Disclosing any information contained in any accident report, except as provided herein, is unlawful and a misdemeanor.~~

~~Nothing herein shall be construed to prevent any person who has made a report pursuant to this chapter from providing information to any persons involved in an accident or their representatives or from testifying in any trial, civil or criminal, arising out of an accident, as to facts within the person's knowledge. It is intended by this subdivision to render privileged the reports required but it is not intended to prohibit proof of the facts to which the reports relate. ~~When these reports are released for accident analysis purposes the identity of any involved person shall not be revealed. Data contained in these reports shall only be used for accident analysis purposes, except as otherwise provided by this subdivision. Accident reports and data contained therein which may be in the possession or control of departments or agencies other than the department of public safety shall not be discoverable under any provision of law or rule of court.~~

(4) the commissioner of public safety ~~shall~~ *may* give to the commissioner of transportation the name and address of a carrier subject to section 221.031 ~~that is named in an accident report filed under subdivision 7 or 8. The commissioner shall use this information to enforce~~ *for use in enforcing* accident report requirements under chapter 221. ~~In addition~~*; and*

(5) the commissioner of public safety may give to the United States Department of Transportation commercial vehicle accident information in connection with federal grant programs relating to safety.

~~The department may charge authorized persons a $5 fee for a copy of an accident report.~~

(b) Accident reports and data contained in the reports shall not be discoverable under any provision of law or rule of court. No report shall be

used as evidence in any trial, civil *or criminal, arising out of an accident, except that the commissioner of public safety shall furnish upon the demand of any person who has, or claims to have, made a report, or, upon demand of any court, a certificate showing that a specified accident report has or has not been made to the commissioner solely to prove compliance or failure to comply with the requirements that the report be made to the commissioner.*

(c) Nothing in this subdivision prevents any person who has made a report pursuant to this section from providing information to any persons involved in an accident or their representatives or from testifying in any trial, civil or criminal, arising out of an accident, as to facts within the person's knowledge. It is intended by this subdivision to render privileged the reports required, but it is not intended to prohibit proof of the facts to which the reports relate.

Money collected by the commissioner under this paragraph is appropriated to the commissioner.

Sec. 29. Minnesota Statutes 1992, section 245A.04, subdivision 3, is amended to read:

Subd. 3. [STUDY OF THE APPLICANT.] (a) Before the commissioner issues a license, the commissioner shall conduct a study of the individuals specified in clauses (1) to (4) according to rules of the commissioner. The applicant, license holder, the bureau of criminal apprehension, and county agencies, after written notice to the individual who is the subject of the study, shall help with the study by giving the commissioner criminal conviction data and reports about abuse or neglect of adults in licensed programs substantiated under section 626.557 and the maltreatment of minors in licensed programs substantiated under section 626.556. The individuals to be studied shall include:

(1) the applicant;

(2) persons over the age of 13 living in the household where the licensed program will be provided;

(3) current employees or contractors of the applicant who will have direct contact with persons served by the program; and

(4) volunteers who have direct contact with persons served by the program to provide program services, if the contact is not directly supervised by the individuals listed in clause (1) or (3).

The juvenile courts shall also help with the study by giving the commissioner existing juvenile court records on individuals described in clause (2) relating to delinquency proceedings held within either the five years immediately preceding the application or the five years immediately preceding the

individual's 18th birthday, whichever time period is longer. The commissioner shall destroy juvenile records obtained pursuant to this subdivision when the subject of the records reaches age 23.

For purposes of this subdivision, "direct contact" means providing face-to-face care, training, supervision, counseling, consultation, or medication assistance to persons served by a program. For purposes of this subdivision, "directly supervised" means an individual listed in clause (1) or (3) is within sight or hearing of a volunteer to the extent that the individual listed in clause (1) or (3) is capable at all times of intervening to protect the health and safety of the persons served by the program who have direct contact with the volunteer.

A study of an individual in clauses (1) to (4) shall be conducted on at least an annual basis. No applicant, license holder, or individual who is the subject of the study shall pay any fees required to conduct the study.

(b) The individual who is the subject of the study must provide the applicant or license holder with sufficient information to ensure an accurate study including the individual's first, middle, and last name; home address, city, county, and state of residence; zip code; sex; date of birth; and driver's license number. The applicant or license holder shall provide this information about an individual in paragraph (a), clauses (1) to (4), on forms prescribed by the commissioner. The commissioner may request additional information of the individual, which shall be optional for the individual to provide, such as the individual's social security number or race.

(c) Except for child foster care, adult foster care, and family day care homes, a study must include information from the county agency's record of substantiated abuse or neglect of adults in licensed programs, and the maltreatment of minors in licensed programs, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. For child foster care, adult foster care, and family day care homes, the study must include information from the county agency's record of substantiated abuse or neglect of adults, and the maltreatment of minors, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. The commissioner may also review arrest and investigative information from the bureau of criminal apprehension, a county attorney, county sheriff, county agency, local chief of police, other states, the courts, or a national criminal record repository if the commissioner has reasonable cause to believe the information is pertinent to the disqualification of an individual listed in paragraph (a), clauses (1) to (4).

(d) An applicant's or license holder's failure or refusal to cooperate with the commissioner is reasonable cause to deny an application or immediately suspend, suspend, or revoke a license. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the license holder's license to be immediately suspended, suspended, or revoked.

(e) The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

(f) No person in paragraph (a), clause (1), (2), (3), or (4) who is disqualified as a result of this section may be retained by the agency in a position involving direct contact with persons served by the program.

(g) Termination of persons in paragraph (a), clause (1), (2), (3), or (4) made in good faith reliance on a notice of disqualification provided by the commissioner shall not subject the applicant or license holder to civil liability.

(h) The commissioner may establish records to fulfill the requirements of this section. ~~The information contained in the records is only available to the commissioner for the purpose authorized in this section.~~

(i) The commissioner may not disqualify an individual subject to a study under this section because that person has, or has had, a mental illness as defined in section 245.462, subdivision 20.

Sec. 30. Minnesota Statutes 1992, section 260.161, subdivision 1, is amended to read:

Subdivision 1. [RECORDS REQUIRED TO BE KEPT.] (a) The juvenile court judge shall keep such minutes and in such manner as the court deems necessary and proper. Except as provided in paragraph (b), the court shall keep and maintain records pertaining to delinquent adjudications until the person reaches the age of 23 years and shall release the records on an individual *to another juvenile court that has jurisdiction of the juvenile,* to a requesting adult court for purposes of sentencing, or to an adult court or juvenile court as required by the right of confrontation of either the United States Constitution or the Minnesota Constitution. The juvenile court shall provide, upon the request of any other juvenile court, copies of the records concerning adjudications involving the particular child. The court shall also keep an index in which files pertaining to juvenile matters shall be indexed under the name of the child. After the name of each file shall be shown the file number and, if ordered by the court, the book and page of the register in which the documents pertaining to such file are listed. The court shall also keep a register properly indexed in which shall be listed under the name of the child all documents filed pertaining to the child and in the order filed. The list shall show the name of the document and the date of filing thereof. The juvenile court legal records shall be deposited in files and shall include the petition, summons, notice, findings, orders, decrees, judgments, and motions and such other matters as the court deems necessary and proper. ~~The legal~~ *Unless otherwise provided by law, all court* records ~~maintained in this file~~ shall be open at all reasonable times to the inspection of any child to whom the records relate, and to the child's parent and guardian.

(b) The court shall retain records of the court finding that a juvenile committed an act that would be a violation of, or an attempt to violate, section 609.342, 609.343, 609.344, or 609.345, until the offender reaches the age of 25. If the offender commits another violation of sections 609.342 to 609.345 as an adult, the court shall retain the juvenile records for as long as the records would have been retained if the offender had been an adult at the time of the juvenile offense. This paragraph does not apply unless the juvenile was represented by an attorney when the petition was admitted or proven.

Sec. 31. Minnesota Statutes 1992, section 260.161, subdivision 3, is amended to read:

Subd. 3. [PEACE OFFICER RECORDS OF CHILDREN.] (a) Except for records relating to an offense where proceedings are public under section 260.155, subdivision 1, peace officers' records of children *who are or may be delinquent or who may be engaged in criminal acts* shall be kept separate from records of persons 18 years of age or older and ~~shall not be open to public inspection or their contents disclosed to the public except~~ *are private data but shall be disseminated:* (1) by order of the juvenile court, (2) as required by section 126.036, (3) as authorized under section 13.82, subdivision 2, (4) to the *child or the* child's parent or guardian unless disclosure of a record would interfere with an ongoing investigation, or (5) as provided in paragraph (d). Except as provided in paragraph (c), no photographs of a child taken into custody may be taken without the consent of the juvenile court *unless the child is alleged to have violated section 169.121 or 169.129. Peace officers' records containing data about children who are victims of crimes or witnesses to crimes must be administered consistent with section 13.82, subdivisions 2, 3, 4, and 10.* Any person violating any of the provisions of this subdivision shall be guilty of a misdemeanor.

In the case of computerized records maintained about juveniles by peace officers, the requirement of this subdivision that records about juveniles must be kept separate from adult records does not mean that a law enforcement agency must keep its records concerning juveniles on a separate computer system. Law enforcement agencies may keep juvenile records on the same computer as adult records and may use a common index to access both juvenile and adult records so long as the agency has in place procedures that keep juvenile records in a separate place in computer storage and that comply with the special data retention and other requirements associated with protecting data on juveniles.

(b) Nothing in this subdivision prohibits the exchange of information by law enforcement agencies if the exchanged information is pertinent and necessary to the requesting agency in initiating, furthering, or completing a criminal investigation.

(c) A photograph may be taken of a child taken into custody pursuant to section 260.165, subdivision 1, clause (b), provided that the photograph must be destroyed when the child reaches the age of 19 years. The commissioner of corrections may photograph juveniles whose legal custody is transferred to the commissioner. Photographs of juveniles authorized by this paragraph may be used only for institution management purposes, *case supervision by parole agents,* and to assist law enforcement agencies to apprehend juvenile offenders. The commissioner shall maintain photographs of juveniles in the same manner as juvenile court records and names under this section.

(d) Traffic investigation reports are open to inspection by a person who has sustained physical harm or economic loss as a result of the traffic accident. Identifying information on juveniles who are parties to traffic accidents may be disclosed as authorized under section 13.82, subdivision 4, *and accident reports required under section 169.09 may be released under section 169.09, subdivision 13,* unless the information would identify a juvenile who was taken into custody or who is suspected of committing an offense that would be a crime if committed by an adult, or would associate a juvenile with the offense, and the offense is not a minor traffic offense under section 260.193.

Sec. 32. Minnesota Statutes 1992, section 270B.12, is amended by adding a subdivision to read:

Subd. 9. [COUNTY ASSESSORS.] *If, as a result of an audit, the commissioner determines that a person is a Minnesota nonresident or part-year resident for income tax purposes, the commissioner may disclose the person's name, address, and social security number to the assessor of any political subdivision in the state, when there is reason to believe that the person may have claimed or received homestead property tax benefits for a corresponding assessment year in regard to property apparently located in the assessor's jurisdiction.*

Sec. 33. Minnesota Statutes 1992, section 270B.14, subdivision 1, is amended to read:

Subdivision 1. [DISCLOSURE TO COMMISSIONER OF HUMAN SERVICES.] (a) On the request of the commissioner of human services, the commissioner shall disclose return information regarding taxes imposed by chapter 290, and claims for refunds under chapter 290A, to the extent provided in paragraph (b) and for the purposes set forth in paragraph (c).

(b) Data that may be disclosed are limited to data relating to the identity, whereabouts, employment, income, and property of a person owing or alleged to be owing an obligation of child support.

(c) The commissioner of human services may request data only for the purposes of carrying out the child support enforcement program and to assist in the location of parents who have, or appear to have, deserted their children. Data received may be used only as set forth in section 256.978.

(d) The commissioner shall provide the records and information necessary to administer the supplemental housing allowance to the commissioner of human services.

(e) At the request of the commissioner of human services, the commissioner of revenue shall electronically match the social security numbers and names of participants in the telephone assistance plan operated under sections 237.69 to 237.711, with those of property tax refund filers, and determine whether each participant's household income is within the eligibility standards for the telephone assistance plan.

Sec. 34. Minnesota Statutes 1992, section 270B.14, subdivision 8, is amended to read:

Subd. 8. [EXCHANGE BETWEEN DEPARTMENTS OF LABOR AND INDUSTRY AND REVENUE.] ~~Notwithstanding any law to the contrary,~~ The departments of labor and industry and revenue may exchange information ~~on a reciprocal basis. Data that may be disclosed are limited to data used in determining whether a business is an employer or a contracting agent.~~ *as follows:*

(1) data used in determining whether a business is an employer or a contracting agent;

(2) taxpayer identity information relating to employers for purposes of supporting tax administration and chapter 176; and

(3) data to the extent provided in and for the purpose set out in section 176.181, subdivision 8.

Sec. 35. Minnesota Statutes 1992, section 270B.14, is amended by adding a subdivision to read:

Subd. 12. [DISCLOSURE TO OFFICE OF TOURISM.] *The commissioner may disclose to the office of tourism in the department of trade and economic development, the name, address, standard industrial classification code, and telephone number of a travel or tourism related business that is authorized to collect sales and use tax. The data may be used only by the office of tourism to survey travel or tourism related businesses.*

Sec. 36. Minnesota Statutes 1992, section 299L.03, is amended by adding a subdivision to read:

Subd. 11. [DATA CLASSIFICATION.] *Data provided to the director, by a governmental entity located outside Minnesota for use in an authorized investigation, audit, or background check, has the same data access classification or restrictions on access, for the purposes of chapter 13, that it had in the entity providing it. If the classification or restriction on access in the entity providing the data is less restrictive than the Minnesota data classification, the Minnesota classification applies.*

Data classified as not public by this section are only discoverable as follows:

(1) the data are subject to discovery in a legal proceeding; and

(2) the data are discoverable in a civil or administrative proceeding if the subject matter of the proceeding is a final agency decision adverse to the party seeking discovery of the data.

Sec. 37. Minnesota Statutes 1992, section 626.556, subdivision 11, is amended to read:

Subd. 11. [RECORDS.] Except as provided in subdivisions 10b, 10d, 10g, and 11b, all records concerning individuals maintained by a local welfare agency under this section, including any written reports filed under subdivision 7, shall be private data on individuals, except insofar as copies of reports are required by subdivision 7 to be sent to the local police department or the county sheriff. Reports maintained by any police department or the county sheriff shall be private data on individuals except the reports shall be made available to the investigating, petitioning, or prosecuting authority, *including county medical examiners or county coroners.* Section 13.82, subdivisions 5, 5a, and 5b, apply to law enforcement data other than the reports. The welfare board shall make available to the investigating, petitioning, or prosecuting authority, *including county medical examiners or county coroners,* any records which contain information relating to a specific incident of neglect or abuse which is under investigation, petition, or prosecution and information relating to any prior incidents of neglect or abuse involving any of the same persons. The records shall be collected and maintained in accordance with the provisions of chapter 13. In conducting investigations and assessments pursuant to this section, the notice required by section 13.04, subdivision 2, need not be provided to a minor under the age of ten who is the alleged victim of abuse or neglect. An individual subject of a record shall have access to the record in accordance with those sections, except that the name of the reporter shall be confidential while the report is under assessment or investigation except as otherwise permitted by this subdivision. Any person conducting an investigation or assessment under this section who intentionally discloses the identity of a reporter prior to the completion of the investigation or assessment is guilty of a misdemeanor. After the assessment or investigation is completed, the name of the reporter shall be confidential. The subject of the report may

compel disclosure of the name of the reporter only with the consent of the reporter or upon a written finding by the court that the report was false and that there is evidence that the report was made in bad faith. This subdivision does not alter disclosure responsibilities or obligations under the rules of criminal procedure.

Sec. 38. Minnesota Statutes 1992, section 626.556, subdivision 11c, is amended to read:

Subd. 11c. [WELFARE, COURT SERVICES AGENCY, AND SCHOOL RECORDS MAINTAINED.] Notwithstanding sections 138.163 and 138.17, records maintained or records derived from reports of abuse by local welfare agencies, court services agencies, or schools under this section shall be destroyed as provided in paragraphs (a) to (d) by the responsible authority.

(a) If upon assessment or investigation there is no determination of maltreatment or the need for child protective services, the records may be maintained for a period of four years. After the individual alleged to have maltreated a child is notified under subdivision 10f of the determinations at the conclusion of the assessment or investigation, upon that individual's request, records shall be destroyed within 30 days.

(b) All records relating to reports which, upon assessment or investigation, indicate either maltreatment or a need for child protective services shall be ~~destroyed~~ ~~seven~~ *maintained for at least ten* years after the date of the final entry in the case record.

The agency shall order the destruction of the notification when other records relating to the report under investigation or assessment are destroyed under this subdivision.

(d) Private or confidential data released to a court services agency under subdivision 10h must be destroyed by the court services agency when ordered to do so by the local welfare agency that released the data. The commission and the team shall have access to not public data on foster care cases. Access is limited to records created, collected, or maintained by any local social services agency that provided services to a child or a child's family during the five years immediately preceding any out-of-home placement of the child and continuing throughout the period of the placement until the child was returned to the custody of a parent, adopted, or otherwise was no longer the subject of a case plan developed by a county social service agency. A county social service agency shall provide the not public data described in this section to the foster care review team or the foster care policy redesign commissioner upon request.

Not public data received by the foster care review team or the foster care policy redesign commission maintains the same classification in the possession of the team or commission as it had in the possession of the entity providing the data. Not public data received under this section shall be returned to the entity providing it upon completion of the work of the foster care policy redesign commission and the foster care review team.

Sec. 40. [JOINT PLAN TO REPORT TO SCHOOL DISTRICTS.]

Minnesota public post-secondary education systems, for the purpose of assisting school districts in developing academic standards, determining specific areas of academic deficiency within the secondary school curriculum, and improving instruction, shall by September 1, 1993, jointly develop a plan to disseminate data to Minnesota school districts indicating the extent and content of the remedial instruction received at each public post-secondary institution by, and the results of assessment testing and the academic performance of, students who graduated from a district within two years before receiving the remedial instruction. The data shall include personally identifiable information about the student to the extent necessary to accomplish the purpose of this section.

The plan shall require the data to be disseminated in a manner consistent with the provisions of United States Code, title 20, sections 1232g(b)(1), (b)(4)(A), (b)(4)(B), (b)(1)(B), (b)(3), and Code of Federal Regulations, title 34, sections 99.31, 99.32, 99.33, 99.34, and 99.35 which are in effect on July 1, 1993.

The Honorable Allan H. Spear
President of the Senate

We, the undersigned conferees for H.F. No. 31, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 31 be further amended as follows:

"Section 1. Minnesota Statutes 1992, section 15.0597, is amended by adding a subdivision to read:

Subd. 5a. [GENDER BALANCE.] *The membership of an agency whose vacancies are filled under this section must be gender balanced. The membership of a multimember advisory agency in the judicial branch, and of nonlegislator members of a multimember agency in the legislative branch must be gender balanced. In determining gender balance, ex officio membership positions must be excluded. No person of the overrepresented gender may be appointed or reappointed to a vacant agency position if after the appointment or reappointment the number of members of one gender would be greater than:*

(1) one-half the membership plus one, in the case of an agency with an odd number of members; or

(2) one-half the membership, in the case of an agency with an even number of members.

If there is more than one appointing authority for an agency, the appointing authorities shall consult each other to ensure compliance with this subdivision. Appointing authorities shall also notify the commission and councils established by sections 3.922, 3.9223, 3.9225, and 3.9226. In addition, appointing authorities shall endeavor to ensure that the membership of agencies governed by this section reflect racial, ethnic, geographic, and socioeconomic diversity to the extent possible.

Sec. 2. Minnesota Statutes 1992, section 15.0597, is amended by adding a subdivision to read:

Subd. 5b. [DEVIATION.] *Notwithstanding subdivision 5a, persons of an underrepresented gender may constitute less than half of the membership of an agency if the agency certifies to the secretary of state that:*

(2) after a good faith effort to achieve gender balance in accordance with subdivision 5a, the appointing authority has been unable to find enough persons of the underrepresented gender who are qualified and willing to accept appointment.

The secretary of state's annual report on the open appointments act must include information on certifications under this subdivision.

This subdivision expires June 30, 1996.

Sec. 3. [TOTAL AGENCY MEMBERSHIP.]

Appointing authorities, in cooperation with one another, shall make a good faith effort to ensure that, to the greatest extent possible, the membership of all agencies, considered together, is gender and geographically balanced.

This section expires June 30, 1996.

Sec. 4. [EFFECTIVE DATE.]

Section 1 is effective July 1, 1993, and applies to agency positions becoming vacant on or after that date. Sections 1, 2, and 3 do not require displacement of a person who is an incumbent agency member on the effective dates of those sections until the person's current term expires."

Sec. 23. [TRANSFERS.]

Subdivision 1. [GENERAL PROCEDURE.] *If the appropriation in this act to an agency in the executive branch is specified by program, the agency may transfer unencumbered balances among the programs specified in that section after getting the approval of the commissioner of finance. The transfer must be reported immediately to the committee on finance of the senate and the committee on ways and means of the house of representatives. If the appropriation in this act to an agency in the executive branch is specified by activity, the agency may transfer unencumbered balances among the activities specified in that section using the same procedure as for transfers among programs.*

Subd. 4. [CONCENTRATED RESIDENTIAL AREA.] *"Concentrated residential area" means an area of a city that contains the following:*

(1) 50 percent of the residential units in the area are renter occupied;

(2) not less than half of the residential buildings in the area were built prior to 1970;

(4) at least three percent of the city's land area is contained in the area; and

(5) the median household income for the area is not more than 80 percent of the county median income.

Sec. 30. [CONCENTRATED RESIDENTIAL AREA ACTION PLAN.]

Subdivision 1. [CRITERIA.] *For a concentrated residential area a city, with the assistance provided in this section, shall prepare a plan that at a minimum includes the following:*

(1) the demographic and socioeconomic profile of the area's population and a statement of the social needs of the area's residents;

Sec. 31. [UNIFORM BUSINESS IDENTIFIER STUDY.]

Subdivision 1. [FINDINGS.] *The current registration process requires each business to deal with multiple agencies, provide redundant information to each and, in general, creates an undue administrative burden on Minnesota businesses. Each agency also produces data that is not easily transferred among state agencies, which in turn results in businesses being asked for the same information from a number of different agencies. The establishment of a uniform process would reduce the burden on businesses and promote the*

sharing of information among the state agencies, thereby eliminating the costs and burdens of duplicative information gathering and storage.

Subd. 2. [STUDY.] *The commissioner of jobs and training shall study the feasibility of establishing a uniform business identifier process for all firms doing business with and within the state.*

The proposed study shall:

(1) identify and document the various requirements with which businesses currently must comply in order to legally conduct business within the state;

(2) propose and analyze alternatives for a uniform process of business registration, including a single statewide account number, a unified application form, and an integrated data processing system or systems;

(3) detail the operational impact of installing the process or system;

(4) estimate the costs and benefits, both for the state and for Minnesota businesses, of installing the process;

(5) prepare an estimated implementation timetable;

Sec. 118. Minnesota Statutes 1992, section 336.9-403, is amended to read:

336.9-403 [WHAT CONSTITUTES FILING; DURATION OF FILING; EFFECT OF LAPSED FILING; DUTIES OF FILING OFFICER.]

(1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this article.

(2) Except as provided in subsection (6) a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period, whichever occurs later regardless of whether the financing statement filed as to that security interest is destroyed by the filing officer pursuant to subsection (3). Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six months prior to the expiration of the five-year period specified in subsection (2). Any such continuation statement must be signed by the secured party, set forth the name, social security number or other tax identification number of the debtor, and address of the debtor and secured party as those items appear on the original financing statement or the most recently filed amendment, identify the original statement by file number and filing date, and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 336.9-405, including payment of the required fee. Upon timely filing of the continuation statement, the

effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if the officer has retained a microfilm or other photographic record, or in other cases after one year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if the officer physically destroys the financing statements of a period more than five years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained. If insolvency proceedings are commenced by or against the debtor, the secured party shall notify the filing officer both upon commencement and termination of the proceedings, and the filing officer shall not destroy any financing statements filed with respect to the debtor until termination of the insolvency proceedings. The security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period, whichever occurs later.

(4) Except as provided in subsection (7) a filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number, the address of the debtor given in the statement, and the social security number or other tax identification number of the debtor given in the statement.

(5) The secretary of state shall prescribe uniform forms for statements and samples thereof shall be furnished to all filing officers in the state. The uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing ~~for an original financing statement or for a continuation statement shall be $7 if the statement is in the standard form prescribed by the secretary of state and otherwise shall be $10, plus in each case, if the financing statement is subject to subsection (5) of section 336.9-402, $5. An additional fee of $7 shall be collected if more than one name is required to be indexed or if the secured party chooses to show a trade name for any debtor listed. The uniform fee collected for the filing of an amendment to a financing statement if the amendment is in the standard form prescribed by the secretary of state and does not add additional debtor names to the financing statement shall be $7. The fee for an amendment adding additional debtor names shall be $14 if the amendment is in the form prescribed by the secretary of state and, if otherwise, $17. The fee for an amendment which is not in the form prescribed by the secretary of state but which does not add additional names shall be $10.~~:

(a) for an original financing statement or statement of continuation on a standard form prescribed by the secretary of state, is $15 for up to two debtor names and $15 for each additional name thereafter;

(b) for an original financing statement or statement of continuation that is not on a standard form prescribed by the secretary of state, is $20 for up to two debtor names and $20 for each additional name thereafter;

(c) for an amendment on a standard form prescribed by the secretary of state that does not add debtor names, is $15;

(d) for an amendment that is not on a standard form prescribed by the secretary of state and that does not add debtor names, is $20;

(e) for an amendment on a standard form prescribed by the secretary of state that does add debtor names, is $15 per debtor name;

(f) for an amendment that is not on a standard form prescribed by the secretary of state that does add debtor names, is $20 per debtor name; and

(g) for each case in which the filing is subject to subsection (5) of section 336.9-402, $5 in addition to the fee required above.

In no case will a filing officer accept more than four additional pages per financing statement for filing in the uniform commercial code records.

The secretary of state shall adopt rules for filing, amendment, continuation, termination, removal, and destruction of financing statements.

(6) If the debtor is a transmitting utility (subsection (5) of section 336.9-401) and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under subsection (6) of section 336.9-402 remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 336.9-103, or is filed as a fixture filing, it shall be filed for record and the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if the secured party were the mortgagee thereunder, or, for filing offices other than the secretary of state, where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described. If requested of the filing officer on the financing statement, a financing statement filed for record as a fixture filing in the same office where nonfixture filings are made is effective, without a dual filing, as to collateral listed thereon for which filing is required in such office pursuant to section 336.9-401 (1) (a); in such case, the filing officer shall also index the recorded statement in accordance with subsection (4) using the recording data in lieu of a file number.

(8) The fees provided for in this article shall supersede the fees for similar services otherwise provided for by law except in the case of security interests filed in connection with a certificate of title on a motor vehicle.

Sec. 119. Minnesota Statutes 1992, section 336.9-404, is amended to read:

336.9-404 [TERMINATION STATEMENT.]

(1) If a financing statement covering consumer goods is filed on or after January 1, 1977, then within one month or within ten days following written demand by the debtor after there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the

secured party must file with each filing officer with whom the financing statement was filed, a termination statement to the effect that the secured party no longer claims a security interest under the financing statement. The termination statement must set forth the name and address of the debtor and secured party as those items appear on the original financing statement or the most recently filed amendment; identify the original financing statement by file number and filing date; and be signed by the secured party. In other cases whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations, or otherwise give value, the secured party must on written demand by the debtor send the debtor, for each filing officer with whom the financing statement was filed, a termination statement to the effect that the secured party no longer claims a security interest under the financing statement, which shall be identified by file number. A termination statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 336.9-405, including payment of the required fee. If the affected secured party fails to file such a termination statement as required by this subsection, or to send such a termination statement within ten days after proper demand therefor the secured party shall be liable to the debtor for $100, and in addition for any loss caused to the debtor by such failure.

(2) On being presented with such a termination statement the filing officer must note it in the index. If a duplicate termination statement is provided, the filing officer shall return one copy of the termination statement to the secured party stamped to show the time of receipt thereof. If the filing officer has a microfilm or other photographic record of the financing statement, and of any related continuation statement, statement of assignment and statement of release, the filing officer may remove the originals from the files at any time after receipt of the termination statement, or having no such record, the filing officer may remove them from the files at any time after one year after receipt of the termination statement.

(3) There shall be no fee collected for the filing of a termination if the termination statement is in the standard form prescribed by the secretary of state ~~and otherwise shall be $5, plus in each case,~~. *The fee for filing a termination statement on a form that is not the standard form prescribed by the secretary of state is $5.* If the original financing statement was subject to subsection (5) of section 336.9-402, the fee prescribed by section 357.18, subdivision 1, clause (1), *is also required.*

On presentation to the filing officer of such a financing statement the filing officer shall mark the same as provided in section 336.9-403, clause (4). The uniform fee for filing, indexing, and furnishing filing data for a financing statement so indicating an assignment shall be the same as the fee prescribed in section 336.9-403, clause (5).

(2) A secured party of record may record an assignment of all or a part of the secured party's rights under a financing statement ~~by the filing~~. *The assignment must be filed* in the place where the original financing statement was filed ~~of a separate written statement of~~. *The* assignment *must be* signed by the secured party of record~~, setting forth~~. *The assignment must state: (i)* the name and address of the secured party of record and the debtor as those items appear on the original financing statement or the most recently filed amendment, ~~identifying~~ *(ii)* the file number and the date of filing of the financing statement, ~~giving~~ *(iii)* the name and address of the assignee, and ~~containing~~ *(iv)* a description of the collateral assigned. A copy of the assignment is sufficient ~~as a separate statement~~ if it complies with the preceding sentence.

On presentation to the filing officer of such a ~~separate~~ statement, the filing officer shall mark such separate statement with the date and hour of the filing. The filing officer shall note the assignment on the index of the financing statement, or in the case of a fixture filing, or a filing covering timber to be cut, or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 336.9-103. The filing officer shall also index the assignment under the name of the assignor as grantor and, to the extent that the law of this state provides for indexing the assignment of a mortgage under the name of the assignee, index the assignment of the financing statement under the name of the assignee.

