnishes convincing evidence to establish that the transaction was exclusively for another purpose, or unless the transfer is permitted under subdivisions 3 or 4.

~~(b)~~ *(c)* This section applies to transfers, for less than fair market value, of income or assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments.

~~(c)~~ *(d)* This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized, written agreement which was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care or services provided. A notarized written agreement is not required if payment for the services was made within 60 days after the service was provided.

~~(d)~~ *(e)* This section applies to the portion of any asset or interest that a person or a person's spouse transfers to an irrevocable trust, annuity, or other instrument, that exceeds the value of the benefit likely to be returned to the person or spouse while alive, based on estimated life expectancy using the life expectancy tables employed by the supplemental security income program to determine the value of an agreement for services for life. The commissioner may adopt rules reducing life expectancies based on the need for long-term care.

~~(e)~~ *(f)* For purposes of this section, long-term care services include nursing facility services, and home- and community-based services provided pursuant to section 256B.491. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility, or who is receiving home- and community-based services under section 256B.491.

Subd. 2. [PERIOD OF INELIGIBILITY.] *(a)* For any uncompensated transfer, the number of months of ineligibility for long-term care services shall be the lesser of 30 months, or the uncompensated transfer amount divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect

payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred. If the transfer was not reported to the local agency at the time of application, and the applicant received long-term care services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of long-term care services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

(b) For uncompensated transfers made on or after July 1, 1993, or upon federal approval, whichever is later, the number of months of ineligibility, including partial months, for medical assistance services shall be the total uncompensated value of the resources transferred divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. If a calculation of a penalty period results in a partial month, payments for medical assistance services will be reduced in an amount equal to the fraction, except that in calculating the value of uncompensated transfers, uncompensated transfers not to exceed $1,000 in total value per month shall be disregarded for each month prior to the month of application for medical assistance. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred except that if one or more uncompensated transfers are made during a period of ineligibility, the total assets transferred during the ineligibility period shall be combined and a penalty period calculated to begin in the month the first uncompensated transfer was made. The penalty in this paragraph shall not apply to uncompensated transfers of assets not to exceed a total of $1,000 per month during a medical assistance eligibility certification period. If the transfer was not reported to the local agency at the time of application, and the applicant received medical assistance services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of medical assistance services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

(c) If the total value of all uncompensated transfers made in a month exceeds $1,000, the disregards allowed under paragraph (b) do not apply.

Subd. 3. [HOMESTEAD EXCEPTION TO TRANSFER PROHIBITION.] (a) An institutionalized person is not ineligible for long-term care services due to a transfer of assets for less than fair market value if the asset transferred was a homestead and:

(1) title to the homestead was transferred to the individual's

(i) spouse;

(ii) child who is under age 21;

(iii) blind or permanently and totally disabled child as defined in the supplemental security income program;

(iv) sibling who has equity interest in the home and who was residing in the home for a period of at least one year immediately before the date of the individual's admission to the facility; or

(v) son or daughter who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the facility, and who provided care to the individual that permitted the individual to reside at home rather than in an institution or facility;

(2) a satisfactory showing is made that the individual intended to dispose of the homestead at fair market value or for other valuable consideration; or

(3) the local agency grants a waiver of the excess resources created by the uncompensated transfer because denial of eligibility would cause undue hardship for the individual, based on imminent threat to the individual's health and well-being.

(b) When a waiver is granted under paragraph (a), clause (3), a cause of action exists against the person to whom the homestead was transferred for that portion of long-term care services granted within 30 months of the transfer or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.

(c) Effective for transfers made on or after July 1, 1993, or upon federal approval, whichever is later, an institutionalized person is not ineligible for medical assistance services due to a transfer of assets for less than fair market value if the asset transferred was a homestead and:

(1) title to the homestead was transferred to the individual's

(i) spouse;

(ii) child who is under age 21;

(iii) blind or permanently and totally disabled child as defined in the supplemental security income program;

(iv) sibling who has equity interest in the home and who was residing in the home for a period of at least one year immediately before the date of the individual's admission to the facility; or

(v) son or daughter who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the facility, and who provided care to the individual that permitted the individual to reside at home rather than in an institution or facility;

(2) a satisfactory showing is made that the individual intended to dispose of the homestead at fair market value or for other valuable consideration; or

(3) the local agency grants a waiver of the excess resources created by the uncompensated transfer because denial of eligibility would cause undue hardship for the individual, based on imminent threat to the individual's health and well-being.

(d) When a waiver is granted under paragraph (c), clause (3), a cause of action exists against the person to whom the homestead was transferred for that portion of medical assistance services granted during the period of ineligibility under subdivision 2, or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.

Subd. 4. [OTHER EXCEPTIONS TO TRANSFER PROHIBITION.] *(a)* An institutionalized person who has made, or whose spouse has made a transfer prohibited by subdivision 1, is not ineligible for long-term care services if one of the following conditions applies:

(1) the assets were transferred to the community spouse, as defined in section 256B.059; or

(2) the institutionalized spouse, prior to being institutionalized, transferred assets to a spouse, provided that the spouse to whom the assets were transferred does not then transfer those assets to another person for less than fair market value. (At the time when one spouse is institutionalized, assets must be allocated between the spouses as provided under section 256B.059); or

(3) the assets were transferred to the individual's child who is blind or permanently and totally disabled as determined in the supplemental security income program; or

(4) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or

(5) the local agency determines that denial of eligibility for long-term care services would work an undue hardship and grants a waiver of excess assets. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of long-term care services granted within 30 months of the transfer, or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under this chapter.

(b) Effective for transfers made on or after July 1, 1993, or upon federal approval, whichever is later, an institutionalized person who has made, or whose spouse has made a transfer prohibited by subdivision 1, is not ineligible for medical assistance services if one of the following conditions applies:

(1) the assets were transferred to the community spouse, as defined in section 256B.059; or

(2) the institutionalized spouse, prior to being institutionalized, transferred assets to a spouse, provided that the spouse to whom the assets were transferred does not then transfer those assets to another person for less than fair market value. (At the time when one spouse is institutionalized, assets must be allocated between the spouses as provided under section 256B.059); or

(3) the assets were transferred to the individual's child who is blind or permanently and totally disabled as determined in the supplemental security income program; or

(4) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or

(5) the local agency determines that denial of eligibility for medical assistance services would work an undue hardship and grants a waiver of excess assets. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of medical assistance services granted during the period of ineligibility determined under subdivision 2 or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under this chapter.

Subd. 5. [NOTICE OF RECEIPT OF FEDERAL WAIVER.] *In every instance in which a federal waiver that allows the implementation of a provision in this section is granted, the commissioner shall publish notice of receipt of the waiver in the state register.*

Sec. 36. Minnesota Statutes 1992, section 256B.0625, subdivision 3, is amended to read:

Subd. 3. [PHYSICIANS' SERVICES.] Medical assistance covers physicians' services. *Rates paid for anesthesiology services provided by physicians shall be according to the formula utilized in the Medicare program and shall use a conversion factor "at percentile of calendar year set by legislature."*

Sec. 37. Minnesota Statutes 1992, section 256B.0625, subdivision 6a, is amended to read:

Subd. 6a. [HOME HEALTH SERVICES.] Home health services are those services specified in Minnesota Rules, part 9505.0290. Medical assistance covers home health services at a recipient's home residence. Medical assistance does not cover home health services ~~at~~ *for residents of* a hospital, nursing facility, intermediate care facility, or a health care facility licensed by the commissioner of health, unless the program is funded under a home- and community-based services waiver or unless the commissioner of human services has prior authorized skilled nurse visits for less than 90 days for a resident at an intermediate care facility for persons with mental retardation, to prevent an admission to a hospital or nursing facility *or unless a resident who is otherwise eligible is on leave from the facility and the facility either pays for the home health services or forgoes the facility per diem for the leave days that home health services are used.* Home health services must be provided by a Medicare certified home health agency. All nursing and home health aide services must be provided according to section 256B.0627.

Sec. 38. Minnesota Statutes 1992, section 256B.0625, subdivision 7, is amended to read:

Subd. 7. [PRIVATE DUTY NURSING.] Medical assistance covers private duty nursing services in a recipient's home. Recipients who are authorized to receive private duty nursing services in their home may use approved hours outside of the home during hours when normal life activities take them outside of their home and when, without the provision of private duty nursing, their health and safety would be jeopardized. Medical assistance does not cover private duty nursing services ~~at~~ *for residents of* a hospital, nursing facility, intermediate care facility, or a health care facility licensed by the commissioner of health, except as authorized in section 256B.64 for ventilator-

dependent recipients in hospitals *or unless a resident who is otherwise eligible is on leave from the facility and the facility either pays for the private duty nursing services or forgoes the facility per diem for the leave days that private duty nursing services are used*. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed in an in-home setting according to section 256B.0627. All private duty nursing services must be provided according to the limits established under section 256B.0627. Private duty nursing services may not be reimbursed if the nurse is the spouse of the recipient or the parent or foster care provider of a recipient who is under age 18, or the recipient's legal guardian.

Sec. 39. Minnesota Statutes 1992, section 256B.0625, subdivision 11, is amended to read:

Subd. 11. [NURSE ANESTHETIST SERVICES.] Medical assistance covers nurse anesthetist services. *Rates paid for anesthesiology services provided by certified registered nurse anesthetists shall be according to the formula utilized in the Medicare program and shall use the conversion factor that is used by the Medicare program.*

Sec. 40. Minnesota Statutes 1992, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, after receiving recommendations from ~~the Minnesota~~ *professional* medical ~~association~~ *associations* and ~~the Minnesota pharmacists association~~ *professional pharmacist associations*, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. ~~The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981.~~ The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve ~~two-year~~ *three-year* terms and shall serve without compensation. *Members may be reappointed once*. The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the

requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; ~~nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product~~; anorectics; and drugs for which medical value has not been established. ~~Nutritional products needed for the treatment of a combined allergy to human milk, cow's milk, and soy formula require prior authorization. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act.~~ The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of $.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug

container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written – brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(c) Until ~~January 4, 1993, or~~ the date the *on-line, real-time* Medicaid Management Information System (MMIS) upgrade is *successfully* implemented, *as determined by the commissioner of administration*, ~~whichever occurs last,~~ a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spend-down, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spend-down amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spend-down of (1) their right to appeal the denial of services on the grounds that they have satisfied the spend-down requirement, and (2) their potential eligibility for the health right program or the children's health plan.

Sec. 41. Minnesota Statutes 1992, section 256B.0625, subdivision 13a, is amended to read:

The average of these two rates must not exceed ~~$13~~ *$14* for the base rate and ~~$1~~ *$1.10* per mile. Special transportation provided to nonambulatory persons who do not need a wheelchair lift van or stretcher-equipped vehicle, may be reimbursed at a lower rate than special transportation provided to persons who need a wheelchair lift van or stretcher-equipped vehicle.

Subd. 19a. [PERSONAL CARE SERVICES.] Medical assistance covers personal care services in a recipient's home. Recipients who can direct their own care, or persons who cannot direct their own care when authorized by the responsible party, may use approved hours outside the home when normal life activities take them outside the home and when, without the provision of personal care, their health and safety would be jeopardized. Medical assistance does not cover personal care services ~~at~~ *for residents of* a hospital, nursing facility, intermediate care facility ~~or a~~, health care facility licensed by the commissioner of health, *or unless a resident who is otherwise eligible is on leave from the facility and the facility either pays for the personal care services or forgoes the facility per diem for the leave days that personal care services are used* except as authorized in section 256B.64 for ventilator-dependent recipients in hospitals. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed for personal care services in an in-home setting according to section 256B.0627. Personal care services may not be reimbursed if the personal care assistant is the spouse of the recipient or the parent of a recipient under age 18, the responsible party or the foster care provider of a recipient who cannot direct the recipient's own care or the recipient's legal guardian unless, in the case of a foster provider, a county or state case manager visits the recipient as needed, but no less than every six months, to monitor the health and safety of the recipient and to ensure the goals of the care plan are met. Parents of adult recipients, adult children of the recipient or adult siblings of the recipient may be reimbursed for personal care services if they are granted a waiver under section 256B.0627.

(5) the 50th percentile reflects a payment which is grossly inequitable when compared with payment rates for procedures or services which are substantially similar.

(b) When one of the situations identified in paragraph (a) occurs, the commissioner shall use the following methodology to reconstruct a rate comparable to the 50th percentile of the prevailing rate:

(1) refer to information which exists for the first nine billings in the calendar year specified in legislation governing maximum payment rates; or

(2) refer to surrounding or comparable procedure codes; or

(3) refer to the 50th percentile of years subsequent to the calendar year specified in legislation governing maximum payment rates, and reduce that amount by applying an appropriate Consumer Price Index formula; or

(4) refer to relative value indexes; or

(5) refer to reimbursement information from other third parties, such as Medicare.

Responsible parties who are parents of minors or guardians of minors or incapacitated persons may delegate the responsibility to another adult during a temporary absence of at least 24 hours but not more than six months. The person delegated as a responsible party must be able to meet the definition of responsible party, except that the delegated responsible party is required to reside with the recipient only while serving as the responsible party. Foster care license holders may be designated the responsible party for residents of the foster care home if case management is provided as required in section 256B.0625, subdivision 19a. For persons who, as of April 1, 1992, are sharing personal care services in order to obtain the availability of 24-hour coverage, an employee of the personal care provider organization may be designated as the responsible party if case management is provided as required in section 256B.0625, subdivision 19a.

Subd. 5. [LIMITATION ON PAYMENTS.] Medical assistance payments for home care services shall be limited according to this subdivision.

(a) [EXEMPTION FROM PAYMENT LIMITATIONS.] The level, or the number of hours or visits of a specific service, of home care services to a recipient that began before and is continued without increase on or after December 1987, shall be exempt from the payment limitations of this section, as long as the services are medically necessary.

(b) [LIMITS ON SERVICES WITHOUT PRIOR AUTHORIZATION.] A recipient may receive the following amounts of home care services during a calendar year:

(1) a total of 40 home health aide visits or skilled nurse visits under section 256B.0625, subdivision 6a; and

(2) ~~a total of ten hours of nursing supervision under section 256B.0625, subdivision 7 or 19a~~ *up to two assessments by a supervising registered nurse to determine a recipient's need for personal care services, develop a care plan, and obtain prior authorization. Additional visits may be authorized by the commissioner if there are circumstances that necessitate a change in provider.*

(c) [PRIOR AUTHORIZATION; EXCEPTIONS.] All home care services above the limits in paragraph (b) must receive the commissioner's prior authorization, except when:

(1) the home care services were required to treat an emergency medical condition that if not immediately treated could cause a recipient serious physical or mental disability, continuation of severe pain, or death. The provider must request retroactive authorization no later than five working days after giving the initial service. The provider must be able to substantiate the emergency by documentation such as reports, notes, and admission or discharge histories;

(2) the home care services were provided on or after the date on which the recipient's eligibility began, but before the date on which the recipient was notified that the case was opened. Authorization will be considered if the

request is submitted by the provider within 20 working days of the date the recipient was notified that the case was opened; ~~or~~

(3) a third party payor for home care services has denied or adjusted a payment. Authorization requests must be submitted by the provider within 20 working days of the notice of denial or adjustment. A copy of the notice must be included with the request; *or*

(4) the commissioner has determined that a county or state human services agency has made an error.

(d) [RETROACTIVE AUTHORIZATION.] A request for retroactive authorization under paragraph (c) will be evaluated according to the same criteria applied to prior authorization requests. Implementation of this provision shall begin no later than October 1, 1991, except that recipients who are currently receiving medically necessary services above the limits established under this subdivision may have a reasonable amount of time to arrange for waivered services under section 256B.49 or to establish an alternative living arrangement. All current recipients shall be phased down to the limits established under paragraph (b) on or before April 1, 1992.

(e) [ASSESSMENT AND CARE PLAN.] The home care provider shall conduct ~~an~~ *initially, and at least annually thereafter, a face-to-face* assessment *of the recipient* and complete a care plan using forms specified by the commissioner. For the recipient to receive, or continue to receive, home care services, the provider must submit evidence necessary for the commissioner to determine the medical necessity of the home care services. The provider shall submit to the commissioner the assessment, the care plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries. *To continue to receive home care services when the recipient displays no significant change, the supervising nurse has the option to review with the commissioner, or the commissioner's designee, the care plan on record and receive authorization for up to an additional 12 months.*

(f) [PRIOR AUTHORIZATION.] The commissioner, or the commissioner's designee, shall review the assessment, the care plan, and any additional information that is submitted. The commissioner shall, within 30 days after receiving a complete request, assessment, and care plan, authorize home care services as follows:

(1) [HOME HEALTH SERVICES.] All home health services provided by a nurse or a home health aide that exceed the limits established in paragraph (b) must be prior authorized by the commissioner or the commissioner's designee. Prior authorization must be based on medical necessity and cost-effectiveness when compared with other care options. When home health services are used in combination with personal care and private duty nursing, the cost of all home care services shall be considered for cost-effectiveness. *The commissioner shall limit nurse and home health aide visits to no more than one visit each per day.*

(2) [PERSONAL CARE SERVICES.] (i) All personal care services must be prior authorized by the commissioner or the commissioner's designee except for the limits on supervision established in paragraph (b). The amount of personal care services authorized must be based on the recipient's ~~case mix classification according to section 256B.0911, except that~~ *home care rating*. A child may not be found to be dependent in an activity of daily living if

because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:

(A) up to two times the average number of direct care hours provided in nursing facilities for the recipient's comparable case mix level; *or*

(B) up to three times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs *or are dependent in at least seven activities of daily living and need physical assistance with eating or have a neurological diagnosis*; *or*

(C) up to 60 percent of the average reimbursement rate, as of July 1, 1991, *plus any inflation adjustment provided,* for care provided in a regional treatment center for recipients who have ~~complex behaviors~~ *Level I behavior*; *or*

(D) up to the amount the commissioner would pay, as of July 1, 1991, *plus any inflation adjustment provided,* for care provided in a regional treatment center for recipients referred to the commissioner by a regional treatment center preadmission evaluation team. For purposes of this clause, home care services means all services provided in the home or community that would be included in the payment to a regional treatment center; or

(E) up to the amount medical assistance would reimburse for facility care for recipients referred to the commissioner by a preadmission screening team established under section 256B.0911 or 256B.092.*; and*

(F) a reasonable amount of time for the necessary provision of nursing supervision of personal care services.

(ii) The number of direct care hours shall be determined according to *the* annual cost ~~reports which are~~ *report* submitted to the department by nursing facilities ~~each year~~. The average number of direct care hours, as established by May 1, *1992,* shall be calculated and incorporated into the home care limits on July 1 ~~each year~~, *1992*. These limits shall be calculated to the nearest quarter hour.

(iii) The ~~case mix level~~ *home care rating* shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner by the personal care provider on forms specified by the commissioner. The ~~forms~~ *home care rating* shall be a combination of current assessment tools developed under sections 256B.0911 and 256B.501 with an addition for seizure activity that will assess the frequency and severity of seizure activity and with adjustments, additions, and clarifications that are necessary to reflect the needs and conditions of children and nonelderly adults who need home care. The commissioner shall establish these forms and protocols under this section and shall use the advisory group established in section 256B.04, subdivision 16, for consultation in establishing the forms and protocols by October 1, 1991.

(iv) A recipient shall qualify as having complex medical needs if the care required is difficult to perform and *because of recipient's medical condition* requires more time than community-based standards allow ~~or the recipient's condition or treatment requires more training~~ or *requires more* skill than would ordinarily be required and the recipient needs or has one or more of the following:

(A) daily tube feedings;

(B) daily parenteral therapy;

(C) wound or decubiti care;

(D) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy care, oxygen, mechanical ventilation;

(E) catheterization;

(F) ostomy care;

(G) quadriplegia; or

(H) other comparable medical conditions or treatments the commissioner determines would otherwise require institutional care.

(v) A recipient shall qualify as having ~~complex~~ *Level I* behavior if *there is reasonable supporting evidence that* the recipient exhibits ~~on a daily basis~~, *or that without supervision, observation, or redirection would exhibit, one or more of* the following *behaviors that cause, or have the potential to cause*:

(A) ~~self-injurious behavior~~ *injury to his or her own body*;

(B) ~~unusual or repetitive habits~~ *physical injury to other people*; *or*

(C) ~~withdrawal behavior;~~

~~(D) hurtful behavior to others;~~

~~(E) socially offensive behavior;~~

~~(F)~~ destruction of property; ~~or~~

~~(G) a need for constant one-to-one supervision for self-preservation~~.

(vi) ~~The complex behaviors in clauses (A) to (G) have the meanings developed under section 256B.501~~ *Time authorized for personal care relating to Level I behavior in subclause (v), items (A) to (C), shall be based on the predictability, frequency, and amount of intervention required.*

(vii) A recipient shall qualify as having Level II behavior if the recipient exhibits on a daily basis one or more of the following behaviors that interfere with the completion of personal care services under subdivision 4, paragraph (a):

(A) unusual or repetitive habits;

(B) withdrawn behavior; or

(C) offensive behavior.

(viii) A recipient with a home care rating of Level II behavior in subclause (vii), items (A) to (C), shall be rated as comparable to a recipient with complex medical needs under subclause (iv). If a recipient has both complex medical needs and Level II behavior, the home care rating shall be the next complex category up to the maximum rating under subclause (i), item (B).

(3) [PRIVATE DUTY NURSING SERVICES.] All private duty nursing services shall be prior authorized by the commissioner or the commissioner's designee. Prior authorization for private duty nursing services shall be based on medical necessity and cost-effectiveness when compared with alternative

care options. The commissioner may authorize medically necessary private duty nursing services in quarter-hour units when:

(i) the recipient requires more individual and continuous care than can be provided during a nurse visit; or

(ii) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize:

(A) up to two times the average amount of direct care hours provided in nursing facilities statewide for case mix classification "K" as established by the annual cost report submitted to the department by nursing facilities in May 1992;

(B) private duty nursing in combination with other home care services up to the total cost allowed under clause (2);

(C) up to 16 hours per day if the recipient requires more nursing than the maximum number of direct care hours as established in item (A) and the recipient meets the hospital admission criteria established under Minnesota Rules, parts 9505.0500 to 9505.0540.

The commissioner may authorize up to 16 hours per day of private duty nursing services or up to 24 hours per day of private duty nursing services until such time as the commissioner is able to make a determination of eligibility for recipients who are cooperatively applying for home care services under the community alternative care program developed under section 256B.49, or until it is determined by the appropriate regulatory agency that a health benefit plan is or is not required to pay for appropriate medically necessary health care services. Recipients or their representatives must cooperatively assist the commissioner in obtaining this determination. Recipients who are eligible for the community alternative care program may not receive more hours of nursing under this section than would otherwise be authorized under section 256B.49.

(4) [VENTILATOR-DEPENDENT RECIPIENTS.] If the recipient is ventilator-dependent, the monthly medical assistance authorization for home care services shall not exceed what the commissioner would pay for care at the highest cost hospital designated as a long-term hospital under the Medicare program. For purposes of this clause, home care services means all services provided in the home that would be included in the payment for care at the long-term hospital. "Ventilator-dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to be or has been dependent for at least 30 consecutive days.

(g) [PRIOR AUTHORIZATION; TIME LIMITS.] The commissioner or the commissioner's designee shall determine the time period for which a prior authorization shall ~~remain valid~~ *be effective*. If the recipient continues to require home care services beyond the duration of the prior authorization, the home care provider must request a new prior authorization through the process described above. Under no circumstances, *other than the exceptions in subdivision 5, paragraph (c),* shall a prior authorization be valid *prior to the date the commissioner receives the request or* for more than 12 months. A recipient who appeals a reduction in previously authorized home care services may ~~request that the~~ *continue* previously authorized services, other than temporary services under paragraph (i), ~~be continued~~ pending an appeal under

section 256.045~~, subdivision 10~~. *The commissioner must provide a detailed explanation of why the authorized services are reduced in amount from those requested by the home care provider.*

(h) [APPROVAL OF HOME CARE SERVICES.] The commissioner or the commissioner's designee shall determine the medical necessity of home care services, the level of caregiver according to subdivision 2, and the institutional comparison according to this subdivision, the cost-effectiveness of services, and the amount, scope, and duration of home care services reimbursable by medical assistance, based on the assessment, the care plan, the recipient's age, the cost of services, the recipient's medical condition, and diagnosis or disability. The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.

(i) [PRIOR AUTHORIZATION REQUESTS; TEMPORARY SERVICES.] Providers may request a temporary authorization for home care services by telephone. The commissioner may approve a temporary level of home care services based on the assessment and care plan information provided by an appropriately licensed nurse. Authorization for a temporary level of home care services is limited to the time specified by the commissioner, but shall not exceed ~~30~~ *45* days. The level of services authorized under this provision shall have no bearing on a future prior authorization.

(j) [PRIOR AUTHORIZATION REQUIRED IN FOSTER CARE SETTING.] Home care services provided in an adult or child foster care setting must receive prior authorization by the department according to the limits established in paragraph (b).

The commissioner may not authorize:

(1) home care services that are the responsibility of the foster care provider under the terms of the foster care placement agreement and administrative rules;

(2) personal care services when the foster care license holder is also the personal care provider or personal care assistant unless the recipient can direct the recipient's own care, or case management is provided as required in section 256B.0625, subdivision 19a;

(3) personal care services when the responsible party is an employee of, or under contract with, or has any direct or indirect financial relationship with the personal care provider or personal care assistant, unless case management is provided as required in section 256B.0625, subdivision 19a;

(4) home care services when the number of foster care residents is greater than four unless the county responsible for the recipient's foster placement made the placement prior to April 1, 1992, requests that home care services be provided, and case management is provided as required in section 256B.0625, subdivision 19a; or

(5) home care services when combined with foster care payments, other than room and board payments plus the cost of home- and community-based waivered services unless the costs of home care services and waivered services are combined and managed under the waiver program, that exceed the total amount that public funds would pay for the recipient's care in a medical institution.

Sec. 54. Minnesota Statutes 1992, section 256B.0628, subdivision 2, is amended to read:

Subd. 2. [~~CONTRACTOR~~ DUTIES.] (a) The commissioner may contract with *or employ* qualified registered nurses *and necessary support staff*, or *contract with* qualified agencies, to provide home care prior authorization and review services for medical assistance recipients who are receiving home care services.

(b) Reimbursement for the prior authorization function shall be made through the medical assistance administrative authority. The state shall pay the nonfederal share. The ~~contractor must~~ *functions will be to*:

(1) assess the recipient's individual need for services required to be cared for safely in the community;

(2) ensure that a care plan that meets the recipient's needs is developed by the appropriate agency or individual;

(3) ensure cost-effectiveness of medical assistance home care services;

(4) recommend ~~to the commissioner~~ the approval or denial of the use of medical assistance funds to pay for home care services when home care services exceed thresholds established by the commissioner under Minnesota Rules, parts 9505.0170 to 9505.0475;

(5) reassess the recipient's need for and level of home care services at a frequency determined by the commissioner; and

(6) conduct on-site assessments when determined necessary by the commissioner *and recommend changes to care plans that will provide more efficient and appropriate home care*.

(c) In addition, the ~~contractor may be requested by the~~ commissioner ~~to~~ *or the commissioner's designee may*:

(1) review care plans and reimbursement data for utilization of services that exceed community-based standards for home care, inappropriate home care services, *medical necessity,* home care services that do not meet quality of care standards, or unauthorized services and make appropriate referrals ~~to the commissioner~~ *within the department* or *to* other appropriate entities based on the findings;

(2) assist the recipient in obtaining services necessary to allow the recipient to remain safely in or return to the community;

(3) coordinate home care services with other medical assistance services under section 256B.0625;

(4) assist the recipient with problems related to the provision of home care services; and

(5) assure the quality of home care services.

(d) For the purposes of this section, "home care services" means medical assistance services defined under section 256B.0625, subdivisions 6a, 7, and 19a.

Sec. 55. Minnesota Statutes 1992, section 256B.0629, subdivision 4, is amended to read:

Subd. 4. [RESPONSIBILITIES OF THE COMMISSIONER.] *(a)* The commissioner shall periodically:

(1) Recommend to the legislature criteria governing the eligibility of organ and tissue transplant procedures for reimbursement from medical assistance and general assistance medical care. Procedures approved by Medicare are automatically eligible for medical assistance and general assistance medical care reimbursement. Additional procedures are eligible for reimbursement only ~~upon approval by the legislature. Only procedures~~ *if they are* recommended by *both* the task force and the commissioner ~~may be considered by the legislature~~.

(2) Recommend to the legislature criteria for certifying transplant centers within and outside of Minnesota where Minnesotans receiving medical assistance and general assistance medical care may obtain transplants. Additional centers may be certified only upon approval of the legislature. Only centers recommended by the task force and the commissioner may be considered by the legislature.

Sec. 56. Minnesota Statutes 1992, section 256B.0911, subdivision 2, is amended to read:

Subd. 2. [PERSONS REQUIRED TO BE SCREENED; EXEMPTIONS.] All applicants to Medicaid certified nursing facilities must be screened prior to admission, regardless of income, assets, or funding sources, except the following:

(1) patients who, having entered acute care facilities from certified nursing facilities, are returning to a certified nursing facility;

(2) residents transferred from other certified nursing facilities;

(3) ~~individuals whose length of stay is expected to be 30 days or less based on a physician's certification, if the facility notifies the screening team prior to admission and provides an update to the screening team on the 30th day after admission;~~

~~(4)~~ individuals who have a contractual right to have their nursing facility care paid for indefinitely by the veteran's administration; or

~~(5)~~ *(4)* individuals who are enrolled in the Ebenezer/Group Health social health maintenance organization project at the time of application to a nursing home; ~~or~~

~~(6) individuals who are screened by another state within three months before admission to a certified nursing facility.~~

Regardless of the exemptions in clauses (2) to ~~(6)~~ *(4)*, persons who have a diagnosis or possible diagnosis of mental illness, mental retardation, or a related condition must be screened before admission unless the admission prior to screening is authorized by the local mental health authority or the local developmental disabilities case manager, or unless authorized by the county agency according to Public Law Number 101-508.

~~Persons transferred from an acute care facility to a certified nursing facility may be admitted to the nursing facility before screening, if authorized by the county agency; however, the person must be screened within ten working days after the admission.~~ *Before admission to a Medicaid certified nursing home or boarding care home, all persons must be screened and approved for*

admission through an assessment process. The nursing facility is authorized to conduct case mix assessments which are not conducted by the county public health nurse under Minnesota Rules, part 9549.0059. The designated county agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.

Other persons who are not applicants to nursing facilities must be screened if a request is made for a screening.

Sec. 57. Minnesota Statutes 1992, section 256B.0911, is amended by adding a subdivision to read:

Subd. 2a. [SCREENING REQUIREMENTS.] *Persons may be screened by telephone or in a face-to-face consultation. The screener will identify each individual's needs according to the following categories: (1) needs no face-to-face screening; (2) needs an immediate face-to-face screening interview; or (3) needs a face-to-face screening interview after admission to a certified nursing facility or after a return home. Persons who are not admitted to a Medicaid certified nursing facility must be screened within ten working days after the date of referral. Persons admitted on a nonemergency basis to a Medicaid certified nursing facility must be screened prior to the certified nursing facility admission. Persons admitted to the Medicaid certified nursing facility from the community on an emergency basis or from an acute care facility on a nonworking day must be screened the first working day after admission and the reason for the emergency admission must be certified by the attending physician in the person's medical record.*

Sec. 58. Minnesota Statutes 1992, section 256B.0911, subdivision 3, is amended to read:

Subd. 3. [PERSONS RESPONSIBLE FOR CONDUCTING THE PREADMISSION SCREENING.] (a) A local screening team shall be established by the county ~~agency and the county public health nursing service of the local board of health~~ *board of commissioners*. Each local screening team shall ~~be composed~~ *consist* of *screeners who are* a social worker and a public health nurse from their respective county agencies. If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year experience in home care to participate on the team. Two or more counties may collaborate to establish a joint local screening team or teams.

(b) ~~Both members of the team must conduct the screening. However, individuals who are being transferred from an acute care facility to a certified nursing facility and individuals who are admitted to a certified nursing facility on an emergency basis may be screened by only one member of the screening team in consultation with the other member.~~

~~(c)~~ In assessing a person's needs, ~~each screening team~~ *screeners* shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician shall be included ~~on the screening team~~ if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the county agencies.

~~(d) If a person who has been screened must be reassessed to assign a case mix classification because admission to a nursing facility occurs later than the time allowed by rule following the initial screening and assessment, the~~

~~reassessment may be completed by the public health nurse member of the screening team.~~

Sec. 59. Minnesota Statutes 1992, section 256B.0911, subdivision 4, is amended to read:

Subd. 4. [RESPONSIBILITIES OF THE COUNTY ~~AGENCY~~ AND THE SCREENING TEAM.] (a) The county ~~agency~~ shall:

(1) provide information and education to the general public regarding availability of the preadmission screening program;

(2) accept referrals from individuals, families, human service and health professionals, and hospital and nursing facility personnel;

(3) assess the health, psychological, and social needs of referred individuals and identify services needed to maintain these persons in the least restrictive environments;

(4) determine if the individual screened needs nursing facility level of care;

(5) assess ~~active treatment~~ *specialized service* needs ~~in cooperation with~~ *based upon an evaluation by*:

(i) a qualified *independent* mental health professional for persons with a primary or secondary diagnosis of *a serious* mental illness; and

(ii) a qualified mental retardation professional for persons with a primary or secondary diagnosis of mental retardation or related conditions. For purposes of this clause, a qualified mental retardation professional must meet the standards for a qualified mental retardation professional in Code of Federal Regulations, title 42, section 483.430;

(6) make recommendations for individuals screened regarding cost-effective community services which are available to the individual;

(7) make recommendations for individuals screened regarding nursing home placement when there are no cost-effective community services available;

(8) develop an individual's community care plan and provide follow-up services as needed; and

(9) prepare and submit reports that may be required by the commissioner of human services.

