(2) that each comment should identify the portion of the proposed rule addressed; the reason for the comment, and any change proposed;

A written request for a public hearing that does not comply with the requirements of this section is invalid and must not be counted by the agency for purposes of determining whether a public hearing must be held.

Subd. 2. [WITHDRAWAL OF HEARING REQUESTS.] If a request for a public hearing has been withdrawn, the agency must give written notice of that fact to all persons who have requested the public hearing. The notice must explain why the request is being withdrawn, and must include a description of any action the agency has taken or will take that affected or may have affected the decision to withdraw the request. The rule and these materials shall be submitted to the ~~attorney general~~ administrative law judge within 180 days of the day that the comment period for the rule is over or the rule is automatically withdrawn. The agency shall report its failure to adopt the rules and the reasons for that failure to the legislative commission to review administrative rules, other appropriate legislative committees, and the governor.

Subd. 2. [RESUBMISSION.] Even if the 180-day period expires while the ~~attorney general~~ administrative law judge reviews the rule, if the ~~attorney general~~ administrative law judge rejects the rule, the agency may resubmit it after taking corrective action. The resubmission must occur within 30 days of when the agency receives written notice of the disapproval. If the rule is again disapproved, the rule is withdrawn. An agency may resubmit at any time before the expiration of the 180-day period. If the agency withholds some of the proposed rule, it may not adopt the withheld portion without again following the procedures of sections 14.14 to 14.28, ~~or 14.29 to 14.36.~~

Subd. 3: [REVIEW.] (a) The ~~attorney general~~ administrative law judge shall, *within 14 days*, approve or disapprove the rule as to its legality and its form to the extent the form relates to legality, including the ~~issue~~ *issues* of ~~substantial change~~ *whether the rule if modified is substantially different, as determined under section 14.05, subdivision 2, from the rule as originally proposed, and determine* whether the agency has the authority to adopt the rule, and whether the record demonstrates a rational basis for the need for and reasonableness of the proposed rule ~~within 14 days~~. If the rule is approved, the ~~attorney general~~ administrative law judge shall promptly file two copies of it in the office of the secretary of state. The secretary of state shall forward one copy of each rule to the revisor of statutes. If the rule is disapproved, the ~~attorney general~~ administrative law judge shall state in writing the reasons and make recommendations to overcome the ~~deficiencies, and defects~~.

If the chief administrative law judge approves of the findings of the administrative law judge, the chief administrative law judge shall send the statement of the reasons for disapproval of the rule to the agency, the legislative commission to review administrative rules, and the revisor of statutes and advise the agency and the revisor of statutes of actions that will correct the defects. The rule shall not be filed in the office of the secretary of state, nor published until the deficiencies chief administrative law judge determines that the defects have been overcome corrected or, if applicable, that the agency has satisfied the rule requirements for the adoption of a substantially different rule. The attorney general shall send a statement of reasons for disapproval of the rule to the agency, the chief administrative law judge, the legislative commission to review administrative rules, and to the revisor of statutes.*

(c) *If the chief administrative law judge determines that the need for or reasonableness of the rule has not been established, and if the agency does not elect to follow the suggested actions of the chief administrative law judge to correct that defect, then the agency shall submit the proposed rule to the legislative commission to review administrative rules for the commission's advice and comment. The agency shall not adopt the rule until it has received and considered the advice of the commission. However, the agency is not required to wait for the commission's advice for more than 60 days after the commission has received the agency's submission.*

(d) The ~~attorney general~~ administrative law judge shall disregard any error or defect in the proceeding due to the agency's failure to satisfy any procedural requirements imposed by law or rule if the ~~attorney general~~ administrative law judge finds:

(1) that the failure did not deprive any person or entity of an opportunity to participate meaningfully in the rulemaking process; or

(2) that the agency has taken corrective action to cure the error or defect so that the failure did not deprive any person or entity of an opportunity to participate meaningfully in the rulemaking process.

Sec. 4. Minnesota Statutes 1993 Supplement, section 462A.07, subdivision 14, is amended to read:

[AMERICAN INDIANS.] (a) It may engage in housing programs for low- and moderate-income American Indians developed and administered separately or in combination by the Minnesota Chippewa tribe, the Red Lake band of Chippewa Indians, and the Sioux communities as determined by such tribe, band, or communities. In furtherance of the policy of economic integration stated in section 462A.02, subdivision 6, it may engage in housing programs for American Indians who intend to reside on reservations and who are not persons of low and moderate income, provided that the aggregate dollar amount of the loans for each lender's fiscal year shall not exceed an amount equal to 25 percent of the total dollar amount of all loans made by that lender during the lender's fiscal year at the time of loan application. In developing such housing programs, the tribe, band, or communities shall take into account the housing needs of all American Indians residing both on and off reservations within the state. A plan for each such program, which specifically describes the program content, utilization of funds, administration, operation, implementation and other matter, as determined by the agency, must be submitted to the agency for its review and approval prior to the making of eligible loans pursuant to section 462A.21. Nothing in this section shall preclude such tribe, band, or communities from requesting and receiving cooperation, advice, and assistance from the agency as regards program development, operation, delivery; financing, or administration. As a condition to the making of such eligible loans, the Minnesota Chippewa tribe, the Red Lake band of Chippewa Indians, and the Sioux communities shall:

(1) enter into a loan agreement and other contractual arrangements with the agency for the purpose of transferring the allocated portion of loan funds as set forth in section 462A.26 and to insure compliance with the provisions of this section and this chapter; and

The agency shall submit a biennial report concerning the various housing programs for American Indians, and related receipts and expenditures as provided in section 462A.22, subdivision 9, and such tribe, band, or communities to the extent that they administer such programs, shall be responsible for any costs and expenses related to such administration provided, however, they shall be eligible for payment for costs, expenses, and services pursuant to subdivision 12 and section 462A.21. The agency may provide or cause to be provided essential general technical services as set forth in subdivision 2, and general consultative project assistance services, including, but not limited to, management training, and home ownership counseling as set forth in subdivision 3. Members of boards, committees, or other governing bodies of the tribe, band, and communities administering the programs authorized by this subdivision must be compensated for those services as provided in section 15.0575. Rules promulgated under this subdivision may be promulgated as emergency rules under chapter 14.

(b) The agency may engage in demonstration projects to encourage the participation of financial institutions or other leveraging sources in providing housing opportunities for American Indians. The agency shall consult with the Minnesota Chippewa tribe, the Red Lake band of Chippewa Indians, and the Sioux communities in developing the demonstration projects. The income limits specified in paragraph (a) do not apply to the demonstration projects.

(c) For applications submitted for the first round, an allocating agency may allocate tax credits only to the following types of projects:

(1) in the metropolitan area:

Subd. 4. [MORTGAGES.] (a) A ground lease with a neighborhood land trust must prohibit the lessee from mortgaging the lessee's interest in the lease or in buildings or other improvements without the consent of the neighborhood land trust. A ground lease may obligate a neighborhood land trust as lessor and fee title holder to consent to, join in, or subordinate its interest to, a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for *acquisition*, construction, or renovation of housing on the land. A lease provision so obligating a neighborhood land trust must specify that the mortgage must provide to the neighborhood land trust the right to receive from the mortgagee prompt notice of default in the mortgage and the right to cure the default or to purchase the mortgagee's interest in the mortgage. The limited equity price and provisions in subdivision 3 do not apply if the lessee or the neighborhood land trust fails to cure the default or purchase the mortgagee's interest in the mortgage.

(b) A ground lease with a neighborhood land trust must provide that the neighborhood land trust will not, during the term of the lease, mortgage or otherwise encumber its interest in the property or permit any liens on its interest in the property to exist. This prohibition does not apply to mortgages that require the mortgagee to subordinate the lien of its mortgage to a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for *acquisition*, construction, or renovation of housing on the land.

S.F. No. 2381: A bill for an act relating to health; giving the commissioner of administration authority to negotiate contracts for all prescription drugs sold in Minnesota; allowing correction orders to be issued; establishing a cause of action; establishing a formulary and a drug technology assessment committee; requiring price disclosure and cost savings; requiring a study of a statewide list of covered drugs; proposing coding for new law in Minnesota Statutes, chapters 16B; and 144.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [16B.93] [CONTRACTOR FOR PRESCRIPTION DRUGS.]

Subdivision 1. [DEFINITIONS.] (a) For purposes of sections 16B.93 to 16B.96, the following definitions apply.

(b) "Covered drug list" means all drugs that meet the contract bidding requirements set by the commissioner of administration.

(c) "Manufacturer" has the meaning provided in section 151.44.

(d) "Prescription drug" means a drug as defined in section 151.44, paragraph (d).

(e) "Purchaser" means a pharmacy as defined in section 151.01.

(f) "Rebate" means any money, incentives, or credits given.

(g) "Seller" means any person, other than a manufacturer, who sells or distributes drugs to purchasers or other sellers within the state.

Subd. 2. [MINNESOTA POOLED CONTRACT FOR PRESCRIPTION DRUG DISCOUNTS.] (a) Effective January 1, 1995, the commissioner of administration shall have the authority to negotiate price contracts for Minnesota purchasers for prescription drugs on the covered drug list established by the commissioner.

(b) The contract price for each drug on the covered drug list shall consist of, at a minimum, the average manufacturer's price minus 15 percent. However, either a better competitive bid price, or a better negotiated price, will be awarded. The initial average manufacturer's price is the purchaser's actual acquisition cost as of March 1, 1994. For purposes of computing the contract price in 1995 and each year thereafter for those drugs on the covered drug list, the commissioner shall not recognize increases in the average manufacturer's contracted price that exceed the rate of increase in the Consumer Price Index for all urban consumers (CPI-U).

Subd. 3. [EXEMPTION.] (a) The commissioner of human services may seek an exemption from the Medicaid prescription drug requirements of the Omnibus Budget Reconciliation Act of 1990 (Public Law Number 101-508) in order to allow medical assistance to participate in the state contracting program.

(b) The commissioner shall exempt drugs purchased by a hospital purchaser for its own use from the Minnesota covered drug list, unless the hospital purchaser chooses to participate. "For its own use" means that the purchased drugs are provided to or used for:

(1) patients registered at the hospital who are under active treatment by physicians employed by or under contract with the hospital;

(2) hospital employees, their spouses and dependents; or

(3) ancillary services or facilities for which the hospital is the majority owner.

"For its own use" does not include the provision of drugs to outpatient customers by pharmacies owned by the hospital.

(c) The commissioner shall exempt drugs purchased by community health clinics who meet the criteria listed in Minnesota Rules, part 9505.0255, from the Minnesota covered drug list, unless the community health clinic chooses to participate.

Subd. 4. [REBATES.] Rebates offered by manufacturers for drugs delivered to Minnesota sellers and purchasers are a violation of this section. This subdivision does not prohibit rebates received by the commissioner of human services through purchasing drugs for the medical assistance program.

Subd. 5. [ADDITIONAL DISCOUNTS.] Sections 16B.93 to 16B.96 do not prevent a purchaser from negotiating further discounts for distribution

services as long as the drug item and contract vendor of that drug remain the same as that established by the commissioner's contract award.

Subd. 6. [EXEMPTION FROM PREFERENCE REQUIREMENTS.] *In implementing this section, the commissioner is exempt from sections 16B.101, 16B.102, 16B.121, 16B.18, and 16B.19.*

Subd. 7. [RULEMAKING.] *The commissioner shall adopt rules to implement and administer sections 16B.93 to 16B.96 and to establish a covered drug list. The commissioner may adopt rules to exempt state agencies from the requirements of section 16B.94.*

Sec. 2. [16B.94] [STATE AGENCY PURCHASES.]

A state agency shall not purchase prescription drugs from a manufacturer that does not adhere to the contract price requirements established in section 16B.93. This requirement does not apply to the medical assistance program, to the extent the requirement would conflict with federal Medicaid requirements for the purchase of prescription drugs or would result in the loss of federal financial participation in the state medical assistance program.

Sec. 3. [16B.95] [CIVIL PENALTY.]

The commissioner may issue correction orders requiring violations of section 16B.93 to be corrected. The commissioner may assess administrative penalties for failure to comply with correction orders. The minimum amount of an administrative penalty order is \$1,000 per violation and the maximum amount is \$100,000 per violation.

Sec. 4. [16B.96] [PRICING DISCLOSURE.]

The commissioner of administration, in consultation with the commissioners of health and human services, shall compile the pricing of drugs from manufacturers and sellers serving all Minnesota purchasers. This information shall be updated on an annual basis and shall be filed with the information clearinghouse established under section 62J.33, subdivision 2.

Sec. 5. [62J.48] [DEMONSTRATION OF COST SAVINGS.]

Health plan companies and health care providers shall demonstrate, to the satisfaction of the commissioner of health, that cost savings resulting from participation in the Minnesota drug contracting program under section 16B.93, or resulting from an exemption from this program, are passed on to consumers or patients, in the form of lower premiums or copayments, or lower prices. The commissioner of health shall adopt rules to administer this section.

Sec. 6. [STATEWIDE LIST OF COVERED DRUGS.]

The commissioner of human services, in consultation with the commissioner of administration, shall develop recommendations for a statewide drug formulary. The commissioner shall report these recommendations to the legislature by January 1, 1995."

The advisory council and its members are governed by section 15.059, except that the terms of members are governed by subdivision 2. The council shall meet at least quarterly. The commissioner of veterans affairs shall provide administrative support and meeting space for the advisory council.

Subd. 2. [COUNCIL MEMBERSHIP; TERMS.] The advisory council is composed of nine members appointed by the governor to six-year terms. The department may accept the social security burial allowance, if any, of the eligible family members in an amount not to exceed the actual cost of the interment. The commissioner may waive the fee in the case of an indigent eligible person.

No plot or interment fees may be charged for the burial of eligible veterans, members of the national guard, or military reservists, except that funds available from the social security or veterans' burial allowances, if any, must be paid to the commissioner in an amount not to exceed the actual cost of the interment, excluding the value of the plot.

Money not so appropriated cancels to the general fund.* Except as otherwise provided in this subdivision, the regional transit board created by section 473.373 is responsible for distributing assistance from the metropolitan account, and the commissioner is responsible for distributing assistance from the other account.

Sec. 7. Minnesota Statutes 1992, section 296.02, is amended by adding a subdivision to read:

Subd. 1c. [ANNUAL GASOLINE TAX RATE ADJUSTMENT.] *Beginning in 1994 and annually thereafter, before June 1, 1994, and before April 1 of each following year, the commissioner of revenue shall adjust the rate of the gasoline excise tax. The new rate per gallon must be calculated as follows:*

(a) The new rate shall be calculated by multiplying the rate in effect at the time of the calculation, after any adjustment under paragraph (c), by an amount obtained by multiplying the amount under paragraph (b). The new rate must be rounded to the nearest 0.1 cent and is effective on June 1, 1994, and April 1 of each following year, and applies to gasoline and special fuel in distributor storage on the effective date.

(b) For purposes of calculating the rate:

(1) to be effective June 1, 1994, divide the annual average United States Consumer Price Index for all urban consumers, United States city average, as determined by the United States Department of Labor for the year 1993 by that annual average for the year 1988; or

(2) to be effective April 1, 1995, and each following year, divide the annual average United States Consumer Price Index for all urban consumers, United States city average, as determined by the United States Department of Labor for the previous year by that annual average for the year before the previous year.

(c) If in any year the percentage of motor vehicle excise tax proceeds specified to be transferred to the transit assistance fund under Minnesota Statutes, section 297B.09, subdivision 1, is reduced or the transfer of motor vehicle excise tax proceeds to the transit assistance fund is eliminated, the increase in the gasoline excise tax rate effective June 1, 1994, must be adjusted by a corresponding percentage reduction or eliminated.

(d) Beginning in 1995, and annually thereafter, the new rate proposed by this subdivision must not exceed the rate in effect the previous year by more than one cent. If the increase calculated in any year is greater than one cent, the amount in excess of one cent shall be added to the rate calculated in the following year.

Sec. 8. Minnesota Statutes 1992, section 297B.09, subdivision 1, is amended to read:

Subdivision 1. [GENERAL FUND SHARE.] (a) Money collected and received under this chapter must be deposited in the state treasury and credited to the general fund. The amounts collected and received shall be credited as provided in this subdivision, and transferred from the general fund on July 15 and February 15 of each fiscal year. The commissioner of finance must make each transfer based upon the actual receipts of the preceding six calendar months and include the interest earned during that six-month period. The commissioner of finance may establish a quarterly or other schedule providing for more frequent payments to the transit assistance fund if the commissioner determines it is necessary or desirable to provide for the cash flow needs of the recipients of money from the transit assistance fund.

(b) ~~Twenty-five~~ *Twenty-three* percent of the money collected and received under this chapter ~~after June 30, 1990, and before July 1, 1991,~~ must be transferred to the highway user tax distribution fund and the transit assistance fund for apportionment as follows: ~~75 percent must be transferred to the highway user tax distribution fund for apportionment in the same manner and for the same purposes as other money in that fund, and the remaining 25 percent of the money must be transferred to the transit assistance fund to be appropriated to the commissioner of transportation for transit assistance within the state and to the regional transit board.~~

(c) The distributions under this subdivision to the highway user tax distribution fund until June 30, 1991, and to the trunk highway fund thereafter, must be reduced by the amount necessary to fund the appropriation under section 41A.09, subdivision 1. For the fiscal years ending June 30, 1988, and June 30, 1989, the commissioner of finance, before making the transfers required on July 15 and January 15 of each year, shall estimate the amount required to fund the appropriation under section 41A.09, subdivision 1, for the six-month period for which the transfer is being made. The commissioner shall then reduce the amount transferred to the highway user tax distribution fund by the amount of that estimate. The commissioner shall reduce the estimate for any six-month period by the amount by which the estimate for the previous six-month period exceeded the amount needed to fund the appropriation under section 41A.09, subdivision 1, for that previous six-month period. If at any time during a six-month period in those fiscal years the amount of reduction in the transfer to the highway user tax distribution fund is insufficient to fund the appropriation under section 41A.09, subdivision 1 for that period, the commissioner shall transfer to the general fund from the highway user tax distribution fund an additional amount sufficient to fund the

appropriation for that period, but the additional amount so transferred to the general fund in a six-month period may not exceed the amount transferred to the highway user tax distribution fund for that six-month period.

Sec. 9. Laws 1993, chapter 373, section 25, subdivision 5, is amended to read:

The appropriation is available to the extent it is matched, dollar for dollar, by federal money. No private match is required. If the appropriation is reduced to \$2,000,000, then \$1,550,000 is reappropriated as provided in sections 12 and 13. The bond sale authorization in Laws 1989, chapter 300, article 1, section 23, subdivision 1, is reduced by \$2,550,000.

Upon the seaway port authority of Duluth and the U.S. Army Corps of Engineers advising the commissioner of trade and economic development that no further state of Minnesota funds will be required for the upper harbor cross-channel dredging project, and the consent of the seaway port authority of Duluth that upper river deepening will terminate at the Erie Pier site, the commissioner is authorized to disburse the balance of the funds remaining, up to \$1,200,000, as a grant to the seaway port authority of Duluth for development of a down-river bulk cargo handling alternative to succeed and replace the upper river deepening project for bulk cargo whereby the seaway port authority of Duluth will demolish an existing abandoned grain elevator facility owned by the seaway port authority of Duluth and prepare the site for the handling, storage, care, and shipment of bulk cargo or other waterborne freight.

"Sec. 15. [317A.022] [ELECTION BY CERTAIN CHAPTER 318 ASSOCIATIONS.]

Subdivision 1. [GENERAL.] An association described in section 318.02, subdivision 5, may elect to cease to be an association subject to and governed by chapter 318 and to become subject to and governed by this chapter in the same manner and to the extent provided in this chapter as though it were a nonprofit corporation by complying with this section.

Subd. 2. [AMENDED TITLE AND OTHER CONFORMING AMENDMENTS.] The declaration of trust, as defined in section 318.02, subdivision 1, of the association must be amended to identify it as the "articles of an association electing to be treated as a nonprofit corporation." All references in this chapter to "articles" or "articles of incorporation" include the declaration of trust of an electing association. If the declaration of trust includes a provision prohibited by this chapter for inclusion in articles of incorporation, omits a provision required by this chapter to be included in articles of incorporation, or is inconsistent with this chapter, the electing association shall amend its declaration of trust to conform to the requirements of this chapter. The appropriate provisions of the association's declaration of trust or bylaws or chapter 318 control the manner of adoption of the amendments required by this subdivision.

Subd. 3. [METHOD OF ELECTION.] An election by an association under subdivision 2 must be made by resolution approved by the affirmative vote of the trustees of the association and by the affirmative vote of the members or

other persons with voting rights in the association. The affirmative vote of both the trustees of the association and of the members or other persons with voting rights, if any, in the association must be of the same proportion that is required for an amendment of the declaration of trust of the association before the election, in each case upon proper notice that a purpose of the meeting is to consider an election by the association to cease to be an association subject to and governed by chapter 318 and to become and be a nonprofit corporation subject to and governed by this chapter. The resolution and the articles of the amendment of the declaration of trust must be filed with the secretary of state and are effective upon filing, or a later date as may be set forth in the filed resolution. Upon the effective date, without any other action or filing by or on behalf of the association, the association automatically is subject to this chapter in the same manner and to the same extent as though it had been formed as a nonprofit corporation pursuant to this chapter. Upon the effective date of the election, the association is not considered to be a new entity, but is considered to be a continuation of the same entity.

Subd. 4. [EFFECTS OF ELECTION.] Upon the effective date of an association's election under subdivision 3, and consistent with the continuation of the association under this chapter:

(1) the organization has the rights, privileges, immunities, powers, and is subject to the duties and liabilities, of a corporation formed under this chapter;

(2) all real or personal property, debts, including debts arising from a subscription for membership and interests belonging to the association, continue to be the real and personal property, and debts of the organization without further action;

(3) an interest in real estate possessed by the association does not revert to the grantor, or otherwise, nor is it in any way impaired by reason of the election, and the personal property of the association does not revert by reason of the election;

(4) except where the will or other instrument provides otherwise, a devise, bequest, gift, or grant contained in a will or other instrument, in a trust or otherwise, made before or after the election has become effective, to or for the association, inures to the organization;

(5) the debts, liabilities, and obligations of the association continue to be the debts, liabilities, and obligations of the organization, just as if the debts, liabilities, and obligations had been incurred or contracted by the organization after the election;

(6) existing claims or a pending action or proceeding by or against the association may be prosecuted to judgment as though the election had not been affected;

(7) the liabilities of the trustees, members, officers, directors, or similar groups or persons, however denominated, of the association, are not affected by the election;

(8) the rights of creditors or liens upon the property of the association are not impaired by the election;

(9) an electing association may merge with one or more nonprofit corporations in accordance with the applicable provisions of this chapter, and

either the association or a nonprofit corporation may be the surviving entity in the merger; and

(10) the provisions of the bylaws of the association that are consistent with this chapter remain or become effective and provisions of the bylaws that are inconsistent with this chapter are not effective.

Sec. 16. Minnesota Statutes 1992, section 318.02, is amended by adding a subdivision to read:

Subd. 5. [ELECTION TO BE GOVERNED BY CHAPTER 317A.] An association may cease to be subject to or governed by this chapter by filing an election in the manner described in section 317A.022, to be subject to and governed by chapter 317A in the same manner and to the same extent provided in chapter 317A as though it were a nonprofit corporation if:

(1) it is not formed for a purpose involving pecuniary gain to its members, other than to members that are nonprofit organizations or subdivisions, units, or agencies of the United States or a state or local government; and

(2) it does not pay dividends or other pecuniary remuneration, directly or indirectly, to its members, other than to members that are nonprofit organizations or subdivisions, units, or agencies of the United States or a state or local government."

TRANSITION FROM NUCLEAR ENERGY

Section 1. Minnesota Statutes 1992, section 216B.241, is amended by adding a subdivision to read:

Subd. 1c. [ENERGY-SAVING GOALS.] The commissioner shall establish energy-savings goals for energy conservation improvement expenditures and shall evaluate an energy conservation improvement program on how well it meets the goals set.

Sec. 2. [NUCLEAR POWER TRANSITION; ENERGY REPLACEMENT PURCHASES.]

The public utilities commission shall order the building of a portfolio of purchased replacement power through contracts with a number of wholesale suppliers as part of the energy supply mix of any public utility operating a nuclear power plant in this state. The portfolio may include option contracts and may be built in small increments so that prices can remain relatively stable. The commission must assess the need for replacement power through purchase and its order must provide for a flexible schedule of purchases including the timing and amount of energy to be purchased. The commission must issue its initial order by July 1, 1994.

Sec. 3. [216B.2423] [NUCLEAR UTILITY; TRANSITION ENERGY BIDDING PROCESS.]

Subdivision 1. [ENERGY ACQUISITION REQUIREMENT.] A utility that operates a nuclear electric generating plant in this state shall immediately initiate a bidding process for the acquisition of 7,700 gigawatt hours of output per year of electric energy. The bidding process shall be subject to section 216B.2422, subdivision 5, and any other law or rule not in conflict with this section. The acquisition shall be made in the amounts and at the times specified in this section.

Subd. 2. [RESOURCE POINT SYSTEM.] The acquisition of electrical

energy production resources under this section shall be based on the following point system per gigawatt hour of output:

(1) demand side management in excess of that committed to in a utility's most recent integrated resource plan – ten points;

(2) wind, solar, and other zero emission renewable resources certified by the commission – six points;

(3) biomass and landfill gas – four points; and

(4) high-efficiency cogeneration (at least 50 percent of the residual heat is used as thermal energy) and purchases of hydroelectric energy that does not require major new improvements or construction of new transmission lines – three points.

All other resources shall receive zero points. Coal and nuclear resources cannot be used to satisfy the output acquisition requirement of this section.

The average point score for all energy required to be acquired under this section must be at least five per gigawatt hour.

Subd. 3. [ACQUISITION SCHEDULE.] The 7,700 gigawatt hours of annual output shall be acquired by December 31, 2005. An average of 700 gigawatt hours of annual output shall be phased in for each year from 1996 through 2005. The commission shall closely monitor the acquisition to ensure that steady and consistent acquisitions are made in compliance with this section.

Subd. 4. [RATEPAYER PROTECTION.] The commission may allow a lower point total to win a resource bidding process if an otherwise winning bid would, by itself, cause an annual rate increase bigger than the highest rate increase requested by the utility in the five preceding calendar years.

Sec. 4. [TRANSITION TO RENEWABLES; EFFECT ON RATEPAYERS; STUDY.]

The attorney general shall study the effect on ratepayers of a transition to renewable electric generating sources. The study shall include an analysis of strategies to cushion any short-term rate impact on electric utility ratepayers. The attorney general shall report the results of the study and any recommendations to the legislature by February 1, 1995."

TRANSITION FROM NUCLEAR ENERGY

Section 1. Minnesota Statutes 1992, section 216B.241, is amended by adding a subdivision to read:

Subd. 1c. [ENERGY-SAVING GOALS.] The commissioner shall establish energy-savings goals for energy conservation improvement expenditures and shall evaluate an energy conservation improvement program on how well it meets the goals set.

Sec. 2. [NUCLEAR POWER TRANSITION; ENERGY REPLACEMENT PURCHASES.]

The public utilities commission shall order the building of a portfolio of purchased replacement power through contracts with a number of wholesale suppliers as part of the energy supply mix of any public utility operating a nuclear power plant in this state. The portfolio may include option contracts and may be built in small increments so that prices can remain relatively stable. The commission must assess the need for replacement power through purchase and its order must provide for a flexible schedule of purchases including the timing and amount of energy to be purchased. The commission must issue its initial order by July 1, 1994.

Sec. 3. [216B.2423] [NUCLEAR UTILITY; TRANSITION ENERGY BIDDING PROCESS.]

Subdivision 1. [ENERGY ACQUISITION REQUIREMENT.] A utility that operates a nuclear electric generating plant in this state shall immediately initiate a bidding process for the acquisition of 7,700 gigawatt hours of output

per year of electric energy. The bidding process shall be subject to section 216B.2422, subdivision 5, and any other law or rule not in conflict with this section. The acquisition shall be made in the amounts and at the times specified in this section.

Subd. 2. [RESOURCE POINT SYSTEM.] The acquisition of electrical energy production resources under this section shall be based on the following point system per gigawatt hour of output:

(1) demand side management in excess of that committed to in a utility's most recent integrated resource plan – ten points;

(2) wind, solar, and other zero emission renewable resources certified by the commission – six points;

(3) biomass and landfill gas – four points; and

(4) high-efficiency cogeneration (at least 50 percent of the residual heat is used as thermal energy) and purchases of hydroelectric energy that does not require major new improvements or construction of new transmission lines – three points.

All other resources shall receive zero points. Coal and nuclear resources cannot be used to satisfy the output acquisition requirement of this section.

The average point score for all energy required to be acquired under this section must be at least five per gigawatt hour.

Subd. 3. [ACQUISITION SCHEDULE.] The 7,700 gigawatt hours of annual output shall be acquired by December 31, 2005. An average of 700 gigawatt hours of annual output shall be phased in for each year from 1996 through 2005. The commission shall closely monitor the acquisition to ensure that steady and consistent acquisitions are made in compliance with this section.

Subd. 4. [RATEPAYER PROTECTION.] The commission may allow a lower point total to win a resource bidding process if an otherwise winning bid would, by itself, cause an annual rate increase bigger than the highest rate increase requested by the utility in the five preceding calendar years.

Sec. 4. [TRANSITION TO RENEWABLES; EFFECT ON RATEPAYERS; STUDY.]

The attorney general shall study the effect on ratepayers of a transition to renewable electric generating sources. The study shall include an analysis of strategies to cushion any short-term rate impact on electric utility ratepayers. The attorney general shall report the results of the study and any recommendations to the legislature by February 1, 1995."

“Section 1. Minnesota Statutes 1993 Supplement, section 16B.61, subdivision 3, is amended to read:

Subd. 3. [SPECIAL REQUIREMENTS.] (a) [SPACE FOR COMMUTER VANS.] The code must require that any parking ramp or other parking facility constructed in accordance with the code include an appropriate number of spaces suitable for the parking of motor vehicles having a capacity of seven to 16 persons and which are principally used to provide prearranged commuter transportation of employees to or from their place of employment or to or from a transit stop authorized by a local transit authority.

(b) [SMOKE DETECTION DEVICES.] The code must require that all dwellings, lodging houses, apartment houses, and hotels as defined in section 299F.362 comply with the provisions of section 299F.362.

(c) [DOORS IN NURSING HOMES AND HOSPITALS.] The state building code may not require that each door entering a sleeping or patient's room from a corridor in a nursing home or hospital with an approved complete standard automatic fire extinguishing system be constructed or maintained as self-closing or automatically closing.

(d) [CHILD CARE FACILITIES IN CHURCHES; GROUND LEVEL EXIT.] A licensed day care center serving fewer than 30 preschool age persons and which is located in a below ground space in a church building is exempt from the state building code requirement for a ground level exit when the center has more than two stairways to the ground level and its exit.

(e) [CHILD CARE FACILITIES IN CHURCHES; VERTICAL ACCESS.] Until August 1, 1996, an organization providing child care in an existing church building which is exempt from taxation under section 272.02, subdivision 1, clause (5), shall have five years from the date of initial licensure under chapter 245A to provide interior vertical access, such as an elevator, to persons with disabilities as required by the state building code. To obtain the extension, the organization providing child care must secure a \$2,500 performance bond with the commissioner of human services to ensure that interior vertical access is achieved by the agreed upon date.

(f) [FAMILY AND GROUP FAMILY DAY CARE.] The commissioner of administration shall establish a task force to determine occupancy standards specific and appropriate to family and group family day care homes and to examine hindrances to establishing day care facilities in rural Minnesota. The task force must include representatives from rural and urban building code inspectors, rural and urban fire code inspectors, rural and urban county day care licensing units, rural and urban family and group family day care providers and consumers, child care advocacy groups, and the departments of administration, human services, and public safety.

By January 1, 1989, the commissioner of administration shall report the task force findings and recommendations to the appropriate legislative committees together with proposals for legislative action on the recommendations.

Until the legislature enacts legislation specifying appropriate standards, the definition of Group R-3 occupancies in the state building code applies to family and group family day care homes licensed by the department of human services under Minnesota Rules, chapter 9502.

(g) [MINED UNDERGROUND SPACE.] Nothing in the state building codes shall prevent cities from adopting rules governing the excavation, construction, reconstruction, alteration, and repair of mined underground space pursuant to sections 469.135 to 469.141, or of associated facilities in the space once the space has been created, provided the intent of the building code to establish reasonable safeguards for health, safety, welfare, comfort, and security is maintained.

(h) [ENCLOSED STAIRWAYS.] No provision of the code or any appendix chapter of the code may require stairways of existing multiple dwelling buildings of two stories or less to be enclosed.

(i) [DOUBLE CYLINDER DEAD BOLT LOCKS.] No provision of the code or appendix chapter of the code may prohibit double cylinder dead bolt locks in existing single-family homes, townhouses, and first floor duplexes used exclusively as a residential dwelling. Any recommendation or promotion of double cylinder dead bolt locks must include a warning about their potential fire danger and procedures to minimize the danger.

(j) [RELOCATED RESIDENTIAL BUILDINGS.] A residential building relocated within or into a political subdivision of the state need not comply with the state energy code or section 326.371 provided that, where available, an energy audit is conducted on the relocated building.

(k) [AUTOMATIC GARAGE DOOR OPENING SYSTEMS.] The code must require all residential buildings as defined in section 325F.82 to comply with the provisions of sections 325F.82 and 325F.83.

(l) [EXIT SIGN ILLUMINATION.] For a new building on which construction is begun on or after October 1, 1993, or an existing building on which remodeling affecting 50 percent or more of the enclosed space is begun on or after October 1, 1993, the code must prohibit the use of internally illuminated exit signs whose electrical consumption during nonemergency operation exceeds 20 watts of resistive power. All other requirements in the code for exit signs must be complied with.

(m) [RESIDENTIAL WORK.] *By January 1, 1996, the commissioner of administration shall develop building code provisions in accordance with the directives and provisions developed under section 144.874, subdivision 11a.*

Sec. 2. Minnesota Statutes 1993 Supplement, section 144.871, subdivision 2, is amended to read:

Subd. 2. [ABATEMENT.] “Abatement” means ~~removal of, replacement of, or encapsulation of deteriorated paint, bare soil, dust, drinking water, or other lead-containing materials that are or may become readily accessible during the lead abatement process and pose an immediate threat of actual lead exposure to people~~ any set of procedures designed to eliminate lead-based paint hazards in accordance with standards established by the commissioner of health. This term includes the removal of lead-based paint and lead contaminated dust, the containment and encapsulation of lead-based paint, the replacement of lead-painted surfaces and fixtures, and the removal or covering of lead-contaminated soil and preparation, cleanup, disposal, and postabatement clearance testing activities associated with these procedures.

