The commissioner shall determine when the accounting system may be used to incur obligations without the commissioner's certification of a sufficient unencumbered balance. An expenditure or obligation authorized or incurred in violation of this chapter is invalid and ineligible for payment until made valid. A payment made in violation of this chapter is illegal. An employee authorizing or making the payment, or taking part in it, and a person receiving any part of the payment, are jointly and severally liable to the state for the amount paid or received. If an employee knowingly incurs an obligation or authorizes or makes an expenditure in violation of this chapter or takes part in the violation, the violation is just cause for the employee's removal by the appointing authority or by the governor if an appointing authority other than the governor fails to do so. In the latter case, the governor shall give notice of the violation and an opportunity to be heard on it to the employee and to the appointing authority. A claim presented against an appropriation without prior allotment or encumbrance may be made valid on investigation, review, and approval by the commissioner, if the services, materials, or supplies to be paid for were actually furnished in good faith without collusion and without intent to defraud. The commissioner may then draw a warrant to pay the claim just as properly allotted and encumbered claims are paid.

(b) The commissioner may approve payment for materials and supplies in excess of the obligation amount when increases are authorized by section 16B.07, subdivision 2.

(c) To minimize potential construction delay claims, an agency with a project funded by a building appropriation may allow a contractor to proceed with supplemental work within the limits of the appropriation before money is encumbered. Under this circumstance, the agency may requisition funds and allow contractors to expeditiously proceed with a construction sequence. While the contractor is proceeding, the agency shall immediately act to encumber the required funds.

Sec. 31. Minnesota Statutes 1992, section 16B.06, subdivision 2, is amended to read:

Subd. 2. [VALIDITY OF STATE CONTRACTS.] (a) A state contract or lease is not valid and the state is not bound by it until:

(1) it has first been executed by the head of the agency or a delegate which is a party to the contract and;

(2) it has been approved in writing by the commissioner or a delegate, under this section;

(3) it has been approved by the attorney general or a delegate as to form and execution; and by the commissioner of finance or a delegate who shall determine that the appropriation and

(b) Paragraph (a), clause (2), does not apply to contracts between state agencies or contracts awarding grants.

(c) The head of the agency may delegate the execution of specific contracts or specific types of contracts to a deputy or assistant head designated subordinate within the agency if the delegation has been approved by the commissioner of administration and filed with the secretary of state. Sec. 32. Minnesota Statutes 1992, section 16B.32, is amended by adding a subdivision to read:

Subd. 3. [GIFTS.] The commissioner may accept gifts for energy efficiency improvements in state-owned and wholly-leased buildings. Subdivision 1. Subd. 3. [RATIO.] In a place of public accommodation subject to this section, the ratio of water closets for women to the total of water closets and urinals provided for men must be at least three to two, unless there are two or fewer fixtures for men.

Subd. 4. [RULES.] The commissioner of administration shall adopt rules to implement this section. The rules may provide for a greater ratio of women's to men's facilities for certain types of occupancies than is required in subdivision 3, and may apply the required ratios to categories of occupancies other than those defined as places of public accommodation under subdivision 1.

Sec. 35. [16C.01] [CITATION AND SCOPE.]

Subdivision 1. [CITATION.] This chapter may be cited as the "debt collection act."

Subd. 2. [SCOPE.] The collection procedures and remedies under this chapter are in addition to any other procedure or remedy available by law. If the referring agency's applicable state or federal law provides for the use of a particular remedy or procedure for the collection of a debt, that particular remedy or procedure governs the collection of that debt to the extent the procedure or remedy is inconsistent with this chapter.

Sec. 36. [16C.02] [DEFINITIONS.]

Subdivision 1. [APPLICATION.] The definitions in this section apply to this chapter.

Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of finance.

Subd. 3. [DEBT.] "Debt" means an amount owed to the state directly, or through a state agency, on account of a fee, duty, lease, direct loan, loan insured or guaranteed by the state, rent, service, sale of real or personal property, overpayment, fine, assessment, penalty, restitution, damages, interest, tax, bail bond, forfeiture, reimbursement, liability owed, an assignment to the state including assignments under sections 256.72 to 256.87, the Social Security Act, or other state or federal law, recovery of costs incurred by the state, or any other source of indebtedness to the state. Debt also includes amounts owed to individuals for which the state or state agency acts in a fiduciary capacity in providing collection services in accordance with the regulations adopted under the Social Security Act at Code of Federal Regulations, title 45, section 302.33. Debt also includes an amount owed to the courts or University of Minnesota for which the commissioner provides collection services pursuant to contract.

Subd. 4. [DEBTOR:] "Debtor" means an individual, corporation, partnership, an unincorporated association, a limited liability company, a trust, an estate, or any other public or private entity, including a state, local, or federal government, or an Indian tribe, that is liable for a debt or against whom there is a claim for a debt.

Subd. 2. [STATE AGENCY REPORTS.] State agencies shall report quarterly to the commissioner the debts owed to them. The commissioner, in consultation with the commissioners of revenue and human services, and the attorney general, shall establish internal guidelines for the recognition, tracking, reporting, and collection of debts owed the state. The internal guidelines must include accounting standards, performance measurements, and uniform reporting requirements applicable to all state agencies.

Subd. 3. [REPORT OF THE COMMISSIONER.] By January 15 of each year, the commissioner shall report on the management of debts owed the state, including performance measurements and progress of the debt collection efforts undertaken by state agencies and the commissioner. The report must be made to the governor and the chairs of the committee on finance of the senate and the committee on ways and means of the house of representatives.

Sec. 38. [16C.04] [COLLECTION ACTIVITIES.]

Subdivision 1. [DUTIES.] The commissioner shall provide services to the state and its agencies to collect debts owed the state. The commissioner is not a collection agency as defined by section 332.31, subdivision 3, and is not licensed, bonded, or regulated by the commissioner of commerce under sections 332.31 to 332.35 or 332.38 to 332.45. The commissioner is subject to section 332.37, except clause (9) or (10). The commissioner may contract with the commissioner of revenue for collection services.

Subd. 2. [AGENCY PARTICIPATION.] A state agency may, at its option, refer debts to the commissioner for collection. The ultimate responsibility for the debt, including the reporting of the debt to the commissioner and the decision with regard to the continuing collection and uncollectibility of the debt, remains with the referring state agency.

Subd. 3. [SERVICES.] The commissioner shall provide collection services for a state agency, and may provide for collection services for the University of Minnesota or a court, in accordance with the terms and conditions of a signed debt qualification plan.

Subd. 4. [AUTHORITY TO CONTRACT.] The commissioner may contract with credit bureaus, private collection agencies, and other entities as necessary for the collection of debts. A private collection agency acting under a contract with the commissioner is subject to sections 332.31 to 332.45, except that the private collection agency may indicate that it is acting under a contract with the commissioner. The commissioner may not delegate the powers provided under section 16C.08 to any nongovernmental entity.

Sec. 39. [16C.05] [PRIORITY OF SATISFACTION OF DEBTS.]

Subdivision 1. [MULTIPLE DEBTS.] If two or more debts owed by the same debtor are submitted to the commissioner, amounts collected on those debts must be applied as prescribed in this section.

Subd. 2. [ENFORCEMENT OF LIENS.] If the money received is collected on a judgment lien under chapter 550, a lien provided by chapter 514, a consensual lien or security interest, protection of an interest in property through chapter 570, by collection process provided by chapters 551 and 571, or by any other process by which the commissioner is enforcing rights in a particular debt, the money must be applied to that particular debt.

Subd. 3. [OTHER METHODS OF COLLECTION.] If the money is collected in any manner not specified in subdivision 2, the money collected must apply first to the satisfaction of any debts for child support. Any debts other than child support must be satisfied in the order in time in which the commissioner received the debts from the referring agency.

Sec. 40. [16C.06] [DEBTOR INFORMATION.]

Subdivision 1. [ACCESS TO GOVERNMENT DATA NOT PUBLIC.] Notwithstanding chapter 13 or any other state law classifying or restricting access to government data, upon request from the commissioner, state agencies, political subdivisions, and statewide systems shall disseminate not public data to the commissioner for the sole purpose of collecting debt. Not public data disseminated under this subdivision is limited to financial data of the debtor or data related to the location of the debtor or the assets of the debtor.

Subd. 2. [DISCLOSURE OF DATA.] Data received, collected, created, or maintained by the commissioner to collect debts are classified as private data on individuals under section 13.02, subdivision 12, or nonpublic data under section 13.02, subdivision 9. The commissioner may disclose not public data:

- (1) under section 13.05;*
- (2) under court order;*
- (3) under a statute specifically authorizing access to the not public data;*
- (4) to provide notices required or permitted by statute;*
- (5) to an agent of the commissioner, including a law enforcement person, attorney, or investigator acting for the commissioner in the investigation or prosecution of a criminal or civil proceeding relating to collection of a debt;*
- (6) to report names of debtors, amount of debt, date of debt, and the agency to whom debt is owed to credit bureaus; and*
- (7) when necessary to locate the debtor, locate the assets of the debtor, or to enforce or implement the collection of a debt.*

The commissioner may not disclose data that is not public to a private collection agency or other entity with whom the commissioner has contracted under section 16C.04, subdivision 4, unless disclosure is otherwise authorized by law.

Sec. 41. [16C.07] [NOTICE TO DEBTOR.]

The referring agency shall send notice to the debtor by United States mail or personal delivery at the debtor's last known address at least 20 days before the debt is referred to the commissioner. The notice must state the nature and amount of the debt, identify to whom the debt is owed, and inform the debtor of the remedies available under this chapter.

Sec. 42. [16C.08] [COLLECTION DUTIES AND POWERS.]

Subdivision 1. [DUTIES.] The commissioner shall take all reasonable and cost-effective actions to collect debts referred to the commissioner.

Subd. 2. [POWERS.] In addition to the collection remedies available to private collection agencies in this state, the commissioner, with legal assistance from the attorney general, may utilize any statutory authority granted to a referring agency for purposes of collecting debt owed to that referring agency.

Sec. 43. [16C.09] [UNCOLLECTIBLE DEBTS.]

When a debt is determined by a state agency to be uncollectible, the debt may be written off by the state agency from the state agency's financial accounting records and no longer recognized as an account receivable for financial reporting purposes. A debt is considered to be uncollectible when (1) all reasonable collection efforts have been exhausted, (2) the cost of further collection action will exceed the amount recoverable, (3) the debt is legally without merit or cannot be substantiated by evidence, (4) the debtor cannot be located, (5) the available assets or income, current or anticipated, that may be available for payment of the debt are insufficient, (6) the debt has been discharged in bankruptcy, (7) the applicable statute of limitations for collection of the debt has expired, or (8) it is not in the public interest to pursue collection of the debt. The determination of the uncollectibility of a debt must be reported by the state agency along with the basis for that decision as part of its quarterly reports to the commissioner. Determining that the debt is uncollectible does not cancel the legal obligation of the debtor to pay the debt.

Sec. 44. [16C.10] [CASE REVIEWER.]

The commissioner shall make a case reviewer available to debtors. The reviewer must be available to answer a debtor's questions concerning the collection process and to review the collection activity taken. If the reviewer reasonably believes that the particular action being taken is unreasonable or unfair, the reviewer may make recommendations to the commissioner in regard to the collection action.

Sec. 45. [RECOMMENDATION; SUPERVISION OF STATE DEBT COLLECTION.]

By February 15, 1996, the commissioners of finance, human services, and revenue and the attorney general shall conduct an evaluation and make a recommendation to the legislature regarding the appropriate state officer to supervise state debt collection under Minnesota Statutes, section 16C.04.

All money in the fund is appropriated to the commissioner to pay insurance premiums, approved claims, refunds, administrative costs, and other related service costs. Premiums paid by employers to the fund are exempt from the tax imposed by sections 60A.15 and 60A.198.

Sec. 47. Minnesota Statutes 1992, section 43A.37, subdivision 1, is amended to read:

Subdivision 1. [~~CERTIFICATION ACCURACY OF PAYROLL.~~] Neither the commissioner of finance nor any other fiscal officer of this state may draw, sign, or issue, or authorize the drawing, signing, or issuing of any warrant on the treasurer or other disbursing officer of the state, nor may the treasurer or other disbursing officer of the state pay any salary or compensation to any person in the civil service, unless a payroll register for the salary or compensation containing the name of every person to be paid bears the certificate of the commissioner that the persons named in the payroll register *The appointing authority shall ensure that all employees have been appointed as required by law, rules, or administrative procedures and that the salary or compensation is within the compensation plan fixed by law. The appointing authority shall certify ensure that all employees named in the payroll register are performing service as required by law.* This provision does not apply to positions defined in section 43A.08, subdivision 1, clauses (8), (9), (10), and (12). Employees to whom this subdivision does not apply may be paid on the state's payroll system, and the appointing authority or fiscal officer submitting their payroll register is responsible for the accuracy and legality of the payments.

Salary or compensation claims presented against existing appropriations, which have been deemed in violation of the provisions of this subdivision, may be certified for payment if, upon investigation, the commissioner determines the personal services for which payment is claimed actually have been rendered in good faith without collusion and without intent to defraud.

The commissioner shall annually distribute *block* grants *equally* to all stations that comply with the eligibility requirements and for which a licensee applies for a *block* grant. The commissioner may promulgate rules to implement this section. For this purpose the commissioner may promulgate emergency rules pursuant to sections 14.29 to 14.36. ~~An applicant's share of the grant money shall be based on:~~

(b) The commissioner shall match every verified contribution dollar under paragraph (a), clause (1) and volunteer time dollar, as calculated under paragraph (a), clause (2), with two state dollars for each eligible applicant until the station to which the grant is distributed has received \$10,000 in grant money under this section, and thereafter grant money shall be distributed on a dollar for dollar basis until the total amount appropriated for that year has been distributed equally among all stations. A station may receive state matching money only until the station's total verified contribution and volunteer time has been matched or the amount of the grant received equals one third of the station's total operating income for the previous fiscal year.

If construction of the labor interpretive center does not commence prior to December 31, ~~1996~~ 1998, at the site recommended by the board, the boundaries of the capitol area revert to their configuration as of 1992.

Under the comprehensive plan, or a portion of it, the board may regulate, by means of zoning rules adopted under the administrative procedure act, the kind, character, height, and location, of buildings and other structures constructed or used, the size of yards and open spaces, the percentage of lots

that may be occupied, and the uses of land, buildings and other structures, within the area. To protect and enhance the dignity, beauty, and architectural integrity of the capitol area, the board is further empowered to include in its zoning rules design review procedures and standards with respect to any proposed construction activities in the capitol area significantly affecting the dignity, beauty, and architectural integrity of the area. No person may undertake these construction activities as defined in the board's rules in the capitol area without first submitting construction plans to the board, obtaining a zoning permit from the board, and receiving a written certification from the board specifying that the person has complied with all design review procedures and standards. Violation of the zoning rules is a misdemeanor. The board may, at its option, proceed to abate any violation by injunction. The board and the city of St. Paul shall cooperate in assuring that the area adjacent to the capitol area is developed in a manner that is in keeping with the purpose of the board and the provisions of the comprehensive plan.

(b) The commissioner of administration shall act as a consultant to the board with regard to the physical structural needs of the state. The commissioner shall make studies and report the results to the board when it requests reports for its planning purpose.

(c) No public building, street, parking lot, or monument, or other construction may be built or altered on any public lands within the area unless the plans for the project conform to the comprehensive use plan as specified in paragraph (d) and to the requirement for competitive plans as specified in paragraph (e). No alteration substantially changing the external appearance of any existing public building approved in the comprehensive plan or the exterior or interior design of any proposed new public building the plans for which were secured by competition under paragraph (e) may be made without the prior consent of the board. The commissioner of administration shall consult with the board regarding internal changes having the effect of substantially altering the architecture of the interior of any proposed building.

(d) The comprehensive plan must show the existing land uses and recommend future uses including: areas for public taking and use; zoning for private land and criteria for development of public land, including building areas, open spaces, monuments, and other memorials; vehicular and pedestrian circulation; utilities systems; vehicular storage; elements of landscape architecture. No substantial alteration or improvement may be made to public lands or buildings in the area without the written approval of the board.

(e) The board shall secure by competitions plans for any new public building. Plans for any comprehensive plan, landscaping scheme, street plan, or property acquisition that may be proposed, or for any proposed alteration of any existing public building, landscaping scheme or street plan may be secured by a similar competition. A competition must be conducted under rules prescribed by the board and may be of any type which meets the competition standards of the American Institute of Architects. Designs selected become the property of the state of Minnesota, and the board may award one or more premiums in each competition and may pay the costs and fees that may be required for its conduct. At the option of the board, plans for projects estimated to cost less than \$1,000,000 may be approved without competition provided the plans have been considered by the advisory committee described in paragraph (h). Plans for projects estimated to cost less than \$400,000 and for construction of streets need not be considered by the advisory committee if in conformity with the comprehensive plan.

(f) Notwithstanding paragraph (e), an architectural competition is not required for the design of any light rail transit station and alignment within the capitol area. The board and its advisory committee shall select a preliminary design for any transit station in the capitol area. Each stage of any station's design through working drawings must be reviewed by the board's advisory committee and approved by the board to ensure that the station's design is compatible with the comprehensive plan for the capitol area and the board's design criteria. The guideway and track design of any light rail transit alignment within the capitol area must also be reviewed by the board's advisory committee and approved by the board.

(g) Of the amount available for the light rail transit design, adequate funds must be available to the board for design framework studies and review of preliminary plans for light rail transit alignment and stations in the capitol area.

(h) The board may not adopt any plan under paragraph (e) unless it first receives the comments and criticism of an advisory committee of three persons, each of whom is either an architect or a planner, who have been selected and appointed as follows: one by the board of the arts, one by the board, and one by the Minnesota Society of the American Institute of Architects. Members of the committee may not be contestants under paragraph (e). The comments and criticism must be a matter of public information. The committee shall advise the board on all architectural and planning matters. For that purpose, the committee must be kept currently informed concerning, and have access to, all data, including all plans, studies, reports and proposals, relating to the area as the data are developed or in the process of preparation, whether by the commissioner of administration, the commissioner of trade and economic development, the metropolitan council, the city of Saint Paul, or by any architect, planner, agency or organization, public or private, retained by the board or not retained and engaged in any work or planning relating to the area, and a copy of any data prepared by any public employee or agency must be filed with the board promptly upon completion.

The city of Saint Paul shall advise the board.

(i) The comprehensive plan for the area must be developed and maintained in close cooperation with the commissioner of trade and economic development, the planning department and the council for the city of Saint Paul, and the board of the arts, and no plan or amendment of a plan may be effective without 90 days' notice to the planning department of the city of Saint Paul and the board of the arts and without a public hearing with opportunity for public testimony.

(j) The board and the commissioner of administration, jointly, shall prepare, prescribe, and from time to time revise standards and policies governing the repair, alteration, furnishing, appearance, and cleanliness of the public and ceremonial areas of the state capitol building. The board shall consult with and

receive advice from the director of the Minnesota state historical society regarding the historic fidelity of plans for the capitol building. The standards and policies developed under this paragraph are binding upon the commissioner of administration. The provisions of sections 14.02, 14.04 to 14.36, 14.38, and 14.44 to 14.45 do not apply to this paragraph.

(k) The board in consultation with the commissioner of administration shall prepare and submit to the legislature and the governor no later than October 1 of each even-numbered year a report on the status of implementation of the comprehensive plan together with a program for capital improvements and site development, and the commissioner of administration shall provide the necessary cost estimates for the program. The board shall report any changes to the comprehensive plan adopted by the board to the committee on governmental operations and gambling of the house of representatives and the committee on governmental operations and reform of the senate and upon request shall provide testimony concerning the changes. The board shall also provide testimony to the legislature on proposals for memorials in the capitol area as to their compatibility with the standards, policies, and objectives of the comprehensive plan.

(l) The state shall, by the attorney general upon the recommendation of the board and within appropriations available for that purpose, acquire by gift, purchase, or eminent domain proceedings any real property situated in the area described in this section, and it may also acquire an interest less than a fee simple interest in the property, if it finds that the property is needed for future expansion or beautification of the area.

(m) The board is the successor of the state veterans' service building commission, and as such may adopt rules and may reenact the rules adopted by its predecessor under Laws 1945, chapter 315, and amendments to it.

(n) The board shall meet at the call of the chair and at such other times as it may prescribe.

(o) The commissioner of administration shall assign quarters in the state veterans service building to (1) the department of veterans affairs, of which a part that the commissioner of administration and commissioner of veterans affairs may mutually determine must be on the first floor above the ground, and (2) the American Legion, Veterans of Foreign Wars, Disabled American Veterans, Military Order of the Purple Heart, United Spanish War Veterans, and Veterans of World War I, and their auxiliaries, incorporated, or when incorporated, under the laws of the state, and (3) as space becomes available, to other state departments and agencies as the commissioner may deem desirable.

Subd. 4. Community Services

27,579,000 25,678,000

The money appropriated for the youth wage subsidy program for the second year of the biennium must be used for programs authorized under new Minnesota Statutes, sections 268.56 and 268.561.

\$880,000 is appropriated from the general fund to the commissioner of jobs and training for operating costs of transitional housing programs under Minnesota Statutes, section 268.38. Of this appropriation, \$440,000 is for the first year and \$440,000 is for the second year.

\$4,200,000 for the first year and \$5,550,000 for the second year is appropriated from the general fund to the commissioner of the department of jobs and training for Minnesota economic opportu-

nity grants to community action agencies. This appropriation is to replace federal funds that are no longer available to community action agencies because of new federal restrictions on the authority to transfer block grant money from the federal Low-Income Home Energy Assistance program to the federal Community Services Block grant.

For the biennium ending June 30, 1995, the commissioner shall transfer to the low-income home weatherization program at least five percent of money received under the low-income home energy assistance block grant in each year of the biennium and shall spend all of the transferred money during the year of the transfer or the year following the transfer. Up to 1.63 percent of the transferred money may be used by the commissioner for administrative purposes.

For the biennium ending June 30, 1995, no more than 1.63 percent of money remaining under the low-income home energy assistance program after transfers to the weatherization program may be used by the commissioner for administrative purposes.

The state appropriation for the temporary emergency food assistance program may be used to meet the federal match requirements.

Of the money appropriated for the summer youth employment programs for fiscal year 1994, \$750,000 is immediately available. Any remaining balance of the immediately available money is available for the year in which it is appropriated. If the appropriation for either year of the biennium is insufficient, money may be transferred from the appropriation for the other year.

Notwithstanding Minnesota Statutes, section 268.022, subdivision 2, the commissioner of finance shall transfer to the general fund from the dedicated fund \$3,054,000 in the first year and \$2,303,000 in the second year of the money collected through the special assessment established in Minnesota Statutes, section 268.022, subdivision 1.

Of this appropriation, \$5,554,000 the first year and \$2,303,000 the second year are for summer youth employment programs.

Of this appropriation, \$100,000 is to train and certify community action agency weatherization programs to comply with the requirements of Minnesota Statutes, section 144.878, subdivision 5.* **(The preceding sentence starting "Of" was vetoed by the governor.)** Of this appropriation, \$400,000 is to be used for swab teams with priority to be given to those swab teams in greater Minnesota which are affiliated with community action agencies and to those swab teams in cities of the first class which are affiliated with community action agencies or neighborhood-based nonprofit organizations. 3.75 percent of the allocation may be used for administrative costs. Any unencumbered balance remaining in the first year does not cancel but is available for the second year.

Of this appropriation, \$1,200,000 is for the food shelf program.

Of this appropriation, \$400,000 is for youth employment and for housing for the homeless through the YOUTHBUILD program.

Of the appropriation for the Minnesota economic opportunity grant, the commissioner may use up to nine percent each year for state operations.

Of the appropriation for Head Start, the commissioner of the department of jobs and training may use up to two percent each year for state operations.

(b) The appointing authority for each community-specific board shall designate an initial term length for each appointee, including appointees required under paragraph (a), to achieve staggered terms to the greatest extent possible.

(a) *Minnesota Statutes 1992, sections 154.16; and 154.165, are repealed.*

(b) *Minnesota Statutes 1992, sections 268.31, 268.315, 268.32, 268.33, 268.34, 268.35, and 268.36, are repealed.*

ARTICLE 5

BUDGET RESERVE

Section 1. *Minnesota Statutes 1993 Supplement, section 16A.152, subdivision 2, is amended to read:*

Subd. 2. [ADDITIONAL REVENUES; PRIORITY.] *If on the basis of a forecast of general fund revenues and expenditures the commissioner of finance determines that there will be a positive unrestricted budgetary general fund balance at the close of the biennium, the commissioner of finance must allocate money to the budget reserve and cash flow account until the total amount in the account equals five percent of total general fund appropriations for the current biennium as established by the most recent legislative session. Beginning July 1, 1993, forecast unrestricted budgetary general fund balances are first appropriated to restore the budget reserve and cash flow account to \$500,000,000 and then. Additional biennial unrestricted budgetary general fund balances available after November 1 of every odd-numbered calendar year are appropriated in January of the following year to reduce the property tax levy recognition percent under section 121.904, subdivision 4a, to zero before additional money beyond \$500,000,000 is allocated to the budget reserve and cash flow account under the preceding sentence.*

The amounts necessary to meet the requirements of this section are appropriated from the general fund.

Sec. 2. [LEVY RECOGNITION ADJUSTMENTS.]

Notwithstanding Minnesota Statutes, sections 16A.152, subdivision 2; and 121.904, if planning estimates for the 1996-97 biennium prepared by the commissioner of finance at the close of the 1994 legislative session, or in November 1994, show a budgetary balance before reserves of less than \$350,000,000 at the end of the 1996-97 biennium, the commissioner may increase the revenue recognition percent established in Minnesota Statutes, section 121.904, beginning in fiscal year 1996 by the amount necessary to

bring the budgetary balance before reserves to \$350,000,000, except that it may not be increased beyond 48 percent. If the projected budgetary balance before reserves is greater than \$350,000,000, the percentage is decreased by the amount necessary to bring the balance before reserves to \$350,000,000, but not to less than zero.

Sec. 3. [CASH FLOW REFORM PROGRAM.]

The commissioner of finance shall establish an advisory committee to develop recommendations to the legislative commission on planning and fiscal policy by January 15, 1995, for improving school cash management while avoiding short-term borrowing by the state. The advisory committee shall consist of representatives of the commissioners of finance, revenue, and education, the legislative commission on planning and fiscal policy, the Minnesota school boards association, the school business officers association, and the association of Minnesota counties.

The Honorable Allan H. Spear
President of the Senate

The Honorable Irv Anderson
Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 103, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S.F. No. 103 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1
PARI-MUTUEL RACING

Section 1. Minnesota Statutes 1992, section 240.05, subdivision 1, is amended to read:

Subdivision 1. [CLASSES.] The commission may issue ~~five~~ four classes of licenses:

(a) class A licenses, for the ownership and operation of a racetrack with horse racing on which pari-mutuel betting is conducted;

(b) class B licenses, for the sponsorship and management of horse racing on which pari-mutuel betting is conducted;

(c) class C licenses, for the privilege of engaging in certain occupations related to horse racing; *and*

(d) class D licenses, for the conduct of pari-mutuel horse racing by county agricultural societies or associations; *and*

~~(e) class E licenses, for the management of a teleracing facility.~~

No person may engage in any of the above activities without first having obtained the appropriate license from the commission.

Sec. 2. Minnesota Statutes 1992, section 240.06, subdivision 7, is amended to read:

Subd. 7. [LICENSE SUSPENSION AND REVOCATION.] The commission:

(1) may revoke a class A license for (i) a violation of law, order, or rule which in the commission's opinion adversely affects the integrity of horse racing in Minnesota, or for an intentional false statement made in a license application, or ~~for~~ (ii) a willful failure to pay any money required to be paid by Laws 1983, chapter 214, and

(2) may revoke a class A license for failure to perform material covenants or representations made in a license application; *and*

(3) shall revoke a class A license if live racing has not been conducted on at least 50 racing days assigned by the commission during any period of 12 consecutive months, unless the commission authorizes a shorter period because of circumstances beyond the licensee's control.

The commission may suspend a class A license for up to one year for a violation of law, order, or rule which in the commission's opinion adversely affects the integrity of horse racing in Minnesota, and may suspend a class A license indefinitely if it determines that the licensee has as an officer, director, shareholder, or other person with a direct, indirect, or beneficial interest a person who is in the commission's opinion inimical to the integrity of horse racing in Minnesota or who cannot be certified under subdivision 1, clause (d).

A license revocation or suspension under this subdivision is a contested case under sections 14.57 to 14.69 of the Administrative Procedure Act, and is in addition to criminal penalties imposed for a violation of law or rule.

Sec. 3. Minnesota Statutes 1992, section 240.09, is amended by adding a subdivision to read:

Subd. 3a. [INVESTIGATION.] Before granting a class D license the director shall conduct, or request the division of gambling enforcement to conduct, a comprehensive background and financial investigation of the applicant and the sources of financing. The director may charge an applicant an investigation fee to cover the cost of the investigation, and shall from this fee reimburse the division of gambling enforcement for its share of the cost of the investigation. The director has access to all criminal history data compiled by the division of gambling enforcement on class A licensees and applicants.

Sec. 4. Minnesota Statutes 1992, section 240.13, subdivision 1, is amended to read:

Subdivision 1. [AUTHORIZED.] (a) Class B and class D licenses give the licensees authority to conduct pari-mutuel betting on the results of races run at the licensed racetrack, and on other races as authorized by the commission under this section.

(b) A class B or class E D license gives the licensee the authority to transmit and receive telecasts and conduct pari-mutuel betting on the results of horse races run at its class A facility, and of other horse races run at other locations outside of the state, as authorized by the commission. A class E licensee must present, for pari-mutuel wagering purposes, all live horse races conducted at its class A facility. The class B or class E D licensee may present racing programs separately or concurrently.

(c) Subject to the approval of the commission, for simulcasts and telerace simulcasts the types of betting, takeout, and distribution of winnings on pari-mutuel pools of on simulcast races at a class B or class E D facility are those in effect at the sending racetrack. Pari-mutuel pools accumulated at a class E facility must be commingled with the pools at the class A facility for comparable pools on those races that are being simultaneously presented at both facilities. Pari-mutuel pools may be commingled with pools at the sending racetrack, for the purposes of determining odds and payout prices, via the totalizator computer at the class A facility.

(d) The commission may not authorize a class B or class E licensee to conduct simulcasting or telerace simulcasting unless 125 days of live racing, consisting of not less than eight live races on each racing day, have been

conducted at the class A facility within the preceding 12 months. The number of live racing days required may be adjusted by agreement between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races at the licensee's class A facility during the preceding 12 months. The number of live racing days required must be reduced by one day for each assigned racing day that the licensee is unable to conduct live racing due to natural occurrences or catastrophes beyond its control:

(e) *The commission may authorize no more than five class D licensees to conduct simulcasting in any year. Simulcasting may be conducted at each class D licensee's facility:*

(1) *only on races conducted at another class D facility during a county fair day at that facility; and*

(2) *only on standardbred races.*

A class D licensee may not conduct simulcasting for wagering purposes unless the licensee has a written contract, permitting the simulcasting, with a horseperson's organization representing the standardbred industry the breed being simulcast under authority of the class D license.

Sec. 5. Minnesota Statutes 1992, section 240.13, subdivision 2, is amended to read:

Subd. 2. [REQUIREMENTS.] (a) A licensee conducting pari-mutuel betting must provide at the licensed track ~~or at the teleracing facility:~~

(1) the necessary equipment for issuing pari-mutuel tickets; and

(2) mechanical or electronic equipment for displaying information the commission requires. All mechanical or electronic devices must be approved by the commission before being used.

(b) A licensee conducting pari-mutuel betting must post prominently at each point of sale of pari-mutuel tickets, in a manner approved by the commissioner of human services, the toll-free telephone number established by the commissioner of human services in connection with the compulsive gambling program established under section 245.98.

Sec. 6. Minnesota Statutes 1992, section 240.13, subdivision 3, is amended to read:

Subd. 3. [TYPES OF BETTING.] The commission shall by rule designate those types of pari-mutuel pools which are permitted at licensed racetracks ~~and teleracing facilities~~, and no licensee may conduct any type of pari-mutuel pool which has not been so designated. ~~Pari-mutuel pools permitted at licensed racetracks and pari-mutuel pools designated by the commission are permitted at teleracing facilities.~~

Sec. 7. Minnesota Statutes 1992, section 240.13, subdivision 5, is amended to read:

Subd. 5. [PURSES:] (a) From the amounts deducted from all pari-mutuel pools by a licensee, an amount equal to not less than the following percentages of all money in all pools must be set aside by the licensee and used for purses for races conducted by the licensee, provided that a licensee may agree by contract with an organization representing a majority of the horsepersons

racing the breed involved to set aside amounts in addition to the following percentages:

(1) for live races conducted at a class A facility, and for races that are part of full racing card simulcasting ~~or full racing card telecast simulcasting~~ that takes place within the time period of the live races, 8.4 percent;

(2) for simulcasts ~~and telecast simulcasts~~ conducted during the racing season other than as provided for in clause (1), 50 percent of the takeout remaining after deduction for taxes on pari-mutuel pools, payment to the breeders fund, and payment to the sending out-of-state racetrack for receipt of the signal; and

(3) for simulcasts ~~and telecast simulcasts~~ conducted outside of the racing season, 25 percent of the takeout remaining after deduction for the state pari-mutuel tax, payment to the breeders fund, payment to the sending out-of-state racetrack for receipt of the signal and, before January 1, 2005, a further deduction of eight percent of all money in all pools; ~~provided, however, that~~. In the event that wagering on simulcasts ~~and telecast simulcasts~~ outside of the racing season exceeds \$125 million in any calendar year, the amount set aside for purses by this formula is increased to 30 percent on amounts between \$125,000,000 and \$150,000,000 wagered; 40 percent on amounts between \$150,000,000 and \$175,000,000 wagered; and 50 percent on amounts in excess of \$175,000,000 wagered. In lieu of the eight percent deduction, a deduction as agreed to between the licensee and the horsepersons' organization representing the majority of horsepersons racing at the licensee's class A facility during the preceding 12 months, is allowed after December 31, 2004.

The commission may by rule provide for the administration and enforcement of this subdivision. The deductions for payment to the sending out-of-state racetrack must be actual, except that when there exists any overlap of ownership, control, or interest between the sending out-of-state racetrack and the receiving licensee, the deduction must not be greater than three percent unless agreed to between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races during the existing racing meeting or, if outside of the racing season, during the most recent racing meeting.

In lieu of the amount the licensee must pay to the commission for deposit in the Minnesota breeders fund under section 240.15, subdivision 1, the licensee shall pay 5-1/2 percent of the takeout from all pari-mutuel pools generated by wagering at the licensee's facility on full racing card simulcasts ~~and full racing card telecast simulcasts~~ of races not conducted in this state.

(b) From the money set aside for purses, the licensee shall pay to the horseperson's organization representing the majority of the horsepersons racing the breed involved and contracting with the licensee with respect to purses and the conduct of the racing meetings and providing representation, benevolent programs, benefits, and services for horsepersons and their on-track employees, an amount, sufficient to perform these services, as may be determined by agreement by the licensee and the horseperson's organization. The amount paid may be deducted only from the money set aside for purses to be paid in races for the breed represented by the horseperson's organization. With respect to racing meetings where more than one breed is racing, the licensee may contract independently with the horseperson's organization representing each breed racing.

(c) Notwithstanding sections 325D.49 to 325D.66, a horseperson's organization representing the majority of the horsepersons racing a breed at a meeting, and the members thereof, may agree to withhold horses during a meeting.

(d) Money set aside for purses from wagering, during the racing season, on simulcasts ~~and telerace simulcasts~~ must be used for purses for live races conducted at the licensee's class A facility during the same racing season, over and above the 8.4 percent purse requirement or any higher requirement to which the parties agree, for races conducted in this state. Money set aside for purses from wagering, outside of the racing season, on simulcasts ~~and telerace simulcasts~~ must be for purses for live races conducted at the licensee's class A facility during the next racing season, over and above the 8.4 percent purse requirement or any higher requirement to which the parties agree, for races conducted in this state.

(e) Money set aside for purses from wagering on simulcasts ~~and telerace simulcasts~~ must be used for purses for live races involving the same breed involved in the simulcast ~~or telerace simulcast~~ except that money set aside for purses and payments to the breeders fund from wagering on full racing card simulcasts ~~and full racing card telerace simulcasts~~ of races not conducted in this state, occurring during a live mixed meet, must be allotted to the purses and breeders fund for each breed participating in the mixed meet in the same proportion that the number of live races run by each breed bears to the total number of live races conducted during the period of the mixed meet.

(f) The allocation of money set aside for purses to particular racing meets may be adjusted, relative to overpayments and underpayments, by contract between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed involved at the licensee's facility.

(g) Subject to the provisions of this chapter, money set aside from pari-mutuel pools for purses must be for the breed involved in the race that generated the pool, except that if the breed involved in the race generating the pari-mutuel pool is not racing in the current racing meeting, or has not raced within the preceding 12 months at the licensee's class A facility, money set aside for purses may be distributed proportionately to those breeds that have run during the preceding 12 months or paid to the commission and used for purses or to promote racing for the breed involved in the race generating the pari-mutuel pool, or both, in a manner prescribed by the commission.

(h) This subdivision does not apply to a class D licensee.

Sec. 8. Minnesota Statutes 1992, section 240.13, subdivision 6, is amended to read:

Subd. 6. [SIMULCASTING.] (a) The commission may permit an authorized licensee to conduct simulcasting ~~or telerace simulcasting~~ at the licensee's facility on any day authorized by the commission. All simulcasts ~~and telerace simulcasts~~ must comply with the Interstate Horse Racing Act of 1978, United States Code, title 15, sections 3001 to 3007. ~~In addition to teleracing programs featuring live racing conducted at the licensee's class A facility, the class B licensee may conduct not more than seven teleracing programs per week during the racing season, unless additional telerace simulcasting is authorized by the director and approved by the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races at the licensee's class A facility during the preceding 12 months.~~

(b) The commission may not authorize any day for simulcasting at a class A facility during the racing season, and a licensee may not be allowed to transmit out-of-state telecasts of races the licensee conducts, unless the licensee has obtained the approval of the horsepersons' organization representing the majority of the horsepersons racing the breed involved at the licensed racetrack during the preceding 12 months.

(c) The licensee may pay fees and costs to an entity transmitting a telecast of a race to the licensee for purposes of conducting pari-mutuel wagering on the race. The licensee may deduct fees and costs related to the receipt of televised transmissions from a pari-mutuel pool on the televised race, provided that one-half of any amount recouped in this manner must be added to the amounts required to be set aside for purses.

(e) With the approval of the commission and subject to the provisions of this subdivision, a licensee may transmit telecasts of races it conducts, for wagering purposes, to locations outside the state, and the commission may allow this to be done on a commingled pool basis.

(f) Except as otherwise provided in this section, simulcasting and ~~telecast simulcasting~~ may be conducted on a separate pool basis or, with the approval of the commission, on a commingled pool basis. All provisions of law governing pari-mutuel betting apply to simulcasting and ~~telecast simulcasting~~ except as otherwise provided in this subdivision or in the commission's rules. If pools are commingled, wagering at the licensed facility must be on equipment electronically linked with the equipment at the licensee's class A facility or with the sending racetrack via the totalizer computer at the licensee's class A facility. Subject to the approval of the commission, the types of betting, takeout, and distribution of winnings on commingled pari-mutuel pools are those in effect at the sending racetrack. Breakage for pari-mutuel pools on a televised race must be calculated in accordance with the law or rules governing the sending racetrack for these pools, and must be distributed in a manner agreed to between the licensee and the sending racetrack. Notwithstanding subdivision 7 and section 240.15, subdivision 5, the commission may approve procedures governing the definition and disposition of unclaimed tickets that are consistent with the law and rules governing unclaimed tickets at the sending racetrack. For the purposes of this section, "sending racetrack" is either the racetrack outside of this state where the horse race is conducted or, with the consent of the racetrack, an alternative facility that serves as the racetrack for the purpose of commingling pools.

(g) If there is more than one class B licensee conducting racing within the seven-county metropolitan area, simulcasting and ~~telecast simulcasting~~ may be conducted only on races run by a breed that ran at the licensee's class A facility within the 12 months preceding the event.

Contractual agreements between licensees and horsepersons' organizations entered into before June 5, 1991, regarding money to be set aside for purses from pools generated by simulcasts at a class A facility, are controlling regarding purse requirements through the end of the 1992 racing season.

All other revenues received under this section by the commission, and all license fees, fines, and other revenue it receives, must be paid to the state treasurer for deposit in the general fund.

Sec. 11. Minnesota Statutes 1992, section 240.16, subdivision 1a, is amended to read:

Subd. 1a. [SIMULCAST.] All simulcasts ~~and tolerance simulcasts~~ are subject to the regulation of the commission. The commission may assign an official to preside over these activities and, if so assigned, the official has the powers and duties provided by rule.

Subd. 2. [OFF-TRACK BETS.] ~~(a)~~ No person shall:

(1) for a fee, directly or indirectly, accept anything of value from another to be transmitted or delivered for wager in any licensed pari-mutuel system of wagering on horse races, or for a fee deliver anything of value which has been received outside of the enclosure of a licensed racetrack holding a race meet licensed under this chapter ~~or a toleracing facility,~~ to be placed as wagers in the pari-mutuel system of wagering on horse racing within the enclosure or facility; or

(2) give anything of value to be transmitted or delivered for wager in any licensed pari-mutuel system of wagering on horse races to another who charges a fee, directly or indirectly, for the transmission or delivery.

~~(b) Nothing in this subdivision prohibits the conducting of pari-mutuel wagering at a licensed toleracing facility.~~

Sec. 13. Minnesota Statutes 1992, section 240.25, is amended by adding a subdivision to read:

Subd. 8. [AGE UNDER 18.] A person under the age of 18 may not place a bet or present a pari-mutuel ticket for payment with an approved pari-mutuel system.

Sec. 14. Minnesota Statutes 1992, section 240.26, subdivision 3, is amended to read:

Subd. 3. [MISDEMEANORS.] A violation of any other provision of ~~Laws 1983, this~~ chapter 214 or of a rule or order of the commission for which another penalty is not provided is a misdemeanor.

Sec. 15. Minnesota Statutes 1992, section 240.27, subdivision 1, is amended to read:

Subdivision 1. [PERSONS EXCLUDED.] The commission may exclude from any and all licensed racetracks or ~~licensed tele racing facilities~~ in the state a person who:

(a) has been convicted of a felony under the laws of any state or the United States;

(b) has had a license suspended, revoked, or denied by the commission or by the racing authority of any other jurisdiction; or

(c) is determined by the commission, on the basis of evidence presented to it, to be a threat to the integrity of racing in Minnesota.

Sec. 16. Minnesota Statutes 1992, section 240.28, subdivision 1, is amended to read:

Subdivision 1. [FINANCIAL INTEREST.] No person may serve on or be employed by the commission who has an interest in any corporation, association, or partnership which holds a license from the commission or which holds a contract to supply goods or services to a licensee or at a licensed racetrack or a ~~licensed tele racing facility~~, including concessions contracts. No member or employee of the commission may own, wholly or in part, or have an interest in a horse which races at a licensed racetrack in Minnesota. No member or employee of the commission may have a financial interest in or be employed in a profession or business which conflicts with the performance of duties as a member or employee.

Minnesota Statutes 1992, section 240.091, is repealed.

Sec. 18. [EFFECTIVE DATE.]

Sections 1, 3 to 8, 10 to 12, and 14 to 17 are effective the day following final enactment. Sections 9 and 13 are effective August 1, 1994. Section 2 is effective April 1, 1995.

Sec. 2. [297E.02] [TAX IMPOSED.]

Subdivision 1. [IMPOSITION.] A tax is imposed on all lawful gambling other than (1) pull-tabs purchased and placed into inventory after January 1, 1987, and (2) tipboards purchased and placed into inventory after June 30, 1988, at the rate of ten percent on the gross receipts as defined in section 349.12, subdivision 21, less prizes actually paid. The tax imposed by this subdivision is in lieu of the tax imposed by section 297A.02 and all local taxes and license fees except a fee authorized under section 349.16, subdivision 8, or a tax authorized under subdivision 5.

The tax imposed under this subdivision is payable by the organization or party conducting, directly or indirectly, the gambling.

Subd. 2. [TAX-EXEMPT GAMBLING.] An organization's receipts from lawful gambling that are excluded or exempt from licensing under section

349.166, are not subject to the tax imposed by this section or section 297A.02. This exclusion from tax is only valid if at the time of the event giving rise to the tax the organization either has an exclusion under section 349.166, subdivision 1, or has applied for and received a valid exemption from the lawful gambling control board.

Subd. 3. [COLLECTION; DISPOSITION.] Taxes imposed by this section are due and payable to the commissioner when the gambling tax return is required to be filed. Returns covering the taxes imposed under this section must be filed with the commissioner on or before the 20th day of the month following the close of the previous calendar month. The commissioner may require that the returns be filed via magnetic media or electronic data transfer. The proceeds, along with the revenue received from all license fees and other fees under sections 349.11 to 349.191, 349.211, and 349.213, must be paid to the state treasurer for deposit in the general fund.

Subd. 4. [PULL-TAB AND TIPBOARD TAX.] (a) A tax is imposed on the sale of each deal of pull-tabs and tipboards sold by a distributor. The rate of the tax is two percent of the ideal gross of the pull-tab or tipboard deal. The sales tax imposed by chapter 297A on the sale of the pull-tabs and tipboards by the distributor is imposed on the retail sales price less the tax imposed by this subdivision. The retail sale of pull-tabs or tipboards by the organization is exempt from taxes imposed by chapter 297A and is exempt from all local taxes and license fees except a fee authorized under section 349.16, subdivision 8.

(b) The liability for the tax imposed by this section is incurred when the pull-tabs and tipboards are delivered by the distributor to the customer or to a common or contract carrier for delivery to the customer, or when received by the customer's authorized representative at the distributor's place of business, regardless of the distributor's method of accounting or the terms of the sale.

The tax imposed by this subdivision is imposed on all sales of pull-tabs and tipboards, except the following:

(1) sales to the governing body of an Indian tribal organization for use on an Indian reservation;

(2) sales to distributors licensed under the laws of another state or of a province of Canada, as long as all statutory and regulatory requirements are met in the other state or province;

(3) sales of promotional tickets as defined in section 349.12; and

(4) pull-tabs and tipboards sold to an organization that sells pull-tabs and tipboards under the exemption from licensing in section 349.166, subdivision 2. A distributor shall require an organization conducting exempt gambling to show proof of its exempt status before making a tax-exempt sale of pull-tabs or tipboards to the organization. A distributor shall identify, on all reports submitted to the commissioner, all sales of pull-tabs and tipboards that are exempt from tax under this subdivision.

(c) A distributor having a liability of \$120,000 or more during a fiscal year ending June 30 must remit all liabilities in the subsequent calendar year by a funds transfer as defined in section 336.4A-104, paragraph (a). The funds transfer payment date, as defined in section 336.4A-401, must be on or before the date the tax is due. If the date the tax is due is not a funds transfer business

day, as defined in section 336.4A-105, paragraph (a), clause (4), the payment date must be on or before the funds transfer business day next following the date the tax is due.

Subd. 5. [LOCAL GAMBLING TAX.] A statutory or home rule charter city that has one or more licensed organizations operating lawful gambling, and a county that has one or more licensed organizations outside incorporated areas operating lawful gambling, may impose a local gambling tax on each licensed organization within the city's or county's jurisdiction. The tax may be imposed only if the amount to be received by the city or county is necessary to cover the costs incurred by the city or county to regulate lawful gambling. The tax imposed by this subdivision may not exceed three percent of the gross receipts of a licensed organization from all lawful gambling less prizes actually paid out by the organization. A city or county may not use money collected under this subdivision for any purpose other than to regulate lawful gambling. A tax imposed under this subdivision is in lieu of all other local taxes and local investigation fees on lawful gambling. A city or county that imposes a tax under this subdivision shall annually, by March 15, file a report with the board in a form prescribed by the board showing (1) the amount of revenue produced by the tax during the preceding calendar year, and (2) the use of the proceeds of the tax.

Subd. 6. [COMBINED RECEIPTS TAX.] In addition to the taxes imposed under subdivisions 1 and 4, a tax is imposed on the combined receipts of the organization. As used in this section, "combined receipts" is the sum of the organization's gross receipts from lawful gambling less gross receipts directly derived from the conduct of bingo, raffles, and paddlewheels, as defined in section 349.12, subdivision 21, for the fiscal year. The combined receipts of an organization are subject to a tax computed according to the following schedule:

<i>If the combined receipts for the fiscal year are:</i>	<i>The tax is:</i>
<i>Not over \$500,000</i>	<i>zero</i>
<i>Over \$500,000, but not over \$700,000</i>	<i>two percent of the amount over \$500,000, but not over \$700,000</i>
<i>Over \$700,000, but not over \$900,000</i>	<i>\$4,000 plus four percent of the amount over \$700,000, but not over \$900,000</i>
<i>Over \$900,000</i>	<i>\$12,000 plus six percent of the amount over \$900,000</i>

Subd. 7. [UNTAXED GAMBLING PRODUCT.] (a) In addition to penalties or criminal sanctions imposed by this chapter, a person, organization, or business entity possessing or selling a pull-tab or tipboard upon which the tax imposed by subdivision 4 has not been paid is liable for a tax of six percent of the ideal gross of each pull-tab or tipboard. The tax on a partial deal must be assessed as if it were a full deal.

(b) In addition to penalties and criminal sanctions imposed by this chapter, a person not licensed by the board who conducts bingo, raffles, or paddle-wheel games is liable for a tax of six percent of the gross receipts from that activity.

(c) The tax must be assessed by the commissioner. An assessment must be considered a jeopardy assessment or jeopardy collection as provided in section 270.70. The commissioner shall assess the tax based on personal knowledge or information available to the commissioner. The commissioner shall mail to the taxpayer at the taxpayer's last known address, or serve in person, a written notice of the amount of tax, demand its immediate payment, and, if payment is not immediately made, collect the tax by any method described in chapter 270, except that the commissioner need not await the expiration of the times specified in chapter 270. The tax assessed by the commissioner is presumed to be valid and correctly determined and assessed. The burden is upon the taxpayer to show its incorrectness or invalidity. The tax imposed under this subdivision does not apply to gambling that is exempt from taxation under subdivision 2.

Subd. 8. [PERSONAL DEBT.] The tax imposed by this section, and interest and penalties imposed with respect to it, are a personal debt of the person required to file a return from the time the liability for it arises, irrespective of when the time for payment of the liability occurs. The debt must, in the case of the executor or administrator of the estate of a decedent and in the case of a fiduciary, be that of the person in the person's official or fiduciary capacity only unless the person has voluntarily distributed the assets held in that capacity without reserving sufficient assets to pay the tax, interest, and penalties, in which event the person is personally liable for any deficiency.

Subd. 9. [PUBLIC INFORMATION.] All records concerning the administration of the taxes under this chapter are classified as public information.

Subd. 10. [REFUNDS; APPROPRIATION.] A person who has, under this chapter, paid to the commissioner an amount of tax for a period in excess of the amount legally due for that period, may file with the commissioner a claim for a refund of the excess. The amount necessary to pay the refunds is appropriated from the general fund to the commissioner.

Subd. 11. [UNPLAYED OR DEFECTIVE PULL-TABS OR TIPBOARDS.] If a deal of pull-tabs or tipboards registered with the board or bar coded in accordance with chapter 349 and upon which the tax imposed by subdivision 4 has been paid is returned unplayed to the distributor, the commissioner shall allow a refund of the tax paid.

If a defective deal registered with the board or bar coded in accordance with chapter 349 and upon which the taxes have been paid is returned to the manufacturer, the distributor shall submit to the commissioner of revenue certification from the manufacturer that the deal was returned and in what respect it was defective. The certification must be on a form prescribed by the commissioner and must contain additional information the commissioner requires.

The commissioner may require that no refund under this subdivision be made unless the returned pull-tabs or tipboards have been set aside for inspection by the commissioner's employee.

Reductions in previously paid taxes authorized by this subdivision must be made when and in the manner prescribed by the commissioner.

Sec. 3. [297E.03] [SPORTS BOOKMAKING TAX.]

Subdivision 1. [IMPOSITION OF TAX.] An excise tax of six percent is imposed on the value of all bets received by, recorded by, accepted by, forwarded by, or placed with a person engaged in sports bookmaking.

Subd. 2. [BET DEFINED.] For purposes of this section, the term "bet" has the meaning given it in section 609.75, subdivision 2.

Subd. 3. [SPORTS BOOKMAKING DEFINED.] For purposes of this section, the term "sports bookmaking" has the meaning given it in section 609.75, subdivision 7.

Subd. 4. [AMOUNT OF BET.] In determining the value or amount of any bet for purposes of this section, all charges incident to the placing of the bet must be included.

Subd. 5. [TAX RETURNS.] A person engaged in sports bookmaking shall file monthly tax returns with the commissioner of revenue, in the form required by the commissioner, of all bookmaking activity, and shall include information on all bets recorded, accepted, forwarded, and placed. The returns must be filed on or before the 20th day of the month following the month in which the bets reported were recorded, accepted, forwarded, or placed. The tax imposed by this section is due and payable at the time when the returns are filed.

Subd. 6. [PERSONS LIABLE FOR TAX.] Each person who is engaged in receiving, recording, forwarding, or accepting sports bookmaking bets is liable for and shall pay the tax imposed under this section.

Subd. 7. [JEOPARDY ASSESSMENT; JEOPARDY COLLECTION.] The tax may be assessed by the commissioner of revenue. An assessment made pursuant to this section shall be considered a jeopardy assessment or jeopardy collection as provided in section 270.70. The commissioner shall assess the tax based on personal knowledge or information available to the commissioner. The commissioner shall mail to the taxpayer at the taxpayer's last known address, or serve in person, a written notice of the amount of tax, demand its immediate payment, and, if payment is not immediately made, collect the tax by any method described in chapter 270, except that the commissioner need not await the expiration of the times specified in chapter 270. The tax assessed by the commissioner is presumed to be valid and correctly determined and assessed.

Subd. 8. [DISCLOSURE PROHIBITED.] (a) Notwithstanding any law to the contrary, neither the commissioner nor a public employee may reveal facts contained in a sports bookmaking tax return filed with the commissioner of revenue as required by this section, nor can any information contained in the report or return be used against the tax obligor in any criminal proceeding, unless independently obtained, except in connection with a proceeding involving taxes due under this section, or as provided in section 270.064.

(b) Any person violating this section is guilty of a gross misdemeanor.

(c) This section does not prohibit the commissioner from publishing statistics that do not disclose the identity of tax obligors or the contents of particular returns or reports.

Sec. 4. [297E.031] [GAMBLING TAX PERMIT.]

Subdivision 1. [APPLICATION AND ISSUANCE.] A distributor who sells gambling products under this chapter must file with the commissioner an application, on a form prescribed by the commissioner, for a gambling tax permit and identification number. The commissioner, when satisfied that the applicant has a valid license from the board, shall issue the applicant a permit and number. A permit is not assignable and is valid only for the distributor in whose name it is issued.

Subd. 2. [SUSPENSION; REVOCATION.] (a) If a distributor fails to comply with this chapter or a rule of the commissioner, or if a license issued under chapter 349 is revoked or suspended, the commissioner, after giving notice, may for reasonable cause revoke or suspend a permit held by a distributor. A notice must be sent to the distributor at least 15 days before the proposed suspension or revocation is to take effect. The notice must give the reason for the proposed suspension or revocation and must require the distributor to show cause why the proposed action should not be taken. The notice may be served personally or by mail.

(b) The notice must inform the distributor of the right to a contested case hearing. If a request in writing is made to the commissioner within 14 days of the date of the notice, the commissioner shall defer action on the suspension or revocation and shall refer the case to the office of administrative hearings for the scheduling of a contested case hearing. The distributor must be served with 20 days' notice in writing specifying the time and place of the hearing and the allegations against the distributor.

(c) The commissioner shall issue a final order following receipt of the recommendation of the administrative law judge.

(d) Under section 271.06, subdivision 1, an appeal to the tax court may be taken from the commissioner's order of revocation or suspension. The commissioner may not issue a new permit after revocation except upon application accompanied by reasonable evidence of the intention of the applicant to comply with all applicable laws and rules.

Sec. 5. [297E.04] [MANUFACTURER'S REPORTS AND RECORDS.]