The uniform fee for filing, indexing, and furnishing filing data about such a ~~separate~~ statement of assignment shall be ~~$7~~ *$15 for up to two debtor names and $15 for each additional name thereafter* if the statement is in the standard form prescribed by the secretary of state ~~and otherwise shall be $10, plus~~. *If the statement is in a form that is not the standard form prescribed by the secretary of state, the fee is $20 for up to two debtor names and $20 for each additional name thereafter.* In each case~~,~~ ~~if~~ *where* the original financing statement was subject to subsection (5) of section 336.9-402, the fee prescribed by section 357.18, subdivision 1, clause (1), *is also required*. ~~An additional fee of $7 shall be charged if there is more than one name against which the statement of assignment is required to be indexed.~~

Subd. 2. [VALIDITY OF STATE CONTRACTS.] A state contract or lease is not valid and the state is not bound by it until it has first been executed by the head of the agency which is a party to the contract and has been approved in writing by the commissioner or a delegate, under this section, ~~by the attorney general or a delegate as to form and execution,~~ and by the commissioner of finance or a delegate, who shall determine that the appropriation and allotment have been encumbered for the full amount of the contract liability. The head of the agency may delegate the execution of specific contracts or specific types of contracts to ~~a deputy or assistant head within the~~ *an* agency *employee* if the delegation has been approved by the commissioner of administration and filed with the secretary of state. The commissioner may not rent non-state-owned land and buildings or substantial portions of land or buildings within the capitol area as defined in section 15.50 unless the commissioner first consults with the capitol area architectural and planning board. If the commissioner enters into a lease-purchase agreement for buildings or substantial portions of buildings within the capitol area, the commissioner shall require that any new construction of non-state-owned buildings conform to design guidelines of the capitol area architectural and planning board. Lands needed by the department of transportation for storage of vehicles or road materials may be rented for five years or less, such leases for terms over two years being subject to cancellation upon 30 days written notice by the state for any reason except rental of other land or premises for the same use. An agency or department head must consult with the chairs of the house appropriations and senate

(b) [USE VACANT PUBLIC SPACE.] No agency may initiate or renew a lease for space for its own use in a private building unless the commissioner has thoroughly investigated presently vacant space in public buildings, such as closed school buildings, and found that none is available *or use of the space is not feasible, prudent, and cost effective compared with available alternatives.*

(c) [PREFERENCE FOR CERTAIN BUILDINGS.] For needs beyond those which can be accommodated in state-owned buildings, the commissioner shall acquire and utilize space in suitable buildings of historical, architectural, or cultural significance for the purposes of this subdivision unless use of that space is not feasible, prudent and cost effective compared with available alternatives. The public utility or energy services provider shall contract with appropriate state agencies to implement energy efficiency improvements in the selected buildings. A contract must require the public utility or energy services provider to include all energy efficiency improvements in selected buildings that are calculated to achieve a cost payback within ten years. The contract must require that the public utility or energy services provider be repaid solely from energy cost savings and only to the extent of energy cost savings. Repayments must be interest-free. The goal of the program in this paragraph is to demonstrate that through effective energy conservation the total energy consumption per square foot of state-owned and wholly state-leased buildings could be reduced by at least 25 percent~~, and climate control energy consumption per square foot could be reduced by at least 15 percent~~ from consumption in the base year of 1990. *All agencies participating in the program must report to the commissioner of administration their monthly energy usage, building schedules, inventory of energy-consuming equipment, and other information as needed by the commissioner to manage and evaluate the program.*

Subd. 3. [MUNICIPALITY.] "Municipality" means a city, county, or town meeting the requirements of section 368.01, subdivision 1, the University of Minnesota, or the state for public buildings *and state licensed facilities*.

Sec. 2. Minnesota Statutes 1992, section 16B.60, is amended by adding a subdivision to read:

Subd. 11. [STATE LICENSED FACILITIES.] *"State licensed facilities" means a building and its grounds that are licensed by the state as a hospital, nursing home, supervised living facility, free-standing outpatient surgical center, or correctional facility.*

Sec. 3. Minnesota Statutes 1992, section 16B.61, subdivision 1a, is amended to read:

Subd. 1a. [ADMINISTRATION BY COMMISSIONER.] The commissioner shall administer and enforce the state building code as a municipality with respect to public buildings *and state licensed facilities* in the state. The commissioner shall establish appropriate permit, plan review, and inspection fees for public buildings *and state licensed facilities*. Fees and surcharges for public buildings *and state licensed facilities* must be remitted to the commissioner, who shall deposit them in the state treasury for credit to the special revenue fund.

Municipalities other than the state having a contractual agreement with the commissioner for code administration and enforcement service for public buildings *and state licensed facilities* shall charge their customary fees, including surcharge, to be paid directly to the contractual jurisdiction by the applicant seeking authorization to construct a public building *or a state licensed facility*. The commissioner shall contract with a municipality other than the state for plan review, code administration, and code enforcement service for public buildings *and state licensed facilities* in the contractual jurisdiction if the building officials of the municipality meet the requirements of section 16B.65 and wish to provide those services and if the commissioner determines that the municipality has enough adequately trained and qualified building inspectors to provide those services for the construction project.

Sec. 4. Minnesota Statutes 1992, section 16B.61, subdivision 4, is amended to read:

Subd. 4. [REVIEW OF PLANS FOR PUBLIC BUILDINGS *AND STATE LICENSED FACILITIES.*] Construction or remodeling may not begin on any public building ~~owned by the~~ *or* state *licensed facility* until the plans and specifications ~~of the public building~~ have been approved by the commissioner *or municipality under contractual agreement pursuant to subdivision 1a.* ~~In the case of any other public building,~~ The plans and specifications must be submitted ~~to the commissioner~~ for review, and within 30 days after receipt of the plans and specifications, the commissioner *or municipality under contractual agreement* shall notify the submitting authority of any ~~recommendations~~ *corrections*.

Sec. 5. Minnesota Statutes 1992, section 16B.62, subdivision 1, is amended to read:

Subdivision 1. [MUNICIPAL ENFORCEMENT.] The state building code applies statewide and supersedes the building code of any municipality. The state building code does not apply to agricultural buildings except with respect to state inspections required or rulemaking authorized by sections 103F.141, 216C.19, subdivision 8, and 326.244. All municipalities shall adopt and enforce the state building code with respect to new construction within their respective jurisdictions.

If a city has adopted or is enforcing the state building code on June 3, 1977, or determines by ordinance after that date to undertake enforcement, it shall enforce the code within the city. A city may by ordinance extend the enforcement of the code to contiguous unincorporated territory not more than two miles distant from its corporate limits in any direction. Where two or more noncontiguous cities which have elected to enforce the code have boundaries less than four miles apart, each is authorized to enforce the code on its side of a line equidistant between them. Once enforcement authority is extended extraterritorially by ordinance, the authority may continue to be exercised in the designated territory even though another city less than four miles distant later elects to enforce the code. After the extension, the city may enforce the code in the designated area to the same extent as if the property were situated within its corporate limits.

A city which, on June 3, 1977, had not adopted the code may not commence enforcement of the code within or outside of its jurisdiction until it has provided written notice to the commissioner, the county auditor, and the town clerk of each town in which it intends to enforce the code. A public hearing on the proposed enforcement must be held not less than 30 days after the notice has been provided. Enforcement of the code by the city *outside of its jurisdiction* commences on the first day of January in the year following the notice and hearing.

Municipalities may provide for the issuance of permits, inspection, and enforcement within their jurisdictions by means which are convenient, and lawful, including by means of contracts with other municipalities pursuant to section 471.59, and with qualified individuals. ~~In areas outside of the enforcement authority of a city, the fee charged for the issuance of permits and inspections for single family dwellings may not exceed the greater of $100 or .005 times the value of the structure, addition, or alteration.~~ The other municipalities or qualified individuals may be reimbursed by retention or remission of some or all of the building permit fee collected or by other means. In areas of the state where inspection and enforcement is unavailable from qualified employees of municipalities, the commissioner shall train and

designate individuals available to carry out inspection and enforcement on a fee basis.

Sec. 6. Minnesota Statutes 1992, section 16B.66, is amended to read:

16B.66 [CERTAIN INSPECTIONS.]

The state building inspector may, upon an application setting forth a set of plans and specifications that will be used in more than one municipality to acquire building permits, review and approve the application for the construction or erection of any building or structure designed to provide dwelling space for no more than two families if the set of plans meets the requirements of the state building code. All costs incurred by the state building inspector by virtue of the examination of the set of plans and specifications must be paid by the applicant. ~~The plans and specifications or any plans and specifications required to be submitted to a state agency must be submitted to the state building inspector who shall examine them and if necessary distribute them to the appropriate state agencies for scrutiny regarding adequacy as to electrical, fire safety, and all other appropriate features. These state agencies shall examine and promptly return the plans and specifications together with their certified statement as to the adequacy of the instruments regarding that agency's area of concern.~~ A building official shall issue a building permit upon application and presentation to the official of a set of plans and specifications bearing the approval of the state building inspector if the requirements of all other local ordinances are satisfied.

Sec. 7. Minnesota Statutes 1992, section 16B.70, subdivision 2, is amended to read:

Subd. 2. [COLLECTION AND REPORTS.] All permit surcharges must be collected by each municipality and a portion of them remitted to the state. Each municipality having a population greater than 20,000 people shall prepare and submit to the commissioner once a month a report of fees and surcharges on fees collected during the previous month but shall retain *the greater of* two percent ~~of the surcharges~~ *or that amount* collected *up to $25* to apply against the administrative expenses the municipality incurs in collecting the surcharges. All other municipalities shall submit the report and surcharges on fees once a quarter but shall retain *the greater of* four percent ~~of the surcharges~~ *or that amount* collected *up to $25* to apply against the administrative expenses the municipalities incur in collecting the surcharges. The report, which must be in a form prescribed by the commissioner, must be submitted together with a remittance covering the surcharges collected by the 15th day following the month or quarter in which the surcharges are collected. All surcharges and other fees prescribed by sections 16B.59 to ~~16B.71~~ *16B.73*, which are payable to the state, must be paid to the commissioner who shall deposit them in the state treasury for credit to the general fund.

Sec. 8. Minnesota Statutes 1992, section 16B.72, is amended to read:

16B.72 [REFERENDA ON STATE BUILDING CODE IN NONMETROPOLITAN COUNTIES.]

Notwithstanding any other provision of law to the contrary, a county that is not a metropolitan county as defined by section 473.121, subdivision 4, may provide, by a vote of the majority of its electors residing outside of municipalities that have adopted the state building code before January 1,

1977, that no part of the state building code except the building requirements for handicapped persons applies within its jurisdiction.

The county board may submit to the voters at a regular or special election the question of adopting the building code. The county board shall submit the question to the voters if it receives a petition for the question signed by a number of voters equal to at least five percent of those voting in the last general election. The question on the ballot must be stated substantially as follows:

"Shall the state building code be adopted in ..... County?"

If the majority of the votes cast on the proposition is in the negative, the state building code does not apply in the subject county, outside home rule charter or statutory cities or towns that adopted the building code before January 1, 1977, except the building requirements for handicapped persons do apply.

Nothing in this section precludes a ~~home rule charter or statutory city or town~~ *municipality* that did not adopt the state building code before January 1, 1977, from adopting and enforcing *by ordinance or other legal means* the state building code within its jurisdiction.

Sec. 9. Minnesota Statutes 1992, section 16B.73, is amended to read:

16B.73 [STATE BUILDING CODE IN MUNICIPALITIES UNDER 2,500; LOCAL OPTION.]

The governing body of a municipality whose population is less than 2,500 may provide that the state building code, except the requirements for handicapped persons, will not apply within the jurisdiction of the municipality, if the municipality is located in whole or in part within a county exempted from its application under section 16B.72. If more than one municipality has jurisdiction over an area, the state building code continues to apply unless all municipalities having jurisdiction over the area have provided that the state building code, except the requirements for handicapped persons, does not apply within their respective jurisdictions. *Nothing in this section precludes a municipality from adopting and enforcing by ordinance or other legal means the state building code within its jurisdiction.*

Sec. 10. [INSTRUCTION TO REVISOR.]

In the next and subsequent editions of Minnesota Statutes, the revisor of statutes shall change each reference to "state building inspector" to "state building official" in sections 16B.62, subdivision 2; 16B.63, subdivisions 1 to 4; 16B.64, subdivision 7; and 16B.66.

Sec. 11. [EFFECTIVE DATE.]

This article is effective the day following final enactment, except that section 7 is effective July 1, 1993.

If the commissioner determines that for the remainder of the

biennium, sufficient resources are not available to fund the reserve at $400,000,000, then, after notification of the legislative commission on planning and fiscal policy, the commissioner shall uniformly reduce general fund and local government trust fund appropriations, up to a maximum of one percent of the total biennial appropriation or allotment for each agency, program, or entity to maintain the budget reserve and cash flow account at $400,000,000. Appropriations for debt service and maximum effort school loans are excluded from calculation of the reductions under this section. Appropriations that have been expended need not be recovered. Any local government trust fund balances resulting from the reduction transfer to the general fund. Cumulative, biennial appropriation reductions under this authority may not exceed one percent of total biennial appropriations. The commissioner may defer or suspend prior statutorily created obligations or entitlements to benefits that would prevent making the reductions. If aid to a school district is reduced under this section for the current school year or the next year after the levy year, the district's levy limit shall not be increased as a result of this reduction.

(b) If the commissioner reduces appropriations or allotments under paragraph (a) and on November 30, 1994 the commissioner determines that the budget reserve and cash flow account will exceed $400,000,000, the commissioner shall proportionally increase each appropriation or allotment up to the amount of its reduction under paragraph (a) but not to exceed in aggregate for all appropriations the amount that the budget reserve and cash flow account exceeds $400,000,000.''

Subd. 6. [SERVICE COSTS.] The commissioner shall reimburse 92 percent of county agency expenditures for providing work readiness services including direct participation expenses and administrative costs, except as provided in section 256.017. State work readiness funds shall be used only to pay the county agency's and work readiness service provider's actual costs of providing participant support services, direct program services, and program administrative costs for persons who participate in work readiness services. Beginning July 1, 1991, the average annual reimbursable cost for providing work readiness services to a recipient for whom an individualized employability development plan is not completed must not exceed $60 for the work readiness services, and $223 for necessary recipient support services such as transportation or child care needed to participate in work readiness services. If an individualized employability development plan has been completed, the average annual reimbursable cost for providing work readiness services must not exceed $283, except that the total annual average reimbursable cost shall not exceed $804 for recipients who participate in a pilot project work experience program under section ~~56~~ *55*, for all services and costs necessary to implement the plan, including the costs of training, employment search assistance, placement, work experience, on-the-job training, other appropriate activities, the administrative and program costs incurred in providing these services, and necessary recipient support services such as tools, clothing, and transportation needed to participate in work readiness services. Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

(1) adult foster care;

(2) adult day care;

(3) home health aide;

(4) homemaker services;

(5) personal care;

(6) case management;

(7) respite care;

(8) assisted living;

(9) residential care services;

(10) care-related supplies and equipment;

(11) meals delivered to the home;

(12) transportation;

(13) skilled nursing;

(14) chore services;

(15) companion services;

(16) nutrition services; and

(17) training for direct informal caregivers.

(b) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs. (c) Unless specified in statute, the service standards for alternative care services shall be the same as the service standards defined in the elderly waiver. Persons or agencies must be employed by or under a contract with the county agency or the public health nursing agency of the local board of health in order to receive funding under the alternative care program.

(d) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. The adult foster care daily rate shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed 75 percent of the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, and it must allow for other alternative care services to be authorized by the case manager.

(e) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

(f) Costs for supplies and equipment that exceed $150 per item per month must have prior approval from the commissioner. A county may use alternative care funds to purchase supplies and equipment from a non-Medicaid certified vendor if the cost for the items is less than that of a Medicaid vendor.

(g) For purposes of this section, residential care services are services which are provided to individuals living in residential care homes. Residential care homes are currently licensed as board and lodging establishments and are registered with the department of health as providing special services. Residential care services are defined as "supportive services" and "health-related services." "Supportive services" means the provision of up to 24-hour supervision and oversight. Supportive services includes: (1) transportation, when provided by the residential care center only; (2) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature; (3) assisting clients in setting up meetings and appointments; (4) assisting clients in setting up medical and social services; (5) providing assistance with personal laundry, such as carrying the client's laundry to the laundry room. Assistance with personal laundry does not include any laundry, such as bed linen, that is included in the room and board rate. Health-related services are limited to minimal assistance with dressing, grooming, and bathing and providing reminders to residents to take medications that are self-administered or providing storage for medications, if requested. Individuals receiving residential care services cannot receive both personal care services and residential care services.

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to clients who reside in the same apartment building of three or more units. Assisted living services are defined as up to 24-hour supervision, and oversight, supportive services as defined in clause (1), individualized home care aide tasks as defined in clause (2), and individualized home management tasks as defined in clause (3) provided to residents of a residential center living in their units or apartments with a full kitchen and bathroom. A full kitchen includes a stove, oven, refrigerator, food preparation counter space, and a kitchen utensil storage compartment. Assisted living services must be provided by the management of the residential center or by providers under contract with the management or with the county.

(1) Supportive services include:

(i) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature;

(ii) assisting clients in setting up meetings and appointments; and

(iii) providing transportation, when provided by the residential center only.

Individuals receiving assisted living services will not receive both assisted living services and homemaking or personal care services. Individualized means services are chosen and designed specifically for each resident's needs, rather than provided or offered to all residents regardless of their illnesses, disabilities, or physical conditions.

(2) Home care aide tasks means:

(i) preparing modified diets, such as diabetic or low sodium diets;

(ii) reminding residents to take regularly scheduled medications or to perform exercises;

(iii) household chores in the presence of technically sophisticated medical equipment or episodes of acute illness or infectious disease;

(iv) household chores when the resident's care requires the prevention of exposure to infectious disease or containment of infectious disease; and

(v) assisting with dressing, oral hygiene, hair care, grooming, and bathing, if the resident is ambulatory, and if the resident has no serious acute illness or infectious disease. Oral hygiene means care of teeth, gums, and oral prosthetic devices.

(3) Home management tasks means:

(i) housekeeping;

(ii) laundry;

(iii) preparation of regular snacks and meals; and

(iv) shopping.

A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

Reimbursement for assisted living services and residential care services shall be made by the lead agency to the vendor as a monthly rate negotiated with the county agency. The rate shall not exceed the nonfederal share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, except for alternative care assisted living projects established under ~~chapter~~ *Laws 1988, chapter 689, article 2, section* 256, whose rates may not exceed 65 percent of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The rate may not cover rent and direct food costs.

(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.

Sec. 3. Minnesota Statutes 1992, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of local tax rates.

(c) ~~"Gross tax capacity" means the product of the gross class rates and estimated market values. "Total gross tax capacity" means the gross tax capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the gross tax capacity of transmission lines deducted from a local government's total gross tax capacity under section 273.425. Gross tax capacity cannot be less than zero.~~

~~(d)~~ "Net tax capacity" means the product of (i) the appropriate net class rates for the year in which the aid is payable, except that ~~for aids payable in 1992 the class rate applied to class 4b property shall be 2.9 percent; the class rate applied to class 4a property shall be 3.55 percent; the class rate applied to noncommercial seasonal recreational residential property shall be 2.25 percent; and the class rates applied to portions of class 1a, 1b, and 2a property shall be 2 percent for the market value between $68,000 and $110,000 and 2.5 percent for the market value over $110,000;~~ for aid payable in 1993 the class rate applicable to class 4a shall be 3.5 percent; and the class rate applicable to class 4b shall be 2.65 percent; and for aid payable in 1994 the class rate applicable to class 4b shall be 2.4 percent, and (ii) estimated market values for the assessment two years prior to that in which aid is payable. ~~The reclassification of mobile home parks as class 4c shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991 or 1992. Any reclassification of property by Laws 1991, chapter 291, shall not be considered in determining net tax capacity for aids payable in 1992.~~ "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. For

purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

~~(e)~~ *(d)* "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the previous net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

~~(f)~~ *(e)* "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. ~~(g) "1989 local tax rate" means the quotient derived by dividing the gross taxes levied within a unique taxing jurisdiction for taxes payable in 1989 by the gross tax capacity of the unique taxing jurisdiction for taxes payable in 1989. For computation of the local tax rate for aid payable in 1991 and subsequent years, gross taxes for taxes payable in 1989 exclude equalized levies as defined in subdivision 2a. For purposes of computation of the local tax rate only, gross taxes shall not be adjusted by inflation or household growth.~~

(b) Property subject to tax on January 2 that is acquired by a governmental entity, *institution of purely public charity,* church, or educational institution before July 1 of the year is exempt for that assessment year if ~~(1)~~ the property is to be used for an exempt purpose under subdivision 1, clauses (1) to (7)~~,~~ ~~and (2) the property is not subject to the filing requirement under section 272.025~~.

Sec. 5. Minnesota Statutes 1992, section 272.115, subdivision 1, is amended to read:

Subdivision 1. ~~Except as provided in subdivision 1a,~~ Whenever any real estate is sold for a consideration in excess of $1,000, whether by warranty deed, quitclaim deed, contract for deed or any other method of sale, the grantor, grantee or the legal agent of either shall file a certificate of value with the county auditor in the county in which the property is located ~~within 30 days of the sale~~ *when the deed or other document is presented for recording. Contract for deeds are subject to recording under section 507.235, subdivision 1.* Value shall, in the case of any deed not a gift, be the amount of the full actual consideration thereof, paid or to be paid, including the amount of any lien or liens assumed. The certificate of value shall include the classification to which the property belongs for the purpose of determining the fair market value of the property. The certificate shall include financing terms and conditions of the sale which are necessary to determine the actual, present value of the sale price for purposes of the sales ratio study. The commissioner of revenue shall promulgate administrative rules specifying the financing terms and conditions which must be included on the certificate.

Sec. 6. Minnesota Statutes 1992, section 272.115, subdivision 4, is amended to read:

Subd. 4. No real estate sold or transferred on or after January 1, 1993, under subdivision ~~1a~~ *1* shall be classified as a homestead, unless a certificate of value has been filed with the county auditor in accordance with this section.

This subdivision shall apply to any real estate taxes that are payable the year or years following the sale or transfer of the property.

Sec. 7. Minnesota Statutes 1992, section 273.061, subdivision 8, is amended to read:

Subd. 8. [POWERS AND DUTIES.] The county assessor shall have the following powers and duties:

(1) To call upon and confer with the township and city assessors in the county, and advise and give them the necessary instructions and directions as to their duties under the laws of this state, to the end that a uniform assessment of all real property in the county will be attained.

(2) To assist and instruct the local assessors in the preparation and proper use of land maps and record cards, in the property classification of real and personal property, and in the determination of proper standards of value.

(3) To keep the local assessors in the county advised of all changes in assessment laws and all instructions which the assessor receives from the commissioner of revenue relating to their duties.

(4) To have authority to require the attendance of groups of local assessors at sectional meetings called by the assessor for the purpose of giving them further assistance and instruction as to their duties.

(5) To immediately commence the preparation of a large scale topographical land map of the county, in such form as may be prescribed by the commissioner of revenue, showing thereon the location of all railroads, highways and roads, bridges, rivers and lakes, swamp areas, wooded tracts, stony ridges and other features which might affect the value of the land. Appropriate symbols shall be used to indicate the best, the fair, and the poor

land of the county. For use in connection with the topographical land map, the assessor shall prepare and keep available in the assessor's office tables showing fair average minimum and maximum market values per acre of cultivated, meadow, pasture, cutover, timber and waste lands of each township. The assessor shall keep the map and tables available in the office for the guidance of town assessors, boards of review, and the county board of equalization.

(6) To also prepare and keep available in the office for the guidance of town assessors, boards of review and the county board of equalization, a land valuation map of the county, in such form as may be prescribed by the commissioner of revenue. This map, which shall include the bordering tier of townships of each county adjoining, shall show the average market value per acre, both with and without improvements, as finally equalized in the last assessment of real estate, of all land in each town or unorganized township which lies outside the corporate limits of cities.

(7) To regularly examine all conveyances of land outside the corporate limits of cities of the first and second class, filed with the county recorder of the county, and keep a file, by descriptions, of the considerations shown thereon. From the information obtained by comparing the considerations shown with the market values assessed, the assessor shall make recommendations to the county board of equalization of necessary changes in individual assessments or aggregate valuations.

(8) To prepare annually and keep available in the assessor's office for the guidance of boards of review and the county board of equalization, a table showing the market value per capita of all personal property in each assessment district in the county as finally equalized in the last previous assessment of personal property. For the guidance of the county board of equalization, the assessor shall also add to the table the market value per capita of all personal property of each assessment district for the current year as equalized by the local board of review.

(9) To become familiar with the values of the different items of personal property so as to be in a position when called upon to advise the boards of review and the county board of equalization concerning property, market values thereof.

(10) While the county board of equalization is in session, to give it every possible assistance to enable it to perform its duties. The assessor shall furnish the board with all necessary charts, tables, comparisons, and data which it requires in its deliberations, and shall make whatever investigations the board may desire.

(11) At the request of either the board of county commissioners or the commissioner of revenue, to investigate applications for reductions of valuation and abatements and settlements of taxes, examine the real or personal property involved, and submit written reports and recommendations with respect to the applications, in such form as may be prescribed by the board of county commissioners and commissioner of revenue.

(12) To make diligent search each year for real and personal property which has been omitted from assessment in the county, and report all such omissions to the county auditor.

(13) To regularly confer with county assessors in all adjacent counties about the assessment of property in order to uniformly assess and equalize the value of similar properties and classes of property located in adjacent counties. The conference shall emphasize the assessment of agricultural and commercial and industrial property or other properties that may have an inadequate number of sales in a single county.

(14) To render such other services pertaining to the assessment of real and personal property in the county as are not inconsistent with the duties set forth in this section, and as may be required by the board of county commissioners or by the commissioner of revenue.

(15) To maintain a record, in conjunction with other county offices, of all transfers of property to assist in determining the proper classification of property, including but not limited to, transferring homestead property and name changes on homestead property.

(16) To determine if a homestead application is required due to the transfer of homestead property or an owner's name change on homestead property.

Sec. 8. Minnesota Statutes 1992, section 273.11, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] Except as provided in ~~subdivisions 6, 8, 9, 11, and 14~~ *this section* or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under $100 is rounded up to $100 and any amount exceeding $100 shall be rounded to the nearest $100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. The assessor shall take into account the effect on the market value of property of environmental factors in the vicinity of the property. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, platted property shall be assessed as provided in subdivision 14. All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 9. Minnesota Statutes 1992, section 273.11, is amended by adding a subdivision to read:

Subd. 1a. [LIMITED MARKET VALUE.] *In the case of all property classified as agricultural homestead or nonhomestead, residential homestead or nonhomestead, or noncommercial seasonal recreational residential, the assessor shall compare the value with that determined in the preceding assessment. The amount of the increase entered in the current assessment*

shall not exceed the greater of (1) ten percent of the value in the preceding assessment, or (2) one-third of the difference between the current assessment and the preceding assessment. This limitation shall not apply to increases in value due to improvements. For purposes of this subdivision, the term "assessment" means the value prior to any exclusion under section 273.11, subdivision 16.

The provisions of this subdivision shall be in effect only for assessment years 1993 through 1998.

For purposes of the assessment/sales ratio study conducted under section 124.2131, and the computation of state aids paid under chapters 124, 124A, and 477A, market values and net tax capacities determined under this subdivision and section 273.11, subdivision 16, shall be used.

Sec. 10. Minnesota Statutes 1992, section 273.11, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other provision of law to the contrary, the limitation contained in ~~subdivision~~ *subdivisions* 1 *and 1a* shall also apply to the authority of the local board of review as provided in section 274.01, the county board of equalization as provided in section 274.13, the state board of equalization and the commissioner of revenue as provided in sections 270.11, 270.12 and 270.16.

Sec. 11. Minnesota Statutes 1992, section 273.11, subdivision 6a, is amended to read:

Subd. 6a. [~~RESIDENTIAL~~ FIRE-SAFETY SPRINKLER SYSTEMS.] For purposes of property taxation, the market value of automatic fire-safety sprinkler systems *installed in existing buildings after January 1, 1992,* meeting the standards of the Minnesota fire code shall be excluded from the market value of (1) existing multifamily residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence and (2) existing real estate containing four or more contiguous residential units for use by customers of the owner, such as hotels, motels, and lodging houses *and (3) existing office buildings or mixed use commercial-residential buildings, in which at least one story capable of occupancy is at least 75 feet above the ground. The market value exclusion under this section shall expire if the property is sold.*

Sec. 12. Minnesota Statutes 1992, section 273.11, is amended by adding a subdivision to read:

Subd. 15. [VACANT HOSPITALS.] *In valuing a hospital, as defined in section 144.50, subdivision 2, that is located outside of a metropolitan county, as defined in section 473.121, subdivision 4, and that on the date of sale is vacant and not used for hospital purposes or for any other purpose, the assessor's estimated market value for taxes levied in the year of the sale shall be no greater than the sales price of the property, including both the land and the buildings, as adjusted for terms of financing. If the sale is made later than December 15, the market value as determined under this subdivision shall be used for taxes levied in the following year. This subdivision applies only if the sales price of the property was determined under an arms length transaction.*

Sec. 13. Minnesota Statutes 1992, section 273.11, is amended by adding a subdivision to read:

Subd. 16. [VALUATION EXCLUSION FOR CERTAIN IMPROVEMENTS.] *Improvements to homestead property made before January 2, 2003, shall be fully or partially excluded from the value of the property for assessment purposes provided that the house is at least 35 years old at the time of the improvement. In the case of an owner-occupied duplex or triplex, the improvement is eligible regardless of which portion of the property was improved.*

If the property lies in a jurisdiction which is subject to a building permit process, a building permit must have been issued covering the improvement. If the property lies in a jurisdiction which is not subject to a building permit process, the improvement must add at least $1,000 to the value of the property. Only improvements to the structure which is the residence of the qualifying homesteader or the garage qualify for the provisions of this subdivision.

Whenever a building permit is issued for property currently classified as homestead, the issuing jurisdiction shall notify the assessor of the possibility of valuation exclusion under this subdivision. The assessor may require an application process and documentation of the age of the house from the owner, if unknown.

The assessor shall note the qualifying value of each improvement on the property's record, and the sum of those amounts shall be subtracted from the value of the property in each year for ten years after the improvement has been made, at which time an amount equal to 20 percent of the qualifying value shall be added back in each of the five subsequent assessment years. The valuation exclusion shall terminate whenever (1) the property is sold, or (2) the property is reclassified to a class which does not qualify for treatment under this subdivision.

The total qualifying value for a homestead may not exceed $50,000. The total qualifying value for a homestead with a house that is less than 70 years old may not exceed $25,000. The term "qualifying value" means the increase in estimated market value resulting from the improvement if the improvement occurs when the house is at least 70 years old, or one-half of the increase in estimated market value resulting from the improvement otherwise. The $25,000 and $50,000 maximum qualifying value under this section may result from up to three separate improvements to the homestead.

Sec. 14. Minnesota Statutes 1992, section 273.112, subdivision 3, is amended to read:

Subd. 3. Real estate shall be entitled to valuation and tax deferment under this section only if it is:

(a) actively and exclusively devoted to golf, skiing, or archery or firearms range recreational use or uses and other recreational uses carried on at the establishment;

(b) five acres in size or more, except in the case of an archery or firearms range;

(c)(1) operated by private individuals and open to the public; or

(2) operated by firms or corporations for the benefit of employees or guests; or

(3) operated by private clubs having a membership of 50 or more, provided that the club does not discriminate in membership requirements or selection on the basis of sex *or marital status*; and

(d) made available, in the case of real estate devoted to golf, for use without discrimination on the basis of sex during the time when the facility is open to use by the public or by members, except that use for golf may be restricted on the basis of sex no more frequently than one, or part of one, weekend each calendar month for each sex and no more than two, or part of two, weekdays each week for each sex.

If a golf club membership allows use of golf course facilities by more than one adult per membership, the use must be equally available to all adults entitled to use of the golf course under the membership, except that use may be restricted on the basis of sex as permitted in this section. Memberships that permit play during restricted times may be allowed only if the restricted times apply to all adults using the membership. A golf club may not offer a membership or golfing privileges to a spouse of a member that provides greater or less access to the golf course than is provided to that person's spouse under the same or a separate membership in that club, except that the terms of a membership may provide that one spouse may have no right to use the golf course at any time while the other spouse may have either limited or unlimited access to the golf course.