Sec. 3. Minnesota Statutes 1992, section 144.871, subdivision 3, is amended to read:

Subd. 3. [ABATEMENT CONTRACTOR.] “Abatement contractor” means any person hired by a property owner or resident to perform abatement of a lead source in violation of standards under section 144.878 *and who is licensed by the commissioner according to rules adopted under section 144.878, subdivision 5.*

Sec. 4. Minnesota Statutes 1993 Supplement, section 144.872, subdivision 2, is amended to read:

Subd. 2. [HOME ASSESSMENTS.] ~~(a)~~ The commissioner shall, within available federal or state appropriations, contract with boards of health, ~~who may determine priority for responding to cases of elevated blood lead levels,~~

to conduct assessments to determine sources of lead contamination in the residences of pregnant women whose blood lead levels are at least ten micrograms per deciliter and of children whose blood lead levels are at least 20 micrograms per deciliter or whose blood lead levels persist in the range of 15 to 19 micrograms per deciliter for 90 days after initial identification to the board of health or the commissioner. Assessments must be conducted within five working days of the board of health receiving notice that the criteria in this subdivision have been met. The commissioner or boards of health must be notified of all violations of standards under section 144.878, subdivision 2, that are identified during a home assessment under section 144.874.

(b) The commissioner or boards of health must identify the known addresses for the previous 12 months of the child or pregnant woman with elevated blood lead levels and notify the property owners at those addresses. The commissioner may also collect information on the race, sex, and family income of children and pregnant women with elevated blood lead levels.

(c) Within the limits of appropriations, a board of health shall conduct home assessments for children and pregnant women whose confirmed blood lead levels are in the range of ten to 19 micrograms per deciliter.

(d) The commissioner shall also provide educational materials on all sources of lead to boards of health to provide education on ways of reducing the danger of lead contamination. The commissioner may provide laboratory or field lead testing equipment to a board of health or may reimburse a board of health for direct costs associated with assessments.

Sec. 5. Minnesota Statutes 1993 Supplement, section 144.874, subdivision 1, is amended to read:

Subdivision 1. [RESIDENCE ASSESSMENT.] (a) A board of health must conduct a timely assessment of a residence and all common areas, if the residence is located in a building with two or more residential units, within five working days of receiving notification that the criteria in this subdivision have been met, as confirmed by lead analysis of a venous blood sample, to determine sources of lead exposure if:

(1) a pregnant woman in the residence is identified as having a blood lead level of at least ten micrograms of lead per deciliter of whole blood;

(2) a child in the residence is identified as having a blood lead level at or above 20 micrograms per deciliter; or

(3) a child in the residence is identified as having a blood lead level that persists in the range of 15 to 19 micrograms per deciliter for 90 days after initial identification. Assessments must be conducted by a board of health regardless of the availability of state or federal appropriations for assessments.

(b) Within the limits of available state and federal appropriations, a board of health shall also conduct home assessments for children whose confirmed blood lead levels are in the range of ten to 19 micrograms per deciliter. A board of health may assess a residence even if none of the three criteria in this subdivision are met.

(c) If a child regularly spends several hours at one or more other sites such as another residence, or a residential or commercial child care facility, the board of health must also assess the other sites. The board of health shall have one additional day to complete the assessment for each additional site.

(d) Sections 144.871 to 144.879 neither authorize nor prohibit a board of health from charging a property owner for the cost of assessment. The commissioner or boards of health must identify the known addresses for the previous 12 months of the child or pregnant woman with elevated blood lead levels and notify the property owners at those addresses. This information shall be classified as private data on individuals as defined under section 13.02, subdivision 12.

(e) The board of health must conduct the residential assessment according to rules adopted by the commissioner under section 144.878. A board of health must have residence assessments performed by lead inspectors licensed by the commissioner according to rules adopted under section 144.878. A board of health may observe the performance of lead abatement in progress and may enforce the provisions of sections 144.871 to 144.879 under section 144.878. The staff complement of the department of health shall be increased by two full-time equivalent positions who shall be lead inspectors.

(f) A lead inspector must notify the commissioner or the board of health of all violations under section 144.878, subdivision 2, that are identified in a residence assessment under this section.

(g) The commissioner may provide laboratory or field lead testing equipment to a board of health or may reimburse a board of health for direct costs associated with assessments.

(h) Sections 144.871 to 144.879 neither authorize nor prohibit a board of health from charging a property owner for the cost of assessment.

Sec. 6. Minnesota Statutes 1993 Supplement, section 144.874, subdivision 3, is amended to read:

Subd. 3. [~~SWAB TEAMS; LEAD ASSESSMENT; LEAD ABATEMENT ORDERS.~~] A board of health must order a property owner to perform abatement on a lead source that exceeds a standard adopted according to section 144.878 at the residence of a child with an elevated blood lead level or a pregnant woman with a blood lead level of at least ten micrograms per deciliter. *If the paint standard adopted under section 144.878 is violated, but the paint is intact, a board of health must not order paint removal unless it can be proven that the intact paint is a known source, or reasonably expected to be a source, of actual lead exposure to a specific person. Before a board of health may order the intact paint to be removed, every effort must be made to protect the child and preserve the intact paint by the use of guards or other protective devices.* Lead abatement orders must require that any source of damage, such as leaking roofs, plumbing, and windows, must be repaired or replaced, as needed, to prevent damage to lead-containing interior surfaces. The board of health is not required to pay for lead abatement. With each lead abatement order, the board of health must coordinate with swab team abatement and provide a residential lead abatement guide.

Sec. 7. Minnesota Statutes 1992, section 144.874, is amended by adding a subdivision to read:

Subd. 3b. [RESIDENTIAL LEAD ABATEMENT.] *After July 1, 1995, a person who performs work that removes intact paint on residences built before February 27, 1978, must determine whether lead sources are present and whether the planned work would be lead abatement as defined in section 144.871, subdivision 2. This determination may be made by quantitative*

chemical analysis, X-ray fluorescence analyzer, or chemical spot test using sodium rhodizonate. If lead sources are identified and exceed the standards adopted under section 144.878, the work must be performed by a licensed lead abatement contractor. An owner of an owner-occupied residence with one or two units is not subject to the requirements of this subdivision.

Sec. 8. Minnesota Statutes 1993 Supplement, section 144.874, subdivision 9, is amended to read:

Subd. 9. [PRIMARY PREVENTION.] Although children who are found to already have elevated blood lead levels must have the highest priority for intervention, the commissioner shall pursue primary prevention for toxic lead exposure within the limits of appropriations. *The commissioner shall also provide educational materials on all sources of lead to boards of health to provide education on ways of reducing the danger of lead contamination.*

Sec. 9. Minnesota Statutes 1993 Supplement, section 144.874, subdivision 11a, is amended to read:

Subd. 11a. [LEAD ABATEMENT AND LEAD-SAFE WORK DIRECTIVES.] (a) In order to achieve statewide consistency in the application of lead abatement standards, the commissioner shall issue program directives that interpret the application of rules under section 144.878 in ambiguous or unusual lead abatement situations. These directives are guidelines to local boards of health. The commissioner shall periodically review the evaluation of lead abatement orders and the program directives to determine if the rules under section 144.878 need to be amended to reflect new understanding of lead abatement practices and methods.

(b) *By July 1, 1995, the commissioner shall work cooperatively with the commissioner of administration to develop provisions, procedures, and directives to define residential remodeling, renovation, installation, and rehabilitation activities that are not lead abatement but may disrupt lead-based paint surfaces. The directives and provisions must define lead-safe procedures for nonlead abatement activities including preparation, cleanup, and disposal procedures. The directives must be based on the level and type of work involved and the potential for lead hazard. The directives must address activities including, but not limited to, painting, remodeling, weatherization, installation of cable, wire, plumbing, and gas, and replacement of doors and windows. The commissioners of health and administration shall consult with representatives of builders, weatherization providers, and housing and redevelopment authorities in developing the directives and procedures.*

Sec. 10. Minnesota Statutes 1992, section 144.874, subdivision 12, is amended to read:

Subd. 12. [ENFORCEMENT AND STATUS REPORT.] The commissioner shall examine compliance with Minnesota's existing lead standards and rules and report to the legislature biennially, beginning February 15, 1993, including an evaluation of current lead program activities by the state and boards of health, the need for any additional enforcement procedures, recommendations on developing a method to enforce compliance with lead standards and cost estimates for any proposed enforcement procedure. The report must also include a geographic analysis of all blood lead assays showing incidence data and environmental analyses reported or collected by the commissioner. *The commissioner shall include in the report information*

on the status of any work related to lead hazards in paint, dust, and drinking water that is done with federal funding including, but not limited to, the federally funded evaluation of drinking water.

Sec. 11. Minnesota Statutes 1993 Supplement, section 144.878, subdivision 2, is amended to read:

Subd. 2. [LEAD STANDARDS AND ABATEMENT METHODS.] (a) The commissioner shall adopt rules establishing standards and abatement methods for lead in paint, dust, and drinking water in a manner that protects public health and the environment for all residences, including residences also used for a commercial purpose.

(b) The commissioner shall differentiate between intact paint and deteriorating paint. The commissioner and political subdivisions shall require abatement of intact paint only if the commissioner or political subdivision finds that the intact paint is on a chewable or lead-dust producing surface that is a known source or reasonably expected to be a source of actual lead exposure to a specific person. *The commissioner shall determine which practices under section 144.874, subdivision 11a, may be used for lead safe work including preparation, cleanup, and disposal procedures.* In adopting rules under this subdivision, the commissioner shall require the best available technology for lead abatement methods, paint stabilization, and repainting.

(b) (c) The commissioner of health shall adopt standards and abatement methods for lead in bare soil on playgrounds and residential property in a manner to protect public health and the environment. The commissioner shall adopt a maximum standard of 100 parts of lead per million in bare soil, unless it is proven that a different standard provides greater protection of public health.

(e) (d) The commissioner of the pollution control agency shall adopt rules to ensure that removal of exterior lead-based coatings from residential property by abrasive blasting methods is conducted in a manner that protects public health and the environment.

(d) (e) All standards adopted under this subdivision must provide reasonable margins of safety that are consistent with a detailed review of scientific evidence and an emphasis on overprotection rather than underprotection when the scientific evidence is ambiguous. The rules must apply to any individual performing or ordering the performance of lead abatement.

(e) (f) No unit of local government may have an ordinance or regulation governing lead abatement methods for lead in paint, dust, or soil for residences and residential land that require a different lead abatement method than the lead abatement standards established under sections 144.871 to 144.879.

(g) *The commissioner shall adopt standards and abatement methods for lead in dust in a manner to protect the public health and the environment.*

Sec. 12. Minnesota Statutes 1993 Supplement, section 144.878, subdivision 5, is amended to read:

Subd. 5. [LEAD ABATEMENT CONTRACTORS AND EMPLOYEES.] The commissioner shall adopt rules to license lead abatement contractors, to certify employees of lead abatement contractors who perform abatement, and to certify lead abatement trainers who provide lead abatement training for

contractors, employees, or other lead abatement trainers. A person who performs painting, renovation, rehabilitation, remodeling, or other residential work that is not lead abatement need not be a licensed lead abatement contractor. By July 1, 1994, a person who performs work that removes intact paint on residences built before February 27, 1978, must determine whether lead sources are present and whether the planned work would be lead abatement as defined in section 144.871, subdivision 2. This determination may be made by quantitative chemical analysis, X-ray fluorescence analyzer, or chemical spot test using sodium rhodizonate. If lead sources are identified, the work must be performed by a licensed lead abatement contractor. An owner of an owner-occupied residence with one or two units is not subject to the requirements under this subdivision. All lead abatement training must include a hands-on component and instruction on the health effects of lead exposure, the use of personal protective equipment, workplace hazards and safety problems, abatement methods and work practices, decontamination procedures, cleanup and waste disposal procedures, lead monitoring and testing methods, and legal rights and responsibilities. The commissioner shall adopt rules to approve lead abatement training courses and to charge a fee for approval. At least 30 days before publishing initial notice of proposed rules under this subdivision on the licensing of lead abatement contractors, the commissioner shall submit the rules to the chairs of the health and human services committee in the house of representatives and the health care committee in the senate, and to any legislative committee on licensing created by the legislature.

Sec. 13. Minnesota Statutes 1993 Supplement, section 326.71, subdivision 4, is amended to read:

Subd. 4. [ASBESTOS-RELATED WORK.] "Asbestos-related work" means the enclosure, repair, removal, or encapsulation of asbestos-containing material in a quantity that meets or exceeds the *United States Environmental Protection Agency's requirement of 260 lineal feet of friable asbestos-containing material asbestos* on pipes, or 160 square feet of friable asbestos-containing material *asbestos* on other facility components; or a total of 35 cubic feet of friable asbestos-containing material on or off all facility components in one facility. In the case of single or multifamily residences, "asbestos-related work" also means the enclosure, repair, removal, or encapsulation of greater than ten but less than 260 lineal feet of friable asbestos-containing material on pipes or ducts or greater than six but less than 160 square feet of friable asbestos-containing material on other facility components. This provision excludes asbestos-containing vinyl floor tiles and sheeting under 160 square feet. Asbestos-related work includes asbestos abatement area preparation; enclosure, removal, encapsulation, or repair operations; and an air quality monitoring specified in rule to assure that the abatement and adjacent areas are not contaminated with asbestos fibers during the project and after completion.

Sec. 2. Minnesota Statutes 1992, section 221.121, subdivision 1, is amended to read:

Subdivision 1. [PETITION; NOTICE AND HEARING; SCOPE.] (a) A person desiring to operate as a permit carrier, except as provided in subdivision 5 or 6h or section 221.296, shall file a petition with the

commissioner specifying the kind of permit desired, the name and address of the petitioner and the names and addresses of the officers, if a corporation, and other information as the board and commissioner may require. Letters of shipper support must be filed with the petition. No person shall knowingly make a false or misleading statement in a petition.

Nothing in sections 221.011 to 221.291 prevents the board from issuing a permit to a common carrier by rail authorizing the carrier to operate trucks wholly within the limits of a municipality or within adjacent or contiguous municipalities or a common rate point served by the railroad and only as a service supplementary to the rail service now established by the carriers.

Sec. 3. Minnesota Statutes 1992, section 221.121, is amended by adding a subdivision to read:

(2) Induce or coerce, or attempt to induce or coerce, any beer wholesaler to

do any illegal act or thing by threatening to amend, cancel, terminate, or refuse to renew any agreement existing between a brewer and a beer wholesaler.

(3) Require a wholesaler to assent to any condition, stipulation or provision limiting the wholesaler's right to sell the product of any other brewer anywhere in the state of Minnesota, provided that the acquisition of the product of another brewer does not materially impair the quality of service or quantity of sales of the existing brand or brands of the brewer seeking to impose the condition, stipulation or provision.

(4) Refuse to supply, in reasonable quantities and within a reasonable time after receipt of the wholesaler's order, beer ordered by a wholesaler who has an agreement with the brewer for sale and distribution of the brewer's beer, unless the refusal to supply is due to:

(i) the brewer's prudent and reasonable restrictions on extension of credit to the wholesaler;

(ii) weather or other natural events;

(iii) a work stoppage or delay resulting from a strike or other labor dispute;

(iv) a bona fide shortage of materials;

(vi) any other cause over which the brewer or the brewer's agents have no control.

Sec. 5. [325B.031] [BRANDS; BRAND EXTENSIONS.]

Subdivision 1. [DEFINITIONS.] For purposes of this section:

(b) "Brand extension" is any brand that (1) incorporates all or a substantial part of the unique features of a preexisting brand of the same brewer or importer, and (2) which relies to a significant extent on the goodwill associated with that preexisting brand.

Subd. 2. [BRAND EXTENSION TO BE ASSIGNED.] A brewer or importer who assigns a brand extension to a wholesaler must assign the brand extension to the wholesaler to whom the brewer or importer granted the exclusive-sales territory to the brand from which the brand extension resulted. This requirement does not apply to assignments of brand extensions to wholesalers that were made by a brewer or importer before the effective date of this section.

Subd. 3. [ADDITIONAL BRAND EXTENSION.] In the event that prior to the effective date of this section a brewer or importer had assigned a brand extension to a wholesaler who was not the appointed wholesaler for the brand from which the brand extension was made, then any additional brand extension must be assigned to the wholesaler who first had the brand.

Sec. 6. Minnesota Statutes 1992, section 325B.04, is amended to read:

325B.04 [CANCELLATION TERMINATION OF AGREEMENTS.]

Subdivision 1. [TERMINATIONS.] Notwithstanding the terms, provisions or conditions of any agreement, no brewer shall amend, cancel, terminate or refuse to continue to renew any agreement, or cause a wholesaler to resign from an agreement, unless good cause exists for amendment, termination, cancellation, nonrenewal, noncontinuation or causing a resignation. "Good cause" shall not include the sale or purchase of a brewer. "Good cause" shall include, but not be limited to, the following:

- (1) Revocation of the wholesaler's license to do business in the state.

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 414.01, subdivision 14, is amended to read:

Subd. 14. When a board order enlarges or diminishes the area of an existing

municipality or town, the population of the annexed or detached area shall be as found by the board at its hearing *or, in cases in which no hearing by the board for the boundary change is required, as stated in the resolution or ordinance.* The effective date of the population change shall be the same as the effective date of the order *whether or not the order is from a hearing or from the approval of an annexation resolution or ordinance.* The board shall communicate its population finding to the state demographer who shall incorporate that data into the population estimate for the municipality or town. When a new municipality is created by an order of the board, the municipality shall request a separation census from the United States bureau of the census and bear any costs incurred.

Sec. 2. Minnesota Statutes 1992, section 414.01, is amended by adding a subdivision to read:

Subd. 17. [DATA FROM STATE AGENCIES.] The board may request information from any state department or agency in order to assist it to carry out its duties. The department or agency shall promptly furnish the requested information to the board.

Sec. 3. Minnesota Statutes 1992, section 414.031, subdivision 4, is amended to read:

Subd. 4. [BOARD'S ORDER.] In arriving at its decision, the board shall consider the following factors:

(a) Present population, past population growth and projected population of the property proposed for annexation and the annexing municipality;

(b) Quantity of land within the property proposed for annexation and the annexing municipality; and natural terrain including general topography, major watersheds, soil conditions and such natural features as rivers, lakes and major bluffs;

(c) Degree of contiguity of the boundaries between the annexing municipality and the property proposed for annexation;

(d) Present pattern of physical development of the property proposed for annexation and the annexing municipality including residential, industrial, commercial, agricultural and institutional land uses; the present transportation network and potential transportation issues, including proposed highway development;

(e) Land use controls and planning presently being utilized in the annexing municipality and the property proposed for annexation, including comprehensive plans for development in the area and plans and policies of the metropolitan council. If there is an inconsistency between the proposed development and the land use planning ordinance in force, the reason for the inconsistency;

(f) Present governmental services being provided in the annexing municipality and the property proposed for annexation, including water and sewer service, fire rating and protection, police protection, street improvements and maintenance, administrative services, and recreational facilities;

(g) Existing or potential problems of environmental pollution and the need for additional services to resolve these problems;

(h) Plans and programs by the annexing municipality for providing needed governmental services to the property proposed for annexation;

(i) Fiscal data of the annexing municipality and the property proposed for annexation, including net tax capacity and the present bonded indebtedness, and the local tax rates of the county, school district, and township;

(j) Relationship and effect of the proposed annexation on communities adjacent to the area and on school districts within and adjacent to the area;

(k) Adequacy of town government to deliver services to the property proposed for annexation;

(l) Analysis of whether necessary governmental services can best be provided through incorporation or annexation to an adjacent municipality; and

(m) If only a part of a township is annexed, the ability of the remainder of the township to continue or the feasibility of it being incorporated separately or being annexed to another municipality.

Based upon these factors, the board may *shall* order the annexation (a) if it finds that the property proposed for annexation is now, or is about to become, urban or suburban in character, or (b) if it finds that municipal government in the area proposed for annexation is required to protect the public health, safety, and welfare, or (c) if it finds that the annexation would be in the best interest of the property proposed for annexation. If only a part of a township is to be annexed, the board shall consider whether the remainder of the township can continue to carry on the functions of government without undue hardship. *Despite making an affirmative finding in factor (a), (b), or (c), the board shall deny the annexation if it finds that the increase in revenues for the annexing municipality bears no reasonable relation to the monetary value of benefits conferred upon the annexed area. The board may, however, deny the annexation (a) if it appears that annexation of all or a part of the property to an adjacent municipality would better serve the interests of the residents of the property or (b) if the remainder of the township would suffer undue hardship.*

The board may alter the boundaries of the area to be annexed by increasing or decreasing the area so as to include only that property which is now or is about to become urban or suburban in character or to add property of such character abutting the area proposed for annexation in order to preserve or improve the symmetry of the area, or to exclude property that may better be served by another unit of government. If the board determines that part of the area would be better served by another municipality or township, the board may initiate and approve annexation on its own motion by conducting further hearings and issuing orders pursuant to subdivisions 3, 4, and 5. In all cases, the board shall set forth the factors which are the basis for the decision.

Sec. 4. Minnesota Statutes 1992, section 414.0325, subdivision 1a, is amended to read:

Subd. 1a. [ORDERLY ANNEXATION BY PETITION.] If the board receives a petition for annexation of an area owned by a municipality or from all of the property owners in an area, and the area is within two miles of the corporate boundaries of the municipality, the petition shall confer jurisdiction on the board to consider designation of the area for orderly annexation. Upon receipt of the petition, the board shall inform the affected parties of their opportunity to request a hearing before the board on the petition, and if a hearing is requested, it must be held within 60 days of the request. Any person

aggrieved by the board's designation of an area as appropriate for orderly annexation may appeal the board's order to district court in accordance with section 414.07.

At least 30 days before a petition is filed for annexation under this subdivision or section 414.033, the petitioner must be notified by the municipality that the cost of utility service to the petitioner may change if the land is annexed to the municipality. *If the city determines it can make a reasonable estimate of the change in cost, the notice must include an estimate of the cost impact of any change in utility services, including rate changes and assessments, resulting from the annexation.*

Sec. 5. Minnesota Statutes 1992, section 414.033, subdivision 2, is amended to read:

Subd. 2. A municipal council may by ordinance declare land annexed to the municipality and any such land is deemed to be urban or suburban in character or about to become so if:

(1) the land is owned by the municipality;

(2) the land is completely surrounded by land within the municipal limits;
or

(3) the land abuts the municipality and the area to be annexed is 60 acres or less, and the municipality receives a petition for annexation from all the property owners of the land; or

(4) the land has been approved by a preliminary plat or final plat for subdivision to provide residential lots that average 21,780 square feet or less in area and the land is located within two miles of the municipal limits.

Sec. 6. Minnesota Statutes 1992, section 414.033, is amended by adding a subdivision to read:

Subd. 2b. [NOTICE REQUIRED.] Before a municipality may adopt an ordinance under subdivision 2, clause (3) or (4), or subdivision 2a, a municipality must hold a public hearing and give 30 days' written notice by certified mail to townships affected by the proposed ordinance and to all landowners within and contiguous to the area to be annexed.

Sec. 7. Minnesota Statutes 1992, section 414.033, is amended by adding a subdivision to read:

Subd. 11. The municipality may, before adoption of the ordinance or board order, expand the proposed annexation area to include contiguous parcels if a petition is received signed by all the affected property owners.

Sec. 8. Minnesota Statutes 1992, section 414.033, is amended by adding a subdivision to read:

Subd. 12. When a municipality declares land annexed to the municipality under subdivision 2, clause (3), or subdivision 2a, and the land is within a designated flood plain, as provided by section 103F.111, subdivision 4, or a shoreland area, as provided by section 103F.205, subdivision 4, the municipality shall adopt or amend its land use controls to conform to chapter 103F, and any new development of the annexed land shall be subject to chapter 103F.

Sec. 9. Minnesota Statutes 1992, section 414.033, is amended by adding a subdivision to read:

Subd. 13. When a municipality annexes land under subdivision 2, clause (3) or (4), or subdivision 2a, property taxes payable on the annexed land shall continue to be paid to the affected township or townships for the year in which the annexation becomes effective. Thereafter, property taxes on the annexed land shall be paid to the municipality. In the first year following the year the land is annexed, the municipality shall make a cash payment to the affected township in an amount equal to two-thirds of the amount of property taxes paid to the township in the year the land was annexed. In the second year following the year the land is annexed, the municipality shall make a cash payment to the affected township in an amount equal to one-third of the amount of property taxes paid to the township in the year the land was annexed.

Sec. 10. Minnesota Statutes 1992, section 414.061, subdivision 5, is amended to read:

Subd. 5. [PROPERTY OWNER INITIATION.] Property owners may initiate proceedings for the concurrent detachment of their property from one municipality and its annexation to an adjacent municipality by a petition signed by all of them that they submit to the board accompanied by a resolution of the city council of at least one of the affected municipalities. The board shall conduct hearings and issue its order as in the case of consolidations of two or more municipalities under sections 414.041, subdivision 5 and 414.09.

Sec. 11. Minnesota Statutes 1992, section 414.07, subdivision 1, is amended to read:

Subdivision 1. [ORDERS OF BOARD, TIME LIMITATION.] All orders of the board shall be issued within ~~two years~~ 180 days from the date of the first hearing thereon provided that the time may be extended for a fixed additional period upon consent of all parties of record. Failure to so order shall be deemed to be an order denying the matter before the board. An appeal may be taken from such failure to so order in the same manner as an appeal from an order as provided in subdivision 2.

Sec. 12. Minnesota Statutes 1992, section 414.09, subdivision 1, is amended to read:

Subdivision 1. [HEARINGS.] Proceedings initiated by the submission of an initiating document or by the board of its own motion shall come on for hearing within 30 to ~~120~~ 90 days from receipt of the document by the board or from the date of board action and the board must submit its order no later than 180 days from the date of the first hearing. In any proceeding before the board and upon the request of any party, the board shall meet physically rather than by means of electronic media. The place of the hearing shall be in the county where a majority of the affected territory is situated, and shall be established for the convenience of the parties. The executive director shall mail notice of the hearing to the following parties: the township or municipality presently governing the affected territory; any township or municipality abutting the affected territory; the county where the affected territory is situated; and each planning agency which has jurisdiction over the affected area. The executive director shall cause notice of the hearing to be published for two successive weeks in a legal newspaper of general circulation in the

affected area. When the board exercises its authority to change the boundaries of the affected area so as to increase the quantity of the land, the hearing shall be recessed and reconvened upon two weeks published notice in a legal newspaper of general circulation in the affected area.

Sec. 13. Minnesota Statutes 1992, section 414.09, subdivision 2, is amended to read:

Subd. 2. [TRANSMITTAL OF BOARD'S ORDER.] The executive director shall cause copies of the board's order to be mailed to all parties entitled to mailed notice of hearing under subdivision 1, the secretary of state, the department of revenue, the state demographer, individual property owners if initiated in that manner, *affected county auditor*, and any other party of record. *The affected county auditor shall record the order against the affected property.*

Sec. 14. [JOINT PLANNING; SUBDIVISION REGULATIONS.]

Notwithstanding Minnesota Statutes, section 462.358, subdivision 1a, a municipality shall not, until July 1, 1996, extend the application of its subdivision regulations to unincorporated territory located within two miles of its limits in any direction, unless the subdivision regulations have been approved by all of the members of a joint planning board established under Minnesota Statutes, section 462.3585.

Sec. 15. [REPORT TO LEGISLATURE.]

The office of strategic and long-range planning shall establish criteria for defining "urban or suburban in character," as the term is used in Minnesota Statutes, chapter 414, and report the criteria to the legislature by February 1, 1995."

"Sec. 6. Minnesota Statutes 1993 Supplement, section 273.11, subdivision 16, is amended to read:

Subd. 16. [VALUATION EXCLUSION FOR CERTAIN IMPROVEMENTS.] Improvements to homestead property made before January 2, 2003, shall be fully or partially excluded from the value of the property for assessment purposes provided that the house is at least 35 years old at the time of the improvement. *The age of a residence is the number of years that the residence has existed at its present site.* In the case of an owner-occupied duplex or triplex, the improvement is eligible regardless of which portion of the property was improved.

If the property lies in a jurisdiction which is subject to a building permit process, a building permit must have been issued ~~covering~~ *prior to commencement* of the improvement. If the property lies in a jurisdiction which is not subject to a building permit process, ~~the~~ *an application must be made to the assessor prior to commencement of the improvement.* Any improvement must add at least \$1,000 to the value of the property *to be eligible for exclusion under this subdivision.* Only improvements to the structure which is the residence of the qualifying homesteader or ~~the~~ *construction of or improvements to no more than one two-car garage per residence* qualify for the provisions of this subdivision. *If an improvement was begun between January 2, 1992, and January 2, 1993, any value added from that improvement for the January 1994 and subsequent assessments shall qualify for exclusion under this subdivision provided that a building permit was obtained for the improvement between January 2, 1992, and January 2, 1993.* Whenever a building permit is issued for property currently classified as homestead, the issuing jurisdiction shall notify the assessor of the possibility of valuation exclusion under this subdivision. The assessor may require an application

process and documentation of the age of the house from the owner, if unknown. *If an application is required by the county or the local taxing jurisdiction in which the property is located, the application may be filed subsequent to the date of the building permit provided that the application is filed prior to the next assessment date. After the adjournment of the 1994 county board of equalization meetings, no exclusion may be granted for an improvement by a local board of review or county board of equalization unless a building permit was issued or application was completed prior to the commencement of the improvement. No abatement of the taxes for qualifying improvements may be granted by a county board unless a building permit was issued or application completed prior to commencement of the improvement.*

The assessor shall note the qualifying value of each improvement on the property's record, and the sum of those amounts shall be subtracted from the value of the property in each year for ten years after the improvement has been made, at which time an amount equal to 20 percent of the qualifying value shall be added back in each of the five subsequent assessment years. The valuation exclusion shall terminate whenever (1) the property is sold, or (2) the property is reclassified to a class which does not qualify for treatment under this subdivision. *Improvements made by an occupant who is the purchaser of the property under a conditional purchase contract do not qualify under this subdivision unless the seller of the property is a governmental entity. The qualifying value of the property shall be computed based upon the increase from that structure's market value as of January 2 preceding the acquisition of the property by the governmental entity.*

The total qualifying value for a homestead may not exceed \$50,000. The total qualifying value for a homestead with a house that is less than 70 years old may not exceed \$25,000. The term "qualifying value" means the increase in estimated market value resulting from the improvement if the improvement occurs when the house is at least 70 years old, or one-half of the increase in estimated market value resulting from the improvement otherwise. The \$25,000 and \$50,000 maximum qualifying value under this ~~section~~ subdivision may result from up to three separate improvements to the homestead. *If more than three improvements are made to the qualifying property, the taxpayer may choose which three improvements are eligible, provided that after the choice has been made and valuation attributable to the improvement has been excluded from taxation, no change can be made.*

If 50 percent or more of the square footage of a structure is voluntarily razed or removed, the valuation increase attributable to any subsequent improvements to the remaining structure does not qualify for the exclusion under this subdivision. If a structure is unintentionally or accidentally destroyed by a natural disaster, the property is eligible for an exclusion under this subdivision provided that the structure was not completely destroyed. The qualifying value on property destroyed by a natural disaster shall be computed based upon the increase from that structure's market value as determined on January 2 of the year in which the disaster occurred. A property receiving benefits under the homestead disaster provisions under section 273.123 is not disqualified from receiving an exclusion under this subdivision. If any combination of improvements made to a structure after January 1, 1993, increase the size of the structure by 100 percent or more, the valuation increase attributable to the portion of the improvement that causes the structure's size to exceed 100 percent does not qualify for exclusion under this subdivision."

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality, the total of the metropolitan special taxing districts as defined in section 275.065, subdivision 3, paragraph (i), school district excess referenda levy, remaining school district levy, and the total of other voter approved referenda levies based on market value under section 275.61 must be separately stated. The amounts due all other special taxing districts, if any, may be aggregated. The amount of the tax on contamination value imposed under sections 270.91 to 270.98, if any, must also be separately stated. The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. *The amount of market value excluded under section 273.11, subdivision 16, if any, must also be listed on the tax statement.* The statement shall include the following sentence, printed in upper case letters in boldface print: "THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT."

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

(1) the property's estimated market value under section 273.11, subdivision 1;

(2) the property's taxable market value after reductions under sections 273.11, subdivisions 1a and 16;

(3) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);

(4) a total of the following aids:

- (i) education aids payable under chapters 124 and 124A;
- (ii) local government aids for cities, towns, and counties under chapter 477A; and
- (iii) disparity reduction aid under section 273.1398;

(5) for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as "homestead and agricultural credit." For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;

(6) any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief"; and

(7) the net tax payable in the manner required in paragraph (a).

The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in 1992 and thereafter, the commissioner must certify this amount by September 1."

"Pet dealer" does not include a humane society, a nonprofit organization performing the functions of a humane society, an animal control agency, a pet broker, or a person, firm, partnership, corporation, or association that breeds animals for direct sale to the public and sells or gives away fewer than 25 puppies or kittens per year.

Subd. 8. [VETERINARIAN.] "Veterinarian" means a doctor of veterinary medicine, licensed to practice in the state of Minnesota, who does not have a financial interest in the firm, partnership, corporation, or the transaction or sale of animals for which the examination of the animals is being performed.

Sec. 2. [346.59] [STANDARDS.]

Subdivision 1: [APPLICABILITY.] This section applies to breeders, brokers, and pet dealers. Breeders, brokers, and pet dealers do not need to comply with section 346.39.

Subd. 2. [FOOD.] Animals must be provided with food which meets or exceeds National Research Council standards for nutrients and balance and American Association of Feed Company Officials, Inc., standards of processing of sufficient quantity and quality to allow for normal growth or maintenance of body weight. Animals must be provided wholesome food suitable for the species served in a clean receptacle, dish, or container, at a frequency and amount appropriate for the species and age. Animals over the age of 20 weeks must be offered food at least once every 24 hours. Animals under the age of 20 weeks must be offered food at least once every 12 hours.

Subd. 3. [WATER.] Animals must be provided access to clean, fresh, potable water provided in a sanitary manner at least once every 12 hours or in sufficient quantity to satisfy the animals' needs or supplied by free choice. Snow or ice is not an adequate water source.

Subd. 4. [SHELTER.] A shelter that protects the animal from inclement weather, wind, and direct rays of the sun must be supplied for each animal. If an animal is maintained in an outdoor confinement area, that space must contain a shelter that complies with section 343.40. If an animal is maintained in a confinement area within a housing facility used primarily to house animals, the confinement area must provide sufficient space to allow each animal to turn around freely and to easily stand, sit, and lie in a normal position. Each confined animal must be provided a minimum square footage of floor space as measured from the tip of its nose to the base of its tail, plus 25 percent, expressed in square feet. The formula for computing minimum square footage is: (length of animal in inches plus 25 percent) times (length of animal in inches plus 25 percent) divided by 144.

