Subd. 5. [OMITTED MEMBER DEDUCTIONS.] (a) If the employing unit that employs a plan participant fails to deduct the member contribution from the participant's salary and a period of less than 60 days from the date on which the deduction should have been made has elapsed, the employing unit must obtain the omitted member deduction by an additional payroll deduction during the pay period next following the discovery of the omission.

(b) If the employing unit of a plan participant fails to deduct the member contribution from the participant's salary and that omission continues for at least 60 days from the date on which the deduction should have been made, the employing unit must pay the amount representing the omitted member contribution and the full required employer contribution, plus compound interest at an annual rate of 8.5 percent. The contributions and any interest must be made within one year of the date on which the omission was discovered.

Subd. 6. The optional additional member may not exceed the applicable member contribution rate specified in section 354B.23, subdivision 1, applied to the difference between the amount of salary actually received during the sabbatical leave and the amount of salary actually received for a comparable period of an identical length to the sabbatical leave that occurred during the fiscal year immediately preceding the sabbatical leave.

(b) Any optional additional member contribution must be made before the last day of the fiscal year following the fiscal year in which the sabbatical leave terminates. The optional additional member contribution may not include interest.

(c) When an optional additional member contribution is made, the employing unit must make the employer contribution at the rate specified in section 354B.23, subdivision 3, on the salary that was the basis for the optional additional member contribution under paragraph (a).

(2) it has declared official intent to issue the obligations under federal tax laws and regulations;
or

Subd. 5. [ANNEXATION EXCEPTION.] The city tax rate for taxes payable in 1996 on any property annexed under chapter 414 may not be increased over the city or township tax rate in effect on the property in 1995, notwithstanding any law, municipal board order, or ordinance to the contrary. The limit on the annexing city's levy under subdivisions 1 and 2 may be increased in excess of that limit by an amount equal to the net tax capacity of the property annexed times the city or township tax rate in effect on that property for taxes payable in 1995. The levy limit of the city or township from which the property was annexed shall be reduced by the same amount.

Notwithstanding any other law to the contrary, the local funding or local match required from any city, town, or county for any state grant or program shall not be increased for calendar year 1996 above the dollar amount of the local funding or local match required for the same grant or program in 1995, regardless of the level of state funding provided; and any new local match or local funding requirements for new or amended state grants or programs shall not be effective until calendar year 1997. Nothing in this section shall affect the eligibility of a city, town, or county, for the receipt of state grants or program funds in 1996 or reduce the amount of state funding a city, town, or county would otherwise receive in 1996 if the local match requirements of the state grant or program were met in 1996.

Sec. 77. [SUSPENSION OF SALARY AND BUDGET APPEAL AUTHORIZATION.]

After April 11, 1995, no county sheriff may exercise the authority granted under Minnesota Statutes, section 387.20, subdivision 7, and no county attorney may exercise the authority granted under Minnesota Statutes, section 388.18, subdivision 6, to the extent that the salary or budget increase sought in the appeal would result in an increase in county expenditures in calendar year 1996.

Sec. 78. [SUSPENSION OF PUBLICATION AND HEARING REQUIREMENTS.]

A local taxing authority is not required to comply with the public advertisement notice of Minnesota Statutes, section 275.065, subdivision 5a, or the public hearing requirement of Minnesota Statutes, section 275.065, subdivision 6, with respect to taxes levied in 1995, payable in 1996, only.

Sec. 79. [LEVY LIMITATION TAXES PAYABLE IN 1997.]

Subdivision 1. [DEFINITION.] The "percentage increase in the implicit price deflator" means the percentage change in the implicit price deflator for state and local governments purchases of goods and services as calculated in Minnesota Statutes, section 477A.03, subdivision 3, provided that the 2.5 percent and five percent limits do not apply and that the increase can not be less than zero percent.

Subd. 2. [TAXES PAYABLE IN 1997 PROPOSED LEVY.] Notwithstanding any other law to the contrary, for purposes of the certification required by Minnesota Statutes, section 275.065, subdivision 1, in 1996, no taxing authority other than a school district or a joint vocational technical district shall certify to the county auditor a proposed property tax levy or in the case of a township, a final property tax levy, that is greater than the product of:

(1) the sum of one plus the lesser of (i) three percent, or (ii) the percentage increase in the implicit price deflator; and

(2) the amount certified to the county auditor pursuant to Minnesota Statutes, section 275.07, subdivision 1, in the prior year, except as provided in subdivisions 4 and 5.

Subd. 3. [TAXES PAYABLE IN 1997 FINAL LEVY.] Notwithstanding any other law to the contrary, for purposes of the certification required by Minnesota Statutes, section 275.07, subdivision 1, in 1996, no taxing authority other than a school district or a joint vocational technical district shall certify to the county auditor a property tax levy that is greater than the product of:

(1) the sum of one plus the lesser of (i) three percent, or (ii) the percentage increase in the implicit price deflator; and

(2) the amount certified to the county auditor pursuant to Minnesota Statutes, section 275.07, subdivision 1, in the prior year, except as provided in subdivisions 4, 5, and 6.

Subd. 4. [REFERENDA.] (a) A taxing authority other than a school district or an education district may increase its levy above the limits provided in subdivisions 2 and 3, by the amount approved by the voters residing in the jurisdiction of the authority at a referendum called for the purpose. The referendum may be called by the governing body or shall be called by the governing body upon written petition of qualified voters of the jurisdiction. The referendum shall be conducted during the calendar year before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. The referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased levy and the estimated referendum tax rate as a percentage of taxable net tax capacity in the year it is to be levied. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the levy proposed by (petition to) the governing body of, be approved?"

(b) The governing body shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the referendum to each taxpayer a notice of the referendum and the proposed levy increase. The governing body need not mail more than once notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars and

annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the jurisdiction of the taxing authority.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes."

(c) A petition authorized by paragraph (a) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the jurisdiction of the taxing authority on the day the petition is filed with the governing body. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(d) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(e) A bond authorization under Minnesota Statutes, section 475.59, shall be deemed to meet the requirements of this subdivision provided the ballot includes the information required in paragraph (a) and the notice required in paragraph (b) is distributed.

Subd. 5. [DEBT SERVICE EXCEPTION.] If a payable 1997 levy for debt service on obligations, certificates of indebtedness, capital notes, or other debt instruments sold prior to March 30, 1995, or to make payments on installment purchase contracts or lease purchase agreements entered into prior to March 30, 1995, exceeds the levy a taxing authority certified pursuant to Minnesota Statutes, section 275.07, subdivision 1, for taxes payable in 1996 for the same purpose, or a payable 1997 levy for general obligations exceeds any payable 1997 levy required as a condition for the issuance of such general obligations, the excess may be levied notwithstanding the limitations of subdivisions 2 and 3.

Subd. 6. [LEVY OF TOWN BEING MERGED INTO CITY.] If a town has entered into an agreement to merge with a home rule charter or statutory city, and the merger has been approved by a referendum conducted under Minnesota Statutes, section 465.84, the town's levy for taxes payable in 1997 shall not exceed the greater of (1) the amount determined under subdivisions 1 to 5, or (2) the amount established as a term of the merger agreement with the city.

Sec. 80. [FISCAL DISPARITIES FREEZE.]

Notwithstanding Minnesota Statutes, section 473F.08, subdivision 2, clause (a), the amount to be deducted from a governmental unit's net tax capacity for taxes payable in 1996 under that clause shall equal the amount deducted for taxes payable in 1995. Notwithstanding Minnesota Statutes, section 473F.08, subdivision 2, clause (b), the amount to be added to a governmental unit's net tax capacity for taxes payable in 1996 under that clause shall equal the same amount added for taxes payable in 1995. Notwithstanding Minnesota Statutes, section 473F.08, subdivision 3, the areawide portion of the levy for each governmental unit shall be determined using the local tax rate for the 1993 levy year. Notwithstanding Minnesota Statutes, section 473F.08, subdivision 6, the portion of commercial-industrial property within a municipality subject to the areawide tax rate shall be computed using the amount determined under Minnesota Statutes, sections 473F.06 and 473F.07, for taxes payable in 1995.

Sec. 81. [TAX RATE FREEZE.]

Subdivision 1. [REDUCTION OF LEVY; PAYMENT.] If in the course of determining local tax rates for taxes payable in 1996 after reductions for disparity reduction aid under Minnesota Statutes, section 275.08, subdivisions 1c and 1d, the county auditor finds the local tax rate exceeds that in effect for taxes payable in 1995, the county auditor shall reduce the local government's levy so the local tax rate does not exceed that in effect for taxes payable in 1995. The difference between the levy as originally certified by the local government and the reduced levy shall be certified to the commissioner of revenue at the time the abstracts are submitted under Minnesota Statutes, section 275.29. That amount shall be paid to the local government on or before August 31.

Subd. 2. [APPROPRIATION.] An amount sufficient to pay the aid provided for under this section is appropriated from the general fund to the commissioner of revenue for payment to counties, cities, townships, and special taxing districts. An amount sufficient to pay the aid

Sec. 82. [PENSION LIABILITIES.]

Sec. 83. [DUTIES OF TOWNSHIP BOARD OF SUPERVISORS.]

Notwithstanding Minnesota Statutes, section 365.10, in 1995 the township board of supervisors shall adjust the levy and in 1996 the township board of supervisors may adjust the expenditures of a township below the level authorized by the electors to adjust for any reduction in the previously authorized levy of the township pursuant to section 75.

Sec. 84. [PROPERTY TAX AND EDUCATION AIDS REFORM.]

- (1) a property tax classification and class rate system;
- (2) elementary and secondary education aids and levies; and
- (3) aids to local government.

Subd. 2. [STANDARDS.] (a) The recommended program must provide for accountability, equity, revenue adequacy, and efficiency as provided in paragraphs (b) to (e).

(b) The recommended program must provide accountability by being understandable to the taxpayer, by linking the costs of services to the taxes paid for those services, and by correlating the responsibility for raising revenues with the ability to make spending decisions.

(c) The recommended program must provide equity by minimizing large, short-term shifts in tax burdens, and by ensuring that tax burdens and aids are progressive and related to the ability to pay or raise revenue.

(d) The recommended program must provide for adequate revenue by controlling costs and the need for increased revenue, minimizing reductions or shifts in revenues available to local governments to provide needed services, and directing aids to meet needs and fund services based on established funding priorities.

(e) The program must promote efficiency by providing stable predictable property taxes and local government revenues that are competitive with those of other states and areas so that property taxes and aids have minimal impact on the economic decisions of taxpayers.

Subd. 3. [TASK FORCE.] The commission may designate a task force to advise the commission in carrying out its duties under this section. The task force may include legislators, agency and legislative staff, state and local governmental officials, educators, and taxpayers and members of the public. Sec. 85. [UNFUNDED MANDATE PROHIBITION.]

Subdivision 1. [DEFINITION.] As used in this section, "state mandates" has the meaning given in Minnesota Statutes, section 3.881.

Subd. 2. [FUNDING OF THE COST OF MANDATES.] If the fiscal note prepared by the commissioner of finance under Minnesota Statutes, section 3.982, indicates that a new or expanded mandate on a political subdivision in a bill introduced in the legislature will impose a statewide cost on counties in excess of \$500,000 or a statewide cost on cities or townships in excess of \$250,000, the political subdivisions are not required to implement the mandate unless the legislature, by appropriation enacted before the mandate is required to be implemented, provides reimbursement to the political subdivisions for the costs incurred.

Sec. 86. [SAVINGS CLAUSE.]

Notwithstanding the repealers in section 88 or any other provision in this act to the contrary, nothing in this act constitutes an impairment of any obligations, certificates of indebtedness, capital notes, or other debt instruments, including installment purchase contracts or lease purchase agreements, issued before the date of final enactment of this act, by a municipality as defined in Minnesota Statutes, section 469.174, subdivision 6, or a special taxing district as defined in Minnesota Statutes, section 275.066.

(B) is owned by an entity which has not entered into a housing assistance payments contract under section 8 of the United States Housing Act of 1937, or, if the entity which owns the structure has entered into a housing assistance payments contract under section 8 of the United States Housing Act of 1937, the contract provides assistance for less than 90 percent of the dwelling units in the structure, excluding dwelling units intended for management or maintenance personnel;

(C) operates an on-site congregate dining program in which participation by residents is mandatory, and provides assisted living or similar social and physical support services for residents; and

(D) was not assessed and did not pay tax under chapter 273 prior to the 1991 levy, while meeting the other conditions of this clause.

An exemption under this clause remains in effect for taxes levied in each year or partial year of the term of its permanent financing.

(26) Real and personal property that is located in the Superior National Forest, and owned or leased and operated by a nonprofit organization that is exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1992, and primarily used to provide recreational opportunities for disabled veterans and their families.

(27) Manure pits and appurtenances, which may include slatted floors and pipes, installed or

operated in accordance with a permit, order, or certificate of compliance issued by the Minnesota pollution control agency. The exemption shall continue for as long as the permit, order, or certificate issued by the Minnesota pollution control agency remains in effect.

(28) Notwithstanding clause (8), item (a), attached machinery and other personal property which is part of a facility containing a cogeneration system as described in section 216B.166, subdivision 2, paragraph (a), if the cogeneration system has met the following criteria: (i) the system utilizes natural gas as a primary fuel and the cogenerated steam initially replaces steam generated from existing thermal boilers utilizing coal; (ii) the facility developer is selected as a result of a procurement process ordered by the public utilities commission; and (iii) construction of the facility is commenced after July 1, 1994, and before July 1, 1997.

(29) Real property acquired by a home rule charter city, statutory city, county, town, or school district under a lease purchase agreement or an installment purchase contract during the term of the lease purchase agreement as long as and to the extent that the property is used by the city, county, town, or school district and devoted to a public use and to the extent it is not subleased to any private individual, entity, association, or corporation in connection with a business or enterprise operated for profit.

Sec. 3. Minnesota Statutes 1994, section 273.11, subdivision 16, is amended to read:

Subd. 16. [VALUATION EXCLUSION FOR CERTAIN IMPROVEMENTS.] Improvements to homestead property made before January 2, 2003, shall be fully or partially excluded from the value of the property for assessment purposes provided that:

(1) the house is at least 35 years old at the time of the improvement; and

(2) either:

(a) the assessor's estimated market value of the house on January 2 of the current year is equal to or less than \$150,000; or

(b) if the estimated market value of the house is over \$150,000 market value but is less than \$300,000 on January 2 of the current year, the property qualifies if:

(i) it is located in a city or town in which 50 percent or more of the homes were constructed before 1960 based upon the 1990 federal census, and

(ii) the city or town's median family income based upon the 1990 federal census is less than the statewide median family income based upon the 1990 federal census; or

(c) if the estimated market value of the house is over \$300,000 on January 2 of the current year, the property qualifies if:

(i) it meets the qualifications of paragraph (b), items (i) and (ii); and

(ii) it is located in a city of the first class within the metropolitan area defined in section 473.121, subdivision 2.

~~Any house which has an estimated market value of \$300,000 or more on January 2 of the current year is not eligible to receive any property valuation exclusion under this section. For purposes of determining this eligibility, "house" means land and buildings.~~

The age of a residence is the number of years that the residence has existed at its present site. In the case of an owner-occupied duplex or triplex, the improvement is eligible regardless of which portion of the property was improved.

If the property lies in a jurisdiction which is subject to a building permit process, a building permit must have been issued prior to commencement of the improvement. Any improvement must add at least \$1,000 to the value of the property to be eligible for exclusion under this subdivision. Only improvements to the structure which is the residence of the qualifying homesteader or construction of or improvements to no more than one two-car garage per residence qualify for the provisions of this subdivision. If an improvement was begun between January 2,

1992, and January 2, 1993, any value added from that improvement for the January 1994 and subsequent assessments shall qualify for exclusion under this subdivision provided that a building permit was obtained for the improvement between January 2, 1992, and January 2, 1993. Whenever a building permit is issued for property currently classified as homestead, the issuing jurisdiction shall notify the property owner of the possibility of valuation exclusion under this subdivision. The assessor shall require an application, including documentation of the age of the house from the owner, if unknown by the assessor. The application may be filed subsequent to the date of the building permit provided that the application is filed prior to the next assessment date.

After the adjournment of the 1994 county board of equalization meetings, no exclusion may be granted for an improvement by a local board of review or county board of equalization unless (1) a building permit was issued prior to the commencement of the improvement if the jurisdiction requires a building permit, and (2) an application was completed on a timely basis. No abatement of the taxes for qualifying improvements may be granted by a county board unless (1) a building permit was issued prior to commencement of the improvement if the jurisdiction requires a building permit, and (2) an application was completed on a timely basis.

The assessor shall note the qualifying value of each improvement on the property's record, and the sum of those amounts shall be subtracted from the value of the property in each year for ten years after the improvement has been made, at which time an amount equal to 20 percent of the qualifying value shall be added back in each of the five subsequent assessment years. The valuation exclusion shall terminate whenever (1) the property is sold, or (2) the property is reclassified to a class which does not qualify for treatment under this subdivision. Improvements made by an occupant who is the purchaser of the property under a conditional purchase contract do not qualify under this subdivision unless the seller of the property is a governmental entity. The qualifying value of the property shall be computed based upon the increase from that structure's market value as of January 2 preceding the acquisition of the property by the governmental entity.

The total qualifying value for a homestead may not exceed \$50,000. The total qualifying value for a homestead with a house that is less than 70 years old may not exceed \$25,000. The term "qualifying value" means the increase in estimated market value resulting from the improvement if the improvement occurs when the house is at least 70 years old, or one-half of the increase in estimated market value resulting from the improvement otherwise. The \$25,000 and \$50,000 maximum qualifying value under this subdivision may result from up to three separate improvements to the homestead. The application shall state, in clear language, that if more than three improvements are made to the qualifying property, a taxpayer may choose which three improvements are eligible, provided that after the taxpayer has made the choice and any valuation attributable to those improvements has been excluded from taxation, no further changes can be made by the taxpayer.

If 50 percent or more of the square footage of a structure is voluntarily razed or removed, the valuation increase attributable to any subsequent improvements to the remaining structure does not qualify for the exclusion under this subdivision. If a structure is unintentionally or accidentally destroyed by a natural disaster, the property is eligible for an exclusion under this subdivision provided that the structure was not completely destroyed. The qualifying value on property destroyed by a natural disaster shall be computed based upon the increase from that structure's market value as determined on January 2 of the year in which the disaster occurred. A property receiving benefits under the homestead disaster provisions under section 273.123 is not disqualified from receiving an exclusion under this subdivision. If any combination of improvements made to a structure after January 1, 1993, increases the size of the structure by 100 percent or more, the valuation increase attributable to the portion of the improvement that causes the structure's size to exceed 100 percent does not qualify for exclusion under this subdivision.

Sec. 4. Minnesota Statutes 1994, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] (a) Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

Property of a trustee, beneficiary, or grantor of a trust is not disqualified from receiving homestead benefits if the homestead requirements under this chapter are satisfied.

The assessor shall require proof, as provided in subdivision 13, of the facts upon which classification as a homestead may be determined. Notwithstanding any other law, the assessor may at any time require a homestead application to be filed in order to verify that any property classified as a homestead continues to be eligible for homestead status.

When there is a name change or a transfer of homestead property, the assessor may reclassify the property in the next assessment unless a homestead application is filed to verify that the property continues to qualify for homestead classification.

(b) For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

(c) Residential real estate that is occupied and used for purposes of a homestead by a relative of the owner is a homestead but only to the extent of the homestead treatment that would be provided if the related owner occupied the property. For purposes of this paragraph and paragraph (f), "relative" means a parent, stepparent, child, stepchild, grandparent, grandchild, brother, sister, uncle, or aunt. This relationship may be by blood or marriage. Property ~~that was classified as seasonal recreational residential property at the time when treatment under this paragraph would first apply shall continue to be classified as seasonal recreational residential property for the first four assessment years beginning after the date when the relative of the owner occupies the property as a homestead~~ will not be reclassified as a homestead unless it is occupied as a homestead by the owner; this delay prohibition also applies to property that, in the absence of this paragraph, would have been classified as seasonal recreational residential property at the time when the residence was constructed. Neither the related occupant nor the owner of the property may claim a property tax refund under chapter 290A for a homestead occupied by a relative. In the case of a residence located on agricultural land, only the house, garage, and immediately surrounding one acre of land shall be classified as a homestead under this paragraph, except as provided in paragraph (d).

(d) Agricultural property that is occupied and used for purposes of a homestead by a relative of the owner, is a homestead, only to the extent of the homestead treatment that would be provided if the related owner occupied the property, and only if all of the following criteria are met:

(1) the relative who is occupying the agricultural property is a son, daughter, father, or mother of the owner of the agricultural property or a son or daughter of the spouse of the owner of the agricultural property,

(2) the owner of the agricultural property must be a Minnesota resident,

(3) the owner of the agricultural property must not receive homestead treatment on any other agricultural property in Minnesota, and

(4) the owner of the agricultural property is limited to only one agricultural homestead per family under this paragraph.

Neither the related occupant nor the owner of the property may claim a property tax refund under chapter 290A for a homestead occupied by a relative qualifying under this paragraph. For purposes of this paragraph, "agricultural property" means the house, garage, other farm buildings and structures, and agricultural land.

Application must be made to the assessor by the owner of the agricultural property to receive

homestead benefits under this paragraph. The assessor may require the necessary proof that the requirements under this paragraph have been met.

(e) In the case of property owned by a property owner who is married, the assessor must not deny homestead treatment in whole or in part if only one of the spouses occupies the property and the other spouse is absent due to: (1) marriage dissolution proceedings, (2) legal separation, (3) employment or self-employment in another location as provided under subdivision 13, or (4) residence in a nursing home or boarding care facility. Homestead treatment, in whole or in part, shall not be denied to the spouse of an owner if he or she previously occupied the residence with the owner and the absence of the owner is due to one of the prior four exceptions.

(f) If an individual is purchasing property with the intent of claiming it as a homestead and is required by the terms of the financing agreement to have a relative shown on the deed as a coowner, the assessor shall allow a full homestead classification and extend full homestead credit. This provision only applies to first-time purchasers, whether married or single, or to a person who had previously been married and is purchasing as a single individual for the first time. The application for homestead benefits must be on a form prescribed by the commissioner and must contain the data necessary for the assessor to determine if full homestead benefits are warranted.

Sec. 5. Minnesota Statutes 1994, section 273.124, subdivision 13, is amended to read:

Subd. 13. [HOMESTEAD APPLICATION.] (a) A person who meets the homestead requirements under subdivision 1 must file a homestead application with the county assessor to initially obtain homestead classification.

(b) On or before January 2, 1993, each county assessor shall mail a homestead application to the owner of each parcel of property within the county which was classified as homestead for the 1992 assessment year. The format and contents of a uniform homestead application shall be prescribed by the commissioner of revenue. The commissioner shall consult with the chairs of the house and senate tax committees on the contents of the homestead application form. The application must clearly inform the taxpayer that this application must be signed by all owners who occupy the property or by the qualifying relative and returned to the county assessor in order for the property to continue receiving homestead treatment. The envelope containing the homestead application shall clearly identify its contents and alert the taxpayer of its necessary immediate response.

(c) Every property owner applying for homestead classification must furnish to the county assessor the social security number of each occupant who is listed as an owner of the property on the deed of record, the name and address of each owner who does not occupy the property, and the name and social security number of each owner's spouse who occupies the property. The application must be signed by each owner who occupies the property and by each owner's spouse who occupies the property, or, in the case of property that qualifies as a homestead under subdivision 1, paragraph (c), by the qualifying relative.

If a property owner occupies a homestead, the property owner's spouse may not claim another property as a homestead unless the property owner and the property owner's spouse file with the assessor an affidavit or other proof required by the assessor stating that the property owner's spouse does not occupy the homestead because marriage dissolution proceedings are pending, the spouses are legally separated, or the spouse's employment or self-employment at a location distant from the other spouse's place of employment requires the spouse to have a separate homestead. The assessor may require proof of employment or self-employment and employment or self-employment location, or proof of dissolution proceedings or legal separation.

If the social security number or affidavit or other proof is not provided, the county assessor shall classify the property as nonhomestead. Owners or spouses occupying residences owned by their spouses and previously occupied with the other spouse, either of whom fail to include the other spouse's name and social security number of the homestead application or provide the affidavits or other proof requested, will be deemed to have elected to receive only partial homestead treatment of their residence. The remainder of the residence will be classified as nonhomestead residential. When an owner or spouse's name and social security number appear on homestead applications for two separate residences and only one application is signed, the owner or spouse will be deemed to have elected to homestead the residence for which the application was signed.

The social security numbers or affidavits or other proofs of the property owners and spouses are private data on individuals as defined by section 13.02, subdivision 12, but, notwithstanding that section, the private data may be disclosed to the commissioner of revenue, or, for purposes of proceeding under the revenue recapture act to recover personal property taxes owing, to the county treasurer.

(d) If residential real estate is occupied and used for purposes of a homestead by a relative of the owner and qualifies for a homestead under subdivision 1, paragraph (c), in order for the property to receive homestead status, a homestead application must be filed with the assessor. The social security number of each relative occupying the property and the social security number of each owner who is related to an occupant of the property shall be required on the homestead application filed under this subdivision. If a different relative of the owner subsequently occupies the property, the owner of the property must notify the assessor within 30 days of the change in occupancy. The social security number of a relative occupying the property is private data on individuals as defined by section 13.02, subdivision 12, but may be disclosed to the commissioner of revenue.

(e) The homestead application shall also notify the property owners that the application filed under this section will not be mailed annually and that if the property is granted homestead status for the 1993 assessment, or any assessment year thereafter, that same property shall remain classified as homestead until the property is sold or transferred to another person, or the owners, the spouse of the owner, or the relatives no longer use the property as their homestead. Upon the sale or transfer of the homestead property, a certificate of value must be timely filed with the county auditor as provided under section 272.115. Failure to notify the assessor within 30 days that the property has been sold, transferred, or that the owner, the spouse of the owner, or the relative is no longer occupying the property as a homestead, shall result in the penalty provided under this subdivision and the property will lose its current homestead status.

(f) If the homestead application is not returned within 30 days, the county will send a second application to the present owners of record. The notice of proposed property taxes prepared under section 275.065, subdivision 3, shall reflect the property's classification. Beginning with assessment year 1993 for all properties, if a homestead application has not been filed with the county by December 15, the assessor shall classify the property as nonhomestead for the current assessment year for taxes payable in the following year, provided that the owner may be entitled to receive the homestead classification by proper application under section 375.192.

(g) At the request of the commissioner, each county must give the commissioner a list that includes the name and social security number of each property owner and the property owner's spouse occupying the property, or relative of a property owner, applying for homestead classification under this subdivision. The commissioner shall use the information provided on the lists as appropriate under the law, including for the detection of improper claims by owners, or relatives of owners, under chapter 290A.

(h) If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead benefits that had been improperly allowed. For the purpose of this section, "homestead benefits" means the tax reduction resulting from the classification as a homestead under section 273.13, the taconite homestead credit under section 273.135, and the supplemental homestead credit under section 273.1391.

The county auditor shall send a notice to the owners of the affected property, demanding reimbursement of the homestead benefits plus a penalty equal to 100 percent of the homestead benefits. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county. If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount of taxes and penalty to the succeeding year's tax list to be collected as part of the property taxes. In the case of a manufactured home, the amount shall be certified to the current year's tax list for collection.

(i) Any amount of homestead benefits recovered by the county from the property owner shall be distributed to the county, city or town, and school district where the property is located in the same proportion that each taxing district's levy was to the total of the three taxing districts' levy for the current year. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The total amount of penalty collected must be deposited in the county general fund.

(j) If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

(k) In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.

Sec. 6. Minnesota Statutes 1994, section 273.13, subdivision 24, is amended to read:

Subd. 24. [CLASS 3.] (a) Commercial and industrial property and utility real and personal property, except class 5 property as identified in subdivision 31, clause (1), is class 3a. It has a class rate of three percent of the first \$100,000 of market value for taxes payable in 1993 and thereafter, and 5.06 percent of the market value over \$100,000. In the case of state-assessed commercial, industrial, and utility property owned by one person or entity, only one parcel has a reduced class rate on the first \$100,000 of market value. In the case of other commercial, industrial, and utility property owned by one person or entity, only one parcel in each county has a reduced class rate on the first \$100,000 of market value, except that:

(1) if the market value of the parcel is less than \$100,000, and additional parcels are owned by the same person or entity in the same city or town within that county, the reduced class rate shall be applied up to a combined total market value of \$100,000 for all parcels owned by the same person or entity in the same city or town within the county;

(2) in the case of grain, fertilizer, and feed elevator facilities, as defined in section 18C.305, subdivision 1, or 232.21, subdivision 8, the limitation to one parcel per owner per county for the reduced class rate shall not apply, but there shall be a limit of \$100,000 of preferential value per site of contiguous parcels owned by the same person or entity. Only the value of the elevator portion of each parcel shall qualify for treatment under this clause. For purposes of this subdivision, contiguous parcels include parcels separated only by a railroad or public road right-of-way; and

(3) in the case of property owned by a nonprofit charitable organization that qualifies for tax exemption under section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1993, if the property is used as a business incubator, the limitation to one parcel per owner per county for the reduced class rate shall not apply, provided that the reduced rate applies only to the first \$100,000 of value per parcel owned by the organization. As used in this clause, a "business incubator" is a facility used for the development of nonretail businesses, offering access to equipment, space, services, and advice to the tenant businesses, for the purpose of encouraging economic development, diversification, and job creation in the area served by the organization.

To receive the reduced class rate on additional parcels under clause (1), (2), or (3), the taxpayer must notify the county assessor that the taxpayer owns more than one parcel that qualifies under clause (1), (2), or (3).

(b) Employment property defined in section 469.166, during the period provided in section 469.170, shall constitute class-3b and has a class rate of 2.3 percent of the first \$50,000 of market value and 3.6 percent of the remainder, except that for employment property located in a border city enterprise zone designated pursuant to section 469.168, subdivision 4, paragraph (c), the class rate of the first \$100,000 of market value and the class rate of the remainder is determined under paragraph (a), unless the governing body of the city designated as an enterprise zone determines that a specific parcel shall be assessed pursuant to the first clause of this sentence. The governing body may provide for assessment under the first clause of the preceding sentence only for property which is located in an area which has been designated by the governing body for the receipt of tax reductions authorized by section 469.171, subdivision 1.

(c) Structures which are (i) located on property classified as class 3a, (ii) constructed after January 2, 1995, and (iii) located in a transit zone as defined under section 473.3915, shall have a class rate of four percent on that portion of the market value in excess of \$100,000. The four percent rate shall also apply to that portion of any class 3a structure located in a transit zone constructed after January 2, 1995, even if the remainder of the structure was constructed prior to January 2, 1995. For the purposes of this paragraph, a structure shall be considered to be located in a transit zone if any portion of the structure lies within the zone.

Sec. 7. Minnesota Statutes 1994, section 273.13, subdivision 25, is amended to read:

Subd. 25. [CLASS 4.] (a) Class 4a is residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence for rental periods of 30 days or more. Class 4a also includes hospitals licensed under sections 144.50 to 144.56, other than hospitals exempt under section 272.02, and contiguous property used for hospital purposes, without regard to whether the property has been platted or subdivided. Class 4a property has a class rate of 3.5 percent of market value for taxes payable in 1992, and 3.4 percent of market value for taxes payable in 1993 and thereafter.

(b) Class 4b includes:

(1) residential real estate containing less than four units, other than seasonal residential, and recreational;

(2) manufactured homes not classified under any other provision;

(3) a dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b).

Class 4b property has a class rate of 2.8 percent of market value for taxes payable in 1992, 2.5 percent of market value for taxes payable in 1993, and 2.3 percent of market value for taxes payable in 1994 and thereafter.

(c) Class 4c property includes:

(1) a structure that is:

(i) situated on real property that is used for housing for the elderly or for low- and moderate-income families as defined in Title II, as amended through December 31, 1990, of the National Housing Act or the Minnesota housing finance agency law of 1971, as amended, or rules promulgated by the agency and financed by a direct federal loan or federally insured loan made pursuant to Title II of the Act; or

(ii) situated on real property that is used for housing the elderly or for low- and moderate-income families as defined by the Minnesota housing finance agency law of 1971, as amended, or rules adopted by the agency pursuant thereto and financed by a loan made by the Minnesota housing finance agency pursuant to the provisions of the act.

This clause applies only to property of a nonprofit or limited dividend entity. Property is classified as class 4c under this clause for 15 years from the date of the completion of the original construction or substantial rehabilitation, or for the original term of the loan.

(2) a structure that is:

(i) situated upon real property that is used for housing lower income families or elderly or handicapped persons, as defined in section 8 of the United States Housing Act of 1937, as amended; and

(ii) owned by an entity which has entered into a housing assistance payments contract under section 8 which provides assistance for 100 percent of the dwelling units in the structure, other than dwelling units intended for management or maintenance personnel. Property is classified as class 4c under this clause for the term of the housing assistance payments contract, including all renewals, or for the term of its permanent financing, whichever is shorter; and

(3) a qualified low-income building as defined in section 42(c)(2) of the Internal Revenue Code of 1986, as amended through December 31, 1990, that (i) receives a low-income housing credit under section 42 of the Internal Revenue Code of 1986, as amended through December 31, 1990; or (ii) meets the requirements of that section and receives public financing, except financing provided under sections 469.174 to 469.179, which contains terms restricting the rents; or (iii) meets the requirements of section 273.1317. Classification pursuant to this clause is limited to a term of 15 years. The public financing received must be from at least one of the following sources: government issued bonds exempt from taxes under section 103 of the Internal Revenue Code of 1986, as amended through December 31, 1993, the proceeds of which are used for the acquisition or rehabilitation of the building; programs under section 221(d)(3), 202, or 236, of Title II of the National Housing Act; rental housing program funds under Section 8 of the United States Housing Act of 1937 or the market rate family graduated payment mortgage program funds administered by the Minnesota housing finance agency that are used for the acquisition or rehabilitation of the building; public financing provided by a local government used for the acquisition or rehabilitation of the building, including grants or loans from federal community development block grants, HOME block grants, or residential rental bonds issued under chapter 474A; or other rental housing program funds provided by the Minnesota housing finance agency for the acquisition or rehabilitation of the building.

For all properties described in clauses (1), (2), and (3) and in paragraph (d), the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents unless the owner of the property elects to have the property assessed under Laws 1991, chapter 291, article 1, section 55. If the owner of the property elects to have the market value determined on the basis of the actual restricted rents, as provided in Laws 1991, chapter 291, article 1, section 55, the property will be assessed at the rate provided for class 4a or class 4b property, as appropriate. Properties described in clauses (1)(ii), (3), and (4) may apply to the assessor for valuation under Laws 1991, chapter 291, article 1, section 55. The land on which these structures are situated has the class rate given in paragraph (b) if the structure contains fewer than four units, and the class rate given in paragraph (a) if the structure contains four or more units. This clause applies only to the property of a nonprofit or limited dividend entity.

(4) a parcel of land, not to exceed one acre, and its improvements or a parcel of unimproved land, not to exceed one acre, if it is owned by a neighborhood real estate trust and at least 60 percent of the dwelling units, if any, on all land owned by the trust are leased to or occupied by lower income families or individuals. This clause does not apply to any portion of the land or improvements used for nonresidential purposes. For purposes of this clause, a lower income family is a family with an income that does not exceed 65 percent of the median family income for the area, and a lower income individual is an individual whose income does not exceed 65 percent of the median individual income for the area, as determined by the United States Secretary of Housing and Urban Development. For purposes of this clause, "neighborhood real estate trust" means an entity which is certified by the governing body of the municipality in which it is located to have the following characteristics:

- (a) it is a nonprofit corporation organized under chapter 317A;
- (b) it has as its principal purpose providing housing for lower income families in a specific geographic community designated in its articles or bylaws;
- (c) it limits membership with voting rights to residents of the designated community; and
- (d) it has a board of directors consisting of at least seven directors, 60 percent of whom are members with voting rights and, to the extent feasible, 25 percent of whom are elected by resident members of buildings owned by the trust; and

(5) except as provided in subdivision 22, paragraph (c), real property devoted to temporary and seasonal residential occupancy for recreation purposes, including real property devoted to temporary and seasonal residential occupancy for recreation purposes and not devoted to commercial purposes for more than 250 days in the year preceding the year of assessment. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property is used for residential occupancy, and a fee is charged for residential occupancy. Class 4c also includes commercial use real property used exclusively for recreational

purposes in conjunction with class 4c property devoted to temporary and seasonal residential occupancy for recreational purposes, up to a total of two acres, provided the property is not devoted to commercial recreational use for more than 250 days in the year preceding the year of assessment and is located within two miles of the class 4c property with which it is used. Class 4c property classified in this clause also includes the remainder of class 1c resorts. Owners of real property devoted to temporary and seasonal residential occupancy for recreation purposes and all or a portion of which was devoted to commercial purposes for not more than 250 days in the year preceding the year of assessment desiring classification as class 1c or 4c, must submit a declaration to the assessor designating the cabins or units occupied for 250 days or less in the year preceding the year of assessment by January 15 of the assessment year. Those cabins or units and a proportionate share of the land on which they are located will be designated class 1c or 4c as otherwise provided. The remainder of the cabins or units and a proportionate share of the land on which they are located will be designated as class 3a. The first \$100,000 of the market value of the remainder of the cabins or units and a proportionate share of the land on which they are located shall have a class rate of three percent. The owner of property desiring designation as class 1c or 4c property must provide guest registers or other records demonstrating that the units for which class 1c or 4c designation is sought were not occupied for more than 250 days in the year preceding the assessment if so requested. The portion of a property operated as a (1) restaurant, (2) bar, (3) gift shop, and (4) other nonresidential facility operated on a commercial basis not directly related to temporary and seasonal residential occupancy for recreation purposes shall not qualify for class 1c or 4c;

(6) real property up to a maximum of one acre of land owned by a nonprofit community service oriented organization; provided that the property is not used for a revenue-producing activity for more than six days in the calendar year preceding the year of assessment and the property is not used for residential purposes on either a temporary or permanent basis. For purposes of this clause, a "nonprofit community service oriented organization" means any corporation, society, association, foundation, or institution organized and operated exclusively for charitable, religious, fraternal, civic, or educational purposes, and which is exempt from federal income taxation pursuant to section 501(c)(3), (10), or (19) of the Internal Revenue Code of 1986, as amended through December 31, 1990. For purposes of this clause, "revenue-producing activities" shall include but not be limited to property or that portion of the property that is used as an on-sale intoxicating liquor or 3.2 percent malt liquor establishment licensed under chapter 340A, a restaurant open to the public, bowling alley, a retail store, gambling conducted by organizations licensed under chapter 349, an insurance business, or office or other space leased or rented to a lessee who conducts a for-profit enterprise on the premises. Any portion of the property which is used for revenue-producing activities for more than six days in the calendar year preceding the year of assessment shall be assessed as class 3a. The use of the property for social events open exclusively to members and their guests for periods of less than 24 hours, when an admission is not charged nor any revenues are received by the organization shall not be considered a revenue-producing activity;

(7) post-secondary student housing of not more than one acre of land that is owned by a nonprofit corporation organized under chapter 317A and is used exclusively by a student cooperative, sorority, or fraternity for on-campus housing or housing located within two miles of the border of a college campus; and

(8) manufactured home parks as defined in section 327.14, subdivision 3.

Class 4c property has a class rate of 2.3 percent of market value, except that (i) for each parcel of seasonal residential recreational property not used for commercial purposes under clause (5) ~~has a class rate of 2.2 percent of market value for taxes payable in 1992, and for taxes payable in 1993 and thereafter,~~ the first \$72,000 of market value on each parcel has a class rate of two percent and the market value of each parcel that exceeds \$72,000 has a class rate of 2.5 percent, and (ii) manufactured home parks assessed under clause (8) have a class rate of two percent ~~for taxes payable in 1993, 1994, and 1995 only.~~

(d) Class 4d property includes:

(1) a structure that is:

- (i) situated on real property that is used for housing for the elderly or for low and moderate income families as defined by the Farmers Home Administration;
- (ii) located in a municipality of less than 10,000 population; and
- (iii) financed by a direct loan or insured loan from the Farmers Home Administration. Property is classified under this clause for 15 years from the date of the completion of the original construction or for the original term of the loan.

The class rates in paragraph (c), clauses (1), (2), and (3) and this clause apply to the properties described in them, only in proportion to occupancy of the structure by elderly or handicapped persons or low and moderate income families as defined in the applicable laws unless construction of the structure had been commenced prior to January 1, 1984; or the project had been approved by the governing body of the municipality in which it is located prior to June 30, 1983; or financing of the project had been approved by a federal or state agency prior to June 30, 1983. For those properties, 4c or 4d classification is available only for those units meeting the requirements of section 273.1318.

Classification under this clause is only available to property of a nonprofit or limited dividend entity.

In the case of a structure financed or refinanced under any federal or state mortgage insurance or direct loan program exclusively for housing for the elderly or for housing for the handicapped, a unit shall be considered occupied so long as it is actually occupied by an elderly or handicapped person or, if vacant, is held for rental to an elderly or handicapped person.

(2) For taxes payable in 1992, 1993, and 1994, only, buildings and appurtenances, together with the land upon which they are located, leased by the occupant under the community lending model lease-purchase mortgage loan program administered by the Federal National Mortgage Association, provided the occupant's income is no greater than 60 percent of the county or area median income, adjusted for family size and the building consists of existing single family or duplex housing. The lease agreement must provide for a portion of the lease payment to be escrowed as a nonrefundable down payment on the housing. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. The application must be accompanied by an affidavit or other proof required by the assessor to determine qualification under this clause.

(3) Qualifying buildings and appurtenances, together with the land upon which they are located, leased for a period of up to five years by the occupant under a lease-purchase program administered by the Minnesota housing finance agency or a housing and redevelopment authority authorized under sections 469.001 to 469.047, provided the occupant's income is no greater than 80 percent of the county or area median income, adjusted for family size, and the building consists of two or less dwelling units. The lease agreement must provide for a portion of the lease payment to be escrowed as a nonrefundable down payment on the housing. The administering agency shall verify the occupants income eligibility and certify to the county assessor that the occupant meets the income criteria under this paragraph. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. For purposes of this section, "qualifying buildings and appurtenances" shall be defined as one or two unit residential buildings which are unoccupied and have been abandoned and boarded for at least six months.

Class 4d property has a class rate of two percent of market value except that property classified under clause (3), shall have the same class rate as class 1a property.

(e) Residential rental property that would otherwise be assessed as class 4 property under paragraph (a); paragraph (b), clauses (1) and (3); paragraph (c), clause (1), (2), (3), or (4), is assessed at the class rate applicable to it under Minnesota Statutes 1988, section 273.13, if it is found to be a substandard building under section 273.1316. Residential rental property that would otherwise be assessed as class 4 property under paragraph (d) is assessed at 2.3 percent of market value if it is found to be a substandard building under section 273.1316.

Sec. 8. Minnesota Statutes 1994, section 273.37, is amended by adding a subdivision to read:

Subd. 3. [WIND ENERGY CONVERSION SYSTEMS.] Taxable wind energy conversion systems, situated upon land owned by another person, which are not in good faith owned, operated, and exclusively controlled by such other person, shall be listed and assessed as personal property in the town or district where situated, in the name of the owner.

Sec. 9. Minnesota Statutes 1994, section 274.01, subdivision 1, is amended to read:

Subdivision 1. [ORDINARY BOARD; MEETINGS, DEADLINES, GRIEVANCES.] (a) The town board of a town, or the council or other governing body of a city, is the board of review except in cities whose charters provide for a board of equalization. The county assessor shall fix a day and time when the board or the board of equalization shall meet in the assessment districts of the county. On or before February 15 of each year the assessor shall give written notice of the time to the city or town clerk. Notwithstanding the provisions of any charter to the contrary, the meetings must be held between April 1 and May 31 each year. The clerk shall give published and posted notice of the meeting at least ten days before the date of the meeting. If at least 25 percent of the net tax capacity of the city or town is noncommercial seasonal recreational residential property classified under section 273.13, subdivision 25, the meeting or, if more than one meeting is scheduled, at least one of the meetings must be held on a Saturday. The Saturday meeting date must be contained on the notice of valuation of real property under section 273.121. The board shall meet at the office of the clerk to review the assessment and classification of property in the town or city. No changes in valuation or classification which are intended to correct errors in judgment by the county assessor may be made by the county assessor after the board of review or the county board of equalization has adjourned; however, corrections of errors that are merely clerical in nature or changes that extend homestead treatment to property are permitted after adjournment until the tax extension date for that assessment year. The changes must be fully documented and maintained in the assessor's office and must be available for review by any person. A copy of the changes made during this period must be sent to the county board no later than December 31 of the assessment year.

(b) The board shall determine whether the taxable property in the town or city has been properly placed on the list and properly valued by the assessor. If real or personal property has been omitted, the board shall place it on the list with its market value, and correct the assessment so that each tract or lot of real property, and each article, parcel, or class of personal property, is entered on the assessment list at its market value. No assessment of the property of any person may be raised unless the person has been duly notified of the intent of the board to do so. On application of any person feeling aggrieved, the board shall review the assessment or classification, or both, and correct it as appears just.

(c) A local board of review may reduce assessments upon petition of the taxpayer but the total reductions must not reduce the aggregate assessment made by the county assessor by more than one percent. If the total reductions would lower the aggregate assessments made by the county assessor by more than one percent, none of the adjustments may be made. The assessor shall correct any clerical errors or double assessments discovered by the board of review without regard to the one percent limitation.

(d) A majority of the members may act at the meeting, and adjourn from day to day until they finish hearing the cases presented. The assessor shall attend, with the assessment books and papers, and take part in the proceedings, but must not vote. The county assessor, or an assistant delegated by the county assessor shall attend the meetings. The board shall list separately, on a form appended to the assessment book, all omitted property added to the list by the board and all items of property increased or decreased, with the market value of each item of property, added or changed by the board, placed opposite the item. The county assessor shall enter all changes made by the board in the assessment book.

(e) If a person fails to appear in person, by counsel, or by written communication before the board after being duly notified of the board's intent to raise the assessment of the property, or if a person feeling aggrieved by an assessment or classification fails to apply for a review of the assessment or classification, the person may not appear before the county board of equalization for a review of the assessment or classification. This paragraph does not apply if an assessment was made after the board meeting, as provided in section 273.01, or if the person can establish not having received notice of market value at least five days before the local board of review meeting.

(f) The board of review or the board of equalization must complete its work and adjourn within 20 days from the time of convening stated in the notice of the clerk, unless a longer period is approved by the commissioner of revenue. No action taken after that date is valid. All complaints about an assessment or classification made after the meeting of the board must be heard and determined by the county board of equalization. A nonresident may, at any time, before the meeting of the board of review file written objections to an assessment or classification with the county assessor. The objections must be presented to the board of review at its meeting by the county assessor for its consideration.

Sec. 10. Minnesota Statutes 1994, section 276.131, is amended to read:

276.131 [DISTRIBUTION OF PENALTIES, INTEREST, AND COSTS.]

The penalties, interest, and costs collected on special assessments and real and personal property taxes must be distributed as follows:

(1) all penalties and interest collected on special assessments against real or personal property must be distributed to the taxing jurisdiction that levied the assessment;

(2) 50 percent of all penalties and interest collected on real and personal property taxes must be distributed to the county in which the property is located, and the other 50 percent must be distributed to the school ~~district in which the property is located~~ districts within the county. The distribution to the school district must be in accordance with the provisions of section 124.10; and

(3) all costs collected by the county on special assessments and on delinquent real and personal property taxes must be distributed to the county in which the property is located.

Sec. 11. Minnesota Statutes 1994, section 279.01, subdivision 1, is amended to read:

Subdivision 1. Except as provided in subdivision 3 or 4, on May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, a penalty shall accrue and thereafter be charged upon all unpaid taxes on real estate on the current lists in the hands of the county treasurer. The penalty shall be at a rate of two percent on homestead property until May 31 and four percent on June 1. The penalty on nonhomestead property shall be at a rate of four percent until May 31 and eight percent on June 1. This penalty shall not accrue until June 1 of each year, or 21 days after the postmark date on the envelope containing the property tax statements, whichever is later, on commercial use real property used for seasonal residential recreational purposes and classified as class 1c or 4c, and on other commercial use real property classified as class 3a, provided that over 60 percent of the gross income earned by the enterprise on the class 3a property is earned during the months of May, June, July, and August. Any property owner of such class 3a property who pays the first half of the tax due on the property after May 15 and before June 1, or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, shall attach an affidavit to the payment attesting to compliance with the income provision of this subdivision. Thereafter, for both homestead and nonhomestead property, on the first day of each month beginning July 1, up to and including October 1 following, an additional penalty of one percent for each month shall accrue and be charged on all such unpaid taxes provided that if the due date was extended beyond May 15 as the result of any delay in mailing property tax statements no additional penalty shall accrue if the tax is paid by the extended due date. If the tax is not paid by the extended due date, then all penalties that would have accrued if the due date had been May 15 shall be charged. When the taxes against any tract or lot exceed \$50, one-half thereof may be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later; and, if so paid, no penalty shall attach; the remaining one-half shall be paid at any time prior to October 16 following, without penalty; but, if not so paid, then a penalty of two percent shall accrue thereon for homestead property and a penalty of four percent on nonhomestead property. Thereafter, for homestead property, on the first day of November an additional penalty of four percent shall accrue and on the first day of December following, an additional penalty of two percent shall accrue and be charged on all such unpaid taxes. Thereafter, for nonhomestead property, on the first day of November and December following, an additional penalty of four percent for each month shall accrue and be charged on all such unpaid taxes. If one-half of such taxes shall not be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, the same may be paid at any time prior to October 16, with

accrued penalties to the date of payment added, and thereupon no penalty shall attach to the remaining one-half until October 16 following.

This section applies to payment of personal property taxes assessed against improvements to leased property, except as provided by section 277.01, subdivision 3.

A county may provide by resolution that in the case of a property owner that has multiple tracts or parcels with aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 278.03 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

Sec. 12. Minnesota Statutes 1994, section 279.01, is amended by adding a subdivision to read:

Subd. 4. In the case of class 4c seasonal residential recreational property not used for commercial purposes, penalties shall accrue and be charged on unpaid taxes at the times and at the rates provided in subdivision 1 for homestead property.

The council shall review the map and plan once a year and revise them as necessary to indicate the current transit zones. The council shall provide each county and city assessor in the metropolitan area a copy of the current map and plan.

Sec. 14. Minnesota Statutes 1994, section 477A.011, subdivision 36, is amended to read:

(b) A city that in 1992 or 1993 transferred an amount from governmental funds to its sewer and water fund, which amount exceeded its net levy for taxes payable in the year in which the transfer occurred, has a "city aid base" equal to the amount the city was certified to receive in calendar year 1995 under section 477A.013.

Sec. 15. Laws 1992, chapter 511, article 2, section 45, is amended by adding a subdivision to read:

Subd. 6a. [HOUSING REDEVELOPMENT AUTHORITY; EXCEPTIONS.] The requirements of subdivisions 2, 3, 4, and 5 do not apply in order to qualify for the exemption if the student housing is owned by the local housing and redevelopment authority, the reduced cost of development due to the exemption is reflected in lower rents, and a reasonable system is used to provide priority to students in renting the dwelling units.

Sec. 16. Laws 1992, chapter 511, article 2, section 45, subdivision 7, is amended to read:

Subd. 7. [EXPIRATION.] ~~This section applies to student housing approved by the state board before January 1, 1997.~~ The property tax exemption for a student housing development is limited to 20 years from the date of first occupancy. This section expires January 1, 2018.

Sec. 18. Laws 1992, chapter 511, article 2, section 46, subdivision 7, is amended to read:

Subd. 7. [EXPIRATION.] ~~This section applies to student housing approved by the state board before January 1, 1997.~~ The property tax exemption for a student housing development is limited to 20 years from the date of first occupancy. This section expires January 1, 2018.

Sec. 19. [HACA REDUCTION; HENNEPIN COUNTY COURT EMPLOYEES.]

There shall be deducted from the homestead and agricultural credit aid payments to Hennepin county under Minnesota Statutes, section 273.1398, an amount equal to \$180,000 which represents the cost to the state for the assumption of two Hennepin county staff attorneys whose job function is that of court referees and whose positions should have been transferred to the state as part of the court takeover in Laws 1989, First Special Session chapter 1, article 4. One-half of the total amount shall be deducted from each of the aid payments made in 1995 to Hennepin county under Minnesota Statutes, section 273.1398. The amount of reduction made under this section shall be a permanent aid reduction.

Sec. 20. [TRANSIT ZONE MAP; DATE FIRST PRODUCED.]

ARTICLE 5 PROPERTY TAX REFUND

Section 1. [13.515] [PROPERTY TAX DATA.]

The following data calculated or maintained by political subdivisions and shown on property tax statements under section 276.09 are classified as private data on individuals, pursuant to section 13.02, subdivision 12: (1) property tax refund amounts under section 276.04, subdivision 2, paragraph (c), clause (8); and (2) the property tax after deduction of the property tax refunds under section 276.04, subdivision 2, paragraph (c), clause (9).

Sec. 2. Minnesota Statutes 1994, section 270A.03, subdivision 7, is amended to read:

Subd. 7. [REFUND.] "Refund" means an individual income tax refund or political contribution refund, pursuant to chapter 290; or a property tax credit or refund, pursuant to chapter 290A, other than a refund which has been certified to or calculated by the county auditor under section 276.012.

For purposes of this chapter, lottery prizes, as set forth in section 349A.08, subdivision 8, shall be treated as refunds.

In the case of a joint property tax refund payable to spouses under chapter 290A, the refund shall be considered as belonging to each spouse in the proportion of the total refund that equals each spouse's proportion of the total income determined under section 290A.03, subdivision 3. The commissioner shall remit the entire refund to the claimant agency, which shall, upon the request of the spouse who does not owe the debt, determine the amount of the refund belonging to that spouse and refund the amount to that spouse.

Sec. 3. Minnesota Statutes 1994, section 270B.12, is amended by adding a subdivision to read:

Subd. 10. [PROPERTY TAX REFUNDS.] The commissioner may disclose to a county auditor and treasurer, and to their designated agents or employees, the property tax refund amounts for each parcel of homestead property in the county as determined by the commissioner under chapter 290A.

Sec. 4. Minnesota Statutes 1994, section 270B.12, is amended by adding a subdivision to read:

Subd. 11. [SOCIAL SECURITY NUMBERS.] For purposes of determining and administering homestead status and property tax refunds, the commissioner may disclose to a county auditor, county treasurer, county assessor, the county recorder or registrar of deeds, and their designated agents or employees, and those officials may disclose to each other and to the commissioner, the parcel identification number and the names and social security numbers of the owners of homestead property and their spouses.

Sec. 5. Minnesota Statutes 1994, section 273.124, subdivision 13, is amended to read:

Subd. 13. [HOMESTEAD APPLICATION.] (a) A person who meets the homestead requirements under subdivision 1 must file a homestead application with the county assessor to initially obtain homestead classification.

(b) On or before January 2, 1993, each county assessor shall mail a homestead application to the owner of each parcel of property within the county which was classified as homestead for the 1992 assessment year. The format and contents of a uniform homestead application shall be prescribed by the commissioner of revenue. The commissioner shall consult with the chairs of the house and senate tax committees on the contents of the homestead application form. The application must clearly inform the taxpayer that this application must be signed by all owners who occupy the property or by the qualifying relative and returned to the county assessor in order for the property to continue receiving homestead treatment. The envelope containing the homestead application shall clearly identify its contents and alert the taxpayer of its necessary immediate response.

(c) Every property owner applying for homestead classification must furnish to the county assessor the social security number of each occupant who is listed as an owner of the property on the deed of record, the name and address of each owner who does not occupy the property, and the name and social security number of each owner's spouse who occupies the property. The application must be signed by each owner who occupies the property and by each owner's spouse who occupies the property, or, in the case of property that qualifies as a homestead under subdivision 1, paragraph (c), by the qualifying relative.

If a property owner occupies a homestead, the property owner's spouse may not claim another property as a homestead unless the property owner and the property owner's spouse file with the assessor an affidavit or other proof required by the assessor stating that the property owner's spouse does not occupy the homestead because marriage dissolution proceedings are pending, the spouses are legally separated, or the spouse's employment or self-employment location requires the spouse to have a separate homestead. The assessor may require proof of employment or self-employment and employment or self-employment location, or proof of dissolution proceedings or legal separation.

If the social security number or affidavit or other proof is not provided, the county assessor shall classify the property as nonhomestead.

The social security numbers or affidavits or other proofs of the property owners and spouses are private data on individuals as defined by section 13.02, subdivision 12, but, notwithstanding that section, the private data may be disclosed to the commissioner of revenue, or, for purposes of proceeding under the revenue recapture act to recover personal property taxes owing, to the county treasurer.

(d) If residential real estate is occupied and used for purposes of a homestead by a relative of the owner and qualifies for a homestead under subdivision 1, paragraph (c), in order for the property to receive homestead status, a homestead application must be filed with the assessor. The social security number of each relative occupying the property and the social security number of each owner who is related to an occupant of the property shall be required on the homestead application filed under this subdivision. If a different relative of the owner subsequently occupies the property, the owner of the property must notify the assessor within 30 days of the change in occupancy. The social security number of a relative occupying the property is private data on individuals as defined by section 13.02, subdivision 12, but may be disclosed to the commissioner of revenue.

(e) The homestead application shall also notify the property owners that the application filed under this section will not be mailed annually and that if the property is granted homestead status for the 1993 assessment, or any assessment year thereafter, that same property shall remain classified as homestead until the property is sold or transferred to another person, or the owners or the relatives no longer use the property as their homestead. Upon the sale or transfer of the homestead property, a certificate of value must be timely filed with the county auditor as provided under section 272.115. Failure to notify the assessor within 30 days that the property has been sold, transferred, or that the owner or the relative is no longer occupying the property as a homestead, shall result in the penalty provided under this subdivision and the property will lose its current homestead status.

(f) If the homestead application is not returned within 30 days, the county will send a second application to the present owners of record. The notice of proposed property taxes prepared under

section 275.065, subdivision 3, shall reflect the property's classification. Beginning with assessment year 1993 for all properties, if a homestead application has not been filed with the county by December 15, the assessor shall classify the property as nonhomestead for the current assessment year for taxes payable in the following year, provided that the owner may be entitled to receive the homestead classification by proper application under section 375.192.

(g) At the request of the commissioner, each county must give the commissioner a list that includes the name and social security number of each property owner and the property owner's spouse occupying the property, or relative of a property owner, applying for homestead classification under this subdivision. The commissioner shall use the information provided on the lists as appropriate under the law, including for the detection of improper claims by owners, or relatives of owners, under chapter 290A.

(h) If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead benefits that had been improperly allowed. For the purpose of this section, "homestead benefits" means the tax reduction resulting from the classification as a homestead under section 273.13, the taconite homestead credit under section 273.135, and the supplemental homestead credit under section 273.1391, and the property tax refunds under chapter 290A deducted on the property tax statement.

The county auditor shall send a notice to the owners of the affected property, demanding reimbursement of the homestead benefits plus a penalty equal to 100 percent of the homestead benefits. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county. If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount of taxes and penalty to the succeeding year's tax list to be collected as part of the property taxes. In the case of a manufactured home, the amount shall be certified to the current year's tax list for collection.

(i) Any amount of homestead benefits recovered by the county from the property owner shall be distributed to the county, city or town, and school district where the property is located in the same proportion that each taxing district's levy was to the total of the three taxing districts' levy for the current year. Any amount recovered attributable to property tax refunds reimbursed to the county by the state shall be paid to the commissioner of revenue for deposit in the fund from which it was paid. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The total amount of penalty collected must be deposited in the county general fund.

(j) If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

(k) In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.

Sec. 6. Minnesota Statutes 1994, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a

town, the amount of its final levy. It must clearly state that each taxing authority, including regional library districts established under section 134.201, and including the metropolitan taxing districts as defined in paragraph (i), but excluding all other special taxing districts and towns, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail. The notice must include the estimated percentage increase in Minnesota personal income, provided by the commissioner of revenue under section 275.064, in a way to facilitate comparison of the proposed budget and levy increases with the increase in personal income. For 1993, the notice must clearly state that each taxing authority holding a public meeting will describe the increases or decreases of the total budget, including employee and independent contractor compensation in the prior year, current year, and the proposed budget year.

(d) The notice must state for each parcel:

(1) the market value of the property as determined under section 273.11, and used for computing property taxes payable in the following year and for taxes payable in the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district excess referenda levy, remaining school district levy, regional library district, if in existence, the total of the metropolitan special taxing districts as defined in paragraph (i) and the sum of the remaining special taxing districts, and as a total of the taxing authorities, including all special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year, including separate deductions for the property tax refunds under section 290A.04, subdivisions 2 and 2h, and the actual tax for taxes payable the current year, including separate deductions for the property tax refunds under section 290A.04, subdivisions 2 and 2h. For the purposes of this subdivision, "school district excess referenda levy" means school district taxes for operating purposes approved at referendums, including those taxes based on net tax capacity as well as those based on market value. "School district excess referenda levy" does not include school district taxes for capital expenditures approved at referendums or school district taxes to pay for the debt service on bonds approved at referenda. In the case of the city of Minneapolis, the levy for the Minneapolis library board and the levy for Minneapolis park and recreation shall be listed separately from the remaining amount of the city's levy. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following and that these items may increase the proposed tax shown on the notice:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) the contamination tax imposed on properties which received market value reductions for contamination.

The notice must state that the deduction for a property tax refund under section 290A.04, subdivision 2h, is contingent upon continuity in ownership of the property.

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

(i) For purposes of this subdivision, subdivisions 5a and 6, "metropolitan special taxing districts" means the following taxing districts in the seven-county metropolitan area that levy a property tax for any of the specified purposes listed below:

(1) metropolitan council under section 473.132, 473.167, 473.249, 473.325, 473.446, 473.521, 473.547, or 473.834;

(2) metropolitan airports commission under section 473.667, 473.671, or 473.672; and

(3) metropolitan mosquito control commission under section 473.711.

For purposes of this section, any levies made by the regional rail authorities in the county of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington under chapter 398A shall be included with the appropriate county's levy and shall be discussed at that county's public hearing.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

Sec. 7. [276.012] [COMPUTATION AND ADMINISTRATION OF PROPERTY TAX REFUNDS.]

(a) On or before October 1 each year, the commissioner of revenue shall certify to the county auditor the property tax refund amount under section 290A.04, subdivision 2, for each parcel of homestead property as defined in section 290A.04, subdivision 6, other than a manufactured home assessed under section 273.125, subdivision 8, paragraph (c), that qualifies for a refund relating to taxes payable in the current year.

(b) The county auditor shall compute the refund for purposes of the proposed property tax notice for each parcel of homestead property as defined in section 290A.03, subdivision 6, other than a manufactured home assessed under section 273.125, subdivision 8, paragraph (c), that may qualify for a refund under section 290A.04, subdivision 2h, for taxes payable in the subsequent year.

(c) After certification of the levies by taxing districts under section 275.07, the county auditor shall compute the refund for each parcel of homestead property as defined in section 290A.03, subdivision 6, other than a manufactured home assessed under section 273.125, subdivision 8, paragraph (c), that qualifies for a refund under section 290A.04, subdivision 2h, for taxes payable in the current year.

(d) The county auditor shall separately certify the amounts in paragraphs (a) and (c) to the county treasurer who shall reflect the amounts as property tax deductions on the property tax statement under section 276.04 for taxes payable in the current year, provided that to receive the refunds, the property must be classified as homestead property under section 273.13 for taxes payable in the year the refund is payable.

(e) The county auditor shall annually separately certify the costs of the property tax refunds under section 290A.04, subdivisions 2 and 2h, to the department of revenue with the abstract of tax lists under section 275.29.

Sec. 8. Minnesota Statutes 1994, section 276.04, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain the parcel identification number and a county identification number in the upper right corner of the statement. The statement must contain the qualifying tax amount to be used by the taxpayer in claiming a property tax refund under section 290A.04, subdivision 2, in the form and location determined by the commissioner of revenue. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality, the total of the metropolitan special taxing districts as defined in section 275.065, subdivision 3, paragraph (i), school district excess referenda levy, remaining school district levy, and the total of other voter approved referenda levies based on market value under section 275.61 must be separately stated. The amounts due all other special taxing districts, if any, may be aggregated. For the purposes of this subdivision, "school district excess referenda levy" means school district taxes for operating purposes approved at referenda, including those taxes based on market value. "School district excess referenda levy" does not include school district taxes for capital expenditures approved at referendums or school district taxes to pay for the debt service on bonds approved at referenda. The amount of the tax on contamination value imposed under sections 270.91 to 270.98, if any, must also be separately stated. The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The amount of market value excluded under section 273.11, subdivision 16, if any, must also be listed on the tax statement. The statement shall include the following sentence, printed in upper case letters in boldface print: "THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT."

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

(1) the property's estimated market value under section 273.11, subdivision 1;

(2) the property's taxable market value after reductions under section 273.11, subdivisions 1a and 16;

(3) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);

(4) a total of the following aids:

(i) education aids payable under chapters 124 and 124A;

(ii) local government aids for cities, towns, and counties under chapter 477A; and

(iii) disparity reduction aid under section 273.1398;

(5) for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as "homestead and agricultural credit." For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;

(6) any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief"; and

(7) the net tax payable in the manner required in paragraph (a);

(8) for eligible homestead properties, the property tax refunds under section 290A.04, subdivisions 2 and 2h, if any, shown separately as deductions on the statement; and

(9) the tax after deduction of the property tax refunds under clause (8).

(d) The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. ~~In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in 1992 and thereafter,~~ The commissioner must certify this amount by September 1.

Sec. 9. Minnesota Statutes 1994, section 276.09, is amended to read:

276.09 [SETTLEMENT BETWEEN AUDITOR AND TREASURER.]

On the later of May 20 of each year or 26 calendar days after the postmark date on the envelopes containing real or personal property tax statements, the county treasurer shall make full settlement with the county auditor of all receipts collected for all purposes, from the date of the last settlement up to and including each day mentioned. The county auditor shall, within 30 days after the settlement, send an abstract of it to the state auditor in the form prescribed by the state auditor. At the settlement the treasurer shall make complete returns of the receipts on the current tax list, showing the amount collected on account of the several funds included in the list.

Settlement of receipts from the later of May 20 or the actual settlement date to December 31 of each year must be made as provided in section 276.111.

For purposes of this section, "receipts" includes all tax payments received by the county treasurer on or before the settlement date and all property tax refunds paid to the county treasurer under section 290A.07.

Sec. 10. Minnesota Statutes 1994, section 276.111, is amended to read:

276.111 [DISTRIBUTIONS AND FINAL YEAR-END SETTLEMENT.]

Within 14 business days after July 20, the county treasurer shall pay to each taxing district 100 percent of the estimated collections arising from taxes levied by and belonging to the taxing district from the settlement day determined in section 276.09 to July 25.

Within seven business days after October 15, the county treasurer shall pay to the school districts 50 percent of the estimated collections arising from taxes levied by and belonging to the school district from ~~the settlement day determined in section 276.09~~ July 25 to October 20. The remaining 50 percent of the estimated tax collections must be paid to the school district within the next seven business days. Within ten business days after November 15, the county treasurer shall pay to the school district 100 percent of the estimated collections arising from taxes levied by and belonging to the school districts from October 20 to November 20.

Within ten business days after November 15, the county treasurer shall pay to each taxing district, except any school district, 100 percent of the estimated collections arising from taxes levied by and belonging to each taxing district from ~~the settlement day determined in section 276.09~~ July 25 to November 20.

On or before January 5, the county treasurer shall make full settlement with the county auditor of all receipts collected from the settlement day determined in section 276.09 to December 31. After subtracting any tax distributions that have been made to the taxing districts in July, October, and November, the treasurer shall pay to each of the taxing districts on or before January 25, the balance of the tax amounts collected on behalf of each taxing district. Interest accrues at an annual rate of eight percent and must be paid to the taxing district if this final settlement amount is not paid by January 25. Interest must be paid upon appropriation from the general revenue fund of the county. If not paid, it may be recovered by the taxing district in a civil action.

Sec. 11. Minnesota Statutes 1994, section 289A.60, subdivision 12, is amended to read:

Subd. 12. [PENALTIES RELATING TO PROPERTY TAX REFUNDS.] (a) If the commissioner determines that a property tax refund claim is or was excessive and was filed with fraudulent intent, the claim must be disallowed in full. If the claim has been paid, the amount disallowed may be recovered by assessment and collection.

(b) If it is determined that a property tax refund claim is excessive and was negligently prepared, ten percent of the corrected claim must be disallowed. If the claim has been paid, the amount disallowed must be recovered by assessment and collection.

(c) An owner or managing agent who knowingly fails to give a certificate of rent constituting property tax to a renter, as required by section 290A.19, paragraph (a), is liable to the commissioner for a penalty of \$100 for each failure.

(d) If the owner or managing agent knowingly gives rent certificates that report total rent constituting property taxes in excess of the amount of actual rent constituting property taxes paid on the rented part of a property, the owner or managing agent is liable for a penalty equal to the greater of (1) \$100 or (2) 50 percent of the excess that is reported. An overstatement of rent constituting property taxes is presumed to be knowingly made if it exceeds by ten percent or more the actual rent constituting property taxes.

(e) No property tax refund claim based on rent paid, or on property taxes payable in the case of a manufactured home assessed under section 273.125, subdivision 8, paragraph (c), is allowed if the initial claim is filed more than one year after the original due date for filing the claim.

(f) Except as provided in paragraph (e), no property tax refund claim based on property taxes payable filed after the original due date for filing the claim may be paid. No extensions of time for filing may be granted.

Sec. 12. Minnesota Statutes 1994, section 290A.03, subdivision 13, is amended to read:

Subd. 13. [PROPERTY TAXES PAYABLE.] "Property taxes payable" means the property tax exclusive of special assessments, penalties, and interest payable on a claimant's homestead ~~before reductions made under section 273.13~~ but after deductions made under sections 273.135, 273.1391, 273.42, subdivision 2, and any other state paid property tax credits in any calendar year other than property tax refunds determined under chapter 290A. In the case of a claimant who makes ground lease payments, "property taxes payable" includes the amount of the payments directly attributable to the property taxes assessed against the parcel on which the house is located. No apportionment or reduction of the "property taxes payable" shall be required for the use of a portion of the claimant's homestead for a business purpose if the claimant does not deduct any business depreciation expenses for the use of a portion of the homestead in the determination of federal adjusted gross income. For homesteads which are manufactured homes as ~~defined in section 274.19, subdivision 8~~ assessed under section 273.125, subdivision 8, paragraph (c), "property taxes payable" shall also include the amount of the gross rent paid in the preceding year for the site on which the homestead is located, which is attributable to the net tax paid on the site. The amount attributable to property taxes shall be determined by multiplying the net tax on the parcel by a fraction, the numerator of which is the gross rent paid for the calendar year for the site and the denominator of which is the gross rent paid for the calendar year for the parcel. When a homestead is owned by two or more persons as joint tenants or tenants in common, such tenants shall determine between them which tenant may claim the property taxes payable on the homestead. If they are unable to agree, the matter shall be referred to the commissioner of revenue whose decision shall be final. Property taxes are considered payable in the year prescribed by law for payment of the taxes.

In the case of a claim relating to "property taxes payable," the claimant must have owned and occupied the homestead on January 2 of the year ~~in which the tax is payable~~ to which the "property taxes payable" used in computing the refund relate, and (i) the property must have been classified as homestead property pursuant to section 273.13, subdivision 22 or 23, on or before December 15 of the assessment year to which the "property taxes payable" relate; or (ii) the claimant must provide documentation from the local assessor that application for homestead classification has been made on or before ~~December~~ August 15 of the year in which the "property taxes payable" were payable and that the assessor has approved the application.