~~The county agency may determine in cooperation with the local board of health that the public health nursing agency of the local board of health is the lead agency which is responsible for all of the activities above except clause (5).~~

(b) The ~~screening team~~ *screener* shall document that the most cost-effective alternatives available were offered to the individual or the individual's legal representative. For purposes of this section, "cost-effective alternatives" means community services and living arrangements that cost the same or less than nursing facility care.

~~The screening shall be conducted within ten working days after the date of referral or, for those approved for transfer from an acute care facility to a certified nursing facility, within ten working days after admission to the nursing facility.~~

(c) For persons who are eligible for medical assistance or who would be eligible within 180 days of admission to a nursing facility and who are admitted to a nursing facility, the nursing facility must include ~~the screening team~~ *a screener* or the case manager in the discharge planning process for those individuals who the team has determined have discharge potential. The ~~screening team~~ *screener* or the case manager must ensure a smooth transition and follow-up for the individual's return to the community.

~~Local screening teams~~ *Screeners* shall cooperate with other public and private agencies in the community, in order to offer a variety of cost-effective services to the disabled and elderly. The ~~screening team~~ *screeners* shall encourage the use of volunteers from families, religious organizations, social clubs, and similar civic and service organizations to provide services.

Sec. 60. Minnesota Statutes 1992, section 256B.0911, subdivision 6, is amended to read:

Subd. 6. [~~REIMBURSEMENT~~ *PAYMENT* FOR PREADMISSION SCREENING.] (a) The total screening ~~cost~~ *payment* for each county must be paid monthly by certified nursing facilities in the county. The monthly amount to be paid by each nursing facility for each fiscal year must be determined by dividing the county's ~~estimate of the total~~ annual ~~cost of~~ *allocation for* screenings ~~allowed in the county for the following rate year~~ by 12 to determine the monthly ~~cost estimate~~ *payment* and allocating the monthly ~~cost estimate~~ *payment* to each nursing facility based on the number of licensed beds in the nursing facility.

~~(b) The rate allowed for a screening where two team members are present shall be the actual costs up to $195. The rate allowed for a screening where only one team member is present shall be the actual costs up to $117. Annually on July 1, the commissioner shall adjust the rate up to the percentage change forecast in the fourth quarter of the prior calendar year by the Home Health Agency Market Basket of Operating Costs, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc.~~

~~(c) The monthly cost estimate for each certified nursing facility must be submitted to the state by the county no later than February 15 of each year for inclusion in the nursing facility's payment rate on the following rate year. The commissioner shall include the reported annual estimated cost of screenings for each nursing facility as an operating cost of that nursing facility in accordance with section 256B.431, subdivision 2b, paragraph (g). The monthly cost estimates approved by the commissioner must be sent to the nursing facility by the county no later than April 15 of each year.~~

~~(d) If in more than ten percent of the total number of screenings performed by a county in a fiscal year for all individuals regardless of payment source, the screening timelines were not met because a county was late in screening the individual, the county is solely responsible for paying the cost of those delayed screenings that exceed ten percent.~~

(b) Payments for screening activities are available to the county or counties to cover staff salaries and expenses to provide the screening function. The lead agency shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to conduct the preadmission screening activity while meeting the state's long-term care outcomes and objectives as defined in section 256B.0917, subdivision 1. The local agency

shall be accountable for meeting local objectives as approved by the commissioner in the CSSA biennial plan.

~~(e)~~ *(c)* Notwithstanding section 256B.0641, overpayments attributable to payment of the screening costs under the medical assistance program may not be recovered from a facility.

~~(f)~~ *(d)* The commissioner of human services shall amend the Minnesota medical assistance plan to include reimbursement for the local screening teams.

Sec. 61. Minnesota Statutes 1992, section 256B.0911, subdivision 7, is amended to read:

Subd. 7. [REIMBURSEMENT FOR CERTIFIED NURSING FACILITIES.] *(a)* Medical assistance reimbursement for nursing facilities shall be authorized for a medical assistance recipient only if a preadmission screening has been conducted *prior to admission* or the local county agency has authorized an exemption. Medical assistance reimbursement for nursing facilities shall not be provided for any recipient who the local ~~screening team~~ *screener* has determined does not meet the level of care criteria for nursing facility placement *or, if indicated, has not had a level II PASARR evaluation completed unless an admission for a recipient with mental illness is approved by the local mental health authority or an admission for a recipient with mental retardation or related condition is approved by the state mental retardation authority. The commissioner shall make a request to the health care financing administration for a waiver allowing screening team approval of Medicaid payments for certified nursing facility care.* An individual has a choice and makes the final decision between nursing facility placement and community placement after the screening team's recommendation, *except as provided in paragraphs (b) and (c).* ~~However,~~

(b) The local county mental health authority or the ~~local~~ *state* mental retardation authority under Public Law Numbers 100-203 and 101-508 may prohibit admission to a nursing facility, if the individual does not meet the nursing facility level of care criteria or ~~does need active treatment~~ *needs specialized services* as defined in Public Law Numbers 100-203 and 101-508. *For purposes of this section, "specialized services" for a person with mental retardation or a related condition means "active treatment" as that term is defined in Code of Federal Regulations, title 42, section 483.440(a)(1).*

(c) Upon the receipt by the commissioner of approval by the secretary of health and human services of the waiver requested under paragraph (a), the local screener shall deny medical assistance reimbursement for nursing facility care for an individual whose long-term care needs can be met in a community-based setting and whose cost of community-based home care services is less than 75 percent of the average payment for nursing facility care for that individual's case mix classification, and who is either:

(i) a current medical assistance recipient being screened for admission to a nursing facility; or

(ii) an individual who would be eligible for medical assistance within 180 days of entering a nursing facility and who meets a nursing facility level of care.

(d) Appeals from the screening team's recommendation or the county

agency's final decision shall be made according to section 256.045, subdivision 3.

Sec. 62. Minnesota Statutes 1992, section 256B.0913, subdivision 4, is amended to read:

Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NON-MEDICAL ASSISTANCE RECIPIENTS.] (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been screened by the county screening team or, if previously screened and served under the alternative care program, assessed by the local county social worker or public health nurse;

(2) the person is age 65 or older;

(3) the person would be *financially* eligible for medical assistance within 180 days of admission to a nursing facility;

(4) *the person meets the asset transfer requirements of the medical assistance program;*

(5) the screening team would recommend nursing facility admission or continued stay for the person if alternative care services were not available;

~~(5)~~ *(6)* the person needs services that are not available at that time in the county through other county, state, or federal funding sources; and

~~(6)~~ *(7)* the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the statewide average monthly medical assistance payment for nursing facility care at the individual's case mix classification to which the individual would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059.

(b) Individuals who meet the criteria in paragraph (a) and who have been approved for alternative care funding are called 180-day eligible clients.

(c) The statewide average payment for nursing facility care is the statewide average monthly nursing facility rate in effect on July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing facility residents who are age 65 or older and who are medical assistance recipients in the month of March of the previous fiscal year. This monthly limit does not prohibit the 180-day eligible client from paying for additional services needed or desired.

(d) In determining the total costs of alternative care services for one month, the costs of all services funded by the alternative care program, including supplies and equipment, must be included.

(e) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spend-down if the person applied, unless authorized by the commissioner. ~~The commissioner may authorize alternative care money to be used to meet a portion of a medical assistance income spend-down for persons residing in adult foster care who would otherwise be served under the alternative care program. The alternative care payment is limited to the difference between the recipient's negotiated foster care room and board rate and the medical assistance income standard for one elderly~~

~~person plus the medical assistance personal needs allowance for a person residing in a long-term care facility.~~ A person whose application for medical assistance is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, the county must bill medical assistance ~~retroactive to~~ *from* the date ~~of eligibility~~ *the individual was found eligible* for the *medical assistance* services provided that are reimbursable under the elderly waiver program.

(f) Alternative care funding is not available for a person who resides in a licensed nursing home or boarding care home, except for case management services which are being provided in support of the discharge planning process.

Sec. 63. Minnesota Statutes 1992, section 256B.0913, subdivision 5, is amended to read:

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

(1) adult foster care;

(2) adult day care;

(3) home health aide;

(4) homemaker services;

(5) personal care;

(6) case management;

(7) respite care;

(8) assisted living; ~~and~~

(9) *residential care services;*

(10) care-related supplies and equipment~~.~~*;*

~~(b) The county agency may use up to ten percent of the annual allocation of alternative care funding for payment of costs of~~

(11) meals delivered to the home~~,~~*;*

(12) transportation~~,~~*;*

(13) skilled nursing~~,~~*;*

(14) chore services~~,~~*;*

(15) companion services~~,~~*;*

(16) nutrition services~~,~~*;* and

(17) training for direct informal caregivers.

~~The commissioner shall determine the impact on alternative care costs of allowing these additional services to be provided and shall report the findings to the legislature by February 15, 1993, including any recommendations regarding provision of the additional services.~~

~~(c)~~ *(b)* The county agency must ensure that the funds are used only to

supplement and not supplant services available through other public assistance or services programs.

~~(d) These services must be provided by a licensed provider, a home health agency certified for reimbursement under Titles XVIII and XIX of the Social Security Act, or by~~ *(c) Unless specified in statute, the service standards for alternative care services shall be the same as the service standards defined in the elderly waiver.* Persons or agencies *must be* employed by or ~~contracted~~ *under a contract* with the county agency or the public health nursing agency of the local board of health *in order to receive funding under the alternative care program.*

~~(e)~~ *(d)* The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. The adult foster care daily rate shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed 75 percent of the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, and it must allow for other alternative care services to be authorized by the case manager.

~~(f)~~ *(e)* Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

~~(g)~~ *(f)* Costs for supplies and equipment that exceed $150 per item per month must have prior approval from the commissioner. A county may use alternative care funds to purchase supplies and equipment from a non-Medicaid certified vendor if the cost for the items is less than that of a Medicaid vendor.

(g) For purposes of this section, residential care services are services which are provided to individuals living in residential care homes. Residential care homes are currently licensed as board and lodging establishments and are registered with the department of health as providing special services. Residential care services are defined as "supportive services" and "health-related services." "Supportive services" means the provision of up to 24-hour supervision and oversight. Supportive services includes: (1) transportation, when provided by the residential care center only; (2) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature; (3) assisting clients in setting up meetings and appointments; (4) assisting clients in setting up medical and social services; (5) providing assistance with personal laundry, such as carrying the client's laundry to the laundry room. Assistance with personal laundry does not include any laundry, such as bed linen, that is included in the room and board rate. Health-related services are limited to minimal assistance with dressing, grooming, and bathing and providing reminders to residents to take medications that are self-administered or providing storage for medications, if requested. Individuals receiving residential care services cannot receive both personal care services and residential care services.

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to ~~two or more alternative care~~ clients who reside in the same apartment building of ~~ten~~ *three* or more units. ~~These services may include care coordination, the costs of preparing one or more~~

~~nutritionally balanced meals per day, general oversight, and other supportive services which the vendor is licensed to provide according to sections 144A.43 to 144A.49, and which would otherwise be available to individual alternative care clients. Reimbursement from the lead agency shall be made to the vendor as a monthly capitated rate negotiated with the county agency. The capitated rate shall not exceed the state share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The capitated rate may not cover rent and direct food costs.~~ *Assisted living services are defined as up to 24-hour supervision, and oversight, supportive services as defined in clause (1), individualized home care aide tasks as defined in clause (2), and individualized home management tasks as defined in clause (3) provided to residents of a residential center living in their units or apartments with a full kitchen and bathroom. A full kitchen includes a stove, oven, refrigerator, food preparation counter space, and a kitchen utensil storage compartment. Assisted living services must be provided by the management of the residential center or by providers under contract with the management or with the county.*

(1) Supportive services include:

(i) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature;

(ii) assisting clients in setting up meetings and appointments; and

(iii) providing transportation, when provided by the residential center only.

Individuals receiving assisted living services will not receive both assisted living services and homemaking or personal care services. Individualized means services are chosen and designed specifically for each resident's needs, rather than provided or offered to all residents regardless of their illnesses, disabilities, or physical conditions.

(2) Home care aide tasks means:

(i) preparing modified diets, such as diabetic or low sodium diets;

(ii) reminding residents to take regularly scheduled medications or to perform exercises;

(iii) household chores in the presence of technically sophisticated medical equipment or episodes of acute illness or infectious disease;

(iv) household chores when the resident's care requires the prevention of exposure to infectious disease or containment of infectious disease; and

(v) assisting with dressing, oral hygiene, hair care, grooming, and bathing, if the resident is ambulatory, and if the resident has no serious acute illness or infectious disease. Oral hygiene means care of teeth, gums, and oral prosthetic devices.

(3) Home management tasks means:

(i) housekeeping;

(ii) laundry;

(iii) preparation of regular snacks and meals; and

(iv) shopping.

A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

Reimbursement for assisted living services and residential care services shall be made by the lead agency to the vendor as a monthly rate negotiated with the county agency. The rate shall not exceed the nonfederal share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, except for alternative care assisted living projects established under chapter 256 whose rates may not exceed 65 percent of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The rate may not cover rent and direct food costs.

(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.

Sec. 64. Minnesota Statutes 1992, section 256B.0913, subdivision 9, is amended to read:

Subd. 9. [CONTRACTING PROVISIONS FOR PROVIDERS.] The lead agency shall document to the commissioner that the agency made reasonable efforts to inform potential providers of the anticipated need for services under the alternative care program *or waiver programs under sections 256B.0915 and 256B.49*, including a minimum of 14 days' written advance notice of the

opportunity to be selected as a service provider and an annual public meeting with providers to explain and review the criteria for selection. The lead agency shall also document to the commissioner that the agency allowed potential providers an opportunity to be selected to contract with the county agency. Funds reimbursed to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.

The lead agency must select providers for contracts or agreements using the following criteria and other criteria established by the county:

(1) the need for the particular services offered by the provider;

(2) the population to be served, including the number of clients, the length of time services will be provided, and the medical condition of clients;

(3) the geographic area to be served;

(4) quality assurance methods, including appropriate licensure, certification, or standards, and supervision of employees when needed;

(5) rates for each service and unit of service exclusive of county administrative costs;

(6) evaluation of services previously delivered by the provider; and

(7) contract or agreement conditions, including billing requirements, cancellation, and indemnification.

The county must evaluate its own agency services under the criteria established for other providers. The county shall provide a written statement of the reasons for not selecting providers.

Sec. 65. Minnesota Statutes 1992, section 256B.0913, subdivision 12, is amended to read:

Subd. 12. [CLIENT PREMIUMS.] (a) A premium is required for all 180-day eligible clients to help pay for the cost of participating in the program. The amount of the premium for the alternative care client shall be determined as follows:

(1) when the alternative care client's ~~gross~~ income *less recurring and predictable medical expenses* is greater than the medical assistance income standard but less than 150 percent of the federal poverty guideline, and total assets are less than $6,000, the fee is zero;

(2) when the alternative care client's ~~gross~~ income *less recurring and predictable medical expenses* is greater than 150 percent of the federal poverty guideline and total assets are less than $6,000, the fee is 25 percent of the cost of alternative care services or the difference between 150 percent of the federal poverty guideline and the client's ~~gross~~ income *less recurring and predictable medical expenses*, whichever is less; and

(3) when the alternative care client's total assets are greater than $6,000, the fee is 25 percent of the cost of alternative care services.

For married persons, total assets are defined as the total marital assets less the estimated community spouse asset allowance, under section 256B.059, if applicable. *For married persons, total income is defined as the client's income less the monthly spousal allotment, under section 256B.058.*

All alternative care services except case management shall be included in the estimated costs for the purpose of determining 25 percent of the costs.

The monthly premium shall be calculated and be payable in the month in which the alternative care services begin and shall continue unaltered for six months until the semiannual reassessment unless the actual cost of services falls below the fee.

(b) The fee shall be waived by the commissioner when:

(1) a person who is residing in a nursing facility is receiving case management only;

(2) a person is applying for medical assistance;

(3) a married couple is requesting an asset assessment under the spousal impoverishment provisions;

(4) a person is a medical assistance recipient, but has been approved for alternative care-funded assisted living services;

(5) a person is found eligible for alternative care, but is not yet receiving alternative care services;

(6) a person is an adult foster care resident for whom alternative care funds are being used to meet a portion of the person's medical assistance spend-down, as authorized in subdivision 4; and

(7) a person's fee under paragraph (a) is less than $25.

(c) The county agency must collect the premium from the client and forward the amounts collected to the commissioner in the manner and at the times prescribed by the commissioner. Money collected must be deposited in the general fund and is appropriated to the commissioner for the alternative care program. The client must supply the county with the client's social security number at the time of application. If a client fails or refuses to pay the premium due, the county shall supply the commissioner with the client's social security number and other information the commissioner requires to collect the premium from the client. The commissioner shall collect unpaid premiums using the revenue recapture act in chapter 270A and other methods available to the commissioner. The commissioner may require counties to inform clients of the collection procedures that may be used by the state if a premium is not paid.

(d) The commissioner shall begin to adopt emergency or permanent rules governing client premiums within 30 days after July 1, 1991, including criteria for determining when services to a client must be terminated due to failure to pay a premium.

Sec. 66. Minnesota Statutes 1992, section 256B.0913, subdivision 13, is amended to read:

Subd. 13. [COUNTY ~~ALTERNATIVE CARE~~ BIENNIAL PLAN.] ~~The commissioner shall establish by rule, in accordance with chapter 14, procedures for the submittal and approval of a biennial county plan for the administration of the alternative care program and the coordination with other planning processes for the older adult. In addition to the procedures in rule,~~ *The county biennial plan for the preadmission screening program, the alternative care program, waivers for the elderly under section 256B.0915,*

and waivers for the disabled under section 256B.49, shall be incorporated into the biennial community social services act plan and shall meet the regulations and timelines of that plan. This county biennial plan shall ~~also~~ include:

(1) information on the administration of the preadmission screening program;

(2) information on the administration of the home- and community-based services waivers for the elderly under section 256B.0915, and for the disabled under section 256B.49; *and*

(3) ~~an application for targeted funds under subdivision 11; and~~

~~(4) an optional notice of intent to apply to participate in the long-term care projects under section 256B.0917~~ *information on the administration of the alternative care program.*

Sec. 67. Minnesota Statutes 1992, section 256B.0913, subdivision 14, is amended to read:

Subd. 14. [REIMBURSEMENT AND RATE ADJUSTMENTS.] (a) Reimbursement for expenditures for the alternative care services shall be through the invoice processing procedures of the department's Medicaid Management Information System (MMIS), only with the approval of the client's case manager. To receive reimbursement, the county or vendor must submit invoices within 120 days following the month of service. The county agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.

(b) If a county collects less than 50 percent of the client premiums due under subdivision 12, the commissioner may withhold up to three percent of the county's final alternative care program allocation determined under subdivisions 10 and 11.

(c) Beginning July 1, 1991, the state will reimburse counties, up to the limits of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.

(d) For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for alternative care services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in reimbursement rates for alternative care services based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

(e) The county shall negotiate individual rates with vendors and may be reimbursed for actual costs up to the greater of the county's current approved rate or 60 percent of the maximum rate in fiscal year 1994 and 65 percent of the maximum rate in fiscal year 1995 for each alternative care service.

Notwithstanding any other rule or statutory provision to the contrary, the commissioner shall not be authorized to increase rates by an annual inflation factor, unless so authorized by the legislature.

(f) On July 1, 1993, the commissioner shall increase the maximum rate for home delivered meals to $4.50 per meal.

Sec. 68. Minnesota Statutes 1992, section 256B.0915, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] The commissioner is authorized to apply for a home- and community-based services waiver for the elderly, authorized under section 1915(c) of the Social Security Act, in order to obtain federal financial participation to expand the availability of services for persons who are eligible for medical assistance. The commissioner may apply for additional waivers or pursue other federal financial participation which is advantageous to the state for funding home care services for the frail elderly who are eligible for medical assistance. The provision of waivered services to *elderly and disabled* medical assistance recipients must comply with the criteria approved in the waiver.

Sec. 69. Minnesota Statutes 1992, section 256B.0915, is amended by adding a subdivision to read:

Subd. 1a. [ELDERLY WAIVER CASE MANAGEMENT SERVICES.] *Elderly case management services under the home and community-based services waiver for elderly individuals are available from providers meeting qualification requirements and the standards specified in subdivision 1b. Eligible recipients may choose any qualified provider of elderly case management services.*

Sec. 70. Minnesota Statutes 1992, section 256B.0915, is amended by adding a subdivision to read:

Subd. 1b. [PROVIDER QUALIFICATIONS AND STANDARDS.] *The commissioner must enroll qualified providers of elderly case management services under the home and community-based waiver for the elderly under section 1915(c) of the Social Security Act. The enrollment process shall ensure the provider's ability to meet the qualification requirements and standards in this subdivision and other federal and state requirements of this service. A elderly case management provider is an enrolled medical assistance provider who is determined by the commissioner to have all of the following characteristics:*

(1) the legal authority for alternative care program administration under section 256B.0913;

(2) the demonstrated capacity and experience to provide the components of case management to coordinate and link community resources needed by the eligible population;

(3) administrative capacity and experience in serving the target population for whom it will provide services and in ensuring quality of services under state and federal requirements;

(4) the legal authority to provide preadmission screening under section 256B.0911, subdivision 4;

(5) a financial management system that provides accurate documentation of services and costs under state and federal requirements; and

(6) the capacity to document and maintain individual case records under state and federal requirements.

Sec. 71. Minnesota Statutes 1992, section 256B.0915, is amended by adding a subdivision to read:

Subd. 1c. [CASE MANAGEMENT ACTIVITIES UNDER THE STATE PLAN.] *The commissioner shall seek an amendment to the home and community-based services waiver for the elderly to implement the provisions of subdivisions 1a and 1b. If the commissioner is unable to secure the approval of the secretary of health and human services for the requested waiver amendment by December 31, 1993, the commissioner shall amend the medical assistance state plan to provide that case management provided under the home and community-based services waiver for the elderly is performed by counties as an administrative function for the proper and effective administration of the state medical assistance plan. Notwithstanding section 256.025, subdivision 3, the state shall reimburse counties for the nonfederal share of costs for case management performed as an administrative function under the home and community-based services waiver for the elderly.*

Sec. 72. Minnesota Statutes 1992, section 256B.0915, subdivision 3, is amended to read:

Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(b) The monthly limit for the cost of waivered services to an individual waiver client shall be the statewide average payment rate of the case mix resident class to which the waiver client would be assigned under medical assistance case mix reimbursement system. The statewide average payment rate is calculated by determining the statewide average monthly nursing home rate effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year. The following costs must be included in determining the total monthly costs for the waiver client:

(1) cost of all waivered services, including extended medical supplies and equipment; and

(2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

(c) Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(d) Expenditures for extended medical supplies and equipment that cost over $150 per month for both the elderly waiver and the disabled waiver must have the commissioner's prior approval.

(e) For the fiscal year beginning on July 1, 1993, and for subsequent fiscal years, the commissioner of human services shall not provide automatic annual inflation adjustments for home- and community-based waivered services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in reimbursement rates for home- and community-based waivered services, based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set. The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board.

(f) The adult foster care daily rate for the elderly and disabled waivers shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, and it must allow for other waiver and medical assistance home care services to be authorized by the case manager.

(g) The assisted living and residential care service rates for elderly and disabled waivers shall be made to the vendor as a monthly rate negotiated with the county agency. The rate shall not exceed the nonfederal share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the elderly or disabled client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The rate may not cover direct rent or food costs.

(h) The county shall negotiate individual rates with vendors and may be reimbursed for actual costs up to the greater of the county's current approved rate or 60 percent of the maximum rate in fiscal year 1994 and 65 percent of the maximum rate in fiscal year 1995 for each service within each program.

(i) On July 1, 1993, the commissioner shall increase the maximum rate for home-delivered meals to $4.50 per meal.

~~(f)~~ *(j)* Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid Management Information System (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

~~(g)~~ *(k)* Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 73. Minnesota Statutes 1992, section 256B.0917, subdivision 1, is amended to read:

Subdivision 1. [PURPOSE, MISSION, GOALS, AND OBJECTIVES.] (a) The purpose of implementing seniors' agenda for independent living (SAIL) projects under this section is to demonstrate a new cooperative strategy for the long-term care system in the state of Minnesota.

The projects are part of the initial ~~biennial~~ plan for a 20-year strategy. The mission of the 20-year strategy is to create a new community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and human resources. The goals for the 20-year strategy are to:

(1) achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;

(2) develop a statewide system of information and assistance to enable easy access to long-term care services;

(3) develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care;

(4) maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly *persons* served in institutional settings; and

(5) build a community-based approach and community commitment to delivering long-term care services for elderly persons in their homes.

(b) The objective for the fiscal years ~~1992~~ *1994* and ~~1993~~ *1995* biennial plan is to ~~implement~~ *continue* at least four but not more than six projects in anticipation of a statewide program. These projects will ~~begin~~ *continue* the process of implementing: (1) a coordinated planning and administrative process; (2) a refocused function of the preadmission screening program; (3) the development of additional home, community, and residential alternatives to nursing homes; (4) a program to support the informal caregivers for elderly persons; (5) programs to strengthen the use of volunteers; and (6) programs to support the building of community commitment to provide long-term care for elderly persons.

This is done in conjunction with an expanded role of the interagency long-term care planning committee as described in section 144A.31. The services offered through these projects will be available to those who have their own funds to pay for services, as well as to persons who are eligible for medical assistance and to persons who are 180-day eligible clients to the extent authorized in this section.

Sec. 74. Minnesota Statutes 1992, section 256B.0917, subdivision 2, is amended to read:

Subd. 2. [DESIGN OF SAIL PROJECTS; LOCAL LONG-TERM CARE COORDINATING TEAM.] (a) The commissioner of human services *in conjunction with the interagency long-term care planning committee's long-range strategic plan* shall ~~establish~~ *contract with* SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.

(b) To be selected for the project, a county board or boards must establish a long-term care coordinating team consisting of county social service agencies, public health nursing service agencies, local boards of health, and the area agencies on aging in a geographic area which is responsible for:

(1) developing a local long-term care strategy consistent with state goals and objectives;

(2) submitting an application to be selected as a project;

(3) coordinating planning for funds to provide services to elderly persons, including funds received under Title III of the Older Americans Act, Community Social Services Act, Title XX of the Social Security Act and the Local Public Health Act; and

(4) ensuring efficient services provision and nonduplication of funding.

(c) The board or boards shall designate a public agency to serve as the lead agency. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must semiannually evaluate the progress of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(d) Each member of the local coordinating team must indicate its endorsement of the local strategy. The local long-term care coordinating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(e) The board or boards shall apply to be selected as a project. If the project is selected, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(f) Projects shall be selected according to the following conditions:.

~~(1)~~ No project may be selected unless it demonstrates that:

(i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;

(ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;

(iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;

(iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least four counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation with consumers and other agencies and organizations, both public and private, in planning for service delivery.

~~(2) If only two projects are selected, at least one of them must be from a metropolitan statistical area as determined by the United States Census Bureau; if three or four projects are selected, at least one but not more than two projects must be from a metropolitan statistical area; and if more than four projects are selected, at least two but not more than three projects must be from a metropolitan statistical area.~~

~~(3) Counties or groups of counties that submit a proposal for a project shall be assigned to types defined by institutional utilization rate and population growth rate in the following manner:~~

~~(i) Each county or group of counties shall be measured by the utilization rate of nursing homes and boarding care homes and by the projected growth rate of its population aged 85 and over between 1990 and 2000. For the purposes of this section, "utilization rate" means the proportion of the seniors aged 65 or older in the county or group of counties who reside in a licensed nursing home or boarding care home as determined by the most recent census of residents available from the department of health and the population estimates of the state demographer or the census, whichever is more recent. The "projected growth rate" is the rate of change in the county or group of counties of the population group aged 85 or older between 1990 and 2000 according to the projections of the state demographer.~~

~~(ii) The institutional utilization rate of a county or group of counties shall be converted to a category by assigning a "high utilization" category if the rate is above the median rate of all counties, and a "low utilization" category otherwise. The projected growth rate of a county or group of counties shall be converted to a category by assigning a score of "high growth" category if the rate is above the median rate of all counties, and a "low growth" category otherwise.~~

~~(iii) Types of areas shall be defined by the four combinations of the scores defined in item (ii): type 1 is low utilization – high growth, type 2 is high utilization – high growth, type 3 is high utilization – low growth, and type 4 is low utilization – low growth. Each county or group of counties making a proposal shall be assigned to one of these types.~~

~~(4) Projects shall be selected from each of the types in the order that the types are listed in paragraph (3), item (iii), with available funding allocated to projects until it is exhausted, with no more than 30 percent of available funding allocated to any one project. Available funding includes state administrative funds which have been appropriated for screening functions in subdivision 4, paragraph (b), clause (3), and for service developers and incentive grants in subdivision 5.~~

~~(5) If more than one county or group of counties within one of the types defined by paragraph (3) proposes a special project that meets all of the other conditions in paragraphs (1) and (2), the project that demonstrates the most cost-effective proposals in terms of the number of nursing home placements that can be expected to be diverted or converted to alternative care services per unit of cost shall be selected.~~

~~(6) If more than one county applies for a specific project under this subdivision, all participating county boards must indicate intent to work cooperatively through individual board resolutions or a joint powers agreement.~~

Sec. 75. Minnesota Statutes 1992, section 256B.0917, subdivision 3, is amended to read:

Subd. 3. [LOCAL LONG-TERM CARE STRATEGY.] The local long-term care strategy must list performance outcomes and indicators which meet the state's objectives. The local strategy must provide for:

(1) accessible information, assessment, and preadmission screening activities as described in subdivision 4;

(2) an ~~application for expansion~~ *increase in numbers* of alternative care ~~targeted funds~~ *clients served* under section 256B.0913, ~~for serving 180-day eligible clients,~~ including those who are relocated from nursing homes, *which results in a reduction of the medical assistance nursing home caseload*; and

(3) the development of additional services such as adult family foster care homes; family adult day care; assisted living projects and congregate housing service projects in apartment buildings; expanded home care services for evenings and weekends; expanded volunteer services; and caregiver support and respite care projects.

The county or groups of counties selected for the projects shall be required to comply with federal regulations, alternative care funding policies in section 256B.0913, and the federal waiver programs' policies in section 256B.0915. The requirements for preadmission screening ~~as~~ *are* defined in section 256B.0911, subdivisions 1 to 6~~, are waived for those counties selected as part of a long-term care strategy project. For persons who are eligible for medical assistance or who are 180-day eligible clients and who are screened after nursing facility admission, the nursing facility must include a screener in the discharge planning process for those individuals who the screener has determined have discharge potential. The agency responsible for the screening function in subdivision 4 must ensure a smooth transition and follow-up for the individual's return to the community~~. Requirements for an access, screening, and assessment function ~~replace the preadmission screening requirements and~~ are defined in subdivision 4. Requirements for the service development and service provision are defined in subdivision 5.

Sec. 76. Minnesota Statutes 1992, section 256B.0917, subdivision 4, is amended to read:

Subd. 4. [ACCESSIBLE INFORMATION, SCREENING, AND ASSESSMENT FUNCTION.] (a) The projects selected by and under contract with the commissioner shall establish an accessible information, screening, and assessment function for persons who need assistance and information regarding long-term care. This accessible information, screening, and assessment activity shall include information and referral, early intervention, follow-up contacts, telephone ~~triage as defined in paragraph (f)~~ *screening*, home visits, assessments, preadmission screening, and relocation case management for the frail elderly and their caregivers in the area served by the county or counties. The purpose is to ensure that information and help is provided to elderly persons and their families in a timely fashion, when they are making decisions

about long-term care. These functions may be split among various agencies, but must be coordinated by the local long-term care coordinating team.

(b) Accessible information, screening, and assessment functions shall be reimbursed as follows:

(1) The screenings of all persons entering nursing homes shall be reimbursed ~~by the nursing homes in the counties of the project, through the same policy that is in place in fiscal year 1992 as established~~ *as defined* in section 256B.0911. ~~The amount a nursing home pays to the county agency is that amount identified and approved in the February 15, 1991, estimated number of screenings and associated expenditures. This amount remains the same for fiscal year 1993~~, *subdivision 6; and*

(2) ~~The level I screenings and the level II assessments required by Public Law Numbers 100-203 and 101-508 (OBRA) for persons with mental illness, mental retardation, or related conditions, are reimbursed through administrative funds with 75 percent federal funds and 25 percent state funds, as allowed by federal regulations and established in the contract; and~~

~~(3)~~ Additional state administrative funds shall be available for the access, screening, and assessment activities that are not reimbursed under ~~clauses~~ *clause* (1) ~~and (2)~~. This amount shall not exceed the amount authorized in the guidelines and in instructions for the application and must be within the amount appropriated for this activity.

(c) ~~The amounts available under paragraph (b) are available to the county or counties involved in the project to cover staff salaries and expenses to provide the services in this subdivision. The lead agency shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide the services listed in this subdivision.~~

~~(d)~~ Any information and referral functions funded by other sources, such as Title III of the Older Americans Act and Title XX of the Social Security Act and the Community Social Services Act, shall be considered by the local long-term care coordinating team in establishing this function to avoid duplication and to ensure access to information for persons needing help and information regarding long-term care.