Subd. 5. [CONFINEMENT AND EXERCISE AREA SURFACES.] The interior surfaces of all indoor confinement and exercise areas, including crates or containers, must be constructed and maintained so that they are impermeable and may be readily cleaned. Confinement area flooring must be constructed of nonabrasive wire of ten gauge or larger or smooth, durable, impermeable material suitable for animals. Sufficient space or barrier must be provided between confinement areas to ensure that no liquid or solid waste, water, or food passes from one confinement area to the other. Confinement areas must be ventilated sufficiently to allow for the free movement of air in and around the confinement area. Confinement areas must protect the animal from injury and be kept in good repair. All outdoor confinement area flooring must be impermeable material or well drained aggregate. Each animal must be provided with a raised solid resting surface of appropriate size to allow the animal to lie down comfortably.

Subd. 6. [EXERCISE.] All animals must be provided the opportunity for exercise at least twice per day. An indoor or outdoor exercise area of at least 72 square feet must be provided for each animal. If more than three animals

use an area simultaneously, space must be increased to allow sufficient room for each animal to exercise freely. A shaded area must be provided sufficient to protect the animal from the direct rays of the sun at all times during the months of May to October.

Subd. 7. [GROUP HOUSING AND BREEDING.] Animals housed together must be kept in compatible groups. Animals must not be bred so as to endanger their health. Health is endangered if a female is bred more than three times in two years. A female animal younger than 18 months may not be bred. A female animal over eight years old may not be bred unless individually authorized in writing by a veterinarian.

Subd. 8. [TEMPERATURE.] Indoor housing facilities for animals must be maintained at an ambient temperature of not less than 50 degrees Fahrenheit at floor level. Heating and cooling units must be of a type and installation approved by applicable building or safety codes. Infrared heating devices may not be used as a primary heating source.

Subd. 9. [VENTILATION.] Housing facilities must be ventilated. Auxiliary ventilation, such as exhaust fans, vents, air conditioning, or a combination of them, must be used when the ambient temperature exceeds 85 degrees Fahrenheit at floor level. Facilities used primarily to house animals must be equipped with an air exchange or air purification system that fully exchanges or purifies the air at least four times per hour. This system must be of a type and installation approved by applicable building or safety codes.

Subd. 10. [LIGHTING.] Housing facilities must have at least eight hours of illumination at a minimum of 25 foot candles 30 inches above floor level. Ample lighting, by natural or artificial means must be uniformly distributed. The lighting must be provided in a regular diurnal cycle. Confinement areas must be placed to avoid exposure of animals to excessive light.

Subd. 11. [DRAINAGE.] A suitable method must be used to eliminate excess fluids from confinement areas. All feces must be removed and disposed of daily. All waste drainage and waste material must be disposed of using a method prescribed by applicable building or health codes.

Subd. 12. [SANITATION.] Food and water receptacles must be accessible to each animal and located so as to prevent contamination by excreta. Opened food bags must be stored in plastic or metal cans with tight fitting lids. Feeding and water receptacles must be kept clean and free of contaminants. Disposable foods receptacles must be discarded when soiled.

Confinement areas must be thoroughly cleaned daily and impervious surfaces treated with disinfectant at least once per week. Animals must be removed from an area while the area is being treated with disinfectant and animals must not be returned to that area until the area is dry.

Animals with infectious or contagious diseases must be isolated from healthy animals. Caretakers must disinfect their hands and shoes after handling animals with infectious or contagious diseases. A sink must be furnished and must be provided with hot and cold running water.

Bedding, if used, must be kept clean and dry. Outdoor confinement and exercise areas must be kept clean and base material replaced as necessary.

Each cat confinement area must be provided with a container for elimination. This container must be constructed so it is impervious to moisture and

may be readily cleaned. The container must contain absorbent material suitable for use by cats. The container must be cleaned daily and absorbent material removed and replaced at least once per week.

Subd. 13. [FEMALES AND LITTERS.] Females and litters must be provided a separate confinement area of a size that complies with this section. Healthy litters must remain with their mother at least five weeks, unless rejected or endangered by their mother or the mother's health is endangered by its litter. No animal may be sold or given away before the age of eight weeks.

The ambient temperature of the confinement area must be maintained at a minimum of 70 degrees Fahrenheit at floor level and a maximum of 90 degrees Fahrenheit for animals under seven weeks of age unless authorized in writing by a veterinarian. The litter must be provided fresh, clean water at all times and fresh food in amounts and at frequency appropriate for age and species.

Litters must be provided socialization and exercise. Socialization must include physical contact with other animals of like species and human beings.

No pet dealer who is not the breeder of the animal may be in possession of an animal that is under the age of eight weeks.

Subd. 14. [TRANSPORTATION AND SHIPMENT.] An animal may not be delivered or held for transport in commerce more than four hours before the scheduled departure time of the primary conveyance on which the animal is to be transported. No animal may be shipped on consignment. Shippers must provide the carriers or intermediate handlers with the name, address, and telephone number of the receiver, shipper's name, address, telephone number, tag or tattoo number of the animals, and time and date the animal was last fed and watered. All shippers must securely attach to the outside of the shipping container written instructions for the in-transit food and water requirements.

No one may transport or cause to be transported into, out of, or within the state for purposes of resale any animal under eight weeks of age.

If animals are transported in containers, the containers must be constructed of nonabrasive wire or a smooth, durable material suitable for animals. Floors must be smooth, impermeable material with grating of smooth wire of ten gauge or larger. Containers must be provided with barriers so as to ensure that no liquid or solid waste, water, or food passes from one confinement area to another. Containers must be clean, adequately ventilated, contain sufficient space to allow the animals to stand up, lie down, and turn around and provide maximum safety and protection to the animals. If more than a single animal is transported in one container, each animal must be provided sufficient space to stand up, lie down, and turn around.

Animals must be maintained in compatible groups. No more than two animals may be transported in the same container. Female animals in estrus may not be transported in the same container with any male.

Food and water receptacles must be securely attached inside the container and placed so that the receptacle can be filled from outside the container without opening the door. Animals over the age of 20 weeks must be offered food at least once every 24 hours. Animals under the age of 20 weeks must be offered food at least once every 12 hours. Each animal must be offered clean, fresh, potable water, provided in a sanitary manner, at least once every eight hours.

Exercise must be provided at least once every eight hours, or at suitable intervals in relation to food and water consumption.

Subd. 15. [FIRE SAFETY.] Smoke detectors must be installed in a housing facility at a frequency prescribed by applicable fire code. Fire extinguishers containing substances nontoxic to animals must be readily available.

Subd. 16. [PENALTIES.] A violation of this section is a misdemeanor. Each violation with each animal is a separate misdemeanor.

Subd. 17. [ENFORCEMENT.] The enforcement provisions in chapter 343 also apply to sections 1 and 2.

Sec. 3. [EFFECTIVE DATE.]

This act is effective 180 days following final enactment."

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [136.90] [EMPLOYER-PAID HEALTH INSURANCE.]

(a) *This section applies to a person who:*

(1) *retires from the state university system or the community college system with at least ten years of service credit in the system from which the person retires;*

(3) *begins drawing an annuity from the teachers retirement association;*
and

(4) *returns to work on not less than a one-third time basis and not more than a two-thirds time basis in the system from which the person retired under an agreement in which the person may not earn a salary of more than \$35,000 in a calendar year from employment in the system from which the person retired.*

(b) *Initial participation, the amount of time worked, and the duration of participation under this section must be mutually agreed upon by the employer and the employee. The employer may require up to one-year notice of intent to participate in the program as a condition of participation under this section. The employer shall determine the time of year the employee shall work.*

(c) For a person eligible under paragraphs (a) and (b), the employing board shall make the same employer contribution for hospital, medical, and dental benefits as would be made if the person were employed full-time.

(d) For work under paragraph (a), a person must receive a percentage of the person's salary at the time of retirement that is equal to the percentage of time the person works compared to full-time work.

(e) If a collective bargaining agreement covering a person provides for an early retirement incentive that is based on age, the incentive provided to the person must be based on the person's age at the time employment under this section ends. The salary used to determine the amount of the incentive, however, must be the person's salary during the last year of full-time employment.

Sec. 2. [354.445] [NO ANNUITY REDUCTION.]

(a) The annuity reduction provisions of section 354.44, subdivision 5, do not apply to a person who:

(2) was employed on a full-time basis immediately preceding retirement;

(3) begins drawing an annuity from the teachers retirement association; and

(4) returns to work on not less than a one-third time basis and not more than a two-thirds time basis in the system from which the person retired under an agreement in which the person may not earn a salary of more than \$35,000 in a calendar year from employment in the system from which the person retired.

(b) Initial participation, the amount of time worked, and the duration of participation under this section must be mutually agreed upon by the employer and the employee. The employer may require up to one-year notice of intent to participate in the program as a condition of participation under this section. The employer shall determine the time of year the employee shall work.

(c) Notwithstanding any law to the contrary, a person eligible under paragraphs (a) and (b) may not earn further service credit in the teachers retirement association and is not eligible to participate in the individual retirement account plan or the supplemental retirement plan established in chapter 354B as a result of service under this section. No employer or employee contribution to any of these plans may be made on behalf of such a person."

And when so amended the bill do pass. Mr. Merriam questioned the reference thereon and, under Rule 35, the bill was referred to the Committee on Rules and Administration.

Mr. Metzen from the Committee on Governmental Operations and Reform, to which was referred

S.F. No. 2500: A bill for an act relating to retirement; St. Paul teachers retirement fund association; requiring proportional representation for various

membership groups on the association board of trustees; proposing coding for new law in Minnesota Statutes, chapter 354A.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [354A.023] [ST. PAUL TEACHERS RETIREMENT FUND ASSOCIATION GOVERNANCE.]

Subdivision 1. [APPLICATION.] Notwithstanding any provision of chapter 317A, section 354A.021, article V of the restated articles of incorporation of the teachers retirement fund association of St. Paul, Minnesota, effective July 1, 1978, as amended, or articles II, sections 4 and 5; III, section 1; and V, section 1, of the restated bylaws of the teachers retirement fund association of St. Paul, Minnesota, effective July 1, 1978, as amended, to the contrary, relative to the St. Paul teachers retirement fund association, this section governs the membership composition of its board of trustees, the terms in office of board members, board member eligibility, electorate composition and eligibility, and election procedures.

Subd. 2. [BOARD OF TRUSTEES COMPOSITION.] The management of the St. Paul teachers retirement fund association is vested in a board of ten trustees. The board membership is composed of one ex officio board member, who is the then current chair of the board of independent school district No. 625 (St. Paul), and nine trustees elected by and from the members of the St. Paul teachers retirement fund association as provided in subdivision 4.

Subd. 3. [BOARD OF TRUSTEES TERMS.] (a) The term of the ex officio board member is coincidental with that person's term of office as the chair of the board of independent school district No. 625 (St. Paul).

(b) The term of elected members of the board is three years and until the successor has been elected and qualified. The term begins and ends on the third Thursday in the month of January of the applicable year. The terms of elected members of the board must be staggered.

Subd. 4. [BOARD MEMBER REPRESENTATION.] (a) Of the nine trustees elected by and from the members of the St. Paul teachers retirement fund association, six board members must be active members of the fund and three board members must be fund retirement annuitants, disabilitants, or surviving spouse benefit recipients.

(b) Two active member board positions and one annuity or benefit recipient board position must be filled at each board of trustee election.

(c) Only active members may vote for the elected board member positions representing active members and only retirement annuitants, disabilitants, and surviving spouse benefit recipients may vote for the elected board member positions representing annuity or benefit recipients.

(d) If an elected board member changes membership group status before the end of the person's term, the person must resign from the board of trustees. However, the person may be a candidate for the appropriate membership group board position in a subsequent election.

(e) If there is a vacancy in an elected board member position, the vacancy must be filled by a special election held for that purpose. The special election

must be conducted in a manner consistent with this section, and, if not inconsistent with this section, article IV of the bylaws of the St. Paul teachers retirement fund association in effect on the date of enactment of this section.

Subd. 5. [ELECTIONS BY MAIL BALLOT.] (a) Voting for elected board members must be conducted using paper ballots, which must be mailed by the chief administrative officer of the fund to eligible members and must be returned by mail.

(b) Return envelopes for ballots may not have the postage paid by the fund unless all return envelopes for ballots are so treated. Return envelopes for ballots may not have the postage paid by any candidate for a board member position or on behalf of any candidate for a board member position.

(c) The ballot for a regular election must be provided to eligible members by November 1 and must be returned with a postmark no later than midnight of the Friday of the third week of November. In the event of a vacancy in an elected board member position, the ballot for a special election must be provided to eligible members within three weeks of the vacancy and must be returned by eligible voting members with a postmark no later than midnight of the Friday of the fourth full week following the vacancy.

Subd. 6. [SECRETARY-TREASURER NOT TO BE BOARD MEMBER.] (a) Effective on the January 19 next following the effective date of this section, the person who holds the position of secretary of the St. Paul teachers retirement fund association and the person who holds the position of treasurer of the St. Paul teachers retirement fund association or the person who holds the combined position of secretary-treasurer of the St. Paul teachers retirement fund association may not also be an elected board member of the fund association.

(b) The chief administrative officer of the St. Paul teachers retirement fund association must be known as the executive director of the fund.

Subd. 7. [ARTICLE AND BYLAW AMENDMENTS AUTHORIZED.] At the next annual meeting of the St. Paul teachers retirement fund association or at a special meeting of the association called by the board of trustees for that purpose, the association may consider and adopt any amendments to its articles of incorporation or bylaws needed to conform or implement this section.

Sec. 2. [EFFECTIVE DATE.]

(a) Section 1 is effective on the day following approval of all provisions by majority vote at the first annual or special membership meeting of the St. Paul teachers retirement fund association occurring after the date of enactment.

(b) The board of trustees of the St. Paul teachers retirement fund association shall propose the question on the approval of these provisions to the fund membership at the applicable membership meeting. The provisions of section 1 are a single question and may not be divided or voted upon as separate items.

"A person who is employed by a technical college or by the technical college system on June 30, 1995, and who is transferred to state employment shall remain a member of the public employees retirement association or the Minneapolis employees retirement fund, whichever applies, unless the person affirmatively elects, in writing, retirement coverage by the general state employees retirement plan of the Minnesota state retirement system. The following provisions govern the election of a transfer or the retention of retirement benefit coverage:

(1) For a person who desires to transfer benefit coverage, the affirmative written election must be made within 120 days of the transfer of the employee to state employment.

(2) On behalf of transferred employees who retain retirement benefit coverage with the pre-transfer retirement plan, the higher education board shall make the applicable employer contributions to the public employees retirement association under section 353.27, subdivisions 3 and 3a, or the same percentage of covered payroll employer contribution to the Minneapolis employees retirement fund that special school district no. 1 is required to make for that school year under section 422A.101, subdivision 2.

(5) *The executive directors of the public employees retirement association, the Minnesota state retirement system, and the Minneapolis employees retirement fund, whichever applies, shall, upon request, provide appropriate benefit counseling to applicable affected employees on the effect of electing retirement benefit coverage by the general state employees retirement plan of the Minnesota state retirement system."*

Calculation of this amount must be made using the applicable preretirement interest rate for the association specified in section 356.215, subdivision 4d, and the mortality table adopted for the fund. The calculation must assume continuous future service in the fund until and retirement at, the age at which the minimum requirements of the fund for normal retirement or retirement with an annuity unreduced for retirement at an early age, including section 356.30, are met with the additional service credit purchased. The calculation must also assume a future salary history that includes annual salary increases at the applicable salary increase rate for the fund or association specified in section 356.215, subdivision 4d. The member must establish in the records of the fund proof of the service for which the purchase of prior service is requested. The manner of the proof of service must be in accordance with procedures prescribed by the executive director of the fund.

Payment must be made in one lump sum before the employee's date of retirement, separation, or termination.

Payment of the amount calculated under this subdivision must be made by the member. However, the current employer of the member may, at its discretion, pay all or any portion of the payment amount that exceeds an amount equal to the employee contribution rates in effect during the period or periods of prior service applied to the actual salary rates in effect during the period or periods of prior service, plus interest at the rate of six percent a year compounded annually from the date on which the contributions would otherwise have been made to the date on which the payment is made.”

Subd. 3b. [THERAPY SERVICES PROVIDER APPEALS.] A provider of physical therapy, occupational therapy, speech therapy, or related services whose request for prior authorization of services for a recipient of medical assistance or general assistance medical care, or a MinnesotaCare enrollee was denied, partially approved, or not acted upon with reasonable promptness by the state agency may contest that action or decision before the state agency as provided in subdivisions 3 and 4. Before a provider submits a request for a hearing to the state agency the provider must obtain authorization from the affected recipient or enrollee in order to pursue the appeal.

Sec. 3. Minnesota Statutes 1992, section 256.045, subdivision 4, is amended to read:

Subd. 4. [CONDUCT OF HEARINGS.] (a) All hearings held pursuant to subdivision 3, 3a, or 4a shall be conducted according to the provisions of the federal Social Security Act and the regulations implemented in accordance with that act to enable this state to qualify for federal grants-in-aid, and according to the rules and written policies of the commissioner of human services. County agencies shall install equipment necessary to conduct telephone hearings. A state human services referee may schedule a telephone conference hearing when the distance or time required to travel to the county agency offices will cause a delay in the issuance of an order, or to promote efficiency, or at the mutual request of the parties. Hearings may be conducted by telephone conferences unless the applicant, recipient, or former recipient objects. The hearing shall not be held earlier than five days after filing of the required notice with the county or state agency. The state human services referee shall notify all interested persons, including the recipient or enrollee on whose behalf a provider of therapy services has requested a hearing under subdivision 3b, of the time, date, and location of the hearing at least five days before the date of the hearing. Interested persons may be represented by legal counsel or other representative of their choice at the hearing and may appear personally, testify and offer evidence, and examine and cross-examine witnesses. The applicant, recipient, or former recipient, or provider of therapy services under subdivision 3b, shall have the opportunity to examine the contents of the case file and all documents and records to be used by the county or state agency at the hearing at a reasonable time before the date of the hearing and during the hearing. Upon request, the county or state agency shall provide reimbursement for transportation, child care, photocopying, medical assessment, witness fee, and other necessary and reasonable costs incurred by the applicant, recipient, or former recipient in connection with the

appeal. All evidence, except that privileged by law, commonly accepted by reasonable people in the conduct of their affairs as having probative value with respect to the issues shall be submitted at the hearing and such hearing shall not be "a contested case" within the meaning of section 14.02, subdivision 3. *If a representative of the state agency is not present at the hearing the state agency may not submit evidence after the hearing is held.*

(b) The commissioner must have a representative from the health care administration of the state agency present, either in person or by telephone, at a hearing where the denial or partial denial of a request for the prior authorization of services under section 256B.0625, 256B.0627, or 256B.0628 is the action being appealed.

Sec. 4. Minnesota Statutes 1992, section 256.045, subdivision 5, is amended to read:

Subd. 5. [ORDERS OF THE COMMISSIONER OF HUMAN SERVICES.] A state human services referee shall conduct a hearing on the appeal and shall recommend an order to the commissioner of human services. The recommended order must be based on all relevant evidence and must not be limited to a review of the propriety of the state or county agency's action. A referee may take official notice of adjudicative facts. The commissioner of human services may accept the recommended order of a state human services referee and issue the order to the county agency and the applicant, recipient, former recipient, ~~or~~ prepaid health plan, *or provider of therapy services under subdivision 3b.* The commissioner on refusing to accept the recommended order of the state human services referee, shall notify the county agency and the applicant, recipient, former recipient, ~~or~~ prepaid health plan, *or provider of therapy services under subdivision 3b* of that fact and shall state reasons therefor and shall allow each party ten days' time to submit additional written argument on the matter. After the expiration of the ten-day period, the commissioner shall issue an order on the matter to the county agency and the applicant, recipient, former recipient, ~~or~~ prepaid health plan, *or provider of therapy services under subdivision 3b.*

A party aggrieved by an order of the commissioner may appeal under subdivision 7, or request reconsideration by the commissioner within 30 days after the date the commissioner issues the order. The commissioner may reconsider an order upon request of any party or on the commissioner's own motion. A request for reconsideration does not stay implementation of the commissioner's order. Upon reconsideration, the commissioner may issue an amended order or an order affirming the original order.

Any order of the commissioner issued under this subdivision shall be conclusive upon the parties unless appeal is taken in the manner provided by subdivision 7. Any order of the commissioner is binding on the parties and must be implemented by the state agency or a county agency until the order is reversed by the district court, or unless the commissioner or a district court orders monthly assistance or aid or services paid or provided under subdivision 10.

Except for a prepaid health plan *or a provider of therapy services under subdivision 3b*, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services under section 256E.08, subdivision 4, is not a party and may not request a hearing or seek judicial review of an order issued under this section.

Sec. 5. Minnesota Statutes 1992, section 256B.0625, subdivision 8, is amended to read:

Subd. 8. [PHYSICAL THERAPY.] (a) Medical assistance covers physical therapy and related services.

(b) *If the commissioner requires prior authorization under subdivision 25 for physical therapy or related services, the commissioner shall adopt administrative rules under chapter 14 establishing criteria for review of prior authorization requests.*

Sec. 6. Minnesota Statutes 1992, section 256B.0625, subdivision 8a, is amended to read:

Subd. 8a. [OCCUPATIONAL THERAPY.] (a) Medical assistance covers occupational therapy and related services.

(b) *If the commissioner requires prior authorization under subdivision 25 for occupational therapy or related services, the commissioner shall adopt administrative rules under chapter 14 establishing criteria for review of prior authorization requests.*

Sec. 7. Minnesota Statutes 1992, section 256B.0625, is amended by adding a subdivision to read:

Subd. 8b. [SPEECH THERAPY.] (a) Medical assistance covers speech therapy and related services.

(b) *If the commissioner requires prior authorization under subdivision 25 for speech therapy or related services, the commissioner shall adopt administrative rules under chapter 14 establishing criteria for review of prior authorization requests.*

Sec. 8. Minnesota Statutes 1992, section 256B.0625, subdivision 25, is amended to read:

Subd. 25. [PRIOR AUTHORIZATION REQUIRED.] (a) The commissioner shall publish in the State Register a list of health services that require prior authorization, as well as the criteria and standards used to select health services on the list. The list and the criteria and standards used to formulate it are not subject to the requirements of sections 14.001 to 14.69 *except as provided in subdivisions 8, 8a, and 8b.* The commissioner's decision whether prior authorization is required for a health service is not subject to administrative appeal.

(b) *A provider who has submitted a prior authorization request for physical therapy, occupational therapy, speech therapy, or related services must have access via telephone to the consultant to whom the request has been assigned. The consultant must make a reasonable amount of time available for providers to contact the consultant by telephone in order to discuss either a pending request or a request about which a recommendation has been made. For purposes of this paragraph "consultant" has the meaning given it in Minnesota Rules, part 9505.5005, subpart 3.*

Sec. 9. Minnesota Statutes 1992, section 256B.0625, subdivision 31, is amended to read:

Subd. 31. [MEDICAL SUPPLIES AND EQUIPMENT.] (a) Medical assistance covers medical supplies and equipment. Separate payment outside

of the facility's payment rate shall be made for wheelchairs and wheelchair accessories for recipients who are residents of intermediate care facilities for the mentally retarded. Reimbursement for wheelchairs and wheelchair accessories for ICF/MR recipients shall be subject to the same conditions and limitations as coverage for recipients who do not reside in institutions. A wheelchair purchased outside of the facility's payment rate is the property of the recipient.

(b) A medical assistance recipient who resides in a nursing facility or in an ICF/MR and who owns a wheelchair must obtain prior authorization from the commissioner for all repairs and adaptations if the combined charges for parts and labor will exceed \$300, but prior authorization is not required if the combined charges will not exceed this amount.

Sec. 10. [ADVISORY TASK FORCE TO STANDARDIZE SUPPORTING DOCUMENTATION FOR PRIOR AUTHORIZATION.]

Subdivision 1. [COMPOSITION OF TASK FORCE.] A six-member advisory task force on prior authorization supporting documentation is established. All licensed task force members must be actively engaged in the practice of their profession in Minnesota. The members of the task force shall be appointed by the commissioner of human services. No more than three members may be of one gender. All licensed professional members shall be selected from lists submitted to the commissioner by the appropriate professional associations. Task force members shall be compensated for expenses as specified in Minnesota Statutes, section 15.059, subdivision 6, except the consumer representative member must be compensated for time spent on task force activities as specified in section 15.059, subdivision 3. The task force shall expire on December 31, 1995.

The task force shall recommend to the commissioner any amendments or refinements needed to clarify the lists. The commissioner shall use the recommendations of the task force in developing a standardized form or forms on which a provider will submit all required supporting documentation for a prior authorization request. If the commissioner intends to depart from the recommendations of the task force, the commissioner shall inform the task force of the intended departure, provide a written explanation of the reasons for the departure, and give the task force an opportunity to comment on the intended departure.

Sec. 11. [TEMPORARY PRIOR AUTHORIZATION EXEMPTION; STUDY REQUIRED.]

(a) The commissioner shall not require prior authorization for physical therapy, occupational therapy, and speech therapy services provided by an entity that operates a Medicare certified comprehensive outpatient rehabilitation facility which was certified prior to January 1, 1993, and that is a facility licensed under Minnesota Rules, parts 9570.2000 to 9570.3600, when those services are provided within the comprehensive outpatient rehabilitation

S.F. No. 2724: A bill for an act relating to wetlands; allowing replacement plans under approved county comprehensive wetland management plans; removing restrictions on wetlands that may be used in the statewide wetland banking program; modifying exemptions; clarifying the applicability of the wetland conservation act to the state; amending Minnesota Statutes 1992, section 103G.2242, subdivision 9; Minnesota Statutes 1993 Supplement, sections 103G.222; and 103G.2241.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1993 Supplement, section 103G.222, is amended to read:

103G.222 [REPLACEMENT OF WETLANDS.]

(a) After the effective date of the rules adopted under section 103B.3355 or 103G.2242, whichever is later, wetlands must not be drained or filled, wholly or partially, unless replaced by restoring or creating wetland areas of at least equal public value under either a replacement plan approved as provided in section 103G.2242, a replacement plan under a local governmental unit's comprehensive wetland protection and management plan approved by the board under section 103G.2242, subdivision 1, paragraph (c), or, if a permit to mine is required under section 93.481, under a mining reclamation plan approved by the commissioner under the permit to mine. Mining reclamation plans shall apply the same principles and standards for replacing wetlands by restoration or creation of wetland areas that are applicable to mitigation plans approved as provided in section 103G.2242.

(b) Replacement must be guided by the following principles in descending order of priority:

(1) avoiding the direct or indirect impact of the activity that may destroy or diminish the wetland;

(2) minimizing the impact by limiting the degree or magnitude of the wetland activity and its implementation;

(3) rectifying the impact by repairing, rehabilitating, or restoring the affected wetland environment;

(4) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the activity; and

(5) compensating for the impact by replacing or providing substitute wetland resources or environments.

(c) If a wetland is located in a cultivated field, then replacement must be accomplished through restoration only without regard to the priority order in paragraph (b), provided that a deed restriction is placed on the altered wetland prohibiting nonagricultural use for at least ten years.

(d) Restoration and replacement of wetlands must be accomplished in accordance with the ecology of the landscape area affected.

(e) Replacement shall be within the same watershed or county as the impacted wetlands, as based on the wetland evaluation in section 103G.2242, subdivision 2, except that counties or watersheds in which 80 percent or more of the presettlement wetland acreage is intact may accomplish replacement in counties or watersheds in which 50 percent or more of the presettlement wetland acreage has been filled, drained, or otherwise degraded. Wetlands impacted by public transportation projects may be replaced statewide, provided they are approved by the commissioner under an established wetland banking system, or under the rules for wetland banking as provided for under section 103G.2242.

(f) Except as provided in paragraph (g), for a wetland located on nonagricultural land, replacement must be in the ratio of two acres of replaced wetland for each acre of drained or filled wetland.

(g) For a wetland located on agricultural land or in counties or watersheds in which 80 percent or more of the presettlement wetland acreage exists, replacement must be in the ratio of one acre of replaced wetland for each acre of drained or filled wetland.

(h) Wetlands that are restored or created as a result of an approved replacement plan are subject to the provisions of this section for any subsequent drainage or filling.

(i) Except in counties or watersheds where 80 percent or more of the presettlement wetlands are intact, only wetlands that have been restored from previously drained or filled wetlands, wetlands created by excavation in nonwetlands, wetlands created by dikes or dams along public or private drainage ditches, or wetlands created by dikes or dams associated with the restoration of previously drained or filled wetlands may be used in a statewide banking program established in rules adopted under section 103G.2242, subdivision 1. Modification or conversion of nondegraded naturally occurring wetlands from one type to another are not eligible for enrollment in a statewide wetlands bank.

(j) The technical evaluation panel established under section 103G.2242, subdivision 2, shall ensure that sufficient time has occurred for the wetland to develop wetland characteristics of soils, vegetation, and hydrology before recommending that the wetland be deposited in the statewide wetland bank. If the technical evaluation panel has reason to believe that the wetland characteristics may change substantially, the panel shall postpone its recommendation until the wetland has stabilized.

(k) This section and sections 103G.223 to 103G.2242, 103G.2364, and 103G.2365 apply to the state and its departments and agencies.

Sec. 2. Minnesota Statutes 1993 Supplement, section 103G.2241, is amended to read:

103G.2241 [EXEMPTIONS.]

(a) Subject to the conditions in paragraph (b), a replacement plan for wetlands is not required for:

(1) activities in a wetland that was planted with annually seeded crops, was in a crop rotation seeding of pasture grasses or legumes, or was required to be

set aside to receive price support or other payments under United States Code, title 7, sections 1421 to 1469, in six of the last ten years prior to January 1, 1991;

(2) activities in a wetland that is or has been enrolled in the federal conservation reserve program under United States Code, title 16, section 3831, that:

(i) was planted with annually seeded crops, was in a crop rotation seeding, or was required to be set aside to receive price support or payment under United States Code, title 7, sections 1421 to 1469, in six of the last ten years prior to being enrolled in the program; and

(ii) has not been restored with assistance from a public or private wetland restoration program;

(3) activities necessary to repair and maintain existing public or private drainage systems as long as wetlands that have been in existence for more than 20 years are not drained;

(4) activities in a wetland that has received a commenced drainage determination provided for by the federal Food Security Act of 1985, that was made to the county agricultural stabilization and conservation service office prior to September 19, 1988, and a ruling and any subsequent appeals or reviews have determined that drainage of the wetland had been commenced prior to December 23, 1985;

(5) activities exempted from federal regulation under United States Code, title 33, section 1344(f);

(6) activities authorized under, and conducted in accordance with, an applicable general permit issued by the United States Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344, except the nationwide permit in Code of Federal Regulations, title 33, section 330.5, paragraph (a), clause (14), limited to when a new road crosses a wetland, and all of clause (26);

(7) activities in a type 1 wetland on agricultural land, as defined in United States Fish and Wildlife Circular No. 39 (1971 edition) except for bottomland hardwood type 1 wetlands;

(8) activities in a type 2 wetland that is two acres in size or less located on agricultural land;

(9) activities in a wetland restored for conservation purposes under a contract or easement providing the landowner with the right to drain the restored wetland;

(10) activities in a wetland created solely as a result of:

(i) beaver dam construction;

(ii) blockage of culverts through roadways maintained by a public or private entity;

(iii) actions by public entities that were taken for a purpose other than creating the wetland; or

(iv) any combination of (i) to (iii);

(11) placement, maintenance, repair, enhancement, or replacement of utility or utility-type service, including the transmission, distribution, or furnishing, at wholesale or retail, of natural or manufactured gas, electricity, telephone, or radio service or communications if:

(i) the impacts of the proposed project on the hydrologic and biological characteristics of the wetland have been avoided and minimized to the extent possible; and

(ii) the proposed project significantly modifies or alters less than one-half acre of wetlands;

(12) activities associated with routine maintenance of utility and pipeline rights-of-way, provided the activities do not result in additional intrusion into the wetland;

(13) alteration of a wetland associated with the operation, maintenance, or repair of an interstate pipeline;

(14) temporarily crossing or entering a wetland to perform silvicultural activities, including timber harvest as part of a forest management activity, so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the activities do not result in the construction of dikes, drainage ditches, tile lines, or buildings; and the timber harvesting and other silvicultural practices do not result in the drainage of the wetland or public waters;

(15) permanent access for forest roads across wetlands so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the construction activities do not result in the access becoming a dike, drainage ditch or tile line; with filling avoided wherever possible; and there is no drainage of the wetland or public waters;

(16) activities associated with routine maintenance or repair of existing public highways, roads, streets, and bridges, provided the activities do not result in additional intrusion into the wetland outside of the existing right-of-way draining or filling up to one-half acre of wetlands for the repair, rehabilitation, or replacement of a previously authorized, currently serviceable existing public road, provided that minor deviations in the public road's configuration or filled area, including those due to changes in materials, construction techniques, or current construction codes or safety standards, that are necessary to make repairs, rehabilitation, or replacement are allowed if the wetland draining or filling resulting from the repair, rehabilitation, or replacement is minimized;

(17) emergency repair and normal maintenance and repair of existing public works, provided the activity does not result in additional intrusion of the public works into the wetland and do not result in the draining or filling, wholly or partially, of a wetland;

(18) normal maintenance and minor repair of structures causing no additional intrusion of an existing structure into the wetland, and maintenance and repair of private crossings that do not result in the draining or filling, wholly or partially, of a wetland;

(19) duck blinds;

(20) aquaculture activities, including pond excavation and construction and maintenance of associated access roads and dikes authorized under, and

conducted in accordance with, a permit issued by the United States Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344, but not including construction or expansion of buildings;

(21) wild rice production activities, including necessary diking and other activities authorized under a permit issued by the United State Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344;

(22) normal agricultural practices to control pests or weeds, defined by rule as either noxious or secondary weeds, in accordance with applicable requirements under state and federal law, including established best management practices;

(24) development projects and ditch improvement projects in the state that have received preliminary or final plat approval, or infrastructure that has been installed, or having local site plan approval, conditional use permits, or similar official approval by a governing body or government agency, within five years before July 1, 1991. In the seven-county metropolitan area and in cities of the first and second class, plat approval must be preliminary as approved by the appropriate governing body; and

(25) activities that result in the draining or filling of less than 400 square feet of wetlands.

(b) For the purpose of paragraph (a), clause (16), "currently serviceable" means useable as is or with some maintenance, but not so degraded as to essentially require reconstruction. Paragraph (a), clause (16), authorizes the repair, rehabilitation, or replacement of public roads destroyed by storms, floods, fire, or other discrete events, provided the repair, rehabilitation, or replacement is commenced or under contract to commence within two years of the occurrence of the destruction or damage.

(c) A person conducting an activity in a wetland under an exemption in paragraph (a) shall ensure that:

(1) appropriate erosion control measures are taken to prevent sedimentation of the water;

(2) the activity does not block fish passage in a watercourse; and

(3) the activity is conducted in compliance with all other applicable federal, state, and local requirements, including best management practices and water resource protection requirements established under chapter 103H.

