**S.F. No. 66:** A resolution memorializing Congress to continue its progress at reducing the federal deficit and provide to the state information on the impact that a balanced federal budget will have on the state of Minnesota.

WHEREAS, the 50 States, including the State of Minnesota, have long been required by their state constitutions to balance their state operating budgets; and

WHEREAS, the States have long done so by making difficult choices each budget session to insure that their expenditures do not exceed their revenues; and

WHEREAS, without a federal balanced budget, the deficit will continue to grow within the next ten years from \$150 billion gross domestic product (GDP) per year to \$400 billion GDP per year, continuing the serious negative impact on interest rates, available credit for consumers, and taxpayer obligations; and

WHEREAS, the Congress of the United States, in the last two years, has begun to reduce the annual federal deficit by making substantial reductions in federal spending; and

WHEREAS, achieving a balanced budget by the year 2002 will require continued reductions in the annual deficit, averaging almost 15 percent per year over the next seven years; and

WHEREAS, it now appears that the Congress is willing to impose on itself the same discipline that the States have long had to follow, by passing a balanced-budget amendment to the United States Constitution; and

WHEREAS, the Congress, in working to balance the federal budget, may impose on the States unfunded mandates that shift to the States responsibility for carrying out programs that the Congress can no longer afford; and

WHEREAS, the States will better be able to revise their own budgets if the Congress gives them fair warning of the revisions Congress will be making in the federal budget; and

WHEREAS, if the federal budget is to be brought into balance by the year 2002, major reductions in the annual deficit must continue without a break; and

WHEREAS, these major reductions will be more acceptable to the people if they are shown to be part of a realistic, long-term plan to balance the budget; NOW, THEREFORE,

BE IT RESOLVED by the Legislature of the State of Minnesota that it urges the Congress of the United States to continue its progress at reducing the annual federal deficit and, when the Congress proposes to the States a balanced-budget amendment, to accompany it with specific financial data outlining the consequences to the state for major program reductions, and its impact on the budget of the State of Minnesota for budget planning purposes.

BE IT FURTHER RESOLVED that the Secretary of State of Minnesota shall transmit copies of this memorial to the Speaker and Clerk of the United States House of Representatives, the President and Secretary of the United States Senate, the presiding officers of both houses of the legislature of each of the other States in the Union, and to Minnesota's Senators and Representatives in Congress.

Sec. 44. Minnesota Statutes 1994, section 10A.31, subdivision 5, is amended to read:

Subd. 5. In each calendar year the money in the general account shall be allocated to candidates as follows:

(1) 21 percent for the offices of governor and lieutenant governor together;

(2) 3.6 percent for the office of attorney general;

(3) 1.8 percent each for the offices of secretary of state, state auditor, and state treasurer;

(4) In each calendar year during the period in which state senators serve a four-year term, 23-1/3 percent for the office of state senator, and 46-2/3 percent for the office of state representative;

(5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative.

In each calendar year the money in each party account shall be allocated as follows:

(1) 14 percent for the offices of governor and lieutenant governor together;

(2) 2.4 percent for the office of attorney general;

(3) 1.2 percent each for the offices of secretary of state, state auditor, and state treasurer;

(4) In each calendar year during the period in which state senators serve a four-year term, 23-1/3 percent for the office of state senator, and 46-2/3 percent for the office of state representative;

(5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative;

(6) ten percent for the state committee of a political party; money allocated to each state committee under this clause must be deposited in a separate account and must be spent for only those items enumerated in section 10A.275; money allocated to a state committee under this clause must be paid to the committee by the state treasurer as notified by the state ethical practices board as it is received in the account on a monthly basis, with payment on the 15th day of the calendar month following the month in which the returns were processed by the department of revenue, provided that these distributions would be equal to 90 percent of the amount of money indicated in the department of revenue's weekly unedited reports of income tax returns and property tax refund returns processed in the month, as notified by the department of revenue to the state ethical practices board. The amounts paid to each state committee are subject to biennial adjustment and settlement at the time of each certification required of the commissioner of revenue under subdivisions 7 and 10. If the total amount of payments received by a state committee for the period reflected on a certification by the department of revenue is different from the amount that should have been received during the period according to the certification, each

subsequent monthly payment must be increased or decreased to the fullest extent possible until the amount of the overpayment is recovered or the underpayment is distributed.

To assure that moneys will be returned to the counties from which they were collected, and to assure that the distribution of those moneys rationally relates to the support for particular parties or for particular candidates within legislative districts, money from the party accounts for legislative candidates shall be distributed as follows:

Each candidate for the state senate and state house of representatives whose name is to appear on the ballot in the general election shall receive money from the candidate's party account set aside for candidates of the state senate or state house of representatives, whichever applies, according to the following formula:

For each county within the candidate's district the candidate's share of the dollars allocated in that county to the candidate's party account and set aside for that office shall be:

(a) The sum of the votes cast in the last general election in that part of the county in the candidate's district for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct of the state and (ii) for the state senate and state house of representatives, divided by

(b) The sum of the votes cast in that county in the last general election for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct in the state and (ii) for the state senate and state house of representatives, multiplied by

(c) The amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

The sum of all the county shares calculated in the formula above is the candidate's share of the candidate's party account.

In a year in which an election for the state senate occurs, with respect to votes for candidates for the state senate only, "last general election" means the last general election in which an election for the state senate occurred.

For any party under whose name no candidate's name appeared on the ballot in each voting precinct in the state in the last general election, amounts in the party's account shall be allocated based on (a) the number of people voting in the last general election in that part of the county in the candidate's district, divided by (b) the number of the people voting in that county in the last general election, multiplied by (c) the amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

In a year in which the first election after a legislative reapportionment is held, "the candidate's district" means the newly drawn district, and voting data from the last general election will be applied to the area encompassing the newly drawn district notwithstanding that the area was in a different district in the last general election.

If in a district there was no candidate of a party for the state senate or state house of representatives in the last general election, or if a candidate for the state senate or state house of representatives was unopposed, the vote for that office for that party shall be the average vote of all the remaining candidates of that party in each county of that district whose votes are included in the sums in clauses (a) and (b). The average vote shall be added to the sums in clauses (a) and (b) before the calculation is made for all districts in the county.

Money from a party account ~~not distributed to~~ refused by candidates for state senator and representative in any election year shall be returned to the general fund of the state. Money from a party account not distributed to candidates for other offices in an election year shall be returned to the party account for reallocation to candidates as provided in clauses (1) to (6) in the following year. ~~Money from the general account refused by any candidate shall be distributed to all other qualifying candidates in proportion to their shares as provided in this subdivision.~~

Sec. 45. Minnesota Statutes 1994, section 10A.31, subdivision 6, is amended to read:

Subd. 6. As soon as the board has obtained from the secretary of state the results of the primary election, but in any event no later than one week after certification by the state canvassing board of the results of the primary, the board shall distribute the available funds in each party account, as certified by the commissioner of revenue on September 1, to the candidates of that party who have signed the agreement as provided in section 10A.322 and filed the affidavit required by section 10A.323, and whose names are to appear on the ballot in the general election, according to the allocations set forth in subdivision 5. The distribution must be in the form of a check made "payable to the campaign fund of .....(name of candidate)....." and may include as an additional payee a financial institution named by the candidate. If a candidate files the affidavit required by section 10A.323 after September 1 of the general election year, the board shall pay the candidate's allocation to the candidate at the next regular payment date for public subsidies for that election cycle that occurs at least 15 days after the candidate files the affidavit.

Sec. 46. Minnesota Statutes 1994, section 10A.31, subdivision 7, is amended to read:

Subd. 7. (a) Within two weeks after certification by the state canvassing board of the results of the general election, the board shall distribute the available funds in the general account, as certified by the commissioner of revenue on November 1 and according to allocations set forth in subdivision 5, in equal amounts to all candidates for each statewide office who received at least five percent of the votes cast in the general election for that office, and to all candidates for legislative office who received at least ten percent of the votes cast in the general election for the specific office for which they were candidates, provided that the public subsidy under this subdivision may not be paid in an amount that would cause the sum of the public subsidy paid from the party account plus the public subsidy paid from the general account and the public subsidy paid to match independent expenditures to exceed 50 percent of the expenditure limit for the candidate, or 50 percent of the expenditure limit that would have applied to the candidate if the candidate had not been freed from expenditure limits under section 10A.25, subdivision 10. If a candidate is entitled to receive an opponent's share of the general account public subsidy under section 10A.25, subdivision 10, the opponent's share must be excluded in calculating the 50 percent limit. Money from the general account not paid to a candidate because of the 50 percent limit must be distributed equally among all other qualifying candidates for the same office until all have reached the 50 percent limit or the balance in the general account is exhausted. ~~The board shall not use the information contained in the report of the principal campaign committee of any candidate due ten days before the general election for the purpose of reducing the amount due that candidate from the general account~~

(b) The distribution must be in the form of a check made "payable to the campaign fund of .....(name of candidate)....." and may include as an additional payee a financial institution named by the candidate.

(c) If a candidate has not yet filed a campaign finance report required by section 10A.20, subdivision 2, or the candidate owes money to the board, the board shall not pay a public subsidy to the candidate until the report has been filed or the debt has been paid, whichever applies.

The certificate issued to a person transporting physically disabled persons must be renewed every third year. On application and renewal, the person must present evidence that the vehicle continues to be used for transporting physically disabled persons.

(c) A certificate must be made of plastic or similar durable material and must bear its expiration date prominently on both sides. Subd. 6. [LICENSE BY RECIPROcity.] The board shall issue an acupuncture license to a person who holds a current license or certificate as an acupuncturist from another jurisdiction if the board determines that the standards for certification or licensure in the other jurisdiction meet or exceed the requirements for licensure in Minnesota and a letter is received from that jurisdiction that the acupuncturist is in good standing in that jurisdiction.

Subd. 7. [LICENSURE REQUIREMENTS.] (a) An applicant for licensure must:

The following provisions govern the election of a transfer or the retention of retirement benefit coverage:

(1) For a person who desires to transfer benefit coverage, the affirmative written election must be made within 120 days of the transfer of the employee to state employment.

(2) On behalf of transferred employees who retain retirement benefit coverage with the pretransfer retirement plan, the board shall make the applicable employer contributions to the public employees retirement association under Minnesota Statutes, section 353.27, subdivisions 3 and 3a, or the same percentage of covered payroll employer contribution to the Minneapolis employees retirement fund that special school district No. 1 is required to make for that school year under Minnesota Statutes, section 422A.101, subdivision 2.

(3) An employee who makes a retirement benefit coverage transfer election under this section may revoke that election at any time within the first six months after the person becomes a state employee. Once an employee revokes the retirement benefit coverage transfer election, the employee may not make another election. If the initial retirement benefit coverage transfer election is revoked, all retirement contributions made by or on behalf of the employee revoking a prior election must be transferred to the applicable retirement plan as though they were erroneous deductions or contributions, plus monthly interest at an annual rate of 8.5 percent, compounded monthly, and the balance remaining between any contribution amount transferred and the amount of contributions that otherwise would have been due are payable in the applicable proportions by the revoking employee and the board, plus monthly interest at an annual rate of 8.5 percent, compounded monthly.

(4) The executive directors of the Minnesota state retirement system, the public employees retirement association, and the Minneapolis employees retirement fund, and the chancellor of the higher education system, shall confer and jointly adopt appropriate procedures for making the retirement benefit coverage transfer elections under this section.

(5) The executive directors of the public employees retirement association, the Minnesota state retirement system, and the Minneapolis employees retirement fund, whichever applies, shall, upon request, provide appropriate benefit counseling to applicable affected employees on the effect of electing retirement benefit coverage by the general state employees retirement plan of the Minnesota state retirement system."

"Sec. 8. Minnesota Statutes, 1994, section 290.067, subdivision 1, as amended by Laws 1995, chapter 1, section 4, is amended to read:

Subdivision 1. [AMOUNT OF CREDIT.] (a) A taxpayer may take as a credit against the tax due from the taxpayer and a spouse, if any, under this chapter an amount equal to the dependent care credit for which the taxpayer is eligible pursuant to the provisions of section 21 of the Internal Revenue Code subject to the limitations provided in subdivision 2 except that in determining whether the child qualified as a dependent, income received as an aid to families with dependent children grant or allowance to or on behalf of the child must not be taken into account in determining whether the child received more than half of the child's support from the taxpayer, and the provisions of section 32(b)(1)(D) of the Internal Revenue Code do not apply.

(b) If a child who is ~~six years of age or less~~ has not attained the age of six years at the close of the taxable year is cared for at a licensed family day care home operated by the child's parent, the taxpayer is deemed to have paid employment-related expenses. If the child is 16 months old or younger at the close of the taxable year, the amount of expenses deemed to have been paid equals the maximum limit for one qualified individual under section 21(c) and (d) of the Internal Revenue Code. If the child is older than 16 months of age but ~~not older than six years of age~~ has not attained the age of six years at the close of the taxable year, the amount of expenses deemed to have been paid equals the amount the licensee would charge for the care of a child of the same age for the same number of hours of care.

(c) If a married couple:

(1) has a child who has not attained the age of one year at the close of the taxable year;

(2) files a joint tax return for the taxable year; and

(3) does not participate in a dependent care assistance program as defined in section 129 of the Internal Revenue Code, in lieu of the actual employment related expenses paid for that child under paragraph (a) or the deemed amount under paragraph (b), the lesser of (i) the combined earned income of the couple or (ii) \$2,400 will be deemed to be the employment related expense paid for that child. The earned income limitation of section 21(d) of the Internal Revenue Code shall not apply to this deemed amount. These deemed amounts apply regardless of whether any employment-related expenses have been paid.

(d) If the taxpayer is not required and does not file a federal individual income tax return for the tax year, no credit is allowed for any amount paid to any person unless:

(1) the name, address, and taxpayer identification number of the person are included on the return claiming the credit; or

(2) if the person is an organization described in section 501(c)(3) of the Internal Revenue Code and exempt from tax under section 501(a) of the Internal Revenue Code, the name and address of the person are included on the return claiming the credit.

In the case of a failure to provide the information required under the preceding sentence, the preceding sentence does not apply if it is shown that the taxpayer exercised due diligence in attempting to provide the information required.

In the case of a nonresident, part-year resident, or a person who has earned income not subject to tax under this chapter, the credit determined under section 21 of the Internal Revenue Code must be allocated based on the ratio by which the earned income of the claimant and the claimant's spouse from Minnesota sources bears to the total earned income of the claimant and the claimant's spouse."

"Sec. 2. Minnesota Statutes 1994, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] (a) Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

Property of a trustee, beneficiary, or grantor of a trust is not disqualified from receiving homestead benefits if the homestead requirements under this chapter are satisfied.

The assessor shall require proof, as provided in subdivision 13, of the facts upon which classification as a homestead may be determined. Notwithstanding any other law, the assessor may at any time require a homestead application to be filed in order to verify that any property classified as a homestead continues to be eligible for homestead status. Notwithstanding any other law to the contrary, the department of revenue may, upon request from an assessor, verify whether an individual who is requesting or receiving homestead classification has filed a Minnesota income tax return as a resident for the most recent taxable year for which the information is available.

When there is a name change or a transfer of homestead property, the assessor may reclassify the property in the next assessment unless a homestead application is filed to verify that the property continues to qualify for homestead classification.

(b) For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

(c) Residential real estate that is occupied and used for purposes of a homestead by a relative of the owner is a homestead but only to the extent of the homestead treatment that would be provided if the related owner occupied the property. For purposes of this paragraph, "relative" means a parent, stepparent, child, stepchild, grandparent, grandchild, brother, sister, uncle, or aunt. This relationship may be by blood or marriage. Property that was classified as seasonal recreational residential property at the time when treatment under this paragraph would first apply shall continue to be classified as seasonal recreational residential property for the first four assessment years beginning after the date when the relative of the owner occupies the property as a homestead; this delay also applies to property that, in the absence of this paragraph, would have been classified as seasonal recreational residential property at the time when the residence was constructed. Neither the related occupant nor the owner of the property may claim a property tax refund under chapter 290A for a homestead occupied by a relative. In the case of a residence located on agricultural land, only the house, garage, and immediately surrounding one acre of land shall be classified as a homestead under this paragraph, except as provided in paragraph (d).

(d) Agricultural property that is occupied and used for purposes of a homestead by a relative of the owner, is a homestead, only to the extent of the homestead treatment that would be provided if the related owner occupied the property, and only if all of the following criteria are met:

(1) the relative who is occupying the agricultural property is a son, daughter, father, or mother of the owner of the agricultural property or a son or daughter of the spouse of the owner of the agricultural property,

(2) the owner of the agricultural property must be a Minnesota resident,

(3) the owner of the agricultural property must not receive homestead treatment on any other agricultural property in Minnesota, and

(4) the owner of the agricultural property is limited to only one agricultural homestead per family under this paragraph.

Neither the related occupant nor the owner of the property may claim a property tax refund under chapter 290A for a homestead occupied by a relative qualifying under this paragraph. For purposes of this paragraph, "agricultural property" means the house, garage, other farm buildings and structures, and agricultural land.

Application must be made to the assessor by the owner of the agricultural property to receive homestead benefits under this paragraph. The assessor may require the necessary proof that the requirements under this paragraph have been met.

(e) In the case of property owned by a property owner who is married, the assessor must not deny homestead treatment in whole or in part if only one of the spouses occupies the property and the other spouse is absent due to: (1) marriage dissolution proceedings, (2) legal separation, (3) employment or self-employment in another location as provided under subdivision 13, or (4) residence in a nursing home or boarding care facility."

**Ms. Berglin from the Committee on Health Care, to which was referred**

**S.F. No. 386:** A bill for an act relating to health; modifying provisions relating to nursing home moratorium exceptions; amending Minnesota Statutes 1994, sections 144A.071, subdivisions 1 and 1a; and 144A.073, subdivisions 1, 2, 3, 4, 8, and by adding a subdivision.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1994, section 144A.071, subdivision 2, is amended to read:

Subd. 2. [MORATORIUM.] The commissioner of health, in coordination with the commissioner of human services, shall deny each request for new licensed or certified nursing home or certified boarding care beds except as provided in subdivision 3 or 4a, or section 144A.073. "Certified bed" means a nursing home bed or a boarding care bed certified by the commissioner of health for the purposes of the medical assistance program, under United States Code, title 42, sections 1396 et seq.

The commissioner of human services, in coordination with the commissioner of health, shall deny any request to issue a license under section 252.28 and chapter 245A to a nursing home or boarding care home, if that license would result in an increase in the medical assistance reimbursement amount.

In addition, the commissioner of health must not approve any construction project whose cost exceeds \$500,000, or 25 percent of the facility's appraised value, whichever is less, unless:

(a) any construction costs exceeding the lesser of \$500,000 or 25 percent of the facility's appraised value are not added to the facility's appraised value and are not included in the facility's payment rate for reimbursement under the medical assistance program; or

(b) the project:

(1) has been approved through the process described in section 144A.073;

(2) meets an exception in subdivision 3 or 4a;

(3) is necessary to correct violations of state or federal law issued by the commissioner of health;

(4) is necessary to repair or replace a portion of the facility that was ~~destroyed~~ damaged by fire, lightning, or other hazards provided that the provisions of subdivision 4a, clause (a), are met;

(5) as of May 1, 1992, the facility has submitted to the commissioner of health written documentation evidencing that the facility meets the "commenced construction" definition as specified in subdivision 1a, clause (d), or that substantial steps have been taken prior to April 1, 1992, relating to the construction project. "Substantial steps" require that the facility has made arrangements with outside parties relating to the construction project and include the hiring of an architect or construction firm, submission of preliminary plans to the department of health or documentation from a financial institution that financing arrangements for the construction project have been made; or

(6) is being proposed by a licensed nursing facility that is not certified to participate in the medical assistance program and will not result in new licensed or certified beds.

Prior to the final plan approval of any construction project, the commissioner of health shall be provided with an itemized cost estimate for the project construction costs. If a construction project is anticipated to be completed in phases, the total estimated cost of all phases of the project shall be submitted to the commissioner and shall be considered as one construction project. Once the

construction project is completed and prior to the final clearance by the commissioner, the total project construction costs for the construction project shall be submitted to the commissioner. If the final project construction cost exceeds the dollar threshold in this subdivision, the commissioner of human services shall not recognize any of the project construction costs or the related financing costs in excess of this threshold in establishing the facility's property-related payment rate.

The dollar thresholds for construction projects are as follows: for construction projects other than those authorized in clauses (1) to (6), the dollar threshold is \$500,000 or 25 percent of appraised value, whichever is less. For projects authorized after July 1, 1993, under clause (1), the dollar threshold is the cost estimate submitted with a proposal for an exception under section 144A.073, plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a). For projects authorized under clauses (2) to (4), the dollar threshold is the itemized estimate project construction costs submitted to the commissioner of health at the time of final plan approval, plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a).

The commissioner of health shall adopt emergency or permanent rules to implement this section or to amend the emergency rules for granting exceptions to the moratorium on nursing homes under section 144A.073. The authority to adopt emergency rules continues to December 30, 1992.

Sec. 2. Minnesota Statutes 1994, section 144A.071, subdivision 4a, is amended to read:

Subd. 4a. [EXCEPTIONS FOR REPLACEMENT BEDS.] It is in the best interest of the state to ensure that nursing homes and boarding care homes continue to meet the physical plant licensing and certification requirements by permitting certain construction projects. Facilities should be maintained in condition to satisfy the physical and emotional needs of residents while allowing the state to maintain control over nursing home expenditure growth.

The commissioner of health in coordination with the commissioner of human services, may approve the renovation, replacement, upgrading, or relocation of a nursing home or boarding care home, under the following conditions:

(a) to license or certify beds in a new facility constructed to replace a facility or to make repairs in an existing facility that was destroyed or damaged after June 30, 1987, by fire, lightning, or other hazard provided:

(i) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(ii) at the time the facility was destroyed or damaged the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(iii) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility or repairs;

(iv) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5;

(v) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility; and

(vi) the commissioner determines that the replacement beds are needed to prevent an inadequate supply of beds as defined in subdivision 3, paragraph (a).

Project construction costs incurred for repairs authorized under this clause shall not be considered in the dollar threshold amount defined in subdivision 2;

(b) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less;

(c) to license or certify beds in a project recommended for approval under section 144A.073;

(d) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds;

(e) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure, or in a facility that was granted an exception to the moratorium under section 144A.073, and if the cost of any remodeling of the facility does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase beyond the number remaining at the time of the upgrade in licensure. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(f) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of St. Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this paragraph;

(g) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements;

(h) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of \$200,000 or more;

(i) to certify, after September 30, 1992, and prior to July 1, 1993, existing nursing home beds in a facility that was licensed and in operation prior to January 1, 1992;

(j) to license and certify new nursing home beds to replace beds in a facility condemned as part of an economic redevelopment plan in a city of the first class, provided the new facility is located within one mile of the site of the old facility. Operating and property costs for the new facility must be determined and allowed under existing reimbursement rules;

(k) to license and certify up to 20 new nursing home beds in a community-operated hospital and attached convalescent and nursing care facility with 40 beds on April 21, 1991, that suspended operation of the hospital in April 1986. The commissioner of human services shall provide the facility with the same per diem property-related payment rate for each additional licensed and certified bed as it will receive for its existing 40 beds;

(l) to license or certify beds in renovation, replacement, or upgrading projects as defined in section 144A.073, subdivision 1, so long as the cumulative total costs of the facility's remodeling projects do not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less;

(m) to license and certify beds that are moved from one location to another for the purposes of converting up to five four-bed wards to single or double occupancy rooms in a nursing home that, as of January 1, 1993, was county-owned and had a licensed capacity of 115 beds;

(n) to allow a facility that on April 16, 1993, was a 106-bed licensed and certified nursing facility located in Minneapolis to layaway all of its licensed and certified nursing home beds. These beds may be relicensed and recertified in a newly-constructed teaching nursing home facility affiliated with a teaching hospital upon approval by the legislature. The proposal must be developed in consultation with the interagency committee on long-term care planning. The beds on layaway status shall have the same status as voluntarily delicensed and decertified beds, except that beds on layaway status remain subject to the surcharge in section 256.9657. This layaway provision expires July 1, 1995;

(o) to allow a project which will be completed in conjunction with an approved moratorium exception project for a nursing home in southern Cass county and which is directly related to that portion of the facility that must be repaired, renovated, or replaced, to correct an emergency plumbing problem for which a state correction order has been issued and which must be corrected by August 31, 1993;

(p) to allow a facility that on April 16, 1993, was a 368-bed licensed and certified nursing facility located in Minneapolis to layaway, upon 30 days prior written notice to the commissioner, up to 30 of the facility's licensed and certified beds by converting three-bed wards to single or double occupancy. Beds on layaway status shall have the same status as voluntarily delicensed and decertified beds except that beds on layaway status remain subject to the surcharge in section 256.9657, remain subject to the license application and renewal fees under section 144A.07 and shall be subject to a \$100 per bed reactivation fee. In addition, at any time within three years of the effective date of the layaway, the beds on layaway status may be:

(1) relicensed and recertified upon relocation and reactivation of some or all of the beds to an existing licensed and certified facility or facilities located in Pine River, Brainerd, or International Falls; provided that the total project construction costs related to the relocation of beds from layaway status for any facility receiving relocated beds may not exceed the dollar threshold provided in subdivision 2 unless the construction project has been approved through the moratorium exception process under section 144A.073;

(2) relicensed and recertified, upon reactivation of some or all of the beds within the facility which placed the beds in layaway status, if the commissioner has determined a need for the reactivation of the beds on layaway status.

The property-related payment rate of a facility placing beds on layaway status must be adjusted by the incremental change in its rental per diem after recalculating the rental per diem as provided in section 256B.431, subdivision 3a, paragraph (d). The property-related payment rate for a facility relicensing and recertifying beds from layaway status must be adjusted by the incremental change in its rental per diem after recalculating its rental per diem using the number of beds after the relicensing to establish the facility's capacity day divisor, which shall be effective the first day of the month following the month in which the relicensing and recertification became effective. Any beds remaining on layaway status more than three years after the date the layaway status became effective must be removed from layaway status and immediately delicensed and decertified;

(q) to license and certify beds in a renovation and remodeling project to convert 13 three-bed wards into 13 two-bed rooms and 13 single-bed rooms, expand space, and add improvements in a nursing home that, as of January 1, 1994, met the following conditions: the nursing home was located in Ramsey county; was not owned by a hospital corporation; had a licensed capacity of 64 beds; and had been ranked among the top 15 applicants by the 1993 moratorium exceptions advisory review panel. The total project construction cost estimate for this project must not exceed the cost estimate submitted in connection with the 1993 moratorium exception process; or

(r) to license and certify beds in a renovation and remodeling project to convert 12 four-bed wards into 24 two-bed rooms, expand space, and add improvements in a nursing home that, as of January 1, 1994, met the following conditions: the nursing home was located in Ramsey county; had a licensed capacity of 154 beds; and had been ranked among the top 15 applicants by the 1993

moratorium exceptions advisory review panel. The total project construction cost estimate for this project must not exceed the cost estimate submitted in connection with the 1993 moratorium exception process.

Sec. 3. Minnesota Statutes 1994, section 144A.071, is amended by adding a subdivision to read:

Subd. 5a. [COST ESTIMATE OF A MORATORIUM EXCEPTION PROJECT.] For the purposes of this section and section 144A.073, the cost estimate of a moratorium exception project shall include the effects of the proposed project on the costs of the state subsidy for community-based services, nursing services, and housing in institutional and noninstitutional settings. The commissioner of health, in cooperation with the commissioner of human services, shall define the method for estimating these costs in the permanent rule implementing section 144A.073. The commissioner of human services shall prepare an estimate of the total state annual long-term costs of each moratorium exception proposal.

Sec. 4. Minnesota Statutes 1994, section 144A.073, subdivision 1, is amended to read:

(a) "Conversion" means the relocation of a nursing home bed from a nursing home to an attached hospital.

(b) "Relocation" means the movement of licensed nursing home beds or certified boarding care beds as permitted under subdivision 4, clause (3), and subdivision 5.

(c) "Renovation" means extensive remodeling of, or construction of an addition to, a facility on an existing site with a total cost exceeding ten percent of the appraised value of the facility or \$200,000, whichever is less.

Sec. 5. Minnesota Statutes 1994, section 144A.073, subdivision 2, is amended to read:

Subd. 2. [REQUEST FOR PROPOSALS.] At the intervals specified in rules authorization by the legislature of additional medical assistance expenditures for exceptions to the moratorium on nursing homes, the interagency committee shall publish in the State Register a request for proposals for nursing home projects to be licensed or certified under section 144A.071, subdivision 4a, clause (c). The public notice of this funding and the request for proposals must specify how the approval criteria will be prioritized by the advisory review panel, the interagency long-term care planning committee, and the commissioner. The notice must describe the information that must accompany a request and state that proposals must be submitted to the interagency committee within 90 days of the date of publication. The notice must include the amount of the legislative appropriation available for the additional costs to the medical assistance program of projects approved under this section. If no money is appropriated for a year, the notice for that year must state that proposals will not be requested because no appropriations were made. If money is appropriated, the interagency committee shall initiate the application and review process described in this section at least twice each biennium and up to four times each biennium, according to dates established by rule. Authorized funds shall be allocated proportionally to the number of processes. Funds not encumbered by an earlier process within a biennium shall carry forward to subsequent iterations of the process. Authorization for expenditures does not carry forward into the following biennium. To be considered for approval, a proposal must include the following information:

(1) whether the request is for renovation, replacement, upgrading, ~~or conversion, or relocation;~~

(2) a description of the problem the project is designed to address;

- (3) a description of the proposed project;
- (4) an analysis of projected costs of the nursing facility proposal, including initial construction and remodeling costs; site preparation costs; financing costs, including the current estimated long-term financing costs of the proposal, which consists of the amount and sources of money, reserves if required under the proposed funding mechanism, annual payments scheduled, interest rates, length of term, closing costs and fees, insurance costs, and any completed marketing study or underwriting review; and estimated operating costs during the first two years after completion of the project;
- (5) for proposals involving replacement of all or part of a facility, the proposed location of the replacement facility and an estimate of the cost of addressing the problem through renovation;
- (6) for proposals involving renovation, an estimate of the cost of addressing the problem through replacement;
- (7) the proposed timetable for commencing construction and completing the project; and
- (8) a statement of any licensure or certification issues, such as certification survey deficiencies;
- (9) the proposed alternative disposition of current residents if beds are to be closed so that the department of human services can estimate the total costs of a proposal; and
- (10) other information required by permanent rule of the commissioner of health in accordance with subdivisions 4 and 8.

Sec. 6. Minnesota Statutes 1994, section 144A.073, subdivision 3, is amended to read:

Subd. 3. [REVIEW AND APPROVAL OF PROPOSALS.] Within the limits of money specifically appropriated to the medical assistance program for this purpose, the interagency long-term care planning committee may recommend that the commissioner of health grant exceptions to the nursing home licensure or certification moratorium for proposals that satisfy the requirements of this section. The interagency committee shall appoint an advisory review panel composed of representatives of consumers and providers to review proposals and provide comments and recommendations to the committee. The commissioners of human services and health shall provide staff and technical assistance to the committee for the review and analysis of proposals. The interagency committee shall hold a public hearing before submitting recommendations to the commissioner of health on project requests. The committee shall submit recommendations within 150 days of the date of the publication of the notice, ~~based on a comparison and ranking of proposals using the criteria in subdivision 4.~~ The commissioner of health shall approve or disapprove a project within 30 days after receiving the committee's recommendations. The advisory review panel, the committee, and the commissioner of health shall base their recommendations, approvals, or disapprovals on a comparison and ranking of proposals using only the criteria in subdivision 4 and in emergency and permanent rules adopted by the commissioner. The cost to the medical assistance program of the proposals approved must be within the limits of the appropriations specifically made for this purpose. Approval of a proposal expires 18 months after approval by the commissioner of health unless the facility has commenced construction as defined in section 144A.071, subdivision 1a, paragraph (d). The committee's report to the legislature, as required under section 144A.31, must include the projects approved, the criteria used to recommend proposals for approval, and the estimated costs of the projects, including the costs of initial construction and remodeling, and the estimated operating costs during the first two years after the project is completed.

Sec. 7. Minnesota Statutes 1994, section 144A.073, is amended by adding a subdivision to read:

Subd. 3c. [COST NEUTRAL RELOCATION PROJECTS.] Notwithstanding subdivision 3, the interagency committee may at any time accept proposals for relocations that are cost neutral with respect to state costs as defined in section 144A.071, subdivision 5a. The committee shall review these applications and make recommendations to the commissioner within 90 days. The committee must evaluate proposals according to subdivision 4, clauses (1), (2), and (3), and other criteria established in rule. The commissioner shall approve or disapprove a project within 30 days of receiving the committee's recommendation.

Sec. 8. Minnesota Statutes 1994, section 144A.073, subdivision 4, is amended to read:

Subd. 4. [CRITERIA FOR REVIEW.] (a) The following criteria must shall be used in a consistent manner to compare and, evaluate, and rank all proposals submitted. Except for the criteria specified in clause (3), the application of criteria listed under this paragraph shall not reflect any distinction based on the geographic location of the proposed project:

~~(1) the extent to which the average occupancy rate of the facility supports the need for the proposed project;~~

~~(2) the extent to which the average occupancy rate of all facilities in the county in which the applicant is located, together with all contiguous Minnesota counties, supports the need for the proposed project;~~

~~(3) the extent to which the proposal furthers state long-term care goals, including the goals stated in section 144A.31, and including the goal of enhancing the availability and use of alternative care services and the goal of reducing the number of long-term care resident rooms with more than two beds;~~

~~(4) the cost effectiveness of the proposal, including (2) the proposal's long-term effects on the state costs of the medical assistance program, as determined by the commissioner of human services; and including the cost estimate of the project according to section 144A.071, subdivision 5a;~~

~~(5) other factors developed in rule by the commissioner of health that evaluate and assess how the proposed project will further promote or protect the health, safety, comfort, treatment, or well-being of the facility's residents.~~

~~(b) In addition to the criteria in paragraph (a), the following criteria must be used to evaluate, compare, and rank proposals involving renovation or replacement:~~

~~(3) the extent to which the proposal promotes equitable access to long-term care services in nursing homes through redistribution of the nursing home bed supply, as measured by the number of beds relative to the population 85 or older, projected to the year 2000 by the state demographer, and according to items (i) through (iv):~~

~~(i) reduce beds in counties where the supply is relatively high, and increase beds in counties where the supply is relatively low;~~

~~(ii) adjust the bed supply so as to create the greatest benefits in improving the distribution of beds;~~

~~(iii) adjust the existing bed supply in counties so that the bed supply in the counties, together with all contiguous Minnesota counties, moves toward the statewide mean; and~~

~~(iv) adjust the existing bed supply so that the distribution of beds as projected for the year 2020 would be consistent with projected need;~~

~~(1) (4) the extent to which the project improves conditions that affect the health or safety of residents, such as narrow corridors, narrow door frames, unenclosed fire exits, and wood frame construction, and similar provisions contained in fire and life safety codes and licensure and certification rules;~~

~~(2) (5) the extent to which the project improves conditions that affect the comfort or quality of life of residents in a facility or the ability of the facility to provide efficient care, such as a relatively high number of residents in a room; inadequate lighting or ventilation; poor access to bathing or toilet facilities; a lack of available ancillary space for dining rooms, day rooms, or rooms used for other activities; problems relating to heating, cooling, or energy efficiency; inefficient location of nursing stations; narrow corridors; or other provisions contained in the licensure and certification rules;~~

~~(6) the extent to which the applicant demonstrates the delivery of quality care to residents as evidenced by the two most recent state agency certification surveys and the applicants' response to those surveys;~~

(7) the extent to which the project removes the need for waivers or variances previously granted by either the licensing agency, certifying agency, fire marshal, or local government entity; and

(8) other factors that may be developed in permanent rule by the commissioner of health that evaluate and assess how the proposed project will further promote or protect the health, safety, comfort, treatment, or well-being of the facility's residents.

Sec. 9. Minnesota Statutes 1994, section 144A.073, subdivision 8, is amended to read:

Subd. 8. [RULEMAKING.] The commissioner of health shall adopt ~~emergency or permanent~~ rules to implement this section. The permanent rules must be in accordance with and implement only the criteria listed in this section. The authority to adopt ~~emergency permanent~~ rules continues until ~~December 30, 1988~~ July 1, 1996.

(b) A person who is a supervisor or ~~social worker~~ person with responsibility for performing duties under this section employed by a local welfare agency complying with subdivisions 10 and 11 or section 626.5561 or any related rule or provision of law is immune from any civil or criminal liability that might otherwise result from the person's actions, if the person is acting in good faith and exercising due care, or in accordance with the protocols established under subdivision 9a.

(c) This subdivision does not provide immunity to any person for failure to make a required report or for committing neglect, physical abuse, or sexual abuse of a child.

(d) If a person who makes a voluntary or mandatory report under subdivision 3 prevails in a civil action from which the person has been granted immunity under this subdivision, the court may award the person attorney fees and costs.

Sec. 2. Minnesota Statutes 1994, section 626.556, is amended by adding a subdivision to read:

Subd. 4b. Sec. 3. Minnesota Statutes 1994, section 626.556, is amended by adding a subdivision to read:

Subd. 9a. [PROTOCOL GOVERNING ABUSE AND NEGLECT ASSESSMENTS.] (a) The local welfare agency shall collect, if available, the information specified under this subdivision with regard to the person reporting the alleged maltreatment, the child allegedly being maltreated, the alleged perpetrator, and other collateral sources having relevant information related to the alleged maltreatment:

(1) the reporter's age, sex, educational background, and occupation; the nature of the relationship to the child and alleged perpetrator; the basis of knowledge for the report; a record check for prior reports of maltreatment, mental health treatment and related hospitalization, civil commitments, and criminal charges and convictions;

(2) the child's sex and age; prior reports of maltreatment and exposure to educational programs describing maltreatment; mental health treatment and related hospitalization, civil commitments, and criminal charges and convictions; the nature of the relationship to the reporter and the alleged perpetrator; information relating to intellectual and developmental functioning, memory capacity, ability to distinguish fact from fantasy, appreciation of honesty, and indications of coaching; and whether the information provided under this paragraph is consistent with the collateral source information under clause (4);

(3) the alleged perpetrator's age, a record check for prior reports of maltreatment, mental health treatment and related hospitalization, civil commitments, and criminal charges and convictions. The local welfare agency must provide the alleged perpetrator with an opportunity to make a statement and submit affidavits, letters, psychological data and reports, medical data and reports, and psycho-physiologic data and reports to the local welfare agency; and

(4) collateral source information, which includes: (i) a medical examination if sexual abuse is alleged; (ii) prior medical records relating to the allegation and an interview with the prior treating professional; (iii) psychological testing if the local agency is uncertain, under clause (2), of the child's intellectual or developmental functioning or where there is a possible presence of thought disorder; (iv) prior psychological records and an interview with the prior treating professional; (v) an interview with the child's caretakers, including the child's parent, guardian, foster parent, day care provider, preschool and school teachers, and counselors; (vi) an interview with the child's family members who may have information related to the allegation, such as the child's siblings, aunts, uncles, cousins, and grandparents; and (vii) an interview with the witnesses to the alleged maltreatment.

(b) The local welfare agency shall use the following interviewing methods, procedures, and format when collecting the information under paragraph (a):

(1) a written summary of all interviews with adult witnesses and collateral sources and, if possible, audio recordings of each interview, which must be maintained for one year;

(2) audio-video recordings of each interview with the child witnesses and the alleged victim, in which the camera lens must capture both the child and the questioner throughout the entire interview; however, if use of audio-video equipment is not practical, the entire interview must be audio taped and recordings must be maintained for one year;

(3) a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. If open-ended questions are not productive, more directive questioning should follow. The number of times such witness has previously been questioned, the time and date of said prior questioning, and the participants in said prior questioning should be established. Audio-visual aids, such as anatomical dolls and drawings, should be used only after verbal questioning has proven unsuccessful and they should not be used for diagnostic purposes.

(c) A potential conflict of interest related to assisting in an assessment resulting in a direct or shared financial interest with a child abuse and neglect treatment provider must be considered by the county agency in an effort to prevent unethical relationships.

Sec. 4. Minnesota Statutes 1994, section 626.556, subdivision 10e, is amended to read:

Subd. 10e. [DETERMINATIONS.] Upon the conclusion of every assessment or investigation it conducts, the local welfare agency shall make two determinations: first, whether maltreatment has occurred; and second, whether child protective services are needed. Determinations under this subdivision must be made based on a preponderance of the evidence.

(a) For the purposes of this subdivision, "maltreatment" means any of the following acts or omissions committed by a person responsible for the child's care:

- (1) physical abuse as defined in subdivision 2, paragraph (d);
- (2) neglect as defined in subdivision 2, paragraph (c);
- (3) sexual abuse as defined in subdivision 2, paragraph (a); or
- (4) mental injury as defined in subdivision 2, paragraph (k).

(b) For the purposes of this subdivision, a determination that child protective services are needed means that the local welfare agency has documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individuals responsible for the child's care have not taken or are not likely to take actions to protect the child from maltreatment or risk of maltreatment.

(c) This subdivision does not mean that maltreatment has occurred solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, in lieu of medical care. However, if lack of medical care may result in serious danger to the child's health, the local welfare agency may ensure that necessary medical services are provided to the child.