~~(e) The staffing for the screening and assessment function must include, but is not limited to, a county social worker and a county public health nurse. The social worker and public health nurse are responsible for all assessments that are required to be completed by a professional. However, only one of these professionals is required to be present for the assessment. If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year of experience in home care to conduct the assessment.~~

~~(f) All persons entering a Medicaid certified nursing home or boarding care home must be screened through an assessment process, although the decision to conduct a face-to-face interview is left with the county social worker and the county public health nurse. All applicants to nursing homes must be screened and approved for admission by the county social worker or the county public health nurse named by the lead agency or the agencies which are under contract with the lead agency to manage the access, screening, and assessment functions. For applicants who have a diagnosis of mental illness, mental retardation, or a related condition, and are subject to the provisions of~~

~~Public Law Numbers 100-203 and 101-508, their admission must be approved by the local mental health authority or the local developmental disabilities case manager.~~

~~The commissioner shall develop instructions and assessment forms for telephone triage and on-site screenings to ensure that federal regulations and waiver provisions are met.~~

~~For purposes of this section, the term "telephone triage" refers to a telephone or face-to-face consultation between health care and social service professionals during which the clients' circumstances are reviewed and the county agency professional sorts the individual into categories: (1) needs no screening, (2) needs an immediate screening, or (3) needs a screening after admission to a nursing home or after a return home. The county agency professional shall authorize admission to a nursing home according to the provisions in section 256B.0911, subdivision 7.~~

~~(g) The requirements for case mix assessments by a preadmission screening team may be waived and the nursing home shall complete the case mix assessments which are not conducted by the county public health nurse according to the procedures established under Minnesota Rules, part 9549.0059. The appropriate county or the lead agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.~~

~~(h)~~ *(d)* The lead agency or the agencies under contract with the lead agency which are responsible for the accessible information, screening, and assessment function must complete the forms and reports required by the commissioner as specified in the contract.

Sec. 77. Minnesota Statutes 1992, section 256B.0917, subdivision 5, is amended to read:

Subd. 5. [SERVICE DEVELOPMENT AND SERVICE DELIVERY.] (a) In addition to the access, screening, and assessment activity, each local strategy may include provisions for the following:

(1) ~~expansion of alternative care to serve an increased caseload, over the fiscal year 1991 average caseload, of at least 100 persons each year who are assessed prior to nursing home admission and persons who are relocated from nursing homes, which results in a reduction of the medical assistance nursing home caseload;~~

~~(2)~~ the addition of a full-time staff person who is responsible to develop the following services and recruit providers as established in the contract:

(i) additional adult family foster care homes;

(ii) family adult day care providers as defined in section 256B.0919, subdivision 2;

(iii) an assisted living program in an apartment;

(iv) a congregate housing service project in a subsidized housing project; and

(v) the expansion of evening and weekend coverage of home care services as deemed necessary by the local strategic plan;

~~(3)~~ *(2)* small incentive grants to new adult family care providers for renovations needed to meet licensure requirements;

~~(4)~~ *(3)* a plan to apply for a congregate housing service project as identified in section 256.9751, authorized by the Minnesota board on aging, to the extent that funds are available;

~~(5)~~ *(4)* a plan to divert new applicants to nursing homes and to relocate a targeted population from nursing homes, using the individual's own resources or the funding available for services;

~~(6)~~ *(5)* one or more caregiver support and respite care projects, as described in subdivision 6; and

~~(7)~~ *(6)* one or more living-at-home/block nurse projects, as described in subdivisions 7 to 10.

(b) The expansion of alternative care clients under paragraph (a) shall be accomplished with the funds provided under section 256B.0913, and includes the allocation of targeted funds. The funding for all participating counties must be coordinated by the local long-term care coordinating team and must be part of the local long-term care strategy. ~~Targeted~~ Alternative care funds ~~received through the SAIL project approval process~~ may be transferred from one SAIL county to another within a designated SAIL project area during a fiscal year as authorized by the local long-term care coordinating team and approved by the commissioner. The base allocation used for a future year shall reflect the final transfer. Each county retains responsibility for reimbursement as defined in section 256B.0913, subdivision 12. All other requirements for the alternative care program must be met unless an exception is provided in this section. The commissioner may establish by contract a reimbursement mechanism for alternative care that does not require invoice processing through the Medical Assistance Management Information System (MMIS). The commissioner and local agencies must assure that the same client and reimbursement data is obtained as is available under MMIS.

(c) The administration of these components is the responsibility of the agencies selected by the local coordinating team and under contract with the local lead agency. However, administrative funds for paragraph (a), clauses (2) to (5), and grant funds for paragraph (a), clauses (6) and (7), shall be granted to the local lead agency. The funding available for each component is based on the plan submitted and the amount negotiated in the contract.

Sec. 78. Minnesota Statutes 1992, section 256B.0917, subdivision 11, is amended to read:

Subd. 11. [SAIL EVALUATION AND EXPANSION.] The commissioner shall evaluate the success of the SAIL projects against the objective stated in subdivision 1, paragraph (b), and recommend to the legislature the continuation or expansion of the long-term care strategy by February 15, ~~1993~~ *1995*.

Sec. 79. Minnesota Statutes 1992, section 256B.0917, subdivision 12, is amended to read:

Subd. 12. [PUBLIC AWARENESS CAMPAIGN.] The commissioner, with assistance from the commissioner of health and with the advice of the long-term care planning committee, shall contract for a public awareness campaign to educate the general public, seniors, consumers, caregivers, and professionals about the aging process, the long-term care system, and

alternatives available including alternative care and residential alternatives. Particular emphasis will be given to informing consumers on how to access the alternatives and obtain information on the long-term care system. The commissioner shall pursue the development of new names for preadmission screening, alternative care, ~~and~~ foster care, *and other services as deemed necessary for the public awareness campaign.*

Sec. 80. Minnesota Statutes 1992, section 256B.093, subdivision 1, is amended to read:

Subdivision 1. [STATE TRAUMATIC BRAIN INJURY ~~CASE MANAGEMENT~~ *PROGRAM.*] The commissioner of human services shall:

(1) establish and maintain statewide traumatic brain injury ~~case management~~ *program*;

(2) designate a full-time position to supervise and coordinate services *and policies* for persons with traumatic brain injuries;

(3) contract with qualified agencies or employ staff to provide statewide administrative case management; ~~and~~

(4) establish an advisory committee to provide recommendations in a report to the ~~department~~ *commissioner* regarding program and service needs of persons with traumatic brain injuries. *The advisory committee shall consist of no less than ten members and no more than 30 members. The commissioner shall appoint all advisory committee members to one- or two-year terms and appoint one member as chair; and*

(5) investigate the need for the development of rules or statutes for:

(i) traumatic brain injury home and community-based services waiver; and

(ii) traumatic brain injury services not covered by any other statute or rule.

Sec. 81. Minnesota Statutes 1992, section 256B.093, subdivision 3, is amended to read:

Subd. 3. [~~CASE MANAGEMENT~~ *TRAUMATIC BRAIN INJURY PROGRAM* DUTIES.] The department shall fund case management under this subdivision using medical assistance administrative funds. ~~Case management~~ *The traumatic brain injury program* duties include:

(1) assessing the person's individual needs for services required to prevent institutionalization;

(2) ensuring that a care plan that addresses the person's needs is developed, implemented, and monitored on an ongoing basis by the appropriate agency or individual;

(3) assisting the person in obtaining services necessary to allow the person to remain in the community;

(4) coordinating home care services with other medical assistance services under section 256B.0625;

(5) ensuring appropriate, accessible, and cost-effective medical assistance services;

(6) recommending to the commissioner the approval or denial of the use of medical assistance funds to pay for home care services when home care

(7) assisting the person with problems related to the provision of home care services;

(8) ensuring the quality of home care services;

(9) reassessing the person's need for and level of home care services at a frequency determined by the commissioner; ~~and~~

(11) coordinating the traumatic brain injury home and community-based waiver; and

(12) approving traumatic brain injury waiver care plans.

Sec. 82. Minnesota Statutes 1992, section 256B.15, subdivision 1, is amended to read:

Subdivision 1. [DEFINITION.] For purposes of this section, "medical assistance" includes the medical assistance program under this chapter and the general assistance medical care program under chapter 256D, but does not include the alternative care program ~~under this chapter~~ *for nonmedical assistance recipients under section 256B.0913, subdivision 4.*

Sec. 83. Minnesota Statutes 1992, section 256B.15, subdivision 2, is amended to read:

Subd. 2. [LIMITATIONS ON CLAIMS.] The claim shall include only the total amount of medical assistance rendered after age 65 or during a period of institutionalization described in subdivision ~~1~~ *1a*, clause (b), and the total amount of general assistance medical care rendered, and shall not include interest. Claims that have been allowed but not paid shall bear interest according to section 524.3-806, paragraph (d). A claim against the estate of a surviving spouse who did not receive medical assistance, for medical assistance rendered for the predeceased spouse, is limited to the value of the assets of the estate that were marital property or jointly owned property at any time during the marriage.

Sec. 84. Minnesota Statutes 1992, section 256B.19, subdivision 1b, is amended to read:

Subd. 1b. [PORTION OF NONFEDERAL SHARE TO BE PAID BY GOVERNMENT HOSPITALS.] *(a)* In addition to the percentage contribution paid by a county under subdivision 1, the governmental units designated in this subdivision shall be responsible for an additional portion of the nonfederal share of medical assistance costs attributable to them. For purposes of this subdivision, "designated governmental unit" means Hennepin county~~, and the public corporation known as Ramsey Health Care, Inc. which is operated under the authority of chapter 246A~~ *and the University of Minnesota*. For purposes of this subdivision, "public hospital" means the Hennepin County Medical Center~~,~~ *and the University of Minnesota hospital* ~~and the St. Paul Ramsey Medical Center~~.

(b) ~~Each of the governmental units designated in this subdivision~~ *From July 1, 1993 through June 30, 1994, Hennepin county* shall on a monthly basis transfer an amount equal to ~~two~~ *1.8* percent of the public hospital's net patient revenues, excluding net Medicare revenue to the state Medicaid agency.

(c) Effective July 1, 1994, each of the governmental units designated in paragraph (a) shall on a monthly basis transfer an amount equal to 1.8 percent of the public hospital's net patient revenues, excluding net Medicare revenue, to the state Medicaid agency.

(d) These sums shall be part of the ~~local~~ *designated* governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

Sec. 85. Minnesota Statutes 1992, section 256B.19, is amended by adding a subdivision to read:

Subd. 1c. [ADDITIONAL PORTION OF NONFEDERAL SHARE.] *In addition to any payment required under subdivision 1b, Hennepin county and the University of Minnesota shall be responsible for a monthly transfer payment of $1,000,000, due before noon on the 15th of each month beginning July 15, 1993. These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.*

Sec. 86. Minnesota Statutes 1992, section 256B.19, is amended by adding a subdivision to read:

Subd. 1d. [PORTION OF NONFEDERAL SHARE TO BE PAID BY CERTAIN COUNTIES.] *In addition to the percentage contribution paid by a county under subdivision 1, the governmental units designated in this subdivision shall be responsible for an additional portion of the nonfederal share of medical assistance cost. For purposes of this subdivision, "designated governmental unit" means the counties of Becker, Beltrami, Clearwater, Cook, Dodge, Hubbard, Itasca, Lake, Mahnomen, Pennington, Pipestone, Ramsey, St. Louis, Steele, Todd, Traverse, and Wadena.*

Beginning in 1994, each of the governmental units designated in this subdivision shall transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of licensed beds in any nursing home owned by the county multiplied by $5,723. If two or more counties own a nursing home, the payment shall be prorated. These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

Sec. 87. Minnesota Statutes 1992, section 256B.37, subdivision 3, is amended to read:

Subd. 3. [NOTICE.] The state agency must be given notice of monetary claims against a person, firm, or corporation that may be liable in damages, or otherwise obligated to pay part or all of the cost of medical care when the state agency has paid or become liable for the cost of care. Notice must be given as follows:

(a) Applicants for medical assistance shall notify the state or local agency of any possible claims when they submit the application. Recipients of

medical assistance shall notify the state or local agency of any possible claims when those claims arise.

(b) A person providing medical care services to a recipient of medical assistance shall notify the state agency when the person has reason to believe that a third party may be liable for payment of the cost of medical care.

(c) A person who is party to a claim upon which the state agency may be entitled to subrogation under this section shall notify the state agency of its potential subrogation claim before filing a claim, commencing an action, or negotiating a settlement. *A person who is a party to a claim includes the plaintiff, the defendants, and any other party to the cause of action.*

Notice given to the local agency is not sufficient to meet the requirements of paragraphs (b) and (c).

Sec. 88. Minnesota Statutes 1992, section 256B.37, subdivision 5, is amended to read:

Subd. 5. [PRIVATE BENEFITS TO BE USED FIRST.] Private accident and health care coverage for medical services is primary coverage and must be exhausted before medical assistance is paid. When a person who is otherwise eligible for medical assistance has private accident or health care coverage, including a prepaid health plan, the private health care benefits available to the person must be used first and to the fullest extent. ~~Supplemental payment may be made by medical assistance, but the combined total amount paid must not exceed the amount payable under medical assistance in the absence of other coverage. Medical assistance must not make supplemental payment for covered services rendered by a vendor who participates or contracts with a health coverage plan if the plan requires the vendor to accept the plan's payment as payment in full.~~

Sec. 89. Minnesota Statutes 1992, section 256B.37, is amended by adding a subdivision to read:

Subd. 5a. [SUPPLEMENTAL PAYMENT BY MEDICAL ASSISTANCE.] *Medical assistance payment will not be made when either covered charges are paid in full by a third party or the provider has an agreement to accept payment for less than charges as payment in full. Payment for patients that are simultaneously covered by medical assistance and a liable third party other than Medicare will be determined as the lesser of clauses (1) to (3):*

(1) the patient liability according to the provider/insurer agreement;

(2) covered charges minus the third party payment amount; or

(3) the medical assistance rate minus the third party payment amount.

A negative difference will not be implemented.

Sec. 90. Minnesota Statutes 1992, section 256B.431, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

(b) The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that

can be applied to the appropriate cost categories when determining the operating cost payment rate.

(c) The commissioner shall analyze and evaluate each nursing facility's cost report of allowable operating costs incurred by the nursing facility during the reporting year immediately preceding the rate year for which the payment rate becomes effective.

(d) The commissioner shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, size of the nursing facility, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing facility. In developing the geographic groups for purposes of reimbursement under this section, the commissioner shall ensure that nursing facilities in any county contiguous to the Minneapolis-St. Paul seven-county metropolitan area are included in the same geographic group. The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing facilities established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. For rate years beginning on or after July 1, 1989, facilities located in geographic group I as described in Minnesota Rules, part 9549.0052, on January 1, 1989, may choose to have the commissioner apply either the care related limits or the other operating cost limits calculated for facilities located in geographic group II, or both, if either of the limits calculated for the group II facilities is higher. The efficiency incentive for geographic group I nursing facilities must be calculated based on geographic group I limits. The phase-in must be established utilizing the chosen limits. For purposes of these exceptions to the geographic grouping requirements, the definitions in Minnesota Rules, parts 9549.0050 to 9549.0059 (Emergency), and 9549.0010 to 9549.0080, apply. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining allowable historical operating cost per diems for purposes of setting limits and nursing facility payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing facility is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories. For the rate year beginning on July 1, 1985, the commissioner shall:

(1) allow nursing facilities that have an average length of stay of 180 days or less in their skilled nursing level of care, 125 percent of the care related limit and 105 percent of the other operating cost limit established by rule; and

(2) exempt nursing facilities licensed on July 1, 1983, by the commissioner to provide residential services for the physically handicapped under Minne-

sota Rules, parts 9570.2000 to 9570.3600, from the care related limits and allow 105 percent of the other operating cost limit established by rule.

For the purpose of calculating the other operating cost efficiency incentive for nursing facilities referred to in clause (1) or (2), the commissioner shall use the other operating cost limit established by rule before application of the 105 percent.

(e) The commissioner shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.

(f) Each nursing facility shall receive an operating cost payment rate equal to the sum of the nursing facility's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing facility's historical operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing facility's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability or payments in lieu of real estate tax of each nursing facility as an operating cost of that nursing facility. Allowable costs under this subdivision for payments made by a nonprofit nursing facility that are in lieu of real estate taxes shall not exceed the amount which the nursing facility would have paid to a city or township and county for fire, police, sanitation services, and road maintenance costs had real estate taxes been levied on that property for those purposes. For rate years beginning on or after July 1, 1987, the reported actual real estate tax liability or payments in lieu of real estate tax of nursing facilities shall be adjusted to include an amount equal to one-half of the dollar change in real estate taxes from the prior year. The commissioner shall include a reported actual special assessment, and reported actual license fees required by the Minnesota department of health, for each nursing facility as an operating cost of that nursing facility. For rate years beginning on or after July 1, 1989, the commissioner shall include a nursing facility's reported public employee retirement act contribution for the reporting year as apportioned to the care-related operating cost categories and other operating cost categories multiplied by the appropriate composite index or indices established pursuant to paragraph (e) as costs under this paragraph. Total adjusted real estate tax liability, payments in lieu of real estate tax, actual special assessments paid, the indexed public employee retirement act contribution, and license fees paid as required by the Minnesota department of health, for each nursing facility (1) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (2) shall not be used to compute the care-related operating cost limits or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices established pursuant to paragraph (e), unless otherwise indicated in this paragraph.

(h) For rate years beginning on or after July 1, 1987, the commissioner shall adjust the rates of a nursing facility that meets the criteria for the special

dietary needs of its residents ~~as specified in section 144A.071, subdivision 3, clause (c),~~ and the requirements in section 31.651. The adjustment for raw food cost shall be the difference between the nursing facility's allowable historical raw food cost per diem and 115 percent of the median historical allowable raw food cost per diem of the corresponding geographic group.

The rate adjustment shall be reduced by the applicable phase-in percentage as provided under subdivision 2h.

Sec. 91. Minnesota Statutes 1992, section 256B.431, subdivision 2o, is amended to read:

Subd. 2o. [SPECIAL PAYMENT RATES FOR SHORT-STAY NURSING FACILITIES.] Notwithstanding contrary provisions of this section and rules adopted by the commissioner, for the rate years beginning on or after July 1, ~~1992~~ *1993*, a nursing facility whose average length of stay for the ~~rate~~ *preceding reporting* year ~~beginning July 1, 1991,~~ is *(1)* less than 180 days*; or (2) less than 225 days in a nursing facility with more than 315 licensed beds* must be reimbursed for allowable costs up to 125 percent of the total care-related limit and 105 percent of the other-operating-cost limit for hospital-attached nursing facilities. ~~The~~ *A* nursing facility *that received the benefit of this limit during the rate year beginning July 1, 1992,* continues to receive this rate *during the rate year beginning July 1, 1993,* even if the facility's average length of stay is more than 180 days in the rate years subsequent to the rate year beginning July 1, 1991. *For purposes of this subdivision, a nursing facility shall compute its average length of stay by dividing the nursing facility's actual resident days for the reporting year by the nursing facility's total resident discharges for that reporting year.*

Sec. 92. Minnesota Statutes 1992, section 256B.431, is amended by adding a subdivision to read:

Subd. 2s. [PAYMENT RESTRICTIONS ON LEAVE DAYS.] *Effective July 1, 1993, the commissioner shall limit payment for leave days in a nursing facility to 79 percent of that nursing facility's total payment rate for the involved resident.*

Sec. 93. Minnesota Statutes 1992, section 256B.431, subdivision 13, is amended to read:

Subd. 13. [HOLD-HARMLESS PROPERTY-RELATED RATES.] (a) Terms used in subdivisions 13 to 21 shall be as defined in Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(b) Except as provided in this subdivision, for rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, the property-related rate for a nursing facility shall be the greater of $4 or the property-related payment rate in effect on September 30, 1992. In addition, the incremental increase in the nursing facility's rental rate will be determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(c) Notwithstanding Minnesota Rules, part 9549.0060, subpart 13, item F, a nursing facility that has a sale permitted under subdivision 14 after June 30, 1992, shall receive the property-related payment rate in effect at the time of the sale or reorganization. For rate periods beginning after October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility shall receive, in addition to its property-related payment rate in effect at the time of the sale, the incremental increase allowed under subdivision 14.

(d) For rate years beginning after June 30, 1993, the property-related rate for a nursing facility licensed after July 1, 1989, after relocating its beds from a separate nursing home to a building formerly used as a hospital and sold during the cost reporting year ending September 30, 1991, shall be its property-related rate prior to the sale in addition to the incremental increases provided under this section effective on October 1, 1992, of 29 cents per day, and any incremental increases after October 1, 1992, calculated by using its rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, recognizing the current appraised value of the facility at the new location, and including as allowable debt otherwise allowable debt incurred to remodel the facility in the new location prior to the relocation of beds.

Sec. 94. Minnesota Statutes 1992, section 256B.431, subdivision 14, is amended to read:

Subd. 14. [LIMITATIONS ON SALES OF NURSING FACILITIES.] (a) For rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility's property-related payment rate as established under subdivision 13 shall be adjusted by either paragraph (b) or (c) for the sale of the nursing facility, including sales occurring after June 30, 1992, as provided in this subdivision.

(b) If the nursing facility's property-related payment rate under subdivision 13 prior to sale is greater than the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the nursing facility's property-related payment rate after sale shall be the greater of its property-related payment rate under subdivision 13 prior to sale or its rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(c) If the nursing facility's property-related payment rate under subdivision 13 prior to sale is equal to or less than the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the nursing facility's property-related payment rate after sale shall be the nursing facility's property-related payment rate under subdivision 13 plus the difference between its rental rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale and its rental rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(d) For purposes of this subdivision, "sale" means the purchase of a nursing facility's capital assets with cash or debt. The term sale does not include a stock purchase of a nursing facility or any of the following transactions:

(1) a sale and leaseback to the same licensee that does not constitute a change in facility license;

(2) a transfer of an interest to a trust;

(3) gifts or other transfers for no consideration;

(4) a merger of two or more related organizations;

(5) a change in the legal form of doing business, other than a publicly held organization that becomes privately held or vice versa;

(6) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing facility or the issuance of stock; and

(7) a sale, merger, reorganization, or any other transfer of interest between related organizations other than those permitted in this section.

(e) For purposes of this subdivision, "sale" includes the sale or transfer of a nursing facility to a close relative as defined in Minnesota Rules, part 9549.0020, subpart 38, item C, upon the death of an owner, due to serious illness or disability, as defined under the Social Security Act, under United States Code, title 42, section 423(d)(1)(A), or upon retirement of an owner from the business of owning or operating a nursing home at 62 years of age or older. For sales to a close relative allowed under this paragraph, otherwise nonallowable debt resulting from seller financing of all or a portion of the debt resulting from the sale shall be allowed and shall not be subject to Minnesota Rules, part 9549.0060, subpart 5, item E, provided that in addition to existing requirements for allowance of debt and interest, the debt is subject to repayment through annual principal payments and the interest rate on the related organization debt does not exceed three percentage points above the posted yield for standard conventional fixed rate mortgages of the Federal Home Loan Mortgage Corporation for delivery in 60 days in effect on the day of sale. If at any time, the seller forgives the related organization debt allowed under this paragraph for other than equal amount of payment on that debt, then the buyer shall pay to the state the total revenue received by the nursing facility after the sale attributable to the amount of allowable debt which has been forgiven. Any assignment, sale, or transfer of the debt instrument entered into by the close relatives, either directly or indirectly, which grants to the close relative buyer the right to receive all or a portion of the payments under the debt instrument shall, effective on the date of the transfer, result in the prospective reduction in the corresponding portion of the allowable debt and interest expense. Upon the death of the close relative seller, any remaining balance of the close relative debt must be refinanced and such refinancing shall be subject to the provisions of Minnesota Rules, part 9549.0060, subpart 7, item G. This paragraph shall not apply to sales occurring on or after June 30, 1997.

~~(e)~~ *(f)* For purposes of this subdivision, "effective date of sale" means the later of either the date on which legal title to the capital assets is transferred or the date on which closing for the sale occurred.

~~(f)~~ *(g)* The effective day for the property-related payment rate determined under this subdivision shall be the first day of the month following the month in which the effective date of sale occurs or October 1, 1992, whichever is later, provided that the notice requirements under section 256B.47, subdivision 2, have been met.

~~(g)~~ *(h)* Notwithstanding Minnesota Rules, part 9549.0060, subparts 5, item A, subitems (3) and (4), and 7, items E and F, the commissioner shall limit the total allowable debt and related interest for sales occurring after June 30, 1992, to the sum of clauses (1) to (3):

(1) the historical cost of capital assets, as of the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the nursing facility's initial historical cost of constructing capital assets;

(2) the average annual capital asset additions after deduction for capital asset deletions, not including depreciations; and

(3) one-half of the allowed inflation on the nursing facility's capital assets.

The commissioner shall compute the allowed inflation as described in paragraph (h).

~~(h)~~ *(i)* For purposes of computing the amount of allowed inflation, the commissioner must apply the following principles:

(1) the lesser of the Consumer Price Index for all urban consumers or the Dodge Construction Systems Costs for Nursing Homes for any time periods during which both are available must be used. If the Dodge Construction Systems Costs for Nursing Homes becomes unavailable, the commissioner shall substitute the index in subdivision 3f, or such other index as the secretary of the health care financing administration may designate;

(2) the amount of allowed inflation to be applied to the capital assets in paragraph (g), clauses (1) and (2), must be computed separately;

(3) the amount of allowed inflation must be determined on an annual basis, prorated on a monthly basis for partial years and if the initial month of use is not determinable for a capital asset, then one-half of that calendar year shall be used for purposes of prorating;

(4) the amount of allowed inflation to be applied to the capital assets in paragraph (g), clauses (1) and (2), must not exceed 300 percent of the total capital assets in any one of those clauses; and

(5) the allowed inflation must be computed starting with the month following the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the month following the date of the nursing facility's initial occupancy, and ending with the month preceding the effective date of sale.

~~(i)~~ *(j)* If the historical cost of a capital asset is not readily available for the date of the nursing facility's most recent previous sale or if there has been no previous sale for the date of the nursing facility's initial occupancy, then the commissioner shall limit the total allowable debt and related interest after sale to the extent recognized by the Medicare intermediary after the sale. For a nursing facility that has no historical capital asset cost data available and does not have allowable debt and interest calculated by the Medicare intermediary, the commissioner shall use the historical cost of capital asset data from the point in time for which capital asset data is recorded in the nursing facility's audited financial statements.

~~(j)~~ *(k)* The limitations in this subdivision apply only to debt resulting from a sale of a nursing facility occurring after June 30, 1992, including debt assumed by the purchaser of the nursing facility.

Sec. 95. Minnesota Statutes 1992, section 256B.431, subdivision 15, is amended to read:

Subd. 15. [CAPITAL REPAIR AND REPLACEMENT COST REPORTING AND RATE CALCULATION.] For rate years beginning after June 30, 1993, a nursing facility's capital repair and replacement payment rate shall be established annually as provided in paragraphs (a) to (d).

(a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 12, the costs of acquiring *any of* the following items, including cash payment for equity investment and principal and interest expense for debt financing, shall be reported in the capital repair and replacement cost category *when the cost of the item exceeds $500*:

(1) wall coverings;

(2) paint;

(3) floor coverings;

(4) window coverings;

(5) roof repair;

(6) heating or cooling system repair or replacement;

(7) window repair or replacement;

(8) initiatives designed to reduce energy usage by the facility if accompanied by an energy audit prepared by a professional engineer or architect registered in Minnesota, or by an auditor certified under Minnesota Rules, part 7635.0130, to do energy audits and the energy audit identifies the initiative as a conservation measure; and

(9) ~~capitalized~~ repair or replacement of capital assets not included in the equity incentive computations under subdivision 16.

(b) To compute the capital repair and replacement payment rate, the allowable annual repair and replacement costs for the reporting year must be divided by actual resident days for the reporting year. The annual allowable capital repair and replacement costs shall not exceed $150 per licensed bed. The excess of the allowed capital repair and replacement costs over the capital repair and replacement limit shall be a cost carryover to succeeding cost reporting periods, except that sale of a facility, under subdivision 14, shall terminate the carryover of all costs except those incurred in the most recent cost reporting year. The termination of the carryover shall have effect on the capital repair and replacement rate on the same date as provided in subdivision 14, paragraph (f), for the sale. For rate years beginning after June 30, 1994, the capital repair and replacement limit shall be subject to the index provided in subdivision 3f, paragraph (a). For purposes of this subdivision, the number of licensed beds shall be the number used to calculate the nursing facility's capacity days. The capital repair and replacement rate must be added to the nursing facility's total payment rate.

(c) Capital repair and replacement costs under this subdivision shall not be counted as either care-related or other operating costs, nor subject to care-related or other operating limits.

(d) If costs otherwise allowable under this subdivision are incurred as the result of a project approved under the moratorium exception process in section 144A.073, or in connection with an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost of these assets exceeds the lesser of $150,000 or ten percent of the nursing facility's appraised value, these costs must be claimed under subdivision 16 or 17, as appropriate.

Sec. 96. Minnesota Statutes 1992, section 256B.431, subdivision 21, is amended to read:

Subd. 21. [INDEXING ~~THRESHHOLDS~~ *THRESHOLDS.*] Beginning January 1, 1993, and each January 1 thereafter, the commissioner shall annually update the dollar ~~threshholds~~ *thresholds* in subdivisions 15, paragraph (d), 16, and 17, and in section 144A.071, ~~subdivision~~ *subdivisions* 2

and ~~3~~ *4a*, clauses ~~(h)~~ *(b)* and ~~(p)~~ *(e)*, by the inflation index referenced in subdivision 3f, paragraph (a).

Sec. 97. Minnesota Statutes 1992, section 256B.431, is amended by adding a subdivision to read:

Subd. 22. [CHANGES TO NURSING FACILITY REIMBURSEMENT.] *The nursing facility reimbursement changes in paragraphs (a) to (e) apply to Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, and are effective for rate years beginning on or after July 1, 1993, unless otherwise indicated.*

(a) In addition to the approved pension or profit sharing plans allowed by the reimbursement rule, the commissioner shall allow those plans specified in Internal Revenue Code, sections 403(b) and 408(k).

(b) The commissioner shall allow as workers' compensation insurance costs under section 256B.421, subdivision 14, the costs of workers' compensation coverage obtained under the following conditions:

(1) a plan approved by the commissioner of commerce as a Minnesota group or individual self-insurance plan as provided in sections 79A.03;

(2) a plan in which:

(i) the nursing facility, directly or indirectly, purchases workers' compensation coverage in compliance with section 176.181, subdivision 2, from an authorized insurance carrier;

(ii) a related organization to the nursing facility reinsures the workers' compensation coverage purchased, directly or indirectly, by the nursing facility; and

(iii) all of the conditions in clause (4) are met;

(3) a plan in which:

(i) the nursing facility, directly or indirectly, purchases workers' compensation coverage in compliance with section 176.181, subdivision 2, from an authorized insurance carrier;

(ii) the insurance premium is calculated retrospectively, including a maximum premium limit, and paid using the paid loss retro method; and

(iii) all of the conditions in clause (4) are met;

(4) additional conditions are:

(i) the costs of the plan are allowable under the federal Medicare program;

(ii) the reserves for the plan are maintained in an account controlled and administered by a person which is not a related organization to the nursing facility;

(iii) the reserves for the plan cannot be used, directly or indirectly, as collateral for debts incurred or other obligations of the nursing facility or related organizations to the nursing facility;

(iv) if the plan provides workers' compensation coverage for non-Minnesota nursing facilities, the plan's cost methodology must be consistent among all

nursing facilities covered by the plan, and if reasonable, is allowed notwithstanding any reimbursement laws regarding cost allocation to the contrary;

(v) central, affiliated, corporate, or nursing facility costs related to their administration of the plan are costs which must remain in the nursing facility's administrative cost category and must not be allocated to other cost categories; and

(vi) required security deposits, whether in the form of cash, investments, securities, assets, letters of credit, or in any other form are not allowable costs for purposes of establishing the facilities payment rate.

(5) any costs allowed pursuant to clauses (1) to (3) are subject to the following requirements:

(i) If the nursing facility is sold or otherwise ceases operations, the plan's reserves must be subject to an actuarially based settle-up after 36 months from the date of sale or the date on which operations ceased. The facility's medical assistance portion of the total excess plan reserves must be paid to the state within 30 days following the date on which excess plan reserves are determined.

(ii) Any distribution of excess plan reserves made to or withdrawals made by the nursing facility or a related organization are applicable credits and must be used to reduce the nursing facility's workers' compensation insurance costs in the reporting period in which a distribution or withdrawal is received.

(iii) If reimbursement for the plan is sought under the federal Medicare program, and is audited pursuant to the Medicare program, the nursing facility must provide a copy of Medicare's final audit report, including attachments and exhibits, to the commissioner within 30 days of receipt by the nursing facility or any related organization. The commissioner shall implement the audit findings associated with the plan upon receipt of Medicare's final audit report. The department's authority to implement the audit findings is independent of its authority to conduct a field audit.

(6) the commissioner shall have authority to adopt emergency rules to implement this paragraph.

(c) In the determination of incremental increases in the nursing facility's rental rate as required in subdivisions 14 to 21, except for a refinancing permitted under subdivision 19, the commissioner must adjust the nursing facility's property-related payment rate for both incremental increases and decreases in recomputations of its rental rate.

(d) A nursing facility's administrative cost limitation must be modified as follows:

(1) if the nursing facility's licensed beds exceed 195 licensed beds, the general and administrative cost category limitation shall be 13 percent;

(2) if the nursing facility's licensed beds are more than 150 licensed beds, but less than 196 licensed beds, the general and administrative cost category limitation shall be 14 percent; or

(3) if the nursing facility's licensed beds is less than 151 licensed beds, the general and administrative cost category limitation shall remain at 15 percent.

(e) The care related operating rate shall be increased by eight cents to reimburse facilities for unfunded federal mandates, including costs related to hepatitis B vaccinations.

Sec. 98. Minnesota Statutes 1992, section 256B.431 is amended by adding a subdivision to read:

Subd. 23. [COUNTY NURSING HOME PAYMENT ADJUSTMENTS.] *(a) Beginning in 1994, the commissioner shall pay a nursing home payment adjustment on May 31 after noon to a county in which is located a nursing home that, as of January 1 of the previous year, was county-owned and had over 40 beds and medical assistance occupancy in excess of 50 percent during the reporting year ending September 30, 1991. The adjustment shall be an amount equal to $16 per calendar day multiplied by the number of beds licensed in the facility as of September 30, 1991.*

(b) Payments under paragraph (a) are excluded from medical assistance per diem rate calculations. These payments are required notwithstanding any rule prohibiting medical assistance payments from exceeding payments from private pay residents. A facility receiving a payment under paragraph (a) may not increase charges to private pay residents by an amount equivalent to the per diem amount payments under paragraph (a) would equal if converted to a per diem.