Sec. 3. Minnesota Statutes 1992, section 103G.2242, subdivision 1, is amended to read:

Subdivision 1. [RULES.] (a) By July 1, 1993, the board, in consultation with the commissioner, shall adopt rules governing the approval of wetland

(b) After the adoption of the rules, a replacement plan must be approved by a resolution of the governing body of the local government unit, consistent with the provisions of the rules.

(c) *The board may approve as an alternative to the rules adopted under this subdivision a comprehensive wetland protection and management plan developed by a local government unit, provided that the plan:*

“ARTICLE 5

INTERVENOR COMPENSATION

Section 1. [216B.035] [INTERVENOR COMPENSATION.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings given them:

(1) “administrative law judge” means the administrative law judge assigned to a proceeding before the public utilities commission or, when a proceeding has not been assigned to the office of administrative hearings, the chief administrative law judge; and

(2) “intervenor” means a party in any of the following proceedings related to gas or electric utilities or service before the public utilities commission or in any proceeding reviewing a commission decision or order issued in any of the following proceedings, excluding a participant that provides gas or electric services:

(1) a proceeding referred to the office of administrative hearings;

(2) a proceeding related to rates under section 216B.16;

(3) a proceeding related to competitive rates under sections 216B.162 or 216B.163;

(4) a proceeding related to energy conservation improvements under 216B.241;

(5) a proceeding related to issuance of a certificate of need under section 216B.243;

(6) a proceeding related to resource planning under section 216B.2422; or

(7) any rulemaking proceeding.

Subd. 2. [ACCOUNT; ASSESSMENT; APPROPRIATION.] (a) A separate account in the state treasury is established for the purpose of compensating intervenors as provided in this section. The commissioner, under section 216B.62, shall annually assess gas and electric utilities an amount that, in aggregate, provides not less than \$100,000 nor more than \$200,000 per year in revenue for the account, based on the commissioner's evaluation of potential claims against the account.

(b) One-half of the annual amount assessed under paragraph (a) must be apportioned among all public utilities in proportion to their respective gross operating revenues under section 216B.62, subdivision 3. The remaining half of the assessment must be apportioned among each of the gas and electric utilities, including cooperatively and municipally owned utilities, who were primary parties during the most recent calendar year in proportion to the amount of intervenor compensation disbursed from the account for proceedings in which each of the utilities were primary parties.

(c) The amount assessed each year by the commissioner must be deposited in the account.

Subd. 3. [COMPENSATION.] The commissioner shall remit from the intervenor compensation account payment to an intervenor to reimburse the intervenor for reasonable attorney fees, expert witness fees, transcript fees, and other reasonable costs, including fees and costs of obtaining judicial review, provided:

(1) the administrative law judge determines that the intervenor's participation is necessary to provide for the record an adequate presentation of a significant position in which the intervenor has a substantial interest; and

(2) the administrative law judge determines that the intervenor cannot without undue hardship afford to pay the costs of participation or that, in the case of a group or organization, the economic interest of the individual members of the group or organization is small in comparison to the costs of effective participation in the proceeding.

Subd. 4. [PROCEDURE; SUPPLEMENTAL COMPENSATION; PAYMENT.] (a) An intervenor seeking compensation under this section shall file an application for compensation with the administrative law judge within 14 days after a notice of hearing is issued or on the same date initial comments are due in a noncontested matter. The judge may grant leave to file a late application if the applicant provides a reasonable justification for delay.

(b) The administrative law judge shall decide whether and in what amount to authorize compensation within 30 days of receipt of an application for compensation and shall notify the commissioner of the authorization. The administrative law judge may authorize partial payments to be disbursed as an intervenor's work progresses.

(c) The administrative law judge may authorize supplemental compensation for an intervenor for whom compensation is authorized if, for legitimate reasons, the costs of participation were underestimated or if additional funds would substantially improve the ability of the intervenor to contribute to the proceeding.

(d) Within 30 days of receipt of notice from the administrative law judge of an approved application for compensation, the commissioner shall provide the authorized compensation to the intervenor.

Subd. 5. [ACCOUNTING; REPORT.] Within 30 days of issuance of the final order in the proceeding for which compensation was paid under this section, the intervenor who received the compensation shall file with the administrative law judge and the commissioner a report itemizing the fees paid and expenses actually incurred by the intervenor. The report must include full documentation of fees and expenses, including the cost of studies, engineering reports, tests, or projects related to the proceeding. Documentation must also include an affidavit from each attorney, agent, or expert witness that represented or appeared on behalf of the intervenor that states the specific services rendered, the actual time spent for each service, and the rate at which fees were computed for providing each service.

Subd. 6. [REIMBURSEMENT.] The administrative law judge shall review each report filed under subdivision 5, along with any other relevant material submitted. An intervenor shall reimburse the commissioner for any amount the administrative law judge determines was not compensable under this section. Reimbursement received by the commissioner under this section must be deposited in the intervenor compensation account.

Sec. 2. [INITIAL REVENUE; INTERVENOR COMPENSATION.]

The commissioner of the department of public service shall increase the aggregate assessment for fiscal year 1995 made against gas and electric utilities under section 216B.62 by \$200,000 and that amount shall be deposited in the intervenor compensation account established in section 1, subdivision 2."

"ARTICLE 5

SUSTAINABLE ENERGY AND JOBS SUPERFUND

Section 1. Minnesota Statutes 1993 Supplement, section 216B.2422, subdivision 5, is amended to read:

Subd. 5. [BIDDING.] A utility may select resources to meet its projected energy demand through a bidding process approved or established by the commission. A utility shall use the environmental cost estimates determined under subdivision 3 in evaluating bids submitted in a process established under this subdivision.

The commission may not approve or establish a bidding process for a utility that operates a nuclear power electric generating plant unless the process awards points based on the jobs that will be retained or created by the resource selected. Points must be awarded based on the number and type of jobs created with permanent, full-time, high-paying prevailing wage jobs receiving more points than temporary, part-time, or low-paying jobs.

Sec. 2. [216E.01] [NUCLEAR TRANSITION; JOBS; FINDINGS.]

The policy of the state is to support and encourage the creation of well-paying permanent jobs in an indigenous renewable electric generating industry and to provide support to those unemployed due to the closing or phasing out of nuclear power plants. The legislature further finds that it is reasonable and fair for the encouragement and support to be funded by a charge on the production of energy by nuclear reactors, since the true cost of producing nuclear energy is not reflected in the rates charged for nuclear-produced electric energy due in part to the uncertain cost of disposing of nuclear waste.

Sec. 3. [216E.02] [DEFINITIONS.]

Subdivision 1. [SCOPE.] For the purpose of this chapter, the terms defined in this section have the meanings given them.

Subd. 2. [ACCOUNT.] "Account" means the sustainable energy and jobs superfund account.

Subd. 3. [BOARD.] "Board" means the sustainable energy and jobs board.

Sec. 4. [216E.03] [SUSTAINABLE ENERGY AND JOBS BOARD.]

Subdivision 1. [ESTABLISHMENT OF BOARD.] The sustainable energy and jobs board is established. The board consists of nine members who will serve part time and who will be appointed by the governor with the advice and consent of the senate. Three members must represent labor, including one member representing organized union employees and one member representing unorganized employees at nuclear power plants in this state; three members representing the electric utility industry, including one representing cooperative electric utilities; and three members representing alternative energy researchers, developers, and producers. The board shall annually elect a member to serve as chair for a term of one year. Filling of vacancies, removal of members, and compensation of members are governed by section 15.0575.

Subd. 2. [MEMBERSHIP TERMS.] The initial members shall be appointed to terms as follows:

- (1) three members appointed for six years;*
- (2) three members appointed for four years; and*
- (3) three members appointed for two years.*

At the end of each member's term, the successor shall be appointed for six years and each successor thereafter shall be appointed for six years.

Subd. 3. [DUTIES.] In addition to performing duties specified in sections 6 and 7 or in other law, the board shall:

- (1) publicize the availability of grants and loans on a statewide basis; and*
- (2) collect, analyze, and make available to the public, data on renewable electric energy production.*

Subd. 4. [POWERS.] The board may contract for consultant or other services necessary to carry out the board's duties. The board may adopt rules necessary to carry out its duties.

Subd. 5. [ADMINISTRATIVE PERSONNEL AND SERVICES.] The board may appoint an executive director who is not a member of the board. The executive director is in the unclassified service. The commissioner of trade and economic development shall provide staff assistance, administrative services, and office space under a contract with the board. The board shall reimburse the commissioner for the staff, services, and space provided. In order to perform its duties, the board may request information from the supervising officer of any state agency or state institution of higher education.

Sec. 5. [216E.04] [SUSTAINABLE ENERGY AND JOBS SUPERFUND.]

Subdivision 1. [CREATED.] The sustainable energy and jobs superfund account is created in the special revenue fund in the state treasury. The superfund is created for the purpose of funding a transition from nuclear power to a sustainable state energy future; protecting displaced nuclear industry workers; investing in rapid economic development of indigenous, renewable energy, and conservation industries; creating prevailing wage quality jobs; protecting the state's environment; and protecting electricity ratepayers by making an orderly transition to non-nuclear electric generation sources.

Subd. 2. [FUNDING.] The account shall be funded by a fee of \$.01 per kilowatt hour of electricity produced in the state by nuclear power. The fee is payable monthly to the commissioner of finance by the owner of the nuclear power plant. The commissioner shall deposit the payments in the account. The commissioner and the public utilities commission are authorized to inspect and audit the records of the owners of nuclear power plants to ensure that the fee is properly paid. The public utilities commission may permit a public utility to file rate schedules providing for annual recovery of the costs of the fee.

Subd. 3. [USE OF ACCOUNT.] The money in the account, including earnings thereon, is annually appropriated to the board. The money may be used to make loans and grants to persons under section 6, to provide for extended unemployment benefits for nuclear plant employees under section 7, to pay for a worker retraining program run by affected unions, to pay for the expenses of the board, and for other purposes authorized by law. A deficiency in the superfund is not the obligation of the general fund.

Sec. 6. [216E.05] [RENEWABLE ENERGY; LOANS AND GRANTS.]

The board shall make low-interest loans and grants to assist proposals that reduce electric energy use through energy conservation and efficiency or that generate electricity through sustainable energy sources indigenous to the

state. The loans and grants may be used for projects and programs for which technological and economic feasibility have been demonstrated and that have the following purposes:

- (1) creating and maintaining productive, permanent, skilled employment; and
- (2) promoting the development of sustainable energy sources utilizing indigenous fuels.

The board shall give preference to proposals that create high-paying prevailing wage, permanent jobs within the state.

A grant shall only be made in response to requests for proposals prepared by the board.

Sec. 7. [216E.06] [EXTENDED UNEMPLOYMENT BENEFITS; NUCLEAR PLANT EMPLOYEE.]

Subdivision 1. [DEFINITION.] For the purpose of this section, "employee" means an employee of a public utility working at a nuclear-powered electric generating plant in this state who becomes unemployed because the plant is permanently shut down or in the process of being permanently shut down.

Subd. 2. [EXTENDED BENEFITS.] After an employee has been determined eligible to receive and has exhausted entitlement to all regular and extended unemployment benefits under chapter 268, and any federal extended unemployment benefits, the employee is eligible for 52 weeks of additional benefits payable weekly from the account subject to the same eligibility requirements as the regular benefit. The amount of the benefit shall be the lesser of twice the regular benefit or two-thirds of the employee's weekly wage used to determine the regular benefit.

Subd. 3. [DEPARTMENT OF JOBS AND TRAINING.] The board shall contract with the department of jobs and training to administer the extended benefit program created by this section. The department of jobs and training shall enter into an agreement to administer this section and may do all things necessary to carry out its obligations under this section and under any agreement it enters into with the board. Payments to the department of jobs and training to administer this section cannot exceed five percent of the benefits paid under this section.

Sec. 8. [HEALTH COVERAGE NOTICE.]

A public utility that terminates an employee due to the planned shutdown of a nuclear power plant shall, in addition to any other notices required by law, provide written notices to the employee, two weeks before and after termination, of the employee's right to continue health coverage through the employer under state and federal law.

Sec. 9. [RED WING MODEL JOBS AND ENERGY TRANSITION PLAN.]

The sustainable energy and jobs board shall evaluate the impact of closing the Prairie Island nuclear power plant in the Red Wing area. The evaluation shall include a study of the potential for energy savings and energy generation in the Red Wing area through the use of renewable energy sources, conservation, and cogeneration. The evaluation shall estimate the money that can be saved, the jobs that could be created, and the investment required to achieve this potential.

Based on the evaluation, the board shall give a preference for a low-interest loan or grant to proposals for projects that would be located in the Red Wing area.

Sec. 10. [METRO STATE BUILDING TRADES PROJECT; APPROPRIATION.]

\$100,000 is appropriated from the general fund to the state university board for the biennium ending June 30, 1995, for the purpose of operating a program at metropolitan state university to retrain building trades workers who are unemployed or underemployed."

(e) when access to the data would reveal the identity of a deceased person whose body was unlawfully removed from a cemetery in which it was interred; ~~or~~

(f) when access to the data would reveal the identity of a person who placed a call to a 911 system or the identity or telephone number of a service subscriber whose phone is used to place a call to the 911 system and: (1) the agency determines that revealing the identity may threaten the personal safety or property of any person; or (2) the object of the call is to receive help in a mental health emergency. "ARTICLE 1

LANDFILL CLEANUP PROGRAM

Section 1. Minnesota Statutes 1992, section 115B.04, is amended by adding a subdivision to read:

Subd. 4a. [CLAIMS BY MIXED MUNICIPAL SOLID WASTE DISPOSAL FACILITIES.] (a) Except as provided in paragraph (b), liability under this section for claims by owners or operators of mixed municipal solid waste disposal facilities that accept waste on or after April 9, 1994, and are not eligible facilities under section 115B.381, subdivision 5, is limited to liability for response costs exceeding the amount of available financial assurance funds required under section 116.07, subdivision 4h.

(b) This subdivision does not affect liability under this section for claims based on the illegal disposal of waste at a facility.

CLEANUP OF CLOSED LANDFILLS

Sec. 2. [115B.381] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] In addition to the definitions in this

section, the definitions in sections 115A.03 and 115B.02 apply to sections 115B.382 to 115B.44.

Subd. 2. [ACCEPTED FACILITY.] "Accepted facility" means a facility that has been accepted under section 4, subdivision 3 or 4, or has been acquired under section 4, subdivision 5, paragraph (b), clause (4).

Subd. 3. [CLOSURE.] "Closure" means actions to prevent or minimize the threat to public health and the environment posed by a mixed municipal solid waste disposal facility that has stopped accepting waste, including removing contaminated equipment; applying final cover, grading and seeding final cover; installing wells, borings, and other monitoring devices; constructing groundwater and surface water diversion structures; and installing gas control systems and site security measures, as necessary. Final cover may include processed materials meeting the requirements in Code of Federal Regulations, title 40, section 503.32, paragraph (a).

Subd. 4. [DECOMPOSITION GASES.] "Decomposition gases" means gases produced by chemical or microbial activity during the decomposition of solid waste.

Subd. 5. [ELIGIBLE FACILITY.] "Eligible facility" means a mixed municipal solid waste disposal facility that:

- (1) has been issued a permit by the agency; and*
- (2) stopped accepting waste before April 9, 1994.*

Subd. 6. [EXCLUDED FACILITY.] "Excluded facility" means an eligible facility that has been accepted by the commissioner as an excluded facility under section 115B.384.

Subd. 7. [POSTCLOSURE; POSTCLOSURE CARE.] "Postclosure" or "postclosure care" means actions taken for the care, maintenance, and monitoring of a mixed municipal solid waste disposal facility following site closure.

Subd. 8. [RESPONSE ACTION.] "Response action" means environmental studies, engineering, and site construction activities related to preventing, minimizing, or eliminating releases to the environment from an eligible facility.

Sec. 3. [115B.382] [LIMITATION ON LIABILITY AT ALL ELIGIBLE FACILITIES.]

(a) Except as provided in section 115B.386, there is no liability under section 115B.04 or 115B.05 for a person who is a responsible person under section 115B.03, subdivision 1, clause (b) or (c), with respect to a release or threatened release of a hazardous substance, or a pollutant or contaminant, from any eligible facility.

(b) The commissioner shall publish a list of all eligible facilities by September 1, 1994.

Sec. 4. [115B.383] [REQUIREMENTS FOR ELIGIBLE FACILITIES.]

Subdivision 1. [REQUIREMENTS.] (a) An owner or operator of an eligible facility shall:

(1) by March 1, 1995, enter into a binding agreement with the commissioner to do the following prior to acceptance of the facility under this section:

(i) transfer to the state legal title to the property described in subdivision 2;

(ii) transfer any financial assurance funds required under section 116.07, subdivision 4h, that remain in the financial assurance accounts for the facility after facility closure and any postclosure care and contingency action undertaken under clause (4) to the commissioner of revenue to be credited to the landfill cleanup account established in section 115B.42, or, if financial assurance is provided through a letter of credit, pay to the commissioner of revenue the amount that would have accumulated had financial assurance been provided through a trust fund, less amounts paid or required to be paid for closure, postclosure, and contingency action under clauses (2) and (4);

(2) complete required closure activities at the facility in accordance with the terms of the facility's permit, any applicable closure orders or enforcement agreements with the agency, and the solid waste rules in effect at the time the facility stopped accepting waste;

(3) by March 1, 1995, send the commissioner a copy of all applicable comprehensive general liability insurance policies, certificates, or other evidence of insurance coverage held during the life of the facility; take any actions necessary to preserve the owner or operator's rights to payment or defense under the policies; cooperate with the commissioner in asserting claims; and assign all rights under the policies to the commissioner; and

(4) until notification of acceptance is received under subdivision 3 or 4, continue to comply with all applicable postclosure care and contingency action requirements.

(b) At eligible facilities where response actions are being undertaken by a group of responsible persons, the actions in paragraph (a), clauses (2) and (4), may be completed by the responsible persons.

(c) The commissioner shall maintain separate accounting for each eligible facility regarding:

(1) the amount of financial assurance funds transferred under paragraph (a), clause (1), item (ii); and

(2) costs of response actions taken at the facility.

Subd. 2. [PROPERTY TO BE TRANSFERRED TO STATE.] The property that must be transferred under subdivision 1, paragraph (a), clause (1), item (i), is the entire property described in the most recent solid waste permit for the eligible facility, along with any easements, licenses, or other property interests owned by the owner or operator that are necessary for response actions at the facility, except:

(1) an operating waste disposal facility on the property that is permitted by the agency or for which application for a permit was made by March 1, 1994, if the fill boundary of the facility is at least 200 feet from the fill boundary of the eligible facility;

(2) land and buildings associated with facilities on the property, other than operating waste disposal facilities, that the commissioner determines are reasonably necessary for continued operation of the facilities and are not located within the fill boundary of the eligible facility;

(3) any other land the commissioner determines will not be necessary for the long-term care of the eligible facility and any anticipated response actions at the facility; and

(4) land that the owner or operator before January 1, 1994, agreed to transfer to a local unit of government and that was not used for placement of waste. Transfer of this land must be made contemporaneously with the transfer under subdivision 1, paragraph (a), clause (1), item (i).

Subd. 3. [EVALUATION AND EARLY ACCEPTANCE.] (a) By January 1, 1995, the commissioner shall:

(1) certify as accepted those eligible facilities that:

(i) the commissioner determines have met the requirements of subdivision 1 as of March 1, 1995; and

(ii) have transferred the property described in subdivision 2 and the financial assurance funds described in subdivision 1, paragraph (a), clause (1), item (ii); and

(2) notify the owners or operators of eligible facilities that are not certified under clause (1) that the owner or operator must complete all requirements under subdivision 1 by August 1, 1995, or execute a binding agreement with the commissioner by August 1, 1995, that provides for completion of those requirements.

(b) In cases where an owner or operator of an eligible facility applied for exclusion by March 1, 1995, and is subsequently notified by the commissioner that the facility did not qualify for exclusion, the commissioner shall notify the owner or operator that within 60 days the owner or operator must complete the requirements of subdivision 1 or execute a binding agreement with the commissioner that provides for completion of those requirements.

Subd. 4. [ACCEPTANCE OF OTHER FACILITIES.] For facilities not accepted under subdivision 3, paragraph (a), clause (1), within 60 days following the applicable date under subdivision 3, paragraph (a), clause (2), or paragraph (b), for completion of the requirements in subdivision 1, the commissioner shall evaluate the status of the facility and shall accept a facility that has satisfied the conditions of subdivision 1.

Subd. 5. [DEFAULT.] (a) Any of the following conditions constitutes grounds for the commissioner to declare an owner or operator in default:

(1) for an owner or operator of an eligible facility who has not entered into a binding agreement with the commissioner as required under subdivision 3, paragraph (a), clause (2), the owner's or operator's failure to complete the requirements in subdivision 1 by August 1, 1995;

(2) for an owner or operator of an eligible facility who has not entered into a binding agreement with the commissioner as required under subdivision 3, paragraph (b), the owner or operator's failure to complete the requirements in subdivision 1 within 60 days of being notified under that paragraph; or

(3) for an owner or operator of an eligible facility who has entered into a binding agreement with the commissioner under subdivision 3, paragraph (a), clause (2), or paragraph (b), the owner's or operator's failure to complete any of the terms of the binding agreement by the negotiated completion date.

(b) If an owner or operator is declared to be in default under paragraph (a), the commissioner shall:

(1) deny future permits or licenses, including renewal of existing permits or licenses, to operate a solid waste business;

(2) complete closure, postclosure, and any other necessary actions described in subdivision 8 at the facility and seek recovery of the costs under section 115B.17, subdivision 6;

(3) file liens under subdivision 6; and

(4) acquire, by eminent domain under chapter 117, the property described in the most recent permit issued by the agency for the facility, and subtract from any amount awarded the owner the commissioner's costs of closure, postclosure care, and response actions at the facility.

Subd. 6. [LIENS.] (a) The following constitute liens in favor of the state upon any real property, other than homestead property, owned by the owner or operator that is located in the state:

(1) all expenses, including expenses related to seeking cost recovery, incurred by the commissioner under subdivision 5, paragraph (b), clause (2); and

(2) all expenses incurred by responsible persons other than the owner or operator that are subject to reimbursement under section 115B.44.

(b) For the purpose of determining the amount of a lien under paragraph (a), clause (1), the commissioner shall calculate postclosure care expenses and response action costs that will be incurred in the future and discount that amount to present value.

(c) A lien under paragraph (a), clause (1), attaches when expenses are first incurred by the commissioner. A lien under paragraph (a), clause (2), attaches when the facility is declared to be in default under subdivision 5.

(d) A lien under this subdivision continues until it is satisfied or becomes unenforceable as for an environmental lien under section 514.672. Notice, filing, and release of a lien under this subdivision are governed by sections 514.671 to 514.676, except where those requirements are specific to cleanup action expenses only. Relative priority of a lien under this subdivision is governed by section 514.672, except that a lien attached to property that was included in a permit for a solid waste disposal facility takes precedence over all other liens regardless of when these liens were or are perfected. Amounts received to satisfy all or part of a lien under this subdivision must be deposited in the landfill cleanup account.

Subd. 7. [ENVIRONMENTAL RESPONSE AND LIABILITY.] (a) Except as provided in section 115B.386, sections 115B.04 and 115B.05 do not apply to environmental response or liability for environmental response at an eligible facility that is accepted under this section.

(b) The state shall defend, indemnify, and hold harmless a responsible person from liability for response costs under the Federal Superfund Act at an accepted facility.

Subd. 8. [RESPONSE TO RELEASES.] The commissioner shall conduct or contract for postclosure care at accepted facilities and take any removal or remedial action, including emergency action, related to a release of a hazardous substance, pollutant or contaminant, or decomposition gas from an accepted facility that the commissioner finds necessary to protect the public health or welfare or the environment. The commissioner may undertake detailed studies to determine the necessary response actions at individual facilities. To avoid duplication and increase administrative efficiency, the commissioner shall develop general work plans that can replace those provisions of the detailed studies that apply to facilities with similar characteristics. Before making a final determination of appropriate response actions for a facility, the commissioner shall hold at least one public informational meeting near the facility and provide for receiving and responding to comments related to the determination. The commissioner shall design, implement, and provide oversight of response actions consistent with a final determination made under this subdivision.

Subd. 9. [PRIORITY LIST.] For the purpose of preventing or responding to releases of hazardous substances, pollutants or contaminants, or decomposition gases at eligible facilities, the commissioner shall establish a priority list for eligible facilities. The list must be based on the relative risk or danger to public health or welfare or the environment, taking into account to the extent possible the population at risk, the hazardous potential of the hazardous substances at the facility, the potential for direct human contact, and the potential for destruction of sensitive ecosystems. The list must be established by January 1, 1995, and must be updated to reflect inclusion of additional eligible facilities and changing conditions at the facilities that affect priority for response actions.

Subd. 10. [DUTY TO PROVIDE INFORMATION.] Upon request by the commissioner, a person whom the commissioner has reason to believe has or may obtain information related to the ownership or operation of an eligible facility, or to the generation, composition, transportation, treatment, or disposal of waste in an eligible facility, shall furnish to the commissioner any information that is relevant to a release or threatened release at an eligible facility.

Subd. 11. [ACCESS TO INFORMATION AND PROPERTY.] The commissioner, on presentation of credentials, and at reasonable business hours, may:

(1) examine and copy any books, papers, records, memoranda, or data of any person who has a duty to provide information to the agency under subdivision 10; and

(2) enter upon any property, public or private, for the purpose of taking action authorized by this section, including obtaining information from any person who has a duty to provide the information under subdivision 10, conducting surveys or investigations, and taking response action.

Subd. 12. [ACQUISITION AND DISPOSITION OF PROPERTY.] The commissioner may acquire and dispose of other property, including easements and other forms of access to property, under section 115B.17, subdivisions 15

and 16, that the commissioner finds necessary for response actions related to an eligible facility.

Subd. 13. [INSURANCE.] The commissioner may conduct investigations to identify responsible persons at accepted facilities. At the commissioner's request, a responsible person identified under this subdivision shall provide the commissioner with a copy of all applicable comprehensive general liability insurance policies, certificates, or other evidence of insurance coverage held while the person engaged in actions making the person a potential responsible person; take any actions necessary to preserve the person's rights to payment or defense under the policies; cooperate with the commissioner in asserting claims; and assign all rights under the policies to the commissioner.

Subd. 14. [PURSUIT OF ASSIGNED INSURANCE CLAIMS.] The attorney general shall vigorously pursue all available insurance claims under rights assigned under subdivision 1, paragraph (a), clause (3), and subdivision 13 and may contract for legal services for this purpose. All money recovered under this subdivision must be credited to the landfill cleanup account.

Sec. 5. [115B.384] [EXCLUDED FACILITIES.]

Subdivision 1. [APPLICATION PROCEDURE.] Applications from eligible facilities requesting exclusion must be received by the commissioner by February 1, 1995. The owner or operator of an eligible facility that is subject to an enforcement order under section 106 of the Federal Superfund Act, as amended, may not apply for exclusion under this section. In addition to other information required by the commissioner, an application must include a disclosure of all financial assurance accounts established for the facility. Applications for exclusion shall meet the following criteria:

(1) be timely and complete;

(2) show that the operator or owner is complying with an approved financial assurance plan for the facility that is adequate to provide for closure, postclosure care, and contingency action and is complying with the agency's rules adopted under section 116.07, subdivision 4h; and

(3) demonstrate that the facility is closed or is in compliance with a closure schedule approved by the commissioner.

Subd. 2. [EVALUATION OF EXCLUSION STATUS.] Within 60 days after the commissioner has received an application for exclusion, the commissioner shall notify the owner or operator if the facility has been accepted as an excluded facility. If the commissioner finds that the facility does not satisfy the requirements for exclusion, the commissioner shall notify the owner or operator of that fact.

Subd. 3. [RESTRICTION ON USE OF PROPERTY AT EXCLUDED FACILITIES.] (a) A person may not use any property described in the most recent agency permit issued for an excluded facility in any way that disturbs the integrity of the final cover, liners, or any other components of any containment system, or the function of the facility's monitoring systems, unless the agency finds that the disturbance:

(1) is necessary to the proposed use of the property, and will not increase the potential hazard to human health or the environment; or

(2) is necessary to reduce a threat to human health or the environment.

(b) Before any transfer of ownership of property described in paragraph (a), the owner must obtain approval from the commissioner. The commissioner shall approve a transfer if the owner can demonstrate to the satisfaction of the commissioner that persons and property will not be exposed to undue risk from releases of hazardous substances or pollutants or contaminants.

(c) After obtaining approval from the commissioner, the owner shall record with the county recorder of the county in which the property is located an affidavit containing a legal description of the property that discloses to any potential transferee:

(1) that the land has been used as a mixed municipal solid waste disposal facility;

(2) the identity, quantity, location, condition, and circumstances of the disposal and any release of hazardous substances or pollutants or contaminants from the facility to the full extent known or reasonably ascertainable; and

(3) that the use of the property or some portion of it may be restricted as provided in paragraph (a).

(d) An owner must also file an affidavit within 60 days after any material change in any matter required to be disclosed under paragraph (c), clauses (1) to (3), with respect to property for which an affidavit has already been recorded. If the owner or any subsequent owner of the property removes the waste from the facility together with any residues, liner, and contaminated underlying and surrounding soil, that owner may record an affidavit indicating the removal. Failure to record an affidavit as provided in this paragraph does not affect or prevent any transfer of ownership of the property.

(e) The county recorder shall record all affidavits presented in accordance with paragraphs (c) and (d). The affidavits must be recorded in a manner that will ensure their disclosure in the ordinary course of a title search of the subject property.

Subd. 4. [CLOSURE.] If the commissioner determines that the owner or operator of an excluded facility did not complete the terms of an approved closure plan by the date in the plan, the commissioner shall complete closure at the facility and seek cost recovery under section 115B.17, subdivision 6.

Sec. 6. [115B.385] [ENFORCEMENT.]

Sections 115B.383, subdivisions 10 and 11, and 115B.384, subdivision 3, are enforceable under sections 115.071 and 116.072.

Sec. 7. [115B.386] [ILLEGAL ACTIONS AT ELIGIBLE FACILITIES.]

The commissioner may recover under section 115B.17, subdivision 6, that portion of the costs of a response action at any eligible facility attributable to a person who otherwise would be responsible for the release or threatened release under section 115B.03, and whose actions related to the release or threatened release were in violation of federal or state hazardous waste management laws in effect at the time of those actions. The commissioner's determination of the portion of the costs of a response action attributable to a person under this section, based on the volume and toxicity of waste in the facility associated with the person and other factors reasonably related to the

contribution of the person to a release or threatened release, is prima facie evidence that those costs are attributable to the person.

Sec. 8. [115B.387] [ADVISORY COMMITTEE.]

The commissioner shall establish an advisory committee whose duty is to recommend procedures for implementing the landfill cleanup program. The committee may not have more than 13 members. The membership must provide statewide representation of a cross section of interests, including land disposal facility owners and operators, local governments, businesses, environmental groups, and the general citizenry.

Sec. 9. [115B.388] [MANAGEMENT AND DISPOSAL OF ACQUIRED PROPERTY.]

Subdivision 1. [PLAN FOR LAND MANAGEMENT.] The commissioner, in consultation with the advisory committee established under section 115B.387, shall develop a site-specific plan for each facility for the long-term management and disposition of property acquired under section 115B.383, subdivision 1; within one year of completion of construction of response actions. In developing the plans, the commissioner shall consider any applicable land use plan adopted by a local unit of government. The plans must include provisions to prevent any use that disturbs the integrity of the final cover, liners, any other components of any containment system, or the function of any monitoring systems unless the commissioner finds that the disturbance:

(1) is necessary to the proposed use of the property, and will not increase the potential hazard to human health or the environment; or

(2) is necessary to reduce a threat to human health or the environment.

Subd. 2. [DISPOSAL OF PROPERTY BY THE COMMISSIONER.] (a) The commissioner shall offer to sell property acquired under section 115B.383, subdivision 1, to the person from whom the property was acquired, if the sale is consistent with the plan completed under subdivision 1. The offer is valid for 90 days. The sale price of property sold under this paragraph must be reduced by the amount of any lease payments made by the purchaser to the commissioner before the sale.

(b) The commissioner may dispose of other property acquired under section 115B.383, subdivision 1 or 6, if the disposal is consistent with the plan completed under subdivision 1.

Sec. 10. [115B.389] [RULES.]

The commissioner may adopt rules necessary to implement sections 115B.381 to 115B.388.

Sec. 11. [115B.39] [REPORT.]

By October 1 of each odd-numbered year, the commissioner shall report to the legislative commission on waste management and to the appropriate finance committees of the senate and the house of representatives on the commissioner's activities under sections 115B.381 to 115B.389.

Sec. 12. Minnesota Statutes 1993 Supplement, section 115B.42, subdivision 2, is amended to read:

Subd. 2. [EXPENDITURES.] Subject to appropriation, money in the account may be spent ~~for~~ *by the commissioner to:*

- (1) ~~inspection of~~ *inspect* mixed municipal solid waste disposal facilities to:
 - (i) evaluate the adequacy of final cover, slopes, vegetation, and erosion control;
 - (ii) determine the presence and concentration of hazardous substances, pollutants or contaminants, and decomposition gases; and
 - (iii) determine the boundaries of fill areas; ~~and~~
- (2) ~~monitor and take, or reimburse others for taking,~~ *response actions at mixed municipal solid waste disposal accepted facilities under this chapter;*
- (3) ~~engage in closure and postclosure care activities under sections 115B.383 and 115B.384;~~
- (4) ~~acquire and dispose of property under section 115B.383;~~
- (5) ~~recover costs under sections 115B.383 and 115B.384;~~
- (6) ~~administer sections 115B.381 to 115B.39 and 115B.44;~~
- (7) ~~enforce sections 115B.381 to 115B.39;~~
- (8) ~~administer the agency's groundwater and solid waste management programs; and~~
- (9) ~~reimburse persons under section 115B.44.~~

Sec. 13. [115B.44] [REIMBURSABLE PARTIES AND EXPENSES.]

Subdivision 1. [TIMING OF EXPENSES.] (a) *Response action costs at accepted facilities that were incurred before March 1, 1995, are reimbursable if they were submitted as receipts to the commissioner before June 1, 1995.*

(b) *Response action costs at accepted facilities that were incurred between March 1, 1995, and the date that the commissioner accepted the facility are reimbursable if they were submitted as receipts to the commissioner within 60 days of the facility's date of acceptance.*

Subd. 2. [REIMBURSABLE PARTIES.] *The following persons are eligible for reimbursement under this section:*

(1) *owners or operators of accepted facilities, except owners or operators that have been declared in default under section 4, subdivision 5, after the owners or operators have agreed to waive all future claims for cost recovery arising from or related to the facility and all other eligible facilities against any other persons; and*

(2) *persons, other than owners and operators, incurring response action costs under a cleanup order issued by the United States Environmental Protection Agency under section 106 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended; a request for response action; or a consent order, after the persons have:*

(i) demonstrated to the commissioner that they have returned any and all money paid to them by other parties in a cost recovery judgment or settlement or in anticipation of a cost recovery action; and

(ii) agreed to waive all future claims for cost recovery arising from or related to the facility and all other eligible facilities against any other persons.