Subdivision 1. [REPORTS OF SALES.] A manufacturer who sells gambling product for use or resale in this state, or for receipt by a person or entity in this state, shall file with the commissioner, on a form prescribed by the commissioner, a report of gambling product sold to any person in the state, including the established governing body of an Indian tribe recognized by the United States Department of the Interior. The report must be filed monthly on or before the 20th day of the month succeeding the month in which the sale was made. The commissioner may require that the report be submitted via magnetic media or electronic data transfer. The commissioner may inspect the premises, books, records, and inventory of a manufacturer without notice during the normal business hours of the manufacturer. A person violating this section is guilty of a misdemeanor.

Subd. 2. [BAR CODES.] The flare of each pull-tab and tipboard game must be imprinted by the manufacturer with a bar code that provides all information prescribed by the commissioner. The commissioner must require that the bar code include the serial number of the game. A manufacturer must also affix to the outside of the box containing these games a bar code

providing all information prescribed by the commissioner. The commissioner may also prescribe additional bar coding requirements.

No person may alter the bar code that appears on the outside of a box containing a deal of pull-tabs and tipboards. Possession of a box containing a deal of pull-tabs and tipboards that has a bar code different from the bar code of the deal inside the box is prima facie evidence that the possessor has altered the bar code on the box.

Subd. 3. [PADDLETICKET CARD MASTER FLARES.] Each sealed grouping of 100 paddleticket cards must have its own individual master flare. The manufacturer of the paddleticket cards must affix to or imprint at the bottom of each master flare a bar code that provides:

- (1) the name of the manufacturer;
- (2) the first paddleticket card number in the group;
- (3) the number of paddletickets attached to each paddleticket card in the group; and
- (4) all other information required by the commissioner. This subdivision applies to paddleticket cards (i) sold by a manufacturer after June 30, 1995, for use or resale in Minnesota or (ii) shipped into or caused to be shipped into Minnesota by a manufacturer after June 30, 1995. Paddleticket cards that are subject to this subdivision may not have a registration stamp affixed to the master flare.

Sec. 6. [297E.05] [DISTRIBUTOR REPORTS AND RECORDS.]

Subdivision 1. [BUSINESS RECORDS.] A distributor shall keep at each place of business complete and accurate records for that place of business, including itemized invoices of gambling product held, purchased, manufactured, or brought in or caused to be brought in from without this state, and of all sales of gambling product. The records must show the names and addresses of purchasers, the inventory at the close of each period for which a return is required of all gambling product on hand, and other pertinent papers and documents relating to the purchase, sale, or disposition of gambling product. Books, records, itemized invoices, and other papers and documents required by this section must be kept for a period of at least 3-1/2 years after the date of the documents, or the date of the entries appearing in the records, unless the commissioner of revenue authorizes in writing their destruction or disposal at an earlier date.

Subd. 2. [SALES RECORDS.] A distributor must maintain a record of all gambling product that it sells. The record must include:

- (1) the identity of the person from whom the distributor purchased the product;
- (2) the registration number of the product;
- (3) the name, address, and license or exempt permit number of the organization or person to which the sale was made;
- (4) the date of the sale;
- (5) the name of the person who ordered the product;
- (6) the name of the person who received the product;

- (7) the type of product;
- (8) the serial number of the product;
- (9) the name, form number, or other identifying information for each game; and
- (10) in the case of bingo hard cards or sheets sold on and after January 1, 1991, the individual number of each card or sheet.

Subd. 3. [INVOICES.] A distributor shall give with each sale of gambling product an itemized invoice showing the distributor's name and address, the purchaser's name and address, the date of the sale, description of the deals, including the ideal gross from every deal of pull-tabs and every deal of tipboards.

Subd. 4. [REPORTS.] A distributor shall report monthly to the commissioner, on a form the commissioner prescribes, its sales of each type of gambling product. This report must be filed monthly on or before the 20th day of the month succeeding the month in which the sale was made. The commissioner may require that a distributor submit the monthly report and invoices required in this subdivision via magnetic media or electronic data transfer.

Subd. 5. [CERTIFIED PHYSICAL INVENTORY.] The commissioner may, upon request, require a distributor to furnish a certified physical inventory of all gambling product in stock. The inventory must contain the information required by the commissioner.

Sec. 7. [297E.06] [ORGANIZATION REPORTS AND RECORDS.]

Subdivision 1. [REPORTS.] An organization must file with the commissioner, on a form prescribed by the commissioner, a report showing all gambling activity conducted by that organization for each month. Gambling activity includes all gross receipts, prizes, all gambling taxes owed or paid to the commissioner, all gambling expenses, and all lawful purpose and board-approved expenditures. The report must be filed with the commissioner on or before the 20th day of the month following the month in which the gambling activity takes place. The commissioner may require that the reports be filed via magnetic media or electronic data transfer.

Subd. 2. [BUSINESS RECORDS.] An organization shall maintain records supporting the gambling activity reported to the commissioner. Records include, but are not limited to, the following items:

- (1) all winning and unsold tickets, cards, or stubs for pull-tab, tipboard, paddlewheel, and raffle games;
- (2) all reports and statements, including checker's records, for each bingo occasion;
- (3) all cash journals and ledgers, deposit slips, register tapes, and bank statements supporting gambling activity receipts;
- (4) all invoices that represent purchases of gambling product;
- (5) all canceled checks, check recorders, journals and ledgers, vouchers, invoices, bank statements, and other documents supporting gambling activity expenditures; and

(6) all organizational meeting minutes.

All records required to be kept by this section must be preserved by the organization for at least 3-1/2 years and may be inspected by the commissioner of revenue at any reasonable time without notice or a search warrant.

Subd. 3. [ACCOUNTS.] All gambling activity transactions must be segregated from all other revenues and expenditures made by the conducting organization.

Subd. 4. [ANNUAL AUDIT.] (a) An organization licensed under chapter 349 with gross receipts from lawful gambling of more than \$250,000 in any year must have an annual financial audit of its lawful gambling activities and funds for that year. An organization licensed under chapter 349 with gross receipts from lawful gambling of more than \$50,000 but not more than \$250,000 in any year must have an annual financial review of its lawful gambling activities and funds for that year. Audits and financial reviews under this subdivision must be performed by an independent accountant licensed by the state of Minnesota.

(b) The commissioner of revenue shall prescribe standards for audits and financial review required under this subdivision. The standards may vary based on the gross receipts of the organization. The standards must incorporate and be consistent with standards prescribed by the American institute of certified public accountants. A complete, true, and correct copy of the audit report must be filed as prescribed by the commissioner.

Sec. 8. [297E.07] [INSPECTION RIGHTS.]

At any reasonable time, without notice and without a search warrant, the commissioner may enter a place of business of a manufacturer, distributor, or organization; any site from which pull-tabs or tipboards or other gambling equipment or gambling product are being manufactured, stored, or sold; or any site at which lawful gambling is being conducted, and inspect the premises, books, records, and other documents required to be kept under this chapter to determine whether or not this chapter is being fully complied with. If the commissioner is denied free access to or is hindered or interfered with in making an inspection of the place of business, books, or records, the permit of the distributor may be revoked by the commissioner, and the license of the manufacturer, the distributor, or the organization may be revoked by the board.

Sec. 9. [297E.08] [EXAMINATIONS.]

Subdivision 1. [EXAMINATION OF TAXPAYER.] To determine the accuracy of a return or report, or in fixing liability under this chapter, the commissioner may make reasonable examinations or investigations of a taxpayer's place of business, tangible personal property, equipment, computer systems and facilities, pertinent books, records, papers, vouchers, computer printouts, accounts, and documents.

Subd. 2. [ACCESS TO RECORDS OF OTHER PERSONS IN CONNECTION WITH EXAMINATION OF TAXPAYER.] When conducting an investigation or an audit of a taxpayer, the commissioner may examine, except where privileged by law, the relevant records and files of a person, business, institution, financial institution, state agency, agency of the United States government, or agency of another state where permitted by statute, agreement,

or reciprocity. The commissioner may compel production of these records by subpoena. A subpoena may be served directly by the commissioner.

Subd. 3. [POWER TO COMPEL TESTIMONY.] In the administration of this chapter, the commissioner may:

(1) administer oaths or affirmations and compel by subpoena the attendance of witnesses, testimony, and the production of a person's pertinent books, records, papers, or other data;

(2) examine under oath or affirmation any person regarding the business of a taxpayer concerning a matter relevant to the administration of this chapter. The fees of witnesses required by the commissioner to attend a hearing are equal to those allowed to witnesses appearing before courts of this state. The fees must be paid in the manner provided for the payment of other expenses incident to the administration of state tax law; and

(3) in addition to other remedies available, bring an action in equity by the state against a taxpayer for an injunction ordering the taxpayer to file a complete and proper return or amended return. The district courts of this state have jurisdiction over the action, and disobedience of an injunction issued under this clause must be punished as for contempt.

Subd. 4. [THIRD-PARTY SUBPOENA WHERE TAXPAYER'S IDENTITY IS KNOWN.] An investigation may extend to any person that the commissioner determines has access to information that may be relevant to the examination or investigation. If a subpoena requiring the production of records under subdivision 2 is served on a third-party record keeper, written notice of the subpoena must be mailed to the taxpayer and to any other person who is identified in the subpoena. The notices must be given within three days of the day on which the subpoena is served. Notice to the taxpayer required by this section is sufficient if it is mailed to the last address on record with the commissioner of revenue.

The provisions of this subdivision relating to notice to the taxpayer or other parties identified in the subpoena do not apply if there is reasonable cause to believe that the giving of notice may lead to attempts to conceal, destroy, or alter records relevant to the examination, to prevent the communication of information from other persons through intimidation, bribery, or collusion, or to flee to avoid prosecution, testifying, or production of records.

Subd. 5. [THIRD-PARTY SUBPOENA WHERE TAXPAYER'S IDENTITY IS NOT KNOWN.] A subpoena that does not identify the person or persons whose tax liability is being investigated may be served only if:

(1) the subpoena relates to the investigation of a particular person or ascertainable group or class of persons;

(2) there is a reasonable basis for believing that the person or group or class of persons may fail or may have failed to comply with tax laws administered by the commissioner of revenue;

(3) the subpoena is clear and specific concerning information sought to be obtained; and

(4) the information sought to be obtained is limited solely to the scope of the investigation.

A party served with a subpoena that does not identify the person or persons with respect to whose tax liability the subpoena is issued may, within three days after service of the subpoena, petition the district court in the judicial district in which that party is located for a determination whether the commissioner of revenue has complied with all the requirements in clauses (1) to (4), and whether the subpoena is enforceable. If no petition is made by the party served within the time prescribed, the subpoena has the effect of a court order.

Subd. 6. [REQUEST BY TAXPAYER FOR SUBPOENA.] If the commissioner has the power to issue a subpoena for investigative or auditing purposes, the commissioner shall honor a reasonable request by the taxpayer to issue a subpoena on the taxpayer's behalf in connection with the investigation or audit.

Subd. 7. [APPLICATION TO COURT FOR ENFORCEMENT OF SUBPOENA.] The commissioner or the taxpayer may apply to the district court of the county of the taxpayer's residence, place of business, or county where the subpoena can be served as with any other case at law, for an order compelling the appearance of the subpoenaed witness or the production of the subpoenaed records. Failure to comply with the order of the court for the appearance of a witness or the production of records may be punished by the court as for contempt.

Subd. 8. [COST OF PRODUCTION OF RECORDS.] The cost of producing records of a third party required by a subpoena must be paid by the taxpayer if the taxpayer requests the subpoena to be issued or if the taxpayer has the records available but has refused to provide them to the commissioner. In other cases where the taxpayer cannot produce records and the commissioner then issues a subpoena for third-party records, the commissioner shall pay the reasonable cost of producing the records. The commissioner may later assess the reasonable costs against the taxpayer if the records contribute to the determination of an assessment of tax against the taxpayer.

Sec. 10. [297E.09] [ASSESSMENTS.]

Subdivision 1. [GENERALLY.] The commissioner shall make determinations, corrections, and assessments with respect to taxes, including interest, additions to taxes, and assessable penalties, imposed under this chapter.

Subd. 2. [COMMISSIONER FILED RETURNS.] If a taxpayer fails to file a return required by this chapter, the commissioner may make a return for the taxpayer from information in the commissioner's possession or obtainable by the commissioner. The return is prima facie correct and valid.

Subd. 3. [ORDER OF ASSESSMENT; NOTICE AND DEMAND TO TAXPAYER.] (a) If a return has been filed and the commissioner determines that the tax disclosed by the return is different from the tax determined by the examination, the commissioner shall send an order of assessment to the taxpayer. The order must explain the basis for the assessment and must explain the taxpayer's appeal rights. An assessment by the commissioner must be made by recording the liability of the taxpayer in the office of the commissioner, which may be done by keeping a copy of the order of assessment sent to the taxpayer. An order of assessment is final when made but may be reconsidered by the commissioner under section 349.219.

(b) *The amount of unpaid tax shown on the order must be paid to the commissioner:*

(1) *within 60 days after notice of the amount and demand for its payment have been mailed to the taxpayer by the commissioner; or*

(2) *if an administrative appeal is filed under section 349.219 within 60 days following the determination or compromise of the appeal.*

Subd. 4. [ERRONEOUS REFUNDS.] An erroneous refund is considered an underpayment of tax on the date made. An assessment of a deficiency arising out of an erroneous refund may be made at any time within two years from the making of the refund. If part of the refund was induced by fraud or misrepresentation of a material fact, the assessment may be made at any time.

Subd. 5. [ASSESSMENT PRESUMED VALID.] A return or assessment made by the commissioner is prima facie correct and valid. The taxpayer has the burden of establishing the incorrectness or invalidity of the return or assessment in any action or proceeding in respect to it.

Subd. 6. [AGGREGATE REFUND OR ASSESSMENT.] On examining returns of a taxpayer for more than one year or period, the commissioner may issue one order covering the period under examination that reflects the aggregate refund or additional tax due.

Subd. 7. [SUFFICIENCY OF NOTICE.] An order of assessment sent by United States mail, postage prepaid to the taxpayer at the taxpayer's last known address, is sufficient even if the taxpayer is deceased or is under a legal disability, or, in the case of a corporation, has terminated its existence, unless the department has been provided with a new address by a party authorized to receive notices of assessment.

Sec. 11. [297E.10] [EXTENSIONS FOR FILING RETURNS AND PAYING TAXES.]

If, in the commissioner's judgment, good cause exists, the commissioner may extend the time for filing tax returns, paying taxes, or both, for not more than six months.

Sec. 12. [297E.11] [LIMITATIONS ON TIME FOR ASSESSMENT OF TAX.]

Subdivision 1. [GENERAL RULE.] Except as otherwise provided in this chapter, the amount of taxes assessable must be assessed within 3-1/2 years after the return is filed, whether or not the return is filed on or after the date prescribed. A return must not be treated as filed until it is in processible form. A return is in processible form if it is filed on a permitted form and contains sufficient data to identify the taxpayer and permit the mathematical verification of the tax liability shown on the return.

Subd. 2. [FALSE OR FRAUDULENT RETURN.] Notwithstanding subdivision 1, the tax may be assessed at any time if a false or fraudulent return is filed or if a taxpayer fails to file a return.

Subd. 3. [OMISSION IN EXCESS OF 25 PERCENT.] Additional taxes may be assessed within 6-1/2 years after the due date of the return or the date the return was filed, whichever is later, if the taxpayer omits from a tax return taxes in excess of 25 percent of the taxes reported in the return.

Subd. 4. [TIME LIMIT FOR REFUNDS.] Unless otherwise provided in this chapter, a claim for a refund of an overpayment of tax must be filed within 3-1/2 years from the date prescribed for filing the return, plus any extension of time granted for filing the return, but only if filed within the extended time, or two years from the time the tax is paid, whichever period expires later. Interest on refunds must be computed at the rate specified in section 270.76 from the date of payment to the date the refund is paid or credited. For purposes of this subdivision, the date of payment is the later of the date the tax was finally due or was paid.

Subd. 5. [BANKRUPTCY; SUSPENSION OF TIME.] The time during which a tax must be assessed or collection proceedings begun is suspended during the period from the date of a filing of a petition in bankruptcy until 30 days after either:

(1) notice to the commissioner that the bankruptcy proceedings have been closed or dismissed; or

(2) the automatic stay has been ended or has expired, whichever occurs first.

The suspension of the statute of limitations under this subdivision applies to the person the petition in bankruptcy is filed against, and all other persons who may also be wholly or partially liable for the tax.

Subd. 6. [EXTENSION AGREEMENT.] If before the expiration of time prescribed in subdivisions 1 and 4 for the assessment of tax or the filing of a claim for refund, both the commissioner and the taxpayer have consented in writing to the assessment or filing of a claim for refund after that time, the tax may be assessed or the claim for refund filed at any time before the expiration of the agreed upon period. The period may be extended by later agreements in writing before the expiration of the period previously agreed upon.

Sec. 13. [297E.13] [CIVIL PENALTIES.]

Subdivision 1. [PENALTY FOR FAILURE TO PAY TAX.] If a tax is not paid within the time specified for payment, a penalty is added to the amount required to be shown as tax. The penalty is five percent of the unpaid tax if the failure is for not more than 30 days, with an additional penalty of five percent of the amount of tax remaining unpaid during each additional 30 days or fraction of 30 days during which the failure continues, not exceeding 15 percent in the aggregate.

If the taxpayer has not filed a return, for purposes of this subdivision the time specified for payment is the final date a return should have been filed.

Subd. 2. [PENALTY FOR FAILURE TO MAKE AND FILE RETURN.] If a taxpayer fails to make and file a return within the time prescribed or an extension, a penalty is added to the tax. The penalty is five percent of the amount of tax not paid on or before the date prescribed for payment of the tax.

If a taxpayer fails to file a return within 60 days of the date prescribed for filing of the return (determined with regard to any extension of time for filing), the addition to tax under this subdivision must be at least the lesser of: (1) \$200; or (2) the greater of (i) 25 percent of the amount required to be shown as tax on the return without reduction for any payments made or refundable credits allowable against the tax, or (ii) \$50.

Subd. 3. [COMBINED PENALTIES.] When penalties are imposed under subdivisions 1 and 2, except for the minimum penalty under subdivision 2, the penalties imposed under both subdivisions combined must not exceed 38 percent.

Subd. 4. [PENALTY FOR INTENTIONAL DISREGARD OF LAW OR RULES.] If part of an additional assessment is due to negligence or intentional disregard of the provisions of this chapter or rules of the commissioner of revenue (but without intent to defraud), there is added to the tax an amount equal to ten percent of the additional assessment.

Subd. 5. [PENALTY FOR FALSE OR FRAUDULENT RETURN; EVASION.] If a person files a false or fraudulent return, or attempts in any manner to evade or defeat a tax or payment of tax, there is imposed on the person a penalty equal to 50 percent of the tax found due for the period to which the return related, less amounts paid by the person on the basis of the false or fraudulent return.

Subd. 6. [PENALTY FOR REPEATED FAILURES TO FILE RETURNS OR PAY TAXES.] If there is a pattern by a person of repeated failures to timely file returns or timely pay taxes, and written notice is given that a penalty will be imposed if such failures continue, a penalty of 25 percent of the amount of tax not timely paid as a result of each such subsequent failure is added to the tax. The penalty can be abated under the abatement authority in section 270.07, subdivisions 1, paragraph (e), and 6.

Subd. 7. [PENALTY FOR SALES AFTER REVOCATION, SUSPENSION, OR EXPIRATION.] A distributor who engages in, or whose representative engages in, the offering for sale, sale, transport, delivery, or furnishing of gambling equipment to a person, firm, or organization, after the distributor's license or permit has been revoked or suspended, or has expired, and until such license or permit has been reinstated or renewed, is liable for a penalty of \$1,000 for each day the distributor continues to engage in the activity. This subdivision does not apply to the transport of gambling equipment for the purpose of returning the equipment to a licensed manufacturer.

Subd. 8. [PAYMENT OF PENALTIES.] The penalties imposed by this section must be collected and paid in the same manner as taxes.

Subd. 9. [PENALTIES ARE ADDITIONAL.] The civil penalties imposed by this section are in addition to the criminal penalties imposed by this chapter.

Subd. 10. [ORDER PAYMENTS CREDITED.] All payments received may be credited first to the oldest liability not secured by a judgment or lien in the discretion of the commissioner of revenue, but in all cases must be credited first to penalties, next to interest, and then to the tax due.

Sec. 14. [297E.13] [TAX-RELATED CRIMINAL PENALTIES.]

Subdivision 1. [PENALTY FOR FAILURE TO FILE OR PAY.] (a) A person required to file a return, report, or other document with the commissioner, who knowingly fails to file it when required, is guilty of a gross misdemeanor. A person required to file a return, report, or other document who willfully attempts to evade or defeat a tax by failing to file it when required is guilty of a felony.

(b) A person required to pay or to collect and remit a tax, who knowingly fails to do so when required, is guilty of a gross misdemeanor. A person required to pay or to collect and remit a tax, who willfully attempts to evade or defeat a tax law by failing to do so when required is guilty of a felony.

Subd. 2. [FALSE OR FRAUDULENT RETURNS; PENALTIES.] (a) A person required to file a return, report, or other document with the commissioner, who delivers to the commissioner a return, report, or other document known by the person to be fraudulent or false concerning a material matter is guilty of a felony.

(b) A person who knowingly aids or assists in, or advises in the preparation or presentation of a return, report, or other document that is fraudulent or false concerning a material matter, whether or not the falsity or fraud committed is with the knowledge or consent of the person authorized or required to present the return, report, or other document, is guilty of a felony.

Subd. 3. [FALSE INFORMATION.] A person is guilty of a felony if the person:

(1) is required by section 297E.05 to keep records or to make returns, and falsifies or fails to keep the records or falsifies or fails to make the returns; or

(2) knowingly submits materially false information in any report, document, or other communication submitted to the commissioner in connection with lawful gambling or with this chapter.

Subd. 4. [SALES WITHOUT PERMIT; VIOLATIONS.] (a) A person who engages in the business of selling gambling product in Minnesota without the licenses or permits required under this chapter or chapter 349, or an officer of a corporation who so engages in the sales, is guilty of a gross misdemeanor.

(b) A person selling gambling product in Minnesota after revocation of a license or permit under this chapter or chapter 349, when the commissioner or the board has not issued a new license or permit, is guilty of a felony.

Subd. 5. [UNTAXED GAMBLING EQUIPMENT.] It is a gross misdemeanor for a person to possess gambling equipment for resale in this state that has not been stamped or bar-coded in accordance with chapter 349 and upon which the taxes imposed by chapter 297A or section 297E.02, subdivision 4, have not been paid. The director of gambling enforcement or the commissioner or the designated inspectors and employees of the director or commissioner may seize in the name of the state of Minnesota any unregistered or untaxed gambling equipment.

Subd. 6. [CRIMINAL PENALTIES.] (a) Criminal penalties imposed by this section are in addition to civil penalties imposed by this chapter.

(b) A person who violates a provision of this chapter for which another penalty is not provided is guilty of a misdemeanor.

(c) A person who violates a provision of this chapter for which another penalty is not provided is guilty of a gross misdemeanor if the violation occurs within five years after a previous conviction under a provision of this chapter.

(d) A person who in any manner violates a provision of this chapter to evade a tax imposed by this chapter, or who aids and abets the evasion of a tax, or hinders or interferes with a seizing authority when a seizure is made as provided by section 297E.16 is guilty of a gross misdemeanor.

(e) This section does not preclude civil or criminal action under other applicable law or preclude any agency of government from investigating or prosecuting violations of this chapter or chapter 349. County attorneys have primary responsibility for prosecuting violations of this chapter, but the attorney general may prosecute a violation of this chapter.

Subd. 7. [STATUTE OF LIMITATIONS.] Notwithstanding section 628.26, or other provision of the criminal laws of this state, an indictment may be found and filed, or a complaint filed, upon a criminal offense named in this section, in the proper court within six years after the offense is committed.

Sec. 15. [297E.14] [INTEREST.]

Subdivision 1. [INTEREST RATE.] If an interest assessment is required under this section, interest is computed at the rate specified in section 270.75.

Subd. 2. [LATE PAYMENT.] If a tax is not paid within the time specified by law for payment, the unpaid tax bears interest from the date the tax should have been paid until the date the tax is paid.

Subd. 3. [EXTENSIONS.] If an extension of time for payment has been granted, interest must be paid from the date the payment should have been made if no extension had been granted, until the date the tax is paid.

Subd. 4. [ADDITIONAL ASSESSMENTS.] If a taxpayer is liable for additional taxes because of a redetermination by the commissioner, or for any other reason, the additional taxes bear interest from the time the tax should have been paid, without regard to any extension allowed, until the date the tax is paid.

Subd. 5. [ERRONEOUS REFUNDS.] In the case of an erroneous refund, interest accrues from the date the refund was paid unless the erroneous refund results from a mistake of the department, then no interest or penalty is imposed unless the deficiency assessment is not satisfied within 60 days of the order.

Subd. 6. [INTEREST ON JUDGMENTS.] Notwithstanding section 549.09, if judgment is entered in favor of the commissioner with regard to any tax, the judgment bears interest at the rate specified in section 270.75 from the date the judgment is entered until the date of payment.

Subd. 7. [INTEREST ON PENALTIES.] (a) A penalty imposed under section 297E.12, subdivision 1, 2, 3, 4, or 5, bears interest from the date the return or payment was required to be filed or paid, including any extensions, to the date of payment of the penalty.

(b) A penalty not included in paragraph (a) bears interest only if it is not paid within ten days from the date of notice. In that case interest is imposed from the date of notice to the date of payment.

Sec. 16. [297E.15] [ADMINISTRATIVE REVIEW.]

Subdivision 1. [TAXPAYER RIGHT TO RECONSIDERATION.] A taxpayer may obtain reconsideration by the commissioner of an order assessing tax, a denial of a request for abatement of penalty, or a denial of a claim for refund of money paid to the commissioner under provisions, assessments, or orders under this chapter by filing an administrative appeal as provided in subdivision 4. A taxpayer cannot obtain reconsideration if the action taken by the commissioner of revenue is the outcome of an administrative appeal.

Subd. 2. [APPEAL BY TAXPAYER.] A taxpayer who wishes to seek administrative review shall follow the procedure in subdivision 4.

Subd. 3. [NOTICE DATE.] For purposes of this section, "notice date" means the date of the order adjusting the tax or order denying a request for abatement or, in the case of a denied refund, the date of the notice of denial.

Subd. 4. [TIME AND CONTENT FOR ADMINISTRATIVE APPEAL.] Within 60 days after the notice date, the taxpayer must file a written appeal with the commissioner of revenue. The appeal need not be in any particular form, but must contain the following information:

- (1) name and address of the taxpayer;*
- (2) if a corporation, the state of incorporation of the taxpayer, and the principal place of business of the corporation;*
- (3) the Minnesota identification number or social security number of the taxpayer;*
- (4) the type of tax involved;*
- (5) the date;*
- (6) the tax years or periods involved and the amount of tax involved for each year or period;*
- (7) the findings in the notice that the taxpayer disputes;*
- (8) a summary statement that the taxpayer relies on for each exception; and*
- (9) the taxpayer's signature or signature of the taxpayer's duly authorized agent.*

Subd. 5. [EXTENSIONS.] If requested in writing and within the time allowed for filing an administrative appeal, the commissioner may extend the time for filing an appeal for a period of not more than 30 days from the expiration of the 60 days from the notice date.

Subd. 6. [AUTOMATIC EXTENSION OF STATUTE OF LIMITATIONS.] Notwithstanding any statute of limitations to the contrary, if the commissioner has made a determination and the taxpayer has authority to file an administrative appeal, the period during which the commissioner can make further assessments or other determinations does not expire before:

- (1) 90 days after the notice date if no protest is filed under subdivision 4;*
or
- (2) 90 days after the commissioner notifies the taxpayer of the determination on the appeal.*

Subd. 7. [DETERMINATION OF APPEAL.] On the basis of applicable law and available information, the commissioner shall determine the validity, if any, in whole or part of the appeal and notify the taxpayer of the decision. This notice must be in writing and contain the basis for the determination.

Subd. 8. [AGREEMENT DETERMINING TAX LIABILITY.] If it appears to be in the best interests of the state, the commissioner may settle taxes, penalties, or interest that the commissioner has under consideration by virtue of an appeal filed under this section. An agreement must be in writing and signed by the commissioner and the taxpayer or the taxpayer's representative

authorized by the taxpayer to enter into an agreement. An agreement must be filed in the office of the commissioner.

Subd. 9. [APPEAL OF AN ADMINISTRATIVE APPEAL.] Following the determination or settlement of an appeal, the commissioner must issue an order reflecting that disposition. Except in the case of an agreement determining tax under this section, the order is appealable to the Minnesota tax court under section 271.06.

Subd. 10. [APPEAL WHERE NO DETERMINATION.] If the commissioner does not make a determination within six months of the filing of an administrative appeal, the taxpayer may elect to appeal to tax court.

Subd. 11. [EXEMPTION FROM ADMINISTRATIVE PROCEDURE ACT.] This section is not subject to chapter 14.

Sec. 17. [297E.16] [CONTRABAND.]

Subdivision 1. [SEIZURE.] Contraband may be seized by the commissioner or by any sheriff or other police officer, hereinafter referred to as the "seizing authority," with or without process, and is subject to forfeiture as provided in subdivisions 2 and 3.

Subd. 2. [INVENTORY; JUDICIAL DETERMINATION; APPEAL; DISPOSITION OF SEIZED PROPERTY.] Within ten days after the seizure of alleged contraband, the person making the seizure shall make available an inventory of the property seized to the person from whom the property was seized, if known, and file a copy with the commissioner or the director of gambling enforcement. Within ten days after the date of service of the inventory, the person from whom the property was seized or any person claiming an interest in the property may file with the seizing authority a demand for judicial determination of whether the property was lawfully subject to seizure and forfeiture. Within 60 days after the date of filing of the demand, the seizing authority must bring an action in the district court of the county where seizure was made to determine the issue of forfeiture. The action must be brought in the name of the state and be prosecuted by the county attorney or by the attorney general. The court shall hear the action without a jury and determine the issues of fact and law involved. If a judgment of forfeiture is entered, the seizing authority may, unless the judgment is stayed pending an appeal, either (1) cause the forfeited property to be destroyed; or (2) cause it to be sold at a public auction as provided by law.

If demand for judicial determination is made and no action is commenced by the seizing authority as provided in this subdivision, the property must be released by the seizing authority and delivered to the person entitled to it. If no demand is made, the property seized is considered forfeited to the seizing authority by operation of law and may be disposed of by the seizing authority as provided where there has been a judgment of forfeiture. When the seizing authority is satisfied that a person from whom property is seized was acting in good faith and without intent to evade the tax imposed by section 297E.02, the seizing authority shall release the property seized without further legal proceedings.

Subd. 3. [DISPOSAL.] (a) The property described in section 349.2125, subdivision 1, clauses (4) and (5), must be confiscated after conviction of the person from whom it was seized, upon compliance with the following procedure: the seizing authority shall file with the court a separate complaint

against the property, describing it and charging its use in the specific violation, and specifying substantially the time and place of the unlawful use. A copy of the complaint must be served upon the defendant or person in charge of the property at the time of seizure, if any. If the person arrested is acquitted, the court shall dismiss the complaint against the property and order it returned to the persons legally entitled to it. Upon conviction of the person arrested, the court shall issue an order directed to any person known or believed to have any right, title or interest in, or lien upon, any of the property, and to persons unknown claiming any right, title, interest, or lien in it, describing the property and (1) stating that it was seized and that a complaint against it, charging the specified violation, has been filed with the court, (2) requiring the persons to file with the court administrator their answer to the complaint, setting forth any claim they may have to any right or title to, interest in, or lien upon the property, within 30 days after the service of the order, and (3) notifying them in substance that if they fail to file their answer within the time, the property will be ordered sold by the seizing authority. The court shall cause the order to be served upon any person known or believed to have any right, title, interest, or lien as in the case of a summons in a civil action, and upon unknown persons by publication, as provided for service of summons in a civil action. If no answer is filed within the time prescribed, the court shall, upon affidavit by the court administrator, setting forth the fact, order the property sold by the seizing authority. Seventy percent of the proceeds of the sale of forfeited property, after payment of seizure, storage, forfeiture, and sale expenses, must be forwarded to the seizing authority for deposit as a supplement to its operating fund or similar fund for official use, and 20 percent must be forwarded to the county attorney or other prosecuting agency that handled the forfeiture for deposit as a supplement to its operating fund or similar fund for prosecutorial purposes. The remaining ten percent of the proceeds must be forwarded within 60 days after resolution of the forfeiture to the department of human services to fund programs for the treatment of compulsive gamblers. If an answer is filed within the time provided, the court shall fix a time for a hearing, which must not be less than ten nor more than 30 days after the time for filing an answer expires. At the time fixed for hearing, unless continued for cause, the matter must be heard and determined by the court, without a jury, as in other civil actions.

(b) If the court finds that the property, or any part of it, was used in the violation specified in the complaint, it shall order the unlawfully used property sold as provided by law, unless the owner shows to the satisfaction of the court that the owner had no notice or knowledge or reason to believe that the property was used or intended to be used in the violation. The officer making a sale, after deducting the expense of keeping the property, the fee for seizure, and the costs of the sale, shall pay all liens according to their priority, which are established at the hearing as being bona fide and as existing without the lienor having any notice or knowledge that the property was being used or was intended to be used for or in connection with the violation specified in the order of the court, and shall pay the balance of the proceeds to the seizing authority for official use and sharing in the manner provided in paragraph (a). A sale under this section frees the property sold from all liens on it. Appeal from the order of the district court is available as in other civil cases. At any time after seizure of the articles specified in this subdivision, and before the hearing provided for, the property must be returned to the owner or person having a legal right to its possession, upon execution of a good and valid bond to the state, with corporate surety, in the sum of at least \$100 and not more than double the value of the property seized, to be approved by the court in

which the case is triable, or a judge of it, conditioned to abide any order and the judgment of the court, and to pay the full value of the property at the time of the seizure. The seizing authority may dismiss the proceedings outlined in this subdivision when the seizing authority considers it to be in the public interest to do so.

Sec. 18. [297E.17] [DISTRIBUTOR'S BOND.]

On finding it necessary to ensure compliance with this chapter, the commissioner may require that a distributor deposit with the commissioner security in the form and amount determined by the commissioner, but not more than the lesser of (1) twice the estimated average monthly tax liability for the previous 12 months, or (2) \$10,000.

In lieu of security, the commissioner may require a distributor to file a bond issued by a surety company authorized to transact business in this state and approved by the commissioner of commerce as to solvency and responsibility.

The commissioner may make claim against this security or bond for all taxes, penalties, and interest owed by the distributor.

A contested case hearing must be held within 20 days of the summary suspension and the administrative law judge must issue a report within 20 days of the close of the hearing record. The commissioner shall issue a final decision within 30 days from receipt of the report of the administrative law judge and subsequent exceptions and argument under section 14.61. (b) The commissioner may by order deny, suspend, revoke, refuse to renew a license or premises permit, or censure a licensee or applicant, if the commissioner finds that the order is in the public interest and that the applicant or licensee, or a director, officer, partner, person in a supervisory or management position of the applicant or licensee, or an employee eligible to make sales on behalf of the applicant or licensee:

- (1) has violated or failed to comply with any provision of chapter 297E, 299L, or 349, or any rule adopted or order issued thereunder;

methods, and activities in the conduct of gambling or the carrying on of the business and financial arrangements incidental to the conduct of gambling.

Subd. 8a. [CIVIL PENALTIES.] The commissioner may impose a civil penalty not to exceed \$500 per violation on a person who has violated this chapter, or any rule adopted or order issued under this chapter, unless a different penalty is specified.

Subd. 8b. [SHOW CAUSE ORDERS.] (a) If the commissioner determines that one of the conditions listed in subdivision 8 exists, or that a licensee is no longer conducting business in the manner required by subdivision 2a, the commissioner may issue an order requiring a person to show cause why any or all of the following should not occur: (1) the license be revoked or suspended, (2) the licensee be censured, (3) a civil penalty be imposed or (4) corrective action be taken.

(b) The order must give reasonable notice of the time and place for hearing on the matter, and must state the reasons for the entry of the order. All hearings must be conducted in accordance with sections 14.57 to 14.69 of the administrative procedure act.

(c) After the hearing the commissioner must enter an order disposing of the matter as the facts require. If the licensee fails to appear at a hearing after being notified of the hearing, the person is deemed in default and the proceeding may be determined against the person on consideration of the order to show cause, the allegations of which are deemed to be true.

Subd. 8c. [APPLICATIONS; RENEWALS.] (a) When it appears to the commissioner that a license application or renewal should be denied under subdivision 8, the commissioner must promptly give to the applicant a written notice of the denial. The notice must state the grounds for the denial and give reasonable notice of the rights of the applicant to request a hearing. A hearing must be held not later than 30 days after the request for the hearing is received by the commissioner, unless the applicant and the commissioner agree that the hearing may be held at a later date. If no hearing is requested within 30 days of the service of the notice, the denial becomes final. All hearings under this subdivision must be conducted in accordance with sections 14.57 to 14.69 of the administrative procedure act.

(b) After the hearing, the commissioner shall enter an order making such disposition as the facts require. If the applicant fails to appear at a hearing after being notified of the hearing, the applicant is deemed in default and the proceeding may be determined against the applicant on consideration of the notice denying application or renewal, the allegations of which are deemed to be true. All fees accompanying the initial or renewal application are considered earned and are not refundable.

Subd. 8d. (b) *A manufacturer must comply with either paragraphs (c) to (g) or (f) to (j) with respect to pull-tabs and tipboards sold by the manufacturer before January 1, 1995, for use or resale in Minnesota or shipped into or caused to be shipped into Minnesota by the manufacturer before January 1, 1995. A manufacturer must comply with paragraphs (f) to (j) with respect to pull-tabs and tipboards sold by the manufacturer on and after January 1, 1995, for use or resale in Minnesota or shipped into or caused to be shipped into Minnesota by the manufacturer on and after January 1, 1995. Paragraphs (c) to (e), expire January 1, 1995.*

(c) The flare of each deal of pull-tabs and tipboards sold by a manufacturer *for use or resale* in Minnesota must have the Minnesota gambling stamp affixed. The flare, with the stamp affixed, must be placed inside the wrapping of the deal which the flare describes.

(f) (g) No person may alter the bar code that appears on the outside of a box containing a deal of pull-tabs and tipboards. Possession of a box containing a deal of pull-tabs and tipboards that has a bar code different from the bar code of the deal inside the box is prima facie evidence that the possessor has altered the bar code on the box.

CONFERENCE COMMITTEE REPORT ON H.F. NO. 2519

A bill for an act relating to prostitution; creating a civil cause of action for persons who are coerced into prostitution; proposing coding for new law in Minnesota Statutes, chapter 611A.

May 4, 1994

The Honorable Irv Anderson
Speaker of the House of Representatives

The Honorable Allan H. Spear
President of the Senate

We, the undersigned conferees for H.F. No. 2519, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H.F. No. 2519 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [611A.80] [DEFINITIONS.]

Subdivision 1. [GENERAL.] The definitions in this section apply to sections 1 to 9.

Subd. 2. [COERCE.] “Coerce” means to use or threaten to use any form of domination, restraint, or control for the purpose of causing an individual to engage in or remain in prostitution or to relinquish earnings derived from prostitution. Coercion exists if the totality of the circumstances establish the existence of domination, restraint, or control that would have the reasonably foreseeable effect of causing an individual to engage in or remain in prostitution or to relinquish earnings from prostitution. Evidence of coercion may include, but is not limited to:

- (1) physical force or actual or implied threats of physical force;*
- (2) physical or mental torture;*
- (3) implicitly or explicitly leading an individual to believe that the individual will be protected from violence or arrest;*
- (4) kidnapping;*
- (5) defining the terms of an individual's employment or working conditions in a manner that can foreseeably lead to the individual's use in prostitution;*
- (6) blackmail;*

- (7) *extortion or claims of indebtedness;*
- (8) *threat of legal complaint or report of delinquency;*
- (9) *threat to interfere with parental rights or responsibilities, whether by judicial or administrative action or otherwise;*
- (10) *promise of legal benefit, such as posting bail, procuring an attorney, protecting from arrest, or promising unionization;*
- (11) *promise of financial rewards;*
- (12) *promise of marriage;*
- (13) *restraining speech or communication with others, such as exploiting a language difference, or interfering with the use of mail, telephone, or money;*
- (14) *isolating an individual from others;*
- (15) *exploiting a condition of developmental disability, cognitive limitation, affective disorder, or substance dependency;*
- (16) *taking advantage of lack of intervention by child protection;*
- (17) *exploiting victimization by previous sexual abuse or battering;*
- (18) *exploiting pornographic performance;*
- (19) *interfering with opportunities for education or skills training;*
- (20) *destroying property;*
- (21) *restraining movement;*
- (22) *exploiting HIV status, particularly where the defendant's previous coercion led to the HIV exposure; or*
- (23) *exploiting needs for food, shelter, safety, affection, or intimate or marital relationships.*

Subd. 3. [PROMOTES THE PROSTITUTION OF AN INDIVIDUAL.] "Promotes the prostitution of an individual" has the meaning given in section 609.321, subdivision 7.

Subd. 4. [PROSTITUTION.] "Prostitution" has the meaning given in section 609.321, subdivision 9.

Sec. 2. [611A.81] [CAUSE OF ACTION FOR COERCION FOR USE IN PROSTITUTION.]

Subdivision 1. [CAUSE OF ACTION CREATED.] (a) An individual has a cause of action against a person who:

- (1) *coerced the individual into prostitution;*
- (2) *coerced the individual to remain in prostitution;*
- (3) *used coercion to collect or receive any of the individual's earnings derived from prostitution; or*
- (4) *hired, offered to hire, or agreed to hire the individual to engage in prostitution, knowing or having reason to believe that the individual was coerced into or coerced to remain in prostitution by another person.*

For purposes of clauses (1) and (2), money payment by a patron, as defined in section 609.321, subdivision 4, is not coercion under section 611A.80, subdivision 2, clause (5) or (11), or exploiting needs for food or shelter under section 611A.80, subdivision 2, clause (23).

Clause (3) does not apply to minor children who are dependent on the individual and who may have benefitted from or been supported by the individual's earnings derived from prostitution.

(b) An individual has a cause of action against a person who did the following while the individual was a minor:

(1) solicited or induced the individual to practice prostitution;

(2) promoted the prostitution of the individual;

(3) collected or received the individual's earnings derived from prostitution;
or

(4) hired, offered to hire, or agreed to hire the individual to engage in prostitution.

Mistake as to age is not a defense to an action under this paragraph.

Subd. 2. [DAMAGES.] A person against whom a cause of action may be maintained under subdivision 1 is liable for the following damages that resulted from the plaintiff's being used in prostitution or to which the plaintiff's use in prostitution proximately contributed:

(1) economic loss, including damage, destruction, or loss of use of personal property; loss of past or future income or earning capacity; and income, profits, or money owed to the plaintiff from contracts with the person; and

(2) damages for death as may be allowed under section 573.02, personal injury, disease, and mental and emotional harm, including medical, rehabilitation, and burial expenses; and pain and suffering, including physical impairment.

Sec. 3. [611A.82] [ACTS NOT DEFENSES.]

None of the following shall alone or jointly be a sufficient defense to an action under section 2:

(1) the plaintiff consented to engage in acts of prostitution;

(2) the plaintiff was paid or otherwise compensated for acts of prostitution;

(3) the plaintiff engaged in acts of prostitution prior to any involvement with the defendant;

(4) the plaintiff apparently initiated involvement with the defendant;

(5) the plaintiff made no attempt to escape, flee, or otherwise terminate contact with the defendant;

(6) the defendant had not engaged in prior acts of prostitution with the plaintiff;

(7) as a condition of employment, the defendant required the plaintiff to agree not to engage in prostitution; or

(8) the defendant's place of business was posted with signs prohibiting prostitution or prostitution-related activities.

Sec. 4. [611A.83] [EVIDENCE.]

Subdivision 1. [USE IN OTHER PROCEEDINGS.] In the course of litigation under section 2, any transaction about which a plaintiff testifies or produces evidence does not subject the plaintiff to criminal prosecution or any penalty or forfeiture. Any testimony or evidence, documentary or otherwise, or information directly or indirectly derived from that testimony or evidence that is given or produced by a plaintiff or a witness for a plaintiff may not be used against that person in any other investigation or proceeding, other than a criminal investigation or proceeding for perjury committed while giving the testimony or producing the evidence.

Subd. 2. [CONVICTIONS.] Evidence of convictions for prostitution or prostitution-related offenses is inadmissible in a proceeding brought under section 2 for purposes of attacking the plaintiff's credibility. If the court admits evidence of prior convictions for purposes permitted under Minnesota Rules of Evidence, rule 404(b) with respect to motive, opportunity, intent, preparation, plan, knowledge, identity, or absence of mistake or accident, the fact finder may consider the evidence solely for those purposes and shall disregard details offered to prove any fact that is not relevant.

Sec. 5. [611A.84] [STATUTE OF LIMITATIONS.]

An action for damages under section 2 must be commenced not later than six years after the cause of action arises, except that the running of the limitation period is suspended during the time that coercion as defined in section 1 continues, or as otherwise provided by section 541.13 or 541.15.

Sec. 6. [611A.85] [OTHER REMEDIES PRESERVED.]

Sections 1 to 9 do not affect the right of any person to bring an action or use any remedy available under other law, including common law, to recover damages arising out of the use of the individual in prostitution or the coercion incident to the individual being used in prostitution; nor do sections 1 to 9 limit or restrict the liability of any person under other law.

Sec. 7. [611A.86] [DOUBLE RECOVERY PROHIBITED.]

A person who recovers damages under sections 1 to 9 may not recover the same costs or damages under any other law. A person who recovers damages under any other law may not recover for the same costs or damages under sections 1 to 9.

Sec. 8. [611A.87] [AWARD OF COSTS.]

Upon motion of a prevailing party in an action under sections 1 to 9, the court may award costs, disbursements, and reasonable attorney fees and witness fees to the party.

Sec. 9. [611A.88] [NO AVOIDANCE OF LIABILITY.]

No person may avoid liability under sections 1 to 9 by means of any conveyance of any right, title, or interest in real property, or by any indemnification, hold harmless agreement, or similar agreement that purports to show consent of the plaintiff.

Sec. 10. [EFFECTIVE DATE; APPLICATION.]

(a) Sections 1 to 9 are effective August 1, 1994, and apply to actions commenced on or after the effective date.

(b) For activities described in section 2, subdivision 1, that occurred between August 1, 1988, and July 31, 1994, an action for damages must be commenced not later than August 1, 1995, or six years after the cause of action arises, whichever is later; except that the running of the limitation period is suspended during the time that coercion continues."

We request adoption of this report and repassage of the bill.

(2) the contesting party timely challenges the exercise of jurisdiction in the other state; and

(3) if relevant, this state is the home state of the child.

(b) A tribunal of this state may not exercise jurisdiction to establish a support order if the petition or comparable pleading is filed before a petition or comparable pleading is filed in another state if:

(1) the petition or comparable pleading in the other state is filed before the expiration of the time allowed in this state for filing a responsive pleading challenging the exercise of jurisdiction by this state;

(2) the contesting party timely challenges the exercise of jurisdiction in this state; and

(3) if relevant, the other state is the home state of the child.

Sec. 5. [518C.205] [CONTINUING, EXCLUSIVE JURISDICTION.]

(a) A tribunal of this state issuing a support order consistent with the law of this state has continuing, exclusive jurisdiction over a child support order:

(1) as long as this state remains the residence of the obligor, the individual obligee, or the child for whose benefit the support order is issued; or

(2) until each individual party has filed written consent with the tribunal of this state for a tribunal of another state to modify the order and assume continuing, exclusive jurisdiction.

(b) A tribunal of this state issuing a child support order consistent with the law of this state may not exercise its continuing jurisdiction to modify the order if the order has been modified by a tribunal of another state pursuant to a law substantially similar to this chapter.

(c) If a child support order of this state is modified by a tribunal of another state pursuant to a law substantially similar to this chapter, a tribunal of this state loses its continuing, exclusive jurisdiction with regard to prospective enforcement of the order issued in this state, and may only:

(1) enforce the order that was modified as to amounts accruing before the modification;

(2) enforce nonmodifiable aspects of that order; and

(3) provide other appropriate relief for violations of that order which occurred before the effective date of the modification.

(d) A tribunal of this state shall recognize the continuing, exclusive jurisdiction of a tribunal of another state which has issued a child support order pursuant to a law substantially similar to this chapter.

(e) A temporary support order issued ex parte or pending resolution of a jurisdictional conflict does not create continuing, exclusive jurisdiction in the issuing tribunal.

(f) A tribunal of this state issuing a support order consistent with the law of this state has continuing, exclusive jurisdiction over a spousal support order throughout the existence of the support obligation. A tribunal of this state may not modify a spousal support order issued by a tribunal of another state having continuing, exclusive jurisdiction over that order under the law of that state.

Sec. 6. [518C.206] [ENFORCEMENT AND MODIFICATION OF SUPPORT ORDER BY TRIBUNAL HAVING CONTINUING JURISDICTION.]

(a) A tribunal of this state may serve as an initiating tribunal to request a tribunal of another state to enforce or modify a support order issued in that state.

(b) A tribunal of this state having continuing, exclusive jurisdiction over a support order may act as a responding tribunal to enforce or modify the order. If a party subject to the continuing, exclusive jurisdiction of the tribunal no longer resides in the issuing state, in subsequent proceedings the tribunal may apply section 518C.316 to receive evidence from another state and section 518C.318 to obtain discovery through a tribunal of another state.

(c) A tribunal of this state which lacks continuing, exclusive jurisdiction over a spousal support order may not serve as a responding tribunal to modify a spousal support order of another state.

PART C. RECONCILIATION WITH ORDERS OF OTHER STATES

Sec. 7. [518C.207] [RECOGNITION OF CHILD SUPPORT ORDERS.]

(a) If a proceeding is brought under this chapter, and one or more child support orders have been issued in this or another state with regard to an obligor and a child, a tribunal of this state shall apply the following rules in determining which order to recognize for purposes of continuing, exclusive jurisdiction:

(1) If only one tribunal has issued a child support order, the order of that tribunal must be recognized.

(2) If two or more tribunals have issued child support orders for the same obligor and child, and only one of the tribunals would have continuing, exclusive jurisdiction under this chapter, the order of that tribunal must be recognized.

(3) If two or more tribunals have issued child support orders for the same obligor and child, and more than one of the tribunals would have continuing, exclusive jurisdiction under this chapter, an order issued by a tribunal in the current home state of the child must be recognized, but if an order has not been issued in the current home state of the child, the order most recently issued must be recognized.

(4) If two or more tribunals have issued child support orders for the same obligor and child, and none of the tribunals would have continuing, exclusive jurisdiction under this chapter, the tribunal of this state may issue a child support order, which must be recognized.

(b) The tribunal that has issued an order recognized under paragraph (a) is the tribunal having continuing, exclusive jurisdiction.

Sec. 8. [518C.208] [MULTIPLE CHILD SUPPORT ORDERS FOR TWO OR MORE OBLIGEES.]

In responding to multiple registrations or petitions for enforcement of two or more child support orders in effect at the same time with regard to the same obligor and different individual obligees, at least one of which was issued by a tribunal of another state, a tribunal of this state shall enforce those orders in the same manner as if the multiple orders had been issued by a tribunal of this state.

Sec. 9. [518C.209] [CREDIT FOR PAYMENTS.]

Amounts collected and credited for a particular period pursuant to a support order issued by a tribunal of another state must be credited against the amounts accruing or accrued for the same period under a support order issued by the tribunal of this state.

A minor parent, or a guardian or other legal representative of a minor parent, may maintain a proceeding on behalf of or for the benefit of the minor's child.

Sec. 3. [518C.303] [APPLICATION OF LAW OF THIS STATE.]

Except as otherwise provided by this chapter, a responding tribunal of this state:

(1) shall apply the procedural and substantive law, including the rules on choice of law, generally applicable to similar proceedings originating in this state and may exercise all powers and provide all remedies available in those proceedings; and

(2) shall determine the duty of support and the amount payable in accordance with the law and support guidelines of this state.

Sec. 4. [518C.304] [DUTIES OF INITIATING TRIBUNAL.]

Upon the filing of a petition authorized by this chapter, an initiating tribunal of this state shall forward three copies of the petition and its accompanying documents:

(1) to the responding tribunal or appropriate support enforcement agency in the responding state; or

(2) if the identity of the responding tribunal is unknown, to the state information agency of the responding state with a request that they be forwarded to the appropriate tribunal and that receipt be acknowledged.

Sec. 5. [518C.305] [DUTIES AND POWERS OF RESPONDING TRIBUNAL.]

(a) When a responding tribunal of this state receives a petition or comparable pleading from an initiating tribunal or directly pursuant to section 518C.301, paragraph (c), it shall cause the petition or pleading to be filed and notify the petitioner by first class mail where and when it was filed.

(b) A responding tribunal of this state, to the extent otherwise authorized by law, may do one or more of the following:

- (8) order an obligor to keep the tribunal informed of the obligor's current residential address, telephone number, employer, address of employment, and telephone number at the place of employment;*
- (9) issue a bench warrant for an obligor who has failed after proper notice to appear at a hearing ordered by the tribunal and enter the bench warrant in any local and state computer systems for criminal warrants;*
- (10) order the obligor to seek appropriate employment by specified methods;*
- (11) award reasonable attorney's fees and other fees and costs; and*
- (12) grant any other available remedy.*

(c) A responding tribunal of this state shall include in a support order issued under this chapter, or in the documents accompanying the order, the calculations on which the support order is based.

(d) A responding tribunal of this state may not condition the payment of a support order issued under this chapter upon compliance by a party with provisions for visitation.

(e) If a responding tribunal of this state issues an order under this chapter, the tribunal shall send a copy of the order by first class mail to the petitioner and the respondent and to the initiating tribunal, if any.

Sec. 6. [518C.306] [INAPPROPRIATE TRIBUNAL.]

If a petition or comparable pleading is received by an inappropriate tribunal of this state, it shall forward the pleading and accompanying documents to an appropriate tribunal in this state or another state and notify the petitioner by first class mail where and when the pleading was sent.

Sec. 7. [518C.307] [DUTIES OF SUPPORT ENFORCEMENT AGENCY.]

(a) A support enforcement agency of this state, upon request, shall provide services to a petitioner in a proceeding under this chapter.

(b) A support enforcement agency that is providing services to the petitioner as appropriate shall:

(1) take all steps necessary to enable an appropriate tribunal in this state or another state to obtain jurisdiction over the respondent;

(2) request an appropriate tribunal to set a date, time, and place for a hearing;

(3) make a reasonable effort to obtain all relevant information, including information as to income and property of the parties;

(4) within two days, exclusive of Saturdays, Sundays, and legal holidays, after receipt of a written notice from an initiating, responding, or registering tribunal, send a copy of the notice by first class mail to the petitioner;

(5) within two days, exclusive of Saturdays, Sundays, and legal holidays, after receipt of a written communication from the respondent or the respondent's attorney, send a copy of the communication by first class mail to the petitioner; and

(6) notify the petitioner if jurisdiction over the respondent cannot be obtained.

(c) This chapter does not create or negate a relationship of attorney and client or other fiduciary relationship between a support enforcement agency or the attorney for the agency and the individual being assisted by the agency.

Sec. 8. [518C.308] [DUTY OF ATTORNEY GENERAL.]

If the attorney general determines that the support enforcement agency is neglecting or refusing to provide services to an individual, the attorney general may order the agency to perform its duties under this chapter or may provide those services directly to the individual.

Sec. 9. [518C.309] [PRIVATE COUNSEL.]

An individual may employ private counsel to represent the individual in proceedings authorized by this chapter.

Sec. 10. [518C.310] [DUTIES OF STATE INFORMATION AGENCY.]

(a) The unit within the department of human services that receives and disseminates incoming interstate actions under title IV-D of the Social Security Act from section 518C.02, subdivision 1a, is the state information agency under this chapter.