Sec. 99. Minnesota Statutes 1992, section 256B.431, is amended by adding a subdivision to read:

Subd. 24. [MODIFIED EFFICIENCY INCENTIVE.] *Notwithstanding section 256B.74, subdivision 3, for the rate year beginning July 1, 1993, the maximum efficiency incentive is $2.20, and for rate years beginning on or after July 1, 1994, the commissioner shall determine a nursing facility's efficiency incentive by first computing the amount by which the facility's other operating cost limit exceeds its nonadjusted other operating cost per diem for that rate year. The commissioner shall then use the following table to compute the nursing facility's efficiency incentive. Each increment or partial increment the nursing facility's nonadjusted other operating per diem is below its other operating cost limit shall be multiplied by the corresponding percentage for that per diem increment. The sum of each of those computations shall be the nursing facility's efficiency incentive.*

Sec. 100. Minnesota Statutes 1992, section 256B.432, subdivision 5, is amended to read:

Subd. 5. [ALLOCATION OF REMAINING COSTS; ALLOCATION RATIO.] (a) After the costs that can be directly identified according to subdivisions 3 and 4 have been allocated, the remaining central, affiliated, or corporate office costs must be allocated between the long-term care facility operations and the other activities or facilities unrelated to the long-term care facility operations based on the ratio of ~~expenses~~ *total operating costs*.

(b) For purposes of allocating these remaining central, affiliated, or corporate office costs, the numerator for the allocation ratio shall be determined as follows:

(1) for long-term care facilities that are related organizations or are controlled by a central, affiliated, or corporate office under a management agreement, the numerator of the allocation ratio shall be equal to the sum of the total *operating* costs incurred by each related organization or controlled long-term care facility;

(2) for a central, affiliated, or corporate office providing goods or services to related organizations that are not long-term care facilities, the numerator of the allocation ratio shall be equal to the sum of the total *operating* costs incurred by the non-long-term care related organizations;

(3) for a central, affiliated, or corporate office providing goods or services to unrelated long-term care facilities under a consulting agreement, the numerator of the allocation ratio shall be equal to the greater of directly identified central, affiliated, or corporate costs or the contracted amount; or

(4) for business activities that involve the providing of goods or services to unrelated parties which are not long-term care facilities, the numerator of the allocation ratio shall be equal to the greater of directly identified costs or revenues generated by the activity or function.

(c) The denominator for the allocation ratio is the sum of the numerators in paragraph (b), clauses (1) to (4).

Sec. 101. Minnesota Statutes 1992, section 256B.432, is amended by adding a subdivision to read:

Subd. 8. [ADEQUATE DOCUMENTATION SUPPORTING LONG-TERM CARE FACILITY PAYROLLS.] *Beginning July 1, 1993, payroll records supporting compensation costs claimed by long-term care facilities must be supported by affirmative time and attendance records prepared by each individual at intervals of not more than one month. The affirmative time and attendance record must identify the individual's name; the days worked during each pay period; the number of hours worked each day; and the number of hours taken each day by the individual for vacation, sick, and other*

leave. The affirmative time and attendance record must include a signed verification by the individual and the individual's supervisor, if any, that the entries reported on the record are correct.

Sec. 102. Minnesota Statutes 1992, section 256B.47, subdivision 3, is amended to read:

Subd. 3. [ALLOCATION OF COSTS.] To ensure the avoidance of double payments as required by section 256B.433, the direct and indirect reporting year costs of providing residents of nursing facilities that are not hospital attached with therapy services that are billed separately from the nursing facility payment rate or according to Minnesota Rules, parts 9500.0750 to 9500.1080, must be determined and deducted from the appropriate cost categories of the annual cost report as follows:

(a) The costs of wages and salaries for employees providing or participating in providing and consultants providing services shall be allocated to the therapy service based on direct identification.

(b) The costs of fringe benefits and payroll taxes relating to the costs in paragraph (a) must be allocated to the therapy service based on direct identification or the ratio of total costs in paragraph (a) to the sum of total allowable salaries and the costs in paragraph (a).

(c) The costs of housekeeping, plant operations and maintenance, real estate taxes, special assessments, and insurance, other than the amounts classified as a fringe benefit, must be allocated to the therapy service based on the ratio of service area square footage to total facility square footage.

(d) The costs of bookkeeping and medical records must be allocated to the therapy service either by the method in paragraph (e) or based on direct identification. Direct identification may be used if adequate documentation is provided to, and accepted by, the commissioner.

(e) The costs of administrators, bookkeeping, and medical records salaries, except as provided in paragraph (d), must be allocated to the therapy service based on the ratio of the total costs in paragraphs (a) to (d) to the sum of total allowable nursing facility costs and the costs in paragraphs (a) to (d).

(f) The cost of property must be allocated to the therapy service and removed from the ~~rental per diem~~ *nursing facility's property-related payment rate*, based on the ratio of service area square footage to total facility square footage multiplied by the ~~building capital allowance~~ *property-related payment rate*.

Sec. 103. Minnesota Statutes 1992, section 256B.48, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED PRACTICES.] A nursing facility is not eligible to receive medical assistance payments unless it refrains from all of the following:

(a) Charging private paying residents rates for similar services which exceed those which are approved by the state agency for medical assistance recipients as determined by the prospective desk audit rate, except under the following circumstances: the nursing facility may (1) charge private paying residents a higher rate for a private room, and (2) charge for special services which are not included in the daily rate if medical assistance residents are charged separately at the same rate for the same services in addition to the

daily rate paid by the commissioner. Services covered by the payment rate must be the same regardless of payment source. Special services, if offered, must be available to all residents in all areas of the nursing facility and charged separately at the same rate. Residents are free to select or decline special services. Special services must not include services which must be provided by the nursing facility in order to comply with licensure or certification standards and that if not provided would result in a deficiency or violation by the nursing facility. Services beyond those required to comply with licensure or certification standards must not be charged separately as a special service if they were included in the payment rate for the previous reporting year. A nursing facility that charges a private paying resident a rate in violation of this clause is subject to an action by the state of Minnesota or any of its subdivisions or agencies for civil damages. A private paying resident or the resident's legal representative has a cause of action for civil damages against a nursing facility that charges the resident rates in violation of this clause. The damages awarded shall include three times the payments that result from the violation, together with costs and disbursements, including reasonable attorneys' fees or their equivalent. A private paying resident or the resident's legal representative, the state, subdivision or agency, or a nursing facility may request a hearing to determine the allowed rate or rates at issue in the cause of action. Within 15 calendar days after receiving a request for such a hearing, the commissioner shall request assignment of an administrative law judge under sections 14.48 to 14.56 to conduct the hearing as soon as possible or according to agreement by the parties. The administrative law judge shall issue a report within 15 calendar days following the close of the hearing. The prohibition set forth in this clause shall not apply to facilities licensed as boarding care facilities which are not certified as skilled or intermediate care facilities level I or II for reimbursement through medical assistance.

(b) Requiring an applicant for admission to the facility, or the guardian or conservator of the applicant, as a condition of admission, to pay any fee or deposit in excess of $100, loan any money to the nursing facility, or promise to leave all or part of the applicant's estate to the facility.

(c) Requiring any resident of the nursing facility to utilize a vendor of health care services ~~who is a licensed physician or pharmacist~~ chosen by the nursing facility.

(d) Providing differential treatment on the basis of status with regard to public assistance.

(e) Discriminating in admissions, services offered, or room assignment on the basis of status with regard to public assistance or refusal to purchase special services. Admissions discrimination shall include, but is not limited to:

(1) basing admissions decisions upon assurance by the applicant to the nursing facility, or the applicant's guardian or conservator, that the applicant is neither eligible for nor will seek public assistance for payment of nursing facility care costs; and

(2) engaging in preferential selection from waiting lists based on an applicant's ability to pay privately or an applicant's refusal to pay for a special service.

The collection and use by a nursing facility of financial information of any applicant pursuant to a preadmission screening program established by law

shall not raise an inference that the nursing facility is utilizing that information for any purpose prohibited by this paragraph.

(f) Requiring any vendor of medical care as defined by section 256B.02, subdivision 7, who is reimbursed by medical assistance under a separate fee schedule, to pay any amount based on utilization or service levels or any portion of the vendor's fee to the nursing facility except as payment for renting or leasing space or equipment or purchasing support services from the nursing facility as limited by section 256B.433. All agreements must be disclosed to the commissioner upon request of the commissioner. Nursing facilities and vendors of ancillary services that are found to be in violation of this provision shall each be subject to an action by the state of Minnesota or any of its subdivisions or agencies for treble civil damages on the portion of the fee in excess of that allowed by this provision and section 256B.433. Damages awarded must include three times the excess payments together with costs and disbursements including reasonable attorney's fees or their equivalent.

(g) Refusing, for more than 24 hours, to accept a resident returning to the same bed or a bed certified for the same level of care, in accordance with a physician's order authorizing transfer, after receiving inpatient hospital services.

The prohibitions set forth in clause (b) shall not apply to a retirement facility with more than 325 beds including at least 150 licensed nursing facility beds and which:

(1) is owned and operated by an organization tax-exempt under section 290.05, subdivision 1, clause (i); and

(2) accounts for all of the applicant's assets which are required to be assigned to the facility so that only expenses for the cost of care of the applicant may be charged against the account; and

(3) agrees in writing at the time of admission to the facility to permit the applicant, or the applicant's guardian, or conservator, to examine the records relating to the applicant's account upon request, and to receive an audited statement of the expenditures charged against the applicant's individual account upon request; and

(4) agrees in writing at the time of admission to the facility to permit the applicant to withdraw from the facility at any time and to receive, upon withdrawal, the balance of the applicant's individual account.

For a period not to exceed 180 days, the commissioner may continue to make medical assistance payments to a nursing facility or boarding care home which is in violation of this section if extreme hardship to the residents would result. In these cases the commissioner shall issue an order requiring the nursing facility to correct the violation. The nursing facility shall have 20 days from its receipt of the order to correct the violation. If the violation is not corrected within the 20-day period the commissioner may reduce the payment rate to the nursing facility by up to 20 percent. The amount of the payment rate reduction shall be related to the severity of the violation and shall remain in effect until the violation is corrected. The nursing facility or boarding care home may appeal the commissioner's action pursuant to the provisions of chapter 14 pertaining to contested cases. An appeal shall be considered timely if written notice of appeal is received by the commissioner within 20 days of notice of the commissioner's proposed action.

In the event that the commissioner determines that a nursing facility is not eligible for reimbursement for a resident who is eligible for medical assistance, the commissioner may authorize the nursing facility to receive reimbursement on a temporary basis until the resident can be relocated to a participating nursing facility.

Certified beds in facilities which do not allow medical assistance intake on July 1, 1984, or after shall be deemed to be decertified for purposes of section 144A.071 only.

Sec. 104. Minnesota Statutes 1992, section 256B.48, subdivision 2, is amended to read:

Subd. 2. [REPORTING REQUIREMENTS.] No later than December 31 of each year, a skilled nursing facility or intermediate care facility, including boarding care facilities, which receives medical assistance payments or other reimbursements from the state agency shall:

(a) Provide the state agency with a copy of its audited financial statements. The audited financial statements must include a balance sheet, income statement, statement of the rate or rates charged to private paying residents, statement of retained earnings, statement of cash flows, notes to the financial statements, audited applicable supplemental information, and the certified public accountant's or licensed public accountant's opinion. The examination by the certified public accountant or licensed public accountant shall be conducted in accordance with generally accepted auditing standards as promulgated and adopted by the American Institute of Certified Public Accountants. *Beginning with the reporting year which begins October 1, 1992, a nursing facility is no longer required to have a certified audit of its financial statements. The cost of a certified audit shall not be an allowable cost in that reporting year, nor in subsequent reporting years unless the nursing facility submits its certified audited financial statements in the manner otherwise specified in this subdivision. A nursing facility which does not submit a certified audit must submit its working trial balance*;

(b) Provide the state agency with a statement of ownership for the facility;

(c) Provide the state agency with separate, audited financial statements as specified in clause (a) for every other facility owned in whole or part by an individual or entity which has an ownership interest in the facility;

(d) Upon request, provide the state agency with separate, audited financial statements as specified in clause (a) for every organization with which the facility conducts business and which is owned in whole or in part by an individual or entity which has an ownership interest in the facility;

(e) Provide the state agency with copies of leases, purchase agreements, and other documents related to the lease or purchase of the nursing facility;

(f) Upon request, provide the state agency with copies of leases, purchase agreements, and other documents related to the acquisition of equipment, goods, and services which are claimed as allowable costs; and

(g) Permit access by the state agency to the certified public accountant's and licensed public accountant's audit workpapers which support the audited financial statements required in clauses (a), (c), and (d).

Documents or information provided to the state agency pursuant to this subdivision shall be public. If the requirements of clauses (a) to (g) are not

met, the reimbursement rate may be reduced to 80 percent of the rate in effect on the first day of the fourth calendar month after the close of the reporting year, and the reduction shall continue until the requirements are met.

Both nursing facilities and intermediate care facilities for the mentally retarded must maintain statistical and accounting records in sufficient detail to support information contained in the facility's cost report for at least ~~five~~ *six* years, including the year following the submission of the cost report. For computerized accounting systems, the records must include copies of electronically generated media such as magnetic discs and tapes.

Sec. 105. Minnesota Statutes 1992, section 256B.49, is amended by adding a subdivision to read:

Subd. 5. [PROVIDE WAIVER ELIGIBILITY FOR CERTAIN CHRONICALLY ILL AND CERTAIN DISABLED PERSONS.] *Chronically ill or disabled individuals, who are likely to reside in acute care if waiver services were not provided, could be found eligible for services under this section without regard to age.*

Sec. 106. Minnesota Statutes 1992, section 256B.50, subdivision 1b, is amended to read:

Subd. 1b. [FILING AN APPEAL.] To appeal, the provider shall file with the commissioner a written notice of appeal; the appeal must be postmarked *or received by the commissioner* within 60 days of the date the determination of the payment rate was mailed *or personally received by a provider, whichever is earlier*. The notice of appeal must specify each disputed item; the reason for the dispute; the total dollar amount in dispute for each separate disallowance, allocation, or adjustment of each cost item or part of a cost item; the computation that the provider believes is correct; the authority in statute or rule upon which the provider relies for each disputed item; the name and address of the person or firm with whom contacts may be made regarding the appeal; and other information required by the commissioner. The commissioner shall review an appeal by a nursing facility, if the appeal was sent by certified mail and postmarked prior to August 1, 1991, and would have been received by the commissioner within the 60-day deadline if it had not been delayed due to an error by the postal service.

Sec. 107. Minnesota Statutes 1992, section 256B.50, is amended by adding a subdivision to read:

Subd. 1h. [APPEALS REVIEW PROJECT.] *(a) The appeals review procedure described in this subdivision is effective for desk audit appeals for rate years beginning between July 1, 1993, and June 30, 1997, and for field audit appeals filed during that time period. For appeals reviewed under this subdivision, subdivision 1c applies only to contested case demands under paragraph (d) and subdivision 1d does not apply.*

(b) The commissioner shall review appeals and issue a written determination on each appealed item within one year of the due date of the appeal. Upon mutual agreement, the commissioner and the provider may extend the time for issuing a determination for a specified period. The commissioner shall notify the provider by first class mail of the determination. The determination takes effect 30 days following the date of issuance specified in the determination.

(c) In reviewing the appeal, the commissioner may request additional written or oral information from the provider. The provider has the right to present information by telephone or in person concerning the appeal to the commissioner prior to the issuance of the determination if a conference is requested within six months of the date the appeal was received by the commissioner. Statements made during the review process are not admissible in a contested case hearing under paragraph (d) absent an express stipulation by the parties to the contested case.

(d) For an appeal item on which the provider disagrees with the determination, the provider may file with the commissioner a written demand for a contested case hearing to determine the proper resolution of specified appeal items. The demand must be postmarked or received by the commissioner within 30 days of the date of issuance specified in the determination. The commissioner shall refer any contested case demand to the office of the attorney general. When a contested case demand is referred to the office of the attorney general, the contested case procedures described in subdivision 1c apply and the written determination issued by the commissioner is of no effect.

(e) The commissioner has discretion to issue to the provider a proposed resolution for specified appeal items upon a request from the provider filed separately from the notice of appeal. The proposed resolution is final upon written acceptance by the provider within 30 days of the date the proposed resolution was mailed to or personally received by the provider, whichever is earlier.

(f) The commissioner may use the procedures described in this subdivision to resolve appeals filed prior to July 1, 1993.

Sec. 108. Minnesota Statutes 1992, section 256B.50, is amended by adding a subdivision to read:

Subd. 3. [TIME AND ATTENDANCE DISPUTED ITEMS.] *The commissioner shall settle unresolved appeals by a nursing facility of disallowances or adjustments of compensation costs for rate years beginning prior to June 30, 1994, by recognizing the compensation costs reported by the nursing facility when the appealed disallowances or adjustments were based on a determination of inadequate documentation of time and attendance or equivalent records to support payroll costs. The recognition of costs provided in this subdivision pertains only to appeals of disallowances and adjustments based solely on disputed time and attendance or equivalent records. Appeals of disallowances and adjustments of compensation costs based on other grounds, including misrepresentation of costs or failure to meet the general cost criteria under Minnesota Rules, parts 9549.0010 to 9549.0080, are not governed by this subdivision.*

Sec. 109. Minnesota Statutes 1992, section 256B.501, subdivision 3g, is amended to read:

Subd. 3g. [ASSESSMENT OF RESIDENTS.] ~~For rate years beginning on or after October 1, 1990, the commissioner shall establish program operating cost rates for care of residents in facilities that take into consideration service characteristics of residents in those facilities.~~ To establish the service characteristics of residents, the quality assurance and review teams in the department of health shall assess all residents annually beginning January 1, 1989, using a uniform assessment instrument developed by the commissioner. This instrument shall include assessment of the ~~client's~~ *services identified as*

needed and provided to each client to address behavioral needs, integration into the community, ability to perform activities of daily living, medical and therapeutic needs, and other relevant factors determined by the commissioner. ~~The commissioner may adjust the program operating cost rates of facilities based on a comparison of client service characteristics, resource needs, and costs. The commissioner may adjust a facility's payment rate during the rate year when accumulated changes in the facility's average service units exceed the minimums established in the rules required by subdivision 3j.~~ *By January 30, 1994, the commissioner shall report to the legislature on:*

(1) the assessment process and scoring system utilized;

(2) possible utilization of assessment information by facilities for management purposes; and

(3) possible application of the assessment for purposes of adjusting the operating cost rates of facilities based on a comparison of client services characteristics, resource needs, and costs.

Sec. 110. Minnesota Statutes 1992, section 256B.501, subdivision 3i, is amended to read:

Subd. 3i. [SCOPE.] Subdivisions 3a to *3e and* 3h do not apply to facilities whose payment rates are governed by Minnesota Rules, part 9553.0075.

Sec. 111. Minnesota Statutes 1992, section 256B.501, is amended by adding a subdivision to read:

Subd. 5a. [CHANGES TO ICF/MR REIMBURSEMENT.] *The reimbursement rule changes in paragraphs (a) to (e) apply to Minnesota Rules, parts 9553.0010 to 9553.0080, and this section, and are effective for rate years beginning on or after October 1, 1993, unless otherwise specified.*

(a) The maximum efficiency incentive shall be $1.50 per resident per day.

(b) If a facility's capital debt reduction allowance is greater than 50 cents per resident per day, that facility's capital debt reduction allowance in excess of 50 cents per resident day shall be reduced by 25 percent.

(c) Beginning with the biennial reporting year which begins January 1, 1993, a facility is no longer required to have a certified audit of its financial statements. The cost of a certified audit shall not be an allowable cost in that reporting year, nor in subsequent reporting years unless the facility submits its certified audited financial statements in the manner otherwise specified in this subdivision. A nursing facility which does not submit a certified audit must submit its working trial balance.

(d) In addition to the approved pension or profit sharing plans allowed by the reimbursement rule, the commissioner shall allow those plans specified in Internal Revenue Code, sections 403(b) and 408(k).

(e) The commissioner shall allow as workers' compensation insurance costs under this section, the costs of workers' compensation coverage obtained under the following conditions:

(1) a plan approved by the commissioner of commerce as a Minnesota group or individual self-insurance plan as provided in sections 79A.03;

(2) a plan in which:

(i) the facility, directly or indirectly, purchases workers' compensation coverage in compliance with section 176.181, subdivision 2, from an authorized insurance carrier;

(ii) a related organization to the facility reinsures the workers' compensation coverage purchased, directly or indirectly, by the facility; and

(iii) all of the conditions in clause (4) are met;

(3) a plan in which:

(i) the facility, directly or indirectly, purchases workers' compensation coverage in compliance with section 176.181, subdivision 2, from an authorized insurance carrier;

(ii) the insurance premium is calculated retrospectively, including a maximum premium limit, and paid using the paid loss retro method; and

(iii) all of the conditions in clause (4) are met;

(4) additional conditions are:

(i) the reserves for the plan are maintained in an account controlled and administered by a person which is not a related organization to the facility;

(ii) the reserves for the plan cannot be used, directly or indirectly, as collateral for debts incurred or other obligations of the facility or related organizations to the facility;

(iii) if the plan provides workers' compensation coverage for non-Minnesota facilities, the plan's cost methodology must be consistent among all facilities covered by the plan, and if reasonable, is allowed notwithstanding any reimbursement laws regarding cost allocation to the contrary;

(iv) central, affiliated, corporate, or nursing facility costs related to their administration of the plan are costs which must remain in the nursing facility's administrative cost category, and must not be allocated to other cost categories; and

(v) required security deposits, whether in the form of cash, investments, securities, assets, letters of credit, or in any other form are not allowable costs for purposes of establishing the facilities payment rate;

(5) any costs allowed pursuant to clauses (1) to (3) are subject to the following requirements:

(i) If the facility is sold or otherwise ceases operations, the plan's reserves must be subject to an actuarially based settle-up after 36 months from the date of sale or the date on which operations ceased. The facility's medical assistance portion of the total excess plan reserves must be paid to the state within 30 days following the date on which excess plan reserves are determined;

(ii) Any distribution of excess plan reserves made to or withdrawals made by the facility or a related organization are applicable credits and must be used to reduce the facility's workers' compensation insurance costs in the reporting period in which a distribution or withdrawal is received; and

(iii) If the plan is audited pursuant to the Medicare program, the facility must provide a copy of Medicare's final audit report, including attachments and exhibits, to the commissioner within 30 days of receipt by the facility or

any related organization. The commissioner shall implement the audit findings associated with the plan upon receipt of Medicare's final audit report. The department's authority to implement the audit findings is independent of its authority to conduct a field audit; and

(6) the commissioner shall have authority to adopt emergency rules to implement this paragraph.

Sec. 112. Minnesota Statutes 1992, section 256B.501, subdivision 12, is amended to read:

Subd. 12. [ICF/MR SALARY ADJUSTMENTS.] For the rate period beginning January 1, 1992, and ending September 30, 1993, the commissioner shall add the appropriate salary adjustment cost per diem calculated in paragraphs (a) to (d) to the total operating cost payment rate of each facility. The salary adjustment cost per diem must be determined as follows:

(a) [COMPUTATION AND REVIEW GUIDELINES.] Except as provided in paragraph (c), a state-operated community service, and any facility whose payment rates are governed by closure agreements, receivership agreements, or Minnesota Rules, part 9553.0075, are not eligible for a salary adjustment otherwise granted under this subdivision. For purposes of the salary adjustment per diem computation and reviews in this subdivision, the term "salary adjustment cost" means the facility's allowable program operating cost category employee training expenses, and the facility's allowable salaries, payroll taxes, and fringe benefits. The term does not include these same salary-related costs for both administrative or central office employees.

For the purpose of determining the amount of salary adjustment to be granted under this subdivision, the commissioner must use the reporting year ending December 31, 1990, as the base year for the salary adjustment per diem computation. For the purpose of ~~each year's~~ *both years'* salary adjustment cost review, the commissioner must use the facility's salary adjustment cost for the reporting year ending December 31, 1991, as the base year. If the base year and the reporting ~~year~~ *years* subject to review include salary cost reclassifications made by the department, the commissioner must reconcile those differences before completing the salary adjustment per diem review.

(b) [SALARY ADJUSTMENT PER DIEM COMPUTATION.] For the rate period beginning January 1, 1992, each facility shall receive a salary adjustment cost per diem equal to its salary adjustment costs multiplied by 1-1/2 percent, and then divided by the facility's resident days.

(c) [ADJUSTMENTS FOR NEW FACILITIES.] For newly constructed or newly established facilities, except for state-operated community services, whose payment rates are governed by Minnesota Rules, part 9553.0075, if the settle-up cost report includes a reporting year which is subject to review under this subdivision, the commissioner shall adjust the rule provision governing the maximum settle-up payment rate by increasing the .4166 percent for each full month of the settle-up cost report to .7083. For any subsequent rate period which is authorized for salary adjustments under this subdivision, the commissioner shall compute salary adjustment cost per diems by annualizing the salary adjustment costs for the settle-up cost report period and treat that period as the base year for purposes of reviewing salary adjustment cost per diems.

(d) [SALARY ADJUSTMENT PER DIEM REVIEW.] The commissioner shall review the implementation of the salary adjustments on a per diem basis. For reporting years ending December 31, 1992, and December 31, 1993, the commissioner must review and determine the amount of change in salary adjustment costs in ~~each~~ *both* of the above reporting years over the base year *after the reporting year ending December 31, 1993*. ~~In the case of each review,~~ The commissioner must inflate the base year's salary adjustment costs by the cumulative percentage increase granted in paragraph (b), plus three percentage points for each of the two years reviewed. The commissioner must then compare each facility's salary adjustment costs for the reporting year divided by the facility's resident days for ~~that~~ *both* reporting ~~year~~ *years* to the base year's inflated salary adjustment cost divided by the facility's resident days for the base year. If the facility has had a one-time program operating cost adjustment settle-up during any of the reporting years subject to review, the commissioner must remove the per diem effect of the one-time program adjustment before completing the review and per diem comparison.

The review and per diem comparison must be done by the commissioner ~~each year following~~ *after* the reporting ~~years subject to review~~ *year ending December 31, 1993*. If the salary adjustment cost per diem for the reporting ~~year~~ *years* being reviewed is less than the base year's inflated salary adjustment cost per diem, the commissioner must recover the difference within 120 days after the date of written notice. The amount of the recovery shall be equal to the per diem difference multiplied by the facility's resident days in the reporting ~~year~~ *years* being reviewed. Written notice of the amount subject to recovery must be given by the commissioner following ~~each~~ *both* reporting ~~year~~ *years* reviewed. Interest charges must be assessed by the commissioner after the 120th day of that notice at the same interest rate the commissioner assesses for other balance outstanding.

Sec. 113. Minnesota Statutes 1992, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) For a person who is eligible under subdivision 3, paragraph (a), clause (3), general assistance medical care covers:

(1) inpatient hospital services;

(2) outpatient hospital services;

(3) services provided by Medicare certified rehabilitation agencies;

(4) prescription drugs and other products recommended through the process established in section 256B.0625, subdivision 13;

(5) equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level;

(6) eyeglasses and eye examinations provided by a physician or optometrist;

(7) hearing aids;

(8) prosthetic devices;

(9) laboratory and X-ray services;

(10) physician's services;

(11) medical transportation;

(12) chiropractic services as covered under the medical assistance program;

(13) podiatric services;

(14) dental services;

(15) outpatient services provided by a mental health center or clinic that is under contract with the county board and is established under section 245.62;

(16) day treatment services for mental illness provided under contract with the county board;

(17) prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization;

(18) case management services for a person with serious and persistent mental illness who would be eligible for medical assistance except that the person resides in an institution for mental diseases;

(19) psychological services, medical supplies and equipment, and Medicare premiums, coinsurance and deductible payments; ~~and~~

(20) medical equipment not specifically listed in this paragraph when the use of the equipment will prevent the need for costlier services that are reimbursable under this subdivision*; and*

(21) services performed by a certified pediatric nurse practitioner, a certified family nurse practitioner, a certified adult nurse practitioner, a certified obstetric/gynecological nurse practitioner, or a certified geriatric nurse practitioner in independent practice, if the services are otherwise covered under this chapter as a physician service, and if the service is within the scope of practice of the nurse practitioner's license as a registered nurse, as defined in section 148.171.

(b) For a recipient who is eligible under subdivision 3, paragraph (a), clause (1) or (2), general assistance medical care covers the services listed in paragraph (a) with the exception of special transportation services.

(c) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For payments made during fiscal year 1990 and later years, the commissioner shall consult with an independent

actuary in establishing prepayment rates, but shall retain final control over the rate methodology.

(d) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986, to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987, to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987, to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988, to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(e) Any county may, from its own resources, provide medical payments for which state payments are not made.

(f) Chemical dependency services that are reimbursed under chapter 254B must not be reimbursed under general assistance medical care.

(g) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

(h) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

Sec. 114. Minnesota Statutes 1992, section 256D.03, subdivision 8, is amended to read:

Subd. 8. [PRIVATE INSURANCE POLICIES.] (a) Private accident and health care coverage for medical services is primary coverage and must be exhausted before general assistance medical care is paid. When a person who is otherwise eligible for general assistance medical care has private accident or health care coverage, including a prepaid health plan, the private health care benefits available to the person must be used first and to the fullest extent. ~~Supplemental payment may be made by general assistance medical care, but the combined total amount paid must not exceed the amount payable under general assistance medical care in the absence of other coverage. General assistance medical care must not make supplemental payment for covered services rendered by a vendor who participates or contracts with any health coverage plan if the plan requires the vendor to accept the plan's payment as payment in full.~~ *General assistance medical care payment will not be made when either covered charges are paid in full by a third party or the provider has an agreement to accept payment for less than charges as payment in full. Payment for patients that are simultaneously covered by general assistance medical care and a liable third party other than Medicare will be determined as the lesser of clauses (1) to (3):*

(1) the patient liability according to the provider/insurer agreement;

(2) covered charges minus the third party payment amount; or

(3) the general assistance medical care rate minus the third party payment amount.

A negative difference will not be implemented.

(b) When a parent or a person with an obligation of support has enrolled in a prepaid health care plan under section 518.171, subdivision 1, the commissioner of human services shall limit the recipient of general assistance medical care to the benefits payable under that prepaid health care plan to the extent that services available under general assistance medical care are also available under the prepaid health care plan.

(c) Upon furnishing general assistance medical care or general assistance to any person having private accident or health care coverage, or having a cause of action arising out of an occurrence that necessitated the payment of assistance, the state agency shall be subrogated, to the extent of the cost of medical care, subsistence, or other payments furnished, to any rights the person may have under the terms of the coverage or under the cause of action.

This right of subrogation includes all portions of the cause of action, notwithstanding any settlement allocation or apportionment that purports to dispose of portions of the cause of action not subject to subrogation.

(d) To recover under this section, the attorney general or the appropriate county attorney, acting upon direction from the attorney general, may institute or join a civil action to enforce the subrogation rights established under this section.

(e) The state agency must be given notice of monetary claims against a person, firm, or corporation that may be liable in damages, or otherwise obligated to pay part or all of the costs related to an injury when the state agency has paid or become liable for the cost of care or payments related to the injury. Notice must be given as follows:

(i) Applicants for general assistance or general assistance medical care shall notify the state or county agency of any possible claims when they submit the application. Recipients of general assistance or general assistance medical care shall notify the state or county agency of any possible claims when those claims arise.

(ii) A person providing medical care services to a recipient of general assistance medical care shall notify the state agency when the person has reason to believe that a third party may be liable for payment of the cost of medical care.

(iii) A person who is party to a claim upon which the state agency may be entitled to subrogation under this section shall notify the state agency of its potential subrogation claim before filing a claim, commencing an action, or negotiating a settlement. *A person who is a party to a claim includes the plaintiff, the defendants, and any other party to the cause of action.*

Notice given to the county agency is not sufficient to meet the requirements of paragraphs (b) and (c).

(f) Upon any judgment, award, or settlement of a cause of action, or any part of it, upon which the state agency has a subrogation right, including compensation for liquidated, unliquidated, or other damages, reasonable costs of collection, including attorney fees, must be deducted first. The full amount of general assistance or general assistance medical care paid to or on behalf of the person as a result of the injury must be deducted next and paid to the state agency. The rest must be paid to the public assistance recipient or other plaintiff. The plaintiff, however, must receive at least one-third of the net recovery after attorney fees and collection costs.

Sec. 115. Minnesota Statutes 1992, section 259.431, subdivision 5, is amended to read:

Subd. 5. [MEDICAL ASSISTANCE; DUTIES OF THE COMMISSIONER OF HUMAN SERVICES.] The commissioner of human services shall:

(a) Issue a medical assistance identification card to any child with special needs *who is title IV-E eligible, or who is not title IV-E eligible but was determined by another state to have a special need for medical or rehabilitative care, and* who is a resident in this state and *is* the subject of an adoption assistance agreement with another state when a certified copy of the adoption assistance agreement obtained from the adoption assistance state has been filed with the commissioner. The adoptive parents shall be required at least annually to show that the agreement is still in force or has been renewed.

(b) Consider the holder of a medical assistance identification card under this subdivision as any other recipient of medical assistance under chapter 256B; process and make payment on claims for the recipient in the same manner as for other recipients of medical assistance.

(c) Provide coverage and benefits for a child *who is title IV-E eligible or who is not title IV-E eligible but was determined to have a special need for medical or rehabilitative care and* who is in another state and who is covered by an adoption assistance agreement made by the commissioner for the coverage or benefits, if any, which is not provided by the resident state. The adoptive parents acting for the child may submit evidence of payment for services or benefit amounts not payable in the resident state and shall be reimbursed. However, there shall be no reimbursement for services or benefit amounts covered under any insurance or other third party medical contract or arrangement held by the child or the adoptive parents.