No refunds under section 290A.04, subdivision 2 or 2h, may be deducted on the property tax statement unless the property is classified as homestead property for taxes payable in the year the property tax refund is paid.

Sec. 13. Minnesota Statutes 1994, section 290A.04, subdivision 2h, is amended to read:

Subd. 2h. (a) If the gross property taxes payable on a homestead increase more than 12 percent over the net property taxes payable in the prior year on the same property that is owned and occupied by the same owner on January 2 of both years, and the amount of that increase is \$100 or more ~~for taxes payable in 1995 and 1996~~, a claimant who is, a homeowner shall be allowed an additional refund equal to 60 percent of the amount of the increase over the greater of 12 percent of the prior year's net property taxes payable or \$100 ~~for taxes payable in 1995 and 1996~~. This subdivision shall not apply to any increase in the gross property taxes payable attributable to improvements made to the homestead after the assessment date for the prior year's taxes.

The maximum refund allowed under this subdivision is \$1,000.

(b) For purposes of this subdivision, the following terms have the meanings given:

(1) "Net property taxes payable" means property taxes payable minus refund amounts for which the claimant qualifies pursuant to subdivision 2 and this subdivision.

(2) "Gross property taxes" means net property taxes payable determined without regard to the refund allowed under this subdivision.

~~(c) In addition to the other proofs required by this chapter, each claimant under this subdivision shall file with the property tax refund return a copy of the property tax statement for taxes payable in the preceding year or other documents required by the commissioner.~~

~~(d) On or before December 1, 1995, the commissioner shall estimate the cost of making the payments provided by this subdivision for taxes payable in 1996. Notwithstanding the open appropriation provision of section 290A.23, if the estimated total refund claims for taxes payable in 1996 exceed \$5,500,000, the commissioner shall first reduce the 60 percent refund rate enough, but to no lower a rate than 50 percent, so that the estimated total refund claims do not exceed \$5,500,000. If the commissioner estimates that total claims will exceed \$5,500,000 at a 50 percent refund rate, the commissioner shall also reduce the \$1,000 maximum refund amount by enough so that total estimated refund claims do not exceed \$5,500,000.~~

~~The determinations of the revised thresholds by the commissioner are not rules subject to chapter 14.~~

~~(e) Upon request, the appropriate county official shall make available the names and addresses of the property taxpayers who may be eligible for the additional property tax refund under this section. The information shall be provided on a magnetic computer disk. The county may recover its costs by charging the person requesting the information the reasonable cost for preparing the data. The information may not be used for any purpose other than for notifying the homeowner of potential eligibility and assisting the homeowner, without charge, in preparing a refund claim.~~

Sec. 14. Minnesota Statutes 1994, section 290A.07, is amended to read:

290A.07 [TIME FOR AND MANNER OF PAYMENT.]

Subd. 3. [PAYMENT TO COUNTY TREASURER AS DEDUCTION ON PROPERTY TAX STATEMENT.] A claimant In the case of property not included in subdivision 2a shall receive

Sec. 15. Minnesota Statutes 1994, section 290A.15, is amended to read:

290A.15 [CLAIM APPLIED AGAINST OUTSTANDING LIABILITY.]

This section does not apply to (1) refunds under section 290A.04, subdivision 2, that have been certified by the commissioner of revenue to the county auditor under section 276.012, or (2) refunds under section 290A.04, subdivision 2h, determined by the county auditor under section 276.012.

Sec. 16. Minnesota Statutes 1994, section 290A.18, is amended to read:

290A.18 [RIGHT TO FILE CLAIM; RIGHT TO RECEIVE CREDIT.]

Subdivision 1. [CLAIM BY SURVIVING SPOUSE OR DEPENDENT.] Except as provided in subdivision 3, if a person entitled to relief under this chapter dies prior to receiving relief, the surviving spouse or dependent of the person shall be entitled to file the claim and receive relief. If there is no surviving spouse or dependent, the right to the credit shall lapse.

Subd. 2. [CLAIMANT CANNOT BE LOCATED.] Except as provided in subdivision 3, if the commissioner cannot locate the claimant within two years from the date that the original warrant was issued, or if a claimant to whom a warrant has been issued does not cash that warrant within two years from the date the warrant was issued, the right to the credit shall lapse, and the warrant shall be deposited in the general fund.

Subd. 3. [RIGHT TO RECEIVE REFUND NOT PERSONAL TO CLAIMANT.] Property tax refunds under section 290A.04, subdivisions 2 and 2h, are paid as a deduction on the property tax statement of the property as provided in section 290A.07, subdivision 3. The right to receive the deduction is not personal to the claimant or to a surviving spouse or dependent of the claimant.

Sec. 17. [290A.26] [APPROPRIATION; COUNTY COSTS.]

The commissioner shall make the payments annually, on July 20 of each year. Each county auditor shall determine the county's costs and certify the costs to the commissioner at the time and in the manner directed by the commissioner. The commissioner shall review the costs, and may limit or correct them, return them to the county for changes, or request additional information or documentation. Sec. 31. [CITIES OF CRYSTAL, FRIDLEY, AND MINNEAPOLIS; HOUSING REPLACEMENT DISTRICTS; DEFINITIONS.]

Subdivision 1. [CAPTURED NET TAX CAPACITY.] "Captured net tax capacity" means the amount by which the current net tax capacity of the improvements to real property in a housing replacement district exceeds the original net tax capacity of improvements to property in the district, including the value of property normally taxable as personal property by reason of its location on or over property owned by a tax-exempt entity. No amount of net tax capacity attributable to land is included in captured net tax capacity.

Subd. 2. [ORIGINAL NET TAX CAPACITY.] "Original net tax capacity" means the tax capacity of all taxable real property within a housing replacement district as certified by the commissioner of revenue for the previous assessment year, provided that the request by the authority for certification of a new housing replacement district has been made to the county auditor by June 30. The original net tax capacity of housing replacement districts for which requests are filed after June 30 has an original net tax capacity based on the current assessment year. In any case, the original net tax capacity must be determined together with subsequent adjustments as set forth in Minnesota Statutes, section 469.177, subdivisions 1 and 4. In determining the original net tax capacity, the net tax capacity of real property exempt from taxation at the time of the request shall be zero, except for real property which is tax exempt by reason of public ownership by the requesting authority and which has been publicly owned for less than one year prior to the date of the request for certification, in which event the net tax capacity of the property shall be the net tax capacity as most recently determined by the commissioner of revenue.

Subd. 3. [PARCEL.] "Parcel" means a tract or plat of land established prior to the certification of the district as a single unit for purposes of assessment.

Subd. 4. [AUTHORITY.] For housing replacement projects in the city of Crystal, "authority" means the Crystal economic development authority. For housing development projects in the city of Fridley, "authority" means the housing and redevelopment authority in and for the city of Fridley or a successor in interest. For housing replacement projects in the city of Minneapolis, "authority" means the Minneapolis community development agency.

Sec. 32. [ESTABLISHMENT OF HOUSING REPLACEMENT DISTRICTS.]

Subdivision 1. [CREATION OF PROJECTS.] (a) An authority may create a housing replacement project under sections 31 to 34, as provided in this section.

(b) For the cities of Crystal and Fridley, the authority may designate up to 50 parcels in the city to be included in a housing replacement district over the life of the district. No more than ten

parcels may be included in the original district, with up to seven additional parcels added to the district in each of the following nine years. For the city of Minneapolis, the authority may designate up to 500 parcels in the city to be included in a housing replacement district over the life of the district.

(c) The city in which the authority is located must pay at least 25 percent of the project costs from its general fund, property tax levy, or other unrestricted money, not including tax increments.

(d) The project must have as its sole object the acquisition of parcels for the purpose of preparing the site to be sold for market rate housing. As used in this section, "market rate housing" means housing that has a market value that does not exceed 150 percent of the average market value of single-family housing in that municipality.

Subd. 2. [HOUSING REPLACEMENT DISTRICT PLAN.] To establish a housing replacement district under sections 31 to 34, an authority shall develop a housing replacement project plan which shall contain:

(1) a statement of the objectives and a description of the projects proposed by the authority for the housing replacement district;

(2) a statement of the housing replacement project plan, demonstrating the coordination of that plan with the city's comprehensive plan;

(3) estimates of the following:

(i) cost of the program, including administrative expenses;

(ii) sources of revenue to finance or otherwise pay public costs;

(iii) the most recent net tax capacity of taxable real property within the housing replacement district; and

(iv) the estimated captured net tax capacity of the housing replacement district at completion;

(4) statements of the authority's alternate estimates of the impact of the housing replacement district on the net tax capacities of all taxing jurisdictions in which the district is located in whole or in part. For purposes of one statement, the municipality shall assume that the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district, and for purposes of the second statement, the county shall assume that none of the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district; and

(5) identification of all parcels to be included in the zone, to the extent known at the time the plan is prepared. At a minimum, the parcels that will be included in the district during its first year must be identified in the original plan. If parcels for subsequent years are not specifically identified, the plan must include the criteria that will be used by the authority to select parcels to be included in the later years.

Subd. 3. [PROCEDURE.] The provisions of Minnesota Statutes, section 469.175, subdivisions 3, 4, 5, and 6, apply to the establishment and operation of the districts created under sections 31 to 34, except as follows:

(1) the determination specified in Minnesota Statutes, section 469.175, subdivision 3, clause (1), is not required; and

(2) addition of parcels not identified in the original plan is not treated as a modification of a plan requiring an approval process provided that the parcels added are consistent with the criteria described in subdivision 2, clause (5).

Sec. 33. [LIMITATIONS.]

Subdivision 1. [DURATION LIMITS.] No tax increment shall be paid to the authority on each parcel in a housing replacement district after 20 years from date of receipt by the county of the first tax increment from that parcel.

Subd. 2. [LIMITATION ON USE OF TAX INCREMENTS.] All revenues derived from tax increments shall be used in accordance with the tax increment financing plan. The revenues shall be used solely to pay the costs of site acquisition, demolition of existing structures, site preparation, and pollution abatement on parcels identified in the plan, as well as public improvements and administrative costs directly related to those parcels.

Sec. 34. [APPLICATION OF OTHER LAWS.]

Subdivision 1. [COMPUTATION OF TAX INCREMENT.] The provisions of Minnesota Statutes, section 469.177, apply to the computation of tax increment for the housing replacement districts created under sections 31 to 34.

Subd. 2. [OTHER PROVISIONS.] References in Minnesota Statutes to tax increment financing districts created and tax increments generated under Minnesota Statutes, sections 469.174 to 469.179, other than references in Minnesota Statutes, section 273.1399, shall include housing replacement districts and tax increments subject to sections 31 to 34, provided that Minnesota Statutes, sections 469.174 to 469.179, apply only to the extent specified in sections 31 to 34.

Sec. 35. [CITY OF FAIRMONT; TAX INCREMENT FINANCING DISTRICT.]

Subdivision 1. [EXEMPTION.] The provisions of Minnesota Statutes, section 273.1399, does not apply to the economic development tax increment financing district in the city of Fairmont designated "Weigh-tronix."

ARTICLE 7

TACONITE TAX

Section 1. Minnesota Statutes 1994, section 298.01, subdivision 4, is amended to read:

Subd. 4. [OCCUPATION TAX; IRON ORE; TACONITE CONCENTRATES.] A person engaged in the business of mining or producing of iron ore or taconite concentrates or direct reduced ore in this state shall pay an occupation tax to the state of Minnesota. The tax is determined in the same manner as the tax imposed by section 290.02, except that sections 290.05, subdivision 1, clause (a), and 290.17, subdivision 4, do not apply. The tax is in addition to all other taxes.

Sec. 2. Minnesota Statutes 1994, section 298.227, is amended to read:

298.227 [TACONITE ECONOMIC DEVELOPMENT FUND.]

An amount equal to that distributed pursuant to each taconite producer's taxable production and qualifying sales under section 298.28, subdivision 9a, shall be held by the iron range resources and rehabilitation board in a separate taconite economic development fund for each taconite and direct reduced ore producer. Money from the fund for each producer shall be released only on the written authorization of a joint committee consisting of an equal number of representatives of the salaried employees and the nonsalaried production and maintenance employees of that producer. The district 33 director of the United States Steelworkers of America, on advice of each local employee president, shall select the employee members. In nonorganized operations, the employee committee shall be elected by the nonsalaried production and maintenance employees. Each producer's joint committee may authorize release of the funds held pursuant to this section only for acquisition of equipment and facilities for the producer or for research and development in Minnesota on new mining, or taconite, iron, or steel production technology. Funds may be released only upon a majority vote of the representatives of the committee. If a taconite production facility is sold after operations at the facility had ceased, any money remaining in the fund for the former producer may be released to the purchaser of the facility on the terms otherwise applicable to the former producer under this section. Any portion of the fund which is not released by a joint committee within two years of its deposit in the fund shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection trust fund created in section 298.292 for placement in their respective special accounts. Two-thirds of the unreleased funds shall be distributed to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection trust fund. This section is effective for taxes payable in 1993 and 1994.

Sec. 3. Minnesota Statutes 1994, section 298.24, subdivision 1, is amended to read:

Subdivision 1. (a) For concentrate produced in 1992, 1993, and 1994, and 1995 there is imposed upon taconite and iron sulphides, and upon the mining and quarrying thereof, and upon the production of iron ore concentrate therefrom, and upon the concentrate so produced, a tax of \$2.054 per gross ton of merchantable iron ore concentrate produced therefrom.

(b) For concentrates produced in ~~1995~~ 1996 and subsequent years, the tax rate shall be equal to the preceding year's tax rate plus an amount equal to the preceding year's tax rate multiplied by the percentage increase in the implicit price deflator from the fourth quarter of the second preceding year to the fourth quarter of the preceding year. "Implicit price deflator" for the gross national product means the implicit price deflator prepared by the bureau of economic analysis of the United States Department of Commerce.

(c) The tax shall be imposed on the average of the production for the current year and the previous two years. The rate of the tax imposed will be the current year's tax rate. This clause shall not apply in the case of the closing of a taconite facility if the property taxes on the facility would be higher if this clause and section 298.25 were not applicable.

(d) If the tax or any part of the tax imposed by this subdivision is held to be unconstitutional, a tax of \$2.054 per gross ton of merchantable iron ore concentrate produced shall be imposed.

(e) Consistent with the intent of this subdivision to impose a tax based upon the weight of merchantable iron ore concentrate, the commissioner of revenue may indirectly determine the weight of merchantable iron ore concentrate included in fluxed pellets by subtracting the weight of the limestone, dolomite, or olivine derivatives or other basic flux additives included in the pellets from the weight of the pellets. For purposes of this paragraph, "fluxed pellets" are pellets produced in a process in which limestone, dolomite, olivine, or other basic flux additives are combined with merchantable iron ore concentrate. No subtraction from the weight of the pellets shall be allowed for binders, mineral and chemical additives other than basic flux additives, or moisture.

(f)(1) Notwithstanding any other provision of this subdivision, for ~~concentrates produced in 1994 through 1999~~ the first five years of a plant's production of direct reduced ore, the rate of the tax on direct reduced ore is determined under this paragraph. As used in this paragraph, "direct reduced ore" is ore that results in a product that has an iron content of at least 75 percent. The rate to be applied to direct reduced ore is 25 percent of the rate otherwise determined under this subdivision for the first 500,000 of taxable tons for the production year, and 50 percent of the rate otherwise determined for any remainder. If the taxpayer had no production in the two years prior

to the the current production year, the tonnage eligible to be taxed at 25 percent of the rate otherwise determined under this subdivision is the first 166,667 tons. If the taxpayer had some production in the year prior to the current production year but no production in the second prior year, the tonnage eligible to be taxed at 25 percent of the rate otherwise determined under this subdivision is the first 333,333 tons.

(2) Production of direct reduced ore in this state is subject to the tax imposed by this section, but if that production is not produced by a producer of taconite or iron sulfides, the production of taconite or iron sulfides consumed in the production of direct reduced iron in this state is not subject to the tax imposed by this section on taconite or iron sulfides.

Sec. 4. Minnesota Statutes 1994, section 298.25, is amended to read:

298.25 [TAXES ADDITIONAL TO OTHER TAXES.]

The taxes imposed under section 298.24 shall be in addition to the occupation tax imposed upon the business of mining and producing iron ore. Except as herein otherwise provided, such taxes shall be in lieu of all other taxes upon such taconite ~~and~~, iron sulphides, and direct reduced ore or the lands in which they are contained, or upon the mining or quarrying thereof, or the production of concentrate or direct reduced ore therefrom, or upon the concentrate or direct reduced ore produced, or upon the machinery, equipment, tools, supplies and buildings used in such mining, quarrying or production, or upon the lands occupied by, or used in connection with, such mining, quarrying or production facilities. If electric or steam power for the mining, transportation or concentration of such taconite ~~or the~~, concentrates or direct reduced ore produced therefrom is generated in plants principally devoted to the generation of power for such purposes, the plants in which such power is generated and all machinery, equipment, tools, supplies, transmission and distribution lines used in the generation and distribution of such power, shall be considered to be machinery, equipment, tools, supplies and buildings used in the mining, quarrying, or production of taconite ~~and~~, taconite concentrates or direct reduced ore within the meaning of this section. If part of the power generated in such a plant is used for purposes other than the mining or concentration of taconite or direct reduced ore or the transportation or loading of taconite ~~or~~, the concentrates thereof or direct reduced ore, a proportionate share of the value of such generating facilities, equal to the proportion that the power used for such other purpose bears to the generating capacity of the plant, shall be subject to the general property tax in the same manner as other property; provided, power generated in such a plant and exchanged for an equivalent amount of power which is used for the mining, transportation, or concentration of such taconite ~~or~~, concentrates or direct reduced ore produced therefrom, shall be considered as used for such purposes within the meaning of this section. Nothing herein shall prevent the assessment and taxation of the surface of reserve land containing taconite and not occupied by such facilities or used in connection therewith at the value thereof without regard to the taconite or iron sulphides therein, nor the assessment and taxation of merchantable iron ore or other minerals, or iron-bearing materials other than taconite or iron sulphides in such lands in the manner provided by law, nor the assessment and taxation of facilities used in producing sulphur or sulphur products from iron sulphide concentrates, or in refining such sulphur products, under the general property tax laws. Nothing herein shall except from general taxation or from taxation as provided by other laws any property used for residential or townsite purposes, including utility services thereto.

Sec. 5. Minnesota Statutes 1994, section 298.28, subdivision 9a, is amended to read:

Subd. 9a. [TACONITE ECONOMIC DEVELOPMENT FUND.] (a) ~~10.4 cents per ton for distributions in 1993 and~~ 15.4 cents per ton for distributions in 1994, and 1995, and 11.3 cents per ton for distributions in 1996 shall be paid to the taconite economic development fund. No distribution shall be made under this paragraph in any year in which total industry production falls below 30 million tons.

(b) An amount equal to 50 percent of the tax under section 298.24 for concentrate sold in the form of pellet chips and fines not exceeding 5/16 inch in size and not including crushed pellets shall be paid to the taconite economic development fund. The amount paid shall not exceed \$700,000 annually for all companies. If the initial amount to be paid to the fund exceeds this amount, each company's payment shall be prorated so the total does not exceed \$700,000.

Sec. 6. Minnesota Statutes 1994, section 298.296, subdivision 4, is amended to read:

Subd. 4. [TEMPORARY LOAN AUTHORITY.] The board may recommend that up to \$10,000,000 from the corpus of the trust may be used for loans as provided in this subdivision. The money would be available for loans for construction and equipping of facilities constituting (1) a value added iron products plant, which may be either a new plant or a facility incorporated into an existing plant that produces iron upgraded to a minimum of 75 percent iron content or any iron alloy with a total minimum metallic content of 90 percent; or (2) a new mine or minerals processing plant for any mineral subject to the net proceeds tax imposed under section 298.015. A loan under this subdivision may not exceed \$5,000,000 for any facility. The authority to make loans under this subdivision terminates December 31, ~~1995~~ 1997.

Sec. 7. [EFFECTIVE DATE.]

This article is effective for production years beginning after December 31, 1994.

ARTICLE 8

Such covenants may include covenants to continue to operate the state lottery and to continue to seek payment by and reimbursement from nonstate sources of health care costs so long as any bonds issued pursuant to this section are outstanding. The provisions of sections 16A.672 and 16A.675 are applicable to the bonds.

Subd. 5. [LIMITATION ON USE OF GENERAL FUND.] The amount of the refund, including accrued interest, to be paid on the judgment in fiscal year 1996 from the general fund not including the proceeds of these bonds shall not exceed \$66,000,000.

If the board finds that the model was not completed or implemented according to the terms of the grant agreement, it may require the grantee to repay all or a portion of the grant. The plan may include model contracts or agreements to be used to implement the plan. A copy of the work product for which the grant was provided must be furnished to the board upon completion, and the board may disseminate it to other local units of government or interested groups. If the board finds that the grantee has failed to implement the plan according to the terms of the agreement, it may require the grantee to repay all or a portion of the grant. The board shall award grants on the basis of each qualified applicant's score under the scoring system in section 465.802. The amount of a grant under this section may not exceed \$50,000.

Agreements solely to make joint purchases are not sufficient to qualify under this section. The application to the board must state what other sources of funding have been considered by the local units of government to implement the project and explain why it is not possible to complete the project without assistance from the board. The proposal must include plans fully to integrate a service or function provided by two or more local government units. The board shall award grants on the basis of each qualified applicant's score under the scoring system in section 465.802. The amount of a grant under this section may not exceed \$100,000.

Sec. 6. Minnesota Statutes 1994, section 465.81, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] Sections 465.81 to 465.87 establish procedures to be used by counties, cities, or towns that adopt by resolution an agreement providing a plan to provide combined services during an initial ~~two-year~~ cooperation period that may not exceed two years and then to merge into a single unit of government over the succeeding two-year period.

Sec. 7. Minnesota Statutes 1994, section 465.82, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF PLAN.] The plan ~~shall~~ must state:

(1) the specific cooperative activities the units will engage in during the first two years of the venture;

(2) the steps to be taken to effect the merger of the governmental units, ~~beginning in the third year of the process,~~ with completion no later than four years after the process begins;

(3) the steps by which a single governing body will be created. ~~Notwithstanding any other law to the contrary, all current members of the governing bodies of the local government units that propose to combine under sections 465.81 to 465.87 may serve on the initial governing body of the combined unit, until a gradual reduction in membership is achieved by foregoing election of new members when terms expire until the number permitted by other law is reached;~~

(4) changes in services provided, facilities used, administrative operations and staffing to effect the preliminary cooperative activities and the final merger and a two-, five-, and ten-year projection of expenditures for each unit if it combined and if it remained separate;

(5) treatment of employees of the merging governmental units, specifically including provisions for reassigning employees, dealing with unions, and providing financial incentives to encourage early retirements;

(6) financial arrangements for the merger, specifically including responsibility for debt service on outstanding obligations of the merging entities;

(7) ~~two-, five-, and ten-year projections prepared by the department of revenue at the request of the local government unit, of revenues, expenditures, and property taxes for each unit if it combined and if it remained separate; one- and two-year impact analysis, prepared by the granting state agency at the request of the local government unit, of major state aid revenues received for each unit if it combined and if it remained separate. This would also include an impact analysis, prepared by the department of revenue, of property tax revenue implications, if any, associated with tax increment financing districts and fiscal disparities resulting from the merger;~~

(8) procedures for a referendum to be held ~~prior to the year of~~ before the proposed combination to approve combining the local government units, specifically stating whether a majority of those voting in each district proposed for combination or a majority of those voting on the question in the entire area proposed for combination would be needed to pass the referendum; and

(9) a time schedule for implementation.

Notwithstanding clause (3) or any other law to the contrary, all current members of the governing bodies of the local governmental units that propose to combine under sections 465.81 to 465.87 may serve on the initial governing body of the combined unit until a gradual reduction in membership is achieved by foregoing election of new members when terms expire until the number permitted by other law is reached.

Sec. 8. Minnesota Statutes 1994, section 465.84, is amended to read:

465.84 [REFERENDUM.]

During the first or second year of cooperation, and after approval of the plan by the ~~department board~~ under section 465.83, a referendum on the question of combination ~~shall~~ must be conducted. The referendum ~~shall~~ must be on a date called by the governing bodies of the units that propose to combine. The referendum ~~shall~~ must be conducted according to the Minnesota election law, as defined in section 200.01. If the referendum fails, the same question or a modified question may be submitted the following year. If the referendum fails again, the same question may not be submitted. Referendums shall be conducted on the same date in all local government units.

Sec. 9. Minnesota Statutes 1994, section 465.85, is amended to read:

465.85 [COUNTY AUDITOR TO PREPARE PLAT.]

Upon the request of two or more local government units that have adopted a resolution to cooperate and combine, the county auditor shall prepare a plat. If the proposed combined local government unit is located in more than one county, the request ~~shall~~ must be submitted to the county auditor of the county that has the greatest land area in the proposed district. The plat must show:

- (1) the boundaries of each of the present units;
- (2) the boundaries of the proposed unit;
- (3) the boundaries of proposed election districts, if requested; and
- (4) other information deemed pertinent by the governing bodies or the county auditor.

Sec. 10. Minnesota Statutes 1994, section 465.87, is amended to read:

465.87 [AIDS TO COOPERATING AND COMBINING UNITS.]

Subdivision 1. [ELIGIBILITY.] A local government unit is eligible to apply for aid under this section if the board has approved its plan to cooperate and combine under section 465.83.

Subd. 1a. [ADDITIONAL ELIGIBILITY.] A local government unit is eligible to apply for aid under this section if it has combined with another unit of government in accordance with any process within chapter 414 that results in the elimination of at least one local government unit and a copy of the municipal board's order combining the two units of government is forwarded to the board. If two units of government cooperate in the orderly annexation of the entire area of a third unit of government that has a population of at least 8,000, the two units of government are each eligible for the amount of aid specified in subdivision 2.

Subd. 1b. [APPLICATION PROCEDURES.] A local government unit covered by subdivision 1 may submit an application to the board along with the final plan for cooperation and combination required by section 465.83. A local government unit covered by subdivision 1a may submit an application to the board after the issuance of the municipal board's order combining the two units of government. The application must be on a form prescribed by the board and must specify the total amount of aid requested up to the maximum authorized by subdivision 2. The application must also include a detailed explanation of the need for the aid and provide a budget indicating how the requested aid would be used.

Subd. 1c. [AID AWARD.] The board may grant or deny an application for aid made by a local government under subdivision 1b. The board may also grant aid to an applicant in an amount that is less than the amount requested by the applicant. The board shall base its decision on the following criteria:

- (1) whether the local government unit has adequately demonstrated that the requested aid is essential to accomplishing the proposed combination;
- (2) whether the activities to be funded by the requested aid are directly related to the combination;
- (3) whether other sources of funding for the activities identified in the application, including short-term cost savings, are available to the applicant as a direct result of the combination; and
- (4) whether there are competing needs for the funding available to the board that would provide a greater public benefit than would be realized by the combination or activities described in the application.

The board may award money to an applicant for a period not to exceed four years. Any funding awarded for a period beyond the biennium in which an award is made, however, is contingent on future appropriations to the board.

Subd. 2. [AMOUNT OF AID.] The annual amount of aid to be paid to each eligible local government unit is ~~equal to~~ may not exceed the following per capita amounts, based on the combined population of the units, ~~not to exceed \$100,000 per year for any unit as estimated by the state demographer, or \$100,000, whichever is less.~~

Combined Population after Combination	Aid Per Capita
0 - 2,500	\$25
2,500 - 5,000	20

5,000 - 20,000	15
over 20,000	10

Payments ~~shall~~ must be made on the dates provided for payments of local government aid under section 477A.013, beginning in the year during which a combination in any form is expected to be ordered by the municipal board as evidenced in resolutions adopted by July 1 by the affected local government units declaring their intent to combine, or during which substantial cooperative activities under the plan initially occur, unless those activities begin after July 1, in which case the initial aid payment ~~shall~~ must be made in the following calendar year. Payments to a local government unit that qualifies for aid pursuant to subdivision 1a must be made on the dates provided for payments of local government aids under section 477A.013, beginning in the calendar year during which a combination in any form is expected to be ordered by the Minnesota municipal board as evidenced in a resolution adopted by July 1 by the affected local government units declaring their intent to combine. The resolutions must certify that the combination agreement addressing all issues relative to the combination is substantially complete. The total amount of aid paid may not exceed the amount appropriated to the board for purposes of this section.

Subd. 3. [TERMINATION OF AID; RECAPTURE.] If a second referendum under section 465.84 fails, or if an initial referendum fails and the governing body does not schedule a second referendum within one year after the first has failed, or if one or more of the local government units that proposed to combine terminates its participation in the cooperation or combination, no additional aid ~~will~~ may be paid under this section. The amount previously paid under this section to a unit must be repaid if the governing body of the unit acts to terminate its current level of participation in the plan. The amount previously paid to the unit must be repaid in annual installments equal to the total amount paid to the unit for all years under ~~subdivision~~ subdivisions 1c and 2, divided by the number of years when payments were made.

Sec. 11. [465.88] [CONSOLIDATION STUDY GRANTS.]

A local unit of government with a population no greater than 2,500 involved in a consolidation proceeding initiated by the municipal board on its own motion under section 414.041, subdivision 1, may apply to the board for a grant under this section. The grant may not exceed \$20,000. A grant under this section must be used to cover costs associated with the consolidation proceeding.

Sec. 12. [APPROPRIATION.]

\$3,000,000 is appropriated from the general fund to the board of government innovation and cooperation, \$1,500,000 to be available for the fiscal year ending June 30, 1996, and \$1,500,000 to be available for the fiscal year ending June 30, 1997. If the appropriation for either year is insufficient, the appropriation for the other year is available for it.

Sec. 13. [EFFECTIVE DATE.]

Section 2 is effective the day following final enactment."

A school district's levy under any special law or any authority other than that contained in Minnesota Statutes, chapters 124, 124A, and 136C, shall not be greater for taxes payable in 1996 than it was for taxes payable in 1995 except for any debt service on obligations, certificates of indebtedness, capital notes, or other debt instruments issued prior to March 30, 1995, or to make payments on installment purchase contracts or lease purchase agreements entered into prior to March 30, 1995.

Sec. 72. [BENEFIT RATIO FOR RURAL SERVICE DISTRICTS.]

Notwithstanding Minnesota Statutes, section 272.67, subdivision 6, the benefit ratio used for apportioning levies to a rural service district for taxes payable in 1996 shall not be greater than that in effect for taxes payable in 1995.

Sec. 73. [PROHIBITION AGAINST INCURRING NEW DEBT.]

Subdivision 1. [GENERALLY.] (a) After March 30, 1995, no municipality as defined in Minnesota Statutes, section 475.51, or any special taxing district as defined under Minnesota Statutes, section 275.066, may sell obligations, certificates of indebtedness, or capital notes under Minnesota Statutes, chapter 475, section 412.301, or any other law authorizing obligations, certificates of indebtedness, capital notes, or other debt instruments or enter into installment purchase contracts or lease purchase agreements under Minnesota Statutes, section 465.71, or any other law authorizing installment purchase contracts or lease purchase agreements if issuing those debt instruments or entering into those contracts would require a levy first becoming due in 1996. This restriction does not apply to (1) refunding bonds sold to refund bonds originally sold before March 30, 1995, or (2) obligations for which the amount of the levy first becoming due in 1996 would not exceed the amount by which the municipality's total debt service levy for taxes payable in 1996 prior to issuance of those obligations is less than the municipality's total debt service levy for taxes payable in 1995. As used in clause (2), "obligations" includes certificates of indebtedness, capital notes, or other debt instruments or installment purchase contracts or lease purchase agreements.

(b) For purposes of this section, bonds will be deemed to have been sold before March 30, 1995, if:

(1) an agreement has been entered into between the municipality and a purchaser or underwriter for the sale of the bonds by that date;

(2) the issuing municipality is a party to contract or letter of understanding entered into before March 30, 1995, with the federal government or the state government that requires the municipality to pay for a project, and the project will be funded with the proceeds of the bonds; or

(3) the proceeds of the bonds will be used to fund a project or acquisition with respect to which the municipality has entered into a contract with a builder or supplier before March 30. Debt service payments due on bonds described in this paragraph during calendar year 1996 will be paid by the state. The amount of those payments must be repaid by the municipality to the state in three equal annual installments beginning in 1997. No interest will be due on those payments if timely paid by June 15 of the year due.

Subd. 2. [EXCEPTION.] Notwithstanding subdivision 1, certificates of indebtedness, capital notes, installment purchase contracts, lease purchase agreements or any other debt instruments, and the debt service levies for the obligations shall, for purposes of this act, be treated as if sold prior to March 30, 1995, if:

(a) The municipality or other governmental authority has satisfied any one of the following conditions prior to March 30, 1995:

(1) it has adopted a resolution or ordinance authorizing the issuance of the obligations;

(2) it has declared official intent to issue the obligations under federal tax laws and regulations;

or

(3) it has entered into a binding agreement to design or construct a project or acquire property to be financed with the obligations; and

(b) The municipality makes a finding at the time of the sale of the bonds that no levy will be required for taxes payable in 1996 to pay the debt service on the obligations because sufficient funds are available from nonproperty tax sources to pay the debt service.

Sec. 74. [ASSESSMENT LIMITATIONS.]

Subdivision 1. [1995 ASSESSMENT.] Notwithstanding Minnesota Statutes, section 273.11, or any other law to the contrary, the value of property for the 1995 assessment shall not exceed the lesser of its limited market value determined for the 1994 assessment pursuant to Minnesota Statutes, section 273.11, subdivision 1a, or its market value as otherwise determined for the 1994 assessment provided that any value attributable to new construction or improvements to the extent it does not qualify for deferral under Minnesota Statutes, section 273.11, subdivision 16, shall be added to the prior year's value used to determine its tax capacity. It is further provided that previously tax exempt property that loses its tax exempt status pursuant to Minnesota Statutes, section 272.02, subdivision 4, shall not have its assessment limited in any way under this subdivision.

Subd. 2. [1996 ASSESSMENT.] The provisions of Minnesota Statutes, section 273.11, subdivision 1a, shall govern in determining the value of property classified as agricultural homestead or nonhomestead, residential homestead or nonhomestead, or noncommercial seasonal residential for the 1996 assessment provided that "five percent" shall be substituted for "ten percent" in that section.

Sec. 75. [LEVY LIMITATION TAXES PAYABLE IN 1996.]

Subdivision 1. [TAXES PAYABLE IN 1996 PROPOSED LEVY.] Notwithstanding any other law to the contrary, for purposes of the certification required by Minnesota Statutes, section 275.065, subdivision 1, in 1995, no taxing authority other than a school district shall certify to the county auditor a proposed property tax levy or in the case of a township, a final property tax levy, greater than the amount certified to the county auditor pursuant to Minnesota Statutes, section 275.07, subdivision 1, in the prior year except as provided in subdivisions 3, 4, and 5.

Subd. 2. [TAXES PAYABLE IN 1996 FINAL LEVY.] Notwithstanding any other law to the contrary, for purposes of the certification required by Minnesota Statutes, section 275.07, subdivision 1, in 1995, no taxing authority other than a school district shall certify to the county auditor a property tax levy greater than the amount certified to the county auditor pursuant to Minnesota Statutes, section 275.07, subdivision 1, in the prior year except as provided in subdivisions 3 and 4.

Subd. 3. [SCHOOL DISTRICTS.] School district levies shall be governed by sections 10 to 71.

Subd. 4. [DEBT SERVICE EXCEPTION.] If a payable 1996 levy for debt service on obligations, certificates of indebtedness, capital notes, or other debt instruments sold prior to March 30, 1995, or to make payments on installment purchase contracts or lease purchase agreements entered into prior to March 30, 1995, exceeds the levy a taxing authority certified pursuant to Minnesota Statutes, section 275.07, subdivision 1, for taxes payable in 1995 for the same purpose, the excess may be levied notwithstanding the limitations of subdivisions 1 and 2.

Subd. 5. [ANNEXATION EXCEPTION.] The city tax rate for taxes payable in 1996 on any property annexed under chapter 414 may not be increased over the city or township tax rate in effect on the property in 1995, notwithstanding any law, municipal board order, or ordinance to the contrary. The limit on the annexing city's levy under subdivisions 1 and 2 may be increased in excess of that limit by an amount equal to the net tax capacity of the property annexed times the city or township tax rate in effect on that property for taxes payable in 1995. The levy limit of the city or township from which the property was annexed shall be reduced by the same amount.

Sec. 76. [FREEZE ON LOCAL MATCH REQUIREMENTS.]

Notwithstanding any other law to the contrary, the local funding or local match required from any city, town, or county for any state grant or program shall not be increased for calendar year 1996 above the dollar amount of the local funding or local match required for the same grant or program in 1995, regardless of the level of state funding provided; and any new local match or local funding requirements for new or amended state grants or programs shall not be effective until calendar year 1997. Nothing in this section shall affect the eligibility of a city, town, or county, for the receipt of state grants or program funds in 1996 or reduce the amount of state funding a city, town, or county would otherwise receive in 1996 if the local match requirements of the state grant or program were met in 1996.

Sec. 77. [SUSPENSION OF SALARY AND BUDGET APPEAL AUTHORIZATION.]

After April 11, 1995, no county sheriff may exercise the authority granted under Minnesota Statutes, section 387.20, subdivision 7, and no county attorney may exercise the authority granted under Minnesota Statutes, section 388.18, subdivision 6, to the extent that the salary or budget increase sought in the appeal would result in an increase in county expenditures in calendar year 1996.

Sec. 78. [SUSPENSION OF PUBLICATION AND HEARING REQUIREMENTS.]

A local taxing authority is not required to comply with the public advertisement notice of Minnesota Statutes, section 275.065, subdivision 5a, or the public hearing requirement of Minnesota Statutes, section 275.065, subdivision 6, with respect to taxes levied in 1995, payable in 1996, only.

Sec. 79. [LEVY LIMITATION TAXES PAYABLE IN 1997.]

Subdivision 1. [DEFINITION.] The "percentage increase in the implicit price deflator" means the percentage change in the implicit price deflator for state and local governments purchases of goods and services as calculated in Minnesota Statutes, section 477A.03, subdivision 3, provided that the 2.5 percent and five percent limits do not apply and that the increase can not be less than zero percent.

Subd. 2. [TAXES PAYABLE IN 1997 PROPOSED LEVY.] Notwithstanding any other law to the contrary, for purposes of the certification required by Minnesota Statutes, section 275.065, subdivision 1, in 1996, no taxing authority other than a school district or a joint vocational technical district shall certify to the county auditor a proposed property tax levy or in the case of a township, a final property tax levy, that is greater than the product of:

(1) the sum of one plus the lesser of (i) three percent, or (ii) the percentage increase in the implicit price deflator; and

(2) the amount certified to the county auditor pursuant to Minnesota Statutes, section 275.07, subdivision 1, in the prior year, except as provided in subdivisions 4 and 5.

Subd. 3. [TAXES PAYABLE IN 1997 FINAL LEVY.] Notwithstanding any other law to the contrary, for purposes of the certification required by Minnesota Statutes, section 275.07, subdivision 1, in 1996, no taxing authority other than a school district or a joint vocational technical district shall certify to the county auditor a property tax levy that is greater than the product of:

(1) the sum of one plus the lesser of (i) three percent, or (ii) the percentage increase in the implicit price deflator; and

(2) the amount certified to the county auditor pursuant to Minnesota Statutes, section 275.07, subdivision 1, in the prior year, except as provided in subdivisions 4, 5, and 6.

Subd. 4. [REFERENDA.] (a) A taxing authority other than a school district or an education district may increase its levy above the limits provided in subdivisions 2 and 3, by the amount approved by the voters residing in the jurisdiction of the authority at a referendum called for the purpose. The referendum may be called by the governing body or shall be called by the governing body upon written petition of qualified voters of the jurisdiction. The referendum shall be conducted during the calendar year before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. The referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased levy and the estimated referendum tax rate as a percentage of taxable net tax capacity in the year it is to be levied. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the levy proposed by (petition to) the governing body of, be approved?"

(b) The governing body shall prepare and deliver by first class mail at least 15 days but no

more than 30 days prior to the day of the referendum to each taxpayer a notice of the referendum and the proposed levy increase. The governing body need not mail more than once notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the jurisdiction of the taxing authority.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes."

(c) A petition authorized by paragraph (a) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the jurisdiction of the taxing authority on the day the petition is filed with the governing body. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(d) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(e) A bond authorization under Minnesota Statutes, section 475.59, shall be deemed to meet the requirements of this subdivision provided the ballot includes the information required in paragraph (a) and the notice required in paragraph (b) is distributed.

Subd. 5. [DEBT SERVICE EXCEPTION.] If a payable 1997 levy for debt service on obligations, certificates of indebtedness, capital notes, or other debt instruments sold prior to March 30, 1995, or to make payments on installment purchase contracts or lease purchase agreements entered into prior to March 30, 1995, exceeds the levy a taxing authority certified pursuant to Minnesota Statutes, section 275.07, subdivision 1, for taxes payable in 1996 for the same purpose, or a payable 1997 levy for general obligations exceeds any payable 1997 levy required as a condition for the issuance of such general obligations, the excess may be levied notwithstanding the limitations of subdivisions 2 and 3.

Subd. 6. [LEVY OF TOWN BEING MERGED INTO CITY.] If a town has entered into an agreement to merge with a home rule charter or statutory city, and the merger has been approved by a referendum conducted under Minnesota Statutes, section 465.84, the town's levy for taxes payable in 1997 shall not exceed the greater of (1) the amount determined under subdivisions 1 to 5, or (2) the amount established as a term of the merger agreement with the city.

Sec. 80. [FISCAL DISPARITIES FREEZE.]

Notwithstanding Minnesota Statutes, section 473F.08, subdivision 2, clause (a), the amount to be deducted from a governmental unit's net tax capacity for taxes payable in 1996 under that clause shall equal the amount deducted for taxes payable in 1995. Notwithstanding Minnesota Statutes, section 473F.08, subdivision 2, clause (b), the amount to be added to a governmental unit's net tax capacity for taxes payable in 1996 under that clause shall equal the same amount added for taxes payable in 1995. Notwithstanding Minnesota Statutes, section 473F.08, subdivision 3, the areawide portion of the levy for each governmental unit shall be determined using the local tax rate for the 1993 levy year. Notwithstanding Minnesota Statutes, section 473F.08, subdivision 6, the portion of commercial-industrial property within a municipality subject to the areawide tax rate shall be computed using the amount determined under Minnesota Statutes, sections 473F.06 and 473F.07, for taxes payable in 1995.

Sec. 81. [TAX RATE FREEZE.]

Subdivision 1. [REDUCTION OF LEVY; PAYMENT.] If in the course of determining local tax rates for taxes payable in 1996 after reductions for disparity reduction aid under Minnesota Statutes, section 275.08, subdivisions 1c and 1d, the county auditor finds the local tax rate exceeds that in effect for taxes payable in 1995, the county auditor shall reduce the local government's

levy so the local tax rate does not exceed that in effect for taxes payable in 1995. The difference between the levy as originally certified by the local government and the reduced levy shall be certified to the commissioner of revenue at the time the abstracts are submitted under Minnesota Statutes, section 275.29. That amount shall be paid to the local government on or before August 31.

Subd. 2. [APPROPRIATION.] An amount sufficient to pay the aid provided for under this section is appropriated from the general fund to the commissioner of revenue for payment to counties, cities, townships, and special taxing districts. An amount sufficient to pay the aid provided for under this section is appropriated from the general fund to the commissioner of education for payment to school districts.

Sec. 82. [PENSION LIABILITIES.]

Notwithstanding any other law or charter provision to the contrary, no levy for taxes payable in 1996 for a local police and fire relief association for the purpose of amortizing an unfunded pension liability may exceed the levy for that purpose for taxes payable in 1995.

Sec. 83. [DUTIES OF TOWNSHIP BOARD OF SUPERVISORS.]

Notwithstanding Minnesota Statutes, section 365.10, in 1995 the township board of supervisors shall adjust the levy and in 1996 the township board of supervisors may adjust the expenditures of a township below the level authorized by the electors to adjust for any reduction in the previously authorized levy of the township pursuant to section 75.

Sec. 84. [PROPERTY TAX AND EDUCATION AIDS REFORM.]

Subdivision 1. [RECOMMENDED PROGRAM.] The legislative commission on planning and fiscal policy shall prepare and recommend to the legislature a property tax reform and education aids reform program that includes:

- (1) a property tax classification and class rate system;
- (2) elementary and secondary education aids and levies; and
- (3) aids to local government.

Subd. 2. [STANDARDS.] (a) The recommended program must provide for accountability, equity, revenue adequacy, and efficiency as provided in paragraphs (b) to (e).

(b) The recommended program must provide accountability by being understandable to the taxpayer, by linking the costs of services to the taxes paid for those services, and by correlating the responsibility for raising revenues with the ability to make spending decisions.

(c) The recommended program must provide equity by minimizing large, short-term shifts in tax burdens, and by ensuring that tax burdens and aids are progressive and related to the ability to pay or raise revenue.

(d) The recommended program must provide for adequate revenue by controlling costs and the need for increased revenue, minimizing reductions or shifts in revenues available to local governments to provide needed services, and directing aids to meet needs and fund services based on established funding priorities.

(e) The program must promote efficiency by providing stable predictable property taxes and local government revenues that are competitive with those of other states and areas so that property taxes and aids have minimal impact on the economic decisions of taxpayers.

Subd. 3. [TASK FORCE.] The commission may designate a task force to advise the commission in carrying out its duties under this section. The task force may include legislators, agency and legislative staff, state and local governmental officials, educators, and taxpayers and members of the public. The task force expires on January 1, 1997.

Subd. 4. [SERVICES.] The commission may enter into contracts for the professional and other services necessary to carry out its duties under this section.

Subd. 5. [REPORT.] The commission shall report its recommendations to the legislature on or before January 1, 1997. The report shall include proposed legislation to implement the recommendations of the commission.

Sec. 85. [UNFUNDED MANDATE PROHIBITION.]

Subdivision 1. [DEFINITION.] As used in this section, "state mandates" has the meaning given in Minnesota Statutes, section 3.881.

Subd. 2. [FUNDING OF THE COST OF MANDATES.] If the fiscal note prepared by the commissioner of finance under Minnesota Statutes, section 3.982, indicates that a new or expanded mandate on a political subdivision in a bill introduced in the legislature will impose a statewide cost on counties in excess of \$500,000 or a statewide cost on cities or townships in excess of \$250,000, the political subdivisions are not required to implement the mandate unless the legislature, by appropriation enacted before the mandate is required to be implemented, provides reimbursement to the political subdivisions for the costs incurred.

Sec. 86. [SAVINGS CLAUSE.]

Notwithstanding the repealers in section 88 or any other provision in this act to the contrary, nothing in this act constitutes an impairment of any obligations, certificates of indebtedness, capital notes, or other debt instruments, including installment purchase contracts or lease purchase agreements, issued before the date of final enactment of this act, by a municipality as defined in Minnesota Statutes, section 469.174, subdivision 6, or a special taxing district as defined in Minnesota Statutes, section 275.066.

Sec. 87. [PIPESTONE COUNTY.]

Subdivision 1. [BOND AUTHORIZATION.] The county of Pipestone may issue its general obligation bonds in a principal amount of not to exceed \$598,000 to defray the expense of repair and renovation of the county courthouse and courthouse annex. The bonds shall be issued in accordance with Minnesota Statutes, chapter 475. No further election proceedings are required and Minnesota Statutes, section 275.61, shall not apply.

Subd. 2. [EFFECTIVE DATE.] This section takes effect the day after the county board of Pipestone county complies with Minnesota Statutes, section 645.021, subdivision 3.

Sections 10 to 71, and section 75, subdivision 3, will not become effective if a bill styled as S.F. No. 944 is enacted during the 1995 session of the legislature and that bill provides for the imposition of levies by school districts for taxes payable in 1996.

ARTICLE 4

PROPERTY TAXES

Section 1. Minnesota Statutes 1994, section 216B.16, is amended by adding a subdivision to read:

Subd. 6d. [WIND ENERGY; PROPERTY TAX.] Contracts for the purchase of electric energy produced by a wind energy conversion system installed after June 1, 1995, and before January 1, 1997, between a public utility and the owner or developer of the system must provide for the public utility to be liable for property taxes imposed on the system. The commission shall permit a public utility that is purchasing electricity produced by a wind energy conversion system installed after June 1, 1995, and before January 1, 1997, to recover in its rates payments made by the public utility for property taxes paid on the system.

Sec. 2. Minnesota Statutes 1994, section 272.02, subdivision 1, is amended to read:

Subdivision 1. All property described in this section to the extent herein limited shall be exempt from taxation:

- (1) All public burying grounds.
- (2) All public schoolhouses.
- (3) All public hospitals.
- (4) All academies, colleges, and universities, and all seminaries of learning.
- (5) All churches, church property, and houses of worship.

(6) Institutions of purely public charity except parcels of property containing structures and the structures described in section 273.13, subdivision 25, paragraph (c), clauses (1), (2), and (3), or paragraph (d), other than those that qualify for exemption under clause (25).

(7) All public property exclusively used for any public purpose.

(8) Except for the taxable personal property enumerated below, all personal property and the property described in section 272.03, subdivision 1, paragraphs (c) and (d), shall be exempt.

The following personal property shall be taxable:

(a) personal property which is part of an electric generating, transmission, or distribution system or a pipeline system transporting or distributing water, gas, crude oil, or petroleum products or mains and pipes used in the distribution of steam or hot or chilled water for heating or cooling buildings and structures;

(b) railroad docks and wharves which are part of the operating property of a railroad company as defined in section 270.80;

(c) personal property defined in section 272.03, subdivision 2, clause (3);

(d) leasehold or other personal property interests which are taxed pursuant to section 272.01, subdivision 2; 273.124, subdivision 7; or 273.19, subdivision 1; or any other law providing the property is taxable as if the lessee or user were the fee owner;

(e) manufactured homes and sectional structures, including storage sheds, decks, and similar removable improvements constructed on the site of a manufactured home, sectional structure, park trailer or travel trailer as provided in section 273.125, subdivision 8, paragraph (f); and

(f) flight property as defined in section 270.071.

(9) Personal property used primarily for the abatement and control of air, water, or land pollution to the extent that it is so used, and real property which is used primarily for abatement and control of air, water, or land pollution as part of an agricultural operation, as a part of a centralized treatment and recovery facility operating under a permit issued by the Minnesota pollution control agency pursuant to chapters 115 and 116 and Minnesota Rules, parts 7001.0500 to 7001.0730, and 7045.0020 to 7045.1260, as a wastewater treatment facility and for the treatment, recovery, and stabilization of metals, oils, chemicals, water, sludges, or inorganic materials from hazardous industrial wastes, or as part of an electric generation system. For purposes of this clause, personal property includes ponderous machinery and equipment used in a business or production activity that at common law is considered real property.

Any taxpayer requesting exemption of all or a portion of any real property or any equipment or device, or part thereof, operated primarily for the control or abatement of air or water pollution shall file an application with the commissioner of revenue. The equipment or device shall meet standards, rules, or criteria prescribed by the Minnesota pollution control agency, and must be installed or operated in accordance with a permit or order issued by that agency. The Minnesota pollution control agency shall upon request of the commissioner furnish information or advice to the commissioner. On determining that property qualifies for exemption, the commissioner shall issue an order exempting the property from taxation. The equipment or device shall continue to be exempt from taxation as long as the permit issued by the Minnesota pollution control agency remains in effect.

(10) Wetlands. For purposes of this subdivision, "wetlands" means: (i) land described in section 103G.005, subdivision 18; (ii) land which is mostly under water, produces little if any income, and has no use except for wildlife or water conservation purposes, provided it is preserved in its natural condition and drainage of it would be legal, feasible, and economically practical for the production of livestock, dairy animals, poultry, fruit, vegetables, forage and grains, except wild rice; or (iii) land in a wetland preservation area under sections 103F.612 to 103F.616. "Wetlands" under items (i) and (ii) include adjacent land which is not suitable for agricultural purposes due to the presence of the wetlands, but do not include woody swamps containing shrubs or trees, wet meadows, meandered water, streams, rivers, and floodplains or river bottoms. Exemption of wetlands from taxation pursuant to this section shall not grant the public any additional or greater right of access to the wetlands or diminish any right of ownership to the wetlands.

(11) Native prairie. The commissioner of the department of natural resources shall determine lands in the state which are native prairie and shall notify the county assessor of each county in which the lands are located. Pasture land used for livestock grazing purposes shall not be considered native prairie for the purposes of this clause. Upon receipt of an application for the exemption provided in this clause for lands for which the assessor has no determination from the commissioner of natural resources, the assessor shall refer the application to the commissioner of natural resources who shall determine within 30 days whether the land is native prairie and notify the county assessor of the decision. Exemption of native prairie pursuant to this clause shall not grant the public any additional or greater right of access to the native prairie or diminish any right of ownership to it.

(12) Property used in a continuous program to provide emergency shelter for victims of domestic abuse, provided the organization that owns and sponsors the shelter is exempt from federal income taxation pursuant to section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1992, notwithstanding the fact that the sponsoring organization receives funding under section 8 of the United States Housing Act of 1937, as amended.

An exemption provided by clause (15) shall apply for a period not to exceed five years. When the facility no longer qualifies for exemption, it shall be placed on the assessment rolls as provided in subdivision 4. Before approving a tax exemption pursuant to this paragraph, the governing body of the municipality shall provide an opportunity to the members of the county board of commissioners of the county in which the facility is proposed to be located and the members of the school board of the school district in which the facility is proposed to be located to meet with the governing body. The governing body shall present to the members of those boards its estimate of the fiscal impact of the proposed property tax exemption. (B) is owned by an entity which has not entered into a housing assistance payments contract under section 8 of the United States Housing Act of 1937, or, if the entity which owns the structure has entered into a housing assistance payments contract under section 8 of the United States Housing Act of 1937, the contract provides assistance for less than 90 percent of the dwelling units in the structure, excluding dwelling units intended for management or maintenance personnel;

Sec. 3. Minnesota Statutes 1994, section 273.11, subdivision 16, is amended to read:

Subd. 16. [VALUATION EXCLUSION FOR CERTAIN IMPROVEMENTS.] Improvements to homestead property made before January 2, 2003, shall be fully or partially excluded from the value of the property for assessment purposes provided that:

(1) the house is at least 35 years old at the time of the improvement; and

(2) either:

(a) the assessor's estimated market value of the house on January 2 of the current year is equal to or less than \$150,000; or

(b) if the estimated market value of the house is over \$150,000 market value but is less than \$300,000 on January 2 of the current year, the property qualifies if:

(i) it is located in a city or town in which 50 percent or more of the homes were constructed before 1960 based upon the 1990 federal census, and

(ii) the city or town's median family income based upon the 1990 federal census is less than the statewide median family income based upon the 1990 federal census; or

(c) if the estimated market value of the house is over \$300,000 on January 2 of the current year, the property qualifies if:

(i) it meets the qualifications of paragraph (b), items (i) and (ii); and

(ii) it is located in a city of the first class within the metropolitan area defined in section 473.121, subdivision 2.

~~Any house which has an estimated market value of \$300,000 or more on January 2 of the current year is not eligible to receive any property valuation exclusion under this section. For purposes of determining this eligibility, "house" means land and buildings.~~

The age of a residence is the number of years that the residence has existed at its present site. In the case of an owner-occupied duplex or triplex, the improvement is eligible regardless of which portion of the property was improved.

If the property lies in a jurisdiction which is subject to a building permit process, a building permit must have been issued prior to commencement of the improvement. Any improvement must add at least \$1,000 to the value of the property to be eligible for exclusion under this subdivision. Only improvements to the structure which is the residence of the qualifying homesteader or construction of or improvements to no more than one two-car garage per residence qualify for the provisions of this subdivision. If an improvement was begun between January 2, 1992, and January 2, 1993, any value added from that improvement for the January 1994 and subsequent assessments shall qualify for exclusion under this subdivision provided that a building permit was obtained for the improvement between January 2, 1992, and January 2, 1993. Whenever a building permit is issued for property currently classified as homestead, the issuing jurisdiction shall notify the property owner of the possibility of valuation exclusion under this subdivision. The assessor shall require an application, including documentation of the age of the house from the owner, if unknown by the assessor. The application may be filed subsequent to the date of the building permit provided that the application is filed prior to the next assessment date.

After the adjournment of the 1994 county board of equalization meetings, no exclusion may be granted for an improvement by a local board of review or county board of equalization unless (1) a building permit was issued prior to the commencement of the improvement if the jurisdiction requires a building permit, and (2) an application was completed on a timely basis. No abatement of the taxes for qualifying improvements may be granted by a county board unless (1) a building permit was issued prior to commencement of the improvement if the jurisdiction requires a building permit, and (2) an application was completed on a timely basis.

The assessor shall note the qualifying value of each improvement on the property's record, and the sum of those amounts shall be subtracted from the value of the property in each year for ten years after the improvement has been made, at which time an amount equal to 20 percent of the qualifying value shall be added back in each of the five subsequent assessment years. The valuation exclusion shall terminate whenever (1) the property is sold, or (2) the property is reclassified to a class which does not qualify for treatment under this subdivision. Improvements made by an occupant who is the purchaser of the property under a conditional purchase contract do not qualify under this subdivision unless the seller of the property is a governmental entity. The qualifying value of the property shall be computed based upon the increase from that structure's market value as of January 2 preceding the acquisition of the property by the governmental entity.

The total qualifying value for a homestead may not exceed \$50,000. The total qualifying value for a homestead with a house that is less than 70 years old may not exceed \$25,000. The term "qualifying value" means the increase in estimated market value resulting from the improvement if the improvement occurs when the house is at least 70 years old, or one-half of the increase in estimated market value resulting from the improvement otherwise. The \$25,000 and \$50,000 maximum qualifying value under this subdivision may result from up to three separate improvements to the homestead. The application shall state, in clear language, that if more than three improvements are made to the qualifying property, a taxpayer may choose which three improvements are eligible, provided that after the taxpayer has made the choice and any valuation attributable to those improvements has been excluded from taxation, no further changes can be made by the taxpayer.

If 50 percent or more of the square footage of a structure is voluntarily razed or removed, the valuation increase attributable to any subsequent improvements to the remaining structure does not qualify for the exclusion under this subdivision. If a structure is unintentionally or accidentally destroyed by a natural disaster, the property is eligible for an exclusion under this subdivision provided that the structure was not completely destroyed. The qualifying value on property destroyed by a natural disaster shall be computed based upon the increase from that structure's market value as determined on January 2 of the year in which the disaster occurred. A property receiving benefits under the homestead disaster provisions under section 273.123 is not disqualified from receiving an exclusion under this subdivision. If any combination of improvements made to a structure after January 1, 1993, increases the size of the structure by 100 percent or more, the valuation increase attributable to the portion of the improvement that causes the structure's size to exceed 100 percent does not qualify for exclusion under this subdivision.

Sec. 4. Minnesota Statutes 1994, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] (a) Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

Property of a trustee, beneficiary, or grantor of a trust is not disqualified from receiving homestead benefits if the homestead requirements under this chapter are satisfied.

The assessor shall require proof, as provided in subdivision 13, of the facts upon which classification as a homestead may be determined. Notwithstanding any other law, the assessor may at any time require a homestead application to be filed in order to verify that any property classified as a homestead continues to be eligible for homestead status.

When there is a name change or a transfer of homestead property, the assessor may reclassify the property in the next assessment unless a homestead application is filed to verify that the property continues to qualify for homestead classification.

(b) For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

(c) Residential real estate that is occupied and used for purposes of a homestead by a relative of the owner is a homestead but only to the extent of the homestead treatment that would be provided if the related owner occupied the property. For purposes of this paragraph and paragraph (f), "relative" means a parent, stepparent, child, stepchild, grandparent, grandchild, brother, sister, uncle, or aunt. This relationship may be by blood or marriage. Property that was classified as seasonal recreational residential property at the time when treatment under this paragraph would first apply shall continue to be classified as seasonal recreational residential property for the first four assessment years beginning after the date when the relative of the owner occupies the property as a homestead will not be reclassified as a homestead unless it is occupied as a homestead by the owner; this delay prohibition also applies to property that, in the absence of this paragraph, would have been classified as seasonal recreational residential property at the time when the residence was constructed. Neither the related occupant nor the owner of the property may claim a property tax refund under chapter 290A for a homestead occupied by a relative. In the case of a residence located on agricultural land, only the house, garage, and immediately surrounding one acre of land shall be classified as a homestead under this paragraph, except as provided in paragraph (d).

(d) Agricultural property that is occupied and used for purposes of a homestead by a relative of the owner, is a homestead, only to the extent of the homestead treatment that would be provided if the related owner occupied the property, and only if all of the following criteria are met:

(1) the relative who is occupying the agricultural property is a son, daughter, father, or mother of the owner of the agricultural property or a son or daughter of the spouse of the owner of the agricultural property,

(2) the owner of the agricultural property must be a Minnesota resident,

(3) the owner of the agricultural property must not receive homestead treatment on any other agricultural property in Minnesota, and

(4) the owner of the agricultural property is limited to only one agricultural homestead per family under this paragraph.

Neither the related occupant nor the owner of the property may claim a property tax refund under chapter 290A for a homestead occupied by a relative qualifying under this paragraph. For purposes of this paragraph, "agricultural property" means the house, garage, other farm buildings and structures, and agricultural land.

Application must be made to the assessor by the owner of the agricultural property to receive homestead benefits under this paragraph. The assessor may require the necessary proof that the requirements under this paragraph have been met.

(e) In the case of property owned by a property owner who is married, the assessor must not deny homestead treatment in whole or in part if only one of the spouses occupies the property and the other spouse is absent due to: (1) marriage dissolution proceedings, (2) legal separation, (3) employment or self-employment in another location as provided under subdivision 13, or (4) residence in a nursing home or boarding care facility. Homestead treatment, in whole or in part, shall not be denied to the spouse of an owner if he or she previously occupied the residence with the owner and the absence of the owner is due to one of the prior four exceptions.

(f) If an individual is purchasing property with the intent of claiming it as a homestead and is required by the terms of the financing agreement to have a relative shown on the deed as a coowner, the assessor shall allow a full homestead classification and extend full homestead credit. This provision only applies to first-time purchasers, whether married or single, or to a person who had previously been married and is purchasing as a single individual for the first time. The application for homestead benefits must be on a form prescribed by the commissioner and must contain the data necessary for the assessor to determine if full homestead benefits are warranted.

Sec. 5. Minnesota Statutes 1994, section 273.124, subdivision 13, is amended to read:

Subd. 13. [HOMESTEAD APPLICATION.] (a) A person who meets the homestead requirements under subdivision 1 must file a homestead application with the county assessor to initially obtain homestead classification.

(b) On or before January 2, 1993, each county assessor shall mail a homestead application to the owner of each parcel of property within the county which was classified as homestead for the 1992 assessment year. The format and contents of a uniform homestead application shall be prescribed by the commissioner of revenue. The commissioner shall consult with the chairs of the house and senate tax committees on the contents of the homestead application form. The application must clearly inform the taxpayer that this application must be signed by all owners who occupy the property or by the qualifying relative and returned to the county assessor in order for the property to continue receiving homestead treatment. The envelope containing the homestead application shall clearly identify its contents and alert the taxpayer of its necessary immediate response.

(c) Every property owner applying for homestead classification must furnish to the county assessor the social security number of each occupant who is listed as an owner of the property on the deed of record, the name and address of each owner who does not occupy the property, and the name and social security number of each owner's spouse who occupies the property. The application must be signed by each owner who occupies the property and by each owner's spouse who occupies the property, or, in the case of property that qualifies as a homestead under subdivision 1, paragraph (c), by the qualifying relative.

If a property owner occupies a homestead, the property owner's spouse may not claim another property as a homestead unless the property owner and the property owner's spouse file with the assessor an affidavit or other proof required by the assessor stating that the property owner's spouse does not occupy the homestead because marriage dissolution proceedings are pending, the spouses are legally separated, or the spouse's employment or self-employment at a location distant from the other spouse's place of employment requires the spouse to have a separate homestead. The assessor may require proof of employment or self-employment and employment or self-employment location, or proof of dissolution proceedings or legal separation.

If the social security number or affidavit or other proof is not provided, the county assessor shall classify the property as nonhomestead. Owners or spouses occupying residences owned by their spouses and previously occupied with the other spouse, either of whom fail to include the

other spouse's name and social security number of the homestead application or provide the affidavits or other proof requested, will be deemed to have elected to receive only partial homestead treatment of their residence. The remainder of the residence will be classified as nonhomestead residential. When an owner or spouse's name and social security number appear on homestead applications for two separate residences and only one application is signed, the owner or spouse will be deemed to have elected to homestead the residence for which the application was signed.

The social security numbers or affidavits or other proofs of the property owners and spouses are private data on individuals as defined by section 13.02, subdivision 12, but, notwithstanding that section, the private data may be disclosed to the commissioner of revenue, or, for purposes of proceeding under the revenue recapture act to recover personal property taxes owing, to the county treasurer.

(d) If residential real estate is occupied and used for purposes of a homestead by a relative of the owner and qualifies for a homestead under subdivision 1, paragraph (c), in order for the property to receive homestead status, a homestead application must be filed with the assessor. The social security number of each relative occupying the property and the social security number of each owner who is related to an occupant of the property shall be required on the homestead application filed under this subdivision. If a different relative of the owner subsequently occupies the property, the owner of the property must notify the assessor within 30 days of the change in occupancy. The social security number of a relative occupying the property is private data on individuals as defined by section 13.02, subdivision 12, but may be disclosed to the commissioner of revenue.

(e) The homestead application shall also notify the property owners that the application filed under this section will not be mailed annually and that if the property is granted homestead status for the 1993 assessment, or any assessment year thereafter, that same property shall remain classified as homestead until the property is sold or transferred to another person, or the owners, the spouse of the owner, or the relatives no longer use the property as their homestead. Upon the sale or transfer of the homestead property, a certificate of value must be timely filed with the county auditor as provided under section 272.115. Failure to notify the assessor within 30 days that the property has been sold, transferred, or that the owner, the spouse of the owner, or the relative is no longer occupying the property as a homestead, shall result in the penalty provided under this subdivision and the property will lose its current homestead status.

(f) If the homestead application is not returned within 30 days, the county will send a second application to the present owners of record. The notice of proposed property taxes prepared under section 275.065, subdivision 3, shall reflect the property's classification. Beginning with assessment year 1993 for all properties, if a homestead application has not been filed with the county by December 15, the assessor shall classify the property as nonhomestead for the current assessment year for taxes payable in the following year, provided that the owner may be entitled to receive the homestead classification by proper application under section 375.192.

(g) At the request of the commissioner, each county must give the commissioner a list that includes the name and social security number of each property owner and the property owner's spouse occupying the property, or relative of a property owner, applying for homestead classification under this subdivision. The commissioner shall use the information provided on the lists as appropriate under the law, including for the detection of improper claims by owners, or relatives of owners, under chapter 290A.

(h) If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead benefits that had been improperly allowed. For the purpose of this section, "homestead benefits" means the tax reduction resulting from the classification as a homestead under section 273.13, the taconite homestead credit under section 273.135, and the supplemental homestead credit under section 273.1391.

The county auditor shall send a notice to the owners of the affected property, demanding reimbursement of the homestead benefits plus a penalty equal to 100 percent of the homestead benefits. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county. If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount of taxes and penalty to the succeeding year's tax list to be collected as part of the property taxes. In the case of a manufactured home, the amount shall be certified to the current year's tax list for collection.

(i) Any amount of homestead benefits recovered by the county from the property owner shall be distributed to the county, city or town, and school district where the property is located in the same proportion that each taxing district's levy was to the total of the three taxing districts' levy for the current year. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The total amount of penalty collected must be deposited in the county general fund.

(j) If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

(k) In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.

Sec. 6. Minnesota Statutes 1994, section 273.13, subdivision 24, is amended to read:

Subd. 24. [CLASS 3.] (a) Commercial and industrial property and utility real and personal property, except class 5 property as identified in subdivision 31, clause (1), is class 3a. It has a class rate of three percent of the first \$100,000 of market value for taxes payable in 1993 and thereafter, and 5.06 percent of the market value over \$100,000. In the case of state-assessed commercial, industrial, and utility property owned by one person or entity, only one parcel has a reduced class rate on the first \$100,000 of market value. In the case of other commercial, industrial, and utility property owned by one person or entity, only one parcel in each county has a reduced class rate on the first \$100,000 of market value, except that:

(1) if the market value of the parcel is less than \$100,000, and additional parcels are owned by the same person or entity in the same city or town within that county, the reduced class rate shall be applied up to a combined total market value of \$100,000 for all parcels owned by the same person or entity in the same city or town within the county;

(2) in the case of grain, fertilizer, and feed elevator facilities, as defined in section 18C.305, subdivision 1, or 232.21, subdivision 8, the limitation to one parcel per owner per county for the reduced class rate shall not apply, but there shall be a limit of \$100,000 of preferential value per site of contiguous parcels owned by the same person or entity. Only the value of the elevator portion of each parcel shall qualify for treatment under this clause. For purposes of this subdivision, contiguous parcels include parcels separated only by a railroad or public road right-of-way; and

(3) in the case of property owned by a nonprofit charitable organization that qualifies for tax exemption under section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1993, if the property is used as a business incubator, the limitation to one parcel per owner per county for the reduced class rate shall not apply, provided that the reduced rate applies only to the first \$100,000 of value per parcel owned by the organization. As used in this clause, a "business incubator" is a facility used for the development of nonretail businesses, offering access to equipment, space, services, and advice to the tenant businesses, for the purpose of encouraging economic development, diversification, and job creation in the area served by the organization.

To receive the reduced class rate on additional parcels under clause (1), (2), or (3), the taxpayer must notify the county assessor that the taxpayer owns more than one parcel that qualifies under clause (1), (2), or (3).

(b) Employment property defined in section 469.166, during the period provided in section

469.170, shall constitute class 3b and has a class rate of 2.3 percent of the first \$50,000 of market value and 3.6 percent of the remainder, except that for employment property located in a border city enterprise zone designated pursuant to section 469.168, subdivision 4, paragraph (c), the class rate of the first \$100,000 of market value and the class rate of the remainder is determined under paragraph (a), unless the governing body of the city designated as an enterprise zone determines that a specific parcel shall be assessed pursuant to the first clause of this sentence. The governing body may provide for assessment under the first clause of the preceding sentence only for property which is located in an area which has been designated by the governing body for the receipt of tax reductions authorized by section 469.171, subdivision 1.

(c) Structures which are (i) located on property classified as class 3a, (ii) constructed after January 2, 1995, and (iii) located in a transit zone as defined under section 473.3915, shall have a class rate of four percent on that portion of the market value in excess of \$100,000. The four percent rate shall also apply to that portion of any class 3a structure located in a transit zone constructed after January 2, 1995, even if the remainder of the structure was constructed prior to January 2, 1995. For the purposes of this paragraph, a structure shall be considered to be located in a transit zone if any portion of the structure lies within the zone.

Sec. 7. Minnesota Statutes 1994, section 273.13, subdivision 25, is amended to read:

Subd. 25. [CLASS 4.] (a) Class 4a is residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence for rental periods of 30 days or more. Class 4a also includes hospitals licensed under sections 144.50 to 144.56, other than hospitals exempt under section 272.02, and contiguous property used for hospital purposes, without regard to whether the property has been platted or subdivided. Class 4a property has a class rate of 3.5 percent of market value for taxes payable in 1992, and 3.4 percent of market value for taxes payable in 1993 and thereafter.

(b) Class 4b includes:

(1) residential real estate containing less than four units, other than seasonal residential, and recreational;

(2) manufactured homes not classified under any other provision;

(3) a dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b).