(b) The state information agency shall:

(1) compile and maintain a current list, including addresses, of the tribunals in this state which have jurisdiction under this chapter and any support enforcement agencies in this state and transmit a copy to the state information agency of every other state;

(2) maintain a register of tribunals and support enforcement agencies received from other states;

(3) forward to the appropriate tribunal in the place in this state in which the individual obligee or the obligor resides, or in which the obligor's property is believed to be located, all documents concerning a proceeding under this chapter received from an initiating tribunal or the state information agency of the initiating state; and

(4) obtain information concerning the location of the obligor and the obligor's property within this state not exempt from execution, by such means as postal verification and federal or state locator services, examination of telephone directories, requests for the obligor's address from employers, and examination of governmental records, including, to the extent not prohibited by other law, those relating to real property, vital statistics, law enforcement, taxation, motor vehicles, driver's licenses, and social security.

Sec. 11. [518C.311] [PLEADINGS AND ACCOMPANYING DOCUMENTS.]

(a) A petitioner seeking to establish or modify a support order or to determine parentage in a proceeding under this chapter must verify the petition. Unless otherwise ordered under section 518C.312, the petition or accompanying documents must provide, so far as known, the name, residential address, and social security numbers of the obligor and the obligee, and the name, sex, residential address, social security number, and date of birth of each child for whom support is sought. The petition must be accompanied by a certified copy of any support order in effect. The petition may include any other information that may assist in locating or identifying the respondent.

(b) The petition must specify the relief sought. The petition and accompanying documents must conform substantially with the requirements imposed by the forms mandated by federal law for use in cases filed by a support enforcement agency.

Sec. 12. [518C.312] [NONDISCLOSURE OF INFORMATION IN EXCEPTIONAL CIRCUMSTANCES.]

Upon a finding, which may be made *ex parte*, that the health, safety, or liberty of a party or child would be unreasonably put at risk by the disclosure of identifying information, or if an existing order so provides, a tribunal shall order that the address of the child or party or other identifying information not be disclosed in a pleading or other document filed in a proceeding under this chapter.

Sec. 13. [518C.313] [COSTS AND FEES.]

(a) The petitioner may not be required to pay a filing fee or other costs.

(b) If an obligee prevails, a responding tribunal may assess against an obligor filing fees, reasonable attorney's fees, other costs, and necessary travel and other reasonable expenses incurred by the obligee and the obligee's witnesses. The tribunal may not assess fees, costs, or expenses against the obligee or the support enforcement agency of either the initiating or the responding state, except as provided by other law. Attorney's fees may be taxed as costs, and may be ordered paid directly to the attorney, who may enforce the order in the attorney's own name. Payment of support owed to the obligee has priority over fees, costs, and expenses.

(c) The tribunal shall order the payment of costs and reasonable attorney's fees if it determines that a hearing was requested primarily for delay. In a proceeding under article 6, a hearing is presumed to have been requested primarily for delay if a registered support order is confirmed or enforced without change.

Sec. 14. [518C.314] [LIMITED IMMUNITY OF PETITIONER.]

(a) Participation by a petitioner in a proceeding before a responding tribunal, whether in person, by private attorney, or through services provided by the support enforcement agency, does not confer personal jurisdiction over the petitioner in another proceeding.

(b) A petitioner is not amenable to service of civil process while physically present in this state to participate in a proceeding under this chapter.

(c) The immunity granted by this section does not extend to civil litigation based on acts unrelated to a proceeding under this chapter committed by a party while present in this state to participate in the proceeding.

Sec. 15. [518C.315] [NONPARENTAGE AS DEFENSE.]

A party whose parentage of a child has been previously determined by or pursuant to law may not plead nonparentage as a defense to a proceeding under this chapter.

Sec. 16. [518C.316] [SPECIAL RULES OF EVIDENCE AND PROCEDURE.]

(a) The physical presence of the petitioner in a responding tribunal of this state is not required for the establishment, enforcement, or modification of a support order or the rendition of a judgment determining parentage.

(b) A verified petition, affidavit, document substantially complying with federally mandated forms, and a document incorporated by reference in any of them, not excluded under the hearsay rule if given in person, is admissible in evidence if given under oath by a party or witness residing in another state.

(c) A copy of the record of child support payments certified as a true copy of the original by the custodian of the record may be forwarded to a responding tribunal. The copy is evidence of facts asserted in it, and is admissible to show whether payments were made.

(d) Copies of bills for testing for parentage, and for prenatal and postnatal health care of the mother and child, furnished to the adverse party at least ten days before trial, are admissible in evidence to prove the amount of the charges billed and that the charges were reasonable, necessary, and customary.

(e) Documentary evidence transmitted from another state to a tribunal of this state by telephone, telecopier, or other means that do not provide an original writing may not be excluded from evidence on an objection based on the means of transmission.

(f) In a proceeding under this chapter, a tribunal of this state may permit a party or witness residing in another state to be deposed or to testify by telephone, audiovisual means, or other electronic means at a designated tribunal or other location in that state. A tribunal of this state shall cooperate with tribunals of other states in designating an appropriate location for the deposition or testimony.

(g) If a party called to testify at a civil hearing refuses to answer on the ground that the testimony may be self-incriminating, the trier of fact may draw an adverse inference from the refusal.

(h) A privilege against disclosure of communications between spouses does not apply in a proceeding under this chapter.

(i) *The defense of immunity based on the relationship of husband and wife or parent and child does not apply in a proceeding under this chapter.*

Sec. 17. [518C.317] [COMMUNICATIONS BETWEEN TRIBUNALS.]

A tribunal of this state may communicate with a tribunal of another state in writing, or by telephone or other means, to obtain information concerning the laws of that state, the legal effect of a judgment, decree, or order of that tribunal, and the status of a proceeding in the other state. A tribunal of this state may furnish similar information by similar means to a tribunal of another state.

Sec. 18. [518C.318] [ASSISTANCE WITH DISCOVERY.]

A tribunal of this state may:

- (1) *request a tribunal of another state to assist in obtaining discovery; and*
- (2) *upon request, compel a person over whom it has jurisdiction to respond to a discovery order issued by a tribunal of another state.*

Sec. 19. [518C.319] [RECEIPT AND DISBURSEMENT OF PAYMENTS.]

A support enforcement agency or tribunal of this state shall disburse promptly any amounts received pursuant to a support order, as directed by the order. The agency or tribunal shall furnish to a requesting party or tribunal of another state a certified statement by the custodian of the record of the amounts and dates of all payments received.

ARTICLE 4

ESTABLISHMENT OF SUPPORT ORDER

Section 1. [518C.401] [PETITION TO ESTABLISH SUPPORT ORDER.]

(a) If a support order entitled to recognition under this chapter has not been issued, a responding tribunal of this state may issue a support order if:

- (1) *the individual seeking the order resides in another state; or*
- (2) *the support enforcement agency seeking the order is located in another state.*

(b) The tribunal may issue a temporary child support order if:

- (1) *the respondent has signed a verified statement acknowledging parent-
age;*
- (2) *the respondent has been determined by or pursuant to law to be the
parent; or*
- (3) *there is other clear and convincing evidence that the respondent is the
child's parent.*

(c) Upon finding, after notice and opportunity to be heard, that an obligor owes a duty of support, the tribunal shall issue a support order directed to the obligor and may issue other orders pursuant to section 518C.305.

ARTICLE 5

DIRECT ENFORCEMENT OF ORDER
OF ANOTHER STATE WITHOUT REGISTRATIONSection 1. [518C.501] [RECOGNITION OF INCOME-WITHHOLDING
ORDER OF ANOTHER STATE.]

(a) An income-withholding order issued in another state may be sent by first class mail to the person or entity defined as the obligor's employer under section 518.611 or 518.613 without first filing a petition or comparable pleading or registering the order with a tribunal of this state. Upon receipt of the order, the employer shall:

(1) treat an income-withholding order issued in another state which appears regular on its face as if it had been issued by a tribunal of this state;

(2) immediately provide a copy of the order to the obligor; and

(3) distribute the funds as directed in the withholding order.

(b) An obligor may contest the validity or enforcement of an income-withholding order issued in another state in the same manner as if the order had been issued by a tribunal of this state. Section 518C.604 applies to the contest. The obligor shall give notice of the contest to any support enforcement agency providing services to the obligee and to:

(1) the person or agency designated to receive payments in the income-withholding order; or

(2) if no person or agency is designated, the obligee.

Sec. 2. [518C.502] [ADMINISTRATIVE ENFORCEMENT OF ORDERS.]

(a) A party seeking to enforce a support order or an income-withholding order, or both, issued by a tribunal of another state may send the documents required for registering the order to a support enforcement agency of this state.

(b) Upon receipt of the documents, the support enforcement agency, without initially seeking to register the order, shall consider and, if appropriate, use any administrative procedure authorized by the law of this state to enforce a support order or an income-withholding order, or both. If the obligor does not contest administrative enforcement, the order need not be registered. If the obligor contests the validity or administrative enforcement of the order, the support enforcement agency shall register the order pursuant to this chapter.

ARTICLE 6

ENFORCEMENT AND MODIFICATION
OF SUPPORT ORDER AFTER REGISTRATION

PART A. REGISTRATION AND ENFORCEMENT OF SUPPORT ORDER

Section 1. [518C.601] [REGISTRATION OF ORDER FOR ENFORCEMENT.]

A support order or an income-withholding order issued by a tribunal of another state may be registered in this state for enforcement.

Sec. 2. [518C.602] [PROCEDURE TO REGISTER ORDER FOR ENFORCEMENT.]

(a) A support order or income-withholding order of another state may be registered in this state by sending the following documents and information to the registering tribunal in this state:

(1) a letter of transmittal to the tribunal requesting registration and enforcement;

(2) two copies, including one certified copy, of all orders to be registered, including any modification of an order;

(3) a sworn statement by the party seeking registration or a certified statement by the custodian of the records showing the amount of any arrearage;

(4) the name of the obligor and, if known:

(i) the obligor's address and social security number;

(ii) the name and address of the obligor's employer and any other source of income of the obligor; and

(iii) a description and the location of property of the obligor in this state not exempt from execution; and

(5) the name and address of the obligee and, if applicable, the agency or person to whom support payments are to be remitted.

(b) On receipt of a request for registration, the registering tribunal shall cause the order to be filed as a foreign judgment, together with one copy of the documents and information, regardless of their form.

(c) A petition or comparable pleading seeking a remedy that must be affirmatively sought under other law of this state may be filed at the same time as the request for registration or later. The pleading must specify the grounds for the remedy sought.

Sec. 3. [518C.603] [EFFECT OF REGISTRATION FOR ENFORCEMENT.]

(a) A support order or income-withholding order issued in another state is registered when the order is filed in the registering tribunal of this state.

(b) A registered order issued in another state is enforceable in the same manner and is subject to the same procedures as an order issued by a tribunal of this state.

(c) Except as otherwise provided in this article, a tribunal of this state shall recognize and enforce, but may not modify, a registered order if the issuing tribunal had jurisdiction.

Sec. 4. [518C.604] [CHOICE OF LAW.]

(a) The law of the issuing state governs the nature, extent, amount, and duration of current payments and other obligations of support and the payment of arrearages under the order.

(b) In a proceeding for arrearages, the statute of limitation under the laws of this state or of the issuing state, whichever is longer, applies.

PART B. CONTEST OF VALIDITY OR ENFORCEMENT

Sec. 5. [518C.605] [NOTICE OF REGISTRATION OF ORDER.]

(a) When a support order or income-withholding order issued in another state is registered, the registering tribunal shall notify the nonregistering party. Notice must be given by certified or registered mail or by any means of personal service authorized by the law of this state. The notice must be accompanied by a copy of the registered order and the documents and relevant information accompanying the order.

(b) The notice must inform the nonregistering party:

(1) that a registered order is enforceable as of the date of registration in the same manner as an order issued by a tribunal of this state;

(2) that a hearing to contest the validity or enforcement of the registered order must be requested within 20 days after the date of mailing or personal service of the notice;

(3) that failure to contest the validity or enforcement of the registered order in a timely manner will result in confirmation of the order and enforcement of the order and the alleged arrearages and precludes further contest of that order with respect to any matter that could have been asserted; and

(4) of the amount of any alleged arrearages.

(c) Upon registration of an income-withholding order for enforcement, the registering tribunal shall notify the obligor's employer pursuant to section 518.611 or 518.613.

Sec. 6. [518C.606] [PROCEDURE TO CONTEST VALIDITY OR ENFORCEMENT OF REGISTERED ORDER.]

(a) A nonregistering party seeking to contest the validity or enforcement of a registered order in this state shall request a hearing within 20 days after the date of mailing or personal service of notice of the registration. The nonregistering party may seek to vacate the registration, to assert any defense to an allegation of noncompliance with the registered order, or to contest the remedies being sought or the amount of any alleged arrearages pursuant to section 518C.607.

(b) If the nonregistering party fails to contest the validity or enforcement of the registered order in a timely manner, the order is confirmed by operation of law.

(c) If a nonregistering party requests a hearing to contest the validity or enforcement of the registered order, the registering tribunal shall schedule the matter for hearing and give notice to the parties by first class mail of the date, time, and place of the hearing.

Sec. 7. [518C.607] [CONTEST OF REGISTRATION OR ENFORCEMENT.]

(a) A party contesting the validity or enforcement of a registered order or seeking to vacate the registration has the burden of proving one or more of the following defenses:

(1) the issuing tribunal lacked personal jurisdiction over the contesting party;

(2) the order was obtained by fraud;

(3) the order has been vacated, suspended, or modified by a later order;

(4) the issuing tribunal has stayed the order pending appeal;

(5) there is a defense under the law of this state to the remedy sought;

(6) full or partial payment has been made; or

(7) the statute of limitation under section 518C.604 precludes enforcement of some or all of the arrearages.

(b) If a party presents evidence establishing a full or partial defense under paragraph (a), a tribunal may stay enforcement of the registered order, continue the proceeding to permit production of additional relevant evidence, and issue other appropriate orders. An uncontested portion of the registered order may be enforced by all remedies available under the law of this state.

(c) If the contesting party does not establish a defense under paragraph (a) to the validity or enforcement of the order, the registering tribunal shall issue an order confirming the order.

Sec. 8. [518C.608] [CONFIRMED ORDER.]

If a contesting party has received notice of registration under section 518C.605, confirmation of a registered order, whether by operation of law or after notice and hearing, precludes further contest of the order based upon facts that were known by the contesting party at the time of registration with respect to any matter that could have been asserted at the time of registration.

**PART C. REGISTRATION AND MODIFICATION
OF CHILD SUPPORT ORDER**

Sec. 9. [518C.609] [PROCEDURE TO REGISTER CHILD SUPPORT ORDER OF ANOTHER STATE FOR MODIFICATION.]

A party or support enforcement agency seeking to modify, or to modify and enforce, a child support order issued in another state shall register that order in this state in the same manner provided in part A of this article if the order has not been registered. A petition for modification may be filed at the same time as a request for registration, or later. The pleading must specify the grounds for modification.

Sec. 10. [518C.610] [EFFECT OF REGISTRATION FOR MODIFICATION.]

A tribunal of this state may enforce a child support order of another state registered for purposes of modification, in the same manner as if the order had been issued by a tribunal of this state, but the registered order may be modified only if the requirements of section 518C.611 have been met.

Sec. 11. [518C.611] [MODIFICATION OF CHILD SUPPORT ORDER OF ANOTHER STATE.]

(a) After a child support order issued in another state has been registered

in this state, the responding tribunal of this state may modify that order only if, after notice and hearing, it finds that:

(1) the following requirements are met:

(i) the child, the individual obligee, and the obligor do not reside in the issuing state;

(ii) a petitioner who is a nonresident of this state seeks modification; and

(iii) the respondent is subject to the personal jurisdiction of the tribunal of this state; or

(2) an individual party or the child is subject to the personal jurisdiction of the tribunal and all of the individual parties have filed a written consent in the issuing tribunal providing that a tribunal of this state may modify the support order and assume continuing, exclusive jurisdiction over the order.

(b) Modification of a registered child support order is subject to the same requirements, procedures, and defenses that apply to the modification of an order issued by a tribunal of this state and the order may be enforced and satisfied in the same manner.

(c) A tribunal of this state may not modify any aspect of a child support order that may not be modified under the law of the issuing state.

(d) On issuance of an order modifying a child support order issued in another state, a tribunal of this state becomes the tribunal of continuing, exclusive jurisdiction.

(e) Within 30 days after issuance of a modified child support order, the party obtaining the modification shall file a certified copy of the order with the issuing tribunal which had continuing, exclusive jurisdiction over the earlier order, and in each tribunal in which the party knows that earlier order has been registered.

Sec. 12. [518C.612] [RECOGNITION OF ORDER MODIFIED IN ANOTHER STATE.]

A tribunal of this state shall recognize a modification of its earlier child support order by a tribunal of another state which assumed jurisdiction pursuant to a law substantially similar to this chapter and, upon request, except as otherwise provided in this chapter, shall:

(1) enforce the order that was modified only as to amounts accruing before the modification;

(2) enforce only nonmodifiable aspects of that order;

(3) provide other appropriate relief only for violations of that order which occurred before the effective date of the modification; and

(4) recognize the modifying order of the other state, upon registration, for the purpose of enforcement.

ARTICLE 7

DETERMINATION OF PARENTAGE

Section 1. [518C.701] [PROCEEDING TO DETERMINE PARENTAGE.]

(a) A tribunal of this state may serve as an initiating or responding tribunal in a proceeding brought under this chapter or a law substantially similar to this chapter, the uniform reciprocal enforcement of support act, or the revised uniform reciprocal enforcement of support act to determine that the petitioner is a parent of a particular child or to determine that a respondent is a parent of that child.

(b) In a proceeding to determine parentage, a responding tribunal of this state shall apply the parentage act, sections 257.51 to 257.74, and the rules of this state on choice of law.

ARTICLE 8

INTERSTATE RENDITION

Section 1. [518C.801] [GROUNDS FOR RENDITION.]

(a) For purposes of this article, "governor" includes an individual performing the functions of governor or the executive authority of a state covered by this chapter.

(b) The governor of this state may:

(1) demand that the governor of another state surrender an individual found in the other state who is charged criminally in this state with having failed to provide for the support of an obligee; or

(2) on the demand by the governor of another state, surrender an individual found in this state who is charged criminally in the other state with having failed to provide for the support of an obligee.

(c) A provision for extradition of individuals not inconsistent with this chapter applies to the demand even if the individual whose surrender is demanded was not in the demanding state when the crime was allegedly committed and has not fled therefrom.

Sec. 2. [518C.802] [CONDITIONS OF RENDITION.]

(a) Before making demand that the governor of another state surrender an individual charged criminally in this state with having failed to provide for the support of an obligee, the governor of this state may require a prosecutor of this state to demonstrate that at least 60 days previously the obligee had initiated proceedings for support pursuant to this chapter or that the proceeding would be of no avail.

(b) If, under this chapter or a law substantially similar to this chapter, the uniform reciprocal enforcement of support act, or the revised uniform reciprocal enforcement of support act, the governor of another state makes a demand that the governor of this state surrender an individual charged criminally in that state with having failed to provide for the support of a child or other individual to whom a duty of support is owed, the governor may require a prosecutor to investigate the demand and report whether a proceeding for support has been initiated or would be effective. If it appears that a proceeding would be effective but has not been initiated, the governor may delay honoring the demand for a reasonable time to permit the initiation of a proceeding.

(c) If a proceeding for support has been initiated and the individual whose rendition is demanded prevails, the governor may decline to honor the

demand. If the petitioner prevails and the individual whose rendition is demanded is subject to a support order, the governor may decline to honor the demand if the individual is complying with the support order.

ADMINISTRATIVE PROCESS

Section 1. [518.5511] [ADMINISTRATIVE PROCESS FOR CHILD AND MEDICAL SUPPORT ORDERS.]

Subdivision 1. [GENERAL.] (a) An administrative process is established to obtain, modify, and enforce child and medical support orders and modify maintenance if combined with a child support proceeding.

(b) All proceedings for obtaining, modifying, or enforcing child and medical support orders and modifying maintenance orders if combined with a child support proceeding, are required to be conducted in the administrative process when the public authority is a party or provides services to a party or parties to the proceedings. At county option, the administrative process may include contempt motions or actions to establish parentage. Nothing contained herein shall prevent a party, upon timely notice to the public authority, from commencing an action or bringing a motion for the establishment, modification, or enforcement of child support or modification of maintenance

orders if combined with a child support proceeding in district court, if additional issues involving domestic abuse, establishment or modification of custody or visitation, property issues, or other issues outside the jurisdiction of the administrative process, are part of the motion or action, or from proceeding with a motion or action brought by another party containing one or more of these issues if it is pending in district court.

(c) A party may make a written request to the public authority to initiate an uncontested administrative proceeding. If the public authority denies the request, the public authority shall issue a summary order which denies the request for relief, states the reasons for the denial, and notifies the party of the right to commence an action for relief. If the party commences an action or serves and files a motion within 30 days after the public authority's denial and the party's action results in a modification of a child support order, the modification may be retroactive to the date the written request was received by the public authority.

(d) After August 1, 1994, all counties shall participate in the administrative process established in this section in accordance with a statewide implementation plan to be set forth by the commissioner of human services. No county shall be required to participate in the administrative process until after the county has been trained. The implementation plan shall include provisions for training the counties by region no later than July 1, 1995.

Subd. 2. [UNCONTESTED ADMINISTRATIVE PROCEEDING.] (a) A party may petition the chief administrative law judge, the chief district court judge, or the chief family court referee to proceed immediately to a contested hearing upon good cause shown.

(b) The public authority shall give the parties written notice requesting the submission of information necessary for the public authority to prepare a proposed child support order. The written notice shall be sent by first-class mail to the parties' last known addresses. The written notice shall describe the information requested, state the purpose of the request, state the date by which the information must be postmarked or received (which shall be at least 30 days from the date of the mailing of the written notice), state that if the information is not postmarked or received by that date, the public authority will prepare a proposed order on the basis of the information available, and identify the type of information which will be considered.

(c) Following the submission of information or following the date when the information was due, the public authority shall, on the basis of all information available, complete and sign a proposed child support order and notice. In preparing the proposed child support order, the public authority will establish child support in the highest amount permitted under section 518.551, subdivision 5. The proposed order shall include written findings in accordance with section 518.551, subdivision 5, clauses (i) and (j). The notice shall state that the proposed child support order will be entered as a final and binding default order unless one of the parties requests a conference under subdivision 3 within 14 days following the date of service of the proposed child support order. The method for requesting the conference shall be stated in the notice. The notice and proposed child support order shall be served under the rules of civil procedure. For the purposes of the contested hearing, and notwithstanding any law or rule to the contrary, the service of the proposed order pursuant to this paragraph shall be deemed to have com-

menced a proceeding and the judge, including an administrative law judge or a referee, shall have jurisdiction over the contested hearing.

(d) If a conference under subdivision 3 is not requested by a party within 14 days after the date of service of the proposed child support order, the public authority may enter the proposed order as the default order. The default order becomes effective 30 days after the date of service of the notice in paragraph (c). The public authority may also prepare and serve a new notice and proposed child support order if new information is subsequently obtained. The default child support order shall be a final order, and shall be served under the rules of civil procedure.

(e) The public authority shall file in the district court copies of all notices served on the parties, proof of service, and all orders.

Subd. 3. [ADMINISTRATIVE CONFERENCE.] (a) If a party requests a conference within 14 days of the date of service of the proposed order, the public authority shall schedule a conference, and shall serve written notice of the date, time, and place of the conference on the parties.

(b) The purpose of the conference is to review all available information and seek an agreement to enter a consent child support order. The notice shall state the purpose of the conference, and that the proposed child support order will be entered as a final and binding default order if the requesting party fails to appear at the conference. The notice shall be served on the parties by first-class mail at their last known addresses, and the method of service shall be documented in the public authority file.

(c) A party alleging domestic abuse by the other party shall not be required to participate in a conference. In such a case, the public authority shall meet separately with the parties in order to determine whether an agreement can be reached.

(d) If the party requesting the conference does not appear and fails to provide a written excuse (with supporting documentation if relevant) to the public authority within seven days after the date of the conference which constitutes good cause, the public authority may enter a default child support order through the uncontested administrative process. The public authority shall not enter the default order until at least seven days after the date of the conference.

For purposes of this section, misrepresentation, excusable neglect, or circumstances beyond the control of the person who requested the conference which prevented the person's appearance at the conference constitutes good cause for failure to appear. If the public authority finds good cause, the conference shall be rescheduled by the public authority and the public authority shall send notice as required under this subdivision.

(e) If the parties appear at the conference, the public authority shall seek agreement of the parties to the entry of a consent child support order which establishes child support in accordance with applicable law. The public authority shall advise the parties that if a consent order is not entered, the matter will be scheduled for a hearing before an administrative law judge, or a district court judge or referee, and that the public authority will seek the establishment of child support at the hearing in accordance with the highest amount permitted under section 518.551, subdivision 5. If an agreement to enter the consent order is not reached at the conference, the public authority

shall schedule the matter before an administrative law judge, district court judge, or referee.

(f) If an agreement is reached by the parties at the conference, a consent child support order shall be prepared by the public authority, and shall be signed by the parties. All consent and default orders shall be signed by the nonattorney employee of the public authority and shall be submitted to an administrative law judge or the district court for countersignature. The order is effective upon the signature by the administrative law judge or the district court and is retroactive to the date of signature by the nonattorney employee of the public authority. The consent order shall be served on the parties under the rules of civil procedure.

Subd. 4. [CONTESTED ADMINISTRATIVE PROCEEDING.] (a) The commissioner of human services is authorized to designate counties to use the contested administrative hearing process based upon federal guidelines for county performance. The contested administrative hearing process may also be initiated upon request of a county board. The administrative hearing process shall be implemented in counties designated by the commissioner.

In counties designated by the commissioner, contested hearings required under this section shall be scheduled before administrative law judges, and shall be conducted in accordance with the provisions under this section. In counties not designated by the commissioner, contested hearings shall be conducted in district court in accordance with the rules of civil procedure and the rules of family court.

(b) An administrative law judge may approve a stipulation reached on a contempt motion brought by the public authority. Any stipulation that involves a finding of contempt and a jail sentence, whether stayed or imposed, shall require the review and signature of a district court judge.

(c) For the purpose of this process, all powers, duties, and responsibilities conferred on judges of the district court to obtain and enforce child and medical support and maintenance obligations, subject to the limitation set forth herein, are conferred on the administrative law judge conducting the proceedings, including the power to issue subpoenas, to issue orders to show cause, and to issue bench warrants for failure to appear.

(d) Before implementing the process in a county, the chief administrative law judge, the commissioner of human services, the director of the county human services agency, the county attorney, the county court administrator, and the county sheriff shall jointly establish procedures, and the county shall provide hearing facilities for implementing this process in the county. A contested administrative hearing shall be conducted in a courtroom, if one is available, or a conference or meeting room with at least two exits and of sufficient size to permit adequate physical separation of the parties. Security personnel shall either be present during the administrative hearings, or be available to respond to a request for emergency assistance.

(e) The contested administrative hearings shall be conducted under the rules of the office of administrative hearings, Minnesota Rules, parts 1400.7100 to 1400.7500, 1400.7700, and 1400.7800, as adopted by the chief administrative law judge. Except as provided under this section, other aspects of the case, including, but not limited to, pleadings, discovery, and motions, shall be conducted under the rules of family court, the rules of civil procedure, and chapter 518.

(f) Pursuant to a contested administrative hearing, the administrative law judge shall make findings of fact, conclusions, and a final decision and issue an order. Orders issued by an administrative law judge may be enforceable by the contempt powers of the district courts.

(g) At the time the matter is scheduled for a contested hearing, the public authority shall file in the district court copies of all relevant documents sent to or received from the parties, in addition to the documents filed under subdivision 2, paragraph (e).

(h) The decision and order of the administrative law judge is appealable to the court of appeals in the same manner as a decision of the district court.

Subd. 5. [NONATTORNEY AUTHORITY.] Nonattorney employees of the public authority responsible for child support may prepare, sign, serve, and file complaints, motions, notices, summary orders, proposed orders, default orders, and consent orders for obtaining, modifying, or enforcing child and medical support orders, orders establishing paternity, and related documents, and orders to modify maintenance if combined with a child support order. The nonattorney may also conduct prehearing conferences, and participate in proceedings before an administrative law judge. This activity shall not be considered to be the unauthorized practice of law. Nonattorney employees may not represent the interests of any party other than the public authority, and may not give legal advice to any party.

Subd. 6. [SUBPOENAS.] After the commencement of the administrative process, any party or the public authority may request a subpoena, and the administrative law judge shall have the authority to issue subpoenas.

Subd. 7. [PUBLIC AUTHORITY LEGAL ADVISOR.] At all stages of the administrative process prior to the contested hearing, the county attorney, or other attorney under contract, shall act as the legal advisor for the public authority, but shall not play an active role in the review of information and the preparation of default and consent orders.

Subd. 8. [COSTS ASSOCIATED WITH THE ADMINISTRATIVE PROCESS.] The commissioner of human services shall distribute money for this purpose to counties to cover the costs of the administrative process, including the salaries of administrative law judges. If available appropriations are insufficient to cover the costs, the commissioner shall prorate the amount among the counties.

Subd. 9. [TRAINING AND RESTRUCTURING.] The commissioner of human services shall provide training to child support officers and other employees of the public authority involved in the administrative process. The commissioner of human services shall prepare simple and easy to understand forms for all notices and orders prescribed in this subdivision, and the public authority shall use them.

Sec. 2. [INSTRUCTION TO REVISOR.]

In the next edition of Minnesota Statutes, the revisor of statutes shall delete the term "518.551, subdivision 10" and replace it with "518.5511" where it appears in Minnesota Statutes, sections 357.021, subdivision 1a, and 518C.05.

Sec. 3. Minnesota Statutes 1992, section 214.101, as amended by Laws 1993, chapters 322, sections 1 and 2, and 340, section 2, is amended to read:

214.101 [CHILD SUPPORT; SUSPENSION OF LICENSE.]

Subdivision 1. [COURT ORDER; HEARING ON SUSPENSION.] (a) For purposes of this section, "licensing board" means a licensing board or other state agency that issues an occupational license.

(b) If a licensing board receives an order from a court or a notice from a public child support enforcement agency under section 518.551, subdivision 12, dealing with suspension of a license of a person found by the court or the public agency to be in arrears in child support or maintenance payments, or both, the board shall, within 30 days of receipt of the court order or public agency notice, provide notice to the licensee and hold a hearing. If the board finds that the person is licensed by the board and evidence of full payment of arrearages found to be due by the court or the public agency is not presented at the hearing, the board shall suspend the license unless it determines that probation is appropriate under subdivision 2. The only issues to be determined by the board are whether the person named in the court order or public agency notice is a licensee, whether the arrearages have been paid, and whether suspension or probation is appropriate. The board may not consider evidence with respect to the appropriateness of the court underlying child support order or the ability of the person to comply with the order. The board may not lift the suspension until the licensee files with the board proof showing that the licensee is current in child support payments and maintenance.

Subd. 2. [PROBATION.] If the board determines that the suspension of the license would create an extreme hardship to either the licensee or to persons whom the licensee serves, the board may, in lieu of suspension, allow the licensee to continue to practice the occupation on probation. Probation must be conditioned upon full compliance with the court order or public agency notice that referred the matter to the board. The probation period may not exceed two years, and the terms of probation must provide for automatic suspension of the license if the licensee does not provide monthly proof to the board of full compliance with the court order or public agency notice that referred the matter to the board or a further court order or public agency notice if the original order is modified by the court or the public agency.

Subd. 3. [REVOCAION OR REINSTATEMENT OF PROBATION.] If the licensee has a modification petition pending before the court or the public agency, the board may, without a hearing, defer a revocation of probation and institution of suspension until receipt of the court's ruling on the modification order. A licensee who was placed on probation and then automatically suspended may be automatically reinstated upon providing proof to the board that the licensee is currently in compliance with the court order or public agency notice.

Subd. 4. [VERIFICATION OF PAYMENTS.] Before a board may terminate probation, remove a suspension, issue, or renew a license of a person who has been suspended or placed on probation under this section, it shall contact the court or public agency that referred the matter to the board to determine that the applicant is not in arrears for child support or maintenance or both. The board may not issue or renew a license until the applicant proves to the board's satisfaction that the applicant is current in support payments and maintenance.

Subd. 5. [APPLICATION.] This section applies to support obligations ordered by any state, territory, or district of the United States.

Sec. 4. Minnesota Statutes 1993 Supplement, section 256.87, subdivision 5, is amended to read:

Subd. 5. [CHILD NOT RECEIVING ASSISTANCE.] A person or entity having physical ~~and legal~~ custody of a dependent child not receiving assistance under sections 256.72 to 256.87 has a cause of action for child support against the child's absent parents. Upon ~~an order to show cause and~~ a motion served on the absent parent, the court shall order child support payments from the absent parent under chapter 518. *This subdivision applies only if the person or entity has physical custody with the consent of a custodial parent or approval of the court.*

Sec. 5. Minnesota Statutes 1993 Supplement, section 518.14, is amended to read:

518.14 [COSTS AND DISBURSEMENTS ~~AND~~; ATTORNEY FEES; COLLECTION COSTS.]

Subdivision 1. [GENERAL.] Except as provided in subdivision 2, in a proceeding under this chapter, the court shall award attorney fees, costs, and disbursements in an amount necessary to enable a party to carry on or contest the proceeding, provided it finds:

(1) that the fees are necessary for the good-faith assertion of the party's rights in the proceeding and will not contribute unnecessarily to the length and expense of the proceeding;

(2) that the party from whom fees, costs, and disbursements are sought has the means to pay them; and

(3) that the party to whom fees, costs, and disbursements are awarded does not have the means to pay them.

Nothing in this section precludes the court from awarding, in its discretion, additional fees, costs, and disbursements against a party who unreasonably contributes to the length or expense of the proceeding. Fees, costs, and disbursements provided for in this section may be awarded at any point in the proceeding, including a modification proceeding under sections 518.18 and 518.64. The court may adjudge costs and disbursements against either party. The court may authorize the collection of money awarded by execution, or out of property sequestered, or in any other manner within the power of the court. An award of attorney's fees made by the court during the pendency of the proceeding or in the final judgment survives the proceeding and if not paid by the party directed to pay the same may be enforced as above provided or by a separate civil action brought in the attorney's own name. If the proceeding is dismissed or abandoned prior to determination and award of attorney's fees, the court may nevertheless award attorney's fees upon the attorney's motion. The award shall also survive the proceeding and may be enforced in the same manner as last above provided.

Subd. 2. [ENFORCEMENT OF CHILD SUPPORT.] (a) A child support obligee is entitled to recover from the obligor reasonable attorney fees and other collection costs incurred to enforce a child support judgment, as provided in this subdivision. In order to recover collection costs under this subdivision, the arrearages must be at least \$500 and must be at least 90 days past due. In addition, the arrearages must be a docketed judgment under sections 548.09 and 548.091. If the obligor pays in full the judgment rendered

under section 548.091 within 20 days of receipt of notice of entry of judgment, the obligee is not entitled to recover attorney fees or collection costs under this subdivision.

(b) Written notice must be provided by any obligee contracting with an attorney or collection entity to enforce a child support judgment to the public authority responsible for child support enforcement, if the public authority is a party or provides services to a party, within five days of signing a contract for services and within five days of receipting any payments received on a child support judgment. Attorney fees and collection costs obtained under this subdivision are considered child support and entitled to the applicable remedies for collection and enforcement of child support.

(c) The obligee shall serve notice of the obligee's intent to recover attorney fees and collections costs by certified or registered mail on the obligor at the obligor's last known address. The notice must include an itemization of the attorney fees and collection costs being sought by the obligee and inform the obligor that the fees and costs will become an additional judgment for child support unless the obligor requests a hearing on the reasonableness of the fees and costs or to contest the child support judgment on grounds limited to mistake of fact within 20 days of mailing of the notice.

(d) If the obligor requests a hearing, the only issues to be determined by the court are whether the attorney fees or collection costs were reasonably incurred by the obligee for the enforcement of a child support judgment against the obligor or the validity of the child support judgment on grounds limited to mistake of fact. The fees and costs may not exceed 30 percent of the arrearages. The court may modify the amount of attorney fees and costs as appropriate and shall enter judgment accordingly.

(e) If the obligor fails to request a hearing within 20 days of mailing of the notice under paragraph (a), the amount of the attorney fees or collection costs requested by the obligee in the notice automatically becomes an additional judgment for child support.

(f) The commissioner of human services shall prepare and make available to the court and the parties forms for use in providing for notice and requesting a hearing under this subdivision. The rulemaking provisions of chapter 14 do not apply to the forms.

Sec. 6. Minnesota Statutes 1993 Supplement, section 518.171, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] (a) Every child support order must expressly assign or reserve the responsibility for maintaining medical insurance for the minor children and the division of uninsured medical and dental costs. The court shall order the party with the better group dependent health and dental insurance coverage or health insurance plan to name the minor child as beneficiary on any health and dental insurance plan that is ~~comparable to or better than a number two qualified plan~~ and available to the party on:

(i) a group basis; or

(ii) through an employer or union; or

(iii) through a group health plan governed under the ERISA and included within the definitions relating to health plans found in section 62A.011, 62A.048, or 62E.06, subdivision 2.

"Health insurance" or "health insurance coverage": as used in this section means coverage that is comparable to or better than a number two qualified plan as defined in section 62E.06, subdivision 2. "Health insurance" or "health insurance coverage" as used in this section does not include medical assistance provided under chapter 256, 256B, or 256D.

(b) If the court finds that dependent health or dental insurance is not available to the obligor or obligee on a group basis or through an employer or union, or that the group ~~insurer~~ insurance is not accessible to the obligee, the court may require the obligor (1) to obtain other dependent health or dental insurance, (2) to be liable for reasonable and necessary medical or dental expenses of the child, or (3) to pay no less than \$50 per month to be applied to the medical and dental expenses of the children or to the cost of health insurance dependent coverage.

(c) If the court finds that the available dependent health or dental insurance does not pay all the reasonable and necessary medical or dental expenses of the child, including any existing or anticipated extraordinary medical expenses, and the court finds that the obligor has the financial ability to contribute to the payment of these medical or dental expenses, the court shall require the obligor to be liable for all or a portion of the medical or dental expenses of the child not covered by the required health or dental plan. Medical and dental expenses include, but are not limited to, necessary orthodontia and eye care, including prescription lenses.

(d) ~~If the obligor is employed by a self-insured employer subject only to the federal Employee Retirement Income Security Act (ERISA) of 1974, and the insurance benefit plan meets the above requirements, the court shall order the obligor to enroll the dependents within 30 days of the court order effective date or be liable for all medical and dental expenses occurring while coverage is not in effect. If enrollment in the ERISA plan is precluded by exclusionary clauses, the court shall order the obligor to obtain other coverage or make payments as provided in paragraph (b) or (c).~~

(e) Unless otherwise agreed by the parties and approved by the court, if the court finds that the obligee is not receiving public assistance for the child and has the financial ability to contribute to the cost of medical and dental expenses for the child, including the cost of insurance, the court shall order the obligee and obligor to each assume a portion of these expenses based on their proportionate share of their total net income as defined in section 518.54, subdivision 6.

(f) ~~(e)~~ Payments ordered under this section are subject to section 518.611. An obligee who fails to apply payments received to the medical expenses of the dependents may be found in contempt of this order.

Sec. 7. Minnesota Statutes 1993 Supplement, section 518.171, subdivision 6, is amended to read:

Subd. 6. ~~[INSURER PLAN REIMBURSEMENT; CORRESPONDENCE AND NOTICE.]~~ (a) The signature of the custodial parent of the insured dependent is a valid authorization to ~~the insurer~~ a health or dental insurance plan for purposes of processing an insurance reimbursement payment to the provider of the medical services or to the custodial parent if medical services have been prepaid by the custodial parent.

(b) The ~~insurer~~ health or dental insurance plan shall send copies of all correspondence regarding the insurance coverage to both parents. When an order for dependent insurance coverage is in effect and the obligor's employment is terminated, or the insurance coverage is terminated, the ~~insurer~~ health or dental insurance plan shall notify the obligee within ten days of the termination date with notice of conversion privileges.

Sec. 8. Minnesota Statutes 1992, section 518.18, is amended to read:

518.18 [MODIFICATION OF ORDER.]

(a) Unless agreed to in writing by the parties, no motion to modify a custody order may be made earlier than one year after the date of the entry of a decree of dissolution or legal separation containing a provision dealing with custody, except in accordance with paragraph (c).

(b) If a motion for modification has been heard, whether or not it was granted, unless agreed to in writing by the parties no subsequent motion may be filed within two years after disposition of the prior motion on its merits, except in accordance with paragraph (c).

(c) The time limitations prescribed in paragraphs (a) and (b) shall not prohibit a motion to modify a custody order if the court finds that there is persistent and willful denial or interference with visitation, or has reason to believe that the child's present environment may endanger the child's physical or emotional health or impair the child's emotional development.

(d) If the court has jurisdiction to determine child custody matters, the court shall not modify a prior custody order unless it finds, upon the basis of facts that have arisen since the prior order or that were unknown to the court at the time of the prior order, that a change has occurred in the circumstances of the child or the parties and that the modification is necessary to serve the best interests of the child. In applying these standards the court shall retain the custody arrangement established by the prior order unless:

- (i) both parties agree to the modification;
- (ii) the child has been integrated into the family of the petitioner with the consent of the other party; or
- (iii) the child's present environment endangers the child's physical or emotional health or impairs the child's emotional development and the harm likely to be caused by a change of environment is outweighed by the advantage of a change to the child.

In addition, a court may modify a custody order under section 631.52.

(e) In deciding whether to modify a prior joint custody order, the court shall apply the standards set forth in paragraph (d) unless: (1) the parties agree in writing to the application of a different standard, or (2) the party seeking the modification is asking the court for permission to move the residence of the child to another state.

(f) If a custodial parent has been granted sole physical custody of a minor and the child subsequently lives with the noncustodial parent, and temporary sole physical custody has been approved by the court or by a court-appointed referee, the court may suspend the noncustodial parent's child support obligation pending the final custody determination. The court's order denying the suspension of child support must include a written explanation of the

reasons why continuation of the child support obligation would be in the best interests of the child:

Sec. 9. Minnesota Statutes 1993 Supplement, section 518.551, subdivision 5, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. The notice must contain the full names of the parties to the proceeding, their social security account numbers, and their birth dates. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support stipulation of the parties if each party is represented by independent counsel, unless the stipulation does not meet the conditions of paragraph (i). In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom. The court may also order the obligor to pay child support in the form of a percentage share of the obligor's net bonuses, commissions, or other forms of compensation, in addition to, or if the obligor receives no base pay, in lieu of, an order for a specific dollar amount.

(b) The court shall derive a specific dollar amount for child support by multiplying the obligor's net income by the percentage indicated by the following guidelines:

Net Income Per Month of Obligor	Number of Children						
	1	2	3	4	5	6	7 or more
\$550 and Below	Order based on the ability of the obligor to provide support at these income levels, or at higher levels, if the obligor has the earning ability.

\$601 - 650	17%	21%	24%	27%	29%	32%	34%

or the amount
in effect under
paragraph (k)

Guidelines for support for an obligor with a monthly income in excess of the income limit currently in effect under paragraph (k) shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income equal to the limit in effect.

Net Income defined as:

Total monthly
income less

- *(i) Federal Income Tax
- *(ii) State Income Tax
- (iii) Social Security Deductions
- (iv) Reasonable Pension Deductions

*Standard
Deductions apply-
use of tax tables
recommended

- (v) Union Dues
- (vi) Cost of Dependent Health Insurance Coverage
- (vii) Cost of Individual or Group Health/Hospitalization Coverage or an Amount for Actual Medical Expenses
- (viii) A Child Support or Maintenance Order that is Currently Being Paid.

“Net income” does not include:

(1) the income of the obligor’s spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor’s living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(i) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(ii) the party demonstrates, and the court finds, that:

(A) the excess employment began after the filing of the petition for dissolution;

(B) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(C) the excess employment is voluntary and not a condition of employment;

(D) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(E) the party’s compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

The court shall review the work-related and education-related child care costs ~~of the custodial parent~~ paid and shall allocate the costs to each parent in proportion to each parent’s net income, as determined under this subdivision, after the transfer of child support and spousal maintenance, unless the allocation would be substantially unfair to either parent. There is a presumption of substantial unfairness if after the sum total of child support, spousal maintenance, and child care costs is subtracted from the noncustodial parent’s income, the income is at or below 100 percent of the federal poverty guidelines. The cost of child care for purposes of this ~~section~~ paragraph is

determined by subtracting the amount of any federal and state income tax credits available to a parent from 75 percent of the actual cost paid for child care, to reflect the approximate value of state and federal tax credits available to the custodial parent. The actual cost paid for child care is the total amount received by the child care provider for the child or children from the obligee or any public agency. The amount allocated for child care expenses is considered child support but is not subject to a cost-of-living adjustment under section 518.641. The amount allocated for child care expenses terminates when the child care costs end.

(c) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support or in determining whether to deviate from the guidelines:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph (b), clause (2)(ii);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it;

(5) the parents' debts as provided in paragraph (d); and

(6) the obligor's receipt of assistance under sections 256.72 to 256.87 or 256B.01 to 256B.40.

(d) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

(e) Any schedule prepared under paragraph (d), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

(f) Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

(g) If payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

(h) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(i) The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the amount of support calculated under the guidelines, the reasons for the deviation, and shall specifically address the criteria in paragraph (b) and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.

(j) If the child support payments are assigned to the public agency under section 256.74, the court may not deviate downward from the child support guidelines unless the court specifically finds that the failure to deviate downward would impose an extreme hardship on the obligor.

(k) The dollar amount of the income limit for application of the guidelines must be adjusted on July 1 of every even-numbered year to reflect cost-of-living changes. The supreme court shall select the index for the adjustment from the indices listed in section 518.641. The state court administrator shall make the changes in the dollar amount required by this paragraph available to courts and the public on or before April 30 of the year in which the amount is to change.

Sec. 10. Minnesota Statutes 1993 Supplement, section 518.551, subdivision 12, is amended to read:

Subd. 12. [OCCUPATIONAL LICENSE SUSPENSION.] (a) Upon petition of an obligee ~~or public agency responsible for child support enforcement~~, if the court finds that the obligor is or may be licensed by a licensing board listed in section 214.01 or other state agency or board that issues an occupational license and the obligor is in arrears in court-ordered child support or maintenance payments or both, the court may direct the licensing board or other licensing agency to conduct a hearing under section 214.101 concerning suspension of the obligor's license. If the obligor is a licensed attorney, the court may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct. The remedy under this subdivision is in addition to any other enforcement remedy available to the court.

(b) If a public agency responsible for child support enforcement finds that the obligor is or may be licensed by a licensing board listed in section 214.01 or other state agency or board that issues an occupational license and the obligor is in arrears in court-ordered child support or maintenance payments or both, the public agency may direct the licensing board or other licensing

agency to conduct a hearing under section 214.101 concerning suspension of the obligor's license. If the obligor is a licensed attorney, the public agency may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct. The remedy under this subdivision is in addition to any other enforcement remedy available to the public agency.

Sec. 11. [518.575] [PUBLICATION OF NAMES OF DELINQUENT CHILD SUPPORT OBLIGORS.]

Every three months the department of human services shall publish in the newspaper of widest circulation in each county a list of the names and last known addresses of each person who (1) is a child support obligor, (2) resides in the county, (3) is at least \$3,000 in arrears, and (4) has not made a child support payment, or has made only partial child support payments that total less than 25 percent of the amount of child support owed, for the last 12 months including any payments made through the interception of federal or state taxes. The rate charged for publication shall be the newspaper's lowest classified display rate, including all available discounts. An obligor's name may not be published if the obligor claims in writing, and the department of human services determines, there is good cause for the nonpayment of child support. The list must be based on the best information available to the state at the time of publication.

Before publishing the name of the obligor, the department of human services shall send a notice to the obligor's last known address which states the department's intention to publish the obligor's name and the amount of child support the obligor owes. The notice must also provide an opportunity to have the obligor's name removed from the list by paying the arrearage or by entering into an agreement to pay the arrearage, and the final date when the payment or agreement can be accepted.

The department of human services shall insert with the notices sent to the obligee, a notice stating the intent to publish the obligor's name, and the criteria used to determine the publication of the obligor's name.

Sec. 12. Minnesota Statutes 1993 Supplement, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] (a) The terms of an order respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87 or 256B.01 to 256B.40; (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair; (5) extraordinary medical expenses of the child not provided for under section 518.171; or (6) the addition or elimination of work-related or education-related child care expenses of the obligee or a substantial increase or decrease in existing work-related or education-related child care expenses.

It is presumed that there has been a substantial change in circumstances under clause (1), (2), or (4) and the terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least

20 percent and at least \$50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall apply section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

(e) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.

(f) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

Sec. 13. Minnesota Statutes 1993 Supplement, section 518.68, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT.] Every court order ~~for~~ or judgment and decree that provides for child support, spousal maintenance, custody, or visitation must contain certain notices as set out in subdivision 2. The information in the notices must be concisely stated in plain language. The notices must be in clearly legible print, but may not exceed two pages. An order or judgment and decree without the notice remains subject to all statutes. The court may waive all or part of the notice required under subdivision 2 relating to parental rights under section 518.17, subdivision 3, if it finds it is necessary to protect the welfare of a party or child.

Sec. 14. Minnesota Statutes 1993 Supplement, section 518.68, subdivision 2, is amended to read:

Subd. 2. [CONTENTS.] The required notices must be substantially as follows:

IMPORTANT NOTICE

1. PAYMENTS TO PUBLIC AGENCY

Pursuant to Minnesota Statutes, section 518.551, subdivision 1, payments ordered for maintenance and support must be paid to the public agency responsible for child support enforcement as long as the person entitled to receive the payments is receiving or has applied for public assistance or has applied for support and maintenance collection services. MAIL PAYMENTS TO:

2. DEPRIVING ANOTHER OF CUSTODIAL OR PARENTAL RIGHTS—A FELONY

A person may be charged with a felony who conceals a minor child or takes, obtains, retains, or fails to return a minor child from or to the child's parent (or person with custodial or visitation rights), pursuant to Minnesota Statutes, section 609.26. A copy of that section is available from any district court clerk.

3. RULES OF SUPPORT, MAINTENANCE, VISITATION

(a) Payment of support or spousal maintenance is to be as ordered, and the giving of gifts or making purchases of food, clothing, and the like will not fulfill the obligation.

(b) Payment of support must be made as it becomes due, and failure to secure or denial of rights of visitation is NOT an excuse for nonpayment, but the aggrieved party must seek relief through a proper motion filed with the court.

(c) *Nonpayment of support is not grounds to deny visitation. The party entitled to receive support may apply for support and collection services, file a contempt motion, or obtain a judgment as provided in Minnesota Statutes, section 548.091.*

(d) The payment of support or spousal maintenance takes priority over payment of debts and other obligations.

(d) (e) A party who ~~remarries after dissolution and~~ accepts additional obligations of support does so with the full knowledge of the party's prior obligation under this proceeding.

(e) (f) Child support or maintenance is based on annual income, and it is the responsibility of a person with seasonal employment to budget income so that payments are made throughout the year as ordered.

(g) *If there is a layoff or a pay reduction, support may be reduced as of the time of the layoff or pay reduction if a motion to reduce the support is served and filed with the court at that time, but any such reduction must be ordered by the court. The court is not permitted to reduce support retroactively, except as provided in Minnesota Statutes, section 518.64, subdivision 2, paragraph (c).*

4. PARENTAL RIGHTS FROM MINNESOTA STATUTES, SECTION 518.17, SUBDIVISION 3

Unless otherwise provided by the Court:

(a) Each party has the right of access to, and to receive copies of, school, medical, dental, religious training, and other important records and information about the minor children. Each party has the right of access to information regarding health or dental insurance available to the minor children. Presentation of a copy of this order to the custodian of a record or other information about the minor children constitutes sufficient authorization for the release of the record or information to the requesting party.

(b) Each party shall keep the other informed as to the name and address of the school of attendance of the minor children. Each party has the right to be informed by school officials about the children's welfare, educational progress and status, and to attend school and parent teacher conferences. The school is not required to hold a separate conference for each party.

(c) In case of an accident or serious illness of a minor child, each party shall notify the other party of the accident or illness, and the name of the health care provider and the place of treatment.

(d) Each party has the right of reasonable access and telephone contact with the minor children.

5. WAGE AND INCOME DEDUCTION OF SUPPORT AND MAINTENANCE

Child support and/or spousal maintenance may be withheld from income, with or without notice to the person obligated to pay, when the conditions of Minnesota Statutes, sections 518.611 and 518.613, have been met. A copy of those sections is available from any district court clerk.

6. CHANGE OF ADDRESS OR RESIDENCE

Unless otherwise ordered, the person responsible to make support or maintenance payments shall notify the person entitled to receive the payment and the public authority responsible for collection, if applicable, of

a change of address or residence within 60 days of the address or residence change.

7. COST OF LIVING INCREASE OF SUPPORT AND MAINTENANCE

Child support and/or spousal maintenance may be adjusted every two years based upon a change in the cost of living (using Department of Labor Consumer Price Index, unless otherwise specified in this order) when the conditions of Minnesota Statutes, section 518.641, are met. Cost of living increases are compounded. A copy of Minnesota Statutes, section 518.641, and forms necessary to request or contest a cost of living increase are available from any district court clerk.

8. JUDGMENTS FOR UNPAID SUPPORT

If a person fails to make a child support payment, the payment owed becomes a judgment against the person responsible to make the payment by operation of law on or after the date the payment is due, and the person entitled to receive the payment or the public agency may obtain entry and docketing of the judgment WITHOUT NOTICE to the person responsible to make the payment under Minnesota Statutes, section 548.091. *Interest begins to accrue on a payment or installment of child support whenever the unpaid amount due is greater than the current support due, pursuant to Minnesota Statutes, section 548.091, subdivision 1a.*

9. JUDGMENTS FOR UNPAID MAINTENANCE

A judgment for unpaid spousal maintenance may be entered when the conditions of Minnesota Statutes, section 548.091, are met. A copy of that section is available from any district court clerk.

10. MEDICAL INSURANCE AND EXPENSES

~~The person responsible to pay support and the person's employer or union are ordered to provide medical and dental insurance and pay for uncovered expenses under the conditions of Minnesota Statutes, section 518.171, unless otherwise provided in this order or the statute. A copy of this statute is available from any district court clerk.~~

10. ATTORNEY FEES AND COLLECTION COSTS FOR ENFORCEMENT OF CHILD SUPPORT

Sec. 15. Minnesota Statutes 1993 Supplement, section 518.68, subdivision 3, is amended to read:

Subd. 3. [COPIES OF LAW AND FORMS.] The district court administrator shall make available at no charge copies of sections 518.14, 518.17, 518.611, 518.613, 518.641, 548.091, and 609.26, and shall provide forms to

request or contest *attorney fees and collection costs* or a cost-of-living increase under section 518.14, subdivision 2, or 518.641.

Sec. 16. Minnesota Statutes 1992, section 548.091, subdivision 2a, is amended to read:

Subd. 2a. [DOCKETING OF CHILD SUPPORT JUDGMENT.] On or after the date an unpaid amount becomes a judgment by operation of law under subdivision 1a, the obligee or the public authority may file with the court administrator:

The affidavit of default must state the full name, occupation, place of residence, and last known post office address of the obligor, the name and post office address of the obligee, the date or dates payment was due and not received and judgment was obtained by operation of law, and the total amount of the judgments; and

(3) an affidavit of service of a notice of entry of judgment or notice of intent to recover attorney fees and collection costs on the obligor, in person or by mail at the obligor's last known post office address. Service is completed upon mailing in the manner designated.

Sec. 17. Minnesota Statutes 1993 Supplement, section 609.375, subdivision 2, is amended to read:

Sec. 18. Minnesota Statutes 1992, section 609.375, is amended by adding a subdivision to read:

Subd. 2a. If the violation of subdivision 1 continues for a period in excess of 180 days, the person is guilty of a felony and upon conviction may be sentenced to imprisonment for not more than two years or to payment of a fine of not more than \$5,000, or both.

Sec. 19. Minnesota Statutes 1992, section 609.375, is amended by adding a subdivision to read:

Sec. 20. Minnesota Statutes 1992, section 609.375, is amended by adding a subdivision to read:

Subd. 6. [DISMISSAL OF CHARGE.] A felony charge brought under subdivision 2a of this section shall be dismissed if:

(1) the support obligor provides the county child support enforcement agency with an affidavit attesting the obligor's present address, occupation,

employer, and current income, and consents to service of an order for automatic income withholding; or

(2) the support obligor makes satisfactory arrangements for payment with the county child support enforcement agency of all accumulated arrearages and any ongoing support obligations. For purposes of this section, satisfactory arrangements shall be reasonably consistent with the obligor's ability to pay.