Subd. 3. [REIMBURSABLE EXPENSES.] (a) Response action expenses that are documented with billings or other proof of project cost are eligible for reimbursement if the commissioner finds that they were reasonable and necessary under the circumstances. The commissioner may request further documentation from those requesting reimbursement if it is necessary in the commissioner's judgment.

(b) Costs required to be paid to the United States Environmental Protection Agency under section 107(a) of the Federal Superfund Act, as amended, are eligible for reimbursement under this section.

(c) The following expenses are not reimbursable, regardless of whether they were carried out under conditions of a cleanup order issued by the United States Environmental Protection Agency under section 106 of the Federal Superfund Act, as amended:

(1) administrative and legal expenses connected with response actions;

(2) any expenses attributable to normal operations of the owner or operator and requirements under a solid waste facility permit, including but not limited to characterization studies of underlying or surrounding hydrologic conditions, closure, and postclosure care; and

(3) the acquisition of real property.

Subd. 4. [REIMBURSEMENT PLAN.] The commissioner shall prepare a reimbursement plan and present it by November 1, 1995, to the legislative commission on waste management, the chairs of the senate finance committee and environment and natural resources finance division and the committees on ways and means and environment and natural resources finance of the house of representatives, and owners and operators of accepted facilities. The plan shall identify sites where reimbursement will occur and the estimated dollar amount for each site, and shall set out priorities and payment schedules.

Subd. 5. [REIMBURSEMENT TIMING.] The commissioner shall not issue reimbursement payments before November 15, 1995. The commissioner shall not issue reimbursements for expense statements filed after November 15, 1997, and shall approve or deny all reimbursement requests by November 15, 1998. The commissioner shall fully reimburse all persons eligible for reimbursement no later than five years after the date the facility was accepted under section 4, subdivision 3 or 4.

Subd. 6. [REIMBURSEMENT CEILING.] The commissioner shall not issue reimbursements in an amount exceeding \$7,000,000 per fiscal year.

ARTICLE 2

LANDFILL CLEANUP FUNDING

Section 1. [115B.45] [VOLUNTARY BUY-OUT FOR INSURERS.]

In full satisfaction of any rights assigned to the state under section 115B.383, subdivision 1, paragraph (a), clause (3), or subdivision 13, an insurer may tender to the commissioner before January 1, 1998, the voluntary buy-out amount calculated under section 115B.47. In consideration of the amount tendered to the commissioner, an insurer shall receive from the state the release and indemnification provided by section 115B.46. Any amounts received by the commissioner must be credited to the landfill cleanup account.

Sec. 2. [115B.46] [RELEASE AND INDEMNIFICATION.]

In consideration for receiving the voluntary buy-out amount calculated under section 115B.47, the state shall release, acquit, and forever discharge the insurer from all liability the insurer has, had, or may have, including but not limited to all claims and policy obligations of any kind or nature under its policies of insurance imposed under the Federal Superfund Act or this chapter at the accepted facility. The state further agrees to defend, indemnify, and hold harmless the insurer from all other claims, demands, actions, and causes of action, and from all damages, injuries, losses, contributions, indemnities, compensation, costs, attorney fees, and other expenses of any kind, whether known or unknown, fixed or contingent, whether in law or in equity, whether asserted or unasserted, whether sounding in tort or in contract, arising out of the liabilities under the Federal Superfund Act or section 115B.05 at an accepted facility.

Sec. 3. [115B.47] [VOLUNTARY BUY-OUT AMOUNT.]

Subdivision 1. [CALCULATION.] The voluntary buy-out amount for an insurer must be calculated in accordance with this section.

Subd. 2. [VOLUNTARY BUY-OUT SHARE.] An insurer's unadjusted voluntary buy-out share is equal to that insurer's combined Minnesota written premium for the commercial multiperil line of insurance for calendar years 1970 through 1985, the liability other than auto line for calendar years 1970 and 1971, and the miscellaneous liability line for calendar years 1972 through 1985, as defined by the National Association of Insurance Commissioners' annual statement instructions during the applicable periods, divided by the aggregate written premium for all insurers for these lines during these same time periods. The commissioner of commerce shall calculate the unadjusted shares for individual insurers from data published by A.M. Best for the applicable periods. The commissioner shall advise each insurer with an unadjusted share calculated pursuant to this subdivision of the amount of their unadjusted share. The commissioner shall also request from the insurers data to support an adjustment under subdivision 3 and any credits under subdivision 5. The commissioner shall so advise insurers by May 1, 1996.

Subd. 3. [ADJUSTMENTS.] An insurer may adjust its share by providing the commissioner of commerce with evidence that the insurer's Minnesota written premium liability other than auto written premium for calendar years 1970 and 1971 and miscellaneous liability for calendar years 1972 through 1985 included professional or medical malpractice insurance written premiums. The evidence may be provided by written documents or electronically imaged and reproduced documents, contemporaneous with the period of the adjustment, reflecting the insurer's professional or medical malpractice insurance written premium for these periods. The evidence may include an affidavit from an officer of the insurer testifying to the veracity of the data. An insurer's share must be adjusted by the amount of the insurer's professional or medical malpractice insurance Minnesota written premium for calendar years

1970 through 1985 subtracted from the insurer's aggregate liability other than auto and miscellaneous liability written premium for calendar years 1970 through 1985. The commissioner of commerce shall reduce the aggregate liability other than auto and miscellaneous liability written premium for all insurers by the amount of total adjustments for all insurers under this subdivision prior to the final calculation of each insurer's share. The commissioner shall recalculate each insurer's share using the method provided in subdivision 1 subject to the adjustment provided by this subdivision.

Subd. 4. [PRELIMINARY CALCULATION.] *The calculation of an insurer's preliminary voluntary buy-out amount must be equal to the multiplication of an insurer's adjusted share by the difference between \$300,000,000 and any amounts received by the state from a federal insurance trust fund.*

Subd. 5. [CREDITS.] *An insurer may receive a credit of 25 percent for each of the calendar years 1970, 1971, 1972, and 1973 that the insurer can demonstrate that sudden and accidental qualified pollution exclusions were endorsed to or included in its comprehensive general liability insurance policies issued during these years. An insurer may demonstrate that the exclusions were endorsed to the policies by providing the commissioner of commerce with an affidavit from an officer or former officer testifying as to the business practice of the insurer during the year or years in question. An insurer may obtain a 25 percent credit for each of the years 1970, 1971, 1972, and 1973 that the exclusions were endorsed to or included in these policies.*

Subd. 6. [FINAL CALCULATION.] *An insurer's voluntary buy-out amount is equal to the amount calculated under subdivision 4 for the insurer, less the amount of credits for the insurer under subdivision 5. The commissioner of commerce shall notify each insurer of its buy-out amount calculated under this section by September 30, 1996.*

Subd. 7. [NONPUBLIC DATA.] *All information obtained by the commissioner of commerce from insurers under this section is nonpublic data under section 13.02, subdivision 9.*

Subd. 8. [HEARING.] *An insurer who disagrees with the calculation of its voluntary buy-out amount may request that the commissioner of commerce reconsider an insurer requesting reconsideration shall supply the commissioner with information that supports the insurer's position within 30 days of receipt of the notification under subdivision 6. The commissioner shall reconsider the insurer's calculation based upon the information supplied within 30 days of receipt of the information. An insurer may appeal the decision of the commissioner as a contested case under chapter 14.*

Subd. 9. [MINIMUM AMOUNT.] *An insurer's voluntary buy-out amount may not be less than \$100,000.*

Subd. 10. [RULES.] *The commissioner of commerce may adopt rules to implement this section.*

Sec. 16. Laws 1992, chapter 549, article 9, section 22, is amended to read:

Sec. 22. [GROSS RECEIPTS TAX; EFFECTIVE DATE.]

Sections 1 and 16 to 21 are effective the day following final enactment. Section 4 is effective for taxable years beginning after December 31, 1992.

Section 7, subdivision 1, is effective for gross revenues generated by services performed and goods sold after December 31, 1992. Section 7, subdivisions 2 to 4, are effective for gross revenues generated by services performed and goods sold after December 31, 1993. *Section 8 is effective for hospitals and surgical centers for gross revenues generated by services performed and goods sold after December 31, 1992, except the exclusion under subdivision 1, clause (6), applies to payments for prescription drug purchases made after December 31, 1993. Section 8 is effective for health care providers for gross revenues generated by services performed and goods sold after December 31, 1993, except the exclusion under subdivision 1, clause (6), applies to payments for prescription drug purchases made after December 31, 1993.* Sections 14 and 15 are effective July 1, 1992.

Sec. 17. [CORRECTION; STATEMENT OF INTENT.]

The amendment in section 16 corrects and clarifies an effective date in the 1992 legislation enacting the gross receipts tax on hospitals and health care providers. This legislation imposed a gross receipts tax on hospitals effective January 1, 1993, and on health care providers and wholesale drug distributors effective January 1, 1994. To avoid double taxation or pyramiding of the tax burden, hospitals and health care providers were allowed an exclusion for amounts paid to wholesale drug distributors for prescription drugs. These amounts would already be taxed to the wholesale drug distributors. The section creating this exclusion did not contain an effective date. As a result, under Minnesota Statutes, section 645.02, the law may permit hospitals to deduct these amounts for prescription drugs purchased during 1993, even though no tax was imposed on the wholesale drug distributor and no double taxation or pyramiding of the tax could occur. Section 16 corrects this by providing an explicit effective date that makes it clear that the exclusion applies only after the wholesale drug distributor tax goes into effect."

The study must also include, but is not limited to:

(1) an analysis of the potential for charging motorists based upon the time of day the travel takes place and the level of congestion on the roadway;

(2) an evaluation of public acceptance and understanding of alternative road pricing options;

(3) a detailed analysis, evaluation, and quantification of the impacts of various road pricing options;

(4) a financial analysis of each road pricing option, including the implementation costs, users costs, and revenue estimates;

(5) selection of specific road pricing options for future demonstration and testing in the metropolitan area and/or statewide; and

(6) a detailed study design, schedule, and cost estimate for a draft environmental impact statement meeting appropriate state and federal requirements.

Mr. Lessard from the Committee on Environment and Natural Resources, to which was referred

H.F. No. 2010: A bill for an act relating to the environment; requiring a person who arranges for management of solid waste in an environmentally inferior manner to indemnify generators of the waste and, for a landfill, set aside a fund to pay for contamination from the landfill; proposing coding for new law in Minnesota Statutes, chapter 115A.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [115A.47] [SOLID WASTE MANAGEMENT; USE OF ENVIRONMENTALLY INFERIOR FACILITIES.]

Subdivision 1. [LEGISLATIVE FINDINGS.] The legislature finds that:

(1) public health and the environment are threatened when persons who arrange for management of solid waste choose to manage the waste in an environmentally inferior manner;

(2) historical state and local efforts to protect public health and the environment and to take responsibility for waste generated by their citizens, as encouraged under the federal Resource Conservation and Recovery Act and required under this chapter and chapter 473, are undermined when persons choose to manage waste in an environmentally inferior manner;

(3) a person who arranges for management of solid waste in an environmentally inferior manner, places generators at additional risk of liability for contamination that is likely to occur from environmentally inferior facilities and practices;

(4) as provided in section 115A.02, land disposal is the least environmentally preferred solid waste management practice, and solid waste disposal facilities that do not meet the standards for new facilities in Code of Federal Regulations, title 40, chapters 257 and 258, are environmentally inferior to facilities that do meet these standards;

(5) under federal law, land disposal facilities are not required to provide financial assurance for response costs to clean up contamination until the contamination occurs and under state rules have not been required to provide financial assurance for the total amount of potential response costs;

(6) the partial financial assurance for response costs at land disposal facilities located in the state that is required under present state rules amounts to an average of \$2.80 per cubic yard or \$9.25 per ton of waste managed at

a disposal facility that does not meet the standards for new facilities in Code of Federal Regulations, title 40, chapters 257 and 258, and 60 cents per cubic yard or \$2 per ton of waste managed at a disposal facility that does meet those standards;

(7) the potential defense costs for response actions under the federal Comprehensive Environmental Response, Compensation and Liability Act, United States Code, title 42, sections 9601 to 9675, amount to approximately 130 percent of the actual costs to respond to contamination; and

(8) it is not in the public interest, in a county that has developed a comprehensive solid waste management plan under this chapter or chapter 473 and is implementing that plan, that a solid waste generator continue to accrue liability for contamination from a waste management facility or method that is environmentally inferior to a facility or method chosen by the county for management of the waste generated in the county.

Subd. 2. [DEFINITIONS.] (a) The definitions in sections 115A.03 and 115B.02 and this subdivision apply to this section.

(b) "Arrange for management" means an activity undertaken by a person that determines the ultimate disposition of solid waste that is under the control of the person, including delivery of the waste to a transfer station for transport to another solid waste management facility. Knowledge of the destination of waste by a generator is by itself insufficient for arranging for management unless the generator knows that the destination is an environmentally inferior facility as defined in this section, has the ability to redirect the waste to an environmentally superior facility and ensure its delivery to that facility, and chooses not to redirect the waste.

(c) "Environmentally inferior" means a solid waste management method that is lower on the list of preferred waste management methods in section 115A.02 than a solid waste management method chosen by a county or, as applied to a facility, means a waste management facility that utilizes a waste management method that is lower on the list of preferred waste management methods than the waste management method chosen by a county. In addition, as applied to disposal facilities, a facility that does not meet the standards for new facilities in Code of Federal Regulations, title 40, chapters 257 and 258, is environmentally inferior to a facility that does meet these standards.

(d) "Inferior disposal facility" means a solid waste disposal facility that does not meet the standards for a new facility in Code of Federal Regulations, title 40, chapters 257 and 258.

(e) "Superior disposal facility" means a solid waste disposal facility that does meet the standards for a new facility in Code of Federal Regulations, title 40, chapters 257 and 258.

(f) "Waste management method chosen by a county" means:

(1) a waste management method that is mandated for waste generated in the county by section 115A.415, 473.848, 473.849, or other state law, or by county ordinance based on the county solid waste management plan developed, adopted, and approved under section 115A.46 or the county solid waste management master plan developed, adopted, and approved under section 473.803; or

(2) a waste management facility or facilities, developed under the county solid waste management plan or master plan, to which solid waste generated in a county is directed by an ordinance developed, adopted, and approved under sections 115A.80 to 115A.893.

Subd. 3. [INDEMNIFICATION; FINANCIAL ASSURANCE FOR LAND DISPOSAL.] (a) A person who arranges for management of solid waste at a facility that uses a primary waste management method that is environmentally inferior to the primary waste management method chosen by the county in which the waste is generated:

(1) indemnifies and holds harmless each solid waste generator whose waste is under the control of the person who arranges for management for all costs that may be assessed against the generator for response to a release from the facility of a hazardous substance or pollutant or contaminant under chapter 115B or United States Code, title 42, sections 9601 to 9675; and

(2) shall defend each generator indemnified under clause (1) against any action to recover response costs related to that facility.

(b) When the environmentally inferior facility chosen by the person who arranges for management is a disposal facility, the person shall also provide to the commissioner proof of the person's financial capability to provide for response and defense costs as required in clauses (1) and (2). For the purpose of this paragraph, "proof of financial capability" means a trust fund into which the person must pay:

(1) \$2.80 per cubic yard or \$9.25 per ton of waste delivered to an inferior disposal facility or to an intermediate facility that transfers waste to an inferior disposal facility for potential response costs at the inferior disposal facility;

(2) \$3.65 per cubic yard or \$12 per ton of waste delivered to the inferior disposal facility or to an intermediate facility that transfers waste to the inferior disposal facility for potential defense costs related to response actions at the inferior disposal facility;

(3) 60 cents per cubic yard or \$2 per ton of waste delivered to a superior disposal facility or to an intermediate facility that transfers waste to a superior disposal facility for potential response costs at the superior disposal facility; and

(4) 78 cents per cubic yard or \$2.60 per ton of waste delivered to a superior disposal facility or to an intermediate facility that transfers waste to a superior disposal facility for potential defense costs related to response actions at the superior disposal facility.

(c) Payment into a trust fund must be made on a monthly basis for use of the environmentally inferior facility or for use of intermediate facilities that transfer waste to the facility. A person that arranges for management of solid waste at more than one environmentally inferior facility that is a disposal facility may establish a single trust fund with separate accounting for each facility.

(d) The trustee of a trust required in paragraph (b) must be an entity that has the authority to act as a trustee and whose trust operations are regulated under state or federal law.

(e) *Until 30 years after closure of the facility, money in a trust fund established under paragraphs (b) and (c) may be spent only on approval of the commissioner for response and defense costs as provided in paragraph (a).*

(f) *A person subject to this subdivision shall provide a quarterly report to the commissioner that includes:*

(1) *the number of cubic yards or tons of waste for which the person arranged for management at an environmentally inferior facility during each quarter;*

(2) *the amount paid or to be paid into the trust fund each quarter;*

(3) *any request for use of money in the trust fund; and*

(4) *any other information necessary for the commissioner to adequately monitor and audit the trust fund or the need for payment from it.*

(g) *The requirements of this section that apply to an environmentally inferior facility also apply to a transfer station from which waste is primarily transferred to the facility.*

(h) *A person required to make payments to a trust fund under this subdivision shall pay to the commissioner a fee of 35 cents per cubic yard or \$1.20 per ton of waste delivered to the environmentally inferior facility. Proceeds of the fee must be credited to the environmental fund and are annually appropriated to the commissioner for implementation of this section.*

Subd. 4. [RULES.] The commissioner shall adopt rules to implement this section.

Subd. 5. [RECORD KEEPING.] A hauler of solid waste shall keep records at its central record keeping location regarding the date, amount of solid waste by cubic yard or ton, and facility to which each load of solid waste is delivered for disposal by the hauler. The hauler shall keep the records for two years and, when reasonable notice has been given, shall make the records available to the commissioner for inspection. Records inspected by the commissioner under this section are nonpublic data as defined in section 13.02, subdivision 9, and may be used solely for the purpose of enforcing this section.

Subd. 6. [ENFORCEMENT.] The commissioner may enforce this section under section 116.072.

Subd. 7. [EFFECT.] This section has no effect on the operation of an ordinance adopted under sections 115A.80 to 115A.893. Nothing in this section authorizes a person to arrange for the management of solid waste that is subject to a designation ordinance at a facility other than the designated facility or facilities."

“Section 1. Minnesota Statutes 1992, section 16B.75, is amended to read:

16B.75 [INTERSTATE COMPACT ON INDUSTRIALIZED/MODULAR BUILDINGS.]

The state of Minnesota ratifies and approves the following compact:

INTERSTATE COMPACT ON INDUSTRIALIZED/ MODULAR BUILDINGS

ARTICLE I

FINDINGS AND DECLARATIONS OF POLICY

(1) The compacting states find that:

(a) Industrialized/modular buildings are constructed in factories in the various states and are a growing segment of the nation's affordable housing and commercial building stock.

(b) The regulation of industrialized/modular buildings varies from state to state and locality to locality, which creates confusion and burdens state and local building officials and the industrialized/modular building industry.

(c) Regulation by multiple jurisdictions imposes additional costs, which are ultimately borne by the owners and users of industrialized/modular buildings, restricts market access and discourages the development and incorporation of new technologies.

(2) It is the policy of each of the compacting states to:

(a) Provide the states which regulate the design and construction of industrialized/modular buildings with a program to coordinate and uniformly adopt and administer the states' rules and regulations for such buildings, all in a manner to assure interstate reciprocity.

(b) Provide to the United States Congress assurances that would preclude the need for a voluntary preemptive federal regulatory system for modular housing, as outlined in Section 572 of the Housing and Community Development Act of 1987, including development of model standards for modular housing construction, such that design and performance will insure quality, durability and safety; will be in accordance with life-cycle cost-effective energy conservation standards; all to promote the lowest total construction and operating costs over the life of such housing.

ARTICLE II

DEFINITIONS

As used in this compact, unless the context clearly requires otherwise:

(1) "Commission" means the interstate industrialized/modular buildings commission.

(2) "Industrialized/modular building" means any building which is of closed construction, i.e. constructed in such a manner that concealed parts or processes of manufacture cannot be inspected at the site, without disassembly, damage or destruction, and which is made or assembled in manufacturing facilities, off the building site, for installation, or assembly and installation, on the building site. "Industrialized/modular building" includes, but is not limited to, modular housing which is factory-built single-family and multi-family housing (including closed wall panelized housing) and other modular, nonresidential buildings. "Industrialized/modular building" does not include any structure subject to the requirements of the National Manufactured Home Construction and Safety Standards Act of 1974.

(3) "Interim reciprocal agreement" means a formal reciprocity agreement between a noncompacting state wherein the noncompacting state agrees that labels evidencing compliance with the model rules and regulations for industrialized/modular buildings, as authorized in Article VIII, section (9), shall be accepted by the state and its subdivisions to permit installation and use of industrialized/modular buildings. Further, the noncompacting state agrees that by legislation or regulation, and appropriate enforcement by uniform administrative procedures, the noncompacting state requires all industrialized/modular building manufacturers within that state to comply with the model rules and regulations for industrialized/modular buildings.

(4) "State" means a state of the United States, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(5) "Uniform administrative procedures" means the procedures adopted by the commission (after consideration of any recommendations from the rules development committee) which state and local officials, and other parties, in one state, will utilize to assure state and local officials, and other parties, in other states, of the substantial compliance of industrialized/modular building construction with the construction standard of requirements of such other states; to assess the adequacy of building systems; and to verify and assure the competency and performance of evaluation and inspection agencies.

(6) "Model rules and regulations for industrialized/modular buildings" means the construction standards adopted by the commission (after consideration of any recommendations from the rules development committee) which govern the design, manufacture, handling, storage, delivery and installation of industrialized/modular buildings and building components. The construction standards and any amendments thereof shall conform insofar as practicable to model building codes and referenced standards generally accepted and in use throughout the United States.

ARTICLE III

CREATION OF COMMISSION

The compacting states hereby create the Interstate Industrialized/Modular Buildings Commission, hereinafter called commission. Said commission shall be a body corporate of each compacting state and an agency thereof. The commission shall have all the powers and duties set forth herein and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states.

ARTICLE IV

SELECTION OF COMMISSIONERS

The commission shall be selected as follows. As each state becomes a compacting state, one resident shall be appointed as commissioner. The commissioner shall be selected by the governor of the compacting state, being designated from the state agency charged with regulating industrialized/modular buildings or, if such state agency does not exist, being designated from among those building officials with the most appropriate responsibilities in the state. The commissioner may designate another official as an alternate to act on behalf of the commissioner at commission meetings which the commissioner is unable to attend.

Each state commissioner shall be appointed, suspended, or removed and shall serve subject to and in accordance with the laws of the state which said commissioner represents; and each vacancy occurring shall be filled in accordance with the laws of the state wherein the vacancy exists.

~~When For every three state commissioners who have been appointed in the manner described, those state commissioners shall select one additional commissioner who shall be a representative of manufacturers of industrial-residential- or commercial-use industrialized/modular buildings. When For every six state commissioners who have been appointed in the manner described, the state commissioners shall select a second one additional commissioner who shall be a representative of consumers of industrialized/modular buildings. With each addition of three state commissioners, the state commissioners shall appoint one additional representative commissioner, alternating between a representative of manufacturers of industrialized/modular buildings and consumers of industrialized/modular buildings. The ratio between state commissioners and representative commissioners shall be three to one. In the event states withdraw from the compact or, for any other reason, the number of state commissioners is reduced, the state commissioners shall remove the last added representative commissioner as necessary to maintain a the ratio of state commissioners to representative commissioners of three to one described herein.~~

Upon a majority vote of the state commissioners, the state commissioners may remove, fill a vacancy created by, or replace any representative commissioner, provided that any replacement is made from the same representative group and a ~~three to one ratio~~ the ratio described herein is maintained. Unless provided otherwise, the representative commissioners have the same authority and responsibility as the state commissioners.

In addition, the commission may have as a member one commissioner representing the United States government if federal law authorizes such representation. Such commissioner shall not vote on matters before the commission. Such commissioner shall be appointed by the President of the United States, or in such other manner as may be provided by Congress.

ARTICLE V

VOTING

Each commissioner (except the commissioner representing the United States government) shall be entitled to one vote on the commission. A majority of the commissioners shall constitute a quorum for the transaction of

business. Any business transacted at any meeting of the commission must be by affirmative vote of a majority of the quorum present and voting.

ARTICLE VI

ORGANIZATION AND MANAGEMENT

The commission shall elect annually, from among its members, a chairman, a vice chairman and a treasurer. The commission shall also select a secretariat, which shall provide an individual who shall serve as secretary of the commission. The commission shall adopt a seal.

The commission shall adopt bylaws, rules, and regulations for the conduct of its business, and shall have the power to amend and rescind these bylaws, rules, and regulations.

The commission shall establish and maintain an office at the same location as the office maintained by the secretariat for the transaction of its business and may meet at any time, but in any event must meet at least once a year. The chairman may call additional meetings and upon the request of a majority of the commissioners of three or more of the compacting states shall call an additional meeting.

The commission annually shall make the governor and legislature of each compacting state a report covering its activities for the preceding year. Any donation or grant accepted by the commission or services borrowed shall be reported in the annual report of the commission and shall include the nature, amount and conditions, if any, of the donation, gift, grant or services borrowed and the identity of the donor or lender. The commission may make additional reports as it may deem desirable.

The executive committee will ensure that proper procedures are followed in implementing the commission's programs and in carrying out the activities of the compact. The executive committee shall be elected by vote of the commission. It shall be comprised of at least three and no more than nine commissioners, selected from ~~those commissioners who are representatives of the governor of their respective state~~ *the state commissioners and one member of the industry commissioners and one member of the consumer commissioners.*

Committee members will include state building regulatory officials; manufacturers of industrialized/modular buildings; private, third-party inspection agencies; and consumers. This committee may

recommend procedures which state and local officials, and other parties, in one state, may utilize to assure state and local officials, and other parties, in other states, of the substantial compliance of industrialized/modular building construction with the construction standard requirements of such other states; to assess the adequacy of building systems; and to verify and assure the competency and performance of evaluation and inspection agencies. This committee may also recommend construction standards for the design, manufacture, handling, storage, delivery and installation of industrialized/modular buildings and building components. The committee will submit its recommendations to the commission, for the commission's consideration in adopting and amending the uniform administrative procedures and the model rules and regulations for industrialized/modular buildings. The committee may also review the regulatory programs of the compacting states to determine whether those programs are consistent with the uniform administrative procedures or the model rules and regulations for industrialized/modular buildings and may make recommendations concerning the states' programs to the commission. In carrying out its functions, the rules committee may conduct public hearings and otherwise solicit public input and comment.

(6) Assist and support the compacting states with monitoring of plan review programs and inspection programs, which will assure that the compacting states have the benefit of uniform industrialized/modular building plan review and inspection programs.

(7) Assist and support organizations which train state and local government and other program personnel in the use of uniform industrialized/modular building plan review and inspection programs.

(8) Encourage and promote coordination of state regulatory action relating to manufacturers, public or private inspection programs.

(9) Create and sell labels to be affixed to industrialized/modular building units, constructed in or regulated by compacting states, where such labels will evidence compliance with the model rules and regulations for industrialized/modular buildings, enforced in accordance with the uniform administrative procedures. The commission may use receipts from the sale of labels to help defray the operating expenses of the commission.

(10) Assist and support compacting states' investigations into and resolutions of consumer complaints which relate to industrialized/modular buildings constructed in one compacting state and sited in another compacting state.

(11) Borrow, accept or contract for the services of personnel from any state or the United States or any subdivision or agency thereof, from any interstate agency, or from any institution, association, person, firm or corporation.

The commission shall submit to the governor or designated officer or officers of each compacting state a budget of its estimated expenditures for such period as may be required by the laws of that state for presentation to the legislature thereof.

Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amounts to be appropriated by each of the compacting states. The total amount of appropriations requested under any such budget shall be apportioned among the compacting states as follows: one-half in equal shares; one-fourth among the compacting states in accordance with the ratio of their populations to the total population of the compacting states, based on the last decimal federal census; and one-fourth among the compacting states in accordance with the ratio of industrialized/

modular building units manufactured in each state to the total of all units manufactured in all of the compacting states.

The commission shall not pledge the credit of any compacting state. The commission may meet any of its obligations in whole or in part with funds available to it by donations, grants, or sale of labels: provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it by donations, grants or sale of labels, the commission shall not incur any obligation prior to the allotment of funds by the compacting states adequate to meet the same.

Any compacting state may withdraw from this compact by enacting a statute repealing the same. No withdrawal shall affect any liability already incurred by or chargeable to a compacting state prior to the time of such withdrawal.

ARTICLE XI

RECIPROCITY

If the commission determines that the standards for industrialized/modular buildings prescribed by statute, rule or regulation of compacting state are at least equal to the commission's model rules and regulations for industrialized/modular buildings, and that such state standards are enforced by the compacting state in accordance with the uniform administrative procedures, industrialized/modular buildings approved by such a compacting state shall be deemed to have been approved by all the compacting states for placement in those states in accordance with procedures prescribed by the commission.

ARTICLE XII

EFFECT ON OTHER LAWS AND JURISDICTION

Nothing in this compact shall be construed to:

(1) Withdraw or limit the jurisdiction of any state or local court or administrative officer or body with respect to any person, corporation or other

entity or subject matter, except to the extent that such jurisdiction pursuant to this compact, is expressly conferred upon another agency or body.

(2) Supersede or limit the jurisdiction of any court of the United States.

The commissioner of administration shall study the current state and local oversight of manufactured housing and manufactured home parks, the regulation of manufactured housing and manufactured home parks, and the statewide enforcement of state laws on manufactured housing and manufactured home parks. Based on the findings, the commissioner shall recommend to the committees of the house of representatives and senate having primary jurisdiction on issues related to the recommendations by January 10, 1995, a plan to consolidate administrative responsibilities, regulatory duties, and enforcement of regulations for manufactured housing and manufactured home parks. In conducting the study, the commissioner shall consult with other state agencies, manufactured home park residents, associations representing manufactured home park residents, manufactured home park owners, associations representing park owners, local governments, and associations representing local governments. State agencies shall cooperate with the commissioner in conducting the study and developing the recommendations. State agencies shall provide any information necessary to complete the study as required under this section. The study shall include:

(1) an inventory of the responsibilities for manufactured homes by agency and level of government including, but not limited to, manufactured home construction and installation standards, licensing of parks, brokers, dealers, and installers, manufactured home park standards, emergency weather procedures, other public safety concerns, consumer protection, and sales of manufactured housing;

(2) an assessment of delegated powers, and the effect, if any, of delegation on statewide standards and statewide application of manufactured housing laws;

(5) an evaluation of how accessible and understandable the current system of administration and regulation is for residents of manufactured homes, park owners, local governments, and state and local officials.

The proposal must present a plan to coordinate the administration, regulation, and enforcement of laws on manufactured housing and manufactured home parks so that the services are delivered in a way that increases public safety and confidence, increases administrative efficiency, reduces costs, eliminates duplication of services, promotes access for residents and park owners, increases clarity in the system, and promotes accountability.

Sec. 3. [APPROPRIATION.]

\$. is appropriated from the general fund to the department of health for transfer to the management analysis division of the department of administration for the manufacturing housing study under section 2. This appropriation is available until June 30, 1995.

financial interest in the outcome of the research recommended or performed by the task force.

The commission shall appoint a representative from the scientific community to serve as liaison between the commission and the task force.

Subd. 2. [PRELIMINARY RESEARCH ASSESSMENT.] The task force shall conduct a preliminary assessment and report to the commission by January 1, 1995, on the need for research projects to identify and examine the potential for and actual effects on dairy cow production and animal health of current in the earth, originating from the utility distribution systems and other sources.

If the task force finds a need for research, it shall frame and recommend to the commission a specific research question on questions and the design, scope, and estimated cost of further research.

The commission shall order research based on the task force report and available funds.

Subd. 3. [SPECIFIC DUTIES.] The task force shall:

Subd. 7. [EXPIRATION.] The task force expires June 30, 1996.

Sec. 2. [SURVEY OF FACILITIES.]

The public utilities commission shall determine the age and condition of electric distribution facilities in the state. The task force shall determine the extent to which these facilities use the earth as a conductor of electric current, whether intentionally or unintentionally, and shall study the risks to dairy animal health and welfare associated with the practice of bonding distribution system conductors to the earth using research conducted under section 1. At the recommendation of the task force, the commission may order the production of any records, maps, plans, or any other documents, testimony, or recollections, relating to stray voltage, ground current, or similar phenomenon, of any owner or operator of any distribution facility or any employee of any owner or operator or any other person with knowledge related to the issue of using the earth to conduct electric current. The stray voltage assessment team under the direction of the executive secretary shall investigate the electrical aspects of an alleged stray voltage problem either through the use of additional in-house staff or through contract services with independent investigators. The team must be responsive to the individual complaints of farmers and any issues in dispute between the farmer and the utility and address potential stray voltage problems including assessment of utility distribution lines. The department of agriculture shall, under contract with the commission, either directly or under contract, provide for nonelectrical aspects of the team's investigations. Nonelectrical activities may include providing advice on farm management and financial aid opportunities, a determination of the adequacy of veterinary care, and a definition of specific herd problems that may exist. A farmer experienced in stray voltage problems must be part of a nonelectrical investigation. A report on these activities shall be provided to the utility, farmer, and the commission. The reports of the assessment team shall be advisory only.

Sec. 5. [ASSESSMENT.]

(a) To provide funding for activities required under this act, the public utilities commission and the department of public service shall assess a total of up to \$1,160,000 under Minnesota Statutes, section 216B.62, against public and municipal utilities providing electrical service and cooperative electric associations. The assessment must be deposited in the general fund. The

assessment is not subject to the limits prescribed under Minnesota Statutes, section 216B.62, subdivision 3.

Sec. 15. Minnesota Statutes 1993 Supplement, section 144.335, subdivision 3a, is amended to read:

Subd. 3a. [PATIENT CONSENT TO RELEASE OF RECORDS; LIABILITY.] (a) A provider, or a person who receives health records from a provider, may not release a patient's health records to a person without a signed and dated consent from the patient or the patient's legally authorized representative authorizing the release, unless the release is specifically authorized by law. Except as provided in paragraph (c), a consent is valid for one year or for a lesser period specified in the consent or for a different period provided by law.

(b) This subdivision does not prohibit the release of health records for a medical emergency when the provider is unable to obtain the patient's consent due to the patient's condition or the nature of the medical emergency.

(c) Notwithstanding paragraph (a), if a patient explicitly gives informed consent to the release of health records for the purposes and pursuant to the restrictions in clauses (1) and (2), the consent does not expire after one year for:

(ii) further use or release of the records in individually identifiable form to a person other than the patient without the patient's consent is prohibited; and

(iii) the recipient establishes adequate safeguards to protect the records from unauthorized disclosure, including a procedure for removal or destruction of information that identifies the patient.