A golf club may have or create an individual membership category which entitles a member for a reduced rate to play during restricted hours as established by the club. The club must have on record a written request by the member for such membership.

A golf club that has food or beverage facilities or services must allow equal access to those facilities and services for both men and women members in all membership categories at all times. Nothing in this paragraph shall be construed to require service or access to facilities to persons under the age of 21 years or require any act that would violate law or ordinance regarding sale, consumption, or regulation of alcoholic beverages.

For purposes of this subdivision and subdivision 7a, discrimination means a pattern or course of conduct and not linked to an isolated incident.

Sec. 15. Minnesota Statutes 1992, section 273.112, is amended by adding a subdivision to read:

Subd. 4a. Real estate devoted to golf and operated by a private club that does not meet the requirements of subdivision 3, and is not eligible for valuation and deferment under this section, must be valued for ad valorem tax purposes by the assessor as if it were converted to commercial, industrial, residential, or seasonal residential use and were platted and available for sale as individual parcels.

Sec. 16. Minnesota Statutes 1992, section 273.121, is amended to read:

273.121 [VALUATION OF REAL PROPERTY, NOTICE.]

Any county assessor or city assessor having the powers of a county assessor, valuing or classifying taxable real property shall in each year notify those persons whose property is to be assessed or reclassified that year if the person's address is known to the assessor, otherwise the occupant of the property. The notice shall be in writing and shall be sent by ordinary mail at

least ten days before the meeting of the local board of review or equalization. It shall contain: *(1)* the ~~amount of the valuation in terms of~~ market value, *(2) the limited market value under section 273.11, subdivision 1a, (3) the qualifying amount of any improvements under section 273.11, subdivision 16, (4) the market value subject to taxation after subtracting the amount of any qualifying improvements, (5)* the new classification, *(6)* the assessor's office address, and *(7)* the dates, places, and times set for the meetings of the local board of review or equalization and the county board of equalization. If the assessment roll is not complete, the notice shall be sent by ordinary mail at least ten days prior to the date on which the board of review has adjourned. The assessor shall attach to the assessment roll a statement that the notices required by this section have been mailed. Any assessor who is not provided sufficient funds from the assessor's governing body to provide such notices, may make application to the commissioner of revenue to finance such notices. The commissioner of revenue shall conduct an investigation and, if satisfied that the assessor does not have the necessary funds, issue a certification to the commissioner of finance of the amount necessary to provide such notices. The commissioner of finance shall issue a warrant for such amount and shall deduct such amount from any state payment to such county or municipality. The necessary funds to make such payments are hereby appropriated. Failure to receive the notice shall in no way affect the validity of the assessment, the resulting tax, the procedures of any board of review or equalization, or the enforcement of delinquent taxes by statutory means.

Sec. 17. Minnesota Statutes 1992, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] (a) Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

The assessor shall require proof, as provided in subdivision 13, of the facts upon which classification as a homestead may be determined. Notwithstanding any other law, the assessor may at any time require a homestead application to be filed in order to verify that any property classified as a homestead continues to be eligible for homestead status.

When there is a name change or a transfer of homestead property, the assessor may reclassify the property in the next assessment unless a homestead application is filed to verify that the property continues to qualify for homestead classification.

(b) For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1

of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

(c) Residential real estate that is occupied and used for purposes of a homestead by a relative of the owner is a homestead but only to the extent of the homestead treatment that would be provided if the related owner occupied the property. For purposes of this paragraph, "relative" means a parent, stepparent, child, stepchild, spouse, grandparent, grandchild, brother, sister, uncle, or aunt. This relationship may be by blood or marriage. Property that was classified as seasonal recreational residential property at the time when treatment under this paragraph would first apply shall continue to be classified as seasonal recreational residential property for the first ~~two~~ *four* assessment years beginning after the date when the relative of the owner occupies the property as a homestead; this delay also applies to property that, in the absence of this paragraph, would have been classified as seasonal recreational residential property at the time when the residence was constructed. Neither the related occupant nor the owner of the property may claim a property tax refund under chapter 290A for a homestead occupied by a relative. In the case of a residence located on agricultural land, only the house, garage, and immediately surrounding one acre of land shall be classified as a homestead under this paragraph, *except as provided in paragraph (d).*

(d) Agricultural property that is occupied and used for purposes of a homestead by a relative of the owner, is a homestead, only to the extent of the homestead treatment that would be provided if the related owner occupied the property, and only if all of the following criteria are met:

(1) the relative who is occupying the agricultural property is a son or daughter of the owner of the agricultural property,

(2) the owner of the agricultural property must be a Minnesota resident,

(3) the owner of the agricultural property is not eligible to receive homestead treatment on any other agricultural property in Minnesota, and

(4) the owner of the agricultural property is limited to only one agricultural homestead per family under this paragraph.

For purposes of this paragraph, "agricultural property" means the house, garage, other farm buildings and structures, and agricultural land.

Application must be made to the assessor by the owner of the agricultural property to receive homestead benefits under this paragraph. The assessor may require the necessary proof that the requirements under this paragraph have been met.

Sec. 18. Minnesota Statutes 1992, section 273.124, is amended by adding a subdivision to read:

Subd. 6a. [PRELIMINARY APPROVAL OF LEASEHOLD COOPERATIVES.] *Preliminary approval for classification as a leasehold cooperative may be granted to property when a developer proposes to construct one or more residential dwellings or buildings using funds provided by the Minnesota housing finance agency if all of the following conditions are met:*

(a) The developer must present an affidavit to the county attorney and to the governing body of the municipality that includes a statement of the developer's

intention to comply with all requirements in subdivision 6 and a detailed description of the plan for doing so.

(b) The commissioner of the Minnesota housing finance agency must provide the county attorney and governing body with a description of the financing and related terms the commissioner proposes to provide with respect to the project, together with an objective assessment of the likelihood that the project will comply with the requirements of subdivision 6.

(c) The county attorney must review the materials provided under paragraphs (a) and (b), and may require the developer or the Minnesota housing finance agency to provide additional information. If the county attorney determines that it is reasonably likely that the project will meet the requirements of this subdivision, the county attorney shall provide preliminary approval to treatment of the property as a leasehold cooperative.

(d) The governing body shall conduct a public hearing as provided in subdivision 6, paragraph (j), and make its preliminary findings based on the information provided by the developer and the Minnesota housing finance agency.

Upon completion of the project and creation of the leasehold cooperative, actual compliance with the requirements of this subdivision must be demonstrated, and certified by the county attorney. A second hearing by the governing body is not required.

If the county attorney finds that the homestead treatment granted pursuant to a preliminary approval under this subdivision must be revoked because the completed project failed to meet the requirements of this subdivision, the benefits of the treatment shall be recaptured. The county assessor shall determine the amount by which the tax imposed on the property was reduced because it was treated as a leasehold cooperative. The developer shall be charged an amount equal to the tax reduction received or, if the county attorney determines that the failure to meet the requirements was due to the developer's intentional disregard of the requirements, 150 percent of the tax reduction received. The penalty must be paid to the county treasurer within 90 days after receipt of a statement from the treasurer. The proceeds of the penalty shall be distributed to the local taxing jurisdictions in proportion to the amounts of their levies on the property.

Sec. 19. Minnesota Statutes 1992, section 273.124, subdivision 9, is amended to read:

Subd. 9. [HOMESTEAD ESTABLISHED AFTER ASSESSMENT DATE.] Any property that was not used for the purpose of a homestead on the assessment date, but which was used for the purpose of a homestead by ~~June~~ *December* 1 of a year, constitutes class 1 or class 2a.

Any taxpayer meeting the requirements of this subdivision must notify the county assessor, or the assessor who has the powers of the county assessor under section 273.063, in writing, ~~prior to June~~ *by December* 15 of the year of occupancy in order to qualify under this subdivision. The assessor must not deny full homestead treatment to a property that is partially homesteaded on January 2 but occupied for the purpose of a full homestead by ~~June~~ *December* 1 of a year.

The county assessor and the county auditor may make the necessary

changes on their assessment and tax records to provide for proper homestead classification as provided in this subdivision.

If homestead classification has not been requested as of December 15, the assessor will classify the property as nonhomestead for the current assessment year for taxes payable in the following year, provided that the owner of any property qualifying under this subdivision, which has not been accorded the benefits of this subdivision, may be entitled to receive homestead classification by proper application as provided in section 375.192.

The county assessor ~~shall~~ *may* publish in a newspaper of general circulation within the county ~~no later than June 1 of each year~~ a notice ~~informing~~ *requesting* the public ~~of the requirement~~ to file an application for homestead ~~prior to June 15~~ *as soon as practicable after acquisition of a homestead, but no later than December 15.*

The county assessor shall publish in a newspaper of general circulation within the county no later than December 1 of each year a notice informing the public of the requirement to file an application for homestead by December 15.

Sec. 20. Minnesota Statutes 1992, section 273.124, subdivision 13, is amended to read:

Subd. 13. [HOMESTEAD APPLICATION.] *(a) A person who meets the homestead requirements under subdivision 1 must file a homestead application with the county assessor to initially obtain homestead classification.*

(b) On or before January 2, 1993, each county assessor shall mail a homestead application to the owner of each parcel of property within the county which was classified as homestead for the 1992 assessment year. The format and contents of a uniform homestead application shall be prescribed by the commissioner of revenue. The commissioner shall consult with the chairs of the house and senate tax committees on the contents of the homestead application form. The application must clearly inform the taxpayer that this application must be signed by all owners of the property and returned to the county assessor in order for the property to continue receiving homestead treatment. The envelope containing the homestead application shall clearly identify its contents and alert the taxpayer of its necessary immediate response.

~~Every four years after the initial homestead application has been filed under this subdivision, a county shall mail a homestead application to the owner of each parcel of property to verify the continued eligibility for homestead status for all properties classified as homestead within the county in the prior year's assessment. The homestead application and procedures shall be done in the same manner as contained in this subdivision for the 1993 homestead application.~~

(c) On the homestead application each owner shall disclose the location of any other residential property in the state in which the owner holds full or partial ownership and for which homestead status has been granted or has been applied for at the time of the application. Each owner must also disclose the name and social security number of any relative occupying a property qualifying as a homestead under subdivision 1, paragraph (c). Failure to disclose the information required under this paragraph may result in the imposition of the penalty provided under this subdivision.

(d) Every property owner applying for homestead classification must furnish to the county assessor the social security number of each person who is listed as an owner of the property listed on the homestead application. If the social security number is not provided, the county assessor shall classify the property as nonhomestead. The social security numbers of the property owners are private data on individuals as defined by section 13.02, subdivision 12, but, notwithstanding that section, the private data may be disclosed to the commissioner of revenue.

(e) If residential real estate is occupied and used for purposes of a homestead by a relative of the owner and qualifies for a homestead under subdivision 1, paragraph (c), in order for the property to receive homestead status, a homestead application must be filed with the assessor. The social security number of each relative occupying the property and the social security number of each owner of the property shall be required on the homestead application filed under this subdivision. If a different relative of the owner subsequently occupies the property, the owner of the property must notify the assessor within 30 days of the change in occupancy.

(f) The homestead application shall also notify the property owners that the application filed under this section will not be mailed annually and that if the property is granted homestead status for the 1993 assessment, that same property shall remain classified as homestead until the property is sold or transferred to another person, or the owners or the relatives no longer use the property as their homestead. Upon the sale or transfer of the homestead property, a certificate of value must be timely filed with the county auditor as provided under section 272.115. Failure to notify the county within 30 days that the property has been sold, transferred, or that the owner or the relative is no longer occupying the property as a homestead, shall result in the penalty provided under this subdivision and the property will lose its current homestead status.

(g) If the ~~initial~~ homestead application is not returned within 30 days, the county will send a second application to the present owners of record. The notice of proposed property taxes prepared under section 275.065, subdivision 3, shall reflect the property's classification. If a homestead application has not been filed with the county by December 15, the assessor shall classify the property as nonhomestead for the current assessment year for taxes payable in the following year, provided that the owner may be entitled to receive the homestead classification by proper application under section 375.192.

(h) At the request of the commissioner, each county must give the commissioner a list that includes the name and social security number of each property owner applying for homestead classification under this subdivision.

(i) If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead benefits that had been improperly allowed. For the purpose of this section, "homestead benefits" means the tax reduction resulting from the classification as a homestead under section 273.13, the

taconite homestead credit under section 273.135, and the supplemental homestead credit under section 273.1391.

The county auditor shall send a notice to the owners of the affected property, demanding reimbursement of the homestead benefits plus a penalty equal to 100 percent of the homestead benefits. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county. If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount of taxes and penalty to the succeeding year's tax list to be collected as part of the property taxes.

(j) Any amount of homestead benefits recovered by the county from the property owner shall be distributed to the county, city or town, and school district where the property is located in the same proportion that each taxing district's levy was to the total of the three taxing districts' levy for the current year. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The total amount of penalty collected must be deposited in the county general fund.

(k) If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

(l) In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.

Sec. 21. Minnesota Statutes 1992, section 273.124, is amended by adding a subdivision to read:

Subd. 17. [OWNER-OCCUPIED MOTEL PROPERTY.] *For purposes of class 1a determinations, a homestead includes that portion of property defined as a motel under chapter 157, provided that the person residing in the motel property is using that property as a homestead, is part owner, and is actively engaged in the operation of the motel business. Homestead treatment applies even if legal title to the property is in the name of a corporation or partnership and not in the name of the person residing in the motel. The homestead is limited to that portion of the motel actually occupied by the person.*

A taxpayer meeting the requirements of this subdivision must notify the county assessor, or the assessor who has the powers of the county assessor under section 273.063, in writing, in order to qualify under this subdivision for 1a homestead classification.

Sec. 22. Minnesota Statutes 1992, section 273.124, is amended by adding a subdivision to read:

Subd. 18. [PROPERTY UNDERGOING RENOVATION.] *Property that is not occupied as a homestead on the assessment date will be classified as a homestead if it meets each of the following requirements on that date:*

(a) The structure is a single family or duplex residence.

(b) The property is owned by a church or an organization that is exempt from taxation under section 501(c)(3) of the Internal Revenue Code of 1986.

(c) The organization is in the process of renovating the property for use as a homestead by an individual or family whose income is no greater than 60 percent of the county or area gross median income, adjusted for family size, and that renovation process and conveyance for use as a homestead can reasonably be expected to be completed within 12 months after construction begins.

The organization must apply to the assessor for classification under this subdivision within 30 days of its acquisition of the property, and must provide the assessor with the information necessary for the assessor to determine whether the property qualifies.

Sec. 23. Minnesota Statutes 1992, section 273.13, subdivision 23, is amended to read:

Subd. 23. [CLASS 2.] (a) Class 2a property is agricultural land including any improvements that is homesteaded. The market value of the house and garage and immediately surrounding one acre of land has the same class rates as class 1a property under subdivision 22. If the market value of the house, garage, and surrounding one acre of land is less than $115,000, the value of the remaining land including improvements equal to the difference between $115,000 and the market value of the house, garage, and surrounding one acre of land has a net class rate of .45 percent of market value and a gross class rate of 1.75 percent of market value. The remaining value of class 2a property over $115,000 of market value that does not exceed 320 acres has a net class rate of 1.3 percent of market value, and a gross class rate of 2.25 percent of market value. The remaining property over the $115,000 market value in excess of 320 acres has a class rate of 1.6 percent of market value, and a gross class rate of 2.25 percent of market value.

(b) Class 2b property is (1) real estate, rural in character and used exclusively for growing trees for timber, lumber, and wood and wood products; ~~and~~ (2) *real estate that is not improved with a structure and is used exclusively for growing trees for timber, lumber, and wood and wood products, if the owner has participated or is participating in a cost-sharing program for afforestation, reforestation, or timber stand improvement on that particular property, administered or coordinated by the commissioner of natural resources; or (3)* real estate that is nonhomestead agricultural land. Class 2b property has a net class rate of 1.6 percent of market value, and a gross class rate of 2.25 percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural use may include pasture, timber, waste, unusable wild land, and land included in state or federal farm programs. "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products.

(d) Real estate of less than ten acres used principally for raising or cultivating agricultural products, shall be considered as agricultural land, if it is not used primarily for residential purposes.

(e) The term "agricultural products" as used in this subdivision includes:

(1) livestock, dairy animals, dairy products, poultry and poultry products, fur-bearing animals, horticultural and nursery stock described in sections 18.44 to 18.61, fruit of all kinds, vegetables, forage, grains, bees, and apiary products by the owner;

(2) fish bred for sale and consumption if the fish breeding occurs on land zoned for agricultural use;

(3) the commercial boarding of horses if the boarding is done in conjunction with raising or cultivating agricultural products as defined in clause (1); and

(4) property which is owned and operated by nonprofit organizations used for equestrian activities, excluding racing.

(f) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

(1) wholesale and retail sales;

(2) processing of raw agricultural products or other goods;

(3) warehousing or storage of processed goods; and

(4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3),

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

Sec. 24. Minnesota Statutes 1992, section 273.13, subdivision 24, is amended to read:

Subd. 24. [CLASS 3.] (a) Commercial and industrial property and utility real and personal property, except class 5 property as identified in subdivision 31, clause (1), is class 3a. It has a class rate of ~~3.3~~ *3* percent of the first $100,000 of market value for taxes payable in ~~1990, 3.2 percent for taxes payable in 1991, 3.1 percent for taxes payable in 1992, and three percent for taxes payable in~~ 1993 and thereafter, and 5.06 percent of the market value over $100,000. In the case of state-assessed commercial, industrial, and utility property owned by one person or entity, only one parcel has a reduced class rate on the first $100,000 of market value. In the case of other commercial, industrial, and utility property owned by one person or entity, only one parcel

in each county has a reduced class rate on the first $100,000 of market value, *except that:*

(1) if the market value of the parcel is less than $100,000, and additional parcels are owned by the same person or entity in the same city or town within that county, the reduced class rate shall be applied up to a combined total market value of $100,000 for all parcels owned by the same person or entity in the same city or town within the county; and

(2) in the case of grain, fertilizer, and feed elevator facilities, as defined in section 18C.305, subdivision 1, or 232.21, subdivision 8, the limitation to one parcel per owner per county for the reduced class rate shall not apply, but there shall be a limit of $100,000 of preferential value per site of contiguous parcels owned by the same person or entity. Only the value of the elevator portion of each parcel shall qualify for treatment under this clause. For purposes of this subdivision, contiguous parcels include parcels separated only by a railroad or public road right-of-way.

To receive the reduced class rate on additional parcels under clauses (1) and (2), the taxpayer must notify the county assessor that the taxpayer owns more than one parcel that qualifies under clause (1) or (2).

(b) Employment property defined in section 469.166, during the period provided in section 469.170, shall constitute class 3b and has a class rate of 2.3 percent of the first $50,000 of market value and 3.6 percent of the remainder, except that for employment property located in a border city enterprise zone designated pursuant to section 469.168, subdivision 4, paragraph (c), the class rate of the first $100,000 of market value and the class rate of the remainder is determined under paragraph (a), unless the governing body of the city designated as an enterprise zone determines that a specific parcel shall be assessed pursuant to the first clause of this sentence. The governing body may provide for assessment under the first clause of the preceding sentence only for property which is located in an area which has been designated by the governing body for the receipt of tax reductions authorized by section 469.171, subdivision 1.

Sec. 25. Minnesota Statutes 1992, section 273.13, subdivision 25, is amended to read:

Subd. 25. [CLASS 4.] (a) Class 4a is residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence for rental periods of 30 days or more. Class 4a also includes hospitals licensed under sections 144.50 to 144.56, other than hospitals exempt under section 272.02, and contiguous property used for hospital purposes, without regard to whether the property has been platted or subdivided. Class 4a property has a class rate of 3.5 percent of market value for taxes payable in 1992, and 3.4 percent of market value for taxes payable in 1993 and thereafter.

(b) Class 4b includes:

(1) residential real estate containing less than four units, other than seasonal residential, and recreational;

(2) manufactured homes not classified under any other provision;

(3) a dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b).

Class 4b property has a class rate of 2.8 percent of market value for taxes payable in 1992, 2.5 percent of market value for taxes payable in 1993, and 2.3 percent of market value for taxes payable in 1994 and thereafter.

(c) Class 4c property includes:

(1) a structure that is:

(i) situated on real property that is used for housing for the elderly or for low- and moderate-income families as defined in Title II, as amended through December 31, 1990, of the National Housing Act or the Minnesota housing finance agency law of 1971, as amended, or rules promulgated by the agency and financed by a direct federal loan or federally insured loan made pursuant to Title II of the Act; or

(ii) situated on real property that is used for housing the elderly or for low- and moderate-income families as defined by the Minnesota housing finance agency law of 1971, as amended, or rules adopted by the agency pursuant thereto and financed by a loan made by the Minnesota housing finance agency pursuant to the provisions of the act.

This clause applies only to property of a nonprofit or limited dividend entity. Property is classified as class 4c under this clause for 15 years from the date of the completion of the original construction or substantial rehabilitation, or for the original term of the loan.

(2) a structure that is:

(i) situated upon real property that is used for housing lower income families or elderly or handicapped persons, as defined in section 8 of the United States Housing Act of 1937, as amended; and

(ii) owned by an entity which has entered into a housing assistance payments contract under section 8 which provides assistance for 100 percent of the dwelling units in the structure, other than dwelling units intended for management or maintenance personnel. Property is classified as class 4c under this clause for the term of the housing assistance payments contract, including all renewals, or for the term of its permanent financing, whichever is shorter; and

(3) a qualified low-income building as defined in section 42(c)(2) of the Internal Revenue Code of 1986, as amended through December 31, 1990, that (i) receives a low-income housing credit under section 42 of the Internal Revenue Code of 1986, as amended through December 31, 1990; or (ii) meets the requirements of that section and receives public financing, except financing provided under sections 469.174 to 469.179, which contains terms restricting the rents; or (iii) meets the requirements of section 273.1317. Classification pursuant to this clause is limited to a term of 15 years.

For all properties described in clauses (1), (2), and (3) and in paragraph (d), the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents unless the owner of the property elects to have the property assessed under Laws 1991, chapter 291, article 1, section 55. If the owner of the property elects to have the market value determined on the basis of the actual restricted rents, as provided in Laws 1991, chapter 291, article 1, section 55, the property will be assessed at the rate provided for class 4a or class 4b property, as appropriate. Properties described in clauses (1)(ii), (3), and (4) may apply to the assessor for

valuation under Laws 1991, chapter 291, article 1, section 55. The land on which these structures are situated has the class rate given in paragraph (b) if the structure contains fewer than four units, and the class rate given in paragraph (a) if the structure contains four or more units. This clause applies only to the property of a nonprofit or limited dividend entity.

(4) a parcel of land, not to exceed one acre, and its improvements or a parcel of unimproved land, not to exceed one acre, if it is owned by a neighborhood real estate trust and at least 60 percent of the dwelling units, if any, on all land owned by the trust are leased to or occupied by lower income families or individuals. This clause does not apply to any portion of the land or improvements used for nonresidential purposes. For purposes of this clause, a lower income family is a family with an income that does not exceed 65 percent of the median family income for the area, and a lower income individual is an individual whose income does not exceed 65 percent of the median individual income for the area, as determined by the United States Secretary of Housing and Urban Development. For purposes of this clause, "neighborhood real estate trust" means an entity which is certified by the governing body of the municipality in which it is located to have the following characteristics:

(a) it is a nonprofit corporation organized under chapter 317A;

(b) it has as its principal purpose providing housing for lower income families in a specific geographic community designated in its articles or bylaws;

(c) it limits membership with voting rights to residents of the designated community; and

(d) it has a board of directors consisting of at least seven directors, 60 percent of whom are members with voting rights and, to the extent feasible, 25 percent of whom are elected by resident members of buildings owned by the trust; and

(5) except as provided in subdivision 22, paragraph (c), real property devoted to temporary and seasonal residential occupancy for recreation purposes, including real property devoted to temporary and seasonal residential occupancy for recreation purposes and not devoted to commercial purposes for more than 250 days in the year preceding the year of assessment. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property is used for residential occupancy, and a fee is charged for residential occupancy. Class 4c also includes commercial use real property used exclusively for recreational purposes in conjunction with class 4c property devoted to temporary and seasonal residential occupancy for recreational purposes, up to a total of two acres, provided the property is not devoted to commercial recreational use for more than 250 days in the year preceding the year of assessment and is located within two miles of the class 4c property with which it is used. Class 4c property classified in this clause also includes the remainder of class 1c resorts. Owners of real property devoted to temporary and seasonal residential occupancy for recreation purposes and all or a portion of which was devoted to commercial purposes for not more than 250 days in the year preceding the year of assessment desiring classification as class 1c or 4c, must submit a declaration to the assessor designating the cabins or units occupied for 250 days or less in the year preceding the year of assessment by January 15 of the assessment year. Those cabins or units and a proportionate share of the land

on which they are located will be designated class 1c or 4c as otherwise provided. The remainder of the cabins or units and a proportionate share of the land on which they are located will be designated as class 3a. The first $100,000 of the market value of the remainder of the cabins or units and a proportionate share of the land on which they are located shall have a class rate of three percent. The owner of property desiring designation as class 1c or 4c property must provide guest registers or other records demonstrating that the units for which class 1c or 4c designation is sought were not occupied for more than 250 days in the second year preceding the assessment if so requested. The portion of a property operated as a (1) restaurant, (2) bar, (3) gift shop, and (4) other nonresidential facility operated on a commercial basis not directly related to temporary and seasonal residential occupancy for recreation purposes shall not qualify for class 1c or 4c;

(6) real property up to a maximum of one acre of land owned by a nonprofit community service oriented organization; provided that the property is not used for a revenue-producing activity for more than six days in the calendar year preceding the year of assessment and the property is not used for residential purposes on either a temporary or permanent basis. For purposes of this clause, a "nonprofit community service oriented organization" means any corporation, society, association, foundation, or institution organized and operated exclusively for charitable, religious, fraternal, civic, or educational purposes, and which is exempt from federal income taxation pursuant to section 501(c)(3), (10), or (19) of the Internal Revenue Code of 1986, as amended through December 31, 1990. For purposes of this clause, "revenue-producing activities" shall include but not be limited to property or that portion of the property that is used as an on-sale intoxicating liquor or 3.2 percent malt liquor establishment licensed under chapter 340A, a restaurant open to the public, bowling alley, a retail store, gambling conducted by organizations licensed under chapter 349, an insurance business, or office or other space leased or rented to a lessee who conducts a for-profit enterprise on the premises. Any portion of the property which is used for revenue-producing activities for more than six days in the calendar year preceding the year of assessment shall be assessed as class 3a. The use of the property for social events open exclusively to members and their guests for periods of less than 24 hours, when an admission is not charged nor any revenues are received by the organization shall not be considered a revenue-producing activity;

(7) post-secondary student housing of not more than one acre of land that is owned by a nonprofit corporation organized under chapter 317A and is used exclusively by a student cooperative, sorority, or fraternity for on-campus housing or housing located within two miles of the border of a college campus; and

(8) manufactured home parks as defined in section 327.14, subdivision 3.

Class 4c property has a class rate of 2.3 percent of market value, except that (i) each parcel of seasonal residential recreational property not used for commercial purposes under clause (5) has a class rate of 2.2 percent of market value for taxes payable in 1992, and for taxes payable in 1993 and thereafter, the first $72,000 of market value on each parcel has a class rate of two percent and the market value of each parcel that exceeds $72,000 has a class rate of 2.5 percent, and (ii) manufactured home parks assessed under clause (8) have a class rate of two percent for taxes payable in 1993, *1994, and 1995* only.

(d) Class 4d property includes:

(1) a structure that is:

(i) situated on real property that is used for housing for the elderly or for low and moderate income families as defined by the Farmers Home Administration;

(ii) located in a municipality of less than 10,000 population; and

(iii) financed by a direct loan or insured loan from the Farmers Home Administration. Property is classified under this clause for 15 years from the date of the completion of the original construction or for the original term of the loan.

The class rates in paragraph (c), clauses (1), (2), and (3) and this clause apply to the properties described in them, only in proportion to occupancy of the structure by elderly or handicapped persons or low and moderate income families as defined in the applicable laws unless construction of the structure had been commenced prior to January 1, 1984; or the project had been approved by the governing body of the municipality in which it is located prior to June 30, 1983; or financing of the project had been approved by a federal or state agency prior to June 30, 1983. For ~~property for which application is made for 4c or 4d classification for taxes payable in 1994 and thereafter, and which was not classified 4c or 4d for taxes payable in 1993~~ *those properties*, 4c or 4d classification is available only for those units meeting the requirements of section 273.1318.

Classification under this clause is only available to property of a nonprofit or limited dividend entity.

In the case of a structure financed or refinanced under any federal or state mortgage insurance or direct loan program exclusively for housing for the elderly or for housing for the handicapped, a unit shall be considered occupied so long as it is actually occupied by an elderly or handicapped person or, if vacant, is held for rental to an elderly or handicapped person.

(2) For taxes payable in 1992, 1993 and 1994, only, buildings and appurtenances, together with the land upon which they are located, leased by the occupant under the community lending model lease-purchase mortgage loan program administered by the Federal National Mortgage Association, provided the occupant's income is no greater than 60 percent of the county or area median income, adjusted for family size and the building consists of existing single family or duplex housing. The lease agreement must provide for a portion of the lease payment to be escrowed as a nonrefundable down payment on the housing. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. The application must be accompanied by an affidavit or other proof required by the assessor to determine qualification under this clause.

(3) Qualifying buildings and appurtenances, together with the land upon which they are located, leased for a period of up to five years by the occupant under a lease-purchase program administered by the Minnesota housing finance agency or a housing and redevelopment authority authorized under sections 469.001 to 469.047, provided the occupant's income is no greater than 80 percent of the county or area median income, adjusted for family size, and the building consists of two or less dwelling units. The lease agreement must provide for a portion of the lease payment to be escrowed as a nonrefundable down payment on the housing. The administering agency shall

verify the occupants income eligibility and certify to the county assessor that the occupant meets the income criteria under this paragraph. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. For purposes of this section, "qualifying buildings and appurtenances" shall be defined as one or two unit residential buildings which are unoccupied and have been abandoned and boarded for at least six months.

Class 4d property has a class rate of two percent of market value *except that property classified under clause (3), shall have the same class rate as class 1a property.*

(e) Residential rental property that would otherwise be assessed as class 4 property under paragraph (a); paragraph (b), clauses (1) and (3); paragraph (c), clause (1), (2), (3), or (4), is assessed at the class rate applicable to it under Minnesota Statutes 1988, section 273.13, if it is found to be a substandard building under section 273.1316. Residential rental property that would otherwise be assessed as class 4 property under paragraph (d) is assessed at 2.3 percent of market value if it is found to be a substandard building under section 273.1316.

Sec. 26. Minnesota Statutes 1992, section 273.13, subdivision 33, is amended to read:

Subd. 33. [CLASSIFICATION OF UNIMPROVED PROPERTY.] (a) ~~Except as provided in paragraph~~ *All real property that is not improved with a structure must be classified according to its current use.*

(b)~~,~~ Real property that is not improved with a structure *and for which there is no identifiable current use* must be classified according to its highest and best use permitted under the local zoning ordinance. If the ordinance permits more than one use, the land must be classified according to the highest and best use permitted under the ordinance. If no such ordinance exists, the assessor shall consider the most likely potential use of the unimproved land based upon the use made of surrounding land or land in proximity to the unimproved land.