In any case for which dismissal is sought under this subdivision, the felony charge shall be continued for dismissal for a period of six months. If the obligor meets all requirements of the payment plan within that six-month period, the felony charge shall be dismissed.

Sec. 21. [INCOME SHARES MODEL CHILD SUPPORT GUIDELINE.]

The department of human services, in consultation with the commissioner's advisory committee for child support enforcement, shall develop an income shares model child support guideline and present it to the legislature for consideration, in addition to the plan for including contested hearings in the simple, statewide administrative process no later than February 1, 1995.

Sec. 22. [MINNESOTA CHILD SUPPORT ASSURANCE PROGRAM.]

Subdivision 1. [AUTHORIZATION TO DESIGN DEMONSTRATION.] The commissioner of human services, in consultation with the commissioners of education, finance, jobs and training, health, and planning, the director of the higher education coordinating board, and the attorney general, is authorized to proceed with planning and designing the Minnesota child support assurance program. The commissioner shall not proceed with the program plan if, at any point, the federal government informs the state that the federal government will not be seeking demonstration projects of child support assurance or will not be providing enhanced federal funding. The plan and design shall include an assessment of the feasibility of the state guaranteeing a minimum level of support from a noncustodial parent and shall further provide that the state will provide that level of support to the child in instances where it is not provided by the child's noncustodial parent. The program plan shall specifically determine whether and the extent to which benefits received by a family under the Minnesota child support assurance program will reduce benefits paid to the family through the aid to families with dependent children program. The program plan shall also provide that the receipt of child support assurance benefits does not negatively affect any existing eligibility for child care assistance under existing programs and shall consider how the receipt of child support assurance benefits affects eligibility under other government benefit programs, including housing assistance, energy assistance, and food stamps.

Subd. 2. [GOALS OF THE MINNESOTA CHILD SUPPORT ASSURANCE PROGRAM.] The commissioner shall design the program to meet the following goals:

- (1) to support parents in their efforts to provide financial support for their children;
- (2) to encourage parents to meet their legal obligations of support;
- (3) to prevent long-term dependence on public assistance; and

(4) to allow the state to compare the cost-effectiveness and the efficacy of child support assurance to the Minnesota family investment program in attempting to restructure the existing system of public assistance.

Subd. 3. [PROGRAM DATA.] As part of planning and designing the Minnesota child support assurance program, the commissioner shall study and make recommendations on:

- (1) the amount of the guaranteed child support assurance benefit;
- (2) the anticipated reduction in the aid to families with dependent children caseload which should result from the implementation of a child support assurance program;
- (3) the anticipated cost of the program on a demonstration basis;
- (4) the selection of counties to serve as field trial or comparison sites based on criteria which will ensure reliable evaluation of the program. This selection shall be made so that an adverse impact on the Minnesota family investment program is avoided; and
- (5) the waivers of all applicable federal requirements needed to implement the Minnesota child support assurance program in a manner consistent with the goals of the program.

In order to make recommendations on the amount of the guaranteed child support assurance benefit, the commissioner shall conduct a study of and make detailed findings on the actual cost in Minnesota of items necessary to adequately meet a child's basic needs.

The commissioner shall report the findings and recommendations to the legislature by January 15, 1995.

Sec. 23. [REPORT TO LEGISLATURE.]

The department of human services shall report to the legislature by January 31, 1996, in the department of human services annual report to the legislature, the fiscal implications of the program, established in Minnesota Statutes, section 518.575, which publishes the names of delinquent child support obligors, including related costs and savings.

Sec. 24. [APPROPRIATION.]

Subdivision 1. \$150,000 is appropriated from the general fund to the commissioner of human services to plan and design the child support assurance program provided for by section 22, to be available until June 30, 1995.

Subd. 2. \$75,000 is appropriated from the general fund to the commissioner of human services for the child support public education campaign provided for by section 1, to be available until June 30, 1995. The commissioner shall enter into a \$75,000 contract with the attorney general for the implementation of the campaign.

Subd. 3. The appropriations in this section must not be included in the budget base for the 1996-1997 biennium.

Sec. 25. [EFFECTIVE DATE; APPLICATION.]

Section 5 (518.14) is effective August 1, 1994, and applies to attorney fees

and collection costs incurred on and after that date, regardless of when the arrearages accrued.

Section 7 (518.171, subdivision 6) is effective retroactive to July 1, 1993.

Sections 17 to 20 (609.375) are effective the day following final enactment and apply to crimes committed on and after that date.

ARTICLE 12

MISCELLANEOUS FAMILY LAW

Section 1. Minnesota Statutes 1993 Supplement, section 363.03, subdivision 3, is amended to read:

Subd. 3. [PUBLIC ACCOMMODATIONS.] (a) It is an unfair discriminatory practice:

(1) to deny any person the full and equal enjoyment of the goods, services, facilities, privileges, advantages, and accommodations of a place of public accommodation because of race, color, creed, religion, disability, national origin, *marital status*, sexual orientation, or sex, or for a taxicab company to discriminate in the access to, full utilization of, or benefit from service because of a person's disability; or

(2) for a place of public accommodation not to make reasonable accommodation to the known physical, sensory, or mental disability of a disabled person. In determining whether an accommodation is reasonable, the factors to be considered may include:

(i) the frequency and predictability with which members of the public will be served by the accommodation at that location;

(ii) the size of the business or organization at that location with respect to physical size, annual gross revenues, and the number of employees;

(iii) the extent to which disabled persons will be further served from the accommodation;

(iv) the type of operation;

(v) the nature and amount of both direct costs and legitimate indirect costs of making the accommodation and the reasonableness for that location to finance the accommodation; and

(vi) the extent to which any persons may be adversely affected by the accommodation.

State or local building codes control where applicable. Violations of state or local building codes are not violations of this chapter and must be enforced under normal building code procedures.

(b) This paragraph lists general prohibitions against discrimination on the basis of disability. For purposes of this paragraph "individual" or "class of individuals" refers to the clients or customers of the covered public accommodation that enter into the contractual, licensing, or other arrangement.

(1) It is discriminatory to:

(i) subject an individual or class of individuals on the basis of a disability of that individual or class, directly or through contractual, licensing, or other

arrangements, to a denial of the opportunity of the individual or class to participate in or benefit from the goods, services, facilities, privileges, advantages, or accommodations of an entity;

(ii) afford an individual or class of individuals on the basis of the disability of that individual or class, directly or through contractual, licensing, or other arrangements, with the opportunity to participate in or benefit from the goods, services, facilities, privileges, advantages, or accommodations that are not equal to those afforded to other individuals; and

(iii) provide an individual or class of individuals, on the basis of a disability of that individual or class, directly or through contractual, licensing, or other arrangements, with goods, services, facilities, privileges, advantages, or accommodations that are different or separate from those provided to other individuals, unless the action is necessary to provide the individual or class of individuals with goods, services, facilities, privileges, advantages, or accommodations, or other opportunities that are as effective as those provided to others.

(2) Goods, services, facilities, privileges, advantages, and accommodations must be afforded to an individual with a disability in the most integrated setting appropriate to the needs of the individual.

(3) Notwithstanding the existence of separate or different programs or activities provided in accordance with this section, the individual with a disability may not be denied the opportunity to participate in the programs or activities that are not separate or different.

(4) An individual or entity may not, directly or through contractual or other arrangements, use standards or criteria and methods of administration:

- (i) that have the effect of discriminating on the basis of disability; or
- (ii) that perpetuate the discrimination of others who are subject to common administrative control.

(c) This paragraph lists specific prohibitions against discrimination on the basis of disability. For purposes of this paragraph, discrimination includes:

(1) the imposition or application of eligibility criteria that screen out or tend to screen out an individual with a disability or any class of individuals with disabilities from fully and equally enjoying any goods, services, facilities, privileges, advantages, or accommodations, unless the criteria can be shown to be necessary for the provision of the goods, services, facilities, privileges, advantages, or accommodations;

(2) failure to make reasonable modifications in policies, practices, or procedures when the modifications are necessary to afford the goods, services, facilities, privileges, advantages, or accommodations to individuals with disabilities, unless the entity can demonstrate that making the modifications would fundamentally alter the nature of the goods, services, facilities, privileges, advantages, or accommodations;

(3) failure to take all necessary steps to ensure that no individual with a disability is excluded, denied services, segregated, or otherwise treated differently than other individuals because of the absence of auxiliary aids and services, unless the entity can demonstrate that taking the steps would fundamentally alter the nature of the goods, services, facilities, privileges,

advantages, or accommodations being offered and would result in an undue burden;

(4) failure to remove architectural barriers, and communication barriers that are structural in nature, in existing facilities, and transportation barriers in existing vehicles used by an establishment for transporting individuals, not including barriers that can only be removed through the retrofitting of vehicles by the installation of hydraulic or other lifts, if the removal is readily achievable; and

(5) if an entity can demonstrate that the removal of a barrier under clause (4) is not readily achievable or cannot be considered a reasonable accommodation, a failure to make the goods, services, facilities, privileges, advantages, or accommodations available through alternative means if the means are readily achievable.

(d) Nothing in this chapter requires an entity to permit an individual to participate in and benefit from the goods, services, facilities, privileges, advantages, and accommodations of the entity if the individual poses a direct threat to the health or safety of others. "Direct threat" means a significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures or by the provision of auxiliary aids or services.

(e) No individual may be discriminated against on the basis of disability in the full and equal enjoyment of specified public transportation services provided by a private entity that is primarily engaged in the business of transporting people and whose operations affect commerce. For purposes of this paragraph, it is an unfair discriminatory practice for a private entity providing public transportation to engage in one or more of the following practices:

(1) imposition or application of eligibility criteria that screen out, or tend to screen out, an individual with a disability or a class of individuals with disabilities from fully enjoying the specified public transportation services provided by the entity, unless the criteria can be shown to be necessary for the provision of the services being offered;

(2) failure to make reasonable modifications, provide auxiliary aids and services, and remove barriers, consistent with section 363.03, subdivision 3, paragraph (c);

(3) the purchase or lease of a new vehicle, other than an automobile or van with a seating capacity of fewer than eight passengers, including the driver, or an over-the-road bus, that is to be used to provide specified public transportation that is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, except that a new vehicle need not be readily accessible to and usable by individuals with disabilities if the vehicle is to be used solely in a demand responsive system and if the private entity can demonstrate that the system, when viewed in its entirety, provides a level of services to individuals with disabilities equivalent to the level of service provided to the general public;

(4) purchase or lease a new railroad passenger car that is to be used to provide specified public transportation if the car is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, or to manufacture railroad passenger cars or purchase used cars

that have been remanufactured so as to extend their usable life by ten years or more, unless the remanufactured car, to the maximum extent feasible, is made readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, except that compliance with this clause is not required to the extent that compliance would significantly alter the historic or antiquated character of historic or antiquated railroad passenger cars or rail stations served exclusively by those cars;

(5) purchase or lease a new, used, or remanufactured vehicle with a seating capacity in excess of 16 passengers, including the driver, for use on a fixed route public transportation system, that is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs. If a private entity that operates a fixed route public transportation system purchases or leases a new, used, or remanufactured vehicle with a seating capacity of 16 passengers or fewer, including the driver, for use on the system which is not readily accessible to and usable by individuals with disabilities, it is an unfair discriminatory practice for the entity to fail to operate the system so that, when viewed in its entirety, the system ensures a level of service to individuals with disabilities, including individuals who use wheelchairs, equivalent to the level of service provided to individuals without disabilities; or

(6) to fail to operate a demand responsive system so that, when viewed in its entirety, the system ensures a level of service to individuals with disabilities, including individuals who use wheelchairs, equivalent to the level of service provided to individuals without disabilities. It is an unfair discriminatory practice for the entity to purchase or lease for use on a demand responsive system a new, used, or remanufactured vehicle with a seating capacity in excess of 16 passengers, including the driver, that is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, unless the entity can demonstrate that the system, when viewed in its entirety, provides a level of service to individuals with disabilities equivalent to that provided to individuals without disabilities.

(f) It is an unfair discriminatory practice to construct a new facility or station to be used in the provision of public transportation services, unless the facilities or stations are readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs. It is an unfair discriminatory practice for a facility or station currently used for the provision of public transportation services defined in this subdivision to fail to make alterations necessary in order, to the maximum extent feasible, to make the altered portions of facilities or stations readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs. If the private entity is undertaking an alteration that affects or could affect the usability of or access to an area of the facility containing a primary function, the entity shall make the alterations so that, to the maximum extent feasible, the path of travel to the altered area, and the bathrooms, drinking fountains, and telephones serving the altered area, are readily accessible to and usable by individuals with disabilities if the alterations to the path of travel or to the functions mentioned are not disproportionate to the overall alterations in terms of cost and scope. The entity raising this defense has the burden of proof, and the department shall review these cases on a case-by-case basis.

Sec. 2. Minnesota Statutes 1992, section 518.11, is amended to read:

518.11 [SERVICE; PUBLICATION.]

(a) Unless a proceeding is brought by both parties, copies of the summons and petition shall be served on the respondent personally.

(b) When service is made out of this state and within the United States, it may be proved by the affidavit of the person making the same. When service is made without the United States it may be proved by the affidavit of the person making the same, taken before and certified by any United States minister, charge d'affaires, commissioner, consul or commercial agent, or other consular or diplomatic officer of the United States appointed to reside in such country, including all deputies or other representatives of such officer authorized to perform their duties; or before an officer authorized to administer an oath with the certificate of an officer of a court of record of the country wherein such affidavit is taken as to the identity and authority of the officer taking the same. ~~But,~~

(c) If personal service cannot be made, the court may order service of the summons by ~~publication, which publication shall be made as in other actions.~~ alternate means. The application for alternate service must include the last known location of the respondent; the petitioner's most recent contacts with the respondent; the last known location of the respondent's employment; the names and locations of the respondent's parents, siblings, children, and other close relatives; the names and locations of other persons who are likely to know the respondent's whereabouts; and a description of efforts to locate those persons.

The court shall consider the length of time the respondent's location has been unknown, the likelihood that the respondent's location will become known, the nature of the relief sought, and the nature of efforts made to locate the respondent. The court shall order service by first class mail, forwarding address requested, to any addresses where there is a reasonable possibility that mail or information will be forwarded or communicated to the respondent.

The court may also order publication, within or without the state, but only if it might reasonably succeed in notifying the respondent of the proceeding. Also, the court may require the petitioner to make efforts to locate the respondent by telephone calls to appropriate persons. Service shall be deemed complete 21 days after mailing or 21 days after court-ordered publication.

Sec. 3. [518.158] [GRANDPARENT EX PARTE TEMPORARY CUSTODY ORDER.]

Subdivision 1. [FACTORS.] It is presumed to be in the best interests of the child for the court to grant temporary custody to a grandparent under subdivision 2 if a minor child has resided with the grandparent for a period of 12 months or more and the following circumstances exist without good cause:

(1) the parent has had no contact with the child on a regular basis and no demonstrated, consistent participation in the child's well-being for six months; or

(2) the parent, during the time the child resided with the grandparent, has refused or neglected to comply with the duties imposed upon the parent by the parent and child relationship, including but not limited to providing the child necessary food, clothing, shelter, health care, education, and other care and

control necessary for the child's physical, mental, or emotional health and development.

Subd. 2. [EMERGENCY CUSTODY HEARING.] If the parent seeks to remove the child from the home of the grandparent and the factors in subdivision 1 exist, the grandparent may apply for an ex parte temporary order for custody of the child. The court shall grant temporary custody if it finds, based on the application, that the factors in subdivision 1 exist. If it finds that the factors in subdivision 1 do not exist, the court shall order that the child be returned to the parent. An ex parte temporary custody order under this subdivision is good for a fixed period not to exceed 14 days. A temporary custody hearing under this chapter must be set for not later than seven days after issuance of the ex parte temporary custody order. The parent must be promptly served with a copy of the ex parte order and the petition and notice of the date for the hearing.

Subd. 3. [FURTHER PROCEEDINGS.] If the court orders temporary physical custody to the grandparent under subdivision 2 and the grandparent or parent seeks to pursue further temporary or permanent custody of the child, the custody issues must be determined pursuant to a petition under this chapter and the other standards and procedures of this chapter apply. This section does not affect any rights or remedies available under other law.

Subd. 4. [RETURN TO PARENT.] If the court orders permanent custody to a grandparent under this section, the court shall set conditions the parent must meet in order to obtain custody. The court may notify the parent that the parent may request assistance from the local social service agency in order to meet the conditions set by the court.

Sec. 4. Minnesota Statutes 1992, section 518.17, subdivision 1, is amended to read:

Subdivision 1. [THE BEST INTERESTS OF THE CHILD.] (a) "The best interests of the child" means all relevant factors to be considered and evaluated by the court including:

- (1) the wishes of the child's parent or parents as to custody;
- (2) the reasonable preference of the child, if the court deems the child to be of sufficient age to express preference;
- (3) the child's primary caretaker;
- (4) the intimacy of the relationship between each parent and the child;
- (5) the interaction and interrelationship of the child with a parent or parents, siblings, and any other person who may significantly affect the child's best interests;
- (6) the child's adjustment to home, school, and community;
- (7) the length of time the child has lived in a stable, satisfactory environment and the desirability of maintaining continuity;
- (8) the permanence, as a family unit, of the existing or proposed custodial home;
- (9) the mental and physical health of all individuals involved; except that a disability, as defined in section 363.01, of a proposed custodian or the child

shall not be determinative of the custody of the child, unless the proposed custodial arrangement is not in the best interest of the child;

(10) the capacity and disposition of the parties to give the child love, affection, and guidance, and to continue educating and raising the child in the child's culture and religion or creed, if any;

(11) the child's cultural background; and

(12) the effect on the child of the actions of an abuser, if related to domestic abuse, as defined in section 518B.01, that has occurred between the parents; and

(13) *except in cases in which a finding of domestic abuse as defined in section 518B.01 has been made, the disposition of each parent to encourage and permit frequent and continuing contact by the other parent with the child.*

The court may not use one factor to the exclusion of all others. The primary caretaker factor may not be used as a presumption in determining the best interests of the child. The court must make detailed findings on each of the factors and explain how the factors led to its conclusions and to the determination of the best interests of the child.

(b) The court shall not consider conduct of a proposed custodian that does not affect the custodian's relationship to the child.

Sec. 5. Minnesota Statutes 1992, section 518B.01, subdivision 8, is amended to read:

Subd. 8. [~~SERVICE OF ORDER; ALTERNATE SERVICE; PUBLICATION.~~] (a) *The petition and any order issued under this section shall be personally served upon on the respondent personally.*

(b) *When service is made out of this state and in the United States, it may be proved by the affidavit of the person making the service. When service is made outside the United States, it may be proved by the affidavit of the person making the service, taken before and certified by any United States minister, charge d'affaires, commissioner, consul, or commercial agent, or other consular or diplomatic officer of the United States appointed to reside in the other country, including all deputies or other representatives of the officer authorized to perform their duties; or before an office authorized to administer an oath with the certificate of an officer of a court of record of the country in which the affidavit is taken as to the identity and authority of the officer taking the affidavit.*

(c) *If personal service cannot be made, the court may order service of the petition and any order issued under this section by alternate means, or by publication, which publication must be made as in other actions. The application for alternate service must include the last known location of the respondent; the petitioner's most recent contacts with the respondent; the last known location of the respondent's employment; the names and locations of the respondent's parents, siblings, children, and other close relatives; the names and locations of other persons who are likely to know the respondent's whereabouts; and a description of efforts to locate those persons.*

The court shall consider the length of time the respondent's location has been unknown, the likelihood that the respondent's location will become known, the nature of the relief sought, and the nature of efforts made to locate the respondent. The court shall order service by first class mail, forwarding

address requested, to any addresses where there is a reasonable possibility that mail or information will be forwarded or communicated to the respondent.

The court may also order publication, within or without the state, but only if it might reasonably succeed in notifying the respondent of the proceeding. Also, the court may require the petitioner to make efforts to locate the respondent by telephone calls to appropriate persons. Service shall be deemed complete 21 days after mailing or 21 days after court-ordered publication.

Sec. 6. [STUDY OF WAYS TO NURTURE THE FAMILY.]

The children's cabinet shall study ways to promote, support, protect, and nurture the family. They shall recommend changes in government and nongovernment programs and Minnesota Statutes that will encourage the preservation of the family. The children's cabinet shall report the findings to the legislature by February 1, 1995.

May 4, 1994

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

It is my honor to inform you that I have received, approved, signed and deposited in the Office of the Secretary of State, S.F. Nos. 2210, 2104, 2709, 2277, 2072, 2690 and 2500.

May 5, 1994

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and I am returning Chapter 569, Senate File 609, a bill relating to the Minneapolis Teachers Retirement Fund. This bill would allow teachers to buy-back pension service credit for prior teaching outside of the state of Minnesota.

This legislation has the potential to buy back pension credits on the backs of the taxpayer by an already financially strapped school district. It allows the school district the opportunity to make a portion of the contribution, and sets the stage for the district to later request a subsidization from the state.

Further, this legislation creates an exception for one and only one of the many pension funds within the public system which is neither good public policy, nor good precedent.

Warmest regards,
Arne H. Carlson, Governor

Mr. Luther moved that S.F. No. 609 and the veto message thereon be laid on the table. The motion prevailed.

The Honorable Irv Anderson

We, the undersigned conferees for H.F. No. 3179, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 3179 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1992, section 103F.161, subdivision 1, is amended to read:

Subdivision 1. [GRANTS AUTHORIZED.] (a) The commissioner may make grants to local governments to:

(1) conduct floodplain damage reduction studies to determine the most feasible, practical, and effective methods and programs for mitigating the damages due to flooding within flood prone rural and urban areas and their watersheds; and

(2) plan and implement flood mitigation measures.

(b) *The commissioner may cooperate with the North Dakota state water commission, local governmental units, and local water management organizations in this state and in North Dakota, and the United States Army Corps of Engineers to develop hydrologic models and conduct studies to evaluate the practicality and feasibility of flood control measures along the Red river from East Grand Forks to the Canadian border. The commissioner may make grants to local governmental units for these purposes. Flood control measures that may be investigated include agricultural and urban levee systems, wetland restoration, floodwater impoundments, farmstead ring-dikes, and stream maintenance activities.*

Sec. 2. Minnesota Statutes 1992, section 103F.516, subdivision 1, is amended to read:

Subdivision 1. [EASEMENTS.] Upon application by a landowner, the board may acquire permanent easements on land containing type 1, 2, ~~or~~ 3, or 6 wetlands, as defined in United States Fish and Wildlife Service Circular No. 39 (1971 edition).

Sec. 3. Minnesota Statutes 1993 Supplement, section 103G.222, is amended to read:

103G.222 [REPLACEMENT OF WETLANDS.]

(a) After the effective date of the rules adopted under section 103B.3355 or 103G.2242, whichever is later, wetlands must not be drained or filled, wholly or partially, unless replaced by restoring or creating wetland areas of at least equal public value under ~~either~~ a replacement plan approved as provided in section 103G.2242, *a replacement plan under a local governmental unit's comprehensive wetland protection and management plan approved by the board under section 103G.2242, subdivision 1, paragraph (c)*, or, if a permit to mine is required under section 93.481, under a mining reclamation plan approved by the commissioner under the permit to mine. Mining reclamation plans shall apply the same principles and standards for replacing wetlands by restoration or creation of wetland areas that are applicable to mitigation plans approved as provided in section 103G.2242.

(b) Replacement must be guided by the following (b) principles in descending order of priority:

(1) avoiding the direct or indirect impact of the activity that may destroy or diminish the wetland;

(2) minimizing the impact by limiting the degree or magnitude of the wetland activity and its implementation;

(3) rectifying the impact by repairing, rehabilitating, or restoring the affected wetland environment;

(4) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the activity; and

(5) compensating for the impact by replacing or providing substitute wetland resources or environments.

(c) If a wetland is located in a cultivated field, then replacement must be accomplished through restoration only without regard to the priority order in paragraph (b), provided that a deed restriction is placed on the altered wetland prohibiting nonagricultural use for at least ten years.

(d) Restoration and replacement of wetlands must be accomplished in accordance with the ecology of the landscape area affected.

(e) Replacement shall be within the same watershed or county as the impacted wetlands, as based on the wetland evaluation in section 103G.2242, subdivision 2, except that counties or watersheds in which 80 percent or more of the presettlement wetland acreage is intact may accomplish replacement in counties or watersheds in which 50 percent or more of the presettlement wetland acreage has been filled, drained, or otherwise degraded. Wetlands impacted by public transportation projects may be replaced statewide, provided they are approved by the commissioner under an established wetland banking system, or under the rules for wetland banking as provided for under section 103G.2242.

(f) Except as provided in paragraph (g), for a wetland located on nonagricultural land, replacement must be in the ratio of two acres of replaced wetland for each acre of drained or filled wetland.

(g) For a wetland located on agricultural land or in counties or watersheds in which 80 percent or more of the presettlement wetland acreage exists,

replacement must be in the ratio of one acre of replaced wetland for each acre of drained or filled wetland.

(h) Wetlands that are restored or created as a result of an approved replacement plan are subject to the provisions of this section for any subsequent drainage or filling.

(i) Except in counties or watersheds where 80 percent or more of the presettlement wetlands are intact, only wetlands that have been restored from previously drained or filled wetlands, wetlands created by excavation in nonwetlands, wetlands created by dikes or dams along public or private drainage ditches, or wetlands created by dikes or dams associated with the restoration of previously drained or filled wetlands may be used in a statewide banking program established in rules adopted under section 103G.2242, subdivision 1. Modification or conversion of nondegraded naturally occurring wetlands from one type to another are not eligible for enrollment in a statewide wetlands bank.

(j) The technical evaluation panel established under section 103G.2242, subdivision 2, shall ensure that sufficient time has occurred for the wetland to develop wetland characteristics of soils, vegetation, and hydrology before recommending that the wetland be deposited in the statewide wetland bank. If the technical evaluation panel has reason to believe that the wetland characteristics may change substantially, the panel shall postpone its recommendation until the wetland has stabilized.

(k) This section and sections 103G.223 to 103G.2242, 103G.2364, and 103G.2365 apply to the state and its departments and agencies.

Sec. 4. Minnesota Statutes 1993 Supplement, section 103G.2241, is amended to read:

103G.2241 [EXEMPTIONS.]

(a) Subject to the conditions in paragraph (b), a replacement plan for wetlands is not required for:

(1) activities in a wetland that was planted with annually seeded crops, was in a crop rotation seeding of pasture grasses or legumes, or was required to be set aside to receive price support or other payments under United States Code, title 7, sections 1421 to 1469, in six of the last ten years prior to January 1, 1991;

(2) activities in a wetland that is or has been enrolled in the federal conservation reserve program under United States Code, title 16, section 3831, that:

(i) was planted with annually seeded crops, was in a crop rotation seeding, or was required to be set aside to receive price support or payment under United States Code, title 7, sections 1421 to 1469, in six of the last ten years prior to being enrolled in the program; and

(ii) has not been restored with assistance from a public or private wetland restoration program;

(3) activities necessary to repair and maintain existing public or private drainage systems as long as wetlands that have been in existence for more than 20 years are not drained;

(4) activities in a wetland that has received a commenced drainage determination provided for by the federal Food Security Act of 1985, that was made to the county agricultural stabilization and conservation service office prior to September 19, 1988, and a ruling and any subsequent appeals or reviews have determined that drainage of the wetland had been commenced prior to December 23, 1985;

(5) activities exempted from federal regulation under United States Code, title 33, section 1344(f);

(6) activities authorized under, and conducted in accordance with, an applicable general permit issued by the United States Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344, except the nationwide permit in Code of Federal Regulations, title 33, section 330.5, paragraph (a), clause (14), limited to when a new road crosses a wetland, and all of clause (26);

(7) activities in a type 1 wetland on agricultural land, as defined in United States Fish and Wildlife Circular No. 39 (1971 edition) except for bottomland hardwood type 1 wetlands;

(8) activities in a type 2 wetland that is two acres in size or less located on agricultural land;

(9) activities in a wetland restored for conservation purposes under a contract or easement providing the landowner with the right to drain the restored wetland;

(10) activities in a wetland created solely as a result of:

(i) beaver dam construction;

(ii) blockage of culverts through roadways maintained by a public or private entity;

(iii) actions by public entities that were taken for a purpose other than creating the wetland; or

(iv) any combination of (i) to (iii);

(11) placement, maintenance, repair, enhancement, or replacement of utility or utility-type service, including the transmission, distribution, or furnishing, at wholesale or retail, of natural or manufactured gas, electricity, telephone, or radio service or communications if:

(i) the impacts of the proposed project on the hydrologic and biological characteristics of the wetland have been avoided and minimized to the extent possible; and

(ii) the proposed project significantly modifies or alters less than one-half acre of wetlands;

(12) activities associated with routine maintenance of utility and pipeline rights-of-way, provided the activities do not result in additional intrusion into the wetland;

(13) alteration of a wetland associated with the operation, maintenance, or repair of an interstate pipeline;

(14) temporarily crossing or entering a wetland to perform silvicultural activities, including timber harvest as part of a forest management activity, so

long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the activities do not result in the construction of dikes, drainage ditches, tile lines, or buildings; and the timber harvesting and other silvicultural practices do not result in the drainage of the wetland or public waters;

(15) permanent access for forest roads across wetlands so long as the activity limits the impact on the hydrologic and biologic characteristics of the wetland; the construction activities do not result in the access becoming a dike, drainage ditch or tile line; with filling avoided wherever possible; and there is no drainage of the wetland or public waters;

~~(16) activities associated with routine maintenance or repair of existing public highways, roads, streets, and bridges, provided the activities do not result in additional intrusion into the wetland outside of the existing right-of-way draining or filling up to one-half acre of wetlands for the repair, rehabilitation, or replacement of a previously authorized, currently serviceable existing public road, provided that minor deviations in the public road's configuration or filled area, including those due to changes in materials, construction techniques, or current construction codes or safety standards, that are necessary to make repairs, rehabilitation, or replacement are allowed if the wetland draining or filling resulting from the repair, rehabilitation, or replacement is minimized;~~

(17) emergency repair and normal maintenance and repair of existing public works, provided the activity does not result in additional intrusion of the public works into the wetland and do not result in the draining or filling, wholly or partially, of a wetland;

(18) normal maintenance and minor repair of structures causing no additional intrusion of an existing structure into the wetland, and maintenance and repair of private crossings that do not result in the draining or filling, wholly or partially, of a wetland;

(19) duck blinds;

(20) aquaculture activities, including pond excavation and construction and maintenance of associated access roads and dikes authorized under, and conducted in accordance with, a permit issued by the United States Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344, but not including construction or expansion of buildings;

(21) wild rice production activities, including necessary diking and other activities authorized under a permit issued by the United State Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344;

(b) *For the purpose of paragraph (a), clause (16), "currently serviceable" means useable as is or with some maintenance, but not so degraded as to essentially require reconstruction. Paragraph (a), clause (16), authorizes the repair, rehabilitation, or replacement of public roads destroyed by storms, floods, fire, or other discrete events, provided the repair, rehabilitation, or replacement is commenced or under contract to commence within two years of the occurrence of the destruction or damage.*

A bill for an act relating to the environment; authorizing a person who wishes to construct or expand an air emission facility to reimburse certain costs of the pollution control agency; appropriating money; amending Minnesota Statutes 1992, section 116.07, subdivision 4d.

May 4, 1994

The Honorable Allan H. Spear
President of the Senate

The Honorable Irv Anderson
Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 2289, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S.F. No. 2289 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1992, section 116.07, subdivision 4d, is amended to read:

Subd. 4d. [PERMIT FEES.] (a) The agency may collect permit fees in amounts not greater than those necessary to cover the reasonable costs of reviewing and acting upon applications for agency permits and implementing and enforcing the conditions of the permits pursuant to agency rules. Permit fees shall not include the costs of litigation. The agency shall adopt rules under section 16A.128 establishing the amounts and methods of collection of any permit fees collected under this subdivision. The fee schedule must reflect reasonable and routine permitting, implementation, and enforcement costs. The agency may impose an additional enforcement fee to be collected for a period of up to two years to cover the reasonable costs of implementing and enforcing the conditions of a permit under the rules of the agency. Any money collected under this paragraph shall be deposited in the special revenue account.

(b) Notwithstanding paragraph (a), and section 16A.128, subdivision 1, the agency shall collect an annual fee from the owner or operator of all stationary sources, emission facilities, emissions units, air contaminant treatment facilities, treatment facilities, potential air contaminant storage facilities, or storage facilities subject to the requirement to obtain a permit under Title V of the federal Clean Air Act Amendments of 1990, Public Law Number 101-549, Statutes at Large, volume 104, pages 2399 et seq., or section 116.081. The annual fee shall be used to pay for all direct and indirect reasonable costs, including attorney general costs, required to develop and administer the permit program requirements of Title V of the federal Clean Air Act Amendments of 1990, Public Law Number 101-549, Statutes at Large, volume 104, pages 2399 et seq., and sections of this chapter and the rules adopted under this chapter related to air contamination and noise. Those costs include the reasonable costs of reviewing and acting upon an application for a permit; implementing and enforcing statutes, rules, and the terms and conditions of a permit; emissions, ambient, and deposition monitoring; preparing generally applicable regulations; responding to federal guidance; modeling; analyses, and demonstrations; preparing inventories and tracking emissions; providing information to the public about these activities; and, after June 30, 1992, the costs of acid deposition monitoring currently assessed under section 116C.69, subdivision 3.

(c) The agency shall adopt fee rules in accordance with the procedures in section 16A.128, subdivisions 1a and 2a, that will result in the collection, in the aggregate, from the sources listed in paragraph (b), of the following amounts:

(1) in fiscal years 1992 and 1993, the amount appropriated by the legislature from the air quality account in the environmental fund for the agency's air quality program;

(2) for fiscal year 1994 and thereafter, an amount not less than \$25 per ton of each volatile organic compound; pollutant regulated under United States Code, title 42, section 7411 or 7412 (section 111 or 112 of the federal Clean

Air Act); and each pollutant, except carbon monoxide, for which a national primary ambient air quality standard has been promulgated; and

(3) for fiscal year 1994 and thereafter, the agency fee rules may also result in the collection, in the aggregate, from the sources listed in paragraph (b), of an amount not less than \$25 per ton of each pollutant not listed in clause (2) that is regulated under Minnesota Rules, chapter 7005, or for which a state primary ambient air quality standard has been adopted.

The agency must not include in the calculation of the aggregate amount to be collected under the fee rules any amount in excess of 4,000 tons per year of each air pollutant from a source.

(d) To cover the reasonable costs described in paragraph (b), the agency shall provide in the rules promulgated under paragraph (c) for an increase in the fee collected in each year beginning after fiscal year 1993 by the percentage, if any, by which the Consumer Price Index for the most recent calendar year ending before the beginning of the year the fee is collected exceeds the Consumer Price Index for the calendar year 1989. For purposes of this paragraph the Consumer Price Index for any calendar year is the average of the Consumer Price Index for all-urban consumers published by the United States Department of Labor, as of the close of the 12-month period ending on August 31 of each calendar year. The revision of the Consumer Price Index that is most consistent with the Consumer Price Index for calendar year 1989 shall be used.

(e) Any money collected under paragraphs (b) to (d) must be deposited in an air quality account in the environmental fund and must be used solely for the activities listed in paragraph (b).

(f) Persons who wish to construct or expand an air emission facility may offer to reimburse the agency for the costs of staff overtime or consultant services needed to expedite permit review. The reimbursement shall be in addition to fees imposed by paragraphs (a) to (d). When the agency determines that it needs additional resources to review the permit application in an expedited manner, and that expediting the review would not disrupt air permitting program priorities, the agency may accept the reimbursement. Reimbursements accepted by the agency are appropriated to the agency for the purpose of reviewing the permit application. Reimbursement by a permit applicant shall precede and not be contingent upon issuance of a permit and shall not affect the agency's decision on whether to issue or deny a permit, what conditions are included in a permit, or the application of state and federal statutes and rules governing permit determinations.

Sec. 2. [REPORT.]

By June 1, 1995, the commissioner of the pollution control agency shall submit to the chairs of the environment and natural resources policy and finance committees of the house of representatives and the senate a report detailing the agency's experience under section 1, paragraph (f), including:

- (1) the number of requests for expedited permit review;*
- (2) the number of staff hours used for each expedited review;*
- (3) the amount of reimbursements received by the agency from each person who requested expedited review;*

(4) an indication of whether expedited review results in a sufficiently thorough examination of all aspects of a project or operation; and

(5) an analysis of the effect of expedited review on routine review of permit requests for other businesses or individuals.”

Delete the title and insert:

“A bill for an act relating to the environment; authorizing a person who wishes to construct or expand an air emission facility to reimburse certain costs of the pollution control agency; requiring a report to the legislature; amending Minnesota Statutes 1992, section 116.07, subdivision 4d.”

If the commissioner enters into a lease-purchase agreement for buildings or substantial portions of buildings within the capitol area, the commissioner shall require that any new construction of non-state-owned buildings conform to design guidelines of the capitol area architectural and planning board. Lands needed by the department of transportation for storage of vehicles or road materials may be rented for five years or less, such leases for terms over two years being subject to cancellation upon 30 days written notice by the state for any reason except rental of other land or premises for the same use. An agency or department head must consult with the chairs of the house appropriations and senate finance committees before entering into any agreement that would cause an agency's rental costs to increase by ten percent or more per square foot or would increase the number of square feet of office space rented by the agency by 25 percent or more in any fiscal year.

(b) [USE VACANT PUBLIC SPACE.] No agency may initiate or renew a lease for space for its own use in a private building unless the commissioner has thoroughly investigated presently vacant space in public buildings, such as closed school buildings, and found that none is available *or use of the space is not feasible, prudent, and cost effective compared with available alternatives.*

(c) [PREFERENCE FOR CERTAIN BUILDINGS.] For needs beyond those which can be accommodated in state-owned buildings, the commissioner shall acquire and utilize space in suitable buildings of historical, architectural, or cultural significance for the purposes of this subdivision unless use of that space is not feasible, prudent and cost effective compared with available alternatives. Repayments must be interest-free. The goal of the program in this paragraph is to demonstrate that through effective energy conservation the total energy consumption per square foot of state-owned and wholly state-leased buildings could be reduced by at least 25 percent; and ~~climate control energy consumption per square foot could be reduced by at least 15 percent~~ from consumption in the base year of 1990. *All agencies participating in the program must report to the commissioner of administration their monthly energy usage, building schedules, inventory of energy-consuming equipment, and other information as needed by the commissioner to manage and evaluate the program.*

Sec. 3. Minnesota Statutes 1992, section 16B.61, subdivision 1a, is amended to read:

Subd. 1a. [ADMINISTRATION BY COMMISSIONER.] The commissioner shall administer and enforce the state building code as a municipality with respect to public buildings *and state licensed facilities* in the state. The commissioner shall establish appropriate permit, plan review, and inspection fees for public buildings *and state licensed facilities*. Fees and surcharges for public buildings *and state licensed facilities* must be remitted to the commissioner, who shall deposit them in the state treasury for credit to the special revenue fund.

Municipalities other than the state having a contractual agreement with the commissioner for code administration and enforcement service for public buildings *and state licensed facilities* shall charge their customary fees, including surcharge, to be paid directly to the contractual jurisdiction by the applicant seeking authorization to construct a public building *or a state licensed facility*. The commissioner shall contract with a municipality other than the state for plan review, code administration, and code enforcement service for public buildings *and state licensed facilities* in the contractual jurisdiction if the building officials of the municipality meet the requirements

of section 16B.65 and wish to provide those services and if the commissioner determines that the municipality has enough adequately trained and qualified building inspectors to provide those services for the construction project.

Sec. 4. Minnesota Statutes 1992, section 16B.61, subdivision 4, is amended to read:

Subd. 4. [REVIEW OF PLANS FOR PUBLIC BUILDINGS AND STATE LICENSED FACILITIES.] Construction or remodeling may not begin on any public building ~~owned by the~~ or state licensed facility until the plans and specifications of the public building have been approved by the commissioner or municipality under contractual agreement pursuant to subdivision 1a. ~~In the case of any other public building,~~ The plans and specifications must be submitted to the commissioner for review, and within 30 days after receipt of the plans and specifications, the commissioner or municipality under contractual agreement shall notify the submitting authority of any ~~recommendations~~ corrections.

Sec. 5. Minnesota Statutes 1992, section 16B.62, subdivision 1, is amended to read:

Subdivision 1. [MUNICIPAL ENFORCEMENT.] The state building code applies statewide and supersedes the building code of any municipality. The state building code does not apply to agricultural buildings except with respect to state inspections required or rulemaking authorized by sections 103F.141, 216C.19, subdivision 8, and 326.244. All municipalities shall adopt and enforce the state building code with respect to new construction within their respective jurisdictions.

If a city has adopted or is enforcing the state building code on June 3, 1977, or determines by ordinance after that date to undertake enforcement, it shall enforce the code within the city. A city may by ordinance extend the enforcement of the code to contiguous unincorporated territory not more than two miles distant from its corporate limits in any direction. Where two or more noncontiguous cities which have elected to enforce the code have boundaries less than four miles apart, each is authorized to enforce the code on its side of a line equidistant between them. Once enforcement authority is extended extraterritorially by ordinance, the authority may continue to be exercised in the designated territory even though another city less than four miles distant later elects to enforce the code. After the extension, the city may enforce the code in the designated area to the same extent as if the property were situated within its corporate limits.

A city which, on June 3, 1977, had not adopted the code may not commence enforcement of the code within or outside of its jurisdiction until it has provided written notice to the commissioner, the county auditor, and the town clerk of each town in which it intends to enforce the code. A public hearing on the proposed enforcement must be held not less than 30 days after the notice has been provided. Enforcement of the code by the city *outside of its jurisdiction* commences on the first day of January in the year following the notice and hearing.

Municipalities may provide for the issuance of permits, inspection, and enforcement within their jurisdictions by means which are convenient, and lawful, including by means of contracts with other municipalities pursuant to section 471.59, and with qualified individuals. ~~In areas outside of the enforcement authority of a city, the fee charged for the issuance of permits and~~

inspections for single family dwellings may not exceed the greater of \$100 or .005 times the value of the structure, addition, or alteration. The other municipalities or qualified individuals may be reimbursed by retention or remission of some or all of the building permit fee collected or by other means. In areas of the state where inspection and enforcement is unavailable from qualified employees of municipalities, the commissioner shall train and designate individuals available to carry out inspection and enforcement on a fee basis.

Sec. 6. Minnesota Statutes 1992, section 16B.66, is amended to read:

16B.66 [CERTAIN INSPECTIONS.]

The state building inspector may, upon an application setting forth a set of plans and specifications that will be used in more than one municipality to acquire building permits, review and approve the application for the construction or erection of any building or structure designed to provide dwelling space for no more than two families if the set of plans meets the requirements of the state building code. All costs incurred by the state building inspector by virtue of the examination of the set of plans and specifications must be paid by the applicant. ~~The plans and specifications or any plans and specifications required to be submitted to a state agency must be submitted to the state building inspector who shall examine them and if necessary distribute them to the appropriate state agencies for scrutiny regarding adequacy as to electrical, fire safety, and all other appropriate features. These state agencies shall examine and promptly return the plans and specifications together with their certified statement as to the adequacy of the instruments regarding that agency's area of concern.~~ A building official shall issue a building permit upon application and presentation to the official of a set of plans and specifications bearing the approval of the state building inspector if the requirements of all other local ordinances are satisfied.

Sec. 7. Minnesota Statutes 1992, section 16B.70, subdivision 2, is amended to read:

Subd. 2. [COLLECTION AND REPORTS.] All permit surcharges must be collected by each municipality and a portion of them remitted to the state. Each municipality having a population greater than 20,000 people shall prepare and submit to the commissioner once a month a report of fees and surcharges on fees collected during the previous month but shall retain *the greater of two percent of the surcharges or that amount collected up to \$25* to apply against the administrative expenses the municipality incurs in collecting the surcharges. All other municipalities shall submit the report and surcharges on fees once a quarter but shall retain *the greater of four percent of the surcharges or that amount collected up to \$25* to apply against the administrative expenses the municipalities incur in collecting the surcharges. The report, which must be in a form prescribed by the commissioner, must be submitted together with a remittance covering the surcharges collected by the 15th day following the month or quarter in which the surcharges are collected. All surcharges and other fees prescribed by sections 16B.59 to ~~16B.71~~ 16B.73, which are payable to the state, must be paid to the commissioner who shall deposit them in the state treasury for credit to the general fund.

Sec. 8. Minnesota Statutes 1992, section 16B.72, is amended to read:

16B.72 [REFERENDA ON STATE BUILDING CODE IN NONMETROPOLITAN COUNTIES.]

Notwithstanding any other provision of law to the contrary, a county that is not a metropolitan county as defined by section 473.121, subdivision 4, may provide, by a vote of the majority of its electors residing outside of municipalities that have adopted the state building code before January 1, 1977, that no part of the state building code except the building requirements for handicapped persons applies within its jurisdiction.

The county board may submit to the voters at a regular or special election the question of adopting the building code. The county board shall submit the question to the voters if it receives a petition for the question signed by a number of voters equal to at least five percent of those voting in the last general election. The question on the ballot must be stated substantially as follows:

“Shall the state building code be adopted in County?”

If the majority of the votes cast on the proposition is in the negative, the state building code does not apply in the subject county, outside home rule charter or statutory cities or towns that adopted the building code before January 1, 1977, except the building requirements for handicapped persons do apply.

Nothing in this section precludes a ~~home rule charter or statutory city or town~~ *municipality* that did not adopt the state building code before January 1, 1977, from adopting and enforcing by *ordinance or other legal means* the state building code within its jurisdiction.

Sec. 9. Minnesota Statutes 1992, section 16B.73, is amended to read:

16B.73 [STATE BUILDING CODE IN MUNICIPALITIES UNDER 2,500; LOCAL OPTION.]

The governing body of a municipality whose population is less than 2,500 may provide that the state building code, except the requirements for handicapped persons, will not apply within the jurisdiction of the municipality, if the municipality is located in whole or in part within a county exempted from its application under section 16B.72. If more than one municipality has jurisdiction over an area, the state building code continues to apply unless all municipalities having jurisdiction over the area have provided that the state building code, except the requirements for handicapped persons, does not apply within their respective jurisdictions. *Nothing in this section precludes a municipality from adopting and enforcing by ordinance or other legal means the state building code within its jurisdiction.*

Sec. 10. [INSTRUCTION TO REVISOR.]

In the next and subsequent editions of Minnesota Statutes, the revisor of statutes shall change each reference to “state building inspector” to “state building official” in sections 16B.62, subdivision 2; 16B.63, subdivisions 1 to 4; 16B.64, subdivision 7; and 16B.66.

Sec. 11. [EFFECTIVE DATE.]

This article is effective the day following final enactment, except that section 7 is effective July 1, 1994.”

The examiner or the examiner's designee shall make inquiry regarding the cause and manner of death and prepare written findings together with the report of death and its circumstances, which shall be filed in the office of the examiner. When it appears that death may have resulted from a criminal act and that further investigation is advisable, a copy of the report shall be transmitted to the county attorney. The examiner may take possession of all property of the deceased, mark it for identification, and make an inventory. The examiner shall take possession of all articles useful in establishing the cause of death, mark them for identification and retain them securely until they are no longer needed for evidence or investigation. The examiner shall release any property or articles needed for any criminal investigation to law enforcement officers conducting the investigation. When a reasonable basis exists for not releasing property or articles to law enforcement officers, the examiner shall consult with the county attorney. If the county attorney determines that a reasonable basis exists for not releasing the property or articles, the examiner may retain them. The property or articles shall be returned immediately upon completion of the investigation. When the property or articles are no longer needed for the investigation or as evidence, the examiner shall release the property or articles to the person or persons entitled to them. Notwithstanding any other law to the contrary, when personal property of a decedent has come into the possession of the examiner, and is not used for a criminal investigation or as evidence, and has not been otherwise released as provided in this subdivision, the name of the decedent shall be filed with the probate court, together with a copy of the inventory of the decedent's property. At that time, an examination of the records of the probate court shall be made to determine whether a will has been admitted to probate or an administration has been commenced. Property of a nominal value, including wearing apparel, may be released to the spouse or any blood

relative of the decedent or to the person accepting financial responsibility for burial of the decedent. If property has not been released by the examiner and no will has been admitted to probate or administration commenced within six months after death, the examiner shall sell the property at a public auction upon notice and in a manner as the probate court may direct; *except that the examiner shall cause to be destroyed any firearm or other weapon that is not released to or claimed by a decedent's spouse or blood relative.* If the name of the decedent is not known, the examiner shall inventory the property of the decedent and after six months may sell the property at a public auction. The examiner shall be allowed reasonable expenses for the care and sale of the property and shall deposit the net proceeds of the sale with the county administrator, or the administrator's designee, in the name of the decedent, if known. If the decedent is not known, the examiner shall establish a means of identifying the property of the decedent with the unknown decedent and shall deposit the net proceeds of the sale with the county administrator, or a designee, so, that, if the unknown decedent's identity is established within six years, the proceeds can be properly distributed. In either case, duplicate receipts shall be provided to the examiner, one of which shall be filed with the court, the other of which shall be retained in the office of the examiner. If a representative shall qualify within six years from the time of deposit, the county administrator, or a designee, shall pay the amount of the deposit to the representative upon order of the court. If no order is made within six years, the proceeds of the sale shall become a part of the general revenue of the county.

The medical examiner shall pay the reasonable costs of copies of records or data provided to the medical examiner under this section. Data collected or created pursuant to this subdivision relating to any psychiatric, psychological, or mental health consultation with, diagnosis of, or treatment of the decedent whose death is being investigated shall remain confidential or protected nonpublic data, except that the medical examiner's report may contain a summary of such data.

[CHARGING AND PLEA NEGOTIATION POLICIES AND PRACTICES; WRITTEN GUIDELINES REQUIRED.] (a) On or before January 1, 1995, each county attorney shall adopt written guidelines governing the county attorney's charging and plea negotiation policies and practices. The guidelines shall address, but need not be limited to, the following matters:

- (1) the circumstances under which plea negotiation agreements are permissible;*
- (2) the factors that are considered in making charging decisions and formulating plea agreements; and*

(3) *the extent to which input from other persons concerned with a prosecution, such as victims and law enforcement officers, is considered in formulating plea agreements.*

(b) *Plea negotiation policies and procedures adopted under this subdivision are public data, as defined in section 13.02.*

Sec. 10. Minnesota Statutes 1993 Supplement, section 388.23, subdivision 1, is amended to read:

Subpoenas may only be issued for records that are relevant to an ongoing legitimate law enforcement investigation ~~or welfare fraud investigation and there is probable cause that a crime has been committed.~~ *Administrative subpoenas may only be issued in welfare fraud cases if there is probable cause to believe a crime has been committed.* This provision applies only to the records of business entities and does not extend to private individuals or their dwellings. Subpoenas may only be served by peace officers as defined by section 626.84, subdivision 1, paragraph (c).

Sec. 11. Minnesota Statutes 1993 Supplement, section 518B.01, subdivision 6, is amended to read:

Subd. 6. [RELIEF BY THE COURT.] (a) Upon notice and hearing, the court may provide relief as follows:

- (1) restrain the abusing party from committing acts of domestic abuse;
- (2) exclude the abusing party from the dwelling which the parties share or from the residence of the petitioner;
- (3) *exclude the abusing party from a reasonable area surrounding the dwelling or residence, which area shall be described specifically in the order;*
- (4) award temporary custody or establish temporary visitation with regard to minor children of the parties on a basis which gives primary consideration to the safety of the victim and the children. Except for cases in which custody is contested, findings under section 257.025, 518.17, or 518.175 are not required. If the court finds that the safety of the victim or the children will be jeopardized by unsupervised or unrestricted visitation, the court shall condition or restrict visitation as to time, place, duration, or supervision, or deny visitation entirely, as needed to guard the safety of the victim and the children. The court's decision on custody and visitation shall in no way delay the

issuance of an order for protection granting other reliefs provided for in this section;

~~(4)~~ (5) on the same basis as is provided in chapter 518, establish temporary support for minor children or a spouse, and order the withholding of support from the income of the person obligated to pay the support according to chapter 518;

~~(5)~~ (6) provide upon request of the petitioner counseling or other social services for the parties, if married, or if there are minor children;

~~(6)~~ (7) order the abusing party to participate in treatment or counseling services;

~~(7)~~ (8) award temporary use and possession of property and restrain one or both parties from transferring, encumbering, concealing, or disposing of property except in the usual course of business or for the necessities of life, and to account to the court for all such transfers, encumbrances, dispositions, and expenditures made after the order is served or communicated to the party restrained in open court;

~~(8)~~ (9) exclude the abusing party from the place of employment of the petitioner, or otherwise limit access to the petitioner by the abusing party at the petitioner's place of employment;

~~(9)~~ (10) order the abusing party to pay restitution to the petitioner;

~~(10)~~ (11) order the continuance of all currently available insurance coverage without change in coverage or beneficiary designation; and

~~(11)~~ (12) order, in its discretion, other relief as it deems necessary for the protection of a family or household member, including orders or directives to the sheriff or constable, as provided by this section.

(b) Any relief granted by the order for protection shall be for a fixed period not to exceed one year, except when the court determines a longer fixed period is appropriate. *When a referee presides at the hearing on the petition, the order granting relief becomes effective upon the referee's signature.*

(c) An order granting the relief authorized in paragraph (a), clause (1), may not be vacated or modified in a proceeding for dissolution of marriage or legal separation, except that the court may hear a motion for modification of an order for protection concurrently with a proceeding for dissolution of marriage upon notice of motion and motion. The notice required by court rule shall not be waived. If the proceedings are consolidated and the motion to modify is granted, a separate order for modification of an order for protection shall be issued.

(d) An order granting the relief authorized in paragraph (a), clause (2), is not voided by the admittance of the abusing party into the dwelling from which the abusing party is excluded.

(e) If a proceeding for dissolution of marriage or legal separation is pending between the parties, the court shall provide a copy of the order for protection to the court with jurisdiction over the dissolution or separation proceeding for inclusion in its file.

(f) An order for restitution issued under this subdivision is enforceable as civil judgment.

Sec. 12. Minnesota Statutes 1993 Supplement, section 518B.01, subdivision 14, is amended to read:

Subd. 14. [VIOLATION OF AN ORDER FOR PROTECTION.] (a) Whenever an order for protection is granted pursuant to this section, and the respondent or person to be restrained knows of the order, violation of the order for protection is a misdemeanor. Upon conviction, the defendant must be sentenced to a minimum of three days imprisonment and must be ordered to participate in counseling or other appropriate programs selected by the court. If the court stays imposition or execution of the jail sentence and the defendant refuses or fails to comply with the court's treatment order, the court must impose and execute the stayed jail sentence. A person is guilty of a gross misdemeanor who violates this paragraph during the time period between a previous conviction under this paragraph; *sections 609.221 to 609.224; 609.713, subdivisions 1 or 3; 609.748, subdivision 6; 609.749*; or a similar law of another state and the end of the five years following discharge from sentence for that conviction. Upon conviction, the defendant must be sentenced to a minimum of ten days imprisonment and must be ordered to participate in counseling or other appropriate programs selected by the court. Notwithstanding section 609.135, the court must impose and execute the minimum sentence provided in this paragraph for gross misdemeanor convictions.

(b) A peace officer shall arrest without a warrant and take into custody a person whom the peace officer has probable cause to believe has violated an order granted pursuant to this section restraining the person or excluding the person from the residence or the petitioner's place of employment, even if the violation of the order did not take place in the presence of the peace officer, if the existence of the order can be verified by the officer. The person shall be held in custody for at least 36 hours, excluding the day of arrest, Sundays, and holidays, unless the person is released earlier by a judge or judicial officer. A peace officer acting in good faith and exercising due care in making an arrest pursuant to this paragraph is immune from civil liability that might result from the officer's actions.

(c) A violation of an order for protection shall also constitute contempt of court and be subject to the penalties therefor.