Class 4b property has a class rate of 2.8 percent of market value for taxes payable in 1992, 2.5 percent of market value for taxes payable in 1993, and 2.3 percent of market value for taxes payable in 1994 and thereafter.

(c) Class 4c property includes:

(1) a structure that is:

(i) situated on real property that is used for housing for the elderly or for low- and moderate-income families as defined in Title II, as amended through December 31, 1990, of the National Housing Act or the Minnesota housing finance agency law of 1971, as amended, or rules promulgated by the agency and financed by a direct federal loan or federally insured loan made pursuant to Title II of the Act; or

(ii) situated on real property that is used for housing the elderly or for low- and moderate-income families as defined by the Minnesota housing finance agency law of 1971, as amended, or rules adopted by the agency pursuant thereto and financed by a loan made by the Minnesota housing finance agency pursuant to the provisions of the act.

This clause applies only to property of a nonprofit or limited dividend entity. Property is classified as class 4c under this clause for 15 years from the date of the completion of the original construction or substantial rehabilitation, or for the original term of the loan.

(2) a structure that is:

(i) situated upon real property that is used for housing lower income families or elderly or handicapped persons, as defined in section 8 of the United States Housing Act of 1937, as amended; and

(ii) owned by an entity which has entered into a housing assistance payments contract under section 8 which provides assistance for 100 percent of the dwelling units in the structure, other than dwelling units intended for management or maintenance personnel. Property is classified as class 4c under this clause for the term of the housing assistance payments contract, including all renewals, or for the term of its permanent financing, whichever is shorter; and

(3) a qualified low-income building as defined in section 42(c)(2) of the Internal Revenue Code of 1986, as amended through December 31, 1990, that (i) receives a low-income housing credit under section 42 of the Internal Revenue Code of 1986, as amended through December 31, 1990; or (ii) meets the requirements of that section and receives public financing, except financing provided under sections 469.174 to 469.179, which contains terms restricting the rents; or (iii) meets the requirements of section 273.1317. Classification pursuant to this clause is limited to a term of 15 years. The public financing received must be from at least one of the following sources: government issued bonds exempt from taxes under section 103 of the Internal Revenue Code of 1986, as amended through December 31, 1993, the proceeds of which are used for the acquisition or rehabilitation of the building; programs under section 221(d)(3), 202, or 236, of Title II of the National Housing Act; rental housing program funds under Section 8 of the United States Housing Act of 1937 or the market rate family graduated payment mortgage program funds administered by the Minnesota housing finance agency that are used for the acquisition or rehabilitation of the building; public financing provided by a local government used for the acquisition or rehabilitation of the building, including grants or loans from federal community development block grants, HOME block grants, or residential rental bonds issued under chapter 474A; or other rental housing program funds provided by the Minnesota housing finance agency for the acquisition or rehabilitation of the building.

For all properties described in clauses (1), (2), and (3) and in paragraph (d), the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents unless the owner of the property elects to have the property assessed under Laws 1991, chapter 291, article 1, section 55. If the owner of the property elects to have the market value determined on the basis of the actual restricted rents, as provided in Laws 1991, chapter 291, article 1, section 55, the property will be assessed at the rate provided for class 4a or class 4b property, as appropriate. Properties described in clauses (1)(ii), (3), and (4) may apply to the assessor for valuation under Laws 1991, chapter 291, article 1, section 55. The land on which these structures are situated has the class rate given in paragraph (b) if the structure contains fewer than four units, and the class rate given in paragraph (a) if the structure contains four or more units. This clause applies only to the property of a nonprofit or limited dividend entity.

(4) a parcel of land, not to exceed one acre, and its improvements or a parcel of unimproved land, not to exceed one acre, if it is owned by a neighborhood real estate trust and at least 60 percent of the dwelling units, if any, on all land owned by the trust are leased to or occupied by lower income families or individuals. This clause does not apply to any portion of the land or improvements used for nonresidential purposes. For purposes of this clause, a lower income family is a family with an income that does not exceed 65 percent of the median family income for the area, and a lower income individual is an individual whose income does not exceed 65 percent of the median individual income for the area, as determined by the United States Secretary of Housing and Urban Development. For purposes of this clause, "neighborhood real estate trust" means an entity which is certified by the governing body of the municipality in which it is located to have the following characteristics:

(a) it is a nonprofit corporation organized under chapter 317A;

(b) it has as its principal purpose providing housing for lower income families in a specific geographic community designated in its articles or bylaws;

(c) it limits membership with voting rights to residents of the designated community; and

(d) it has a board of directors consisting of at least seven directors, 60 percent of whom are members with voting rights and, to the extent feasible, 25 percent of whom are elected by resident members of buildings owned by the trust; and

(5) except as provided in subdivision 22, paragraph (c), real property devoted to temporary and seasonal residential occupancy for recreation purposes, including real property devoted to temporary and seasonal residential occupancy for recreation purposes and not devoted to commercial purposes for more than 250 days in the year preceding the year of assessment. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property is used for residential occupancy, and a fee is charged for residential occupancy. Class 4c also includes commercial use real property used exclusively for recreational purposes in conjunction with class 4c property devoted to temporary and seasonal residential occupancy for recreational purposes, up to a total of two acres, provided the property is not devoted to commercial recreational use for more than 250 days in the year preceding the year of assessment and is located within two miles of the class 4c property with which it is used. Class 4c property classified in this clause also includes the remainder of class 1c resorts. Owners of real property devoted to temporary and seasonal residential occupancy for recreation purposes and all or a portion of which was devoted to commercial purposes for not more than 250 days in the year preceding the year of assessment desiring classification as class 1c or 4c, must submit a declaration to the assessor designating the cabins or units occupied for 250 days or less in the year preceding the year of assessment by January 15 of the assessment year. Those cabins or units and a proportionate share of the land on which they are located will be designated class 1c or 4c as otherwise provided. The remainder of the cabins or units and a proportionate share of the land on which they are located will be designated as class 3a. The first \$100,000 of the market value of the remainder of the cabins or units and a proportionate share of the land on which they are located shall have a class rate of three percent. The owner of property desiring designation as class 1c or 4c property must provide guest registers or other records demonstrating that the units for which class 1c or 4c designation is sought were not occupied for more than 250 days in the year preceding the assessment if so requested. The portion of a property operated as a (1) restaurant, (2) bar, (3) gift shop, and (4) other nonresidential facility operated on a commercial basis not directly related to temporary and seasonal residential occupancy for recreation purposes shall not qualify for class 1c or 4c;

(6) real property up to a maximum of one acre of land owned by a nonprofit community service oriented organization; provided that the property is not used for a revenue-producing activity for more than six days in the calendar year preceding the year of assessment and the property is not used for residential purposes on either a temporary or permanent basis. For purposes of this clause, a "nonprofit community service oriented organization" means any corporation, society, association, foundation, or institution organized and operated exclusively for charitable, religious, fraternal, civic, or educational purposes, and which is exempt from federal income taxation pursuant to section 501(c)(3), (10), or (19) of the Internal Revenue Code of 1986, as amended through December 31, 1990. For purposes of this clause, "revenue-producing activities" shall include but not be limited to property or that portion of the property that is used as an on-sale intoxicating liquor or 3.2 percent malt liquor establishment licensed under chapter 340A, a restaurant open to the public, bowling alley, a retail store, gambling conducted by organizations licensed under chapter 349, an insurance business, or office or other space leased or rented to a lessee who conducts a for-profit enterprise on the premises. Any portion of the property which is used for revenue-producing activities for more than six days in the calendar year preceding the year of assessment shall be assessed as class 3a. The use of the property for social events open exclusively to members and their guests for periods of less than 24 hours, when an admission is not charged nor any revenues are received by the organization shall not be considered a revenue-producing activity;

(7) post-secondary student housing of not more than one acre of land that is owned by a nonprofit corporation organized under chapter 317A and is used exclusively by a student cooperative, sorority, or fraternity for on-campus housing or housing located within two miles of the border of a college campus; and

(8) manufactured home parks as defined in section 327.14, subdivision 3.

Class 4c property has a class rate of 2.3 percent of market value, except that (i) for each parcel of seasonal residential recreational property not used for commercial purposes under clause (5) ~~has a class rate of 2.2 percent of market value for taxes payable in 1992, and for taxes payable in 1993 and thereafter,~~ the first \$72,000 of market value on each parcel has a class rate of two percent and the market value of each parcel that exceeds \$72,000 has a class rate of 2.5 percent, and (ii)

manufactured home parks assessed under clause (8) have a class rate of two percent ~~for taxes payable in 1993, 1994, and 1995 only.~~

(d) Class 4d property includes:

(1) a structure that is:

(i) situated on real property that is used for housing for the elderly or for low and moderate income families as defined by the Farmers Home Administration;

(ii) located in a municipality of less than 10,000 population; and

(iii) financed by a direct loan or insured loan from the Farmers Home Administration. Property is classified under this clause for 15 years from the date of the completion of the original construction or for the original term of the loan.

The class rates in paragraph (c), clauses (1), (2), and (3) and this clause apply to the properties described in them, only in proportion to occupancy of the structure by elderly or handicapped persons or low and moderate income families as defined in the applicable laws unless construction of the structure had been commenced prior to January 1, 1984; or the project had been approved by the governing body of the municipality in which it is located prior to June 30, 1983; or financing of the project had been approved by a federal or state agency prior to June 30, 1983. For those properties, 4c or 4d classification is available only for those units meeting the requirements of section 273.1318.

Classification under this clause is only available to property of a nonprofit or limited dividend entity.

In the case of a structure financed or refinanced under any federal or state mortgage insurance or direct loan program exclusively for housing for the elderly or for housing for the handicapped, a unit shall be considered occupied so long as it is actually occupied by an elderly or handicapped person or, if vacant, is held for rental to an elderly or handicapped person.

(2) For taxes payable in 1992, 1993, and 1994, only, buildings and appurtenances, together with the land upon which they are located, leased by the occupant under the community lending model lease-purchase mortgage loan program administered by the Federal National Mortgage Association, provided the occupant's income is no greater than 60 percent of the county or area median income, adjusted for family size and the building consists of existing single family or duplex housing. The lease agreement must provide for a portion of the lease payment to be escrowed as a nonrefundable down payment on the housing. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. The application must be accompanied by an affidavit or other proof required by the assessor to determine qualification under this clause.

(3) Qualifying buildings and appurtenances, together with the land upon which they are located, leased for a period of up to five years by the occupant under a lease-purchase program administered by the Minnesota housing finance agency or a housing and redevelopment authority authorized under sections 469.001 to 469.047, provided the occupant's income is no greater than 80 percent of the county or area median income, adjusted for family size, and the building consists of two or less dwelling units. The lease agreement must provide for a portion of the lease payment to be escrowed as a nonrefundable down payment on the housing. The administering agency shall verify the occupants income eligibility and certify to the county assessor that the occupant meets the income criteria under this paragraph. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. For purposes of this section, "qualifying buildings and appurtenances" shall be defined as one or two unit residential buildings which are unoccupied and have been abandoned and boarded for at least six months.

Class 4d property has a class rate of two percent of market value except that property classified under clause (3), shall have the same class rate as class 1a property.

(e) Residential rental property that would otherwise be assessed as class 4 property under paragraph (a); paragraph (b), clauses (1) and (3); paragraph (c), clause (1), (2), (3), or (4), is assessed at the class rate applicable to it under Minnesota Statutes 1988, section 273.13, if it is

found to be a substandard building under section 273.1316. Residential rental property that would otherwise be assessed as class 4 property under paragraph (d) is assessed at 2.3 percent of market value if it is found to be a substandard building under section 273.1316.

Sec. 8. Minnesota Statutes 1994, section 273.37, is amended by adding a subdivision to read:

Subd. 3. [WIND ENERGY CONVERSION SYSTEMS.] Taxable wind energy conversion systems, situated upon land owned by another person, which are not in good faith owned, operated, and exclusively controlled by such other person, shall be listed and assessed as personal property in the town or district where situated, in the name of the owner.

Sec. 9. Minnesota Statutes 1994, section 274.01, subdivision 1, is amended to read:

Subdivision 1. [ORDINARY BOARD; MEETINGS, DEADLINES, GRIEVANCES.] (a) The town board of a town, or the council or other governing body of a city, is the board of review except in cities whose charters provide for a board of equalization. The county assessor shall fix a day and time when the board or the board of equalization shall meet in the assessment districts of the county. On or before February 15 of each year the assessor shall give written notice of the time to the city or town clerk. Notwithstanding the provisions of any charter to the contrary, the meetings must be held between April 1 and May 31 each year. The clerk shall give published and posted notice of the meeting at least ten days before the date of the meeting. If at least 25 percent of the net tax capacity of the city or town is noncommercial seasonal recreational residential property classified under section 273.13, subdivision 25, the meeting or, if more than one meeting is scheduled, at least one of the meetings must be held on a Saturday. The Saturday meeting date must be contained on the notice of valuation of real property under section 273.121. The board shall meet at the office of the clerk to review the assessment and classification of property in the town or city. No changes in valuation or classification which are intended to correct errors in judgment by the county assessor may be made by the county assessor after the board of review or the county board of equalization has adjourned; however, corrections of errors that are merely clerical in nature or changes that extend homestead treatment to property are permitted after adjournment until the tax extension date for that assessment year. The changes must be fully documented and maintained in the assessor's office and must be available for review by any person. A copy of the changes made during this period must be sent to the county board no later than December 31 of the assessment year.

(b) The board shall determine whether the taxable property in the town or city has been properly placed on the list and properly valued by the assessor. If real or personal property has been omitted, the board shall place it on the list with its market value, and correct the assessment so that each tract or lot of real property, and each article, parcel, or class of personal property, is entered on the assessment list at its market value. No assessment of the property of any person may be raised unless the person has been duly notified of the intent of the board to do so. On application of any person feeling aggrieved, the board shall review the assessment or classification, or both, and correct it as appears just.

(c) A local board of review may reduce assessments upon petition of the taxpayer but the total reductions must not reduce the aggregate assessment made by the county assessor by more than one percent. If the total reductions would lower the aggregate assessments made by the county assessor by more than one percent, none of the adjustments may be made. The assessor shall correct any clerical errors or double assessments discovered by the board of review without regard to the one percent limitation.

(d) A majority of the members may act at the meeting, and adjourn from day to day until they finish hearing the cases presented. The assessor shall attend, with the assessment books and papers, and take part in the proceedings, but must not vote. The county assessor, or an assistant delegated by the county assessor shall attend the meetings. The board shall list separately, on a form appended to the assessment book, all omitted property added to the list by the board and all items of property increased or decreased, with the market value of each item of property, added or changed by the board, placed opposite the item. The county assessor shall enter all changes made by the board in the assessment book.

(e) If a person fails to appear in person, by counsel, or by written communication before the board after being duly notified of the board's intent to raise the assessment of the property, or if a

person feeling aggrieved by an assessment or classification fails to apply for a review of the assessment or classification, the person may not appear before the county board of equalization for a review of the assessment or classification. This paragraph does not apply if an assessment was made after the board meeting, as provided in section 273.01, or if the person can establish not having received notice of market value at least five days before the local board of review meeting.

(f) The board of review or the board of equalization must complete its work and adjourn within 20 days from the time of convening stated in the notice of the clerk, unless a longer period is approved by the commissioner of revenue. No action taken after that date is valid. All complaints about an assessment or classification made after the meeting of the board must be heard and determined by the county board of equalization. A nonresident may, at any time, before the meeting of the board of review file written objections to an assessment or classification with the county assessor. The objections must be presented to the board of review at its meeting by the county assessor for its consideration.

Sec. 10. Minnesota Statutes 1994, section 276.131, is amended to read:

276.131 [DISTRIBUTION OF PENALTIES, INTEREST, AND COSTS.]

The penalties, interest, and costs collected on special assessments and real and personal property taxes must be distributed as follows:

(1) all penalties and interest collected on special assessments against real or personal property must be distributed to the taxing jurisdiction that levied the assessment;

(2) 50 percent of all penalties and interest collected on real and personal property taxes must be distributed to the county in which the property is located, and the other 50 percent must be distributed to the school ~~district in which the property is located~~ districts within the county. The distribution to the school district must be in accordance with the provisions of section 124.10; and

(3) all costs collected by the county on special assessments and on delinquent real and personal property taxes must be distributed to the county in which the property is located.

Sec. 11. Minnesota Statutes 1994, section 279.01, subdivision 1, is amended to read:

Subdivision 1. Except as provided in subdivision 3 or 4, on May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, a penalty shall accrue and thereafter be charged upon all unpaid taxes on real estate on the current lists in the hands of the county treasurer. The penalty shall be at a rate of two percent on homestead property until May 31 and four percent on June 1. The penalty on nonhomestead property shall be at a rate of four percent until May 31 and eight percent on June 1. This penalty shall not accrue until June 1 of each year, or 21 days after the postmark date on the envelope containing the property tax statements, whichever is later, on commercial use real property used for seasonal residential recreational purposes and classified as class 1c or 4c, and on other commercial use real property classified as class 3a, provided that over 60 percent of the gross income earned by the enterprise on the class 3a property is earned during the months of May, June, July, and August. Any property owner of such class 3a property who pays the first half of the tax due on the property after May 15 and before June 1, or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, shall attach an affidavit to the payment attesting to compliance with the income provision of this subdivision. Thereafter, for both homestead and nonhomestead property, on the first day of each month beginning July 1, up to and including October 1 following, an additional penalty of one percent for each month shall accrue and be charged on all such unpaid taxes provided that if the due date was extended beyond May 15 as the result of any delay in mailing property tax statements no additional penalty shall accrue if the tax is paid by the extended due date. If the tax is not paid by the extended due date, then all penalties that would have accrued if the due date had been May 15 shall be charged. When the taxes against any tract or lot exceed \$50, one-half thereof may be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later; and, if so paid, no penalty shall attach; the remaining one-half shall be paid at any time prior to October 16 following, without penalty; but, if not so paid, then a penalty of two percent shall accrue thereon for homestead property and a penalty of four percent on nonhomestead property. Thereafter, for homestead property, on the first day of November an additional penalty of four percent shall

accrue and on the first day of December following, an additional penalty of two percent shall accrue and be charged on all such unpaid taxes. Thereafter, for nonhomestead property, on the first day of November and December following, an additional penalty of four percent for each month shall accrue and be charged on all such unpaid taxes. If one-half of such taxes shall not be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, the same may be paid at any time prior to October 16, with accrued penalties to the date of payment added, and thereupon no penalty shall attach to the remaining one-half until October 16 following.

This section applies to payment of personal property taxes assessed against improvements to leased property, except as provided by section 277.01, subdivision 3.

A county may provide by resolution that in the case of a property owner that has multiple tracts or parcels with aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 278.03 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

Sec. 12. Minnesota Statutes 1994, section 279.01, is amended by adding a subdivision to read:

Subd. 4. In the case of class 4c seasonal residential recreational property not used for commercial purposes, penalties shall accrue and be charged on unpaid taxes at the times and at the rates provided in subdivision 1 for homestead property.

The council shall provide each county and city assessor in the metropolitan area a copy of the current map and plan.

Sec. 14. Minnesota Statutes 1994, section 477A.011, subdivision 36, is amended to read:

One-half of the total amount shall be deducted from each of the aid payments made in 1995 to Hennepin county under Minnesota Statutes, section 273.1398. ARTICLE 5

PROPERTY TAX REFUND

Section 1. [13.515] [PROPERTY TAX DATA.]

The following data calculated or maintained by political subdivisions and shown on property tax statements under section 276.09 are classified as private data on individuals, pursuant to section 13.02, subdivision 12: (1) property tax refund amounts under section 276.04, subdivision 2, paragraph (c), clause (8); and (2) the property tax after deduction of the property tax refunds under section 276.04, subdivision 2, paragraph (c), clause (9).

Sec. 2. Minnesota Statutes 1994, section 270A.03, subdivision 7, is amended to read:

Subd. 7. [REFUND.] "Refund" means an individual income tax refund or political contribution refund; pursuant to chapter 290; or a property tax credit or refund; pursuant to chapter 290A, other than a refund which has been certified to or calculated by the county auditor under section 276.012.

For purposes of this chapter, lottery prizes, as set forth in section 349A.08, subdivision 8, shall be treated as refunds.

In the case of a joint property tax refund payable to spouses under chapter 290A, the refund shall be considered as belonging to each spouse in the proportion of the total refund that equals each spouse's proportion of the total income determined under section 290A.03, subdivision 3. The commissioner shall remit the entire refund to the claimant agency, which shall, upon the request of the spouse who does not owe the debt, determine the amount of the refund belonging to that spouse and refund the amount to that spouse.

Sec. 3. Minnesota Statutes 1994, section 270B.12, is amended by adding a subdivision to read:

Subd. 10. [PROPERTY TAX REFUNDS.] The commissioner may disclose to a county auditor and treasurer, and to their designated agents or employees, the property tax refund amounts for each parcel of homestead property in the county as determined by the commissioner under chapter 290A.

Sec. 4. Minnesota Statutes 1994, section 270B.12, is amended by adding a subdivision to read:

Subd. 11. [SOCIAL SECURITY NUMBERS.] For purposes of determining and administering homestead status and property tax refunds, the commissioner may disclose to a county auditor, county treasurer, county assessor, the county recorder or registrar of deeds, and their designated agents or employees, and those officials may disclose to each other and to the commissioner, the parcel identification number and the names and social security numbers of the owners of homestead property and their spouses.

Sec. 5. Minnesota Statutes 1994, section 273.124, subdivision 13, is amended to read:

Subd. 13. [HOMESTEAD APPLICATION.] (a) A person who meets the homestead requirements under subdivision 1 must file a homestead application with the county assessor to initially obtain homestead classification.

(b) On or before January 2, 1993, each county assessor shall mail a homestead application to the owner of each parcel of property within the county which was classified as homestead for the 1992 assessment year. The format and contents of a uniform homestead application shall be prescribed by the commissioner of revenue. The commissioner shall consult with the chairs of the house and senate tax committees on the contents of the homestead application form. The application must clearly inform the taxpayer that this application must be signed by all owners who occupy the property or by the qualifying relative and returned to the county assessor in order for the property to continue receiving homestead treatment. The envelope containing the homestead application shall clearly identify its contents and alert the taxpayer of its necessary immediate response.

(c) Every property owner applying for homestead classification must furnish to the county assessor the social security number of each occupant who is listed as an owner of the property on the deed of record, the name and address of each owner who does not occupy the property, and the name and social security number of each owner's spouse who occupies the property. The application must be signed by each owner who occupies the property and by each owner's spouse who occupies the property, or, in the case of property that qualifies as a homestead under subdivision 1, paragraph (c), by the qualifying relative.

If a property owner occupies a homestead, the property owner's spouse may not claim another property as a homestead unless the property owner and the property owner's spouse file with the assessor an affidavit or other proof required by the assessor stating that the property owner's spouse does not occupy the homestead because marriage dissolution proceedings are pending, the spouses are legally separated, or the spouse's employment or self-employment location requires the spouse to have a separate homestead. The assessor may require proof of employment or self-employment and employment or self-employment location, or proof of dissolution proceedings or legal separation.

If the social security number or affidavit or other proof is not provided, the county assessor shall classify the property as nonhomestead.

The social security numbers or affidavits or other proofs of the property owners and spouses are private data on individuals as defined by section 13.02, subdivision 12, but, notwithstanding that section, the private data may be disclosed to the commissioner of revenue, or, for purposes of proceeding under the revenue recapture act to recover personal property taxes owing, to the county treasurer.

(d) If residential real estate is occupied and used for purposes of a homestead by a relative of the owner and qualifies for a homestead under subdivision 1, paragraph (c), in order for the property to receive homestead status, a homestead application must be filed with the assessor. The social security number of each relative occupying the property and the social security number of each owner who is related to an occupant of the property shall be required on the homestead application filed under this subdivision. If a different relative of the owner subsequently occupies the property, the owner of the property must notify the assessor within 30 days of the change in occupancy. The social security number of a relative occupying the property is private data on individuals as defined by section 13.02, subdivision 12, but may be disclosed to the commissioner of revenue.

(e) The homestead application shall also notify the property owners that the application filed under this section will not be mailed annually and that if the property is granted homestead status for the 1993 assessment, or any assessment year thereafter, that same property shall remain classified as homestead until the property is sold or transferred to another person, or the owners or the relatives no longer use the property as their homestead. Upon the sale or transfer of the homestead property, a certificate of value must be timely filed with the county auditor as provided under section 272.115. Failure to notify the assessor within 30 days that the property has been sold, transferred, or that the owner or the relative is no longer occupying the property as a

homestead, shall result in the penalty provided under this subdivision and the property will lose its current homestead status.

(f) If the homestead application is not returned within 30 days, the county will send a second application to the present owners of record. The notice of proposed property taxes prepared under section 275.065, subdivision 3, shall reflect the property's classification. Beginning with assessment year 1993 for all properties, if a homestead application has not been filed with the county by December 15, the assessor shall classify the property as nonhomestead for the current assessment year for taxes payable in the following year, provided that the owner may be entitled to receive the homestead classification by proper application under section 375.192.

(g) At the request of the commissioner, each county must give the commissioner a list that includes the name and social security number of each property owner and the property owner's spouse occupying the property, or relative of a property owner, applying for homestead classification under this subdivision. The commissioner shall use the information provided on the lists as appropriate under the law, including for the detection of improper claims by owners, or relatives of owners, under chapter 290A.

(h) If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead benefits that had been improperly allowed. For the purpose of this section, "homestead benefits" means the tax reduction resulting from the classification as a homestead under section 273.13, the taconite homestead credit under section 273.135, ~~and the supplemental homestead credit under section 273.1391,~~ and the property tax refunds under chapter 290A deducted on the property tax statement.

The county auditor shall send a notice to the owners of the affected property, demanding reimbursement of the homestead benefits plus a penalty equal to 100 percent of the homestead benefits. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county. If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount of taxes and penalty to the succeeding year's tax list to be collected as part of the property taxes. In the case of a manufactured home, the amount shall be certified to the current year's tax list for collection.

(i) Any amount of homestead benefits recovered by the county from the property owner shall be distributed to the county, city or town, and school district where the property is located in the same proportion that each taxing district's levy was to the total of the three taxing districts' levy for the current year. Any amount recovered attributable to property tax refunds reimbursed to the county by the state shall be paid to the commissioner of revenue for deposit in the fund from which it was paid. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The total amount of penalty collected must be deposited in the county general fund.

(j) If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

(k) In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.

Sec. 6. Minnesota Statutes 1994, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year and, for a town, the amount of its final levy. It must clearly state that each taxing authority, including regional library districts established under section 134.201, and including the metropolitan taxing districts as defined in paragraph (i), but excluding all other special taxing districts and towns, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail. The notice must include the estimated percentage increase in Minnesota personal income, provided by the commissioner of revenue under section 275.064, in a way to facilitate comparison of the proposed budget and levy increases with the increase in personal income. For 1993, the notice must clearly state that each taxing authority holding a public meeting will describe the increases or decreases of the total budget, including employee and independent contractor compensation in the prior year, current year, and the proposed budget year.

(d) The notice must state for each parcel:

(1) the market value of the property as determined under section 273.11, and used for computing property taxes payable in the following year and for taxes payable in the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district excess referenda levy, remaining school district levy, regional library district, if in existence, the total of the metropolitan special taxing districts as defined in paragraph (i) and the sum of the remaining special taxing districts, and as a total of the taxing authorities, including all special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year, including separate deductions for the property tax refunds under section 290A.04, subdivisions 2 and 2h, and the actual tax for taxes payable the current year, including separate deductions for the property tax refunds under section 290A.04, subdivisions 2 and 2h. For the purposes of this subdivision, "school district excess referenda levy" means school district taxes for operating purposes approved at referendums, including those taxes based on net tax capacity as well as those based on market value. "School district excess referenda levy" does not include school district taxes for capital expenditures approved at referendums or school district taxes to pay for the debt service on bonds approved at referenda. In the case of the city of Minneapolis, the levy for the Minneapolis library board and the levy for Minneapolis park and recreation shall be listed separately from the remaining amount of the city's levy. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(e) The notice must clearly state that the proposed or final taxes do not include the following and that these items may increase the proposed tax shown on the notice:

(1) special assessments;

(2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;

(3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;

(4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and

(5) the contamination tax imposed on properties which received market value reductions for contamination.

The notice must state that the deduction for a property tax refund under section 290A.04, subdivision 2h, is contingent upon continuity in ownership of the property.

(f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

(1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or

(2) post a copy of the notice in a conspicuous place on the premises of the property.

(i) For purposes of this subdivision, subdivisions 5a and 6, "metropolitan special taxing districts" means the following taxing districts in the seven-county metropolitan area that levy a property tax for any of the specified purposes listed below:

(1) metropolitan council under section 473.132, 473.167, 473.249, 473.325, 473.446, 473.521, 473.547, or 473.834;

(2) metropolitan airports commission under section 473.667, 473.671, or 473.672; and

(3) metropolitan mosquito control commission under section 473.711.

For purposes of this section, any levies made by the regional rail authorities in the county of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington under chapter 398A shall be included with the appropriate county's levy and shall be discussed at that county's public hearing.

The notice must be mailed or posted by the taxpayer by November 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

Sec. 7. [276.012] [COMPUTATION AND ADMINISTRATION OF PROPERTY TAX REFUNDS.]

(a) On or before October 1 each year, the commissioner of revenue shall certify to the county auditor the property tax refund amount under section 290A.04, subdivision 2, for each parcel of homestead property as defined in section 290A.04, subdivision 6, other than a manufactured home assessed under section 273.125, subdivision 8, paragraph (c), that qualifies for a refund relating to taxes payable in the current year.

(b) The county auditor shall compute the refund for purposes of the proposed property tax notice for each parcel of homestead property as defined in section 290A.03, subdivision 6, other than a manufactured home assessed under section 273.125, subdivision 8, paragraph (c), that may qualify for a refund under section 290A.04, subdivision 2h, for taxes payable in the subsequent year.

(c) After certification of the levies by taxing districts under section 275.07, the county auditor shall compute the refund for each parcel of homestead property as defined in section 290A.03, subdivision 6, other than a manufactured home assessed under section 273.125, subdivision 8, paragraph (c), that qualifies for a refund under section 290A.04, subdivision 2h, for taxes payable in the current year.

(d) The county auditor shall separately certify the amounts in paragraphs (a) and (c) to the county treasurer who shall reflect the amounts as property tax deductions on the property tax statement under section 276.04 for taxes payable in the current year, provided that to receive the refunds, the property must be classified as homestead property under section 273.13 for taxes payable in the year the refund is payable.

(e) The county auditor shall annually separately certify the costs of the property tax refunds under section 290A.04, subdivisions 2 and 2h, to the department of revenue with the abstract of tax lists under section 275.29.

Sec. 8. Minnesota Statutes 1994, section 276.04, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF TAX STATEMENTS.] (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The statement must contain the parcel identification number and a county identification number in the upper right corner of the statement. The statement must contain the qualifying tax amount to be used by the taxpayer in claiming a property tax refund under section 290A.04, subdivision 2, in the form and location determined by the commissioner of revenue. The statement must contain a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality, the total of the metropolitan special taxing districts as defined in section 275.065, subdivision 3, paragraph (i), school district excess referenda levy, remaining school district levy, and the total of other voter approved referenda levies based on market value under section 275.61 must be separately stated. The amounts due all other special taxing districts, if any, may be aggregated. For the purposes of this subdivision, "school district excess referenda levy" means school district taxes for operating purposes approved at referenda, including those taxes based on market value. "School district excess referenda levy" does not include school district taxes for capital expenditures approved at referendums or school district taxes to pay for the debt service on bonds approved at referenda. The amount of the tax on contamination value imposed under sections 270.91 to 270.98, if any, must also be separately stated. The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The amount of market value excluded under section 273.11, subdivision 16, if any, must also be listed on the tax statement. The statement shall include the following sentence, printed in upper case letters in boldface print: "THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT."

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

- (1) the property's estimated market value under section 273.11, subdivision 1;
- (2) the property's taxable market value after reductions under section 273.11, subdivisions 1a and 16;
- (3) the property's gross tax, calculated by multiplying the property's gross tax capacity times the total local tax rate and adding to the result the sum of the aids enumerated in clause (3);
- (4) a total of the following aids:
 - (i) education aids payable under chapters 124 and 124A;
 - (ii) local government aids for cities, towns, and counties under chapter 477A; and
 - (iii) disparity reduction aid under section 273.1398;

(5) for homestead residential and agricultural properties, the homestead and agricultural credit aid apportioned to the property. This amount is obtained by multiplying the total local tax rate by the difference between the property's gross and net tax capacities under section 273.13. This amount must be separately stated and identified as "homestead and agricultural credit." For purposes of comparison with the previous year's amount for the statement for taxes payable in 1990, the statement must show the homestead credit for taxes payable in 1989 under section 273.13, and the agricultural credit under section 273.132 for taxes payable in 1989;

(6) any credits received under sections 273.119; 273.123; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief"; and

(7) the net tax payable in the manner required in paragraph (a);

(8) for eligible homestead properties, the property tax refunds under section 290A.04, subdivisions 2 and 2h, if any, shown separately as deductions on the statement; and

(9) the tax after deduction of the property tax refunds under clause (8).

(d) The commissioner of revenue shall certify to the county auditor the actual or estimated aids enumerated in clauses (3) and (4) that local governments will receive in the following year. ~~In the case of a county containing a city of the first class, for taxes levied in 1991, and for all counties for taxes levied in 1992 and thereafter,~~ The commissioner must certify this amount by September 1.

Sec. 9. Minnesota Statutes 1994, section 276.09, is amended to read:

276.09 [SETTLEMENT BETWEEN AUDITOR AND TREASURER.]

On the later of May 20 of each year or 26 calendar days after the postmark date on the envelopes containing real or personal property tax statements, the county treasurer shall make full settlement with the county auditor of all receipts collected for all purposes, from the date of the last settlement up to and including each day mentioned. The county auditor shall, within 30 days after the settlement, send an abstract of it to the state auditor in the form prescribed by the state auditor. At the settlement the treasurer shall make complete returns of the receipts on the current tax list, showing the amount collected on account of the several funds included in the list.

Settlement of receipts from the later of May 20 or the actual settlement date to December 31 of each year must be made as provided in section 276.111.

For purposes of this section, "receipts" includes all tax payments received by the county treasurer on or before the settlement date and all property tax refunds paid to the county treasurer under section 290A.07.

Sec. 10. Minnesota Statutes 1994, section 276.111, is amended to read:

276.111 [DISTRIBUTIONS AND FINAL YEAR-END SETTLEMENT.]

Within 14 business days after July 20, the county treasurer shall pay to each taxing district 100 percent of the estimated collections arising from taxes levied by and belonging to the taxing district from the settlement day determined in section 276.09 to July 25.

Within seven business days after October 15, the county treasurer shall pay to the school districts 50 percent of the estimated collections arising from taxes levied by and belonging to the school district from ~~the settlement day determined in section 276.09~~ July 25 to October 20. The remaining 50 percent of the estimated tax collections must be paid to the school district within the next seven business days. Within ten business days after November 15, the county treasurer shall pay to the school district 100 percent of the estimated collections arising from taxes levied by and belonging to the school districts from October 20 to November 20.

Within ten business days after November 15, the county treasurer shall pay to each taxing district, except any school district, 100 percent of the estimated collections arising from taxes levied by and belonging to each taxing district from ~~the settlement day determined in section 276.09~~ July 25 to November 20.

On or before January 5, the county treasurer shall make full settlement with the county auditor of all receipts collected from the settlement day determined in section 276.09 to December 31. After subtracting any tax distributions that have been made to the taxing districts in July, October, and November, the treasurer shall pay to each of the taxing districts on or before January 25, the balance of the tax amounts collected on behalf of each taxing district. Interest accrues at an annual rate of eight percent and must be paid to the taxing district if this final settlement amount is not paid by January 25. Interest must be paid upon appropriation from the general revenue fund of the county. If not paid, it may be recovered by the taxing district in a civil action.

Sec. 11. Minnesota Statutes 1994, section 289A.60, subdivision 12, is amended to read:

Subd. 12. [PENALTIES RELATING TO PROPERTY TAX REFUNDS.] (a) If the commissioner determines that a property tax refund claim is or was excessive and was filed with fraudulent intent, the claim must be disallowed in full. If the claim has been paid, the amount disallowed may be recovered by assessment and collection.

(b) If it is determined that a property tax refund claim is excessive and was negligently prepared, ten percent of the corrected claim must be disallowed. If the claim has been paid, the amount disallowed must be recovered by assessment and collection.

(c) An owner or managing agent who knowingly fails to give a certificate of rent constituting property tax to a renter, as required by section 290A.19, paragraph (a), is liable to the commissioner for a penalty of \$100 for each failure.

(d) If the owner or managing agent knowingly gives rent certificates that report total rent constituting property taxes in excess of the amount of actual rent constituting property taxes paid on the rented part of a property, the owner or managing agent is liable for a penalty equal to the greater of (1) \$100 or (2) 50 percent of the excess that is reported. An overstatement of rent constituting property taxes is presumed to be knowingly made if it exceeds by ten percent or more the actual rent constituting property taxes.

(e) No property tax refund claim based on rent paid, or on property taxes payable in the case of a manufactured home assessed under section 273.125, subdivision 8, paragraph (c), is allowed if the initial claim is filed more than one year after the original due date for filing the claim.

(f) Except as provided in paragraph (e), no property tax refund claim based on property taxes payable filed after the original due date for filing the claim may be paid. No extensions of time for filing may be granted.

Sec. 12. Minnesota Statutes 1994, section 290A.03, subdivision 13, is amended to read:

Subd. 13. [PROPERTY TAXES PAYABLE.] "Property taxes payable" means the property tax exclusive of special assessments, penalties, and interest payable on a claimant's homestead ~~before reductions made under section 273.13~~ but after deductions made under sections 273.135, 273.1391, 273.42, subdivision 2, and any other state paid property tax credits in any calendar year other than property tax refunds determined under chapter 290A. In the case of a claimant who makes ground lease payments, "property taxes payable" includes the amount of the payments directly attributable to the property taxes assessed against the parcel on which the house is located. No apportionment or reduction of the "property taxes payable" shall be required for the use of a portion of the claimant's homestead for a business purpose if the claimant does not deduct any business depreciation expenses for the use of a portion of the homestead in the determination of federal adjusted gross income. For homesteads which are manufactured homes ~~as defined in section 274.19, subdivision 8~~ assessed under section 273.125, subdivision 8, paragraph (c), "property taxes payable" shall also include the amount of the gross rent paid in the preceding year for the site on which the homestead is located, which is attributable to the net tax paid on the site. The amount attributable to property taxes shall be determined by multiplying the net tax on the parcel by a fraction, the numerator of which is the gross rent paid for the calendar year for the site and the denominator of which is the gross rent paid for the calendar year for the parcel. When a homestead is owned by two or more persons as joint tenants or tenants in common, such tenants shall determine between them which tenant may claim the property taxes payable on the homestead. If they are unable to agree, the matter shall be referred to the commissioner of revenue whose decision shall be final. Property taxes are considered payable in the year prescribed by law for payment of the taxes.

In the case of a claim relating to "property taxes payable," the claimant must have owned and occupied the homestead on January 2 of the year ~~in which the tax is payable to which the "property taxes payable" used in computing the refund relate,~~ and (i) the property must have been classified as homestead property pursuant to section 273.13, subdivision 22 or 23, on or before December 15 of the assessment year to which the "property taxes payable" relate; or (ii) the claimant must provide documentation from the local assessor that application for homestead classification has been made on or before ~~December~~ August 15 of the year in which the "property taxes payable" were payable and that the assessor has approved the application.

Sec. 31. [CITIES OF CRYSTAL, FRIDLEY, AND MINNEAPOLIS; HOUSING REPLACEMENT DISTRICTS; DEFINITIONS.]

Subdivision 1. [CAPTURED NET TAX CAPACITY.] "Captured net tax capacity" means the amount by which the current net tax capacity of the improvements to real property in a housing replacement district exceeds the original net tax capacity of improvements to property in the district, including the value of property normally taxable as personal property by reason of its location on or over property owned by a tax-exempt entity. No amount of net tax capacity attributable to land is included in captured net tax capacity.

Subd. 2. [ORIGINAL NET TAX CAPACITY.] "Original net tax capacity" means the tax capacity of all taxable real property within a housing replacement district as certified by the commissioner of revenue for the previous assessment year, provided that the request by the authority for certification of a new housing replacement district has been made to the county auditor by June 30. The original net tax capacity of housing replacement districts for which requests are filed after June 30 has an original net tax capacity based on the current assessment year. In any case, the original net tax capacity must be determined together with subsequent adjustments as set forth in Minnesota Statutes, section 469.177, subdivisions 1 and 4. In determining the original net tax capacity, the net tax capacity of real property exempt from taxation at the time of the request shall be zero, except for real property which is tax exempt by reason of public ownership by the requesting authority and which has been publicly owned for less than one year prior to the date of the request for certification, in which event the net tax capacity of the property shall be the net tax capacity as most recently determined by the commissioner of revenue.

Subd. 3. [PARCEL.] "Parcel" means a tract or plat of land established prior to the certification of the district as a single unit for purposes of assessment.

Subd. 4. [AUTHORITY.] For housing replacement projects in the city of Crystal, "authority" means the Crystal economic development authority. For housing development projects in the city of Fridley, "authority" means the housing and redevelopment authority in and for the city of Fridley or a successor in interest. For housing replacement projects in the city of Minneapolis, "authority" means the Minneapolis community development agency.

Sec. 32. [ESTABLISHMENT OF HOUSING REPLACEMENT DISTRICTS.]

Subdivision 1. [CREATION OF PROJECTS.] (a) An authority may create a housing replacement project under sections 31 to 34, as provided in this section.

(b) For the cities of Crystal and Fridley, the authority may designate up to 50 parcels in the city to be included in a housing replacement district over the life of the district. No more than ten parcels may be included in the original district, with up to seven additional parcels added to the district in each of the following nine years. For the city of Minneapolis, the authority may designate up to 500 parcels in the city to be included in a housing replacement district over the life of the district.

(c) The city in which the authority is located must pay at least 25 percent of the project costs from its general fund, property tax levy, or other unrestricted money, not including tax increments.

(d) The project must have as its sole object the acquisition of parcels for the purpose of preparing the site to be sold for market rate housing. As used in this section, "market rate housing" means housing that has a market value that does not exceed 150 percent of the average market value of single-family housing in that municipality.

Subd. 2. [HOUSING REPLACEMENT DISTRICT PLAN.] To establish a housing replacement district under sections 31 to 34, an authority shall develop a housing replacement project plan which shall contain:

(1) a statement of the objectives and a description of the projects proposed by the authority for the housing replacement district;

(2) a statement of the housing replacement project plan, demonstrating the coordination of that plan with the city's comprehensive plan;

(3) estimates of the following:

(i) cost of the program, including administrative expenses;

(ii) sources of revenue to finance or otherwise pay public costs;

(iii) the most recent net tax capacity of taxable real property within the housing replacement district; and

(iv) the estimated captured net tax capacity of the housing replacement district at completion;

(4) statements of the authority's alternate estimates of the impact of the housing replacement district on the net tax capacities of all taxing jurisdictions in which the district is located in whole or in part. For purposes of one statement, the municipality shall assume that the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district, and for purposes of the second statement, the county shall assume that none of the estimated captured net tax capacity would be available to the taxing jurisdictions without creation of the district; and

(5) identification of all parcels to be included in the zone, to the extent known at the time the plan is prepared. At a minimum, the parcels that will be included in the district during its first year must be identified in the original plan. If parcels for subsequent years are not specifically identified, the plan must include the criteria that will be used by the authority to select parcels to be included in the later years.

Subd. 3. [PROCEDURE.] The provisions of Minnesota Statutes, section 469.175, subdivisions 3, 4, 5, and 6, apply to the establishment and operation of the districts created under sections 31 to 34, except as follows:

(1) the determination specified in Minnesota Statutes, section 469.175, subdivision 3, clause (1), is not required; and

(2) addition of parcels not identified in the original plan is not treated as a modification of a plan requiring an approval process provided that the parcels added are consistent with the criteria described in subdivision 2, clause (5).

Sec. 33. [LIMITATIONS.]

Subdivision 1. [DURATION LIMITS.] No tax increment shall be paid to the authority on each parcel in a housing replacement district after 20 years from date of receipt by the county of the first tax increment from that parcel.

Subd. 2. [LIMITATION ON USE OF TAX INCREMENTS.] All revenues derived from tax increments shall be used in accordance with the tax increment financing plan. The revenues shall be used solely to pay the costs of site acquisition, demolition of existing structures, site preparation, and pollution abatement on parcels identified in the plan, as well as public improvements and administrative costs directly related to those parcels.

Sec. 34. [APPLICATION OF OTHER LAWS.]

Subdivision 1. [COMPUTATION OF TAX INCREMENT.] The provisions of Minnesota Statutes, section 469.177, apply to the computation of tax increment for the housing replacement districts created under sections 31 to 34.

Subd. 2. [OTHER PROVISIONS.] References in Minnesota Statutes to tax increment financing districts created and tax increments generated under Minnesota Statutes, sections 469.174 to 469.179, other than references in Minnesota Statutes, section 273.1399, shall include housing replacement districts and tax increments subject to sections 31 to 34, provided that Minnesota Statutes, sections 469.174 to 469.179, apply only to the extent specified in sections 31 to 34.

ARTICLE 7

TACONITE TAX

Section 1. Minnesota Statutes 1994, section 298.01, subdivision 4, is amended to read:

Subd. 4. [OCCUPATION TAX; IRON ORE; TACONITE CONCENTRATES.] A person engaged in the business of mining or producing of iron ore or, taconite concentrates or direct reduced ore in this state shall pay an occupation tax to the state of Minnesota. The tax is determined in the same manner as the tax imposed by section 290.02, except that sections 290.05,

subdivision 1, clause (a), and 290.17, subdivision 4, do not apply. The tax is in addition to all other taxes.

Sec. 2. Minnesota Statutes 1994, section 298.227, is amended to read:

298.227 [TACONITE ECONOMIC DEVELOPMENT FUND.]

An amount equal to that distributed pursuant to each taconite producer's taxable production and qualifying sales under section 298.28, subdivision 9a, shall be held by the iron range resources and rehabilitation board in a separate taconite economic development fund for each taconite and direct reduced ore producer. Money from the fund for each producer shall be released only on the written authorization of a joint committee consisting of an equal number of representatives of the salaried employees and the nonsalaried production and maintenance employees of that producer. The district 33 director of the United States Steelworkers of America, on advice of each local employee president, shall select the employee members. In nonorganized operations, the employee committee shall be elected by the nonsalaried production and maintenance employees. Each producer's joint committee may authorize release of the funds held pursuant to this section only for acquisition of equipment and facilities for the producer or for research and development in Minnesota on new mining, or taconite, iron, or steel production technology. Funds may be released only upon a majority vote of the representatives of the committee. If a taconite production facility is sold after operations at the facility had ceased, any money remaining in the fund for the former producer may be released to the purchaser of the facility on the terms otherwise applicable to the former producer under this section. Any portion of the fund which is not released by a joint committee within two years of its deposit in the fund shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection trust fund created in section 298.292 for placement in their respective special accounts. Two-thirds of the unreleased funds shall be distributed to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection trust fund. This section is effective for taxes payable in 1993 and 1994.

Sec. 3. Minnesota Statutes 1994, section 298.24, subdivision 1, is amended to read:

Subdivision 1. (a) For concentrate produced in 1992, 1993, and 1994, and 1995 there is imposed upon taconite and iron sulphides, and upon the mining and quarrying thereof, and upon the production of iron ore concentrate therefrom, and upon the concentrate so produced, a tax of \$2.054 per gross ton of merchantable iron ore concentrate produced therefrom.

(b) For concentrates produced in 1995 1996 and subsequent years, the tax rate shall be equal to the preceding year's tax rate plus an amount equal to the preceding year's tax rate multiplied by the percentage increase in the implicit price deflator from the fourth quarter of the second preceding year to the fourth quarter of the preceding year. "Implicit price deflator" for the gross national product means the implicit price deflator prepared by the bureau of economic analysis of the United States Department of Commerce.

(c) The tax shall be imposed on the average of the production for the current year and the previous two years. The rate of the tax imposed will be the current year's tax rate. This clause shall not apply in the case of the closing of a taconite facility if the property taxes on the facility would be higher if this clause and section 298.25 were not applicable.

(d) If the tax or any part of the tax imposed by this subdivision is held to be unconstitutional, a tax of \$2.054 per gross ton of merchantable iron ore concentrate produced shall be imposed.

(e) Consistent with the intent of this subdivision to impose a tax based upon the weight of merchantable iron ore concentrate, the commissioner of revenue may indirectly determine the weight of merchantable iron ore concentrate included in fluxed pellets by subtracting the weight of the limestone, dolomite, or olivine derivatives or other basic flux additives included in the pellets from the weight of the pellets. For purposes of this paragraph, "fluxed pellets" are pellets produced in a process in which limestone, dolomite, olivine, or other basic flux additives are combined with merchantable iron ore concentrate. No subtraction from the weight of the pellets shall be allowed for binders, mineral and chemical additives other than basic flux additives, or moisture.

(f)(1) Notwithstanding any other provision of this subdivision, for concentrates produced in

~~1994 through 1999~~ the first five years of a plant's production of direct reduced ore, the rate of the tax on direct reduced ore is determined under this paragraph. As used in this paragraph, "direct reduced ore" is ore that results in a product that has an iron content of at least 75 percent. The rate to be applied to direct reduced ore is 25 percent of the rate otherwise determined under this subdivision for the first 500,000 of taxable tons for the production year, and 50 percent of the rate otherwise determined for any remainder. If the taxpayer had no production in the two years prior to the the current production year, the tonnage eligible to be taxed at 25 percent of the rate otherwise determined under this subdivision is the first 166,667 tons. If the taxpayer had some production in the year prior to the current production year but no production in the second prior year, the tonnage eligible to be taxed at 25 percent of the rate otherwise determined under this subdivision is the first 333,333 tons.

(2) Production of direct reduced ore in this state is subject to the tax imposed by this section, but if that production is not produced by a producer of taconite or iron sulfides, the production of taconite or iron sulfides consumed in the production of direct reduced iron in this state is not subject to the tax imposed by this section on taconite or iron sulfides.

Sec. 4. Minnesota Statutes 1994, section 298.25, is amended to read:

298.25 [TAXES ADDITIONAL TO OTHER TAXES.]

The taxes imposed under section 298.24 shall be in addition to the occupation tax imposed upon the business of mining and producing iron ore. Except as herein otherwise provided, such taxes shall be in lieu of all other taxes upon such taconite ~~and~~, iron sulphides, ~~and~~ direct reduced ore or the lands in which they are contained, or upon the mining or quarrying thereof, or the production of concentrate or direct reduced ore therefrom, or upon the concentrate or direct reduced ore produced, or upon the machinery, equipment, tools, supplies and buildings used in such mining, quarrying or production, or upon the lands occupied by, or used in connection with, such mining, quarrying or production facilities. If electric or steam power for the mining, transportation or concentration of such taconite ~~or the~~, concentrates or direct reduced ore produced therefrom is generated in plants principally devoted to the generation of power for such purposes, the plants in which such power is generated and all machinery, equipment, tools, supplies, transmission and distribution lines used in the generation and distribution of such power, shall be considered to be machinery, equipment, tools, supplies and buildings used in the mining, quarrying, or production of taconite ~~and~~, taconite concentrates or direct reduced ore within the meaning of this section. If part of the power generated in such a plant is used for purposes other than the mining or concentration of taconite or direct reduced ore or the transportation or loading of taconite ~~or~~, the concentrates thereof or direct reduced ore, a proportionate share of the value of such generating facilities, equal to the proportion that the power used for such other purpose bears to the generating capacity of the plant, shall be subject to the general property tax in the same manner as other property; provided, power generated in such a plant and exchanged for an equivalent amount of power which is used for the mining, transportation, or concentration of such taconite ~~or~~, concentrates or direct reduced ore produced therefrom, shall be considered as used for such purposes within the meaning of this section. Nothing herein shall prevent the assessment and taxation of the surface of reserve land containing taconite and not occupied by such facilities or used in connection therewith at the value thereof without regard to the taconite or iron sulphides therein, nor the assessment and taxation of merchantable iron ore or other minerals, or iron-bearing materials other than taconite or iron sulphides in such lands in the manner provided by law, nor the assessment and taxation of facilities used in producing sulphur or sulphur products from iron sulphide concentrates, or in refining such sulphur products, under the general property tax laws. Nothing herein shall except from general taxation or from taxation as provided by other laws any property used for residential or townsite purposes, including utility services thereto.

Sec. 5. Minnesota Statutes 1994, section 298.28, subdivision 9a, is amended to read:

Subd. 9a. [TACONITE ECONOMIC DEVELOPMENT FUND.] (a) ~~10.4 cents per ton for distributions in 1993 and 15.4 cents per ton for distributions in 1994, and 11.3 cents per ton for distributions in 1996~~ shall be paid to the taconite economic development fund. No distribution shall be made under this paragraph in any year in which total industry production falls below 30 million tons.

(b) An amount equal to 50 percent of the tax under section 298.24 for concentrate sold in the form of pellet chips and fines not exceeding 5/16 inch in size and not including crushed pellets shall be paid to the taconite economic development fund. - (2) whether the activities to be funded by the requested aid are directly related to the combination;
- (3) whether other sources of funding for the activities identified in the application, including short-term cost savings, are available to the applicant as a direct result of the combination; and
- (4) whether there are competing needs for the funding available to the board that would provide a greater public benefit than would be realized by the combination or activities described in the application.

The resolutions must certify that the combination agreement addressing all issues relative to the combination is substantially complete. The total amount of aid paid may not exceed the amount appropriated to the board for purposes of this section.

Subd. 3. [TERMINATION OF AID; RECAPTURE.] If a second referendum under section 465.84 fails, or if an initial referendum fails and the governing body does not schedule a second referendum within one year after the first has failed, or if one or more of the local government units that proposed to combine terminates its participation in the cooperation or combination, no additional aid will may be paid under this section. The amount previously paid under this section to a unit must be repaid if the governing body of the unit acts to terminate its current level of participation in the plan. (iv) amounts levied for bonds issued and interest thereon, amounts levied for debt service loans and capital loans, amounts levied for down payments under section 124.82, subdivision 3, and amounts levied pursuant to section 136C.411; and

(v) amounts levied under section 124.755.

(c) In July of each year, the school district shall recognize as revenue that portion of the school district tax settlement revenue received in that calendar year and not recognized as revenue for the previous fiscal year pursuant to clause (b).

(d) All other school district tax settlement revenue shall be recognized as revenue in the fiscal year of the settlement. Portions of the school district levy assumed by the state, including prior year adjustments and the amount to fund the school portion of the reimbursement made pursuant to section 273.425, shall be recognized as revenue in the fiscal year beginning in the calendar year for which the levy is payable.

Sec. 2. Minnesota Statutes 1994, section 121.904, subdivision 4c, is amended to read:

Subd. 4c. [~~PROPERTY TAX SHIFT REDUCTION CHANGE IN LEVY RECOGNITION PERCENT.~~] (a) Money appropriated under section 16A.152, subdivision 2, must be used to reduce the levy recognition percent specified in subdivision 4a, clauses (b)(2) and (b)(3), for taxes payable in the succeeding calendar year.

(b) The levy recognition percent shall equal the result of the following computation: the current levy recognition percent, times the ratio of

(1) the statewide total amount of levy recognized in June of the year in which the taxes are payable pursuant to subdivision 4a, clause (b), excluding those levies that are shifted for revenue recognition but are not included in the computation of the adjustment to aids under section 124.155, subdivision 1, reduced by the difference between the amount of money appropriated under section 16A.152, subdivision 2, and the amount required for the adjustment payment under clause (d), to

(2) the statewide total amount of the levy recognized in June of the year in which the taxes are payable pursuant to subdivision 4a, clause (b), excluding those levies that are shifted for revenue recognition but are not included in the computation of the adjustment to aids under section 124.155, subdivision 1.

The result shall be rounded up to the nearest one-tenth of a percent. However, in no case shall the levy recognition percent be reduced below zero or increased above the current levy recognition percent.

(c) The commissioner of finance must certify to the commissioner of education the levy recognition percent computed under this subdivision by January 5 of each year. The commissioner of education must notify school districts of a change in the levy recognition percent by January 15.

(d) For fiscal years 1994 and 1995, when the levy recognition percent is increased or decreased as provided in this subdivision, a special aid adjustment shall be made to each school district with an operating referendum levy:

(i) When the levy recognition percent is increased from the prior fiscal year, the commissioner of education shall calculate the difference between (1) the amount of the levy under section 124A.03, that is recognized as revenue for the current fiscal year according to subdivision 4a; and (2) the amount of the levy, under section 124A.03, that would have been recognized as revenue for the current fiscal year had the percentage according to subdivision 4a, not been increased. The commissioner shall reduce other aids due the district by the amount of the difference. This aid reduction shall be in addition to the aid reduction required because of the increase pursuant to this subdivision of the levy recognition percent.

(ii) When the levy recognition percent is reduced as provided in this subdivision from the prior fiscal year, a special adjustment payment shall be made to each school district with an operating referendum levy that received an aid reduction under Laws 1991, chapter 265, article 1, section 31, or Laws 1992, chapter 499, article 1, section 22 when the levy recognition percent was last increased. The special adjustment payment shall be in addition to the additional payments required because of the reduction pursuant to this subdivision of the levy recognition percent. The amount of the special adjustment payment shall be computed by the commissioner of education such that any remaining portion of the aid reduction these districts received that has not been repaid is repaid on a proportionate basis as the levy recognition percent is reduced from 50 percent to 31 percent. The special adjustment payment must be included in the state aid payments to school districts according to the schedule specified in section 124.195, subdivision 3. An additional adjustment shall be made on June 30, 1995, for the final payment otherwise due July 1, 1995, under Minnesota Statutes 1992, section 136C.36.

(e) The commissioner of finance shall transfer from the general fund to the education aids appropriations specified by the commissioner of education, the amounts needed to finance the additional payments required because of the reduction pursuant to this subdivision of the levy recognition percent. Payments to a school district of additional state aids resulting from a reduction in the levy recognition percent must be included in the cash metering of payments made according to section 124.195 after January 15, and must be paid in a manner consistent with the percent specified in that section."

Subd. 22. [CLASS 1.] (a) Except as provided in subdivision 23, real estate which is residential and used for homestead purposes is class 1. The market value of class 1a property must be determined based upon the value of the house, garage, and land.

The first \$72,000 of market value of class 1a property has a net class rate of one percent of its market value for taxes payable in 1995; 1.1 percent for taxes payable in 1996; 1.2 percent for taxes payable in 1997; 1.3 percent for taxes payable in 1998; 1.4 percent for taxes payable in 1999; and 1.5 percent for taxes payable in 2000, and thereafter, and a gross class rate of 2.17 percent of its market value. ~~For taxes payable in 1992, the market value of class 1a property that exceeds \$72,000 but does not exceed \$115,000 has a class rate of two percent of its market value; and the market value of class 1a property that exceeds \$115,000 has a class rate of 2.5 percent of its market value. For taxes payable in 1993 and thereafter,~~ The market value of class 1a property that exceeds \$72,000 has a class rate of two percent for taxes payable in 1995; 1.9 percent for taxes payable in 1996; 1.8 percent for taxes payable in 1997; 1.7 percent for taxes payable in 1998; 1.6 percent for taxes payable in 1999; and 1.5 percent for taxes payable in 2000, and thereafter.

(iii) has acquired a special housing unit with special fixtures or movable facilities made necessary by the nature of the veteran's disability, or the surviving spouse of the deceased veteran for as long as the surviving spouse retains the special housing unit as a homestead; or

(3) any person who:

(i) is permanently and totally disabled and

(ii) receives 90 percent or more of total income from

(A) aid from any state as a result of that disability; or

The first \$32,000 market value of class 1b property has a net class rate of .45 percent of its market value and a gross class rate of .87 percent of its market value. "Sec. 9. Minnesota Statutes 1994, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of local tax rates.

(c) "Net tax capacity" means the product of (i) the appropriate net class rates for the year in which the aid is payable, except that for aid payable in 1993 the class rate applicable to class 4a shall be 3.5 percent; and the class rate applicable to class 4b shall be 2.65 percent; and for aid payable in 1994 the class rate applicable to class 4b shall be 2.4 percent and the class rate applicable to class 2a property over \$115,000 market value and less than 320 acres is 1.15 percent; 1996 to 2000 the class rates applied to class 1a, 1b, and the part of class 2a with the same class rates as 1a, shall be the rates applied to the property the year prior to the year the aid is payable; and (ii) estimated market values for the assessment two years prior to that in which aid is payable. The exclusion of the value of the house, garage, and one acre from the first tier of agricultural homestead property must not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1994. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the net tax

capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. For purposes of determining the net tax capacity of property referred to in clauses (1), (2), and (3), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

(d) "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all property within the unique taxing jurisdiction. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the previous net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

(e) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. The equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(f) "Equalized school levies" means the amounts levied for:

- (2) supplemental revenue under section 124A.22, subdivision 8a;
- (3) capital expenditure facilities revenue under section 124.243, subdivision 3;
- (4) capital expenditure equipment revenue under section 124.244, subdivision 2;
- (5) basic transportation under section 124.226, subdivision 1; and
- (6) referendum revenue under section 124A.03.

(g) "Current local tax rate" means the quotient derived by dividing the taxes levied within a unique taxing jurisdiction for taxes payable in the year prior to that for which aids are being calculated by the total previous net tax capacity of the unique taxing jurisdiction.

(h) For purposes of calculating and allocating homestead and agricultural credit aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties," "gross taxes," or "taxes levied" means the total net tax capacity based taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction. "Gross taxes" are before any reduction for disparity reduction aid but "taxes levied" are after any reduction for disparity reduction aid. Gross taxes levied or taxes levied cannot be less than zero.

"Taxes levied" excludes equalized school levies.

(i) "Human services aids" means:

- (1) aid to families with dependent children under sections 256.82, subdivision 1, and 256.935, subdivision 1;
- (2) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;

- (12) medical assistance, medical transportation and related costs.

(j) "Household adjustment factor" means the number of households for the second most recent year preceding that in which the aids are payable divided by the number of households for the third most recent year. The household adjustment factor cannot be less than one.

(k) "Growth adjustment factor" means the household adjustment factor in the case of counties. In the case of cities, towns, school districts, and special taxing districts, the growth adjustment factor equals one. The growth adjustment factor cannot be less than one.

(l) For aid payable in 1992 and subsequent years, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2 less any permanent aid reduction in the previous year to homestead and agricultural credit aid under section 477A.0132, plus, for aid payable in 1992, fiscal disparity homestead and agricultural credit aid under subdivision 2b.

(m) "Net tax capacity adjustment" means (1) the total previous net tax capacity minus the total net tax capacity, multiplied by (2) the unique taxing jurisdiction's current local tax rate. The net tax capacity adjustment cannot be less than zero.

(n) "Fiscal disparity adjustment" means the difference between (1) a taxing jurisdiction's fiscal disparity distribution levy under section 473F.08, subdivision 3, clause (a), for taxes payable in the year prior to that for which aids are being calculated, and (2) the same distribution levy multiplied by the ratio of the highest class rate for class 3 property for taxes payable in the year prior to that for which aids are being calculated to the highest class rate for class 3 property for taxes payable in the second prior year to that for which aids are being calculated. In the case of school districts, the fiscal disparity distribution levy shall exclude that part of the levy attributable to equalized school levies."

"Sec. 8. Minnesota Statutes 1994, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of local tax rates.

(c) "Net tax capacity" means the product of

(i) the appropriate net class rates for the year in which the aid is payable, except that for aid payable in 1993 the class rate applicable to class 4a shall be 3.5 percent; and the class rate applicable to class 4b shall be 2.65 percent; and for aid payable in 1994 the class rate applicable to class 4b shall be 2.4 percent and the class rate applicable to class 2a property over \$115,000 market value and less than 320 acres is 1.15 percent; and for aid payable in 1997 the class rate for class 4c noncommercial seasonal residential recreational property is 1.8 percent on the first \$72,000 of market value and 2.3 percent on the market value of each parcel that exceeds \$72,000, and for aid payable in 1998 the class rate for class 4c noncommercial seasonal residential recreational property is 1.6 percent on the first \$72,000 of market value and 2.1 percent on the market value of each parcel that exceeds \$72,000, and

(ii) estimated market values for the assessment two years prior to that in which aid is payable. The exclusion of the value of the house, garage, and one acre from the first tier of agricultural homestead property must not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1994. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. For purposes of determining the net tax capacity of property referred to in clauses (1), (2), and (3), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

(d) "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all property within the unique taxing jurisdiction. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the previous net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

(e) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. The equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(f) "Equalized school levies" means the amounts levied for:

(1) general education under section 124A.23, subdivision 2;

(2) supplemental revenue under section 124A.22, subdivision 8a;

(3) capital expenditure facilities revenue under section 124.243, subdivision 3;

- (4) capital expenditure equipment revenue under section 124.244, subdivision 2;
- (5) basic transportation under section 124.226, subdivision 1; and
- (6) referendum revenue under section 124A.03.

(g) "Current local tax rate" means the quotient derived by dividing the taxes levied within a unique taxing jurisdiction for taxes payable in the year prior to that for which aids are being calculated by the total previous net tax capacity of the unique taxing jurisdiction.

(h) For purposes of calculating and allocating homestead and agricultural credit aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties," "gross taxes," or "taxes levied" means the total net tax capacity based taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction. "Gross taxes" are before any reduction for disparity reduction aid but "taxes levied" are after any reduction for disparity reduction aid. Gross taxes levied or taxes levied cannot be less than zero.

"Taxes levied" excludes equalized school levies.

(i) "Human services aids" means:

- (1) aid to families with dependent children under sections 256.82, subdivision 1, and 256.935, subdivision 1;
- (2) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;
- (3) general assistance medical care under section 256D.03, subdivision 6;
- (4) general assistance under section 256D.03, subdivision 2;
- (5) work readiness under section 256D.03, subdivision 2;
- (6) emergency assistance under section 256.871, subdivision 6;
- (7) Minnesota supplemental aid under section 256D.36, subdivision 1;
- (8) preadmission screening and alternative care grants;
- (9) work readiness services under section 256D.051;
- (10) case management services under section 256.736, subdivision 13;
- (11) general assistance claims processing, medical transportation and related costs; and
- (12) medical assistance, medical transportation and related costs.

(j) "Household adjustment factor" means the number of households for the second most recent year preceding that in which the aids are payable divided by the number of households for the third most recent year. The household adjustment factor cannot be less than one.

(k) "Growth adjustment factor" means the household adjustment factor in the case of counties. In the case of cities, towns, school districts, and special taxing districts, the growth adjustment factor equals one. The growth adjustment factor cannot be less than one.

(l) For aid payable in 1992 and subsequent years, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2 less any permanent aid reduction in the previous year to homestead and agricultural credit aid under section 477A.0132, plus, for aid payable in 1992, fiscal disparity homestead and agricultural credit aid under subdivision 2b.

(m) "Net tax capacity adjustment" means (1) the total previous net tax capacity minus the total

net tax capacity, multiplied by (2) the unique taxing jurisdiction's current local tax rate. The net tax capacity adjustment cannot be less than zero.

(n) "Fiscal disparity adjustment" means the difference between (1) a taxing jurisdiction's fiscal disparity distribution levy under section 473F.08, subdivision 3, clause (a), for taxes payable in the year prior to that for which aids are being calculated, and (2) the same distribution levy multiplied by the ratio of the highest class rate for class 3 property for taxes payable in the year prior to that for which aids are being calculated to the highest class rate for class 3 property for taxes payable in the second prior year to that for which aids are being calculated. In the case of school districts, the fiscal disparity distribution levy shall exclude that part of the levy attributable to equalized school levies."

Subd. 14. [REHABILITATION LOANS.] It may agree to purchase, make, or otherwise participate in the making, and may enter into commitments for the purchase, making, or participation in the making, of eligible loans for rehabilitation to persons and families of low and moderate income, and to owners of existing residential housing for occupancy by such persons and families, for the rehabilitation of existing residential housing owned by them. The loans may be insured or uninsured and may be made with security, or may be unsecured, as the agency deems advisable. The loans may be in addition to or in combination with long-term eligible mortgage loans under subdivision 3. They may be made in amounts sufficient to refinance existing indebtedness secured by the property, if refinancing is determined by the agency to be necessary to permit the owner to meet the owner's housing cost without expending an unreasonable portion of the owner's income thereon. No loan for rehabilitation shall be made unless the agency determines that the loan will be used primarily to make the housing more desirable to live in, to increase the market value of the housing, for compliance with state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing, or to accomplish energy conservation related improvements. In unincorporated areas and municipalities not having codes and standards, the agency may, solely for the purpose of administering the provisions of this chapter, establish codes and standards. Except for accessibility improvements under this subdivision 14d and subdivisions 14a and 24, clause (1), no secured loan for rehabilitation of any property shall be made in an amount which, with all other existing indebtedness secured by the property, would exceed its market value, as determined by the agency. No loan under this subdivision shall be denied solely because the loan will not be used for placing the residential housing in full compliance with all state, county, or municipal building, housing maintenance, fire, health, or similar codes and standards applicable to housing. Rehabilitation loans shall be made only when the agency determines that financing is not otherwise available, in whole or in part, from private lenders upon equivalent terms and conditions. Accessibility rehabilitation loans authorized under this subdivision may be made to eligible persons and families without limitations relating to the maximum incomes of the borrowers if:

(1) the borrower or a member of the borrower's family requires a level of care provided in a hospital, skilled nursing facility, or intermediate care facility for persons with mental retardation or related conditions;

(2) home care is appropriate; and

(3) the improvement will enable the borrower or a member of the borrower's family to reside in the housing.

Sec. 2. Minnesota Statutes 1994, section 462A.05, subdivision 30, is amended to read:

Subd. 30. [AGENCY INVESTMENT IN CERTAIN NOTES AND MORTGAGES.] It may invest in, purchase, acquire, and take assignments of existing notes and mortgages not closed for the purpose of sale to the agency, from lenders that are nonprofit or nonprofit entities, as defined in the agency's rules, provided that: (1) the notes and mortgages evidence loans for the construction, rehabilitation, purchase, improvement, or refinancing of residential housing intended for occupancy and occupied by low- and moderate-income persons and families; and (2) the loan sellers utilize the funds derived from the purchases in accordance with the authority contained in section 462A.07, subdivision 12, for the purposes and objectives of sections 462A.02, 462A.03, 462A.05, 462A.07, and 462A.21; and (3) the purchases are subject to security and limitations on the costs and expenses of the loan sellers incidental to the utilization of the purchase proceeds as the agency may determine. The proceeds of the purchases authorized by this subdivision shall not be subject to the limitations of section 462A.21, subdivisions 4k, 6, 9, and 12. In addition, it may invest in, purchase, acquire, and take assignments of existing federally insured mortgages for multifamily housing, not closed for the purpose of sale to the agency, from any banking institution, savings and loan association, or other lender or financial intermediary approved by the members provided that the multifamily housing is benefited by contracts for federal housing assistance payments.

Subd. 2. [TRANSITIONAL HOUSING.] The agency may make loans with or without interest to cities and counties to finance the acquisition, improvement, and rehabilitation of existing housing properties or the acquisition, site improvement, and development of new properties for the purposes of providing transitional housing, upon terms and conditions the agency determines. Preference must be given to cities that propose to acquire properties being sold by the resolution trust corporation or the department of housing and urban development. Loans under this subdivision are subject to the restrictions in subdivision 7.