~~(b) Real property that is not improved with a structure and is in commercial, industrial, or agricultural use under this section must be classified according to its actual use.~~

Sec. 27. Minnesota Statutes 1992, section 273.1318, subdivision 1, is amended to read:

Subdivision 1. [INCOME LIMITATION.] (a) Subject to the exception in paragraph (b), for a building for which application is made for class 4c for taxes payable in 1994 and thereafter, and which was not class 4c for taxes payable in 1993, only those units occupied by a household whose income is 100 percent or less of the county or area median income adjusted for family size as determined by the department of housing and urban development are eligible for class 4c.

(b) For a building for which application is made for class 4c for taxes payable in 1994 and thereafter, ~~and which was not class 4c for taxes payable in 1993, but~~ for which a formal application was received by a local, state, or federal agency for financing, refinancing, or insurance before July 1, 1992, *and for a building that was classified as class 4c for taxes payable in 1993 or an earlier year,* the income limit is 100 percent or less of county or area

median income not adjusted for family size as determined by the department of housing and urban development.

Sec. 28. Minnesota Statutes 1992, section 273.135, subdivision 2, is amended to read:

Subd. 2. The amount of the reduction authorized by subdivision 1 shall be:

(a) In the case of property located within the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 66 percent of the tax, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to ~~the product of~~ 95 percent of the base year effective tax rate ~~multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate~~. In no case will the reduction for each homestead resulting from this credit be less than $10.

(b) In the case of property located within the boundaries of a school district which qualifies as a tax relief area but which is outside the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 57 percent of the tax, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to ~~the product of~~ 95 percent of the base year effective tax rate ~~multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate~~. In no case will the reduction for each homestead resulting from this credit be less than $10.

(c) The maximum reduction of the tax is $225.40 on property described in clause (a) and $200.10 on property described in clause (b), for taxes payable in 1985. These maximum amounts shall increase by $15 times the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent years.

For the purposes of this subdivision, "homestead credit equivalency percentage" means one minus the ratio of the net class rate to the gross class rate applicable to the first $72,000 of the market value of residential homesteads, "effective tax rate" means tax divided by the market value of a property, and the "base year effective tax rate" means the payable 1988 tax on a property with an identical market value to that of the property receiving the credit in the current year after the application of the credits payable under Minnesota Statutes 1988, section 273.13, subdivisions 22 and 23, and this section, divided by the market value of the property.

Sec. 29. Minnesota Statutes 1992, section 273.33, subdivision 2, is amended to read:

Subd. 2. The personal property, consisting of the pipeline system of mains, pipes, and equipment attached thereto, of pipeline companies and others engaged in the operations or business of transporting natural gas, gasoline, crude oil, or other petroleum products by pipelines, shall be listed with and assessed by the commissioner of revenue. This subdivision shall not apply to the assessment of the products transported through the pipelines nor to the lines of local commercial gas companies engaged primarily in the business of distributing gas to consumers at retail nor to pipelines used by the owner thereof to supply natural gas or other petroleum products exclusively for such owner's own consumption and not for resale to others. *If more than 85 percent of the natural gas or other petroleum products actually transported over the*

pipeline is used for the owner's own consumption and not for resale to others, then this subdivision shall not apply; provided, however, that in that event, the pipeline shall be assessed in proportion to the percentage of gas actually transported over such pipeline that is not used for the owner's own consumption. On or before June 30, the commissioner shall certify to the auditor of each county, the amount of such personal property assessment against each company in each district in which such property is located.

Sec. 30. Minnesota Statutes 1992, section 276.04, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality and school district must be separately stated. The amounts due other taxing districts, if any, may be aggregated. The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The statement shall include the following sentence, printed in upper case letters in boldface print: "THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT."

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

(1) the property's estimated market value ~~as defined in~~ *under* section ~~272.03, subdivision 8~~ *273.11, subdivision 1*;

(2) *the property's taxable market value after reductions under sections 273.11, subdivisions 1a and 16;*

(3) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);

~~(3)~~ *(4)* a total of the following aids:

(i) education aids payable under chapters 124 and 124A;

(ii) local government aids for cities, towns, and counties under chapter 477A; and

(iii) disparity reduction aid under section 273.1398;

~~(4)~~ *(5)* for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the

property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as "homestead and agricultural credit." For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;

~~(5)~~ *(6)* any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief";

~~(6)~~ *(7)* the net tax payable in the manner required in paragraph (a); and

~~(7)~~ *(8)* any additional amount of tax authorized under sections 124A.03, subdivision 2a, and 275.61. These amounts shall be listed as "voter approved referenda levies."

The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in 1992 and thereafter, the commissioner must certify this amount by September 1.

Sec. 31. Minnesota Statutes 1992, section 375.192, subdivision 2, is amended to read:

Subd. 2. Upon written application by the owner of any property, the county board may grant the reduction or abatement of estimated market valuation or taxes and of any costs, penalties, or interest on them as the board deems just and equitable and order the refund in whole or part of any taxes, costs, penalties, or interest which have been erroneously or unjustly paid. *The county board is authorized to consider and grant reductions or abatements on applications only as they relate to taxes payable in the current year and the two prior years; provided that reductions or abatements for the two prior years shall be considered or granted only for (i) clerical errors, or (ii) when the taxpayer fails to file for a reduction or an adjustment due to hardship, as determined by the county board.* The application must include the social security number of the applicant. The social security number is private data on individuals as defined by section 13.02, subdivision 12. All applications must be approved by the county assessor, or, if the property is located in a city of the first or second class having a city assessor, by the city assessor, and by the county auditor before consideration by the county board, except that the part of the application which is for the abatement of penalty or interest must be approved by the county treasurer and county auditor. Approval by the county or city assessor is not required for abatements of penalty or interest. No reduction, abatement, or refund of any special assessments made or levied by any municipality for local improvements shall be made unless it is also approved by the board of review or similar taxing authority of the municipality. Before taking action on any reduction or abatement where the reduction of taxes, costs, penalties, and interest exceed $10,000, the county board shall give 20 days' notice to the school board and the municipality in which the property is located. The notice must describe the property involved, the actual amount of the reduction being sought, and the reason for the reduction. If the school board or the municipality object to the granting of the reduction or abatement, the county board must refer the abatement or reduction to the

commissioner of revenue with its recommendation. The commissioner shall consider the abatement or reduction under section 270.07, subdivision 1.

An appeal may not be taken to the tax court from any order of the county board made in the exercise of the discretionary authority granted in this section.

The county auditor shall notify the commissioner of revenue of all abatements resulting from the erroneous classification of real property, for tax purposes, as nonhomestead property. For the abatements relating to the current year's tax processed through June 30, the auditor shall notify the commissioner on or before July 31 of that same year of all abatement applications granted. For the abatements relating to the current year's tax processed after June 30 through the balance of the year, the auditor shall notify the commissioner on or before the following January 31 of all applications granted. The county auditor shall submit a form containing the social security number of the applicant and such other information the commissioner prescribes.

Sec. 32. [PENDING APPLICATIONS.]

(a) For applications under Minnesota Statutes, section 375.192, subdivision 2, pending prior to the effective date of this act, the county board's current policy is ratified by this act.

(b) If an applicant has filed a judicial action before January 1, 1993, for a reduction or abatement requiring the county to consider the application, paragraph (a) does not apply; provided, however, that no reduction or abatement may be considered by the county board for more than three years.

Sec. 33. Minnesota Statutes 1992, section 429.061, is amended by adding a subdivision to read:

Subd. 5. Sec. 34. Minnesota Statutes 1992, section 469.040, subdivision 3, is amended to read:

Subd. 3. [STATEMENT FILED WITH ASSESSOR; PERCENTAGE TAX ON RENTALS.] Notwithstanding the provisions of subdivision 1, after a housing project carried on under sections 469.016 to 469.026 has become occupied, in whole or in part, an authority shall file with the assessor, on or before ~~May 1~~ *April 15* of each year, a statement of the aggregate shelter rentals of that project collected during the preceding calendar year. Unless a greater amount has been agreed upon between the authority and the governing body or bodies for which the authority was created, in whose jurisdiction the project is located, five percent of the aggregate shelter rentals shall be charged to the authority as a service charge for the services and facilities to be furnished with respect to that project. The service charge shall be collected from the authority in the manner provided by law for the assessment and collection of taxes. The amount so collected shall be distributed to the several taxing bodies in the same proportion as the tax rate of each bears to the total tax rate of those taxing bodies. The governing body or bodies for which the authority has been created, in whose jurisdiction the project is located, may agree with the

authority for the payment of a service charge for a housing project in an amount greater than five percent of the aggregate annual shelter rentals of any project, upon the basis of shelter rentals or upon another basis agreed upon. The service charge may not exceed the amount which would be payable in taxes were the property not exempt. If such an agreement is made, the service charge so agreed upon shall be collected and distributed in the manner above provided. If the project has become occupied, or if the land upon which the project is to be constructed has been acquired, the agreement shall specify the location of the project for which the agreement is made. "Shelter rental" means the total rentals of a housing project exclusive of any charge for utilities and special services such as heat, water, electricity, gas, sewage disposal, or garbage removal. "Service charge" means payment in lieu of taxes. The records of each housing project shall be open to inspection by the proper assessing officer.

For purposes of this subdivision, the "exemption amount" means the exemption amount under section 151(d) of the Internal Revenue Code of 1986, as amended through December 31, 1991, for the taxable year for which the income is reported.

Sec. 2. Minnesota Statutes 1992, section 290A.03, subdivision 7, is amended to read:

Subd. 7. [DEPENDENT.] "Dependent" means any person who is considered a dependent under sections 151 and 152 of the Internal Revenue Code of 1986, as amended through December 31, 1991. In the case of a son, stepson, daughter, or stepdaughter of the claimant, amounts received as an aid to families with dependent children grant ~~or~~, allowance to or on behalf of the child, *surplus food, or other relief in kind supplied by a governmental agency* must not be taken into account in determining whether the child received more than half of the child's support from the claimant.

Sec. 3. Minnesota Statutes 1992, section 290A.03, subdivision 8, is amended to read:

Subd. 8. [CLAIMANT.] (a) "Claimant" means a person, other than a dependent, *as defined under sections 151 and 152 of the Internal Revenue Code of 1986, as amended through December 31, 1992, disregarding section 152(b)(3) of the Internal Revenue Code,* who filed a claim authorized by this chapter and who was a resident of this state as provided in chapter 290 during the calendar year for which the claim for relief was filed.

(b) In the case of a claim relating to rent constituting property taxes, the claimant shall have resided in a rented or leased unit on which ad valorem taxes or payments made in lieu of ad valorem taxes, including payments of special assessments imposed in lieu of ad valorem taxes, are payable at some time during the calendar year covered by the claim.

(c) "Claimant" shall not include a resident of a nursing home, intermediate care facility, or long-term residential facility whose rent constituting property taxes is paid pursuant to the supplemental security income program under title XVI of the Social Security Act, the Minnesota supplemental aid program under sections 256D.35 to 256D.54, the medical assistance program pursuant to title XIX of the Social Security Act, or the general assistance medical care program pursuant to section 256D.03, subdivision 3. If only a portion of the rent constituting property taxes is paid by these programs, the resident shall be a claimant for purposes of this chapter, but the refund calculated pursuant to section 290A.04 shall be multiplied by a fraction, the numerator of which is income as defined in subdivision 3, paragraphs (1) and (2), reduced by the total amount of income from the above sources other than vendor payments under the medical assistance program or the general assistance medical care

program and the denominator of which is income as defined in subdivision 3, paragraphs (1) and (2), plus vendor payments under the medical assistance program or the general assistance medical care program, to determine the allowable refund pursuant to this chapter.

(d) Notwithstanding paragraph (c), if the claimant was a resident of the nursing home, intermediate care facility or long-term residential facility for only a portion of the calendar year covered by the claim, the claimant may compute rent constituting property taxes by disregarding the rent constituting property taxes from the nursing home, intermediate care facility, or long-term residential facility and use only that amount of rent constituting property taxes or property taxes payable relating to that portion of the year when the claimant was not in the facility. The claimant's household income is the income for the entire calendar year covered by the claim.

(c) In the case of a claim for rent constituting property taxes of a part-year Minnesota resident, the income and rental reflected in this computation shall be for the period of Minnesota residency only. Any rental expenses paid which may be reflected in arriving at federal adjusted gross income cannot be utilized for this computation. When two individuals of a household are able to meet the qualifications for a claimant, they may determine among them as to who the claimant shall be. If they are unable to agree, the matter shall be referred to the commissioner of revenue whose decision shall be final. If a homestead property owner was a part-year Minnesota resident, the income reflected in the computation made pursuant to section 290A.04 shall be for the entire calendar year, including income not assignable to Minnesota.

(f) If a homestead is occupied by two or more renters, who are not husband and wife, the rent shall be deemed to be paid equally by each, and separate claims shall be filed by each. The income of each shall be each renter's household income for purposes of computing the amount of credit to be allowed.

Sec. 4. Minnesota Statutes 1992, section 290A.04, subdivision 2h, is amended to read:

Subd. 2h. (a) If the gross property taxes payable on a homestead increase more than 12 percent over the net property taxes payable in the prior year on the same property that is owned by the same owner in both years, and the amount of that increase is $80 or more for taxes payable in 1993, and $100 or more for taxes payable in 1994, *1995, and 1996,* a claimant who is a homeowner shall be allowed an additional refund equal to 75 percent of the amount of the increase over the greater of 12 percent of the prior year's net property taxes payable or $80 for taxes payable in 1993, and 75 percent of the amount of the increase over the greater of 12 percent of the prior year's net property taxes payable or $100 for taxes payable in 1994, *1995, and 1996.* This subdivision shall not apply to any increase in the gross property taxes payable attributable to improvements made to the homestead after the assessment date for the prior year's taxes.

~~In the case of refunds for property taxes payable in 1993 and thereafter,~~ The maximum refund allowed under this subdivision is $1,500.

(b) For purposes of this subdivision, the following terms have the meanings given:

(1) "Net property taxes payable" means property taxes payable after reductions made under sections 273.13, subdivisions 22 and 23; 273.135; 273.1391; and 273.42, subdivision 2, and any other state paid property tax credits and after the deduction of tax refund amounts for which the claimant qualifies pursuant to subdivision 2 and this subdivision.

(2) "Gross property taxes" means net property taxes payable determined without regard to the refund allowed under this subdivision.

(c) In addition to the other proofs required by this chapter, each claimant under this subdivision shall file with the property tax refund return a copy of the property tax statement for taxes payable in the preceding year or other documents required by the commissioner.

On or before December 1, 1993, *1994, and 1995,* the commissioner shall estimate the cost of making the payments provided by this subdivision for taxes payable in the following year. Notwithstanding the open appropriation provision of section 290A.23, if the estimated total refund claims for taxes payable in 1994, *1995, and 1996* exceed $5,500,000, *for each of the three years* the commissioner shall increase the $100 amount of tax increase which must occur before a taxpayer qualifies for a refund, and increase by an equal amount the $100 threshold used in determining the amount of the refund, so that the estimated total refund claims do not exceed $5,500,000 *for taxes payable in 1994, for taxes payable in 1995, or for taxes payable in 1996.*

The determinations of the revised thresholds by the commissioner are not rules subject to chapter 14.

Sec. 5. Minnesota Statutes 1992, section 290A.04, is amended by adding a subdivision to read:

Subd. 6. [INFLATION ADJUSTMENT.] *Beginning for property tax refunds payable in calendar year 1995, the commissioner shall annually adjust the dollar amounts of the income thresholds and the maximum refunds under subdivisions 2 and 2a for inflation. The commissioner shall make the inflation adjustments in accordance with section 290.06, subdivision 2d, except that for purposes of this subdivision the percentage increase shall be determined from the year ending on August 31, 1993, to the year ending on August 31 of the year preceding that in which the refund is payable. The commissioner shall round the thresholds and the maximum amounts, as adjusted to the nearest $10 amount. If the amount ends in $5, the commissioner shall round it up to the next $10 amount.*

The commissioner shall annually announce the adjusted refund schedule at the same time provided under section 290.06. The determination of the commissioner under this subdivision is not a rule under the administrative procedures act.

Sec. 6. Minnesota Statutes 1992, section 290A.23, is amended to read:

290A.23 [APPROPRIATION.]

Subdivision 1. [RENTERS CREDIT ~~AND TARGETING~~.] *For payments made before July 1, 1996,* there is appropriated from the general fund in the state treasury to the commissioner of revenue the amount necessary to make the payments required under section 290A.04, subdivisions 2a ~~and 2h~~. *For payments made after June 30, 1996, the amount necessary to make the*

payments required under section 290A.04, subdivision 2a, are appropriated to the commissioner of revenue from the local government trust fund.

Subd. 2. [HOMEOWNERS PROPERTY TAX REFUND *AND TARGETING*.] There is appropriated from the local government trust fund to the commissioner of revenue the amount necessary to make the payments required under section 290A.04, ~~subdivision~~ *subdivisions 2 and 2h*.

Sec. 7. [INCREASE IN PROPERTY TAX REFUNDS FOR RENTERS.]

(a) On the basis of the most recent forecast of local government trust fund revenues and expenditures, not including expenditures under this section, the commissioner of finance shall determine on or before July 1, 1994, whether the local government trust fund revenues for fiscal year 1995 will exceed the amount appropriated from the fund. If the amount of revenues are estimated to exceed appropriations, up to the first $3,000,000 of the excess is appropriated from the local government trust fund to the commissioner of revenue to increase the payment of property tax refunds to renters under Minnesota Statutes, section 290A.04, subdivision 2a, for claims relating to rent constituting property taxes for rents paid in 1993. The commissioner shall proportionately increase each claimant's refund by an amount the commissioner estimates is sufficient to pay out the additional appropriation. The amount paid to a claimant under this appropriation is not subject to the limitations under Minnesota Statutes, chapter 290A, on the maximum amount of a refund. The additional refund under this section shall be included with the originally authorized refund and paid at the same time as prescribed for the original refund under Minnesota Statutes, section 290A.07. The commissioner's adjustments are final. If, as a result of the commissioner's estimates the additional refund paid under this section exceeds the amount the commissioner originally determined as the available local government trust fund surplus, the excess is appropriated first from any remaining local government trust fund surplus and then, if necessary, from the general fund.

(b) If an additional appropriation is made under the provision of paragraph (a), the commissioner of revenue shall recommend modifications of the property tax refund schedule to the 1995 legislature to provide an equivalent permanent increase in the property tax refund for renters.

Sec. 8. [EFFECTIVE DATE.]

Section 1 is effective for refunds payable for rents paid in 1993 and property taxes payable in 1994, and thereafter.

Sections 2 and 3 are effective for refunds payable for rents paid in 1992 and property taxes payable in 1993, and thereafter.

Section 4 is effective for refunds for property taxes payable in 1994, 1995, and 1996 only.

(b) ~~A municipality may raise the funds by any means that the municipality has to raise funds. The municipalities may each levy a tax not to exceed .00242 percent of taxable market value on the taxable property located in the district for funding the district. Sec. 3. [134.201] [REGIONAL LIBRARY DISTRICT.]

Subdivision 1. [ESTABLISHMENT.] *Regional public library districts may be established under this section in the areas of the existing Great River Regional library system and the East Central Regional library system. The geographic boundaries shall be those established by the state board of education under section 134.34, subdivision 3.*

Subd. 2. [FORMATION.] *A regional public library district may be formed by:*

(1) approval of a majority of the city councils and boards of county commissioners of the cities and counties that finance regional public library system services and represent a majority of the population to be served; or

(2) a majority of those voting on the issue in the entire area to be served by the district in a referendum called after petitions for the referendum have been filed in each of the local governmental units. Petitions must be signed by eligible voters in a number not less than five percent of the number of persons who voted in the last general election in each city and county that is a party to the system contract or agreement.

A city that is not participating in a regional public library system may join the district by majority vote of the city council or by referendum under clause (2) and with the approval of the board of the regional public library district.

Subd. 3. [TERMINATION.] *A regional public library district may be terminated at any time after the district has been in operation for three years. The procedure for termination is the same as that for creation under subdivision 2, clause (2).*

Subd. 4. [BOARD.] *(a) If the district is formed under subdivision 2, clause (1), the board of the public regional library district shall be composed of one county commissioner or the commissioner's designee from each county in the district's service area and one elected member from each county for each ten percent or a major fraction of the district's population. The term of a member shall be four years, with the terms of an initial board to expire in two years for one-half of the members. The board shall organize itself under section 134.11, subdivision 1. The board has the powers and duties set forth in section 134.11, subdivision 2.

Subd. 5. [GENERAL LEVY AUTHORITY.] *The board may levy for operation of public library service. (a) The maximum amount that may be levied by a board under this section is the greater of: (1) the statewide average local support per capita for public library services for the most recent reporting period available, as certified by the commissioner of education, multiplied by the population of the district according to the most recent estimate of the state demographer or the metropolitan council; or (2) the total amount provided by participating counties and cities under section 134.34, subdivision 4, during the year preceding the first year of operation.

Subd. 9. [TRANSITION PROVISIONS.] *If a regional public library system is reorganized into a regional public library district there will be a transition period. The transition period shall begin at the time the regional public library system board adopts a resolution that recommends formation of a district to its participants and that sets an effective date for the establishment of the district. During the transition period participating counties and cities*

must fund public library services under their existing contracts, and planning for administrative changes may occur. The regional public library system board shall continue until the district board members assume their duties, at which time the transition period ends.

Subd. 10. [ASSUMPTION OF ASSETS, LIABILITIES, AND CONTRACTS.] *Upon assumption of responsibilities by the regional public library district board, the regional public library system assets, liabilities, and existing contracts, including contracts negotiated under chapter 179A, shall become the assets, liabilities, and contracts of the regional public library district board.*

Sec. 4. Minnesota Statutes 1992, section 134.35, subdivision 1, is amended to read:

Subdivision 1. Upon petition of 50 or more voters of the school district or five percent of the number of voters voting at the preceding regular school district election, the school board shall by resolution call a special election to vote on any matter requiring approval of the voters of a district. A question is carried only with the majority in its favor required by law. The election officials for a special election are the same as for the most recent school district general election unless changed according to law. Otherwise, special elections must be conducted and the returns made in the manner provided for the school district general election. A special election may not be held during the 30 days before and the 30 days after the state primary or state general election, *or on the second Tuesday in December*. In addition, a special election may not be held during the 20 days before and the 20 days after any regularly scheduled election of a municipality wholly or partially within the school district. Notwithstanding any other law to the contrary, the time period in which a special election must be conducted under any other law may be extended by the school board to conform with the requirements of this subdivision.

Sec. 9. Minnesota Statutes 1992, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, ~~other than a town or special taxing district~~ *including regional library districts established under section 134.201, and including the metropolitan taxing districts as defined in paragraph (i), but excluding all other special taxing districts and towns*, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail. *For 1993, the notice must clearly state that each taxing authority holding a public meeting will describe the increases or decreases of the total budget, including employee and independent contractor compensation in the prior year, current year, and the proposed budget year.*

(d) The notice must state for each parcel:

(1) the market value of the property as ~~defined~~ *determined* under section ~~272.03, subdivision 8~~ *273.11, and used* for *computing* property taxes payable in the following year and for taxes payable *in* the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

metropolitan special taxing districts as defined in paragraph (i) and the sum of the *remaining* special taxing districts, and as a total of the taxing authorities, including *all* special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. *In the case of the city of Minneapolis, the levy for the Minneapolis library board and the levy for Minneapolis park and recreation shall be listed separately from the remaining amount of the city's levy.* In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

Sec. 2. Minnesota Statutes 1992, section 289A.20, subdivision 2, is amended to read:

Subd. 2. [WITHHOLDING FROM WAGES, ENTERTAINER WITHHOLDING, WITHHOLDING FROM PAYMENTS TO OUT-OF-STATE CONTRACTORS, AND WITHHOLDING BY PARTNERSHIPS AND SMALL BUSINESS CORPORATIONS.] (a) A tax required to be deducted and withheld during the quarterly period must be paid on or before the last day of the month following the close of the quarterly period, unless an earlier time for payment is provided. A tax required to be deducted and withheld from compensation of an entertainer and from a payment to an out-of-state contractor must be paid on or before the date the return for such tax must be filed under section 289A.18, subdivision 2. Taxes required to be deducted and withheld by partnerships and S corporations must be paid on or before the date the return must be filed under section 289A.18, subdivision 2.

(b)~~(1) Unless clause (2) applies, if during any calendar month, other than the last month of the calendar quarter, the aggregate amount of the tax withheld during that quarter under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, exceeds $500, the employer shall deposit the aggregate amount with the commissioner within 15 days after the close of the calendar month.~~

~~(2) If at the close of any eighth-monthly period the aggregate amount of undeposited taxes is $3,000 or more, the employer, or person withholding tax under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, shall deposit the undeposited taxes with the commissioner within three banking days after the close of the eighth-monthly period. Taxpayers must submit a copy of their federal notice of deposit status to the commissioner upon request by the commissioner.*

(c) The commissioner may prescribe by rule other return periods or deposit requirements. In prescribing the reporting period, the commissioner may classify payors according to the amount of their tax liability and may adopt an appropriate reporting period for the class that the commissioner judges to be consistent with efficient tax collection. In no event will the duration of the reporting period be more than one year.

(d) If less than the correct amount of tax is paid to the commissioner, proper adjustments with respect to both the tax and the amount to be deducted must be made, without interest, in the manner and at the times the commissioner prescribes. If the underpayment cannot be adjusted, the amount of the underpayment will be assessed and collected in the manner and at the times the commissioner prescribes.

(e) If the aggregate amount of the tax withheld during a fiscal year ending June 30 under section 290.92, subdivision 2a or 3, is equal to or exceeds $240,000, the employer must remit each required deposit in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). If the date the deposit is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the deposit is due.

Sec. 3. Minnesota Statutes 1992, section 289A.26, subdivision 7, is amended to read:

Subd. 7. [REQUIRED INSTALLMENTS.] (a) Except as otherwise provided in this subdivision, the amount of a required installment is 25 percent of the required annual payment.

(b) Except as otherwise provided in this subdivision, the term "required annual payment" means the lesser of:

(1) ~~(i) for tax years beginning in calendar year 1992, 93~~ 97 percent of the tax shown on the return for the taxable year, or, if no return is filed, ~~93~~ 97 percent of the tax for that year;

~~(ii) for tax years beginning after December 31, 1992, 95 percent of the tax shown on the return for the taxable year, or if no return is filed 95 percent of the tax for that year;~~ or

(2) 100 percent of the tax shown on the return of the entity for the preceding taxable year provided the return was for a full 12-month period, showed a liability, and was filed by the entity.

(c) Except for determining the first required installment for any taxable year, paragraph (b), clause (2), does not apply in the case of a large corporation. The term "large corporation" means a corporation or any predecessor corporation that had taxable net income of $1,000,000 or more for any taxable year during the testing period. The term "testing period" means the three taxable years immediately preceding the taxable year involved. (d) In the case of a required installment, if the corporation establishes that the annualized income installment is less than the amount determined in paragraph (a), the amount of the required installment is the annualized income installment and the recapture of previous quarters' reductions allowed by this paragraph must be recovered by increasing later required installments to the extent the reductions have not previously been recovered.

(e) The "annualized income installment" is the excess, if any, of:

(1) an amount equal to the applicable percentage of the tax for the taxable year computed by placing on an annualized basis the taxable income:

(i) for the first two months of the taxable year, in the case of the first required installment;

(ii) for the first two months or for the first five months of the taxable year, in the case of the second required installment;

(iii) for the first six months or for the first eight months of the taxable year, in the case of the third required installment; and

(iv) for the first nine months or for the first 11 months of the taxable year, in the case of the fourth required installment, over

(2) the aggregate amount of any prior required installments for the taxable year.

(3) For the purpose of this paragraph, the annualized income shall be computed by placing on an annualized basis the taxable income for the year up to the end of the month preceding the due date for the quarterly payment multiplied by 12 and dividing the resulting amount by the number of months

in the taxable year (2, 5, 6, 8, 9, or 11 as the case may be) referred to in clause (1).

(4) The "applicable percentage" used in clause (1) is:

For the following required installments:	The applicable percentage is:

(iii) determine the tax on the amount determined under item (ii); and

(iv) multiply the tax computed under item (iii) by the base period percentage for the filing month and the months during the taxable year preceding the filing month.

(c) A petition filed under this subdivision remains in effect with respect to any refunds due under this section until the support ~~money~~ *or maintenance*, attorney fees, and costs have been paid in full or the court orders the commissioner to discontinue withholding the money from the refund due the person obligated to pay the support *or maintenance*, attorney fees, and costs. If a petition is filed under this subdivision *concerning child support* and a claim is made under chapter 270A with respect to the individual's refund and notices of both are received before the time when payment of the refund is made on either claim, the claim relating to the liability that accrued first in time must be paid first. The amount of the refund remaining must then be applied to the other claim.

(2) repair or replacement parts, ~~or~~ *including accessories, whether purchased as spare parts, repair parts, or as upgrades or modifications, and whether purchased before or after the machinery or equipment is placed into service. Parts or accessories are treated as capital equipment only to the extent that they are a part of and are essential to the operation of the machinery or equipment as initially purchased;*

(3) machinery or equipment used to receive or store raw materials*;*

(4) building materials, including materials used for foundations that support machinery or equipment;

(5) machinery or equipment used for nonproduction purposes, including, but not limited to, the following: machinery and equipment used for plant security, fire prevention, first aid, and hospital stations; machinery and equipment used in support operations or for administrative purposes; machinery and equipment used solely for pollution control, prevention, or abatement; machinery and equipment used for environmental control, except that when a controlled environment is essential for the manufacture of a particular product, the machinery or equipment that controls the environment can qualify as capital equipment; and machinery and equipment used in plant cleaning, disposal of scrap and waste, plant communications, lighting, or safety;

When a contractor buys and installs machinery or equipment as part of an improvement to real property, only the contractor is considered the purchaser;

(2) the requirement that the machinery and equipment must be used "for manufacturing, fabricating, mining, quarrying, or refining" means that the machinery or equipment must be essential to the integrated process of manufacturing, fabricating, mining, quarrying, or refining. Neither legal requirements nor practical necessity determines whether or not the equipment is essential to the integrated process;

(5) "physical expansion of an existing facility" means adding a new production line, adding new machinery or equipment to an existing production line, new construction which will become part of the existing facility and which is used for a qualifying activity, or conversion of an area in an existing facility from a nonqualifying activity to a qualifying activity; and

(6) performing "substantially the same function" means that the new machinery or equipment serves fundamentally or essentially the same purpose as did the old equipment or that it produces the same or similar end product, even though it may increase speed, efficiency, or production capacity.

(d) Notwithstanding prior provisions of this subdivision, machinery and equipment purchased or leased to replace machinery and equipment used in the mining or production of taconite shall qualify as capital equipment regardless of whether the facility has been expanded.

For this purpose, the term "tax" shall include any penalty, interest, and costs properly payable. The term "levy" includes the power of distraint and seizure by any means; *provided, no entry can be made upon the business premises or residence of a taxpayer in order to seize property without first obtaining a writ of entry listing the property to be seized and signed by a judge of the district court of the district in which the business premises or residence is located.*

Sec. 9. [270.7001] [CONTINUOUS LEVY.]