Sec. 5. Minnesota Statutes 1994, section 626.556, subdivision 11, is amended to read:

Subd. 11. [RECORDS.] Except as provided in subdivisions 10b, 10d, 10g, and 11b, and 11d, all records concerning individuals maintained by a local welfare agency under this section, including any written reports filed under subdivision 7, shall be private data on individuals, except insofar as copies of reports are required by subdivision 7 to be sent to the local police department or the county sheriff. Reports maintained by any police department or the county sheriff shall be private data on individuals except the reports shall be made available to the investigating, petitioning, or prosecuting authority, including county medical examiners or county coroners. Section 13.82, subdivisions 5, 5a, and 5b, apply to law enforcement data other than the reports. The local social services agency shall make available to the investigating, petitioning, or prosecuting authority, including county medical examiners or county coroners or their professional delegates, any

records which contain information relating to a specific incident of neglect or abuse which is under investigation, petition, or prosecution and information relating to any prior incidents of neglect or abuse involving any of the same persons. The records shall be collected and maintained in accordance with the provisions of chapter 13. In conducting investigations and assessments pursuant to this section, the notice required by section 13.04, subdivision 2, need not be provided to a minor under the age of ten who is the alleged victim of abuse or neglect. An individual subject of a record shall have access to the record in accordance with those sections, except that the name of the reporter shall be confidential while the report is under assessment or investigation except as otherwise permitted by this subdivision. Any person conducting an investigation or assessment under this section who intentionally discloses the identity of a reporter prior to the completion of the investigation or assessment is guilty of a misdemeanor. After the assessment or investigation is completed, the name of the reporter shall be confidential. The subject of the report may compel disclosure of the name of the reporter only with the consent of the reporter or upon a written finding by the court that the report was false and that there is evidence that the report was made in bad faith. This subdivision does not alter disclosure responsibilities or obligations under the rules of criminal procedure.

Subd. 11d. [DISCLOSURE OF INFORMATION TO SUBJECT OF REPORT.] If a determination is made that maltreatment has occurred or that child protective services are needed, the person determined to be maltreating the child and the director of the facility, if applicable, may request, and the local welfare agency shall provide, a summary of the specific reasons for the determination and certification that the protocols under subdivision 9a were followed. Data otherwise prohibited from disclosure under chapters 13, 626, and applicable federal laws shall not be disclosed under this subdivision.

Sec. 7. Minnesota Statutes 1994, section 626.556, is amended by adding a subdivision to read:

Subd. 14. [CONFLICT OF INTEREST.] A person who conducts an assessment under this section or section 626.5561 may not have any direct or shared financial interest or referral relationship resulting in a direct shared financial gain with a child abuse and neglect treatment provider. If an independent assessor is not available, the person responsible for making the determination under this section may use the services of an assessor with a financial interest or referral relationship, as authorized under rules adopted by the commissioner of human services.

"Section 1. Minnesota Statutes 1994, section 256.035, subdivision 6d, is amended to read:

Subd. 6d. ~~[LENGTH OF JOB SEARCH OBLIGATION TO SEEK AND OBTAIN FULL-TIME EMPLOYMENT.]~~ (a) When the family support agreement specifies a date when job search should begin, the parental caregiver must participate in employment search activities. If, after three months of search, the parental caregiver does not find a job that is consistent with the parental caregiver's employment goal, the parent must accept any suitable employment. The search may be extended for up to three months if the parental caregiver seeks and needs additional job search assistance.

(b) When the family support agreement specifies job search consistent with the overall employment goal, the caregiver is expected to seek and accept full-time employment. For this purpose, full-time employment means 30 or more hours a week. Caregivers who are single parents with a child under six satisfy this requirement by working 20 or more hours a week.

(c) A caregiver currently enrolled in the Minnesota family investment plan who voluntarily quits suitable employment without good cause or without agreement of the case manager, or who is terminated for nonperformance, must notify the case manager or designee within ten calendar days of the date employment ended to schedule a meeting to revise the family support agreement. A caregiver who fails to notify the case manager or designee within the required time or fails to attend a scheduled meeting to revise the family support agreement is subject to sanction. If the revised family support agreement specifies job search, the caregiver must take any suitable employment. A caregiver who fails to comply is subject to sanction. A caregiver who voluntarily quits suitable employment with good cause or who is laid off must notify the case manager or designee within ten calendar days of the date employment ended to schedule a meeting to revise the family support agreement. A caregiver who fails to notify the case manager or designee within the required time or fails to attend a scheduled meeting to revise the family support agreement is subject to sanction. If the family support agreement specifies job search, the search is limited to three months to find a job related to the caregiver's overall employment goal. After three months, the caregiver must take any suitable employment. A caregiver who fails to comply is subject to sanction.

Sec. 2. [256.047] [EXPANSION OF MFIP TO RAMSEY COUNTY (MFIP-R).]

Subdivision 1. [MISSION STATEMENT.] The goal of MFIP-R employment and pre-employment services is to help caregivers increase their family income in a timely manner through paid employment.

Subd. 2. [SERVICE PROVIDING AGENCIES.] Employment and pre-employment services must be offered by providers certified by the commissioner of economic security who meet the standards in section 268.871, subdivision 1. County agencies must ensure that all services, including contracted services, meet the requirements of MFIP-R services according to section 256.048, subdivision 6.

Subd. 3. [STAFFING.] County agencies may hire MFIP-R staff, which includes employment specialists, job developers, and vocational counselors to provide pre-employment and employment

services described in section 256.048, subdivision 6, and coordinate social and support services. County agencies are expected to ensure that staff providing employment and pre-employment services have the necessary training and experience to perform the specific services which they are assigned to do.

Sec. 3. [256.0475] [DEFINITIONS.]

Subdivision 1. [EMPLOYABILITY PLAN.] "Employability plan" means the plan developed by MFIP-R staff and the caregiver under section 256.048.

Subd. 2. [FAMILY SUPPORT AGREEMENT.] "Family support agreement" means the subsection of the employability plan which is limited to employment, education, employment and training services, and scheduled meetings with MFIP-R staff. For mandatory caregivers, noncompliance with the family support agreement may result in sanction.

Subd. 3. [MANDATORY CAREGIVER.] "Mandatory caregiver" means a caregiver who is required to develop a family support agreement under section 256.048, and is not exempt under that section.

Subd. 4. [MFIP-R.] "MFIP-R" means the pre-employment and employment program under section 256.048 provided to caregivers assigned to the Minnesota family investment plan in Ramsey county who receive financial assistance under sections 256.033, 256.034, and 256.036.

Sec. 4. [256.048] [INCOME SUPPORT AND TRANSITION.]

Subdivision 1. [EXPECTATIONS.] The requirement for a caregiver to develop a family support agreement is tied to the structure of the family and the length of time on assistance according to paragraphs (a) to (c).

(a) In a family headed by a single adult parental caregiver who has received AFDC, family general assistance, MFIP, or a combination of AFDC, family general assistance, and MFIP assistance for 12 or more months within the preceding 24 months, the parental caregiver must be developing and complying with the terms of the family support agreement commencing with the 13th month of assistance.

(b) For a family with a minor parental caregiver or a family whose parental caregiver is 18 or 19 years of age and does not have a high school diploma or its equivalent, the parental caregiver must be developing and complying with a family support agreement concurrent with the receipt of assistance. The terms of the family support agreement must include compliance with section 256.736, subdivision 3b. If the parental caregiver fails to comply with the terms of the family support agreement, the sanctions in subdivision 4 apply. When the requirements in section 256.736, subdivision 3b, have been met, a caregiver has fulfilled the caregiver's obligation. County agencies must continue to offer MFIP-R services if the caregiver wants to continue with an employability plan. Caregivers who fulfill the requirements of section 256.736, subdivision 3b, are subject to the expectations of paragraphs (a) and (c).

(c) In a family with two adult parental caregivers, at least one of whom has received AFDC, family general assistance, MFIP, or a combination of AFDC, family general assistance, and MFIP assistance for six or more months within the preceding 12 months, one parental caregiver must be developing and complying with the terms of the family support agreement commencing with the seventh month of assistance. The family and MFIP-R staff will designate the parental caregiver who will develop the family support agreement based on which parent has the greater potential to increase family income through immediate employment.

Subd. 2. [EXEMPTIONS.] A caregiver is exempt from expectations as provided in paragraphs (a) and (b).

(a) Except for clause (4), which applies only for a single-parent family, a caregiver in a single-parent or two-parent family is exempt from the expectations of MFIP-R if the caregiver is:

(1) ill, incapacitated, or 60 years of age or older;

(2) needed in the home because of the illness or incapacity of another family member;

(3) the parent of a child under one year of age and is personally providing care for the child. This exemption does not apply to the school attendance requirement for minor parents or 18- and 19-year old parents as provided in section 256.736, subdivision 3b, paragraphs (f) and (g);

(4) the parent of a child under six years of age and is employed or participating in education or employment and training services for 20 or more hours per week. This exemption does not apply to the school attendance requirement for minor parents or 18- and 19-year-old parents as provided in section 256.736, subdivision 3b, paragraph (f), clause (5);

(5) working 30 hours or more per week or, if the number of hours cannot be verified, earns weekly, at least the federal minimum hourly wage rate multiplied by 30;

(6) in the second or third trimester of pregnancy; or

(7) not the natural parent, adoptive parent, or stepparent of a minor child in the assistance unit.

(b) In a two-parent household, only one parent may be exempt under paragraph (a), clause (2) or (3). If paragraph (a), clause (5), applies to either parent in a two-parent family, the other parent is exempt. In a two-parent household, if the parent designated to develop a family support agreement becomes exempt and the exemption is expected to last longer than six months, then the second parent is required to develop a family support agreement unless otherwise exempt under paragraph (a).

Subd. 3. [GOOD CAUSE FOR FAILURE TO COMPLY.] Caregivers may claim the following reasons as good cause for failure to comply with the expectations of MFIP-R employment and pre-employment services:

(1) needed child care is not available;

(2) the job does not meet the definition of suitable employment according to section 256.736, subdivision 1a, paragraph (h);

(3) the parental caregiver is ill, incapacitated, or injured;

(4) a family member is ill and needs care by the parental caregiver;

(5) the parental caregiver is unable to secure the necessary transportation;

(6) the parental caregiver is in an emergency situation;

(7) the schedule of compliance with the family support agreement conflicts with judicial proceedings;

(8) the parental caregiver is already participating in acceptable activities;

(9) the family support agreement requires an educational program for a parent under the age of 20, but the educational program is not offered in the school district;

(10) activities identified in the family support agreement are not available;

(11) the parental caregiver is willing to accept suitable employment but employment is not available;

(12) the parental caregiver documents other verifiable impediments to compliance with the family support agreement beyond the parental caregiver's control; or

(13) the family support agreement requires an educational program for a parent under the age of 20, but the only available school program requires round trip commuting time from the custodial parent's residence of more than two hours by available means of transportation, excluding the time necessary to transport children to and from child care.

Subd. 4. [SANCTION.] The county agency must reduce an assistance unit's assistance payment by ten percent of the transitional standard for the applicable family size when a caregiver, who is not exempt from the expectations in this section, fails to attend a mandatory briefing, fails

to attend scheduled meetings with MFIP-R staff, or fails to develop or comply with the terms of the caregiver's family support agreement. MFIP-R staff must send caregivers a notice of intent to sanction. For the purpose of this section, "notice of intent to sanction" means MFIP-R staff must provide written notification to the caregiver that the caregiver is not fulfilling the requirement to develop or comply with the family support agreement. This notification must inform the caregiver of the right to request a conciliation conference within ten days of the mailing of the notice of intent to sanction or the right to request a fair hearing under section 256.045. If a caregiver requests a conciliation conference, the county agency must postpone implementation of the sanction pending completion of the conciliation conference. If the caregiver does not request a conciliation conference within ten calendar days of the mailing of the notice of intent to sanction, the MFIP-R staff must notify the county agency that the assistance payment should be reduced.

Upon notification from MFIP-R staff that an assistance payment should be reduced, the county agency must send a notice of adverse action to the caregiver stating that the assistance payment will be reduced in the next month following the ten-day notice requirement and state the reason for the action. For the purpose of this section, "notice of adverse action" means the county agency must send a notice of sanction, reduction, suspension, denial, or termination of benefits before taking any of those actions. The caregiver may request a fair hearing under section 256.045, upon notice of intent to sanction or notice of adverse action, but the conciliation conference is available only upon notice of intent to sanction.

Subd. 5. [ORIENTATION.] The county agency must provide a financial assistance orientation which supplies information to caregivers about the MFIP-R and must encourage parental caregivers to engage in activities to stabilize the family and lead to employment and self-support.

Subd. 6. [PRE-EMPLOYMENT AND EMPLOYMENT SERVICES.] The county agency must provide services identified in clauses (1) to (10). Services include:

(1) a required briefing for all nonmandatory caregivers assigned to MFIP-R, which includes a review of the information presented at an earlier MFIP-R orientation pursuant to subdivision 5, and an overview of services available under MFIP-R pre-employment and employment services, an overview of job search techniques, and the opportunity to volunteer for MFIP-R job search activities and basic education services;

(2) a briefing for all mandatory caregivers assigned to MFIP-R, which includes a review of the information presented at an earlier MFIP-R orientation pursuant to subdivision 5, and an overview of services available under MFIP-R pre-employment and employment services;

(3) an MFIP assessment that meets the requirements of section 256.736, subdivision 10, paragraph (a), clause (14), and addresses caregivers' skills, abilities, interests, and needs;

(4) development, together with the caregiver, of an employability plan and family support agreement according to subdivision 7;

(5) coordination of services including child care, transportation, education assistance, and social services necessary to enable caregivers to fulfill the terms of the employability plan and family support agreement;

(6) provision of full-time English as a second language (ESL) classes;

(7) provision of a broad range of employment and pre-employment services including basic skills testing, interest and aptitude testing, career exploration, job search activities, community work experience program under section 256.737, or on-the-job training under section 256.738;

(8) evaluation of the caregiver's compliance with the employability plan and family support agreement and support and recognition of progress toward employment goals;

(9) provision of postemployment follow-up for up to six months after caregivers become exempt or exit MFIP-R due to employment if requested by the caregiver; and

(10) approval of education and training program activities.

Subd. 7. [EMPLOYABILITY PLAN AND FAMILY SUPPORT AGREEMENT.] (a) The

caregiver and MFIP-R staff will develop an employability plan and family support agreement. The employability plan includes the caregiver's overall employment goal, activities necessary to reach that goal, a timeline for each activity, and the support services provided by the agency. All activities in the employability plan must contribute to the caregiver's overall employment goal.

(b) The family support agreement is the enforceable section of an employability plan for mandatory caregivers. The family support agreement must be limited to employment, education, or employment and training services, and scheduled meetings with MFIP-R staff. The family support agreement must be signed by both an MFIP-R staff and the parental caregiver.

(1) In developing an employability plan and family support agreement, MFIP-R staff must discuss with the caregiver the economic benefits under MFIP of taking available employment. MFIP-R staff must provide examples of how different levels of earnings increase available income.

(2) Activities in the family support agreement must enhance the family's opportunities to increase its income in a timely manner through paid employment.

(3) Each step of the family support agreement shall build upon prior steps and facilitate progress toward the caregiver's overall employment goal.

(4) Social services, such as mental health or chemical dependency services, parenting education, or budget management, can be included in the employability plan but not in the family support agreement and are not subject to sanctions under subdivision 4.

(5) The family support agreement must state the parental caregiver's obligations and the standards for satisfactory compliance with the requirements of MFIP-R.

Subd. 8. [REQUIREMENT TO ATTEND BRIEFING.] All MFIP-R caregivers are required to attend a mandatory briefing which includes a review of the information presented at an earlier MFIP-R orientation pursuant to subdivision 5, and an overview of services available under MFIP-R pre-employment and employment services.

Subd. 9. [REQUIREMENT TO PARTICIPATE IN JOB SEARCH.] The family support agreement for mandatory caregivers will include 30 hours per week of job search activity. The family support agreement for single parental caregivers with a child under the age of six may require no more than 20 hours of job search activity. Job search requirements do not apply to minor parental caregivers and parental caregivers under the age of 20 who must meet the educational requirement under section 256.736, subdivision 3b.

Subd. 10. [LENGTH OF JOB SEARCH.] Caregivers participating in job search shall have eight weeks to find employment which is consistent with the employment goal in the family support agreement. If after eight weeks of job search the parental caregiver does not find employment consistent with the overall employment goal, the caregiver must accept any suitable employment.

Subd. 11. [LEVEL OF EMPLOYMENT.] Caregivers participating in job search are expected to seek and accept full-time employment. Any caregiver satisfies this requirement by working at least 30 hours per week. Single parents with a child under the age of six satisfy the requirement by working at least 20 hours per week.

Subd. 12. [CESSATION OF EMPLOYMENT.] Mandatory caregivers who quit a job, are laid off, or are terminated must contact MFIP-R staff within ten calendar days of the date the employment ended to schedule a meeting to revise the family support agreement to incorporate job search activities to obtain suitable employment. A caregiver who fails to contact MFIP-R staff within ten calendar days, fails to attend a scheduled meeting to revise the family support agreement, or fails to accept an offer of suitable employment is subject to sanctions under subdivision 4.

Subd. 13. [EDUCATION AND TRAINING ACTIVITIES; BASIC EDUCATION.] Basic education, including adult basic education, high school or general equivalency diploma, or ESL may be included in the family support agreement when a caregiver is actively participating in job search activities as specified in the family support agreement, or employed at least 12 hours per

week. Six months of basic education activities may be included in the family support agreement, and extension of basic education activities is contingent upon review and approval by MFIP-R staff.

Non-English speaking caregivers have the option to participate in full-time ESL activities for up to six months prior to participation in job search with approval of MFIP-R staff.

Subd. 14. [EDUCATION AND TRAINING ACTIVITIES; POST-SECONDARY EDUCATION.] (a) Mandatory caregivers who become exempt, and caregivers converted from STRIDE or ACCESS may have post-secondary education included in the family support agreement. For individuals who are participating in an educational program under this paragraph on a full-time basis as determined by the institution, there is no work requirement. For individuals participating in an educational program on a part-time basis as determined by the institution, the minimum number of hours that a participant must work shall be increased in proportion to the number of credit hours being taken, up to a maximum of 12 hours weekly of work.

(b) Conditions for approval of a post-secondary education program include demonstration by the caregiver that:

(1) there is a market for full-time employees with this education or training where the caregiver will or is willing to reside upon completion of the program;

(2) the average wage level for employees with this education or training is significantly greater than the caregiver can earn without this education or training;

(3) the caregiver can meet the requirements for admission into the program; and

(4) there is a reasonable expectation that the caregiver will complete the training program based on such factors as the caregiver's current MFIP assessment; previous education, training, and work history; current motivation; and changes in previous circumstances.

(c) A comparison must be made between income foregone by delaying immediate entry into full-time paid employment while in pursuit of education or training and the probable income which will be earned following the education or training. The advantages and disadvantages to the family must be discussed with respect to both options.

(d) Activities under this subdivision are limited to the equivalent of two years of full-time education, with the following exceptions:

(1) caregivers in subdivision 15;

(2) caregivers who have already obtained a post-secondary degree. These caregivers are limited to course work necessary to upgrade skills, or obtain licensure or certification;

(3) extenuating circumstances that prohibit the caregiver from completing the program within the equivalent of two years.

(e) Caregivers in education or training programs must maintain satisfactory progress. "Satisfactory progress" in an education or training program means the caregiver remains in good standing as defined by the education or training institution and meets the requirements in the caregiver's MFIP-R employability plan. MFIP-R staff may withdraw approval of the caregiver's employability plan when the caregiver does not maintain satisfactory progress in the education or training program.

Subd. 15. [CONVERTED STRIDE AND ACCESS CASES.] Caregivers with an employability plan from STRIDE or ACCESS must develop an MFIP-R employability plan. With approval of the MFIP-R staff, the family support agreement for caregivers under this section may include continuation of educational activities, up to a baccalaureate degree, if initiated under STRIDE or ACCESS. Caregivers who continue these activities must also participate in job search or work at least 12 hours per week.

Subd. 16. [REVISIONS TO FAMILY SUPPORT AGREEMENT.] The caregiver may revise the family support agreement with approval of MFIP-R staff.

Subd. 17. [VOLUNTEERS FOR MFIP-R PRE-EMPLOYMENT AND EMPLOYMENT SERVICES.] (a) Upon request, local agencies must continue to offer MFIP-R services to:

(1) caregivers with a signed family support agreement who become exempt under subdivision 2; and

(2) caregivers randomly assigned to MFIP during the conversion period who have an active STRIDE or ACCESS plan.

(b) County agencies must also service the following caregivers, as funding allows:

(1) second parent in a two-parent family; and

(2) caregivers who have not reached the timing for mandatory participation.

(c) Volunteers under paragraph (a) may access all MFIP-R services. Volunteers under paragraph (b), clause (1), may access MFIP-R job search and basic education services only. Volunteers under paragraph (b), clause (2), may access only MFIP-R job search services.

(d) Caregivers identified in this subdivision are voluntary participants for MFIP-R pre-employment and employment services and may not be sanctioned for failure to cooperate unless they reach the timing of MFIP-R pre-employment and employment services under subdivision 6, or are no longer exempt under subdivision 2.

Subd. 18. [CONCILIATION.] The county agency must inform the mandatory parental caregiver of the option of a conciliation conference when the mandatory parental caregiver receives a notice of intent to sanction or cannot reach agreement with MFIP-R staff about the contents or interpretation of the family support agreement.

Conciliation procedures shall be available as provided in section 256.736, subdivision 11, paragraph (c). Upon receiving a notice of intent to sanction, a caregiver may request a hearing under section 256.045 without exercising the option of a conciliation conference.

Subd. 19. [CHILD CARE.] The commissioner shall ensure that each MFIP caregiver who is employed or is developing or is engaged in activities identified in an employability plan under subdivision 7, and who needs assistance with child care costs to be employed or to develop or comply with the terms for an employability plan, receives a child care subsidy through child care money appropriated for the MFIP. The subsidy must cover all actual child care costs for eligible hours up to the maximum rate allowed under section 256H.15. A caregiver who is in the assistance unit and leaves the program as a result of increased earnings from employment, and needs child care assistance to remain employed, is entitled to extended child care assistance as provided under United States Code, title 42, section 602(g)(1)(a)(ii), on a copayment basis.

Subd. 20. [HEALTH CARE.] A family leaving the program as a result of increased earnings from employment is eligible for extended medical assistance as provided under Public Law Number 100-485, section 303, as amended, and Public Law Number 101-239, section 8015(b)(7).

#### Sec. 5. [256.049] [APPLICABILITY.]

Section 256.035 will not apply to the expansion of MFIP into Ramsey county (MFIP-R). Sections 256.047 to 256.048 will substitute for section 256.035 for the purposes of MFIP-R. Sections 256.031 to 256.034, and 256.036, 256.0361, and 268.871 are applicable to MFIP-R insofar as they are not inconsistent with sections 256.047 to 256.048. Minnesota Rules, part 9500.4220, does not apply to MFIP-R. Minnesota Rules, parts 9500.4000 to 9500.4210, and 9500.4230 to 9500.4340, are applicable to the expansion of MFIP into Ramsey county insofar as they are not inconsistent with sections 256.047 to 256.048.

Sec. 6. Minnesota Statutes 1994, section 256.73, is amended by adding a subdivision to read:

Subd. 3b. [ELIGIBILITY NOT BARRED BY WORKING OVER 99 HOURS; PAST EMPLOYMENT HISTORY; 30-DAY WAITING PERIOD.] An individual receiving assistance may work over 99 hours per month and remain eligible for assistance, provided all other requirements of the aid to families with dependent children-unemployed parent program are met.

The applicant is not required to demonstrate past employment history or 30 days of prior unemployment to be eligible for AFDC-unemployed parent. This subdivision is effective upon federal approval and implementation of the waiver under section 33, subdivision 4.

Sec. 7. Minnesota Statutes 1994, section 256.73, is amended by adding a subdivision to read:

Subd. 5a. [PARENTING OR PREGNANT MINORS; RESTRICTION ON ASSISTANCE WITH FEDERAL EXCEPTIONS.] (a) The definitions in this paragraph only apply to this subdivision.

(1) "Minor parent" means an individual who:

(i) is under the age of 18;

(ii) has never been married or otherwise legally emancipated; and

(iii) another individual who is age 18 or over and related to the minor parent as specified in Code of Federal Regulations, title 45, section 233.90(c)(1)(v), provided that the residence is maintained as a home for the minor parent and child under Code of Federal Regulations, title 45, section 233.90(c)(1)(v)(B).

(3) "Adult-supervised supportive living arrangement" means a private family setting which assumes responsibility for the care and control of the minor parent and dependent child, or other living arrangement, not including a public institution, licensed by the commissioner of human services which ensures that the minor parent receives adult supervision and supportive services, such as counseling, guidance, independent living skills training, or supervision in a family-like setting.

(b) A minor parent and the dependent child who is in the care of the minor parent must reside in the household of a parent, legal guardian, or other adult relative, or in an adult-supervised supportive living arrangement in order to receive AFDC unless:

(2) no living parent or legal guardian of the minor parent allows the minor parent to live in the parent's or legal guardian's home;

(3) the minor parent lived apart from the minor parent's own parent or legal guardian for a period of at least one year before either the birth of the dependent child or the minor parent's application for AFDC;

(5) the minor parent and dependent child have, on the effective date of this section, been living independently as part of an approved social services plan for less than one year; or

(6) an adult supervised supportive living arrangement is not available for the minor parent and the dependent child in the county in which the minor currently resides. If an adult supervised supportive living arrangement become available within the county, the minor parent and child must reside in that arrangement in order to continue receiving AFDC.

(c) Minor applicants must be informed orally and in writing about the eligibility requirements and their rights and obligations under the AFDC program. The county must advise the minor of the possible exemptions and specifically ask whether one or more of these exemptions is applicable. If the minor alleges one or more of these exemptions, then the county must assist the minor in obtaining the necessary verifications to determine whether or not these exemptions apply.

(d) If a minor parent alleges or the county worker suspects that paragraph (b), clause (4), applies, the county worker must make a referral to child protective services, and child protective services must determine that the home is not safe due to alleged maltreatment or that protective services are needed in order for the minor parent to fall under the exception in paragraph (b), clause (4). A new determination by the county worker is not necessary if one has been made within the last six months, unless there has been a significant change in circumstances which justifies a new referral and determination.

(e) If a minor parent is not living with a parent or legal guardian due to paragraph (b), clause (1), (2), or (4), the minor parent must reside in a living arrangement that meets the standards of paragraph (a), clause (3).

(f) AFDC must be paid in the form of a protective payment on behalf of the minor parent and dependent child to the minor parent's parent, legal guardian, or other adult relative, when the minor parent is living with the minor parent's parent, legal guardian, or other adult relative, in accordance with Code of Federal Regulations, title 45, section 234.60.

Sec. 8. Minnesota Statutes 1994, section 256.73, subdivision 8, is amended to read:

Subd. 8. [RECOVERY OF OVERPAYMENTS.] (a) Except as provided in subdivision 8a, if an amount of aid to families with dependent children assistance is paid to a recipient in excess of the payment due, it shall be recoverable by the county agency. The agency shall give written notice to the recipient of its intention to recover the overpayment.

(b) When an overpayment occurs, the county agency shall recover the overpayment from a current recipient by reducing the amount of aid payable to the assistance unit of which the recipient is a member for one or more monthly assistance payments until the overpayment is repaid. All county agencies in the state shall reduce the assistance payment by three percent of the assistance unit's standard of need or the amount of the monthly payment, whichever is less, for all overpayments whether or not the overpayment is due solely to agency error. If the overpayment is due solely to having wrongfully obtained assistance, whether based on a court order, the finding of an administrative fraud disqualification hearing or a waiver of such a hearing, or a confession of judgment containing an admission of an intentional program violation, the amount of this reduction shall be ten percent. In cases when there is both an overpayment and underpayment, the county agency shall offset one against the other in correcting the payment.

(c) Overpayments may also be voluntarily repaid, in part or in full, by the individual, in addition to the above aid reductions, until the total amount of the overpayment is repaid.

(d) The county agency shall make reasonable efforts to recover overpayments to persons no longer on assistance in accordance with standards adopted in rule by the commissioner of human services. The county agency need not attempt to recover overpayments of less than \$35 paid to an individual no longer on assistance if the individual does not receive assistance again within three years, unless the individual has been convicted of fraud under section 256.98.

Sec. 9. Minnesota Statutes 1994, section 256.73, is amended by adding a subdivision to read:

Subd. 8a. [START WORK OFFSET.] An overpayment resulting from earned income received in the first month of employment is not recoverable by the county agency provided the aid to families with dependent children assistance unit has not voluntarily quit employment, without good cause under section 268.09, subdivision 1, paragraph (a), in the past two years. A "start work offset" for purposes of this subdivision is the amount of the overpayment the assistance unit would otherwise be required to repay to the county under subdivision 8. This subdivision is effective upon federal approval and implementation of the waiver under section 33, subdivision 3.

Sec. 10. [256.7355] [TEMPORARY PUBLIC SERVICE OR COMMUNITY SERVICE JOBS.]

A participant working in a temporary public service or community service job for a public employer for more than 67 working days in a calendar year as part of a work program established under this chapter is a public employee under chapter 179A.

Sec. 11. Minnesota Statutes 1994, section 256.736, subdivision 3, is amended to read:

Subd. 3. [REGISTRATION.] (a) To the extent permissible under federal law, every caretaker or child is required to register for employment and training services, as a condition of receiving AFDC, unless the caretaker or child is:

(1) a child who is under age 16, a child age 16 or 17 who is attending elementary or secondary school or a secondary level vocational or technical school full time;

(2) ill, incapacitated, or age 60 or older;

(3) a person for whom participation in an employment and training service would require a round trip commuting time by available transportation of more than two hours;

(4) a person whose presence in the home is required because of illness or incapacity of another member of the household;

(5) a caretaker or other caretaker relative of a child under the age of three who personally provides full-time care for the child. In AFDC-UP cases, only one parent or other relative may qualify for this exemption;

(6) a caretaker or other caretaker relative personally providing care for a child under six years of age, except that when child care is arranged for or provided, the caretaker or caretaker relative may be required to register and participate in employment and training services up to a maximum of 20 hours per week. In AFDC-UP cases, only one parent or other relative may qualify for this exemption;

(7) a pregnant woman, if it has been medically verified that the child is expected to be born within the next six months; or

(8) employed at least 30 hours per week; or

(9) a person for whom lack of proficiency in English is a barrier to employment, provided the person is attending an available intensive program which lasts no longer than six months and is designed to remedy the language deficiency. Individuals who, because of advanced age and lack of ability, are incapable of gaining proficiency in English, as determined by the county social worker, shall continue to be exempt under this subdivision and are not subject to the requirement that they be participating in a language program.

(b) To the extent permissible by federal law, applicants for benefits under the AFDC program are registered for employment and training services by signing the application form. Applicants must be informed that they are registering for employment and training services by signing the form. Persons receiving benefits on or after July 1, 1987, shall register for employment and training services to the extent permissible by federal law. The caretaker has a right to a fair hearing under section 256.045 with respect to the appropriateness of the registration.

Sec. 12. Minnesota Statutes 1994, section 256.736, subdivision 3a, is amended to read:

Subd. 3a. [PARTICIPATION.] (a) Except as provided under paragraphs (b) and (c), participation in employment and training services under this section is limited to the following recipients:

(1) caretakers who are required to participate in a job search under subdivision 14;

(2) custodial parents who are subject to the school attendance or case management participation requirements under subdivision 3b;

(3) caretakers whose participation in employment and training services began prior to May 1, 1990, if the caretaker's AFDC eligibility has not been interrupted for 30 days or more and the caretaker's employability development plan has not been completed;

(4) recipients who are members of a family in which the youngest child is within two years of being ineligible for AFDC due to age;

(5) custodial parents under the age of 24 who: (i) have not completed a high school education and who, at the time of application for AFDC, were not enrolled in high school or in a high school equivalency program; or (ii) have had little or no work experience in the preceding year;

(6) recipients who have received AFDC for 36 or more months out of the last 60 months;

(7) recipients who are participants in the self-employment investment demonstration project under section 268.95; and

(8) recipients who participate in the new chance research and demonstration project under contract with the department of human services.

(b) If the commissioner determines that participation of persons listed in paragraph (a) in employment and training services is insufficient either to meet federal performance targets or to fully utilize funds appropriated under this section, the commissioner may, after notifying the chairs of the senate family services committee, the house health and human services committee, the family services division of the senate family services and health care committees, and the human services division of the house health and human services committee, permit additional groups of recipients to participate until the next meeting of the legislative advisory commission, after which the additional groups may continue to enroll for participation unless the legislative advisory commission disapproves the continued enrollment. The commissioner shall allow participation of additional groups in the following order only as needed to meet performance targets or fully utilize funding for employment and training services under this section:

(1) recipients who have received 24 or more months of AFDC out of the previous 48 months; and

(2) recipients who have not completed a high school education or a high school equivalency program.

(c) To the extent of money appropriated specifically for this paragraph, the commissioner may permit AFDC caretakers who are not eligible for participation in employment and training services under the provisions of paragraph (a) or (b) to participate. Money must be allocated to county agencies based on the county's percentage of participants statewide in services under this section in the prior calendar year. Caretakers must be selected on a first-come, first-served basis from a waiting list of caretakers who volunteer to participate. The commissioner may, on a quarterly basis, reallocate unused allocations to county agencies that have sufficient volunteers. If funding under this paragraph is discontinued in future fiscal years, caretakers who began participating under this paragraph must be deemed eligible under paragraph (a), clause (3).

(d) Participants who are eligible to enroll in the STRIDE program under one of the categories of this subdivision are required to cooperate with the assessment and employability plan development, and to meet the terms of their employability plan. Failure to comply, without good cause, shall result in the imposition of sanctions as specified in subdivision 4, clause (6).

Sec. 13. Minnesota Statutes 1994, section 256.736, subdivision 4a, is amended to read:

Subd. 4a. [NOTICE, CONCILIATION, AND RIGHT OF APPEAL.] If the employment and training service provider determines that the caretaker has failed or refused, without good cause, to cooperate or accept employment, the employment and training service provider shall issue to the caretaker a written notice of its determination of noncooperation or refusal to accept employment. The notice must include a detailed explanation of the reason for the determination and must specify the consequences for failure or refusal to cooperate or accept employment, the actions which the employment and training service provider believes are necessary for the caretaker to comply with the employment and training program, and the right to request, within ten days of receipt of the date the notice was mailed or hand delivered, a conciliation conference. The employment and training service provider or the county agency must conduct a conciliation conference within five days of a timely request. If the dispute between the employment and training service provider and the caretaker is not resolved in the conciliation conference or a

request for a conciliation conference is not made within the required time, ~~then~~ the employment and training service provider shall notify the county board of a caretaker's failure without good cause to cooperate or accept employment. Unless the county agency has evidence to the contrary, the county agency shall implement the sanction provisions of subdivision 4. Any determination, action, or inaction on the part of the county board relating to a caretaker's participation under section 256.736 is subject to the notice and hearing procedures in section 256.045, and Code of Federal Regulations, title 45, section 205.10.

Sec. 14. Minnesota Statutes 1994, section 256.736, subdivision 5, is amended to read:

Subd. 5. [EXTENSION OF EMPLOYMENT AND TRAINING OPPORTUNITIES.] The commissioner of human services shall cooperate with the commissioner of economic security and the commissioner of trade and economic development to extend the availability of training and employment opportunities on a statewide basis and to assist local employment advisory groups convened under this subdivision. The county welfare agency may convene an employment advisory group which may consist of representatives from the local chamber of commerce, from major area employers, from private and public collective bargaining units, from secondary and post-secondary educational institutions in the community, and from job services offices operated by the commissioner of economic security under chapter 268. The county welfare agency shall work with the local employment advisory group to maximize the job opportunities for welfare clients. In a county where a private industry council has been established, the county welfare agency may work with the council to maximize job opportunities in lieu of or in addition to convening an employment advisory group.

Sec. 15. Minnesota Statutes 1994, section 256.736, subdivision 10, is amended to read:

Subd. 10. [COUNTY DUTIES.] (a) To the extent of available state appropriations, county boards shall:

(1) refer all mandatory and eligible volunteer caretakers permitted to participate under subdivision 3a to an employment and training service provider for participation in employment and training services;

(2) identify to the employment and training service provider the target group of which the referred caretaker is a member;

(3) provide all caretakers with an orientation which meets the requirements in subdivisions 10a and 10b;

(4) work with the employment and training service provider to encourage voluntary participation by caretakers in the target groups;

(5) work with the employment and training service provider to collect data as required by the commissioner;

(6) to the extent permissible under federal law, require all caretakers coming into the AFDC program to attend orientation;

(7) encourage nontarget caretakers to develop a plan to obtain self-sufficiency;

(8) notify the commissioner of the caretakers required to participate in employment and training services;

(9) inform appropriate caretakers of opportunities available through the head start program and encourage caretakers to have their children screened for enrollment in the program where appropriate;

(10) provide transportation assistance using available funds to caretakers who participate in employment and training programs;

(11) ensure that orientation, job search, services to custodial parents under the age of 20, educational activities and work experience for AFDC-UP families, and case management services are made available to appropriate caretakers under this section, except that payment for case management services is governed by subdivision 13;

(12) explain in its local service unit plan under section 268.88 how it will ensure that target caretakers determined to be in need of social services are provided with such social services. The plan must specify how the case manager and the county social service workers will ensure delivery of needed services;

(13) to the extent allowed by federal laws and regulations, provide a job search program as defined in subdivision 14, a community work experience program as defined in section 256.737, grant diversion as defined in section 256.739, and on-the-job training as defined in section 256.738. A county may also provide another work and training program approved by the commissioner and the secretary of the United States Department of Health and Human Services. Planning and approval for employment and training services listed in this clause must be obtained through submission of the local service unit plan as specified under section 268.88. A county is not required to provide a community work experience program if the county agency is successful in placing at least 40 percent of the monthly average of all caretakers who are subject to the job search requirements of subdivision 14 in grant diversion or on-the-job training program;

(14) prior to participation, provide an assessment of each AFDC recipient who is required or volunteers to participate in an approved employment and training service. The assessment must include an evaluation of the participant's (i) educational, child care, and other supportive service needs; (ii) skills and prior work experience; and (iii) ability to secure and retain a job which, when wages are added to child support, will support the participant's family. The assessment must also include a review of the results of the early and periodic screening, diagnosis and treatment (EPSDT) screening and preschool screening under chapter 123, if available; the participant's family circumstances; and, in the case of a custodial parent under the age of 18, a review of the effect of a child's development and educational needs on the parent's ability to participate in the program;

(15) develop an employability development plan for each recipient for whom an assessment is required under clause (14) which: (i) reflects the assessment required by clause (14); (ii) takes into consideration the recipient's physical capacity, skills, experience, health and safety, family responsibilities, place of residence, proficiency, child care and other supportive service needs; (iii) is based on available resources and local employment opportunities; (iv) specifies the services to be provided by the employment and training service provider; (v) specifies the activities the recipient will participate in, including the worksite to which the caretaker will be assigned, if the caretaker is subject to the requirements of section 256.737, subdivision 2; (vi) specifies necessary supportive services such as child care; (vii) to the extent possible, reflects the preferences of the participant; ~~and~~ (viii) includes a written agreement between the county agency and the caretaker that outlines a reasonable schedule for completing the plan, including specific completion deadlines, and confirms that (A) there is a market for full-time employees with this education or training where the caretaker will or is willing to reside upon completion of the program; (B) the average wage level for employees with this education or training is greater than the caretaker can earn without this education or training; (C) the caretaker has the academic ability to successfully complete the program; and (D) there is a reasonable expectation that the caretaker will complete the training program based on such factors as the caretaker's previous education, training, work history, current motivation, and changes in previous circumstances; and (ix) specifies the recipient's long-term employment goal which shall lead to self-sufficiency;

(16) provide written notification to and obtain the written or oral concurrence of the appropriate exclusive bargaining representatives with respect to job duties covered under collective bargaining agreements to and assure that no work assignment under this section or sections 256.737, 256.738, and 256.739, or the Minnesota parents' fair share mandatory community work experience program results in: (i) termination, layoff, or reduction of the work hours of an employee for the purpose of hiring an individual under this section or sections 256.737, 256.738, and 256.739; (ii) the hiring of an individual if any other person is on layoff from the same or a substantially equivalent job; (iii) any infringement of the promotional opportunities of any currently employed individual; (iv) the impairment of existing contracts for services or collective bargaining agreements; or (v) except for on-the-job training under section 256.738, a participant filling an established unfilled position vacancy. If an exclusive bargaining representative and a county or public service employer disagree regarding whether job duties are covered under a collective bargaining agreement, the exclusive bargaining representative or the county or public service employer may petition the bureau of mediation services, and the bureau shall determine if the job duties are covered by a collective bargaining agreement; and

(17) assess each caretaker in an AFDC-UP family who is under age 25, has not completed high school or a high school equivalency program, and who would otherwise be required to participate in a work experience placement under section 256.737 to determine if an appropriate secondary education option is available for the caretaker. If an appropriate secondary education option is determined to be available for the caretaker, the caretaker must, in lieu of participating in work experience, enroll in and meet the educational program's participation and attendance requirements. "Secondary education" for this paragraph means high school education or education designed to prepare a person to qualify for a high school equivalency certificate, basic and remedial education, and English as a second language education. A caretaker required to participate in secondary education who, without good cause, fails to participate shall be subject to the provisions of subdivision 4a and the sanction provisions of subdivision 4, clause (6). For purposes of this clause, "good cause" means the inability to obtain licensed or legal nonlicensed child care services needed to enable the caretaker to attend, inability to obtain transportation needed to attend, illness or incapacity of the caretaker or another member of the household which requires the caretaker to be present in the home, or being employed for more than 30 hours per week.