Sec. 4. Minnesota Statutes 1994, section 462A.202, subdivision 6, is amended to read:

Sec. 9. Minnesota Statutes 1994, section 462A.21, subdivision 8b, is amended to read:

Sec. 41. [28A.085] [REINSPECTION FEES.]

Subdivision 1. [MAJOR VIOLATIONS.] The commissioner may charge a reinspection fee for each reinspection of a food handler that is found with a major violation of requirements in chapter 28, 29, 30, 31, 31A, 32, 33, or 34, or rules adopted under one of those chapters. The first reinspection of a firm with gross food sales under \$1,000,000 must be assessed at \$25. The fee for a firm with gross food sales over \$1,000,000 is \$50. The fee for a subsequent reinspection of a firm for the same violation is 50 percent of their current license fee. The establishment must be issued written notice of violations with a reasonable date for compliance listed on the notice. An initial inspection relating to a complaint is not a reinspection.

Subd. 2. [VOLUNTARY MARKET WITHDRAWAL; FOOD SAFETY EMERGENCY.] A food handler that requires a reinspection due to a voluntary market withdrawal of a food product or a food safety emergency that presented a public health threat and that violated a statute listed in subdivision 1, may be assessed for reasonable and direct reinspection costs incurred by the commissioner, including personnel, travel, laboratory analysis, and attorney general costs. Reinspection related to floods, earthquakes, storms, accidental fires, and power outages are excluded.

Subd. 3. [MANNER AND TIMING OF PAYMENT.] Unless an appeal is filed under subdivision 5, a food handler must pay all fees and assessments in the manner and timing requested by the commissioner. If a timely appeal is requested, the fees and assessments are stayed until a decision on the appeal is issued by the hearing officer. A license may not be renewed until all fees and penalties under this chapter are paid.

Subd. 4. [DEPOSIT; APPROPRIATION.] All reinspection fees and assessments collected must be deposited in the state treasury and are credited to the special revenue fund and are appropriated to the commissioner to pay the expenses relating to reinspections conducted under the chapters listed in subdivision 1.

Subd. 5. [APPEALS.] Food handlers may appeal reinspection fees and assessments to the department hearing officer within 30 days of receipt of the notice of fee assessment. The appeal must be submitted to the commissioner in writing.

Sec. 42. Minnesota Statutes 1994, section 41A.09, is amended by adding a subdivision to read:

Subd. 1a. [ETHANOL PRODUCTION GOAL.] It is a goal of the state that ethanol production plants in the state attain a total annual production level of 220,000,000 gallons.

Sec. 43. Minnesota Statutes 1994, section 41A.09, is amended by adding a subdivision to read:

Subd. 2a. [DEFINITIONS.] For the purposes of this section the terms defined in this subdivision have the meanings given them.

(a) "Ethanol" means fermentation ethyl alcohol derived from agricultural products, including potatoes, cereal, grains, cheese whey, and sugar beets; forest products; or other renewable resources, including residue and waste generated from the production, processing, and marketing of agricultural products, forest products, and other renewable resources, that:

(1) meets all of the specifications in ASTM specification D 4806-88; and

(2) is denatured with unleaded gasoline or rubber hydrocarbon solvent as defined in Code of Federal Regulations, title 27, parts 211 and 212, as adopted by the Bureau of Alcohol, Tobacco and Firearms of the United States Treasury Department.

(b) "Wet alcohol" means agriculturally derived fermentation ethyl alcohol having a purity of at least 50 percent but less than 99 percent.

(c) "Anhydrous alcohol" means fermentation ethyl alcohol derived from agricultural products as described in paragraph (a), but that does not meet ASTM specifications or is not denatured and is shipped in bond for further processing.

(d) "Ethanol plant" means a plant at which ethanol, anhydrous alcohol, or wet alcohol is produced.

Sec. 44. Minnesota Statutes 1994, section 41A.09, is amended by adding a subdivision to read:

Subd. 3a. [PAYMENTS.] (a) The commissioner of agriculture shall make cash payments to producers of ethanol, anhydrous alcohol, and wet alcohol located in the state. These payments shall apply only to ethanol, anhydrous alcohol, and wet alcohol fermented in the state and produced at plants that have begun production by June 30, 2000. For the purpose of this subdivision, an entity that holds a controlling interest in more than one ethanol plant is considered a single producer. The amount of the payment for each producer's annual production is:

(1) except as provided in paragraph (b), for each gallon of ethanol or anhydrous alcohol produced on or before June 30, 2005, or ten years after the start of production, whichever is later, 20 cents per gallon; and

(2) for each gallon produced of wet alcohol on or before June 30, 2005, or ten years after the start of production, whichever is later, a payment in cents per gallon calculated by the formula "alcohol purity in percent divided by five," and rounded to the nearest cent per gallon, but not less than 11 cents per gallon.

The producer payments for anhydrous alcohol and wet alcohol under this section may be paid to either the original producer of anhydrous alcohol or wet alcohol or the secondary processor, at the option of the original producer, but not to both.

(b) If the level of production at an ethanol plant increases due to an increase in the production capacity of the plant and the increased production begins by June 30, 2000, the payment under

paragraph (a), clause (1), applies to the additional increment of production until ten years after the increased production began.

(c) The commissioner shall make payments to producers of ethanol or wet alcohol in the amount of 1.5 cents for each kilowatt hour of electricity generated using closed-loop biomass in a cogeneration facility at an ethanol plant located in the state. Payments under this paragraph shall be made only for electricity generated at cogeneration facilities that begin operation by June 30, 2000. The payments apply to electricity generated on or before the date ten years after the producer first qualifies for payment under this paragraph. Total payments under this paragraph in any fiscal year may not exceed \$750,000. For the purposes of this paragraph:

(1) "closed-loop biomass" means any organic material from a plant that is planted for the purpose of being used to generate electricity or for multiple purposes that include being used to generate electricity; and

(2) "cogeneration" means the combined generation of:

(i) electrical or mechanical power; and

(ii) steam or forms of useful energy, such as heat, that are used for industrial, commercial, heating, or cooling purposes.

(d) The total payments under paragraphs (a) and (b) to all producers may not exceed \$30,000,000 in a fiscal year. Total payments under paragraphs (a) and (b) to a producer in a fiscal year may not exceed \$3,000,000.

(e) By the last day of October, January, April, and July, each producer shall file a claim for payment for ethanol, anhydrous alcohol, and wet alcohol production during the preceding three calendar months. A producer with more than one plant shall file a separate claim for each plant. A producer shall file a separate claim for the original production capacity of each plant and for each additional increment of production that qualifies under paragraph (b). A producer that files a claim under this subdivision shall include a statement of the producer's total ethanol, anhydrous alcohol, and wet alcohol production in Minnesota during the quarter covered by the claim, including anhydrous alcohol and wet alcohol produced or received from an outside source. A producer shall file a separate claim for any amount claimed under paragraph (c). For each claim and statement of total ethanol, anhydrous alcohol, and wet alcohol production filed under this subdivision, the volume of ethanol, anhydrous alcohol, and wet alcohol production or amounts of electricity generated using closed-loop biomass must be verified by a certified financial audit performed by an independent certified public accountant using generally accepted accounting procedures.

(f) Payments shall be made November 15, February 15, May 15, and August 15. A separate payment shall be made for each claim filed. The total quarterly payment to a producer under this paragraph, excluding amounts paid under paragraph (c), may not exceed \$750,000. If the total amount for which all producers are eligible in a quarter under paragraphs (a) and (b) exceeds \$7,500,000, the commissioner shall make payments in the order in which the portion of production capacity covered by each claim went into production. If the total amount of ethanol or wet alcohol production reported for a quarter under paragraph (e) equals or exceeds 55,000,000 gallons:

(1) payments under this subdivision do not apply to the amount produced in excess of 55,000,000 gallons;

(2) the commissioner shall make payments to producers in the order in which the portion of production capacity covered by each claim began production; and

(3) only those producers that receive payments for the quarter will be eligible for future ethanol or wet alcohol production payments under this subdivision.

(g) If the total amount for which all producers are eligible in a quarter under paragraph (c) exceeds the amount available for payments, the commissioner shall make payments in the order in which the plants covered by the claims began generating electricity using closed-loop biomass.

Sec. 45. Minnesota Statutes 1994, section 41A.09, is amended by adding a subdivision to read:

Subd. 5a. [EXPIRATION.] This section expires July 1, 2010, and the unobligated balance of each appropriation under this section on that date reverts to the general fund.

Sec. 48. Minnesota Statutes 1994, section 41B.043, subdivision 2, is amended to read:

Subd. 2. [SPECIFICATIONS.] No direct loan may exceed \$35,000 or ~~\$50,000~~ \$100,000 for a loan participation or be made to refinance an existing debt. Each direct loan and participation must be secured by a mortgage on real property and such other security as the authority may require.

Sec. 49. Minnesota Statutes 1994, section 41B.043, subdivision 3, is amended to read:

Subd. 3. [APPLICATION AND ORIGINATION FEE.] The authority may impose a reasonable nonrefundable application fee for each application for a direct loan or participation and an origination fee for each direct loan issued under the agricultural improvement loan program. The origination fee initially shall be set at 1.5 percent and the application fee at \$50. The authority may review the fees annually and make adjustments as necessary. The fees must be deposited in the state treasury and credited to an account in the special revenue fund. Money in this account is appropriated to the commissioner for administrative expenses of the agricultural improvement loan program.

Sec. 50. Minnesota Statutes 1994, section 41B.045, subdivision 2, is amended to read:

Participation is limited to 45 percent of the principal amount of the loan or ~~\$100,000~~ \$250,000, whichever is less. The interest rates and repayment terms of the authority's participation interest may be different from the interest rates and repayment terms of the lender's retained portion of the loan. Loans under this program must not be included in the lifetime limitation calculated under section 41B.03, subdivision 1.

Sec. 51. Minnesota Statutes 1994, section 41B.046, subdivision 1, is amended to read:

Subd. 3. [FUNDING; ASSESSMENT.] The board shall finance its base line studies, general environmental studies, development of criteria, inventory preparation, monitoring of conditions placed on site certificates and construction permits, and all other work, other than specific site and route designation, from an assessment made quarterly, at least 30 days before the start of each quarter, by the board against all utilities with annual retail kilowatt-hour sales greater than 4,000,000 kilowatt-hours in the previous calendar year.

~~Until June 30, 1992, the assessment shall also include an amount sufficient to cover 60 percent of the costs to the pollution control agency of achieving, maintaining, and monitoring compliance with the acid deposition control standard adopted under sections 116.42 to 116.45, reprinting informational booklets on acid rain, and costs for additional research on the impacts of acid deposition on sensitive areas published under section 116.44, subdivision 1. The commissioner of the pollution control agency must prepare a work plan and budget and submit them annually by June 30 to the pollution control agency board. The agency board must take public testimony on the budget and work plan. After the agency board approves the work plan and budget they must be submitted annually to the legislative water commission for review and recommendation before an assessment is levied. Each share shall be determined as follows: (1) the ratio that the annual retail kilowatt-hour sales in the state of each utility bears to the annual total retail kilowatt-hour sales in the state of all these utilities, multiplied by 0.667, plus (2) the ratio that the annual gross revenue from retail kilowatt-hour sales in the state of each utility bears to the annual total gross revenues from retail kilowatt-hour sales in the state of all these utilities, multiplied by 0.333, as determined by the board. The assessment shall be credited to the special revenue fund and shall be paid to the state treasury within 30 days after receipt of the bill, which shall constitute notice of said assessment and demand of payment thereof. The total amount which may be assessed to the several utilities under authority of this subdivision shall not exceed the sum of the annual budget of the board for carrying out the purposes of this subdivision plus 60 percent of the annual budget of the pollution control agency for achieving, maintaining, and monitoring compliance with the acid deposition control standard adopted under sections 116.42 to 116.45, for reprinting informational booklets on acid rain, and for costs for additional research on the impacts of acid deposition on sensitive areas published under section 116.44, subdivision 1. The assessment for the second quarter of each fiscal year shall be adjusted to compensate for the amount by which actual expenditures by the board and the pollution control agency for the preceding fiscal year were more or less than the estimated expenditures previously assessed.~~

Sec. 84. Minnesota Statutes 1994, section 116P.11, is amended to read:

116P.11 [AVAILABILITY OF FUNDS FOR DISBURSEMENT.]

(a) The amount biennially available from the trust fund for the budget plan developed by the commission consists of the earnings generated from the trust fund. Earnings generated from the trust fund shall equal the amount of interest on debt securities and dividends on equity securities. Gains and losses arising from the sale of securities shall be apportioned as follows:

(1) if the sale of securities results in a net gain during a fiscal year, the gain shall be apportioned in equal installments over the next ten fiscal years to offset net losses in those years. If any portion

of an installment is not needed to recover subsequent losses identified in paragraph (b), it shall be added to the principal of the fund; and

(2) if the sale of securities results in a net loss during a fiscal year, the net loss shall be recovered from the gains in paragraph (a) apportioned to that fiscal year. If such gains are insufficient, any remaining net loss shall be recovered from interest and dividend income in equal installments over the following ten fiscal years.

(b) For funding projects until fiscal year 1997, the following additional amounts are available from the trust fund for the budget plans developed by the commission:

(1) for the 1991-1993 biennium, up to 25 percent of the revenue deposited in the trust fund in fiscal years 1990 and 1991;

(2) for the 1993-1995 biennium, up to 20 percent of the revenue deposited in the trust fund in fiscal year 1992 and up to 15 percent of the revenue deposited in the fund in fiscal year 1993;

(3) for the 1993-1995 biennium, up to 25 percent of the revenue deposited in the trust fund in fiscal years 1994 and 1995, to be expended only for capital investments in parks and trails; and

(4) for the 1995-1997 biennium, up to ~~ten~~ 25 percent of the revenue deposited in the fund in fiscal year 1996, to be expended only for capital investments in parks and trails.

(c) Any appropriated funds not encumbered in the biennium in which they are appropriated cancel and must be credited to the principal of the trust fund.

Sec. 86. Minnesota Statutes 1994, section 239.791, subdivision 8, is amended to read:

Subd. 8. [DISCLOSURE.] ~~A person responsible for the product who delivers, distributes, sells, or offers to sell gasoline in a carbon monoxide control area, during a carbon monoxide control period~~ refinery or terminal, shall provide, at the time of ~~delivery~~ gasoline is sold or transferred from the refinery or terminal, a bill of lading or shipping manifest to the person who receives the gasoline. For oxygenated gasoline, the bill of lading or shipping manifest must include the identity and the volume percentage or gallons of oxygenate included in the gasoline, and it must state: "This fuel contains an oxygenate. Do not blend this fuel with ethanol or with any other oxygenate." For nonoxygenated gasoline sold or transferred before October 1, 1997, the bill or manifest must state: "This fuel must not be sold at retail ~~or used~~ in a carbon monoxide control area." For nonoxygenated gasoline sold or transferred after September 30, 1997, the bill or manifest must state: "This fuel is not oxygenated. It must not be sold at retail in Minnesota." This subdivision does not apply to sales or transfers of gasoline ~~when the gasoline is dispensed into the supply tanks of motor vehicles~~ between refineries, between terminals, or between a refinery and a terminal.

Sec. 87. Minnesota Statutes 1994, section 282.01, subdivision 2, is amended to read:

Subd. 2. [CONSERVATION LANDS; COUNTY BOARD SUPERVISION.] Lands classified as conservation lands, unless reclassified as nonconservation lands, sold to a governmental subdivision of the state, designated as lands primarily suitable for forest production and sold as hereinafter provided, or released from the trust in favor of the taxing districts, as herein provided, will be held under the supervision of the county board of the county within which such parcels lie.

The county board may, by resolution duly adopted, declare lands classified as conservation lands as primarily suitable for timber production and as lands which should be placed in private ownership for such purposes. ~~If such action be approved by the commissioner of natural resources,~~ The lands so designated, or any part thereof, may be sold by the county board in the same manner as provided for the sale of lands classified as nonconservation lands. Such county action ~~and the approval of the commissioner~~ shall be limited to lands lying within areas zoned for restricted uses under the provisions of Laws 1939, chapter 340, or any amendments thereof.

The county board may, by resolution duly adopted, resolve that certain lands classified as conservation lands shall be devoted to conservation uses and may submit such resolution to the commissioner of natural resources. If, upon investigation, the commissioner of natural resources determines that the lands covered by such resolution, or any part thereof, can be managed and developed for conservation purposes, the commissioner shall make a certificate describing the lands and reciting the acceptance thereof on behalf of the state for such purposes. The commissioner shall transmit the certificate to the county auditor, who shall note the same upon the auditor's records and record the same with the county recorder. The title to all lands so accepted shall be held by the state free from any trust in favor of any and all taxing districts and such lands shall be devoted thereafter to the purposes of forestry, water conservation, flood control, parks, game refuges, controlled game management areas, public shooting grounds, or other public recreational or conservation uses, and managed, controlled, and regulated for such purposes under the jurisdiction of the commissioner of natural resources and the divisions of the department. In case the commissioner of natural resources shall determine that any tract of land so held by the state and situated within or adjacent to the boundaries of any governmental subdivision of the state is suitable for use by such subdivision for any authorized public purpose, the commissioner may convey such tract by deed in the name of the state to such subdivision upon the filing with the commissioner of a resolution adopted by a majority vote of all the members of the governing body thereof, stating the purpose for which the land is desired. The deed of conveyance shall be upon a form approved by the attorney general conditioned upon continued use for the purpose stated in the resolution. All proceeds derived from the sale of timber, lease of hay stumpage, or other revenue from such lands under the jurisdiction of the natural resources commissioner shall be paid into the general fund of the state. The county auditor, with the approval of the county board, may lease conservation lands remaining under the jurisdiction of the county board and sell timber and hay stumpage thereon in the manner hereinafter provided, and all proceeds derived therefrom shall be distributed in the same manner as provided in section 282.04.

Sec. 88. Minnesota Statutes 1994, section 282.01, subdivision 3, is amended to read:

Subd. 3. [NONCONSERVATION LANDS; APPRAISAL AND SALE.] All parcels of land

classified as nonconservation, except those which may be reserved, shall be sold as provided, if it is determined, by the county board of the county in which the parcels lie, that it is advisable to do so, having in mind their accessibility, their proximity to existing public improvements, and the effect of their sale and occupancy on the public burdens. Any parcels of land proposed to be sold shall be first appraised by the county board of the county in which the parcels lie. The parcels may be reappraised whenever the county board deems it necessary to carry out the intent of sections 282.01 to 282.13. In an appraisal the value of the land and any standing timber on it shall be separately determined. ~~No parcel of land containing any standing timber may be sold until the appraised value of the timber on it and the sale of the land have been approved by the commissioner of natural resources. The commissioner shall base review of a proposed sale on the policy and considerations specified in subdivision 1. The decision of the commissioner shall be in writing and shall state the reasons for it. The county may appeal the decision of the commissioner in accordance with chapter 14.~~

~~In any county in which a state forest or any part of it is located, the county auditor shall submit to the commissioner at least 30 days before the first publication of the list of lands to be offered for sale a list of all lands included on the list which are situated outside of any incorporated municipality. If, at any time before the opening of the sale, the commissioner notifies the county auditor in writing that there is standing timber on any parcel of such land, the parcel shall not be sold unless the requirements of this section respecting the separate appraisal of the timber and the approval of the appraisal by the commissioner have been complied with. The commissioner may waive the requirement of the 30 day notice as to any parcel of land which has been examined and the timber value approved as required by this section.~~

If any public improvement is made by a municipality after any parcel of land has been forfeited to the state for the nonpayment of taxes, and the improvement is assessed in whole or in part against the property benefited by it, the clerk of the municipality shall certify to the county auditor, immediately upon the determination of the assessments for the improvement, the total amount that would have been assessed against the parcel of land if it had been subject to assessment; or if the public improvement is made, petitioned for, ordered in or assessed, whether the improvement is completed in whole or in part, at any time between the appraisal and the sale of the parcel of land, the cost of the improvement shall be included as a separate item and added to the appraised value of the parcel of land at the time it is sold. No sale of a parcel of land shall discharge or free the parcel of land from lien for the special benefit conferred upon it by reason of the public improvement until the cost of it, including penalties, if any, is paid. The county board shall determine the amount, if any, by which the value of the parcel was enhanced by the improvement and include the amount as a separate item in fixing the appraised value for the purpose of sale. In classifying, appraising, and selling the lands, the county board may designate the tracts as assessed and acquired, or may by resolution provide for the subdivision of the tracts into smaller units or for the grouping of several tracts into one tract when the subdivision or grouping is deemed advantageous for the purpose of sale. Each such smaller tract or larger tract must be classified and appraised as such before being offered for sale. If any such lands have once been classified, the board of county commissioners, in its discretion, may, by resolution, authorize the sale of the smaller tract or larger tract without reclassification.

Sec. 89. Minnesota Statutes 1994, section 282.011, subdivision 1, is amended to read:

Subdivision 1. [CLASSIFICATION, SALE, PROCEDURES AND CONDITIONS.] Any lands which have become the absolute property of the state through forfeiture for nonpayment of taxes and which have been classified by the county board as conservation lands under the provisions of section 282.01, or have been classified as nonagricultural lands under the provisions of section 282.14, or any such lands which shall hereafter be so classified, may be designated by the county board of the county in which such lands lie, by resolution duly adopted, as appropriate and primarily suitable for either specific conservation purposes or for auxiliary forest lands. ~~Any resolution so adopted, together with a list of the lands involved shall be forwarded to the commissioner of natural resources who shall promptly approve or disapprove the whole or any part thereof. The commissioner shall thereupon make a certificate showing the lands approved, transmit the same to the county auditor who shall record the same.~~ Lands so designated and ~~so~~ approved shall thereupon be appraised and the whole, or any part thereof, may be offered for sale and sold in the same manner as provided for the sale of lands classified as nonconservation lands under section 282.01, or as agricultural lands under section 282.14, as the case may be, according

to the status of such lands upon forfeiture. The right to a deed of conveyance to such property accorded the purchaser at any such sale shall be conditioned upon the lands being placed in an auxiliary forest or used for designated conservation purposes as designated by the resolution of the county board.

Sec. 90. Minnesota Statutes 1994, section 282.02, is amended to read:

282.02 [LIST OF LANDS FOR SALE; NOTICE.]

Immediately after classification and appraisal of the land, ~~and after approval by the commissioner of natural resources when required pursuant to section 282.01, subdivision 3,~~ the county board shall provide and file with the county auditor a list of parcels of land to be offered for sale. This list shall contain a description of the parcels of land and the appraised value thereof. The auditor shall publish a notice of the intended public sale of such parcels of land and a copy of the resolution of the county board fixing the terms of the sale, if other than for cash only, by publication once a week for two weeks in the official newspaper of the county, the last publication to be not less than ten days previous to the commencement of the sale.

The notice shall include the parcel's description and appraised value. The notice shall also indicate the amount of any special assessments which may be the subject of a reassessment or new assessment or which may result in the imposition of a fee or charge pursuant to sections 429.071, subdivision 4, 435.23, and 444.076. The county auditor shall also mail notice to the owners of land adjoining the parcel to be sold and to the owners of platted or unplatted land whose boundaries are within 300 feet of the boundaries of a parcel offered for sale having an appraised value of \$1,000 or more. For purposes of this section, "owner" means the taxpayer as listed in the records of the county auditor.

If the county board of St. Louis or Koochiching counties determines that the sale shall take place in a county facility other than the courthouse, the notice shall specify the facility and its location.

Sec. 91. Minnesota Statutes 1994, section 282.04, subdivision 1, is amended to read:

Subdivision 1. **[TIMBER SALES; LAND LEASES AND USES.]** The county auditor may sell timber upon any tract ~~that may be approved by the natural resources commissioner.~~ Such sale of timber shall be made for cash at not less than the appraised value determined by the county board to the highest bidder after not less than one week's published notice in an official paper within the county. Any timber offered at such public sale and not sold may thereafter be sold at private sale by the county auditor at not less than the appraised value thereof, until such time as the county board may withdraw such timber from sale. ~~The appraised value of the timber and the forestry practices to be followed in the cutting of said timber shall be approved by the commissioner of natural resources.~~ Payment of the full sale price of all timber sold on tax-forfeited lands shall be made in cash at the time of the timber sale, except in the case of oral or sealed bid auction sales, the down payment shall be 25 percent of the appraised value, and the balance shall be paid prior to entry. In the case of auction sales that are partitioned and sold as a single sale with predetermined cutting blocks, the down payment shall be 25 percent of the appraised price of the entire timber sale which may be held until the satisfactory completion of the sale or applied in whole or in part to the final cutting block. The value of each separate block must be paid in full before any cutting may begin in that block. With the permission of the county administrator the purchaser may enter unpaid blocks and cut necessary timber incidental to developing logging roads as may be needed to log other blocks provided that no timber may be removed from an unpaid block until separately scaled and paid for. The county board may require final settlement on the basis of a scale of cut products. Any parcels of land from which timber is to be sold by scale of cut products shall be so designated in the published notice of sale above mentioned, in which case the notice shall contain a description of such parcels, a statement of the estimated quantity of each species of timber thereon and the appraised price of each specie of timber for 1,000 feet, per cord or per piece, as the case may be. In such cases any bids offered over and above the appraised prices shall be by percentage, the percent bid to be added to the appraised price of each of the different species of timber advertised on the land. The purchaser of timber from such parcels shall pay in cash at the time of sale at the rate bid for all of the timber shown in the notice of sale as estimated to be standing on the land, and in addition shall pay at the same rate for any additional amounts which

the final scale shows to have been cut or was available for cutting on the land at the time of sale under the terms of such sale. Where the final scale of cut products shows that less timber was cut or was available for cutting under terms of such sale than was originally paid for, the excess payment shall be refunded from the forfeited tax sale fund upon the claim of the purchaser, to be audited and allowed by the county board as in case of other claims against the county. No timber, except hardwood pulpwood, may be removed from such parcels of land or other designated landings until scaled by a person or persons designated by the county board ~~and approved by the commissioner of natural resources~~. Landings other than the parcel of land from which timber is cut may be designated for scaling by the county board by written agreement with the purchaser of the timber. The county board may, by written agreement with the purchaser and with a consumer designated by the purchaser when the timber is sold by the county auditor, ~~and with the approval of the commissioner of natural resources~~, accept the consumer's scale of cut products delivered at the consumer's landing. No timber shall be removed until fully paid for in cash. Small amounts of timber not exceeding \$3,000 in appraised valuation may be sold for not less than the full appraised value at private sale to individual persons without first publishing notice of sale or calling for bids, provided that in case of such sale involving a total appraised value of more than \$200 the sale shall be made subject to final settlement on the basis of a scale of cut products in the manner above provided and not more than two such sales, directly or indirectly to any individual shall be in effect at one time.

As directed by the county board, the county auditor may lease tax-forfeited land to individuals, corporations or organized subdivisions of the state at public or private vendue, and at such prices and under such terms as the county board may prescribe, for use as cottage and camp sites and for agricultural purposes and for the purpose of taking and removing of hay, stumpage, sand, gravel, clay, rock, marl, and black dirt therefrom, and for garden sites and other temporary uses provided that no leases shall be for a period to exceed ten years; provided, further that any leases involving a consideration of more than \$300 per year, except to an organized subdivision of the state shall first be offered at public sale in the manner provided herein for sale of timber. Upon the sale of any such leased land, it shall remain subject to the lease for not to exceed one year from the beginning of the term of the lease. Any rent paid by the lessee for the portion of the term cut off by such cancellation shall be refunded from the forfeited tax sale fund upon the claim of the lessee, to be audited and allowed by the county board as in case of other claims against the county.

The county auditor, with the approval of the county board is authorized to grant permits, licenses, and leases to tax-forfeited lands for the depositing of stripping, lean ores, tailings, or waste products from mines or ore milling plants, upon such conditions and for such consideration and for such period of time, not exceeding 15 years, as the county board may determine; said permits, licenses, or leases to be subject to approval by the commissioner of natural resources.

Any person who removes any timber from tax-forfeited land before said timber has been scaled and fully paid for as provided in this subdivision is guilty of a misdemeanor.

The county auditor may, with the approval of the county board, and without first offering at public sale, grant leases, for a term not exceeding 25 years, for the removal of peat from tax-forfeited lands upon such terms and conditions as the county board may prescribe. Any lease for the removal of peat from tax-forfeited lands must first be reviewed and approved by the commissioner of natural resources if the lease covers 320 or more acres. No lease for the removal of peat shall be made by the county auditor pursuant to this section without first holding a public hearing on the auditor's intention to lease. One printed notice in a legal newspaper in the county at least ten days before the hearing, and posted notice in the courthouse at least 20 days before the hearing shall be given of the hearing.

Sec. 92. Minnesota Statutes 1994, section 296.02, is amended by adding a subdivision to read:

Subd. 7a. [TAX CREDIT FOR AGRICULTURAL ALCOHOL GASOLINE.] Until October 1, 1997, a distributor shall be allowed a credit on each gallon of denatured ethanol commercially blended with gasoline or blended in a tank truck with gasoline on which the tax imposed by subdivision 1 is due and payable. Denatured ethanol is defined in section 296.01, subdivision 13. The amount of the credit for every gallon of denatured ethanol blended with gasoline to produce agricultural alcohol gasoline is:

- (1) until October 1, 1995, 15 cents;
- (2) until October 1, 1996, ten cents; and
- (3) until October 1, 1997, five cents.

The credit allowed a distributor must not exceed the total tax liability under subdivision 1. The tax credit received by a distributor on denatured ethanol blended with motor fuels shall be passed on to the retailer.

Sec. 93. Minnesota Statutes 1994, section 446A.07, subdivision 8, is amended to read:

Subd. 8. [OTHER USES OF REVOLVING FUND.] The water pollution control revolving fund may be used as provided in title VI of the Federal Water Pollution Control Act, including the following uses:

(5) to earn interest on fund accounts; and

(6) to pay the reasonable costs incurred by the authority and the agency of administering the fund and conducting activities required under the federal Water Pollution Control Act, including water quality management planning under section 205(j) of the act and water quality standards continuing planning under section 303(e) of the act.

Amounts spent under clause (6) may not exceed the amount allowed under the Federal Water Pollution Control Act.

Sec. 94. Minnesota Statutes 1994, section 446A.071, subdivision 2, is amended to read:

Subd. 2. [SUPPLEMENTAL ASSISTANCE.] The authority may provide supplemental assistance under this section in the form of loans; write-down of principal, interest, or both; or direct grants, as determined by authority rules. The amount and form of the supplemental assistance must be based on the authority's determination of the financial capability of the municipality, the municipality's eligibility to qualify for other grant programs, and the source of funds. In determining the financial capability of the municipality, the authority may not find the municipality to be ineligible based on the level of the municipality's annual sewer service charge if this charge exceeds 1.1 percent of the municipality's annual median household income.

Sec. 95. Minnesota Statutes 1994, section 473.845, subdivision 2, is amended to read:

Testing under this subdivision must be for substances not funded under the Federal Safe Drinking

Sec. 96. Minnesota Statutes 1994, section 477A.11, subdivision 4, is amended to read:

Subd. 4. [OTHER NATURAL RESOURCES LAND.] "Other natural resources land" means:

(1) any other land presently owned in fee title by the state and administered by the commissioner, or any tax-forfeited land, other than platted lots within a city, which is owned by the state and administered by the commissioner ~~or by the county in which it is located~~; and

477A.12 [ANNUAL APPROPRIATIONS; LANDS ELIGIBLE; CERTIFICATION OF ACREAGE.]

(a) There is annually appropriated to the commissioner of natural resources from the general fund for payment to counties within the state an amount equal to:

(1) for acquired natural resources land, \$3 multiplied by the total number of acres of acquired natural resources land, 75 cents multiplied by the number of acres of county-administered other natural resources land, or beginning July 1, 1996, at the county's option three-fourths of one percent of the appraised value of all acquired natural resource land in the county, whichever is greater; and

(2) 37.5 cents multiplied by the number of acres of commissioner-administered other natural resources land located in each county as of July 1 of each year.

(b) Lands for which payments in lieu are made pursuant to section 97A.061, subdivision 3, and Laws 1973, chapter 567, shall not be eligible for payments under this section. Each county auditor shall certify to the department of natural resources during July of each year the number of acres of county-administered other natural resources land within the county. The department of natural resources may, in addition to the certification of acreage, require descriptive lists of land so certified. The commissioner of natural resources shall determine and certify the number of acres of acquired natural resources land and commissioner-administered natural resources land within each county.

(c) For the purposes of this section, the appraised value of acquired natural resources land is the purchase price for the first five years after acquisition. The appraised value of acquired natural resources land received as a donation is the value determined for the commissioner of natural resources by a licensed appraiser, or the county assessor's estimated market value if no appraisal is done. The appraised value must be determined by the county assessor every five years after the land is acquired.

Sec. 98. Minnesota Statutes 1994, section 477A.14, is amended to read:

(a) ~~42.5 cents for each acre of county-administered other natural resources land shall be deposited in a resource development fund to be created within the county treasury for use in resource development, forest management, game and fish habitat improvement, and recreational development and maintenance of county-administered other natural resources land. Any county receiving less than \$5,000 annually for the resource development fund may elect to deposit that amount in the county general revenue fund;~~

~~(b) From the funds remaining,~~ Within 30 days of receipt of the payment to the county, the county treasurer shall pay each organized township 30 cents per acre of acquired natural resources land and ~~8.5~~ 7.5 cents per acre of other natural resources land located within its boundaries. Payments for natural resources lands not located in an organized township shall be deposited in the county general revenue fund. Payments to counties and townships pursuant to this paragraph shall be used to provide property tax levy reduction. Provided that, if the total payment to the county pursuant to section 477A.12 is not sufficient to fully fund the distribution provided for in this clause, the amount available shall be distributed to each township and the county general revenue fund on a pro rata basis; and

~~(e)~~ (b) Any remaining funds shall be deposited in the county general revenue fund. Provided that, if the distribution to the county general revenue fund exceeds \$35,000, the excess shall be used to provide property tax levy reduction.

The report must include a description of capital expenditures expected to be needed for wastewater treatment projects during fiscal years 1997 and 1998.

Sec. 103. [HARMFUL SUBSTANCE COMPENSATION BOARD ABOLISHED.]

[RECEIPTS FOR SYSTEMS PROJECTS.]

Appropriations and federal receipts for information system projects for MAXIS, electronic benefits, social services, child support enforcement, and Medicaid must be deposited in the state system account authorized in Minnesota Statutes, section 256.014. Money appropriated for computer projects approved by the information policy office, funded by the legislature, and approved by the commissioner of

finance may be transferred from one project to another and from development to operations as the commissioner of human services considers necessary. Any unexpended balance in the appropriation for these projects does not cancel but is available for ongoing development and operations.

[COMMUNICATION COSTS.] The commissioner shall continue to operate the special revenue fund account established in Laws 1993, First Special Session chapter 1, article 1, section 2, subdivision 2, to manage shared communication costs necessary for the operation of the programs the commissioner supervises. The commissioner may distribute the costs of operating and maintaining communication systems to participants in a manner that reflects actual system usage. Costs may include acquisition, licensing, insurance, maintenance, repair, staff time, and other direct costs as determined by the commissioner. The commissioner may accept on behalf of the state any gift, bequest, devise, or personal property of any kind or money tendered to the state for any lawful purpose pertaining to the communication activities of the department. Any money so received must be deposited in the state communication systems account. Money collected by the commissioner for the use of communication systems must be deposited in the state communication systems account and is appropriated to the commissioner for purposes of this section.

[ISSUANCE OPERATIONS CENTER.] Payments to the commissioner from other governmental units and private enterprises for (1) services performed by the issuance operations center or (2) reports generated by the payment and eligibility systems must be deposited in the state systems account authorized in Minnesota Statutes, section 256.014. These payments are appropriated to the commissioner for the operation of the issuance center or system, in accordance with Minnesota Statutes, section 256.014.

[CROSS-CULTURAL TRAINING.] Of this appropriation, \$50,000 each year is for cross-cultural training for deaf and hard of hearing children and their families and is

available only upon the receipt of \$25,000 each year in nonstate matching funds.

[INDIAN ELDERS.] The Minnesota board on aging shall provide staff out of the available appropriation to support the Indian elders coordinator position.

[USE OF MENTAL HEALTH COLLABORATIVE FUNDS.] The appropriation for mental health collaborative funds may be used for two-year startup funding, but not for the cost of ongoing services.

[SILS TRANSFER.] For the purpose of transferring certain persons from the semi-independent living services (SILS) program to the home and community-based waived services program for persons with mental retardation or related conditions, the amount of funds transferred between the SILS account or the state community social services account and the state medical assistance account shall be based on each county's participation in transferring persons to the waived services program. No person for whom these funds are transferred shall be required to obtain a new living arrangement, notwithstanding Minnesota Statutes, section 252.28, subdivision 3, paragraph (4), and Minnesota Rules, parts 9525.1800, subpart 25a, and 9525.1869, subpart 6. When supported living services are provided to persons for whom these funds are transferred, the commissioner may substitute the licensing standards of Minnesota Rules, parts 9525.0500 to 9525.0660, for parts 9525.2000 to 9525.2140, if the services remain nonresidential as defined in Minnesota Statutes, section 245A.02, subdivision 10. For the purposes of Minnesota Statutes, chapter 256G, when a service is provided under these substituted licensing standards, the status of residence of the recipient of that service shall continue to be considered excluded time. Contingent upon continuing federal approval of expanding eligibility for home and community-based services for persons with mental retardation or related conditions, the commissioner shall reduce the state SILS payments to each county by the total medical assistance expenditures for nonresidential services attributable to former SILS recipients transferred by the county to the home and community-based services program for persons with mental retardation or related conditions. Of the reduced SILS payments determined above, the commissioner shall transfer to the state medical assistance account an amount equal to the nonfederal share of the nonresidential

services under the home and community-based services for persons with mental retardation or related conditions. Of the remaining reduced SILS payments, 80 percent shall be returned to the SILS grant program to provide additional SILS services and 20 percent shall be transferred to the general fund.

[NEW ICF/MR.] A newly constructed or newly established intermediate care facility for persons with mental retardation that is developed and financed during the biennium ending June 30, 1997, shall not be subject to the equity requirements in Minnesota Statutes, section 256B.501, subdivision 11, paragraph (d), or Minnesota Rules, part 9553.0060, subpart 3, item F, provided that the provider's interest rate does not exceed the interest rate available through state agency tax exempt financing.

[ICF/MR RECEIVERSHIP.] If a facility which is in receivership under Minnesota Statutes, section 245A.12 or 245A.13, is sold to an unrelated organization: (a) the facility shall be considered a newly established facility for rate setting purposes notwithstanding any provisions to the contrary in Minnesota Statutes, section 256B.501, subdivision 11; and (b) the facility's historical basis for the physical plant, land, and land improvements for each facility must not exceed the prior owner's aggregate historical basis for these same assets for each facility. The allocation of the purchase price between land, land improvements, and physical plant shall be based on the real estate appraisal using the depreciated replacement cost method.

[CHEMICAL DEPENDENCY RATE FREEZE.] Beginning January 1, 1996, rates for chemical dependency treatment services provided according to Minnesota Statutes, chapter 254B, shall be the same as those rates negotiated according to Minnesota Statutes, section 254B.03, subdivision 1, paragraph (b), and effective January 1, 1995. Rates for vendors under Minnesota Statutes, chapter 254B, enrolled after January 1, 1995, shall not be higher than the statewide average rate for vendors licensed at the same level of care. Counties and providers shall not negotiate an increase in rates between January 1, 1995, and December 31, 1997.

[GRH TO CSSA TRANSFER.] For the fiscal year ending June 30, 1995, the commissioner may transfer funds from the group residential housing (GRH) account to county community social services act (CSSA) grants to provide continuous funding for persons no longer eligible

for GRH payments for the following reasons: they reside in a setting with only a semi-independent living services license; or they reside in family foster care settings and have become ineligible for GRH difficulty of care payments due to receipt of mental retardation/related conditions waived services. The amount to be transferred must not exceed the amount of GRH payments for actual residents in the affected GRH settings during the fiscal year 1995. The amount transferred is to be added to the affected county's CSSA base.

employees, the commissioner of finance shall make a separate calculation for physicians and their salaries.

[REPAIRS AND BETTERMENTS.] The commissioner may transfer unencumbered appropriation balances between fiscal years for the state residential facilities repairs and betterments account and special equipment.

[PROJECT LABOR.] Wages for project labor may be paid by the commissioner of human services out of repairs and betterments money if the individual is to be engaged in a construction project or a repair project of short term and nonrecurring nature. Compensation for project labor shall be based on the prevailing wage rates, as defined in Minnesota Statutes, section 177.42, subdivision 6. Project laborers are excluded from the provisions of Minnesota Statutes, sections 43A.22 to 43A.30, and shall not be eligible for state-paid insurance and benefits.

[RELOCATIONS FROM FARIBAULT.] Of this appropriation, \$162,000 in fiscal year 1996 and \$37,000 in fiscal year 1997 are for grants to counties for discharge planning related to persons with mental retardation or related conditions being relocated from Faribault regional center to community services.

[AH GWAH CHING NURSING HOME.] Notwithstanding Minnesota Statutes, sections 429.061, subdivision 2, and 435.19, subdivision 2, the commissioner may, by contract with the city of Walker, agree to an assessment for sewer pond repairs which will constitute a valid lien on property now under the management and control of the commissioner of human services currently being used for the Ah Gwah Ching nursing home and the lien hereby authorized may, if not paid when due, be recovered in a civil action against the state or may be enforced as if the property described above were privately owned.

[TRANSFERS TO MOOSE LAKE.] Notwithstanding Minnesota Statutes, sections 253B.18, subdivisions 4 and 6, and 253B.185, subdivision 2, with the establishment of the Minnesota sexual psychopathic personality treatment center, the commissioner is authorized to transfer any person committed as a psychopathic personality, sexual psychopathic personality, or sexually dangerous person, between the Minnesota security hospital and the facility at Moose Lake.

[RTC CHEMICAL DEPENDENCY PROGRAMS.] When the operations of the

regional treatment center chemical dependency fund created in Minnesota Statutes, section 246.18, subdivision 2, are impeded by projected cash deficiencies resulting from delays in the receipt of grants, dedicated income, or other similar receivables, and when the deficiencies would be corrected within the budget period involved, the commissioner of finance may transfer general fund cash reserves into this account as necessary to meet cash demands. The cash flow transfers must be returned to the general fund in the fiscal year that the transfer was made. Any interest earned on general fund cash flow transfers accrues to the general fund and not the regional treatment center chemical dependency fund.

[RTC RESTRUCTURING.] For purposes of restructuring the regional treatment centers and state nursing homes, any regional treatment center or state nursing home employee whose position is to be eliminated shall be afforded the options provided in applicable collective bargaining agreements. All salary and mitigation allocations from fiscal year 1996 shall be carried forward into fiscal year 1997. Provided there is no conflict with any collective bargaining agreement, any regional treatment center or state nursing home position reduction must only be accomplished through mitigation, attrition, transfer, and other measures as provided in state or applicable collective bargaining agreements and in Minnesota Statutes, section 252.50, subdivision 11, and not through layoff.

[RTC POPULATION.] If the resident population at the regional treatment centers is projected to be higher than the estimates upon which the medical assistance forecast and budget recommendations for the 1996-97 biennium were based, the amount of the medical assistance appropriation that is attributable to the cost of services that would have been provided as an alternative to regional treatment center services, including resources for community placements and waived services for persons with mental retardation and related conditions, is transferred to the residential facilities appropriation.

(4) For variances related to loss of clientele, the vendor documents the other program and administrative expenses, if any, that have been reduced.

(5) The county board submits verification of the conditions for which the variance is requested, a description of the nature and cost of the proposed changes, and how the county will monitor the use of money by the vendor to make necessary changes in services.

(6) The county board's recommended payment rates do not exceed 95 percent of the greater of 125 percent of the current statewide median or 125 percent of the regional average payment rates, whichever is higher, for each of the regional commission districts under sections 462.381 to 462.396 in which the vendor is located except for the following: when a variance is recommended to allow authorized service delivery to new clients with severe self-injurious or assaultive behaviors or with medical conditions requiring delivery of physician prescribed medical interventions, or to persons being directly discharged from a regional treatment center to the vendor's program, those persons must be assigned a payment rate of 200 percent of the current statewide average rates. All other clients receiving services from the vendor must be assigned a payment rate equal to the vendor's current rate unless the vendor's current rate exceeds 95 percent of 125 percent of the statewide median or 125 percent of the regional average payment rates, whichever is higher. When the vendor's rates exceed 95 percent of 125 percent of the statewide median or 125 percent of the regional average rates, the maximum rates assigned to all other clients must be equal to the greater of 95 percent of 125 percent of the statewide median or 125 percent of the regional average rates. The maximum payment rate that may be recommended for the vendor under these conditions is determined by multiplying the number of clients at each limit by the rate corresponding to that limit and then dividing the sum by the total number of clients.

~~(7) The vendor has not received a variance under this subdivision in the past 12 months.~~

(d) The commissioner shall have 60 calendar days from the date of the receipt of the complete request to accept or reject it, or the request shall be deemed to have been granted. If the commissioner rejects the request, the commissioner shall state in writing the specific objections to the request and the reasons for its rejection.

Sec. 3. Minnesota Statutes 1994, section 252.46, is amended by adding a subdivision to read:

Subd. 19. [VENDOR APPEALS.] With the concurrence of the county board, a vendor may appeal the commissioner's rejection of a variance request which has been submitted by the county under subdivision 6 and may appeal the commissioner's denial under subdivision 9 of a rate which has been recommended by the county. To appeal, the vendor and county board must file a written notice of appeal with the commissioner. The notice of appeal must be filed or received by the

commissioner within 45 days of the postmark date on the commissioner's notification to the vendor and county agency that a variance request or county recommended rate has been denied. The notice of appeal must specify the reasons for the appeal, the dollar amount in dispute, and the basis in statute or rule for challenging the commissioner's decision.

Within 45 days of receipt of the notice of appeal, the commissioner must convene a reconciliation conference to attempt to resolve the rate dispute. If the dispute is not resolved to the satisfaction of the parties, the parties may initiate a contested case proceeding under sections 14.57 to 14.69. In a contested case hearing held under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner incorrectly applied the governing law or regulations, or that the commissioner improperly exercised the commissioner's discretion, in refusing to grant a variance or in refusing to adopt a county recommended rate.

Until the appeal is fully resolved, payments must continue at the existing rate pending the appeal. Retroactive payments consistent with the final decision shall be made after the appeal is fully resolved.

Sec. 4. [256.476] [CONSUMER SUPPORT PROGRAM.]

Subdivision 1. [PURPOSE AND GOALS.] The commissioner of human services shall establish a consumer support grant program to assist individuals with functional limitations and their families in purchasing and securing supports which the individuals need to live as independently and productively in the community as possible. The commissioner and local agencies shall jointly develop an implementation plan which must include a way to resolve the issues related to county liability. The program shall:

(1) make support grants available to individuals or families as an effective alternative to existing programs and services, such as the developmental disability family support program, the alternative care program, personal care attendant services, home health aide services, and nursing facility services;

(2) provide consumers more control, flexibility, and responsibility over the needed supports;

(3) promote local program management and decision-making; and

(4) encourage the use of informal and typical community supports.

Subd. 2. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given them:

(a) "County board" means the county board of commissioners for the county of financial responsibility as defined in section 256G.02, subdivision 4, or its designated representative. When a human services board has been established under sections 402.01 to 402.10, it shall be considered the county board for the purposes of this section.

(b) "Family" means the person's birth parents, adoptive parents or stepparents, siblings or stepsiblings, children or stepchildren, grandparents, grandchildren, niece, nephew, aunt, uncle, or spouse. For the purposes of this section, a family member is at least 18 years of age.

(c) "Functional limitations" means the long-term inability to perform an activity or task in one or more areas of major life activity, including self-care, understanding and use of language, learning, mobility, self-direction, and capacity for independent living. For the purpose of this section, the inability to perform an activity or task results from a mental, emotional, psychological, sensory, or physical disability, condition, or illness.

(d) "Informed choice" means a voluntary decision made by the person or the person's legal representative, after becoming familiarized with the alternatives to:

(1) select a preferred alternative from a number of feasible alternatives;

(2) select an alternative which may be developed in the future; and

(3) refuse any or all alternatives.

(e) "Local agency" means the local agency authorized by the county board to carry out the provisions of this section.

(f) "Person" or "persons" means a person or persons meeting the eligibility criteria in subdivision 3.

(g) "Responsible individual" means an individual designated by the person or their legal representative to act on their behalf. This individual may be a family member, guardian, representative payee, or other individual designated by the person or their legal representative, if any, to assist in purchasing and arranging for supports. For the purposes of this section, a responsible individual is at least 18 years of age.

(h) "Screening" means the screening of a person's service needs under sections 256B.0911 and 256B.092.

(i) "Supports" means services, care, aids, home modifications, or assistance purchased by the person or the person's family. Examples of supports include respite care, assistance with daily living, and adaptive aids. For the purpose of this section, notwithstanding the provisions of section 144A.43, supports purchased under the consumer support program are not considered home care services.

Subd. 3. [ELIGIBILITY TO APPLY FOR GRANTS.] (a) A person is eligible to apply for a consumer support grant if the person meets all of the following criteria:

(1) the person is eligible for medical assistance as determined under sections 256B.055 and 256B.056 or the person is eligible for alternative care services as determined under section 256B.0913;

(2) the person is able to direct and purchase their own care and supports, or the person has a family member, legal representative, or other responsible individual who can purchase and arrange supports on the person's behalf;

(3) the person has functional limitations, requires ongoing supports to live in the community, and is at risk of or would continue institutionalization without such supports; and

(4) the person will live in a home. For the purpose of this section, "home" means the person's own home or home of a person's family member. These homes are natural home settings and are not licensed by the department of health or human services.

(b) Persons may not concurrently receive a consumer support grant if they are:

(1) receiving home and community-based services under United States Code, title 42, section 1396h(c); personal care attendant and home health aide services under section 256B.0625; a developmental disability family support grant; or alternative care services under section 256B.0913; or

(2) residing in an institutional or congregate care setting.

(c) A person or person's family receiving a consumer support grant shall not be charged a fee or premium by a local agency for participating in the program. A person or person's family is not eligible for a consumer support grant if their income is at a level where they are required to pay a parental fee under sections 252.27, 256B.055, subdivision 12, and 256B.14 and rules adopted under those sections for medical assistance services to a disabled child living with at least one parent.

Subd. 4. [SUPPORT GRANTS; CRITERIA AND LIMITATIONS.] (a) A county board may choose to participate in the consumer support grant program. If a county board chooses to participate in the program, the local agency shall establish written procedures and criteria to determine the amount and use of support grants. These procedures must include, at least, the availability of respite care, assistance with daily living, and adaptive aids. The local agency may establish monthly or annual maximum amounts for grants and procedures where exceptional resources may be required to meet the health and safety needs of the person on a time-limited basis.

(b) Support grants to a person or a person's family may be provided through a monthly subsidy or lump sum payment basis and be in the form of cash, voucher, or direct county payment to vendor. Support grant amounts must be determined by the local agency. Each service and item purchased with a support grant must meet all of the following criteria:

(1) it must be over and above the normal cost of caring for the person if the person did not have functional limitations;

(2) it must be directly attributable to the person's functional limitations;

(3) it must enable a person or the person's family to delay or prevent out-of-home placement of the person; and

(4) it must be consistent with the needs identified in the service plan, when applicable.

(c) Items and services purchased with support grants must be those for which there are no other public or private funds available to the person or the person's family. Fees assessed to the person or the person's family for health and human services are not reimbursable through the grant.

(d) In approving or denying applications, the local agency shall consider the following factors:

(1) the extent and areas of the person's functional limitations;

(2) the degree of need in the home environment for additional support; and

(3) the potential effectiveness of the grant to maintain and support the person in the family environment or the person's own home.

(e) At the time of application to the program or screening for other services, the person or the person's family shall be provided sufficient information to ensure an informed choice of alternatives by the person, the person's legal representative, if any, or the person's family. The application shall be made to the local agency and shall specify the needs of the person and family, the form and amount of grant requested, the items and services to be reimbursed, and evidence of eligibility for medical assistance or alternative care program.

(f) Upon approval of an application by the local agency and agreement on a support plan for the person or person's family, the local agency shall make grants to the person or the person's family. The grant shall be in an amount for the direct costs of the services or supports outlined in the service agreement.

(g) Reimbursable costs shall not include costs for resources already available, such as special education classes, day training and habilitation, case management, other services to which the person is entitled, medical costs covered by insurance or other health programs, or other resources usually available at no cost to the person or the person's family.

Subd. 5. [REIMBURSEMENT, ALLOCATIONS, AND REPORTING.] (a) For the purpose of transferring persons to the consumer support grant program from specific programs or services, such as the developmental disability family support program and alternative care program, personal care attendant, home health aide, or nursing facility services, the amount of funds transferred by the commissioner between the developmental disability family support program account, the alternative care account, the medical assistance account, or the consumer support grant account shall be based on each county's participation in transferring persons to the consumer support grant program from those programs and services.

(b) At the beginning of each fiscal year, county allocations for consumer support grants shall be based on:

(1) the number of persons to whom the county board expects to provide consumer supports grants;

(2) their eligibility for current program and services;

(3) the amount of nonfederal dollars expended on those individuals for those programs and services; and

(4) projected dates when persons will start receiving grants. County allocations shall be adjusted periodically by the commissioner based on the actual transfer of persons or service openings, and the nonfederal dollars associated with those persons or service openings, to the consumer support grant program.

(c) The commissioner shall use up to five percent of each county's allocation, as adjusted, for payments to that county for administrative expenses, to be paid as a proportionate addition to reported direct service expenditures.

(d) The commissioner may recover, suspend, or withhold payments if the county board, local agency, or grantee does not comply with the requirements of this section.

Subd. 6. [RIGHT TO APPEAL.] Notice, appeal, and hearing procedures shall be conducted in accordance with section 256.045. The denial, suspension, or termination of services under this program may be appealed by a recipient or applicant under section 256.045, subdivision 3. It is an absolute defense to an appeal under this section, if the county board proves that it followed the established written procedures and criteria and determined that the grant could not be provided within the county board's allocation of money for consumer support grants.

Subd. 7. [FEDERAL FUNDS.] The commissioner and the counties shall make reasonable efforts to maximize the use of federal funds including funds available through grants and federal waivers. If federal funds are made available to the consumer support grant program, the money shall be allocated to the responsible county agency's consumer support grant fund.

Subd. 8. [COMMISSIONER RESPONSIBILITIES.] The commissioner shall:

- (1) transfer and allocate funds pursuant to this section;
- (2) determine allocations based on projected and actual local agency use;
- (3) monitor and oversee overall program spending;
- (4) evaluate the effectiveness of the program;
- (5) provide training and technical assistance for local agencies and consumers to help identify potential applicants to the program; and
- (6) develop guidelines for local agency program administration and consumer information.

Subd. 9. [COUNTY BOARD RESPONSIBILITIES.] County boards receiving funds under this section shall:

- (1) determine the needs of persons and families for services and supports;
- (2) determine the eligibility for persons proposed for program participation;
- (3) approve items and services to be reimbursed and inform families of their determination;
- (4) issue support grants directly to or on behalf of persons;
- (5) submit quarterly financial reports and an annual program report to the commissioner;
- (6) coordinate services and supports with other programs offered or made available to persons or their families; and
- (7) provide assistance to persons or their families in securing or maintaining supports, as needed.

Subd. 10. [CONSUMER RESPONSIBILITIES.] Persons receiving grants under this section shall:

- (1) spend the grant money in a manner consistent with their agreement with the local agency;
- (2) notify the local agency of any necessary changes in the grant or the items on which it is spent;

(3) notify the local agency of any decision made by the person, the person's legal representative, or the person's family that would change their eligibility for consumer support grants;

(4) arrange and pay for supports; and

(5) inform the local agency of areas where they have experienced difficulty securing or maintaining supports.

Sec. 5. [256.973] [HOUSING FOR PERSONS WHO ARE ELDERLY, PERSONS WITH PHYSICAL OR DEVELOPMENTAL DISABILITIES, AND SINGLE-PARENT FAMILIES.]

Subdivision 1. [HOME SHARING.] The home-sharing grant program authorized by section 462A.05, subdivision 24, is transferred from the Minnesota housing finance agency to the department of human services per section 15.039. The housing finance agency shall administer the current grants that terminate on August 30, 1995. The department of human services shall administer grants funded after August 30, 1995. The department of human services may engage in housing programs, as defined by the agency, to provide grants to housing sponsors who will provide a home-sharing program for low- and moderate-income elderly, persons with physical or developmental disabilities, or single-parent families in urban and rural areas.

Subd. 2. [MATCHING OWNERS AND TENANTS.] Housing sponsors of home sharing programs, as defined by the agency, shall match existing homeowners with prospective tenants who will contribute either rent or services to the homeowner, where either the homeowner or the prospective tenant is elderly, a person with physical or developmental disabilities, or the head of a single-parent family. Home-sharing projects will coordinate efforts with appropriate public and private agencies and organizations in their area.

Subd. 3. [INFORMATION FOR PARTICIPANTS.] Housing sponsors who receive funding through these programs shall provide homeowners and tenants participating in a home-sharing program with information regarding their rights and obligations as they relate to federal and state tax law including, but not limited to, taxable rental income, homestead credit under chapter 273, and the property tax refund act under chapter 290A.

Subd. 4. [TECHNICAL ASSISTANCE.] The department of human services may provide technical assistance to sponsors of home-sharing programs or may contract or delegate the provision of technical assistance.

Subd. 5. [USING OUTSIDE AGENCIES.] The department of human services may delegate, use, or employ any federal, state, regional, or local public or private agency or organization, including organizations of physically handicapped persons, upon terms it deems necessary or desirable, to assist in the exercise of any of the powers granted in this section.

ARTICLE 5

ECONOMIC SELF-SUFFICIENCY

Section 1. Minnesota Statutes 1994, section 256.73, subdivision 3a, is amended to read:

Subd. 3a. [PERSONS INELIGIBLE.] No assistance shall be given under sections 256.72 to 256.87:

(1) on behalf of any person who is receiving supplemental security income under title XVI of the Social Security Act unless permitted by federal regulations;

(2) for any month in which the assistance unit's gross income, without application of deductions or disregards, exceeds 185 percent of the standard of need for a family of the same size

and composition; except that the earnings of a dependent child who is a full-time student may be disregarded for six months per calendar year and the earnings of a dependent child that are derived from the jobs training and partnership act (JTPA) may be disregarded for six months per calendar year. These two earnings disregards cannot be combined to allow more than a total of six months per calendar year when the earned income of a full-time student is derived from participation in a program under the JTPA. If a stepparent's income is taken into account in determining need, the disregards specified in section 256.74, subdivision 1a, shall be applied to determine income available to the assistance unit before calculating the unit's gross income for purposes of this paragraph. If a stepparent's needs are included in the assistance unit as specified in section 256.74, subdivision 1, the disregards specified in section 256.74, subdivision 1, shall be applied;

(3) to any assistance unit for any month in which any caretaker relative with whom the child is living is, on the last day of that month, participating in a strike;

(4) on behalf of any other individual in the assistance unit, nor shall the individual's needs be taken into account for any month in which, on the last day of the month, the individual is participating in a strike;

(5) on behalf of any individual who is the principal earner in an assistance unit whose eligibility is based on the unemployment of a parent when the principal earner, without good cause, fails or refuses to accept employment, or to register with a public employment office, unless the principal earner is exempt from these work requirements.

Sec. 2. Minnesota Statutes 1994, section 256.736, subdivision 3, is amended to read:

Subd. 3. [REGISTRATION.] (a) To the extent permissible under federal law, every caretaker or child is required to register for employment and training services, as a condition of receiving AFDC, unless the caretaker or child is:

(1) a child who is under age 16, a child age 16 or 17 who is attending elementary or secondary school or a secondary level vocational or technical school full time;

(2) ill, incapacitated, or age 60 or older;

(3) a person for whom participation in an employment and training service would require a round trip commuting time by available transportation of more than two hours;

(4) a person whose presence in the home is required because of illness or incapacity of another member of the household;

(5) a caretaker or other caretaker relative of a child under the age of three who personally provides full-time care for the child. In AFDC-UP cases, only one parent or other relative may qualify for this exemption;

(6) a caretaker or other caretaker relative personally providing care for a child under six years of age, except that when child care is arranged for or provided, the caretaker or caretaker relative may be required to register and participate in employment and training services up to a maximum of 20 hours per week. In AFDC-UP cases, only one parent or other relative may qualify for this exemption;

(7) a pregnant woman, if it has been medically verified that the child is expected to be born within the next six months; or

(8) employed at least 30 hours per week; or

(9) an individual added to an assistance unit as an essential person under section 256.74, subdivision 1, who does not meet the definition of a "caretaker" as defined in subdivision 1a, paragraph (c).

(b) To the extent permissible by federal law, applicants for benefits under the AFDC program are registered for employment and training services by signing the application form. Applicants must be informed that they are registering for employment and training services by signing the form. Persons receiving benefits on or after July 1, 1987, shall register for employment and

training services to the extent permissible by federal law. The caretaker has a right to a fair hearing under section 256.045 with respect to the appropriateness of the registration.

Sec. 3. Minnesota Statutes 1994, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and ~~mother~~ parent or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. To the extent permissible under federal law, an eligible relative caretaker or parent shall have the option to include in the assistance unit the needs, income, and resources of the following essential persons who are not otherwise eligible for AFDC because they do not qualify as a caretaker or as a dependent child:

(1) a parent or relative caretaker's spouse and stepchildren; or

(2) blood or legally adopted relatives who are under the age of 18 or under the age of 19 years who are regularly attending as a full-time student, and are expected to complete before or during the month of their 19th birthday, a high school or secondary level course of vocational or technical training designed to prepare students for gainful employment. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an AFDC family must be budgeted in the normal retrospective cycle. When the family's income, after application of the applicable disregards, exceeds the need standard for the family because of receipt of earned or unearned lump sum income, the family will be ineligible for the full number of months derived by dividing the sum of the lump sum income and other income by the monthly need standard for a family of that size. Any income remaining from this calculation is income in the first month following the period of ineligibility. The first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. For purposes of applying the lump sum provision, family includes those persons defined in the Code of Federal Regulations, title 45, section 233.20(a)(3)(ii)(F). A period of ineligibility must be shortened when the standard of need increases and the amount the family would have received also changes, an amount is documented as stolen, an amount is unavailable because a member of the family left the household with that amount and has not returned, an amount is paid by the family during the period of ineligibility to cover a cost that would otherwise qualify for emergency assistance, or the family incurs and pays for medical expenses which would have been covered by medical assistance if eligibility existed. In making its determination the county agency shall disregard the following from family income:

(1) all the earned income of each dependent child applying for AFDC if the child is a full-time student and all of the earned income of each dependent child receiving AFDC who is a full-time student or is a part-time student who is not a full-time employee. A student is one who is attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment and includes a participant in the Job Corps program under the Job Training Partnership Act (JTPA). The county agency shall also disregard all income of each dependent child applying for or receiving AFDC when the income is derived from a program carried out under JTPA, except that disregard of earned income may not exceed six months per calendar year;

(2) all educational ~~grants and loans~~ assistance, except the county agency shall count graduate student teaching assistantships, fellowships, and other similar paid work as earned income and, after allowing deductions for any unmet and necessary educational expenses, shall count scholarships or grants awarded to graduate students that do not require teaching or research as unearned income;

(3) the first \$90 of each individual's earned income. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) thirty dollars plus one-third of each individual's earned income for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the

month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has: (a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; (b) refused without good cause to accept an offer of suitable employment; (c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregard; or (d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services. Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment. The disregard of \$30 and one-third of earned income in this clause shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of subclauses (a) to (d) shall be considered as one of the four months. An additional \$30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined \$30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards under this clause, the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

(5) an amount equal to the actual expenditures for the care of each dependent child or incapacitated individual living in the same home and receiving aid, not to exceed: (a) \$175 for each individual age two and older, and \$200 for each individual under the age of two. The dependent care disregard must be applied after all other disregards under this subdivision have been applied;

(6) the first \$50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit. The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit must be paid to the assistance unit within 15 days after the end of the month in which the collection of the periodic support payments occurred and must be disregarded when determining the amount of assistance. A review of a payment decision under this clause must be requested within 30 days after receiving the notice of collection of assigned support or within 90 days after receiving the notice if good cause can be shown for not making the request within the 30-day limit;

(7) that portion of an insurance settlement earmarked and used to pay medical expenses, funeral and burial costs, or to repair or replace insured property; and

(8) all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments by an employer.

All payments made pursuant to a court order for the support of children not living in the assistance unit's household shall be disregarded from the income of the person with the legal obligation to pay support, provided that, if there has been a change in the financial circumstances of the person with the legal obligation to pay support since the support order was entered, the person with the legal obligation to pay support has petitioned for a modification of the support order.

The termination shall be effective on the first day of the month following the month in which the report was due. If a complete report is received within the month the assistance was terminated, the assistance unit is considered to have continued its application for assistance, effective the first day of the month the assistance was terminated.

A person found eligible by the Social Security Administration for supplemental security income under Title XVI on the basis of age, blindness, or disability meets these requirements. A person who would be eligible for the supplemental security income program except for income that exceeds the limit of that program but that A person receiving supplemental security benefits under Title XVI on the basis of age, blindness, or disability (or would be eligible for such benefits except for excess income) is eligible for a supplemental payment under the Minnesota supplemental aid program, if the person's net income is less than the standards in section 256D.44. (c) A fee for guardian or conservator service is allowed at a reasonable rate negotiated by the county or approved by the court. This rate shall not exceed five percent of the assistance unit's gross monthly income up to a maximum of \$100 per month. If the guardian or conservator is a member of the county agency staff, no fee is allowed.

(d) The county agency shall continue to pay a monthly allowance of \$68 for restaurant meals for a person who was receiving a restaurant meal allowance on June 1, 1990, and who eats two or more meals in a restaurant daily. The allowance must continue until the person has not received Minnesota supplemental aid for one full calendar month or until the person's living arrangement changes and the person no longer meets the criteria for the restaurant meal allowance, whichever occurs first.

(e) A fee of ten percent of the recipients gross income or \$25, whichever is less, is allowed for representative payee services provided by an agency that meets the requirements under SSI regulations to charge a fee for representative payee services. Planning for the specialized facility must have been initiated before July 1, 1991, in anticipation of receiving a grant from the housing finance agency under section 462A.05, subdivision 20a, paragraph (b); or (5) for up to 180 supportive housing units, notwithstanding the provisions of subdivision 2a, in Anoka, Dakota, Hennepin, or Ramsey county for homeless adults with a mental illness, a history of substance abuse, or human immunodeficiency virus or acquired immunodeficiency syndrome. Service funding under section 256I.05, subdivision 1a, must end June 30, 1997. Effective July 1, 1997, services to persons in these settings must be provided through a managed care entity. This provision is subject to the availability of matching federal funds.~~

(b) A county agency may enter into a group residential housing agreement for beds with rates in excess of the MSA equivalent rate in addition to those currently covered under a group residential housing agreement if the additional beds are only a replacement of beds with rates in excess of the MSA equivalent rate which have been made available due to closure of a setting, a change of licensure or certification which removes the beds from group residential housing payment, or as a result of the downsizing of a group residential housing setting. The transfer of available beds from one county to another can only occur by the agreement of both counties.

~~(c) Group residential housing beds which become available as a result of downsizing settings which have a license issued under Minnesota Rules, parts 9520.0500 to 9520.0690, must be permanently removed from the group residential housing census and not replaced.~~

If funding is available for other necessary services through a home and community-based waiver, then the GRH rate is limited to the rate set in subdivision 1. The registration and licensure requirement does not apply to establishments which are exempt from state licensure because they are located on Indian reservations and for which the tribe has prescribed health and safety requirements. Service payments under this section may be prohibited under rules to prevent the supplanting of federal funds with state funds. The commissioner shall pursue the feasibility of obtaining the approval of the Secretary of Health and Human Services to provide home and community-based waiver services under title XIX of the Social Security Act for residents who are not eligible for an existing home and community-based waiver due to a primary diagnosis of mental illness or chemical dependency and shall apply for a waiver if it is determined to be cost-effective.

The commissioner shall review agency performance annually to determine compliance with this paragraph.

(1) a physician whose license is issued or renewed between April 1 and September 30 shall be billed on or before November 15, and the physician must pay the surcharge by December 15; and

(2) a physician whose license is issued or renewed between October 1 and March 31 shall be billed on or before May 15, and the physician must pay the surcharge by June 15.

The board shall provide that the surcharge payment must be remitted to the commissioner of human services to be deposited in the general fund under section 256.9656. The board shall not renew the license of a physician who has not paid the surcharge required under this section. The board shall promptly provide to the commissioner of human services upon request information available to the board and specifically required by the commissioner to operate the provider surcharge program. ~~The board shall limit the surcharge to physicians residing in Minnesota and the states contiguous to Minnesota upon notification from the commissioner of human services that the federal government has approved a waiver to allow the surcharge to be applied in that manner.~~

Sec. 4. Minnesota Statutes 1994, section 256.9365, is amended to read:

256.9365 [PURCHASE OF CONTINUATION COVERAGE FOR AIDS PATIENTS.]

Subdivision 1. [PROGRAM ESTABLISHED.] The commissioner of human services shall establish a program to pay private health plan premiums for persons who have contracted human immunodeficiency virus (HIV) to enable them to continue coverage under a group or individual health plan. If a person is determined to be eligible under subdivision 2, the commissioner shall: ~~(1) pay the eligible person's group plan premium for the period of continuation coverage provided in the Consolidated Omnibus Budget Reconciliation Act of 1985; or (2) pay the eligible person's individual plan premium for 24 months~~ pay the portion of the group plan premium for which the individual is responsible, if the individual is responsible for at least 50 percent of the cost of the premium, or pay the individual plan premium. The commissioner shall not pay for that portion of a premium that is attributable to other family members or dependents.

Subd. 2. [ELIGIBILITY REQUIREMENTS.] To be eligible for the program, an applicant must satisfy the following requirements:

(1) the applicant must provide a physician's statement verifying that the applicant is infected with HIV and is, or within three months is likely to become, too ill to work in the applicant's current employment because of HIV-related disease;

(2) the applicant's monthly gross family income must not exceed 300 percent of the federal poverty guidelines, after deducting medical expenses and insurance premiums;

(3) the applicant must not own assets with a combined value of more than \$25,000; and

(4) if applying for payment of group plan premiums, the applicant must be covered by an employer's or former employer's group insurance plan ~~and be eligible to purchase continuation coverage; and~~

~~(5) if applying for payment of individual plan premiums, the applicant must be covered by an individual health plan whose coverage and premium costs satisfy additional requirements established by the commissioner in rule.~~

Subd. 3. ~~[RULES COST-EFFECTIVE COVERAGE.] The commissioner shall establish rules as necessary to implement the program. Special Requirements for the payment of individual plan premiums under subdivision 2, clause (5), must be designed to ensure that the state cost of paying an individual plan premium over a two-year period does not exceed the estimated state cost that would otherwise be incurred in the medical assistance or general assistance medical care program. The commissioner shall purchase the most cost-effective coverage available for eligible individuals.~~

Sec. 5. Minnesota Statutes 1994, section 256.9657, subdivision 3, is amended to read:

Subd. 3. [HEALTH MAINTENANCE ORGANIZATION; INTEGRATED SERVICE NETWORK SURCHARGE.] (a) Effective October 1, 1992, each health maintenance organization with a certificate of authority issued by the commissioner of health under chapter 62D and each integrated service network and community integrated service network licensed by the commissioner under chapter 62N shall pay to the commissioner of human services a surcharge equal to six-tenths of one percent of the total premium revenues of the health maintenance organization, integrated service network, or community integrated service network as reported to the commissioner of health according to the schedule in subdivision 4.