(d) Until June 1, 1994 1996, paragraph (a) does not prohibit the release of health records to qualified personnel solely for purposes of medical or scientific research, if the patient has not objected to a release for research purposes and the provider who releases the records makes a reasonable effort to determine that:

(ii) the use or disclosure in individually identifiable form is necessary to accomplish the research or statistical purpose for which the use or disclosure is to be made;

(iii) the recipient has established and maintains adequate safeguards to protect the records from unauthorized disclosure, including a procedure for removal or destruction of information that identifies the patient; and

(iv) further use or release of the records in individually identifiable form to a person other than the patient without the patient's consent is prohibited.

(f) Upon the written request of a spouse, parent, child, or sibling of a patient being evaluated for or diagnosed with mental illness, a provider shall inquire of a patient whether the patient wishes to authorize a specific individual to receive information regarding the patient's current and proposed course of treatment. If the patient so authorizes, the provider shall communicate to the designated individual the patient's current and proposed course of treatment. Paragraph (a) applies to consents given under this paragraph.

(d) The commissioner does not have access to coroner or medical examiner data that are part of an active investigation as described in section 13.83.

Subd. 3. [MANAGEMENT OF RECORDS.] After the commissioner has collected all data about a subject of a fetal, infant, or maternal death study needed to perform the study, the data from source records obtained under subdivision 2, other than data identifying the subject, must be transferred to separate records to be maintained by the commissioner. Notwithstanding section 138.17, after the data have been transferred, all source records obtained under subdivision 2 in the hands of the commissioner must be destroyed.

Subd. 8. [SPECIAL REQUIREMENTS FOR HEALTH-RELATED LICENSING BOARDS.] In addition to the provisions of this section that apply to all examining and licensing boards, the requirements in this subdivision apply to all health-related licensing boards, except the board of veterinary medicine.

(a) If the executive director or consulted board member determines that a communication received alleges a violation of statute or rule that involves sexual contact with a patient or client, the communication shall be forwarded to the designee of the attorney general for an investigation of the facts alleged in the communication. If, after an investigation it is the opinion of the executive director or consulted board member that there is sufficient evidence to justify disciplinary action, the board shall conduct a disciplinary conference or hearing. If, after a hearing or disciplinary conference the board determines that misconduct involving sexual contact with a patient or client occurred, the board shall take disciplinary action. Notwithstanding subdivision 2, a board may not attempt to correct improper activities or redress grievances through education, conciliation, and persuasion, unless in the opinion of the executive director or consulted board member there is insufficient evidence to justify disciplinary action. The board may settle a case by stipulation prior to, or during, a hearing if the stipulation provides for disciplinary action.

(b) In addition to the information required under section 214.07, subdivision 1, each board shall include in its reports to the legislature summaries of each individual case that involved possible sexual contact with a patient or client. The summary must include a description of the alleged misconduct; the general results of the investigation; the nature of board activities relating to that case; the disposition of the case; and the reasons for board decisions concerning the disposition of the case. The information disclosed under this section must not include the name or specific identifying information about any person, agency, or organization.

(c) A board member who has a direct current or former financial connection or professional relationship to a person who is the subject of board disciplinary activities must not participate in board activities relating to that case.

(d) Each health-related licensing board shall establish procedures for exchanging information with ~~may forward to~~ other Minnesota state boards, agencies, and departments responsible for licensing health-related occupations, facilities, and programs, and for coordinating investigations involving matters within the jurisdiction of more than one licensing body. The procedures must provide for the forwarding to other licensing bodies of all information and evidence, including the results of investigations, that are relevant to matters within that licensing body's regulatory jurisdiction or political subdivisions private or confidential data in its possession about a person regulated by the board, provided the data relate to the licensure power of the regulatory authority of the receiving entity. Another board, agency, department, or political subdivision may forward to a board information in its possession that relates to the regulatory authority of the requesting board. The forwarded data have the same classification under chapter 13 or other statute within the entity receiving the data as the data have within the entity forwarding the data. Investigations involving matters relating to the regulatory authority of more than one entity may be coordinated by the entities involved. Each health-related licensing board shall have access to any data of the department of human services relating to a person subject to the jurisdiction of the licensing board. The data shall have the same classification under ~~sections 13.04 to 13.88~~ chapter 13, the Minnesota government data practices act, in the hands of the agency receiving the data as it had in the hands of the department of human services. *This paragraph does not apply to data collected pursuant to section 13.38 or 214.17 to 214.25.*

The procedures must provide for the collection of information from other states about disciplinary actions taken against persons who are licensed to practice in Minnesota or who have applied to be licensed in this state and the dissemination of information to other states regarding disciplinary actions taken in Minnesota may forward to regulatory authorities in other states and federal agencies private or confidential data in its possession regarding a regulated person, provided the data relate to the licensure power of the regulatory authority of the other state or federal agency. Each board shall collect information from other state or federal agencies about persons credentialed by the board in this state or who have applied for a credential in this state. In addition to any authority in this subdivision or in chapter 13 permitting the dissemination of data, the board may, in its discretion, disseminate private or confidential data to other states or federal agencies regardless of its classification under chapter 13 or other statute. Before transferring any data that is not public, the board shall obtain reasonable assurances from the receiving state or federal agency that the data will not be made public.

Sec. 20. [245.041] [PROVISION OF FIREARMS BACKGROUND CHECK INFORMATION.]

Notwithstanding section 253B.23, subdivision 9, the commissioner of human services shall provide commitment information to local law enforcement agencies through the Minnesota crime information system for the sole purpose of facilitating a firearms background check under section 624.7131, 624.7132, or 624.714. Sec. 23. Minnesota Statutes 1992, section 253B.23, subdivision 4, is amended to read:

Subd. 4. [IMMUNITY.] All persons acting in good faith, upon either actual knowledge or information thought by them to be reliable, who act pursuant to any provision of this chapter or who procedurally or physically assist in the commitment of any individual, pursuant to this chapter, are not subject to any civil or criminal liability under this chapter. Any privilege otherwise existing between patient and physician ~~or between~~, patient and examiner, ~~or patient and social worker~~, is waived as to any physician ~~or~~, examiner, ~~or social worker~~ who provides information with respect to a patient pursuant to any provision of this chapter.

The disposition order must be maintained in the student's permanent education record but may not be released outside of the school, other than another secondary school to which the juvenile is transferring. Upon receipt of a disposition order under this subdivision, the school shall notify the juvenile's parents or legal guardian of their right to request a special education assessment or evaluation.

(c) The county attorney shall maintain a record of disposition orders released under this subdivision and the basis for the release. The disposition order must be destroyed when the juvenile graduates from the school or when the juvenile court records from which the order is derived may be destroyed, whichever date is earlier.

Sec. 26. Minnesota Statutes 1992, section 260.161, subdivision 2, is amended to read:

Subd. 2. [PUBLIC INSPECTION LIMITATIONS.] Except as otherwise provided in this subdivision and in subdivision 1 section, and except for legal records arising from proceedings that are public under section 260.155,

subdivision 1, none of the records of the juvenile court and none of the records relating to an appeal from a nonpublic juvenile court proceeding, except the written appellate opinion, shall be open to public inspection or their contents disclosed except (a) by order of a court or (b) as required by sections 245A.04, 611A.03, 611A.04, 611A.06, and 629.73. The records of juvenile probation officers and county home schools are records of the court for the purposes of this subdivision. Court services data relating to delinquent acts that are contained in records of the juvenile court may be released as allowed under section 13.84, subdivision 5a. This subdivision applies to all proceedings under this chapter, including appeals from orders of the juvenile court, except that this subdivision does not apply to proceedings under section 260.255, 260.261, or 260.315 when the proceeding involves an adult defendant. The court shall maintain the confidentiality of adoption files and records in accordance with the provisions of laws relating to adoptions. In juvenile court proceedings any report or social history furnished to the court shall be open to inspection by the attorneys of record and the guardian ad litem a reasonable time before it is used in connection with any proceeding before the court.

When a judge of a juvenile court, or duly authorized agent of the court, determines under a proceeding under this chapter that a child has violated a state or local law, ordinance, or regulation pertaining to the operation of a motor vehicle on streets and highways, except parking violations, the judge or agent shall immediately report the violation to the commissioner of public safety. The report must be made on a form provided by the department of public safety and must contain the information required under section 169.95.

Sec. 27. Minnesota Statutes, 1993 Supplement, section 260.161, subdivision 3, is amended to read:

Subd. 3. [PEACE OFFICER RECORDS OF CHILDREN.] (a) Except for records relating to an offense where proceedings are public under section 260.155, subdivision 1, peace officers' records of children who are or may be delinquent or who may be engaged in criminal acts shall be kept separate from records of persons 18 years of age or older and are private data but shall be disseminated: (1) by order of the juvenile court, (2) as required by section 126.036, (3) as authorized under section 13.82, subdivision 2, (4) to the child or the child's parent or guardian unless disclosure of a record would interfere with an ongoing investigation, or (5) as provided in paragraph (d). Except as provided in paragraph (c), no photographs of a child taken into custody may be taken without the consent of the juvenile court unless the child is alleged to have violated section 169.121 or 169.129. Peace officers' records containing data about children who are victims of crimes or witnesses to crimes must be administered consistent with section 13.82, subdivisions 2, 3, 4, and 10. Any person violating any of the provisions of this subdivision shall be guilty of a misdemeanor.

In the case of computerized records maintained about juveniles by peace officers, the requirement of this subdivision that records about juveniles must be kept separate from adult records does not mean that a law enforcement agency must keep its records concerning juveniles on a separate computer system. Law enforcement agencies may keep juvenile records on the same computer as adult records and may use a common index to access both juvenile and adult records so long as the agency has in place procedures that keep juvenile records in a separate place in computer storage and that comply with the special data retention and other requirements associated with protecting data on juveniles.

(b) Nothing in this subdivision prohibits the exchange of information by law enforcement agencies if the exchanged information is pertinent and necessary to the requesting agency in initiating, furthering, or completing a criminal investigation.

(c) A photograph may be taken of a child taken into custody pursuant to section 260.165, subdivision 1, clause (b), provided that the photograph must be destroyed when the child reaches the age of 19 years. The commissioner of corrections may photograph juveniles whose legal custody is transferred to the commissioner. Photographs of juveniles authorized by this paragraph may be used only for institution management purposes, case supervision by parole agents, and to assist law enforcement agencies to apprehend juvenile offenders. The commissioner shall maintain photographs of juveniles in the same manner as juvenile court records and names under this section.

(d) Traffic investigation reports are open to inspection by a person who has sustained physical harm or economic loss as a result of the traffic accident. Identifying information on juveniles who are parties to traffic accidents may be disclosed as authorized under section 13.82, subdivision 4, and accident reports required under section 169.09 may be released under section 169.09, subdivision 13, unless the information would identify a juvenile who was taken into custody or who is suspected of committing an offense that would be a crime if committed by an adult, or would associate a juvenile with the offense, and the offense is not a minor traffic offense under section 260.193.

(e) A law enforcement agency may notify the principal or chief administrative officer of a juvenile's school of an incident occurring within the agency's jurisdiction if the agency has probable cause to believe that the juvenile has committed an offense that would be a crime if committed as an adult, that the victim of the offense is a student or staff member of the school, and that notice to the school is reasonably necessary for the protection of the victim.

Sec. 28. Minnesota Statutes 1992, section 260.161, is amended by adding a subdivision to read:

Subd. 5. [FURTHER RELEASE OF RECORDS.] A person who receives access to juvenile court or peace officer records of children that are not accessible to the public may not release or disclose the records to any other person except as authorized by law. This subdivision does not apply to the child who is the subject of the records or the child's parent or guardian.

(a) A husband cannot be examined for or against his wife without her consent, nor a wife for or against her husband without his consent, nor can either, during the marriage or afterwards, without the consent of the other, be examined as to any communication made by one to the other during the

marriage. This exception does not apply to a civil action or proceeding by one against the other, nor to a criminal action or proceeding for a crime committed by one against the other or against a child of either or against a child under the care of either spouse, nor to a criminal action or proceeding in which one is charged with homicide or an attempt to commit homicide and the date of the marriage of the defendant is subsequent to the date of the offense, nor to an action or proceeding for nonsupport, neglect, dependency, or termination of parental rights.

(b) An attorney cannot, without the consent of the attorney's client, be examined as to any communication made by the client to the attorney or the attorney's advice given thereon in the course of professional duty; nor can any employee of the attorney be examined as to the communication or advice, without the client's consent.

(c) A member of the clergy or other minister of any religion shall not, without the consent of the party making the confession, be allowed to disclose a confession made to the member of the clergy or other minister in a professional character, in the course of discipline enjoined by the rules or practice of the religious body to which the member of the clergy or other minister belongs; nor shall a member of the clergy or other minister of any religion be examined as to any communication made to the member of the clergy or other minister by any person seeking religious or spiritual advice, aid, or comfort or advice given thereon in the course of the member of the clergy's or other minister's professional character, without the consent of the person.

(d) A licensed physician or surgeon, dentist, or chiropractor shall not, without the consent of the patient, be allowed to disclose any information or any opinion based thereon which the professional acquired in attending the patient in a professional capacity, and which was necessary to enable the professional to act in that capacity; after the decease of the patient, in an action to recover insurance benefits, where the insurance has been in existence two years or more, the beneficiaries shall be deemed to be the personal representatives of the deceased person for the purpose of waiving this privilege, and no oral or written waiver of the privilege shall have any binding force or effect except when made upon the trial or examination where the evidence is offered or received.

(e) A public officer shall not be allowed to disclose communications made to the officer in official confidence when the public interest would suffer by the disclosure.

(f) Persons of unsound mind and persons intoxicated at the time of their production for examination are not competent witnesses if they lack capacity to remember or to relate truthfully facts respecting which they are examined.

(g) A registered nurse, psychologist or consulting psychologist, or licensed social worker shall not, without the consent of the professional's client, be allowed to disclose any information or opinion based thereon which the professional has acquired in attending the client in a professional capacity, and which was necessary to enable the professional to act in that capacity. *The exception for social workers does not apply to testimony, records, or other evidence relating to a social worker's role as a court-appointed examiner, a probation officer, or an investigator employed by the state or a political subdivision.*

(h) An interpreter for a person handicapped in communication shall not, without the consent of the person, be allowed to disclose any communication if the communication would, if the interpreter were not present, be privileged. For purposes of this section, a "person handicapped in communication" means a person who, because of a hearing, speech or other communication disorder, or because of the inability to speak or comprehend the English language, is unable to understand the proceedings in which the person is required to participate. The presence of an interpreter as an aid to communication does not destroy an otherwise existing privilege.

(i) Licensed chemical dependency counselors shall not disclose information or an opinion based on the information which they acquire from persons consulting them in their professional capacities, and which was necessary to enable them to act in that capacity, except that they may do so:

(1) when informed consent has been obtained in writing, except in those circumstances in which not to do so would violate the law or would result in clear and imminent danger to the client or others;

(2) when the communications reveal the contemplation or ongoing commission of a crime; or

(3) when the consulting person waives the privilege by bringing suit or filing charges against the licensed professional whom that person consulted.

(j) A parent or the parent's minor child may not be examined as to any communication made in confidence by the minor to the minor's parent. A communication is confidential if made out of the presence of persons not members of the child's immediate family living in the same household. This exception may be waived by express consent to disclosure by a parent entitled to claim the privilege or by the child who made the communication or by failure of the child or parent to object when the contents of a communication are demanded. This exception does not apply to a civil action or proceeding by one spouse against the other or by a parent or child against the other, nor to a proceeding to commit either the child or parent to whom the communication was made or to place the person or property or either under the control of another because of an alleged mental or physical condition, nor to a criminal action or proceeding in which the parent is charged with a crime committed against the person or property of the communicating child, the parent's spouse, or a child of either the parent or the parent's spouse, or in which a child is charged with a crime or act of delinquency committed against the person or property of a parent or a child of a parent, nor to an action or proceeding for termination of parental rights, nor any other action or proceeding on a petition alleging child abuse, child neglect, abandonment or nonsupport by a parent.

(k) Sexual assault counselors may not be compelled to testify about any opinion or information received from or about the victim without the consent of the victim. However, a counselor may be compelled to identify or disclose information in investigations or proceedings related to neglect or termination of parental rights if the court determines good cause exists. In determining whether to compel disclosure, the court shall weigh the public interest and need for disclosure against the effect on the victim, the treatment relationship, and the treatment services if disclosure occurs. Nothing in this clause exempts sexual assault counselors from compliance with the provisions of sections 626.556 and 626.557.

“Sexual assault counselor” for the purpose of this section means a person who has undergone at least 40 hours of crisis counseling training and works under the direction of a supervisor in a crisis center, whose primary purpose is to render advice, counseling, or assistance to victims of sexual assault.

(l) A person cannot be examined as to any communication or document, including worknotes, made or used in the course of or because of mediation pursuant to an agreement to mediate. This does not apply to the parties in the dispute in an application to a court by a party to have a mediated settlement agreement set aside or reformed. A communication or document otherwise not privileged does not become privileged because of this paragraph. This paragraph is not intended to limit the privilege accorded to communication during mediation by the common law.

(m) A child under ten years of age is a competent witness unless the court finds that the child lacks the capacity to remember or to relate truthfully facts respecting which the child is examined. A child describing any act or event may use language appropriate for a child of that age.

The financial report shall contain financial statements and disclosures which present the true financial condition of the relief association and the results of relief association operations in conformity with generally accepted accounting principles and in compliance with the regulatory, financing and funding provisions of this chapter and any other applicable laws. The financial report shall be countersigned by the municipal clerk or clerk-treasurer of the municipality in which the relief association is located if the relief association is a firefighters' relief association which is directly associated with a municipal fire department or is a police relief association, or countersigned by the secretary of the independent nonprofit firefighting corporation and by the municipal clerk or clerk-treasurer of the largest municipality in population which contracts with the independent nonprofit firefighting corporation if the relief association is a subsidiary of an independent nonprofit firefighting corporation;

extend the deadline. The state auditor may accept this report in lieu of the report required in clause (b).

Sec. 2. Minnesota Statutes 1992, section 69.773, subdivision 4, is amended to read:

Subd. 4. [FINANCIAL REQUIREMENTS OF THE SPECIAL FUND.] Prior to August 1 of each year, the officers of the relief association shall determine the financial requirements of the special fund of the relief association in accordance with the requirements of this subdivision. The financial requirements of the relief association shall be based on the most recent actuarial valuation of the special fund prepared in accordance with subdivision 2. If the relief association has an unfunded actuarial accrued liability as reported in the most recent actuarial valuation, the financial requirements shall be determined by adding the figures calculated pursuant to clauses (a), (b), and (c). If the relief association does not have an unfunded actuarial accrued liability as reported in the most recent actuarial valuation, the financial requirements shall be an amount equal to the figure calculated pursuant to clauses (a) and (b), *reduced by an amount equal to one-tenth of the amount of any assets in excess of the actuarial accrued liability of the relief association.* The determination of whether or not the relief association has an unfunded actuarial accrued liability shall be based on the current market value of assets for which a market value is readily ascertainable and the cost or book value, whichever is applicable, for assets for which no market value is readily ascertainable.

(a) The normal level cost requirement for the following year, expressed as a dollar amount, shall be the figure for the normal level cost of the relief association as reported in the actuarial valuation.

(b) The amount of anticipated future administrative expenses of the special fund shall be calculated by multiplying the dollar amount of the administrative expenses of the special fund for the most recent year by the factor of 1.035.

(c) The amortization contribution requirement to retire the current unfunded actuarial accrued liability by the established date for full funding shall be the figure for the amortization contribution as reported in the actuarial valuation. If there has not been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the special fund, a change in the bylaws of the relief association governing the service pensions, retirement benefits, or both payable from the special fund or a change in the actuarial cost method used to value all or a portion of the special fund which change or changes, which by themselves without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability of the special fund since December 31, 1970, the established date for full funding shall be December 31, 1990. If there has been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the special fund, a change in the bylaws of the relief association governing the service pensions, retirement benefits, or both payable from the special fund or a change in the actuarial cost method used to value all or a portion of the special fund and the change or changes, by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability of the special fund since December 31, 1970, but prior to January 1, 1979, the established date for full funding shall be December 31, 1998, and if there has been a change since December 31, 1978, the established date for full funding shall be determined using the following procedure:

(i) the unfunded actuarial accrued liability of the special fund shall be determined in accordance with the provisions governing service pensions, retirement benefits, and actuarial assumptions in effect before an applicable change;

(ii) the level annual dollar contribution needed to amortize this unfunded actuarial accrued liability amount by the date for full funding in effect prior to the change shall be calculated using the interest assumption specified in section 356.215, subdivision 4d, in effect before any applicable change;

(iii) the unfunded actuarial accrued liability of the special fund shall be determined in accordance with any new provisions governing service pensions, retirement benefits, and actuarial assumptions and the remaining provisions governing service pensions, retirement benefits, and actuarial assumptions in effect before an applicable change;

(iv) the level annual dollar contribution needed to amortize the difference between the unfunded actuarial accrued liability amount calculated pursuant to subclause (i) and the unfunded actuarial accrued liability amount calculated pursuant to subclause (iii) over a period of 20 years starting December 31 of the year in which the change is effective shall be calculated using the interest assumption specified in section 356.215, subdivision 4d, in effect after any applicable change;

(v) the annual amortization contribution calculated pursuant to subclause (iv) shall be added to the annual amortization contribution calculated pursuant to subclause (ii);

(vi) the period in which the unfunded actuarial accrued liability amount determined in subclause (iii) will be amortized by the total annual amortization contribution computed pursuant to subclause (v) shall be calculated using the interest assumption specified in section 356.215, subdivision 4d, in effect after any applicable change, rounded to the nearest integral number of years, but which shall not exceed a period of 20 years from the end of the year in which the determination of the date for full funding using this procedure is made and which shall not be less than the period of years beginning in the year in which the determination of the date for full funding using this procedure is made and ending by the date for full funding in effect before the change.

(vii) the period determined pursuant to subclause (vi) shall be added to the date as of which the actuarial valuation was prepared and the resulting date shall be the new date for full funding.

The state auditor shall agree to waive the withholding of all state aid required by this subdivision for a volunteer firefighters' relief association governed by sections 69.77 or 69.771 to 69.775, if the relief association certifies to the state auditor that neither the association nor the association's financial institution or investment advisor has the records necessary to comply with the reporting requirement for each quarter for the fiscal years of the pension fund ending during calendar years 1991 to 1993, provided that the association agrees to comply with all reporting requirements for all subsequent years. ADMINISTRATIVE PROCESS

Section 1. [518.551] [ADMINISTRATIVE PROCESS FOR CHILD AND MEDICAL SUPPORT ORDERS.]

Subdivision 1. [GENERAL.] (a) An administrative process is established to obtain, modify, and enforce child and medical support orders and maintenance.

(b) Effective July 1, 1994, all counties shall participate in the administrative process established in this section in accordance with a statewide implementation plan to be set forth by the commissioner of human services. The implementation plan shall include provisions for training the counties by region no later than July 1995.

Subd. 2. [UNCONTESTED ADMINISTRATIVE PROCEEDING.] (a) All actions commenced by the public authority under this section shall be brought within the uncontested administrative proceeding. A party may petition the chief administrative law judge, the chief district court judge, or the chief family court referee to proceed immediately to a contested hearing upon good cause shown. A party may also request in writing that the public authority begin an uncontested administrative proceeding.

(b) The public authority shall give the parties written notice requesting the submission of information necessary for the public authority to prepare a proposed child support order. The written notice shall be sent by first-class mail to the parties' last known addresses. The written notice shall describe the information requested, state the purpose of the request, state the date by which the information must be postmarked or received (which shall be at least 30 days from the date of the mailing of the written notice), state that if the information is not postmarked or received by that date, the public authority will prepare a proposed order on the basis of the information available, and identify the type of information which will be considered.

(c) Following the submission of information or following the date when the information was due, the public authority shall, on the basis of all information available, complete and sign a proposed child support order and notice. In preparing the proposed child support order, the public authority will establish child support in the highest amount permitted under section 518.551, subdivision 5. The proposed order shall include written findings in accordance with section 518.551, subdivision 5, clauses (i) and (j). The notice shall state that the proposed child support order will be entered as a final and binding default order unless one of the parties requests a conference under subdivision 3 within 14 days following the date of service of the proposed child support order. The method for requesting the conference shall be stated in the notice. The notice and proposed child support order shall be served

either personally or by certified mail. The public authority shall prepare and retain an affidavit of service. For the purposes of the contested hearing, and notwithstanding any rule to the contrary, the service of the proposed order pursuant to this paragraph shall be deemed to have commenced a civil action and the judge, including an administrative law judge or a referee, shall have jurisdiction over the contested hearing.

(d) If a conference under subdivision 3 is not requested by a party within 14 days after the date of service of the proposed child support order, the public authority may enter the proposed order as the default order. The default order becomes effective 30 days after the date of service of the notice in paragraph (c). The public authority may also prepare and serve a new notice and proposed child support order if new information is subsequently obtained. The default child support order shall be a final order, and shall be served personally or by first-class mail.

(e) The public authority shall file in the district court copies of the notice served on the parties, all relevant documents sent to or received from the parties, proof of service, and the proposed child support order. The order is effective upon the signature by the court and is retroactive to the date of signature by the public authority.

(f) If a party requests an administrative review, and the public authority denies the request, the public authority shall issue a summary order which denies the request for relief, states the reasons for the denial, and notifies the person of the right to commence an action for relief. If the party commences an action within 30 days from the public authority's denial and the party's action results in a modification of a child support order, the modification may be retroactive to the date the written request was received by the public authority.

Subd. 3. [ADMINISTRATIVE CONFERENCE.] (a) If a party requests a conference within 14 days of the date of service of the proposed order, the public authority shall schedule a conference, and shall serve written notice of the date, time, and place of the conference on the parties.

(b) The purpose of the conference is to review all available information and seek an agreement to enter a consent child support order. The notice shall state the purpose of the conference, and that the proposed child support order will be entered as a final and binding default order if the requesting party fails to appear at the conference. The notice shall be served on the parties by first-class mail at their last known addresses, and the method of service shall be documented in the public authority file.

(c) A party alleging domestic abuse by the other party shall not be required to participate in a conference. In such a case, the public authority shall meet separately with the parties in order to determine whether an agreement can be reached.

(d) If the party requesting the conference does not appear and fails to provide a reasonable excuse, the public authority may enter a default child support order through the uncontested administrative process.

(e) If the parties appear at the conference, the public authority may seek agreement of the parties to the entry of a consent child support order which establishes child support in accordance with applicable law. The public authority shall advise the parties that if a consent order is not entered, the

matter will be scheduled for a hearing before an administrative law judge, or a district court judge or referee, and that the public authority will seek the establishment of child support at the hearing in accordance with the highest amount permitted under section 518.551, subdivision 5. The public authority shall schedule the matter before an administrative law judge, district court judge, or referee.

(f) If an agreement is reached by the parties at the conference, a consent child support order shall be prepared by the public authority, and shall be signed by the parties. All consent and default orders shall be signed by the public authority and shall be submitted to an administrative law judge or the district court for countersignature. The consent order shall be served on the parties either personally or by first-class mail, and shall be filed in district court, along with an affidavit of service.

Subd. 4. [CONTESTED ADMINISTRATIVE PROCEEDING.] (a) The commissioner of human services is authorized to designate counties that are not in compliance with federal child support guidelines to use contested administrative proceedings. The contested administrative hearing process may also be initiated upon request of a county board. The administrative hearing process shall be implemented in counties designated by the commissioner.

(b) Nothing contained herein shall prevent a party, upon timely notice to the public authority, from bringing a motion for the establishment, modification, or enforcement of child support or maintenance orders in district court if additional issues involving domestic abuse, establishment or modification of custody or visitation, or property issues, or other issues outside the jurisdiction of the administrative process, are part of the motion or action, or if a motion or action brought by another party containing one or more of these issues is pending in district court. The matter may be decided in district court if the public authority is a party or provides services to a party if a motion for child support is pending in court.

(c) Contested proceedings commenced by the public authority or in which the public authority is a party, shall be heard by an administrative hearing officer in the following cases:

(1) establishing, modifying, or enforcing child support;

(2) establishing, modifying, or enforcing medical support;

(3) modifying maintenance, if combined with child support or medical support issues; or

(4) adjudicating uncontested parentage.

(1) adjudication of contested parentage;

(2) motions to set aside a paternity adjudication, declaration, or recognition of parentage;

(3) evidentiary hearing on contempt motions; or

(4) motions to sentence or to revoke the stay of a jail sentence in contempt proceedings.

(e) An administrative law judge may approve a stipulation reached on a contempt motion brought by the public authority. Any stipulation that involves a finding of contempt and a jail sentence, whether stayed or imposed, shall require the review and signature of a district court judge.

(f) For the purpose of this process, all powers, duties, and responsibilities conferred on judges of the district court to obtain and enforce child and medical support and maintenance obligations, subject to the limitation set forth herein, are conferred on the administrative law judge conducting the proceedings, including the power to issue subpoenas for the production of documents, to issue orders to show cause, and to issue bench warrants for failure to appear.

(g) Before implementing the process in a county, the chief administrative law judge, the commissioner of human services, the director of the county human services agency, the county attorney, the county court administrator, and the county sheriff shall jointly establish procedures, and the county shall provide hearing facilities for implementing this process in the county. A contested administrative hearing shall be conducted in a courtroom, if one is available, or a conference or meeting room with at least two exits and of sufficient size to permit adequate physical separation of the parties. Security personnel shall either be present during the administrative hearings, or be available to respond to a request for emergency assistance.

(h) The contested administrative hearings shall be conducted under the rules of the office of administrative hearings, Minnesota Rules, parts 1400.7100 to 1400.7500, 1400.7700, and 1400.7800, as adopted by the chief administrative law judge. Other aspects of the case, including, but not limited to, pleadings, discovery, and motions, shall be conducted under the rules of family court, the rules of civil procedure, and chapter 518.

(i) Pursuant to a contested administrative hearing, the administrative law judge shall make findings of fact, conclusions, and a final decision and issue an order. Orders issued by an administrative law judge are enforceable by the contempt powers of the district courts.

(j) The decision and order of the administrative law judge is appealable to the court of appeals in the same manner as a decision of the district court.

Subd. 5. [NONATTORNEY AUTHORITY.] Nonattorney employees of the public authority responsible for child support may prepare, sign, serve, and file complaints, motions, notices, and proposed orders for obtaining, modifying, or enforcing child and medical support orders, maintenance orders, orders establishing paternity, and related documents. The nonattorney may also conduct prehearing conferences, and participate in proceedings before an administrative law judge. This activity shall not be considered to be the unauthorized practice of law. After the commencement of the administrative process, the public authority and the administrative law judge shall each have the authority to issue subpoenas for the production of documents.

Subd. 6. [PUBLIC AUTHORITY LEGAL ADVISOR.] At all stages of the administrative process prior to the contested hearing, the county attorney, or other attorney under contract, shall act as the legal advisor for the public authority, but shall not play an active role in the review of information and the preparation of default and consent orders.

Subd. 7. [COSTS ASSOCIATED WITH THE ADMINISTRATIVE PROCESS.] The commissioner of human services shall distribute money for this purpose to counties to cover the costs of the administrative process, including the salaries of administrative law judges. If available appropriations are insufficient to cover the costs, the commissioner shall prorate the amount among the counties.

Subd. 8. [TRAINING AND RESTRUCTURING.] The commissioner of human services shall provide training to child support officers and other employees of the public authority involved in the administrative process. The commissioner of human services shall prepare simple and easy to understand forms for all notices and orders prescribed in this subdivision, and the public authority shall use them. The commissioner of human services, in consultation with the commissioner's advisory committee for child support enforcement, shall continue to develop and implement a plan to restructure the administrative process, specifically the contested hearings.

Sec. 4. Minnesota Statutes 1993 Supplement, section 518.14, is amended to read:

518.14 [COSTS AND DISBURSEMENTS AND; ATTORNEY FEES; COLLECTION COSTS.]

Subdivision 1. [GENERAL.] Except as provided in subdivision 2, in a proceeding under this chapter, the court shall award attorney fees, costs, and disbursements in an amount necessary to enable a party to carry on or contest the proceeding, provided it finds:

(1) that the fees are necessary for the good-faith assertion of the party's rights in the proceeding and will not contribute unnecessarily to the length and expense of the proceeding;

(2) that the party from whom fees, costs, and disbursements are sought has the means to pay them; and

(3) that the party to whom fees, costs, and disbursements are awarded does not have the means to pay them.

Nothing in this section precludes the court from awarding, in its discretion, additional fees, costs, and disbursements against a party who unreasonably contributes to the length or expense of the proceeding. Fees, costs, and disbursements provided for in this section may be awarded at any point in the

proceeding, including a modification proceeding under sections 518.18 and 518.64. The court may adjudge costs and disbursements against either party. The court may authorize the collection of money awarded by execution, or out of property sequestered, or in any other manner within the power of the court. An award of attorney's fees made by the court during the pendency of the proceeding or in the final judgment survives the proceeding and if not paid by the party directed to pay the same may be enforced as above provided or by a separate civil action brought in the attorney's own name. If the proceeding is dismissed or abandoned prior to determination and award of attorney's fees, the court may nevertheless award attorney's fees upon the attorney's motion. The award shall also survive the proceeding and may be enforced in the same manner as last above provided.

Subd. 2. [ENFORCEMENT OF CHILD SUPPORT.] (a) A child support obligee is entitled to recover from the obligor reasonable attorney fees and other collection costs incurred to enforce a child support judgment, as provided in this subdivision. Written notice must be provided by any obligee contracting with an attorney or collection entity to enforce a child support judgment to the public authority responsible for child support enforcement, if the public authority is a party or provides services to a party, within five days of signing a contract for services and within five days of receiving any payments received on a child support judgment. Attorney fees and collection costs obtained under this subdivision are considered child support and entitled to the applicable remedies for collection and enforcement of child support. The obligee shall serve notice of the obligee's intent to recover attorney fees and collections costs by certified or registered mail on the obligor at the obligor's last known address. The notice must include an itemization of the attorney fees and collection costs being sought by the obligee and inform the obligor that the fees and costs will become an additional judgment for child support unless the obligor requests a hearing on the reasonableness of the fees and costs within 20 days of mailing of the notice.

(b) If the obligor requests a hearing, the only issue to be determined by the court is whether the attorney fees or collection costs were reasonably incurred by the obligee for the enforcement of a child support judgment against the obligor. The fees and costs may be based on an hourly rate, or on a percentage of the child support arrearages not to exceed 30 percent. The court may modify the amount of attorney fees and costs as appropriate and shall enter judgment accordingly.

(c) If the obligor fails to request a hearing within 20 days of mailing of the notice under paragraph (a), the amount of the attorney fees or collection costs requested by the obligee in the notice automatically becomes an additional judgment for child support.

(d) The commissioner of human services shall prepare and make available to the court and the parties forms for use in providing for notice and requesting a hearing under this subdivision. The rulemaking provisions of chapter 14 do not apply to the forms.