(b) Funds available under this subdivision may not be used to assist, promote, or deter union organizing.

(c) A county board may provide other employment and training services that it considers necessary to help caretakers obtain self-sufficiency.

(d) Notwithstanding section 256G.07, when a target caretaker relocates to another county to implement the provisions of the caretaker's case management contract or other written employability development plan approved by the county human service agency, its case manager or employment and training service provider, the county that approved the plan is responsible for the costs of case management and other services required to carry out the plan, including employment and training services. The county agency's responsibility for the costs ends when all plan obligations have been met, when the caretaker loses AFDC eligibility for at least 30 days, or when approval of the plan is withdrawn for a reason stated in the plan, whichever occurs first. Responsibility for the costs of child care must be determined under chapter 256H. A county human service agency may pay for the costs of case management, child care, and other services required in an approved employability development plan when the nontarget caretaker relocates to another county or when a target caretaker again becomes eligible for AFDC after having been ineligible for at least 30 days.

Sec. 16. Minnesota Statutes 1994, section 256.736, is amended by adding a subdivision to read:

Subd. 14a. [JOB SEARCH FOR AFDC RECIPIENTS.] (a) Each county may establish and operate a job search program as provided under this subdivision. Unless exempt, a caretaker who has received AFDC for at least 36 months or more out of the last 60 months must be referred to and begin participation in the job search program under this subdivision, but is not required to participate in the following programs under subdivision 14, paragraph (d): the work experience program under section 256.737, the on-the-job training program under section 256.738, or the grant diversion program under section 256.739.

The caretaker is exempt from job search participation if:

(1) the caretaker is exempt from registration under subdivision 3; or

(2) the caretaker is under age 25, has not completed a high school diploma or an equivalent program, and is participating in a secondary education program as defined in subdivision 10, paragraph (a), clause (17), which is approved by the employment and training service provider in the employability development plan.

(b) The commissioners of human services and economic security shall develop a job search program which must include a maximum of 32 hours of training for participants in how to search for employment, develop a personal resume, use job banks and other employer identification methods, learn and practice effective interviewing skills, become familiar with appropriate work behaviors, find specific job openings, and apply for the openings. The employment and training service provider shall report to the county agency if the caretaker fails to cooperate with the job search requirement.

Sec. 17. Minnesota Statutes 1994, section 256.736, subdivision 16, is amended to read:

Subd. 16. [ALLOCATION AND USE OF MONEY.] (a) State money appropriated for employment and training services under this section must be allocated to counties as specified in paragraphs (b) to ~~(j)~~ (l).

(b) For purposes of this subdivision, "targeted caretaker" means a recipient who:

(1) is a custodial parent under the age of 24 who: (i) has not completed a high school education and at the time of application for AFDC is not enrolled in high school or in a high school equivalency program; or (ii) had little or no work experience in the preceding year;

(2) is a member of a family in which the youngest child is within two years of being ineligible for AFDC due to age; or

(3) has received 36 months or more of AFDC over the last 60 months.

(c) One hundred percent of the money appropriated for case management services as described in subdivision 11 must be allocated to counties based on the average number of cases in each county described in clause (1). Money appropriated for employment and training services as described in subdivision 1a, paragraph (d), other than case management services, must be allocated to counties as follows:

(1) Forty percent of the state money must be allocated based on the average number of cases receiving AFDC in the county which either have been open for 36 or more consecutive months or have a caretaker who is under age 24 and who has no high school or general equivalency diploma. The average number of cases must be based on counts of these cases as of March 31, June 30, September 30, and December 31 of the previous year.

(2) Twenty percent of the state money must be allocated based on the average number of cases receiving AFDC in the county which are not counted under clause (1). The average number of cases must be based on counts of cases as of March 31, June 30, September 30, and December 31 of the previous year.

(3) Twenty-five percent of the state money must be allocated based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending December 31 of the previous year.

(4) Fifteen percent of the state money must be allocated at the discretion of the commissioner based on participation levels for target group members in each county.

(d) No more than 15 percent of the money allocated under paragraph (b) and no more than 15 percent of the money allocated under paragraph (c) may be used for administrative activities.

(e) At least 55 percent of the money allocated to counties under paragraph (c) must be used for employment and training services for caretakers in the target groups, and up to 45 percent of the money may be used for employment and training services for nontarget caretakers. One hundred percent of the money allocated to counties for case management services must be used to provide those services to caretakers in the target groups.

(f) Money appropriated to cover the nonfederal share of costs for bilingual case management services to refugees for the employment and training programs under this section are allocated to counties based on each county's proportion of the total statewide number of AFDC refugee cases. However, counties with less than one percent of the statewide number of AFDC refugee cases do not receive an allocation.

(g) Counties, the department of economic security, and entities under contract with either the department of economic security or the department of human services for provision of ~~Project~~ STRIDE related services shall bill the commissioner of human services for any expenditures incurred by the county, the county's employment and training service provider, or the department of economic security that may be reimbursed by federal money. The commissioner of human services shall bill the United States Department of Health and Human Services and the United States Department of Agriculture for the reimbursement and appropriate the reimbursed money to

the county, the department of economic security, or employment and training service provider that submitted the original bill. The reimbursed money must be used to expand employment and training services.

(h) The commissioner of human services shall review county expenditures of case management and employment and training block grant money at the end of the third quarter of the biennium and each quarter after that, and may reallocate unencumbered or unexpended money allocated under this section to those counties that can demonstrate a need for additional money. Reallocation of funds must be based on the formula set forth in paragraph (a), excluding the counties that have not demonstrated a need for additional funds.

(i) The county agency may continue to provide case management and supportive services to a participant for up to 90 days after the participant loses AFDC eligibility and may continue providing a specific employment and training service for the duration of that service to a participant if funds for the service are obligated or expended prior to the participant losing AFDC eligibility.

(j) One hundred percent of the money appropriated for an unemployed parent work experience program under section 256.737 must be allocated to counties based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending December 31 of the previous year.

(k) The commissioner may waive the requirement of paragraph (e) that case management funds be spent only on case management services in order to permit the development of a unified STRIDE funding allocation for each county agency. The unified allocation may be expended by the county agency for case management and employment and training activities in the proportion determined necessary to streamline administrative procedures and enhance program performance. The commissioner, in consultation with the commissioner of economic security, may also grant a waiver from program spending limits in paragraphs (d) and (e) to any county which can demonstrate increased program effectiveness through a written request to the department. Counties which request a waiver of the spending limits in paragraphs (d) and (e) shall amend their local service unit plans and receive approval of the plans prior to commencing the waiver. The commissioners of human services and economic security shall annually evaluate the effectiveness of all waivers approved under this subdivision.

(l) Effective July 1, 1995, the commissioner of human services shall begin developing a performance model for the purpose of analyzing each county's performance in the provision of STRIDE employment and training services. Beginning February 1, 1997, and each year thereafter, the commissioner of human services shall inform each county of the county's performance based upon the following measures:

(1) employment rate at termination of STRIDE eligibility;

(2) wage rate at termination of STRIDE eligibility;

(3) average annual cost per placement calculated by dividing the total STRIDE expenditures by the number of participants placed in unsubsidized employment;

(4) AFDC-UP participation rate;

(5) percentage of 18- and 19-year-old custodial parents subject to secondary education requirements of subdivision 3b who complete secondary education or equivalent course of study; and

(6) achievement of federally mandated JOBS participation rate.

Performance measures (1), (2), and (3) shall be adjusted to reflect local conditions.

County agencies must take the results of these performance measures into consideration when selecting employment and training service providers.

Sec. 18. Minnesota Statutes 1994, section 256.736, is amended by adding a subdivision to read:

Subd. 20. [SPECIAL PROVISIONS FOR PERSONS PARTICIPATING IN EDUCATIONAL PROGRAMS.] The provisions of this subdivision are applicable to all STRIDE participants, including those subject to subdivision 3b and section 256.737.

(a) When a high school equivalency program is selected as the appropriate educational option for any recipient eligible to participate under subdivision 3a, the recipient must participate in high school equivalency classroom instruction for at least six hours per week, meet the attendance and satisfactory progress requirements as defined by the employment and training service provider in consultation with the provider of the high school equivalency program, and concurrently work a monthly average of not less than 64 hours in employment paying at least minimum wage or in documented volunteer work. Hours spent assisting at a licensed day care center shall count toward the weekly hours needed to fulfill the employment or volunteer requirement. "Volunteer work" shall include attendance at parenting skill classes. Failure to comply, without good cause, with this requirement shall result in the imposition of sanctions as specified in subdivision 4, clause (6).

(b) Concurrent with participation in post-secondary education or training approved in an employability development plan under subdivision 10, paragraph (a), clause (15), the participant must work at a minimum the number of hours per month prescribed by this subdivision in employment paying at least minimum wage or in documented volunteer work for a public or nonprofit agency and agree to search for and accept any offer of suitable employment upon completion of the education or training. For individuals who are participating in an educational program under this paragraph on a full-time basis as determined by the institution, there is no work requirement. For individuals participating in an educational program on a part-time basis as determined by the institution, the minimum number of hours that a participant must work shall be increased in proportion to the number of credit hours being taken, up to a maximum of eight hours weekly of work.

During vacation periods of one month or more, the 16-hour per week minimum work requirement shall apply. Persons who are subject to this vacation work requirement shall retain STRIDE eligibility if they comply with the terms of their employability development plan. If the required employment results in temporary AFDC ineligibility due to increased earnings and the person becomes eligible again for AFDC at the end of the vacation period, STRIDE eligibility shall be reinstated. Hours spent assisting at a licensed day care center shall count towards the weekly hours needed to fulfill the employment or volunteer requirement. "Volunteer work" shall include attendance at parenting skill classes. Failure to work the required number of hours per month, to search for employment, or to accept a suitable offer of employment after completing education or training will result in the imposition of sanctions as specified in subdivision 4, clause (6).

Sec. 19. Minnesota Statutes 1994, section 256.737, subdivision 4, is amended to read:

Subd. 4. [GOOD CAUSE.] A caretaker shall have good cause for failure to cooperate if:

(1) the worksite participation adversely affects the caretaker's physical or mental health as verified by a physician, licensed or certified psychologist, physical therapist, vocational expert, or by other sound medical evidence; or

(2) the caretaker does not possess the skill or knowledge required for the work; or

(3) the caretaker's lack of proficiency in English is a barrier to employment, provided the caretaker is participating in an available intensive program which lasts no longer than six months and is designed to remedy the language deficiency. Individuals who, because of advanced age and lack of ability, are incapable of gaining proficiency in English, as determined by the county social worker, shall continue to be exempt under this subdivision and are not subject to the requirement that they be participating in a language program.

Sec. 20. Minnesota Statutes 1994, section 256.737, is amended by adding a subdivision to read:

Subd. 7. [INJURY PROTECTION FOR WORK EXPERIENCE PARTICIPANTS.] (a) Payment of any claims resulting from an alleged injury or death of a recipient participating in a community work experience program established and operated by a county pursuant to this section shall be determined in accordance with paragraph (b). This determination method applies to work

experience programs established under aid to families with dependent children, work readiness, Minnesota parents' fair share, and to obligors participating in community services pursuant to section 518.551 in a county with an approved community investment program.

(b) Claims of \$1,000 or less that are subject to this section shall be investigated by the county agency responsible for supervising the work to determine if the claim is valid and if the loss is covered by the claimant's insurance.

The investigating county agency shall submit all valid claims to the department of human services. The department shall pay the portion of an approved claim that is not covered by the claimant's insurance within three months of the date of submission. On or before February 1 of each legislative session, the department shall submit to the appropriate committees of the senate and the house of representatives a list of claims paid during the preceding calendar year and shall be reimbursed by legislative appropriation for any claims that exceed the original appropriation provided to the department to operate this program. Any unspent money from this appropriation shall carry over to the second year of the biennium, and any unspent money remaining at the end of the second year shall be returned to the state general fund.

A claim in excess of \$1,000 and a claim that was not paid by the department may be presented to, heard, and determined by the appropriate committees of the senate and house of representatives and, if approved, shall be paid under the legislative claims procedure.

(c) Claims for permanent total disability, permanent partial disability, and death claims shall be referred to the commissioner of labor and industry for assessment. The commissioner of labor and industry shall verify the validity of the claim and recommend compensation. The compensation recommended must afford the same protection for on-site injuries at the same level and to the same extent as provided in chapter 176.

(d) Compensation paid under this section is limited to reimbursement for medical expenses and compensation for disability as impairment compensation or death. No compensation shall be paid under this section for pain and suffering or lost wages. Payments made under this section shall be reduced by any proceeds received by the claimant from any insurance policy covering the loss. For the purposes of this section, "insurance policy" does not include the medical assistance program authorized under chapter 256B or the general assistance medical care program authorized under chapter 256D.

(e) The procedure established by this section is exclusive of all other legal, equitable, and statutory remedies against the state, its political subdivisions, or employees of the state or its political subdivisions. The claimant shall not be entitled to seek damages from any state or county insurance policy or self-insurance program.

(f) A claim is not valid for purposes of this subdivision if the local agency responsible for supervising the work cannot verify:

(1) that appropriate safety training and information is provided to all persons being supervised by the agency under this subdivision; and

(2) that all programs involving work by those persons comply with federal Occupational Safety and Health Administration and state department of labor and industry safety standards. A claim that is not valid because of failure to verify safety training or compliance with safety standards will not be paid by the department of human services or through the legislative claims process and must be heard, decided, and paid, if appropriate, by the local government unit responsible for supervising the work of the claimant.

(g) This program is effective July 1, 1995. Claims may be submitted on or after November 1, 1995.

Sec. 21. Minnesota Statutes 1994, section 256.81, is amended to read:

256.81 [COUNTY AGENCY, DUTIES.]

(1) The county agency shall keep such records, accounts, and statistics in relation to aid to families with dependent children as the state agency shall prescribe.

(2) Each grant of aid to families with dependent children shall be paid to the recipient by the county agency unless paid by the state agency. Payment must be by check or electronic means except in those instances in which the county agency, subject to the rules of the state agency, determines that payments for care shall be made to an individual other than the parent or relative with whom the dependent child is living or to vendors of goods and services for the benefit of the child because such parent or relative is unable to properly manage the funds in the best interests and welfare of the child. There is a presumption of mismanagement of funds whenever a recipient is more than 30 days in arrears on payment of rent, except when the recipient has withheld rent to enforce the recipient's right to withhold the rent in accordance with federal, state, or local housing laws. In cases of mismanagement based solely on failure to pay rent, the county may vendor the rent payments to the landlord. At the request of a recipient, the state or county may make payments directly to vendors of goods and services, but only for goods and services appropriate to maintain the health and safety of the child, as determined by the county.

(3) The state or county may ask the recipient to give written consent authorizing the state or county to provide advance notice to a vendor before vendor payments of rent are reduced or terminated. Whenever possible under state and federal laws and regulations and if the recipient consents, the state or county shall provide at least 30 days notice to vendors before vendor payments of rent are reduced or terminated. If 30 days notice cannot be given, the state or county shall notify the vendor within three working days after the date the state or county becomes aware that vendor payments of rent will be reduced or terminated. When the county notifies a vendor that vendor payments of rent will be reduced or terminated, the county shall include in the notice that it is illegal to discriminate on the grounds that a person is receiving public assistance and the penalties for violation. The county shall also notify the recipient that it is illegal to discriminate on the grounds that a person is receiving public assistance and the procedures for filing a complaint. The county agency may develop procedures, including using the MAXIS system, to implement vendor notice and may charge vendors a fee not exceeding \$5 to cover notification costs.

(4) A vendor payment arrangement is not a guarantee that a vendor will be paid by the state or county for rent, goods, or services furnished to a recipient, and the state and county are not liable for any damages claimed by a vendor due to failure of the state or county to pay or to notify the vendor on behalf of a recipient, except under a specific written agreement between the state or county and the vendor or when the state or county has provided a voucher guaranteeing payment under certain conditions.

(5) The county shall be paid from state and federal funds available therefor the amount provided for in section 256.82.

(6) Federal funds available for administrative purposes shall be distributed between the state and the counties in the same proportion that expenditures were made except as provided for in section 256.017.

(7) The affected county may require that assistance paid under the AFDC emergency assistance program in the form of a rental unit damage deposit, less any amount retained by the landlord to pay for property damage, be returned to the county when the assistance unit vacates the premises or paid to the recipient's new landlord as a vendor payment. The vendor payment of returned funds shall not be considered a new use of emergency assistance.

Sec. 22. Minnesota Statutes 1994, section 256.979, is amended by adding a subdivision to read:

Subd. 9. [ACCRUAL OF SUPPORT OBLIGATIONS.] The commissioner shall seek a waiver from the secretary of the Department of Health and Human Services to enable the agency to accrue child support payments received on behalf of both AFDC and non-AFDC clients until the sum total of the money owed by the state agency to the client is at least \$10. Obligors shall be assessed a processing fee of \$10 to be retained by the county agency in every instance when both of the following conditions exist:

(1) the obligor pays less than the required monthly support obligation; and

(2) that reduced payment would result in a child support payment to an AFDC or non-AFDC client of less than \$10 for that month.

Sec. 23. Minnesota Statutes 1994, section 256.983, subdivision 1, is amended to read:

Subdivision 1. [PROGRAMS ESTABLISHED.] Within the limits of available appropriations, and to the extent required or authorized by applicable federal regulations, the commissioner of human services shall require the establishment of fraud prevention investigation programs in the seven counties participating in the fraud prevention investigation pilot project established under section 256.983, and in 11 additional Minnesota counties with the largest aid to families with dependent children program caseloads as of July 1, 1991. If funds are sufficient, the commissioner may also extend fraud prevention investigation programs to: (1) other counties that have welfare fraud control programs already in place based on enhanced funding contracts covering the fraud investigation function; and (2) counties that have the largest AFDC caseloads as of July 1, 1994, and are not currently participating in the fraud prevention investigation pilot project. The pilot project may be expanded provided the expansion is budget neutral to the state.

Sec. 24. [256.986] [COUNTY COORDINATION OF FRAUD CONTROL ACTIVITIES.]

(a) The county agency shall prepare and submit to the commissioner of human services by January 1 of each year a plan to coordinate county duties related to the prevention, investigation, and prosecution of fraud in public assistance programs. Plans may be submitted on a voluntary basis prior to January 1, 1996. Each county must submit its first annual plan prior to January 1, 1997.

(b) Within the limits of appropriations specifically made available for this purpose, the commissioner may make grants to counties submitting plans under paragraph (a) to implement coordination activities.

Sec. 25. Minnesota Statutes 1994, section 256D.05, subdivision 6, is amended to read:

Subd. 6. [ASSISTANCE FOR PERSONS WITHOUT A VERIFIED RESIDENCE.] (a) For applicants or recipients of general assistance, emergency general assistance, or work readiness assistance who do not have a verified residence address, the county agency may provide assistance using one or more of the following methods:

(1) the county agency may provide assistance in the form of vouchers or vendor payments and provide separate vouchers or vendor payments for food, shelter, and other needs;

(2) the county agency may divide the monthly assistance standard into weekly payments, whether in cash or by voucher or vendor payment. Nothing in this clause prevents the county agency from issuing voucher or vendor payments for emergency general assistance in an amount less than the standards of assistance; and

(3) the county agency may determine eligibility and provide assistance on a weekly basis. Weekly assistance can be issued in cash or by voucher or vendor payment and can be determined either on the basis of actual need or by prorating the monthly assistance standard.

(b) An individual may verify a residence address by providing a driver's license; a state identification card; a statement by the landlord, apartment manager, or homeowner verifying that the individual is residing at the address; or other written documentation approved by the commissioner.

(c) Notwithstanding the provisions of section 256D.06, subdivision 1, if the county agency elects to provide assistance on a weekly payment basis, the agency may not provide assistance for a period during which no need is claimed by the individual unless the individual has good cause for failing to claim need. The individual must be notified, each time weekly assistance is provided, that subsequent weekly assistance will not be issued unless the individual claims need. The advance notice required under section 256D.10 does not apply to weekly assistance that is withheld because the individual failed to claim need without good cause.

(d) The county agency may not issue assistance on a weekly basis to an applicant or recipient who has professionally certified mental illness or mental retardation or a related condition, or to an assistance unit that includes minor children, unless requested by the assistance unit.

(e) For the purposes of paragraph (a), clauses (2) and (3), the county agency may divide the

monthly assistance standard as follows: \$25 the first week, \$50 each of the second and third weeks, and the remainder the fourth week.

Sec. 26. Minnesota Statutes 1994, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) Except as provided in this subdivision, persons who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not categorically eligible under section 256D.05, subdivision 1, are eligible for the work readiness program for a maximum period of ~~six~~ one calendar month during any 12 consecutive calendar month period, subject to the provisions of paragraph (d), subdivision 3, and section 256D.052, subdivision 4. The person's eligibility period begins on the first day of the calendar month following the date of application for assistance or following the date all eligibility factors are met, whichever is later; however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of benefits to complete the provisions of the person's employability development plan. After July 1, 1992, if orientation is available within three weeks after the date eligibility is determined, initial payment will not be made until the registrant attends orientation to the work readiness program. Prior to terminating work readiness assistance the county agency must provide advice on the person's eligibility for general assistance medical care and must assess the person's eligibility for general assistance under section 256D.05 to the extent possible, using information in the case file, and determine the person's eligibility for general assistance. A determination that the person is not eligible for general assistance must be stated in the notice of termination of work readiness benefits.

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

(c) Except for family members who must participate in work readiness services under the provisions of section 256D.05, subdivision 1, clause (15), any person who would be defined for purposes of the food stamp program as being enrolled or participating at least half-time in an institution of higher education or a post-secondary program is ineligible for the work readiness program. Post-secondary education does not include the following programs: (1) high school equivalency; (2) adult basic education; (3) English as a second language; (4) literacy training; and (5) skill-specific technical training that has a course of study of less than three months, that is not paid for using work readiness funds, and that is specified in the work readiness employability development plan developed with the recipient prior to the recipient beginning the training course.

(d) Notwithstanding the provisions of sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits due to exhaustion of the period of eligibility specified in paragraph (a) or (d).

Sec. 27. [256D.0511] [LUMP-SUM PAYMENTS.]

A person who is temporarily ineligible for AFDC due to a lump-sum payment is also ineligible for general assistance and work readiness benefits for the same duration unless the person demonstrates that the lump-sum payment was used for basic needs, which includes education, training and work expenses necessary to become economically self-sufficient, and medical expenses.

Sec. 28. Minnesota Statutes 1994, section 256D.09, is amended by adding a subdivision to read:

Subd. 5. [VENDOR PAYMENTS TO LANDLORDS.] The affected county may require that assistance paid under the emergency general assistance program in the form of a rental unit damage deposit, less any amount retained by the landlord to pay for property damage, be returned to the county when the recipient vacates the premises or paid to the recipient's new landlord as a vendor payment. The vendor payment of returned funds shall not be considered a new use of emergency assistance.

Sec. 29. Minnesota Statutes 1994, section 256D.09, is amended by adding a subdivision to read:

Subd. 6. [RECOVERY OF OVERPAYMENTS.] (a) If an amount of general assistance, family general assistance, or work readiness assistance is paid to a recipient in excess of the payment due, it shall be recoverable by the county agency. The agency shall give written notice to the recipient of its intention to recover the overpayment.

(b) When an overpayment occurs, the county agency shall recover the overpayment from a current recipient by reducing the amount of aid payable to the assistance unit of which the recipient is a member, for one or more monthly assistance payments, until the overpayment is repaid. All county agencies in the state shall reduce the assistance payment by three percent of the assistance unit's standard of need or the amount of the monthly payment, whichever is less, for all overpayments whether or not the overpayment is due solely to agency error. The amount of this reduction is ten percent if the overpayment is due solely to having wrongfully obtained assistance whether based on:

(1) a court order;

(2) the finding of an administrative fraud disqualification hearing or the waiver of such a hearing; or

(3) a confession of judgment containing an admission of an intentional program violation.

In cases when there is both an overpayment and underpayment, the county agency shall offset one against the other in correcting the payment.

(c) Overpayments may also be voluntarily repaid, in part or in full, by the individual, in addition to the aid reductions provided in this subdivision, until the total amount of the overpayment is repaid.

(d) The county agency shall make reasonable efforts to recover overpayments to persons no longer on assistance under standards adopted in rule by the commissioner. The county agency need not attempt to recover overpayments of less than \$35 paid to an individual no longer on assistance if the individual does not receive assistance again within three years, unless the individual has been convicted of violating section 256.98.

#### **Sec. 30. [JOINT EFFORT; INCENTIVES TO WORK.]**

The commissioners of human services and revenue, in consultation with the commissioner of economic security, must jointly design a plan to provide the following monetary supplements on a monthly basis to eligible working families: federal earned income tax credit, Minnesota working family credit under Minnesota Statutes, section 290.0671, property tax refund under Minnesota Statutes, section 290A.04, and dependent care credit under Minnesota Statutes, section 290.067. The commissioners of human services and revenue shall report the recommendations for implementation to the chairs of the human services policy and funding committees of the legislature by January 1, 1996.

#### **Sec. 31. [EARLY REFUND OF REFUNDABLE TAX CREDITS.]**

Notwithstanding any law to the contrary, the commissioner of revenue may, beginning after July 1, 1996, refund on a monthly basis to taxpayers selected by the commissioner of human services an amount based on an estimate of how much the refundable credits of Minnesota Statutes, sections 290.067, 290.0671, and 290A.04, generated in a month exceed the estimated tax imposed under Minnesota Statutes, section 290.06, for the month. Refunds issued under this program will be considered a tax on the taxpayer for the year in which the credits are generated for the purposes of assessing and collecting overpayments of the credits.

#### **Sec. 32. [MINNESOTA PARENTS' FAIR SHARE; MANDATORY COMMUNITY WORK EXPERIENCE.]**

The Minnesota parents' fair share pilot project shall include a mandatory community work experience component for participants who fail to comply with the requirements of the pilot project.

#### **Sec. 33. [FEDERAL WAIVER PACKAGE.]**

Subdivision 1. [REQUEST.] The commissioner of human services shall make a single request for the waivers listed in this section to the United States Department of Health and Human Services. The waivers in the package support and encourage AFDC recipients to move from reliance on welfare to self-sufficiency. The commissioner shall explore alternatives to the federally required waiver evaluation process in an effort to reduce evaluation costs and develop a cost-effective evaluation process for the waiver package in this section. While also exploring other possible alternatives, the commissioner shall investigate the feasibility of the following: (1) one evaluation for the entire waiver package; (2) consolidation of evaluation efforts for the same or similar waiver with another state; and (3) completion of the evaluation internally, possibly by the office of legislative auditor. The commissioner shall notify the revisor of statutes when each waiver is approved by the federal government.

Subd. 2. [WAIVER TO DISALLOW PARENTAL INCOME OF A PREGNANT OR PARENTING MINOR LIVING WITH PARENTS.] The commissioner shall seek the following waivers: (1) from the filing unit requirement in Code of Federal Regulations, title 45, section 206.10(a)(1)(vii), for minor parents living with a parent on AFDC with other dependent children, resulting in the minor parent receiving the same separate need standard available if the minor parent's parent was not on AFDC; (2) to disregard all parental income if the parent is on AFDC with other children; and (3) if the parent is not on AFDC with other children, to disregard income equal to 150 percent of the federal poverty guideline for a family size not including the minor parent and the minor parent's child and deem the remainder of income under Code of Federal Regulations, title 45, section 233.20(a)(3)(xviii). If the commissioner experiences barriers or complications in preparing the waiver under this subdivision, the commissioner shall report back to the legislature for clarification without delaying the requests for other waivers under this section. The commissioner shall also explore the impact of waivers under this subdivision on other programs and report to the legislature potential waivers necessary to provide consistency across programs. The general policy in requesting these waivers is to keep the family intact and give the minor parent, the dependent child, and the grandparent an incentive to continue living together as a family.

Subd. 3. [WAIVER TO ALLOW START WORK OFFSET.] The commissioner shall seek a waiver of the federal regulation which requires the state to recover AFDC overpayments from the assistance unit if the overpayment occurred in the month the assistance unit started working and the overpayment resulted from the assistance unit's increased earnings. This "start work offset" is available to an assistance unit every two years.

Subd. 4. [WAIVER OF THE 100-HOUR RULE; WORK HISTORY REQUIREMENT; 30-DAY WAITING PERIOD REQUIREMENT.] The commissioner shall seek a waiver to eliminate the 100-hour rule under Code of Federal Regulations, title 45, section 233.100(a)(1)(i); the eligibility requirement for past employment history under Code of Federal Regulations, title 45, section 233.100(a)(3)(iii); and the requirement for a 30-day waiting period under Code of Federal Regulations, title 45, section 233.100(a)(3)(i).

Subd. 5. [WAIVER OF MOTOR VEHICLE RESOURCE LIMIT.] The commissioner shall seek a waiver to increase the maximum equity value of a licensed motor vehicle, which can be excluded as a resource under the federal regulations, from \$1,500 to the level permitted under the federal Food Stamp Program. This waiver is essential for AFDC recipients who need reliable transportation to participate in education, work, and training to become self-sufficient.

Subd. 6. [WAIVER TO ALLOW STUDENTS TO EARN INCOME.] The commissioner shall seek a waiver of the federal regulation which includes the earned income of dependent children and minor caretakers who are attending school at least half time when determining eligibility for AFDC. The commissioner shall also seek a waiver which allows savings set aside in a separate account designated specifically for future education or employment needs to be excluded from the AFDC resource limits.

Subd. 7. [WAIVER OF GUARANTEED CHILD CARE FOR AFDC RECIPIENTS AND RELATED STUDY.] The commissioner shall seek a waiver of the requirement that child care be guaranteed to an AFDC recipient under Minnesota Statutes, section 256H.05, for the purposes of the program being evaluated under this section which will allow an AFDC recipient to earn income without terminating AFDC eligibility. The commissioner shall examine, within the

commissioner's existing budget, the feasibility of allowing public assistance recipients to work part-time, up to a certain level, without affecting the AFDC grant, which will provide the recipient with work experience, confidence in the employment environment, and an opportunity to earn money in order to move from AFDC and to self-sufficiency. The commissioner shall examine "fill-the-gap" budgeting and other possibilities that allow a recipient to earn income without terminating the AFDC grant. The commissioner shall also explore the ancillary issues related to allowing the earned income exception, and report the different options available, the feasibility of implementing each option, and the costs and savings associated with the implementation of each option to the 1996 legislature.

Subd. 8. [IMPLEMENTATION.] The commissioner shall implement the program changes authorized under this subdivision promptly upon approval of the waiver, provided all conditions are met under Minnesota Statutes, section 256.01, subdivision 2, clause (12).

Subd. 9. [EVALUATION.] If any of the federal waivers are granted, the commissioner shall evaluate the program changes according to federal waiver requirements and, if necessary, submit reports to the legislature within a time frame consistent with the evaluation criteria that are established.

Subd. 10. [ADDITIONAL WAIVER REQUEST FOR EMPLOYED DISABLED PERSONS.] The commissioner shall seek a federal waiver in order to implement a work incentive for disabled persons eligible for medical assistance who are not residents of long-term care facilities. The waiver shall request authorization to establish a medical assistance earned income disregard for employed disabled persons equivalent to 200 percent of the federal poverty guideline, except that when a disabled person's earned income reaches 200 percent of the poverty level, the person shall retain medical assistance eligibility and must contribute to the costs of medical care on a sliding fee basis. This subdivision can be implemented only if there is federal financial participation available for the waiver, and this subdivision is subject to the conditions in Minnesota Statutes, section 256.01, subdivision 2, clause (12).

#### Sec. 34. [MAXIMIZING MAXIS; FRAUD RECOVERY EFFORTS.]

The commissioner of human services shall submit a plan to the legislature by December 1, 1995, to maximize the capability of the MAXIS system to aid in fraud control. The commissioner shall explore ways of using the MAXIS system to establish or expand recovery efforts, certify debts, and collect overpayments due to fraud, client error, or agency error in all state and federally funded public assistance programs. The commissioner shall also make recommendations for sharing recovered revenues under this program with counties to provide incentives to both the state and county to begin or maintain aggressive recovery efforts.

#### Sec. 35. [COUNTY DESIGN; WORK FOCUSED PROGRAM.]

The commissioner of human services shall issue a request for proposals from counties to submit a plan for developing and implementing a county-designed program. The plan shall be for first-time applicants for aid to families with dependent children (AFDC) and family general assistance (FGA) and must emphasize the importance of becoming employed and oriented into the work force in order to become self-sufficient. If the plan is cost-neutral to the state and approved by the commissioner, the county may implement the plan. If the plan is approved by the commissioner, but a federal waiver is necessary to implement the plan, the commissioner shall apply for the necessary federal waivers. If the plan is approved but is not cost-neutral to the state, the commissioner shall report to the 1996 legislature the cost implications related to the county-designed plan.

#### Sec. 36. [RESTRUCTURING OF PUBLIC ASSISTANCE.]

(a) The commissioners of human services and economic security shall develop a plan for first-time applicants for aid to families with dependent children (AFDC) and family general assistance (FGA) in order to assure that, during the first six months of eligibility, first-time applicants for AFDC and FGA receive the following in lieu of AFDC or FGA benefits:

- (1) immediate and enhanced job search and placement activities;

(2) subsidized employment in the private or public sector or a placement in a community service job that pays wages up to the value of AFDC or FGA is required if an unsubsidized job is not located within the first 60 days, or at an earlier date recommended by the commissioners;

(3) priority help in establishing child support enforcement;

(4) child care assistance for job search activities and employment;

(5) eligibility for medical care; and

(6) vendor payments for need items included in the AFDC consolidated standard of assistance under the state plan.

(b) The commissioners shall consider to what extent exceptions should be made for:

(1) a person who is suffering from a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(2) a person whose presence in the home on a substantially continuous basis is required because of the professionally certified illness, injury, incapacity, or the age of another member of the household;

(3) a person who has been placed in, and is residing in, a licensed or certified facility for purposes of physical or mental health or rehabilitation or in an approved chemical dependency domiciliary facility, if the placement is based on illness or incapacity and a plan developed or approved by the county agency through its director or designated representative;

(4) a person who resides in a shelter facility described in section 256D.05, subdivision 3;

(5) a person not described in clause (1) or (3) who is diagnosed by a licensed physician, licensed psychologist, or other qualified professional as mentally retarded or mentally ill and that condition prevents the person from obtaining or retaining employment;

(6) a person who has an application pending for, or is appealing termination of benefits from, the Social Security Disability program or the program of Supplemental Security Income for the aged, blind, and disabled, provided the person has a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(7) a person who is unable to obtain or retain employment because advanced age significantly affects the person's ability to seek or engage in substantial work; and

(8) a pregnant woman, if there is medical verification that the child is expected to be born within the next six months.

(c) The commissioners shall present to the 1996 legislature a statewide implementation plan, which includes employability assessment criteria, feasibility of colocation of services, and a description of the modifications that the commissioners recommend, and will be phased in starting in counties designated by the commissioners. The plan must identify needed federal waivers, evaluation criteria, state plan amendments, and other approvals necessary under the AFDC and job opportunities and basic skills (JOBS) programs. The commissioners' plan must include implementation of the project by October 1, 1996, or after the necessary waivers are approved, whichever is later.

### Sec. 37. [RESTRUCTURING OF PROJECT STRIDE.]

The commissioners of human services and economic security shall develop recommendations to restructure the program entitled "success through reaching individual development and employment" (STRIDE), under Minnesota Statutes, sections 256.73 to 256.739, to effectively and efficiently employ AFDC recipients. The commissioners shall identify modifications necessary to implement the following principles:

(1) employment as the expected program outcome;

- (2) training and education used primarily to enhance job skills of employed participants;
- (3) adequate support services available until the recipient achieves employment that provides wages that enable the recipient to be self-sufficient;
- (4) aggressive development of job markets;
- (5) extended post-placement follow-up to retain current employment or move to better jobs;
- (6) concurrent services which combine education and employment;
- (7) certain categories of AFDC recipients shall be required to participate in STRIDE services after two years within the limits of available funding; and
- (8) failure to participate will result in termination of assistance for noncompliant participants under the Family Support Act of 1988.

The commissioners shall present to the 1996 legislature a plan which includes specific categories of mandatory participants and a description of the modifications that the commissioners recommend within existing appropriations. The proposal must identify needed federal waivers, state plan amendments, and other approvals necessary under the AFDC and JOBS programs.

#### Sec. 38. [CHILD CARE COOPERATIVES.]

A county may collaborate and coordinate efforts with school districts, local youth centers, and other organizations to provide cooperative child care services at a convenient location and provide a low-cost alternative to day care services. The county may collaborate with the local school district or an organization near a school. The county is encouraged to explore other nontraditional suitable locations for community day care services and consult with parents and others who are interested in establishing a day care cooperative.

Parents must be given an opportunity to participate in the child care cooperatives. Incentives offered to parents to participate in the cooperative may include reduced day care costs for an appropriate amount of time or a few hours of free child care that provides a parent with a short respite.

For purposes of the collaborative effort, the county may request a waiver of Minnesota Rules, part 9565.5025, subpart 2, to implement the program. This waiver would reduce the barriers the applicant faces when applying for child care by specifically allowing the applicant to initially declare income, instead of being required to document income. The county may also request a waiver of rules related to day care requirements to provide more flexibility in developing and implementing the cooperative.

#### Sec. 39. [SEAMLESS CHILD CARE SYSTEM.]

The commissioner of human services shall examine the feasibility of implementing a seamless child care system statewide by July 1, 1996. The seamless child care system must provide a consistent approach to administering child care by consolidating the different child care programs under Minnesota Statutes, chapter 256H, and Minnesota Statutes, section 136A.125, streamlining all child care funding available under Minnesota Statutes, chapter 256H, and Minnesota Statutes, section 136A.125, and making consistent the laws and rules to govern the child care system.

The commissioner shall report to the legislature by November 1995. The report must contain recommendations as to how to develop and implement the system statewide, proposed uniform eligibility criteria, a list of necessary federal waivers, a list of the statutes and rules that must be repealed or amended, and an estimate of state and county savings resulting from the reduction in administrative duties.

#### Sec. 40. [APPROPRIATIONS.]

Subdivision 1. [APPROPRIATIONS.] The appropriations in this section are from the general fund to the commissioner of human services and are available for the biennium ending June 30, 1997.

Subd. 2. [MINNESOTA PARENTS' FAIR SHARE PILOT PROJECT.] \$..... is appropriated for the following purposes:

(a) \$..... for a grant to Ramsey county to enable the county to expand the Minnesota parents' fair share pilot project. As a condition of this grant, the commissioner may require a local match from the county.

(b) \$..... each is added to the appropriations to Anoka and Dakota counties for costs associated with the Minnesota parents' fair share pilot project.

(c) \$..... for costs associated with the mandatory community work experience component of the Minnesota parents' fair share pilot project.

Subd. 3. [BASIC SLIDING FEE PROGRAM.] \$..... is added to the appropriation for the basic sliding fee program established under Minnesota Statutes, section 256H.03.

Subd. 4. [STRIDE.] \$..... is appropriated for purposes of Minnesota Statutes, section 256.736, subdivision 14.