(b) For purposes of this subdivision, total premium revenue means:

(1) premium revenue recognized on a prepaid basis from individuals and groups for provision of a specified range of health services over a defined period of time which is normally one month, excluding premiums paid to a health maintenance organization, integrated service network, or community integrated service network from the Federal Employees Health Benefit Program;

(2) premiums from Medicare wrap-around subscribers for health benefits which supplement Medicare coverage;

(3) Medicare revenue, as a result of an arrangement between a health maintenance organization, an integrated service network, or a community integrated service network and the health care financing administration of the federal Department of Health and Human Services, for services to a Medicare beneficiary; and

(4) medical assistance revenue, as a result of an arrangement between a health maintenance organization, integrated service network, or community integrated service network and a Medicaid state agency, for services to a medical assistance beneficiary.

If advance payments are made under clause (1) or (2) to the health maintenance organization, integrated service network, or community integrated service network for more than one reporting period, the portion of the payment that has not yet been earned must be treated as a liability.

(c) When a health maintenance organization or an integrated service network or community integrated service network merges or consolidates with or is acquired by another health maintenance organization, integrated service network, or community integrated service network, the surviving corporation or the new corporation shall be responsible for the annual surcharge originally imposed on each of the entities or corporations subject to the merger, consolidation, or acquisition, regardless of whether one of the entities or corporations does not retain a certificate of authority under chapter 62D or a license under chapter 62N.

(d) Effective July 1 of each year, the surviving corporation's or the new corporation's surcharge shall be based on the revenues earned in the second previous calendar year by all of the entities or corporations subject to the merger, consolidation, or acquisition regardless of whether one of the entities or corporations does not retain a certificate of authority under chapter 62D or a license under chapter 62N until the total premium revenues of the surviving corporation include the total premium revenues of all the merged entities as reported to the commissioner of health.

(e) When a health maintenance organization, integrated service network, or community integrated service network, which is subject to liability for the surcharge under this chapter, transfer, assigns, sells, leases, or disposes of all or substantially all of its property or assets, liability for the surcharge imposed by this chapter is imposed on the transferee, assignee, or buyer of the health maintenance organization, integrated service network, or community integrated service network.

(f) In the event a health maintenance organization, integrated service network, or community integrated service network converts its licensure to a different type of entity subject to liability for the surcharge under this chapter, but survives in the same or substantially similar form, the surviving entity remains liable for the surcharge regardless of whether one of the entities or corporations does not retain a certificate of authority under chapter 62D or a license under chapter 62N.

(g) The surcharge assessed to a health maintenance organization, integrated service network, or community integrated service network ends when the entity ceases providing services for premiums and the cessation is not connected with a merger, consolidation, acquisition, or conversion.

Sec. 6. Minnesota Statutes 1994, section 256.9685, subdivision 1b, is amended to read:

Subd. 1b. [APPEAL OF RECONSIDERATION.] Notwithstanding section 256B.72, the commissioner may recover inpatient hospital payments for services that have been determined to be medically unnecessary after the reconsideration and determinations. A physician or hospital may appeal the result of the reconsideration process by submitting a written request for review to the commissioner within 30 days after receiving notice of the action. The commissioner shall review the medical record and information submitted during the reconsideration process and the medical review agent's basis for the determination that the services were not medically necessary for inpatient hospital services. The commissioner shall issue an order upholding or reversing the decision of the reconsideration process based on the review. ~~A hospital or physician who is aggrieved by an order of the commissioner may appeal the order to the district court of the county in which the physician or hospital is located by serving a written copy of the notice of appeal upon the commissioner within 30 days after the date the commissioner issued the order.~~

Sec. 7. Minnesota Statutes 1994, section 256.9685, is amended by adding a subdivision to read:

Subd. 1c. [JUDICIAL REVIEW.] A hospital or physician aggrieved by an order of the commissioner under subdivision 1b may appeal the order to the district court of the county in which the physician or hospital is located by:

(1) serving a written copy of a notice of appeal upon the commissioner within 30 days after the date the commissioner issued the order; and

(2) filing the original notice of appeal and proof of service with the court administrator of the district court. The appeal shall be treated as a dispositive motion under the Minnesota General Rules of Practice, rule 115. The district court scope of review shall be as set forth in section 14.69.

Sec. 8. Minnesota Statutes 1994, section 256.9685, is amended by adding a subdivision to read:

Subd. 1d. [TRANSMITTAL OF RECORD.] Within 30 days after being served with the notice of appeal, the commissioner shall transmit to the district court the original or certified copy of the entire record considered by the commissioner in making the final agency decision. The district court shall not consider evidence that was not included in the record before the commissioner.

Sec. 9. Minnesota Statutes 1994, section 256.969, subdivision 1, is amended to read:

Subdivision 1. [HOSPITAL COST INDEX.] (a) ~~The hospital cost index shall be obtained from an independent source and shall represent a weighted average of historical, as limited to statutory maximums, and projected cost change estimates determined for expense categories to include wages and salaries, employee benefits, medical and professional fees, raw food, utilities, insurance including malpractice insurance, and other applicable expenses as determined by the commissioner. The index shall reflect Minnesota cost category weights. Individual indices shall be specific to Minnesota if the commissioner determines that sufficient accuracy of the hospital cost index is achieved.~~ the change in the Consumer Price Index-All Items (United States city average) (CPI-U) forecasted by Data Resources, Inc. The commissioner shall use the indices as forecasted in the third quarter of the calendar year prior to the rate year. The hospital cost index may be used to adjust the base year operating payment rate through the rate year on an annually compounded basis. Notwithstanding section 256.9695, subdivision 3, paragraph (c), the hospital cost index shall not be effective under the general assistance medical care program and shall be limited to five

percent under the medical assistance program for admissions occurring during the biennium ending June 30, 1995.

(b) For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for hospital payment rates under medical assistance, nor under general assistance medical care, except that the inflation adjustments under paragraph (a) for medical assistance, excluding general assistance medical care, shall apply for the biennium ending June 30, 1997. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in hospital payment rates under medical assistance and general assistance medical care, based upon the hospital cost index.

Sec. 10. Minnesota Statutes 1994, section 256.969, is amended by adding a subdivision to read:

Subd. 1a. [ADJUSTMENTS TO REFLECT INFLATIONARY FORECAST ERRORS.] The commissioner shall adjust the medical assistance hospital cost index under subdivision 1 for admissions occurring on or after July 1, 1995, to recover payments under both medical assistance and general assistance medical care made to hospitals in prior years in which projected inflation exceeded actual inflation. For the biennium ending June 30, 1997, the adjustment shall be determined by the commissioner and established at a level sufficient to recover the difference between projected inflation and actual inflation for rate years 1990 to 1992. The adjustment during a rate year beginning after June 30, 1997, shall be for the next progressive error in which projected inflation exceeded actual inflation.

Sec. 11. Minnesota Statutes 1994, section 256.969, subdivision 9, is amended to read:

Subd. 9. [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] (a) For admissions occurring on or after October 1, 1992, through December 31, 1992, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service but less than or equal to one standard deviation above the mean, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service; and

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment that would be determined under clause (1) for that hospital by 1.1. If federal matching funds are not available for all adjustments under this subdivision, the commissioner shall reduce payments on a pro rata basis so that all adjustments qualify for federal match. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For purposes of this subdivision medical assistance does not include general assistance medical care. The commissioner shall report annually on the number of hospitals likely to receive the adjustment authorized by this paragraph. The commissioner shall specifically report on the adjustments received by public hospitals and public hospital corporations located in cities of the first class.

(b) For admissions occurring on or after July 1, 1993, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service but less than or equal to one standard deviation above the mean, the adjustment must be

determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service;

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment that would be determined under clause (1) for that hospital by 1.1. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For purposes of this subdivision, medical assistance does not include general assistance medical care. The commissioner shall report annually on the number of hospitals likely to receive the adjustment authorized by this paragraph. The commissioner shall specifically report on the adjustments received by public hospitals and public hospital corporations located in cities of the first class; and

(3) for a hospital that ~~(i)~~ had medical assistance fee-for-service payment volume during calendar year 1991 in excess of 13 percent of total medical assistance fee-for-service payment volume; ~~or (ii)~~ a medical assistance disproportionate population adjustment shall be paid in addition to any other disproportionate payment due under this subdivision as follows: \$1,515,000 due on the 15th of each month after noon, beginning July 15, 1995. For a hospital that had medical assistance fee-for-service payment volume during calendar year 1991 in excess of eight percent of total medical assistance fee-for-service payment volume and is affiliated with the University of Minnesota, a medical assistance disproportionate population adjustment shall be paid in addition to any other disproportionate payment due under this subdivision as follows: \$1,010,000 \$505,000 due on the 15th of each month after noon, beginning July 15, 1993 1995.

(c) The commissioner shall adjust rates paid to a health maintenance organization under contract with the commissioner to reflect rate increases provided in paragraph (b), clauses (1) and (2), on a nondiscounted hospital-specific basis but shall not adjust those rates to reflect payments provided in clause (3).

(d) If federal matching funds are not available for all adjustments under paragraph (b), the commissioner shall reduce payments under paragraph (b), clauses (1) and (2), on a pro rata basis so that all adjustments under paragraph (b) qualify for federal match.

(e) For purposes of this subdivision, medical assistance does not include general assistance medical care.

Sec. 12. Minnesota Statutes 1994, section 256.969, subdivision 24, is amended to read:

Subd. 24. [HOSPITAL PEER GROUPS.] ~~(a) For admissions occurring on or after the later of July 1, 1994 1995, or the implementation date of the upgrade to the Medicaid management information system, operating payment rates of each hospital shall be limited to the payment rates within its peer group so that the statewide payment level is reduced by ten percent under the medical assistance program and by 15 percent under the general assistance medical care program. For subsequent rate years, the limits shall be adjusted by the hospital cost index. The commissioner shall contract for the development of criteria for and the establishment of the peer groups. Peer groups must be established based on variables that affect medical assistance cost such as scope and intensity of services, acuity of patients, location, and capacity. Rates shall be standardized by the case mix index and adjusted, if applicable, for the variable outlier percentage. The peer groups may exclude and have separate limits or be standardized for operating cost differences that are not common to all hospitals in order to establish a minimum number of groups; under paragraphs (b) and (c). Rates established for neonatal transfer rates that are paid according to subdivision 13 are not subject to peer group limitations.~~

(b) Peer groups are established based on the status of the hospital or the rehabilitation distinct part of the hospital on the October 1 prior to a rebased rate year using the criteria of clauses (1) to (7), except that the criteria of clauses (3) and (4) must be combined under general assistance medical care:

(1) nonmetropolitan statistical area hospitals;

(2) metropolitan statistical area major teaching hospitals. A major teaching hospital is one that meets the certification requirements of the council of teaching hospitals including the operation of a minimum of four approved active residency programs with at least two in medicine, surgery, obstetrics, pediatrics, family practice, or psychiatry;

(3) metropolitan statistical area minor teaching hospitals as designated by the Medicare program;

(4) metropolitan statistical area nonteaching hospitals;

(5) children's hospitals with neonatal intensive care units. A children's hospital is a hospital in which the admissions are predominantly individuals under 18 years of age;

(6) rehabilitation hospitals and rehabilitation distinct parts of hospitals as designated by the Medicare program and children's hospitals without neonatal intensive care units; and

(7) long-term hospitals as designated by the Medicare program.

(c) The limitation on rates is established for each eligibility and rehabilitation category of rates within a peer group by the method in clauses (1) to (6):

(1) combine the adjusted base year operating rate per admission and outlier rate per day into a rate per admission for each hospital after recalculating each hospital's case mix index based on the Medicare diagnostic related groups using the grouper in effect for the rate year;

(2) determine the metropolitan statistical area, nonmetropolitan statistical area, and statewide average rates from clause (1);

(3) after excluding rates based on averages in clause (2), establish the limit at the interpolated median for each medical assistance and general assistance medical care category, and at 139 percent of the interpolated median for the rehabilitation category;

(4)(i) for medical assistance, if clause (1) is greater than clause (3), add 80 percent of the difference between clause (1) and clause (3) to clause (3) and divide the result by clause (1). Multiply this result by each hospital's adjusted base year operating rate per admission and outlier rate per day;

(ii) for general assistance medical care, if the result of clause (1) is greater than the result of clause (3), add 64 percent of the difference between clause (1) and clause (3) to clause (3) and divide the result by clause (1). Multiply this result by each hospital's adjusted base year operating rate per admission and outlier rate per day; and

(iii) for rates established for the rehabilitation category, regardless of program eligibility, if the result of clause (1) is greater than the result of clause (3), divide clause (3) by clause (1) and multiply the result by each hospital's adjusted base year operating rate per admission and outlier rate per day;

(5) for any hospital with an admission or outlier rate that is based on an average rate of other hospitals:

(i) for medical assistance, if the result of clause (2) is greater than the result of clause (3), add 80 percent of the difference between clause (2) and clause (3) to clause (3) and divide the result by clause (2). Multiply this result by each hospital's applicable average adjusted base year operating rate per admission or outlier rate per day;

(ii) for general assistance medical care, if the result of clause (2) is greater than the result of clause (3), add 64 percent of the difference between clause (2) and clause (3) to clause (3) and divide the result by clause (2). Multiply this result by each hospital's applicable average adjusted base year operating rate per admission or outlier rate per day;

(iii) for rates established for the rehabilitation category, regardless of program eligibility, if the result of clause (2) is greater than the result of clause (3), divide clause (3) by clause (2) and multiply the result by each hospital's adjusted base year operating rate per admission and outlier rate per day; and

(6) for rate years in which the rates are not rebased to more recent data, the limits are adjusted by the hospital cost index.

(d) No payment rate shall be reduced by more than five percent as a result of this subdivision.

Sec. 13. Minnesota Statutes 1994, section 256.969, is amended by adding a subdivision to read:

Subd. 25. [LONG-TERM HOSPITAL RATES.] For admissions occurring on or after April 1, 1995, a long-term hospital as designated by Medicare that does not have admissions in the base year shall have inpatient rates established at the average of other hospitals with the same designation. For subsequent rate-setting periods in which base years are updated, the hospital's base year shall be the first Medicare cost report filed with the long-term hospital designation and shall remain in effect until it falls within the same period as other hospitals.

Sec. 14. Minnesota Statutes 1994, section 256B.056, is amended by adding a subdivision to read:

Subd. 3b. [TREATMENT OF TRUSTS.] (a) A "medical assistance qualifying trust" is a revocable or irrevocable trust, or similar legal device, established on or before August 10, 1993, by a person or the person's spouse under the terms of which the person receives or could receive payments from the trust principal or income and the trustee has discretion in making payments to the person from the trust principal or income. Notwithstanding that definition, a medical assistance qualifying trust does not include: (1) a trust set up by will; (2) a trust set up before April 7, 1986, solely to benefit a person with mental retardation living in an intermediate care facility for persons with mental retardation; or (3) a trust set up by a person with payments made by the Social Security Administration pursuant to the United States Supreme Court decision in Sullivan v. Zebley, 110 S. Ct. 885 (1990). The maximum amount of payments that a trustee of a medical assistance qualifying trust may make to a person under the terms of the trust is considered to be available assets to the person, without regard to whether the trustee actually makes the maximum payments to the person and without regard to the purpose for which the medical assistance qualifying trust was established.

(b) Trusts established after August 10, 1993, are treated according to section 13611(b) of the Omnibus Budget Reconciliation Act of 1993, Public Law Number 103-66, commonly known as OBRA 1993.

Sec. 15. Minnesota Statutes 1994, section 256B.0575, is amended to read:

256B.0575 [AVAILABILITY OF INCOME FOR INSTITUTIONALIZED PERSONS.]

When an institutionalized person is determined eligible for medical assistance, the income that exceeds the deductions in paragraphs (a) and (b) must be applied to the cost of institutional care.

(a) The following amounts must be deducted from the institutionalized person's income in the following order:

(1) the personal needs allowance under section 256B.35 or, for a veteran who does not have a spouse or child, or a surviving spouse of a veteran having no child, the amount of an improved pension received from the veteran's administration not exceeding \$90 per month;

(2) the personal allowance for disabled individuals under section 256B.36;

(3) if the institutionalized person has a legally appointed guardian or conservator, five percent of the recipient's gross monthly income up to \$100 as reimbursement for guardianship or conservatorship services;

(4) a monthly income allowance determined under section 256B.058, subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;

(5) a monthly allowance for children under age 18 which, together with the net income of the children, would provide income equal to the medical assistance standard for families and children according to section 256B.056, subdivision 4, for a family size that includes only the minor children. This deduction applies only if the children do not live with the community spouse ~~and only if the children resided with the institutionalized person immediately prior to admission;~~

(6) a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member;

(7) reparations payments made by the Federal Republic of Germany; and

(8) amounts for reasonable expenses incurred for necessary medical or remedial care for the institutionalized spouse that are not medical assistance covered expenses and that are not subject to payment by a third party.

For purposes of clause (6), "other family member" means a person who resides with the community spouse and who is a minor or dependent child, dependent parent, or dependent sibling of either spouse. "Dependent" means a person who could be claimed as a dependent for federal income tax purposes under the Internal Revenue Code.

(b) Income shall be allocated to an institutionalized person for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if:

(1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;

(2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

(ii) the person and the person's spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.

For purposes of this paragraph, a person is determined to be residing in a licensed nursing home, regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.

Sec. 16. Minnesota Statutes 1994, section 256B.0625, subdivision 8, is amended to read:

Subd. 8. [PHYSICAL THERAPY.] Medical assistance covers physical therapy and related services. Services provided by a physical therapy assistant shall be reimbursed at the same rate as services performed by a physical therapist when the services of the physical therapy assistant are provided under the direction of a physical therapist who is on the premises. Services provided by a physical therapy assistant that are provided under the direction of a physical therapist who is not on the premises shall be reimbursed at 65 percent of the physical therapist rate.

Sec. 17. Minnesota Statutes 1994, section 256B.0625, subdivision 8a, is amended to read:

Subd. 8a. [OCCUPATIONAL THERAPY.] Medical assistance covers occupational therapy and related services. Services provided by an occupational therapy assistant shall be reimbursed at the same rate as services performed by an occupational therapist when the services of the occupational therapy assistant are provided under the direction of the occupational therapist who is on the premises. Services provided by an occupational therapy assistant that are provided under the direction of an occupational therapist who is not on the premises shall be reimbursed at 65 percent of the occupational therapist rate.

Sec. 18. Minnesota Statutes 1994, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs, except for fertility drugs when specifically used to enhance fertility, if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, after receiving recommendations from professional medical associations and professional pharmacist associations, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop

methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve three-year terms and shall serve without compensation. Members may be reappointed once.

(b) The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include:

(i) drugs or products for which there is no federal funding;

(ii) over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, vitamins for adults with documented vitamin deficiencies, and vitamins for children under the age of seven and pregnant or nursing women;

(iii) any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee, as necessary, appropriate, and cost-effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14;

(iv) anorectics; and

(v) drugs for which medical value has not been established.

The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(c) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. The dispensing fee shall be \$3.60 for services rendered between July 1, 1995, and June 30, 1996, and shall be \$2.95 for services rendered after June 30, 1996. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug shall be estimated by the commissioner, at average wholesale price minus 7.6 percent effective January 1, 1994. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third-party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug

prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

~~(d) Until the date the on-line, real-time Medicaid Management Information System (MMIS) upgrade is successfully implemented, as determined by the commissioner of administration, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spenddown, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spenddown amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spenddown of (1) their right to appeal the denial of services on the grounds that they have satisfied the spenddown requirement, and (2) their potential eligibility for the MinnesotaCare program or the children's health plan.~~

Sec. 19. Minnesota Statutes 1994, section 256B.0625, is amended by adding a subdivision to read:

Subd. 13a. [PHARMACY COPAYMENT REQUIREMENTS.] A copayment of \$1 per prescription shall be required under the medical assistance and general assistance medical care programs according to paragraphs (a) to (d):

(a) A copayment shall not be required of children, pregnant women through the postpartum period, or institutionalized recipients or, under medical assistance only, from any other persons required to be exempted under federal law;

(b) A lower copayment shall be collected, under medical assistance only, up to the maximum permitted by federal law, for prescriptions on which federal law prohibits a \$1 copayment;

(c) The amount of the copayment under this subdivision shall be subtracted from the payment under subdivision 13; and

(d) This subdivision does not apply to services under the MinnesotaCare program.

Sec. 20. Minnesota Statutes 1994, section 256B.0625, is amended by adding a subdivision to read:

Subd. 38. [CHILDHOOD IMMUNIZATIONS.] Providers who administer pediatric vaccines within the scope of their licensure, and who are enrolled as a medical assistance provider, must enroll in the pediatric vaccine administration program established by section 13631 of the Omnibus Budget Reconciliation Act of 1993. Medical assistance shall pay an \$8.50 fee per dose for administration of the vaccine to children eligible for medical assistance. Medical assistance

does not pay for vaccines that are available at no cost from the pediatric vaccine administration program.

Sec. 21. Minnesota Statutes 1994, section 256B.0641, subdivision 1, is amended to read:

Subdivision 1. [RECOVERY PROCEDURES; SOURCES.] Notwithstanding section 256B.72 or any law or rule to the contrary, when the commissioner or the federal government determines that an overpayment has been made by the state to any medical assistance vendor, the commissioner shall recover the overpayment as follows:

(1) if the federal share of the overpayment amount is due and owing to the federal government under federal law and regulations, the commissioner shall recover from the medical assistance vendor the federal share of the determined overpayment amount paid to that provider using the schedule of payments required by the federal government; and

(2) if the overpayment to a medical assistance vendor is due to a retroactive adjustment made because the medical assistance vendor's temporary payment rate was higher than the established desk audit payment rate or because of a department error in calculating a payment rate, the commissioner shall recover from the medical assistance vendor the total amount of the overpayment within 120 days after the date on which written notice of the adjustment is sent to the medical assistance vendor or according to a schedule of payments approved by the commissioner; and

(3) a medical assistance vendor is liable for the overpayment amount owed by a long-term care provider if the vendors or their owners are under common control or ownership.

Sec. 22. Minnesota Statutes 1994, section 256B.0911, subdivision 4, is amended to read:

Subd. 4. [RESPONSIBILITIES OF THE COUNTY AND THE SCREENING TEAM.] (a) The county shall:

(1) provide information and education to the general public regarding availability of the preadmission screening program;

(2) accept referrals from individuals, families, human service and health professionals, and hospital and nursing facility personnel;

(3) assess the health, psychological, and social needs of referred individuals and identify services needed to maintain these persons in the least restrictive environments;

(4) determine if the individual screened needs nursing facility level of care;

(5) assess specialized service needs based upon an evaluation by:

(i) a qualified independent mental health professional for persons with a primary or secondary diagnosis of a serious mental illness; and

(ii) a qualified mental retardation professional for persons with a primary or secondary diagnosis of mental retardation or related conditions. For purposes of this clause, a qualified mental retardation professional must meet the standards for a qualified mental retardation professional in Code of Federal Regulations, title 42, section 483.430;

(6) make recommendations for individuals screened regarding cost-effective community services which are available to the individual;

(7) make recommendations for individuals screened regarding nursing home placement when there are no cost-effective community services available;

(8) develop an individual's community care plan and provide follow-up services as needed; and

(9) prepare and submit reports that may be required by the commissioner of human services.

(b) The screener shall document that the most cost-effective alternatives available were offered to the individual or the individual's legal representative. For purposes of this section,

"cost-effective alternatives" means community services and living arrangements that cost the same or less than nursing facility care.

(c) Screeners shall adhere to the level of care criteria for admission to a certified nursing facility established under section 144.0721.

(d) For persons who are eligible for medical assistance or who would be eligible within 180 days of admission to a nursing facility and who are admitted to a nursing facility, the nursing facility must include a screener or the case manager in the discharge planning process for those individuals who the team has determined have discharge potential. The screener or the case manager must ensure a smooth transition and follow-up for the individual's return to the community.

Screeners shall cooperate with other public and private agencies in the community, in order to offer a variety of cost-effective services to the disabled and elderly. The screeners shall encourage the use of volunteers from families, religious organizations, social clubs, and similar civic and service organizations to provide services.

Sec. 23. Minnesota Statutes 1994, section 256B.0911, subdivision 7, is amended to read:

Subd. 7. [REIMBURSEMENT FOR CERTIFIED NURSING FACILITIES.] (a) Medical assistance reimbursement for nursing facilities shall be authorized for a medical assistance recipient only if a preadmission screening has been conducted prior to admission or the local county agency has authorized an exemption. Medical assistance reimbursement for nursing facilities shall not be provided for any recipient who the local screener has determined does not meet the level of care criteria for nursing facility placement or, if indicated, has not had a level II PASARR evaluation completed unless an admission for a recipient with mental illness is approved by the local mental health authority or an admission for a recipient with mental retardation or related condition is approved by the state mental retardation authority. The county preadmission screening team may deny certified nursing facility admission using the level of care criteria established under section 144.0721 and deny medical assistance reimbursement for certified nursing facility care. Persons receiving care in a certified nursing facility or certified boarding care home who are reassessed and no longer meet the level of care criteria for a certified nursing facility or certified boarding care home may no longer remain a resident in the certified nursing facility or certified boarding care home and must be relocated to the community if the persons were admitted on or after July 1, 1996. Persons receiving services under section 256B.0913, subdivisions 1 to 14, or 256B.0915 who are reassessed and found to not meet the level of care criteria for admission to a certified nursing facility or certified boarding care home may no longer receive these services after July 1, 1996. The commissioner shall make a request to the health care financing administration for a waiver allowing screening team approval of Medicaid payments for certified nursing facility care. An individual has a choice and makes the final decision between nursing facility placement and community placement after the screening team's recommendation, except as provided in paragraphs (b) and (c).

(b) The local county mental health authority or the state mental retardation authority under Public Law Numbers 100-203 and 101-508 may prohibit admission to a nursing facility, if the individual does not meet the nursing facility level of care criteria or needs specialized services as defined in Public Law Numbers 100-203 and 101-508. For purposes of this section, "specialized services" for a person with mental retardation or a related condition means "active treatment" as that term is defined in Code of Federal Regulations, title 42, section 483.440(a)(1).

(c) Upon the receipt by the commissioner of approval by the Secretary of Health and Human Services of the waiver requested under paragraph (a), the local screener shall deny medical assistance reimbursement for nursing facility care for an individual whose long-term care needs can be met in a community-based setting and whose cost of community-based home care services is less than 75 percent of the average payment for nursing facility care for that individual's case mix classification, and who is either:

- (i) a current medical assistance recipient being screened for admission to a nursing facility; or
- (ii) an individual who would be eligible for medical assistance within 180 days of entering a nursing facility and who meets a nursing facility level of care.

(d) Appeals from the screening team's recommendation or the county agency's final decision shall be made according to section 256.045, subdivision 3.

Sec. 24. Minnesota Statutes 1994, section 256B.0913, is amended by adding a subdivision to read:

Subd. 15. [SERVICE ALLOWANCE FUND AVAILABILITY.] (a) Effective July 1, 1996, the commissioner may use alternative care funds for services to high function class A persons as defined in section 144.0721, subdivision 3, clause (2). The county alternative care grant allocation will be supplemented with a special allocation amount based on the projected number of eligible high function class A's and computed on the basis of \$240 per month per projected eligible person. Individual monthly expenditures under the service allowance option are permitted to be either greater or less than the amount of \$240 per month based on individual need. County allocations shall be adjusted periodically based on the actual provision of services to high function class A persons.

(b) Counties shall have the option of providing services, cash service allowances, vouchers, or a combination of these options to high function class A persons defined in section 144.0721, subdivision 3, clause (2). High function class A persons may choose services from among the categories of services listed under section 256B.0913, subdivision 5, except for case management services.

(c) If the allocation to a county is not sufficient to serve all persons who qualify for alternative care services, the county is not required to provide any alternative care services to a high function class A person but shall establish a waiting list to provide services as funding becomes available.

Sec. 25. Minnesota Statutes 1994, section 256B.0913, is amended by adding a subdivision to read:

Subd. 15a. [REIMBURSEMENT RATE; ANOKA COUNTY.] Notwithstanding subdivision 14, paragraph (e), or any other law to the contrary, for services rendered on or after January 1, 1996, Anoka county may pay vendors, and the commissioner shall reimburse the county, for actual costs up to the rate in effect on December 31, 1995, plus half the difference between that rate and the maximum allowed state rate for home health aide and homemaker services. For services rendered on or after January 1, 1997, Anoka county may pay, and the commissioner shall reimburse the county, for actual costs up to the maximum allowed state rate for these services.

Sec. 26. Minnesota Statutes 1994, section 256B.0915, subdivision 2, is amended to read:

Subd. 2. [SPOUSAL IMPOVERISHMENT POLICIES.] The commissioner shall seek to amend the federal waiver and the medical assistance state plan to allow spousal impoverishment criteria as authorized in Code of Federal Regulations, title 42, section 435.726(1924) under United States Code, title 42, section 1396r-5, and as implemented in sections 256B.0575, 256B.058, and 256B.059 to be applied to persons who are screened and determined to need a nursing facility level of care, except that the amendment shall seek to add to the personal needs allowance permitted in section 256B.0575, an amount equivalent to the group residential housing rate as set by section 256I.03, subdivision 5.

Sec. 27. Minnesota Statutes 1994, section 256B.0915, is amended by adding a subdivision to read:

Subd. 3a. [REIMBURSEMENT RATE; ANOKA COUNTY.] Notwithstanding subdivision 3, paragraph (h), or any other law to the contrary, for services rendered on or after January 1, 1996, Anoka county may pay vendors, and the commissioner shall reimburse the county, for actual costs up to the rate in effect on December 31, 1995, plus half the difference between that rate and the maximum allowed state rate for home health aide and homemaker services. For services rendered on or after January 1, 1997, Anoka county may pay, and the commissioner shall reimburse the county, for actual costs up to the maximum allowed state rate for these services.

Sec. 28. Minnesota Statutes 1994, section 256B.15, subdivision 1a, is amended to read:

Subd. 1a. [ESTATES SUBJECT TO CLAIMS.] If a person receives any medical assistance hereunder, on the person's death, if single, or on the death of the survivor of a married couple,

either or both of whom received medical assistance, the total amount paid for medical assistance rendered for the person and spouse shall be filed as a claim against the estate of the person or the estate of the surviving spouse in the court having jurisdiction to probate the estate.

A claim shall be filed if medical assistance was rendered for either or both persons under one of the following circumstances:

(a) the person was over 65 55 years of age, and received services under this chapter, excluding alternative care;

(b) the person resided in a medical institution for six months or longer, received services under this chapter excluding alternative care, and, at the time of institutionalization or application for medical assistance, whichever is later, the person could not have reasonably been expected to be discharged and returned home, as certified in writing by the person's treating physician. For purposes of this section only, a "medical institution" means a skilled nursing facility, intermediate care facility, intermediate care facility for persons with mental retardation, nursing facility, or inpatient hospital; or

(c) the person received general assistance medical care services under chapter 256D.

The claim shall be considered an expense of the last illness of the decedent for the purpose of section 524.3-805. Any statute of limitations that purports to limit any county agency or the state agency, or both, to recover for medical assistance granted hereunder shall not apply to any claim made hereunder for reimbursement for any medical assistance granted hereunder. Notice of the claim shall be given to all heirs and devisees of the decedent whose identity can be ascertained with reasonable diligence. The notice must include procedures and instructions for making an application for a hardship waiver under subdivision 5; time frames for submitting an application and determination; and information regarding appeal rights and procedures. Counties are entitled to one-half of the nonfederal share of medical assistance collections from estates that are directly attributable to county effort.

Sec. 29. Minnesota Statutes 1994, section 256B.15, subdivision 2, is amended to read:

Subd. 2. [LIMITATIONS ON CLAIMS.] The claim shall include only the total amount of medical assistance rendered after age 65 55 or during a period of institutionalization described in subdivision 1a, clause (b), and the total amount of general assistance medical care rendered, and shall not include interest. Claims that have been allowed but not paid shall bear interest according to section 524.3-806, paragraph (d). A claim against the estate of a surviving spouse who did not receive medical assistance, for medical assistance rendered for the predeceased spouse, is limited to the value of the assets of the estate that were marital property or jointly owned property at any time during the marriage.

Sec. 30. Minnesota Statutes 1994, section 256B.15, is amended by adding a subdivision to read:

Subd. 5. [UNDUE HARDSHIP.] Any person entitled to notice in subdivision 1a has a right to apply for waiver of the claim based upon undue hardship. Any claim pursuant to this section may be fully or partially waived because of undue hardship. Undue hardship does not include action taken by the decedent which divested or diverted assets from the estate recovery during the period of time prescribed by federal law. Any waiver of a claim must benefit the person claiming undue hardship.

Sec. 31. Minnesota Statutes 1994, section 256B.19, subdivision 1c, is amended to read:

Subd. 1c. [ADDITIONAL PORTION OF NONFEDERAL SHARE.] In addition to any payment required under subdivision 1b, Hennepin county and the University of Minnesota shall be responsible for a monthly transfer payment of ~~\$1,000,000~~ \$1,500,000, due before noon on the 15th of each month and the University of Minnesota shall be responsible for a monthly transfer payment of \$500,000 due before noon on the 15th of each month, beginning July 15, ~~1993~~ 1995. These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

Sec. 32. Minnesota Statutes 1994, section 256B.19, subdivision 1d, is amended to read:

Subd. 1d. [PORTION OF NONFEDERAL SHARE TO BE PAID BY CERTAIN COUNTIES.] In addition to the percentage contribution paid by a county under subdivision 1, the governmental units designated in this subdivision shall be responsible for an additional portion of the nonfederal share of medical assistance cost. For purposes of this subdivision, "designated governmental unit" means the counties of Becker, Beltrami, Clearwater, Cook, Dodge, Hubbard, Itasca, Lake, ~~Mahnomen~~, Pennington, Pipestone, Ramsey, St. Louis, Steele, Todd, Traverse, and Wadena.

Beginning in 1994, each of the governmental units designated in this subdivision shall transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of licensed beds in any nursing home owned and operated by the county, with the county named as licensee, multiplied by \$5,723. If two or more counties own and operate a nursing home, the payment shall be prorated. These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

Sec. 33. Minnesota Statutes 1994, section 256B.431, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

(b) The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.

(c) The commissioner shall analyze and evaluate each nursing facility's cost report of allowable operating costs incurred by the nursing facility during the reporting year immediately preceding the rate year for which the payment rate becomes effective.

(d) The commissioner shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, size of the nursing facility, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing facility. In developing the geographic groups for purposes of reimbursement under this section, the commissioner shall ensure that nursing facilities in any county contiguous to the Minneapolis-St. Paul seven-county metropolitan area are included in the same geographic group. The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing facilities established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. For rate years beginning on or after July 1, 1989, facilities located in geographic group I as described in Minnesota Rules, part 9549.0052, on January 1, 1989, may choose to have the commissioner apply either the care related limits or the other operating cost limits calculated for facilities located in geographic group II, or both, if either of the limits calculated for the group II facilities is higher. The efficiency incentive for geographic group I nursing facilities must be calculated based on geographic group I limits. The phase-in must be established utilizing the chosen limits. For purposes of these exceptions to the geographic grouping requirements, the definitions in Minnesota Rules, parts 9549.0050 to 9549.0059 (Emergency), and 9549.0010 to 9549.0080, apply. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining allowable historical operating cost per diems for purposes of setting limits and nursing facility payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing facility is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories. For the rate year beginning on July 1, 1985, the commissioner shall:

(1) allow nursing facilities that have an average length of stay of 180 days or less in their skilled nursing level of care, 125 percent of the care related limit and 105 percent of the other operating cost limit established by rule; and

(2) exempt nursing facilities licensed on July 1, 1983, by the commissioner to provide residential services for the physically handicapped under Minnesota Rules, parts 9570.2000 to 9570.3600, from the care related limits and allow 105 percent of the other operating cost limit established by rule.

For the purpose of calculating the other operating cost efficiency incentive for nursing facilities referred to in clause (1) or (2), the commissioner shall use the other operating cost limit established by rule before application of the 105 percent.

(e) The commissioner shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.

(f) Each nursing facility shall receive an operating cost payment rate equal to the sum of the nursing facility's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing facility's historical operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing facility's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability or payments in lieu of real estate tax of each nursing facility as an operating cost of that nursing facility. Allowable costs under this subdivision for payments made by a nonprofit nursing facility that are in lieu of real estate taxes shall not exceed the amount which the nursing facility would have paid to a city or township and county for fire, police, sanitation services, and road maintenance costs had real estate taxes been levied on that property for those purposes. For rate years beginning on or after July 1, 1987, the reported actual real estate tax liability or payments in lieu of real estate tax of nursing facilities shall be adjusted to include an amount equal to one-half of the dollar change in real estate taxes from the prior year. The commissioner shall include a reported actual special assessment, and reported actual license fees required by the Minnesota department of health, for each nursing facility as an operating cost of that nursing facility. For rate years beginning on or after July 1, 1989, the commissioner shall include a nursing facility's reported public employee retirement act contribution for the reporting year as apportioned to the care-related operating cost categories and other operating cost categories multiplied by the appropriate composite index or indices established pursuant to paragraph (e) as costs under this paragraph. Total adjusted real estate tax liability, payments in lieu of real estate tax, actual special assessments paid, the indexed public employee retirement act contribution, and license fees paid as required by the Minnesota department of health, for each nursing facility (1) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (2) shall not be used to compute the care-related operating cost limits or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices established pursuant to paragraph (e), unless otherwise indicated in this paragraph.

(h) For rate years beginning on or after July 1, 1987, the commissioner shall adjust the rates of a nursing facility that meets the criteria for the special dietary needs of its residents and the requirements in section 31.651. The adjustment for raw food cost shall be the difference between the nursing facility's allowable historical raw food cost per diem and 115 percent of the median historical allowable raw food cost per diem of the corresponding geographic group.

The rate adjustment shall be reduced by the applicable phase-in percentage as provided under subdivision 2h.

(i) For the cost report year ending September 30, 1995, and for all subsequent reporting years, certified nursing facilities must identify, differentiate, and record resident day statistics for

residents in case mix classification A who, on or after July 1, 1996, meet the modified level of care criteria in section 144.0721. The resident day statistics shall be separated into case mix classification A-1 for any resident day meeting the high-function class A level of care criteria and case mix classification A-2 for other case mix class A resident days.

Sec. 34. Minnesota Statutes 1994, section 256B.431, subdivision 23, is amended to read:

Subd. 23. [COUNTY NURSING HOME PAYMENT ADJUSTMENTS.] (a) Beginning in 1994, the commissioner shall pay a nursing home payment adjustment on May 31 after noon to a county in which is located a nursing home that, as of January 1 of the previous year, was county-owned and operated, with the county named as licensee by the commissioner of health, and had over 40 beds and medical assistance occupancy in excess of 50 percent during the reporting year ending September 30, 1991. The adjustment shall be an amount equal to \$16 per calendar day multiplied by the number of beds licensed in the facility as of September 30, 1991.

(b) Payments under paragraph (a) are excluded from medical assistance per diem rate calculations. These payments are required notwithstanding any rule prohibiting medical assistance payments from exceeding payments from private pay residents. A facility receiving a payment under paragraph (a) may not increase charges to private pay residents by an amount equivalent to the per diem amount payments under paragraph (a) would equal if converted to a per diem.

Sec. 35. Minnesota Statutes 1994, section 256B.49, subdivision 1, is amended to read:

Subdivision 1. [STUDY; WAIVER APPLICATION.] The commissioner shall authorize a study to assess the need for home and community-based waivers for chronically ill children who have been and will continue to be hospitalized without a waiver, and for disabled individuals under the age of 65 who are likely to reside in an acute care or nursing home facility in the absence of a waiver. If a need for these waivers can be demonstrated, the commissioner shall apply for federal waivers necessary to secure, to the extent allowed by law, federal participation under United States Code, title 42, sections 1396-1396p, as amended through December 31, 1982, for the provision of home and community-based services to chronically ill children who, in the absence of such a waiver, would remain in an acute care setting, and to disabled individuals under the age of 65 who, in the absence of a waiver, would reside in an acute care or nursing home setting. If the need is demonstrated, the commissioner shall request a waiver under United States Code, title 42, sections 1396-1396p, to allow medicaid eligibility for blind or disabled children with ineligible parents where income deemed from the parents would cause the applicant to be ineligible for supplemental security income if the family shared a household and to furnish necessary services in the home or community to disabled individuals under the age of 65 who would be eligible for medicaid if institutionalized in an acute care or nursing home setting. These waivers are requested to furnish necessary services in the home and community setting to children or disabled adults under age 65 who are medicaid eligible when institutionalized in an acute care or nursing home setting. The commissioner shall assure that the cost of home and community-based care will not be more than the cost of care if the eligible child or disabled adult under age 65 were to remain institutionalized. The commissioner shall seek to amend the federal waivers obtained under this section to apply criteria to protect against spousal impoverishment as authorized under United States Code, title 42, section 1396r-5, and as implemented in sections 256B.0575, 256B.058, and 256B.059, except that the amendment shall seek to add to the personal needs allowance permitted in section 256B.0575, an amount equivalent to the group residential housing rate as set by section 256I.03, subdivision 5.

Sec. 36. Minnesota Statutes 1994, section 256B.69 is amended by adding a subdivision to read:

Subd. 3a. [COUNTY AUTHORITY.] The commissioner, when implementing the general assistance medical care or medical assistance prepayment program within a county, must include the county board in the development, approval, and issuance of the request for proposals to provide services to eligible individuals within the proposed county. The process of reviewing proposals must include county board approval of local networks based on county identification of community needs to ensure that provider networks and health plan companies assure adequate availability and access to necessary services. Individual county staff who are employed by a publicly-owned health plan that intends to respond to the request for proposal are prohibited from reviewing, critiquing, or approving any proposals submitted in accordance with this section. The

provider or health plan must be accountable and respond directly to county advocacy activities. The county board may recommend a maximum number of participating health plans after considering the size of the enrolling population; ensuring adequate access and capacity; considering the client and county administrative complexity; and considering the need to promote the viability of locally developed health plans. Prior to the development of the request for proposal, there shall be established a mutually agreed upon timetable. This process should in no way delay the department's ability to secure and finalize contracts for the medical assistance prepayment program.

Sec. 37. Minnesota Statutes 1994, section 256B.69, subdivision 5, is amended to read:

Subd. 5. [PROSPECTIVE PER CAPITA PAYMENT.] The commissioner shall establish the method and amount of payments for services. The commissioner shall annually contract with demonstration providers to provide services consistent with these established methods and amounts for payment. Notwithstanding section 62D.02, subdivision 1, payments for services rendered as part of the project may be made to providers that are not licensed health maintenance organizations on a risk-based, prepaid capitation basis.

If allowed by the commissioner, a demonstration provider may contract with an insurer, health care provider, nonprofit health service plan corporation, or the commissioner, to provide insurance or similar protection against the cost of care provided by the demonstration provider or to provide coverage against the risks incurred by demonstration providers under this section. The recipients enrolled with a demonstration provider are a permissible group under group insurance laws and chapter 62C, the Nonprofit Health Service Plan Corporations Act. Under this type of contract, the insurer or corporation may make benefit payments to a demonstration provider for services rendered or to be rendered to a recipient. Any insurer or nonprofit health service plan corporation licensed to do business in this state is authorized to provide this insurance or similar protection.

Payments to providers participating in the project are exempt from the requirements of sections 256.966 and 256B.03, subdivision 2. The commissioner shall complete development of capitation rates for payments before delivery of services under this section is begun. For payments made during calendar year 1990 and later years, the commissioner shall contract with an independent actuary to establish prepayment rates.

The basis for rates shall be actuarially sound and adjusted to reflect regional differences in cost and utilization. The commissioner shall, at a minimum, establish four different geographic reimbursement rates in greater Minnesota and two different geographic reimbursement rates in the seven-county metropolitan area.

The rates established in counties implementing the prepaid medical assistance program after July 1, 1995, must be set by an actuary at a level at least ten percent below the equivalent fee-for-service payments for persons under age 65 and at least five percent below equivalent fee-for-service payments for persons aged 65 and older. Savings from care provided under this section must be reported in each budget document submitted to the legislature, beginning in 1996. By January 15, 1996, the commissioner shall report to the legislature on the adequacy of the methodology to counties by the state for the nonfederal share of advocacy and enrollment administrative costs for this program.

Sec. 38. Minnesota Statutes 1994, section 256B.69, subdivision 9, is amended to read:

Subd. 9. [REPORTING.] Each demonstration provider shall submit information as required by the commissioner, including data required for assessing client satisfaction, quality of care, cost, and utilization of services for purposes of project evaluation. The commissioner shall also develop methods of data collection from county advocacy activities in order to provide aggregate enrollee information on encounters and outcomes to determine access and quality assurance. Required information shall be specified before the commissioner contracts with a demonstration provider.

Sec. 39. Minnesota Statutes 1994, section 256D.03, subdivision 3b, is amended to read:

Subd. 3b. [COOPERATION.] General assistance or general assistance medical care applicants and recipients must cooperate with the state and local agency to identify potentially liable third-party payors and assist the state in obtaining third-party payments. Cooperation includes

identifying any third party who may be liable for care and services provided under this chapter to the applicant, recipient, or any other family member for whom application is made and providing relevant information to assist the state in pursuing a potentially liable third party. General assistance medical care applicants and recipients must cooperate by providing information about any group health plan in which they may be eligible to enroll. They must cooperate with the state and local agency in determining if the plan is cost-effective. If the plan is determined cost-effective and the premium will be paid by the state or local agency or is available at no cost to the person, they must enroll or remain enrolled in the group health plan. Cost-effective insurance premiums approved for payment by the state agency and paid by the local agency are eligible for reimbursement according to subdivision 6.

Sec. 40. Minnesota Statutes 1994, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) For a person who is eligible under subdivision 3, paragraph (a), clause (3), general assistance medical care covers:

- (1) inpatient hospital services;
- (2) outpatient hospital services;
- (3) services provided by Medicare certified rehabilitation agencies;
- (4) prescription drugs and other products recommended through the process established in section 256B.0625, subdivision 13;
- (5) equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level;
- (6) eyeglasses and eye examinations provided by a physician or optometrist;
- (7) hearing aids;
- (8) prosthetic devices;
- (9) laboratory and X-ray services;
- (10) physician's services;
- (11) medical transportation;
- (12) chiropractic services as covered under the medical assistance program;
- (13) podiatric services;
- (14) dental services;
- (15) outpatient services provided by a mental health center or clinic that is under contract with the county board and is established under section 245.62;
- (16) day treatment services for mental illness provided under contract with the county board;
- (17) prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization;
- (18) case management services for a person with serious and persistent mental illness who would be eligible for medical assistance except that the person resides in an institution for mental diseases;
- (19) psychological services, medical supplies and equipment, and Medicare premiums, coinsurance and deductible payments;
- (20) medical equipment not specifically listed in this paragraph when the use of the equipment will prevent the need for costlier services that are reimbursable under this subdivision; and
- (21) services performed by a certified pediatric nurse practitioner, a certified family nurse

practitioner, a certified adult nurse practitioner, a certified obstetric/gynecological nurse practitioner, or a certified geriatric nurse practitioner in independent practice, if the services are otherwise covered under this chapter as a physician service, and if the service is within the scope of practice of the nurse practitioner's license as a registered nurse, as defined in section 148.171; and

(22) services of a certified public health nurse or a registered nurse practicing in a public health nursing clinic that is a department of, or that operates under the direct authority of, a unit of government, if the service is within the scope of practice of the public health nurse's license as a registered nurse, as defined in section 148.171.

(b) For a recipient who is eligible under subdivision 3, paragraph (a), clause (1) or (2), general assistance medical care covers the services listed in paragraph (a) with the exception of special transportation services.

(c) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625, and for contracts beginning on or after July 1, 1995, shall be discounted ten percent from comparable fee for service payments. For payments made during fiscal year 1990 and later years, the commissioner shall consult with an independent actuary in establishing prepayment rates, but shall retain final control over the rate methodology.

(d) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985 to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986 to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987 to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987 to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988 to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(e) Any county may, from its own resources, provide medical payments for which state payments are not made.

(f) Chemical dependency services that are reimbursed under chapter 254B must not be reimbursed under general assistance medical care.

(g) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

(h) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

Sec. 41. Minnesota Statutes 1994, section 256D.03 is amended by adding a subdivision to read:

Subd. 4a. [GENDER REASSIGNMENT SERVICES.] Notwithstanding subdivision 4, general assistance medical care does not cover gender reassignment surgery and related services. This subdivision does not apply to an individual who began receiving general reassignment services prior to July 1, 1995.

Sec. 42. Minnesota Statutes 1994, section 256D.425, is amended by adding a subdivision to read:

Subd. 4. [COOPERATION.] To be eligible for the Minnesota supplemental aid program, applicants and recipients must cooperate with the state and local agency to identify potentially liable third-party payors and assist the state in obtaining third-party payments. Cooperation includes identifying any third party who may be liable for benefits provided under this chapter to the applicant, recipient, or any other family member for whom application is made, and providing relevant information to assist the state in pursuing a potentially liable third party.

Sec. 43. Minnesota Statutes 1994, section 501B.89, subdivision 1, is amended to read:

Subdivision 1. [TRUSTS CONTAINING LIMITATIONS LINKED TO ELIGIBILITY FOR PUBLIC ASSISTANCE.] (a) Except as allowed by subdivision 2 or 3, a provision in a trust that provides for the suspension, termination, limitation, or diversion of the principal, income, or beneficial interest of a beneficiary if the beneficiary applies for, is determined eligible for, or receives public assistance or benefits under a public health care program is unenforceable as against the public policy of this state, without regard to the irrevocability of the trust or the purpose for which the trust was created.

(b) This subdivision applies to trust provisions created after July 1, 1992. For purposes of this section, a trust provision is created on the date of execution of the first instrument that contains the

provision, even though the trust provision is later amended or reformed or the trust is not funded until a later date.

Sec. 44. Minnesota Statutes 1994, section 501B.89, is amended by adding a subdivision to read:

Subd. 3. [SUPPLEMENTAL NEEDS TRUSTS UNDER FEDERAL LAW.] A trust created on or after August 11, 1993, which qualifies as a supplemental needs trust for a person with a disability under United States Code, title 42, section 1396p(c)(2)(B)(iv) or 1396p(d), as amended by section 13611(b) of the Omnibus Budget Reconciliation Act of 1993, Public Law Number 103-66, commonly known as OBRA 1993, is enforceable, and the courts of this state may authorize creation and funding of a trust which so qualifies.

Sec. 45. [REIMBURSEMENT INCREASE.]

Notwithstanding statutory provisions to the contrary, the commissioner of human services shall increase reimbursement rates for the following by two percent on January 1, 1996: (1) personal care services under Minnesota Statutes, section 256B.0625, subdivision 19a; (2) home- and community-based services waiver for persons with mental retardation and related conditions under Minnesota Statutes, section 256B.501; (3) adult residential program grants, under Minnesota Rules, parts 9535.2000 to 9535.3000; (4) adult and family community support grants, under Minnesota Rules, parts 9535.1700 to 9535.1760; (5) day training and habilitation services for adults with mental retardation and related conditions under Minnesota Statutes, sections 252.40 to 252.47; and (6) semi-independent living services under Minnesota Statutes, section 252.275.

Sec. 46. [RISK ADJUSTMENT METHODOLOGY.]

The commissioner shall form an advisory group consisting of representatives of health plans, public program providers, disproportionate share and teaching hospitals, independent actuaries, counties, and consumer representatives to develop recommendations for a prospective rate setting methodology with a risk adjustment mechanism to be implemented by January 1, 1997. The commissioner shall deliver a progress report to the legislature by January 31, 1996.

Sec. 47. [JOINT PURCHASER DEMONSTRATION PROJECTS.]

Subdivision 1. [DEMONSTRATION PROJECTS.] A county or counties may apply or the commissioner of human services shall solicit a demonstration project or projects under the prepaid medical assistance program for a state/county partnership as a joint purchaser for services provided to eligible individuals under medical assistance, general assistance medical care, and county-reimbursed services. Individual county staff who are employed by a publicly owned health plan that intends to respond to the request for proposal are prohibited from reviewing, critiquing, or approving any proposals submitted in accordance with this section. As part of this project, the commissioner, in cooperation with the county boards, must explore options for various purchasing models including contracting directly with providers or provider networks. The commissioner retains total responsibility for the medical assistance and general assistance medical care contracts.

Carlton, Cook, Koochiching, Lake, and St. Louis counties shall be one of the joint purchasing demonstration projects, if the counties elect to participate in the demonstration project.

Subd. 2. [OBJECTIVES.] The objective of the demonstration project is to promote the development of local provider networks; further define the county role and authorities in providing publicly reimbursed health services, including services reimbursed by the county; to provide better coordination of services; and to identify costs and methods to reduce cost-shifting.

Sec. 48. [DEMONSTRATION PROJECT TO TEST ALTERNATIVES TO DELIVERY OF SERVICES TO HIGH RISK MEDICAL ASSISTANCE RECIPIENTS.]

Subdivision 1. [AUTHORIZATION FOR DEMONSTRATION PROJECTS.] The commissioner of human services, in cooperation with county government and the commissioner of health, upon federal waiver approval, may approve demonstration projects to test alternatives to the delivery of health services and human services to high risk medical assistance recipients.

Subd. 2. [PROGRAM DESIGN AND IMPLEMENTATION.] (a) The demonstration projects shall be established jointly by the commissioners and participating county boards to design and

plan an improved health services delivery system for high risk medical assistance recipients who also receive services under other publicly funded health, human services, or corrections programs. In the proposal the county must delineate exactly which populations would be served and what enrollment procedures would be used. The projects must address one or more of the following:

(1) provide an array of health and social services that are better coordinated for persons and families now served by multiple, uncoordinated programs;

(2) be based on purchasing strategies that improve access and coordinate services without cost shifting;

(3) coordinate between provider networks or health plan companies and the community health and human services infrastructure through creative partnerships with local vendors; and

(4) utilize existing categorical funding streams and reimbursement sources in coordinated and creative ways.

(b) All projects must complete their planning phase and be operational by June 30, 1997.

Subd. 3. [PROGRAM EVALUATION.] Evaluation of each project will be based on outcome evaluation criteria negotiated with each project prior to implementation.

Subd. 4. [NOTICE OF PROJECT DISCONTINUATION.] Each project may be discontinued for any reason by the county board or the commissioner of human services, after 90 days' written notice to the other party.

Subd. 5. [PLANNING FOR DEMONSTRATION PROJECTS.] Each local plan for a demonstration project must be developed under the direction of the county board, or multiple county boards acting jointly, as the local health and human services authority. The planning process for each demonstration shall include, but not be limited to, advocates, providers, and the departments of health and human services.

Subd. 6. [DUTIES OF COMMISSIONER.] (a) For purposes of the demonstration projects, the commissioner of human services shall facilitate coordination of funds or other resources as needed and requested by each project. These resources may include: medical assistance, general assistance medical care, MinnesotaCare, and other categorical state and federal funds if requested by the county boards, and if the commissioner determines this would be consistent with the state's overall health care reform efforts.

(b) The commissioner shall consider the following criteria in awarding start-up and implementation grants for the demonstration projects:

(1) the ability of the proposed projects to accomplish the objectives described in subdivision 2;

(2) the size of the target population to be served; and

(3) geographical distribution.

(c) The commissioner shall review overall status of the projects at least every two years and recommend any legislative changes needed by January 15 of each odd-numbered year.

(d) The county boards may seek a waiver of administrative procedural rules under Minnesota Statutes, section 465.797.

(e) The commissioner may exempt the participating counties from state fiscal sanctions for noncompliance with requirements in laws and rules which are incompatible with the implementation of the demonstration project.

(f) The commissioner may award grants to a county board or group of county boards to pay for start-up, implementation, and evaluation costs of the demonstration project.

Subd. 7. [DUTIES OF COUNTY BOARD.] The county board, or other entity which is approved to administer a demonstration project, shall:

(1) administer the project in a manner which is consistent with the objectives described in subdivision 2 and the planning process described in subdivision 5;

(2) assure that no one is denied services for which they would otherwise be eligible; and

(3) provide the commissioner of human services with timely and pertinent information through the following methods:

(i) submission of community health services act, maternal and child health act, and community social services act plans and plan amendments;

(ii) submission of health and social services expenditure and grant reconciliation reports, based on a coding format to be determined by mutual agreement between the project's managing entity and the commissioner; and

(iii) submission of data and participation in an evaluation of the demonstration projects, to be designed cooperatively by the commissioner and the projects.

Sec. 49. [EFFECTIVE DATE.]

Sections 14, 43, and 44 (256B.056, subdivision 3b; 501B.89, subdivisions 1 and 3) are effective retroactive to August 11, 1993.

The amendments to Minnesota Statutes, section 256B.15, subdivisions 1a and 2, relating only to the age of a medical assistance recipient for purposes of estate claims, are effective for persons who are between the ages of 55 and 64 on or after July 1, 1995, for the total amount of medical assistance rendered on or after July 1, 1995.

Sections 5 (256.9657, subdivision 3), 20 (256B.0625, subdivision 38), 32 (256B.19, subdivision 1d), and 34 (256B.431, subdivision 23) are effective the day following final enactment.

ARTICLE 7

PERSONAL CARE ASSISTANT SERVICES AND TEFRA

Section 1. Minnesota Statutes 1994, section 252.27, subdivision 2a, is amended to read:

Subd. 2a. [CONTRIBUTION AMOUNT.] (a) The natural or adoptive parents of a minor child, including a child determined eligible for medical assistance without consideration of parental income, must contribute monthly to the cost of services, unless the child is married or has been married, parental rights have been terminated, or the child's adoption is subsidized according to section 259.67 or through title IV-E of the Social Security Act.

(b) The parental contribution shall be computed by applying to the adjusted gross income of the natural or adoptive parents that exceeds ~~200~~ 150 percent of the federal poverty guidelines for the applicable household size, the following schedule of rates:

(1) on the amount of adjusted gross income over ~~200~~ 150 percent of poverty, but not over \$50,000, ~~ten~~ 12 percent;

(2) on the amount of adjusted gross income over ~~200~~ 150 percent of poverty and over \$50,000 but not over \$60,000, ~~12~~ 14 percent;

(3) on the amount of adjusted gross income over ~~200~~ 150 percent of poverty, and over \$60,000 but not over \$75,000, ~~14~~ 16 percent; and

(4) on all adjusted gross income amounts over ~~200~~ 150 percent of poverty, and over \$75,000, ~~15~~ 17 percent.

If the child lives with the parent, the parental contribution is reduced by ~~\$200~~ \$150. If the child resides in an institution specified in section 256B.35, the parent is responsible for the personal needs allowance specified under that section in addition to the parental contribution determined under this section. Eligibility under this section must be determined annually. The parental contribution is reduced by any amount required to be paid directly to the child pursuant to a court order, but only if actually paid.

(c) The household size to be used in determining the amount of contribution under paragraph (b) includes natural and adoptive parents and their dependents under age 21, including the child receiving services. Adjustments in the contribution amount due to annual changes in the federal poverty guidelines shall be implemented on the first day of July following publication of the changes.

(d) For purposes of paragraph (b), "income" means the adjusted gross income of the natural or adoptive parents determined according to the previous year's federal tax form.

(e) The contribution shall be explained in writing to the parents at the time eligibility for services is being determined. The contribution shall be made on a monthly basis effective with the first month in which the child receives services. The contribution must be paid during the period when a variance is being requested or an appeal is pending regarding the contribution. Annually upon redetermination or at termination of eligibility, if the contribution exceeded the cost of services provided, the local agency or the state shall reimburse that excess amount to the parents, either by direct reimbursement if the parent is no longer required to pay a contribution, or by a reduction in or waiver of parental fees until the excess amount is exhausted.

(f) The monthly contribution amount must be reviewed at least every 12 months; when there is a change in household size; and when there is a loss of or gain in income from one month to another in excess of ten percent. The local agency shall mail a written notice 30 days in advance of the effective date of a change in the contribution amount. A decrease in the contribution amount is effective in the month that the parent verifies a reduction in income or change in household size.

(g) Parents of a minor child who do not live with each other shall each pay the contribution required under paragraph (a), except that a court-ordered child support payment actually paid on behalf of the child receiving services shall be deducted from the contribution of the parent making the payment.

(h) The contribution under paragraph (b) shall be increased by an additional five percent if the local agency determines that insurance coverage is available but not obtained for the child. For purposes of this section, "available" means the insurance is a benefit of employment for a family member at an annual cost of no more than five percent of the family's annual income. For purposes of this section, insurance means health and accident insurance coverage, enrollment in a nonprofit health service plan, health maintenance organization, self-insured plan, or preferred provider organization.

Parents who have more than one child receiving services shall not be required to pay more than the amount for the child with the highest expenditures. There shall be no resource contribution from the parents. The parent shall not be required to pay a contribution in excess of the cost of the services provided to the child, not counting payments made to school districts for education-related services. Notice of an increase in fee payment must be given at least 30 days before the increased fee is due.

Sec. 2. Minnesota Statutes 1994, section 256B.055, subdivision 12, is amended to read:

Subd. 12. [DISABLED CHILDREN.] (a) A person is eligible for medical assistance if the person is under age 19 and qualifies as a disabled individual under United States Code, title 42, section 1382c(a), and would be eligible for medical assistance under the state plan if residing in a medical institution, and ~~who the child~~ requires a level of care provided in a hospital, skilled nursing facility, ~~intermediate care facility,~~ or intermediate care facility for persons with mental retardation or related conditions, for whom home care is appropriate, provided that the cost to medical assistance ~~for home care services~~ under this section is not more than the amount that medical assistance would pay for ~~appropriate institutional care~~ if the child resides in an institution.

(b) For purposes of this subdivision, "hospital" means an acute care institution as defined in section 144.696, subdivision 3, licensed pursuant to sections 144.50 to 144.58, ~~which is appropriate if a person is technology dependent or has a chronic health condition which requires frequent intervention by a health care professional to avoid death.~~ For purposes of this subdivision, a child requires a level of care provided in a hospital if the child is determined by the commissioner team to meet the eligibility requirements of the community alternative care waiver program according to section 256B.49 and Minnesota Rules, parts 9505.3500 to 9505.3700, without regard to the availability of waiver slots.

A child with serious and emotional disturbance, who requires a level of care provided in an in-patient hospital, is eligible under this section if the commissioner determines that the individual requires 24-hour supervision because the person exhibits recurrent or frequent suicidal or homicidal ideation or behavior, recurrent or frequent psychosomatic disorders or somatopsychic disorders that may become life threatening, recurrent or frequent severe socially unacceptable behavior associated with psychiatric disorder, ongoing and chronic psychosis or severe, ongoing and chronic developmental problems requiring continuous skilled observation, or severe disabling symptoms for which office-centered outpatient treatment is not adequate, and which overall severely impact the individual's ability to function.

(c) For purposes of this subdivision, "skilled nursing facility" and "intermediate care facility" means a facility which provides nursing care as defined in section 144A.01, subdivision 5, licensed pursuant to sections 144A.02 to 144A.10, which is appropriate if a person is in active restorative treatment; is in need of special treatments provided or supervised by a licensed nurse; or has unpredictable episodes of active disease processes requiring immediate judgment by a licensed nurse. For purposes of this subdivision, a child requires the level of care provided in a nursing facility if the child is determined to be at risk of placement in a nursing facility by the commissioner according to section 256B.49 and Minnesota Rules, parts 9505.3010 to 9505.3140, without regard to the availability of waiver slots.

(d) For purposes of this subdivision, "intermediate care facility for the mentally retarded persons with mental retardation or related conditions" or "ICF/MR" means a program licensed to provide services to persons with mental retardation under section 252.28, and chapter 245A, and a physical plant licensed as a supervised living facility under chapter 144, which together are certified by the Minnesota department of health as meeting the standards in Code of Federal Regulations, title 42, part 483, for an intermediate care facility which provides services for persons with mental retardation or persons with related conditions who require 24-hour supervision and active treatment for medical, behavioral, or habilitation needs. For purposes of this subdivision, a child requires a level of care provided in an ICF/MR if the commissioner, in accordance with section 256B.092, finds that there is a reasonable indication that individuals might need such services in the near future, but for the availability of alternative community-based services.

~~(e) For purposes of this subdivision, a person "requires a level of care provided in a hospital, skilled nursing facility, intermediate care facility, or intermediate care facility for persons with mental retardation or related conditions" if the person requires 24-hour supervision because the person exhibits suicidal or homicidal ideation or behavior, psychosomatic disorders or somatopsychic disorders that may become life threatening, severe socially unacceptable behavior associated with psychiatric disorder, psychosis or severe developmental problems requiring continuous skilled observation, or disabling symptoms that do not respond to office centered outpatient treatment.~~

The determination of the level of care needed by the child shall be made by the commissioner based on information supplied to the commissioner by the case manager if the child has one, the parent or guardian, the child's physician or physicians or, if available, the screening information obtained under section 256B.092 and any other information determined necessary by the commissioner. The commissioner shall establish a screening team to conduct the level of care determinations according to this subdivision.

(f) If a child meets the conditions in paragraph (b), (c), or (d), the commissioner must assess the case to determine whether:

(1) the child qualifies as a disabled individual under 42 U.S.C., section 1382c(a) and would be eligible for medical assistance if residing in a medical institution; and

(2) the cost of medical assistance services for the child, if eligible under this subdivision, would not be more than the cost to medical assistance if the child resides in a medical institution to be determined as follows:

(i) for a child who requires a level of care provided in an ICF/MR, the cost of care for the child in an institution shall be determined using the average payment rate established for the regional treatment centers that are certified as ICFs/MR;

(ii) for a child who requires a level of care provided in an in-patient hospital setting according to paragraph (b), cost-effectiveness shall be determined according to Minnesota Rules, parts 9505.3500 to 9505.3700; and

(iii) for a child who requires a level of care provided in a nursing facility according to paragraph (c), cost-effectiveness shall be determined according to Minnesota Rules, parts 9505.3010 to 9505.3140.

(g) Children eligible for medical assistance services under section 256B.055, subdivision 12, as of June 30, 1995, must be screened according to the criteria in this subdivision prior to January 1, 1996.

Sec. 3. Minnesota Statutes 1994, section 256B.0625, subdivision 19a, is amended to read:

Subd. 19a. [PERSONAL CARE SERVICES.] Medical assistance covers personal care services in a recipient's home. To qualify for personal care services recipients who can direct their own care, or persons who cannot direct their own care when authorized by the responsible party, may use must be able to identify their needs, direct and evaluate task accomplishment, and assure their health and safety.

Approved hours may be used outside the home when normal life activities take them outside the home and when, without the provision of personal care, their health and safety would be jeopardized. Total hours for services, whether actually performed inside or outside the recipient's home, cannot exceed that which is otherwise allowed for personal care services in an in-home setting according to section 256B.0627. Medical assistance does not cover personal care services for residents of a hospital, nursing facility, intermediate care facility, health care facility licensed by the commissioner of health, or unless a resident who is otherwise eligible is on leave from the facility and the facility either pays for the personal care services or forgoes the facility per diem for the leave days that personal care services are used except as authorized in section 256B.64 for ventilator dependent recipients in hospitals. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed for personal care services in an in-home setting according to section 256B.0627. All personal care services must be provided according to section 256B.0627. Personal care services may not be reimbursed if the personal care assistant is the spouse or legal guardian of the recipient or the parent of a recipient under age 18, the responsible party or the foster care provider of a recipient who cannot direct the recipient's own care or the recipient's legal guardian unless, in the case of a foster provider, a county or state case manager visits the recipient as needed, but no less than every six months, to monitor the health and safety of the recipient and to ensure the goals of the care plan are met. Parents of adult recipients, adult children of the recipient or adult siblings of the recipient may be reimbursed for personal care services if they are not the recipient's legal guardian and are granted a waiver under section 256B.0627.

Sec. 4. Minnesota Statutes 1994, section 256B.0627, subdivision 1, is amended to read:

The person delegated as a responsible party must be able to meet the definition of responsible party, except that the delegated responsible party is required to reside with the recipient only while serving as the responsible party. Foster care license holders may be designated the responsible party for residents of the foster care home if case management is provided as required in section 256B.0625, subdivision 19a. For persons who, as of April 1, 1992, are sharing personal care services in order to obtain the availability of 24-hour coverage, an employee of the personal care provider organization may be designated as the responsible party if case management is provided as required in section 256B.0625, subdivision 19a. "Personal care assistant" means a person who: (1) is at least 18 years old; (2) is able to read, write, and speak English, as well as speak the language of the recipient; (3) effective July 1, 1996, has completed one of the training requirements as specified in Minnesota Rules, part 9505.0335, subpart 3, items A to D; (4) has the ability to, and provides covered personal care services according to the recipient's care plan; (5) is not a consumer of personal care services; and (6) is subject to criminal background checks. (e) "Personal care provider organization" means an organization enrolled to provide personal care services under the medical assistance program that complies with the following: (1) owners who have a five percent interest or more are subject to a criminal history check as provided in section 245A.04 at the time of application. An organization will be barred from enrollment if an owner or managerial official of the organization has ever been convicted of a crime specified in Minnesota Rules, part 4668.0020, subpart 14, or a comparable crime in another jurisdiction; (2) the organization must maintain a surety bond and liability insurance throughout the duration of enrollment and provides proof thereof. The insurer must notify the department of human services of the cancellation or lapse of policy; and (3) the organization must maintain documentation of services as specified in Minnesota Rules, part 9505.2175, subpart 7, as well as evidence of compliance with personal care assistant training requirements.

Sec. 7. Minnesota Statutes 1994, section 256B.0627, subdivision 5, is amended to read:

Subd. 5. [LIMITATION ON PAYMENTS.] Medical assistance payments for home care services shall be limited according to this subdivision.

~~(a) [EXEMPTION FROM PAYMENT LIMITATIONS.] The level, or the number of hours or visits of a specific service, of home care services to a recipient that began before and is continued without increase on or after December 1987, shall be exempt from the payment limitations of this section, as long as the services are medically necessary.~~

~~(b)~~ [LIMITS ON SERVICES WITHOUT PRIOR AUTHORIZATION.] A recipient may receive the following amounts of home care services during a calendar year:

(1) a total of 40 home health aide visits or skilled nurse visits under section 256B.0625, subdivision 6a; and

~~(2) up to two assessments by a supervising registered nurse assessments and reassessments done by the county public health nurse to determine a recipient's need for personal care services, develop a care plan with the recipient, and obtain prior authorization. Additional visits may be authorized by the commissioner if there are circumstances that necessitate a change in provider.~~

~~(c)~~ (b) [PRIOR AUTHORIZATION; EXCEPTIONS.] All home care services above the limits in paragraph ~~(b)~~ (a) must receive the commissioner's prior authorization, except when:

(1) the home care services were required to treat an emergency medical condition that if not immediately treated could cause a recipient serious physical or mental disability, continuation of severe pain, or death. The provider must request retroactive authorization no later than five working days after giving the initial service. The provider must be able to substantiate the emergency by documentation such as reports, notes, and admission or discharge histories;

(2) the home care services were provided on or after the date on which the recipient's eligibility began, but before the date on which the recipient was notified that the case was opened. Authorization will be considered if the request is submitted by the provider within 20 working days of the date the recipient was notified that the case was opened;

(3) a third-party payor for home care services has denied or adjusted a payment. Authorization requests must be submitted by the provider within 20 working days of the notice of denial or adjustment. A copy of the notice must be included with the request; or

(4) the commissioner has determined that a county or state human services agency has made an error.