(d) If the court finds that the respondent has violated an order for protection and that there is reason to believe that the respondent will commit a further violation of the provisions of the order restraining the respondent from committing acts of domestic abuse or excluding the respondent from the petitioner's residence, the court may require the respondent to acknowledge an obligation to comply with the order on the record. The court may require a bond sufficient to deter the respondent from committing further violations of the order for protection, considering the financial resources of the respondent, and not to exceed \$10,000. If the respondent refuses to comply with an order to acknowledge the obligation or post a bond under this paragraph, the court shall commit the respondent to the county jail during the term of the order for protection or until the respondent complies with the order under this paragraph. The warrant must state the cause of commitment, with the sum and time for which any bond is required. If an order is issued under this paragraph, the court may order the costs of the contempt action, or any part of them, to be paid by the respondent. An order under this paragraph is appealable.

(e) Upon the filing of an affidavit by the petitioner, any peace officer, or an interested party designated by the court, alleging that the respondent has violated any order for protection granted pursuant to this section, the court may issue an order to the respondent, requiring the respondent to appear and show cause within 14 days why the respondent should not be found in contempt of court and punished therefor. The hearing may be held by the court in any county in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation. The court also shall refer the violation of the order for protection to the appropriate prosecuting authority for possible prosecution under paragraph (a).

(f) If it is alleged that the respondent has violated an order for protection issued under subdivision 6 and the court finds that the order has expired between the time of the alleged violation and the court's hearing on the violation, the court may grant a new order for protection under subdivision 6 based solely on the respondent's alleged violation of the prior order, to be effective until the hearing on the alleged violation of the prior order. If the court finds that the respondent has violated the prior order, the relief granted in the new order for protection shall be extended for a fixed period, not to exceed one year.

(g) The admittance into petitioner's dwelling of an abusing party excluded from the dwelling under an order for protection is not a violation by the petitioner of the order for protection.

A peace officer is not liable under section 609.43, clause (1), for a failure to perform a duty required by paragraph (b).

Sec. 13. Minnesota Statutes 1992, section 609.0331, is amended to read:

609.0331 [INCREASED MAXIMUM PENALTIES FOR PETTY MISDEMEANORS.]

~~Except as provided in this section, A law of this state that provides, on or after August 1, 1987, for a maximum penalty of \$100 for a petty misdemeanor is considered to provide for a maximum fine of \$200. However, a petty misdemeanor under chapter 168 or 169 remains subject to a maximum fine of \$100, except that a violation of chapter 168 or 169 that was originally charged as a misdemeanor and is being treated as a petty misdemeanor under section 609.131 or the rules of criminal procedure is subject to a maximum fine of \$200.~~

Sec. 14. Minnesota Statutes 1992, section 609.0332, is amended to read:

609.0332 [INCREASED MAXIMUM PENALTY FOR PETTY MISDEMEANOR ORDINANCE VIOLATIONS.]

~~Subdivision 1. [INCREASED FINE.] From August 1, 1987, if a state law or municipal charter sets a limit of \$100 or less on the fines that a statutory or home rule charter city, town, county, or other political subdivision may prescribe for an ordinance violation that is defined as a petty misdemeanor, that law or charter is considered to provide that the political subdivision has the power to prescribe a maximum fine of \$200 for the petty misdemeanor violation.~~

~~Subd. 2. [EXCEPTION.] Notwithstanding subdivision 1, no fine of more than \$100 may be imposed for a petty misdemeanor ordinance violation which~~

conforms in substantial part to a petty misdemeanor provision contained in section 152.027, subdivision 4, or chapter 168 or 169.

Sec. 15. [609.132] [CONTINUANCE FOR DISMISSAL.]

The decision to offer or agree to a continuance of a criminal prosecution is an exercise of prosecutorial discretion resting solely with the prosecuting attorney.

Sec. 16. Minnesota Statutes 1993 Supplement, section 609.1352, subdivision 1, is amended to read:

Subdivision 1. [SENTENCING AUTHORITY.] (a) A court shall commit a person to the commissioner of corrections for a period of time that is not less than double the presumptive sentence under the sentencing guidelines and not more than the statutory maximum, or if the statutory maximum is less than double the presumptive sentence, for a period of time that is equal to the statutory maximum, if:

(1) the court is imposing an executed sentence, based on a sentencing guidelines presumptive imprisonment sentence or a dispositional departure for aggravating circumstances or a mandatory minimum sentence, on a person convicted of committing or attempting to commit a violation of section 609.342, 609.343, 609.344, or 609.345, or on a person convicted of committing or attempting to commit any other crime listed in subdivision 2 if it reasonably appears to the court that the crime was motivated by the offender's sexual impulses or was part of a predatory pattern of behavior that had criminal sexual conduct as its goal;

(2) the court finds that the offender is a danger to public safety; and

(3) the court finds that the offender needs long-term treatment or supervision beyond the presumptive term of imprisonment and supervised release. The finding must be based on a professional assessment by an examiner experienced in evaluating sex offenders that concludes that the offender is a patterned sex offender. The assessment must contain the facts upon which the conclusion is based, with reference to the offense history of the offender or the severity of the current offense, the social history of the offender, and the results of an examination of the offender's mental status unless the offender refuses to be examined. The conclusion may not be based on testing alone. A patterned sex offender is one whose criminal sexual behavior is so engrained that the risk of reoffending is great without intensive psychotherapeutic intervention or other long-term controls.

(b) The court shall consider imposing a sentence under this section whenever a person is convicted of violating section 609.342 or 609.343.

Sec. 17. Minnesota Statutes 1993 Supplement, section 609.14, subdivision 1, is amended to read:

Subdivision 1. [GROUNDS.] (a) When it appears that the defendant has violated any of the conditions of probation or intermediate sanction, or has otherwise been guilty of misconduct which warrants the imposing or execution of sentence, the court may without notice revoke the stay and direct that the defendant be taken into immediate custody.

(b) When it appears that the defendant violated any of the conditions of probation during the term of the stay, but the term of the stay has since expired, the defendant's probation officer or the prosecutor may ask the court

to initiate probation revocation proceedings under the rules of criminal procedure at any time within six months after the expiration of the stay. The court also may initiate proceedings under these circumstances on its own motion. If proceedings are initiated within this six-month period, the court may conduct a revocation hearing and take any action authorized under rule 27.04 at any time during or after the six-month period.

(c) Notwithstanding the provisions of section 609.135 or any law to the contrary, after proceedings to revoke the stay have been initiated by a court order revoking the stay and directing either that the defendant be taken into custody or that a summons be issued in accordance with paragraph (a), the proceedings to revoke the stay may be concluded and the summary hearing provided by subdivision 2 may be conducted after the expiration of the stay or after the six month period set forth in paragraph (b) of this section. The proceedings to revoke the stay shall not be dismissed on the basis that the summary hearing is conducted after the term of the stay or after the six month period. The ability or inability to locate or apprehend the defendant prior to the expiration of the stay or during or after the six month period shall not preclude the court from conducting the summary hearing unless the defendant demonstrates that the delay was purposefully caused by the state in order to gain an unfair advantage.

Sec. 18. Minnesota Statutes 1992, section 609.152, is amended by adding a subdivision to read:

Subd. 2a. [DANGEROUS REPEAT OFFENDERS; MANDATORY MINIMUM SENTENCE.] Unless a longer mandatory minimum sentence is otherwise required by law or the court imposes a longer aggravated durational departure under subdivision 2, a person who is convicted of a violent crime that is a felony must be committed to the commissioner of corrections for a mandatory sentence of at least the length of the presumptive sentence under the sentencing guidelines if the court determines on the record at the time of sentencing that the person has two or more prior felony convictions for violent crimes. The court shall impose and execute the prison sentence regardless of whether the guidelines presume an executed prison sentence. For purposes of this subdivision, "violent crime" does not include a violation of section 152.023 or 152.024. Any person convicted and sentenced as required by this subdivision is not eligible for probation, parole, discharge, or work release, until that person has served the full term of imprisonment as provided by law, notwithstanding sections 241.26, 242.19, 243.05, 244.04, 609.12, and 609.135.

Sec. 19. Minnesota Statutes 1992, section 609.185, is amended to read:

609.185 [MURDER IN THE FIRST DEGREE.]

(1) causes the death of a human being with premeditation and with intent to effect the death of the person or of another;

(2) causes the death of a human being while committing or attempting to commit criminal sexual conduct in the first or second degree with force or violence, either upon or affecting the person or another;

(3) causes the death of a human being with intent to effect the death of the person or another, while committing or attempting to commit burglary,

aggravated robbery, kidnapping, arson in the first or second degree, tampering with a witness in the first degree, escape from custody, or any felony violation of chapter 152 involving the unlawful sale of a controlled substance;

(4) causes the death of a peace officer or a guard employed at a Minnesota state or local correctional facility, with intent to effect the death of that person or another, while the peace officer or guard is engaged in the performance of official duties;

Sexual abuse also includes any act which involves a minor which constitutes a violation of sections 609.321 to 609.324 or 617.246. Sexual abuse includes threatened sexual abuse.

(b) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(c) "Neglect" means failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter or medical care when reasonably able to do so, failure to protect a child from conditions or actions which imminently and seriously endanger the child's physical or mental health when reasonably able to do so, or failure to take steps to ensure that a child is educated in accordance with state law. Nothing in this section shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care; except that ~~there is a duty~~ *a parent, guardian, or caretaker, or a person mandated to report pursuant to subdivision 3, has a duty* to report if a lack of medical care may cause ~~imminent~~ *serious* danger to the child's health. This section does not impose upon persons, not otherwise legally responsible for providing a child with necessary food, clothing, shelter, education, or medical care, a duty to provide that care. Neglect includes prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision 2, used by the mother for

a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child at birth, or medical effects or developmental delays during the child's first year of life that medically indicate prenatal exposure to a controlled substance. Neglect also means "medical neglect" as defined in section 260.015, subdivision 2a, clause (5).

(d) "Physical abuse" means any physical or mental injury, or threatened injury, inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive and deprivation procedures that have not been authorized under section 245.825.

(e) "Report" means any report received by the local welfare agency, police department, or county sheriff pursuant to this section.

(f) "Facility" means a day care facility, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed pursuant to sections 144.50 to 144.58, 241.021, or 245A.01 to 245A.16.

Sec. 58. Minnesota Statutes 1992, section 626.556, subdivision 6, is amended to read:

Subd. 6. [FAILURE TO REPORT.] A person mandated by this section to report who knows or has reason to believe that a child is neglected or physically or sexually abused, as defined in subdivision 2, or has been neglected or physically or sexually abused within the preceding three years, and fails to report is guilty of a misdemeanor. *A parent, guardian, or caretaker who knows or reasonably should know that the child's health is in serious danger and who fails to report as required by subdivision 2, paragraph (c), is guilty of a gross misdemeanor if the child suffers substantial or great bodily harm because of the lack of medical care. If the child dies because of the lack of medical care, the person is guilty of a felony and may be sentenced to imprisonment for not more than two years or to payment of a fine of not more than \$4,000, or both. The provision in section 609.378, subdivision 1, paragraph (a), clause (1), providing that a parent, guardian, or caretaker may, in good faith, select and depend on spiritual means or prayer for*

treatment or care of a child, does not exempt a parent, guardian, or caretaker from the duty to report under this subdivision.

Sec. 59. Minnesota Statutes 1992, section 626.556, subdivision 10e, is amended to read:

Subd. 10e. [DETERMINATIONS.] Upon the conclusion of every assessment or investigation it conducts, the local welfare agency shall make two determinations: first, whether maltreatment has occurred; and second, whether child protective services are needed.

- (3) sexual abuse as defined in subdivision 2, paragraph (a); or
- (4) mental injury as defined in subdivision 2, paragraph (k).

(b) For the purposes of this subdivision, a determination that child protective services are needed means that the local welfare agency has documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individuals responsible for the child's care have not taken or are not likely to take actions to protect the child from maltreatment or risk of maltreatment.

(c) This subdivision does not mean that maltreatment has occurred solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, in lieu of medical care. However, if lack of medical care may result in ~~imminent~~ and serious danger to the child's health, the local welfare agency may ensure that necessary medical services are provided to the child.

(b) If the judge determines release under paragraph (a) is not advisable, the judge may impose any conditions of release that will reasonably assure the appearance of the person for subsequent proceedings, or will protect the victim of the alleged crime, or may fix the amount of money bail without other conditions upon which the arrested person may obtain release.

Subd. 2. [SURRENDER OF FIREARMS.] The judge may order as a condition of release that the person surrender to the local law enforcement agency all firearms, destructive devices, or dangerous weapons owned or possessed by the person, and may not live in a residence where others possess firearms. Any firearm, destructive device, or dangerous weapon surrendered under this subdivision shall be inventoried and retained, with due care to preserve its quality and function, by the local law enforcement agency, and must be returned to the person upon the person's acquittal, when charges are dismissed, or if no charges are filed. If the person is convicted, the firearm must be returned when the court orders the return or when the person is discharged from probation and restored to civil rights. If the person is convicted of a designated offense as defined in section 609.531, the firearm is subject to forfeiture as provided under that section. This condition may be imposed in addition to any other condition authorized by rule 6.02 of the rules of criminal procedure.

Subd. 3. [WRITTEN ORDER.] If conditions of release are imposed, the judge shall issue a written order for conditional release. The court administrator shall immediately distribute a copy of the order for conditional release to the agency having custody of the arrested person and shall provide the agency having custody of the arrested person with any available information on the location of the victim in a manner that protects the victim's safety. Either the court or its designee or the agency having custody of the arrested person shall serve upon the defendant a copy of the order. Failure to serve the arrested person with a copy of the order for conditional release does not invalidate the conditions of release.

Subd. 4. [NO CONTACT ORDER.] If the judge imposes as a condition of release a requirement that the person have no contact with the victim of the alleged crime, the judge may also, on its own motion or that of the prosecutor or on request of the victim, issue an ex parte temporary restraining order under section 609.748, subdivision 4, or an ex parte temporary order for protection under section 518B.01, subdivision 7. Notwithstanding section 518B.01, subdivision 7, paragraph (b), or 609.748, subdivision 4, paragraph (c), the temporary order is effective until the defendant is convicted or acquitted, or the charge is dismissed, provided that upon request the defendant is entitled to a full hearing on the restraining order under section 609.748, subdivision 5, or on the order for protection under section 518B.01. The hearing must be held within seven days of the defendant's request.

Sec. 44. [FIREARMS REPORT REQUIRED.]

The criminal justice statistical analysis center of the office of strategic and long-range planning shall report to the legislature no later than January 31 of each year on the number of persons arrested, charged, convicted, and sentenced for violations of each state law affecting the use or possession of firearms. The report must include complete statistics, including the make, model, and serial number of each firearm involved, where that information is

available, on each crime committed affecting the use or possession of firearms and a breakdown by county of the crimes committed.

Sec. 45. [SENTENCING GUIDELINES MODIFICATION.]

The sentencing guidelines commission shall consider increasing the severity level ranking of the crime of theft of a firearm. If the commission modifies the ranking, the commission shall apply the modification to crimes committed on or after August 1, 1994.

Sec. 47. [EFFECTIVE DATE.]

Sections 1, 4, 8, 44, and 45 are effective July 1, 1994. Sections 2, 3, 5 to 7, 9 to 11, 17 to 43, and 46 are effective August 1, 1994, and apply to crimes committed on or after that date. Sections 12 to 16 are effective August 1, 1994, and apply to seizures occurring on or after that date.

(b) The disposition order must be accompanied by a notice to the school that the school may obtain additional information from the juvenile's probation officer with the consent of the juvenile or the juvenile's parents, as applicable. The disposition order must be maintained in the student's permanent education record but may not be released outside of the school district or educational entity, other than to another school district or educational entity to which the juvenile is transferring. Notwithstanding section 138.17, the disposition order must be destroyed when the juvenile graduates from the school or at the end of the academic year when the juvenile reaches age 23, whichever date is earlier.

(c) The juvenile's probation officer shall maintain a record of disposition orders released under this subdivision and the basis for the release.

(d) The criminal and juvenile justice information policy group, in consultation with representatives of probation officers and educators, shall prepare standard forms for use by juvenile probation officers in forwarding information to schools under this subdivision and in maintaining a record of the information that is released.

(e) As used in this subdivision, "school" means a public or private elementary, middle, or secondary school.

Sec. 11. Minnesota Statutes 1992, section 260.161, subdivision 2, is amended to read:

Subd. 2. [PUBLIC INSPECTION LIMITATIONS.] Except as otherwise provided in this ~~subdivision and in subdivision 1~~ section, and except for legal records arising from proceedings that are public under section 260.155, subdivision 1, none of the records of the juvenile court and none of the records relating to an appeal from a nonpublic juvenile court proceeding, except the written appellate opinion, shall be open to public inspection or their contents disclosed except (a) by order of a court or (b) as required by sections 245A.04, 611A.03, 611A.04, 611A.06, and 629.73. The records of juvenile probation officers and county home schools are records of the court for the purposes of this subdivision. Court services data relating to delinquent acts that are contained in records of the juvenile court may be released as allowed under section 13.84, subdivision 5a. This subdivision applies to all proceedings under this chapter, including appeals from orders of the juvenile court, except that this subdivision does not apply to proceedings under section 260.255, 260.261, or 260.315 when the proceeding involves an adult defendant. The court shall maintain the confidentiality of adoption files and records in accordance with the provisions of laws relating to adoptions. In juvenile court proceedings any report or social history furnished to the court shall be open to inspection by the attorneys of record and the guardian ad litem a reasonable time before it is used in connection with any proceeding before the court.

When a judge of a juvenile court, or duly authorized agent of the court, determines under a proceeding under this chapter that a child has violated a state or local law, ordinance, or regulation pertaining to the operation of a motor vehicle on streets and highways, except parking violations, the judge or agent shall immediately report the violation to the commissioner of public safety. The report must be made on a form provided by the department of public safety and must contain the information required under section 169.95.

Sec. 12. Minnesota Statutes 1993 Supplement, section 260.161, subdivision 3, is amended to read:

Subd. 3. [PEACE OFFICER RECORDS OF CHILDREN.] (a) Except for records relating to an offense where proceedings are public under section 260.155, subdivision 1, peace officers' records of children who are or may be delinquent or who may be engaged in criminal acts shall be kept separate from records of persons 18 years of age or older and are private data but shall be disseminated: (1) by order of the juvenile court, (2) as required by section 126.036, (3) as authorized under section 13.82, subdivision 2, (4) to the child or the child's parent or guardian unless disclosure of a record would interfere with an ongoing investigation, or (5) as *otherwise* provided in ~~paragraph (d)~~ *this subdivision*. Except as provided in paragraph (c), no photographs of a child taken into custody may be taken without the consent of the juvenile court unless the child is alleged to have violated section 169.121 or 169.129. Peace officers' records containing data about children who are victims of crimes or witnesses to crimes must be administered consistent with section 13.82, subdivisions 2, 3, 4, and 10. Any person violating any of the provisions of this subdivision shall be guilty of a misdemeanor.

In the case of computerized records maintained about juveniles by peace officers, the requirement of this subdivision that records about juveniles must be kept separate from adult records does not mean that a law enforcement agency must keep its records concerning juveniles on a separate computer system. Law enforcement agencies may keep juvenile records on the same computer as adult records and may use a common index to access both juvenile and adult records so long as the agency has in place procedures that keep juvenile records in a separate place in computer storage and that comply with the special data retention and other requirements associated with protecting data on juveniles.

(b) Nothing in this subdivision prohibits the exchange of information by law enforcement agencies if the exchanged information is pertinent and necessary to the requesting agency in initiating, furthering, or completing a criminal investigation.

(c) A photograph may be taken of a child taken into custody pursuant to section 260.165, subdivision 1, clause (b), provided that the photograph must be destroyed when the child reaches the age of 19 years. The commissioner of corrections may photograph juveniles whose legal custody is transferred to the commissioner. Photographs of juveniles authorized by this paragraph may be used only for institution management purposes, case supervision by parole agents, and to assist law enforcement agencies to apprehend juvenile offenders. The commissioner shall maintain photographs of juveniles in the same manner as juvenile court records and names under this section.

(d) Traffic investigation reports are open to inspection by a person who has sustained physical harm or economic loss as a result of the traffic accident. Identifying information on juveniles who are parties to traffic accidents may

be disclosed as authorized under section 13.82, subdivision 4, and accident reports required under section 169.09 may be released under section 169.09, subdivision 13, unless the information would identify a juvenile who was taken into custody or who is suspected of committing an offense that would be a crime if committed by an adult, or would associate a juvenile with the offense, and the offense is not a minor traffic offense under section 260.193.

(e) A law enforcement agency shall notify the principal or chief administrative officer of a juvenile's school of an incident occurring within the agency's jurisdiction if:

(1) the agency has probable cause to believe that the juvenile has committed an offense that would be a crime if committed as an adult, that the victim of the offense is a student or staff member of the school, and that notice to the school is reasonably necessary for the protection of the victim; or

(2) the agency has probable cause to believe that the juvenile has committed an offense described in subdivision 1b, paragraph (a), clauses (1) to (3), that would be a crime if committed by an adult.

A law enforcement agency is not required to notify the school under this paragraph if the agency determines that notice would jeopardize an ongoing investigation. Notwithstanding section 138.17, data from a notice received from a law enforcement agency under this paragraph must be destroyed when the juvenile graduates from the school or at the end of the academic year when the juvenile reaches age 23, whichever date is earlier. For purposes of this paragraph, "school" means a public or private elementary, middle, or secondary school.

(f) In any county in which the county attorney operates or authorizes the operation of a juvenile prepetition or pretrial diversion program, a law enforcement agency or county attorney's office may provide the juvenile diversion program with data concerning a juvenile who is a participant in or is being considered for participation in the program.

(g) Upon request of a local social service agency, peace officer records of children who are or may be delinquent or who may be engaged in criminal acts may be disseminated to the agency to promote the best interests of the subject of the data.

Sec. 13. Minnesota Statutes 1992, section 260.161, is amended by adding a subdivision to read:

Subd. 5. [FURTHER RELEASE OF RECORDS.] A person who receives access to juvenile court or peace officer records of children that are not accessible to the public may not release or disclose the records to any other person except as authorized by law. This subdivision does not apply to the child who is the subject of the records or the child's parent or guardian.

Sec. 14. Minnesota Statutes 1992, section 260.165, subdivision 1, is amended to read:

Subdivision 1. No child may be taken into immediate custody except:

(a) With an order issued by the court in accordance with the provisions of section 260.135, subdivision 5, or by a warrant issued in accordance with the provisions of section 260.145; or

(b) In accordance with the laws relating to arrests; or

(c) By a peace officer

(1) when a child has run away from a parent, guardian, or custodian, or when the peace officer reasonably believes the child has run away from a parent, guardian, or custodian; or

(2) when a child is found in surroundings or conditions which endanger the child's health or welfare or which such peace officer reasonably believes will endanger the child's health or welfare. If an Indian child is a resident of a reservation or is domiciled on a reservation but temporarily located off the reservation, the taking of the child into custody under this clause shall be consistent with the Indian Child Welfare Act of 1978, United States Code, title 25, section 1922; or

(d) By a peace officer or probation or parole officer when it is reasonably believed that the child has violated the terms of probation, parole, or other field supervision; or

(e) *By a peace officer or probation officer under section 260.132, subdivision 4.*

Sec. 15. Minnesota Statutes 1992, section 299A.34, subdivision 1, is amended to read:

Subdivision 1. [GRANT PROGRAMS.] (a) The commissioner shall develop grant programs to:

(1) assist law enforcement agencies in purchasing equipment, provide undercover buy money, and pay other nonpersonnel costs; and

(2) assist community and neighborhood organizations in efforts to prevent or reduce criminal activities in their areas, particularly activities involving youth and the use and sale of drugs; and

(3) *assist law enforcement agencies in efforts to target and apprehend violent habitual criminals.*

(b) The commissioner shall prescribe criteria for eligibility and the award of grants and reporting requirements for recipients.

Sec. 16. Minnesota Statutes 1992, section 299A.38, subdivision 3, is amended to read:

(b) Eligibility for reimbursement is limited to vests bought after December 31, 1986, by or for peace officers (1) who did not own a vest meeting the requirements of paragraph (a) before the purchase, or (2) who owned a vest that was at least six years old.

Subd. 1a. [WITNESS AND VICTIM PROTECTION FUND.] A witness and victim protection fund is created under the administration of the commissioner of public safety. The commissioner may make grants to local officials to provide for the relocation or other protection of a victim, witness, or potential witness who is involved in a criminal prosecution and who the commissioner has reason to believe is or is likely to be the target of a violent crime or a violation of section 609.498 or 609.713, in connection with that prosecution. The commissioner may award grants for any of the following actions in connection with the protection of a witness or victim under this subdivision:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given them.

(a) "Explosive device" means a device so articulated that an ignition by fire, friction, concussion, chemical reaction, or detonation of any part of the device may cause such sudden generation of highly heated gases that the resultant gaseous pressures are capable of producing destructive effects. Explosive devices include, but are not limited to, bombs, grenades, rockets having a propellant charge of more than four ounces, mines, and fireworks modified for other than their intended purpose. The term includes devices that produce a chemical reaction that produces gas capable of bursting its container and producing destructive effects. The term does not include firearms ammunition.

(b) "Incendiary device" means a device so articulated that an ignition by fire, friction, concussion, detonation, or other method may produce destructive effects primarily through combustion rather than explosion. The term does not include a manufactured device or article in common use by the general public that is designed to produce combustion for a lawful purpose, including but not limited to matches, lighters, flares, or devices commercially manufactured primarily for the purpose of illumination, heating, or cooking. The term does not include firearms ammunition.

Section 1. Minnesota Statutes 1993 Supplement, section 241.021, subdivision 1, is amended to read:

Subdivision 1. [SUPERVISION OVER CORRECTIONAL INSTITUTIONS.] (1) The commissioner of corrections shall inspect and license all correctional facilities throughout the state, whether public or private, established and operated for the detention and confinement of persons detained or confined therein according to law except to the extent that they are inspected or licensed by other state regulating agencies. The commissioner shall promulgate pursuant to chapter 14, rules establishing minimum standards for these facilities with respect to their management, operation, physical condition, and the security, safety, health, treatment, and discipline of persons detained or confined therein. Commencing September 1, 1980, no individual, corporation, partnership, voluntary association, or other private organization

legally responsible for the operation of a correctional facility may operate the facility unless licensed by the commissioner of corrections. The commissioner shall ~~annually~~ review the correctional facilities described in this subdivision *at least once every biennium*, except as otherwise provided herein, to determine compliance with the minimum standards established pursuant to this subdivision. The commissioner shall grant a license to any facility found to conform to minimum standards or to any facility which, in the commissioner's judgment, is making satisfactory progress toward substantial conformity and the interests and well-being of the persons detained or confined therein are protected. *The commissioner may grant licensure up to two years.* The commissioner shall have access to the buildings, grounds, books, records, staff, and to persons detained or confined in these facilities. The commissioner may require the officers in charge of these facilities to furnish all information and statistics the commissioner deems necessary, at a time and place designated by the commissioner. The commissioner may require that any or all such information be provided through the department of corrections detention information system.

(2) Any state agency which regulates, inspects, or licenses certain aspects of correctional facilities shall, insofar as is possible, ensure that the minimum standards it requires are substantially the same as those required by other state agencies which regulate, inspect, or license the same aspects of similar types of correctional facilities, although at different correctional facilities.

(3) Nothing in this section shall be construed to limit the commissioner of corrections' authority to promulgate rules establishing standards of eligibility for counties to receive funds under sections 401.01 to 401.16, or to require counties to comply with operating standards the commissioner establishes as a condition precedent for counties to receive that funding.

(4) When the commissioner finds that any facility described in clause (1), except foster care facilities for delinquent children and youth as provided in subdivision 2, does not substantially conform to the minimum standards established by the commissioner and is not making satisfactory progress toward substantial conformance, the commissioner shall promptly notify the chief executive officer and the governing board of the facility of the deficiencies and order that they be remedied within a reasonable period of time. The commissioner may by written order restrict the use of any facility which does not substantially conform to minimum standards to prohibit the detention of any person therein for more than 72 hours at one time. When, after due notice and hearing, the commissioner finds that any facility described in this subdivision, except county jails and lockups as provided in sections 641.26, 642.10, and 642.11, does not conform to minimum standards, or is not making satisfactory progress toward substantial compliance therewith, the commissioner may issue an order revoking the license of that facility. After revocation of its license, that facility shall not be used until its license is renewed. When the commissioner is satisfied that satisfactory progress towards substantial compliance with minimum standard is being made, the commissioner may, at the request of the appropriate officials of the affected facility supported by a written schedule for compliance, grant an extension of time for a period not to exceed one year.

(5) As used in this subdivision, "correctional facility" means any facility, including a group home, having a residential component; the primary purpose of which is to serve persons placed therein by a court, court services department, parole authority, or other correctional agency having dispositional

power over persons charged with, convicted, or adjudicated to be guilty or delinquent.

The commissioner may grant licensure up to two years.~~ Each such facility shall cooperate with the commissioner to make available all facts regarding its operation and services as the commissioner requires to determine its conformance to standards and its competence to give the services needed and which purports to give. Every such facility as herein described is subject to visitation and supervision by the commissioner and shall receive from the commissioner consultation as needed to strengthen services to the children and youth received therein.

Where a work placement inmate is housed in a jail or workhouse, such board and room revenue shall be paid over to such city or county official as provided for in subdivision 2, provided however, that when payment of board and room has been waived, the commissioner shall make such payments from funds appropriated for that purpose.

(b) *The programs shall contain individualized educational, vocational, and work programs designed to productively occupy an inmate for at least eight hours a day.*

(c) *The program administrators shall develop correctional industry programs, including marketing efforts to attract work opportunities both inside correctional facilities and outside in the community. Program options may include expanding and reorganizing on-site industry programs, locating off-site industry work areas, and community service work programs. To develop innovative work programs, program administrators may enlist members of the business and labor community to help target possible productive enterprises for inmate work programs.*

(d) *Whenever inmates are assigned to work within the correctional facility or with any state department or agency, local unit of government, or other government subdivision, the program administrator must certify to the appropriate bargaining agent that work performed by inmates will not result in the displacement of current employed workers or workers on seasonal layoff or layoff from a substantially equivalent position, including partial displacement such as reduction in hours of work other than overtime work, wages, or other employment benefits.*

Subd. 3. [ELIGIBILITY.] The administrators of each productive day program shall develop criteria for inmate eligibility for the program.

The court administrator shall provide copies of this request to the prosecutor and the offender or the offender's attorney at least 24 hours before the sentencing or dispositional hearing. Sec. 7. [PURPOSE.]

It is well established that children who are chronically absent from school face a bleak future in that they are at greater risk of ending up in the delinquency system, becoming high school dropouts, and finding themselves without the skills necessary to have a productive work life as adults. To effectively combat truancy and educational neglect, there needs to be a continuum of intervention and services to support parents and children and keep children in school. That continuum should be characterized by progressively intrusive intervention beginning with the strongest efforts at the school and community level and offering access to the public agency and court's authority when necessary.

Sec. 8. [126.25] [COMMUNITY-BASED TRUANCY ACTION PROJECTS.]

Subdivision 1. [ESTABLISHMENT.] The commissioner of education shall establish demonstration projects to reduce truancy rates in schools by early identification of students with school absenteeism problems and providing appropriate interventions based on each student's underlying issues that are contributing to the truant behavior.

(1) assessment for underlying issues that are contributing to the child's truant behavior;

One pilot project must examine early protective and risk factors associated with adolescent sex offenders in order to identify children who are high risk to become offenders and to develop earlier intervention strategies. The second pilot project must develop and implement an intervention program for children identified as high risk to become sex offenders.

Subd. 2. [FINANCIAL STATUS REPORT.] By March 15, 1995, the institute must report to the commissioner of health the results of grant-seeking efforts, the location of resources for non-project-related expenses and the status and preliminary findings of the pilot projects under subdivision 1.

(c) A grant applicant must establish an advisory committee to assist the applicant in planning and implementing a grant. The advisory committee must include student representatives, adult males from the community, representatives of community organizations, teachers, parent educators, and representatives of family social service agencies.

Subd. 3. [EXPECTED OUTCOMES.] Grant recipients shall use the funds for programs designed to prevent teen pregnancy and to prevent crime in the long term. Grant recipients must assist youth to:

It is fraud under section 325F.69 to knowingly identify information service charges as telephone charges. A common carrier is liable for fraud under this subdivision only if it knowingly participates in the misidentification.

(b) A bill or the portion of a telephone bill for information services must contain the following language printed in at least ten-point bold type or typewritten in capital letters in a color or shade that readily contrasts with the background:

"YOU HAVE THE RIGHT TO DISPUTE CHARGES FOR INFORMATION SERVICE CALLS. AS A TELEPHONE SERVICE SUBSCRIBER, YOU ARE NOT LEGALLY RESPONSIBLE FOR INFORMATION SERVICE CHARGES INCURRED BY OTHERS MINORS OR VULNERABLE ADULTS WITHOUT YOUR CONSENT EXCEPT FOR CALLS MADE BY YOUR SPOUSE. This provision excludes asbestos-containing floor tiles and sheeting, roofing materials, siding, and all ceilings with asbestos-containing material in single family residences and buildings with no more than four dwelling units. Asbestos-related work includes asbestos abatement area preparation; enclosure, removal, or encapsulation, or repair operations; and an air quality monitoring specified in rule to assure that the abatement and adjacent areas are not contaminated with asbestos fibers during the project and after completion.

For purposes of this subdivision, the quantity of asbestos containing material applies separately for every project permit fee paid under section 326.75, subdivision 3.

(b) In addition, the commissioner shall deposit revenues derived from imposing a rate of 1.5 percent on all taxable sales, including interest and penalties, under this chapter in the local government trust fund. *For sales and purchases made after June 30, 1994, the distribution to the local government trust fund shall not be adjusted to reflect the reduced tax rate on replacement capital equipment.*

- (1) the new hospital is located within ten miles of the current site;
- (2) the project will result in a net reduction of licensed hospital beds; and
- (3) all hospitals within ten miles of the project agree to the general location criteria, or if the hospitals do not agree by July 1, 1994, the commissioner approves the project through the process described in paragraph (b). The hospitals may notify the commissioner and request a mutually agreed upon extension of time not to extend beyond August 15, 1994, for submission of this project to the commissioner. The commissioner shall render a decision on the project within 60 days after submission by the parties. The commissioner's decision is the final administrative decision of the agency.

(b) As expressly authorized under paragraph (a), the commissioner shall approve a project if it is determined that replacement of the existing hospital or hospitals will:

- (1) promote high quality care and services;
- (2) provide improved access to care;

- (3) not involve a substantial expansion of inpatient service capacity; and
- (4) benefit the region to be served by the new regional facility.

These game birds must be pen hatched and raised.

Sec. 14. [CORRECTION 44.] Minnesota Statutes 1992, section 290.067, subdivision 1, as amended by Laws 1994, chapter 587, article 1, section 13, if enacted, is amended to read:

Subdivision 1. [AMOUNT OF CREDIT.] (a) A taxpayer may take as a credit against the tax due from the taxpayer and a spouse, if any, under this chapter an amount equal to the dependent care credit for which the taxpayer is eligible pursuant to the provisions of section 21 of the Internal Revenue Code subject to the limitations provided in subdivision 2 except that in determining whether the child qualified as a dependent, income received as an aid to families with dependent children grant or allowance to or on behalf of the child must not be taken into account in determining whether the child received more than half of the child's support from the taxpayer, and the provisions of section 32(b)(1)(D) of the Internal Revenue Code do not apply.

(b) If a child who is six years of age or less at the close of the taxable year is cared for at a licensed family day care home operated by the child's parent, the taxpayer is deemed to have paid employment-related expenses. If the child is 16 months old or younger at the close of the taxable year, the amount of expenses deemed to have been paid equals the maximum limit for one qualified individual under section 21(c) and (d) of the Internal Revenue Code. If the child is older than 16 months of age but not older than six years of age at the close of the taxable year, the amount of expenses deemed to have been paid equals the amount the licensee would charge for the care of a child of the same age for the same number of hours of care.

(c) If a married couple:

(1) has a child ~~one year of age or less~~ *who has not attained the age of one year* at the close of the taxable year;

(2) files a joint tax return for the taxable year; and

(3) does not participate in a dependent care assistance program as defined in section 129 of the Internal Revenue Code, in lieu of the actual employment related expenses paid for that child under paragraph (a) or the deemed amount under paragraph (b), the lesser of (i) the combined earned income of the couple or (ii) \$2,400 will be deemed to be the employment related expense paid for that child. The earned income limitation of section 21(d) of the Internal Revenue Code shall not apply to this deemed amount. These deemed amounts apply regardless of whether any employment-related expenses have been paid.

(d) If the taxpayer is not required and does not file a federal individual income tax return for the tax year, no credit is allowed for any amount paid to any person unless:

(1) the name, address, and taxpayer identification number of the person are included on the return claiming the credit; or

(2) if the person is an organization described in section 501(c)(3) of the Internal Revenue Code and exempt from tax under section 501(a) of the Internal Revenue Code, the name and address of the person are included on the return claiming the credit.

In the case of a failure to provide the information required under the preceding sentence, the preceding sentence does not apply if it is shown that the taxpayer exercised due diligence in attempting to provide the information required.

In the case of a nonresident, part-year resident, or a person who has earned income not subject to tax under this chapter, the credit determined under section 21 of the Internal Revenue Code must be allocated based on the ratio by which the earned income of the claimant and the claimant's spouse from Minnesota sources bears to the total earned income of the claimant and the claimant's spouse.

Sec. 15. [EFFECTIVE DATE.]

If not otherwise provided, a section of this act that amends a provision of law passed during 1994 takes effect at the same time that the provision that it amends takes effect.

Amend the title accordingly

And when so amended the bill do pass. Amendments adopted. Report adopted.

The Honorable Allan H. Spear
President of the Senate

The Honorable Irv Anderson
Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 1706, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S.F. No. 1706 be further amended as follows:

Delete everything after the enacting clause and insert:

“ARTICLE 1**RADIOACTIVE WASTE MANAGEMENT FACILITY AUTHORIZATION**

Section 1. [116C.77] [LEGISLATIVE AUTHORIZATION FOR INDEPENDENT SPENT FUEL STORAGE INSTALLATION AT PRAIRIE ISLAND.]

The legislature recognizes that:

(1) the Minnesota environmental quality board on May 16, 1991, reviewed and found adequate a final environmental impact statement (“EIS”) on the proposal to construct and operate a dry cask storage facility for the temporary storage of spent nuclear fuel from the Prairie Island nuclear generating plant;

(2) the United States Nuclear Regulatory Commission reviewed and approved a safety analysis report on the facility and on October 19, 1993, granted a license for the facility; and

(3) the public utilities commission in docket no. E002/CN-91-91 reviewed the facility and approved a limited certificate of need approving the use of casks.

The Minnesota legislature in compliance with Minnesota Statutes, section 116C.72, hereby ratifies and approves the EIS and the limited certificate of need and authorizes the use of casks at Prairie Island in accordance with the terms and conditions of the certificate of need as modified by this act and without further environmental review under chapter 116D or further administrative review under section 216B.243.

Sec. 2. [116C.771] [ADDITIONAL CASK LIMITATIONS.]

(a) Five casks may be filled and used at Prairie Island immediately upon the effective date of this article.

(b) An additional four casks may be filled and used at Prairie Island if the environmental quality board determines that, by December 31, 1996, the public utility operating the Prairie Island plant has filed a license application with the United States Nuclear Regulatory Commission for a spent nuclear fuel storage facility off of Prairie Island in Goodhue county, is continuing to make a good faith effort to implement the site, and has constructed, contracted for construction and operation, or purchased installed capacity of 100 megawatts of windpower in addition to windpower under construction or contract on the effective date of this section.

(c)(1) An additional eight casks may be filled and placed at Prairie Island if the legislature has not revoked the authorization under clause (2) or the public utility has satisfied the wind power and biomass mandate requirements in article 3, section 2, subdivision 1, clause (1), and article 3, section 3, clause (1), and the alternative site in Goodhue county is operational or under construction. (2) If the site is not under construction or operational or the wind mandates are not satisfied, the legislature may revoke the authorization for the additional eight casks by a law enacted prior to June 1, 1999.

(d) Except as provided under paragraph (e), dry cask storage capacity for high-level nuclear waste within the state may not be increased beyond the casks authorized by section 1 or their equivalent storage capacity.

(e) This section does not prohibit a public utility from applying for or the public utilities commission from granting a certificate of need for dry cask storage to accommodate the decommissioning of a nuclear power plant within this state.

Sec. 3. [116C.772] [PUBLIC UTILITY RESPONSIBILITIES.]

Subdivision 1. [DEFINITION.] For the purpose of this section, "public utility" means the public utility operating the Prairie Island nuclear generating plant.

Subd. 2. [DRY CASK ALTERNATIVES STUDY.] The public utility must submit to the legislative electric energy task force a reevaluation of all alternatives and combinations of those alternatives to dry cask storage.

Subd. 3. [WORKER TRANSITION PLAN.] The public utility must submit to the department of jobs and training a worker transition plan if there is a shutdown of the Prairie Island nuclear generating plant for longer than six months.

Subd. 4. [NUCLEAR POWER-PHASE OUT PLAN.] The public utility must submit to the electric energy task force a detailed plan for the phase-out of all nuclear power generated by the utility.

Subd. 5. [DECOMMISSIONING PLAN.] The public utility must submit to the electric energy task force a decommissioning plan for TN-40 storage casks after the casks are emptied of spent fuel.

Sec. 4. [116C.773] [CONTRACTUAL AGREEMENT.]

The authorization for dry casks contained in section 1 is not effective until the governor, on behalf of the state, and the public utility operating the Prairie Island nuclear plant enter into an agreement binding the parties to the terms of sections 2 and 3 and the mandate for 200 megawatts of windpower and 75 megawatts of biomass required by December 31, 2002, in article 3, section 2, subdivision 1, and section 3. The Mdewakanton Dakota Tribal Council at Prairie Island is an intended third-party beneficiary of this agreement and has standing to enforce the agreement.

Sec. 5. [116C.774] [AUTHORIZATION.]

To the extent that the radioactive waste management act, Minnesota Statutes, section 116C.72, requires legislative authorization of the operation of certain facilities, this section expressly authorizes the continued operation of the Monticello nuclear generating plant spent nuclear fuel pool storage facility and the Prairie Island nuclear generating plant spent nuclear fuel pool storage facility.

Sec. 6. [116C.775] [SHIPMENT PRIORITIES; PRAIRIE ISLAND.]

If a storage or disposal site becomes available outside of the state to accept high-level nuclear waste stored at Prairie Island, the waste contained in dry casks shall be shipped to that site before the shipment of any waste from the spent nuclear fuel storage pool. Once waste is shipped that was contained in a cask, the cask must be decommissioned and not used for further storage.

Sec. 7. [116C.776] [ALTERNATIVE CASK TECHNOLOGY FOR SPENT FUEL STORAGE.]

If the public utilities commission determines that casks or other containers that allow for transportation as well as storage of spent nuclear fuel exist and are economically feasible for storage and transportation of spent nuclear fuel generated by the Prairie Island nuclear power generating plant, the commission shall order their use to replace use of the casks that are only usable for storage, but not transportation. If the commission orders use of dual-purpose casks under this section, it must authorize use of a number of dual-purpose casks that provides the same total storage capacity that is authorized under this article; provided, that the total cask storage capacity permitted under this article may not exceed the capacity of the TN-40 casks authorized under section 1.

Sec. 8. [116C.777] [SITE.]

The spent fuel contents of dry casks located on Prairie Island must be moved immediately upon the availability of another site for storage of the spent fuel that is not located on Prairie Island.

Sec. 9. [116C.778] [RERACKING.]

The spent fuel storage pool at Prairie Island may be reracked a third time. The reracking does not require legislative authorization but is subject to other applicable state review. The additional storage capacity added by the third reracking and utilized when added to the total storage capacity of dry cask storage utilized, cannot exceed the total capacity of 17 TN-40 casks.

Sec. 10. [116C.779] [FUNDING FOR RENEWABLE DEVELOPMENT.]

The public utility that operates the Prairie Island nuclear generating plant must transfer to a renewable development account \$500,000 each year for each dry cask containing spent fuel that is located at the independent spent fuel storage installation at Prairie Island after January 1, 1999. The fund transfer must be made if waste is stored in a cask for any part of a year. Funds in the account can only be expended for development of renewable energy sources.

Sec. 11. [EFFECTIVE DATE.]

This article is effective the day following final enactment.

ARTICLE 2

ECONOMIC REGULATION OF NUCLEAR POWER PLANTS

Section 1. [LEGISLATIVE FINDINGS.]

The legislature finds that there is great uncertainty over the means and costs of disposing of radioactive wastes generated at nuclear-powered electric generating plants. Current and future electric ratepayers are at risk to pay for these uncertain and potentially enormous costs. These costs could cause economic hardship for the citizens of this state and damage economic growth. For these reasons the legislature finds it necessary to protect its citizens against these costs. While these potential costs do not currently warrant closing an operating nuclear power plant, they do warrant a moratorium on new nuclear plant construction and closer monitoring of operating nuclear power plants.

Sec. 2. Minnesota Statutes 1992, section 216B.243, is amended by adding a subdivision to read:

Subd. 3b. [NUCLEAR POWER PLANT; NEW CONSTRUCTION PROHIBITED.] The commission may not issue a certificate of need for the construction of a new nuclear-powered electric generating plant.

Sec. 3. [216B.244] [NUCLEAR PLANT CAPACITY REQUIREMENTS.]

A reactor unit at a nuclear power electric generating plant that has an annual load capacity factor of less than 55 percent for each of three consecutive calendar years must be shut down and cease operating no later than 500 days after the end of the third such consecutive calendar year. For the purposes of this section, "load capacity factor" means the ratio between a reactor unit's average load and its peak load.

Sec. 4. [EFFECTIVE DATE.]

This article is effective the day following final enactment.

ARTICLE 3

ENERGY CONSERVATION AND RENEWABLES

Section 1. Minnesota Statutes 1992, section 216B.241, subdivision 1a, is amended to read:

Subd. 1a. [INVESTMENTS, EXPENDITURES, AND CONTRIBUTIONS; REGULATED UTILITIES.] (a) For purposes of this subdivision and subdivision 2, "public utility" has the meaning given it in section 216B.02, subdivision 4. Each public utility shall spend and invest for energy conservation improvements under this subdivision and subdivision 2 the following amounts:

(1) for a utility that furnishes gas service, .5 percent of its gross operating revenues from service provided in the state; ~~and~~

(2) for a utility that furnishes electric service, 1.5 percent of its gross operating revenues from service provided in the state; *and*

(3) for a utility that furnishes electric service and that operates a nuclear powered electric generating plant within the state, two percent of its gross operating revenues from service provided in the state.

(b) The commissioner may require investments or spending greater than the amounts required under this subdivision for a public utility whose most recent advance forecast required under section 116C.54 projects a peak demand deficit of 100 megawatts or greater within five years under mid-range forecast assumptions. A public utility may appeal a decision of the commissioner under this paragraph to the commission under subdivision 2. In reviewing a decision of the commissioner under this paragraph, the commission shall rescind the decision if it finds that the required investments or spending will:

(1) not result in cost-effective programs; or

(2) otherwise not be in the public interest.

(c) Each utility shall determine what portion of the amount it sets aside for conservation improvement will be used for conservation improvements under subdivision 2 and what portion it will contribute to the energy and conservation account established in subdivision 2a. Contributions must be remitted to the commissioner of public service by February 1 of each year. Nothing in this subdivision prohibits a public utility from spending or investing for energy conservation improvement more than required in this subdivision.

Sec. 2. [216B.2423] [WIND POWER MANDATE.]

Subdivision 1. [MANDATE.] A public utility, as defined in Minnesota Statutes, section 216B.02, subdivision 4, that operates a nuclear-powered electric generating plant within this state must construct and operate, purchase, or contract to construct and operate: (1) 225 megawatts of electric energy installed capacity generated by wind energy conversion systems within the state by December 31, 1998; and (2) an additional 200 megawatts of installed capacity so generated by December 31, 2002.

For the purpose of this section, "wind energy conversion system" has the meaning given it in section 216C.06, subdivision 12.

Subd. 2. [RESOURCE PLANNING MANDATE.] The public utilities commission shall order a public utility subject to subdivision 1, to construct and operate, purchase, or contract to purchase an additional 400 megawatts of electric energy installed capacity generated by wind energy conversion systems by December 31, 2002, subject to resource planning and least cost planning requirements in Minnesota Statutes, section 216B.2422.

Sec. 3. [216B.2424] [BIOMASS POWER MANDATE.]

A public utility, as defined in Minnesota Statutes, section 216B.02, subdivision 4, that operates a nuclear powered electric generating plant within this state must, by December 31, 1998, construct and operate, purchase, or contract to construct and operate (1) 50 megawatts of electric energy installed capacity generated by farm grown closed-loop biomass; and (2) an additional 75 megawatts of installed capacity so generated by December 31, 2002.

Sec. 4. [EFFECTIVE DATE.]

Section 1 is effective January 1, 1995.

Sections 2 and 3 are effective the day following final enactment.

ARTICLE 4

MISCELLANEOUS

Section 1. Minnesota Statutes 1992, section 216A.03, is amended by adding a subdivision to read:

Subd. 6. [RECORD OF PROCEEDINGS.] An audio magnetic recording device shall be used to keep a record of all proceedings before the commission unless the commission provides a hearing reporter to record the proceeding.

Sec. 2. Minnesota Statutes 1992, section 216B.16, subdivision 8, is amended to read:

Subd. 8. [ADVERTISING EXPENSES.] The commission shall disapprove the portion of any rate which makes an allowance directly or indirectly for expenses incurred by a public utility to provide a public advertisement which:

(a) is designed to influence or has the effect of influencing public attitudes towards legislation or proposed legislation, or toward a rule, proposed rule, authorization or proposed authorization of the public utilities commission or other agency of government responsible for regulating a public utility;

(b) is designed to justify or otherwise support or defend a rate, proposed rate, practice or proposed practice of a public utility;

(c) is designed primarily to promote consumption of the services of the utility; or

(d) is designed primarily to promote good will for the public utility or improve the utility's public image; or

(e) is designed to promote the use of nuclear power or to promote a nuclear waste storage facility.

The commission may approve a rate which makes an allowance for expenses incurred by a public utility to disseminate information which:

- (a) is designed to encourage conservation of energy supplies;
- (b) is designed to promote safety; or
- (c) is designed to inform and educate customers as to financial services made available to them by the public utility.

The commission shall not withhold approval of a rate because it makes an allowance for expenses incurred by the utility to disseminate information about corporate affairs to its owners.

Sec. 3. Minnesota Statutes 1992, section 216B.16, is amended by adding a subdivision to read:

Subd. 14. [LOW-INCOME DISCOUNT ELECTRIC RATES.] A public utility shall provide a 50 percent electric rate discount on the first 300 kilowatt hours consumed in a billing period for a low-income residential customer. For the purposes of this subdivision, "low-income" means a customer who is receiving assistance from the federal low-income home energy assistance program. For the purposes of this subdivision, "public utility" includes only those public utilities with more than 200,000 residential electric service customers. The commission may issue orders necessary to implement, administer, and recover the discount rate program on a timely basis.

Sec. 4. Minnesota Statutes 1992, section 216B.241, is amended by adding a subdivision to read:

Subd. 1c. [ENERGY-SAVING GOALS.] The commissioner shall establish energy-savings goals for energy conservation improvement expenditures and shall evaluate an energy conservation improvement program on how well it meets the goals set.

Sec. 5. [EFFECTIVE DATE.]

Section 3 is effective January 1, 1995.

ARTICLE 5

ELECTRIC ENERGY TASK FORCE

Section 1. [216C.051] [LEGISLATIVE ELECTRIC ENERGY TASK FORCE.]

Subdivision 1. [FINDINGS.] The legislature finds that it needs more information on the future management of high-level radioactive waste, the costs of that management, and the technical and economic feasibility of utilizing alternative energy resources. Before any legislative determinations may be reasonably made that are more specific than the determinations made in this act, the legislature needs detailed, credible, and reliable information on these issues.

Subd. 2. [ESTABLISHMENT.] (a) There is established a legislative electric energy task force to study future electric energy sources and costs and to make recommendations for legislation for an environmentally and economically sustainable and advantageous electric energy supply.

(b) The task force consists of:

(1) eight members of the house of representatives including the chairs of the environment and natural resources and regulated industries and energy

committees and six members to be appointed by the speaker of the house, two of whom must be from the minority caucus;

(2) eight members of the senate including the chairs of the environment and natural resources and jobs, energy, and community development committees and six members to be appointed by the subcommittee on committees, two of whom must be from the minority caucus.

(c) The task force may employ staff, contract for consulting services, and may reimburse the expenses of persons requested to assist it in its duties other than state employees or employees of electric utilities. The director of the legislative coordinating commission shall assist the task force in administrative matters. The task force shall elect co-chairs, one member of the house and one member of the senate from among the committee chairs named to the committee.

Subd. 3. [FUTURE ENERGY SOLUTIONS; TECHNICAL AND ECONOMIC ANALYSIS.] In light of the electric energy guidelines established in subdivision 7 and in light of existing conservation improvement programs and plans, utility resource plans, and other existing energy plans and analyses, the legislative task force on energy shall undertake an analysis of the technical and economic feasibility of an electric energy future for the state that relies on environmentally and economically sustainable and advantageous electric energy supply. The task force shall contract with one or more energy policy experts and energy economists to assist it in its analysis. The task force may not contract for service nor employ any person who was involved in any capacity in any portion of any proceeding before the public utilities commission, the administrative law judge, the state court of appeals, or the United States Nuclear Regulatory Commission related to the dry cask storage proposal on Prairie Island.

The analysis must address at least the following:

(1) to the best of forecasting abilities, how much electric generation capacity and demand for electric energy is necessary to maintain a strong economy and a high quality of life in the state over the next 15 to 20 years; how is this demand level affected by achievement of the maximum reasonably feasible and cost effective demand side management and generation and distribution efficiencies;

(2) what alternative forms of energy can provide a stable supply of energy and are producible and sustainable in the state and at what cost;

(3) what are the costs to the state and ratepayers to ensure that new electric energy generation utilizes less environmentally damaging sources; how do those costs change as the time frame for development and implementation of new generation sources is compressed;

(4) what are the implications for delivery systems for energy produced in areas of the state that do not now have high volume transmission capability; are new transmission technologies being developed that can address some of the concerns with transmission; can a more dispersed electric generation system lessen the need for long distance transmission;

(5) what are the actual costs and benefits of purchasing electricity and fuel to generate electricity from outside the state; what are the present costs to the state's economy of exporting a large percentage of the state's energy dollars and what is the future economic impact of continuing to do so;

(6) are there benefits to be had from a large immediate investment in quickly implementing alternative electric energy sources in terms of developing an exportable technology and/or commodity; is it feasible to turn around the flow of dollars for energy so that the state imports dollars and exports energy and energy technology; what is a reasonable time frame for the shift if it is possible;

(7) are there taxation or regulatory barriers to developing more sustainable and less problematic electric energy generation; what are they specifically and how can they be specifically addressed;

(8) can an approach be developed that moves quickly to development and implementation of alternative energy sources that can be forgiving of interim failures but that is also sufficiently deliberate to ensure ultimate success on a large scale;

(9) in what specific ways can the state assist regional energy suppliers accelerate phasing out energy production processes that produce wastes or emissions that must necessarily be carefully controlled and monitored to minimize adverse effects on the environment and human health and to assist in developing and implementing base load energy production that both prevents or minimizes by its nature adverse environmental and human health effects and utilizes resources that are available or producible in the state;

(10) whether there is a need to establish additional dislocated worker assistance for workers at the Prairie Island nuclear power plant; if so, how that assistance should be structured;

(11) can the state monitor, evaluate, and affect federal actions relating to permanent storage of high level radioactive waste; what actions by the state over what period of time would expedite federal action to take responsibility for the waste;

(12) should the state establish a legislative oversight commission on energy issues; should the responsibilities of an oversight commission be coordinated with the activities of the public utilities commission and the department of public service and if so, how; and

(13) is it feasible to convert existing nuclear power and coal-fired electric generating plants to utilization of energy sources that result in significantly less environmental damage; if so, what are the short-term and long-term costs and benefits of doing so; how do shorter or longer time periods for conversion affect the cost/benefit analysis.