"Sec. 55. Minnesota Statutes 1994, section 79.34, subdivision 2, is amended to read:

Subd. 2. [LOSSES; RETENTION LIMITS.] The reinsurance association shall provide and each member shall accept indemnification for 100 percent of the amount of ultimate loss sustained in each loss occurrence relating to one or more claims arising out of a single compensable event, including aggregate losses related to a single event or occurrence which constitutes a single loss occurrence, under chapter 176 on and after October 1, 1979, in excess of \$300,000 or \$100,000 a low, a high, or a super retention limit, at the option of the member. In case of occupational disease causing disablement on and after October 1, 1979, each person suffering disablement due to occupational disease is considered to be involved in a separate loss occurrence. ~~The lower retention limit shall be increased to the nearest \$10,000, on January 1, 1982 and on each January 1 thereafter by the percentage increase in the statewide average weekly wage, as determined in~~

~~accordance with section 176.011, subdivision 20. On January 1, 1982 and on each January 1 thereafter, the higher retention limit shall be increased by the amount necessary to retain a \$200,000 difference between the two retention limits. On January 1, 1995, the lower retention limit is \$250,000, which shall also be known as the 1995 base retention limit. On each January 1 thereafter, the cumulative annual percentage changes in the statewide average weekly wage after October 1, 1994, as determined in accordance with section 176.011, subdivision 20, shall first be multiplied by the 1995 base retention limit, the result of which shall then be added to the 1995 base retention limit. The resulting figure shall be rounded to the nearest \$10,000, yielding the low retention limit for that year, provided that the low retention limit shall not be reduced in any year. The high retention limit shall be two times the low retention limit and shall be adjusted when the low retention limit is adjusted. The super retention period shall be four times the low retention period and shall be adjusted when the low retention limit is adjusted. Ultimate loss as used in this section means the actual loss amount which a member is obligated to pay and which is paid by the member for workers' compensation benefits payable under chapter 176 and shall not include claim expenses, assessments, damages or penalties. For losses incurred on or after January 1, 1979, any amounts paid by a member pursuant to sections 176.183, 176.221, 176.225, and 176.82 shall not be included in ultimate loss and shall not be indemnified by the reinsurance association. A loss is incurred by the reinsurance association on the date on which the accident or other compensable event giving rise to the loss occurs, and a member is liable for a loss up to its retention limit in effect at the time that the loss was incurred, except that members which are determined by the reinsurance association to be controlled by or under common control with another member, and which are liable for claims from one or more employees entitled to compensation for a single compensable event, including aggregate losses relating to a single loss occurrence, may aggregate their losses and obtain indemnification from the reinsurance association for the aggregate losses in excess of the higher highest retention limit selected by any of the members in effect at the time the loss was incurred. Each member is liable for payment of its ultimate loss and shall be entitled to indemnification from the reinsurance association for the ultimate loss in excess of the member's retention limit in effect at the time of the loss occurrence.~~

A member that chooses the ~~higher~~ high or super retention limit shall retain the liability for all losses below the ~~higher~~ chosen retention limit itself and shall not transfer the liability to any other entity or reinsure or otherwise contract for reimbursement or indemnification for losses below its retention limit, except in the following cases: (a) when the reinsurance or contract is with another member which, directly or indirectly, through one or more intermediaries, control or are controlled by or are under common control with the member; (b) when the reinsurance or contract provides for reimbursement or indemnification of a member if and only if the total of all claims which the member pays or incurs, but which are not reimbursable or subject to indemnification by the reinsurance association for a given period of time, exceeds a dollar value or percentage of premium written or earned and stated in the reinsurance agreement or contract; (c) when the reinsurance or contract is a pooling arrangement with other insurers where liability of the member to pay claims pursuant to chapter 176 is incidental to participation in the pool and not as a result of providing workers' compensation insurance to employers on a direct basis under chapter 176; (d) when the reinsurance or contract is limited to all the claims of a specific insured of a member which are reimbursed or indemnified by a reinsurer which, directly or indirectly, through one or more intermediaries, controls or is controlled by or is under common control with the insured of the member so long as any subsequent contract or reinsurance of the reinsurer relating to the claims of the insured of a member is not inconsistent with the bases of exception provided under clauses (a), (b) and (c); or (e) when the reinsurance or contract is limited to all claims of a specific self-insurer member which are reimbursed or indemnified by a reinsurer which, directly or indirectly, through one or more intermediaries, controls or is controlled by or is under common control with the self-insurer member so long as any subsequent contract or reinsurance of the reinsurer relating to the claims of the self-insurer member are not inconsistent with the bases for exception provided under clauses (a), (b) and (c).

Whenever it appears to the commissioner of labor and industry that any member that chooses the ~~higher~~ high or super retention limit has participated in the transfer of liability to any other entity or reinsured or otherwise contracted for reimbursement or indemnification of losses below its retention limit in a manner inconsistent with the bases for exception provided under clauses (a), (b), (c), (d), and (e), the commissioner may, after giving notice and an opportunity to be heard, order the member to pay to the state of Minnesota an amount not to exceed twice the difference

between the reinsurance premium for the ~~higher and lower~~ high or super retention limit, as appropriate, and the low retention limit applicable to the member for each year in which the prohibited reinsurance or contract was in effect. Any member subject to this penalty provision shall continue to be bound by its selection of the ~~higher~~ high or super retention limit for purposes of membership in the reinsurance association.

Sec. 56. Minnesota Statutes 1994, section 79.35, is amended to read:

79.35 [DUTIES; RESPONSIBILITIES; POWERS.]

The reinsurance association shall do the following on behalf of its members:

(a) Assume 100 percent of the liability as provided in section 79.34;

(b) Establish procedures by which members shall promptly report to the reinsurance association each claim which, on the basis of the injury sustained, may reasonably be anticipated to involve liability to the reinsurance association if the member is held liable under chapter 176. Solely for the purpose of reporting claims, the member shall in all instances consider itself legally liable for the injury. The member shall advise the reinsurance association of subsequent developments likely to materially affect the interest of the reinsurance association in the claim;

(c) Maintain relevant loss and expense data relative to all liabilities of the reinsurance association and require each member to furnish statistics in connection with liabilities of the reinsurance association at the times and in the form and detail as may be required by the plan of operation;

(d) Calculate and charge to members a total premium sufficient to cover the expected liability which the reinsurance association will incur ~~in excess of the higher retention limit but less than the prefunded limit~~, together with incurred or estimated to be incurred operating and administrative expenses for the period to which this premium applies and actual claim payments to be made by members, during the period to which this premium applies, for claims in excess of the prefunded limit in effect at the time the loss was incurred. Each member shall be charged a premium established by the board as sufficient to cover the reinsurance association's incurred liabilities and expenses between the member's selected retention limit and the prefunded limit. The prefunded limit shall be \$2,500,000 on and after October 1, 1979, provided that the prefunded limit shall be increased on January 1, 1983 and on each January 1 thereafter by the percentage increase in the statewide average weekly wage, to the nearest \$100,000, as determined in accordance with section 176.011, subdivision 20 times the lower retention limit established in section 79.34, subdivision 2. Each member shall be charged a proportion of the total premium calculated for its selected retention limit in an amount equal to its proportion of the exposure base of all members during the period to which the reinsurance association premium will apply. The exposure base shall be determined by the board and is subject to the approval of the commissioner of labor and industry. In determining the exposure base, the board shall consider, among other things, equity, administrative convenience, records maintained by members, amenability to audit, and degree of risk refinement. ~~Each member exercising the lower retention option shall also be charged a premium established by the board as sufficient to cover incurred or estimated to be incurred claims for the liability the reinsurance association is likely to incur between the lower and higher retention limits for the period to which the premium applies.~~ Each member shall also be charged a premium determined by the board to equitably distribute excess or deficient premiums from previous periods including any excess or deficient premiums resulting from a retroactive change in the prefunded limit. The premiums charged to members shall not be unfairly discriminatory as defined in section 79.074. All premiums shall be approved by the commissioner of labor and industry;

(e) Require and accept the payment of premiums from members of the reinsurance association;

(f) Receive and distribute all sums required by the operation of the reinsurance association;

(g) Establish procedures for reviewing claims procedures and practices of members of the reinsurance association. If the claims procedures or practices of a member are considered inadequate to properly service the liabilities of the reinsurance association, the reinsurance association may undertake, or may contract with another person, including another member, to

adjust or assist in the adjustment of claims which create a potential liability to the association. The reinsurance association may charge the cost of the adjustment under this paragraph to the member, except that any penalties or interest incurred under sections 176.183, 176.221, 176.225, and 176.82 as a result of actions by the reinsurance association after it has undertaken adjustment of the claim shall not be charged to the member but shall be included in the ultimate loss and listed as a separate item; and

(h) Provide each member of the reinsurance association with an annual report of the operations of the reinsurance association in a form the board of directors may specify."

(l) For aid payable in 1992 and subsequent years, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2 less any permanent aid reduction in the previous year to homestead and agricultural credit aid under section 477A.0132, plus, for aid payable in 1992, fiscal disparity homestead and agricultural credit aid under subdivision 2b.

(m) "Net tax capacity adjustment" means (1) the total previous net tax capacity minus the total net tax capacity, multiplied by (2) the unique taxing jurisdiction's current local tax rate. The net tax capacity adjustment cannot be less than zero.

(n) "Fiscal disparity adjustment" means the difference between (1) a taxing jurisdiction's fiscal

~~(b) for taxes payable in 1989, the product of (1) the property tax levy limitation for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property subject to the tax divided by the assessment year 1987 total market valuation of all taxable property subject to the tax; and~~

Sec. 6. Minnesota Statutes 1994, section 428A.03, subdivision 1, is amended to read:

Subdivision 1. [HEARING.] Service charges may be imposed by the city within the special service district at a rate or amount sufficient to produce the revenues required to provide special services in the district. To determine the appropriate rate for a service charge based on net tax capacity, taxable property or net tax capacity must be determined without regard to captured or original net tax capacity under section 469.177 or 469.314 or to the distribution or contribution value under section 473F.08. Service charges may not be imposed to finance a special service if the service is ordinarily provided by the city from its general fund revenues unless the service is provided in the district at an increased level. In that case, a service charge may be imposed only in the amount needed to pay for the increased level of service. A service charge may not be imposed on the receipts from the sale of intoxicating liquor, food, or lodging. Before the imposition of service charges in a district, for each calendar year, a hearing must be held under section 428A.02 and notice must be given and must be mailed to any individual or business organization subject to a service charge. For purposes of this section, the notice shall also include:

Within six months of the public hearing, the city may adopt a resolution imposing a service charge within the district not exceeding the amount or rate expressed in the notice issued under this section.

Sec. 7. Minnesota Statutes 1994, section 428A.05, is amended to read:

428A.05 [COLLECTION OF SERVICE CHARGES.]

Service charges based on net tax capacity may be payable and collected at the same time and in the same manner as provided for payment and collection of ad valorem taxes. Other service charges imposed must be collected as provided by ordinance. Service charges based on net tax capacity collected under sections 428A.01 to 428A.10 are not included in computations under section 469.177, 469.314, chapter 473F, or any other law that applies to general ad valorem levies.

Sec. 8. [469.311] [DEFINITIONS.]

Subdivision 1. [CAPTURED NET TAX CAPACITY.] "Captured net tax capacity" means 75 percent of the amount by which the current net tax capacity of an empowerment zone exceeds the original net tax capacity, including the value of property normally taxable as personal property by reason of its location on or over property owned by a tax-exempt entity.

Subd. 2. [ORIGINAL NET TAX CAPACITY.] "Original net tax capacity" means the tax capacity of all taxable real property within an empowerment zone as certified by the commissioner of revenue for the previous assessment year, provided that the request by a county for certification of a new empowerment zone has been made to the county auditor by June 30. The original tax capacity of zones for which requests are filed after June 30 has an original tax capacity based on the current assessment year. In any case, the original tax capacity must be determined together with subsequent adjustments as set forth in section 469.314, subdivisions 1 and 4. In determining the original net tax capacity, the net tax capacity of real property exempt from taxation at the time of the request shall be zero, except for real property which is tax exempt by reason of public ownership by the requesting county and which has been publicly owned for less than one year prior to the date of the request for certification, in which event the net tax capacity of the property shall be the net tax capacity as most recently determined by the commissioner of revenue.

Subd. 3. [PARCEL.] "Parcel" means a tract or plat of land established prior to the certification of the zone as a single unit for purposes of assessment.

Sec. 9. [469.312] [ESTABLISHING; MODIFYING EMPOWERMENT ZONE; ANNUAL ACCOUNTS.]

Subdivision 1. [EMPOWERMENT ZONE PLAN.] To establish an empowerment zone under sections 469.311 to 469.314, a county shall develop an empowerment zone plan which shall contain:

(1) a statement of the objectives and a description of the projects proposed by the county for the empowerment zone to accomplish the zone's purposes as stated in section 10, subdivision 2;

(2) a statement as to the program for the zone including a plan designed to secure development of private commercial or industrial enterprises within the zone. In addition, the public infrastructure improvements to be undertaken in the empowerment zone must be public infrastructure improvements that will maximize the development of private commercial or industrial enterprises within the empowerment zone;

(3) estimates of the following:

(i) cost of the program, including administration expenses;

(ii) sources of revenue to finance or otherwise pay public costs;

(iii) the most recent net tax capacity of taxable real property within the empowerment zone; and

(iv) the estimated captured net tax capacity of the empowerment zone at completion;

(4) statements of the county's alternate estimates of the impact of the empowerment zone on the net tax capacities of all taxing jurisdictions in which the empowerment zone is located in whole or in part. For purposes of one statement, the county shall assume that the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the zone, and for purposes of the second statement, the county shall assume that none of the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the zone; and

(5) identification of all parcels to be included in the zone, including verification that the total market value of all the parcels as most recently determined by the assessor at the time of the request for certification is no greater than the market value of those parcels as determined by the assessor as of the date four years prior to the request.

Subd. 2. [CITY, SCHOOL BOARD, AND PARK BOARD APPROVAL.] The city council of each city in which any portion of the proposed zone is located, the school board of each school district in which any portion of the proposed zone is located, and the board of the park district in which any portion of the proposed zone is located, if any, must approve the creation of an empowerment zone. The county shall present to the city council and the boards its estimate of the fiscal and economic implications of the proposed empowerment zone.

Subd. 3. [COUNTY APPROVAL; HEARING.] The county shall approve the empowerment zone plan only after a public hearing thereon after published notice in a newspaper of general circulation in the county at least once not less than ten days nor more than 30 days prior to the date of the hearing. The published notice must include a map of the area of the zone from which increments may be collected. Before or at the time of approval of the empowerment zone plan, the county shall make the following findings, and shall set forth in writing the reasons and supporting facts for each determination:

(1) that the public benefits proposed to accrue through the plan, in the opinion of the county, would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future and therefore the creation of the empowerment zone is deemed necessary;

(2) that the empowerment zone plan will afford maximum opportunity, consistent with the sound needs of the county as a whole, for the development or redevelopment of the empowerment zone by private enterprise; and

(3) that the county elects the method of tax increment computation set forth in section 469.314, subdivision 3, paragraph (b), if applicable.

Subd. 4. [EFFECT OF APPROVAL.] Upon adoption of the empowerment zone plan, the authority shall file a copy of the plan with the commissioner of revenue.

Once approved, the determination of the county to create the empowerment zone and the resolution of the county board of commissioners shall be conclusive of the findings therein and of the public need for creation of the empowerment zone.

Sec. 10. [469.313] [LIMITATIONS.]

Subdivision 1. [DURATION LIMITS; TERMS.] No empowerment zone taxes shall be paid to the county after five years from date of receipt by the county of the first empowerment zone tax receipts.

Subd. 2. [LIMITATION ON USE OF EMPOWERMENT ZONE TAX RECEIPTS; GENERAL RULE.] All revenues derived from the empowerment zone tax shall be used in accordance with the empowerment zone plan. The revenues shall be used solely to pay the costs of capital improvements relating to public infrastructure, natural systems, and housing. The expenditures for these purposes must be planned in a manner that is most likely to accomplish the following goals:

- (1) to reduce crime;
- (2) to implement strategies for job skill enhancement; or
- (3) to improve the local tax base.

Sec. 11. [469.314] [COMPUTATION OF EMPOWERMENT ZONE TAX.]

Subdivision 1. [ORIGINAL NET TAX CAPACITY.] (a) Upon or after adoption of an empowerment zone plan, the auditor of the county in which the zone is situated shall, upon request of the county, certify the original net tax capacity of the empowerment zone as described in the empowerment zone plan and shall certify in each year thereafter the amount by which the original net tax capacity has increased or decreased as a result of a change in tax exempt status of property within the zone or changes pursuant to subdivision 4.

(b) If the classification under section 273.13 of property located in a zone changes to a classification that has a different assessment ratio, the original net tax capacity of that property must be redetermined at the time when its use is changed as if the property had originally been classified in the same class in which it is classified after its use is changed.

(c) The amount to be added to the original net tax capacity of the zone as a result of previously tax exempt real property within the zone becoming taxable equals the net tax capacity of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the net tax capacity assessed by the assessor at the time of the transfer. If substantial taxable improvements were made to a parcel after certification of the zone and if the property later becomes tax exempt, in whole or part, as a result of the county acquiring the property through foreclosure or exercise of remedies under a lease or other revenue agreement or as a result of tax forfeiture, the amount to be added to the original net tax capacity of the zone as a result of the property again becoming taxable is the amount of the parcel's value that was included in original net tax capacity when the parcel was first certified.

(d) If the net tax capacity of a property increases because the property no longer qualifies under the Minnesota agricultural property tax law, section 273.111; the Minnesota open space property tax law, section 273.112; or the metropolitan agricultural preserves act, chapter 473H, or because platted, unimproved property is improved or three years pass after approval of the plat under section 273.11, subdivision 1, the increase in net tax capacity must be added to the original net tax capacity.

(e) The amount to be subtracted from the original net tax capacity of the zone as a result of previously taxable real property within the zone becoming tax exempt shall be the amount of original net tax capacity initially attributed to the property becoming tax exempt. If the net tax capacity of property located within the empowerment zone is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor, or by order of the commissioner of revenue, the reduction shall be applied to the original net tax capacity of the zone when the property upon which the abatement is made has not been improved since the date of certification of the zone and to the captured net tax capacity of the zone in each year thereafter when the abatement relates to improvements made after the date of certification. The county auditor may specify reasonable form and content of the request for certification of the county.

Subd. 2. [CAPTURED NET TAX CAPACITY.] The county auditor shall certify the amount of the captured net tax capacity to the county each year, together with the proportion that the captured net tax capacity bears to the total net tax capacity of the real property within the tax increment financing zone for that year.

Subd. 3. [EMPOWERMENT ZONE TAX; RELATIONSHIP TO CHAPTER 473F.] (a) Unless the county board of commissioner elects, pursuant to paragraph (b) the following method of computation shall apply:

(1) the original net tax capacity and the current net tax capacity shall be determined before the application of the fiscal disparity provisions of chapter 473F. Where the original net tax capacity is equal to or greater than the current net tax capacity, there is no captured net tax capacity and no tax increment determination. Where the original net tax capacity is less than the current net tax capacity, 75 percent of the difference between the original net tax capacity and the current net tax capacity is the captured net tax capacity. This amount is the captured net tax capacity of the county; and

(2) the county auditor shall exclude the captured net tax capacity of the county from the net tax capacity of the local taxing districts in determining local taxing district tax rates. The local tax rates so determined are to be extended against the captured net tax capacity of the county as well as the net tax capacity of the local taxing districts. The tax generated by the extension of the local taxing district tax rates to the captured net tax capacity of the county is the empowerment zone tax of the county.

(b) The county may, by resolution approving the empowerment zone financing plan pursuant to section 469.312, subdivision 3, elect the following method of computation:

(1) the original net tax capacity shall be determined before the application of the fiscal disparity provisions of chapter 473F. The current net tax capacity shall exclude any fiscal disparity commercial-industrial net tax capacity increase between the original year and the current year multiplied by the fiscal disparity ratio determined pursuant to section 473F.08, subdivision 6. Where the original net tax capacity is equal to or greater than the current net tax capacity, there is no captured net tax capacity and no empowerment zone tax determination. Where the original net tax capacity is less than the current net tax capacity, 75 percent of the difference between the original net tax capacity and the current net tax capacity is the captured net tax capacity. This amount is the captured net tax capacity of the county;

(2) the county auditor shall exclude the captured net tax capacity of the county from the net tax capacity of the local taxing districts in determining local taxing district tax rates. The local tax rates so determined are to be extended against the captured net tax capacity of the county as well as the net tax capacity of the local taxing districts. The tax generated by the extension of the local taxing zone tax rates to the captured net tax capacity of the county is the empowerment zone tax of the county; and

(3) an election by the county pursuant to paragraph (b) shall be submitted to the county auditor by the county at the time of the request for certification pursuant to subdivision 1.

(c) The method of computation of empowerment zone tax applied to a zone pursuant to paragraph (a) or (b) shall remain the same for the duration of the zone, except that the county board of commissioners may elect to change its election from the method of computation in paragraph (a) to the method in paragraph (b).

Subd. 4. [PRIOR PLANNED IMPROVEMENTS.] The county shall, after diligent search, accompany its request for certification to the county auditor pursuant to subdivision 1 with a listing of all properties within the empowerment zone for which building permits have been issued during the 18 months immediately preceding approval of the empowerment plan by the county pursuant to section 469.312, subdivision 3. The county auditor shall increase the original net tax capacity of the zone by the net tax capacity of each improvement for which a building permit was issued.

Subd. 5. [EMPOWERMENT ZONE TAX RECEIPTS ACCOUNT.] The empowerment zone tax receipts received with respect to any zone shall be segregated by the county in a special account or accounts on its official books and records or as otherwise established by resolution of the county to be held by a trustee or trustees for the benefit of holders of the bonds.

Subd. 6. [REQUEST FOR CERTIFICATION OF NEW EMPOWERMENT ZONE.] A request for certification of a new empowerment zone pursuant to subdivision 1 received by the county

auditor on or before July 1 shall be recognized by the county auditor in determining local tax rates for the current and subsequent levy years. Requests received by the county auditor after July 1 shall not be recognized by the county auditor in determining local tax rates for the current levy year but shall be recognized by the county auditor in determining local tax rates for subsequent levy years.

Subd. 7. [PROPERTY CLASSIFICATION CHANGES.] When any law governing the classification of real property and determining the percentage of market value to be assessed for ad valorem taxation purposes is amended, the increase or decrease in net tax capacity resulting therefrom shall be applied proportionately to original net tax capacity and captured net tax capacity of any empowerment zone in each year thereafter.

Sec. 12. Minnesota Statutes 1994, section 473.167, subdivision 3, is amended to read:

Subd. 3. [TAX.] The council may levy a tax on all taxable property in the metropolitan area, as defined in section 473.121, to provide funds for loans made pursuant to subdivisions 2 and 2a. This tax for the right-of-way acquisition loan fund shall be certified by the council, levied, and collected in the manner provided by section 473.13. The tax shall be in addition to that authorized by section 473.249 and any other law and shall not affect the amount or rate of taxes which may be levied by the council or any metropolitan agency or local governmental unit. The amount of the levy shall be as determined and certified by the council, except as otherwise provided in this subdivision.

The property tax levied by the metropolitan council for the right-of-way acquisition loan fund shall not exceed the following amount for the years specified:

~~(a) for taxes payable in 1988, the product of 5/100 of one mill multiplied by the total assessed valuation of all taxable property located within the metropolitan area as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;~~

~~(b) for taxes payable in 1989, except as provided in section 473.249, subdivision 3, the product of (1) the metropolitan council's property tax levy limitation for the right of way acquisition loan fund for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property located within the metropolitan area divided by the assessment year 1987 total market valuation of all taxable property located within the metropolitan area;~~

~~(c) for taxes payable in 1990, an amount not to exceed \$2,700,000; and~~

~~(d) for taxes payable in 1991 and subsequent years, the product of (1) the metropolitan council's property tax levy limitation for the right-of-way acquisition loan fund for the taxes payable in 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan area for the current taxes payable year divided by the total market valuation of all taxable property located within the metropolitan area for taxes payable in 1988.~~

For the purpose of determining the metropolitan council's property tax levy limitation for the right-of-way acquisition loan fund ~~for the taxes payable year 1988 and subsequent years under this subdivision~~, "total market valuation" means the total market valuation of all taxable property within the metropolitan area without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), empowerment zones (sections 469.311 to 469.314), and high voltage transmission lines (section 273.425).

The property tax levied under this subdivision for taxes payable in 1988 and subsequent years shall not be levied at a rate higher than that determined by the metropolitan council to be sufficient, considering the other anticipated revenues of and disbursements from the right-of-way acquisition loan fund, to produce a balance in the loan fund at the end of the next calendar year equal to twice the amount of the property tax levy limitation for taxes payable in the next calendar year determined under this section.

Sec. 13. Minnesota Statutes 1994, section 473.249, subdivision 1, is amended to read:

Subdivision 1. The metropolitan council may levy a tax on all taxable property in the

metropolitan area defined in section 473.121 to provide funds for the purposes of sections 473.121 to 473.249 and for the purpose of carrying out other responsibilities of the council as provided by law. This tax for general purposes shall be levied and collected in the manner provided by section 473.13.

The property tax levied by the metropolitan council for general purposes shall not exceed the following amount for the years specified:

~~(a) for taxes payable in 1988, the product of 8/30 of one mill multiplied by the total assessed valuation of all taxable property located within the metropolitan area as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;~~

~~(b) for taxes payable in 1989, the product of (1) the metropolitan council's property tax levy limitation for general purposes for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property located within the metropolitan area divided by the assessment year 1987 total market valuation of all taxable property located within the metropolitan area; and~~

~~(c) for taxes payable in 1990 and subsequent years, the product of (1) the metropolitan council's property tax levy limitation for general purposes for the previous year determined under this subdivision multiplied by (2) the lesser of~~

~~(i) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan area for the current taxes payable year divided by the total market valuation of all taxable property located within the metropolitan area for the previous taxes payable year;~~

~~(ii) an index equal to the implicit price deflator for state and local government purchases of goods and services for the most recent month for which data are available divided by the implicit price deflator for state and local government purchases of goods and services for the same month of the previous year; or~~

~~(iii) 103 percent.~~

For the purpose of determining the metropolitan council's property tax levy limitation for general purposes ~~for the taxes payable year 1988 and subsequent years~~ under this subdivision, "total market valuation" means the total market valuation of all taxable property within the metropolitan area without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), empowerment zones (sections 469.311 to 469.314), and high voltage transmission lines (section 273.425).

Sec. 14. Minnesota Statutes 1994, section 473.446, subdivision 1, is amended to read:

Subdivision 1. [TAXATION WITHIN TRANSIT TAXING DISTRICT.] For the purposes of sections 473.404 to 473.449 and the metropolitan transit system, except as otherwise provided in this subdivision, the council shall levy each year upon all taxable property within the metropolitan transit taxing district, defined in subdivision 2, a transit tax consisting of:

(a) an amount which shall be used for payment of the expenses of operating transit and paratransit service and to provide for payment of obligations issued by the council under section 473.436, subdivision 6;

(b) an additional amount, if any, the council determines to be necessary to provide for the full and timely payment of its certificates of indebtedness and other obligations outstanding on July 1, 1985, to which property taxes under this section have been pledged; and

(c) an additional amount necessary to provide full and timely payment of certificates of indebtedness, bonds, including refunding bonds or other obligations issued or to be issued under section 473.39 by the council for purposes of acquisition and betterment of property and other improvements of a capital nature and to which the council has specifically pledged tax levies under this clause.

The property tax levied by the council for general purposes under clause (a) must not exceed the following amount for the years specified:

(1) for taxes payable in 1995, the council's property tax levy limitation for general transit purposes is equal to the former regional transit board's property tax levy limitation for general transit purposes under this subdivision, for taxes payable in 1994, multiplied by an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan transit taxing district for the current assessment year divided by the total market valuation of all taxable property located within the metropolitan transit taxing district for the previous assessment year; and

(2) for taxes payable in 1996 and subsequent years, the product of (i) the council's property tax levy limitation for general transit purposes for the previous year determined under this subdivision multiplied by (ii) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan transit taxing district for the current taxes payable year divided by the total market valuation of all taxable property located within the metropolitan transit taxing district for the previous taxes payable year. For the taxes payable year 1995, the index for market valuation changes shall be multiplied by an amount equal to the sum of the regional transit board's property tax levy limitation for the taxes payable year 1994 and \$160,665. The \$160,665 increase shall be a permanent adjustment to the levy limit base used in determining the regional transit board's property tax levy limitation for general purposes for subsequent taxes payable years.

For the purpose of determining the council's property tax levy limitation for general transit purposes under this subdivision, "total market valuation" means the total market valuation of all taxable property within the metropolitan transit taxing district without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), empowerment zones (sections 469.311 to 469.314), and high voltage transmission lines (section 273.425).

The county auditor shall reduce the tax levied pursuant to this subdivision on all property within statutory and home rule charter cities and towns that receive full-peak service and limited off-peak service by an amount equal to the tax levy that would be produced by applying a rate of 0.510 percent of net tax capacity on the property. The county auditor shall reduce the tax levied pursuant to this subdivision on all property within statutory and home rule charter cities and towns that receive limited peak service by an amount equal to the tax levy that would be produced by applying a rate of 0.765 percent of net tax capacity on the property. The amounts so computed by the county auditor shall be submitted to the commissioner of revenue as part of the abstracts of tax lists required to be filed with the commissioner under section 275.29. Any prior year adjustments shall also be certified in the abstracts of tax lists. The commissioner shall review the certifications to determine their accuracy and may make changes in the certification as necessary or return a certification to the county auditor for corrections. The commissioner shall pay to the council the amounts certified by the county auditors on the dates provided in section 273.1398. There is annually appropriated from the general fund in the state treasury to the department of revenue the amounts necessary to make these payments.

For the purposes of this subdivision, "full-peak and limited off-peak service" means peak period regular route service, plus weekday midday regular route service at intervals longer than 60 minutes on the route with the greatest frequency; and "limited peak period service" means peak period regular route service only.

Sec. 15. Minnesota Statutes 1994, section 473.711, subdivision 2, is amended to read:

Subd. 2. [BUDGET; TAX LEVY.] The metropolitan mosquito control commission shall prepare an annual budget. The budget may provide for expenditures in an amount not exceeding the property tax levy limitation determined in this subdivision. The commission may levy a tax on all taxable property in the district as defined in section 473.702 to provide funds for the purposes of sections 473.701 to 473.716. The tax shall not exceed the property tax levy limitation determined in this subdivision. A participating county may agree to levy an additional tax to be used by the commission for the purposes of sections 473.701 to 473.716 but the sum of the county's and commission's taxes may not exceed the county's proportionate share of the property

tax levy limitation determined under this subdivision based on the ratio of its total net tax capacity to the total net tax capacity of the entire district as adjusted by section 270.12, subdivision 3. The auditor of each county in the district shall add the amount of the levy made by the district to other taxes of the county for collection by the county treasurer with other taxes. When collected, the county treasurer shall make settlement of the tax with the district in the same manner as other taxes are distributed to political subdivisions. No county shall levy any tax for mosquito, disease vectoring tick, and black gnat (*Simuliidae*) control except under sections 473.701 to 473.716. The levy shall be in addition to other taxes authorized by law.

The property tax levied by the metropolitan mosquito control commission shall not exceed the product of (1) the commission's property tax levy limitation for the previous year determined under this subdivision multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property located within the district for the current assessment year divided by the total market valuation of all taxable property located within the district for the previous assessment year.

For the purpose of determining the commission's property tax levy limitation under this subdivision, "total market valuation" means the total market valuation of all taxable property within the district without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), empowerment zones (sections 469.311 to 469.314), and high voltage transmission lines (section 273.425).

Sec. 16. Minnesota Statutes 1994, section 473F.08, subdivision 4, is amended to read:

Subd. 4. [TAX RATE; NONCOMMERCIAL PROPERTY.] In 1972 and subsequent years, the county auditor shall divide that portion of the levy determined pursuant to subdivision 3, clause (b), by the net tax capacity of the governmental unit, taking ~~section~~ sections 469.177, subdivision 3, and 469.314, subdivision 3, into account, less that portion subtracted from net tax capacity pursuant to subdivision 2, clause (a). The resulting tax rate shall apply to all taxable property except commercial-industrial property, which shall be taxed in accordance with subdivision 6.

Sec. 17. Minnesota Statutes 1994, section 477A.011, subdivision 20, is amended to read:

Subd. 20. [CITY NET TAX CAPACITY.] "City net tax capacity" means (1) the net tax capacity computed using the net tax capacity rates in section 273.13, and the market values for taxes payable in the year prior to the aid distribution plus (2) a city's fiscal disparities distribution tax capacity under section 473F.08, subdivision 2, paragraph (b), for taxes payable in the year prior to that for which aids are being calculated. The market value utilized in computing city net tax capacity shall be reduced by the sum of (1) a city's market value of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 2, paragraph (a), (2) the market value of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and the captured net tax capacity of empowerment zones as defined in section 469.314, subdivision 2, and (3) the market value of transmission lines deducted from a city's total net tax capacity under section 273.425. The city net tax capacity will be computed using equalized market values.

Sec. 18. [EMPOWERMENT ZONES; ADMINISTRATIVE SIMPLIFICATION OF WELFARE LAWS.]

(a) The commissioner of human services shall make recommendations to effectuate the changes in federal laws and regulations, state laws and rules, and the state plan to improve the administrative efficiency of the aid to families with dependent children, general assistance, work readiness, family general assistance, medical assistance, general assistance medical care, and food stamp programs. At a minimum, the following administrative standards and procedures must be changed.

The commissioner shall:

(1) require income or eligibility reviews no more frequently than annually for cases in which income is normally invariant, as in aid to families with dependent children cases where the only source of household income is Supplemental Social Security Income or Retirement and Survivors Disability Insurance;

(2) permit households to report income annually when the source of income is excluded, such as a minor's earnings;

(3) require income or eligibility reviews no more frequently than annually for extended medical assistance cases;

(4) require income or eligibility reviews no more frequently than annually for a medical assistance postpartum client, where the client previously had eligibility under a different basis prior to pregnancy or if other household members have eligibility with the same income/basis that applies to the client;

(5) permit all income or eligibility reviews to use the short application form for foster care medical assistance cases;

(6) make dependent care expenses declaratory for medical assistance; and

(7) permit households to only report gifts worth \$100 or more per month.

(b) The county's administrative savings resulting from these changes may be allocated to fund the empowerment zones initiative or be used for any other lawful purpose.

(c) The recommendations must be provided in a report to the chairs of the appropriate legislative committees by August 1, 1995. The recommendations must include a list of the administrative standards and procedures that require approval by the federal government before implementation, and also which administrative simplification standards and procedures may be implemented by a county prior to receiving a federal waiver.

(d) The commissioner shall seek the necessary waivers from the federal government as soon as possible to implement the administrative simplification standards and procedures.

#### Sec. 19. [EMPOWERMENT ZONES.]

The commissioner of human services, and certain county agencies shall develop, by December 1, 1995, a plan to improve the employment opportunities available to economic assistance recipients. The employment activities shall be focused on improving public infrastructure, enhancing the local tax base, improving the quality of available housing, reducing crime, designing strategies for job skill enhancement, strengthening communities, and maintaining and improving natural systems. The county is authorized to retain 75 percent of the increased valuation of the property included in the empowerment zone for five years. This money must be placed into a pool and used for funding of empowerment zones. The plan shall include input and support from city council, county board, park board, and school board. The plan shall coordinate existing funding streams and target them to mutually agreed upon projects. Organized labor shall be consulted in the development of the plan and implementation of any work activities. Participating jurisdictions shall report back to the legislature by August 1, 1995, with a plan for the projects to be located in pockets of poverty, as identified by the city council, county board, park board, and school board.

#### Sec. 20. [EMPOWERMENT ZONE APPROPRIATION.]

\$..... is appropriated for fiscal year ending June 30, 1996, from the general fund to the commissioner of human services for the county agencies to develop and implement the public works program. Future state funding for these projects shall be kept revenue neutral by accessing nontraditional funding streams within the existing state budget."

Subd. 3. [NONPREEMPTION.] The remedy specified in this section does not preempt any other remedy or cause of action provided for pursuant to statute or pursuant to the common law of this state.

Subd. 4. [LIMITATION PERIOD.] An action under this section shall be commenced within three years of the bad faith act, notwithstanding any policy provision to the contrary.

Sec. 2. Minnesota Statutes 1994, section 72A.20, subdivision 12, is amended to read:

Subd. 12. [UNFAIR SERVICE.] Causing or permitting with such frequency to indicate a general business practice any unfair, deceptive, or fraudulent act concerning any claim or complaint of an insured or claimant including, but not limited to, the following practices:

- (1) misrepresenting pertinent facts or insurance policy provisions relating to coverages at issue;
- (2) failing to acknowledge and act reasonably promptly upon communications with respect to claims arising under insurance policies;
- (3) failing to adopt and implement reasonable standards for the prompt investigation of claims arising under insurance policies;
- (4) refusing to pay claims without conducting a reasonable investigation based upon all available information;
- (5) failing to affirm or deny coverage of claims within a reasonable time after proof of loss statements have been completed;
- (6) not attempting in good faith to effectuate prompt, fair, and equitable settlements of claims in which liability has become reasonably clear;
- (7) compelling insureds to institute litigation to recover amounts due under an insurance policy by offering substantially less than the amounts ultimately recovered in actions brought by the insureds;
- (8) attempting to settle a claim for less than the amount to which reasonable persons would have believed they were entitled by reference to written or printed advertising material accompanying or made part of an application;

(9) attempting to settle claims on the basis of an application which was altered without notice to, or knowledge or consent of, the insured;

(10) making claims payments to insureds or beneficiaries not accompanied by a statement setting forth the coverage under which the payments are being made;

(11) making known to insureds or claimants a policy of appealing from arbitration awards in favor of insureds or claimants for the purpose of compelling them to accept settlements or compromises less than the amount awarded in arbitration;

(12) delaying the investigation or payment of claims by requiring an insured, claimant, or the physician of either to submit a preliminary claim report and then requiring the subsequent submission of formal proof of loss forms, both of which submissions contain substantially the same information;

(13) failing to promptly settle claims, where liability has become reasonably clear, under one portion of the insurance policy coverage in order to influence settlements under other portions of the insurance policy coverage;

(14) failing to promptly provide a reasonable explanation of the basis in the insurance policy in relation to the facts or applicable law for denial of a claim or for the offer of a compromise settlement;

(15) except for proof of ownership, requiring an insured as part of executing a proof of loss on a claim arising from a fire loss, to produce documentation or information that is dated more than five years from the date of loss.

Sec. 3. Minnesota Statutes 1994, section 72A.201, subdivision 4, is amended to read:

Subd. 4. [STANDARDS FOR CLAIM FILING AND HANDLING.] The following acts by an insurer, an adjuster, a self-insured, or a self-insurance administrator constitute unfair settlement practices:

(1) except for claims made under a health insurance policy, after receiving notification of claim from an insured or a claimant, failing to acknowledge receipt of the notification of the claim within ten business days, and failing to promptly provide all necessary claim forms and instructions to process the claim, unless the claim is settled within ten business days. The acknowledgment must include the telephone number of the company representative who can assist the insured or the claimant in providing information and assistance that is reasonable so that the insured or claimant can comply with the policy conditions and the insurer's reasonable requirements. If an acknowledgment is made by means other than writing, an appropriate notation of the acknowledgment must be made in the claim file of the insurer and dated. An appropriate notation must include at least the following information where the acknowledgment is by telephone or oral contact:

- (i) the telephone number called, if any;
- (ii) the name of the person making the telephone call or oral contact;
- (iii) the name of the person who actually received the telephone call or oral contact;
- (iv) the time of the telephone call or oral contact; and
- (v) the date of the telephone call or oral contact;

(2) failing to reply, within ten business days of receipt, to all other communications about a claim from an insured or a claimant that reasonably indicate a response is requested or needed;

(3) unless provided otherwise by law or in the policy, failing to complete its investigation and inform the insured or claimant of acceptance or denial of a claim within 30 business days after receipt of notification of claim unless the investigation cannot be reasonably completed within that time. In the event that the investigation cannot reasonably be completed within that time, the insurer shall notify the insured or claimant within the time period of the reasons why the

investigation is not complete and the expected date the investigation will be complete. For claims made under a health policy the notification of claim must be in writing;

(4) where evidence of suspected fraud is present, the requirement to disclose their reasons for failure to complete the investigation within the time period set forth in clause (3) need not be specific. The insurer must make this evidence available to the department of commerce if requested;

(5) failing to notify an insured who has made a notification of claim of all available benefits or coverages which the insured may be eligible to receive under the terms of a policy and of the documentation which the insured must supply in order to ascertain eligibility;

(6) unless otherwise provided by law or in the policy, requiring an insured to give written notice of loss or proof of loss within a specified time, and thereafter seeking to relieve the insurer of its obligations if the time limit is not complied with, unless the failure to comply with the time limit prejudices the insurer's rights and then only if the insurer gave prior notice to the insured of the potential prejudice;

(7) advising an insured or a claimant not to obtain the services of an attorney or an adjuster, or representing that payment will be delayed if an attorney or an adjuster is retained by the insured or the claimant;

(8) failing to advise in writing an insured or claimant who has filed a notification of claim known to be unresolved, and who has not retained an attorney, of the expiration of a statute of limitations at least 60 days prior to that expiration. For the purposes of this clause, any claim on which the insurer has received no communication from the insured or claimant for a period of two years preceding the expiration of the applicable statute of limitations shall not be considered to be known to be unresolved and notice need not be sent pursuant to this clause;

(9) demanding information which would not affect the settlement of the claim;

(10) unless expressly permitted by law or the policy, refusing to settle a claim of an insured on the basis that the responsibility should be assumed by others;

(11) failing, within 60 business days after receipt of a properly executed proof of loss, to advise the insured of the acceptance or denial of the claim by the insurer. No insurer shall deny a claim on the grounds of a specific policy provision, condition, or exclusion unless reference to the provision, condition, or exclusion is included in the denial. The denial must be given to the insured in writing with a copy filed in the claim file;

(12) denying or reducing a claim on the basis of an application which was altered or falsified by the agent or insurer without the knowledge of the insured;

(13) failing to notify the insured of the existence of the additional living expense coverage when an insured under a homeowners policy sustains a loss by reason of a covered occurrence and the damage to the dwelling is such that it is not habitable;

(14) failing to inform an insured or a claimant that the insurer will pay for an estimate of repair if the insurer requested the estimate and the insured or claimant had previously submitted two estimates of repair;

(15) failing to inform the insured or claimant of acceptance or denial of a claim arising from a fire loss within 180 days after receipt of notification of the claim.