~~(d) [RETROACTIVE AUTHORIZATION.] A request for retroactive authorization under paragraph (e) will be evaluated according to the same criteria applied to prior authorization requests. Implementation of this provision shall begin no later than October 1, 1991, except that recipients who are currently receiving medically necessary services above the limits established under this subdivision may have a reasonable amount of time to arrange for waived services under section 256B.49 or to establish an alternative living arrangement. All current recipients shall be phased down to the limits established under paragraph (b) on or before April 1, 1992.~~

~~(e) (c) [ASSESSMENT AND CARE PLAN.] The home care provider supervisory nurse or county public health nurse for personal care services, shall conduct initially, and at least annually thereafter, a face-to-face assessment of the recipient and complete a care plan with the recipient using forms specified by the commissioner. For the recipient to receive, or continue to receive, home care services, the provider must submit evidence necessary for the commissioner to determine the medical necessity of the home care services. The provider supervisory nurse or county public health nurse for personal care services, shall submit to the commissioner the assessment, the care plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries. For personal care services:~~

~~(1) The amount and type of service authorized based upon the assessment and care plan will follow the recipient if the recipient chooses to change providers.~~

~~(2) If the recipient's medical need changes, the recipient's provider may assess the need for a change in service authorization and request the change from the county public health nurse. The public health nurse will determine whether to request the change in services based upon the provider assessment, or conduct a home visit to assess the need and determine whether the change is appropriate.~~

~~(3) To continue to receive home personal care services when the recipient displays no significant change, the supervising nurse county public health nurse has the option to review with the commissioner, or the commissioner's designee, the care plan on record and receive authorization for up to an additional 12 months.~~

~~(f) (d) [PRIOR AUTHORIZATION.] The commissioner, or the commissioner's designee, shall review the assessment, the care plan, and any additional information that is submitted. The commissioner shall, within 30 days after receiving a complete request, assessment, and care plan, authorize home care services as follows:~~

~~(1) [HOME HEALTH SERVICES.] All home health services provided by a nurse or a home health aide that exceed the limits established in paragraph (b) (a) must be prior authorized by the commissioner or the commissioner's designee. Prior authorization must be based on medical necessity and cost-effectiveness when compared with other care options. When home health services are used in combination with personal care and private duty nursing, the cost of all home care services shall be considered for cost-effectiveness. The commissioner shall limit nurse and home health aide visits to no more than one visit each per day.~~

~~(2) [PERSONAL CARE SERVICES.] (i) All personal care services and registered nurse supervision must be prior authorized by the commissioner or the commissioner's designee except for the limits on supervision assessments established in paragraph (b) (a). The amount of personal care services authorized must be based on the recipient's home care rating. A child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:~~

(A) up to ~~two~~ 1.75 times the average number of direct care hours provided in nursing facilities for the recipient's comparable case mix level; or

(B) up to ~~three~~ 2.625 times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs or are dependent in at least seven activities of daily living and need physical assistance with eating or have a neurological diagnosis but in no case shall the dollar amount authorized exceed the statewide weighted average nursing facility payment rate for fiscal year 1995; or

~~(C) up to 60 percent of the average reimbursement rate, as of July 1, 1991, plus any inflation adjustment provided, for care provided in a regional treatment center for recipients who have Level I behavior; or~~

~~(D)~~ up to the amount the commissioner would pay, as of July 1, 1991, plus any inflation adjustment provided for home care services, for care provided in a regional treatment center for recipients referred to the commissioner by a regional treatment center preadmission evaluation team. For purposes of this clause, home care services means all services provided in the home or community that would be included in the payment to a regional treatment center; or

~~(E)~~ (D) up to the amount medical assistance would reimburse for facility care for recipients referred to the commissioner by a preadmission screening team established under section 256B.0911 or 256B.092; and

~~(F)~~ (E) a reasonable amount of time for the ~~necessary~~ provision of nursing supervision of personal care services.

(ii) The number of direct care hours shall be determined according to the annual cost report submitted to the department by nursing facilities. The average number of direct care hours, ~~as established by May 1, 1992 for the report year 1993, as established by July 11, 1994,~~ shall be calculated and incorporated into the home care limits on July 1, ~~1992~~ 1995. These limits shall be calculated to the nearest quarter hour.

(iii) The home care rating shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner by the ~~personal care provider~~ county public health nurse on forms specified by the commissioner. The home care rating shall be a combination of current assessment tools developed under sections 256B.0911 and 256B.501 ~~with an addition for seizure activity that will assess the frequency and severity of seizure activity~~ and with adjustments, additions, and clarifications that are necessary to reflect the needs and conditions of ~~children and nonelderly adults~~ recipients who need home care. The commissioner shall establish these forms and protocols under this section and ~~shall use the advisory group established in section 256B.04, subdivision 16, for consultation in establishing the forms and protocols by October 1, 1991.~~

(iv) A recipient shall qualify as having complex medical needs if the care required is difficult to perform and because of recipient's medical condition requires more time than community-based standards allow or requires more skill than would ordinarily be required and the recipient needs or has one or more of the following:

- (A) daily tube feedings;
- (B) daily parenteral therapy;
- (C) wound or decubiti care;
- (D) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy care, oxygen, mechanical ventilation;
- (E) catheterization;
- (F) ostomy care;
- (G) quadriplegia; or

(H) other comparable medical conditions or treatments the commissioner determines would otherwise require institutional care.

~~(v) A recipient shall qualify as having Level I behavior if there is reasonable supporting evidence that the recipient exhibits, or that without supervision, observation, or redirection would exhibit, one or more of the following behaviors that cause, or have the potential to cause:~~

- ~~(A) injury to his or her own body;~~
- ~~(B) physical injury to other people; or~~
- ~~(C) destruction of property.~~

~~(vi) Time authorized for personal care relating to Level I behavior in subclause (v), items (A) to (C), shall be based on the predictability, frequency, and amount of intervention required.~~

~~(vii) A recipient shall qualify as having Level II behavior if the recipient exhibits on a daily basis one or more of the following behaviors that interfere with the completion of personal care services under subdivision 4, paragraph (a):~~

- ~~(A) unusual or repetitive habits;~~
- ~~(B) withdrawn behavior; or~~
- ~~(C) offensive behavior.~~

~~(viii) A recipient with a home care rating of Level II behavior in subclause (vii), items (A) to (C), shall be rated as comparable to a recipient with complex medical needs under subclause (iv). If a recipient has both complex medical needs and Level II behavior, the home care rating shall be the next complex category up to the maximum rating under subclause (i), item (B).~~

(3) [PRIVATE DUTY NURSING SERVICES.] All private duty nursing services shall be prior authorized by the commissioner or the commissioner's designee. Prior authorization for private duty nursing services shall be based on medical necessity and cost-effectiveness when compared with alternative care options. The commissioner may authorize medically necessary private duty nursing services in quarter-hour units when:

- (i) the recipient requires more individual and continuous care than can be provided during a nurse visit; or
- (ii) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize:

(A) up to two times the average amount of direct care hours provided in nursing facilities statewide for case mix classification "K" as established by the annual cost report submitted to the department by nursing facilities in May 1992;

(B) private duty nursing in combination with other home care services up to the total cost allowed under clause (2);

(C) up to 16 hours per day if the recipient requires more nursing than the maximum number of direct care hours as established in item (A) and the recipient meets the hospital admission criteria established under Minnesota Rules, parts 9505.0500 to 9505.0540.

The commissioner may authorize up to 16 hours per day of medically necessary private duty nursing services or up to 24 hours per day of medically necessary private duty nursing services until such time as the commissioner is able to make a determination of eligibility for recipients who are cooperatively applying for home care services under the community alternative care program developed under section 256B.49, or until it is determined by the appropriate regulatory agency that a health benefit plan is or is not required to pay for appropriate medically necessary health care services. Recipients or their representatives must cooperatively assist the commissioner in obtaining this determination. Recipients who are eligible for the community

alternative care program may not receive more hours of nursing under this section than would otherwise be authorized under section 256B.49.

(4) [VENTILATOR-DEPENDENT RECIPIENTS.] If the recipient is ventilator-dependent, the monthly medical assistance authorization for home care services shall not exceed what the commissioner would pay for care at the highest cost hospital designated as a long-term hospital under the Medicare program. For purposes of this clause, home care services means all services provided in the home that would be included in the payment for care at the long-term hospital. "Ventilator-dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to be or has been dependent for at least 30 consecutive days.

(g) (e) [PRIOR AUTHORIZATION; TIME LIMITS.] The commissioner or the commissioner's designee shall determine the time period for which a prior authorization shall be effective. If the recipient continues to require home care services beyond the duration of the prior authorization, the home care provider must request a new prior authorization ~~through the process described above~~. Under no circumstances, other than the exceptions in ~~subdivision 5, paragraph (e) (b)~~, shall a prior authorization be valid prior to the date the commissioner receives the request or for more than 12 months. A recipient who appeals a reduction in previously authorized home care services may continue previously authorized services, other than temporary services under paragraph (i) (g), pending an appeal under section 256.045. The commissioner must provide a detailed explanation of why the authorized services are reduced in amount from those requested by the home care provider.

(h) (f) [APPROVAL OF HOME CARE SERVICES.] The commissioner or the commissioner's designee shall determine the medical necessity of home care services, the level of caregiver according to subdivision 2, and the institutional comparison according to this subdivision, the cost-effectiveness of services, and the amount, scope, and duration of home care services reimbursable by medical assistance, based on the assessment, the care plan, the recipient's age, the cost of services, the recipient's medical condition, and diagnosis or disability. The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.

(i) (g) [PRIOR AUTHORIZATION REQUESTS; TEMPORARY SERVICES.] ~~Providers~~ The supervisory nurse or county public health nurse for personal care services, may request a temporary authorization for home care services by telephone. The commissioner may approve a temporary level of home care services based on the assessment and care plan information ~~provided by an appropriately licensed nurse~~. Authorization for a temporary level of home care services is limited to the time specified by the commissioner, but shall not exceed 45 days. The level of services authorized under this provision shall have no bearing on a future prior authorization.

(j) (h) [PRIOR AUTHORIZATION REQUIRED IN FOSTER CARE SETTING.] Home care services provided in an adult or child foster care setting must receive prior authorization by the department according to the limits established in paragraph (b) (a).

The commissioner may not authorize:

(1) home care services that are the responsibility of the foster care provider under the terms of the foster care placement agreement and administrative rules;

(2) ~~personal care services when the foster care license holder is also the personal care provider or personal care assistant unless the recipient can direct the recipient's own care, or case management is provided as required in section 256B.0625, subdivision 19a;~~

(3) ~~personal care services when the responsible party is an employee of, or under contract with, or has any direct or indirect financial relationship with the personal care provider or personal care assistant, unless case management is provided as required in section 256B.0625, subdivision 19a;~~

(4) ~~home care services when the number of foster care residents is greater than four unless the county responsible for the recipient's foster placement made the placement prior to April 1, 1992, requests that home care services be provided, and case management is provided as required in section 256B.0625, subdivision 19a; or~~

~~(5) (3) home care services when combined with foster care payments, other than room and board payments plus the cost of home and community-based waived services unless the costs of home care services and waived services are combined and managed under the waiver program, that exceed the total amount that public funds would pay for the recipient's care in a medical institution.~~

Sec. 8. Minnesota Statutes 1994, section 256B.49, is amended by adding a subdivision to read:

Subd. 6. [ADMISSION CERTIFICATION.] In determining an individual's eligibility for the community alternative care waiver program, the commissioner must request in-patient hospital admission certification for long-term care in an in-patient hospital setting for the individual according to procedures required by Minnesota Rules, parts 9505.0520 to 9505.0540. The commissioner may not find an individual to be eligible for the community alternative care waiver program unless the medical review agent has issued an in-patient hospital admission certification for that individual.

For purposes of this subdivision, a person requires long-term care in an in-patient hospital setting if the person has an ongoing, and not episodic, condition that is expected to last one year or longer, and is expected to require medically necessary in-patient hospitalization for one year or longer, or to require frequent hospitalizations during that period, but for the provision of home care services under this section.

Sec. 9. Minnesota Statutes 1994, section 256B.49, is amended by adding a subdivision to read:

Subd. 7. [PERSONS WITH DEVELOPMENTAL DISABILITIES OR RELATED CONDITIONS.] Individuals who apply for services under the community alternatives for disabled individuals (CADI) waiver program who have developmental disabilities or related conditions must be screened for the appropriate institutional level of care in accordance with section 256B.092.

Sec. 10. Minnesota Statutes 1994, section 256B.69, subdivision 4, is amended to read:

Subd. 4. [LIMITATION OF CHOICE.] The commissioner shall develop criteria to determine when limitation of choice may be implemented in the experimental counties. The criteria shall ensure that all eligible individuals in the county have continuing access to the full range of medical assistance services as specified in subdivision 6. The commissioner shall exempt the following persons from participation in the project, in addition to those who do not meet the criteria for limitation of choice: (1) persons eligible for medical assistance according to section 256B.055, subdivision 1, and children under age 21 who are in foster placement; (2) persons eligible for medical assistance due to blindness or disability as determined by the social security administration or the state medical review team, unless: (i) they are 65 years of age or older, or (ii) they are eligible for medical assistance according to section 256B.055, subdivision 12; (3) recipients who currently have private coverage through a health maintenance organization; and (4) recipients who are eligible for medical assistance by spending down excess income for medical expenses other than the nursing facility per diem expense. The commissioner may allow persons with a one-month spenddown who are otherwise eligible to enroll to voluntarily enroll or remain enrolled, if they elect to prepay their monthly spenddown to the state. Before limitation of choice is implemented, eligible individuals shall be notified and after notification, shall be allowed to choose only among demonstration providers. After initially choosing a provider, the recipient is allowed to change that choice only at specified times as allowed by the commissioner. If a demonstration provider ends participation in the project for any reason, a recipient enrolled with that provider must select a new provider but may change providers without cause once more within the first 60 days after enrollment with the second provider.

Sec. 11. Minnesota Statutes 1994, section 256B.69, is amended by adding a subdivision to read:

Subd. 4a. [REQUIREMENTS OF REQUEST FOR PROPOSAL.] In implementing the limitation of choice for persons eligible for medical assistance according to section 256B.055, subdivision 12, hereinafter referred to as TEFRA recipients, the commissioner shall comply with the request for proposal process applicable to the prepaid medical assistance program. Notwithstanding any provision to the contrary, the commissioner shall include the following in the request for proposal issued to health plans for purposes of covering TEFRA recipients:

(1) evidence that eligibility criteria for personal care assistant services have been developed and implemented with respect to TEFRA recipients;

(2) a complete and detailed description of the benefits the health plan is responsible for providing to the TEFRA recipients;

(3) identification of the circumstances under which and the point at which the health plan covering the TEFRA recipient pursuant to this section is responsible for the costs of and delivery of benefits to the TEFRA recipient. The purpose of this information is to facilitate coordination of benefits with private health plans, including self-insured employers who are covering the TEFRA recipients. The point at which and circumstances under which the health plan is responsible must be identified and developed so as to be applied consistently to all TEFRA recipients, without regard to the level of coverage or type of benefits provided by the private health plan or self-insured employer;

(4) statistical information including the following:

(i) how many TEFRA recipients will be enrolled;

(ii) historical cost and utilization information, by type of service and diagnosis or condition, and any other data or statistics used in developing the proposed rate of payment to the health plan;

(iii) average cost per TEFRA recipient to the state;

(iv) outlier information, including diagnosis categories, cost, and the number of TEFRA recipients; and

(v) a comparison of the information in items (i) to (iv) to other medical assistance recipients or children covered in other medical assistance programs;

(5) evidence that the commissioner will permit health plans to perform all network management, utilization review, prior authorization, and other case management functions permitted pursuant to the health plans' enabling act; and

(6) actuarially valid rates of payment proposed to be paid to the health plans.

Sec. 12. Minnesota Statutes 1994, section 256B.69, subdivision 6, is amended to read:

Subd. 6. [SERVICE DELIVERY.] (a) Each demonstration provider shall be responsible for the health care coordination for eligible individuals. Demonstration providers:

(1) shall authorize and arrange for the provision of all needed health services including but not limited to the full range of services listed in sections 256B.02, subdivision 8, and 256B.0625 and for children eligible for medical assistance under section 256B.055, subdivision 12, home care services and personal care assistant services in order to ensure appropriate health care is delivered to enrollees;

(2) shall accept the prospective, per capita payment from the commissioner in return for the provision of comprehensive and coordinated health care services for eligible individuals enrolled in the program;

(3) may contract with other health care and social service practitioners to provide services to enrollees; and

The report shall include a comparison of the fee schedule for these parents with fee schedules in the social services, MinnesotaCare, and sliding fee child care programs. The commissioner shall appoint an advisory committee to assist with the study which must include parents, advocates, and other interested persons.

The commissioners shall define program participants, structure, and activities and shall recommend to the 1996 legislature any changes in licensing requirements or other law changes necessary to implement the program. The commissioner of human services shall require participants in waived programs and managed care programs to receive services through these options unless the requirement would create an undue hardship for recipients.

ARTICLE 8

LONG-TERM CARE FACILITIES

Section 1. Minnesota Statutes 1994, section 144A.071, subdivision 4a, is amended to read:

Subd. 4a. [EXCEPTIONS FOR REPLACEMENT BEDS.] It is in the best interest of the state to ensure that nursing homes and boarding care homes continue to meet the physical plant licensing and certification requirements by permitting certain construction projects. Facilities should be maintained in condition to satisfy the physical and emotional needs of residents while allowing the state to maintain control over nursing home expenditure growth.

The commissioner of health in coordination with the commissioner of human services, may approve the renovation, replacement, upgrading, or relocation of a nursing home or boarding care home, under the following conditions:

(a) to license or certify beds in a new facility constructed to replace a facility or to make repairs in an existing facility that was destroyed or damaged after June 30, 1987, by fire, lightning, or other hazard provided:

(i) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(ii) at the time the facility was destroyed or damaged the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(iii) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility or repairs;

(iv) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5;

(v) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility; and

(vi) the commissioner determines that the replacement beds are needed to prevent an inadequate supply of beds.

Project construction costs incurred for repairs authorized under this clause shall not be considered in the dollar threshold amount defined in subdivision 2;

(b) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less;

(c) to license or certify beds in a project recommended for approval under section 144A.073;

(d) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds;

(e) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure, or in a facility that was granted an exception to the moratorium under section 144A.073, and if the cost of any remodeling of the facility does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase beyond the number remaining at the time of the upgrade in licensure. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(f) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of St. Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this paragraph;

(g) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements;

(h) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of \$200,000 or more;

(i) to certify, after September 30, 1992, and prior to July 1, 1993, existing nursing home beds in a facility that was licensed and in operation prior to January 1, 1992;

(j) to license and certify new nursing home beds to replace beds in a facility condemned as part of an economic redevelopment plan in a city of the first class, provided the new facility is located within one mile of the site of the old facility. Operating and property costs for the new facility must be determined and allowed under existing reimbursement rules;

(k) to license and certify up to 20 new nursing home beds in a community-operated hospital and attached convalescent and nursing care facility with 40 beds on April 21, 1991, that suspended operation of the hospital in April 1986. The commissioner of human services shall provide the facility with the same per diem property-related payment rate for each additional licensed and certified bed as it will receive for its existing 40 beds;

(l) to license or certify beds in renovation, replacement, or upgrading projects as defined in section 144A.073, subdivision 1, so long as the cumulative total costs of the facility's remodeling projects do not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less;

(m) to license and certify beds that are moved from one location to another for the purposes of converting up to five four-bed wards to single or double occupancy rooms in a nursing home that, as of January 1, 1993, was county-owned and had a licensed capacity of 115 beds;

(n) to allow a facility that on April 16, 1993, was a 106-bed licensed and certified nursing facility located in Minneapolis to layaway all of its licensed and certified nursing home beds. These beds may be relicensed and recertified in a newly-constructed teaching nursing home facility affiliated with a teaching hospital upon approval by the legislature. The proposal must be developed in consultation with the interagency committee on long-term care planning. The beds on layaway status shall have the same status as voluntarily delicensed and decertified beds, except that beds on layaway status remain subject to the surcharge in section 256.9657. This layaway provision expires July 1, 1995;

(o) to allow a project which will be completed in conjunction with an approved moratorium exception project for a nursing home in southern Cass county and which is directly related to that portion of the facility that must be repaired, renovated, or replaced, to correct an emergency plumbing problem for which a state correction order has been issued and which must be corrected by August 31, 1993;

(p) to allow a facility that on April 16, 1993, was a 368-bed licensed and certified nursing facility located in Minneapolis to layaway, upon 30 days prior written notice to the commissioner, up to 30 of the facility's licensed and certified beds by converting three-bed wards to single or double occupancy. Beds on layaway status shall have the same status as voluntarily delicensed and decertified beds except that beds on layaway status remain subject to the surcharge in section 256.9657, remain subject to the license application and renewal fees under section 144A.07 and shall be subject to a \$100 per bed reactivation fee. In addition, at any time within three years of the effective date of the layaway, the beds on layaway status may be:

(1) relicensed and recertified upon relocation and reactivation of some or all of the beds to an existing licensed and certified facility or facilities located in Pine River, Brainerd, or International Falls; provided that the total project construction costs related to the relocation of beds from layaway status for any facility receiving relocated beds may not exceed the dollar threshold provided in subdivision 2 unless the construction project has been approved through the moratorium exception process under section 144A.073;

(2) relicensed and recertified, upon reactivation of some or all of the beds within the facility which placed the beds in layaway status, if the commissioner has determined a need for the reactivation of the beds on layaway status.

The property-related payment rate of a facility placing beds on layaway status must be adjusted by the incremental change in its rental per diem after recalculating the rental per diem as provided in section 256B.431, subdivision 3a, paragraph (d). The property-related payment rate for a facility relicensing and recertifying beds from layaway status must be adjusted by the incremental change in its rental per diem after recalculating its rental per diem using the number of beds after the relicensing to establish the facility's capacity day divisor, which shall be effective the first day of the month following the month in which the relicensing and recertification became effective. Any beds remaining on layaway status more than three years after the date the layaway status became effective must be removed from layaway status and immediately delicensed and decertified;

(q) to license and certify beds in a renovation and remodeling project to convert 13 three-bed

wards into 13 two-bed rooms and 13 single-bed rooms, expand space, and add improvements in a nursing home that, as of January 1, 1994, met the following conditions: the nursing home was located in Ramsey county; was not owned by a hospital corporation; had a licensed capacity of 64 beds; and had been ranked among the top 15 applicants by the 1993 moratorium exceptions advisory review panel. The total project construction cost estimate for this project must not exceed the cost estimate submitted in connection with the 1993 moratorium exception process; or

(r) to license and certify beds in a renovation and remodeling project to convert 12 four-bed wards into 24 two-bed rooms, expand space, and add improvements in a nursing home that, as of January 1, 1994, met the following conditions: the nursing home was located in Ramsey county; had a licensed capacity of 154 beds; and had been ranked among the top 15 applicants by the 1993 moratorium exceptions advisory review panel. The total project construction cost estimate for this project must not exceed the cost estimate submitted in connection with the 1993 moratorium exception process;

(s) to license and certify up to 117 beds that are relocated from a licensed and certified 138-bed nursing facility located in St. Paul to a hospital with 130 licensed hospital beds located in South St. Paul, provided that the nursing facility and hospital are owned by the same or a related organization and that prior to the date the relocation is completed the hospital ceases operation of its in-patient hospital services at that hospital. After relocation, the nursing facility's status under section 256B.431, subdivision 2j, shall be the same as it was prior to relocation. The nursing facility's property-related payment rate resulting from the project authorized in this paragraph shall become effective no earlier than April 1, 1996. For purposes of calculating the incremental change in the facility's rental per diem resulting from this project, the allowable appraised value of the nursing facility portion of the existing health care facility physical plant prior to the renovation and relocation may not exceed \$2,490,000; or

(t) to license and certify 90 beds on layaway status under paragraph (n) in or adjacent to Duluth in a newly-constructed teaching nursing home affiliated with a teaching hospital.

Sec. 2. Minnesota Statutes 1994, section 198.003, subdivision 3, is amended to read:

Subd. 3. [USE OF FACILITIES CAMPUS.] The board may allow veterans organizations or public or private social service, educational, or rehabilitation agencies or organizations and their clients to use surplus facilities space on a home's campus, staff, and other resources of the board and may require the participating agencies or organizations to pay for that use.

Sec. 3. Minnesota Statutes 1994, section 198.003, subdivision 4, is amended to read:

Subd. 4. [VETERANS HOMES RESOURCES ACCOUNT.] Money received by the board under subdivision 3 must be deposited in the state treasury and credited to a veterans homes resources account in the special revenue fund. Money in the account is appropriated to the board to operate, maintain, and repair facilities make repairs at the campus used under subdivision 3, and to pay including payment of associated legal fees and expenses.

Sec. 4. Minnesota Statutes 1994, section 256B.431, subdivision 2j, is amended to read:

Subd. 2j. [HOSPITAL-ATTACHED NURSING FACILITY STATUS.] (a) For the purpose of setting rates under Minnesota Rules, parts 9549.0010 to 9549.0080, for rate years beginning after June 30, 1989, a hospital-attached nursing facility means a nursing facility which meets the requirements of clauses (1) to (4):

(1) the nursing facility is recognized by the federal Medicare program to be a hospital-based nursing facility for purposes of being subject to higher cost limits accorded hospital-based nursing facilities under the Medicare program, or, prior to June 30, 1983, was classified as a hospital-attached nursing facility under Minnesota Rules, parts 9510.0010 to 9510.0480, provided that;

(2) the nursing facility's cost report filed under Minnesota Rules, parts 9549.0010 to 9549.0080, shall use the same cost allocation principles and methods used in the reports filed for the Medicare program except as provided in clause (3);

(3) direct identification of costs to the nursing facility cost center will be permitted only when

the comparable hospital costs have also been directly identified to a cost center which is not allocated to the nursing facility; and

(4) the hospital and nursing facility are physically attached or connected by a tunnel or skyway on or after January 1, 1995.

The commissioner shall establish a new base year for the reporting year ending September 30, 1994, under subdivision 2i, paragraph (e).

(b) For rate years beginning after June 30, 1989, a nursing facility and hospital, which have applied for hospital-based nursing facility status under the federal Medicare program during the reporting year or the nine-month period following the nursing facility's reporting year, shall be considered a hospital-attached nursing facility for purposes of setting payment rates under Minnesota Rules, parts 9549.0010 to 9549.0080, for the rate year following the reporting year or the nine-month period in which the facility made its Medicare application. The nursing facility must file its cost report or an amended cost report for that reporting year before the following rate year using Medicare principles and Medicare's recommended cost allocation methods had the Medicare program's hospital-based nursing facility status been granted to the nursing facility. For each subsequent rate year, the nursing facility must meet the definition requirements in paragraph (a). If the nursing facility is denied hospital-based nursing facility status under the Medicare program, the nursing facility's payment rates for the rate years the nursing facility was considered to be a hospital-attached nursing facility pursuant to this paragraph shall be recalculated treating the nursing facility as a non-hospital-attached nursing facility.

Sec. 5. Minnesota Statutes 1994, section 256B.431, subdivision 17, is amended to read:

Subd. 17. [SPECIAL PROVISIONS FOR MORATORIUM EXCEPTIONS.] (a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 3, for rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility that (1) has completed a construction project approved under section 144A.071, subdivision 4a, clause (m); (2) has completed a construction project approved after June 30, 1995, under section 144A.071, subdivision 4a; or (3) has completed a renovation, replacement, or upgrading project approved under the moratorium exception process in section 144A.073 shall be reimbursed for costs directly identified to that project as provided in subdivision 16 and this subdivision.

(b) Notwithstanding Minnesota Rules, part 9549.0060, subparts 5, item A, subitems (1) and (3), and 7, item D, allowable interest expense on debt shall include:

(1) interest expense on debt related to the cost of purchasing or replacing depreciable equipment, excluding vehicles, not to exceed six percent of the total historical cost of the project; and

(2) interest expense on debt related to financing or refinancing costs, including costs related to points, loan origination fees, financing charges, legal fees, and title searches; and issuance costs including bond discounts, bond counsel, underwriter's counsel, corporate counsel, printing, and financial forecasts. Allowable debt related to items in this clause shall not exceed seven percent of the total historical cost of the project. To the extent these costs are financed, the straight-line amortization of the costs in this clause is not an allowable cost; and

(3) interest on debt incurred for the establishment of a debt reserve fund, net of the interest earned on the debt reserve fund.

(c) Debt incurred for costs under paragraph (b) is not subject to Minnesota Rules, part 9549.0060, subpart 5, item A, subitem (5) or (6).

(d) The incremental increase in a nursing facility's rental rate, determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, resulting from the acquisition of allowable capital assets, and allowable debt and interest expense under this subdivision shall be added to its property-related payment rate and shall be effective on the first day of the month following the month in which the moratorium project was completed.

(e) Notwithstanding subdivision 3f, paragraph (a), for rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, the replacement-costs-new per bed limit to

be used in Minnesota Rules, part 9549.0060, subpart 4, item B, for a nursing facility that has completed a renovation, replacement, or upgrading project that has been approved under the moratorium exception process in section 144A.073, or that has completed an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost exceeds the lesser of \$150,000 or ten percent of the most recent appraised value, must be \$47,500 per licensed bed in multiple-bed rooms and \$71,250 per licensed bed in a single-bed room. These amounts must be adjusted annually as specified in subdivision 3f, paragraph (a), beginning January 1, 1993.

(f) A nursing facility that completes a project identified in this subdivision and, as of April 17, 1992, has not been mailed a rate notice with a special appraisal for a completed project, or completes a project after April 17, 1992, but before September 1, 1992, may elect either to request a special reappraisal with the corresponding adjustment to the property-related payment rate under the laws in effect on June 30, 1992, or to submit their capital asset and debt information after that date and obtain the property-related payment rate adjustment under this section, but not both.

(g) For purposes of this paragraph, a total replacement means the complete replacement of the nursing facility's physical plant through the construction of a new physical plant or the transfer of the nursing facility's residents from one physical plant location to another. Upon completion of a total replacement project, the commissioner shall compute the incremental change in the nursing facility's rental per diem by replacing its appraised value, including the historical capital asset costs, and the capital debt and interest costs with the new nursing facility's allowable capital asset costs and the related allowable capital debt and interest costs. If the total replacement involves the renovation and use of an existing health care facility physical plant, the new allowable capital asset costs and related debt and interest costs shall include first the allowable capital asset costs and related debt and interest costs of the renovation, to which shall be added the allowable capital asset costs of the existing physical plant prior to the renovation, and if reported by the facility the related allowable capital debt and interest costs. If the new nursing facility has decreased its licensed capacity, the aggregate investment per bed limit in subdivision 3a, paragraph (d), shall apply. In the case of either type of total replacement as authorized under section 144A.071 or 144A.073, the provisions of this subdivision shall also apply.

Sec. 6. Minnesota Statutes 1994, section 256B.431, is amended by adding a subdivision to read:

Subd. 25. [CHANGES TO NURSING FACILITY REIMBURSEMENT BEGINNING JULY 1, 1995.] Except for a nursing facility which elects to have its payment rates determined as provided in section 256B.434, the commissioner shall modify nursing facility reimbursement under this section as provided in this subdivision. The nursing facility reimbursement changes in paragraphs (a) to (e) apply to Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, beginning July 1, 1995.

(a) The eight cent adjustment to care-related rates in subdivision 22, paragraph (e), shall no longer apply.

(b) For the rate year beginning July 1, 1995, the commissioner shall rebase nursing facility property-related payment rates. The property-related payment rate for a nursing facility shall be 125 percent of the nursing facility's Medicare-allowable principal and interest expense divided by the nursing facility's capacity days as determined under Minnesota Rules, part 9549.0060, subpart 11, as modified by subdivision 3f, paragraph (c), plus the nursing facility's equipment allowance; except that the nursing facility's property-related payment rate must not exceed the property-related payment rate in effect on June 30, 1995. For purposes of this paragraph, "Medicare-allowable" means principal and interest expense that is allowable under the Medicare program. Incremental changes in the nursing facility's rental rate as determined in subdivisions 14 to 22 for rate years beginning on or after July 1, 1995, shall be applied to this rebased property-related payment rate. This paragraph must not be construed to apply to a nursing facility's equity incentive payment rate, capital repair and replacement payment rate, or the refinancing incentive payment rate. Notwithstanding other provisions of this paragraph, a facility's property-related payment rate must not be less than 80 percent of the property-related payment rate the facility received for the rate year ending June 30, 1995. This paragraph does not apply to those nursing facilities described in subdivision 3g.

(c) For rate years beginning on or after July 1, 1995, the commissioner shall limit a nursing facility's allowable operating cost per diem for each case mix category to the lesser of the prior reporting year's allowable operating cost per diems plus the inflation factor as established in paragraph (d), clause (2), or the current year's corresponding allowable operating cost per diems, after adjustment for the application of paragraph (a). After applying these provisions, the commissioner shall index these allowable operating cost per diems by the inflation factor provided for in paragraph (d), clause (1), and add the nursing facility's efficiency incentive as computed in paragraph (e). The operating cost per diem limits in this paragraph must not reduce a facility's operating cost per diems below the facility's operating cost per diems for the reporting year ending September 30, 1994.

(d) For rate years beginning on or after July 1, 1995, the forecasted price index for a nursing facility's allowable operating cost per diems shall be determined using the change in the Consumer Price Index-All Items (United States City average) (CPI-U) forecasted by Data Resources, Inc. The commissioner shall use the indices as forecasted in the fourth quarter of the calendar year preceding the rate year, subject to subdivision 21, paragraph (c).

(1) The CPI-U forecasted index for allowable operating cost per diems shall be based on the 21-month period from the midpoint of the nursing facility's reporting year to the midpoint of the rate year following the reporting year.

(2) The CPI-U forecasted index for allowable operating costs and per diem limits shall be based on the 12-month period between the midpoints of the two reporting years preceding the rate year.

(e) For rate years beginning on or after July 1, 1995, the commissioner shall determine a nursing facility's efficiency incentive by first computing the allowable difference, which is the lesser of \$4.50 or the amount by which the facility's other operating cost limit exceeds its nonadjusted other operating cost per diem for that rate year. The commissioner shall compute the efficiency incentive by:

(1) subtracting the allowable difference from \$4.50 and dividing the result by \$4.50;

(2) multiplying 0.20 by the ratio resulting from clause (1), and then;

(3) adding 0.50 to the result from clause (2); and

(4) multiplying the result from clause (3) times the allowable difference.

The nursing facility's efficiency incentive payment shall be the lesser of \$2.25 or the product obtained in clause (4).

Sec. 7. Minnesota Statutes 1994, section 256B.431, is amended by adding a subdivision to read:

Subd. 26. [NURSING HOME GEOGRAPHIC GROUPS.] For rate years beginning on or after July 1, 1995, when determining nursing facility reimbursement rates, the commissioner shall modify the nursing home geographic groups designated in Minnesota Rules, part 9549.0052, by moving Sherburne county from group 2 to group 3.

Sec. 8. [256B.434] [CONTRACTUAL ALTERNATIVE PAYMENT SYSTEM FOR NURSING HOMES.]

Subdivision 1. [ALTERNATIVE PAYMENT SYSTEM ESTABLISHED.] (a) The commissioner of human services shall establish a contractual alternative payment system for paying for nursing facility services under the medical assistance program. A nursing facility may choose to be paid under the contractual alternative payment system instead of the cost-based payment system established under section 256B.431. A nursing facility electing to use the alternative payment system must enter into a contract with the commissioner. Payment rates and procedures for facilities electing to use the alternative payment system are determined and governed by this section and by the terms of the contract. The commissioner may negotiate different contract terms for different nursing facilities. A contract entered into under this section may be amended by mutual agreement of the parties.

(b) The commissioner may refuse to enter into a contract under this section with a nursing

facility that has a substantiated record of excessive licensure fines or sanctions or fraudulent cost reports.

Subd. 2. [PROCEDURE FOR ENTERING INTO CONTRACTS.] (a) By July 1, 1995, the commissioner shall publish in the State Register a notice announcing the availability of the alternative payment system option and a description of the requirements and procedures for entering into a contract. To be eligible for the alternative payment system for the rate year beginning July 1, 1995, a nursing facility must submit a letter of intent to the commissioner by August 1, 1995. Within 30 days after receiving a letter of intent, the commissioner shall notify the nursing facility regarding whether the facility is eligible to enter into an alternative payment system contract. The commissioner shall enter into an alternative payment system contract by November 15, 1995, with facilities that have submitted a letter of intent and are eligible for a contract. The commissioner and a nursing facility may mutually agree to extend the deadline for executing a contract beyond the October 1 deadline. Until a contract is signed, the facility's payment rate shall be determined under section 256B.431. Contracts for the rate year beginning July 1, 1995, are effective retroactively to July 1, 1995, even if the contract is executed after that date. If the commissioner determines that a facility is not eligible for a contract under this section, or if a contract is not executed by January 1, 1996, the nursing facility payments for the entire rate year must be determined under the cost-based payment system pursuant to sections 256B.41 to 256B.502 and Minnesota Rules, parts 9549.0010 to 9549.0080.

(b) To enter into an alternative payment system contract for rate years beginning on or after July 1, 1996, a facility must submit a letter of intent to the commissioner by April 1 in order to be eligible to enter into a contract for the rate year beginning July 1 that year. The commissioner must notify the facility concerning its eligibility for a contract by May 1 and must enter into a contract by July 1 unless both the commissioner and the nursing facility agree to extend the deadline for executing a contract.

Subd. 3. [EXPIRATION.] The expiration date of all contracts entered into under this section is June 30, 1999. A contract entered into under this section must not be terminated prior to June 30, 1999, unless both the nursing facility and the commissioner agree to early termination or a termination or modification is ordered by the legislature. The contractual alternative payment system established under this section also expires on June 30, 1999.

Subd. 4. [ALTERNATE RATES FOR NURSING FACILITIES.] (a) For nursing facilities which elect to have their payment rates determined under this section rather than section 256B.431, subdivision 25, the commissioner shall establish a rate under this subdivision. The nursing facility must enter into a written contract with the commissioner.

(b) A nursing facility's payment rate for the first rate year of a facility's contract under this section is the payment rate the facility would have received under section 256B.431, subdivision 25, except that paragraph (b) of that subdivision shall not apply and the 21-month inflation index under section 256B.431, subdivision 25, paragraph (d), clause (1), shall be reduced by two percentage points.

(c) A nursing facility's payment rates for the second and subsequent years of a facility's contract under this section are the previous rate year's contract payment rates plus an inflation adjustment. The index for the inflation adjustment must be based on the change in the Consumer Price Index-All Items (United States City average) (CPI-U) forecasted by Data Resources, Inc., as forecasted in the fourth quarter of the calendar year preceding the rate year. The inflation adjustment must be based on the 12-month period from the midpoint of the previous rate year to the midpoint of the rate year for which the rate is being determined.

Subd. 5. [PRIVATE PAY RATES.] For rate years beginning on or after July 1, 1995, the commissioner shall determine the maximum private pay case mix payment rates for nursing facilities subject to rate-setting provisions under this section. For purposes of section 256B.48, subdivision 1, the maximum private pay payment rate for the rate year beginning July 1, 1995, shall be equal to the greater of total case mix payment rates determined in section 256B.431, subdivision 25, or in subdivision 1. For residents expected to have a length of stay of 100 days or less as certified by a preadmission screening team, the private pay case mix payment rate may be established by the facility at a level ten percent above the comparable medical assistance rate. For

rate years beginning on or after July 1, 1996, the nursing facility's maximum private pay case mix payment rates shall be the prior year's maximum private pay rates indexed by the inflation factor in section 256B.431, subdivision 25, paragraph (d), clause (2). For persons expected to have a length of stay of 100 days or less as certified by a preadmission screening team but who remain in the facility more than 100 days, the facility shall refund any additional payments received during the first 100 days above the medical assistance case mix payment rate.

Subd. 6. [CONTRACT PAYMENT RATES; APPEALS.] If an appeal is pending concerning the cost-based payment rates that are the basis for the calculation of the payment rate under the alternative payment system, the commissioner and the nursing facility may negotiate a settlement to the appeal to be incorporated into the alternative payment system contract, or they may agree on an interim contract rate to be used until the appeal is resolved. When the appeal is resolved, the contract rate must be adjusted retroactively in accordance with the appeal decision. Any pending appeals relating to a facility that has filed a letter of intent and has been determined by the commissioner to be eligible for an alternative payment system contract must be given priority over the other appeals.

Subd. 7. [CASE MIX ASSESSMENTS.] For the first year of the alternative payment system contract, case mix classifications must be determined according to the assessment process used for the cost-based payment system, except that the assessments must be completed at the same time as the federal minimum data set resident assessments. Residents must be reassessed when there is a significant change in the resident's condition. For the second rate year of the alternative payment system, the federal minimum data set resident assessment serves as the case mix assessment. The commissioner and the commissioner of health shall develop procedures and methodologies for converting information collected under the federal minimum data set resident assessment to a case mix assessment.

Subd. 8. [OPTIONAL HIGHER PAYMENTS FOR FIRST 100 DAYS.] The commissioner may include in the contract with a nursing facility under this section a higher rate for the first 100 days after admission than for subsequent days. The rate for the subsequent days must be reduced so that the estimated total cost to the medical assistance program will not exceed the estimated cost without the differential payment rates.

Subd. 9. [MANAGED CARE CONTRACTS FOR OTHER SERVICES.] Beginning July 1, 1995, the commissioner may contract with nursing facilities that have entered into alternative payment system contracts under this section to provide medical assistance services other than nursing facility care to residents of the facility under a prepaid, managed care payment system. For purposes of contracts entered into under this subdivision, the commissioner may waive one or more of the requirements for payment for ancillary services in section 256B.433. Managed care contracts for other services may be entered into at any time during the duration of a nursing facility's alternative payment system contract, and the terms of the managed care contracts need not coincide with the terms of the alternative payment system contract.

Subd. 10. [EXEMPTIONS.] (a) To the extent permitted by federal law, (1) a facility that has entered into a contract under this section is not required to file a cost report, as defined in Minnesota Rules, part 9549.0020, subpart 13, for any year after the base year that is the basis for the calculation of the contract payment rate for the first rate year of the alternative payment system contract; and (2) a facility under contract is not subject to audits of historical costs or revenues, or paybacks or retroactive adjustments based on these costs or revenues, except audits, paybacks, or adjustments relating to the cost report that is the basis for calculation of the first rate year under the contract.

(b) A facility that is under contract with the commissioner under this section is not subject to the moratorium on licensure or certification of new nursing home beds in section 144A.071, unless the project results in a net increase in bed capacity or involves relocation of beds from one site to another. Contract payment rates must not be adjusted to reflect any additional costs that a nursing facility incurs as a result of a construction project undertaken under this paragraph. Nothing in this section prevents a nursing facility participating in the alternative payment system under this section from seeking approval of an exception to the moratorium through the process established in section 144A.071, and if approved the facility's rates shall be adjusted to reflect the cost of the project.

(c) Notwithstanding section 256B.48, subdivision 6, paragraphs (c), (d), and (e), a nursing facility that is under contract with commissioner under this section is in compliance with section 256B.48, subdivision 6, paragraph (b), if the facility is Medicare certified.

Subd. 11. [CONSUMER PROTECTION.] As a condition of entering into a contract under this section, a nursing facility must agree to establish resident grievance procedures that are substantially similar to those required of health plan vendors participating in the prepaid medical assistance program under section 256B.69, subdivision 6, clause (4). The commissioner may also require nursing facilities to establish expedited grievance procedures to resolve complaints made by short-stay residents. The facility must notify its resident council of its intent to enter into a contract and must consult with the council regarding any changes in operation expected as a result of the contract.

Subd. 12. [APPEALS.] A nursing facility may appeal a decision of the commissioner concerning the alternative payment system under section 256B.50.

Subd. 13. [CONTRACTS ARE VOLUNTARY.] Participation of nursing facilities in the alternative payment system is voluntary. The terms and procedures governing the alternative payment system are determined under this section and through negotiations between the commissioner and nursing facilities that have submitted a letter of intent to participate in the alternative system. Procedures, requirements, and policies governing the alternative payments system must be published in the State Register by July 1, 1995, and subsequently whenever they are revised.

Subd. 14. [PAYMENT SYSTEM REFORM.] (a) The commissioner, in consultation with an advisory committee, shall study options for reforming the regulatory and reimbursement system for nursing facilities to reduce the level of regulation, reporting, and procedural requirements, and to provide greater flexibility and incentives to stimulate completion and innovation. The advisory committee shall include, at a minimum, representatives from the long-term care provider community, the department of health, and consumers of long-term care services. The advisory committee sunsets on June 30, 1997. Among other things, the commissioner shall consider the feasibility and desirability of changing from a certification requirement to an accreditation requirement for participation in the medical assistance program, options to encourage early discharge of short-term residents through the provision of intensive therapy, and further modifications needed in rate equalization. The commissioner shall also include detailed recommendations for a permanent managed care payment system to replace the contractual alternative payment system authorized under this section. The commissioner shall submit a report with findings and recommendations to the legislature by January 15, 1997.

(b) If a permanent managed care payment system has not been enacted into law by July 1, 1997, the commissioner shall develop and implement a transition plan to enable nursing facilities under contract with the commissioner under this section to revert to the cost-based payment system at the expiration of the alternative payment system. The commissioner shall include in the alternative payment system contracts entered into under this section a provision to permit an amendment to the contract to be made after July 1, 1997, governing the transition back to the cost-based payment system. The transition plan and contract amendments are not subject to rulemaking requirements.

Sec. 9. Minnesota Statutes 1994, section 256B.501, subdivision 3, is amended to read:

Subd. 3. [RATES FOR INTERMEDIATE CARE FACILITIES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.] The commissioner shall establish, by rule, procedures for determining rates for care of residents of intermediate care facilities for persons with mental retardation or related conditions. ~~The procedures shall be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of residents in efficiently and economically operated facilities.~~ In developing the procedures, the commissioner shall include:

(a) cost containment measures that assure efficient and prudent management of capital assets and operating cost increases which do not exceed increases in other sections of the economy;

(b) limits on the amounts of reimbursement for property, ~~general and administration,~~ and new facilities;

(c) requirements to ensure that the accounting practices of the facilities conform to generally accepted accounting principles;

(d) incentives to reward accumulation of equity;

~~(e) a revaluation on sale between unrelated organizations for a facility that, for at least three years before its use as an intermediate care facility, has been used by the seller as a single family home and been claimed by the seller as a homestead, and was not revalued immediately prior to or upon entering the medical assistance program, provided that the facility revaluation not exceed the amount permitted by the Social Security Act, section 1902(a)(13); and rule revisions which:~~

(1) combine the program, maintenance, and administrative operating cost categories, and professional liability and real estate insurance expenses into one general operating cost category;

(2) eliminate the maintenance and administrative operating cost category limits and account for disallowances under the rule existing on the effective date of this section in the revised rule. If this provision is later invalidated, the total administrative cost disallowance shall be deducted from economical facility payments in clause (3);

(3) establish an economical facility incentive that rewards facilities that provide all appropriate services in a cost-effective manner and penalizes reductions of either direct service wages or standardized hours of care per resident;

(4) establish a best practices award system that is based on outcome measures and that rewards quality, innovation, cost effectiveness, and staff retention;

(5) establish compensation limits for employees on the basis of full-time employment and the developmentally disabled client base of a provider group or facility. The commissioner may consider the inclusion of hold harmless provisions;

(6) establish overall limits on a high cost facility's general operating costs. The commissioner shall consider groupings of facilities that account for a significant variation in cost. The commissioner may differentiate in the application of these limits between high and very high cost facilities. The limits, once established, shall be indexed for inflation and may be rebased by the commissioner;

(7) utilize the client assessment information obtained from the application of the provisions in subdivision 3g for the revisions in clauses (3), (4), and (6); and

(8) develop cost allocation principles which are based on facility expenses; and

~~(f) appeals procedures that satisfy the requirements of section 256B.50 for appeals of decisions arising from the application of standards or methods pursuant to Minnesota Rules, parts 9510.0500 to 9510.0890, 9553.0010 to 9553.0080, and 12 MCAR 2.05301 to 2.05315 (temporary).~~

~~In establishing rules and procedures for setting rates for care of residents in intermediate care facilities for persons with mental retardation or related conditions, the commissioner shall consider the recommendations contained in the February 11, 1983, Report of the Legislative Auditor on Community Residential Programs for the Mentally Retarded and the recommendations contained in the 1982 Report of the Department of Public Welfare Rule 52 Task Force. Rates paid to supervised living facilities for rate years beginning during the fiscal biennium ending June 30, 1985, shall not exceed the final rate allowed the facility for the previous rate year by more than five percent.~~

Sec. 10. Minnesota Statutes 1994, section 256B.501, subdivision 3c, is amended to read:

Subd. 3c. [COMPOSITE FORECASTED INDEX.] ~~For rate years beginning on or after October 1, 1988, the commissioner shall establish a statewide composite forecasted index to take into account economic trends and conditions between the midpoint of the facility's reporting year and the midpoint of the rate year following the reporting year. The statewide composite index must incorporate the forecast by Data Resources, Inc. of increases in the average hourly earnings of nursing and personal care workers indexed in Standard Industrial Code 805 in "Employment and Earnings," published by the Bureau of Labor Statistics, United States Department of Labor.~~

~~This portion of the index must be weighted annually by the proportion of total allowable salaries and wages to the total allowable operating costs in the program, maintenance, and administrative operating cost categories for all facilities.~~

~~For adjustments to the other operating costs in the program, maintenance, and administrative operating cost categories, the statewide index must incorporate the Data Resources, Inc. forecast for increases in the national CPI-U. This portion of the index must be weighted annually by the proportion of total allowable other operating costs to the total allowable operating costs in the program, maintenance, and administrative operating cost categories for all facilities. The commissioner shall use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the reporting year.~~

For rate years beginning on or after October 1, 1990, the commissioner shall index a facility's allowable operating costs in the program, maintenance, and administrative operating cost categories by using Data Resources, Inc., forecast for change in the Consumer Price Index-All Items (U.S. city average) (CPI-U). The commissioner shall use the indices as forecasted by Data Resources, Inc., in the first quarter of the calendar year in which the rate year begins. For fiscal years beginning after June 30, 1993, the commissioner shall not provide automatic inflation adjustments for intermediate care facilities for persons with mental retardation. The commissioner of finance shall include annual inflation adjustments in operating costs for intermediate care facilities for persons with mental retardation and related conditions as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11. The commissioner shall use the Consumer Price Index-All Items (United States city average) (CPI-U) as forecasted by Data Resources, Inc., to take into account economic trends and conditions for changes in facility allowable historical general operating costs and limits. The forecasted index shall be established for allowable historical general operating costs as follows:

(1) the CPI-U forecasted index for allowable historical general operating costs shall be determined in the first quarter of the calendar year in which the rate year begins, and shall be based on the 21-month period from the midpoint of the facility's reporting year to the midpoint of the rate year following the reporting year; and

(2) for rate years beginning on or after October 1, 1995, the CPI-U forecasted index for the overall operating cost limits and for the individual compensation limit shall be determined in the first quarter of the calendar year in which the rate year begins, and shall be based on the 12-month period between the midpoints of the two reporting years preceding the rate year.

Sec. 11. Minnesota Statutes 1994, section 256B.501, is amended by adding a subdivision to read:

Subd. 5b. [ICF/MR OPERATING COST LIMITATION AFTER SEPTEMBER 30, 1995.] (a) For rate years beginning on October 1, 1995, and October 1, 1996, the commissioner shall limit the allowable operating cost per diems, as determined under this subdivision and the reimbursement rules, for high cost ICFs/MR. Prior to indexing each facility's operating cost per diems for inflation, the commissioner shall group the facilities into eight groups. The commissioner shall then array all facilities within each grouping by their general operating cost per service unit per diems.

(b) The commissioner shall annually review and adjust the general operating costs incurred by the facility during the reporting year preceding the rate year to determine the facility's allowable historical general operating costs. For this purpose, the term general operating costs means the facility's allowable operating costs included in the program, maintenance, and administrative operating costs categories, as well as the facility's related payroll taxes and fringe benefits, real estate insurance, and professional liability insurance. A facility's total operating cost payment rate shall be limited according to paragraphs (c) and (d) as follows:

(c) A facility's total operating cost payment rate shall be equal to its allowable historical operating cost per diems for program, maintenance, and administrative cost categories multiplied by the forecasted inflation index in subdivision 3c, clause (1), subject to the limitations in paragraph (d).

(d) For the rate years beginning on or after October 1, 1995, the commissioner shall establish

maximum overall general operating cost per service unit limits for facilities according to clauses (1) to (8). Each facility's allowable historical general operating costs and client assessment information obtained from client assessments completed under subdivision 3g for the reporting year ending December 31, 1994 (the base year), shall be used for establishing the overall limits. If a facility's proportion of temporary care resident days to total resident days exceeds 80 percent, the commissioner must exempt that facility from the overall general operating cost per service unit limits in clauses (1) to (8). For this purpose, "temporary care" means care provided by a facility to a client for less than 30 consecutive resident days.

(1) The commissioner shall determine each facility's weighted service units for the reporting year by multiplying its resident days in each client classification level as established in subdivision 3g, paragraph (d), by the corresponding weights for that classification level, as established in subdivision 3g, paragraph (i), and summing the results. For the reporting year ending December 31, 1994, the commissioner shall use the service unit score computed from the client classifications determined by the Minnesota department of health's annual review, including those of clients admitted during that year.

(2) The facility's service unit score is equal to its weighted service units as computed in clause (1), divided by the facility's total resident days excluding temporary care resident days, for the reporting year.

(3) For each facility, the commissioner shall determine the facility's cost per service unit by dividing its allowable historical general operating costs for the reporting year by the facility's service unit score in clause (2) multiplied by its total resident days, or 85 percent of the facility's capacity days times its service unit score in clause (2), if the facility's occupancy is less than 85 percent of licensed capacity. If a facility reports temporary care resident days, the temporary care resident days shall be multiplied by the service unit score in clause (2), and the resulting weighted resident days shall be added to the facility's weighted service units in clause (1) prior to computing the facility's cost per service unit under this clause.

(4) The commissioner shall group facilities based on class A or class B licensure designation, number of licensed beds, and geographic location. For purposes of this grouping, facilities with six beds or less shall be designated as small facilities and facilities with more than six beds shall be designated as large facilities. If a facility has both class A and class B licensed beds, the facility shall be considered a class A facility for this purpose if the number of class A beds is more than half its total number of ICF/MR beds; otherwise the facility shall be considered a class B facility. The metropolitan geographic designation shall include Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington counties. All other Minnesota counties shall be designated as the nonmetropolitan geographic group. These characteristics result in the following eight groupings:

- (i) small class A metropolitan;
- (ii) large class A metropolitan;
- (iii) small class B metropolitan;
- (iv) large class B metropolitan;
- (v) small class A nonmetropolitan;
- (vi) large class A nonmetropolitan;
- (vii) small class B nonmetropolitan; and
- (viii) large class B nonmetropolitan.

(5) The commissioner shall array facilities within each grouping in clause (4) by each facility's cost per service unit as determined in clause (3).

(6) The overall operating cost per service unit limit for each group shall be established as follows:

- (i) in each array established in clause (5), two general operating cost limits shall be determined.

The first cost per service unit limit shall be established at .5 and less than or equal to 1.0 standard deviation above the median of that array. The second cost per service unit limit shall be established at 1.0 standard deviation above the median of the array; and

(ii) the overall operating cost per service unit limits shall be indexed for inflation annually beginning with the reporting year ending December 31, 1995, using the forecasted inflation index in subdivision 3c, clause (2).

(7) Annually, facilities shall be arrayed using the method described in clauses (1) and (5). Each facility with a cost per service unit at or above its group's first cost per service unit limit, but less than the second cost per service unit limit for that group, shall be limited to 98 percent of its total operating cost per diems then add the forecasted inflation index in subdivision 3c, clause (1). Each facility with a cost per service unit at or above the second cost per service unit limit will be limited to 97 percent of its total operating cost per diems, then add the forecasted inflation index in subdivision 3c, clause (1).

(8) The commissioner may rebase these overall limits, using the method described in this subdivision, but no more frequently than once every three years.

(e) For rate years beginning on or after October 1, 1995, the facility's efficiency incentive shall be determined as provided in the reimbursement rule.

(f) The total operating cost payment rate shall be the sum of paragraphs (c), (d), and (e).

Sec. 12. Minnesota Statutes 1994, section 256B.69, is amended by adding a subdivision to read:

Subd. 18. [ALTERNATIVE INTEGRATED LONG-TERM CARE SERVICES; ELDERLY AND DISABLED PERSONS.] (a) The commissioner may implement demonstration projects to create alternative integrated delivery systems for acute and long-term care services to elderly and disabled persons that provide increased coordination, improve access to quality services, and mitigate future cost increases. The commissioner may seek federal authority to combine Medicare and Medicaid capitation payments for the purpose of such demonstrations. Medicare funds and services shall be administered according to the terms and conditions of the federal waiver and demonstration provisions. For the purpose of administering medical assistance funds, demonstrations under this subdivision are subject to subdivisions 1 to 17. The provisions of Minnesota Rules, parts 9500.1450 to 9500.1464, apply to these demonstrations, with the exceptions of parts 9500.1452, subpart 2, item B; and 9500.1457, subpart 1, items B and C, which do not apply to elderly persons enrolling in demonstrations under this section. An initial open enrollment period may be provided. Persons who disenroll from demonstrations under this subdivision remain subject to Minnesota Rules, parts 9500.1450 to 9500.1464. When a person is enrolled in a health plan under these demonstrations and the health plan's participation is subsequently terminated for any reason, the person shall be provided an opportunity to select a new health plan and shall have the right to change health plans within the first 60 days of enrollment in the second health plan. Persons required to participate in health plans under this section who fail to make a choice of health plan shall not be randomly assigned to health plans under these demonstrations. Notwithstanding section 256.9363, subdivision 5, and Minnesota Rules, part 9505.5220, subpart 1, item A, if adopted, for the purpose of demonstrations under this subdivision, the commissioner may contract with managed care organizations to serve only elderly persons eligible for medical assistance, elderly and disabled persons, or disabled persons only.

Before implementation of a demonstration project for disabled persons, the commissioner must provide information to appropriate committees of the house of representatives and senate and must involve representatives of affected disability groups in the design of the demonstration projects.

(b) A nursing facility reimbursed under the alternative reimbursement methodology in section 256B.434 may, in collaboration with a hospital, clinic, or other health care entity provide services under paragraph (a). The commissioner shall amend the state plan and seek any federal waivers necessary to implement this paragraph.

Sec. 13. [MEDICAL ASSISTANCE ASSET TRANSFER AND ELIGIBILITY REQUIREMENTS.]

The commissioner of human services shall investigate and pursue all viable options for tightening the medical assistance asset transfer and eligibility requirements to restore and preserve the function of the medical assistance program as a safety net program for low-income Minnesotans who cannot afford to meet their medical needs with their own resources. Among other actions, the commissioner shall aggressively pursue waivers of federal requirements to strengthen restrictions on transfers of assets for the purposes of gaining eligibility for medical assistance.

Sec. 14. [REPEALER.]

Subdivision 1. Minnesota Statutes 1994, section 256B.501, subdivisions 3d and 3e, are repealed for rate years beginning after September 30, 1996.

Subd. 2. Minnesota Statutes 1994, section 256B.501, subdivision 3f, is repealed effective July 1, 1995.

Sec. 15. [EFFECTIVE DATE.]

Section 8 (256B.434) is effective the day following final enactment.

ARTICLE 9

COMMUNITY MENTAL HEALTH AND STATE OPERATED SERVICES

Section 1. Minnesota Statutes 1994, section 245.4882, subdivision 5, is amended to read:

Subd. 5. [SPECIALIZED RESIDENTIAL TREATMENT SERVICES.] The commissioner of human services shall continue efforts to further interagency collaboration to develop a comprehensive system of services, including family community support and specialized residential treatment services for children. The services shall be designed for children with emotional disturbance who exhibit violent or destructive behavior and for whom local treatment services are not feasible due to the small number of children statewide who need the services and the specialized nature of the services required. The services shall be located in community settings. If no appropriate services are available in Minnesota or within the geographical area in which the residents of the county normally do business, the commissioner is responsible, effective July 1, 1995 1997, for 50 percent of the nonfederal costs of out-of-state treatment of children for whom no appropriate resources are available in Minnesota. Counties are eligible to receive enhanced state funding under this section only if they have established juvenile screening teams under section 260.151, subdivision 3, and if the out-of-state treatment has been approved by the commissioner. By January 1, 1995, the commissioners of human services and corrections shall jointly develop a plan, including a financing strategy, for increasing the in-state availability of treatment within a secure setting. By July 1, 1994, the commissioner of human services shall also:

(1) conduct a study and develop a plan to meet the needs of children with both a developmental disability and severe emotional disturbance; and

(2) study the feasibility of expanding medical assistance coverage to include specialized residential treatment for the children described in this subdivision.

Sec. 2. Minnesota Statutes 1994, section 245.4886, is amended by adding a subdivision to read:

Subd. 3. [GRANTS FOR ADOLESCENT SERVICES.] The commissioner may make grants for community-based services for adolescents who have serious emotional disturbance and exhibit violent behavior. The commissioner may administer these grants as a supplement to the grants for children's community-based mental health services under subdivision 1. The same administrative requirements shall apply to these grants as the grants under subdivision 1, except that these grants:

(1) shall be primarily for areas with the greatest need for services;

(2) may be used for assessment, family community support services specialized treatment approaches, specialized adolescent community-based residential treatment, and community transition services for adolescents and preadolescents who have serious emotional disturbance and exhibit violent behavior;

(3) shall emphasize intensive services as an alternative to placement;

(4) shall not be used to supplant existing funds;

(5) shall require grantees to continue base level funding as defined in section 245.492, subdivision 2;

(6) must, wherever possible, be administered under the auspices of a children's mental health collaborative established under section 245.491 if the collaborative chooses to serve this target population;

(7) must be used for mental health services that are integrated with other services whenever possible; and

(8) must be based on a proposal submitted to the commissioner by a children's mental health collaborative or a county board based on guidelines published by the commissioner. The guidelines shall require that proposed services be based on treatment methods that have proven effective in meeting the needs of this population and shall include preference for proposals that convert existing residential treatment beds for children in the county or collaborative's service area to meet this need, demonstrate participation from families of these children, and promote integration of the child into the school, home, and community. The commissioner shall consult with parents, educators, mental health professionals, county mental health staff, and representatives of the children's subcommittee of the state advisory board on mental health in developing the guidelines and evaluating proposals.

Sec. 3. Minnesota Statutes 1994, section 246.18, subdivision 4, is amended to read:

Subd. 4. [COLLECTIONS DEPOSITED IN THE GENERAL FUND.] Except as provided in subdivisions 2 ~~and~~, 5, and 6, all receipts from collection efforts for the regional treatment centers, state nursing homes, and other state facilities as defined in section 246.50, subdivision 3, must be deposited in the general fund. The commissioner shall ensure that the departmental financial reporting systems and internal accounting procedures comply with federal standards for reimbursement for program and administrative expenditures and fulfill the purpose of this paragraph.

Sec. 4. Minnesota Statutes 1994, section 246.18, is amended by adding a subdivision to read:

Subd. 6. [COLLECTIONS DEDICATED.] Except for state-operated programs and services funded through a direct appropriation from the legislature, money received within the regional treatment center system for the following state-operated services is dedicated to the commissioner for the provision of those services:

(1) community-based residential and day training and habilitation services for mentally retarded persons;

(2) community health clinic services;

(3) accredited hospital outpatient department services;

(4) certified rehabilitation agency and rehabilitation hospital services; or

(5) community-based transitional support services for adults with serious and persistent mental illness.

These funds must be deposited in the state treasury in a revolving account and funds in the revolving account are appropriated to the commissioner to operate the services authorized, and any unexpended balances do not cancel but are available until spent.

Sec. 5. Minnesota Statutes 1994, section 246.23, subdivision 2, is amended to read:

Subd. 2. [CHEMICAL DEPENDENCY TREATMENT.] The commissioner shall maintain a regionally based, state-administered system of chemical dependency programs. Counties may refer individuals who are eligible for services under chapter 254B to the chemical dependency units in the regional treatment centers. A 15 percent county share of the per diem cost of treatment

is required for individuals served within the treatment capacity funded by direct legislative appropriation. By July 1, 1991, the commissioner shall establish criteria for admission to the chemical dependency units that will maximize federal and private funding sources, fully utilize the regional treatment center capacity, and make state-funded treatment capacity available to counties on an equitable basis. The admission criteria may be adopted without rulemaking. Existing rules governing placements under chapters 254A and 254B do not apply to admissions to the capacity funded by direct appropriation. Private and third-party collections and payments are appropriated to the commissioner for the operation of the chemical dependency units. In addition to the chemical dependency treatment capacity funded by direct legislative appropriation, the regional treatment centers may provide treatment to additional individuals whose treatment is paid for out of the chemical dependency consolidated treatment fund under chapter 254B, in which case placement rules adopted under chapter 254B apply; to those individuals who are ineligible but committed for treatment under chapter 253B as provided in section 254B.05, subdivision 4; or to individuals covered through other nonstate payment sources.

Sec. 6. Minnesota Statutes 1994, section 254A.17, subdivision 3, is amended to read:

Subd. 3. [STATEWIDE DETOXIFICATION TRANSPORTATION PROGRAM.] The commissioner shall provide grants to counties, Indian reservations, other nonprofit agencies, or local detoxification programs for provision of transportation of intoxicated individuals to detoxification programs, to open shelters, and to secure shelters as defined in section 254A.085 and shelters serving intoxicated persons. In state fiscal years 1994 and, 1995, and 1996, funds shall be allocated to counties in proportion to each county's allocation in fiscal year 1993. In subsequent fiscal years, funds shall be allocated among counties annually in proportion to each county's average number of detoxification admissions for the prior two years, except that no county shall receive less than \$400. Unless a county has approved a grant of funds under this section, the commissioner shall make quarterly payments of detoxification funds to a county only after receiving an invoice describing the number of persons transported and the cost of transportation services for the previous quarter. A county must make a good faith effort to provide the transportation service through the most cost-effective community-based agencies or organizations eligible to provide the service. The program administrator and all staff of the program must report to the office of the ombudsman for mental health and mental retardation within 24 hours of its occurrence, any serious injury, as defined in section 245.91, subdivision 6, or the death of a person admitted to the shelter. The ombudsman shall acknowledge in writing the receipt of all reports made to the ombudsman's office under this section. Acknowledgment must be mailed to the facility and to the county social service agency within five working days of the day the report was made. In addition, the program administrator and staff of the program must comply with all of the requirements of section 626.557, the vulnerable adults act.

Sec. 7. Minnesota Statutes 1994, section 254B.05, subdivision 4, is amended to read:

Subd. 4. [REGIONAL TREATMENT CENTERS.] Regional treatment center chemical dependency treatment units are eligible vendors. The commissioner may expand the capacity of chemical dependency treatment units beyond the capacity funded by direct legislative appropriation to serve individuals who are referred for treatment by counties and whose treatment will be paid for with a county's allocation under section 254B.02 or other funding sources. Notwithstanding the provisions of sections 254B.03 to 254B.041, payment for any person committed at county request to a regional treatment center under chapter 253B for chemical dependency treatment and determined to be ineligible under the chemical dependency consolidated treatment fund, shall become the responsibility of the county.

Sec. 8. Minnesota Statutes 1994, section 256B.092, subdivision 4, is amended to read:

Subd. 4. [HOME AND COMMUNITY-BASED SERVICES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.] (a) The commissioner shall make payments to approved vendors participating in the medical assistance program to pay costs of providing home and community-based services, including case management service activities provided as an approved home and community-based service, to medical assistance eligible persons with mental retardation or related conditions who have been screened under subdivision 7 and according to federal requirements. Federal requirements include those services and limitations included in the federally approved application for home and community-based services for persons with mental retardation or related conditions and subsequent amendments.

(b) Effective July 1, 1995, and contingent upon federal approval and state appropriations made available for this purpose, the commissioner of human services shall allocate resources to county agencies for home- and community-based waived services for persons with mental retardation or related conditions authorized but not receiving those services as of June 30, 1995, based upon the average resource need of persons with similar functional characteristics. To ensure service continuity for service recipients receiving home- and community-based waived services for persons with mental retardation or related conditions prior to July 1, 1995, the commissioner shall make available to the county of financial responsibility home- and community-based waived services resources based upon fiscal year 1995 authorized levels.

(c) Home- and community-based resources for all recipients shall be managed by the county of financial responsibility within an allowable reimbursement average established for each county. Payments for home and community-based services provided to individual recipients shall not exceed amounts authorized by the county of financial responsibility. For specifically identified former residents of regional treatment centers and nursing facilities, the commissioner shall be responsible for authorizing payments and payment limits under the appropriate home and community-based service program. Payment is available under this subdivision only for persons who, if not provided these services, would require the level of care provided in an intermediate care facility for persons with mental retardation or related conditions.

Sec. 9. Laws 1990, chapter 610, article 1, section 12, subdivision 8, is amended to read:

Subd. 8. Remodel residential, construct, or demolish buildings, and related facility components at regional treatment centers to meet standards for skilled nursing facilities.

This appropriation is to complete remodeling of buildings for 105 beds at Brainerd, 70 beds at Cambridge, and 85 beds at Fergus Falls.

Of this appropriation, \$3,300,000 is available to program, plan, design, demolish, renovate, or construct buildings at Cambridge regional human service center.

The balance of this appropriation is available to program, plan, design, repair, renovate, construct, and demolish buildings or related facility components at regional treatment centers, to be selected by the commissioner of human services.

Sec. 10. Laws 1993, First Special Session chapter 1, article 8, section 51, subdivision 5, is amended to read:

Subd. 5. Sections 42 and 43 are effective ~~October 1, 1994~~ July 1, 1997.

Sec. 11. Laws 1993, First Special Session chapter 1, article 8, section 51, subdivision 6, is amended to read:

Subd. 6. Section 44 is effective ~~January 1, 1994~~ July 1, 1997.

Sec. 12. [SERVICES FOR DEVELOPMENTALLY DISABLED PERSONS; FARIBAULT REGIONAL CENTER CATCHMENT AREA.]

(a) This section governs the downsizing of the Faribault regional center (FRC). As residents are discharged from the Faribault regional center, the buildings will be transferred to the department of corrections, and the department of human services will develop a system of state-operated services that: (1) meets the needs of clients discharged from the Faribault regional center; (2) is fiscally sound; and (3) accommodates the evolving nature of the health care system.

(b) The Minnesota correctional facility at Faribault (MCF-FRB) shall expand its existing

capacity by 300 beds. The department of human services shall transfer buildings related to this expansion according to agreements between the department of corrections and the Faribault community task force, established pursuant to Minnesota Statutes, section 252.51, no sooner than July 1, 1995.

After the city of Faribault has held a public hearing, the Minnesota correctional facility at Faribault may subsequently proceed with expansion of its capacity by an additional 300 beds, on or after a date when the commissioner of human services certifies that the Faribault regional center campus will be vacated because alternative community-based services, including those developed by the department of human services in accordance with section 14, will be available for the remaining residents of the Faribault regional center. The actual date on which the remainder of the Faribault regional center campus will be transferred to the commissioner of corrections shall be determined by mutual agreement between the commissioners of human services and corrections, after consultation with the exclusive representatives and the Faribault community task force. In no event shall the total capacity of the Minnesota correctional facility at Faribault exceed 1,200 beds, and the Minnesota correctional facility at Faribault shall not include any maximum security beds. The transfer of the Faribault regional center campus to the commissioner of corrections shall occur no sooner than July 1, 1998, unless negotiated with the exclusive representatives and community task force.