Subdivision 1. [AUTHORITY.] *The commissioner may, within five years after the date of assessment of the tax, or if a lien has been filed under section 270.69, within the statutory period for enforcement of the lien, give notice to a person, officer, or political subdivision or agency of the state to withhold the amount of any tax, interest, or penalties due from a taxpayer, or the amount due from an employer or person who has failed to withhold and transmit amounts due from any payments to the taxpayer, employer, or person. The amounts withheld shall be transmitted to the commissioner at the times the commissioner designates.*

Subd. 2. [LEVY CONTINUOUS.] *The levy made under subdivision 1 is continuous from the date the notice is received until (1) the amount due stated*

on the notice has been withheld or (2) the notice has been released by the commissioner under section 270.709, whichever occurs first.

Subd. 3. [AMOUNT TO BE WITHHELD.] *The amount required to be withheld under this section is the least of:*

(3) any other periodic payments or credits resulting from an enforceable obligation to the taxpayer, employer, or person.

Subd. 5. [DETERMINATION OF STATUS; EFFECT.] *A determination of a person's status as an independent contractor under this section does not affect the determination of the person's status for the purposes of any other law or rule.*

Sec. 10. [270.78] [PENALTY FOR FAILURE TO MAKE PAYMENT BY ELECTRONIC FUNDS TRANSFER.]

In addition to other applicable penalties imposed by law, after notification from the commissioner of revenue to the taxpayer that payments for a tax administered by the commissioner are required to be made by means of electronic funds transfer, and the payments are remitted by some other means, there is a penalty in the amount of five percent of each payment that should have been remitted electronically. The penalty can be abated under the abatement procedures prescribed in section 270.07, subdivision 6, if the failure to remit the payment electronically is due to reasonable cause.

Sec. 11. Minnesota Statutes 1992, section 276.02, is amended to read:

276.02 [TREASURER TO BE COLLECTOR.]

The county treasurer shall collect all taxes extended on the tax lists of the county and the fines, forfeitures, or penalties received by any person or officer for the use of the county. The treasurer shall collect the taxes according to law and credit them to the proper funds. This section does not apply to fines and penalties accruing to municipal corporations for the violation of their ordinances that are recoverable before a city justice. The county board may by resolution authorize the treasurer to impose a charge for any dishonored checks.

The county board may, by resolution, authorize the treasurer and/or other designees to accept payments of real property taxes by credit card provided that a fee is charged for its use. Subd. 1a. (c) If a retailer has an average sales and use tax liability, including local sales and use taxes administered by the commissioner, equal to or less than $500 per month in any quarter of a calendar year, and has substantially

complied with the tax laws during the preceding four calendar quarters, the retailer may request authorization to file and pay the taxes quarterly in subsequent calendar quarters. The authorization remains in effect during the period in which the retailer's quarterly returns reflect sales and use tax liabilities of less than $1,500 and there is continued compliance with state tax laws.

(d) If a retailer has an average sales and use tax liability, including local sales and use taxes administered by the commissioner, equal to or less than $100 per month during a calendar year, and has substantially complied with the tax laws during that period, the retailer may request authorization to file and pay the taxes annually in subsequent years. The authorization remains in effect during the period in which the retailer's annual returns reflect sales and use tax liabilities of less than $1,200 and there is continued compliance with state tax laws.

(e) The commissioner may also grant quarterly or annual filing and payment authorizations to retailers if the commissioner concludes that the retailers' future tax liabilities will be less than the monthly totals identified in paragraphs (c) and (d). (2) If at the close of any eighth-monthly period the aggregate amount of undeposited taxes is $3,000 or more, the employer, or person withholding tax under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, shall deposit the undeposited taxes with the commissioner within three banking days after the close of the eighth-monthly period. (c) The commissioner may prescribe by rule other return periods or deposit requirements. In prescribing the reporting period, the commissioner may classify payors according to the amount of their tax liability and may adopt an appropriate reporting period for the class that the commissioner judges to be consistent with efficient tax collection. In no event will the duration of the reporting period be more than one year.

(d) If less than the correct amount of tax is paid to the commissioner, proper adjustments with respect to both the tax and the amount to be deducted must be made, without interest, in the manner and at the times the commissioner prescribes. If the underpayment cannot be adjusted, the amount of the underpayment will be assessed and collected in the manner and at the times the commissioner prescribes.

(e) If the aggregate amount of the tax withheld during a fiscal year ending June 30 under section 290.92, subdivision 2a or 3, is equal to or exceeds ~~$240,000~~ *$120,000*, the employer must remit each required deposit in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the deposit is due. If the date the deposit is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the deposit is due.

Sec. 15. Minnesota Statutes 1992, section 289A.20, subdivision 4, is amended to read:

Subd. 4. (d) A vendor having a liability of ~~$240,000~~ *$120,000* or more during a fiscal year ending June 30 must remit all liabilities in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before ~~the date the tax is due~~ the 14th day of the month following the month in which the taxable event occurred, except for ~~the one-half~~ *75 percent* of the estimated June liability, which is due ~~with the May liability on~~ *two business days before* June ~~14~~ *30*. The remaining amount of the June liability is due on August 14. If the date the tax is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the tax is due.

(e) If the vendor required to remit by electronic funds transfer as provided in paragraph (d) is unable due to reasonable cause to determine the actual sales and use tax due on or before the due date for payment, the vendor may remit an estimate of the tax owed using one of the following options:

(1) 100 percent of the tax reported on the previous month's sales and use tax return;

(2) 100 percent of the tax reported on the sales and use tax return for the same month in the previous calendar year; or

(3) 95 percent of the actual tax due.

Any additional amount of tax that is not remitted on or before the due date for payment, must be remitted with the return. A vendor must notify the commissioner of the option that will be used to estimate the tax due, and must obtain approval from the commissioner to switch to another option. If a vendor fails to remit the actual liability or does not remit using one of the estimate options by the due date for payment, the vendor must remit actual liability as provided in paragraph (d) in all subsequent periods. This paragraph does not apply to the June sales and use liability.

Reports shall be made and hearings held upon the determination of the tax in accordance with procedures established by the commissioner of revenue. The commissioner of revenue shall have authority to make reasonable rules as to the form and manner of filing reports necessary for the determination of the tax hereunder, and by such rules may require the production of such information as may be reasonably necessary or convenient for the determination and apportionment of the tax. All the provisions of the occupation tax law with reference to the assessment and determination of the occupation tax, including all provisions for appeals from or review of the orders of the commissioner of revenue relative thereto, but not including provisions for refunds, are applicable to the taxes imposed by section 298.24 except in so far as inconsistent herewith. If any person subject to section 298.24 shall fail to make the report provided for in this section at the time and in the manner herein provided, the commissioner of revenue shall in such case, upon information possessed or obtained, ascertain the kind and amount of ore mined or produced and thereon find and determine the amount of the tax due from such person. There shall be added to the amount of tax due a penalty for failure to report on or before February 1, which penalty shall equal ten percent of the tax imposed and be treated as a part thereof.

If any person responsible for making a ~~partial~~ tax payment at the time and in the manner herein provided fails to do so, there shall be imposed a penalty equal to ten percent of the amount so due, which penalty shall be treated as part of the tax due.

In the case of any underpayment of the ~~partial~~ tax payment required herein, there may be added and be treated as part of the tax due a penalty equal to ten percent of the amount so underpaid.

~~If any portion of the taxes provided for in section 298.24 is not paid before the fifteenth day of April of the year in which due and payable, a penalty of ten percent of such unpaid portion shall immediately accrue, and thereafter one percent per month shall be added to such tax and penalty while such tax remains unpaid.~~

A person having a liability of $120,000 or more during a calendar year must remit all liabilities by means of a funds transfer as defined in section

336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336A.4A-401, must be on or before the date the tax is due. If the date the tax is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the tax is due.

Sec. 43. Minnesota Statutes 1992, section 299F.21, subdivision 2, is amended to read:

Subd. 2. [ANNUAL RETURNS.] (a) Every insurer required to pay a tax under this section shall make and file a statement of estimated taxes for the period covered by the installment tax payment. The statement shall be in the form prescribed by the commissioner of revenue.

(b) On or before March 1, annually every insurer subject to taxation under this section shall make an annual return for the preceding calendar year setting forth information the commissioner of revenue may reasonably require on forms prescribed by the commissioner.

(c) On March 1, the insurer shall pay any additional amount due for the preceding calendar year; if there has been an overpayment, the overpayment may be credited without interest on the estimated tax due April 15.

(d) If unpaid by this date, penalties ~~and interest~~ as provided in section 289A.60, subdivision 1, *as related to withholding and sales or use taxes,* shall be imposed.

Sec. 44. Minnesota Statutes 1992, section 299F.23, subdivision 2, is amended to read:

Subd. 2. [FAILURE TO FILE; PENALTIES ~~AND INTEREST~~.] In case of any failure to make and file a return as required by this chapter within the time prescribed by law or prescribed by the commissioner of revenue in pursuance of law there shall be added to the tax penalties ~~and interest~~ as provided in section 289A.60, subdivision 2, *as related to withholding and sales or use taxes.*

Sec. 45. Minnesota Statutes 1992, section 299F.23, is amended by adding a subdivision to read:

Subd. 5. [PENALTY FOR REPEATED FAILURES TO FILE RETURNS OR PAY TAXES.] *If there is a pattern by a person of repeated failures to timely file returns or timely pay taxes, and written notice is given that a penalty will be imposed if such failures continue, a penalty of 25 percent of the amount of tax not timely paid as a result of each such subsequent failure is added to the tax. The penalty can be abated under the abatement authority in section 270.07, subdivisions 1, paragraph (e), and 6.*

Sec. 46. Minnesota Statutes 1992, section 349.212, subdivision 4, is amended to read:

Subd. 4. [PULL-TAB AND TIPBOARD TAX.] (a) There is imposed a tax on the sale of each deal of pull-tabs and tipboards sold by a licensed distributor. The rate of the tax is two percent of the ideal gross of the pull-tab or tipboard deal. The sales tax imposed by chapter 297A on the sale of the pull-tabs and tipboards by the licensed distributor is imposed on the retail sales price less the tax imposed by this subdivision. The retail sale of pull-tabs or tipboards by the organization is exempt from taxes imposed by chapter

297A and is exempt from all local taxes and license fees except a fee authorized under section 349.16, subdivision 4.

(b) The liability for the tax imposed by this section is incurred when the pull-tabs and tipboards are delivered by the distributor to the customer, to a common or contract carrier for delivery to the customer, or when received by the customer's authorized representative at the distributor's place of business, regardless of the distributor's method of accounting or the terms of the sale.

The tax imposed by this subdivision is imposed on all sales of pull-tabs and tipboards, except the following:

(1) sales to the governing body of an Indian tribal organization for use on an Indian reservation;

(2) sales to distributors licensed under this chapter;

(3) sales to distributors licensed under the laws of another state or of a province of Canada, as long as all statutory and regulatory requirements are met in the other state or province; and

(4) sales of promotional tickets as defined in section 349.12.

(c) Pull-tabs and tipboards sold to an organization that sells pull-tabs and tipboards under the exemption from licensing in section 349.166, subdivision 2, paragraph (a), are exempt from the tax imposed by this subdivision. A distributor must require an organization conducting exempt gambling to show proof of its exempt status before making a tax-exempt sale of pull-tabs or tipboards to such an organization. A distributor shall identify, on all reports submitted to the commissioner, all sales of pull-tabs and tipboards that are exempt from tax under this subdivision.

(d) A distributor having a liability of ~~$240,000~~ *$120,000* or more during a fiscal year ending June 30 must remit all liabilities in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the tax is due. If the date the tax is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the tax is due.

Sec. 47. Minnesota Statutes 1992, section 349.217, subdivision 1, is amended to read:

Subdivision 1. [PENALTY FOR FAILURE TO PAY TAX.] If a tax is not paid within the time specified for payment, a penalty is added to the amount required to be shown as tax. The penalty is ~~three~~ *five* percent of the unpaid tax if the failure is for not more than 30 days, with an additional penalty of ~~three~~ percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days during which the failure continues, not exceeding ~~24~~ *15* percent in the aggregate.

If the taxpayer has not filed a return, for purposes of this subdivision the time specified for payment is the final date a return should have been filed.

Sec. 48. Minnesota Statutes 1992, section 349.217, subdivision 2, is amended to read:

Subd. 2. [PENALTY FOR FAILURE TO MAKE AND FILE RETURN.] If a taxpayer fails to make and file a return within the time prescribed or an extension, a penalty is added to the tax. The penalty is ~~three~~ *five* percent of the amount of tax not paid on or before the date prescribed for payment of the tax ~~if the failure is for not more than 30 days, with an additional five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days, during which the failure continues, not exceeding 23 percent in the aggregate~~.

If a taxpayer fails to file a return within 60 days of the date prescribed for filing of the return (determined with regard to any extension of time for filing), the addition to tax under this subdivision must be at least the lesser of: (1) $200; or (2) the greater of (a) 25 percent of the amount required to be shown as tax on the return without reduction for any payments made or refundable credits allowable against the tax, or (b) $50.

Sec. 49. Minnesota Statutes 1992, section 349.217, is amended by adding a subdivision to read:

Subd. 5a. [PENALTY FOR REPEATED FAILURES TO FILE RETURNS OR PAY TAXES.] *If there is a pattern by a person of repeated failures to timely file returns or timely pay taxes, and written notice is given that a penalty will be imposed if such failures continue, a penalty of 25 percent of the amount of tax not timely paid as a result of each such subsequent failure is added to the tax. The penalty can be abated under the abatement authority in section 270.07, subdivisions 1, paragraph (e), and 6.*

Sec. 50. Minnesota Statutes 1992, section 473.843, subdivision 3, is amended to read:

Subd. 3. [PAYMENT OF FEE.] On or before the 20th day of each month each operator shall pay the fee due under this section for the previous month, using a form provided by the commissioner of revenue.

An operator having a fee of ~~$240,000~~ *$120,000* or more during a fiscal year ending June 30 must pay all fees in the subsequent calendar year by means of a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the fee is due. If the date the fee is due is not a funds transfer business day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the fee is due.

Sec. 51. [PENALTY FOR REPEATED NON-FILING; RULEMAKING REQUIRED.]

Before imposing a penalty under section 3, 6, 21, 26, 35, 41, 45, or 49, the commissioner of revenue shall promulgate rules under Minnesota Statutes, chapter 14, that prescribe what constitutes "repeated failures to timely file returns or timely pay taxes" for purposes of the penalty under each section and any other matters the commissioner determines appropriate.

Sec. 52. [EFFECTIVE DATE.]

Sections 1 to 6, 19 to 21, 24 to 26, 33 to 35, 39 to 41, 43 to 45, and 47 to 49 are effective for taxes and returns due on or after January 1, 1994.

For purposes of imposing the penalties under sections 3, 6, 21, 26, 35, 41, 45, and 49, violations for late filing of returns or late payment of taxes can

occur before or after January 1, 1994, but no penalty may be imposed under those sections until final rules promulgated under the administrative procedures act satisfying requirements of section 51 take effect.

Sections 7, 8, 11, 16, and 17 are effective the day following final enactment.

Section 9 is effective July 1, 1993.

Sections 10 and 23 are effective for taxes due on or after October 1, 1993.

Section 12 is effective for confessions of judgment entered into after June 30, 1993.

Sections 13 to 15, 22, 27 to 32, 36 to 38, 42, 46, and 50 are effective for payments due in the calendar year 1994, and thereafter, based upon payments made in the fiscal year ending June 30, 1993, and thereafter; provided that section 13, as it relates to quarterly and annual sales and use tax returns, is effective for returns due for calendar quarters beginning with the first quarter of 1994, and for calendar years beginning with 1994.

Section 18 is effective for returns due for taxable years beginning after December 31, 1982.

ASSESSORS ADMINISTRATIVE

Section 1. Minnesota Statutes 1992, section 270B.12, is amended by adding a subdivision to read:

Subd. 9. [COUNTY ASSESSORS.] *If, as a result of an audit, the commissioner determines that a person is a Minnesota nonresident or part-year resident for income tax purposes, the commissioner may disclose the person's name, address, and social security number to the assessor of any political subdivision in the state, when there is reason to believe that the person may have claimed or received homestead property tax benefits for a corresponding assessment year in regard to property apparently located in the assessor's jurisdiction.*

Sec. 2. Minnesota Statutes 1992, section 273.061, subdivision 1, is amended to read:

Subdivision 1. [OFFICE CREATED; APPOINTMENT, QUALIFICATIONS.] Every county in this state shall have a county assessor. The county assessor shall be appointed by the board of county commissioners ~~and shall be a resident of this state~~. The assessor shall be selected and appointed because of knowledge and training in the field of property taxation and appointment shall be approved by the commissioner of revenue before the same shall become effective. Upon receipt by the county commissioners of the commissioner of revenue's refusal to approve an appointment, the term of the appointee shall terminate at the end of that day. Notwithstanding any law to the contrary, a county assessor must have senior accreditation from the state board of assessors by January 1, 1992, or within two years of the assessor's first appointment under this section, whichever is later.

Sec. 3. Minnesota Statutes 1992, section 273.11, subdivision 13, is amended to read:

Subd. 13. [VALUATION OF INCOME-PRODUCING PROPERTY.] Beginning with the 1995 assessment, only accredited assessors or senior accredited assessors *or other licensed assessors who have successfully completed at least two income-producing property appraisal courses* may value income-producing property for ad valorem tax purposes. "Income-producing property" as used in this subdivision means the taxable property in class 3a and 3b in section 273.13, subdivision 24; class 4a and 4c, except for seasonal recreational property not used for commercial purposes, and class 4d in section 273.13, subdivision 25; and class 5 in section 273.13, subdivision 31. *"Income-producing property appraisal course" as used in this subdivision means a course of study of approximately 30 instructional hours, with a final comprehensive test. An assessor must successfully complete the final examination for each of the two required courses. The course must be approved by the board of assessors.*

Sec. 4. [REPORT ON COMPOSITION OF FARMS.]

Before December 1, 1993, each county assessor shall provide a report to the commissioner of revenue on the composition of farm homesteads within the county. The report shall document the size of farms in acres, the value of farms broken down into land value and building value, and such other information as the commissioner shall require. The report shall be in a form prescribed by the commissioner with consultation from legislative staff. The commissioner shall make the information collected in the reports available to legislative staff.

Sec. 5. [EFFECTIVE DATE.]

Sections 1 and 3 are effective the day following final enactment.

Section 2 is effective for any appointment beginning January 1, 1993 and thereafter.

ARTICLE 12

CONTAMINATION TAX

Section 1. [270.91] [CONTAMINATION TAX.]

Subdivision 1. [IMPOSITION.] *A tax is annually imposed on the contamination value of taxable real property in this state.*

Subd. 2. [INITIAL TAX RATES.] *Unless the rates under subdivision 3 or 4 apply, the tax imposed under this section equals 100 percent of the class rate for the property under section 273.13, multiplied by the contamination value of the property.*

Subd. 3. [TAX RATES, NONRESPONSIBLE PARTY.] *If neither the owner nor the operator of the taxable real property, in the assessment year, is a responsible person under chapter 115B or a responsible party under chapter 18D for the presence of contaminants on the property, unless subdivision 4 applies, the tax imposed under this section equals 25 percent of the class rate for the property under section 273.13, multiplied by the contamination value of the property. A determination under section 115B.177 or other similar determination by the commissioner of the pollution control agency or by the commissioner of agriculture for a release of agricultural chemicals is dispositive of whether the owner or operator is not a responsible person under chapter 18D or 115B for purposes of this section. To qualify under this*

subdivision, the property owner must provide the assessor with a copy of the determination by July 1 of the assessment year.

Subd. 4. [TAX RATES AFTER PLAN APPROVAL.] *(a) The tax imposed under this subdivision applies for the first assessment year that begins after one of the following occurs:*

(1) a response action plan for the property has been approved by the commissioner of the pollution control agency or by the commissioner of agriculture for an agricultural chemical release or incident subject to chapter 18D and work under the plan has begun; or

(2) the contaminants are asbestos and the property owner has in place an abatement plan for enclosure, removal, or encapsulation of the asbestos or a proactive, in-place management program pursuant to the rules, requirements, and formal policies of the United States environmental protection agency. To qualify under this clause, the property owner must (1) have entered into a binding contract with a licensed contractor for completion of the work, (2) have obtained a license from the commissioner of health and begun the work, or (3) implemented a proactive, in-place management program pursuant to the rules, requirements, and formal policies of the United States environmental protection agency. An abatement plan must provide for completion of the work within a reasonable time period, as determined by the assessors. An asbestos management program must cover a period of time and require such proactive practices as are required by the rules, requirements, and formal policies of the United States environmental protection agency.

(b) To qualify under paragraph (a), the property owner must provide the assessor with a copy of: (1) the approved response action plan; (2) a copy of the asbestos abatement plan and contract for completion of the work or the owner's license to perform the work; or (3) a copy of the approved asbestos management program. The property owner also must file with the assessor an affidavit indicating when work under the response action plan or asbestos abatement plan began.

(c) The tax imposed under this subdivision equals 50 percent of the class rate for the property under section 273.13, multiplied by the contamination value of the property.

(d) The tax imposed under this subdivision equals 12.5 percent of the class rate for the property under section 273.13, multiplied by the contamination value of the property. The tax under this paragraph applies if one of the following conditions is satisfied:

(1) the contaminants are subject to chapter 115B and neither the owner nor the operator of the taxable real property in the assessment year is a responsible person under chapter 115B;

(2) the contaminants are subject to chapter 18D and neither the owner nor the operator of the taxable real property in the assessment year is a responsible party under chapter 18D;

(3) the contaminants are asbestos and neither the owner nor the operator of the taxable real property in the assessment year is required to undertake asbestos-related work, but is implementing a proactive in-place management program.

Sec. 2. [270.92] [DEFINITIONS.]

Subdivision 1. [SCOPE OF APPLICATION.] *For purposes of sections 1 to 8, the following terms have the meanings given.*

Subd. 2. [ASSESSMENT YEAR.] *"Assessment year" means the assessment year for purposes of general ad valorem property taxes.*

Subd. 3. [CONTAMINANT.] *"Contaminant" means a harmful substance as defined in section 115B.25, subdivision 7a.*

Subd. 4. [CONTAMINATED MARKET VALUE.] *"Contaminated market value" is the amount determined under section 3.*

Subd. 5. [PRESENCE OF CONTAMINANTS.] *"Presence of contaminants" includes the release or threatened release, as defined in section 115B.02, subdivision 15, of contaminants on the property.*

Subd. 6. [RESPONSE PLAN.] *"Response plan" means: (1) a development action response plan, as defined in section 469.174, subdivision 17; (2) a response action plan under chapter 115B or a corrective action plan under chapter 18D; (3) a plan for corrective action approved by the commissioner of agriculture under section 18D.105; or (4) a plan for corrective action approved by the commissioner of the pollution control agency under section 115C.03.*

Sec. 3. [270.93] [TAX BASE; CONTAMINATION VALUE.]

The contamination value of a parcel of property is the amount of the market value reduction, if any, that is granted for general ad valorem property tax purposes for the assessment year because of the presence of contaminants. The contamination value for a property may be no greater than the estimated cost of implementing a reasonable response action plan or asbestos abatement plan or management program for the property. These reductions in market value include those granted by a court, by a board of review, by the assessor upon petition or request of a property owner, or by the assessor. Reductions granted by the assessor are included only if the assessor reduced the property's market value for the presence of contaminants using an appraisal method or methods that are specifically designed or intended to adjust for the valuation effects of the presence of contaminants. The contamination value for a parcel with a reduction in value of less than $10,000 is zero.

Sec. 4. [270.94] [EXEMPTION.]

(a) The tax imposed by sections 1 to 8 does not apply to the contamination value of a parcel of property attributable to contaminants that were addressed by a response action plan for the property, if the commissioner of the pollution control agency, or the commissioner of agriculture for a release subject to chapter 18D, has determined that all the requirements of the plan have been satisfied. This exemption applies beginning for the first assessment year after the commissioner of the pollution control agency, or the commissioner of agriculture determines that the implementation of a response action plan has been completed. To qualify under this paragraph, the property owner must provide the assessor with a copy of the determination by the commissioner of the pollution control agency or the commissioner of agriculture of the completion of the response action plan.

(b) The tax imposed by sections 1 to 8 does not apply to the contamination value of a parcel that is attributable to asbestos, if the work has been completed under an asbestos abatement plan and the property owner provides

the assessor with an affidavit stating the work under the abatement plan has been completed and any other evidence or information the assessor requests.

Sec. 5. [270.95] [PAYMENT; ADMINISTRATION.]

The tax imposed under sections 1 to 8 is payable at the same time and manner as the regular ad valorem property tax. The tax is subject to the penalty, interest, lien, forfeiture, and any other rules for collection of the regular ad valorem property tax. If a reduction in market value that creates contamination value is granted after the ad valorem property tax has been paid, the contamination tax must be subtracted from the amount to be refunded to the property owner.

Sec. 6. [270.96] [DUTIES.]

Subdivision 1. [ASSESSORS.] *Each assessor shall notify the county auditor of the contamination value under section 1 by the separate tax rate categories under subdivisions 2, 3, and 4 for each parcel of property within the assessor's jurisdiction. The assessor shall provide notice of the contamination value to the property owner by the later of June 1 of the assessment year or 30 days after the reduction in market value is finally granted.*

Subd. 2. [AUDITOR.] *The county auditor shall prepare separate lists of the contamination values for all property located in the county that are taxed under section 1, subdivisions 2, 3, and 4. The commissioner shall prescribe the form of the listing. The auditor shall include the amount of the contamination taxes on the contamination value for the assessment year on the regular ad valorem property tax statement under section 276.04.*

Subd. 3. [TREASURER.] *(a) The county treasurer shall pay the proceeds of the tax imposed under section 1, subdivision 4, less the amount retained by the county for the cost of administration under section 8, to the commissioner at the same times provided for the ad valorem property tax settlements.*

(b) The county treasurer shall pay the proceeds of the tax imposed under section 1, subdivisions 2 and 3 to the local taxing jurisdictions in the same manner provided for the distribution of ad valorem property taxes.

Subd. 4. [COURT ORDERED REDUCTIONS IN VALUE.] *If a court orders a reduction in market value for purposes of the ad valorem property tax because of the presence of contaminants on the property, the court shall include in its order an offset for payment of the tax on contaminated value under section 1.*

Sec. 7. [270.97] [DEPOSIT OF REVENUES.]

The commissioner shall deposit all revenues derived from the tax, interest, and penalties received from the county in the contaminated site cleanup and development account in the general fund.

Sec. 8. [270.98] [LOCAL ADMINISTRATIVE COSTS.]

The county may retain five percent of the total revenues derived from the tax imposed under section 1, subdivision 4, including interest and penalties, as compensation for administering the tax. The county board may reimburse municipalities for the services provided by assessors employed by the municipality in administering sections 1 to 8.

Sec. 9. Minnesota Statutes 1992, section 273.11, is amended by adding a subdivision to read:

Subd. 15. [VALUATION OF CONTAMINATED PROPERTIES.] *(a) In determining the market value of property containing contaminants, the assessor shall reduce the market value of the property by the contamination value of the property. The contamination value is the amount of the market value reduction that results from the presence of the contaminants, but it may not exceed the cost of a reasonable response action plan or asbestos abatement plan or management program for the property.*

(b) For purposes of this subdivision, "asbestos abatement plan," "contaminants," and "response action plan" have the meanings as used in sections 1 and 2.

Sec. 10. Minnesota Statutes 1992, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail.

(d) The notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; ~~and~~

(5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes*; and*

(6) the contamination tax imposed on properties which received market value reductions for contamination.

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

Sec. 11. Minnesota Statutes 1992, section 276.04, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality and school district must be separately stated. The amounts due other taxing districts, if any, may be aggregated. *The amount of the tax on contamination value imposed under sections 270.91 to 270.98, if any, must also be separately stated.* The dollar amounts, including the dollar amount of

any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The statement shall include the following sentence, printed in upper case letters in boldface print: "THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT."

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

(1) the property's estimated market value as defined in section 272.03, subdivision 8;

(2) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);

(3) a total of the following aids:

(i) education aids payable under chapters 124 and 124A;

(ii) local government aids for cities, towns, and counties under chapter 477A; and

(iii) disparity reduction aid under section 273.1398;

(4) for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as "homestead and agricultural credit." For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;

(5) any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief";

(6) the net tax payable in the manner required in paragraph (a); and

(7) any additional amount of tax authorized under sections 124A.03, subdivision 2a, and 275.61. These amounts shall be listed as "voter approved referenda levies."

The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in

1992 and thereafter, the commissioner must certify this amount by September 1.

Sec. 12. [EFFECTIVE DATE.]

Sections 1 to 11 are effective beginning with taxes assessed in 1994, payable in 1995, and apply to reductions in market value in effect for the year regardless of when they were granted.

ARTICLE 13

CONTAMINATION CLEANUP GRANTS

Section 1. [116J.551] [CREATION OF ACCOUNT.]

A contaminated site cleanup and development account is created in the general fund. Money in the account may be used, as appropriated by law, to make grants as provided in section 4 and to pay for the commissioner's costs in reviewing applications and making grants.

Sec. 2. [116J.552] [DEFINITIONS.]

Subdivision 1. [SCOPE OF APPLICATION.] *For purposes of sections 1 to 7, the following terms have the meanings given.*

Subd. 2. [CLEANUP COSTS.] *"Cleanup costs" or "costs" mean the cost of implementing an approved response action plan.*

Subd. 3. [CONTAMINANT.] *"Contaminant" means a hazardous substance or a pollutant or contaminant as those terms are defined in section 115B.02.*

Subd. 4. [DEVELOPMENT AUTHORITY.] *"Development authority" includes a statutory or home rule charter city, housing and redevelopment authority, economic development authority, and a port authority.*

Subd. 5. [METROPOLITAN AREA.] *"Metropolitan area" means the seven-county metropolitan area, as defined in section 473.121, subdivision 2.*

Subd. 6. [MUNICIPALITY.] *"Municipality" means the statutory or home rule charter city, town, or, in the case of unorganized territory, the county in which the site is located.*

Subd. 7. [PROJECT COSTS.] *"Project costs" includes cleanup costs for the site and the cost of related site acquisition, demolition of existing improvements, and installation of public improvements necessary for the development authority to implement the response action plan.*

Subd. 8. [RESPONSE ACTION PLAN.] *"Response action plan" means a response action plan approved by the commissioner of the pollution control agency, including a "development action response plan" that meets the requirements of section 469.174, subdivision 17; and a "voluntary response action plan" under section 115B.175, subdivision 3.*

Sec. 3. [116J.553] [GRANT APPLICATIONS.]

Subdivision 1. [APPLICATION REQUIRED.] *To obtain a contamination cleanup development grant, the development authority shall apply to the commissioner. The governing body of the municipality must approve, by resolution, the application.*

Subd. 2. [REQUIRED CONTENT.] *The commissioner shall prescribe and provide the application form. The application must include at least the following information:*

(1) identification of the site;

(2) an approved response action plan for the site, including the results of engineering and other tests showing the nature and extent of the release or threatened release of contaminants at the site;

(3) a detailed estimate, along with necessary supporting evidence, of the total cleanup costs for the site;

(4) an appraisal of the current market value of the property, separately taking into account the effect of the contaminants on the market value, prepared by a qualified independent appraiser using accepted appraisal methodology;

(5) an assessment of the development potential or likely use of the site after completion of the response action plan, including any specific commitments from third parties to construct improvements on the site;

(6) the manner in which the municipality will meet the local match requirement; and

(7) any additional information or material that the commissioner prescribes.