Sec. 4. Minnesota Statutes 1994, section 72A.201, subdivision 8, is amended to read:

Subd. 8. [STANDARDS FOR CLAIM DENIAL.] The following acts by an insurer, adjuster, or self-insured, or self-insurance administrator constitute unfair settlement practices:

(1) denying a claim or any element of a claim on the grounds of a specific policy provision, condition, or exclusion, without informing the insured of the policy provision, condition, or exclusion on which the denial is based;

- (2) denying a claim without having made a reasonable investigation of the claim;
- (3) denying a liability claim because the insured has requested that the claim be denied;
- (4) denying a liability claim because the insured has failed or refused to report the claim, unless an independent evaluation of available information indicates there is no liability;
- (5) denying a claim without including the following information:
  - (i) the basis for the denial;
  - (ii) the name, address, and telephone number of the insurer's claim service office or the claim representative of the insurer to whom the insured or claimant may take any questions or complaints about the denial; and
  - (iii) the claim number and the policy number of the insured;
- (6) denying a claim because the insured or claimant failed to exhibit the damaged property unless:
  - (i) the insurer, within a reasonable time period, made a written demand upon the insured or claimant to exhibit the property; and
  - (ii) the demand was reasonable under the circumstances in which it was made;
- (7) denying a claim by an insured or claimant based on the evaluation of a chemical dependency claim reviewer selected by the insurer unless the reviewer meets the qualifications specified under subdivision 8a. An insurer that selects chemical dependency reviewers to conduct claim evaluations must annually file with the commissioner of commerce a report containing the specific evaluation standards and criteria used in these evaluations. The report must be filed at the same time its annual statement is submitted under section 60A.13. The report must also include the number of evaluations performed on behalf of the insurer during the reporting period, the types of evaluations performed, the results, the number of appeals of denials based on these evaluations, the results of these appeals, and the number of complaints filed in a court of competent jurisdiction;
- (8) denying a claim arising from a fire loss without informing the insured of the right to file a complaint with the department of commerce and the address of the department.

(1) the competitor can obtain substantially equivalent services, service elements, or network functions within the relevant market or geographic area on reasonably comparable terms and conditions through self-provision or from a provider other than the telephone company; or

~~Subd. 5. ~~Subd. 8. [RULES.] (a) Before August 1, 1997, the commission shall adopt rules applicable to all telephone companies and telecommunications carriers required to obtain or having obtained a certificate for provision of telephone service using any existing federal standards as minimum standards and incorporating any additional standards or requirements necessary to ensure the provision of high quality telephone services throughout the state. The rules must, at a minimum:~~

- ~~(1) define procedures for competitive entry and exit;~~
- ~~(2) require the provisions of equal access and interconnection with the company's network and~~

other features, functions, and services which the commission considers necessary to promote fair and reasonable competition;

(3) require unbundling of network services and functions to at least the level required by existing federal standards;

(4) prescribe, if necessary, methods of reciprocal compensation between telephone companies;

Subd. 9. [UNIVERSAL SERVICE FUND.] The commission shall establish and require contributions to a universal service fund, to be supported by all providers of telephone services, whether or not they are telephone companies under section 237.01, including, but not limited to, local telephone companies, independent telephone companies, cooperative telephone companies, municipal telephone companies, telecommunications carriers, radio common carriers, personal communication service providers, and cellular carriers. Services that should be considered for inclusion as universal include, at a minimum, single-party service with touch-tone capability, line quality capable of carrying facsimile and data transmissions, equal access, emergency services number capability, statewide telecommunications relay service for the hearing-impaired, and blocking of long-distance toll services. The fund must be administered and distributed in accordance with rules adopted by the commission and designed to preserve the availability of universal service throughout the state. Any state universal service fund must be coordinated with any federal universal service fund. The department shall make recommendations to the legislature by January 1, 1996, regarding a plan for contributions to and expenditures from the universal service fund. In particular, the department shall address the following issues:

(1) what additional services should be included in the basic set of essential telephone services which the state should encourage in its mandate to ensure universal service;

(2) whether and how expenditures from the fund should be used to ensure citizens access to local government and other public access programming; and

(3) whether expenditures from the fund should be used to encourage construction of infrastructure for, and access to, advanced services, especially in high-cost areas of the state, and, if the commission determines the fund should be used for this purpose, a plan to accomplish these goals.

Subd. 10. [INTERIM AUTHORITY.] (a) Before adopting the rules required under subdivision 8, the commission shall grant an applicant a certificate to provide a proposed local telephone service when the commission finds that the applicant meets the conditions of subdivision 1. Any applicant for a certificate pursuant to subdivision 1 shall, at the time its application is filed, provide notice of its application to all local telephone companies authorized to provide local exchange service in the geographic area identified in the application. The applicant and telephone companies shall negotiate a temporary arrangement pertaining to interconnection matters for the

effective interconnection of local exchange networks, pending the adoption of the rules under subdivision 8. If the applicant and the telephone companies fail to reach agreement within 60 days of filing the application, the commission shall set the terms of the temporary arrangement at the time of the issuance of the certificate.

(b) Any company previously certified to provide local telephone services may request a temporary arrangement for the effective interconnection with the local exchange network of another telephone company in the same territory, pursuant to the time frames and procedures of this subdivision.

(c) In addition, through and until the rules are adopted under subdivision 8, each telephone company serving more than 50,000 access lines in the state shall:

(1) permit interconnection or discontinue interconnection for intrastate services to the same extent and in the same manner and time frame as the Federal Communications Commission requires interconnection or permits discontinuance of interconnection for interstate services; and

(2) unbundle its intrastate services and facilities used for intrastate services to the same extent and in the same manner as the Federal Communications Commission requires unbundling for interstate purposes.

Subd. 11. [INTERIM AUTHORITY IN AREAS SERVED BY TELEPHONE COMPANIES WITH LESS THAN 50,000 SUBSCRIBERS.] (a) Before adopting the rules required under subdivision 8 for telephone companies with less than 50,000 subscribers, when an applicant requests certification to provide local telephone service in an area served by a telephone company with less than 50,000 subscribers originally certified to provide local telephone service before January 1, 1988, the commission shall grant the application if it finds the applicant meets the requirements of subdivision 1. The commission shall make its determination on the application, including whether to provide a temporary arrangement for the effective interconnection of the local exchange networks, after a hearing under chapter 14 or expedited proceeding under section 237.61, within nine months of the application, and considering any facts unique to that telephone company. In addition, if an application is granted, that telephone company shall:

(1) permit interconnection or discontinue interconnection for intrastate services to the same extent and in the same manner and time frame as the Federal Communications Commission may thereafter require for that small telephone company for interstate purposes.

(2) unbundle its intrastate services and facilities used for intrastate services to the same extent and in the same manner as the Federal Communications Commission may thereafter require for that telephone company for interstate purposes.

(b) If a telephone company with less than 50,000 subscribers is authorized by the Federal Communications Commission to provide video common carrier services before the rules required under subdivision 8 are adopted, an application under this subdivision for certification to provide local telephone service in an area served by that telephone company shall be determined within 120 days of its filing.

Subd. 12. [EXTENSION OF INTEREXCHANGE FACILITIES.] In order to promote the development of competitive interexchange services and facilities, any interexchange facility that is owned by a certified telephone company, independent telephone company, telecommunications carrier or an affiliate and that is used to provide service to customers located in areas for which it has been previously certified to provide service may be extended to meet and interconnect with the facility of another telephone company, small telephone company, or telecommunications carrier, whether at a point inside or outside of its territories, without further proceeding, order, or determination of current or future public convenience and necessity, upon mutual consent with the other telephone company, small telephone company, or telecommunications carrier whose facilities will be met and interconnected. Written notice of the extension and interconnection must be provided to the public utilities commission and department of public safety within 30 days after completion. The written notice must be served on all local exchange companies certified before January 1, 1988, in all areas where the facilities are located.

Subd. 13. [APPLICATION OF OTHER LAW.] Notwithstanding any provisions of sections

237.035 and 237.74 to the contrary, before adopting the rules under subdivision 8, the local services provided by a telecommunications carrier are subject to this chapter in the same manner as those local services of a telephone company regulated under this chapter, except that the telecommunications carrier is not subject to section 237.22 and is not subject to rate-of-return regulation or earnings investigations under section 237.075 or 237.081. Before offering a local telephone service a telecommunications carrier must be certified to provide local service under this section.

Sec. 6. Minnesota Statutes 1994, section 237.461, subdivision 2, is amended to read:

Subd. 2. [CIVIL PENALTY.] A person who knowingly and intentionally violates a provision of this chapter or rule or order of the commission adopted under this chapter shall forfeit and pay to the state a penalty, in an amount to be determined by the court, of at least \$100 and not more than ~~\$1,000~~ \$5,000 for each day of each violation. The civil penalties provided for in this section may be recovered by a civil action brought by the attorney general in the name of the state. Amounts recovered under this section must be paid into the state treasury.

Sec. 7. [237.76] [PURPOSE.]

A telephone company may petition the commission for approval of an alternative regulation plan under sections 237.76 to 237.774. The purpose of an alternative regulation plan is to provide a telephone company's customers with service of a quality consistent with commission rules at affordable rates, to facilitate the development of telecommunication alternatives for customers, and to provide, where appropriate, a regulatory environment with greater flexibility than is available under traditional rate-of-return regulation as reflected in other provisions of this chapter.

Sec. 8. [237.761] [ALTERNATIVE REGULATION PLAN; SERVICES.]

Subdivision 1. [CLASSIFICATION OF SERVICES.] An alternative regulation plan must contain provisions that provide for classification of all telephone services as price regulated, flexibly priced, or nonprice regulated consistent with subdivisions 2 to 5.

Subd. 2. [PRICE-REGULATED SERVICE; DEFINITION.] For purposes of this section, the term "price-regulated service" includes only those services that are:

- (1) essential for providing local telephone service and access to the local telephone network;
- (2) integrally related to privacy, health, and safety of the company's customers; and
- (3) for which no reasonable alternative exists within the relevant market or geographic area on reasonably comparable terms and conditions.

Subd. 3. [SPECIFIC PRICE-REGULATED SERVICES.] Price-regulated telephone services are the following:

- (1) residential and business service for local calling, including measured local service, two-party service, private branch exchange (PBX) trunks, trunk type hunting services, direct inward dialing, the network access portion of central office switched exchange service, and public access lines for customer-owned coin-operated telephones;
- (2) extended area service;
- (3) switched network access service;
- (4) call tracing;
- (5) calling number blocking;
- (6) touch tone service when provided separately from basic local exchange service;
- (7) local exchange, white-page, printed directories;
- (8) 911 emergency services;

- (9) installation and repair of local network access;
- (10) local operator services, excluding directory assistance; and
- (11) toll service blocking and 1-900 or 976 access blocking.

Subd. 4. [FLEXIBLY PRICED SERVICES.] (a) A service not listed in subdivision 3 or not otherwise determined to be price regulated under subdivision 6 or 7 or nonprice regulated must be classified as a flexibly priced service.

(b) Flexibly priced services are regulated consistent with section 237.60, subdivision 2, except that:

(1) rate decreases may be effective immediately upon filing and are considered approved if no objection is filed or raised by an interested party or the commission within ten days after the filing; and

(2) rate increases may be effective 20 days after filing and are considered approved if no objection is filed or raised by an interested party or the commission within 20 days after the filing.

Subd. 5. [NON-PRICE-REGULATED SERVICES.] (a) A service must be classified as nonprice regulated if the commission finds, based upon evidence filed by the telephone company and other evidence available to the commission and consistent with the company's proposed plan, that there is sufficient competition to justify classification as nonprice regulated. In making that determination, the factors the commission shall consider include:

(1) the number, size, and identity of competitors providing the same or functionally equivalent service;

(2) the geographic area in which competitive service is actually available to and being used by customers, to the extent this information is available to the commission;

(3) the importance of the service to the public; and

(4) the effect of classification of the service on the development of a competitive telecommunications market.

(b) Telephone companies shall file tariffs or price lists for non-price-regulated services with the commission, but the rates for these services are not subject to commission approval or investigation except as provided in subdivision 6 and sections 237.762, subdivision 6, 237.770, and 237.771.

Subd. 6. [RECLASSIFICATION.] An alternative regulation plan may contain provisions allowing for the reclassification of services during the course of the plan upon a showing that the service meets the criteria contained in subdivision 2, 3, 4, or 5, and the plan, for the requested classification.

Subd. 7. [NEW SERVICES; CLASSIFICATION; RATES.] At the time the company first offers a service, it shall file a tariff or price list and the proposed classification for the service under the plan along with a written explanation of why the proposed classification is consistent with this section. New services classified as flexibly priced or nonprice regulated may be offered on one day's notice to the commission and the department. New services classified as price regulated may be offered pursuant to the terms set forth in the plan. A service is not considered a new service if it consists of a repackaging including bundling, unbundling, or repricing of an already existing service. If no interested party or the commission objects to the company's proposed classification within 30 days of the filing of the petition, the company's proposed classification of the service is approved. If an objection is filed, the commission shall determine the classification of the service within 90 days of the filing of the new service.

Sec. 9. [237.762] [RATES; PRICES.]

Subdivision 1. [INITIAL RATES.] As part of its evaluation of an alternative regulation plan, the commission shall determine whether the telephone company's existing service substantially

complies with commission rules and if its rates and rate design are appropriate in light of the proposed plan or whether changes should be made before the plan is implemented or phased in during the course of the plan. An alternative regulation plan approved by the commission under this section must provide that the recurring and nonrecurring rates or prices that may be charged by a telephone company for price-regulated services are no higher than the approved rate or prices on file with the commission for those services on the date of the filing of the plan. Furthermore, no plan may in any way change the terms or conditions of any access charge settlements approved by the commission or exempt any company from compliance with any commission access charge order issued before the filing of a plan. The plan must address implementation of additional access charge reductions that may occur during that portion of the plan that extends beyond expiration of commission-approved settlements.

Subd. 2. [NEW SERVICE; RATES.] For services offered by the telephone company for the first time after August 1, 1995, the rates or prices must equal or exceed the total service long-run incremental cost of the service.

Subd. 3. [RATE CHANGES.] (a) An alternative regulation plan must set forth the procedures under which the telephone company may reduce the rates or prices for price-regulated services below the initial rates or prices or thereafter increase the rates or prices during the term of the plan. The rates or prices may not be reduced below the total service long-run incremental cost of providing the service. The rates or prices may not exceed the initial rates or prices for the service determined under subdivision 1 for the first three years of the plan. After a plan has been in effect for three years, price-regulated rates may be changed as appropriate under a procedure set forth in an approved plan. Rates for price-regulated services may not be increased unless the company has demonstrated substantial compliance with the quality of service standards set forth in the plan.

(b) An approved plan may allow changes in rates for price-regulated services after three years to reflect:

(1) substantial financial impacts of government mandates to construct specific telephone infrastructure and increases or decreases in state and federal taxes, if the mandate applies to local telephone companies and the company would not otherwise be compensated through some other manner under the plan; and

(2) changes in jurisdictional allocations from the Federal Communications Commission, the amount of which the telephone company cannot control and for which equal and opposite exogenous changes are made on the federal level.

Subd. 4. [BUNDLED RATES.] When the rates or prices for services are unbundled, the price for each basic network function must be set to equal or exceed its total service long-run incremental cost. Before August 1, 1997, if the rates or prices for price-regulated services are bundled, the bundled rate or price may not exceed the sum of the unbundled rates or prices for the individual service elements or services or the total initial bundled rate or price for those service elements or services.

Subd. 5. [INCOME-NEUTRAL CHANGES.] Other than as authorized in this subdivision, an alternative regulation plan must not permit income-neutral rate changes for price-regulated services during the plan except as is necessary to implement extended area service or any successor to that service. Any plan must provide that after the rules issued pursuant to section 237.16 are adopted, rates for price-regulated services may be increased, as approved by the commission, to the extent necessary to carry out the purpose of those rules. However, rate increases, if any, for those services must be incorporated with a universal service fund so that the effective rate for the customers of those services does not increase during the first three years of the plan.

Subd. 6. [RATES FOR OTHER SERVICES.] The telephone company shall file price lists with the commission for all flexibly priced or non-price-regulated services. The rate or price for each flexibly priced and non-price-regulated service must be equal to or exceed the total service long-run incremental cost of providing that service. In any proceeding regarding the appropriateness of a rate or price for a flexibly priced or non-price-regulated service, the telephone company has the burden of proving that the rate or price is above the total service long-run incremental cost of providing that service.

**Sec. 10. [237.763] [EXEMPTION FROM RATE-OF-RETURN REGULATION AND RATE INVESTIGATIONS.]**

Except as provided in the plan and any subsequent plans, a company that has an alternative regulation plan approved under section 237.764, is not subject to the rate-of-return regulation or earnings investigations provisions of section 237.075 or 237.081 during the term of the plan. A company with an approved plan is not subject to the provisions of section 237.57; 237.58; 237.59; 237.60, subdivisions 1, 2, 4, and 5; 237.62; 237.625; 237.63; or 237.65, during the term of the plan. Except as specifically provided in this section or in the approved plan, the commission retains all of its authority under section 237.081 to investigate other matters and to issue appropriate orders, and the department retains its authority under sections 216A.07 and 237.15 to investigate matters other than the earnings of the company.

**Sec. 11. [237.764] [PLAN ADOPTION; EFFECT.]**

Subdivision 1. [PETITION, NOTICE, HEARING, AND DECISION.] (a) Before acting on a petition for approval of an alternative regulation plan, the commission shall conduct any public meetings it may consider necessary.

(b) The commission shall require the petitioning telephone company to provide notice of the proposed plan to its customers, along with a summary description of the plan provisions and the dates, times, and locations of public meetings scheduled by the commission.

(c) The company's petition shall contain an explanation of how ratepayers will benefit from the plan and a justification of the appropriateness of earnings levels and rates in light of the proposed plan as well as any proposed changes in rates for price-regulated services for the first three years of the proposed plan. If a telephone company has completed a general rate proceeding, rate investigation, or audit of its earnings by the department or commission within two years of the initial application for an alternative form of regulation plan, the commission order or department audit report, updated for the most recent calendar year, is sufficient justification of earnings levels to initiate the filing of an alternative regulation plan.

(d) The commission shall conduct a proceeding under section 237.61 to decide whether to approve the plan and shall grant discovery as appropriate.

(e) The commission shall issue findings of fact and conclusions concerning the appropriateness of the proposed initial rates and the proposed plan, or any modifications to it, but may not order that a modified plan take effect without the agreement of the petitioning telephone company. The commission shall issue its decision on a plan within six months after receiving the petition to approve the plan unless the commission and the petitioning company agree to an extension of the time for commission action.

(f) If a settlement is submitted to the commission, the commission shall accept, reject, or modify the proposed settlement within 60 days from the date it was submitted.

Subd. 2. [SETTLEMENT; STIPULATION; FINAL ORDER.] Upon receipt of a petition for an alternative regulation plan, the commission shall convene a conference including all interested parties to encourage settlement or stipulation of issues. Any settlement or stipulation must be submitted to the commission, which shall accept or reject the proposal in its entirety or modify it. If the commission modifies the proposal, all parties have 30 days to comment on the proposed modifications, after which the commission shall issue its final order. If the final order contains modifications to the proposal, each party to the settlement has ten days to reject the proposed modifications, in which case the matter must be decided under section 237.61. After appropriate notice and hearing for all parties, the commission may adopt a stipulation submitted by a substantial number of, but less than all, parties.

Subd. 3. [EFFECT ON INCENTIVE PLAN.] The approval of a plan under this section automatically terminates any existing incentive plan previously approved under section 237.625 upon the effective date of the plan approved under this section, provided, however, the company remains obligated to share earnings under the terms of the incentive plan through the date of the termination of that plan and also is required to complete the performance of any other unexecuted commitments under the incentive plan.

Sec. 12. [237.765] [QUALITY OF SERVICE.]

For an alternative regulation plan to be approved by the commission under sections 237.76 to 237.774, the plan must contain and the commission shall require:

(1) evidence that current service quality substantially complies with commission rules as to justify lessened rate regulation;

(2) a baseline measurement of the quality of service levels as achieved by the company during the previous three years, to the extent the data are available, and specific statewide standards for measuring the quality of price-regulated and flexibly priced services provided by the company, including, but not limited to (i) time intervals for installation, (ii) time intervals for restoration or repair of service, (iii) trouble rates, (iv) exchange access line held orders, and (v) customer service answer time;

(3) provisions for reporting to the commission at least annually the company's performance as to the quality of service standards by quarter for the previous year;

(4) provisions that index quality of service standards for local residence services to similar standards for local business services;

(5) appropriate remedies, including penalties and customer-specific adjustments or payments to compensate customers for specific quality of service failures, so as to ensure substantial compliance with the quality of service standards set forth in the plan; and

(6) provisions for informing customers of their rights as to quality of service and how customers can register their complaints regarding service.

Any penalties under clause (5) may be paid into a universal service fund or returned to customers under a method set forth in the plan.

Sec. 13. [237.766] [PLAN DURATION.]

An alternative regulation plan approved by the commission under section 237.764 must remain in force as approved for the term specified in the plan, which must be for no less than four years. Within six months prior to the termination of the plan, the plan must be reviewed by the commission and, with the consent of the company, revised or renewed consistent with sections 237.76 to 237.774, after notice to and comment by all interested parties. The plan must specify the reports required of the telephone company for review of the plan and specify that the telephone company shall maintain records in sufficient detail to facilitate the review.

Sec. 14. [237.767] [DISCONTINUANCE OF SERVICE.]

Without the express approval of the commission, a telephone company subject to a plan may not discontinue the provision of a service or basic network function that has been classified as price regulated or flexibly priced.

Sec. 15. [237.768] [PERIODIC FINANCIAL REPORTS.]

In addition to the reports required under section 237.766, an alternative regulation plan may require a telephone company to file with the department an annual report of financial matters for the previous calendar year on or before May 1 of each year on report forms furnished by the department of public service in the same manner as is required of other telephone companies on August 1, 1995. In addition, any company subject to a plan shall file with the commission and department a copy of any filings it has made to the Federal Communications Commission regarding the provisions of video programming provided through a video dial tone facility in Minnesota. An alternative regulation plan may require a telephone company to maintain its accounts in accordance with the system of accounts prescribed for the company by the commission under section 237.10.

Sec. 16. [237.769] [UNBUNDLING AND INTERCONNECTION.]

Every plan must contain, and the commission shall approve, rates for and procedures under

which the telephone company will, on or before the effective date of the plan, permit interconnection with and unbundle its intrastate services and facilities to the same extent and in the same manner as the Federal Communications Commission requires the interconnection and unbundling for interstate purposes for that company. Any company under a plan is subject to any rules adopted under section 237.16 on the same date as those rules are applicable to other companies.

Sec. 17. [237.770] [SUBSIDIZATION.]

No telephone company shall subsidize flexibly priced or non-price-regulated services from other services. A telephone service is not subsidized if the aggregate revenues for the service equal or exceed the total service long-run incremental costs of providing the service. If the commission determines, after a proceeding under section 237.081, that subsidization exists, it shall order changes in rates to price the subsidized service above total service long-run incremental cost and may invoke any other remedies otherwise available under this chapter.

Sec. 18. [237.771] [DISCRIMINATION.]

The rates of a telephone company under a plan must be the same in all geographic locations of the state except for good cause. A plan may contain provisions that define good cause, including consideration of the ability to respond to competition. Sections 237.09 and 237.121 apply to a telephone company under a plan.

Sec. 19. [237.772] [COST STUDY METHODOLOGY.]

Subdivision 1. [TOTAL SERVICE LONG-RUN INCREMENTAL COST.] (a) For purposes of this chapter, total service long-run incremental cost (TSLRIC) means the total cost to the company of supplying a service, group of services, or basic network function. The term "long-run" means a period of time sufficient so that all inputs are avoidable based on the total increment of service, group of services, or basic network function and includes the relevant costs resulting from the company's decision to provide the service, group of services, or basic network function, holding constant the production levels of all other services, groups of services, or basic network functions provided by the company.

(b) A telephone company is not required to prepare or file TSLRIC or variable cost studies for all of its services as a prerequisite to filing a plan. However, the commission may order cost studies to be prepared for specific services as a condition of approval of the plan.

Subd. 2. [PETITION FOR VARIABLE COST STUDY.] To the extent that this section or the commission may require a company to provide a TSLRIC study, a company may submit a petition to the commission for permission to submit a variable cost study instead of a TSLRIC study. The commission shall grant the petition if the telephone company demonstrates:

(1) that a TSLRIC study is burdensome in relation to its annual revenue from the service involved;

(2) in the case of an existing service, that the service is no longer being offered to new customers; or

(3) if the telephone company shows other good cause.

Sec. 20. [237.773] [ALTERNATIVE REGULATION FOR SMALL TELEPHONE COMPANIES.]

Subdivision 1. [DEFINITION.] For purposes of this section, "small telephone company" means a local exchange telephone company with fewer than 50,000 subscribers that has made an election under subdivision 2 whether or not the company is subject to sections 237.58, 237.59, 237.60, subdivisions 1, 2, and 5, 237.62, and 237.625.

Subd. 2. [ELECTION; EFFECT.] A local telephone company with fewer than 50,000 subscribers may elect to become a small telephone company by notice to the commission, in writing, of its decision. The small telephone company may not revoke its election for three years after making the election. While that election remains in effect, a small telephone company is not

subject to the rate-of-return regulation or earnings investigation provisions of section 237.075 or 237.081.

If, before electing under this subdivision, a small telephone company has been found by the commission to have significant quality of service problems in violation of applicable commission rules, that company must either resolve the quality of service problems or develop a plan to resolve the quality of service problems in conformance with section 237.765. The quality of service plan must be approved by the commission in order for an election under this subdivision to be effective. The commission shall make a determination on the quality of service plan within 60 days after it is submitted.

Subd. 3. [LOCAL RATES.] (a) Except as provided in paragraph (b), a small telephone company shall not implement a rate increase for any service listed in section 237.761, subdivision 3, beyond the level in effect 60 days prior to an election under subdivision 2, until the later of January 1, 1998, or two years after making an election. However, a small telephone company may implement any new service and establish rates for any new service and may change rates for any other service at any time subject to the requirements of section 237.761, subdivision 4.

A small company shall provide to its customers the ability to block, at no extra charge, any new service which it offers, provides, or bills. This requirement shall not apply to services that require affirmative subscription by the customer. Nothing in this section shall prevent the commission from requiring blocking or other privacy or safety protections for other types of telecommunications services under section 237.081.

(b) At any time following one year after electing under subdivision 2, a small telephone company may change rates for local services except switched network access services, listed in section 237.761, subdivision 3, to reflect:

(1) changes in state and federal taxes;

(2) changes in jurisdictional allocations from the Federal Communications Commission, the amount of which the small telephone company cannot control and for which equal and opposite exogenous changes are made on the federal level;

(3) substantial financial impacts of investments in network upgrades which are made; or

(i) if the investment exceeds 20 percent of the gross plant investment of the company; or

(ii) as the result of government mandates to construct specific telephone infrastructure, if the mandate applies to local telephone companies and the company would not otherwise be compensated.

A small telephone company may change rates for local services listed in section 237.761, subdivision 3, at any time, to implement extended area service or any successor to that service on an income neutral basis.

A small telephone company proposing an increase under this subdivision, shall provide 60 days' advance written notice to the department and each of the company's customers including the individual rates affected and the procedure necessary for the customers to petition for investigation. If the department receives a petition within 45 days after the notice from five percent or 500, whichever is fewer, of the customers of the small telephone company, the department shall determine if the petition is valid and, if so, may investigate the rate change to determine if it conforms to the limitations of this subdivision. The department shall report its findings to the commission, which shall either adopt the report or order changes to conform to this subdivision.

(c) On or after the later of January 1998, or two years after making an election under subdivision 2, a small telephone company may increase rates for local services, except switched network access services, listed in section 237.761, subdivision 3.

A small telephone company proposing an increase shall provide 60 days' advance written notice to its customers including individual rates affected and the procedure necessary for the customers to petition for investigation. If the commission receives a petition within 45 days after

such notice, from five percent or 500, whichever is fewer, of the customers of the small telephone company, the department shall determine if the petition is valid and, if so, may investigate the proposed rate increase to determine if it is appropriate in light of rates charged by other local exchange telephone companies for comparable services, taking into account calling scope, quality of service, the availability of competitive alternatives, service costs, and the features available to the customers. The department shall file a report with the commission which shall then approve appropriate rates for those services. Rates established by the commission under this paragraph shall not be increased within one year of implementation.

Subd. 4. [ACCESS RATES.] (a) No election by a small telephone company may in any way change the terms or conditions of any interexchange access charge settlements approved by the commission before an election under subdivision 2.

(b) While any interexchange access charge settlement approved by the commission remains in effect, the commission and department shall enforce the agreement without further investigation of interexchange access charges or earnings relating to the interexchange access service. Except as specifically provided in this section, the commission retains all of its authority under section 237.081 to investigate other matters relating to interexchange access charges and to issue appropriate orders, and the department retains its authority under sections 216A.07 and 237.15 to investigate matters relating to interexchange access charges.

Subd. 5. [DEPRECIATION.] While an election under subdivision 2 is in effect, the company shall be subject to complaints by the department or others concerning its depreciation rates and practices pursuant to section 237.081, subdivision 1a, and shall submit to the department the information required by Minnesota Rules, parts 7810.7700 and 7810.7800, but shall not otherwise be subject to section 237.22 or the certification procedures of Minnesota Rules, part 7810.7000.

**Sec. 21. [237.774] [OTHER LAWS.]**

Except as provided in sections 237.76 to 237.773, a telephone company subject to a plan approved under sections 237.764 and 237.773, shall comply with any state or federal laws governing the provision of telephone services. Nothing contained in sections 237.76 to 237.773 is intended in any way to change or modify the definitions contained in section 237.01 or what constitutes the provision of telephone service under this chapter or other laws.

**Sec. 22. [PUBLIC ACCESS.]**

The department shall investigate how to ensure citizen access to local government and other public access programming on emerging communication technologies such as video dial-tone and satellite transmission equivalent to that required of cable franchise operators pursuant to Minnesota Statutes, chapter 238, and the alternatives available to the state to ensure that access.

The department shall make recommendations to the legislature by January 1, 1996, concerning public access.

**Sec. 23. [EFFECTIVE DATE; EXPIRATION.]**

"Sec. 2. Minnesota Statutes 1994, section 62J.04, subdivision 1a, is amended to read:

Subd. 1a. [ADJUSTED GROWTH LIMITS AND ENFORCEMENT.] (a) The commissioner shall publish the final adjusted growth limit in the State Register by January 31 of the year that the expenditure limit is to be in effect. The adjusted limit must reflect the actual regional consumer price index for urban consumers for the previous calendar year, and may deviate from the previously published projected growth limits to reflect differences between the actual regional consumer price index for urban consumers and the projected Consumer Price Index for urban consumers. The commissioner shall report to the legislature by February 15 of each year on differences between the projected increase in health care expenditures, the actual expenditures based on data collected, and the impact and validity of growth limits within the overall health care reform strategy.

(b) The commissioner shall enforce limits on growth in spending ~~and revenues for integrated service networks and for the regulated all-payer option health plan companies and revenues for providers.~~ If the commissioner determines that artificial inflation or padding of costs or prices has occurred in anticipation of the implementation of growth limits, the commissioner may adjust the base year spending totals or growth limits or take other action to reverse the effect of the artificial inflation or padding.

(c) The commissioner shall impose and enforce overall limits on growth in ~~revenues and~~

spending for ~~integrated service networks~~ health plan companies, with adjustments for changes in enrollment, benefits, severity, and risks. ~~If an integrated service network a health plan company exceeds the growth limits, the commissioner may reduce future limits on growth in aggregate premium revenues expenses for that integrated service network health plan company by up to the amount overspent. If the integrated service network system health plan company exceeds a systemwide spending limit, the commissioner may reduce future limits on growth in premium revenues expenses for the integrated service network system health plan company by up to the amount overspent.~~

~~(d) The commissioner shall set prices, utilization controls, and other requirements for the regulated all-payer option to ensure that the overall costs of this system, after adjusting for changes in population, severity, and risk, do not exceed the growth limits. If growth limits for a calendar year are exceeded, the commissioner may reduce reimbursement rates or otherwise recoup amounts exceeding the limit for all or part of the next calendar year. To the extent possible, the commissioner may reduce reimbursement rates or otherwise recoup amounts over the limit from individual providers who exceed the growth limits.~~

~~(e) The commissioner, in consultation with the Minnesota health care commission, shall research and make recommendations to the legislature regarding the implementation of growth limits for integrated service networks and the regulated all-payer option health plan companies and providers. The commissioner must consider both spending and revenue approaches and will report on the implementation of the interim limits as defined in sections 62P.04 and 62P.05. The commissioner must examine and make recommendations on the use of annual update factors based on volume performance standards as a mechanism for achieving controls on spending in the all-payer option. The commissioner must make recommendations regarding the enforcement mechanism and must consider mechanisms to adjust future growth limits as well as mechanisms to establish financial penalties for noncompliance. The commissioner must also address the feasibility of systemwide limits imposed on all integrated service networks health plan companies.~~

~~(e) The commissioner, in consultation with the health care commission, shall make recommendations and report to the legislature by December 30, 1995, on the most effective way to implement growth limits on the fee-for-service system, in the absence of a regulated all-payer system.~~

~~(f) The commissioner shall report to the legislative commission on health care access by December 1, 1994, on trends in aggregate spending and premium revenue for health plan companies. The commissioner shall use data submitted under section 62P.04 and other available data to complete this report.~~

- ~~(6) (5) by consumers in making decisions about treatment;~~
- ~~(7) (6) by medical device manufacturers in developing and marketing new technologies; and~~
- ~~(8) (7) as otherwise needed by health care providers, health care plans, consumers, and purchasers.~~

(b) At the request of the commissioner, the health care commission, in consultation with the health technology advisory committee, shall submit specific recommendations relating to technologies that have been evaluated under this section for purposes of retrospective and prospective review of major expenditures and coverage, contracting, purchasing, and reimbursement decisions affecting state programs ~~and the all-payer option.~~

Sec. 11. Minnesota Statutes 1994, section 62M.07, is amended to read:

**62M.07 [PRIOR AUTHORIZATION OF SERVICES.]**

(a) Utilization review organizations conducting prior authorization of services must have written standards that meet at a minimum the following requirements:

(1) written procedures and criteria used to determine whether care is appropriate, reasonable, or medically necessary;

(2) a system for providing prompt notification of its determinations to enrollees and providers and for notifying the provider, enrollee, or enrollee's designee of appeal procedures under clause (4);

(3) compliance with section 72A.201, subdivision 4a, regarding time frames for approving and disapproving prior authorization requests;

(4) written procedures for appeals of denials of prior authorization which specify the responsibilities of the enrollee and provider, and which meet the requirements of section 72A.285, regarding release of summary review findings; and

(5) procedures to ensure confidentiality of patient-specific information, consistent with applicable law; and

(6) a system for making determinations, and notifying providers and enrollees of these determinations, during weekends to allow access for determination.

(b) No utilization review organization, health plan company, or claims administrator may conduct or require prior authorization of emergency confinement or emergency treatment. The enrollee or the enrollee's authorized representative may be required to notify the health plan company, claims administrator, or utilization review organization as soon after the beginning of the emergency confinement or emergency treatment as reasonably possible.

Sec. 12. Minnesota Statutes 1994, section 62M.09, subdivision 5, is amended to read:

Subd. 5. [WRITTEN CLINICAL CRITERIA.] A utilization review organization's decisions must be supported by written clinical criteria and review procedures, based on improved patient care or proven patient outcomes. Clinical criteria and review procedures must be established with appropriate involvement from actively practicing physicians. A utilization review organization must use written clinical criteria, as required, for determining the appropriateness of the certification request. The utilization review organization must have a procedure for ensuring, at a minimum, the periodic annual evaluation and updating of the written criteria based on sound clinical principles.

Sec. 13. Minnesota Statutes 1994, section 62M.10, is amended by adding a subdivision to read:

Subd. 7. [AVAILABILITY OF CRITERIA.] Upon request, a utilization review organization shall provide to an enrollee or to an attending physician or provider the criteria used for a specific procedure to determine the necessity, appropriateness, and efficacy of that procedure and identify the database, professional treatment guideline, or other basis for the criteria.

Sec. 14. Minnesota Statutes 1994, section 62P.05, subdivision 4, is amended to read:

Subd. 4. [MONITORING AND ENFORCEMENT.] Health care providers shall submit to the commissioner of health, in the form and at the times required by the commissioner, all information the commissioner determines to be necessary to implement and enforce this section. The commissioner shall regularly audit all health clinics employing or contracting with over 100 physicians. The commissioner shall also audit, at times and in a manner that does not interfere with delivery of patient care, a sample of smaller clinics and other health care providers. Providers that exceed revenue limits based on two-year average revenue data shall be required by the commissioner to pay back the amount exceeding the revenue limits during the following calendar year.

Pharmacists may adjust their revenue figures for increases in drug product costs that are set by the manufacturer. The commissioner shall consult with pharmacy groups, including pharmacies, wholesalers, drug manufacturers, health plans, and other interested parties, to determine the methodology for measuring and implementing the interim growth limits while taking into account the adjustments for drug product costs.

The commissioner shall monitor providers meeting the growth limits based on their current fees on an annual basis. The fee charged for each service must be based on a weighted average across 12 months and compared to the weighted average for the previous 12-month period. The percentage increase in the average fee from 1993 to 1994, and from 1994 to 1995, ~~from 1995 to 1996, and from 1996 to 1997~~ is subject to the growth limits established under section 62J.04, subdivision 1, paragraph (b). The percentage increase in the average fee from 1995 to 1996, and from 1996 to 1997 is subject to the change in the regional consumer price index for urban consumers for the previous year published in the State Register in January of the year that the growth limit is in effect. The audit process may include a review of the provider's monthly fee schedule, and a random claims analysis for the provider during different parts of the year to monitor variations in fees. The commissioner shall require providers that exceed growth limits, based on annual fees, to pay back during the following calendar year the amount of fees received exceeding the limit.

The commissioner shall notify each provider that has exceeded its revenue or fee limit, at least 30 days before taking action, and shall provide each provider with ten days to provide an explanation for exceeding the revenue or fee limit. The commissioner shall review the explanation and may change a determination if the commissioner determines the explanation to be valid.

The commissioner may approve a different repayment schedule for a health care provider that takes into account the provider's financial condition.

A provider may appeal the commissioner's order to pay back the amount exceeding the revenue or fee limit by mailing a written notice of appeal to the commissioner within 30 days after the commissioner's order was mailed. The contested case and judicial review provisions of chapter 14 apply to the appeal. The provider shall pay the amount specified by the commissioner either to the commissioner or into an escrow account until final resolution of the appeal. Notwithstanding sections 3.762 to 3.765, each party is responsible for its own fees and expenses, including attorneys fees, for the appeal. Any amount required to be paid back under this section shall be deposited in the health care access fund."

(g) If the lead agency does not complete the investigation by the projected completion date, the lead agency shall again notify the vulnerable adult or the vulnerable adult's legal guardian, when known, and the facility, where applicable, of the delay and the revised projected completion date.

(h) The lead agency shall routinely provide investigation memoranda for substantiated reports to the appropriate licensing boards. These reports must include the names of substantiated perpetrators. The lead agency may not provide investigative memoranda for inconclusive or false reports to the appropriate licensing boards unless the lead agency's investigation gives reason to believe that there may have been a violation of the applicable professional practice laws.

(i) In order to avoid duplication, licensing boards shall consider the findings of the lead agency in their investigations if they choose to investigate. This does not preclude licensing boards from considering other information.

(j) The lead agency must provide to the commissioner of human services its final dispositions, including the names of all substantiated perpetrators. The commissioner of human services shall establish records to retain the names of substantiated perpetrators.

Subd. 5d. [INACTIVE VULNERABLE ADULT MALTREATMENT DATA.] Investigative data that becomes inactive under subdivision 5, paragraph (a) or (b), and that relate to the alleged maltreatment of a vulnerable adult by a caregiver or facility are private data on individuals.

Sec. 3. Minnesota Statutes 1994, section 13.82, subdivision 10, is amended to read:

Subd. 10. [PROTECTION OF IDENTITIES.] A law enforcement agency or a law enforcement dispatching agency working under direction of a law enforcement agency may withhold public access to data on individuals to protect the identity of individuals in the following circumstances:

- (a) when access to the data would reveal the identity of an undercover law enforcement officer;
- (b) when access to the data would reveal the identity of a victim of criminal sexual conduct or of a violation of section 617.246, subdivision 2;
- (c) when access to the data would reveal the identity of a paid or unpaid informant being used by the agency if the agency reasonably determines that revealing the identity of the informant would threaten the personal safety of the informant;
- (d) when access to the data would reveal the identity of a victim of or witness to a crime if the victim or witness specifically requests not to be identified publicly, and the agency reasonably determines that revealing the identity of the victim or witness would threaten the personal safety or property of the individual;
- (e) when access to the data would reveal the identity of a deceased person whose body was unlawfully removed from a cemetery in which it was interred;
- (f) when access to the data would reveal the identity of a person who placed a call to a 911 system or the identity or telephone number of a service subscriber whose phone is used to place a call to the 911 system and: (1) the agency determines that revealing the identity may threaten the personal safety or property of any person; or (2) the object of the call is to receive help in a mental health emergency. For the purposes of this paragraph, a voice recording of a call placed to the 911 system is deemed to reveal the identity of the caller; or
- (g) when access to the data would reveal the identity of a juvenile witness and the agency reasonably determines that the subject matter of the investigation justifies protecting the identity of the witness; or
- (h) when access to the data would reveal the identity of a mandated reporter under sections 626.556 and 626.557.