Subd. 4. [RADIOACTIVE WASTE MANAGEMENT; FUTURE AND ECONOMIC ANALYSIS.] The legislative task force shall analyze the future of and the economic effects of the continued generation of electric power and radioactive waste at the Prairie Island nuclear power plant. The task force shall include in its report under subdivision 5, a specific discussion of:

(1) when radioactive waste will be removed from Prairie Island for permanent storage outside of the state, who will bear the costs of the future management of the radioactive waste generated by the Prairie Island nuclear generating plant; when that shift in responsibility is likely to occur; and to what extent utility ratepayers and shareholders and state taxpayers will be shielded from the costs to manage the waste in the future;

(2) *the probability of an accident and the extent to which persons who may be at risk of personal injury or property damage due to foreseeable or unforeseeable catastrophic events that may allow the release of radioactivity from the nuclear power plant and associated activities could be fully compensated for the injuries or damage and by whom;*

(3) *a range of reasonable estimates of the costs to manage radioactive waste generated by the nuclear power plant under scenarios to be developed by the task force, ranging from monitoring the waste in the storage pool at Prairie Island to removal of waste from the state beginning in 1998 to permanent storage of the waste in the state; to the extent those costs will necessarily fall on present and future utility ratepayers and shareholders and state taxpayers, how to ensure they can be met without catastrophic disruption of the state's economy in the future; and whether funds should be set aside to ensure that present ratepayers pay the future costs of radioactive waste management based on volume of usage of electricity rather than on the rate structure of the utility;*

(4) *whether reprocessing and reuse of spent nuclear fuel generated by the Prairie Island nuclear generating plant is technically and economically feasible; if so, how to encourage development of reprocessing and reuse;*

(5) *whether emerging nuclear technologies, such as integral fast reactors, which can generate electricity without environmental damage while producing no or minimal radioactive waste, are economically feasible and practical electric energy alternatives in the foreseeable future and, if so, how to encourage and take advantage of such technologies;*

(6) *if the waste is likely to be removed from the state, whether technologies are likely to be economically feasible in the relatively near future for minimizing the handling of the waste and minimizing contamination of additional materials that will need special management prior to transport out of the state, including the availability of combination storage and transport containers;*

(7) *if the waste is unlikely to be removed from the state or if waste will need to be indefinitely stored outside the power plants after decommissioning, whether sites for storage of the waste outside the structure of the Prairie Island power plant potentially can be found that minimize economic and social disruption, maximize environmental, health, and safety protection, minimize transportation distance, and place the burden of storage of the waste on those communities that enjoy the immediate economic benefits of the existence and operation of the power plants; if potential sites exist, what process should be used to identify and utilize them if necessary; the entity that is searching for an alternative site within the state for the disposal of spent nuclear fuel from the Prairie Island nuclear generating plant, is seeking permits for the site, or is constructing the site shall report progress on those activities every six months to the task force commencing January 1, 1995;*

(8) *factors to be used in siting a high-level radioactive waste management facility to include at least:*

(i) *the proximity of the site to residents and businesses;*

(ii) *the proximity of the site to surface waters;*

(iii) *the vulnerability of the site to tornadoes and other natural phenomena;*

(iv) the benefits received and the costs incurred by the host and adjacent communities due to operation of the nuclear generating facility that produced the high-level radioactive waste to be managed at the proposed facility;

(v) the benefits received and costs incurred by the host and adjacent communities due to operation of the proposed waste management facility; and

(vi) the availability of transportation routes between the nuclear generating plant and the proposed waste management facility; and

(9) federal law related to the interstate transportation of high-level radioactive waste and how that law may operate in relation to an independent spent fuel storage installation located in the state.

Subd. 5. [REPORT AND RECOMMENDATIONS.] (a) The legislative task force may contract with independent experts, none of whom can have been involved in any capacity in any of the proceedings before the public utilities commission, the administrative law judge, or the court of appeals related to dry cask storage at Prairie Island or in any proceedings related to the license for the facility granted by the United States Nuclear Regulatory Commission, to assist it with analysis of items and issues listed in subdivisions 3 and 4.

(b) The legislative task force shall convene a separate balanced group of experts in the fields of energy production and distribution and energy economics from within and without the state to include experts formerly or currently employed by the department of public service and/or the public utilities commission, an economist employed by the residential and small business division of the office of the attorney general, electric energy experts employed by utilities, experts from other states that have begun to implement policies for utilizing indigenous, sustainable energy sources, experts from public advocacy groups, and others to be determined by the task force. The task force shall request the group of experts to assist it in publicly examining and analyzing information received from the independent experts and in preparing the report required in paragraph (c).

(c) By January 15, 1996, the task force shall submit a report to the chairs of the committees in the house and in the senate that have responsibility for energy and for environmental and natural resources issues that contains an overview of plans and analyses that have been prepared, a critique of how those plans and analyses will assist in implementation of the energy conservation and sources for generation policies and goals in Minnesota Statutes, chapters 216B and 216C, and specific recommendations for legislative action that will ensure development and implementation of electric energy policy that will provide the state with adequate, sustainable, and economic electric power for the long term while utilizing, to the maximum reasonable extent, energy resources that are available or producible within the state and while developing, maintaining, and strengthening a viable and robust energy and utility infrastructure.

(d) By February 1, 1995, the task force shall submit to the chairs of the committees specified in paragraph (c), a preliminary report that provides:

(1) an overview of the current status of energy planning and implementation of those plans by state agencies and utilities, along with an analysis of the extent to which existing statutory energy policies and goals are being met for electric energy consumed in the state;

(2) *an analysis of and any recommendations for adjustments to the specific targets set in section 1, subdivisions 4 and 5, relating to energy savings, electric generation sources for replacement and additional capacity needs, and development of wind and biomass energy sources; and*

(3) *as much information as the task force has been able to gather on future high-level radioactive waste management and transportation, including technologies and costs.*

Subd. 6. [ASSESSMENT; APPROPRIATION.] On request by the co-chairs of the legislative task force and the director of the legislative coordinating commission, the commissioner of the department of public service shall assess from electric utilities, in addition to assessments made under Minnesota Statutes, section 216B.62, the amount requested for the studies and analysis required in subdivisions 3 and 4 and for operation of the task force not to exceed \$350,000. The amount assessed under this section is appropriated to the director of the legislative coordinating commission for those purposes.

Subd. 7. [GUIDELINES; PREFERRED ELECTRIC GENERATION SOURCES; DEFINITIONS.] (a) The legislative task force on electric energy shall undertake its responsibilities in light of the guidelines specified in this subdivision.

(b) The highest priority in electric energy production and consumption is conservation of electric energy and management of demand by all segments of the community.

(c) The following energy sources for generating electric power distributed in the state, listed in their descending order of preference, based on minimizing long-term negative environmental, social, and economic burdens imposed by the specific energy sources, are:

(1) wind and solar;

(2) biomass and low-head or refurbished hydropower;

(3) decomposition gases produced by solid waste management facilities, natural gas-fired cogeneration, and waste materials or byproducts combined with natural gas;

(4) natural gas, hydropower that is not low-head or refurbished hydropower, and solid waste as a direct fuel or refuse-derived fuel; and

(5) coal and nuclear power.

(d) For the purposes of paragraph (c) within each clause, the more efficient an energy source is in generating electricity or the more efficient a technology is that utilizes an energy source, the more preferred it is for use in generating electricity for distribution and consumption in the state.

(e) For the purposes of paragraph (c), clauses (3) and (4), the use of waste materials and byproducts for generating electric power must be limited to those waste materials and byproducts that are necessarily generated or produced by efficient processes and systems. Preventing and minimizing waste and byproducts are preferred in every situation to relying on the continued generation or production of waste materials and byproducts.

(f) For the purposes of this section, "preferred" or "renewable" energy sources are those described in paragraph (c), clauses (1) to (3), and

“subordinate” or “traditional” energy sources are those described in paragraph (c), clauses (4) and (5).

(g) For the purposes of this section:

(1) “biomass” means herbaceous crops, trees, agricultural waste, and aquatic plant matter, excluding mixed municipal solid waste, as defined in section 115A.03, used to generate electricity; and

(2) “low-head hydropower” means a hydropower facility that has a head of less than 66 feet.

Subd. 8. [SUBPOENA POWER.] The task force may issue a subpoena under Minnesota Statutes, section 3.153, to any person for production of information held by that person that is relevant to the work of the task force.

Subd. 9. [REPEALER.] This section is repealed June 30, 2000.

ARTICLE 6

ALTERNATIVE SITE

Section 1. [116C.80] [HIGH-LEVEL RADIOACTIVE WASTE; SPENT NUCLEAR FUEL STORAGE; ALTERNATIVE SITE.]

Subdivision 1. [DEFINITION; DRY CASK STORAGE FACILITY.] For the purposes of this section, “dry cask storage facility” or “facility” means a high-level radioactive waste facility that is located in Goodhue county but not on Prairie Island for storage of spent nuclear fuel produced by a nuclear reactor at the Prairie Island nuclear power generating plant.

Subd. 2. [CERTIFICATE OF SITE COMPARABILITY.] Prior to construction of a dry cask storage facility, the public utility that operates the nuclear power generating power plant at Prairie Island shall obtain a certificate from the environmental quality board that the site for the facility is comparable to the independent spent fuel storage facility site located on Prairie Island for which the public utilities commission granted a certificate of need in docket number E002/CN-91-91.

Subd. 3. [REVIEW BY THE BOARD.] The board shall review the siting procedures and considerations for siting large energy electric generating plants under sections 116C.51 to 116C.69 and rules adopted under those sections and shall adopt, by resolution, after a public comment period, those procedures, considerations, and rules it determines are necessary to designate a site for a dry cask storage facility and to issue a certificate of site comparability. The siting procedures and considerations must provide for an opportunity for all interested persons to participate.”

President of the Senate

We, the undersigned conferees for H.F. No. 3086, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H.F. No. 3086 be further amended as follows:

Delete everything after the enacting clause and insert:

“ARTICLE 1

Section 1. Minnesota Statutes 1992, section 115B.04, is amended by adding a subdivision to read:

Subd. 4a. [CLAIMS BY MIXED MUNICIPAL SOLID WASTE DISPOSAL FACILITIES.] (a) Except as provided in paragraph (b), liability under this section for claims by owners or operators of mixed municipal solid waste disposal facilities that accept waste on or after April 9, 1994, and are not qualified facilities under section 115B.39, subdivision 2, is limited to liability for response costs exceeding the amount of available financial assurance funds required under section 116.07, subdivision 4h.

(b) This subdivision does not affect liability under this section for claims based on the illegal disposal of waste at a facility.

Sec. 2. [115B.39] [LANDFILL CLEANUP PROGRAM; ESTABLISHMENT.]

Subdivision 1. [ESTABLISHMENT.] The landfill cleanup program is established to provide environmental response at qualified facilities and is to be administered by the commissioner.

Subd. 2. [DEFINITIONS.] (a) In addition to the definitions in this subdivision, the definitions in sections 115A.03 and 115B.02 apply to sections 115B.39 to 115B.46, except as specifically modified in this subdivision.

(b) “Cleanup order” means a consent order between responsible persons and the agency or an order issued by the United States Environmental Protection Agency under section 106 of the Federal Superfund Act.

(c) “Closure” means actions to prevent or minimize the threat to public health and the environment posed by a mixed municipal solid waste disposal facility that has stopped accepting waste by controlling the sources of releases or threatened releases at the facility. “Closure” includes removing contaminated equipment and liners; applying final cover; grading and seeding final cover; installing wells, borings, and other monitoring devices; constructing groundwater and surface water diversion structures; and installing gas control systems and site security systems, as necessary. The commissioner may authorize use of final cover that includes processed materials that meet

the requirements in Code of Federal Regulations, title 40, section 503.32, paragraph (a).

(d) "Contingency action" means organized, planned, or coordinated courses of action to be followed in case of fire, explosion, or release of solid waste, waste by-products, or leachate that could threaten human health or the environment.

(e) "Corrective action" means steps taken to repair facility structures including liners, monitoring wells, separation equipment, covers, and aeration devices and to bring the facility into compliance with design, construction, groundwater, surface water, and air emission standards.

(f) "Decomposition gases" means gases produced by chemical or microbial activity during the decomposition of solid waste.

(g) "Environmental response action" means response action at a qualified facility, including corrective action, closure, postclosure care; contingency action; environmental studies, including remedial investigations and feasibility studies; engineering, including remedial design; removal; remedial action; site construction; and other similar cleanup-related activities.

(h) "Environmental response costs" means:

(1) costs of environmental response action, not including legal or administrative expenses; and

(2) costs required to be paid to the federal government under section 107(a) of the federal Superfund Act, as amended.

(i) "Postclosure" or "postclosure care" means actions taken for the care, maintenance, and monitoring of closure actions at a mixed municipal solid waste disposal facility.

(j) "Qualified facility" means a mixed municipal solid waste disposal facility, including adjacent property used for solid waste disposal, that:

(1) is or was permitted by the agency;

(2) stopped accepting solid waste, except demolition debris, for disposal by April 9, 1994; and

(3) stopped accepting demolition debris for disposal by June 1, 1994, except that demolition debris may be accepted until May 1, 1995, at a permitted area where disposal of demolition debris is allowed, if the area where the demolition debris is deposited is at least 50 feet from the fill boundary of the area where mixed municipal solid waste was deposited.

Sec. 3. [115B.40] [PROGRAM.]

Subdivision 1. [RESPONSE TO RELEASES.] The commissioner may take any environmental response action, including emergency action, related to a release or threatened release of a hazardous substance, pollutant or contaminant, or decomposition gas from a qualified facility that the commissioner deems reasonable and necessary to protect the public health or welfare or the environment under the standards required in sections 115B.01 to 115B.24. The commissioner may undertake studies necessary to determine reasonable and necessary environmental response actions at individual facilities. The commissioner may develop general work plans for environmental studies, presumptive remedies, and generic remedial designs for facilities with similar

characteristics. Prior to selecting environmental response actions for a facility, the commissioner shall hold at least one public informational meeting near the facility and provide for receiving and responding to comments related to the selection. The commissioner shall design, implement, and provide oversight consistent with the actions selected under this subdivision.

Subd. 2. [PRIORITY LIST.] (a) The commissioner shall establish a priority list for preventing or responding to releases of hazardous substances, pollutants and contaminants, or decomposition gases at qualified facilities. The commissioner shall periodically revise the list to reflect changing conditions at facilities that affect priority for response actions. The initial priority list must be established by January 1, 1995.

(b) The priority list required under this subdivision must be based on the relative risk or danger to public health or welfare or the environment, taking into account to the extent possible the population at risk, the hazardous potential of the hazardous substances at the facility, the potential for contamination of drinking water supplies, the potential for direct human contact, and the potential for destruction of sensitive ecosystems.

Subd. 3. [NOTIFICATION.] By September 1, 1994, the commissioner shall notify the owner or operator of, and persons subject to a cleanup order at, each qualified facility of whether the requirements of subdivision 4 or 5 have been met. If the requirements have not been met at a facility, the commissioner, by the earliest practicable date, shall notify the owner or operator and persons subject to a cleanup order of what actions need to be taken.

Subd. 4. [QUALIFIED FACILITY NOT UNDER CLEANUP ORDER; DUTIES.] (a) The owner or operator of a qualified facility that is not subject to a cleanup order shall:

(1) complete closure activities at the facility, or enter into a binding agreement with the commissioner to do so, as provided in paragraph (d), within one year from the date the owner or operator is notified by the commissioner under subdivision 3 of the closure activities that are necessary to properly close the facility in compliance with facility's permit, closure orders, or enforcement agreement with the agency, and with the solid waste rules in effect at the time the facility stopped accepting waste;

(2) undertake or continue postclosure care at the facility until the date of notice of compliance under subdivision 7;

(3) transfer to the commissioner of revenue for deposit in the landfill cleanup account established in section 115B.42 any funds required for proof of financial responsibility under section 116.07, subdivision 4h, that remain after facility closure and any postclosure care and response action undertaken by the owner or operator at the facility including, if proof of financial responsibility is provided through a letter of credit or other financial instrument or mechanism that does not accumulate money in an account, the amount that would have accumulated had the owner or operator utilized a trust fund, less any amount used for closure, postclosure care, and response action at the facility;

(4) provide the commissioner with a copy of all applicable comprehensive general liability insurance policies and other liability policies relating to property damage, certificates, or other evidence of insurance coverage held during the life of the facility; and

(5) enter into a binding agreement with the commissioner to:

(i) take any actions necessary to preserve the owner or operator's rights to payment or defense under insurance policies included in clause (4); cooperate with the commissioner in asserting claims under the policies; and, within 60 days of a request by the commissioner, but no earlier than July 1, 1996, assign only those rights under the policies related to environmental response costs;

(ii) cooperate with the commissioner or other persons acting at the direction of the commissioner in taking additional environmental response actions necessary to address releases or threatened releases and to avoid any action that interferes with environmental response actions, including allowing entry to the property and to the facility's records and allowing entry and installation of equipment; and

(iii) refrain from developing or altering the use of property described in any permit for the facility except after consultation with the commissioner and in conformance with any conditions established by the commissioner for that property, including use restrictions, to protect public health and welfare and the environment.

(b) The owner or operator of a qualified facility that is a political subdivision may use a portion of any funds established for response at the facility, which are available directly or through a financial instrument or other financial arrangement, for closure or postclosure care at the facility if funds available for closure or postclosure care are inadequate and shall assign the rights to any remainder to the commissioner.

(c) The agreement required in paragraph (a), clause (5), must be in writing and must apply to and be binding upon the successors and assigns of the owner. The owner shall record the agreement, or a memorandum approved by the commissioner that summarizes the agreement, with the county recorder or registrar of titles of the county where the property is located.

(d) A binding agreement entered into under paragraph (a), clause (1), may include a provision that the owner or operator will reimburse the commissioner for the costs of closing the facility to the standard required in that clause.

Subd. 5. [QUALIFIED FACILITY UNDER CLEANUP ORDER; DUTIES.] (a) For a qualified facility that is subject to a cleanup order, persons identified in the order shall complete construction of the remedy required under the cleanup order and:

(1) for a federal order, receive a concurrent determination of the United States Environmental Protection Agency and the agency or commissioner that the remedy is functioning properly and is performing as designed; or

(2) for a state order, receive acknowledgment from the agency or commissioner that the obligations under the order for construction of the remedy have been met.

(b) The owner or operator of a qualified facility that is subject to a cleanup order, in addition to any applicable requirement in paragraph (a), shall comply with subdivision 4, paragraph (a), clauses (3) to (5).

Subd. 6. [COMMISSIONER; DUTIES.] (a) If the owner or operator of a qualified facility fails to comply with subdivision 4, paragraph (a), clause (1) or (2), the commissioner shall:

(1) undertake or complete closure activities at the facility in compliance with the solid waste rules in effect at the time the commissioner takes action under this clause; and

(2) undertake or continue postclosure care at the facility as required under subdivision 2.

(b) If a facility has been properly closed under subdivision 4, but the applicable closure requirements are less environmentally protective than closure requirements in the solid waste rules in effect on January 1, 1993, the commissioner shall determine whether the facility should be closed to the higher standards and, if so, shall undertake additional closure activities at the facility to meet those standards. The commissioner may determine that additional closure activities are unnecessary only if it is likely that response actions will be taken in the near future and that those response actions will result in removal or significant alteration of the closure activities or render the closure activities unnecessary.

Subd. 7. [NOTICE OF COMPLIANCE; EFFECTS.] (a) The commissioner shall provide written notice of compliance to the appropriate owner or operator or person subject to a cleanup order when:

(1) the commissioner determines that the requirements of subdivision 4 or 5 have been met; and

(2) the person who will receive the notice has submitted to the commissioner a written waiver of any claims the person may have against any other person for recovery of any environmental response costs related to a qualified facility that were incurred prior to the date of notice of compliance.

(b) Beginning on the date of the notice of compliance:

(1) the commissioner shall assume all obligations of the owner or operator or person for environmental response actions under the federal Superfund Act and any federal or state cleanup orders and shall undertake all further action under subdivision 1 at or related to the facility that the commissioner deems appropriate and in accordance with the priority list; and

(2) the commissioner may not seek recovery against the owner or operator of the facility or any responsible person of any costs incurred by the commissioner for environmental response action at or related to the facility, except:

(i) to the extent of insurance coverage held by the owner or operator or responsible person; or

(ii) as provided in section 115B.402.

(c) The commissioner and the attorney general shall communicate with the United States Environmental Protection Agency addressing the manner and procedure for the state's assumption of federal obligations under paragraph (b), clause (1).

Subd. 8. [STATUTES OF LIMITATIONS.] (a) With respect to claims for recovery of environmental response costs related to qualified facilities, the running of all applicable periods of limitation under state law is suspended until July 1, 2004.

(b) A waiver of claims for recovery of environmental response costs under this section or section 115B.43 is extinguished for that portion of reimbursable costs under section 115B.43 that have not been reimbursed by July 1, 2004.

Sec. 4. [115B.402] [ILLEGAL ACTIONS AT QUALIFIED FACILITIES.]

The commissioner may recover under section 115B.17, subdivision 6, that portion of the costs of response actions at any qualified facility attributable to a person who otherwise would be responsible for the release or threatened release under section 115B.03, and whose actions related to the release or threatened release were in violation of federal or state hazardous waste management laws in effect at the time of those actions. The commissioner's determination of the portion of the costs of a response action attributable to a person under this section, based on the volume and toxicity of waste in the facility associated with the person and other factors reasonably related to the contribution of the person to a release or threatened release, is prima facie evidence that those costs are attributable to the person.

Sec. 5. [115B.405] [EXCLUDED FACILITIES.]

Subdivision 1. [APPLICATION.] The owner or operator of a qualified facility may apply to the commissioner for exclusion from the landfill cleanup program under sections 115B.39, 115B.40, 115B.41, 115B.412, and 115B.43. Applications must be received by the commissioner by February 1, 1995. The owner or operator of a qualified facility that is subject to a federal cleanup order or that includes any portion that is tax-forfeited may not apply for exclusion under this section. In addition to other information required by the commissioner, an application must include a disclosure of all financial assurance accounts established for the facility. Applications for exclusion must:

(1) show that the operator or owner is complying with the agency's rules adopted under section 116.07, subdivision 4h, and is complying with a financial assurance plan for the facility that the commissioner has approved after determining that the plan is adequate to provide for closure, postclosure care, and contingency action;

(2) demonstrate that the facility is closed or is in compliance with a closure schedule approved by the commissioner; and

(3) include a waiver of all claims for recovery of costs incurred under sections 115B.01 to 115B.24 and the federal Superfund Act at or related to a qualified facility.

Subd. 2. [EVALUATION OF EXCLUSION STATUS.] Within 90 days after the commissioner has received a complete application for exclusion, the commissioner shall notify the owner or operator if the facility is excluded. If the commissioner finds that the facility does not satisfy the requirements for exclusion, the commissioner shall notify the owner or operator of that fact.

Subd. 3. [RESTRICTION ON USE OF PROPERTY AT EXCLUDED FACILITIES.] (a) A person may not use any property described in the most recent agency permit issued for an excluded facility in any way that disturbs the integrity of the final cover, liners, or any other components of any containment system, or the function of the facility's monitoring systems, unless the agency finds that the disturbance:

(1) is necessary to the proposed use of the property, and will not increase the potential hazard to human health or the environment; or

(2) is necessary to reduce a threat to human health or the environment.

(b) Before any transfer of ownership of property described in paragraph (a), the owner must obtain approval from the commissioner. The commissioner shall approve a transfer if the owner can demonstrate to the satisfaction of the commissioner that persons and property will not be exposed to undue risk from releases of hazardous substances or pollutants or contaminants.

(c) After obtaining approval from the commissioner, the owner shall record with the county recorder of the county in which the property is located an affidavit containing a legal description of the property that discloses to any potential transferee:

(1) that the land has been used as a mixed municipal solid waste disposal facility;

(2) the identity, quantity, location, condition, and circumstances of the disposal and any release of hazardous substances or pollutants or contaminants from the facility to the full extent known or reasonably ascertainable; and

(3) that the use of the property or some portion of it may be restricted as provided in paragraph (a).

(d) An owner must also file an affidavit within 60 days after any material change in any matter required to be disclosed under paragraph (c), with respect to property for which an affidavit has already been recorded. If the owner or any subsequent owner of the property removes the waste from the facility together with any residues, liner, and contaminated underlying and surrounding soil, that owner may record an affidavit indicating the removal. Failure to record an affidavit as provided in this paragraph does not affect or prevent any transfer of ownership of the property.

(e) The county recorder shall record all affidavits presented in accordance with paragraphs (c) and (d). The affidavits must be recorded in a manner that will ensure their disclosure in the ordinary course of a title search of the subject property.

(f) This subdivision is enforceable under sections 115.071 and 116.072.

Subd. 4. [CLOSURE.] If the commissioner determines that the owner or operator of an excluded facility did not complete the terms of an approved closure plan by the date in the plan, the commissioner shall complete closure at the facility and may seek cost recovery against the owner or operator under section 115B.17, subdivision 6.

Sec. 6. [115B.41] [ALLOCATION OF COSTS; FAILURE TO COMPLY.]

Subdivision 1. [ALLOCATION AND RECOVERY OF COSTS.] (a) A person who is subject to the requirements in section 115B.40, subdivision 4, or subdivision 5, paragraph (b), is responsible for all environmental response costs incurred by the commissioner at or related to the facility until the date of notice of compliance under section 115B.40, subdivision 7. The commissioner may use any funds available for closure, postclosure care, and response action established by the owner or operator. If those funds are insufficient or if the owner or operator fails to assign rights to them to the commissioner, the

commissioner may seek recovery of environmental response costs against the owner or operator in the county of Ramsey or in the county where the facility is located or where the owner or operator resides.

(b) In an action brought under this subdivision in which the commissioner prevails, the court shall award the commissioner reasonable attorney fees and other litigation expenses incurred by the commissioner to bring the action. All costs, fees, and expenses recovered under this subdivision must be deposited in the environmental fund and credited to the landfill cleanup account established in section 115B.42.

Subd. 2. [ENVIRONMENTAL RESPONSE COSTS; LIENS.] All environmental response costs, including administrative and legal expenses, incurred by the commissioner at a qualified facility before the date of notice of compliance under section 115B.40, subdivision 7, constitute a lien in favor of the state upon any real property located in the state, other than homestead property, owned by the owner or operator who is subject to the requirements of section 115B.40, subdivision 4 or 5. A lien under this subdivision attaches when the environmental response costs are first incurred and continues until the lien is satisfied or becomes unenforceable as for an environmental lien under section 514.672. Notice, filing, and release of the lien are governed by sections 514.671 to 514.676, except where those requirements specifically are related to only cleanup action expenses as defined in section 514.671. Relative priority of a lien under this subdivision is governed by section 514.672, except that a lien attached to property that was included in any permit for the solid waste disposal facility takes precedence over all other liens regardless of when the other liens were or are perfected. Amounts received to satisfy all or a part of a lien must be deposited in the landfill cleanup account.

Subd. 3. [LOCAL GOVERNMENT AID; OFFSET.] If an owner or operator fails to comply with section 115B.40, subdivision 4, or 5, paragraph (b), fails to remit payment of environmental response costs incurred by the commissioner before the date of notice of compliance under section 115B.40, subdivision 7, and is a local government unit, the commissioner may seek payment of the costs from any state aid payments, except payments made under section 115A.557, subdivision 1, otherwise due the local government unit. The commissioner of revenue, after being notified by the commissioner that the local government unit has failed to pay the costs and the amount due, shall pay an annual proportionate amount of the state aid payment otherwise payable to the local government unit into the landfill cleanup account that will, over a period of no more than five years, satisfy the liability of the local government unit for the costs.

Subd. 4. [DISQUALIFICATION; PERMITS.] If an owner or operator of a qualified facility that is not a local government unit does not undertake closure or postclosure care in compliance with section 115B.40, subdivision 4, the owner or operator is ineligible to obtain or renew a state or local permit or license to engage in a business that manages solid waste. Failure of an owner or operator that is not a local government unit to complete closure or postclosure care at a qualified facility is prima facie evidence of the lack of fitness of that owner or operator to conduct any solid waste business and is grounds for revocation of any solid waste business permit or license held by that owner or operator.

For the purposes of this subdivision and subdivision 2, "owner or operator" means a person, partnership, firm, limited liability company,

cooperative, association, corporation, or other entity and includes any entity in which the owner or operator owns a controlling interest.

Subd. 5. [EXPEDITED CLOSURE.] To expedite compliance with section 115B.40, subdivision 4, a person other than an owner or operator may undertake closure or postclosure care in compliance with that subdivision under an agreement with the commissioner.

Sec. 7. [115B.412] [PROGRAM OPERATION]

Subdivision 1. [DUTY TO PROVIDE INFORMATION.] Any person who the commissioner has reason to believe has or may obtain information related to the generation, composition, transportation, treatment, or disposal of waste in a qualified facility or who has or may obtain information related to the ownership or operation of a facility shall furnish to the commissioner or the commissioner's designee any information that person may have or may reasonably obtain that is relevant to a release or threatened release at a qualified facility.

Subd. 2. [ACCESS TO INFORMATION AND PROPERTY.] The commissioner or a person designated by the commissioner, on presentation of credentials, may:

(1) examine and copy any books, papers, records, memoranda, or data of any person who has a duty to provide information to the agency under subdivision 1; and

(2) enter upon any property, public or private, for the purpose of taking any action authorized by sections 115B.39 to 115B.43 including obtaining information from any person who has a duty to provide the information under subdivision 1, conducting surveys or investigations, and taking response action.

This subdivision and subdivision 1 are enforceable under sections 115.071 and 116.072. If the commissioner prevails in an enforcement action under this subdivision, the commissioner may recover all costs, including court costs, attorney fees, and administrative costs, related to the enforcement action.

Subd. 3. [ACQUISITION AND DISPOSITION OF REAL PROPERTY.] The commissioner may acquire and dispose of real property the commissioner deems reasonably necessary for environmental response actions at or related to a qualified facility under section 115B.17, subdivisions 15 and 16.

Subd. 4. [AFFECTED REAL PROPERTY; NOTICE.] (a) The commissioner shall provide to affected local government units, to be available as public information, and shall make available to others, on request, a description of the real property described in the original and any revised permits for a qualified facility, along with a description of activities that will be or have been taken on the property under sections 115B.39 to 115B.43 and a reasonably accurate description of the types, locations, and potential movement of hazardous substances, pollutants and contaminants, or decomposition gases related to the facility. The commissioner shall provide and make this information available at the time the facility is placed on the priority list under section 115B.40, subdivision 2; shall revise, provide, and make the information available when response actions, other than long-term maintenance actions, have been completed; and shall revise the information over time if significant changes occur that make the information obsolete or misleading.

(b) A local government unit that receives information from the commissioner under paragraph (a) shall incorporate that information in any land use plan that includes the affected property and shall notify any person who applies for a permit related to development of the affected property of the existence of the information and, on request, provide a copy of the information.

Subd. 5. [ENVIRONMENTAL LIEN.] An environmental lien for environmental response costs incurred, including reimbursements made under section 115B.43, by the commissioner under sections 115B.39 to 115B.46 attaches in the same manner as a lien under sections 514.671 to 514.676, to all the real property described in the original and any revised permits for a qualified facility and any adjacent property owned by the facility owner or operator from the date the first assessment, closure, postclosure care, or response activities related to the facility are undertaken by the commissioner. For the purposes of filing an environmental lien under this subdivision, the term "cleanup action" as used in sections 514.671 to 514.676 includes all of the costs incurred by the commissioner to assess, close, maintain, monitor, and respond to releases at qualified facilities under sections 115B.39 to 115B.46. Notwithstanding section 514.672, subdivision 4, a lien under this paragraph takes precedence over all other liens on the property regardless of when the other liens were or are perfected. For the purpose of this subdivision, "owner or operator" has the meaning given it in section 115B.41, subdivision 4.

Subd. 6. [CONTRACTS.] The commissioner shall, to the extent practicable, ensure that contracts for activities or consulting services under this section are entered into with contractors or consultants located within the region where the facility subject to the contracts is located. The commissioner shall tailor specifications in requests for proposals to the types of activities or services that need to be undertaken at a specific facility or group of facilities located in the same region and shall not include specifications that require specialized expertise or laboratory work not available within the region unless it is necessary to do so to meet the requirements of this section.

Subd. 7. [SEPARATE ACCOUNTING.] The commissioner shall maintain separate accounting for each qualified facility regarding:

(1) the amount of financial assurance funds transferred under section 115B.40, subdivisions 4 and 5; and

(2) costs of response actions taken at the facility.

Subd. 8. [TRANSFER OF TITLE.] The owner of a qualified facility may, as part of the owner's activities under section 115B.40, subdivision 4 or 5, offer to transfer title to all the property described in the facility's most recent permit, including any property adjacent to that property the owner wishes to transfer, to the commissioner. The commissioner may accept the transfer of title if the commissioner determines that to do so is in the best interest of the state.

Subd. 9. [LAND MANAGEMENT PLANS.] The commissioner shall develop a land use plan for each qualified facility. All local land use plans must be consistent with a land use plan developed under this subdivision. Plans developed under this subdivision must include provisions to prevent any use that disturbs the integrity of the final cover, liners, any other components of any containment system, or the function of any monitoring systems unless the commissioner finds that the disturbance:

(1) is necessary to the proposed use of the property, and will not increase the potential hazard to human health or the environment; or

(2) is necessary to reduce a threat to human health or the environment.

Before completing any plan under this subdivision, the commissioner shall consult with the commissioner of finance regarding any restrictions that the commissioner of finance deems necessary on the disposition of property resulting from the use of bond proceeds to pay for response actions on the property, and shall incorporate the restrictions in the plan.

Subd. 10. [REPORT.] By October 1 of each year, the commissioner shall report to the legislative commission on waste management and to the appropriate finance committees of the senate and the house of representatives on the commissioner's activities under sections 115B.39 to 115B.43 and the commissioner's anticipated activities during future fiscal years.

Subd. 11. [RULES.] The commissioner may adopt rules necessary to implement sections 115B.39 to 115B.43.

Sec. 8. [115B.414] [THIRD-PARTY CLAIMS; MEDIATION; DEFENSE.]

Subdivision 1. [THIRD-PARTY CLAIMS; DEFINITION.] For the purposes of this section, "third-party claims" means claims made against mixed municipal solid waste generators by a responsible person or group of responsible persons under state or federal law for payment of response costs and related costs at a qualified facility, when the claimant or claimants do not produce evidence, other than statistical or circumstantial evidence, that the persons against whom the claims are made ever arranged for disposal or transported for disposal mixed municipal solid waste containing a hazardous substance or pollutant or contaminant to the facility.

Subd. 2. [MEDIATION.] A third-party claim or group of third-party claims that all arise from the same facility may be submitted to the Minnesota office of dispute resolution for mediation under the Minnesota civil mediation act, sections 572.31 to 572.40. The costs of mediation must be allocated equally between the person or persons against whom the claims are made and the person or persons making the claims.

Subd. 3. [PARTIAL REIMBURSEMENT.] A person or persons against whom one or more third-party claims are made may seek reimbursement from the commissioner of one-half of the costs of mediation allocated to the person or persons under subdivision 2. The commissioner shall reimburse the person or persons that request reimbursement unless the commissioner finds that the mediation was not entered into and conducted in good faith by the person or persons seeking reimbursement.

Subd. 4. [DEFENSE COSTS.] If a person or persons against whom one or more third-party claims are made request the person or persons making the claims to submit the claims to mediation and the claimants refuse to submit to mediation or if the person or persons against whom third-party claims are made enter into and conduct the mediation in good faith but the mediation fails to resolve the claims, the person or persons, in cooperation with other persons against whom third-party claims have been made that arise from the same facility, may retain legal counsel to defend them against the claims and may seek partial reimbursement from the commissioner for reasonable attorney fees. The commissioner shall provide partial reimbursement for reasonable attorney fees under this subdivision of \$75 per hour for a

maximum number of hours to be established by the commissioner by rule. The maximum number of hours for reimbursement must increase as the number of persons who collectively retain legal counsel to defend against related claims increases but need not increase proportionately to the increase in the number of persons seeking collective defense. Under no circumstances may a person or group of persons receive reimbursement of more than 75 percent of their reasonable attorney fees under this subdivision.

Sec. 9. [115B.43] [REIMBURSABLE PARTIES AND EXPENSES.]

Subdivision 1. [GENERALLY.] Environmental response costs at qualified facilities for which a notice of compliance has been issued under section 115B.40, subdivision 7, are reimbursable as provided in this section.

Subd. 2. [REIMBURSABLE PERSONS.] (a) Except as provided in paragraphs (b) to (d), the following persons are eligible for reimbursement under this section:

(1) owners or operators, after the owners or operators have agreed to waive all claims for recovery of environmental response costs against any other persons and have agreed to reimburse, on a proportionate basis from each reimbursement received, each person from whom the applicant has collected funds towards reimbursable costs; and

(2) persons, other than owners and operators after the persons have agreed to:

(i) reimburse, on a proportionate basis from each reimbursement payment received, each person from whom the applicant has collected funds towards reimbursable costs; and

(ii) waive all claims for environmental response costs related to the facility and all other qualified facilities, against all other persons.

(b) A person is not eligible for reimbursement under this section if the person is an owner or operator who failed to properly close the qualified facility within the time specified in the facility's permit or the solid waste rules in effect at the time the facility stopped accepting waste.

(c) A person is not eligible for reimbursement under this section for environmental response costs at a facility if the person's actions relating to a release or threatened release at the facility were in violation of federal or state hazardous waste management laws in effect at the time of those actions.

(d) A person is not eligible for reimbursement under this section if, after June 15, 1994, the person files or continues to pursue an action asserting a claim for recovery of environmental response costs relating to a qualified facility, or otherwise seeks contributions for these costs, from another person.

Subd. 3. [REIMBURSABLE EXPENSES.] (a) Environmental response costs are eligible for reimbursement under this section to the extent that they:

(1) exceed:

(i) for each political subdivision that is an owner or operator of the facility, \$250,000; and

(ii) for a private owner or operator, or a political subdivision that jointly owned or operated the facility with two or more other political subdivisions under a valid joint powers agreement, \$750,000;

(2) are documented with billings or other proof of project cost; and

(3) if the commissioner finds that they were reasonable and necessary under the circumstances. The commissioner may request further documentation from those requesting reimbursement if it is necessary in the commissioner's judgment.

(b) For owners or operators, the following costs are not reimbursable:

(1) costs attributable to normal operations of the facility or to activities required under the facility permit and applicable solid waste rules, including corrective action, closure, postclosure, and contingency action; and

(2) the acquisition of real property if required of the owner or operator in order to carry out requirements of the facility permit or applicable solid waste rules.

Subd. 4. [REIMBURSEMENT PLAN.] The commissioner shall prepare a reimbursement plan and present it by October 1, 1995, to the legislative commission on waste management, the chairs of the senate finance committee and environment and natural resources finance division and the committees on ways and means and environment and natural resources finance of the house of representatives, and owners and operators of, and persons subject to a cleanup order at, qualified facilities. The plan shall identify sites where reimbursement will occur and the estimated dollar amount for each site, and shall set out priorities and payment schedules. The plan must give first priority for reimbursement to persons who are not owners or operators of qualified facilities.

Subd. 5. [REIMBURSEMENT TIMING.] The commissioner shall not issue reimbursement payments before October 15, 1995. The commissioner shall not issue reimbursements for expense statements filed after October 15, 1996, and shall approve or deny all reimbursement requests by October 15, 1997. The commissioner shall fully reimburse all persons eligible for reimbursement no later than six years after the date of notice of compliance for the facility under section 115B.40, subdivision 7.

Subd. 6. [REIMBURSEMENT CEILING.] The commissioner shall not issue reimbursements in an amount exceeding \$7,000,000 per fiscal year.

When the records in the office of the county recorder show that any lot or tract of land is encumbered by an unsatisfied mortgage or other lien, and show the post office address of the mortgagee or lienee, or if the same has been assigned, the post office address of the assignee, the person holding such tax certificate shall serve a copy of such notice upon such mortgagee, lienee, or assignee by certified mail addressed to such mortgagee, lienee, or assignee at the post office address of the mortgagee, lienee, or assignee as disclosed by the records in the office of the county recorder, at least 60 days prior to the time when the redemption period will expire.

ARTICLE 2

Section 1. [115B.44] [INVESTIGATION AND PURSUIT OF INSURANCE CLAIMS.]

Subdivision 1. [COMMISSIONER TO INVESTIGATE.] The commissioner may conduct investigations to identify responsible persons at qualified facilities. At the commissioner's request, a responsible person identified under this subdivision shall provide the commissioner with a copy of all applicable comprehensive general liability insurance policies, certificates, or other evidence of insurance coverage held while the person engaged in actions making the person a potential responsible person; take any actions necessary

to preserve the person's rights to payment or defense under the policies; cooperate with the commissioner in asserting claims; and, within 60 days of the commissioner's request, assign only those rights under the policies related to environmental response costs at or related to qualified facilities. The commissioner may not request assignment of rights under this subdivision before May 1, 1996.

Subd. 2. [ATTORNEY GENERAL TO PURSUE ASSIGNED CLAIMS.] The attorney general shall pursue available insurance claims under rights assigned under subdivision 1 or section 115B.40 and may contract for legal services for this purpose. All money recovered under this subdivision must be credited to the landfill cleanup account.

Sec. 2. [115B.45] [VOLUNTARY BUY-OUT FOR INSURERS.]

In full satisfaction of any rights assigned to the state under sections 115B.40 and 115B.44, an insurer may tender to the commissioner before January 1, 1998, the voluntary buy-out amount calculated under section 115B.46. In consideration of the amount tendered to the commissioner, an insurer shall be released by the state from liability for defense or indemnification relating to environmental response costs incurred by the commissioner at qualified facilities, except that no liability protection exists under this section until the commissioner has received buy-out commitments totaling \$30,000,000. Any amounts received by the commissioner must be credited to the landfill cleanup account.

Sec. 3. [115B.46] [VOLUNTARY BUY-OUT AMOUNT.]

Subdivision 1. [CALCULATION.] The voluntary buy-out amount for an insurer must be calculated in accordance with this section.

Subd. 2. [VOLUNTARY BUY-OUT SHARE.] An insurer's unadjusted voluntary buy-out share is equal to that insurer's combined Minnesota written premium for the commercial multiperil line of insurance for calendar years 1970 through 1973, the liability other than auto line for calendar years 1970 and 1971, and the miscellaneous liability line for calendar years 1972 and 1973, as defined by the National Association of Insurance Commissioners' annual statement instructions during the applicable periods, divided by the aggregate written premium for all insurers for these lines during these same time periods. The commissioner of commerce shall calculate the unadjusted shares for individual insurers from data published by A.M. Best for the applicable periods. The commissioner shall advise each insurer with an unadjusted share calculated pursuant to this subdivision of the amount of their unadjusted share. The commissioner shall also request from the insurers data to support an adjustment under subdivision 3. The commissioner shall so advise insurers by May 1, 1996.

Subd. 3. [ADJUSTMENTS.] An insurer may adjust its share by providing the commissioner of commerce with evidence that the insurer's Minnesota written premium liability other than auto written premium for calendar years 1970 and 1971 and miscellaneous liability for calendar years 1972 and 1973 included professional or medical malpractice insurance written premiums. The evidence may be provided by written documents or electronically imaged and reproduced documents, contemporaneous with the period of the adjustment, reflecting the insurer's professional or medical malpractice insurance written premium for these periods. The evidence may include an affidavit from an officer of the insurer testifying to the veracity of the data. An insurer's

share must be adjusted by the amount of the insurer's professional or medical malpractice insurance Minnesota written premium for calendar years 1970 through 1973 subtracted from the insurer's aggregate liability other than auto and miscellaneous liability written premium for calendar years 1970 through 1973. The commissioner of commerce shall reduce the aggregate liability other than auto and miscellaneous liability written premium for all insurers by the amount of total adjustments for all insurers under this subdivision prior to the final calculation of each insurer's share. The commissioner shall recalculate each insurer's share using the method provided in subdivision 1 subject to the adjustment provided by this subdivision.

Subd. 4. [CREDITS.] An insurer may receive a credit of 25 percent for each of the calendar years 1970, 1971, 1972, and 1973 that the insurer can demonstrate that sudden and accidental qualified pollution exclusions were endorsed to or included in all its comprehensive general liability insurance policies issued during these years. To support a claim for credits under this subdivision, an insurer may provide the commissioner of commerce with an affidavit from an officer or former officer testifying as to the business practice of the insurer during the year or years in question. An insurer may obtain a 25 percent credit for each of the years 1970, 1971, 1972, and 1973 that the exclusions were endorsed to or included in these policies.

Subd. 5. [FINAL CALCULATION.] An insurer's voluntary buy-out amount is equal to the multiplication of the insurer's adjusted share by \$90,000,000 minus the amount of the insurer's credits under subdivision 4. The commissioner of commerce shall notify each insurer of its buy-out amount calculated under this section by September 30, 1996. An insurer that elects to buy out under this section may pay the amount calculated under this subdivision in ten equal annual installments.

Subd. 6. [NONPUBLIC DATA.] All information obtained by the commissioner of commerce from insurers under this section is nonpublic data under section 13.02, subdivision 9.

Subd. 7. [HEARING.] An insurer who disagrees with the calculation of its voluntary buy-out amount may request that the commissioner of commerce reconsider. An insurer requesting reconsideration shall supply the commissioner with information that supports the insurer's position within 30 days of receipt of the notification under subdivision 4. The commissioner shall reconsider the insurer's calculation based upon the information supplied within 30 days of receipt of the information. An insurer may appeal the decision of the commissioner as a contested case under chapter 14.

Subd. 8. [MINIMUM AMOUNT.] An insurer's voluntary buy-out amount may not be less than \$200,000.

Subd. 9. [RULES.] The commissioner of commerce may adopt rules to implement this section.

Sec. 4. [FEDERAL INSURANCE TRUST FUND.]

The commissioner of the pollution control agency shall monitor developments relating to the establishment of a federal insurance trust fund, or a similar fund, as part of the reauthorization of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, United States Code, title 42, section 9601 et seq., and shall take actions, including communicating with Congress and the United States Environmental

Protection Agency, to maximize the amount of money available from the federal fund for payments relating to mixed municipal solid waste disposal facilities in this state. By January 15, 1995, the commissioner shall submit to the legislative commission on waste management, the senate environment and natural resources finance division, and the house committee on environment and natural resources finance a report containing:

- (1) a summary of federal developments and the commissioner's actions under this section; and
- (2) any recommendations for legislation.

Sec. 5. [VOLUNTARY INSURANCE BUY-OUT PROGRAM; EVALUATION AND RECOMMENDATIONS BY ATTORNEY GENERAL.]

(a) The attorney general shall evaluate the voluntary insurance buy-out program established in sections 115B.45 and 115B.46 in light of the legislature's intent to maximize the net revenue to the state under the program. By January 15, 1996, the attorney general shall report on the evaluation to the legislative commission on waste management and the appropriate committees of the legislature. The report must include:

(1) recommendations on changes to the program, including any recommendations for changes to the years to be considered in calculating the voluntary buy-out amount under section 115B.46, subdivision 2; the adjustments and credits allowed under section 115B.46, subdivisions 3 and 4; the \$90,000,000 amount in section 115B.46, subdivision 5; and any other element of the program; and

(2) a detailed explanation of the process by which the attorney general's recommendations, if any, were formulated, including a summary of the comments of each of the entities listed in paragraph (b).

(b) In preparing the report, the attorney general shall consult with:

(1) representatives of the department of commerce and the pollution control agency;

(2) representatives of insurers at the state and national levels; and

(3) representatives of insureds.

(c) The attorney general may request of any person, including an insurer, any documents, records, or other information that the attorney general deems necessary to perform its responsibilities under this section. A person, including an insurer, shall comply with such requests of the attorney general within the time specified in the request, or, if no time is specified, within 30 days of the mailing of the request by the attorney general. In the case of a refusal to comply with a request for information under this section, the attorney general may apply to the district court for an order directing the person to comply with the request. A person shall not be required to provide any information that is subject to the attorney-client privilege or work product privilege. An insurer shall not be required to provide information specific to a particular insured unless the attorney general deems such information necessary to confirm summary information provided by an insurer. With respect to information obtained under this paragraph that is specific to a particular insured, the attorney general shall, pursuant to standard legal practice, take steps necessary to assure that such information is not discussed with, or available to, any attorney general staff involved in evaluating or

pursuing assigned claims under section 115B.44, subdivision 2. Nothing in this paragraph prevents the attorney general from independently obtaining the information as otherwise allowed by law to evaluate or pursue assigned claims under section 115B.44, subdivision 2.

(d) Upon request of the attorney general, the commissioners of the pollution control agency and commerce shall cooperate with the attorney general in carrying out the authority under this section.

Section 1. Minnesota Statutes 1993 Supplement, section 115B.178, subdivision 1, is amended to read:

Subdivision 1. [DETERMINATION.] (a) The commissioner may issue determinations that certain actions proposed to be taken at real property subject to a release or threatened release of a hazardous substance or pollutant or contaminant will not constitute conduct associating the person with the release or threatened release for the purpose of section 115B.03, subdivision 3, clause (d). Proposed actions that may be covered by a determination under this section include response actions approved by the commissioner to address the release or threatened release, actions to improve or develop the real property, loans secured by the real property, or other similar actions. A determination may be subject to terms and conditions deemed reasonable by the commissioner. When a person takes actions in accordance with a determination issued under this subdivision, the actions do not associate the person with the release for the purpose of section 115B.03, subdivision 3, clause (d).

(b) If a person requesting a determination proposes to take response actions at real property, the commissioner may also issue a determination under paragraph (a) that certain actions taken in the past at the real property did not constitute conduct associating the person with the release or threatened release for purposes of section 115B.03, subdivision 3, clause (d). Any such determination shall be limited to the represented facts of the past actions and shall not apply to actions that are not represented or disclosed. The determination may be subject to such other terms and conditions as the commissioner deems reasonable.

Sec. 2. Minnesota Statutes 1992, section 115C.03, subdivision 9, is amended to read:

Subd. 9. [REQUESTS FOR REVIEW, INVESTIGATION, AND OVERSIGHT.] (a) The commissioner may, upon request:

(1) assist in determining whether a release has occurred; and

(2) assist in or supervise the development and implementation of reasonable and necessary response corrective actions.

(b) Assistance may include review of agency records and files and review and approval of a requester's investigation plans and reports and corrective action plans and implementation.

(c) Assistance may include the issuance of a written determination that an owner or prospective buyer of real property will not be a responsible person under section 115C.021, if the commissioner finds the release came from a tank not located on the property. The commissioner may also issue a written confirmation that the real property was the site of a release and that the tank from which the release occurred has been removed or that the agency has issued a site closure letter and has not revoked that status. The issuance of the written determination or confirmation applies to tanks not on the property or removed only, and does not affect liability for releases from tanks that are on the property at the time of purchase. The written determination or confirmation extends to the successors and assigns of the person to whom it originally applied, if the successors and assigns are not otherwise responsible for the release.

(e) (d) The person requesting assistance under this subdivision shall pay the agency for the agency's cost, as determined by the commissioner, of providing

assistance. Money received by the agency for assistance under this subdivision must be deposited in the state treasury and credited to the account.

ARTICLE 6

Section 1. Minnesota Statutes 1992, section 116G.15, is amended to read:

116G.15 [MISSISSIPPI RIVER CRITICAL AREA.]

The federal Mississippi National River and Recreation Area established pursuant to United States Code, title 16, section 460zz-2(k), is designated an area of critical concern in accordance with this chapter. The governor shall review the existing Mississippi river critical area plan and specify any

additional standards and guidelines to affected communities in accordance with section 116G.06, subdivision 2, paragraph (b), clauses (3) and (4), needed to insure preservation of the area pending the completion of the federal plan.

The results of an environmental impact statement prepared under chapter 116D and completed after the effective date of this section for a proposed project that is located in the Mississippi river critical area north of the United States Army Corps of Engineers lock and dam number one must be submitted in a report to the chairs of the environment and natural resources policy and finance committees of the house of representatives and the senate prior to the issuance of any state or local permits and the authorization for an issuance of any bonds for the project. A report made under this paragraph must list alternatives to the project that are environmentally superior to the proposed project and identify any legislative actions that may assist in the implementation of environmentally superior alternatives. This paragraph does not apply to a proposed project to be carried out by the metropolitan council or a metropolitan agency as defined in section 473.121.

Sec. 2. [116G.151] [REQUIRED ENVIRONMENTAL ASSESSMENT WORKSHEET; FACILITIES IN MISSISSIPPI RIVER AREA.]

(a) Until completion of an environmental assessment worksheet that complies with the rules of the environmental quality board and this section, a state or local agency may not issue a permit for construction or operation of a metal materials shredding project with a processing capacity in excess of 20,000 tons per month that would be located in the Mississippi river critical area, as described in section 116G.15, upstream from United States Corps of Engineers Lock and Dam Number One.

(b) The pollution control agency is the responsible governmental unit for the preparation of an environmental assessment worksheet required under this section.

(c) In addition to the contents required under law and rule, an environmental assessment worksheet completed under this section must also include the following major categories:

(1) effects of operation of the project, including vibrations and airborne particulates and dust, on the Mississippi river;

(2) effects of operation of the project, including vibrations and airborne particulates and dust, on adjacent businesses and on residents and neighborhoods;

(3) effects of operation of the project on barge and street traffic;

(4) discussion of alternative sites considered by the project proposer for the proposed project, possible design modifications including site layout, and the magnitude of the project;

(5) mitigation measures that could eliminate or minimize any adverse environmental effects of the proposed project;

(6) impact of the proposed project on the housing, park, and recreational use of the river;

(7) effects of waste and implication of the disposal of waste generated from the proposed project;

(8) effects on water quality from the project operations, including wastewater generated from operations of the proposed project;

(9) potential effects from fugitive emissions, fumes, dust, noise, and vibrations from project operations;

(10) compatibility of the existing operation and proposed operation with other existing uses;

(11) the report of the expert required by paragraph (g).

(d) In addition to the publication and distribution provisions relating to environmental assessment worksheets under law and rule, notice of environmental assessment worksheets performed by this section shall also be published in a newspaper of general circulation as well as community newspapers in the affected neighborhoods.

(e) A public meeting in the affected communities must be held on the environmental assessment worksheet prepared under this section. After the public meeting on the environmental assessment worksheet, there must be an additional 30-day period for review and comment on the environmental assessment worksheet.

(f) If the pollution control agency determines that information necessary to make a reasonable decision about potential of significant environmental impacts is insufficient, the agency shall make a positive declaration and proceed with an environmental impact statement.

(g) The pollution control agency shall retain an expert in the field of toxicology who is capable of properly analyzing the potential effects and content of any airborne particulates, fugitive emissions, and dust that could be produced by a metal materials shredding project. The pollution control agency shall obtain any existing reports or documents from a governmental entity or project proposer that analyzes or evaluates the potential hazards of airborne particulates, fugitive emissions, or dust from the construction or operation of a metal materials shredding project in preparing the environmental assessment worksheet. The agency and the expert shall prepare, as part of the report, a risk assessment of the types of metals permitted to be shredded as compared to the types of materials that are likely to be processed at the facility. In performing the risk assessment, the agency and the expert must consider any actual experience at similar facilities. The report must be included as part of the environmental assessment worksheet.

(h) If the pollution control agency determines that under the rules of the environmental quality board an environmental impact statement should be prepared, the pollution control agency shall be the responsible governmental unit for preparation of the environmental impact statement.

Sec. 3. [APPROPRIATION.]

\$75,000 is appropriated in fiscal year 1995 from the general fund to the commissioner of the pollution control agency to hire the consultant required under section 2, and to prepare the environmental assessment worksheet required by section 2. The proposer will bear all other costs associated with the preparation of the environmental assessment worksheet."