Sec. 4. [116J.554] [GRANTS.]

Subdivision 1. [AUTHORITY.] *The commissioner may make a grant to an applicant development authority to pay for up to 75 percent of the cleanup costs for a qualifying site, except the grant may not exceed 50 percent of the project costs. The determination of whether to make a grant for a qualifying site is within the sole discretion of the commissioner, subject to the process provided by this section, and available unencumbered money in the appropriation. The commissioner's decisions and application of the priorities under section 5 are not subject to judicial review, except for abuse of discretion.*

Subd. 2. [QUALIFYING SITES.] *A site qualifies for a grant under this section, if the following criteria are met:*

(1) the site is not scheduled for funding during the current or next fiscal year under the Comprehensive Environmental Response, Compensation, and Liability Act, United States Code, title 42, section 9601, et seq. or under the environmental response, and liability act under sections 115B.01 to 115B.24;

(2) the appraised value of the site after adjusting for the effect on the value of the presence or possible presence of contaminants using accepted appraisal methodology (i) is less than 50 percent of the estimated cleanup costs for the site or (ii) is less than or equal to the estimated cleanup costs for the site and the cleanup costs equal or exceed $3 per square foot for the site; and

(3) if the proposed cleanup is completed, it is expected that the site will be improved with buildings or other improvements and these improvements will provide a substantial increase in the property tax base within a reasonable period of time or the site will be used for an important publicly owned or tax-exempt facility.

Sec. 5. [116J.555] [PRIORITIES.]

Subdivision 1. [PRIORITIES.] *(a) The legislature expects that applications for grants will exceed the available appropriations and the agency will be able to provide grants to only some of the applicant development authorities.*

(b) If applications for grants for qualified sites exceed the available appropriations, the agency shall make grants for sites that, in the commissioner's judgment, provide the highest return in public benefits for the public costs incurred and that meet all the requirements provided by law. In making this judgment, the commissioner shall consider the following factors:

(1) the recommendations or ranking of projects by the commissioner of the pollution control agency regarding the potential threat to public health and the environment that would be reduced or eliminated by completion of each of the response action plans;

(2) the potential increase in the property tax base of the local taxing jurisdictions, considered relative to the fiscal needs of the jurisdictions, that will result from developments that will occur because of completion of each of the response action plans;

(3) the social value to the community of the cleanup and redevelopment of the site, including the importance of development of the proposed public facilities on each of the sites;

(4) the probability that each site will be cleaned up without use of government money in the reasonably foreseeable future;

(5) the amount of cleanup costs for each site; and

(6) the amount of the commitment of municipal or other local resources to pay for the cleanup costs.

The factors are not listed in a rank order of priority; rather the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate. The commissioner may consider other factors that affect the net return of public benefits for completion of the response action plan. The commissioner, notwithstanding the listing of priorities and the goal of maximizing the return of public benefits, shall make grants that distribute available money to sites both within and outside of the metropolitan area. The commissioner shall provide a written statement of the supporting reasons for each grant. Unless sufficient applications are not received for qualifying sites outside of the metropolitan area, at least 25 percent of the money provided as grants must be made for sites located outside of the metropolitan area.

Subd. 2. [APPLICATION CYCLES; REPORTING TO LCWM.] *(a) In making grants, the commissioner shall establish regular application deadlines in which grants will be authorized from all or part of the available appropriations of money in the account.*

(b) After each cycle in which grants are awarded, the commissioner shall report to the legislative commission on waste management the grants awarded and appropriate supporting information describing each grant made. This report must be made within 30 days after the grants are awarded.

(c) The commissioner shall annually report to the legislative commission on the status of the cleanup projects undertaken under grants made under the programs. The commissioner shall include in the annual report information on the cleanup and development activities undertaken for the grants made in

that and previous fiscal years. The commissioner shall make this report no later than 120 days after the end of the fiscal year.

Sec. 6. [116J.556] [LOCAL MATCH REQUIREMENT.]

(a) In order to qualify for a grant under sections 1 to 7, the municipality must pay for at least one-half of the project costs as a local match. The municipality shall pay an amount of the project costs equal to at least 18 percent of the cleanup costs from the municipality's general fund, a property tax levy for that purpose, or other unrestricted money available to the municipality (excluding tax increments). These unrestricted moneys may be spent for project costs, other than cleanup costs, and qualify for the local match payment equal to 18 percent of cleanup costs. The rest of the local match may be paid with tax increments or any other money available to the municipality.

(b) If the development authority establishes a tax increment financing district or hazardous substance subdistrict on the site to pay for part of the local match requirement, the district or subdistrict is not subject to the state aid reductions under section 273.1399. In order to qualify for the exemption from the state aid reductions, the municipality must elect, by resolution, on or before the request for certification is filed that all tax increments from the district or subdistrict will be used exclusively to pay (1) for project costs for the site and (2) administrative costs for the district or subdistrict. The district or subdistrict must be decertified when an amount of tax increments equal to no more than three times the costs of implementing the response action plan for the site and the administrative costs for the district or subdistrict have been received, after deducting the amount of the state grant.

Sec. 7. [116J.557] [COST RECOVERY ACTIONS.]

Subdivision 1. [CAUSE OF ACTION.] *The attorney general or a development authority or municipality that incurs cleanup costs to implement an approved response action plan pursuant to sections 216C.11 to 216C.16, may bring an action under section 115B.04 or other law to recover the reasonable and necessary cleanup costs incurred by the development authority or municipality. The attorney general, development authority, or municipality may recover all cleanup costs incurred whether paid from the proceeds of a grant under sections 216C.11 to 216C.16 or funds of the development authority or municipality. Recoverable costs include administrative and legal costs related to the development and implementation of the response action plan but do not include any cost associated with development or redevelopment of property. A development authority or municipality must have the consent of the attorney general to bring or settle an action under this subdivision to recover cleanup costs paid from the proceeds of a grant.*

Subd. 2. [PROCEDURES.] *The commissioner shall notify the attorney general when a grant is awarded under sections 216C.11 to 216C.16. Upon request of the attorney general the development authority shall prepare and submit a certification of the cleanup costs and shall cooperate in any cost recovery action brought by the attorney general under subdivision 1. Certification by the development authority of the cleanup costs incurred to develop and implement the approved response action plan is prima facie evidence that the costs are reasonable and necessary in any action brought under this section.*

Subd. 3. [ATTORNEY GENERAL ASSISTANCE AND COSTS.] *(a) The attorney general may assist a development authority or municipality, if requested to do so, in bringing an action under subdivision 1 by providing legal and technical advice or other appropriate assistance. The attorney general shall not assess any fee to the development authority or municipality for the assistance but may recover the cost of the assistance as provided in paragraph (b).*

(b) If the attorney general brings or assists in an action brought under subdivision 1, the reasonable litigation expenses or other costs of legal or technical assistance incurred by the attorney general must be deducted from any recovery and paid to the attorney general before proceeds of the recovery are otherwise distributed. The attorney general shall deposit any money so deducted in the general fund.

Subd. 4. [DISPOSITION OF RECOVERED AMOUNTS.] *Amounts recovered from responsible persons, after any deduction under subdivision 3, and all other amounts otherwise received by the municipality, the agency, or the attorney general for the site shall be used to reimburse the municipality and the account in proportion to their respective payments for response costs. The amount of recovered costs apportioned to tax increments must be treated by the municipality and development authority as an excess increment under section 469.176, subdivision 2.*

Sec. 8. [ST. PAUL; ARLINGTON-JACKSON STUDY AREA; SPECIAL RULES FOR LOCAL MATCH.]

(a) The city of St. Paul or any of its development authorities or agencies may apply for one or more grants under this article for contamination cleanup in the area bounded on the south by Maryland Avenue, on the west by Jackson Street, on the north by Arlington Avenue, and on the east by interstate highway 35E. In applying the local match requirement under section 6, the city may meet the requirement that an amount equal to 18 percent of cleaning costs be paid with unrestricted money (excluding tax increments) by including unrestricted money spent in the defined area for land acquisition, public improvements or other development costs which do not qualify as cleanup costs.

(b) Notwithstanding this exception, the city must provide, at least, one-half of the project costs for the site for which the grant is made. The local share of the project costs may be financed wholly or in part with tax increments.

(c) Unrestricted money spent for land acquisition or other costs and counted to meet the 18 percent match may be spent for costs anywhere with the defined area, regardless of whether they are for the specific site, but may only be used once in an application for a grant, if grant applications are made for two or more sites in the area.

(d) These special rules are provided to allow the city to begin activities within the broader area before testing and assessment of the contamination has been done and still to be able to qualify for a grant with an equivalent local match. The legislature shall study whether similar situations are common for other contaminated areas and whether the general law should be modified to provide for similar treatment for all comparable sites.

Sec. 9. [APPROPRIATION.]

$2,000,000 is appropriated to the commissioner of trade and economic development from the contaminated site cleanup and development account in the general fund to make grants under sections 1 to 7 and to pay the costs of administering the grant program. This appropriation is for fiscal year 1995 and remains available and does not cancel.

In the case of a hazardous substance subdistrict, the number of years must be measured from the date of certification of the subdistrict for purposes of the additional captured net tax capacity resulting from the reduction in the subdistrict's or site's original net tax capacity.

(b) The terms defined in section 469.174 have the meanings given in that section.

(c) "Qualified manufacturing district" means an economic development district that qualifies under section 469.176, subdivision 4c, paragraph (a), without regard to clauses (2) and ~~(4)~~ *(5)*, for which certification was requested after June 30, 1991, located in a home rule charter or statutory city that ~~(1)~~ has a population under 10,000 according to the last federal census ~~and (2) is wholly located outside of a metropolitan statistical area as determined by the United States Office of Management and Budget~~.

(d) "Qualified housing district" means a housing district for a residential rental project or projects in which the only properties receiving assistance from revenues derived from tax increments from the district meet all of the requirements for a low-income housing credit under section 42 of the Internal Revenue Code of 1986, as amended through December 31, 1992, regardless of whether the project actually receives a low-income housing credit.

(e) "Qualified hazardous substance subdistrict" means a hazardous substance subdistrict in which the municipality has made an election to make an alternative local contribution as provided under section 9.

Sec. 2. [272.71] [TIF PROPERTIES; NOTICE OF POTENTIAL VALUATION REDUCTIONS.]

(a) The following officials shall notify the municipality of potential reductions in the market value of taxable parcels located in a tax increment financing district:

(1) for applications to reduce market value or abate taxes or for applications to a local or county board of review, the assessor;

(2) for applications to reduce market value or abate taxes by the state board of equalization, the commissioner of revenue;

(3) for petitions to reduce market value or object to taxes under chapter 278, the county attorney.

The official shall provide the notice to the municipality in writing within 60 days after the petition or application for a reduction is made.

(b) This section applies only to reductions in valuation or taxes that are granted after certification of final values for purposes of certifying local tax rates.

(c) For purposes of this section, "municipality" means the municipality for the tax increment financing district, as defined under section 469.174, subdivision 6.

Sec. 3. Minnesota Statutes 1992, section 469.012, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE OF POWERS.] An authority shall be a public body corporate and politic and shall have all the powers necessary or convenient to carry out the purposes of sections 469.001 to 469.047, except that the power to levy and collect taxes or special assessments is limited to the power provided in sections 469.027 to 469.033. Its powers include the following powers in addition to others granted in sections 469.001 to 469.047:

(1) to sue and be sued; to have a seal, which shall be judicially noticed, and to alter it; to have perpetual succession; and to make, amend, and repeal rules consistent with sections 469.001 to 469.047;

(2) to employ an executive director, technical experts, and officers, agents, and employees, permanent and temporary, that it requires, and determine their qualifications, duties, and compensation; for legal services it requires, to call upon the chief law officer of the city or to employ its own counsel and legal staff; so far as practicable, to use the services of local public bodies in its area of operation, provided that those local public bodies, if requested, shall make the services available;

(3) to delegate to one or more of its agents or employees the powers or duties it deems proper;

(4) within its area of operation, to undertake, prepare, carry out, and operate projects and to provide for the construction, reconstruction, improvement, extension, alteration, or repair of any project or part thereof;

(5) subject to the provisions of section 469.026, to give, sell, transfer, convey, or otherwise dispose of real or personal property or any interest therein and to execute leases, deeds, conveyances, negotiable instruments, purchase agreements, and other contracts or instruments, and take action that is necessary or convenient to carry out the purposes of these sections;

(6) within its area of operation, to acquire real or personal property or any interest therein by gifts, grant, purchase, exchange, lease, transfer, bequest, devise, or otherwise, and by the exercise of the power of eminent domain, in the manner provided by chapter 117, to acquire real property which it may deem necessary for its purposes, after the adoption by it of a resolution declaring that the acquisition of the real property is necessary to eliminate one or more of the conditions found to exist in the resolution adopted pursuant to section 469.003 or to provide decent, safe, and sanitary housing for persons of low and moderate income, or is necessary to carry out a redevelopment project. Real property needed or convenient for a project may be acquired by the authority for the project by condemnation pursuant to this section. This includes any property devoted to a public use, whether or not held in trust, notwithstanding that the property may have been previously acquired by condemnation or is owned by a public utility corporation, because the public use in conformity with the provisions of sections 469.001 to 469.047 shall be

deemed a superior public use. Property devoted to a public use may be so acquired only if the governing body of the municipality has approved its acquisition by the authority. An award of compensation shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance or reconstruction, or proposed assembly, clearance or reconstruction for the purposes of sections 469.001 to 469.047 of the real property in an area;

(7) within its area of operation, and without the adoption of an urban renewal plan, to acquire, by all means as set forth in clause (6) but without the adoption of a resolution provided for in clause (6), real property, and to demolish, remove, rehabilitate, or reconstruct the buildings and improvements or construct new buildings and improvements thereon, or to so provide through other means as set forth in Laws 1974, chapter 228, or to grade, fill, and construct foundations or otherwise prepare the site for improvements. The authority may dispose of the property pursuant to section 469.029, provided that the provisions of section 469.029 requiring conformance to an urban renewal plan shall not apply. The authority may finance these activities by means of the redevelopment project fund or by means of tax increments or tax increment bonds or by the methods of financing provided for in section 469.033 or by means of contributions from the municipality provided for in section 469.041, clause (9), or by any combination of those means. Real property with buildings or improvements thereon shall only be acquired under this clause when the buildings or improvements are substandard. The exercise of the power of eminent domain under this clause shall be limited to real property which contains, or has contained within the three years immediately preceding the exercise of the power of eminent domain and is currently vacant, buildings and improvements which are vacated and substandard. *Notwithstanding the prior sentence, in cities of the first class the exercise of the power of eminent domain under this clause shall be limited to real property which contains, or has contained within the three years immediately preceding the exercise of the power of eminent domain, buildings and improvements which are substandard.* For the purpose of this clause, substandard buildings or improvements mean hazardous buildings as defined in section 463.15, subdivision 3, or buildings or improvements that are dilapidated or obsolescent, faultily designed, lack adequate ventilation, light, or sanitary facilities, or any combination of these or other factors that are detrimental to the safety or health of the community;

(8) within its area of operation, to determine the level of income constituting low or moderate family income. The authority may establish various income levels for various family sizes. In making its determination, the authority may consider income levels that may be established by the Department of Housing and Urban Development or a similar or successor federal agency for the purpose of federal loan guarantees or subsidies for persons of low or moderate income. The authority may use that determination as a basis for the maximum amount of income for admissions to housing development projects or housing projects owned or operated by it;

(9) to provide in federally assisted projects any relocation payments and assistance necessary to comply with the requirements of the Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and any amendments or supplements thereto;

(10) to make an agreement with the governing body or bodies creating the authority which provides exemption from all real and personal property taxes

levied or imposed by the state, city, county, or other political subdivisions, for which the authority shall make payments in lieu of taxes to the state, city, county, or other political subdivisions as provided in section 469.040. The governing body shall agree on behalf of all the applicable governing bodies affected that local cooperation as required by the federal government shall be provided by the local governing body or bodies in whose jurisdiction the project is to be located, at no cost or at no greater cost than the same public services and facilities furnished to other residents;

(11) to cooperate with or act as agent for the federal government, the state or any state public body, or any agency or instrumentality of the foregoing, in carrying out any of the provisions of sections 469.001 to 469.047 or of any other related federal, state, or local legislation; and upon the consent of the governing body of the city to purchase, lease, manage, or otherwise take over any housing project already owned and operated by the federal government;

(12) to make plans for carrying out a program of voluntary repair and rehabilitation of buildings and improvements, and plans for the enforcement of laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements, and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements. The authority may develop, test, and report methods and techniques, and carry out demonstrations and other activities for the prevention and elimination of slums and blight;

(13) to borrow money or other property and accept contributions, grants, gifts, services, or other assistance from the federal government, the state government, state public bodies, or from any other public or private sources;

(14) to include in any contract for financial assistance with the federal government any conditions that the federal government may attach to its financial aid of a project, not inconsistent with purposes of sections 469.001 to 469.047, including obligating itself (which obligation shall be specifically enforceable and not constitute a mortgage, notwithstanding any other laws) to convey to the federal government the project to which the contract relates upon the occurrence of a substantial default with respect to the covenants or conditions to which the authority is subject; to provide in the contract that, in case of such conveyance, the federal government may complete, operate, manage, lease, convey, or otherwise deal with the project until the defaults are cured if the federal government agrees in the contract to reconvey to the authority the project as then constituted when the defaults have been cured;

(15) to issue bonds for any of its corporate purposes and to secure the bonds by mortgages upon property held or to be held by it or by pledge of its revenues, including grants or contributions;

(16) to invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control or in the manner and subject to the conditions provided in section 475.66 for the deposit and investment of debt service funds;

(17) within its area of operation, to determine where blight exists or where there is unsafe, unsanitary, or overcrowded housing;

(18) to carry out studies of the housing and redevelopment needs within its area of operation and of the meeting of those needs. This includes study of

data on population and family groups and their distribution according to income groups, the amount and quality of available housing and its distribution according to rentals and sales prices, employment, wages, desirable patterns for land use and community growth, and other factors affecting the local housing and redevelopment needs and the meeting of those needs; to make the results of those studies and analyses available to the public and to building, housing, and supply industries;

(19) if a local public body does not have a planning agency or the planning agency has not produced a comprehensive or general community development plan, to make or cause to be made a plan to be used as a guide in the more detailed planning of housing and redevelopment areas;

(20) to lease or rent any dwellings, accommodations, lands, buildings, structures, or facilities included in any project and, subject to the limitations contained in sections 469.001 to 469.047 with respect to the rental of dwellings in housing projects, to establish and revise the rents or charges therefor;

(21) to own, hold, and improve real or personal property and to sell, lease, exchange, transfer, assign, pledge, or dispose of any real or personal property or any interest therein;

(22) to insure or provide for the insurance of any real or personal property or operations of the authority against any risks or hazards;

(23) to procure or agree to the procurement of government insurance or guarantees of the payment of any bonds or parts thereof issued by an authority and to pay premiums on the insurance;

(24) to make expenditures necessary to carry out the purposes of sections 469.001 to 469.047;

(25) to enter into an agreement or agreements with any state public body to provide informational service and relocation assistance to families, individuals, business concerns, and nonprofit organizations displaced or to be displaced by the activities of any state public body;

(26) to compile and maintain a catalog of all vacant, open and undeveloped land, or land which contains substandard buildings and improvements as that term is defined in clause (7), that is owned or controlled by the authority or by the governing body within its area of operation and to compile and maintain a catalog of all authority owned real property that is in excess of the foreseeable needs of the authority, in order to determine and recommend if the real property compiled in either catalog is appropriate for disposal pursuant to the provisions of section 469.029, subdivisions 9 and 10;

(27) to recommend to the city concerning the enforcement of the applicable health, housing, building, fire prevention, and housing maintenance code requirements as they relate to residential dwelling structures that are being rehabilitated by low- or moderate-income persons pursuant to section 469.029, subdivision 9, for the period of time necessary to complete the rehabilitation, as determined by the authority;

(28) to recommend to the city the initiation of municipal powers, against certain real properties, relating to repair, closing, condemnation, or demolition of unsafe, unsanitary, hazardous, and unfit buildings, as provided in section 469.041, clause (5);

(29) to sell, at private or public sale, at the price or prices determined by the authority, any note, mortgage, lease, sublease, lease purchase, or other instrument or obligation evidencing or securing a loan made for the purpose of economic development, job creation, redevelopment, or community revitalization by a public agency to a business, for-profit or nonprofit organization, or an individual;

(30) within its area of operation, to acquire and sell real property that is benefited by federal housing assistance payments, other rental subsidies, interest reduction payments, or interest reduction contracts for the purpose of preserving the affordability of low- and moderate-income multifamily housing;

(31) to apply for, enter into contracts with the federal government, administer, and carry out a section 8 program. Authorization by the governing body creating the authority to administer the program at the authority's initial application is sufficient to authorize operation of the program in its area of operation for which it was created without additional local governing body approval. Approval by the governing body or bodies creating the authority constitutes approval of a housing program for purposes of any special or general law requiring local approval of section 8 programs undertaken by city, county, or multicounty authorities; and

(32) to secure a mortgage or loan for a rental housing project by obtaining the appointment of receivers or assignments of rents and profits under sections 559.17 and 576.01, except that the limitation relating to the minimum amounts of the original principal balances of mortgages specified in sections 559.17, subdivision 2, clause (2); and 576.01, subdivision 2, does not apply.

Sec. 4. Minnesota Statutes 1992, section 469.174, subdivision 19, is amended to read:

Subd. 19. [SOILS CONDITION DISTRICTS.] (a) "Soils condition district" means a type of tax increment financing district consisting of a project, or portions of a project, within which the authority finds by resolution that the following conditions exist:

(1) ~~less than 70 percent of the parcels in the district are occupied by buildings, streets, utilities, or other improvements;~~

~~(2)~~ unusual terrain, *the presence of hazardous substances, pollution or contaminants,* or soil deficiencies for 80 percent of the acreage in the district require substantial filling, grading, *removal or remedial action,* or other physical preparation for use;

~~(3)~~ *(2)* the estimated cost of the physical preparation under clause ~~(2)~~ *(1)*, but excluding costs directly related to roads as defined in section 160.01 and local improvements as described in sections 429.021, subdivision 1, clauses (1) to (7), (11), and (12), and 430.01, ~~when added to the fair market value of the land upon inclusion in the district~~ exceeds the ~~anticipated~~ fair market value of the land ~~upon~~ *before* completion of the preparation.

The requirements of clause (2) need not be satisfied, if each parcel of property in the district either satisfies the requirements of clause (2) or the estimated costs of the proposed removal or remedial action exceeds $2 per square foot for the area of the parcel.

(b) An area does not qualify as a soils condition district if it contains a wetland, as defined in section 103G.005, unless the development agreement prohibits draining, filling, or other alteration of the wetland or other binding legal assurances for preservation of the wetland are provided.

(c) If the district is located in the metropolitan area, the proposed development of the district in the tax increment financing plan must be consistent with the municipality's land use plan adopted in accordance with sections 473.851 to 473.872 and reviewed by the metropolitan council under section 473.175. If the district is located outside of the metropolitan area, the proposed development of the district must be consistent with the municipality's comprehensive municipal plan.

~~(d) No parcel shall be included in the district unless the authority has concluded an agreement or agreements for the development of at least 50 percent of the acreage having the unusual soil or terrain deficiencies. The agreement must provide recourse for the authority if the development is not completed.~~

Sec. 5. Minnesota Statutes 1992, section 469.174, subdivision 20, is amended to read:

Subd. 20. [INTERNAL REVENUE CODE.] "Internal Revenue Code" means the Internal Revenue Code of 1986, as amended through December 31, ~~1988~~ *1992*.

Sec. 6. Minnesota Statutes 1992, section 469.174, is amended by adding a subdivision to read:

Subd. 27. [TOURISM FACILITY.] *"Tourism facility" means property that:*

(1) is located in a county where the median income is no more than 85 percent of the state median income;

(2) is located in a county in which, excluding the cities of the first class in that county, the earnings on tourism-related activities are 15 percent or more of the total earnings in the county;

(3) is located outside the metropolitan area defined in section 473.121, subdivision 2;

(4) is not located in a city with a population in excess of 20,000; and

(5) is acquired, constructed, or rehabilitated for use as a convention and meeting facility, amusement park, recreation facility, cultural facility, marina, park, hotel, motel, lodging facility, or nonhomestead dwelling unit that in each case is intended to serve primarily individuals from outside the county.

Sec. 7. Minnesota Statutes 1992, section 469.175, subdivision 1, is amended to read:

Subdivision 1. [TAX INCREMENT FINANCING PLAN.] *(a)* A tax increment financing plan shall contain:

(1) a statement of objectives of an authority for the improvement of a project;

(2) a statement as to the development program for the project, including the property within the project, if any, that the authority intends to acquire;

(3) a list of any development activities that the plan proposes to take place within the project, for which contracts have been entered into at the time of the preparation of the plan, including the names of the parties to the contract, the activity governed by the contract, the cost stated in the contract, and the expected date of completion of that activity;

(4) identification or description of the type of any other specific development reasonably expected to take place within the project, and the date when the development is likely to occur;

(5) estimates of the following:

(i) cost of the project, including administration expenses;

(ii) amount of bonded indebtedness to be incurred;

(iii) sources of revenue to finance or otherwise pay public costs;

(iv) the most recent net tax capacity of taxable real property within the tax increment financing district;

(v) the estimated captured net tax capacity of the tax increment financing district at completion; and

(vi) the duration of the tax increment financing district's existence;

(6) statements of the authority's alternate estimates of the impact of tax increment financing on the net tax capacities of all taxing jurisdictions in which the tax increment financing district is located in whole or in part. For purposes of one statement, the authority shall assume that the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district, and for purposes of the second statement, the authority shall assume that none of the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district;

(7) identification and description of studies and analyses used to make the determination set forth in subdivision 3, clause (2); and

(8) identification of all parcels to be included in the district.

(b) For a housing district, redevelopment district, or a hazardous substance subdistrict, the authority may elect in the tax increment financing plan to provide for the identification of a minimum market value in the plan, development agreement, or assessment agreement, and provide that increment is first received by the authority when (1) the market value of the improvements as determined by the assessor reaches or exceeds the minimum market value, or (2) four years has elapsed from the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor, whichever is earlier.

Sec. 8. Minnesota Statutes 1992, section 469.175, is amended by adding a subdivision to read:

Subd. 2a. [HOUSING DISTRICTS; REDEVELOPMENT DISTRICTS.] *In the case of a proposed housing district or redevelopment district, in addition to the requirements of subdivision 2, at least 30 days before the publication of the notice for public hearing under subdivision 3, the authority shall deliver written notice of the proposed district to each county commissioner who represents part of the area proposed to be included in the district. The notice must contain a general description of the boundaries of the*

proposed district and the proposed activities to be financed by the district, an offer by the authority to meet and discuss the proposed district with the county commissioner, and a solicitation of the commissioner's comments with respect to the district.

Sec. 9. Minnesota Statutes 1992, section 469.175, is amended by adding a subdivision to read:

Subd. 6. [HAZARDOUS SUBSTANCE SUBDISTRICTS; LOCAL CONTRIBUTION ELECTION.] *The state aid reductions under section 273.1399 do not apply to a hazardous substance subdistrict, if the municipality elects to pay and pays 18 percent of the cost of developing and implementing the development action response plan for the subdistrict and of any deposits to an indemnification fund out of its general fund, a property tax levy for that purpose, or other unrestricted money of the municipality (other than tax increments). The municipality must elect this option before it requests certification of the original tax capacity of the subdistrict and must notify the commissioner of revenue of its election. The election is irrevocable.*

Sec. 10. Minnesota Statutes 1992, section 469.176, subdivision 1, is amended to read:

Subdivision 1. [DURATION OF TAX INCREMENT FINANCING DISTRICTS.] (a) Subject to the limitations contained in ~~paragraphs (b) to (g)~~ *subdivisions 1a to 1f*, any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as the bonds continue to be outstanding. The municipality may, at the time of approval of the initial tax increment financing plan, provide for a shorter maximum duration limit than specified in ~~paragraphs (b) to (g)~~ *subdivisions 1a to 1f*. The specified limit applies in place of the otherwise applicable limit.

(b) The tax increment pledged to the payment of the bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to the maturity or redemption date.

(c) For bonds issued pursuant to section 469.178, subdivisions 2 and 3, the full faith and credit and any taxing powers of the municipality or authority ~~shall continue to be~~ *are* pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full.

~~(d)~~ *Subd. 1a.* [DURATION LIMIT; THREE-YEAR ACTIVITY RULE.] No tax increment shall be paid to an authority for a tax increment financing district after three years from the date of certification of the original net tax capacity of the taxable real property in the district by the county auditor, unless within the three-year period (1) bonds have been issued in aid of the project containing the district pursuant to section 469.178, or any other law, except revenue bonds issued pursuant to sections 469.152 to 469.165, or (2) the authority has acquired property within the district, or (3) the authority has constructed or caused to be constructed public improvements within the district.

~~(e)~~ *Subd. 1b.* [DURATION LIMITS; TERMS.] *(a)* No tax increment shall in any event be paid to the authority

(1) after 25 years from date of receipt by the authority of the first tax increment for a mined underground space development district, ~~redevelopment district, or housing district,~~

(2) after 15 years after receipt by the authority of the first increment for a renewal and renovation district,

(3) after 12 years from approval of the tax increment financing plan for a soils condition district, ~~and~~

(4) after ~~eight~~ *nine* years from the date of the receipt, or ~~ten~~ *11* years from approval of the tax increment financing plan, whichever is less, for an economic development district~~.~~,

(5) for a housing district or a redevelopment district, after 20 years from the date of receipt by the authority of the first tax increment by the authority pursuant to section 469.175, subdivision 1, paragraph (b); or, if no provision is made under section 469.175, subdivision 1, paragraph (b), after 25 years from the date of receipt by the authority of the first increment.

(b) For purposes of determining a duration limit under this subdivision or subdivision 1e that is based on the receipt of an increment, any increments from taxes payable in the year in which the district terminates shall be paid to the authority. This paragraph does not affect a duration limit calculated from the date of approval of the tax increment financing plan or based on the recovery of costs or to a duration limit under subdivision 1c. This paragraph does not supersede the restrictions on payment of delinquent taxes in subdivision 1f.

Subd. 1c. [DURATION LIMITS; PRE-1979 DISTRICTS.] For tax increment financing districts created prior to August 1, 1979, no tax increment shall be paid to the authority after April 1, 2001, or the term of a nondefeased bond or obligation outstanding on April 1, 1990, secured by increments from the district or project area, whichever time is greater, provided that in no case will a tax increment be paid to an authority after August 1, 2009, from such a district. If a district's termination date is extended beyond April 1, 2001, because bonds were outstanding on April 1, 1990, with maturities extending beyond April 1, 2001, the following restrictions apply. No increment collected from the district may be expended after April 1, 2001, except to pay or defease (i) bonds issued before April 1, 1990, or (ii) bonds issued to refund the principal of the outstanding bonds and pay associated issuance costs, provided the average maturity of the refunding bonds does not exceed the bonds refunded.