(d) Publish emergency and permanent rules implementing this subdivision. Such rules shall include procedures to be followed in obtaining prior approvals for services which are required for the assistance.

Sec. 116. Minnesota Statutes 1992, section 393.07, subdivision 3, is amended to read:

Subd. 3. [FEDERAL SOCIAL SECURITY.] The county welfare board shall be charged with the duties of administration of all forms of public assistance and public child welfare or other programs within the purview of the federal Social Security Act, other than public health nursing and home health services, and which now are, or hereafter may be, imposed on the commissioner of human services by law, of both children and adults. The duties of such county welfare board shall be performed in accordance with the standards and rules which may be promulgated by the commissioner of human services in order to achieve the purposes of the law and to comply with the requirements of the federal Social Security Act needed to qualify the state to obtain grants-in-aid available under that act. Notwithstanding the provisions of any other law to the contrary, the welfare board ~~may~~ *shall* delegate to the director the authority to determine eligibility and disburse funds without first securing board action, provided that the director shall present to the board, at the next scheduled meeting, any such action taken for ratification by the board.

Sec. 117. [514.980] [MEDICAL ASSISTANCE LIENS; DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] *The definitions in this section apply to sections 514.980 to 514.985.*

Subd. 2. [MEDICAL ASSISTANCE AGENCY OR AGENCY.] *"Medical assistance agency" or "agency" means the state or any county medical assistance agency that provides a medical assistance benefit.*

Subd. 3. [MEDICAL ASSISTANCE BENEFIT.] *"Medical assistance benefit" means a benefit provided under chapter 256B to a person while in a medical institution. A "medical institution" is defined as a nursing facility, intermediate care facility for persons with mental retardation, or inpatient hospital.*

Sec. 118. [514.981] [MEDICAL ASSISTANCE LIEN.]

Subdivision 1. [PROPERTY SUBJECT TO LIEN; LIEN AMOUNT.] *(a) Subject to sections 514.980 to 514.985, payments made by a medical assistance agency to provide medical assistance benefits to a medical assistance recipient who owns property in this state or to the recipient's spouse constitute a lien in favor of the agency upon all real property that is owned by the medical assistance recipient on or after the time when the recipient is institutionalized.*

(b) The amount of the lien is limited to the same extent as a claim against the estate under section 256B.15, subdivision 2.

Subd. 2. [ATTACHMENT.] *(a) A medical assistance lien attaches and becomes enforceable against specific real property as of the date when the following conditions are met:*

(1) payments have been made by an agency for a medical assistance benefit;

(2) notice and an opportunity for a hearing have been provided under paragraph (b);

(3) a lien notice has been filed as provided in section 514.982;

(4) if the property is registered property, the lien notice has been memorialized on the certificate of title of the property affected by the lien notice; and

(5) all restrictions against enforcement have ceased to apply.

(b) An agency may not file a medical assistance lien notice until the medical assistance recipient and the recipient's spouse or their legal representatives have been sent, by certified or registered mail, written notice of the agency's lien rights and there has been an opportunity for a hearing under section 256.045. In addition, the agency may not file a lien notice unless the agency determines as medically verified by the recipient's attending physician that the medical assistance recipient cannot reasonably be expected to be discharged from a medical institution and return home.

(c) An agency may not file a medical assistance lien notice against real property while it is the home of the recipient's spouse.

(d) An agency may not file a medical assistance lien notice against real property that was the homestead of the medical assistance recipient or the recipient's spouse when the medical assistance recipient received medical institution services if any of the following persons are lawfully residing in the property:

(1) a child of the medical assistance recipient if the child is under age 21 or is blind or permanently and totally disabled according to the supplemental security income criteria;

(2) a child of the medical assistance recipient if the child resided in the homestead for at least two years immediately before the date the medical assistance recipient received medical institution services, and the child provided care to the medical assistance recipient that permitted the recipient to live without medical institution services; or

(3) a sibling of the medical assistance recipient if the sibling has an equity interest in the property and has resided in the property for at least one year immediately before the date the medical assistance recipient began receiving medical institution services.

(e) A medical assistance lien applies only to the specific real property described in the lien notice.

Subd. 3. [CONTINUATION OF LIEN NOTICE AND LIEN.] *A medical assistance lien notice remains effective from the time it is filed until it can be disregarded under sections 514.980 to 514.985. A medical assistance lien that has attached to specific real property continues until the lien is satisfied, becomes unenforceable under subdivision 6, or is released and discharged under subdivision 5.*

Subd. 4. [LIEN PRIORITY.] *A medical assistance lien that attaches to specific real property is subject to the rights of any other person whose interest in the real property is perfected before a lien notice has been filed under section 514.982, including:*

(a) an owner, other than the recipient or recipient's spouse;

(b) a purchaser;

(c) a holder of a mortgage or security interest; or

(d) a judgment lien creditor.

The rights of the other person have the same protections against a medical assistance lien as are afforded against a judgment lien that arises out of an unsecured obligation and that arises as of the time of the filing of the medical assistance lien notice under section 514.982. A medical assistance lien is inferior to a lien for taxes or special assessments or other lien that would be superior to the perfected lien of a judgment creditor.

Subd. 5. [RELEASE.] *(a) An agency that files a medical assistance lien notice shall release and discharge the lien in full if:*

(1) the medical assistance recipient is discharged from the medical institution and returns home;

(2) the medical assistance lien is satisfied;

(3) the agency has received reimbursement for the amount secured by the lien or a legally enforceable agreement has been executed providing for reimbursement of the agency for that amount; or

(4) the medical assistance recipient, if single, or the recipient's surviving spouse, has died, and a claim may not be filed against the estate of the decedent under section 256B.15, subdivision 3.

(b) Upon request, the agency that files a medical assistance lien notice shall release a specific parcel of real property from the lien if:

(1) the property is or was the homestead of the recipient's spouse during the time of the medical assistance recipient's institutionalization, or the property is or was attributed to the spouse under section 256B.059, subdivision 3 or 4, and the spouse is not receiving medical assistance benefits;

(2) the property would be exempt from a claim against the estate under section 256B.15, subdivision 4;

(3) the agency receives reimbursement, or other collateral sufficient to secure payment of reimbursement, in an amount equal to the lesser of the amount secured by the lien, or the amount the agency would be allowed to recover upon enforcement of the lien against the specific parcel of property if the agency attempted to enforce the lien on the date of the request to release the lien; or

(4) the medical assistance lien cannot lawfully be enforced against the property because of an error, omission, or other material defect in procedure, description, identity, timing, or other prerequisite to enforcement.

(c) The agency that files a medical assistance lien notice may release the lien if the attachment or enforcement of the lien is determined by the agency to be contrary to the public interest.

(d) The agency that files a medical assistance lien notice shall execute the release of the lien and file the release as provided in section 514.982, subdivision 2.

Subd. 6. [TIME LIMITS; CLAIM LIMITS.] *(a) A medical assistance lien is not enforceable against specific real property if any of the following occurs:*

(1) the lien is not satisfied or proceedings are not lawfully commenced to foreclose the lien within 18 months of the agency's receipt of notice of the death of the medical assistance recipient or the death of the surviving spouse, whichever occurs later; or

(2) the lien is not satisfied or proceedings are not lawfully commenced to foreclose the lien within three years of the death of the medical assistance recipient or the death of the surviving spouse, whichever occurs later. This limitation is tolled during any period when the provisions of section 514.983, subdivision 2, apply to delay enforcement of the lien.

(b) A medical assistance lien is not enforceable against the real property of an estate to the extent there is a determination by a court of competent jurisdiction, or by an officer of the court designated for that purpose, that there are insufficient assets in the estate to satisfy the agency's medical assistance lien in whole or in part in accordance with the priority of claims established by chapters 256B and 524. The agency's lien remains enforceable to the extent that assets are available to satisfy the agency's lien, subject to the priority of other claims, and to the extent that the agency's claim is allowed against the estate under chapters 256B and 524.

Sec. 119. [514.982] [MEDICAL ASSISTANCE LIEN NOTICE.]

Subdivision 1. [CONTENTS.] *A medical assistance lien notice must be dated and must contain:*

(1) the full name, last known address, and social security number of the medical assistance recipient and the full name, address, and social security number of the recipient's spouse;

(2) a statement that medical assistance payments have been made to or for the benefit of the medical assistance recipient named in the notice, specifying the first date of eligibility for benefits;

(3) a statement that all interests in real property owned by the persons named in the notice may be subject to or affected by the rights of the agency to be reimbursed for medical assistance benefits; and

(4) the legal description of the real property upon which the lien attaches, and whether the property is registered property.

Subd. 2. [FILING.] *Any notice, release, or other document required to be filed under sections 514.980 to 514.985 must be filed in the office of the county recorder or registrar of titles, as appropriate, in the county where the real property is located. Notwithstanding section 386.77, the agency shall pay the applicable filing fee for any document filed under sections 514.980 to 514.985. The commissioner of human services shall reimburse the county agency for filing fees paid under this section. An attestation, certification, or acknowledgment is not required as a condition of filing. Upon filing of a medical assistance lien notice, the registrar of titles shall record it on the certificate of title of each parcel of property described in the lien notice. The county recorder of each county shall establish an index of medical assistance lien notices, other than those that affect only registered property, showing the names of all persons named in the medical assistance lien notices filed in the county, arranged alphabetically. The index must be combined with the index of state tax lien notices. The filing or mailing of any notice, release, or other document under sections 514.980 to 514.985 is the responsibility of the agency. The agency shall send a copy of the medical assistance lien notice by registered or certified mail to each record owner and mortgagee of the real property.*

Sec. 120. [514.983] [LIEN ENFORCEMENT; LIMITATION.]

Subdivision 1. [FORECLOSURE PROCEDURE.] *Subject to subdivision 2, a medical assistance lien may be enforced by the agency that filed it by foreclosure in the manner provided for foreclosure of a judgment lien under chapter 550.*

Subd. 2. [HOMESTEAD PROPERTY.] *(a) A medical assistance lien may not be enforced against homestead property of the medical assistance recipient or the spouse while it remains the lawful residence of the medical assistance recipient's spouse.*

(b) A medical assistance lien remains enforceable as provided in sections 514.980 to 514.985, notwithstanding any law limiting the enforceability of a judgment.

Sec. 121. [514.984] [LIEN DOES NOT AFFECT OTHER REMEDIES.]

Sections 514.980 to 514.985 do not limit the right of an agency to file a claim against the estate of a medical assistance recipient or the estate of the spouse or limit any other claim for reimbursement of agency expenses or the availability of any other remedy provided to the agency.

Sec. 122. [514.985] [AMOUNTS RECEIVED TO SATISFY LIEN.]

Amounts received by the state to satisfy a medical assistance lien filed by the state must be deposited in the state treasury and credited to the fund from which the medical assistance payments were made. Amounts received by a

county medical assistance agency to satisfy a medical assistance lien filed by the county medical assistance agency must be deposited in the county treasury and credited to the fund from which the medical assistance payments were made.

If the rate on any procedure code within these categories is different than the rate that would have been paid under the methodology in Minnesota Statutes, section 256B.74, subdivision 2, then the larger rate shall be paid;

Sec. 6. Minnesota Statutes 1992, section 256.73, subdivision 5, is amended to read:

Subd. 5. [AID FOR ~~UNBORN CHILDREN~~ *PREGNANT WOMEN.*] (a) For the purposes of sections 256.72 to 256.87, assistance payments shall be made ~~during the final three months of pregnancy~~ to a *pregnant* woman ~~who has~~ *with* no other children ~~but who otherwise qualifies for assistance except for medical assistance payments which shall be made at the time that pregnancy is confirmed by a physician if the pregnant woman has no other children and otherwise qualifies for assistance as provided in sections 256B.055 and 256B.056~~ *who are receiving assistance. It must be medically verified that the unborn child is expected to be born in the month the payment is made or within the three-month period following the month of payment. Eligibility must be determined as if the unborn child had been born and was living with her, considering the needs, income, and resources of all individuals in the filing unit. If eligibility exists for this fictional unit, the pregnant woman is eligible and her payment amount is determined based solely on her needs, income, including deemed income, and resources.* No payments shall be made for the needs of the unborn or for any special needs occasioned by the pregnancy except as provided in ~~clause~~ *paragraph* (b). The commissioner of human services shall promulgate, pursuant to the administrative procedures act, rules to implement this subdivision.

(b) The commissioner may, according to rules, make payments for the purpose of meeting special needs occasioned by or resulting from pregnancy both for a pregnant woman with no other children *receiving assistance* as well as for a pregnant woman receiving assistance as provided in sections 256.72 to 256.87. The special needs payments shall be dependent upon the needs of the pregnant woman and the resources allocated to the county by the commissioner and shall be limited to payments for medically recognized special or supplemental diet needs and the purchase of a crib and necessary clothing for the future needs of the unborn child at birth. ~~The commissioner shall, according to rules, make payments for medically necessary prenatal care of the pregnant woman and the unborn child.~~

Sec. 7. Minnesota Statutes 1992, section 256.73, subdivision 8, is amended to read:

Subd. 8. [RECOVERY OF OVERPAYMENTS.] (a) If an amount of aid to families with dependent children assistance is paid to a recipient in excess of the payment due, it shall be recoverable by the county agency. The agency shall give written notice to the recipient of its intention to recover the overpayment.

(b) When an overpayment occurs, the county agency shall recover the overpayment from a current recipient by reducing the amount of aid payable to the assistance unit of which the recipient is a member for one or more monthly assistance payments until the overpayment is repaid. ~~For any month in which an overpayment must be recovered, recoupment may be made by reducing the grant but only if the reduced assistance payment, together with the assistance unit's total income after deducting work expenses as allowed under section 256.74, subdivision 1, clauses (3) and (4), equals at least 95 percent of the standard of need for the assistance unit, except that if the overpayment is due solely to agency error, this total after deducting allowable work expenses must equal at least 99 percent of the standard of need. Notwithstanding the preceding sentence, beginning on the date on which the commissioner implements a computerized client eligibility and information system in one or more counties,~~ All county agencies in the state shall reduce the assistance payment by three percent of the assistance unit's standard of need or the amount of the monthly payment, whichever is less, for all overpayments whether or not the overpayment is due solely to agency error. *If the overpayment is due solely to having wrongfully obtained assistance, whether based on a court order, the finding of an administrative fraud disqualification hearing or a waiver of such a hearing, or a confession of judgment containing an admission of an intentional program violation, the amount of this reduction shall be ten percent.* In cases when there is both an overpayment and underpayment, the county agency shall offset one against the other in correcting the payment.

(c) Overpayments may also be voluntarily repaid, in part or in full, by the individual, in addition to the above aid reductions, until the total amount of the overpayment is repaid.

(d) The county agency shall make reasonable efforts to recover overpayments to persons no longer on assistance in accordance with standards adopted in rule by the commissioner of human services. The county agency need not attempt to recover overpayments of less than $35 paid to an individual no longer on assistance if the individual does not receive assistance again within

three years, unless the individual has been convicted of fraud under section 256.98.

Sec. 8. [256.734] [WAIVER OF AFDC BARRIERS TO EMPLOYMENT.]

Subdivision 1. [REQUEST.] *(a) The commissioner of human services shall seek from the United States Department of Health and Human Services a waiver of the existing requirements of the AFDC program as described below, in order to eliminate barriers to employment for AFDC recipients.*

(b) The commissioner shall seek a waiver to set the maximum equity value of a licensed motor vehicle which can be excluded as a resource under United States Code, title 42, section 602(a)(7)(B), at $4,500 because of the need of AFDC recipients for reliable transportation to participate in education, work, and training to become economically self-sufficient.

(c) The commissioner shall seek a waiver of the counting of the earned income of dependent children and minor caretakers who are attending school at least half time, in order to encourage them to save at least part of their earnings for future education or employment needs. Savings set aside in a separate account under this paragraph shall be excluded from the AFDC resource limits in Code of Federal Regulations, title 45, section 233.20(a)(3).

Subd. 2. [IMPLEMENTATION.] *If approval from the Department of Health and Human Services indicates that the requested program changes are cost neutral to the federal government and the state, the commissioner shall implement the program changes authorized by this section promptly. If approval indicates that the program changes are not cost neutral, the commissioner shall report the costs to the 1994 legislature and delay implementation until such time as an appropriation to cover additional costs becomes available.*

Subd. 3. [EVALUATION.] *If the federal waiver is granted, the commissioner shall evaluate the program changes according to federal waiver requirements and submit a report to the legislature within a time frame consistent with the evaluation criteria that are established.*

Sec. 9. Minnesota Statutes 1992, section 256.736, subdivision 10, is amended to read:

Subd. 10. [COUNTY DUTIES.] (a) To the extent of available state appropriations, county boards shall:

(1) refer all mandatory and eligible volunteer caretakers ~~required to register~~ *permitted to participate* under subdivision ~~3~~ *3a* to an employment and training service provider for participation in employment and training services;

(2) identify to the employment and training service provider ~~caretakers who fall into the targeted groups~~ *the target group of which the referred caretaker is a member*;

(3) provide all caretakers with an orientation which meets the requirements in subdivisions 10a and 10b;

(4) work with the employment and training service provider to encourage voluntary participation by caretakers in the ~~targeted~~ *target* groups;

(5) work with the employment and training service provider to collect data as required by the commissioner;

(6) to the extent permissible under federal law, require all caretakers coming into the AFDC program to attend orientation;

(7) encourage ~~nontargeted~~ *nontarget* caretakers to develop a plan to obtain self-sufficiency;

(8) notify the commissioner of the caretakers required to participate in employment and training services;

(9) inform appropriate caretakers of opportunities available through the head start program and encourage caretakers to have their children screened for enrollment in the program where appropriate;

(10) provide transportation assistance using available funds to caretakers who participate in employment and training programs;

(11) ensure that orientation, job search, services to custodial parents under the age of 20, *educational activities and work experience for AFDC-UP families,* and case management services are made available to appropriate caretakers under this section, except that payment for case management services is governed by subdivision 13;

(12) explain in its local service unit plan under section 268.88 how it will ensure that ~~targeted~~ *target* caretakers determined to be in need of social services are provided with such social services. The plan must specify how the case manager and the county social service workers will ensure delivery of needed services;

(13) to the extent allowed by federal laws and regulations, provide a job search program as defined in subdivision 14 ~~and at least one of the following employment and training services:~~, *a* community work experience program ~~(CWEP)~~ as defined in section 256.737, grant diversion as defined in section 256.739, *and* on-the-job training as defined in section 256.738~~, or~~. *A county may also provide* another work and training program approved by the commissioner and the secretary of the United States Department of Health and Human Services. Planning and approval for employment and training services listed in this clause must be obtained through submission of the local service unit plan as specified under section 268.88. ~~Each county is urged to adopt grant diversion as the second program required under this clause~~ *A county is not required to provide a community work experience program if the county agency is successful in placing at least 40 percent of the monthly average of all caretakers who are subject to the job search requirements of subdivision 14 in grant diversion or on-the-job training program*;

(14) prior to participation, provide an assessment of each AFDC recipient who is required or volunteers to participate in an approved employment and training service. The assessment must include an evaluation of the participant's (i) educational, child care, and other supportive service needs; (ii) skills and prior work experience; and (iii) ability to secure and retain a job which, when wages are added to child support, will support the participant's family. The assessment must also include a review of the results of the early and periodic screening, diagnosis and treatment (EPSDT) screening and preschool screening under chapter 123, if available; the participant's family circumstances; and, in the case of a custodial parent under the age of 18, a review of the effect of a child's development and educational needs on the parent's ability to participate in the program;

(15) develop an employability development plan for each recipient for whom an assessment is required under clause (14) which: (i) reflects the assessment required by clause (14); (ii) takes into consideration the recipient's physical capacity, skills, experience, health and safety, family responsibilities, place of residence, proficiency, child care and other supportive service needs; (iii) is based on available resources and local employment opportunities; (iv) specifies the services to be provided by the employment and training service provider; (v) specifies the activities the recipient will participate in, *including the worksite to which the caretaker will be assigned, if the caretaker is subject to the requirements of section 256.737, subdivision 2*; (vi) specifies necessary supportive services such as child care; (vii) to the extent possible, reflects the preferences of the participant; and (viii) specifies the recipient's long-term employment goal which shall lead to self-sufficiency; ~~and~~

(16) *obtain the written or oral concurrence of the appropriate exclusive bargaining representatives with respect to job duties covered under collective bargaining agreements to* assure that no work assignment under this section or sections 256.737, 256.738, and 256.739 results in: (i) termination, layoff, or reduction of the work hours of an employee for the purpose of hiring an individual under this section or sections 256.737, 256.738, and 256.739; (ii) the hiring of an individual if any other person is on layoff from the same or a substantially equivalent job; (iii) any infringement of the promotional opportunities of any currently employed individual; (iv) the impairment of existing contracts for services or collective bargaining agreements; or (v) except for on-the-job training under section 256.738, a participant filling an established unfilled position vacancy.*; and*

(17) assess each caretaker in an AFDC-UP family who is under age 25, has not completed high school or a high school equivalency program, and who would otherwise be required to participate in a work experience placement under section 256.737 to determine if an appropriate secondary education option is available for the caretaker. If an appropriate secondary education option is determined to be available for the caretaker, the caretaker must, in lieu of participating in work experience, enroll in and meet the educational program's participation and attendance requirements. "Secondary education" for this paragraph means high school education or education designed to prepare a person to qualify for a high school equivalency certificate, basic and remedial education, and English as a second language education. A caretaker required to participate in secondary education who, without good cause, fails to participate shall be subject to the provisions of subdivision 4a and the sanction provisions of subdivision 4, clause (6). For purposes of this clause, "good cause" means the inability to obtain licensed or legal nonlicensed child care services needed to enable the caretaker to attend, inability to obtain transportation needed to attend, illness or incapacity of the caretaker or another member of the household which requires the caretaker to be present in the home, or being employed for more than 30 hours per week.

(b) Funds available under this subdivision may not be used to assist, promote, or deter union organizing.

(c) A county board may provide other employment and training services that it considers necessary to help caretakers obtain self-sufficiency.

(d) Notwithstanding section 256G.07, when a ~~targeted~~ *target* caretaker relocates to another county to implement the provisions of the caretaker's case management contract or other written employability development plan ap-

proved by the county human service agency, its case manager or employment and training service provider, the county that approved the plan is responsible for the costs of case management and other services required to carry out the plan, including employment and training services. The county agency's responsibility for the costs ends when all plan obligations have been met, when the caretaker loses AFDC eligibility for at least 30 days, or when approval of the plan is withdrawn for a reason stated in the plan, whichever occurs first. Responsibility for the costs of child care must be determined under chapter 256H. A county human service agency may pay for the costs of case management, child care, and other services required in an approved employability development plan when the ~~nontargeted~~ *nontarget* caretaker relocates to another county or when a ~~targeted~~ *target* caretaker again becomes eligible for AFDC after having been ineligible for at least 30 days.

Sec. 10. Minnesota Statutes 1992, section 256.736, subdivision 10a, is amended to read:

Subd. 10a. [ORIENTATION.] (a) Each county agency must provide an orientation to all caretakers within its jurisdiction ~~who are determined eligible for AFDC on or after July 1, 1989, and who are required to attend an orientation. The county agency shall require attendance at orientation of all caretakers except~~ *in the time limits described in this paragraph*:

(1) ~~caretakers who are exempt from registration under subdivision 3~~ *within 60 days of being determined eligible for AFDC for caretakers with a continued absence or incapacitated parent basis of eligibility*; ~~and~~ *or*

(2) ~~caretakers who are not~~ *within 30 days of being determined eligible for AFDC for caretakers with an unemployed parent basis of eligibility.*

(b) Caretakers are required to attend an in-person orientation if the caretaker is a member of one of the groups listed in subdivision 3a, paragraph (a), ~~and who are either responsible for the care of an incapacitated person or a dependent child under the age of six or enrolled at least half time in any recognized school, training program, or institution of higher learning~~ *unless the caretaker is exempt from registration under subdivision 3 and the caretaker's exemption basis will not expire within 60 days of being determined eligible for AFDC, or the caretaker is enrolled at least half time in any recognized school, training program, or institution of higher learning and the in-person orientation cannot be scheduled at a time that does not interfere with the caretaker's school or training schedule*. The county agency shall require attendance at orientation of caretakers described in subdivision 3a, paragraph (b) *or (c)*, if ~~they become~~ *the commissioner determines that the groups are* eligible for participation in employment and training services.

~~(b) Except as provided in paragraph (c),~~ *(c)* The orientation must consist of a presentation that informs caretakers of:

(1) the identity, location, and phone numbers of employment and training and support services available in the county;

(2) the types and locations of child care services available through the county agency that are accessible to enable a caretaker to participate in educational programs or employment and training services;

(3) the child care resource and referral program designated by the commissioner providing education and assistance to select child care services

and a referral to the child care resource and referral when assistance is requested;

(4) the obligations of the county agency and service providers under contract to the county agency;

(5) the rights, responsibilities, and obligations of participants;

(6) the grounds for exemption from mandatory employment and training services or educational requirements;

(7) the consequences for failure to participate in mandatory services or requirements;

(8) the method of entering educational programs or employment and training services available through the county;

(9) the availability and the benefits of the early and periodic, screening, diagnosis and treatment (EPSDT) program and preschool screening under chapter 123;

(10) their eligibility for transition year child care assistance when they lose eligibility for AFDC due to their earnings; ~~and~~

(11) their eligibility for extended medical assistance when they lose eligibility for AFDC due to their earnings*; and*

(12) the availability and benefits of the Head Start program.

~~(c)~~ *(d)* Orientation must encourage recipients to view AFDC as a temporary program providing grants and services to individuals who set goals and develop strategies for supporting their families without AFDC assistance. The content of the orientation must not imply that a recipient's eligibility for AFDC is time limited. Orientation may be provided through audio-visual methods, but the caretaker must be given an opportunity for face-to-face interaction with staff of the county agency or the entity providing the orientation, and an opportunity to express the desire to participate in educational programs and employment and training services offered through the county agency.

~~(d)~~ *(e)* County agencies shall not require caretakers to attend orientation for more than three hours during any period of 12 continuous months. The county agency shall also arrange for or provide needed transportation and child care to enable caretakers to attend.

~~(e) Orientation for caretakers not eligible for participation in employment and training services under the provisions of subdivision 3a, paragraphs (a) and (b), shall present information only on those employment, training, and support services available to those caretakers, and information on clauses (2), (3), (9), (10), and (11) of paragraph (a) and all of paragraph (c), and may not last more than two hours.~~ *The county or, under contract, the county's employment and training service provider shall mail written orientation materials containing the information specified in paragraph (c), clauses (1) to (3) and (8) to (12), to each caretaker exempt from attending an in-person orientation or who has good cause for failure to attend after at least two dates for their orientation have been scheduled. The county or the county's employment and training service provider shall follow up with a phone call or in writing within two weeks after mailing the material.*

(f) Persons required to attend orientation must be informed of the penalties for failure to attend orientation, support services to enable the person to attend, what constitutes good cause for failure to attend, and rights to appeal. Persons required to attend orientation must be offered a choice of at least two dates for their first scheduled orientation. No person may be sanctioned for failure to attend orientation until after a second failure to attend.

(g) Good cause for failure to attend an in-person orientation exists when a caretaker cannot attend because of:

(1) temporary illness or injury of the caretaker or of a member of the caretaker's family that prevents the caretaker from attending an orientation during the hours when the orientation is offered;

(2) a judicial proceeding that requires the caretaker's presence in court during the hours when orientation is scheduled; or

(3) a nonmedical emergency that prevents the caretaker from attending an orientation during the hours when orientation is offered. "Emergency" for the purposes of this paragraph means a sudden, unexpected occurrence or situation of a serious or urgent nature that requires immediate action.

(h) Caretakers must receive a second orientation only when:

(1) there has been a 30-day break in AFDC eligibility; and

(2) the caretaker has not attended an orientation within the previous 12-month period, excluding the month of reapplication for AFDC.

Sec. 11. Minnesota Statutes 1992, section 256.736, subdivision 14, is amended to read:

Subd. 14. [JOB SEARCH.] (a) ~~The commissioner of human services shall~~ *Each county agency must* establish *and operate* a job search program *as provided* under ~~Public Law Number 100-485~~ *this section*. Unless exempt, the principal wage earner in an AFDC-UP assistance unit must be referred to *and begin participation in* the job search program within 30 days of being determined eligible for AFDC~~, and must begin participation within four months of being determined eligible~~. *If the principal wage earner is exempt from participation in job search, the other caretaker must be referred to and begin participation in the job search program within 30 days of being determined eligible for AFDC.* The principal wage earner *or the other caretaker* is exempt from job search participation if:

(1) ~~the caretaker is already participating in another approved employment and training service;~~

~~(2) the caretaker's employability plan specifies other activities;~~

~~(3)~~ the caretaker is exempt from registration under subdivision 3; or

~~(4) the caretaker is unable to secure employment due to inability to communicate in the English language, is participating in an English as a second language course, and is making satisfactory progress towards completion of the course. If an English as a second language course is not available to the caretaker, the caretaker is exempt from participation until a course becomes available~~ *(2) the caretaker is under age 25, has not completed a high school diploma or an equivalent program, and is participating in a secondary education program as defined in subdivision 10, paragraph (a),*

clause (17), which is approved by the employment and training service provider in the employability development plan.

(b) The job search program must provide ~~the following services:~~

~~(1) an initial period of up to~~ four *consecutive* weeks of job search activities for *no less than 20 hours per week but* not more than 32 hours per week. The employment and training service provider shall specify for each participating caretaker the number of weeks and hours of job search to be conducted and shall report to the county ~~board~~ *agency* if the caretaker fails to cooperate with the job search requirement~~; and~~

~~(2) an additional period of job search following the first period at the discretion of the employment and training service provider. The total of these two periods of job search may not exceed eight weeks for any 12 consecutive month period beginning with the month of application~~.

(c) The job search program may provide services to non-AFDC-UP caretakers.

(d) After completion of job search requirements in this section, nonexempt caretakers shall be placed in and must participate in and cooperate with the work experience program under section 256.737, the on-the-job training program under section 256.738, or the grant diversion program under section 256.739. Caretakers must be offered placement in a grant diversion or on-the-job training program, if either such employment is available, before being required to participate in a community work experience program under section 256.737.

Sec. 12. Minnesota Statutes 1992, section 256.736, subdivision 16, is amended to read:

Money appropriated for employment and training services as described in subdivision 1a, paragraph (d), other than case management services, must be allocated to counties as follows:

(1) Forty percent of the state money must be allocated based on the average number of cases receiving AFDC in the county which either have been open for 36 or more consecutive months or have a caretaker who is under age 24

and who has no high school or general equivalency diploma. The average number of cases must be based on counts of these cases as of March 31, June 30, September 30, and December 31 of the previous year.

(2) Twenty percent of the state money must be allocated based on the average number of cases receiving AFDC in the county which are not counted under clause (1). The average number of cases must be based on counts of cases as of March 31, June 30, September 30, and December 31 of the previous year.

(3) Twenty-five percent of the state money must be allocated based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending December 31 of the previous year.

(d) No more than 15 percent of the money allocated under paragraph (b) and no more than 15 percent of the money allocated under paragraph (c) may be used for administrative activities.

(e) At least 55 percent of the money allocated to counties under paragraph (c) must be used for employment and training services for caretakers in the ~~targeted~~ *target* groups, and up to 45 percent of the money may be used for employment and training services for ~~nontargeted~~ *nontarget* caretakers. The commissioner of human services shall bill the United States Department of Health and Human Services and the United States Department of Agriculture for the reimbursement and appropriate the reimbursed money to the county, the department of jobs and training, or employment and training service provider that submitted the original bill. The reimbursed money must be used to expand employment and training services.

(h) The commissioner of human services shall review county expenditures of case management and employment and training block grant money at the end of the ~~fourth~~ *third* quarter of the biennium and each quarter after that, and may reallocate unencumbered or unexpended money allocated under this section to those counties that can demonstrate a need for additional money. Reallocation of funds must be based on the formula set forth in paragraph (a), excluding the counties that have not demonstrated a need for additional funds.

(i) The county agency may continue to provide case management and supportive services to a participant for up to 90 days after the participant loses AFDC eligibility and may continue providing a specific employment and training service for the duration of that service to a participant if funds for the service are obligated or expended prior to the participant losing AFDC eligibility.

(j) One hundred percent of the money appropriated for an unemployed parent work experience program under section 256.737 must be allocated to counties based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending December 31 of the previous year.

Sec. 13. Minnesota Statutes 1992, section 256.736, is amended by adding a subdivision to read:

The evaluation period shall coincide with the demonstration authorized in section 256.031, subdivision 3.*

Sec. 14. [256.7366] [FEDERAL WAIVER.]

The commissioner of human services shall make changes in the state plan and seek waivers or demonstration authority needed to minimize the barriers to effective and efficient use of grant diversion under section 256.739 as a method of placing AFDC recipients in suitable employment. The commissioner shall implement the federally approved changes as soon as possible.

Sec. 15. Minnesota Statutes 1992, section 256.737, subdivision 1, is amended to read:

The commissioner may establish additional community work experience programs in as many counties as necessary to comply with the participation requirements of the Family Support Act of 1988, Public Law Number 100-485. Programs established on or after July 1, 1989, must be operated on a volunteer basis and must be operated according to the Family Support Act of 1988, Public Law Number 100-485.~~ *To the degree required by federal law or regulation, each county agency must establish and operate a community work experience program to assist nonexempt caretakers in AFDC-UP households achieve self-sufficiency by enhancing their employability through participation in meaningful work experience and training, the development of job search skills and the development of marketable job skills. (2) ~~basic educational or vocational or occupational training for an identifiable job opportunity~~ *for placement in suitable employment through participation in on-the-job training under section 256.738 or grant diversion under section 256.739, if such employment is available.*

(c) A ~~recipient who has completed a~~ *caretaker referred to* job search under section 256.736, subdivision 14, *and* who ~~is unable~~ *has failed* to secure suitable employment~~, and who is not enrolled in an approved training program may~~ *must* participate in a community work experience program.