May 5, 1994

The Honorable Irv Anderson
Speaker of the House of Representatives

The Honorable Allan H. Spear
President of the Senate

We, the undersigned conferees for H.F. No. 2016, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 2016 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1992, section 332.13, subdivision 2, is amended to read:

Subd. 2. “Debt prorating” means the performance of any one or more of the following:

(a) managing the financial affairs of an individual by distributing income or money to the creditors thereof;

(b) receiving funds for the purpose of distributing said funds among creditors in payment or partial payment of obligations of a debtor; or

(c) settling, adjusting, prorating, pooling, or liquidating the indebtedness of a debtor. Any person so engaged or holding out as so engaged shall be deemed to be engaged in debt prorating regardless of whether or not a fee is charged for such services. This term shall not include services performed by the following when engaged in the regular course of their respective businesses and professions:

(1) Attorneys at law, escrow agents, accountants, broker-dealers in securities;

(2) Banks, state or national, trust companies, savings and loan associations, building and loan associations, title insurance companies, insurance companies and all other lending institutions duly authorized to transact business in the state of Minnesota, provided no fee is charged for such service;

(3) Persons who, as employees on a regular salary or wage of an employer not engaged in the business of debt prorating, perform credit services for their employer;

(4) Public officers acting in their official capacities and persons acting pursuant to court order;

(5) Nonprofit corporations, organized under Minnesota Statutes 1967, Chapter 317, giving debt prorating service, provided no fee is charged for such service;

(6) Any person while performing services incidental to the dissolution, winding up or liquidation of a partnership, corporation or other business enterprise;

(7) The state of Minnesota, its political subdivisions, public agencies and their employees;

(8) Credit unions, provided no fee is charged for such service;

(9) "Qualified organizations" designated as representative payees for purposes of the Social Security and Supplemental Security Income representative payee system and the federal Omnibus Budget Reconciliation Act of 1990, Public Law Number 101-508; and

(10) Accelerated mortgage payment providers. "Accelerated mortgage payment providers" are persons who, after satisfying the requirements of sections 332.30 to 332.303, receive funds to make mortgage payments to a lender or lenders, on behalf of mortgagors, in order to exceed regularly scheduled minimum payment obligations under the terms of the indebtedness. The term does not include: (i) persons or entities described in clauses (1) to (9); (ii) mortgage lenders or servicers, industrial loan and thrift companies, or regulated lenders under chapter 56; or (iii) persons authorized to make loans under section 47.20, subdivision 1.

For purposes of this clause and sections 332.30 to 332.303, "lender" means the original lender or that lender's assignee, whichever is the current mortgage holder.

Sec. 2. [332.30] [ACCELERATED MORTGAGE PAYMENT PROVIDER; BOND REQUIREMENTS.]

(a) Before beginning business in this state, an accelerated mortgage payment provider, as defined in section 332.13, subdivision 2, clause (10), shall submit to the commissioner of commerce either:

(1) a surety bond in which the accelerated mortgage payment provider is the obligor, in an amount determined by the commissioner; or

(2) if the commissioner agrees to accept it, a deposit:

(i) in cash in an amount equivalent to the bond amount; or

(ii) of authorized securities, as defined in section 50.14, with an aggregate market value equal to the bond amount. The cash or securities must be deposited with the state treasurer.

(b) The amount of the bond required by the commissioner shall vary with the amount of Minnesota client funds held or to be held by the obligor. For new businesses, the bond must be no less than \$100,000, except as provided in section 332.301. The commissioner may increase the required bond amount upon 30 days notice to the accelerated mortgage payment provider.

(c) If a bond is submitted, it must name as surety an insurance company authorized to transact fidelity and surety business in this state. The bond must run to the state of Minnesota for the use of the state and of any person who may have a claim against the obligor arising out of the obligor's activities as an accelerated mortgage payment provider. The bond must be conditioned that the obligor will not commit any fraudulent act and will faithfully conform to and abide by the provisions of accelerated mortgage payment agreements with Minnesota residents.

If an accelerated mortgage payment provider has failed to account to a mortgagor or distribute funds to the mortgagee as required by an accelerated mortgage payment agreement, the mortgagor or the mortgagor's legal representative or receiver or the commissioner shall have, in addition to any other legal remedies, a right of action in the name of the debtor on the bond or the security given pursuant to this section.

Sec. 3. [332.301] [BOND; BACKGROUND CHECK.]

The commissioner may accept an initial surety bond or deposit in an amount less than \$100,000 based upon the business plan of the accelerated mortgage payment provider, provided the commissioner obtains a third-party background check at the expense of the accelerated mortgage payment provider and from a source to be determined by the commissioner. The commissioner may require a third-party background check in connection with any accelerated mortgage payment provider at the expense of the accelerated mortgage payment provider, but no more often than annually.

Sec. 4. [332.302] [CONTRACTS; NOTICE TO MORTGAGOR.]

A contract entered into between an accelerated mortgage payment provider and a mortgagor shall be in writing and include all applicable terms and conditions including, but not limited to, all fees, costs, and charges. A conforming copy must be provided to the mortgagor before any fees in connection with the accelerated mortgage payment services are received by the accelerated mortgage payment provider. A contract shall provide that the

arrangement between the accelerated mortgage payment provider and lender or lenders requires:

(1) that if the original terms of the mortgage, mortgage note, or escrow agreement are in default because of nonpayment by the accelerated mortgage payment provider, the lender or lenders mail or otherwise deliver to the mortgagor a written notice within 30 days of the default; and

(2) that a written summary of payments received by the accelerated mortgage payment provider by date and amount, payments made to the lender or lenders on behalf of the mortgagor by date and amount, and unremitted balance held by the accelerated mortgage payment provider be provided to the mortgagor at least annually or more frequently on a date or dates mutually agreed upon between the accelerated mortgage payment provider and mortgagor.

Sec. 5. [332.303] [SEGREGATED ACCOUNTS.]

A payment received by an accelerated mortgage payment provider from or on behalf of a client shall be held by the accelerated mortgage payment provider in a separate trust account clearly designated for client funds. The account shall be in a bank or other depository institution authorized or chartered under the laws of any state or of the United States. The accelerated mortgage payment provider shall not commingle funds held for payment to lenders with its own property or funds.

Sec. 6. [SERVICE PROVISION STUDY.]

The commissioner of commerce shall report by January 15, 1995, to the commerce and consumer protection committee in the senate and the financial institutions and insurance committee in the house, on the feasibility of requiring financial institutions to offer to mortgagors the option of making their payments on a semimonthly, biweekly, or other accelerated basis, at no additional charge or fee, in order to exceed regularly scheduled minimum payment obligations under the terms of the indebtedness.

Sec. 7. [EFFECTIVE DATE.]

Sections 1 to 6 are effective the day following final enactment."

The Honorable Allan H. Spear
President of the Senate

We, the undersigned conferees for H.F. No. 3230, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 3230 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1992, section 169.14, subdivision 5d, is amended to read:

Subd. 5d. [SPEED ZONING IN WORK ZONES; SURCHARGE.] (a) The commissioner, on trunk highways and temporary trunk highways, and local authorities, on streets and highways under their jurisdiction, may authorize the use of reduced maximum speed limits in highway work zones. The commissioner or local authority is not required to conduct an engineering and traffic investigation before authorizing a reduced speed limit in a highway work zone.

(b) The minimum highway work zone speed limit is 20 miles per hour. The work zone speed limit must not reduce the established speed limit on the affected street or highway by more than 15 miles per hour, except that the highway work zone speed limit shall not exceed 40 miles per hour. Highway work zone speed limits are effective on erection of appropriate regulatory speed limit signs designating the beginning and end of the affected work zone. The signs must be removed or covered when they are not required. A speed greater than the posted highway work zone speed limit is unlawful.

(c) For purposes of this subdivision, “highway work zone” means a segment of highway or street where a road authority or its agent is constructing, reconstructing, or maintaining the physical structure of the roadway, its shoulders, or features adjacent to the roadway, including underground and overhead utilities and highway appurtenances.

The surcharge must be deposited in the state treasury and credited to the general fund.*

Sec. 2. Minnesota Statutes 1992, section 360.305, subdivision 4, is amended to read:

Subd. 4. (1) Except as otherwise provided in this subdivision, the commissioner of transportation shall require as a condition of assistance by the state that the political subdivision, municipality, or public corporation make a substantial contribution to the cost of the construction, improvement, maintenance, or operation, these costs are referred to as project costs, in connection with which the assistance of the state is sought.

(2) For any airport, whether key, intermediate or landing strip, where only state and local funds are to be used, the contribution shall be not less than one-fifth of the sum of:

(a) the project costs,

(b) acquisition costs of the land and clear zones, “acquisition costs.”

Where federal, state and local funds are to be used, the contribution shall not be less than one-tenth of the sum.

(3) The commissioner may pay the total cost of radio and navigational aids.

(4) Notwithstanding clause (2), the commissioner may pay all of the project costs of a new landing strip, but not an intermediate airport or key airport, or may pay an amount equal to the federal funds granted and used for a new landing strip plus all of the remaining project costs; but the total amount paid by the commissioner for the project costs of a new landing strip, unless specifically authorized by an act appropriating funds for the new landing strip, shall not exceed \$200,000.

(5) Notwithstanding clause (2), the commissioner may pay all the project costs for research and development projects, including, but not limited to noise abatement; provided that in no event shall the sums expended under this clause exceed five percent of the amount appropriated for construction grants.

(6) To receive aid under this section for acquisition costs the municipality must enter into an agreement with the commissioner giving assurance that the airport will be operated and maintained in a safe, serviceable manner for aeronautical purposes only for the use and benefit of the public for a period of 20 years after the date that the state funds are received by the municipality. The agreement may contain other conditions as the commissioner deems reasonable.

(7) The commissioner shall establish a hangar construction revolving account which shall be used for the purpose of financing the construction of hangar buildings to be constructed by municipalities owning airports. All municipalities owning airports are authorized to enter into contracts for the construction of hangars, and contracts with the commissioner for the financing of hangar construction for an amount and period of time as may be determined by the commissioner and municipality. All receipts from the financing contracts shall be deposited in the hangar construction revolving account and are reappropriated for the purpose of financing construction of hangar buildings. (9) This subdivision shall apply only to project costs or acquisition costs of municipally owned airports which are incurred after June 1, 1971.

Sec. 3. Minnesota Statutes 1992, section 473.167, subdivision 2, is amended to read:

Subd. 2. [LOANS FOR ACQUISITION.] The council may make loans to counties, towns, and statutory and home rule charter cities within the metropolitan area for the purchase of property within the right-of-way of a state trunk highway shown on an official map adopted pursuant to section

394.361 or 462.359 or for the purchase of property within the proposed right-of-way of a principal or intermediate arterial highway designated by the council as a part of the metropolitan highway system plan and approved by the council pursuant to subdivision 1. The loans shall be made by the council, from the fund established pursuant to this subdivision, for purchases approved by the council. The loans shall bear no interest. The council shall make loans only: (1) to accelerate the acquisition of primarily undeveloped property when there is a reasonable probability that the property will increase in value before highway construction, and to update an expired environmental impact statement on a project for which the right-of-way is being purchased; or (2) to avert the imminent conversion or the granting of approvals which would allow the conversion of property to uses which would jeopardize its availability for highway construction; or (3) to advance planning and environmental activities on highest priority major metropolitan river crossing projects, under the transportation development guide chapter/policy plan. The council shall not make loans for the purchase of property at a price which exceeds the fair market value of the property or which includes the costs of relocating or moving persons or property. A private property owner may elect to receive the purchase price either in a lump sum or in not more than four annual installments without interest on the deferred installments. If the purchase agreement provides for installment payments, the council shall make the loan in installments corresponding to those in the purchase agreement. The recipient of an acquisition loan shall convey the property for the construction of the highway at the same price which the recipient paid for the property. The price may include the costs of preparing environmental documents that were required for the acquisition and that were paid for with money that the recipient received from the loan fund. Upon notification by the council that the plan to construct the highway has been abandoned or the anticipated location of the highway changed, the recipient shall sell the property at market value in accordance with the procedures required for the disposition of the property. All rents and other money received because of the recipient's ownership of the property and all proceeds from the conveyance or sale of the property shall be paid to the council. If a recipient is not permitted to include in the conveyance price the cost of preparing environmental documents that were required for the acquisition, then the recipient is not required to repay the council an amount equal to 40 percent of the money received from the loan fund and spent in preparing the environmental documents. The proceeds of the tax authorized by subdivision 3, all money paid to the council by recipients of loans, and all interest on the proceeds and payments shall be maintained as a separate fund. For administration of the loan program, the council may expend from the fund each year an amount no greater than three percent of the amount of the authorized levy for that year.

Sec. 4. [ELECTRIC VEHICLE TECHNOLOGY STUDY; APPROPRIATION.]

(a) *The commissioner of transportation shall study, evaluate, and test road powered electric vehicle (RPEV) technology under the Saints Road Project in St. Cloud, Minnesota, in coordination with the St. Cloud Area Metropolitan Transit Commission. The commissioner shall make findings and recommendations to the transportation committees of the Minnesota senate and house of representatives specifically discussing: RPEV enhancement to and cost comparisons for electric trolley bus applications, particularly regarding light rail transit; RPEV application as an intermodal system at the Minneapolis-St. Paul airport to replace the diesel truck passenger carrier operating between*

the terminal and car rental agencies; snow and ice removal testing and evaluation; and safety testing of the RPEV technology under consideration at the Saints Road Project.

(b) \$200,000 is appropriated from the trunk highway fund for fiscal year 1995 to the commissioner of transportation to study electric vehicle technology and to pay for the costs, not to exceed ten percent of this appropriation, of the office of transit of the department of transportation to oversee the project. The commissioner shall disburse money from this appropriation on a two-for-one matching basis, seeking federal funding as well as local matching money.

Sec. 5. [HIGH-SPEED RAIL CORRIDOR STUDY; APPROPRIATION.]

(a) The commissioner of transportation shall initiate a phase-II feasibility study of high-speed rail service in Minnesota, Wisconsin, and Illinois along the southern corridor identified in the tri-state study of high-speed rail service. The commissioner shall seek federal matching funds and contributions from nonpublic sources to finance the study. The commissioner may enter into agreements with the states of Wisconsin and Illinois to cooperate in financing and performing the study.

(b) The study outline must be agreed upon by the participating states and federal government and must include:

- (1) collection of original and comprehensive origin-destination data;*
- (2) a comprehensive assessment of alternative technologies;*
- (3) engineering and environmental analysis, including route evaluations within the corridor, crossings, infrastructure needs, intermodal connections, and potential station locations;*
- (4) comprehensive financial and economic analysis;*
- (5) analysis of potential public-private partnerships; and*
- (6) an implementation plan and program for design and construction of a high-speed rail system.*

(c) \$630,000 is appropriated from the general fund to the commissioner of transportation for the purposes of the phase-II high-speed rail study under this section. This appropriation is contingent upon the state of Wisconsin paying \$500,000 and receipt of federal matching money for the study.

Sec. 6. [APPROPRIATION; JOB SKILLS PARTNERSHIP.]

\$250,000 is appropriated to the Minnesota job skills partnership board for the purpose of funding the development and implementation of a program by the city of St. Paul which connects the economic development activities of the St. Paul Port Authority with the city of St. Paul's employment and job development programs. This employment connection program shall be administered by the port authority consistent with and subject to the program requirements of the Minnesota job skills partnership program. The appropriation is available until expended.

Sec. 7. [APPROPRIATION; STATE ROAD CONSTRUCTION.]

\$15,000,000 is appropriated from the trunk highway fund to the commissioner of transportation for state road construction in fiscal year 1995 and is

Sec. 9. [APPROPRIATION; WORK ZONE SAFETY.]

\$25,000 is appropriated in fiscal year 1995 from the general fund to the commissioner of transportation for highway work zone safety management and public education efforts to increase public awareness of highway work zone safety.

The notice provided to the county mine inspector pursuant to this subdivision shall be annual and shall be filed with the county mine inspector's office by January 15 of each year. The notice shall describe the affected parcels of land and shall provide a sworn affidavit by the landowner that the subject property will be actively and exclusively used for aquaculture purposes during the calendar year. Failure to comply with the notice requirement of this subdivision makes the idle or abandoned open pit mines subject to the provisions of subdivision 3.

Subd. 4. [BUY-DOWN PAYMENTS TO PARTICIPATING LENDERS.] Within 60 days after a request by a participating lender, the commissioner shall pay to the participating lender one-half of the expected interest buy-down amount. Sec. 36. [16A.695] [PROPERTY PURCHASED WITH STATE BOND PROCEEDS.]

Subdivision 1. [DEFINITIONS.] (a) The definitions in this subdivision apply to this section.

(b) "State bond financed property" means property acquired or bettered in whole or in part with the proceeds of state general obligation bonds authorized to be issued under article XI, section 5, clause (a), of the Minnesota Constitution.

(c) "Public officer or agency" means a state officer or agency, the University of Minnesota, the Minnesota historical society, and any county,

home rule charter or statutory city, school district, special purpose district, or other public entity, or any officer or employee thereof.

(d) "Fair market value" means, with respect to the sale of state bond financed property, the price that would be paid by a willing and qualified buyer to a willing and qualified seller as determined by an appraisal of the property, or the price bid by a purchaser under a public bid procedure after reasonable public notice.

Subd. 2. [LEASES AND MANAGEMENT CONTRACTS.] (a) A public officer or agency that is authorized by law to lease or enter into a management contract with respect to state bond financed property shall comply with this subdivision.

(b) The lease or management contract may be entered into for the express purpose of carrying out a governmental program established or authorized by law and established by official action of the contracting public officer or agency, in accordance with orders of the commissioner intended to ensure the legality and tax-exempt status of bonds issued to finance the property, and with the approval of the commissioner. A lease or management contract, including any renewals that are solely at the option of the lessee, must be for a term substantially less than the useful life of the property, but may allow renewal beyond that term upon a determination by the lessor that the use continues to carry out the governmental program. A lease or management contract must be terminable by the contracting public officer or agency if the other contracting party defaults under the contract or if the governmental program is terminated or changed, and must provide for program oversight by the contracting public officer or agency. Money received by the public officer or agency under the lease or management contract that is not needed to pay and not authorized to be used to pay operating costs of the property must be paid to the commissioner in the same proportion as the state bond financing is to the total public financing for the property, deposited in the state bond fund, and used to pay or redeem or defease bonds issued to finance the property in accordance with the commissioner's order authorizing their issuance; the money paid to the commissioner is appropriated for this purpose.

(c) With the approval of the commissioner, a lease or management contract between a city and a nonprofit corporation under section 471.191, subdivision 1, need not require the lessee to pay rentals sufficient to pay the principal, interest, redemption premiums, and other expenses when due with respect to state bonds issued to acquire and better the facilities.

Subd. 3. [SALE OF PROPERTY.] A public officer or agency shall not sell any state bond financed property unless the public officer or agency determines by official action that the property is no longer usable or needed by the public officer or agency to carry out the governmental program for which it was acquired or constructed, the sale is made as authorized by law, the sale is made for fair market value, and the sale is approved by the commissioner. If any state bonds issued to purchase or better the state bond financed property that is sold remain outstanding on the date of sale, the net proceeds of sale must be applied as follows:

(1) If the state bond financed property was acquired and bettered solely with state bond proceeds, the net proceeds of sale must be paid to the commissioner, deposited in the state bond fund, and used to pay or redeem or defease

the outstanding bonds in accordance with the commissioner's order authorizing their issuance, and the proceeds are appropriated for this purpose; or

(2) if the state bond financed property was acquired or bettered partly with state bond proceeds and partly with other money, the net proceeds of sale must first be used to pay or redeem or defease the state bonds as provided in clause (1), and any excess over the amount needed for that purpose must be divided in proportion to the shares contributed to its acquisition or betterment and paid to the interested public and private entities, and the proceeds are appropriated for this purpose.

Subd. 4. [RELATION TO OTHER LAWS.] This section applies to all state bond financed property unless otherwise provided by law.

Sec. 37. [REPORTS.]

If the commissioner determines that a deviation from the plan is necessary or desirable in a specific instance, the commissioner shall provide the legislature with a timely written explanation of the reasons for the deviation.* The power granted in this subdivision does not apply to state hospitals or to educational, penal, correctional, or other institutions not enumerated in this subdivision the control of which is vested by law in some other agency.

The report must be submitted to the legislature by January 31, 1995.

Sec. 78. [AGENCY LOCATION STUDY.]

The study shall include the area that runs from 194 south to east 7th place between Cedar and Jackson streets. The study shall include a comparison of the building costs and building restrictions in the designated area as compared to the immediate capitol area. In addition the study shall evaluate the issues of public and employee locational preferences, access to locations by the public using various forms of transportation, parking availability, interagency convenience in communica-

tions and the general overall impact the development would have on the city of St. Paul. The study shall be completed and a report made to the legislature by December 15, 1994.

Sec. 79. [SECURE JUVENILE DETENTION FACILITY CONSTRUCTION GRANTS.]

Subdivision 1. [GRANTS AUTHORIZED.] The commissioner of corrections shall make grants to Hennepin county, Ramsey county, or groups of counties, excluding counties in the joint powers board operating the northwestern Minnesota juvenile training center for grants made in 1994 or 1995, for up to 75 percent of the construction cost of secure juvenile detention and treatment facilities. The commissioner shall ensure that grants are distributed so that facilities are available for both male and female juveniles, and that the needs of very young offenders can be met. The commissioner shall also require that programming in the facilities be culturally specific and sensitive. To the extent possible, grants should be made for facilities or living units of 15 beds or fewer. No more than one grant shall be made in each judicial district. Grant proposals may include more than one site.

Subd. 2. [APPLICATIONS.] Applications for grants shall be submitted to the commissioner using forms and instructions which the commissioner shall provide. The commissioner must notify counties, excluding counties in the joint powers board operating the northwestern Minnesota juvenile training center for grants made in 1994 or 1995, of the amount available for grants under this section for the counties in their judicial district. Applications can be submitted by Hennepin county, Ramsey county, or by a group of counties, excluding counties in the joint powers board operating the northwestern Minnesota juvenile training center for grants made in 1994 or 1995. The application must indicate that all counties in the judicial district have been consulted in the development of the proposal for the facility. If a county bordering a judicial district requests to join with counties in the adjoining judicial district, the commissioner may allow the county to cooperate in the grant application with the counties in the adjoining district. If the commissioner allows this, the commissioner shall reallocate the grant money attributable to that county to the judicial district with which the county will be cooperating.

Subd. 3. [ELIGIBILITY.] Applicants must include a cooperative plan for the secure detention and treatment of juveniles among the applicant counties. The cooperative plan must identify the location of facilities. Facilities must be located within 15 miles of a permanent chambers within the judicial district, as specified in section 2.722, or at the site of an existing county home facility, as authorized in section 260.094, or at the site of an existing detention home, as authorized in section 260.101.

Subd. 4. [ALLOCATION FORMULA.] (a) The commissioner must determine the amount available for grants for counties in each judicial district under this subdivision.

(b) Five percent of the money appropriated for these grants shall be allocated for the counties in each judicial district for a mileage distribution allowance in proportion to the percent each county's surface area comprises of the total surface area of the state. Ninety-five percent of the money appropriated for these grants shall be allocated for the counties in each judicial district using the formula in section 401.10.

(c) *The amount allocated for all counties within a judicial district shall be totaled to determine the amount available for a grant within that judicial district. Amounts attributable to a county which the commissioner has authorized to cooperate in a grant with a county or counties in an adjacent judicial district shall be reallocated to that judicial district.*

Subd. 5. [AWARD OF GRANT.] The commissioner shall determine the amount of the grant for each applicant. Prior to determining the amount of the grant, the commissioner must determine that a facility of the size proposed is needed in the proposed service area, and that the proposed facility meets the minimum standards and requirements established by the commissioner under section 241.0221, subdivision 4, paragraph (a). The commissioner may reduce the amount of the grant below the amount requested by the applicant if the commissioner determines that the facility could be constructed at lesser cost, or that a smaller facility is warranted. Grants shall be for up to 75 percent of the cost of the facility, but not to exceed the amount allocated for the counties in the judicial district under subdivision 4. The grant may only be used for capital expenditures to acquire, design, construct, renovate, equip, and furnish a secure juvenile detention and treatment facility.

Subd. 6. [AGREEMENT.] Counties receiving grants must agree to provide the money needed to finance the nonstate share of the cost of construction of the facility, and if the grant is to a group of counties, the counties must specify how this cost is allocated among the counties in the group. In Hennepin and Ramsey counties, no more than 50 percent of this amount may be used for short-term preadjudication secure beds, and each facility shall have secure long-term postadjudication beds but may have no more than 15 secure long-term postadjudication beds. Counties receiving grants must also agree that the county or group of counties will operate the facility according to the minimum standards and requirements established by the commissioner under section 241.0221, subdivision 4, paragraph (a). Counties and groups of counties receiving grants must also agree to make beds available to all other counties in the judicial district. All costs of operation of the facility must be paid by the county or counties receiving the grants, except that costs for juveniles placed in the facility may be billed to their county of residence by agreement among the counties or by law.

Subd. 7. [BONDS FOR LOCAL SHARE.] Counties receiving a grant under this section may issue general obligation bonds under chapter 475 without an election to finance the nonstate share of the cost of the facility, and the indebtedness will not be included in the net debt limit of the county. Groups of counties receiving a grant may issue these bonds individually, or may agree that the bonds will be issued by a single county, with the full faith, credit, and taxing power of each of the counties in the group pledged for the repayment of the obligations.

Subd. 8. [REALLOCATION OF UNUSED GRANT MONEY.] On December 31, 1995, the commissioner shall determine whether any money remains of the appropriations made in 1994 for the purposes of this section. If any money remains that has not been granted to counties, the commissioner shall invite counties to submit applications for capital improvements to acquire or better publicly owned secure juvenile detention facilities. The commissioner shall consider the needs of applicants for improvements at the facilities and shall make grants to counties whose needs, in the commissioner's judgment, are greatest.

Sec. 80. [PROGRAM FUNDING.]

A private nonprofit organization that leases or manages a facility acquired or bettered with grant money appropriated in this act must demonstrate to the commissioner of the agency making the grant that the organization has the ability and a plan to fund the program intended for the facility.

Sec. 81. [MUSEUMS IN ST. PAUL.]

The city of St. Paul may establish and maintain one or more museums for purposes of public education and enlightenment, including but not limited to a museum of natural science and technology and a museum for children. The city may exercise the powers granted in Minnesota Statutes, section 471.191, to acquire and better facilities for a museum. Museum facilities that have been acquired or bettered in whole or in part with the proceeds of state bonds must be owned by the city but may be leased to or managed by a nonprofit organization to carry out the purposes of the museum program established by the city. The lease or management agreement must comply with the requirements of new Minnesota Statutes, section 16A.695.

Sec. 82. [GUIDELINES FOR CAPITAL PROJECT GRANTS.]

The commissioner of finance shall develop budget guidelines for capital improvement projects that involve grants to political subdivisions to acquire and better facilities to be used for educational or cultural purposes. The commissioner shall give particular attention to projects where the facilities will be leased to or managed by a nonprofit organization. The commissioner shall review budget guidelines and processes used by other states to evaluate and prioritize projects of this kind. The commissioner shall consider for inclusion in the guidelines a method of measuring the fiscal capacity and fiscal effort of nonprofit organizations and the political subdivisions to whom the grants are proposed to be paid. The commissioner shall report proposed guidelines to the legislature by November 15, 1994.

Sec. 83. [EFFECTIVE DATE.]

This act is effective the day after its final enactment, except that section 71 is effective July 1, 1994, and applies to electricity produced on and after that date.

MOTIONS AND RESOLUTIONS - CONTINUED

Without objection, remaining on the Order of Business of Motions and Resolutions, the Senate reverted to the Order of Business of Executive and Official Communications.

EXECUTIVE AND OFFICIAL COMMUNICATIONS

The following communications were received.

May 5, 1994

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

It is my honor to inform you that I have received, approved, signed and deposited in the office of the Secretary of State Chapter 532, S.F. No. 2900, the higher education bill with the exception of item vetoes on Page 3, line 10 (1995 appropriation of 1,400,000); Page 3, lines 13-18; Page 3, lines 29-31; Page 3, lines 32-39; Page 3, lines 40-45; Page 3, lines 46-51; Page 4, lines 9-16; Page 4, line 19; Page 5, lines 1-12.

The items deleted, along with numerous others distributed throughout the major bills of the session, can and should be transacted in a regular budget year, when all the priorities of the state are debated and decided. I am particularly sensitive to initiatives for institutional renewal at the University of Minnesota, but I must make it clear that this is not a year for expanding budgets; it is the year for choosing whether we can preserve the fiscal stability of the state.

These initiatives might have fared well in a session in which there was enough discipline to confine spending to the state's actual capacity. They are postponed or lost because that discipline was not there, and it was left to me to remove items that are not emergencies.

Signing the bill does preserve the language authorizing the next steps in the higher education merger process, which I have consistently supported.

Warmest regards,
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that the foregoing veto message be laid on the table. The motion prevailed.

May 6, 1994

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 609, S.F. No. 2232, a bill relating to the appointment of county offices.

Under current Minnesota law, a county board may make the offices of county auditor, treasurer, sheriff and recorder appointed positions if approved by voter referendum (M.S. 375A.12). Chapter 609 would allow county boards to make the offices of county auditor, treasurer, coroner, and recorder appointed without a referendum, unless a petition is filed requesting a referendum.

This bill transfers authority from the voters to elected county board members. The voters can currently decide to make three of the four positions appointed

if they so choose, and there is no compelling reason to transfer that authority to county boards.

This legislation is unnecessary, and would infringe on the rights of citizens to elect certain local representatives.

Warmest regards,
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that S.F. No. 2232 and the veto message thereon, be laid on the table. The motion prevailed.

MOTIONS AND RESOLUTIONS – CONTINUED

SUSPENSION OF RULES

Mr. Moe, R.D. moved that an urgency be declared within the meaning of Article IV, Section 19, of the Constitution of Minnesota, with respect to S.F. No. 2927 and that the rules of the Senate be so far suspended as to give S.F. No. 2927, now on General Orders, its third reading and place it on its final passage. The motion prevailed.

S.F. An obligor's name may not be published if the obligor claims in writing, and the department of human services determines, there is good cause for the nonpayment of child support. The list must be based on the best information available to the state at the time of publication.

Before publishing the name of the obligor, the department of human services shall send a notice to the obligor's last known address which states the department's intention to publish the obligor's name and the amount of child support the obligor owes. The notice must also provide an opportunity to have the obligor's name removed from the list by paying the arrearage or by entering into an agreement to pay the arrearage, and the final date when the payment or agreement can be accepted.

The department of human services shall insert with the notices sent to the obligee, a notice stating the intent to publish the obligor's name, and the criteria used to determine the publication of the obligor's name."

GENERAL EDUCATION REVENUE

Section 1. Minnesota Statutes 1993 Supplement, section 16A.152, subdivision 2, is amended to read:

Subd. 2. [ADDITIONAL REVENUES; PRIORITY.] If on the basis of a forecast of general fund revenues and expenditures the commissioner of finance determines that there will be a positive unrestricted budgetary general fund balance at the close of the biennium, the commissioner of finance must allocate money to the budget reserve and cash flow account until the total amount in the account equals five percent of total general fund appropriations for the current biennium as established by the most recent legislative session. Beginning July 1, 1993, forecast unrestricted budgetary general fund balances are first appropriated to restore the budget reserve and cash flow account to \$500,000,000 and then to reduce the property tax levy recognition percent under section 121.904, subdivision 4a, to zero before money is allocated to the budget reserve and cash flow account under the preceding sentence. *\$180,000,000 of the budget reserve and cash flow account shall be dedicated to elementary and secondary education.*

The amounts necessary to meet the requirements of this section are appropriated from the general fund.

Sec. 2. Minnesota Statutes 1993 Supplement, section 121.904, subdivision 4a, is amended to read:

Subd. 4a. [LEVY RECOGNITION.] (a) “School district tax settlement revenue” means the current, delinquent, and manufactured home property tax receipts collected by the county and distributed to the school district, including distributions made pursuant to section 279.37, subdivision 7, and excluding the amount levied pursuant to ~~sections 124.2721, subdivision 3;~~

~~124.575, subdivision 3; and section 124.914, subdivision 1; and Laws 1976, chapter 20, section 4.~~

(b) In June of each year, the school district shall recognize as revenue, in the fund for which the levy was made, the lesser of:

(1) the May, June, and July school district tax settlement revenue received in that calendar year; or

(2) the sum of the state aids and credits enumerated in section 124.155, subdivision 2, which are for the fiscal year payable in that fiscal year plus an amount equal to the levy recognized as revenue in June of the prior year plus ~~50.0~~ 37.4 percent for fiscal year 1994 and thereafter of the amount of the levy certified in the prior calendar year according to section 124A.03, subdivision 2, plus or minus auditor's adjustments, not including levy portions that are assumed by the state; or

(3) ~~50.0~~ 37.4 percent for fiscal year 1994 and thereafter of the amount of the levy certified in the prior calendar year, plus or minus auditor's adjustments, not including levy portions that are assumed by the state, which remains after subtracting, by fund, the amounts levied for the following purposes:

(i) reducing or eliminating projected deficits in the reserved fund balance accounts for unemployment insurance and bus purchases;

(ii) statutory operating debt pursuant to section 124.914, subdivision 1, and Laws 1976, chapter 20, section 4;

(iii) retirement and severance pay pursuant to sections 122.531, subdivision 9, 124.2725, subdivision 15, 124.4945, 124.912, subdivision 1, and 124.916, subdivision 3, and Laws 1975, chapter 261, section 4;

(d) All other school district tax settlement revenue shall be recognized as revenue in the fiscal year of the settlement. Portions of the school district levy assumed by the state, including prior year adjustments and the amount to fund the school portion of the reimbursement made pursuant to section 273.425, shall be recognized as revenue in the fiscal year beginning in the calendar year for which the levy is payable.

Sec. 3. Minnesota Statutes 1993 Supplement, section 121.904, subdivision 4c, is amended to read:

Subd. 4c. [PROPERTY TAX SHIFT REDUCTION.] (a) Money ~~made available~~ appropriated under section 16A.152, subdivision 2, must be used to reduce the levy recognition percent specified in subdivision 4a, clauses (b)(2) and (b)(3), for taxes payable in the succeeding calendar year.

(b) The levy recognition percent shall equal the result of the following computation: the current levy recognition percent, times the ratio of

(1) the statewide total amount of levy recognized in June of the year in which the taxes are payable pursuant to subdivision 4a, clause (b), *excluding those levies that are shifted for revenue recognition but are not included in the computation of the adjustment to aids under section 124.155, subdivision 1*, reduced by the difference between the amount of money ~~made available~~ appropriated under section 16A.152, subdivision 2, and the amount required for the adjustment payment under clause (d), to

The special adjustment payment shall be in addition to the additional payments required because of the reduction pursuant to this subdivision of the levy recognition percent. The amount of the special adjustment payment shall be computed by the commissioner of education such that any remaining portion of the aid reduction these districts received that has not been repaid is repaid on a proportionate basis as the levy recognition percent is reduced from 50 percent to 31 percent. The special adjustment payment must be included in the state aid payments to school districts according to the schedule specified in section 124.195, subdivision 3. An additional adjustment shall be made on June 30, 1995, for the final payment otherwise due July 1, 1995, under Minnesota Statutes 1992, section 136C.36.*

Subd. 3a. The commissioner shall establish a process and criteria for school districts to appeal the payment dates and percentages established in subdivision 3.

The payment shall be made in two installments, during September or October, as specified in subdivision 3. In the event actual data are not available, the final adjustment payment may be computed based on estimated data. A corrected final adjustment payment shall be made when actual data are available.

Sec. 11. Minnesota Statutes 1992, section 124.2725, subdivision 16, is amended to read:

Subd. 16. [EXCLUSION FROM FUND BALANCE.] Revenue received by a district under this section for each year of cooperation and the first three years of combination shall be excluded from the net unreserved operating fund

Sec. 12. Minnesota Statutes 1993 Supplement, section 124.961, is amended to read:

124.961 [DEBT SERVICE APPROPRIATION.]

(a) \$6,000,000 is appropriated in fiscal year 1993 from the general fund to the commissioner of education for payment of debt service equalization aid under section 124.95; \$17,000,000 in fiscal year 1994 and, \$26,000,000 in fiscal year 1995, and \$31,600,000 in fiscal year 1996 and each year thereafter is appropriated from the general fund to the commissioner of education for payment of debt service equalization aid under section 124.95. The 1994 appropriation includes \$3,000,000 for 1993 and \$14,000,000 for 1994.

(b) The appropriations in paragraph (a) must be reduced by the amount of any money specifically appropriated for the same purpose in any year from any state fund.

Sec. 13. Minnesota Statutes 1992, section 124A.02, is amended by adding a subdivision to read:

Subd. 3b. [REFERENDUM MARKET VALUE.] "Referendum market value" means the market value of all taxable property, except that any class of property, or any portion of a class of property, with a class rate of less than one percent under section 273.13 shall have a referendum market value equal to its net tax capacity multiplied by 100.

Sec. 14. Minnesota Statutes 1992, section 124A.02, is amended by adding a subdivision to read:

Subd. 25. [NET UNAPPROPRIATED OPERATING FUND BALANCE.] "Net unappropriated operating fund balance" means the sum of the fund balances in the general, transportation, food service, and community service funds minus the balances reserved for statutory operating debt reduction, bus purchase, severance pay, taconite, unemployment compensation, maintenance levy reduction, and encumbrances, computed as of June 30 each year.

Sec. 15. Minnesota Statutes 1993 Supplement, section 124A.029, subdivision 4, is amended to read:

Subd. 4. [PER PUPIL REVENUE OPTION.] A district may, by school board resolution, request that the department convert the levy authority under section 124.912, subdivisions 2 and 3, or its current referendum revenue, excluding authority based on a dollar amount, authorized before July 1, 1993, to an allowance per pupil. The district must adopt a resolution and submit a copy of the resolution to the department by July 1, 1993. The department shall convert a district's revenue for fiscal year 1995 and later years as follows: the revenue allowance equals the amount determined by dividing the district's maximum revenue under section 124A.03 or 124.912, subdivisions 2 and 3, for fiscal year 1994 by the district's 1993-1994 actual pupil units. A district's maximum revenue for all later years for which the revenue is authorized equals the revenue allowance times the district's actual pupil units for that year. If a district has referendum authority under section 124A.03 and levy authority under section 124.912, subdivisions 2 and 3, and the district requests that each be converted, the department shall convert separate revenue allowances for each. However, if a district's referendum revenue is limited to

a dollar amount, the maximum revenue under section 124A.03 must not exceed that dollar amount. If the referendum authority of a district is converted according to this subdivision, ~~the authority expires June 30, 1997, unless it is scheduled to expire sooner and the question on the referendum ballot did not provide for an expiration date; the authority shall expire according to section 124A.0311.~~

Sec. 16. Minnesota Statutes 1993 Supplement, section 124A.03, subdivision 1c, is amended to read:

Subd. 1c. [REFERENDUM ALLOWANCE LIMIT.] (a) Notwithstanding subdivision 1b, a district's referendum allowance must not exceed the greater of:

- (1) the district's referendum allowance for fiscal year 1994; or
- (2) 25 percent of the formula allowance for fiscal year 1995 and later.

(b) ~~The allowance calculated in paragraph (a) must be reduced by the amount of the referendum allowance reduction computed in subdivision 3b.~~

Sec. 17. Minnesota Statutes 1993 Supplement, section 124A.03, subdivision 2, is amended to read:

Subd. 2. [REFERENDUM REVENUE.] (a) The revenue authorized by section 124A.22, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be conducted during the calendar year before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased revenue per actual pupil unit, the estimated referendum tax rate as a percentage of market value in the first year it is to be levied, and that the revenue shall be used to finance school operations. The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot shall designate the specific number of years, not to exceed ~~five~~ *ten*, for which the referendum authorization shall apply. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of, School District No. ..., be approved?"

If approved, an amount equal to the approved revenue per actual pupil unit times the actual pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The school board shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the referendum to each taxpayer a notice of the referendum and the proposed revenue increase. The

school board need not mail more than one notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy, if any, in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the levy amount must be based upon the dollar amount, local tax rate, or amount per actual pupil unit, that was stated to be the basis for the initial authorization. Revenue approved by the voters of the district pursuant to paragraph (a) must be received at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the school district on the day the petition is filed with the school board. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days prior to the day of the referendum, the district shall submit a copy of the notice required under paragraph (b) to the commissioner of education. Within 15 days after the results of the referendum have been certified by the school board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district shall notify the commissioner of education of the results of the referendum.

(g) Any referendum under this section held on a day other than the first Tuesday after the first Monday in November must be conducted by mail in accordance with section 204B.46. Notwithstanding paragraph (b) to the contrary, in the case of a referendum conducted by mail under this paragraph, the notice required by paragraph (b) shall be prepared and delivered by first class mail at least 20 days before the referendum.

Sec. 18. Minnesota Statutes 1992, section 124A.03, subdivision 2a, is amended to read:

Subd. 2a. [SCHOOL REFERENDUM LEVY; MARKET VALUE.] Notwithstanding the provisions of subdivision 2, a school referendum levy approved after November 1, 1992, for taxes payable in 1993 and thereafter, shall be levied against the *referendum* market value of all taxable property as defined in section 124A.02; subdivision 3b. Any referendum levy amount subject to the requirements of this subdivision shall be certified separately to the county auditor under section 275.07.

All other provisions of subdivision 2 that do not conflict with this subdivision shall apply to referendum levies under this subdivision.

Sec. 19. Minnesota Statutes 1993 Supplement, section 124A.03, subdivision 3b, is amended to read:

Subd. 3b. [REFERENDUM ALLOWANCE REDUCTION.] A district's referendum allowance under subdivision 1c is reduced by the amounts calculated in paragraphs (a), (b), and (c), and (d).

(a) The referendum allowance reduction equals the amount by which a district's supplemental revenue reduction exceeds the district's supplemental revenue allowance for fiscal year 1993.

(b) Notwithstanding paragraph (a), if a district's initial referendum allowance is less than ten percent of the formula allowance for that year, the reduction equals the lesser of (1) an amount equal to \$100, or (2) the amount calculated in paragraph (a).

(c) Notwithstanding paragraph (a) or (b), a school district's referendum allowance reduction equals (1) an amount equal to \$100, times (2) one minus the ratio of 20 percent of the formula allowance minus the district's initial referendum allowance limit to 20 percent of the formula allowance for that year if:

(i) the district's adjusted net tax capacity for assessment year 1992 per actual pupil unit for fiscal year 1995 is less than \$3,000;

(ii) the district's net unappropriated operating fund balance as of June 30, 1993, divided by the actual pupil units for fiscal year 1995 is less than \$200;

(iii) the district's supplemental revenue allowance for fiscal year 1993 is equal to zero; and

(iv) the district's initial referendum revenue authority for the current year divided by the district's net tax capacity for assessment year 1992 is greater than ten percent.

(d) Notwithstanding paragraph (a), (b), or (c), the referendum revenue reduction for a newly reorganized district is computed as follows:

(1) for a newly reorganized district created effective July 1, 1994, the referendum revenue reduction equals the lesser of the amount calculated for the combined district under paragraph (a), (b), or (c), or the sum of the amounts by which each of the reorganizing district's supplemental revenue reduction exceeds its respective supplemental revenue allowances calculated for the districts as if they were still in existence for fiscal year 1995; or

(2) for a newly reorganized district created after July 1, 1994, the referendum revenue reduction equals the lesser of the amount calculated for the combined district under paragraph (a), (b), or (c), or the sum of the amounts by which each of the reorganizing district's supplemental revenue reduction exceeds its respective supplemental revenue allowances calculated for the year preceding the year of reorganization.

Sec. 20. [124A.0311] [REFERENDUM AUTHORITY.]

Subdivision 1. [EXPIRATION.] Unless scheduled to expire sooner, a referendum levy authorized under section 124A.03 expires July 1, 2000. This subdivision does not apply to a referendum levy that is authorized for ten or fewer years and that is levied against the referendum market value of all taxable property located within the school district.

Subd. 2. [CONVERSION TO MARKET VALUE.] (a) Prior to June 1, 1997, by June 1 of each year, a school board may, by resolution of a majority of its board, convert any remaining portion of its referendum authority under section 124A.03, subdivision 2, that is authorized to be levied against net tax capacity to referendum authority that is authorized to be levied against the referendum market value of all taxable property located within the school district. At the option of the school board, any remaining portion of its referendum authority may be converted in two or more parts at separate times. The board must notify the commissioner of education of the amount of referendum authority that has been converted from net tax capacity to referendum market value, if any, by June 15, of each year. The maximum length of a referendum converted under this paragraph is ten years.

(b) For referendum levy amounts converted between June 1, 1997, and June 1, 1998, all other conditions of this subdivision apply except that the maximum length of the referendum is limited to seven years.

(c) For referendum levy amounts converted between June 1, 1998, and June 1, 1999, all other conditions of this subdivision apply except that the maximum length of the referendum is limited to six years.

(d) For referendum levy amounts converted between June 1, 1999, and June 1, 2000, all other conditions of this subdivision apply except that the maximum length of the referendum is limited to five years.

Subd. 3. [ALTERNATIVE CONVERSION.] A school district that has a referendum that is levied against net tax capacity that expires before taxes payable in 1998 may convert its referendum authority according to this subdivision. In the payable year prior to the year of expiration, the school board may authorize a referendum under section 124A.03. Notwithstanding any other law to the contrary, the district may propose, and if approved by its electors, have its referendum authority reauthorized in part on tax capacity and in part on market value according to a schedule adopted by resolution of the school board for years prior to taxes payable in 2001, provided that, for taxes payable in 2001 and later, the full amount of referendum authority is levied against market value. If the full amount of the referendum is reauthorized on market value prior to taxes payable in 1998, the referendum may extend for 10 years. If the referendum becomes fully reauthorized on market value for a later year, the referendum shall not extend for more than the maximum number of years allowed under subdivision 2.

Subd. 4. [REFERENDUM.] The school board must prepare and publish in the official legal newspaper of the school district a notice of the public meeting on the district's intent to convert any portion of its referendum levy to market value not less than 30 days before the scheduled date of the meeting. The resolution converting a portion of the district's referendum levy to referendum market value becomes final unless within 30 days after the meeting where the resolution was adopted a petition requesting an election signed by a number of people residing in the district equal to 15 percent of the number of people who voted in the last general election in the school district is filed with the recording officer. If a petition is filed, then the school board resolution has no effect and the amount of referendum revenue authority specified in the resolution cancels for taxes payable in the following year and thereafter. The school board shall schedule a referendum under section 124A.03, subdivision 2.

Sec. 21. Minnesota Statutes 1992, section 124A.22, subdivision 2a, is amended to read:

Subd. 2a. [CONTRACT DEADLINE AND PENALTY.] (a) The following definitions apply to this subdivision:

(1) "Public employer" means:

(i) a school district; and

(ii) a public employer, as defined by section 179A.03, subdivision 15, other than a school district that (i) negotiates a contract under chapter 179A with teachers, and (ii) is established by, receives state money, or levies under chapters 120 to 129, or 136D, or 268A, or section 136C.411.

(2) "Teacher" means a person, other than a superintendent or assistant superintendent, principal, assistant principal, or a supervisor or confidential employee who occupies a position for which the person must be licensed by the board of teaching, state board of education, or state board of technical colleges.

(b) Notwithstanding any law to the contrary, a public employer and the exclusive representative of the teachers shall both sign a collective bargaining agreement on or before January 15 of an even-numbered calendar year. If a collective bargaining agreement is not signed by that date, state aid paid to the public employer for that fiscal year shall be reduced. However, state aid shall not be reduced if:

(1) a public employer and the exclusive representative of the teachers have submitted all unresolved contract items to interest arbitration according to section 179A.16 before December 31 of an odd-numbered year and filed required final positions on all unresolved items with the commissioner of mediation services before January 15 of an even-numbered year; and

(2) the arbitration panel has issued its decision within 60 days after the date the final positions were filed.

(c)(1) For a district that reorganizes according to section 122.22 or, 122.23, or 122.241 to 122.248 effective July 1 of an odd-numbered year, state aid shall not be reduced according to this subdivision if the school board and the exclusive representative of the teachers both sign a collective bargaining agreement on or before the March 15 following the effective date of

reorganization. This extension is available only in the calendar year following the effective date of reorganization.

(2) For a district that jointly negotiates a contract prior to the effective date of reorganization under section 122.22, 122.23, or 122.241 to 122.248 that, for the first time, includes teachers in all districts to be reorganized, state aid shall not be reduced according to this subdivision if the school board and the exclusive representative of the teachers sign a collective bargaining agreement on or before the March 15 following the expiration of the teacher contracts in each district involved in the joint negotiation.

(3) Only one extension of the contract deadline is available to a district under this paragraph.

(d) The reduction shall equal \$25 times the number of actual pupil units:

(1) for a school district, that are in the district during that fiscal year; or

(2) for a public employer other than a school district, that are in programs provided by the employer during the preceding fiscal year.

The department of education shall determine the number of full-time equivalent actual pupil units in the programs. The department of education shall reduce general education aid; if general education aid is insufficient or not paid, the department shall reduce other state aids.

(e) Reductions from aid to school districts and public employers other than school districts shall be returned to the general fund.

Sec. 22. Minnesota Statutes 1993 Supplement, section 124A.22, subdivision 5, is amended to read:

Subd. 5. [DEFINITIONS.] The definitions in this subdivision apply only to subdivisions 6 and 6a.

(a) "High school" means a secondary school that has pupils enrolled in at least the 10th, 11th, and 12th grades. If there is no secondary school in the district that has pupils enrolled in at least the 10th, 11th, and 12th grades, and the school is at least 19 miles from the next nearest school, the commissioner shall designate one school in the district as a high school for the purposes of this section.

(b) "Secondary average daily membership" means, for a district that has only one high school, the average daily membership of resident pupils in grades 7 through 12. For a district that has more than one high school, "secondary average daily membership" for each high school means the product of the average daily membership of resident pupils in grades 7 through 12 in the high school, times the ratio of six to the number of grades in the high school.

(c) "Attendance area" means the total surface area of the district, in square miles, divided by the number of high schools in the district. For a district that does not operate a high school and is less than 19 miles from the nearest operating high school, the attendance area equals zero.

(d) "Isolation index" for a high school means the square root of ~~one-half~~ 55 percent of the attendance area plus the distance in miles, according to the usually traveled routes, between the high school and the nearest high school.

For a district in which there is located land defined in section 84A.01, 84A.20, or 84A.31, the distance in miles is the sum of:

- (1) the square root of one-half of the attendance area; and*
- (2) the distance from the border of the district to the nearest high school.*

(e) "Qualifying high school" means a high school that has an isolation index greater than 23 and that has secondary average daily membership of less than 400.

The revenue must be placed in a learning and development reserved account and may only be used according to this section.

(c) ~~The ratio in paragraph (a) for fiscal year 1995 is adjusted by adding an amount equal to the ratio of the difference between the formula allowance for fiscal year 1995 minus 3,150 to 10,000.~~

(3) multiply the amount determined in clause (2) by the basic formula allowance for that year.

(b) The aid amount calculated under paragraph (a) is available from the general education appropriation under article 1, section 41, subdivision 2, to the department of education for payment of declining pupil unit aid.

(c) *For the purposes of this section, pursuant to Minnesota Statutes, section 124.17, subdivision 3, a pupil who is in grades 1 to 6 is counted as 1.03 pupil units for fiscal year 1993.*

These amounts will first be allocated to fully fund the general revenue program. Amounts remaining will be allocated to other programs in proportion to the fiscal year 1995 appropriations or the entitlements generated by existing law for those programs for each year, up to the amount of the entitlement or the fiscal year 1995 appropriations. Any amounts remaining after allocation to these other programs may be maintained in a reserve account pending recommendations of the governor and legislature in the 1995 session.

Sec. 32. [EXEMPTION TO CONTRACT DEADLINE; HAYFIELD.]

Notwithstanding Minnesota Statutes, section 124A.22, subdivision 2a, independent school district No. 203, Hayfield, is not subject to the contract penalty reduction in general education revenue for fiscal year 1994.

Sec. 33. [AID ADJUSTMENT.]

Notwithstanding Minnesota Statutes, section 124A.22, subdivision 2a, paragraph (c), if:

(1) a district's fiscal year 1994 general education aid was reduced under Minnesota Statutes 1992, section 124A.22, subdivision 2a;

(2) the district jointly negotiates a contract prior to the effective date of reorganization under Minnesota Statutes, sections 122.22, 122.23, or 122.241 to 122.248 that, for the first time, includes teachers in all districts to be reorganized; and

Sec. 34. [ADJUSTMENTS.]

Notwithstanding Minnesota Statutes, section 124.14, any excess appropriations for fiscal year 1993 not otherwise allocated to special education aid programs, abatement aid, and adult graduation aid under Minnesota Statutes, sections 124.214, 124.261, 124.273, 124.32, 124.321, 124.322, and 124.574 shall be allocated to programs under Minnesota Statutes, section 124.261, 124.273, 124.32, 124.321, 124.322, and 124.574. If the excess that is allocated for fiscal year 1993 to any programs specified in this section exceeds the deficiencies for that year, these differences shall remain in those accounts and shall be used to reduce deficiencies for fiscal year 1995 for programs under Minnesota Statutes, sections 124.273, 124.32, 124.322, and 124.574. Notwithstanding any law to the contrary, these amounts shall be reallocated prior to the addition of any other aids that may be available for that purpose.

Sec. 35. [SUPPLEMENTAL REVENUE REDUCTION.]

For fiscal year 1995 only, if a district's ratio of 1992 adjusted net tax capacity divided by 1994-1995 actual pupil units to the equalizing factor is less than or equal to .25, then the difference under Minnesota Statutes, section 124A.22, subdivision 9, clause (2), is equal to \$50 for purposes of computing the district's supplemental revenue under Minnesota Statutes, section 124A.22, subdivision 8. For purposes of computing the referendum allowance reduction under Minnesota Statutes, section 124A.03, subdivision 3b, the supplemental revenue reduction shall be computed according to Minnesota Statutes, section 124A.22, subdivision 9.

Sec. 36. [PEQUOT LAKES; DELAY IN AID REPAYMENT.]

The department of education must allow independent school district No. 186, Pequot Lakes, to repay over a five-year period state aid overpayments for fiscal years 1991 and 1992 due to the property tax revenue recognition shift. Notwithstanding Minnesota Statutes, section 124.155, subdivision 1, aids for independent school district No. 186, Pequot Lakes, shall not be adjusted for fiscal years 1991 and 1992 for pupils transferring into the district under Minnesota Statutes, section 120.062.

The commissioner of finance shall transfer from the general fund to the education aids appropriations specified by the commissioner of education or the state board defined in section 136C.03 the amounts needed to finance the adjustment to aids required under Minnesota Statutes, section 124.155, resulting from the reduction of the levy recognition percent in Minnesota Statutes, section 121.904, subdivisions 4a and 4e, and the additional payments required under Minnesota Statutes, section 121.904, subdivision 4c, paragraph (d). This transfer of funds is required to ensure that the property tax shift reduction for fiscal year 1994 under Minnesota Statutes, section 16A.152, subdivision 2, as certified by the commissioner of finance according to Minnesota Statutes, section 121.904, subdivision 4c, paragraph (c), is funded for the amount certified.

Sec. 38. [ADDITIONAL GENERAL EDUCATION AID; STAFF DEVELOPMENT.]

For fiscal year 1995 only, additional basic general education aid is \$17.10 per actual pupil unit. This amount is added to the basic general education revenue in Minnesota Statutes, section 124A.22, subdivision 2, only for the purpose of computing additional basic general education aid. The additional aid shall not be included in the computation of any other aid or levy. The additional aid is not subject to the levy equity provision in Minnesota Statutes, section 124A.24. The additional general education aid in this section is not included in the calculation of the general education aid according to Minnesota Statutes, section 124A.032. This additional aid is intended to partially cover the increase in fiscal year 1995 of revenue reserved for staff development according to Minnesota Statutes, section 124A.29, subdivision 1.

Sec. 39. [SAVINGS CLAUSE.]

(a) On or before July 1, 1999, a municipality, as defined in Minnesota Statutes, section 469.174, subdivision 6, may by resolution of its governing body designate an issue of outstanding or proposed tax increment bonds as protected bonds. Tax increment bonds which are general obligations and

bonds issued to reimburse a party for costs of a project and interest thereon may not be designated as protected bonds. For taxes levied in 1999 and thereafter, the municipality shall levy a tax on all taxable property within the municipality to pay or secure the payment of principal and interest on protected bonds. The tax must be levied in an amount equal to the amount by which the tax increment available to pay the protected bonds was reduced as a result of the repeal set forth in section Laws 1992, chapter 499, article 7, section 31. For purposes of calculating the amount of the tax increment reduction, the tax rate imposed in 1998 by the school district in which the tax increment financing district is located is assumed to apply, except that the tax rate for the school district under section 469.177, subdivision 1a, applies if the tax increment financing district is subject to that provision. The proceeds of the tax levied under this section shall be treated as tax increment derived from the tax increment financing district for all purposes under sections 469.174 to 469.179, provided that the taxes must be remitted to the municipality for deposit in its general fund to the extent the taxes are not used to pay or secure payment of the protected bonds.