~~(f)~~ *Subd. 1d.* [DURATION LIMITS; EFFECT OF MODIFICATIONS.] Modification of a tax increment financing plan pursuant to section 469.175, subdivision 4, shall not extend the durational limitations of ~~this subdivision~~ *subdivisions 1 to 1f.*

~~(g)~~ *Subd. 1e.* [DURATION LIMITS; HAZARDOUS SUBSTANCE SUBDISTRICTS.] If a parcel of a district is part of a designated hazardous substance site or a hazardous substance subdistrict, tax increment may be paid to the authority from the parcel for longer than the period otherwise provided by ~~this subdivision~~ *subdivisions 1 to 1f for the overlying district.* The extended period for collection of tax increment begins on the date of receipt of the first tax increment from the parcel that is more than any tax increment received from the parcel before the date of the certification under section 469.174,

subdivision 7, paragraph (b), and received after the date of certification to the county auditor described in section 469.174, subdivision 7, paragraph (b). The extended period for collection of tax increment is the lesser of: (1) 25 years from the date of commencement of the extended period *or 20 years if the authority elects under section 469.175, subdivision 1, paragraph (b), to defer receipt of the first increment*; or (2) the period necessary to recover the costs of removal actions or remedial actions specified in a development response action plan.

~~(h)~~ *Subd. 1f.* [DELINQUENT TAXES AFTER TERMINATION.] If a parcel located in the district has delinquent property taxes when the district terminates under the duration limits ~~under this subdivision~~, the payment of the parcel's delinquent taxes made after decertification of the district are tax increments to the extent the nonpayment of property taxes caused the outstanding bonds or contractual obligations pledged to be paid by the district to be paid by sources other than tax increments or to go unpaid. The county auditor shall pay the appropriate amount to the district. The authority shall provide the county auditor with information regarding the payment of outstanding bonds or contractual obligations and any other information necessary to administer the payment, as requested by the county auditor.

Sec. 11. Minnesota Statutes 1992, section 469.176, subdivision 4, is amended to read:

Subd. 4. [LIMITATION ON USE OF TAX INCREMENT; GENERAL RULE.] All revenues derived from tax increment shall be used in accordance with the tax increment financing plan. The revenues shall be used solely for the following purposes: (1) to pay the principal of and interest on bonds issued to finance a project; (2) by a rural development financing authority for the purposes stated in section 469.142, by a port authority or municipality exercising the powers of a port authority to finance or otherwise pay the cost of redevelopment pursuant to sections 469.048 to 469.068, by an economic development authority to finance or otherwise pay the cost of redevelopment pursuant to sections 469.090 to 469.108, by a housing and redevelopment authority or economic development authority to finance or otherwise pay public redevelopment costs pursuant to sections 469.001 to 469.047, by a municipality or economic development authority to finance or otherwise pay the capital and administration costs of a development district pursuant to sections 469.124 to 469.134, *by a municipality or authority to finance or otherwise pay the costs of developing and implementing a development action response plan,* by a municipality or redevelopment agency to finance or otherwise pay premiums for insurance or other security guaranteeing the payment when due of principal of and interest on the bonds pursuant to chapter 462C, sections 469.152 to 469.165, or both, or to accumulate and maintain a reserve securing the payment when due of the principal of and interest on the bonds pursuant to chapter 462C, sections 469.152 to 469.165, or both, which revenues in the reserve shall not exceed, subsequent to the fifth anniversary of the date of issue of the first bond issue secured by the reserve, an amount equal to 20 percent of the aggregate principal amount of the outstanding and nondefeased bonds secured by the reserve.

Sec. 12. Minnesota Statutes 1992, section 469.176, subdivision 4c, is amended to read:

Subd. 4c. [ECONOMIC DEVELOPMENT DISTRICTS.] (a) Revenue derived from tax increment from an economic development district may not be

used to provide improvements, loans, subsidies, grants, interest rate subsidies, or assistance in any form to developments consisting of buildings and ancillary facilities, if ~~at least ten~~ *more than 15* percent of the buildings and facilities (determined on the basis of square footage) are used for a purpose other than:

(1) the manufacturing or production of tangible personal property, including processing resulting in the change in condition of the property;

(2) warehousing, storage, and distribution of *tangible personal* property, ~~but~~ excluding retail sales;

(3) research and development ~~or~~ *related to the activities listed in clause (1) or (2);*

(4) telemarketing if that activity is the exclusive use of the property; ~~or~~

~~(4)~~ *(5)* tourism facilities~~, if the tourism facility is not located in a development region, as defined in section 462.384, with a population in excess of 1,000,000~~*; or*

(6) space necessary for and related to the activities listed in clauses (1) to (5).

~~The percentage of buildings and facilities that may be used for nonqualifying purposes is increased above ten percent, but not over 25 percent, to the extent the nonqualifying square footage is directly related to and in support of the qualifying activity.~~

~~(b) Population must be determined under the provisions of section 477A.011. Tourism facilities are limited to hotel and motel properties, including ancillary restaurants, convention and meeting facilities, amusement parks, recreation facilities, cultural facilities, marinas, and parks. The city must find that the tourism facilities are intended primarily to serve individuals outside of the development region.~~

~~(c) If the authority financed the construction of improvements with increment revenues for a site on which the authority expected qualifying facilities to be constructed and nonqualified property was constructed on the site in excess of the amount permitted under paragraph (a) within five years after the district was created, the developer of the nonqualified property must pay to the authority an amount equal to 90 percent of the benefit resulting from the improvements. The amount required to be paid may not exceed the proportionate cost of the improvements, including capitalized interest, that was financed with increment revenues. The payment must be used to prepay or discharge bonds under section 469.176, subdivision 2, paragraph (a), clauses (1) to (3). If no bonds are outstanding, the payment shall be distributed as an excess increment. "Benefit" has the meaning given in chapter 429.~~

~~(d)~~ *(b)* Notwithstanding the provisions of this subdivision, revenue derived from tax increment from an economic development district may be used to provide improvements, loans, subsidies, grants, interest rate subsidies, or assistance in any form for up to 5,000 square feet of commercial and retail facilities within the municipal jurisdiction of a home rule charter or statutory city that has a population of 5,000 or less. The 5,000 square feet limitation is cumulative and applies to all facilities in all the economic development districts within the municipal jurisdiction.

Sec. 13. Minnesota Statutes 1992, section 469.176, subdivision 4e, is amended to read:

Subd. 4e. [HAZARDOUS SUBSTANCE SUBDISTRICTS.] The additional tax increment received by the municipality from a hazardous substance subdistrict as a result of a reduction in original net tax capacity pursuant to section 469.174, subdivision 7, paragraph (b), or as a result of the extension of the period for collection of tax increment from a hazardous substance site or subdistrict provided for in subdivision 1, paragraph (g), may be used only to pay or reimburse the costs of: (1) removal actions or remedial actions with respect to hazardous substances or pollutants or contaminants or petroleum releases affecting or which may affect the designated hazardous substance site; (2) pollution testing, demolition, and soil compaction correction necessitated by the development response action plan for the designated hazardous substance site; ~~and~~ (3) *purchase of environmental insurance or deposits to a guaranty fund, relating only to liability or response costs for land in the subdistrict; and (4)* related administrative and legal costs, including costs of review and approval of development response action plans by the pollution control agency and litigation expenses of the attorney general.

Sec. 14. Minnesota Statutes 1992, section 469.176, subdivision 4g, is amended to read:

Subd. 4g. [GENERAL GOVERNMENT USE PROHIBITED.] *(a)* These revenues shall not be used to circumvent existing levy limit law. No revenues derived from tax increment from any district, whether certified before or after August 1, 1979, shall be used for the acquisition, construction, renovation, operation, or maintenance of a building to be used primarily and regularly for conducting the business of a municipality, county, school district, or any other local unit of government or the state or federal government. This provision shall not prohibit the use of revenues derived from tax increments for the construction or renovation of a parking structure, a commons area used as a public park, or a facility used for social, recreational, or conference purposes and not primarily for conducting the business of the municipality.

(b) If any publicly owned facility used for social, recreational, or conference purposes and financed in whole or in part from revenues derived from a district is operated or managed by an entity other than the authority, the operating and management policies of the facility must be approved by the governing body of the authority.

Sec. 15. [469.1765] [GUARANTY FUND.]

Subdivision 1. [AUTHORITY TO ESTABLISH.] *An authority may establish and maintain a guaranty fund or funds. Money in the guaranty fund is available, under the terms and conditions that the development authority establishes, to indemnify or hold harmless a person from liability for remediation costs under a state or federal environmental law, regulation, ruling, order, or decision.*

Subd. 2. [ELIGIBLE PERSON.] *The authority may agree to pledge money in the guaranty fund to indemnify a person whose liability arises out of use, ownership, occupancy, or financing of a property in the subdistrict or district.*

Subd. 3. [TERMS OF INDEMNITY.] *The authority shall determine by resolution or by agreement with the person the terms and conditions under which money in the guaranty fund will be used to indemnify or hold harmless*

the person. The authority may not agree to indemnify a person from liability for contamination caused by the person. The maximum amount that may be paid from the guaranty fund with respect to properties within a subdistrict or district is one-half of the remediation and removal costs. The maximum duration of an indemnification agreement is 25 years. An indemnification agreement is subject to any other restrictions provided by this section or other law.

Subd. 4. [FUNDING.] *(a) Revenues derived from tax increments and any other money available to the authority may be deposited in the guaranty fund. The municipality may appropriate money to the authority to be deposited in the guaranty fund.*

(b) If a guaranty fund is established that applies to property located in more than one tax increment financing district or subdistrict, the authority shall establish separate accounts for each subdistrict and district. The authority shall deposit all revenues derived from tax increments from a subdistrict or district in the account for that subdistrict or district, except the following amounts may be deposited in a general or other account: (1) the portion of revenue derived increments from a district, subject to section 469.1763, that may be spent on activities outside of the district, or (2) up to 25 percent of the revenues derived from increments from districts that are not subject to section 469.1763 and which may be deposited in the guaranty fund under the applicable tax increment financing plans. Investment earnings of money in an account must be credited to that account.

(c) The only money which may be pledged to indemnify or hold harmless a person from liability are amounts either in the account for the subdistrict or district in which the property out of which the liability arose is located or in an account not dedicated to a specific subdistrict or district.

Subd. 5. [LIABILITY LIMITED.] *The authority and municipality is liable under a guaranty fund agreement only to the extent funds are available in the guaranty fund account or accounts available for the property.*

Subd. 6. [DEPOSITORY.] *The authority shall provide for the guaranty fund to be held by or maintained with a financial institution or corporate fiduciary eligible for the deposit of public money or eligible to act as a trustee or fiduciary for obligations issued under chapter 475.*

Subd. 7. [FINAL DISPOSITION OF FUNDS.] *At the end of the period of the indemnification, all unencumbered money in the guaranty fund for the subdistrict or district must be treated as an excess increment and distributed under the provisions of section 469.176, subdivision 2, paragraph (a), clause (4). If the municipality contributed money to the account, other than revenues derived from increments, the authority may deduct and pay to the municipality a proportionate share of the unencumbered money in the account before the money is distributed as an excess increment. The proportionate share is determined based on the amount of contributions of nonincrements to the account relative to total contributions, including increments, to the account.*

Sec. 16. [469.1766] [DEVELOPER PAYMENTS.]

If the development agreement, other agreement, or arrangement provides for the developer to repay all or part of the assistance provided that was financed, directly or indirectly, with revenues derived from tax increments, the developer payments are subject to the restrictions imposed by law on revenues

derived from tax increments and may only be spent for the purposes for which increments may be spent. A developer includes any beneficiary of assistance financed with revenues derived from tax increments.

Assistance includes sales of property at less than the cost of acquisition or fair market value, grants, ground or other leases at less than fair market rent, interest rate subsidies, utility service connections, roads, or other similar assistance that otherwise would have been paid in whole or part by the beneficiary.

Sec. 17. Minnesota Statutes 1992, section 469.177, subdivision 1, is amended to read:

Subdivision 1. [ORIGINAL NET TAX CAPACITY.] (a) Upon or after adoption of a tax increment financing plan, the auditor of any county in which the district is situated shall, upon request of the authority, certify the original net tax capacity of the tax increment financing district as described in the tax increment financing plan and shall certify in each year thereafter the amount by which the original net tax capacity has increased or decreased as a result of a change in tax exempt status of property within the district, reduction or enlargement of the district or changes pursuant to subdivision 4.

(b) In the case of a mined underground space development district the county auditor shall certify the original net tax capacity as zero, plus the net tax capacity, if any, previously assigned to any subsurface area included in the mined underground space development district pursuant to section 272.04.

(c) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the classification under section 273.13 of property located in a district changes to a classification that has a different assessment ratio, the original net tax capacity of that property must be redetermined at the time when its use is changed as if the property had originally been classified in the same class in which it is classified after its use is changed.

(d) The amount to be added to the original net tax capacity of the district as a result of previously tax exempt real property within the district becoming taxable equals the net tax capacity of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the net tax capacity assessed by the assessor at the time of the transfer. If substantial taxable improvements were made to a parcel after certification of the district and if the property later becomes tax exempt, in whole or part, as a result of the authority acquiring the property through foreclosure or exercise of remedies under a lease or other revenue agreement *or as a result of tax forfeiture*, the amount to be added to the original net tax capacity of the district as a result of the property again becoming taxable is the amount of the parcel's value that was included in original net tax capacity when the parcel was first certified. The amount to be added to the original net tax capacity of the district as a result of enlargements equals the net tax capacity of the added real property as most recently certified by the commissioner of revenue as of the date of modification of the tax increment financing plan pursuant to section 469.175, subdivision 4.

(e) For districts approved under section 469.175, subdivision 3, or parcels added to existing districts after May 1, 1988, if the net tax capacity of a property increases because the property no longer qualifies under the

Minnesota agricultural property tax law, section 273.111; the Minnesota open space property tax law, section 273.112; or the metropolitan agricultural preserves act, chapter 473H, or because platted, unimproved property is improved or three years pass after approval of the plat under section 273.11, subdivision 1, the increase in net tax capacity must be added to the original net tax capacity.

(f) Each year the auditor shall also add to the original net tax capacity of each economic development district an amount equal to the original net tax capacity for the preceding year multiplied by the average percentage increase in the market value of all property included in the economic development district during the five years prior to certification of the district.

(g) The amount to be subtracted from the original net tax capacity of the district as a result of previously taxable real property within the district becoming tax exempt, or a reduction in the geographic area of the district, shall be the amount of original net tax capacity initially attributed to the property becoming tax exempt or being removed from the district. If the net tax capacity of property located within the tax increment financing district is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor or by order of the commissioner of revenue, the reduction shall be applied to the original net tax capacity of the district when the property upon which the abatement is made has not been improved since the date of certification of the district and to the captured net tax capacity of the district in each year thereafter when the abatement relates to improvements made after the date of certification. The county auditor may specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 469.175, subdivision 4.

(h) If a parcel of property contained a substandard building that was demolished or removed and if the authority elects to treat the parcel as occupied by a substandard building under section 469.174, subdivision 10, paragraph (b), the auditor shall certify the original net tax capacity of the parcel using the greater of (1) the current net tax capacity of the parcel, or (2) the estimated market value of the parcel for the year in which the building was demolished or removed, but applying the class rates for the current year.

Sec. 18. Minnesota Statutes 1992, section 469.177, subdivision 8, is amended to read:

Subd. 8. [ASSESSMENT AGREEMENTS.] An authority may enter into a written assessment agreement with any person establishing a minimum market value of land, existing improvements, or improvements to be constructed in a district, if the property is owned or will be owned by the person. The minimum market value established by an assessment agreement may be fixed, or increase or decrease in later years from the initial minimum market value. *If an agreement is fully executed before July 1 of an assessment year, the market value as provided under the agreement must be used by the county or local assessor as the taxable market value of the property for that assessment. Agreements executed on or after July 1 of an assessment year become effective for assessment purposes in the following assessment year.* An assessment agreement terminates on the earliest of the date on which conditions in the assessment agreement for termination are satisfied, the termination date specified in the agreement, or the date when tax increment is no longer paid to the authority under section 469.176, subdivision 1. The assessment

agreement shall be presented to the county assessor, or city assessor having the powers of the county assessor, of the jurisdiction in which the tax increment financing district and the property that is the subject of the agreement is located. The assessor shall review the plans and specifications for the improvements to be constructed, review the market value previously assigned to the land upon which the improvements are to be constructed and, so long as the minimum market value contained in the assessment agreement appears, in the judgment of the assessor, to be a reasonable estimate, shall execute the following certification upon the agreement:

The undersigned assessor, being legally responsible for the assessment of the above described property, certifies that the market values assigned to the land and improvements are reasonable.

The assessment agreement shall be filed for record and recorded in the office of the county recorder or the registrar of titles of each county where the real estate or any part thereof is situated. *After the agreement becomes effective for assessment purposes,* the assessor shall value the property under section 273.11, except that the market value assigned shall not be less than the minimum market value established by the assessment agreement. The assessor may assign a market value to the property in excess of the minimum market value established by the assessment agreement. The owner of the property may seek, through the exercise of administrative and legal remedies, a reduction in market value for property tax purposes, but no city assessor, county assessor, county auditor, board of review, board of equalization, commissioner of revenue, or court of this state shall grant a reduction of the market value below the minimum market value established by the assessment agreement during the term of the agreement filed of record regardless of actual market values which may result from incomplete construction of improvements, destruction, or diminution by any cause, insured or uninsured, except in the case of acquisition or reacquisition of the property by a public entity. Recording an assessment agreement constitutes notice of the agreement to anyone who acquires any interest in the land or improvements that is subject to the assessment agreement, and the agreement is binding upon them.

An assessment agreement may be modified or terminated by mutual consent of the current parties to the agreement. Modification or termination of an assessment agreement must be approved by the governing body of the municipality. If the estimated market value for the property for the most recently available assessment is less than the minimum market value established by the assessment agreement for that or any later year and if bond counsel does not conclude that termination of the agreement is necessary to preserve the tax exempt status of outstanding bonds or refunding bonds to be issued, the modification or termination of the assessment agreement also must be approved by the governing bodies of the county and the school district. A document modifying or terminating an agreement, including records of the municipality, county, and school district approval, must be filed for record. The assessor's review and certification is not required if the document terminates an agreement. A change to an agreement not fully executed before July 1 of an assessment year is not effective for assessment purposes for that assessment year. If an assessment agreement has been modified or prematurely terminated, a person may seek a reduction in market value or tax through the exercise of any administrative or legal remedy. The remedy may not provide for reduction of the market value below the minimum provided under a modified assessment agreement that remains in effect. In no event

may a reduction be sought for a year other than the current taxes payable year.

Sec. 19. Minnesota Statutes 1992, section 469.1831, subdivision 4, is amended to read:

Subd. 4. [PROGRAM MONEY; DISTRIBUTION AND RESTRICTIONS.] (a) Neighborhood revitalization program money may only be expended in accordance with the program for a purpose listed in subdivision 3 or this subdivision. Program money may not be used in those project areas of the city where the city determines that private investment will be sufficient to provide for development and redevelopment of the project area without public sector assistance, except in cases where program money is being used to remove or rehabilitate structurally substandard or obsolete buildings. Revenues derived from tax increments may only be expended for the purposes otherwise permitted by law, except that notwithstanding any law to the contrary, the city must pay at least the following amount of program money, including revenues derived from tax increments: (1) 15 percent to the school district, (2) 7.5 percent to the county, and (3) 7.5 percent for social services. Payment must be made to the county and school district within 15 days after the city receives the distribution of increment revenues, provided that the payment for calendar year 1990 may be made at any time during the year. Payment to the county for social services delivery shall be paid only after approval of program and spending plans under paragraph (b). Payment to the school district for education programs and services shall be paid only after approval of program and spending plans under paragraph (b).

(b) The money distributed to the county in a calendar year must be deducted from the county's levy limit for the following calendar year. In calculating the county's levy limit base for later years, the amount deducted must be treated as a local government aid payment.

The city must notify the commissioner of education of the amount of the payment made to the school district for the year. The commissioner shall deduct from the school district's state education aid payments one-half of the amount received by the school district.

The program money paid to the school district must be expended for additional education programs and services in accordance with the program. The amounts expended by the school district may not replace existing services.

The money for social services must be paid to the county for the cost of the provision of social services under the plan, as approved by the policy board and the county board.

(c) The city must expend on housing programs and related purposes as provided by the program at least 75 percent of the program money, after deducting the payments to the school district and county.

(d) Notwithstanding any other provisions of law to the contrary, for a city of the first class qualifying under section 469.1781, paragraph (a), program money *and money described in Laws 1990, chapter 604, article 7, section 29, as amended,* may be expended anywhere within the city by the authority for a purpose permitted by this section for any political subdivision *without compliance with section 469.175, subdivision 4, and such money shall be deemed to be expended for a purpose that is a permitted project under section*

469.176 and for a purpose that is permitted under section 469.176 for the district from which the increment was received.

Sec. 20. [MINNETONKA; SOILS DISTRICT.]

Subdivision 1. [AUTHORITY.] *The city of Minnetonka may create a soils condition tax increment financing district with or without a hazardous substance subdistrict, covering all or any portion of the following described property in the city of Minnetonka, county of Hennepin, state of Minnesota:*

All that part of the east half of the northeast quarter of section 14, township 117 north, range 22 west, lying north of the Great Northern Railway right-of-way;

The east half of the southeast quarter of section 11, township 117 north, range 22 west; and

Lots 1, 2, 3, 4, 5, and 10, Block 1, and Lots 1, 2, 3, and 8, Block 2, Golden Acres Addition.

This district and a subdistrict may be created under Minnesota Statutes, section 469.175, if the governing body of the city finds, by resolution, that establishment of the district and a subdistrict will facilitate environmental response and provide for the settlement of pending litigation. Except as otherwise provided in this section, the provisions of Minnesota Statutes, sections 469.174 to 469.179, apply to the district and a subdistrict. The city may issue bonds or other obligations payable, in whole or in part, from increment derived from the district and a subdistrict. The request for certification of the district and a subdistrict must be filed with the county auditor before December 1, 1995. The city may defer receipt of the first increment from the district or from a subdistrict for up to three years following certification. Minnesota Statutes, sections 469.174, subdivisions 7, paragraph (c), and 19, clause (a)(3); and 469.176, subdivisions 1, paragraph (d), 4b, 4e, 6, and 7, do not apply to this district and subdistrict. Nothing in this section affects the liability of persons for costs or damages associated with the release of hazardous substances, the city's right to pursue responsible parties or reimbursement under applicable insurance contracts, or the city's liability under Minnesota Statutes, section 115B.04, subdivision 4. The powers granted are in addition to other powers of the city.

Subd. 2. [QUALIFICATION RULES.] *Before creating a district or subdistrict under this section, the governing body of the city of Minnetonka must find (i) that the response costs related to the district and subdistrict and deposits to the indemnification fund or premiums for the purchase of private environmental insurance necessary to develop the site exceed the estimated fair market value of the land in the district and subdistrict after completion of all necessary response activities and provision of indemnification under the plan and (ii) that independent of the environmental response costs, that the cost of correcting the unusual terrain and soil conditions materially impairs the ability of the owner to develop, sell, or finance all or any significant portion of the district. This finding is in addition to the findings required under Minnesota Statutes, section 469.174, subdivision 19, paragraph (a), clauses (1) and (2), in the case of the district, and the findings required under Minnesota Statutes, section 469.174, subdivision 7, in the case of the subdistrict.*

Subd. 3. [LIMITS ON SPENDING INCREMENTS; POOLING RULES.] *(a) The provisions of Minnesota Statutes, section 469.1763, do not apply to the district and a subdistrict created under this section. Revenues derived from tax increments from the district and subdistrict may be spent only on:*

(1) response costs related to the area contained in the district and subdistrict including the activities outside of the subdistrict or the district but within the project, to the extent necessary to prevent contaminants moving to or from the contaminated parcels;

(2) deposits to an indemnification fund or the purchase of environmental insurance, relating only to liability or additional response costs for contaminated parcels located in the district;

(3) the costs of correcting the unusual terrain or soil deficiencies and the additional costs of installing public improvements directly caused by the deficiencies (except increments derived from reducing original tax capacity under Minnesota Statutes, section 469.174, subdivision 7, paragraph (b), may not be used for this purpose); and

(4) administrative expenses and costs permitted under Minnesota Statutes, section 469.176, subdivisions 3 and 4h, including costs of review and approval of development response actions plans by the commissioner of the pollution control agency and litigation expenses of the attorney general, if any.

(b) After sufficient revenues derived from tax increments have been received to pay all remediation costs, deposits to an indemnification fund or insurance premiums, and administrative and other qualifying costs, the district and subdistrict must be decertified. Minnesota Statutes, section 469.176, subdivision 1, paragraphs (e) and (g), apply to the district and subdistrict, except to the extent limited by this section.

Subd. 4. [DEFINITION.] *For purposes of this section, "response" means activity constituting "respond" or "response" as those terms are defined in Minnesota Statutes, section 115B.02. Response costs include activities, including installation of public infrastructure, necessary to respond.*

Subd. 5. [STATE AID REDUCTION.] *(a) The state aid reductions under Minnesota Statutes, section 273.1399, do not apply to the district or a subdistrict established under this section, if the city elects to pay and pays 25 percent of the response costs and deposits to the indemnification fund out of its general fund, a property tax levy for that purpose, or other unrestricted city money (other than tax increments). The city must elect this option at the time of certification of the district and must notify the commissioner of revenue of its election. The election is irrevocable.*

(b) If the city does not elect to pay for a portion of the cost as provided by paragraph (a), the state aid reductions under Minnesota Statutes, section 273.1399, apply. The qualified captured net tax capacity of the district or subdistrict or both must be calculated under Minnesota Statutes 1992, section 273.1399, subdivision 1, paragraph (a), clause (3) under the "All Other Districts" column.

Sec. 21. [CITY OF HOPKINS; HAZARDOUS SUBSTANCE SUBDISTRICT.]

Subdivision 1. [AUTHORIZATION.] *Pursuant to Minnesota Statutes, section 469.175, subdivision 7, the city of Hopkins or its housing and redevelopment authority may create one or more hazardous substance subdistricts within tax increment financing district No. 2-5, or within any new or existing tax increment financing district encompassing any parcels located within township 117N, range 22W, sections 25 and 26 in the area bounded on the north by CSAH No. 3; on the south by the Hennepin County Regional Railroad Authority right-of-way; on the west by the city of Hopkins/city of Minnetonka boundary; and on the east by the existing parcel occupied by the city of Hopkins Well No. 1 Building. The city or its housing and redevelopment authority may issue bonds or other obligations payable in whole or in part from increment derived from the subdistrict or district upon a finding by city resolution that establishment of the subdistrict will facilitate environmental remediation and further the objectives of the tax increment financing plan for the district. The request for certification of the subdistrict must be filed with the county auditor before December 1, 1995. The city may defer receipt of the first increment from a subdistrict for up to three years following certification. Minnesota Statutes, sections 469.174, subdivisions 7, paragraph (c), and 16; and 469.176, subdivisions 1, paragraphs (d) and (g), 4e, 6, and 7, do not apply to the subdistrict.*

Subd. 2. [PRESERVATION OF RIGHTS.] *Nothing in this section affects the liability of persons for costs or damages associated with the release of hazardous substances, or the city's right to pursue responsible parties or to secure reimbursement under applicable insurance contracts, or the city's liability under Minnesota Statutes, section 115B.04, subdivision 4. The powers granted are in addition to other powers of the city.*

Subd. 3. [QUALIFICATION RULES.] *Before creation of a subdistrict under subdivision 1, the city of Hopkins shall determine that the existence of pollution or contamination of parcels within the subdistrict materially impairs the ability of the owners of the parcels to develop, sell, lease, or finance all or any portion of the parcels. For purposes of determining the original net tax capacity of the subdistrict under Minnesota Statutes, section 469.174, subdivision 7, paragraph (b), the requirement that the authority enter into a redevelopment or other agreement or have in place a response action plan before reduction of the original tax capacity does not apply. The amount of the estimated costs of the removal or remedial actions may be based on reasonable estimates prepared for the city.*

In addition, the city shall, following review by the pollution control agency, prepare and adopt a report which delineates the maximum amount of money to be reserved for eligible expenditures.

Subd. 4. [ELIGIBLE EXPENDITURES.] *Revenue derived from tax increments from the subdistrict may be spent only on:*

(1) costs of investigating and remediating the pollution or contamination in the area contained in the subdistrict, including activities outside of the subdistrict to the extent necessary to prevent pollutants or contaminants moving to or from the subdistrict;

(2) deposits to an indemnification fund to be used to indemnify existing or future owners, purchasers, lessees, or mortgagees of any parcel in the subdistrict against environmental liability and costs associated with the investigation and remediation of pollution or contamination in the subdistrict,

or the purchase of environmental insurance relating only to liability or remediation costs for parcels located in the subdistrict;

(3) administrative expenses and costs, including those permitted under Minnesota Statutes, section 469.176, subdivision 4h, and costs of preparation, review, and approval of any response action plan or partial response action plan by the pollution control agency; and

(4) costs of actions, including litigation, to recover investigation and remediation costs incident to the subdistrict from responsible persons.

Subd. 5. [DECERTIFICATION.] *After sufficient revenues derived from tax increments have been received to pay all investigation and remediation costs, deposits to an indemnification fund, insurance premiums, and administrative and other qualifying costs, and in all events not more than 20 years from the date of receipt by the city of the first tax increment from the subdistrict, the subdistrict must be decertified.*

Subd. 6. [REDISTRIBUTION.] *When the city has received sufficient tax increment funds to pay all eligible expenditures, any funds received must be applied by the city in the manner of excess tax increments under Minnesota Statutes, section 469.176, subdivision 2, and the Hennepin county auditor shall increase the original net tax capacity of the parcels in the subdistrict to the original net tax capacity that would prevail had no reduction been made.*

Subd. 7. [DEFINITIONS.] *For purposes of this section, "remediation" means activity constituting removal, remedy, remedial action, or response as those terms are defined in Minnesota Statutes, section 115B.02, including activities to develop and implement a response action plan approved by the pollution control agency under Minnesota Statutes, section 115B.17, subdivision 14, or a partial response action plan approved by the pollution control agency under Minnesota Statutes, section 115B.175. Remediation costs include activities necessary to accomplish remediation, including installation of public infrastructure.*

Subd. 8. [STATE AID REDUCTION.] *The state aid reductions under Minnesota Statutes, section 273.1399, do not apply to a subdistrict established under this section, if the city elects to pay and pays 25 percent of the response costs and deposits to the indemnification fund out of its general fund, a property tax levy for that purpose, or other unrestricted city money (other than tax increments). The city must elect this option at the time of certification of the district and must notify the commissioner of revenue of its election. The election is irrevocable.*

Sec. 22. [INVER GROVE HEIGHTS.]