(d) The county agency shall limit the maximum number of hours any participant under this section may work in any month to:

(1) for counties operating an approved mandatory community work experience program as of January 1, 1993, who elect this method for countywide operations, a number equal to the amount of the aid to families with dependent children payable to the family divided by the greater of the federal minimum wage or the applicable state minimum wage*; or*

(2) for all other counties, a caretaker must participate in any week 20 hours with no less than 16 hours spent participating in a work experience placement and no more than four of the hours spent in alternate activities as described in the caretaker's employability development plan. Placement in a work experience worksite must be based on the assessment required under section 256.736 and the caretaker's employability development plan. Caretakers participating under this clause may be allowed excused absences from the assigned job site of up to eight hours per month. For the purposes of this clause, "excused absence" means absence due to temporary illness or injury of the caretaker or a member of the caretaker's family, the unavailability of licensed child care or transportation needed to participate in the work experience placement, a job interview, or a nonmedical emergency. For purposes of this clause, "emergency" has the meaning given it in section 256.736, subdivision 10a, paragraph (g).

(e) After a participant has been assigned to a position under ~~this section~~ *paragraph (d), clause (1),* for nine months, the participant may not continue in that assignment unless the maximum number of hours a participant works is no greater than the amount of the aid to families with dependent children payable with respect to the family divided by the higher of (1) the federal minimum wage or the applicable state minimum wage, whichever is greater, or (2) the rate of pay for individuals employed in the same or similar occupations by the same employer at the same site.

(f) After each six months of a recipient's participation in an assignment, and at the conclusion of each assignment under this section, the county agency shall reassess and revise, as appropriate, each participant's employability development plan.

(g) Structured, supervised volunteer work with an agency or organization which is monitored by the county service provider may, with the approval of the commissioner of jobs and training, be used as a work experience placement.

Sec. 18. Minnesota Statutes 1992, section 256.737, is amended by adding a subdivision to read:

Subd. 3. [EXEMPTIONS.] *A caretaker is exempt from participation in a work experience placement under this section if the caretaker is exempt from participation in job search under section 256.736, subdivision 14, or the caretaker is suitably employed in a grant diversion or an on-the-job training placement. Caretakers who, as of October 1, 1993, are participating in an education or training activity approved under a Project STRIDE employability development plan are exempt from participation in a work experience placement until July 1, 1994.*

Sec. 19. Minnesota Statutes 1992, section 256.737, is amended by adding a subdivision to read:

Subd. 4. [GOOD CAUSE.] *A caretaker shall have good cause for failure to cooperate if:*

(1) the worksite participation adversely affects the caretaker's physical or mental health as verified by a physician, licensed or certified psychologist, physical therapist, vocational expert, or by other sound medical evidence; or

(2) the caretaker does not possess the skill or knowledge required for the work.

Sec. 20. Minnesota Statutes 1992, section 256.737, is amended by adding a subdivision to read:

Subd. 5. [FAILURE TO COMPLY.] *A caretaker required to participate under this section who has failed without good cause to participate shall be provided with notices, appeal opportunities, and offered a conciliation conference under the provisions of section 256.736, subdivision 4a, and shall be subject to the sanction provisions of section 256.736, subdivision 4, clause (6).*

Sec. 21. Minnesota Statutes 1992, section 256.737, is amended by adding a subdivision to read:

Subd. 6. [FEDERAL REQUIREMENTS.] *If the Family Support Act of 1988, Public Law Number 100-485, is revised or if federal implementation of that law is revised so that Minnesota is no longer obligated to operate a mandatory work experience program for AFDC-UP families, the commissioner shall operate the work experience program under this section as a volunteer program, and shall utilize the funding authorized for work experience to improve and expand the availability of other employment and training services authorized under this section.*

Sec. 22. Minnesota Statutes 1992, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an ~~assistance unit~~ *AFDC family* must be budgeted in the normal retrospective cycle. ~~The number of months of ineligibility is determined by dividing the amount of the lump sum income and all other~~ *When the family's* income, after application of the applicable disregards, ~~by~~ *exceeds* the ~~standard of~~ need *standard* for the ~~assistance unit~~ *family because of receipt of earned or unearned lump sum income, the family will be ineligible for the full number of months derived by dividing the sum of the lump sum income and other income by the monthly need standard for a family of that size.* ~~An amount~~ *Any income* remaining ~~after~~ *from* this calculation is income in the first month *following the period* of ~~eligibility~~ *ineligibility*. ~~If the total monthly income including the lump sum income is larger than the standard of need for a single month~~ The first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. *For purposes of applying the lump sum provision, family includes those persons defined in the Code of Federal Regulations, title 45, section*

233.20(a)(3)(ii)(F). A period of ineligibility must be shortened when the standard of need increases and the amount the family would have received also changes, an amount is documented as stolen, an amount is unavailable because a member of the family left the household with that amount and has not returned, an amount is paid by the family during the period of ineligibility to cover a cost that would otherwise qualify for emergency assistance, or the family incurs and pays for medical expenses which would have been covered by medical assistance if eligibility existed. In making its determination the county agency shall disregard the following from family income: /

(1) *all the earned income of each dependent child applying for AFDC if the child is a full-time student and* all of the earned income of each dependent child receiving ~~aid to families with dependent children~~ *AFDC* who is a full-time student or *is a* part-time student~~, and~~ *who is* not a full-time employee~~,~~. *A student is one who is* attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment ~~as well as~~ *and includes a participant in the Job Corps program under the Job Training Partnership Act (JTPA). The county agency shall also disregard* all ~~the earned~~ income ~~derived from the job training and partnership act (JTPA) for a~~ *of each* dependent child ~~for~~ *applying for or receiving AFDC when the income is derived from a program carried out under JTPA, except that disregard of earned income may not exceed* six ~~calendar~~ months per *calendar* year~~, together with unearned income derived from the job training and partnership act~~;

(2) all educational grants and loans;

(3) the first $90 of each individual's earned income. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) thirty dollars plus one-third of each individual's earned income for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has: (a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; (b) refused without good cause to accept an offer of suitable employment; (c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregard; or (d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services. Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment. The disregard of $30 and one-third of earned income in this clause shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of subclauses (a) to (d) shall be considered as one of the four months. An

additional $30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined $30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards under this clause, the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

(5) an amount equal to the actual expenditures for the care of each dependent child or incapacitated individual living in the same home and receiving aid, not to exceed: (a) $175 for each individual age two and older, and $200 for each individual under the age of two~~, when the family member whose needs are included in the eligibility determination is employed for 30 or more hours per week; or (b) $174 for each individual age two or older, and $199 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is not employed throughout the month or when employment is less than 30 hours per week~~. The dependent care disregard must be applied after all other disregards under this subdivision have been applied;

(6) the first $50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit. The first $50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit must be paid to the assistance unit within 15 days after the end of the month in which the collection of the periodic support payments occurred and must be disregarded when determining the amount of assistance. A review of a payment decision under this clause must be requested within 30 days after receiving the notice of collection of assigned support or within 90 days after receiving the notice if good cause can be shown for not making the request within the 30-day limit;

(7) that portion of an insurance settlement earmarked and used to pay medical expenses, funeral and burial costs, or to repair or replace insured property; and

(8) all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments by an employer.

All payments made pursuant to a court order for the support of children not living in the assistance unit's household shall be disregarded from the income of the person with the legal obligation to pay support, provided that, if there has been a change in the financial circumstances of the person with the legal obligation to pay support since the support order was entered, the person with the legal obligation to pay support has petitioned for a modification of the support order.

Sec. 23. Minnesota Statutes 1992, section 256.78, is amended to read:

256.78 [ASSISTANCE GRANTS RECONSIDERED.]

All assistance granted under sections 256.72 to 256.87 shall be reconsidered as frequently as may be required by the rules of the state agency. After such further investigation as the county agency may deem necessary or the

state agency may require, the amount of assistance may be changed or assistance may be entirely withdrawn if the state or county agency find that the child's circumstances have altered sufficiently to warrant such action. ~~The period of ineligibility for AFDC which results when an assistance unit receives lump sum income must be reduced when:~~

~~(1) the assistance unit's standard of need increases due to changes in state law or due to changes in the size or composition of the assistance unit, so that the amount of aid the assistance unit would have received would have increased had it not become ineligible;~~

~~(2) the lump sum income, or a portion of it becomes unavailable to the assistance unit due to expenditures to avoid a life-threatening circumstance, theft, or dissipation which is beyond the family's control by a member of the family who is no longer part of the assistance unit when the lump sum income is not used to meet the needs of members of the assistance unit; or~~

~~(3) the assistance unit incurs and pays medical expenses for care and services specified in sections 256B.02, subdivision 8, and 256B.0625.~~

The county agency may for cause at any time revoke, modify, or suspend any order for assistance previously made. When assistance is thus revoked, modified, or suspended the county agency shall at once report to the state agency such decision together with supporting evidence required by the rules of the state agency. All such decisions shall be subject to appeal and review by the state agency as provided in section 256.045.

Sec. 24. Minnesota Statutes 1992, section 256.983, subdivision 3, is amended to read:

Subd. 3. [DEPARTMENT RESPONSIBILITIES.] The commissioner shall establish training programs which shall be attended by all investigative and supervisory staff of the involved county agencies. The commissioner shall also develop the necessary operational guidelines, forms, and reporting mechanisms, which shall be used by the involved county agencies. *An individual's application or redetermination form shall include an authorization for release by the individual to obtain documentation for any information on that form which is involved in a fraud prevention investigation. The authorization for release would be effective until six months after public assistance benefits have ceased.*

Sec. 25. Minnesota Statutes 1992, section 256B.056, subdivision 1a, is amended to read:

Subd. 1a. [INCOME AND ASSETS GENERALLY.] Unless specifically required by state law or rule or federal law or regulation, the methodologies used in counting income and assets to determine eligibility for medical assistance ~~shall be as follows: (a)~~ for persons whose eligibility category is based on blindness, disability, or age of 65 or more years, the methodologies for the supplemental security income program shall be used~~; and (b)~~, *except that payments made pursuant to a court order for the support of children shall be excluded from income in an amount not to exceed the difference between the applicable income standard used in the state's medical assistance program for aged, blind, and disabled persons and the applicable income standard used in the state's medical assistance program for families with children. Exclusion of court-ordered child support payments is subject to the condition that if there has been a change in the financial circumstances of the person*

with the legal obligation to pay support since the support order was entered, the person with the legal obligation to pay support has petitioned for modification of the support order. For families and children, which includes all other eligibility categories, the methodologies for the aid to families with dependent children program under section 256.73 shall be used. For these purposes, a "methodology" does not include an asset or income standard, or accounting method, or method of determining effective dates.

Sec. 26. Minnesota Statutes 1992, section 256D.01, subdivision 1a, is amended to read:

Subd. 1a. [STANDARDS.] (a) A principal objective in providing general assistance is to provide for persons ineligible for federal programs who are unable to provide for themselves. The minimum standard of assistance determines the total amount of the general assistance grant without separate standards for shelter, utilities, or other needs.

(b) The commissioner shall set the standard of assistance for an assistance unit consisting of an adult recipient who is childless and unmarried or living apart from children and spouse and who does not live with a parent or parents or a legal custodian. When the other standards specified in this subdivision increase, this standard must also be increased by the same percentage.

(c) For an assistance unit consisting of a single adult who lives with a parent or parents, the general assistance standard of assistance is the amount that the aid to families with dependent children standard of assistance would increase if the recipient were added as an additional minor child to an assistance unit consisting of the recipient's parent and all of that parent's family members, except that the standard may not exceed the standard for a general assistance recipient living alone. Benefits received by a responsible relative of the assistance unit under the supplemental security income program, a workers' compensation program, the Minnesota supplemental aid program, or any other program based on the responsible relative's disability, and any benefits received by a responsible relative of the assistance unit under the social security retirement program, may not be counted in the determination of eligibility or benefit level for the assistance unit. Except as provided below, the assistance unit is ineligible for general assistance if the available resources or the countable income of the assistance unit and the parent or parents with whom the assistance unit lives are such that a family consisting of the assistance unit's parent or parents, the parent or parents' other family members and the assistance unit as the only or additional minor child would be financially ineligible for general assistance. For the purposes of calculating the countable income of the assistance unit's parent or parents, the calculation methods, income deductions, exclusions, and disregards used when calculating the countable income for a single adult or childless couple must be used.

(d) For an assistance unit consisting of a childless couple, the standards of assistance are the same as the first and second adult standards of the aid to families with dependent children program. If one member of the couple is not included in the general assistance grant, the standard of assistance for the other is the second adult standard of the aid to families with dependent children program.

(e) For an assistance unit consisting of all members of a family, the standards of assistance are the same as the standards of assistance that apply to a family under the aid to families with dependent children program if that family had the same number of parents and children as the assistance unit

under general assistance and if all members of that family were eligible for the aid to families with dependent children program. If one or more members of the family are not included in the assistance unit for general assistance, the standards of assistance for the remaining members are the same as the standards of assistance that apply to an assistance unit composed of the entire family, less the standards of assistance for a family of the same number of parents and children as those members of the family who are not in the assistance unit for general assistance. In no case shall the standard for family members who are in the assistance unit for general assistance, when combined with the standard for family members who are not in the general assistance unit, total more than the standard for the entire family if all members were in an AFDC assistance unit. A child may not be excluded from the assistance unit unless income intended for its benefit is received from a federally aided categorical assistance program or supplemental security income. The income of a child who is excluded from the assistance unit may not be counted in the determination of eligibility or benefit level for the assistance unit.

(f) An assistance unit consisting of one or more members of a family must have its grant determined using the policies and procedures of the aid to families with dependent children program, *except that, until June 30, 1995, in cases where a county agency has developed or approved a case plan that includes reunification with the children, foster care maintenance payments made under state or local law for a child who is temporarily absent from the assistance unit must not be considered income to the child and the payments must not be counted in the determination of the eligibility or benefit level of the assistance unit.* ~~However~~ *Otherwise*, the standard of assistance must be determined according to paragraph (e)~~,~~*;* the first $50 of total child support received by an assistance unit in a month must be excluded and the balance counted as unearned income~~,~~*;* and nonrecurring lump sums received by the family must be considered income in the month received and a resource in the following months.

Sec. 27. Minnesota Statutes 1992, section 256D.02, subdivision 5, is amended to read:

Subd. 5. "Family" means the applicant or recipient and the following persons who reside with the applicant or recipient:

(1) the applicant's spouse;

(2) any minor child of whom the applicant is a parent, stepparent, or legal custodian, and that child's minor siblings, including half-siblings and step-siblings;

(3) the other parent of the applicant's minor child or children together with that parent's minor children, and, if that parent is a minor, his or her parents, stepparents, legal guardians, and minor siblings; and

(4) if the applicant or recipient is a minor, the minor's parents, stepparents, or legal guardians, and any other minor children for whom those parents, stepparents, or legal guardians are financially responsible.

A minor child who is temporarily absent from the applicant's or recipient's home due to placement in foster care paid for from state or local funds, but who is expected to return within six months of the month of departure, is considered to be residing with the applicant or recipient.

A "family" must contain at least one minor child and at least one of that child's natural or adoptive parents, stepparents, or legal custodians.

Sec. 28. Minnesota Statutes 1992, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of $1,000 per assistance unit. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B, with the following exception: the maximum amount of undistributed funds in a trust that could be distributed to or on behalf of the beneficiary by the trustee, assuming the full exercise of the trustee's discretion under the terms of the trust, must be applied toward the asset maximum; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of $30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first $50 of earned income is not allowed; or

(3) who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or

recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

(f)(1) Beginning October 1, 1993, an undocumented alien or a nonimmigrant is ineligible for general assistance medical care other than emergency services. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented alien is an individual who resides in the United States without the approval or acquiescence of the Immigration and Naturalization Service.

(2) This subdivision does not apply to a child under age 18, to a Cuban or Haitian entrant as defined in Public Law Number 96-422, section 501(e)(1) or (2)(a), or to an alien who is aged, blind, or disabled as defined in United States Code, title 42, section 1382c(a)(1).

(3) For purposes of paragraph (f), "emergency services" has the meaning given in Code of Federal Regulations, title 42, section 440.255(b)(1).

Sec. 29. Minnesota Statutes 1992, section 256D.04, is amended to read:

256D.04 [DUTIES OF THE COMMISSIONER.]

In addition to any other duties imposed by law, the commissioner shall:

(1) Supervise according to section 256.01 the administration of general assistance and general assistance medical care by county agencies as provided in sections 256D.01 to 256D.21;

(2) Promulgate uniform rules consistent with law for carrying out and enforcing the provisions of sections 256D.01 to 256D.21, including section 256D.05, subdivision 3, and section 256.01, subdivision 2, paragraph (16), to the end that general assistance may be administered as uniformly as possible throughout the state; rules shall be furnished immediately to all

county agencies and other interested persons; in promulgating rules, the provisions of sections 14.001 to 14.69, shall apply;

(3) Allocate money appropriated for general assistance and general assistance medical care to county agencies as provided in section 256D.03, subdivisions 2 and 3;

(4) Accept and supervise the disbursement of any funds that may be provided by the federal government or from other sources for use in this state for general assistance and general assistance medical care;

(5) Cooperate with other agencies including any agency of the United States or of another state in all matters concerning the powers and duties of the commissioner under sections 256D.01 to 256D.21;

(6) Cooperate to the fullest extent with other public agencies empowered by law to provide vocational training, rehabilitation, or similar services;

(7) Gather and study current information and report at least annually to the governor and legislature on the nature and need for general assistance and general assistance medical care, the amounts expended under the supervision of each county agency, and the activities of each county agency and publish such reports for the information of the public; ~~and~~

(8) Specify requirements for general assistance and general assistance medical care reports, including fiscal reports, according to section 256.01, subdivision 2, paragraph (17)*; and*

(9) Ensure that every notice of eligibility for general assistance or work readiness includes a notice that women who are pregnant may be eligible for medical assistance benefits.

Sec. 30. Minnesota Statutes 1992, section 256D.05, is amended by adding a subdivision to read:

Subd. 8. [PERSONS INELIGIBLE.] *(a) Beginning October 1, 1993, an undocumented alien or a nonimmigrant is ineligible for work readiness and general assistance benefits. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented alien is an individual who resides in the United States without the approval or acquiescence of the Immigration and Naturalization Service.*

(b) This subdivision does not apply to a child under age 18, to a Cuban or Haitian entrant as defined in Public Law Number 96-422, section 501(e)(1) or (2)(a), or to an alien who is aged, blind, or disabled as defined in United States Code, title 42, section 1382c(a)(1).

Sec. 31. Minnesota Statutes 1992, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) Except as provided in this subdivision, persons who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not categorically eligible under section 256D.05, subdivision 1, are eligible for the work readiness program for a maximum period of six calendar months during any 12 consecutive calendar month period, subject to the provisions of paragraph (d), subdivision 3, and section 256D.052, subdivision 4. The person's eligibility period begins on the first

day of the calendar month following the date of application for assistance or following the date all eligibility factors are met, whichever is later; however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of benefits to complete the provisions of the person's employability development plan. After July 1, 1992, if orientation is available within three weeks after the date eligibility is determined, initial payment will not be made until the registrant attends orientation to the work readiness program. Prior to terminating work readiness assistance the county agency must provide advice on the person's eligibility for general assistance medical care and must assess the person's eligibility for general assistance under section 256D.05 to the extent possible, using information in the case file, and determine the person's eligibility for general assistance. A determination that the person is not eligible for general assistance must be stated in the notice of termination of work readiness benefits.

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

Sec. 38. Minnesota Statutes 1992, section 257.73, subdivision 1, is amended to read:

Subdivision 1. Upon compliance with the provisions of section 257.55, subdivision 1, clause (e), *257.75,* or upon order of a court of this state or upon request of a court of another state, the local registrar of vital statistics shall prepare a new certificate of birth consistent with the acknowledgment or the findings of the court and shall substitute the new certificate for the original certificate of birth.

Sec. 39. Minnesota Statutes 1992, section 257.74, subdivision 1, is amended to read:

Subdivision 1. If a mother relinquishes or proposes to relinquish for adoption a child who has

(b) a father whose relationship to the child has been determined by a court *or established under section 257.75,* or

(c) a father as to whom the child is a legitimate child under prior law of this

state or under the law of another jurisdiction, the father shall be given notice of the adoption proceeding as provided in section 259.26.

Sec. 40. [257.75] [RECOGNITION OF PARENTAGE.]

Subdivision 1. [RECOGNITION BY PARENTS.] *The mother and father of a child born to a mother who was not married to the child's father nor to any other man when the child was conceived nor when the child was born may, in a writing signed by both of them before a notary public and filed with the state registrar of vital statistics, state and acknowledge under oath that they are the biological parents of the child and wish to be recognized as the biological parents. The recognition must be in the form prepared by the commissioner of human services under subdivision 5.*

Subd. 2. [REVOCATION OF RECOGNITION.] *A recognition may be revoked in a writing signed by the mother or father before a notary public and filed with the state registrar of vital statistics within 30 days after the recognition is executed. Upon receipt of a revocation of the recognition of parentage, the state registrar of vital statistics shall forward a copy of the revocation to the nonrevoking parent.*

Subd. 3. [EFFECT OF RECOGNITION.] *Subject to subdivision 2 and section 257.55, subdivision 1, paragraph (g) or (h), the recognition has the force and effect of a judgment or order determining the existence of the parent and child relationship under section 257.66. If the conditions in section 257.55, subdivision 1, paragraph (g) or (h), exist, the recognition creates only a presumption of paternity for purposes of sections 257.51 to 257.74. Until an order is entered granting custody to another, the mother has sole custody. The recognition is:*

(1) a basis for bringing an action to award custody or visitation rights to either parent, establishing a child support obligation, ordering a contribution by a parent under section 256.87, or ordering a contribution to the reasonable expenses of the mother's pregnancy and confinement, as provided under section 257.66, subdivision 3;

(2) determinative for all other purposes related to the existence of the parent and child relationship; and

(3) entitled to full faith and credit in other jurisdictions.

Subd. 4. [ACTION TO VACATE RECOGNITION.] *An action to vacate a recognition of paternity may be brought by the mother, father, or child. A mother or father must bring the action within one year of the execution of the recognition or within six months after discovery of evidence in support of the action, whichever is later. A child must bring an action to vacate within six months of discovery of evidence, in support of the action or within one year of reaching the age of majority, whichever is later. If the court finds a prima facie basis for vacating the recognition, the court shall order the child, mother, and father to submit to blood tests. If the court issues an order for the taking of blood tests, the court shall require the party seeking to vacate the recognition to make advance payment for the costs of the blood tests. If the party fails to pay for the costs of the blood tests, the court shall dismiss the action to vacate with prejudice. The court may also order the party seeking to vacate the recognition to pay the other party's reasonable attorney fees, costs, and disbursements. If the results of the blood tests establish that the man who executed the recognition is not the father, the court shall vacate the*

recognition. The court shall terminate the obligation of a party to pay ongoing child support based on the recognition. A modification of child support based on a recognition may be made retroactive with respect to any period during which the moving party has pending a motion to vacate the recognition but only from the date of service of notice of the motion on the responding party.

Subd. 5. [RECOGNITION FORM.] *The commissioner of human services shall prepare a form for the recognition of parentage under this section. In preparing the form, the commissioner shall consult with the individuals specified in subdivision 6. The recognition form must be drafted so that the force and effect of the recognition and the benefits and responsibilities of establishing paternity are clear and understandable. The form must include a notice regarding the finality of a recognition and the revocation procedure under subdivision 2. The form must include a provision for each parent to verify that the parent has read or viewed the educational materials prepared by the commissioner of human services describing the recognition of paternity. Each parent must receive a copy of the recognition.*

Subd. 6. [PATERNITY EDUCATIONAL MATERIALS.] *The commissioner of human services shall prepare educational materials for new and prospective parents that describe the benefits and effects of establishing paternity. The materials must include a description and comparison of the procedures for establishment of paternity through a recognition of parentage under this section and an adjudication of paternity under sections 257.51 to 257.74. The commissioner shall consider the use of innovative audio or visual approaches to the presentation of the materials to facilitate understanding and presentation. In preparing the materials, the commissioner shall consult with child advocates and support workers, battered women's advocates, social service providers, educators, attorneys, hospital representatives, and people who work with parents in making decisions related to paternity. The commissioner shall consult with representatives of communities of color. On and after January 1, 1994, the commissioner shall make the materials available without cost to hospitals, requesting agencies, and other persons for distribution to new parents.*

Subd. 7. [HOSPITAL DISTRIBUTION OF EDUCATIONAL MATERIALS; RECOGNITION FORM.] *Hospitals that provide obstetric services shall distribute the educational materials and recognition of parentage forms prepared by the commissioner of human services to new parents and shall assist parents in understanding the recognition of parentage form. On and after January 1, 1994, hospitals may not distribute the declaration of parentage forms.*

Subd. 8. [NOTICE.] *If the state registrar of vital statistics receives more than one recognition of parentage for the same child, the registrar shall notify both signatories on each recognition that the recognition is no longer final and that each man has only a presumption of paternity under section 257.55, subdivision 1.*

Sec. 41. Minnesota Statutes 1992, section 388.23, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] The county attorney, or any deputy or assistant county attorney whom the county attorney authorizes in writing, has the authority to subpoena and require the production of any records of telephone companies, cellular phone companies, paging companies, electric companies, gas companies, water utilities, chemical suppliers, hotels and

Subpoenas may only be issued for records that are relevant to an ongoing legitimate law enforcement investigation *or welfare fraud investigation and there is probable cause that a crime has been committed. Sec. 42. Minnesota Statutes 1992, section 393.07, subdivision 10, is amended to read:

Subd. 10. Program requirements to be monitored include, but are not limited to, number of applications, number of approvals, number of cases pending, length of time required to process each application and deliver benefits, number of applicants eligible for expedited issuance, length of time required to process and deliver expedited issuance, number of terminations and reasons for terminations, client profiles by age, household composition and income level and sources, and the use of phone certification and home visits. The commissioner shall determine the county-by-county and statewide participation rate.

(b) On July 1 of each year, the commissioner of human services shall determine a statewide and county-by-county food stamp program participation rate. The commissioner may designate a different agency to administer the food stamp program in a county if the agency administering the program fails to increase the food stamp program participation rate among families or eligible individuals, or comply with all federal laws and regulations governing the food stamp program. The commissioner shall review agency performance annually to determine compliance with this paragraph.

(c) A person who commits any of the following acts has violated section 256.98 *or 609.821, or both,* and is subject to both the criminal and civil penalties provided under ~~that section~~ *those sections*:

(d) A peace officer or welfare fraud investigator may confiscate food stamps, authorization to purchase cards, or other assistance transaction devices found in the possession of any person who is neither a recipient of the food stamp program nor otherwise authorized to possess and use such materials. Confiscated property shall be disposed of as the commissioner may direct and consistent with state and federal food stamp law. The confiscated property must be retained for a period of not less than 30 days to allow any affected person to appeal the confiscation under section 256.045.

Sec. 43. Minnesota Statutes 1992, section 518.156, subdivision 1, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support stipulation of the parties if each party is represented by independent counsel, unless the stipulation does not meet the conditions of paragraph (h). In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom. The court may also order the obligor to pay child support in the form of a percentage share of the obligor's

net bonuses, commissions, or other forms of compensation, in addition to, or if the obligor receives no base pay, in lieu of, an order for a specific dollar amount.

The court shall derive a specific dollar amount by multiplying the obligor's net income by the percentage indicated by the following guidelines:

Net Income Per Month of Obligor	Number of Children						
	1	2	3	4	5	6	7 or more
$400 and Below	Order based on the ability of the obligor to provide support at these income levels, or at higher levels, if the obligor has the earning ability.

$1001 – 4000	25%	30%	35%	39%	43%	47%	50%

Guidelines for support for an obligor with a monthly income of $4,001 or more shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income of $4,000.

Net Income defined as:

Total monthly income less

*(i) Federal Income Tax
*(ii) State Income Tax
(iii) Social Security Deductions
(iv) Reasonable Pension Deductions

*Standard Deductions apply-use of tax tables recommended

(v) Union Dues
(vi) Cost of Dependent Health Insurance Coverage
(vii) Cost of Individual or Group Health/Hospitalization Coverage or an Amount for Actual Medical Expenses
(viii) A Child Support or Maintenance Order that is Currently Being Paid.

"Net income" does not include:

(1) the income of the obligor's spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor's living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(i) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(ii) the party demonstrates, and the court finds, that:

(A) the excess employment began after the filing of the petition for dissolution;

(B) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(C) the excess employment is voluntary and not a condition of employment;

(D) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(E) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

(b) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph (a), clause (2)(ii);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) the amount of the aid to families with dependent children grant for the child or children;

(5) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; ~~and~~

(6) the parents' debts as provided in paragraph (c)*; and*

(7) the obligor's receipt of assistance under sections 256.72 to 256.87 or 256B.01 to 256B.40.

(c) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance,

the monthly payment, and the number of months until the debt will be fully paid.

(d) Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

(e) Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

(f) Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(g) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(h) The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving *the amount of support calculated under the guidelines,* the reasons for the deviation, and shall specifically address the criteria in paragraph (b) and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.

Sec. 45. Minnesota Statutes 1992, section 518.611, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] Whenever an obligation for support of a dependent child or maintenance of a spouse, or both, is determined and ordered by a court of this state, the amount of child support or maintenance as determined by court order must be withheld from the income, regardless of source, of the person obligated to pay the support or maintenance. Every order for maintenance or support must include*:*

(1) the obligor's social security number and date of birth and the name and address of the obligor's employer or other payor of funds*; and*

(2) provisions for the obligor to keep the public authority informed of the name and address of the obligor's current employer or payor of funds, and whether the obligor has access to employment-related health insurance coverage and, if so, the health insurance policy information.

Sec. 46. Minnesota Statutes 1992, section 518.611, subdivision 2, is amended to read:

Subd. 2. [CONDITIONS OF INCOME WITHHOLDING.] (a) Withholding shall result ~~whenever~~ *when:*

(1) the obligor requests it in writing to the public authority;

(2) the custodial parent requests it by making a motion to the court; or

(3) the obligor fails to make the maintenance or support payments, and the following conditions are met:

~~(1)~~ *(i)* the obligor is at least 30 days in arrears;

~~(2)~~ *(ii)* the obligee or the public authority serves written notice of income withholding, showing arrearage, on the obligor at least 15 days before service of the notice of income withholding and a copy of the court's order on the payor of funds;

~~(3)~~ *(iii)* within the 15-day period, the obligor fails to move the court to deny withholding on the grounds that an arrearage of at least 30 days does not exist as of the date of the notice of income withholding, or on other grounds limited to mistakes of fact, and, ex parte, to stay service on the payor of funds until the motion to deny withholding is heard;

~~(4)~~ *(iv)* the obligee or the public authority serves a copy of the notice of income withholding, a copy of the court's order *or notice of order*, and the provisions of this section on the payor of funds; and

~~(5)~~ *(v)* the obligee serves on the public authority a copy of the notice of income withholding, a copy of the court's order, an application, and the fee to use the public authority's collection services.

For those persons not applying for the public authority's IV-D services, a monthly service fee of $15 must be charged to the obligor in addition to the amount of child support ordered by the court and withheld through automatic income withholding, or for persons applying for the public authority's IV-D services, the service fee under section 518.551, subdivision 7, applies. The county agency shall explain to affected persons the services available and encourage the applicant to apply for IV-D services.

(b) To pay the arrearage specified in the notice of income withholding, the employer or payor of funds shall withhold from the obligor's income an additional amount equal to 20 percent of the monthly child support or maintenance obligation until the arrearage is paid.

(c) ~~The obligor may, at any time, waive the written notice required by this subdivision.~~

~~(d)~~ The obligor may move the court, under section 518.64, to modify the order respecting the amount of maintenance or support.

~~(e)~~ *(d)* Every order for support or maintenance shall provide for a conspicuous notice of the provisions of this subdivision. An order without this notice remains subject to this subdivision.

~~(f)~~ *(e)* Absent a court order to the contrary, if an arrearage exists at the time an order for ongoing support or maintenance would otherwise terminate, income withholding shall continue in effect in an amount equal to the former support or maintenance obligation plus an additional amount equal to 20

percent of the monthly child support obligation, until all arrears have been paid in full.

Sec. 47. Minnesota Statutes 1992, section 518.611, subdivision 6, is amended to read:

Subd. 6. [PRIORITY.] An order for withholding under this section or execution or garnishment upon a judgment for child support arrearages or preadjudicated expenses shall have priority over an attachment, execution, garnishment, or wage assignment and shall not be subject to the statutory limitations on amounts levied against the income of the obligor. Amounts withheld from an employee's income must not exceed the maximum permitted under the Consumer Credit Protection Act, United States Code, title 15, section 1673(b)(2). If there is more than one withholding order on a single employee, ~~the employer shall put them into effect, giving priority first to amounts currently due and not in arrears and then to other amounts, in the sequence in which the withholding orders were received up to the maximum allowed in the Consumer Credit Protection Act.~~ *the payor of funds shall comply with all of the orders to the extent that the total amount withheld from the payor's income does not exceed the limits imposed under the Consumer Credit Protection Act, giving priority to amounts designated in each order as current support as follows:*

(1) If the total of the amounts designated in the orders as current support exceeds the amount available for income withholding, the payor of funds shall allocate to each order an amount for current support equal to the amount designated in that order as current support, divided by the total of the amounts designated in the orders as current support, multiplied by the amount of the income available for income withholding; and

(2) If the total of the amounts designated in the orders as current support does not exceed the amount available for income withholding, the payor of funds shall pay the amounts designated as current support, and shall allocate to each order an amount for past due support equal to the amount designated in that order as past due support, divided by the total of the amounts designated in the orders as past due support, multiplied by the amount of income remaining available for income withholding after the payment of current support.

Notwithstanding any law to the contrary, funds from income sources included in section 518.54, subdivision 6, whether periodic or lump sum, are not exempt from attachment or execution upon a judgment for child support arrearages.