Data concerning individuals whose identities are protected by this subdivision are private data about those individuals. Law enforcement agencies shall establish procedures to acquire the data and make the decisions necessary to protect the identity of individuals described in clauses (d) and (g).

Sec. 4. [144.057] [BACKGROUND STUDIES ON LICENSEES.]

The commissioner shall perform background study activities for hospitals or other entities required to be licensed under sections 144.50 and 144.58; nursing homes required to be licensed to serve adults under section 144A.02; and home care providers licensed or required to be licensed under section 144A.46. The commissioner shall adopt rules to establish procedures for these background study activities that address disqualifications, reconsiderations, and related issues.

Until the rules are adopted, the commissioner shall use the procedures in chapter 245A and Minnesota Rules, parts 9543.3000 to 9543.3090. When the commissioner adopts rules, the standards and procedures must be substantially similar to those found in chapter 245A and Minnesota Rules, parts 9543.3000 to 9543.3090. Background checks carried out under this subdivision satisfy the background check requirements for home health care providers required by section 144A.45.

Sec. 5. Minnesota Statutes 1994, section 245A.04, subdivision 3, is amended to read:

Subd. 3. [STUDY OF THE APPLICANT.] (a) Before the commissioner issues a license, the commissioner shall conduct a study of the individuals specified in clauses (1) to ~~(4)~~ (5) according to rules of the commissioner. The applicant, license holder, the bureau of criminal apprehension, the commissioner of health and county agencies, after written notice to the individual who is the subject of the study, shall help with the study by giving the commissioner criminal conviction data and reports about abuse or neglect of adults in licensed programs substantiated under section 626.557 and the maltreatment of minors in licensed programs substantiated under section 626.556. The individuals to be studied shall include:

- (1) the applicant;
- (2) persons over the age of 13 living in the household where the licensed program will be provided;
- (3) current employees or contractors of the applicant who will have direct contact with persons served by the program; ~~and~~
- (4) volunteers who have direct contact with persons served by the program to provide program services, if the contact is not directly supervised by the individuals listed in clause (1) or (3); and
- (5) any person who, as an individual or as a member of an organization, exclusively offers, provides, or arranges for personal care assistant services under the medical assistance program as authorized under sections 256B.04, subdivision 16, and 256B.0625, subdivision 19.

The juvenile courts shall also help with the study by giving the commissioner existing juvenile court records on individuals described in clause (2) relating to delinquency proceedings held within either the five years immediately preceding the application or the five years immediately preceding the individual's 18th birthday, whichever time period is longer. The commissioner shall destroy juvenile records obtained pursuant to this subdivision when the subject of the records reaches age 23.

For purposes of this subdivision, "direct contact" means providing face-to-face care, training, supervision, counseling, consultation, or medication assistance to persons served by a program. For purposes of this subdivision, "directly supervised" means an individual listed in clause (1) ~~or~~, (3), ~~or~~ (5) is within sight or hearing of a volunteer to the extent that the individual listed in clause (1) ~~or~~, (3), ~~or~~ (5) is capable at all times of intervening to protect the health and safety of the persons served by the program who have direct contact with the volunteer.

A study of an individual in clauses (1) to ~~(4)~~ (5) shall be conducted at least upon application for initial license and reapplication for a license. No applicant, license holder, or individual who is the subject of the study shall pay any fees required to conduct the study.

(b) The individual who is the subject of the study must provide the applicant or license holder with sufficient information to ensure an accurate study including the individual's first, middle, and last name; home address, city, county, and state of residence; zip code; sex; date of birth; and driver's license number. The applicant or license holder shall provide this information about an individual in paragraph (a), clauses (1) to ~~(4)~~ (5), on forms prescribed by the commissioner. The commissioner may request additional information of the individual, which shall be optional for the individual to provide, such as the individual's social security number or race.

(c) Except for child foster care, adult foster care, and family day care homes, a study must include information from the county agency's record of substantiated abuse or neglect of adults in licensed programs, and the maltreatment of minors in licensed programs, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and

information from the bureau of criminal apprehension. For child foster care, adult foster care, and family day care homes, the study must include information from the county agency's record of substantiated abuse or neglect of adults, and the maltreatment of minors, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. The commissioner may also review arrest and investigative information from the bureau of criminal apprehension, the commissioner of health, a county attorney, county sheriff, county agency, local chief of police, other states, the courts, or a national criminal record repository if the commissioner has reasonable cause to believe the information is pertinent to the disqualification of an individual listed in paragraph (a), clauses (1) to (4) (5).

(d) An applicant's or license holder's failure or refusal to cooperate with the commissioner is reasonable cause to deny an application or immediately suspend, suspend, or revoke a license. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the license holder's license to be immediately suspended, suspended, or revoked.

(e) The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

(f) No person in paragraph (a), clause (1), (2), (3), or (4), or (5) who is disqualified as a result of this section may be retained by the agency in a position involving direct contact with persons served by the program.

(g) Termination of persons in paragraph (a), clause (1), (2), (3), or (4), or (5) made in good faith reliance on a notice of disqualification provided by the commissioner shall not subject the applicant or license holder to civil liability.

(h) The commissioner may establish records to fulfill the requirements of this section.

(i) The commissioner may not disqualify an individual subject to a study under this section because that person has, or has had, a mental illness as defined in section 245.462, subdivision 20.

(j) An individual who is subject to an applicant background study under this section and whose disqualification in connection with a license would be subject to the limitations on reconsideration set forth in subdivision 3b, paragraph (c), shall be disqualified for conviction of the crimes specified in the manner specified in subdivision 3b, paragraph (c). The commissioner of human services shall amend Minnesota Rules, part 9543.3070, to conform to this section.

(k) An individual must be disqualified if it has been determined that the individual failed to make required reports under sections 626.556, subdivision 3, or 626.557, subdivision 3, for incidents in which: (1) the final disposition under section 626.556 or 626.557 was substantiated maltreatment, and (2) the maltreatment was recurring or serious as defined in Minnesota Rules, part 9543.3020, subpart 10.

(l) An individual subject to disqualification under this subdivision has the applicable rights in subdivision 3a, 3b, or 3c.

Sec. 6. Minnesota Statutes 1994, section 256.045, subdivision 1, is amended to read:

Subdivision 1. [POWERS OF THE STATE AGENCY.] The commissioner of human services may appoint one or more state human services referees to conduct hearings and recommend orders in accordance with subdivisions 3, 3a, 3b, 4a, and 5. Human services referees designated pursuant to this section may administer oaths and shall be under the control and supervision of the commissioner of human services and shall not be a part of the office of administrative hearings established pursuant to sections 14.48 to 14.56.

Sec. 7. Minnesota Statutes 1994, section 256.045, subdivision 3, is amended to read:

Subd. 3. [STATE AGENCY HEARINGS.] Any person applying for, receiving or having received public assistance or a program of social services granted by the state agency or a county agency under sections 252.32, 256.031 to 256.036, and 256.72 to 256.879, chapters 256B, 256D,

256E, 261, or the federal Food Stamp Act whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid, or any patient or relative aggrieved by an order of the commissioner under section 252.27, or a party aggrieved by a ruling of a prepaid health plan, or any individual or facility determined by a lead agency to have maltreated a vulnerable adult under section 626.557 after they have exercised their right to administrative reconsideration under section 626.557, may contest that action or, decision, or final disposition before the state agency by submitting a written request for a hearing to the state agency within 30 days after receiving written notice of the action or, decision, or final disposition, or within 90 days of such written notice if the applicant, recipient, patient, or relative shows good cause why the request was not submitted within the 30-day time limit.

The hearing for an individual or facility under section 626.557 is the only administrative appeal to the final lead agency disposition specifically, including a challenge to the accuracy and completeness of data under section 13.04.

For purposes of this section, bargaining unit grievance procedures are not an administrative appeal.

Except for a prepaid health plan, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services under section 256E.08, subdivision 4, is not a party and may not request a hearing under this section.

An applicant or recipient is not entitled to receive social services beyond the services included in the amended community social services plan developed under section 256E.081, subdivision 3, if the county agency has met the requirements in section 256E.081.

Sec. 8. Minnesota Statutes 1994, section 256.045, is amended by adding a subdivision to read:

Subd. 3b. [STANDARD OF EVIDENCE FOR MALTREATMENT HEARINGS.] The state human services referee shall determine that maltreatment has occurred if a preponderance of evidence exists to support the final disposition under section 626.557.

The state human services referee shall recommend an order to the commissioner of health or human services, as applicable, who shall issue a final order. The commissioner shall affirm, reverse, or modify the final disposition. Any order of the commissioner issued in accordance with this subdivision is conclusive upon the parties unless appeal is taken in the manner provided in subdivision 7. In any licensing appeal under chapter 245A and sections 144.50 to 144.58 and 144A.02 to 144A.46, the commissioner's findings as to whether maltreatment occurred is conclusive.

Sec. 9. Minnesota Statutes 1994, section 256.045, subdivision 4, is amended to read:

Subd. 4. [CONDUCT OF HEARINGS.] (a) All hearings held pursuant to subdivision 3, 3a, 3b, or 4a shall be conducted according to the provisions of the federal Social Security Act and the regulations implemented in accordance with that act to enable this state to qualify for federal grants-in-aid, and according to the rules and written policies of the commissioner of human services. County agencies shall install equipment necessary to conduct telephone hearings. A state human services referee may schedule a telephone conference hearing when the distance or time required to travel to the county agency offices will cause a delay in the issuance of an order, or to promote efficiency, or at the mutual request of the parties. Hearings may be conducted by telephone conferences unless the applicant, recipient, or former recipient, person, or facility contesting maltreatment objects. The hearing shall not be held earlier than five days after filing of the required notice with the county or state agency. The state human services referee shall notify all interested persons of the time, date, and location of the hearing at least five days before the date of the hearing. Interested persons may be represented by legal counsel or other representative of their choice at the hearing and may appear personally, testify and offer evidence, and examine and cross-examine witnesses. The applicant, recipient, or former recipient, person, or facility contesting maltreatment shall have the opportunity to examine the contents of the case file and all documents and records to be used by the county agency at the hearing at a reasonable time before the date of the hearing and during the hearing. In cases alleging discharge for maltreatment, either party may subpoena the private data relating to the investigation memorandum prepared by the lead agency under section 626.557, provided the name of the reporter may not be disclosed.

(b) The private data must be subject to a protective order which prohibits its disclosure for any other purpose outside the hearing provided for in this section without prior order of the district court. Disclosure without court order is punishable by a sentence of not more than 90 days imprisonment or a fine of not more than \$700, or both. These restrictions on the use of private data do not prohibit access to the data under section 13.03, subdivision 6. Upon request, the county agency shall provide reimbursement for transportation, child care, photocopying, medical assessment, witness fee, and other necessary and reasonable costs incurred by the applicant, recipient, or former recipient in connection with the appeal, except in appeals brought under subdivision 3b. All evidence, except that privileged by law, commonly accepted by reasonable people in the conduct of their affairs as having probative value with respect to the issues shall be submitted at the hearing and such hearing shall not be "a contested case" within the meaning of section 14.02, subdivision 3.

Sec. 10. Minnesota Statutes 1994, section 256.045, subdivision 5, is amended to read:

Subd. 5. [ORDERS OF THE COMMISSIONER OF HUMAN SERVICES.] This subdivision does not apply to appeals under subdivision 3b. A state human services referee shall conduct a hearing on the appeal and shall recommend an order to the commissioner of human services. The recommended order must be based on all relevant evidence and must not be limited to a review of the propriety of the state or county agency's action. A referee may take official notice of adjudicative facts. The commissioner of human services may accept the recommended order of a state human services referee and issue the order to the county agency and the applicant, recipient, former recipient, or prepaid health plan. The commissioner on refusing to accept the recommended order of the state human services referee, shall notify the county agency and the applicant, recipient, former recipient, or prepaid health plan of that fact and shall state reasons therefor and shall allow each party ten days' time to submit additional written argument on the matter. After the expiration of the ten-day period, the commissioner shall issue an order on the matter to the county agency and the applicant, recipient, former recipient, or prepaid health plan.

A party aggrieved by an order of the commissioner may appeal under subdivision 7, or request reconsideration by the commissioner within 30 days after the date the commissioner issues the order. The commissioner may reconsider an order upon request of any party or on the commissioner's own motion. A request for reconsideration does not stay implementation of the commissioner's order. Upon reconsideration, the commissioner may issue an amended order or an order affirming the original order.

Any order of the commissioner issued under this subdivision shall be conclusive upon the parties unless appeal is taken in the manner provided by subdivision 7. Any order of the commissioner is binding on the parties and must be implemented by the state agency or a county agency until the order is reversed by the district court, or unless the commissioner or a district court orders monthly assistance or aid or services paid or provided under subdivision 10.

Except for a prepaid health plan, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services under section 256E.08, subdivision 4, is not a party and may not request a hearing or seek judicial review of an order issued under this section.

Sec. 11. Minnesota Statutes 1994, section 256.045, subdivision 6, is amended to read:

Subd. 6. [ADDITIONAL POWERS OF THE COMMISSIONER; SUBPOENAS.] (a) The commissioner of human services may initiate a review of any action or decision of a county agency and direct that the matter be presented to a state human services referee for a hearing held under subdivision 3, 3a, 3b, or 4a. In all matters dealing with human services committed by law to the discretion of the county agency, the commissioner's judgment may be substituted for that of the county agency. The commissioner may order an independent examination when appropriate.

(b) Any party to a hearing held pursuant to subdivision 3, 3a, 3b, or 4a may request that the commissioner issue a subpoena to compel the attendance of witnesses at the hearing. The issuance, service, and enforcement of subpoenas under this subdivision is governed by section 357.22 and the Minnesota Rules of Civil Procedure.

(c) The commissioner may issue a temporary order staying a proposed demission by a

residential facility licensed under chapter 245A while an appeal by a recipient under subdivision 3 is pending or for the period of time necessary for the county agency to implement the commissioner's order.

Sec. 12. Minnesota Statutes 1994, section 256.045, subdivision 7, is amended to read:

Subd. 7. [JUDICIAL REVIEW.] Any party who is aggrieved by an order of the commissioner of human services may appeal the order to the district court of the county responsible for furnishing assistance, or, in appeals under subdivision 3b, the county where the maltreatment occurred, by serving a written copy of a notice of appeal upon the commissioner and any adverse party of record within 30 days after the date the commissioner issued the order, the amended order, or order affirming the original order, and by filing the original notice and proof of service with the court administrator of the district court. Service may be made personally or by mail; service by mail is complete upon mailing; no filing fee shall be required by the court administrator in appeals taken pursuant to this subdivision, with the exception of appeals taken under subdivision 3b. The commissioner may elect to become a party to the proceedings in the district court. Except for appeals under subdivision 3b, any party may demand that the commissioner furnish all parties to the proceedings with a copy of the decision, and a transcript of any testimony, evidence, or other supporting papers from the hearing held before the human services referee, by serving a written demand upon the commissioner within 30 days after service of the notice of appeal. Any party aggrieved by the failure of an adverse party to obey an order issued by the commissioner under subdivision 5 may compel performance according to the order in the manner prescribed in sections 586.01 to 586.12.

Sec. 13. Minnesota Statutes 1994, section 256.045, subdivision 8, is amended to read:

Subd. 8. [HEARING.] Any party may obtain a hearing at a special term of the district court by serving a written notice of the time and place of the hearing at least ten days prior to the date of the hearing. Except for appeals under subdivision 3b, the court may consider the matter in or out of chambers, and shall take no new or additional evidence unless it determines that such evidence is necessary for a more equitable disposition of the appeal.

Sec. 14. Minnesota Statutes 1994, section 256.045, subdivision 9, is amended to read:

Subd. 9. [APPEAL.] Any party aggrieved by the order of the district court may appeal the order as in other civil cases. Except for appeals under subdivision 3b, no costs or disbursements shall be taxed against any party nor shall any filing fee or bond be required of any party.

Sec. 15. Minnesota Statutes 1994, section 268.09, subdivision 1, is amended to read:

Subdivision 1. [DISQUALIFYING CONDITIONS.] An individual separated from any employment under paragraph (a), (b), or (d) shall be disqualified for waiting week credit and benefits. For separations under paragraphs (a) and (b), the disqualification shall continue until four calendar weeks have elapsed following the individual's separation and the individual has earned eight times the individual's weekly benefit amount in insured work.

(a) [VOLUNTARY LEAVE.] The individual voluntarily and without good cause attributable to the employer discontinued employment with such employer. For the purpose of this paragraph, a separation from employment by reason of its temporary nature or for inability to pass a test or for inability to meet performance standards necessary for continuation of employment shall not be deemed voluntary.

A separation shall be for good cause attributable to the employer if it occurs as a consequence of sexual harassment. Sexual harassment means unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other conduct or communication of a sexual nature when: (1) the employee's submission to such conduct or communication is made a term or condition of the employment, (2) the employee's submission to or rejection of such conduct or communication is the basis for decisions affecting employment, or (3) such conduct or communication has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment and the employer knows or should know of the existence of the harassment and fails to take timely and appropriate action.

(b) [DISCHARGE FOR MISCONDUCT.] The individual was discharged for misconduct, not amounting to gross misconduct connected with work or for misconduct which interferes with and adversely affects employment.

(c) [EXCEPTIONS TO DISQUALIFICATION.] An individual shall not be disqualified under paragraphs (a) and (b) under any of the following conditions:

(1) the individual voluntarily discontinued employment to accept employment offering substantially better conditions or substantially higher wages or both;

(2) the individual is separated from employment due to personal, serious illness provided that such individual has made reasonable efforts to retain employment.

An individual who is separated from employment due to the individual's illness of chemical dependency which has been professionally diagnosed or for which the individual has voluntarily submitted to treatment and who fails to make consistent efforts to maintain the treatment the individual knows or has been professionally advised is necessary to control that illness has not made reasonable efforts to retain employment.

(3) the individual accepts work from a base period employer which involves a change in location of work so that said work would not have been deemed to be suitable work under the provisions of subdivision 2 and within a period of 13 weeks from the commencement of said work voluntarily discontinues employment due to reasons which would have caused the work to be unsuitable under the provision of said subdivision 2;

(4) the individual left employment because of reaching mandatory retirement age and was 65 years of age or older;

(5) the individual is terminated by the employer because the individual gave notice of intention to terminate employment within 30 days. This exception shall be effective only through the calendar week which includes the date of intended termination, provided that this exception shall not result in the payment of benefits for any week for which the individual receives the individual's normal wage or salary which is equal to or greater than the weekly benefit amount;

(6) the individual is separated from employment due to the completion of an apprenticeship program, or segment thereof, approved pursuant to chapter 178;

(7) the individual voluntarily leaves part-time employment with a base period employer while continuing full-time employment if the individual attempted to return to part-time employment after being separated from the full-time employment, and if substantially the same part-time employment with the base period employer was not available for the individual;

(8) the individual is separated from employment based solely on a provision in a collective bargaining agreement by which an individual has vested discretionary authority in another to act on behalf of the individual;

(9) except as provided in paragraph (d), separations from part-time employment will not be disqualifying when the claim is based on sufficient full-time employment to establish a valid claim from which the claimant has been separated for nondisqualifying reasons; or

(10) the individual accepts employment which represents a substantial departure from the individual's customary occupation and experience and would not be deemed suitable work as defined under subdivision 2, paragraphs (a) and (b), and within a period of 30 days from the commencement of that work voluntarily discontinues the employment due to reasons which would have caused the work to be unsuitable under the provisions of subdivision 2 or, if in commission sales, because of a failure to earn gross commissions averaging an amount equal to or in excess of the individual's weekly benefit amount. Other provisions notwithstanding, applying this provision precludes the use of these wage credits to clear a disqualification.

(d) [DISCHARGE FOR GROSS MISCONDUCT.] The individual was discharged for gross misconduct connected with work or gross misconduct which interferes with and adversely affects the individual's employment. For a separation under this clause, the commissioner shall impose a total disqualification for the benefit year and cancel all of the wage credits from the last employer from whom the individual was discharged for gross misconduct connected with work.

For the purpose of this paragraph "gross misconduct" is defined as misconduct involving assault and battery or the malicious destruction of property or arson or sabotage or embezzlement or any other act, including theft, the commission of which amounts to a felony or gross misdemeanor. For an employee of a health care facility, as defined in section 626.5572, gross misconduct also includes misconduct involving an act of patient or resident abuse, financial exploitation, or recurring or serious neglect, as defined in section 626.557, ~~subdivision 2, clause (d)~~ and applicable rules.

If an individual is convicted of a felony or gross misdemeanor for the same act or acts of misconduct for which the individual was discharged, the misconduct is conclusively presumed to be gross misconduct if it was connected with the individual's work.

(e) [LIMITED OR NO CHARGE OF BENEFITS.] Benefits paid subsequent to an individual's separation under any of the foregoing paragraphs, excepting paragraphs (c)(3), (c)(5), and (c)(8), shall not be used as a factor in determining the future contribution rate of the employer from whose employment such individual separated.

Benefits paid subsequent to an individual's failure to accept an offer of suitable reemployment or to accept reemployment which offered substantially the same or better hourly wages and conditions of work as were previously provided by that employer, but was deemed unsuitable under subdivision 2, shall not be used as a factor in determining the future contribution rate of the employer whose offer of reemployment was not accepted or whose offer of reemployment was refused solely due to the distance of the available work from the individual's residence, the individual's own serious illness, the individual's other employment at the time of the offer, or if the individual is in training with the approval of the commissioner.

Benefits paid by another state as a result of Minnesota transferring wage credits under the federally required combined wage agreement shall not be directly charged to either the taxing or reimbursing employer.

(f) [ACTS OR OMISSIONS.] An individual who was employed by an employer shall not be disqualified for benefits under this subdivision for any acts or omissions occurring after separation from employment with the employer.

(g) [DISCIPLINARY SUSPENSIONS.] An individual shall be disqualified for waiting week credit and benefits for the duration of any disciplinary suspension of 30 days or less resulting from the individual's own misconduct. Disciplinary suspensions of more than 30 days shall constitute a discharge from employment."

Subd. 6d. [LENGTH OF JOB SEARCH OBLIGATION TO SEEK AND OBTAIN FULL-TIME EMPLOYMENT.] (a) When the family support agreement specifies a date when job search should begin, the parental caregiver must participate in employment search activities. If, after three months of search, the parental caregiver does not find a job that is consistent with the parental caregiver's employment goal, the parent must accept any suitable employment. The search may be extended for up to three months if the parental caregiver seeks and needs additional job search assistance.

(b) When the family support agreement specifies job search consistent with the overall employment goal, the caregiver is expected to seek and accept full-time employment. For this purpose, full-time employment means 30 or more hours a week. Caregivers who are single parents with a child under six satisfy this requirement by working 20 or more hours a week.

(c) A caregiver currently enrolled in the Minnesota family investment plan who voluntarily quits suitable employment without good cause or without agreement of the case manager, or who is terminated for nonperformance, must notify the case manager or designee within ten calendar days of the date employment ended to schedule a meeting to revise the family support agreement. A caregiver who fails to notify the case manager or designee within the required time or fails to attend a scheduled meeting to revise the family support agreement is subject to sanction. If the revised family support agreement specifies job search, the caregiver must take any suitable employment. A caregiver who fails to comply is subject to sanction. A caregiver who voluntarily quits suitable employment with good cause or who is laid off must notify the case manager or designee within ten calendar days of the date employment ended to schedule a meeting to revise the family support agreement. A caregiver who fails to notify the case manager or designee within the required time or fails to attend a scheduled meeting to revise the family support agreement is subject to sanction. If the family support agreement specifies job search, the search is limited to three months to find a job related to the caregiver's overall employment goal. After three months, the caregiver must take any suitable employment. A caregiver who fails to comply is subject to sanction.

Sec. 2. [256.047] [EXPANSION OF MFIP TO RAMSEY COUNTY (MFIP-R).]

Subdivision 1. [MISSION STATEMENT.] The goal of MFIP-R employment and pre-employment services is to help caregivers increase their family income in a timely manner through paid employment.

Subd. 2. [SERVICE PROVIDING AGENCIES.] Employment and pre-employment services must be offered by providers certified by the commissioner of economic security who meet the standards in section 268.871, subdivision 1. County agencies must ensure that all services, including contracted services, meet the requirements of MFIP-R services according to section 256.048, subdivision 6.

Subd. 3. [STAFFING.] County agencies may hire MFIP-R staff, which includes employment specialists, job developers, and vocational counselors to provide pre-employment and employment services described in section 256.048, subdivision 6, and coordinate social and support services. County agencies are expected to ensure that staff providing employment and pre-employment services have the necessary training and experience to perform the specific services which they are assigned to do.

Sec. 3. [256.0475] [DEFINITIONS.]

Subdivision 1. [EMPLOYABILITY PLAN.] "Employability plan" means the plan developed by MFIP-R staff and the caregiver under section 256.048.

Subd. 2. [FAMILY SUPPORT AGREEMENT.] "Family support agreement" means the subsection of the employability plan which is limited to employment, education, employment and training services, and scheduled meetings with MFIP-R staff. For mandatory caregivers, noncompliance with the family support agreement may result in sanction.

Subd. 3. [MANDATORY CAREGIVER.] "Mandatory caregiver" means a caregiver who is required to develop a family support agreement under section 256.048, and is not exempt under that section.

Subd. 4. [MFIP-R.] "MFIP-R" means the pre-employment and employment program under section 256.048 provided to caregivers assigned to the Minnesota family investment plan in Ramsey county who receive financial assistance under sections 256.033, 256.034, and 256.036.

Sec. 4. [256.048] [INCOME SUPPORT AND TRANSITION.]

Subdivision 1. [EXPECTATIONS.] The requirement for a caregiver to develop a family support agreement is tied to the structure of the family and the length of time on assistance according to paragraphs (a) to (c).

(a) In a family headed by a single adult parental caregiver who has received AFDC, family general assistance, MFIP, or a combination of AFDC, family general assistance, and MFIP assistance for 12 or more months within the preceding 24 months, the parental caregiver must be developing and complying with the terms of the family support agreement commencing with the 13th month of assistance.

(b) For a family with a minor parental caregiver or a family whose parental caregiver is 18 or 19 years of age and does not have a high school diploma or its equivalent, the parental caregiver must be developing and complying with a family support agreement concurrent with the receipt of assistance. The terms of the family support agreement must include compliance with section 256.736, subdivision 3b. If the parental caregiver fails to comply with the terms of the family support agreement, the sanctions in subdivision 4 apply. When the requirements in section 256.736, subdivision 3b, have been met, a caregiver has fulfilled the caregiver's obligation. County agencies must continue to offer MFIP-R services if the caregiver wants to continue with an employability plan. Caregivers who fulfill the requirements of section 256.736, subdivision 3b, are subject to the expectations of paragraphs (a) and (c).

(c) In a family with two adult parental caregivers, at least one of whom has received AFDC, family general assistance, MFIP, or a combination of AFDC, family general assistance, and MFIP assistance for six or more months within the preceding 12 months, one parental caregiver must be developing and complying with the terms of the family support agreement commencing with the seventh month of assistance. The family and MFIP-R staff will designate the parental caregiver who will develop the family support agreement based on which parent has the greater potential to increase family income through immediate employment.

Subd. 2. [EXEMPTIONS.] A caregiver is exempt from expectations as provided in paragraphs (a) and (b).

(a) Except for clause (4), which applies only for a single-parent family, a caregiver in a single-parent or two-parent family is exempt from the expectations of MFIP-R if the caregiver is:

(1) ill, incapacitated, or 60 years of age or older;

(2) needed in the home because of the illness or incapacity of another family member;

(3) the parent of a child under one year of age and is personally providing care for the child. This exemption does not apply to the school attendance requirement for minor parents or 18- and 19-year old parents as provided in section 256.736, subdivision 3b, paragraphs (f) and (g);

(4) the parent of a child under six years of age and is employed or participating in education or employment and training services for 20 or more hours per week. This exemption does not apply to the school attendance requirement for minor parents or 18- and 19-year-old parents as provided in section 256.736, subdivision 3b, paragraph (f), clause (5);

(5) working 30 hours or more per week or, if the number of hours cannot be verified, earns weekly, at least the federal minimum hourly wage rate multiplied by 30;

(6) in the second or third trimester of pregnancy; or

(7) not the natural parent, adoptive parent, or stepparent of a minor child in the assistance unit.

(b) In a two-parent household, only one parent may be exempt under paragraph (a), clause (2) or (3). If paragraph (a), clause (5), applies to either parent in a two-parent family, the other parent

is exempt. In a two-parent household, if the parent designated to develop a family support agreement becomes exempt and the exemption is expected to last longer than six months, then the second parent is required to develop a family support agreement unless otherwise exempt under paragraph (a).

Subd. 3. [GOOD CAUSE FOR FAILURE TO COMPLY.] Caregivers may claim the following reasons as good cause for failure to comply with the expectations of MFIP-R employment and pre-employment services:

- (1) needed child care is not available;
- (2) the job does not meet the definition of suitable employment according to section 256.736, subdivision 1a, paragraph (h);
- (3) the parental caregiver is ill, incapacitated, or injured;
- (4) a family member is ill and needs care by the parental caregiver;
- (5) the parental caregiver is unable to secure the necessary transportation;
- (6) the parental caregiver is in an emergency situation;
- (7) the schedule of compliance with the family support agreement conflicts with judicial proceedings;
- (8) the parental caregiver is already participating in acceptable activities;
- (9) the family support agreement requires an educational program for a parent under the age of 20, but the educational program is not offered in the school district;
- (10) activities identified in the family support agreement are not available;
- (11) the parental caregiver is willing to accept suitable employment but employment is not available;
- (12) the parental caregiver documents other verifiable impediments to compliance with the family support agreement beyond the parental caregiver's control; or
- (13) the family support agreement requires an educational program for a parent under the age of 20, but the only available school program requires round trip commuting time from the custodial parent's residence of more than two hours by available means of transportation, excluding the time necessary to transport children to and from child care.

Subd. 4. [SANCTION.] The county agency must reduce an assistance unit's assistance payment by ten percent of the transitional standard for the applicable family size when a caregiver, who is not exempt from the expectations in this section, fails to attend a mandatory briefing, fails to attend scheduled meetings with MFIP-R staff, or fails to develop or comply with the terms of the caregiver's family support agreement. MFIP-R staff must send caregivers a notice of intent to sanction. For the purpose of this section, "notice of intent to sanction" means MFIP-R staff must provide written notification to the caregiver that the caregiver is not fulfilling the requirement to develop or comply with the family support agreement. This notification must inform the caregiver of the right to request a conciliation conference within ten days of the mailing of the notice of intent to sanction or the right to request a fair hearing under section 256.045. If a caregiver requests a conciliation conference, the county agency must postpone implementation of the sanction pending completion of the conciliation conference. If the caregiver does not request a conciliation conference within ten calendar days of the mailing of the notice of intent to sanction, the MFIP-R staff must notify the county agency that the assistance payment should be reduced.

Upon notification from MFIP-R staff that an assistance payment should be reduced, the county agency must send a notice of adverse action to the caregiver stating that the assistance payment will be reduced in the next month following the ten-day notice requirement and state the reason for the action. For the purpose of this section, "notice of adverse action" means the county agency must send a notice of sanction, reduction, suspension, denial, or termination of benefits before

taking any of those actions. The caregiver may request a fair hearing under section 256.045, upon notice of intent to sanction or notice of adverse action, but the conciliation conference is available only upon notice of intent to sanction.

Subd. 5. [ORIENTATION.] The county agency must provide a financial assistance orientation which supplies information to caregivers about the MFIP-R and must encourage parental caregivers to engage in activities to stabilize the family and lead to employment and self-support.

Subd. 6. [PRE-EMPLOYMENT AND EMPLOYMENT SERVICES.] The county agency must provide services identified in clauses (1) to (10). Services include:

(1) a required briefing for all nonmandatory caregivers assigned to MFIP-R, which includes a review of the information presented at an earlier MFIP-R orientation pursuant to subdivision 5, and an overview of services available under MFIP-R pre-employment and employment services, an overview of job search techniques, and the opportunity to volunteer for MFIP-R job search activities and basic education services;

(2) a briefing for all mandatory caregivers assigned to MFIP-R, which includes a review of the information presented at an earlier MFIP-R orientation pursuant to subdivision 5, and an overview of services available under MFIP-R pre-employment and employment services;

(3) an MFIP assessment that meets the requirements of section 256.736, subdivision 10, paragraph (a), clause (14), and addresses caregivers' skills, abilities, interests, and needs;

(4) development, together with the caregiver, of an employability plan and family support agreement according to subdivision 7;

(5) coordination of services including child care, transportation, education assistance, and social services necessary to enable caregivers to fulfill the terms of the employability plan and family support agreement;

(6) provision of full-time English as a second language (ESL) classes;

(7) provision of a broad range of employment and pre-employment services including basic skills testing, interest and aptitude testing, career exploration, job search activities, community work experience program under section 256.737, or on-the-job training under section 256.738;

(8) evaluation of the caregiver's compliance with the employability plan and family support agreement and support and recognition of progress toward employment goals;

(9) provision of postemployment follow-up for up to six months after caregivers become exempt or exit MFIP-R due to employment if requested by the caregiver; and

(10) approval of education and training program activities.

Subd. 7. [EMPLOYABILITY PLAN AND FAMILY SUPPORT AGREEMENT.] (a) The caregiver and MFIP-R staff will develop an employability plan and family support agreement. The employability plan includes the caregiver's overall employment goal, activities necessary to reach that goal, a timeline for each activity, and the support services provided by the agency. All activities in the employability plan must contribute to the caregiver's overall employment goal.

(b) The family support agreement is the enforceable section of an employability plan for mandatory caregivers. The family support agreement must be limited to employment, education, or employment and training services, and scheduled meetings with MFIP-R staff. The family support agreement must be signed by both an MFIP-R staff and the parental caregiver.

(1) In developing an employability plan and family support agreement, MFIP-R staff must discuss with the caregiver the economic benefits under MFIP of taking available employment. MFIP-R staff must provide examples of how different levels of earnings increase available income.

(2) Activities in the family support agreement must enhance the family's opportunities to increase its income in a timely manner through paid employment.

(3) Each step of the family support agreement shall build upon prior steps and facilitate progress toward the caregiver's overall employment goal.

(4) Social services, such as mental health or chemical dependency services, parenting education, or budget management, can be included in the employability plan but not in the family support agreement and are not subject to sanctions under subdivision 4.

(5) The family support agreement must state the parental caregiver's obligations and the standards for satisfactory compliance with the requirements of MFIP-R.

Subd. 8. [REQUIREMENT TO ATTEND BRIEFING.] All MFIP-R caregivers are required to attend a mandatory briefing which includes a review of the information presented at an earlier MFIP-R orientation pursuant to subdivision 5, and an overview of services available under MFIP-R pre-employment and employment services.

Subd. 9. [REQUIREMENT TO PARTICIPATE IN JOB SEARCH.] The family support agreement for mandatory caregivers will include 30 hours per week of job search activity. The family support agreement for single parental caregivers with a child under the age of six may require no more than 20 hours of job search activity. Job search requirements do not apply to minor parental caregivers and parental caregivers under the age of 20 who must meet the educational requirement under section 256.736, subdivision 3b.

Subd. 10. [LENGTH OF JOB SEARCH.] Caregivers participating in job search shall have eight weeks to find employment which is consistent with the employment goal in the family support agreement. If after eight weeks of job search the parental caregiver does not find employment consistent with the overall employment goal, the caregiver must accept any suitable employment.

Subd. 11. [LEVEL OF EMPLOYMENT.] Caregivers participating in job search are expected to seek and accept full-time employment. Any caregiver satisfies this requirement by working at least 30 hours per week. Single parents with a child under the age of six satisfy the requirement by working at least 20 hours per week.

Subd. 12. [CESSATION OF EMPLOYMENT.] Mandatory caregivers who quit a job, are laid off, or are terminated must contact MFIP-R staff within ten calendar days of the date the employment ended to schedule a meeting to revise the family support agreement to incorporate job search activities to obtain suitable employment. A caregiver who fails to contact MFIP-R staff within ten calendar days, fails to attend a scheduled meeting to revise the family support agreement, or fails to accept an offer of suitable employment is subject to sanctions under subdivision 4.

Subd. 13. [EDUCATION AND TRAINING ACTIVITIES; BASIC EDUCATION.] Basic education, including adult basic education, high school or general equivalency diploma, or ESL may be included in the family support agreement when a caregiver is actively participating in job search activities as specified in the family support agreement, or employed at least 12 hours per week. Six months of basic education activities may be included in the family support agreement, and extension of basic education activities is contingent upon review and approval by MFIP-R staff.

Non-English speaking caregivers have the option to participate in full-time ESL activities for up to six months prior to participation in job search with approval of MFIP-R staff.

Subd. 14. [EDUCATION AND TRAINING ACTIVITIES; POST-SECONDARY EDUCATION.] (a) Mandatory caregivers who become exempt, and caregivers converted from STRIDE or ACCESS may have post-secondary education included in the family support agreement. For individuals who are participating in an educational program under this paragraph on a full-time basis as determined by the institution, there is no work requirement. For individuals participating in an educational program on a part-time basis as determined by the institution, the minimum number of hours that a participant must work shall be increased in proportion to the number of credit hours being taken, up to a maximum of 12 hours weekly of work.

(b) Conditions for approval of a post-secondary education program include demonstration by the caregiver that:

(1) there is a market for full-time employees with this education or training where the caregiver will or is willing to reside upon completion of the program;

(2) the average wage level for employees with this education or training is significantly greater than the caregiver can earn without this education or training;

(3) the caregiver can meet the requirements for admission into the program; and

(4) there is a reasonable expectation that the caregiver will complete the training program based on such factors as the caregiver's current MFIP assessment; previous education, training, and work history; current motivation; and changes in previous circumstances.

(c) A comparison must be made between income foregone by delaying immediate entry into full-time paid employment while in pursuit of education or training and the probable income which will be earned following the education or training. The advantages and disadvantages to the family must be discussed with respect to both options.

(d) Activities under this subdivision are limited to the equivalent of two years of full-time education, with the following exceptions:

(1) caregivers in subdivision 15;

(2) caregivers who have already obtained a post-secondary degree. These caregivers are limited to course work necessary to upgrade skills, or obtain licensure or certification;

(3) extenuating circumstances that prohibit the caregiver from completing the program within the equivalent of two years.

(e) Caregivers in education or training programs must maintain satisfactory progress. "Satisfactory progress" in an education or training program means the caregiver remains in good standing as defined by the education or training institution and meets the requirements in the caregiver's MFIP-R employability plan. MFIP-R staff may withdraw approval of the caregiver's employability plan when the caregiver does not maintain satisfactory progress in the education or training program.

Subd. 15. [CONVERTED STRIDE AND ACCESS CASES.] Caregivers with an employability plan from STRIDE or ACCESS must develop an MFIP-R employability plan. With approval of the MFIP-R staff, the family support agreement for caregivers under this section may include continuation of educational activities, up to a baccalaureate degree, if initiated under STRIDE or ACCESS. Caregivers who continue these activities must also participate in job search or work at least 12 hours per week.

Subd. 16. [REVISIONS TO FAMILY SUPPORT AGREEMENT.] The caregiver may revise the family support agreement with approval of MFIP-R staff.

Subd. 17. [VOLUNTEERS FOR MFIP-R PRE-EMPLOYMENT AND EMPLOYMENT SERVICES.] (a) Upon request, local agencies must continue to offer MFIP-R services to:

(1) caregivers with a signed family support agreement who become exempt under subdivision 2; and

(2) caregivers randomly assigned to MFIP during the conversion period who have an active STRIDE or ACCESS plan.

(b) County agencies must also service the following caregivers, as funding allows:

(1) second parent in a two-parent family; and

(2) caregivers who have not reached the timing for mandatory participation.

(c) Volunteers under paragraph (a) may access all MFIP-R services. Volunteers under paragraph (b), clause (1), may access MFIP-R job search and basic education services only. Volunteers under paragraph (b), clause (2), may access only MFIP-R job search services.

(d) Caregivers identified in this subdivision are voluntary participants for MFIP-R pre-employment and employment services and may not be sanctioned for failure to cooperate unless they reach the timing of MFIP-R pre-employment and employment services under subdivision 6, or are no longer exempt under subdivision 2.

Subd. 18. [CONCILIATION.] The county agency must inform the mandatory parental caregiver of the option of a conciliation conference when the mandatory parental caregiver receives a notice of intent to sanction or cannot reach agreement with MFIP-R staff about the contents or interpretation of the family support agreement.

Conciliation procedures shall be available as provided in section 256.736, subdivision 11, paragraph (c). Upon receiving a notice of intent to sanction, a caregiver may request a hearing under section 256.045 without exercising the option of a conciliation conference.