Subdivision 1. [EXTENSION OF TAX INCREMENT FINANCING DISTRICT.] *Tax increment financing district No. 3-2, established by the city of Inver Grove Heights on April 30, 1992, under Laws 1990, chapter 604, article 7, section 30, subdivision 2, continues in effect until the earlier of (1) May 1, 2004, or (2) when all costs provided for in the tax increment financing plan relating to the district have been paid. In no event may the city receive more than eight years of tax increments for the district and all tax increments received after May 1, 2002, in excess of the amount of local government aid lost by the city under Minnesota Statutes, section 273.1399, as a result of such tax increments, shall be used only to pay or reimburse capital costs of public road and bridge improvements.*

Subd. 2. [BOND AUTHORIZATION.] *If the city of Inver Grove Heights, the Minnesota department of transportation, and Dakota county agree to the planning, design, construction, and reconstruction of state, county, and city highway, street, and bridge improvements that serve, among other areas, the area of tax increment financing district No. 3-2, the city council may, by resolution, authorize, sell, and issue general obligation bonds of the city in a principal amount not to exceed $4,000,000 to finance part of the cost of the improvements to be paid for by the state under the agreement. The city shall issue the bonds only if and to the extent it estimates they are necessary to pay costs of the improvements coming due for which state funds are not immediately available but will be received by the city under the agreement. The city shall pledge the state money to the payment of the bonds and after it receives the money shall pay the bonds as soon as practicable. The bonds shall be issued and secured under Minnesota Statutes, chapter 475, except no election is required to authorize their issuance.*

Sec. 23. [CITY OF MANKATO; DURATION OF TAX INCREMENT FINANCING DISTRICT.]

Notwithstanding Minnesota Statutes, section 469.176, subdivision 1, the duration of the key city redevelopment project tax increment financing district, district AA1, located within the city of Mankato, may be extended by the authority to August 1, 2009. Any increment received during the period of extended duration may only be utilized for payment of or to secure payment of debt service on bonds issued after April 1, 1993, and before January 1, 1994, or bonds issued to refund those bonds.

Sec. 24. [EFFECTIVE DATE.]

Sections 1, 4, 9, 11, 13, 15, and 16 are effective for districts and subdistricts for which requests for certification are made after August 1, 1993.

Section 2 is effective for applications filed after the day of final enactment.

Sections 6, 7, 8, and 10, subdivision 1b, clauses (4) and (5), 12, and 14 are effective for districts for which the request for certification is made after May 31, 1993.

Sections 17 and 18 are effective July 1, 1993, and apply to all districts, regardless of when the request for certification was made, including districts for which the request for certification was made before August 1, 1979. Section 18 applies only to modifications of assessment agreements made after August 1, 1993.

Section 19 is effective upon compliance by the city of Minneapolis with Minnesota Statutes, section 645.021, subdivision 3.

Section 20 is effective upon compliance by the city of Minnetonka with Minnesota Statutes, section 645.021, subdivision 3.

Section 22 is effective the day following final enactment without the approval of any local government.

Section 23 is effective upon compliance by the city of Mankato with Minnesota Statutes, section 645.021, subdivision 3.

ARTICLE 15

LOCAL GOVERNMENT EFFICIENCY AND COOPERATION

Section 1. [465.795] [DEFINITIONS.]

Subdivision 1. [AGENCY.] *"Agency" means a department, agency, board, or other instrumentality of state government that has jurisdiction over an administrative rule or law from which a waiver is sought under section 3. If no specific agency has jurisdiction over such a law, "agency" refers to the attorney general.*

Subd. 2. [BOARD.] *"Board" means the board of government innovation and cooperation established by section 2.*

Subd. 3. [COUNCIL.] *"Council" or "metropolitan council" means the metropolitan council established by section 473.123.*

Subd. 4. [LOCAL GOVERNMENT UNIT.] *"Local government unit" means a county, home rule charter or statutory city, school district, town, or special taxing district, except for purposes of sections 465.81 to 465.87.*

Subd. 5. [METROPOLITAN AGENCY.] *"Metropolitan agency" has the meaning given in section 473.121, subdivision 5a.*

Subd. 6. [METROPOLITAN AREA.] *"Metropolitan area" has the meaning given in section 473.121, subdivision 2.*

Subd. 7. [SCOPE.] *As used in sections 1 to 5 and sections 465.80 to 465.87, the terms defined in this section have the meanings given them.*

Sec. 2. [465.796] [BOARD OF GOVERNMENT INNOVATION AND COOPERATION.]

Subdivision 1. [MEMBERSHIP.] *The board of government innovation and cooperation consists of three members of the senate appointed by the subcommittee on committees of the senate committee on rules and administration, three members of the house of representatives appointed by the speaker of the house, two administrative law judges appointed by the chief administrative law judge, the commissioner of finance, the commissioner of administration, and the state auditor. The commissioners of finance and administration and the state auditor may each designate one staff member to serve in the commissioner's or auditor's place. The members of the senate and house of representatives serve as nonvoting members.*

Subd. 2. [DUTIES OF BOARD.] *The board shall:*

(1) accept applications from local government units for waivers of administrative rules and temporary, limited exemptions from enforcement of procedural requirements in state law as provided in section 3, and determine whether to approve, modify, or reject the application;

(2) accept applications for grants to local government units and related organizations proposing to design models or plans for innovative service delivery and management as provided in section 4 and determine whether to approve, modify, or reject the application;

(3) accept applications from local government units for financial assistance to enable them to plan for cooperative efforts as provided in section 5, and determine whether to approve, modify, or reject the application;

(4) accept applications from eligible local government units for service-sharing grants as provided in section 465.80, and determine whether to approve, modify, or reject the application;

(5) accept applications from counties, cities, and towns proposing to combine under sections 465.81 to 465.87, and determine whether to approve or disapprove the application; and

(6) make recommendations to the legislature regarding the elimination of state mandates that inhibit local government efficiency, innovation, and cooperation.

The board may purchase services from the metropolitan council in reviewing requests for waivers and grant applications.

Subd. 3. [STAFF.] *The board may hire staff or consultants as necessary to perform its duties.*

Sec. 3. [465.797] [RULE AND LAW WAIVER REQUESTS.]

Subdivision 1. [GENERALLY.] *(a) Except as provided in paragraph (b), a local government unit may request the board of government innovation and cooperation to grant a waiver from one or more administrative rules or a temporary, limited exemption from enforcement of state procedural laws governing delivery of services by the local government unit. Two or more local government units may submit a joint application for a waiver or exemption under this section if they propose to cooperate in providing a service or program that is subject to the rule or law. Before submitting an application to the board, the governing body of the local government unit must approve the waiver or exemption request by resolution at a meeting required to be public under section 471.705.*

(b) A school district that is granted a variance from rules of the state board of education under section 121.11, subdivision 12, need not apply to the board for a waiver of those rules under this section. A school district may not seek a waiver of rules under this section if the state board of education has authority to grant a variance to the rules under section 121.11, subdivision 12. This paragraph does not preclude a school district from being included in a cooperative effort with another local government unit under this section.

Subd. 2. [APPLICATION.] *A local government unit requesting a waiver of a rule or exemption from enforcement of a law under this section shall present a written application to the board. The application must include:*

(1) identification of the service or program at issue;

(2) identification of the administrative rule or the law imposing a procedural requirement with respect to which the waiver or exemption is sought;

(3) a description of the improved service outcome sought, including an explanation of the effect of the waiver or exemption in accomplishing that outcome;

(4) a description of the means by which the attainment of the outcome will be measured; and

(5) if the waiver or exemption is proposed by a single local government unit, a description of the consideration given to intergovernmental cooperation in providing this service, and an explanation of why the local government unit has elected to proceed independently.

A copy of the application must be provided by the requesting local government unit to the exclusive representative of its employees as certified under section 179A.12.

Subd. 3. [REVIEW PROCESS.] *Upon receipt of an application from a local government unit, the board shall review the application. The board shall dismiss or request modification of an application within 60 days of its receipt if it finds that (1) the application does not meet the requirements of subdivision 2, or (2) the application should not be granted because it clearly proposes a waiver of rules or exemption from enforcement of laws that would result in due process violations, violations of federal law or the state or federal constitution, or the loss of services to people who are entitled to them. If the application is submitted by a local government unit in the metropolitan area or the unit requests a waiver of a rule or temporary, limited exemptions from enforcement of a procedural law over which the metropolitan council or a metropolitan agency has jurisdiction, the board shall also transmit a copy of the application to the council for review and comment. The council shall report its comments to the board within 60 days of the date the application was transmitted to the council. The council may point out any resources or technical assistance it may be able to provide a local government submitting a request under this section. If it does not dismiss the application, the board shall transmit a copy of it to the commissioner of each agency having jurisdiction over a rule or law from which a waiver or exemption is sought. The agency may mail a notice that it has received an application for a waiver or exemption to all persons who have registered with the agency under section 14.14, subdivision 1a, identifying the rule or law from which a waiver or exemption is requested. If no agency has jurisdiction over the rule or law, the board shall transmit a copy of the application to the attorney general. If the commissioner of finance, the commissioner of administration, or the state auditor has jurisdiction over the rule or law, the chief administrative law judge shall appoint a second administrative law judge to serve as a member of the board in the place of that official for purposes of determining whether to grant the waiver or exemption. The agency shall inform the board of its agreement with or objection to and grounds for objection to the waiver or exemption request within 60 days of the date when the application was transmitted to it. Interested persons may submit written comments to the board on the waiver or exemption request within 60 days of the board's receipt of the application. If the agency fails to inform the board of its conclusion with respect to the application within 60 days of its receipt, the agency is deemed to have agreed to the waiver or exemption. If the exclusive representative of the employees of the requesting local government unit objects to the waiver or exemption request it may inform the board of the objection to and the grounds for the objection to the waiver or exemption request within 60 days of the receipt of the application.*

Subd. 4. [HEARING.] *If the agency or the exclusive representative does not agree with the waiver or exemption request, the board shall set a date for a hearing on the application, which may be no earlier than 90 days after the*

date when the application was transmitted to the agency. The hearing must be conducted informally at a meeting of the board. Persons representing the local government unit shall present their case for the waiver or exemption, and persons representing the agency shall explain the agency's objection to it. Members of the board may request additional information from either party. The board may also request, either before or at the hearing, information or comments from representatives of business, labor, local governments, state agencies, consultants, and members of the public. If necessary, the hearing may be continued at a subsequent board meeting. A waiver or exemption must be granted by a vote of a majority of the board members. The board may modify the terms of the waiver or exemption request in arriving at the agreement required under subdivision 5.

Subd. 5. [CONDITIONS OF AGREEMENTS.] *If the board grants a request for a waiver or exemption, the board and the local government unit shall enter into an agreement providing for the delivery of the service or program that is the subject of the application. The agreement must specify desired outcomes and the means of measurement by which the board will determine whether the outcomes specified in the agreement have been met. The agreement must specify the duration of the waiver or exemption, which may be for no less than two years and no more than four years, subject to renewal if both parties agree. A waiver of a rule under this section has the effect of a variance granted by an agency under section 14.05, subdivision 4. A local unit of government that is granted an exemption from enforcement of a procedural requirement in state law under this section is exempt from that law for the duration of the exemption. The board may require periodic reports from the local government unit, or conduct investigations of the service or program.*

Subd. 6. [ENFORCEMENT.] *If the board finds that the local government unit is failing to comply with the terms of the agreement under subdivision 5, it may rescind the agreement. Upon the recision, the local unit of government becomes subject to the rules and laws covered by the agreement.*

Subd. 7. [ACCESS TO DATA.] *If a local government unit, through a cooperative program under this section, gains access to data collected, created, received, or maintained by another local government that is classified as not public, the unit gaining access is governed by the same restrictions on access to and use of the data as the unit that collected, created, received, or maintained the data.*

Sec. 4. [465.798] [SERVICE BUDGET MANAGEMENT MODEL GRANTS.]

One or more local units of governments, an association of local governments, the metropolitan council, or an organization acting in conjunction with a local unit of government may apply to the board of government innovation and management for a grant to be used to develop models for innovative service budget management. Proposed models may provide options to local governments, neighborhood or community organizations, or individuals for managing budgets for service delivery. A copy of the work product for which the grant was provided must be furnished to the board upon completion, and the board may disseminate it to other local units of government or interested groups. If the board finds that the model was not completed or implemented according to the terms of the grant agreement, it may require the

grantee to repay all or a portion of the grant. The amount of a grant under this section shall not exceed $50,000.

Sec. 5. [465.799] [COOPERATION PLANNING GRANTS.]

Two or more local government units may apply to the board of government innovation and cooperation for a grant to be used to develop a plan for intergovernmental cooperation in providing services. The grant application must include the following information:

(1) the identity of the local government units proposing to enter into the planning process;

(2) a description of the services to be studied and the outcomes sought from the cooperative venture; and

(3) a description of the proposed planning process, including an estimate of its costs, identification of the individuals or entities who will participate in the planning process, and an explanation of the need for a grant to the extent that the cost cannot be paid out of the existing resources of the local government unit.

The plan may include model contracts or agreements to be used to implement the plan. A copy of the work product for which the grant was provided must be furnished to the board upon completion. If the board finds that the grantee has failed to implement the plan, it may require the grantee to repay all or a portion of the grant. The amount of a grant under this section shall not exceed $50,000.

TACONITE TAX

Section 1. Minnesota Statutes 1992, section 298.227, is amended to read:

298.227 [TACONITE ECONOMIC DEVELOPMENT FUND.]

An amount equal to ~~10.4 cents per taxable ton~~ *that* distributed pursuant to each taconite producer's taxable production *and qualifying sales* under section 298.28, subdivision 9a, ~~for production years 1992 and 1993~~ shall be held by the iron range resources and rehabilitation board in a separate taconite economic development fund for each taconite producer. Money from the fund for each producer shall be released only on the written authorization of a joint committee consisting of an equal number of representatives of the salaried employees and the nonsalaried production and maintenance employees of that producer. The district 33 director of the United States Steelworkers of America, on advice of each local employee president, shall select the employee members. In nonorganized operations, the employee committee

shall be elected by the nonsalaried production and maintenance employees. Each producer's joint committee may authorize release of the funds held pursuant to this section only for acquisition of equipment and facilities for the producer or for research and development in Minnesota on new mining, or taconite, iron, or steel production technology. Funds may be released only upon a majority vote of the representatives of the committee. Any portion of the fund which is not released by a joint committee within two years of its deposit in the fund shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection trust fund created in section 298.292 for placement in their respective special accounts. Two-thirds of the unreleased funds shall be distributed to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection trust fund. This section is effective for taxes payable in 1993 and 1994.

Sec. 2. Minnesota Statutes 1992, section 298.28, subdivision 4, is amended to read:

Subd. 4. [SCHOOL DISTRICTS.] (a) 27.5 cents per taxable ton plus the increase provided in paragraph (d) must be allocated to qualifying school districts to be distributed, based upon the certification of the commissioner of revenue, under paragraphs (b) and (c).

(b) 5.5 cents per taxable ton must be distributed to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The distribution must be based on the apportionment formula prescribed in subdivision 2.

(c)(i) 22 cents per taxable ton, less any amount distributed under paragraph (e), shall be distributed to a group of school districts comprised of those school districts in which the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 in direct proportion to school district indexes as follows: for each school district, its pupil units determined under section 124.17 for the prior school year shall be multiplied by the ratio of the average adjusted net tax capacity per pupil unit for school districts receiving aid under this clause as calculated pursuant to chapter 124A for the school year ending prior to distribution to the adjusted net tax capacity per pupil unit of the district. Each district shall receive that portion of the distribution which its index bears to the sum of the indices for all school districts that receive the distributions.

(ii) Notwithstanding clause (i), each school district that receives a distribution under sections 298.018; 298.23 to 298.28, exclusive of any amount received under this clause; 298.34 to 298.39; 298.391 to 298.396; 298.405; or any law imposing a tax on severed mineral values that is less than the amount of its levy reduction under section 124.918, subdivision 8, for the second year prior to the year of the distribution shall receive a distribution equal to the difference; the amount necessary to make this payment shall be derived from proportionate reductions in the initial distribution to other school districts under clause (i).

(d) On July 15, in years prior to 1988, an amount equal to the increase derived by increasing the amount determined by paragraph (c) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in paragraph (c) where a levy increase pursuant to section 124A.03, subdivision 2, is authorized by

referendum, according to the following formula. On July 15, 1988, the increase over the amount established for 1987 shall be determined as if there had been an increase in the tax rate under section 298.24, subdivision 1, paragraph (b), according to the increase in the implicit price deflator. On July 15, 1989, 1990, and 1991, the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1, paragraph (a). In 1992 and 1993, the amount distributed per ton shall be the same as that determined for distribution in 1991. In 1994, the amount distributed per ton shall be equal to the amount per ton distributed in 1991 increased in the same proportion as the increase between the fourth quarter of ~~1988~~ *1989* and the fourth quarter of 1992 in the implicit price deflator as defined in section 298.24, subdivision 1. On July 15, 1995, and subsequent years, the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1. Each district shall receive the product of:

(i) $175 times the pupil units identified in section 124.17, subdivision 1, enrolled in the second previous year or the 1983-1984 school year, whichever is greater, less the product of 1.8 percent times the district's taxable net tax capacity in the second previous year; times

(ii) the lesser of:

(A) one, or

(B) the ratio of the sum of the amount certified pursuant to section 124A.03, subdivision 1g, in the previous year, plus the amount certified pursuant to section 124A.03, subdivision 1i, in the previous year, plus the referendum aid according to section 124A.03, subdivision 1h, for the current year, to the product of 1.8 percent times the district's taxable net tax capacity in the second previous year.

If the total amount provided by paragraph (d) is insufficient to make the payments herein required then the entitlement of $175 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to paragraph (d) shall not be applied to reduce general education aid which the district receives pursuant to section 124A.23 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of iron range resources and rehabilitation who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection trust fund as provided in subdivision 11.

Each district receiving money according to this paragraph shall reserve $25 times the number of pupil units in the district. It may use the money for early childhood programs or for outcome-based learning programs that enhance the academic quality of the district's curriculum. The outcome-based learning programs must be approved by the commissioner of education.

(e) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

In 1992 and 1993, the amount distributed per ton shall be the same as the amount distributed per ton in 1991. In 1994, the amount distributed shall be the distribution per ton for 1991 increased in the same proportion as the increase between the fourth quarter of ~~1988~~ *1989* and the fourth quarter of 1992 in the implicit price deflator as defined in section 298.24, subdivision 1. That amount shall be increased in 1995 and subsequent years in the same proportion as the increase in the implicit price deflator as provided in section 298.24, subdivision 1. The amount distributed in 1988 shall be increased according to the increase that would have occurred in the rate of tax under section 298.24 if the rate had been adjusted according to the implicit price deflator for 1987 production. The amount distributed pursuant to this subdivision shall be expended within or for the benefit of a tax relief area defined in section 273.134. No part of the fund provided in this subdivision may be used to provide loans for the operation of private business unless the loan is approved by the governor and the legislative advisory commission.

(b) An amount equal to 50 percent of the tax under section 298.24 for concentrate sold in the form of pellet chips and fines not exceeding 1/4 inch in size and not including crushed pellets shall be paid to the taconite economic development fund. The amount paid shall not exceed $700,000 annually for all companies. If the initial amount to be paid to the fund exceeds this amount, each company's payment shall be prorated so the total does not exceed $700,000.

Sec. 5. Minnesota Statutes 1992, section 298.28, subdivision 10, is amended to read:

Subd. 10. [INCREASE.] The amounts determined under subdivisions 6, paragraph (a), and 9 shall be increased in 1979 and subsequent years prior to 1988 in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1. The amount distributed in 1988 shall be increased according to the increase that would have occurred in the rate of tax under section 298.24 if the rate had been adjusted according to the implicit price deflator for 1987 production. Those amounts shall be increased in 1989, 1990, and 1991 in the same proportion as the increase in the implicit price deflator as provided in section 298.24, subdivision 1. This written notice shall advise the debtor of the creditor political subdivision's intention to request setoff of the refund against the debt.

The notice will also advise the debtor that the debt can be setoff against a state aid payment, and will advise the debtor of the right to contest the validity of the claim at a hearing. The debtor must assert this right by written request to the commissioner of revenue, which request the commissioner must receive within 45 days of the mailing date of the notice.

(d) If the commissioner receives written notice of a debtor political subdivision's intention to contest at hearing the claim upon which the intended setoff is based, the commissioner shall initiate a hearing according to contested case procedures established in the state administrative procedure act not later than 30 days after receipt of the debtor's request for a hearing. The costs of the hearing shall be paid equally by the political subdivisions that are parties to the hearing. The office of administrative hearings shall separately bill each political subdivision for one-half of the costs.

(e) If the debtor political subdivision does not object to the claim, or does not prevail in an objection to the claim or at a hearing on the claim, the commissioner of revenue shall deduct the amount of the debt from the next payment scheduled to be made to the debtor under section 273.1398 or chapter 477A. Sec. 17. Minnesota Statutes 1992, section 429.061, subdivision 1, is amended to read:

Subdivision 1. [CALCULATION, NOTICE.] At any time after the expense incurred or to be incurred in making an improvement shall be calculated under the direction of the council, the council shall determine by resolution the amount of the total expense the municipality will pay, other than the amount, if any, which it will pay as a property owner, and the amount to be assessed. If a county proposes to assess within the boundaries of a city for a county state-aid highway or county highway, including curbs, gutters, and storm sewers, the resolution must include the portion of the cost proposed to be assessed within the city. The county shall forward the resolution to the city and it may not proceed with the assessment procedure nor may the county allocate any cost under this section for property within the city unless the city council adopts the resolution approving the assessment. Thereupon the clerk, with the assistance of the engineer or other qualified person selected by the council, shall calculate the proper amount to be specially assessed for the improvement against every assessable lot, piece or parcel of land, without regard to cash valuation, in accordance with the provisions of section 429.051. The proposed assessment roll shall be filed with the clerk and be open to public inspection. The clerk shall thereupon, under the council's direction, publish notice that the council will meet to consider the proposed assessment. Such notice shall be published in the newspaper at least once and shall be mailed to the owner of each parcel described in the assessment roll. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be such on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer; but other appropriate records may be used for this purpose. Such publication and mailing shall be no less than two weeks prior to such meeting of the council.

Except as to the owners of tax exempt property or property taxes on a gross earnings basis, every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived such mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for such purpose. Such notice shall state the date, time, and place of such meeting, the general nature of the improvement, the area proposed to be assessed, the total amount of the proposed assessment, that the proposed assessment roll is on the file with the clerk, and that written or oral objections thereto by any property owner will be considered. The notice must also state that no appeal may be taken as to the amount of any assessment adopted pursuant to subdivision 2, unless a written objection signed by the affected property owner is filed with the municipal clerk prior to the assessment hearing or presented to the presiding officer at the hearing. The notice shall also state that an owner may appeal an assessment to district court pursuant to section 429.081 by serving notice of the appeal upon the mayor or clerk of the municipality within 30 days after the adoption of the assessment and filing such notice with the district court within ten days after service upon the mayor or clerk. The notice shall also inform property owners of the provisions of sections 435.193 to 435.195 and the existence of any deferment procedure established pursuant thereto in the municipality. In addition, the notice mailed to the owner must ~~include~~ *state in clear language* the following information:

(1) the amount to be specially assessed against that particular lot, piece, or parcel of land;

(2) *adoption by the council of the proposed assessment may be taken at the hearing;*

(3) the right of the property owner to prepay the entire assessment and the person to whom prepayment must be made;

~~(3)~~ *(4)* whether partial prepayment of the assessment has been authorized by ordinance;

~~(4)~~ *(5)* the time within which prepayment may be made without the assessment of interest; and

~~(5)~~ *(6)* the rate of interest to be accrued if the assessment is not prepaid within the required time period.

The commissioner shall make allocations to zones in cities on the western border by evaluating which cities' applications for allocations relate to business prospects that have the greatest positive economic impact. Allocations made under this subdivision may be used for tax reductions as provided in section 469.171, or other offsets of taxes imposed on or remitted by businesses located in the enterprise zone, but only if the municipality determines that the granting of the tax reduction or offset is necessary in order to retain a business within or attract a business to the zone. (6) regular reevaluation and reformulation of how governmental functions and services are performed.

Sec. 2. [REORGANIZATION; OUTCOMES.]

Any reorganization must achieve the following outcomes:

COMMUNICATIONS RECEIVED SUBSEQUENT TO ADJOURNMENT

May 17, 1993

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Resolution Number 4, Senate File 1232/House File 1519, relating to the North American Free Trade Agreement (NAFTA).

Resolutions, while having no formal legal significance, can be important statements of policy and goals. The state constitution allows me to review resolutions in the same manner as bills which have passed the legislature. I am vetoing this resolution because I do not agree with its statements and feel it contradicts the position that our state must take on NAFTA.

NAFTA will be beneficial to the state and the country. Opening new markets for U.S. products represents the most important step we can make to foster economic growth. Lowering trade barriers makes sense for consumers, employers and employees and will translate into increased exports, economic growth and job creation for Minnesota. Passage of NAFTA is particularly important to our state because of our proximity to Canada.

The resolution is loaded with speculation of the possible consequences of NAFTA. I realize that there are concerns about environmental and labor issues. It will be important for these issues to be resolved to the satisfaction of Congress. Congress, the Bush administration and now the Clinton administration have been debating these issues for two years now. President Clinton and Congressman Gephardt are urging ratification with some negotiated modifications. This resolution would be contrary to those efforts.

Warmest regards,
Arne H. Carlson, Governor

Pursuant to Joint Rule 3.02, (c), the foregoing message was laid on the table.

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 290, Senate File No. 1407/House File No. 1727, the Omnibus Higher Education Appropriations bill.

This bill contains many fine provisions, some of which were contained in the budget I presented to the legislature in January; others were legislative initiatives. However, as of this morning, the aggregate result of appropriation bills passed, guarantees that the state will have to borrow its way to a balanced budget. To the best of my knowledge, the Minnesota Legislature has never knowingly adopted a budget with a built-in deficit; to do so now would amount to a breach of our commitment to the taxpayers of this state.

If the Legislature either now or in a special session determines that creating a cash flow account of $400 million or setting in statute the mechanism to unallot to avert short-term borrowing, I would be happy to reconsider this and other appropriation bills.

We owe it to the taxpayers of this state to live within our means.

Warmest regards,
Arne H. Carlson, Governor

May 20, 1993

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 325, Senate File 306/House File 1480, a bill relating to the appointment procedures and contracting.

Article 1 establishes a number of unnecessary procedural requirements for the appointment of agency heads and members of administrative boards. The article, for instance, requires that appointing authorities seek the advice and consent of the Senate for all board vacancies regardless of the length of the remaining term. It prohibits a temporary or acting commissioner from serving for longer than 45 legislative days regardless of qualifications or circumstances.

Article 2 has created considerable controversy because of the limits it imposes on professional and technical services contracts. I support improved management of state contracts and agree with the Legislative Auditor's February 1992 recommendations to streamline the contracting process and improve its effectiveness. While Chapter 325 contains several important reform provisions such as the new requirements for contract renewals, many of the bill's provisions run counter to the recommendations of the Legislative Auditor.

Provisions, such as requiring agencies to complete evaluation forms on all contracts over $5000 and file them with legislative policy and finance chairs, create additional paperwork and red tape without improving contract management. Other provisions, such as requiring detailed budget estimates for contracts as part of the biennial budget process, run counter to our implementation of performance-based budgeting – which emphasizes program results rather than line-item micro-management.

Section 10, which imposes a 10 percent across-the-board cut in contracting, is of particular concern. While the bill authorizes certain exemptions, it does not begin to recognize all of the situations where contracting is an essential part and/or the most cost effective way of delivering a service. The bill treats all departments alike, regardless of their needs of the cost effectiveness of contracting. The provision is particularly troublesome for new or expanding programs mandated by the legislature. MinnesotaCare, the safe drinking water program in the Department of Health and the state's correctional programs are examples of programs that would be crippled by a 10 percent across-the-board cut in contracts.

Rather than impose an arbitrary across-the-board reduction in contracting and additional paperwork requirements, we need to concentrate on revamping contracting procedures to make them less cumbersome and strengthen contract management to ensure that state contracts are cost-effective. I support the Department of Administration's plans to implement the recommendations of the Legislative Auditor, most of which can be implemented administratively. State agencies will be given more responsibility for small, routine contracts. The Department of Administration will focus on the state's more expensive, complex contracts and will provide agencies greater guidance and training on contract management.

Warmest regards,
Arne H. Carlson, Governor

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

It is my honor to inform you that I have received, approved, signed and deposited in the Office of the Secretary of State, Senate File Nos. 1054, 414, 636, 663, 748, 1077, 1368, 553, 625, 176, 429, 694, 1114, 1297, and 1642.

Warmest regards,
Arne H. Carlson, Governor

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 359, Senate File 785/House File 349, a bill providing that certain acts are unfair labor practices.

Chapter 359 amends the Public Employee Labor Relations Act (PELRA) as well as laws governing private sector labor relations. This measure would make it an unfair labor practice for a public or private employer to refuse to

allow a labor organization equal time during work hours to respond to an employer meeting intended to discourage employees from voting to unionize. This measure suffers from several infirmities.

First, I believe this bill would place an unfair burden on employers by requiring them, in effect, to pay for the unionization effort. This issue is best decided in the negotiation process.

Second, any and all changes to PELRA should be done only in the context of an overall review of this law. This would ensure that the interests of labor, management and the taxpayer are all appropriately considered.

Third, as drafted, this bill is very unclear and invites lawsuits. For example, how are we to determine when an "anti-union" meeting has occurred? Who determines when the response meeting should be held and which union representative will respond assuming more than one union is competing?

Finally, the legislature is again ignoring the issue of federal preemption. The National Labor Relations Act covers union organizing activity and Minnesota should take care to avoid placing an additional burden on our employers in areas that require national uniformity.

Warmest regards,
Arne H. Carlson, Governor

Pursuant to Joint Rule 3.02, (c), the foregoing message was laid on the table.

May 24, 1993

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 360, Senate File 544/House File 651, a bill providing that certain acts are an unfair labor practice.

Chapter 360 amends the Public Employee Labor Relations Act (PELRA) as well as laws governing private sector labor relations. This measure would make it an unfair labor practice for a public or private employer to fail to inform an employee of the employee's right to have a union representative present during an investigation or disciplinary interview.

Chapter 360 would seriously impede an employer's efforts to conduct an investigation. Both employers and employees share an interest in resolving investigations or disciplinary actions in a quick and fair manner. They should also share in the responsibilities and burdens of notifying employees of their rights. This issue is more appropriately decided in the negotiation process.

Second, as I stated in my veto message for Chapter 359, any and all changes to PELRA should be done only in the context of an overall review of this law.

This would ensure that the interests of labor, management and the taxpayer are all appropriately considered.

Warmest regards,
Arne H. Carlson, Governor

Pursuant to Joint Rule 3.02, (c), the foregoing message was laid on the table.

May 24, 1993

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 349, Senate File 811/House File 1125, a bill relating to a metropolitan high speed bus system implementation study.

This bill would spend $50,000 on yet another study of an issue that is currently being examined in the metro area on several fronts. The current plans and studies include:

The Metropolitan Council's Transit Facilities Plan issued in February, 1992, examined eighteen transportation corridors and suggested transit improvements in each, including high occupancy vehicle (HOV) lanes on I-94 north from Minneapolis and I-94 east from Saint Paul.

The Regional Transit Board's "Vision for Transit" already includes elements of this concept such as timed-transfer bus stations.

MnDOT's Alternatives Analysis of the Central Corridor between Minneapolis and Saint Paul is currently examining a busway as one alternative transit improvement. The draft Environmental Impact Statement for this corridor is scheduled to be completed in the fall of 1993.

"Team Transit" is currently examining methods of improving bus service in the I-494 and I-35W corridors.

The provision of intercity bus service, including links to the Twin Cities, is currently being examined by MnDOT in its Greater Minnesota Transit Plan.

Accordingly, this study would be largely duplicative and an inefficient use of scarce financial resources.

Warmest regards,
Arne H. Carlson, Governor

Pursuant to Joint Rule 3.02, (c) the foregoing message was laid on the table.