Sec. 48. Minnesota Statutes 1992, section 518.611, is amended by adding a subdivision to read:

Subd. 12. [INTERSTATE INCOME WITHHOLDING.] *Upon receipt of an order for support entered in another state, with the specified documentation from an authorized agency, the public authority shall implement income withholding under subdivision 2. If the obligor requests a hearing under subdivision 3 to contest withholding, the court administrator shall enter the order. Entry of the order shall not confer jurisdiction on the courts or administrative agencies of this state for any purpose other than contesting implementation of income withholding.*

Sec. 49. Minnesota Statutes 1992, section 518.613, subdivision 2, is amended to read:

Subd. 2. [ORDER; COLLECTION SERVICES.] Every order for child support must include the obligor's social security number and date of birth and the name and address of the obligor's employer or other payor of funds. *In addition, every order must contain provisions requiring the obligor to keep the public authority informed of the name and address of the obligor's current employer, or other payor of funds and whether the obligor has access to employment-related health insurance coverage and, if so, the health insurance policy information.* Upon entry of the order for support or maintenance, the court shall mail a copy of the court's automatic income withholding order and the provisions of section 518.611 and this section to the obligor's employer or other payor of funds and to the public authority responsible for child support enforcement. An obligee who is not a recipient of public assistance ~~shall~~ *must decide to either* apply for the *IV-D* collection services of the public authority *or obtain income withholding only services* when an order for support is entered unless the requirements of this section have been waived under subdivision 7. ~~No later than January 1, 1990,~~ The supreme court shall develop a standard automatic income withholding form to be used by all Minnesota courts. This form shall be made a part of any order for support or decree by reference.

Sec. 50. Minnesota Statutes 1992, section 518.613, subdivision 3, is amended to read:

Subd. 3. [WITHHOLDING.] The employer or other payor shall withhold and forward the child support or maintenance ordered in the manner and within the time limits provided in section 518.611. Amounts received from employers or other payors under this section by the public agency responsible for child support enforcement that are in excess of public assistance received by the obligee must be remitted to the obligee. ~~The public agency must remit payments to the obligee at least once monthly on a standard payment date set by the agency.~~ A county in which this section applies may contract for services to carry out the provisions of this section.

Sec. 51. Minnesota Statutes 1992, section 518.613, subdivision 4, is amended to read:

Subd. 4. [APPLICATION.] ~~On and after August 1, 1989, this section applies in a county selected under Laws 1987, chapter 403, article 3, section 93, and in a county that chooses to have this section apply by resolution of a majority vote of its county board.~~ On and after November 1, 1990, this section applies to all child support and maintenance obligations that are initially ordered or modified on and after November 1, 1990, and that are being enforced by the public authority. *Effective January 1, 1994, this section applies to all child support and maintenance obligations ordered or modified by the court. Those persons not applying for the public authority's IV-D services must pay a monthly service fee of $15. The fee will be charged to the obligor in addition to the amount of the child support which was ordered by the court. Persons applying for the public authority's IV-D services will pay the service fee under section 518.551, subdivision 7.*

Sec. 52. Minnesota Statutes 1992, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] (a) The terms of an order respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87 *or 256B.01 to 256B.40*; or (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair.

The terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least $50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall apply section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

(e) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.

(f) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

Sec. 53. Minnesota Statutes 1992, section 609.821, subdivision 1, is amended to read:

Sec. 55. [PILOT PROJECT; WORK EXPERIENCE COMPONENT OF WORK READINESS.]

Subdivision 1. [DUTIES OF COMMISSIONER.] *The commissioner of human services may establish a pilot project to implement the work experience component in subdivision 2 for persons participating in work readiness. The commissioner may select one county within the seven-county metropolitan area and one or more counties outside the seven-county metropolitan area to participate in the pilot project. The commissioner may grant waivers to any county, whether or not it is selected, to establish and implement a comprehensive work readiness pilot project. The commissioner shall allocate a proportionate number of participant slots to each pilot county based on the amount of funding available and the estimated per participant cost. Pilot counties shall assign recipients to participate in the project who have no recent work experience or local work reference on a first-come, first-served*

basis, or who the county determines will benefit from the work experience component by improving their employability. Recipients assigned to project participation shall be eligible for work readiness benefits and services for a maximum period of eight months during any 12-consecutive-calendar-month period rather than the six-month period specified in Minnesota Statutes, section 256D.051, subdivision 1. The work experience pilot project may not begin before January 1, 1994. The funds for the project are limited to the amount appropriated by the legislature.

Subd. 2. [WORK EXPERIENCE COMPONENT.] *(a) The purpose of the pilot project is to develop a work experience component that helps recipients achieve self-sufficiency.*

(b) Recipients selected to participate in the pilot project must cooperate with all work readiness requirements, including the requirement to participate in a work experience component. Work readiness recipients who would be required to participate in the work experience component for less than eight hours per month under the provisions of paragraph (d), or who are attending high school, or who are functionally illiterate and participating in literacy training, and family general assistance recipients who are required to participate in work readiness services under Minnesota Statutes, section 256D.05, subdivision 1, clause (15), may not participate in the pilot project and must instead participate in standard work readiness employment and training services.

(c) Selected recipients shall be referred to the work experience component at the end of their third month of work readiness eligibility and must participate in the component until the recipient finds suitable employment or until work readiness benefits terminate. Permanent suitable employment offered through grant diversion under Minnesota Statutes, section 256D.09, subdivision 3, during this time period shall substitute for work experience participation. The participant's employability development plan must specify the type of work experience position the recipient will be placed in, the beginning date of mandatory participation in work experience, and identify other services necessary to help the participant become employed, including the requirement to participate for a minimum of eight hours per week in job search activities if the participant is not suitably employed.

(d) Each project recipient is required to participate in a work experience job placement for that number of hours calculated by dividing the assistance unit's work readiness assistance payment by the state minimum wage. The county shall provide for a participant's support services costs of transportation, child care, and other work related expenses incurred in order to participate in the work experience activity.

(e) The county shall assign work to the participant that the participant is able to perform. Work experience positions may be developed with public and private nonprofit employers. Structured, supervised volunteer work with an agency or organization which is monitored by the county service provider may be used as a work experience placement. The county must provide workers' compensation or other comparable protection for a work experience participant. A participant is not eligible for unemployment compensation, and is not an employee of the state of Minnesota within the meaning of Minnesota Statutes, section 43A.02, subdivision 2. The commissioner of jobs and training shall assist in the design and implementation of the work experience program.

(f) An eligible employer may not terminate, lay off, or reduce the regular working hours of an employee for the purpose of hiring an individual with money available under this program. An eligible employer may not hire an individual with money available through this program if any other person is on layoff from the same or substantially equivalent job or to fill an established vacant position. Written or oral concurrence shall be obtained from the appropriate exclusive bargaining representative with respect to job duties covered under collective bargaining agreements.

(g) Recipients assigned to a work experience placement must participate and cooperate in the placement and meet all work readiness requirements. The county shall terminate assistance payments provided under this section as specified in Minnesota Statutes, section 256D.051, subdivision 1a, for a nonexempt recipient who refuses without good cause to participate in a work experience placement.

(h) The commissioner shall provide a report to the legislature on the operation of the pilot project by March 1, 1995.

Subd. 3. [EXPIRATION DATE.] *The pilot projects established under this section terminate on June 30, 1995.*

Sec. 56. [REPEALER.]

Minnesota Statutes 1992, section 256.985 is repealed.

Sec. 57. [EFFECTIVE DATES.]

Subdivision 1. Section 40, subdivisions 5 and 6, is effective the day following final enactment. All other subdivisions in section 40 are effective January 1, 1994.

Subd. 2. Sections 53 and 54 are effective for crimes committed on or after July 1, 1993.

Subd. 3. Sections 7 and 9 to 21 are effective October 1, 1993.

(2) receive clinical supervision regarding individual service delivery from a mental health professional at least once each week until the requirement of 2,000 hours of experience is met.

The members of the council shall annually alternate chairing the council beginning with the commissioner of human services and proceeding in the order as listed in this subdivision. The council* shall meet at least quarterly to:

(1) educate each agency about the policies, procedures, funding, and services for children with emotional disturbances of all agencies represented;

(2) develop mechanisms for interagency coordination on behalf of children with emotional disturbances;

(3) identify barriers including policies and procedures within all agencies represented that interfere with delivery of mental health services for children;

~~This report shall be submitted to the legislature and the state mental health advisory council annually as part of the report required under section~~

~~245.487, subdivision 4. The report shall include information from each department represented on:~~

~~(1) the number of children in each department's system who require mental health services;~~

~~(2) the number of children in each system who receive mental health services;~~

Sec. 10. Minnesota Statutes 1992, section 245.4882, subdivision 5, is amended to read:

Subd. 5. [SPECIALIZED RESIDENTIAL TREATMENT SERVICES.] The commissioner of human services shall ~~establish or contract for~~ *continue efforts to further interagency collaboration to develop a comprehensive system of services, including family community support and* specialized residential treatment services for children. The services shall be designed for children with emotional disturbance who exhibit violent or destructive behavior and for whom local treatment services are not feasible due to the small number of children statewide who need the services and the specialized nature of the services required. The services shall be located in community settings. If no appropriate services are available in Minnesota or within the geographical area in which the residents of the county normally do business, the commissioner is responsible, *effective July 1, 1995,* for 50 percent of the nonfederal costs of out-of-state treatment of children for whom no appropriate resources are available in Minnesota. Counties are eligible to receive enhanced state funding under this section only if they have established juvenile screening teams under section 260.151, subdivision 3, *and if the out-of-state treatment has been approved by the commissioner. By January 1, 1995, the commissioners of human services and corrections shall jointly develop a plan, including a financing strategy, for increasing the in-state availability of treatment within a secure setting. By July 1, 1994, the commissioner of human services shall also:*

(1) conduct a study and develop a plan to meet the needs of children with both a developmental disability and severe emotional disturbance; and

(2) study the feasibility of expanding medical assistance coverage to include specialized residential treatment for the children described in this subdivision.

Sec. 11. [245.491] [CITATION; DECLARATION OF PURPOSE.]

Subdivision 1. [CITATION.] *Sections 245.491 to 245.496 may be cited as "the children's mental health integrated fund."*

Subd. 2. [PURPOSE.] *The legislature finds that children with emotional or behavioral disturbances or who are at risk of suffering such disturbances often require services from multiple service systems including mental health, social services, education, corrections, juvenile court, health, and jobs and training. In order to better meet the needs of these children, it is the intent of*

the legislature to establish an integrated children's mental health service system that:

(1) allows local service decision makers to draw funding from a single local source so that funds follow clients and eliminates the need to match clients, funds, services, and provider eligibilities;

(2) creates a local pool of state, local, and private funds to procure a greater medical assistance federal financial participation;

(3) improves the efficiency of use of existing resources;

(4) minimizes or eliminates the incentives for cost and risk shifting; and

(5) increases the incentives for earlier identification and intervention.

The children's mental health integrated fund established under sections 245.491 to 245.496 must be used to develop and support this integrated mental health service system. In developing this integrated service system, it is not the intent of the legislature to limit any rights available to children and their families through existing federal and state laws.

Sec. 12. [245.492] [DEFINITIONS.]

Subdivision 1. [DEFINITIONS.] *The definitions in this section apply to sections 245.491 to 245.496.*

[BASE LEVEL FUNDING.] *"Base level funding" means funding received from state, federal, or local sources and expended across the local system of care in fiscal year 1993 for children's mental health services or for special education services for children with emotional or behavioral disturbances.*

In subsequent years, base level funding may be adjusted to reflect decreases in the numbers of children in the target population.

Subd. 3. [CHILDREN WITH EMOTIONAL OR BEHAVIORAL DISTURBANCES.] *"Children with emotional or behavioral disturbances" includes children with emotional disturbances as defined in section 245.4871, subdivision 15, and children with emotional or behavioral disorders as defined in Minnesota Rules, part 3525.1329, subpart 1.*

Wraparound services may include, but are not limited to, residential services, respite services, services that assist the child or family in enrolling in or participating in recreational activities, assistance in purchasing otherwise unavailable items or services important to maintain a specific child in the family, and services that assist the child to participate in more traditional services and programs.*

Sec. 13. [245.493] [LOCAL LEVEL COORDINATION.]

Subdivision 1. [REQUIREMENTS TO QUALIFY AS A LOCAL CHILDREN'S MENTAL HEALTH COLLABORATIVE.] *In order to qualify as a local children's mental health collaborative and be eligible to receive start-up funds, the representatives of the local system of care, or at a minimum one county, one school district or special education cooperative, and one mental health entity must agree to the following:*

Subd. 2. [GENERAL DUTIES OF THE LOCAL CHILDREN'S MENTAL HEALTH COLLABORATIVES.] *Each local children's mental health collaborative must:*

(1) identify a service delivery area and an initial target population within that service delivery area. The initial target population must be economically and culturally representative of children in the service delivery area to be served by the local children's mental health collaborative. The size of the initial target population must also be economically viable for the service delivery area;

(2) seek to maximize federal revenues available to serve children in the target population by designating local expenditures for mental health services that can be matched with federal dollars;

(3) in consultation with the local children's advisory council and the local coordinating council, if it is not the local children's mental health collaborative, design, develop, and ensure implementation of an integrated service system and develop interagency agreements necessary to implement the system;

(4) expand membership to include representatives of other services in the local system of care including prepaid health plans under contract with the commissioner of human services to serve the mental health needs of children and families;

(5) create or designate a management structure for fiscal and clinical responsibility and outcome evaluation;

(7) explore methods and recommend changes needed at the state level to reduce duplication and promote coordination of services including the use of uniform forms for reporting, billing, and planning of services.

Sec. 14. [245.4931] [INTEGRATED LOCAL SERVICE SYSTEM.]

The integrated service system established by the local children's mental health collaborative must:

(1) include a process for communicating to agencies in the local system of care eligibility criteria for services received through the local children's mental health collaborative and a process for determining eligibility. The process shall place strong emphasis on outreach to families, respecting the family role in identifying children in need, and valuing families as partners;

(2) include measurable outcomes, timelines for evaluating progress, and mechanisms for quality assurance and appeals;

(5) spend funds generated by the local children's mental health collaborative as required in sections 245.491 to 245.496;

(6) encourage public-private partnerships to increase efficiency, reduce redundancy, and promote quality of care; and

(7) ensure that, if the county participant of the local children's mental health collaborative is also a provider of child welfare targeted case management as authorized by the 1993 legislature, then federal reimbursement received by the county for child welfare targeted case management provided to children served by the local children's mental health collaborative must be directed to the integrated fund.

Sec. 15. [245.4932] [REVENUE ENHANCEMENT; AUTHORITY AND RESPONSIBILITIES.]

Subdivision 1. [PROVIDER RESPONSIBILITIES.] *The children's mental health collaborative shall have the following authority and responsibilities regarding federal revenue enhancement:*

(1) the collaborative shall designate a lead county or other qualified entity as the fiscal agency for reporting, claiming, and receiving payments;

(2) the collaborative or lead county may enter into subcontracts with other counties, school districts, special education cooperatives, municipalities, and other public and nonprofit entities for purposes of identifying and claiming eligible expenditures to enhance federal reimbursement;

(3) the collaborative must continue the base level of expenditures for services for children with emotional or behavioral disturbances and their families from any state, county, federal, or other public or private funding source which, in the absence of the new federal reimbursement earned under sections 245.491 to 245.496, would have been available for those services.

The base year for purposes of this subdivision shall be the accounting period closest to state fiscal year 1993;

(4) the collaborative or lead county must develop and maintain an accounting and financial management system adequate to support all claims for federal reimbursement, including a clear audit trail and any provisions specified in the contract;

(5) the collaborative shall pay the nonfederal share of the medical assistance costs for services designated by the collaborative;

(2) The commissioner may suspend, reduce, or terminate the federal reimbursement to a provider that does not meet the requirements of sections 245.493 to 245.496.

(3) The commissioner shall recover from the collaborative any federal fiscal disallowances or sanctions for audit exceptions directly attributable to the collaborative's actions or the proportional share if federal fiscal disallowances or sanctions are based on a statewide random sample.

Subd. 3. [PAYMENTS.] *Notwithstanding section 256.025, subdivision 2, payments under sections 245.493 to 245.496 to providers for wraparound service expenditures and expenditures for other services for which the collaborative elects to pay the nonfederal share of medical assistance shall only be made of federal earnings from services provided under sections 245.493 to 245.496.*

Subd. 4. [CENTRALIZED DISBURSEMENT OF MEDICAL ASSISTANCE PAYMENTS.] *Notwithstanding section 256B.041, and except for family community support services and therapeutic support of foster care, county payments for the cost of wraparound services and other services for which the collaborative elects to pay the nonfederal share, for reimbursement under medical assistance, shall not be made to the state treasurer. For purposes of wraparound services under sections 245.493 to 245.496, the centralized disbursement of payments to providers under section 256B.041 consists only of federal earnings from services provided under sections 245.493 to 245.496.*

Sec. 16. [245.494] [STATE LEVEL COORDINATION.]

Subdivision 1. [STATE COORDINATING COUNCIL.] *The state coordinating council, in consultation with the integrated fund task force, shall:*

(1) assist local children's mental health collaboratives in meeting the requirements of sections 245.491 to 245.496, by seeking consultation and technical assistance from national experts and coordinating presentations and assistance from these experts to local children's mental health collaboratives;

(2) assist local children's mental health collaboratives in identifying an economically viable initial target population;

(3) develop methods to reduce duplication and promote coordinated services including uniform forms for reporting, billing, and planning of services;

(4) by September 1, 1994, develop a model multiagency plan of care that can be used by local children's mental health collaboratives in place of an individual education plan, individual family community support plan, individual family support plan, and an individual treatment plan;

(5) assist in the implementation and operation of local children's mental health collaboratives by facilitating the integration of funds, coordination of services, and measurement of results, and by providing other assistance as needed;

(6) by July 1, 1993, develop a procedure for awarding start-up funds. Development of this procedure shall be exempt from chapter 14;

(7) develop procedures and provide technical assistance to allow local children's mental health collaboratives to integrate resources for children's mental health services with other resources available to serve children in the target population in order to maximize federal participation and improve efficiency of funding;

(8) ensure that local children's mental health collaboratives and the services received through these collaboratives meet the requirements set out in sections 245.491 to 245.496;

(9) identify base level funding from state and federal sources across systems;

(10) explore ways to access additional federal funds and enhance revenues available to address the needs of the target population;

(11) develop a mechanism for identifying the state share of funding for services to children in the target population and for making these funds available on a per capita basis for services provided through the local children's mental health collaborative to children in the target population. Each year beginning January 1, 1994, forecast the growth in the state share and increase funding for local children's mental health collaboratives accordingly;

(12) identify barriers to integrated service systems that arise from data practices and make recommendations including legislative changes needed in the data practices act to address these barriers; and

(13) annually review the expenditures of local children's mental health collaboratives to ensure that funding for services provided to the target population continues from sources other than the federal funds earned under sections 245.491 to 245.496 and that federal funds earned are spent consistent with sections 245.491 to 245.496.

Subd. 2. **[STATE COORDINATING COUNCIL REPORT.]** *Each year, beginning February 1, 1995, the state coordinating council must submit a report to the legislature on the status of the local children's mental health collaboratives. The report must include the number of local children's mental health collaboratives, the amount and type of resources committed to local*

children's mental health collaboratives, the additional federal revenue received as a result of local children's mental health collaboratives, the services provided, the number of children served, outcome indicators, the identification of barriers to additional collaboratives and funding integration, and recommendations for further improving service coordination and funding integration.

Subd. 3. **[DUTIES OF THE COMMISSIONER OF HUMAN SERVICES.]**

The commissioner of human services, in consultation with the integrated fund task force, shall:

(1) beginning January 1, 1994, in areas where a local children's mental health collaborative has been established, based on an independent actuarial analysis, separate all medical assistance, general assistance medical care, and MinnesotaCare resources devoted to mental health services for children and their families including inpatient, outpatient, medication management, services under the rehabilitation option, and related physician services from the total health capitation from prepaid plans, including plans established under section 256B.69, for the target population as identified in section 245.492, subdivision 21, and develop guidelines for managing these mental health benefits that will require all contractors to:

(i) provide mental health services eligible for medical assistance reimbursement;

(ii) meet performance standards established by the commissioner of human services including providing services consistent with the requirements and standards set out in sections 245.487 to 245.4888 and 245.491 to 245.496;

(iii) provide the commissioner of human services with data consistent with that collected under sections 245.487 to 245.4888; and

(iv) in service delivery areas where there is a local children's mental health collaborative for the target population defined by local children's mental health collaborative:

(A) participate in the local children's mental health collaborative;

(B) commit resources to the integrated fund that are actuarially equivalent to resources received for the target population being served by local children's mental health collaboratives; and

(C) meet the requirements and the performance standards developed for local children's mental health collaboratives;

(2) ensure that any prepaid health plan that is operating within the jurisdiction of a local children's mental health collaborative and that is able to meet all the requirements under section 245.494, subdivision 3, paragraph (1), items (i) to (iv), shall have 60 days from the date of receipt of written notice of the establishment of the collaborative to decide whether it will participate in the local children's mental health collaborative; the prepaid health plan shall notify the collaborative and the commissioner of its decision to participate;

(3) develop a mechanism for integrating medical assistance resources for mental health service with resources for general assistance medical care, MinnesotaCare, and any other state and local resources available for services

for children and develop a procedure for making these resources available for use by a local children's mental health collaborative;

(4) gather data needed to manage mental health care including evaluation data and data necessary to establish a separate capitation rate for children's mental health services if that option is selected;

(5) by January 1, 1994, develop a model contract for providers of mental health managed care that meets the requirements set out in sections 245.491 to 245.496 and 256B.69, and utilize this contract for all subsequent awards, and before January 1, 1995, the commissioner of human services shall not enter into or extend any contract for any prepaid plan that would impede the implementation of sections 245.491 to 245.496;

(6) develop revenue enhancement or rebate mechanisms and procedures to certify expenditures made through local children's mental health collaboratives for services including administration and outreach that may be eligible for federal financial participation under medical assistance, including expenses for administration, and other federal programs;

(7) ensure that new contracts and extensions or modifications to existing contracts under section 256B.69 do not impede implementation of sections 245.491 to 245.496;

(8) provide technical assistance to help local children's mental health collaboratives certify local expenditures for federal financial participation, using due diligence in order to meet implementation timelines for sections 245.491 to 245.496 and recommend necessary legislation to enhance federal revenue, provide clinical and management flexibility, and otherwise meet the goals of local children's mental health collaboratives and request necessary state plan amendments to maximize the availability of medical assistance for activities undertaken by the local children's mental health collaborative;

(9) take all steps necessary to secure medical assistance reimbursement under the rehabilitation option for family community support services and therapeutic support of foster care, and for residential treatment and wraparound services when these services are provided through a local children's mental health collaborative;

(10) provide a mechanism to identify separately the reimbursement to a county for child welfare targeted case management provided to children served by the local collaborative for purposes of subsequent transfer by the county to the integrated fund; and

(11) where interested and qualified contractors are available, finalize contracts within 180 days of receipt of written notification of the establishment of a local children's mental health collaborative.

Subd. 4. [RULEMAKING.] *The commissioners of human services, health, and corrections, and the state board of education shall adopt or amend rules as necessary to implement sections 245.491 to 245.496.*

Subd. 5. [RULE MODIFICATION.] *By January 15, 1994, the commissioner shall report to the legislature the extent to which claims for federal reimbursement for case management as set out in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, as they pertain to mental health case management are consistent with the number of children eligible to receive this service. The report shall also identify how the commissioner*

intends to increase the numbers of eligible children receiving this service, including recommendations for modifying rules or statutes to improve access to this service and to reduce barriers to its provision.

In developing these recommendations, the commissioner shall:

(1) review experience and consider alternatives to the reporting and claiming requirements, such as the rate of reimbursement, the claiming unit of time, and documenting and reporting procedures set out in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, as they pertain to mental health case management;

(2) consider experience gained from implementation of child welfare targeted case management;

(3) determine how to adjust the reimbursement rate to reflect reductions in caseload size;

(4) determine how to ensure that provision of targeted child welfare case management does not preclude an eligible child's right, or limit access, to case management services for children with severe emotional disturbance as set out in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, as they pertain to mental health case management;

(5) determine how to include cost and time data collection for contracted providers for rate setting, claims, and reimbursement purposes;

(6) evaluate the need for cost control measures where there is no county share; and

(7) determine how multiagency teams may share the reimbursement.

The commissioner shall conduct a study of the cost of county staff providing case management services under Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, as they pertain to mental health case management. If the average cost of providing case management services to children with severe emotional disturbance is determined by the commissioner to be greater than the average cost of providing child welfare targeted case management, the commissioner shall ensure that a higher reimbursement rate is provided for case management services under Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, to children with severe emotional disturbance. The total medical assistance funds expended for this service in the biennium ending in state fiscal year 1995 shall not exceed the amount projected in the state Medicaid forecast for case management for children with serious emotional disturbances.

Sec. 17. [245.495] [ADDITIONAL FEDERAL REVENUES.]

(a) Each local children's mental health collaborative shall report expenditures eligible for federal reimbursement in a manner prescribed by the commissioner of human services under section 256.01, subdivision 2, clause (17). The commissioner of human services shall pay all funds earned by each local children's mental health collaborative to the collaborative. Each local children's mental health collaborative must use these funds to expand the initial target population or to develop or provide mental health services through the local integrated service system to children in the target population. Funds may not be used to supplant funding for services to children in the target population.

For purposes of this section, "mental health services" are community-based, nonresidential services, which may include respite care, that are identified in the child's multiagency plan of care.

Section 1. Minnesota Statutes 1992, section 256.025, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the following terms have the meanings given them.

(b) "Base amount" means the calendar year 1990 county share of county agency expenditures for all of the programs specified in subdivision 2, *except for the programs in subdivision 2, clauses (4), (7), and (13). The 1990 base amount for subdivision 2, clause (4), shall be reduced by one-seventh for each county, and the 1990 base amount for subdivision 2, clause (7) shall be reduced by seven-tenths for each county, and those amounts in total shall be the 1990 base amount for group residential housing in subdivision 2, clause (13).*

(c) "County agency expenditure" means the total expenditure or cost incurred by the county of financial responsibility for the benefits and services for each of the programs specified in subdivision 2. The term includes the federal, state, and county share of costs for programs in which there is federal financial participation. For programs in which there is no federal financial participation, the term includes the state and county share of costs. The term excludes county administrative costs, unless otherwise specified.

(d) "Nonfederal share" means the sum of state and county shares of costs of the programs specified in subdivision 2.

(e) The "county share of county agency expenditures growth amount" is the amount by which the county share of county agency expenditures in calendar years 1991 to 2000 has increased over the base amount.

Sec. 2. Minnesota Statutes 1992, section 256.025, subdivision 2, is amended to read:

Subd. 2. [COVERED PROGRAMS AND SERVICES.] The procedures in this section govern payment of county agency expenditures for benefits and services distributed under the following programs:

Sec. 3. Minnesota Statutes 1992, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051, *or who is having a payment made on the person's behalf under sections 256I.01 to 256I.06*; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of $1,000 per assistance unit. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B, with the following exception: the maximum amount of undistributed funds in a trust that could be distributed to or on behalf of the beneficiary by the trustee, assuming the full exercise of the trustee's discretion under the terms of the trust, must be applied toward the asset maximum; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of $30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first $50 of earned income is not allowed; or

(3) who would be eligible for medical assistance except that the person

resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

~~(3) the personal needs allowance authorized for medical assistance recipients under section 256B.35.~~ *In addition to the room and board rate specified in subdivision 1, the county agency may negotiate a payment not to exceed $426.37 for other services necessary to provide room and board provided by the group residence if the residence is licensed by or registered by the department of health, or licensed by the department of human services to provide services in addition to room and board, and if the recipient of services is not also concurrently receiving services under a home and community-based waiver under title XIX of the Social Security Act or residing in a setting which receives funding under Minnesota Rules, parts 9535.2000 to 9535.3000. The registration and licensure requirement does not apply to establishments which are exempt from state licensure because they are located on Indian reservations and for which the tribe has prescribed health and safety requirements. Service payments under this section may be prohibited under rules to prevent the supplanting of federal funds with state funds. The commissioner shall pursue the feasibility of obtaining the approval of the secretary of health and human services to provide home and community-based waiver services under title XIX of the Social Security Act for residents who are not eligible for an existing home and community-based waiver due to a primary diagnosis of mental illness or chemical dependency, and shall apply for a waiver if it is determined to be cost effective.*

Sec. 24. Minnesota Statutes 1992, section 256I.05, is amended by adding a subdivision to read:

Subd. 1c. [RATE INCREASES.] *A county agency may not increase the rates negotiated for group residential housing above those in effect on June 30, 1993, except:*

(a) A county may increase the rates for group residential housing settings to the MSA equivalent rate for those settings whose current rate is below the MSA equivalent rate.

(b) A county agency may increase the rates for residents in adult foster care whose difficulty of care has increased. The total group residential housing rate for these residents must not exceed the maximum rate specified in subdivisions 1 and 1a. County agencies must not include nor increase group residential housing difficulty of care rates for adults in foster care whose difficulty of care is eligible for funding by home and community-based waiver programs under title XIX of the Social Security Act.

(c) The room and board rates will be increased each year when the MSA equivalent rate is adjusted for SSI cost-of-living increases by the amount of the annual SSI increase, less the amount of the increase in the medical assistance personal needs allowance under section 256B.35.

(d) When a group residential housing rate is used to pay for an individual's room and board, or other costs necessary to provide room and board, the rate

payable to the residence must continue for up to 18 calendar days per incident that the person is temporarily absent from the residence, not to exceed 60 days in a calendar year, if the absence or absences have received the prior approval of the county agency's social service staff. Prior approval is not required for emergency absences due to crisis, illness or injury.

(e) For facilities meeting substantial change criteria within the prior year. Substantial change criteria exists if the group residential housing establishment experiences a 25 percent increase or decrease in the total number of its beds, if the net cost of capital additions or improvements is in excess of 15 percent of the current market value of the residence, or if the residence physically moves, or changes its licensure, and incurs a resulting increase in operation and property costs.

(f) Until June 30, 1994, a county agency may increase by up to five percent the total rate paid for recipients of assistance under sections 256D.01 to 256D.21 or 256D.33 to 256D.54 who reside in residences that are licensed by the commissioner of health as a boarding care home, but are not certified for the purposes of the medical assistance program. However, an increase under this clause must not exceed an amount equivalent to 65 percent of the 1991 medical assistance reimbursement rate for nursing home resident class A, in the geographic grouping in which the facility is located, as established under Minnesota Rules, parts 9549.0050 to 9549.0058.

Sec. 25. Minnesota Statutes 1992, section 256I.05, subdivision 2, is amended to read:

Subd. 2. [MONTHLY RATES; EXEMPTIONS.] ~~(a)~~ The maximum group residential housing rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, and licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690.

~~(b) The maximum group residential housing rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of human services under Minnesota Rules, parts 9525.0520 to 9525.0660, but funded as a group residence under general assistance or Minnesota supplemental aid.~~

Sec. 26. Minnesota Statutes 1992, section 256I.05, subdivision 8, is amended to read:

Subd. 8. [STATE PARTICIPATION.] For a resident of a group residence who is eligible ~~for general assistance~~ under ~~sections 256D.01 to 256D.21~~ *section 256I.04, subdivision 1, paragraph (b)*, state participation in the group residential housing ~~rate~~ *payment* is determined according to section 256D.03, subdivision 2. For a resident of a group residence who is eligible under ~~sections 256D.33 to 256D.54~~ *section 256I.04, subdivision 1, paragraph (a)*, state participation in the group residential housing rate is determined according to section 256D.36.

Sec. 27. Minnesota Statutes 1992, section 256I.06, is amended to read:

256I.06 [PAYMENT METHODS.]

~~When a group residential housing rate is used to pay the room and board costs of a person eligible under sections 256D.01 to 256D.21, the Monthly payment may~~ *Subdivision 1.* [MONTHLY PAYMENTS.] *Monthly payments*

made on an individual's behalf for group residential housing must be issued as a voucher or vendor payment. ~~When a group residential housing rate is used to pay the room and board costs of a person eligible under sections 256D.33 to 256D.54, payments must be made to the recipient. If a recipient is not able to manage the recipient's finances, a representative payee must be appointed.~~

Subd. 2. [TIME OF PAYMENT.] *A county agency may make payments to a group residence in advance for an individual whose stay in the group residence is expected to last beyond the calendar month for which the payment is made and who does not expect to receive countable earned income during the month for which the payment is made. Group residential housing payments made by a county agency on behalf of an individual who is not expected to remain in the group residence beyond the month for which payment is made must be made subsequent to the individual's departure from the group residence. Group residential housing payments made by a county agency on behalf of an individual with earned income must be made subsequent to receipt of a monthly household report form.*

Subd. 3. [FILING OF APPLICATION.] *The county agency must immediately provide an application form to any person requesting group residential housing. Application for group residential housing must be in writing on a form prescribed by the commissioner. The county agency must determine an applicant's eligibility for group residential housing as soon as the required verifications are received by the county agency and within 30 days after a signed application is received by the county agency for the aged or blind or within 60 days for the disabled.*

Subd. 4. [VERIFICATION.] *The county agency must request, and applicants and recipients must provide and verify, all information necessary to determine initial and continuing eligibility and group residential housing payment amounts. If necessary, the county agency shall assist the applicant or recipient in obtaining verifications. If the applicant or recipient refuses or fails without good cause to provide the information or verification, the county agency shall deny or terminate eligibility for group residential housing payments.*

Subd. 5. [REDETERMINATION OF ELIGIBILITY.] *The eligibility of each recipient must be redetermined at least once every 12 months.*

Subd. 6. [REPORTS.] *Recipients must report changes in circumstances that affect eligibility or group residential housing payment amounts within ten days of the change. Recipients with earned income must complete a monthly household report form. If the report form is not received before the end of the month in which it is due, the county agency must terminate eligibility for group residential housing payments. The termination shall be effective on the first day of the month following the month in which the report was due. If a complete report is received within the month eligibility was terminated, the individual is considered to have continued an application for group residential housing payment effective the first day of the month the eligibility was terminated.*

Subd. 7. [DETERMINATION OF RATES.] *The county in which a group residence is located will determine the amount of group residential housing rate to be paid on behalf of an individual in the group residence regardless of the individual's county of financial responsibility.*

Subd. 8. [AMOUNT OF GROUP RESIDENTIAL HOUSING PAYMENT.] *The amount of a group residential housing payment to be made on behalf of an eligible individual is determined by subtracting the individual's countable income under section 256I.04, subdivision 1, for a whole calendar month from the group residential housing charge for that same month. The group residential housing charge is determined by multiplying the group residential housing rate times the period of time the individual was a resident or temporarily absent under section 256I.05, subdivision 1c, paragraph (d).*

Sec. 28. [TRANSFER OF GROUP RESIDENTIAL HOUSING FUNDS.]