(b) For purposes of making estimates prior to July 1, 1999, of future collections of tax increment, the municipality may disregard Laws 1992, chapter 499, article 7, section 31.

(c) An amendment or repeal of this section does not constitute an impairment of any bonds issued before the effective date of this section.

The mediation process may not be used to delay a parent's right to a due process hearing. The resolution of the mediation is not binding on any party.*

(b) *The local primary agency may request mediation on behalf of involved agencies when there are disputes between agencies regarding responsibilities to coordinate, provide, pay for, or facilitate payment for early intervention services.*

(d) The local primary agency shall have attempted to resolve the matter with the involved school board and county board and may request mediation from the commissioner of the state lead agency for this purpose.

(e) When interagency disputes have not been resolved within 30 calendar days, the local primary agency shall request the commissioner of the state lead agency to review the matter with the commissioners of health and human services and make a decision. The commissioner shall provide a consistent process for reviewing those procedures. The commissioners' decision is binding subject to the right of an aggrieved party to appeal to the state court of appeals.

(f) The local primary agency shall ensure that eligible children and their families receive early intervention services during resolution of a dispute. While a local dispute is pending, the local primary agency shall either assign financial responsibility to an agency or pay for the service from the early intervention account under subdivision 9. If in resolving the dispute, it is determined that the assignment of financial responsibility was inappropriate, the responsibility for payment must be reassigned to the appropriate agency and the responsible agency shall make arrangements for reimbursing any expenditures incurred by the agency originally assigned financial responsibility.

Subd. 6. [FEES.] Regional management information centers may charge fees to affiliated districts for the cost of services provided to the district and the district's proportionate share of outstanding regional obligations, as defined in section 475.51, for computer hardware. If a district uses a state approved alternative finance system for processing its detailed transactions or transfers to another region, the district is liable for its contracted proportionate share of the outstanding regional obligation. The district is not liable for any additional outstanding regional obligations that occur after written notice is given to transfer or use an alternative finance system. A regional management information center must not charge a district for transferring the district's summary financial data and essential data elements to the state. The regional management information center may charge the district for any service it provides to, or performs on behalf of, a district to render the data in the proper format for reporting to the state.

Sec. 3. Minnesota Statutes 1992, section 122.23, subdivision 6, is amended to read:

Subd. 6. The ~~state board~~ *commissioner* shall, upon receipt of a plat, forthwith examine it and approve, modify or reject it. The ~~state board~~ *commissioner* shall also approve or reject any proposal contained in the resolution or petition regarding the disposition of the bonded debt of the component districts. If the plat shows the boundaries of proposed separate election districts and if the ~~state board~~ *commissioner* modifies the plat, the ~~state board~~ *commissioner* shall also modify the boundaries of the proposed separate election districts. ~~Prior thereto the state board or a member thereof or~~ The ~~commissioner or assistant commissioner as designated by the state board~~ shall conduct a hearing at the nearest county seat in the area upon reasonable notice to the affected districts and county boards if requested within 20 days after submission of the plat. Such a hearing may be requested by the board of any affected district, a county board of commissioners, or the petition of 20 resident voters living within the area proposed for consolidation. The ~~state board~~ *commissioner* shall endorse on the plat ~~its~~ action regarding any proposal for the disposition of the bonded debt of component districts and ~~its~~ *the* reasons for ~~its~~ *these* actions and within 60 days of the date of the receipt of the plat, ~~it~~ *the commissioner* shall return it to the county auditor who submitted it. The ~~state board~~ *commissioner* shall furnish a copy of that plat, and the supporting statement and its endorsement to the auditor of each county containing any land area of the proposed new district. If the board of any such district entitled to act on the petition rejects the proposal, the proceedings are terminated and dismissed. If any board fails to act on the plat within the time allowed, the proceedings are terminated.

Sec. 5. Minnesota Statutes 1992, section 122.23, subdivision 10, is amended to read:

Subd. 10. If an approved plat contains land area in any district not entitled to act on approval or rejection of the plat by action of its board, the plat may be approved by the residents of the land area within 60 days of approval of plat by the ~~state board~~ *commissioner* in the following manner:

Upon the filing of the petition with the county auditor, executed by at least 25 percent of the eligible voters in each district or part of a district contained in the land area, the county auditor shall forthwith call and conduct a special election of the electors resident in the whole land area on the question of adoption of the plat. For the purposes of this section, the term "electors resident in the whole land area" means any

person residing on any remaining portion of land, a part of which is included in the consolidation plat. Any eligible voter owning land included in the plat who lives upon land adjacent or contiguous to that part of the voter's land included in the plat shall be included and counted in computing the 25 percent of the eligible voters necessary to sign the petition and shall also be qualified to sign the petition. Failure to file the petition within 60 days of approval of the plat by the ~~state board~~ *commissioner* terminates the proceedings.

Sec. 6. Minnesota Statutes 1992, section 122.23, subdivision 13, is amended to read:

Subd. 13. If a majority of the votes cast on the question at the election approve the consolidation, and if the necessary approving resolutions of boards entitled to act on the plat have been adopted, the school board shall, within ten days of the election, notify the county auditor who shall, within ten days of the notice or of the expiration of the period during which an election can be called, issue an order setting a date for the effective date of the change. The effective date shall be July 1 of ~~an odd-numbered year, unless an even-numbered year is agreed upon according to subdivision 13a the year determined by the school board in the original resolution adopted under~~ subdivision 2. The auditor shall mail or deliver a copy of such order to each auditor holding a copy of the plat and to the clerk of each district affected by the order and to the commissioner. The proceedings are then terminated and the county auditor shall so notify the commissioner and the auditors and the clerk of each school district affected.

Sec. 7. Minnesota Statutes 1992, section 122.23, is amended by adding a subdivision to read:

Subd. 20. [RETIREMENT INCENTIVES.] (a) For consolidations effective July 1, 1994, and thereafter, a school board of a district may offer early retirement incentives to licensed and nonlicensed staff. The early retirement incentives that the board may offer are:

(1) the payment of employer pension plan contributions for a specified period of allowable service credit for district employees who have at least ten years of allowable service credit in the applicable pension plan under paragraph (b);

(2) an extended leave of absence for an eligible employee under section 125.60;

(3) severance payment incentives under paragraph (c); and

(4) the employer payment of the premiums for continued health insurance coverage under paragraph (d).

These incentives may only be offered to employees who terminate active employment with the school district or who enter into an extended leave of absence as a result of the consolidation, whichever applies. The board may determine the staff to whom the incentives are offered. Unilateral implementation of this section by a school board is not an unfair labor practice under chapter 179A.

(b) An employee with at least ten years of allowable service credit in the applicable pension plan who is offered an early retirement incentive under paragraph (a), clause (1), may purchase up to five additional years of

allowable service credit from the applicable pension plan. To do so, the former employee must pay the member contributions to the pension plan annually in a manner and in accord with a schedule specified by the executive director of the applicable fund. If the former employee makes the member contribution, the board shall make the applicable employer contribution. The salary used to determine these contributions is the salary of the person in the last year that the former employee was employed by the district. During the period of continuing member and employer contributions, the person is not considered to be an active member of the applicable pension plan, is not eligible for any active member disability or survivorship benefit coverage, and is not included in any postemployment termination benefit plan changes unless the applicable benefit legislation provides otherwise. Continued eligibility to purchase service credit under this paragraph expires if the person is subsequently employed during the service purchase period by a public employer with retirement coverage under a pension plan specified in section 356.30, subdivision 3.

(c) Severance payment incentives must conform with sections 465.72, 465.721, and 465.722.

(d) The board may offer a former employee continued employer-paid health insurance coverage. Coverage may not extend beyond age 65 or the end of the first month in which the employee is eligible for employer-paid health insurance coverage from a new employer. For purposes of this subdivision, "employer-paid health insurance coverage" means medical, hospitalization, or health insurance coverage provided through an insurance company that is licensed to do business in the state and for which the employing unit pays more than one-half of the cost of the insurance premiums.

(e) A school board may offer these incentives beginning on the day that the consolidation is approved under section 122.23, subdivision 12 or, if an election is not called under section 122.23, subdivision 9 or 10, on the day that the plat is approved by the commissioner. A board may offer these incentives until the June 30 following the effective date of the consolidation.

Sec. 8. Minnesota Statutes 1992, section 122.531, subdivision 9, is amended to read:

Subd. 9. [LEVY FOR SEVERANCE PAY OR EARLY RETIREMENT INCENTIVES.] The school board of a newly created or enlarged district, to which part or all of a dissolved district was attached according to section 122.22 ~~or 122.23~~, may levy for severance pay or early retirement incentives for licensed and nonlicensed employees who resign or retire early as a result of the dissolution or consolidation, if the commissioner of education approves the incentives and the amount to be levied. The amount may be levied over a period of up to five years and shall be spread in whole or in part on the property of a preexisting district or the newly created or enlarged district, as determined by the school board of the newly created or enlarged district.

Sec. 9. Minnesota Statutes 1992, section 122.533, is amended to read:

122.533 [EXPENSES OF TRANSITION.]

The newly elected board of a newly created district pursuant to section ~~122.23~~ or the board of a district to which a dissolved district is attached pursuant to section 122.22, may, for the purpose of paying the expenses of negotiations and other administrative expenses relating to the transition, enter

into agreements with banks or any person to take its orders at any rate of interest not to exceed seven percent per annum. These orders shall be paid by the treasurer of the district from district funds after the effective date of the ~~consolidation or dissolution and attachment~~. Notwithstanding the provisions of sections 124.226, 124.2716, 124.91, 124.912, 124.914, 124.916, 124.918, and 136C.411, the district may, in the year the ~~consolidation or dissolution and attachment~~ becomes effective, levy an amount equal to the amount of the orders issued pursuant to this subdivision and the interest on these orders. No district shall issue orders for funds or make a levy pursuant to this subdivision without the commissioner's approval of the expenses to be paid with the funds from the orders and levy.

Sec. 10. [122.98] [COOPERATIVE UNIT INSURANCE POOLS.]

Any cooperative unit defined in section 123.35, subdivision 19b, that directly manages a health insurance pool or provides health insurance coverage through an insurance pool as a service to members must create a labor-management committee representative of the groups covered by the pool to advise the governmental unit on management matters of the coverage.

Sec. 11. Minnesota Statutes 1992, section 123.35, subdivision 19a, is amended to read:

Subd. 19a. [LIMITATION ON PARTICIPATION AND FINANCIAL SUPPORT.] (a) No school district shall be required by any type of formal or informal agreement, including a joint powers agreement, or ~~otherwise membership in any cooperative unit defined in subdivision 19b, paragraph (d),~~ to participate in or provide financial support for the purposes of the agreement for a time period in excess of one fiscal year, *or the time period set forth in this subdivision.* Any agreement, part of an agreement, or other type of requirement to the contrary is void.

(b) This subdivision shall not affect the continued liability of a school district for its share of bonded indebtedness or other debt incurred as a result of any agreement before July 1, 1993. The school district is liable only until the obligation or debt is discharged and only according to the payment schedule in effect on July 1, 1993, except that the payment schedule may be altered for the purpose of restructuring debt or refunding bonds outstanding on July 1, 1993, if the annual payments of the school district are not increased and if the total obligation of the school district for its share of outstanding bonds or other debt is not increased.

(c) To cease participating in or providing financial support for any of the services or activities relating to the agreement or to terminate participation in the agreement, the school board shall adopt a resolution and notify other parties to the agreement of its decision on or before February 1 of any year. The cessation or withdrawal shall be effective June 30 of the same year ~~or,~~ *except that for a member of an education district organized under sections 122.91 to 122.95 or an intermediate district organized under chapter 136D, cessation or withdrawal shall be effective June 30 of the following fiscal year.* At the option of the school board, *cessation or withdrawal may be effective June 30 of the following fiscal year for a district participating in any type of agreement.*

(d) Before issuing bonds or incurring other debt, the governing body responsible for implementing the agreement shall adopt a resolution proposing to issue bonds or incur other debt and the proposed financial effect of the

bonds or other debt upon each participating district. The resolution shall be adopted within a time sufficient to allow the school board to adopt a resolution within the time permitted by this paragraph and to comply with the statutory deadlines set forth in sections 122.895, 125.12, and 125.17. The governing body responsible for implementing the agreement shall notify each participating school board of the contents of the resolution. Within 120 days of receiving the resolution of the governing body, the school board of the participating district shall adopt a resolution stating:

- (1) its concurrence with issuing bonds or incurring other debt;
- (2) its intention to cease participating in or providing financial support for the service or activity related to the bonds or other debt; or
- (3) its intention to terminate participation in the agreement.

A school board adopting a resolution according to clause (1) is liable for its share of bonded indebtedness or other debt as proposed by the governing body implementing the agreement. A school board adopting a resolution according to clause (2) is not liable for the bonded indebtedness or other debt, as proposed by the governing body, related to the services or activities in which the district ceases participating or providing financial support. A school board adopting a resolution according to clause (3) is not liable for the bonded indebtedness or other debt proposed by the governing body implementing the agreement.

(e) After July 1, 1993, a district is liable according to paragraph (d) for its share of bonded indebtedness or other debt incurred by the governing body implementing the agreement to the extent that the bonds or other debt are directly related to the services or activities in which the district participates or for which the district provides financial support. The district has continued liability only until the obligation or debt is discharged and only according to the payment schedule in effect at the time the governing body implementing the agreement provides notice to the school board, except that the payment schedule may be altered for the purpose of refunding the outstanding bonds or restructuring other debt if the annual payments of the district are not increased and if the total obligation of the district for the outstanding bonds or other debt is not increased.

Sec. 12. Minnesota Statutes 1992, section 123.35, is amended by adding a subdivision to read:

Subd. 19b. [WITHDRAWING FROM COOPERATIVE.] If a school district withdraws from a cooperative unit defined in paragraph (d), the distribution of assets and assignment of liabilities to the withdrawing district shall be determined according to this subdivision.

(a) The withdrawing district remains responsible for its share of debt incurred by the cooperative unit according to subdivision 19a. The school district and cooperative unit may mutually agree, through a board resolution by each, to terms and conditions of the distribution of assets and the assignment of liabilities.

(b) If the cooperative unit and the school district cannot agree on the terms and conditions, the commissioner of education shall resolve the dispute by determining the district's proportionate share of assets and liabilities based on the district's enrollment, financial contribution, usage, or other factor or combination of factors determined appropriate by the commissioner. The

assets shall be disbursed to the withdrawing district in a manner that minimizes financial disruption to the cooperative unit.

(c) Assets related to an insurance pool shall not be disbursed to a member district under paragraph (b) of this section.

Sec. 34. [STAFFING.]

The commissioner of education shall provide staffing to develop the proposed amended rules on school desegregation/integration and educational diversity, to be adopted by the state board of education, as directed by the legislature.

Sec. 35. [GRANTS TO PROVIDE FREE BREAKFASTS TO ELEMENTARY SCHOOL CHILDREN.]

Subdivision 1. [ESTABLISHMENT.] A grant program for fiscal year 1995 is established to explore the policy of providing nutritious breakfasts to all children in elementary school, without regard to whether the children are eligible to receive free or reduced price breakfasts, so that they can learn effectively.

Subd. 2. [ELIGIBILITY.] An applicant for a grant must be an elementary school that participates in the federal school breakfast and lunch programs. For a school to receive a grant, at least 15 percent of the school's enrolled children must have qualified to receive a free or reduced price lunch during the 1993-1994 school year.

Subd. 3. [APPLICATION PROCESS.] To obtain a grant to receive reimbursement for providing breakfasts to all children, whether or not the children are from low-income families and eligible to receive free or reduced price meals, an elementary school must submit an application to the education commissioner in the form and manner prescribed by the commissioner. The application must describe how the applicant will encourage all children in the school to participate in the breakfast program. The commissioner may require additional information from the applicant.

Subd. 4. [GRANT AWARDS.] The commissioner shall award four grants: for each of two grant recipients, between 15 and 40 percent of the enrolled children must have qualified to receive a free or reduced price lunch during the 1993-1994 school year; for each of the remaining two grant recipients, more than 40 percent of the enrolled children must have qualified to receive a free or reduced price lunch during the 1993-1994 school year. The four schools that the commissioner selects must have an elementary school population that in total does not exceed 2,400 pupils in average daily membership. Grant recipients must be located throughout the state. The amount of the grant shall equal the statewide average cost for the 1993-1994 school year for every breakfast the recipient serves under this program during the 1994-1995 school year minus any state and federal reimbursement the recipient receives for providing free and reduced price breakfasts during the

1994-1995 school year. Grant recipients must use the proceeds to provide breakfasts to school children.

Subd. 5. [EVALUATION.] The commissioner shall evaluate the four grant sites and two control sites to determine the impact that the universal breakfast program has on children's school performance, including discipline in the school, students' test scores, attendance rates, and other measures of educational achievement. The commissioner shall report the results of the evaluation to the education committees of the legislature by January 31, 1996.

Sec. 36. [REPORT ON SCHOOL MEALS PROGRAMS.]

The commissioner of education shall review the nutrition needs of K-12 students and the extent to which poor nutrition interferes with effective learning, and shall review the current school breakfast and lunch programs and the role of these programs in improving educational achievement and contributing to the long-term health of Minnesota children. The commissioner shall identify barriers to participating in the school meals programs and shall make recommendations to the education committees of the legislature and the legislative commission on children, youth, and their families by January 31, 1995, to:

- (1) improve student nutrition to increase the educational achievement of all children and to improve the overall learning climate;*
- (2) more effectively integrate the school meals program into the school day;*
- (3) eliminate barriers to universal participation in school meals programs;*
- (4) reduce paperwork and other administrative burdens associated with the school meals programs so that resources can be redirected to pay for program expansion and improving the nutritional integrity of the program; and*
- (5) enable Minnesota to maximize federal funds for school meals programs.*

Sec. 37. [REVENUE ADJUSTMENTS.]

After appropriate study and such public hearings as may be necessary, the commissioner of education shall recommend to the legislature by February 1, 1995, a policy for ensuring the school districts participating in a metropolitan-wide school desegregation/integration plan are not financially disadvantaged as a result of participating in the plan.

Sec. 38. [MAGNET SCHOOL AND PROGRAM GRANTS.]

(a) The commissioner of education, in consultation with the desegregation/integration office under Minnesota Statutes, section 121.025, shall award grants to school districts and chartered public schools for planning and developing magnet schools and magnet programs.

(b) Grant recipients must use the grant money under paragraph (a) to establish or operate a magnet school or a magnet program and provide all students with equal educational opportunities. Grant recipients may expend grant money on:

- (1) teachers who provide instruction or services to students in a magnet school or magnet program;*
- (2) educational paraprofessionals who assist teachers in providing instruction or services to students in a magnet school or magnet program;*

- (3) clerical support needed to operate a magnet school or magnet program;

Subd. 2. [LEVY.] For taxes payable in each of the years 1998 through 2000, the district may levy an amount up to 33-1/3 percent of the balance in the account on July 1, 1994. The balance in the account shall be adjusted each year by the amount of the proceeds of the levy. The proceeds of the levy shall be used only for cash flow requirements and shall not be used to supplement district revenues or income for the purposes of increasing the district's expenditures or budgets.

The three-year pilot program shall be results-oriented and shall be designed to improve teachers' ability to effectively educate learners of all racial, cultural, and economic groups. The district's staff development committee under Minnesota Statutes, section 126.70, subdivision 1, shall develop appropriate outcomes for the program. Subd. 3. [APPLICABILITY.] A teacher employed by independent school district No. 38, Red Lake, at the start of the 1994-1995 school year shall complete the program established in subdivision 1 within three years of its implementation. Section 1. Minnesota Statutes 1992, section 123.39, subdivision 1, is amended to read:

Subdivision 1. The board may provide for the transportation of pupils to and from school and for any other purpose for which aid is authorized under section 124.223 or for which levies are authorized under sections 124.226, 124.2716, 124.91, 124.912, 124.914, 124.916, 124.918, and 136C.411. The board may also provide for the transportation of pupils to schools in other districts for grades and departments not maintained in the district, including high school, at the expense of the district, when funds are available therefor and if agreeable to the district to which it is proposed to transport the pupils, for the whole or a part of the school year, as it may deem advisable, and subject to its rules. ~~Every driver shall possess all the qualifications required by the rules of the state board of education.~~ In any school district, the board shall arrange for the attendance of all pupils living two miles or more from the school, *except pupils whose transportation privileges have been revoked under section 169.436, subdivision 1, clause (6), or 123.7991, paragraph (b),* through suitable provision for transportation or through the boarding and rooming of the pupils who may be more economically and conveniently provided for by that means. The board shall provide transportation to and from the home of a child with a disability not yet enrolled in kindergarten when special instruction and services under ~~section~~ sections 120.17 and 120.1701 are provided in a location other than in the child's home. When transportation is provided, scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children and any other matter relating thereto shall be within the sole discretion, control, and management of the school board. The district may provide for the transportation of pupils or expend a reasonable amount for room and board of pupils whose attendance at school can more economically and conveniently be provided for by that means or who attend school in a building rented or leased by a district within the confines of an adjacent district.

Sec. 2. Minnesota Statutes 1992, section 123.78, is amended by adding a subdivision to read:

Subd. 3. [RULES.] The state board of education may amend rules relating to equal transportation.

Sec. 3. [123.799] [STUDENT TRANSPORTATION SAFETY.]

Subdivision 1. [RESERVED REVENUE USE.] A district shall use the student transportation safety reserved revenue under section 124.225, subdivision 7f, for providing student transportation safety programs to enhance student conduct and safety on the bus or when boarding and exiting the bus. A district's student transportation policy must specify the student transportation safety activities to be carried out under this section. A district's student transportation safety reserved revenue may only be used for the following purposes:

- (1) to provide paid adult bus monitors, including training and salary costs;*
- (2) to provide a volunteer bus monitor program, including training costs and the cost of a program coordinator;*

(3) to purchase or lease optional external public address systems or video recording cameras for use on buses; and

(4) other activities or equipment that have been reviewed by the state school bus safety advisory committee and approved by the commissioner of public safety.

Subd. 2. [REPORTING.] Districts shall annually report expenditures from the student transportation safety reserved revenue to the commissioner of education, who shall provide the information to the school bus safety advisory committee.

Sec. 4. [123.7991] [SCHOOL BUS SAFETY TRAINING.]

Subdivision 1. [SCHOOL BUS SAFETY WEEK.] The first week of school is designated as school bus safety week.

A school board may designate one day of school bus safety week as school bus driver day.

Subd. 2. [STUDENT TRAINING.] (a) Each school district shall provide public school pupils enrolled in grades kindergarten through 12 with school bus safety training. The training shall be results-oriented and shall consist of both classroom instruction and practical training using a school bus. Upon completing the training, a student shall be able to demonstrate knowledge and understanding of at least the following competencies and concepts:

- (1) transportation by school bus is a privilege not a right;*
- (2) district policies for student conduct and school bus safety;*
- (3) appropriate conduct while on the bus;*
- (4) the danger zones surrounding a school bus;*
- (5) procedures for safely boarding and leaving a school bus;*
- (6) procedures for safe vehicle lane crossing; and*
- (7) school bus evacuation and other emergency procedures.*

(b) Student school bus safety training shall commence during school bus safety week. All students who are transported by school bus and are enrolled during the first week of school must demonstrate achievement of the school bus safety training competencies by the end of the third week of school. Students who enroll in a school after the first week of school and are transported by school bus shall undergo school bus safety training and demonstrate achievement of the school bus safety competencies within three weeks of the first day of attendance. The pupil transportation safety director in each district must certify to the commissioner of education annually by October 15 that all students transported by bus have satisfactorily demonstrated knowledge and understanding of the school bus safety competencies according to this section or provide an explanation for a student's failure to demonstrate the competencies. A school district may deny transportation to a student who fails to demonstrate the competencies, unless the student is unable to achieve the competencies due to a disability.

(c) A district must, to the extent possible, provide kindergarten pupils with bus safety training before the first day of school.

(d) A school district must also provide student safety education for bicycling and pedestrian safety.

Subd. 3. [MODEL TRAINING PROGRAM.] The commissioner of education shall develop a comprehensive model school bus safety training program for pupils who ride the bus that includes bus safety curriculum for both classroom and practical instruction, methods for assessing attainment of school bus safety competencies, and age-appropriate instructional materials.

Sec. 5. [123.7992] [NOTICE OF RECORDING DEVICE.]

If a video or audio recording device is placed on a school bus, the bus also must contain a sign or signs, conspicuously placed, notifying riders that their conversations or actions may be recorded on tape.

Sec. 6. [123.801] [BUS TRANSPORTATION A PRIVILEGE NOT A RIGHT.]

Transportation by school bus is a privilege not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or for violation of any other law governing student conduct on a school bus, pursuant to a written school district discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the pupil fair dismissal act of 1974. Revocation procedures for a student who is an individual with a disability under the Individuals with Disabilities Education Act, United States Code, title 20, section 1400 et seq., section 504 of the Rehabilitation Act of 1973, United States Code, title 29, section 794, and the Americans with Disabilities Act, Public Law Number 101-336, are governed by these provisions.

Sec. 9. Minnesota Statutes 1992, section 124.225, is amended by adding a subdivision to read:

Subd. 8m. [TRANSPORTATION SAFETY AID.] A district's transportation safety aid equals the district's reserved revenue for transportation safety under subdivision 7f for that school year.

(3) a "type C school bus" is a body installed upon a flat back cowl chassis with a gross vehicle weight rating of more than 10,000 pounds, designated for carrying more than ten persons. All of the engine is in front of the windshield and the entrance door is behind the front wheels;

(4) a "type D school bus" is a body installed upon a chassis, with the engine mounted in the front, midship or rear, with a gross vehicle weight rating of more than 10,000 pounds, designed for carrying more than ten persons. The entrance door is ahead of the front wheels; and

(e) (5) type III school buses are restricted to passenger cars, station wagons, vans, and buses having a maximum manufacturer's rated seating capacity of ten people, including the driver, and a gross vehicle weight rating of 10,000 pounds or less. In this subdivision, "gross vehicle weight rating" means the value specified by the manufacturer as the loaded weight of a single vehicle. This provision shall not apply under the conditions as otherwise provided in this subdivision.

(b) When any vehicle is stopped at a marked crosswalk or at any unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass the stopped vehicle.

(c) It is unlawful for any person to drive a motor vehicle through a column of school children crossing a street or highway or past a member of a school safety patrol, while the member of the school safety patrol is directing the movement of children across a street or highway and while the school safety patrol member is holding an official signal in the stop position. *A person who violates this paragraph is guilty of a misdemeanor. A person who violates this paragraph a second or subsequent time within one year of a previous conviction under this paragraph is guilty of a gross misdemeanor.*

A variance from the standards must be for the sole purpose of testing and evaluating new equipment for increased safety, efficiency, and economy of pupil transportation. The variance expires 18 months from the date on which it is granted unless the commissioner specifies an earlier expiration date. The school bus safety advisory committee shall annually review all variances that are granted under this subdivision and consider whether to recommend modifications to the Minnesota school bus equipment standards based on the variances.

The department of public safety shall develop uniform definitions of a school bus accident, an incident of serious misconduct, and an incident that results in personal injury or death. The department shall determine what type of information on school bus accidents and incidents, including criminal conduct, and bus driver dismissals for cause should be collected and develop a uniform accident and incident reporting form to collect those data, including data relating to type III vehicles, statewide. Data collected with this reporting form shall be analyzed to help develop accident, crime, and misconduct prevention programs.

Sec. 25. [169.454] [TYPE III VEHICLE STANDARDS.]

Subdivision 1. [STANDARDS.] This section applies to type III vehicles used for the transportation of school children when owned and operated by a school district or privately owned and operated. The vehicle must display to the rear of the vehicle this sign: "VEHICLE STOPS AT RR CROSSINGS."

The lettering (except for "AT," which may be one inch smaller) must be a minimum two-inch "Series D" as specified in standard alphabets for highway signs as specified by the Federal Highway Administration. The printing must be in a color giving a marked contrast with that of the part of the vehicle on which it is placed.

The sign must have provisions for being covered, or be of a removable or fold-down type.

Subd. 7. [LAMPS AND SIGNALS.] Installation and use of the eight-lamp warning system is prohibited.

All lamps on the exterior of the vehicle must conform with and be installed as required by federal motor vehicle safety standard 108, Code of Federal Regulations, title 49, part 571.

Sec. 26. [169.4581] [LAW ENFORCEMENT POLICY FOR CRIMINAL CONDUCT ON SCHOOL BUSES.]

By January 1, 1995, each local law enforcement agency shall adopt a written policy regarding procedures for responding to criminal incidents on school buses. In adopting a policy, each law enforcement agency shall consult with local school officials, with representatives of private companies that contract with school districts to provide transportation, and with parents of students. The policy must recognize that responding to reports of criminal conduct on school buses is the responsibility of law enforcement officials.

Sec. 27. [169.4582] [REPORTING INCIDENTS ON SCHOOL BUSES.]

Subdivision 1. [REPORTABLE OFFENSE; DEFINITION.] "Reportable offense" means misbehavior causing an immediate and substantial danger to self or surrounding persons or property under section 127.29.

Subd. 2. [DUTY TO REPORT; SCHOOL OFFICIAL.] Consistent with the school bus safety policy under section 169.436, subdivision 1, the school principal, the school transportation safety director, or other designated school official shall immediately report to the local law enforcement agency having jurisdiction where the misbehavior occurred and to the school superintendent if the reporting school official knows or has reason to believe that a student has committed a reportable offense on a school bus or in a bus loading or unloading area. The reporting school official shall issue a report to the commissioner of public safety concerning the incident, on a form developed by the commissioner for that purpose.

Sec. 28. Minnesota Statutes 1992, section 169.64, subdivision 8, is amended to read:

(1) a school bus that is subject to and complies with the ~~color and~~ equipment requirements of sections 169.441, ~~subdivisions subdivision 1 and 2,~~ and 169.442, subdivision 1. The lamp shall be permanently mounted on the longitudinal center line of the bus roof not less than five feet nor more than seven feet forward of the rear roof edge. It shall operate from a separate switch containing an indicator lamp to show when the strobe lamp is in use. The strobe lamp may be lighted only when atmospheric conditions or terrain restrict the visibility of school bus lamps and signals so as to require use of the bright strobe lamp to alert motorists to the presence of the school bus. A strobe lamp may not be lighted unless the school bus is actually being used as a school bus; or

(2) a road maintenance vehicle owned or under contract to the department of transportation or a road authority of a county, home rule or statutory city, or town, but the strobe lamp may only be operated while the vehicle is actually engaged in snow removal during daylight hours.

The strobe lamp shall be of a double flash type certified to the commissioner of public safety by the manufacturer as being weatherproof and having a minimum effective light output of 200 candelas as measured by the Blondel-Rey formula.

Subdivision 1. [COMMISSION DETERMINATION.] The commission shall first determine whether to pursue negotiations to acquire the basketball and hockey arena.

These terms specifically include any agreements that require a professional team affiliated with the owner to lease or use the arena or that restrict or limit the authority of the team owners or affiliates to relocate the team. The commission shall make the terms of the agreements available for public inspection.

Subd. 3. [COMMISSION PROPOSAL.] (a) If the commission makes a final determination to acquire the basketball and hockey arena, the commission may then submit to the metropolitan council a proposal to bond for and acquire the basketball and hockey arena. That data shall be confidential data on individuals under section 13.02, subdivision 3, or protected nonpublic data under section 13.02, subdivision 13, as the case may be, unless the commission determines that public release of the data would advance the negotiations, or until the potential lessees have executed agreements with the commission or the negotiations are unfavorably concluded.

(c) The following data shall be private data on individuals under section 13.02, subdivision 12, or nonpublic data under section 13.02, subdivision 9, as the case may be:

Sec. 15. [473.599] [DEBT OBLIGATIONS.]

Subdivision 1. [REVENUES.] It is the intent of the legislature that the commission shall, to the maximum extent possible consistent with the provisions of this section, impose rates, rentals, and other charges in the operation of the basketball and hockey arena which together with the admissions tax and surcharge provided in section 473.595, subdivision 1a, will make the basketball and hockey arena self-supporting so that the taxes imposed under section 473.592 for the basketball and hockey arena will be at the lowest possible rate consistent with the obligations of the city of Minneapolis as provided in sections 473.551 to 473.599.

Subd. 2. [BONDS.] The council shall by resolution authorize the sale and issuance of its bonds for any of the following purposes upon its determination that the conditions of subdivision 4 have been met:

(b) To refund bonds issued under this section; and

(c) To fund judgments entered by any court against the commission or against the council in matters relating to the basketball and hockey arena.

Subd. 3. [PROCEDURE.] The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for bonds payable solely from revenues, except as otherwise provided in sections 473.551 to 473.599, and the council shall have the same powers and duties as a municipality and its governing body in issuing bonds under chapter 475. The council may pledge for the payment of the bonds the net revenues of the commission arising from the commission's operation of the basketball and hockey arena, the tax provided by section 473.592 for the basketball and hockey arena, and the admission tax and surcharge authorized in section 473.595, subdivision 1a. The bonds may be sold at any price and at public or private sale as determined by the council. They shall be payable solely from tax and other revenues referred to in sections 473.551 to 473.599, and shall not be a general obligation or debt of the council or of the commission, and shall not be included in the net debt of any city, county, or other subdivision of the state for the purpose of any net debt limitation, but nothing in this section shall affect the obligation of the city of Minneapolis to levy a tax pursuant to an agreement made under the provisions of section 473.592. No election shall be required. The principal amount shall not be limited except as provided in subdivision 4.

Subd. 4. [LIMITATIONS.] The principal amount of the bonds issued pursuant to subdivision 2, clause (a), exclusive of any original issue discount, shall not exceed the total amount of \$42,000,000 plus such amount as the council determines necessary to pay the costs of issuance, fund reserves for operation and debt service, and pay for any bond insurance or other credit enhancement. The bonds may be issued as tax-exempt revenue bonds or as taxable revenue bonds in the proportions that the commission may determine. The proceeds of the bonds issued pursuant to subdivision 2, clause (a), shall be used only for acquisition and betterment of sports facilities suitable for a basketball and hockey arena and the arena land and the related purposes referred to in this subdivision, and for reimbursement of any expenses of the commission related to its determination of whether to acquire the basketball and hockey arena, whenever incurred. The council shall issue its bonds pursuant to subdivision 2, clause (a), and the commission may acquire the basketball and hockey arena and the arena land when the council has made the following determinations:

(a) The commission, the city of Minneapolis or the Minneapolis community development agency, or any or all of them, as the commission may deem appropriate, has executed agreements with a major league professional basketball organization to use the arena for all scheduled regular season home games and play-off home games, and for at least one of its exhibition games played each season. The agreements shall be for a period of 30 years. The agreements may contain provisions negotiated with the organization which provide for earlier termination of the use of the basketball and hockey arena by the commission upon conditions related to and limited to the bankruptcy or insolvency of the organization. The agreements shall afford to the commission, the city of Minneapolis, or the Minneapolis community development agency, or each or all of them, as the commission deems appropriate, the remedies that are deemed necessary and appropriate to provide reasonable assurances that the major league professional basketball organization or another major league professional basketball organization shall comply with the agreements. The remedies shall include the payment of liquidated damages equivalent to direct and consequential damages incurred by reason of the breach of the agreements and any additional remedies or security arrangements the commission reasonably determines to be effective in accomplishing the purposes of this paragraph. The damages payment may be payable in a lump sum or in installments as the commission may deem appropriate. The commission may require that the agreements include other terms and conditions to provide reasonable assurances that the major league professional basketball team or a successor major league professional basketball team will play the required games at the basketball and hockey arena during the 30-year term of the agreements, or, in the event of a breach, to assure the payment of the required damages. The agreements shall address contingencies that may arise in the event of change of ownership of the professional teams. The agreements with the professional basketball organization for the use of the basketball and hockey arena shall provide for arrangements which the commission may deem necessary or appropriate to accommodate a future agreement between the commission and a professional hockey organization to occupy the basketball and hockey arena, consistent with this section.

(b) The commission has exercised its reasonable efforts to obtain assurances and/or agreements from the professional basketball major league to the extent permitted under applicable federal and state law, that it will not

approve the relocation of the major league professional basketball organization if the relocation is in violation of the terms of the agreements referred to in paragraph (a).

(c) The professional basketball team has provided information sufficient to satisfy the council and the commission of the team's ability to comply with the terms of the 30-year lease.

(d) The proceeds of bonds provided for in this subdivision will be sufficient for the purposes for which they are issued.

(e) The commission has acquired, or has contracted to acquire, (i) leasehold title to the arena land together with the estate of the tenant and other rights demised under the ground lease, subject to amendment as provided in clause (o), (ii) ownership of all real and personal property comprising the basketball and hockey arena, and (iii) all easements, appurtenances and other rights, title, or interest deemed by the commission necessary or desirable in connection with the acquisition, financing, ownership, and operation of the basketball and hockey arena.

(f) The percentage of the private boxes provided for in the commission's proposal for the basketball and hockey arena are sold or leased for the period that the commission finds advisable.

(g) The anticipated admission taxes and surcharges and other revenue from the operation of the basketball and hockey arena will be sufficient to pay when due all basketball and hockey arena debt service plus all administration, operating and maintenance expense of the arena.

The validity of any bonds issued under subdivision 2, clause (a), and the obligations of the council and commission related to them, shall not be conditioned upon or impaired by the council's determination made pursuant to this subdivision. For purposes of issuing the bonds the determinations made by the commission and council shall be deemed conclusive, and the council shall be and remain obligated for the security and payment of the bonds irrespective of determinations which may be erroneous, inaccurate, or otherwise mistaken.

(j) The commission has entered into arrangements with any other persons to create a condominium or leasehold condominium, or common interest community or leasehold common interest community, with respect to the building containing the basketball and hockey arena, including the arena playing and spectator areas, and all other portions of the building, and together with the arena land and all other related improvements, easements and other appurtenant and ancillary property and property rights. The Minneapolis community development agency in its capacity as ground lease

landlord may be a party to the condominium or common interest community declaration. The condominium or common interest community declaration shall establish the portion of the building containing the health club as a separate unit of the condominium or common interest community, and the commission shall have entered into an agreement or agreements with a private sports and health club organization which shall require that the organization shall purchase or retain ownership of the unit with its own funds and at no cost or expense to the commission, and that the organization shall pay for all utility and other operating costs and expenses including allocated common expenses and pay ad valorem property taxes for the unit. The condominium or common interest community declaration may also establish other units in the condominium or common interest community which shall include the arena playing and spectator areas and may also include office space, restaurant space, locker rooms, private spectator suites or boxes, signage, and other areas, and may also establish common elements, limited common elements and other easements and interests as the commission deems necessary or appropriate. (k) The private sports and health club organization has executed an assessment agreement pursuant to section 469.177, subdivision 8, obligating payment of ad valorem taxes based on a minimum market value of the health club of at least \$10,000,000 with the city of Minneapolis or the Minneapolis community development agency.

(l) The commission has executed an agreement requiring the commission to remit annually to the Minneapolis community development agency or appropriate agency an amount which together with any ad valorem taxes or other amounts received by the city of Minneapolis or the Minneapolis community development agency from the health club as tax increments equals the debt service required by the tax increment district attributable to the basketball and hockey arena until the current outstanding indebtedness or any refunding thereof has been paid or retired.

(m) The development agreement shall be amended:

(i) so that no payments are due to the city of Minneapolis or the Minneapolis community development agency from the commission or any other person with respect to the sale, ownership or operation of the basketball and hockey arena, except as provided in clauses (k), (l), and (n); and

(ii) to confirm the satisfactory performance of the obligations of the parties to the development agreement on the effective date of the commission's acquisition; provided, that the city of Minneapolis and the Minneapolis community development agency shall not be required to release any claim they may have under the development agreement with respect to the operations or sale of the health club (except as such claim may arise from the commission's acquisition of the basketball and hockey arena and the contemporaneous sale or transfer of the health club to those persons who own the basketball and hockey arena and the health club on the date of the commission's acquisition) or from the operations or sale of the professional basketball organization

occupying the basketball and hockey arena or the security they may have under the development agreement or the ground lease to assure its performance, pursuant to the guaranty of the guarantors in the event of any default of the commission under the ground lease, or of the owners of the health club with respect to the payment of ad valorem taxes or any payment due from them under the development agreement as amended in accordance with the provisions of this subdivision.

(n) The commission has executed an agreement with the city of Minneapolis providing that for so long as the commission owns the basketball and hockey arena the city shall not impose any entertainment tax or surcharge on tickets purchased for any and all events at the basketball and hockey arena. The agreement may also provide that the commission shall compensate the city for the forbearance of the entertainment tax in effect on the effective date of this act, plus accrued interest, after payment of basketball and hockey arena debt service, the necessary and appropriate funding of debt reserve of the basketball and hockey arena and all expenses of operation, administration, and maintenance, and the funding of a capital reserve for the repair, remodeling and renovation of the basketball and hockey arena. The required funding of the capital reserve shall be in an amount mutually agreed to by the commission and the city.

(o) The ground lease shall be amended by the Minneapolis community development agency to the reasonable satisfaction of the commission to provide:

(ii) that the term of the lease shall be 99 years;

(iii) that the commission shall have the option to purchase the arena land upon the payment of \$10 at any time during the term of the ground lease, but, unless otherwise agreed to by the Minneapolis community development agency, only after the payment or retirement of the general obligation tax increment bonds previously issued by the city of Minneapolis to assist in financing the acquisition of the arena land; and

(iv) other amendments as the commission deems necessary and reasonable to accomplish its purposes as provided in sections 473.598 and 473.599.

(p) The commission has received a report or reports by qualified consultants on the basketball and hockey arena, the health club and the arena land, based on thorough inspection in accordance with generally accepted professional standards and any correction, repair, or remediation disclosed by the reports has been made to the satisfaction of commission.

Subd. 5. [SECURITY.] To the extent and in the manner provided in sections 473.592 and 473.595, the taxes described in section 473.592 for the basketball and hockey arena, the tax, surcharge and other revenues of the commission described in section 473.595, subdivision 1a, attributable to the basketball and hockey arena and any other revenues of the commission attributable to the basketball and hockey arena shall be and remain pledged and appropriated for the purposes specified in this article and for the payment of all necessary and reasonable expenses of the operation, administration, maintenance, and debt service of the basketball and hockey arena until all bonds

referred to in section 473.599, subdivision 2, are fully paid or discharged in accordance with law. Bonds issued pursuant to this section may be secured by a bond resolution, or by a trust indenture entered into by the council with a corporate trustee within or outside the state, which shall define the tax and other revenues pledged for the payment and security of the bonds. The pledge shall be a valid charge on the tax, surcharge and other revenues attributable to the basketball and hockey arena referred to in sections 473.592, 473.595, subdivision 1a, 473.598, and 473.599 from the date when bonds are first issued or secured under the resolution or indenture and shall secure the payment of principal and interest and redemption premiums when due and the maintenance at all times of a reserve securing the payments. No mortgage of or security interest in any tangible real or personal property shall be granted to the bondholders or the trustee, but they shall have a valid security interest in all tax and other revenues received and accounts receivable by the commission or council under sections 473.592 to the extent of the tax imposed as security for the debt service of the basketball and hockey arena, 473.595, subdivision 1a, 473.598, and 473.599, as against the claims of all other persons in tort, contract, or otherwise, irrespective of whether the parties have notice of them, and without possession or filing as provided in the uniform commercial code or any other law. In the bond resolution or trust indenture the council may make the covenants, which shall be binding upon the commission, as are determined to be usual and reasonably necessary for the protection of the bondholders. No pledge, mortgage, covenant, or agreement securing bonds may be impaired, revoked, or amended by law or by action of the council, commission, or city, except in accordance with the terms of the resolution or indenture under which the bonds are issued, until the obligations of the council under the resolution or indenture are fully discharged.

Subd. 6. [REVENUE ANTICIPATION CERTIFICATES.] After approval by the council and final adoption by the commission of an annual budget of the commission for operation, administration, and maintenance of the basketball and hockey arena, and in anticipation of the proceeds from the taxes under section 473.592 and the revenues of the commission provided for in the budget, but subject to any limitation or prohibition in a bond resolution or indenture, the council may authorize the issuance, negotiation, and sale, in the form and manner and upon the terms that it may determine, of revenue anticipation certificates. The principal amount of the certificates outstanding shall at no time exceed 25 percent of the total amount of the tax and other revenues anticipated. The certificates shall mature not later than three months after the close of the budget year. Prior to the approval and final adoption of the annual budget of the commission, the council may authorize revenue anticipation certificates under this subdivision. So much of the anticipated tax and other revenues as may be needed for the payment of the certificates and interest on them shall be paid into a special debt service fund established for the certificates in the council's financial records. If for any reason the anticipated tax and other revenues are insufficient, the certificates and interest shall be paid from the first tax, surcharge and other revenues received attributable to the basketball and hockey arena, subject to any limitation or prohibition in a bond resolution or indenture. The proceeds of the certificates may be used for any purpose for which the anticipated revenues or taxes may be used or for any purpose for which bond proceeds under subdivision 2 may be used.

Subd. 7. [ARENA FREE OF MORTGAGES, LIENS, AND OBLIGATIONS.] With the exception of the obligations imposed by sections 473.598

and 473.599, the commission shall not assume any notes, pledges, mortgages, liens, encumbrances, contracts, including advertising contracts or marquee agreements, or other obligations upon acquisition of the basketball and hockey arena or the arena land, including but not by way of limitation, management or concession agreements. Upon acquisition by the commission, the basketball and hockey arena and the arena land shall be free of all liens and encumbrances, including the foregoing but excluding the easements and rights-of-way that the commission shall determine do not materially impair or affect its ownership and operation of the basketball and hockey arena. Upon acquisition, the commission shall, through a process involving statewide public participation, select a name for the basketball and hockey arena. In the process of selecting the name, the commission shall consider its obligation under section 473.599, subdivision 1, but that obligation must not be the principal consideration in making the selection.

Subd. 8. [REIMBURSEMENT TO STATE.] The commission shall compensate the state for its contribution from the general fund under section 17, plus accrued interest, after payment of basketball and hockey arena debt service, the necessary and appropriate funding of debt reserve of the basketball and hockey arena and all expenses of operation, administration, and maintenance and the funding of a capital reserve for the repair, remodeling and renovation of the basketball and hockey arena. Compensation paid to the state shall occur at the same time that compensation is paid to the city of Minneapolis, as provided in paragraph (n) of subdivision 4, on a basis proportionate to the amount of forbearance of the entertainment tax or surcharge as provided in paragraph (n) to that date, and the amount of general fund appropriations paid by the state under section 17 to that date. No reimbursement will be paid under this subdivision after (1) the aggregate amount of the appropriations granted under section 20, to that time, plus accrued interest, has been reimbursed under this subdivision, or (2) December 31, 2024, whichever is earlier.

Sec. 16. [ALL TENANT TERMS AND CONDITIONS OF AGREEMENTS MUST BE MADE PUBLIC.]

An agreement to occupy the basketball and hockey arena as defined in Minnesota Statutes, section 473.551, subdivision 10, is not enforceable by any party to it unless all its terms and conditions are made public before it is intended to take effect.

Sec. 17. [240A.09] [APPROPRIATION.]

to participants of one gender, an equal number of activities on comparable days of the week must be conducted for participants of the other gender, but not necessarily in the same year. The legislature reserves the right to repeal or amend this appropriation, and does not intend this appropriation to create public debt.

Sec. 18. [ADVISORY TASK FORCE.]

Subdivision 1. [MEMBERSHIP.] The metropolitan sports facilities commission shall create an advisory task force for the purpose of studying the overall impact of professional sports in the state. The task force shall consist of 18 members as follows:

- (b) the dynamics and consequences of cities competing against each other for professional sports franchises; and*
- (c) the relative public costs of obtaining and keeping professional sports franchises.*

The advisory task force shall make findings and report to the legislature by February 1, 1995, on the overall impact of professional sports franchises on the state and recommendations on a policy the state should adopt with regard to obtaining and retaining professional sports franchises. This section expires June 1, 1995.

Sec. 19. [REPEALER.]

ARTICLE 2

Section 1. [240A.08] [PLAN DEVELOPMENT; CRITERIA.]

The Minnesota amateur sports commission shall develop a plan to promote the development of proposals for new statewide public ice facilities including proposals for ice centers and matching grants based on the criteria in this section.

(a) For ice center proposals, the commission will give priority to proposals that come from more than one local government unit and that involve construction of more than three ice sheets in a single facility.

(b) The Minnesota amateur sports commission shall administer a site selection process for the ice centers. The commission shall invite proposals from cities or counties or consortia of cities. A proposal for an ice center must include matching contributions including in-kind contributions of land, access roadways and access roadway improvements, and necessary utility services, landscaping, and parking.

(c) Proposals for ice centers and matching grants must provide for meeting the demand for ice time for female groups by offering up to 50 percent of prime ice time, as needed, to female groups. For purposes of this section, prime ice time means the hours of 4:00 p.m. to 10:00 p.m. Monday to Friday and 9:00 a.m. to 8:00 p.m. on Saturdays and Sundays.

(d) The location for all proposed facilities must be in areas of maximum demonstrated interest and must maximize accessibility to an arterial highway.

(e) To the extent possible, all proposed facilities must be dispersed equitably and must be located to maximize potential for full utilization and profitable operation.

(f) The Minnesota amateur sports commission may also use the funds to upgrade current facilities, purchase girl's ice time, or conduct amateur women's hockey and other ice sport tournaments.

Sec. 2. [240A.09] [AGREEMENTS.]

The Minnesota amateur sports commission may enter into agreements with local units of government and provide financial assistance in the form of grants for the construction of ice arena facilities that in the determination of the commission, conform to its criteria.

Sec. 3. [240A.10] [GENERAL OBLIGATION SPECIAL TAX BONDS FOR ICE CENTERS.]

State general obligation bonds issued to finance the construction of the ice centers provided for in sections 1 and 2 may be general obligation special tax bonds under section 16A.661 and debt service on the bonds may be paid from sports and health club sales tax revenue as provided in section 16A.661, subdivision 3, paragraph (b).

Sec. 4. [EFFECTIVE DATE.]

Sections 1 to 3 are effective July 1, 1994."

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 608, Senate File 2011, a bill relating to simulated elections for minors.

Chapter 608 allows the Secretary of State to authorize a program for minors to vote in simulated elections at the same time and place as a primary or general election. While the objective of teaching students about the electoral process is laudable, this bill is unacceptable.

Chapter 608 is fraught with opportunities for political mischief. It would give a single political office, the Secretary of State, the sole authority to develop this program without defined goals, guidelines, or any guaranty of political neutrality. Left unchecked, it could easily become a partisan tool rather than an educational aid.

Without clearly-defined guidelines, Chapter 608 could also cause considerable chaos at polling places which, in many cases, are already confused and overcrowded. Encouraging children of all ages to cast simulated votes in this environment would be counterproductive; the certain chaos at the polls could actually discourage voter participation and could jeopardize the integrity of the primary and general elections.

A simulated election program for students is a good idea. I am confident that a bipartisan task force could create a program with the requisite goals, guidelines and objectives to make such a program work. I look forward to such efforts in the future.

Warmest regards,
Arne H. Carlson, Governor

The Honorable Allan H. Spear
 President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 621, Senate File 1944, a bill relating to the minimum wage.

The 1994 legislative session produced little in the way of pro-jobs legislation. Workers' compensation reform was scuttled. Welfare reform never reached my desk. Instead, the legislature has sent me a bill which would rank Minnesota as the third highest minimum wage state in the nation.

An increase of this magnitude in the minimum wage would cost Minnesota thousands of jobs. The adverse effects of such an increase would be concentrated in those industries employing the very workers that increase proponents want to assist. Small, independent businesses would be hardest hit. More than three-quarters of the lost jobs would be in the retail trade and service sectors, particularly tourism activities in outstate Minnesota.

The myth used by proponents is that a minimum wage increase will help low-income Minnesotans. In fact, two-thirds of all minimum wage earners are part-time; less than one percent are male heads of households and less than eight percent are female heads of household, most of whom receive public assistance. Public assistance recipients who work will not benefit as they will have a dollar for dollar reduction in financial grants.

An increase of this size also hurts many state efforts. Our summer youth programs run by the Departments of Natural Resources and Jobs & Training would have less dollars available to hire young Minnesotans. Any increase accelerates the expense of state and federal unemployment taxes, workers'

compensation rates, employers' share of FICA, fringe benefits, and other items indexed to salaries.

The answer to the minimum wage debate is action at the federal level: a wage adjustment mechanism tied to the cost-of-living index and applied nationally. This must be a Congressional initiative and I will contact the Minnesota delegation to promote this effort.

Warmest regards,
Arne H. Carlson, Governor

May 10, 1994

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

It is my honor to inform you that I have received, approved, signed and deposited in the Office of the Secretary of State, Chapter 642, Senate File 2168, a bill relating to agriculture (with the exceptions of item vetoes on Page 16, lines 24-36; Page 17, lines 1-25; Page 17, lines 32-36 and Page 18, lines 1-10; Page 18, lines 24-29; Page 18, lines 35-36 and Page 19, lines 1-7; Page 19, lines 25-36 and Page 20, lines 1-7; Page 20, lines 20-25; Page 22, lines 19-23).

With this, as with many other pieces of legislation sent to me by the legislature this session, I have been forced to carefully scrutinize the provisions contained and make difficult decisions regarding spending reductions in order to maintain a strong fiscal position for the state of Minnesota.

We have worked closely with the Department of Agriculture to best utilize the available dollars for the maximum benefit to the agricultural community as a whole. Many of the items that have been removed from the bill are items that could be more suitably dealt with next year during the biennial budget process. What remains is a package that reaffirms my strong commitment to the agricultural community.

Warmest regards,
Arne H. Carlson, Governor

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

It is my honor to inform you that I have received, approved, signed and deposited in the Office of the Secretary of State, Chapter 625, Senate File 2192, the 1994 MinnesotaCare bill (with the exception of item vetoes on Page 245, lines 52-60; Page 245, line 61 and Page 246, lines 1-7).

The \$200,000 appropriation to the Attorney General is unnecessary. The Commissioners of Health and Human Services are actively pursuing a strategy to increase Minnesota's Medicare reimbursement rate, and the Commissioners do not feel that additional assistance from the Attorney General is needed. The second item veto refers to an appropriation from the health care access fund to the general fund. Since this bill calls for a complete reassessment of funding for the MinnesotaCare program as well as the potential integration of the General Assistance Medical Care (GAMC) and Medical Assistance (MA) programs into MinnesotaCare, I feel it is prudent to hold off on changes to the previously mentioned funds until the entire package of expenditures and funds is reassessed during the 1995 legislative session.

Warmest regards,
Arne H. Carlson, Governor

Dear President Spear:

It is my honor to inform you that I have received, approved, signed and deposited in the Office of the Secretary of State, Chapter 632, Senate File 2913, a bill relating to state government (with the exceptions of item vetoes on Page 6, lines 33-41; Page 8, lines 1-36; Page 8, lines 58-59; Page 10, lines 1-7; Page 10, lines 47-54; Page 10, lines 55-56; Page 11, lines 8-11; Page 11, lines 17-22; Page 11, lines 23-31; Page 11, lines 39-49; Page 12, lines 51-54 and Page 13, lines 1-3; Page 13, lines 4-9; Page 13, lines 10-13; Page 24, lines 9-12; Page 44, lines 16-36; Page 45, lines 1-16; Page 51, lines 34-36; Page 51, lines 37-41; Page 52, lines 23-29; Page 52, lines 30-40; Page 55, lines 8-12; Page 55, lines 13-15; Page 100, lines 25-27; Page 101, lines 37-41; Page 101, lines 55-57 and Page 102, lines 1-9; Page 102, lines 36-55; Page 103, lines 33-37; Page 103, lines 38-42; Page 103, lines 43-48; Page 103, lines 49-57 and Page 104, lines 1-5; Page 104, lines 18-24).

Again, I have trimmed some of the spending in this bill by removing items that are not emergencies because of the need for a balanced budget. We can responsibly address these needs in the context of a regular budget session next January.

Warmest regards,
Arne H. Carlson, Governor