(c) The department of corrections shall provide necessary and appropriate modifications to road access on the Faribault regional center campus within the available appropriation. The city of Faribault shall not bear any cost of such modifications.

The department of corrections shall request necessary appropriations in future legislative sessions to provide necessary and appropriate modifications to the water-sewage system used by the Faribault regional center, the Minnesota correctional facility at Faribault, and the city of Faribault. The city of Faribault shall not bear any cost of such modifications.

(d) No sooner than July 1, 1995, the Faribault regional center shall transfer the operation of its power plant to the Minnesota correctional facility at Faribault contingent upon the Minnesota correctional facility at Faribault receiving a state appropriation for the full cost of necessary positions. The Faribault regional center employees in positions assigned to the power plant as of the transfer date shall be allowed to transfer to the Minnesota correctional facility at Faribault or exercise their memorandum of understanding options. All employees who transfer shall retain their current classification, employment condition, and salary upon such transfer.

(e) Prior to the transfer of the Faribault regional center laundry to the Minnesota correctional facility at Faribault, the Faribault regional center shall decrease laundry positions as the Faribault regional center resident population declines. However, the department of human services and the Faribault regional center laundry management shall actively pursue additional shared service contracts to offset any involuntary position reductions in the laundry. The additional laundry work done as a result of the initial 300-bed corrections expansion will also be used to offset any involuntary position reductions. Further expansion of corrections beds and the resultant increased laundry will also be used to offset any involuntary reductions. If, after the above, position reductions are necessary, they shall occur pursuant to the memorandum of understanding between the state, the department of human services, and the exclusive representatives.

Upon the transfer of the Faribault regional center campus to the commissioner of corrections, the Faribault regional center may transfer the laundry to the Minnesota correctional facility at Faribault. If the transfer occurs, the Minnesota correctional facility at Faribault shall operate the laundry as a prison industry. The Minnesota correctional facility at Faribault shall maintain existing shared service contracts. The shared service positions shall be maintained by the Minnesota correctional facility at Faribault unless shared service income does not support these positions. If such positions are to be eliminated, such elimination shall be pursuant to the memorandum of understanding. However, other than specified above, the Minnesota correctional facility at Faribault shall only eliminate positions through attrition.

All Faribault regional center employees assigned to the laundry as of the transfer date shall be allowed to transfer to the Minnesota correctional facility at Faribault or exercise their memorandum of understanding options. All employees who transfer shall retain their current classification, employment condition, and salary upon such transfer.

(f) In consultation with the applicable exclusive representatives, the departments of corrections, human services, and employee relations shall establish training programs to enhance the opportunity of the Faribault regional center employees to obtain positions beyond entry level at the Minnesota correctional facility at Faribault. While participating in this training, individuals shall remain on the Faribault regional center payroll and the department of human services shall seek a legislative appropriation for this purpose. The department of corrections shall seek a legislative appropriation for retraining the Faribault regional center employees.

Sec. 13. [SOUTHERN CITIES COMMUNITY HEALTH CLINIC.]

The commissioner of human services shall consult with the Faribault community task force and the exclusive representatives before making any decisions about:

- (1) the future of the Southern Cities Community Health Clinic;
- (2) the services currently provided by that clinic to developmentally disabled clients in the Faribault regional center catchment area; and
- (3) changes in the model for providing those services.

The department of human services shall guarantee the provision of medically necessary psychiatric and dental services to developmentally disabled clients in the Faribault service area until or unless other appropriate arrangements have been made to provide those clients with those services.

Sec. 14. [STATE-OPERATED SERVICES IN THE FARIBAULT CATCHMENT AREA.]

(a) Notwithstanding Minnesota Statutes, section 252.025, subdivision 4, and in addition to the programs already developed, the department of human services shall establish the following state-operated, community-based programs in the Faribault regional center catchment area:

(1) state-operated community residential services to serve as a primary provider for 40 current residents of the Faribault regional center whose clinical symptoms or behaviors make them difficult to serve. Those state-operated, community-based residential services shall be configured as ten four-bed waived services homes. The program configuration may be modified in accordance with paragraph (c).

Beginning July 1, 1995, in addition to the residential services for those 40 clients, the department of human services agrees to seek legislation to develop and establish state-operated, community-based residential services for any other current residents of the Faribault regional center for whom the commissioner of human services finds that respective counties of financial responsibility are unable to find appropriate residential services operated by private providers. Counties shall give the strongest possible consideration to the placement preference of clients and families;

(2) a minimum of four state-operated day training and habilitation facilities for persons leaving the Faribault regional center as the result of downsizing and for other individuals referred by county agencies;

(3) crisis services for developmentally disabled persons in the Faribault regional center catchment area, including crisis beds and mobile intervention teams. These state-operated crisis services shall be configured as three four-bed programs. The program configuration may be modified in accordance with paragraph (c);

(4) area management services sufficient to manage state-operated, community-based programs within the existing Faribault regional center catchment area;

(5) area maintenance services sufficient to maintain the physical facilities housing state-operated services in the Faribault regional center catchment area; and

(6) technical assistance and training services for both public and private providers.

(b) All employees of the state-operated services established under this subdivision shall be state

employees under Minnesota Statutes, chapters 43A and 179A, and shall consist of no fewer than 182 full-time employee equivalents, excluding additional personnel that may be necessary to staff additional state-operated, community-based residential services.

(c) Any changes in the configuration and design of programs described in this subdivision must be negotiated and agreed to by the affected exclusive representatives. The parties also must meet and discuss ways to provide the highest quality services, while maintaining or increasing cost effectiveness.

(d) The department of human services shall assist the counties with financial responsibility for those Faribault regional center residents who will be discharged into state-operated, community-based residential programs in developing service options located in and around the city of Faribault.

The department of human services shall seek funding, including the capital bonding necessary to establish the state-operated services authorized in this subdivision, including area management services to be located in or around the city of Faribault.

Sec. 15. [CAMBRIDGE REGIONAL HUMAN SERVICE CENTER COMMUNITY INTEGRATION PROGRAM.]

Subdivision 1. [COMMUNITY INTEGRATION PROGRAMS.] Notwithstanding the requirements of Minnesota Statutes, section 252.025 or 252.50, and sections 12 to 14, the commissioner of human services shall develop the following state-operated community services for persons with developmental disabilities in cooperation with the Cambridge regional human services center: residential services for 12 persons each year of the 1996-1997 biennium for a total of not fewer than 24 persons. The commissioner shall also develop residential services for 12 persons each year of the 1998-1999 biennium. In addition, the commissioner shall authorize the development of state-operated community services for other persons for whom the counties of financial responsibility are unable to find appropriate residential or day training and habilitation services. These services shall be developed in the catchment area currently served by the Cambridge regional human services center in accordance with the requirements of Minnesota Statutes, section 252.51, and shall be in addition to the services and programs currently authorized for the catchment area. The provisions in this subdivision may be implemented when the request for developing the service is made by the county of financial responsibility, and is approved by the individual or the individual's legally authorized agent. During the biennium ending June 30, 1997, the commissioner shall allocate waiver slots for state-operated community services according to the authorization made by the legislature for the biennium. Within the available funding for waived state-operated community services, the commissioner shall assure that the costs for state-operated community services are met on a cost-of-care basis. These services shall be in addition to the services and programs currently operated by the Cambridge regional human services center and the center shall provide administrative and support services for the programs developed under this section.

Subd. 2. [CAMPUS PROGRAMS.] (a) During the 1996-1997 biennium, the commissioner shall maintain capacity at Cambridge regional human services center and will continue to provide residential and crisis services at Cambridge for persons with complex behavioral and social problems committed by the courts from the Faribault regional center and Cambridge regional human services center catchment areas.

The commissioner shall develop a specialized service model at the Cambridge campus to serve citizens of Minnesota who have a developmental disability and exhibit severe behaviors which present a risk to public safety. This service will have the capacity to serve between 40 to 100 individuals and will maintain a staffing ratio of 1:1.938 plus six technical positions for outreach and follow-along care.

During fiscal year 1996, the commissioner shall initiate an implementation process which must include representatives selected by the employees' exclusive representatives. The implementation process will include assessing the actual need for service in this specialized model, defining the service capacity, program design, and establishment of the service model.

This implementation process will also include assessing the service capacity needed to allow

Cambridge regional human services center to provide a safety net of residential and crisis services to persons with developmental disabilities and complex behavioral and social problems who are committed by the courts.

The commissioner shall also initiate architectural and engineering predesign required to develop a capital budget proposal for the 1996 legislative session. This proposal shall include any necessary campus infrastructure improvements, building modifications, and construction required to accommodate the above referenced services and related restructuring of the Cambridge campus.

During the fiscal year 1996-1997 biennium the commissioner shall make every reasonable effort, within the limits of available resources, to achieve a 1:1.938 staffing ratio for the 35 individuals residing at the Cambridge regional human service center who will be served in the future by the specialized service model. Any appropriations made specifically for this purpose shall be used to achieve a 1:1.938 staffing ratio at the earliest possible date within the biennium.

(b) The commissioner of human services shall provide a report for the 1996 legislature by January 15, 1996, regarding the number of children with developmental disabilities who are receiving residential services out of state. The report shall include the number of children involved, the location and type of services being received, and the cost of those services.

(c) The satellite office designated for local administration of MinnesotaCare including enrollment staff functions shall be located on the campus of the Cambridge regional human services center.

Sec. 16. [WAIVER ALLOCATION FOR STATE-OPERATED COMMUNITY SERVICES.]

In the administration of waivers for home- and community-based services subject to Minnesota Statutes, section 256B.092, the commissioner of human services shall be solely responsible for the allocation of waiver resources to counties and such costs shall be based on average resource need of persons with similar functional characteristics. During the biennium ending June 30, 1997, the commissioner shall allocate waiver slots for state-operated community services according to the authorizations made by the legislature for the biennium. The commissioner of human services shall assure that the costs for state-operated community-based services are met on a cost-of-care basis. Within available appropriations for home- and community-based waivers, the commissioner may establish state-operated, community-based residential services, in addition to those authorized, for residents of regional treatment centers for whom the commissioner finds that the respective counties of financial responsibility are unable to find appropriate residential services operated by private providers. Counties shall give the strongest possible consideration to the placement preferences of clients and families.

Sec. 17. [PILOT PROJECTS TO TEST ALTERNATIVES TO DELIVERY OF MENTAL HEALTH SERVICES.]

Subdivision 1. [AUTHORIZATION FOR PILOT PROJECTS.] The commissioner of human services may approve pilot projects to test alternatives to or the enhanced coordination of the delivery of mental health services required under the Minnesota comprehensive adult mental health act, Minnesota Statutes, sections 245.461 to 245.486.

Subd. 2. [PROGRAM DESIGN AND IMPLEMENTATION.] (a) The pilot projects shall be established to design, plan, and improve the mental health service delivery system for adults with serious and persistent mental illness that would:

(1) provide an expanded array of services from which clients can choose services appropriate to their needs;

(2) be based on purchasing strategies that improve access and coordinate services without cost shifting;

(3) incorporate existing state facilities and resources into the community mental health infrastructure through creative partnerships with local vendors; and

(4) utilize existing categorical funding streams and reimbursement sources in combined and creative ways, except appropriations to regional treatment centers and all funds that are

attributable to the operation of state-operated services are excluded unless appropriated specifically by the legislature for a purpose consistent with this section.

(b) All projects must complete their planning phase and be operational by June 30, 1997.

Subd. 3. [PROGRAM EVALUATION.] Evaluation of each project will be based on outcome evaluation criteria negotiated with each project prior to implementation.

Subd. 4. [NOTICE OF PROJECT DISCONTINUATION.] Each project may be discontinued for any reason by the project's managing entity or the commissioner of human services, after 90 days' written notice to the other party.

Subd. 5. [PLANNING FOR PILOT PROJECTS.] Each local plan for a pilot project must be developed under the direction of the county board, or multiple county boards acting jointly, as the local mental health authority. The planning process for each pilot shall include, but not be limited to, mental health consumers, families, advocates, local mental health advisory councils, local and state providers, representatives of state and local public employee bargaining units, and the department of human services. As part of the planning process, the county board or boards shall designate a managing public entity responsible for receipt of funds and management of the pilot project.

Subd. 6. [DUTIES OF COMMISSIONER.] (a) For purposes of the pilot projects, the commissioner shall facilitate integration of funds or other resources as needed and requested by each project. These resources may include:

(1) residential services funds administered under Minnesota Rules, parts 9535.2000 to 9535.3000, in an amount to be determined by mutual agreement between the project's managing entity and the commissioner of human services after an examination of the county's historical utilization of facilities located both within and outside of the county and licensed under Minnesota Rules, parts 9520.0500 to 9520.0690;

(2) community support services funds administered under Minnesota Rules, parts 9535.1700 to 9535.1760;

(3) other mental health special project funds;

(4) medical assistance, general assistance medical care, MinnesotaCare and Minnesota supplemental aid if requested by the project's managing entity, and if the commissioner determines this would be consistent with the state's overall health care reform efforts; and

(5) regional treatment center nonfiscal resources to the extent agreed to by the project's managing entity and the regional treatment center.

(b) The commissioner shall consider the following criteria in awarding start-up and implementation grants for the pilot projects:

(1) the ability of the proposed projects to accomplish the objectives described in subdivision 2;

(2) the size of the target population to be served; and

(3) geographical distribution.

(c) The commissioner shall review overall status of the projects at least every two years and recommend any legislative changes needed by January 15 of each odd-numbered year.

(d) The commissioner may waive administrative rule requirements which are incompatible with the implementation of the pilot project.

(e) The commissioner may exempt the participating counties from fiscal sanctions for noncompliance with requirements in laws and rules which are incompatible with the implementation of the pilot project.

(f) The commissioner may award grants to an entity designated by a county board or group of county boards to pay for start-up and implementation costs of the pilot project.

Subd. 7. [DUTIES OF COUNTY BOARD.] The county board, or other entity which is approved to administer a pilot project, shall:

(1) administer the project in a manner which is consistent with the objectives described in subdivision 2 and the planning process described in subdivision 5;

(2) assure that no one is denied services for which they would otherwise be eligible; and

(3) provide the commissioner of human services with timely and pertinent information through the following methods:

(i) submission of community social services act plans and plan amendments;

(ii) submission of social services expenditure and grant reconciliation reports, based on a coding format to be determined by mutual agreement between the project's managing entity and the commissioner; and

(iii) submission of data and participation in an evaluation of the pilot projects, to be designed cooperatively by the commissioner and the projects.

Sec. 18. [LOCALLY MANAGED INTEGRATED FUND DEMONSTRATION PILOT PROJECT.]

Subdivision. 1. [DEFINITIONS.] (a) "Eligible persons" means individuals who reside within the geographic area designated under subdivision 2 and who are otherwise eligible as defined in Minnesota Statutes, section 256B.092. Other persons with a developmental disability as defined in United States Code, title 42, section 6001, may be determined eligible by the local managing entity to participate in these pilots.

(b) "Local managing entity" means the county agency or alliance of agencies approved by the county under contract with the Minnesota department of human services and participating in each local demonstration project that manages the resources and the delivery of services to eligible individuals.

Subd. 2. [GEOGRAPHIC AREA.] The commissioner shall designate the geographic areas in which eligible individuals and organizations will be included in the project.

Subd. 3. [PAYMENT.] The commissioner shall establish the method and amount of payments and prepayments for the management and delivery of services. The managing entity may integrate these funds with local resources appropriated for services to persons with mental retardation or related conditions and may require transfer of resources from other county agencies for eligible persons who reside within the geographic area and who are the financial responsibility of another county. The commissioner shall contract with the local managing entity and the contract shall be consistent with these established methods and amounts for payment.

Subd. 4. [SERVICE DELIVERY.] Each managing entity shall be responsible for management and delivery of services for eligible individuals within their geographic area. Managing entities:

(1) shall accept the prospective, per capita payment from the commissioner in return for the provision of comprehensive and coordinated services for eligible individuals enrolled in the project;

(2) may contract with health care, long-term care, and other providers to serve eligible persons enrolled in the project; and

(3) may integrate state, federal, and county resources into an account and draw funding from this single source to purchase or provide services for eligible persons.

Subd. 5. [REPORTING.] Each participating local managing entity shall submit information as required by the commissioner, including data required for assessing client satisfaction, quality of care, cost, and utilization of services for purposes of project evaluation.

Subd. 6. [ALTERNATIVE METHODS.] Upon federal waiver approval to proceed with these pilots, the commissioner may approve alternative methods to meet the intent of existing rules and

statutes relating to services for eligible persons. The commissioner shall ensure that in no case are the rights and protections afforded under these rules and statutes abridged. The commissioner shall not waive the rights or procedural protections under Minnesota Statutes, sections 245.825; 245.91 to 245.97; 252.41, subdivision 9; 256.045; 256B.092; 626.556; and 626.557, including the county agency's responsibility to arrange for appropriate services and procedures for the monitoring of psychotropic medications.

Subd. 7. [COMMISSIONER DUTIES.] For purposes of this project, waiver of certain statutory provisions is necessary in accordance with this section, specifically subdivision 6. The commissioner shall seek all federal waivers as necessary to implement this section.

Sec. 19. [FACILITY CERTIFICATION.]

Notwithstanding Minnesota Statutes, section 252.291, subdivision 1, the commissioner of health shall inspect to certify a large community-based facility currently licensed under Minnesota Rules, parts 9525.0215 to 9525.0355, for more than 16 beds and located in Northfield. The facility may be certified for up to 44 beds. The commissioner of health must inspect to certify the facility as soon as possible after of the effective date of this section. The commissioner of human services shall work with the facility and affected counties to relocate any current residents of the facility who do not meet the admission criteria for an ICF/MR. To fund the ICF/MR services and relocations of current residents authorized, the commissioner of human services may transfer on a quarterly basis to the medical assistance account from each affected county's community social service allocation, an amount equal to the state share of medical assistance reimbursement for the residential and day habilitation services funded by medical assistance and provided to clients for whom the county is financially responsible. For nonresidents of Minnesota seeking admission to the facility, Rice county shall be notified in order to assure that appropriate funding is guaranteed from their state or country of residence.

Sec. 20. [STATE-OPERATED, COMMUNITY-BASED SERVICES; REPORT ON COST-EFFECTIVE ALTERNATIVE.]

The commissioner shall develop a more cost-effective model than the four-bed, state-operated, or private community-based services model for purposes of serving high level care clients who are released from regional treatment centers. The commissioner must report recommendations to the legislature by January 15, 1996.

Sec. 21. [AH GWAH CHING; SECURITY FACILITY.]

The commissioner of human services and the commissioner of corrections may contract for shared services and use of the Ah Gwah Ching facilities for purposes of a closed medium-minimum security facility primarily for geriatric and medical care and for other persons committed to the department of corrections who may benefit from the programming available at the Ah Gwah Ching facility.

Sec. 22. [TRANSFER OF FUNDS.]

During the biennium ending June 30, 1997, state funds, which had been used during the 1994-95 biennium to supplement payments to state operated home- and community-based waiver services, shall be transferred to the medical assistance account in order to implement the requirements of Minnesota Statutes, section 256B.092, subdivision 4. Sufficient money shall be retained in the applicable accounts to fund cost-of-living adjustments in the state operated community waived services programs.

ARTICLE 10

DEPARTMENT OF HEALTH

Section 1. Minnesota Statutes 1994, section 144.122, is amended to read:

144.122 [LICENSE AND PERMIT FEES.]

(a) The state commissioner of health, by rule, may prescribe reasonable procedures and fees for filing with the commissioner as prescribed by statute and for the issuance of original and renewal

permits, licenses, registrations, and certifications issued under authority of the commissioner. The expiration dates of the various licenses, permits, registrations, and certifications as prescribed by the rules shall be plainly marked thereon. Fees may include application and examination fees and a penalty fee for renewal applications submitted after the expiration date of the previously issued permit, license, registration, and certification. The commissioner may also prescribe, by rule, reduced fees for permits, licenses, registrations, and certifications when the application therefor is submitted during the last three months of the permit, license, registration, or certification period. Fees proposed to be prescribed in the rules shall be first approved by the department of finance. All fees proposed to be prescribed in rules shall be reasonable. Subd. 2. State Grants

99,130,000	100,910,000
------------	-------------

If the appropriation in this subdivision for either year is insufficient, the appropriation for the other year is available for it.

The legislature intends that the higher education coordinating board make full grant awards in each year of the biennium.

This appropriation contains money for increasing living allowances for state grants to \$4,240 each year.

The maximum state grant award in each year for students attending a private four-year institution shall be \$5,889. The maximum state grant award in each year for students attending a private two-year institution shall be \$5,007.

This appropriation includes \$250,000 each year for grants to nursing programs to recruit persons of color and to provide grants to nursing students who are persons of color. Of this amount, \$100,000 each year is for recruitment and retention of students of color in nursing programs leading to licensure as a registered nurse. Other than the grants to students, all grants shall be matched with at least the same amount from grantee sources or nonstate money.

If the federal government enacts a federal student loan risk sharing fee, the higher education coordinating board shall bill the institutions that have a cohort loan default rate greater than the federal law permits so that risk sharing fees can be recovered from the institutions responsible for generating these federal charges.

The legislature anticipates that tuition and fee increases will not exceed three percent per year. If either public post-secondary system increases tuition and fees by more than three percent in either year, the higher education coordinating board shall assess that system for the resulting additional costs to the state grant program not provided for in this appropriation.

In order to create future leaders who will be lifelong active citizens, each campus-community partnership must also design programs in such a way that the educational experience and citizenship skills of students are significantly enhanced. Campus-community partnerships developed as a result of this program will be used as models for other campuses and communities throughout the state. At least \$100,000 each year must be granted directly to local campus-community partnerships. A

ARTICLE 2 HIGHER EDUCATION FUNDING

Section 1. [135A.0311] [FUNDING POLICY.]

The legislature's goal is to provide educational opportunities for all Minnesotans. The focus must be on the student. The legislature intends to create a funding formula which will provide money based on results. The funding formula should encourage graduation from the student's college or university of choice, encourage completion of courses of study and timely achievement of a degree, diploma, or certificate, improve counseling, and provide incentives for colleges and universities to assist the student to graduate in a shorter time, with quality instruction. The formula shall be based on the number of degrees, diplomas, or certificates issued.

Sec. 2. [135A.0312] [INSTRUCTIONAL APPROPRIATION FOR DEGREES, DIPLOMAS, AND CERTIFICATES.]

Subdivision 1. [APPROPRIATE DEGREES, DIPLOMAS, AND CERTIFICATES.] Degrees, diplomas, and certificates must be for academic or vocational programs and shall be counted for the formula if earned by any of the following students:

(1) students who resided in the state for at least one calendar year prior to applying for admission or dependent students whose parent or legal guardian resided in Minnesota at the time the student applied;

(2) Minnesota residents who demonstrated that they were temporarily absent from the state without establishing residency elsewhere at the time they applied for admission;

(3) residents of other states who attended a Minnesota institution under a tuition reciprocity agreement; and

(4) students who had been in Minnesota as migrant farmworkers, as defined in Code of Federal Regulations, title 20, section 633.104, over a period of at least two years immediately before admission or readmission to a Minnesota public post-secondary institution or students who are dependents of such migrant farmworkers.

Subd. 2. [STATE SHARE.] The state intends to provide at least 67 percent of the estimated cost of a degree, diploma, or certificate for students graduating from the University of Minnesota or from the Minnesota state colleges and universities.

Subd. 3. [DETERMINATION OF THE INSTRUCTIONAL APPROPRIATION FOR DEGREES, DIPLOMAS, OR CERTIFICATES.] The initial base year is the 1997 fiscal year. The instructional appropriation for degrees, diplomas, or certificates base for each public post-secondary system is the sum of:

(1) the state share;

(2) the legislatively estimated tuition for the second year of the most recent biennium;

(3) adjustments for the number of degrees, diplomas, or certificates issued; and

(4) adjustments for inflation.

Subd. 4. [ADJUSTMENT FOR THE NUMBER OF DEGREES, DIPLOMAS, OR CERTIFICATES.] (a) Each public post-secondary system's instructional appropriation for degrees, diplomas, or certificates base shall be adjusted for estimated changes in the number of degrees, diplomas, or certificates.

(b) The adjustment shall be calculated based upon the cost of each degree, diploma, or certificate for the second year of the biennium, and multiplying that value times the estimated change. The result shall be added or subtracted as necessary to the base instructional appropriation number.

Subd. 5. [ADJUSTMENT FOR CHANGE ITEMS.] The instructional appropriation for degrees, diplomas, or certificates base may be adjusted for change items by the governor and the legislature.

Subd. 6. [INFORMATION.] Expenditure, enrollment, and graduation data for each category shall be submitted in the biennial budget document. The data submitted shall include the percentage of students who enroll in a program and remain through graduation, the average length of time students spend in a two- or four-year program until graduation, and other information which indicates progress towards the legislature's goals as described in section 135A.0311.

Sec. 3. [135A.0313] [INNOVATION.]

The board of trustees of the Minnesota state colleges and universities and the board of regents of the University of Minnesota shall encourage and reward innovation to improve course delivery to students at each campus. If a campus achieves measurable savings from innovation, the boards may allocate those savings for use on that campus. The boards shall also establish a mechanism to inform other campuses of the innovation and to promote the use, where feasible, of the innovation.

Sec. 4. [135A.0314] [SAVINGS.]

Any savings which accrue as a result of the implementation of the legislative goals stated in section 135A.0311 shall be used to improve instructional programs.

Sec. 5. [135A.0315] [ALLOCATIONS TO CAMPUSES.]

(a) The board of regents and the board of trustees shall adjust the allocation of the state appropriations to each campus based upon a formula which includes the number of degrees, diplomas, and certificates issued from each respective campus.

(b) The board shall also adjust the allocations using campus measurement indicators such as:

(1) assessment of student skills and knowledge for correct placement and tracking;

(2) the presence and participation of racial and ethnic minorities where underrepresented;

(3) the level of sponsored funding;

(4) timely graduation rates, as measured by the percentage of entering freshmen graduating from a two- or four-year program within two or four years respectively; and

(5) placement, as determined by employment within six months of graduation.

These indicators should be used to reward each campus for its level of achievement in excellence in higher education. A portion of the appropriation from each system should be distributed among the campuses. Objectivity must be used in designing and implementing this award. The measurement instruments should be created and designed by the faculty, administration, and student representatives.

Sec. 6. [135A.082] [MINNESOTA HIGHER EDUCATION GUARANTEE.]

Students who graduate from a public post-secondary institution and are awarded an undergraduate degree, diploma, or certificate shall receive the Minnesota higher education

guarantee. The institution issuing the degree, diploma, or certificate shall provide a student with up to 16 semester or quarter credits of undergraduate courses that are directly related to the program the student graduated from, at no cost to the student, if the student's employer certifies in writing that the student is not adequately trained to work in a field related to the degree, diploma, or certificate received. The student must have maintained at least a C average to be eligible for the courses and must have met all of the program requirements for graduation. The guarantee shall be for the first two years after graduation.

Sec. 7. [DEVELOPMENTAL EDUCATION; POST-SECONDARY REPORT.]

The board of trustees of the Minnesota state colleges and universities and the board of regents of the University of Minnesota shall, pursuant to section 13.32, provide an annual joint report by January 15 to the commissioner of education regarding Minnesota high school graduates who, in the preceding academic year, enrolled in developmental courses at Minnesota public post-secondary institutions. Minnesota high school graduates who enroll in a public post-secondary developmental course within two years of graduating from high school shall be included in a separate section of the report. The report shall include, but is not limited to, the graduate's high school, the developmental course or courses the graduate enrolled in, a description of the contents of the developmental course or courses and the particular need of the graduate taking the course, and the cost to the graduate and to the state of the developmental course or courses. The report shall be organized alphabetically by high school, and otherwise arranged to ensure ease of access to, and use of, the data contained in the report. The public post-secondary systems shall use the data gathered under Laws 1993, chapter 351, section 40, in preparing the report. The commissioner of education shall provide a copy of the report to each high school referenced in the report and to the education committees of the house and senate.

Sec. 8. [TRANSITION.]

For the preparation of the fiscal year 1997 budget, the information contained in the cost studies shall be recategorized to determine the cost of the various degrees, diplomas, or certificates. The total cost shall equal the state appropriation plus the legislative estimate of tuition revenue.

The estimated changes for fiscal years 1998 and 1999 in the number of degrees, diplomas, or certificates shall be calculated by using the values obtained from the recategorization of the cost studies and multiplying those values times the estimated change for each year of the biennium.

Sec. 9. [TECHNICAL TASK FORCE.]

The executive director of the higher education coordinating board shall appoint a technical task force to assist in implementing the funding formula in Minnesota Statutes, section 135A.0311. The task force shall recommend the appropriate number of categories for grouping the various degrees, diplomas, or certificates in the funding formula; the basis for determining the fiscal value of each category; criteria for the inclusion of any degree, diploma, or certificate in a category; and definitions for any terms used. The potential impact for future years, the task force recommendations, and other data or information deemed of interest shall be submitted in a report to the higher education divisions of the legislature prior to the 1996 session.

Sec. 10. [POLICY TASK FORCE.]

The executive director of the higher education coordinating board shall convene a policy task force whose functions shall be to assist in the implementation of the funding policy in Minnesota Statutes, section 135A.0311, guide the work of the technical task force, and make policy recommendations to the legislature and governor to strengthen and improve Minnesota's higher education programs.

Specifically, the task force shall at a minimum determine:

- (1) how the new funding formula will account for transfer students;
- (2) whether graduate and other professional programs should be included in the formula or whether an alternative funding mechanism is needed for such programs;
- (3) how the funding formula will account for credit bearing extension courses;

(4) what procedures should be implemented to ensure and maintain the accuracy and integrity of the data used in the funding formula;

(5) what types of certificates should be counted in the funding formula to maintain the validity of a certificate for funding purposes;

(6) how to ensure that part-time students continue to receive quality instruction under the new funding formula; and

(7) how to ensure that access to higher education is maintained and enhanced under the new funding formula.

The executive director of the higher education coordinating board shall appoint nine members to this task force. The director shall seek members who have broad backgrounds, are willing to make changes, and want to advance higher education.

Sec. 11. [FULL-YEAR GRANTS.]

The higher education coordinating board shall allow students to receive state grants for four consecutive quarters or three consecutive semesters during the course of a single academic year.

Sec. 12. [REPEALER.]

GENERAL PROVISIONS

Sec. 60. [TRANSFER OF RETIREMENT FUND MEMBERSHIP FOR TECHNICAL COLLEGE EMPLOYEES; ELECTION TO RETAIN RETIREMENT FUND MEMBERSHIP.]

A person who is employed by a technical college or by the technical college system on June 30, 1995, and who is transferred to state employment shall remain a member of the public employees retirement association or the Minneapolis employees retirement fund, whichever applies, unless the person affirmatively elects, in writing, retirement coverage by the general state employees retirement plan of the Minnesota state retirement system. The following provisions govern the election of a transfer or the retention of retirement benefit coverage:

(1) For a person who desires to transfer benefit coverage, the affirmative written election must be made within 120 days of the transfer of the employee to state employment.

(2) On behalf of transferred employees who retain retirement benefit coverage with the pretransfer retirement plan, the board shall make the applicable employer contributions to the public employees retirement association under Minnesota Statutes, section 353.27, subdivisions 3 and 3a, or the same percentage of covered payroll employer contribution to the Minneapolis employees retirement fund that special school district No. 1 is required to make for that school year under Minnesota Statutes, section 422A.101, subdivision 2.

(3) An employee who makes a retirement benefit coverage transfer election under this section may revoke that election at any time within the first six months after the person becomes a state employee. Once an employee revokes the retirement benefit coverage transfer election, the employee may not make another election. If the initial retirement benefit coverage transfer election is revoked, all retirement contributions made by or on behalf of the employee revoking a

prior election must be transferred to the applicable retirement plan as though they were erroneous deductions or contributions, plus monthly interest at an annual rate of 8.5 percent, compounded monthly, and the balance remaining between any contribution amount transferred and the amount of contributions that otherwise would have been due are payable in the applicable proportions by the revoking employee and the board, plus monthly interest at an annual rate of 8.5 percent, compounded monthly.

(4) The executive directors of the Minnesota state retirement system, the public employees retirement association, and the Minneapolis employees retirement fund, and the chancellor of the higher education system, shall confer and jointly adopt appropriate procedures for making the retirement benefit coverage transfer elections under this section.

(5) The executive directors of the public employees retirement association, the Minnesota state retirement system, and the Minneapolis employees retirement fund, whichever applies, shall, upon request, provide appropriate benefit counseling to applicable affected employees on the effect of electing retirement benefit coverage by the general state employees retirement plan of the Minnesota state retirement system.

Sec. 61. [STATUTORY DOWNSIZING; BOARD RECOMMENDATIONS.]

By January 1, 1996, the board of trustees of the Minnesota state colleges and universities and the board of regents of the University of Minnesota shall provide the education committees of the legislature with recommendations to reduce the number of statutory sections relating to higher education, including, but not limited to, recommendations regarding statutory sections that could be incorporated in board policies or procedures, and regarding statutory sections that are obsolete.

Sec. 62. [EARLY SEPARATION INCENTIVES.]

Subdivision 1. [EMPLOYER PARTICIPATION; HIGHER EDUCATION AGENCIES.] (a) In order to minimize the disruptive effects of layoffs or reorganization attributable to the merger of the state universities, community colleges, and technical colleges, and the restructuring of the higher education coordinating board, employees of the higher education coordinating board, the state university, community college, and technical college systems, and employees of local school districts, joint technical districts, and intermediate districts assigned to a technical college position, who are employed in positions that are to be eliminated in the merger and restructuring, as certified by the chancellor of the higher education board or the executive director of the higher education coordinating board, are entitled to elect an early separation incentive set forth in subdivision 3.

(b) The higher education board and the higher education coordinating board must determine those specific positions to be permanently eliminated as part of the merger or restructuring and identify the employees who may elect one of the early separation incentives established by this section.

Subd. 2. [ELIGIBILITY.] A person employed by the employing units identified in subdivision 1 is eligible to elect the incentive if the person:

(1) is an employee of the higher education coordinating board, a state university, community college, or technical college, or an administrative employee of a local school district, joint technical district and intermediate district assigned to a technical college position whose position is to be eliminated;

(2) is at least age 55 but is not yet age 65;

(3) is employed in a permanent position and in active work status at the time the incentive is elected;

(4) upon retirement, termination, or separation is immediately eligible for a retirement annuity from a defined benefit Minnesota public employee pension plan or a distribution from a defined contribution Minnesota public employee pension plan;

(5) retires, separates, or is terminated from an eligible position after June 30, 1994, but before July 1, 1996; and

(6) has been certified by the chancellor of the higher education board or the executive director of the higher education coordinating board as eligible to elect an early separation incentive.

Subd. 3. [INCENTIVES.] (a) Eligible employees may elect one of the following incentives but may not elect both.

(b) Retirement under this section means permanent separation or termination from employment with or under the control of the higher education board, the higher education coordinating board, or the higher education systems to be merged.

(c) Employees who separate, terminate, or retire with the early retirement incentive under paragraph (e) may not be rehired by the state in any employment position under the control of the higher education board or the higher education coordinating board.

(d) An eligible employee who receives a termination notice after July 1, 1994, may elect to take a six-month retraining leave in order to complete a course of study that is approved by the higher education board or the higher education coordinating board and which is designed to prepare the employee to assume a faculty position at a state university, community college, or technical college. The retraining leave must be at the full salary level that the person received immediately before the termination notice, including fringe benefits. The leave must be completed no later than June 30, 1996. Employees who seek to return to teaching must satisfy the qualifications established by applicable collective bargaining agreements. Any subsequent faculty appointments must be in accordance with collective bargaining agreements and policies of the higher education board. The individual's pretermination notice employment ceases at the conclusion of the retraining leave. Individual employee eligibility for severance payments must be made in accordance with the policies of the employing unit in effect at the time the incentive was elected. Notice of election of this incentive must be made before April 1, 1996, on forms prescribed by the higher education board.

(e) An eligible employee may elect the following instead of the incentive in paragraph (d):

(1) state-paid hospital, medical, and dental insurance to age 65. An employee who retires, is terminated, or is separated is eligible for single or dependent insurance coverages, whichever applies, and any employer payments to which the person was entitled immediately before retirement, termination, or separation subject to any changes in coverage and employer and employee payments through collective bargaining or personnel plans in positions equivalent to the position from which the employee retired, terminated, or separated. The employee is not eligible for employer-paid life insurance. If the employee is not yet age 65 at the time of retirement or separation, the employee is eligible for employer-paid insurance under the provisions of a personnel plan and has at least as many months service with the current employer and as the number of months the individual is under age 65 at the time of retirement; and

(2) if the eligible employee has at least 15 years of combined service credit in a Minnesota public pension plan, a one-time opportunity to purchase up to two years of service credit in or to make not more than two years of additional member contributions to the public pension plan that the employee is a member of at the time of retirement or separation as follows:

(i) Eligible employees may have the additional payment made on the basis of the employee's base salary in the year of separation as denoted in the salary schedule in the applicable employer personnel policy and at the rate and in the manner specified in section 352.04, 353.27, 354.42, or 354A.12, whichever applies. The employee payment must include interest at the rate of 8.5 percent. The employer shall make the required employer contribution and employer additional contribution to the retirement fund as specified in section 352.04, 353.27, 354.42, or 354A.12, whichever applies for an employee who elects this option. Both the required employee and employer payments must be made to the fund before the employee's date of retirement or separation, whichever is earlier.

(ii) Defined contribution plan members in plans established by chapter 352D or 354B must have additional employee and employer contributions made on the basis of the employee's base salary in the year of retirement as denoted in the salary schedule in the applicable employer personnel policy and at the rate and in the manner specified in section 352D.04, subdivision 2, or 354B.04, as applicable. The additional contributions must be made before the employee's date of retirement or separation, whichever is earlier.

Sec. 43. [CHILD ABUSE HELPLINE.]

Subdivision 1. [PLAN.] The commissioner of human services, in consultation with the commissioner of public safety, shall develop a plan for an integrated statewide toll-free 24-hour telephone helpline to provide consultative services to parents, family members, law enforcement personnel, and social service professionals regarding the physical and sexual abuse of children. The plan must:

- (1) identify methods for implementing the telephone helpline;

(2) identify existing services regarding child abuse provided by state and local governmental agencies, nonprofit organizations, and others;

(3) consider strategies to coordinate existing services into an integrated telephone helpline;

(4) consider the practicality of retraining and redirecting existing professionals to staff the telephone helpline on a 24-hour basis;

(5) determine what new services, if any, would be required for the telephone helpline;

(6) determine the costs of implementing the telephone helpline and ways to reduce costs through coordination of existing services; and

(7) determine methods of marketing and advertisement to make the general public aware of the telephone helpline.

Subd. 2. [COMMITTEE.] The commissioner of human services, in consultation with the commissioner of public safety, may establish an advisory committee to develop the plan required by subdivision 1. Sec. 45. [DEPARTMENT OF CORRECTIONS; STUDY.]

The department of corrections shall conduct a weighted workload study to be used as a basis for fund distributions across all three probation delivery systems, based on uniform workload standards, programming effectiveness, and level of risk of individual offenders, and to make ongoing outcome data available on cases. In overseeing and administering the study, the commissioner of corrections shall use a research team of experts with proven performance in the development of workload systems, data collection, outcome evaluation, and the delivery of community-based corrections services. The research team shall design and implement all components of the study, with assistance from corrections professionals and other advisors from communities of interest around the state.

The study must determine a statewide, uniform workload system and definitions of levels of risk; establish a standardized data collection system using the uniform definitions of workload and risk and a timeline for reporting data, which will begin as soon as these tasks are completed; and determine a new mechanism or formula for aid distribution based on the data, which must be operational by July 1, 1997.

The study must develop up to three methodology models based on defined, desired outcomes and develop and implement a process to refine the models, put them into practice, and provide for their ongoing evaluation against the outcomes.

ARTICLE 3
JUVENILE PROVISIONS

Section 1. [120.1811] [RESIDENTIAL TREATMENT FACILITIES; EDUCATION.]

Subdivision 1. [EDUCATIONAL SCREENING.] Secure and nonsecure residential treatment facilities licensed by the department of human services or the department of corrections shall screen each juvenile who is held in a facility for at least 72 hours, excluding weekends or holidays, using an educational screening tool identified by the department of education, unless the facility determines that the juvenile has a current individual education plan and obtains a copy of the IEP. The department of education shall develop or identify an education screening tool for use in residential facilities. The tool must include a life skills development component.

Subd. 2. [RULEMAKING.] The state board of education may make or amend rules relating to education programs in residential treatment facilities, if necessary, to implement this section. Rules under this section shall be adopted jointly with the commissioners of corrections and human services.

Sec. 2. Minnesota Statutes 1994, section 242.31, subdivision 1, is amended to read:

Subdivision 1. Whenever a person who has been committed to the custody of the commissioner of corrections upon conviction of a crime following certification to ~~district court~~ under the provisions of section 260.125 is finally discharged by order of the commissioner, that discharge shall restore the person to all civil rights and, if so ordered by the commissioner of corrections, also shall have the effect of setting aside the conviction, nullifying it and purging the person of it. The commissioner shall file a copy of the order with the district court of the county in which the conviction occurred; upon receipt, the court shall order the conviction set aside. An order setting aside a conviction for a crime of violence as defined in section 624.712, subdivision 5, must provide that the person is not entitled to ship, transport, possess, or receive a firearm until ten years have elapsed since the order was entered and during that time the person was not convicted of any other crime of violence. A person whose conviction was set aside under this section and who thereafter has received a relief of disability under United States Code, title 18, section 925, shall not be subject to the restrictions of this subdivision.

Sec. 3. [260.042] [ORIENTATION AND EDUCATIONAL PROGRAM.]

The court shall make an orientation and educational program available for juveniles and their families in accordance with the program established, if any, by the supreme court.

Sec. 4. Minnesota Statutes 1994, section 260.115, subdivision 1, is amended to read:

Subdivision 1. [TRANSFERS REQUIRED.] Except where a juvenile court has certified an alleged violation to ~~district court~~ in accordance with the provisions of section 260.125, the child is alleged to have committed murder in the first degree after becoming 16 years of age, or a court has original jurisdiction of a child who has committed an adult court traffic offense, as defined in section 260.193, subdivision 1, clause (c), a court other than a juvenile court shall immediately transfer to the juvenile court of the county the case of a minor who appears before the court on a

charge of violating any state or local law or ordinance and who is under 18 years of age or who was under 18 years of age at the time of the commission of the alleged offense.

Sec. 5. Minnesota Statutes 1994, section 260.125, is amended to read:

260.125 [CERTIFICATION TO ~~DISTRICT COURT.~~]

Subdivision 1. When a child is alleged to have committed, after becoming 14 years of age, an offense that would be a felony if committed by an adult, the juvenile court may enter an order certifying the proceeding ~~to the district court for action under the criminal laws~~ under the laws and court procedures controlling adult criminal violations.

Subd. 2. [ORDER OF CERTIFICATION; REQUIREMENTS.] Except as provided in subdivision 3a or 3b, the juvenile court may order a certification ~~to district court~~ only if:

- (1) a petition has been filed in accordance with the provisions of section 260.131;
- (2) a motion for certification has been filed by the prosecuting authority;
- (3) notice has been given in accordance with the provisions of sections 260.135 and 260.141;
- (4) a hearing has been held in accordance with the provisions of section 260.155 within 30 days of the filing of the certification motion, unless good cause is shown by the prosecution or the child as to why the hearing should not be held within this period in which case the hearing shall be held within 90 days of the filing of the motion;
- (5) the court finds that there is probable cause, as defined by the rules of criminal procedure promulgated pursuant to section 480.059, to believe the child committed the offense alleged by delinquency petition; and
- (6) the court finds either:
 - (i) that the presumption of certification created by subdivision 2a applies and the child has not rebutted the presumption by clear and convincing evidence demonstrating that retaining the proceeding in the juvenile court serves public safety; or
 - (ii) that the presumption of certification does not apply and the prosecuting authority has demonstrated by clear and convincing evidence that retaining the proceeding in the juvenile court does not serve public safety. If the court finds that the prosecutor has not demonstrated by clear and convincing evidence that retaining the proceeding in juvenile court does not serve public safety, the court shall retain the proceeding in juvenile court.

Subd. 2a. [PRESUMPTION OF CERTIFICATION.] It is presumed that a proceeding involving an offense committed by a child will be certified ~~to district court~~ if:

- (1) the child was 16 or 17 years old at the time of the offense; and
- (2) the delinquency petition alleges that the child committed an offense that would result in a presumptive commitment to prison under the sentencing guidelines and applicable statutes, or that the child committed any felony offense while using, whether by brandishing, displaying, threatening with, or otherwise employing, a firearm.

If the court determines that probable cause exists to believe the child committed the alleged offense, the burden is on the child to rebut this presumption by demonstrating by clear and convincing evidence that retaining the proceeding in the juvenile court serves public safety. If the court finds that the child has not rebutted the presumption by clear and convincing evidence, the court shall certify the ~~child to district court~~ proceeding.

Subd. 2b. [PUBLIC SAFETY.] In determining whether the public safety is served by certifying ~~a child to district court~~ the matter, the court shall consider the following factors:

- (1) the seriousness of the alleged offense in terms of community protection, including the existence of any aggravating factors recognized by the sentencing guidelines, the use of a firearm, and the impact on any victim;

(2) the culpability of the child in committing the alleged offense, including the level of the child's participation in planning and carrying out the offense and the existence of any mitigating factors recognized by the sentencing guidelines;

(3) the child's prior record of delinquency;

(4) the child's programming history, including the child's past willingness to participate meaningfully in available programming;

(5) the adequacy of the punishment or programming available in the juvenile justice system; and

(6) the dispositional options available for the child.

In considering these factors, the court shall give greater weight to the seriousness of the alleged offense and the child's prior record of delinquency than to the other factors listed in this subdivision.

Subd. 3a. [PRIOR CERTIFICATION; EXCEPTION.] Notwithstanding the provisions of subdivisions 2, 2a, and 2b, the court shall order a certification in any felony case if the prosecutor shows that the child has been previously prosecuted on a felony charge by an order of certification issued pursuant to either a hearing held under subdivision 2 or pursuant to the waiver of the right to such a hearing, other than a prior certification in the same case.

This subdivision only applies if the child is convicted of the offense or offenses for which the child was prosecuted pursuant to the order of certification or of a lesser-included offense which is a felony.

This subdivision does not apply to juvenile offenders who are subject to criminal court jurisdiction under section 609.055.

Subd. 3b. [ADULT CHARGED WITH JUVENILE OFFENSE.] The juvenile court has jurisdiction to hold a certification hearing on motion of the prosecuting authority to certify the matter ~~to district court~~ if:

(1) an adult is alleged to have committed an offense before the adult's 18th birthday; and

(2) a petition is filed under section 260.131 before expiration of the time for filing under section 628.26.

The court may not certify the matter ~~to district court~~ under this subdivision if the adult demonstrates that the delay was purposefully caused by the state in order to gain an unfair advantage.

Subd. 4. [EFFECT OF ORDER.] When the juvenile court enters an order certifying an alleged violation ~~to district court~~, the prosecuting authority shall proceed with the case as if the jurisdiction of the juvenile court had never attached.

Subd. 5. [WRITTEN FINDINGS; OPTIONS.] The court shall decide whether to order certification ~~to district court~~ within 15 days after the certification hearing was completed, unless additional time is needed, in which case the court may extend the period up to another 15 days. If the juvenile court orders certification, and the presumption described in subdivision 2a does not apply, the order shall contain in writing, findings of fact and conclusions of law as to why public safety is not served by retaining the proceeding in the juvenile court. If the juvenile court, after a hearing conducted pursuant to subdivision 2, decides not to order certification ~~to district court~~, the decision shall contain, in writing, findings of fact and conclusions of law as to why certification is not ordered. If the juvenile court decides not to order certification in a case in which the presumption described in subdivision 2a applies, the court shall designate the proceeding an extended jurisdiction juvenile prosecution and include in its decision written findings of fact and conclusions of law as to why the retention of the proceeding in juvenile court serves public safety, with specific reference to the factors listed in subdivision 2b. If the court decides not to order certification in a case in which the presumption described in subdivision 2a does not apply, the court may designate the proceeding an extended jurisdiction juvenile prosecution, pursuant to the hearing process described in section 260.126, subdivision 2.

Subd. 6. [FIRST-DEGREE MURDER.] When a motion for certification has been filed in a case in which the petition alleges that the child committed murder in the first degree, the prosecuting authority shall present the case to the grand jury for consideration of indictment under chapter 628 within 14 days after the petition was filed.

Subd. 7. [INAPPLICABILITY TO CERTAIN OFFENDERS.] This section does not apply to a child excluded from the definition of delinquent child under section 260.015, subdivision 5, paragraph (b).

Sec. 6. Minnesota Statutes 1994, section 260.126, subdivision 5, is amended to read:

Subd. 5. [EXECUTION OF ADULT SENTENCE.] When it appears that a person convicted as an extended jurisdiction juvenile has violated the conditions of the stayed sentence, or is alleged to have committed a new offense, the court may, without notice, revoke the stay and probation and direct that the offender be taken into immediate custody. The court shall notify the offender in writing of the reasons alleged to exist for revocation of the stay of execution of the adult sentence. If the offender challenges the reasons, the court shall hold a summary hearing on the issue at which the offender is entitled to be heard and represented by counsel. After the hearing, if the court finds that reasons exist to revoke the stay of execution of sentence, the court shall treat the offender as an adult and order any of the adult sanctions authorized by section 609.14, subdivision 3. If the offender was convicted of an offense described in subdivision 1, clause (2), and the court finds that reasons exist to revoke the stay, the court must order execution of the previously imposed sentence unless the court makes written findings regarding the mitigating factors that justify continuing the stay. Upon revocation, the offender's extended jurisdiction status is terminated and juvenile court jurisdiction is terminated. The ongoing jurisdiction for any adult sanction, other than commitment to the commissioner of corrections, is with the adult court.

Sec. 7. Minnesota Statutes 1994, section 260.131, subdivision 4, is amended to read:

Subd. 4. [DELINQUENCY PETITION; EXTENDED JURISDICTION JUVENILE.] When a prosecutor files a delinquency petition alleging that a child committed a felony offense for which there is a presumptive commitment to prison according to the sentencing guidelines and applicable statutes or in which the child used a firearm, after reaching the age of 16 years, the prosecutor shall indicate in the petition whether the prosecutor designates the proceeding an extended jurisdiction juvenile prosecution. When a prosecutor files a delinquency petition alleging that a child aged 14 to 17 years committed a felony offense, the prosecutor may request that the court designate the proceeding an extended jurisdiction juvenile prosecution.

Sec. 8. Minnesota Statutes 1994, section 260.181, subdivision 4, is amended to read:

Subd. 4. [TERMINATION OF JURISDICTION.] (a) The court may dismiss the petition or otherwise terminate its jurisdiction on its own motion or on the motion or petition of any interested party at any time. Unless terminated by the court, and except as otherwise provided in this subdivision, the jurisdiction of the court shall continue until the individual becomes 19 years of age if the court determines it is in the best interest of the individual to do so. Court jurisdiction under section 260.015, subdivision 2a, clause (12), may not continue past the child's 17th birthday.

(b) The jurisdiction of the court over an extended jurisdiction juvenile, with respect to the offense for which the individual was convicted as an extended jurisdiction juvenile, extends until the offender becomes 21 years of age, unless the court terminates jurisdiction before that date.

(c) The juvenile court has jurisdiction to designate the proceeding an extended jurisdiction juvenile prosecution, to hold a certification hearing, or to conduct a trial, receive a plea, or impose a disposition under section 260.126, subdivision 4, if:

(1) an adult is alleged to have committed an offense before the adult's 18th birthday; and

(2) a petition is filed under section 260.131 before expiration of the time for filing under section 628.26 and before the adult's 21st birthday.

The juvenile court lacks jurisdiction under this paragraph if the adult demonstrates that the delay was purposefully caused by the state in order to gain an unfair advantage.

(d) The district court has original and exclusive jurisdiction over a proceeding:

(1) that involves an adult who is alleged to have committed an offense before the adult's 18th birthday; and

(2) in which a criminal complaint is filed before expiration of the time for filing under section 628.26 and after the adult's 21st birthday.

The juvenile court retains jurisdiction if the adult demonstrates that the delay in filing a criminal complaint was purposefully caused by the state in order to gain an unfair advantage.

(e) The juvenile court has jurisdiction over a person who has been adjudicated delinquent until the person's 21st birthday if the person fails to appear at any juvenile court hearing or fails to appear at or absconds from any placement under a juvenile court order. The juvenile court has jurisdiction over a convicted extended jurisdiction juvenile who fails to appear at any juvenile court hearing or fails to appear at or absconds from any placement under section 260.126, subdivision 4. The juvenile court lacks jurisdiction under this paragraph if the adult demonstrates that the delay was purposefully caused by the state in order to gain an unfair advantage.

Sec. 9. Minnesota Statutes 1994, section 260.185, is amended by adding a subdivision to read:

Subd. 1b. [COMMITMENT TO SECURE FACILITY; LENGTH OF STAY; TRANSFERS.] An adjudicated juvenile may not be placed in a licensed juvenile secure treatment facility unless the placement is approved by the juvenile court. However, the program administrator may determine the juvenile's length of stay in the secure portion of the facility. The administrator shall notify the court of any movement of juveniles from secure portions of facilities. However, the court may, in its discretion, order that the juveniles be moved back to secure portions of the facility.

Sec. 10. Minnesota Statutes 1994, section 260.185, is amended by adding a subdivision to read:

Subd. 1c. [PLACEMENT OF JUVENILES IN SECURE FACILITIES; REQUIREMENTS.] Before a postadjudication placement of a juvenile in a secure treatment facility either inside or outside the state, the court may:

(1) consider whether the juvenile has been adjudicated for a felony offense against the person or that in addition to the current adjudication, the juvenile has failed to appear in court on one or more occasions or has run away from home on one or more occasions;

(2) conduct a subjective assessment to determine whether the child is a danger to self or others or would abscond from a nonsecure facility or if the child's health or welfare would be endangered if not placed in a secure facility;

(3) conduct a culturally appropriate psychological evaluation which includes a functional assessment of anger and abuse issues; and

(4) conduct an educational and physical assessment of the juvenile.

In determining whether to order secure placement, the court shall consider the necessity of:

(1) protecting the public;

(2) protecting program residents and staff; and

(3) preventing juveniles with histories of absconding from leaving treatment programs.

Sec. 11. Minnesota Statutes 1994, section 260.185, subdivision 6, is amended to read:

Subd. 6. [OUT-OF-STATE PLACEMENTS.] (a) Before August 1, 1997, a court may not place a preadjudicated delinquent, an adjudicated delinquent, or a convicted extended jurisdiction juvenile in a residential or detention facility outside Minnesota unless the commissioner of corrections has certified that the facility:

(1) meets or exceeds the standards for Minnesota residential treatment programs set forth in

rules adopted by the commissioner of human services and the standards for juvenile residential facilities set forth in rules adopted by the commissioner of corrections or the standards for juvenile detention facilities set forth in rules adopted by the commissioner of corrections; and

(2) provides education, health, dental, and other necessary care equivalent to that which the child would receive if placed in a Minnesota facility licensed by the commissioner of corrections or commissioner of human services.

(b) On or after August 1, 1997, a court may not place a preadjudicated delinquent, an adjudicated delinquent, or a convicted extended jurisdiction juvenile in a residential or detention facility outside Minnesota unless the court determines that the specialized programmatic needs of the juvenile are not available in a facility within Minnesota and the out-of-state facility has been certified by the commissioner of corrections under paragraph (a), clauses (1) and (2). For purposes of this subdivision, "specialized programmatic needs" does not include concerns about security.

(c) The interagency licensing agreement between the commissioners of corrections and human services shall be used to determine which rule shall be used for certification purposes under this subdivision.

(e) (d) The commissioner of corrections may charge each facility evaluated a reasonable amount. Money received is annually appropriated to the commissioner of corrections to defray the costs of the certification program.

Sec. 12. Minnesota Statutes 1994, section 260.193, subdivision 4, is amended to read:

Subd. 4. [ORIGINAL JURISDICTION; JUVENILE COURT.] The juvenile court shall have original jurisdiction ~~if the child is alleged to have committed both major and adult court traffic offenses in the same behavioral incident over:~~

(1) all juveniles age 15 and under alleged to have committed any traffic offense; and

(2) 16- and 17-year-olds alleged to have committed any major traffic offense, except that the adult court has original jurisdiction over:

(i) petty traffic misdemeanors not a part of the same behavioral incident of a misdemeanor being handled in juvenile court; and

(ii) violations of sections 169.121 (drivers under the influence of alcohol or controlled substance) and 169.129 (aggravated driving while intoxicated), and any other misdemeanor or gross misdemeanor level traffic violations committed as part of the same behavioral incident of a violation of section 169.121 or 169.129.

Sec. 13. Minnesota Statutes 1994, section 260.215, subdivision 1, is amended to read:

Subdivision 1. [CERTAIN VIOLATIONS NOT CRIMES.] A violation of a state or local law or ordinance by a child before becoming 18 years of age is not a crime unless the juvenile court:

(1) certifies the matter ~~to the district court~~ in accordance with the provisions of section 260.125;

(2) transfers the matter to a court in accordance with the provisions of section 260.193; or

(3) convicts the child as an extended jurisdiction juvenile and subsequently executes the adult sentence under section 260.126, subdivision 5.

Sec. 14. Minnesota Statutes 1994, section 260.291, subdivision 1, is amended to read:

Subdivision 1. [PERSONS ENTITLED TO APPEAL; PROCEDURE.] (a) An appeal may be taken by the aggrieved person from a final order of the juvenile court affecting a substantial right of the aggrieved person, including but not limited to an order adjudging a child to be in need of protection or services, neglected and in foster care, delinquent, or a juvenile traffic offender. The appeal shall be taken within 30 days of the filing of the appealable order. The court administrator shall notify the person having legal custody of the minor of the appeal. Failure to notify the person having legal custody of the minor shall not affect the jurisdiction of the appellate court. The order of the juvenile court shall stand, pending the determination of the appeal, but the reviewing court may in its discretion and upon application stay the order.

(b) An appeal may be taken by an aggrieved person from an order of the juvenile court on the issue of certification of a ~~child to district court~~ matter for prosecution under the laws and court procedures controlling adult criminal violations. Certification appeals shall be expedited as provided by applicable rules.

Subd. 2. [ADULT PROSECUTION.] (a) Except as otherwise provided in paragraph (b), children of the age of 14 years or over but under 18 years may be prosecuted for a felony offense if the alleged violation is duly certified ~~to the district court~~ for prosecution under the laws and court procedures controlling adult criminal violations or may be designated an extended jurisdiction juvenile in accordance with the provisions of chapter 260. A child who is 16 years of age or older but under 18 years of age is capable of committing a crime and may be prosecuted for a felony if:

(1) the child has been previously certified ~~to the district court~~ on a felony charge pursuant to a hearing under section 260.125, subdivision 2, or pursuant to the waiver of the right to such a hearing, or prosecuted pursuant to this subdivision; and

(2) the child was convicted of the felony offense or offenses for which the child was prosecuted or of a lesser included felony offense.

(b) A child who is alleged to have committed murder in the first degree after becoming 16 years of age is capable of committing a crime and may be prosecuted for the felony. Subd. 13. [STATE SHARE.] The state must pay 75 percent of the nonfederal share of costs incurred by counties under subdivision 11.

Beginning July 1, 1991, the state will reimburse counties, up to the limit of state appropriations, according to the payment schedule in section 256.025, for the county share of county agency expenditures made under subdivision 11 from January 1, 1991, ~~on~~ to June 30, 1995. A transaction fee subsequently set by the federal government may supersede a fee established under this subdivision. Subdivision 1. [NEED FOR PROTECTIVE PAYEE.] The county agency shall determine whether a recipient needs a protective payee when a physical or mental condition renders the recipient unable to manage funds and when payments to the recipient would be contrary to the recipient's welfare. "Section 1. Minnesota Statutes 1994, section 62A.045, is amended to read:

62A.045 [PAYMENTS ON BEHALF OF WELFARE RECIPIENTS.]

(a) ~~No policy of accident and sickness insurance regulated under this chapter, vendor of risk management services regulated under section 60A.23, nonprofit health service plan corporation regulated under chapter 62C, health maintenance organization regulated under chapter 62D, or self-insured plan regulated under chapter 62E health plan issued or renewed to provide coverage to a Minnesota resident shall contain any provision denying or reducing benefits because services are rendered to a person who is eligible for or receiving medical benefits pursuant to title XIX of the Social Security Act (Medicaid) in this or any other state; chapter 256; 256B; or 256D or services pursuant to section 252.27; 256.9351 to 256.9361; 260.251, subdivision 1a; or 393.07, subdivision 1 or 2. No insurer health carrier providing benefits under policies plans covered by this section shall use eligibility for medical programs named in this section as an underwriting guideline or reason for nonacceptance of the risk.~~

(b) If payment for covered expenses has been made under state medical programs for health care items or services provided to an individual, and a third party has a legal liability to make payments, the rights of payment and appeal of an adverse coverage decision for the individual, or in the case of a child their responsible relative or caretaker, will be subrogated to the state and/or its authorized agent.

(c) Notwithstanding any law to the contrary, when a person covered under by a policy of accident and sickness insurance, risk management plan, nonprofit health service plan, health maintenance organization, or self-insured health plan receives medical benefits according to any statute listed in this section, payment for covered services or notice of denial for services billed by the provider must be issued directly to the provider. If a person was receiving medical benefits through the department of human services at the time a service was provided, the provider must indicate this benefit coverage on any claim forms submitted by the provider to the insurer health carrier for those services. If the commissioner of human services notifies the insurer health carrier that the commissioner has made payments to the provider, payment for benefits or notices of denials issued by the insurer health carrier must be issued directly to the commissioner. Submission by the department to the insurer health carrier of the claim on a department of human services claim form is proper notice and shall be considered proof of payment of the claim to the provider and supersedes any contract requirements of the insurer health carrier relating to the form of submission. Liability to the insured for coverage is satisfied to the extent that payments for those benefits are made by the insurer health carrier to the provider or the commissioner as required by this section.

(d) When a state agency has acquired the rights of an individual eligible for medical programs named in this section and has health benefits coverage through a health carrier, the health carrier shall not impose requirements that are different from requirements applicable to an agent or assignee of any other individual covered.

(e) For the purpose of this section, health plan includes coverage offered by integrated service networks or community integrated service networks; any plan governed under the federal Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, sections 1001 to 1461; and coverage offered under the exclusions listed in section 62A.011, subdivision 3, clauses (2), (6), (9), (10), and (12).

Sec. 2. Minnesota Statutes 1994, section 62A.046, is amended to read:

62A.046 [COORDINATION OF BENEFITS.]

~~(1) Subdivision 1. [LIMITATION ON DENIAL OF COVERAGE; PAYMENT.] No group contract providing coverage for hospital and medical treatment or expenses issued or renewed after August 1, 1984, which is responsible for secondary coverage for services provided, may deny coverage or payment of the amount it owes as a secondary payor solely on the basis of the failure of another group contract, which is responsible for primary coverage, to pay for those services.~~

(2) Subd. 2. [DEPENDENT COVERAGE.] A group contract which provides coverage of a claimant as a dependent of a parent who has legal responsibility for the dependent's medical care pursuant to a court order under section 518.171 must make payments directly to the provider of care, the custodial parent, or the department of human services pursuant to section 62A.045. In such cases, liability to the insured is satisfied to the extent of benefit payments made to the provider under this section.

(3) Subd. 3. [APPLICATION.] This section applies to an insurer, a vendor of risk management services regulated under section 60A.23, a nonprofit health service plan corporation regulated under chapter 62C and a health maintenance organization regulated under chapter 62D. Nothing in this section shall require a secondary payor to pay the obligations of the primary payor nor shall it prevent the secondary payor from recovering from the primary payor the amount of any obligation of the primary payor that the secondary payor elects to pay.

(4) Subd. 4. [DEDUCTIBLE PROVISION.] Payments made by an enrollee or by the commissioner on behalf of an enrollee in the children's health plan under sections 256.9351 to 256.9361, or a person receiving benefits under chapter 256B or 256D, for services that are covered by the policy or plan of health insurance shall, for purposes of the deductible, be treated as if made by the insured.

(5) Subd. 5. [PAYMENT RECOVERY.] The commissioner of human services shall recover payments made by the children's health plan from the responsible insurer, for services provided by the children's health plan and covered by the policy or plan of health insurance.

(6) Subd. 6. [COORDINATION OF BENEFITS.] Insurers, vendors of risk management services, nonprofit health service plan corporations, fraternal, and health maintenance organizations may coordinate benefits to prohibit greater than 100 percent coverage when an insured, subscriber, or enrollee is covered by both an individual and a group contract providing coverage for hospital and medical treatment or expenses. Benefits coordinated under this paragraph must provide for 100 percent coverage of an insured, subscriber, or enrollee. To the extent appropriate, all coordination of benefits provisions currently applicable by law or rule to insurers, vendors of risk management services, nonprofit health service plan corporations, fraternal, and health maintenance organizations, shall apply to coordination of benefits between individual and group contracts, except that the group contract shall always be the primary plan. This paragraph does not apply to specified accident, hospital indemnity, specified disease, or other limited benefit insurance policies.

Sec. 3. Minnesota Statutes 1994, section 62A.048, is amended to read:

62A.048 [DEPENDENT COVERAGE.]

(a) ~~A policy of accident and sickness insurance health plan that covers an employee who is a Minnesota resident must, if it provides dependent coverage, allow dependent children who do not reside with the covered employee participant to be covered on the same basis as if they reside with the covered employee participant. Neither the amount of support provided by the employee to the dependent child nor the residency of the child may be used as an excluding or limiting factor for coverage or payment for health care. Enrollment of a child cannot be denied on the basis that the child was born out of wedlock, the child is not claimed as a dependent on a parent's federal income tax return, or the child does not reside with the parent or in the health carrier's service area. Every health plan must provide coverage in accordance with section 518.171 to dependents covered by a qualified court or administrative order meeting the requirements of section 518.171.~~

(b) For the purpose of this section, health plan includes coverage offered by integrated service networks or community integrated service networks; coverage designed solely to provide dental or vision care; and any plan governed under the federal Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, sections 1001 to 1461.

Sec. 4. Minnesota Statutes 1994, section 62A.27, is amended to read:

62A.27 [COVERAGE FOR ADOPTED CHILDREN.]

~~An individual or group policy or plan of health and accident insurance regulated under this~~

~~chapter or chapter 64B, subscriber contract regulated under chapter 62C, or health maintenance contract regulated under chapter 62D;~~ (a) A health plan that provides coverage to a Minnesota resident must cover adopted children of the insured, subscriber, participant, or enrollee on the same basis as other dependents. Consequently, the ~~policy or plan~~ shall not contain any provision concerning preexisting condition limitations, insurability, eligibility, or health underwriting approval concerning adopted children placed for adoption with the participant.

(b) The coverage required by this section is effective from the date of placement for ~~the purpose of adoption and continues unless the placement is disrupted prior to legal adoption and the child is removed from placement~~. For purposes of this section, placement for adoption means the assumption and retention by a person of a legal obligation for total or partial support of a child in anticipation of adoption of the child. The child's placement with a person terminates upon the termination of the legal obligation for total or partial support.

(c) For the purpose of this section, health plan includes coverage offered by integrated service networks or community integrated service networks; coverage that is designed solely to provide dental or vision care; and any plan under the federal Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, sections 1001 to 1461."

The guidelines and determination of fees or other charges for administration or other costs are subject to sections 123.76 to 123.79;

(l) motorcycle classroom education courses conducted outside of regular school hours; provided the charge shall not exceed the actual cost of these courses to the school district;

(m) transportation to and from post-secondary institutions for pupils enrolled under the post-secondary enrollment options program under section 123.39, subdivision 16. (b) The levy recognition percent shall equal the result of the following computation: the current levy recognition percent, times the ratio of

(1) the statewide total amount of levy recognized in June of the year in which the taxes are payable pursuant to subdivision 4a, clause (b), excluding those levies that are shifted for revenue recognition but are not included in the computation of the adjustment to aids under section 124.155, subdivision 1, reduced by the difference between the amount of money appropriated under section 16A.152, subdivision 2, and the amount required for the adjustment payment under clause (d), to

(2) the statewide total amount of the levy recognized in June of the year in which the taxes are payable pursuant to subdivision 4a, clause (b), excluding those levies that are shifted for revenue recognition but are not included in the computation of the adjustment to aids under section 124.155, subdivision 1.

(c) The commissioner of finance must certify to the commissioner of education the levy recognition percent computed under this subdivision by January 5 of each year. The commissioner of education must notify school districts of a change in the levy recognition percent by January 15.

(d) For fiscal years 1994 and 1995, When the levy recognition percent is increased or decreased as provided in this subdivision, a special aid adjustment shall be made to each school district with an operating referendum levy:

(i) When the levy recognition percent is increased from the prior fiscal year, the commissioner of education shall calculate the difference between (1) the amount of the levy under section 124A.03, that is recognized as revenue for the current fiscal year according to subdivision 4a; and (2) the amount of the levy, under section 124A.03, that would have been recognized as revenue for the current fiscal year had the percentage according to subdivision 4a, not been increased. The commissioner shall reduce other aids due the district by the amount of the difference. This aid reduction shall be in addition to the aid reduction required because of the increase pursuant to this subdivision of the levy recognition percent.

(ii) When the levy recognition percent is reduced as provided in this subdivision from the prior fiscal year, a special adjustment payment shall be made to each school district with an operating referendum levy that received an aid reduction under Laws 1991, chapter 265, article 1, section 31, or Laws 1992, chapter 499, article 1, section 22 when the levy recognition percent was last increased. The special adjustment payment shall be in addition to the additional payments required because of the reduction pursuant to this subdivision of the levy recognition percent. The amount of the special adjustment payment shall be computed by the commissioner of education such that any remaining portion of the aid reduction these districts received that has not been repaid is repaid on a proportionate basis as the levy recognition percent is reduced from 50 percent to 31 percent. The special adjustment payment must be included in the state aid payments to school districts according to the schedule specified in section 124.195, subdivision 3. An additional adjustment shall be made on June 30, 1995, for the final payment otherwise due July 1, 1995, under Minnesota Statutes 1992, section 136C.36.

The allocated amount is equal to the levy made according to section 124.2727, subdivision 6, for taxes payable in 1994 divided by the actual pupil units in the intermediate school district for fiscal year 1995 times the number of actual pupil units in the school district in 1995. The district must use 5/11 of the revenue for special education and 6/11 of the revenue for secondary vocational education. The district must demonstrate that the revenue is being used to provide the full range of special education and secondary vocational programs and services available to each child served by the intermediate. The secondary vocational programs and service must meet the requirements established in an articulation agreement developed between the state board of education and the higher education board.

(2) the state demographer determines that the economic and population bases of the communities to be served by the facility are not likely to grow or to remain at a level sufficient, during the next ten years, to ensure use of the entire facility;

(3) the need for facilities could be met within the district or adjacent districts at a comparable cost by leasing, repairing, remodeling, or sharing existing facilities or by using temporary facilities;

(4) the district plans do not include cooperation and collaboration with health and human services agencies and other political subdivisions; or

(5) if the application is for new construction, an existing facility that would meet the district's needs could be purchased at a comparable cost from any other source within the area.