Sec. 5. Minnesota Statutes 1993 Supplement, section 518.171, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] (a) Every child support order must expressly assign or reserve the responsibility for maintaining medical insurance for the minor children and the division of uninsured medical and dental costs. The

court shall order the party with the better group dependent health and dental insurance coverage or health insurance plan to name the minor child as beneficiary on any health and dental insurance plan that is comparable to or better than a number two qualified plan and available to the party on:

(i) a group basis; or

(ii) through an employer or union; or

(iii) through a group health plan governed under the ERISA and included within the definitions relating to health plans found in section 62A.011, 62A.048, or 62E.06, subdivision 2.

“Health insurance” or “health insurance coverage” as used in this section means coverage that is comparable to or better than a number two qualified plan as defined in section 62E.06, subdivision 2. “Health insurance” or “health insurance coverage” as used in this section does not include medical assistance provided under chapter 256, 256B, or 256D.

(b) If the court finds that dependent health or dental insurance is not available to the obligor or obligee on a group basis or through an employer or union, or that the group insurer insurance is not accessible to the obligee, the court may require the obligor (1) to obtain other dependent health or dental insurance, (2) to be liable for reasonable and necessary medical or dental expenses of the child, or (3) to pay no less than \$50 per month to be applied to the medical and dental expenses of the children or to the cost of health insurance dependent coverage.

(c) If the court finds that the available dependent health or dental insurance does not pay all the reasonable and necessary medical or dental expenses of the child, including any existing or anticipated extraordinary medical expenses, and the court finds that the obligor has the financial ability to contribute to the payment of these medical or dental expenses, the court shall require the obligor to be liable for all or a portion of the medical or dental expenses of the child not covered by the required health or dental plan. Medical and dental expenses include, but are not limited to, necessary orthodontia and eye care, including prescription lenses.

(d) If the obligor is employed by a self-insured employer subject only to the federal Employee Retirement Income Security Act (ERISA) of 1974, and the insurance benefit plan meets the above requirements, the court shall order the obligor to enroll the dependents within 30 days of the court order effective date or be liable for all medical and dental expenses occurring while coverage is not in effect. If enrollment in the ERISA plan is precluded by exclusionary clauses, the court shall order the obligor to obtain other coverage or make payments as provided in paragraph (b) or (c).

(e) Unless otherwise agreed by the parties and approved by the court, if the court finds that the obligee is not receiving public assistance for the child and has the financial ability to contribute to the cost of medical and dental expenses for the child, including the cost of insurance, the court shall order the obligee and obligor to each assume a portion of these expenses based on their proportionate share of their total net income as defined in section 518.54, subdivision 6.

(f) (e) Payments ordered under this section are subject to section 518.611.

An obligee who fails to apply payments received to the medical expenses of the dependents may be found in contempt of this order.

Sec. 6. Minnesota Statutes 1993 Supplement, section 518.171, subdivision 6, is amended to read:

Subd. 6. [~~INSURER PLAN REIMBURSEMENT; CORRESPONDENCE AND NOTICE.~~] (a) The signature of the custodial parent of the insured dependent is a valid authorization to ~~the insurer~~ a health or dental insurance plan for purposes of processing an insurance reimbursement payment to the provider of the medical services or to the custodial parent if medical services have been prepaid by the custodial parent.

(b) The ~~insurer~~ health or dental insurance plan shall send copies of all correspondence regarding the insurance coverage to both parents. When an order for dependent insurance coverage is in effect and the obligor's employment is terminated, or the insurance coverage is terminated, the ~~insurer~~ health or dental insurance plan shall notify the obligee within ten days of the termination date with notice of conversion privileges.

Sec. 7. Minnesota Statutes 1993 Supplement, section 518.551, subdivision 5, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. The notice must contain the full names of the parties to the proceeding, their social security account numbers, and their birth dates. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support stipulation of the parties if each party is represented by independent counsel, unless the stipulation does not meet the conditions of paragraph (i). In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom. The court may also order the obligor to pay child support in the form of a percentage share of the obligor's net bonuses, commissions, or other forms of compensation, in addition to, or if the obligor receives no base pay, in lieu of, an order for a specific dollar amount.

(b) The court shall derive a specific dollar amount for child support by multiplying the obligor's net income by the percentage indicated by the following guidelines:

Net Income Per Month of Obligor	Number of Children						
	1	2	3	4	5	6	7 or more
\$550 and Below	Order based on the ability of the obligor to provide support at these income levels, or at higher levels, if the obligor has the earning ability.

or the amount
in effect under
paragraph (k)

Guidelines for support for an obligor with a monthly income in excess of the income limit currently in effect under paragraph (k) shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income equal to the limit in effect.

Net Income defined as:

Total monthly
income less

- *(i) Federal Income Tax
- *(ii) State Income Tax
- (iii) Social Security Deductions
- (iv) Reasonable Pension Deductions

*Standard
Deductions apply-
use of tax tables
recommended

- (v) Union Dues
- (vi) Cost of Dependent Health Insurance Coverage
- (vii) Cost of Individual or Group Health/Hospitalization Coverage or an Amount for Actual Medical Expenses
- (viii) A Child Support or Maintenance Order that is Currently Being Paid.

“Net income” does not include:

(1) the income of the obligor’s spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor’s living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(i) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(ii) the party demonstrates, and the court finds, that:

(A) the excess employment began after the filing of the petition for dissolution;

(B) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(C) the excess employment is voluntary and not a condition of employment;

(D) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(E) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

The court shall review the work-related and education-related child care costs of the custodial parent paid and shall allocate the costs to each parent in proportion to each parent's income after the transfer of child support and spousal maintenance, unless the allocation would be substantially unfair to either parent. The cost of child care for purposes of this section paragraph is determined by subtracting the amount of any federal and state income tax credits available to a parent from 75 percent of the actual cost paid for child care, to reflect the approximate value of state and federal tax credits available to the custodial parent. The amount allocated for child care expenses is considered child support but is not subject to a cost-of-living adjustment under section 518.641. The amount allocated for child care expenses terminates when the child care costs end. The court may allow the noncustodial parent to care for the child while the custodial parent is working if this arrangement is reasonable and in the best interests of the child.

(c) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support or in determining whether to deviate from the guidelines:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph (b), clause (2)(ii);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it;

(5) the parents' debts as provided in paragraph (d); and

(6) the obligor's receipt of assistance under sections 256.72 to 256.87 or 256B.01 to 256B.40.

(d) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

(e) Any schedule prepared under paragraph (d), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

(f) Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

(g) If payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(h) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(i) The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the amount of support calculated under the guidelines, the reasons for the deviation, and shall specifically address the criteria in paragraph (b) and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.

(j) If the child support payments are assigned to the public agency under section 256.74, the court may not deviate downward from the child support guidelines unless the court specifically finds that the failure to deviate downward would impose an extreme hardship on the obligor.

(k) The dollar amount of the income limit for application of the guidelines must be adjusted on July 1 of every even-numbered year to reflect cost-of-living changes. The supreme court shall select the index for the adjustment from the indices listed in section 518.641. The state court administrator shall make the changes in the dollar amount required by this paragraph available to courts and the public on or before April 30 of the year in which the amount is to change.

Sec. 8. [518.575] [PUBLICATION OF NAMES OF DELINQUENT CHILD SUPPORT OBLIGORS.]

Once each quarter the department of human services shall publish at government bid rates in the newspaper of widest circulation in each county a list of name and last known address of each person who (1) is a child support

obligor, (2) resides in the county, (3) is at least \$3,000 in arrears, and (4) has made only partial child support payments that total less than 25 percent of the amount of child support owed for the last 12 months including any payments made through the interception of federal or state taxes. An obligor's name may not be published if the obligor claims in writing, and the department of human services determines, there is good cause for the nonpayment of child support. The list must be based on the best information available to the state at the time of publication.

Before publishing the name of the obligor, the department of human services shall send a notice to the obligor's last known address which states the department's intention to publish the obligor's name and the amount of child support the obligor owes. The notice must also provide an opportunity to have the obligor's name removed from the list by paying the arrearage or by entering into an agreement to pay the arrearage, and the final date when the payment or agreement can be accepted.

Sec. 9. Minnesota Statutes 1993 Supplement, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] (a) The terms of an order respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87 or 256B.01 to 256B.40; (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair; (5) extraordinary medical expenses of the child not provided for under section 518.171; or (6) the addition or elimination of work-related or education-related child care expenses of the obligee or a substantial increase or decrease in existing work-related or education-related child care expenses.

It is presumed that there has been a substantial change in circumstances under clause (1), (2), or (4) and the terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least \$50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall apply section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

- (i) the excess employment began after entry of the existing support order;
- (ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

(e) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.

(f) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

Sec. 10. Minnesota Statutes 1993 Supplement, section 518.68, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT.] Every court order ~~for~~ or judgment and decree that provides for child support, spousal maintenance, custody, or visitation must contain certain notices as set out in subdivision 2. The information in the notices must be concisely stated in plain language. The notices must be in clearly legible print, but may not exceed two pages. An order or judgment and decree without the notice remains subject to all statutes. The court may waive all or part of the notice required under subdivision 2 relating to parental rights under section 518.17, subdivision 3, if it finds it is necessary to protect the welfare of a party or child.

Sec. 11. Minnesota Statutes 1993 Supplement, section 518.68, subdivision 2, is amended to read:

Subd. 2. [CONTENTS.] The required notices must be substantially as follows:

IMPORTANT NOTICE

1. PAYMENTS TO PUBLIC AGENCY

Pursuant to Minnesota Statutes, section 518.551, subdivision 1, payments ordered for maintenance and support must be paid to the public agency responsible for child support enforcement as long as the person entitled to receive the payments is receiving or has applied for public assistance or has applied for support and maintenance collection services. MAIL PAYMENTS TO:

2. DEPRIVING ANOTHER OF CUSTODIAL OR PARENTAL RIGHTS—A FELONY

A person may be charged with a felony who conceals a minor child or takes, obtains, retains, or fails to return a minor child from or to the child's parent (or person with custodial or visitation rights), pursuant to Minnesota Statutes, section 609.26. A copy of that section is available from any district court clerk.

3. RULES OF SUPPORT, MAINTENANCE, VISITATION

(a) Payment of support or spousal maintenance is to be as ordered, and the giving of gifts or making purchases of food, clothing, and the like will not fulfill the obligation.

(b) Payment of support must be made as it becomes due, and failure to secure or denial of rights of visitation is NOT an excuse for nonpayment, but the aggrieved party must seek relief through a proper motion filed with the court.

(c) *Nonpayment of support is not grounds to deny visitation. The party entitled to receive support may apply for support and collection services, file a contempt motion, or obtain a judgment as provided in Minnesota Statutes, section 548.091.*

(d) The payment of support or spousal maintenance takes priority over payment of debts and other obligations.

(~~d~~) (e) A party who remarries after dissolution and accepts additional obligations of support does so with the full knowledge of the party's prior obligation under this proceeding.

(~~e~~) (f) Child support or maintenance is based on annual income, and it is the responsibility of a person with seasonal employment to budget income so that payments are made throughout the year as ordered.

(g) *If there is a layoff or a pay reduction, support stays at the same level until modified by the court. The court is not permitted to reduce support retroactively, except as provided in Minnesota Statutes, section 518.64, subdivision 2, paragraph (c).*

4. PARENTAL RIGHTS FROM MINNESOTA STATUTES, SECTION 518.17, SUBDIVISION 3

Unless otherwise provided by the Court:

Presentation of a copy of this order to the custodian of a record or other information about the minor children constitutes sufficient authorization for the release of the record or information to the requesting party.

(b) Each party shall keep the other informed as to the name and address of the school of attendance of the minor children. Each party has the right to be informed by school officials about the children's welfare, educational progress and status, and to attend school and parent teacher conferences. The school is not required to hold a separate conference for each party.

(d) Each party has the right of reasonable access and telephone contact with the minor children.

5. WAGE AND INCOME DEDUCTION OF SUPPORT AND MAINTENANCE

Child support and/or spousal maintenance may be withheld from income, with or without notice to the person obligated to pay, when the conditions of Minnesota Statutes, sections 518.611 and 518.613, have been met. A copy of those sections is available from any district court clerk.

6. CHANGE OF ADDRESS OR RESIDENCE

Unless otherwise ordered, the person responsible to make support or maintenance payments shall notify the person entitled to receive the payment and the public authority responsible for collection, if applicable, of a change of address or residence within 60 days of the address or residence change.

7. COST OF LIVING INCREASE OF SUPPORT AND MAINTENANCE

Child support and/or spousal maintenance may be adjusted every two years based upon a change in the cost of living (using Department of Labor Consumer Price Index; unless otherwise specified in this order) when the conditions of Minnesota Statutes, section 518.641, are met. Cost of living increases are compounded. A copy of Minnesota Statutes, section 518.641, and forms necessary to request or contest a cost of living increase are available from any district court clerk.

8. JUDGMENTS FOR UNPAID SUPPORT

If a person fails to make a child support payment, the payment owed becomes a judgment against the person responsible to make the payment by operation of law on or after the date the payment is due, and the person entitled to receive the payment or the public agency may obtain entry and docketing of the judgment **WITHOUT NOTICE** to the person responsible to make the payment under Minnesota Statutes, section 548.091. *Interest*

begins to accrue on a payment or installment of child support whenever the unpaid amount due is greater than the current support due, pursuant to Minnesota Statutes, section 548.091, subdivision 1a.

9. JUDGMENTS FOR UNPAID MAINTENANCE

A judgment for unpaid spousal maintenance may be entered when the conditions of Minnesota Statutes, section 548.091, are met. A copy of that section is available from any district court clerk.

10. MEDICAL INSURANCE AND EXPENSES

Sec. 13. Minnesota Statutes 1992, section 548.091, subdivision 2a, is amended to read:

Subd. 2a. [DOCKETING OF CHILD SUPPORT JUDGMENT.] On or after the date an unpaid amount becomes a judgment by operation of law under subdivision 1a, the obligee or the public authority may file with the court administrator:

(1) a statement identifying, or a copy of, the judgment or decree of dissolution or legal separation, determination of parentage, order under chapter 518C, an order under section 256.87, or an order under section 260.251, which provides for installment or periodic payments of child support, *or a judgment or notice of attorney fees and collection costs under section 518.14, subdivision 2;*

Sec. 14. [MINNESOTA CHILD SUPPORT ASSURANCE PROGRAM.]

Subdivision 1. [AUTHORIZATION TO DESIGN DEMONSTRATION.] The commissioner of human services, in consultation with the commissioners of education, finance, jobs and training, health, and planning, the director of the higher education coordinating board, and the attorney general, is authorized to proceed with planning and designing the Minnesota child support assurance program. The plan and design shall include an assessment of the feasibility of the state guaranteeing a minimum level of support from a noncustodial parent and shall further provide that the state will provide that level of support to the child in instances where it is not provided by the child's noncustodial parent. The program plan shall specifically provide that any benefits received by a family under the Minnesota child support assurance program will reduce benefits paid to the family through the aid to families with dependent children program on a dollar-for-dollar basis. The program plan shall also provide that the receipt of child support assurance benefits does not negatively affect any existing eligibility for child care assistance under existing programs.

Subd. 2. [GOALS OF THE MINNESOTA CHILD SUPPORT ASSURANCE PROGRAM.] The commissioner shall design the program to meet the following goals:

(1) to support parents in their efforts to provide financial support for their children;

(2) to encourage parents to meet their legal obligations of support;

(3) to prevent long-term dependence on public assistance; and

(4) to allow the state to compare the cost-effectiveness and the efficacy of child support assurance to the Minnesota family investment program in attempting to restructure the existing system of public assistance.

Subd. 3. [PROGRAM DATA.] As part of planning and designing the Minnesota child support assurance program, the commissioner shall study and make recommendations on:

(1) the amount of the guaranteed child support assurance benefit;

(2) the anticipated reduction in the aid to families with dependent children caseload which should result from the implementation of a child support assurance program;

(3) the anticipated cost of the program on a demonstration basis; and

(4) the selection of counties to serve as field trial or comparison sites based on criteria which will ensure reliable evaluation of the program. This selection shall be made so that an adverse impact on the Minnesota family investment program is avoided.

The commissioner shall report the findings and recommendations to the legislature by January 15, 1995.

Subd. 4. [FEDERAL WAIVERS.] The commissioner shall seek authority from the United States Congress to implement the Minnesota child support assurance project on a demonstration basis. The commissioner shall seek waivers of all applicable federal requirements of United States Code, title 7, section 2011 et seq., and title 42, sections 601 et seq. and 1396 et seq., as needed to implement the Minnesota child support assurance program in a manner consistent with the goals of the program. The commissioner shall seek terms from the federal government that are consistent with the goals of the Minnesota child support assurance program. The commissioner shall also seek terms from the federal government that will maximize federal financial participation so that the extra costs to the state of implementing the program are minimized, to the extent that those terms are consistent with the goals of the Minnesota child support assurance program.

Sec. 15. [REPORT TO LEGISLATURE.]

The department of human services shall report to the legislature in January 1996, in the department of human services annual report to the legislature, the fiscal implications of the program under Minnesota Statutes, section 518.575, including related costs and savings.

Sec. 16. [EFFECTIVE DATE; APPLICATION.]

Sections 2, 8, and 15 are effective January 1, 1995.

Section 4 is effective August 1, 1994, and apply to attorney fees and collection costs incurred on and after that date, regardless of when the arrearages accrued.

Section 6 is effective retroactive to July 1, 1993.

ARTICLE 3

MISCELLANEOUS FAMILY LAW

Section 1. Minnesota Statutes 1992, section 518.11, is amended to read:

518.11 [SERVICE; PUBLICATION.]

(a) Unless a proceeding is brought by both parties, copies of the summons and petition shall be served on the respondent personally.

(b) When service is made out of this state and within the United States, it may be proved by the affidavit of the person making the same. When service is made without the United States it may be proved by the affidavit of the person making the same, taken before and certified by any United States minister, charge d'affaires, commissioner, consul or commercial agent, or other consular or diplomatic officer of the United States appointed to reside in such country, including all deputies or other representatives of such officer authorized to perform their duties; or before an officer authorized to administer an oath with the certificate of an officer of a court of record of the country wherein such affidavit is taken as to the identity and authority of the officer taking the same. ~~But,~~

(c) If personal service cannot be made, the court may order service of the summons by ~~publication, which publication shall be made as in other actions.~~ alternate means. The application for alternate service must include the last known location of the respondent; the petitioner's most recent contacts with the respondent; the last known location of the respondent's employment; the

names and locations of the respondent's parents, siblings, children, and other close relatives; the names and locations of other persons who are likely to know the respondent's whereabouts; and a description of efforts to locate those persons.

The court shall consider the length of time the respondent's location has been unknown, the likelihood that the respondent's location will become known, the nature of the relief sought, and the nature of efforts made to locate the respondent. The court shall order service by first class mail, forwarding address requested, to any addresses where there is a reasonable possibility that mail or information will be forwarded or communicated to the respondent.

The court may also order publication, within or without the state, but only if it might reasonably succeed in notifying the respondent of the proceeding. Also, the court may require the petitioner to make efforts to locate the respondent by telephone calls to appropriate persons. Service shall be deemed complete 21 days after mailing or 21 days after court-ordered publication.

Sec. 2. [518.158] [GRANDPARENT EX PARTE TEMPORARY CUSTODY ORDER.]

Subdivision 1. [FACTORS.] The procedure in subdivision 2 applies if a minor child has resided with a grandparent for a period of 12 months or more and the following circumstances exist:

(1) the parent has willfully had no contact with the child on a regular basis and no demonstrated, consistent participation in the child's well-being for six months; or

(2) the parent, during the time the child resided with the grandparent, has willfully refused or neglected to comply with the duties imposed upon the parent by the parent and child relationship, including but not limited to providing the child necessary food, clothing, shelter, health care, education, and other care and control necessary for the child's physical, mental, or emotional health and development.

Subd. 2. [EMERGENCY CUSTODY HEARING.] If the parent seeks to remove the child from the home of the grandparent and the factors in subdivision 1 exist, the grandparent may apply for an ex parte temporary order for custody of the child. The court shall grant temporary custody if it finds, based on the application, that the factors in subdivision 1 exist. An ex parte temporary custody order under this subdivision is good for a fixed period not to exceed 14 days. A temporary custody hearing under this chapter must be set for not later than seven days after issuance of the ex parte temporary custody order. The parent must be promptly served with a copy of the ex parte order and the petition and notice of the date for the hearing.

Subd. 3. [FURTHER PROCEEDINGS.] If the court orders temporary custody to the grandparent under subdivision 2, it shall determine further temporary and permanent custody of the child pursuant to a petition under this chapter and the other standards and procedures of this chapter apply. This section does not affect any rights or remedies available under other law.

Sec. 3. Minnesota Statutes 1992, section 518.17, subdivision 1, is amended to read:

Subdivision 1. [THE BEST INTERESTS OF THE CHILD.] (a) "The best interests of the child" means all relevant factors to be considered and evaluated by the court including:

- (1) the wishes of the child's parent or parents as to custody;
- (2) the reasonable preference of the child, if the court deems the child to be of sufficient age to express preference;
- (3) the child's primary caretaker;
- (4) the intimacy of the relationship between each parent and the child;
- (5) the interaction and interrelationship of the child with a parent or parents, siblings, and any other person who may significantly affect the child's best interests;
- (6) the child's adjustment to home, school, and community;
- (7) the length of time the child has lived in a stable, satisfactory environment and the desirability of maintaining continuity;
- (8) the permanence, as a family unit, of the existing or proposed custodial home;
- (9) the mental and physical health of all individuals involved; except that a disability, as defined in section 363.01, of a proposed custodian or the child shall not be determinative of the custody of the child, unless the proposed custodial arrangement is not in the best interest of the child;
- (10) the capacity and disposition of the parties to give the child love, affection, and guidance, and to continue educating and raising the child in the child's culture and religion or creed, if any;
- (11) the child's cultural background; ~~and~~
- (12) the effect on the child of the actions of an abuser, if related to domestic abuse, as defined in section 518B.01, that has occurred between the parents; *and*
- (13) *the disposition of each parent to encourage and permit contact by the other parent with the child, in order to encourage each parent's ability to maintain a close and continuing relationship with the child.*

The court may not use one factor to the exclusion of all others. The primary caretaker factor may not be used as a presumption in determining the best interests of the child. The court must make detailed findings on each of the factors and explain how the factors led to its conclusions and to the determination of the best interests of the child.

(b) The court shall not consider conduct of a proposed custodian that does not affect the custodian's relationship to the child.

Sec. 4. Minnesota Statutes 1992, section 518B.01, subdivision 8, is amended to read:

Subd. 8. [SERVICE OF ORDER; ALTERNATE SERVICE; PUBLICATION.] (a) *The petition and any order issued under this section shall be personally served upon on the respondent personally.*

(b) When service is made out of this state and in the United States, it may be proved by the affidavit of the person making the service. When service is made outside the United States, it may be proved by the affidavit of the person making the service, taken before and certified by any United States minister, charge d'affaires, commissioner, consul, or commercial agent, or other consular or diplomatic officer of the United States appointed to reside in the other country, including all deputies or other representatives of the officer authorized to perform their duties; or before an office authorized to administer an oath with the certificate of an officer of a court of record of the country in which the affidavit is taken as to the identity and authority of the officer taking the affidavit.

(c) If personal service cannot be made, the court may order service of the petition and any order issued under this section by alternate means, or by publication, which publication must be made as in other actions. The court shall order service by first class mail, forwarding address requested, to any addresses where there is a reasonable possibility that mail or information will be forwarded or communicated to the respondent.

The court may also order publication, within or without the state, but only if it might reasonably succeed in notifying the respondent of the proceeding. FIREARMS PROVISIONS

Section 1. Minnesota Statutes 1992, section 13.99, is amended by adding a subdivision to read:

Subd. 89a. [METROPOLITAN FIREARMS DEALERS LICENSING DATA.] Access to data maintained by the commissioner of public safety in connection with metropolitan firearms licenses is governed by section 299A.05, subdivision 12.

Sec. 2. Minnesota Statutes 1993 Supplement, section 260.221, subdivision 1, is amended to read:

Subdivision 1. [VOLUNTARY AND INVOLUNTARY.] The juvenile court may upon petition, terminate all rights of a parent to a child in the following cases:

(a) With the written consent of a parent who for good cause desires to terminate parental rights; or

(b) If it finds that one or more of the following conditions exist:

(1) That the parent has abandoned the child. Abandonment is presumed when:

(i) the parent has had no contact with the child on a regular basis and no demonstrated, consistent interest in the child's well-being for six months; and

(ii) the social service agency has made reasonable efforts to facilitate contact, unless the parent establishes that an extreme financial or physical hardship or treatment for mental disability or chemical dependency or other good cause prevented the parent from making contact with the child. This presumption does not apply to children whose custody has been determined under chapter 257 or 518. The court is not prohibited from finding abandonment in the absence of this presumption; ~~or~~

(2) That the parent has substantially, continuously, or repeatedly refused or neglected to comply with the duties imposed upon that parent by the parent and child relationship, including but not limited to providing the child with necessary food, clothing, shelter, education, and other care and control necessary for the child's physical, mental, or emotional health and development, if the parent is physically and financially able, and reasonable efforts by the social service agency have failed to correct the conditions that formed the basis of the petition; ~~or~~

(3) That a parent has been ordered to contribute to the support of the child or financially aid in the child's birth and has continuously failed to do so without good cause. This clause shall not be construed to state a grounds for termination of parental rights of a noncustodial parent if that parent has not been ordered to or cannot financially contribute to the support of the child or aid in the child's birth; ~~or~~

(4) That a parent is palpably unfit to be a party to the parent and child relationship because of a consistent pattern of specific conduct before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be of a duration or nature that renders the parent unable, for the reasonably foreseeable future, to

care appropriately for the ongoing physical, mental, or emotional needs of the child. It is presumed that a parent is palpably unfit to be a party to the parent and child relationship upon a showing that:

(i) the child was adjudicated in need of protection or services due to circumstances described in section 260.015, subdivision 2a, clause (1), (2), (3), (5), or (8); and

(ii) within the three-year period immediately prior to that adjudication, the parent's parental rights to one or more other children were involuntarily terminated under clause (1), (2), (4), or (7) of this paragraph, or under clause (5) of this paragraph if the child was initially determined to be in need of protection or services due to circumstances described in section 260.015, subdivision 2a, clause (1), (2), (3), (5), or (8); ~~or~~

(5) That following upon a determination of neglect or dependency, or of a child's need for protection or services, reasonable efforts, under the direction of the court, have failed to correct the conditions leading to the determination. It is presumed that reasonable efforts under this clause have failed upon a showing that:

(i) a child under the age of 12 has resided out of the parental home under court order for more than one year following an adjudication of dependency, neglect, need for protection or services under section 260.015, subdivision 2a, clause (1), (2), (6), (8), or (9), or neglected and in foster care, and an order for disposition under section 260.191, including adoption of the case plan required by section 257.071;

(ii) conditions leading to the determination will not be corrected within the reasonably foreseeable future; and

(iii) reasonable efforts have been made by the social service agency to rehabilitate the parent and reunite the family.

This clause does not prohibit the termination of parental rights prior to one year after a child has been placed out of the home.

It is also presumed that reasonable efforts have failed under this clause upon a showing that:

(i) the parent has been diagnosed as chemically dependent by a professional certified to make the diagnosis;

(ii) the parent has been required by a case plan to participate in a chemical dependency treatment program;

(iii) the treatment programs offered to the parent were culturally, linguistically, and clinically appropriate;

(iv) the parent has either failed two or more times to successfully complete a treatment program or has refused at two or more separate meetings with a caseworker to participate in a treatment program; and

(v) the parent continues to abuse chemicals.

Provided, that this presumption applies only to parents required by a case plan to participate in a chemical dependency treatment program on or after July 1, 1990; ~~or~~

(6) That the parent has been convicted of causing the death of another of the parent's children; or

(7) That the parent has been convicted of assaulting a family or household member, as defined in section 518B.01, and that the parent used a dangerous weapon as defined in section 609.02, subdivision 6, during the commission of the assault;

(8) That in the case of a child born to a mother who was not married to the child's father when the child was conceived nor when the child was born the person is not entitled to notice of an adoption hearing under section 259.26 and either the person has not filed a notice of intent to retain parental rights under section 259.261 or that the notice has been successfully challenged; or

(9) That the child is neglected and in foster care.

In an action involving an American Indian child, sections 257.35 to 257.3579 and the Indian Child Welfare Act, United States Code, title 25, sections 1901 to 1923, control to the extent that the provisions of this section are inconsistent with those laws.

(d) "Firearm" means a gun that discharges shot or a projectile by means of an explosive, a gas, or compressed air, but does not include a device commonly known as a "BB" gun, a scuba gun, a stud or nail gun used in the construction industry, or a pop gun or toy gun.

(e) "Metropolitan area" has the meaning given in section 473.121, subdivision 2.

Subd. 2. [LICENSE REQUIRED.] A person who sells firearms or ammunition or engages in the business of dealing in firearms or ammunition under a federal firearms license in the metropolitan area shall obtain a metropolitan retail firearms license under this section. This section does not apply to a federally licensed firearms or ammunition manufacturer.

Subd. 3. [APPLICATION.] The commissioner shall prescribe a form for license applications which shall require the applicant's social security number, fingerprints, residential addresses for the last ten years, any other information deemed necessary by the commissioner, and a signed consent by the applicant to an eligibility investigation, including a check of state and federal criminal records, police department records, and state and private mental health records including probate court records. The application must include the valid sales tax identification number of the applicant, a copy of sales tax records for the previous 12 months or an affidavit that the applicant has sold no firearms or ammunition during that period, and a copy of the federal firearms license or the application for the license.

Subd. 4. [ELIGIBILITY.] The commissioner shall issue a metropolitan retail firearms license, valid for three years, to any applicant who has

complied with subdivision 3 if the commissioner has determined that the applicant is eligible under this subdivision. The license shall specify the premises for which the license is effective. The commissioner may not issue, transfer, or renew a license if the investigation under subdivision 5 shows, to the satisfaction of the commissioner, that the applicant:

(1) is not eligible to possess a handgun or semiautomatic military-style assault weapon under section 624.713;

(2) has had a license revoked under this section within five years of the license application; or

(3) has been convicted within ten years of the license application of a violation of a federal or state law involving the illegal use or possession of a firearm or ammunition other than a crime of violence as defined in section 624.712, subdivision 5, or has been convicted within five years of the license application of any felony.

Subd. 5. [INVESTIGATION OF ELIGIBILITY.] On initial application for a license, or on application for a transfer or renewal of an existing license, the commissioner shall conduct a background investigation of the applicant to determine eligibility under this section. An investigation fee in an amount reflecting the cost of the licensing program, not to exceed \$500, shall be charged to an applicant by the commissioner.

Subd. 6. [LICENSE DENIAL OR REVOCATION.] The commissioner shall deny or revoke a license under this section on a finding that the licensee has intentionally violated a provision of this section or has been convicted of a violation of a provision of a federal or state law involving the use or possession of a firearm or ammunition. In addition, the commissioner may impose a fine of up to \$5,000 for each violation for willfully providing materially false information in the application. A license denial or revocation under this section is a contested case under sections 14.57 to 14.69 of the administrative procedure act.

Subd. 7. [DUTIES.] A licensee shall:

(1) maintain an accurate record of each commercial transaction involving a firearm in the form prescribed by the commissioner, including the date, name and address of purchaser, item purchased, and the form of identification offered;

(2) surrender the license to the commissioner within seven days after becoming ineligible under subdivision 4;

(3) file transferee reports with the appropriate law enforcement agency and otherwise comply with chapter 624 to determine the eligibility of each person to whom a firearm is sold or transferred; and

Subd. 8. [LICENSE LIMITED TO SPACE SPECIFIED.] The commissioner may issue a metropolitan retail firearms license only for a permanent business location that is located in an area in which local zoning laws authorized by section 471.635 permit the operation of the business. The license is only effective for the licensed premises specified in the approved license application except that a licensee may also sell firearms at gun shows as permitted by federal law.

Subd. 9. [LICENSES IN CONNECTION WITH PREMISES OF ANOTHER.] A license may not be issued to a person in connection with the premises of another to whom a license could not be issued under the provisions of this section. This subdivision does not prevent the granting of a license to a proper lessee because the person has leased the premises of a minor, a noncitizen who is not a resident alien, or a person who has been convicted of a crime not involving firearms.

Subd. 10. [LICENSE TRANSFER.] A license may be transferred with the consent of the commissioner. Where a license is held by a corporation, a change in ownership of ten percent or more of the stock of the corporation must be reported in writing to the commissioner within ten days of the transfer.

Subd. 11. [LICENSEE MAY NOT SELL FOR RESALE.] A metropolitan retail firearms licensee may not sell a firearm or ammunition to any person for the purpose of resale or to any person whom the licensee has reason to believe intends to resell the firearm or ammunition without written approval of the commissioner. This subdivision does not apply to a sale or transfer between federally licensed firearms dealers.

Subd. 12. [DATA CLASSIFICATION.] Data maintained by the commissioner under this section are private data on individuals or nonpublic data as defined in section 13.02, except that the list of names of licensees and their designated public addresses are public data. An applicant shall designate a public address which may be different than the business address listed on the license application. The public address may be a post office box.

Subd. 13. [PENALTY.] A person who sells a firearm or ammunition without the license required by subdivision 2 is guilty of a gross misdemeanor. A person who otherwise violates this section is guilty of a misdemeanor.

Sec. 4. Minnesota Statutes 1992, section 487.25, is amended by adding a subdivision to read:

Subd. 12. Sec. 5. Minnesota Statutes 1993 Supplement, section 609.11, subdivision 8, is amended to read:

Subd. 8. [MOTION BY PROSECUTOR.] (a) Except as otherwise provided in paragraph (b), prior to the time of sentencing, the prosecutor may file a motion to have the defendant sentenced without regard to the mandatory minimum sentences established by this section. The motion shall be accompanied by a statement on the record of the reasons for it. When presented with the motion and if it finds substantial mitigating factors exist, or on its own motion, the court shall may sentence the defendant without regard to the mandatory minimum sentences established by this section if the court finds substantial and compelling reasons to do so. A sentence imposed under this subdivision is a departure from the sentencing guidelines.

(b) The court may not, on its own motion or the prosecutor's motion, sentence a defendant without regard to the mandatory minimum sentences

established by this section if the defendant previously has been convicted of an offense listed in subdivision 9.

Sec. 6. Minnesota Statutes 1993 Supplement, section 609.11, subdivision 9, is amended to read:

Subd. 9. [APPLICABLE OFFENSES.] The crimes for which mandatory minimum sentences shall be served as provided in this section are: murder in the first, second, or third degree; assault in the first, second, or third degree; burglary; kidnapping; false imprisonment; manslaughter in the first or second degree; aggravated robbery; simple robbery; criminal sexual conduct under the circumstances described in sections 609.342, subdivision 1, clauses (a) to (f); 609.343, subdivision 1, clauses (a) to (f); and 609.344, subdivision 1, clauses (a) to (e) and (h) to (j); escape from custody; arson in the first, second, or third degree; *drive-by shooting under section 609.66, subdivision 1e*; a felony violation of chapter 152; or any attempt to commit any of these offenses.