Subd. 19. [CHILD CARE.] The commissioner shall ensure that each MFIP caregiver who is employed or is developing or is engaged in activities identified in an employability plan under subdivision 7, and who needs assistance with child care costs to be employed or to develop or comply with the terms for an employability plan, receives a child care subsidy through child care money appropriated for the MFIP. The subsidy must cover all actual child care costs for eligible hours up to the maximum rate allowed under section 256H.15. A caregiver who is in the assistance unit and leaves the program as a result of increased earnings from employment, and needs child care assistance to remain employed, is entitled to extended child care assistance as provided under United States Code, title 42, section 602(g)(1)(a)(ii), on a copayment basis.

Subd. 20. [HEALTH CARE.] A family leaving the program as a result of increased earnings from employment is eligible for extended medical assistance as provided under Public Law Number 100-485, section 303, as amended, and Public Law Number 101-239, section 8015(b)(7).

Sec. 5. [256.049] [APPLICABILITY.]

Section 256.035 will not apply to the expansion of MFIP into Ramsey county (MFIP-R). Sections 256.047 to 256.048 will substitute for section 256.035 for the purposes of MFIP-R. Sections 256.031 to 256.034, and 256.036, 256.0361, and 268.871 are applicable to MFIP-R insofar as they are not inconsistent with sections 256.047 to 256.048. Minnesota Rules, part 9500.4220, does not apply to MFIP-R. Minnesota Rules, parts 9500.4000 to 9500.4210, and 9500.4230 to 9500.4340, are applicable to the expansion of MFIP into Ramsey county insofar as they are not inconsistent with sections 256.047 to 256.048.

Sec. 6. Minnesota Statutes 1994, section 256.73, is amended by adding a subdivision to read:

Subd. 3b. [ELIGIBILITY NOT BARRED BY WORKING OVER 99 HOURS; PAST EMPLOYMENT HISTORY; 30-DAY WAITING PERIOD.] An individual receiving assistance may work over 99 hours per month and remain eligible for assistance, provided all other requirements of the aid to families with dependent children-unemployed parent program are met. The applicant is not required to demonstrate past employment history or 30 days of prior unemployment to be eligible for AFDC-unemployed parent. This subdivision is effective upon federal approval and implementation of the waiver under section 31, subdivision 4.

Sec. 7. Minnesota Statutes 1994, section 256.73, is amended by adding a subdivision to read:

Subd. 5a. [PARENTING OR PREGNANT MINORS; RESTRICTION ON ASSISTANCE WITH FEDERAL EXCEPTIONS.] (a) The definitions in this paragraph only apply to this subdivision.

(1) "Minor parent" means an individual who:

(i) is under the age of 18;

(ii) has never been married or otherwise legally emancipated; and

(iii) is either the natural parent of a dependent child living in the same household or eligible for assistance paid to a pregnant woman under subdivision 5.

(2) "Household of a parent, legal guardian, or other adult relative" means the place of residence of:

(i) a natural or adoptive parent;

(ii) a legal guardian pursuant to appointment or acceptance under section 260.242, 525.615, or 525.6165, and related laws; or

(iii) another individual who is age 18 or over and related to the minor parent as specified in Code of Federal Regulations, title 45, section 233.90(c)(1)(v), provided that the residence is maintained as a home for the minor parent and child under Code of Federal Regulations, title 45, section 233.90(c)(1)(v)(B).

(3) "Adult-supervised supportive living arrangement" means a private family setting which assumes responsibility for the care and control of the minor parent and dependent child, or other living arrangement, not including a public institution, licensed by the commissioner of human services which ensures that the minor parent receives adult supervision and supportive services, such as counseling, guidance, independent living skills training, or supervision in a family-like setting.

(b) A minor parent and the dependent child who is in the care of the minor parent must reside in the household of a parent, legal guardian, or other adult relative, or in an adult-supervised supportive living arrangement in order to receive AFDC unless:

(1) the minor parent has no living parent or legal guardian whose whereabouts is known;

(2) no living parent or legal guardian of the minor parent allows the minor parent to live in the parent's or legal guardian's home;

(3) the minor parent lived apart from the minor parent's own parent or legal guardian for a period of at least one year before either the birth of the dependent child or the minor parent's application for AFDC;

(4) the physical or emotional health or safety of the minor parent or dependent child would be jeopardized if the minor parent and the dependent child resided in the same residence with the minor parent's parent or legal guardian;

(5) the minor parent and dependent child have, on the effective date of this section, been living independently as part of an approved social services plan for less than one year; or

(6) an adult supervised supportive living arrangement is not available for the minor parent and the dependent child in the county in which the minor currently resides. If an adult supervised supportive living arrangement become available within the county, the minor parent and child must reside in that arrangement in order to continue receiving AFDC.

(c) Minor applicants must be informed orally and in writing about the eligibility requirements and their rights and obligations under the AFDC program. The county must advise the minor of the possible exemptions and specifically ask whether one or more of these exemptions is applicable. If the minor alleges one or more of these exemptions, then the county must assist the minor in obtaining the necessary verifications to determine whether or not these exemptions apply.

(d) If a minor parent alleges or the county worker suspects that paragraph (b), clause (4), applies, the county worker must make a referral to child protective services, and child protective services must determine that the home is not safe due to alleged maltreatment or that protective services are needed in order for the minor parent to fall under the exception in paragraph (b), clause (4). A new determination by the county worker is not necessary if one has been made within the last six months, unless there has been a significant change in circumstances which justifies a new referral and determination.

(e) If a minor parent is not living with a parent or legal guardian due to paragraph (b), clause (1), (2), or (4), the minor parent must reside in a living arrangement that meets the standards of paragraph (a), clause (3).

(f) AFDC must be paid in the form of a protective payment on behalf of the minor parent and dependent child to the minor parent's parent, legal guardian, or other adult relative, when the minor parent is living with the minor parent's parent, legal guardian, or other adult relative, in accordance with Code of Federal Regulations, title 45, section 234.60.

Sec. 8. Minnesota Statutes 1994, section 256.73, subdivision 8, is amended to read:

Subd. 8. [RECOVERY OF OVERPAYMENTS.] (a) Except as provided in subdivision 8a, if an amount of aid to families with dependent children assistance is paid to a recipient in excess of the payment due, it shall be recoverable by the county agency. The agency shall give written notice to the recipient of its intention to recover the overpayment.

(b) When an overpayment occurs, the county agency shall recover the overpayment from a current recipient by reducing the amount of aid payable to the assistance unit of which the recipient is a member for one or more monthly assistance payments until the overpayment is repaid. All county agencies in the state shall reduce the assistance payment by three percent of the assistance unit's standard of need or the amount of the monthly payment, whichever is less, for all overpayments whether or not the overpayment is due solely to agency error. If the overpayment is due solely to having wrongfully obtained assistance, whether based on a court order, the finding of an administrative fraud disqualification hearing or a waiver of such a hearing, or a confession of judgment containing an admission of an intentional program violation, the amount of this reduction shall be ten percent. In cases when there is both an overpayment and underpayment, the county agency shall offset one against the other in correcting the payment.

(c) Overpayments may also be voluntarily repaid, in part or in full, by the individual, in addition to the above aid reductions, until the total amount of the overpayment is repaid.

(d) The county agency shall make reasonable efforts to recover overpayments to persons no longer on assistance in accordance with standards adopted in rule by the commissioner of human services. The county agency need not attempt to recover overpayments of less than \$35 paid to an individual no longer on assistance if the individual does not receive assistance again within three years, unless the individual has been convicted of fraud under section 256.98.

Sec. 9. Minnesota Statutes 1994, section 256.73, is amended by adding a subdivision to read:

Subd. 8a. [START WORK OFFSET.] An overpayment resulting from earned income received in the first month of employment is not recoverable by the county agency provided the aid to families with dependent children assistance unit has not voluntarily quit employment, without good cause under section 268.09, subdivision 1, paragraph (a), in the past two years. A "start work offset" for purposes of this subdivision is the amount of the overpayment the assistance unit would otherwise be required to repay to the county under subdivision 8. This subdivision is effective upon federal approval and implementation of the waiver under section 31, subdivision 3.

Sec. 10. [256.7355] [TEMPORARY PUBLIC SERVICE OR COMMUNITY SERVICE JOBS.]

A participant working in a temporary public service or community service job for a public employer for more than 67 working days in a calendar year as part of a work program established under this chapter is a public employee under chapter 179A.

Sec. 11. Minnesota Statutes 1994, section 256.736, subdivision 3, is amended to read:

Subd. 3. [REGISTRATION.] (a) To the extent permissible under federal law, every caretaker or child is required to register for employment and training services, as a condition of receiving AFDC, unless the caretaker or child is:

(1) a child who is under age 16, a child age 16 or 17 who is attending elementary or secondary school or a secondary level vocational or technical school full time;

(2) ill, incapacitated, or age 60 or older;

(3) a person for whom participation in an employment and training service would require a round trip commuting time by available transportation of more than two hours;

(4) a person whose presence in the home is required because of illness or incapacity of another member of the household;

(5) a caretaker or other caretaker relative of a child under the age of three who personally provides full-time care for the child. In AFDC-UP cases, only one parent or other relative may qualify for this exemption;

(6) a caretaker or other caretaker relative personally providing care for a child under six years of age, except that when child care is arranged for or provided, the caretaker or caretaker relative may be required to register and participate in employment and training services up to a maximum of 20 hours per week. In AFDC-UP cases, only one parent or other relative may qualify for this exemption;

(7) a pregnant woman, if it has been medically verified that the child is expected to be born within the next six months; or

(8) employed at least 30 hours per week; or

(9) a person for whom lack of proficiency in English is a barrier to employment, provided the person is attending an available intensive program which lasts no longer than six months and is designed to remedy the language deficiency. Individuals who, because of advanced age and lack of ability, are incapable of gaining proficiency in English, as determined by the county social worker, shall continue to be exempt under this subdivision and are not subject to the requirement that they be participating in a language program.

(b) To the extent permissible by federal law, applicants for benefits under the AFDC program are registered for employment and training services by signing the application form. Applicants must be informed that they are registering for employment and training services by signing the form. Persons receiving benefits on or after July 1, 1987, shall register for employment and training services to the extent permissible by federal law. The caretaker has a right to a fair hearing under section 256.045 with respect to the appropriateness of the registration.

Sec. 12. Minnesota Statutes 1994, section 256.736, subdivision 3a, is amended to read:

Subd. 3a. [PARTICIPATION.] (a) Except as provided under paragraphs (b) and (c), participation in employment and training services under this section is limited to the following recipients:

(1) caretakers who are required to participate in a job search under subdivision 14;

(2) custodial parents who are subject to the school attendance or case management participation requirements under subdivision 3b;

(3) caretakers whose participation in employment and training services began prior to May 1, 1990, if the caretaker's AFDC eligibility has not been interrupted for 30 days or more and the caretaker's employability development plan has not been completed;

(4) recipients who are members of a family in which the youngest child is within two years of being ineligible for AFDC due to age;

(5) custodial parents under the age of 24 who: (i) have not completed a high school education and who, at the time of application for AFDC, were not enrolled in high school or in a high school equivalency program; or (ii) have had little or no work experience in the preceding year;

(6) recipients who have received AFDC for 36 or more months out of the last 60 months;

(7) recipients who are participants in the self-employment investment demonstration project under section 268.95; and

(8) recipients who participate in the new chance research and demonstration project under contract with the department of human services.

(b) If the commissioner determines that participation of persons listed in paragraph (a) in employment and training services is insufficient either to meet federal performance targets or to

fully utilize funds appropriated under this section, the commissioner may, after notifying the chairs of the senate family services committee, the house health and human services committee, the family services division of the senate family services and health care committees, and the human services division of the house health and human services committee, permit additional groups of recipients to participate until the next meeting of the legislative advisory commission, after which the additional groups may continue to enroll for participation unless the legislative advisory commission disapproves the continued enrollment. The commissioner shall allow participation of additional groups in the following order only as needed to meet performance targets or fully utilize funding for employment and training services under this section:

(1) recipients who have received 24 or more months of AFDC out of the previous 48 months; and

(2) recipients who have not completed a high school education or a high school equivalency program.

(c) To the extent of money appropriated specifically for this paragraph, the commissioner may permit AFDC caretakers who are not eligible for participation in employment and training services under the provisions of paragraph (a) or (b) to participate. Money must be allocated to county agencies based on the county's percentage of participants statewide in services under this section in the prior calendar year. Caretakers must be selected on a first-come, first-served basis from a waiting list of caretakers who volunteer to participate. The commissioner may, on a quarterly basis, reallocate unused allocations to county agencies that have sufficient volunteers. If funding under this paragraph is discontinued in future fiscal years, caretakers who began participating under this paragraph must be deemed eligible under paragraph (a), clause (3).

(d) Participants who are eligible to enroll in the STRIDE program under one of the categories of this subdivision are required to cooperate with the assessment and employability plan development, and to meet the terms of their employability plan. Failure to comply, without good cause, shall result in the imposition of sanctions as specified in subdivision 4, clause (6).

Sec. 13. Minnesota Statutes 1994, section 256.736, subdivision 4a, is amended to read:

Subd. 4a. [NOTICE, CONCILIATION, AND RIGHT OF APPEAL.] If the employment and training service provider determines that the caretaker has failed or refused, without good cause, to cooperate or accept employment, the employment and training service provider shall issue to the caretaker a written notice of its determination of noncooperation or refusal to accept employment. The notice must include a detailed explanation of the reason for the determination and must specify the consequences for failure or refusal to cooperate or accept employment, the actions which the employment and training service provider believes are necessary for the caretaker to comply with the employment and training program, and the right to request, within ten days of ~~receipt of the date the notice was mailed or hand delivered,~~ a conciliation conference. The employment and training service provider or the county agency must conduct a conciliation conference within five days of a timely request. If the dispute between the employment and training service provider and the caretaker is not resolved in the conciliation conference or a request for a conciliation conference is not made within the required time, then the employment and training service provider shall notify the county board of a caretaker's failure without good cause to cooperate or accept employment. Unless the county agency has evidence to the contrary, the county agency shall implement the sanction provisions of subdivision 4. Any determination, action, or inaction on the part of the county board relating to a caretaker's participation under section 256.736 is subject to the notice and hearing procedures in section 256.045, and Code of Federal Regulations, title 45, section 205.10.

Sec. 14. Minnesota Statutes 1994, section 256.736, subdivision 5, is amended to read:

Subd. 5. [EXTENSION OF EMPLOYMENT AND TRAINING OPPORTUNITIES.] The commissioner of human services shall cooperate with the commissioner of economic security and the commissioner of trade and economic development to extend the availability of training and employment opportunities on a statewide basis and to assist local employment advisory groups convened under this subdivision. The county welfare agency may convene an employment advisory group which may consist of representatives from the local chamber of commerce, from major area employers, from private and public collective bargaining units, from secondary and

post-secondary educational institutions in the community, and from job services offices operated by the commissioner of economic security under chapter 268. The county welfare agency shall work with the local employment advisory group to maximize the job opportunities for welfare clients. In a county where a private industry council has been established, the county welfare agency may work with the council to maximize job opportunities in lieu of or in addition to convening an employment advisory group.

Sec. 15. Minnesota Statutes 1994, section 256.736, subdivision 10, is amended to read:

Subd. 10. [COUNTY DUTIES.] (a) To the extent of available state appropriations, county boards shall:

(1) refer all mandatory and eligible volunteer caretakers permitted to participate under subdivision 3a to an employment and training service provider for participation in employment and training services;

(2) identify to the employment and training service provider the target group of which the referred caretaker is a member;

(3) provide all caretakers with an orientation which meets the requirements in subdivisions 10a and 10b;

(4) work with the employment and training service provider to encourage voluntary participation by caretakers in the target groups;

(5) work with the employment and training service provider to collect data as required by the commissioner;

(6) to the extent permissible under federal law, require all caretakers coming into the AFDC program to attend orientation;

(7) encourage nontarget caretakers to develop a plan to obtain self-sufficiency;

(8) notify the commissioner of the caretakers required to participate in employment and training services;

(9) inform appropriate caretakers of opportunities available through the head start program and encourage caretakers to have their children screened for enrollment in the program where appropriate;

(10) provide transportation assistance using available funds to caretakers who participate in employment and training programs;

(11) ensure that orientation, job search, services to custodial parents under the age of 20, educational activities and work experience for AFDC-UP families, and case management services are made available to appropriate caretakers under this section, except that payment for case management services is governed by subdivision 13;

(12) explain in its local service unit plan under section 268.88 how it will ensure that target caretakers determined to be in need of social services are provided with such social services. The plan must specify how the case manager and the county social service workers will ensure delivery of needed services;

(13) to the extent allowed by federal laws and regulations, provide a job search program as defined in subdivision 14, a community work experience program as defined in section 256.737, grant diversion as defined in section 256.739, and on-the-job training as defined in section 256.738. A county may also provide another work and training program approved by the commissioner and the secretary of the United States Department of Health and Human Services. Planning and approval for employment and training services listed in this clause must be obtained through submission of the local service unit plan as specified under section 268.88. A county is not required to provide a community work experience program if the county agency is successful in placing at least 40 percent of the monthly average of all caretakers who are subject to the job search requirements of subdivision 14 in grant diversion or on-the-job training program;

(14) prior to participation, provide an assessment of each AFDC recipient who is required or volunteers to participate in an approved employment and training service. The assessment must include an evaluation of the participant's (i) educational, child care, and other supportive service needs; (ii) skills and prior work experience; and (iii) ability to secure and retain a job which, when wages are added to child support, will support the participant's family. The assessment must also include a review of the results of the early and periodic screening, diagnosis and treatment (EPSDT) screening and preschool screening under chapter 123, if available; the participant's family circumstances; and, in the case of a custodial parent under the age of 18, a review of the effect of a child's development and educational needs on the parent's ability to participate in the program;

(15) develop an employability development plan for each recipient for whom an assessment is required under clause (14) which: (i) reflects the assessment required by clause (14); (ii) takes into consideration the recipient's physical capacity, skills, experience, health and safety, family responsibilities, place of residence, proficiency, child care and other supportive service needs; (iii) is based on available resources and local employment opportunities; (iv) specifies the services to be provided by the employment and training service provider; (v) specifies the activities the recipient will participate in, including the worksite to which the caretaker will be assigned, if the caretaker is subject to the requirements of section 256.737, subdivision 2; (vi) specifies necessary supportive services such as child care; (vii) to the extent possible, reflects the preferences of the participant; and (viii) includes a written agreement between the county agency and the caretaker that outlines a reasonable schedule for completing the plan, including specific completion deadlines, and confirms that (A) there is a market for full-time employees with this education or training where the caretaker will or is willing to reside upon completion of the program; (B) the average wage level for employees with this education or training is greater than the caretaker can earn without this education or training; (C) the caretaker has the academic ability to successfully complete the program; and (D) there is a reasonable expectation that the caretaker will complete the training program based on such factors as the caretaker's previous education, training, work history, current motivation, and changes in previous circumstances; and (ix) specifies the recipient's long-term employment goal which shall lead to self-sufficiency;

(16) provide written notification to and obtain the written or oral concurrence of the appropriate exclusive bargaining representatives with respect to job duties covered under collective bargaining agreements to and assure that no work assignment under this section or sections 256.737, 256.738, and 256.739, or the Minnesota parents' fair share mandatory community work experience program results in: (i) termination, layoff, or reduction of the work hours of an employee for the purpose of hiring an individual under this section or sections 256.737, 256.738, and 256.739; (ii) the hiring of an individual if any other person is on layoff from the same or a substantially equivalent job; (iii) any infringement of the promotional opportunities of any currently employed individual; (iv) the impairment of existing contracts for services or collective bargaining agreements; or (v) except for on-the-job training under section 256.738, a participant filling an established unfilled position vacancy. If an exclusive bargaining representative and a county or public service employer disagree regarding whether job duties are covered under a collective bargaining agreement, the exclusive bargaining representative or the county or public service employer may petition the bureau of mediation services, and the bureau shall determine if the job duties are covered by a collective bargaining agreement; and

(17) assess each caretaker in an AFDC-UP family who is under age 25, has not completed high school or a high school equivalency program, and who would otherwise be required to participate in a work experience placement under section 256.737 to determine if an appropriate secondary education option is available for the caretaker. If an appropriate secondary education option is determined to be available for the caretaker, the caretaker must, in lieu of participating in work experience, enroll in and meet the educational program's participation and attendance requirements. "Secondary education" for this paragraph means high school education or education designed to prepare a person to qualify for a high school equivalency certificate, basic and remedial education, and English as a second language education. A caretaker required to participate in secondary education who, without good cause, fails to participate shall be subject to the provisions of subdivision 4a and the sanction provisions of subdivision 4, clause (6). For purposes of this clause, "good cause" means the inability to obtain licensed or legal nonlicensed child care services needed to enable the caretaker to attend, inability to obtain transportation

needed to attend, illness or incapacity of the caretaker or another member of the household which requires the caretaker to be present in the home, or being employed for more than 30 hours per week.

(b) Funds available under this subdivision may not be used to assist, promote, or deter union organizing.

(c) A county board may provide other employment and training services that it considers necessary to help caretakers obtain self-sufficiency.

(d) Notwithstanding section 256G.07, when a target caretaker relocates to another county to implement the provisions of the caretaker's case management contract or other written employability development plan approved by the county human service agency, its case manager or employment and training service provider, the county that approved the plan is responsible for the costs of case management and other services required to carry out the plan, including employment and training services. The county agency's responsibility for the costs ends when all plan obligations have been met, when the caretaker loses AFDC eligibility for at least 30 days, or when approval of the plan is withdrawn for a reason stated in the plan, whichever occurs first. Responsibility for the costs of child care must be determined under chapter 256H. A county human service agency may pay for the costs of case management, child care, and other services required in an approved employability development plan when the nontarget caretaker relocates to another county or when a target caretaker again becomes eligible for AFDC after having been ineligible for at least 30 days.

Sec. 16. Minnesota Statutes 1994, section 256.736, is amended by adding a subdivision to read:

Subd. 14a. [JOB SEARCH FOR AFDC RECIPIENTS.] (a) Each county may establish and operate a job search program as provided under this subdivision. Unless exempt, a caretaker who has received AFDC for at least 36 months or more out of the last 60 months must be referred to and begin participation in the job search program under this subdivision, but is not required to participate in the following programs under subdivision 14, paragraph (d): the work experience program under section 256.737, the on-the-job training program under section 256.738, or the grant diversion program under section 256.739.

The caretaker is exempt from job search participation if:

(1) the caretaker is exempt from registration under subdivision 3; or

(2) the caretaker is under age 25, has not completed a high school diploma or an equivalent program, and is participating in a secondary education program as defined in subdivision 10, paragraph (a), clause (17), which is approved by the employment and training service provider in the employability development plan.

(b) The commissioners of human services and economic security shall develop a job search program which must include a maximum of 32 hours of training for participants in how to search for employment, develop a personal resume, use job banks and other employer identification methods, learn and practice effective interviewing skills, become familiar with appropriate work behaviors, find specific job openings, and apply for the openings. The employment and training service provider shall report to the county agency if the caretaker fails to cooperate with the job search requirement.

Sec. 17. Minnesota Statutes 1994, section 256.736, subdivision 16, is amended to read:

Subd. 16. [ALLOCATION AND USE OF MONEY.] (a) State money appropriated for employment and training services under this section must be allocated to counties as specified in paragraphs (b) to (j) (1).

(b) For purposes of this subdivision, "targeted caretaker" means a recipient who:

(1) is a custodial parent under the age of 24 who: (i) has not completed a high school education and at the time of application for AFDC is not enrolled in high school or in a high school equivalency program; or (ii) had little or no work experience in the preceding year;

(2) is a member of a family in which the youngest child is within two years of being ineligible for AFDC due to age; or

(3) has received 36 months or more of AFDC over the last 60 months.

(c) One hundred percent of the money appropriated for case management services as described in subdivision 11 must be allocated to counties based on the average number of cases in each county described in clause (1). Money appropriated for employment and training services as described in subdivision 1a, paragraph (d), other than case management services, must be allocated to counties as follows:

(1) Forty percent of the state money must be allocated based on the average number of cases receiving AFDC in the county which either have been open for 36 or more consecutive months or have a caretaker who is under age 24 and who has no high school or general equivalency diploma. The average number of cases must be based on counts of these cases as of March 31, June 30, September 30, and December 31 of the previous year.

(2) Twenty percent of the state money must be allocated based on the average number of cases receiving AFDC in the county which are not counted under clause (1). The average number of cases must be based on counts of cases as of March 31, June 30, September 30, and December 31 of the previous year.

(3) Twenty-five percent of the state money must be allocated based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending December 31 of the previous year.

(4) Fifteen percent of the state money must be allocated at the discretion of the commissioner based on participation levels for target group members in each county.

(d) No more than 15 percent of the money allocated under paragraph (b) and no more than 15 percent of the money allocated under paragraph (c) may be used for administrative activities.

(e) At least 55 percent of the money allocated to counties under paragraph (c) must be used for employment and training services for caretakers in the target groups, and up to 45 percent of the money may be used for employment and training services for nontarget caretakers. One hundred percent of the money allocated to counties for case management services must be used to provide those services to caretakers in the target groups.

(f) Money appropriated to cover the nonfederal share of costs for bilingual case management services to refugees for the employment and training programs under this section are allocated to counties based on each county's proportion of the total statewide number of AFDC refugee cases. However, counties with less than one percent of the statewide number of AFDC refugee cases do not receive an allocation.

(g) Counties, the department of economic security, and entities under contract with either the department of economic security or the department of human services for provision of Project STRIDE related services shall bill the commissioner of human services for any expenditures incurred by the county, the county's employment and training service provider, or the department of economic security that may be reimbursed by federal money. The commissioner of human services shall bill the United States Department of Health and Human Services and the United States Department of Agriculture for the reimbursement and appropriate the reimbursed money to the county, the department of economic security, or employment and training service provider that submitted the original bill. The reimbursed money must be used to expand employment and training services.

(h) The commissioner of human services shall review county expenditures of case management and employment and training block grant money at the end of the third quarter of the biennium and each quarter after that, and may reallocate unencumbered or unexpended money allocated under this section to those counties that can demonstrate a need for additional money. Reallocation of funds must be based on the formula set forth in paragraph (a), excluding the counties that have not demonstrated a need for additional funds.

(i) The county agency may continue to provide case management and supportive services to a

participant for up to 90 days after the participant loses AFDC eligibility and may continue providing a specific employment and training service for the duration of that service to a participant if funds for the service are obligated or expended prior to the participant losing AFDC eligibility.

(j) One hundred percent of the money appropriated for an unemployed parent work experience program under section 256.737 must be allocated to counties based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending December 31 of the previous year.

(k) The commissioner may waive the requirement of paragraph (e) that case management funds be spent only on case management services in order to permit the development of a unified STRIDE funding allocation for each county agency. The unified allocation may be expended by the county agency for case management and employment and training activities in the proportion determined necessary to streamline administrative procedures and enhance program performance. The commissioner, in consultation with the commissioner of economic security, may also grant a waiver from program spending limits in paragraphs (d) and (e) to any county which can demonstrate increased program effectiveness through a written request to the department. Counties which request a waiver of the spending limits in paragraphs (d) and (e) shall amend their local service unit plans and receive approval of the plans prior to commencing the waiver. The commissioners of human services and economic security shall annually evaluate the effectiveness of all waivers approved under this subdivision.

(l) Effective July 1, 1995, the commissioner of human services shall begin developing a performance model for the purpose of analyzing each county's performance in the provision of STRIDE employment and training services. Beginning February 1, 1997, and each year thereafter, the commissioner of human services shall inform each county of the county's performance based upon the following measures:

- (1) employment rate at termination of STRIDE eligibility;
- (2) wage rate at termination of STRIDE eligibility;
- (3) average annual cost per placement calculated by dividing the total STRIDE expenditures by the number of participants placed in unsubsidized employment;
- (4) AFDC-UP participation rate;
- (5) percentage of 18- and 19-year-old custodial parents subject to secondary education requirements of subdivision 3b who complete secondary education or equivalent course of study; and
- (6) achievement of federally mandated JOBS participation rate.

Performance measures (1), (2), and (3) shall be adjusted to reflect local conditions.

County agencies must take the results of these performance measures into consideration when selecting employment and training service providers.

Sec. 18. Minnesota Statutes 1994, section 256.736, is amended by adding a subdivision to read:

Subd. 20. [SPECIAL PROVISIONS FOR PERSONS PARTICIPATING IN EDUCATIONAL PROGRAMS.] The provisions of this subdivision are applicable to all STRIDE participants, including those subject to subdivision 3b and section 256.737.

(a) When a high school equivalency program is selected as the appropriate educational option for any recipient eligible to participate under subdivision 3a, the recipient must participate in high school equivalency classroom instruction for at least six hours per week, meet the attendance and satisfactory progress requirements as defined by the employment and training service provider in consultation with the provider of the high school equivalency program, and concurrently work a monthly average of not less than 64 hours in employment paying at least minimum wage or in documented volunteer work for a public or nonprofit agency and agree to search for and accept any offer of suitable employment upon completion of the education. Hours spent assisting at a

licensed day care center shall count toward the weekly hours needed to fulfill the employment or volunteer requirement. "Volunteer work" shall include attendance at parenting skill classes. Failure to comply, without good cause, with this requirement shall result in the imposition of sanctions as specified in subdivision 4, clause (6).

(b) Concurrent with participation in post-secondary education or training approved in an employability development plan under subdivision 10, paragraph (a), clause (15), the participant must work at a minimum the number of hours per month prescribed by this subdivision in employment paying at least minimum wage or in documented volunteer work for a public or nonprofit agency and agree to search for and accept any offer of suitable employment upon completion of the education or training. For individuals who are participating in an educational program under this paragraph on a full-time basis as determined by the institution, there is no work requirement. For individuals participating in an educational program on a part-time basis as determined by the institution, the number of hours that a participant must work shall be increased or decreased in proportion to the number of credit hours being taken, with a maximum of eight hours weekly of work. Hours spent assisting at a licensed day care center shall count towards the weekly hours needed to fulfill the employment or volunteer requirement. "Volunteer work" shall include attendance at parenting skill classes.

Sec. 19. Minnesota Statutes 1994, section 256.737, subdivision 4, is amended to read:

Subd. 4. [GOOD CAUSE.] A caretaker shall have good cause for failure to cooperate if:

(1) the worksite participation adversely affects the caretaker's physical or mental health as verified by a physician, licensed or certified psychologist, physical therapist, vocational expert, or by other sound medical evidence; or

(2) the caretaker does not possess the skill or knowledge required for the work; or

(3) the caretaker's lack of proficiency in English is a barrier to employment, provided the caretaker is participating in an available intensive program which lasts no longer than six months and is designed to remedy the language deficiency. Individuals who, because of advanced age and lack of ability, are incapable of gaining proficiency in English, as determined by the county social worker, shall continue to be exempt under this subdivision and are not subject to the requirement that they be participating in a language program.

Sec. 20. Minnesota Statutes 1994, section 256.737, is amended by adding a subdivision to read:

Subd. 7. [INJURY PROTECTION FOR WORK EXPERIENCE PARTICIPANTS.] (a) Payment of any claims resulting from an alleged injury or death of a recipient participating in a community work experience program established and operated by a county pursuant to this section shall be determined in accordance with paragraph (b). This determination method applies to work experience programs established under aid to families with dependent children, work readiness, Minnesota parents' fair share, and to obligors participating in community services pursuant to section 518.551 in a county with an approved community investment program.

(b) Claims of \$1,000 or less that are subject to this section shall be investigated by the county agency responsible for supervising the work to determine if the claim is valid and if the loss is covered by the claimant's insurance.

The investigating county agency shall submit all valid claims to the department of human services. The department shall pay the portion of an approved claim that is not covered by the claimant's insurance within three months of the date of submission. On or before February 1 of each legislative session, the department shall submit to the appropriate committees of the senate and the house of representatives a list of claims paid during the preceding calendar year and shall be reimbursed by legislative appropriation for any claims that exceed the original appropriation provided to the department to operate this program. Any unspent money from this appropriation shall carry over to the second year of the biennium, and any unspent money remaining at the end of the second year shall be returned to the state general fund.

A claim in excess of \$1,000 and a claim that was not paid by the department may be presented to, heard, and determined by the appropriate committees of the senate and house of representatives and, if approved, shall be paid under the legislative claims procedure.

(c) Claims for permanent total disability, permanent partial disability, and death claims shall be referred to the commissioner of labor and industry for assessment. The commissioner of labor and industry shall verify the validity of the claim and recommend compensation. The compensation recommended must afford the same protection for on-site injuries at the same level and to the same extent as provided in chapter 176.

(d) Compensation paid under this section is limited to reimbursement for medical expenses and compensation for disability as impairment compensation or death. No compensation shall be paid under this section for pain and suffering or lost wages. Payments made under this section shall be reduced by any proceeds received by the claimant from any insurance policy covering the loss. For the purposes of this section, "insurance policy" does not include the medical assistance program authorized under chapter 256B or the general assistance medical care program authorized under chapter 256D.

(e) The procedure established by this section is exclusive of all other legal, equitable, and statutory remedies against the state, its political subdivisions, or employees of the state or its political subdivisions. The claimant shall not be entitled to seek damages from any state or county insurance policy or self-insurance program.

(f) A claim is not valid for purposes of this subdivision if the local agency responsible for supervising the work cannot verify:

(1) that appropriate safety training and information is provided to all persons being supervised by the agency under this subdivision; and

(2) that all programs involving work by those persons comply with federal Occupational Safety and Health Administration and state department of labor and industry safety standards. A claim that is not valid because of failure to verify safety training or compliance with safety standards will not be paid by the department of human services or through the legislative claims process and must be heard, decided, and paid, if appropriate, by the local government unit responsible for supervising the work of the claimant.

(g) This program is effective July 1, 1995. Claims may be submitted on or after November 1, 1995.

Sec. 21. Minnesota Statutes 1994, section 256.81, is amended to read:

256.81 [COUNTY AGENCY, DUTIES.]

(1) The county agency shall keep such records, accounts, and statistics in relation to aid to families with dependent children as the state agency shall prescribe.

(2) Each grant of aid to families with dependent children shall be paid to the recipient by the county agency unless paid by the state agency. Payment must be by check or electronic means except in those instances in which the county agency, subject to the rules of the state agency, determines that payments for care shall be made to an individual other than the parent or relative with whom the dependent child is living or to vendors of goods and services for the benefit of the child because such parent or relative is unable to properly manage the funds in the best interests and welfare of the child. There is a presumption of mismanagement of funds whenever a recipient is more than 30 days in arrears on payment of rent, except when the recipient has withheld rent to enforce the recipient's right to withhold the rent in accordance with federal, state, or local housing laws. In cases of mismanagement based solely on failure to pay rent, the county may vendor the rent payments to the landlord. At the request of a recipient, the state or county may make payments directly to vendors of goods and services, but only for goods and services appropriate to maintain the health and safety of the child, as determined by the county.

(3) The state or county may ask the recipient to give written consent authorizing the state or county to provide advance notice to a vendor before vendor payments of rent are reduced or terminated. Whenever possible under state and federal laws and regulations and if the recipient consents, the state or county shall provide at least 30 days notice to vendors before vendor payments of rent are reduced or terminated. If 30 days notice cannot be given, the state or county shall notify the vendor within three working days after the date the state or county becomes aware

that vendor payments of rent will be reduced or terminated. When the county notifies a vendor that vendor payments of rent will be reduced or terminated, the county shall include in the notice that it is illegal to discriminate on the grounds that a person is receiving public assistance and the penalties for violation. The county shall also notify the recipient that it is illegal to discriminate on the grounds that a person is receiving public assistance and the procedures for filing a complaint. The county agency may develop procedures, including using the MAXIS system, to implement vendor notice and may charge vendors a fee not exceeding \$5 to cover notification costs.

(4) A vendor payment arrangement is not a guarantee that a vendor will be paid by the state or county for rent, goods, or services furnished to a recipient, and the state and county are not liable for any damages claimed by a vendor due to failure of the state or county to pay or to notify the vendor on behalf of a recipient, except under a specific written agreement between the state or county and the vendor or when the state or county has provided a voucher guaranteeing payment under certain conditions.

(5) The county shall be paid from state and federal funds available therefor the amount provided for in section 256.82.

(6) Federal funds available for administrative purposes shall be distributed between the state and the counties in the same proportion that expenditures were made except as provided for in section 256.017.

(7) The affected county may require that assistance paid under the AFDC emergency assistance program in the form of a rental unit damage deposit, less any amount retained by the landlord to pay for property damage, be returned to the county when the assistance unit vacates the premises or paid to the recipient's new landlord as a vendor payment. The vendor payment of returned funds shall not be considered a new use of emergency assistance.

Sec. 22. Minnesota Statutes 1994, section 256.979, is amended by adding a subdivision to read:

Subd. 9. [ACCRUAL OF SUPPORT OBLIGATIONS.] The commissioner shall seek a waiver from the secretary of the Department of Health and Human Services to enable the agency to accrue child support payments received on behalf of both AFDC and non-AFDC clients until the sum total of the money owed by the state agency to the client is at least \$10. Obligors shall be assessed a processing fee of \$10 to be retained by the county agency in every instance when both of the following conditions exist:

- (1) the obligor pays less than the required monthly support obligation; and
- (2) that reduced payment would result in a child support payment to an AFDC or non-AFDC client of less than \$10 for that month.

Sec. 23. Minnesota Statutes 1994, section 256.983, subdivision 1, is amended to read:

Subdivision 1. [PROGRAMS ESTABLISHED.] Within the limits of available appropriations, and to the extent required or authorized by applicable federal regulations, the commissioner of human services shall require the establishment of fraud prevention investigation programs in the seven counties participating in the fraud prevention investigation pilot project established under section 256.983, and in 11 additional Minnesota counties with the largest aid to families with dependent children program caseloads as of July 1, 1991. If funds are sufficient, the commissioner may also extend fraud prevention investigation programs to: (1) other counties that have welfare fraud control programs already in place based on enhanced funding contracts covering the fraud investigation function; and (2) counties that have the largest AFDC caseloads as of July 1, 1994, and are not currently participating in the fraud prevention investigation pilot project. The pilot project may be expanded provided the expansion is budget neutral to the state.

Sec. 24. [256.986] [COUNTY COORDINATION OF FRAUD CONTROL ACTIVITIES.]

(a) The county agency shall prepare and submit to the commissioner of human services by January 1 of each year a plan to coordinate county duties related to the prevention, investigation, and prosecution of fraud in public assistance programs. Plans may be submitted on a voluntary basis prior to January 1, 1996. Each county must submit its first annual plan prior to January 1, 1997.

(b) Within the limits of appropriations specifically made available for this purpose, the commissioner may make grants to counties submitting plans under paragraph (a) to implement coordination activities.

Sec. 25. Minnesota Statutes 1994, section 256D.05, subdivision 6, is amended to read:

Subd. 6. [ASSISTANCE FOR PERSONS WITHOUT A VERIFIED RESIDENCE.] (a) For applicants or recipients of general assistance, emergency general assistance, or work readiness assistance who do not have a verified residence address, the county agency may provide assistance using one or more of the following methods:

(1) the county agency may provide assistance in the form of vouchers or vendor payments and provide separate vouchers or vendor payments for food, shelter, and other needs;

(2) the county agency may divide the monthly assistance standard into weekly payments, whether in cash or by voucher or vendor payment. Nothing in this clause prevents the county agency from issuing voucher or vendor payments for emergency general assistance in an amount less than the standards of assistance; and

(3) the county agency may determine eligibility and provide assistance on a weekly basis. Weekly assistance can be issued in cash or by voucher or vendor payment and can be determined either on the basis of actual need or by prorating the monthly assistance standard.

(b) An individual may verify a residence address by providing a driver's license; a state identification card; a statement by the landlord, apartment manager, or homeowner verifying that the individual is residing at the address; or other written documentation approved by the commissioner.

(c) Notwithstanding the provisions of section 256D.06, subdivision 1, if the county agency elects to provide assistance on a weekly payment basis, the agency may not provide assistance for a period during which no need is claimed by the individual unless the individual has good cause for failing to claim need. The individual must be notified, each time weekly assistance is provided, that subsequent weekly assistance will not be issued unless the individual claims need. The advance notice required under section 256D.10 does not apply to weekly assistance that is withheld because the individual failed to claim need without good cause.

(d) The county agency may not issue assistance on a weekly basis to an applicant or recipient who has professionally certified mental illness or mental retardation or a related condition, or to an assistance unit that includes minor children, unless requested by the assistance unit.

(e) For the purposes of paragraph (a), clauses (2) and (3), the county agency may divide the monthly assistance standard as follows: \$25 the first week, \$50 each of the second and third weeks, and the remainder the fourth week.

Sec. 26. Minnesota Statutes 1994, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) Except as provided in this subdivision, persons who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not categorically eligible under section 256D.05, subdivision 1, are eligible for the work readiness program for a maximum period of ~~six~~ one calendar ~~months~~ month during any 12 consecutive calendar month period, subject to the provisions of paragraph (d), subdivision 3, and section 256D.052, subdivision 4. The person's eligibility period begins on the first day of the calendar month following the date of application for assistance or following the date all eligibility factors are met, whichever is later; however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of benefits to complete the provisions of the person's employability development plan. After July 1, 1992, if orientation is available within three weeks after the date eligibility is determined, initial payment will not be made until the registrant attends orientation to the work readiness program. Prior to terminating work readiness assistance the county agency must provide advice on the person's eligibility for general assistance medical care and must assess the person's eligibility for general assistance under section 256D.05 to the extent possible using information in the case file, and determine the

person's eligibility for general assistance. A determination that the person is not eligible for general assistance must be stated in the notice of termination of work readiness benefits.