Subd. 2. [REFERENDUM REVENUE.] (a) The revenue authorized by section 124A.22, subdivision 1, or the revenue for targeted needs pupils or community and family support activities may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be conducted during the one or two calendar year years before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased revenue per actual pupil unit, the estimated referendum tax rate as a percentage of market value in the first year it is to be levied, and that the revenue shall be used to finance school operations. The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot shall designate the specific number of years, not to exceed ten, for which the referendum authorization shall apply. The notice required under section 275.60 may be modified to read, in cases of renewing existing levies:

"BY VOTING "YES" ON THIS BALLOT QUESTION, YOU MAY BE VOTING FOR A PROPERTY TAX INCREASE."

The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of, School District No. ..., be approved?"

If approved, an amount equal to the approved revenue per actual pupil unit times the actual pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The school board shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the referendum to each taxpayer a notice of the referendum and the proposed revenue increase. The school board need not mail more than one notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy, if any, in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes." However, in cases of renewing existing levies, the notice may include the following statement: "Passage of this referendum may result in an increase in your property taxes."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the school board and shall be called by the

school board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the levy amount must be based upon the dollar amount, local tax rate, or amount per actual pupil unit, that was stated to be the basis for the initial authorization. Revenue approved by the voters of the district pursuant to paragraph (a) must be received at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the school district on the day the petition is filed with the school board. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days prior to the day of the referendum, the district shall submit a copy of the notice required under paragraph (b) to the commissioner of education. Within 15 days after the results of the referendum have been certified by the school board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district shall notify the commissioner of education of the results of the referendum.

(g) Except for a referendum held under subdivision 2b, any referendum under this section held on a day other than the first Tuesday after the first Monday in November must be conducted by mail in accordance with section 204B.46. Notwithstanding paragraph (b) to the contrary, in the case of a referendum conducted by mail under this paragraph, the notice required by paragraph (b) shall be prepared and delivered by first class mail at least 20 days before the referendum.

Subd. 27. [METHOD OF PAYMENT BY POLITICAL SUBDIVISION TO FUND.] Effective January 1, 1974, a political subdivision or instrumentality thereof is hereby authorized and directed to pay its obligations under subdivision 25 by moneys collected from taxes or other revenues. Each and every political subdivision authorized to levy taxes may include in its tax levy the amount necessary to pay such obligations. If the taxes authorized to be levied under this subdivision cause the total amount of taxes levied to exceed any limitation whatsoever upon the power of a political subdivision to levy taxes, such political subdivision, except school districts, may levy taxes in excess of the limitations in such amounts as is necessary to meet its obligation under subdivision 25. The expenditures authorized to be made under subdivision 25 shall not be

included in computing the cost of government as defined in any home rule charter of any city affected thereby. The governing body of a municipality, for the purpose of meeting its liabilities under subdivision 25, in the event of a deficit, may issue its obligations payable in not more than two years, in an amount which may cause its indebtedness to exceed any statutory or charter limitations, without an election, and may levy taxes to pay therefor in the manner provided in section 475.61.

Sec. 108. Minnesota Statutes 1994, section 275.065, subdivision 1, is amended to read:

Subdivision 1. [PROPOSED LEVY.] (a) Notwithstanding any law or charter to the contrary, on or before September 15, each taxing authority, other than a school district, shall adopt a proposed budget and ~~each taxing authority~~ shall certify to the county auditor the proposed or, in the case of a town, the final property tax levy for taxes payable in the following year.

(b) On or before September 30, each school district shall certify to the county auditor the proposed property tax levy for taxes payable in the following year. The school district may certify the proposed levy as:

(1) a specific dollar amount; or

(2) an amount equal to the maximum levy limitation certified by the commissioner of education to the county auditor according to section 124.918, subdivision 1.

(c) If the board of estimate and taxation or any similar board that establishes maximum tax levies for taxing jurisdictions within a first class city certifies the maximum property tax levies for funds under its jurisdiction by charter to the county auditor by September 15, the city shall be deemed to have certified its levies for those taxing jurisdictions.

(d) For purposes of this section, "taxing authority" includes all home rule and statutory cities, towns, counties, school districts, and special taxing districts as defined in section 275.066. Intermediate school districts that levy a tax under chapter 124 or 136D, joint powers boards established under sections 124.491 to 124.495, and common school districts No. 323, Franconia, and No. 815, Prinsburg, are also special taxing districts for purposes of this section.

Sec. 109. Minnesota Statutes 1994, section 275.60, is amended to read:

275.60 [LEVY OR BOND REFERENDUM; BALLOT NOTICE.]

Notwithstanding any general or special law or any charter provisions, but subject to section 124A.03, subdivision 2, any question submitted to the voters by any local governmental subdivision at a general or special election after the day of final enactment, authorizing a property tax levy or tax rate increase, including the issuance of debt obligations payable in whole or in part from property taxes, must include on the ballot the following notice in boldface type.

"BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING FOR A PROPERTY TAX INCREASE."

For purposes of this section and section 275.61, "local governmental subdivision" includes counties, home rule and statutory cities, towns, school districts, and all special taxing districts. This statement is in addition to any general or special laws or any charter provisions that govern the contents of a ballot question.

This section does not apply to a school district bond election if the debt service payments are to be made entirely from transfers of revenue from the capital fund to the debt service fund.

Sec. 110. Minnesota Statutes 1994, section 469.1831, subdivision 4, is amended to read:

Subd. 4. [PROGRAM MONEY; DISTRIBUTION AND RESTRICTIONS.] (a) Neighborhood revitalization program money may only be expended in accordance with the program for a purpose listed in subdivision 3 or this subdivision. Program money may not be used in those project areas of the city where the city determines that private investment will be sufficient to provide for development and redevelopment of the project area without public sector assistance, except in cases where program money is being used to remove or rehabilitate structurally

substandard or obsolete buildings. Revenues derived from tax increments may only be expended for the purposes otherwise permitted by law, except that notwithstanding any law to the contrary, the city must pay at least the following amount of program money, including revenues derived from tax increments: (1) 15 percent to the school district, (2) 7.5 percent to the county, and (3) 7.5 percent for social services. Payment must be made to the county and school district within 15 days after the city receives the distribution of increment revenues, provided that the payment for calendar year 1990 may be made at any time during the year. Payment to the county for social services delivery shall be paid only after approval of program and spending plans under paragraph (b). Payment to the school district for education programs and services shall be paid only after approval of program and spending plans under paragraph (b).

(b) The money distributed to the county in a calendar year must be deducted from the county's levy limit for the following calendar year. In calculating the county's levy limit base for later years, the amount deducted must be treated as a local government aid payment.

The city must notify the commissioner of education of the amount of the payment made to the school district for the year. The commissioner shall deduct from the school district's state education aid payments one-half of the amount received by the school district.

The program money paid to the school district by the city less any amount of state aid deducted by the commissioner must be expended for additional education programs and services in accordance with the program. The amounts expended by the school district may not replace existing services.

The money for social services must be paid to the county for the cost of the provision of social services under the plan, as approved by the policy board and the county board.

(c) The city must expend on housing programs and related purposes as provided by the program at least 75 percent of the program money, after deducting the payments to the school district and county.

(d) Notwithstanding any other provisions of law to the contrary, for a city of the first class qualifying under section 469.1781, paragraph (a), program money and money described in Laws 1990, chapter 604, article 7, section 29, as amended, may be expended anywhere within the city by the authority for a purpose permitted by this section for any political subdivision without compliance with section 469.175, subdivision 4, and such money shall be deemed to be expended for a purpose that is a permitted project under section 469.176 and for a purpose that is permitted under section 469.176 for the district from which the increment was received.

Sec. 111. [ALTERNATIVE DEBT SERVICE PLAN.]

Notwithstanding the procedures for dealing with outstanding debt in Minnesota Statutes, section 122.23, subdivision 16, independent school district Nos. 789, Clarissa, and 790, Eagle Bend may develop an alternative plan for meeting debt service for bonds outstanding at the time of reorganization. That plan may provide for the obligation of paying bonds outstanding at the time of reorganization to remain with the district that originally issued the bonds except that the plan may provide for independent school district No. 790, Eagle Bend when its outstanding debt is paid off, to continue making a debt levy and contribute the proceeds of that levy towards the outstanding debt of independent school district No. 789, Clarissa. This debt plan must be approved by the commissioner of education as in Minnesota Statutes, section 122.23, subdivision 6. Any contributions toward the debt of independent school district No. 789, Clarissa, by independent school district No. 790, Eagle Bend under this section must not be considered in the calculation of debt equalization aid for independent school district Nos. 790, Eagle Bend or 789, Clarissa.

Sec. 112. [CAPITAL FACILITIES USE.]

Notwithstanding Minnesota Statutes, section 124.243, subdivision 8, for fiscal year 1996 a district may use up to one-third of its capital expenditure facilities revenue for equipment uses under Minnesota Statutes, section 124.244.

Sec. 113. [LEVY ADJUSTMENT; LE SUEUR-HENDERSON.]

Independent school district No. 2397, Le Sueur-Henderson, must not receive a negative levy

Sec. 114. [TRANSPORTATION FUND ELIMINATION.]

Effective July 1, 1996, the transportation fund of each school district or other unit reporting under Minnesota Statutes, section 121.908, is dissolved. Any positive balances shall be transferred to the general fund and shall be used for the purposes in Minnesota Statutes, section 124A.225.

Sec. 115. [UNRECOVERED RAILROAD AID.]

Unrecovered railroad aid payments pursuant to Laws 1984, chapter 502, article 9, section 5, shall be adjusted from the school district's aid in fiscal year 1997. If the aid reduction required by this section cannot be made to the aid for fiscal year 1997, the reduction must be made from aid for subsequent fiscal years.

Sec. 116. [PILOT ENHANCED PAIRING AGREEMENT.]

Subd. 3. [PERSONNEL.] The districts subject to the enhanced pairing agreement must have one exclusive bargaining representative, one master contract, and a combined seniority list. The teachers and other employees of the districts will be employees of the single board established by the agreement unless specifically excluded in the agreement. If the agreement dissolves or a board withdraws from the agreement, the affected employees shall be provided for in a manner consistent with Minnesota Statutes, section 122.895.

Subd. 4. [FINANCIAL.] (a) Fiscal operations shall be merged under the enhanced pairing agreement, and the single board shall be the fiscal agent to meet reporting requirements. The department of education shall assign a single identification number to apply to the districts subject to the agreement. Levies shall be made jointly except for levies under Minnesota Statutes, sections 124A.03 and 124.97. Districts subject to the agreement shall be considered a single independent school district for purposes of fees or dues assessments.

(b) Title to all the unattached property and all cash reserves of any district subject to the enhanced pairing agreement shall become the property of the single board unless otherwise provided for in the agreement. All legally valid and enforceable claims and contract obligations pass to the single board. For purposes of litigation, the districts subject to the agreement may be recognized singly or jointly. If the agreement dissolves or a board withdraws from the agreement, the commissioner shall divide assets and liabilities of the single board proportionately based on the weighted average daily membership over the last three years.

Subd. 5. [NOTICE AND HEARING.] Prior to entering into an enhanced pairing agreement, the school board shall consult with the community at an informational meeting. The board shall publish notice of the meeting in the official newspaper of the district.

ARTICLE 2

TARGETED NEEDS PROGRAMS

Section 1. Minnesota Statutes 1994, section 120.17, subdivision 3b, is amended to read:

Subd. 3b. [PROCEDURES FOR DECISIONS.] Every district shall utilize at least the following procedures for decisions involving identification, assessment, and educational placement of children with a disability:

(a) Parents and guardians shall receive prior written notice of:

(1) any proposed formal educational assessment or proposed denial of a formal educational assessment of their child;

(2) a proposed placement of their child in, transfer from or to, or denial of placement in a special education program; or

(3) the proposed provision, addition, denial or removal of special education services for their child;

(b) The district shall not proceed with the initial formal assessment of a child, the initial placement of a child in a special education program, or the initial provision of special education services for a child without the prior written consent of the child's parent or guardian. The refusal of a parent or guardian to consent may be overridden by the decision in a hearing held pursuant to clause (e) at the district's initiative;

(c) Parents and guardians shall have an opportunity to meet with appropriate district staff in at least one conciliation conference if they object to any proposal of which they are notified pursuant to clause (a). The conciliation process shall not be used to deny or delay a parent or guardian's right to a due process hearing. If the parent or guardian refuses efforts by the district to conciliate the dispute with the school district, the requirement of an opportunity for conciliation shall be deemed to be satisfied;

(d) The commissioner shall establish a mediation process to assist parents, school districts, or other parties to resolve disputes arising out of the identification, assessment, or educational placement of children with a disability. The mediation process must be offered as an informal alternative to the due process hearing provided under clause (e), but must not be used to deny or postpone the opportunity of a parent or guardian to obtain a due process hearing.

(e) Parents, guardians, and the district shall have an opportunity to obtain an impartial due process hearing initiated and conducted by and in the school district responsible for assuring that an appropriate program is provided in accordance with state board rules, if the parent or guardian continues to object to:

(1) a proposed formal educational assessment or proposed denial of a formal educational assessment of their child;

(2) the proposed placement of their child in, or transfer of their child to a special education program;

(3) the proposed denial of placement of their child in a special education program or the transfer of their child from a special education program;

(4) the proposed provision or addition of special education services for their child; or

(5) the proposed denial or removal of special education services for their child.

At least five Within 15 calendar days ~~before the~~ after the request for a hearing, or as directed by the hearing officer, the objecting party shall provide the other party with a brief written statement of the objection and the reasons for the objection and a written statement of the specific remedies sought.

The hearing shall take place before an impartial hearing officer mutually agreed to by the school board and the parent or guardian. If the school board and the parent or guardian are unable to agree on a hearing officer, the school board shall request the commissioner to appoint a hearing officer. The hearing officer shall not be a school board member or employee of the school district where the child resides or of the child's school district of residence, an employee of any other public agency involved in the education or care of the child, or any person with a personal or professional interest which would conflict with the person's objectivity at the hearing. A person who otherwise qualifies as a hearing officer is not an employee of the district solely because the person is paid by the district to serve as a hearing officer. If the hearing officer requests an independent educational assessment of a child, the cost of the assessment shall be at district

expense. The proceedings shall be recorded and preserved, at the expense of the school district, pending ultimate disposition of the action.

(f) The decision of the hearing officer pursuant to clause (e) shall be rendered not more than 45 calendar days from the date of the receipt of the request for the hearing. A hearing officer may grant specific extensions of time beyond the 45-day period at the request of either party. The decision of the hearing officer shall be binding on all parties unless appealed to the hearing review officer by the parent, guardian, or the school board of the district where the child resides pursuant to clause (g).

The local decision shall:

(1) be in writing;

(2) state the controlling facts upon which the decision is made in sufficient detail to apprise the parties and the hearing review officer of the basis and reason for the decision;

(3) state whether the special education program or special education services appropriate to the child's needs can be reasonably provided within the resources available to the responsible district or districts;

(4) state the amount and source of any additional district expenditure necessary to implement the decision; and

(5) be based on the standards set forth in subdivision 3a and the rules of the state board.

(g) Any local decision issued pursuant to clauses (e) and (f) may be appealed to the hearing review officer within 30 calendar days of receipt of that written decision, by the parent, guardian, or the school board of the district responsible for assuring that an appropriate program is provided in accordance with state board rules.

If the decision is appealed, a written transcript of the hearing shall be made by the school district and shall be accessible to the parties involved within five calendar days of the filing of the appeal. The hearing review officer shall issue a final independent decision based on an impartial review of the local decision and the entire record within 30 calendar days after the filing of the appeal. The hearing review officer shall seek additional evidence if necessary and may afford the parties an opportunity for written or oral argument; provided any hearing held to seek additional evidence shall be an impartial due process hearing but shall be deemed not to be a contested case hearing for purposes of chapter 14. The hearing review officer may grant specific extensions of time beyond the 30-day period at the request of any party.

The final decision shall:

(1) be in writing;

(2) include findings and conclusions; and

(3) be based upon the standards set forth in subdivision 3a and in the rules of the state board.

(h) The decision of the hearing review officer shall be final unless appealed by the parent or guardian or school board to the court of appeals. The judicial review shall be in accordance with chapter 14.

(i) The commissioner of education shall select an individual who has the qualifications enumerated in this paragraph to serve as the hearing review officer:

(1) the individual must be knowledgeable and impartial;

(2) the individual must not have a personal interest in or specific involvement with the student who is a party to the hearing;

(3) the individual must not have been employed as an administrator by the district that is a party to the hearing;

(4) the individual must not have been involved in the selection of the administrators of the district that is a party to the hearing;

(5) the individual must not have a personal, economic, or professional interest in the outcome of the hearing other than the proper administration of the federal and state laws, rules, and policies;

(6) the individual must not have substantial involvement in the development of a state or local policy or procedures that are challenged in the appeal; and

(7) the individual is not a current employee or board member of a Minnesota public school district, education district, intermediate unit or regional education agency, the state department of education, the state board of education, or a parent advocacy organization or group.

(j) In all appeals, the parent or guardian of the pupil with a disability or the district that is a party to the hearing may challenge the impartiality or competence of the proposed hearing review officer by applying to the state board of education hearing review officer.

(k) Pending the completion of proceedings pursuant to this subdivision, unless the district and the parent or guardian of the child agree otherwise, the child shall remain in the child's current educational placement and shall not be denied initial admission to school.

(l) The child's school district of residence, a resident district, and providing district shall receive notice of and may be a party to any hearings or appeals under this subdivision.

(m) A hearing officer or hearing review officer appointed under this subdivision shall be deemed to be an employee of the state under section 3.732 for the purposes of section 3.736 only.

(n) In order to be eligible for selection, hearing officers and hearing review officers shall participate in training and follow procedures as designated by the commissioner.

Sec. 2. Minnesota Statutes 1994, section 120.17, is amended by adding a subdivision to read:

Subd. 3d. [INTERAGENCY SERVICES.] If at the time of initial referral for an educational assessment, or a reassessment, the school district determines that a child with disabilities who is age 3 through 21 may be eligible for interagency services, the district shall request that the county of residence provide a representative to the initial assessment or reassessment team meeting or the first individual education plan team meeting following the assessment or reassessment. The district may request to have a county representative attend other individual education plan team meetings when it is necessary to facilitate coordination between district and county provided services. Upon request from a school district, the resident county shall provide a representative to assist the individual education plan team in determining the child's eligibility for existing health, mental health, or other support services administered or provided by the county. The individual education plan team and the county representative shall develop an interagency plan of care for an eligible child and the child's family to coordinate services required under the child's individual education plan with county services. The interagency plan of care shall include appropriate family information with the consent of the family, a description of how services will be coordinated between the district and county, a description of service coordinator responsibilities and services, and a description of activities for obtaining third-party payment for eligible services, including medical assistance payments.

Sec. 28. Minnesota Statutes 1994, section 123.3514, subdivision 4, is amended to read:

Subd. 4. [AUTHORIZATION; NOTIFICATION.] Notwithstanding any other law to the contrary, an 11th or 12th grade pupil enrolled in a public school or an American Indian-controlled tribal contract or grant school eligible for aid under section 124.86, except a foreign exchange pupil enrolled in a district under a cultural exchange program, may apply to an eligible institution, as defined in subdivision 3, to enroll in nonsectarian courses offered by that post-secondary institution. If an institution accepts a secondary pupil for enrollment under this section, the institution shall send written notice to the pupil, the pupil's school or school district, and the commissioner of education within ten days of acceptance. The notice shall indicate the course and hours of enrollment of that pupil. If the pupil enrolls in a course for post-secondary credit, the institution shall notify the pupil about payment in the customary manner used by the institution.

Sec. 29. Minnesota Statutes 1994, section 123.3514, subdivision 4a, is amended to read:

Subd. 4a. [COUNSELING.] To the extent possible, the school or school district shall provide counseling services to pupils and their parents or guardian before the pupils enroll in courses under this section to ensure that the pupils and their parents or guardian are fully aware of the risks and possible consequences of enrolling in post-secondary courses. The school or school district shall provide information on the program including who may enroll, what institutions and courses are eligible for participation, the decision-making process for granting academic credits, financial arrangements for tuition, books and materials, eligibility criteria for transportation aid, available support services, the need to arrange an appropriate schedule, consequences of failing or not completing a course in which the pupil enrolls, the effect of enrolling in this program on the pupil's ability to complete the required high school graduation requirements, and the academic and social responsibilities that must be assumed by the pupils and their parents or guardian. Prior to enrolling in a course, the pupil and the pupil's parents or guardian must sign a form that must be provided by the school or school district and may be obtained from a post-secondary institution stating that they have received the information specified in this subdivision and that they understand the responsibilities that must be assumed in enrolling in this program. The department of education shall, upon request, provide technical assistance to a school or school district in developing appropriate forms and counseling guidelines.

If no comparable course is offered by the district, the district shall, as soon as possible, notify the commissioner, which shall determine the number of credits that shall be granted to a pupil who successfully completes a course. If a comparable course is offered by the district, the school board shall grant a comparable number of credits to the pupil. If there is a dispute between the district and the pupil regarding the number of credits granted for a particular course, the pupil may appeal the school board's decision to the commissioner. The commissioner's decision regarding the number of credits shall be final.

(c) The secondary credits granted to a pupil shall be counted toward the graduation requirements and subject area requirements of the school district. Evidence of successful completion of each course and secondary credits granted shall be included in the pupil's secondary school record. A pupil must provide the school with a copy of the pupil's grade in each course taken for secondary credit under this section. Upon the request of a pupil, the pupil's secondary school record shall also include evidence of successful completion and credits granted for a course taken for post-secondary credit. For the purpose of computing state aids for a school district, a pupil enrolled according to subdivision 4e shall be counted in the average daily membership of the school district as though the pupil were enrolled in a secondary course that is not offered in connection with an agreement. Nothing in this subdivision shall be construed to prohibit a public post-secondary system or private post-secondary institution from receiving additional state funding that may be available under any other law.

(b) If a course is provided under subdivision 4e, offered at a secondary school, and taught by a secondary teacher, the post-secondary system or institution must not require a payment from the school board that exceeds the cost to the post-secondary institution that is directly attributable to providing that course.

Notwithstanding any contrary provision of Extra Session Laws 1959, Chapter 71, as amended, if there was in the special district a teachers retirement fund association operating and existing under the provisions of Laws 1909, Chapter 343, and all acts amendatory thereof, then such teachers retirement fund association shall continue to exist and operate in the converted district under and to be subject to the provisions of Laws 1909, Chapter 343, and all acts amendatory thereof, to the same extent and in the same manner as before the conversion, and, without limiting the generality of the foregoing, such teachers retirement fund association shall continue, after the conversion as before the conversion, to certify to the same authorities the amount necessary to raise by taxation in order to carry out its retirement plan, and it shall continue, after the conversion as before the conversion, to be the duty of said authorities to include in the tax levy for the ensuing year a tax in addition to all other taxes sufficient to produce so much of the sums so certified as said authorities shall approve, and such teachers retirement fund association shall not be subject after the conversion to any limitation on payments to any beneficiary from public funds or on taxes to be levied to carry out the plan of such association to which it was not subject before the conversion.

Sec. 78. Laws 1992, chapter 499, article 11, section 9, as amended by Laws 1994, chapter 647, article 5, section 17, is amended to read:

Subd. 11. [REFERENDUM LEVY.] (a) Except as provided in paragraph (b) or (c), notwithstanding Minnesota Statutes, section 124A.03, subdivision 2 or 2b, or 124B.03, subdivision 2, no referendum conducted after March 30, 1995, under those sections may authorize a levy first becoming payable in 1996.

(b) A referendum may authorize such a levy if the referendum provides for continuation of a referendum levy that terminates beginning with taxes payable in 1996. If the terminated levy had been based on net tax capacity, the referendum relating to taxes payable in 1996 must be based on net tax capacity and the ballot shall state the estimated referendum tax rate based on net tax capacity for taxes levied in 1996, notwithstanding Minnesota Statutes, section 124A.03, subdivisions 2 and 2a. To the extent the referendum relates to taxes payable in 1997 and subsequent years, the levies for those years are subject to Minnesota Statutes, sections 124A.03, subdivision 2a, and 124A.0311, subdivision 3, and the ballot and notice shall also state the estimated referendum tax rate as a percentage of market value for taxes levied in 1997.

(c) A referendum may authorize such a levy if the levy required under the referendum would not result in an increase for taxes payable in 1996 in the total levy for all purposes imposed by the school district over the total levy imposed by the district for taxes payable in 1995.

Subd. 12. [REFERENDUM AUTHORITY; CONVERSION.] Notwithstanding Minnesota Statutes, section 124A.0311, subdivisions 2 and 3, no school district may convert its referendum authority currently authorized to be levied against net tax capacity to referendum authority authorized to be levied against referendum market value effective for taxes payable in 1996.

Subd. 13. [LEVY AUTHORITY EXTENSION.] Notwithstanding Minnesota Statutes, section 124.531, subdivision 4a; 124.84, subdivisions 3 and 4; and 124.912, subdivision 9, remaining levy authority under these sections is extended by one year."

"Sec. 8. [GENERAL STATEMENT OF POLICY.]

It is the policy of the state of Minnesota that public programs shall be of the highest quality and value and promote fairness. As such, the legislature and governor will apply the following principles, to as great an extent as possible, when developing and reviewing public programs:

(1) where feasible, public programs will provide funds directly to people rather than to funding institutions, agencies, or service providers;

(2) public subsidies will be targeted to people and jurisdictions and other recipients based on need;

(3) where possible, competition will be used as a tool to align institutional self-interest with the public's interest;

(4) subsidies to service providers that mask the cost of public services will be minimized. The prices of public goods as reflected in taxes and other revenues will, to as great an extent as possible, reflect the true costs of providing those goods;

(5) where feasible, spending reforms will attempt to meet public responsibilities through nongovernmental entities with which people already have relationships of mutual obligation; and

(6) spending reforms will give preference to investment-type spending over consumption-type spending and stress the importance of long-term economic growth and the development of physical and human capital.

Sec. 9. [HEALTH AND HUMAN SERVICES SPENDING REFORM COUNCIL.]

Subdivision 1. [DUTIES; MEMBERSHIP.] The health and human services spending reform council shall develop legislation for improvements in health and human services programs.

Subd. 2. [SCOPE OF WORK.] The council's report to the legislature must include specific

recommendations and draft legislation for change in the programs listed in subdivision 1 consistent with the principles described in section 8 and must include a plan for implementing the changes, an estimate of the fiscal impact of the changes, and assessment of the impact of such changes on program goals, service levels, and other information as considered appropriate by the council.

Subd. 3. [PRINCIPLES TO BE APPLIED.] In making its recommendations and drafting legislation, the council must apply the broad principles of spending reform described in section 8.

Subd. 4. [STAFF.] Executive branch departments and agencies and legislative staff, including the revisor of statutes, shall provide administrative staff assistance when requested by the council.

Subd. 5. [AGENCY COOPERATION.] The commissioners of the executive branch departments and agencies shall, upon request by the council, provide data and other information that is collected or possessed by their agencies and that is necessary or useful in conducting the study and preparing the report required by this section.

Ms. Berglin moved to amend S.F. No. 47 as follows:

Page 39, after line 28, insert:

"Section 1. Minnesota Statutes 1994, section 144A.071, subdivision 2, is amended to read:

Subd. 2. [MORATORIUM.] The commissioner of health, in coordination with the commissioner of human services, shall deny each request for new licensed or certified nursing home or certified boarding care beds except as provided in subdivision 3 or 4a, or section 144A.073. "Certified bed" means a nursing home bed or a boarding care bed certified by the commissioner of health for the purposes of the medical assistance program, under United States Code, title 42, sections 1396 et seq.

The commissioner of human services, in coordination with the commissioner of health, shall deny any request to issue a license under section 252.28 and chapter 245A to a nursing home or boarding care home, if that license would result in an increase in the medical assistance reimbursement amount.

In addition, the commissioner of health must not approve any construction project whose cost exceeds \$500,000, or 25 percent of the facility's appraised value, whichever is less, unless:

(a) any construction costs exceeding the lesser of \$500,000 or 25 percent of the facility's appraised value are not added to the facility's appraised value and are not included in the facility's payment rate for reimbursement under the medical assistance program; or

(b) the project:

(1) has been approved through the process described in section 144A.073;

(2) meets an exception in subdivision 3 or 4a;

(3) is necessary to correct violations of state or federal law issued by the commissioner of health;

(4) is necessary to repair or replace a portion of the facility that was ~~destroyed~~ damaged by fire, lightning, or other hazards provided that the provisions of subdivision 4a, clause (a), are met;

(5) as of May 1, 1992, the facility has submitted to the commissioner of health written documentation evidencing that the facility meets the "commenced construction" definition as specified in subdivision 1a, clause (d), or that substantial steps have been taken prior to April 1, 1992, relating to the construction project. "Substantial steps" require that the facility has made arrangements with outside parties relating to the construction project and include the hiring of an architect or construction firm, submission of preliminary plans to the department of health or documentation from a financial institution that financing arrangements for the construction project have been made; or

(6) is being proposed by a licensed nursing facility that is not certified to participate in the medical assistance program and will not result in new licensed or certified beds.

Prior to the final plan approval of any construction project, the commissioner of health shall be provided with an itemized cost estimate for the project construction costs. If a construction project is anticipated to be completed in phases, the total estimated cost of all phases of the project shall be submitted to the commissioner and shall be considered as one construction project. Once the construction project is completed and prior to the final clearance by the commissioner, the total project construction costs for the construction project shall be submitted to the commissioner. If the final project construction cost exceeds the dollar threshold in this subdivision, the commissioner of human services shall not recognize any of the project construction costs or the related financing costs in excess of this threshold in establishing the facility's property-related payment rate.

The dollar thresholds for construction projects are as follows: for construction projects other than those authorized in clauses (1) to (6), the dollar threshold is \$500,000 or 25 percent of appraised value, whichever is less. For projects authorized after July 1, 1993, under clause (1), the dollar threshold is the cost estimate submitted with a proposal for an exception under section 144A.073, plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a). For projects authorized under clauses (2) to (4), the dollar threshold is the itemized estimate project construction costs submitted to the commissioner of health at the time of final plan approval, plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a).

The commissioner of health shall adopt emergency or permanent rules to implement this section or to amend the emergency rules for granting exceptions to the moratorium on nursing homes under section 144A.073. The authority to adopt emergency rules continues to December 30, 1992.

Sec. 2. Minnesota Statutes 1994, section 144A.071, subdivision 4a, is amended to read:

Subd. 4a. [EXCEPTIONS FOR REPLACEMENT BEDS.] It is in the best interest of the state to ensure that nursing homes and boarding care homes continue to meet the physical plant licensing and certification requirements by permitting certain construction projects. Facilities should be maintained in condition to satisfy the physical and emotional needs of residents while allowing the state to maintain control over nursing home expenditure growth.

The commissioner of health in coordination with the commissioner of human services, may approve the renovation, replacement, upgrading, or relocation of a nursing home or boarding care home, under the following conditions:

(a) to license or certify beds in a new facility constructed to replace a facility or to make repairs in an existing facility that was destroyed or damaged after June 30, 1987, by fire, lightning, or other hazard provided:

(i) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(ii) at the time the facility was destroyed or damaged the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(iii) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility or repairs;

(iv) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5;

(v) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility; and

(vi) the commissioner determines that the replacement beds are needed to prevent an inadequate supply of beds as defined in subdivision 3, paragraph (a).

Project construction costs incurred for repairs authorized under this clause shall not be considered in the dollar threshold amount defined in subdivision 2;

(b) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less;

(c) to license or certify beds in a project recommended for approval under section 144A.073;

(d) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds;

(e) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure, or in a facility that was granted an exception to the moratorium under section 144A.073, and if the cost of any remodeling of the facility does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase beyond the number remaining at the time of the upgrade in licensure. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(f) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of St. Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this paragraph;

(g) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements;

(h) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of \$200,000 or more;

(i) to certify, after September 30, 1992, and prior to July 1, 1993, existing nursing home beds in a facility that was licensed and in operation prior to January 1, 1992;

(j) to license and certify new nursing home beds to replace beds in a facility condemned as part of an economic redevelopment plan in a city of the first class, provided the new facility is located within one mile of the site of the old facility. Operating and property costs for the new facility must be determined and allowed under existing reimbursement rules;

(k) to license and certify up to 20 new nursing home beds in a community-operated hospital and attached convalescent and nursing care facility with 40 beds on April 21, 1991, that suspended

operation of the hospital in April 1986. The commissioner of human services shall provide the facility with the same per diem property-related payment rate for each additional licensed and certified bed as it will receive for its existing 40 beds;

(l) to license or certify beds in renovation, replacement, or upgrading projects as defined in section 144A.073, subdivision 1, so long as the cumulative total costs of the facility's remodeling projects do not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less;

(m) to license and certify beds that are moved from one location to another for the purposes of converting up to five four-bed wards to single or double occupancy rooms in a nursing home that, as of January 1, 1993, was county-owned and had a licensed capacity of 115 beds;

(n) to allow a facility that on April 16, 1993, was a 106-bed licensed and certified nursing facility located in Minneapolis to layaway all of its licensed and certified nursing home beds. These beds may be relicensed and recertified in a newly-constructed teaching nursing home facility affiliated with a teaching hospital upon approval by the legislature. The proposal must be developed in consultation with the interagency committee on long-term care planning. The beds on layaway status shall have the same status as voluntarily delicensed and decertified beds, except that beds on layaway status remain subject to the surcharge in section 256.9657. This layaway provision expires July 1, 1995;

(o) to allow a project which will be completed in conjunction with an approved moratorium exception project for a nursing home in southern Cass county and which is directly related to that portion of the facility that must be repaired, renovated, or replaced, to correct an emergency plumbing problem for which a state correction order has been issued and which must be corrected by August 31, 1993;

(p) to allow a facility that on April 16, 1993, was a 368-bed licensed and certified nursing facility located in Minneapolis to layaway, upon 30 days prior written notice to the commissioner, up to 30 of the facility's licensed and certified beds by converting three-bed wards to single or double occupancy. Beds on layaway status shall have the same status as voluntarily delicensed and decertified beds except that beds on layaway status remain subject to the surcharge in section 256.9657, remain subject to the license application and renewal fees under section 144A.07 and shall be subject to a \$100 per bed reactivation fee. In addition, at any time within three years of the effective date of the layaway, the beds on layaway status may be:

(1) relicensed and recertified upon relocation and reactivation of some or all of the beds to an existing licensed and certified facility or facilities located in Pine River, Brainerd, or International Falls; provided that the total project construction costs related to the relocation of beds from layaway status for any facility receiving relocated beds may not exceed the dollar threshold provided in subdivision 2 unless the construction project has been approved through the moratorium exception process under section 144A.073;

(2) relicensed and recertified, upon reactivation of some or all of the beds within the facility which placed the beds in layaway status, if the commissioner has determined a need for the reactivation of the beds on layaway status.

The property-related payment rate of a facility placing beds on layaway status must be adjusted by the incremental change in its rental per diem after recalculating the rental per diem as provided in section 256B.431, subdivision 3a, paragraph (d). The property-related payment rate for a facility relicensing and recertifying beds from layaway status must be adjusted by the incremental change in its rental per diem after recalculating its rental per diem using the number of beds after the relicensing to establish the facility's capacity day divisor, which shall be effective the first day of the month following the month in which the relicensing and recertification became effective. Any beds remaining on layaway status more than three years after the date the layaway status became effective must be removed from layaway status and immediately delicensed and decertified;

(q) to license and certify beds in a renovation and remodeling project to convert 13 three-bed wards into 13 two-bed rooms and 13 single-bed rooms, expand space, and add improvements in a nursing home that, as of January 1, 1994, met the following conditions: the nursing home was

located in Ramsey county; was not owned by a hospital corporation; had a licensed capacity of 64 beds; and had been ranked among the top 15 applicants by the 1993 moratorium exceptions advisory review panel. The total project construction cost estimate for this project must not exceed the cost estimate submitted in connection with the 1993 moratorium exception process; or

(r) to license and certify beds in a renovation and remodeling project to convert 12 four-bed wards into 24 two-bed rooms, expand space, and add improvements in a nursing home that, as of January 1, 1994, met the following conditions: the nursing home was located in Ramsey county; had a licensed capacity of 154 beds; and had been ranked among the top 15 applicants by the 1993 moratorium exceptions advisory review panel. The total project construction cost estimate for this project must not exceed the cost estimate submitted in connection with the 1993 moratorium exception process.

Sec. 3. Minnesota Statutes 1994, section 144A.071, is amended by adding a subdivision to read:

Subd. 5a. [COST ESTIMATE OF A MORATORIUM EXCEPTION PROJECT.] For the purposes of this section and section 144A.073, the cost estimate of a moratorium exception project shall include the effects of the proposed project on the costs of the state subsidy for community-based services, nursing services, and housing in institutional and noninstitutional settings. The commissioner of health, in cooperation with the commissioner of human services, shall define the method for estimating these costs in the permanent rule implementing section 144A.073. The commissioner of human services shall prepare an estimate of the total state annual long-term costs of each moratorium exception proposal.

Sec. 4. Minnesota Statutes 1994, section 144A.073, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given them:

(a) "Conversion" means the relocation of a nursing home bed from a nursing home to an attached hospital.

(b) "Relocation" means the movement of licensed nursing home beds or certified boarding care beds as permitted under subdivision 4, clause (3), and subdivision 5.

(c) "Renovation" means extensive remodeling of, or construction of an addition to, a facility on an existing site with a total cost exceeding ten percent of the appraised value of the facility or \$200,000, whichever is less.

Sec. 5. Minnesota Statutes 1994, section 144A.073, subdivision 2, is amended to read:

Subd. 2. [REQUEST FOR PROPOSALS.] At the intervals specified in rules authorization by the legislature of additional medical assistance expenditures for exceptions to the moratorium on nursing homes, the interagency committee shall publish in the State Register a request for proposals for nursing home projects to be licensed or certified under section 144A.071, subdivision 4a, clause (c). The public notice of this funding and the request for proposals must specify how the approval criteria will be prioritized by the advisory review panel, the interagency long-term care planning committee, and the commissioner. The notice must describe the information that must accompany a request and state that proposals must be submitted to the interagency committee within 90 days of the date of publication. The notice must include the amount of the legislative appropriation available for the additional costs to the medical assistance program of projects approved under this section. If no money is appropriated for a year, the notice for that year must state that proposals will not be requested because no appropriations were made. The interagency committee shall publish a notice to that effect, and no proposals shall be requested. If money is appropriated, the interagency committee shall initiate the application and review process described in this section at least twice each biennium and up to four times each biennium.

according to dates established by rule. Authorized funds shall be allocated proportionally to the number of processes. Funds not encumbered by an earlier process within a biennium shall carry forward to subsequent iterations of the process. Authorization for expenditures does not carry forward into the following biennium. To be considered for approval, a proposal must include the following information:

- (1) whether the request is for renovation, replacement, upgrading, ~~or conversion~~, or relocation;
- (2) a description of the problem the project is designed to address;
- (3) a description of the proposed project;
- (4) an analysis of projected costs of the nursing facility proposal, including initial construction and remodeling costs; site preparation costs; financing costs, including the current estimated long-term financing costs of the proposal, which consists of the amount and sources of money, reserves if required under the proposed funding mechanism, annual payments scheduled, interest rates, length of term, closing costs and fees, insurance costs, and any completed marketing study or underwriting review; and estimated operating costs during the first two years after completion of the project;
- (5) for proposals involving replacement of all or part of a facility, the proposed location of the replacement facility and an estimate of the cost of addressing the problem through renovation;
- (6) for proposals involving renovation, an estimate of the cost of addressing the problem through replacement;
- (7) the proposed timetable for commencing construction and completing the project; ~~and~~
- (8) a statement of any licensure or certification issues, such as certification survey deficiencies;
- (9) the proposed alternative disposition of current residents if beds are to be closed so that the department of human services can estimate the total costs of a proposal; and
- (10) other information required by permanent rule of the commissioner of health in accordance with subdivisions 4 and 8.

Sec. 6. Minnesota Statutes 1994, section 144A.073, subdivision 3, is amended to read:

Subd. 3. [REVIEW AND APPROVAL OF PROPOSALS.] Within the limits of money specifically appropriated to the medical assistance program for this purpose, the interagency long-term care planning committee may recommend that the commissioner of health grant exceptions to the nursing home licensure or certification moratorium for proposals that satisfy the requirements of this section. The interagency committee shall appoint an advisory review panel composed of representatives of consumers and providers to review proposals and provide comments and recommendations to the committee. The commissioners of human services and health shall provide staff and technical assistance to the committee for the review and analysis of proposals. The interagency committee shall hold a public hearing before submitting recommendations to the commissioner of health on project requests. The committee shall submit recommendations within 150 days of the date of the publication of the notice, ~~based on a comparison and ranking of proposals using the criteria in subdivision 4.~~ The commissioner of health shall approve or disapprove a project within 30 days after receiving the committee's recommendations. The advisory review panel, the committee, and the commissioner of health shall base their recommendations, approvals, or disapprovals on a comparison and ranking of proposals using only the criteria in subdivision 4 and in emergency and permanent rules adopted by the commissioner. The cost to the medical assistance program of the proposals approved must be within the limits of the appropriations specifically made for this purpose. Approval of a proposal expires 18 months after approval by the commissioner of health unless the facility has commenced construction as defined in section 144A.071, subdivision 1a, paragraph (d). The committee's report to the legislature, as required under section 144A.31, must include the projects approved, the criteria used to recommend proposals for approval, and the estimated costs of the projects, including the costs of initial construction and remodeling, and the estimated operating costs during the first two years after the project is completed.

Sec. 7. Minnesota Statutes 1994, section 144A.073, is amended by adding a subdivision to read:

Subd. 3c. [COST NEUTRAL RELOCATION PROJECTS.] Notwithstanding subdivision 3, the interagency committee may at any time accept proposals or amendments to proposals previously approved under this section for relocations that are cost neutral with respect to state costs as defined in section 144A.071, subdivision 5a. The committee shall review these applications and make recommendations to the commissioner within 90 days. The committee must evaluate proposals according to subdivision 4, clauses (1), (2), and (3), and other criteria established in rule. The commissioner shall approve or disapprove a project within 30 days of receiving the committee's recommendation. Proposals and amendments approved under this subdivision are not subject to the six-mile limit in subdivision 5, paragraph (e), and an amendment under this section to a proposal originally approved before April 1, 1995, involving the replacement of 102 licensed and certified beds may include the relocation of 50 percent of the beds to each of two other locations. A project previously approved under this section that applies for and is granted an amendment under this subdivision prior to July 1, 1995, shall have an additional six months to commence construction beyond the limit established in subdivision 3b.

Sec. 8. Minnesota Statutes 1994, section 144A.073, subdivision 4, is amended to read:

Subd. 4. [CRITERIA FOR REVIEW.] (a) The following criteria must shall be used in a consistent manner to compare and, evaluate, and rank all proposals submitted. Except for the criteria specified in clause (3), the application of criteria listed under this subdivision shall not reflect any distinction based on the geographic location of the proposed project:

(1) the extent to which the average occupancy rate of the facility supports the need for the proposed project;

(2) the extent to which the average occupancy rate of all facilities in the county in which the applicant is located, together with all contiguous Minnesota counties, supports the need for the proposed project;

(3) the extent to which the proposal furthers state long-term care goals, including the goals stated in section 144A.31, and including the goal of enhancing the availability and use of alternative care services and the goal of reducing the number of long-term care resident rooms with more than two beds;

(4) the cost effectiveness of the proposal, including (2) the proposal's long-term effects on the state costs of the medical assistance program, as determined by the commissioner of human services; and including the cost estimate of the project according to section 144A.071, subdivision 5a;

(5) other factors developed in rule by the commissioner of health that evaluate and assess how the proposed project will further promote or protect the health, safety, comfort, treatment, or well-being of the facility's residents.

(b) In addition to the criteria in paragraph (a), the following criteria must be used to evaluate, compare, and rank proposals involving renovation or replacement:

(3) the extent to which the proposal promotes equitable access to long-term care services in nursing homes through redistribution of the nursing home bed supply, as measured by the number of beds relative to the population 85 or older, projected to the year 2000 by the state demographer, and according to items (i) through (iv):

(i) reduce beds in counties where the supply is relatively high, and increase beds in counties where the supply is relatively low;

(ii) adjust the bed supply so as to create the greatest benefits in improving the distribution of beds;

(iii) adjust the existing bed supply (A) in counties in the seven-county metropolitan area so that the bed supply in the counties, together with all contiguous Minnesota counties, moves toward the statewide mean and (B) in other counties so that the supply in the 50-mile radius surrounding the project under review moves toward the statewide mean; and

(iv) adjust the existing bed supply so that the distribution of beds as projected for the year 2020 would be consistent with projected need;

~~(4)~~ (4) the extent to which the project improves conditions that affect the health or safety of residents, such as narrow corridors, narrow door frames, unenclosed fire exits, and wood frame construction, and similar provisions contained in fire and life safety codes and licensure and certification rules;

~~(2)~~ (5) the extent to which the project improves conditions that affect the comfort or quality of life of residents in a facility or the ability of the facility to provide efficient care, such as a relatively high number of residents in a room; inadequate lighting or ventilation; poor access to bathing or toilet facilities; a lack of available ancillary space for dining rooms, day rooms, or rooms used for other activities; problems relating to heating, cooling, or energy efficiency; inefficient location of nursing stations; narrow corridors; or other provisions contained in the licensure and certification rules;

(6) the extent to which the applicant demonstrates the delivery of quality care to residents as evidenced by the two most recent state agency certification surveys and the applicants' response to those surveys;

(7) the extent to which the project removes the need for waivers or variances previously granted by either the licensing agency, certifying agency, fire marshal, or local government entity; and

(8) other factors that may be developed in permanent rule by the commissioner of health that evaluate and assess how the proposed project will further promote or protect the health, safety, comfort, treatment, or well-being of the facility's residents.

Sec. 9. Minnesota Statutes 1994, section 144A.073, subdivision 8, is amended to read:

Subd. 8. [RULEMAKING.] The commissioner of health shall adopt ~~emergency or permanent~~ rules to implement this section. The permanent rules must be in accordance with and implement only the criteria listed in this section. The authority to adopt ~~emergency permanent~~ rules continues until ~~December 30, 1988~~ July 1, 1996."

Counties that deliver correctional services through Minnesota Statutes, chapter 260, and that qualify for new probation officers under this program shall receive full reimbursement for the officers' salaries and reimbursement for the

Sec. 3. Minnesota Statutes 1994, section 260.131, is amended by adding a subdivision to read:

Subd. 1b. [CHILD IN NEED OF PROTECTION OR SERVICES; HABITUAL TRUANT.] If there is a county attorney mediation program operating in the child's school district, a petition alleging that a child is in need of protection or services as a habitual truant under section 260.015, subdivision 2a, clause (2), may not be filed until the applicable procedures under section 260A.05 have been exhausted.

Sec. 4. Minnesota Statutes 1994, section 260.132, subdivision 1, is amended to read:

Subdivision 1. [NOTICE.] When a peace officer, or attendance officer in the case of a habitual truant, has probable cause to believe that a child:

(2) is a juvenile petty offender; or

(3) has committed a delinquent act that would be a petty misdemeanor or misdemeanor if committed by an adult;

the officer may issue a notice to the child to appear in juvenile court in the county in which the

child is found or in the county of the child's residence or, in the case of a juvenile petty offense, or a petty misdemeanor or misdemeanor delinquent act, the county in which the offense was committed. If there is a county attorney mediation program operating in the child's school district, a notice to appear in juvenile court for a habitual truant may not be issued until the applicable procedures under section 260A.05 have been exhausted. The officer shall file a copy of the notice to appear with the juvenile court of the appropriate county. If a child fails to appear in response to the notice, the court may issue a summons notifying the child of the nature of the offense alleged and the time and place set for the hearing. Sec. 5. Minnesota Statutes 1994, section 260.132, subdivision 4, is amended to read:

Subd. 4. - ~~(1) assessing the truant's attendance situation;~~
- ~~(2) assisting in coordinating intervention efforts where appropriate;~~
- ~~(3) contacting the parents or legal guardian of the truant and releasing the truant to the custody of the parent or guardian; and~~
- ~~(4) facilitating the truant's earliest possible return to school.~~

Sec. 6. Minnesota Statutes 1994, section 260.191, subdivision 1, is amended to read:

Subdivision 1. [DISPOSITIONS.] (a) If the court finds that the child is in need of protection or services or neglected and in foster care, it shall enter an order making any of the following dispositions of the case:

- (1) place the child under the protective supervision of the local social services agency or child-placing agency in the child's own home under conditions prescribed by the court directed to the correction of the child's need for protection or services;
- (2) transfer legal custody to one of the following:
 - (i) a child-placing agency; or
 - (ii) the local social services agency.

In placing a child whose custody has been transferred under this paragraph, the agencies shall follow the order of preference stated in section 260.181, subdivision 3;

(3) if the child is in need of special treatment and care for reasons of physical or mental health, the court may order the child's parent, guardian, or custodian to provide it. If the parent, guardian, or custodian fails or is unable to provide this treatment or care, the court may order it provided. The court shall not transfer legal custody of the child for the purpose of obtaining special treatment or care solely because the parent is unable to provide the treatment or care. If the court's order for mental health treatment is based on a diagnosis made by a treatment professional, the court may order that the diagnosing professional not provide the treatment to the child if it finds that such an order is in the child's best interests; or

(4) if the court believes that the child has sufficient maturity and judgment and that it is in the best interests of the child, the court may order a child 16 years old or older to be allowed to live independently, either alone or with others as approved by the court under supervision the court considers appropriate, if the county board, after consultation with the court, has specifically authorized this dispositional alternative for a child.

(b) If the child was adjudicated in need of protection or services because the child is a runaway or habitual truant, the court may order any of the following dispositions in addition to or as alternatives to the dispositions authorized under paragraph (a):

- (1) counsel the child or the child's parents, guardian, or custodian;
- (2) place the child under the supervision of a probation officer or other suitable person in the child's own home under conditions prescribed by the court, including reasonable rules for the child's conduct and the conduct of the parents, guardian, or custodian, designed for the physical, mental, and moral well-being and behavior of the child; or with the consent of the commissioner of corrections, place the child in a group foster care facility which is under the commissioner's management and supervision;
- (3) subject to the court's supervision, transfer legal custody of the child to one of the following:
 - (i) a reputable person of good moral character. No person may receive custody of two or more unrelated children unless licensed to operate a residential program under sections 245A.01 to 245A.16; or
 - (ii) a county probation officer for placement in a group foster home established under the direction of the juvenile court and licensed pursuant to section 241.021;
- (4) require the child to pay a fine of up to \$100. The court shall order payment of the fine in a manner that will not impose undue financial hardship upon the child;
- (5) require the child to participate in a community service project;
- (6) order the child to undergo a chemical dependency evaluation and, if warranted by the evaluation, order participation by the child in a drug awareness program or an inpatient or outpatient chemical dependency treatment program;
- (7) if the court believes that it is in the best interests of the child and of public safety that the child's driver's license or instruction permit be canceled, the court may ~~recommend to order~~ the commissioner of public safety ~~that to cancel~~ the child's license ~~be canceled~~ or permit for any period up to the child's 18th birthday. If the child does not have a driver's license or permit, the court may order a denial of driving privileges for any period up to the child's 18th birthday. The court shall forward an order issued under this clause to the commissioner ~~is authorized to, who shall cancel the license or permit or deny driving privileges without a hearing for the period specified by the court.~~ At any time before the expiration of the period of cancellation or denial, the court may, for good cause, ~~recommend to order~~ the commissioner of public safety ~~that to allow the child be authorized~~ to apply for a new license or permit, and the commissioner ~~may shall~~ so authorize; or
- (8) order that the child's parent or legal guardian deliver the child to school at the beginning of each school day for a period of time specified by the court; or
- (9) require the child to perform any other activities or participate in any other treatment programs deemed appropriate by the court.

(c) If a child is adjudicated in need of protection or services because the child is a habitual truant and truancy procedures involving the child were previously dealt with by a county attorney mediation program under section 260A.05, the court shall order a cancellation or denial of driving privileges under paragraph (b), clause (7), until the child's 18th birthday.

Sec. 7. [260A.01] [TRUANCY PROGRAMS AND SERVICES.]

The programs in this chapter are designed to provide a continuum of intervention and services to support families and children in keeping children in school and combating truancy and educational neglect. School districts, county attorneys, and law enforcement may establish the programs and coordinate them with other community-based truancy services in order to provide the necessary and most effective intervention for children and their families. This continuum of intervention and services involves progressively intrusive intervention, beginning with strong service-oriented efforts at the school and community level and involving the court's authority only when necessary.

Sec. 8. [260A.02] [DEFINITIONS.]

Subdivision 1. [SCOPE.] The definition in this section applies to this chapter.

Subd. 2. [CONTINUING TRUANT.] "Continuing truant" means a child who is subject to the compulsory instruction requirements of section 120.101 and is absent from instruction in a school, as defined in section 120.05, without valid excuse within a single school year for:

- (1) three days if the child is in elementary school; or
- (2) four or more class periods on three days if the child is in middle school, junior high school, or high school.

A child is not a continuing truant if the child is withdrawn from school by the child's parents because of a dispute with the school concerning the provision of special education services under the Individuals with Disabilities Education Act or accommodations and modifications under the Americans with Disabilities Act, if the parent makes good faith efforts to provide the child educational services from any other source. No parent who withdraws a child from school during a dispute with the school concerning the provision of special education services or accommodations and modifications is required to file home school papers, if the parent provides written notice to the department of education or the district of the plan for the child's education.

Nothing in this section shall prevent a school district from notifying a truant child's parent or legal guardian of the child's truancy or otherwise addressing a child's attendance problems prior to the child becoming a continuing truant.

Sec. 9. [260A.03] [NOTICE TO PARENT OR GUARDIAN WHEN CHILD IS A CONTINUING TRUANT.]

Upon a child's initial classification as a continuing truant, the school attendance officer or other designated school official shall notify the child's parent or legal guardian, by first-class mail or other reasonable means, of the following:

- (1) that the child is truant;
- (2) that the parent or guardian should notify the school if there is a valid excuse for the child's absences;
- (3) that the parent or guardian is obligated to compel the attendance of the child at school pursuant to section 120.101 and parents or guardians who fail to meet this obligation may be subject to prosecution under section 127.20;
- (4) that this notification serves as the notification required by section 127.20;
- (5) that alternative educational programs and services may be available in the district;
- (6) that the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;
- (7) that if the child continues to be truant, the parent and child may be subject to juvenile court proceedings under chapter 260;
- (8) that if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction, or delay of the child's driving privilege pursuant to section 260.191; and
- (9) that it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one day.

Sec. 10. [260A.04] [COMMUNITY-BASED TRUANCY PROJECTS AND SERVICE CENTERS.]

Subdivision 1. [ESTABLISHMENT.] (a) Community-based truancy projects and service centers may be established to:

(1) provide for identification of students with school attendance problems;

(2) facilitate the provision of services geared to address the underlying issues that are contributing to a student's truant behavior; and

(3) provide facilities to receive truant students from peace officers and probation officers.

(b) Truancy projects and service centers may provide any of these services and shall provide for referral of children and families to other appropriate programs and services.

Subd. 2. [COMMUNITY-BASED ACTION PROJECTS.] Schools, community agencies, law enforcement, parent associations, and other interested groups may cooperate to provide coordinated intervention, prevention, and educational services for truant students and their families. Services may include:

(1) assessment for underlying issues that are contributing to the child's truant behavior;

(2) referral to other community-based services for the child and family, such as individual or family counseling, educational testing, psychological evaluations, tutoring, mentoring, and mediation;

(3) transition services to integrate the child back into school and to help the child succeed once there;

(4) culturally sensitive programming and staffing; and

(5) increased school response, including in-school suspension, better attendance monitoring and enforcement, after-school study programs, and in-service training for teachers and staff.

Subd. 3. [TRUANCY SERVICE CENTERS.] (a) Truancy service centers may be established as facilities to receive truant students from peace officers and probation officers and provide other appropriate services. A truancy service center may:

(1) assess a truant student's attendance situation, including enrollment status, verification of truancy, and school attendance history;

(2) assist in coordinating intervention efforts where appropriate, including checking with juvenile probation and children and family services to determine whether an active case is pending and facilitating transfer to an appropriate facility, if indicated; and evaluating the need for and making referral to a health clinic, chemical dependency treatment, protective services, social or recreational programs, or other school or community-based services and programs described in subdivision 2;

(3) contact the parents or legal guardian of the truant student and release the truant student to the custody of the parents or guardian; and

(4) facilitate the student's earliest possible return to school.

(b) Truancy service centers may not accept:

(1) juveniles taken into custody for criminal violations;

(2) intoxicated juveniles;

(3) ill or injured juveniles; or

(4) juveniles older than mandatory school attendance age.

(c) Truancy service centers may expand their service capability in order to receive curfew violators and take appropriate action, such as coordination of intervention efforts, contacting parents, and developing strategies to ensure that parents assume responsibility for their children's curfew violations.

Sec. 11. [260A.05] [COUNTY ATTORNEY TRUANCY MEDIATION PROGRAM.]

Subdivision 1. [ESTABLISHMENT; REFERRALS.] A county attorney may establish a truancy mediation program for the purpose of resolving truancy problems without court action. A student may be referred to the county attorney by the school district or law enforcement if the student continues to be truant after the parent or guardian has been sent or conveyed the notice under section 260A.03.

Subd. 2. [MEETING; NOTICE.] The county attorney may request the parent or legal guardian and the child referred under subdivision 1 to attend a meeting in the county attorney's office to discuss the possible legal consequences of the minor's truancy. The notice of the meeting must be served personally or by certified mail at least five days before the meeting on each person required to attend the meeting. The notice must include:

- (1) the name and address of the person to whom the notice is directed;
- (2) the date, time, and place of the meeting;
- (3) the name of the minor classified as a truant;
- (4) the basis for the referral to the county attorney; and
- (5) a warning that a criminal complaint may be filed against the parents or guardians pursuant to section 127.20 for failure to compel the attendance of the minor at school or that action may be taken in juvenile court.

Subd. 3. [PROCEDURE.] At the beginning of the meeting under this section, the county attorney shall advise the parents or guardians and the child that any statements they make could be used against them in subsequent court proceedings. After the meeting the county attorney may file a petition or issue a citation under chapter 260 if the county attorney determines that available community resources cannot resolve the truancy problem, or if the student or the parent or guardian fail to cooperate or respond to services provided or to the directives of the school or the county attorney.

Sec. 12. [TRUANCY REDUCTION GRANT PILOT PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] A truancy reduction grant pilot program is established to help school districts, county attorneys, and law enforcement officials work collaboratively to improve school attendance and to reduce truancy.

Subd. 2. [EXPECTED OUTCOMES.] Grant recipients shall use the funds for programs designed to assist truant students and their families in resolving attendance problems without court intervention. Recipient programs must be designed to reduce truancy and educational neglect, and improve school attendance rates, by:

- (1) providing early intervention and a continuum of intervention;
- (2) supporting parental involvement and responsibility in solving attendance problems;
- (3) working with students, families, school personnel, and community resources to provide appropriate services that address the underlying causes of truancy; and
- (4) providing a speedy and effective alternative to juvenile court intervention in truancy cases.

Subd. 3. [GRANT ELIGIBILITY, APPLICATIONS, AND AWARDS.] A county attorney, together with a school district or group of school districts and law enforcement, may apply for a truancy reduction grant. The commissioner of public safety, in collaboration with the commissioner of education, shall prescribe the form and manner of applications by July 1, 1995, and shall award grants to applicants likely to meet the outcomes in subdivision 2. At least two grants must be awarded: one to a county in the seven-county metropolitan area and one to a county outside the metropolitan area. Grants must be awarded for the implementation of programs in the 1995-1996 school year. At minimum, each applicant group must have a plan for implementing an early intervention truancy program at the school district or building level, as well as a county attorney truancy mediation program under section 11.

Subd. 4. [EVALUATION.] The attorney general shall make a preliminary report on the effectiveness of the pilot programs as part of its 1996 annual report under article 6, section 1, and a final report as part of its 1997 annual report under article 6, section 1.

ARTICLE 6 SCHOOL SAFETY

Section 1. [8.36] [ANNUAL REPORT ON SCHOOL SAFETY.]

On or before January 15 of each year, the attorney general shall prepare a report on safety in secondary and post-secondary schools. The report must include an assessment and evaluation of the impact of existing laws and programs on school safety and antiviolenace and include recommendations for changes in law or policy that would increase the safety of schools and curb violence. The report must be submitted to the chairs of the senate and house of representatives committees with jurisdiction over education and crime issues.

Sec. 2. Minnesota Statutes 1994, section 120.73, is amended by adding a subdivision to read:

Subd. 2b. [SCHOOL UNIFORMS.] Notwithstanding section 120.74, a school board may require students to furnish or purchase clothing that constitutes a school uniform if the board has adopted a uniform requirement or program for the student's school. In adopting a uniform requirement, the board shall promote student, staff, parent, and community involvement in the program and account for the financial ability of students to purchase uniforms.

Sec. 3. [123.953] [SCHOOL DISTRICT EMPLOYEES; BACKGROUND CHECKS.]

Subdivision 1. [BACKGROUND CHECK REQUIRED.] A school district shall request a criminal history background check from the superintendent of the bureau of criminal apprehension on all individuals who are offered employment in the school district. In order to be eligible for employment, an individual who is offered employment must provide an executed criminal history consent form and a money order or cashier's check payable to the bureau of criminal apprehension for the fee for conducting the criminal history background check. A school district may charge a person offered employment an additional fee of up to \$2 to cover the school district's costs under this section. The superintendent shall perform the background check by retrieving criminal history data maintained in the criminal justice information system computers.

Subd. 2. [CONDITIONAL HIRING; DISCHARGE.] A school district may hire an individual pending completion of a background check under subdivision 1 but shall notify the individual that the individual's employment may be terminated based on the result of the background check. A school district is not liable for failing to hire or for terminating an individual's employment based on the result of a background check under this section.

Sec. 4. Minnesota Statutes 1994, section 125.05, is amended by adding a subdivision to read:

Subd. 8. [BACKGROUND CHECKS.] (a) The board of teaching and the state board of education shall request a criminal history background check from the superintendent of the bureau of criminal apprehension on all applicants for initial licenses under their jurisdiction. An application for a license under this section must be accompanied by:

(1) an executed criminal history consent form, including fingerprints; and

(2) a money order or cashier's check payable to the bureau of criminal apprehension for the fee for conducting the criminal history background check, plus an additional fee of \$2 payable to the board of teaching or the state board of education, as applicable.

(b) The superintendent of the bureau of criminal apprehension shall perform the background check required under paragraph (a) by retrieving criminal history data maintained in the criminal

justice information system computers and shall also conduct a search of the national criminal records repository, including the criminal justice data communications network. The superintendent is authorized to exchange fingerprints with the Federal Bureau of Investigation for purposes of the criminal history check. The superintendent shall recover the cost to the bureau of a background check through the fee charged to the applicant under paragraph (a).

Sec. 5. Minnesota Statutes 1994, section 125.09, subdivision 1, is amended to read:

Subdivision 1. [GROUNDS FOR REVOCATION, SUSPENSION, OR DENIAL.] The board of teaching or the state board of education, whichever has jurisdiction over a teacher's licensure, may, on the written complaint of the school board employing a teacher, ~~or of a teacher organization, or of any other interested person,~~ which complaint shall specify the nature and character of the charges, refuse to issue, refuse to renew, suspend, or revoke such a teacher's license to teach for any of the following causes:

- (1) Immoral character or conduct;
- (2) Failure, without justifiable cause, to teach for the term of the teacher's contract;
- (3) Gross inefficiency or willful neglect of duty; or
- (4) Failure to meet licensure requirements; or
- (5) Fraud or misrepresentation in obtaining a license.

For purposes of this subdivision, the board of teaching is delegated the authority to suspend or revoke coaching licenses under the jurisdiction of the state board of education.

Sec. 6. [127.282] [EXPULSION FOR POSSESSION OF FIREARM.]

Notwithstanding the time limitation in section 127.27, subdivision 5, a school board must expel for a period of at least one year a pupil who is determined to have brought a firearm to school except the board may modify this expulsion requirement for a pupil on a case-by-case basis. For the purposes of this section, firearm is as defined in United States Code, title 18, section 921.

Sec. 7. [127.47] [SCHOOL LOCKER POLICY.]

Subdivision 1. [POLICY.] It is the policy of the state of Minnesota that:

"School lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school authorities have reasonable grounds to suspect that the search will uncover evidence of a violation of law or school rules."

Subd. 2. [DISSEMINATION.] The locker policy must be disseminated to parents and students in the way that other policies of general application to students are disseminated. A copy of the policy must be provided to a student the first time after the policy is effective that the student is given the use of a locker.

Sec. 8. Minnesota Statutes 1994, section 260.161, subdivision 3, is amended to read:

Subd. 3. [PEACE OFFICER RECORDS OF CHILDREN.] (a) Except for records relating to an offense where proceedings are public under section 260.155, subdivision 1, peace officers' records of children who are or may be delinquent or who may be engaged in criminal acts shall be kept separate from records of persons 18 years of age or older and are private data but shall be disseminated: (1) by order of the juvenile court, (2) as required by section 126.036, (3) as authorized under section 13.82, subdivision 2, (4) to the child or the child's parent or guardian unless disclosure of a record would interfere with an ongoing investigation, or (5) as otherwise provided in this subdivision. Except as provided in paragraph (c), no photographs of a child taken into custody may be taken without the consent of the juvenile court unless the child is alleged to have violated section 169.121 or 169.129. Peace officers' records containing data about children

who are victims of crimes or witnesses to crimes must be administered consistent with section 13.82, subdivisions 2, 3, 4, and 10. Any person violating any of the provisions of this subdivision shall be guilty of a misdemeanor.

In the case of computerized records maintained about juveniles by peace officers, the requirement of this subdivision that records about juveniles must be kept separate from adult records does not mean that a law enforcement agency must keep its records concerning juveniles on a separate computer system. Law enforcement agencies may keep juvenile records on the same computer as adult records and may use a common index to access both juvenile and adult records so long as the agency has in place procedures that keep juvenile records in a separate place in computer storage and that comply with the special data retention and other requirements associated with protecting data on juveniles.

(b) Nothing in this subdivision prohibits the exchange of information by law enforcement agencies if the exchanged information is pertinent and necessary to the requesting agency in initiating, furthering, or completing a criminal investigation.

(c) A photograph may be taken of a child taken into custody pursuant to section 260.165, subdivision 1, clause (b), provided that the photograph must be destroyed when the child reaches the age of 19 years. The commissioner of corrections may photograph juveniles whose legal custody is transferred to the commissioner. Photographs of juveniles authorized by this paragraph may be used only for institution management purposes, case supervision by parole agents, and to assist law enforcement agencies to apprehend juvenile offenders. The commissioner shall maintain photographs of juveniles in the same manner as juvenile court records and names under this section.

(d) Traffic investigation reports are open to inspection by a person who has sustained physical harm or economic loss as a result of the traffic accident. Identifying information on juveniles who are parties to traffic accidents may be disclosed as authorized under section 13.82, subdivision 4, and accident reports required under section 169.09 may be released under section 169.09, subdivision 13, unless the information would identify a juvenile who was taken into custody or who is suspected of committing an offense that would be a crime if committed by an adult, or would associate a juvenile with the offense, and the offense is not a minor traffic offense under section 260.193.

(e) A law enforcement agency shall notify the principal or chief administrative officer of a juvenile's school of an incident occurring within the agency's jurisdiction if:

(1) the agency has probable cause to believe that the juvenile has committed an offense that would be a crime if committed as an adult, that the victim of the offense is a student or staff member of the school, and that notice to the school is reasonably necessary for the protection of the victim; or

(2) the agency has probable cause to believe that the juvenile has committed an offense described in subdivision 1b, paragraph (a), clauses (1) to (3), that would be a crime if committed by an adult, regardless of whether the victim is a student or staff member of the school.

A law enforcement agency is not required to notify the school under this paragraph if the agency determines that notice would jeopardize an ongoing investigation. Notwithstanding section 138.17, data from a notice received from a law enforcement agency under this paragraph must be destroyed when the juvenile graduates from the school or at the end of the academic year when the juvenile reaches age 23, whichever date is earlier. For purposes of this paragraph, "school" means a public or private elementary, middle, or secondary school.

(f) In any county in which the county attorney operates or authorizes the operation of a juvenile prepetition or pretrial diversion program, a law enforcement agency or county attorney's office may provide the juvenile diversion program with data concerning a juvenile who is a participant in or is being considered for participation in the program.

(g) Upon request of a local social service agency, peace officer records of children who are or may be delinquent or who may be engaged in criminal acts may be disseminated to the agency to promote the best interests of the subject of the data.

Sec. 9. Minnesota Statutes 1994, section 364.09, is amended to read:

364.09 [EXCEPTIONS.]

(a) This chapter does not apply to the licensing process for peace officers; to law enforcement agencies as defined in section 626.84, subdivision 1, paragraph (h); to fire protection agencies; to eligibility for a private detective or protective agent license; to eligibility for a family day care license, a family foster care license, or a home care provider license; to eligibility for school bus driver endorsements; or to eligibility for special transportation service endorsements. This chapter also shall not apply to ~~eligibility for a license issued or renewed by the board of teaching or state board of education~~ or to eligibility for juvenile corrections employment, where the offense involved child physical or sexual abuse or criminal sexual conduct.

(b) This chapter does not apply to a school district or to eligibility for a license issued or renewed by the board of teaching or the state board of education.

(c) Nothing in this section precludes the Minnesota police and peace officers training board or the state fire marshal from recommending policies set forth in this chapter to the attorney general for adoption in the attorney general's discretion to apply to law enforcement or fire protection agencies.

Sec. 10. Minnesota Statutes 1994, section 466.03, is amended by adding a subdivision to read:

Subd. 18. [SCHOOL BUILDING SECURITY.] Any claim based on injury arising out of a decision by a school or school district to obtain a fire code variance for purposes of school building security, if the decision was made in good faith and in accordance with applicable law governing variances.

Sec. 11. Minnesota Statutes 1994, section 609.605, subdivision 4, is amended to read:

Subd. 4. [TRESPASSES ON SCHOOL PROPERTY.] (a) It is a misdemeanor for a person to enter or be found in a public or nonpublic elementary, middle, or secondary school building unless the person:

(1) is an enrolled student in, a parent or guardian of an enrolled student in, or an employee of the school or school district;

(2) has permission or an invitation from a school official to be in the building;

(3) is attending a school event, class, or meeting to which the person, the public, or a student's family is invited; or

(4) has reported the person's presence in the school building in the manner required for visitors to the school.

(b) It is a gross misdemeanor for a group of three or more persons to enter or be found in a public or nonpublic elementary, middle, or secondary school building unless one of the persons:

(1) is an enrolled student in, a parent or guardian of an enrolled student in, or an employee of the school or school district;

(2) has permission or an invitation from a school official to be in the building;

(3) is attending a school event, class, or meeting to which the person, the public, or a student's family is invited; or

(4) has reported the person's presence in the school building in the manner required for visitors to the school.

(c) It is a misdemeanor for a person to enter or be found on school property within six months after being told by the school principal or the principal's designee to leave the property and not to return, unless the principal or the principal's designee has given the person permission to return to the property. As used in this paragraph, "school property" has the meaning given in section 152.01, subdivision 14a, clauses (1) and (3).

(e) (d) A school principal or a school employee designated by the school principal to maintain order on school property, who has reasonable cause to believe that a person is violating this subdivision may detain the person in a reasonable manner for a reasonable period of time pending the arrival of a peace officer. A school principal or designated school employee is not civilly or criminally liable for any action authorized under this paragraph if the person's action is based on reasonable cause.

(d) (e) A peace officer may arrest a person without a warrant if the officer has probable cause to believe the person violated this subdivision within the preceding four hours. The arrest may be made even though the violation did not occur in the peace officer's presence.