Sec. 7. Minnesota Statutes 1992, section 609.224, subdivision 3, is amended to read:

Subd. 3. [DOMESTIC ASSAULTS; FIREARMS.] (a) When a person is convicted of a violation of this section *or section 609.221, 609.222, or 609.223*, the court shall determine and make written findings on the record as to whether:

(1) the assault was *committed against* a family or household member, as defined in section 518B.01, subdivision 2;

(2) the defendant owns or possesses a firearm; and

(3) the firearm was used in any way during the commission of the assault.

(b) If the court determines that the assault was of a family or household member, and that the offender owns or possesses a firearm and used it in any way during the commission of the assault, it shall order ~~the defendant to relinquish possession of that the firearm and give it to the local law enforcement agency. Notwithstanding section 609.531, subdivision 1, paragraph (f), clause (1), the court shall determine whether the firearm shall be summarily forfeited under section 609.5316, subdivision 3, or retained by the local law enforcement agency for a period of three years. If the owner has not been convicted of any crime of violence as defined in section 624.712, subdivision 5, or 609.224 against a family or household member within that period, the law enforcement agency shall return the firearm.~~

(c) *A person who is convicted of assaulting a family or household member and who is determined by the court to have used a firearm in any way during commission of the assault is prohibited from possessing any type of firearm for the remainder of the person's life. A person who violates this firearm possession prohibition is guilty of a gross misdemeanor. At the time of the conviction, the court shall inform the defendant that the defendant is permanently prohibited from possessing a firearm and that it is a gross misdemeanor to violate this prohibition. The failure of the court to provide this information to a defendant does not affect the applicability of the firearm possession prohibition or the gross misdemeanor penalty to that defendant.*

(d) *Except as otherwise provided in paragraph (c), when a person is convicted of a violation of this section and the court determines that the victim*

was a family or household member, the court shall inform the defendant that the defendant is prohibited from possessing a pistol for a period of three years from the date of conviction and that it is a gross misdemeanor offense to violate this prohibition. The failure of the court to provide this information to a defendant does not affect the applicability of the pistol possession prohibition or the gross misdemeanor penalty to that defendant.

(4) (e) *Except as otherwise provided in paragraph (c), a person is not entitled to possess a pistol if:*

(1) the person has been convicted after August 1, 1992, of assault in the fifth degree if the offense was committed within three years of a previous conviction under sections 609.221 to 609.224; or

Subdivision 1. [SUPERVISION OVER CORRECTIONAL INSTITUTIONS.] (1) The commissioner of corrections shall inspect and license all correctional facilities throughout the state, whether public or private, established and operated for the detention and confinement of persons detained or confined therein according to law except to the extent that they are inspected or licensed by other state regulating agencies. The commissioner shall promulgate pursuant to chapter 14, rules establishing minimum standards for these facilities with respect to their management, operation, physical condition, and the security, safety, health, treatment, and discipline of persons detained or confined therein. Commencing September 1, 1980, no individual,

corporation, partnership, voluntary association, or other private organization legally responsible for the operation of a correctional facility may operate the facility unless licensed by the commissioner of corrections. The commissioner shall ~~annually~~ review the correctional facilities described in this subdivision *at least once every biennium*, except as otherwise provided herein, to determine compliance with the minimum standards established pursuant to this subdivision. The commissioner shall grant a license to any facility found to conform to minimum standards or to any facility which, in the commissioner's judgment, is making satisfactory progress toward substantial conformity and the interests and well-being of the persons detained or confined therein are protected. *The commissioner may grant licensure up to two years.* The commissioner shall have access to the buildings, grounds, books, records, staff, and to persons detained or confined in these facilities. The commissioner may require the officers in charge of these facilities to furnish all information and statistics the commissioner deems necessary, at a time and place designated by the commissioner. The commissioner may require that any or all such information be provided through the department of corrections detention information system.

(2) Any state agency which regulates, inspects, or licenses certain aspects of correctional facilities shall, insofar as is possible, ensure that the minimum standards it requires are substantially the same as those required by other state agencies which regulate, inspect, or license the same aspects of similar types of correctional facilities, although at different correctional facilities.

(3) Nothing in this section shall be construed to limit the commissioner of corrections' authority to promulgate rules establishing standards of eligibility for counties to receive funds under sections 401.01 to 401.16, or to require counties to comply with operating standards the commissioner establishes as a condition precedent for counties to receive that funding.

(4) When the commissioner finds that any facility described in clause (1), except foster care facilities for delinquent children and youth as provided in subdivision 2, does not substantially conform to the minimum standards established by the commissioner and is not making satisfactory progress toward substantial conformance, the commissioner shall promptly notify the chief executive officer and the governing board of the facility of the deficiencies and order that they be remedied within a reasonable period of time. The commissioner may by written order restrict the use of any facility which does not substantially conform to minimum standards to prohibit the detention of any person therein for more than 72 hours at one time. When, after due notice and hearing, the commissioner finds that any facility described in this subdivision, except county jails and lockups as provided in sections 641.26, 642.10, and 642.11, does not conform to minimum standards, or is not making satisfactory progress toward substantial compliance therewith, the commissioner may issue an order revoking the license of that facility. After revocation of its license, that facility shall not be used until its license is renewed. GENERAL ORDERS

The Senate resolved itself into a Committee of the Whole, with Mr. Kelly in the chair.

After some time spent therein, the committee arose, and Mr. Kelly reported that the committee had considered the following:

S.F. No. 2097, which the committee recommends to pass, subject to the following motions:

Mr. Luther moved to amend S.F. No. 2097 as follows:

Page 12, after line 33, insert:

“Sec. 10. Minnesota Statutes 1992, section 473.167, subdivision 2, is amended to read:

Subd. 2. [LOANS FOR ACQUISITION.] The council may make loans to counties, towns, and statutory and home rule charter cities within the metropolitan area for the purchase of property within the right-of-way of a state trunk highway shown on an official map adopted pursuant to section 394.361 or 462.359 or for the purchase of property within the proposed right-of-way of a principal or intermediate arterial highway designated by the council as a part of the metropolitan highway system plan and approved by the council pursuant to subdivision 1. The loans shall be made by the council, from the fund established pursuant to this subdivision, for purchases approved by the council. The loans shall bear no interest. The council shall make loans only: (1) to accelerate the acquisition of primarily undeveloped property when there is a reasonable probability that the property will increase in value before highway construction, and to update an expired environmental impact statement on a project for which the right-of-way is being purchased; ~~or~~ (2) to avert the imminent conversion or the granting of approvals which would allow the conversion of property to uses which would jeopardize its availability for highway construction; *or* (3) to advance planning and environmental activities on major river crossing projects. The council shall not make loans for the purchase of property at a price which exceeds the fair market value of the property or which includes the costs of relocating or moving persons or property. A private property owner may elect to receive the purchase price either in a lump sum or in not more than four annual installments without interest on the deferred installments. If the purchase agreement provides for installment payments, the council shall make the loan in installments corresponding to those in the purchase agreement. The recipient of an acquisition loan shall convey the property for the construction of the highway at the same price which the recipient paid for the property. The price may include the costs of preparing environmental documents that were required for the acquisition and that were paid for with money that the recipient received from the loan fund. Upon notification by the council that the plan to construct the highway has been abandoned or the anticipated location of the highway changed, the recipient shall sell the property at market value in accordance with the procedures required for the disposition of the property. All rents and other money received because of the recipient's ownership of the property and all proceeds from the conveyance or sale of the property shall be paid to the council. If a recipient is not permitted to include in the conveyance price the cost of preparing environmental documents that were required for the acquisition, then the recipient is not required to repay the council an amount equal to 40 percent of the money received from the loan fund and spent in

preparing the environmental documents. The proceeds of the tax authorized by subdivision 3, all money paid to the council by recipients of loans, and all interest on the proceeds and payments shall be maintained as a separate fund. For administration of the loan program, the council may expend from the fund each year an amount no greater than three percent of the amount of the authorized levy for that year.”

Page 8, after line 1, insert:

“Sec. 6. Minnesota Statutes 1992, section 162.02, subdivision 7, is amended to read:

Subd. 7. [ESTABLISHMENT IN NEW LOCATION OR OVER ESTABLISHED ROADS.] The county board of any county may establish and locate any county state-aid highway on new location where there is no existing road, or it may establish and locate the highway upon or over any established road or street or a specified portion thereof within its limits; ~~provided, that.~~ *Except as provided in subdivision 8a*, no county state-aid highway shall be established or located within the corporate limits of any city without the approval of the governing body of the city, except that when a county state-aid highway is relocated the approval of the plans by the governing body shall be deemed to be a transfer of the previous location of the highway to the jurisdiction of the city. The approval shall be in the manner and form required by the commissioner.

Sec. 7. Minnesota Statutes 1992, section 162.02, subdivision 8, is amended to read:

Subd. 8. [APPROVAL BY CITY.] *Except as provided in subdivision 8a*, no portion of the county state-aid highway system lying within the corporate limits of any city shall be constructed, reconstructed, or improved nor the grade thereof changed without the prior approval of the plans by the governing body of such city and the approval shall be in the manner and form required by the commissioner.

Sec. 8. Minnesota Statutes 1992, section 162.02, is amended by adding a subdivision to read:

Subd. 8a. [DISPUTE RESOLUTION BOARD.] *If a city has failed to approve establishment, construction, reconstruction, or improvement of a county state-aid highway within its corporate limits under subdivision 7 or 8, the county board may, by resolution, request the commissioner to appoint a dispute resolution board consisting of one county commissioner, one county engineer, one city council member or city mayor, one city engineer, and one representative of the department of transportation. The board shall review the proposed change and make a recommendation to the commissioner. Notwithstanding any other law, the commissioner may approve the establishment, construction, reconstruction, or improvement of a county state-aid highway recommended by the board.*

Sec. 9. Minnesota Statutes 1992, section 162.07, subdivision 1, is amended to read:

Subdivision 1. [FORMULA.] After deducting for administrative costs and for the disaster account and research account and state park roads as heretofore provided, the remainder of the total sum provided for in section 162.06, subdivision 1, shall be identified as the apportionment sum and shall be apportioned by the commissioner to the several counties on the basis of the needs of the counties as determined in accordance with the following formula:

(1) An amount equal to ~~ten~~ five percent of the apportionment sum shall be apportioned equally among the 87 counties.

(2) An amount equal to ~~ten~~ 20 percent of the apportionment sum shall be apportioned among the several counties so that each county shall receive of such amount the percentage that its motor vehicle registration for the calendar year preceding the one last past, determined by residence of registrants, bears to the total statewide motor vehicle registration.

(3) An amount equal to ~~30~~ 35 percent of the apportionment sum shall be apportioned among the several counties so that each county shall receive of such amount the percentage that its total ~~miles existing lane miles~~ of approved county state-aid highways bears to the total ~~miles existing lane miles~~ of approved statewide county state-aid highways.

(4) An amount equal to ~~50~~ 40 percent of the apportionment sum shall be apportioned among the several counties so that each county shall receive of such amount the percentage that its money needs bears to the sum of the money needs of all of the individual counties; ~~provided, that the percentage of such amount that each county is to receive shall be adjusted so that each county shall receive in 1958 a total apportionment at least ten percent greater than its total 1956 apportionments from the state road and bridge fund; and provided further that those counties whose money needs are thus adjusted shall never receive a percentage of the apportionment sum less than the percentage that such county received in 1958.~~

In 1994 and thereafter, no county shall receive more than its apportionment for the previous year plus 39.5 percent, and in 1994 and thereafter no county shall receive less than its apportionment for 1993 plus three percent. The three percent may be decreased proportionately among the counties if the total apportionment sum is insufficient.

Sec. 10. Minnesota Statutes 1992, section 162.07, subdivision 3, is amended to read:

Subd. 3. [COMPUTATIONS FOR RURAL COUNTIES.] An amount equal to a levy of 0.01596 percent on each ~~rural~~ county's total taxable market value for the last preceding calendar year shall be computed and shall be subtracted from the county's total estimated construction costs. The result thereof shall be the money needs of the county. ~~For the purpose of this section, "rural counties" means all counties having a population of less than 175,000.~~

Sec. 11. Minnesota Statutes 1992, section 162.07, subdivision 5, is amended to read:

Subd. 5. [SCREENING BOARD.] On or before September 1 of each year the county engineer of each county shall forward to the commissioner, on forms prepared by the commissioner, all information relating to the mileage in

lane miles of the county state-aid highway system in the county, and the money needs of the county that the commissioner deems necessary in order to apportion the county state-aid highway fund in accordance with the formula heretofore set forth. Upon receipt of the information the commissioner shall appoint a board consisting of ~~nine county engineers. The board shall be so selected that each one~~ county engineer appointed shall be from a different ~~from each of the seven state highway construction district districts outside the department's metropolitan division and five county engineers from the department's metropolitan division.~~ No county engineer shall be appointed so as to serve consecutively for more than ~~two~~ four years. The board shall investigate and review the information submitted by each county and shall on or before the first day of November of each year submit its findings and recommendations in writing as to each county's *lane* mileage and money needs to the commissioner on a form prepared by the commissioner. Final determination of the *lane* mileage of each system and the money needs of each county shall be made by the commissioner.

Sec. 12. Minnesota Statutes 1992, section 162.07, subdivision 6, is amended to read:

Subd. 6. [ESTIMATES TO BE MADE IF INFORMATION NOT PROVIDED.] In the event that any county shall fail to submit the information provided for herein, the commissioner shall estimate the *lane* mileage and the money needs of the county. The estimate shall be used in determining the apportionment formula. The commissioner may withhold payment of the amount apportioned to the county until the information is submitted."

(1) the fee must be determined by the commissioner of health and must be based on and comprised of the entire difference between the reserves currently held on current enrollees and the reserve requirements allowed for those enrollees under health maintenance organization, integrated service network, or community integrated service network reserve requirements;

(2) the fee must be voluntarily paid by the health plan company to the commissioner of health and certified as appropriate by the appropriate state regulator before the current enrollees may be covered under any new structure and before a new license or certificate may be issued; and

(3) in no case may the net worth of an existing health plan company fall more than ten percent below the level in place as of April 1, 1994, except through compliance with this section.

"Sec. 3. [62Q.33] [LOCAL GOVERNMENT PUBLIC HEALTH FUNCTIONS.]

Subdivision 1. [FINDINGS.] The legislature finds that the local government public health functions of community assessment, policy development, and assurance of service delivery are essential elements in consumer protection and in achieving the objectives of health care reform in Minnesota. The legislature further finds that the site-based and population-based services provided by state and local health departments are a critical strategy for the long-term containment of health care costs. The legislature further finds that without adequate resources, the local government public health system will lack the capacity to fulfill these functions in a manner consistent with the needs of a reformed health care delivery system.

Subd. 2. [REPORT ON SYSTEM DEVELOPMENT.] The commissioner of health, in consultation with the state community health services advisory committee, the commissioner of human services, and representatives of local health departments, county government, a municipal government acting as a local board of health, the Minnesota health care commission, area Indian health services, health care providers, and citizens concerned about public health, shall coordinate the process for defining implementation and financing responsibilities of the local government core public health functions. The commissioner shall submit recommendations and an initial and final report on local government core public health functions according to the timeline established in subdivision 5.

Subd. 3. [CORE PUBLIC HEALTH FUNCTIONS.] (a) The report required in subdivision 2 must describe the local government core public health

functions of: assessing community health needs; goal-determination; developing public policy and programs to address community health needs; and ensuring service availability and accessibility to meet community health goals and needs. The report must further describe activities for implementation of these functions that are the continuing responsibility of the local government public health system, taking into account the ongoing reform of the health care delivery system.

(b) The activities to be defined in terms of the local government core public health functions include, but are not limited to:

- (1) consumer protection and advocacy;
- (2) targeted outreach and linkage to personal services;
- (3) health status monitoring and disease surveillance;
- (4) investigation and control of diseases and injuries;
- (5) protection of the environment, workplaces, housing, food, and water;
- (6) laboratory services to support disease control and environmental protection;
- (7) health education and information;
- (8) community mobilization for health-related issues;
- (9) training and education of public health professionals;
- (10) public health leadership and administration;
- (11) emergency medical services;
- (12) violence prevention; and
- (13) other activities that have the potential to improve the health of the population or special needs populations and reduce the need for or cost of health care services.

Subd. 4. [CAPACITY BUILDING, ACCOUNTABILITY AND FUNDING.] The report required in subdivision 2 shall include:

- (1) a definition of minimum outcomes for implementing core public health functions, including a local ombudsperson under the assurance of services function;
- (2) the identification of counties and applicable cities with public health programs that need additional assistance to meet the minimum outcomes;
- (3) a budget for supporting all functions needed to achieve the minimum outcomes, including the local ombudsperson assurance of services function;
- (4) an analysis of the costs and benefits expected from achieving the minimum outcomes;
- (5) strategies for improving local government public health functions throughout the state to meet the minimum outcomes including: (i) funding distribution for local government public health functions necessary to meet the minimum outcomes; and (ii) strategies for the financing of personal health care services within the uniform benefits set, and identifying appropriate mechanisms for the delivery of these services; and

(6) a recommended level of dedicated funding for local government public health functions in terms of a percentage of total health service expenditures by the state or in terms of a per capita basis, including methods of allocating the dedicated funds to local government.

Subd. 5. [TIMELINE.] (a) By October 1, 1994, the commissioner shall submit to the legislative commission on health care access the initial report and recommendations required by subdivisions 2 to 4.

(b) By February 15, 1995, the commissioner, in cooperation with the legislative commission on health care access, shall submit a final report to the legislature, with specific recommendations for capacity building and financing to be implemented over the period from January 1, 1996, to December 31, 1997.

(c) By January 1, 1997, and by January 1 of each odd-numbered year thereafter, the commissioner shall present to the legislature an updated report and recommendations."

The process must include the participation of consumers, employers and other group purchasers, providers, health plan companies, and the health care technology industry. The commission shall ensure opportunities for broad-based public input from other interested persons and organizations as well. The commission may develop criteria for selecting specific technologies, facilities, and functions for discussion and may establish procedures and ground rules for discussion and the development of recommended agreements or distribution plans. "Sec. 34. Minnesota Statutes 1993 Supplement, section 256.9353, subdivision 3, is amended to read:

Subd. 3. [INPATIENT HOSPITAL SERVICES.] (a) Beginning July 1, 1993, covered health services shall include inpatient hospital services, including inpatient hospital mental health services and inpatient hospital and residential chemical dependency treatment, subject to those limitations necessary to coordinate the provision of these services with eligibility under the medical assistance spend-down. The inpatient hospital benefit for adult enrollees is subject to an annual benefit limit of \$10,000. The commissioner shall provide enrollees with at least 60 days' notice of coverage for inpatient hospital services and any premium increase associated with the inclusion of this benefit.

(b) Enrollees *determined by the commissioner to have a basis of eligibility for medical assistance* shall apply for and cooperate with the requirements of medical assistance by the last day of the third month following admission to an inpatient hospital. If an enrollee fails to apply for medical assistance within this time period, the enrollee and the enrollee's family shall be disenrolled from the plan within one calendar month. Enrollees and enrollees' families disenrolled for not applying for or not cooperating with medical assistance may not reenroll.

(c) Admissions for inpatient hospital services paid for under section 256.9362, subdivision 3, must be certified as medically necessary in accordance with Minnesota Rules, parts 9505.0500 to 9505.0540, except as provided in clauses (1) and (2):

(1) all admissions must be certified, except those authorized under rules established under section 254A.03, subdivision 3, or approved under Medicare; and

(2) payment under section 256.9362, subdivision 3, shall be reduced by five percent for admissions for which certification is requested more than 30 days after the day of admission. The hospital may not seek payment from the enrollee for the amount of the payment reduction under this clause.

Sec. 35. Minnesota Statutes 1993 Supplement, section 256.9353, subdivision 7, is amended to read:

Subd. 7. [COPAYMENTS AND COINSURANCE.] The MinnesotaCare benefit plan shall include the following copayments and coinsurance requirements:

(1) ten percent of the charges submitted for inpatient hospital services for adult enrollees not eligible for medical assistance, subject to an annual inpatient out-of-pocket maximum of \$1,000 per individual and \$3,000 per family;

(2) \$3 per prescription for adult enrollees; and

(3) \$25 for eyeglasses for adult enrollees.

Enrollees who would be eligible for medical assistance with a spend down shall be financially responsible for the coinsurance amount up to the spend down limit or the coinsurance amount, whichever is less, in order to become eligible for the medical assistance program. Enrollees who are not eligible for medical assistance with or without a spenddown shall be financially responsible for the coinsurance amount and amounts which exceed the \$10,000 benefit limit. MinnesotaCare shall be financially responsible for the spenddown amount up to the \$10,000 benefit limit for enrollees who are eligible for medical assistance with a spenddown; enrollees who are eligible for medical assistance with a spenddown are financially responsible for amounts which exceed the \$10,000 benefit limit.

Sec. 36. Minnesota Statutes 1993 Supplement, section 256.9354, subdivision 1, is amended to read:

Subdivision 1. [CHILDREN; EXPANSION AND CONTINUATION OF ELIGIBILITY.] (a) [CHILDREN.] "Eligible persons" means children who are one year of age or older but less than 18 years of age who have gross family incomes that are equal to or less than 150 percent of the federal poverty guidelines and who are not eligible for medical assistance *without a spenddown* under chapter 256B and who are not otherwise insured for the covered services. The period of eligibility extends from the first day of the month in which the child's first birthday occurs to the last day of the month in which the child becomes 18 years old.

(b) [EXPANSION OF ELIGIBILITY.] Eligibility for MinnesotaCare shall be expanded as provided in subdivisions 2 to 5, except children who meet the criteria in this subdivision shall continue to be enrolled pursuant to this subdivision. The enrollment requirements in this paragraph apply to enrollment under subdivisions 1 to 5. Parents who enroll in the MinnesotaCare plan must also enroll their children and dependent siblings, if the children and their dependent siblings are eligible. Children and dependent siblings may be enrolled separately without enrollment by parents. However, if one parent in the household enrolls, both parents must enroll, unless other insurance is available. If one child from a family is enrolled, all children must be enrolled, unless other insurance is available. If one spouse in a household enrolls, the other spouse in the household must also enroll, unless other insurance is available. Families cannot choose to enroll only certain uninsured members. For purposes of this section, a "dependent sibling" means an unmarried child who is a full-time student under the age of 25 years who is financially dependent upon a parent. Proof of school enrollment will be required.

(c) [CONTINUATION OF ELIGIBILITY.] Individuals who initially enroll in the MinnesotaCare plan under the eligibility criteria in subdivisions 2 to 5 remain eligible for the MinnesotaCare plan, regardless of age, place of residence, or the presence or absence of children in the same household, as long as all other eligibility criteria are met and residence in Minnesota and continuous enrollment in the MinnesotaCare plan or medical assistance are maintained. In order for either parent or either spouse in a household to remain enrolled, both must remain enrolled, unless other insurance is available.

Sec. 37. Minnesota Statutes 1993 Supplement, section 256.9354, subdivision 4, is amended to read:

Subd. 4. [FAMILIES WITH CHILDREN; ELIGIBILITY BASED ON PERCENTAGE OF INCOME PAID FOR HEALTH COVERAGE.] Beginning January 1, 1993, "eligible persons" means children, parents, and

dependent siblings residing in the same household who are not eligible for medical assistance *without a spenddown* under chapter 256B. Children who meet the criteria in subdivision 1 shall continue to be enrolled pursuant to subdivision 1. Persons who are eligible under this subdivision or subdivision 2, 3, or 5 must pay a premium as determined under sections 256.9357 and 256.9358, and children eligible under subdivision 1 must pay the premium required under section 256.9356, subdivision 1. Individuals and families whose income is greater than the limits established under section 256.9358 may not enroll in MinnesotaCare.

Sec. 38. Minnesota Statutes 1993 Supplement, section 256.9354, subdivision 5, is amended to read:

Subd. 5. [ADDITION OF SINGLE ADULTS AND HOUSEHOLDS WITH NO CHILDREN.] Beginning July 1, 1994, "eligible persons" means all families and individuals who are not eligible for medical assistance *without a spenddown* under chapter 256B. These persons are eligible for coverage through the MinnesotaCare plan but must pay a premium as determined under sections 256.9357 and 256.9358. Individuals and families whose income is greater than the limits established under section 256.9358 may not enroll in the MinnesotaCare plan.

Sec. 39. Minnesota Statutes 1993 Supplement, section 256.9354, subdivision 6, is amended to read:

Subd. 6. [APPLICANTS POTENTIALLY ELIGIBLE FOR MEDICAL ASSISTANCE.] Individuals who apply for MinnesotaCare, but who are potentially eligible for medical assistance *without a spenddown* shall be allowed to enroll in MinnesotaCare for a period of 60 days, so long as the applicant meets all other conditions of eligibility. The commissioner shall identify and refer such individuals to their county social service agency. The enrollee must cooperate with the county social service agency in determining medical assistance eligibility within the 60-day enrollment period. Enrollees who do not apply for and cooperate with medical assistance within the 60-day enrollment period, and their other family members, shall be disenrolled from the plan within one calendar month. Persons disenrolled for nonapplication for medical assistance may not reenroll until they have obtained a medical assistance eligibility determination for the family member or members who were referred to the county agency. Persons disenrolled for noncooperation with medical assistance may not reenroll until they have cooperated with the county agency and have obtained a medical assistance eligibility determination. The commissioner shall redetermine provider payments made under MinnesotaCare to the appropriate medical assistance payments for those enrollees who subsequently become eligible for medical assistance.

Sec. 40. Minnesota Statutes 1993 Supplement, section 256.9362, subdivision 6, is amended to read:

Subd. 6. [ENROLLEES 18 OR OLDER.] Payment by the MinnesotaCare program for inpatient hospital services provided to MinnesotaCare enrollees who are 18 years old or older on the date of admission to the inpatient hospital must be in accordance with paragraphs (a) and (b).

(a) If the medical assistance rate minus any copayment required under section 256.9353, subdivision 6, is less than or equal to the amount remaining in the enrollee's benefit limit under section 256.9353, subdivision 3, payment must be the medical assistance rate minus any copayment required under

section 256.9353, subdivision 6. The hospital must not seek payment from the enrollee in addition to the copayment. The MinnesotaCare payment plus the copayment must be treated as payment in full.

(b) If the medical assistance rate minus any copayment required under section 256.9353, subdivision 6, is greater than the amount remaining in the enrollee's benefit limit under section 256.9353, subdivision 3, payment must be the lesser of:

- (1) the amount remaining in the enrollee's benefit limit; or
- (2) charges submitted for the inpatient hospital services less any copayment established under section 256.9353, subdivision 6.

The hospital may seek payment from the enrollee for the amount by which usual and customary charges exceed the payment under this paragraph. *If payment is reduced under section 256.9353, subdivision 3, paragraph (c), the hospital may not seek payment from the enrollee for the amount of the reduction.*

Sec. 41. Minnesota Statutes 1993 Supplement, section 256.9363, subdivision 6, is amended to read:

Subd. 6. [COPAYMENTS AND BENEFIT LIMITS.] Enrollees are responsible for all copayments in section 256.9353, subdivision 6, and shall pay copayments to the managed care plan or to its participating providers. The enrollee is also responsible for payment of inpatient hospital charges which exceed the MinnesotaCare benefit limit ~~to the managed care plan or its participating providers.~~

Sec. 42. Minnesota Statutes 1993 Supplement, section 256.9363, subdivision 7, is amended to read:

Subd. 7. [MANAGED CARE PLAN VENDOR REQUIREMENTS.] The following requirements apply to all counties or vendors who contract with the department of human services to serve MinnesotaCare recipients. Managed care plan contractors:

- (1) shall authorize and arrange for the provision of the full range of services listed in section 256.9353 in order to ensure appropriate health care is delivered to enrollees;
- (2) shall accept the prospective, per capita payment or other contractually defined payment from the commissioner in return for the provision and coordination of covered health care services for eligible individuals enrolled in the program;
- (3) may contract with other health care and social service practitioners to provide services to enrollees;
- (4) shall provide for an enrollee grievance process as required by the commissioner and set forth in the contract with the department;
- (5) shall retain all revenue from enrollee copayments;
- (6) shall accept all eligible MinnesotaCare enrollees, without regard to health status or previous utilization of health services;
- (7) shall demonstrate capacity to accept financial risk according to requirements specified in the contract with the department. A health mainte-

nance organization licensed under chapter 62D, or a nonprofit health plan licensed under chapter 62C, is not required to demonstrate financial risk capacity, beyond that which is required to comply with chapters 62C and 62D; and

(8) shall submit information as required by the commissioner, including data required for assessing enrollee satisfaction, quality of care, cost, and utilization of services; and

(9) shall submit to the commissioner claims in the format specified by the commissioner of human services for all hospital services provided to enrollees for the purpose of determining whether enrollees meet medical assistance spend-down requirements and shall provide to the enrollee, upon the enrollee's request, information on the cost of services provided to the enrollee by the managed care plan for the purpose of establishing whether the enrollee has met medical assistance spend-down requirements.

Sec. 43. Minnesota Statutes 1993 Supplement, section 256.9363, subdivision 9, is amended to read:

Subd. 9. [RATE SETTING.] Rates will be prospective, per capita, where possible. *The commissioner may allow health plans to arrange for inpatient hospital services on a risk or nonrisk basis.* The commissioner shall consult with an independent actuary to determine appropriate rates."

"Sec. 47. [317A.022] [ELECTION BY CERTAIN CHAPTER 318 ASSOCIATIONS.]

Subdivision 1. [GENERAL.] An association described in section 318.02, subdivision 5, may elect to cease to be an association subject to and governed by chapter 318 and to become subject to and governed by this chapter in the same manner and to the extent provided in this chapter as though it were a nonprofit corporation by complying with this section.

Subd. 2. [AMENDED TITLE AND OTHER CONFORMING AMENDMENTS.] The declaration of trust, as defined in section 318.02, subdivision 1, of the association must be amended to identify it as the "articles of an association electing to be treated as a nonprofit corporation." All references in this chapter to "articles" or "articles of incorporation" include the declaration of trust of an electing association. If the declaration of trust includes a provision prohibited by this chapter for inclusion in articles of incorporation, omits a provision required by this chapter to be included in articles of incorporation, or is inconsistent with this chapter, the electing association shall amend its declaration of trust to conform to the requirements of this chapter. The appropriate provisions of the association's declaration of trust or bylaws or chapter 318 control the manner of adoption of the amendments required by this subdivision.

Subd. 3. [METHOD OF ELECTION.] An election by an association under subdivision 2 must be made by resolution approved by the affirmative vote of the trustees of the association and by the affirmative vote of the members or other persons with voting rights in the association. The affirmative vote of both the trustees of the association and of the members or other persons with voting rights, if any, in the association must be of the same proportion that is required for an amendment of the declaration of trust of the association before the election, in each case upon proper notice that a purpose of the meeting is

to consider an election by the association to cease to be an association subject to and governed by chapter 318 and to become and be a nonprofit corporation subject to and governed by this chapter. The resolution and the articles of the amendment of the declaration of trust must be filed with the secretary of state and are effective upon filing, or a later date as may be set forth in the filed resolution. Upon the effective date, without any other action or filing by or on behalf of the association, the association automatically is subject to this chapter in the same manner and to the same extent as though it had been formed as a nonprofit corporation pursuant to this chapter. Upon the effective date of the election, the association is not considered to be a new entity, but is considered to be a continuation of the same entity.

Subd. 4. [EFFECTS OF ELECTION.] Upon the effective date of an association's election under subdivision 3, and consistent with the continuation of the association under this chapter:

(1) the organization has the rights, privileges, immunities, powers, and is subject to the duties and liabilities, of a corporation formed under this chapter;

(2) all real or personal property, debts, including debts arising from a subscription for membership and interests belonging to the association, continue to be the real and personal property, and debts of the organization without further action;

(3) an interest in real estate possessed by the association does not revert to the grantor, or otherwise, nor is it in any way impaired by reason of the election, and the personal property of the association does not revert by reason of the election;

(4) except where the will or other instrument provides otherwise, a devise, bequest, gift, or grant contained in a will or other instrument, in a trust or otherwise, made before or after the election has become effective, to or for the association, inures to the organization;

(5) the debts, liabilities, and obligations of the association continue to be the debts, liabilities, and obligations of the organization, just as if the debts, liabilities, and obligations had been incurred or contracted by the organization after the election;

(6) existing claims or a pending action or proceeding by or against the association may be prosecuted to judgment as though the election had not been affected;

(7) the liabilities of the trustees, members, officers, directors, or similar groups or persons, however denominated, of the association, are not affected by the election;

(8) the rights of creditors or liens upon the property of the association are not impaired by the election;

(9) an electing association may merge with one or more nonprofit corporations in accordance with the applicable provisions of this chapter, and either the association or a nonprofit corporation may be the surviving entity in the merger; and

(10) the provisions of the bylaws of the association that are consistent with this chapter remain or become effective and provisions of the bylaws that are inconsistent with this chapter are not effective.

Sec. 48. Minnesota Statutes 1992, section 318.02, is amended by adding a subdivision to read:

Subd. 5. [ELECTION TO BE GOVERNED BY CHAPTER 317A.] An association may cease to be subject to or governed by this chapter by filing an election in the manner described in section 317A.022, to be subject to and governed by chapter 317A in the same manner and to the same extent provided in chapter 317A as though it were a nonprofit corporation if:

(1) it is not formed for a purpose involving pecuniary gain to its members, other than to members that are nonprofit organizations or subdivisions, units, or agencies of the United States or a state or local government; and

(2) it does not pay dividends or other pecuniary remuneration, directly or indirectly, to its members, other than to members that are nonprofit organizations or subdivisions, units, or agencies of the United States or a state or local government."

"Sec. 5. Minnesota Statutes 1993 Supplement, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, after receiving recommendations from professional medical associations and professional pharmacist associations, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs: The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve three-year terms and shall serve without compensation. Members may be reappointed once.

(b) The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the

commissioner before certain formulary drugs are eligible for payment. The formulary shall not include:

- (i) drugs or products for which there is no federal funding;
- (ii) over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, vitamins for adults with documented vitamin deficiencies, and vitamins for children under the age of seven and pregnant or nursing women;
- (iii) any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee, as necessary, appropriate, and cost-effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14;
- (iv) anorectics; and
- (v) drugs for which medical value has not been established.

The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(c) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug shall *may* be estimated by the commissioner, ~~at average wholesale price minus 7.6 percent effective January 1, 1994.~~ The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(d) Until the date the on-line, real-time Medicaid Management Information System (MMIS) upgrade is successfully implemented, as determined by the commissioner of administration, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spend-down, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spend-down amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spend-down of (1) their right to appeal the denial of services on the grounds that they have satisfied the spend-down requirement, and (2) their potential eligibility for the health right program or the children's health plan."