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

(c) Except for family members who must participate in work readiness services under the provisions of section 256D.05, subdivision 1, clause (15), any person who would be defined for purposes of the food stamp program as being enrolled or participating at least half-time in an institution of higher education or a post-secondary program is ineligible for the work readiness program. Post-secondary education does not include the following programs: (1) high school equivalency; (2) adult basic education; (3) English as a second language; (4) literacy training; and (5) skill-specific technical training that has a course of study of less than three months, that is not paid for using work readiness funds, and that is specified in the work readiness employability development plan developed with the recipient prior to the recipient beginning the training course.

(d) Notwithstanding the provisions of sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits due to exhaustion of the period of eligibility specified in paragraph (a) or (d).

#### Sec. 27. [256D.0511] [LUMP-SUM PAYMENTS.]

A person who is temporarily ineligible for AFDC due to a lump-sum payment is also ineligible for general assistance and work readiness benefits for the same duration unless the person demonstrates that the lump-sum payment was used for basic needs, which includes education, training and work expenses necessary to become economically self-sufficient, and medical expenses.

Sec. 28. Minnesota Statutes 1994, section 256D.09, is amended by adding a subdivision to read:

Subd. 5. [VENDOR PAYMENTS TO LANDLORDS.] The affected county may require that assistance paid under the emergency general assistance program in the form of a rental unit damage deposit, less any amount retained by the landlord to pay for property damage, be returned to the county when the recipient vacates the premises or paid to the recipient's new landlord as a vendor payment. The vendor payment of returned funds shall not be considered a new use of emergency assistance.

Sec. 29. Minnesota Statutes 1994, section 256D.09, is amended by adding a subdivision to read:

Subd. 6. [RECOVERY OF OVERPAYMENTS.] (a) If an amount of general assistance, family general assistance, or work readiness assistance is paid to a recipient in excess of the payment due, it shall be recoverable by the county agency. The agency shall give written notice to the recipient of its intention to recover the overpayment.

(b) When an overpayment occurs, the county agency shall recover the overpayment from a current recipient by reducing the amount of aid payable to the assistance unit of which the recipient is a member, for one or more monthly assistance payments, until the overpayment is repaid. All county agencies in the state shall reduce the assistance payment by three percent of the assistance unit's standard of need or the amount of the monthly payment, whichever is less, for all overpayments whether or not the overpayment is due solely to agency error. The amount of this reduction is ten percent if the overpayment is due solely to having wrongfully obtained assistance whether based on:

(1) a court order;

(2) the finding of an administrative fraud disqualification hearing or the waiver of such a hearing; or

(3) a confession of judgment containing an admission of an intentional program violation.

In cases when there is both an overpayment and underpayment, the county agency shall offset one against the other in correcting the payment.

(c) Overpayments may also be voluntarily repaid, in part or in full, by the individual, in addition to the aid reductions provided in this subdivision, until the total amount of the overpayment is repaid.

(d) The county agency shall make reasonable efforts to recover overpayments to persons no longer on assistance under standards adopted in rule by the commissioner. The county agency need not attempt to recover overpayments of less than \$35 paid to an individual no longer on assistance if the individual does not receive assistance again within three years, unless the individual has been convicted of violating section 256.98.

**Sec. 30. [MINNESOTA PARENTS' FAIR SHARE; MANDATORY COMMUNITY WORK EXPERIENCE.]**

The Minnesota parents' fair share pilot project shall include a mandatory community work experience component for participants who fail to comply with the requirements of the pilot project.

**Sec. 31. [FEDERAL WAIVER PACKAGE.]**

Subdivision 1. [REQUEST.] The commissioner of human services shall make a single request for the waivers listed in this section to the United States Department of Health and Human Services. The waivers in the package support and encourage AFDC recipients to move from reliance on welfare to self-sufficiency. The commissioner shall explore alternatives to the federally required waiver evaluation process in an effort to reduce evaluation costs and develop a cost-effective evaluation process for the waiver package in this section. While also exploring other possible alternatives, the commissioner shall investigate the feasibility of the following: (1) one evaluation for the entire waiver package; (2) consolidation of evaluation efforts for the same or similar waiver with another state; and (3) completion of the evaluation internally, possibly by the office of legislative auditor. The commissioner shall notify the revisor of statutes when each waiver is approved by the federal government.

Subd. 2. [WAIVER TO DISALLOW PARENTAL INCOME OF A PREGNANT OR PARENTING MINOR LIVING WITH PARENTS.] The commissioner shall seek the following waivers: (1) from the filing unit requirement in Code of Federal Regulations, title 45, section 206.10(a)(1)(vii), for minor parents living with a parent on AFDC with other dependent children, resulting in the minor parent receiving the same separate need standard available if the minor parent's parent was not on AFDC; (2) to disregard all parental income if the parent is on AFDC with other children; and (3) if the parent is not on AFDC with other children, to disregard income equal to 150 percent of the federal poverty guideline for a family size not including the minor parent and the minor parent's child and deem the remainder of income under Code of Federal Regulations, title 45, section 233.20(a)(3)(xviii). If the commissioner experiences barriers or complications in preparing the waiver under this subdivision, the commissioner shall report back to the legislature for clarification without delaying the requests for other waivers under this section. The commissioner shall also explore the impact of waivers under this subdivision on other programs and report to the legislature potential waivers necessary to provide consistency across programs. The general policy in requesting these waivers is to keep the family intact and give the minor parent, the dependent child, and the grandparent an incentive to continue living together as a family.

Subd. 3. [WAIVER TO ALLOW START WORK OFFSET.] The commissioner shall seek a waiver of the federal regulation which requires the state to recover AFDC overpayments from the assistance unit if the overpayment occurred in the month the assistance unit started working and the overpayment resulted from the assistance unit's increased earnings. This "start work offset" is available to an assistance unit every two years.

Subd. 4. [WAIVER OF THE 100-HOUR RULE; WORK HISTORY REQUIREMENT; 30-DAY WAITING PERIOD REQUIREMENT.] The commissioner shall seek a waiver to eliminate the 100-hour rule under Code of Federal Regulations, title 45, section 233.100(a)(1)(i); the eligibility requirement for past employment history under Code of Federal Regulations, title

45, section 233.100(a)(3)(iii); and the requirement for a 30-day waiting period under Code of Federal Regulations, title 45, section 233.100(a)(3)(i).

Subd. 5. [WAIVER OF MOTOR VEHICLE RESOURCE LIMIT.] The commissioner shall seek a waiver to increase the maximum equity value of a licensed motor vehicle, which can be excluded as a resource under the federal regulations, from \$1,500 to the level permitted under the federal Food Stamp Program. This waiver is essential for AFDC recipients who need reliable transportation to participate in education, work, and training to become self-sufficient.

Subd. 6. [WAIVER TO ALLOW STUDENTS TO EARN INCOME.] The commissioner shall seek a waiver of the federal regulation which includes the earned income of dependent children and minor caretakers who are attending school at least half time when determining eligibility for AFDC. The commissioner shall also seek a waiver which allows savings set aside in a separate account designated specifically for future education or employment needs to be excluded from the AFDC resource limits.

Subd. 7. [WAIVER OF GUARANTEED CHILD CARE FOR AFDC RECIPIENTS AND RELATED STUDY.] The commissioner shall seek a waiver of the requirement that child care be guaranteed to an AFDC recipient under Minnesota Statutes, section 256H.05, for the purposes of the program being evaluated under this section which will allow an AFDC recipient to earn income without terminating AFDC eligibility. The commissioner shall examine, within the commissioner's existing budget, the feasibility of allowing public assistance recipients to work part-time, up to a certain level, without affecting the AFDC grant, which will provide the recipient with work experience, confidence in the employment environment, and an opportunity to earn money in order to move from AFDC and to self-sufficiency. The commissioner shall examine "fill-the-gap" budgeting and other possibilities that allow a recipient to earn income without terminating the AFDC grant. The commissioner shall also explore the ancillary issues related to allowing the earned income exception, and report the different options available, the feasibility of implementing each option, and the costs and savings associated with the implementation of each option to the 1996 legislature.

Subd. 8. [IMPLEMENTATION.] The commissioner shall implement the program changes authorized under this subdivision promptly upon approval of the waiver, provided all conditions are met under Minnesota Statutes, section 256.01, subdivision 2, clause (12).

Subd. 9. [EVALUATION.] If any of the federal waivers are granted, the commissioner shall evaluate the program changes according to federal waiver requirements and, if necessary, submit reports to the legislature within a time frame consistent with the evaluation criteria that are established.

### Sec. 32. [MAXIMIZING MAXIS; FRAUD RECOVERY EFFORTS.]

The commissioner of human services shall submit a plan to the legislature by December 1, 1995, to maximize the capability of the MAXIS system to aid in fraud control. The commissioner shall explore ways of using the MAXIS system to establish or expand recovery efforts, certify debts, and collect overpayments due to fraud, client error, or agency error in all state and federally funded public assistance programs. The commissioner shall also make recommendations for sharing recovered revenues under this program with counties to provide incentives to both the state and county to begin or maintain aggressive recovery efforts.

### Sec. 33. [COUNTY DESIGN; WORK FOCUSED PROGRAM.]

The commissioner of human services shall issue a request for proposals from counties to submit a plan for developing and implementing a county-designed program. The plan shall be for first-time applicants for aid to families with dependent children (AFDC) and family general assistance (FGA) and must emphasize the importance of becoming employed and oriented into the work force in order to become self-sufficient. If the plan is cost-neutral to the state and approved by the commissioner, the county may implement the plan. If the plan is approved by the commissioner, but a federal waiver is necessary to implement the plan, the commissioner shall apply for the necessary federal waivers. If the plan is approved but is not cost-neutral to the state, the commissioner shall report to the 1996 legislature the cost implications related to the county-designed plan.

## Sec. 34. [RESTRUCTURING OF PUBLIC ASSISTANCE.]

(a) The commissioners of human services and economic security shall develop a plan for first-time applicants for aid to families with dependent children (AFDC) and family general assistance (FGA) in order to assure that, during the first six months of eligibility, first-time applicants for AFDC and FGA receive the following in lieu of AFDC or FGA benefits:

- (1) immediate and enhanced job search and placement activities;
- (2) subsidized employment in the private or public sector or a placement in a community service job that pays wages up to the value of AFDC or FGA is required if an unsubsidized job is not located within the first 60 days, or at an earlier date recommended by the commissioners;
- (3) priority help in establishing child support enforcement;
- (4) child care assistance for job search activities and employment;
- (5) eligibility for medical care; and
- (6) vendor payments for need items included in the AFDC consolidated standard of assistance under the state plan.

(b) The commissioners shall consider to what extent exceptions should be made for:

(1) a person who is suffering from a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(2) a person whose presence in the home on a substantially continuous basis is required because of the professionally certified illness, injury, incapacity, or the age of another member of the household;

(3) a person who has been placed in, and is residing in, a licensed or certified facility for purposes of physical or mental health or rehabilitation or in an approved chemical dependency domiciliary facility, if the placement is based on illness or incapacity and a plan developed or approved by the county agency through its director or designated representative;

(4) a person who resides in a shelter facility described in section 256D.05, subdivision 3;

(5) a person not described in clause (1) or (3) who is diagnosed by a licensed physician, licensed psychologist, or other qualified professional as mentally retarded or mentally ill and that condition prevents the person from obtaining or retaining employment;

(6) a person who has an application pending for, or is appealing termination of benefits from, the Social Security Disability program or the program of Supplemental Security Income for the aged, blind, and disabled, provided the person has a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(7) a person who is unable to obtain or retain employment because advanced age significantly affects the person's ability to seek or engage in substantial work; and

(8) a pregnant woman, if there is medical verification that the child is expected to be born within the next six months.

(c) The commissioners shall present to the 1996 legislature a statewide implementation plan, which includes employability assessment criteria, feasibility of colocation of services, and a description of the modifications that the commissioners recommend, and will be phased in starting in counties designated by the commissioners. The plan must identify needed federal waivers, evaluation criteria, state plan amendments, and other approvals necessary under the AFDC and job opportunities and basic skills (JOBS) programs. The commissioners' plan must include implementation of the project by October 1, 1996, or after the necessary waivers are approved, whichever is later.

Sec. 35. [RESTRUCTURING OF PROJECT STRIDE.]

The commissioners of human services and economic security shall develop recommendations to restructure the program entitled "success through reaching individual development and employment" (STRIDE), under Minnesota Statutes, sections 256.73 to 256.739, to effectively and efficiently employ AFDC recipients. The commissioners shall identify modifications necessary to implement the following principles:

- (1) employment as the expected program outcome;
- (2) training and education used primarily to enhance job skills of employed participants;
- (3) adequate support services available until the recipient achieves employment that provides wages that enable the recipient to be self-sufficient;
- (4) aggressive development of job markets;
- (5) extended post-placement follow-up to retain current employment or move to better jobs;
- (6) concurrent services which combine education and employment;
- (7) certain categories of AFDC recipients shall be required to participate in STRIDE services after two years within the limits of available funding; and
- (8) failure to participate will result in termination of assistance for noncompliant participants under the Family Support Act of 1988.

The commissioners shall present to the 1996 legislature a plan which includes specific categories of mandatory participants and a description of the modifications that the commissioners recommend within existing appropriations. The proposal must identify needed federal waivers, state plan amendments, and other approvals necessary under the AFDC and JOBS programs.

Sec. 36. [CHILD CARE COOPERATIVES.]

A county may collaborate and coordinate efforts with school districts, local youth centers, and other organizations to provide cooperative child care services at a convenient location and provide a low-cost alternative to day care services. The county may collaborate with the local school district or an organization near a school. The county is encouraged to explore other nontraditional suitable locations for community day care services and consult with parents and others who are interested in establishing a day care cooperative.

Parents must be given an opportunity to participate in the child care cooperatives. Incentives offered to parents to participate in the cooperative may include reduced day care costs for an appropriate amount of time or a few hours of free child care that provides a parent with a short respite.

For purposes of the collaborative effort, the county may request a waiver of Minnesota Rules, part 9565.5025, subpart 2, to implement the program. This waiver would reduce the barriers the applicant faces when applying for child care by specifically allowing the applicant to initially declare income, instead of being required to document income. The county may also request a waiver of rules related to day care requirements to provide more flexibility in developing and implementing the cooperative.

Sec. 37. [SEAMLESS CHILD CARE SYSTEM.]

The commissioner of human services shall examine the feasibility of implementing a seamless child care system statewide by July 1, 1996. The seamless child care system must provide a consistent approach to administering child care by consolidating the different child care programs under Minnesota Statutes, chapter 256H, and Minnesota Statutes, section 136A.125, streamlining all child care funding available under Minnesota Statutes, chapter 256H, and Minnesota Statutes, section 136A.125, and making consistent the laws and rules to govern the child care system.

The commissioner shall report to the legislature by November 1995. The report must contain recommendations as to how to develop and implement the system statewide, proposed uniform

eligibility criteria, a list of necessary federal waivers, a list of the statutes and rules that must be repealed or amended, and an estimate of state and county savings resulting from the reduction in administrative duties.

Sec. 38. [APPROPRIATIONS.]

"Section 1. Minnesota Statutes 1994, section 62Q.165, is amended to read:

62Q.165 [UNIVERSAL COVERAGE.]

(a) ~~It is the commitment of the state to achieve universal health coverage for all Minnesotans by July 1, 1997. In order to achieve this commitment, the following goals must be met:~~

~~(1) every Minnesotan shall have health coverage and shall contribute to the costs of coverage based on ability to pay;~~

~~(2) no Minnesotan shall be denied coverage or forced to pay more because of health status;~~

~~(3) quality health care services must be accessible to all Minnesotans;~~

~~(4) all health care purchasers must be placed on an equal footing in the health care marketplace; and~~

~~(5) a comprehensive and affordable health plan must be available to all Minnesotans. Universal coverage is achieved when:~~

~~(1) every Minnesotan has access to a full range of quality health care services;~~

~~(2) every Minnesotan is able to obtain affordable health coverage which pays for the full range of services, including preventive and primary care; and~~

~~(3) every Minnesotan pays into the health care system according to that person's ability.~~

~~(b) It is the goal of the state to make continuous progress toward reducing the number of Minnesotans who do not have health coverage so that by January 1, 2000, fewer than four percent of the state's population will be without health coverage. The goal will be achieved by improving access to private health coverage through insurance reforms and market reforms, by making health coverage more affordable for low-income Minnesotans through purchasing pools and state subsidies, and by reducing the cost of health coverage through cost containment programs and methods of ensuring that all Minnesotans are paying into the system according to their ability.~~

(5) a person from a community-based organization with experience in redevelopment.

No more than five members may be of the same gender. Each year, the board shall select a member to serve as chair of the board.

Subd. 2. [COMPENSATION.] The metropolitan council shall pay board members' per diem and expenses as provided in section 15.059, subdivision 3, except that per diem shall be paid only for days in which the member attends one or more meetings as authorized by the board. The metropolitan council shall include in its budget anticipated expenditures for board members' per diem and expenses.

Subd. 3. [ADMINISTRATIVE SUPPORT.] The metropolitan council shall provide meeting space, staff, and administrative support for the board and shall distribute available funds according to the annual plan prepared by the board and approved by the council, as provided for in subdivision 4.

Subd. 4. [POWERS AND DUTIES.] (a) The board shall establish criteria for uses of the fund provided in section 473.251 that are consistent with and promote the purposes of this article and the policies of the metropolitan development guide adopted by the metropolitan council.

(b) The board shall establish guidelines for the livable community demonstration projects account that the board would consider funding with either grants or loans. The guidelines must provide that the projects will:

(1) help change long-term market incentives that adversely impact creation and preservation of living-wage jobs in the fully developed area;

(2) create incentives for developing communities to include a full range of housing opportunities;

(3) create incentives to preserve and rehabilitate affordable housing in the fully developed area; and

(4) create incentives for all communities to implement compact and efficient development. Such projects may include one of any combination of the following:

(i) projects which interrelate development or redevelopment and transit;

(ii) projects which interrelate affordable housing and employment growth areas;

(iii) projects which intensify land use that leads to more compact development or redevelopment;

(iv) projects which involve development or redevelopment that mixes incomes of residents in housing, including introducing or reintroducing higher value housing in lower income areas to achieve a mix of housing opportunities; or

(v) encourage public infrastructure investments that will attract private sector development.

(c) The board shall establish guidelines governing who may apply for a grant or loan from the fund, providing priority for proposals using innovative partnerships between government, private for-profit, and nonprofit sectors.

(d) The board shall prepare and submit to the metropolitan council an annual plan for distribution of the fund based on the board's criteria for project and applicant selection. The council shall either approve the whole plan or disapprove the whole plan. If the council disapproves the plan, the council shall return it to the board with the council's reasons for disapproval and the board shall consider the council's reasons in revising and resubmitting the plan to the council for approval or disapproval.

(e) The board shall prepare and submit to the council and the legislature, as provided in section 3.195, an annual report on the metropolitan livable communities fund. The report must include information on the amount of money in the fund, the amount distributed, to whom the funds were distributed and for what purposes, and an evaluation of the effectiveness of the projects funded in meeting the policies and goals of the board and council. The report may make recommendations to the legislature on changes to this act.

Sec. 2. [473.251] [FUND ESTABLISHED.]

Subdivision 1. [GENERAL.] The metropolitan livable communities fund is created and consists of the following accounts:

(1) the tax base revitalization account;

(2) the livable communities demonstration account; and

(3) the local housing incentives account.

Subd. 2. [TAX BASE REVITALIZATION ACCOUNT.] The council shall credit to a tax base revitalization account within the fund the amount provided for under section 473.167, subdivision 3a, paragraph (b), and the amount distributed to the council pursuant to section 473F.08, subdivision 3b. The purpose of this account is to provide funds for polluted land cleanup to encourage commercial and industrial redevelopment that will lead to the preservation or growth of living-wage jobs and enhance the tax base of the recipient community. The funds may also be used as a portion of the local match requirement for project costs that qualify for a grant under sections 116J.551 to 116J.57.

Subd. 3. [LIVABLE COMMUNITIES DEMONSTRATION ACCOUNT.] The council shall credit to the livable communities demonstration account within the fund the revenues from the tax levied under this subdivision and from the sale of the assets under subdivision 4. The purpose of this account is to fund the initiatives specified in section 1, subdivision 4, paragraph (b). The council shall levy a tax on all taxable property in the metropolitan area for the livable communities demonstration account. This tax shall be levied and collected in the manner provided by section 473.13. The levy shall not exceed the following amount for the years specified:

(a)(1) for taxes payable in 1996, 75 percent of (i) the metropolitan mosquito control commission's property tax levy limit for 1995 as determined under section 473.711, subdivision 2, multiplied by (ii) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan area for the current taxes payable year divided by the total market valuation of all taxable property located in the metropolitan area for the previous taxes payable year; and

(2) for taxes payable in 1997 and subsequent years, the product of (i) the property tax levy limit under this subdivision for the previous year multiplied by (ii) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan area for the current taxes payable year divided by the total market valuation of all taxable property located in the metropolitan area for the previous taxes payable year.

For the purposes of this subdivision, "total market valuation" means the total market valuation of all taxable property within the metropolitan area without valuation adjustments for fiscal disparities under chapter 473F, tax increment financing under sections 469.174 to 469.179, and high voltage transmission lines under section 273.425.

(b) The metropolitan council, for the purposes of the fund, is considered a unique taxing jurisdiction for purposes of receiving aid pursuant to section 273.1398. For aid to be received in 1996, the fund's homestead and agricultural credit base shall equal 75 percent of the metropolitan mosquito control commission's certified homestead and agricultural credit aid for 1995, determined under section 273.1398, subdivision 2, less any permanent aid reduction under section 477A.0132. For aid to be received under section 273.1398 in 1997 and subsequent years, the fund's homestead and agricultural credit base shall be determined in accordance with section 273.1398, subdivision 1.

Subd. 4. [LOCAL HOUSING INCENTIVES ACCOUNT; DISTRIBUTION.] The council shall credit to the local housing incentives account within the fund the revenues distributed by a municipality under paragraph (c), clause (1). The purpose of this account is to expand and preserve affordable and life-cycle housing opportunities throughout the metropolitan area. For the purposes of this subdivision, "municipality" means a statutory or home rule charter city or town in the metropolitan area.

(a) The council shall negotiate with each municipality to establish affordable and life-cycle housing goals for that municipality that are consistent with and promote the policies of the metropolitan council as provided in the adopted metropolitan development guide. The council, with the assistance of the board, shall also identify actions a municipality may take to meet the municipality's goals. Each municipality must report to the council by January 15 of each year, the following:

(1) the tax revenues defined in paragraph (e) that were levied in the prior year;

(2) the portion of the revenues that were spent on meeting the municipality's affordable and life-cycle housing goals; and

(3) information on how the expenditures directly support the municipality's efforts to meet its affordable and life-cycle housing goals.

The council shall certify each municipality's compliance with this paragraph.

(b) A municipality that is determined by the council to have met its affordable and life-cycle housing goals in the previous year may retain the amount calculated under paragraph (e) to maintain existing affordable and life-cycle housing.

(c) A municipality that is determined by the council not to have met the affordable and life-cycle housing goals in the previous year, as negotiated and agreed to with the council, shall either: (1) distribute the amount calculated under paragraph (e) to the local housing incentives account; or (2) retain the amount calculated under paragraph (e) to create affordable and life-cycle housing as approved by the council.

(d) If a municipality can demonstrate to the council that it is already expending an amount equal to or greater than the amount calculated under paragraph (e) on affordable and life-cycle

housing, the municipality is not required to expend any additional levels to meet the affordable and life-cycle housing goals established under paragraph (a).

(e)(1) By July 1, 1995, each county assessor shall certify each municipality's average residential homestead limited market value for the 1993 assessment year, including the value of the farm house, garage, and one acre only in the case of farm homesteads, multiplied by a factor of two, as the municipality's "market value base amount." (2) By July 1, 1995, and each succeeding year, for each municipality, the county assessor shall determine which homesteads have market values in excess of the municipality's market value base amount and shall certify the aggregate net tax capacity corresponding to the amount by which those homesteads' market values exceed the municipality's market value base amount as the "net tax capacity excess amount" for the assessment year corresponding to the current taxes payable year. By July 1, 1995, the county assessor shall also certify the net tax capacity excess amount for taxes payable in 1994. (3) By July 1, 1995, and each succeeding year, the county assessor shall also certify each municipality's average total net tax capacity tax rate for the current taxes payable year. (4) By August 1, 1995, and each succeeding year, the metropolitan council shall notify each municipality of its "affordable and life-cycle housing opportunities amount" for taxes payable in 1996 and for each succeeding taxes payable year, equal to 40 percent of the amount, if any, by which the net tax capacity excess amount for the current year exceeds the amount for taxes payable in 1994 multiplied by the average total net tax capacity tax rate certified in clause (3).

### Sec. 3. [2025 REPORT.]

The metropolitan council shall report to the legislature by January 15, 1996, on the probable development patterns in and affecting the metropolitan area by the year 2025 under various scenarios, including the present course of growth versus directed, compact, and efficient development. The report should consider impacts on the greater metropolitan region, including within it counties in which five percent or more of residents commute to employment in the present metropolitan region or which are part of the metropolitan area as defined by the U.S. Department of Commerce Standard Metropolitan Statistical Area.

### Sec. 4. [APPLICATION.]

This article applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.

### Sec. 5. [EFFECTIVE DATE.]

This article is effective the day after final enactment. Section 2 is effective for taxes levied in 1995 and payable in 1996, and subsequent years.

## ARTICLE 2

### MISCELLANEOUS AMENDMENTS

Section 1. Minnesota Statutes 1994, section 116J.556, is amended to read:

#### 116J.556 [LOCAL MATCH REQUIREMENT.]

(a) In order to qualify for a grant under sections 116J.551 to 116J.557, the municipality must pay for at least one-half of the project costs as a local match. The municipality shall pay an amount of the project costs equal to at least ~~18~~ five percent of the cleanup costs from the municipality's general fund, a property tax levy for that purpose, or other unrestricted money available to the municipality (excluding tax increments). These unrestricted moneys may be spent for project costs, other than cleanup costs, and qualify for the local match payment equal to ~~18~~ five percent of cleanup costs. The rest of the local match may be paid with tax increments, regional, state, or federal money available for the redevelopment of brownfields or any other money available to the municipality.

(b) If the development authority establishes a tax increment financing district or hazardous substance subdistrict on the site to pay for part of the local match requirement, the district or subdistrict is not subject to the state aid reductions under section 273.1399. In order to qualify for the exemption from the state aid reductions, the municipality must elect, by resolution, on or

before the request for certification is filed that all tax increments from the district or subdistrict will be used exclusively to pay (1) for project costs for the site and (2) administrative costs for the district or subdistrict. The district or subdistrict must be decertified when an amount of tax increments equal to no more than three times the costs of implementing the response action plan for the site and the administrative costs for the district or subdistrict have been received, after deducting the amount of the state grant.

Sec. 2. Minnesota Statutes 1994, section 473.167, subdivision 2, is amended to read:

Subd. 2. [LOANS FOR ACQUISITION.] The council may make loans to counties, towns, and statutory and home rule charter cities within the metropolitan area for the purchase of property within the right-of-way of a state trunk highway shown on an official map adopted pursuant to section 394.361 or 462.359 or for the purchase of property within the proposed right-of-way of a principal or intermediate arterial highway designated by the council as a part of the metropolitan highway system plan and approved by the council pursuant to subdivision 1. The loans shall be made by the council, from the fund established pursuant to this subdivision, for purchases approved by the council. The loans shall bear no interest. The council shall make loans only: (1) to accelerate the acquisition of primarily undeveloped property when there is a reasonable probability that the property will increase in value before highway construction, and to update an expired environmental impact statement on a project for which the right-of-way is being purchased; (2) to avert the imminent conversion or the granting of approvals which would allow the conversion of property to uses which would jeopardize its availability for highway construction; or (3) to advance planning and environmental activities on highest priority major metropolitan river crossing projects, under the transportation development guide chapter/policy plan. The council shall not make loans for the purchase of property at a price which exceeds the fair market value of the property or which includes the costs of relocating or moving persons or property. A private property owner may elect to receive the purchase price either in a lump sum or in not more than four annual installments without interest on the deferred installments. If the purchase agreement provides for installment payments, the council shall make the loan in installments corresponding to those in the purchase agreement. The recipient of an acquisition loan shall convey the property for the construction of the highway at the same price which the recipient paid for the property. The price may include the costs of preparing environmental documents that were required for the acquisition and that were paid for with money that the recipient received from the loan fund. Upon notification by the council that the plan to construct the highway has been abandoned or the anticipated location of the highway changed, the recipient shall sell the property at market value in accordance with the procedures required for the disposition of the property. All rents and other money received because of the recipient's ownership of the property and all proceeds from the conveyance or sale of the property shall be paid to the council. If a recipient is not permitted to include in the conveyance price the cost of preparing environmental documents that were required for the acquisition, then the recipient is not required to repay the council an amount equal to 40 percent of the money received from the loan fund and spent in preparing the environmental documents. The proceeds of the tax authorized by subdivision 3 and distributed to the right-of-way acquisition loan fund pursuant to subdivision 3a, paragraph (a), all money paid to the council by recipients of loans, and all interest on the proceeds and payments shall be maintained as a separate fund. For administration of the loan program, the council may expend from the fund each year an amount no greater than three percent of the amount of the ~~authorized levy~~ proceeds distributed to the right-of-way acquisition loan fund pursuant to subdivision 3a, paragraph (a), for that year.

Sec. 3. Minnesota Statutes 1994, section 473.167, subdivision 3, is amended to read:

Subd. 3. [TAX.] The council may shall levy a tax on all taxable property in the metropolitan area, as defined in section 473.121, to provide funds for loans made pursuant to subdivisions 2 and 2a and for the tax base revitalization account in the metropolitan livable communities fund, established under section 473.251, subdivision 3. This tax for the right-of-way acquisition loan fund and the tax base revitalization account shall be certified by the council, levied, and collected in the manner provided by section 473.13. The tax shall be in addition to that authorized by section 473.249 and any other law and shall not affect the amount or rate of taxes which may be levied by the council or any metropolitan agency or local governmental unit. The amount of the levy shall be as determined and certified by the council, ~~except as otherwise provided in this subdivision.~~

The property tax levied by the metropolitan council for the right-of-way acquisition loan fund

and the tax base revitalization account shall not exceed the following amount for the years specified:

(a) for taxes payable in 1988, the product of 5/100 of one mill multiplied by the total assessed valuation of all taxable property located within the metropolitan area as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

(b) for taxes payable in 1989, except as provided in section 473.249, subdivision 3, the product of (1) the metropolitan council's property tax levy limitation for the right-of-way acquisition loan fund for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property located within the metropolitan area divided by the assessment year 1987 total market valuation of all taxable property located within the metropolitan area;

(c) for taxes payable in 1990, an amount not to exceed \$2,700,000; and

(d) for taxes payable in 1991 and subsequent years, the product of (1) the metropolitan council's property tax levy limitation for the right-of-way acquisition loan fund for the taxes payable in 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan area for the current taxes payable year divided by the total market valuation of all taxable property located within the metropolitan area for taxes payable in 1988.

For the purpose of determining the metropolitan council's property tax levy limitation for the right-of-way acquisition loan fund and tax base revitalization account in the metropolitan livable communities fund, under section 473.251, subdivision 3, for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property within the metropolitan area without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

~~The property tax levied under this subdivision for taxes payable in 1988 and subsequent years shall not be levied at a rate higher than that determined by the metropolitan council to be sufficient, considering the other anticipated revenues of and disbursements from the right of way acquisition loan fund, to produce a balance in the loan fund at the end of the next calendar year equal to twice the amount of the property tax levy limitation for taxes payable in the next calendar year determined under this section.~~

Sec. 4. Minnesota Statutes 1994, section 473.167, is amended by adding a subdivision to read:

Subd. 3a. [DISTRIBUTION OF TAX PROCEEDS.] (a) Right-of-way acquisition loan fund. Tax proceeds shall first be deposited into the right-of-way acquisition loan fund in an amount determined by the metropolitan council to be sufficient, considering the other anticipated revenues of and disbursements from the right-of-way acquisition loan fund, to produce a balance in the loan fund at the end of the next calendar year equal to twice the amount of the property tax levy limitation for taxes payable in the next calendar year determined under subdivision 3.

(b) Metropolitan livable communities tax base revitalization account. Any tax proceeds not first deposited into the right-of-way acquisition loan fund shall be distributed to the tax base revitalization account in the metropolitan livable communities fund, established under section 473.251, subdivision 3.

Sec. 5. Minnesota Statutes 1994, section 473.702, is amended to read:

473.702 [ESTABLISHMENT OF DISTRICT; PURPOSE; AREA; GOVERNING BODY.]

The area of the district is the metropolitan area excluding the part of Carver county west of the west line of township 116N, range 24W, township 115N, range 24W, and township 114N, range 24W. Sec. 6. Minnesota Statutes 1994, section 473.704, subdivision 2, is amended to read:

Subd. 2. It may undertake disease control programs in the district in accordance with expert and technical plans.

Sec. 7. Minnesota Statutes 1994, section 473.704, subdivision 3, is amended to read:

Subd. 3. It may employ and fix the duties and compensation of a director who shall develop the disease control programs of the district and shall supervise its execution; such director shall have studied both the science of entomology and the science of epidemiology and shall be either an entomologist or an epidemiologist.

Sec. 8. Minnesota Statutes 1994, section 473.704, subdivision 5, is amended to read:

Subd. 5. It may employ such other persons and contract for such other services as may be needed to carry out the disease control programs in the district, except that no person may be employed by the commission who is related to any commissioner.

Sec. 9. Minnesota Statutes 1994, section 473.704, subdivision 6, is amended to read:

Subd. 6. It may reimburse commissioners and employees for expenses necessarily incurred or paid in performance of their duties and provide per diem ~~as provided by section 473.141, subdivision 7~~ in the amount specified in section 15.059, subdivision 3.

Sec. 10. Minnesota Statutes 1994, section 473.704, subdivision 7, is amended to read:

Subd. 7. It may purchase materials, supplies, and equipment as may be necessary to carry out the disease control programs in the district.

Subd. 8. It may accept gifts of property for disease control program purposes.

Sec. 12. Minnesota Statutes 1994, section 473.704, subdivision 13, is amended to read:

Subd. 13. It may enter into agreements with counties, cities or towns of the state of Minnesota outside of the district to conduct disease control program activities in these political subdivisions in order to effectuate disease control programs in the district and subdivisions.

Sec. 13. Minnesota Statutes 1994, section 473.704, subdivision 17, is amended to read:

Subd. 17. Members of the commission, its officers, and employees, while on the business of the commission, may enter upon any property within or outside the district at reasonable times to determine the need for disease control programs. They may take all necessary and proper steps for the control programs on property within the district as the director of the commission may designate. Subject to the paramount control of the county and state authorities, commission members and officers and employees of the commission may enter upon any property and clean up any stagnant pool of water, the shores of lakes and streams, and other breeding places for mosquitoes within the district. The commissioner of natural resources shall allow the commission to enter upon state property for the purposes described in this subdivision. The commission may apply insecticides approved by the director to any area within or outside the district that is found to be a breeding place for mosquitoes. The commission shall give reasonable notification to the governing body of the local unit of government prior to applying insecticides outside of the district on land located within the jurisdiction of the local unit of government. The commission shall not enter upon private property if the owner objects except for control of disease bearing mosquito encephalitis outbreaks.

Sec. 14. Minnesota Statutes 1994, section 473.711, subdivision 2, is amended to read:

Subd. 2. [BUDGET; TAX LEVY.] (a) Budget. The metropolitan mosquito control commission shall prepare an annual budget. The budget may provide for expenditures in an amount not exceeding the property tax levy limitation determined in this subdivision.

(b) Tax Levy. The commission may levy a tax on all taxable property in the district as defined

in section 473.702 to provide funds for the purposes of sections 473.701 to 473.716. The tax shall not exceed the property tax levy limitation determined in this subdivision. A participating county may agree to levy an additional tax to be used by the commission for the purposes of sections 473.701 to 473.716 but the sum of the county's and commission's taxes may not exceed the county's proportionate share of the property tax levy limitation determined under this subdivision based on the ratio of its total net tax capacity to the total net tax capacity of the entire district as adjusted by section 270.12, subdivision 3. The auditor of each county in the district shall add the amount of the levy made by the district to other taxes of the county for collection by the county treasurer with other taxes. When collected, the county treasurer shall make settlement of the tax with the district in the same manner as other taxes are distributed to political subdivisions. No county shall levy any tax for mosquito, disease vectoring tick, and black gnat (Simuliidae) control except under ~~sections 473.701 to 473.716~~ this section. The levy shall be in addition to other taxes authorized by law.

The property tax levied by the metropolitan mosquito control commission shall not exceed the following amount for the years specified:

(i) for taxes payable in 1996, 25 percent of the product of (1) the commission's property tax levy limitation for the previous year determined under this subdivision multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property located within the district for the current assessment taxes payable year divided by the total market valuation of all taxable property located within the district for the previous assessment taxes payable year; and

(ii) for taxes payable in 1997 and subsequent years, the product of (1) the commission's property tax levy limitation for the previous year determined under this subdivision multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property located within the district for the current taxes payable year divided by the total market valuation of all taxable property located within the district for the previous taxes payable year.

For the purpose of determining the commission's property tax levy limitation under this subdivision, "total market valuation" means the total market valuation of all taxable property within the district without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

(c) Homestead and Agricultural Credit Aid. For aids payable in 1996 and subsequent years, the commission's homestead and agricultural credit aid base under section 273.1398, subdivision 1, is permanently reduced by 75 percent of the amount certified to be received in 1995, less any permanent aid reduction in 1995 under section 477A.0132.

(d) Emergency Tax Levy. If the commissioner of the department of health declares a health emergency due to a threatened or actual outbreak of disease caused by mosquitos, disease vectoring ticks, or black gnats (Simuliidae), the commission may levy an additional tax not to exceed \$500,000 on all taxable property in the district to pay for the required control measures.

(e) Optional County Levy. A participating county may levy a tax in an amount to be determined by the county board for mosquito, disease vectoring tick, and black gnat (Simuliidae) nuisance control. If the county levies the tax for nuisance control, it must contract with the commission to provide for nuisance control activities within the county. The levy for nuisance control shall be in addition to other levies authorized by law to the county.

Sec. 15. Minnesota Statutes 1994, section 473F.08, is amended by adding a subdivision to read:

Subd. 3b. [LIVABLE COMMUNITIES FUND.] (a) The Hennepin county auditor shall certify the city of Bloomington's interest payments for 1987 for the bonds which were sold for highway improvements pursuant to Laws 1986, chapter 391, section 2, paragraph (g).

(b) For taxes payable in 1996 through taxes payable in 1999, the Hennepin county auditor shall certify the amount calculated by subtracting the amount certified under subdivision 3a from the amount in paragraph (a). For taxes payable in 2000 and subsequent years, the Hennepin county auditor shall certify the amount calculated in paragraph (a).

(c) The Ramsey county auditor shall annually add a dollar amount to its areawide portion of the levy equal to the amount which has been certified in paragraph (b). The total areawide portion of the levy for Ramsey county, including the additional amount certified under paragraph (b), shall be certified by the Ramsey county auditor to the administrative auditor pursuant to subdivision 5.

(d) The Ramsey county auditor shall distribute the amount certified in paragraph (b) to the metropolitan council for the tax revitalization account within the metropolitan livable communities fund, established under section 473.251, at the same time that payments are made to the other counties pursuant to subdivision 7a.

Sec. 16. Minnesota Statutes 1994, section 473F.08, subdivision 5, is amended to read:

Subd. 5. [AREAWIDE TAX RATE.] On or before August 25 of each year, the county auditor shall certify to the administrative auditor that portion of the levy of each governmental unit determined under ~~subdivision~~ subdivisions 3, clause (a), 3a, and 3b. The administrative auditor shall then determine the areawide tax rate sufficient to yield an amount equal to the sum of such levies from the areawide net tax capacity. On or before September 1 of each year, the administrative auditor shall certify the areawide tax rate to each of the county auditors.

Sec. 17. Minnesota Statutes 1994, section 473F.08, subdivision 7a, is amended to read:

Subd. 7a. [CERTIFICATION OF VALUES; PAYMENT.] The administrative auditor shall determine for each county the difference between the total levy on distribution value pursuant to ~~subdivision~~ subdivisions 3, clause (a), 3a, and 3b, within the county and the total tax on contribution value pursuant to subdivision 6, within the county. On or before May 16 of each year, the administrative auditor shall certify the differences so determined to each county auditor. In addition, the administrative auditor shall certify to those county auditors for whose county the total tax on contribution value exceeds the total levy on distribution value the settlement the county is to make to the other counties of the excess of the total tax on contribution value over the total levy on distribution value in the county. On or before June 15 and November 15 of each year, each county treasurer in a county having a total tax on contribution value in excess of the total levy on distribution value shall pay one-half of the excess to the other counties in accordance with the administrative auditors certification.