Upon federal approval of payment under the home and community-based waiver provisions for room and board costs in addition to the MSA equivalent rate defined in Minnesota Statutes, section 256I.03, the commissioner of human services shall transfer anticipated group residential housing expenditures to the medical assistance account to meet the nonfederal share requirement of funding these additional costs as home and community-based services. Any transfer of group residential housing funds to the medical assistance account shall correspond to the increase in the waiver rates resulting from medical assistance payment for unusual room and board costs in excess of the MSA equivalent rate.

Sec. 29. [REPEALER.]

Minnesota Statutes 1992, sections 256I.03, subdivision 4; 256I.05, subdivisions 4, 9, and 10; and 256I.051, are repealed.

Sec. 30. [EFFECTIVE DATES.]

Subdivision 1. Section 25 is effective July 1, 1994.

Subd. 2. Sections 1 to 3, 8, 9, 13 to 17, 22, 23, and 26 to 29 are effective July 1, 1994, contingent upon federal recognition that group residential housing payments qualify as optional state supplement payments to the supplemental security income program under title XVI of the Social Security Act and confer categorical eligibility for medical assistance under the state plan for medical assistance.

Subd. 3. Sections 4 to 6 are effective January 1, 1994.

Subd. 4. Implementation of section 12 is contingent upon approval by the Secretary of Health and Human Services of the definition and procedure contained in that section.

Fees proposed to be prescribed in the rules shall be first approved by the department of finance. All fees proposed to be prescribed in rules shall be reasonable. The fees shall be in an amount so that the total fees collected by the commissioner will, where practical, approximate the cost to the commissioner in administering the program. All fees collected shall be deposited in the state treasury and credited to the ~~general~~ *state government special revenue* fund unless otherwise specifically appropriated by law for specific purposes.

(b) The commissioner may charge a fee for voluntary certification of medical laboratories and environmental laboratories, and for environmental and medical laboratory services provided by the department, without complying with paragraph (a) or chapter 14. handicaps program. All receipts generated by the program are annually appropriated to the commissioner for use in the maternal and child health program.

(d) The commissioner, for fiscal years 1993 and beyond, shall set license fees for hospitals and nursing homes that are not boarding care homes at a level sufficient to recover, over a two-year period, the deficit associated with the collection of license fees from these facilities. The licensee shall obtain a new license if it wishes to establish a new base of operation, or to expand its primary service area, or to provide a new type or types of service. A license, or the ownership of a licensed ambulance service, may be transferred only after the approval of the commissioner, based upon a finding that the proposed licensee or proposed new owner of a licensed ambulance service meets or will meet the requirements of section 144.804. The commissioner may approve the license or ownership transfer prior to completion of the application process described in subdivision 3 upon obtaining written assurances from the proposed licensee or proposed new owner that no change in the service's base of operations, expansion of the service's primary service area, or provision of a new type or types of ambulance service will occur during the processing of the application. Subd. 2. [TEST OF CHILDREN IN HIGH RISK AREAS.] Within limits of available state and federal appropriations, the commissioner shall promote and subsidize a blood lead test of all children ~~under six years of age~~ *before the sixth birthday* who live in all areas of high risk for toxic lead exposure that are currently known or subsequently identified. Within the limits of available appropriations, the commissioner shall conduct surveys~~, especially soil assessments larger than a residence, as defined by the commissioner,~~ *to determine probable sources of lead exposure* in greater Minnesota communities where a case of elevated blood lead levels has been reported.

Surveys conducted under this subdivision must consist of evaluating census tracts to determine whether or not they are at high risk for toxic lead exposure. The evaluation shall consist of a priority response determination under section 144.878, subdivision 2a. In making this evaluation, the commissioner shall:

(2) a child in the residence is identified as having a blood lead level at or above 20 micrograms per deciliter; or

(3) *a child in the residence is identified as having* a blood lead level that persists in the range of 15 to 19 micrograms per deciliter for 90 days after initial identification.

(b) Within the limits of available state and federal appropriations, a board of health shall also conduct home assessments for children whose confirmed blood lead levels are in the range of ten to 19 micrograms per deciliter. *A board of health may assess a residence even if none of the three criteria in this subdivision are met.*

(c) If a child regularly spends several hours ~~per day~~ at *one or more other sites such as* another residence, ~~such as~~ *or* a residential *or commercial* child care facility, the board of health must also assess the other ~~residence~~ *sites. The board of health shall have one additional day to complete the assessment for each additional site.*

~~(b)~~ *(d)* The board of health must conduct the residential assessment according to rules adopted by the commissioner ~~according to~~ *under* section 144.878. *A board of health must have residence assessments performed by lead inspectors licensed by the commissioner according to rules adopted under section 144.878. A board of health may observe the performance of lead abatement in progress and may enforce the provisions of sections 144.871 to 144.879 under section 144.8781. [RESIDENTIAL LEAD ASSESSMENT GUIDE.] (a) The commissioner of health shall develop or purchase a residential lead assessment guide that enables parents *and other caregivers* to assess the possible lead sources present and that suggests *lead abatement* actions. The guide must provide information on safe abatement and disposal methods, sources of equipment, and telephone numbers for additional information to enable the

persons to either perform the abatement or to intelligently select an abatement contractor. In addition, the guide must:

Sec. 40. Minnesota Statutes 1992, section 144.874, is amended by adding a subdivision to read:

Subd. 3a. [SWAB TEAM SERVICES.] *After issuing abatement orders for a residence of a child or pregnant women with elevated blood lead levels, the commissioner or a board of health must send a swab team within five working days to the residence to perform swab team services as defined in section 144.871, subdivision 9. If the commissioner or board of health provides swab team services after an assessment, but before the issuance of an abatement order, swab team services do not need to be repeated after the issuance of an abatement order. Swab team services are not considered completed until the reassessment required under subdivision 6 shows no violation of one or more of the standards under section 144.878, subdivision 2. If assessments and abatement orders are conducted at times when weather or soil conditions do not permit the assessment or abatement of lead in soil, the residences shall have their soil assessed and abated, if necessary, at the first opportunity that weather and soil conditions allow.*

Sec. 41. Minnesota Statutes 1992, section 144.874, subdivision 4, is amended to read:

Subd. 4. [RELOCATION OF RESIDENTS.] *(a)* A board of health must ensure that residents are relocated from rooms or dwellings during abatement that generates leaded dust, such as removal or disruption of lead-based paint or plaster that contains lead. Residents must be allowed to return to the residence or dwelling after completion of abatement. A board of health shall use grant funds under section 144.872, subdivision 3, in cooperation with local housing agencies, to pay for moving costs *and rent for a temporary residence* for any low-income resident temporarily relocated during lead abatement~~, not to exceed $250 per household~~. *For purposes of this section, "low-income resident" means any resident whose gross household income is at or below 185 percent of the federal poverty level.*

(b) Any resident of rental property who is notified by the board of health to vacate the premises during lead abatement notwithstanding any rental agreement or lease provisions:

(1) shall not be required to pay rent due the landlord for the period of time the tenant must vacate the premises; and

(2) may elect to immediately terminate the tenancy effective on the date the tenant vacates the premises for lead abatement, and shall not be liable for any further rent or other charges due under the terms of the tenancy.

(c) A landlord of rental property in which tenants must vacate the premises during lead abatement must:

(1) allow a tenant to return to the dwelling after lead abatement and retesting, as required under subdivision 6, is completed unless the tenant has elected to terminate the tenancy under paragraph (b); and

(2) return any security deposit due under section 504.20 to any tenant who terminates tenancy under paragraph (b) within five days of the date the tenant vacates the unit.

Sec. 42. Minnesota Statutes 1992, section 144.874, subdivision 5, is amended to read:

Subd. 5. [WARNING NOTICE; *FINE.*] A warning notice must be posted on all entrances to properties for which an order to abate a lead source has been issued by a board of health. ~~This~~ *A person who unlawfully removes a warning notice posted under this section may be subject to a fine up to $250. The warning* notice must be at least 8-1/2 by 11 inches in size and must include the following language, or substantially similar language:

(a) "This property contains dangerous amounts of lead to which children under age six and pregnant women should not be exposed."

(b) "It is unlawful to remove or deface this warning. ~~This warning may be removed only upon the direction of the board of health.~~"

(c) "Persons who remove or deface this warning are subject to a $250 fine. This warning may be removed only upon the direction of the board of health."

Sec. 43. Minnesota Statutes 1992, section 144.874, subdivision 6, is amended to read:

Subd. 6. [*SERVICES AND* RETESTING REQUIRED.] After completion of *swab team services and* the abatement as ordered, *including any repairs ordered by a local housing or building inspector,* the board of health must retest the residence to assure the violations no longer exist. *The board of health is not required to test a residence after lead abatement that was not ordered by the board of health.*

Sec. 44. Minnesota Statutes 1992, section 144.874, subdivision 9, is amended to read:

Subd. 9. [PRIMARY PREVENTION.] Although children who are found to already have elevated blood lead levels must have the highest priority for intervention, the commissioner shall pursue primary prevention ~~of lead poisoning~~ *for toxic lead exposure* within the limits of appropriations.

Sec. 45. Minnesota Statutes 1992, section 144.874, is amended by adding a subdivision to read:

Subd. 11a. [LEAD ABATEMENT DIRECTIVES.] *In order to achieve statewide consistency in the application of lead abatement standards, the commissioner shall issue program directives that interpret the application of rules under section 144.878 in ambiguous or unusual lead abatement situations. These directives are guidelines to local boards of health. The commissioner shall periodically review the evaluation of lead abatement orders and the program directives to determine if the rules under section 144.878 need to be amended to reflect new understanding of lead abatement practices and methods.*

Sec. 46. Minnesota Statutes 1992, section 144.876, is amended by adding a subdivision to read:

Subd. 4. [NOTICE OF ABATEMENT.] *At least five days before starting work at each lead abatement worksite, a lead abatement contractor shall give written notice to the commissioner and the board of health.*

Sec. 47. [144.877] [LEAD INSPECTORS; LICENSING.]

Subdivision 1. [LICENSE REQUIRED.] *A lead inspector must obtain a license within 180 days of the effective date of this section and must renew it annually. The license must be readily available at assessment sites for inspection by the commissioner or by staff of a board of health with jurisdiction over a work site. A license cannot be transferred.*

Subd. 2. [LICENSE APPLICATION.] *An application for license or license renewal must be on a form provided by the commissioner and must include:*

(1) a $50 nonrefundable fee, in the form of a check;

(2) evidence that the applicant has successfully completed a lead inspector training course approved in subdivision 6, or has, within the previous 180 days, successfully completed an initial lead inspection training course.

The fee required in this subdivision is waived for an employee of a board of health.

Subd. 3. [LICENSE RENEWAL.] *A license is valid for one year from the issuance date unless the commissioner revokes it. An applicant must successfully complete either an initial lead inspection training course or an annual refresher lead inspection training course to apply for license renewal.*

Subd. 4. [LICENSE REPLACEMENT.] *A licensed lead inspector may obtain a replacement license by reapplying for a license. A replacement expires on the same date as the original license. A nonrefundable $25 fee is required with each replacement application.*

Subd. 5. [DENIAL OF LICENSE APPLICATION.] *The commissioner may deny an application, revoke, or impose limitations or conditions on a license, if the applicant or licensed lead inspector:*

(1) violates rules adopted under sections 144.871 to 144.879;

(2) submits an application that is incomplete, inaccurate, or lacks the required fee, or submits an invalid check;

(3) obtains a license, certificate, or approval through error, fraud, or cheating;

(6) endangers public health or safety;

(7) has been convicted during the previous five years of a felony or gross misdemeanor related to residential lead assessment or residential lead abatement; or

(8) has been convicted during the previous five years of a violation of section 270.72, 325F.69, or 325F.71.

An application for licensure that has been denied may be resubmitted when the reasons for denial have been corrected. A person whose license is revoked may not apply for a license within one year of the date of revocation. After one year, the application requirements must be followed by an applicant for a license, certificate, or course approval. An applicant who submits an approvable application within 60 days of initial denial is not required to pay a second fee.

Subd. 6. [APPROVAL OF LEAD INSPECTION COURSE.] *A lead inspection course sponsored by the United States Environmental Protection Agency is an approved course for the purpose of this section.*

Subd. 7. [LEAD INSPECTION; RULES.] *The commissioner may adopt rules to implement this section. The commissioner may also approve lead inspector courses offered by groups other than those approved by the United States Environmental Protection Agency and shall charge a fee to cover the costs of approving courses.*

Sec. 48. Minnesota Statutes 1992, section 144.878, subdivision 2, is amended to read:

Subd. 2. [LEAD STANDARDS AND ABATEMENT METHODS.] (a) The commissioner shall adopt rules establishing standards and abatement methods for lead in paint, dust, and drinking water in a manner that protects public health and the environment for all residences, including residences also used for a commercial purpose. ~~The commissioner shall adopt priorities for providing abatement services to areas defined to be at high risk for toxic lead exposure. In adopting priorities, the commission shall consider the number of children and pregnant women diagnosed with elevated blood lead levels and~~

~~the median concentration of lead in the soil. The commissioner shall give priority to areas having the largest population of children and pregnant women having elevated blood lead levels, areas with the highest median soil lead concentration, and areas where it has been determined that there are large numbers of residences that have deteriorating paint.~~ The commissioner shall differentiate between intact paint and deteriorating paint. The commissioner and political subdivisions shall require abatement of intact paint only if the commissioner or political subdivision finds that *the* intact paint is *on* a chewable or lead-dust producing surface that is a known source *or reasonably expected to be a source* of actual lead exposure to a specific person. In adopting rules under this subdivision, the commissioner shall require the best available technology for *lead* abatement methods, paint stabilization, and repainting.

(b) The commissioner of health shall adopt standards and abatement methods for lead in bare soil on playgrounds and residential property in a manner to protect public health and the environment. *The commissioner shall adopt a maximum standard of 100 parts of lead per million in bare soil, unless it is proven that a different standard provides greater protection of public health.*

(c) The commissioner of the pollution control agency shall adopt rules to ensure that removal of exterior lead-based coatings from residential property by abrasive blasting methods ~~and disposal of any hazardous waste are~~ *is* conducted in a manner that protects public health and the environment.

(d) All standards adopted under this subdivision must provide ~~adequate~~ *reasonable* margins of safety that are consistent with a detailed review of scientific evidence and an emphasis on overprotection rather than underprotection when the scientific evidence is ambiguous. The rules must apply to any individual performing or ordering the performance of lead abatement.

(e) No unit of local government may have an ordinance or regulation governing lead abatement methods for lead in paint, dust, or soil for residences and residential land that require a different lead abatement method than the lead abatement standards established under sections 144.871 to 144.879.

Sec. 49. Minnesota Statutes 1992, section 144.878, subdivision 2a, is amended to read:

Subd. 2a. [PRIORITIES FOR RESPONSE ACTION.] ~~By January 1, 1988,~~ The commissioner of health must adopt *new* rules establishing ~~the~~ *a* priority *list of census tracts at high risk for toxic lead exposure* for *primary prevention* response actions. ~~The rules must consider the potential for children's contact with the soil and the existing level of lead in the soil and may consider the relative risk to the public health, the size of the population at risk, and blood lead levels of resident populations.~~ *In establishing the list, the commissioner shall award points under this subdivision to each census tract on which information is available. The priority for primary prevention response actions in census tracts at high risk for toxic lead exposure shall be based on the cumulative points awarded to each census tract. A greater number of points means a higher priority. If a tie occurs in the number of points, priority shall be given to the census tract with the higher percentage of population with blood lead levels greater than ten micrograms of lead per deciliter. All local governmental units and boards of health shall follow the priorities under this subdivision. The commissioner shall revise and update the priority list at least*

every five years. Points shall be awarded to each census tract for each criteria, considered independently, defined in section 144.871, subdivision 7a. Points shall be awarded as follows:

(a) In a census tract where at least 20 children have been screened in the last five years, one point shall be awarded for each five percent of children who were under six years old at the time they were screened for lead in blood and whose blood lead level exceeds ten micrograms of lead per deciliter. An additional point shall be awarded if one percent of the children had blood levels greater than 20 micrograms per deciliter of blood. Two points shall be awarded to a census tract, where the blood lead screening has been inadequate, that is contiguous with a census tract where more than ten percent of the children under six years of age have blood lead levels exceeding ten micrograms per deciliter.

(b) One point shall be awarded for every five percent of housing that is defined as dilapidated or deteriorated by the planning department or similar agency of the city in which the housing is located. Where data is available by neighborhood or section within a city, the percent of dilapidated or deteriorated housing shall apply equally to each census tract within the neighborhood or section.

(c) One point shall be awarded for every 100 parts per million of lead soil, based on the median soil lead values of foundation soil samples, calculated on 100 parts per million intervals, or fraction thereof. For the cities of St. Paul and Minneapolis, the commissioner shall use the June 1988 census tract version of the houseside map entitled "Distribution of Household Lead Content of Soil Dust in the Twin Cities," prepared by the center for urban and regional affairs. Where the map displays a census tract that is crossed by two or more intervals, the commissioner shall make a reasoned determination of the median foundation soil lead value for that tract. Values for census tracts may be updated by surveying the tract according to the procedures under Minnesota Rules, part 4761.0400, subpart 8.

Sec. 50. Minnesota Statutes 1992, section 144.878, subdivision 5, is amended to read:

Subd. 5. [LEAD ABATEMENT CONTRACTORS AND EMPLOYEES.] The commissioner shall adopt rules to license *lead* abatement contractors, to certify employees of lead abatement contractors who perform abatement, and to certify lead abatement trainers who provide lead abatement training for contractors, employees, or other lead abatement trainers. ~~The rules must include standards and procedures for on-the-job training for swab teams.~~ *A person who performs painting, renovation, rehabilitation, remodeling, or other residential work that is not lead abatement need not be a licensed lead abatement contractor. By July 1, 1994, a person who performs work that removes intact paint on residences built before February 27, 1978, must determine whether lead sources are present and whether the planned work would be lead abatement as defined in section 144.871, subdivision 2. This determination may be made by quantitative chemical analysis, X-ray fluorescence analyzer, or chemical spot test using sodium rhodizonate. If lead sources are identified, the work must be performed by a licensed lead abatement contractor. An owner of an owner-occupied residence with one or two units is not subject to the requirements under this subdivision.* All lead abatement training must include a hands-on component and instruction on the health effects of lead exposure, the use of personal protective equipment,

workplace hazards and safety problems, abatement methods and work practices, decontamination procedures, cleanup and waste disposal procedures, lead monitoring and testing methods, and legal rights and responsibilities. *The commissioner shall adopt rules to approve lead abatement training courses and to charge a fee for approval.* At least 30 days before publishing initial notice of proposed rules under this subdivision on the licensing of lead abatement contractors, the commissioner shall submit the rules to the chairs of the health and human services committees in the house of representatives and the senate, and to any legislative committee on licensing created by the legislature.

Sec. 51. [144.8781] [ENFORCEMENT.]

Subdivision 1. [CEASE AND DESIST ORDER.] *(a) The commissioner may issue an order requiring a person to cease lead abatement if the commissioner determines that a condition exists that poses an immediate danger to the public health. For purposes of this subdivision, an immediate danger to the public health exists if the commissioner determines that:*

(1) lead abatement is being performed in a manner that violates applicable state or federal law or related rules;

(2) the person performing lead abatement is not currently licensed or certified as required by rules adopted under sections 144.871 to 144.879; or

(3) the lead abatement contractor has not given prior written notice required by section 144.876 to the commissioner and board of health.

(b) An order to cease lead abatement is effective for a maximum of 60 days. Following issuance of the order, the commissioner shall provide the contractor or individual with an opportunity for a hearing under the contested case provisions of chapter 14. Within ten days of the hearing, the commissioner shall decide whether to rescind, modify, or reissue the previous order. A modified or reissued order is effective for a maximum of 60 days from the date of modification or reissuance.

Subd. 2. [ORDER FOR CORRECTIVE ACTION.] *(a) The commissioner may issue an order requiring a person violating sections 144.871 to 144.879 or a rule adopted under sections 144.871 to 144.879 to take the corrective action the commissioner determines will accomplish the purpose of the project and prevent future violation. The order for corrective action shall state the conditions that constitute the violation, the specific statute or rule violated, and the time by which the violation must be corrected.*

(b) If the person believes that the information contained in the commissioner's order for corrective action is in error, the person may ask the commissioner to reconsider the parts of the order that are alleged to be in error. The request must be in writing, delivered to the commissioner by certified mail within five working days of receipt of the order, and:

(1) specify which parts of the order for corrective action are alleged to be in error;

(2) explain why they are in error; and

(3) provide documentation to support the allegation of error.

The commissioner shall respond to a request made under this subdivision within 15 working days after receipt of the request. A request for reconsid-

eration does not stay the order for corrective action but the commissioner may provide additional time to comply with the order after reviewing the request. The commissioner's disposition of a request for reconsideration is final.

Subd. 3. [INJUNCTIVE RELIEF.] *In addition to any other remedy provided by law, the commissioner may bring an action for injunctive relief in the district court in Ramsey county or, at the commissioner's discretion, in the district court in the county in which the lead abatement is being undertaken, to halt the work or an activity connected with it. A temporary restraining order or other injunctive relief may be granted by the court if continuation of the lead abatement or an activity connected with it would result in an imminent risk of harm to any person.*

Subd. 4. [PENALTIES.] *(a) A person who violates any of the requirements of sections 144.871 to 144.879 or any requirement, rule, or order issued under this section is subject to a civil penalty of not more than $5,000 per day of violation. Penalties may be recovered in a civil action in the name of the state brought by the attorney general.*

(b) The commissioner may issue an order assessing a penalty of not more than $5,000 per violation to any person who violates any of the requirements of sections 144.871 to 144.879 or any requirement, rule, or order issued under this section. A person subject to an administrative penalty order may request a contested case hearing under chapter 14 within 20 days from date of receipt of the penalty order. If the penalty order is not contested within 20 days of receipt, it becomes final and may not be contested.

(c) The amount of penalty shall be based on the past history of violations, the severity of violation, the culpability of the person, and other relevant factors.

(d) Penalties assessed under sections 144.871 to 144.879 shall be paid to the commissioner for deposit in the general fund. Unpaid penalties shall be increased to 125 percent of the original assessed amount if not paid within 60 days after the penalty order becomes final. After 60 days, interest shall accrue on the unpaid penalty balance at the rate established in section 549.09.

Subd. 5. [MISDEMEANOR PENALTY.] *A person is guilty of a misdemeanor and may be sentenced to payment of a fine of not more than $700, imprisonment for not more than 30 days, or both, for each violation if that person:*

(1) hinders or delays the commissioner or the commissioner's authorized representative in the performance of the duty to enforce sections 144.871 to 144.879;

(2) undertakes lead abatement without a current, valid license;

(3) refuses to make a license or certificate accessible to either the commissioner or the commissioner's authorized representative;

(4) employs a person to do lead abatement who does not have a valid certificate;

(5) fails to report lead abatement as required by section 144.876; or

(6) makes a false material statement related to a license, certificate, report, or other documents required under sections 144.871 to 144.879.

Subd. 6. [DISCRIMINATION.] *A person who discriminates against or otherwise sanctions an employee who complains to or cooperates with the commissioner in administering sections 144.871 to 144.879 is guilty of a misdemeanor.*

Sec. 52. Minnesota Statutes 1992, section 144.98, subdivision 5, is amended to read:

Subd. 5. [~~LABORATORY CERTIFICATION ACCOUNT~~ *STATE GOVERNMENT SPECIAL REVENUE FUND.*] ~~There is an account in the special revenue fund called the laboratory certification account.~~ Fees collected under this section ~~and appropriations for the purposes of this section~~ must be deposited in the ~~laboratory certification account. Sec. 53. Minnesota Statutes 1992, section 144A.04, subdivision 7, is amended to read:

Subd. 7. [MINIMUM NURSING STAFF REQUIREMENT.] Notwithstanding the provisions of Minnesota Rules, part 4655.5600, the minimum staffing standard for nursing personnel in certified nursing homes is as follows:

(a) The minimum number of hours of nursing personnel to be provided in a nursing home is the greater of two hours per resident per 24 hours or 0.95 hours per standardized resident day.

(b) For purposes of this subdivision, "hours of nursing personnel" means the paid, on-duty, productive nursing hours of all nurses and nursing assistants, calculated on the basis of any given 24-hour period. "Productive nursing hours" means all on-duty hours during which nurses and nursing assistants are engaged in nursing duties. Examples of nursing duties may be found in Minnesota Rules, parts 4655.5900, 4655.6100, and 4655.6400. Not included are vacations, holidays, sick leave, in-service classroom training, or lunches. Also not included are the nonproductive nursing hours of the in-service training director. In homes with more than 60 licensed beds, the hours of the director of nursing are excluded. "Standardized resident day" means the sum of the number of residents in each case mix class multiplied by the case mix weight for that resident class, as found in Minnesota Rules, part 9549.0059, subpart 2, calculated on the basis of a facility's census for any given day. *For the purpose of determining a facility's census, the commissioner of health shall exclude the resident days claimed by the facility for resident therapeutic leave or bed hold days.*

(c) Calculation of nursing hours per standardized resident day is performed by dividing total hours of nursing personnel for a given period by the total of standardized resident days for that same period.

(d) A nursing home that is issued a notice of noncompliance under section 144A.10, subdivision 5, for a violation of this subdivision, shall be assessed a civil fine of $300 for each day of noncompliance, subject to section 144A.10, subdivisions 7 and 8.

Sec. 54. [144C.01] [AMBULANCE SERVICE PERSONNEL LONGEVITY AWARD AND INCENTIVE PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] *An ambulance service personnel longevity award and incentive program is established. The program is intended to recognize the service rendered to state and local government and the citizens of Minnesota by qualified ambulance service personnel, and to reward qualified ambulance service personnel for significant contributions to state and local government and to the public. The purpose of the ambulance service personnel longevity award and incentive trust is to accumulate resources to allow for the payment of longevity awards to qualified ambulance service personnel upon the completion of a substantial ambulance service career.*

Subd. 2. [ADMINISTRATION.] *(a) Unless paragraph (c) applies, consistent with the responsibilities of the state board of investment and the various ambulance services, the ambulance service personnel longevity award and incentive program must be administered by the commissioner of health. The administrative responsibilities of the commissioner of health for the program relate solely to the record keeping, award application, and award payment functions. The state board of investment is responsible for the investment of the ambulance service personnel longevity award and incentive trust. The applicable ambulance service is responsible for determining, consistent with this chapter, who is a qualified ambulance service person, what constitutes a year of credited ambulance service, what constitutes sufficient documentation of a year of prior service, and for submission of all necessary data to the commissioner of health in a manner consistent with this chapter. Determinations of an ambulance service are final.*

(b) The commissioner of health may administer the commissioner's assigned responsibilities regarding the program directly or may retain a qualified governmental or nongovernmental plan administrator under contract to administer those responsibilities regarding the program. A contract with a qualified plan administrator must be the result of an open competitive bidding process and must be reopened for competitive bidding at least once during every five-year period after the effective date of this section.

(c) The commissioner of employee relations shall review the options within state government for the most appropriate administration of pension plans or similar arrangements for emergency service personnel and recommend to the governor the most appropriate future pension plan or nonpension plan administrative arrangement for this chapter. If the governor concurs in the recommendation, the governor shall transfer the future administrative responsibilities relating to this chapter to that administrative agency.

Sec. 55. [144C.02] [PROGRAM ELIGIBILITY; QUALIFIED AMBULANCE SERVICE PERSONNEL.]

(a) Persons eligible to participate in the ambulance service personnel longevity award and incentive program are qualified ambulance service personnel.

(b) Qualified ambulance service personnel are ambulance attendants, ambulance drivers, and ambulance service medical directors or medical advisors who meet the following requirements:

(1) employment of the person by or provision by the person of service to an ambulance service that is licensed as such by the state of Minnesota and that provides ambulance services that are generally available to the public and are free of unfair discriminatory practices under chapter 363;

(2) performance by the person during the 12 months ending as of the immediately previous June 30 of all or a predominant portion of the person's services in the state of Minnesota or on behalf of Minnesota residents, as verified by August 1 annually in an affidavit from the chief administrative officer of the ambulance service;

(3) current certification of the person during the 12 months ending as of the immediately previous June 30 by the Minnesota department of health as an ambulance attendant, ambulance driver, or ambulance service medical director or medical advisor under section 144.804, and supporting rules, and current active ambulance service employment or service provision status of the person, as verified by August 1 annually in an affidavit from the chief administrative officer of the ambulance service; and

(4) conformance by the person with the definition of the phrase "volunteer ambulance attendant" under section 144.8091, subdivision 2, except that for the salary limit specified in that provision there must be substituted, for purposes of this section only, a limit of $3,000 for calendar year 1993, and $3,000 multiplied by the cumulative percentage increase in the national Consumer Price Index, all items, for urban wage earners and clerical workers, as published by the federal Department of Labor, Bureau of Labor Statistics, since December 31, 1993, and for an ambulance service medical director, conformance based solely on the person's hourly stipends or salary for service as a medical director.

(c) The term "active ambulance service employment or service provision status" means being in good standing with and on the active roster of the ambulance service making the certification.

(d) The maximum period of ambulance service employment or service provision for which a person may receive credit towards an award under this chapter, including prior service credit under section 144C.07, subdivision 2, paragraph (c), is 20 years.

(e) For a person who is employed by or provides service to more than one ambulance service concurrently during any period during the 12-month period, credit towards an award under this chapter is limited to one ambulance service during any period. The creditable period is with the ambulance service for which the person undertakes the greatest portion of employment or service hours.

Sec. 56. [144C.03] [AMBULANCE SERVICE PERSONNEL LONGEVITY AWARD AND INCENTIVE TRUST; TRUST ACCOUNT.]

Subdivision 1. [TRUST.] *There is established an ambulance service personnel longevity award and incentive trust.*

Subd. 2. [TRUST ACCOUNT.] *There is established in the general fund an ambulance service personnel longevity award and incentive trust account. The trust account must be credited with appropriations for that purpose, and investment earnings on those accumulated proceeds. The assets and income of the trust account must be held and managed by the commissioner of finance and the state board of investment for the benefit of the state of Minnesota and its general creditors.*

Subd. 3. [PRIORITY OF CLAIMS.] *The state of Minnesota intends that this program, trust, and trust account not constitute a separate fund for any legal purpose, including the federal Internal Revenue Code, as amended, and*

the federal Employee Retirement Income Security Act of 1974, as amended. Qualified ambulance service personnel have only an unsecured promise of the state of Minnesota to pay a longevity award upon meeting entitlement requirements set forth in section 144C.08, and qualified ambulance service personnel meeting those entitlement requirements have the status of general unsecured creditors with respect to an ambulance service personnel longevity award, if and when awarded.

Sec. 57. [144C.05] [DISTRIBUTIONS FROM ACCOUNT.]

Subdivision 1. [AWARD PAYMENTS.] *(a) The commissioner of health or the commissioner's designee under section 144C.01, subdivision 2, shall pay ambulance service personnel longevity awards to qualified ambulance service personnel determined to be entitled to an award under section 144C.08 by the commissioner based on the submissions by the various ambulance services. Amounts necessary to pay the ambulance service personnel longevity award are appropriated from the ambulance service personnel longevity award and incentive trust account to the commissioner of health.*

(b) If the state of Minnesota is unable to meet its financial obligations as they become due, the commissioner of health shall undertake all necessary steps to discontinue paying ambulance service personnel longevity awards until the state of Minnesota is again able to meet its financial obligations as they become due.

Subd. 2. [GENERAL CREDITORS OF THE STATE.] *The trust account is at all times subject to a levy under an execution of any general creditor of the state of Minnesota, and if no other funds are available to satisfy that levy, the levy has priority for payment from the trust account before any ambulance service personnel longevity award.*

Sec. 58. [144C.06] [TRUST ACCOUNT INVESTMENT.]

The trust account must be invested by the state board of investment, as provided in section 11A.20.

Sec. 59. [144C.07] [CREDITING QUALIFIED AMBULANCE PERSONNEL SERVICE.]

Subdivision 1. [SEPARATE RECORD KEEPING.] *The commissioner of health or the commissioner's designee under section 144C.01, subdivision 2, shall maintain a separate record of potential award accumulations for each qualified ambulance service person under subdivision 2.*

Subd. 2. [POTENTIAL ALLOCATIONS.] *(a) On September 1, annually, the commissioner of health or the commissioner's designee under section 144C.01, subdivision 2, shall determine the amount of the allocation of the prior year's accumulation to each qualified ambulance service person. The prior year's net investment gain or loss under paragraph (b) must be allocated and that year's appropriation, after deduction of administrative expenses, also must be allocated.*

(b) The difference in the market value of the assets of the ambulance service personnel longevity award and incentive trust account as of the immediately previous June 30 and the June 30 occurring 12 months earlier must be reported on or before August 15 by the state board of investment. The market value gain or loss must be expressed as a percentage of the total potential award accumulations as of the immediately previous June 30, and that

positive or negative percentage must be applied to increase or decrease the recorded potential award accumulation of each qualified ambulance service person.
